The Natural Resource Commission (NRC) consists of seven citizens, appointed to six-year terms by the Governor and confirmed by the Senate. The NRC works with the Conservation and Recreation Division of the Department of Natural Resources and provides oversight for Iowa’s natural resources. Some of the substantive work of the commission includes reviewing and approving hunting and fishing administrative rules; public land donations, acquisitions, and easements; construction projects; general business contracts; leases; grants; and annual budgets. Meetings are typically conducted on the second Thursday of the month.
