2. That such person has been found in the county.

3. The place of residence of such person or where it is believed to be, or that such residence is not known.

Provided, however, that application for admission may be made on behalf of a person by his attending physician and another physician experienced in the treatment of mental diseases, for a temporary admission for observation, examination, diagnosis and treatment,

The application shall be made to the superintendent of the state hospital in the district in which the county of his residence is located. Said application shall not be accepted by the superintendent if by doing so it will result in an overcrowded condition or if adequate facilities are not available. At the expiration of the admission period, the superintendent shall make a certified report

of the findings as to the mental illness of said applicant, one copy of which shall be sent to the attending physician filing the application and, if said report finds that said person is mentally ill and in need of treatment, a copy shall be sent to the commission of hospitalization of the county in which the applicant is a resident.

If the certification of the patient's condition to his attending physician by the hospital superintendent states that a further period of observation and treatment is indicated without commitment of the person as mentally ill, the attending physician may authorize a further period of such observation and treatment as recommended. During such extended period of observation, if the patient is not discharged a recommendation for commitment as mentally ill may be filed with the commission. If the commission does not issue a commitment as mentally ill after recommendation by the superintendent within five days following receipt of such recommendation, the superintendent may, upon authority of the state director, discharge such patient from the hospital, and the hospital and state director, after discharge of such patient, shall be absolved of further responsibility in connection with the case until such time as the same person may be committed.

The cost of hospitalization of persons committed temporarily under the provisions of this section shall be paid for in the same way as persons committed otherwise as mentally ill. [R60,§1480; C73,§1399; C97,§2264; C24, 27, 31, 35, 39,§3544; C46, 50, 54, 58, 62, 66, 71, 73,§229.1; 65GA, ch 1159,§2]

Referred to in §225.36

229.2 Hearing—custody. The superintendent, in his acknowledgment of delivery, must state whether there was any such person in attendance, and give the name or names, if any. Order of commitment, §229.10

229.20 Beneficiaries of veterans bureau.

1. Whenever, in any proceeding under the laws of this state for the commitment of a person alleged to be of unsound mind or otherwise in need of confinement in a hospital or other institution for his proper care, it is determined after such adjudication of the status of such person as may be required by law that commitment to a hospital for mental disease or other institution is necessary for safekeeping or treatment and it appears that such person is eligible for care or treatment by the veterans administration or other agency of the United States government, the court, upon receipt of a certificate from the veterans administration or such other agency showing that facilities are available and that such person is eligible for care or treatment therein, may commit such person to said veterans administration or other agency. The person whose commitment is sought shall be personally served with notice of the pending commitment proceeding in the manner as provided by the law of this state; and nothing in this section shall affect his right to appear and be heard in the proceedings. Upon commitment, such person, when admitted to any facility operated by any such agency within or without this state shall be subject to the rules and regulations of the veterans administration or other agency. The chief officer of any facility of the veterans administration or institution operated by any other agency of the United States to which the person is so committed shall with respect to such person be vested with the same powers as superintendents of state hospitals for mental diseases within this state with respect to retention of custody, transfer, convalescent leave or discharge. Jurisdiction is retained in the committing or other appropriate court of this state at any time to inquire into the mental condition of the person so committed, and to determine the necessity for continuance of his restraint, and all commitments pursuant to this section are so conditioned.

2. The judgment or order of commitment by a court of competent jurisdiction of another state or of the District of Columbia, committing a person to the veterans administration, or other agency of the United States government for care or treatment shall have the same force and effect as to the committed person while in this state as in the jurisdiction in which is situated the court entering the judgment or making the order; and the courts of the committing state, or of the District of Columbia, shall be deemed to have retained jurisdiction of the person so committed for the purpose of inquiring into the mental condition of such

person, and of determining the necessity for continuance of his restraint; as is provided in subsection 1 of this section with respect to persons committed by the courts of this state. Consent is hereby given to the application of the law of the committing state or district in respect to the authority of the chief officer of any facility of the veterans administration, or of any institution operated in this state by any other agency of the United States to retain custody, or transfer, place on convalescent leave or discharge the committed person.

3. Upon receipt of a certificate of the veterans administration or such other agency of the United States that facilities are available for the care or treatment of any person heretofore committed to any hospital for the mentally ill or other institution for the care or treatment of persons similarly afflicted and that such person is eligible for care or treatment, the superintendent of the institution may cause the transfer of such person to the veterans administration or other agency of the United States for care or treatment. Upon effecting any such transfer, the committing court or proper officer thereof shall be notified thereof by the transferring agency. No person shall be transferred to the veterans administration or other agency of the United States if he be confined pursuant to conviction of any felony or misdemeanor or if he has been acquitted of the charge solely on the ground of mental illness, unless prior to transfer the court or other authority originally committing such person shall enter an order for such transfer after appropriate motion and hearing.

4. Any person transferred as provided in this section shall be deemed to be committed to the veterans administration or other agency of the United States pursuant to the original commitment. [C27, 31, 35,§3562-b1; C39,§3562.1; C46, 50, 54, 58, 62, 66, 71, 73,§229.20]

[C39,§3562.2; C46, 50, 54, 58, 62, 66, 71, 73,§229.21]

The transfer of a veteran from one hospital to another shall in no way invalidate the original commitment and such commitment together with all such laws and rules of the state director pertaining to convalescent leave or discharge shall remain in full force and effect as the original commitment. [C39,§3562.3; C46, 50, 54, 58, 62, 66, 71, 73,§229.22]

230.1 Liability of county and state. The necessary and legal costs and expenses attending the taking into custody, care, investigation, admission, commitment, and support of a mentally ill person admitted or committed to a state hospital shall be paid:

1. By the county in which such person has a legal settlement, or
2. By the state when such person has no legal settlement in this state, or when such settlement is unknown.

The legal settlement of any person found mentally ill who is a patient of any state institution shall be that existing at the time of admission thereto. [C73,§1402; C97,§2270; S13, §2270; C24, 27, 31, 35, 39,§3581; C46, 50, 54, 58, 62, 66, 71, 73,§230.1]

230.2 Finding of legal settlement. The commission of hospitalization shall, when a person is found to be mentally ill, or as soon thereafter as it obtains the proper information, determine and enter of record whether the legal settlement of said person is:

1. In the county of the residence of said commissioners;
2. In some other county of the state;
3. In some foreign state or country; or
4. Unknown.

[C24, 27, 31, 35, 39,§3582; C46, 50, 54, 58, 62, 66, 71, 73,§230.2]

230.3 Certification of settlement. If such legal settlement is found to be in another county of this state, the commission shall, as soon as said determination is made, certify such finding to the superintendent of the hospital to which said patient is admitted or committed, and thereupon said superintendent

shall charge the expenses already incurred and unadjusted, and all future expenses of such patient, to the county so certified until said settlement shall be otherwise determined as hereinafter provided. [C73,§1417; C97,§2281; C24, 27, 31, 35, 39,§3583; C46, 50, 54, 58, 62, 66, 71, 73,§230.3]

230.4 Certification to debtor county. Said finding of legal settlement shall also be certified by the commission to the county auditor of the county of such legal settlement. Such auditor shall lay such notification before the board of supervisors of his county, and it shall be conclusively presumed that such person has a legal settlement in said notified county unless said county shall, within six months, in writing filed with the commission of hospitalization giving said notice, dispute such legal settlement. [C73,§1402; C97,§2270; S13,§2270; C24, 27, 31, 35, 39,§3584; C46, 50, 54, 58, 62, 66, 71, 73,§230.4]

230.5 Nonresidents. If such legal settlement is found by the commission to be in some foreign state or country, or unknown, it shall, without entering an order of admission or commitment to the state hospital, immediately notify the state director of such finding and furnish the state director with a copy of the evidence taken on the question of legal settlement, and hold said patient for investigation by said state director. [C73,§1402; C97, §2270; S13,§§2270, 2727-a28a; C24, 27, 31, 35, 39, §3585; C46, 50, 54, 58, 62, 66, 71, 73,§230.5]

Director, §230.84

230.6 Determination by director. The state director shall immediately investigate the legal settlement of said patient and proceed as follows:

1. If the state director finds that the decision of the commission of hospitalization as to legal settlement is correct, the state director shall cause said patient either to be transferred to a state hospital for the mentally ill and there maintained at the expense of the state, or to be transferred to the place of foreign settlement.

2. If the state director finds that the decision of the commission of hospitalization is not correct, the state director shall order said patient transferred to a state hospital for the mentally ill and there maintained at the expense of the county of legal settlement in this state. [S13,§2727-a28a; C24, 27, 31, 35, 39,§3586; C46, 50, 54, 58, 62, 66, 71, 73,§230.6]

Expenses certified to counties, §230.20

230.7 Removal of nonresidents. If at any time the state director discovers that a mentally ill patient in a state hospital was, at the time of admission or commitment, a nonresident of this state, he may cause said patient to be conveyed to his place of residence if his condition permits of such transfer and other reasons do not render such transfer inadvisable. [C73,§1419; C97,§2283; S13,§§2283, 2727-a28a; C24, 27, 31, 35, 39,§3587; C46, 50, 54, 58, 62, 66, 71, 73,§230.7]

230.8 Transfers of mentally ill persons—expenses. The transfer to state hospitals or to the places of their legal settlement of mentally ill persons who have no legal settlement in this state or whose legal settlement is unknown, shall be made according to the directions of the state director, and when practicable by employees of state hospitals, and the actual and necessary expenses of such transfers shall be paid on itemized vouchers sworn to by the claimants and approved by the state director, from any funds in the state treasury not otherwise appropriated. [S13,§§2308-a, 2727-a28b; C24, 27, 31, 35, 39,§3588; C46, 50, 54, 58, 62, 66, 71, 73,§230.8]

Referred to in §230.31

230.9 Subsequent discovery of residence. If, after a patient has been received into a state hospital for the mentally ill as a patient whose legal settlement is supposed to be outside this state or unknown, the state director finds that the legal settlement of said patient was, at the time of admission or commitment, in a county of this state, said state director shall charge all legal costs and expenses pertaining to the admission or commitment and support of said patient to the county of such legal settlement, and the same shall be collected as provided by law in other cases. [S13, §2727-a28a; C24, 27, 31, 35, 39,§3589; C46, 50, 54, 58, 62, 66, 71, 73,§230.9]

Collection, §230.20

another county of this state, shall, in the first instance, be paid by the county of admission or commitment. The county of such legal settlement shall reimburse the county so paying for all such payments, with interest. [S13, §2308-a; C24, 27, 31, 35, 39,§3590; C46, 50, 54, 58, 62, 66, 71, 73,§230.10]

Costs and expenses attending the taking into custody, care, and investigation of a person who has been admitted or committed to a state hospital, veterans administration hospital or other agency of the United States government, for the mentally ill and who has no legal settlement in this state or whose legal settlement is unknown, including cost of commitment, if any, shall be paid out of any money in the state treasury not otherwise appropriated, on itemized vouchers executed by the auditor of the county which has paid them, and approved by the state director. [S13,§2308-a; C24, 27, 31, 35, 39,§3591; C46, 50, 54, 58, 62, 66, 71, 73,§230.11]

230.12 Action to determine legal settlement. When a dispute arises between different counties or between the state director and a county as to the legal settlement of a person admitted or committed to a state hospital for the mentally ill, the attorney general, at the request of the state director, shall, without the advancement of fees, cause an action to be brought in the district court of any county where such dispute exists, to determine such legal settlement. Said action may be brought at any time when it appears that said dispute cannot be amicably settled. All counties which may be the place of such legal settlement, so far as known, shall be made defendants and the allegation of such settlement may be in the alternative. Said action shall be tried as in equity. [C73,§1418; C97,§§2270, 2282; S13, §2270; C24, 27, 31, 35, 39,§3592; C46, 50, 54, 58, 62, 66, 71, 73,§230.12]

230.13 Judgment when settlement found within state. The court shall determine whether the legal settlement of said mentally ill person, at the time of the admission or commitment, was in one of the defendant counties. If the court so find, judgment shall be entered against the county of such settlement in favor of any other county for all legal costs and expenses arising out of said proceedings in mental illness, and paid by said other county. If any such costs have not been paid, judgment shall be rendered against the county of settlement in favor of the parties, including the state, to whom said costs or expenses may be due. [C73,§1418; C97,§2282; S13,§2308-a; C24, 27, 31, 35, 39,§3593; C46, 50, 54, 58, 62, 66, 71, 73, §230.13]

230.14 Order when nonresidence or unknown settlement appears. If the court finds that the legal settlement of said mentally ill person, at the time of admission or commitment, was in a foreign state or country, or was

unknown, an order shall be entered that said mentally ill person shall be maintained in the hospital for the mentally ill at the expense of the state. In such case the state shall refund to any county, with interest, all legal costs and expenses arising out of said proceedings in mental illness and paid by said county. Any decision by the court shall be final. [C73,§1402; C97,§2270; S13,§2270; C24, 27, 31, 35, 39,§3594; C46, 50, 54, 58, 62, 66, 71, 73,§230.14]

Persons legally liable for the support of a mentally ill person shall include the spouse of the mentally ill person, any person, firm, or corporation bound by contract for support of the mentally ill person, and, with respect to mentally ill persons under eighteen years of age only, the father and mother of the mentally ill person. The county auditor, subject to the direction of the board of supervisors, shall enforce the obligation herein created as to all sums advanced by the county. The liability to the county incurred under this section on account of any mentally ill person shall be limited to one hundred percent of the cost of care and treatment of the mentally ill person at a state mental health institute for one hundred twenty days of hospitalization, whether occurring subsequent to a single admission or accumulated as a consequence of two or more separate admissions, and thereafter to an amount not in excess of the average minimum cost of the maintenance of a physically and mentally healthy individual residing in his own home, which standard shall be established and may from time to time be revised by the department of social services. No lien imposed by section 230.25 shall exceed the amount of the liability which may be incurred under this section on account of any mentally ill person.

Nothing in this section shall be construed to prevent a relative or other person from voluntarily paying the full actual cost of the care and treatment of any mentally ill person as established by the department of social services.

Persons who as of July 1, 1972, are hospitalized in any state mental health institute, or who on that date or any later date have been so hospitalized for a total of one hundred twenty days or more, shall be considered to have incurred liability for one hundred percent of the cost of their care and treatment for one hundred twenty days, and shall thereafter be entitled to reduced liability as provided by this section. There shall be no forgiveness of any liability existing on July 1, 1972, for the cost of care and treatment of mentally ill persons, except as provided in section 230.17 and no person who has paid any such costs prior to that date shall be entitled to any refund by reason of this section. If the reviewing team concludes that the center fails to meet any of the standards established pursuant to section 230A.16, subsection 1, and that the response of the center to this finding is unsatisfactory, these conclusions shall be reported to the committee on mental hygiene which may forward the conclusions to the board of directors of the center and request an appropriate response within a reasonable period of time. If no response is received within a reasonable period of time, or if the response is unsatisfactory, the committee may as its ultimate sanction call this fact to the attention of the board of supervisors of the county or coun-

231.14 Interstate juvenile compacts. The state of Iowa through its courts and agencies is hereby authorized to enter into interstate compacts on juveniles in behalf of this state with any other contracting state which legally joins therein in substantially the following form.

The contracting states solemnly agree:

ARTICLE I—FINDINGS AND PURPOSES

That juveniles who are not under proper supervision and control, or who have absconded, escaped or run away, are likely to endanger their own health, morals and welfare, and the health, morals and welfare of others. The co-operation of the states party to this compact is therefore necessary to provide for the welfare and protection of juveniles and of the public with respect to:

1. Co-operative supervision of delinquent juveniles on probation or parole;
2. The return, from one state to another, of delinquent juveniles who have escaped or absconded;
3. The return, from one state to another, of nondelinquent juveniles who have run away from home; and
4. Additional measures for the protection of juveniles and of the public, which any two or more of the party states may find desirable to undertake co-operatively. In carrying out the provisions of this compact the party states shall be guided by the noncriminal, reformative and protective policies which guide their laws concerning delinquent, neglected or dependent juveniles generally. It shall be the

policy of the states party to this compact to co-operate and observe their respective responsibilities for the prompt return and acceptance of juveniles and delinquent juveniles who become subject to the provisions of this compact. The provisions of this compact shall be reasonably and liberally construed to accomplish the foregoing purposes.

ARTICLE II—EXISTING RIGHTS AND REMEDIES

That all remedies and procedures provided by this compact shall be in addition to and not in substitution for other rights, remedies and procedures, and shall not be in derogation of parental rights and responsibilities.

ARTICLE III—DEFINITIONS

That, for the purposes of this compact, "delinquent juvenile" means any juvenile who has been adjudged delinquent and who, at the time the provisions of this compact are invoked, is still subject to the jurisdiction of the court that has made such adjudication or to the jurisdiction or supervision of an agency or institution pursuant to an order of such court; "probation or parole" means any kind of conditional release of juveniles authorized under the laws of the states party hereto; "court" means any court having jurisdiction over delinquent, neglected or dependent children; "state" means any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico; and "residence" or any variant thereof means a place at which a home or regular place of abode is maintained.

ARTICLE IV—RETURN OF RUNAWAYS

a. That the parent, guardian, person or agency entitled to legal custody of a juvenile who has not been adjudged delinquent but who has run away without the consent of such parent, guardian, person or agency may petition the appropriate court in the demanding state for the issuance of a requisition for his return. The petition shall state the name and age of the juvenile, the name of the petitioner and the basis of entitlement to the juvenile's custody, the circumstances of his running away, his location if known at the time application is made, and such other facts as may tend to show that the juvenile who has run away is endangering his own welfare or the welfare of others and is not an emancipated minor. The petition shall be verified by affidavit, shall be executed in duplicate, and shall be accompanied by two certified copies of the document or documents on which the petitioner's entitlement to the juvenile's custody is based, such as birth certificates, letters of guardianship, or custody decrees. Such further affidavits and other documents as may be deemed proper may be submitted with such petition. The judge of the court to which this application is made may hold a hearing thereon to determine whether for the purposes of this compact the petitioner is entitled to the legal custody of the juvenile, whether or not **it appears that the juvenile has in fact run away without consent whether or not he is**

an emancipated minor, and whether or not it is in the best interest of the juvenile to compel his return to the state. If the judge determines, either with or without a hearing, that the juvenile should be returned, he shall present to the appropriate court or to the executive authority of the state where the juvenile is alleged to be located a written requisition for the return of such juvenile. Such requisition shall set forth the name and age of the juvenile, the determination of the court that the juvenile has run away without the consent of a parent, guardian, person or agency entitled to his legal custody, and that it is in the best interest and for the protection of such juvenile that he be returned. In the event that a proceeding for the adjudication of the juvenile as a delinquent, neglected or dependent juvenile is pending in the court at the time when such juvenile runs away, the court may issue a requisition for the return of such juvenile upon its own motion, regardless of the consent of the parent, guardian, person or agency entitled to legal custody, reciting therein the nature and circumstances of the pending proceeding. The requisition shall in every case be executed in duplicate and shall be signed by the judge. One copy of the requisition shall be filed with the compact administrator of the demanding state, there to remain on file subject to the provisions of law governing records of such court. Upon the receipt of a requisition demanding the return of a juvenile who has run away, the court or the executive authority to whom the requisition is addressed shall issue an order to any peace officer or other appropriate person directing him to take into custody and detain such juvenile. Such detention order must substantially recite the facts necessary to the validity of its issuance hereunder. No juvenile detained upon such order shall be delivered over to the officer whom the court demanding him shall have appointed to receive him, unless he shall first be taken forthwith before a judge of a court in the state, who shall inform him of the demand made for his return, and who may appoint counsel or guardian ad litem for him. If the judge of such court shall find that the requisition is in order, he shall deliver such juvenile over to the officer whom the court demanding him shall have appointed to receive him. The judge, however, may fix a reasonable time to be allowed for the purpose of testing the legality of the proceeding.

Upon reasonable information that a person is a juvenile who has run away from another state party to this compact without the consent of a parent, guardian, person or agency entitled to his legal custody, such juvenile may be taken into custody without a requisition and brought forthwith before a judge of the appropriate court who may appoint counsel or guardian ad litem for such juvenile and who shall determine after a hearing whether sufficient cause exists to hold the person, subject to the order of the court, for his own protection and welfare, for such a time not exceeding

ninety days as will enable his return to another state party to this compact pursuant to a requisition for his return from a court of that state. If, at the time when a state seeks the return of a juvenile who has run away, there is pending in the state wherein he is found any criminal charge, or any proceeding to have him adjudicated a delinquent juvenile for an act committed in such state, or if he is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, he shall not be returned without the consent of such state until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the juvenile being returned, shall be permitted to transport such juvenile through any and all states party to this compact, without interference. Upon his return to the state from which he ran away, the juvenile shall be subject to such further proceedings as may be appropriate under the laws of that state.

Referred to in Art. VI

b. That the state to which a juvenile is returned under this Article shall be responsible for payment of the transportation costs of such return.

Referred to in Art. VIII a, b

c. That "juvenile" as used in this Article means any person who is a minor under the law of the state of residence of the parent, guardian, person or agency entitled to the legal custody of such minor.

ARTICLE V-- RETURN OF ESCAPEES AND ABSCONDERS

Referred to in Art. XIV b, d

a. That the appropriate person or authority from whose probation or parole supervision a delinquent juvenile has absconded or from whose institutional custody he has escaped shall present to the appropriate court or to the executive authority of the state where the delinquent juvenile is alleged to be located a written requisition for the return of such delinquent juvenile. Such requisition shall state the name and age of the delinquent juvenile, the particulars of his adjudication as a delinquent juvenile, the circumstances of the breach of the terms of his probation or parole or of his escape from an institution or agency vested with his legal custody or supervision, and the location of such delinquent juvenile, if known, at the time the requisition is made. The requisition shall be verified by affidavit, shall be executed in duplicate, and shall be accompanied by two certified copies of the judgment, formal adjudication, or order of commitment which subjects such delinquent juvenile to probation or parole or to the legal custody of the institution or agency concerned. Such further affidavits and other documents as may be deemed proper may be submitted with such requisition. One copy of the requisition shall be filed with the compact admin-

istrator of the demanding state, there to remain on file subject to the provisions of law governing records of the appropriate court. Upon the receipt of a requisition demanding the return of a delinquent juvenile who has absconded or escaped, the court or the executive authority to whom the requisition is addressed shall issue an order to any peace officer or other appropriate person directing him to take into custody and detain such delinquent juvenile. Such detention order must substantially recite the facts necessary to the validity of its issuance hereunder. No delinquent juvenile detained upon such order shall be delivered over to the officer whom the appropriate person or authority demanding him shall have appointed to receive him, unless he shall first be taken forthwith before a judge of an appropriate court in the state, who shall inform him of the demand made for his return and who may appoint counsel or guardian ad litem for him. If the judge of such court shall find that the requisition is in order, he shall deliver such delinquent juvenile over to the officer whom the appropriate person or authority demanding him shall have appointed to receive him. The judge, however, may fix a reasonable time to be allowed for the purpose of testing the legality of the proceeding.

Upon reasonable information that a person is a delinquent juvenile who has absconded while on probation or parole, or escaped from an institution or agency vested with his legal custody or supervision in any state party to this compact, such person may be taken into custody in any other state party to this compact without a requisition. But in such event, he must be taken forthwith before a judge of the appropriate court, who may appoint counsel or guardian ad litem for such person and who shall determine, after a hearing, whether sufficient cause exists to hold the person subject to the order of the court for such a time, not exceeding ninety days, as will enable his detention under a detention order issued on a requisition pursuant to this Article. If, at the time when a state seeks the return of a delinquent juvenile who has either absconded while on probation or parole or escaped from an institution or agency vested with his legal custody or supervision, there is pending in the state wherein he is detained any criminal charge or any proceeding to have him adjudicated a delinquent juvenile for an act committed in such state, or if he is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, he shall not be returned without the consent of such state until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the delinquent juvenile being returned, shall be permitted to transport such delinquent juvenile through any and all states party to this compact, with-

out interference. Upon his return to the state from which he escaped or absconded, the delinquent juvenile shall be subject to such further proceedings as may be appropriate under the laws of that state.

Referred to in Art. VI

b. That the state to which a delinquent juvenile is returned under this Article shall be responsible for payment of the transportation costs of such return.

Referred to in Art. VIII a, b

ARTICLE VI—VOLUNTARY RETURN PROCEDURE

That any delinquent juvenile who has absconded while on probation or parole, or escaped from an institution or agency vested with his legal custody or supervision in any state party to this compact, and any juvenile who has run away from any state party to this compact, who is taken into custody without a requisition in another state party to this compact under the provisions of Article IV "a" or of Article V "a", may consent to his immediate return to the state from which he absconded, escaped or ran away. Such consent shall be given by the juvenile or delinquent juvenile and his counsel or guardian ad litem, if any, by executing or subscribing a writing, in the presence of a judge of the appropriate court, which states that the juvenile or delinquent juvenile and his counsel or guardian ad litem, if any, consent to his return to the demanding state. Before such consent shall be executed or subscribed, however, the judge, in the presence of counsel or guardian ad litem, if any, shall inform the juvenile or delinquent juvenile of his rights under this compact. When the consent has been duly executed, it shall be forwarded to and filed with the compact administrator of the state in which the court is located and the judge shall direct the officer having the juvenile or delinquent juvenile in custody to deliver him to the duly accredited officer or officers of the state demanding his return, and shall cause to be delivered to such officer or officers a copy of the consent. The court may, however, upon the request of the state to which the juvenile or delinquent juvenile is being returned, order him to return unaccompanied to such state and shall provide him with a copy of such court order; in such event a copy of the consent shall be forwarded to the compact administrator of the state to which said juvenile or delinquent juvenile is ordered to return.

ARTICLE VII

CO-OPERATIVE SUPERVISION OF PROBATIONERS AND PAROLEES

Referred to in Art. XIV

a. That the duly constituted judicial and administrative authorities of a state party to this compact (herein called "sending state") may permit any delinquent juvenile within such state, placed on probation or parole, to reside in any other state party to this compact (herein called "receiving state") while on probation or parole, and the receiving state shall accept such delinquent juvenile, if the parent, guardian or person entitled to the legal cus-

tody of such delinquent juvenile is residing or undertakes to reside within the receiving state. Before granting such permission, opportunity shall be given to the receiving state to make such investigations as it deems necessary. The authorities of the sending state shall send to the authorities of the receiving state copies of pertinent court orders, social case studies and all other available information which may be of value to and assist the receiving state in supervising a probationer or parolee under this compact. A receiving state, in its discretion, may agree to accept supervision of a probationer or parolee in cases where the parent, guardian or person entitled to the legal custody of the delinquent juvenile is not a resident of the receiving state, and if so accepted the sending state may transfer supervision accordingly.

b. That each receiving state will assume the duties of visitation and of supervision over any such delinquent juvenile and in the exercise of those duties will be governed by the same standards of visitation and supervision that prevail for its own delinquent juveniles released on probation or parole.

c. That, after consultation between the appropriate authorities of the sending state and of the receiving state as to the desirability and necessity of returning such a delinquent juvenile, the duly accredited officers of a sending state may enter a receiving state and there apprehend and retake any such delinquent juvenile on probation or parole. For that purpose, no formalities will be required, other than establishing the authority of the officer and the identity of the delinquent juvenile to be retaken and returned. The decision of the sending state to retake a delinquent juvenile on probation or parole shall be conclusive upon and not reviewable within the receiving state, but if, at the time the sending state seeks to retake a delinquent juvenile on probation or parole, there is pending against him within the receiving state any criminal charge or any proceeding to have him adjudicated a delinquent juvenile for any act committed in such state, or if he is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, he shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of the sending state shall be permitted to transport delinquent juveniles being so returned through any and all states party to this compact, without interference.

d. That the sending state shall be responsible under this Article for paying the costs of transporting any delinquent juvenile to the receiving state or of returning any delinquent juvenile to the sending state.

Referred to in Art. VIII a, b

ARTICLE VIII—RESPONSIBILITY FOR COSTS

a. That the provisions of Articles IV "b", V "b" and VII "d" of this compact shall not be

construed to alter or affect any internal relationship among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

b. That nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to Articles IV "b", V "b" or VII "d" of this compact.

ARTICLE IX—DETENTION PRACTICES

That, to every extent possible, it shall be the policy of states party to this compact that no juvenile or delinquent juvenile shall be placed or detained in any prison, jail or lockup nor be detained or transported in association with criminal, vicious or dissolute persons.

ARTICLE X—SUPPLEMENTARY AGREEMENTS Referred to in Art. XIV

That the duly constituted administrative authorities of a state party to this compact may enter into supplementary agreements with any other state or states party hereto for the co-operative care, treatment and rehabilitation of delinquent juveniles whenever they shall find that such agreements will improve the facilities or programs available for such care, treatment and rehabilitation. Such care, treatment and rehabilitation may be provided in an institution located within any state entering into such supplementary agreement. Such supplementary agreements shall:

1. Provide the rates to be paid for the care, treatment and custody of such delinquent juveniles, taking into consideration the character of facilities, services and subsistence furnished;
2. Provide that the delinquent juvenile shall be given a court hearing prior to his being sent to another state for care, treatment and custody;
3. Provide that the state receiving such a delinquent juvenile in one of its institutions shall act solely as agent for the state sending such delinquent juvenile;
4. Provide that the sending state shall at all times retain jurisdiction over delinquent juveniles sent to an institution in another state;
5. Provide for reasonable inspection of such institutions by the sending state;
6. Provide that the consent of the parent, guardian, person or agency entitled to the legal custody of said delinquent juvenile shall be secured prior to his being sent to another state; and
7. Make provision for such other matters and details as shall be necessary to protect the rights and equities of such delinquent juveniles and of the co-operating states.

ARTICLE XI—ACCEPTANCE OF FEDERAL AND OTHER AID

That any state party to this compact may accept any and all donations, gifts and grants of

money, equipment and services from the federal or any local government, or any agency thereof and from any person, firm or corporation, for any of the purposes and functions of this compact, and may receive and utilize the same subject to the terms, conditions and regulations governing such donations, gifts and grants.

ARTICLE XII—COMPACT ADMINISTRATORS

That the governor of each state party to this compact shall designate an officer who, acting jointly with like officers of other party states, shall promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE XIII—EXECUTION OF COMPACT

That this compact shall become operative immediately upon its execution by any state as between it and any other state or states so executing. When executed it shall have the full force and effect of law within such state, the form of execution to be in accordance with the laws of the executing state.

ARTICLE XIV—RENUNCIATION

That this compact shall continue in force and remain binding upon each executing state until renounced by it. Renunciation of this compact shall be by the same authority which executed it, by sending six months' notice in writing of its intention to withdraw from the compact to the other states party hereto. The duties and obligations of a renouncing state under Article VII hereof shall continue as to parolees and probationers residing therein at the time of withdrawal until retaken or finally discharged. Supplementary agreements entered into under Article X hereof shall be subject to renunciation as provided by such supplementary agreements, and shall not be subject to the six months' renunciation notice of the present Article.

Out-of-State Confinement Amendment

a. Whenever the duly constituted judicial or administrative authorities in a sending state shall determine that confinement of a probationer or reconfinement of a parolee is necessary or desirable, said officials may direct that the confinement or reconfinement be in an appropriate institution for delinquent juveniles within the territory of the receiving state, such receiving state to act in that regard solely as agent for the sending state.

b. Escapees and absconders who would otherwise be returned pursuant to Article V of the compact may be confined or reconfined in the receiving state pursuant to this amendment. In any such case the information and allegations required to be made and furnished in a requisition pursuant to such Article shall be made and furnished, but in place of the demand pursuant to Article V, the sending state shall request confinement or reconfinement in the receiving state. Whenever applicable, detention orders as provided in Article V may be employed pursuant to this paragraph pre-

liminary to disposition of the escapee or absconder.

c. The confinement or reconfinement of a parolee, probationer, escapee, or absconder pursuant to this amendment shall require the concurrence of the appropriate judicial or administrative authorities of the receiving state.

d. As used in this amendment: (1) "Sending state" means sending state as that term is used in Article VII of the compact or the state from which a delinquent juvenile has escaped or absconded within the meaning of Article V of the compact; (2) "receiving state" means any state, other than the sending state, in which a parolee, probationer, escapee, or absconder may be found, provided that said state is a party to this amendment.

e. Every state which adopts this amendment shall designate at least one of its institutions for delinquent juveniles as a "Compact Institution" and shall confine persons therein as provided in paragraph "a" hereof unless the sending and receiving state in question shall make specific contractual arrangements to the contrary. All states party to this amendment shall have access to "Compact Institutions" at all reasonable hours for the purpose of inspecting the facilities thereof and for the purpose of visiting such of said state's delinquents as may be confined in the institution.

f. Persons confined in "Compact Institutions" pursuant to the terms of this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed from said "Compact Institution" for transfer to an appropriate institution within the sending state, for return to probation or parole, for discharge or for any purpose permitted by the laws of the sending state.

g. All persons who may be confined in a "Compact Institution" pursuant to the provisions of this amendment shall be treated in a reasonable and humane manner. The fact of confinement or reconfinement in a receiving state shall not deprive any person so confined or reconfinement of any rights which said person would have had if confined or recon-

finement in an appropriate institution of the sending state; nor shall any agreement to submit to confinement or reconfinement pursuant to the terms of this amendment be construed as a waiver of any rights which the delinquent would have had if he had been confined or reconfinement in any appropriate institution of the sending state except that the hearing or hearings, if any, to which a parolee, probationer, escapee, or absconder may be entitled (prior to confinement or reconfinement) by the laws of the sending state may be had before the appropriate judicial or administrative officers of the receiving state. In this event, said judicial and administrative officers shall act as agents of the sending state after consultation with appropriate officers of the sending state.

h. Any receiving state incurring costs or other expenses under this amendment shall be reimbursed in the amount of such costs or other expenses by the sending state unless the states concerned shall specifically otherwise agree. Any two or more states party to this amendment may enter into supplementary agreements determining a different allocation of costs as among themselves.

i. This amendment shall take initial effect when entered into by any two or more states party to the compact and shall be effective as to those states which have specifically enacted this amendment. Rules and regulations necessary to effectuate the terms of this amendment may be promulgated by the appropriate officers of those states which have enacted this amendment. [C62, 66, 71, 73, §231.14]

231.15 Confinement of delinquent juvenile. In addition to any institution in which the authorities of this state may otherwise confine or order the confinement of a delinquent juvenile, such authorities may, pursuant to the out-of-state confinement amendment to the interstate compact on juveniles, confine or order the confinement of a delinquent juvenile in a compact institution within another party state. When such child pleads guilty or is found guilty of a public offense in another court that court may with the consent of the juvenile court refer the child back to juvenile court for further disposition. In any event the court before whom the plea was made or the conviction was had is expressly authorized to set aside such plea or conviction but only after the child has successfully completed a period of probation of not less than one year. b. The identification of the person or persons responsible therefor;

c. The name, age and condition of other children in the same home as the child named in the report;

d. An evaluation of the home environment and relationship of the child named in the report and any other children in the same home as the parents or other persons responsible for their care;

4. The county attorney and any law enforcement or social services agency in the state shall co-operate and assist in the investigation upon the request of the department of social services. The county attorney and appropriate law enforcement agencies shall also take any other lawful action which may be necessary or advisable for the protection of the child.

5. The department of social services, upon completion of its investigation, shall make a complete written report of its investigation of a report of suspected abuse. 7. The department of social services shall also transmit a copy of the report of its investigation to the county attorney. The county attorney shall notify the registry of any actions or contemplated actions with respect to a suspected case of child abuse so that the registry is kept up-to-date and fully informed concerning the handling of such a case.

8. Based on the investigation conducted pursuant to this section, the department shall offer to the family of any child believed to be the victim of abuse such services as appear appropriate for either the child, the family, or

both, if it is explained that the department has no legal authority to compel such family to receive such services.

The attorney shall assist the county department of social services in the preparation of the necessary papers to initiate such action and shall appear and represent the department at all juvenile court proceedings.

Educational programs shall include but not be limited to the diagnosis and cause of child abuse, the responsibilities, obligations, duties and powers of persons and agencies under this chapter and the procedures of the department and the juvenile court with respect to suspected cases of child abuse and disposition of actual cases. [65GA, ch 1162, §9]

235A.11 Photographs and X rays. Any person who is required to report a case of child abuse may take or cause to be taken, at public expense, photographs of the areas of trauma visible on a child. Whenever such person is required to report under section 235A.3, in that person’s capacity as a member of the staff of a medical or other private or public institution, agency or facility, that person shall immediately notify the person in charge of such institution, agency, or facility or that person’s designated delegate of the need for photographs or X rays. [65GA, ch 1162, §10]

CHILD ABUSE INFORMATION REGISTRY

235A.12 Legislative findings and purposes. The general assembly finds and declares that

a central registry is required to provide a single source for the state-wide collection, maintenance and dissemination of child abuse information. Such a registry is imperative for increased effectiveness in dealing with the problem of child abuse. The general assembly also finds that vigorous protection of rights of individual privacy is an indispensable element of a fair and effective system of collecting, maintaining and disseminating child abuse information.

The purposes of this section and sections 235A.13 to 235A.24 are to facilitate the identification of victims or potential victims of child abuse by making available a single, state-wide source of child abuse data; to facilitate research on child abuse by making available a single, state-wide source of child abuse data; and to provide maximum safeguards against the unwarranted invasions of privacy which such a registry might otherwise entail. This section shall not prohibit the director from disclosing information relative to the structure and operation of a licensed center nor shall it prohibit the statistical analysis by duly authorized persons of data collected by virtue of this chapter, or the publication of the results of the analysis in a manner which does not disclose information identifying individual persons. [65GA, ch 1163,§7]

237A.8 Suspension and revocation. The director, after notice and hearing, may suspend or revoke a license issued under the provisions of this chapter if the person to whom a license is issued violates any provision of this chapter or if a person makes false reports regarding the operation of the center to the director or his designee. Rules promulgated by the state fire marshal and the commissioner of public health for buildings used as child care centers as an adjunct to the primary purpose of the building shall take into consideration that children are received for temporary care only and shall not differ from rules promulgated for these buildings when they are used by groups of persons congregating from time to time in the primary use and occupancy of the buildings. 2. The proportion of low-income families among all families served by the center.

3. The demonstrated need of the center for additional equipment, and improvement, enlargement or relocation of the center's physical facilities designed to bring the center into compliance with local health, fire and zoning laws.

238.33 Interstate compact on placement of children. The interstate compact on the placement of children is hereby enacted into law and entered into with all other jurisdictions legally joining therein in form substantially as follows:

ARTICLE I—PURPOSE AND POLICY

It is the purpose and policy of the party states to co-operate with each other in the interstate placement of children to the end that:

a. Each child requiring placement shall receive the maximum opportunity to be placed in a suitable environment and with persons or institutions having appropriate qualifications and facilities to provide a necessary and desirable degree and type of care.

b. The appropriate authorities in a state where a child is to be placed may have full opportunity to ascertain the circumstances of the proposed placement, thereby promoting full compliance with applicable requirements for the protection of the child.

c. The proper authorities of the state from which the placement is made may obtain the most complete information on the basis of which to evaluate a projected placement before it is made.

d. Appropriate jurisdictional arrangements for the care of children will be promoted.

ARTICLE II—DEFINITIONS

As used in this compact:

a. "Child" means a person who, by reason of minority, is legally subject to parental, guardianship or similar control.

b. "Sending agency" means a party state, officer or employee thereof; a subdivision of a party state, or officer or employee thereof; a court of a party state; a person, corporation, association, charitable agency or other entity which sends, brings, or causes to be sent or brought any child to another party state.

c. "Receiving state" means the state to which a child is sent, brought, or caused to be sent or brought, whether by public authorities or private persons or agencies, and whether for placement with state or local public authorities or for placement with private agencies or persons.

d. "Placement" means the arrangement for the care of a child in a family free or boarding home or in a child-caring agency or institution.

ARTICLE III—CONDITIONS FOR PLACEMENT

Referred to in §238.35

a. No sending state shall send, bring, or cause to be sent or brought into any other party state any child for placement in foster care or as a preliminary to a possible adoption unless the sending agency shall comply with each and every requirement set forth in this article and with the applicable laws of the receiving state governing the placement of children therein.

b. Prior to sending, bringing or causing any child to be sent or brought into a receiving state for placement in foster care or as a preliminary to a possible adoption, the sending agency shall furnish the appropriate public authorities in the receiving state written notice of the intention to send, bring, or place the child in the receiving state. The notice shall contain:

1. The name, date and place of birth of the child.

2. The identity and address or addresses of the parents or legal guardian.

3. The name and address of the person, agency or institution to or with which the sending agency proposes to send, bring or place the child.

4. A full statement of the reasons for such proposed action and evidence of the authority pursuant to which the placement is proposed to be made.

c. Any public officer or agency in a receiving state which is in receipt of a notice pursuant to paragraph "b" of this article may request of the sending agency, or any other appropriate officer or agency of or in the sending agency's state, and shall be entitled to receive therefrom, such supporting or additional information as it may deem necessary under the circumstances to carry out the purpose and policy of this compact.

d. The child shall not be sent, brought, or caused to be sent or brought into the receiving state until the appropriate public authorities in the receiving state shall notify the sending agency, in writing, to the effect that the proposed placement does not appear to be contrary to the interests of the child.

ARTICLE IV—PENALTY FOR ILLEGAL PLACEMENT

The sending, bringing, or causing to be sent or brought into any receiving state of a child in violation of the terms of this compact shall constitute a violation of the laws respecting

the placement of children of both the state in which the sending agency is located or from which it sends or brings the child and of the receiving state. Such violation may be punished or subjected to penalty in either jurisdiction in accordance with its laws. In addition to liability for any such punishment or penalty, any such violation shall constitute full and sufficient grounds for the suspension or revocation of any license, permit, or other legal authorization held by the sending agency which empowers or allows it to place, or care for children.

ARTICLE V—RETENTION OF JURISDICTION

Referred to in §§238.34, 238.39

a. The sending agency shall retain jurisdiction over the child sufficient to determine all matters in relation to the custody, supervision, care, treatment and disposition of the child which it would have had if the child had remained in the sending agency's state, until the child is adopted, reaches majority, becomes self-supporting or is discharged with the concurrence of the appropriate authority in the receiving state. Such jurisdiction shall also include the power to effect or cause the return of the child or its transfer to another location and custody pursuant to law. The sending agency shall continue to have financial responsibility for support and maintenance of the child during the period of the placement. Nothing contained herein shall defeat a claim of jurisdiction by a receiving state sufficient to deal with an act of delinquency or crime committed therein.

Referred to in §238.36

b. When the sending agency is a public agency, it may enter into an agreement with an authorized public or private agency in the receiving state providing for the performance of one or more services in respect of such case by the latter as agent for the sending agency.

Referred to in §§238.37, 238.38

c. Nothing in this compact shall be construed to prevent a private charitable agency authorized to place children in the receiving state from performing services or acting as agent in that state for a private charitable agency of the sending state; nor to prevent the agency in the receiving state from discharging financial responsibility for the support and maintenance of a child who has been placed on behalf of the sending agency without relieving the responsibility set forth in paragraph "a" hereof.

ARTICLE VI—INSTITUTIONAL CARE OF DELINQUENT CHILDREN

Referred to in §238.39

A child adjudicated delinquent may be placed in an institution in another party jurisdiction pursuant to this compact but no such placement shall be made unless the child is given a court hearing on notice to the parent or guardian with opportunity to be heard, prior to his being sent to such other party jurisdiction for institutional care and the court finds that:

a. Equivalent facilities for the child are not available in the sending agency's jurisdiction; and

b. Institutional care in the other jurisdiction is in the best interest of the child and will not produce undue hardship.

ARTICLE VII—COMPACT ADMINISTRATOR

Referred to in §238.40

The executive head of each jurisdiction party to this compact shall designate an officer who shall be general co-ordinator of activities under this compact in his jurisdiction and who, acting jointly with like officers of other party jurisdictions, shall have power to promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE VIII—LIMITATIONS

This compact shall not apply to:

a. The sending or bringing of a child into a receiving state by his parent, relative, or his guardian and leaving the child with any such relative or nonagency guardian in the receiving state.

b. Any placement, sending or bringing of a child into a receiving state pursuant to any other interstate compact to which both the state from which the child is sent or brought and the receiving state are party, or to any other agreement between said states which has the force of law.

ARTICLE IX—ENACTMENT AND WITHDRAWAL

This compact shall be open to joinder by any state, territory or possession of the United States, the District of Columbia, the commonwealth of Puerto Rico, and, with the consent of Congress, the government of Canada or any province thereof. It shall become effective with respect to any such jurisdiction when such jurisdiction has enacted the same into law. Withdrawal from this compact shall be by the enactment of a statute repealing the same, but shall not take effect until two years after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other party jurisdiction. Withdrawal of a party state shall not affect the rights, duties and obligations under this compact of any sending agency therein with respect to a placement made prior to the effective date of withdrawal.

ARTICLE X—CONSTRUCTION AND SEVERABILITY

The provisions of this compact shall be liberally construed to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall

not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. Referred to in §§239.2(1), 239.5

*Not enacted in enrolled Act

239.2 Eligibility for aid to dependent children. Assistance shall be granted under this chapter to any needy dependent child who:

1. Is living in a suitable family home maintained by one or more of the persons referred to in section 239.1, subsection 3, or has been placed in a foster home or with a public nonprofit agency referred to in such subsection under a plan of care including services designated to improve the conditions of the home from which the child was removed or to otherwise make possible his being placed in the suitable home of a relative referred to in section 239.1, subsection 3, if the placement resulted from judicial proceedings initiated during a month in or for which the child:

a. Was in fact receiving assistance under this chapter; or

b. Would have received assistance under this chapter if application had been made therefor; or

c. Had within six months prior to the month in which the proceedings were initiated been living with a relative referred to in section 239.1, subsection 3, and would have received assistance under this chapter in and for the month in which the proceedings were begun if he had continued to live with that relative and application had been made therefor.

2. Has resided in the state for one year immediately preceding the application for such assistance; or was born within the state within one year immediately preceding the application, if the mother has resided in the state for one year immediately preceding the birth of said child, without regard to the residence of the person or persons with whom said child is living.

3. Is not in a public institution and because of a physical or mental condition, in need of continued care therein.

4. Is not, with respect to assistance applied for by reason of partial or total unemployment of the father, the child of a father who:

a. Has been unemployed for less than thirty days prior to receipt of assistance under this chapter.

b. Is partially or totally unemployed due to a work stoppage which exists because of a labor dispute at the factory, establishment or other premises at which he is or was last employed.

c. At any time during the thirty-day period prior to receipt of assistance under this chapter or at any time thereafter while assistance is payable under this chapter, has not been available for employment, has not actively sought employment, or has without good cause refused any bona fide offer of employment or training for employment. The following reasons for refusing employment or training are not good cause: unsuitable or unpleasant work or training, if the father is able to perform the work or training without unusual danger to his health; or the amount of wages or compensation, unless the wages for employment are below the federal minimum wage.

d. Has not registered for work with the state employment service established pursuant to section 96.12, or thereafter has failed to report at an employment office in accordance with regulations prescribed pursuant to section 96.4, subsection 1.

e. Has failed to participate in or to co-operate in any work or training program made available to him under chapter 249C, or has without good cause withdrawn from such program before completion. The department of social services shall have a program under chapter 249C for the partially or totally unemployed father under this subsection.

The division may prescribe requirements in addition to or in lieu of the foregoing, for eligibility for assistance under this chapter to children whose fathers are partially or totally unemployed, which are necessary to secure financial participation of the federal government in payment of such assistance. [C46, 50, 54, 58, 62, 66, 71, 73, §239.2; 65GA, ch 105, §8]

239.3 Application for assistance. Application for assistance under this chapter shall be made to the county board of the county in which the dependent child resides or will reside in the event assistance is granted. The application shall be in writing or reduced to writing in the manner and upon the form prescribed by the state director. Such application shall be made by an adult person or a person eighteen years of age or older with whom the dependent child resides or will reside, and shall contain such information as may be required by said application form. **One**

application may be made for several children of the same family if they reside or will reside with the same person. [C46, 50, 54, 58, 62, 66, 71, 73, §239.3]

239.4 Investigation of application. Whenever a county board receives a notification of the dependency of a child or an application for assistance, an investigation and record of the circumstances shall promptly be made in order to ascertain the dependency of the child and the facts supporting the application.

The investigations shall include visits to the home of the child and of the person with whom the child will live during the time assistance is granted.

In cases involving physical or mental incapacity or unfitness of either parent, the county board of social welfare may require as a condition for granting assistance hereunder that such incapacity or unfitness be determined by a board of doctors which shall be selected by the county board of social welfare. [C46, 50, 54, 58, 62, 66, 71, 73, §239.4]

239.5 Granting of assistance and amount of assistance—co-operation of parent. Upon the completion of an investigation the county board shall decide whether the child is eligible for assistance under the provisions of this chapter and determine the amount of such assistance. The county board shall, within thirty days, notify the person with whom the child is living or will be living, of the decision made. The county board may require, as a condition of granting assistance, that a legal guardianship be established over any recipient, or any child or children and in such cases the assistance payments shall be made to such guardian, when appointed, but a guardian of a child or children only shall not be allowed to receive any assistance payments for any dependent child or children unless such guardian shall bear a relationship to the child or children embraced by subsection 3, section 239.1. In addition to the assistance granted as provided under this chapter, an amount not to exceed ten dollars per case per month may be allowed for guardian's fees when authorized by appropriate court order. The dependent child for whom the grant is made shall be originally charged to the county in which such child resides when application is made.

The county board, in accordance with rules and standards established by the state department of social services, shall fix the amount of assistance necessary for any dependent child. In determining the amount of assistance, the county board shall take into consideration the income and resources of any child or relative claiming assistance under this chapter. However, in fixing the amount of assistance for any child or family, the county board, in accordance with rules established by the state department of social services, may disregard a reasonable amount of the income of the child or the family, in order to encourage the family or any of its members to become self-supporting. The term "income" as used herein means

income remaining after deduction of expenses reasonably attributable to the earning or securing of that income.

The county board, under the supervision of the state department of social services, shall establish services to help families and persons receiving assistance under this chapter to become self-supporting; shall participate in the work and training program established by chapter 249C; and shall co-operate with other public agencies and with private agencies to secure employment, education, and vocational training for members of such families. Assistance, when granted, shall be paid monthly to an adult person or a person eighteen years of age or older within the specified degrees of relationship and with whom the child is living, from the fund for aid to dependent children established by this chapter, upon the order of the state division, except that the county board may order the assistance payments made to another individual who is interested in or concerned with the welfare of the child or the person with whom the child is living when it has been demonstrated that the person with whom the child is living is unable to manage the assistance payments in the best interest of the child. Such protective payments shall not be made beyond one year and shall otherwise conform to the regulations established under the provisions of Title IV of the Social Security Act as amended by Public Law 90-248.

No payment for aid to dependent children shall be made unless and until the county board of social welfare, with the advice of the county attorney shall certify that the parent receiving the aid for the children is co-operating in legal actions and other efforts to obtain support money for said children from the persons legally responsible for said support. [C46, 50, 54, 58, 62, 66, 71, 73, §239.5]

See *Collins v. Board*, 248 Iowa 369

239.6 Periodic reconsideration, changes, and termination of grants. Any or all assistance grants made under this chapter shall be subject to reconsideration at any time the county board deems necessary and shall be reinvestigated and reconsidered by the county board as frequently as may be required. After any such further investigation, the county board shall make further report to the state director. Upon such report, assistance may be continued, renewed, suspended, changed in amount, or entirely withdrawn, as the findings of such reports warrant. [C46, 50, 54, 58, 62, 66, 71, 73, §239.6]

239.7 Appeal—judicial review. If an application is not acted upon within a reasonable time, if it is denied in whole or in part, or if any award of assistance is modified, suspended, or canceled under any provision of this chapter, the applicant or recipient may appeal to the department of social services. The department shall give the appellant reasonable notice and opportunity for a fair hearing before the commissioner or his designee. Ju-

There shall be a sufficient number of parole agents to insure proper supervision of all persons placed on parole. Parole agents shall not revoke the parole of any person but may recommend that the board of parole revoke such parole.

The board of parole shall, except as to prisoners serving life terms, or under sentence of

death, or infected with venereal disease in communicable stage, have power to parole persons convicted of crime and committed to either the penitentiary or the men's or women's reformatory; provided, however, after any person has served fifteen years of a life term, the board of parole shall review the case and interview personally all such persons and make such recommendations as they see fit to the governor, and shall make similar interviews in each such case at least every three years thereafter.

The parole may be to a place outside the state when the board of parole shall determine it to be to the best interest of the state and the prisoner, under such rules and regulations as the board of parole may impose.

Prisoners against whom detainers have been filed, may, after serving a portion of their sentence, be released by parole to the institution or authorities filing the detainer.

The board may also terminate or discharge a parole granted by it from the penitentiary or men's or women's reformatory or placed under its supervision by the district court at any time and at its sole discretion whenever it is satisfied that satisfactory evidence has been given that society will not suffer thereby. The director of the division of corrections of the department of social services shall also establish rules and conditions which shall be enforced by the chief parole officer and his staff regarding the supervision of parolees and probationers.

[C51,§789; R60,§1357; C73,§1333; C97,§2251; C24, 27, 31, 35,§5300; C39,§3828.076; C46, 50, 54, 58, 62, 66, 71, 73,§252.4]

No order shall be made affecting a person not served, but, as to such, notice may be given at any stage of the proceedings. The court may proceed in a summary manner to hear all the allegations and proofs of the parties, and order any one or more of the relatives who shall be able, to relieve or maintain him or her, charging them as far as practicable in the order above named, and for that purpose may bring in new parties when necessary. The order may be for the entire or partial support of the applicant, may be for the payment of money or the taking of the applicant to a relative's house, or may assign him or her for a certain time to one and for another period to another, as may be just and right, taking into view the means of the several relatives liable, but no such assignment shall be made to one who is willing to pay the amount necessary for support. If the order be for relief in any other form than money, it shall state the extent and value thereof per week, and the time such relief shall continue; or the order may make the time of continuance indefinite, and it may be varied from time to time by a new order, as circumstances may require, upon application to the court by the trustees, the poor person, or the relative affected, ten days' notice thereof being

given to the party or parties concerned. [C51, §§793-795; R60, §§1361-1363; C73, §§1337-1339; C97, §2219; C24, 27, 31, 35, §5304; C39, §3828.080; C46, 50, 54, 58, 62, 66, 71, 73, §252.8]

252.9 Judgment—appeal. When money is ordered to be paid, it shall be paid to such person as the court may direct. If support be not rendered as ordered, the court upon such fact being shown by the affidavit of one or more of the proper trustees, may render judgment and order execution for the amount due, rating any support ordered in kind at the valuation previously made. An appeal may be taken from the judgment rendered to the supreme court. Support for later periods under the same order may be, as it becomes due, applied for and obtained in the same manner. [C51, §§796-798; R60, §§1364-1366; C73, §§1340-1342; C97, §2219; C24, 27, 31, 35, §5305; C39, §3828.081; C46, 50, 54, 58, 62, 66, 71, 73, §252.9]

Should the party against whom the order issued thereafter resume his or her support of the person abandoned, or give bond with sureties, to be approved by the clerk, conditioned that such person shall not become chargeable to the county, the order shall be by the clerk dis-

In all cases the party sought to be charged with the support of another may demand a jury trial upon the question of his obligation and ability to render such support, the alleged abandonment, and the liability of the person abandoned to become a public charge; such trial to be had upon demand, which may be made at the time of the hearing of the application for the order, or at such other time as may be directed by the court, upon notice to the defendant. [C51, §805; R60, §1373; C73, §1349; C97, §2221; C24, 27, 31, 35, §5308; C39, §3828.084; C46, 50, 54, 58, 62, 66, 71, 73, §252.12]

[C51, §806; R60, §1374; C73, §1350; C97, §2222; C24, 27, 31, 35, §5309; C39, §3828.085; C46, 50, 54, 58, 62, 66, 71, 73, §252.13]

Referred to in §252.14
Claims against estate, §633.410 et seq.

252.14 Homestead—when liable. When expenditures have been made for and on behalf of a poor person and his family, as contemplated by section 252.13, the homestead of such poor person is liable for such expenditures when such poor person dies without leaving a surviving husband or wife, or child, as defined in section 234.1. 3. A person who is an inmate of or is supported by an institution whether organized for pecuniary profit or not or an institution supported by charitable or public funds in a county in this state shall not acquire a settlement in the county unless the person before becoming an inmate in the institution or being supported by an institution has a settlement in the county. A minor child residing in an institution assumes the settlement of his parent as prescribed in subsections 5 and 6. [C46, 50, 54, 58, 62, 66, 71, 73,§252.42; 65GA, ch 1087,§32]

Amendment effective July 1, 1975

252.43 Poor tax. The expense of supporting the poor shall be paid out of the county treasury in the same manner as other disbursements for county purposes; and in case the

ordinary revenue of the county proves insufficient for the support of the poor, the board may levy a poor tax, not exceeding forty and one-half cents per thousand dollars of assessed value, to be entered on the tax list and collected as the ordinary county tax.

Should the forty and one-half cents levy fail to provide adequate funds to take care of the poor, then the board of supervisors, with the approval of the state comptroller, shall levy an additional tax of not to exceed eighty-one cents per thousand dollars of assessed value, to be entered on the tax list and collected as the ordinary county tax. Before any such additional levy is made, a showing of the necessity for such additional levy shall be made to the state comptroller and no such additional levy shall be made unless it shall be approved in writing by the comptroller.

The expense of support for the poor for Indians residing on a reservation in this state shall be paid from funds of the state division of child and family services of the department of social services. To administer such support for Indians residing on a reservation, such state division shall have the powers and duties assigned to county officials by this chapter, or the state division or director of same may designate the director of social welfare in the county where such Indians reside to administer such relief. 252.44 Maximum poor fund levy. For the extended fiscal year beginning January 1, 1974 and ending June 30, 1975, and for that period only, the maximum levy for support of the poor in each county, expressed in mills, shall be computed by the state comptroller as prescribed by this section. This computation shall be in lieu of any other statutory limitation for the period January 1, 1974 through June 30, 1975.

1. The tentative maximum poor fund millage levy for each county shall be equal to one hundred fifty percent of the total millage levy which that county made for the poor fund under all applicable statutes for the budget year beginning January 1, 1972 and ending December 31, 1972.

2. The reduction in the levy for the poor fund in each county, due to elimination of county responsibility for aid to dependent chil-

dren, aid to the blind, aid to the disabled and for certain foster care expenditures, shall be established as follows:

a. The amount charged the county by the department of social services during the calendar year 1972 as the county's share of payments made by the state for aid to dependent children, aid to the blind, aid to the disabled, and foster care for children who were under the custody, care or supervision of the state department of social services, or of a county department of social services, shall be determined.

b. The assessed valuation of property against which the county made its poor fund millage levy in 1971, payable in 1972, shall be determined.

c. The millage rate required to produce the amount determined pursuant to paragraph "a" of this subsection, levied upon the assessed valuation determined pursuant to paragraph "b" of this subsection, shall be computed. One hundred fifty percent of this millage rate shall be the millage reduction in the poor fund levy of the county.

3. The maximum poor fund millage levy for the extended fiscal year in each county shall be established as follows:

a. From the county's tentative maximum poor fund levy determined pursuant to subsection 1, subtract the millage reduction in the poor fund levy of the county determined pursuant to subsection 2.

b. The maximum poor fund millage levy for the extended fiscal year shall be the millage levy determined pursuant to paragraph "a" of this subsection increased by seven and one-half percent. However, the state appeal board established by chapter 24 may permit a higher levy to the extent required in order to prevent severe hardship due to unusual circumstances beyond the control of the county government, or in order to adjust for an abnormally low levy for the 1972 budget year. [65GA, ch 175,§4]

Referred to in §252.45

252.45 Future poor fund levy. For each fiscal year following the extended fiscal year the maximum levy for the support of the poor in each county shall be two-thirds of the maximum poor fund millage levy for the extended fiscal year beginning January 1, 1974 and ending June 30, 1975, determined pursuant to section 252.44. However, the state appeal board may permit a higher levy for any year to the extent required in order to prevent severe hardship due to unusual circumstances beyond the control of the county government. A mother in one state is hereby declared to be liable for the support of her child or children under eighteen years of age residing or found in the same state or in another state having substantially similar or reciprocal laws, whenever the father of such child or children is dead, or cannot be found, or is incapable of supporting such child or children, and, if she is possessed of sufficient means or able to earn such means, she may be required to pay for the support of such child or children a fair and reasonable sum according to her means, as may be determined by the court having jurisdiction of the respondent in a proceeding instituted under this chapter.

3. The parents in one state are hereby declared to be severally liable for the support of a dependent child eighteen years of age or older residing or found in the same state or in another state having substantially similar or reciprocal laws, whenever such child is unable to maintain himself and is likely to become a public charge.

4. A child or children born of parents who, at any time prior or subsequent to the birth of

such child, have entered into a civil or religious marriage ceremony, shall be deemed the legitimate child or children of both parents, regardless of the validity of such marriage.

5. A child or children born of parents who held or hold themselves out as husband and wife by virtue of a common law marriage recognized as valid by the laws of the initiating state and of the responding state shall be deemed the legitimate child or children of both parents.

6. A woman who was or is held out as his wife by a man by virtue of a common law marriage recognized as valid by the laws of the initiating state and of the responding state shall be deemed the legitimate wife of such man.

7. Notwithstanding the fact that the respondent has obtained in any state or country a final decree of divorce or separation from his wife or a decree dissolving his marriage, the respondent shall be deemed legally liable for the support of any dependent child of such marriage.

8. Duties of support applicable under this chapter are those imposed or imposable under the laws of any state where the respondent was present during the period for which support is sought. The respondent is presumed to have been present in the responding state during the period for which support is sought until otherwise shown.

9. The natural parents of a child born out of wedlock shall be severally liable for the support of the child, but the liability of the natural father shall not be enforceable unless he has been adjudicated to be the child's father by a court of competent jurisdiction, or he has acknowledged paternity of the child in open court or by written statement. [C50, 54, 58, 62, 66, 71, 73, §252A.3; 65GA, ch 140, §33, ch 190, §2]

252A.4 Jurisdiction. For the purposes of this chapter:

1. The court shall have jurisdiction regardless of the state of last residence or domicile of the petitioner and the respondent and whether or not the respondent has ever been a resident of the initiating state or the dependent person has ever been a resident of the responding state.

2. The court of the responding state shall have the power to order the respondent to pay sums sufficient to provide necessary food, shelter, clothing, care, medical or hospital expenses, expenses of confinement, expenses of education of a child, funeral expenses and such other reasonable and proper expenses of the petitioner as justice requires, having due regard to the circumstances of the respective parties.

3. The courts of both the initiating state and the responding state shall have the power to order testimony to be taken in either or both of such states by deposition or written interrogatories, and to limit the nature of and the

extent to which the right so to take testimony shall be exercised, provided that the respondent is given a full and fair opportunity to answer the allegations of the petitioner. [C50, 54, 58, 62, 66, 71, 73, §252A.4]

252A.5 When proceeding may be maintained. A proceeding to compel support of a dependent may be maintained under this chapter in any of the following cases:

1. Where the petitioner and the respondent are residents of or domiciled or found in the same state.

2. Where the petitioner resides in one state and the respondent is a resident of or is domiciled or found in another state having substantially similar or reciprocal laws.

3. Where the respondent is not and never was a resident of or domiciled in the initiating state and the petitioner resides or is domiciled in such state and the respondent is believed to be a resident of or domiciled in another state having substantially similar or reciprocal laws.

4. Where the respondent was or is a resident of or domiciled in the initiating state and has departed or departs from such state leaving therein a dependent in need of and entitled to support under this chapter and is believed to be a resident of or domiciled in another state having substantially similar or reciprocal laws.

5. Whenever the state or a political subdivision thereof furnishes support to a dependent, it has the same right through proceedings instituted by the petitioner's representative to invoke the provisions hereof as the dependent to whom the support was furnished, for the purpose of securing reimbursement of expenditures so made and of obtaining continuing support; the petition in such case may be verified by any official having knowledge of such expenditures and consent of the dependent shall not be required in order to institute proceedings under this chapter. [C50, 54, 58, 62, 66, 71, 73, §252A.5]

252A.6 How commenced—trial.

1. A proceeding under this chapter shall be commenced by a petitioner, or a petitioner's representative, by filing a verified petition in the court in equity in the county of the state wherein he resides or is domiciled, showing the name, age, residence and circumstances of the petitioner, alleging that he is in need of and is entitled to support from the respondent, giving his name, age, residence and circumstances, and praying that the respondent be compelled to furnish such support. The petitioner may include in or attach to the petition any information which may help in locating or identifying the respondent including, but without limitation by enumeration, a photograph of the respondent, a description of any distinguishing marks of his person, other names and aliases by which he has been or is known, the name of his employer, his fingerprints, or social security number.

2. If the respondent be a resident of or domiciled in such state and the court has or

can acquire jurisdiction of the person of the respondent under existing laws in effect in such state, such laws shall govern and control the procedure to be followed in such proceeding.

3. If the court of this state acting as an initiating state finds that the petition sets forth facts from which it may be determined that the respondent owes a duty of support and that a court of the responding state may obtain jurisdiction of the respondent or his property, it shall so certify and shall cause three copies of (a) the petition (b) its certificate and (c) this chapter to be transmitted to the court in the responding state. If the name and address of such court is unknown and the responding state has an information agency comparable to that established in the initiating state it shall cause such copies to be transmitted to the state information agency or other proper official of the responding state, with a request that it forward them to the proper court, and that the court of the responding state acknowledge their receipt to the court of the initiating state.

4. When the court of this state, acting as a responding state, receives from the court of an initiating state the aforesaid copies, it shall docket the cause, notify the county attorney or other official acting as petitioner's representative, set a time and place for a hearing, and take such action as is necessary in accordance with the laws of this state to serve notice and thus obtain jurisdiction over the respondent. If a court of the state, acting as a responding state, is unable to obtain jurisdiction of the respondent or his property due to inaccuracies or inadequacies in the petition or otherwise, the court shall communicate this fact to the court in the initiating state, shall on its own initiative use all means at its disposal to trace the respondent or his property, and shall hold the case pending the receipt of more accurate information or an amended petition from the court in the initiating state.

However, if the court of the responding state is unable to obtain jurisdiction because the respondent resides in or is domiciled or found in another county of the responding state, the papers received from the court of the initiating state may be forwarded by the court of the responding state which received the papers to the court of the county in the responding state in which the respondent resides or is domiciled or found, and the court of the initiating state shall be notified of the transfer. The court of the county where the respondent resides or is domiciled or found shall acknowledge receipt of the papers to both the court of the initiating state and the court of the responding state which forwarded them, and shall take full jurisdiction of the proceedings with the same powers as if it had received the papers directly from the court of the initiating state.

5. It shall not be necessary for the petitioner or the petitioner's witnesses to appear personally at such hearing, but it shall be the duty

of the petitioner's representative of the responding state to appear on behalf of and represent the petitioner at all stages of the proceeding.

6. If at such hearing the respondent controverts the petition and enters a verified denial of any of the material allegations thereof, the judge presiding at such hearing shall stay the proceedings and transmit to the judge of the court in the initiating state a transcript of the clerk's minutes showing the denials entered by the respondent.

7. Upon receipt by the judge of the court in the initiating state of such transcript, such court shall take such proof, including the testimony of the petitioner and the petitioner's witnesses and such other evidence as the court may deem proper, and, after due deliberation, the court shall make its recommendation, based on all of such proof and evidence, and shall transmit to the court in the responding state an exemplified transcript of such proof and evidence and of its proceedings and recommendation in connection therewith.

8. Upon the receipt of such transcript, the court in the responding state shall resume its hearing in the proceeding and shall give the respondent a reasonable opportunity to appear and reply.

9. Upon the resumption of such hearing, the respondent shall have the right to examine or cross-examine the petitioner and the petitioner's witnesses by means of depositions or written interrogatories, and the petitioner shall have the right to examine or cross-examine the respondent and the respondent's witnesses by means of depositions or written interrogatories.

10. If a respondent, duly summoned by a court in the responding state, willfully fails without good cause to appear as directed in the summons, he shall be punished in the same manner and to the same extent as is provided by law for the punishment of a defendant or witness who willfully disobeys a summons or subpoena duly issued out of such court in any other action or proceeding cognizable by said court.

11. If, on the return day of the summons, the respondent appears at the time and place specified therein and fails to answer the petition or admits the allegations thereof, or, if, after a hearing has been duly held by the court in the responding state in accordance with the provisions of this section, such court has found and determined that the prayer of the petitioner, or any part thereof, is supported by the evidence adduced in the proceeding, and that the petitioner is in need of and entitled to support from the respondent, the court shall make and enter an order directing the respondent to furnish support to the petitioner and to pay therefor such sum as the court shall determine, having due regard to the parties' means and circumstances. An exemplified copy of such order shall be transmitted by the court to the court in the initiating state and such copy

shall be filed with and made a part of the records of such court in such proceeding. The court shall place the respondent on probation on such terms and conditions as the court may deem proper or necessary to assure faithful compliance by the respondent with such order. The court shall also have power to require the respondent to furnish recognizance in the form of a cash deposit or surety bond in such amount as the court may deem proper and just to assure the payment of the amount required to be paid by the respondent for the support of the petitioner.

12. The court making such order may require the respondent to make payment at specified intervals to the clerk of the district court, or to the dependent, or to any state or county agency, and to report personally to the sheriff or any other official, at such times as may be deemed necessary.

13. A respondent who shall willfully fail to comply with or violate the terms or conditions of the support order or of his probation shall be punished by the court in the same manner and to the same extent as is provided by law for a contempt of such court or a violation of probation ordered by such court in any other suit or proceeding cognizable by such court.

14. The court of this state when acting as a responding state shall have the following duties which may be carried out through the clerk of the court: Upon receipt of a payment made by the respondent pursuant to any order of the court or otherwise, to transmit the same forthwith to the court of the initiating state, and upon request to furnish to the court of the initiating state a certified statement of all payments made by the respondent.

15. Any order of support issued by a court of the state acting as a responding state shall not supersede any previous order of support issued in a divorce or separate maintenance action, but the amounts for a particular period paid pursuant to either order shall be credited against amounts accruing or accrued for the same period under both.

16. The court of the initiating state shall receive and accept all payments made by the respondent to the probation department or bureau of the court of the responding state and transmitted by the latter on behalf of the respondent. Upon receipt of any such payment, and under such rules as the court of the initiating state may prescribe, the court, or its probation department or bureau, as the court may direct, shall deliver such payment to the dependent person entitled thereto, take a proper receipt and acquittance therefor, and keep a permanent record thereof. [C50, 54, 58, 62, 66, 71, 73, §252A.6; 65GA, ch 190, §3]

252A.7 Petitioner's representatives to appear. It shall be the duty of all petitioner's representatives of this state to appear in this state on behalf of and represent the petitioner in every proceeding pursuant to this chapter, at the time the petition is filed and at all stages of the proceeding thereafter, and to obtain and present such evidence or proof as may be required by the court in the initiating state or the responding state. [C50, 54, 58, 62, 66, 71, 73, §252A.7]

252A.8 Additional remedies. This chapter shall be construed to furnish an additional or alternative civil remedy and shall in no way affect or impair any other remedy, civil or criminal, provided in any other statute and available to the petitioner in relation to the same subject matter. [C50, 54, 58, 62, 66, 71, 73, §252A.8]

252A.9 Construction. This chapter shall be so interpreted and construed as to effectuate its general purpose to make uniform the law of the states which enact it. [C50, 54, 58, 62, 66, 71, 73, §252A.9]

252A.10 Costs advanced. Actual costs incurred in this state incidental to any action brought under the provisions of this chapter shall be advanced by the initiating party or agency unless otherwise ordered by the court. Where the action is brought by an agency of the state or county there shall be no filing fee. [C58, 62, 66, 71, 73, §252A.10]

252A.11 Custody of respondent. When the court of this state, acting either as an initiating or responding state, has reason to believe that the respondent may flee the jurisdiction it may as an initiating state request in its certificate that the court of the responding state obtain the body of the respondent by appropriate process if that be permissible under the law of the responding state; or, it may as a responding state, obtain the body of the respondent by appropriate process. [C58, 62, 66, 71, 73, §252A.11]

252A.12 Exchange lists of courts. The state division of child and family services of the department of social services is hereby designated as the state information agency under this chapter, and it shall be its duty to compile a list of the courts and their addresses in this state having jurisdiction under this chapter and transmit the same to the state information agency of every other state which has adopted this or a substantially similar Act and to maintain a register of such lists received from other states. [C58, 62, 66, 71, 73, §252A.12]

254.7 Segregation and forcible detention. If any patient being treated for tuberculosis at the state sanatorium, or any county sanatorium or other institution where tuberculosis is cared for, shall refuse to comply with the laws of the state or rules for the government of the institutions named herein, and shall persistently, or carelessly, or maliciously violate such laws or rules so as to menace the welfare of said institution or to interfere with the administration, order, or peace of said institution, then upon complaint of the superintendent of any institution herein designated, such person may, by order of the district court, be segregated and forcibly detained in a ward or room, for such purpose, and for such period of time as may be deemed advisable by the court, to the end that such person may be properly treated, and the population of such institution may be protected and the decorum maintained. [S13,§409-q; C24, 27, 31, 35,§5375; C39,§3828.131; C46, 50, 54, 58, 62, 66, 71, 73,§254.7]

254.8 Free treatment to any resident. Treatments shall be supplied free to any legal resident of Iowa suffering from tuberculosis upon the signed certificate of his county director of social welfare, or the overseer of the poor, as the board of supervisors may direct, or in case of a county maintaining a separate public tuberculosis hospital, his board of hospital trustees, that such person has applied for such treatment and agreed to remain under treatment until discharged by the sanatorium, as no longer having tuberculosis in a communicable stage and is not possessed of sufficient income or estate to enable him to make payment of the costs of such treatment in whole or in part without affecting his reasonable economic security or support, in light of his resources, obligations and responsibilities to dependents; and expenditures of public funds for treatment of tuberculosis shall be considered expenditures for the protection of the public health and not as moneys advanced in the nature of welfare or relief. The state department of health shall promulgate rules and regulations for the uniform administration of the provisions of this section, which shall govern the county directors of social welfare, overseers of the poor, and boards of hospital trustees in the issuance of such certificates. Any applicant who is denied a certificate by the county director of social welfare, overseer of the poor or the board of hospital trustees, may apply to a judge of the district court of his county of residence, either in term or on vacation, for a review thereof and hearing thereon which shall be de novo. The district judge shall promptly hear such application and shall render final decision thereon and enter an order accordingly. The director, overseer and board of hospital trustees shall file a copy of such certificates issued by them and the clerk of the court shall file a copy of any order entered by the district judge with the county auditor of the county of legal settlement of the applicant. [C50, 54, 58, 62, 66, 71, 73,§254.8]

Referred to in §347.16

254.9 Failure or refusal to continue. Any person receiving free treatment under the provisions of this chapter who shall fail or refuse to continue the same until the disease is no longer in a communicable stage, may be ordered rehospitalized, by the district court of any county in which such person is found, in the same or any other sanatorium until such person no longer has tuberculosis in a communicable stage. Said order shall be issued only after complaint by any local or state health officer to such court and after hearing pursuant to notice to said person as prescribed by said court. Process shall issue to any peace officer for the enforcement of any such order of court. [C50, 54, 58, 62, 66, 71, 73,§254.9]

254.10 Donations and insurance payments. The county through the board of supervisors, or in case of a county maintaining a separate public tuberculosis hospital, through the board

of hospital trustees, may receive any contributions or donations of money or property from patients or other persons. Money payable under the terms of an insurance contract covering costs of hospitalization of tuberculous patients shall be paid to the board of super-

visors, or in case of a county maintaining a separate public tuberculosis hospital, to the board of hospital trustees, of the county of the patient's residence, if the insured is receiving free care under the provisions of this chapter. [C50, 54, 58, 62, 66, 71, 73, §254.10]

255.1 Complaint. Any adult resident of the state may file a complaint in the office of the clerk of any juvenile court, charging that any legal resident of Iowa residing in the county where the complaint is filed is pregnant or is suffering from some malady or deformity that can probably be improved or cured or advantageously treated by medical or surgical treatment or hospital care, and that neither such person nor persons legally chargeable with his support are able to pay therefor. [SS15, §254-b; C24, 27, 31, 35, §4005; C39, §3828.132; C46, 50, 54, 58, 62, 66, 71, 73, §255.1]

255.2 Duty of public officers and others. It shall be the duty of physicians, public health nurses, members of boards of supervisors and township trustees, overseers of the poor, sheriffs, policemen, and public school teachers, having knowledge of persons suffering from any such malady or deformity, to file or cause such complaint to be filed. [SS15, §254-b; C24, 27, 31, 35, §4006; C39, §3828.133; C46, 50, 54, 58, 62, 66, 71, 73, §255.2]

255.3 "Patient" defined. The word "patient" as used in this chapter means the person against whom the complaint is filed. [C24, 27, 31, 35, §4007; C39, §3828.134; C46, 50, 54, 58, 62, 66, 71, 73, §255.3]

255.4 Examination by physician. Upon the filing of such complaint, the clerk shall num-

ber and index the same and shall appoint a competent physician and surgeon, living in the vicinity of the patient, who shall personally examine the patient with respect to said pregnancy, malady, or deformity. The clerk may, after the expiration of five years from the filing of a complaint, destroy it and all papers or records in connection therewith. [SS15, §254-b; C24, 27, 31, 35, §4008; C39, §3828.135; C46, 50, 54, 58, 62, 66, 71, 73, §255.4]

255.5 Report by physician. Such physician shall make a report in duplicate on blanks furnished as hereinafter provided, answering the questions contained therein and setting forth the information required thereby, giving such history of the case as will be likely to aid the medical or surgical treatment or hospital care of such patient, describing the pregnancy, deformity, or malady in detail, and stating whether or not in his opinion the same can probably be improved or cured or advantageously treated, which report shall be filed in the office of the clerk within such time as the clerk may fix. [SS15, §§254-b, -j; C24, 27, 31, 35, §4009; C39, §3828.136; C46, 50, 54, 58, 62, 66, 71, 73, §255.5]

255.6 Investigation and report. When such complaint is filed, the clerk shall furnish the county attorney and board of supervisors with a copy thereof and said board shall, by the overseer of the poor or such other agent as it

may select, make a thorough investigation of facts as to the legal residence of the patient, and the ability of the patient or others chargeable with his support to pay the expense of such treatment and care; and shall file a report of such investigation in the office of the clerk, at or before the time of hearing. [SS15,§254-b; C24, 27, 31, 35,§4010; C39,§3828.137; C46, 50, 54, 58, 62, 66, 71, 73,§255.6]

255.7 Notice of hearing—duty of county attorney. When the physician's report has been filed, the clerk shall, with the consent of the court or judge, fix a time and place for hearing of the matter by the court, and the county attorney shall cause such patient and the parent or parents, guardian, or person having the legal custody of said patient, if under legal disability, to be served with such notice of the time and place of the hearing as the judge or clerk may prescribe. [SS15,§254-c; C24, 27, 31, 35,§4011; C39,§3828.138; C46, 50, 54, 58, 62, 66, 71, 73,§255.7]

255.8 Hearing — order — emergency cases — cancellation of commitments. The county attorney and the overseer of the poor, or other agent of the board of supervisors of the county where the hearing is held, shall appear thereat. The complainant, the county attorney, the overseer of the poor or other agent of the board of supervisors, and the patient, or any person representing him, or her, may introduce evidence and be heard. If the court finds that said patient is a legal resident of Iowa and is pregnant or is suffering from a malady or deformity which can probably be improved or cured or advantageously treated by medical or surgical treatment or hospital care, and that neither the patient nor any person legally chargeable with his or her support is able to pay the expenses thereof, then the clerk of court, except in obstetrical cases and cases of crippled children, shall immediately ascertain from the admitting physician at the university hospital whether such person can be received as a patient within a period of thirty days, and if the patient can be so received, the court, or in the event of no actual contest, the clerk of the court, shall then enter an order directing that said patient be sent to the university hospital for proper medical and surgical treatment and hospital care. If the court ascertain, excepting in obstetrical cases and orthopedic cases, that a person of the age or sex of the patient, or afflicted by the complaint, disease or deformity with which such person is affected cannot be received as a patient at the said university hospital within the period of thirty days, then he or the clerk shall enter an order directing the board of supervisors of the county to provide adequate treatment at county expense for said patient at home or in a hospital. Obstetrical cases and orthopedic cases may be committed to the university hospital without regard to the limiting period of thirty days hereinbefore stated.

In any case of emergency the court or the clerk without previous inquiry may at its dis-

cretion order the patient to be immediately taken to and accepted by the university hospital for the necessary care as provided in section 255.11, but if such a patient cannot be immediately accepted at the university hospital as ascertained by telephone if necessary, the court or the clerk may enter an order as in certain cases above set forth directing the board of supervisors to provide adequate treatment at county expense for the said patient at home or in a hospital. [SS15,§254-c; C24, 27, 31, 35,§4012; C39,§3828.139; C46, 50, 54, 58, 62, 66, 71, 73,§255.8]

Referred to in §§255.9, 255.14

255.9 Treatment for infant. Whenever a woman who is pregnant is committed to the hospital under the provisions of section 255.8, the said commitment shall authorize the hospital to provide proper medical or surgical treatment and hospital care for the infant. [C31, 35,§4012-d1; C39,§3828.140; C46, 50, 54, 58, 62, 66, 71, 73,§255.9]

255.10 Religious belief — denial of order. The court in its discretion may refuse to make such order in any case where the court finds the patient or his parent, parents, or guardian are members of a religious denomination whose tenets preclude dependence on the practice of medicine or surgery and desire in good faith to rely upon the practice of their religion for relief from disease or disorder. [C24, 27, 31, 35,§4013; C39,§3828.141; C46, 50, 54, 58, 62, 66, 71, 73,§255.10]

255.11 Order in case of emergency. In cases of great emergency, when the court or judge is satisfied that delay would be seriously injurious to the patient, he may make such order with the consent of the patient, if adult, or of the parent or parents, guardian, or person having the legal custody of said patient, if a minor or incompetent, without examination, report, notice, or hearing. [SS15,§254-c; C24, 27, 31, 35, §4014; C39,§3828.142; C46, 50, 54, 58, 62, 66, 71, 73,§255.11]

Referred to in §255.8

255.12 Certified copy of order. The clerk shall prepare a certified copy of said order, which, together with a copy of the physician's report, shall be delivered to the admitting physician of said hospital at or before the time of the reception of the patient into the hospital. [SS15,§254-j; C24, 27, 31, 35,§4015; C39,§3828.143; C46, 50, 54, 58, 62, 66, 71, 73,§255.12]

255.13 Attendant — physician — compensation. If the physician appointed to examine the patient shall certify that an attendant to accompany the patient to the said hospital is necessary, and the university hospital attendant and ambulance service is not available, then the court or judge or clerk of the court may appoint an attendant who shall receive not exceeding two dollars per day for the time thus necessarily employed and actual necessary traveling expenses by the most feasible route to said hospital whether by ambu-

lance, train or automobile; but if such appointee is a relative of the patient or a member of his immediate family, or receives a salary or other compensation from the public for his services, no such per diem compensation shall be paid him. The physician appointed by the court or clerk to make the examination and report shall receive therefor three dollars for each examination and report so made and his actual necessary expenses incurred in making such examination, but if said physician receives a salary or other compensation from the public for his full-time services, then no such examination fee shall be paid. The actual, necessary expenses of transporting and caring for the patient shall be paid as hereinafter provided. [SS15,§254-h; C24, 27, 31, 35,§4016; C39,§3828.144; C46, 50, 54, 58, 62, 66, 71, 73, §255.13]

Referred to in §255.14

255.14 Expenses—how paid. An itemized, verified statement of all charges provided for in sections 255.8 and 255.13, in cases where the patient is admitted or accepted for treatment at the university hospital shall be filed with the superintendent of the university hospital, and upon his recommendation when approved by the judge or clerk of the court under whose order the same were incurred, they shall be charged on the regular bill for the maintenance, transportation and treatment of the patient, and be audited and paid in the manner as hereinafter provided. [SS15,§254-h; C24, 27, 31, 35,§4017; C39,§3828.145; C46, 50, 54, 58, 62, 66, 71, 73,§255.14]

255.15 Duty of admitting physician at hospital. The authorities in control of the medical college shall designate some physician to pass upon the admission of such patient, and it shall be his duty to receive such patient into the hospital and to provide for him, if available, a cot, bed, or room in said hospital, and to assign him to the appropriate clinic and for treatment by the proper physician, unless, in his judgment, the presence of the patient in the hospital would be dangerous to other patients, or there is no reasonable probability that he may be benefited by the proposed treatment or hospital care. If the admitting physician shall deny admission to the patient, he shall make a report in duplicate of his reasons therefor. [SS15,§254-d; C24, 27, 31, 35,§4018; C39,§3828.146; C46, 50, 54, 58, 62, 66, 71, 73,§255.15]

Referred to in §255.18

255.16 County quotas. Subject to subsequent qualifications in this section, there shall be treated at the university hospital during each fiscal year a number of committed indigent patients from each county which shall bear the same relation to the total number of committed indigent patients admitted during the year as the population of such county shall bear to the total population of the state according to the last preceding official census. This standard shall apply to indigent patients, the expenses of whose commitment, transporta-

tion, care and treatment shall be borne by appropriated funds and shall not govern the admission of either obstetrical or orthopedic patients. If the number of patients admitted from any county shall exceed by more than ten percent the county quota as fixed and ascertained under the first sentence of this section, the charges and expenses of the care and treatment of such patients in excess of ten percent of the quota shall be paid from the funds of such county at actual cost; but if the number of excess patients from any county shall not exceed ten percent, all costs, expenses, and charges incurred in their behalf shall be paid from the appropriation for the support of the hospital. [C35,§4018-f1; C39, §3828.147; C46, 50, 54, 58, 62, 66, 71, 73,§255.16]

Referred to in §271.17(1)

255.17 Report of physician in charge of clinic. If the physician or surgeon in charge of said clinic, or to whom such patient has been assigned for treatment, declines to treat such patient, he shall make a report in duplicate of his examination of such patient, and state therein his reasons for declining such treatment. [SS15,§254-d; C24, 27, 31, 35,§4019; C39, §3828.148; C46, 50, 54, 58, 62, 66, 71, 73,§255.17]

Referred to in §255.18

255.18 Reports. One duplicate of each of the reports named in sections 255.15 and 255.17 shall be preserved in the records of said hospital, and the other transmitted to the clerk of the court where said order committing the patient to said hospital was entered, and by the clerk filed and preserved among the records in the cause. [SS15,§254-d; C24, 27, 31, 35, §4020; C39,§3828.149; C46, 50, 54, 58, 62, 66, 71, 73,§255.18]

255.19 Treatment of other patients—use of earnings for new facilities. The university hospital authorities may at their discretion receive into the hospital for medical, obstetrical or surgical treatment or hospital care, patients not committed thereto under the provisions of this chapter; but the treatment or care of such patients shall not in any way interfere with the proper medical or surgical treatment or hospital care of committed patients. The university hospital ambulances and ambulance personnel may be used for the transportation of such patients at a reasonable charge if specialized equipment is required and is not otherwise available and if such use does not interfere with the ambulance transportation of patients committed to the hospital.

All of the provisions of this chapter except as to commitment of patients shall apply to such patients. The university hospital authorities shall collect from the person or persons liable for the support of such patients reasonable charges for hospital care and service and deposit the same with the treasurer of the university for the use and benefit of the university hospital. Earnings of the hospital whether from private patients, cost patients, or indi-

gents shall be administered so as to increase as much as possible, the service available for indigents, including the acquisition, construction, reconstruction, completion, equipment, improvement, repair, and remodeling of medical buildings and facilities and additions thereto and the payment of principal and interest on bonds issued to finance the cost thereof as authorized by the provisions of chapter 263A. The physicians and surgeons on the hospital staff who care for patients provided for in this section may charge for their medical services under such rules, regulations and plan therefor as approved by the state board of regents. [C24, 27, 31, 35, §4021; C39, §3828.150; C46, 50, 54, 58, 62, 66, 71, 73, §255.19]

255.20 Hospital treatment. When any patient has been admitted to the hospital for treatment, the physician or surgeon in charge of the case shall proceed with due care and diligence to perform such operation or bestow such treatment upon such patient as in his judgment shall be necessary and proper. Adequate nursing and hospital care shall be provided for said patient during such treatment. [SS15, §254-d; C24, 27, 31, 35, §4022; C39, §3828.151; C46, 50, 54, 58, 62, 66, 71, 73, §255.20]

Referred to in §271.17(1)

255.21 Treatment outside hospital—attendant. If, in the judgment of the physician or surgeon to whom the patient has been assigned for treatment, continuous residence of the patient in the hospital is unnecessary, such patient may, by the hospital authorities, be sent to his home or other appropriate place, and be required to return to the hospital when and for such length of time as may be for his benefit. The hospital authorities may, if necessary, appoint an attendant to accompany such patient and discharged patients, and the compensation of such attendant shall be fixed by the state board of regents and charged by the hospital as part of the costs of transporting patients. The compensation paid to and the expenses of the attendant shall be audited and paid in the same manner as is provided by law for the compensation of an attendant appointed by the court. [SS15, §§254-h, -i; C24, 27, 31, 35, §4023; C39, §3828.152; C46, 50, 54, 58, 62, 66, 71, 73, §255.21]

Referred to in §271.17(1)

255.22 Treatment authorized. No minor or incompetent person shall be treated for any malady or deformity except such as is reasonably well described in the order of court or the report of the examining physician, unless permission for such treatment is provided for in the order of court, or is granted by his parents or guardian; but the physician in charge may administer such treatment or perform such surgical operations as are usually required in cases of emergency. [SS15, §254-l; C24, 27, 31, 35, §4024; C39, §3828.153; C46, 50, 54, 58, 62, 66, 71, 73, §255.22]

Referred to in §271.17(1)

255.23 Treatment gratuitous—exception. No physician, surgeon, or nurse who shall treat or care for such patient shall charge or receive any compensation therefor except the salary or compensation fixed by the state board of regents to be paid from the hospital funds. If the physician, surgeon, or nurse is not in the regular employ of the state board of regents, his or her compensation shall be paid by the county upon approval of the board of supervisors. [SS15, §254-e; C24, 27, 31, 35, §4025; C39, §3828.154; C46, 50, 54, 58, 62, 66, 71, 73, §255.23]

255.24 Record and report of expenses. The superintendent of said hospital shall keep a correct account of all medicine, care, and maintenance furnished to said patients, and shall make and file with the state comptroller an itemized, sworn statement of all expenses thereof incurred in said hospital. But he shall render separate bills showing the actual cost of all appliances, instruments, X-ray and other special services used in connection with such treatment, commitments, and transportation to and from the said university hospital, including the expenses of attendants and escorts.

All purchases of materials, appliances, instruments and supplies by said university hospital, in cases where more than one hundred dollars is to be expended, and where the prices of the commodity or commodities to be purchased are subject to competition, shall be upon open competitive quotations, and all contracts therefor shall be subject to the provisions of chapter 72. [SS15, §254-f; C24, 27, 31, 35, §4026; C39, §3828.155; C46, 50, 54, 58, 62, 66, 71, 73, §255.24]

Referred to in §271.17(1)

255.25 Audit of accounts of hospital. To arrive at a proper basis for the payment of said bills for treatment, care, and maintenance, the state board of regents shall cause to be made annually an audit of the accounts of the university hospital, and determine the average cost per day for the care and maintenance of each patient therein, exclusive of the salaries of the members of the faculty of said university college of medicine, and said bills shall be allowed at such average cost. All accounts shall be so adjusted and paid as to reimburse the funds of the hospital used for the purposes of this chapter. [C24, 27, 31, 35, §4027; C39, §3828.156; C46, 50, 54, 58, 62, 66, 71, 73, §255.25]

Referred to in §§255.26, 271.17(1)

255.26 Expenses—how paid—action to reimburse county. Warrants issued under section 255.25 shall be promptly drawn on the treasurer of state and forwarded by the state comptroller to the treasurer of the state university, and the same shall be by him placed to the credit of the funds which are set aside for the support of said hospital. The superintendent of the said university hospital shall certify to the auditor of state on the first day of January, April, July and October of each year, the amount as herein provided not previ-

ously certified by him due the state from the several counties having patients chargeable thereto, and the auditor of state shall thereupon charge the same to the county so owing. A duplicate certificate shall also be mailed to the auditor of each county having patients chargeable thereto.

The county auditor, upon receipt of such certificate, shall thereupon enter the same to the credit of the state in his ledger of state accounts, and at once issue a notice to his county treasurer authorizing him to transfer the amount from the poor or county fund to the general state revenue, which notice shall be filed by the treasurer as his authority for making such transfer; and he shall include the amount so transferred in his next remittance of state taxes to the treasurer of state, to accrue to the credit of the university hospital fund.

The state auditor shall certify the total cost of commitment, transportation and caring for each indigent patient under the terms of this statute to the county auditor of such patient's legal residence, and such certificate shall be preserved by the county auditor and shall be a debt due from the patient or the persons legally responsible for his or her care, maintenance or support; and whenever in the judgment of the board of supervisors the same or any part thereof shall be collectible, the said board may in its own name collect the same and is hereby authorized to institute suits for such purpose; and after deducting the county's share of such cost shall cause the balance to be paid into the state treasury to reimburse the university hospital fund.

Should any county fail to pay these bills within sixty days from the date of certificate from superintendent, the state comptroller shall charge the delinquent county the penalty of one percent per month on and after sixty days from date of certificate until paid. Such penalties shall be credited to the general fund of the state. [SS15,§254-g; C24, 27, 31, 35,§4028; C39,§3828.157; C46, 50, 54, 58, 62, 66, 71, 73, §255.26]

Referred to in §271.17(1)

255.27 Faculty to prepare blanks—printing.

The medical faculty of the state university hospital shall from time to time prepare blanks containing such questions and requiring such information as may, in its judgment, be necessary and proper to be obtained by the physician who examines such patient under order of court. Such blanks shall be printed by the state, and a sufficient supply thereof shall be furnished by the state board of printing to the clerk of each juvenile court in the state. The cost of printing said blanks shall be audited, allowed, and paid in the same manner as other bills for public printing. A nonpublic school which offers only a prekindergarten program may, but shall not be required to, seek and obtain approval under this chapter. A list of approved schools shall be maintained by the department of public instruction. The approval standards established by the state board shall delineate and be based upon the educational program described below:

1. If a school offers a prekindergarten program, the program shall be designed to help children to work and play with others, to express themselves, to learn to use and manage their bodies, and to extend their interests and understanding of the world about them. The prekindergarten program shall relate the role of the family to the child's developing sense of self and his perception of others. Planning and carrying out prekindergarten activities designed to encourage co-operative efforts between home and school shall focus

on community resources. A prekindergarten teacher employed by a school corporation or county or joint county school system, or its successor agency, and receiving a salary from state and local funds shall hold a certificate certifying that the holder is qualified to teach in prekindergarten.

2. If a school offers a kindergarten program, the program shall include experiences designed to develop healthy emotional and social habits and growth in the language arts and communication skills, as well as a capacity for the completion of individual tasks, and protection and development of physical being. A kindergarten teacher shall hold a certificate certifying that the holder is qualified to teach in kindergarten.

3. The following areas shall be taught in the grades one through six: Language arts, including reading, handwriting, spelling, oral and written English, and literature; social studies, including geography, history of the United States and Iowa with attention given to the role in history played by all persons, and a positive effort shall be made to reflect the achievements of women, minorities and any others who, in the past, may have been ignored or overlooked by reason of race, sex, religion, physical disability or ethnic background, cultures of other peoples and nations, and American citizenship, including the study of national, state and local government in the United States; mathematics; science, including conservation of natural resources and environmental awareness; health and physical education, including the effects of alcohol, tobacco, drugs and poisons on the human body; the characteristics of communicable diseases; traffic safety, including pedestrian and bicycle safety procedures; music; and art.

b. Four units of the social studies. American history, American government, government and cultures of other peoples and nations, and general consumer education, family law, and economics, including comparative and consumer economics, shall be taught in the units but need not be required as full units. All students shall be required to take one unit of American history which shall give attention to the role in history played by all persons, and a positive effort shall be made to reflect the achievements of women, minorities and any others who, in the past, may have been ignored or overlooked by reason of race, sex, religion, physical disability or ethnic background and one-half unit of the governments of Iowa and the United States, including instruction in voting statutes and procedures, voter registration requirements, the use of paper ballots and voting machines in the election process, and the method of acquiring and casting an absentee ballot.

The county auditor, upon request and at a site chosen by him, shall make available to schools within the county voting machines or sample ballots that are generally used within the county, at such times that these machines or sample ballots are not in use for their recognized purpose.

c. Four units of English including language arts.

g. All students physically able shall be required to participate in physical education activities during each semester a student is enrolled in school. A minimum of one-eighth unit each semester shall be required, except that any pupil participating in an organized and supervised high school athletic program which requires at least as much time of participation per week as one-eighth unit may be excused from the physical education course during the time of his participation in the athletic program. Physical education activities shall emphasize leisure time activities which will benefit the student outside the school environment and after graduation from high school.

8. Upon request of the board of directors of any public school district or the authorities in charge of any nonpublic school, the state board of public instruction may, for a number of years to be specified by the state board, grant the district board or the authorities in charge of any nonpublic school exemption from one or more of the requirements of the educational program specified in subsection 6. The exemption may be renewed. Such exemptions shall be granted only if the state board deems that the request made is an essential part of a planned innovative curriculum project which the state board determines will adequately meet the educational needs and interests of the pupils and be broadly consistent with the intent of the educational program as defined in subsection 6.

The request for exemption shall include all of the following:

a. Rationale of the project to include supportive research evidence.

b. Objectives of the project.

c. Provisions for administration and conduct of the project, including the use of personnel, facilities, time, techniques and activities.

9. To facilitate the implementation and economical operation of the educational program defined in subsections 4 and 6, each school offering any of grades seven through twelve, except a school which offers grades one through eight as an elementary school, shall have:

a. A qualified school media specialist who shall meet the certification and approval standards prescribed by the department of public instruction and adequate media center facilities as hereinafter defined.

(1) *School media specialist.* The media specialist may be employed on a part-time or full-time basis, or may devote only part time to media service activities, according to the needs of the school and the availability of media personnel, as determined by the local board. The state board shall recommend standards based upon the number of students in attendance, the nature of the academic curriculum and other appropriate factors.

(2) *Organization and adequacy of collection.* The media center shall be organized as a resource center of instructional material for the entire educational program. The number and kind of library and reference books, periodicals, newspapers, pamphlets, information files, audio-visual materials and other learning aids shall be adequate for the number of pupils and the needs of instruction in all courses.

b. A qualified school guidance counselor who shall meet the certification and approval standards prescribed by the department of public instruction. The guidance counselor may be employed on a part-time or full-time basis, or may devote only part time to counseling services, according to the needs of the school and the availability of guidance personnel, as determined by the local board. The state board shall recommend standards based upon the number of students in attendance and other appropriate factors. Other members of the noninstructional professional staff, including but not limited to physicians, dentists, nurses, school psychologists, speech therapists and other specialists, may also be employed or shared by one or more schools. The guidance counselor shall meet the certification and approval standards of the department of public instruction and noninstructional staff members shall meet the professional practice requirements of this state relating to their special services.

c. Arrangement for special education services.

d. Adequate instructional materials for classrooms.

10. As a basis for inclusion on the list of approved schools, the state department of public instruction shall evaluate the school educational program in the several school systems of the state for the purposes of school improvement and approval, and each public and nonpublic school system shall make such reports as the superintendent of public instruction deems necessary to show compliance with the curriculum programs and other requirements prescribed in the Code.

The state superintendent shall make recommendations and suggestions in writing to each school and school district which is subject to this section when the department of public instruction determines, after due investigation, that deficiencies exist in any school or school district.

The state board of public instruction shall adopt approval standards and rules to imple-

ment, interpret and make effective the provisions of this section. In adopting the same, the board shall take into account recognized educational standards. Standards and rules shall be of general application without specific regard to school population.

Such standards and rules shall be subject to the provisions of chapter 17A. In addition, such standards and rules shall be reported by the state board to the general assembly within twenty days after the commencement of a regular legislative session. No school or school district shall be removed from the approved list for failure to comply with such standards or rules, until at least one hundred twenty days have elapsed following the reporting of such standards and rules to the general assembly as provided in this section.

11. The state board of public instruction shall remove for cause, after due investigation and notice, any school or school district from the approved list which fails to comply with such approval standards and rules. The state board shall allow a reasonable period of time, which shall be at least one year, for compliance with such approval standards and rules if such school or school district is making a good faith effort and substantial progress toward full compliance and if the failure to comply is due to factors beyond the control of the board of directors or governing body of such school or school district. In allowing such time for compliance, the board shall follow consistent policies, taking into account the circumstances of each case. The reasonable period of time for compliance may be, but need not be, given prior to the one-year notice requirement that is required under subsection 12. A school or school district which is removed from the approved list pursuant to the provisions of this section shall be ineligible to receive state financial aid during the period of noncompliance.

The superintendent of public instruction and the president of the state board shall confer with the affected school board and with the school boards of contiguous school districts to assist the affected school board in determining how best to offer the students of that district an approved educational program. When a school district has been removed from the approved list, is ineligible to receive state aid, and can no longer continue to operate, the board of directors shall seek to merge the territory of the school district with one or more contiguous school districts pursuant to the provisions of chapter 275. If by the first of July the following school year, the district has not met the approval standards and any portion of the district has not been merged with one or more contiguous school districts, the portion that has not been merged shall be merged with one or more contiguous school districts by the state board and the provisions of sections 275.25 to 275.38 shall apply.

12. The department of public instruction shall give any school or school district which

is to be removed from the approved list at least one-year notice. Such notice shall be given by registered or certified mail addressed to the superintendent of the school district or the corresponding official of a private school, and shall specify the reasons for removal. Such notice shall also be sent by ordinary mail to each member of the board of directors or governing body of the school or school district, and to the news media which serve the area where the school or school district is located; but any good faith error or failure to comply with this sentence shall not affect the validity of any action by the state board. If, during said year, the school or school district remedies the reasons for removal and satisfies the state board that it will thereafter comply with the laws, approval standards and rules, the state board shall continue such school or school district on the approved list and shall give the school or school district notice of such action by registered or certified mail. At any time during said year, the board of directors or governing body of the school or school district may request a public hearing before the state board of public instruction, by mailing a written request to the state superintendent by registered or certified mail. The president of the state board shall promptly set a time and place for the public hearing, which shall be either in Des Moines or in the affected area. At least thirty days' notice of the time and place of the hearing shall be given by registered or certified mail addressed to the superintendent of the school district or the corresponding official of a private school. At least ten days before the hearing, notice of the time and place of the hearing and the reasons for removal shall also be published by the state department in a newspaper of general circulation in the area where the school or school district is located. At the hearing the school or school district may be represented by counsel and may present evidence. The state board may provide for the hearing to be recorded or reported. If requested by the school or school district at least ten days before the hearing, the state board shall provide for the hearing to be recorded or reported at the expense of such school or school district, using any reasonable method specified by such school or school district. Within ten days after the hearing, the state board shall render its written decision, signed by a majority of its members, and shall affirm, modify or vacate the action or proposed action to remove the school or school district from the approved list.

13. Notwithstanding the foregoing provisions of this section and as an exception to their requirements, a private high school or private combined junior-senior high school operated for the express purpose of teaching a program designed to qualify its graduates for matriculation at accredited four-year or equivalent liberal arts, scientific or technological colleges or universities shall be placed on a special approved list of college preparatory

schools, which list shall signify approval of the school for such express purpose only, provided that:

a. Such school complies with minimum standards established by provisions of the Code other than this section, and administrative rules thereunder, applicable to:

- (1) Courses comprising such limited program.
- (2) Health requirements for personnel.
- (3) Plant facilities.
- (4) Other environmental factors affecting such programs.

b. At least eighty percent of those graduating from such school within the annually most recent four calendar years, other than those graduating who are aliens, graduates entering military or alternative civilian service, or graduates deceased or incapacitated before college acceptance, have been accepted by accredited four-year or equivalent liberal arts, scientific, or technological colleges or universities.

Any school claiming to be a private college preparatory school which fails in any year to comply with the requirement of paragraph "b" of this subsection shall be placed on the special approved list of college preparatory schools probationally if such school complies with the requirements of paragraph "a" of this subsection, but such probational approval shall not continue for more than four successive years. Courses made available to students in this manner shall be considered as compliance by the private schools in which such students are enrolled with any standards or laws requiring such private schools to offer or teach such courses.

2. The provisions of this section shall not deprive the respective boards of public school districts of any of their legal powers, statutory or otherwise, and in accepting such specially enrolled students, each of said boards shall prescribe the terms of such special enrollment, including but not limited to scheduling of such courses and the length of class periods. In addition, the board of the affected public school district shall be given notice by the state board of its decision to permit such special enrollment not later than six months prior to the opening of the affected public school district's school year, except that the

board of the public school district may, in its discretion, waive such notice requirement. School districts and county school systems or joint county systems, or their successor agencies, may, when available, make public school auxiliary services, which may include health services, special education services, services and materials for remedial education programs and library and resource centers, audio-visual services and materials, guidance services, scientific instruments, school testing services, and other services and materials, available to children attending nonpublic schools in the same manner and to the same extent that they are provided to public school students. EASEMENTS

SPEED LIMITS

262.68 Speed limit on institutional grounds. The maximum speed limit of all vehicles on institutional roads at institutions under the control of the state board of regents shall be forty-five miles per hour. All driving shall be confined to driveways designated by the state board. Whenever the state board shall determine that the speed limit hereinbefore set forth is greater than is reasonable or safe under the conditions found to exist at any place of congestion or upon any part of its institutional roads, said board shall determine and declare a reasonable and safe speed limit thereat which shall be effective when appropriate signs giving notice thereof are erected at such places of congestion or other parts of its institutional roads. 262A.1 Declaration of insufficient state revenue. The general assembly hereby determines that the annual revenues of the state are insufficient to finance the immediate building requirements and other facilities and utilities services requirements of the institutions of higher learning under the jurisdiction of the state board of regents and in order to provide these buildings, facilities and utilities services when they are needed, it is necessary to authorize the issuance of revenue bonds by the state board of regents, subject to the restrictions and limitations hereinafter set forth. It is the intent of the general assembly that revenue bonds issued for academic and administrative buildings and facilities and utilities services shall supplement and not supplant legislative appropriations for the same or similar purposes. [C71, 73,§262A.1]

262A.2 Definitions. The following words or terms, as used in this chapter, shall have the respective meanings as stated:

1. "Board" shall mean the state board of regents.
2. "Institution" or "institutions" shall mean the state University of Iowa, the Iowa State University of science and technology, the University of Northern Iowa, and any other institution of higher learning under the jurisdiction of the state board of regents which offers a college program of four years or more, including any such institution the creation of which is hereafter authorized by the general assembly or which is placed under the jurisdiction of said board.
3. "Buildings and facilities" shall mean those academic buildings and other facilities used

primarily for instructional and research purposes, including libraries, and such other administrative and service buildings and facilities as are deemed necessary by the board to provide supporting services to the instructional and research programs and activities of the institutions, including, without limiting the generality of the foregoing, administrative offices, facilities for business services, student services and extension and continuing education services, off-street parking areas and structures incidental to other buildings and facilities which are not primarily for parking purposes, garages, and storage and warehouse facilities, or any combination thereof. This phrase shall also include works and facilities deemed necessary by the board for furnishing utilities services to any buildings or structures operated by the institutions, including, without limiting the generality of the foregoing, water, electric, gas, communications, sewer and heating facilities, together with all necessary structures, buildings, tunnels, lines, reservoirs, mains, filters, pipes, sewers, boilers, generators, fixtures, wires, poles, equipment, treatment facilities and all other appurtenances in connection therewith, or any combination of the foregoing.

4. "Project" shall mean the acquisition by gift, purchase, lease or construction of buildings and facilities which are deemed necessary by the board for the proper performance of the instructional, research and service functions of the institutions, and additions to buildings and facilities, the reconstruction, completion, equipment, improvement, repair or remodeling of buildings and facilities, including the demolition of existing buildings and facilities which

are to be replaced, the acquisition of air rights and the construction of projects thereon, and the acquisition of property of every kind and description, whether real, personal or mixed, for buildings and facilities by gift, purchase, lease, condemnation or otherwise and the improvement of the same, or any combination of the foregoing.

5. "Student fees and charges" shall mean all tuitions, fees and charges for general or special purposes levied against and collected from students attending the institutions except rates, fees, rentals or charges imposed and collected under the provisions of (a) sections 262.35 through 262.42, (b) sections 262.44 through 262.53, and (c) sections 262.55 through 262.66.

6. "Institutional income" shall mean income received by an institution from sources other than (a) student fees and charges, (b) rates, fees, rentals or charges imposed and collected under the provisions of (1) sections 262.35 through 262.42, (2) sections 262.44 through 262.53, and (3) sections 262.55 through 262.66, (c) state appropriations, and (d) "hospital income", as that term is defined in subsection 5 of section 263A.1.

7. "Bonds" shall mean revenue bonds which are payable solely and only from student fees and charges and institutional income received by the institution at which the project is being undertaken. [C71, 73, §262A.2]

262A.3 Ten-year program and two-year bond proposal submitted each year. The board shall prepare and submit to the general assembly for approval or rejection a proposed ten-year building program for each institution, including an estimate of the maximum amount of bonds which the board expects to issue under the provisions of this chapter during each year of the ensuing biennium. Such program and estimate shall be submitted no later than seven days after the passage of this chapter by the general assembly and thereafter no later than seven days after the convening of each regular annual session of the general assembly. The building program shall contain a list of the buildings and facilities which the board deems necessary to further the educational objectives of the institutions. This list shall be revised annually, but no project shall be eliminated from the list when bonds have previously been issued by the board to pay the cost thereof. Each such list shall contain an estimate of the cost of each of the buildings and facilities referred to therein. If the general assembly rejects or fails to approve any proposed ten-year building program, such action or inaction shall not affect the status or legality of any project previously or subsequently authorized by the general assembly as provided in section 262A.4. [C71, 73, §262A.3]

262A.4 Authorization of general assembly and governor. Subject to and in accordance with the provisions of this chapter, the state board of regents after authorization by a constitutional majority of each house of the gen-

eral assembly and approval by the governor may undertake and carry out any project as defined in this chapter at the institutions now or hereafter under the jurisdiction of the board. The state board of regents is authorized to operate, control, maintain, and manage buildings and facilities and additions to such buildings and facilities at each of said institutions. All contracts for the construction, reconstruction, completion, equipment, improvement, repair or remodeling of any buildings, additions, or facilities shall be let in accordance with the provisions of section 262.34. The title to all real estate acquired under the provisions of this chapter and the improvements erected thereon shall be taken and held in the name of the state of Iowa. [C71, 73, §262A.4]

Referred to in §262A.3

262A.5 Borrowing money and issuing bonds.

The board is authorized to borrow money under the provisions of this chapter, and the board may issue and sell negotiable bonds to pay all or any part of the cost of carrying out any project at any institution and may refund and refinance bonds issued for any project or for refunding purposes at the same rate or at a higher or lower rate or rates of interest. Bonds issued under the provisions of this chapter shall be sold by said board at public sale on the basis of sealed proposals received pursuant to a notice specifying the time and place of sale and the amount of bonds to be sold which shall be published at least once not less than seven days prior to the date of sale in a newspaper published in the state of Iowa and having a general circulation in said state. The provisions of chapter 75 shall not apply to bonds issued under authority contained in this chapter, but such bonds shall be sold upon terms of not less than par plus accrued interest. Bonds issued to refund other bonds issued under the provisions of this chapter may either be sold in the manner hereinbefore specified and the proceeds thereof applied to the payment of the obligations being refunded, or the refunding bonds may be exchanged for and in payment and discharge of the obligations being refunded. The refunding bonds may be sold or exchanged in installments at different times or an entire issue or series may be sold or exchanged at one time. Any issue or series of refunding bonds may be exchanged in part or sold in parts in installments at different times or at one time. The refunding bonds may be sold or exchanged at any time on, before, or after the maturity of any of the outstanding bonds or other obligations to be refinanced thereby and may be issued for the purpose of refunding a like or greater principal amount of bonds, except that the principal amount of the refunding bonds may exceed the principal amount of the bonds to be refunded to the extent necessary to pay any premium due on the call of the bonds to be refunded or to fund interest in arrears or about to become due.

All bonds issued under the provisions of this chapter shall be payable solely and only from and shall be secured by an irrevocable pledge of a sufficient portion of the student fees and charges and institutional income received by the particular institution. All bonds issued under the provisions of this chapter shall have all the qualities of a negotiable investment security under the laws of this state. [C71, 73, §262A.5]

262A.6 Form and condition of bonds. Such bonds may bear such date or dates, may bear interest at such rate or rates, payable semi-annually, may mature at such time or times, may be in such form and denominations, may carry such registration privileges, may be payable at such place or places, may be subject to such terms of redemption prior to maturity with or without premium, if so stated on the face thereof, and may contain such terms and covenants, including the establishment of reserves, all as may be provided by the resolution of the board authorizing the issuance of the bonds. In addition to the estimated cost of construction, including site costs, the cost of the project may include interest upon the bonds during construction and for six months after the estimated completion date, the compensation of a fiscal agent or adviser, engineering, architectural, administrative and legal expenses and provision for contingencies. Such bonds shall be executed by the president of the state board of regents and attested by the executive secretary, secretary or other official thereof performing the duties of secretary, and the coupons thereto attached shall be executed with the original or facsimile signatures of said president, executive secretary, secretary or other official; provided, however, that the facsimile signature of either of such officers executing such bonds may be imprinted on the face of the bonds in lieu of the manual signature of such officer, but at least one of the signatures appearing on the face of each bond shall be a manual signature. Any bonds bearing the signatures of officers in office on the date of the signing thereof shall be valid and binding for all purposes, notwithstanding that before delivery thereof any or all such persons whose signatures appear thereon shall have ceased to be such officers. Each such bond shall state upon its face the name of the institution on behalf of which it is issued, that it is payable solely and only from the student fees and charges and institutional income received by such institution as hereinbefore provided, and that it does not constitute a debt of or charge against the state of Iowa within the meaning or application of any constitutional or statutory limitation or provision. The issuance of such bonds shall be recorded in the office of the treasurer of the institution on behalf of which the same are issued, and a certificate by such treasurer to this effect shall be printed on the back of each such bond. [C71, 73, §262A.6]

262A.7 Resolution of board and covenants undertaken. Upon the determination by the state board of regents to undertake and carry out any project or to refund outstanding bonds, said board shall adopt a resolution describing generally the contemplated project and setting forth the estimated cost thereof, or describing the obligations to be refunded, fixing the amount of bonds to be issued, the maturity or maturities, the interest rate or rates and all details in respect thereof. Such resolution shall contain such covenants as may be determined by the board as to the issuance of additional bonds that may thereafter be issued payable from the student fees and charges and institutional income received by the particular institution, the amendment or modification of the resolution authorizing the issuance of any bonds, the manner, terms, and conditions and the amount or percentage of assenting bonds necessary to effectuate such amendment or modification, and such other covenants as may be deemed necessary or desirable. In the discretion of the board any bonds issued under the terms of this chapter may be secured by a trust indenture by and between the board and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the boundaries of the state of Iowa, but no such trust indenture shall convey or mortgage the buildings and facilities or any part thereof. The provisions of this chapter and of any resolution or other proceedings authorizing the issuance of bonds and providing for the establishment and maintenance of adequate student fees and charges and the application of the proceeds thereof, together with institutional income, shall constitute a contract with the holders of such bonds. [C71, 73, §262A.7]

262A.8 Student fees to pay bonds. Whenever bonds are issued by the state board of regents, it shall be the duty of said board to establish, impose, and collect student fees and charges at the institution on behalf of which such bonds are issued, and to adjust such student fees and charges from time to time, in order always to provide amounts which, together with the institutional income, will be sufficient to pay the principal of and interest on such bonds as the same become due and to maintain a reserve therefor, and said board is authorized to pledge a sufficient amount of the student fees and charges and institutional income received by such institution for this purpose. Student fees and charges and institutional income received by one institution shall not be used to discharge bonds issued for or on account of another institution. All bonds issued under the terms of this chapter shall be exempt from taxation by the state of Iowa and the interest thereon shall be exempt from the state income tax. [C71, 73, §262A.8]

262A.9 Bond fund account. A certified copy of each resolution providing for the issuance

of bonds under this chapter shall be filed with the treasurer of the institution on behalf of which the bonds are issued and it shall be the duty of said treasurer to keep and maintain separate accounts for each issue of bonds in accordance with the covenants and directions set out in the resolution providing for the issuance thereof. A sufficient portion of the student fees and charges and institutional income received by each institution shall be held in trust by the treasurer thereof, separate and apart from all other funds, to be used solely and only for the purposes specified in this chapter and as may be required and provided for by the proceedings of the board authorizing the issuance of bonds. It shall be the duty of the treasurer of each institution to disburse funds from the proper account for the payment of the principal of and interest on the bonds in accordance with the directions and covenants of the resolution authorizing the issuance thereof. [C71, 73, §262A.9]

262A.10 Bonds not state obligation. Under no circumstances shall any bonds issued under the terms of this chapter be or become or be construed to constitute a debt of or a charge against the state of Iowa within the purview of any constitutional or statutory limitation or provision. No taxes, appropriations, or other funds of the state of Iowa may be pledged for or used to pay such bonds or the interest thereon but any such bonds shall be payable solely and only as to both principal and interest from the student fees and charges and institutional income received by the institutions of higher learning under the control of the state board of regents as provided in this chapter, and the sole remedy for any breach or default of the terms of any such bonds or proceedings for their issuance shall be a proceeding either in law or in equity by suit, action, or mandamus to enforce and compel performance of the duties required by this chapter and the terms of the resolution under which such bonds are issued. [C71, 73, §262A.10]

262A.11 Bonds as security for investments. All banks, trust companies, bankers, savings banks and institutions, building and loan associations, savings and loan associations, investment companies and other persons carrying on a banking or investment business, all insurance companies, insurance associations, and other persons carrying on an insurance busi-

ness and all executors, administrators, guardians, trustees, and other fiduciaries may legally invest any sinking funds, moneys, or other funds belonging to them or within their control in any bonds issued pursuant to this chapter; provided, however, that nothing contained in this section may be construed as relieving any persons from any duty of exercising reasonable care in selecting securities for purchase or investment. [C71, 73, §262A.11]

262A.12 Application for gifts, loans or grants. The state board of regents is authorized to apply for and accept federal or non-federal gifts, loans, or grants of funds and to use the same to pay all or any part of the cost of carrying out any project at any institution under the terms of this chapter or to use the same, together with student fees and charges and institutional income, for the payment of debt service on bonds issued and to be issued by the board pursuant to authority contained in this chapter, in such manner as may be provided in the resolution authorizing the issuance of the bonds, which grants of funds or other aid shall be considered to constitute and may be commingled with student fees and charges and institutional income and may, together with such student fees and charges and institutional income, be pledged by the board in accordance with the provisions of this chapter and the bond resolution to the payment of debt service on bonds issued by the board under the authority contained in this chapter. [C71, 73, §262A.12]

262A.13 Alternative and independent method. This chapter shall be construed as providing an alternative and independent method for carrying out any project at any institution of higher learning under the control of the state board of regents, for the issuance and sale or exchange of bonds in connection therewith and for refunding bonds pertinent thereto, without reference to any other statute, and shall not be construed as an amendment of or subject to the provisions of any other law, and no publication of any notice, whether under section 23.12 or otherwise, and no other or further proceedings in respect to the issuance or sale or exchange of bonds under this chapter shall be required except such as are prescribed by this chapter, any provisions of other statutes of the state to the contrary notwithstanding. 263A.2 Legislative approval before acting hereunder. Subject to and in accordance with the provisions of this chapter, the state board of regents after authorization by a constitutional majority of the general assembly may undertake and carry out any project as defined in this chapter at the state University of Iowa. The state board of regents is authorized to operate, control, maintain, and manage buildings and facilities and additions to such buildings and facilities at said institution. All contracts for the construction, reconstruction, completion, equipment, improvement, repair, or remodeling of any buildings, additions, or facilities shall be let in accordance with the provisions of section 262.34. The title to all real estate acquired under the provisions of this chapter and the improvements erected thereon shall be taken and held in the name of the state of Iowa. [C71, 73, §263A.2]

263A.3 Bonds or notes issued. The board is authorized to borrow money and to issue and sell negotiable bonds or notes to pay all or any part of the cost of carrying out any project at the institution and to refund and refinance bonds or notes issued for any project

or for refunding purposes at the same rate or at a lower rate. Such bonds or notes shall be sold by the board at public sale on the basis of sealed proposals received pursuant to a notice specifying the time and place of sale and the amount of bonds to be sold which shall be published at least once not less than seven days prior to the date of sale in a newspaper published in the state of Iowa and having a general circulation in the state. The provisions of chapter 75 shall not apply to bonds or notes issued under authority contained in this chapter, but such bonds or notes shall be sold upon terms of not less than par plus accrued interest. Bonds or notes issued to refund other bonds or notes issued under the provisions of this chapter may either be sold in the manner specified in this chapter and the proceeds thereof applied to the payment of the obligations being refunded, or the refunding bonds or notes may be exchanged for and in payment and discharge of the obligations being refunded. The refunding bonds or notes may be sold or exchanged in installments at different times or an entire issue or series may be sold or exchanged at one time. Any issue or series of refunding bonds or notes may be exchanged in part or sold in parts in installments at different times or at one time. The refunding bonds or notes may be sold or exchanged at any time on, before, or after the maturity of any of the outstanding notes, bonds, or other obligations to be refinanced thereby and may be issued for the purpose of refunding a like or greater principal amount of bonds or notes, except that the principal amount of the refunding bonds or notes may exceed the principal amount of the bonds or notes to be refunded to the extent necessary to pay any premium due on the call of the bonds or notes to be refunded or to fund interest in arrears or about to become due.

All bonds or notes issued under the provisions of this chapter shall be payable solely and only from and shall be secured by an irrevocable pledge of a sufficient portion of the hospital income of the institution. All bonds or notes issued under the provisions of this chapter shall have all the qualities of negotiable instruments under the laws of this state. [C71, 73, §263A.3]

263A.4 Bonds or notes provisions. Such bonds or notes may bear such date or dates, may bear interest at such rate or rates, payable semiannually, may mature at such time or times, may be in such form and denominations, carry such registration privileges, may be payable at such place or places, may be subject to such terms of redemption prior to maturity with or without premium, if so stated on the face thereof, and may contain such terms and covenants, including the establishment of reserves, all as may be provided by the resolution of the board authorizing the issuance of the bonds or notes. In addition to

the estimated cost of construction, including site costs, the cost of the project may include interest upon the bonds or notes during construction and for six months after the estimated completion date, the compensation of a fiscal agent or adviser, engineering, architectural, administrative, and legal expenses and provision for contingencies. Such bonds or notes shall be executed by the president of the state board of regents and attested by the executive secretary, secretary, or other official thereof performing the duties of secretary, and the coupons thereto attached shall be executed with the original or facsimile signatures of said president, executive secretary, secretary, or other official; provided, however, that the facsimile signature of either of such officers executing such bonds may be imprinted on the face of the bonds in lieu of the manual signature of such officer, but at least one of the signatures appearing on the face of each bond shall be a manual signature. Any bonds or notes bearing the signatures of officers in office on the date of the signing thereof shall be valid and binding for all purposes, notwithstanding that before delivery thereof any or all such persons whose signatures appear thereon shall have ceased to be such officers. Each such bond or note shall state upon its face the name of the institution on behalf of which it is issued, that it is payable solely and only from hospital income received by such institution as provided in this chapter, and that it does not constitute a debt of or charge against the state of Iowa within the meaning or application of any constitutional or statutory limitation or provision. The issuance of such bonds or notes shall be recorded in the office of the treasurer of the institution, and a certificate by such treasurer to this effect shall be printed on the back of each such bond or note. [C71, 73, §263A.4]

263A.5 Resolution adopted—terms and conditions of bonds or notes. Upon the determination by the state board of regents to undertake and carry out any project or to refund outstanding bonds or notes, said board shall adopt a resolution describing generally the contemplated project and setting forth the estimated cost thereof, or describing the obligations to be refunded, fixing the amount of bonds or notes to be issued, the maturity or maturities, the interest rate or rates, and all details in respect thereof. Such resolution shall contain such covenants as may be determined by the board as to the issuance of additional bonds or notes that may thereafter be issued payable from the hospital income received by the institution, the amendment or modification of the resolution authorizing the issuance of any bonds or notes, the manner, terms, and conditions and the amount or percentage of assenting bonds or notes necessary to effectuate such amendment or modification, and such other covenants as may be deemed necessary or desirable. In the discretion of the board, any bonds or notes issued under the terms of this chapter may be se-

cured by a trust indenture by and between the board and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the boundaries of the state of Iowa, but no such trust indenture shall convey or mortgage the buildings and facilities or any part thereof. The provisions of this chapter and of any resolution or other proceedings authorizing the issuance of bonds or notes and providing for the establishment and maintenance of adequate rates, fees, and charges for services rendered by the hospitals, medical clinics, and medical laboratories of the institution and the application of the proceeds thereof, together with other hospital income, shall constitute a contract with the holders of such bonds or notes. [C71, 73, §263A.5]

263A.6 Rates, fees and charges for services. Whenever bonds or notes are issued by the state board of regents, it shall be the duty of said board to establish, impose, and collect rates, fees, and charges for services rendered by the hospitals, medical clinics, and medical laboratories of the institution and to adjust such rates, fees, and charges from time to time, in order to always provide amounts which, together with other hospital income, will be sufficient to pay the principal of and interest on such bonds or notes as the same become due and to maintain a reserve therefor, and said board is authorized to pledge a sufficient amount of the hospital income received by such institution for this purpose. All bonds or notes issued under the terms of this chapter shall be exempt from taxation by the state of Iowa and the interest thereon shall be exempt from the state income tax. [C71, 73, §263A.6]

263A.7 Accounts of all funds separate. A certified copy of each resolution providing for the issuance of bonds or notes under this chapter shall be filed with the treasurer of the institution and it shall be the duty of said treasurer to keep and maintain separate accounts for each issue of bonds or notes in accordance with the covenants and directions set out in the resolution providing for the issuance thereof. A sufficient portion of the hospital income received by the institution shall be held in trust by the treasurer thereof, separate and apart from all other funds, to be used solely and only for the purposes specified in this chapter and as may be required and provided for by the proceedings of the board authorizing the issuance of bonds or notes. It shall be the duty of the treasurer of the institution to disburse funds from the proper account for the payment of the principal of and interest on the bonds or notes in accordance with the directions and covenants of the resolution authorizing the issuance thereof. [C71, 73, §263A.7]

263A.8 No obligation of the state on bonds or notes. Under no circumstances shall any bonds or notes issued under the terms of this chapter be or become or be construed to con-

stitute a debt of or a charge against the state of Iowa within the purview of any constitutional or statutory limitation or provision. No taxes, or other funds of the state of Iowa appropriated to the institution may be pledged for or used to pay such bonds or notes or the interest thereon but any such bonds or notes shall be payable solely and only as to both principal and interest from the hospital income received by the institution as hereinbefore provided, and the sole remedy for any breach or default of the terms of any such bonds or notes or proceedings for their issuance shall be a proceeding either in law or in equity by suit, action, or mandamus to enforce and compel performance of the duties required by this chapter and the terms of the resolution under which such bonds or notes are issued. [C71, 73,§263A.8]

263A.9 Investment in bonds or notes by financial institutions. All banks, trust companies, bankers, savings banks and institutions, building and loan associations, savings and loan associations, investment companies, and other persons carrying on a banking or investment business, all insurance companies, insurance associations, and other persons carrying on an insurance business and all executors, administrators, guardians, trustees, and other fiduciaries may legally invest any sinking funds, moneys, or other funds belonging to them or within their control in any bonds or notes issued pursuant to this chapter; provided, however, that nothing contained in this section may be construed as relieving any

persons from any duty of exercising reasonable care in selecting securities for purchase or investment. [C71, 73,§263A.9]

263A.10 Gifts, loans or grants accepted. The state board of regents is authorized to apply for and accept federal or nonfederal gifts, loans, or grants of funds and to use the same to pay all or any part of the cost of carrying out any project at the institution under the terms of this chapter or to pay any bonds or notes and interest thereon issued for any of the purposes specified in this chapter. [C71, 73,§263A.10]

263A.11 Provisions independent of any other statute. This chapter shall be construed as providing an alternative and independent method for carrying out any project related to the medical school and any project related to the hospital at the institution, for the issuance and sale or exchange of bonds or notes in connection therewith, and for refunding bonds or notes pertinent thereto, without reference to any other statute, and shall not be construed as an amendment of or subject to the provisions of any other law, and no publication of any notice, whether under section 23.12 or otherwise, and no other or further proceedings in respect to the issuance or sale or exchange of bonds or notes under this chapter shall be required except such as are prescribed by this chapter, any provisions of other statutes of the state to the contrary notwithstanding. EDUCATION COMPACT

272B.1 Compact for education.

272B.2 Education commission of the states.

272B.3 Filing bylaws.

272B.1 Compact for education. The compact for education is hereby entered into and enacted into law with all jurisdictions legally joining therein, in the form substantially as follows:

ARTICLE I—PURPOSE AND POLICY

1. It is the purpose of this compact to:
 - a. Establish and maintain close co-operation and understanding among executive, legislative, professional educational and lay leadership on a nationwide basis at the state and local levels.
 - b. Provide a forum for the discussion, development, crystallization and recommendation of public policy alternatives in the field of education.
 - c. Provide a clearing house of information on matters relating to educational problems and how they are being met in different places throughout the nation, so that the executive and legislative branches of state government and of local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.
 - d. Facilitate the improvement of state and local educational systems so that all of them will be able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.

2. It is the policy of this compact to encourage and promote local and state initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and states.

3. The party states recognize that each of them has an interest in the quality and quantity of education furnished in each of the other states, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the nation, and because the products and services contributing to the health, welfare and economic advancement of each state are supplied in significant part by persons educated in other states.

ARTICLE II—STATE DEFINED

As used in this compact, "state" means a state, territory or possession of the United States, the District of Columbia, or the commonwealth of Puerto Rico.

ARTICLE III—THE COMMISSION

1. The education commission of the states, hereinafter called "the commission", is hereby established. The commission shall consist of seven members representing each party state.* One of such members shall be the governor; two shall be members of the state legislature selected by its respective houses and serving in such manner as the legislature may deter-

mine; and four shall be appointed by and serve at the pleasure of the governor, unless the laws of the state otherwise provide. If the laws of a state prevent legislators from serving on the commission, six members shall be appointed and serve at the pleasure of the governor, unless the laws of the state otherwise provide. In addition to any other principles or requirements which a state may establish for the appointment and service of its members of the commission, the guiding principle for the composition of the membership on the commission from each party state shall be that the members representing such state shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the state government, higher education, the state education system, local education, lay and professional, public and nonpublic educational leadership. Of those appointees, one shall be the head of a state agency or institution, designated by the governor, having responsibility for one or more programs of public education. In addition to the members of the commission representing the party states, there may be not to exceed ten nonvoting commissioners selected by the steering committee for terms of one year. Such commissioners shall represent leading national organizations or professional educators or persons concerned with educational administration.

*See §272B.2

2. The members of the commission shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners are present. The commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the commission may delegate the exercise of any of its powers to the steering committee or the executive director, except for the power to approve budgets or requests for appropriations, the power to make policy recommendations pursuant to article IV and adoption of the annual report pursuant to article III, paragraph 10.

3. The commission shall have a seal.

4. The commission shall elect annually, from among its members, a chairman, who shall be a governor, a vice chairman and a treasurer. The commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the commission, and together with the treasurer and such other personnel as the commission may deem appropriate shall be bonded in such amount as the commission shall determine. The executive director shall be secretary.

5. Irrespective of the civil service, personnel or other merit system laws of any of the

party states, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the commission, and shall fix the duties and compensation of such personnel. The commission in its bylaws shall provide for the personnel policies and programs of the commission.

6. The commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.

7. The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the commission pursuant to this paragraph or services borrowed pursuant to paragraph 6 of this article shall be reported in the annual report of the commission. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

8. The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

9. The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

10. The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the preceding year. The commission may make such additional reports as it may deem desirable.

ARTICLE IV—POWERS

In addition to authority conferred on the commission by other provisions of the compact, the commission shall have authority to:

1. Collect, correlate, analyze and interpret information and data concerning educational needs and resources.

2. Encourage and foster research in all aspects of education, but with special reference to the desirable scope of instruction, organization, administration, and instructional methods and standards employed or suitable for employment in public educational systems.

3. Develop proposals for adequate financing of education as a whole and at each of its many levels.

4. Conduct or participate in research of the types referred to in this article in any instance where the commission finds that such research is necessary for the advancement of the purposes and policies of this compact, utilizing fully the resources of national associations, regional compact organizations for higher education, and other agencies and institutions, both public and private.

5. Formulate suggested policies and plans for the improvement of public education as a whole, or for any segment thereof, and make recommendations with respect thereto available to the appropriate governmental units, agencies and public officials.

6. Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this compact.

ARTICLE V— CO-OPERATION WITH FEDERAL GOVERNMENT

1. If the laws of the United States specifically so provide, or if administrative provision is made therefor within the federal government, the United States may be represented on the commission by not to exceed ten representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to federal law, and may be drawn from any one or more branches of the federal government, but no such representative shall have a vote on the commission.

2. The commission may provide information and make recommendations to any executive or legislative agency or officer of the federal government concerning the common educational policies of the states, and may advise with any such agencies or officers concerning any matter of mutual interest.

ARTICLE VI—COMMITTEES

1. To assist in the expeditious conduct of its business when the full commission is not meeting, the commission shall elect a steering committee of thirty-two members which, subject to the provisions of this compact and consistent with the policies of the commission, shall be constituted and function as provided in the bylaws of the commission. One-fourth of the voting membership of the steering committee shall consist of governors, one-fourth shall consist of legislators, and the remainder shall consist of other members of the commission. A federal representative on the commission may serve with the steering committee, but without vote. The voting members of the steering committee shall serve for terms of two years, except that members elected to the first steering committee of the commission shall be elected as follows:

Sixteen for one year and sixteen for two years. The chairman, vice chairman, and

treasurer of the commission shall be members of the steering committee and, anything in this paragraph to the contrary notwithstanding, shall serve during their continuance in these offices. Vacancies in the steering committee shall not affect its authority to act, but the commission at its next regular ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term. No person shall serve more than two terms as a member of the steering committee; provided that service for a partial term of one year or less shall not be counted toward the two-term limitation.

2. The commission may establish advisory and technical committees composed of state, local, and federal officials, and private persons to advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the states concerned, be established to consider any matter of special concern to two or more of the party states.

3. The commission may establish such additional committees as its bylaws may provide.

ARTICLE VII—FINANCE

1. The commission shall advise the governor or designated officer or officers of each party state of its budget and estimated expenditures for such period as may be required by the laws of that party state. Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states.

2. The total amount of appropriation requests under any budget shall be apportioned among the party states. In making such apportionment, the commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party states.

3. The commission shall not pledge the credit of any party states. The commission may meet any of its obligations in whole or in part with funds available to it pursuant to article III, paragraph 7, of this compact, provided that the commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it pursuant to article III, paragraph 7 thereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

4. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in

and become part of the annual reports of the commission.

5. The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by persons authorized by the commission.

6. Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

ARTICLE VIII—ELIGIBLE PARTIES --ENTRY INTO AND WITHDRAWAL

1. This compact shall have as eligible parties all states, territories, and possessions of the United States, the District of Columbia, and the commonwealth of Puerto Rico. In respect of any such jurisdiction not having a governor, the term "governor", as used in this compact, shall mean the closest equivalent official of such jurisdiction.

2. Any state or other eligible jurisdiction may enter into this compact and it shall become binding thereon when it has adopted the same: Provided that in order to enter into initial effect, adoption by at least ten eligible party jurisdictions shall be required.

3. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

Obsolete provisions omitted, see 65GA, ch 194,§1; Art. VIII, C

ARTICLE IX—CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the state affected as to all severable matters. The director district conventions* shall be called and the locations of the conventions shall be determined by the area education agency superintendent. Annually the director district conventions shall be held within two weeks following the regular school election. Notice of the time, date and place of the director district conventions shall be published by the area education agency superintendent at least forty-five days prior to the day of the district conventions in at least one newspaper of general circulation in the merged area. The cost of publication shall be paid by the area education agency.

The board of each separate school district which is located entirely or partially inside an area education agency director district shall cast a vote for director of the area education agency board based upon the ratio that the population of the school district, or portion of the school district, in the director district bears to the total population in the director district. The population of each school district or portion shall be determined by the department of public instruction.

Vacancies, as defined in section 277.29, in the membership of the area education agency board shall be filled for the unexpired portion of the term by the board of the school district in which the member resided.

A candidate for election to the area education agency board may file a statement of candidacy with the area education agency secretary at least ten days prior to the date of the director district convention, on forms prescribed by the department of public instruction. The statement of candidacy shall include the candidate's name, address and school district. The list of candidates shall be sent by the secretary of the area education agency by ordinary mail to the presidents of the boards of directors of all school districts within the director district immediately following the last day for filing the statement of candidacy. The filing of a statement of candidacy shall not be a prerequisite or eligibility requirement for election as an area education agency director. For the initial director district convention the statement of candidacy shall be filed with the county superintendent who determines the date and location of the district convention and he shall send the list of candidates to the presidents of the school boards.

3. *Organization.* The board of directors of each area education agency shall meet on the first Monday in October at a suitable place designated by the president. Directors whose terms commence at the organization meeting shall qualify by taking the oath of office required by section 279.28 at or before the organization meeting. For the initial board the location of the organization meeting shall be determined by the county superintendent who determined the date and location of the director district convention.

The provisions of section 280A.13 relating to organization, officers, appointment of secretary and treasurer, and meetings of the merged area board shall apply to the area education agency board.

4. *Quorum.* A majority of the members of the board of directors of the area education agency shall constitute a quorum. [C97,§2833; C24, 27, 31, 35, 39,§§4119, 4121; C46,§§273.1, 273.3; C50, 54, 58, 62, 66, 71, 73,§§273.4, 273.5, 273.9, 273.10; 65GA, ch 1172,§10]

273.9 Payment for programs and services.

1. As used in this section, unless the context requires otherwise:

a. *"Allowable growth"* means the allowable growth for a school district as computed under section 442.7.

b. *"Enrollment"* means the enrollment as determined under section 442.4, and *"per pupil"* means per pupil in enrollment for years prior to the school year beginning July 1, 1975, and per pupil in weighted enrollment for the school year beginning July 1, 1975, and each succeeding school year.

c. *"Weighted enrollment"* means the weighted enrollment as determined under section 281.9.

2. For the school year beginning July 1, 1975, and each succeeding school year, school districts shall pay for the programs and services provided through the area education agency and shall include expenditures for the programs and services in their budgets, in accordance with the provisions of this section.

3. School districts shall pay the costs of special education instructional programs with the moneys available to the districts because of weighted enrollment. Special education instructional programs shall be provided at the local level if practicable, or otherwise by contractual arrangements with the area education agency board as provided in section 273.3, subsection 5, but in each case the money available through chapter 442 because of weighted enrollment for each child requiring special education instruction shall be made available to the district or agency which provides the special education instructional program to the child, subject to adjustments for transportation or other costs which may be paid by the school district in which the child is enrolled. Each district shall co-operate with its area education agency to provide an appropriate special education instructional program for each child who requires special education instruction, as identified and counted within the certification by the area director of special education or as identified by the area director of special education subsequent to the certification, and shall not provide a special education instructional program to a child who has not been so identified and counted within the certification or identified subsequent to the certification.

4. To provide moneys to pay the costs of special education support services, each school district shall add to its allowable growth for the school year beginning July 1, 1975, an amount equal to the cost per pupil in its area education agency, for special education support services needed by the agency for that year, determined in accordance with the program plans submitted by the area director of special education and approved by the department of public instruction. For each succeeding school year, each school district shall add to its allowable growth an amount equal to the cost per pupil in its area education agency, for additional special education support services needed by the agency for that year, to serve newly identified children who require the services, determined in accordance with the program plans submitted by the area director of special education and approved by the department of public instruction. The department shall make decisions regarding approval of program plans according to the criteria provided in chapter 281, and the rules promulgated by the department pursuant to that chapter and chapter 17A.

5. To provide moneys to pay the costs of media services, each school district shall add to its allowable growth for the school year beginning July 1, 1975 only, an amount equal

to the cost per pupil in its area education agency for media services needed by the agency for that year, determined in accordance with the media program plans submitted by the area education agency administrator and approved by the department of public instruction. However, the amount added for each area education agency shall not exceed five dollars per pupil in that area education agency unless a larger amount per pupil was budgeted for media services for pupils in that area education agency for the school year beginning July 1, 1974, and in that case shall not exceed one hundred eight percent of the amount so budgeted. The amount budgeted for media services for pupils in an area education agency shall be determined by averaging a proportionate part of the expenditures by county school systems and joint county systems formerly serving pupils in the area education agency, based upon the enrollment in the systems compared to the enrollment in the area education agency. If the total amount added to allowable growth for all area education agencies in the state, as otherwise determined under this subsection, exceeds five dollars per pupil in the state, the state comptroller shall reduce the amount for each area ratably so that the total amount does not exceed five dollars per pupil in the state. The department shall make decisions regarding approval of program plans according to the criteria provided in section 273.6, and the rules promulgated by the department pursuant to that section and chapter 17A.

6. To provide moneys to pay the costs of all other services which may be provided through the area education agency, each school district shall add to its allowable growth for the school year beginning July 1, 1975 only, the amount of ten dollars per pupil.

7. The department of public instruction, in co-operation with the appropriate personnel of the area education agency, shall determine the per pupil amounts for each area education agency, as required under subsections 4 and 5. The state comptroller shall calculate the amounts needed by each area education agency by multiplying the per pupil amounts needed by each agency under subsections 4, 5 and 6 by the weighted enrollment in the area education agency, and shall calculate the amounts due from each school district to its area education agency by multiplying the per pupil amounts needed by the agency by the weighted enrollment in the school district. The state comptroller shall deduct the amounts so calculated for each school district from the state aid due to the district pursuant to chapter 442 and shall pay the amounts to the area education agencies on a quarterly basis during each school year. The state comptroller shall notify each school district the amount of state aid deducted for this purpose and the balance which will be paid to the district. If a district does not qualify for state aid under chapter 442 in an amount sufficient to cover its amount

due to the area education agency as calculated by the state comptroller, the school district shall pay the deficiency to the area education agency from other moneys received by the district, on a quarterly basis during each school year. [C51,§417; R60,§§648, 2074; C73,

1. A petition describing the boundaries, or accurately describing the area included therein by legal descriptions, of the proposed district, which boundaries or area described shall conform to plans developed or the petition shall request change of the plan, shall be filed with the area education agency administrator of the area education agency in which the greatest number of electors reside. Such petition shall be signed by voters in each existing school district affected or portion

thereof equal in number to at least twenty percent of the number of eligible voters or four hundred voters, whichever is the smaller number. School districts affected or portion thereof shall be defined to mean that area to be included in the plan of the proposed new school district.

2. Such petition shall also state the number of directors which may be either five or seven and the method of election of the school directors of the proposed district. The method of election of the directors shall be one of the following optional plans:

a. Election at large from the entire district by the electors of the entire district.

b. Division of the entire school district into designated geographical subdistricts, to be known as director districts, each of which director districts shall be represented on the school board by one director who shall be a resident of such director district but who shall be elected by the vote of the electors of the entire school district. The school district shall be divided into the same number of director districts as the number of school directors the district is authorized by law. The boundaries of such director districts and the area and population included within each district shall be such as justice, equity, and the interests of the people may require. Insofar as may be practicable, the boundaries of such districts shall follow established political or natural geographical divisions.

c. Election of not more than one-half of the total number of school directors at large from the entire district and the remaining directors from and as residents of designated director districts into which the entire school district shall be divided. In such case, all directors shall be elected by the electors of the entire school district.

d. Division of the entire school district into designated geographical subdistricts, to be known as director districts, each of which director districts shall be represented on the school board by one director who shall be a resident of such director district and who shall be elected by the voters of said director district. Place of voting in such director districts shall be designated by the county board.

3. If the petition proposes the division of the school district into director districts, the boundaries of such proposed director districts shall be described in the petition.

4. The area education agency board in reviewing such petition as provided in sections 275.15 and 275.16 shall review the proposed method of election of school directors and shall have the duty and authority to change or amend such plan in any manner, including the changing of boundaries of director districts if proposed, or to specify a different method of electing school directors on the basis of area, school population, or assessed valuation as may be required by law, justice, equity, and the interest of the people. In such action the area education agency board shall

follow the same procedure as is required by sections 275.15 and 275.16 for other action on the petition by the area education agency board. The cost of publication shall be assessed to each district whose territory is involved in the ratio that the number of pupils in enrollment, as defined in section 442.4 in each district bears to the total number of pupils in enrollment in the total area involved. Objections shall be in writing in the form of an affidavit and may be made by any person residing or owning land within the territory described in the petition, or who would be injuriously affected by the change petitioned for and shall be on file not later than twelve o'clock noon of the final day fixed for filing objections. 275.16 Hearing when territory in different counties. If the territory described in the petition for the proposed corporation lies in more than one area education agency, the agency administrator with whom the petition is filed shall fix the time and place and call a joint meeting of the members of all the agency boards in which any territory of the proposed school corporation lies, to act as a single board for the hearing of the said objections, and a majority of all members of the agency boards of the different agencies in which any part of the proposed corporation lies, shall constitute a quorum. The joint boards acting as a single board shall determine whether the petition conforms to plans or, if the petition requests a change in plans, whether such change should be made, and shall have the authority to change the plans of any or all the area education agency boards affected by the petition, and it shall determine and fix boundaries for the proposed corporation as provided in section 275.15 or dismiss the petition. However, if such joint boards cast a tie vote and are unable to agree to an order fixing the boundaries for the proposed school district or to an order to dismiss the petition, the time during which such actions must be taken under the provisions of section 275.15 shall be extended from five days to fifteen days after the conclusion of the hearing under the provisions of section 275.15, and such joint board shall reconvene not less than ten and not more than fifteen days after the conclusion of such hearing. At such hearing the joint board shall reconsider their action and if a tie vote shall again be cast it shall be deemed an order granting the petition and changing the plans of any and all of the agency boards affected by the petition and fixing the boundaries for the proposed school corporation. The agency administrator shall at once publish the decision in the same newspaper in which the original notice was published.

In case a controversy arises from such meeting, the area education agency board or boards or any school district aggrieved may bring the controversy to the state department of public instruction, as provided in section 275.8, within twenty days from the publication of this order,

and if said controversy is taken to the state department of public instruction, a ten-day notice in writing shall be given to all agency boards and school districts affected or portions thereof. The county commissioner of elections shall give notice of the election by one publication in the same newspaper in which previous notices have been published regarding the proposed school reorganization, and in addition thereto, if more than one county is involved, by one publication in a legal newspaper in each county other than that of the first publication, which publication shall be not less than four nor more than twenty days prior to the election. When any school district is enlarged, reorganized, or changes its boundary by the method hereinabove provided, the effective date of such change shall be July 1 following the election of the new board or, if no new board is elected, then on July 1 following the enlargement, reorganization or boundary change. [C54, 58, 62, 66, 71, 73, §275.24]

275.25 Election of directors. If the proposition to establish a new corporation carries

under the method hereinabove provided a special election shall be called by the area education agency administrator. The administrator shall notify the county commissioner of elections who shall publish notice by one publication in the same newspaper in which the former notices were published. At such election, two directors shall be elected to serve until the next regular election, two until the second, and one until the third regular election thereafter, except in districts which include all or part of a city of fifteen thousand or more population and in districts in which the proposition to establish a new corporation provides for seven directors, three directors shall be elected to serve until the third regular election thereafter, all of whom to serve until such time as their successors are elected and qualified. Provided, however, that in all community school districts which include a city of fifteen thousand or more population and which became effective prior to July 4, 1955, and in all community school districts containing a city which has attained a population of fifteen thousand or more as shown by the most recent decennial federal census, the board of directors shall consist of seven members. Where it becomes necessary to increase the membership of any such board under the provisions hereof, two directors shall be added according to the procedure described in section 277.23. The county board of supervisors shall canvass the votes and the county commissioner of elections report the results to the area education agency administrator who shall notify the persons who are elected directors. The new board shall organize within fifteen days following their election upon call of the administrator. Provided, however, in cases involving two districts only, where the population of the new district does not exceed the population of the more populous of said districts by more than twenty-five percent, the incumbent board members of said more populous district shall continue to hold office as the directors of the new district for the remainder of their elective terms. Vacancies on any board caused by change in boundaries shall be filled in the manner provided in sections 279.6 and 279.7. 275.26 Payment of expenses. If a district is established or changes its boundaries it shall pay all expenses incurred by the area education agency administrator and the area education agency board in connection with the proceedings. The county commissioner of elections shall assess the costs of the election against the district as provided in section 47.3. If the proposition is dismissed or defeated at the election all expenses shall be apportioned among the several districts in proportion to the assessed valuation of property therein.

If the proposed district or boundary change embraces territory in more than one area education agency such expenses shall be certified to and, if necessary, apportioned among the several districts by the joint agency board. If in only one agency the certification shall be made by the agency administrator.

The respective boards to which such expenses are certified shall audit and order the same paid from the general fund. In the event of failure of any board to so audit and pay the expenses certified to it, the area education agency administrator shall certify the expenses to the county auditor in the same manner as is provided for tuition claims in section 282.21 and the funds shall be transferred by the county treasurer from the debtor district to the agency board for payment of said expenses. 2. Direct the sale, lease, or other disposition of any schoolhouse or site or other property belonging to the corporation, and the application to be made of the proceeds thereof, pro-

3. Determine upon additional branches that shall be taught.

4. Instruct the board that school buildings may or may not be used for meetings of public interest.

7. Vote a schoolhouse tax, not exceeding sixty-seven and one-half cents per thousand dollars of assessed value in any one year, for the purchase of grounds, construction of schoolhouses or buildings, the payment of debts contracted for the erection or construction of schoolhouses or buildings, not including interest on bonds, for procuring or acquisition of libraries, for opening roads to schoolhouses or buildings, for the purchase of buildings or equipment for buildings or schoolhouses, for the purpose of repairing, remodeling, reconstructing, improving or expanding the schoolhouses or buildings for the school district, for the purpose of landscaping, paving, or improving the schoolhouse or building grounds, or for the rental of facilities pursuant to chapter 28E. Interest earned from investments of these funds may be used for the purposes voted. The power to levy said tax, when voted, shall continue for such period of time as may be authorized by the voters and shall not be affected by any change in the boundaries of the school district, in whatever manner effected, except in case the school district is reorganized pursuant to sections 275.12 to 275.23. Authorized levies for the period of time presently approved shall not be affected as a result of a failure of a proposition proposed to expand the purposes for which the funds may be expended. Before entering into a rental or lease-purchase option contract, authorized by the electors, the board shall first adopt plans and specifications for a building or buildings which it considers suitable for the intended use and also adopt a form of rental or lease-purchase option contract. The board shall then invite bids thereon, by advertisement published once each week for two consecutive weeks, in a newspaper published in the county in which the building or buildings are to be located, and the rental or lease-purchase option contract shall be awarded to the lowest responsible bidder, but the board may reject any and all bids and advertise for new bids.

278.3 Power given electors not to limit directors' power. The power vested in the electors by section 278.1 shall not affect or limit the power granted to the board of directors of a school district in section 297.7, subsection 2, and the authority granted in said subsection shall be construed as independent of the power vested in the electors by section 278.1. Boards of education of two or more counties are hereby authorized to plan for the merger of county school systems, or parts thereof, for the purpose of providing an area vocational school or area community college. Such plans shall be effectuated only upon approval by the state board and by subsequent concurrent action of the county boards of education at special meetings, called for that purpose, or at the regular July meetings of the county boards. Upon receipt of any plan submitted, the state board shall cause the plan to be examined, conduct further investigation of and hearings on the plan if deemed necessary, and evaluate the plan in relation to all vocational schools, community colleges, and junior colleges existing, proposed, or needed throughout the state. The state

board may approve or disapprove the plan or may return the plan to the planning boards for modification and resubmission. [C66, 71, 73, §280A.7]

280A.8 Approval of plan. When a plan is approved, the state board shall issue an order of the approval, a copy of which shall be sent to each of the respective planning boards. The order shall:

2. Describe all territory included in the county school systems which is to be a part of the approved area.

3. Officially designate the location or locations of the area vocational school or area community college. If the plan did not specify a location, the state board shall so determine.

280A.9 Disapproval of plan. When a plan is disapproved, a statement of the reasons for such disapproval shall be forwarded to each of the planning boards. Within fifteen calendar days from the date of receiving such statement, the planning boards or their authorized representative may request a hearing by the state board on the disapproved plan. The state board shall grant the hearing within thirty calendar days after receipt of the request. Upon receiving all evidence and arguments presented by the planning boards or their representative, the state board may reaffirm or reconsider its previous action with respect to the disapproved plan or may request the planning boards to modify and resubmit the plan. [C66, 71, 73, §280A.9]

In the event no decision has been made by a county board of education within seventy days, the county board shall be deemed to have approved the merger plan. The secretaries of the respective boards shall immediately notify the state board of the action taken at the meetings. [C66, 71, 73, §280A.10]

280A.11 Procedure of state board. Upon receiving notice that all planning boards have

given final approval to the proposal to form a merged area, the state board shall:

1. Officially designate all territory included in the plan approved by the county school systems as a merged area.

2. Direct the county commissioner of elections of the county in which the physical plant facilities of the area vocational school or area community college are to be located to call and conduct a special election to choose the members of the initial governing board of the merged area. If physical plant facilities are to be located in more than one county, the county commissioner of elections of the county in which the school or college administrative offices are to be located shall be responsible for calling and conducting the special election. [C66, 71, 73, §280A.11; 65GA, ch 136, §275]

Successors shall be chosen at the annual school elections for members whose terms expire on the first Monday in October following such elections. Terms of members of the board of directors shall be three years except that members of the initial board of directors elected at the special election shall determine their respective terms by lot so that the terms of one-third of the members, as nearly as may be, shall expire on the first Monday in October of each succeeding year. Each nomination paper shall have appended to it an affidavit of an eligible elector other than the candidate in substantially the form provided in section 43.17, except as to party affiliation. 280A.16 Status of merged area. A merged area formed under the provisions of this chapter shall be a body politic as a school corporation for the purpose of exercising powers granted under this chapter, and as such may sue and be sued, hold property, and exercise all the powers granted by law and such other powers as are incident to public corporations of like character and are not inconsistent with the laws of the state. [C66, 71, 73, §280A.16]

280A.17 Preparation of budget. The board shall further designate the amounts which are to be raised by local taxation and the amounts which are to be raised by other sources of revenue for such operation. The budget of each merged area shall be submitted to the state board no later than December 1 preceding the next fiscal year for approval. The state board shall review the proposed budget and shall, prior to January 1, either grant its approval or return the budget without approval with the comments of the state board attached thereto. Any unapproved budget shall be resubmitted to the state board for final approval. Upon approval of the budget by the state board, the board of directors shall prorate the amount to be raised by local taxation among the respective school districts, in

the proportion that the value of taxable property in each school district bears to the total value of taxable property in the area. The board of directors shall certify the amount so determined to the respective county auditors and the boards of supervisors shall levy a tax sufficient to raise the amount. No tax in excess of twenty and one-fourth cents per thousand dollars of assessed value shall be levied on taxable property in a merged area for the operation of an area vocational school or area community college. Taxes collected pursuant to such levy shall be paid by the respective county treasurers to the treasurer of the merged area in the same manner that other school taxes are paid to local school districts.

It is the policy of this state that the property tax for the operation of area schools shall not in any event exceed twenty and one-fourth cents per thousand dollars of assessed value, and that the present and future costs of such operation in excess of the funds raised by such levy shall be the responsibility of the state and shall not be paid from property tax. A proposition to incur indebtedness and issue bonds for area vocational school or area community college purposes shall be deemed carried in a merged area if approved by a sixty percent majority of all voters voting on the proposition in the area. [C66, 71, 73, §280A.21]

280A.22 Additional tax. In addition to the tax authorized under section 280A.17, the voters in any merged area may at the annual school election vote a tax not exceeding twenty and one-fourth cents per thousand dollars of assessed value in any one year for a period not to exceed five years for the purchase of grounds, construction of buildings, payment of debts contracted for the construction of buildings, purchase of buildings and equipment for buildings, and the acquisition of libraries, and for the purpose of maintaining, remodeling, improving, or expanding the area vocational school or area community college of the merged area which tax shall be collected by the county treasurers and remitted to the treasurer of the merged area as other taxes are collected and remitted, and the proceeds of said tax shall be deposited in a separate and distinct fund to be known as the voted tax fund, to be paid out upon warrants drawn by the president and secretary of the board of directors of the merged area district for the payment of costs incurred in providing the school facilities for which the tax was voted.

In order to make immediately available to the merged area the proceeds of the voted tax hereinbefore authorized to be levied, the board of directors of any such merged area is

hereby authorized, without the necessity for any further election, to borrow money and enter into loan agreements in anticipation of the collection of such tax, and such board shall, by resolution, provide for the levy of an annual tax, within the limits of the special voted tax hereinbefore authorized, sufficient to pay the amount of any such loan and the interest thereon to maturity as the same becomes due. A certified copy of this resolution shall be filed with the county auditors of the counties in which such merged area is located, and the filing thereof shall make it a duty of such auditors to enter annually this levy for collection until funds are realized to repay the loan and interest thereon in full. Said loan must mature within the number of years for which the tax has been voted and shall bear interest at a rate or rates not exceeding seven percent per annum. Any loan agreement entered into pursuant to authority herein contained shall be in such form as the board of directors shall by resolution provide and the loan shall be payable as to both principal and interest from the proceeds of the annual levy of the voted tax hereinbefore authorized, or so much thereof as will be sufficient to pay the loan and interest thereon. In furtherance of the foregoing the board of directors of such merged area may, with or without notice, negotiate and enter into a loan agreement or agreements with any bank, investment banker, trust company, insurance company or group thereof, whereunder the borrowing of the necessary funds may be assured and consummated. The proceeds of such loan shall be deposited in a special fund, to be kept separate and apart from all other funds of the merged area, and shall be paid out upon warrants drawn by the president and secretary of the board of directors to pay the cost of acquiring the school facilities for which the tax was voted.

Nothing herein contained shall be construed to limit the authority of the board of directors to levy the full amount of the voted tax, but if and to whatever extent said tax is levied in any year in excess of the amount of principal and interest falling due in such year under any loan agreement, the first available proceeds thereof, to an amount sufficient to meet maturing installments of principal and interest under the loan agreement, shall be paid into the sinking fund for such loan before any of such taxes are otherwise made available to the merged area for other school purposes, and the amount required to be annually set aside to pay the principal of and interest on the money borrowed under such loan agreement shall constitute a first charge upon all of the proceeds of such annual special voted tax, which tax shall be pledged to pay said loan and the interest thereon.

This law shall be construed as supplemental and in addition to existing statutory authority and as providing an independent method of financing the cost of acquiring school facilities for which a tax has been voted under this

section and for the borrowing of money and execution of loan agreements in connection therewith and shall not be construed as subject to the provisions of any other law. The fact that a merged area may have previously borrowed money and entered into loan agreements under authority herein contained shall not prevent such merged area from borrowing additional money and entering into further loan agreements provided that the aggregate of the amount payable under all of such loan agreements does not exceed the proceeds of the voted tax. All acts and proceedings heretofore taken by the board of directors or by any official of any merged area for the exercise of any of the powers granted by this section are hereby legalized and validated in all respects. [C66, 71, 73, §280A.22; 65GA, ch 1231, §26]

280A.23 Authority of area directors. The board of directors of each area vocational school or area community college shall:

1. Determine the curriculum to be offered in such school or college subject to approval of the state board. If an existing private educational or vocational institution within the merged area has facilities and curriculum of adequate size and quality which would duplicate the functions of the area school, the board of directors shall discuss with the institution the possibility of entering into contracts to have the existing institution offer facilities and curriculum to students of the merged area. The board of directors shall consider any proposals submitted by the private institution for providing such facilities and curriculum. The board of directors may enter into such contracts. In approving curriculum, the state board shall ascertain that all courses and programs submitted for approval are needed and that the curriculum being offered by an area school does not duplicate programs provided by existing public or private facilities in the area. In determining whether duplication would actually exist, the state board shall consider the needs of the area and consider whether the proposed programs are competitive as to size, quality, tuition, purposes, and area coverage with existing public and private educational or vocational institutions within the merged area.

2. Change boundaries of director districts in merged areas after each decennial census or change in boundaries of the merged area to compensate for changes in population if such population changes have taken place.

3. Have authority to determine tuition rates for instruction. Tuition for residents of Iowa shall not exceed the lowest tuition rate per semester, or the equivalent, charged by an institution of higher education under the state board of regents for a full-time resident student. However, if a local school district pays tuition for a resident pupil of high school age, the limitation on tuition for residents of Iowa shall not apply, the amount of tuition shall be

determined by the board of directors of the area school with the consent of the local school board, and the pupil shall not be included in the full-time equivalent enrollment of the area school for the purpose of computing general aid to the area school. Tuition for nonresidents of Iowa shall be not less than one hundred fifty percent and not more than two hundred percent of the tuition established for residents of Iowa. Tuition for resident or nonresident students may be set at a higher figure with the approval of the state board. A lower tuition for nonresidents may be permitted under a reciprocal tuition agreement between a merged area and an educational institution in another state, if the agreement is approved by the state board.

4. Have the powers and duties with respect to such schools and colleges, not otherwise provided in this chapter, which are prescribed for boards of directors of local school districts by chapter 279.

5. Have the power to enter into contracts and take other necessary action to insure a sufficient curriculum and efficient operation and management of the school or college and maintain and protect the physical plant, equipment, and other property of the school or college.

6. Establish policy and make rules, not inconsistent with law and administrative rules, regulations, and policies of the state board, for its own government and that of the administrative, teaching, and other personnel, and the students of the school or college, and aid in the enforcement of such laws, rules, and regulations.

7. Have authority to sell any article resulting from any vocational program or course offered at an area vocational school or area community college. Governmental agencies and governmental subdivisions of the state within the merged areas shall be given preference in the purchase of such articles. All revenue received from the sale of any article shall be credited to the funds of the board of the merged area.

8. With the consent of the inventor, and in the discretion of the board, secure letters patent or copyright on inventions of students, instructors, and officials of any vocational school or community college of the merged area, or take assignment of such letters patent or copyright and make all necessary expenditures in regard thereto. Letters patent or copyright on inventions when so secured shall be the property of the board of the merged area and the royalties and earnings thereon shall be credited to the funds of the board.

9. The area board, when setting the salary of the area superintendent, shall take into consideration the salaries of administrators of educational institutions in the area, and the enrollment of the area schools; the salary range shall be from seventeen thousand dollars to twenty-seven thousand five hundred dollars per annum including additional bene-

fits, over and above the additional benefits given all full-time employees. The superintendent shall not be required to hold any teacher's certificate.

10. At the request of an employee through contractual agreement the board may arrange for the purchase of group or individual annuity contracts for any of its respective employees from any company the employee may choose that is authorized to do business in this state and through an Iowa-licensed insurance agent that the employee may select, for retirement or other purposes and may make payroll deductions in accordance with such arrangements for the purpose of paying the entire premium due and to become due under such contract. The deductions shall be made in the manner which will qualify the annuity premiums for the benefits afforded under section 403b of the Internal Revenue Code of 1954 and amendments* thereto. The employee's rights under such annuity contract shall be nonforfeitable except for the failure to pay premiums. Whenever an existing tax-sheltered annuity contract is to be replaced by a new contract the agent or representative of the company shall submit a letter of intent to the company being replaced, to the insurance commissioner of the state of Iowa, and to his own company at least thirty days prior to any action by registered mail. This letter of intent shall contain the policy number and description of the contract being replaced and a description of the replacement contract. [C66, 71, 73, §280A.23; 65GA, ch 110, §§11, 12, ch 1167, §3]

280A.24 Area community college. The board of directors of a merged area initially organized for the establishment of, and which is operating, an area vocational school may with the approval of the state board expand the curriculum of the school to qualify as an area community college. The state board shall upon approval officially classify the school as an area community college.

The standard academic work load for an instructor in arts and science courses shall be fifteen credit hours per school term, and the maximum academic work load for any instructor shall be sixteen credit hours per school term, for classes taught during the normal school day. In addition thereto, any faculty member may teach a course or courses at times other than usual day-course hours, or on days other than the regular school week, involving total class instruction time equivalent to not more than a three-credit-hour course. The total work load for such instructors shall not exceed the equivalent of eighteen credit hours per school term. [C66, 71, 73, §280A.24]

280A.25 Power of state board. The state board shall:

1. Have authority to designate any vocational school or community college as an "area vocational education school" within the meaning of, and for the purpose of administering, the Act of Congress designated the "Vocational Education Act of 1963". No vocational school or community college shall be so designated by the board for the expenditure of funds under section 35c, subsection "a", paragraph 5, Title 20, U.S.C., which has not been designated and classified as an area vocational school or area community college by the state board.

2. Change boundaries of director districts in any merged area when the board of directors of the area fails to change boundaries as required under section 280A.23, subsection 2.

3. Change boundaries of merged areas to take into account mergers of local school districts and changes in boundaries of local school districts, when necessary to maintain the policy of this chapter that no local school district shall be a part of more than one merged area. The state board may also make other changes in boundaries of merged areas with the approval of the board of directors of each merged area affected by the change. At any time when the boundaries of a merged area are so changed, the state board may authorize the board of directors of the merged area to levy additional taxes upon the property within the merged area, or any part thereof, and distribute the same so that all parts of the merged area are paying their share toward the support of the school or college.

4. Administer, allocate, and disburse any federal or state funds made available to pay any portion of the cost of acquiring sites for and constructing, acquiring, or remodeling facilities for area vocational schools or area community colleges, and establish priorities for the use of such funds.

5. Administer, allocate, and disburse any federal or state funds available to pay any portion of the operating costs of area vocational schools or area community colleges.

6. Approve, in such manner as it may prescribe, sites and buildings to be acquired, erected, or remodeled for use by area vocational schools or area community colleges.

7. Have authority to adopt such administrative rules and regulations as it deems necessary to carry out the provisions of this chapter.

8. Have the power to enter into contracts with local school boards within the area that have and maintain a technical or vocational high school and with private schools or colleges in the co-operative or merged areas to provide courses or programs of study in addition to or as a part of the curriculum made available in the community college or area vocational schools.

9. Make arrangements with boards of merged areas and local school districts to permit students attending high school to participate in vocational-technical programs and obtain credit for such participation for application toward the completion of a high school diploma. The granting of such credit shall be subject to the approval of the state board.

Existing public community or junior colleges may be converted into area vocational schools or area community colleges in the manner provided in this chapter. In addition, an existing public community or junior college may be converted into an area vocational school or area community college by agreement between the board of directors of the local school district operating the community or junior college and the board of directors of the merged area. Such agreement shall be effective only if approved by the state board of public instruction. Such agreement shall provide for reasonable compensation to such local school district.

Where the board of any local school district operating a community or junior college and the board of directors of the merged areas are not in agreement on the reasonable value of any public community or junior college which is to be converted, the matters of disagreement shall be decided by three disinterested arbitrators; one selected by the local board, one by the board of the merged area, and one by the two arbitrators so selected. The decision of the arbitrators shall be made in writing and a copy of the decision shall be filed with the secretary of the board of the merged area and the secretary of the local board. Any party to the proceedings may appeal therefrom to the district court by serving notice thereof within twenty days after the decision is filed. Such appeal shall be tried in equity and a decree entered determining the entire matter. The decree so entered shall be final. [C66, 71, 73, §280A.26]

Any vacancy on the committee shall be filled for the unexpired term of the vacancy in the same manner as the original appointment. Members of the committee shall serve without compensation but shall be allowed actual and necessary expenses while engaged in official duties. [C66, 71, 73, §280A.30]

[C66, 71, 73, §280A.32]

280A.33 Joint action with board of regents.

1. Approval standards, except as hereinafter provided, for area and public community and junior colleges shall be initiated by the area schools branch of the department and submitted to the state board of public instruction

and the state board of regents, through the state superintendent of public instruction, for joint consideration and adoption. No proposed approval standard shall be adopted by the boards until the standard has been submitted to the advisory committee created by this chapter and its recommendations thereon obtained.

2. Approval standards for area vocational schools and for vocational programs and courses offered by area community colleges shall be initiated by the area schools branch and submitted to the state board of public instruction through the state superintendent of public instruction, for consideration and adoption. No such proposed approval standard shall be adopted by the state board until the standard has been submitted to the advisory committee created by this chapter and to the advisory committee created by chapter 258 and their recommendations thereon obtained.

3. For purposes of this section, "approval standards" shall include standards for administration, qualifications and assignment of personnel, curriculum, facilities and sites, requirements for awarding of diplomas and other evidence of educational achievement, guidance and counseling, instruction, instructional materials, maintenance, and library.

4. Approval standards shall be subject to the provisions of chapter 17A. In addition, approval standards shall be reported by the state board to the general assembly within twenty days after the commencement of a regular legislative session. No area community college or area vocational school shall be removed from the approved list for failure to comply with the approval standards until at least one hundred twenty days have elapsed following the reporting of such standards to the general assembly as provided in this section.

5. The department of public instruction shall supervise and evaluate the educational program in the several area community colleges and area vocational schools of the state for the purpose of the improvement and approval of such institutions.

6. The superintendent of public instruction shall make recommendations and suggestions in writing to each area community college and area vocational school if the department of public instruction determines, after due investigation, that deficiencies exist.

7. The state board shall maintain a list of approved area community colleges and area vocational schools, and it shall remove from the approved list for cause, after due investigation and notice, any area community college or area vocational school which fails to comply with the approval standards. An area community college or area vocational school which is removed from the approved list pursuant to this section shall be ineligible to receive state financial aid during the period of such removal. The state board shall allow a reasonable period of time, which shall be at

least one year, for compliance with approval standards if an area community college or area vocational school is making a good faith effort and substantial progress toward full compliance or if failure to comply is due to factors beyond the control of the board of directors of the merged area operating the institution. In allowing time for compliance, the board shall follow consistent policies, taking into account the circumstances of each case. The reasonable period of time for compliance may be, but need not be, given prior to the one-year notice requirement that is provided in this section.

8. The department of public instruction shall give any area community college or area vocational school which is to be removed from the approved list at least one year's notice. The notice shall be given by registered or certified mail addressed to the superintendent of the area community college or area vocational school and shall specify the reasons for removal. The notice shall also be sent by ordinary mail to each member of the board of directors of the area community college or area vocational school, and to the news media which serve the merged area where the school is located; but any good faith error or failure to comply with this sentence shall not affect the validity of any action by the state board. If, during the year, the area community college or area vocational school remedies the reasons for removal and satisfies the state board that it will thereafter comply with the laws and approval standards the state board shall continue the area community college or area vocational school on the approved list and shall transmit to the area community college or area vocational school notice of the action by registered or certified mail.

9. At any time during the year after notice is given, the board of directors of the area community college or area vocational school may request a public hearing before the state board of public instruction, by mailing a written request to the superintendent of public instruction by registered or certified mail. The president of the state board shall promptly set a time and place for the public hearing, which shall be either in Des Moines or in the affected merged area. At least thirty days' notice of the time and place of the hearing shall be given by registered or certified mail addressed to the superintendent of the area community college or area vocational school. At least ten days before the hearing, notice of the time and place of the hearing and the reasons for removal shall also be published by the state department in a newspaper of general circulation in the merged area where the area community college or area vocational school is located.

10. At the hearing the area community college or area vocational school may be represented by counsel and may present evidence. The state board may provide for the hearing to be recorded or reported. If requested by the area community college or area vocational

school at least ten days before the hearing, the state board shall provide for the hearing to be recorded or reported at the expense of the area community college or area vocational school, using any reasonable method specified by the area community college or area vocational school. Within ten days after the hearing, the state board shall render its written decision, signed by a majority of its members, and shall affirm, modify or vacate the action or proposed action to remove the area community college or area vocational school from the approved list. [C66, 71, 73, §257.25, 280A.33; 65GA, ch 1168, §18]

280A.35 Limitation on land. A merged area may not purchase land which will increase the aggregate of land owned by such area, excluding land which has been or may be acquired by donation or gift, by more than three hundred twenty acres. Such limitation shall not apply to merged areas owning more than three hundred twenty acres, excluding land acquired by donation or gift, prior to January 1, 1969.

With the approval of the state board, the board of directors of any merged area at any time may sell any land in excess of one hundred sixty acres owned by the merged area, and no election shall be necessary in connection with such sale notwithstanding any other provisions of law. The proceeds of the sale may be used for any of the purposes stated in section 280A.22. This paragraph is in addition to any authority under other provisions of law. [C71, 73, §280A.35]

280A.36 Faculty development. The administration of the college shall encourage the continued development of faculty potential by: (1) Regularly stimulating department chairmen or heads to meet their responsibilities in this regard; (2) lightening the teaching loads of first-year instructors whose course preparation and in-service training demand it; (3) stimulating curricular evaluation; and (4) encouraging the development of an atmosphere in which the faculty brings a wide range of ideas and experiences to the students, each other, and the community. [C71, 73, §280A.36]

This section was enacted by the General Assembly as an amendment to a departmental rule, no. 5 4(8) of the Department of Public Instruction.

The board of directors may, with the approval of the state board, enter into lease agreements, with or without purchase options, not to exceed twenty years in duration, for the leasing or rental of buildings for use basically as classrooms, laboratories, shops, libraries and study halls for vocational school or community college purposes, and pay for the same with funds acquired pursuant to section 280A.17, section 280A.18, and section 280A.22.

Such agreements may include the leasing of existing buildings on public or private property, buildings to be constructed upon real estate owned by the area school, or buildings to be placed upon real estate owned by the area school.

Before entering into a lease agreement with a purchase option for a building to be constructed, or placed, upon real estate owned by the area school, the board shall first adopt plans and specifications for the proposed building which it considers suitable for the intended use, and the board shall also adopt the proposed terms of the lease agreement and purchase option. Upon obtaining the approval of the state board, the board shall invite bids thereon, by advertisement published once each week for two consecutive weeks in the county where the building is to be located. Such lease agreement shall be awarded to the lowest responsible bidder, or the board may reject all bids and readvertise for new bids. [C71, 73, §280A.38]

280A.39 Combining merged areas—election.

Any merged area may combine with any adjacent merged area after a favorable vote by the electors of each of the areas involved. If the boards of directors of two or more merged areas agree to a combination, the question shall be submitted to the electors of each area at a special election to be held on the same day in each area. The special election shall not be held within thirty days of any general election. Prior to the special election, the board of each merged area shall notify the county commissioner of elections of the county in which the greatest proportion of the merged area's taxable base is located who shall publish notice of the election at least three times, no oftener than once a week, in one or more newspapers of general circulation within the merged area. The two respective county commissioners of elections shall conduct the election pursuant to the provisions of chapters 39 to 53. The votes cast in the election shall be canvassed by the county board of supervisors and the county commissioners of elections who conducted the election shall certify the results to the board of directors of each merged area.

If the vote is favorable in each merged area, the boards of each area shall proceed to transfer the assets, liabilities, and facilities of the areas to the combined merged area, and shall serve as the acting board of the combined merged area until a new board of directors is elected. The acting board shall submit to the state board a plan for redistricting the combined merged area, and upon receiving approval from the state board, shall provide for the election of a director from each new district at the next regular school election. The directors elected from each new district shall determine their terms by lot as provided in section 280A.12. Election of directors for the

combined merged area shall follow the procedures established for election of directors of a merged area. A combined merged area shall be subject to all provisions of law and regulations governing merged areas. [C71, 73, §280A.39; 65GA, ch 136, §278, ch 1101, §70]

280A.40 Area vocational school attendance center. Any merged area shall provide an area vocational school attendance center within a county of the merged area which contains a city of fifty thousand population or more as determined by the most recent federal decennial census. [C71, 73, §280A.40]

281.1 Division of education created. There is created within the state department of public instruction a division of special education for the promotion, direction, and supervision of education for children requiring special education in the schools under the supervision and control of the department. The state superintendent, subject to the approval of the state board of public instruction, is authorized to organize the division and to employ the necessary qualified personnel to carry out the provisions of this chapter. [C46, 50, 54, 58, 62, 66, 71, 73, §281.1]

281.2 Definitions.

1. "*Children requiring special education*" means persons under twenty-one years of age, including children under five years of age, who are handicapped in obtaining an education because of physical, mental, emotional, communication or learning disabilities or who are chronically disruptive, as defined by the rules of the department of public instruction.

2. "*Special education*" means classroom, home, hospital, institutional, or other instruction designed to meet the needs of children requiring special education as defined in subsection 1; transportation and corrective and supporting services required to assist children requiring special education, as defined in subsection 1, in taking advantage of, or responding to, educational programs and opportunities, as defined by rules of the department of public instruction.

It is the policy of this state to provide and to require school districts to make provision,

as an integral part of public education, for special education opportunities sufficient to meet the needs and maximize the capabilities of children requiring special education. This chapter is not to be construed as encouraging separate facilities or segregated programs designed to meet the needs of children requiring special education when such children can benefit from all or part of the education program as offered by the local school district. To the maximum extent possible, children requiring special education shall attend regular classes and shall be educated with children who do not require special education. Whenever possible, hinderances to learning and to the normal functioning of children requiring special education within the regular school environment shall be overcome by the provision of special aids and services rather than by separate programs for those in need of special education. Special classes, separate schooling or other removal of children requiring special education from the regular educational environment, shall occur only when, and to the extent that the nature or severity of the educational handicap is such that education in regular classes, even with the use of supplementary aids and services, cannot be accomplished satisfactorily. For those children who cannot adapt to the regular educational or home living conditions, and who are attending facilities under chapters 263, 269 and 270, upon the request of the board of directors of an area education agency, the department of social services shall provide residential or detention facilities and the area education agency shall

provide special education programs and services. The area education agencies shall cooperate with the board of regents to provide the services required by this Act*.

Special aids and services shall be provided to children requiring special education who are less than five years of age if the aids and services will reasonably permit the child to enter the educational process or school environment when the child attains school age.

Every child requiring special education shall, if reasonably possible, receive a level of education commensurate with the level provided each child who does not require special education. The cost of providing such an education shall be paid as provided in section 273.9 and chapters 281 and 442. It shall be the primary responsibility of each school district to provide special education to children who reside in that district if the children requiring special education are properly identified, the educational program or service has been approved, the teacher or instructor has been certified, the number of children requiring special education needing that educational program or service is sufficient to make offering the program or service feasible, and the program or service cannot more economically and equably be obtained from the area education agency, another school district, another group of school districts, a qualified private agency, or in co-operation with one or more other districts.

Any funds received by the school district of the child's residence for the child's education, derived from funds received through chapters 442 and 281 and section 273.9 shall be paid by the school district of the child's residence to the appropriate education agency, private agency, or other school district providing special education for the child pursuant to contractual arrangements as provided in section 273.3, subsections 5 and 7. [C46, 50, 54, 58, 62, 66, 71, 73, §281.2; 65GA, ch 1172, §68]

2. To establish standards for teachers to be employed under the provisions of this chapter, to give examinations for teachers to qualify to teach children requiring special education, and to issue certificates to teachers who qualify for such teaching.

3. To adopt rules consistent with the provisions of this chapter for the approval of plans for special education programs and services submitted by the director of special education of the area education agency.

4. To adopt plans for the establishment and maintenance of day classes, schools, home instruction, and other methods of special education for children requiring special education.

5. To purchase and otherwise acquire special equipment, appliances and other aids for use in special education, and to loan or lease same under such rules and regulations as the department may prescribe.

6. To prescribe courses of study, and curricula for special schools, special classes and special instruction of children requiring special education, including physical and psychological examinations, and to prescribe minimum requirements for children requiring special education to be admitted to any such special schools, classes or instruction.

7. To provide for certification by the director of special education of the eligibility of children requiring special education for admission to, or discharge from, special schools, classes or instruction.

8. To initiate the establishment of classes for children requiring special education or home study services in hospitals, nursing, convalescent, juvenile and private homes, in co-operation with the management thereof and local school districts or area education agency boards.

9. To co-operate with school districts or area education agency boards in arranging for any child requiring special education to attend school in a district other than the one in which he resides when there is no available special school, class, or instruction in the districts in which he resides.

10. To co-operate with existing agencies such as the state department of social welfare, the state department of public health, the state school for the deaf, the Iowa braille and sight-saving school, the state tuberculosis sanatorium, the children's hospitals, or other agencies concerned with the welfare and health of children requiring special education in the coordination of their educational activities for such children.

11. To investigate and study the needs, methods and costs of special education for children requiring special education.

12. To provide for the employment and establish standards for the performance of special education support personnel required to assist in the identification of and educational programs for children requiring special education.

13. To provide for the establishment of special education research and demonstration projects and models for special education program development.

15. To approve the acquisition and use of special facilities designed for the purpose of providing educational services to children requiring special education.

16. To make rules to carry out the powers and duties provided for in this section. [C46, 50, 54, 58, 62, 66, 71, 73, §281.3; 65GA, ch 1172, §§69-71].

Amendment effective July 1, 1975

281.4 Powers of board of directors. The board of directors of any school district or area education agency, with the approval of the state department of public instruction, may provide special education programs and services as defined in this chapter. If services are provided by the area education agency, with the approval of the department of public instruction, the board of directors of the area education agency with the co-operation of the local school districts within its jurisdiction may:

1. Establish and operate special education programs and classes for the education of children requiring special education.

2. Acquire, maintain, and construct facilities in which to provide education, corrective services, and supportive services for children requiring special education.

3. Make arrangements with participating school districts for the provision of special education, corrective, and supportive services to the children requiring special education residing in the school districts.

4. Employ special education teachers and personnel required to furnish corrective or supportive services to children requiring special education services.

5. Provide transportation for children requiring special education services that are in need of transportation in connection with any programs, classes or services.

6. Receive, administer and expend funds appropriated for its use.

7. Receive, administer and expend the proceeds of any issue of school bonds or other bonds intended wholly or partly for its benefit.

8. Apply for, accept, and utilize grants, gifts or other assistance.

9. Participate in, and make its employees eligible to participate in, any retirement system, group insurance system, or other program of employee benefits, on the same terms as govern school districts and their employees.

10. Do such other things as are necessary and incidental to the execution of any of its powers.

The board of directors of the local district or the area education agency shall employ qualified teachers certified by the authority provided by law as teachers for children requiring such special education. The maximum number of pupils per teacher shall be determined by the board of directors of the local district or the area education agency board in accordance with the rules and regu-

lations of the state department of public instruction.

The board of directors of the local district or the area education agency may establish and operate one or more special education centers to provide diagnostic, therapeutic, corrective, and other services, on a more comprehensive, expert, economic and efficient basis than can be reasonably provided by a single school district. Such services, if offered by the area education agency board, may be provided in the regular schools using personnel and equipment of the area education agency or, whenever it is impractical or inefficient to provide them on the premises of a regular school, the area education agency may provide services in its own facilities. To the maximum extent feasible, such centers shall be established at and in conjunction with, or in close proximity to one or more elementary and secondary schools. Local districts or the area education agencies may accept diagnostic and evaluation studies conducted by other individuals, hospitals, or centers, if determined to be competent. Children requiring special education services may be identified in any way that the department of public instruction determines to be reliable. Centers established pursuant to this section may contain classrooms and other educational facilities and equipment to supplement instruction and other services to handicapped children in the regular schools, and to provide separate instruction to children whose degree or type of educational handicap makes it impractical or inappropriate for them to participate in classes with normal children. [C46, 50, 54, 58, 62, 66, 71, 73, §281.4; 65GA, ch 1172, §72]

Effective July 1, 1975

The state crippled children's service shall from time to time as required furnish to the state division of special education the name, address, and disability of all children of their register. [C46, 50, 54, 58, 62, 66, 71, 73, §281.5; 65GA, ch 1172, §73]

Amendment effective July 1, 1975

281.6 Parent's or guardian's duties. When the school district or area education agency has provided special education services and programs as provided herein for any child requiring special education, either by admission to a special class or by supportive services, it shall be the duty of the parent or guardian to enroll said child for instruction in such special classes or supportive services as may be established, except in the event a doctor's certificate is filed with the secretary of the school district showing that it is inadvisable for medical reasons for the child requiring special education to receive the

special education provided; all the provisions and conditions of chapter 299 and amendments thereto shall be applicable to this section, and any violations shall be punishable as provided in said chapter.

A child, or his parent or guardian, or the school district in which the child resides, may obtain a review of any action or omission of state or local authorities pursuant to the procedures established in chapter 290 on the ground that the child has been or is about to be:

1. Denied entry or continuance in a program of special education appropriate to his condition and needs.
2. Placed in a special education program which is inappropriate to his condition and needs.
3. Denied educational services because no suitable program of education or related services is maintained.
4. Provided with special education which is insufficient in quantity to satisfy the requirements of law.
5. Assigned to a program of special education when he is not handicapped. [C46, 50, 54, 58, 62, 66, 71, 73, §281.6; 65GA, ch 1172, §74]

Amendment effective July 1, 1975

281.7 Examinations of children. In order to render proper instruction to each child requiring special education, the school districts shall certify children requiring special education for special instruction in accordance with the requirements set up by the division of special education and shall provide examinations for children preliminary to making certification. The examinations necessary for the certification of children requiring special education shall be prescribed by the state division of special education. Final decision in case of disagreement or appeal shall be the responsibility of the state superintendent of public instruction, who may secure the advice of competent medical and educational authorities including the state department of health, the university hospitals, the state department of social welfare, the superintendent of the state school for the deaf, the superintendent of the Iowa braille and sight-saving school, and the superintendent of the state tuberculosis sanatorium. [C46, 50, 54, 58, 62, 66, 71, 73, §281.7]

281.8 Exceptions to attendance. It shall not be incumbent upon the school districts or county boards of education to keep a child requiring special education in regular instruction when the child cannot sufficiently profit from the work of the regular classroom, nor to keep such child requiring special education in the special class or instruction for children requiring special education when it is determined that the child can no longer benefit therefrom, or needs more specialized instruction which is available in special state schools.

In the case of any person who, by reason of congenital factors, accident or prolonged illness, has not been able to finish the special

education by his or her twenty-first birthday, the period of special education may be continued for not exceeding three years thereafter.

No provision of this chapter shall be construed to require or compel any person who is a member of a well-recognized church or religious denomination and whose religious convictions, in accordance with the tenets or principles of his or her church or religious denomination, are opposed to medical or surgical treatment for disease to take or follow a course of physical therapy, or submit to medical treatment, nor shall any parent or guardian who is a member of such church or religious denomination and who has such religious convictions be required to enroll a child in any course or instruction which utilizes medical or surgical treatment for disease. [C46, 50, 54, 58, 62, 66, 71, 73, §281.8]

281.9 Weighting plan.

1. In order to provide funds for the excess costs of instruction of children requiring special education, above the costs of instruction of pupils in a regular curriculum, a special education weighting plan for determining enrollment in each school district is adopted as follows:

- a. Pupils in a regular curriculum are assigned a weighting of one.
- b. Children requiring special education who require special adaptations while assigned to a regular classroom for basic instructional purposes and handicapped pupils placed in a special education class who receive part of their instruction in regular classrooms are assigned a weighting of one and eight-tenths for the school year commencing July 1, 1975.
- c. Children requiring special education who require full-time, self-contained special education placement with little integration into a regular classroom are assigned a weighting of two and two-tenths for the school year commencing July 1, 1975.
- d. Children requiring special education who are severely handicapped or who have multiple handicaps, or who are chronically disruptive, are assigned to a weighting of four and four-tenths for the school year commencing July 1, 1975.

e. Shared-time and part-time pupils of school age who require special education shall be placed in the proper category and counted in the proportion that the time for which they are enrolled or receive instruction for the school year bears to the time that full-time pupils, carrying a normal course schedule, in the same school district, for the same school year are enrolled and receive instruction.

2. The weighting for each category of child multiplied by the number of children in each category in the enrollment of a school district, as identified and certified by the director of special education for the area, determines the weighted enrollment to be used in that district for purposes of computations required under

the state school foundation plan in chapter 442.

3. The weight that a child is assigned under this section shall be dependent upon the required educational modifications necessary to meet the special education needs of the child. Enrollment for the purpose of this section, and all payments to be made pursuant thereto, includes all children for whom a special education program or course is to be provided pursuant to sections 273.1 to 273.9 and chapter 281, whether or not the children are actually enrolled upon the records of a school district.

4. On December 1, 1975, and no later than December 1 every two years thereafter, for the school year commencing the following July 1, the superintendent of public instruction shall report to the school budget review committee the average costs of providing instruction for children requiring special education in the categories of the weighting plan established under this section, and shall make recommendations to the school budget review committee for needed alterations to make the weighting plan suitable for subsequent school years. The school budget review committee shall establish the weighting plan for each school year after the school year commencing July 1, 1975, and shall report the plan to the superintendent of public instruction. The school budget review committee shall not alter the weighting assigned to pupils in a regular curriculum, but it may increase or decrease the weighting assigned to each category of children requiring special education by not more than two-tenths of the weighting assigned to pupils in a regular curriculum. The department of public instruction shall promulgate rules under chapter 17A, to implement the weighting plan for each year and to assist in identification and proper indexing of each child in the state who requires special education.

5. The division of special education shall audit the reports required in section 273.5 to determine that all children in the area who have been identified as requiring special education have received the appropriate special education instructional and support services, and to verify the proper identification of pupils in the area who will require special education instructional services during the school year in which the report is filed. The division shall certify to the state comptroller the cor-

rect total enrollment of each school district in the state, determined by applying the appropriate pupil weighting index to each child requiring special education, as certified by the directors of special education in each area.

6. The division may conduct an evaluation of the special education instructional program or special education support services being provided by an area education agency, school district, or private agency, pursuant to sections 273.1 to 273.9 and chapter 281, to determine if the program or service is adequate and proper to meet the needs of the child; if the child is benefiting from the program or service; if the costs are in proportion to the educational benefits being received; and if there are any improvements that can be made in the program or service. A written report of the evaluation shall be sent to the area education agency, school district, or private agency evaluated and to the president of the senate and speaker of the house of representatives of the general assembly. 281.11 Program plans. Program plans submitted to the department of public instruction pursuant to section 273.4 for approval shall establish all of the following:

1. That there are sufficient children requiring special education within the area.

2. That the service or program will be provided by the most appropriate educational agency.

3. That the educational agency providing the service or program has employed qualified special educational personnel.

4. That the instruction is a natural and normal progression of a planned course of instruction.

5. That all revenue raised for support of special education instruction and services is expended for actual delivery of special education instruction or services.

public high school of equivalent standing in an adjoining state, if said school in the adjoining state be nearer to the pupil's residence than any approved public high school in the state of Iowa, but no board shall pay tuition to a high school outside the state for pupils whose actual residence is nearer to an approved high school in Iowa when measured by the nearest traveled public road. [SS15, §2733-1a; C24, 27, 31, 35, 39, §4275; C46, 50, 54, 58, 62, 66, 71, 73, §282.17]

No depreciation charge shall be made for the portion of the initial cost of buildings and equipment purchased with federal grants. The appraisal and itemized state-

Such appraisal shall be made by a board comprised of the county or city assessor and one member appointed by the local school corporation and one member appointed by the area education agency board.

Tuition charges for regularly established junior high schools not extending below the seventh grade shall be computed in the same manner as prescribed above for high schools, using the costs applicable to junior high schools.

The tuition rates and the computation thereof shall be filed with the superintendent of public instruction not later than July 30 for his review and approval. Receiving districts cannot receive tuition until approval is granted by the superintendent of public instruction.

It shall be unlawful for any school district to rebate to any pupils or their parents, directly or indirectly, any portion of the tuition collected or to be collected or to authorize or permit such pupils to receive at the expense of the district, directly or indirectly, any special compensation, benefit, privilege, or other thing of value that is not and cannot legally be made available to all other pupils enrolled in its schools. Any superintendent or board members responsible for such unlawful act shall each be personally liable to a fine of not to exceed one hundred dollars. Action to recover such penalty or action to enjoin such unlawful act may be instituted by the board of any school district or by a taxpayer in any school district.

On or before February 15 and June 15 of each year the secretary of the creditor district shall deliver to the secretary of the debtor district an itemized statement of such tuition fees. [SS15,§2733-1a; C24, 27, 31, 35, 39,§4277; C46, 50, 54, 58, 62, 66, 71, 73,§282.20; 65GA, ch 1172,§78]

The auditor shall transmit to the county treasurer an order directing him to transfer the amount of such account from the funds of the debtor corporation to the creditor corporation, and he shall pay the same accordingly. [SS15,§2733-1a; C24, 27, 31, 35, 39,§4278; C46, 50, 54, 58, 62, 66, 71, 73,§282.21]

282.22 Tuition in charitable institutions. When any child is cared for in any charitable institution in this state which does not maintain a school providing secular instruction, and which institution is organized and operating under the laws of Iowa, and the domicile of

the child is in another school district than that wherein the institution is situated, then such child shall be entitled to attend school in the district where such institution is located. In such case the cost of the tuition and transportation, when required by law, shall be paid by the treasurer of the state as provided in section 282.23. [C24, 27, 31, 35, 39,§4283; C46, 50, 54, 58, 62, 66, 71, 73,§282.22]

282.23 Tuition when in boarding home. When any child of school age has become a public charge and is being cared for in a children's boarding home licensed by the state, and the domicile of such child at the time it became a public charge was in another school district than the one wherein such boarding home is located, then such child shall be entitled to attend public school in the school district in which such boarding home is located, or if such district does not maintain a school offering instruction in the grade in which such child is properly classified, then such child may attend upon such instruction in any approved public school in the state that will receive it. The tuition and transportation when required of such a child, at the rates established by law, shall be paid by the treasurer of state from any funds in the state treasury not otherwise appropriated, and upon warrants drawn by the state comptroller upon the requisition of the superintendent of public instruction. If such child was in the district at the time the regular biennial school census was taken, the semiannual apportionments shall be deducted from the tuition due the district under the provisions of this section. The superintendent of public instruction is hereby empowered to require such reports as are necessary properly to carry out the provisions of this section. [C39,§4283.01; C46, 50, 54, 58, 62, 66, 71, 73,§282.23]

282.24 Tuition rates determined by superintendent. The superintendent of public instruction shall determine a maximum tuition rate to be charged for students, elementary or high school, residing within another school district or corporation. This maximum tuition rate shall be determined in the following manner: Classify all schools, elementary and secondary, located in school districts or corporations with populations of one thousand to fourteen thousand nine hundred ninety-nine, inclusive, according to monthly per pupil costs. In such classification the school that falls within the eighty-fifth percentile of the monthly per pupil cost shall form the basis. Using this figure the elementary and high school tuition rates for the succeeding year shall be determined so that the rate for the high school student is one and seventy-five hundredths times the rate for the elementary student. The junior high school rate shall be one and fifty hundredths times the elementary rate.

The superintendent of public instruction shall, after July 1 but before September 1 of each year, notify every school in the state,

affected by this section, what the computed maximum tuition rate shall be for the ensuing year.

Nothing in this section shall prevent the corporation or district in which the student resides from paying a tuition in excess of the maximum computed tuition rates, if the actual per pupil cost of the preceding year so warrants, but in no case may the receiving district or corporation demand more than the maximum rate. [C50, 54, 58, 62, 66, 71, 73, §282.24]

Referred to in §§279.18, 282.20

In such case the cost of tuition and transportation, at the rates established by law, shall be paid by the treasurer of the state from any funds in the state treasury not otherwise appropriated and upon warrants drawn by the state comp-

troller upon requisition of the superintendent of public instruction. [C66, 71, 73, §282.25]

282.26 High school students attending advanced courses. The board of any junior college school district may, by mutual agreement with any college or university, permit any specially qualified high school student to attend advanced courses of academic instruction therein.

The state board of regents and the department of public instruction may by rule permit such students to attend any institution of higher learning under their jurisdiction. Credit earned in any such course at a junior college, college or university may be applied toward credit for high school graduation. No public school funds shall be expended for payment of tuition or other costs for such attendance at any college or university, unless such payment is expressly permitted or required by law.

The foregoing provisions shall also apply to junior colleges, colleges and universities in adjacent states when such institutions are located nearer to the homes or schools of the school district than the closest junior college, college or university within the state. [C66, 71, 73, §282.26]

Such use shall not interfere with the use of the facilities for public school purposes. The board may charge for such use an amount not to exceed the cost to the district. [C71, 73, §283A.8]

283A.9 Building for school lunch facility. School districts are authorized to purchase, erect, or otherwise acquire a building for use as a school lunch facility, and to equip such a building for such use, and pay for same from unencumbered funds on hand in the schoolhouse fund derived from taxes voted under authority of sections 278.1, subsection 7, or 275.32, subject to the terms of this section, or may pay for same from the proceeds of the sale of school property sold under section 297.22, or from surplus remaining in the schoolhouse fund after retirement of a bond issue, or from a tax voted for said purposes. [65GA, ch 195, §1]

283A.10 School lunch in nonpublic schools. The authorities in charge of nonpublic schools

may operate or provide for the operation of school lunch programs in schools under their jurisdiction and may use funds appropriated to them by the general assembly, gifts, funds received from sale of school lunches under such programs, and any other funds available to the nonpublic school. However, school lunch

programs shall not be required in nonpublic schools. The department of public instruction shall direct the disbursement of state funds to nonpublic schools for school lunch programs in the same manner as state funds are disbursed to public schools. [65GA, ch 1069,§4]

CHAPTER 284

INTERSTATE AGREEMENT ON QUALIFICATION OF EDUCATIONAL PERSONNEL

Chapter 284, Code 1973, repealed by 65GA, ch 258,§16

284.1 Interstate agreement.

284.2 Designated state official.

284.3 Contracts on file.

284.1 Interstate agreement. The interstate agreement on qualification of educational personnel is hereby enacted into law and entered into with all jurisdictions legally joining therein, in the form substantially as follows:

ARTICLE I—PURPOSE, FINDINGS, AND POLICY

1. The states party to this agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of co-operation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interest of society, of education, and of the teaching profession. It is the purpose of this agreement to provide for the development and execution of such programs of co-operation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

2. The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the available educational resources. Participation in this agreement can increase the availability of educational manpower.

ARTICLE II—DEFINITIONS

As used in this agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

1. "*Educational personnel*" means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

2. "*Designated state official*" means the education official of a state selected by that state to negotiate and enter into, on behalf of his state, contracts pursuant to this agreement.

3. "*Accept*", or any variant thereof, means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

4. "*State*" means a state, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico.

5. "*Originating state*" means a state (and the subdivision thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to article III of this agreement.

6. "*Receiving state*" means a state (and the subdivisions thereof) which accepts educational personnel in accordance with the terms of a contract made pursuant to article III of this agreement.

ARTICLE III—INTERSTATE EDUCATIONAL PERSONNEL CONTRACTS

1. The designated state official of a party state may make one or more contracts on behalf of his state with one or more other party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this agreement. A designated state official may enter into a contract

pursuant to this article only with states in which he finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in his own state.

2. Any such contract shall provide for:

a. Its duration.

b. The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.

c. Such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.

d. Any other necessary matters.

3. No contract made pursuant to this agreement shall be for a term longer than five years but any such contract may be renewed for like or lesser periods.

4. Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

5. The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

6. A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting states.

ARTICLE IV—APPROVED AND ACCEPTED PROGRAMS

1. Nothing in this agreement shall be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

2. To the extent that contracts made pursuant to this agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in applicable contract.

ARTICLE V—INTERSTATE CO-OPERATION

The party states agree that:

1. They will, so far as practicable, prefer the making of multilateral contracts pursuant to article III of this agreement.

2. They will facilitate and strengthen co-operation in interstate certification and other elements of educational personnel qualification and for this purpose shall co-operate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification.

ARTICLE VI—AGREEMENT EVALUATION

The designated state officials of any party states may meet from time to time as a group to evaluate programs under the agreement, and to formulate recommendations for changes.

ARTICLE VII—OTHER ARRANGEMENTS

Nothing in this agreement shall be construed to prevent or inhibit other arrangements or practices of any party state or states to facilitate the interchange of educational personnel.

ARTICLE VIII—EFFECT AND WITHDRAWAL

1. This agreement shall become effective when enacted into law by two states. Thereafter it shall become effective as to any state upon its enactment of this agreement.

2. Any party state may withdraw from this agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states.

3. No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

ARTICLE IX—CONSTRUCTION AND SEVERABILITY

This agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this agreement shall be held contrary to the constitution of any state participating therein, the agreement shall remain in full force and effect as to the state affected as to all severable matters. [65GA, ch 196,§1]

Referred to in §284.2

284.2 Designated state official. The designated state official for this state, within the meaning of article II, paragraph 2, of the

interstate agreement on qualification of educational personnel as set forth in section 284.1, shall be the superintendent of public instruction. He shall enter into contracts pursuant to article III of the agreement only with the approval of the specific text thereof by the state board of public instruction. [65GA, ch 196,§2]

284.3 Contracts on file. True copies of all contracts made on behalf of this state pursuant to the interstate agreement on qualification of educational personnel shall be kept on file in the department of public instruction and in the office of the secretary of state. The department of public instruction shall publish all such contracts in convenient form. [65GA, ch 196,§3]

285.1 When entitled to state aid.

1. The board of directors in every school district shall provide transportation, either directly or by reimbursement for transportation, for all resident pupils attending public school, kindergarten through twelfth grade, except that:

a. Elementary pupils shall be entitled to transportation only if they live more than two miles from the school designated for attendance.

b. High school pupils shall be entitled to transportation only if they live more than three miles from the school designated for attendance.

For the purposes of this subsection, high school means a school which commences with either grade nine or grade ten, as determined by the board of directors of the school district or by the governing authority of the nonpublic school in the case of nonpublic schools.

Boards in their discretion may provide transportation for some or all resident pupils attending public school or pupils who attend nonpublic schools who are not entitled to transportation. Boards in their discretion may collect from the parent or guardian of the pupil not more than the pro rata cost for such optional transportation, determined as provided in subsection 12.

To the extent that this section as amended requires transportation which was not required before August 15, 1973, the board of directors shall not be required to provide such transportation before July 1, 1978.

2. Any pupil may be required to meet a school bus on the approved route a distance of not to exceed three-fourths of a mile without reimbursement.

3. In any district where transportation by school bus is impracticable or where school

bus service is not available, the board may require the parents or guardian to transport their children to the school designated for attendance. The parent or guardian shall be reimbursed for such transportation service for elementary pupils by the board of resident district for the distance one way from the pupil's residence to the school designated for attendance at the rate of twenty-eight cents per mile per day irrespective of number of children transported. For high school pupils, the parent or guardian shall be reimbursed forty dollars per pupil per year for such service, provided however no family shall receive more than eighty dollars per year for transporting the members of the family who attend high school. The provisions of this section shall apply to eligible nonpublic school pupils as well as to eligible public school pupils. However, reimbursement for nonpublic school pupils shall not exceed forty dollars per pupil per year.

4. In all districts where unsatisfactory roads or other conditions make it advisable, the board at its discretion may require the parent or guardian to transport their children up to two miles to connect with a vehicle of transportation. The parent or guardian shall be reimbursed for such transportation by the board of resident district at the rate of twenty-eight cents per mile per day, one way, per family for the distance from pupil's residence to the bus route.

5. Where transportation by school bus is impracticable or not available or other existing conditions warrant it, arrangements may be made for use of common carriers according to uniform standards established by the state superintendent of public instruction. The cost shall be the actual cost of service not to exceed forty dollars per pupil per year.

6. When the school designated for attendance of pupils is engaged in the transportation of pupils, the sending or designating school shall use these facilities and pay the pro rata cost of transportation except that a district sending pupils to another school may make other arrangements when it can be shown that such arrangements will be more efficient and economical than to use facilities of the receiving school, providing such arrangements are approved by the board of the area education agency.

7. If a local board closes either elementary or high school facilities and is approved by the board of the area education agency to operate its own transportation equipment, the full cost of transportation shall be paid by the board for all pupils living beyond the statutory walking distance from the school designated for attendance.

8. Transportation service may be suspended upon any day or days, due to inclemency of the weather, conditions of roads, or the existence of other conditions, by the board of the school district operating the buses, when in their judgment it is deemed advisable and when the school or schools are closed to all children.

9. Distance to school or to a bus route shall in all cases be measured on the public highway only and over the most passable and safest route as determined by the area education agency board, starting in the roadway opposite the private entrance to the residence of the pupil and ending in the roadway opposite the entrance to the school grounds or designated point on bus route.

10. The board in any district providing transportation for nonresident pupils shall collect the pro rata cost of transportation from the district of pupil's residence for all properly designated pupils so transported.

11. Boards in districts operating buses may transport nonresident pupils who attend public school, kindergarten through junior college, who are not entitled to free transportation provided they collect the pro rata cost of transportation from the parents.

12. The pro rata cost of transportation shall be based upon the actual cost for all the children transported in all school buses. It shall include one-seventh of the original net cost of the bus and such other items as shall be determined and approved by the superintendent of public instruction but no part of the capital outlay cost for school buses and transportation equipment for which the school district is reimbursed from state funds or that portion of the cost of the operation of any school bus used in transporting pupils to and from extra-curricular activities shall be included in determining said pro rata cost. In any district where because of unusual conditions, the cost of transportation is in excess of the actual operating cost of the bus route used to furnish transportation to nonresident pupils, the board of the local district may charge

a cost equal to the cost of other schools supplying such service to that area, upon receiving approval of the state director of school transportation. Capital outlay for school buses and transportation equipment shall be excluded from the capital outlay in determining tuition costs as provided in section 279.18, and section 282.20.

13. When a local board fails to pay transportation costs due to another school for transportation service rendered, the board of the creditor corporation shall file a sworn statement with the area education agency board specifying the amount due. The agency board shall check such claim and if the claim is valid shall certify to the county auditor. The auditor shall transmit to the county treasurer an order directing him to transfer the amount of such claim from the funds of the debtor corporation to the creditor corporation and the treasurer shall pay the same accordingly.

14. Resident pupils attending a nonpublic school located either within or without the school district of the pupil's residence shall be entitled to transportation on the same basis as provided for resident public school pupils under this section. The public school district providing transportation to a nonpublic school pupil shall determine the days on which bus service is provided, which shall be based upon the days for which bus service is provided to public school pupils, and the public school district shall determine bus schedules and routes. In the case of nonpublic school pupils the term "school designated for attendance" means the nonpublic school which is designated for attendance by the parents of the nonpublic school pupil.

15. If the nonpublic school designated for attendance is located within the public school district in which the pupil is a resident, the pupil shall be transported to the nonpublic school designated for attendance as provided in this section.

16. If the nonpublic school designated for attendance of a pupil is located outside the boundary line of the school district of the pupil's residence, the pupil may be transported by the district of residence to a public school or other location within the district of the pupil's residence. A public school district in which a nonpublic school is located may establish school bus collection locations within its district from which nonresident nonpublic school pupils may be transported to and from a nonpublic school located in the district. If a pupil receives such transportation, the district of the pupil's residence shall be relieved of any requirement to provide transportation.

17. The public school district may meet the requirements of subsections 14 to 16 by any of the following:

a. Transportation in a school bus operated by a public school district.

b. Contracting with private parties as provided in section 285.5. However, contracts shall not provide payment in excess of the average

per pupil transportation costs of the school district for that year.

c. Utilizing the transportation reimbursement provision of subsection 3. However, no reimbursement shall exceed forty dollars per nonpublic school pupil per year.

18. The state superintendent of public instruction may review all transportation arrangements to see that they meet all legal and established uniform standard requirements.

19. Transportation authorized by this chapter is exempt from all laws of this state regulating common carriers.

20. Transportation for which the pro rata cost or other charge is collected shall not be provided outside the state of Iowa except in accordance with rules adopted by the state department of public instruction in accordance with chapter 17A. The rules shall take into account any applicable federal requirements.

21. Boards in districts operating buses may in their discretion transport senior citizens, children and handicapped persons, who are not otherwise entitled to free transportation, and shall collect the pro rata cost of transportation. Transportation under this subsection shall not be provided when the school bus is being used to transport pupils to or from school unless the board determines that such transportation is desirable and will not interfere with or delay the transportation of pupils. [S13, §§2794-b, -c, -d, -e; SS15, §§2794-a, -g; C24, 27, 31, §§4179-4181, 4184, 4186; C35, §§4179-4181, 4184, 4186, 4233-e5; C39, §§4179-4181, 4184, 4186, 4233.5; C46, §§276.26, 276.28, 276.29, 276.32, 276.34, 279.20, 285.1, 285.5; C50, 54, 58, 62, 66, 71, 73, §285.1; 65GA, ch 197, §§1, 2, 6, ch 1169, §§2-4, ch 1172, §79]

Referred to in §§285.2, 285.11, 321.18
Amendment effective July 1, 1975

285.2 Payment of claims for nonpublic school pupil transportation. Boards of directors of school districts shall be required to provide transportation services to nonpublic school pupils as provided in section 285.1 only during school years when the general assembly has appropriated funds to the department of public instruction for the payment of claims for transportation costs submitted by the school district.

If the funds appropriated by the general assembly are not sufficient to pay the claims submitted by the school districts, the amount paid to each school district by the department shall be prorated on the basis of funds so appropriated. The difference between the amount of the claim of a school district and the amount of payment received from the department of public instruction shall be paid by the parent or guardian of the nonpublic school pupil transported.

The costs of providing transportation to nonpublic school pupils as provided in section 285.1 shall not be included in the computation of district cost under chapter 442, but shall be

shown in the budget as an expense from miscellaneous income. Any transportation reimbursements received by a local school district for transporting nonpublic school pupils shall not affect district cost limitations of chapter 442. The reimbursements provided in this section are miscellaneous income as defined in section 442.5.

On February 1 and June 1 of each year, the department of public instruction shall certify to the state comptroller the amounts of approved claims to be paid, and the state comptroller shall draw warrants payable to school districts which have established claims. [65GA, ch 1169, §§7, 10]

See §4.12

Temporary provisions, 65GA, ch 1169, §10

285.3 Repealed by 62GA, ch 356, §27.

285.4 Pupils sent to another district. The board in districts not maintaining high school facilities shall by record action designate the school or schools for attendance of all high school pupils from their respective districts. In making designations, the local board shall give consideration to the wishes of the majority of the patrons, the adequacy of the facilities and curricular offerings and available bus service to avoid duplication of transportation facilities to different receiving schools.

When a board closes its elementary school facilities for lack of pupils or by action of the board, it shall, if there is a school bus service available in the area, designate for attendance the school operating the buses, provided the board of such school is willing to receive them and the facilities and curricular offerings are adequate. The board of the district where the pupils reside may with the approval of the area education agency board, subject to legal limitations and established uniform standards, designate another rural school and provide their own transportation if the transportation costs will be less than to use the established bus service.

All designations must be submitted to the area education agency board on or before July 15, for review and approval. The agency board shall after due investigation alter or change designations to make them conform to legal requirements and established uniform standards for making designations and for locating and establishing bus routes. After designations are made, they will remain the same from year to year except that on or before July 15, of each year, the rural board or parents may petition the agency board for a change of designation to another school. Appeals from the decision of the agency board on designations may be made by either the parents or board to the state superintendent of public instruction as provided in section 285.12 and section 285.13. [C35, §§4274-e1, -e3, -e4, -e6; C39, §§4274.03, 4274.05, 4274.06, 4274.08; C46, §§282.10, 282.12, 282.13, 282.15, 285.4; C50, 54, 58, 62, 66, 71, 73, §285.4; 65GA, ch 1172, §80]

285.5 Contracts for transportation.

1. Contracts for school bus service with private parties shall be in writing and be for the transportation of children who attend public school and children who attend nonpublic school. Such contracts shall define the route, the length of time, service contracted for, the compensation, the vehicle to be used. The contract shall prescribe the duties of the contractor and driver of the vehicles and shall provide that every person in charge of a vehicle conveying children to and from school shall be at all times subject to any rules said board shall adopt for the protection of the children, or to govern the conduct of the persons in charge of said conveyance. Contracts may be made for a period not to exceed three years.

The contract shall provide that the contractor will sell the equipment to the board should he desire to terminate the contract, provided the board should desire to purchase said equipment, the price of the equipment to be determined by an appraisal board composed of one person appointed by the school board, one appointed by the owner of the equipment, and a third selected by these two.

2. The contractor shall operate the vehicle himself or provide a driver who must be approved by the board. The contractor and driver shall be subject to all laws and prescribed standards for school bus drivers. 4. Inspect or cause to be inspected all vehicles used as school buses to transport school children to determine if such vehicles meet all legal and established standards of construction and can be operated with safety, comfort, and economy. When it is determined that further use of such vehicles is dangerous to the pupils transported and to the safety and welfare of the traveling public, the department of public instruction shall order such vehicle to be withdrawn from further use on a specified date. School buses which do not conform to the requirements of the department of public instruction may be issued a temporary certificate of operation provided that such school buses can be operated with safety, and provided further that no such certificate shall be issued for a period in excess of one year. All equipment can be required to be altered, or safety equipment added in order to make vehicles reasonably safe for operation. New buses after initial inspection and approval shall be issued a seal of inspection. After each annual inspection a seal of inspection and approval shall be issued. 3. Approve all bus routes outside the boundary of the district of the school operating buses.
4. When a local board fails to make designations and other necessary arrangements for transportation as required by law, the agency board shall, after due notice to the local board, make necessary arrangements in conformity with law and established requirements. Notice shall be given to the local board of the arrangements as made. The arrangements shall be binding on the local board which shall pay the costs for service as arranged. Section 613A.7 shall apply to such insurance. However, the board of directors in its discretion shall determine the insurance coverages and limits, and the school district and directors shall not be liable as a result of any such discretionary decision.

7. When a school qualifies to purchase buses, they may be purchased as follows:

[C50, 54, 58, 62, 66, 71, 73, §286A.1]

286A.2 Repealed by 62GA, ch 356, §22.

286A.3 Basis of aid—standards for junior colleges. General school aid shall be distributed under this chapter on the basis provided in section 286A.4.

Approval standards for public community and junior colleges shall be established and approved as prescribed in section 280A.33, with said standards to be issued and enforced by the state department of public instruction. Eligibility for receipt of state aid for public community and junior colleges shall be determined by the state board of public instruction and the state board of regents. No aid shall be paid to a public community or junior college unless such college meets approval standards. [C50, 54, 58, 62, 66, 71, 73, §286A.3]

286A.4 Determination. The general school aid funds allocated to each district shall be determined as follows:

Multiply one dollar and thirty cents by the number of students for which the district pays tuition for such students to attend an area vocational technical high school or program which has been established and approved under the provisions of chapter 258. Multiply this product by the actual number of days that the vocational technical school was officially in session, not to exceed one hundred eighty days. For any district which has an area vocational technical high school or program established and approved under the provisions of chapter 258, multiply one dollar and fifty cents by the number of full-time day students who have graduated from high school or who are beyond twenty-one years of age and are tuition students. Multiply this product by the actual number of days that the school was officially in session, not to exceed one hundred eighty days. A school district, in computing the tuition to charge such a student, shall deduct the amount of general aid received for such student from the regular tuition for such student. [C50, 54, 58, 62, 66, 71, 73, §286A.4]

Referred to in §286A.3

286A.5 Information furnished by school district. At the close of each school year, but not later than July 5, the local district or merged area school shall supply to the state department of public instruction the information required for calculation of the amount reimbursable to the district for elementary and secondary school. For any day student who has been enrolled on a less than a full school-day basis, the reimbursement shall be calculated proportionately to the portion for which he is enrolled as shall be determined by the state department of public instruction. For school districts operating a junior college or community college, the aid to the district for such college shall be separately appropriated, calculated, prorated when necessary, and paid as hereinafter provided in sections 286A.8 to 286A.10. Forms for reporting information to calculate aid for elementary and secondary school purposes shall be supplied by the state department of public instruction to each school district not later than June 1. On or before August 1, the state department of public instruction shall furnish to the state comptroller estimates of the amount reimbursable for the year to each school district for general aid for elementary and secondary school purposes and upon said estimates the state comptroller shall, on or about August 1, make payment of the first half of the annual amount appropriated for such general aid. After all such claims have been calculated for the year and validated for accuracy, the state department of public instruction shall certify the same to the state comptroller prior to February 1. On or about February 1, the state comptroller shall make payment to the school districts, of the balance of the amount appropriated for such general aid, which, when taken with the first half payment, conforms to the amount of full year reimbursement due each school district as then validated and certified by the state department of public instruction. In the event that the amount appropriated for reimbursement of the school districts for such purposes is insufficient to pay in full the amounts to each of the school districts or merged areas, then the amount of each payment shall be reduced by the state comptroller in the ratio that the total respective funds appropriated and available for such aid bears to the respective total amounts certified for reimbursement. All funds received or to be received under the provisions of this chapter shall be taken into account and considered by each school district or merged area when estimating the amount required for the general fund. [C50, 54, 58, 62, 66, 71, 73, §286A.5]

286A.6 Rules. The superintendent of public instruction, subject to the approval of the state board of public instruction, is hereby authorized to adopt such rules and definitions of terms as are necessary and proper for the administration of this chapter. The necessary expenses incurred by the department of public instruction in the administration of this chapter may be paid from the appropriation there-

for. When such conditions as unnatural weather hazards, bad roads, epidemics, and the like, occur to such an extent as to penalize any district, the superintendent of public instruction can adjust the formula by taking the average of several months' attendance in lieu of the months affected by such epidemics or hazards. [C50, 54, 58, 62, 66, 71, 73, §286A.6]

286A.7 Repealed by 62GA, ch 356, §24.

286A.8 General aid to junior or community colleges. School districts operating a junior or community college shall be entitled to general school aid therefor as follows: Multiply one dollar by the average daily enrollment of the students who are residents of such school district carrying twelve or more semester hours of work plus the full-time equivalent of resident students carrying less than twelve semester hours of work. Multiply two dollars and twenty-five cents by the average daily enrollment of students who are nonresidents of the district carrying twelve or more semester hours of work plus the full-time equivalent of nonresident students carrying less than twelve semester hours of work. Multiply the sum of these products by the actual number of days school was officially in session, not to exceed one hundred eighty days. For the purposes of this section, "work" means subjects or courses; for which credit may be earned and applied toward fulfillment of the requirements for a certificate, diploma, or degree; and which are approved by the state department of public instruction for state aid. [C71, 73, §286A.8]

Referred to in §§286A.5, 286A.10

286A.9 Merged area schools general aid. Merged areas operating area schools shall be entitled to general school aid. Each merged area shall be entitled to two dollars and twenty-five cents per day for the full-time equivalent enrollment of students who are residents of the state. The total amount of state aid allocated to each area shall be computed by the following formula:

$$\text{State aid} = \text{Full-time equivalent enrollment} \times 180 \text{ days} \times \$2.25.$$

The amount appropriated for general state aid for the fiscal year each year, shall first be allocated to each merged area, in accordance with the above formula, on the basis of its reimbursable full-time equivalent enrollment for the previous school year. Any amount remaining shall be allocated to each merged area as provided in sections 286A.11 and 286A.12. Any course or program, the direct operational costs of which are entirely paid by federal, state, or other governmental agencies or private subsidy, or both, shall not be eligible for reimbursement.

For the purpose of this chapter, the following definitions shall apply:

1. "Full-time equivalent enrollment" means the quotient of the total number of reimbursable hours carried by residents of the state attending a single area school, divided by five

hundred forty, which represents fifteen reimbursable hours per week for a period of thirty-six weeks.

2. "Reimbursable hour" means any of the following:

a. One contact hour of lecture in an approved course in arts and science or vocational-technical education. A contact hour of lecture is one that requires significant outside preparation.

b. Two contact hours of laboratory in an approved course in arts and science or vocational-technical education.

c. Two contact hours in an approved course of adult education that is eligible for general state aid, except that basic adult education, high school completion, and college credit courses that qualify as lecture courses will be reimbursed on a one contact hour basis. Courses dealing with recreation, hobbies, casual cultural, or self-enjoyment subjects shall not be eligible for reimbursement. [C71, 73, §286A.9]

Referred to in §§286A.5, 286A.10, 286A.11

Payment of the aid provided in sections 286A.8 and 286A.9 shall be made to each merged area, and to each school district operating a junior or community college on a quarterly basis, at the end of each quarter of the school year, which commences on July 1 and ends on the following June 30, in the following manner:

1. At the close of each school year but not later than July 5, the board of directors of each such school district or merged area shall certify to the state department of public instruction the information necessary to compute the aid entitlement, as hereinabove provided, for the school year ending on June 30 immediately preceding the said July 1. In addition thereto, each said board shall certify to the state department, its best bona fide estimate of what the same data and information will be for the school year that commences upon the said July 1, and ends on the following June 30.

2. On the basis of estimates certified, as provided in subsection 1 hereof, thirty percent of the anticipated aid entitlement for each such school district or merged area shall be paid to the district or merged area at the end of each of the first three quarters of the school year for which said estimates have been certified. The aid payment for the fourth quarter shall be equal to the difference between the aggregate aid payments for the first three quarters and the total amount of aid entitlement computed on the basis of the actual information required for calculation, as certified

in the following July, plus or minus such pro rata amount as may be necessary to make the aggregate total of general school aid paid to all such school districts or merged areas, as the case may be, for the said year equal to the respective amounts of aid funds appropriated for payment to such districts or areas in the said year.

3. Forms for the purpose of reporting the information and estimates required under subsection 1 hereof shall be supplied by the state department. After quarterly payments have been calculated they shall be certified to the state comptroller for payment. Such certification shall be made to the comptroller on or about August 1, November 1, February 1, and May 1 for aid payable for the preceding quarter. The comptroller shall pay the quarterly amounts so certified forthwith. [C71, 73, §286A.10]

1. Arts and science education.
2. Vocational-technical education.
3. General adult education.
4. Co-operative programs or services.

All expenditures shall be charged to the appropriate accounts. No funds shall be transferred from one account to another without the approval of the superintendent of public instruction, and notification of all such transfers shall be given to the state comptroller. The accounting system of each area school shall be audited annually by the auditor of state. [C71, 73, §286A.12]

TERMINATION IN CITIES

294.11 Resolution adopted. Any school district which has in operation the pension and annuity retirement system created pursuant to sections 294.8 to 294.10, inclusive, may terminate such system by the adoption by the board of directors of such district, of a resolution declaring such system terminated as of a date specified therein. [C50, 54, 58, 62, 66, 71, 73, §294.11]

Referred to in §294.12

294.12 Pension fund held for survivors. In the event of such termination, all assessments of teachers shall cease upon such date of termination, or upon such earlier date as may be prescribed in such resolution, and no additional taxes shall be levied or assessed for the operation of such system, save as in section 294.13. All undisposed of funds and accumulations derived from the operation of said system, including the proceeds, when collected, of any annual tax heretofore levied for the operation of said system, and including the proceeds of any annual tax levied hereafter pursuant to the provisions of section 294.13, shall constitute a retirement liquidation fund. Such liquidation fund shall be held for the benefit of those surviving beneficiaries under such system as of said date of termination, and of members of such system as of date of termination. There shall be set aside from such retirement liquidation fund an amount sufficient to provide for the payment of all surviving beneficiaries who shall be entitled to receive benefits under such system as of said date of termination, providing an actuarial computation has been made of the amount required to meet such benefit payments, providing the amount in the retirement liquidation fund is sufficient for this purpose, and the amount set aside shall be used for no other purpose than for the payment of claims to such beneficiaries. Any amount in excess of the actuarial equivalent of the sum required to pay such benefit payments shall be apportioned to persons who were as of the effective

date of the termination of the system, members of such system, in proportion to the amount which the accumulated contribution of each such person bears to the total funds of such retirement system subject to such apportionment. Any member of such system as of the date of termination thereof, may, in lieu of receiving the cash refund of his share of the liquidation fund, elect to come under the coverage of any new pension and annuity retirement system established by the district, to which he is eligible, with credits toward future benefits in consideration of his prior contributions and length of service, and may direct the transfer of the amount payable to him to the assets of the new pension and annuity retirement system. In any case where the board of directors of a school district including a teachers retirement system established under the provisions of section 294.8, whose members were not under coverage of the Iowa old-age and survivors' insurance system prior to May 1, 1953, the board of directors may authorize the payment from funds in excess of the actuarial amount estimated as required for the payment of benefits to persons entitled to them, and for the purpose of obtaining retroactive social security coverage from January 1, 1951, until the effective date of federal coverage of Iowa public employees as provided by chapter 97C. Each surviving beneficiary entitled to receive retirement benefits of the date of termination of the system will be entitled to receive retirement benefits at the time and in the amount in effect with respect to such beneficiary immediately prior to the date of termination.

In any school district which has pursuant to section 294.11 terminated a previously existing pension and annuity retirement system and has after actuarial computation established a retirement reserve fund pursuant to this section in order to pay to surviving beneficiaries entitled to receive retirement benefits at date of termination of said system in the amount in effect with respect to such beneficiaries immediately prior to the date of termination, the board of directors may authorize each and every payment to each surviving beneficiary falling due subsequent to June 30, 1971, to be increased by an amount to be determined by the board such increased payments to be paid from the retirement reserve fund according to an actuarial computation thereof plus such additional amounts transferred from the general fund as may be required. In order to provide the additional amounts required from the general fund for such increased payments, the board of directors may annually at the meeting at which it estimates the amount required for the general fund in accordance with section 298.1 estimate such additional amount as an actuarial computation shall show is necessary from the general fund for the payment of such increased benefits for the current school year; provided the amount estimated and certified to be transferred from the general

fund to the retirement reserve fund shall not **exceed one and four-tenths cents per thousand dollars of the assessed valuation of the taxable property of the school corporation. The board of supervisors shall in accordance with the provisions of section 298.8 levy the taxes necessary to raise the amount estimated by the board of directors as above provided and certified to the board of supervisors. Upon the death of the last beneficiary to survive, any balance remaining in said retirement reserve fund shall be transferred to the general fund of said school district.** [C50, 54, 58, 62, 66, 71, 73, §294.12; 65GA, ch 1231, §27]

Referred to in §294.14

294.13 General fund replacements. The board of directors of said district shall each year at the meeting at which it estimates the amount required for the general fund, in accordance with the provisions of section 298.1, estimate the additional amount, if any, necessary to provide the required annual payments to surviving beneficiaries, which amount shall be levied by the board of supervisors in accordance with the provisions of section 298.8. Upon the death of the last beneficiary to survive, any balance remaining in said fund, including any undisposed of accumulations, shall be transferred to the general fund of said school district. [C50, 54, 58, 62, 66, 71, 73, §294.13]

Referred to in §294.12

294.14 Estimate of funds needed—levy. The board of directors of said district shall annually, for a period of five years after the effective date of the termination of its pension system, at the meeting at which it estimates the amount required for the general fund, in accordance with the provisions of section 298.1, estimate the additional amount if any necessary to pay to participants in the pension system who are not entitled to receive benefits under such system at the date of termination thereof, one-fifth of the amount paid into said pension fund by such participants therein, without interest, which amount shall be levied by the board of supervisors, in accordance with provisions of section 298.8 and, in addition thereto, the board of directors of said district shall each year at the meeting at which it estimates the amount required for the general fund, in accordance with the provisions of section 298.1, estimate the additional amount, if any, necessary to provide the required annual payments to surviving beneficiaries of said pension system, as defined in section 294.12, which amount shall be levied by the board of supervisors, in accordance with the provisions of section 298.8. Upon the death of the last beneficiary, as defined in section 294.12, to survive, any balance remaining in said fund, including any undisposed of accumulations, shall be transferred to the general fund of said school district. [C54, 58, 62, 66, 71, 73, §294.14]

294.15 State teachers' pension. Any person having attained the age of sixty-five who shall have been an employee, holding a valid teach-

ing certificate, in the public schools of this state with a record of service of twenty-five years or more, including a maximum of five years out-of-state service followed by at least ten years' service in this state prior to retirement and who shall have retired prior to July 4, 1953, shall be entitled to receive retirement allowance payments from the state of Iowa of one hundred dollars per month. Such sums as are necessary to meet this requirement shall be added to the retirement allowance payments, if any, now being received from the state of Iowa by individuals covered by the provisions of this section. No such person shall receive retirement benefits from the state of more than one hundred dollars per month. The word "employee" as used herein shall be construed to include persons who were state superintendents, county superintendents, or deputy county superintendents.

Application for such retirement allowance payments shall be made to the employment security commission under such rules and regulations as the commission may prescribe. Eligible persons shall be entitled to receive such retirement allowance payments effective from the date of application to the commission, provided such application is approved, and such payments shall be continued on the first day of each month thereafter during the lifetime of any such person.

For the purpose of paying the teachers' retirement allowance payments granted under this section, there is hereby appropriated out of any funds in the state treasury not other-

wise appropriated, a sum sufficient therefor. [C58, 62, 66, 71, 73, §294.15]

294.16 Annuity contracts. At the request of an employee through contractual agreement a school district may purchase group or individual annuity contracts for an employee, from such insurance organization authorized to do business in this state and through an Iowa-licensed insurance agent as the employee may select, for retirement or other purposes and may make payroll deductions in accordance with such arrangements for the purpose of paying the entire premium due and to become due under such contract. The deductions shall be made in the manner which will qualify the annuity premiums for the benefit afforded under section 403b [26 USC §403b] of the federal internal revenue code and amendments* thereto. The employee's rights under such annuity contract shall be nonforfeitable except for the failure to pay premiums. Whenever an existing tax-sheltered annuity contract is to be replaced by a new contract the agent or representative of the company shall submit a letter of intent to the company being replaced, to the insurance commissioner of the state of Iowa, and to his own company at least thirty days prior to any action by registered mail. This letter of intent shall contain the policy number and description of the contract being replaced and a description of the replacement contract. [C66, 71, 73, §294.16; 65GA, ch 1167, §4]

The amount estimated and certified to apply on principal and interest for any one year shall not exceed two dollars and seventy cents per thousand dollars of the assessed valua-

tion of the taxable property of the school corporation except as hereinafter provided.

For the sole purpose of computing the amount of bonds which may be issued as a result of the application of any limitation referred to in this section, all interest on the bonds in excess of that accruing in the first twelve months may be excluded from the first annual levy of taxes, so that the need for including more than one year's interest in the first annual levy of taxes to pay the bonds and interest shall not operate to further restrict the amount of bonds which may be issued, and in certifying the annual levies to the county auditor or auditors such first annual levy of taxes shall be sufficient to pay all principal of and interest on said bonds becoming due prior to the next succeeding annual levy and the full amount of such first annual levy shall be entered for collection by said auditor or auditors, as provided in chapter 76.

The amount estimated and certified to apply on principal and interest for any one year may exceed two dollars and seventy cents per thousand dollars of assessed value by the amount approved by the voters of the school corporation, but not exceeding four dollars and five cents per thousand of the assessed value of the taxable property within any school corporation, provided that the qualified voters of such school corporation have first approved such increased amount at a special election, which may be held at the same time as the regular school election. (insert name of school corporation)
the County of, State of Iowa, be authorized to levy annually a tax exceeding two dollars and seventy cents per thousand dollars, but not exceedingdollars andcents per thousand dollars of the assessed value of the taxable property within said school corporation to pay the principal of and interest on bonded indebtedness of said school corporation, it being understood that the approval of this proposition shall not limit the source of payment of the bonds and interest but shall only operate to restrict the amount of bonds which may be issued?"

Notice of the election shall be given by the county commissioner of elections by publication once each week for four consecutive weeks in a newspaper of general circulation in the school corporation. Such notice shall state the date of the election, the hours of opening and closing the polls and the exact location thereof, and the question to be submitted. The election shall be held on a date not less than four nor more than twenty days after the last publication of the notice. Such notice shall be sufficient and shall be in lieu of any other notice required by any other

statute. At such election the ballot used for the submission of said proposition shall be in substantially the form for submitting special questions at general elections. The county commissioner of elections shall conduct the election pursuant to the provisions of chapters 39 to 53 and certify the results to the board of directors. Such proposition shall not be deemed carried or adopted unless the vote in favor of such proposition is equal to at least sixty percent of the total vote cast for and against said proposition at said election. Whenever such a proposition has been approved by the voters of a school corporation as hereinbefore provided, no further approval of the voters of such school corporation shall be required as a result of any subsequent change in the boundaries of such school corporation.

The voted tax levy referred to herein shall not limit the source of payment of bonds and interest but shall only restrict the amount of bonds which may be issued.

The ability of a school corporation to exceed two dollars and seventy cents per thousand dollars of assessed value to service principal and interest payments on bonded indebtedness is limited and conferred only to those school corporations engaged in the administration of elementary and secondary education.

Provided further that if a school corporation leases a building or property, which has been used as a junior college by such corporation, to a merged area school corporation operating or proposing to operate an area community college, the annual amounts certified as herein provided by such leasing school corporation for payment of interest and principal due on lawful bonded indebtedness incurred by such leasing school corporation for purchasing, building, furnishing, reconstructing, repairing, improving or remodeling the building leased or acquiring or adding to the site of such property leased, to the extent of the respective annual rent the school corporation will receive under such lease, shall not be considered as a part of the total amount estimated and certified for the purposes of determining if such amount exceeds any limitation contained in this section. 302.2 Lands and escheats. The proceeds of all lands sold, and all sums due from escheats, shall be payable to the treasurer of the county in which the lands or escheated estates are situated or found, and the county treasurer shall pay the proceeds to the state treasurer once each month. 302.3 Temporary fund. The temporary school fund, which shall be received and appropriated annually in the same manner as the interest of the permanent fund, shall consist of:

1. All forfeitures which are authorized to be made for the benefit of the school fund.

2. The proceeds of all fines collected for violation of the penal laws, and for the nonperformance of military duty.

3. The proceeds of the sale of lost goods and estrays.

These several funds shall be payable to the county treasurer of the several counties in which they arise, accounted for to the board

of supervisors, and apportioned by it among the several school districts of the county as provided by law. [R60,§§1963, 1966; C73,§§1838, 1841; C97,§2839; C24, 27, 31, 35, 39,§4471; C46, 50, 54, 58, 62, 66, 71, 73,§302.3]

302.4 Division and appraisalment. The board of supervisors may, at such time as it may fix, and as preliminary to a sale, authorize the trustees of any township, where the sixteenth section or land selected in lieu thereof has not been sold, to lay out the same into such tracts as in their judgment will be for the best interests of the school fund, conforming, as far as the interests of said fund will permit, to the legal subdivisions of the United States surveys, and appraise each tract at what they believe to be its true value, and certify to said board the divisions and appraisements made by them. Said division and appraisalment shall be approved or disapproved by said board at its first meeting after such report, and in case it disapproves the same it may at once order another division and appraisalment. If the board of supervisors approves, the county auditor shall make and keep a record of such division, appraisalment, and approval; but no school lands of any kind shall be sold for less than the appraised value per acre, except as hereinafter provided; nor shall any member of the board of supervisors, county auditor, township trustee, or any person who was engaged in the division and appraisalment of said land, be directly or indirectly interested in the purchase thereof; and any sale made, where such parties or any of them are so interested, shall be void. [R60,§§1970, 1971; C73,§§1845-1847; C97,§2840; C24, 27, 31, 35, 39,§4472; C46, 50, 54, 58, 62, 66, 71, 73,§302.4]

302.5 Notice — sale. When the board of supervisors shall offer for sale the sixteenth section or lands selected in lieu thereof, or any portion of the same, or any part of the five-hundred-thousand-acre grant, the county auditor shall give at least forty days' notice, by written or printed notices posted in five public places in the county, two of which shall be in the township in which the land to be sold is situated, and also publish a notice of said sale once each week for two weeks preceding the

same in a newspaper published in the county, describing the land to be sold and the time and place of such sale. At such time and place, or at such other time and place as the sale may be adjourned to, he shall offer to the highest bidder, subject to the provisions of this chapter, and sell, either for cash or one-third cash and the balance on a credit not exceeding ten years, with interest on the same at the rate of not less than three and one-half percent per annum, to be paid at the office of the county treasurer of said county on the first day of January in each year, delinquent interest to bear the same rate as the principal. Such county treasurer shall pay to the state treasurer on the first day of February all interest collected. [R60,§1971; C73,§1846; C97,§2841; S13,§2841; C24, 27, 31, 35, 39,§4473; C46, 50, 54, 58, 62, 66, 71, 73,§302.5]

302.6 Sale without appraisal. When the board of supervisors of any county has once offered for sale any school lands in compliance with the requirements of this chapter, and they remain unsold, and it is unable to obtain therefor the appraised value thereof, and in the opinion of said board it is for the best interests of the school fund that the same be sold for a less price, it may instruct the auditor to transmit to the secretary of state a certified copy of its proceedings in relation to the order of sale thereof and subsequent proceedings in relation thereto, including the action of the township trustees, and the price per acre at which the land had been appraised, which transcript the secretary of state shall submit to the executive council; and if it approves of a sale at a less sum it shall certify such approval to the auditor of the county from which said transcript came, which certificate shall be transcribed in the minute book of the board of supervisors, and thereupon said land may again be offered and sold to the highest bidder, after notice given as in case of sales in the first instance, without being again appraised. [C73,§1849; C97,§2842; C24, 27, 31, 35, 39,§4474; C46, 50, 54, 58, 62, 66, 71, 73,§302.6]

302.7 Sale on credit — taxation — waste. When lands are sold upon a partial credit, the contract therefor shall be at once reduced to writing, signed by the proper parties, recorded in the county where the land is situated, and immediately thereafter filed in the office of the county auditor. Any purchaser or his assigns may at any time pay the full amount for lands with accrued interest, and receive from the county auditor a certificate of purchase, which shall be at once transmitted to the secretary of state and will entitle the holder to a patent for the lands, to be issued by the secretary of state and the governor. All school lands sold in pursuance of law shall be subject to taxation from and after the execution and delivery of a contract of purchase. All sales made, where the full price is not paid, shall be subject to the law relative to the prevention or punishment of waste, and in all such cases the township trustees in each township are charged with the

duty of preventing the commission of waste upon any school lands lying in their township, and, if attempted, they shall apply by petition for an injunction to stay the same, and if granted the writ shall issue without bond, and the court issuing it may make such order in the premises as shall be equitable and best calculated to prevent threatened injury, and may adjudge damages for any injury done, the costs to abide the event of the action, and the damages adjudged shall be paid to the county treasurer and the county treasurer shall forthwith pay the same to the state treasurer which shall become a part of the permanent school fund. [R60,§§1972, 1973, 1976–1978; C73,§§1851, 1852, 1856–1858; C97,§2843; C24, 27, 31, 35, 39, §4475; C46, 50, 54, 58, 62, 66, 71, 73,§302.7]

302.8 Sale of lands bid in. When lands have been sold and bid in by the state in behalf of the school fund upon a judgment in favor of such fund, the land may be sold in like manner as other school lands, and when lands have been conveyed to the counties in which they are situated for the use of the school fund, instead of to the state, such conveyance shall be valid and binding, and upon proper certificates of sales patents shall issue in like manner as in cases where the conveyances were properly made to the state. [C73,§1850; C97, §2844; C24, 27, 31, 35, 39,§4476; C46, 50, 54, 58, 62, 66, 71, 73,§302.8]

302.9 Cash or collateral security. When, in the judgment of the board of supervisors, any school lands are of such a character that a sale upon partial credit would be unsafe or incompatible with the interest of the school fund, and especially in the case of timbered lands, the board of supervisors may in its discretion exact the whole of the purchase money in advance; or if it sells such land upon a partial credit, as hereinbefore prescribed, it shall require good collateral security for the payment of the part upon which credit is given. [R60,§1974; C73,§1853; C97,§2845; C24, 27, 31, 35, 39,§4477; C46, 50, 54, 58, 62, 66, 71, 73, §302.9]

In all cases where money is due to the school fund, either for loans or deferred payments of the purchase price of land sold, the interest shall be made payable on the first day of January each year, and if the debtor fails to pay the interest within six months thereafter, the entire amount of both principal and interest shall become due, and the county auditor shall make a report thereof to the county attorney, who shall immediately commence action for the collection of the amount reported to him as due, and this section is hereby declared to be a part of any contract made by virtue of this chapter, whether expressed therein or not. [R60,§§1975, 1979; C73,§§1854, 1855; C97,§2846; C24, 27, 31, 35, 39,§4478; C46, 50, 54, 58, 62, 66, 71, 73,§302.10]

302.11 School fund accounts — audit of losses. The state comptroller shall keep the school fund accounts in books provided for

that purpose, separate and distinct from the revenue books. The auditor of state shall audit all losses to the permanent school or university fund which shall have been occasioned by the defalcation, mismanagement, or fraud of the agents or officers controlling and managing the same, and for this purpose shall prescribe such regulations for those officers as may be necessary to ascertain such losses. 303A.8 Library compact authorized. The state library commission is hereby authorized to enter into interstate library compacts on behalf of the state of Iowa with any state bordering on Iowa which legally joins therein in substantially the following form.

The contracting states agree that:

ARTICLE I--PURPOSE

Because the desire for the services provided by public libraries transcends governmental

boundaries and can be provided most effectively by giving such services to communities of people regardless of jurisdictional lines, it is the policy of the states who are parties to this compact to co-operate and share their responsibilities in providing joint and co-operative library services in areas where the distribution of population makes the provision of library service on an interstate basis the most effective way to provide adequate and efficient services.

ARTICLE II—PROCEDURE

Referred to in Art. VII

The appropriate state library officials and agencies having comparable powers with those of the Iowa state traveling library of the party states or any of their political subdivisions may, on behalf of said states or political subdivisions, enter into agreements for the co-operative or joint conduct of library services when they shall find that the executions of agreements to that end as provided herein will facilitate library services.

ARTICLE III—CONTENT

Referred to in Art. VII

Any such agreement for the co-operative or joint establishment, operation or use of library services, facilities, personnel, equipment, materials or other items not excluded because of failure to enumerate shall, as among the parties of the agreement:

1. Detail the specific nature of the services, facilities, properties or personnel to which it is applicable;

2. Provide for the allocation of costs and other financial responsibilities;

3. Specify the respective rights, duties, obligations and liabilities;

4. Stipulate the terms and conditions for duration, renewal, termination, abrogation, disposal of joint or common property, if any, and all other matters which may be appropriate to the proper effectuation and performance of said agreement.

ARTICLE IV—CONFLICT OF LAWS

Nothing in this compact or in any agreement entered into hereunder shall alter, or otherwise impair any obligation imposed on any public library by otherwise applicable laws, or be constituted to supersede.

ARTICLE V—ADMINISTRATOR

Each state shall designate a compact administrator with whom copies of all agreements to which his state or any subdivision thereof is party shall be filed. The administrator shall have such powers as may be conferred upon him by the laws of his state and may consult

and co-operate with the compact administrators of other party states and take such steps as may effectuate the purposes of this compact.

ARTICLE VI—EFFECTIVE DATE

This compact shall become operative when entered in by two or more entities having the powers enumerated herein.

ARTICLE VII—RENUNCIATION

This compact shall continue in force and remain binding upon each party state until six months after any such state has given notice of repeal by the legislature. Such withdrawal shall not be construed to relieve any party to an agreement authorized by Articles II and III of the compact from the obligation of that agreement prior to the end of its stipulated period of duration.

ARTICLE VIII—SEVERABILITY—CONSTRUCTION

The provisions of this compact shall be severable. It is intended that the provisions of this compact be reasonably and liberally construed. [C66, 71, 73,§303.24; 65GA, ch 199, §14]

303A.9 Administrator. The state librarian shall be the compact administrator. The compact administrator shall receive copies of all agreements entered into by the state or its political subdivisions and other states or political subdivisions; consult with, advise and aid such governmental units in the formulation of such agreements; make such recommendations to the governor, legislature, governmental agencies and units as he deems desirable to effectuate the purposes of this compact and consult and co-operate with the compact administrators of other party states. [C66, 71, 73,§303.25; 65GA, ch 199,§15]

The compact administrator and the chief executive of any county, city, village, town or library board is hereby authorized and empowered to enter into agreements with other states or their political subdivisions pursuant to the compact. Such agreements as may be made pursuant to this compact on behalf of the state of Iowa shall be made by the compact administrator. Such agreements as may be made on behalf of a political subdivision shall be made after due notice to the compact administrator and consultation with him. [C66, 71, 73,§303.26]

305.12 Maps—surveys. The operator of any underground mine shall comply with the following provisions relative to maps and surveys:

1. *Scale.* Each mine map shall be drawn to a scale of not more than two hundred feet to the inch.

2. *General specifications.* Each map shall show the name of the state, county, and township in which the mine is located, the designation of the mine, the name of the company or operator, the certificate of the mining engineer or surveyor as to the accuracy and date of the

survey, the north point, and the scale to which the map is drawn.

3. *Boundaries and surface lines.* Every map shall correctly show the surface boundary lines of the mineral rights pertaining to each mine and all section or quarter section lines or corners within the same, the lines of town lots and streets, the tracks and sidetracks of all railroads, the location of all wagon roads, rivers, streams, and ponds, and reservations made of the mineral.

4. *Underground conditions.* For the underground workings, the map shall show all shafts, slopes, tunnels, or other openings to the surface or to the workings of a contiguous mine; all excavations, entries, rooms, and crosscuts; the location of the escape ways, and of the fan or furnace or other means of ventilation and the direction of air currents, and the location of permanent pumps, hauling engines, engine planes, abandoned works, fire walls, and standing water.

5. *Separate maps.* A separate and similar map drawn to the same scale in all cases shall be made of each layer of minerals mined in any mine in this state. A separate map shall also be made of the surface whenever the surface buildings, lines, or objects are so numerous as to obscure the details of the mine workings if drawn upon the same sheet with them, and in such case the surface map shall be drawn upon transparent cloth or paper so that it can be laid upon the map of the underground workings and thus truly indicate the local relation of lines and objects on the surface to the excavations of the mine and any other principal workings of the mine.

6. *Rise and dip of minerals.* Each map of underground workings shall also show by profile drawing and measurement, the last one hundred fifty feet approaching the boundary lines, showing the rise and dip of the minerals.

7. *Copies.* The original or true copies of the maps shall be kept at the office of the mine, and true copies thereof shall also be furnished the state geologist within thirty days after the completion of the same.

8. *Extensions.* An accurate extension of the last preceding survey of every mine in active operation shall be made once in every twelve months prior to July 1 of every year and the result of such survey, with the date thereof, shall be promptly and accurately entered upon the original map, and a true, correct, and accurate copy of the extended map shall be forwarded to the state geologist so as to show all changes in plan of new work in the mine, and all extensions of the old workings to the most advanced face or boundary of the workings which have been made since the last preceding survey, and the parts of the mine abandoned or worked out after the last preceding survey shall be clearly indicated and shown by colorings, which copy must be delivered to the state geologist within thirty days after the last survey is made.

9. *Abandoned mine.* When any underground mine is worked out or is about to be abandoned or indefinitely closed, the operator of the same shall make or cause to be made a completed and extended map of the mine and the result of the same shall be duly extended on all maps of the mine and copies thereof so as to show all excavations and the most advanced workings of the mine, and their exact relation to the boundary or section lines on the surface, and deliver to the state geologist a copy of the completed map.

10. *Copies furnished.* The state geologist shall provide the department of soil conservation a copy of each map and map extension received by him under this section. [C97, §2485; S13, §§2485, 2496-m; C24, 27, 31, 35, 39, §§1245, 1351-1355, 1357, 1358; C46, 50, 54, 58, 62, 66 71, 73, §§82.28, 83.14-83.18, 83.20, 83.21; 65GA, ch 139, §27]

Referred to in §305.14

305.13 Failure to furnish map. When the operator of any mine neglects or refuses for a period of ninety days to furnish to the state geologist the map or plan, or a copy thereof, of such mine or any extension thereof, as provided in this chapter, the state geologist shall cause

to be made an accurate map or plan of such mine or extension as the case may be, at the expense of the operator. The cost shall be paid by the state and recovered from such operator. It shall be the duty of the county attorney of the county in which such mine is located, at the request of the state geologist, to bring action in the name of the state for such recovery. [S13, §§ 2485-a, 2496-m; C24, 27, 31, 35, 39, §§1246, 1359; C46, 50, 54, 58, 62, 66, 71, 73, §§82.29, 83.22; 65GA, ch 139, §28]

305.14 Maps property of state — custody — copies. The maps so delivered to the state geologist shall be the property of the state and shall remain in the custody of the state geologist. They shall be kept at the office of the geological survey and be open to examination by all persons interested in the same; but such examination shall only be made in the presence of the state geologist or his designee, and he shall not permit any copies of the same to be made without the written consent of the operator or the owner of the property, except as provided in section 305.12. [C97, §2485; S13, §§2485, 2496-m; C24, 27, 31, 35, 39, §§1247, 1356; C46, 50, 54, 58, 62, 66, 71, 73, §§82.30, 83.19; 65GA, ch 139, §29]

2. If during the course of construction, historical objects are encountered, the appropriate authority shall be notified immediately and steps taken to excavate and preserve the objects if practicable or if preservation is impracticable, to permit the appropriate authority to obtain and record data relative thereto.

3. Agreements may be entered into with the appropriate authority to pay from federal highway funds the reasonable cost of salvage work. Extra work orders may be issued to the contractor where necessary and extra work orders may be issued in cases within the meaning of "subsurface or lateral conditions" or "unknown physical conditions" where such terms are used in the standard contract forms. Payment for salvage work

shall be limited to that performed within the roadway prism and any location designated as a source of material. If the contractor's operations are delayed because of salvage work such contractor shall be entitled to an appropriate extension of the contract time. If practicable, the operations shall be rescheduled to avoid the section where the historical material is, until the removal of it.

4. The cost of exploratory work prior to construction shall be borne by the appropriate authority. Costs of excavation of historical objects or recordation of data may be paid by the federal highway funds. h. The *municipal collector system* shall consist of those streets within municipalities that collect traffic from the municipal service system and connect to other systems. The municipal collector system shall not exceed twenty percent of the entire street mileage under jurisdiction of the municipality, except that municipalities under two thousand population may exceed such limitation.

i. The *municipal service system* shall consist of those streets and commercial alleys within municipalities which serve primarily as access to commercial and residential property and shall also include streets within municipal parks.

j. The *municipal residential alley system* shall consist of those alleys which serve primarily as secondary access to residential property.

k. The *state park, state institution, and other state land road system* shall consist of those roads and streets wholly within the boundaries of state lands operated as parks, institutions, or other state governmental agencies.

l. The *county conservation parkway system* shall consist of those parkways located wholly within the boundaries of county lands operated as parks, forests, or other public access areas. In the maintenance, relocation, establishment, or improvement of any road, including the extension of such road within cities, the agency having jurisdiction and control of such road shall have authority to purchase or to institute and maintain proceedings for the condemnation of the necessary right of way therefor. Such agency shall likewise have power to purchase or institute and maintain proceedings for the condemnation of land necessary for highway drainage, or land containing gravel or other suitable material for the improvement or maintenance of highways, together with the necessary road access or right of access thereto.

2. Whenever the agency condemns or purchases property access rights or alters by lengthening any existing driveway to a road from abutting property, except during the time required for construction and maintenance of the road or highway, the agency shall:

a. Compensate the owner for any diminution in the market value of the property by the denial or alteration by lengthening the driveway; however, in computing such diminution in value no consideration shall be given to the additional maintenance expense for maintaining the additional length of driveway, but in lieu thereof, both in condemnation proceedings or negotiated purchases, the agency shall pay to the owner the sum of five dollars for every lineal foot of additional length of driveway located on said owner's property. This payment shall represent just compensation to said property owner for the additional driveway maintenance caused by reason of the highway or road project.

b. If in the opinion of the agency it would be more economical to purchase the entire tract of the property owner than to provide and pay the maintenance expense required under the provisions of this section, proceed with the acquisition of the entire tract of land; or

c. If mutually agreeable, move buildings from an existing location to a location requiring an equal or lesser length of driveway and provide an adequate driveway to a public road.

3. None of the foregoing requirements shall prohibit the property owner and the agency from entering into a mutually acceptable agreement for the replacement, relocation, construction, or maintenance of any alternate driveway on the owner's property.

4. Compensation for any property rights taken in the establishment of any alternative temporary or permanent access shall be paid as in any other purchase or condemnation of

property. Proceedings for the condemnation of land for any highway shall be under the provisions of chapter 471 and chapter 472. Provided that, in the condemnation of right of way for secondary roads, the board of supervisors may proceed as provided in sections 306.28 to 306.37.

306A.2 Definition of a controlled-access facility. For the purposes of this chapter, a controlled-access facility is defined as a highway or street especially designed for through traffic, and over, from or to which owners or occupants of abutting land or other persons have no right or easement or only a controlled right or easement of access, light, air, or view by reason of the fact that their property abuts upon such controlled-access facility or for any other reason. Such highways or streets may be freeways open to use by all customary forms of street and highway traffic or they may be parkways from which trucks, buses, and other commercial vehicles shall be excluded. [C58, 62, 66, 71, 73,§306A.2]

public will be best served, even though said entire lot, block, or tract is not immediately needed for the right of way proper.

No access rights to any highway shall be acquired by any authority having jurisdiction and control over the highways of this state by adverse possession or prescriptive right. No action heretofore or hereafter taken by any such authority shall form the basis for any claim of adverse possession of, or prescriptive right to any access rights by any such authority. The department shall acquire by purchase, gift, or condemnation all advertising devices existing on May 21, 1965, which violate the provisions of this chapter or which fail to conform to rules and regulations promulgated by the said department under this chapter and all rights and interests of all persons in and to such devices; except that in instances involving any authorized device which fails to conform

to rules and regulations, the said department shall give notice to the owner of the device and to the owner of the land on which the device is located and shall give the owner and landowner time to conform to such rules and regulations as provided in section 306B.5 before proceeding as directed in this section. The provisions of chapters 471 and 472 shall be applicable to any such condemnation and the said department shall have the right to take immediate possession of and remove such devices under the procedures of section 472.25. [C66, 71, 73, §306B.4; 65GA, ch 1180, §65]

306B.5 Nuisance declared. Any advertising device erected adjacent to any interstate system after May 21, 1965, which violates the provisions of this chapter or fails to comply with the rules and regulations promulgated by the department is a public nuisance. The department shall give thirty days' notice, by certified mail, to the owner of the device and to the owner of the land on which said device is located to remove such advertising device if it is a prohibited device or cause it to conform to rules and regulations if it is an authorized device. If the landowner or owner of the device fails to act within thirty days as required in the notice, the said department may file a petition in the district court of the county where such advertising device is located to abate the nuisance. If the court finds that a violation exists as alleged in the petition, the court shall enter an order of abatement against the person or persons erecting or maintaining such advertising device and against the person or persons owning the land on which such advertising device is located. If the landowner or owner of the sign fails to act within the time required in the order of abatement, the said department may give thirty days' notice to the landowner or owner of the sign and at the end of thirty days the department may enter upon the land and remove the sign. Such entry after notice, shall not be deemed a trespass and the department may be aided by injunction to abate the nuisance and to insure peaceful entry. The cost of removal,

including any fees and costs or expenses as may arise out of any action brought by the department to insure peaceful entry and removal, shall be assessed against the owner of the sign. Should the owner of the sign fail to promptly pay such fees, costs or expenses, the department shall proceed to advertise and sell the sign for purposes of collecting the same. Any balance from the total receipts of the sale after deducting the fees, costs and expenses, including those of the sale, shall be paid to the owner of the sign; however, if in the opinion of the department, the proceeds of the sale will not be sufficient to justify the expense involved, the sign may be used, scrapped, dismantled, or otherwise destroyed or disposed of by the department as it sees fit. [C66, 71, 73, §306B.6; 65GA, ch 1180, §65]

Amendment effective July 1, 1975

The department shall control the erection and maintenance of advertising devices authorized by section 306C.11, subsection 3, in accord with the following criteria, except that in the case of bonus interstate highways the department shall maintain the controls required under chapter 306B or the controls required by this division, whichever controls are stricter:

1. Advertising devices located within the adjacent area of interstate highways and free-way primary highways shall not be erected or maintained closer to another advertising device facing in the same direction than five hundred feet outside of cities, and within two hundred fifty feet if inside of cities. An advertising device may not be located within two hundred fifty feet of an interchange, or rest area. The measurement shall be from the nearest widening constructed for the purpose of acceleration or deceleration of traffic movement to or from the main-traveled way to the advertising device.

2. Advertising devices located within the adjacent area of primary highways shall not be erected or maintained closer to another advertising device facing in the same direction than one hundred feet if inside the corporate limits of a municipality. No advertising device, other than as excepted or permitted by subsections 4, 5, or 6 of this section, shall be located within the triangular area formed by the line connecting two points each fifty feet back from the point where the street right of way lines of the main-traveled way and the intersecting street meet, or would meet, if extended.

3. Advertising devices located within the adjacent area of primary highways shall not be erected or maintained closer to another advertising device facing in the same direction than three hundred feet if outside the corporate limits of a municipality. No advertising device, other than those excepted or permitted by subsections 4, 5, or 6 of this section, shall be located within the triangular area formed by a line connecting two points each one hundred feet back from the point where the street right-of-way lines of the main-traveled way and the intersecting street meet, or would meet, if extended.

4. The distance spacing measurements fixed by subsections 2 and 3 of this section shall not apply to advertising devices which are separated by a building in such a manner that only one advertising device located within the minimum spacing distance is visible from a highway at any one time.

5. Within a triangular area, as defined by subsections 2 and 3 of this section, occupied by a building or structure, no advertising device shall be erected or maintained closer to the intersection than the building or structure itself, except that a wall advertising device may be attached to said building or structure not to protrude more than twelve inches.

6. Official advertising devices and advertising devices concerning the sale or lease of the property or activities conducted upon the property as specified in Title 23, section 131, paragraph "c" of the United States Code, shall not be taken into consideration in determining compliance with spacing requirements.

7. The minimum distance between two advertising devices facing the same direction shall apply without regard to the side of the highway on which the advertising devices may be located and shall be measured along the center line of the highway between points directly opposite the advertising devices.

8. Advertising devices shall not be erected, maintained, or illuminated:

a. In a manner to obscure or otherwise physically interfere with an official traffic sign, signal, or device, or to obstruct or physically interfere with any driver's view of approaching, merging, or intersecting traffic.

b. Unless effectively shielded to prevent light from being directed at any portion of the traveled highway with such intensity or brilliance as to cause glare or to impair the vision of the driver of any motor vehicle.

c. Which contain, include, or are illuminated by any flashing, intermittent, or moving light or lights, except those giving public service information such as, but not limited to time, date, temperature, weather, news and similar information.

d. Which imitate or resemble an official sign or signal or device or which are erected or maintained within or closer than three hundred feet from scenic areas, as defined and determined by the department, or which are located or maintained upon trees, or painted or drawn upon rocks or natural features, or which are structurally unsafe or in substantial disrepair.

e. Which exceed one thousand two hundred square feet in area or in the case of a back-to-back or V-type advertising device, with a maximum of two facings per advertising device, seven hundred fifty square feet in area, including border and trim but excluding base or apron, support, and other structural members.

f. Which do not comply with all applicable state or local laws, regulations and ordinances,

including but not limited to zoning, building, and sign codes as locally interpreted and applied and enforced, or which violate chapter 319; however, nothing in this division shall prevent or restrict county or local zoning authorities from making a determination of customary use concerning size, lighting, and spacing of advertising devices in zoned commercial or industrial adjacent areas, and such determinations will be accepted in lieu of the standards of this division. The provisions of this division shall not prevent or restrict county or local zoning authorities within their respective jurisdictions from establishing standards imposing controls stricter than those required by this division.

g. The standards contained in this section pertaining to size, lighting, and spacing shall not apply to advertising devices erected or maintained within six hundred sixty feet of the right of way of those portions of the interstate highway system exempted from control under chapter 306B by authority of section 306B.2, subsection 5, nor to advertising devices erected and maintained within adjacent areas along primary highways within zoned and unzoned commercial and industrial areas, unless said advertising devices were erected subsequent to July 1, 1972. [C73, §306C.13; 65GA, ch 201, §§ 3, 4, ch 1087, §32, ch 1180, §68]

Any advertising device lawfully in existence in an adjacent area on July 1, 1972, which does not conform with the provisions of this division, shall be required to be brought into conformity or removed within six years after July 1, 1972. Any advertising device lawfully erected after said date which subsequently becomes nonconforming, shall be required to be brought into conformity or removed within five years after the date the nonconformity occurs. However, no advertising device shall be acquired or be required to be removed pursuant to this division unless the department has received notification from the federal government that the federal share of "just compensation" to be paid is immediately available to contribute to the cost of acquisition or removal; this requirement shall not apply to the acquisition or removal of advertising devices for which no federal share is payable. [C73, §306C.14; 65GA, ch 201, §5, ch 1180, §68]

Amendment effective July 1, 1975

306C.15 Acquisition of signs. The department shall acquire by purchase, gift, or condemnation, and shall pay "just compensation" upon the removal of any of the following advertising devices which are not in conformity with the provisions of this division:

1. Advertising devices lawfully in existence on July 1, 1972.
2. Advertising devices lawfully in existence on land adjoining any highway made an inter-

state, freeway primary, or primary highway after July 1, 1972.

3. Advertising devices lawfully erected on or after July 1, 1972, but which subsequently become nonconforming.

4. Any advertising device erected on the mistaken or negligent advice of any official or employee of the state of Iowa as to the interpretation, effect, or operation of this division, chapter 306B, or rules promulgated by the department. [C73, §306C.15; 65GA, ch 201, §6, ch 1180, §68]

Referred to in §§306C.16, 306C.18
Amendment effective July 1, 1975

306C.16 Compensation. Compensation required by section 306C.15 shall be paid for the following:

1. The taking from the owner of such advertising device of all right, title, leasehold, and interest in such advertising device.

2. The taking from the owner of real property on which an advertising device is located, of the right to erect and maintain such advertising devices upon that real property. [C73, §306C.16]

306C.17 Condemnation. The provisions of chapters 471 and 472 shall be applicable to any such condemnation commenced pursuant to this division, and the department may take immediate possession of and remove such advertising devices under the procedures of section 472.25. [C73, §306C.17; 65GA, ch 201, §7, ch 1180, §68]

Amendment effective July 1, 1975

306C.18 Permit required. The owner of every advertising device regulated by the provisions of this chapter, except signs and advertising devices excepted by section 306C.11, subsections 1, 2, 4 and 5, shall be required to make application to the department for a permit.*

The application for a permit shall be on a form provided by the department and shall contain the name and address of the owner of the advertising device and the name and address of the owner of the real property on which it is located; the date of its erection; a description of its location; its dimensions; and such other information required by the department, together with a permit fee as provided in this section.

After July 1, 1972, no new advertising device for which an application for a permit is required may be erected without first obtaining a permit from the department, except in the case of advertising devices lawfully in existence in areas adjacent to any highway made an interstate, freeway primary, or primary highway after July 1, 1972. The owner shall be required to make application for a permit as provided for in this section within thirty days after the date the said highway acquired said designation.

Upon receipt of an application containing all the required information in due form and

properly executed together with the fee required, the department shall issue a permit to be affixed to the advertising device if the advertising device will not violate any provision of this division or chapter 306B, or any rule promulgated by the department, provided that in the case of advertising devices to be acquired pursuant to section 306C.15, a provisional permit shall be issued.

The fee for both types of permits shall be five dollars for the initial fee and three dollars for each annual renewal. The fees collected for the above permits shall be credited to a special account entitled the "highway beautification fund" and all salaries and expenses incurred in administering this chapter shall be paid from this fund or from specific appropriations for this purpose, except that surveillance of, and removal of, advertising devices performed by regular maintenance personnel are not to be charged against the account. [C73, §306C.18; 65GA, ch 201, §8, ch 1180, §68]

Any advertising device erected or maintained after July 1, 1972, in violation of this division or the rules promulgated by the department, is a public nuisance and may be removed by the department upon thirty days' notice, by certified mail, to the owner of the advertising device and to the owner of the land on which the advertising device is located. The notice shall require such owners to remove the advertising device if it is prohibited, or to cause it to conform to this division or rules promulgated by the department if it is not prohibited.

1. If the landowner or owner of the advertising device fails to act within thirty days as required in the notice, the department may enter upon the land and remove the advertising device. Such entry after notice, shall not be deemed a trespass and the department may be aided by injunction to abate the nuisance and to insure peaceful entry.

2. The cost of removal, including any fees and costs or expenses as may arise out of any action brought by the department to insure peaceful entry and removal, shall be assessed against the owner of the advertising device. Order the removal or alteration of any lights or light-reflecting devices, whether on public or private property, located adjacent to a primary road and within three hundred feet of an intersection with another primary road, which in any way interfere with the vision of or may be confusing to a person operating a motor vehicle on such highway in observing the approach of other vehicles or signs erected for the purpose of giving warning of such intersection.

12. Construct, reconstruct, improve and maintain state institutional roads and state park roads as defined in section 306.3 and bridges on such roads, upon the request of the state board, department or commission which has jurisdiction over such roads. This shall be done in such manner as may be agreed upon by the commission and the state board, department or commission which has jurisdiction. The commission may contract with any county or municipality for the construction, reconstruction, improvement or maintenance of such roads and bridges. Any state park road which is an extension of either a primary or secondary highway which both enters and exits from a state park at separate points shall be constructed, reconstructed, improved and maintained as provided in section 306.4.

Referred to in §§312.2(5), 313.4

13. Prepare, adopt and cause to be published a long-range program for the primary road system, in conjunction with the state transportation plan adopted by the commission. Such program shall be prepared for a period of at least five years and shall be revised, brought up to date and republished at least once every year in order to have a continuing five-year program. The program shall include, insofar as such estimates can be made, an estimate of the money expected to become available during the period covered by the program and a statement of the construction, maintenance, and other work planned to be performed during such period. The commission shall conduct periodic reinspections of the primary roads in order to revise, from time to time, its estimates of future needs to conform to the physical and service conditions of the primary roads. The commission shall annually cause to be published a sufficiency rating report showing the relative conditions of the primary roads. Before the last day of December of each year, the commission shall adopt and cause to be published from its long-range program, a plan of improvements to be accomplished during the next calendar year. This annual program shall list definite projects in order of urgency and shall include a reasonable year's work with the funds estimated to be available. The annual program shall be final and followed by the commission in the next year except that deviations may be made in case of disaster or other unforeseen emergencies or difficulties. The relative urgency of the proposed improvements shall be determined by a consideration of the physical condition, safety, and service characteristics of the various primary roads.

14. The commission shall adopt such rules and regulations in accordance with the provisions of chapter 17A as it may deem necessary to transact its business and for the administration and exercise of its powers and duties. 307A.3 Federal donations. Should the government of the United States provide for free distribution among the states of machinery or other equipment, suitable for use in road improvement, the commission is empowered to receive and receipt for such machinery and equipment, and to take such action as will secure to the state the benefit of any such tenders by the federal authorities. Said commission is further authorized, in the event of such distribution to the states by the federal authorities, to make such apportionment of said machinery or other equipment among the counties of the state as in its judgment will best facilitate work in progress

or contemplated by any county or counties, but the title and right of possession of such property so received from the federal government shall at all times rest in the commission for the use and benefit of the state. 307A.4 Federal appropriations. Where funds have been allotted or appropriated or may hereafter be allotted or appropriated by the government of the United States for the improvement of streets and highways in this state, and the federal statutes or the rules and regulations of the federal government provide or contemplate that such work shall be under the supervision of the commission, said commission is hereby authorized and empowered to let the necessary contracts for such construction work, to supervise and direct such construction work, to comply with the federal statutes and rules, and to co-operate with the federal government in the expenditures of said federal funds.

In order to avoid delays, payment for such street and highway projects or improvements constructed in co-operation with the federal government may be advanced from the primary road fund. [C35,§4626-f1; C39,§4626.2; C46, 50, 54, 58, 62, 66, 71, 73,§307.7; 65GA, ch 1180,§74]

307A.5 State-owned lands—assessment. Municipalities and counties may assess the cost of a public improvement when such improvement benefits property owned by the state and under the jurisdiction and control of the highway division of the department. The commission shall pay from the primary road fund such portion of the cost of the improvement as would be legally assessable against the land if privately owned.

Assessments against property under the jurisdiction of the highway division of the department shall be made in the same manner as those made against private property, except that the municipality or county making the assessment shall cause a copy of the public notice of hearing to be mailed to the commission by restricted certified mail.

Assessments against property owned by the state and not under the jurisdiction and control of the highway division of the department shall be made in the same manner as those made against private property and payment thereof shall be made by the executive council from any funds of the state not otherwise appropriated.

No such assessment in excess of twenty thousand dollars shall be valid unless it is provided for by or contained within a capital appropriation by the general assembly. [C97, §1532; S13,§§170-k, 1532; C24, 27, 31, 35, 39, §§4631, 4634; C46, 50, 54, 58,§§308.1, 308.5; C62, 66, 71, 73,§307.10; 65GA, ch 1180,§71]

307A.6 Aircraft maintenance revolving fund. The commission is hereby authorized to expend from the primary road fund the sum of five thousand dollars, or so much thereof as may be necessary, to be used as a revolving fund to pay maintenance and operational costs, including motor overhaul costs, relating to use of the aircraft which shall be reimbursed by the individual departments based on utilization. When no longer used for the above purposes, the five thousand dollars shall revert to the primary road fund. [C71, 73, §307.11; 65GA, ch 1180, §74]

Amendment effective July 1, 1975

307A.7 Materials and equipment revolving fund. There is appropriated out of the primary road fund the sum of one hundred thousand dollars which shall be known as the highway materials and equipment revolving fund. From this fund shall be paid all materials and supplies, inventoried stock supplies, maintenance and operational costs of equipment and equipment replacements incurred in the operation of centralized purchasing for the highway division of the department. Direct salaries and expenses properly chargeable there-to shall be paid from said fund. For each month the commission shall render a statement to each department within the highway division for the actual cost of materials and supplies, operational and maintenance costs of equipment, and equipment depreciation used by the highway division. Such expense shall be paid by the division in the same manner as other interdepartmental billings are paid and when such expense is paid by the division,

such sum shall be credited to the highway materials and equipment revolving fund. If any surplus accrues to said revolving fund in excess of one hundred thousand dollars for which there is no anticipated need or use, the governor shall order such surplus reverted to the primary road fund. When the highway division shares equipment with other divisions of the department, the director of transportation shall prorate the costs of the equipment among the divisions using the equipment. [C71, 73, §307.12; 65GA, ch 1180, §72]

Amendment effective July 1, 1975

307A.8 Longevity pay prohibited. No employee of the state highway commission subject to the provisions of chapter 19A who is hired on or after July 1, 1971, shall be entitled to longevity pay. The provisions of this section shall not apply to any employee of the state highway commission subject to chapter 19A who has been employed prior to July 1, 1971, and whose employment continues after June 30, 1971. Any employee of the state highway commission subject to chapter 19A whose employment is terminated on or after July 1, 1971, shall, if re-employed by the state highway commission, forfeit any right he may have to longevity pay.

Any employee of the state highway commission who becomes an employee of the state department of transportation on July 1, 1974, shall retain all rights to longevity pay so long as he continues employment with the state department of transportation. [C73, §307.13; 65GA, ch 1180, §73]

308.2 Assent to federal Act. The general assembly of the state of Iowa hereby declares that the intent of this chapter is to assent to any Act of the United States Congress authorizing the development of any national parkway located wholly or partly within the state of Iowa, to the full extent that is necessary to secure any benefits under such Act, provided that the hunting of migratory waterfowl and other game and fishing shall not be prohibited or otherwise restricted by the United States government or any of its designated agencies in control of said project, and to authorize the appropriate state boards, commissions, departments and the governing bodies of counties, cities and villages and especially the state transportation commission to co-operate in the planning and development of all national parkways that may be proposed for development in Iowa, with any agency or department of the government of the United States in which is vested the necessary authority to construct or otherwise develop such national parkways. Whenever authority shall exist for the planning and development of any national parkway, of which any portion shall be located in the state of Iowa, it shall be the duty of the state transportation commission to make such investigations and studies in co-operation with the appropriate federal agency, and such state boards, commissions and departments as shall have an interest in such parkway development, to the extent that shall be desirable and necessary in order to provide that the state shall secure all advantages that may accrue through such parkway development and that the interests of the counties, cities and villages along the route shall be served. [C62, 66, 71, 73, §308.2; 65GA, ch 1087, §32, ch 1180, §75]

308.3 Definitions. As used in this chapter:

1. "Secretary", "parkway", "scenic landscape", "slightly or safety easement", "access", "parkway road", "parkway development", "frontage" and other similar terms have the same meaning as defined in any Act of the Congress of the United States related to a national parkway.

2. "National parkway" has the same meaning as defined in Public Law 93-87, first session, Ninety-third Congress of the United States.

3. "Great river road" means a scenic and recreational highway consisting of a designated system of roads and streets along the Mississippi river in this state.

4. "A scenic and recreational highway" means a public highway designated to allow enjoyment of aesthetic and scenic views, points of historical, archeological and scientific interest, state parks and other recreational areas and includes both the right of way and conservation area.

5. "Scenic easement" means a servitude which is acquired by gift, purchase, exchange or condemnation and is designed to permit land to remain in private ownership for its normal agricultural, residential or other use and, at the same time, to restrict and control the future use of the land for the purpose of preserving, restoring or enhancing the natural and historic beauty of the land subject to the scenic easement.

6. "Right of way" means land area dedicated to public use for a highway and its maintenance, and includes land acquired in fee simple or by permanent easement for highway purposes, but does not include temporary easements or rights for supplementary highway appurtenances.

*"Highway commission" in enrolled Act

308.4 Transportation commission authority.

1. The state transportation* commission shall make such investigations, surveys, studies and plans in connection with any proposed national parkway or parkway development as it shall deem necessary or desirable to determine if the proposed development is under the terms of the Act of the United States Congress applicable to such parkway or any regulations under such Act and is advantageous to the state. Such parkway development may be any portion of the proposed parkway which is proposed to be constructed as a project under such Act.

2. The state transportation* commission, with the co-operation of the state conservation commission, shall also:

a. Plan, designate and establish the exact routing of the great river road, utilizing the general guidelines established in Title 23, United States Code.

b. Acquire all rights in land necessary for reconstruction or relocation of any portions of the great river road where such reconstruction or relocation is imperative for the safety of the traveling public, or where the condition or location of existing segments of the highway is not in keeping with the intent of the provisions of this chapter. Acquisitions of such rights in land shall be by gift, purchase, exchange, or by instituting and maintaining proceedings for condemnation. Gift, purchase, exchange, and condemnation shall include acquisition of a scenic easement. A scenic easement acquired under this chapter shall constitute easements both at law and in equity, and all legal and equitable remedies, including prohibitory and mandatory injunctions, shall be available to protect and enforce the state's interest in such scenic easements. Any scenic easement acquired under this chapter shall be deemed to be appurtenant to the roadway to which it is adjacent or from which it is visible.

The duties created by any scenic easement acquired under this chapter shall be binding upon and enforceable against the original owner of the land subject to the scenic easement and his heirs, successors, and assigns in perpetuity, unless the instrument creating the scenic easement expressly provides for a lesser duration. A court shall not declare any scenic easement acquired under this chapter to have been extinguished or to have become unenforceable by virtue of changed conditions or frustration of purpose.

c. Accept and administer state, federal and any other public or private funds made available for the acquisition of rights in land and for the planning and construction or reconstruction of any segment of the great river road and any state and federal funds for the maintenance of that part of the great river road constituting the right of way. **"Highway commission" in enrolled Act

308.6 Transferring jurisdiction. [65GA, ch 1181, §4]

**"Highway commission" in enrolled Act

308.7 Duties of the state conservation commission. The state conservation commission, with the co-operation of the state transportation* commission, shall:

1. Control the conservation area acquired by the state transportation* commission.

2. Protect all scenic easements.

**"Highway commission" in enrolled Act

3. Maintain, improve, and beautify according to plans made under section 308.4, subsection 2, paragraph "a", all conservation areas, including the establishment of off-road-vehicle trails, equestrian trails and hiking paths.

308.8 Agreements authorized. The state transportation* commission and the state conservation commission may enter into agreements with the United States secretary of transportation, as provided under the United States Code, Title 23 relating to scenic and recreational highway system, and with any other agency and jurisdiction, and take action in the name of the state to comply with the terms of any agreement. [65GA, ch 1181, §4]

**"Highway commission" in enrolled Act

308.9 Establishing locations for the highway.

1. When, as a result of its investigations and studies, the state transportation* commission, in co-operation with the state conservation commission, finds that there may be a need in the future for the development and construction or reconstruction of segments of the great river road and when the state transportation* commission determines that in order to prevent conflicting costly economic development on areas of lands to be available for the great river road when needed for such future development, there is need to establish and to inform the public of the approximate location and widths of new or improved segments of the great river road to be needed, the state transportation commission may proceed to establish such location and the approximate widths in the manner provided in this section. The state transportation commission shall give notice and hold a public hearing on the matter in a convenient place in the area to be affected by the proposed improvement of the great river road. The state transportation commission shall consider and evaluate the testimony presented at the public hearing and it shall make a study and prepare a map showing location of the proposed new or reconstructed segment of the great river road and the approximate widths of right of way needed. There shall be shown on such map the existing roadway and the property lines and record owners of lands to be needed. The approval of such map shall be recorded by reference in the state transportation commission's minutes, and a notice of such action and a copy of the map showing the lands or interest in the lands needed in any county shall be filed in the office of the county recorder of such county. Notice of the action and of the filing shall be published once in a newspaper of general circulation in such county, and within sixty days following the filing, notice of the filing shall be served by registered mail on the owners of record on the date of filing and on the functional classification board of the county. Using the same procedures for approval, notice and publications, and notice to the affected record owners, the state transportation commission may, from time to time, amend the map.

2. After such location is established, within the area of the great river road as shown on the map or in such proximity to it as to result in consequential damages when the rights in land for the great river road are acquired, a person shall not erect or move in any additional structure or rebuild, alter or add to any existing structure, without giving to the state transportation commission by registered mail sixty days' notice of such contemplated construction, alteration, or addition describing the same. However, this prohibition and requirement shall not apply to any normal or emergency repairs or replacements which are necessary to maintain an existing structure of a facility in approximately its previously existing functioning condition. When the rights in

land for a segment of the great river road are acquired, damages shall not be allowed for any construction, alterations, or additions in violation of this subsection.

3. Without limiting any authority otherwise existing, rights in land needed for the great river road may be acquired at any time by the state, the county, or the municipality in which

such segment of the great river road is located. If an owner's contiguous land is acquired to an extent which is less than the total amount shown on the map as needed, consequential damages to the land not acquired shall be allowed as found to exist. [C62, 66, 71, 73, §308.5; 65GA, ch 1181, §4]

The farm-to-market road system shall embrace those main secondary roads (not including roads within cities) which connect rural areas with each other and with the cities, and primary roads, and which have heretofore been designated as farm-to-market roads under section 310.9, as amended, and section 310.10, Code 1946. Said road system may, with consent of the department, be changed and modified by the board of supervisors.

When all farm-to-market roads in any county have been built to established grade, bridged and surfaced in a manner suited to the traffic thereon, additional mileage may be added to the farm-to-market road system in said county. [C39,§4686.10; C46, 50, 54, 58, 62, 66, 71, 73,§310.10; 65GA, ch 1087,§32, ch 1180,§81]

310.18 Partial payments during construction. Partial payments may be made on the work during the progress thereof, but no such partial payment shall be deemed final acceptance of the work nor a waiver of any defect therein. The approval of any claims by the board of supervisors or by the department may be evidenced by the signature of the chairman of said board or department, or a majority of the members of the board or department, on the individual claims or on the abstract of a number of claims with the individual claims attached to said abstract. [C24, 27, 31, 35, 39, §4746; C46, §311.3; C50, 54, 58, 62, 66, 71, 73, §311.1]

311.4 County line road. Whenever it is desired to surface a secondary road on a county line, as a secondary road assessment district project, the board of supervisors of any county concerned may establish an assessment district in its county, and levy and collect special assessments for the payment of that portion of the estimated cost of such project assessable against lands in that county. The lands within such city abutting on or adjacent to such street or road may be included within such secondary road assessment district and assessed on account of such improvement upon the same basis and in the same manner as though such lands were located outside of a city. [C24, §4754; C27, 31, 35, §4745-a1; C39, §4745.1; C46, §311.2; C50, 54, 58, 62, 66, 71, 73, §311.5; 65GA, ch 1087, §32]

Amendment effective July 1, 1975

311.6 Petition—information required. The petition for a secondary road assessment district proposing to establish such district shall intelligibly describe the road or roads proposed to be improved, the nature of the proposed improvement, the percentage of the estimated cost of the surfacing of said road proposed to be assessed against the property in the said district and the lands proposed to be included in such district.

Such petition shall be signed by thirty-five percent of the owners of the lands within such proposed district, or by thirty-five percent of the owners of the land within such proposed district who reside within said county. [C24, 27, 31, 35, 39, §4746; C46, §311.3; C50, 54, 58, 62, 66, 71, 73, §311.6]

311.7 Improvement by private funds. When any owner or group of owners of not less than seventy-five percent of the lands adjacent to, or abutting upon any secondary road or roads shall, on or before October 1 of any year petition the board of supervisors of their county for the improving by graveling or other suitable surfacing, of said road or roads, and for the assessment of not less than fifty percent (or such greater portion as may be provided in said petition) of the cost of such improving, by graveling or other suitable surfacing, to the lands adjacent to, or abutting upon said road or roads, the board of supervisors shall, in the order in which such petitions were filed with it, include and give preference to said project or projects in the secondary road construction program of said county for the ensuing year. When a proper petition is filed, it shall retain its preference in succeeding years.

The board of supervisors shall proceed during the ensuing year with the construction and completion of said project under the same procedure as is prescribed generally for the improvement of secondary roads by assessment, and shall, as the law may provide, establish a special secondary road assessment district and assess against the lands included therein not less than fifty percent (or such greater portion as may be provided in said petition) of the engineer's estimated cost of the surfacing of the road or roads included in said project against all the lands adjacent to or abutting upon the said road or roads.

Provided, that should the owner or owners of all the lands included in any special secondary road assessment district under this section, subscribe and deposit with the county treasurer an amount not less than fifty percent (or such greater portion as may be provided in said petition) of the engineer's estimated cost of the surfacing of the road or roads included in said project, the board of supervisors shall not establish such special assessment district as herein provided, but shall accept the said donations in lieu of an assessment, and shall otherwise proceed to the improvement of said road or roads as herein provided.

Provided further, that the total expenditure of secondary road funds of the county in any year for or on account of special secondary road assessment district projects on local secondary roads under this section shall not exceed the total secondary road funds legally expendable for construction on local secondary roads in said county in said year, and the expenditure of secondary road funds of the county, in any township in any three-year period, for or on account of special secondary road assessment district projects on local sec-

ondary roads under this section, shall not exceed said township's pro rata share, on the area basis, of the total secondary road funds legally expendable for construction on local secondary roads in said county in said three-year period, unless there be a township or townships from which there are no petitions filed during the first two years of said three-year period.

If the engineer's estimated cost of the grading, bridges, culverts, and draining of the road proposed to be included in any special assessment district project under this section, exceeds an average of seven thousand dollars per mile, the board of supervisors of said county may appeal to the state transportation commission as to whether the county shall proceed with the construction of said project. The state transportation commission shall hold a hearing on said matter, at a time and place of which the petitioners and the county board shall be duly notified, and shall have an opportunity to appear and be heard. After such hearing the state transportation commission shall determine whether the county shall proceed with said project, which determination shall be final.

Upon the completion of such road or roads, and the satisfaction of all claims in relation thereto, any balance then remaining of the funds provided by the sponsors shall be returned to them according to their respective interests, providing all guarantees made by such sponsors have been fulfilled.

Any road or roads so improved by graveling or other suitable surfacing under the provisions of this section shall be maintained by the county from the secondary road fund. [C24, 27, 31, 35, 39, §§4747, 4753; C46, §§311.4, 311.10; C50, 54, 58, 62, 66, 71, 73, §311.7; 65GA, ch 1180, §82]

2. A plat of said proposed district which plat shall show the road or roads proposed to be improved, the various tracts and parcels of real estate included in said proposed district, and the ownership of such lands.
3. An approximately equitable apportionment of not less than twenty-five percent of the estimated cost of said improvement among the tracts and parcels of real estate included in such proposed district.
4. A statement whether all of the secondary roads to be surfaced in said proposed secondary road assessment district project have been built to permanent grade and properly drained.

5. Any information the county engineer may deem pertinent. [C24, 27, 31, 35, 39, §§4746, 4748; C46, §§311.3, 311.5; C50, 54, 58, 62, 66, 71, 73, §311.8]

311.9 Publicly owned real estate. In making said apportionment, real estate owned by the state, county or any city, shall be treated as other real estate, but no other publicly owned real estate shall be included. In apportioning benefits to real estate owned by a city, the county or the state, no consideration shall be given to the buildings thereon. [C24, §4707; C27, 31, 35, §4753-a1; C39, §4753.01; C46, §311.11; C50, 54, 58, 62, 66, 71, 73, §311.9; 65GA, ch 1087, §32]

Amendment effective July 1, 1975

311.10 Estimate and apportionment — presumption. Said estimated cost shall carry the presumption, in the absence of a contrary showing, that the same correctly represents the probable cost of said project as nearly as can be determined in advance of the actual doing and completion of the work. Said apportionment shall carry the presumption, in the absence of a contrary showing, that the same is fair, just, equitable, and in proportion to the benefits and not in excess thereof. [C24, §4707; C27, 31, 35, §4753-a1; C39, §4753.01; C46, §311.11; C50, 54, 58, 62, 66, 71, 73, §311.10]

The board of supervisors shall fix a time for hearing on the proposal for the establishment of said secondary road assessment district and on the apportionment of not less than twenty-five percent of the estimated cost of the proposed improvement, and shall cause the county auditor to publish notice of said hearing. Said notice shall state:

1. The time and place of hearing,
2. The road or roads proposed to be improved,
3. The type of surfacing proposed,
4. The estimated cost of the proposed improvement,
5. A description of the lands lying within said proposed district,
6. The ownership of said lands as shown by the transfer books in the auditor's office,
7. A statement of the amount apportioned to each tract or parcel of real estate as shown by the engineer's report,
8. That at said hearing the amount apportioned to any tract or parcel of land may be increased or decreased without further notice,
9. That all objections to the establishment of said district, to the said apportionment report, or to the proceedings relating thereto must be specifically made in writing and filed with the county auditor on or before noon of the day set for such hearing, and
10. That a failure to make and file such objections will be deemed a conclusive waiver of all such objections. [C24, §§4707, 4750, 4751;

C27, 31, 35, §§4750, 4751, 4753-a1; C39, §§4750, 4751, 4753.01; C46, §§311.7, 311.8, 311.11; C50, 54, 58, 62, 66, 71, 73, §311.11]

The last publication shall be not less than five days previous to said hearing. Proof of such publication shall be made by the publisher by affidavit filed with the county auditor. [C24, §4707; C27, 31, 35, §4753-a1; C39, §4753.01; C46, §311.11; C50, 54, 58, 62, 66, 71, 73, §311.12]

311.13 Errors in notice or apportionment report. Any omission or error in said apportionment report or notice with respect to any tract or parcel of real estate or the description thereof, or the name of the owner, or the amount of the assessment apportioned thereto, shall work no loss of jurisdiction on the part of the board over such proceeding. Such omission or error shall only affect the particular tract of real estate or person in question. If, before or after the board has entered its final order in the establishment of the said district or in the apportionment proceedings such omission or error is discovered, the board shall fix a time for a hearing as to such party or real estate and shall cause service of notice to be made upon them, either by publication as in this chapter provided, or by personal service in the time and manner required for service of original notices in the district court. After such hearing the board shall proceed as to such person or land as though such omission or error had not occurred. [C24, §4707; C27, 31, 35, §4753-a1; C39, §4753.01; C46, §311.11; C50, 54, 58, 62, 66, 71, 73, §311.13]

Only interested parties shall have the right to appear in such proceedings. All persons so appearing shall state for whom they appear. The clerk of the board shall make definite entry accordingly in the minutes of the board. [C24, §4707; C27, 31, 35, §4753-a1; C39, §4753.01; C46, §311.11; C50, 54, 58, 62, 66, 71, 73, §311.14]

311.15 Hearing—adjournment—order. Hearings on the proposed establishment of said district may be adjourned from time to time without loss of jurisdiction by the board. On final hearing the board shall proceed to a determination of said matters. It may reject, approve, or modify and approve said proposal. The board may exclude lands from the district or may add lands thereto or otherwise modify the proposal.

Should the proposal be approved in whole or in part, the board shall establish such district. The order of the board establishing such district shall state the road or roads to be improved, the type of improvement, and the

lands included in said district. Said order shall be final. No lands shall thereafter be added to or excluded from said district. [C24, §4709; C27, 31, 35, §4753-a2; C39, §4753.02; C46, §311.12; C50, 54, 58, 62, 66, 71, 73, §311.15]

311.20 Variation between estimated and actual cost. Any variation between the engineer's estimated cost and the actual cost of a secondary road assessment district project shall in no way affect the validity of the assessment. It is the intent of this chapter that the assessment shall be based on the estimated cost and not on the actual cost. [C24, §4711; C27, 31, 35,§4753-a4; C39,§4753.04; C46, §311.14; C50, 54, 58, 62, 66, 71, 73,§311.20]

311.21 Procedures. The preparation and approval of plans and specifications, the advertising for bids, the award and approval of contract, the supervision and inspection of construction work, and the approval and payment of claims on any secondary road assessment district project, shall be conducted in the manner provided in the laws for secondary road construction work generally. [C24, 27, 31, 35, 39,§4749, 4752; C46,§311.6, 311.9; C50, 54, 58, 62, 66, 71, 73,§311.21]

311.22 Road graded and drained. Any such secondary road shall be built to permanent grade and drained in a manner approved by the county engineer before being surfaced, as provided in this chapter. [C27, 31, 35, 39,§4746; C46,§311.3; C50, 54, 58, 62, 66, 71, 73,§311.22]

311.23 Payment of construction costs. The total cost of any secondary road assessment district project shall in the first instance be paid out of the secondary road fund of said county. Any assessments which are paid in cash and in anticipation of which assessments no certificates have been issued, shall be transferred to the secondary road fund.

If no special assessment certificates are issued and sold on account of any particular secondary road assessment district, the special assessments on lands included in that district, and the interest on such assessments when collected, shall be transferred to the secondary road fund of said county. If certificates are issued and sold in anticipation of the special assessments levied on any such district as herein provided, the proceeds of such certificates shall be credited to the secondary road fund of said county. In that event, the special

assessments in anticipation of which certificates have been issued, and the interest on such assessments shall, when collected, be used to retire such certificates. [C24, 27, 31, 35, 39, §4752; C46,§311.9; C50, 54, 58, 62, 66, 71, 73, §311.23]

311.24 Appeal from assessment. Any owner of land in a secondary road assessment district may appeal to the district court from the order of the board of supervisors in levying the assessment against his real estate, by filing with the county auditor within fifteen days of the date of such levy, a bond conditioned to pay all costs in case the appeal is not sustained, and a written notice of appeal wherein he shall, with particularity, point out the specific objection which he desires to lodge against such levy. Said appeal shall have precedence over all other business pending before the court except criminal matters. The appeal shall be heard as in equity. The court may raise or lower the assessment in question and make an equitable assessment in the judgment of the court. The clerk of the district court shall, upon the entry of the final order of the court, certify such final order to the county auditor. The board of supervisors shall at once so adjust the assessments as to comply with the final order of the court. [C24,§4713; C27, 31, 35,§4753-a5; C39,§4753.05; C46,§311.15; C50, 54, 58, 62, 66, 71, 73,§311.24]

311.25 Appeal docketed. When an appeal is taken, the county auditor shall at once make a transcript of the notice of appeal and appeal bond and transmit the same to the district court. The appellant shall, within twenty days after perfection of said appeal, docket said appeal and file a petition setting forth the order or decision of the board of supervisors appealed from, and his specific objections thereto. A failure to comply with either of these requirements shall be deemed a conclusive waiver of the appeal and in such case the court shall dismiss the same. Appellee need not file answer, but may do so. [C24,§4714; C27, 31, 35,§4753-a6; C39,§4753.06; C46,§311.16; C50, 54, 58, 62, 66, 71, 73,§311.25]

311.26 Assessments certified to county treasurer. When the board of supervisors has entered its final order as to the amounts of all special assessments on a given improvement, the county auditor shall at once certify a list of such assessments and a list of real estate upon which each assessment has been levied, with the specific designation of the district embracing such real estate, to the county treasurer, who shall enter each assessment on the tax books and continue such entry until such assessment is paid.

Each special assessment and all installments thereof shall be a lien upon the real estate upon which it is levied from the date of such certificate by the county auditor to the same extent and in the same manner as taxes levied for state and county purposes. Changes in the amount of any special assessment by rea-

son of any ruling of the district court on appeals shall be likewise certified and the county treasurer shall make the proper correction on his books. [C24,§4715; C27, 31, 35, §4753-a7; C39,§4753.07; C46,§311.17; C50, 54, 58, 62, 66, 71, 73,§311.26]

311.27 Each district separate unit. Each assessment district shall be considered a unit and all funds received by the county treasurer for or on behalf of such unit shall be carried as a distinct and separate account and under the same specific name as that used by the board in establishing such unit. [C24,§4716; C27, 31, 35,§4753-a8; C39,§4753.08; C46,§311.18; C50, 54, 58, 62, 66, 71, 73,§311.27]

311.28 Certificates anticipating assessments. In order to render immediately available that amount of the estimated cost of an improvement which has been specially assessed, the board may issue road certificates in the name of the county in an aggregate amount not exceeding the then unpaid amount of the special assessment levied in said district. Each issue of certificates shall be under, and in accordance with, a duly adopted resolution of the board and which shall recite (1) the name or designation of the road district on account of which the certificates are issued; (2) that a stated amount (naming the amount) has been specially assessed against the lands within said district; (3) that a stated amount of said aggregate special assessment has not yet been paid (naming the unpaid amount); (4) that it is necessary to render such unpaid amount immediately available; (5) the number of road certificates authorized and the specific amount of each certificate; (6) the specific numbering or designation of such certificates; (7) the rate of interest which each certificate shall bear from date, to wit, not to exceed six percent per annum; (8) the fact that said certificates are payable solely from the proceeds of the special assessments which have been levied on the lands within said districts; (9) that each certificate shall be payable on or before the first day of January of the first year following the maturity of the last installment of such special assessments, and that interest thereon shall be paid annually; (10) the authorization to the chairman of the board, and to the county auditor, respectively, to sign and countersign each of said certificates. [C24,§4717; C27, 31, 35,§4753-a9; C39,§4753.09; C46,§311.19; C50, 54, 58, 62, 66, 71, 73,§311.28]

311.29 Sale of certificates. Upon the signing of each of said certificates by the chairman of

the board, said certificates shall be delivered to the county auditor, who shall countersign the same, charge the county treasurer with the amount thereof, and deliver the same to the latter officer, who shall be responsible therefor on his bond. The treasurer may apply said certificates in payment of any warrants duly authorized and issued for surfacing the roads within said district, or he may sell the same for the best attainable price and for not less than par, plus accrued interest, and credit the proceeds to the secondary road fund. Such certificates shall be retired in the order of the consecutive numbering thereof. [C24, §4717; C27, 31, 35,§4753-a9; C39,§4753.09; C46, §311.19; C50, 54, 58, 62, 66, 71, 73,§311.29]

311.30 Certificates registered — payment. The county treasurer shall, in connection with the road account for said district, enter the name and post-office address of all persons to whom any of said certificates are issued, with a particular designation of the certificates delivered to each person. Any subsequent holder may present his certificate to the county treasurer and cause his name and post-office address to be entered in lieu of that of such former holder. Whenever the fund for such particular district has money to pay the first retirable certificate or certificates, the county treasurer shall, by mail, as shown by his records, promptly notify the holder of such certificate of such fact and that from and after ten days after the mailing of such letter all interest on such certificates will cease. The good faith of the state is hereby pledged to cause to be made available each year, sufficient funds to equal the total of any sums now or hereafter apportioned to the state for road purposes by the United States government for such year, and to maintain the roads constructed with said funds. [C24,§4688; C27, 31, 35,§4755-b1; C39, §4755.01; C46, 50, 54, 58, 62, 66, 71, 73,§313.1; 65GA, ch 1180,§86]

Amendment effective July 1, 1975

313.2 "Road systems" defined — roadside parks. The roads and streets of the state are, for the purpose of this chapter, assigned to the functional classification systems established under chapter 306.

Whenever the board of supervisors of a county and the department mutually determine that a portion of a highway under the jurisdiction of either party should be transferred to the jurisdiction of the other party, the board and department may enter into an

agreement to effect such transfer. Such agreement may provide that each party may undertake or share responsibility for improving said road with the costs of such improvement to be borne entirely by either the county or the department or equitably divided between the two jurisdictions. All such improvements shall be completed and all actual costs thereof paid or reimbursed prior to the time transfer of the road is made. In carrying out such agreement, the board of supervisors may expend secondary road funds of the county and the department may expend primary road funds.

However, prior to entering into the agreement, a notice of intent to execute such agreement shall be published in a newspaper of general circulation within the county and the cost of such notice shall be jointly borne by the department and the board of supervisors. If one hundred or more residents of the county request by petition or in writing that a hearing be held in regard to such agreement within ten days after the publication of the notice, the board of supervisors and the department shall hold such a hearing not more than seven days after receiving the petition or written instrument, and based upon evidence presented at such hearing shall re-examine the merits of executing such agreement and make a decision in regard to it.

The department may, for the purpose of affording access to cities or state parks, or for the purpose of shortening the direct line of travel on important routes, or to effect connections with interstate roads at the state line, add such road or roads to the primary system.

The department, either alone or in co-operation with any county, shall have the authority to utilize any land acquired incidental to the acquisition of land for highway right of way and to also accept by gift, lands not exceeding two acres in area for roadside parks and parking areas. The department may furnish necessary maintenance. The department shall also have authority to accept by gift, equipment or other installations incidental to the use of said parks and parking areas. Said parks and parking areas shall be a part of the primary road system and the department may at its discretion sell or otherwise dispose of said lands. No rest areas or rest area buildings shall be established or constructed on an interstate highway at intervals of less than sixty miles.

Reasonable maintenance and surveillance of rest area sites and buildings located thereon shall be provided by regular maintenance employees of the department under the district maintenance engineer in the district where the rest areas are located within the limits of appropriations provided for such purpose.

No transfer of jurisdiction and control of any road or street as required by this Act* shall be effective until the enactment of legislation which allocates the road use tax fund in a manner different from the law existing on January 1, 1974, and in a manner which compensates state, county and municipal jurisdictions for additional highway, road or street needs acquired by such transfer as determined by the department.

Notwithstanding the foregoing provision of this section, transfers in jurisdiction and control of roads and streets may take place if agreements are entered into by the jurisdictional divisions of government involved in the transfer of such roads and streets. 3. All other funds which may by law be credited to the primary road fund.

3. It is further provided that there is appropriated from funds appropriated to the department which would otherwise revert to the primary road fund pursuant to the provisions of the Act appropriating the funds or chapter 8, an amount sufficient to pay the increase in salaries, which increase is not otherwise provided for by the general assembly in an appropriation bill, resulting from the annual review of the merit pay plan as provided in subsection 2 of section 19A.9. However, the amount of contracts for bituminous resurfacing, bridge painting, concrete paving repair, and agreements with municipalities for maintenance on primary road extensions need not be included in the amount appropriated for maintenance.

The provisions of chapter 8 shall apply except that the provisions of section 8.39 shall not apply to funds appropriated to the department under section 313.4, however, the first paragraph of section 8.39 shall apply to appropriations for support of the department and for engineering and administration of highway work and maintenance of the primary road system.

1. A written statement from the state comptroller shall be obtained, recommending expenditures from the fund for the purposes requested by the department.

2. The comptroller and the governor shall determine that the expenditures contemplated are in the best interest of the state, and that the purpose or project for which funds are requested was not presented to the general assembly by way of a bill and which failed to become enacted into law. [C39,§4755.05; C46, 50, 54, 58, 62, 66, 71, 73,§313.5; 65GA, ch 1180, §86]

Prior to use

of a secondary road as a primary haul road or detour, the department shall designate a representative to inspect the secondary road with the county engineer to determine and note the condition of the road.

Prior to revoking the designation, the department shall:

2. Determine such amount as will adequately compensate the county exercising exclusive or concurrent jurisdiction over the secondary road or portion thereof for excessive traffic upon the secondary road or portion thereof during the period of its designation as a temporary primary road. The department shall certify the amount determined to the state comptroller. The comptroller shall credit the amount to the secondary road fund of the county.

1. "*Toll bridge*" shall mean an interstate bridge constructed, purchased or acquired under the provisions of this chapter, upon which tolls are charged, together with all appurtenances, additions, alterations, improvements, and replacements thereof, and the approaches thereto, and all lands and interests therein used therefor, and buildings and improvements thereon.

4. "*Acquisition by purchase, gift, or condemnation*" as used in this chapter shall mean acquisition by the department, whether such terms "purchase, gift, or condemnation" are used singularly or in sequence.

5. "*Federal bridge commission*" shall mean any bridge commission organized and operating pursuant to an Act of the Congress of the United States, even though such Act of Congress may declare the bridge commission not to be an agency of the federal government. [C71, 73,§313A.1; 65GA, ch 1180,§87]

Amendment effective July 1, 1975

313A.2 Bridge to be controlled by department. The department shall have full charge of the construction and acquisition of all toll bridges constructed or acquired under the provisions of this chapter, the operation and maintenance thereof and the imposition and collection of tolls and charges for the use thereof. The department shall have full charge of the design of all toll bridges con-

structed under the provisions of this chapter. The department shall proceed with the construction of such toll bridges and other facilities and the approaches thereto by contract immediately upon there being made available funds for such work and shall prosecute such work to completion as rapidly as practicable. The department shall advertise for bids for the construction, reconstruction, improvement, repair or remodeling of any toll bridge by publication of a notice once each week for at least two consecutive weeks in a newspaper published and having a general circulation throughout the state of Iowa, the first publication to appear at least fifteen days prior to the date set for receiving bids. The department shall have the power to accept such offer or offers, propositions or bids, and enter into such contract or contracts as it shall deem to be to the best interest of the state. [C71, 73,§313A.2; 65GA, ch 1180,§89]

Amendment effective July 1, 1975

313A.3 Toll bridges constructed over boundary rivers. The department is hereby authorized to establish and construct toll bridges upon any public highway, together with approaches thereto, wherever it is considered necessary or advantageous and practical for crossing any navigable river between this state and an adjoining state. The necessity or advantage and practicality of any toll bridge shall be determined by the department. To obtain information for the consideration of the department upon the construction of any toll bridge or any other matter pertaining thereto, any officer or employee of the state, upon the request of the department, shall make reasonable examination, investigation, survey, or reconnaissance to determine material facts pertaining thereto and shall report such findings to the department. The cost thereof shall be borne by the department or office conduct-

ing it from funds provided for its functions. [C71, 73,§313A.3; 65GA, ch 1180,§89]

Amendment effective July 1, 1975

313A.4 Investigation of feasibility. The department is hereby authorized to enter into agreements with any federal bridge commission or any county or city of this state, and with an adjoining state or county, city, or town thereof, for the purpose of implementing an investigation of the feasibility of any toll bridge project for the bridging of a navigable river forming a portion of the boundary of this state and such adjoining state. The department may use any funds available for the purposes of this section. Such agreements may provide that in the event any such project is determined to be feasible and adopted, any advancement of funds by any state, county or city may be reimbursed out of any proceeds derived from the sale of bonds or out of tolls and revenues to be derived from such project. [C71, 73,§313A.4; 65GA, ch 1087,§32, ch 1180,§89]

Amendment effective July 1, 1975

313A.5 Acquiring existing bridge — bonds.

Whenever the department deems it necessary or advantageous and practical, it may acquire by gift, purchase, or condemnation any interstate bridge which connects with or may be connected with the public highways and the approaches thereto, except that the department may not condemn an existing interstate bridge used for interstate highway traffic and combined highway and railway traffic and presently owned by a municipality, or a person, firm, or corporation engaged in interstate commerce. The department may also acquire by gift or purchase two or more existing interstate bridges and any partially constructed interstate bridge, all located within ten miles of each other, complete the partially constructed bridge and dismantle the bridge which it is designed to replace. In connection with the acquisition of any such bridge, bridges, or partially constructed bridge, the department and any federal bridge commission or any city, county, or other political subdivision of the state are authorized to do all acts and things as in this chapter are provided for the establishing and constructing of toll bridges and operating, financing, and maintaining such bridges insofar as such powers and requirements are applicable to the acquisition of any toll bridge and its operation, financing, and maintenance. In so doing, they shall act in the same manner and under the same procedures as provided for establishing, constructing, operating, financing, and maintaining toll bridges insofar as such manner and procedures are applicable. Without limiting the generality of the above provisions, the department is hereby authorized to cause surveys to be made to determine the propriety of acquiring any such bridge and the rights of way necessary therefor, and other facilities necessary to carry out the provisions hereof; to issue, sell,

redeem bonds or issue and exchange bonds with present holders of outstanding bonds of bridges being acquired under the provisions of this chapter and deposit and pay out of the proceeds of the bonds for the financing thereof, to impose, collect, deposit, and expend tolls therefrom; to secure and remit financial and other assistance in connection with the purchase thereof; and to carry insurance thereon. [C71, 73,§313A.5; 65GA, ch 1087,§32, ch 1180,§89]

Amendment effective July 1, 1975

313A.6 Rules adopted—financial statements.

The department, its officials, and all state officials are hereby authorized to perform such acts and make such agreements consistent with the law which are necessary and desirable in connection with the duties and powers conferred upon them regarding the construction, maintenance, and operation and insurance of toll bridges or the safeguarding of the funds and revenues required for such construction and the payment of the indebtedness incurred therefor. The department shall adopt such rules and regulations in accordance with the provisions of chapter 17A as it may deem necessary for the administration and exercise of its powers and duties granted by this chapter, and shall prepare annual financial statements regarding the operation of such toll bridges which shall be made available for inspection by the public and by the holders of revenue bonds issued by the department under the provisions of this chapter at all reasonable times. [C71, 73,§313A.6; 65GA, ch 1180,§89]

Amendment effective July 1, 1975

313A.7 Resolution of public interest and necessity—revenue bonds.

Whenever the department deems it to be in the best interest of the primary highway system that any new toll bridge be constructed upon any public highway and across any navigable river between this state and an adjoining state, the department shall adopt a resolution declaring that the public interest and necessity require the construction of such toll bridge and authorizing the issuance of revenue bonds in an amount sufficient for the purpose of obtaining funds for such construction. The issuance of bonds as provided in this chapter for the construction, purchase, or acquisition of more than one toll bridge may, at the discretion of the department, be included in the same authority and issue or issues of bonds, and the department is hereby authorized to pledge the gross revenues derived from the operation of any such toll bridge under its control and jurisdiction to pay the principal of and interest on bonds issued to pay the cost of purchasing, acquiring, or constructing any such toll bridge financed under the provisions of this chapter. The department is hereby granted wide discretion, in connection with the financing of the cost of any toll bridge, to

pledge the gross revenues of a single toll bridge for the payment of bonds and interest thereon issued to pay the cost of such bridge and to pledge the gross revenues of two or more toll bridges to pay bonds issued to pay the cost of one or more toll bridges and interest thereon as long as the several bridges included herein are not more than ten miles apart.

In addition, if the department in its discretion determines that the construction of a toll bridge cannot be financed entirely through revenue bonds and that the construction of such toll bridge is necessary, the department may advance funds from the primary highway fund to pay for that part of the construction cost, including the cost of approaches and all incidental costs, which is not paid out of the proceeds of revenue bonds. However, said funds advanced from the primary highway fund shall be used only to pay the construction cost, including the cost of approaches and all incidental costs, with respect to that part of the bridge which is or will be located within the state of Iowa. After all revenue bonds and interest thereon issued and sold pursuant to this chapter and payable from the tolls and revenues of said bridge have been fully paid and redeemed or funds sufficient to pay said bonds and interest, including premium, if any, have been set aside and pledged for that purpose, then such amount advanced from the primary road fund shall be repaid to the primary road fund from the tolls and revenues of said bridge before said bridge is made a toll free bridge under the provisions of this chapter. [C71, 73, §313A.7; 65GA, ch 1180, §89]

Referred to in §313A.16

Amendment effective July 1, 1975

313A.8 Right of way secured. Whenever the department shall authorize the construction of any toll bridge, the department is empowered to secure rights of way therefor and for approaches thereto by gift or purchase or by condemnation in the manner provided by law for the taking of private property for public purposes. [C71, 73, §313A.8; 65GA, ch 1180, §89]

Amendment effective July 1, 1975

313A.9 Consent to cross state property. The right of way is hereby given, dedicated, and set apart upon which to locate, construct, and maintain toll bridges or approaches thereto or other highway crossings, and transportation facilities thereof or thereto, through, over or across any of the lands which are now or may be the property of this state, including highways; and through, over, or across the streets, alleys, lanes, and roads within any city, county, or other political subdivision of the state. If any property belonging to any city, county or other political subdivision of the state is required to be taken for the construction of any such bridge or approach thereto or should any such property be injured or damaged by such construction, such compensation therefor as may be proper or nec-

essary and as shall be agreed upon may be paid by the department to the particular county, city or other political subdivision of the state owning such property, or condemnation proceedings may be brought for the determination of such compensation. [C71, 73, §313A.9; 65GA, ch 1087, §32, ch 1180, §89]

Amendment effective July 1, 1975

313A.10 Resolution precedent to action. Before the department shall proceed with any action to secure right of way or with the construction of any toll bridge under the provisions of this chapter, it shall first pass a resolution finding that public interest and necessity require the acquisition of right of way for and the construction of such toll bridge. Such resolution shall be conclusive evidence of the public necessity of such construction and that such property is necessary therefor. To aid the department in determining the public interest, a public hearing shall be held in the county or counties of this state in which any portion of a bridge is proposed to be located. Notice of such hearing shall be published at least once in a newspaper published and having a general circulation in the county or counties where such bridge is proposed to be located, not less than twenty days prior to the date of the hearing. When it becomes necessary for the department to condemn any real estate to be used in connection with any such bridge, or to condemn any existing bridge, such condemnation shall be carried out in a manner consistent with the provisions of chapters 471 and 472. In eminent domain proceedings to acquire property for any of the purposes of this chapter, any bridge, real property, personal property, franchises, rights, easements, or other property or privileges appurtenant thereto appropriated or dedicated to a public use or purpose by any person, firm, private, public or municipal corporation, county, city, district or any political subdivision of the state, may be condemned and taken, and the acquisition and use thereof as herein provided for the same public use or purpose to which such property has been so appropriated or dedicated, or for any other public use or purpose, shall be deemed a superior and permanent right and necessity, and a more necessary use and purpose than the public use or purpose to which such property has already been appropriated or dedicated, and any condemnation award may be paid from the proceeds of revenue bonds issued under the provisions of this chapter. [C71, 73, §313A.10; 65GA, ch 1087, §32, ch 1180, §89]

Amendment effective July 1, 1975

313A.11 Payment from available funds. If the department determines that any toll bridge should be constructed or acquired under its authority, all costs thereof, including land, right of way, surveying, engineering, construction, legal and administrative expenses, and fees of any fiscal adviser, shall be paid out of any funds available for payment of

the cost of the bridge. [C71, 73,§313A.11; 65GA, ch 1180,§89]

Amendment effective July 1, 1975

313A.12 Revenue bonds. The department is hereby authorized and empowered to issue revenue bonds for the acquisition, purchase or construction of any interstate bridge. Any and all bonds issued by the department for the acquisition, purchase, or construction of any interstate bridge under the authority of this chapter shall be issued in the name of the department and shall constitute obligations only of the department, shall be identified by some appropriate name, and shall contain a recital on the face thereof that the payment or redemption of said bonds and the payment of the interest thereon are secured by a direct charge and lien upon the tolls and other revenues of any nature whatever received from the operation of the particular bridge for the acquisition, purchase, or construction of which the bonds are issued and of such other bridge or bridges as may have been pledged therefor, and that neither the payment of the principal or any part thereof nor of the interest thereon or any part thereof constitutes a debt, liability, or obligation of the state of Iowa. When it is determined by the department to be in the best public interest, any bonds issued under the provisions of this chapter may be refunded and refinanced at a lower rate, the same rate or a higher rate or rates of interest and from time to time as often as the department shall find it to be advisable and necessary so to do. Bonds issued to refund other bonds theretofore issued by the department under the provisions of this chapter may either be sold in the manner hereinafter provided and the proceeds thereof applied to the payment of the bonds being refunded, or the refunding bonds may be exchanged for and in payment and discharge of the bonds being refunded. The refunding bonds may be sold or exchanged in installments at different times or an entire issue or series may be sold or exchanged at one time. Any issue or series of refunding bonds may be exchanged in part or sold in part in installments at different times or at one time. The refunding bonds may be sold at any time on, before, or after the maturity of any of the outstanding bonds to be refinanced thereby and may be issued for the purpose of refunding a like or greater principal amount of bonds, except that the principal amount of the refunding bonds may exceed the principal amount of the bonds to be refunded to the extent necessary to pay any premium due on the call of the bonds to be refunded or to fund interest in arrears or about to become due. The gross revenues of any toll bridge pledged to the payment of the bonds being refunded, together with the unpledged gross revenues of any other toll bridges located within ten miles of said bridge, may be pledged by the department to pay the principal of and interest on the refunding bonds and to create and maintain reserves therefor.

The department is empowered to receive and accept funds from the state of Iowa or the federal government or any other state upon a co-operative or other basis for the acquisition, purchase, or construction of any interstate bridge authorized under the provisions of this chapter and is empowered to enter into such agreements with the state of Iowa or any other state or the federal government as may be required for the securing of such funds.

The department is authorized and empowered to spend from annual primary road fund receipts sufficient moneys to pay the cost of operation, maintenance, insurance, collection of tolls and accounting therefor and all other charges incidental to the operation and maintenance of any toll bridge administered under the provisions of this chapter. However, said annual primary road fund receipts shall be used only to pay such costs and charges with respect to that part of the bridge which is located within the state of Iowa.

The department may also issue its revenue bonds to pay all or any part of the cost of acquiring two or more existing interstate bridges and any partially constructed interstate bridge, all located within ten miles of each other, of completing the partially constructed bridge and of dismantling the bridge which it is designed to replace, and to impose and collect tolls on all of such bridges and to pledge the revenues derived therefrom to the payment of the bonds issued to finance such project. 313A.13 Sale and exchange or retirement of bonds. The revenue bonds may be issued and sold or exchanged by the department from time to time and in such amounts as it deems necessary to provide sufficient funds for the acquisition, purchase, or construction of any such bridge and to pay interest on bonds issued for the construction of any toll bridge during the period of actual construction and for six months after completion thereof. The department is hereby authorized to adopt all necessary resolutions prescribing the form, conditions, and denominations of the bonds, the maturity dates therefor, and the interest rate or rates which the bonds shall bear. All bonds of the same issue need not bear the same interest rate. Principal and interest of the bonds shall be payable at such place or places within or without the state of Iowa as determined by the department, and the bonds may contain provisions for registration as to principal or interest, or both. Interest shall be payable at such times as determined by the department and the bonds shall mature at

such times and in such amounts as the department prescribes. The department may provide for the retirement of the bonds at any time prior to maturity, and in such manner and upon payment of such premiums as it may determine in the resolution providing for the issuance of the bonds. All such bonds and any coupons attached thereto shall be signed by such officials of the department as the department may direct. Successive issues of such bonds within the limits of the original authorization shall have equal preference with respect to the payment of the principal thereof and the payment of interest thereon. The department may fix different maturity dates, serially or otherwise, for successive issues under any one original authorization. All bonds issued under the provisions of this chapter shall have all the qualities of negotiable instruments under the laws of the state of Iowa. All bonds issued and sold hereunder shall be sold to the highest and best bidder on the basis of sealed proposals received pursuant to a notice specifying the time and place of sale and the amount of bonds to be sold which shall be published at least once not less than seven days prior to the sale in a newspaper published in the state of Iowa and having a general circulation in said state. None of the provisions of chapter 75 shall apply to bonds issued under the provisions of this chapter but such bonds shall be sold upon terms of not less than par plus accrued interest. The department may reject any or all bids received at the public sale and may thereafter sell the bonds at private sale on such terms and conditions as it deems most advantageous to its own interests, but not at a price below that of the best bid received at the advertised sale. The department may enter into contracts and borrow money through the sale of bonds of the same character as those herein authorized, from the United States or any agency thereof, upon such conditions and terms as may be agreed to and the bonds shall be subject to all the provisions of this chapter, except that any bonds issued hereunder to the United States or any agency thereof need not first be offered at public sale. The department may also provide for the private sale of bonds issued under the provisions of this chapter to the state treasurer of Iowa upon such terms and conditions as may be agreed upon, and in such event said bonds need not first be offered at public sale. Temporary or interim bonds, certificates, or receipts, of any denomination, and with or without coupons attached, signed by such official as the department may direct, may be issued and delivered until the definitive bonds are executed and available for delivery. [C71, 73,§313A.13; 65GA, ch 1180,§89]

Amendment effective July 1, 1975

313A.14 Proceeds in trust fund. The proceeds from the sale of all bonds authorized and issued under the provisions of this chapter shall be deposited by the department in a fund designated as the construction fund of

the particular interstate bridge or bridges for which such bonds were issued and sold, which fund shall not be a state fund and shall at all times be kept segregated and set apart from all other funds and in trust for the purposes herein set out. Such proceeds shall be paid out or disbursed solely for the acquisition, purchase, or construction of such interstate bridge or bridges and expenses incident thereto, the acquisition of the necessary lands and easements therefor and the payment of interest on such bonds during the period of actual construction and for a period of six months thereafter, only as the need therefor shall arise and the department may agree with the purchaser of said bonds upon any conditions or limitations restricting the disbursement of such funds that may be deemed advisable, for the purpose of assuring the proper application of such funds. All moneys in such fund and not required to meet current construction costs of the interstate bridge or bridges for which such bonds were issued and sold, and all funds constituting surplus revenues which are not immediately needed for the particular object or purpose to which they must be applied or are pledged may be invested in obligations issued or guaranteed by the United States or by any person controlled by or supervised by and acting as an instrumentality of the United States pursuant to authority granted by the Congress of the United States; provided, however, that the department may provide in the proceedings authorizing the issuance of said bonds that the investment of such moneys shall be made only in particular bonds and obligations within the classifications eligible for such investment and such provisions shall thereupon be binding upon the department and all officials having anything to do with such investment. Any surplus which may exist in said construction fund shall be applied to the retirement of bonds issued for the acquisition, purchase, or construction of any such interstate bridge by purchase or call and, in the event such bonds cannot be purchased at a price satisfactory to the department and are not by their terms callable prior to maturity, such surplus shall be paid into the fund applicable to the payment of principal and interest of said bonds and shall be used for that purpose. The proceedings authorizing the issuance of bonds may provide limitations and conditions upon the time and manner of applying such surplus to the purchase and call of outstanding bonds and the terms upon which they shall be purchased or called and such limitations and conditions shall be followed and observed in the application and use of such surplus. All bonds so retired by purchase or call shall be immediately canceled. [C71, 73,§313A.14; 65GA, ch 1180,§89]

313A.15 Toll revenue fund. All tolls or other revenues received from the operation of any toll bridge acquired, purchased, or constructed with the proceeds of bonds issued

and sold hereunder shall be deposited by the department to the credit of a special trust fund to be designated as the toll revenue fund of the particular toll bridge or toll bridges producing such tolls or revenue, which fund shall be a trust fund and shall at all times be kept segregated and set apart from all other funds. [C71, 73,§313A.15; 65GA, ch 1180,§89]

313A.16 Funds transferred to place of payment. From the money so deposited in each separate construction fund as hereinabove provided, at the direction of the department there shall be transferred to the place or places of payment named in said bonds such sums as may be required to pay the interest as it becomes due on all bonds issued and outstanding for the construction of such particular toll bridge or toll bridges during the period of actual construction and during the period of six months immediately thereafter. The department shall thereafter transfer from each separate toll revenue fund to the place or places of payment named in the bonds for which said revenues have been pledged such sums as may be required to pay the interest on said bonds and redeem the principal thereof as such interest and principal become due. All funds so transferred for the payment of principal of or interest on bonds issued for any particular toll bridge or toll bridges shall be segregated and applied solely for the payment of said principal or interest. The proceedings authorizing the issuance of the bonds may provide for the setting up of a reserve fund or funds out of the tolls and other revenues not needed for the payment of principal and interest, as the same currently matures and for the preservation and continuance of such fund in a manner to be provided therein, and such proceedings may also require the immediate application of all surplus moneys in such toll revenue fund to the retirement of such bonds prior to maturity, by call or purchase, in such manner and upon such terms and the payment of such premiums as may be deemed advisable in the judgment of the department. The moneys remaining in each separate toll revenue fund after providing the amount required for the payment of principal of and interest on bonds as hereinabove provided, shall be held and applied as provided in the proceedings authorizing the issuance of said bonds. In the event the proceedings authorizing the issuance of said bonds do not require surplus revenues to be held or applied in any particular manner, they shall be allocated and used for such other purposes incidental to the construction, operation, and maintenance of any toll bridge as the department may determine and as permitted under sections 313A.7 and 313A.12. [C71, 73,§313A.16; 65GA, ch 1180,§89]

All interest received or earned on money deposited in each and every fund herein provided for shall be credited to and become a part of the particular fund upon which said interest accrues. Notwithstanding any provision contained in this chapter, the proceeds received from the sale of bonds and the tolls or other revenues received from the operation of any toll bridge may be used to defray any expenses incurred by the department in connection with and incidental to the issuance and sale of bonds for the acquisition, purchase, or construction of any such toll bridge including expenses for the preparation of surveys and estimates, legal, fiscal and administrative expenses, and the making of such inspections and examinations as may be required by the purchasers of such bonds; provided, that the proceedings authorizing the issuance of such bonds may contain appropriate provisions governing the use and application of said bond proceeds and toll or other revenues for the purposes herein specified. Amendment effective July 1, 1975

313A.20 No diminution of duties while bonds outstanding. While any bonds issued by the department remain outstanding, the powers, duties or existence of the department or of any other official or agency of the state shall not be diminished or impaired in any manner that will affect adversely the interests and rights of the holders of such bonds. The holder of any bond may by mandamus or other appropriate proceeding require and compel the performance of any of the duties imposed upon any state department, official, or employee or imposed upon the department or its officers, agents, and employees in connection with the acquisition, purchase, construction, maintenance, operation, and insurance of any bridge and in connection with the col-

lection, deposit, investment, application, and disbursement of all tolls and other revenues derived from the operation and use of any bridge and in connection with the deposit, investment, and disbursement of the proceeds received from the issuance of bonds; provided, that the enumeration of such rights and remedies herein shall not be deemed to exclude the exercise or prosecution of any other rights or remedies by the holders of such bonds. 313A.21 Insurance or indemnity bond.

When any toll bridge authorized hereunder is being built by the department it may carry or cause to be carried such an amount of insurance or indemnity bond or bonds as protection against loss or damage as it may deem proper. The department is hereby further empowered to carry such an amount of insurance to cover any accident or destruction in part or in whole to any toll bridge. All moneys collected on any indemnity bond or insurance policy as the result of any damage or injury to any such toll bridge shall be used for the purpose of repairing or rebuilding of any such toll bridge as long as there are revenue bonds against any such structure outstanding and unredeemed. The department is also empowered to carry insurance or indemnity bonds insuring against the loss of tolls or other revenues to be derived from any such toll bridge by reason of any interruption in the use of such toll bridge from any cause whatever, and the proceeds of such insurance or indemnity bonds shall be paid into the fund into which the tolls and other revenues of the bridge thus insured are required to be paid and shall be applied to the same purposes and in the same manner as other moneys in the said fund. Such insurance or indemnity bonds may be in an amount equal to the probable tolls and other revenues to be received from the operation of such toll bridge during any period of time that may be determined upon by the department and fixed in its discretion, and be paid for out of the toll revenue fund as may be specified in said proceedings. The department may provide in the proceedings authorizing the issuance of bonds for the carrying of insurance as authorized by this chapter and the purchase and carrying of insurance as authorized by this chapter shall thereupon be obligatory upon the department and be paid for out of the toll revenue fund as may be specified in said proceedings. [C71, 73, §313A.21; 65GA, ch 1180,§89]

313A.22 Toll charges fixed by department.

The department is hereby empowered to fix the rates of toll and other charges for all interstate bridges acquired, purchased, or constructed under the terms of this chapter. Toll charges so fixed may be changed from time to time as conditions may warrant. The department in establishing toll charges shall give due consideration to the amount required

annually to pay the principal of and interest on bonds payable from the revenues thereof. The tolls and charges shall be at all times fixed at rates sufficient to pay the bonds and interest as they mature, together with the creation and maintenance of bond reserve funds and other funds as established in the proceedings authorizing the issuance of the bonds, for any particular toll bridge. The amounts required to pay the principal of and interest on bonds shall constitute a charge and lien on all such tolls and other revenues and interest thereon and sinking funds created therefrom received from the use and operation of said toll bridge, and the department is hereby authorized to pledge a sufficient amount of said tolls and revenues for the payment of bonds issued under the provisions of this chapter and interest thereon and to create and maintain a reserve therefor. Such tolls and revenues, together with the interest earned thereon, shall constitute a trust fund for the security and payment of such bonds and shall not be used or pledged for any other purpose as long as such bonds or any of them are outstanding and unpaid. Whenever a proposed interstate bridge is to be acquired, purchased or constructed, any city, county, or other political subdivision located in relation to such facility so as to benefit directly or indirectly thereby, may, either jointly or separately, at the request of the department advance or contribute money, rights of way, labor, materials, and other property toward the expense of acquiring, purchasing or constructing the bridge, and for preliminary surveys and the preparation of plans and estimates of cost therefor and other preliminary expenses. Any such city, county, or other political subdivision may, either jointly or separately, at the request of the department advance or contribute money for the purpose of guaranteeing the payment of interest or principal on the bonds issued by the department to finance the bridge. Appropriations for such purposes may be made from any funds available, including county road funds received from or credited by the state, or funds obtained by excess tax levies made pursuant to law or the issuance of general obligation bonds for this purpose. Money or property so advanced or contributed may be immediately transferred or delivered to the department to be used for the purpose for which contribution was made. The department may enter into an agreement with a city, county, or other political subdivision to repay any money or the value of a right of way, labor, materials or other property so advanced or contributed. The department may make such repayment to a city, county, or other political subdivision and reimburse the state for any expenditures made by it in connection with the bridge out of tolls and other revenues

for the use of the bridge. [C71, 73,§313A.23; 65GA, ch 1087,§32, ch 1180,§89]

The department shall certify the agreement for the sale to the state executive council, with a description of the land and the terms of the sale and the state executive council may execute the deed and deliver it to the grantee. 314.1 Bidders' statements of qualifications—basis for awarding contracts. The agency having charge of the receipt of bids and the award of contracts for the construction, reconstruction, improvement, repair or maintenance of any highway, may require, for any highway contract letting, that each bidder shall file with said agency a statement showing his financial standing, his equipment, and his experience in the execution of like or similar work. Said statements shall be on standard forms prepared by the department and shall be filed with said agency previous to the letting at which such bidder expects to bid. The agency may, in advance of the letting, notify the bidder as to the amount and the nature of the work for which he is deemed qualified to bid.

In the award of contracts for the construction, reconstruction, improvement, repair or maintenance of any highway, the agency having charge of awarding such contracts shall give due consideration not only to the prices bid but also to the mechanical or other equipment and the financial responsibility and experience in the performance of like or similar contracts. The agency may reject any or all bids, or may let by private contract or build by day labor, at a cost not in excess of the lowest bid received. Upon the completion of any contract or project on either the farm-to-market or secondary road system, the county engineer shall file with the county auditor a statement showing the total cost thereof with certificate that said work has been done in accordance with the plans and specifications. All contracts shall be in writing and shall be secured by a bond for the faithful performance thereof as provided by law. 314.2 Interest in contract prohibited. No state or county official or employee, elective or appointive shall be directly or indirectly interested in any contract for the construction, reconstruction, improvement or maintenance of any highway, bridge or culvert, or the furnishing of materials therefor. The letting of a contract in violation of the foregoing provisions shall invalidate the contract and such violation shall be a complete defense to any action to recover any consideration due or earned under the contract at the time of its termination. [S13, §1527-s15; C24, §§4685, 4700; C27, 31, 35, §§4685, 4755-b10; C39, §§4685, 4686.14, 4755.10; C46, §§309.92, 310.14, 313.10; C50, §308A.11; C54, 58, 62, 66, 71, 73, §314.2]

314.3 Claims—approval and payment. All claims for construction, reconstruction, improvement, repair, or maintenance on any highway shall be itemized on voucher forms

prepared for that purpose, certified to by the claimants and by the engineer in charge, and then forwarded to the agency in control of that highway for final audit and approval. Claims payable from the farm-to-market road fund shall be approved by both the board of supervisors and the department. Upon approval by the department of vouchers which are payable from the farm-to-market road fund, or from the primary road fund, as the case may be, such vouchers shall be forwarded to the state comptroller, who shall draw warrants therefor and said warrants shall be paid by the treasurer of the state from the farm-to-market road fund or from the primary road fund, as the case may be.

If the engineer makes such certificate or a member of the agency approves such claim when said work has not been done in accordance with the plans and specifications, and said work be not promptly made good without additional cost, he shall be liable on his bond for the amount of such claim. [SS15, §1527-s10; C24, §§4653, 4702; C27, 31, 35, §§4653, 4755-b15; C39, §§4653, 4686.17, 4755.15; C46, §§309.59, 310.17, 313.15; C50, §308A.12; C54, 58, 62, 66, 71, 73, §314.3; 65GA, ch 1180, §§91, 92]

Amendment effective July 1, 1975

314.4 Partial payments. Partial payments may be made on highway contract work during the progress thereof, but no such partial payment shall be deemed final acceptance of the work nor a waiver of any defect therein. The approval of any claim by the agency in control of the work, or highway on which the work is located, may be evidenced by the signature of the chairman of said agency, or of a majority of the members of said agency, on the individual claims or on the abstract of a number of claims with the individual claims attached to said abstract. Amendment effective July 1, 1975

314.5 Extensions in certain cities. The agency in control of any secondary road or any primary road is authorized, subject to approval of the council, to eliminate danger at railroad crossings and to construct, reconstruct, improve, repair, and maintain any road or street which is an extension of such road within any city. Provided, that this authority shall not apply to the extensions of secondary roads located in cities over twenty-five hundred population, where the houses or business houses average less than two hundred feet apart.

The phrase "subject to the approval of the council" as it appears in this section, shall be construed as authorizing the council to consider said proposed improvement only in its relationship to municipal improvements such as sewers, water lines, establishing grades, change of established street grades, sidewalks

and other public improvements. The locations of such road extensions shall be determined by the agency in control of such road or road system. [C31, 35,§4644-c47; C39,§§4644.45, 4686.21; C46,§§309.45, 310.21; C50,§308A.14; C54, 58, 62, 66, 71, 73,§314.5; 65GA, ch 1087,§32, ch 1180,§92]

314.6 Highways along city limits. Whenever any public highway located along the corporate line of any city is an extension of a farm-to-market road, or of a primary road, it may be included in the farm-to-market road system or the primary road system, as the case may be, and may be constructed, reconstructed, improved, repaired, and maintained as a part of said road system. [C24, §4735; C27, 31, 35,§4755-b28; C39,§§4686.25, 4755.26; C46,§§310.25, 313.35; C50,§308A.15; C54, 58, 62, 66, 71, 73,§314.6; 65GA, ch 1087,§32]

314.7 Trees — ingress or egress — drainage. Officers, employees, and contractors in charge of improvement or maintenance work on any highway shall not cut down or injure any tree growing by the wayside which does not materially obstruct the highway, or tile drains, or interfere with the improvement or maintenance of the road, and which stands in front of any city lot, farmyard orchard or feed lot, or any ground reserved for any public use. Nor shall they destroy or injure reasonable ingress or egress to any property, or turn the natural drainage of the surface water to the injury of adjoining owners. It shall be their duty to use strict diligence in draining the surface water from the public road in its natural channel. To this end they may enter upon the adjoining lands for the purpose of removing from such natural channel obstructions that impede the flow of such water. [C24, 27,§4791; C31, 35,§4644-c46; C39,§4644.44; C46,§309.44; C50, §308A.16; C54, 58, 62, 66, 71, 73,§314.7; 65GA, ch 1087,§32]

Amendment effective July 1, 1975
See §§318.1, 318.2

314.8 Government markers preserved. Whenever it may become necessary in grading the highways to make a cut which will disturb, or fill which will cover up, a government or other established corner or land monument, it shall be the duty of the engineer to establish permanent witness corners or monuments, and make a record of the same, which shall show the distance and direction the witness corner is from the corner disturbed or covered up. When said construction work is completed the engineer shall permanently re-establish said corner or monument. A failure to perform said duties shall subject the engineer to a fine of not less than ten dollars nor more than fifty dollars to be collected on his bond. [S13,§1527-s7; C24, 27, 31, 35, 39,§4656; C46,§309.62; C50, §308A.17; C54, 58, 62, 66, 71, 73,§314.8]

314.9 Entering private land. The agency in control of any highway or highway system or the engineer, or any other authorized per-

son employed by said agency, may after thirty days' written notice by restricted certified mail addressed to the owner and also to the occupant, enter upon private land for the purpose of making surveys, soundings, drillings, appraisals and examinations as it deems appropriate or necessary to determine the advisability or practicability of locating and constructing a highway thereon or for the purpose of determining whether gravel or other material exists on said land of suitable quality and in sufficient quantity to warrant the purchase or condemnation of said land or part thereof. Such entry, after notice, shall not be deemed a trespass, and the agency may be aided by injunction to insure peaceful entry. The agency shall pay actual damages caused by such entry, surveys, soundings, drillings, appraisals or examinations.

Any damage caused by such entry, surveys, soundings, drillings, appraisals or examinations shall be determined by agreement or in the manner provided for the award of damages in condemnation of land for highway purposes. No such soundings or drillings shall be done within twenty rods of the dwelling house or buildings on said land without written consent of owner. 314.11 Use of bridges by utility companies. Telephone, telegraph, electric transmission and pipe lines may be permitted to use any highway bridge on or across a state line on such terms and conditions as the agency or officials jointly constructing, maintaining or operating such bridge may jointly determine. No discrimination shall be made in the use of such bridge as between such utilities. Joint use of telephone, telegraph, electric transmission or pipe lines may not be required. No grant to any public utility to use such bridge shall in any way interfere with the use of such bridge by the public for highway purposes. [S13, §424-e; C24, 27, 31, 35, 39,§4683; C46,§309.90; C50, §308A.20; C54, 58, 62, 66, 71, 73,§314.11; 65GA, ch 1180,§92]

316.2 Effect upon property acquisition.

1. The provisions of this chapter shall not affect the validity of any property acquisitions by purchase or condemnation.

2. Nothing in this chapter shall be construed as creating in any condemnation proceedings brought under the power of eminent domain, any element of value or of damage not in existence immediately prior to the date of this chapter.

3. In order to prevent unjust enrichment or a duplication of payments to any condemnee, the courts of this state, when determining just compensation in condemnation proceedings, shall not allow any damages which duplicate any of the benefits provided under the provisions of this chapter. [C71, §316.8; C73, §316.2]

316.3 Declaration of policy. The purpose of this chapter is to establish a uniform policy for the fair and equitable treatment of persons displaced as a result of state and federally assisted highway programs in order that such persons shall not suffer disproportionate injuries as a result of programs designed for the benefit of the public as a whole. The general assembly declares that replacement housing for persons displaced by highway projects is a necessary and essential part of such highway projects. This chapter shall be known and may be cited as the "Highway Relocation Assistance Law." [C73, §316.3]

316.4 Moving and related expenses.

1. Whenever the acquisition of real property for a program or project undertaken by the department will result in the displacement of any person, the department shall make a payment to any displaced person, upon proper application as approved by such department, for:

a. Actual reasonable expenses in moving himself, his family, business, farm operation, or other personal property;

b. Actual direct losses of tangible personal property as a result of moving or discontinuing a business or farm operation, but not to exceed an amount equal to the reasonable expenses that would have been required to relocate such property, as determined by the department; and

c. Actual reasonable expenses in searching for a replacement business or farm.

2. Any displaced person eligible for payments under subsection 1 who is displaced from a dwelling and who elects to accept the payments authorized by this subsection in lieu

of the payments authorized by subsection 1 may receive a moving expense allowance, determined according to a schedule established by the department not to exceed three hundred dollars; and a dislocation allowance of two hundred dollars.

3. Any displaced person eligible for payments under subsection 1 who is displaced from his place of business or from his farm operation and who elects to accept the payment authorized by this subsection in lieu of the payment authorized by subsection 1, may receive a fixed payment in an amount equal to the average annual net earnings of the business or farm operation, except that such payment shall be not less than two thousand five hundred dollars nor more than ten thousand dollars. In the case of a business, no payment shall be made under this subsection unless the department is satisfied that the business cannot be relocated without a substantial loss of its existing patronage, and is not a part of a commercial enterprise having at least one other establishment not being acquired for a highway project which is engaged in the same or similar business. For purposes of this subsection, the term "average annual net earnings" means one-half of any net earnings of the business or farm operation, before federal, state, and local income taxes, during the two taxable years immediately preceding the taxable year in which such business or farm operation moves from the real property acquired for such project, or during such other period as the department determines to be more equitable for establishing such earnings, and includes any compensation paid by the business or farm operation to the owner, his spouse, or his dependents during such period. Amendment effective July 1, 1975

316.5 Replacement housing for homeowner.

1. In addition to payments otherwise authorized by this chapter, the department shall make an additional payment not in excess of fifteen thousand dollars to any displaced person who is displaced from a dwelling actually owned and occupied by such displaced person for not less than one hundred eighty days prior to the initiation of negotiations for the acquisition of the property. Such additional payment shall include the following elements:

a. The amount, if any, which when added to the acquisition cost of the dwelling acquired by the department, equals the reasonable cost of a comparable replacement dwelling which is a decent, safe, and sanitary dwelling adequate to accommodate such displaced person, reasonably accessible to public services and places of employment and available on the private market. All determinations required to carry out this paragraph shall be made in accordance with departmental rules established by the department in making these additional payments.

b. The amount, if any, which will compensate such displaced person for any increased

interest costs which such person is required to pay for financing the acquisition of any such comparable replacement dwelling. Such amount shall be paid only if the dwelling acquired by the department was encumbered by a bona fide mortgage which was a valid lien on such dwelling for not less than one hundred and eighty days prior to the initiation of negotiations for the acquisition of such dwelling. Such amount shall be equal to the excess in the aggregate interest and other debt service costs of that amount of the principal of the mortgage on the replacement dwelling which is equal to the unpaid balance of the mortgage on the acquired dwelling, over the remainder term of the mortgage on the acquired dwelling, reduced to discounted present value. The discount rate shall be the prevailing interest rate paid on savings deposits by commercial banks in the general area in which the replacement dwelling is located.

c. Reasonable expenses incurred by such displaced person for evidence of title, recording fees, and other closing costs incident to the purchase of the replacement dwelling, but not including prepaid expenses.

2. The additional payment authorized by this section shall be made only to such a displaced person who purchases and occupies a replacement dwelling which is decent, safe, and sanitary not later than the end of the one-year period beginning on the date on which he receives from the department final payment of all costs of the acquired dwelling, or on the date on which he moves from the acquired dwelling, whichever is the later date. [C71, §§316.4(1), 316.5; C73, §316.5; 65GA, ch 1180, §94]

Amendment effective July 1, 1975

316.6 Replacement housing for tenants and certain others. In addition to amounts otherwise authorized by this chapter, the department shall make a payment to or for any displaced person displaced from any dwelling not eligible to receive a payment under section 316.5 which dwelling was actually and lawfully occupied by such displaced person for not less than ninety days prior to the initiation of negotiations for acquisition of such dwelling. Such payment shall be either:

1. The amount necessary to enable such displaced person to lease or rent for a period not to exceed four years, a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities, and reasonably accessible to his place of employment, but not to exceed four thousand dollars, or

2. The amount necessary to enable such person to make a down payment, including incidental expenses described in section 316.5, subsection 1, paragraph "c", on the purchase of a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and com-

mercial facilities, but not to exceed four thousand dollars, except that if such amount exceeds two thousand dollars, such person must equally match any such amount in excess of two thousand dollars, in making the down payment. [C71, §§316.4(2), 316.5; C73, §316.6; 65GA, ch 1180, §94]

Referred to in §472.42
Amendment effective July 1, 1975

316.7 Relocation assistance advisory services.

1. Whenever the acquisition of real property for a highway project undertaken by the department will result in the displacement of any person, the department shall provide a relocation assistance advisory program for displaced persons which shall offer the services described in subsection 3. If the department determines that any person occupying property immediately adjacent to the real property acquired is caused substantial economic injury because of the acquisition, he may offer such person relocation advisory services under such program.

2. The department shall co-operate to the maximum extent feasible with federal, state or local agencies to assure that such displaced persons receive the maximum assistance available to them.

3. Each relocation assistance advisory program required by subsection 1 shall include such measures, facilities, or services as may be necessary or appropriate in order to:

a. Determine the need, if any, of displaced persons, for relocation assistance;

b. Provide current and continuing information on the availability, prices, and rentals, of comparable decent, safe, and sanitary sales and rental housing, and of comparable commercial properties and locations for displaced businesses;

c. Assure that, within a reasonable period of time, prior to displacement there will be available in areas not generally less desirable in regard to public utilities and public and commercial facilities and at rents or prices within the financial means of the families and individuals displaced, decent, safe, and sanitary dwellings, as defined by the department, equal in number to the number of and available to such displaced persons who require such dwellings and reasonably accessible to their places of employment, except that the department may prescribe by departmental rules situations when such assurances may be waived;

d. Assist a displaced person displaced from his business or farm operation in obtaining and becoming established in a suitable replacement location;

e. Supply information concerning federal and state housing programs, and other federal or state programs offering assistance to displaced persons; and

f. Provide other advisory services to displaced persons in order to minimize hardships

to such persons in adjusting to relocation.

Referred to in §316.8

4. The department shall co-ordinate relocation activities with project work, and other planned or proposed governmental actions in the community or nearby areas which may affect the carrying out of relocation assistance programs. [C71,§316.2; C73,§316.7; 65GA, ch 1180,§94]

Referred to in §§316.1(2), 316.8
Amendment effective July 1, 1975

316.8 Housing replacement by department as last resort.

1. If a highway project cannot proceed to actual construction because comparable replacement sale or rental housing is not available, and the department determines that such housing cannot otherwise be made available, the department may take such action as is necessary or appropriate to provide such housing by use of funds authorized for such project. The department may let contracts for the construction of said housing to approve plans and specifications for the building thereof, and to supervise, inspect and approve the housing once constructed in order that the housing so constructed complies with the terms and conditions of this chapter.

2. No person shall be required to move from his dwelling on or after July 1, 1971, on account of any highway project, unless the department is satisfied that replacement housing, in accordance with section 316.7, subsection 3, paragraph "c", is available to such person. [C73,§316.8; 65GA, ch 1180,§94]

Referred to in §§316.13, 472.42
Amendment effective July 1, 1975

316.9 Rules adopted. The department shall make departmental rules and regulations necessary to effect the provisions of this chapter and to assure:

1. Compliance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, Public Law 91-646.

2. The payments authorized by this chapter are fair and reasonable and as uniform as practicable.

3. A displaced person who makes proper application for a payment authorized by this chapter is paid promptly after a move or, in hardship cases, is paid in advance.

4. Any person aggrieved by a determination as to eligibility for a payment authorized by this chapter, or the amount of a payment, may have his application reviewed by the department.

All rules shall be subject to the provisions of chapter 17A. [C71, 73,§316.9; 65GA, ch 1180,§94]

Amendment effective July 1, 1975

316.10 Applicable to other than federal-aid highways. The department or any political subdivision may provide all or a part of the programs and payments authorized under this chapter to persons displaced by any street or highway project which is financed in whole

or in part by the state or a political subdivision, which is not a federal-aid project, and which requires the purchase or condemnation of private property for public use. To the extent that a program or payment is provided under this section, it shall be provided on a uniform basis to all persons so displaced. The department shall make departmental rules and regulations to assure reasonable standards, which need not conform to federal rules and guidelines, for programs and payments provided under this section. [C71, 73,§316.10; 65GA, ch 1180,§94]

Referred to in §316.14
Amendment effective July 1, 1975

316.11 Acquisitions by other state agencies and political subdivisions. Whenever real property is acquired by a state agency or a political subdivision of the state incident to a federal project or program, the state agency or political subdivision is hereby authorized and shall make all payments and provide all services required by this chapter of the commission in order to secure the federal funds available for such project or program. 1. In the event the vehicle to be registered is a specially constructed, reconstructed, or foreign vehicle, such fact shall be stated in the application. A fee of two dollars shall be paid

by the person making such application upon issuance of a certificate of title by the county treasurer. With reference to every specially constructed or reconstructed motor vehicle subject to registration the application shall be accompanied by a statement from the department authorizing such motor vehicle to be titled and registered in this state. The department shall cause a physical inspection to be made of all specially constructed or reconstructed motor vehicles, upon application therefor by the owner thereof, to determine whether such motor vehicle is in a safe operating condition and that the integral component parts thereof are properly identified and that the rightful ownership is established before issuing such owner the authority to have the motor vehicle registered and titled as herein provided. If the department's inspection reveals that that vehicle may be safely operated only under certain conditions or on certain types of roadways, the department may restrict the registration to limit operation of the vehicle to the appropriate conditions or roadways. This subsection shall not apply to snowmo-

The department shall also install and maintain a file by motor number, or other identifying number of the vehicle, which shall contain a full description of the vehicle as described on the certificate of title and the name and address of the previous owner. If the owner or secured party is in possession of the certificate of title, it must also be delivered at this time in order to perfect the security interest. If a vehicle is subject to a security interest when brought into this state, the validity of the security interest and the date of perfection is determined by the Uniform Commercial Code, section 554.9103.

2. Upon receipt of the application and the required fee, the county treasurer shall notify the holder of the certificate of title to deliver to the county treasurer, within five days from the receipt of notice, the certificate of title to permit notation of the security interest. If the holder of the certificate of title shall fail to deliver it within the said five days, he shall be liable to anyone harmed by his failure.

3. Upon receipt of the application, the certificate of title, if any, and the required fee, the county treasurer shall note such security interest, and the date thereof, on the certificate over the signature of such officer or deputy and the seal of office. He shall also note such

security interest and the date thereof on the duplicate of same on file. On that day he shall notify the department on forms provided by the department, which shall note such security interests on the duplicate title in its file. The county treasurer shall then mail the certificate of title to the first secured party as shown thereon.

4. Any person collecting a fee from the owner of the vehicle for the purpose of perfecting a security interest in such vehicle who does not cause such security interest to be noted on the certificate of title by the county treasurer shall remit such fee to the department of revenue of this state.
