

313.4 Disbursement of fund.

1. Said primary road fund is hereby appropriated for and shall be used in the establishment, construction and maintenance of the primary road system, including the drainage, grading, surfacing, construction of bridges and culverts, the elimination or improvement of railroad crossings, the acquiring of additional right-of-way, all other expense incurred in the construction and maintenance of said primary road system and the maintenance and housing of the department.

The department may expend moneys from the fund for dust control on a secondary road or municipal street within a municipal street system when there is a notable increase in traffic on the secondary road or municipal street due to closure of a road by the department for purposes of establishing, constructing, or maintaining a primary road.

2. Such fund is also appropriated and shall be used for the construction, reconstruction, improvement and maintenance of state institutional roads and state park roads and bridges on such roads and roads and bridges on community college property as provided in subsection 11 of section 307A.2, for restoration of secondary roads used as primary road detours and for compensation of counties for such use, for restoration of municipal streets so used and for compensation of cities for such use, and for the payments required in section 307.45.

3. There is appropriated from funds appropriated to the department which would otherwise revert to the primary road fund pursuant to the provisions of the Act appropriating the funds or chapter 8, an amount sufficient to pay the increase in salaries, which increase is not otherwise provided for by the general assembly in an appropriation bill, resulting from the annual review of the merit pay plan as provided in section 8A.413, subsection 2. The appropriation herein provided shall be in effect from the effective date of the revised pay plan to the end of the fiscal biennium in which it becomes effective.

4. Such fund is appropriated and shall be used by the department to provide energy and for the operation and maintenance of those primary road freeway lighting systems within the corporate boundaries of cities including energy and maintenance costs associated with interchange conflict lighting on existing and future freeway and expressway segments constructed to interstate standards.

The costs of serving freeway lighting for each utility providing the service shall be determined by the utilities division of the department of commerce, and rates for such service shall be no higher than necessary to recover these costs. Funds received under the provisions of this subsection shall be used solely for the operation and maintenance of a freeway lighting system.

5. During the fiscal year beginning July 1, 1990, and ending June 30, 1991, and each subsequent fiscal year, the department shall spend from the primary road fund an amount of not less than thirty million dollars for the network of commercial and industrial highways.

6. *a.* A transfer of jurisdiction fund is created in the office of the treasurer of state under the control of the department. For each fiscal year in the period beginning July 1, 2003, and ending June 30, 2013, there is transferred from the primary road fund to the transfer of jurisdiction fund one and seventy-five hundredths percent of the moneys credited to the primary road fund pursuant to section 312.2, subsection 1.

b. For each fiscal year in the period beginning July 1, 2003, and ending June 30, 2013, there is appropriated the following percentages of the moneys deposited in the transfer of jurisdiction fund for the fiscal year for the following purposes:

(1) Seventy-five percent of the moneys shall be apportioned among the counties and cities that assume jurisdiction of primary roads pursuant to section 306.8A. Such apportionment shall be made based upon the specific construction needs identified for the specific counties and cities in the transfer of jurisdiction report

on file with the department pursuant to section 306.8A. All funds, including any interest or other earnings on the funds, received by a county from the transfer of jurisdiction fund shall be deposited in the secondary road fund of the county to be used only for the maintenance and construction of roads under the county's jurisdiction. All funds received by a city from the transfer of jurisdiction fund shall be used only for the maintenance and construction of roads under the city's jurisdiction.

(2) Twenty-two and one-half percent of the moneys shall be deposited in the secondary road fund.

(3) Two and one-half percent of the moneys shall be deposited in the street construction fund of the cities.

7. For the fiscal year beginning July 1, 2013, and ending June 30, 2014, and each subsequent fiscal year, there is transferred the following percentages of the moneys credited to the primary road fund pursuant to section 312.2, subsection 1, to the following funds:

a. One and five hundred seventy-five thousandths percent to the secondary road fund.

b. One hundred seventy-five thousandths of one percent to the street construction fund of the cities.
