Major Projects — RIIF

Purpose

This appropriation is intended to provide for major renovation projects for facilities occupied by the Department of Health and Human Services (HHS).

In FY 2024, the Legislature appropriated \$5.6 million for a portion of the tunnel decentralization project at the HHS's Woodward Resource Center (WRC). The WRC is currently served by a central steam plant and utility distribution system that primarily consists of tunnels built in the 1960s. Issues with the current tunnel system include moderate to severe structural deterioration, multiple ongoing steam leaks, and tunnel water infiltration.

Funding

This funding is appropriated from the Rebuild Iowa Infrastructure Fund (RIIF).
