The Honorable Paul Pate
Secretary of State of Iowa

Dear Mr. Secretary,

I hereby transmit Senate File 388, an Act relating to conflicts between federal funding and the office of the chief information officer.

The Office of Chief Information Officer (OCIO) is responsible for coordinating and improving broadband services across Iowa. The State continues to make significant investment toward high-speed broadband availability, but the OCIO has also leveraged federal funds to expand access to unserved or underserved areas of rural Iowa. The OCIO currently has the flexibility to navigate this regulatory environment through its authority to set ambitious state standards, such as a high upload–download speed, and its ability to temporarily waive those standards if federal funding requires a lower standard.

Senate File 388 forfeits that flexibility and authority, instead requiring the OCIO to use the often-lower standards defined by the federal government. Senate File 388 also limits the OCIO's role to those areas expressly delegated by the federal government.

I recognize that Senate File 388 passed both chambers unanimously with an understanding that the bill does not significantly change the status quo—for now. But looking forward, the State of Iowa should not be tethered to a federal standard when I am confident our state can chart its own course. For these reasons, I respectfully disapprove of Senate File 388 in its entirety and it is vetoed in whole.

Sincerely,

A handwritten signature in black ink that reads "Kim Reynolds".
