COVID-19 FEDERAL STIMULUS UPDATE — JUNE 2021

Federal Legislation — 2020

CARES Act and Other 2020 Federal Stimulus. In response to the COVID-19 emergency, the federal government enacted four Acts in March and April 2020. Those Acts include:

- [H.R. 6074](#) — Coronavirus Preparedness and Response Supplemental Appropriations Act, enacted March 6, 2020.
- [H.R. 6201](#) — Families First Coronavirus Response Act, enacted March 18, 2020.
- [H.R. 748](#) — Coronavirus Aid, Relief, and Economic Security Act (CARES Act), enacted March 27, 2020.
- [H.R. 266](#) — Paycheck Protection Program and Health Care Enhancement Act, enacted April 24, 2020.

Through June 11, 2021, State agencies in Iowa have reported federal awards totaling \$7.761 billion related to the four Acts to address a wide variety of expenses related to the COVID-19 pandemic. Of this total, \$6.511 billion has been awarded directly to departments, and \$1.250 billion was awarded to the Iowa Coronavirus Relief Fund. Moneys in this Fund have been transferred to State agencies. **Appendix A** provides details by State agency on funds awarded, expenditures, and available funds, and the Iowa Coronavirus Relief Fund is addressed separately.

The Department of Management (DOM) and Department of Administrative Services (DAS) have established a process for tracking expenditures of federal funds that State agencies have received for costs associated with the COVID-19 pandemic. The expenditure data is available at data.iowa.gov.

To date, of the \$6.511 billion in funds awarded directly to State agencies, \$3.782 billion (58.1%) has been expended as of June 11, 2021. Of the total year-to-date expenses, \$2.898 billion (76.6%) has been for worker unemployment benefits. **Figure 1** displays reported expenditures by State agency. The chart displays the nine agencies that received the most funding and combines all other agencies.

Iowa Coronavirus Relief Fund. Iowa received \$1.250 billion in federal funds through the CARES Act on April 20, 2020. To date, \$2.3 million in interest earnings has been credited to the Fund. As of June 11, 2021, a total of \$1.247 billion has been transferred from the Iowa Coronavirus Relief Fund (ICRF) to various programs by the Governor. An additional \$40.5 million has been subsequently returned to the Fund, meaning that net transfers total \$1.216 billion. The current balance in the Fund is \$36.2 million. Of the \$1.216 billion that remains with departments, a total of \$1.133 billion has been expended from the various programs. The State has until December 30, 2021, to expend funds from the ICRF before they revert back to the federal government. **Figures 3 and 4** show transfers and expenditures by program as of June 11, 2021. **Appendix B** provides summary explanation of the programs funded through the ICRF.

Federal Legislation — 2021

American Rescue Plan Act. On March 11, 2021, the federal [American Rescue Plan Act \(ARPA\) of 2021](#) was signed into law. The Act provides \$1.900 trillion for COVID-19 relief funding to individuals, businesses, states, and local governments.

State of Iowa and Local Government Allocations. According to the Federal Funds Information for States (FFIS), the State of Iowa is estimated to receive approximately \$5.003 billion from the ARPA. Please see the May 6, 2021, [Fiscal Update Article](#) for detailed allocation information. This funding reflects the funds that will flow through the State of Iowa and does not include stimulus funding to individuals and families. Iowa residents received approximately \$3.776 billion in direct payments from the ARPA.

Of the total allocated, the State of Iowa will receive an estimated \$1.379 billion from the State Fiscal Recovery Fund, and local governments are estimated to receive approximately \$1.162 billion from the Local Fiscal Relief Fund. The funds are estimated to be distributed as follows:

- \$335.0 million for metropolitan cities.
- \$216.0 million for nonentitlement local governments (noncounties).
- \$612.0 million for counties (allocated by relative population).

The State Fiscal Recovery funds will be distributed in two allotments, with 50.0% delivered in the first allotment and the remainder delivered no earlier than one year later. States will need to distribute funds to smaller towns within 30 days of receiving a payment, and State and local government recipients can use the funds to cover costs incurred before the deadline on December 31, 2024. States that miss the deadline will be required to pay back any undistributed funds.

Funds provided to state and local governments have broad spending flexibility, including addressing emergency and economic effects of the pandemic; replenishing revenue losses due to the shutdown of the economy; investments in water, sewer, and broadband infrastructure; and premium pay to essential workers. The funds may not be used to make payments to pension funds or to reduce taxes directly or indirectly between March 3, 2021, and the last day of the fiscal year in which all funds received have been spent or returned.

Capital Projects. Within the total ARPA allocation, the State of Iowa is estimated to receive \$152.8 million from the Coronavirus Capital Projects Fund. These funds may be used for capital projects which directly enable work, education, and health monitoring in response to the public health emergency.

Fiscal Recovery Relief and Capital Projects Funds. On June 8, 2021, the Governor signed [HF 895](#) (FY 2022 Federal Block Grant Appropriations Act). The Act creates an Iowa Coronavirus Relief Recovery Fund and Iowa Coronavirus Capital Projects Fund consisting of funds received as part of the ARPA. It is estimated there will be \$1.400 billion deposited in the Relief Recovery Fund and \$152.8 million deposited into the Capital Projects Fund. Both funds are repealed on July 1, 2025. The LSA will track expenditures from these funds. The Act also provides that whenever the DOM is required to report to the United States Department of the Treasury on funds expended related to COVID-19 relief, the DOM is also required to submit the same information to the Legislative Services Agency (LSA).

Other Provisions Directly Affecting Individuals. The Act includes the following provisions directly affecting individuals:

- \$1,400 sent directly to every American making less than \$75,000 per year individually or \$2,800 per couple making less than \$150,000 per year combined, based on 2019 or 2020 tax returns. Phase-out will begin at \$75,000/\$150,000 and end completely at \$80,000/\$160,000 for individuals/couples.
- Expands the Child Tax Credit in 2021 only to \$3,000 per child ages 6 to 17 and \$3,600 per child for children under 6 years of age. Currently, the Credit is \$2,000 per child.
- Expands the Child and Dependent Care Tax Credit to 50.0% of up to \$8,000 per child in eligible expenses from up to 35.0% of up to \$3,000 in eligible expenses in 2021. Phase-out will begin for couples at \$125,000 per household.
- Eliminates tax payments that would otherwise be included in income for any student loan discharged.
- Reduces the minimum age to 19 and removes the maximum age, for 2021 only, for individuals without children to claim the Earned Income Tax Credit (EITC).
- 100.0% of the monthly cost for up to six months in 2021 of Consolidated Omnibus Budget Reconciliation Act (COBRA) subsidies for workers who have been laid off or have experienced reduced hours.

Additional Information. The LSA will continue to analyze the estimated funding allocations to Iowa and will provide future updates as more information becomes available. If you have questions about awards, allocations, or expenditures, please contact the LSA.
