Purpose

This funding will be used to replace a toxicology database and enhance the Iowa Poison Control Center's (IPCC) electronic medical record system. The IPCC offers free, confidential medical advice 24 hours a day, 7 days a week, regardless of health insurance, immigration status, or language preference. Calls are answered by physicians, nurses, and pharmacists with highly specialized training in handling poison, with the goal of reducing emergency department visits and fatalities through in-home treatment. Funds are utilized as an administration match for the Children's Health Insurance Program (CHIP).
