SAVE = Secure an Advanced Vision for Education

AEA = Area Education Agency

Comm/Ind = Commercial and Industrial property tax replacement

Commercial and Industrial property tax replacement amounts reflect the adjustments made to the uniform and additional levies and do not include other school levies. The source of these replacement dollars is a standing appropriation to provide replacement dollars due to the reduction in commercial and industrial taxable valuations.

Combined district cost is the sum of the regular program, state categorical supplements, budget adjustment, district cost of supplementary weightings, special education program, area education agency programs, dropout prevention programs, and includes both property tax and State aid. The combined district cost does not include the preschool state aid amount.

Notes: State aid and property tax amounts are based on LSA calculations and include funding for additional property tax relief to cover the increase in the FY 2014, FY 2015 and FY 2016 State cost per pupil due to the State percent of growth rate.

In general, weightings are based on the portion of time the student attends the specific program.

AEA Sharing - number of districts represents the number of school districts generating weighting for AEA sharing and not the number of AEAs with sharing.

Funding amounts are based on individual calculations and may not match the Department of Management's Aid and Levy worksheet totals.

Totals and subtotals may not sum due to rounding.
