

SUMMARY OF LEGISLATION ENACTED IN THE YEAR 1989 BY
THE FIRST REGULAR SESSION OF THE SEVENTY-THIRD GENERAL ASSEMBLY
AND SIGNED BY THE GOVERNOR

Prepared by the Iowa Legislative Service Bureau

This summary of legislation enacted by the 1989 General Assembly has been prepared for the use of legislators and other interested persons. The summary of each legislative enactment has been assigned to a major subject category. If you know the original file number of a particular bill, you may refer to the chart on pages 267 through 270 to locate the category in which the summary will be found. Otherwise, each subject category begins with a table of contents listing the file number and the chapter title from the 1989 Iowa Acts and a listing of related legislation directing the reader to the category in which the summary is located and briefly explaining how the category at hand is related. The effective date of the legislative enactments is July 1, 1989, unless otherwise specified in the summary.

It is believed that the purpose of this compilation -- that of providing interested persons with quick reference to legislation enacted in specific areas and generally informing persons of the contents and effective date of the legislation -- will be served by this publication.

The bills which were vetoed by the Governor in their entirety are included and noted in this summary. The items vetoed by the Governor are specified in their particular summary.

The compilation also contains a list of the sections of the Code of Iowa amended or repealed during the 1989 Session and a table of Senate and House files which indicates the Chapter number in the 1989 Acts.

TABLE OF CONTENTS

Subject Areas:

Agriculture	1
Appropriations	15
Business, Banking & Insurance	53
Constitutional Resolutions	65
Courts & Judicial Proceedings	69
Criminal Justice & Corrections	79
Economic Development	89
Education	93
Energy & Public Utilities	111

RELATED LEGISLATION

- Senate File 215 - Irrigation Equipment Sales Tax Exemption
SEE TAXATION. This Act provides tax exemptions for
sale or rental of irrigation equipment.
- Senate File 479 - Drainage Laws Reorganization
SEE NATURAL RESOURCES. This Act provides for the
recodification of the drainage laws.

- Senate File 537 - State Individual Income Tax
SEE TAXATION. This Act allows for election of income from livestock sold due to drought to be included in income for the year following the sale.
- House File 254 - Oxygenate Octane Enhancers
SEE TRANSPORTATION. This Act provides for the regulation by the Department of Agriculture and Land Stewardship of oxygenate octane enhancers included in motor vehicle fuel.
- House File 772 - Corrections, Courts, and Justice Department Appropriations and Provisions
SEE APPROPRIATIONS. This Act appropriates funding for the Farmers Mediation Program and the Farmers Legal Assistance Program.
- House File 778 - Appropriations and Amendments relating to Agriculture and Natural Resources
SEE APPROPRIATIONS. This Act appropriates moneys for the Department of Agriculture and Land Stewardship.
- House File 795 - Appropriations Relating to Agriculture and Drought Assistance
SEE APPROPRIATIONS. This Act appropriates moneys for various drought-related programs.

AGRICULTURE

SENATE FILE 174 - Foreclosure Moratorium Extended

BY COMMITTEE ON AGRICULTURE. This Act extends by one year the Governor's declaration of economic emergency, from March 30, 1989, to March 30, 1990. The owner of real estate used for farming or for operating a small business may be granted a continuance from foreclosure action by a court due to the owner's inability to pay, pursuant to section 654.15 of the Iowa Code. The Act is retroactively applicable to March 30, 1989.

This Act is effective May 2, 1989.

SENATE FILE 317 - Milk Products Wholesaler Permit

COMMITTEE ON AGRICULTURE. This Act provides for the issuance of a permit for the sale of milk products in this state by a processor or a person purchasing milk products from a processor for wholesale distribution. Previously, Chapter 192A provided that a processor must pay a permit fee, but did not provide for the issuance of a permit.

SENATE FILE 318 - State Soil Conservation Committee

BY COMMITTEE ON AGRICULTURE. This Act restores a degree of autonomy held by the State Soil Conservation Committee before being incorporated within the Department of Agriculture and Land Stewardship during state reorganization in 1986. The Act provides for Committee appointments and redistributes certain powers to the Committee from the Department's Division of Soil Conservation. The Committee participates in rulemaking necessary for the execution of its functions, and in the selection of the administrative director of the Division. The Committee replaces the Division as the authority responsible for discontinuing soil and water conservation districts, for approving certain soil and water conservation practices, and approving regulations submitted by commissioners of the districts.

SENATE FILE 386 - Egg Excise Tax Refunds

BY COMMITTEE ON AGRICULTURE. This Act amends Chapter 196A which provides for the imposition of an excise tax on egg sales for promotional purposes. Producers are no longer entitled to a refund of moneys paid in taxes unless the producer has paid a nonrefundable promotion import tax in another state on eggs produced in Iowa. In that case, the producer may secure a refund in the amount of the import tax paid. Section 179.5A provides that refunds under various

chapters of the Code, including Chapter 196A, are not subject to execution or transfer, however, this Act removes the reference to Chapter 196A.

SENATE FILE 389 - Farm Crisis Relief Program

BY COMMITTEE ON AGRICULTURE. This Act amends provisions relating to the Farm Mediation Service. The sunset provision on farm crisis relief, including administration of the farm mediation service, is extended by one year, until July 1, 1990.

Persons who are now required to participate in farm mediation include corporations, trusts, and limited partnerships.

A borrower must file, with the Farm Mediation Service, a list containing the names and places of business for each creditor or must apply for an extension of time to file the list.

The Farm Mediation Service must adopt a procedure for the administrative review of a decision relating to issuance of a mediation release, including judicial review of final agency action.

The confidentiality protection for information transmitted during mediation is expanded. The provision is similar to section 679.12 relating to confidentiality of information transmitted during dispute resolution.

An hourly mediation fee is limited to \$25 per hour per party and may be waived under certain circumstances.

A limitation on personal liability is applied to mediation personnel. The provision is similar to section 679.13 relating to liability of persons in dispute resolution. The Farm Mediation Service is provided immunity from equitable actions if a matter is in mediation.

SENATE FILE 423 - Tax Exemption for Beginning Farmer Loan Program Bonds and Notes

BY VANDE HOEF. This Act provides that interest earned on bonds and notes issued by the Agricultural Development Authority under section 175.17 to support the Beginning Farmer Loan Program is not subject to state taxation. The interest may be subtracted in computing state taxable income, to the extent that the interest is included as federal taxable income.

SENATE FILE 441 - Abandoned Wells

BY COMMITTEE ON AGRICULTURE. This Act amends section 455B.190, relating to the plugging of abandoned wells. The Department of Natural Resources is directed

to adopt a schedule to close all abandoned wells not later than July 1, 2000. The Act incorporates specifications relating to appropriate materials and methods to plug various classes of abandoned wells. The Department is directed to sponsor an advertising campaign to notify owners of well plugging requirements and the availability of assistance. Counties are authorized to select designated agents to inspect the plugging of wells. Owners of land where an abandoned well is located may independently plug the well subject to inspection by a designated agent.

The civil penalty of up to \$100 is now imposed every five calendar days rather than each day of a violation. The total amount of the civil penalty cannot exceed \$1,000 and the penalty can only be imposed after the \$1,000 limit has been reached. If the well is properly plugged before the \$1,000 limit is reached, the civil penalty cannot be imposed. A penalty is not imposed upon a person for improperly plugging a well until the Department notifies the person of the improper plugging.

The Act is effective June 1, 1989

SENATE FILE 474 - Pseudorabies Control

BY COMMITTEE ON AGRICULTURE. This Act provides for the control and eradication by the Department of Agriculture and Land Stewardship of pseudorabies, a contagious disease principally affecting swine. Areas participating in an eradication program are designated by a county. Certain counties are required to participate in the program. Other counties may participate if designated by the Department upon vote by the Iowa Pork Producers Board of directors, and by a referendum of pork producers, within the area. The area must be approved by a State Pseudorabies Advisory Committee.

Within an area, herds are classified as either noninfected or infected. A noninfected herd includes a qualified negative herd, a controlled vaccinated herd, and a monitored herd. A qualified negative herd must be free of infection for 30 days prior to testing, at least 90% of the herd's swine must have been on the premises for at least 60 days prior to testing, and the herd must be retested as provided by the Department. A controlled vaccinated herd is a herd in which all breeding swine react negatively to a test, at least 90% of the swine in the herd must have been on the premises for at least 60 days, the herd must be retested every three months, and the number of the herd's progeny over four months of age must be equal to at least 25% of the breeding herd reacting negatively to the test every 80 to 105 days. Swine added to the herd must react negatively to the test within 30 days prior to movement and be vaccinated with a licensed pseudorabies vaccine. A monitored herd is a herd which has been tested according to a statistical sampling, and is retested annually. A herd may receive new swine from a noninfected herd under certain conditions.

An infected herd must adopt a cleanup plan or be quarantined. A cleanup plan requires the segregation of progeny, the removal of infected swine, or depopulation. A feeder pig cooperator herd plan may be adopted if there is no clinical signs of pseudorabies for six months and the production operation is capable of segregating offspring at weaning. An infected herd which is not subject to either plan is quarantined.

Strict restrictions are placed upon swine in quarantined herds. The swine must be moved directly to slaughter. However, feeder pigs may be removed for further feeding when accompanied with the proper certificate. A herd shall be released from quarantine when no animal on the premises is infected. Other movement restrictions are imposed upon swine if a national pseudorabies program is implemented.

A person moving swine is subject to restrictions. The person must carry a certificate of inspection. Iowa feeder pigs moved from farm to farm within the state are exempt from the requirement, if the feeder swine are not commingled with other swine for 30 days.

Swine moved into the state for breeding purposes must originate from a herd classified as a qualified negative herd, a controlled vaccinated herd, or swine which have reacted negatively to testing within the preceding 30 days. Imported feeder pigs are subject to restricted movement, unless the pig reacts negatively to a test within the preceding 30 days. A feeder pig moved intrastate originating from a noninfected herd is not subject to restricted movement. If a pig originates from a herd of unknown status, it is subject to restricted movement. A pig in a known infected herd is subject to restricted movement to an approved premises.

After December 1, 1989, only certain vaccines for pseudorabies may be marketed in the state. A pseudorabies immunization product must be approved by the Department. Procedures are established for the use of the vaccines.

Concentration points for swine marketing are subject to restrictions. Swine from noninfected herds may be moved through a concentration point, if breeding swine are kept separate and sold first, only swine from noninfected herds may be moved, slaughter swine are prohibited from being moved, and feeder pigs classified as originating from a herd of unknown origin may be moved through a point after 30 days, unless testing negatively. Feeder pigs from noninfected herds and feeder pigs from herds of unknown status may be moved through the same concentration point, if the entire offering is represented as originating from a herd of unknown status, slaughter or breeding swine are prohibited from moving, and swine moving through the concentration point are subject to restricted movement. Feeder pigs from herds of unknown status and slaughter swine may be moved through a concentration point if the pigs are kept separate from slaughtering swine, the pigs are moved before slaughter swine, breeding swine are prohibited from movement, and the swine must be quarantined to slaughter. Swine from known infected herds may move through a concentration

point if other species of livestock are not held at the point and only owners with approved premises permits take possession of the swine. The swine must be quarantined to be slaughtered.

The exhibition of swine is subject to requirements. Infected swine or swine from a quarantined herd cannot be displayed. Swine returning from a exhibition must be isolated and retested negative for pseudorabies.

Owners of known infected herds must furnish to the Department information relating to sources and sales of feeder pigs or breeding swine. A person violating provisions of the Act is subject to a civil penalty of at least \$100, but not more than \$1,000. The Department may also seek injunctive remedies.

SENATE FILE 485 - Daminozide Prohibition

BY COMMITTEE ON AGRICULTURE. This Act prohibits the sale, purchase, or use of the chemical "daminozide", a pesticide applied to enhance the appearance of apples. The Act is effective May 4, 1989.

SENATE FILE 497 - Livestock Transportation Certificates

BY COMMITTEE ON AGRICULTURE. This Act provides that a livestock transportation certificate, which is required to be carried when transporting livestock, must contain the driver's license number of the owner of the livestock.

HOUSE FILE 59 - Special Quality Grains Program

BY MUHLBAUER. This Act provides for the creation of a special quality grains electronic bulletin board to facilitate the sale and market development of such grains. Special quality grains include, but are not limited to, those grains which exceed USDA inspection standards, or have particularly high oil content, or other characteristics. An electronic bulletin board is a computer program, accessible by telephone modem from another computer, which will display potential buyers and sellers of the special quality grains. The bulletin board will permit potential buyers and sellers to more easily locate each other. An advisory committee is created to study issues of grain marketing, including a proposal to require discounts for below standard grain to be matched with corresponding premiums for superior quality grains. The advisory committee is to be created by the Secretary of Agriculture and chaired by a legislative member and is to include representatives from major interest groups concerned with grain marketing who are listed in the Act.

HOUSE FILE 190 - Revolving Farm Fund Accounting

BY COMMITTEE ON STATE GOVERNMENT. This Act provides that the annual report required to be filed by the Department of Corrections and the Department of Human Services concerning the Revolving Farm Fund is to cover the previous calendar year rather than the previous fiscal year. The Department of Corrections and the Department of Human Services deposit receipts from agricultural products, nursery stock, agricultural land rentals, and the sale of livestock related to farm operations under the jurisdiction of either department.

HOUSE FILE 292 - Animal Kennel, Auction, and Dealer License Fees

BY COMMITTEE ON STATE GOVERNMENT. This Act increases the fee from five to twenty dollars required to be paid to the Secretary of Agriculture for issuance of a certificate of registration to an operator of a kennel or to a dealer of dogs or cats, if the operator's or dealer's kennel is federally licensed.

HOUSE FILE 331 - Apple Standards

BY COMMITTEE ON AGRICULTURE. This Act Authorizes the Secretary of Agriculture to establish standards, including grades, for apples, based on federal standards or standards established independently by the Secretary. The Secretary may inspect apples according to the standards and may certify the apples as complying with the standards. The Secretary may set fees necessary for inspection or certification. A person is guilty of a fraudulent practice if the person misrepresents the inspection or certification of the apples.

HOUSE FILE 533 - Grain Dealers and Warehouse Regulations

BY COMMITTEE ON AGRICULTURE. This Act provides for the regulation of grain dealers and warehouse operators by the Department of Agriculture and Land Stewardship, and by the Iowa Grain Indemnity Fund Board.

Net worth requirements for grain dealers are increased. Class 1 grain dealers must maintain a net worth requirement of \$75,000 or maintain a deficiency bond or an irrevocable letter of credit and have a net worth of at least \$37,500. Class 2 grain dealers must maintain a net worth of at least \$37,500 or maintain a deficiency bond or an irrevocable letter of credit and have a net worth of at least \$17,500.

Class 1 and class 2 grain dealers and warehouse operators who elect to submit to the Department a financial statement accompanied by a report of a certified public accountant based on a certified review, no longer must submit interim financial statements. However, upon "good cause" the Department may require a

financial statement with a review audit. Inspection of a dealer or operator submitting a financial statement and review audit is no longer required.

The current asset requirement for class 1 grain dealers is increased to one hundred percent of current liabilities. The existing exemption for a dealer who has deficiency bond or irrevocable letter of credit is amended: the required current asset level is increased to 50% of the current liabilities. The current assets level requirement for class 2 dealers is also raised to 100% of current liabilities. The current asset requirement for the exemption is increased from 45% to 50% of current liabilities.

When the Department acts as a receiver, a person employed by the Department, including a merchandiser, in connection to the receivership is protected by the State Tort Claims Act.

The Board may review information relating to dealers or operators who present liability to the Grain Depositors and Sellers Indemnity fund. The Department may deny a license to a person applying to be licensed as a dealer or operator if the applicant has caused liability to the Fund and the liability has not been satisfied, or the applicant is owned or controlled by a person who has caused liability to the Fund which has not been satisfied.

A license may be issued to cover two or more warehouses located anywhere in the state.

An insurance company canceling a grain dealer's or warehouse operator's license must provide 90 (rather than 60) days notice to the Department. The licensee has 75 days to acquire new insurance before the license is suspended. If the Department does not receive notice of new insurance within another 10 days the license is automatically revoked.

A "seller" of grain subject to regulation does not include a licensed grain dealer selling grain to another licensed grain dealer.

Moneys in the Grain Depositors and Sellers Indemnity Fund include delinquency penalties. Collection of the per bushel fee is amended. The fee is assessed by dealers on "purchased grain" (grain which is entered in the company owned paid position record). Purchased grain does not include grain purchased from the federal government, grain purchased from a person licensed as a grain dealer in any jurisdiction, or grain which is subject to a credit sale contract. A minimum penalty for failing to submit the proper fees or forms is set at \$10. The grain dealer may pass on the cost of a per bushel fee to the sellers by an itemized discount noted on the settlement sheet. A dealer's license may be suspended for assessing a fee not in effect.

A claim against the Fund is honored when the claim is timely, the incurrence date has occurred (the earlier of the revocation of a dealer's or operator's license or the filing of the petition in bankruptcy), the claimant qualifies as a depositor or seller, and the claim derives from a covered transaction.

If the Department has been appointed receiver, the value of a loss is presumed to be the value stated in the plan of disposition approved by a court. If the operator has filed a petition in bankruptcy, the value is the fair market price FOB from the site of the operator paid to producers for grain by the nearest terminal on the date of bankruptcy. Otherwise, it is the fair market price FOB from the site of the operator paid to producers for grain by the nearest terminal operator on the date of license revocation.

For grain dealer claims, the value of the claim is the fair market price FOB from the site of the grain dealer, paid to producers for grain by the grain terminal operator nearest the dealer on the date of the license revocation, or the filing of bankruptcy.

If the Board determines that there are insufficient assets to pay claims, the Board may order that payment be deferred on specified claims.

For purposes of Chapters 542 and 543, relating to grain dealers and warehouses for agricultural products, the National Bank for Cooperatives may issue irrevocable letters of credit. A licensed warehouse operator may store grain in a federally licensed warehouse.

Section 542.18, relating to producers who wish to become grain sellers in order to sell the producer's own grain, is repealed.

HOUSE FILE 549 - Agricultural Product Advisory Council

BY COMMITTEE ON ECONOMIC DEVELOPMENT. This Act requires the Agricultural Products Advisory Council to promote agricultural commodities and products of the state through development of a program and plan within which the Department of Agriculture and Land Stewardship and the Department of Economic Development will cooperate and participate. The Advisory Council consists of five members appointed by the Secretary of Agriculture and five members appointed by the Director of the Department of Economic Development. The departments are required to jointly develop a five-year promotion program no later than January 15, 1990, and a plan by April 1, 1990, with annual updates. The program and plan are to contain recommendations and must be submitted to the Governor and the General Assembly.

HOUSE FILE 623 - Comprehensive Land Management Plans

BY SVOBODA. This Act provides for investigation by the Department of Agriculture and Land Stewardship, in cooperation with other state and federal agencies, of methods to preserve land which is highly erodible, as provided in the federal conservation reserve program, for the purposes of developing with owners of the land a comprehensive management plan. The Department is required to report to the Governor and the General Assembly by January 15, 1991,

recommending programs designed to protect highly erodible land from injury or destruction.

HOUSE FILE 650 - Sorghum Products

BY COMMITTEE ON AGRICULTURE. This Act Provides for the labeling of products relating to sorghum, including sorghum, imitation sorghum, and blended sorghum. The labeling requirements are based on a definition of sorghum syrup. The definition requires that sorghum syrup must contain not less than seventy-four percent by weight of soluble solids derived solely from juices of sorghum cane. A person mislabeling a product as sorghum is guilty of a simple misdemeanor.

HOUSE FILE 669 - Multiflora Rose and Purple Loosestrife

BY COMMITTEE ON NATURAL RESOURCES AND OUTDOOR RECREATION. This Act prohibits the sale or distribution of the multiflora rose or purple loosestrife or their seeds in this state. An exception is made for the multiflora rose which is used as understock for cultivated roses or ornamental shrubs in gardens.

HOUSE FILE 734 - Corn Promotion Board

BY COMMITTEE ON AGRICULTURE. This Act relates to assessments on corn. Congress is considering implementing an assessment on corn for purposes of corn promotion. The state now collects a state assessment for that purpose. The Act reconciles the administration of a future federal assessment with the state assessment. The state assessment is administered by the Iowa Corn Promotion Board. To the extent provided by federal law, the Board may collect receipts from any future federal assessment. State assessments under a promotional order may continue without referendum. The Board may call a referendum to increase the state assessment up to one-half cent per bushel. The operations of the Board are suspended upon termination or suspension of the state assessment. The state assessment may be suspended if a federal assessment is imposed and it cannot offset the state assessment. The state assessment is terminated upon a referendum of producers. The Board is reconstituted if the state assessment is reinstated due to suspension of the federal assessment or due to a referendum to reinstate the state promotional order. The Act provides for the deposit of proceeds collected from the federal assessment. The Board is required to submit an annual report of the Board's affairs to the Chairpersons of the Committees on Agriculture in the Senate and House of Representatives.

APPROPRIATIONS

- Senate File 123 - Juvenile Detention Centers Appropriations

- House File 780 - Law Enforcement-Related Programs, Including Substance Abuse, Youth, Income Tax, and Communication Interception Programs
- House File 785 - Iowa Plan Fund Appropriations
- House File 789 - Appropriations for Energy Conservation and Environmental Protection

House File 795 - Appropriations Relating to Agriculture and Drought Assistance

House File 799 - Appropriations and Provisions Relating to Human Services, Education, Cultural Affairs, Transportation, and Finance

APPROPRIATIONS

SENATE FILE 123 - Juvenile Detention Centers Appropriations

BY COMMITTEE ON APPROPRIATIONS. This Act deappropriates \$250,000 appropriated to the Department of Corrections during the 1988 Session and reappropriates that sum to the Division of Children, Youth and Families of the Department of Human Rights for planning, site selection, solicitations of requests for proposals, or remodeling or construction of county or multicounty juvenile detention centers. This Act is effective March 27, 1989.

SENATE FILE 289 - Capitol Restoration Appropriation

BY COMMITTEE ON APPROPRIATIONS. This Act makes a \$700,000 supplemental appropriation to the Department of General Services for restoration of the capitol building for the fiscal year beginning July 1, 1988. Moneys do not revert to state general fund on June 30, 1989. This Act is effective March 17, 1989.

SENATE FILE 363 - Departmental Supplemental Appropriations

BY COMMITTEE ON APPROPRIATIONS. This Act makes total supplemental appropriations for the 1988-89 fiscal year from the general fund of \$50,366,055 to various state departments.

The Act appropriates approximately \$29,900,000 from the general fund for capital or major maintenance projects primarily at the Regents' institutions, state hospitals and institutions, correctional facilities, Judicial Department, and Capitol complex. Most of the capital appropriations contain a reversion clause stating that unobligated funds shall revert on March 30, 1990. (The Governor item vetoed approximately \$16,200,000 of these projects.)

The Act appropriates \$5,000,000 to the Iowa Finance Authority Revolving Fund. Seventy percent of the \$5,000,000 is for assistance to communities to meet water needs as a result of the drought.

The Act appropriates \$5,000,000 from the general fund for the Resource Enhancement and Protection (REAP) fund enacted in House File 769.

The Act appropriates \$156,464 in nongeneral funds to the Department of Commerce and the Iowa Department of Public Health for additional 1988-1989 fiscal year operating costs.

This Act is effective May 2, 1989.

THE GOVERNOR ITEM VETOED THE FOLLOWING:

1. See Capitals and major maintenance item in paragraph two above.
2. An appropriation of \$3,000,000 to the Housing Trust Fund for four programs. (The Governor item vetoed the total appropriation.)

SENATE FILE 369 - Appropriations for Merged Area Schools and the Ethanol Truck Project, and Other Allocations

BY COMMITTEE ON APPROPRIATIONS. This Act makes a supplemental appropriation for the 1988-1989 fiscal year beginning July 1, 1988, to complete the GAAP (Generally Accepted Accounting Practices) implementation schedule for the merged area schools' general operations and to the State Board of Regents to continue the Ethanol Truck Project at the University of Iowa. The Act also requires the release and allocation of funds previously appropriated to the State Board of Regents for the University of Northern Iowa.

The Act provides for the reimbursement of the Auditor of State for performing examinations during the 1988-89 fiscal year of the Department of Commerce, Iowa Public Employees' Retirement System, and federal financial assistance received. The Act restricts the allotments of appropriations for fiscal years beginning on or after July 1, 1989, for equipment, land, permanent improvements, and other capital projects, except for contracts entered into prior to July 1, 1989, to quarterly periods. Under prior law the allotment could have been made in one amount.

The Act is effective May 8, 1989.

SENATE FILE 517 - Appropriations and Provisions Relating to State Executive Agencies and National Organizations

BY COMMITTEE ON APPROPRIATIONS. This Act appropriates moneys from the general fund for the fiscal year beginning July 1, 1989, and ending June 30, 1990, to the Secretary of State, Governor, Lieutenant Governor, Treasurer of State, Executive Council, National Conference of State Legislatures, Commission on Uniform State Laws, Department of General Services, Department of Personnel, Department of Revenue and Finance, Department of Management, and Office of State-Federal Relations.

The Act provides that excess funds from the rental space account of the Department of General Services at the end of fiscal year 1988-1989 do not revert, but rather are appropriated for designated purposes in the Department of Personnel and the Department of General Services in fiscal year 1989-1990. This provision is effective June 5, 1989.

The Act appropriates moneys from certain designated revolving funds to the Department of General Services; moneys from the Iowa Public Employees' Retirement System (IPERS) Fund to the Department of Personnel for IPERS; and moneys from the Motor Vehicle Fuel Tax Fund and the Lottery Fund to the Department of Revenue and Finance.

The Iowa Public Employees' Retirement System is assigned the task of conducting a study of public retirement systems, including the Judicial retirement system, the Iowa Department of Public Safety Peace Officers' Retirement, Accident, and Disability System, and retirement systems for local police officers and fire fighters established under Chapter 411. A preliminary report is to be provided to the General Assembly no later than February 1990. The study is to include an analysis of the financial condition of the systems, including but not limited to membership status, benefits paid, average age of members, annual compensation average, rate of contribution necessary to make the systems actuarially sound, and the actual rate of return against the expected rate of return. Moneys are appropriated from the IPERS fund to pay the costs of the study, with reimbursement to be provided from each system studied.

The Department of Revenue and Finance is directed to report quarterly to the Joint Administration Appropriations Subcommittee of the Committees on Appropriations concerning progress in the implementation of generally accepted accounting principles (GAAP).

The Department of Management is directed to develop guidelines for state agencies to operate the Targeted Small Business Program to best achieve its goals in conformity with the recent United States Supreme Court decision in City of Richmond v. J. A. Croson Co. The Department is authorized to suspend the operation of particular preferences until April 1, 1990, if it concludes that the suspension is mandated by federal law.

The Act authorizes the transfer of moneys from the Iowa Economic Emergency Fund to the general fund if necessary to avoid a deficit and to defray expenses at the conclusion of fiscal year 1989-1990. "Full-time equivalent position" is defined as representing 2,080 working hours.

Revisions are made relating to the expenditure of moneys from the Disaster Aid Contingent Fund. A state department or agency seeking funding to repair state property is required to utilize moneys from the same source as the original funding for the property whenever possible.

Amendments to the Code are included relating to the resolution of disputes and other procedures in connection with life cycle cost analyses of public facilities. The Act contains specific provisions requiring that the operational requirements and optimum life cycle cost of the renovation facility design of the old historical building include utilization of state-of-the-art energy efficiency equipment, systems, and procedures and energy conservation measures and strategies, together with appropriate means for measuring the energy savings over the life of the renovation.

The Act repeals a "sunset" provision which would have repealed the Iowa Linked Deposit Act effective July 1, 1989. The sunset is also repealed by House File 140, which renames the program "Linked Investments for Tomorrow" and makes other related statutory changes.

Effective June 5, 1989, IPERS is allocated funding to analyze its data processing capability and to plan for future development.

THE GOVERNOR ITEM VETOED THE FOLLOWING:

1. An appropriation to the Office of the Secretary of State for a pilot project to provide county recorders on-line computer access to records maintained by the Secretary of State, and related authorization for county recorders to serve as filing officers for certain Uniform Commercial Code purposes in connection with the pilot project.

2. An appropriation to the Office of the Secretary of State for the purchase of computer hardware and software to begin computerization of election results for reporting on election night.

3. A provision requiring state departments to fill newly created positions within eight weeks of the approval of the enacting legislation.

4. A requirement that the Department of Management report to the General Assembly every significant transfer between object classes of accounts.

5. Provisions directing the Department of Management to cause the targeted small business program to operate in its normal manner and directing the compilation of the necessary data so that the program will continue in compliance with the conditions of the Croson decision.

6. A provision relating to the operational requirements and optimum life cycle cost of the facility design of the proposed capitol annex office building.

SENATE FILE 520 - Economic Development Appropriations

BY COMMITTEE ON APPROPRIATIONS. This Act appropriates moneys for the fiscal year beginning July 1, 1989, and ending June 30, 1990, to the Department of Economic Development for the following: general administration, advertising for tourism, tourism marketing and tourism promotion, including a study on state historical sites, national marketing programs, operation and maintenance of the film office, marketing and advertising for out-of-state national marketing programs, international trade programs, export trade activities including trade shows, trade offices in Europe, Asia and Japan, an Agricultural Product Advisory Council, programs to assist the growth and development of small business, Small Business Advisory Council, targeted small business

assistance, industry retraining assistance, community progress programs, displaced homemaker program, Mississippi River Parkway Commission, federal Community Development Block Grant administration, federal Job Training Partnership Act for dislocated workers, Iowa Youth Corp. and Youth Services administration, Iowa Finance Authority for the Housing Trust Fund program, Sister State program and from the Iowa Community Development Loan Fund to the Department of Economic Development appropriations for the Iowa Youth Corp and Youth Services, Self-employment Loan Program and case management, financing rural economic development, and the purchase of POW/MIA flags for public buildings.

THE GOVERNOR ITEM VETOED THE FOLLOWING:

1. A provision prohibiting the use of the tourism and promotion programs appropriation for advertising in-state and out-of-state tourism marketing.
2. A provision requiring any official Iowa trade delegation led by the Governor which receives support from the appropriation for export trade activities to be represented by a bipartisan delegation of the Executive Council or their designees.
3. A provision prohibiting funds appropriated to the Displaced Homemakers program and the federal Job Training Partnership Act dislocated workers programs from reverting to the general fund at the end of the fiscal year.

SENATE FILE 521 - Federal Block Grant Appropriations

BY COMMITTEE ON APPROPRIATIONS. This Act appropriates funding received from various federal block grants to state agencies for the federal fiscal year which begins October 1, 1989. The Act establishes a mechanism to be used if more or less federal funding is received than predicted, or if block grants are consolidated.

This Act appropriates the Alcohol and Drug Abuse Mental Health Services Block Grant to the Iowa Department of Public Health; the Maternal and Child Health Services Block Grant to the Iowa Department of Public Health; the Preventive Health and Health Services Block Grant to the Iowa Department of Public Health; the Drug Control and System Improvement Grant Program Block Grant to the Iowa Department of Public Health; the Community Services Block Grant to the Division of Community Action Agencies of the Department of Human Rights; the Community Development Block Grant to the Department of Economic Development; the Education Block Grant to the Department of Education; the Low-Income Home Energy Assistance Block Grant to the Division of Community Action Agencies of the Department of Human Rights; and the Social Services Block Grant to the Department of Human Services. A percentage of the block grants is designated for administrative costs of the state agency and provision is made for auditing the use of the funds.

SENATE FILE 531 - Appropriations and Provisions Relating to Law Enforcement, Public Defense, Public Safety, and Transportation

BY COMMITTEE ON APPROPRIATIONS. This Act appropriates moneys to the Iowa Law Enforcement Academy, Department of Public Defense, Department of Public Safety, and the State Department of Transportation for the fiscal year beginning July 1, 1989.

The Act conditions various appropriations to the Department of Public Safety upon stated amounts not being exceeded in expenditures for salaries and benefits to specified numbers of full-time equivalent positions and upon specified amounts not being exceeded for expenditures for support and miscellaneous purposes.

The Act further conditions an appropriation to the Department of Public Safety, Division of Highway Safety and Uniformed Force, upon allowing the Iowa Law Enforcement Academy to select at least five cars annually from vehicles the Division is turning in to the State Vehicle Dispatcher to be disposed of by public auction and exchange these vehicles for vehicles owned by the Academy if the selected vehicles are used for training law enforcement officers at the Academy. Moneys received from the sale of the exchanged automobiles are credited to the depreciation fund of the Division.

The Act increases the amount the Department of Public Safety may reimburse its employees for the employees' personal items damaged or destroyed during the employees' tours of duty from \$75 to \$150 per item.

The Act provides that political subdivisions of the state cannot remove, take, alter or cause to be removed, taken, or altered a lawfully erected off-premises advertising device without paying just compensation in cash to the owner of the advertising device and to the owner of the real property on which the advertising device is located. The State Department of Transportation is required to make similar payments but only when required under federal law and the "in cash" requirement is deleted. The Act requires payment to the owner of the advertising device to compensate for all right, title, leasehold, and interest in the advertising device. The provisions require payment to the owner of the real property on which the device is located to compensate for the right to erect and maintain such advertising devices upon such real property. If required by federal statute, the State Department of Transportation may acquire through purchase or condemnation and shall pay just compensation for off-premises advertising devices removed after June 5, 1989, through amortization by an ordinance of a political subdivision enacted prior to July 1, 1989.

These provisions do not apply to the removal, taking, or altering of off-premises advertising devices which were unlawfully erected or which are maintained without application for a permit to be affixed to the advertising device under section 306C.18 or to off-premises advertising devices which are

unlawfully erected or which are maintained in violation of section 306C.13, subsection 8. The provisions also do not apply to devices which are abandoned or not used for a period of at least six months.

Language passed during the 1989 Session is repealed regarding the distribution of moneys in the Living Roadway Trust Fund and a more detailed allocation of these funds is provided.

The State Department of Transportation is required to use certain property owned by it in the city of Council Bluffs exclusively for green space and, if sold by the Department, the property must be sold with a restricted covenant that the property shall be used exclusively for green space or else revert to the State Department of Transportation. These provisions apply retroactively to January 1, 1989.

The Act requires cities, counties, and the State Department of Transportation, to the extent practicable, to preserve and protect the natural and historic heritage in the state in the design, construction, reconstruction, relocation, repair, or maintenance of roads, streets, and highways.

The Act provides for the issuance of special Pearl Harbor plates. The fee for the issuance of the special registration plate is \$25 in addition to the regular annual registration fee.

The Act provides that the fee for reissuance or replacement of all motor vehicle licenses and nonoperator's identification cards be uniform, with the fee for issuance of a duplicate of a license or identification card which is lost or destroyed being three dollars and the fee for voluntary replacement of the license or identification card being one dollar.

The Act increases an appropriation from the Road Use Tax Fund to the State Department of Transportation to pay the cost of notice and personal delivery of service for license suspensions.

The Act increases the annual crediting of money to the Abstract Fee Fund by \$400,000 and allows the State Department of Transportation to be credited moneys from the abstract fee fund to pay the costs of purchasing motor vehicle licenses.

The Act provides that the balance remaining on June 30 of any fiscal year in a separate fund dedicated to and used for the purposes of crime victim reparation and payment of the costs of medical examinations for the purpose of gathering evidence and the cost of treatment for the purpose of preventing venereal disease does not revert to the general fund. Currently, all but \$50,000 reverts annually to the general fund.

The Act increases the effective period for a temporary authority allowing operation of newly acquired vehicles for carriers from 45 days to 90 days.

Except as otherwise indicated, the Act generally takes effect July 1, 1989, however, provisions relating to reversions and appropriations which end June 30, 1989, take effect June 30, 1989. The provision relating to use of property in Council Bluffs as green space is effective June 5, 1989.

THE GOVERNOR ITEM VETOED THE FOLLOWING:

1. Repeal of provisions relating to an appropriation of private moneys for acquisition of recreational trails, moving the provisions to an appropriation to the State Department of Transportation and increasing by an additional year, the time period for the appropriation and providing such moneys may not be used for the acquisition of property through condemnation.

2. An exemption from a requirement of filing annual reports for railroad corporations with the State Department of Transportation.

3. A provision creating an Iowa Air Link Transportation Commission composed of fifteen members, funding to the Iowa Air Link Transportation Commission, and an appropriation for essential air service terminal improvement.

SENATE FILE 536 - Compensation for Public Officials, and Other Personnel Matters

BY COMMITTEE ON APPROPRIATIONS. This Act increases salaries by 5% for the fiscal year beginning July 1, 1989, for elected officials in the Executive Branch, except the Governor and Lieutenant Governor, and department heads. Also, the salaries of the justices and judges of the Judicial Branch are increased by \$6,000 per year. The Governor's and Lieutenant Governor's salaries are increased by 3.5% for the fiscal year beginning July 1, 1989. The department heads' salary increases, which are set by the Governor, are limited to a maximum of 5.1% for the fiscal year beginning July 1, 1989.

THE GOVERNOR ITEM VETOED THE FOLLOWING: The limitation of 5.1% as the maximum salary increase for department heads.

SENATE FILE 538 - Health Care Programs and Appropriations

BY COMMITTEE ON APPROPRIATIONS. This Act provides health care coverage for uninsured and underinsured Iowans, provides state assistance and support to developing rural health service delivery systems which are appropriate to rural communities, and establishes means to contain health care costs while ensuring access to quality health care for all Iowans. The Act requires the Iowa Department of Public Health to provide technical assistance in coordinating the efforts of state agencies in developing outreach centers for pregnant women, infants, and children. The Department is to cooperate with the Legislative Fiscal Bureau in monitoring maternal and child health centers, and adopt rules

for the sharing of confidential information among state agencies which provide services in support of maternal and child health programs.

The Act affects Medical Assistance eligibility by codifying changes made in federal requirements for mandatory and optional Medicaid coverage groups. The eligibility section is amended to indicate the basis of federal regulations. The listing of persons who are entitled to Medical Assistance under specific income and other guidelines is amended to include pregnant women; children under certain ages; women who delivered a child while receiving medical assistance; pregnant women and infants less than one year of age whose family income is less than prescribed by the federal Medicare Catastrophic Coverage Act of 1988, but whose income does not exceed one hundred eighty-five percent of the federal poverty level; children who receive adoption or foster care maintenance payments under the federal Social Security Act; individuals or families who are ineligible for Aid to families with Dependent Children but meet requirements under the federal Social Security Act; persons who received federal Supplemental Security Income (SSI) or State Supplementary Assistance (SSA), but are no longer eligible due to increases in income under the federal Social Security Act based upon cost of living adjustments; individuals who have a deceased spouse, but are not eligible for SSI or SSA due to an increase in income based upon the elimination of the actuarial reduction formula under the federal Social Security Act; individuals who have a deceased spouse and are not eligible to receive benefits under "part A" of the federal Medicare program, and are not eligible for SSI and SSA due to receipt of widow or widower benefits under the federal Social Security Act; and disabled youth who are at least 18 years old and are not eligible for SSI or SSA due to receipt of parents' social security benefits. The Act excludes "tools of the trade" from the determination of income eligibility computation for Medical Assistance for pregnant women; requires resource standards and exclusions for Medical Assistance to be established which are not less generous than those established for the Obstetrical and Newborn Indigent Patient Care Program; requires the expansion of case management programs for pregnant women and for children to all areas of the state; expands Medical Assistance coverage for children up to age seven who were born on or after October 1, 1983, and who meet the Aid to families with Dependent Children standards; and requires an evaluation of the feasibility of expanding Medical Assistance newborn services to eligible women.

The Act also requires the Department of Elder Affairs to collect and analyze information relating to physician's acceptance of Medicare assignments as payment in full for services provided to Medicare patients.

The Act directs the Legislative Council to contract for a comprehensive health insurance needs study to be completed by November 15, 1990. A steering committee is to be appointed to provide oversight for the study.

The Act also requires the Department of Economic Development to recognize the value of health insurance benefit packages provided by employers in evaluating grant and loan requests under the programs which the Department administers; and provides for the development of a proposal by the Insurance Division to

provide technical assistance to small businesses regarding multiple employer trusts.

The Act requires the Department of Human Services to collect certain data regarding recipients of Medical Assistance receiving services through health maintenance organizations as contrasted with those not receiving services through health maintenance organizations. Types of records and surveys are specified and the Department is required to report to the General Assembly by January 1, 1990.

The Act also establishes a Division of Rural Health within the Iowa Department of Public Health and provides for the appointment of an advisory committee to the Division. It requires the Division to provide technical assistance grants to rural communities and counties for exploration of alternative rural health delivery services; provide competitive research grants to conduct economic analyses of the effects of health care restructuring models; submit a report regarding the current compensation structure under Medicare and make recommendations to the Iowa Congressional Delegation and to the General Assembly concerning the compensation structure; develop a medical assistance facility licensing standard; assist rural communities in maximizing federal funding services by establishing rural health clinics and skilled nursing facilities; and coordinate certain research. The use of county hospital tax levies is authorized to enhance rural health care.

The Iowa Agricultural Safety and Health Pilot Programs which were established in 1987 at the College of Medicine of the University of Iowa are continued and expanded to provide additional medical and engineering services to persons engaged in farming.

The Department of Human Services is directed to adopt rules and conduct studies relating to reimbursement of health care providers under the Medical Assistance program. The Department of Human Services is required to adopt rules which require all intermediate care facilities to execute separate written contracts for pharmaceutical vendor services and consultant pharmacist services. The Board of Pharmacy Examiners is directed to conduct a study of consultant pharmacist practices and submit a report to the General Assembly. The Department of Human Services is to suggest an appropriate timetable for implementation of a resource-based relative value and scale evaluate for potential usage in Iowa selective contracting with health care providers used in other states. The report is due to the General Assembly by January 20, 1991.

The Act also establishes a health care utilization task force by the Health Data Commission. Members, terms of office, duties of the Commission, and reporting requirements are specified. The Commission is abolished on January 30, 1993.

The Act also appropriates moneys to the Department of Human Services, Department of Public Health, the State Board of Regents, the Department of Human Rights, and the Department of Elder Affairs for health-related purposes.

THE FOLLOWING SECTIONS OR PARTS OF SECTIONS WERE ITEM VETOED:

1. A provision relating to the reimbursement level to maternal and child health centers.
2. Provisions relating to providing health care access and health care insurance coverage for persons not otherwise covered by health care insurance plans.
3. A provision relating to state sales and use tax exemption for equipment and supplies purchased by certain nonprofit health organizations.
4. A provision relating to the establishment of a State Health Care Cost Containment Coordinating Unit within the Department of Management.
5. Certain provisions relating to funding of rural health care programs.
6. A provision relating to the funding of agricultural health and safety service programs through the State Board of Regents.
7. A provision which funds a health care utilization information study by the Health Data Commission.
8. A provision which funds a pilot program in rural areas for primary and preventive health care and inpatient services to persons who are uninsured.
9. A provision relating to competitive grants for acquired immunodeficiency syndrome coalitions.
10. A provision which appropriates moneys for a health care insurance study.

SENATE FILE 541 - Human Services Appropriations and Other Provisions

BY COMMITTEE ON APPROPRIATIONS. This Act appropriates \$525,573,157 to the Department of Human Services, an increase of \$44,600,000 over the estimated spending for fiscal year 1989.

The Aid to Families with Dependent Children program (AFDC) appropriation contains a four percent increase in the amount paid to program recipients. The Department is instructed to either apply or to investigate the feasibility of applying to the federal government for waivers to operate various programs for recipients.

The Medical Assistance program appropriation provides funding for requirements of the federal Medicare Catastrophic Coverage Act of 1988 including increased coverage relating to "spousal impoverishment". Previously, the resource and

income levels for eligibility for Medical Assistance could result in the spouse of the person who is institutionalized to be impoverished at the point the institutionalized person becomes eligible for Medical Assistance. The new coverage is intended to ameliorate this problem. Eligibility for pregnant women, infants, and children up to 150% of the federal poverty level, enacted in the 1988 Session, will continue (S.F. 538 extends eligibility to 185% of the federal poverty level, see summary in this section) and presumptive and continuing eligibility for qualified pregnant women are added as new services.

A person entering a skilled nursing facility or intermediate care facility must be evaluated for mental retardation, mental illness, or a related condition. If the evaluation finds such condition, the person cannot be admitted unless it is determined that the person was appropriately evaluated and the facility is able to fulfill the person's service needs. This provision is to comply with requirements established under federal nursing home reform legislation.

Medical Assistance waiver provisions required of the Department relate to services provided to persons with Acquired Immune Deficiency Syndrome (AIDS) and physician case management. Reimbursement of an ambulance service provider for transporting a Medical Assistance recipient is required, regardless of the determination of medical necessity, however, the Department must develop methods to reduce unnecessary usage of ambulance services.

The department is required to cooperate with various groups in studying methods of increasing the flexibility of the State Supplementary Assistance program.

Funding is provided for a number of programs related to child day care including grants to resource and referral programs, Protective Child Care Assistance, the State Child Day Care Assistance program for the working poor, transitional child care assistance to persons who are no longer recipients of AFDC due to employment, and grants to fund expenses to start-up child day care services and other related costs.

The second year of the three year grants provided under the Family Development and Self-Sufficiency Grant program is funded and additional funds are provided to expand existing grants or to fund new projects.

Coordinating language is provided to implement welfare reform under the new federal Job Opportunities and Basic Skills Training Program statewide to recipients of AFDC beginning October 1, 1989. The new program will phase out the work incentive (WIN) program and the Individual Education and Training Plan Program in order to implement a different structure. Other provisions include transitional child care and medical assistance to former AFDC recipients which have already been implemented in Iowa.

The Department is required to develop a plan to inform the public regarding regulations, requirements, and procedures relating to child support recovery. Authorization is provided to develop a cooperative agreement between the Department of Human Services and the Judicial Department to establish and fund

a pilot program of expedited child support orders. In addition, the Department of Human Services is to review existing policies and implement new policies regarding paternity establishment.

The Department of Human Services and the Judicial Department are required to establish population goals and a plan to achieve the goals at the State Training School and the Iowa Juvenile Home. In addition, the Department of Human Services is required to develop a procedure to determine whether a youth is appropriately placed at a state Juvenile Institution.

Additional funding is provided to family foster care homes to prevent the placement of children in group care facilities. The Department is permitted to purchase liability insurance coverage from private carriers under certain conditions in lieu of paying claims against the Foster Home Insurance Fund established during the 1988 Session. The demonstration program to decategorize child welfare funding in Polk and Scott counties is continued and expansion to Dubuque and Pottawattamie counties after June 30, 1990, is authorized. Funding is authorized to provide special needs grants to families with a family member at home who is developmentally disabled. Funding is authorized for a grant to a private group foster care agency to complete construction of a new group care facility.

Nearly \$1,000,000 in new funding is provided for improvements in the state system for child protection. Included are projects in the decategorization counties, improvement of staff training, termination of parental rights activities, various improvements in child abuse programming, additional Attorney General personnel, improvements relating to the State Foster Care Review Board, costs associated with the establishment of a State Multidisciplinary Team to assist with difficult cases, and funding of additional child abuse prevention grants.

Increased funding is provided under the appropriation for home-based services relating to foster care to expand family preservation and reunification services. Funding is allocated under the appropriation for community-based services for adolescent pregnancy prevention grants.

The Department is directed to cooperate with representatives of various groups in considering methods to increase the flexibility of the federal Social Services Block Grant purchase of local services allocation in order to promote greater community integration of clients served under the grant. Standards adopted for intermediate care facilities for the mentally retarded are required to be equal to federal standards for this type of facility.

Funds are appropriated for juvenile justice reimbursement to counties, the Iowa Veterans Home, and the State Mental Health Institutes (MHI). Funding is designated for the particular purpose of fulfilling requirements ordered for certification standards at the MHIs. Special tracking is required related to the placements of children in a new secure ward for children established at the MHI at Independence and in a secure ward with adults at the MHI at Cherokee.

As a condition of the funding provided for the State Hospital-Schools, a unit of one of the hospital-schools is required to be closed during FY90.

Additional funding is provided for the Family Support Subsidy Program, established in the 1988 Session to provide grants to families with a family member with special needs in order to prevent institutionalization of the family member. The Governor's Planning Council for Developmental Disabilities is designated to conduct an evaluation of the program required of the Department.

Additional funding is provided to include day rehabilitation as a candidate service among the enhanced services under the Medical Assistance program provided to persons who have mental retardation, a developmental disability, or chronic mental illness. The Enhanced Mental Health, Mental Retardation, and Developmental Disabilities Plan Oversight Committee and other provisions established when these services were created in 1988 legislation are continued. Financial responsibilities of the state and the counties are clarified and state responsibility to indemnify and defend Department employees delivering the enhanced services are stated.

Related language under the appropriation for community services permits the full-time equivalent position cap to be exceeded for case management positions to implement the enhanced services. The full-time equivalent position cap may also be exceeded under certain conditions related to critical positions and caseweights. The Department is required to work with a county to develop a funding plan to upgrade services provided to persons with mental retardation, mental illness, or a developmental disability who are not eligible for services under the Medical Assistance program.

Specialized positions relating to increasing the federal funding of housing and the Medical Assistance program, enhancing Medical Assistance program cost containment, and fulfilling other functions are part of the appropriation for general administration. Other specified items under this appropriation include funding for lease-purchase of teleconferencing equipment and FTEs assigned to the Department of Public Safety to perform criminal history background checks related to Department of Human Services service providers.

An appropriation is made for development and coordination of volunteer services and funds are designated for gamblers assistance.

Reimbursement rates are increased for Medical Assistance, State Supplementary Assistance, and social service providers in amounts ranging from two and one-fourth percent to four percent.

The Department is required to make a number of reports to the Legislative Fiscal Bureau and the Legislative Fiscal Committee. Included is a report on proposed administrative rules to comply with federal standards for nursing home reform which are to be prepared with the assistance of the Department of Inspections and Appeals.

The Legislative Council is requested to establish an interim committee to study the staffing of state institutions operated by the Department.

The continuation of the Enhanced Services to Persons with Mental Retardation, Mental Illness, or Developmental Disabilities Plan Oversight Committee and a provision which negates a requirement to establish a diagnostic program and a short-term high impact program for certain children at the Iowa Juvenile Home are effective June 5, 1989.

THE GOVERNOR ITEM VETOED THE FOLLOWING:

1. A requirement that a client eligible for Medical Assistance must sign a statement expressing the client's intent in order to be enrolled in a health maintenance organization (HMO).

2. An exception permitting a client enrolled in an HMO to receive mental health services without referral from the HMO and to permit direct Billing for the services.

3. An allocation for supplemental payments to providers of services to persons with mental retardation, a developmental disability, or mental illness who are considered to be "difficult to serve".

4. Provisions relating to the implementation of the federal Job Opportunities and Basic Skills Program (JOBS). The program was required to be operated by the Department in counties in which the Department operated the work Incentive program (WIN) on July 1, 1988. The Department was required to continue to operate the Individual Education and Training Plan (IETP) program as a special need when the JOBS program is implemented. In counties in which the WIN program was not operated on July 1, 1988, the Department of Human Services was given a choice to either operate the JOBS program directly or contract for the services with the Department of Economic Development and the Department of Employment Services following receipt of recommendations as to the most appropriate agency from the affected county.

5. Non-reversion language related to the Foster Home Fund.

6. Language permitting certain transfers of funds to counties participating in the decategorization of child welfare services. In addition, language requiring the Department to request a supplemental appropriation to the counties in the event of an unforeseen increase in services.

7. Of the enhanced services provided to persons with mental retardation, a developmental disability, or chronic mental illness, "rehabilitation services" was item vetoed.

8. Language providing for non-reversion and limitation on transfers of funds provided for the enhanced services.

HOUSE FILE 772 - Corrections, Courts, and Justice Department
Appropriations and Provisions

BY COMMITTEE ON APPROPRIATIONS. This Act appropriates moneys to the Department of Justice, Board of Parole, Department of Corrections, and the Judicial Department.

The Act appropriates funding to the Office of the Attorney General which includes a transfer of moneys from the Department of Economic Development for providing legal assistance to the Department, additional funding to the Tort Claims Division for investigative duties and trial preparation, additional funding for criminal investigations of environmental crimes, and a transfer of funding from the Department of Human Services for victim programs which were combined within the Attorney General's Office under the provisions of H.F. 700.

The Act appropriates funding to the Prosecuting Attorney Training Program. Additional funding is appropriated to the Program to prepare a new domestic abuse manual and to update the desk manual for prosecutors. The Prosecuting Intern Program is funded at the previous funding level and counties participating in the Program are required to match the state funds.

Funding is appropriated to the Department of Justice to be used for the enforcement of Chapter 553, the Iowa Competition Law, contingent upon receipt by the general fund of an amount at least equal to the expenditures from damages awarded to the state or a political subdivision under Chapter 553. Funding is appropriated for consumer education in combating consumer fraud and for enforcement of section 714.16 and the funding is contingent upon receipt by the general fund of an amount at least equal to the expenditures from damages awarded to the state or political subdivision as a result of a consumer fraud judgment.

The Farmers Mediation Program is funded at the same level as the previous fiscal year and funding for the Farmers Legal Assistance Program is substantially increased. The Department of Justice is also directed to reimburse the Department of Public Safety for expenses related to the Domestic Abuse Registry and the Missing Persons Clearinghouse.

Funding is appropriated from the Utilities Trust Fund to the Office of Consumer Advocate. The Office of Consumer Advocate is authorized to expend additional funds if the additional expenditures are actual expenses which exceed the funds budgeted for utilities investigations and directly result from investigations of utilities.

Funding is provided to the Board of Parole which includes new moneys to create an electronic docket, to automate the risk assessment model, and to develop a statistical research analysis model. The Board of Parole and the Department of Corrections are to review, and implement as necessary, the recommendations of the consultants employed by the General Assembly's Corrections System Review Task Force. The Board is to report to the Joint Justice System Subcommittee of

the appropriations committees of the House and Senate the steps taken to implement any of the recommendations, or the reasons for failing to implement the recommendations.

The Act appropriates funding for the adult correctional institutions. Each institution is allocated increased funding for various staff and support costs related to increased inmate populations.

The Act appropriates funding to the Central Office of the Department of Corrections, including additional funds for reimbursements to the Office of the Attorney General, State Auditor, Department of General Services, and Department of Public Safety, for the development of valid criteria to improve the Community Based Corrections' Risk/Needs Assessment Classification Model, and for additional staff to implement the model. The Act also appropriates funding to the Central Office for the reimbursement of counties for temporary confinement of work release and parole violators, funding for federal prison reimbursement, and funding for the Correctional Training Center.

The Act appropriates funding to the Department of Corrections for capital, major maintenance, and security needs at the state's correctional institutions.

The Act appropriates \$400,000 for job training and development grant programs to award grants under contract to nonprofit organizations for community-based correctional clients; however, the Governor vetoed \$200,000 and the legislative intent language pertaining to this amount. The Act also appropriates to the Community-based Correctional Division \$100,000 for a new offender reorientation project in the fifth judicial district, \$250,000 for design costs associated with constructing additional correctional beds, \$1,100,000 to provide for financial arrangements for and to begin construction of a \$8,332,880 expansion in prison capacity, including 100 additional minimum security beds at Newton (the Governor vetoed the words "minimum security"), 120 additional medium security beds at Oakdale, replacement of 30 existing community corrections residential beds with a new 75 bed facility, 36 additional community-based residential beds as determined by the Department, renovation of 65 minimum security beds and addition of 20 minimum security beds at the Montrose Farm Unit at Ft. Madison, and renovation of 18 minimum security and addition of 17 minimum security beds at Luster Heights (the Governor vetoed the words "minimum security").

The Act appropriates funding to the Department of Corrections for each Judicial District Department of Correctional Services. Additional funding is provided to each district and to the Department to convert a FY 1989 Iowa Plan Fund appropriation to the general fund and for support budget increases. Certain districts are provided additional funding for establishment or expansion of sex offender programs, rental of electronic monitoring equipment, job development programs, purchase of service contracts, or expansion of the operating a Motor Vehicle while Intoxicated (OWI) programs.

The Act appropriates \$126,375 to the third judicial department correctional services to be used for the operation of 10 new OWI beds and 15 new residential beds. The Act also appropriates \$465,059 to the Department of Corrections for the operating costs associated with the renovation and construction of 85 additional beds at the Montrose Farm Unit at Ft. Madison.

The Act appropriates \$200,000 to the Department of Corrections for the financing of and to begin construction of 44 additional residential community corrections beds in the first judicial district.

The Act appropriates new funding to the Judicial Department which includes moneys to expand the Court Appointed Special Advocate Program, for one additional District Associate Judge in Johnson County, for two magistrate/district associate judge conversions in districts 8 and 3B effective June 5, 1989, for a support budget increase, for two court reporters, for two juvenile court officers, and for two part-time juvenile court specialists. The Act requires the Judicial Department to fund its auditing costs out of existing funds. The Act appropriates moneys to the Judicial Department for the juvenile restitution program, for the disbursement of child support payments, and for a pilot program of mandatory mediation of contested issues of child custody and visitation.

The Act provides that the Department of Corrections and Community-based Correctional Districts must comply with local zoning ordinances. The Act also prohibits certain ex-felons from being allowed to receive, transport, or possess firearms.

THE GOVERNOR ITEM VETOED THE FOLLOWING:

1. A provision establishing an education pilot project to implement a computer training system for community-based correctional program clients.
2. A provision allocating \$120,000 for contractual services in the eighth judicial district and \$80,000 for contractual services in the seventh judicial district relating to job training and development grant programs.
3. A provision providing for an alternative sentencing project in the third judicial district.
4. Provisions providing that certain new beds be minimum security.
5. A provision establishing a pilot program for diversion of OWI offenders.
6. A provision requiring the Judicial Department to automate child support operations.
7. Provisions which would allow confinement of, and reimbursement for, certain parole and probation violators.

HOUSE FILE 774 - Appropriations and Other Provisions Relating to Educational and Cultural Programs

BY COMMITTEE ON APPROPRIATIONS. This Act makes appropriations for the next fiscal year to the Department of Cultural Affairs, the Department of Education, the College Aid Commission, and the State Board of Regents. It makes a number of statutory changes relating to culture and education. It makes appropriations to the Department of Cultural Affairs for the Administration Division for the general operations of the Department and for marketing and promotion of Iowa's cultural resources; for the Arts Division for general operation and for support for the arts in Iowa; for the Historical Division for general operation and for the Italian-American Cultural Center and for payment of interest on moneys borrowed from the permanent school fund; for the Library Division for general operations and for additional library services; for the Public Broadcasting Division for general operations and for the costs of instructional materials; for the Terrace Hill Commission; for the regional library system; and for transfer to the Iowa Peace Institute.

Interest earned on the permanent school fund that is not matched by private contributions for the First in the Nation in Education Foundation or the National Center for Gifted and Talented Education is credited as payment on moneys loaned to the Historical Division from the permanent school fund.

Moneys appropriated in 1986 for improvements of named historical sites that remains unobligated on June 30, 1989, will be available for expenditure until June 30, 1991.

Moneys are appropriated to the College Aid Commission for general operations, for certain specific student aid programs, for grants for independent colleges and universities for a Minority Academic Grants for Economic Success Program, and for grants and education costs for Iowa students attending the University of Osteopathic Medicine and Health Sciences. The College Aid Commission is directed to develop plans for a Work for College Program and report them to the Education Appropriations Subcommittee. Moneys are also appropriated for the operating costs of the Stafford Loan Program.

The maximum amount for a recipient of a tuition grant is increased to \$2,500 and for a vocational-technical tuition grant is increased to \$500. Increased appropriations are provided for the tuition grant program, the scholarship program, and the vocational-technical tuition grant program. The requirement that independent colleges and universities may use three letters from accredited universities for eligibility to participate in the tuition grant program is stricken. The subvention program for the University of Osteopathic Medicine and Health Sciences is divided into a student grant program and a program providing funds to the university, each with separate appropriations. Colleges and universities receiving tuition grant money must report their minority enrollments and numbers of minority faculty members to the College Aid Commission and the members of the General Assembly, the Governor, and the Legislative Fiscal Bureau.

Repayment of loans under the Science and Mathematics Loan Program, which was discontinued July 1, 1988, will be used to supplement moneys in the guaranteed loan payment program.

The Work Study Program can be used for summer as well as school year employment and the definition of employment is expanded to include work for the Department of Natural Resources; the Department of Agriculture and Land Stewardship; and the Iowa Heritage Corps, a program established in the Act to provide internship opportunities for historical and cultural preservation and education, community improvement, public policy research, and tourism.

Moneys are appropriated to the Department of Education for the general operation of the agency, including expenditures for contracting with higher education institutions for a summer residence program for gifted and talented students and law-related education programs; for the employment resources centers administered by the First and fifth Judicial districts' Departments of Correctional Services including the completion of a report analyzing the effectiveness of the programs; for a study with the Department of Corrections of the feasibility of providing educational programs to residents of the institutions of the Department of Corrections, perhaps integrating the programs with programs of the area schools; for a survey of the curricula included in general science courses of school districts, especially determining the use of ecological and environmental issues; for developing a conflict resolution program for teachers and administrators in consultation with the Iowa Peace Institute and other agencies experienced in mediation or conflict resolution, establishing at least one pilot project in a school district; for an autism specialist to work with the Autism Resource Team at the University of Iowa; and for notification that fees paid by an area school under the Iowa Industrial New Jobs Training Act not be spent by the Department of Education to cover the costs of support services for the program until the results of a study of the program have been completed and the General Assembly has authorized their expenditure; and for creation of an evaluation system reporting on Phase III activities under the Educational Excellence Program that provided for teacher salary increases.

Funds are appropriated to the Department of Education enhancing the preparation, teaching experiences and induction of educators and for assistance in the use of technology, including providing a plan for a support system for beginning teachers, a grant program for school districts with student teachers, continuation of funding for an evaluation system to be used by evaluator panels, development of plans for administrative staff development using a full-time equivalent employee, funding for grants for advancement of women and minorities to administrative positions; plans for an electronically accessible data base for schools, pilot projects for encouraging school administrators to use electronic technology, establishing a technology consultant position, for a computer conferencing system for effective teaching methods, for leadership for early childhood programs, and for grants for programs using educational technology for instructional purposes.

Funds are also appropriated to the Department of Education for vocational education administration and aid, for the youth leadership grant program, for school food service, for textbooks for nonpublic school pupils, for the Professional Teaching Practices Commission, for the Iowa Academy of Science with a requirement that eighty percent of the moneys appropriated be used for grants for research projects and studies, for the vocational rehabilitation division, for the career information system of Iowa, for state financial aid for the merged area schools, for merged area school property tax replacement, for the educational excellence program, and for child development grants. An adjustment is made to the property tax replacement moneys for the merged area schools for the 1989 fiscal year based upon property valuation increases.

If a school corporation fails to pay the principal or interest of its anticipatory warrants, when due, the Department of Revenue and Finance is directed to withhold and apply to that obligation any state aid to which the school corporation is entitled.

Prekindergarten programs operated under a contract with a school district must be under the direction of a certificated teacher unless the program was in existence prior to July 1, 1989, in which case oversight of the program shall be provided by the school district.

The Department of Education is directed to provide specified program assistance for using educational technology for instructional purposes.

The Department of General Services is authorized to purchase, lease-purchase, lease, and improve property, equipment, and services for telecommunications for public and private agencies. The Department of General Services will regulate the administration and use of the state telecommunications system. Funds received by the Department from leases and agreements with public and private agencies are deposited in a state communications network fund, created in the Act.

The state communications network consists of Part I, II, III, and the financing is comprised of state funds and matching funds. The Department of General Services will develop the request for proposals for the state communications network, and the Department of Management will certify the sufficiency of funds. Citizens of rural Iowa are specifically considered in the request for proposal process.

The Iowa Public Broadcasting Board has sole authority over the educational telecommunications applications of Part I of the system and coordination authority with its Narrowcast System Advisory Committee over the educational telecommunications applications of Part II and III of the system.

Moneys are appropriated to the Office of the State Board of Regents for its operation at a location on the Capital Complex. The receipt of these funds requires the establishment of a consortium among the universities to coordinate

and integrate knowledge in certain named subject areas in the food production and processing and environmental areas, collaboration in categorizing research in reducing global warming and ozone depletion, preparation of a regulatory Flexibility analysis of proposed or adopted rules relating to areas in which there may be competition with the private sector, and updating a study of child care needs at the institutions.

Moneys are also appropriated to the State Board of Regents for allocation to the institutions to finance the cost of bonds issued for academic and administrative buildings and facilities and utility services and for creation of a tristate graduate center in Sioux City.

Moneys are appropriated to each of the three universities for the operation of the universities including funding for improving undergraduate education, for teaching excellence awards, for faculty salary increases, for the minority and women educators enhancement program, for the college-bound voucher program, for the Iowa minority academic grants for economic success program, and for student aid increases.

Moneys are also appropriated to the University of Iowa for the operation of the University Hospitals, for the family practice program, for specialized child health care services, for the Psychiatric Hospital, for the State Hygienic Laboratory, for the Hospital-School, and for the Oakdale Campus.

The standard language for the performance of abortions at the University Hospitals, county quotas for the indigent patient program, and filing of quarterly reports is included.

Moneys are appropriated to Iowa State University for the Agricultural Experiment Station, the Leopold Center, the Cooperative Extension Service, and fire service education.

Moneys are appropriated to the University of Northern Iowa for the Center for Early Developmental Education.

Moneys are appropriated to the State School for the Deaf for its operation with a requirement that the School conduct a planning study for a new recreation facility in Council Bluffs. Moneys are appropriated for the operation of the Iowa Braille and Sight-saving School.

Sales of computer equipment, software, and supplies to students and faculty at the Regents' institutions are retail sales and are subject to the sales tax.

Intent language is included that the General Assembly will appropriate money for a Driving Simulation Center at the University of Iowa in future fiscal years.

The Legislative Fiscal Bureau, in cooperation with the State Board of Regents, is directed to examine the cost of retiring the self liquidating bonds for the

construction of utilities and the impact these costs have had on moneys for educational purposes.

The Legislative Council is requested to conduct a study of the operation of the Iowa Industrial New Jobs Training Act.

Purchases of materials and supplies at the University Hospitals for indigent care may be made through a hospital group purchasing organization if the University Hospital is a member and the materials and supplies are selected through competitive bidding.

Programs are created that provide grants of up to \$3,000 per year for college costs for financially needy minority persons that create faculty opportunities for minority and women educators at Regents' universities, and that provide Iowa minority students with information and experiences relating to opportunities offered at the Regents' universities.

The Department of Education is directed to conduct a study of Iowa minority students' postsecondary needs and develop recommendations.

Interest earnings of campus organizations at Regents' universities must be available for expenditure by those organizations or used for campus improvements of benefit to students or for student financial aid.

The University Hospitals are required to compile and prepare reports for the General Assembly relating to revenues, expenditures, and net income.

Iowa State University is directed to provide information on environmental and social impacts of agricultural research on the small or family farm and information about population trends as they relate to agriculture. A land tenure study is to be conducted every five years.

A comprehensive agricultural research program is established at the Leopold Center that includes grants for agricultural research projects.

Payment is provided for the instructional costs of nonresident students living in substance abuse treatment facilities.

School districts and area education agencies are prohibited from charging for information about their Phase III programs under the Education Excellence program.

Funding for the National Center Endowment Fund for Talented and Gifted Education that can be matched by private contributions is increased.

The Department of Cultural Affairs may use up to 10% of the moneys appropriated for the Historical Resource Preservation Program for administration of a grant and loan program.

Student banks formed for educational purposes are exempt from the definition of bank.

Changes are made to the open enrollment program established in Senate File 59. They relate to the percent of students that may transfer out of a district for the 1991-1992 school year, notification to the parent or guardian whether a request for transfer is denied, and language relating to the transfer of funding for students using open enrollment.

Students paying tuition on March 25, 1989, are entitled to use open enrollment for the 1989-1990 school year.

State departments and agencies must notify the Department of Management and the Legislative Fiscal Bureau of requests for, approval of, or awards of, or the loss of federal or other nonstate funds.

THE GOVERNOR ITEM VETOED THE FOLLOWING:

1. The expenditure of moneys appropriated to the Library Division of the Department of Cultural Affairs for collections development.
2. The expenditure of moneys appropriated to the Public Broadcasting Division of the Department of Cultural Affairs for instructional schedule guide books and teachers' guide materials.
3. The expenditure of moneys appropriated to the regional library system to provide access to special collections.
4. Authorization for the Public Broadcasting Division of the Department of Cultural Affairs to use the Iowa Facilities Improvement Corporation to purchase energy efficiency packages without meeting the requirements for the lease of property and facilities for energy conservation measures.
5. The expenditure of moneys appropriated to the College Aid Commission for the Education Savings Program.
6. A condition on the appropriation to the Department of Education that required that area education agencies maintain separate media divisions.
7. A condition on the appropriation to the State Board of Regents restricting the State Board of Regents from moving toward the acquisition of a financial information system without first obtaining the approval of the Joint Education Appropriations Subcommittees.
8. A condition on the appropriation to the State Board of Regents that a zero-based budgeting procedure be used for budgets for the Iowa School for the Deaf, the Iowa Braille and Sight-saving School, the University of Iowa Hospital-School, the University of Iowa Hygienic Laboratory, Iowa State

University of Cooperative Extension service, and the University of Northern Iowa Laboratory School.

9. A condition on the appropriation to the State Board of Regents that restricts the State Board of Regents from using reimbursements from its institutions to fund its central office and language added to the Code that would have prohibited using those reimbursements.

10. Language specifying that moneys appropriated for faculty salary increases at the Regents' universities be in addition to the salaries paid during the previous fiscal year.

11. Language authorizing the State Board of Regents' to request a supplemental appropriation from the General Assembly if receipts at the Regents' institutions are less than that estimated.

12. Appropriations for library automation for each of the three Regents' universities.

13. A requirement that the State Board of Regents use bonds and notes to finance energy savings projects for which the Board will recover the cost within an average of six years.

14. A provision that would have used excess special education support services funding that is deducted from area education agencies to fund special education support services costs in area education agencies with fewer than three and one-half public school children per square mile.

15. Start-up funding for a state communications network established in the Act.

16. Amendments to the open enrollment Act (S.F. 59) that would have allowed the Laboratory School at the University of Northern Iowa to participate in open enrollment.

17. A provision for the imposition of a building replacement property tax in certain school districts that have been using temporary portable classrooms for at least twelve years and the classrooms have been ordered closed.

HOUSE FILE 775 - Appropriations and Other Provisions Relating to Health, Human Rights, and Elder Affairs

BY COMMITTEE ON APPROPRIATIONS. This Act appropriates moneys for the fiscal year beginning July 1, 1989, and ending June 30, 1990, to the Iowa Civil Rights Commission, the Department of Human Rights, the Department for the Blind, the Department of Elder Affairs, and the Iowa Department of Public Health. The Act provides for the use of moneys appropriated to the Disease Prevention Division of the Iowa Department of Public Health for the payment of the costs of

equipment and training associated with the provision of emergency medical services, and provides for the payment of the costs of hepatitis testing and immunization, under certain conditions, for a person, who, in the course of responding to an emergency, is exposed to bodily fluids of an injured person. The Act also provides for the establishment of a central registry for brain injuries within the Iowa Department of Public Health and repeals the provisions of the Code which currently provide for this registry within the Department of Human Services, and provides for the establishment of an Advisory Council on Head Injuries within the Division of Persons with Disabilities of the Department of Human Rights (an appropriation for this purpose is provided in S.F. 538). The Act provides that all fees collected by the Division of Deaf Services of the Department of Human Rights are deposited in a separate account within the general operating fund of the Division, in place of the current practice of depositing such funds in a separate fund, the balance of the moneys is not to revert at the end of a fiscal year and the moneys are to be used for the provision of continued and expanded interpretation services.

THE GOVERNOR ITEM VETOED THE FOLLOWING:

1. A provision giving authority to the Governor's Advisory Council on Juvenile Justice to determine appropriate staffing levels to carry out federal and state mandates.
2. The entire appropriation of \$770,000 to the Iowa Department of Public Health for the Decentralized Indigent Obstetrical Patient Program.

HOUSE FILE 778 - Appropriations and Amendments Relating to Agriculture and Natural Resources

BY COMMITTEE ON APPROPRIATIONS. This Act appropriates moneys to the Department of Agriculture and Land Stewardship and to the Department of Natural Resources, and includes other provisions as follows:

Department of Agriculture and Land Stewardship. The appropriation to Administrative Division is increased by approximately 20%. Moneys are allocated to reimburse the Auditor, to conduct an horticultural census by the Statistics Bureau, to assist the state 4-H Foundation, and to purchase computer equipment. Moneys are made available for transfer from the Fertilizer Fund, the Dairy Practice Fund, and the Commercial Feed Fund.

The appropriation to the Farm Commodity Division is increased by approximately 33%. Moneys are allocated to the Horticultural Bureau for continuation of the Agricultural Diversification Program. Certain moneys remaining from the 1989 fiscal year appropriation which would otherwise revert, are allocated to support two information specialist positions (Governor vetoed). Moneys are allocated to establish agricultural trade specialist positions in each of the state's three foreign trade offices (Governor vetoed).

The appropriation to the Farmers's Market Coupon Program is increased by 98%.

The appropriation to the Regulatory Division is increased by 4%. From this amount, moneys are allocated to support an assistant attorney general assigned to the Grain Warehouse Bureau, and to purchase computer equipment.

The appropriation to the Laboratory Division is increased by 34%. Transfers are authorized from the Commercial Feed Fund, the Pesticide Fund, and from the Fertilizer Fund. From this amount, moneys are allocated for commercial pesticide applicator training, and for the purchase of the computer equipment.

The appropriation to the Soil Conservation Division is increased by 9%. Moneys are allocated for soil surveys, to develop long-range, natural resource management plans, and to match county support district commissioners. The general fund appropriation for the Soil Conservation Cost-Share Program and requirements for the expenditure of the cost-share moneys are unchanged.

Unclaimed pari-mutuel winnings are appropriated to the Horse and Dog Breeders Program under section 99D.22. Moneys are allocated to support a livestock inspector.

The Department of Agriculture and Land Stewardship is permitted to use increased revenues from the fertilizer and pesticide fund for the administration and implementation of chapters regulating fertilizers and soil conditioners and regulating pesticides.

Moneys are appropriated for the control or eradication of the multiflora rose. Moneys are divided between research purposes and to partially reimburse agricultural landowners for the cost of herbicides. Counties desiring a share of the moneys must develop a plan to combat the weed.

Department of Natural Resources. The appropriation for administration of the Department is increased by approximately 22%, although certain moneys are transferred through the Department to support special projects. Moneys are allocated to support an Environmental Specialist II position (Governor vetoed), for the purchase of materials to control erosion and repair damaged trails in state parks, for general maintenance in state parks, for the purchase of computer equipment, for the support of a Forestry Coordinator and the development of promotional materials for the forest renewal program, for the support of an Environmental Engineer II position, to reimburse the Auditor, to restore and repair the dam in Nashua, for a study of the water supply system in Winterset, for a study of a destination center at a large public lake area, and for grants to counties for the closure of abandoned wells. Restrictions are placed upon the amount of money and the number of full-time equivalent positions that may support departmental divisions.

The appropriation to the State Fish and Game Protection Fund is increased by approximately 12%. Snowmobile fees deposited pursuant to section 321G.7 are

appropriated for the enforcement of snowmobile laws. Vessel fees deposited pursuant to section 106.52, are appropriated for enforcement of navigation laws and for water safety. An appropriation is made from the Marine Fuel Tax Fund for maintenance and development of boating facilities, and moneys are for deposit in the State Fish and Game Protection Fund for administration and enforcement of navigation laws and boat safety.

Other Provisions. Moneys are appropriated to the Iowa Resources Enhancement and Protection Fund (REAP) established in House File 769. (See Natural Resources) Two million dollars is appropriated to the Fund for use by the Department of Natural Resources. Beginning on July 1, 1990, there is a standing limited appropriation to the Fund of \$20,000,000 for each year until June 30, 2000. Jones, Lyon, Jasper, and Buena Vista counties are eligible to receive an advance on moneys in order to make immediate repairs to low head dams.

The amount of funds from the Agricultural Management Account of the Groundwater Protection Fund annually appropriated to the Department of Natural Resources for testing water supply wells and closing private abandoned wells is decreased by 5.5%, and the amount appropriated to the Department for grants to counties for properly closing abandoned rural water supply wells, is increased by 5.5%.

The Department of Natural Resources is directed to conduct a study of the disposal of municipal sewage sludge ash and report its findings to the General Assembly not later than March 1, 1990. Transportation of the ash on highways beyond a 50 mile radius from the point of incineration is prohibited until the report is made.

The Department of Natural Resources is directed to commence, as of May 1, 1990, the construction of an artificial lake in the Brushy Creek state recreation area. The Department is also directed to acquire approximately 1,750 acres of additional land south and west of the area for multiple use recreation. Several legislative studies are authorized, relating to the current and future needs for artificial and natural lakes and water recreation in this state, and a comprehensive study of the current and future needs for state parks, forest, and recreation areas other than lakes and related water recreational areas. The Department is prohibited from implementing any plan relating to the reorganization of state parks until after completion of the study. The Department is directed to use funds allocated to the Open Spaces Account as provided in H.F. 769 for construction of an artificial lake at the Brushy Creek state recreation area and for the acquisition of land south and west of the area. A Brushy Creek Recreation Area Trails Advisory Board is created to advise the Department and the Natural Resource Commission regarding the development and maintenance of the area.

Notice to the General Assembly is required, if either the Department of Agriculture and Land Stewardship or the Department of Natural Resources transfers appropriated moneys for purposes other than provided according to the terms of the appropriation (Governor vetoed). The Department of Natural

Resources is directed to provide the General Assembly with information relating to departmental accounting systems.

The Department of Natural Resources is not required to repay \$493,000 as provided in 1986 Iowa Acts, Chapter 1246, section 505, from the state share of the AIDEX superfund account.

Certain provisions in Chapter 455B, relating to hazardous waste facilities as applied to the federal Resource Conservation and Recovery Act permit program for hazardous waste facilities, are suspended until June 30, 1990.

Information relating to commercial operations conducted by a person submitting records to the Agricultural Diversification Bureau of the Department of Agriculture and Land Stewardship for purposes of obtaining assistance in business planning is made confidential.

The Iowa State Fair Board is directed to dispose of waste generated on the state fairgrounds under supervision of the Waste Management Authority.

The State Department of Transportation is directed to preserve the natural or historic heritage of the state from the construction, maintenance or repair of Iowa's road system, including the acquisition and development of woodlands and wetlands under public ownership to replace lands which are used for roads. The Department is directed to consult with custodians of parks, preserves, or recreation areas to ensure roads constructed through those areas blend aesthetically with the surroundings. The Department is directed to acquire land to replace land used for roads in those areas. The Department is also directed to use topsoil removed from agricultural land by road construction for landscaping and to make the topsoil available to the former landowners and to the public.

The Act rewrites an exemption to the prohibition against corporations, and nonresident aliens (including foreign businesses, or foreign governments), who acquire agricultural land for research or experimental purposes. The land may be used if one of the following is applicable: (1) commercial sales of products produced from farming the agricultural land are less than twenty-five percent of the gross sales of the primary product of the research; or (2) the land is used for the purpose of testing, developing, or producing seeds or plants for sale or resale to farmers as seed stock. Grain which is not sold as seed stock must be less than twenty-five percent of the gross sales of the primary product of the research or experiments; or (3) the land is used for the primary purpose of testing, developing, or producing animals for sale or resale to farmers as breeding stock. Under this exception, the land must only be held by lease, the term of the lease must be for not more than 12 years and the lease is not subject to renewal, the corporation or alien must not control animals after point of sale by the corporations, the corporation or alien cannot hold more than 640 acres, and the corporation or alien must deliver a copy of the lease to the Secretary of State. Separate limits are set for the number of culls and test animals which may be sold. Effective July 1, 2001, an

alien cannot acquire or hold agricultural land used for the primary purpose of testing, developing, or producing animals. The Act requires corporations and aliens who lease agricultural land for purposes of testing, developing, or producing animals for sale or resale to farmers as breeding stock to file an annual report with the Secretary of State.

Agricultural land acquired through debt collection by a domestic or foreign life insurance company or association must be sold or otherwise disposed of by the company or association within five years after title is vested in the corporation or association. The Act strikes a similar provision applying only to life insurance companies organized within this state.

The Act repeals the requirement for public permits for vehicles to enter onto areas managed by the Parks and Preserves Division of the Department of Natural Resources. Remaining moneys collected under the section must be transferred to the Iowa Resources Enhancement and Protection Fund, as provided in H.F. 769.

THE GOVERNOR ITEM VETOED THE FOLLOWING:

1. The provision allocating \$50,000 of the 1989 fiscal year appropriation to the Farm Commodity Division which would otherwise revert to the general fund to be used in the 1990 fiscal year for the support of two information specialist positions.

2. The provision allocating \$280,000 to the Department of Agriculture and Land Stewardship to establish agricultural trade specialist positions in each of the state's three foreign trade offices.

3. The provision requiring the Department of Agriculture and Land Stewardship to notify the General Assembly of transfers of moneys from the Dairy Trade Practices Fund, the Commercial Feed Fund, the Fertilizer Fund, and the Pesticide Fund.

4. The provision creating the Environmental Specialist II position.

5. The provision requiring the Department of Agriculture and Land Stewardship and the Department of Natural Resources to notify the General Assembly of transfers of moneys between line items in the Act.

HOUSE FILE 779 - Appropriations and Other Provisions Relating to State
Regulatory Agencies and the Public Defender

BY COMMITTEE ON APPROPRIATIONS. This Act provides appropriations for the following administrative or regulatory bodies of state government: Auditor; Campaign Finance Disclosure Commission; Department of Employment Services; Department of Inspections and Appeals, including the Foster Care Review Board, Employment Appeal Board, and Legal Services Corporation of Iowa; State Public Defender; Public Employment Relations Board; Department of Commerce, including

the Divisions of Professional Licensing and Regulation, Alcoholic Beverages, Banking, Credit Union, Savings and Loan, Insurance, and Utilities; and the Racing Commission.

Major changes include the following: The Auditor is authorized to direct bill two additional entities for auditing expenses, the Department of Commerce and the Iowa Public Employees' Retirement System (IPERS). Moneys are appropriated to fund the audits of area community colleges conditional upon the enactment of House File 451. Funding for the Division of Labor Services is made conditional upon use of certain moneys in connection with the contractor registration program and for enforcement of the new Iowa minimum wage law. Enforcement of the minimum wage law is delayed until January 1, 1990. The sixty-five dollar filing fee for workers compensation cases is continued, but may now be charged as a cost to the losing party unless it would impose an undue hardship or be unjust in the circumstances. As a condition of the Division of Job Services appropriation, the Division is prohibited from reducing the number of offices it operates within the state. The Department of Employment Services is also directed to develop performance standards to evaluate the delivery of services by the division of job services to specified classes of persons served by the division. One hundred and fifty thousand dollars was appropriated by the Act to Iowa Legal Services Corporation, but the appropriation was item vetoed by the Governor. The Office of the State Public Defender and funding for indigent court-appointed attorney fees were included. Three auditors were transferred from Inspections and Appeals to the Alcoholic beverages Division of the Department of Commerce. The Division of Banking was allowed to use any unexpended funds from the 1988 fiscal year to purchase computer equipment to continue the automation support of field audit staff. The Division of Insurance received funding for the enforcement of the new continuing care community registration requirements of Chapter 523D. The Utilities Division is appropriated \$100,000 to conduct an energy efficiency program study. The Racing and Gaming Commission appropriation was included, and a new Excursion Boat Gambling Fund was created as a source of funding for enforcement of the newly authorized excursion boat gambling laws.

Statutory changes included in the Act included the following: Property in the possession of public defenders upon their transfer from county to state funding is devoted to the use of the Office of the State Public Defender, and made subject to reversion to the counties when the State Public Defender no longer desires to retain the property. Restrictions are imposed upon public board members accepting employment from the same public board within two years after leaving the board, commission, or agency. The Employment Appeal Board is required to affirm a settlement agreement entered into between parties in a dispute prior to a hearing before the Employment Appeal Board, overruling the prior board practice. New rules for the inspection of antique steam boiler operated machinery or "exhibition boilers". Rather than requiring annual inspections, exhibition boilers are made subject to inspection upon demand by either the boiler owner or the operator of an exhibition. Exhibition management is made legally responsible for operation of an uninspected boiler.

Persons filing complaints against health care facilities under Chapter 135C are granted the right to receive upon request a copy of the investigation report performed in response to the request. The Act permits the reasonable costs, of a public utility in providing water for fire protection for a city, to be included in the public utility's regulated rates or charges upon application to and approval by the Utilities Board.

The Utilities Board is also permitted to increase assessments against regulated entities to pay the increased expenses of investigation of such entities rather than authorizing expenditure of general fund moneys for excess investigation expenses.

A temporary provision regarding the means by which telegraph or telephone companies providing deregulated services may provide public notice of rate changes is made effective immediately upon enactment and automatically repealed May 1, 1990.

Insurance law changes include providing penalties for failure to include interest on delayed claims settlements as newly required by section 511.38 and authorizing the Commissioner of Insurance to impose penalties for failure to timely file any financial statement required to be filed by rule of the Commissioner. Previously penalties could only be imposed for failure to file annual statements. Long-term care insurance policies may no longer require prior institutionalization as a condition of coverage.

The hiring preference for former employees of the Division of Alcoholic Beverages whose positions were terminated by the privatization of wine and liquor sales is continued for another year.

Section 7, subsection 5, relating to an appropriation to the Legal Services Corporation, was item vetoed.

This Act is effective July 1, 1989, except for section 31 which took effect upon enactment, June 5, 1989.

HOUSE FILE 780 - Law Enforcement-related Programs, Including Substance Abuse, Youth, Income Tax, and Communication Interception Programs

BY COMMITTEE ON APPROPRIATIONS. This Act provides for the appointment of a Drug Enforcement and Abuse Prevention Coordinator in the Governor's office to coordinate and monitor all statewide narcotics efforts, coordinate and monitor all state and federal substance abuse treatment grants and programs, coordinate and monitor all statewide substance abuse prevention and education programs in communities and schools, and engage in other related activities as required by law. The Drug Abuse Prevention and Education Advisory Council and the Narcotics Enforcement Advisory Council are also established to make policy recommendations to the appropriate departments concerning programs involving

substance and enforcement. The Governor's Alliance on Substance Abuse is transferred to the control and supervision of the Drug Enforcement and Abuse Prevention Coordinator effective July 1, 1990.

Appropriations are made to the Department of Public Safety, the Attorney General, and the Iowa Law Enforcement Academy for additional personnel and equipment specifically related to law enforcement training and providing more officers and other personnel directly related to narcotics enforcement. Appropriations are made to the Department of Corrections for correctional substance abuse treatment programs.

The Act imposes longer sentences to be determined by the amount of the controlled substance involved and imposes longer sentences where a violation of section 204.401 (controlled substances) occurs and a firearm or offensive weapon is used.

The Act imposes a minimum ten year term of confinement for distributing controlled substances in or on, or within one thousand feet of a public or private school. The Act prohibits a person from acting or conspiring with, entering into a common scheme with, or recruiting another person for the purpose of delivering a controlled substance to persons under eighteen years of age. Such violations are punished as class "D" felonies.

A Youth 2000 Coordinating Council is established within the Department of Education to identify policy options and methods which will enable state agencies to more efficiently deliver state services for youth and address problems affecting youth.

The Act also provides procedures and requirements for the issuance of court orders for the interception of wire or oral communications by electronic, mechanical, or other devices when the interception may provide or has provided evidence of the commission of felony offenses involving dealing in controlled substances, as defined in section 204.101, subsection 6.

HOUSE FILE 785 - Iowa Plan Fund Appropriations

BY COMMITTEE ON APPROPRIATIONS. This Act sets the amounts of the appropriations for the 1989-1990 fiscal year from four accounts of the Iowa Plan Fund, where lottery revenues are deposited, as follows:

JOBS NOW CAPITALS ACCOUNT: The Act appropriates for AFIS-fingerprint computer (\$410,000); for tourism promotion building at the state fairgrounds (\$400,000); for Historic Resource Fund (\$1,000,000); for the Gothic House at Eldon (\$100,000); for the emergency medical equipment program (\$1,500,000); for the Clear Lake park road (\$125,000); for a special events fund (\$100,000); for a community-based recreational and educational grant program (\$500,000); for research in the area of electromagneto-hydrodynamics ventricular assist devices (\$250,000); and for maintenance and furnishings at Terrace Hill (\$50,000).

JOB'S NOW ACCOUNT: The Act appropriates for the Research Enhancement and Protection Fund (\$8,000,000) [See House File 769 under Natural Resources]; for welcome centers (\$700,000); for the Iowa product development corporation (\$1,500,000); for the community cultural grants program (\$650,000); for satellite centers (\$1,545,000); for federal procurement offices (\$80,000); for Iowa Main Street program (\$343,000); for business incubators (\$250,000); for rural incubators and technical assistance centers (\$600,000); for rural development programs (\$175,000); for a summer jobs program for young adults (\$800,000); for the Area School Job Training Fund (\$1,000,000); for public/private partnerships to aid agricultural marketing (\$450,000); for area school equipment purchases (\$750,000); for labor management councils (\$200,000); for wool and sheep promotion (\$250,000); for the Business Development Finance Corporation Fund (\$2,650,000); for the Town Square program (\$120,000); for artists endowments (\$100,000); for preserving, exhibiting, and developing of historic resources (\$270,000); for the Small Business Innovation Research program (\$100,000); for the councils of governments (\$300,000); for the Job Retraining program (\$2,000,000); for the Rural Mainstreet program (\$296,000); for the Rural Enterprise Fund (\$400,000); for the Sister State program (\$80,000); for various housing and homeless assistance programs (\$3,495,000); for small business development centers (\$1,300,000); for juvenile detention homes (\$250,000); and for the Productivity Enhancement program (\$150,000).

EDUCATION AND AGRICULTURAL RESEARCH AND DEVELOPMENT ACCOUNT: Appropriations for research and development at state colleges and universities (\$6,400,000) but out of this comes funds for a patent depository library (\$40,000); for identifying development trends (\$60,000); for operation of three university and private industry research and development consortiums at ISU, UNI, and U of I (\$300,000); for the Decision-making Institute and an economic development training program at UNI (\$700,000); for the INTERNET foundation (\$650,000) [See H.F. 686, under Economic Development]; and for technology innovation center and applied technology program at ISU, U of I and UNI (\$300,000). Also from the Account is appropriated funds for research parks at U of I (\$221,000) and ISU (\$250,000); for technology transfer for the livestock industry (\$300,000); and the amorphous semi-conductor project at ISU (\$500,000).

COMMUNITY ECONOMIC BETTERMENT ACCOUNT (CEBA): The Act appropriates \$4,650,000.

SURPLUS ACCOUNT: The Act makes supplemental appropriations for the 1988-1989 fiscal year for biodegradable plastics research at ISU (\$398,000) and at U of I (\$183,000); for polymer and elastomer recycling research at UNI (\$131,000); for development of biodegradable plastics standards (\$75,000) and marketing of the plastics (\$75,000); for toxic waste cleanup days (\$400,000); for a "Drug Tip Hotline" (\$50,000); and for enforcement and regulation of riverboat gambling (\$400,000). The Act is effective June 3, 1989, for purposes of these appropriations.

The Act also authorized the Iowa Finance Authority to issue its bonds and notes

for providing loans to cities and counties for new and traditional infrastructure purposes.

THE GOVERNOR ITEM VETOED THE FOLLOWING:

1. \$60,000 from the Education and Agricultural Research and Development Account for providing staff to identify development trends.
2. \$100,000 for the Jobs Now Capitols Account for a special events funds.
3. \$75,000 from the Surplus Account for the marketing of biodegradable plastics.

HOUSE FILE 789 - Appropriations for Energy Conservation and Environmental Protection

BY COMMITTEE ON APPROPRIATIONS. This Act appropriates moneys from the funds within the Energy Conservation Trust to the Division of Community Action Agencies of the Department of Human Rights and to the Department of Natural Resources; provides for reversion, to the Energy Conservation Trust, of certain moneys not expended pursuant to the appropriation made for the fiscal year beginning July 1, 1987, and ending June 30, 1989; provides for the appropriation of moneys for administration of the petroleum overcharge programs; authorizes the Energy Fund Disbursement Council to extend reversion dates if necessary; and provides for extension of the reversion date for the moneys appropriated to the Department of Natural Resources for the fiscal period beginning July 1, 1986.

HOUSE FILE 795 - Appropriations Relating to Agriculture and Drought Assistance

BY COMMITTEE ON APPROPRIATIONS. This Act relates to drought assistance. The Department of Agriculture and Land Stewardship is appropriated \$100,000 for administration of the hay hotline, for climatological services, and for laboratory analysis, testing, and sampling of agricultural products for aflatoxin contamination. The Department is charged to administer an effective program for detecting aflatoxin in milk. Test results below an established response level are to be disclosed only by persons authorized by the Department. One hundred fifty thousand dollars is appropriated to Iowa State University of Science and Technology to provide a central clearinghouse in each county for drought-related information, and to administer a rural concern drought hotline, to implement a forage testing program, and to develop a library of drought samples. The Department of Natural Resources is charged with implementing a statewide water conservation education program. The State Department of Transportation is ordered to cease spraying of pesticides along roadsides until at least January 1, 1990, unless the spraying is to control noxious weeds. The Department of Agriculture and Land Stewardship, the

Department of Natural Resources, and Iowa State University of Science and Technology must not expend moneys or implement provisions of the Act until at least fifteen counties are subject to a proclamation of a disaster emergency due to a drought which is issued by the Governor.

HOUSE FILE 799 - Appropriations and Provisions Relating to Human Services, Education, Cultural Affairs, Transportation, and Finance

BY COMMITTEE ON APPROPRIATIONS. This Act appropriates funds for the fiscal year beginning July 1, 1989, to the Department of Human Services for one-time emergency grants to licensed child care centers with a specified population and to the State Board of Regents for deferred maintenance projects and other capital expenditures.

In addition, of the moneys appropriated in H.F. 774 for the establishment of a statewide telecommunications system, moneys may be used by the Public Broadcasting Division to match federal funds awarded for the establishment of a telecommunications system pilot project.

If the Governor deems the ending general fund balance sufficient as of June 30, 1989, moneys are appropriated for specific capital projects at institutions of higher education of the State Board of Regents. The Governor will determine which projects are to be funded under the section. Authority is provided for the State Board of Regents to issue revenue bonds to finance any of the projects not funded by appropriation.

The Act also clarifies the awarding of grants under the "Iowa Minority Academic Grants for Economic Success" program and provides funding in the 1988-1989 fiscal year to support a convention of the Outdoor Writer's Association of America scheduled for June 1989. The funding for the convention is effective June 5, 1989.

THE GOVERNOR ITEM VETOED THE FOLLOWING:

1. An appropriation to the Department of Human Services for various needs, including major maintenance projects, capital projects, juvenile institutions, and child daycare providers.
2. A requirement that the State Board of Regents present construction budgets for University of Iowa projects to the Legislative Council for approval prior to the beginning of the construction of any project.
3. An appropriation to the School for the Deaf for a capital project.
4. An appropriation to the Department of Cultural Affairs for replacement of the Public Broadcast Division's Channel 12 transmitter.

5. An appropriation to the State Department of Transportation for airport projects.

6. An appropriation to the Department of Personnel for capitol complex child care.

7. An appropriation to the Iowa Finance Authority for housing programs.

RELATED LEGISLATION

- House File 447** - Petroleum Underground Storage Tanks
SEE ENVIRONMENTAL PROTECTION. This Act provides assistance to persons owning and operating underground storage tanks and authorizes sale of gasoline at prices of tenths of one cent per gallon.
- House File 675** - Geographic Data Base Systems
SEE LOCAL GOVERNMENT. This Act provides for the use by the private sector at a reasonable user fee of a computer data base financed by a government body.
- House File 684** - Trade Name Reporting
SEE LOCAL GOVERNMENT. This Act requires the county recorder to submit to the Secretary of State a monthly listing of changes in the listing of persons covered by a trade name.
- House File 779** - Appropriations and Other Provisions Relating to State Regulatory Agencies and the Public Defender
SEE APPROPRIATIONS. This Act appropriates moneys for various regulatory state agencies.
- House File 790** - Real Estate Appraisal
SEE STATE GOVERNMENT. This Act provides for establishment of an Iowa Real Estate Appraiser Board and establishes standards and fees for real estate appraisals.

BUSINESS, BANKING, AND INSURANCE

SENATE FILE 130 - Electronic Funds Transfers

BY DELUHERY. This Act revises provisions on the terms and conditions of the establishment and operation of point-of-sale and automatic teller machine terminals. New definitions enacted include "access device", "on-line point-of-sale terminal", "off-line point-of-sale terminal", "personal terminal", and "reciprocal basis". The Act provides for a financial institution whose licensed or principal place of business is located outside of Iowa, is permitted to establish, control, maintain, or operate satellite terminals if the other state offers Iowa financial institutions similar privileges and if the terminals established are available on a nondiscriminatory basis to customers of other financial institutions. Effective January 1, 1990, the existing conditions for establishing terminals in Iowa by Iowa financial institutions are altered by expanding the permissible territory in which a financial institution may provide EFT-related services and other changes. The Act governs the use of new classes of terminals for access to the electronic funds transfer system and the establishment of terminals and automatic teller machines.

SENATE FILE 218 - Credit Union Investments

BY DELUHERY and LIND. This Act permits credit unions to invest in high grade corporate bonds, rated AAA or AA, within limits adopted by rule of the Superintendent of Credit Unions.

SENATE FILE 231 - Alternative Operator Telephone Services

BY BRUNER. This Act subjects alternative telephone operators (AOS) to regulation by the State Board of Utilities even if the AOS is providing otherwise deregulated competitive services. "Alternative operator services company" (AOS) is defined to include a company which provides operator assistance to end-user customers through live or automated intervention, on calls placed from other than ordinary residence or business telephones. An AOS does not include services provided under contract to rate-regulated local exchange utilities. This definition includes primarily operator services provided through pay-phones and hotel phones.

The Utilities Board is required to adopt rules for the provision of services by AOS and contracting entities and billing for such services performed through local exchange utilities.

This Act is effective May 2, 1989.

SENATE FILE 272 - Insurance Agents and Administrators

BY COMMITTEE ON COMMERCE. This Act regulates managing general agents and third-party administrators (TPAs) for insurance companies. The Act grants the Commissioner of Insurance authority to review and approve or disapprove the contracts between general agents or TPAs and an insurance company, including the terms of compensation. The Commissioner may also review and regulate activities by a general agent or TPA which, if performed by the insurance company, would be within the Commissioner's power to regulate. The Act specifically provides, among other restrictions, that the terms of compensation for general agents or TPAs may not be contingent on claim experience on policies administered by the general agent or TPA.

SENATE FILE 278 - Retirement Facilities

BY DELUHERY. This Act relates to continuing care retirement communities, variously known as life care, senior adult congregate care, and other names, which provide contractual services in addition to the basic retirement or nursing living unit, by applying a disclosure system similar to the sale of other investments. Continuing care retirement communities which charge an entrance fee to residents are required to file a disclosure statement with the Division of Insurance of the Department of Commerce, similar to a stock prospectus, and to provide the disclosure statement and annual statements to prospective residents, residents, residents' personal representatives, if any, and the Division. The Act details the contents of the required disclosure statement and annual report and imposes civil and criminal penalties for noncompliance. Entrance fees for new construction are required to be escrowed until certain conditions are satisfied. Residents and prospective residents are given a limited right to cancellation of continuing care contracts. The initial filing for existing facilities is delayed until January 1, 1990.

SENATE FILE 291 - Mobile Homes

BY COMMITTEE ON JUDICIARY. This Act permits a person to perfect a security interest in a mobile home, which has been converted to real property, by taking or retaining possession of the title to the mobile home in lieu of a mortgage. Currently, a mortgage is the only permitted form of security interest when the owner converts the mobile home to real estate. To provide adequate notice, if the retention of title option is chosen, the secured party must perfect the security interest by making a fixture filing. A secured party who obtains possession of a mobile home which has been converted to real estate may apply for reconversion of the mobile home to personal property. (A mobile home is considered personal property, similar to an automobile, but can be converted to real estate when it is attached to real estate as a fixture, similar to any other type of building, however, a mobile home may be reconverted to personal property when it is detached from the land to be moved.)

SENATE FILE 361 - Alternative Mortgage Loans

BY HUTCHINS. This Act specifically authorizes reverse annuity mortgages and graduated payment mortgages, and provides a regulatory structure and standards. The Iowa Finance Authority is authorized to develop a model reverse annuity mortgage and to offer bond financed reverse annuity mortgages to eligible Iowans. In a reverse annuity mortgage the proceeds of a loan on property owned by the mortgagor are used to purchase an annuity to provide a guaranteed stream of income for the life of a person entitled to live on the property for life. Upon the death of the person receiving the annuity (typically the mortgagor) the financial institution receives the property. The reverse annuity mortgage is a financial device to permit persons, especially elderly persons to access the equity in their homes without losing the use of their homes.

SENATE FILE 407 - Unclaimed Personal Property

BY COMMITTEE ON STATE GOVERNMENT. This Act changes the treatment of corporate property upon dissolution to be identical to procedure used for property held by state courts, public officers, and officials. A claim must be centrally filed with the Treasurer of State. Various transition and procedural provisions relating to the Unclaimed Property Trust Fund are included, as well as a new presumption of abandonment for all intangible personal property held by the Treasurer, court, or other public official for more than two years. Regulates agreements to pay compensation to recover or assist in the recovery of property held by the state, and limits the maximum percentage of recovery which can be paid in compensation.

SENATE FILE 416 - Identification Cards for Private Investigation and Security Agents

BY COMMITTEE ON JUDICIARY. The Department of Public Safety is required to issue a temporary, fourteen-day identification card to a person applying for a private investigation or security business license, and to each employee of the applicant. The fee for identification cards is increased from three dollars to ten dollars.

SENATE FILE 462 - Credit Charges

BY COMMITTEE ON COMMERCE. This Act increases the permissible loan service charge for an industrial loan company from the lesser of two percent of the loan or \$40 up to the lesser of two percent of the loan or \$120. Also increases the permissible interest rate on consumer loans pursuant to open end credit from 18% up to 19.8%.

SENATE FILE 475 - Uniform Commercial Code Amendments

BY COMMITTEE ON JUDICIARY. This Act adopts amendments to Article 8 of the Uniform Commercial Code on investment securities as recommended by the National Conference of Commissioners on Uniform State Laws in 1977. The Act conforms with national standards to recognize a new class of uncertificated securities as well as the traditional uncertificated securities. The amended Article 8 does not determine whether a particular issue of securities should be represented by certificates, in whole or in part. The initial determination of form is made by the issuer under the appropriate state Blue Sky Laws or federal securities laws. The revised Article 8 and the conforming amendments to other chapters of the Uniform Commercial Code only determine how to deal with certificated or uncertificated securities after their creation.

SENATE FILE 486 - Consumer Rental Purchase Agreements

BY COMMITTEE ON JUDICIARY. This Act revises the 1988 consumer rental purchase agreement legislation in response to industry and Attorney General's experience and comments. "Rent-to-own" contracts are required to detail the method and price or price formula used to calculate the purchase price prior to the end of the lease term. The maximum buy-out percentage is changed from 55% to 50% of all lease payments. A consumer may now collect civil damages including attorney fees, for a violation of the Iowa Debt Collection Practices Act if the debt arose in connection with a consumer rental purchase agreement.

SENATE FILE 502 - Business Corporations

BY COMMITTEE ON JUDICIARY. This Act establishes a new general business corporation law to replace existing Chapter 496A. The existing law was adopted in 1959 and was based on the then existing Model Business Corporation Act. In 1984, the Committee on Corporate Laws of the American Bar Association adopted a total revision of the Model Act and this Act is based on that Revised Act, with minor variations to accommodate existing Iowa law and necessary transition provisions.

The Act repeals Chapter 496A, and requires corporations chartered under Chapter 496A to convert to the new chapter 493B. All new corporations, with a few narrow exceptions, must be chartered under the new Revised Model Act, chapter 493B. All foreign corporations are required to become admitted to do business under the new chapter.

Among the major substantive changes are the following:

The concept of par value of shares is eliminated.

A corporation is permitted to issue shares of stock for whatever consideration is deemed appropriate by its board of directors (securities laws may influence this decision).

All forms of distributions to shareholders are subject to the same standards. Under current law, differing standards exist in areas of dividends, partial liquidations, redemptions, and repurchases. The Act specifies that any such distribution may not take place if the corporation would thereby be insolvent or could not pay its liabilities or make distributions to shares with a liquidation preference.

Corporate action can be taken without a meeting by consent of the holders of 90% of the stock, while existing law requires that such consents be unanimous.

A quorum of shareholders can be such number as specified in the articles and does not require that it be any specific minimum. The Act would limit the ability of directors to increase or decrease the number of members on the board by more than 30%.

The Act permits a corporation, by vote of its shareholders, to agree to a mandatory exchange of shares with another corporation. The Act eliminates the concept of consolidation of two corporations into a third.

The Act changes many of the procedures to be used in a merger and permits the merger to be approved by a majority of the shareholders.

The Act permits involuntary dissolutions of a corporation to be accomplished through administrative actions by the Secretary of State if the corporation has failed to meet its reporting requirements. The Act permits reinstatement of a dissolved corporation for a two-year period after the Secretary of State's involuntary dissolution of the corporation for failure to report.

Two changes from the Model Revised Business Corporation Act include the express recognition of poison pill corporate takeover defenses and specific authorization to the board of directors to consider community interests as well as the interests of shareholders in the consideration of takeover or merger offers, without offending the business judgment rule.

This Act is effective December 31, 1989.

HOUSE FILE 98 - Bank Offices and United Community Bank Offices

BY SHERZAN. This Act permits the merger of affiliate banks of a bank holding company into a single united community bank. The Act provides for tax purposes that the merged bank will pay the franchise tax on the same basis as the original affiliates would have. The Act increases the authorized number of bank offices within municipal corporations of various sizes. The Act regulates

the merger of affiliates and resulting bank offices. The Act does not authorize state-wide branch banking.

HOUSE FILE 199 - Health Insurance Mammography Coverage

BY COMMITTEE ON SMALL BUSINESS AND COMMERCE. This Act mandates the inclusion of certain minimum coverage for mammographic examinations in various forms of health expense reimbursement third-party payor contracts, such as individual and group accident and sickness insurance, nonprofit health service plans (i.e., Blue Cross/Blue Shield), and health maintenance organizations (HMO's). Long-term care policies are excluded from the mandate. The mandated benefits vary with the age of the patient.

HOUSE FILE 234 - Banking and Regulated Loans

BY COMMITTEE ON SMALL BUSINESS AND COMMERCE. This Act affects Chapters 523A and 524 regulating banks and trust companies within the state. The changes vary from technical definition changes to conform with federal law to resolution of apparent conflicts between existing Code sections. The changes expand the authority of the Superintendent of Banking and expand or contract the authority of the regulated banks and trust companies.

"Bank" and "trust company" are redefined to conform with the recently enacted federal Competitive Equality Banking Act of 1987. Restrictions are altered on the use of the term "bank" and "savings bank" in financial institution titles and advertising. The Act authorizes exchanges of otherwise confidential information between governmental regulators. The Act clarifies that an action by the Superintendent to take over the management of a state bank is not a contested case subject to administrative appeal. The Act grants greater discretion to incorporators and shareholders regarding the issue of director liability. The Act makes several changes to recognize the creation of the federal Agricultural Mortgage Corporation (FarmerMac) and the restructuring of the federal land banks and intermediate credit banks into the new federal "farm credit banks". The Act clarifies that the twenty percent investment limit of capital and surplus applies to all authorized mutual fund investments. Increases the authorized percentage of investment in a bank service corporation from ten to twenty percent. The powers of trust companies operating prior to January 1, 1970, are detailed by the Act. The Act permits a state bank to perform its trust functions at a single designated bank office location which is other than its principal place of business. Presently, all trust recordkeeping must be kept at the principal place of business. Authorizes banks chartered in two-bank municipalities since January 1, 1985, to be acquired and to be operated as a bank office subsequent to acquisition. The fees for regulated and industrial loan licenses, both resident and nonresident, are increased and made uniform. Section 524.906, regulating installment loans by state banks, is repealed by the Act.

HOUSE FILE 355 - Travel Agents

BY ROYER and HARBOR. This Act requires the registration of travel agencies and travel agents and regulates the solicitation and sale of travel services by travel agencies and travel agents. Filing of an annual registration statement is a condition of doing business in the state by any travel agency. The registration statement must include the names of authorized travel agents for that agency, among other information. A further condition of registration is evidence of financial security in the form of a performance bond for the benefit of a person who is injured by fraud, misrepresentation, or financial failure of the agency. A registrant who is already bonded as a condition of having contracted with the Airlines Reporting Corporation, the Passenger Network Services Corporation, or similar organizations, is not required to post a separate bond. Both criminal penalties and civil remedies are provided.

HOUSE FILE 380 - Real Estate Brokers and Salespersons

BY BISIGNANO. This Act allows real estate brokers to pay commissions to a broker associate or salesperson through a corporation which is wholly owned, or owned with a spouse, by the broker associate or salesperson.

HOUSE FILE 496 - Credit Services Organizations

BY RENKEN. This Act regulates credit services organizations. A credit service organization is a person who, with respect to the extension of credit by others and in return for the payment of money or other valuable consideration, offers to improve a buyer's credit record, history, or rating, to obtain credit for a buyer, to provide advice or assistance to a buyer to do any of the same things. A list of persons exempted from regulation as credit services organizations is included, primarily classes of persons already regulated under other chapters. Forms of prohibited conduct for a credit service organization are specified, and include false advertising and fraudulent practices. A bond or surety account is required for credit services organizations as a condition of the required registration to conduct business in the state. The registration with the Secretary of State must include a disclosure statement including specified information. The terms of a credit service organization's contract with a buyer are limited, and such contracts are required to include a three-day right of cancellation. Penalties and remedies include both criminal penalties for a violation and civil remedies, both equitable and legal.

HOUSE FILE 552 - Consumer Credit Code Amendments

BY CRONINGA. This Act amends provisions relating to Chapter 537, the Consumer Credit Code by providing for over-limit charges, surcharges, delinquency

charges, and certain other charges pursuant to open-end credit and cardholder agreements. Certain creditors and debt collectors are subject to notification procedures and the imposition of fees. Funds derived from the fees are not subject to reversion to the general fund and are to be used for the administration of Chapter 537.

HOUSE FILE 556 - Mortgage Satisfaction Acknowledgment

BY JAY. This Act provides that a mortgagee who fails to acknowledge satisfaction of the mortgage, within thirty days after the mortgage has been satisfied, is liable to the mortgagor for \$100 plus reasonable attorney fees incurred by the mortgagor or grantee in securing the release of the mortgage. However, a penalty shall not be assessed and reasonable attorney fees shall not be awarded where the mortgagor or grantee has sought relief or a penalty has been assessed pursuant to section 535B.11, relating to the servicing and paying of residential real estate mortgages.

HOUSE FILE 575 - State Bank Investments

BY COMMITTEE ON ECONOMIC DEVELOPMENT. This Act allows a state bank to invest in real estate. The investment must be approved by the Superintendent of Banking. The investment is limited to economic or community development purposes only. The total aggregate amount invested cannot exceed 20% of the capital and surplus of the state bank. The real estate purchased cannot be agricultural-zoned land. A state bank may acquire real estate at a sheriff's sale or other sale of real estate where the state bank has a lien or claim, in satisfaction of any obligation to the state bank, upon contracts for sale or improvement and sale if the contracts are executed concurrently or prior to the purchase, in exchange for real estate owned by the bank, in connection with salvaging the value of property owned by the state bank, or for the purpose of producing income through the improvement or erection of a building and the sale or rental of the property. A state bank may also invest in a community development corporation.

HOUSE FILE 645 - Mortgage Brokers and Mortgage Bankers

BY COMMITTEE ON SMALL BUSINESS AND COMMERCE. This Act revises the 1988 Mortgage Brokers and Mortgage Bankers Act.

The Act provides an exclusion by definition from the term "mortgage banker" for a natural person who services less than 15 first mortgage loans on residential real property and who does not sell or transfer the loans. The Act otherwise requires registration as a mortgage banker by any person who services four or more mortgage loans on residential real property. The Act expands a financial institution exemption from registration by excluding a financial institution or insurance company with a place of business in a county contiguous to the Iowa

border. The Act increases the annual registration fee from \$50 to \$100. The license fee for a mortgage broker remains \$200, but is increased for mortgage bankers from \$200 to \$400. Bonding requirements for license applicants are revised, and the amount of the required bond reduced. Notice to the mortgagor is required if servicing of the mortgage loan is transferred, sold, or purchased. A licensee or registrant is required to notify the administrator in writing at least 30 days prior to closing or otherwise ceasing operations at any office in the state.

HOUSE FILE 678 - Nonprofit Corporation Filings

BY COMMITTEE ON STATE GOVERNMENT. This Act revises various nonprofit corporate filing requirements and procedures, including permitting notice of a change of registered office or registered agent to be included in the annual statement filed with the Secretary of State, rather than in a separate filing as currently required. The Act otherwise relieves nonprofit corporations of the requirement of filing a variety of documents in duplicate.

HOUSE FILE 729 - Health Care Insurance

BY COMMITTEE ON SMALL BUSINESS AND COMMERCE. This Act provides that all group health insurance policies under Chapter 509, group subscriber contracts and plans of nonprofit health service corporations under Chapter 514, and prepaid group plans of health maintenance organizations under Chapter 514B must make available a provision for payment for covered health services determined to be medically necessary provided by a registered nurse if the services are within the scope of practice of a registered nurse. Provisions relating to data collection and utilization and cost control review are expanded to include registered nurses.

HOUSE FILE 735 - Enhanced 911 Telephone Service

BY COMMITTEE ON STATE GOVERNMENT. This Act revises a 1988 law permitting a local option surcharge to be imposed to finance in part the provision of Enhanced 911 (E911). A clarification is provided as to who may be a member of a joint 911 service board. A service board cannot commit a political subdivision to appropriate property tax revenues for E911 service without consent, and a joint board is not required to be established if the alternative of a Chapter 28E agreement created entity is selected. The option of approving the surcharge by mailed referendum to telephone subscribers is eliminated, leaving the single option of approving the referendum by a vote of the electorate in the service area. The service charge may be imposed immediately while an application to the Office of Disaster Services of the Department of Public Defense for approval of an E911 service plan is pending. If the plan is not approved within 18 months the surcharge must be removed, and may not be reimposed until a plan is approved. This Act is effective May 15, 1989.

CONSTITUTIONAL RESOLUTIONS

- House Joint Resolution 5 - Constitutional Amendment to Strike
Disqualification for Dueling
- House Joint Resolution 7 - Ratification of Amendment to United States
Constitution Regarding Congressional Compensation
- House Joint Resolution 12 - Equal Rights Amendment Proposed

CONSTITUTIONAL RESOLUTIONS

HOUSE JOINT RESOLUTION 5 - Constitutional Amendment to Strike Disqualification for Dueling

BY SPEAR. This Joint Resolution proposes an amendment to the Iowa Constitution repealing Article I, Section 5, which provides: "Any citizen of this State who may hereafter be engaged, either directly, or indirectly, in a duel, either as principal, or accessory before the fact, shall forever be disqualified from holding any office under the Constitution and laws of this State." The amendment requires the approval of the next General Assembly prior to a vote by the electors.

HOUSE JOINT RESOLUTION 7 - Ratification of amendment to United States Constitution Regarding Congressional Compensation

BY HAMMOND, PETERS, BROWN, JESSE, DVORSKY, WISE, SVOBODA, MERTZ, NIELSEN, SHEARER, PONCY, SHOULTZ, NEUHAUSER, LYKAM, BUHR, ARNOULD, CONNORS, HARPER, MUHLBAUER, JOHNSON, MCKINNEY, ADAMS, BLANSHAN, RENAUD, BRAMMER, BLACK, KOENIGS, KNAPP, PETERSON OF CARROLL, PAVICH, BRAND, MAY, COHOON, GRUHN, FULLER, FOGARTY, CONNOLLY, CHAPMAN, HATCH, OSTERBERG, FEY, SCHRADER, GRONINGA, OLLIE, ROSENBERG, HANSON OF DELAWARE, SIEGRIST, HALVORSON OF CLAYTON, HARBOR, METCALF, LAGESCHULTE, RENKEN, CORBETT, LUNDBY, DIEMER, BEAMAN, SHONING, TYRRELL, DE GROOT, SCHNEKLOTH, PLASIER, BRANSTAD, VAN MAANEN, EDDIE, PETERSEN OF MUSCATINE, MCKEAN, GARMAN, PELLETT, KISTLER, BANKS, KREMER, MILLER, MAULSBY, HESTER, CLARK, CARPENTER, TRENT, DAGGETT, STROMER, BENNETT AND SPENNER. This Joint Resolution ratifies a proposed amendment to the United States Constitution providing that a law varying the compensation of members of Congress shall not take effect until a congressional election intervenes between the enactment of the law and the effective date of the compensation change.

HOUSE JOINT RESOLUTION 12 - Equal Rights Amendment Proposed

BY DODERER, ARNOULD, AVENSON, TABOR, BENNETT, SHOULTZ, PETERSEN OF MUSCATINE, SHEARER, MUHLBAUER, PELLETT, GRUHN, MILLER, HERMANN, FOGARTY, MCKEAN, HOLVECK, COHOON, KISTLER, EDDIE, BRANSTAD, PAVICH, OSTERBERG, PONCY, METCALF, CHAPMAN, RENAUD, SCHRADER, CONNOLLY, BUHR, GRONINGA, BRAND, FEY, SIEGRIST, JOCHUM, CLARK, ROSENBERG, OLLIE, KOENIGS, LAGESCHULTE, ADAMS, MERTZ, TRENT, SHONING, HAMMOND, HAVERLAND, CORBETT, HALVORSON OF CLAYTON, HANSON OF DELAWARE, PETERS, HESTER, HARBOR, TEAFORD, BLANSHAN, HARPER, SHERZAN, LUNDBY, CARPENTER, SWARTZ, WISE, DVORSKY, CONNORS, HALVORSON OF WEBSTER, JAY, MAY, NIELSEN, FULLER, MCKINNEY, JOHNSON, BISIGNANO, BRAMMER, STUELAND, MAULSBY, NEUHAUSER, BEATTY, HIBBARD, HATCH, KNAPP, SPEAR, BLACK, LYKAM, JESSE, BROWN, SCHNEKLOTH, KREMER, DIEMER, PETERSON OF CARROLL AND HANSEN OF WOODBURY. This Joint Resolution proposes an amendment to the Constitution of the State of Iowa which would

provide for equality of rights under the law for both men and women. The proposed amendment is commonly referred to as the "state equal rights amendment". Before the amendment would become part of the Constitution, the amendment must be adopted again by the General Assembly in 1991 or 1992 and adopted and ratified by the voters at a general election.

RELATED LEGISLATION

- Senate File 155 - Domestic Abuse Counseling
SEE HUMAN SERVICES. This Act provides that a court may order a child, who is a member of a household where an incident involving domestic abuse has occurred, to receive professional counseling.

- Senate File 426 - Sexual Abuse**
SEE CRIMINAL JUSTICE. This Act provides that evidence concerning the past sexual behavior of an alleged victim is not admissible in an action for damages by the alleged victim against the person accused of sexual abuse.
- Senate File 540 - Children's Programs and Related Procedures**
SEE HUMAN SERVICES. This Act provides that juvenile courts are granted exclusive original jurisdiction in proceedings concerning the substance abuse commitment of a minor.
- House File 196 - Adoption Information Forms**
SEE HUMAN SERVICES. This Act requires the clerk of district court to collect and forward to the Department of Human Services certain data from persons petitioning the court regarding matters relating to adoption.
- House File 373 - Swimming Pools and Spas**
SEE HEALTH. This Act exempts the state from certain tort claims arising from injuries occurring at swimming pools or spas.
- House File 402 - Voluntary Foster Care Placement**
SEE HUMAN SERVICES. This Act provides a court jurisdiction over voluntary foster care placements of handicapped children, sets forth requirements for a petition, and establishes procedural requirements for determination of placement.
- House File 403 - Child Support**
SEE HUMAN SERVICES. This Act authorizes the State Supreme Court to prescribe uniform child support guidelines, and to apply the guidelines with the Department of Human Services in establishing support obligations for foster care.
- House File 529 - Liability Arising From Food Donations**
SEE HEALTH. This Act expands an exemption from civil or criminal liability for donating foodstuffs to needy individuals.
- House File 579 - Involuntary Hospitalization of the Mentally Ill**
SEE HUMAN SERVICES. This Act requires the Clerk of Court to provide copies of court orders to a requesting interested person regarding a matter of involuntary hospitalization, if the respondent in the matter signs a waiver. The Act also requests the State Supreme Court to perform a study of issues relating to involuntary commitment.
- House File 585 - Guardians, Conservators, Medical Decision Makers, and Representation Payees**
SEE HUMAN SERVICES. This Act relates to guardianship and conservatorship proceedings. Limits are placed on the personal liability of guardians and conservators. The Act

provides for the waiver of court costs in indigent cases and for the termination of a guardianship or conservatorship.

House File 641 - AIDS-Related Procedures

SEE HEALTH. This Act provides that criminal or civil liability does not arise from failing to disclose to third parties information relating to a medical test for a human immunodeficiency virus.

House File 662 - Court Proceedings For Support of Dependent Children

SEE HUMAN SERVICES. This Act provides that where a dependent child resides in another state, court proceedings may be filed with the district court in the county where the absent parent resides.

House File 688 - Children In Need of Assistance

SEE HUMAN SERVICES. This Act amends provisions relating to child in need of assistance proceedings and the termination of parental rights proceedings.

House File 690 - Protection of Children

SEE HUMAN SERVICES. This Act relates to "child in need of assistance" procedures, by expanding the classification, amending procedures and grounds for temporary removal of a child, providing for open hearings, requiring the expunging of information relating to child abuse, and providing exceptions to nondisclosure of child abuse information.

House File 772 - Corrections, Courts, and Justice Department Appropriations and Provisions

SEE APPROPRIATIONS. This Act appropriates funding for the courts and contains various provisions affecting specific judicial districts.

COURTS AND JUDICIAL PROCEEDINGS

SENATE FILE 111 - Foreign Money Judgments

BY JENSEN. This Act establishes a new chapter entitled the Uniform Foreign Money-Judgments Recognition Act. The Act defines a foreign judgment as a judgment of a court of a foreign state. A foreign state is defined as any governmental unit other than the United States, a state, district, commonwealth, territory, insular possession of the United States, the Panama Canal Zone, the Trust Territory of the Pacific Islands, or the Ryukyu Islands.

The provisions of the Chapter are to apply to any judgment which is final and conclusive. The Act sets forth those instances where a judgment is not final and conclusive. Several instances are described where a foreign judgment is not to be refused recognition for lack of personal jurisdiction and it is provided that a court of this state may recognize other bases of jurisdiction.

The Chapter is to be interpreted and construed so as to make uniform the law of those states which enact the same law.

In contrast to this Act, Chapter 626A, enforcement of foreign judgments, affects judgments, orders, and decrees of a court of the United States or of any other court which is entitled to full faith and credit in this state.

This Act is effective May 5, 1989.

SENATE FILE 128 - Juvenile Court-Related Reports

BY COMMITTEE ON JUDICIARY. This Act provides that juvenile court officers are no longer required to file annual reports relating to juvenile court activities with the Department of Human Services. The responsibility for collecting and compiling this information is transferred to the State Court Administrator.

SENATE FILE 129 - Release of Child Abuse Information

BY COMMITTEE ON JUDICIARY. This Act allows a probation or parole officer, juvenile court officer, or adult correctional officer to access child abuse information, other than unfounded child abuse information, concerning a person the officer has custody or supervision of, or a person being investigated by the officer for a court or the board of parole as a child abuser.

SENATE FILE 202 - Notice to Judicial Nominating Commission of Vacancy on Court

BY JUDICIARY. This Act increases the time period from 60 to 120 days within which the State Commissioner of Elections must notify the chairperson of the appropriate judicial nominating commission that a vacancy in the Supreme Court, Court of Appeals, or a district court, has occurred or will occur.

SENATE FILE 253 - Postconviction Relief Action Time Limit

BY COMMITTEE ON JUDICIARY. This Act provides that a postconviction relief action which arises out of a prison disciplinary proceeding must be filed within 90 days after the date the disciplinary decision is final. Previous law provided that such action must be filed within three years after the date the conviction or decision is final. An applicability provision is provided to allow a six-month period for actions to be brought with respect to final decisions entered prior to July 1, 1989.

SENATE FILE 275 - Probate Code Amendments

BY COMMITTEE ON JUDICIARY. This Act provides for certain changes relating to notice provisions in the administration of estates. If a petition, report, or application for an order in probate is certified, a written certification is to be included that the petition, report, or application is correct. The administrator is required to notify by ordinary mail at any time during the pendency of administration of an estate, any person the administrator believes owns or possesses a claim which will not or may not be paid or otherwise satisfied during administration.

Any action to set aside the probate of the will, under the provisions related to administration of a will with or without administration, must be filed within the later to occur of four months (current law) and one month from the date of mailing of the notice to heirs of the decedent and devisees under the will as required under the affected sections. Claims against the decedent's estate must be made within that same time frame.

Payment of debts and charges is to be made upon the expiration of the later of four months or one month after the service of the notice by ordinary mail upon all claimants whose identities are reasonably ascertainable at their last known addresses and whose claims will not or may not be paid or otherwise satisfied during administration.

The Act also provides that the personal representative is to file a statement as to whether all statutory requirements pertaining to claims have been complied with in the personal representative's final report.

SENATE FILE 276 - Recording of Federal Liens

BY COMMITTEE ON JUDICIARY. This Act provides that current Iowa law concerning the filing of federal tax liens is applicable to the filing of all federal liens. Filing officers, which were required to keep a file labeled "federal tax liens filed prior to July 1, 1970", containing those notices, are now required to maintain a file with all federal tax lien filings on or after July 1, 1970, and before July 1, 1989.

SENATE FILE 343 - Action for Recovery of Merchandise or Damages

BY COMMITTEE ON JUDICIARY. This Act provides that the wrongful appropriation or possession of merchandise without payment can subject a person to civil penalties. These penalties include the return of the merchandise or the payment of the purchase price, payment for any decrease in the value of the merchandise once returned, and payment of the costs incurred by the owner (not to exceed \$200) in getting the merchandise returned or in seeking a judgment for damages. The Act also provides that the custodial parent or parents of an unemancipated child can be held responsible for the payment of a judgment against the child, up to set dollar limitations.

SENATE FILE 397 - District Court Clerks' Salaries

BY COMMITTEE ON JUDICIARY. This Act eliminates the cap on the salaries of the clerks of the district court and provides that the State Court Administrator is to set those salaries in accordance with the pay plan for court employees established by the Supreme Court and within salary appropriations made by the General Assembly.

SENATE FILE 406 - Court Reporters' Continuing Service

BY COMMITTEE ON JUDICIARY. This Act provides that upon the occurrence of a judicial vacancy, the court reporter, appointed by that judge, is to receive the court reporter's regular benefits (in addition to salary now provided) until the successor judge appoints a court reporter.

SENATE FILE 434 - Court Fees

BY COMMITTEE ON JUDICIARY. This Act changes court fees for certain filings and services. The \$45 filing and docketing fee, for the modification of a dissolution decree to which a written stipulation is attached at the time of filing containing the agreement of the parties to the terms of the modification, is eliminated. The fee for a certificate and seal is decreased

from \$20 to \$10 with certain other probate fees increased to partially offset the revenue lost as a result of the certificate and seal fee change.

SENATE FILE 459 - Senior Judges' Benefits

BY COMMITTEE ON JUDICIARY. This Act provides that the state shall pay the state's share of a senior judge's medical insurance premium until the judge attains age sixty-five. The Act also provides that a judge who elects to retire prior to meeting the minimum requirements for entitlement to an annuity pursuant to section 602.9106, may serve as a senior judge, but the judge shall not be paid an annuity until attaining age sixty-five.

SENATE FILE 491 - Destruction of Court Files

BY COMMITTEE ON JUDICIARY. This Act provides that the Clerk of the District Court may destroy an original court file after the contents have been reproduced and eliminates the requirement that the Clerk must wait ten years from the date the decree or judgment is entered.

SENATE FILE 494 - Inheritance Through Class Gift Devisee

BY COMMITTEE ON JUDICIARY. This Act provides that the heirs of a devisee of a class gift shall inherit the property devised to the devisee of the class gift, provided the devisee of the class gift is alive at the time of the execution of the will. The Act applies to all wills admitted to probate on or after July 1, 1989.

SENATE FILE 498 - Magistrates and District Associate Judges

BY COMMITTEE ON JUDICIARY. This Act relates to the appointment, terms, retention, and qualification of Magistrates as follows:

The Act provides that the appointment of a District Associate Judge in lieu of Magistrates as provided in section 602.6403 is not to be made if the effect would be to remove a Magistrate prior to the expiration of the Magistrate's term.

The term of office of a Magistrate is increased from two to four years and the term of office of all Magistrates in a county is deemed to expire if a substitution or a change in allocation results in a reduction in the number of Magistrates holding office in the county. A person is not qualified for appointment as a Magistrate if the person has reached age seventy-two at the time of appointment. Prior law provided that the person would not be qualified if the person could not complete the term of office before reaching age seventy-two. This Act is effective May 3, 1989.

SENATE FILE 506 - Small Estate Administration

BY COMMITTEE ON JUDICIARY. This Act provides for the administration by a grandchild of a small estate where gross value of the estate does not exceed \$15,000. The Act also provides that the name and address of any surviving grandchild is to be included in the petition for administration if the grandchild is an heir or beneficiary of the decedent.

The executor or administrator remains personally liable for the payment of debts and charges against the estate to the same extent as an executor or administrator of any other estate. The time period within which the executor or administrator is to file a closing statement is shortened from nine to six months. The estate is to be closed 60 days (previously one year) after the filing of the closing statement is filed, if no actions or proceedings involving the estate are pending. The time within which a person may petition for appointment of an executor or administration of the estate other than as a small estate is shortened from one year to four months after letters of administration are issued. Notice of the granting of a petition for administration as a small estate is to indicate administration as a small estate.

The executor or administrator is not to distribute any property not exempt from execution, prior to four months (previously 60 days) after the issuance of the letters of appointment.

SENATE FILE 508 - Nonstatutory Liens

BY COMMITTEE ON JUDICIARY. This Act provides that prior to the filing of a common law lien, an equitable servitude lien, or lien of similar nature, the district court shall hold a hearing to determine the validity of the lien. Notice must be provided by the claimant to the owner of the real or personal property against which the lien is sought, or to any other person who has a lien against the property or who has other interest in the property. If the court determines that the attempt to file the lien was willful and malicious, a judgment for reasonable damages, including actual damages, costs, and attorneys' fees may be entered against the party attempting to file the lien. Any liens filed in a manner other than as provided in this section are null and void. This Act is effective May 15, 1989.

HOUSE FILE 9 - Judgment for Criminal Restitution Payments

BY PETERSON OF CARROLL. This Act revises provisions relating to restitution ordered by the sentencing court against a criminal offender. The Act provides that the court may enforce a plan of restitution, plan of payment, or community service requirement if ordered as restitution, when the offender fails to comply by entering a civil judgment against the offender. The civil judgment

requires prior notice and hearing on the issue. The judgment is subject to execution and the law relating to judgments, judgment liens, and other process available to creditors for the collection of debts.

HOUSE FILE 20 - Child Custody and Visitation Mediation

BY COMMITTEE ON HUMAN RESOURCES. This Act establishes a pilot program of mediation in disputed issues of child custody and visitation in dissolution cases beginning January 1, 1990, and ending December 31, 1991. The program shall be administered by the state court administrator and implemented in a district court which has agreed to serve as the project site.

Subject to certain exceptions, the court is required to order parties to participate in mediation on the issues of child custody and visitation.

The court would designate a mediator from a list of qualified mediators. Mediators may be employees of a dispute resolution center under contract to the court. To qualify as a mediator, a person must have twenty-five hours of training in mediation techniques. The mediator reports results of a mediation proceeding to the court by a certain date. Costs of mediation are to be borne by the parties unless one or both of the parties are indigent.

The court is required to provide an evaluation of the program and recommendations as to the feasibility of adopting mediation of child custody and visitation statewide.

HOUSE FILE 791 - Judge and Magistrate Applications and Appointments

BY ARNOULD and STROMER. This Act provides that a person certified as a Magistrate by a Magistrate Appointing Commission, may be decertified for good cause prior to the commencement of the term of the magistrate. Notice of the decertification is to be sent to the Clerk of the District Court, the Chief Judge of the Judicial District, and the State Court Administrator. The Act also provides that a candidate for appointment to the office of District Associate Judge or Magistrate must file a certified application form, provided by the Supreme Court, with the Chairperson of the County Magistrate Appointing Commission. This Act is effective May 23, 1989.

RELATED LEGISLATION

- Senate File 46 - Vetoed by the Governor
SEE LOCAL GOVERNMENT. This bill provided for employment of inmates of state correctional

facilities by the local government and private employers.

- Senate File 216 - Cremation Permits
SEE HEALTH. This Act establishes a criminal penalty for failing to obtain a permit before cremating a body.
- Senate File 531 - Appropriations and Provisions Relating to Law Enforcement, Public Defense, Public Safety, and Transportation
SEE APPROPRIATIONS. This Act provides funding for crime victim reparation programs.
- House File 13 - Crime of Hazing Students
SEE EDUCATION. This Act relates to the hazing of students.
- House File 190 - Revolving Farm Fund Accounting
SEE AGRICULTURE. This Act provides that the annual report of the Department of Corrections and the Department of Human Services relating to the Revolving Farm Fund is to cover the previous calendar year, not fiscal year.
- House File 506 - Solicitation of Public Donations
SEE STATE GOVERNMENT. This Act makes penalties for consumer fraud applicable to a violation of the requirements prescribed for solicitation of charitable contributions.
- House File 572 - Payment for Uniform Citation and Complaint Supplies
SEE LOCAL GOVERNMENT. The Act provides for the costs of uniform citation and complaint forms to be paid by the local jurisdiction using them.
- House File 772 - Corrections, Courts, and Justice Department Appropriations and Provisions
SEE APPROPRIATIONS. This Act appropriates funding to the justice system and corrections and contains various criminal justice provisions.
- House File 780 - Law Enforcement-Related Programs, Including Substance Abuse, Youth, Income Tax, and Communication Interception Programs
SEE APPROPRIATIONS. This Act appropriates funds for drug abuse programs and related programs of the Department of Public Safety.

CRIMINAL JUSTICE AND CORRECTIONS

SENATE FILE 82 - National Guard Discipline

BY COMMITTEE ON STATE GOVERNMENT. This Act relates to members of the state military forces. A state military member charged with a violation of the State Code of Military Justice may be called to duty for investigation, trial, and judgment within 180 days of discovery of the charged offense, but in no event after the expiration of three years from the termination of a period of duty. Penalties are modified to include reduction in pay grade and fines based on an equivalent of days of pay.

SENATE FILE 121 - Motor Vehicle Licenses, Cards, and Forms

BY COMMITTEE ON TRANSPORTATION. This Act provides that it is a simple misdemeanor for a person to possess a motor vehicle license, a nonoperator's identification card, or a blank motor vehicle license form, which has been made by a person having no authority or right to make the license, card, or form. The Act makes the scheduled fine \$50 for a person obtaining, possession, or having in one's control or one's premises a motor vehicle license, a nonoperator's identification card, or a blank motor vehicle license form in violation of section 321.216, subsection 7 or 8.

The Act provides that it is a serious misdemeanor for a person to make a motor vehicle license, a nonoperator's identification card, or a blank motor vehicle license form if the person has no authority or right to make the license, card, or form.

SENATE FILE 201 - Sexual Activity Prohibitions

BY COMMITTEE ON JUDICIARY. This Act expands the definition of "sex act" or "sexual activity" by including contact between the finger or hand of one person and the genitalia or anus of another person. Such acts performed by certain licensed health practitioners in the course of examination or treatment is excepted.

The offense of lascivious conduct with a minor is created and penalized as a serious misdemeanor.

SENATE FILE 203 - Inmate Transfer Requirement Deleted

BY COMMITTEE ON JUDICIARY. This Act eliminates the requirement that the Director of the Department of Corrections ensure that an inmate transferred

from one institution to another is accompanied by a person of the same sex as the inmate.

SENATE FILE 233 - DNA Profiling of Criminal Offenders

BY VARN. This Act provides for the DNA profiling of certain criminal offenders. The Attorney General is required to adopt rules, in consultation with the Division of Criminal Investigation of the Department of Public Safety, for the purpose of classifying felonies and indictable misdemeanors in which the offender would be required to submit a physical specimen for DNA profiling as a condition of probation, parole, or work release. Despite the rules adopted, the Attorney General, the sentencing court, and the Board of Parole are authorized to determine if an offender is to be compelled to submit a physical specimen where the offender is to be placed on probation, parole, or work release.

SENATE FILE 339 - Property of Deceased Inmate of Correctional Institution

BY COMMITTEE ON JUDICIARY. This Act relates to the property of a deceased inmate of the Department of Corrections. Requires the superintendent of an institution, upon the death of an inmate, to deliver the inmate's property to the person designated by the inmate to be contacted in case of an emergency. If delivery cannot be made to the designated person, delivery of the property may be made to the inmate's surviving spouse or heir, and in the event no surviving spouse or heir is known, the superintendent is required to deliver the property to the Treasurer of State for disposition as unclaimed property. The superintendent is directed to deduct the expenses incurred in disposing of the deceased inmate's body or property prior to transferring the property to the Treasurer of State.

SENATE FILE 360 - Theft of a Veteran's Grave Marker

BY LIND. This Act prohibits the theft of a grave marker provided by the county commission of veteran affairs to certain veterans, and punishes the theft as a simple misdemeanor regardless of the value of the marker. The person committing the theft is also liable for mandatory restitution to the county commission of veteran affairs of other person who furnished the marker in a amount equal to three times the cost of the marker.

SENATE FILE 391 - Jail Report

BY COMMITTEE ON JUDICIARY. This Act requires the county sheriff to file a monthly, written report with the Director of the Department of Corrections. The report is required to include the total number of men, women, and juveniles held in the county jail for the reporting month. The report is submitted on forms provided by the Director.

SENATE FILE 395 - Controlled Substances

BY COMMITTEE ON JUDICIARY. This Act amends provisions relating to controlled substances by adding substances to schedule I, schedule IV, and schedule V.

SENATE FILE 426 - Sexual Abuse

BY COMMITTEE ON HUMAN RESOURCES. This Act excludes sexual abuse in the third degree committed between spouses or if a person is fourteen or fifteen years of age and the other person is six or more years older, from the definition of a forcible felony.

This Act modifies the structure of section 709.4 (sexual abuse in the third degree) to state that a sex act by force or against the will of another is sexual abuse in the third degree and enumerating the situations under which acts which are not by force or against the will of another are still classifiable as sexual abuse in the third degree.

The Act provides that evidence concerning the past sexual behavior of an alleged victim is not admissible in an action for damages by the alleged victim against the person accused of sexual abuse.

The Act also provides that a defendant awaiting judgment of conviction and sentencing or appealing a conviction involving any act of sexual abuse in the third degree shall not be released on bail.

SENATE FILE 519 - Parole Board and Procedures

BY HUTCHINS AND HULTMAN. This Act relates to the Board of Parole, review of an offender's record, and revocation of an offender's parole. The Board of Parole is restructured to include four part-time members and a full-time chairperson. All five members serve four-year staggered terms of office. The part-time members are compensated on a day-to-day basis. The chairperson is compensated by annual salary. The chairperson and other members are appointed by the Governor, and the chairperson serves at the pleasure of the Governor. The duties of the Board of Parole, its chairperson, and its executive director are delineated.

Those offenders excepted from the annual Board of Parole review process is expanded. The Board is required to provide the Department of Corrections 20 days notice of the interview of an offender. Parole revocation hearings are to be conducted by administrative parole judges.

A person convicted and sentenced to incarceration for commission of a felony while on parole is penalized by having the person's parole deemed revoked as of

the date of the commission of the new felony offense. Unless otherwise ordered by the court, the sentence for the new felony offense is served consecutively with term imposed for the parole violation.

A transition provision for the restructuring of the Board of Parole takes effect June 30, 1989.

HOUSE FILE 71 - Peer Review Court for Youthful Offenders

BY RENAUD. This Act establishes a peer review court pilot program as a diversion program for persons age ten through seventeen who have committed misdemeanor offenses or delinquent acts which would be misdemeanor offenses if committed by an adult and who have entered a plea of guilty, entered into an informal adjustment agreement, or agreed to the entry of a consent decree to those offenses in district or juvenile court. The Supreme Court is to designate two judicial districts in which to locate the peer review courts. The chief judge of the district is to appoint a peer review court advisory board to adopt rules for the project and to appoint persons to serve on the peer review court.

The peer review court consists of a qualified adult to act as judge, with persons age ten through seventeen to serve as prosecutor, defense counsel, court attendant, clerk, and jury. The peer review court will not determine guilt or innocence, but only pronounce sentence which may consist of fines, restitution for damages, attendance at treatment programs, and community service work.

HOUSE FILE 432 - Canteen Funds at Correctional Institutions

BY COMMITTEE ON STATE GOVERNMENT. This Act relates to the Canteen Fund administered by the Department of Corrections. The composition of the Canteen Fund is modified to include any interest earned on the Fund in addition to receipts from the sale of commodities at the canteen. The entire amount of the Canteen Fund is to be utilized for the collection benefit of the inmates of the institution.

HOUSE FILE 459 - VETOED BY THE GOVERNOR

BY PETERSON. This bill related to the disposition of seizable and forfeitable property and amends provisions relating to the seizure and return of motor vehicles and their component parts. The definition of "forfeitable property" is modified and class I and class II forfeitable property is established and defined. A process is created for the return of seized property, and the return of certain forfeitable property is required under specified conditions. Upon notice of seizure or forfeiture of seizable forfeitable property, a lien attaches in favor of the state and against the property.

The state's burden of proof at forfeiture proceedings is increased from a "preponderance of the evidence" to "clear and convincing". A person acquitted of a criminal offense where property is forfeited may petition the court for rehearing or the issue of forfeiture. Indigent persons are eligible for court-appointed counsel for representation in forfeiture proceedings. Certain affirmative defenses and counterclaims are provided for use in forfeiture proceedings, and the court is vested with discretion to award attorney fees to a person who successfully defends against a proceeding for forfeiture. A person may commence a cause of action against the seizing agency for damage to forfeitable property.

A claim may be filed pursuant to Chapter 25 relating to forfeitable real property which was seized by the state between July 1, 1986, through June 30, 1989, under certain circumstances.

HOUSE FILE 513 - Theft of Telephone Service

BY JAY. This Act broadens the definition of "theft" to include obtaining telephone service from an unauthorized connection to the supply or service line, or by the intentional alteration, adjustment, removal, or tampering with the metering or service device in order to cause inaccurate readings. The degree of theft is determined by the value of the service illegally obtained.

HOUSE FILE 628 - Purchase or Sale of an Individual Prohibited

BY COMMITTEE ON JUDICIARY AND LAW ENFORCEMENT. This Act prohibits the sale or purchase of or the attempt to sell or purchase an individual and establishes a class "C" felony as the penalty for the act. The Act provides that the prohibition does not apply to a surrogate mother arrangement.

HOUSE FILE 672 - Harassment

BY COMMITTEE ON JUDICIARY AND LAW ENFORCEMENT. This Act provides that harassment involving a threat to commit a forcible felony, or when a person has previously been convicted of harassment three or more times under this section or any other similar statute in another jurisdiction, or when the person has committed a series of ten or more acts of harassment within any six-month period, is harassment in the first degree. Harassment in the first degree is an aggravated misdemeanor.

Harassment involving a threat to commit bodily injury, or when the person has previously been convicted of harassment two times under this section or any other similar statute in another jurisdiction, or when the person has committed a series of five or more, but less than ten acts or harassment within any six-

month period, is harassment in the second degree. Harassment in the second degree is a serious misdemeanor.

All other acts of harassment constitute harassment in the third degree and remain simple misdemeanors.

HOUSE FILE 674 - Victim Counseling

BY COMMITTEE ON HUMAN RESOURCES. This Act provides for conformance throughout the Code of references to previously existing terms describing sexual assault or domestic violence as violent crime, and to previous descriptions of victims of sexual assault or domestic violence as crime victims. The Act also redefines sexual assault centers or domestic violence centers as crime victim centers.

HOUSE FILE 699 - State Public Defender and Appellate Defender

BY COMMITTEE ON JUDICIARY AND LAW ENFORCEMENT. This Act provides that the State Public Defender is to coordinate the provision of legal services to indigents in criminal cases. The State Public Defender is given the authority to defend an indigent at trial at the discretion of the State Public Defender or upon the request of a local Public Defender. The State public defender is required to appoint a State Appellate Defender to represent indigents on appeal.

HOUSE FILE 700 - Victim Assistance and Presentence Procedure

BY COMMITTEE ON JUDICIARY AND LAW ENFORCEMENT. This Act reorganizes crime victim assistance programs and services within the Department of Justice, and establishes a Crime Victim Assistance Board in the Department to administer the programs. The trial court is required to serve the presentence investigation report upon prosecution and defense counsel. The county attorney is designated as the sole registrar for victims under the Victim and Assistance Protection Act. Local police departments and county sheriff's departments are required to provide crime victims with request-for-registration forms. The Board of Parole is to provide victims 20 days notice of the interview of an offender, and is required to inform registered victims of the date the offender is released or discharged.

In order to be eligible for separation, the local police or county sheriff must be notified within 72 hours of the occurrence of the crime. A deceased victim's family is eligible for reparation for the payment of counseling services, and victim reparation is allowable for crimes committed by a family member or person living in the same household as the victim. Victim reparation is reduced where payment is received or is to be received from a person responsible for damages resulting from the crime.

HOUSE FILE 740 - Obscenity Law

BY COMMITTEE ON JUDICIARY AND LAW ENFORCEMENT. This Act replaces criminal sanctions for sexual exploitation of children with sanctions for sexual exploitation of minors, thus the maximum age of the prohibited sexual participant increases from 13 years of age to 17 years of age. The Act makes it a serious misdemeanor to knowingly purchase or possess any visual medium depicting or simulating a minor engaging in a prohibited sexual act. The Act also makes it a class "D" felony to knowingly promote any material visually depicting or simulating a minor engaging in a prohibited sexual act subject to a fine up to \$25,000 per offense; and a class "C" felony to employ, use, persuade, induce, entice, coerce, knowingly permit, or otherwise cause a minor to engage in a prohibited sexual act or in the simulation of a prohibited sexual act if the person knows, or has reason to know, or intends that the act or simulated act may be photographed, filmed, or otherwise preserved in a visual medium subject to a fine up to \$50,000. A minor is defined in section 728.1 as any person under the age of 18 regardless of marital status.

The Act expands the coverage of material which is prohibited from sale as being hard core pornography. Current law only prohibits sale of material depicting a sex act involving sadomasochistic abuse, excretory functions, or bestiality. The Act prohibits sale of materials depicting representations of oral, anal, or vaginal intercourse, actual or simulated, involving humans, or masturbation, excretory functions, bestiality, or lewd exhibition of the genitals. The material, however, is still subject to the provisions that the material must be patently offensive, be material which, taken as a whole, lacks serious literary, scientific, political or artistic value, and be material which the average adult, taking the material as a whole in applying statewide contemporary community standards, would find appeals to the prurient interest. The Act also prohibits the rental of these materials. The Iowa Supreme Court recently ruled in State v. Applause Video that the rental or offering to rent such materials is not proscribed under current Iowa law. A person, upon conviction, is guilty of an aggravated misdemeanor. However, the Act increases the classification for second and subsequent offenses to class "D" felonies.

The Act makes it a simple misdemeanor for a commercial film and photographic print processor who has knowledge of or observes, within the scope of the processor's professional capacity or employment, any film, photograph, video tape, negative, or slide which depicts a minor whom the processor knows or reasonably should know to be under the age of 18, engaged in a prohibited sexual act or in the simulation of a prohibited sexual act, and fails to report the depiction to the County Attorney immediately or as soon as possible. The depictions of mere nudity of a minor are not to be reported. The depictions to be reported are those involving a prohibited sexual act.

For purposes of these provisions, "prohibited sexual act" is defined as any of the following: A sex act as defined in section 702.17; an act of bestiality involving a minor; fondling or touching the pubes or genitals of a minor for

the purpose of arousing or satisfying the sexual desires of a person who may view a depiction of the act; fondling or touching the pubes or genitals of a person by a minor for the purpose of arousing or satisfying the sexual desires of a person who may view a depiction of the act; sadomasochistic abuse of a minor for the purpose of arousing or satisfying the sexual desires of a person who may view a depiction of the abuse; and sadomasochistic abuse of a person by a minor for the purpose of arousing or satisfying the sexual desires of a person who may view a depiction of the abuse. However, these provisions are not to be construed to require a processor to review all films, photographs, video tapes, negatives, or slides delivered to the processor within the processor's professional capacity or employment.

This Act makes it a crime for a person to knowingly disseminate obscene material to a minor by the use of telephones or telephone facilities. A person, upon conviction, is guilty of an aggravated misdemeanor. However, second and subsequent offenses are class "D" felonies. "Obscene material" is defined under section 728.1 relating to what is suitable material for minors. The section provides that it is a defense in any prosecution of the section that the defendant has taken certain measures to restrict access to the obscene material. One measure is to require the person receiving the obscene material to use an authorized access or identification code before transmission of the obscene material begins, taking reasonable measures to ascertain that the applicant for the code was 18 years of age or older, with the defendant also establishing a procedure to immediately cancel the code of any person after receiving notice that the code has been lost, stolen, used by persons under age 18, or no longer desired. The other acceptable measure is to require payment by credit card before transmission of the obscene material. Any list of applicants or recipients compiled or maintained by an information-access service provider for purposes of compliance with the affirmative defense measures is confidential and cannot be sold or otherwise disseminated except upon order of the court. The section exempts from the criminal sanctions information-access service providers that merely provide transmission capacity without control over the content of the transmission.

HOUSE FILE 782 - License Revocation for OWI Conviction

BY ARNOULD AND STROMER. This Act provides that upon a plea or verdict of guilty of the crime of vehicular homicide where the operator is under the influence of alcohol or a drug or while having an alcohol concentration level of .10 or greater, the court shall order the State Department of Transportation to revoke the defendant's motor vehicle license or nonresident operating privileges for six years.

RELATED LEGISLATION

- Senate File 88 - Children, Youth and Families
SEE HUMAN SERVICES. This Act requires the Department of Economic Development to collect, assemble, and disseminate information in cooperation with the Department of Human Services.
- Senate File 520 - Economic Development Appropriations
SEE APPROPRIATIONS. This Act appropriates moneys for economic development projects.
- House File 549 - Agricultural Product Advisory Council
SEE AGRICULTURE. This Act provides that the Agricultural Products Advisory Council is to develop programs and plans to be implemented jointly by the Department of Agriculture and Land Stewardship and the Department of Economic Development.
- House File 785 - Iowa Plan Fund Appropriations
SEE APPROPRIATIONS. This Act appropriates funds for accounts in the Iowa Plan Fund.

ECONOMIC DEVELOPMENT

SENATE FILE 466 - New Infrastructure Loan Projects

BY COMMITTEE ON SMALL BUSINESS AND ECONOMIC DEVELOPMENT. This Act provides for speculative shell buildings built by a local community development organization to be eligible for the Rural Community 2000 Loan Program as a new infrastructure. The loan program provides low interest and no interest loans for new infrastructure being developed by communities and rural areas of the state.

HOUSE FILE 140 - Linked Investment Programs

BY COMMITTEE ON ECONOMIC DEVELOPMENT. This Act authorizes the Linked Investments for Tomorrow Program, formerly the Iowa Linked Deposit Program. The loans under the program are limited to \$200,000 per borrower for a production loan and \$500,000 for processing and marketing facilities. Certificates of deposit will be renewed for up to five additional one-year periods. Targeted small business loans are increased up to a maximum of \$250,000 per borrower. The Act establishes the Main Street Linked Investments Loan Program to assist in building restorations or rehabilitation of historic buildings in cities or rural areas. The Act repeals a 1986 provision sunsetting the Iowa Linked Deposit Program.

This Act is effective May 26, 1989.

HOUSE FILE 272 - Marketing of Iowa Products and Services

BY COMMITTEE ON ECONOMIC DEVELOPMENT. This Act allows for the marketing and promotion of Iowa products and services. The Department of Economic Development may adopt a label or trademark identifying Iowa products and services. The label or trademark is used by a person or company to show that the product or service is manufactured, processed, or originated in Iowa. Approval to use the label or trademark is obtained through the Department of Economic Development and may be denied or suspended if the Department believes the use will be inconsistent with the marketing of Iowa products and services. An evidentiary hearing will be held if use of the logo is denied or suspended. This Act is effective May 22, 1989.

HOUSE FILE 273 - Development Corporations

BY COMMITTEE ON ECONOMIC DEVELOPMENT. This Act allows financial institutions to become members of more than one economic development corporation organized under Chapter 496B.

HOUSE FILE 550 - Worker Retraining Programs

BY COMMITTEE ON ECONOMIC DEVELOPMENT. This Act establishes an assistance program through the Department of Economic Development to retrain certain workers. The Department reviews applications from businesses seeking assistance, refers the business to the area school serving the merged area in which the business seeking to retrain workers is located, and establishes programs to retrain the workers, including related loans and grants and the administration of the loans and grants. The Legislative Fiscal Bureau is required to evaluate retraining programs conducted under Chapter 15 and report to the Legislative Council in July 1991.

HOUSE FILE 686 - International Trade and Technology

BY COMMITTEE ON ECONOMIC DEVELOPMENT. This Act establishes an international network on trade known as "INTERNET" to conduct research on product and geographical opportunities for Iowa producers. INTERNET is provided with a board of directors and an executive director to carry out specified duties. An International Network on Trade Fund is created to provide for loans, grants matching financing, and other administrative costs.

It is effective May 30, 1989.

The Wallace Technology Transfer Foundation of Iowa is established to formulate and implement plans and programs for the development of science and technology and their commercial application within the state. A board of directors and executive director are established to carry out the duties of the foundation. A strategic plan and program are to be developed and updated annually. Funding is provided and the Foundation is authorized to issue bonds and notes. A Science and Technology Advisory Council is established to study and review the growth of technology and the Foundation's plan in conjunction with federal policy. The Iowa High Technology Council is dissolved effective July 1, 1990.

HOUSE FILE 703 - Rural Community 2000 Program

BY COMMITTEE ON ECONOMIC DEVELOPMENT. This Act provides for the Rural Community 2000 Program to provide loans or grants to communities and rural areas. The Act allows the Department of Economic Development to pay interest or principal payments on municipal bonds sold by a local community. All funds allocated for housing for the fiscal year beginning July 1, 1989, are applied to programs for elderly, handicapped, disabled families, and lower and very low income families. The Act authorizes the Iowa Finance Authority to issue bonds and notes for the purposes of the program and the power to issue bonds is to be implemented only upon an execution order by the Governor.

THE GOVERNOR ITEM VETOED THE FOLLOWING:

1. Three cents of the first five cents received from the sale of each cigarette stamp not to exceed \$4,000,000 to be deposited into a revolving fund established by the Iowa Finance Authority to pay off debt obligated by Authority.

2. The Iowa Finance Authority's power to use 2-1/2% of the moneys from the cigarette stamp to advance costs of issuance of bonds and notes and administration costs of the Rural Community 2000 Financing Program.

HOUSE FILE 706 - Job Training Funds

BY COMMITTEE ON ECONOMIC DEVELOPMENT. This Act eliminates the Iowa Business-Industry Information and Training Network and provides for the coordination of federal funds with state and local vocational education institutions for job training. The Department of Economic Development is required to adopt rules to implement the coordination of job training.

SEE APPROPRIATIONS. This Act appropriates moneys to various educational programs and agencies.

EDUCATION

SENATE FILE 38 - Educational Excellence Program

BY COMMITTEE ON EDUCATION. This Act makes several changes in the educational excellence program that provides teacher salary increases. Additional payments for minimum salary supplements are provided for under Phase I to school districts who add teachers because of whole grade sharing agreements if the moneys allocated for Phase I exceed the moneys required to pay for Phase I. Salary payments, except for certain Phase III payments mutually agreed upon, are subject to the wage collection law. Phase III payments for performance-based pay plans may now be paid to all of the teachers in a school district in a specific discipline and to teachers in an area education agency multidisciplinary team. It also provides for the allocation of school district Phase III moneys to area education agency teachers teaching under contract to the school district. The deadline for submission of plans and reports by area education agencies is changed from July 1 to September 1 of a fiscal year. The Act also allows school districts to receive Phase III moneys to supplement, not supplant, programs in effect prior to July 1, 1987, that are eligible for Phase III funding and part of an approved Phase III plan. The reports concerning Phase III plans filed by school districts and area education agencies are to be summarized by the Department of Education and be available upon request. Payments for each phase of the Educational Excellence Program are changed from a quarterly to a monthly basis, starting on October 15 and ending on June 15 of each fiscal year, depending on the state's relative budget and cash position. A district may retain up to 50% of the moneys allocated to the district for Phase III for one year after the year in which they are received. The district must not commingle Phase III moneys with state aid payments and shall account for the Phase III moneys separately from other moneys received.

SENATE FILE 52 - Corporal Punishment in Schools

BY COMMITTEE ON EDUCATION. This Act prohibits the use of corporal punishment by employees of accredited schools and area education agencies. Corporal punishment is defined as intentional physical punishment of a student. Corporal punishment does not include reasonable and necessary physical contact not designed to cause pain or that is used for protection of the employee, the student, property, or to obtain a weapon or other dangerous object from a student.

SENATE FILE 59 - Open Enrollment in Public Schools

BY COMMITTEE ON EDUCATION. This Act provides for enrollment of any child in other school districts in the state. The Act was substantially amended in the provisions of Senate File 774.

A parent or guardian of a child who wishes to make use of the open enrollment provisions of this Act must give notice to the child's district of residence and the Department of Education. Unless the transfer of enrollment violates a desegregation order, results in a loss of greater than five percent of the district's enrollment during the 1990-1991 school year, or results in a loss of greater than ten percent of the district's enrollment during the 1991-1992 school year, the district must forward the request to transfer to the receiving district for enrollment. The receiving district may deny the request to transfer if the transfer would result in insufficient classroom space in the district, would violate a desegregation order or plan, or if the child is suspended or has been expelled in the district of residence. Senate File 774 added a requirement that each district involved in a request notify the parent or guardian of any action taken on the request.

A request to use open enrollment is for a period of four years, although a child may be permitted to transfer again within a four-year period. The district of residence is to pay to the receiving district an amount which equals the sum of the lower district cost per pupil, any moneys received for the child because of non-English speaking weighting, and any Phase III moneys received for the full-time equivalent attendance of the pupil. If the district has outstanding obligations on school bonds, the district may retain fifty percent of the property tax portion of those moneys for up to three years or until the debt is paid, whichever is less. In Senate File 774, however, this exception for outstanding bond obligations was repealed.

If the child, who is the subject of the request, is a child who requires special education under Chapter 281, the child will only be permitted to transfer from the home district to another district if the other district maintains a special education instructional program appropriate to the child's needs and if the transfer would not cause the receiving district's special education instructional program to exceed the maximum class size. The board of the district of residence must pay to the receiving district the actual costs of providing appropriate special education to a child who transfers out of the home district under this section.

If the transfer of a child will result in the provision of services by an Area Education Agency (AEA), other than the A.E.A. which provides services in the child's district of residence, the A.E.A. for the district of residence must forward moneys generated by the child to the receiving A.E.A.

Generally, if a child utilizes open enrollment, the parent or guardian is responsible for providing transportation of the child to a regular stopping place on the receiving district's bus line. However, if a child would qualify for free or reduced price lunches under the National School Lunch and Child Nutrition Acts, the home or sending district is responsible for providing transportation of the child, or paying the pro rata cost of the transportation to the child's parent or guardian, to and from a point on a regular school bus route of a contiguous receiving district. The home or sending district is only

liable, however, for the cost of transportation to the extent that the cost does not exceed the average cost per pupil for transportation within that district. A student may also, however, use his or her school license to travel to a contiguous district under the provisions of Senate File 157.

The Act does permit school districts that are subject to court ordered or voluntary desegregation to opt out of open enrollment during the 1990-1991 school year. It also restricts the athletic participation of students utilizing open enrollment, unless the student had previously attended school in the receiving district, either by paying tuition or pursuant to a mutual agreement between the two schools. Students who paid tuition in the district to which they wished to transfer or whose district of residence changes during the 1989-1990 school year may participate in open enrollment during the 1989-1990 school year, while other students, because of the notice requirements, will be effectively precluded from participating in open enrollment until the 1990-1991 school year.

This Act precludes laboratory schools under Chapter 265 from participating in open enrollment. Senate File 774 permitted those schools to participate, but that provision was item vetoed by the Governor.

The State Board of Education is to develop rules for the implementation of open enrollment and the Department of Education is to conduct a study of the effects of implementation of open enrollment on the Iowa educational system.

This Act is effective March 10, 1989, however, amendments to this Act contained in Senate File 774 take effect July 1, 1989.

SENATE FILE 125 - Acceptance of Federal Rehabilitation Amendments of 1986

BY COMMITTEE ON EDUCATION. This Act incorporates the provisions of the 1986 Amendments to the federal Rehabilitation Act into the Iowa Code by reference. The incorporation of the new amendments permits the state of Iowa to accept the provisions and benefits available under these amendments.

SENATE FILE 157 - Licenses and Permits for Youthful Drivers

BY VANDE HOEF, LIND, MURPHY, RIORDAN, RENSINK, and KIBBIE. This Act requires that all applicants for a school license complete driver education prior to the issuance of a school license, unless completion of driver education would impose a hardship upon the person. The minimum age for driver education has been lowered from fifteen to fourteen. A holder of a school license may now drive from 6 a.m. to 10:00 p.m. The time restrictions were previously 6 a.m. to 9:00 p.m. The holder of a school license may now drive any time the school license holder is accompanied by a member of the holder's immediate family, if the family member is over twenty-one years of age. Although a school license can be the means by which transportation is provided for a student

participating in open enrollment, a student is only permitted to drive to a district which is contiguous to the student's district of residence.

Parental consent which is given for a school license is not consent for the issuance of any other license to a minor. If a minor's school license is suspended, any other driver's license or permit held by the minor may also be suspended. If a minor's school license is revoked, any other driver's license or permit is also to be revoked.

A suspension under section 321.194 now will not cause financial responsibility to be required or to be maintained by a person whose license has been suspended under that section.

This Act is effective May 31, 1989.

SENATE FILE 223 - Early Childhood and Kindergarten Programs

BY COMMITTEE ON EDUCATION. This Act requires several departments and state agencies to assist school districts in developing before and after school child care programs. The districts are permitted to operate or contract for the operation of the programs by January 1, 1992.

The Department of Human Services and the Child Day Care Advisory Council are to provide technical assistance to the Director of the Department of Education relating to prekindergarten, kindergarten, and before and after school programming and facilities. The State Board of Education is to establish standards by rule for the facilities which, and instructors or other personnel who, will be involved in providing the district child care services. The Director of the Department is to develop standards and instructional material for the child care programs and kindergarten and prekindergarten programs. The Director is also to develop a statewide technical assistance network for districts offering before and after school programming.

The members of the Child Development Coordinating Council will now receive per diem compensation. The members previously did not receive any compensation. The Council is to make recommendations to the Department of Education regarding the development of an "at-risk children" definition that is appropriate for the before and after school programs and for children in the early elementary grades. The criteria for the awarding of grants by the Child Development Coordinating Council are expanded to require parental instruction on child development. Programs offered by districts in 1992 will be subject to the requirement of parental involvement and a parental education instructional component.

Local early childhood education committees are to be assembled by October 1, 1989, by the local school districts to review the community needs for all-day everyday kindergarten, before and after school child care, child care during school holidays and vacations, and additional prekindergarten programs for at-

risk children. The committees are to report to the State Board of Education by October 1, 1990. The Child Development Coordinating Council is to review existing entities providing technical assistance and program development support to early childhood programs and report the Council's findings along with any recommendations to the General Assembly by January 1, 1990.

An authorization for school boards to establish or contract for child day care programs is effective January 1, 1992.

SENATE FILE 224 - Student Free Speech Limitations

BY COMMITTEE ON EDUCATION. This Act permits students the right of freedom of speech and expression in official school publications. Obscene, libelous, or slanderous materials are prohibited, as well as materials which encourage students to commit unlawful acts, violate lawful school regulations or cause disruption of the orderly operation of the school. Each school board is to develop a written publications code which is to be made available to students and students' parents. Prior restraint of material prepared for official school publications is forbidden unless the material contains the prohibited material, although school officials may place reasonable time, place, or manner restrictions on materials placed in official school publications and adopt otherwise valid rules relating to oral communications by students on school premises. Any student speech or expression made in official school publications is not an expression of school policy and neither school districts nor school officials are to be liable in any civil or criminal action unless they have interfered with the student speech or expression.

SENATE FILE 295 - School Bus Drivers' Instruction

BY GETTINGS. This Act requires persons applying for employment as or for a permit to become a school bus driver to successfully complete an approved school bus driver education course. Persons seeking employment as a school bus driver must have completed the course within six months of employment or the person's license will be revoked. A person applying for a permit must have completed the course before the school bus driver permit can be issued.

The Act also eliminates the special chauffer's license, which the Department of Education was authorized to issue to sixteen and seventeen-year-olds, in order to allow those persons to operate a school bus on the request of the local school board and recommendation of the Director of the Department of Education.

SENATE FILE 449 - Family, Consumer, and Career Education

BY COMMITTEE ON EDUCATION. This Act provides for the addition of vocational education in the seventh and eighth grade curricula by July 1, 1992, changes the high school vocational education teaching requirements to a minimum of

three sequential units in at least four areas, requires that high school and merged area school vocational education curricula be competency-based, and requires that secondary and merged area postsecondary curricula be articulated with one another. Vocational education instruction must include field, laboratory, or on-the-job training. Vocational core courses may be used in more than one vocational service area and multi-occupational courses may be used to complete a sequence in more than one vocational service area. School districts which do not have approved vocational education programs must provide transportation for students who wish to enroll in vocational education programs in other schools. If a district's vocational program is not approved, the regional planning board will direct the district to contract with another district or merged area school that has an approved program. The district cost per pupil for vocational education times the percent of the school day spent in the vocational education program shall follow the student to another district, if the program in which the student is enrolled is in another district. The Director of the Department of Education must annually review at least twenty percent of approved programs for vocational education to ensure that the programs are still meeting standards. Beginning July 1, 1989, the State Board for Vocational Education must establish a minimum set of competencies and core curricula for approval of vocational program sequences, establish a regional planning process for implementation by the regional planning boards, enforce rules prescribing the vocational education standards, and permit the local districts to cooperate with the regional boards in order to contract for an approved program. A regional planning board system is created to assist school districts and merged areas in providing the articulated, sequential vocational education programs.

The Act also requires the Department of Education to conduct a study of courses designated for handicapped students at community colleges and vocational schools and report the Department's findings by January 1, 1990.

SENATE FILE 450 - Educational Standards and Requirements

BY COMMITTEE ON EDUCATION. This Act permits students in grades nine through twelve to seek an excuse from the physical education requirements contained in the school standards under section 256.11 of the Code. If a student in grades nine through eleven wishes to be excused from the physical education requirement, the board of the school district in which the school is located, or the authorities in charge of the school must make a determination that students in those grades should be permitted to be excused from physical education. If a determination is made, the student's parents must have made a written request for the excuse, the student must be a participant in an organized and supervised athletic program, and the student must be seeking to enroll in academic courses not otherwise available to the student.

The Act also makes technical changes to update certain Code language and to extend certain deadlines for the adoption of rules and procedures by the State Board of Education. The deadline for the adoption of rules, relating to

appointment and operation of teacher evaluation panels, has been extended. An administrative law judge may now hear and decide, subject to review by the State Board of Education, appeals from local school board decisions. The deadline for the submission of plans, for the approval of teacher preparation programs and plans for the provision of assistance to newly graduated teachers, has been extended. The Department of Education may now be consulted by the State Board in the development of a definition of the term "at-risk" student. The deadline for the development of rules relating to the procedure and criteria, to be used by the Department of Education, in deciding when a waiver of the educational standards should be granted, has been extended. Section 280.3 has been clarified to emphasize that nonpublic schools are not required to provide either a prekindergarten or a kindergarten program. A definition of the term "resident" was added to sections 282.1 and 282.6, to ensure that homeless individuals would be entitled to attend school on the same basis as other individuals whose home is within a district.

The grounds upon which a school board may exclude a child from school were amended to exclude "incurability" and "presence injurious to the morals of other children", and the determination of whether a child is physically or mentally unable to attend school will now be based upon medical opinion. A student may not be expelled by a board for "immorality". The provision relating to grounds for suspension of duties of school bus drivers has been expanded and is now similar to the grounds for suspension of duties of teachers. The deadline for the submission of the report and recommendations of the State Board relating to the coordination of school calendars and schedules, so as to facilitate the use of telecommunication systems and services, has been extended. The deadlines relating to the Department of Education recommendations on incentives for cooperating teachers and the establishment of programs to provide for the interaction between college faculty at teacher education institutions and teachers and students in the elementary and secondary schools has been extended.

HOUSE FILE 13 - Crime of Hazing Students

BY HATCH AND MCKINNEY. This Act defines an act of hazing as any intentional or reckless conduct involving forced activity by a person which endangers the physical health or safety of a student, where the forced activity is a condition of association with a student group or organization. A person committing an act of hazing is guilty of a simple misdemeanor. If serious bodily injury results, the person is guilty of a serious misdemeanor.

HOUSE FILE 133 - Election of State Board of Education President

BY COMMITTEE ON EDUCATION. This Act allows the State Board of Education to elect a president, from the State Board's membership, for a two-year term. The president will serve until a successor is elected and qualifies for the office. The State Board has elected an unofficial president since the Department of

Education was created, and the Department of Public Instruction provisions permitting the election of an official president were repealed.

HOUSE FILE 418 - Propositions Submitted at School Elections

BY COMMITTEE ON EDUCATION. This Act changes the number of elector signatures needed to require a school district board of directors to direct the County Commissioner of Elections to include a proposition in the notice of regular election for submission to the voters. The number of signatures that had been required was twenty-five in districts with populations of five thousand or less, or fifty in districts with populations over five thousand. This Act requires the signatures of one hundred eligible electors or thirty percent of the number of votes cast in the last school board election, whichever number is greater.

HOUSE FILE 535 - School and Area Education Agency Financing

BY COMMITTEE ON EDUCATION. This Act establishes a new state school foundation formula effective July 1, 1991. (Legislation enacted in 1987 repealed the existing state school foundation formula effective July 1, 1991.) The new formula retains some features of the existing formula and either eliminates or revises other features. The new formula continues the funding on a per pupil basis and retains the use of a foundation level of funding, using a uniform property tax levy of \$5.40 per thousand dollars of taxable valuation in the district and state aid to provide funding up to the foundation base. Funding beyond the state foundation base is provided by a property tax levy.

The new formula establishes the state foundation base as 83 1/2% of the regular program state cost per pupil for the 1991-1992 school year and increases the foundation level .25% per year until it reaches 85% of the state cost per pupil. The state cost per pupil is an artificial figure that is used to determine the foundation base and is increased in each succeeding year by an inflation factor known as the state percent of growth.

The minimum state aid that a district can receive for a pupil is increased from \$200 to \$300.

The new formula provides that a school district's budget enrollment (an enrollment used for determining the district's budget) will be determined by using the district's headcount for the previous September, and if the district's enrollment is declining, that headcount will be increased using a five year declining enrollment matrix based upon the magnitude of the decline and the years since the decline occurred. Increasing enrollment districts will be entitled to advance funding for their additional students.

Each district has a "district cost per pupil" and a "district cost" (which is the district cost per pupil multiplied by the district's enrollment) under the

old formula. For the new formula, a district's district cost under the old formula will be divided by the district's budget enrollment determined under the new formula to determine a new district cost per pupil. If the new district cost per pupil is less than the state cost per pupil, the district cost per pupil is increased to the state cost per pupil, and if the new district cost per pupil is more than 110% of the state cost per pupil, it is reduced to 110% of the state cost per pupil.

The state cost per pupil for the first year is determined by adding together all of the district costs per pupil under the old formula and dividing that total by the budget enrollments of all of the school districts determined under the new formula. It is increased from one year to the next by a dollar amount known as the allowable growth. Allowable growth is determined by multiplying the previous year's state cost per pupil by a state percent of growth.

The state percents of growth for the 1991-1992 and 1992-1993 school years are determined by September 15, 1990, by calculating actual and projected changes in the state general fund revenues (not including one-time nonrecurring revenues or transactions made to comply with generally accepted accounting principles) and in the gross national product implicit price deflator. By each succeeding September 15, the state percent of growth will be calculated for the school year beginning 21 1/2 months later. In those school districts in which the district cost per pupil is greater than 105% of the state cost per pupil, the state percent of growth used to determine the allowable growth is reduced by 2%.

A district's district cost per pupil is multiplied by its enrollment to determine its regular program budget for a year. For the 1991-1992 school year, the district's budget is compared to the budget it would have had if the old formula were used and if the district's budget is less, its budget is increased to the level it would have had under the old formula. This calculation means that its budget would be at least 101% of the 1990-1991 budget. For the 1992-1993 school year, the district's budget is compared to its 1991-1992 budget and if the district's budget for 1992-1993 is less, its budget is increased to the level of the 1991-1992 budget.

Property tax adjustment aid is provided. For 1991-1992, the Department of Management will compare the property tax revenues that would be generated by the foundation property tax and additional property tax under the old formula and those revenues generated under the proposed formula. If the revenues generated would be greater under the proposed formula, the Department of Management will reduce those revenues to the level that would have been generated under the present formula, adjust the additional property tax levy accordingly, and pay property tax adjustment aid to the district equal to the difference. In future years, the property tax adjustment aid will be equal to that paid the previous year, reduced by the percent by which the value of taxable property in the district increases.

The costs of providing a special education program in a school district continue to be provided as under the old formula by using additional weighting based upon the handicapping condition. However, the exact weights will be recalculated because of the recalculation of the state cost per pupil. The weighting for non-English speaking programs is likewise recalculated. However, the use of additional weighting for a child in the non-English speaking programs is limited to three years.

Funding for area education agency (AEA) special education support services is continued in the same manner as under the old formula, and a special education support services state cost per pupil and special education support services district costs per pupil are calculated based upon program plans submitted by the area education agencies.

School districts that have approved a reorganization prior to July 1, 1989, will be allowed to continue to use the property tax reductions provided under the present law. Those districts approving a reorganization on or after July 1, 1989, will no longer be able to use those incentives.

Those districts using sharing agreements to provide classes for individual students will continue to receive supplementary weighting, but the exact supplementary weights will be recalculated by the Department of Management because of the recalculation of the state cost per pupil. Those districts which have completed whole grade sharing agreements prior to October 1, 1989, will be able to receive supplementary weighting for a five-year period. If those districts reorganize during the five-year period, the supplementary weighting will continue for five years after the effective date of the reorganization.

There are changes in supplementary weighting provided for whole grade sharing agreements approved on or after October 1, 1989. The supplementary weighting is provided for a total of five years whether the district reorganizes or not.

Beginning with agreements approved on or after October 1, 1989, the supplementary weighting for shared administrators is reduced by one-half and applies only to shared superintendents. These changes are continued under the new formula.

The new formula establishes an instructional support program that provides additional spending authority for school districts beyond that generated by the state foundation aid program. The instructional support program amount is limited to ten percent of the district cost of the district plus any budget adjustment that the district received. The amount is partially funded by state moneys, based upon the ratio of the district's taxable valuation per pupil to the value of the state's taxable valuation per pupil. If the two values are equal, state aid will equal twenty-five percent of the instructional support amount.

The board of a district that wishes to use the instructional support program must hold a public hearing on the question and announce a date certain that it will take action on the question. The board may either adopt the program on its own authority for a five year period or may call an election to submit the question to the electors with approval for a ten year period. However, if the board adopts the program on its own authority and within 28 days the electors submit a petition calling for an election on the question, an election must be held to determine whether the instructional support program will be used.

The portions of the instructional support program not funded by state aid may be funded by a property tax or a combination of a property tax and an income surtax, as determined by the board. The income surtax rate cannot exceed twenty percent of an individual taxpayer's state income tax.

A school district cannot use revenues from both the instructional support program and the enrichment program (a program provided under the old formula and approved for a five-year period).

The boards of those school districts that have a district cost per pupil that is 110% of the state cost per pupil who have approved using the instructional support program may call an election to approve the use of an educational improvement program. A public hearing must be held and the board must specify the percent of the district cost that the board will raise under the program. If approved at an election, the use of the educational improvement program continues until the board discontinues it by majority vote.

The educational improvement program is funded by either a property tax or a combination of property tax and income surtax as determined by the board. The income surtax rate cannot exceed twenty percent of an individual taxpayer's state income tax.

The School Budget Review Committee (SBRC) is retained under the new formula with the Director of the Department of Education, the Director of the Department of Management, and three citizens serving as members. The citizens must be knowledgeable in Iowa school finance or public finance issues and they are subject to confirmation by the Senate. The authority of the School Budget Review Committee remains similar to that under the old law, but several additional duties have been added. The Committee is directed to adopt recommendations relating to implementation by school districts and area education agencies of the use of generally accepted accounting principles. Under its authority to grant supplemental aid or additional allowable growth for specific needs of school districts, language has been added for granting additional funding for continuing a non-English speaking program for a child beyond the three years allowed for additional weighting, for circumstances caused by unusual demographic characteristics, and for any unique problems of school districts.

There is \$3,500,000 appropriated to the School Budget Review Committee for distribution to school districts for state transportation assistance aid in districts that have high school transportation costs. Requests of school districts are to be prioritized based upon the costs and the geographic sizes of the districts. It also requires districts to develop long-term plans for reducing their transportation costs.

The School Budget Review Committee can allow districts to increase their allowable growth, which provides the district with additional moneys derived from property taxes, for removal, management, or abatement of environmental hazards.

A special needs adjustment program administered by the SBRC is created and \$5,000,000 is appropriated for each fiscal year. Those districts and area education agencies that have special needs for additional moneys may request grants if they have submitted a request stating that they have special needs for additional funding and have approved the use of the other additional sources of revenue that might be available to them. School districts requesting funds must be experiencing difficulty in meeting state educational standards, be of sufficient geographic size, experiencing problems linked to demographic characteristics, or have a high pupil-teacher ratio. An AEA requesting funds must have a sparse pupil population.

The authority of the School Budget Review Committee is expanded to include funding for area education agencies when unusual circumstances creating a need for additional funds exists.

Approval by a school district to use the additional enrichment amount under the old formula continues under the new formula for the period for which it was approved.

The additional allowable growth provided under the old formula for school districts for the costs of programs for returning dropouts and dropout prevention and for programs for gifted and talented children are continued in the new program.

The timeline for submission of budgets of the area education agencies to the Department of Education is changed and requires approval of the State Board of Education by March 1 of the preceding fiscal year.

The Act appropriates \$8,700,000 for the fiscal year beginning July 1, 1990, and \$11,200,000 plus a growth amount based upon the state percent of growth, for each year thereafter, for programs for at-risk children. From the funds appropriated, moneys are allocated to the area education agencies to assist school districts in developing program plans and budgets; for the use of Child Development Coordinating Council, for school-based youth services education programs; and for grants to school districts which have the greatest need for programs to elementary at-risk students. If the moneys appropriated for the

first year are insufficient to fund the activities of the Child Development Coordinating Council and the grants for early elementary schools, intent language that the General Assembly will provide a supplemental appropriation is included.

School districts may use a program similar to the enrichment program presently in the Code for the actual cost of an asbestos project. It requires approval at an election and is funded by a property tax or a combination of a property tax and income surtax.

The schoolhouse levy and site levy are combined into a physical plant and equipment levy and those revenues are placed in the schoolhouse fund. The levy is limited to \$1.00 per thousand dollars of assessed valuation of taxable property in the district and \$.33 (regular levy) may be imposed by board action, while \$.67 (voter-approved levy) requires approval at an election for imposition of up to ten years. The regular levy is raised by a property tax while the voter-approved levy may be a property tax or a combination of a property tax and income surtax. The income tax surtax rate cannot exceed twenty percent of the individual income tax. The voter-approved levy must be approved at an election and if the receipts of the levy are to be used for a rental or lease arrangement or a loan agreement, that portion of the revenues must be secured by property taxes. If a school district was levying the schoolhouse tax, the levy will continue for the period authorized and the tax rate of the schoolhouse tax is subtracted from the maximum rate of the physical plant and equipment levy.

The physical plant and equipment levy may be used for the purposes specified for the site and schoolhouse levies and for the purchase of equipment exceeding \$5,000 in value, the cost of equipment purchases for recreational purchases, equipment for transporting students, and lease purchase option agreements.

A district management property tax levy is established. It is an unlimited levy to pay the costs of employment benefits, retirement incentives, insurance, and a judgement or settlement. Each of these is an individual unlimited levy under the present law. The revenues from the district management levy are deposited in a subfund of the general fund.

Growth based upon the state percent of growth is provided on the funds appropriated and allocated to school districts and area education agencies for Phase II of the Educational Excellence Program that provides teacher salary increases.

If the Phase III program under the Educational Excellence Program of a school district or area education agency includes a performance-based pay component, growth based upon the state percent of growth is provided on the funds appropriated and allocated to that school district or area education agency for Phase III.

The Act provides that a section of S.F. 38 that allows school districts to retain unencumbered Phase II moneys from one fiscal year to the next takes effect immediately.

The purposes for which school districts and area schools may issue general obligation bonds or enter into insurance agreements include environmental hazards.

The Act also provides that if the governing board has restricted the use of money in a fund as a reserve for uninsured liability or self-insurance, that restriction remains until the board removes it, and all of the obligations have been satisfied, or the next fiscal year, whichever occurs later.

The cumulative total of income surtaxes that a school district may impose cannot exceed twenty percent.

Loan agreements made prior to March 15, 1991, that provided for the anticipation of revenue from the collection of the schoolhouse tax authorized levies of school districts are continued until the expiration of the period for which they were approved or made.

The Department of Revenue and Finance is directed to collect wealth data by school district.

The Legislative Council is directed to establish an interim study committee to review property taxes paid and make recommendations to reduce property taxes by \$30,000,000 and submit a report to the General Assembly by December 1, 1989.

The Department of Education is directed to conduct studies of fees charged to students and to compile information about the ages and conditions of school buildings and transportation equipment, and report the results of the studies to the Chairpersons of the Senate and House committees on Education.

The Insurance Division is directed to conduct a study of health care and other risk pools.

THE GOVERNOR ITEM VETOED THE FOLLOWING:

1. Funding for media services and educational services of the area education agencies as a fixed percent of state cost per pupil multiplied by the sum of the public and nonpublic school enrollments (the new law does not provide for funding the media and educational services).

2. A revised definition of performance-based pay for teachers.

HOUSE FILE 644 - College Aid Commission

BY COMMITTEE ON EDUCATION. This Act restructures existing programs and adds new programs to those programs administered and guaranteed by the College Aid Commission. An additional member from the Iowa Student Loan Liquidity Corporation is added to the board of the Commission. A Scholarship and Tuition Grant Fund is created to allow the Commission to ensure continuity of funding for eligible applicants. The amount of tuition grant money to be made available to an eligible applicant is made proportional to the number of hours for which a student is enrolled in a course of study. Several technical changes are made to permit greater ease of administration for the College Aid Commission. The loan forgiveness programs for teachers and occupational therapists have been changed to loan repayment programs and additional repayment programs for nurses, doctors, national guard members, and minority teachers are created. The work-study program is modified to include summer employment and to expand the agencies who may offer employment under the program. The Work for College program is established, although no funding was made available to implement the program during fiscal year 1989-1990. A trust fund was also created to be the repository for any moneys generated under the program. An Education Savings Program is established to permit individuals to establish trust accounts for themselves or for others in order to save money for educational expenses. A person establishing an account will be eligible for the distribution of matching funds from the College Aid Commission, based on the amount of income earned by the creator of the account.

HOUSE FILE 666 - Postsecondary Enrollment Options Continued

BY COMMITTEE ON EDUCATION. This Act repeals section 80 of Chapter 224 of the 1987 Acts which would have repealed the Postsecondary Enrollment Options Act, contained in Chapter 261C, as of June 30, 1990. The Postsecondary Options Act permits eleventh and twelfth grade pupils to enroll part time in nonsectarian courses in certain postsecondary institutions of higher learning in the state.

HOUSE FILE 670 - School Instructional Time

BY COMMITTEE ON EDUCATION. This Act requires the State Board of Education to adopt rules that include parent-teacher conferences as instructional time for purposes of calculating the minimum number of instructional hours that are required to be provided by a school during a school day.

This Act also requires the State Board to adopt rules to permit schools to provide up to five fewer days of instruction to high school seniors who have completed the requirements for graduation in the district, than the one hundred eighty that are required to be provided to other students.

HOUSE FILE 764 - Real Estate Education

BY COMMITTEE ON APPROPRIATIONS. This Act establishes a Real Estate Education Program at the University of Northern Iowa. The program is to be coordinated with rules adopted by the Real Estate Commission and a Real Estate Education Director is to be hired by the Professional Licensing and Regulation Division of the Department of Commerce. The fees for real estate salespersons' and brokers' licenses are increased by \$10 per year and are to be used to establish and maintain the program and to hire and compensate the Real Estate Education Director. A Real Estate Fund is created in the state treasury to capture the fee increase and to create a vehicle for the appropriation and distribution of the money generated by the fee increases. The Real Estate Commission is to deposit the fee increases in the Fund. Thirty percent of the moneys collected is to be used to compensate the Director and 70% is to be used by the State Board of Regents to establish and maintain the real estate education program.

HOUSE FILE 794 - Educational Programs and Examiners Board

BY COMMITTEE ON EDUCATION. This Act establishes an autonomous Board of Educational Examiners to license teachers, administrators, or other licensed educational practitioners, except for those persons providing instruction who are licensed by another regulatory commission or board. The Board is also responsible for licensing programs designed to assist an individual in upgrading or maintaining their practitioner's license, unless the program is offered by a practitioner preparation institution or an area education agency. Programs offered by practitioner preparation institutions or area education agencies, either to assist an individual in obtaining a practitioner's license, or to assist the individual in maintaining or upgrading their practitioner's license are subject to the approval of the State Board of Education.

The Board of Educational Examiners has rulemaking and quasi-judicial authority under Chapter 17A in matters relating to issuance, denial, and revocation of licenses and will establish a code of ethics and professional practice for practitioners who are subject to the Board's control. The scope of rulemaking establishing a code of ethics and professional practices includes the power to set standards for teacher and administrative conduct as well as for certain practitioner education programs, although school board authority relating to hiring and firing in accordance with contract terms is retained at the local level. The Act also makes technical changes in a number of chapters to reflect the changes in terminology which result from the creation of the Board and the transfer of duties previously assigned to other administrative entities to the Board.

SEE APPROPRIATIONS. This Act appropriates funding from the Utilities Trust Fund to the Office of Consumer Advocate.
- House File 779 - Appropriations and Other Provisions Relating to State Regulatory Agencies and the Public Defender
SEE APPROPRIATIONS. This Act appropriates funds for various state regulatory agencies.
- House File 789 - Appropriations for Energy Conservation and Environmental Protection
SEE APPROPRIATIONS. This Act appropriates moneys for energy conservation programs.

ENERGY AND PUBLIC UTILITIES

SENATE FILE 170 - Consumer Advocate Division Employees

BY COMMITTEE ON STATE GOVERNMENT. This Act makes statutory changes relating to the transfer of certain staff of the Utilities Division of the Department of Commerce to the Consumer Advocate Division of the Department of Justice. Under the Act, the Department of Commerce may provide administrative support services to the Consumer Advocate Division but is no longer required to do so. The Act expands the Consumer Advocate's authority to contract with outside consultants.

Salaries of employees of the Consumer Advocate must be at rates consistent with current standards in industry. Nonsupervisory employees of the Consumer Advocate Division employed primarily for the purpose of performing technical analysis of nonlegal issues are included in the collective bargaining provisions of the Iowa Public Employment Relations Act.

The repeal of the Consumer Advocate's statutory authority to utilize employees of the Utilities Division takes effect April 1, 1990. Other provisions of the Act take effect July 1, 1989.

SENATE FILE 225 - Utilities Board Rejection of Applications

BY COMMITTEE ON ENVIRONMENT AND ENERGY UTILITIES. This Act allows the Utilities Board to reject an application for new or changed rates, charges, schedules, or regulations by a public utility without a hearing and without prejudice if the application presents no material issue of fact subject to dispute and the Board determines that the application violates a relevant statute or is not in substantial compliance with a Board rule lawfully adopted. However, the Board is required to issue a written order setting forth all of its reasons for rejecting the application.

SENATE FILE 229 - Utilities Board Formal Proceedings

BY COMMITTEE ON ENVIRONMENT AND ENERGY UTILITIES. This Act relates to current law in which a written complaint may be filed with the Utilities Board by any person or body politic requesting the Board to determine the reasonableness of the rates, charges, schedules, service, regulations, or anything done or omitted to be done by a public utility subject to regulation under Chapter 476, relating to public utility regulation, or in contravention of Chapter 476. The complaint is forwarded to the public utility which is provided an opportunity to satisfy the complaint or answer it in writing. Copies of the correspondence are provided to the Consumer Advocate. If the Consumer Advocate determines the public utility's response to the complaint is inadequate, the Consumer Advocate may file a petition with the Board which is required to initiate a formal

proceeding if the Board determines that there is any reasonable ground for investigating the complaint. If the Board determines the public utility's response is inadequate and there appears to be any reasonable ground for investigating the complaint, the Board is required to initiate a formal proceeding.

The Act allows the complainant or the public utility to also petition the Board to initiate a formal proceeding which is to be granted if the Board determines that there is any reasonable ground for investigating the complaint.

SENATE FILE 260 - Utilities Division Complaints Eliminated

BY COMMITTEE ON ENVIRONMENT AND ENERGY UTILITIES. This Act eliminates the ability of Utility Division staff to file a complaint with the Utilities Board alleging that a utility's rates are excessive following an investigation by the Division staff, a special audit, continuous review of operations, or review of annual reports. Under current law, if Division staff file a complaint, the utility is required to file a bond or undertaking approved by the Utilities Board conditioned upon a refund of amounts collected after the date of filing of the complaint in excess of rates or charges finally determined by the Utilities Board to be lawful. However, the Consumer Advocate is still allowed to file a petition with the Utilities board alleging that a utility's rates are excessive.

SENATE FILE 266 - Electric Utilities' Energy Management

BY VARN & GRONSTAL. This Act requires each electric utility to have in effect a comprehensive energy management program which substantially meets the primary objectives of section 476A.6, subsection 4, before the Utilities Board may approve an increased revenue requirement. Under section 476A.6, subsection 4, a comprehensive energy management program is to be designed to reduce peak loads and to increase efficiency of use of energy by all classes of customers of the utility. Under section 476A.6, subsection 4, the program must include: establishment of load management and interruptible service programs, where cost effective; development of wheeling agreements and other energy sharing agreements with utilities that have available capacity, where cost effective; establishment of cost-effective energy conservation and renewable energy services and programs; and compliance with Utilities Board rules on energy management procedures. Similar provisions currently apply to electric utilities requesting a certificate to authorize construction of a one hundred megawatt or greater capacity electric power generating plant.

SENATE FILE 373 - Public Utilities and Affiliates

BY COMMITTEE ON ENVIRONMENT AND ENERGY UTILITIES. This Act regulates gas and electric rate-regulated public utilities and rate-regulated utilities providing

local exchange telecommunication service and their affiliates. All contracts or arrangements between these public utilities and their affiliates for the furnishing or receiving of goods and services, for purchases, sales, and leases, and for loans, are to be filed annually with the Utilities Board. However, exempt are transactions not in excess of \$50,000 or 5% of the utility's equity capital (whichever is smaller). The Utilities Board may also provide other exemptions or waivers of requirements if the Board finds that it is in the public interest. For ratemaking purposes, the Utilities Board may exclude from the accounts of the public utility relating to certain transactions with its affiliates unless the utility establishes the reasonableness of the payment or compensation.

This Act also regulates reorganizations of these public utilities and provides that reorganizations can not take place if the Utilities Board disapproves. Again the Utilities Board may provide exemptions or waivers if the Board finds that the reorganization review is not in the public interest.

The Act prohibits rate-regulated gas or electric public utilities from including in their regulated rates or charges, either directly or indirectly any costs or expenses attributable to providing "nonutility service". "Nonutility service" is defined as including the sale, lease, or other conveyance of commercial and residential gas or electric appliances, interior lighting systems and fixtures, or heating, ventilating, or air conditioning systems and component parts or the servicing, repair, or maintenance of such equipment.

The Act requires that rate-regulated gas or electric public utilities which engage in systematic marketing efforts to promote the availability of nonutility service from the public utility are required to make available, reasonable compensation on a nondiscriminatory basis to all persons engaged primarily in providing the same competitive nonutility services, access to and use of the public utility's customer lists, billing and collection system, and mailing system.

SENATE FILE 419 - Energy Efficiency Measures

BY VARN. This Act provides provisions to promote energy efficiency in the state.

Beginning January 1, 1990, the Act requires the State Vehicle Dispatcher and institutions under the control of the State Board of Regents to annually purchase new passenger automobiles such that the average fuel economy for the fleet of new passenger automobiles purchased in that year is not less than two miles per gallon under the average fuel economy standard for the automobiles' model year. Also the group of comparable automobiles within the total fleet purchased by the State Vehicle Dispatcher or other state agency is required to have an average fuel efficiency rating not less than two miles per gallon under the average fuel economy rating for that model year for that class of

comparable automobiles. The State Vehicle Dispatcher is required to annually report the average combined fuel economy for all new motor vehicles purchased according to classification (passenger automobiles, enforcement automobiles, vans, and light trucks). The fuel economy requirements do not apply to automobiles purchased for law enforcement purposes.

The Act requires the Department of Natural Resources to identify a state facility to be used as a marketing tool to promote energy conservation and to provide a showcase for the Department to demonstrate energy efficiency. The Act also requires the state, state agencies, political subdivisions of the state, schools, area education agencies, and area schools to identify and implement all energy conservation measures identified for which financing is made available to the entity by the Department of Natural Resources.

The Act allows the Public Broadcasting Division of the Department of Cultural Affairs to use the State Facilities Improvement Corporation to purchase energy efficiency packages for its ultrahigh frequency transmitters.

The Act requires all city-owned and public utility-owned exterior flood lighting, including but not limited to, street and security lighting, when worn-out to be replaced exclusively with high pressure sodium lighting or lighting with equivalent or better energy efficiency as approved by the Utilities Board. The Utilities Board, when determining whether to punish or reward a public utility in determining its allowable level of profit or revenue requirement for operating efficiency, may consider the public utility's pursuit of energy efficient programs.

Effective July 1, 1992, all cities with more than three traffic lights within its corporate limits, are to establish a traffic light synchronization program for energy efficiency in accordance with rules established by the State Department of Transportation.

Currently under the Code it is illegal for a person to sell or offer for sale a decorative gas lamp manufactured after December 31, 1978. Under the Act, commencing January 1, 1990, such lamps may be sold if the Utilities Board determines that such sales do not violate the public interest.

Effective June 3, 1989, the Act requires the Director of the Department of Personnel to conduct a pilot project during the summer months of 1989 and 1990 wherein state employees in a selected office area or areas work four ten-hour work days per week rather than five eight-hour days. The Director is to report on the results of the pilot project to the Governor and the General Assembly by January 1, 1990.

The Act also requires the Director of the Department of Personnel to identify through a study the state employees who could telecommute one or more days during the work week. "Telecommuting" is defined as conducting work at the employee's residence through the use of computer terminals. The study is to be reported to the Governor and General Assembly by January 15, 1990. Except as otherwise noted, the Act takes effect July 1, 1989.

HOUSE FILE 660 - Fuel Price Surveys

BY COMMITTEE ON ENERGY AND ENVIRONMENTAL PROTECTION. This Act provides for the performance of monthly fuel surveys by the Department of Natural Resources establishing a statistical average for various motor fuels throughout the state and in cities with populations of over fifty thousand. The results of the surveys are to be published in a monthly press release issued by the Department of Natural Resources.

SEE APPROPRIATIONS. This Act appropriates money for various environment protection programs.

ENVIRONMENTAL PROTECTION

SENATE FILE 83 - Plastic Beverage Can Prohibition

BY VARN. This Act prohibits the manufacture, offering for sale, or selling of plastic cans. A person violating the Act is guilty of a serious misdemeanor.

SENATE FILE 470 - Environmental Tests and Waste Minimization

BY COMMITTEE ON ENVIRONMENTAL PROTECTION AND ENERGY UTILITIES. This Act provides for the minimization of waste in the state by establishing a hazardous waste management hierarchy for the use of hazardous waste generators in meeting a state goal of reducing the volume of hazardous waste generated in the state by twenty-five percent by July 1, 1994. In promoting the goal, the Department of Natural Resources is required, in cooperation with the Small Business Assistance Center at the University of Northern Iowa, to promote research, educational efforts, technical assistance to hazardous waste generators, and other activities which support attainment of the goal. The Department of Natural Resources is also required to provide hazardous waste generators with a listing of hazardous waste materials which are currently being recycled, to require that each hazardous waste generator in the state submit a report of hazardous waste materials currently designated as recyclable by the Department which are not being recycled by the generator, to make certain recommendations to the General Assembly by January 1, 1991, concerning hazardous waste, and to include in the annual report to the Governor and the General Assembly specific recommendations for attaining the goals for waste minimization and capacity assurance requirements. The Act also provides that, under certain conditions, the results of tests relative to the purview of the Department of Natural Resources, are public records.

SENATE FILE 488 - Solid Waste Disposal Penalty

BY COMMITTEE ON ENVIRONMENT AND ENERGY UTILITIES. This Act increases the maximum civil penalty for solid waste disposal violations, including illegal dumping, from the current penalty of \$500 to \$5,000 for each day of the violation.

SENATE FILE 490 - Water Treatment Systems Testing

BY COMMITTEE ON ENVIRONMENT AND ENERGY UTILITIES. This Act revises current law which requires a manufacturer of a water treatment system to provide proof of independent performance testing as a condition of sale of the water treatment system in the state. The Act permits a manufacturer to use the manufacturer's own test data upon review and approval by an accepted third-

party evaluator. This provides an alternative means of satisfying statutory requirements that a manufacturer prove that a water treatment system performs as advertised and is in response to experience with the original statute.

SENATE FILE 512 - Chemical Emergencies

BY HUTCHINS and HULTMAN. This Act provides statutory authority for a twelve-member Iowa Emergency Response Commission appointed by the Governor to meet requirements of federal law relating to emergencies involving hazardous chemicals. The Commission is responsible directly to the Governor and is attached to the Department of Public Defense for routine administrative and support services only. The Commission is to enter into intergovernmental agreements with the Department of Employment Services, Department of Natural Resources, and Department of Public Defense whereby specified Commission duties are allocated to those departments. Funding is to be through the budgets of the respective departments.

The Commission designates local emergency planning districts and appoints local emergency planning committees. The Act includes a provision relating to immunity from liability for members of local committees.

Under the Act, if an owner or operator of a facility subject to the federal Emergency Planning and Community Right-To-Know Act violates certain federal disclosure and notification requirements, the Iowa Emergency Response Commission may sue the violator in state court and the court may grant any appropriate relief.

HOUSE FILE 329 - Waste Reduction Center

BY SHOULTZ. This Act changes the name of the Small Business Assistance Center at the University of Northern Iowa to the Iowa Waste Reduction Center and provides that a person receiving information or assistance from the Center for Management of Solid Waste and Hazardous Substances is not relieved of any liability imposed by law; nor is any liability transferred to the state, the University, or an employee of either; nor is a liability created to the state, the university, or an employee of either from the providing of advice or assistance in handling hazardous waste, unless there is intentional wrongdoing or gross negligence.

HOUSE FILE 447 - Petroleum Underground Storage Tanks

BY COMMITTEE ON WAYS AND MEANS. This Act Creates a state program to assist owners and operators of underground storage tanks to comply with new federal technical standards and proof of financial responsibility regulations. Major features of the Act include state assistance to clean up existing leaks and releases, offering prospective insurance for future leaks through a state

insurance fund; leveraging the fund with state backed bonding authority; repaying and securing the bonds with an environmental protection charge levied against petroleum deposited into underground storage tanks which is released into the environment. The Act is structured to offer rural economic development and small business assistance to cope with the costs of federal compliance. The Act commits the state to provide at least \$14,000,000 in annual assistance to the regulated tank community during the next fifteen years.

The Act also repeals the requirement for whole-cent pricing of gasoline permitting, as of May 5, 1989, nine-tenths pricing.

The federal regulations require the vast majority of Iowa tank owners and operators to demonstrate financial responsibility (insurance) for petroleum releases by October 26, 1990 (some must comply sooner). A tank not in compliance must be closed within 60 days of the effective compliance date, unless an enforcement suspension is granted. Without state assistance, the federal regulations were expected to directly cause the closing of more than a third of Iowa's gas stations, with the losses concentrated in rural communities.

Private insurance coverage is not generally available to tank owners and operators at this time to satisfy the federal requirements. Federal law requires a person with less than 10,000 gallons per month average to maintain \$500,000 per occurrence and \$1,000,000 aggregate coverage to satisfy both potential corrective action and third-party liability in the event of a future release. Larger owners and operators are required to maintain \$1,000,000 per occurrence and up to \$2,000,000 aggregate coverage.

The total program is entitled the Iowa Comprehensive Petroleum Underground Storage Tank Fund (UST Fund) and is supervised by a board consisting of state officials and persons with experience in financial markets and insurance. The Fund is to be managed by a professional administrator retained by the board as an independent contractor. The Fund's separate programs are called accounts.

The environmental protection charge (EPC) will be collected from tank owners or operators by whomever deposits petroleum into an underground storage tank beginning July 1, 1989. In addition to the EPC revenues, the program is financed in part by a \$50 increase of the existing storage tank management fee to \$65. The EPC is adjustable within a range set by the General Assembly to cover actual costs incurred by the program to maintain the financial soundness of the fund. EPC annual revenue has initially been capped at \$12,000,000, but the cap may be raised by request to the General Assembly if the Fund requires additional operating revenue or to secure bond repayment.

The Fund is to be capitalized by revenue bond issues coordinated by the Iowa Finance Authority on behalf of the fund's board. The bonds will be repaid out of the environmental protection charge revenues, per tank fees, insurance premiums, third-party recovery proceeds, investment income, and other Fund

revenue sources. To permit issuance of marketable bonds at a favorable rate of interest, the Act provides a variety of security mechanisms to give bond repayment top priority and secure funding. The bonds permit spreading the costs of immediate compliance with federal law over fifteen years.

House File 447 has three major components or steps. The first step, the "Remedial Account", makes the tank site insurable and corrects existing environmental damage by cleaning up existing releases. The second step, the "Loan Guarantee Account" for small businesses, helps make the tank system itself insurable by providing financial assistance for tank improvements. The third step, the "Insurance Account", offers insurance to qualified tanks to satisfy federal law.

The Remedial Account assists owners and operators to pay for correcting existing leaks or releases. Under the remedial account, the owner or operator remains responsible for a portion of the cost of a corrective action in the form of a co-payment. For a release reported to the Department of Natural Resources (DNR) on or after May 5, 1989, the co-payment is equal to the greater of \$5,000 or 25% of the cost of the corrective action. The Fund will therefore be responsible for up to 75% of the cost of corrective action for releases reported prior to October 26, 1990.

Limited benefits are provided retroactively to releases previously reported to DNR between July 1, 1987, and May 5, 1989. The retroactive coverage offers some assistance to tank owners and operators who discovered releases in the course of attempting to comply with anticipated tank standards by installation of monitoring devices, a new tank, or tank improvements. Self-insured owners and operators under the federal financial responsibility rules and those who have gone bankrupt, or discontinued business since July 1, 1987, are not eligible for coverage, with the intent that limited funds be spent on those most in need of help and those capable of being helped. The co-payment for releases covered retroactively is the greater of \$5,000 or 66% of the total costs, with total retroactive benefits limited to \$6,000,000, to be prorated among owners and operators submitting claims on or before January 31, 1991. The maximum payment to any one owner or operator under the retroactive program is \$25,000 per site.

Under the remedial program, the owner or operator also remains solely responsible for any third-party liability incurred due to an existing release.

The second step is the Loan Guarantee Account for small businesses. The Loan Guarantee Account may guarantee up to 90% of the outstanding balance of a loan made by a private lender for a term of up to 10 years. The Loan Guarantee Account provides capital for bringing the state's tank population into compliance with federal technical standards for tank construction, installation, and monitoring. Additionally, it offers a means of borrowing the co-payment required for Remedial Account coverage. This will permit small business owners and operators to spread the compliance costs imposed by the federal regulations over a longer period of time.

As a further form of assistance to help the regulated tank community absorb the costs of conversion to new federal standards, a local option property tax credit is made available. A county or municipality may offer the property tax credit, but is not required to do so.

Clean-up of existing leaks and upgrading or replacement of old tanks to satisfy new federal technical standards is a precondition to obtaining insurance coverage under the third component, the Insurance Account. A transition provision does allow an additional year, until October 1991, for a release-free site to be upgraded to federal technical standards. A tank not yet upgraded or replaced, but which otherwise meets the preconditions for insurance coverage, will be required to pay two times the normally scheduled premium. The Insurance Account will offer coverage for prospective releases of petroleum to insurable tanks which are demonstrably release-free and which meet federal standards for new tanks or upgraded tanks. During the first five years of the Insurance Account, coverage will be offered for a fixed premium, starting at \$100 per year and escalating by \$50 per year. The Insurance Account will be subsidized by proceeds from the EPC as necessary. After the first five years, Insurance Account coverage will only be offered on an actuarially sound, risk-factor-adjusted basis, i.e., the owner or operator will pay a tank premium for coverage, based upon the risk presented to the Insurance Account by that tank.

House File 447 provides for the automatic repeal, or sunset, of its various provisions. The Loan Account and new bonding authority are repealed at the end of ten years, as under federal law all tanks must be improved to current technical standards within that time period. The Insurance Account is repealed at the end of fifteen years in expectation that with an improved tank population and better actuarial experience, private insurance will become generally available.

The Act provides a temporary transition mechanism from the unregulated environment to the new federal regulatory regimen. The Fund, together with existing state statutes and rules, is intended to qualify as a federally approved state program. An approved state program may administer the regulations at the state level and is eligible to receive moneys from the federal Underground Storage Tank Trust fund if a release causes more than \$1,000,000 in damage, or if a responsible owner who is able to pay for a required clean-up cannot be found.

Certain penalties are imposed or authorized in the Act to encourage or compel compliance, including the authorization of treble punitive damages for certain intentional acts, failure to respond to a release of petroleum as ordered by the Director of the Department of Natural Resources, failure to register a known underground storage tank subject to registration requirements, and intentional failure to report a known release.

Also created is a registration program for aboveground petroleum storage tanks in anticipation of similar, future federal regulation of aboveground storage

tanks. The aboveground tank registration program is placed under the authority of the State Fire Marshal.

This Act is effective May 5, 1989.

HOUSE FILE 598 - Water System Testing

BY COMMITTEE ON ENERGY AND ENVIRONMENTAL PROTECTION. This Act requires the Environmental Protection Commission to adopt rules to require public water systems to test the source water of that supply for the presence of synthetic organic chemicals and pesticides every two years. The rules are to enumerate not more than ten synthetic organic chemicals and pesticides for which the water supplies are to be tested, to specify the analytical method to be used for testing, and are to require reporting of test results to the Department of Natural Resources. All laboratory analysis and data management is to be conducted by the Center for Health Effects of Environmental Contamination; the sampling is to be conducted by personnel of the Department of Natural Resources and the Center for Health Effects of Environmental Contamination in the course of their ongoing field activities; provision is made for the sampling of private wells; and limitations for the costs of analyses for private wells and privately owned public water supplies are provided. The Department of Natural Resources is required to submit a report to the General Assembly, annually by September 1, of the findings of the tests and the conclusions which may be drawn from the tests performed.

HOUSE FILE 713 - Vetoed by Governor

BY COMMITTEE ON ENERGY AND ENVIRONMENTAL PROTECTION. This bill established the Office of the Environmental Advocate and an Environmental Advocate Advisory Committee. The Environmental Advocate is to be appointed by the Governor following the selection and presentation to the Governor of three persons by the Iowa Academy of Science. The Act provides for the terms of office of the Environmental Advocate and the duties of the Environmental Advocate. The Act provides for the appointment of an Environmental Advocate Advisory Committee by the Iowa Academy of Science, provides for the terms of office of the Advisory Committee members, and provides for the duties of the Advisory Committee. This Act was vetoed.

HOUSE FILE 722 - Infectious Waste

BY COMMITTEE ON ENERGY AND ENVIRONMENTAL PROTECTION. This Act provides for the institution of an infectious waste management program by the Department of Natural Resources in cooperation with the Iowa Department of Public Health. The Act requires the inclusion of certain elements in the program, and provides definitions of certain terms relative to infectious waste.

HOUSE FILE 753 - Waste Management and Recycling

BY COMMITTEE ON WAYS AND MEANS. This Act provides for waste volume reduction and recycling by: establishing findings, goals, and policies relative to waste volume reduction and recycling within the state; requiring the Department of Natural Resources to establish a statewide waste reduction and recycling network; requiring the Environmental Protection Commission to recommend to the General Assembly, annually, deposits, rebates, and waste abatement fees, as defined by the Act, on elements of the waste stream when necessary to encourage waste reduction, recycling, or proper waste management; prohibiting the land disposal of yard waste beginning January 1, 1991, and requiring each city and county to require, by ordinance, persons within the city or county to separate yard waste from other solid waste generated beginning July 1, 1990; prohibiting the land disposal of lead acid batteries beginning July 1, 1990; prohibiting the land disposal of waste tires beginning July 1, 1991, unless properly processed, establishing an environmental assessment fee, and requiring the Department of Natural Resources to conduct a study and make recommendations to the General Assembly by January 1, 1991, concerning a waste tire abatement program; requiring plastic container labeling beginning July 1, 1992; prohibiting the land disposal of waste oil beginning July 1, 1990; prohibiting the sale, offering for sale, purchase, or use of plastic foam packaging products or food service items manufactured with chlorofluorocarbons beginning January 1, 1990, and prohibiting the sale, offering for sale, purchase, or use of plastic foam products, not previously prohibited, which are manufactured with fully halogenated chlorofluorocarbons beginning January 1, 1998; establishing a waste volume reduction and recycling fund; requiring the establishment of a recycling program to increase the percentage of packaging products or food services items recycled by twenty-five percent by 1992 and by fifty percent by 1993 and to prohibit the manufacture, offering for sale, selling, or use of any polystyrene packaging products or food service items in the state beginning January 1, 1994, if the specified recycling goals are not met; providing that, effective January 1, 1992, a person shall not sell or offer for sale a disposable plastic bag or packaging material which does not comply with the labeling requirements adopted by rule of the Environmental Protection Commission; and prohibiting land disposal of nondegradable plastic grocery bags or trash bags, beginning July 1, 1992.

The Act also requires that the Department of General Services, the Board of Regents, the Iowa state Department of Transportation, and the Department for the Blind comply with certain requirements including: the purchase and use of a specified percentage of recycled printing and writing paper; the establishment of agency wastepaper recycling programs by January 1, 1990; compliance with the recycling goal, recycling schedule, and ultimate termination of the purchase and use of polystyrene products for the purpose of storing, packaging, or serving food for immediate consumption; and the required inclusion of a product content statement, the inclusion of information regarding on-site review of waste management in product bidding and contract procedures, and compliance with requirements regarding procurement specifications.

The Act provides a tax exemption for machinery and equipment used in recycling or reprocessing of waste products; establishes a pollution hotline program; provides that comprehensive plans filed by a city or county for a sanitary disposal project be established in conjunction with all local governments using the sanitary disposal project; requires all cities and counties filing comprehensive plans regarding a sanitary disposal project to also file a plan for compliance with the required establishment and implementation of a comprehensive solid waste reduction program for its residents; requires separation of recyclable and reusable materials and toxic materials from other materials, prior to incineration at a sanitary disposal project that includes incineration as a part of its disposal process, beginning January 1, 1990; reestablishes the Alcoholic Beverages Division of the Department of Commerce as a distributor for the purposes of the collection of beverage containers effective July 1, 1990, and in the interim period, requires the Division to develop a plan for the collection of the empty alcoholic beverage containers; prohibits the disposal of empty beverage containers at a sanitary landfill beginning July 1, 1990; and provides for the use of moneys collected from civil penalties and fines related to the environment for provision of financial assistance to counties in the investigation of complaints under the pollution hotline program.

THE GOVERNOR ITEM VETOED THE FOLLOWING:

1. The levying of an environmental assessment fee on vehicle registrations and the procedures established to process the moneys through the Road Use Tax Fund, placement in a Waste Volume Reduction and Recycling Fund, and the mechanism to distribute the funds.
2. A prohibition against awarding financial assistance for waste incineration facilities.

Senate File 124 - Excursion Boat Gambling

Senate File 220 - Pari-Mutuel Wagering

Senate File 525 - Excursion Boat Gambling Amendments

House File 201 - Advertising a Lottery or Other Activity

House File 490 - Inspections and Appeals Department Duties and Powers,
Including Racing and Gaming Regulation

GAMING

SENATE FILE 124 - Excursion Boat Gambling

BY COMMITTEE ON STATE GOVERNMENT. This Act authorizes limited gambling boats under the supervision of the State Racing and Gaming Commission. The name of the State Racing Commission is changed to reflect the new duties assigned to it. The Commission is responsible for licensing the boat operators, the non-profit game operators, and the occupations relating to gaming, and is required to determine the number, size, and locations of the excursion gambling boats. A county referendum is required to approve excursion boat gambling within the county.

Gambling games include twenty-one, dice, slot machines, video games of chance, and roulette wheels. Wagers are limited to five dollars per play and a maximum loss of \$200 per excursion. A cashless system must be used for actual wagers. The operators of excursion gambling boats, the gaming operation, and certain occupations related to gambling are subject to background checks before licensing. The fees for occupational licenses are set by the Commission. The fees for excursion gambling boat licenses are based on the passenger-carrying capacity of the boat -- five dollars annually per person capacity.

Gambling may be conducted during an excursion cruise during the excursion season, April through October, and may be conducted while docked during the off season, November through March, subject to rules of the Commission.

A tax of five percent is imposed on the first \$1,000,000 of adjusted gross receipts from wagering, 10% on the next \$2,000,000 of adjusted gross receipts, and 20% on all adjusted gross receipts over \$3,000,000. One-half of one percent of the adjusted gross receipts is allocated to each city in which a gambling excursion originates and one-half of one percent to the county in which an excursion boat docks. If the gambling excursion originates in an area outside of a city, one and one-half of the adjusted gross receipts shall be paid to the county and an additional one and one-half percent shall be paid to the nearest Iowa city to the docking area. A total of three percent of the adjusted gross receipts are credited to the gamblers assistance fund. (Also see S.F. 525) The remainder of the adjusted gross receipts tax is credited to the state general fund.

A city or county may enact an admission fee of not more than \$.50 per person for excursion gambling boats which dock within its jurisdiction. The admission fee shall be credited to the general fund of the city or county.

The Act takes effect July 1, 1989, however, excursion gambling boat licenses are not valid until April 1, 1991.

SENATE FILE 220 - Pari-Mutuel Wagering

BY MURPHY and LIND. This Act provides that unclaimed winnings from pari-mutuel wagering at horse or dog tracks that are not otherwise appropriated are to be used for drug testing after which any remaining amounts are to be divided equally between the track and the city and county where the track is located, except if the remaining amounts are from harness racing meets in which case the first \$120,000 is to be used to supplement purses for races in which Iowa-bred or owned harness racehorses run and for repairs at the harness racing tracks. The Act provides that the state portion of the tax on the gross sum wagered at a track that is licensed for dog races is a graduated tax from three percent to five percent depending upon the gross sum wagered, and that the five percent tax credit allowed tracks licensed for horse races will be six percent if the gross sum wagered at the track is less than \$90,000,000. Tracks that receive unclaimed winnings or have a lower tax rate must set aside a specified amount for retiring of debt at the track or for capital improvements to the track.

In addition, the Act authorizes racetracks to simultaneously televise during the time they are open, up to 10 other races chosen by the Racing Commission for pari-mutuel wagering purposes, authorizes the use of two percent of the breakage at dog tracks for promotional purposes, establishes an adoption program for old racing dogs; and exempts from property tax any track that is being taxed on the effective date of this Act and any other track that may subsequently become subject to property tax for three years prior to the end of which a referendum must be held to determine if voters want the exemption extended for an additional ten-year period.

The Act specifies that the provision for the graduated state portion of the tax applies to dog tracks whose season ends after January 1, 1989, and that claims for refunds must be filed by July 1, 1990, for overpayments of tax. The Act is effective May 24, 1989.

SENATE FILE 525 - Excursion Boat Gambling Amendments

BY HUTCHINS. This Act includes additional restrictions and requirements regarding the operation of excursion gambling boats and the operation of gambling games authorized in Senate File 124. The Act requires the State Racing and Gaming Commission to set the payout rate for slot machines, to define the duration of an excursion, to provide for the continuous videotaping of gambling activities, to provide adequate security aboard excursion gambling boats, to limit gambling hours to the same hours authorized for the sale or dispensing of alcoholic beverages, to set a minimum admission charge to excursion gambling boats, and to provide for periodic drug testing of boat operators or pilots. The Act also restricts excursion boat gambling to persons twenty-one years of age or older, provides for separate accounting and handling of gambling money, and increases the allotment of adjusted gross receipts to the Gamblers Assistance Fund to three percent. A license to operate the

gambling games or an excursion gambling boat cannot be issued to a person who has pled guilty to, or has been convicted of, a felony. If the county electorate approves a referendum on excursion boat gambling, licenses related to gambling will remain valid and are renewable for nine years for the date of original issue unless earlier revoked for a violation. If the definition of a gambling game, the wager limits, and loss limits are amended by the General Assembly after a county referendum approves excursion boat gambling, another referendum is required to approve gambling under the amended provisions.

HOUSE FILE 201 - Advertising a Lottery or Other Activity

BY JOCHUM, MILLER, SPENNER, and SHEARER. This Act permits the advertising of a lottery within Iowa which is operated or permitted under the laws of another jurisdiction, for example the Illinois Lottery. The Act also excludes from lottery advertising restrictions, but not other gaming restrictions, advertisement of a lottery, game of chance, contest, or activity conducted by a tax exempt charitable organization or conducted as a promotional activity by a commercial organization if clearly occasional and ancillary to the primary business of that organization.

HOUSE FILE 490 - Inspections and Appeals Department Duties and Powers, Including Racing and Gaming Regulation

BY COMMITTEE ON STATE GOVERNMENT. This Act relates to the structure and allocation of duties of the Department of Inspections and Appeals. The primary emphasis is on the racing and gaming responsibilities of the Department. The Act eliminates the Racing and Gaming Division and places the responsibility for certain Chapter 99B activities (bingo, other games of skill or chance, and raffles) directly under the Director. The State Racing Commission has responsibility for racing regulation under Chapter 99D without being assigned to any division of the Department. The Commission appoints its own administrator. (Under another Act, Senate File 124, the name of the Commission is changed to the State Racing and Gaming Commission and the Commission is assigned responsibility for administering new provisions regulating excursion boat gambling.)

The Act authorizes the Director of Inspections and Appeals to enter into and implement Indian gaming agreements or compacts pursuant to the new federal Indian Gaming Regulatory Act and provides for the confidentiality of related records if confidentiality is required by the terms of the agreement or compact. Indian gaming is added to the list of exceptions from the Iowa provision declaring gaming contracts void.

The section governing the confidentiality of information in the Department of Inspections and Appeals is rewritten. Information produced or collected during or as a result of a hearing, appeal, investigation, inspection, audit, or other function performed by the Department of Inspections and Appeals on behalf of

another governmental entity is governed primarily by the law applicable to the records of that entity.

Hearings and appeals relative to the administration of the Department of Revenue and Finance are added to the list of hearings to be conducted by the Department of Inspections and Appeals. Certain other duties are assigned to the Department of Inspections and Appeals. These include audits relating to the administration and disbursement of funds from games of skill, games of chance, and raffles; audit reviews of Iowa Department of Public Health contractors; and certification of targeted small businesses.

The Act revises provisions governing the prizes allowed in jackpot bingo and other games and raffles. It also provides that 75% of net receipts of games and raffles must be dedicated and distributed by qualified organizations. Another provision specifies that bingo participants may make payment by personal check for entry or participation fees.

The Act also revises provisions regulating the use of mechanical and electronic amusement devices which award prizes.

The Act contains an amendment to the excursion boat gambling bill enacted in 1989 (Senate File 124). The amendment rewrites the section governing the consent of a licensee or holder of an occupational license to certain warrantless searches.

SEE APPROPRIATIONS. This Act appropriates moneys to the Iowa Department of Public Health.

HEALTH AND SAFETY

SENATE FILE 14 - Practice Profession and Course of Instruction Regulation

BY STURGEON. This Act eliminates the requirement that a person must be a licensed cosmetologist to practice manicuring or electrolysis. Under the Act, forty hours of training relating to manicuring in a licensed school of cosmetology or licensed barber school is sufficient to qualify for a license to practice manicuring. Two hundred fifty hours of training relating to electrolysis is sufficient to qualify for a license to practice electrolysis. The Board of Cosmetology Examiners is directed to adopt rules for granting manicurist's and electrologist's licenses by reciprocity or endorsement to persons holding such licenses in other states. The Act includes a special provision to allow persons currently employed as unlicensed manicurists in barbershops to continue that employment without meeting the new licensing requirements.

The Act also removes the exemption for schools of cosmetology and barber schools under the state law requiring certain proprietary schools to file corporate surety bonds with the Department of Education. The bond provision is revised to allow the bond to be in the sum of \$50,000 or ten percent of the total annual tuition collected, whichever is less. A letter of credit from a bank may be accepted in lieu of the corporate bond. If the school has filed a performance bond with a federal agency pursuant to federal law, the amount of the state bond required must be reduced by the amount of the federal bond.

SENATE FILE 31 - Health Care Facilities

BY STURGEON. This Act provides for certain laws and rules relating to health care facilities. The Department of Inspections and Appeals must adopt and enforce rules for the recoupment of funds or property to residents when the resident's personal funds or property have been used without the resident's written consent or the written consent of the resident's guardian. A resident with a developmental disability or with mental illness may also file a complaint with the Protection and Advocacy Agency, and any complaint filed shall be delivered to the facility involved only at the time of the inspection. The Act provides for the inclusion of certain information in the investigation of a complaint, and the notification of the complainant at the conclusion of any investigation. The Act also provides that a person who notifies, or causes to be notified, a health care facility of the time and date on which a survey or on-site inspection is scheduled, is subject to a civil penalty of not less than \$1,000 and not more than \$2,000, and repeals this provision at such time as federal law provides a penalty for such a violation.

SENATE FILE 89 - Professional Regulation

BY COMMITTEE ON HUMAN RESOURCES. This Act removes the requirement for departmental approval of rules adopted by the Board of Cosmetology Examiners and the Board of Barber Examiners in the Iowa Department of Public Health. The Act also repeals a provision relating to departmental approval of colleges in which are taught the professions regulated by the Iowa Department of Public Health.

SENATE FILE 90 - Dental Hygiene Students

BY COMMITTEE ON HUMAN RESOURCES. This Act specifies that students of dental hygiene at state-approved schools are not deemed to be engaged in the practice of dentistry.

SENATE FILE 96 - Health Data Commission Extension and Prohibitions

BY COMMITTEE ON STATE GOVERNMENT. This Act provides for the repeal of the termination of the Health Data Commission, prohibits the Health Data Commission from contracting in cases of conflict of interest, and exempts hospitals with fewer than 100 licensed acute care beds from installation of computerized severity of illness systems prior to July 1, 1991.

SENATE FILE 122 - Tattooing

BY COMMITTEE ON HUMAN RESOURCES. This Act requires an application for and receipt of a permit from the Iowa Department of Public Health relating to the practice of tattooing. Minors are prohibited from obtaining a tattoo and a person is prohibited from providing a tattoo to a minor. A person in violation of the provisions of the Act is guilty of a serious misdemeanor. The Act also provides for the adoption of rules by the Iowa Department of Public Health to implement the provisions of the Act.

SENATE FILE 216 - Cremation Permits

BY COMMITTEE ON HUMAN RESOURCES. This Act provides that in all cases where cremation of a body is requested, a permit for cremation must first be obtained from a medical examiner and a copy provided to the State Medical Examiner's office. A person who violates the new provision is guilty of a serious misdemeanor. An exception to the requirement is provided where the deceased person was a member of an established religion whose tenets are opposed to the examination of bodies of deceased persons. The cost of the cremation permit, not to exceed twenty-five dollars, must be borne by the family, next of kin, guardian, or other person authorized to act on behalf of the decedent.

SENATE FILE 410 - Human Immunodeficiency Virus Study of Newborns

BY COMMITTEE ON HUMAN RESOURCES. This Act provides for the conducting of an epidemiological blinded study of newborns to determine the prevalence of the human immunodeficiency virus infection. The study is funded through federal grant moneys received by the Iowa Department of Public Health. This Act is effective April 27, 1989.

SENATE FILE 435 - Asbestos Project Regulations

BY COMMITTEE ON STATE GOVERNMENT. This Act provides for the differentiation between "license," which means authorization for a person to work on an asbestos project, and "permit," which means authorization for a business entity to remove or encapsulate asbestos. The Act further provides for the adoption of rules which asbestos professional licensees or permittees must follow.

SENATE FILE 522 - Radon Abatement

BY HUTCHINS and HULTMAN. This Act provides requirements for persons who provide abatement measures regarding radon, in addition to existing requirements for persons who test for the presence of radon and radon progeny. The Iowa Department of Public Health is required to establish a credentialing program for persons abating the level of radon in buildings, and persons who are not credentialed are prohibited from performing abatement measures. Persons providing abatement measures are required to disclose the address or location of the building, the name of the owner of the building, and the results of any abatement measures to the Department within thirty days of performing such abatement. The Department is required to spot-check the adequacy of abatement measures performed by those credentialed and to establish a fee to defray the costs of the credentialing program.

HOUSE FILE 343 - Drugs, Devices, and Cosmetics

BY COMMITTEE ON HUMAN RESOURCES. This Act relates to the regulation of labeling, advertising, adulteration, misbranding, and dispensing of drugs, devices, and cosmetics by the Board of Pharmacy Examiners. It repeals Chapter 203 (adulteration and labeling of drugs) and most of Chapter 203A (the Iowa Drug and Cosmetic Act) and substitutes a new chapter, designated the Iowa Drug, Device, and Cosmetic Act. The new chapter updates and incorporates many of the existing provisions and establishes greater uniformity with the federal laws relating to drugs, devices, and cosmetics.

HOUSE FILE 344 - Substance Abuse

BY COMMITTEE ON HUMAN RESOURCES. This Act eliminates the duty of the Commission on Substance Abuse to establish policies governing the Director of Public Health's performance. The Act also provides an exception to licensing requirements of the Iowa Department of Public Health for hospitals with substance abuse programs accredited by the Joint Commission on the Accreditation of Health Care Organizations or other recognized accrediting organizations. The Act allows the Department to charge a fee for licensing and renewal, but allows no charge for programs contracting with the state to provide services. Further, the Act modifies both the procedure which accounts for client payment and a requirement that substance abusers assign claims for reimbursement.

HOUSE FILE 371 - Emergency Medical Care Providers

BY COMMITTEE ON HUMAN RESOURCES. This Act defines both "emergency medical technicians" and "paramedics" as "advanced emergency medical care providers", and makes conforming changes throughout the Code.

HOUSE FILE 373 - Swimming Pools and Spas

BY COMMITTEE ON HUMAN RESOURCES. This Act provides for the registration and regulation of swimming pools and spas as defined in the Act. The Iowa Department of Public Health is responsible for the registration and regulation of swimming pools and spas to which the provisions of the Act apply. The powers and duties of the Iowa Department of Public Health include: inspection of all swimming pools and spas at the time of installation and periodically thereafter; the establishment of minimum safety and sanitation criteria for swimming pools and spas; the establishment of minimum qualifications for swimming pool, spa, and waterslide operators and lifeguards; the establishment and collection of fees to defray the costs of administering the provisions of the Act; the establishment of rules to administer and implement the Act; and the entering into of agreements with a local board or boards of health to implement and enforce the provisions of the Act. The Act provides the penalty of a simple misdemeanor for violation of a provision of the Act, provides for enforcement of the Act, and provides for the exemption of the state or governmental subdivisions from tort claims associated with a swimming pool or spa which has been inspected in accordance with the provisions of the Act, unless the claim is based upon an act or omission of an officer or employee of the state or municipality and the act or omission constitutes actual malice or a criminal offense.

HOUSE FILE 379 - Hospice License Renewal

BY COMMITTEE ON HUMAN RESOURCES. This Act provides that the license renewal fee for hospice programs is determined by the Department of Inspections and Appeals, and that the fee is no longer based upon the cost of administering the program.

HOUSE FILE 529 - Liability Arising From Food Donations

BY SVOBODA. This Act provides an exemption from criminal and civil liability for a restaurant, food establishment, food service establishment, school, manufacturer of foodstuffs, or other person, in addition to the existing exemption for a gleaner or donor, who, in good faith, donates food to a charitable or nonprofit organization for free distribution to needy individuals.

HOUSE FILE 641 - AIDS-Related Procedures

BY COMMITTEE ON HUMAN RESOURCES. This Act relates to AIDS prevention by requiring the Iowa Department of Public Health to devise a procedure, as part of the partner notification program, to provide for the notification of certain identifiable third parties who are sexual partners or who share intravenous equipment with a person who has tested positive for the human immunodeficiency virus (HIV), under certain conditions. A physician providing the notification to a third party is required to make reasonable efforts to inform, in writing, the person who has tested positive for HIV, prior to notification of the third party. The Act provides that disclosure of test results may be made to third parties under the partner notification disclosure provisions, provides that there is no duty to warn on behalf of a physician or health care practitioner attending a person who tests positive for HIV, provides exemption from any civil or criminal liability for failure to disclose to or warn third parties of the condition of a person testing positive for HIV, provides for provision of written notice of the partner notification disclosure provisions to a person prior to the performance of an HIV-related test, and provides for review of pamphlets containing certain information required to be provided to persons prior to any HIV-related testing. The Act also provides for the testing of emergency responders, and the payment of the costs of such tests through expenditure of moneys appropriated to the Iowa Department of Public Health for AIDS-related activities. The Act strikes a civil penalty provision, not to exceed \$1,000, for violation of certain testing and confidentiality requirements.

HOUSE FILE 717 - Podiatry License Requirement

BY COMMITTEE ON STATE GOVERNMENT. This Act adds a requirement for a one-year residency or preceptorship in order to obtain a license to practice podiatry. The requirement would apply to all applicants who graduate from podiatric college on or after January 1, 1995.

- House File 799 - Appropriations and Provisions Relating to Human Services, Education, Cultural Affairs, Transportation, and Finance
SEE APPROPRIATIONS. This Act appropriates moneys to various programs related to human services.

HUMAN SERVICES

SENATE JOINT RESOLUTION 10 - Rule on Intermediate Care Facilities for Mentally Retarded Nullified

BY COMMITTEE ON APPROPRIATIONS. This Joint Resolution nullifies administrative rules of the Department of Inspections and Appeals relating to intermediate care facilities for the mentally retarded (ICFMR). The nullified rules required both on applicant for an initial ICFMR license who is currently licensed or an applicant who is currently not licensed to comply with rules relating to minimum physical standards for intermediate care facilities and skilled nursing facilities and rules of ICFMR's.

See S.F. 534, which requires the Department of Inspections and Appeals to adopt rules for ICFMR's.

The joint resolution is effective May 4, 1989.

SENATE FILE 56 - Housing Discrimination

BY COMMITTEE ON HUMAN RESOURCES. This Act establishes familial status as a protected class in discriminatory housing practices. Familial status means one or more individuals under the age of 18 years living with either a parent or person having legal custody of the individuals or the designee of the parent or other person having custody with written permission. The Act provides an exemption from the discriminatory and fair housing practices to housing accommodations provided under any state or federal program specifically designed for elderly persons. The Act provides an exemption for a building which contains housing accommodations for not more than four families living independently, if the owner resides in one of the housing accommodations for which the owner qualifies for the homestead tax credit.

SENATE FILE 88 - Children, Youth and Families

BY COMMITTEE ON HUMAN RESOURCES. This Act provides for the continued existence of the Division of Children, Youth and Families in the Department of Human Rights by repealing the sunset provision which would have taken effect on June 30, 1989. It also requires the Department of Economic Development to collect, assemble, and disseminate information on the changing composition of the Iowa family, the level of poverty among different age groups and family structures, and the changing composition of the Iowa work force and its impact on Iowa families. The Act requires the Department of Economic Development to work with the Division of Children, Youth and Families in developing the information. Further, the Act eliminates certain requirements for review and

reporting by county boards of social welfare regarding the provision of human services in their respective counties. This Act is effective June 29, 1989.

SENATE FILE 105 - Reporting Abuse of Children and Dependent Adults

BY COMMITTEE ON HUMAN RESOURCES. This Act relates to the reporting of abuse of adults and children. Dental hygienists are included in the definition of health practitioners who are mandatory reporters of abuse. The Act states that volunteers are included among permissive reporters of dependent adult abuse. The Code provision relating to information collection by the Department of Human Services regarding dependent adult abuse is amended by permitting the Department to request information from any person believed to have knowledge of dependent adult abuse. Mandatory reporters of dependent adult abuse are specifically required to provide information to the Department and assist in an evaluation.

SENATE FILE 110 - Foster Care Review

BY VANDE HOEF. This Act relates to foster care review by establishing certain reporting requirements. An agency responsible for placement of a child is required to attend the foster care review board meetings relating to the child. An agency or individual providing services to the child is required to submit testimony to the board. The testimony may be written, oral, or tape-recorded.

The local foster care review board is required to ensure that the most recent foster care review report is available for a court hearing. The Department of Human Services or a child care agency receiving funds from the Department is required to provide a foster care review board with information regarding the child's family. Previously, the information to be provided was limited to the child.

SENATE FILE 117 - Medical Assistance Requirements

BY COMMITTEE ON HUMAN RESOURCES. This Act amends Iowa's medical assistance law to coordinate with federal legislation relating to catastrophic health care. The eligibility section is amended to refer to federal regulations.

The criteria for considering resources in determining an individual's eligibility for the Medical Assistance program are amended to comply with the federal Medicare Catastrophic Coverage Act of 1988. Effective October 1, 1989, resources transferred to the individual's spouse and effective July 1, 1989, resources transferred to a person other than the individual's spouse are considered pursuant to the federal law.

Another provision of this federal law is adopted in establishing state sharing in the costs of the federal Medicare Program for persons who are "qualified Medicare beneficiaries".

The Act also amends a citation in Chapter 249A to Title XIX of the federal Social Security Act.

SENATE FILE 155 - Domestic Abuse Counseling

BY COMMITTEE ON JUDICIARY. This Act provides that a court may order a child, who is a member of a household where an incident involving domestic abuse has occurred, to receive professional counseling, even if the child was not directly the victim of the domestic abuse. The court may order that these services be provided to the child to the same extent that the court can order that the plaintiff and the defendant to an action involving an incident of domestic abuse receive professional counseling.

SENATE FILE 402 - Medical Assistance Advisory Council Members

BY COMMITTEE ON STATE GOVERNMENT. This Act adds representatives from the Iowa Hearing Aid Society and the Iowa Speech, Language, and Hearing Association to the Medical Assistance Advisory Council. The Medical Assistance Advisory Council advises the Director of Human Services regarding medical assistance programs.

SENATE FILE 412 - Medical Assistance Subrogation Rights

BY COMMITTEE ON HUMAN RESOURCES. This Act relates to the ability of the Department of Human Services to recover amounts paid for medical assistance under Iowa Code Chapter 249A and Title XIX of the federal Social Security Act. The Department is permitted recovery from a personal injury case settlement, award, or judgment to the recipient of the medical assistance payments as well as awards to other persons acting on behalf of the recipient, regardless of whether the settlement, award, or judgment specifically provides for amounts related to medical expenses.

SENATE FILE 534 - Rules for Intermediate Care Facilities for Mentally Retarded

BY COMMITTEE ON APPROPRIATIONS. This Act requires that rules adopted by the Department of Inspections and Appeals be consistent with the federal standards for intermediate care facilities for the mentally retarded except for rules regarding fire protection. The State Fire Marshal is required to certify the compliance of the intermediate care facilities with certain fire protection

standards referenced in the Act. The Department is required to consider federal interpretive guidelines in interpreting the rules and the federal interpretive guidelines are required to be published in the Iowa Administrative Bulletin and the Iowa Administrative Code. The Act is effective May 3, 1989, and the Department is required to adopt emergency rules within sixty days of the effective date.

SENATE FILE 540 - Children's Programs and Related Procedures

BY COMMITTEE ON APPROPRIATIONS. This Act relates to human services statutes providing for certain services.

The juvenile court is granted exclusive original jurisdiction in proceedings concerning the substance abuse commitment of a minor.

The Act establishes a new Code chapter for psychiatric medical institutions for children and contains coordinating provisions with comprehensive residential facilities for children and prior law establishing psychiatric hospitals for children. The Department of Inspections and Appeals is granted primary responsibility for the institutions.

The Council of Human Services is required to hold a public hearing regarding the Department of Human Services' budget. A time frame for the hearing is provided and certain persons are required to be invited.

The Director of the Department of Education or the Director's designee is added to the Family Development and Self-Sufficiency Council.

A county or consortium of counties which provides or contracts to provide case management services to persons with mental retardation, developmental disabilities, or chronic mental illness is no longer required to notify the Department of Human Services of changes in the provider of the services unless the Department is the current or proposed contractor.

Effective January 1, 1991, a juvenile who is committed to a state mental health institute cannot be placed in a secure ward with adults.

The Department of Human Services is required to establish a multidisciplinary team to provide assistance in any county or multicounty area in which there has been 50 or more child abuse reports in a year. Duties of a multidisciplinary team are specified.

The Act amends section 232.141 to eliminate the "juvenile justice county base" formula for shared payment of costs for transportation, mental and physical examinations, and care and treatment services. The state assumes responsibility for payment of those costs. The Department of Human Services is required to prescribe by rule all services eligible for reimbursement and the maximum rates of reimbursement for each service. The state will not pay an

amount in excess of those maximum rates; however, in the absence of specific program regulations, a county may supplement the state reimbursement rate. When the court orders a service which is not listed in administrative rules, the Department must reimburse the provider if there is no conflict with law or rule. The "county base" formula for legal services remains unchanged but the State Court Administrator is given responsibility for the administration of those funds. The court is required to determine parental liability for costs and after doing so, may order payment to the county or the state, depending upon ability to pay.

The Department of Human Services is required to adopt rules relating to the purchase of service for child day care, which provide for payment of the costs of day care for an individual child when the child is not in attendance at the child day care facility, up to a maximum of four days per month. Previously, administrative rules for purchase of service only permitted payment for actual services used.

If a child receives unearned income, the Department of Human Services is required to apply the income to the costs of a child's care at either of the state juvenile institutions after reserving a portion for the child's personal allowance.

Certain information relating to child support recovery is made available to a resident parent, legal guardian, attorney, or agent of a child who is not receiving assistance under Title IV-A of the federal Social Security Act.

The Department of Inspections and Appeals and the Department of Human Services are required to adopt emergency rules relating to the psychiatric medical institutions for children established in this Act. The Department of Human Services is required to conduct a study relating to the need for psychiatric medical institutions for children in the state and report the results to the General Assembly by January 1, 1990.

The Department of Human Services is required to collect certain information relating to the educational attainment of adolescent recipients of Aid to Families with Dependent Children (AFDC) and cooperate with the Department of Education in studying effects of the recipients returning to high school. The study is to be reported to the General Assembly in January 1990.

The provisions of this Act relating to the psychiatric medical institutions for children are effective June 1, 1989.

HOUSE FILE 194 - Criminal History to Child-caring and Child-placing Agencies, and Adoption Investigators

BY COMMITTEE ON HUMAN RESOURCES. This Act provides that the Department of Public Safety may provide criminal history data to licensed private child-caring and child-placing agencies and certified adoption investigators for the

purpose of investigations relating to adoptive and foster care placements. The Department is authorized to use the revenue generated from fees assessed for processing these requests to employ clerical personnel to process criminal history checks for non-law-enforcement purposes.

HOUSE FILE 195 - Assignment of Unemployment Benefits for Child Support

BY COMMITTEE ON HUMAN RESOURCES. This Act requires the Division of Job Service of the Department of Employment Services to withhold from an individual's unemployment compensation benefits that amount of income assigned by the child support recovery unit to satisfy a child support obligation.

HOUSE FILE 196 - Adoption Information Forms

BY COMMITTEE ON HUMAN RESOURCES. This Act enables state compliance with federal requirements for collection of data relating to adoption. The clerk of the district court is required to collect from each adoption petitioner the data on a form developed by the Department of Human Services pursuant to federal requirements. The clerk must send to the Department of Human Services a copy of the completed form attached to each certified adoption decree.

HOUSE FILE 270 - Long-term Care Coordinating Unit Membership

BY COMMITTEE ON HUMAN RESOURCES. This Act increases the membership of the Long-term Care Coordinating Unit within the Department of Elder Affairs to include the Director of the Department of Inspections and Appeals and two members appointed by the Governor.

HOUSE FILE 399 - Deaf Services Division Office Space

BY COMMITTEE ON HUMAN RESOURCES. This Act relates to the powers and duties of the Division of Deaf Services of the Department of Human Rights. It provides an exception to the prohibition against using state moneys to obtain office space in public and private agencies to carry out service projects for deaf persons.

This Act is effective April 26, 1989.

HOUSE FILE 402 - Voluntary Foster Care Placement

BY COMMITTEE ON HUMAN RESOURCES. This Act establishes a division regarding voluntary foster care placement of a handicapped child in the juvenile justice chapter. Purposes and policies are stated and a "voluntary placement" of a child in foster care is defined. The jurisdiction of the court over voluntary

foster care placements is established and venue is defined. Requirements of a petition for voluntary foster care placement, appointment of guardian ad litem and counsel, duties of the county attorney, and filing of a social report are specified.

The court is required to make an initial determination that a voluntary foster care placement is in the child's best interest within sixty days of the filing of a petition by filing written findings regarding the child's handicap and the parent's commitment to the parental provisions of the child's case permanency plan. If all parties agree, the hearing may be waived and the court's findings entered on the basis of the Department of Human Services' written report.

A dispositional hearing, which may be held in conjunction with the initial determination hearing, is required to be held within eighteen months of the initial hearing and at least every eighteen months thereafter. Types of dispositional orders are specified. A dispositional hearing is not required under certain circumstances.

HOUSE FILE 403 - Child Support

BY COMMITTEE ON HUMAN RESOURCES. This Act relates to federal requirements pertaining to child support orders by authorizing the Iowa Supreme Court to prescribe uniform child support guidelines and exceptions which are effective on October 12, 1989. The Court may review the rules every four years.

Related provisions pertaining to child support are affected. The Department of Human Services and the Court are required to apply the uniform guidelines and criteria in establishing support obligations for foster care, subject to certain exceptions relating to a child's case permanency plan. The uniform support of dependents and establishment of child support laws are amended to apply the uniform support guidelines.

The Act is effective October 12, 1989.

HOUSE FILE 579 - Involuntary Hospitalization of the Mentally III

BY COMMITTEE ON HUMAN RESOURCES. This Act relates to the chapter for involuntary hospitalization of persons with mental illness. The definition of serious mental impairment is amended to include an inability, because of the mental illness, to provide for basic needs so that physical injury or death may result in the reasonably foreseeable future. Legislative intent stating reasons and a requirement that the chapter be liberally construed is provided in a new section. The Clerk of Court is required to provide copies of orders relating to commitment to the respondent and to the applicant if the respondent has signed a waiver. A comprehensive, individualized treatment plan is described and is required to be developed for a person who is involuntarily hospitalized. An exception to certain confidentiality provisions for a

patient's spouse is replaced with the patient's next of kin. The Iowa Supreme Court is requested to perform a study of issues relating to involuntary commitment.

HOUSE FILE 585 - Guardians, Conservators, Medical Decision Makers, and Representation Payees

BY COMMITTEE ON JUDICIARY AND LAW ENFORCEMENT. This Act relates to guardians and conservators, establishes certain boards and projects, and modifies provisions regarding the administration of guardianship and conservatorship proceedings.

A State Emergency Medical Board is established in the Iowa Department of Public Health for the purpose of formulating policy and guidelines for local emergency medical boards. Local emergency medical boards are established at the option of each county, and are funded by each county. The state and local boards and their members are not liable for official acts or omissions except those constituting willful or wanton misconduct.

The Department of Elder Affairs is required to sponsor the Representative Payee Project in Iowa. Guardianship and conservatorship proceedings are required to be docketed separately. Voluntary, involuntary, and standby petitions for appointment of a guardian or conservator must notify the proposed ward of the guardian's or conservator's powers.

Guardians and conservators are not held personally liable for actions or omissions in the discharge of official duties, except for breach of a statutory fiduciary duty or willful or wanton misconduct. Liability for damages caused by the ward is not imputable to the guardian or conservator.

Court costs in guardianship and conservatorship proceedings may be waived by the court in indigent cases, but are payable if the conservatorship or the ward or the ward's estate becomes capable of paying the costs.

A petition to terminate a guardianship or conservatorship may be filed by the ward at any time after the appointment of a guardian or conservator.

HOUSE FILE 637 - Confidentiality of Employment Information

BY COMMITTEE ON LABOR AND INDUSTRIAL RELATIONS. This Act requires the Department of Employment Services to disclose certain confidential information to the United States Department of Housing and Urban Development and other representatives of public housing agencies. The Act provides that information released in accordance with criminal investigations is exempted from the requirement of providing written notification to obtain information subject to the confidentiality provisions of this section.

HOUSE FILE 662 - Court Proceedings For Support of Dependent Children

BY JUDICIARY AND LAW ENFORCEMENT. This Act provides that where a dependent child resides in another state, court proceedings may be filed with the district court in the county where the absent parent resides. The Act applies to a request by the responsible parent for a hearing prior to the entry of an administrative support order and to the filing of a financial responsibility order entered by the Director of the Department of Human Services in administrative support cases under Chapter 252C.

HOUSE FILE 679 - Human Services Employee Not a Chauffeur When Transporting Patients or Clients

BY COMMITTEE ON TRANSPORTATION. This Act authorizes employees of the Department of Human Services to transport patients or clients in an automobile without the employees' having to obtain chauffeur's licenses.

HOUSE FILE 688 - Children In Need of Assistance

BY COMMITTEE ON JUDICIARY AND LAW ENFORCEMENT. This Act provides for the protection of children and amends provisions relating to child in need of assistance proceedings and termination of parental rights proceedings. The definition of "abandonment of a child" is amended to eliminate the "permanent" nature of a relinquishment or surrender of parental rights. "Desertion" is included as a basis for the administration of juvenile justice. A foster parent is granted the ability to make a motion with the court regarding the permanent care of a child. Various amendments are made regarding the grounds for termination of parental rights. When termination is ordered by the court, the guardian is responsible for submitting a case permanency plan and making certain reports to the court.

HOUSE FILE 690 - Protection of Children

BY COMMITTEE ON JUDICIARY AND LAW ENFORCEMENT. This Act expands the elements required to establish that a child is a "child in need of assistance" to include abuse or neglect by a member of the household in which the child resides, and creates and defines "mental injury" as a basis for establishing a child in need of assistance finding. Procedures for child abuse reporting and investigation are established, the parameters of mandatory reporters are amended, and the duties of the Department of Human Services upon receipt of a report of child abuse are modified.

The procedures and grounds for temporary removal of a child, with or without a court order are amended. Child in need of assistance hearings are open to the

public unless the court orders to the contrary. Upon notice from the central registry, the court and the county attorney are required to expunge child abuse information. Exceptions to the nondisclosure of child abuse information are established, as is a procedure for taking out-of-state depositions.

Provisions relating to the deposition testimony of children for use at trial are amended. A one-way mirror or screen may no longer be used as an alternative to an in court face-to-face confrontation. The deletion was made necessary because of a 1988 United States Supreme Court decision.

HOUSE FILE 692 - Residential Care Facility Classification

BY COMMITTEE ON HUMAN RESOURCES. This Act requires the Department of Inspections and Appeals to establish a special classification under the category of residential care facilities. The special category is established to continue the development of residential care facilities which contain five or fewer residents and serve persons with mental retardation, chronic mental illness, or a developmental disability. The Department is required to adopt rules which are consistent with provisions developed for this type of facility under a waiver project previously enacted as a demonstration program. A facility developed under the special classification is exempt from certificate of need provisions, but subject to rules and standards developed by various authorities including specific zoning and fire codes.

Other rule provisions in the Act require planning for resident accessibility, program requirements, resident access to the community, and the establishment of a committee to provide monitoring of rules and procedures adopted under the special classification. The eligibility of a facility for certain sources of funding available to other residential care facilities is described.

LABOR AND EMPLOYMENT

SENATE FILE 346 - Occupational Safety and Health Rules

BY COMMITTEE ON BUSINESS AND LABOR RELATIONS. This Act provides that when new federal Occupational Safety and Health Administration standards are adopted, the Division of Labor Services of the Department of Employment Services shall adopt and enforce rules to conform with the most recent federal standards.

SENATE FILE 444 - Industrial Services Personnel and Duties

BY COMMITTEE ON BUSINESS AND LABOR RELATIONS. This Act provides that a settlement in a workers' compensation case may be approved under section 85.35 if the case involves a dispute over whether a substantial portion of the claimed disability is related to physical or mental conditions other than those caused by the injury. The Act also provides that the Industrial Commissioner may appoint more than one chief deputy industrial commissioner. All chief deputies would be exempt from the merit system, whereas other deputies would be subject to it.

HOUSE FILE 5 - VETOED BY THE GOVERNOR

BY SHERZAN. This bill allows an employer to choose an employee's medical care during the first ten days of the need for the medical care to treat a job-related injury covered by workers' compensation. If dissatisfied, the employee may choose alternate care after ten days have elapsed. Notification regarding employee's options in the treatment of work-related injuries must be provided to the employee. If the employer is dissatisfied with the care given, alternate care may be allowed following the employer's written notification to the employee and the intended care is agreed upon. The Act provides procedures for emergency situations in which the employee is unable to choose the care at the time of the injury.

HOUSE FILE 17 - Minimum Wage Law

BY SHERZAN. This Act provides that the hourly wage rate stated in the Fair Labor Standards Act, 29 U.S.C. section 206, will be increased to \$3.85 on January 1, 1990, to \$4.25 on January 1, 1991, and to \$4.65 on January 1, 1992. The Act requires employers to pay employees who have completed ninety calendar days of employment with the employer an hourly wage rate of not less than the federal minimum wage or the wage rate pursuant to the state yearly increases, whichever is greater. The Act provides certain exceptions to the minimum wage requirement.

HOUSE FILE 301 - Labor Commissioner Rules

BY COMMITTEE ON STATE GOVERNMENT. This Act provides the Labor Commissioner with rulemaking authority to administer the chapters under the Commissioner's jurisdiction.

HOUSE FILE 448 - Employment Benefits

BY COMMITTEE ON LABOR AND INDUSTRIAL RELATIONS. This Act provides that real estate agents will be covered under the workers' compensation law if the agents are not considered independent contractors as defined in the Act.

The Act provides that persons employed by the Natural Resource Commission with moneys from the State Park, Forest, and Recreation Area Facilities Improvement Trust Fund are eligible by virtue of the employment for unemployment compensation benefits. This section of the Act is effective May 24, 1989.

HOUSE FILE 643 - Out-of-State Contractor's Bond

BY COMMITTEE ON STATE GOVERNMENT. This Act provides that an out-of-state contractor doing business in Iowa shall file a bond with the Division of Labor Services of the Department of Employment Services, rather than with the Secretary of State. Failure to file a bond will result in a citation issued to the contractor. The language in section 103A.24 relating to the bond for out-of-state contractors is transferred from the chapter relating to the State Building Code to section 91C.7 in the chapter relating to registration of construction contractors. If the provision relating to out-of-state contractors may cause denial of federal funds or is inconsistent with federal law, the provision is to be suspended to the extent necessary to prevent denial of funds or to eliminate the inconsistency with federal requirements.

HOUSE FILE 655 - Workers' Compensation Second Injury Fund

BY COMMITTEE ON LABOR AND INDUSTRIAL RELATIONS. This Act increases the assessments for payment to the Second Injury Fund in the event of a death of an employee on the job. The payment to the Fund is increased from \$2,000 to \$4,000 in a case where there are dependents of the decedent. The payment to the Fund is increased from \$5,000 to \$15,000 in a case where there are no dependents. The increase is to maintain the solvency of the Second Injury Fund in response to several recent and pending awards.

To the extent that a political subdivision is an employer, the Act establishes a state mandate as defined in section 258.3. This Act is effective April 20, 1989.

LEGALIZING ACTS

Senate File 526 - Legalization of Ventura Construction Project

House File 69 - Dissolution of Eldora Cemetery Society

House File 631 - Legalizing Construction Contract of Bellevue

LEGALIZING ACTS

SENATE FILE 526 - Legalization of Ventura Construction Project

BY MILLER. This Act legalizes the proceedings of the City of Ventura relating to the method of payment for a construction project involving certain street improvements pursuant to Chapter 384. This Act is effective May 18, 1989.

HOUSE FILE 69 - Dissolution of Eldora Cemetery Society

BY FULLER. This Act dissolves the Eldora Cemetery Society which is incorporated as a not for pecuniary profit association under Chapter 504, effective May 1, 1989. Under sections 504.2 and 504.8, there are two methods for dissolving a cemetery association which are applicable to the Eldora Cemetery Society. The methods are "by three-fourths vote of all the members thereof, or by Act of the general assembly,".... Membership of the Eldora Cemetery Society includes each person having a husband, a wife, a parent, or child buried in the cemetery. An accurate record of the members of the cemetery corporation does not exist, making the method of dissolution by membership vote virtually impossible. The method of dissolution by Act of the General Assembly appears to be the only alternative.

The Act also transfers the operation and maintenance of the cemetery, and the property of the dissolved corporation, to the city of Eldora, Iowa.

This Act is effective April 15, 1989.

HOUSE FILE 631 - Legalizing Construction Contract of Bellevue

BY TABOR. This Act legalizes the letting of a construction contract pursuant to Chapter 384 by the City of Bellevue relating to certain improvements to Second Street in Bellevue. This Act is effective April 25, 1989.

- Senate File 86 - City Tax for Musical, Artistic, and Cultural Purposes
SEE TAXATION. This Act authorizes a city to levy a tax to support certain musical, artistic, or cultural organizations.
- Senate File 167 - Contiguity of Certain Cities for Local Option Tax Purposes
SEE TAXATION. This Act provides that a city is not contiguous to another city if the only access roads between the cities are through another state.
- Senate File 364 - Waiver of Certain Tax Penalties, Interest, and Costs
SEE TAXATION. This Act authorizes a county to waive tax penalties, interest or costs related to clerical errors.
- Senate File 408 - Streets, Roads, and Commercial and Industrial Highways
SEE TRANSPORTATION. This Act divides certain responsibilities between the State Department of Transportation and local governments for road construction, improvement, or repair.
- Senate File 419 - Energy Efficiency Measures
SEE ENERGY AND PUBLIC UTILITIES. This Act requires city-owned and public utility-owned lights and traffic lights be energy efficient.
- Senate File 524 - Highways, Roads, and Streets
SEE TRANSPORTATION. This Act changes the Road Use Tax Fund allocation, and the allocation of moneys from the excise tax on motor fuel currently dedicated to support RISE county projects.

- Senate File 531 - Appropriations and Provisions Relating to Law Enforcement, Public Defense, Public Safety, and Transportation
SEE APPROPRIATIONS. This Act restricts the taking of off-premise advertising devices by local authorities.
- House File 141 - County Conservation Board Land Acquisitions and Exchanges
SEE NATURAL RESOURCES. This Act removes the requirement that the Natural Resources Commission approve acquisitions and plans of county conservation boards.
- House File 165 - County Conservation Board Powers
SEE NATURAL RESOURCES. This Act relates to the authority of county conservation boards and their officers and employees to enforce natural resource laws.
- House File 166 - County Parks
SEE NATURAL RESOURCES. This Act authorizes county conservation boards to set and collect county park use fees.
- House File 271 - Local Option Sales and Services Tax
SEE TAXATION. This Act authorizes counties and cities to repeal local option taxes, and authorizes certain small cities to modify the purpose for which local option tax revenues are expended.
- House File 418 - Propositions Submitted at School Elections
SEE EDUCATION. This Act relates to the number of signatures of voters needed to include a proposition on a school election ballot.
- House File 647 - Open Meetings Law Application
SEE STATE GOVERNMENT. This Act requires that information about the open meetings law and the public records law be provided to members of local governmental bodies.
- House File 745 - Vehicle Parking and Handicapped Parking
SEE TRANSPORTATION. This Act relates to handicapped parking spaces and handicapped identification devices.

SEE TAXATION. This Act relates to the Department of Revenue and Finance's administration of local sales and services taxes.
- House File 753 - Waste Management and Recycling
SEE ENVIRONMENTAL PROTECTION. This Act phases in various prohibitions relating to the land disposal of yard waste, lead batteries, and waste tires and requires comprehensive plans by cities and counties for waste reduction.
- House File 769 - Resource Enhancement and Protection
SEE NATURAL RESOURCES. This Act provides sustained funding to cities and counties for open space natural resource projects.

House File 784 - Motor Vehicle Registrations and Certificates of Title
SEE TRANSPORTATION. This Act relates to the administration
of motor vehicle records and documents by county treasurers.

LOCAL GOVERNMENT

SENATE FILE 46 - VETOED BY THE GOVERNOR

BY PETERSON. This bill relates to the employment of inmates and prisoners by a county board of supervisors and a county conservation board, and in the private sector. The county board of supervisors or county conservation board may employ inmates of state correctional facilities pursuant to a Chapter 28E agreement with the Director of the Department of Corrections for environmental maintenance purposes, and is required to reimburse the Department for the allowance paid the inmate by the Director. Inmate employment is prohibited if the employment would displace a state or local employee performing work on a public service project.

State inmates and county prisoners are prohibited from accepting or engaging in employment involved in a labor boycott or strike. It is a simple misdemeanor for a person to hire or recruit a state inmate or county prisoner as a replacement for an employee involved in a labor dispute.

SENATE FILE 71 - Areas of Historical Significance Within Special Land Use Districts

BY VARN. This Act provides that the trustees of a special land use district may designate an area which is deemed to merit preservation as an area of historical significance in the same manner as a city pursuant to section 303.34.

SENATE FILE 76 - Jailer Training

BY GETTINGS. This Act provides that jailers be trained at the Iowa Law Enforcement Academy in accordance with standards adopted by the Academy director in consultation with various public and private associations.

SENATE FILE 132 - County Treasurer's Fee for Use Tax Collection

BY VARN. This Act increases the amount of the fee retained by county treasurers for use tax collection on vehicles from twenty-five cents to one dollar for each tax payment collected.

SENATE FILE 158 - Insurance Reserves for Demolition Costs

BY COMMITTEE ON LOCAL GOVERNMENT. This Act removes the population stipulation for cities in which an insurer must reserve \$5,000 or ten percent of the

payment (whichever amount is larger) on a claim for damages to property as a demolition cost reserve. Currently, the demolition reserve requirement applies only in cities having a population of 20,000 or more.

SENATE FILE 159 - Civil Service Commissioners' Interest in City Contracts

BY COMMITTEE ON LOCAL GOVERNMENT. This Act provides that the conflict of interest provisions of section 362.5 will apply to city civil service commissioners as well as other officers and employees of a city.

SENATE FILE 300 - Secondary Road Right-of-Way Annexation

BY COMMITTEE ON LOCAL GOVERNMENT. This Act provides that in an incorporation, annexation, or severance proceeding, territory having a common boundary with the right-of-way of a secondary road extends to the center line of the road. Territory within the secondary road right-of-way owned by a county may be annexed, but the county attorney must be informed of the hearing and annexation proposal.

SENATE FILE 365 - Campaign Finance Disclosure Reports

BY COMMITTEE ON LOCAL GOVERNMENT. This Act provides that committee reports relating to campaign disclosures for municipal and school elective offices and local ballot issues must be filed on the twentieth day of January and October of each year when there is no election, and on the twentieth day of January, May, and July of each year when a candidate or issue is on the ballot, until the committee dissolves.

SENATE FILE 366 - City Civil Action for Damages

BY COMMITTEE ON LOCAL GOVERNMENT. This Act provides a city with an option for collecting the costs incurred for activities such as snow removal for sidewalks, weed cutting, building demolition, and connection to public utilities. A city may sue the property owner and obtain a money judgment for the costs incurred. However, a city is prohibited from seeking reimbursement for costs incurred in performing an act if the same act has not been performed by the city on adjoining city-owned property.

SENATE FILE 367 - County Recorders' Duties

BY COMMITTEE ON LOCAL GOVERNMENT. This Act makes a number of changes which are considered technical corrections relating to the powers and duties of the county recorder. The Act removes a requirement that the county recorder make an annual accounting for registration fees for vessels and snowmobiles. The

registration fees are also accounted for monthly, therefore, the annual accounting is considered unnecessary. The Act also provides that documentation and instruments relating to trade names and judgment liens are recorded by the county recorder in lieu of being filed in the office of county recorder. The Act removes a phrase which allows the recording of transfer of titles to real estate by court order whether the recording fees are paid or not. Finally, the Act recognizes that adoption records were recorded in the county recorder's office at one time. Therefore, the recorder may be subject to court order to reveal adoption records as well as the clerk of the district court.

SENATE FILE 428 - Telecommunications Devices for the Deaf

BY COMMITTEE ON LOCAL GOVERNMENT. This Act requires the installation and use of at least one telecommunications device for the deaf at a public safety answering point in a county by January 1, 1990.

SENATE FILE 500 - City and County Amendments

BY COMMITTEE ON LOCAL GOVERNMENT. This Act amends a number of Code sections relating to the powers and duties of local government, primarily cities. The Act provides that ordinances, not resolutions, are to be used to adopt or enact the State Building Code and regulations regarding the blocking of streets by railway cars. If a resolution was used before July 1, 1989, the resolution will be considered an ordinance. The Act also changes procedures regarding the submission of a question to change a form of city government to the city electors. The petition to initiate the election is to be submitted to the city council in lieu of the Mayor. The city council has 15 days rather than one week to proclaim a special election on the change in the form of government. Current law leaves a time lag between the election approving a change of government and the date when the change becomes effective. The Act provides that October 31 is the last day in the year of a regular city election when salaries of the Mayor, council, or other elected city officer can be changed. The Act also requires that the Mayor's veto message must be in writing and authorizes designated financial officers other than the city treasurer to invest city funds. Finally, the Act provides that when special assessments are levied, the City Clerk must certify to the County Treasurer of the county in which the assessed property is located, a copy of the resolution of necessity, the plat, and the schedule of assessments.

HOUSE FILE 72 - Notice to City Development Board of Urban Revitalization Plans

BY COMMITTEE ON LOCAL GOVERNMENT. This Act removes the requirement that a city development board be notified of public hearings relating to proposed urban revitalization plans.

HOUSE FILE 123 - Election Boards' Compensation

BY BISIGNANO. This Act provides that the board of supervisors determines the rate of compensation paid to election board members except for certain elections during which election board members agreed to serve without pay. The minimum rate is \$3.50 per hour. Under current law, the board must fix the rate between a minimum of \$2.50 and a maximum of \$3.50 per hour.

HOUSE FILE 146 - County Veterans Affairs Commissions

BY PONCY AND BEAMAN. This Act provides that a county commission of veteran affairs may employ an executive director who must possess the same qualifications as commission members. A commission office shall be open for four hours daily or provide for the posting of commission members' names and other information outside the commission office.

HOUSE FILE 241 - Authority at Fire Scenes and Emergencies

BY FULLER, MUHLBAUER, RENAUD, and PELLETT. This Act provides that the fire chief or other authorized officer of a fire department may take charge of a fire scene and keep persons, vehicles, or vessels from interfering with the fire fighting activities. The fire chief may also secure by ropes, barricades, guards, or other obstructions, the streets, alleys, or private property near a fire scene to preserve evidence, to facilitate investigation, or to assist in control and management of a fire scene. This authority given to the fire department does not affect or diminish the authority of a peace officer on the scene to perform traffic control duties or other duties of a peace officer. The penalty for violating or disobeying the orders of a fire chief, other fire officer, or peace officer assisting the fire department in control of a fire scene is a simple misdemeanor, which means a fine of not more than \$100 or imprisonment for not more than 30 days.

HOUSE FILE 313 - City Development

BY SHERZAN. This Act provides that the common boundary of adjoining property for a voluntary annexation is reduced from 200 feet to 50 feet. The city council is authorized to provide for a transition for the imposition of city taxes against property in an annexed area. The Act also provides that an area of a city designated as an urban development area cannot include land which is part of a century farm. This Act is effective June 5, 1989.

HOUSE FILE 319 - Recreational Lake District Petitioners

BY HANSEN of Delaware, BEATTY, BISIGNANO, and JOCHUM. This Act provides that owners of property within a proposed benefited recreational lake district may petition for establishment of the district without being a resident of the proposed district. This Act is effective April 26, 1989.

HOUSE FILE 384 - Sealed Bids for Sheriffs' Sales

BY COMMITTEE ON LOCAL GOVERNMENT. This Act permits sheriff's sale bids to be submitted and received by written sealed bids, as well as personal appearance at the auction as is currently required. A written sealed bid is required to be accompanied by payment of any fees which would be required of the purchaser at the sale. The fee payment is to be returned if the written bidder is not the purchaser.

HOUSE FILE 404 - City Incorporation, Discontinuance, or Boundary Adjustment

BY BEATTY. This Act provides that a city incorporation, annexation, discontinuance, or boundary adjustment proposal is complete upon filing and expiration of the time for appeal. However, if an appeal is pending, the proposal is not complete until the appeal is decided unless a subsequent date is provided in the proposal. This Act is effective March 28, 1989.

HOUSE FILE 420 - County Zoning Variance Review

BY BISIGNANO. This Act allows a county board of supervisors to review and remand a decision of the board of adjustment. The effective date of the variance is delayed for 30 days from the date of remand. This authority is identical to authority provided to a city council in section 414.7.

HOUSE FILE 430 - City Health Officers

BY PAVICH. This Act authorizes a city to employ a city health officer to enforce health rules and regulations within the city. The rules and regulations are adopted by the county or district board of health.

HOUSE FILE 451 - Audits

BY COMMITTEE ON STATE GOVERNMENT. This Act revises provisions relating to audits of governmental subdivisions. It provides for audits to be conducted either by the Auditor of State or by certified public accountants. The cost of the audits would be paid by the governmental subdivisions. The Auditor of

State would establish guidelines setting forth accounting and auditing standards and procedures and standard reporting formats and would have the authority upon reasonable notice of at least 24 hours to review the work papers of the certified public accountants. The period for completion of an annual governmental subdivision audit would be shortened from fifteen months to nine months.

The Auditor of State could conduct a complete or partial reaudit if there is probable cause to believe the action is necessary in the public interest because of a material deficiency in the audit filed by the certified public accountants or because of a substantial failure of the audit to comply with the standards and procedures established by the Auditor of State. A state reaudit could also be conducted upon the request of an elected official or employee of the governmental subdivision or the receipt of a petition signed by at least 50 eligible electors. The cost of the state's reaudit would be paid from funds available in the office of the Auditor of State. If the audited governmental subdivision recovers damages from a person performing a previous audit, reimbursement of costs must be provided to the Auditor of State.

The Auditor of State is directed to provide advisory and consultative services to public entities and certified public accountants concerning audit and examination matters. A fee schedule is to be established based upon the prevailing rate for the services rendered. The schedule is subject to Executive Council approval.

The Auditor of State would also establish and collect a filing fee, in an amount approved by the Executive Council, for the filing of each report of examination conducted by certified public accountants. The fees would be used to pay the costs of work paper reviews and reaudits.

The Act repeals existing provisions relating to the audits of cities, merged areas, and schools. Those audit provisions are combined with the provisions relating to counties and other governmental subdivisions.

HOUSE FILE 522 - County Vacancies

BY MERTZ and BRANSTAD. This Act provides for the filling of a vacancy on the board of supervisors or in elected county offices by a special election at the option of the appointing authority or upon petition of county electors. Under current law, appointment is the only method of filling a vacancy on the board of supervisors or in the office of county attorney, treasurer, auditor, sheriff, or recorder. A supervisor vacancy is filled by appointment of a three member committee of elected county officers. A vacancy in the other elected county offices is filled by appointment of the board of supervisors. This Act gives the appointing authorities the option of calling a special election to fill a vacancy rather than appointment and gives the county electorate, upon petition of eligible electors equal to at least ten percent of the votes cast in the county for President of the United States or Governor at the preceding

general election, the right to require a special election if the appointing authority chooses to appoint a successor.

HOUSE FILE 551 - Aviation Authorities

BY COMMITTEE ON TRANSPORTATION. This Act provides for the establishment of an airport authority by a single municipality or two or more municipalities. The Act also changes the method of appointment to the authority board from a committee selected by the municipalities to appoint the board, to direct appointment by the governing bodies of the municipalities and changes the board terms from five years to four years. The Act eliminates airport authority committees provided under current law. The Act provides for the joining or withdrawing from authorities, the dissolution of authorities, and for the transition from authorities created prior to July 1, 1989, to the authorities provided for under the Act. The Act also provides for authorities to appoint peace officers and provides that general obligation bonds may be issued by a city to benefit an airport operated by an authority or other agency if the city is a member of the authority.

HOUSE FILE 572 - Payment for Uniform Citation and Complaint Supplies

BY COMMITTEE ON LOCAL GOVERNMENT. This Act provides that the city, county, or other agency which uses the uniform citation and complaint forms must pay for their own supplies of the forms.

HOUSE FILE 573 - Civil Service

BY COMMITTEE ON LOCAL GOVERNMENT. This Act provides that city civil service commissions may certify lists of names eligible for appointment subject to successfully completing a medical examination. The Act brings the City Civil Service law into compliance with the federal Civil Rights Restoration Act of 1987 and federal regulations (29 C.F.R. Part 41) which prohibit the recipient of federal funds from conducting preemployment medical examinations unless a conditional offer of employment is made. The Act also removes the requirement that City Civil Service commissions meet at least quarterly and substitutes a requirement for at least one meeting per year. This Act is effective upon enactment May 22, 1989.

HOUSE FILE 581 - Township Reserve Account for Emergency Services

BY DODERER. This Act authorizes the township trustees to credit to a reserve account an amount not to exceed \$.10 per \$1,000 dollars of assessed value per year to the tax levies authorized by law, for the purchase or replacement of supplies and equipment needed to provide the fire protection, ambulance, and emergency warning services specified under section 359.42. Current law is

silent on whether funds can be reserved for major capital purchases. Interest earned on the investment of the reserve account is credited to the reserve account.

HOUSE FILE 596 - County and City Infractions

BY COMMITTEE ON LOCAL GOVERNMENT. This Act relates to county and municipal infractions and allows service of a civil citation by personal service, certified mail, or publication. The court is empowered to impose various sanctions against a violator upon entry of judgment. A defendant, municipality, or county is granted the right to appeal the trial court's decision to the district court. The fact that a defendant is issued a civil citation or the ensuing court proceedings does not provide the defendant an action for malicious prosecution.

HOUSE FILE 668 - Surety Bonds for Public Officers

BY COMMITTEE ON LOCAL GOVERNMENT. This Act provides that a principal or a deputy state, county, or city officer is not required to waive that officer's exemption from execution on the homestead in order to be bonded under Chapter 64. The exemptions provided in section 561.16 (homestead) and Chapter 627 (general exemptions chapter) are made applicable to a claim made against an officer. The Act also provides that a deputy's principal is not liable for any loss of moneys caused by the deputy.

HOUSE FILE 675 - Geographic Data Base Systems

BY COMMITTEE ON LOCAL GOVERNMENT. This Act provides for the creation and financing by cities and counties of computer geographic data bases which are suitable for automated mapping and facilities mapping. The data bases will permit cities, counties, and private enterprises to combine, and make readily available, existing information now stored manually in widely separated areas. In addition to uses for public safety and governmental operations, data bases will aid the private sector with regard to economic development. The cost of the data base system will be recovered through user fees; therefore, confidential records status is included in the Act to enable cities and counties to control access to the system and recover the economic value of private use.

HOUSE FILE 684 - Trade Name Reporting

BY COMMITTEE ON LOCAL GOVERNMENT. This Act requires a County Recorder to monthly submit to the Secretary of State a list of any changes to the persons covered by a trade name verified statement or certificate filed with the County Recorder pursuant to section 547.1.

HOUSE FILE 721 - Quad Cities Interstate Metropolitan Authority Compact

BY COMMITTEE ON LOCAL GOVERNMENT. This Act enacts a "Quad Cities Interstate Metropolitan Authority Compact". The Quad Cities Interstate Authority is granted powers, when created, to construct, maintain, and operate public projects such as airports, bridges, water ports, waste disposal systems, mass transit systems, and related facilities within the counties of Rock Island, Illinois, and Scott, Iowa. Additional enabling legislation and substantially identical laws of the states of Iowa and Illinois are required to authorize indebtedness, funding authority, compensation and benefits for commissioners and employees, and other procedural matters. A referendum of the voters of Scott County and Rock Island County, each approving the creation of the Authority, is required by January 1, 1993.

HOUSE FILE 728 - Official Publications

BY COMMITTEE ON LOCAL GOVERNMENT. This Act amends various Code sections relating to official publications. The Act reduces the degree of specificity required in the publication of county care facility inventories and increases the cost of county official publications in official newspapers to the legal rate established in section 618.11 rather than the present three-fourths of that rate. Interest as a penalty for delinquent property tax payments is increased from one percent per month to one and one-half percent per month and the county treasurer is to notify a taxpayer of the delinquency of the first installment by February 15. The cost of publishing the notice of each year's tax sale, including the description of the real estate, name of the taxpayer, amount of delinquent taxes, interest, penalty, and publication costs, is reduced from \$10 to the actual cost of publication which shall not cost the county more than \$4 per parcel description. The Act also revises existing provisions for the use of zoned editions of newspapers, requires that newspapers making official publications use print size of at least six point, requires the reduction of 25% of the allowable publication fee when publication is not made within one month of receipt of the newspaper, and repeals the newspaper advertising requirement relating to the purchase of textbooks.

HOUSE FILE 776 - Fire Districts

BY COMMITTEE ON WAYS AND MEANS. This Act provides financial protection for a city which is included in and has received fire protection from a benefited fire district since incorporation more than 20 years ago. If the district is dissolved, the city will receive the real and personal property of the district because the city has contributed more than seventy-five percent of the district's budget for many years. The city will assume the obligations and operations of the district and continue to serve property outside its boundaries until the property can be transferred by the board of supervisors to another fire district or township for protection. The Act also provides that

the city may continue to receive services from the benefitted district by contract or direct tax levy from the district.

- House File 723 - Roadside Vegetation Management
SEE TRANSPORTATION. This Act relates to establishing integrated roadside vegetation management practices.
- House File 778 - Appropriations and Amendments Relating to Agriculture and Natural Resources
SEE APPROPRIATIONS. This Act appropriates moneys for the Department of Natural Resources.

NATURAL RESOURCES AND OUTDOOR RECREATION

SENATE JOINT RESOLUTION 3 - Rule on Multiuse Trail Funding Nullified

BY COMMITTEE ON NATURAL RESOURCES. This Joint Resolution will remove the multiuse trail and its weight factor from the state grant assistance application procedure used to select county conservation board projects for funding. The Joint Resolution is effective March 2, 1989.

SENATE FILE 479 - Drainage Laws Reorganization

BY COMMITTEE ON AGRICULTURE. This Act directs the Code Editor to organize various chapters and sections of the Code, relating to drainage. The transfer of the sections should not affect the application or interpretation of the sections, including jurisdictions, administrative organizations, or enforcement provisions.

HOUSE FILE 6 - Deer and Wild Turkey Hunting Licenses

BY KOENIGS. This Act provides that both the landowner and tenant of a farm unit or a member of their respective families residing with them are eligible for a free deer or wild turkey license, or both, annually. The landowners or tenants and their respective families are not required to live on the farm unit, but they must be actively engaged in farming the unit for eligibility.

HOUSE FILE 88 - Nonresident Hunting Licenses

BY COMMITTEE ON NATURAL RESOURCES AND OUTDOOR RECREATION. This Act establishes nonresident deer and turkey hunting licenses and provides requirements for and limitations regarding the licenses. The minimum license fee for deer is \$100 and the minimum fee for wild turkey is \$50. Reciprocity on license fees is provided so that a nonresident may purchase a deer or wild turkey license in Iowa for the same fee as an Iowan may purchase the same licenses in the nonresident's state. The minimum fees are for nonresidents of states without deer or wild turkey licenses. The revenue from the nonresident deer and wild turkey license fees is to be used to employ additional full-time conservation officers.

HOUSE FILE 124 - Wildlife Habitat Stamp Fee

BY COMMITTEE ON NATURAL RESOURCES AND OUTDOOR RECREATION. This Act increases the fee to purchase a special wildlife habitat stamp from three dollars to five dollars annually.

HOUSE FILE 141 - County Conservation Board Land Acquisitions and Exchanges

BY COMMITTEE ON NATURAL RESOURCES AND OUTDOOR RECREATION. This Act removes the requirement that the Natural Resources Commission of the Department of Natural Resources approves property acquisitions and development plans of county conservation boards before the acquisitions are made or the development plans implemented.

HOUSE FILE 165 - County Conservation Board Powers

BY COMMITTEE ON NATURAL RESOURCES AND OUTDOOR RECREATION. This Act provides that the county conservation board may authorize its director and employees designated as peace officers to enforce game, fish, and park laws on land under the jurisdiction of the county conservation board located within or outside the county and on land within the county which is not under the board's jurisdiction. Under current law, the director and board employees may enforce these laws without direct involvement of the county conservation board.

HOUSE FILE 166 - County Parks

BY COMMITTEE ON NATURAL RESOURCES AND OUTDOOR RECREATION. This Act authorizes the county conservation board to charge and collect reasonable fees for use of the county parks as well as facilities, privileges, and conveniences which are currently provided and fees charged. The board cannot allow the exclusive use of a park by one or more organizations.

HOUSE FILE 198 - Commercial Fishing Licenses

BY COMMITTEE ON NATURAL RESOURCES AND OUTDOOR RECREATION. This Act provides that an individual possessing a valid commercial fisher or designated operator's license be at each site where fish, turtles, or mussels are being taken as part of a commercial operation. A designated operator's license shall be issued to no more than three separate operators each year and the operator possessing the license must sign the license. An operator's license that is not properly signed is forfeited to the state.

HOUSE FILE 372 - Natural Resource Budget Requests Approval

BY COMMITTEE ON NATURAL RESOURCES AND OUTDOOR RECREATION. This Act adds to the duties of the Natural Resources Commission the responsibility for approving that portion of the budget request of the Department of Natural Resources which relates to programs under its jurisdiction. The Act provides similar language for the Environmental Protection Commission to approve the portion of the

budget relating to programs under its jurisdiction. The current provision giving the Environmental Protection Commission responsibility for approving the entire departmental budget is stricken.

HOUSE FILE 375 - Conservation Corps

BY COMMITTEE ON NATURAL RESOURCES AND OUTDOOR RECREATION. This Act renames the Youth Volunteer Program the "Iowa Corps". The Act exempts the student volunteer projects approved under the Iowa Corps from a thirty-five percent matching budget contribution required of participating state agencies and public and private entities. The Department of Economic Development is empowered to establish an escrow account within the Office of the State Treasurer for tuition payments made beyond the end of a fiscal year. Academic credit tuition grants and deferred loan repayment incentives are provided for students who complete one year's participation in the Iowa Corps.

HOUSE FILE 477 - All-Terrain Vehicles and Other Vehicle Use

BY SCHRADER. This Act provides a definition of all-terrain vehicle separate from the definition of snowmobile currently used under Chapter 321G. The Act also provides registration fees for all-terrain vehicles, which fees are the same as for snowmobiles. An all-terrain vehicle may be registered for one year after the effective date of this Act without proof of payment of the sales or use tax. This does not apply to a new all-terrain vehicle, however. The Act also provides that most regulations relating to the operation of snowmobiles also apply to all-terrain vehicles. Exceptions are that all-terrain vehicles cannot be operated with passengers and identification numbers are displayed differently. Snowmobiles and all-terrain vehicles are generally restricted to their own separate trails.

The Act also restricts the operation of vehicles in streambeds to prohibit the unnecessary disturbance of aquatic habitat.

This Act is effective January 1, 1990.

HOUSE FILE 480 - Fur Dealer Licenses

BY COHOON. This Act provides that a fur dealer must purchase location permits to conduct business of a fur dealer at locations other than the business location specified on the fur dealer's license. A location permit is valid only at the location specified on the permit, but it may be used by the fur dealer or the dealer's employee or representative. The fees for the location permits are \$25.00 for a resident fur dealer and \$50.00 for a nonresident fur dealer.

HOUSE FILE 665 - Free Fishing Permits

BY COMMITTEE ON NATURAL RESOURCES AND OUTDOOR RECREATION. This Act provides that the Department of Natural Resources may issue a permit which residents of health care facilities licensed under Chapter 135C and persons cared for in juvenile shelter care homes as provided for in Chapter 232 to fish without a license as a supervised group.

HOUSE FILE 687 - Nonresident Commercial Mussel License Eliminated

BY COMMITTEE ON NATURAL RESOURCES AND OUTDOOR RECREATION. This Act eliminates the nonresident commercial mussel license which effectively prohibits the taking of mussels in Iowa by nonresident commercial mussel takers.

HOUSE FILE 769 - Resource Enhancement and Protection

BY COMMITTEE ON WAYS AND MEANS. This Act creates an Iowa Resource Enhancement and Protection Fund (REAP), the proceeds of which will fund a number of resource enhancement and acquisition programs. Twenty-eight percent of the Fund is allocated to provide for the implementation of statewide open space acquisition and protection programs; twenty percent for soil and water enhancement programs; fifteen percent to cities for natural parks and open space acquisition and development; nine percent to a State Land Management Trust; five percent to the Department of Cultural Affairs to implement historical resource development programs; and three percent to the Living Roadway Trust Fund. The first \$350,000 received annually is to be used to fund programs and teacher stipends provided by the Conservation Education Board created in the Department of Education. The Act creates 16 regional assemblies of persons interested in conservation protection and enhancement and creates an Iowa Congress on Resource Enhancement and Protection consisting of delegates from the regional assemblies to advise the General Assembly on issues and to fund needs relating to outdoors and natural resources of the state. A County Resources Enhancement Committee is also created in each county to coordinate and comment on the local city and county projects which are submitted for funding from state funds. The committee's membership includes locally elected officials and representatives of farm and conservation groups. The Act also authorizes the county conservation boards to develop and implement Iowa county beautification programs in the county to encourage the prevention and cleanup of litter. The Act also authorizes the issuance of state-sponsored credit cards by certain financial institutions to raise funds and the state's share of revenues obtained from a federal windfall profit tax court ruling is allocated the fund. The Act is effective May 27, 1989.

RELATED LEGISLATION

- Senate File 96 - Health Data Commission Extension and Prohibitions
SEE HEALTH. This Act relates to the Health Data Commission.

- Senate File 152 - Relocation of Displaced Persons
SEE TRANSPORTATION. This Act provides for relocation of persons displaced by highways.
- Senate File 153 - Income Tax Refund Setoff
SEE TAXATION. This Act authorizes the Department of Inspections and Appeals to administer certain refunds and setoffs from taxes and payments of public assistance.
- Senate File 170 - Consumer Advocate Division Employees
SEE ENERGY AND PUBLIC UTILITIES. This Act transfers certain staff of the Utilities Division of the Department of Commerce to the Consumer Advocate Division of the Department of Justice.
- Senate File 289 - Capitol Restoration Appropriation
SEE APPROPRIATIONS. This Act appropriates moneys for the state capitol restoration project.
- Senate File 318 - State Soil Conservation Committee
SEE AGRICULTURE. This Act restores a degree of autonomy held by the State Soil Conservation Committee before state governmental reorganization in 1986.
- Senate File 363 - Departmental Supplemental Appropriations
SEE APPROPRIATIONS. This Act contains several supplemental appropriations to state departments.
- Senate File 407 - Unclaimed Personal Property
SEE BUSINESS, BANKING AND INSURANCE. This Act provides for the Treasurer of state to maintain a claim file of dissolved corporate property.
- Senate File 419 - Energy Efficiency Measures
SEE ENERGY AND PUBLIC UTILITIES. This Act requires energy efficiencies regarding gas mileage on new passenger automobiles purchased by the state and pilot projects to showcase energy efficiencies and employee flex-time hours.
- Senate File 517 - Appropriations and Provisions Relating to State Executive Agencies and National Organizations
SEE APPROPRIATIONS. This Act appropriates funds to various state executive agencies.
- Senate File 519 - Parole Board and Procedures
SEE CRIMINAL JUSTICE. This Act restructures the Board of Parole to include part-time members and a full-time chairperson.
- Senate File 521 - Federal Block Grant Appropriations
SEE APPROPRIATIONS. This Act appropriates funding received from various federal block grants to state agencies for the federal fiscal year which begins October 1, 1989.

- Senate File 536 - Compensation for Public Officials, and Other Personnel Matters
SEE APPROPRIATIONS. This Act appropriates moneys for salary adjustments for the Executive Branch and Judicial Branch.
- House File 163 - Inspections and Appeals Departmental Activities in Relation to the Transportation Department
SEE TRANSPORTATION. This Act apportions responsibility for transportation-related hearings and appeals between the Department of Inspections and Appeals and the State Department of Transportation.
- House File 344 - Substance Abuse
SEE HEALTH. This Act relates to administration of substance abuse programs by the Iowa Department of Public Health.
- House File 372 - Natural Resource Budget Requests Approval
SEE NATURAL RESOURCES. This Act specifies the separate budgetary duties of the Natural Resources Commission and the Environmental Protection Commission.

SEE CRIMINAL JUSTICE AND CORRECTIONS. This Act establishes a canteen fund to be administered by the Department of Corrections.
- House File 490 - Inspections and Appeals Department Duties and Powers, Including Racing and Gaming Regulation
SEE GAMING. This Act rewrites a section of S.F. 124 (1989) which relates to warrantless searches.
- House File 643 - Out-of-State Contractor's Bond
SEE LABOR. This Act provides that an out-of-state contractor must file a bond with the Division of Labor rather than the Secretary of State.
- House File 753 - Waste Management and Recycling
SEE ENVIRONMENTAL PROTECTION. This Act requires the Department of Natural Resources to establish a statewide waste reduction and recycling network.

STATE GOVERNMENT

SENATE FILE 112 - Nonsubstantive Code Corrections

BY COMMITTEE ON JUDICIARY. This Act makes Code changes and corrections which are considered to be nonsubstantive and noncontroversial, in addition to style changes.

SENATE FILE 118 - Alcoholic Beverages Control

BY COMMITTEE ON STATE GOVERNMENT. This Act eliminates the requirement that a person must not possess a federal gambling stamp in order to be a "person of good moral character" and therefore be eligible to hold a liquor license or permit.

The Act converts the quantity of allowable liquor which can be imported into the state by an individual to the metric system of measurement.

The Act allows the Administrator of the Alcoholic Beverages Division of the Department of Commerce to designate legal holidays on which the Division may do business and strikes the provision requiring the approval of the Executive Council.

The Act exempts members of the clergy from requirements to obtain special permits to purchase, possess, or transport vinous liquor in relation to sacramental ceremonies. The bonding requirement for holders of special permits is eliminated. The bill vests in the Administrator the power to investigate license and permit applications.

The Act eliminates the requirement for applicants of a vintner's Certificate of Compliance to designate the geographic area in which its products are to be distributed by Class "A" wine permittees.

The Act authorizes dealers or distributors of alcoholic beverages to discontinue refunding empty wine or alcoholic beverage containers which were purchased in state liquor stores. The Act further allows the Alcoholic Beverages Division to discontinue payment of the refund to dealers and distributors.

SENATE FILE 119 - State Financial Management

BY COMMITTEE ON APPROPRIATIONS. This Act contains several changes relating to state financial management. It transfers certain responsibilities from the Department of Management to the Department of Revenue and Finance, including

the prescribing of accounting and business forms and the systems of accounts and reports of financial transactions by state executive agencies. The Act also provides for the reversion of appropriations to the state general fund on August 31 rather than September 30. The Department of Management is required to transmit the final appropriation report to the Legislative Fiscal Bureau on October 1 rather than November 1. Under the Act, the Director of Revenue and Finance may authorize the prepayment of claims when the best interests of the state would be served by prepayment.

SENATE FILE 141 - Substantive Code Corrections

BY COMMITTEE ON JUDICIARY. This Act adopts miscellaneous Code corrections of a substantive nature which adjust language to reflect current practices, insert earlier omissions, delete redundancies and inaccuracies, delete temporary language, resolve inconsistencies and conflicts, update ongoing provisions, and remove ambiguities.

SENATE FILE 152 - Relocation of Displaced Persons

BY COMMITTEE ON STATE GOVERNMENT. This Act provides for relocation payments and relocation advisory assistance for persons displaced by government activity and for real property acquisition. The Act rewrites Chapter 316, relating to relocation of persons displaced by highways and eliminates the chapter's application to only highway programs undertaken by the State Department of Transportation with federal highway assistance and expands its application to many categories of displaced persons. The Act also redefines "displaced person" for purposes of Chapter 316.

The Act is effective March 27, 1989.

SENATE FILE 371 - Election Laws

BY COMMITTEE ON STATE GOVERNMENT. This Act makes numerous technical and other changes in the laws governing elections and election procedures. It moves the candidate filing deadlines and ballot certification deadlines for primary and general elections to two weeks earlier. It prohibits the use of parentheses, quotation marks, or personal or professional titles in the names of candidates printed on ballots. It removes the prohibition against signing nominating petitions for more than one candidate.

The Act also makes changes relating to the certification of names of party committee members and county convention delegates elected at the precinct caucuses, the nomination of county supervisor candidates elected from districts, the earliest date for township candidates to file, the deadline for objections to nominations in certain city elections, the availability of sample ballots, the canvassing of votes in the precinct on primary election night, the

filing of affidavits of candidacy for township offices, the recount of votes in certain primary elections, the notarization of certain candidates' withdrawal notices, the contents of nominating petitions for president and vice president, the office hours for the county commissioner on the final day for filing nomination papers, the filing of the texts of local public measures, requests to cancel voter registration, time limits for making changes in precinct boundaries, the publication of notices of changes in polling places, the sequence of offices on the general election ballot, the preparation of summaries of local public measures by the county commissioner, the notice of placement on the ballot of judicial retention questions and constitutional amendments, inclusion in the notice of election of the full text of each public measure to be voted upon, persons not permitted to serve as members of challenging committees, requirements for retention of election documents, restrictions on reinstatement of registrations for returned mail, canvassing of absentee ballots received after election day, powers and duties of the board of supervisors in conducting its canvass, the powers and duties of the board of examiners in evaluating and adopting rules for new voting systems, the counting of write-in votes when special paper ballots or ballot cards are used, the replacement of lost absentee ballots, the time for mailing and return of absentee ballots, the certification of names of the party's candidates for president and vice president, the filing of names and addresses of the party's presidential electors, the tenure of certain vacancy appointees, requirements for nomination petitions for candidates for school elections, the contents and filing date for petitions to include public measures on school election ballots, the filing deadline for special elections to fill vacancies on school boards, the filling of vacancies on boards of merged area schools, elections for regional library board districts, requirements and procedures with respect to county and city petitions under Chapters 331 and 362, the deadline for notifying the county commissioner of the date for a special city election, requirements for signing and filing nomination petitions for city offices, and the deadline for filing petitions to have clerks of the district court stand for retention.

SENATE FILE 482 - Appeals from Purchasing Decisions

BY COMMITTEE ON STATE GOVERNMENT. This Act changes the appeal process for bidders to the Department of General Services. Whereas present language provides for the bidder to appeal decisions first to the Director of General Services and next to the Executive Council, the Act makes the Director's decision final so that any appeals would go to district court. Appeal to the Executive Council is retained for disputes between a state agency and the Department of Corrections over procurement of products from Iowa State Industries.

SENATE FILE 532 - Salaries and Benefits for Public Officials and Employees

BY COMMITTEE ON APPROPRIATIONS. This Act increases the compensation and benefits for legislative, faculty, and certain other state and public employees. Faculty at the state universities will receive up to a 10% increase at the discretion of the Board of Regents. Bargaining and nonbargaining employees will receive a 3.5% increase for the fiscal year beginning July 1, 1989. The Act also appropriates funds to implement benefits contained in the bargaining agreements. Members of the General Assembly receive a salary increase of approximately 9% beginning in January 1991. Also, in 1991, the per diem expense allowance for legislators during a legislative session is increased from forty to fifty dollars except Polk County legislators who will receive an increase from twenty-five dollars to thirty-five dollars. The fifty dollar per diem will also apply for interim meetings and special sessions. The Act also includes part-time employees of the General Assembly as eligible to participate in all state group insurance plans if the part-time employee pays all of the premium and administrative costs. The Act also increases per diem expenses for state board, commission, and council members from forty to fifty dollars commencing January 1991.

SENATE FILE 546 - State Budgetary Matters, Including Capital Projects and Equipment Leasing

BY COMMITTEE ON APPROPRIATIONS. This Act creates a ten-member Legislative Capital Projects Committee of the Legislative Council. The purpose of the Committee is to review proposed capital projects, costing \$250,000 or more which cost is funded by state appropriations or legislative approved bonds, of all state agencies. The Act requires the Governor to establish criteria for the evaluation of proposed projects and to make recommendations to the General Assembly and the Committee regarding funding and priorities for the projects. The Director of the Department of General Services is required to maintain and keep current a capital projects inventory.

The Act provides that the most recent revenue estimate agreed to by the Revenue Estimating Conference for a coming fiscal year is to be used without revision by the Governor in the preparation and presentation of the budget and by the General Assembly in the budget process.

The Act provided for a coordinated leasing program under the Treasurer of State. The Act would have required state agencies to enter into financing leases and required that all state agencies proposing to lease property do so in conformance with the rules of the Treasurer and with review of the proposed lease by the Treasurer. Any lease of a prison or prison-related facility would have continued to be subject to approval by the Governor and General Assembly. The Department of Management also would have had to approve the financing of the property. The Act would have authorized the Treasurer to establish a nonprofit corporation in order to operate and finance leasing activities for

state agencies. The nonprofit corporation would have been authorized to issue obligations to finance leased property. Such obligations would not be a liability of the state. The Treasurer would have annually been required to report to the Governor and the General Assembly on leasing activities by state agencies.

The Act requires state agencies other than the State Board of Regents to notify the Department of Management and members of the Appropriations Committees of the House of Representatives and the Senate of any request for or loss of federal or nonstate funds during the federal fiscal year beginning October 1, 1988.

The Act repeals the lottery repealer thus extending the state lottery indefinitely.

The Act requires state departments and agencies to notify the General Assembly and its staff if any of its facilities are in violation of state or federal laws or are decertified or in danger of being decertified.

THE GOVERNOR ITEM VETOED THE FOLLOWING:

1. The definition of capital project.
2. The requirement that the most recent revenue estimate for a fiscal year agreed to by the Revenue Estimating Conference is to be used without revision by the Governor in the preparation and presentation of the budget and by the General Assembly in the budget process.
3. The leasing program that would have been established under the Treasurer of State.
4. The requirement that the Director of General Services shall prepare and maintain a correct and current inventory of capital projects.

HOUSE FILE 127 - Beer Brewed for Consumption on the Premises

BY PAVICH, RENAUD, SHERZAN, MUHLBAUER, LUNDBY, BISIGNANO, JOCHUM, AND CONNOLLY. This Act allows the operation of "brew pubs" by permitting class "C" liquor control licensees and class "B" beer permittees to brew beer on those premises to be consumed only on those premises. A licensee or permittee must obtain a special class "A" beer permit which is applied for in the same way as a regular class "A" permit. A special class "A" permit holder does not have to obtain a certificate of compliance, but is required to pay the barrel tax as normally levied and keep the records required of any other permit holder. A separate special class "A" permit is required for each separate place of business.

HOUSE FILE 255 - Voter Registration Forms

BY COMMITTEE ON STATE GOVERNMENT. This Act requires the Director of the Department of Revenue and Finance to insert two voter registration forms in each individual income tax return form or instruction booklet. It also requires the State Department of Transportation to design its forms for operators' licenses, chauffeurs' licenses, and nonoperators' identification cards so that the forms can also be used for voter registration. Persons applying for the licenses and cards must be asked if they desire to register to vote or change their voter registration at the same time. The State Voter Registration Commission will adopt rules for the implementation of the new provisions.

HOUSE FILE 256 - Risk Management Division Eliminated

BY COMMITTEE ON STATE GOVERNMENT. This Act eliminates the Risk Management Division of the Department of General Services and risk management responsibilities from the Department of General Services as it relates to local government. The Act directs the Director of General Services to use either self-insurance programs or purchase insurance coverage from an insurer when such insurance coverage is determined to be necessary; places the previous responsibility of providing bonding for state officials and employees in the department as a whole; requires the Director to review the risk exposure of the capitol complex property and purchase insurance if it is determined to be in the best interest of the state; places the responsibility of insuring the state's motor vehicles with the vehicle dispatcher, which was previously handled by the Risk Management Division; and eliminates references to the Risk Management Division in the Code.

HOUSE FILE 293 - Library Division Moneys

BY COMMITTEE ON STATE GOVERNMENT. This Act adds specific authority for the Department of Cultural Affairs to accept gifts, contributions, bequests, endowments, and other moneys for the purposes of the Library Division. It provides that the interest from these moneys is retained by the Department. The Department of Cultural Affairs must report annually to the General Assembly regarding the moneys accepted and the interest earned on them.

HOUSE FILE 367 - State Historical Society and State Archivist

BY COMMITTEE ON STATE GOVERNMENT. This Act provides for staggered terms of the members of the State Historical Society Board of Trustees. A new section is added describing the powers and duties of the State Historical Society Administrator. New provisions are added allowing nonprofit foundations to administer the membership program and funds of the Society and to accept and

administer trusts. The Historical Division, rather than the Department of Cultural Affairs, is authorized to accept gifts and bequests. The Act redirects some duties and responsibilities from the Director to other persons such as certain division administrators, the State Historic Preservation Officer, and the State Archivist.

HOUSE FILE 506 - Solicitation of Public Donations

BY HANSEN OF WOODBURY and HARBOR. This Act provides for a reduction in the amount of discretion which the Secretary of State is allowed in issuing permits to organizations, institutions, or charitable associations in soliciting public donations. The Act also provides for increased fees for issuance of a permit and for the filing of an annual report by an organization, institution, or charitable association. The Act makes the penalties for consumer fraud applicable to a violation of the requirements prescribed for solicitation of contributions.

HOUSE FILE 542 - Protected Disclosures by Government Employees

BY BEATTY. This Act amends current provisions which prohibit state department heads and supervisors from ordering state employees not to make certain disclosures of information and prohibit reprisals against employees who make such disclosures. The Act expressly provides for enforcement of the reprisal provision through a civil action and makes certain other revisions. The Department of Personnel is directed to publicize the provisions of the statute.

The Act also revises the reprisal statute applicable to political subdivisions. Criminal and civil enforcement provisions are added.

HOUSE FILE 647 - Open Meetings Law Application

BY COMMITTEE ON STATE GOVERNMENT. This Act provides that advisory boards and committees created by the Governor or the General Assembly to develop and make public policy recommendations are included in the definition of governmental body for purposes of the open meetings law. It also requires that information about the open meetings law and the public records law be provided to members of all state and local governmental bodies by the appointing authority, or by the Commissioner of Elections if the governmental body is elected.

HOUSE FILE 693 - Notaries Public

BY COMMITTEE ON STATE GOVERNMENT. This Act rewrites Iowa's current law establishing and regulating notaries public. Certain determinations are required of a notarial officer in attesting to various types of documents (e.g., That the person appearing before the officer making a verification is

the person whose true signature is on the statement verified). Sections repealed include the penalty for improperly acting as a notary and authorization for notary fees. The Act is effective April 26, 1989.

HOUSE FILE 698 - Accountancy Examining Board

BY COMMITTEE ON STATE GOVERNMENT. This Act abolishes the Accounting Practitioner Advisory Council. It removes from membership on the Accountancy Examining Board the representative from the Accounting Practitioner Advisory Council and replaces that member with a licensed accounting practitioner. It also requires that the examination for licensed accounting practitioners be designed to fairly test the applicant's knowledge of accounting.

HOUSE FILE 709 - Credit Card Receipt Processing for State Departments

BY COMMITTEE ON STATE GOVERNMENT. This Act provides that the Treasurer of State may enter into an agreement with a financial institution to provide credit card receipt processing for state departments which are authorized to accept payment by credit card. The departments may charge a fee for the processing.

HOUSE FILE 758 - Alcoholic Beverages Regulation

BY COMMITTEE ON WAYS AND MEANS. This Act allows the Administrator of the Alcoholic Beverages Division of the Department of Commerce to compromise and settle disputed tax claims imposed under Chapter 123. The Iowa Alcoholic Beverage Control Act, allows the Administrator to make a claim under the penal bond posted by beer and wine wholesalers when it is doubtful the Division will collect tax due, and establishes an administrative appeals process for disputed tax liability.

The Act requires the penal bond posted by class "E" liquor control licensees to be forfeited to the Alcoholic Beverages Division if the licensee's license is revoked for violation of the state's bootlegging law.

The Act also permits the imposition of civil fines on beer and wine wholesalers for violations of Chapter 123. The fines are retained by the Alcoholic Beverages Division.

The Act strikes the Code provision prohibiting a holder of a vintner's certificate of compliance or a holder of a class "A" wine permit from offering coupons or rebates as incentives to purchase wine.

HOUSE FILE 790 - Real Estate Appraisal

BY ARNOULD AND STROMER. This Act creates a new chapter entitled the "Iowa Voluntary Appraisal Standards and Appraisal Certification Law". An Iowa Real Estate Appraiser Board is created within the Professional Licensing and Regulation Division of the Department of Commerce. The Act establishes standards and fees for real estate appraisals and a procedure for the voluntary certification of real estate appraisers, which includes a written examination. The Act provides for nonresident certification. Certified real estate appraisers must meet continuing education requirements. Certified real estate appraisers are subject to discipline, including suspension or revocation of rights for violations.

SEE EDUCATION. This Act provides an education improvement program funded by a property tax or combination of property tax and income surtax if approved by the electorate.
- House File 703 - Rural Community 2000 Program
SEE ECONOMIC DEVELOPMENT. This Act contained a provision relating to allocation of the cigarette tax which was item-vetoed by the Governor.

TAXATION

SENATE FILE 86 - City Tax for Musical, Artistic, and Cultural Purposes

BY CARR. This Act authorizes a city to levy a tax not to exceed thirteen and one-half cents per thousand dollars of assessed valuation for the support of instrumental or vocal musical groups or tax exempt artistic and cultural organizations, if the levy is approved pursuant to a petition and referendum on the question. The Act broadens the language of the current authorization, which refers only to the support of a municipal band.

SENATE FILE 91 - Collection of Delinquent Railway Taxes

BY COMMITTEE ON TRANSPORTATION. This Act repeals the requirement that counties turn over delinquent property tax statements of railway companies to the state Department of Transportation for collection. The Act also provides that the county, where the property exists, will be responsible for collection and will receive any delinquent property taxes.

SENATE FILE 113 - Income Tax Estimates and Withholding, Inheritance Taxes, and Railway Taxes

BY COMMITTEE ON WAYS AND MEANS. This Act repeals the railway vehicle fuel tax and railway tax. The Act increases the threshold for making estimated income tax payments from \$50 to \$200 effective January 1, 1990, and allows withholding agents to elect to make estimated tax payments on behalf of nonresidents on incomes from agricultural products, effective January 1, 1989. The Act authorizes use of federal estate tax values for computing inheritance tax. Effective July 1, 1989, for decedents dying on or after that date. This Act is effective March 7, 1989, except as otherwise provided.

SENATE FILE 153 - Income Tax Refund Setoff

BY COMMITTEE ON WAYS AND MEANS. This Act establishes the Investigations Division of the Department of Inspections and Appeals as the office to administer income tax refunds or rebate setoffs and to administer the setoff for any debt owing to the state for overpayment of public assistance.

SENATE FILE 154 - State and Local Taxes

BY COMMITTEE ON WAYS AND MEANS. This Act provides for a hearing on the revocation of a cigarette sales permit to be held at a site determined by the Department of Revenue and Finance. The Act changes the criminal penalty for

cigarette smuggling from a simple misdemeanor to a fraudulent practice and deletes the requirement that the Secretary of State be appointed for service of process prior to the issuance of a license to an out-of-state tobacco distributor. This Act also deletes the requirement that a foreign corporation be certified by the Secretary of State to do business in Iowa before a fuel tax license is issued. It also lengthens the time to file a claim for a fuel tax refund from three to four months. The Act authorizes special fuel dealers to dispense fuel from tankwagons and provides an unlimited period of time for the Department to make an assessment when the return is not filed or fraudulently filed. The Act deletes the ten dollar penalty for late filing of a fuel tax report if no tax is due except in the case of interstate fuel use tax.

The Act also provides specific appeal periods for denials of filing methods, denial of refund claims, and denials of partial refund claims for cigarette and tobacco tax, motor fuel tax, personal income tax, corporate income tax, franchise tax, sales tax and use tax.

This Act allows for the signing of tax returns in accordance with forms and rules prescribed by the Director of Revenue and Finance.

The Act repeals references to the obsolete Iowa Venture Capital Fund, personal and corporate income tax credits, and disallows a taxpayer to deduct both federal and Iowa net operating loss on the same Iowa return. The Act provides due dates for individual filers who make estimated payments on a fiscal year basis, effective January 1, 1990, and provides a penalty for a withholding agent who fails to post bond. The penalty is fifteen percent of the stated income tax the withholding agent is required to withhold on an annual basis. The Act allows the accrual of interest during a period of time that the statute of limitations has been extended by waiver, effective January 1, 1990. The Act imposes a tax on corporations receiving income from sources within Iowa and allows apportionment of income by Iowa corporations which receive income from sources without the state, effective January 1, 1990.

The Act allows the state to be the owner of any sales tax illegally collected by a retailer which is not claimed by a consumer. Further, the Act allows the Director to require the filing of returns on other than a quarterly basis for the hotel/motel tax if necessary to ensure collection. Retailers who hold use tax permits are not required to remit the tax more often than annually if the amount of tax they pay is less than \$120 per year. The Act also extends the time period for auditing claims for homestead tax credits and military services tax exemptions from 24 months to 36 months.

The Act eliminates requirement of filing an inheritance tax return if all the assets of the estate are held in joint tenancy by both spouses (retroactive to January 1, 1988, for estates of decedents dying on or after that date).

The Act, finally, requires filing a copy of the federal estate tax return at the time the state estate tax is due (effective July 1, 1989, for estates of decedents dying on or after that date).

SENATE FILE 167 - Contiguity of Certain Cities for Local Option Tax Purposes

BY GRONSTAL. This Act provides that a city is not contiguous to another city if the only access roads between the cities are through another state. Under prior law when the question of the imposition of a local sales and services tax is submitted to the voters, all cities contiguous to each other are treated as one incorporated area and the tax is imposed or not imposed depending upon the vote in the total area and not each city.

SENATE FILE 176 - Notice of Expiration of Right of Redemption from Tax Sale

BY MURPHY. This Act provides that notice of expiration of redemption on a tax sale requires personal service upon the owner and person in possession residing in the state and service by mail on owners outside of the state. Other parties receive notice if they file a request for notice in the original tax sale proceedings. The Act also allows the notice and affidavit of the redemption to be signed by the county attorney.

SENATE FILE 185 - Hotel and Motel Tax Exemption

BY COMMITTEE ON WAYS AND MEANS. This Act provides an exemption from the local hotel and motel tax to guests of a religious institution if the property is tax exempt and the purpose of renting is to provide for a religious retreat or function and not a place for transient guests.

SENATE FILE 186 - Income, Franchise, and Inheritance Taxes

BY COMMITTEE ON WAYS AND MEANS. This Act updates the references to the Internal Revenue Code. Restitution to individuals of Japanese ancestry under federal law shall not be considered income or an asset for eligibility for state or local government benefits and are excluded from income in determining state taxable income. These provisions are retroactive to January 1, 1988, for tax years beginning on or after that date. The Act also provides for a minimum tax credit for individual and corporate income taxation which is retroactively applicable to January 1, 1987 for tax years beginning on or after that date. An extension for filing claims for refunds of additional inheritance tax paid is also allowed.

SENATE FILE 213 - Sales Tax Exemption for Certain Media Products

BY FRAISE. This Act exempts from the sales and use tax the sale of motion picture films, video and audio tapes, video and audio discs and records, or other media to a person regularly engaged in the business of leasing or renting this property if the lease, rental, or sale to a customer is subject to the

sales and use tax. The Act applies retroactively to sales made on or after July 1, 1984. This Act is effective May 8, 1989.

SENATE FILE 215 - Irrigation Equipment Sales Tax Exemption

BY DOYLE. This Act provides a sales and use tax exemption for the sale or rental of irrigation equipment used in farming operations.

SENATE FILE 364 - Waiver of Certain Tax Penalties, Interest, and Costs

BY COMMITTEE ON LOCAL GOVERNMENT. This Act authorizes a board of supervisors to waive a tax penalty, interest, or costs related to the collection of a tax if the board finds that a clerical error resulted in the penalty, interest, or cost. This waiver does not apply to bonded special assessments without approval of the affected tax jurisdiction.

SENATE FILE 515 - Tax Valuation of Special Purpose Tooling

BY COMMITTEE ON WAYS AND MEANS. This Act provides that the assessment of the special purpose tooling property shall not exceed the fair and reasonable exchange value between a willing buyer and a willing seller. The willing buyer is purchasing only the special purpose tooling and not the patent. The assessor shall not take into consideration the special value or use to the present owner of the special purpose tooling.

SENATE FILE 537 - State Individual Income Tax

BY COMMITTEE ON WAYS AND MEANS. This Act provides for indexing the standard deduction annually. This Act allows for election of income from the sales of livestock because of drought to be included in income for the year following the sale. A capital gain deduction of 45% is allowed for certain limited amounts of capital gain. An earned income tax credit is allowed equal to five percent of the federal earned income credit. A capital gain deduction refund is no longer allowed. The Act takes effect January 1, 1990, for tax years beginning on or after that date.

SENATE FILE 539 - Taxation of Retirement Moneys

BY COMMITTEE ON WAYS AND MEANS. This Act provides for the taxation of state and federal pensions. A deduction is allowed for a person disabled, fifty-five years of age or older or a surviving spouse of an individual who would have qualified, up to a maximum each tax year of \$2,500 for a person who files a separate state income tax return and \$5,000 for a husband and wife who file a

joint state income tax return. The Act is retroactive to January 1, 1989, for tax years beginning on or after that date and is repealed effective January 1, 1990, for tax years beginning on or after that date. The Legislative Council is requested to study and review the state income taxation of pensions.

HOUSE FILE 271 - Local Option Sales and Services Tax

BY COMMITTEE ON WAYS AND MEANS. This Act allows counties to repeal local option sales and services taxes in an incorporated or unincorporated city where the tax has been imposed. The local sales and service tax shall not be repealed before the tax has been in effect for one year. This provision is applicable to local sales and services taxes in effect on or after January 1, 1990. This Act exempts from imposition of the local option tax the gross receipts from the sale of equipment by the state department of transportation.

The Act also allows a city with a population under six hundred located in a county with a population between ninety-five thousand and one hundred thousand, with a local option tax to change by resolution the specific purpose for which the local option tax revenues are expended. This provision is repealed January 1, 1990.

HOUSE FILE 578 - Exclusion from Income of Vietnam Herbicide Damages

BY COMMITTEE ON WAYS AND MEANS. This Act excludes from income, for purposes of state and local government benefit and entitlement programs and for the state individual income tax, the proceeds received by a disabled veteran or the beneficiary of a disabled veteran from a judgment in or settlement of a lawsuit against the manufacturers or distributors of a herbicide, including Agent Orange, used in the Vietnam Conflict for damages resulting from exposure to the herbicide.

The exemption from the state income tax applies retroactively to January 1, 1989, for tax years beginning on or after that date.

HOUSE FILE 751 - Local Option Tax Remittance

BY COMMITTEE ON WAYS AND MEANS. This Act provides for the Director of the Department of Revenue and Finance to credit the local sales and services tax receipts within specific time periods. The Director, within fifteen days of the beginning of each fiscal year, must send to each city or county where a local option tax is imposed, an estimate of the amount of tax moneys each city or county will receive for the year and for each quarter. The Director remits 90% of the estimated tax receipts for the city or county after the end of each quarter and no later than November 10, February 10, May 10, and August 10. A final payment of the remainder of tax money is due before the due date for payment of the first quarter of the next fiscal year. An overpayment in a previous fiscal year shall be adjusted in the subsequent fiscal year.

HOUSE FILE 755 - Mobile Home Taxes

BY COMMITTEE ON WAYS AND MEANS. This Act provides a reduction in the mobile home tax. Mobile homes in use six to nine years are subject to ninety percent of the computed tax. Mobile homes in use ten years or more are subject to eighty percent of the computed tax. The Act is effective July 1, 1990.

HOUSE FILE 765 - Real Property Transfer Tax Exemption

BY COMMITTEE ON WAYS AND MEANS. This Act exempts deeds transferring distribution of assets to heirs at law or devisees under a will from the declaration of value required of most real estate transfers and from the real estate tax from which most are already exempt. (Local Government, Taxation)

HOUSE FILE 770 - Sales Tax Exemption for Consumer Rental Purchase Property

BY COMMITTEE ON WAYS AND MEANS. This Act provides an exemption from sales and use tax for the sale of property which is to be used in a consumer rental purchase business if the receipt is subject to the tax on rentals from tangible personal property. The Act allows the lessor under a consumer rental purchase agreement to treat gross receipts from the agreement as rent payment subject to the tax on rentals from tangible personal property in lieu of treating the transaction as a taxable sale of tangible personal property at the time of delivery of the property to the consumer.

HOUSE FILE 771 - Reimbursement for Rent Constituting Property Tax Paid

BY COMMITTEE ON WAYS AND MEANS. This Act provides that a claimant who lives in a property and receives a reimbursement for rent constituting property taxes shall continue to be eligible for the reimbursement if the property becomes tax exempt and the claimant continues to live in the property. This provision takes effect retroactively to January 1, 1988.

HOUSE FILE 777 - Homestead Tax Credit

BY COMMITTEE ON WAYS AND MEANS. This Act requires that the owner of a homestead must reside in it for at least six months during the fiscal year for which the homestead tax credit is claimed. Under prior law, the owner needed only to reside in the homestead on July 1 and intend to use it as a home. The Act also requires that the owner declare residency in Iowa for income tax purposes to be entitled to homestead credits.

The Act takes effect January 1, 1990, for homestead credits allowed for fiscal year beginning July 1, 1990, and subsequent fiscal years.

RELATED LEGISLATION

- Senate File 91 - Collection of Delinquent Railway Taxes
SEE TAXATION. This Act provides that counties are no longer required to submit certain tax statements relating to railway property to the State Department of Transportation.
- Senate File 113 - Income Tax Estimates and Withholding, Inheritance Taxes, and Railway Taxes
SEE TAXATION. This Act repeals the railway vehicle fuel tax and railway tax.

- Senate File 121 - Motor Vehicle Licenses, Cards, and Forms
SEE CRIMINAL JUSTICE. This Act provides penalties for the wrongful use of a motor vehicle license, card or form.
- Senate File 152 - Relocation of Displaced Persons
SEE STATE GOVERNMENT. This Act provides relocation payments and advisory assistance to persons displaced by governmental activity such as highway construction.
- Senate File 154 - State and Local Taxes
SEE TAXATION. This Act relates to transportation of cigarettes and to fuel taxes.
- Senate File 157 - Licenses and Permits for Youthful Drivers
SEE EDUCATION. This Act reduces the minimum driving age for drivers' education and eligibility for a school license.
- Senate File 295 - School Bus Drivers' Instruction
SEE EDUCATION. This Act provides for the training of school bus drivers.
- Senate File 497 - Livestock Transportation Certificates
SEE AGRICULTURE. This Act provides that a livestock transportation certificate, which is required to be carried when transporting livestock, must contain the driver's license number of the owner of the livestock.
- Senate File 531 - Appropriations and Provisions Relating to Law Enforcement, Public Defense, Public Safety, and Transportation
SEE APPROPRIATIONS. This Act provides funding for living roadway projects and other transportation programs.
- House File 255 - Voter Registration Forms
SEE STATE GOVERNMENT. This Act provides that the Department of Transportation design its forms for various license applications to also be used for voter registration.
- House File 447 - Petroleum Underground Storage Tanks
SEE ENVIRONMENTAL PROTECTION. This Act authorizes the sale of gasoline in tenths of one cent per gallon.
- House File 477 - All-Terrain Vehicles and Other Vehicle Use
SEE NATURAL RESOURCES AND OUTDOOR RECREATION. This Act defines and regulates the use of all-terrain vehicles and snowmobiles.
- House File 551 - Aviation Authorities
SEE LOCAL GOVERNMENT. This Act relates to the establishment of an airport authority by a municipality.

- House File 679 - Human Services Employee not a Chauffeur when Transporting Patients or Clients
SEE HUMAN SERVICES. This Act authorizes employee of the Department of Human Services to transport patients or clients in an automobile without the employees' having to obtain chauffeur's licenses.
- House File 778 - Appropriations and Amendments Relating to Agriculture and Natural Resources
SEE APPROPRIATIONS. This Act provides that the State Department of Transportation preserve the natural or historic heritage of Iowa when involved in road construction and repair.
- House File 782 - License Revocation for OWI Conviction
SEE CRIMINAL JUSTICE. This Act provides for the State Department of Transportation to revoke a motor vehicle license for vehicular homicide under certain conditions.
- House File 799 - Appropriations and Provisions Relating to Human Services Education, Cultural Affairs, Transportation, and Finance
SEE APPROPRIATIONS. This Act appropriates funds for airport projects.

TRANSPORTATION

SENATE FILE 120 - Vehicle Allowable Lengths

BY COMMITTEE ON TRANSPORTATION. This Act relates to the maximum lengths of certain vehicles when operating on highways designated for longer vehicles by the State Transportation Commission.

The Act allows semitrailers in a truck tractor-semitrailer-trailer combination to have an overall length of up to twenty-eight feet six inches as allowed under current Code provisions for trailers and semitrailers in a truck tractor-semitrailer-trailer combination. The Act provides that if the semitrailers are connected by a rigid frame extension including a fifth-wheel connection point attached to the rear frame of the first semitrailer, the length of the frame extension is not included in determining the overall length of the first semitrailer.

The Act allows stinger-steered automobile transporters operated on the designated highways to have an overall length up to seventy-five feet. However, the Act provides that the transporters may have the load extended up to three feet beyond the front bumper and up to four feet beyond the rear bumper. A stinger-steered automobile transporter is defined as being any vehicle combination designed and used specifically for the transport of assembled highway vehicles, recreational vehicles, or boats in which the fifth wheel is located on a drop frame located below and behind the rearmost axle of the power unit. The Act allows the stinger-steered automobile transporters to depart from the designated highway system by the most direct route to points of pickup and delivery.

SENATE FILE 169 - Common Carrier Filings

BY COMMITTEE ON TRANSPORTATION. This Act requires railway corporations to maintain copies of schedules and rates on file in their offices for public inspection and eliminates the requirement that they file rates with the State Department of Transportation.

This Act also eliminates the requirements that common carriers file copies of their schedules and classifications with the State Department of Transportation if they have filed the required information with the Interstate Commerce Commission.

SENATE FILE 179 - Personalized Registration Plates

BY COMMITTEE ON TRANSPORTATION. This Act amends 1988 Iowa Acts, Chapter 1215, which provided for the issuance of seven-alphanumeric character registration

plates but provided a July 1, 1990, effective date for that portion of the Act. This Act makes the change take effect March 24, 1989.

SENATE FILE 256 - Vehicle Weights

BY COLEMAN. This Act applies to vehicles transporting raw materials which are removed from a road under construction. The Act allows the vehicles to have ten percent over the otherwise allowable legal maximum axle weight on any one axle provided that the gross weight on any particular group of axles on the vehicle does not exceed the gross weight allowed for that group of axles. If the tolerance level is exceeded, the fine for the violation of excess weight on the axle or tandem axle is to be computed on the difference between the actual weight and the ten percent tolerance weight. The ten percent tolerance weight only applies to vehicles operating along a route of travel approved by the State Department of Transportation.

SENATE FILE 349 - Water and Cups in Locomotives

BY PETERSON. This Act requires that all railroads provide sanitary cups and potable water in the locomotive engine and caboose car areas. Enforcement of the requirements of the Act is contingent upon the receipt of a written complaint by the state Department of Transportation.

SENATE FILE 408 - Streets, Roads, and Commercial and Industrial Highways

BY COMMITTEE ON TRANSPORTATION. This Act requires the State Transportation Commission to identify within the primary road system a network of commercial and industrial highways. The Commission is to consider all of the following factors in the identification of this network: the connection by the most direct routes feasible of major urban areas and regions of the state to each other and to the Interstate Highway System and priority routes in adjacent states, the existence of high volumes of total traffic and commercial traffic, long distance traffic movements, and area coverage and balance of spacing with service to major growth centers within the state. The network is not to exceed 2500 miles in length, including municipal extensions of these highways. If highway improvements to the network result in a change in the function of a bypassed road, the State Transportation Commission shall transfer the jurisdiction of the road to the city or county as appropriate. Before the transfer takes place, the State Department of Transportation is required to place the road and the structures on the road in good repair. If the Department cannot come to agreement with the jurisdiction to which the road is transferred as to the necessary repairs, the matter is first submitted to mediation and then, if mediation is not successful, to binding arbitration. Similar provisions are included for cities and the Department as to the division of costs on municipal extensions of primary roads.

The Act allows the State Department of Transportation greater latitude in determining the routing of highways which are part of the network of commercial and industrial highways. The Act also expands the Department's authority in the construction, reconstruction, improvement and maintenance of primary road extensions within a city. The Department is required to consult with a city's council as to the improvement of storm sewers and electrical traffic control devices reasonably incident and necessary to the construction, reconstruction, improvement, and maintenance of the primary road extensions. However, the location of the primary road extensions and the location, design, and degree of access control for improvements to the primary road extensions are to be determined by the Department.

The Act eliminates the requirement that the State Department of Transportation receive approval from the applicable city council prior to its elimination of dangers at railroad crossings or the construction, reconstruction, improvement, or repair of a primary road extension located within a city.

SENATE FILE 442 - Hazardous Materials Transportation Rule Exceptions

BY COMMITTEE ON TRANSPORTATION. This Act provides that administrative rules regarding the transportation of hazardous material under section 321.450, concerning physical and medical qualifications for drivers of commercial vehicles engaged in intrastate commerce, shall not be construed as disqualifying any individual who was employed as a driver of commercial vehicles engaged in intrastate commerce prior to January 1, 1988.

House File 792 struck and replaced a provision that rules adopted by the State Department of Transportation under section 321.450, regarding transportation of hazardous material, do not apply to retail dealers of fertilizers, petroleum products, and pesticides and their employees while delivering fertilizers, petroleum products, and pesticides to farm customers within a 100 mile radius of their retail place of business. This Act is effective April 27, 1989.

SENATE FILE 524 - Highways, Roads and Streets

BY COMMITTEE ON WAYS AND MEANS. This Act includes provisions which were included in Senate File 529. These provisions create the Iowa Highway Research Board. The duties of the Board include the supervision and coordination of research and development with the United States Department of Transportation and other transportation research organizations; the acquisition of knowledge of research and development needs of Iowa's roads and transportation systems; acting as a clearinghouse for suggestions, problem statements, and proposals for highway research and development; making recommendations to the General Assembly, the Governor, Iowa's Congressional delegation, the State Department of Transportation, and the United States Department of Transportation based upon research conducted and supervised by the Board; the monitoring of the

progress of recommended projects and the periodic evaluation of each project's success and impact upon Iowa's highways; the periodic reporting and publishing of the results of research conducted by the Board; and the annual reporting to the General Assembly and the Governor regarding the Board's activities and research. Fourteen members of the Board are appointed by the Governor and are subject to confirmation by the Senate. The members serve four-year terms. The Iowa Highway Research Board created prior to the enactment of this Act by the State Department of Transportation is to advise the Iowa Highway Research Board created under this Act. The Act allows the State Department of Transportation to set aside each year \$200,000 from the Street Construction Fund of the cities in a fund to be known as the Street Research Fund which is to be used solely for the purpose of financing engineering studies and research projects which have as their objective the more efficient use of funds and materials that are available for the construction and maintenance of city streets.

This Act also changes the Road Use Tax Fund allocation formula. Under the Act, 47.5% goes to the Primary Road Fund, 24.5% goes to the Secondary Road Fund, 8% goes to the Farm-To-Market Road Fund, and 20% goes to the Street Construction Fund. The Act changes the allocation of moneys collected from the excise tax of one-half cent per gallon of motor fuel which currently goes to county RISE projects. Ten percent of these moneys still are allocated for county RISE projects, but the remaining amount is credited to the Secondary Road Fund. The moneys allocated for county RISE projects are also credited to the Secondary Road Fund on June 30 of each year if the moneys have not been committed for county RISE projects. Notwithstanding the general change in the allocation formula, for the fiscal period beginning July 1, 1989, through June 30, 1991, the annual allotments (with some corrections for other allocations under the Code) are \$285,000,000 to the Primary Road Fund, \$148,000,000 to the Secondary Road Fund, \$48,000,000 to the Farm-To-Market Road Fund, and \$112,000,000 to the Street Construction Fund. If moneys are insufficient or in excess of these amounts, the moneys are prorated in proportion to these allocations.

Beginning July 1, 1990, the Act annually allocates from the Road Use Tax Fund \$2,000,000 to the County Bridge Construction Fund and \$500,000 to the City Bridge Construction Fund.

The Act provides that a road which has been classified as being part of the arterial or arterial connector systems (primary roads) but whose jurisdiction still vests in the county shall be deemed to be part of the farm-to-market road system until the time the jurisdiction of the road is transferred to the State Department of Transportation. This allows Farm-To-Market Road Funds to be used on these roads.

The Act provides for the crediting to the Road Use Tax Fund of any interest or earnings on investments or time deposits of the moneys in the Road Use Tax Fund and the funds to which moneys from the Road Use Tax Fund are credited. Currently the interest is credited to the respective funds which generate the interest or earnings.

Effective July 1, 1990, the first \$2,500,000 dollars in fines which are imposed through vehicle violation citations issued by Motor Vehicle Division personnel at portable and fixed weight stations in the state are to be credited to the Road Use Tax Fund.

The Act requires the Legislative Council to appoint a study committee for the purpose of studying and making recommendations for the allocation of Secondary Road Fund moneys and Farm-To-Market Road Fund moneys among the counties. The recommendations are to be submitted by January 31, 1990.

The Act also appropriates from the Road Use Tax Fund to the State Department of Transportation the sum of \$15,000 for the purpose of conducting a study, in consultation with the Department of Natural Resources and representative of cities and counties, to analyze and report on the impact of waterway openings and floodplain requirements existing in federal or state law, regulations, administrative rules or design guides, on current and future road and bridge requirements, costs, and needs. The recommendations are to be submitted by January 31, 1990.

Except as otherwise noted, the Act is effective July 1, 1989.

HOUSE FILE 163 - Inspections and Appeals Department Activities in Relation to the Transportation Department

BY COMMITTEE ON TRANSPORTATION. This Act revises provisions governing transportation-related hearings and appeals. It specifies that the Department of Inspections and Appeals is responsible for conducting the hearings and making findings and recommendations to the state Department of Transportation. The state Department of Transportation then reviews the findings and recommendations and makes the final decision. The actions of the state Department of Transportation are subject to judicial review.

HOUSE FILE 254 - Oxygenate Octane Enhancers

BY COMMITTEE ON AGRICULTURE. Chapter 214A of the Code provides that the Department of Agriculture and Land Stewardship regulate motor vehicle fuel. Motor vehicle fuel may include oxygen-containing compounds referred to as oxygenate octane enhancers. This Act provides the Department authority to regulate oxygenate octane enhancers, including authority to set standards and perform tests. Ethanol is specifically included as an oxygenate octane enhancer.

HOUSE FILE 332 - Handicapped Identification

BY COMMITTEE ON TRANSPORTATION. This Act allows a licensed podiatrist and chiropractor, along with other physicians, to issue a statement attesting to a person's handicap for the purpose of issuing a handicapped license plate, identification device, or sticker.

This Act is effective April 18, 1989.

HOUSE FILE 475 - Special Mobile Equipment Fee Refunds

BY COMMITTEE ON TRANSPORTATION. This Act permits an owner of a vehicle registered as special mobile equipment prior to July 1, 1988, to apply for a refund of the vehicle's registration fee if the vehicle was not required to be registered after July 1, 1988, due to enactment of 1988 Iowa Acts, Chapter 1083. The refund is to be prorated and must exceed five dollars. Application must be made prior to July 1, 1992, when the refund provision is automatically repealed. This Act is effective April 20, 1989.

HOUSE FILE 537 - VETOED BY THE GOVERNOR

BY COMMITTEE ON TRANSPORTATION. This bill was vetoed by the Governor. However, all provisions but one of this bill were subsequently enacted in House File 784 (See Summary of H.F. 784). The major provision of this bill which was objected to by the Governor was the provision which authorized the State Department of Transportation to enter into a lease-purchase agreement to acquire facilities at the city of Ankeny to be used in its administration of motor vehicles under section 307.22. The cost of the lease-purchase agreement could not exceed \$7,200,000.

HOUSE FILE 663 - Motorized Bicycle Safety Flags

BY COMMITTEE ON TRANSPORTATION. This Act requires motorized bicycles (mopeds), when operating on highways, to have bicycle safety flags. The flags are to extend not less than five feet above the ground attached to the rear of the motorized bicycle. Each flag is required to be day-glow in color and be triangular in shape with an area not less than thirty square inches. These provisions are similar to those applicable to all-terrain vehicles under section 321.234A. A violation has a scheduled fine of five dollars subject to surcharge and court costs.

HOUSE FILE 723 - Roadside Vegetation Management

BY COMMITTEE ON TRANSPORTATION. This Act requires the State Department of Transportation to provide an integrated roadside vegetation management plan and program. The management plan and program is to be administered by the Integrated Roadside Vegetation Management Coordinator either by the creation of the position within the Department or through a contract for the coordinator services. The Act creates the Integrated Roadside Vegetation Management Technical Advisory Committee to provide advice on the development and implementation of a statewide integrated roadside vegetation management plan and program and related projects.

The Act provides for Road Use Tax Fund moneys to be credited to the Living Roadway Trust Fund from moneys currently credited to the Division of Soil Conservation in the Department of Agriculture and Land Stewardship for planting or maintenance of wind erosion control barriers and moneys credited to the State Department of Transportation for plantings or maintenance of trees or shrubs in shelter belts for erosion control.

The Act generally changes provisions in Chapter 317 from requiring the destruction of weeds to requiring the control of weeds. Spraying under these provisions is to be limited to those circumstances when it is not practical to mow or to otherwise control the weeds. The Act adds a condition to a landowner's right to harvest grass grown on the road, prohibiting the harvesting of vegetation which is maintained for highway purposes as part of an integrated roadside vegetation management plan which is consistent with the Act's objectives.

The Act is effective May 27, 1989.

HOUSE FILE 745 - Vehicle Parking and Handicapped Parking

BY COMMITTEE ON TRANSPORTATION. This Act generally relates to the issuance and use of handicapped identification devices and the provision and use of handicapped parking spaces. However, the Act also prohibits the stopping, standing, or parking of a vehicle in front of a curb cut or ramp which is located on public or private property in a manner which blocks access to the curb cut or ramp. This provision is effective July 1, 1989, and a violation of the provision has a scheduled fine of five dollars.

The remainder of the Act takes effect January 1, 1990. The Act repeals current Chapter 601E on handicapped parking and replaces it with new Chapter 321L. Under the new provisions, handicapped identification devices may be issued only to handicapped residents of Iowa. The Act provides for the issuance of new handicapped identification devices beginning January 1, 1990, with the old handicapped identification devices being no longer valid after January 1, 1991.

The Act provides a new schedule of the minimum number of handicapped parking spaces required, requires the handicapped parking spaces to have certain dimensions except for metered on-street parking spaces, and allows the spaces to be painted with a blue background upon which the international symbol of accessibility is painted in yellow. Failure to provide the required number of handicapped parking spaces, to provide spaces of the proper dimension, size, or designation, or to provide the proper handicapped parking sign subjects the violator to a fine of \$100 for each violation. The state and the political subdivisions of the state are mandated to provide handicapped parking spaces.

The Act provides that a person providing false information with the intent to defraud on the application for a handicapped identification device or on the physician's or chiropractor's statement used in establishing proof of the handicapped condition of the applicant is subject to a civil penalty of \$100 which may be imposed by the State Department of Transportation, or subject to invalidation by the Department, or subject to both the civil penalty and invalidation. The Act adds chiropractors and podiatrists as persons who may provide a statement as to the handicapped condition of an applicant.

HOUSE FILE 784 - Motor Vehicle Registrations and Certificates of Title

BY ARNOULD and STROMER. This Act eliminates specific language regarding the retention of motor vehicle records by the County Treasurer and the requirement to keep paper copies for three years. The Act requires record retention systems to be maintained in a manner approved by the State Department of Transportation. These provisions of the Act take effect May 22, 1989. The remainder of the Act takes effect July 1, 1989.

The Act provides for a standard fee and penalty for the delinquent portion of vehicle registrations which is 24 months or more delinquent, the standard fee and penalty is one hundred fifty percent of the current annual registration fee. The Act eliminates the requirement for the County Treasurer to have the monthly statement of all fees and penalties reported under oath and in its place requires the monthly statement to be certified under county seal. The Act also eliminates the requirement for the County Treasurer to send a duplicate of this report to the Treasurer of State.

The Act also strikes a provision where a certificate of title is to contain on its reverse side an application for a new certificate of title by the transferee. However, the application for a new certificate of title is to be attached to the certificate of title when it is issued.

The Act provides that a person who titled the person's motor vehicle before May 1, 1989, may have a title issued on that motor vehicle to the person without the "REBUILT" designation, if the person can show adequate proof that the wrecked or salvage motor vehicle was inspected by a peace officer prior to being repaired prior to September 1, 1988, and show proof through receipts of

used parts and photos of the damage to the wrecked or salvage motor vehicle that the motor vehicle did not have major damage requiring repairs or replacement of more than two of the vehicle's component parts. This Act is effective July 1, 1989, except as otherwise noted.

HOUSE FILE 792 - Hazardous Materials Transportation

BY ARNOULD and STROMER. This Act amends S.F. 442, section 2, which provides that rules adopted under section 321.450 do not apply to retail dealers of fertilizers, petroleum products, and pesticides and their employees while delivering fertilizers, petroleum products, and pesticides to farm customers within a 100 mile radius of their retail place of business. This Act strikes this section and replaces it with provisions exempting these dealers and their employees from the minimum age requirements of section 321.449 and the rules adopted under section 321.450 pertaining to compliance with regulations adopted under U.S.C., Title 49, and found in 49 C.F.R. section 177.804, while delivering fertilizers, petroleum products, and pesticides to farm customers within a 100 mile radius of their retail place of business.

This Act also provides that motor vehicles registered for a maximum gross weight of five tons or less are exempt from the requirements of placarding and of carrying hazardous materials shipping papers if the hazardous materials which are transported are clearly labeled.

This Act is effective May 22, 1989.

SECTIONS AMENDED, ADDED, AND REPEALED
1989 REGULAR SESSION OF THE 73RD GENERAL ASSEMBLY

The following list contains the amendments and repeals of all 1989 Code sections and Iowa Acts sections, plus all newly created Code sections, which were enacted during the 1989 regular session of the General Assembly. The list includes a description of the legislative action regarding the Code section or Act, the effective date of the Code section or Act, vetoed bills, and any applicable item veto of the Code section or Act.
