IOWA DEPARTMENT OF TRANSPORTATION TRAFFIC COUNTS — COVID-19

The Iowa Department of Transportation (DOT) is publishing daily reports on changing traffic trends during the COVID-19 pandemic. These reports, which began on March 25, are in addition to the annual and monthly reports that are typically published. The [April 20 Report](#) showed that daily vehicle counts decreased by 43.0% for the period of Friday, April 17, through Monday, April 20. The [monthly report](#) for March shows that vehicle counts decreased by 15.3% when comparing March 2020 to March 2019.

Daily reports and historical reports are available at: iowadot.gov/maps/data/automatic-traffic-recorder-reports.
