## PREFACE TO 2007 IOWA CODE SUPPLEMENT

This 2007 Iowa Code Supplement is published pursuant to Code chapter 2B. The Supplement includes sections of the laws of Iowa enacted, amended, repealed, or otherwise affected by the 2007 regular session of the Eighty-second Iowa General Assembly or by an earlier session if the effective date was deferred, arranged in the numerical sequence of the 2007 Iowa Code. The Supplement does not include temporary sections, such as appropriation sections, which are not to be codified.

**EFFECTIVE DATES.** Except as otherwise indicated in the text or in a footnote, the new Code sections, amendments, and repeals were effective on or before July 1, 2007. See the 2007 Iowa Acts to determine specific effective dates not shown.

**NOTES.** A source note following each new or amended Code section refers to the appropriate chapter and section number in the Iowa Acts where the new Code section or amendment can be found in the form it had upon passage. Repeals are indicated in the form used in the 2007 Code. A footnote may follow the source note or repeal. A footnote to an amended Code section usually refers only to the amended part and not necessarily to the entire Code section as printed. Many of the footnotes from the 2007 Code are not included but will be corrected as necessary and appear in the 2009 Code. Following the source note or footnote for a new or amended Code section is an explanatory note to indicate whether the section or a part of it is new or how it was changed.

**EDITORIAL DECISIONS.** If multiple amendments were enacted to a Code section or part of a Code section, all changes that were duplicative or otherwise did not appear to conflict were harmonized as required under sections 2B.13 and 4.11 of the Code. If multiple amendments conflicted, a strike or repeal prevailed over an amendment to the same material. If multiple amendments were irreconcilable, the amendment that was last or latest in date of enactment was codified as provided in section 2B.13 of the Code. At the end of this Supplement are Code editor's notes which explain the major editorial decisions. Section 2B.13 of the Code governs the ongoing revision of gender references, authorizes other editorial changes, and provides for the effective date of editorial changes.

**INDEX AND TABLES.** A subject matter index to new or amended Code sections, a table of the disposition of the 2007 Acts and any previous years' Acts codified in this Supplement, a table of corresponding sections from the 2007 Code to the 2007 Code Supplement, and conversion tables of 2007 Senate and House enactment numbers to Acts chapter numbers also appear at the end of this Supplement.

**RETENTION OF CODE SUPPLEMENT VOLUMES.** Users who maintain libraries of previous years' biennial hardbound Codes of Iowa should also retain the Iowa Code Supplement volumes, as the Code Supplements contain Code editor's notes, footnotes, and other aids which are not included in the subsequent hardbound Code.

Because the Iowa General Assembly meets annually, the Supplement also serves as the only record of the original codification of statutes effective in an odd-numbered year if those statutes are amended or repealed in the next even-numbered year.

## CHAPTER 6B

### PROCEDURE UNDER EMINENT DOMAIN

#### **6B.14 Appraisalment — report.**

1. The commissioners shall, at the time fixed in the aforesaid notices, view the land sought to be condemned and assess the damages which the

owner will sustain by reason of the appropriation. The commission shall file its written report, signed by all commissioners, with the sheriff. At the request of the condemner or the condemnee,

the commission shall divide the damages into parts to indicate the value of any dwelling, the value of the land and improvements other than a dwelling, and the value of any additional damages. The appraisal and return may be in parcels larger than forty acres belonging to one person and lying in one tract, unless the agent or attorney of the applicant, or the commissioners, have actual knowledge that the tract does not belong wholly to the person in whose name it appears of record; and in case of such knowledge, the appraisal shall be made of the different portions as they are known to be owned.

2. Prior to the meeting of the commission, the commission or a commissioner shall not communicate with the applicant, property owner, or tenant, or their agents, regarding the condemnation proceedings. The commissioners shall meet in open session to view the property and to receive evidence, but may deliberate in closed session. When deliberating in closed session, the meeting is closed to all persons who are not commissioners except for personnel from the sheriff's office if such personnel is requested by the commission. After deliberations commence, the commission and each commissioner is prohibited from communicating with any party to the proceeding. However, if the commission is deliberating in closed session, and after deliberations commence the commission requires further information from a party or a witness, the commission shall notify the property owner and the acquiring agency that they are allowed to attend the meeting at which such additional information shall be provided but only for that period of time during which the additional information is being provided. The property owner and the acquiring agency shall be given a reasonable opportunity to attend the meeting. The commission shall keep minutes of all its meetings showing the date, time, and place, the members present, and the action taken at each meeting.

The minutes shall show the results of each vote taken and information sufficient to indicate the vote of each member present. The vote of each member present shall be made public at the open session. The minutes shall be public records open to public inspection.

3. In determining fair market value of property, the commissioners shall not consider only the assessed value assigned to such property for purposes of property taxation.

4. In assessing the damages the owner or tenant will sustain, the commissioners shall consider and make allowance for personal property which is damaged or destroyed or reduced in value.

5. An owner or tenant occupying land which is proposed to be acquired by condemnation shall be awarded a sum sufficient to remove such owner's or tenant's personal property from the land to be acquired, which sum shall represent reasonable costs of moving the personal property from the land to be acquired to a point no greater than fifty miles; but in any event, damages awarded under this section for moving shall not exceed five thousand dollars for each owner or tenant occupying land proposed to be condemned. An owner or tenant may apply for an award pursuant to this section only if all other damages provided by law have been awarded and such amount awarded is insufficient to pay the owner's or tenant's reasonable costs of moving.

2007 Acts, ch 22, §1

2006 amendment to subsection 2 takes effect January 1, 2007; 2006 enactment of subsection 3 takes effect July 14, 2006, and applies to applications for condemnation filed pursuant to §6B.3 on or after that date; 2006 Acts, 1st Ex, ch 1001, §49

Unnumbered paragraph 1 editorially designated as subsection 1 and former unnumbered paragraph 2 amended and editorially designated as subsection 2

### 8.57 Annual appropriations — reduction of GAAP deficit — rebuild Iowa infrastructure fund.

1. a. The "cash reserve goal percentage" for fiscal years beginning on or after July 1, 2004, is seven and one-half percent of the adjusted revenue estimate. For each fiscal year in which the appropriation of the surplus existing in the general fund of the state at the conclusion of the prior fiscal year pursuant to paragraph "b" was not sufficient for the cash reserve fund to reach the cash reserve goal percentage for the current fiscal year, there is appropriated from the general fund of the state an amount to be determined as follows:

(1) If the balance of the cash reserve fund in the current fiscal year is not more than six and one-half percent of the adjusted revenue estimate for the current fiscal year, the amount of the appropriation under this lettered paragraph is one percent of the adjusted revenue estimate for the current fiscal year.

(2) If the balance of the cash reserve fund in the current fiscal year is more than six and one-half percent but less than seven and one-half percent of the adjusted revenue estimate for that fiscal year, the amount of the appropriation under this lettered paragraph is the amount necessary for the cash reserve fund to reach seven and one-half percent of the adjusted revenue estimate for the current fiscal year.

(3) The moneys appropriated under this lettered paragraph shall be credited in equal and proportionate amounts in each quarter of the current fiscal year.

b. The surplus existing in the general fund of the state at the conclusion of the fiscal year is appropriated for distribution in the succeeding fiscal year as provided in subsections 3 and 4. Moneys credited to the cash reserve fund from the appropriation made in this paragraph shall not exceed the amount necessary for the cash reserve fund to reach the cash reserve goal percentage for the succeeding fiscal year. As used in this paragraph, “surplus” means the excess of revenues and other financing sources over expenditures and other financing uses for the general fund of the state in a fiscal year.

c. The amount appropriated in this section is not subject to the provisions of section 8.31, relating to requisitions and allotment, or to section 8.32, relating to conditional availability of appropriations.

2. a. There is appropriated from the surplus existing in the general fund of the state at the conclusion of the fiscal year beginning July 1, 2005, and ending June 30, 2006, and at the conclusion of each succeeding fiscal year for distribution to the senior living trust fund, an amount equal to one percent of the adjusted revenue estimate for the current fiscal year. However, if the amount of the surplus existing in the general fund of the state at the conclusion of a fiscal year is less than two percent of the adjusted revenue estimate for that fiscal year, the amount of the appropriation made in this paragraph shall be equal to fifty percent of the surplus amount. The appropriation made in this paragraph shall be distributed to the senior living trust fund in the succeeding fiscal year. For the purposes of this subsection, “surplus” means the same as defined in subsection 1, paragraph “b”.

b. The appropriation made in paragraph “a” shall be made before the appropriations are made pursuant to subsections 1, 3, and 4, of the surplus existing in the general fund of the state at the conclusion of the fiscal year beginning July 1, 2005,

and ending June 30, 2006, and each succeeding fiscal year.

c. The appropriation made in paragraph “a” shall continue until the aggregate amount of the appropriations made, reverted, or transferred to the senior living trust fund for all fiscal years beginning on or after July 1, 2004, pursuant to paragraph “a” of this subsection, section 8.55, subsection 2, paragraph “b”, and any other law providing for an appropriation or reversion or transfer of an appropriation to the senior living trust fund is equal to three hundred million dollars.

d. This subsection and section 8.55, subsection 2, paragraph “b”, are repealed when the aggregate amount specified in paragraph “c” has been distributed, appropriated, reverted, or transferred to the senior living trust fund. The director of the department of management shall notify the Iowa Code editor when the aggregate amount has been distributed, appropriated, reverted, or transferred.

3. Moneys appropriated under subsection 1 shall be first credited to the cash reserve fund. To the extent that moneys appropriated under subsection 1 would make the moneys in the cash reserve fund exceed the cash reserve goal percentage of the adjusted revenue estimate for the fiscal year, the moneys are appropriated to the department of management to be spent for the purpose of eliminating Iowa’s GAAP deficit, including the payment of items budgeted in a subsequent fiscal year which under generally accepted accounting principles should be budgeted in the current fiscal year. These moneys shall be deposited into a GAAP deficit reduction account established within the department of management. The department of management shall annually file with both houses of the general assembly at the time of the submission of the governor’s budget, a schedule of the items for which moneys appropriated under this subsection for the purpose of eliminating Iowa’s GAAP deficit, including the payment of items budgeted in a subsequent fiscal year which under generally accepted accounting principles should be budgeted in the current fiscal year, shall be spent. The schedule shall indicate the fiscal year in which the spending for an item is to take place and shall incorporate the items detailed in 1994 Iowa Acts, chapter 1181, section 17. The schedule shall list each item of expenditure and the estimated dollar amount of moneys to be spent on that item for the fiscal year. The department of management may submit during a regular legislative session an amended schedule for legislative consideration. If moneys appropriated under this subsection are not enough to pay for all listed expenditures, the department of management shall distribute the payments among the listed expenditure items. Moneys appropriated to the department of management under this subsection shall not be spent on items other than those included in

the filed schedule. On September 1 following the close of a fiscal year, moneys in the GAAP deficit reduction account which remain unexpended for items on the filed schedule for the previous fiscal year shall be credited to the Iowa economic emergency fund.

4. To the extent that moneys appropriated under subsection 1 exceed the amounts necessary for the cash reserve fund to reach its maximum balance and the amounts necessary to eliminate Iowa's GAAP deficit, including elimination of the making of any appropriation in an incorrect fiscal year, the moneys shall be appropriated to the Iowa economic emergency fund.

5. As used in this section, "GAAP" means generally accepted accounting principles as established by the governmental accounting standards board.

6. *a.* A rebuild Iowa infrastructure fund is created under the authority of the department of management. The fund shall consist of appropriations made to the fund and transfers of interest, earnings, and moneys from other funds as provided by law. The fund shall be separate from the general fund of the state and the balance in the fund shall not be considered part of the balance of the general fund of the state. However, the fund shall be considered a special account for the purposes of section 8.53, relating to generally accepted accounting principles.

*b.* Moneys in the infrastructure fund are not subject to section 8.33. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys in the infrastructure fund shall be credited to the infrastructure fund. Moneys in the infrastructure fund may be used for cash flow purposes during a fiscal year provided that any moneys so allocated are returned to the infrastructure fund by the end of that fiscal year.

*c.* Moneys in the fund in a fiscal year shall be used as directed by the general assembly for public vertical infrastructure projects. For the purposes of this subsection, "vertical infrastructure" includes only land acquisition and construction, major renovation and major repair of buildings, all appurtenant structures, utilities, site development, and recreational trails. "Vertical infrastructure" does not include routine, recurring maintenance or operational expenses or leasing of a building, appurtenant structure, or utility without a lease-purchase agreement. However, appropriations may be made for the fiscal years beginning July 1, 1997, and July 1, 1998, for the purpose of funding the completion of Part III of the Iowa communications network.

*d.* The general assembly may provide that all or part of the moneys deposited in the GAAP deficit reduction account created in this section shall be transferred to the infrastructure fund in lieu of appropriation of the moneys to the Iowa economic emergency fund.

*e.* Notwithstanding provisions to the contrary

in sections 99D.17 and 99F.11, for the fiscal year beginning July 1, 2000, and for each fiscal year thereafter, not more than a total of sixty million dollars shall be deposited in the general fund of the state in any fiscal year pursuant to sections 99D.17 and 99F.11. The next fifteen million dollars of the moneys directed to be deposited in the general fund of the state in a fiscal year pursuant to sections 99D.17 and 99F.11 shall be deposited in the vision Iowa fund created in section 12.72 for the fiscal year beginning July 1, 2000, and for each fiscal year through the fiscal year beginning July 1, 2019. The next five million dollars of the moneys directed to be deposited in the general fund of the state in a fiscal year pursuant to sections 99D.17 and 99F.11 shall be deposited in the school infrastructure fund created in section 12.82 for the fiscal year beginning July 1, 2000, and for each fiscal year thereafter until the principal and interest on all bonds issued by the treasurer of state pursuant to section 12.81 are paid, as determined by the treasurer of state. The total moneys in excess of the moneys deposited in the general fund of the state, the vision Iowa fund, and the school infrastructure fund in a fiscal year shall be deposited in the rebuild Iowa infrastructure fund and shall be used as provided in this section, notwithstanding section 8.60.

If the total amount of moneys directed to be deposited in the general fund of the state under sections 99D.17 and 99F.11 in a fiscal year is less than the total amount of moneys directed to be deposited in the vision Iowa fund and the school infrastructure fund in the fiscal year pursuant to this paragraph "e", the difference shall be paid from lottery revenues in the manner provided in section 99G.39, subsection 3.

*f.* There is appropriated from the rebuild Iowa infrastructure fund to the secure an advanced vision for education fund created in section 423E.4, for each fiscal year of the fiscal period beginning July 1, 2004, and ending June 30, 2014, the amount of the moneys in excess of the first forty-seven million dollars credited to the rebuild Iowa infrastructure fund during the fiscal year, not to exceed ten million dollars.

*g.* Notwithstanding any other provision to the contrary, and prior to the appropriation of moneys from the rebuild Iowa infrastructure fund pursuant to paragraph "c", and section 8.57A, subsection 4, moneys shall first be appropriated from the rebuild Iowa infrastructure fund to the vertical infrastructure fund as provided in section 8.57B, subsection 4.

*h.* Annually, on or before January 15 of each year, a state agency that received an appropriation from the rebuild Iowa infrastructure fund shall report to the legislative services agency and the department of management the status of all projects completed or in progress. The report shall include a description of the project, the progress of work completed, the total estimated cost of the

project, a list of all revenue sources being used to fund the project, the amount of funds expended, the amount of funds obligated, and the date the project was completed or an estimated completion date of the project, where applicable.

**8A.311 Competitive bidding — preferences — reciprocal application — direct purchasing.**

The director shall adopt rules establishing competitive bidding procedures.

1. *a.* All equipment, supplies, or services procured by the department shall be purchased by a competitive bidding procedure as established by rule. However, the director may exempt by rule purchases of noncompetitive items and purchases in lots or quantities too small to be effectively purchased by competitive bidding. Preference shall be given to purchasing Iowa products and purchases from Iowa-based businesses if the Iowa-based business bids submitted are comparable in price to bids submitted by out-of-state businesses and otherwise meet the required specifications. If the laws of another state mandate a percentage preference for businesses or products from that state and the effect of the preference is that bids of Iowa businesses or products that are otherwise low and responsive are not selected in the other state, the same percentage preference shall be applied to Iowa businesses and products when businesses or products from that other state are bid to supply Iowa requirements.

*b.* The department and each state agency shall provide notice in an electronic format available to the public of every competitive bidding opportunity offered by the department or the state agency as provided in section 73.2, subsection 2. The department may establish by rule requirements relating to such notice. A competitive bidding opportunity that is not preceded by a notice that satisfies the requirements of this paragraph is void and shall be rebid. A request for proposals for architectural or engineering services may be posted electronically by a department or state agency.

2. Notwithstanding section 72.3, if the competitive bidding procedure used by the department involves the use of a reverse auction or similar competitive bidding procedure requiring the disclosure of bid information submitted by vendors, the department shall disclose the bid information as necessary and appropriate.

3. The director may also exempt the purchase of an item or service from a competitive bidding procedure when the director determines that the best interests of the state will be served by the exemption which shall be based on one of the following:

*a.* An immediate or emergency need existing for the item or service.

*b.* A need to protect the health, safety, or welfare of persons occupying or visiting a public improvement or property located adjacent to the public improvement.

4. *a.* The director may contract for the purchase of items or services by the department. Contracts for the purchase of items or services shall be awarded on the basis of the lowest competent bid.

Contracts not based on competitive bidding shall be awarded on the basis of bidder competence and reasonable price.

*b.* Architectural and engineering services shall be procured in a reasonable manner, as the director by rule may determine, on the basis of competence and qualification for the type of services required and for a fair and reasonable price.

5. The director may enter into a cooperative procurement agreement with another governmental entity relating to the procurement of goods or services, whether the goods or services are for the use of the department or other governmental entities. The cooperative procurement agreement shall clearly specify the purpose of the agreement and the method by which that purpose will be accomplished. Any power exercised under the agreement shall not exceed the power granted to any party to the agreement.

6. The director may refuse all bids on any item or service and request new bids.

7. The director shall establish by rule the amount of security, if any, to accompany a bid or as a condition precedent to the awarding of any contract and the circumstances under which a security will be returned to the bidder or forfeited to the state.

8. The director shall adopt rules providing a method for the various state agencies to file with the department a list of those supplies, equipment, machines, and all items needed to properly perform their governmental duties and functions.

9. The director shall furnish a list of specifications, prices, and discounts of contract items to any governmental subdivision which shall be responsible for payment to the vendor under the terms and conditions outlined in the state contract.

10. The director shall adopt rules providing that any state agency may, upon request, purchase directly from a vendor if the direct purchasing is as economical or more economical than purchasing through the department, or upon a showing that direct purchasing by the state agency would be in the best interests of the state due to an immediate or emergency need. The rules shall include a provision permitting a state agency to purchase directly from a vendor, on the agency's own authority, if the purchase will not exceed ten thousand dollars and the purchase will contribute to the agency complying with or exceeding the targeted small business procurement goals under sections 73.15 through 73.21.

Any member of the executive council may bring before the executive council for review a decision of the director granting a state agency request for direct purchasing. The executive council shall hear and review the director's decision in the same manner as an appeal filed by an aggrieved bidder, except that the three-day period for filing for review shall not apply.

11. *a.* When the estimated total cost of construction, erection, demolition, alteration, or repair of a public improvement exceeds the competitive bid threshold in section 26.3, or as established in section 314.1B, the department shall comply with chapter 26.

*b.* In awarding a contract under this subsection, the department shall let the work to the lowest responsible bidder submitting a sealed proposal. However, if the department considers the bids received not to be acceptable, all bids may be rejected and new bids requested. A bid shall be accompanied by a certified or cashier's check or bid bond in an amount designated in the advertisement for bids as security that the bidder will enter into a contract for the work requested. The department shall establish the bid security in an amount equal to at least five percent, but not more than ten percent of the estimated total cost of the work. The certified or cashier's checks or bid bonds of unsuccessful bidders shall be returned as soon as the successful bidder is determined. The certified or cashier's check or bid bond of the successful bidder shall be returned upon execution of the contract. This subsection does not apply to the construction, erection, demolition, alteration, or repair of a public improvement when the contracting procedure for the work requested is otherwise provided for in law.

12. The state and its political subdivisions shall give preference to purchasing Iowa products and purchasing from Iowa-based businesses if the bids submitted are comparable in price to those submitted by other bidders and meet the required specifications.

13. The director shall adopt rules which require that each bid received for the purchase of items purchased by the department includes a product content statement which provides the percentage of the content of the item which is reclaimed material.

14. The director shall review and, where necessary, revise specifications used by state agencies to procure products in order to ensure all of the following:

*a.* The procurement of products containing recovered materials, including but not limited to lubricating oils, retread tires, building insulation materials, and recovered materials from waste tires. The specifications shall be revised if they restrict the use of alternative materials, exclude recovered materials, or require performance standards which exclude products containing recovered materials unless the agency seeking the product can document that the use of recovered materials will hamper the intended use of the product.

*b.* The procurement by state agencies of bio-based hydraulic fluids, greases, and other industrial lubricants manufactured from soybeans in accordance with the requirements of section 8A.316.

15. A bidder awarded a state construction contract shall disclose the names of all subcontractors, who will work on the project being bid, within forty-eight hours after the award of the contract.

If a subcontractor named by a bidder awarded a state construction contract is replaced, or if the cost of work to be done by a subcontractor is reduced, the bidder shall disclose the name of the new subcontractor or the amount of the reduced cost.

16. A state agency shall make every effort to purchase those products produced for sale by sheltered workshops, work activity centers, and other special programs funded in whole or in part by public moneys that employ persons with mental retardation or other developmental disabilities or mental illness if the products meet the required specifications.

17. A state agency shall make every effort to purchase products produced for sale by employers of persons in supported employment.

18. The department shall not award a contract to a bidder for a construction, reconstruction, demolition, or repair project or improvement with an estimated cost that exceeds twenty-five thousand dollars in which the bid requires the use of inmate labor supplied by the department of corrections, but not employed by private industry pursuant to section 904.809, to perform the project or improvement.

19. Life cycle cost and energy efficiency shall be included in the criteria used by the department, institutions under the control of the state board of regents, the state department of transportation, the department for the blind, and other state agencies in developing standards and specifications for purchasing energy-consuming products. For purposes of this subsection, the life cycle costs of American motor vehicles shall be reduced by five percent in order to determine if the motor vehicle is comparable to foreign-made motor vehicles. "*American motor vehicles*" includes those vehicles manufactured in this state and those vehicles in which at least seventy percent of the value of the motor vehicle was manufactured in the United States or Canada and at least fifty percent of the motor vehicle sales of the manufacturer are in the United States or Canada. In determining the life cycle costs of a motor vehicle, the costs shall be determined on the basis of the bid price, the resale value, and the operating costs based upon a useable life of five years or seventy-five thousand miles, whichever occurs first.

20. Preference shall be given to purchasing American-made products and purchases from American-based businesses if the life cycle costs are comparable to those products of foreign businesses and which most adequately fulfill the department's need.

21. *a.* The director may authorize the procurement of goods and services in which a contractual limitation of vendor liability is provided for

and set forth in the documents initiating the procurement. The director, in consultation with the department of management, shall adopt rules setting forth the circumstances in which such procurement will be permitted and what types of contractual limitations of liability are permitted. Rules adopted by the director shall establish criteria to be considered in making a determination of whether to permit a contractual limitation of vendor liability with regard to any procurement of goods and services. The criteria, at a minimum, shall include all of the following:

(1) Whether authorizing a contractual limitation of vendor liability is necessary to prevent harm to the state from a failure to obtain the goods or services sought, or from obtaining the goods or services at a higher price if the state refuses to allow a contractual limitation of vendor liability.

(2) Whether the contractual limitation of vendor liability is commercially reasonable when taking into account any risk to the state created by the goods or services to be procured and the purpose for which they will be used.

b. Notwithstanding paragraph “a”, a contractual limitation of vendor liability shall not include any limitation on the liability of any vendor for intentional torts, criminal acts, or fraudulent conduct.

c. The rules shall provide for the negotiation of a contractual limitation of vendor liability consistent with the requirements of this section and any other requirements of the department as provided in any related documents associated with a procurement of goods and services.

22. a. The state, through the department, shall give a preference to purchasing equipment, supplies, or services from or awarding public improvement contracts pursuant to subsection 11 to an Iowa-based business as provided under paragraph “b”, as appropriate, if the bid submitted is comparable in price to those submitted by other bidders and meets the required specifications. However, before giving the preference, the department shall confirm with the Iowa employer support of the guard and reserve committee that the requirements of paragraph “b” have been met by the Iowa-based business.

b. To receive a preference as provided by this subsection, the Iowa-based business employer shall have adopted policies beyond those otherwise required by law to support employees who are officers or enlisted persons in the national guard and organized reserves of the armed forces of the United States consistent with standards adopted by the Iowa employer support of the guard and reserve committee. To be eligible for such preference, an employer shall submit to the committee a copy of the applicable policies adopted by the employer and shall sign and submit to the committee a statement of support of persons in the employ of the employer who serve in the national guard and the reserves, recognizing the vital role of the na-

tional guard and the reserves, and pledging all of the following:

(1) To neither deny employment nor limit or reduce job opportunities because of an employee’s service in the national guard or organized reserves of the armed forces of the United States.

(2) To grant leaves of absence during a period of military duty or training.

(3) To ensure that all employees are aware of the employer’s policies and the requirements of section 29A.43.

In managing the physical resources of government, the director shall perform all of the following duties:

1. Provide for supervision over the custodians and other employees of the department in and about the state laboratories facility in Ankeny and in and about the capitol and other state buildings at the seat of government, except the buildings and grounds referred to in section 216B.3, subsection 6.

2. Institute, in the name of the state, and with the advice and consent of the attorney general, civil and criminal proceedings against any person for injury or threatened injury to any public property, including but not limited to intangible and intellectual property, under the person’s control.

3. Under the direction of the governor, provide, furnish, and pay for public utilities service, heat, maintenance, minor repairs, and equipment in operating and maintaining the official residence of the governor of Iowa.

4. Contract, with the approval of the executive council, for the repair, remodeling, or, if the condition warrants, demolition of all buildings and grounds of the state at the seat of government, at the state laboratories facility in Ankeny, and the institutions of the department of human services and the department of corrections for which no specific appropriation has been made, if the cost of repair, remodeling, or demolition will not exceed one hundred thousand dollars when completed. The cost of repair projects for which no specific appropriation has been made shall be paid from the fund provided in section 7D.29.

5. Dispose of all personal property of the state under the director’s control as provided by section 8A.324 when it becomes unnecessary or unfit for further use by the state. If the director concludes that the personal property is contaminated, contains hazardous waste, or is hazardous waste, the director may charge the state agency responsible for the property for removal and disposal of the personal property. The director shall adopt rules

establishing the procedures for inspecting, selecting, and removing personal property from state agencies or from state storage.

6. *a.* Lease all buildings and office space necessary to carry out the provisions of this subchapter or necessary for the proper functioning of any state agency at the seat of government. For state agencies at the seat of government, the director may lease buildings and office space in Polk county or in a county contiguous to Polk county. If no specific appropriation has been made, the proposed lease shall be submitted to the executive council for approval. The cost of any lease for which no specific appropriation has been made shall be paid from the fund provided in section 7D.29.

*b.* When the general assembly is not in session, the director may request moneys from the executive council for moving state agencies located at the seat of government from one location to another. The request may include moving costs, telecommunications costs, repair costs, or any other costs relating to the move. The executive council may approve and shall pay the costs from funds provided in section 7D.29 if it determines the agency or department has no available funds for these expenses.

*c.* Coordinate the leasing of buildings and office space by state agencies throughout the state and develop cooperative relationships with the state board of regents in order to promote the colocation of state agencies.

7. Unless otherwise provided by law, coordinate the location, design, plans and specifications, construction, and ultimate use of the real or personal property to be purchased by a state agency for whose benefit and use the property is being obtained. If the purchase of real or personal property is to be financed pursuant to section 12.28, the department shall cooperate with the treasurer of state in providing the information necessary to complete the financing of the property.

A contract for acquisition, construction, erection, demolition, alteration, or repair by a private person of real or personal property to be lease-purchased by the treasurer of state pursuant to section 12.28 is exempt from section 8A.311, subsections 1 and 11, unless the lease-purchase contract is funded in advance by a deposit of the lessor's moneys to be administered by the treasurer of state under a lease-purchase contract which requires rent payments to commence upon delivery of the lessor's moneys to the lessee.

8. With the authorization of a constitutional majority of each house of the general assembly and approval by the governor, dispose of real property belonging to the state and its state agencies upon terms, conditions, and consideration as the director may recommend. If real property subject to sale under this subsection has been purchased or acquired from appropriated funds, the proceeds of

the sale shall be deposited with the treasurer of state and credited to the general fund of the state or other fund from which appropriated. There is appropriated from that same fund, with the prior approval of the executive council and in cooperation with the director, a sum equal to the proceeds so deposited and credited to the state agency to which the disposed real property belonged or by which it was used, for purposes of the state agency.

9. With the approval of the executive council pursuant to section 7D.29 or pursuant to other authority granted by law, acquire real property to be held by the department in the name of the state as follows:

*a.* By purchase, lease, option, gift, grant, bequest, devise, or otherwise.

*b.* By exchange of real property belonging to the state for property belonging to another person.

10. Subject to the selection procedures of section 12.30, employ financial consultants, banks, insurers, underwriters, accountants, attorneys, and other advisors or consultants necessary to implement the provisions of subsection 7.

11. Prepare annual status reports for all capital projects in progress of the department, and submit the status reports to the legislative services agency and the department of management on or before January 15 of each year.

12. In carrying out the requirements of section 64.6, purchase an individual or a blanket surety bond insuring the fidelity of state officers. The department may self-assume or self-insure fidelity exposures for state officials and employees. A state official is deemed to have furnished surety if the official has been covered by a program of insurance or self-insurance established by the department. To the extent possible, all bonded state employees shall be covered under one or more blanket bonds or position schedule bonds.

13. Review the management of state property loss exposures and state liability risk exposures for the capitol complex. Insurance coverage may include self-insurance or any type of insurance protection sold by insurers, including, but not limited to, full coverage, partial coverage, coinsurance, reinsurance, and deductible insurance coverage.

14. Establish a monument maintenance account in the state treasury under the control of the department. Funds for the maintenance of a state monument, whether received by gift, devise, bequest, or otherwise, shall be deposited in the account. Funds in the account shall be deposited in an interest-bearing account. Notwithstanding section 12C.7, interest earned on the account shall be deposited in the account and shall be used to maintain the designated monument. Any maintenance funds for a state monument held by the state and interest earned on the funds shall be used to maintain the designated monument. Notwithstanding section 8.33, funds in the monument

**8A.362 Fleet management — powers and duties — fuel economy requirements.**

1. The director may provide for the assignment to a state officer or employee or to a state agency, of one or more motor vehicles which may be required by the state officer or employee or state agency, after the state officer or employee or state agency has shown the necessity for such transportation. The director may assign a motor vehicle either for part-time or full-time use. The director may revoke the assignment at any time.

2. The director may cause all state-owned motor vehicles to be inspected periodically. Whenever the inspection reveals that repairs have been improperly made on the motor vehicle or that the operator is not giving the motor vehicle the proper care, the director shall report this fact to the head of the state agency to which the motor vehicle has been assigned, together with recommendation for improvement.

3. *a.* The director shall provide for a record system for the keeping of records of the total number of miles state-owned motor vehicles are driven and the per-mile cost of operation of each motor vehicle. Every state officer or employee shall keep a record book to be furnished by the director in which the officer or employee shall enter all purchases of gasoline, lubricating oil, grease, and other incidental expense in the operation of the motor vehicle assigned to the officer or employee, giving the quantity and price of each purchase, including the cost and nature of all repairs on the motor vehicle. Each operator of a state-owned motor vehicle shall promptly prepare a report at the end of each month on forms furnished by the director and forwarded to the director, giving the information the director may request in the report. Each month, the director shall compile the costs and mileage of state-owned motor vehicles from the reports and keep a cost history for each motor vehicle and the costs shall be reduced to a cost-per-mile basis for each motor vehicle. The director shall call to the attention of an elected official or the head of any state agency to which a motor vehicle has been assigned any evidence of the mishandling or misuse of a state-owned motor vehicle which is called to the director's attention.

*b.* A motor vehicle operated under this subsection shall not operate on gasoline other than ethanol blended gasoline as defined in section 214A.1, unless under emergency circumstances. A state-

issued credit card used to purchase gasoline shall not be valid to purchase gasoline other than ethanol blended gasoline, if commercially available. The motor vehicle shall also be affixed with a brightly visible sticker which notifies the traveling public that the motor vehicle is being operated on ethanol blended gasoline. However, the sticker is not required to be affixed to an unmarked vehicle used for purposes of providing law enforcement or security.

4. *a.* The director shall provide for the purchase of all motor vehicles for all branches of the state government, except the state department of transportation, institutions under the control of the state board of regents, the department for the blind, and any other state agency exempted by law. The director shall purchase new vehicles in accordance with competitive bidding procedures for items or services as provided in this subchapter. The director may purchase used or preowned vehicles at governmental or dealer auctions if the purchase is determined to be in the best interests of the state.

*b.* The director, and any other state agency, which for purposes of this subsection includes but is not limited to community colleges and institutions under the control of the state board of regents, or local governmental subdivisions purchasing new motor vehicles, shall purchase new passenger vehicles and light trucks so that the average fuel efficiency for the fleet of new passenger vehicles and light trucks purchased in that year equals or exceeds the average fuel economy standard for the vehicles' model year as established by the United States secretary of transportation under 15 U.S.C. § 2002. This paragraph does not apply to vehicles purchased for law enforcement purposes or used for off-road maintenance work, or work vehicles used to pull loaded trailers.

*c.* Not later than June 15 of each year, the director shall report compliance with the corporate average fuel economy standards published by the United States secretary of transportation for new motor vehicles, other than motor vehicles purchased by the state department of transportation, institutions under the control of the state board of regents, the department for the blind, and any other state agency exempted from the requirements of this subsection. The report of compliance shall classify the vehicles purchased for the current vehicle model year using the following categories: passenger automobiles, enforcement automobiles, vans, and light trucks. The director shall deliver a copy of the report to the department of natural resources. As used in this paragraph, "corporate average fuel economy" means the corporate average fuel economy as defined in 49 C.F.R. § 533.5.

*d.* The director shall assign motor vehicles available for use to maximize the average passenger miles per gallon of motor fuel consumed. In as-

signing motor vehicles, the director shall consider standards established by the director, which may include but are not limited to the number of passengers traveling to a destination, the fuel economy of and passenger capacity of vehicles available for assignment, and any other relevant information, to assure assignment of the most energy-efficient vehicle or combination of vehicles for a trip from those vehicles available for assignment. The standards shall not apply to special work vehicles and law enforcement vehicles. The standards shall apply to the following agencies:

- (1) State department of transportation.
- (2) Institutions under the control of the state board of regents.
- (3) Department for the blind.
- (4) Any other state agency exempted from obtaining vehicles for use through the department.

*e.* As used in paragraph “d”, “*fuel economy*” means the average number of miles traveled by an automobile per gallon of gasoline consumed as determined by the United States environmental protection agency administrator in accordance with 26 U.S.C. § 4064(c).

5. *a.* Of all new passenger vehicles and light pickup trucks purchased by the director, a minimum of ten percent of all such vehicles and trucks purchased shall be equipped with engines which utilize alternative methods of propulsion including but not limited to any of the following:

- (1) A flexible fuel, which is any of the following:
  - (a) E-85 gasoline as provided in section 214A.2.
  - (b) B-20 biodiesel blended fuel as provided in section 214A.2.
  - (c) A renewable fuel approved by the office of renewable fuels and coproducts pursuant to section 159A.3.
- (2) Compressed or liquefied natural gas.
- (3) Propane gas.
- (4) Solar energy.
- (5) Electricity.

*b.* This subsection does not apply to vehicles and trucks purchased and directly used for law enforcement or purchased and used for off-road maintenance work or to pull loaded trailers.

6. All used motor vehicles turned in to the director shall be disposed of by public auction, and the sales shall be advertised in a newspaper of general circulation one week in advance of sale, and the receipts from the sale shall be deposited in the depreciation fund to the credit of the state agency turning in the vehicle; except that, in the case of a used motor vehicle of special design, the director may, instead of selling it at public auction, authorize the motor vehicle to be traded for another vehicle of similar design. If a vehicle sustains damage and the cost to repair exceeds the wholesale value of the vehicle, the director may dispose

of the motor vehicle by obtaining two or more written salvage bids and the vehicle shall be sold to the highest responsible bidder.

7. The director may authorize the establishment of motor pools consisting of a number of state-owned motor vehicles under the director’s supervision. The director may store the motor vehicles in a public or private garage. If the director establishes a motor pool, any state officer or employee desiring the use of a state-owned motor vehicle on state business shall notify the director of the need for a vehicle within a reasonable time prior to actual use of the motor vehicle. The director may assign a motor vehicle from the motor pool to the state officer or employee. If two or more state officers or employees desire the use of a state-owned motor vehicle for a trip to the same destination for the same length of time, the director may assign one vehicle to make the trip.

8. The director shall require that a sign be placed on each state-owned motor vehicle in a conspicuous place which indicates its ownership by the state. This requirement shall not apply to motor vehicles requested to be exempt by the director or by the commissioner of public safety. All state-owned motor vehicles shall display registration plates bearing the word “official” except motor vehicles requested to be furnished with ordinary plates by the director or by the commissioner of public safety pursuant to section 321.19. The director shall keep an accurate record of the registration plates used on all state-owned motor vehicles.

9. All fuel used in state-owned automobiles shall be purchased at cost from the various installations or garages of the state department of transportation, state board of regents, department of human services, or state motor pools throughout the state, unless the state-owned sources for the purchase of fuel are not reasonably accessible. If the director determines that state-owned sources for the purchase of fuel are not reasonably accessible, the director shall authorize the purchase of fuel from other sources. The director may prescribe a manner, other than the use of the revolving fund, in which the purchase of fuel from state-owned sources is charged to the state agency responsible for the use of the motor vehicle. The director shall prescribe the manner in which oil and other normal motor vehicle maintenance for state-owned motor vehicles may be purchased from private sources, if they cannot be reasonably obtained from a state motor pool. The director may advertise for bids and award contracts in accordance with competitive bidding procedures for items and services as provided in this subchapter for furnishing fuel, oil, grease, and vehicle replacement parts for all state-owned motor vehicles. The director and other state agencies, when advertising for bids for gasoline, shall also seek bids for

ethanol blended gasoline.

The management, development, and operation of the network shall not be subject to the jurisdiction or control of any other state agency. However, the commission is subject to the general operations practices and procedures which are generally applicable to other state agencies.

The commission shall ensure that the network operates in an efficient and responsible manner consistent with the provisions of this chapter for the purpose of providing the best economic service attainable to the network users consistent with the state's financial capacity. The commission shall ensure that educational users and the use, design, and implementation for educational applications be given the highest priority concerning

use of the network. The commission shall provide for the centralized, coordinated use and control of the network.

2. *Members.* The commission is composed of five members appointed by the governor and subject to confirmation by the senate. Members of the commission shall not serve in any manner or be employed by an authorized user of the network or by an entity seeking to do or doing business with the network. The governor shall appoint a member as the chairperson of the commission from the five members appointed by the governor, subject to confirmation by the senate. Members of the commission shall serve six-year staggered terms as designated by the governor and appointments to the commission are subject to the requirements of sections 69.16, 69.16A, and 69.19. Vacancies shall be filled by the governor for the duration of the unexpired term. The salary of the members of the commission shall be twelve thousand dollars per year, except that the salary of the chairperson shall be seventeen thousand dollars per year. Members of the commission shall also be reim-

In addition to the members appointed by the governor, the auditor of state or the auditor's designee shall serve as a nonvoting, ex officio member of the commission.

The benefits and salary paid to the members of the commission shall be adjusted annually equal to the average of the annual pay adjustments, expense reimbursements, and related benefits provided under collective bargaining agreements negotiated pursuant to chapter 20.

3. *Duties.* The commission shall do all of the following:

*a.* Enter into agreements pursuant to chapter 28E as necessary and appropriate for the purposes of the commission. However, the commission shall not enter into an agreement with an unauthorized user or any other person pursuant to chapter 28E for the purpose of providing such user or person access to the network.

*b.* Adopt rules pursuant to chapter 17A as deemed appropriate and necessary, and directly related to the implementation and administration of the duties of the commission. The commission, in consultation with the department of administrative services, shall also adopt and provide for standard communications procedures and policies relating to the use of the network which recognize, at a minimum, the need for reliable communications services.

*c.* Establish an appeal process for review by the commission of a scheduling conflict decision, including a scheduling conflict involving an educational user, or the establishment of a fee associated with the network upon the request of a person affected by such decision or fee. A determination made by the commission pursuant to this paragraph shall be final.

*d.* Review and approve for adoption, rules as proposed and submitted by an authorized user group necessary for the authorized user group's access and use of the network. The commission may refuse to approve and adopt a proposed rule, and upon such refusal, shall return the proposed rule to the respective authorized user group proposing the rule with a statement indicating the commission's reason for refusing to approve and adopt the rule.

*e.* (1) Develop and issue for response all requests for proposals for any construction, installation, repair, maintenance, or equipment and parts necessary for the network. In preparing the request for proposals, the commission shall do all of the following:

(a) Review existing requests for proposals related to the network.

(b) Consider and evaluate all competing technologies which could be used in any construction, installation, repair, or maintenance project.

(c) Allow flexibility for proposals to be submitted in response to a request for proposals issued by the commission such that any qualified provider may submit a bid on a site-by-site basis, or on a merged area or defined geographic area basis, or both, and by permitting proposals to be submitted for use of competing or alternative technologies in each defined area.

(d) Ensure that rural communities have access to comparable services to the services provided in urban areas resulting from any plans to construct, install, repair, or maintain any part of the network.

(2) In determining which proposal to recommend to the general assembly to accept, consider what is in the long-term best interests of the citizens of the state and the network, and utilize, if possible, the provision of services with existing service providers consistent with those best interests. In determining what is in the long-term best interests of the citizens of the state and the network, the commission, at a minimum, shall consider the cost to taxpayers of the state.

(3) Deliver a written report and all proposals submitted in response to the request for proposals for Part III to the general assembly no later than January 1, 1995. The commission shall not enter into any agreement related to such proposals without prior authorization by a constitutional majority of each house of the general assembly and approval by the governor.

*f.* Include in the commission's annual report related to the network the actual income and expenses for the network for the preceding fiscal year and estimates for income and expenses for the network for the two-year fiscal period that includes the fiscal year during which the report is submitted. The report shall include the amount of any general fund appropriations to be requested, any recommendations of the commission related to changes in the system, and other items as deemed appropriate by the commission. *g.* Review existing maintenance contracts and past contracts to determine vendor capability to perform the obligations under such contracts. The commission shall report to the general assembly prior to January 1 of each year as to the performance of all vendors under each contract and shall make recommendations concerning continued funding for the contracts.

*h.* Pursue available opportunities to cooperate and coordinate with the federal government for the use and potential expansion of the network and for the financing of any such expansion.

*i.* Evaluate existing and projected rates for use of the system and ensure that rates are sufficient

to pay for the operation of the system excluding the cost of construction and lease costs for Parts I, II, and III. The commission shall establish all hourly rates to be charged to all authorized users for the use of the network and shall consider all costs of the network in establishing the rates. A fee established by the commission to be charged to a hospital licensed pursuant to chapter 135B, a physician clinic, or the federal government shall be at an appropriate rate so that, at a minimum, there is no state subsidy related to the costs of the connection or use of the network related to such user.

*j.* Make recommendations to the general assembly, as deemed appropriate by the commission, concerning the operation of the network.

*k.* Provide necessary telecommunications cabling to provide state communications.

2007 Acts, ch 116, §1

The commission may enter into a contract for the purchase, lease, or improvement of property, equipment, or services for telecommunications pursuant to this subsection in an amount not greater than the contract limitation amount without prior authorization by a constitutional majority of each house of the general assembly, approval by the legislative council if the general assembly is not in session, or the approval of the executive council as provided pursuant to paragraph “*b*”. A contract entered into under this subsection for an amount exceeding the contract limitation amount shall require prior authorization or approval by the general assembly, the legislative council, or the executive council as provided in this subsection. The commission shall not issue any bonding or other long-term financing arrangements as defined in section 12.30, subsection 1, paragraph “*b*”. Real or personal property to be purchased by the commission through the use of a financing agreement shall be done in accordance with the provisions of section 12.28, provided, however, that the commission may purchase property, equipment, or services for telecommunications pursuant to a financing agreement in an amount not greater than the contract limitation amount without prior authorization by a constitutional majority of each house of the general assembly, approval by the legislative council if the general assembly is not in session, or the approval of the executive council as provided pursuant to paragraph “*b*”. A contract entered into under this subsection for an amount exceeding the contract limitation amount shall require prior authorization or approval by the general assembly, the legislative council, or the executive

council as provided in this subsection.

*b.* Approval by the executive council as provided under paragraph “*a*” shall only be permitted if the contract for which the commission is seeking approval is necessary as the result of circumstances constituting a natural disaster or a threat to homeland security.

*c.* For purposes of this subsection, “*contract limitation amount*” means two million dollars. However, beginning July 1, 2008, and on each succeeding July 1, the director shall adjust the contract limitation amount to be applicable for the twelve-month period commencing on September 1 of the year in which the adjustment is made. The new contract limitation amount shall be published annually as a notice in the Iowa administrative bulletin prior to September 1. The adjusted contract limitation amount shall be calculated by applying the percentage change in the consumer price index for all urban consumers for the most recent available twelve-month period published in the federal register by the United States department of labor, bureau of labor statistics, to the existing contract limitation amount as an increase or decrease, rounded to the nearest dollar. The calculation and publication of the contract limitation amount by the director are exempt from the provisions of chapter 17A.

2. The commission also shall not provide or resell communications services to entities other than public and private agencies. The public or private agency shall not provide communication services of the network to another entity unless otherwise authorized pursuant to this chapter. The commission may arrange for joint use of available services and facilities, and may enter into leases and agreements with private and public agencies with respect to the Iowa communications network, and public agencies are authorized to enter into leases and agreements with respect to the network for their use and operation. Rentals and other amounts due under the agreements or leases entered into pursuant to this section by a state agency are payable from funds annually appropriated by the general assembly or from other funds legally available. Other public agencies may pay the rental costs and other amounts due under an agreement or lease from their annual budgeted funds or other funds legally available or to become available.

3. This section comprises a complete and independent authorization and procedure for a public agency, with the approval of the commission, to enter into a lease or agreement and this section is not a qualification of any other powers which a public agency may possess and the authorizations and powers granted under this section are not subject to the terms, requirements, or limitations of any other provisions of law, except that the commission must comply with the provisions of section 12.28 when entering into financing agreements for the purchase of real or personal property. All

moneys received by the commission from agreements and leases entered into pursuant to this section with private and public agencies shall be deposited in the Iowa communications network fund.

4. A political subdivision receiving communications services from the state as of April 1, 1986, may continue to do so but communications services shall not be provided or resold to additional

political subdivisions other than a school corporation, a city library, a library service area as provided in chapter 256, and a county library as provided in chapter 336. The rates charged to the political subdivision shall be the same as the rates charged to state agencies.

Upon completion of the review, the auditor of state shall report whether, in the auditor of state's judgment, the auditor of state believes the entity adequately demonstrated that the laws, rules, regulations, and contractual agreements governing the funds have been substantially complied with. If the auditor of state does not believe the entity adequately demonstrated that the laws, rules, regulations, and contractual agreements have been substantially complied with, the auditor of state shall notify the department of the actions the auditor of state believes are necessary to determine whether the entity is in substantial compliance with those laws, rules, regulations, and contractual agreements. Departments providing the state or federal funds shall reimburse the auditor of state for any actions taken by the auditor of state to determine whether the entity has substantially complied with the laws, rules, regulations, and contractual agreements governing the funds provided by the department for costs expended after the date the auditor of state notifies the department of an issue involving substantial compliance pursuant to the requirements of this subsection.

The bonds are investment securities and negotiable instruments within the meaning of and for purposes of the Iowa uniform commercial code, chapter 554.

3. Bonds issued under this section are payable solely and only out of the moneys, assets, or revenues of the chargeable expenses fund and any bond reserve funds established pursuant to this section, all of which may be held by the treasurer of state or deposited with trustees or depositories in accordance with bond or security documents and pledged by the treasurer of state to the payment thereof. Bonds issued under this section shall contain a statement that the bonds do not constitute an indebtedness of the state. The treasurer of state shall not pledge the credit or taxing power of this state or any political subdivision of this state or make bonds issued pursuant to this section payable out of any moneys except those in the chargeable expenses fund and any bond reserve funds established pursuant to this section.

4. The proceeds of bonds issued by the treasurer of state and not required for immediate disbursement may be deposited with a trustee or depository as provided in the bond documents and invested or reinvested in any investment as directed by the treasurer of state and specified in the trust indenture, resolution, or other instrument pursuant to which the bonds are issued without regard to any limitation otherwise provided by law.

11. The treasurer of state may issue bonds for the purpose of refunding any bonds issued pursuant to this section then outstanding, including the payment of any redemption premiums thereon and any interest accrued or to accrue to the date of redemption of the outstanding bonds. Until the proceeds of bonds issued for the purpose of refunding outstanding bonds are applied to the purchase or retirement of outstanding bonds or the redemption of outstanding bonds, the proceeds may be placed in escrow and be invested and reinvested in accordance with the provisions of this section. The

interest, income, and profits earned or realized on an investment may also be applied to the payment of the outstanding bonds to be refunded by purchase, retirement, or redemption. After the terms of the escrow have been fully satisfied and carried out, any balance of proceeds and interest earned or realized on the investments may be returned to the treasurer of state for deposit in the chargeable expenses fund unless all bonds issued under the provisions of this section have been retired, in which case the proceeds shall be deposited in the general fund of the state. All refunding bonds shall be issued and secured and subject to the provisions of this chapter in the same manner and to the same extent as other bonds issued pursuant to this section.

12. A chargeable expenses fund is created and established as a separate and distinct fund in the state treasury. The moneys in the fund are appropriated for payment of the principal of, premium, and interest on any bonds issued under this section. Moneys in the fund shall not be subject to appropriation for any other purpose by the general assembly, but shall be used only for the purposes of the chargeable expenses fund. The treasurer of state shall act as custodian of the fund and disburse moneys contained in the fund for payment of the principal of, premium, and interest on any bonds issued under this section. Notwithstanding section 476.10, there shall in each fiscal year be deposited in the chargeable expenses fund from amounts collected by the utilities board as chargeable expenses an amount equal to the principal of, premium, if any, and interest on any bonds issued under this section to become due, whether at maturity, by call for optional redemption or by sinking fund redemption, in such fiscal year. The treasurer of state is authorized to pledge any amounts in the chargeable expenses fund as security for the payment of the principal of, premium, and interest on any bonds issued under this section. The treasurer of state may provide in the trust indenture, resolution, or other instrument authorizing the issuance of bonds for the transfer to the general fund of the state of any amounts on deposit in the chargeable expenses fund that are not necessary for the payment of the principal of, premium, and interest on any bonds issued under this section.

13. Moneys in the chargeable expenses fund are not subject to section 8.33. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys in the fund shall be credited to the fund.

14. *a.* The treasurer of state may create and establish one or more special funds, to be known as “*bond reserve funds*”, to secure one or more issues of bonds issued pursuant to this section. The treasurer of state shall pay into each bond reserve fund any moneys appropriated and made available by the state or the treasurer of state for the purpose of the fund, any proceeds of sale of bonds to the extent provided in the resolutions authorizing their issuance, and any other moneys which

may be available to the treasurer of state for the purpose of the fund from any other sources. All moneys held in a bond reserve fund, except as otherwise provided in this chapter, shall be used as required solely for the payment of the principal of bonds secured in whole or in part by the fund or of the sinking fund payments with respect to the bonds, the purchase or redemption of the bonds, the payment of interest on the bonds, or the payments of any redemption premium required to be paid when the bonds are redeemed prior to maturity.

*b.* Moneys in a bond reserve fund shall not be withdrawn from it at any time in an amount that will reduce the amount of the fund to less than the bond reserve fund requirement established for the fund, as provided in this subsection, except for the purpose of making, with respect to bonds secured in whole or in part by the fund, payment when due of principal, interest, redemption premiums, and the sinking fund payments with respect to the bonds for the payment of which other moneys of the treasurer of state are not available. Any income or interest earned by, or incremental to, a bond reserve fund due to the investment of it may be transferred by the treasurer of state to other funds or accounts to the extent the transfer does not reduce the amount of that bond reserve fund below the bond reserve fund requirement for that bond reserve fund. For the purposes of this subsection, the term “*bond reserve fund requirement*” means, as of any particular date of computation, an amount of money, as provided in the resolutions authorizing the bonds with respect to which the fund is established.

*c.* The treasurer of state shall comply with the provisions of section 476.10B in order to assure the maintenance of any bond reserve funds established under this section.

15. It is the intent of the general assembly that a pledge made in respect of bonds issued under this section shall be valid and binding from the time the pledge is made, that the money or property so pledged and received after the pledge by the treasurer of state shall immediately be subject to the lien of the pledge without physical delivery or further act, and that the lien of the pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the treasurer of state whether or not the parties have notice of the lien.

16. Bonds issued pursuant to this section are not debts of the state, nor of any political subdivision of the state, and do not constitute a pledge of the faith and credit of the state or a charge against the general credit or general fund of the state. The issuance of any bonds pursuant to this section by the treasurer of state does not directly, indirectly, or contingently obligate the state or a political subdivision of the state to apply moneys from, or to levy or pledge any form of taxation whatever to, the payment of the bonds. Bonds issued under this

section are payable solely and only from the sources and special fund provided in this section.

17. This section, being necessary for the welfare of this state and its inhabitants, shall be liber-

ally construed to effect its purposes.

Obligations issued under this chapter shall contain a statement that the obligations are issued pursuant to this chapter; are payable solely from the moneys, assets, and revenues pledged for their payment and any bond reserve

funds established; and that such obligations do not constitute an indebtedness of the state. 2007 Acts, ch 133, §3  
NEW section

#### 12A.4 General powers.

1. An issuer may issue obligations under this chapter and do all things necessary with respect to the issuance of the obligations. An issuer shall have all of the powers necessary to issue and secure obligations and carry out the purposes for which the obligations are to be issued, including the power to secure credit enhancement or support and to enter into agreements providing interest rate protection, as deemed appropriate by the issuer. The issuer may issue obligations in principal amounts consistent with the enabling legislation and which the issuer determines are necessary to provide sufficient funds for the purposes for which the obligations are issued, and to provide for the payment of capitalized interest on the obligations, the establishment of reserves to secure the obligations, the payment of the costs of issuance of the obligations, the payment of other expenditures of the issuer incident to and necessary or convenient to carry out the issue, and the payment of all other expenditures necessary or convenient to the purposes for which the obligations are issued.

2. The proceeds of obligations issued by the issuer and not required for immediate disbursement may be deposited with a trustee or depository or the treasurer of state as provided in the authorizing documents. Proceeds shall be invested or reinvested as directed by the treasurer of state and specified in the authorizing documents without regard to any limitation otherwise provided by law.

3. Obligations shall be issued as follows:

a. In a form, issued in denominations, executed in a manner, and payable over terms and with rights of redemption, and subject to such other terms and conditions as prescribed in the authorizing documents.

b. Sold at prices, at public or private sale, and in a manner, as prescribed by the issuer. Chapters 73A, 74, 74A, 75, and 76 do not apply to the sale, issuance, or retirement of the obligations if this chapter is utilized.

c. Subject to the terms, conditions, and covenants providing for the payment of the principal, redemption premiums, if any, interest, and other terms, conditions, covenants, and protective provisions safeguarding payment, not inconsistent with this chapter and as determined by the authorizing documents.

4. Obligations issued under this chapter are investment securities and negotiable instruments within the meaning of and for purposes of the uniform commercial code, chapter 554. Obligations are securities in which public officers and bodies of this state; political subdivisions of this state; insurance companies and associations and other persons carrying on an insurance business; banks, trust companies, savings associations, savings and loan associations, and investment companies; administrators, guardians, executors, trustees, and other fiduciaries; and other persons authorized to invest in obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them.

5. Obligations must be authorized by a trust indenture, resolution, or other instrument of the issuer. A trust indenture, resolution, or other instrument authorizing the issuance of obligations may, however, delegate to an officer of a board or of a governing body of an issuer the power to negotiate and fix the details of an issue of obligations.

6. A resolution, trust agreement, or any other instrument by which a pledge is created shall not be required to be recorded or filed under the uniform commercial code, chapter 554, to be valid, binding, or effective.

7. Subject to the terms of the authorizing documents, the proceeds of obligations may be expended for administrative expenses.

8. An issuer may issue obligations for the purpose of refunding any obligations then outstanding, including the payment of any redemption premiums thereon and any interest accrued or to accrue to the date of redemption of the outstanding obligations. Until the proceeds of obligations issued for the purpose of refunding outstanding obligations are applied to the purchase or retirement of outstanding obligations or the redemption of outstanding obligations, the proceeds may be placed in escrow and be invested and reinvested in accordance with the provisions of this chapter, the authorizing documents, and any applicable escrow agreement. The interest, income, and profits earned or realized on an investment may also be applied to the payment of the outstanding obligations to be refunded by purchase, retirement, or redemption. After the terms of the escrow have been fully satisfied and carried out, any balance of

proceeds and interest earned or realized on the investments may be returned to the issuer. All refunding obligations shall be issued and secured and subject to the provisions of this chapter in the same manner and to the same extent as other obligations issued pursuant to this chapter.

#### 12A.5 Reserve funds.

1. An issuer may create and establish one or more special funds, to be known as bond reserve funds, to secure one or more issues of obligations. The issuer shall pay into each bond reserve fund any moneys appropriated and made available by the state for the purpose of that reserve fund, any proceeds of the sale of obligations to the extent provided in the authorizing documents, and any other moneys which may be available from any other sources and which the issuer determines to deposit in the reserve fund. All moneys held in a bond reserve fund, except as otherwise provided in this chapter, shall be used as required solely for the payment of the principal of obligations secured in whole or in part by the fund or of the sinking fund or other payments with respect to the obligations, the purchase or redemption of the obligations, the payment of interest on the obligations, or the payments of any redemption premium required to be paid when the obligations are redeemed prior to maturity.

2. Moneys in a bond reserve fund shall not be withdrawn at any time in an amount that will reduce the amount of the fund to less than the bond reserve fund requirement established for the fund, except for the purpose of making, with respect to obligations secured in whole or in part by the fund, payment when due of principal, interest, redemption premiums, and the sinking fund and other payments with respect to the obligations for which other moneys are not available, all in accordance with the authorizing documents. For the purposes of this chapter, “*bond reserve fund requirement*” means, as of any particular date of computation, the amount of moneys, provided in the authorizing documents with respect to which the fund is established. Any income or interest earned by, or incremental to, a bond reserve fund due to its investment may be transferred to other funds or accounts as provided in the authorizing documents to the extent the transfer does not reduce the amount of that bond reserve fund below its bond reserve fund requirement.

3. The issuer shall not at any time issue obligations, secured in whole or in part by a bond reserve fund if, upon the issuance of the obligations, the amount in the bond reserve fund for the obligations will be less than the bond reserve fund requirement for the fund, unless the issuer at the time of issuance of the obligations deposits in the fund from the proceeds of the obligations issued or from other sources an amount which, together

with the amount then in the fund, will not be less than the bond reserve fund requirement for the fund.

4. In order to assure maintenance of bond reserve funds, an issuer shall, on or before January 1 of each calendar year, make and deliver to the governor the issuer's certificate stating the sum, if any, required to restore each bond reserve fund to the bond reserve fund requirement for that fund. Within thirty days after the beginning of the session of the general assembly next following the delivery of the certificate, the governor shall submit to both houses printed copies of a budget including the sum, if any, required to restore each bond reserve fund to the bond reserve fund requirement for that fund. Any sums appropriated by the general assembly and paid to the issuer pursuant to this subsection shall be deposited by the issuer in the applicable bond reserve fund.

The treasurer of state shall act as custodian of the funds and disburse moneys contained in the funds as directed by the authorizing documents.

2. Moneys in any fund pledged as security for obligations are not subject to section 8.33. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys in the funds shall be credited to the applicable fund.

#### 12A.8 Obligations secured by trust agreement.

Obligations issued under this chapter may be secured by a trust agreement by and between the issuer and an incorporated trustee, which may be a trust company or bank having the powers of a trust company in this state or another state. The trust agreement or the resolution providing for the issuance of the obligations may pledge or assign the revenue to be received for payment of the obligations or the proceeds of any contract pledged. A pledge or assignment made by the issuer pursuant to this chapter is valid and binding from the time that the pledge or assignment is made, and the revenue pledged and thereafter received by the issuer is immediately subject to the lien of the pledge or assignment without physical delivery or any further act. The lien of the pledge or assignment is valid and binding against all parties having claims of any kind in tort, contract, or otherwise against the issuer irrespective of whether the parties have notice of the lien. The trust agreement or resolution by which a pledge is created or an assignment made shall be filed in the records of the issuer. The trust agreement or resolution providing for the issuance of the obligations may contain provisions for protecting and enforcing the rights and remedies of the holders of an obligation as are reasonable and proper, not in violation of law, or provided for in this chapter. A bank or trust company incorporated under the laws of this state or another state which acts as depository of proceeds of the obligations, revenue, or other moneys shall furnish the indemnifying obligations or pledge securities as and to the extent required by the issuer. The trust agreement or resolution may set forth the rights and remedies of the holders of an obligation and of the trustee, and may restrict the individual right of action by holders of an obligation. Subsection 4 amended

#### **12C.23 Payment of losses in a credit union.**

1. The pledging of securities by a credit union pursuant to this chapter constitutes consent by the credit union to the disposition of the securities in accordance with this section.

The acceptance of public funds by a credit union pursuant to this chapter constitutes consent by the credit union to assessments by the treasurer of state in accordance with this chapter.

2. The credit union and the security given for the public funds in its hands are liable for payment if the credit union fails to pay a check, draft, or warrant drawn by the public officer or to account for a check, draft, warrant, order, or certificates of deposit, or any public funds entrusted to it if, in failing to pay, the credit union acts contrary to the terms of an agreement between the credit union and the public body treasurer. The credit union and the security given for the public funds in its hands are also liable for payment if the credit union fails to pay an assessment by the treasurer of state when the assessment is due.

3. If a credit union is closed by its primary regulatory officials, the public body with deposits in the credit union may sell the collateral to pay for any loss of principal and accrued interest.

*a.* In cooperation with the responsible regulatory officials for the credit union, the public body shall validate the amount of public funds on deposit at the defaulting credit union and the amount of deposit insurance applicable to the deposits.

*b.* The loss to public depositors shall be satisfied, first through any applicable deposit insur-

ance and then through the sale of securities pledged by the defaulting credit union, and then the assets of the defaulting credit union. The priority of claims are those established pursuant to section 533.404, subsection 1, paragraph “b”. To the extent permitted by federal law, in the distribution of an insolvent federally chartered credit union’s assets, the order of payment of liabilities if its assets are insufficient to pay in full all its liabilities for which claims are made shall be in the same order as for the equivalent type of state chartered credit union as provided in section 533.404, subsection 1, paragraph “b”.

c. The claim of a public depositor for purposes of this section shall be the amount of the depositor’s deposits plus interest to the date the funds are distributed to the public depositor at the rate the credit union agreed to pay on the funds reduced by the portion of the funds which is insured by federal deposit insurance.

d. If the loss to public funds is not covered by insurance and the proceeds of the failed credit union’s assets which are liquidated within thirty days of the closing of the credit union and pledged collateral, the treasurer shall provide coverage of the remaining loss from the state sinking fund for public deposits in credit unions. If the funds are inadequate to cover the entire loss, then the treasurer shall make an assessment against other credit unions who hold public funds. The assessment shall be determined by multiplying the total amount of the remaining loss to public depositors by a percentage that represents the average of

public funds deposits held by all credit unions during the preceding twelve-month period ending on the last day of the month immediately preceding the month the credit union was closed. Each credit union shall pay its assessment to the treasurer within three business days after it receives notice of assessment. If a credit union fails to pay its assessment when due, the treasurer of state shall initiate a lawsuit to collect the assessment. If a credit union is found to have failed to pay the assessment as required by this paragraph, the court shall order it to pay the assessment, court costs, reasonable attorney’s fees based upon the amount of time the attorney general’s office spent preparing and bringing the action, and reasonable expenses incurred by the treasurer of state’s office. Idle balances in the fund are to be invested by the treasurer with earnings credited to the fund. Fees paid by credit unions for administration of this chapter will be credited to the fund and the treasurer may deduct actual costs of administration from the fund.

e. Any amount realized from the sale of collateral pursuant to paragraph “d”, in excess of the amount of a credit union’s assessment, shall continue to be held by the treasurer, in the same interest-bearing investments available for public funds, as collateral until that credit union provides substitute collateral or is otherwise entitled to its release.

## CHAPTER 12F

### RESTRICTIONS ON SUDAN-RELATED INVESTMENTS

#### 12F.1 Legislative findings and intent.

The general assembly is deeply concerned over the human rights situation in Sudan which calls for stepped-up international efforts to end the crisis in Sudan’s Darfur region, and concurs with United States policy which has officially declared that genocide is ongoing in the Sudan, and demands that the government of Sudan bring an end to these atrocities. Therefore, the general assembly intends that state funds and funds administered by the state, including public employee retirement funds, should not be invested in companies that provide power production-related services, mineral extraction activities, oil-related activities, or military equipment to the government of Sudan, or are complicit in the genocide in Darfur, given the ongoing genocide in that country, the previous atrocities perpetrated by the government of Sudan, and the abysmal human rights situation in that country.

A targeted small business in any year shall receive under this program not more than fifty thousand dollars in a loan, grant, or guarantee, or a combination of loans, grants, or guarantees. A grant shall only be awarded when additional financing is secured by the applicant. In order to receive a grant, the applicant must demonstrate a minimum of ten percent cash investment in the project. A targeted small business shall not receive a grant, loan, or guarantee, or a combination of grants, loans, or guarantees under the program that provide more than ninety percent funding of a project. The program shall provide guarantees not to exceed eighty percent for loans of up to seven years made by qualified lenders. 4. The department shall adopt rules as necessary for the administration of the financial assistance program under this section.

5. The general assembly is not obligated to appropriate moneys to pay for any defaults or to appropriate moneys to be credited to the loan reserve account. The loan guarantee program does not obligate the state except to the extent provided in this section, and the department in administering the program shall not give or lend the credit of the state of Iowa.

6. Payments of interest, recaptures of awards, and repayments of moneys loaned under this program shall be deposited into the strategic investment fund.

### 15.318 Rating factors and criteria.

In ranking applications for funds, the department shall consider a variety of factors including, but not limited to, the following:

1. The proportion of local match to be provided.
2. The proportion of private contributions to be provided, including the involvement of financial institutions.
3. The total number of jobs to be created or retained.
4. The size of the business receiving assistance. The department shall award more points to small businesses as defined by the United States small business administration than to other businesses.
5. The potential for future growth in the industry represented by the business being considered for assistance.
6. The need of the business for financial assistance from governmental sources. The department shall award more points to a business for which the department determines that governmental assistance is most necessary to the success of a project, than to other businesses.
7. The quality of the jobs to be created. In rating the quality of the jobs the department shall award more points to those jobs that have a higher wage scale, have a lower turnover rate, are full-time or career-type positions, provide comprehensive health benefits, or have other related factors which could be considered to be higher in quality, than to other jobs. Businesses that have wage scales substantially below that of existing Iowa businesses in that area should be rated as providing the lowest quality of jobs and should therefore be given the lowest ranking for providing such assistance.
8. The level of need of the political subdivision.
9. The impact of the proposed project on the economy of the political subdivision.
10. The impact of the proposed project on other businesses in competition with the business being

considered for assistance. The department shall make a good faith effort to identify existing Iowa businesses within an industry in competition with the business being considered for assistance. The department shall make a good faith effort to determine the probability that the proposed financial assistance will displace employees of the existing businesses. In determining the impact on businesses in competition with the business being considered for assistance, jobs created as a result of other jobs being displaced elsewhere in the state shall not be considered direct jobs created.

11. The impact to the state of the proposed project. In measuring the economic impact the department shall award more points for projects which have greater consistency with the state strategic plan than other projects. Greater consistency may include any or all of the following:

- a. A business with a greater percentage of sales out-of-state or of import substitution.
- b. A business with a higher proportion of in-state suppliers.
- c. A project which would provide greater diversification of the state economy.
- d. A business with fewer in-state competitors.
- e. A potential for future job growth.
- f. A project which is not a retail operation.

12. If a business has a record of violations of the law over a period of time that tends to show a consistent pattern, the business shall be given the lowest ranking for providing assistance. The department shall make a good faith effort to compile this information.

13. If a business has, within three years of application for assistance, acquired or merged with an Iowa corporation or company, whether the business has made a good faith effort to hire the workers of the acquired or merged company.

14. Whether a business provides for a preference for hiring residents of the state or of the economic development area, except for out-of-state employees offered a transfer to Iowa or to the economic development area.

15. Whether all known required environmental permits have been issued and regulations met before moneys are released.

16. In cases where projects being reviewed at the same time are given equivalent ratings under subsections 1 through 15, preference in funding shall be given to the project which is located in the county which has the highest percentage of low-income and moderate-income individuals. If the projects are located in the same county, preference in funding shall be given to the project which is located in the city which has the highest percentage of low-income and moderate-income individuals.

17. The capacity of the proposed project to create products by adding value to agricultural commodities.

18. The degree to which the proposed project relies upon agricultural or value-added research conducted at a college or university, including a re-

gents institution, community college, or a private university or college.

### 15.333 Investment tax credit.

1. An eligible business may claim a tax credit equal to a percentage of the new investment directly related to new jobs created by the location or expansion of an eligible business under the program. The tax credit shall be amortized equally over five calendar years. The tax credit shall be allowed against taxes imposed under chapter 422, division II, III, or V, and against the moneys and credits tax imposed in section 533.329. If the business is a partnership, S corporation, limited liability company, cooperative organized under chapter 501 and filing as a partnership for federal tax purposes, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, cooperative organized under chapter 501 and filing as a partnership for federal tax purposes, or estate or trust. The percentage shall be determined as provided in section 15.335A. Any tax credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until depleted, whichever occurs first.

Subject to prior approval by the department of economic development, in consultation with the department of revenue, an eligible business whose project primarily involves the production of value-added agricultural products or uses biotechnology-related processes may elect to receive a refund of all or a portion of an unused tax credit. For purposes of this subsection, such an eligible business includes a cooperative described in section 521 of the Internal Revenue Code which is not required to file an Iowa corporate income tax return, and whose project primarily involves the production of ethanol. The refund may be applied against a tax liability imposed under chapter 422, division II, III, or V, and against the moneys and credits tax imposed in section 533.329. If the business is a partnership, S corporation, limited liability company, cooperative organized under chapter 501 and filing as a partnership for federal tax purposes, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, cooperative organized under chapter 501 and filing as a partnership for federal tax purposes, or estate or trust.

2. For purposes of this subsection, "*new investment directly related to new jobs created by the*

*location or expansion of an eligible business under the program*” means the cost of machinery and equipment, as defined in section 427A.1, subsection 1, paragraphs “e” and “j”, purchased for use in the operation of the eligible business, the purchase price of which has been depreciated in accordance with generally accepted accounting principles, the purchase price of real property and any buildings and structures located on the real property, and the cost of improvements made to real property which is used in the operation of the eligible business. “*New investment directly related to new jobs created by the location or expansion of an eligible business under the program*” also means the annual base rent paid to a third-party developer by an eligible business for a period not to exceed ten years, provided the cumulative cost of the base rent payments for that period does not exceed the cost of the land and the third-party developer’s costs to build or renovate the building for the eligible business. The eligible business shall enter into a lease agreement with the third-party developer for a minimum of five years. If, however, within five years of purchase, the eligible business sells, disposes of, razes, or otherwise renders unusable all or a part of the land, buildings, or other existing structures for which tax credit was claimed under this section, the tax liability of the eligible business for the year in which all or part of the property is sold, disposed of, razed, or otherwise rendered unusable shall be increased by one of the following amounts:

a. One hundred percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within one full year after being placed in service.

b. Eighty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within two full years after being placed in service.

c. Sixty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within three full years after being placed in service.

d. Forty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within four full years after being placed in service.

e. Twenty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within five full years after being placed in service.

3. a. An eligible business whose project primarily involves the production of value-added agricultural products or uses biotechnology-related processes, which elects to receive a refund of all or a portion of an unused tax credit, shall apply to the department of economic development for tax credit certificates. Such an eligible business shall not claim a tax credit refund under this subsection unless a tax credit certificate issued by the department of economic development is attached to the

taxpayer’s tax return for the tax year for which the tax credit refund is claimed. For purposes of this subsection, an eligible business includes a cooperative described in section 521 of the Internal Revenue Code which is not required to file an Iowa corporate income tax return, and whose project primarily involves the production of ethanol. For purposes of this subsection, an eligible business also includes a cooperative described in section 521 of the Internal Revenue Code which is required to file an Iowa corporate income tax return and whose project primarily involves the production of ethanol. Such cooperative may elect to transfer all or a portion of its tax credit to its members. The amount of tax credit transferred and claimed by a member shall be based upon the pro rata share of the member’s earnings of the cooperative.

b. A tax credit certificate issued under this subsection shall not be valid until the tax year following the date of the capital investment project completion. A tax credit certificate shall contain the taxpayer’s name, address, tax identification number, the date of project completion, the amount of the tax credit, and other information required by the department of revenue. The department of economic development shall not issue tax credit certificates under this subsection which total more than four million dollars during a fiscal year. If the department receives and approves applications for tax credit certificates under this subsection in excess of four million dollars, the applicants shall receive certificates for a prorated amount. The tax credit certificates shall not be transferred except as provided in this subsection for a cooperative described in section 521 of the Internal Revenue Code which is required to file an Iowa corporate income tax return and whose project primarily involves the production of ethanol. For a cooperative described in section 521 of the Internal Revenue Code, the department of economic development shall require that the cooperative submit a list of its members and the share of each member’s interest in the cooperative. The department shall issue a tax credit certificate to each member contained on the submitted list.

### 15.335 Research activities credit.

1. An eligible business may claim a corporate tax credit for increasing research activities in this state during the period the eligible business is participating in the program. For purposes of this section, “*research activities*” includes the development and deployment of innovative renewable energy generation components manufactured or assembled in this state. For purposes of this section, “*innovative renewable energy generation components*” does not include a component with more than two hundred megawatts of installed effective nameplate capacity. The tax credits for innovative

renewable energy generation components shall not exceed one million dollars.

*a.* The credit equals the sum of the following:

(1) Six and one-half percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities.

(2) Six and one-half percent of the basic research payments determined under section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities.

The state's apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to total qualified research expenditures.

*b.* In lieu of the credit amount computed in paragraph "a", subparagraph (1), an eligible business may elect to compute the credit amount for qualified research expenses incurred in this state in a manner consistent with the alternative incremental credit described in section 41(c)(4) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used for the taxpayer's federal income tax. The election made under this paragraph is for the tax year and the taxpayer may use another or the same method for any subsequent year.

*c.* For purposes of the alternate credit computation method in paragraph "b", the credit percentages applicable to qualified research expenses described in clauses (i), (ii), and (iii) of section 41(c)(4)(A) of the Internal Revenue Code are one and sixty-five hundredths percent, two and twenty hundredths percent, and two and seventy-five hundredths percent, respectively.

2. The credit allowed in this section is in addition to the credit authorized in section 422.10 and section 422.33, subsection 5. However, if the alternative credit computation method is used in section 422.10 or section 422.33, subsection 5, the credit allowed in this section shall also be computed using that method.

3. If the eligible business is a partnership, S corporation, limited liability company, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

4. For purposes of this section, "base amount", "basic research payment", and "qualified research expense" mean the same as defined for the federal credit for increasing research activities under section 41 of the Internal Revenue Code, except that for the alternative incremental credit such

amounts are for research conducted within this state.

For purposes of this section, "Internal Revenue Code" means the Internal Revenue Code in effect on January 1, 2007.

5. Any credit in excess of the tax liability for the taxable year shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on its final, completed return credited to the tax liability for the following year.

### **15.393 Film, television, and video project promotion program — tax credits and income exclusion.**

1. The department shall establish and administer a film, television, and video project promotion program that provides for the registration of projects to be shot on location in the state. A project that is registered under the program is entitled to the assistance provided in subsection 2. A fee shall not be charged for registering. The department shall not register a project unless the department determines that all of the following are met:

*a.* The project is a legitimate effort to produce an entire film, television, or video episode or a film, television, or video segment in the state.

*b.* The project will include expenditures of at least one hundred thousand dollars in the state and have an economic impact on the economy of

the state or locality sufficient to justify assistance under the program.

c. The project will further tourism, economic development, and population retention or growth in the state or locality.

d. Other criteria established by rule relating to the economic impact and promotional aspects of the project on the state or locality.

2. A project registered with the department under the program is eligible for the following assistance:

a. (1) For tax years beginning on or after January 1, 2007, a qualified expenditure tax credit shall be allowed against the taxes imposed in chapter 422, divisions II, III, and V, and in chapter 432, and against the moneys and credits tax imposed in section 533.329, for a portion of a taxpayer's qualified expenditures in a project registered under the program. The tax credit shall equal twenty-five percent of the qualified expenditures on a project. An individual may claim a tax credit under this paragraph "a" of a partnership, limited liability company, S corporation, estate, or trust electing to have income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings from the partnership, limited liability company, S corporation, estate, or trust. Any tax credit in excess of the taxpayer's liability for the tax year may be credited to the tax liability for the following five years or until depleted, whichever is earlier. A tax credit shall not be carried back to a tax year prior to the tax year in which the taxpayer claims the tax credit.

(2) A qualified expenditure by a taxpayer is a payment to an Iowa resident or an Iowa-based business for the sale, rental, or furnishing of tangible personal property or for services directly related to the registered project including but not limited to aircraft, vehicles, equipment, materials, supplies, accounting, animals and animal care, artistic and design services, graphics, construction, data and information services, delivery and pickup services, graphics, labor and personnel, lighting, makeup and hairdressing, film, music, photography, sound, video and related services, printing, research, site fees and rental, travel related to Iowa distant locations, trash removal and clean-up, and wardrobe. For the purposes of this subparagraph, "labor and personnel" does not include the director, producers, or cast members other than extras and stand-ins. The department of revenue, in consultation with the department of economic development, shall by rule establish a list of eligible expenditures.

(3) After verifying the eligibility for a tax credit under this paragraph "a", the department of economic development shall issue a film, television, and video project promotion program tax credit certificate to be attached to the person's tax return. The tax credit certificate shall contain the taxpayer's name, address, tax identification num-

ber, the date of project completion, the amount of credit, other information required by the department of revenue, and a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred. Tax credit certificates issued under this paragraph "a" may be transferred to any person or entity. Within ninety days of transfer, the transferee shall submit the transferred tax credit certificate to the department of revenue along with a statement containing the transferee's name, tax identification number, and address, and the denomination that each replacement tax credit certificate is to carry and any other information required by the department of revenue. Within thirty days of receiving the transferred tax credit certificate and the transferee's statement, the department of revenue shall issue one or more replacement tax credit certificates to the transferee. Each replacement tax credit certificate must contain the information required for the original tax credit certificate and must have the same expiration date that appeared in the transferred tax credit certificate. Tax credit certificate amounts of less than the minimum amount established by rule of the department of economic development shall not be transferable. A tax credit shall not be claimed by a transferee under this paragraph "a" until a replacement tax credit certificate identifying the transferee as the proper holder has been issued. The transferee may use the amount of the tax credit transferred against the taxes imposed in chapter 422, divisions II, III, and V, and in chapter 432, and against the moneys and credits tax imposed in section 533.329, for any tax year the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit shall not be included as income under chapter 422, divisions II, III, and V, under chapter 432, or against the moneys and credits tax imposed in section 533.329. Any consideration paid for the transfer of the tax credit shall not be deducted from income under chapter 422, divisions II, III, and V, under chapter 432, or against the moneys and credits tax imposed in section 533.329.

(4) A taxpayer claiming a tax credit under this paragraph "a", a business in which such taxpayer has an equity interest, and a business in which such taxpayer participates in its management is not eligible to receive the adjusted gross income reduction under paragraph "c".

b. (1) For tax years beginning on or after January 1, 2007, an investment tax credit shall be allowed against the taxes imposed in chapter 422, divisions II, III, and V, and in chapter 432, and against the moneys and credits tax imposed in section 533.329, for a portion of a taxpayer's investment in a project registered under the program. The tax credit shall equal twenty-five percent of the investment in the project. An individual may claim a tax credit under this paragraph of a partnership, limited liability company, S corporation,

estate, or trust electing to have income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings from the partnership, limited liability company, S corporation, estate, or trust. Any tax credit in excess of the taxpayer's liability for the tax year may be credited to the tax liability for the following five years or until depleted, whichever is earlier. A tax credit shall not be carried back to a tax year prior to the tax year in which the taxpayer claims the tax credit. A taxpayer shall not claim a tax credit under this paragraph "b" for qualified expenditures for which a tax credit is claimed under paragraph "a".

(2) After verifying the eligibility for a tax credit under this paragraph "b", the department of economic development shall issue a film, television, and video project promotion program tax credit certificate to be attached to the person's tax return. The tax credit certificate shall contain the taxpayer's name, address, tax identification number, the date of project completion, the amount of credit, other information required by the department of revenue, and a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred. Tax credit certificates issued under this paragraph "b" may be transferred to any person or entity. Within ninety days of transfer, the transferee shall submit the transferred tax credit certificate to the department of revenue along with a statement containing the transferee's name, tax identification number, and address, and the denomination that each replacement tax credit certificate is to carry and any other information required by the department of revenue. Within thirty days of receiving the transferred tax credit certificate and the transferee's statement, the department of revenue shall issue one or more replacement tax credit certificates to the transferee. Each replacement tax credit certificate must contain the information required for the original tax credit certificate and must have the same expiration date that appeared in the transferred tax credit certificate. Tax credit certificate amounts of less than the minimum amount established by rule of the department of economic development shall not be transferable. A tax credit shall not be claimed by a transferee under this paragraph "b" until a replacement tax credit certificate identifying the transferee as the proper holder has been issued. The transferee may use the amount of the tax credit transferred against the taxes imposed in chapter 422, divisions II, III, and V, and in chapter 432, and against the moneys and credits tax imposed in section 533.329, for any tax year the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit shall not be included as income under chapter 422, divisions II, III, and V, under chapter 432, or against the moneys and credits tax imposed in section 533.329. Any consideration paid for the trans-

fer of the tax credit shall not be deducted from income under chapter 422, divisions II, III, and V, under chapter 432, or against the moneys and credits tax imposed in section 533.329.

c. For tax years beginning on or after January 1, 2007, a reduction in adjusted gross income for purposes of taxes imposed in chapter 422, divisions II and III, for payments received from the sale, rental, or furnishing of tangible personal property or services directly related to the production of a project registered under this section which meets the criteria of a qualified expenditure under paragraph "a", subparagraph (2).

3. The department shall promote the program and the assistance available under the program on an internet website.

4. A project that depicts or describes any obscene material, as defined in section 728.1, shall not be eligible to receive assistance under this section.

a. That the project shall be administered in the same manner as a project under chapter 260E and that a supplemental new jobs credit from withholding in an amount equal to one and one-half percent of the gross wages paid by the primary business or a supporting business pursuant to section 422.16 is authorized to fund the program services for the additional project.

c. That the community college shall not be allowed any expenses for administering the additional project except those expenses which are directly attributable to the additional project and which are in excess of the expenses allowed for the project under chapter 260E.

To provide funds for the payment of the costs of the additional project, a community college may borrow money, issue and sell certificates, and secure the payment of the certificates in the same manner as described in section 260E.6, including, but not limited to, providing the assessment of an

annual levy as described in section 260E.6, subsection 4. The program and credit authorized by this subsection is in addition to, and not in lieu of, the program and credit authorized in chapter 260E.

In order to be eligible for this exemption, the property shall be acquired or leased by the primary business or a supporting business or relocated by the primary business or a supporting business to the zone from outside the state prior to project completion.

b. Property which is exempt for property tax purposes under this subsection is eligible for the sales and use tax exemption under section 423.3, subsection 47, notwithstanding that subsection or any other provision of the Code to the contrary.

6. *Sales, services, and use tax refund.* Taxes paid pursuant to chapter 423 on the sales price or rental price of property purchased or rented by the primary business or a supporting business for use by the primary business or a supporting business within the zone or on gas, electricity, water, and sewer utility services prior to project completion shall be refunded to the primary business or supporting business if the item was purchased or the service was performed or received prior to project completion. Claims under this section shall be submitted on forms provided by the department of revenue not later than six months after project completion. The refund in this subsection shall not apply to furniture or furnishings, or intangible property.

7. *Sales, services, and use tax refund — contractor or subcontractor.* The primary business

or a supporting business shall be entitled to a refund of the sales and use taxes paid under chapter 423 for gas, electricity, water, or sewer utility services, goods, wares, or merchandise, or on services rendered, furnished, or performed to or for a contractor or subcontractor and used in the fulfillment of a written contract relating to the construction or equipping of a facility within the zone of the primary business or a supporting business. Taxes attributable to intangible property and furniture and furnishings shall not be refunded.

To receive the refund, a claim shall be filed by the primary business or a supporting business with the department of revenue as follows:

*a.* The contractor or subcontractor shall state under oath, on forms provided by the department, the amount of the sales of goods, wares, or merchandise or services rendered, furnished, or performed including water, sewer, gas, and electric utility services for use in the zone upon which sales or use tax has been paid prior to the project completion, and shall file the forms with the primary business or supporting business before final settlement is made.

*b.* The primary business or a supporting business shall, not more than six months after project completion, make application to the department for any refund of the amount of the sales and use taxes paid pursuant to chapter 423 upon any goods, wares, or merchandise, or services rendered, furnished, or performed, including water, sewer, gas, and electric utility services. The application shall be made in the manner and upon forms to be provided by the department, and the department shall audit the claim and, if approved, issue a warrant to the primary business or supporting business in the amount of the sales or use tax which has been paid to the state of Iowa under a contract. A claim filed by the primary business or a supporting business in accordance with this subsection shall not be denied by reason of a limitation provision set forth in chapter 421, 422, or 423.

*c.* A contractor or subcontractor who willfully makes a false report of tax paid under the provisions of this subsection is guilty of a simple misdemeanor and in addition is liable for the payment of the tax and any applicable penalty and interest.

8. *Corporate tax research credit.* A corporate tax credit shall be available to the primary business or a supporting business for increasing research activities in this state within the zone.

*a.* The credit equals the sum of the following:

(1) Thirteen percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities.

(2) Thirteen percent of the basic research payments determined under section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state's apportioned share of the qualify-

ing expenditures for increasing research activities.

The state's apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state within the zone to total qualified research expenditures.

*b.* In lieu of the credit amount computed in paragraph "a", subparagraph (1), a business may elect to compute the credit amount for qualified research expenses incurred in this state within the zone in a manner consistent with the alternative incremental credit described in section 41(c)(4) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used for the taxpayer's federal income tax. The election made under this paragraph is for the tax year and the taxpayer may use another or the same method for any subsequent year.

*c.* For purposes of the alternate credit computation method in paragraph "b", the credit percentages applicable to qualified research expenses described in clauses (i), (ii), and (iii) of section 41(c)(4)(A) of the Internal Revenue Code are three and thirty hundredths percent, four and forty hundredths percent, and five and fifty hundredths percent, respectively.

*d.* Any credit in excess of the tax liability for the tax year shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, the primary business or a supporting business may elect to have the overpayment shown on its final return credited to its tax liability for the following tax year.

*e.* For the purposes of this subsection, "base amount", "basic research payment", and "qualified research expense" mean the same as defined for the federal credit for increasing research activities under section 41 of the Internal Revenue Code, except that for the alternative incremental credit such amounts are for research conducted within this state within the zone.

For purposes of this subsection, "Internal Revenue Code" means the Internal Revenue Code in effect on January 1, 2007.

*f.* The credit authorized in this subsection is in lieu of the credit authorized in section 422.10 and section 422.33, subsection 5.

9. *Exemption from land ownership restrictions for nonresident aliens.*

*a.* The primary business and a supporting business, to the extent the primary business or the supporting business is not actively engaged in farming within the zone, may acquire, own, and lease land in the zone, notwithstanding the provisions of sections 9H.4, 9H.5, and 9I.3, and shall be exempt from the requirements of section 9I.4. The primary business and supporting business shall comply with the remaining provisions of chapters 9H and 9I to the extent they do not conflict with this subsection.

*b.* "Actively engaged in farming" means any of

the following:

(1) Inspecting agricultural production activities within the zone periodically and furnishing at least half of the value of the tools and paying at least half the direct cost of production.

(2) Regularly and frequently making or taking an important part in making management decisions substantially contributing to or affecting the success of the farm operations within the zone.

(3) Performing physical work which significantly contributes to crop or livestock production.

10. *Limitation on assistance.* Economic development assistance under subsections 3 through 9 shall only be available to the primary business or a supporting business. However, if the department of economic development finds that a primary business or a supporting business has a record of violations of the law, including but not limited to environmental and worker safety statutes, rules, and regulations, over a period of time

that tends to show a consistent pattern, the primary business or supporting business shall not qualify for economic development assistance under subsections 3 through 9, unless the department of economic development finds that the violations did not seriously affect public health or safety or the environment, or if it did that there were mitigating circumstances. In making the findings and determinations regarding violations, mitigating circumstances, and whether a primary business or a supporting business is eligible for economic development assistance under subsections 3 through 9, the department of economic development shall be exempt from chapter 17A.

A county may establish more than one enterprise zone.

2. A city which includes at least three census tracts with at least fifty percent of the population in each census tract located in the city, as shown by the 2000 certified federal census, may create an economic development enterprise zone as authorized in this division, subject to certification by the department of economic development, by designating one or more contiguous census tracts, as determined in the most recent federal census, or designating other geographic units approved by the department of economic development for that purpose. If there is an area in the city which meets the requirements for eligibility for an urban or rural enterprise community under Title XIII of the federal Omnibus Budget Reconciliation Act of 1993, such area shall be designated by the state as an economic development enterprise zone. The area meeting the requirements for eligibility for an urban or rural enterprise community shall not be included for the purpose of determining the area limitation pursuant to subsection 4. In creating an enterprise zone, a city which includes at least three census tracts with at least fifty percent of the population in each census tract located in the city, as shown by the 2000 certified federal census, may designate as part of the area tracts or approved geographic units located in a contiguous city if such tracts or approved geographic units meet the criteria and the city agrees to being included. #### 15I.2 Wage-benefits tax credit.

1. *a.* Any nonretail, nonservice business may claim a tax credit equal to a percentage of the annual wages and benefits paid for a qualified new job created by the location or expansion of the business in the state. *c.* If the annual wage and benefits for the qualified new job equals at least one hundred sixty percent of the average county wage, ten percent.

3. A qualified new job is entitled to the tax

credit upon the end of the twelfth month of the job having been filled. Once a qualified new job is approved for a tax credit, tax credits for the next four subsequent tax years may be approved if the job continues to be filled and application is made as provided in section 15I.3. The percentage determined under subsection 2 for the first tax year shall continue to apply to subsequent tax credits as the credits relate to that qualified new job.

5. *a.* A nonretail, nonservice business that has created a qualified new job for which a tax credit certificate under this chapter is issued is eligible to receive a tax credit certificate for each of the four subsequent tax years if the business retains the qualified new job during each of the twelve months ending in each of the tax years by applying for the credit under this section. Preference in issuing these tax credit certificates shall be given to businesses applying for the credit for retained qualified new jobs.

*b.* A nonretail, nonservice business that created a qualified new job but failed to receive all or part of the tax credit because of the limitation in subsection 4 is eligible to reapply for the tax credit for the retained qualified new job.

#### 16.3 Legislative findings.

The general assembly finds and declares as follows:

1. The establishment of the authority is in all respects for the benefit of the people of the state of Iowa, for the improvement of their health and welfare, and for the promotion of the economy, which are public purposes.

2. The authority will be performing an essential governmental function in the exercise of the powers and duties conferred upon it by this chapter.

3. There exists a serious shortage of safe and sanitary residential housing available to low or moderate income families.

4. This shortage is conducive to disease, crime, environmental decline and poverty and impairs the economic value of large areas, which are characterized by depreciated values, impaired investments, and reduced capacity to pay taxes and are a menace to the health, safety, morals and welfare of the citizens of the state.

5. These conditions result in a loss in population and further deterioration, accompanied by added costs to communities for creation of new public facilities and services elsewhere.

6. One major cause of this condition has been recurrent shortages of funds in private channels.

7. These shortages have contributed to reductions in construction of new residential units, and have made the sale and purchase of existing residential units a virtual impossibility in many parts of the state.

8. The ordinary operations of private enterprise have not in the past corrected these conditions.

9. A stable supply of adequate funds for resi-

dential financing is required to encourage new housing and the rehabilitation of existing housing in an orderly and sustained manner and to reduce the problems described in this section.

10. It is necessary to create a state finance authority to encourage the investment of private capital and stimulate the construction and rehabilitation of adequate housing through the use of public financing.

11. All of the purposes stated in this section are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned or granted.

12. The interest costs paid by group homes of fifteen beds or less licensed as health care facilities or child foster care facilities for facility acquisition and indirectly reimbursed by the department of human services through payments for patients at those facilities who are recipients of medical assistance or state supplementary assistance are severe drains on the state's budget. A reduction in these costs obtained through financing with tax-exempt revenue bonds would clearly be in the public interest.

13. There is a need in areas of the state for new construction of certain group homes of fifteen beds or less licensed as health care facilities or child foster care facilities to provide adequate housing and care for elderly Iowans and Iowans with disabilities, and to provide adequate housing and foster care for children.

14. There is a need to provide for early intensive intervention on behalf of juveniles which is designed to meet the juveniles' needs and prevent future antisocial and criminal behavior and there is a need in areas of the state to establish facilities providing residential housing or treatment facilities for juveniles requiring a more enhanced level of services than those services currently available in the state's existing foster care system.

15. The abstract-attorney's title opinion system promotes land title stability for determining the marketability of land titles and is a public purpose. A public purpose will be served by providing, as an adjunct to the abstract-attorney's title opinion system, a low cost mechanism to provide for additional guaranties of real property titles in Iowa. The title guaranties will facilitate mortgage lenders' participation in the secondary market and add to the integrity of the land-title transfer system in the state.

16. Economic development and expansion of business, industry, and farming in the state is dependent upon the availability of financing of the development and expansion at affordable interest rates.

17. The pooling of private financing enhances the marketability of the obligations involved and increases access to other state, regional, and national credit markets.

18. The creation of an Iowa economic development bond bank program as provided in section

16.102 will make the pooling of private financing available to small businesses, farmers, agricultural landowners and operators, and commercial, industrial, and other business enterprises at favorable interest rates with reduced marketing costs.

### 16.3A Conflicts of interest.

1. *a.* If a member or employee of the authority other than the executive director of the authority has an interest, either direct or indirect, in a contract to which the authority is, or is to be, a party, or in a mortgage lender requesting a loan from, or offering to sell mortgage loans to, the authority, the interest shall be disclosed to the authority in writing and shall be set forth in the minutes of the authority. The member or employee having the interest shall not participate in any action of the authority with respect to that contract or mortgage lender.

*b.* A violation of a provision of this subsection is misconduct in office under section 721.2. However, a resolution of the authority is not invalid because of a vote cast by a member in violation of this subsection unless the vote was decisive in the passage of the resolution.

*c.* For the purposes of this subsection, "*action of the authority with respect to that contract or mortgage lender*" means only an action directly affecting a separate contract or mortgage lender, and does not include an action which benefits the general public or which affects all or a substantial portion of the contracts or mortgage lenders included in a program of the authority.

2. Nothing in this section shall be deemed to limit the right of a member, officer, or employee of the authority to acquire an interest in bonds or notes of the authority or to limit the right of a member or employee other than the executive director to have an interest in a bank or other financial institution in which the funds of the authority are, or are to be, deposited or which is, or is to be, acting as trustee or paying agent under a trust indenture to which the authority is a party.

3. The executive director shall not have an interest in a bank or other financial institution in which the funds of the authority are, or are to be, deposited or which is, or is to be, acting as trustee or paying agent under a trust indenture to which the authority is a party. The executive director shall not receive, in addition to fixed salary or compensation, any money or valuable thing, either directly or indirectly, or through any substantial interest in any other corporation or business unit, for negotiating, procuring, recommending, or aiding in any purchase or sale of property, or loan, made by the authority, nor shall the executive di-

rector be pecuniarily interested, either as principal, coprincipal, agent, or beneficiary, either directly or indirectly, or through any substantial interest in any other corporation or business unit, in any such purchase, sale, or loan.

#### 16.4 Guiding principles.

In the performance of its duties and implementation of its powers, and in the selection of specific programs and projects to receive its assistance, the authority shall be guided by the following precatory principles:

1. The authority shall not become an owner of real property constituting a project under any program, except on a temporary basis where necessary in order to implement its programs, protect its investments by means of foreclosure or other means, or to facilitate transfer of real property for the use of low or moderate income families.

2. The authority shall strive to function in cooperation with local governmental units and local or regional housing agencies, and in fulfillment of local or regional housing plans, and to that end shall provide technical assistance to local governmental units and local or regional agencies in need of that assistance.

3. When feasible, a local contributing effort may be required of each project assisted by the authority. The local contribution may be provided by local governmental units or by local or regional agencies, public or private. The percentage and type of local contribution shall be determined by the authority, and may include but should not be limited to cash match, land contribution, tax abatement, or ancillary facilities. The authority shall seek to encourage ingenuity and creativity in local effort.

4. The authority shall encourage units of local government and local and regional housing agencies to use federal revenue-sharing funds for programs which increase or improve the supply of adequate housing for low or moderate income families.

5. The authority shall seek to encourage cooperative housing efforts at the local level, both with respect to the cooperation of public bodies with private enterprise and civic groups, and with respect to the formation of regional or multicity units engaged in housing.

6. With respect to programs relating to housing, wherever practicable, the authority shall give preference to the following types of programs:

*a.* Those which treat housing problems in the context of the total needs of individuals and communities, recognizing that individuals may have other problems and needs closely related to their need for adequate housing, and that the development of isolated housing units without regard for neighborhood and community development tends to create undesirable consequences.

*b.* Those which promote home ownership by families of low or moderate income, recognizing the need for educational counseling programs in family financial management and home maintenance in order to achieve this goal.

*c.* Those which involve the rehabilitation and conservation of existing housing units, and the preservation of existing neighborhoods and communities.

*d.* Those designed to serve elderly families, families which include one or more persons with disabilities, lower income families, or very low income families.

7. The authority shall encourage the protection, restoration and rehabilitation of historic properties, and the preservation of other properties of special value for architectural or esthetic reasons. As used in this subsection, “*historic properties*” means landmarks, landmark sites, or districts which are significant in the history, architecture, archaeology, or culture of this state, its communities, or the nation.

A title guaranty fund is created in the office of the treasurer of state. Funds collected under this program shall be placed in the title guaranty fund and are available to pay all claims, necessary reserves and all administrative costs of the title guaranty program. Moneys in the fund shall not revert to the general fund and interest on the moneys in the fund shall be transferred to the department of economic development for deposit in the local housing assistance program fund established in section 15.354 and shall not accrue to the general fund. The tract indices shall contain a reference to all instruments affecting the real estate which are recorded in the office of the county recorder, and shall commence not less than forty years prior to the date the abstractor commences participation in the title guaranty program. However, a participating attorney providing abstract services continuously from November 12, 1986, to the date of application, either personally or through persons under the attorney's supervision and control is exempt from the requirements of this paragraph.

The division may waive the requirements of this subsection pursuant to an application of an attorney or abstractor which shows that the requirements impose a hardship to the attorney or abstractor and that the waiver clearly is in the public interest or is absolutely necessary to ensure availability of title guaranties throughout the state.

6. Prior to the issuance of a title guaranty, the division shall require evidence that an abstract of

title to the property in question has been brought up-to-date and certified by a participating abstractor in a form approved by division rules and a title opinion issued by a participating attorney in the form approved in the rules stating the attorney's opinion as to the title. The division shall require evidence of the abstract being brought up-to-date and the abstractor shall retain evidence of the abstract as determined by the board.

7. The attorney rendering a title opinion shall be authorized to issue a title guaranty certificate subject to the rules of the authority.

h. A statement that the division has not received written notification of any reason satisfactory to the division why the certificate of release should not be executed and recorded after the expiration of the thirty-day notice period under subsection 2, paragraph "c".

4. *Execution.* A certificate of release under this section shall be executed and acknowledged in the same manner as required by law for the execution of a deed.

5. *Effect.*

a. For purposes of a release or partial release of the mortgage, a certificate of release executed under this section that contains the information and statements required under subsection 3 is prima facie evidence of the facts contained in such release or partial release, is entitled to be recorded with the county recorder where the mortgage is recorded, operates as a release or partial release of the mortgage described in the certificate of release, and may be relied upon by any person who owns or subsequently acquires an interest in the property released from the mortgage. The county recorder shall rely upon the certificate of release to release the mortgage.

b. Recording of a wrongful or erroneous certificate of release by the division shall not relieve the mortgagor, or the mortgagor's successors or assigns on the debt, from personal liability on the loan or on other obligations secured by the mortgage.

c. In addition to any other remedy provided by law, if the division wrongfully or erroneously records a certificate of release under this section, the division is liable to the mortgagee and mortgage servicer for actual damages sustained due to the recording of the certificate of release.

d. Upon payment of a claim relating to the recording of a certificate of release, the division is subrogated to the rights of the claimant against all persons relating to the claim.

6. *Recording.* If a mortgage is recorded in more than one county and a certificate of release or partial release is recorded in one of them, a certified copy of the certificate of release may be recorded in another county with the same effect as the original. In all cases, the certificate of release or partial release shall be entered and indexed in the manner that a satisfaction of mortgage is entered and indexed.

7. *Prior mortgages.*

a. If the real estate lender or closer has notified the division that a mortgage has been paid in full by someone other than the real estate lender or closer, or was paid by the real estate lender or closer under a previous transaction, and an effective release has not been filed of record, the division may execute and record a certificate of release without certification by the real estate lender or closer that payment was made pursuant to a payoff statement and the date payment was received by the mortgagee. A certificate of release filed pursuant to this subsection is subject to the requirements of subsection 2, paragraph "c".

b. For purposes of this subsection, an effective release has not been filed of record if it appears that a mortgagee in the record chain of title to the mortgage has not, either on the mortgagee's own behalf or by the mortgagee's duly appointed servicer or attorney in fact as established of record by a filed servicing agreement or power of attorney, filed of record either an assignment of the mortgage to another mortgagee in the record chain of

title to the mortgage or a release of the mortgagee's interest in the mortgage. For the purposes of this subsection and subsection 2, paragraph "c", "mortgage servicer" includes a mortgagee for which an effective release has not been filed of record as provided in this paragraph.

8. *Application.* This section applies only to a mortgage in an original principal amount equal to or less than the maximum amount as determined by the division board and adopted by the authority pursuant to chapter 17A.

### OFFICIAL MEETINGS OPEN TO PUBLIC (OPEN MEETINGS)

#### 21.5 Closed session.

1. A governmental body may hold a closed session only by affirmative public vote of either two-thirds of the members of the body or all of the members present at the meeting. A governmental body may hold a closed session only to the extent a closed session is necessary for any of the following reasons:

*a.* To review or discuss records which are required or authorized by state or federal law to be kept confidential or to be kept confidential as a condition for that governmental body's possession or continued receipt of federal funds.

*b.* To discuss application for letters patent.

*c.* To discuss strategy with counsel in matters that are presently in litigation or where litigation is imminent where its disclosure would be likely to prejudice or disadvantage the position of the governmental body in that litigation.

*d.* To discuss the contents of a licensing examination or whether to initiate licensee disciplinary investigations or proceedings if the governmental body is a licensing or examining board.

*e.* To discuss whether to conduct a hearing or to conduct hearings to suspend or expel a student, unless an open session is requested by the student or a parent or guardian of the student if the student is a minor.

*f.* To discuss the decision to be rendered in a contested case conducted according to the provisions of chapter 17A.

*g.* To avoid disclosure of specific law enforcement matters, such as current or proposed investigations, inspection or auditing techniques or schedules, which if disclosed would enable law violators to avoid detection.

*h.* To avoid disclosure of specific law enforcement matters, such as allowable tolerances or criteria for the selection, prosecution or settlement of cases, which if disclosed would facilitate disregard of requirements imposed by law.

*i.* To evaluate the professional competency of an individual whose appointment, hiring, performance or discharge is being considered when necessary to prevent needless and irreparable injury to that individual's reputation and that individual requests a closed session.

*j.* To discuss the purchase of particular real estate only where premature disclosure could be reasonably expected to increase the price the governmental body would have to pay for that property. The minutes and the tape recording of a session closed under this paragraph shall be available for public examination when the transaction discussed is completed.

*k.* To discuss information contained in records

in the custody of a governmental body that are confidential records pursuant to section 22.7, subsection 50.

A governmental body shall not discuss any business during a closed session which does not directly relate to the specific reason announced as justification for the closed session.

3. Final action by any governmental body on any matter shall be taken in an open session unless some other provision of the Code expressly permits such actions to be taken in closed session.

4. A governmental body shall keep detailed minutes of all discussion, persons present, and action occurring at a closed session, and shall also tape record all of the closed session. The detailed minutes and tape recording of a closed session shall be sealed and shall not be public records open to public inspection. However, upon order of the court in an action to enforce this chapter, the detailed minutes and tape recording shall be unsealed and examined by the court in camera. The court shall then determine what part, if any, of the minutes should be disclosed to the party seeking enforcement of this chapter for use in that enforcement proceeding. In determining whether any portion of the minutes or recording shall be disclosed to such a party for this purpose, the court shall weigh the prejudicial effects to the public interest of the disclosure of any portion of the minutes or recording in question, against its probative value as evidence in an enforcement proceeding. After such a determination, the court may permit inspection and use of all or portions of the detailed minutes and tape recording by the party seeking enforcement of this chapter. A governmental body shall keep the detailed minutes and tape recording of any closed session for a period of at least one year from the date of that meeting.

5. Nothing in this section requires a governmental body to hold a closed session to discuss or act upon any matter.

This subsection shall not be construed to prohibit a postsecondary education institution from disclosing to a parent or guardian information regarding a violation of a federal, state, or local law, or institutional rule or policy governing the use or possession of alcohol or a controlled substance if the child is under the age of twenty-one years and the institution determines that the student committed a disciplinary violation with respect to the use or possession of alcohol or a controlled substance regardless of whether that information is contained in the student’s education records.

2. Hospital records, medical records, and professional counselor records of the condition, diagnosis, care, or treatment of a patient or former patient or a counselee or former counselee, including outpatient. However, confidential communications between a crime victim and the victim’s counselor are not subject to disclosure except as provided in section 915.20A. However, the date, time, specific location, and immediate facts and circumstances surrounding a crime or incident shall not be kept confidential under this section, except in those unusual circumstances where disclosure would plainly and seriously jeopardize an investigation or pose a clear and present danger to the safety of an individual. Specific portions of electronic mail and telephone billing records may only be kept confidential under this subsection if the length of time prescribed for commencement of prosecution or the finding of an indictment or information under the statute of limitations applicable to the crime that is under investigation has not expired.

The records shall be released to a criminal or juvenile justice agency only pursuant to an investigation of a particular person or organization suspected of committing a known crime. In any action challenging the failure of the lawful custodian to disclose any particular information of the kind enumerated in this paragraph, the burden of proof is on the lawful custodian to demonstrate that the disclosure of that information would jeopardize such an investigation or would pose such a clear and present danger.

19. Examinations, including but not limited to cognitive and psychological examinations for law enforcement officer candidates administered by or on behalf of a governmental body, to the extent that their disclosure could reasonably be believed by the custodian to interfere with the accomplishment of the objectives for which they are administered.

20. Information concerning the nature and location of any archaeological resource or site if, in the opinion of the state archaeologist, disclosure of the information will result in unreasonable risk of damage to or loss of the resource or site where the resource is located. This subsection shall not be construed to interfere with the responsibilities of the federal government or the state historic preservation officer pertaining to access, disclosure, and use of archaeological site records.

21. Information concerning the nature and location of any ecologically sensitive resource or site if, in the opinion of the director of the department of natural resources after consultation with the state ecologist, disclosure of the information will result in unreasonable risk of damage to or loss of the resource or site where the resource is located. The governmental entity shall retain the bid security furnished by the successful bidder until the approved contract form has been executed, a bond has been filed by the bidder guaranteeing the performance of the contract, and the contract and bond have been approved by the governmental entity. 1. At any time after all or any part of the work on the public improvement or highway, bridge, or culvert project is substantially completed, the contractor may request the release of all or part of the retained funds owed. The request shall be accompanied by a sworn statement of the contractor that, ten calendar days prior to filing the request, notice was given as required by subsection 7 to all known subcontractors, sub-subcontractors, and suppliers.

2. Except as provided under subsection 3, upon receipt of the request, the governmental entity or the department shall release all or part of the retained funds. Retained funds that are approved as payable shall be paid at the time of the next monthly payment or within thirty days, whichever is sooner. If partial retained funds are released pursuant to a contractor’s request, no retained funds shall be subsequently held based on that portion of the work. If within thirty days of when payment becomes due the governmental entity or the department does not release the retained funds due, interest shall accrue on the amount of retained funds at the rate of interest that is calculated as the prime rate plus one percent per year as of the day interest begins to accrue until the amount is paid.

3. If labor and materials are yet to be provided at the time the request for the release of the retained funds is made, an amount equal to two hundred percent of the value of the labor or materials yet to be provided, as determined by the governmental entity’s or the department’s authorized contract representative, may be withheld until such labor or materials are provided. For purposes of this section, “*authorized contract representative*” means the person chosen by the governmental entity or the department to represent its interests or the person designated in the contract as the party representing the governmental entity’s or the department’s interest regarding administration and oversight of the project.

4. An itemization of the labor or materials yet to be provided, or the reason that the request for release of retained funds is denied, shall be provided to the contractor in writing within thirty calendar days of the receipt of the request for release of retained funds.

5. For purposes of this section, “*substantially completed*” means the first date on which any of the following occurs:

*a.* Completion of the public improvement project or the highway, bridge, or culvert project or when the work on the public improvement or the highway, bridge, or culvert project has been substantially completed in general accordance with the terms and provisions of the contract.

*b.* The work on the public improvement or on the designated portion is substantially completed in general accordance with the terms of the contract so that the governmental entity or the department can occupy or utilize the public improvement or designated portion of the public improvement for its intended purpose. This paragraph shall not apply to highway, bridge, or culvert projects.

*c.* The public improvement project or the highway, bridge, or culvert project is certified as having been substantially completed by either of the following:

(1) The architect or engineer authorized to make such certification.

(2) The authorized contract representative.

*d.* The governmental entity or the department is occupying or utilizing the public improvement for its intended purpose. This paragraph shall not apply to highway, bridge, or culvert projects.

6. The contractor shall release retained funds to the subcontractor or subcontractors in the same manner as retained funds are released to the contractor by the governmental entity or the department. Each subcontractor shall pass through to each lower tier subcontractor all retained fund payments from the contractor.

7. Prior to applying for release of retained funds, the contractor shall send a notice to all known subcontractors, sub-subcontractors, and suppliers that provided labor or materials for the public improvement project or the highway, bridge, or culvert project. The notice shall be substantially similar to the following:

“NOTICE OF CONTRACTOR’S  
REQUEST FOR EARLY RELEASE  
OF RETAINED FUNDS

You are hereby notified that [name of contractor] will be requesting an early release of funds on a public improvement project or a highway, bridge, or culvert project designated as [name of project] for which you have or may have provided labor or materials. The request will be made pursuant to Iowa Code section 26.13. The request may be filed with the [name of governmental entity or department] after ten calendar days from the date of this notice. The purpose of the request is to have [name of governmental entity or department] release and pay funds for all work that has been performed and charged to [name of governmental entity or department] as of the date of this notice. This notice is provided in accordance with Iowa Code section 26.13.”

2007 Acts, ch 144, §8  
Subsection 3 amended

**26.14 Competitive quotations for public improvement contracts.**

1. Competitive quotations shall be required for a public improvement having an estimated to-

tal cost that exceeds the applicable threshold amount provided in this section, but is less than the competitive bid threshold established in section 26.3.

2. Unless the threshold amounts are adjusted pursuant to section 314.1B, the following threshold amounts shall apply:

*a.* Sixty-seven thousand dollars for a county, including a county hospital.

*b.* Fifty-one thousand dollars for a city having a population of fifty thousand or more.

*c.* Fifty-one thousand dollars for a school district having a population of fifty thousand or more.

*d.* Fifty-one thousand dollars for an aviation authority created within a city having a population of fifty thousand or more.

*e.* Thirty-six thousand dollars for a city having a population of less than fifty thousand, for a school district having a population of less than fifty thousand, and for any other governmental entity.

*f.* The threshold amount applied to a city applies to a city hospital.

3. *a.* When a competitive quotation is required, the governmental entity shall make a good faith effort to obtain quotations for the work from at least two contractors regularly engaged in such work prior to letting a contract. Good faith effort shall include advising all contractors who have filed with the governmental entity a request for notice of projects. The governmental entity shall provide such notice in a timely manner so that a requesting contractor will have a reasonable opportunity to submit a competitive quotation. Quotations may be obtained from contractors after the governmental entity provides a description of the work to be performed, including the plans and specifications prepared by an architect, landscape architect, or engineer, if required under chapter 542B, 544B, or 544A, and an opportunity to inspect the work site. The contractor shall include in the quotation the price for labor, materials, equipment, and supplies required to perform the work. If the work can be performed by an employee or employees of the governmental entity, the governmental entity may file a quotation for the work to be performed in the same manner as a contractor. If the governmental entity receives no quotations after making a good faith effort to obtain quotations from at least two contractors regularly engaged in such work, the governmental entity may negotiate a contract with a contractor regularly engaged in such work.

*b.* The governmental entity shall designate the time, place, and manner for filing quotations,

which may be received by mail, facsimile, or electronic mail. The governmental entity shall award the contract to the contractor submitting the lowest responsive, responsible quotation subject to section 26.9, or the governmental entity may reject all of the quotations. The unconditional acceptance and approval of the lowest responsive, responsible quotation shall constitute the award of a contract. The governmental entity shall record the approved quotation in its meeting minutes. The contractor awarded the contract shall not commence work until the contractor's performance and payment bond has been approved by the governmental entity. A governmental entity may delegate the authority to award a contract, to execute a contract, to authorize work to proceed under a contract, or to approve the contractor's performance and payment bond to an officer or employee of the governmental entity. A quotation approved outside a meeting of the governing body of a governmental entity shall be included in the minutes of the next regular or special meeting of the governing body.

*c.* If a public improvement may be performed by an employee of the governmental entity, the amount of estimated sales and fuel tax and the premium cost for the performance and payment bond which a contractor identifies in its quotation shall be deducted from the contractor's price for determining the lowest responsible quotation. If no quotations are received to perform the work, or if the governmental entity's estimated cost to do the work with its employee is less than the lowest responsive, responsible quotation received, the governmental entity may authorize its employee or employees to perform the work.

2007 Acts, ch 144, §9  
Section amended

#### **26.14A Alternative procedures.**

1. When competitive quotations are required under section 26.14 for a public improvement, the governmental entity may proceed, in lieu of competitive quotations, as if the estimated total cost of the public improvement exceeds the competitive bid threshold under section 26.3.

2. If the total estimated cost of the public improvement does not warrant either competitive quotations under section 26.14 or competitive bidding under section 26.3, the governmental entity may nevertheless proceed with competitive quotations or competitive bidding for the public improvement.

## CHAPTER 34A

### ENHANCED 911 EMERGENCY TELEPHONE SYSTEMS

#### **34A.7A Wireless communications surcharge — fund established — distribution and permissible expenditures.**

1. *a.* Notwithstanding section 34A.6, the administrator shall adopt by rule a monthly surcharge of up to sixty-five cents to be imposed on each wireless communications service number provided in this state. The surcharge shall be imposed uniformly on a statewide basis and simultaneously on all wireless communications service numbers as provided by rule of the administrator.

*b.* The program manager shall provide no less than one hundred days' notice of the surcharge to be imposed to each wireless communications service provider. The program manager, subject to the sixty-five cent limit in paragraph "a", may adjust the amount of the surcharge as necessary, but no more than once in any calendar year.

*c.* (1) The surcharge shall be collected as part of the wireless communications service provider's periodic billing to a subscriber. The surcharge shall appear as a single line item on a subscriber's periodic billing indicating that the surcharge is for E911 emergency telephone service. In the case of prepaid wireless telephone service, this surcharge shall be remitted based upon the address associated with the point of purchase, the customer billing

address, or the location associated with the mobile telephone number for each active prepaid wireless telephone that has a sufficient positive balance as of the last days of the information, if that information is available.

(2) In compensation for the costs of billing and collection, the wireless communications service provider may retain one percent of the gross surcharges collected.

(3) The surcharges shall be remitted quarterly by the wireless communications service provider to the program manager for deposit into the fund established in subsection 2.

(4) A wireless communications service provider is not liable for an uncollected surcharge for which the wireless communications service provider has billed a subscriber but which has not been paid.

2. Moneys collected pursuant to subsection 1 shall be deposited in a separate wireless E911 emergency communications fund within the state treasury under the control of the program manager. Section 8.33 shall not apply to moneys in the fund. Moneys earned as income, including as interest, from the fund shall remain in the fund until expended as provided in this section. Moneys in the fund shall be expended and distributed in the

following priority order:

*a.* An amount as appropriated by the general assembly to the administrator shall be allocated to the administrator and program manager for implementation, support, and maintenance of the functions of the administrator and program manager and to employ the auditor of state to perform an annual audit of the wireless E911 emergency communications fund.

*b.* The program manager shall allocate twenty-one percent of the total amount of surcharge generated to wireless carriers to recover their costs to deliver E911 phase 1 services. If the allocation in this paragraph is insufficient to reimburse all wireless carriers for such carrier's eligible expenses, the program manager shall allocate a prorated amount to each wireless carrier equal to the percentage of such carrier's eligible expenses as compared to the total of all eligible expenses for all wireless carriers for the calendar quarter during which such expenses were submitted. When prorated expenses are paid, the remaining unpaid expenses shall no longer be eligible for payment under this paragraph.

*c.* The program manager shall reimburse wire-line carriers on a calendar quarter basis for carriers' eligible expenses for transport costs between the selective router and the public safety answering points related to the delivery of wireless E911 phase 1 services.

*d.* The program manager shall reimburse wire-line carriers and third-party E911 automatic location information database providers on a calendar quarterly basis for the costs of maintaining and upgrading the E911 components and functionalities beyond the input to the E911 selective router, including the E911 selective router and the automatic location information database.

*e.* The program manager shall apply an amount up to five hundred thousand dollars per calendar quarter to any outstanding wireless E911 phase 1 obligations incurred pursuant to this chapter prior to July 1, 2004.

*f.* (1) The program manager shall allocate an amount up to one hundred fifty-nine thousand dollars per calendar quarter equally to the joint E911 service boards and the department of public safety that have submitted an annual written request to the program manager in a form approved by the program manager by May 15 of each year. The program manager shall allocate to each joint E911 service board and to the department of public safety a minimum of one thousand dollars per calendar quarter for each public safety answering point within the service area of the department of public safety or joint E911 service board.

(2) Upon retirement of outstanding obligations referred to in paragraph "e", the amount allocated under this paragraph "f" shall be twenty-five percent of the total amount of surcharge generated per calendar quarter allocated as follows:

(a) Sixty-five percent of the total dollars avail-

able for allocation shall be allocated in proportion to the square miles of the service area to the total square miles in this state.

(b) Thirty-five percent of the total dollars available for allocation shall be allocated in proportion to the wireless E911 calls taken at the public safety answering point in the service area to the total number of wireless E911 calls originating in this state.

(c) Notwithstanding subparagraph subdivisions (a) and (b), the minimum amount allocated to each joint E911 service board and to the department of public safety shall be no less than one thousand dollars for each public safety answering point within the service area of the department of public safety or joint E911 service board.

(3) The funds allocated in this paragraph "f" shall be used for communication equipment located inside the public safety answering points for the implementation and maintenance of wireless E911 phase 2. The joint E911 service boards and the department of public safety shall provide an estimate of phase 2 implementation costs to the program manager by January 1, 2005.

*g.* If moneys remain in the fund after fully paying all obligations under paragraphs "a" through "f", the remainder may be accumulated in the fund as a carryover operating surplus. This surplus shall be used to fund future phase 2 network and public safety answering point improvements and wireless carriers' transport costs related to wireless E911 services, if those costs are not otherwise recovered by wireless carriers through customer billing or other sources and approved by the program manager. Notwithstanding section 8.33, any moneys remaining in the fund at the end of each fiscal year shall not revert to the general fund of the state but shall remain available for the purposes of the fund.

*h.* The administrator, in consultation with the program manager and the E911 communications council, shall adopt rules pursuant to chapter 17A governing the distribution of the surcharge collected and distributed pursuant to this subsection. The rules shall include provisions that all joint E911 service boards and the department of public safety which answer or service wireless E911 calls are eligible to receive an equitable portion of the receipts.

3. *a.* The program manager shall submit an annual report by January 15 of each year to the legislative government oversight committee advising the general assembly of the status of E911 implementation and operations, including both wire-line and wireless services, the distribution of surcharge receipts, and an accounting of the revenues and expenses of the E911 program.

*b.* The program manager shall submit a calendar quarter report of the revenues and expenses of the E911 program to the fiscal services division of the legislative services agency.

*c.* The legislative government oversight com-

mittee shall review the priorities of distribution of funds under this chapter at least every two years.

4. The amount collected from a wireless service provider and deposited in the fund, pursuant to section 22.7, subsection 6, information provided by a wireless service provider to the program manager consisting of trade secrets, pursuant to section 22.7, subsection 3, and other financial or commercial operations information provided by a wireless service provider to the program manager, shall be kept confidential as provided under section 22.7. This subsection does not prohibit the inclusion of information in any report providing aggregate amounts and information which does not identify numbers of accounts or customers, revenues, or expenses attributable to an individual wireless communications service provider.

5. For purposes of this section, “*wireless communications service*” means commercial mobile

When the proposition to erect a building or monument under this chapter has been carried by a majority vote, the board of supervisors or the city council, as the case may be, shall appoint a commission consisting of not less than five and not more than eleven members, in the manner and with the qualifications provided in this chapter, which shall have charge and supervision of the erection of the building or monument, and when erected, the management and control of the building or monument.

2. On or before January 15 of each year, a commission which manages and controls a county memorial hospital shall prepare and submit to the county auditor a request for an appropriation for the next fiscal year from the general fund for the operation and maintenance of the county memorial hospital. On or before January 20, the county auditor shall submit the request to the county board of supervisors. The board of supervisors may adjust the commission's request and may make an appropriation for the county memorial hospital as provided in section 331.427, subsection 3, paragraph "b". For the purposes of public notice, the commission is a certifying board and is subject to the requirements of sections 24.3 through 24.5, sections 24.9 through 24.12, and section 24.16.

3. The term of office of each member shall be three years, and any vacancies occurring in the membership shall be filled in the same manner as the original appointment.

4. Commencing with the commissioners appointed to take office after January 1, 1952, the terms of office of the commissioners shall be stag-

gered so that all commissioners' terms will not end in the same year. Thereafter, the successors in each instance shall hold office for a term of three years or until a successor is appointed and qualified.

5. The commissioners having the management and control of a memorial hospital shall, within ten days after their appointment, qualify by taking the usual oath of office, but no bonds shall be required of them except as hereinafter provided. The commissioners shall organize by electing a chairperson, secretary, and treasurer. The secretary and treasurer shall each file with the chairperson of the commission a surety bond in such sum as the commission may require, with sureties approved by the commission, for the use and benefit of the memorial hospital. The reasonable costs of such bonds shall be paid from operating funds of the hospital. The secretary shall immediately report to the county auditor and county treasurer the names of the chairperson, secretary, and treasurer of the commission. The commission shall meet at least once each month. A majority of the commission members shall constitute a quorum for the transaction of business. The secretary shall keep a complete record of its proceedings.

6. Memorial hospital funds shall be received, disbursed, and accounted for in the same manner and by the same procedure as provided by section 347.12.

## CHAPTER 39

### ELECTIONS, ELECTORS, APPOINTMENTS, TERMS, AND OFFICERS

#### **39.22 Township officers.**

The offices of township trustee and township clerk shall be filled by appointment or election as follows:

1. *By appointment.* The county board of supervisors may pass a resolution in favor of filling the offices of trustee and clerk within a township by appointment by the board, and may direct the county commissioner of elections to submit the question to the registered voters of the township at the next general election. In a township which does not include a city, the voters of the entire township are eligible to vote on the question. In a

township which includes a city, only those voters who reside outside the corporate limits of a city are eligible to vote on the question. The resolution shall apply to all townships which have not approved a proposition to fill township offices by appointment. If the proposition to fill the township offices by appointment is approved by a majority of those voting on the question, the board shall fill the offices by appointment as the terms of office of the incumbent township officers expire.

The election of the trustees and clerk of a township may be restored after approval of the appointment process under this subsection by a resolution

of the board of supervisors submitting the question to the registered voters who are eligible to vote for township officers of the township at the next general election. If the proposition to restore the election process is approved by a majority of those voting on the question, the election of the township officers shall commence with the next general election. A resolution submitting the question of restoring the election of township officers at the next general election shall be adopted by the board of supervisors upon receipt of a petition signed by eligible electors residing in the township equal in number to at least ten percent of the registered voters of a township. The initial terms of the trustees shall be determined by lot, one for two years, and two for four years. However, if a proposition to change the method of selecting township officers is adopted by the electorate, a resolution to change the method shall not be submitted to the electorate for four years.

2. *By election.* If the county board of supervisors does not have the power provided under subsection 1 to fill the offices of trustee and clerk within a township by appointment, then the offices of township trustee and township clerk shall be filled by election on a nonpartisan basis. Township trustees and the township clerk, in townships which do not include a city, shall be elected by the

voters of the entire township. In townships which include a city, the officers shall be elected by the voters of the township who reside outside the corporate limits of the city, but a township officer may be a resident of the city.

*a. Township officers.* The election of township officers shall take place at the general election on ballots which shall not reflect a nominee's political affiliation. A person seeking election as township officer shall file an affidavit of candidacy with the county commissioner of elections pursuant to section 45.3. A plurality is sufficient to elect the township officers.

*b. Township trustees.* Township trustees shall be elected biennially to succeed those whose terms of office expire on the first day of January following the election which is not a Sunday or legal holiday. The term of office of each elected township trustee is four years, except as provided in subsection 1 for initial terms following restoration of the election process.

*c. Township clerk.* At the general election held in the year 1990 and every four years thereafter, in each civil township one township clerk shall be elected who shall hold office for the term of four years.

**CHAPTER 42**

**REDISTRICTING GENERAL ASSEMBLY AND CONGRESSIONAL DISTRICTS**

**42.2 Preparations for redistricting.**

1. The legislative services agency shall acquire appropriate information, review and evaluate available facilities, and develop programs and procedures in preparation for drawing congressional and legislative redistricting plans on the basis of each federal census. Funds shall be expended for the purchase or lease of equipment and materials only with prior approval of the legislative council.

2. By December 31 of each year ending in zero, the legislative services agency shall obtain from the United States bureau of the census information regarding geographic and political units in this state for which federal census population data

has been gathered and will be tabulated. The legislative services agency shall use the data so obtained to:

*a.* Prepare necessary descriptions of geographic and political units for which census data will be reported, and which are suitable for use as components of legislative districts.

*b.* Prepare maps of counties, cities and other geographic units within the state, which may be used to illustrate the locations of legislative district boundaries proposed in plans drawn in accordance with section 42.4.

3. As soon as possible after January 1 of each year ending in one, the legislative services agency shall obtain from the United States bureau of the

census the population data needed for legislative districting which the census bureau is required to provide this state under United States Pub. L. No. 94-171, and shall use that data to assign a population figure based upon certified federal census data to each geographic or political unit described pursuant to subsection 2, paragraph “a”. Upon completing that task, the legislative services agency shall begin the preparation of congressional and legislative districting plans as required by section 42.3.

4. Upon each delivery by the legislative services agency to the general assembly of a bill embodying a plan, pursuant to section 42.3, the legislative services agency shall at the earliest feasible time make available to the public the following information:

- a. Copies of the bill delivered by the legislative services agency to the general assembly.
- b. Maps illustrating the plan.
- c. A summary of the standards prescribed by section 42.4 for development of the plan.
- d. A statement of the population of each district included in the plan, and the relative deviation of each district population from the ideal district population.

2007 Acts, ch 78, §1  
NEW subsection 4

#### **42.3 Timetable for preparation of plan.**

1. a. Not later than April 1 of each year ending in one, the legislative services agency shall deliver to the secretary of the senate and the chief clerk of the house of representatives identical bills embodying a plan of legislative and congressional districting prepared in accordance with section 42.4. It is the intent of this chapter that the general assembly shall bring the bill to a vote in either the senate or the house of representatives expeditiously, but not less than three days after the report of the commission required by section 42.6 is received and made available to the members of the general assembly, under a procedure or rule permitting no amendments except those of a purely corrective nature. It is further the intent of this chapter that if the bill is approved by the first house in which it is considered, it shall expeditiously be brought to a vote in the second house under a similar procedure or rule. If the bill embodying the plan submitted by the legislative services agency under this subsection fails to be approved by a constitutional majority in either the senate or the house of representatives, the secretary of the senate or the chief clerk of the house, as the case may be, shall at once, but in no event later than seven days after the date the bill failed to be approved, transmit to the legislative services agency information which the senate or house may direct by resolution regarding reasons why the plan was not approved.

b. However, if the population data for legislative districting which the United States census bureau is required to provide this state under Pub. L. No. 94-171 and, if used by the legislative services agency, the corresponding topologically integrated geographic encoding and referencing data file for that population data are not available to the legislative services agency on or before February 15 of the year ending in one, the dates set forth in this subsection shall be extended by a number of days equal to the number of days after February 15 of the year ending in one that the federal census population data and the topologically integrated geographic encoding and referencing data file for legislative districting become available.

2. If the bill embodying the plan submitted by the legislative services agency under subsection 1 fails to be enacted, the legislative services agency shall prepare a bill embodying a second plan of legislative and congressional districting. The bill shall be prepared in accordance with section 42.4, and, insofar as it is possible to do so within the requirements of section 42.4, with the reasons cited by the senate or house of representatives by resolution, or the governor by veto message, for the failure to approve the plan. If a second plan is required under this subsection, the bill embodying it shall be delivered to the secretary of the senate and the chief clerk of the house of representatives not later than thirty-five days after the date of the vote by which the senate or the house of representatives fails to approve the bill submitted under subsection 1, or the date the governor vetoes or fails to approve the bill. If it is necessary to submit a bill under this subsection, the bill shall be brought to a vote not less than seven days after the bill is submitted and made available to the members of the general assembly, under a procedure or rule permitting no amendments except those of a purely corrective nature. It is further the intent of this chapter that if the bill is approved by the first house in which it is considered, it shall expeditiously be brought to a vote in the second house under a similar procedure or rule. If the bill embodying the plan submitted by the legislative services agency under this subsection fails to be approved by a constitutional majority in either the senate or the house of representatives, the secretary of the senate or the chief clerk of the house, as the case may be, shall transmit to the legislative services agency information which the senate or house may direct by resolution regarding reasons why the plan was not approved in the same manner as described in subsection 1.

3. If the bill embodying the plan submitted by the legislative services agency under subsection 2 fails to be enacted, the same procedure as prescribed by subsection 2 shall be followed. If a third plan is required under this subsection, the bill embodying it shall be delivered to the secretary of the senate and the chief clerk of the house of represen-

tatives not later than thirty-five days after the date of the vote by which the senate or the house of representatives fails to approve the bill submitted under subsection 2, or the date the governor vetoes or fails to approve the bill. The legislative services agency shall submit a bill under this subsection sufficiently in advance of September 1 of the year ending in one to permit the general assembly to consider the plan prior to that date. If it is necessary to submit a bill under this subsection, the bill shall be brought to a vote within the same time period after its delivery to the secretary of the senate and the chief clerk of the house of representatives as is prescribed for the bill submitted under subsection 2, but shall be subject to amendment in the same manner as other bills.

Subsections 1 – 3 amended  
Subsection 4 stricken

#### 42.4 Redistricting standards.

1. Legislative and congressional districts shall be established on the basis of population.

*a.* Senatorial and representative districts, respectively, shall each have a population as nearly equal as practicable to the ideal population for such districts, determined by dividing the number of districts to be established into the population of the state reported in the federal decennial census. Senatorial districts and representative districts shall not vary in population from the respective ideal district populations except as necessary to comply with one of the other standards enumerated in this section. In no case shall the quotient, obtained by dividing the total of the absolute values of the deviations of all district populations from the applicable ideal district population by the number of districts established, exceed one percent of the applicable ideal district population. No senatorial district shall have a population which exceeds that of any other senatorial district by more than five percent, and no representative district shall have a population which exceeds that of any other representative district by more than five percent.

*b.* Congressional districts shall each have a population as nearly equal as practicable to the ideal district population, derived as prescribed in paragraph “*a*” of this subsection. No congressional district shall have a population which varies by more than one percent from the applicable ideal district population, except as necessary to comply with Article III, section 37 of the Constitution of the State of Iowa.

*c.* If a challenge is filed with the supreme court alleging excessive population variance among districts established in a plan adopted by the general assembly, the general assembly has the burden of justifying any variance in excess of one percent between the population of a district and the applicable ideal district population.

2. To the extent consistent with subsection 1,

district boundaries shall coincide with the boundaries of political subdivisions of the state. The number of counties and cities divided among more than one district shall be as small as possible. When there is a choice between dividing local political subdivisions, the more populous subdivisions shall be divided before the less populous, but this statement does not apply to a legislative district boundary drawn along a county line which passes through a city that lies in more than one county.

3. Districts shall be composed of convenient contiguous territory. Areas which meet only at the points of adjoining corners are not contiguous.

4. Districts shall be reasonably compact in form, to the extent consistent with the standards established by subsections 1, 2, and 3. In general, reasonably compact districts are those which are square, rectangular, or hexagonal in shape, and not irregularly shaped, to the extent permitted by natural or political boundaries. If it is necessary to compare the relative compactness of two or more districts, or of two or more alternative districting plans, the tests prescribed by paragraphs “*a*” and “*b*” shall be used.

*a. Length-width compactness.* The compactness of a district is greatest when the length of the district and the width of the district are equal. The measure of a district’s compactness is the absolute value of the difference between the length and the width of the district. In general, the length-width compactness of a district is calculated by measuring the distance from the northernmost point or portion of the boundary of a district to the southernmost point or portion of the boundary of the same district and the distance from the westernmost point or portion of the boundary of the district to the easternmost point or portion of the boundary of the same district. The absolute values computed for individual districts under this paragraph may be cumulated for all districts in a plan in order to compare the overall compactness of two or more alternative districting plans for the state, or for a portion of the state.

*b. Perimeter compactness.* The compactness of a district is greatest when the distance needed to traverse the perimeter boundary of a district is as short as possible. The total perimeter distance computed for individual districts under this paragraph may be cumulated for all districts in a plan in order to compare the overall compactness of two or more alternative districting plans for the state, or for a portion of the state.

5. No district shall be drawn for the purpose of favoring a political party, incumbent legislator or member of Congress, or other person or group, or for the purpose of augmenting or diluting the voting strength of a language or racial minority group. In establishing districts, no use shall be made of any of the following data:

*a.* Addresses of incumbent legislators or mem-

bers of Congress.

- b. Political affiliations of registered voters.
- c. Previous election results.
- d. Demographic information, other than population head counts, except as required by the Constitution and the laws of the United States.

6. In order to minimize electoral confusion and to facilitate communication within state legislative districts, each plan drawn under this section shall provide that each representative district is wholly included within a single senatorial district and that, so far as possible, each representative and each senatorial district shall be included within a single congressional district. However, the standards established by subsections 1 through 5 shall take precedence where a conflict arises between these standards and the requirement, so far as possible, of including a senatorial or representative district within a single congressional district.

7. Each bill embodying a plan drawn under this section shall provide that any vacancy in the general assembly which takes office in the year ending in one, occurring at a time which makes it necessary to fill the vacancy at a special election held pursuant to section 69.14, shall be filled from the same district which elected the senator or representative whose seat is vacant.

8. Each bill embodying a plan drawn under this section shall include provisions for election of senators to the general assemblies which take office in the years ending in three and five, which shall be in conformity with Article III, section 6, of the Constitution of the State of Iowa. With respect to any plan drawn for consideration in a year ending in one, those provisions shall be substantially as follows:

a. Each senatorial district in the plan which is not a holdover senatorial district shall elect a senator in the year ending in two for a four-year term commencing in January of the year ending in three. If an incumbent senator who was elected to a four-year term which commenced in January of the year ending in one, or was subsequently elected to fill a vacancy in such a term, is residing in a senatorial district in the plan which is not a holdover senatorial district on the first Wednesday in February of the year ending in two, that senator's term of office shall be terminated on January 1 of the year ending in three.

b. Each holdover senatorial district in the plan shall elect a senator in the year ending in four for a four-year term commencing in January of the year ending in five.

(1) If one and only one incumbent state senator is residing in a holdover senatorial district in the plan on the first Wednesday in February of the year ending in two, and that senator meets all of the following requirements, the senator shall represent the district in the senate for the general assembly commencing in January of the year ending in three:

(a) The senator was elected to a four-year term which commenced in January of the year ending in one or was subsequently elected to fill a vacancy in such a term.

(b) The senatorial district in the plan which includes the place of residence of the state senator on the date of the senator's last election to the senate is the same as the holdover senatorial district in which the senator resides on the first Wednesday in February of the year ending in two, or is contiguous to such holdover senatorial district. Areas which meet only at the points of adjoining corners are not contiguous.

(2) Each holdover senatorial district to which subparagraph (1) is not applicable shall elect a senator in the year ending in two for a two-year term commencing in January of the year ending in three. However, if more than one incumbent state senator is residing in a holdover senatorial district on the first Wednesday in February of the year ending in two, and, on or before the first Wednesday in February of the year ending in two, all but one of the incumbent senators resigns from office effective no later than January of the year ending in three, the remaining incumbent senator shall represent the district in the senate for the general assembly commencing in January of the year ending in three. A copy of the resignation must be filed in the office of the secretary of state no later than five p.m. on the third Wednesday in February of the year ending in two.

c. For purposes of this subsection:

(1) "*Holdover senatorial district*" means a senatorial district in the plan which is numbered with an even or odd number in the same manner as senatorial districts, which were required to elect a senator in the year ending in zero, were numbered.

(2) "*Incumbent state senator*" means a state senator who holds the office of state senator on the first Wednesday in February of the year ending in two, and whose declared residence on that day is within the district from which the senator was last elected.

d. The secretary of state shall prescribe a form to be completed by all senators to declare their residences as of the first Wednesday in February of the year ending in two. The form shall be filed with the secretary of state no later than five p.m. on the first Wednesday in February of the year ending in two.

#### **42.6 Duties of commission.**

The functions of the commission shall be as follows:

1. If, in preparation of plans as required by this chapter, the legislative services agency is confronted with the necessity to make any decision for which no clearly applicable guideline is provided by section 42.4, the legislative services agency

may submit a written request for direction to the commission.

2. ## CHAPTER 49

### METHOD OF CONDUCTING ELECTIONS

#### 49.8 Changes in precincts.

After any required changes in precinct boundaries have been made following each federal decennial census, at the time established by or pursuant to section 49.7, the county board or city council shall make no further changes in precinct boundaries until after the next federal decennial census, except in the following circumstances:

1. When deemed necessary by the board of supervisors of any county because of a change in the location of the boundaries, dissolution or establishment of any civil township, the boundaries of precincts actually affected may be changed as necessary to conform to the new township boundaries.

2. When territory is annexed to a city the city council may attach all or any part of the annexed territory to any established precinct or precincts which are contiguous to the annexed territory, however this subsection shall not prohibit establishment of one or more new precincts in the annexed territory.

3. A city may have one special federal census taken each decade and the population figures obtained may be used to revise precinct boundaries in accordance with the requirements of sections 49.3 and 49.5.

4. When the boundaries of a county supervisor, city council, or school director district, or any other district from which one or more members of any public representative body other than the general assembly are elected by the voters thereof, are changed by annexation or other means other than reprecincting, the change shall not result in the term of any officer elected from the former district being terminated before or extended beyond the expiration of the term to which the officer was last elected, except as provided under section 275.23A and section 331.209, subsection 1. If more than one incumbent officeholder resides in a district redrawn during reprecincting, their terms of office shall expire after the next election in the political subdivision.

When a vacancy occurs in the office of county supervisor, city council, or school director following

the effective date of new district boundaries, the vacancy shall be filled using the new boundaries.

5. When a city is changing its form of government from one which has council members elected at large to one which has council members elected from wards, or is changing its number of council members elected from wards, the city council may redraw the precinct boundaries in accordance with sections 49.3 and 49.5 to coincide with the new ward boundaries.

6. Precinct boundaries established by or pursuant to section 49.4, and not changed under subsection 1 since the most recent federal decennial census, may be changed once during the period beginning January 1 of the second year following a year in which a federal decennial census is taken and ending June 30 of the year immediately following the year in which the next succeeding federal decennial census is taken, if the commissioner recommends and the board of supervisors finds that the change will effect a substantial savings in election costs. Changes made under this subsection shall be made not later than ninety-nine days before a primary election, unless the changes will not take effect until January 1 of the next even-numbered year.

7. Precinct boundaries established by a city council pursuant to section 49.5 or 49.6 and not changed under subsections 1 through 5 since the most recent federal decennial census, may be redrawn by the city council in accordance with sections 49.3 and 49.5 once during the period beginning January 1 of the second year following a year in which a federal decennial census is taken and ending June 30 of the year immediately following the year in which the next succeeding federal decennial census is taken, if the commissioner recommends that the change will effect a substantial savings in election costs. Changes made under this subsection shall be made not later than ninety-nine days before a city primary or runoff election, unless the changes will not take effect until January 1 of the next odd-numbered year.

However, persons who are not members of either of these political parties shall not comprise more than one-third of the membership of an election board.

3. In appointing the election board to serve for any election in which candidates' names do appear under the heading of these political parties, the commissioner shall give preference to the persons designated by the respective county chairpersons of these political parties for placement on the election board panel, as provided by section 49.15, in the order that they were so designated. However, the commissioner may for good cause decline to appoint a designee of a county chairperson if that chairperson is notified and allowed two working days to designate a replacement.

If a counting board authorized by chapter 51 is appointed, the chairperson shall have authority over the mechanics of the work of both boards. At the discretion of the commissioner, two people who are members of different political parties may be appointed as co-chairpersons. The co-chairpersons shall have joint authority over the work of the precinct election board.

Each student wishing to participate under this subsection shall be passing all coursework for which credit is given and shall be making adequate progress toward graduation requirements at the end of each grading period. At the end of a grading period that is the final grading period in a school year, a student who receives a failing grade in any course for which credit is awarded is ineligible to participate under this subsection. A student who is eligible at the close of a semester is academically eligible to participate under this subsection until the beginning of the subsequent semester. A student with a disability who has an individualized education program shall not be denied eligibility to participate under this subsection on the basis of scholarship if the student is making adequate progress, as determined by school officials, towards the goals and objectives on the student's individualized education program.

(5) Have the written approval of the student's parent or legal guardian.

(1) The name of each student attending the school who served as a precinct election board member on election day.

The substitute shall serve either for the balance of that election day or for any shorter period of time the commissioner may designate. At partisan elections, a substitute precinct election official assuming the duties of a precinct election official shall be a member of the same political party as the precinct election official whose duties are being assumed.

The notice shall also state the date of the election, the hours the polls will be open, the location of each polling place at which voting is to occur in the election, the location of the polling places designated as early ballot pick-up sites, and the names of the precincts voting at each polling place, but the statement need not set forth any fact which is apparent from the portion of the ballot appearing as a part of the same notice. The notice shall include the full text of all public measures to be voted upon at the election.

2. The notice shall be published in at least one newspaper, as defined in section 618.3, which is published in the county or other political subdivision in which the election is to occur or, if no newspaper is published there, in at least one newspaper of substantial circulation in the county or political subdivision. For the general election or the primary election the foregoing notice shall be published in at least two newspapers published in the county. The font size shall be not less than twelve point type. After the name of each candidate for a partisan office the name of the candidate's political party shall be printed in at least six point type. 6. A portion of the ballot, which can be shown to the precinct officials without revealing any of the marks made by the voter, shall include the words "Official ballot", the unique identification number or name assigned by the commissioner to the ballot style, the date of the election, and a facsimile of the signature of the commissioner who has caused the ballot to be printed pursuant to section 49.51.

**49.73 Time of opening and closing polls.**

1. At all elections, except as otherwise permitted by this section, the polls shall be opened at seven o'clock a.m., or as soon thereafter as vacancies on the precinct election board have been filled. On the basis of voter turnout for recent similar elections and factors considered likely to so affect

voter turnout for the forthcoming election as to justify shortened voting hours for that election, the commissioner may direct that the polls be opened at twelve o'clock noon for:

- a. Any school district election.
- b. Any election conducted for a city of three thousand five hundred or less population, including a local option sales and services tax election conducted pursuant to section 423B.1. At elections conducted pursuant to chapter 423B, all polling places shall have the same voting hours.
- c. Any election conducted for a city of more than three thousand five hundred population if there is no contest for any office on the ballot and no public question is being submitted to the voters at that election.
- d. Any election conducted for a benefited district.
- e. Any election conducted for the unincorporated area of a county.

2. The commissioner shall not shorten voting hours for any election if there is filed in the commissioner's office, at least twenty-five days before the election, a petition signed by at least fifty eligible electors of the school district or city, as the case may be, requesting that the polls be opened not later than seven o'clock a.m. All polling places where the candidates of or any public question submitted by any one political subdivision are being voted upon shall be opened at the same hour, except that this requirement shall not apply to merged areas established under chapter 260C. The hours at which the respective precinct polling places are to open shall not be changed after publication of the notice required by section 49.53. The polling places shall be closed at nine o'clock p.m. for state primary and general elections and other partisan elections, and for any other election held concurrently therewith, and at eight o'clock p.m. for all other elections.

**49.77 Ballot furnished to voter.**

1. The board members of their respective precincts shall have charge of the ballots and furnish them to the voters. Any person desiring to vote shall sign a voter's declaration provided by the officials, in substantially the following form:

**VOTER'S DECLARATION  
OF ELIGIBILITY**

I do solemnly swear or affirm that I am a resident of the . . . . . precinct, . . . . . ward or township, city of . . . . . , county of . . . . . , Iowa.

I am a registered voter. I have not voted and will not vote in any other precinct in said election.

I understand that any false statement in this declaration is a criminal offense punishable as provided by law.

.....  
Signature of Voter

Approved:

.....  
Board Member

At the discretion of the commissioner, this declaration may be printed on each page of the election register and the voter shall sign the election register next to the voter's printed name. The voter's signature in the election register shall be considered the voter's signed declaration of eligibility affidavit. The state commissioner of elections shall prescribe by rule an alternate method for providing the information in subsection 2 for those counties where the declaration of eligibility is printed in the election register. The state voter registration system shall be designed to allow for the affidavit to be printed on each page of the election register and to allow sufficient space for the voter's signature.

2. One of the precinct election officials shall announce the voter's name aloud for the benefit of any persons present pursuant to section 49.104, subsection 2, 3, or 5. If the declaration of eligibility is not printed on each page of the election register, any of those persons may upon request view the signed declarations of eligibility and may review the signed declarations on file so long as the person does not interfere with the functions of the precinct election officials. If the declaration of eligibility is printed on the election register, the precinct election official shall make available for viewing a listing of those voters who have signed declarations of eligibility. Any of those persons present pursuant to section 49.104, subsection 2, 3, or 5, may upon request view the listing of those voters who have signed declarations of eligibility, so long as the person does not interfere with the functions of the precinct election officials.

3. A precinct election official shall require any person whose name does not appear on the election register as an active voter to show identification. Specific documents which are acceptable forms of identification shall be prescribed by the state commissioner.

A precinct election official may require of the voter unknown to the official, identification upon which the voter's signature or mark appears. If identification is established to the satisfaction of the precinct election officials, the person may then be allowed to vote.

4. a. A person whose name does not appear on the election register of the precinct in which that

person claims the right to vote shall not be permitted to vote, unless the person affirms that the person is currently registered in the county and presents proof of identity, or the commissioner informs the precinct election officials that an error has occurred and that the person is a registered voter of that precinct. If the commissioner finds no record of the person's registration but the person insists that the person is a registered voter of that precinct, the precinct election officials shall allow the person to cast a ballot in the manner prescribed by section 49.81.

b. If the voter informs the precinct election official that the voter resides in the precinct and is not registered to vote, the voter may register to vote pursuant to section 48A.7A and cast a ballot. If such a voter is unable to establish identity and residency in the manner provided in section 48A.7A, subsection 1, paragraph "b" or "c", the voter shall be allowed to cast a ballot in the manner prescribed by section 49.81.

c. A person who has been sent an absentee ballot by mail but for any reason has not received it shall be permitted to cast a ballot in person pursuant to section 53.19 and in the manner prescribed by section 49.81.

5. The request for the telephone number in the declaration of eligibility in subsection 1 is not mandatory and the failure by the voter to provide the telephone number does not affect the declaration's validity.

**49.79 Challenges.**

1. Any person offering to vote may be challenged as unqualified by any precinct election official or registered voter. It is the duty of each official to challenge any person offering to vote whom the official knows or suspects is not duly qualified. A ballot shall be received from a voter who is challenged, but only in accordance with section 49.81.

2. A person may be challenged for any of the following reasons:

a. The challenged person is not a citizen of the United States.

b. The challenged person is less than eighteen years of age as of the date of the election at which the person is offering to vote.

c. The challenged person is not a resident at the address where the person is registered. However, a person who is reporting a change of address at the polls on election day pursuant to section 48A.27, subsection 2, paragraph "a", subparagraph (3), shall not be challenged for this reason.

d. The challenged person is not a resident of the precinct where the person is offering to vote.

e. The challenged person has falsified information on the person's registration form or on the person's declaration of eligibility.

f. The challenged person has been convicted of a felony, and the person's voting rights have not been restored.

g. The challenged person has been adjudged by a court of law to be a person who is incompetent to vote and no subsequent proceeding has reversed that finding.

**49.90 Assisting voter.**

Any voter who may declare upon oath that the voter is blind, cannot read the English language, or is, by reason of any physical disability other than intoxication, unable to cast a vote without assistance, shall, upon request, be assisted by the two officers as provided in section 49.89, or alternatively by any other person the voter may select in casting the vote. The officers, or the person selected by the voter, shall cast the vote of the voter requiring assistance, and shall thereafter give no information regarding the vote cast. If any elector because of a disability cannot enter the building where the polling place for the elector's precinct of residence is located, the two officers shall take a paper ballot to the vehicle occupied by the elector with a disability and allow the elector to cast the ballot in the vehicle. If an elector with a disability cannot cast a ballot on a voting machine, the elector shall be allowed to cast a paper ballot, which shall be opened immediately after the closing of the polling place by the two precinct election officials designated under section 49.89, who shall register the votes cast thereon on a voting machine in the polling place before the votes cast there are tallied pursuant to section 50.16. To preserve so far as possible the confidentiality of each ballot of an elector with a disability, the two officers shall proceed substantially in the same manner as provided in section 53.24. In precincts where all voters use paper ballots, those cast by voters with disabilities shall be deposited in the regular ballot box and counted in the usual manner.

2007 Acts, ch 190, §25  
Section amended

**49.99 Writing name on ballot.**

1. The voter may also write on the line provided for write-in votes the name of any person for whom the voter desires to vote and mark the voting target opposite the name. If the voter is using a voting system other than an optical scan voting system, as defined in section 52.1, the writing of the name shall constitute a valid vote for the person whose name has been written on the ballot without regard to whether the voter has made a mark opposite the name. However, when a write-in vote is cast using an optical scan voting system, the ballot must also be marked in the corresponding space in order to be counted. Marking the vot-

ing target opposite a write-in line without writing a name on the line shall not affect the validity of the remainder of the ballot.

2. If a voter writes the name of a person more than once in the proper places on a ballot or on a voting machine for an office to which more than

one person is to be elected, all but one of those votes for that person for that office are void and shall not be counted.

#### 50.48 General recount provisions.

1. The county board of canvassers shall order a recount of the votes cast for a particular office or nomination in one or more specified election precincts in that county if a written request therefor is made not later than five o'clock p.m. on the third day following the county board's canvass of the election in question. The request shall be filed with the commissioner of that county, or with the commissioner responsible for conducting the election if section 47.2, subsection 2 is applicable, and shall be signed by either of the following:

- a. A candidate for that office or nomination whose name was printed on the ballot of the precinct or precincts where the recount is requested.
- b. Any other person who receives votes for that particular office or nomination in the precinct or precincts where the recount is requested and who is legally qualified to seek and to hold the office in question.

Immediately upon receipt of a request for a recount, the commissioner shall send a copy of the request to the apparent winner by certified mail. The commissioner shall also attempt to contact the apparent winner by telephone. If the apparent winner cannot be reached within four days, the chairperson of the political party or organization which nominated the apparent winner shall be contacted and shall act on behalf of the apparent winner, if necessary. For candidates for state or federal offices, the chairperson of the state party shall be contacted. For candidates for county offices, the county chairperson of the party shall be contacted.

2. The candidate requesting a recount under this section shall post a bond, unless the abstracts prepared pursuant to section 50.24, or section 43.49 in the case of a primary election, indicate that the difference between the total number of votes cast for the apparent winner and the total number of votes cast for the candidate requesting

the recount is less than the greater of fifty votes or one percent of the total number of votes cast for the office or nomination in question. If a recount is requested for an office to which more than one person was elected, the vote difference calculations shall be made using the difference between the number of votes received by the person requesting the recount and the number of votes received by the apparent winner who received the fewest votes. Where votes cast for that office or nomination were canvassed in more than one county, the abstracts prepared by the county boards in all of those counties shall be totaled for purposes of this subsection. If a bond is required, it shall be filed with the state commissioner for recounts involving a state office, including a seat in the general assembly, or a seat in the United States Congress, and with the commissioner responsible for conducting the election in all other cases, and shall be in the following amount:

- a. For an office filled by the electors of the entire state, one thousand dollars.
- b. For United States representative, five hundred dollars.
- c. For senator in the general assembly, three hundred dollars.
- d. For representative in the general assembly, one hundred fifty dollars.
- e. For an office filled by the electors of an entire county having a population of fifty thousand or more, two hundred dollars.
- f. For any elective office to which paragraphs "a" to "e" of this subsection are not applicable, one hundred dollars.

After all recount proceedings for a particular office are completed and the official canvass of votes cast for that office is corrected or completed pursuant to subsections 5 and 6, if necessary, any bond posted under this subsection shall be returned to the candidate who requested the recount if the apparent winner before the recount is not the winner as shown by the corrected or completed canvass. In all other cases, the bond shall be deposited in the general fund of the state if filed with the state commissioner or in the election fund of the county with whose commissioner it was filed.

3. The recount shall be conducted by a board which shall consist of:

- a. A designee of the candidate requesting the recount, who shall be named in the written request when it is filed.
- b. A designee of the apparent winning candidate, who shall be named by that candidate at or before the time the board is required to convene.
- c. A person chosen jointly by the members designated under paragraphs "a" and "b" of this subsection.

The commissioner shall convene the persons designated under paragraphs "a" and "b" of this subsection not later than nine o'clock a.m. on the seventh day following the county board's canvass

of the election in question. If those two members cannot agree on the third member by eight o'clock a.m. on the ninth day following the canvass, they shall immediately so notify the chief judge of the judicial district in which the canvass is occurring, who shall appoint the third member not later than five o'clock p.m. on the eleventh day following the canvass.

4. When all members of the recount board have been selected, the board shall undertake and complete the required recount as expeditiously as reasonably possible. The commissioner or the commissioner's designee shall supervise the handling of ballots or voting machine documents to ensure that the ballots and other documents are protected from alteration or damage. The board shall open only the sealed ballot containers from the precincts specified to be recounted in the request or by the recount board. The board shall recount only the ballots which were voted and counted for the office in question, including any disputed ballots returned as required in section 50.5. If an electronic tabulating system was used to count the ballots, the recount board may request the commissioner to retabulate the ballots using the electronic tabulating system. The same program used for tabulating the votes on election day shall be used at the recount unless the program is believed or known to be flawed. If a voting machine was used, the paper record required in section 52.7, subsection 2, shall be the official record used in the recount. However, if the commissioner believes or knows that the paper records produced from a machine have been compromised due to damage, mischief, malfunction, or other cause, the printed ballot images produced from the internal audit log for that machine shall be the official record used in the recount.

Any member of the recount board may at any time during the recount proceedings extend the recount of votes cast for the office or nomination in question to any other precinct or precincts in the same county, or from which the returns were reported to the commissioner responsible for conducting the election, without the necessity of posting additional bond.

The ballots or voting machine documents shall be resealed by the recount board before adjournment and shall be preserved as required by section 50.12. At the conclusion of the recount, the recount board shall make and file with the commissioner a written report of its findings, which shall be signed by at least two members of the recount board. The recount board shall complete the recount and file its report not later than the eighteenth day following the county board's canvass of the election in question.

5. If the recount board's report is that the abstracts prepared pursuant to the county board's canvass were incorrect as to the number of votes cast for the candidates for the office or nomination

in question, in that county or district, the commissioner shall at once so notify the county board. The county board shall reconvene within three days after being so notified, and shall correct its previous proceedings.

6. The commissioner shall promptly notify the state commissioner of any recount of votes for an office to which section 50.30 or section 43.60 in the case of a primary election, is applicable. If necessary, the state canvass required by section 50.38, or by section 43.63, as the case may be, shall be delayed with respect to the office or the nomination to which the recount pertains. The commissioner shall subsequently inform the state commissioner at the earliest possible time whether any change

in the outcome of the election in that county or district resulted from the recount.

7. If the election is an election held by a city which is not the final election for the office in question, the recount shall progress according to the times provided by this subsection. If this subsection applies the canvass shall be held by the second day after the election, the request for a recount must be made by the third day after the election, the board shall convene to conduct the recount by the sixth day after the election, and the report shall be filed by the eleventh day after the election.

### DOUBLE ELECTION BOARDS

#### 51.2 Appointment.

The members of the election counting board shall be appointed by the commissioner from the election board panel drawn up as provided by section 49.15. Whenever the counting board receives from the receiving board the ballot box, they shall also be furnished a statement from the receiving board giving the number of voters' declarations of eligi-

bility signed up to that time, which shall equal the number of votes in the ballot box. The counting board shall on opening the ballot box first count the ballots therein. If the number of ballots found in the ballot box exceeds the number as shown by the statement received from the receiving board the counting board members shall proceed to examine the official endorsement of said ballots, and, if any ballots are found that do not bear proper official endorsement, said ballots shall be kept separate and a record of such ballots shall be made and returned under the head of excess ballots. The counting board shall then proceed to count the ballots as now provided by law.

The rules shall provide that all optical scan voting systems and voting machines approved for use by the examiners after April 9, 2003, shall meet voting systems performance and test standards, as adopted by the federal election commission on April 30, 2002, and as deemed adopted by Pub. L. No. 107-252, § 222. The rules shall include standards for determining when recertification is necessary following modifications to the equipment or to the programs used in tabulating votes, and a procedure for rescinding certification if a system or machine is found not to comply with performance standards adopted by the state commissioner.

3. The state commissioner may employ a competent person or persons to assist the examiners in their evaluation of the equipment and to advise the examiners as to the sufficiency of the equipment. Consultant fees shall be paid by the person who requested the certification. Following the examination and testing of the voting machine or system, the examiners shall report to the state commissioner describing the testing and examination of the machine or system and upon the capacity of the machine or system to register the will of voters, its accuracy and efficiency, and with respect to its mechanical perfections and imperfections. Their report shall be filed in the office of the

state commissioner and shall state whether in their opinion the kind of machine or system so examined can be safely used by voters at elections under the conditions prescribed in this chapter. If the report states that the machine or system can be so used, it shall be deemed approved by the examiners, and machines or systems of its kind may be adopted for use at elections as provided in this section. Any form of voting machine or system not so approved cannot be used at any election. Before actual use by a county of a particular optical scan voting system which has been approved for use in this state, the state commissioner shall formulate, with the advice and assistance of the examiners, and adopt rules governing the development of vote counting programs and all procedures used in actual counting of votes by means of that system.

### 52.7 Construction of machine approved — requirements.

1. A voting machine approved by the state board of examiners for voting machines and optical scan voting systems shall be so constructed as to do all of the following:

*a.* Permit straight party voting, pursuant to section 49.94, for all political parties and nonparty political organizations on the ballot.

*b.* Permit a voter to vote for any person for any office, whether or not the person is nominated as a candidate by any party or organization.

*c.* Permit voting in absolute secrecy.

*d.* Prevent voting for more than one person for the same office, except where a voter is lawfully entitled to vote for more than one person for that office.

*e.* Afford a voter an opportunity to vote for any or all persons for that office as the voter is by law entitled to vote for and no more, at the same time preventing a voter from voting for the same person twice.

*f.* Provide a voter with an opportunity to change a vote before the ballot is recorded and counted.

*g.* Present together the names of each team of candidates for president and vice president and for governor and lieutenant governor. The votes for a team shall be counted as a vote for both candidates of the team.

*h.* Provide a voter with a method for casting write-in votes for paired offices so that the voter can specify one person as a candidate for president or for governor and one person as a candidate for vice president or for lieutenant governor.

*i.* Accurately account for every vote cast upon it.

*j.* If the machine is to be used for provisional or absentee voting, remove information from the ballot identifying the voter before the ballot is recorded and counted.

*k.* Maintain an internal audit log that will

store each ballot cast separate from the ballot tabulation function, which ballot may be reproduced on paper in the case of a recount or machine malfunction. The printed ballot image produced from an internal audit log shall be sealed in the manner, and for the time period, prescribed in section 50.12. The state commissioner of elections shall adopt rules to implement this paragraph “k”.

*l.* For all elections held on or after November 4, 2008, provide a paper record for review by the voter as provided in subsection 2.

2. A voting machine shall be capable of producing a paper record that the voter may review before the voter casts the voter’s ballot. The paper record shall meet all of the following requirements:

*a.* Be printed on paper separate from all other paper records.

*b.* Be readable by the voter without the use of an electronic device. It may also be machine-readable.

*c.* Not contain any information that will identify the person who cast the ballot.

*d.* Be stored at the polling place in a secure container, such that the voter is incapable of removing the paper record from the polling place.

3. After the polls close, the precinct election officials shall seal all paper records required by subsection 2 in the manner, and for the time period, prescribed in section 50.12.

1. Before entering the voting booth each voter shall be cautioned to mark the ballot only with a ballot marking device provided in the booth or by the precinct election officials.

In any other county, the commissioner may with approval of the board of supervisors conduct absentee voting by use of an optical scan voting system. All provisions of chapter 53 shall apply to such absentee voting, so far as applicable. In counties where absentee voting is conducted by use of an optical scan voting system, the special precinct counting board shall, at the time required by chapter 53, prepare absentee ballots for tabulation in the manner prescribed by this chapter.

2. The absentee and special precinct board shall follow the process prescribed in section 52.37, subsection 1, in handling damaged or defective ballots and in counting write-in votes on optical scan ballots.

**52.35 Equipment tested.**

Before the date of any election at which votes are to be cast by means of an optical scan voting system, the commissioner shall have the automatic tabulating equipment, including the portable tabulating devices, tested to ascertain that it will correctly count the votes cast for all offices and on all public questions. Testing shall be completed not later than twelve hours before the opening of the polls on the morning of the election. The procedure for conducting the test shall be as follows:

1. For any election to fill a partisan office, the county chairperson of each political party shall be notified in writing of the date, time, and place the test will be conducted, so that they may be present or have a representative present. For every election, the commissioner shall publish notice of the date, time, and place the test will be conducted. The commissioner may include such notice in the notice of the election published pursuant to section 49.53. The test shall be open to the public.

2. The test shall be conducted by processing a preaudited group of ballots marked so as to record a predetermined number of valid votes for each candidate, and on each public question, on the ballot. The test group shall include for each office and each question one or more ballots having votes in excess of the number allowed by law for that office or question, in order to test the ability of the automatic tabulating equipment to reject such votes. Any observer may submit an additional test group of ballots which, if so submitted, shall also be tested. The state commissioner shall promulgate administrative rules establishing procedures for any additional test group of ballots submitted by an observer. If any error is detected, its cause shall be ascertained and corrected and an errorless count obtained before the automatic tabulating equipment is approved. When so approved, a statement attesting to the fact shall be signed by the commissioner and kept with the records of the election.

3. The test group of ballots used for the test shall be clearly labeled as such, and retained in the commissioner's office. The test group of ballots and the programs used for the counting procedure shall be sealed, retained for the time required for and disposed of in the same manner as ballots cast in the election.

4. Those present for the test shall sign a certificate which shall read substantially as follows:

The undersigned certify that we were present and witnessed the testing of the following tabulating devices; that we believe the devices are in proper condition for use in the election of . . . . . (date); that following the test the vote totals were erased from the memory of each tabulating device and a report was produced showing that all vote totals in the memory were

**52.36 Commissioner in charge of counting center — appointment of resolution board.** Repealed by 2007 Acts, ch 190, § 13.

**52.37 Special precinct tabulation procedure.**

The tabulation of absentee and provisional ballots cast by means of an optical scan voting system shall be conducted as follows:

1. If any ballot is found damaged or defective, so that it cannot be counted properly by the automatic tabulating equipment, a true duplicate shall be made by the resolution board team and substituted for the damaged or defective ballot, or, as an alternative, the valid votes on a defective ballot may be manually counted by the special precinct election board, whichever method is best suited to the system being used. All duplicate ballots shall be clearly labeled as such, and shall bear a serial number which shall also be recorded on the dam-

aged or defective ballot.

The special precinct election board shall also tabulate any write-in votes which were cast. Write-in votes cast for a candidate whose name appears on the ballot for the same office shall be counted as a vote for the candidate indicated, if the vote is otherwise properly cast.

Ballots which are rejected by the tabulating equipment as blank because they have been marked with an unreadable marker shall be duplicated or tabulated as required by this subsection for damaged or defective ballots. The commissioner may instruct the special precinct election board to mark over voters' unreadable marks using a marker compatible with the tabulating equipment. The special precinct election board shall take care to leave part of the original mark made by the voter. If it is impossible to mark over the original marks made by the voter without completely obliterating them, the ballot shall be duplicated.

2. The record printed by the automatic tabulating equipment, with the addition of a record of any write-in or other votes manually counted pursuant to this chapter, shall constitute the official return of the absentee ballot and special voter's precinct. Upon completion of the tabulation of the votes, the result shall be announced and reported in substantially the manner required by section 50.11.

3. If for any reason it becomes impracticable to count all or any part of the ballots with the automatic tabulating equipment, the commissioner may direct that they be counted manually, in accordance with chapter 50 so far as applicable.

CHAPTER 53

ABSENT VOTERS

**53.2 Application for ballot.**

1. a. Any registered voter, under the circumstances specified in section 53.1, may on any day, except election day, and not more than seventy days prior to the date of the election, apply in person for an absentee ballot at the commissioner's of-

fice or at any location designated by the commissioner. However, for those elections in which the commissioner directs the polls be opened at noon pursuant to section 49.73, a voter may apply in person for an absentee ballot at the commissioner's office from eight a.m. until eleven a.m. on elec-

tion day.

b. A registered voter may make written application to the commissioner for an absentee ballot. A written application for an absentee ballot must be received by the commissioner no later than five p.m. on the Friday before the election. A written application for an absentee ballot delivered to the commissioner and received by the commissioner more than seventy days prior to the date of the election shall be retained by the commissioner and processed in the same manner as a written application received not more than seventy days before the date of the election.

2. The state commissioner shall prescribe a form for absentee ballot applications. Absentee ballot applications may include instructions to send the application directly to the county commissioner of elections. However, no absentee ballot application shall be preaddressed or printed with instructions to send the applications to anyone other than the appropriate commissioner.

No absentee ballot application shall be preaddressed or printed with instructions to send the ballot to anyone other than the voter.

3. This section does not require that a written communication mailed to the commissioner's office to request an absentee ballot, or any other document be notarized as a prerequisite to receiving or marking an absentee ballot or returning to the commissioner an absentee ballot which has been voted.

4. Each application shall contain the name and signature of the registered voter, the registered voter's date of birth, the address at which the voter is registered to vote, and the name or date of the election for which the absentee ballot is requested, and such other information as may be necessary to determine the correct absentee ballot for the registered voter. If insufficient information has been provided, the commissioner shall, by the best means available, obtain the additional necessary information.

5. An application for a primary election ballot which specifies a party different from that recorded on the registered voter's voter registration record shall be accepted as a change or declaration of party affiliation. The commissioner shall approve the change or declaration and enter a notation of the change on the registration records. A notice shall be sent with the ballot requested informing the voter that the voter's registration record will be changed to show that the voter is now affiliated with the party whose ballot the voter requested.

6. If an application for an absentee ballot is received from an eligible elector who is not a registered voter the commissioner shall send a registration form under section 48A.8 and an absentee ballot to the eligible elector. If the application is received so late that it is unlikely that the registration form can be returned in time to be effective on

election day, the commissioner shall enclose with the absentee ballot a notice to that effect, informing the voter of the registration time limits in section 48A.9. The commissioner shall record on the elector's application that the elector is not currently registered to vote. If the registration form is properly returned by the time provided by section 48A.9, the commissioner shall record on the elector's application the date of receipt of the registration form and enter a notation of the registration on the registration records.

7. A registered voter who has not moved from the county in which the elector is registered to vote may submit a change of name, telephone number, or address on the form prescribed in section 48A.8 when casting an absentee ballot. Upon receipt of a properly completed form, the commissioner shall enter a notation of the change on the registration records.

8. An application for an absentee ballot that is returned to the commissioner by a person acting as an actual or implied agent for a political party, candidate, or committee, all as defined by chapter 68A, shall be returned to the commissioner within seventy-two hours of the time the completed application was received from the applicant or no later than five p.m. on the Friday before the election, whichever is earlier.

2007 Acts, ch 59, §23, 38  
2007 amendments to subsections 1 and 4 apply to elections held on or after January 1, 2008; 2007 Acts, ch 59, §38  
Subsections 1 and 4 amended

### **53.7 Solicitation by public employees.**

1. It shall be unlawful for any employee of the state or any employee of a political subdivision to solicit any application or request for application for an absentee ballot, or to take an affidavit in connection with any absentee ballot while the employee is on the employer's premises or otherwise in the course of employment. However, any such employee may take such affidavit in connection with an absentee ballot which is cast by the registered voter in person in the office where such employee is employed in accordance with section 53.10 or 53.11. This subsection shall not apply to any elected official.

2. It is unlawful for any public officer or employee, or any person acting under color of a public officer or employee, to knowingly require a public employee to solicit an application or request an application for an absentee ballot, or to knowingly require an employee to take an affidavit or request for an affidavit in connection with an absentee ballot application.

### **53.8 Ballot mailed.**

1. Upon receipt of an application for an absentee ballot and immediately after the absentee bal-

lots are printed, the commissioner shall mail an absentee ballot to the applicant within twenty-four hours, except as otherwise provided in subsection 3. The absentee ballot shall be enclosed in an unsealed envelope bearing a serial number and affidavit. The absentee ballot and unsealed envelope shall be enclosed in or with a carrier envelope marked postage paid which bears the same serial number as the unsealed envelope. The absentee ballot, unsealed envelope, and carrier envelope shall be enclosed in a third envelope to be sent to the registered voter. If the ballot cannot be folded so that all of the votes cast on the ballot will be hidden, the commissioner shall also enclose a secrecy envelope with the absentee ballot.

2. a. The commissioner shall enclose with the absentee ballot a statement informing the applicant that the sealed carrier envelope may be mailed to the commissioner by the registered voter or the voter's designee or may be personally delivered to the commissioner's office by the registered voter or the voter's designee. The statement shall also inform the voter that the voter may request that the voter's designee complete a receipt when retrieving the ballot from the voter. A blank receipt shall be enclosed with the absentee ballot.

b. If an application is received so late that it is unlikely that the absentee ballot can be returned in time to be counted on election day, the commissioner shall enclose with the absentee ballot a statement to that effect.

3. a. When an application for an absentee ballot is received by the commissioner of any county from a registered voter who is a patient in a hospital in that county or a resident of any facility in that county shown to be a health care facility by the list of licenses provided the commissioner under section 135C.29, the absentee ballot shall be delivered to the voter and returned to the commissioner in the manner prescribed by section 53.22. However, if the application is received more than ten calendar days before the election and the commissioner has not elected to mail absentee ballots to the applicant as provided under section 53.22, subsection 3, the commissioner shall mail to the applicant within twenty-four hours a letter in substantially the following form:

Your application for an absentee ballot for the election to be held on . . . . . has been received. This ballot will be personally delivered to you by a bipartisan team sometime during the ten days preceding the election. If you will not be at the address from which your application was sent during any or all of the ten-day period immediately preceding the election, contact this office and arrangements will be made to have your absentee ballot delivered at a time when you will be present at that address.

b. Nothing in this subsection nor in section 53.22 shall be construed to prohibit a registered

voter who is a hospital patient or resident of a health care facility, or who anticipates entering a hospital or health care facility before the date of a forthcoming election, from casting an absentee ballot in the manner prescribed by section 53.10 or 53.11.

Not more than forty days before the date of the primary election or the general election, the commissioner shall provide facilities for absentee voting in person at the commissioner's office. This service shall also be provided for other elections as soon as the ballots are ready, but in no case shall absentee ballots be available more than forty days before an election.

Each person who wishes to vote by absentee ballot at the commissioner's office shall first sign an application for a ballot including the following information: name, current address, and the election for which the ballot is requested. The person may report a change of address or other information on the person's voter registration record at that time. The registered voter shall immediately mark the ballot; enclose the ballot in a secrecy envelope, if necessary, and seal it in an affidavit envelope; subscribe to the affidavit on the reverse side of the envelope; and return the absentee ballot to the commissioner. The commissioner shall record the numbers appearing on the application and affidavit envelope along with the name of the registered voter.

During the hours when absentee ballots are available in the office of the commissioner, the posting of political signs is prohibited within three hundred feet of the absentee voting site. No electioneering shall be allowed within the sight or hearing of voters at the absentee voting site.

**53.17 Mailing or delivering ballot.**

1. The sealed envelope containing the absentee ballot shall be enclosed in a carrier envelope which shall be securely sealed. The sealed carrier envelope shall be returned to the commissioner by one of the following methods:

a. The sealed carrier envelope may be delivered by the registered voter, by the voter's designee, or by the special precinct election officials designated pursuant to section 53.22, subsection 1, to the commissioner's office no later than the time the polls are closed on election day. However, if delivered by the voter's designee, the envelope shall be delivered within seventy-two hours of retrieving it from the voter or before the closing of the polls on election day, whichever is earlier.

b. The sealed carrier envelope may be mailed to the commissioner by the registered voter or by the voter's designee. If mailed by the voter's designee, the envelope must be mailed within seventy-two hours of retrieving it from the voter or within time to be postmarked not later than the day before the election, whichever is earlier.

2. In order for the ballot to be counted, the car-

rier envelope must be received in the commissioner's office before the polls close on election day or be clearly postmarked by an officially authorized postal service not later than the day before the election and received by the commissioner not later than noon on the Monday following the election.

3. If the law authorizing the election specifies that the supervisors canvass the votes earlier than the Monday following the election, absentee ballots returned through the mail must be received not later than the time established for the canvass by the board of supervisors for that election. The commissioner shall contact the post office serving the commissioner's office at the latest practicable hour before the canvass by the board of supervisors for that election, and shall arrange for absentee ballots received in that post office but not yet delivered to the commissioner's office to be brought to the commissioner's office before the canvass for that election by the board of supervisors.

4. When a person designated by the voter retrieves a completed absentee ballot from the voter, the designee shall, upon request of the voter, fill out a receipt to be retained by the voter. The state commissioner shall prescribe a form for receipts required by this subsection. The receipt shall include all of the following:

a. The name of the voter's designee.

b. The date and time the completed absentee ballot was received from the voter.

c. The name and date of the election for which the absentee ballot is being voted.

d. The name of the political party, candidate, or committee for which the designee is acting as an actual or implied agent, if applicable.

**53.18 Manner of preserving ballot and application — review of affidavit — replacement ballots.**

1. When the return carrier envelope containing the completed absentee ballot is received by the commissioner, the commissioner shall at once record receipt of such ballot. Absentee ballots shall be stored in a secure place until they are de-

livered to the absentee and special voters precinct board.

2. If the commissioner receives the return carrier envelope containing the completed absentee ballot by five p.m. on the Saturday before the election for general and primary elections and by five p.m. on the Friday before the election for all other elections, the commissioner shall open the envelope to review the affidavit for any deficiencies. If the affidavit contains a deficiency that would cause the ballot to be rejected, the commissioner shall, within twenty-four hours of the time the envelope was received, notify the voter of that fact and that the voter may correct the deficiency by five p.m. on the day before the election.

3. If the affidavit envelope is open when received by the commissioner, or has been opened and resealed, or if the ballot is not enclosed in the affidavit envelope, the commissioner shall immediately notify the voter of that fact and that the voter's absentee ballot shall not be counted unless the voter applies for a replacement ballot and returns the replacement ballot in the time permitted under section 53.17, subsection 2. The replacement ballot application shall be the same as is required for an application under section 53.2. If the information on the replacement ballot application matches the information on the original application, the voter shall be allowed to complete a replacement absentee ballot. The same serial number that was assigned to the records of the original absentee ballot application shall be used on the envelope and records of the replacement ballot. The affidavit envelope containing the completed replacement ballot shall be marked "Replacement ballot". The affidavit envelope containing the original ballot shall be marked "Defective ballot" and the replacement ballot and replacement ballot application shall be attached to the original application and affidavit envelope containing the original ballot and shall be stored in a secure place until they are delivered to the absentee and special voters precinct board, notwithstanding sections 53.26 and 53.27.

4. The state commissioner of elections shall adopt rules for implementation of this section.

**53.19 Listing absentee ballots.**

The commissioner shall maintain a list of the absentee ballots provided to registered voters, the serial number appearing on the unsealed envelope, the date the application for the absentee ballot was received, and the date the absentee ballot was sent to the registered voter requesting the absentee ballot.

The commissioner shall provide each precinct election board with a list of all registered voters from that precinct who have received an absentee ballot. The precinct officials shall immediately designate on the election register those registered

voters who have received an absentee ballot and are not entitled to vote in person at the polls.

However, any registered voter who has received an absentee ballot and not returned it may surrender the absentee ballot to the precinct officials and vote in person at the polls. The precinct officials shall mark the uncast absentee ballot "void" and return it to the commissioner. Any registered voter who has been sent an absentee ballot by mail but for any reason has not received it or who has not brought the ballot to the polls may appear at the voter's precinct polling place on election day and shall cast a ballot in accordance with section 49.81. Any registered voter who has been notified by the commissioner pursuant to section 53.18 of the need to correct a deficiency on the affidavit or to apply for and vote a replacement absentee ballot and who has not corrected the deficiency or voted a replacement absentee ballot may appear at the voter's precinct polling place on election day and shall cast a ballot in accordance with section 49.81.

**53.21 Replacement of lost or spoiled absentee ballots.**

1. A voter who has requested an absentee ballot may obtain a replacement ballot if the voter declares that the original ballot was lost or did not arrive. The commissioner upon receipt of a written or oral request for a replacement ballot shall provide a duplicate ballot. The same serial number that was assigned to the records of the original absentee ballot request shall be used on the envelopes and records of the replacement ballot.

2. a. The commissioner shall include with the replacement ballot two copies of a statement in substantially the following form:

The absentee ballot which I requested on ..... (date) has been lost or was never received. If I find this absentee ballot I will return it, unvoted, to the commissioner.

.....  
(Signature of voter)

.....  
(Date)

b. The voter shall enclose one copy of the above statement in the return carrier envelope with the affidavit envelope and retain a copy for the voter's records.

3. a. A voter who spoils an absentee ballot may return it to the commissioner. The outside of the return envelope shall be marked "SPOILED BALLOT". The commissioner shall replace the ballot in the manner provided in this section for lost ballots.

b. An absentee ballot returned to the commissioner without a designation that the ballot was

### 53.22 Balloting by confined persons.

1. *a.* (1) A registered voter who has applied for an absentee ballot, in a manner other than that prescribed by section 53.10 or 53.11, and who is a resident or patient in a health care facility or hospital located in the county to which the application has been submitted shall be delivered the appropriate absentee ballot by two special precinct election officers, one of whom shall be a member of each of the political parties referred to in section 49.13, who shall be appointed by the commissioner from the election board panel for the special precinct established by section 53.20. The special precinct election officers shall be sworn in the manner provided by section 49.75 for election board members, shall receive compensation as provided in section 49.20 and shall perform their duties during the ten calendar days preceding the election and on election day if all ballots requested under section 53.8, subsection 3, have not previously been delivered and returned.

(2) If materials are prepared for the two special precinct election officials, a list shall be made of all voters to whom ballots are to be delivered. The list shall be sent with the officials who deliver the ballots and shall include spaces to indicate whether the person was present at the hospital or health care facility when the officials arrived, whether the person requested assistance from the officials, whether the person was assisted by another person of the voter's choice, the time that the ballot was returned to the officials, and any other notes the officials deem necessary.

(3) The officials shall also be issued a supply of extra ballots to replace spoiled ballots. Receipts shall be issued in substantially the same form as receipts issued to precinct election officials pursuant to section 49.65. All ballots shall be accounted for and shall be returned to the commissioner. Separate envelopes shall be provided for the return of spoiled ballots and unused ballots.

*b.* If an applicant under this subsection notifies the commissioner that the applicant will not be available at the health care facility or hospital address at any time during the ten-day period immediately prior to the election, but will be available there at some earlier time, the commissioner shall direct the two special precinct election officers to deliver the applicant's ballot at an appropriate time prior to the ten-day period immediately preceding the election. If a person who so requested an absentee ballot has been dismissed

from the health care facility or hospital, the special precinct election officers may take the ballot to the voter if the voter is currently residing in the county.

*c.* The special precinct election officers shall travel together in the same vehicle and both shall be present when an applicant casts an absentee ballot. If either or both of the special precinct election officers fail to appear at the time the duties set forth in this section are to be performed, the commissioner shall at once appoint some other person, giving preference to persons designated by the respective county chairpersons of the political parties described in section 49.13, to carry out the requirements of this section. The persons authorized by this subsection to deliver an absentee ballot to an applicant, if requested, may assist the applicant in filling out the ballot as permitted by section 49.90. After the voter has securely sealed the marked ballot in the envelope provided and has subscribed to the oath, the voted absentee ballots shall be deposited in a sealed container which shall be returned to the commissioner on the same day the ballots are voted. On election day the officers shall return the sealed container by the time the polls are closed.

2. Any registered voter who becomes a patient or resident of a hospital or health care facility in the county where the voter is registered to vote within three days prior to the date of any election or on election day may request an absentee ballot during that period or on election day. As an alternative to the application procedure prescribed by section 53.2, the registered voter may make the request directly to the officers who are delivering and returning absentee ballots under this section. Alternatively, the request may be made by telephone to the office of the commissioner not later than four hours before the close of the polls. If the requester is found to be a registered voter of that county, these officers shall deliver the appropriate absentee ballot to the registered voter in the manner prescribed by this section.

3. For any election except a primary or general election or a special election to fill a vacancy under section 69.14, the commissioner may, as an alternative to subsection 1, mail an absentee ballot to an applicant under this section to be voted and returned to the commissioner in accordance with this chapter. This subsection only applies to applications for absentee ballots from a single health care facility or hospital if there are no more than two applications from that facility or hospital.

4. The commissioner shall mail an absentee ballot to a registered voter who has applied for an absentee ballot and who is a patient or resident of a hospital or health care facility outside the county in which the voter is registered to vote.

5. *a.* If the registered voter becomes a patient or resident of a hospital or health care facility outside the county where the voter is registered to

vote within three days before the date of any election or on election day, the voter may designate a person to deliver and return the absentee ballot. The designee may be any person the voter chooses except that no candidate for any office to be voted upon for the election for which the ballot is requested may deliver a ballot under this subsection. The request for an absentee ballot may be made by telephone to the office of the commissioner not later than four hours before the close of the polls. If the requester is found to be a registered voter of that county, the ballot shall be delivered by mail or by the person designated by the voter. An application form shall be included with the absentee ballot and shall be signed by the voter and returned with the ballot.

*b.* Absentee ballots voted under this subsection shall be delivered to the commissioner no later than the time the polls are closed on election day. If the ballot is returned by mail the carrier envelope must be received by the time the polls close, or clearly postmarked by an officially authorized postal service not later than the day before the election and received by the commissioner no later than the time established for the canvass by the board of supervisors for that election.

### **53.23 Special precinct election board.**

1. The election board of the absentee ballot and special voters precinct shall be appointed by the commissioner in the manner prescribed by sections 49.12 and 49.13, except that the number of precinct election officials appointed to the board shall be sufficient to complete the counting of absentee ballots by ten p.m. on election day.

2. The board's powers and duties shall be the same as those provided in chapter 50 for precinct election officials in regular precinct polling places. However, the election board of the special precinct shall receive from the commissioner and count all absentee ballots for all precincts in the county; when two or more political subdivisions in the county hold elections simultaneously the special precinct election board shall count absentee ballots cast in all of the elections so held. The tally list shall be recorded on forms prescribed by the state commissioner.

3. *a.* The commissioner shall set the convening time for the board, allowing a reasonable amount of time to complete counting all absentee ballots by ten p.m. on election day. The commissioner may direct the board to meet on the day before the election solely for the purpose of reviewing the absentee voters' affidavits appearing on the sealed affidavit envelopes. If in the commission-

er's judgment this procedure is necessary due to the number of absentee ballots received, the members of the board may open the sealed affidavit envelopes and remove the secrecy envelope containing the ballot, but under no circumstances shall a secrecy envelope be opened before the board convenes on election day. If the affidavit envelopes are opened before election day, two observers, one appointed by each of the two political parties referred to in section 49.13, subsection 2, shall witness the proceedings. The observers shall be appointed by the county chairperson or, if the county chairperson fails to make an appointment, by the state chairperson. However, if either or both political parties fail to appoint an observer, the commissioner may continue with the proceedings.

*b.* If the board finds any ballot not enclosed in a secrecy envelope and the ballot is folded in such a way that any of the votes cast on the ballot are visible, the two special precinct election officials, one from each of the two political parties referred to in section 49.13, subsection 2, shall place the ballot in a secrecy envelope. No one shall examine the ballot. Each of the special precinct election officials shall sign the secrecy envelope.

4. The room where members of the special precinct election board are engaged in counting absentee ballots during the hours the polls are open shall be policed so as to prevent any person other than those whose presence is authorized by this subsection from obtaining information about the progress of the count. The only persons who may be admitted to that room are the members of the board, one challenger representing each political party, one observer representing any nonparty political organization or any candidate nominated by petition pursuant to chapter 45 or any other nonpartisan candidate in a city or school election appearing on the ballot of the election in progress, one observer representing persons supporting a public measure appearing on the ballot and one observer representing persons opposed to such measure, and the commissioner or the commissioner's designee. It shall be unlawful for any of these persons to communicate or attempt to communicate, directly or indirectly, information regarding the progress of the count at any time before the polls are closed.

5. The special precinct election board shall preserve the secrecy of all absentee and provisional ballots. After the affidavits on the envelopes have been reviewed and the qualifications of the persons casting the ballots have been determined, those that have been accepted for counting shall be opened. The ballots shall be removed from the affidavit envelopes without being unfolded or examined, and then shall be thoroughly intermingled, after which they shall be unfolded and tabulated. If secrecy folders or envelopes are used with provisional paper ballots, the ballots shall be removed from the secrecy folders after the ballots have been intermingled.

6. The special precinct election board shall not release the results of its tabulation on election day until all of the ballots it is required to count on that day have been counted, nor release the tabulation of provisional ballots accepted and counted under chapter 50 until that count has been completed.

#### **53.24 Counties using voting machines.**

In counties which provide the special precinct election board with voting machines, the affidavit envelopes shall be opened by the board and the ballots shall, without being unfolded, be thoroughly intermingled, after which they shall be unfolded and, under the personal supervision of precinct election officials of each of the political parties, be registered on voting machines the same as if the absent voter had been present and voted in person, except that a tally of the write-in votes may be kept in the tally list rather than on the machine. When two or more political subdivisions in the county are holding separate elections simultaneously, the commissioner may arrange the machine so that the absentee and provisional ballots for more than one election may be recorded on the same machine.

2007 Acts, ch 215, §233  
Section amended

#### **53.25 Rejecting ballot.**

If the absentee voter's affidavit is found to be insufficient, if the applicant is not a duly registered voter in such precinct, if the affidavit envelope contains more than one ballot of any one kind, or if the voter has voted in person, such vote shall not be accepted or counted. If the affidavit envelope is open, or has been opened and resealed, or if the ballot is not enclosed in the affidavit envelope, and an affidavit envelope with the same serial number and marked "Replacement ballot" is not attached as provided in section 53.18, the vote shall not be accepted or counted.

If the absentee ballot is rejected prior to the opening of the affidavit envelope, the voter casting the ballot shall be notified by a precinct election official by the time the canvass is completed of the reason for the rejection on a form prescribed by the state commissioner of elections.

#### **53.27 Rejection of ballot — return of envelope.**

#### **53.31 Challenges.**

1. Any person qualified to vote at the election in progress may challenge the qualifications of a person casting an absentee ballot by submitting a written challenge to the commissioner no later than five p.m. on the Friday before the election. It is the duty of the special precinct officials to challenge the absentee ballot of any person whom the official knows or suspects is not duly qualified. Challenges by members of the special precinct election board or observers present pursuant to section 53.23 may be made at any time before the close of the polls on election day. The challenge shall state the reasons for which the challenge is being submitted and shall be signed by the challenger. When a challenge is received the absentee ballot shall be set aside for consideration by the special precinct election board when it meets as required by section 50.22.

2. The commissioner shall immediately send a written notice to the elector whose qualifications have been challenged. The notice shall be sent to the address at which the challenged elector is registered to vote. If the ballot was mailed to the challenged elector, the notice shall also be sent to the address to which the ballot was mailed if it is different from the elector's registration address. The notice shall advise the elector of the reason for the challenge, the date and time that the special precinct election board will reconvene to determine challenges, and that the elector has the right to submit written evidence of the elector's qualifications. The notice shall include the telephone number of the commissioner's office. If the commissioner has access to a facsimile machine, the notice shall include the telephone number of the facsimile machine. As far as possible, other procedures for considering provisional ballots shall be followed.

### 53.40 Request requirements — transmission of ballot.

1. a. A request in writing for a ballot may be made by any member of the armed forces of the United States who is or will be a qualified voter on the day of the election at which the ballot is to be cast, at any time before the election. Any member of the armed forces of the United States may request ballots for all elections to be held through the next two general elections. The request may be made by using the federal postcard application form and indicating that the applicant wishes to receive ballots for all elections as permitted by state law. The county commissioner shall send the applicant a ballot for each election held after the application is received and through the next two general elections. The commissioner shall forward a copy of the absentee ballot request to other commissioners who are responsible under section 47.2, subsection 2, for conducting elections in which the applicant is eligible to vote.

b. Unless the request specifies otherwise, a request for the primary election shall also be considered a request for the general election. In the case of the general election, request may be made not more than seventy days before the election, for and on behalf of a voter in the armed forces of the United States by a spouse, parent, parent-in-law, adult brother, adult sister, or adult child of the voter, residing in the county of the voter’s residence. However, a request made by other than the voter may be required to be made on forms prescribed by the state commissioner.

c. A request shall show the residence (including street address, if any) of the voter, the age of the voter, and length of residence in the city or township, county and state, and shall designate the address to which the ballot is to be sent, and in the case of the primary election, the party affiliation of such voter. Such request shall be made to the commissioner of the county of the voter’s residence, provided that if the request is made by the voter to any elective state, city or county official, the said official shall forward it to the commissioner of the county of the voter’s residence, and such request so forwarded shall have the same force and effect as if made direct to the commissioner by the voter.

2. The commissioner shall immediately on the fortieth day prior to the particular election transmit ballots to the voter by mail or otherwise, postage prepaid, as directed by the state commissioner, requests for which are in the commissioner’s hands at that time, and thereafter so transmit ballots immediately upon receipt of requests. A re-

quest for ballot for the primary election which does not state the party affiliation of the voter making the request is void and of no effect. A request which does not show that the person for whom a ballot is requested will be a qualified voter in the precinct in which the ballot is to be cast on the day of the election for which the ballot is requested, shall not be honored. However, a request which states the age and the city, including street address, if any, or township, and county where the voter resides, and which shows a sufficient period of residence, is sufficient to show that the person is a qualified voter. A request by the voter containing substantially the information required is sufficient.

3. 2. If more than one request for absent voter's ballot for a particular election is made to the commissioner before the ballots are ready to mail by or on behalf of a voter in the armed forces of the United States, the last request received shall be honored, except that if one of the requests is made by the voter, the request of the voter shall be honored in preference to a request made on the voter's behalf by another.

3. Not more than one ballot shall be transmitted by the commissioner to any voter for a particular election unless after the ballot has been mailed the voter reports a change in the address to which the ballot should be sent. A ballot shall be mailed using a serial number that indicates that this is a replacement sent to an updated address. The original ballot shall be counted only if the replacement ballot does not arrive. If the commissioner receives more than one absent voter's ballot, provided for by this division, from or purporting to be from any one voter for a particular election, all of the ballots so received from or purporting to be from such voter are void, and the

commissioner shall not deliver any of the ballots to the precinct election officials, but shall retain them in the commissioner's office, and preserve them for the period and under the conditions provided for in sections 50.12 through 50.15 and section 50.19.

If it appears that the voter is eligible to vote under the provisions of this division, has applied in a timely fashion for an absentee ballot, and has complied with all requirements for the federal write-in ballot, then the federal write-in ballot is valid unless the Iowa absentee ballot is received in time to be counted.

2. The voter's declaration or affirmation on the federal write-in ballot constitutes a sufficient registration under the provisions of chapter 48A and the commissioner shall place the voter's name on the registration record as a registered voter, if the voter's name does not already appear on the registration record. No witness to the oath is necessary.

3. Federal write-in absentee ballots may be used in primary and general elections, and in special elections held pursuant to section 69.14. a. The ballot was submitted from within the United States, unless the voter is a member of the armed forces of the United States as described in section 53.37, subsection 2, on active duty, and away from the voter's county of residence for purposes of serving on active duty.

b. The voter's application for a regular absentee ballot was received by the commissioner less than fourteen days prior to the election.

c. The voter's completed regular or special Iowa absentee ballot was received by the deadline for return of absentee ballots established in section 53.17.

d. The voter's federal write-in ballot was received after the deadline for return of absentee ballots established in section 53.17.

5. A federal write-in ballot received by the state commissioner of elections shall be forwarded immediately to the appropriate county commissioner. However, if the state commissioner re-

ceives a federal write-in ballot after election day and before noon on the Monday following an election, the state commissioner shall at once verify that the voter has complied with the requirements of this section and that the voter's federal write-in ballot is eligible to be counted. If the ballot is eligible to be counted, the state commissioner shall notify the appropriate county commissioner and make arrangements for the ballot to be transmitted to the county for counting. If the ballot is not eligible to be counted, the state commissioner shall mail the ballot to the appropriate commissioner along with notification that the ballot is ineligible to be counted. Notwithstanding this paragraph, the treasurer may keep a miscellaneous account for disbursements of less than five dollars which need only show the amount of the disbursement so long as the aggregate miscellaneous disbursements to any one person during a calendar year do not exceed one hundred dollars.

*e.* Notwithstanding the provisions of subsection 3, paragraph "d", of this section, when an expenditure is made by a committee in support of the entire state or local political party ticket, only the name of the party shall be given.

4. The treasurer and candidate in the case of a candidate's committee, and the treasurer and chairperson in the case of a political committee, shall preserve all records required to be kept by this section for a period of five years. However, a committee is not required to preserve any records for more than three years from the certified date of dissolution of the committee. 2. Develop, prescribe, furnish, and distribute any forms necessary for the implementation of the procedures contained in this chapter, chapter 68A, and section 8.7 for the filing of reports and statements by persons required to file the reports and statements under this chapter and chapter 68A.

The board may establish a process to assign signature codes to a person or committee for purposes of facilitating an electronic filing procedure. The assignment of signature codes shall be kept confidential, notwithstanding section 22.2. The board and persons electronically filing reports and statements shall keep assigned signature codes or subsequently selected signature codes confidential. Signature codes shall not be subject to state security policies regarding frequency of change.

3. Review the contents of all campaign finance disclosure reports and statements filed with the board and promptly advise each person or committee of errors found. The board may verify information contained in the reports with other parties to assure accurate disclosure. The board may also verify information by requesting that a candidate or committee produce copies of receipts, bills, log-books, or other memoranda of reimbursements of expenses to a candidate for expenses incurred during a campaign. The board, upon its own motion, may initiate action and conduct a hearing relating to requirements under chapter 68A.

4. Receive and file registration and reports from lobbyists of the executive branch of state government, client disclosure from clients of lobbyists of the executive branch of state government, per-

sonal financial disclosure information from officials and employees in the executive branch of state government who are required to file personal financial disclosure information under this chapter, and gift, bequest, and grant disclosure information pursuant to section 8.7. The board, upon its own motion, may initiate action and conduct a hearing relating to reporting requirements under this chapter or section 8.7.

5. Prepare and publish a manual setting forth examples of approved uniform systems of accounts and approved methods of disclosure for use by persons required to file statements and reports under this chapter, chapter 68A, and section 8.7. The board shall also prepare and publish other educational materials, and any other reports or materials deemed appropriate by the board. The board shall annually provide all officials and state employees with notification of the contents of this chapter, chapter 68A, and section 8.7 by distributing copies of educational materials to each agency of state government under the board's jurisdiction.

6. Assure that the statements and reports which have been filed in accordance with this chapter, chapter 68A, and section 8.7 are available for public inspection and copying during the regular office hours of the office in which they are filed and not later than by the end of the day during which a report or statement was received. Rules adopted relating to public inspection and copying of statements and reports may include a charge for any copying and mailing of the reports and statements, shall provide for the mailing of copies upon the request of any person and upon prior receipt of payment of the costs by the board, and shall prohibit the use of the information copied from reports and statements for any commercial purpose by any person.

7. Require that the candidate of a candidate's committee, or the chairperson of a political committee, is responsible for filing disclosure reports under chapter 68A, and shall receive notice from the board if the committee has failed to file a disclosure report at the time required under chapter 68A. 13. Impose penalties upon, or refer matters relating to, persons who discharge any employee, or who otherwise discriminate in employment against any employee, for the filing of a complaint with, or the disclosure of information to, the board if the employee has filed the complaint or made the disclosure in good faith.

### **68B.32B Complaint procedures.**

1. Any person may file a complaint alleging that a candidate, committee, person holding a state office in the executive branch of state government, employee of the executive branch of state government, or other person has committed a violation of chapter 68A or rules adopted by the board. Any person may file a complaint alleging that a person holding a state office in the executive branch of state government, an employee of the executive branch of state government, or a lobbyist or a client of a lobbyist of the executive branch of state government has committed a violation of this chapter or rules adopted by the board. Any person may file a complaint alleging a violation of section 8.7 or rules adopted by the board. The board shall prescribe and provide forms for purposes of this subsection. A complaint must include the name and address of the complainant, a statement of the facts believed to be true that form the basis of the complaint, including the sources of information and approximate dates of the acts alleged, and a certification by the complainant under penalty of perjury that the facts stated to be true are true to the best of the complainant's knowledge.

2. The board staff shall review the complaint to determine if the complaint is sufficient as to form. If the complaint is deficient as to form, the complaint shall be returned to the complainant with a statement of the deficiency and an explanation describing how the deficiency may be cured. If the complaint is sufficient as to form, the complaint shall be referred for legal review.

3. Unless the chairperson of the board concludes that immediate notification would prejudice a preliminary investigation or subject the complainant to an unreasonable risk, the board shall mail a copy of the complaint to the subject of the complaint within three working days of the acceptance of the complaint. If a determination is made by the chairperson not to mail a copy of the complaint to the subject of the complaint within the three working days time period, the board shall approve and establish the time and conditions under which the subject will be informed of the filing and contents of the complaint.

4. Upon completion of legal review, the chairperson of the board shall be advised whether, in the opinion of the legal advisor, the complaint states an allegation which is legally sufficient. A legally sufficient allegation must allege all of the following:

a. Facts that would establish a violation of a provision of this chapter, chapter 68A, section 8.7, or rules adopted by the board.

b. Facts that would establish that the conduct providing the basis for the complaint occurred within three years of the complaint.

c. Facts that would establish that the subject of the complaint is a party subject to the jurisdiction of the board.

5. After receiving an evaluation of the legal sufficiency of the complaint, the chairperson shall refer the complaint to the board for a formal determination by the board of the legal sufficiency of the allegations contained in the complaint.

6. If the board determines that none of the allegations contained in the complaint are legally sufficient, the complaint shall be dismissed. The complainant shall be sent a notice of dismissal stating the reason or reasons for the dismissal. If a copy of the complaint was sent to the subject of the complaint, a copy of the notice shall be sent to the subject of the complaint. If the board determines that any allegation contained in the complaint is legally sufficient, the complaint shall be referred to the board staff for investigation of any legally sufficient allegations.

7. Notwithstanding subsections 1 through 6, the board may, on its own motion and without the filing of a complaint by another person, initiate investigations into matters that the board believes may be subject to the board's jurisdiction. This section does not preclude persons from providing information to the board for possible board-initiated investigation instead of filing a complaint.

8. The purpose of an investigation by the

board's staff is to determine whether there is probable cause to believe that there has been a violation of this chapter, chapter 68A, section 8.7, or of rules adopted by the board. To facilitate the conduct of investigations, the board may issue and seek enforcement of subpoenas requiring the attendance and testimony of witnesses and subpoenas requiring the production of books, papers, records, and other real evidence relating to the matter under investigation. Upon the request of the board, an appropriate county attorney or the attorney general shall assist the staff of the board in its investigation.

9. If the board determines on the basis of an investigation by board staff that there is probable cause to believe the existence of facts that would establish a violation of this chapter, chapter 68A, section 8.7, or of rules adopted by the board, the board may issue a statement of charges and notice of a contested case proceeding to the complainant and to the person who is the subject of the complaint, in the manner provided for the issuance of statements of charges under chapter 17A. If the board determines on the basis of an investigation by staff that there is no probable cause to believe that a violation has occurred, the board shall close the investigation, dismiss any related complaint, and the subject of the complaint shall be notified of the dismissal. If the investigation originated from a complaint filed by a person other than the board, the person making the complaint shall also be notified of the dismissal.

10. At any stage during the investigation or after the initiation of a contested case proceeding, the board may approve a settlement regarding an alleged violation. Terms of a settlement shall be reduced to writing and be available for public inspection. An informal settlement may provide for any remedy specified in section 68B.32D. However, the board shall not approve a settlement unless the board determines that the terms of the settlement are in the public interest and are consistent with the purposes of this chapter and rules of the board. In addition, the board may authorize board staff to seek informal voluntary compliance in routine matters brought to the attention of the board or its staff.

11. A complaint shall be a public record, but some or all of the contents may be treated as confidential under section 22.7, subsection 18, to the extent necessary under subsection 3 of this section. Information informally reported to the board and board staff which results in a board-initiated investigation shall be a public record but may be treated as confidential information consistent with the provisions of section 22.7, subsection 18. If the complainant, the person who provides information to the board, or the person who is the subject of an investigation publicly discloses the existence of an investigation, the board may publicly confirm the existence of the disclosed formal com-

plaint or investigation and, in the board's discretion, make the complaint or the informal referral public, as well as any other documents that were issued by the board to any party to the investigation. However, investigative materials may be furnished to the appropriate law enforcement authorities by the board at any time. Upon the commencement of a contested case proceeding by the board, all investigative material relating to that proceeding shall be made available to the subject of the proceeding. The entire record of any contested case proceeding initiated under this section shall be a public record.

12. Board records used to achieve voluntary compliance to resolve discrepancies and deficiencies shall not be confidential unless otherwise required by law.

2007 Acts, ch 126, §16  
Subsection 1 amended

### **68B.32C Contested case proceedings.**

1. Contested case proceedings initiated as a result of the issuance of a statement of charges pursuant to section 68B.32B, subsection 9, shall be conducted in accordance with the requirements of chapter 17A. Clear and convincing evidence shall be required to support a finding that a person has violated this chapter, section 8.7, or any rules adopted by the board pursuant to this chapter. A preponderance of the evidence shall be required to support a finding that a person has violated chapter 68A or any rules adopted by the board pursuant to chapter 68A. The case in support of the statement of charges shall be presented at the hearing by one of the board's attorneys or staff unless, upon the request of the board, the charges are prosecuted by another legal counsel designated by the attorney general. A person making a complaint under section 68B.32B, subsection 1, is not a party to contested case proceedings conducted relating to allegations contained in the complaint.

2. Hearings held pursuant to this chapter shall be heard by a quorum of the board, unless the board designates a board member or an administrative law judge to preside at the hearing. If a quorum of the board does not preside at the hearing, the board member or administrative law judge shall make a proposed decision. The board or presiding board member may be assisted by an administrative law judge in the conduct of the hearing and the preparation of a decision.

3. Upon a finding by the board that the party charged has violated this chapter, chapter 68A, section 8.7, or rules adopted by the board, the board may impose any penalty provided for by section 68B.32D. Upon a final decision of the board finding that the party charged has not violated this chapter, chapter 68A, section 8.7, or the rules of the board, the complaint shall be dismissed and the party charged and the original complainant, if any, shall be notified.

4. The right of an appropriate county attorney or the attorney general to commence and maintain a district court prosecution for criminal violations of the law is unaffected by any proceedings under this section.

5. The board shall adopt rules, pursuant to chapter 17A, establishing procedures to implement this section.

2007 Acts, ch 126, §17  
Subsection 3 amended

#### **68B.37 Lobbyist reporting.**

*a.* The lobbyist's clients before the general assembly.

*b.* Contributions made to candidates for state office by the lobbyist during calendar months during the reporting period when the general assembly is not in session.

*c.* The recipient of the campaign contributions.

*d.* Expenditures made by the lobbyist for the purposes of providing the services enumerated under section 68B.2, subsection 13, paragraph "a", before the general assembly. In addition the council may consider revocation or suspension proceedings when an employing agency recommends to the council that revocation or suspension would be appropriate with regard to a current or former employee. If a law enforcement officer resigns, the employing agency shall notify the council that an officer has resigned and state the reason for the resignation if a substantial likelihood exists that the reason would result in the revocation or suspension of an officer's certification for a violation of the rules.

A recommendation by an employing agency must be in writing and set forth the reasons why the action is being recommended, the findings of the employing agency concerning the matter, the action taken by the employing agency, and that the action by the agency is final. "Final", as used in this section, means that all appeals through a grievance procedure available to the officer or civil service have been exhausted. The written recommendations shall be unavailable for inspection by anyone except personnel of the employing agency, the council and the affected law enforcement officer, or as ordered by a reviewing court.

The council shall establish a process for the protest and appeal of a revocation or suspension made pursuant to this subsection.

9. In accordance with chapter 17A, conduct investigations, hold hearings, appoint hearing examiners, administer oaths and issue subpoenas enforceable in district court on matters relating to the revocation or suspension of a law enforcement officer's certification.

### WORKERS' COMPENSATION

#### 85.1 Inapplicability of chapter.

Except as provided in subsection 6 of this section, this chapter does not apply to:

1. Any employee engaged in any type of service in or about a private dwelling except that after July 1, 1997, this chapter shall apply to such persons who earn one thousand five hundred dollars or more from such employer for whom employed at the time of the injury during the twelve consecutive months prior to the injury, provided the employee is not a regular member of the household. For purposes of this subsection, "*member of the household*" is defined to be the spouse of the employer or relatives of either the employer or spouse residing on the premises of the employer.

2. Persons whose employment is purely casual and not for the purpose of the employer's trade or business, except that after July 1, 1997, this chapter shall apply to such employees who earn one thousand five hundred dollars or more from such employer for whom employed at the time of the injury during the twelve consecutive months prior to the injury.

3. Persons engaged in agriculture, insofar as injuries incurred by employees while engaged in agricultural pursuits or any operations immediately connected therewith whether on or off the premises of the employer, except:

*a.* This chapter applies to persons not specifically exempted by paragraph "b" of this subsection if at the time of injury the person is employed by an employer whose total cash payroll to one or more persons other than those exempted by paragraph "b" of this subsection amounted to two thousand five hundred dollars or more during the preceding calendar year.

*b.* The following persons or employees or groups of employees are specifically included within the exemption from coverage of this chapter provided by this subsection:

(1) The spouse of the employer, parents, brothers, sisters, children, and stepchildren of either the employer or the spouse of the employer, and the spouses of the brothers, sisters, children, and stepchildren of either the employer or the spouse of the employer.

(2) The spouse of a partner of a partnership, the parents, brothers, sisters, children, and stepchildren of either a partner or the spouse of a partner, and the spouses of the brothers, sisters, children, and stepchildren of either a partner or the spouse of a partner, who are employed by the partnership and actually engaged in agricultural pursuits or operations immediately connected with the agricultural pursuits either on or off the premises of the partnership. For the purpose of this section, "*partnership*" includes partnerships, limited

partnerships, and joint ventures.

(3) Officers of a family farm corporation or members of a limited liability company, spouses of the officers or members, the parents, brothers, sisters, children, and stepchildren of either the officers or members, or the spouses of the officers or members, and the spouses of the brothers, sisters, children, and stepchildren of either the officers or members, or the spouses of the officers or members who are employed by the corporation or limited liability company, the primary purpose of which, although not necessarily the stated purpose, is farming or ownership of agricultural land, and who are actually engaged in agricultural pursuits or operations immediately connected with the agricultural pursuits either on or off the premises of the corporation or limited liability company.

(4) A person engaged in agriculture as an owner of agricultural land, as a farm operator, or as a person engaged in agriculture who is exempt from coverage under this chapter by subsection 3, paragraph "b", subparagraph (1), (2), or (3), while exchanging labor with another owner of agricultural land, farm operator, or person engaged in agriculture who is exempt from coverage under this chapter by subsection 3, paragraph "b", subparagraph (1), (2), or (3), for the mutual benefit of all such persons.

Employers may with respect to an employee or a classification of employees exempt from coverage provided by this chapter pursuant to subsection 1, 2, or 3, other than the employee or classification of employees with respect to whom a rule of liability or a method of compensation is established by the Congress of the United States, assume a liability for compensation imposed upon employers by this chapter, for the benefit of employees within the coverage of this chapter, by the purchase of valid workers' compensation insurance that does not specifically exclude the employee or classification of employees. The purchase of and acceptance by an employer of valid workers' compensation insurance applicable to the employee or classification of employees constitutes an assumption by the employer of liability without any further act on the part of the employer, but only with respect to the employee or classification of employees as are within the coverage of the workers' compensation insurance contract and only for

the time period in which the insurance contract is in force. Upon an election of such coverage, the employee or classification of employees shall accept compensation in the manner provided by this chapter and the employer shall be relieved from any other liability for recovery of damage, or other compensation for injury.

2007 Acts, ch 128, §1  
Subsection 6 amended

**85.27 Services — release of information — charges — payment — debt collection prohibited.**

1. The employer, for all injuries compensable under this chapter or chapter 85A, shall furnish reasonable surgical, medical, dental, osteopathic, chiropractic, podiatric, physical rehabilitation, nursing, ambulance and hospital services and supplies therefor and shall allow reasonably necessary transportation expenses incurred for such services. The employer shall also furnish reasonable and necessary crutches, artificial members and appliances but shall not be required to furnish more than one set of permanent prosthetic devices.

2. Any employee, employer or insurance carrier making or defending a claim for benefits agrees to the release of all information to which the employee, employer, or carrier has access concerning the employee's physical or mental condition relative to the claim and further waives any privilege for the release of the information. The information shall be made available to any party or the party's representative upon request. Any institution or person releasing the information to a party or the party's representative shall not be liable criminally or for civil damages by reason of the release of the information. If release of information is refused the party requesting the information may apply to the workers' compensation commissioner for relief. The information requested shall be submitted to the workers' compensation commissioner who shall determine the relevance and materiality of the information to the claim and enter an order accordingly.

3. Notwithstanding section 85.26, subsection 4, charges believed to be excessive or unnecessary may be referred by the employer, insurance carrier, or health service provider to the workers' compensation commissioner for determination, and the commissioner may utilize the procedures provided in sections 86.38 and 86.39, or set by rule, and conduct such inquiry as the commissioner deems necessary. Any health service provider charges not in dispute shall be paid directly to the health service provider prior to utilization of procedures provided in sections 86.38 and 86.39 or set by rule. A health service provider rendering treatment to an employee whose injury is compensable under this section agrees to be bound by such charges as allowed by the workers' compensation commissioner and shall not recover in law or equi-

ty any amount in excess of charges set by the commissioner. When a dispute under this chapter, chapter 85A, or chapter 85B regarding reasonableness of a fee for medical services arises between a health service provider and an employer or insurance carrier, the health service provider, employer, or insurance carrier shall not seek payment from the injured employee. A health service provider shall not seek payment for fees in dispute from the insurance carrier or employer until the commissioner finds, pursuant to informal dispute resolution procedures established by rule by the commissioner, that the disputed amount is reasonable. This section does not affect the responsibility of an insurance carrier or an employer to pay amounts not in dispute or a health service provider's right to receive payment from an employee's nonoccupational plan as provided in section 85.38, subsection 2.

4. For purposes of this section, the employer is obliged to furnish reasonable services and supplies to treat an injured employee, and has the right to choose the care. If the employer chooses the care, the employer shall hold the employee harmless for the cost of care until the employer notifies the employee that the employer is no longer authorizing all or any part of the care and the reason for the change in authorization. An employer is not liable for the cost of care that the employer arranges in response to a sudden emergency if the employee's condition, for which care was arranged, is not related to the employment. The treatment must be offered promptly and be reasonably suited to treat the injury without undue inconvenience to the employee. If the employee has reason to be dissatisfied with the care offered, the employee should communicate the basis of such dissatisfaction to the employer, in writing if requested, following which the employer and the employee may agree to alternate care reasonably suited to treat the injury. If the employer and employee cannot agree on such alternate care, the commissioner may, upon application and reasonable proofs of the necessity therefor, allow and order other care. In an emergency, the employee may choose the employee's care at the employer's expense, provided the employer or the employer's agent cannot be reached immediately. An application made under this subsection shall be considered an original proceeding for purposes of commencement and contested case proceedings under section 85.26. The hearing shall be conducted pursuant to chapter 17A. Before a hearing is scheduled, the parties may choose a telephone hearing or an in-person hearing. A request for an in-person hearing shall be approved unless the in-person hearing would be impractical because of the distance between the parties to the hearing. The workers' compensation commissioner shall issue a decision within ten working days of receipt of an application for alternate care made pursuant to a telephone hearing or within fourteen working

days of receipt of an application for alternate care made pursuant to an in-person hearing. The employer shall notify an injured employee of the employee's ability to contest the employer's choice of care pursuant to this subsection.

5. When an artificial member or orthopedic appliance, whether or not previously furnished by the employer, is damaged or made unusable by circumstances arising out of and in the course of employment other than through ordinary wear and tear, the employer shall repair or replace it. When any crutch, artificial member or appliance, whether or not previously furnished by the employer, either is damaged or made unusable in conjunction with a personal injury entitling the employee to disability benefits, or services as provided by this section or is damaged in connection with employee actions taken which avoid such personal injury, the employer shall repair or replace it.

6. While a contested case proceeding for determination of liability for workers' compensation benefits is pending before the workers' compensation commissioner relating to an injury alleged to have given rise to treatment, no debt collection, as defined by section 537.7102, shall be undertaken against an employee or the employee's dependents for the collection of charges for that treatment rendered an employee by any health service provider. If debt collection is undertaken after a creditor receives actual notice that a contested case proceeding for determination of liability for workers' compensation benefits is pending, such debt collection shall constitute a prohibited practice under section 537.7103, and the employee or the employee's dependents are entitled to the remedies provided in section 537.5201. However, the health service provider may send one itemized written bill to the employee setting forth the amount of the charges in connection with the treatment after notification of the contested case proceeding.

7. If, after the third day of incapacity to work following the date of sustaining a compensable injury which does not result in permanent partial disability, or if, at any time after sustaining a compensable injury which results in permanent partial disability, an employee, who is not receiving weekly benefits under section 85.33 or section 85.34, subsection 1, returns to work and is required to leave work for one full day or less to receive services pursuant to this section, the employee shall be paid an amount equivalent to the wages lost at the employee's regular rate of pay for the time the employee is required to leave work. For the purposes of this subsection, "*day of incapacity to work*" means eight hours of accumulated absence from work due to incapacity to work or due to the receipt of services pursuant to this section. The employer shall make the payments under this subsection as wages to the employee after making such deductions from the amount as legally required or customarily made by the employer

from wages. Payments made under this subsection shall be required to be reimbursed pursuant to any insurance policy covering workers' compensation. Payments under this subsection shall not be construed to be payment of weekly benefits.

b. An amount equal to the amount which would be withheld pursuant to withholding tables in effect on July 1 preceding the injury under chapter 422, and any rules pursuant thereto, as though the employee had elected to claim the maximum number of exemptions for actual dependency, blindness and old age to which the employee is entitled on the date on which the employee was injured.

c. An amount equal to the amount required on July 1 preceding the injury by the Social Security Act of 1935 as amended, to be deducted or withheld from the amount of earnings of the employee at the time of the injury as if the earnings were earned at the beginning of the calendar year in which the employee was injured.

7. The words "personal injury arising out of and in the course of the employment" shall include injuries to employees whose services are being performed on, in, or about the premises which are occupied, used, or controlled by the employer, and also injuries to those who are engaged elsewhere in places where their employer's business requires their presence and subjects them to dangers incident to the business.

(1) Seventy-five percent or more of the remuneration, whether or not paid in cash, for the services performed by the individual as a real estate salesperson is derived from one company and is directly related to sales or other output, including the performance of services, rather than to the number of hours worked.

(2) The services performed by the individual are performed pursuant to a written contract between the individual and the person for whom the services are performed, and the contract provides that the individual will not be treated as an employee with respect to the services for state tax purposes.

e. “*Worker*” or “*employee*” includes a student enrolled in a public school corporation or accredited nonpublic school who is participating in a school-to-work program that includes but is not limited to the components provided for in section 258.10, subsection 2, paragraphs “a” through “f”. “*Worker*” or “*employee*” also includes a student enrolled in a community college as defined in section 260C.2, who is participating in a school-to-work program that includes but is not limited to the components provided for in section 258.10, subsection 2, paragraphs “a” through “f”, and that is offered by the community college pursuant to a contractual agreement with a school corporation or accredited nonpublic school to provide the program.

(e) The owner-operator determines the details and means of performing the services, in conformance with regulatory requirements, operating procedures of the carrier, and specifications of the shipper.

(f) The owner-operator enters into a contract which specifies the relationship to be that of an independent contractor and not that of an employee.

1. Every employer subject to the provisions of this and chapters 85, 85A, 85B, and 86, unless relieved therefrom as hereinafter provided, shall insure the employer's liability thereunder in some corporation, association, or organization approved by the commissioner of insurance.

2. A motor carrier who contracts with an owner-operator who is acting as an independent contractor pursuant to section 85.61, subsection 11, paragraph "g", shall not be required to insure the motor carrier's liability for the owner-operator. A motor carrier may procure compensation liability insurance coverage for these owner-operators, and may charge the owner-operator for the costs of the premiums. A motor carrier shall require the owner-operator to provide and maintain a certificate of workers' compensation insurance covering the owner-operator's employees. An owner-operator shall remain responsible for providing compensation liability insurance for the owner-operator's employees.

3. Every such employer shall exhibit, on demand of the workers' compensation commissioner, evidence of the employer's compliance with this section; and if such employer refuses, or neglects to comply with this section, the employer shall be

**87.11 Relief from insurance — procedures upon employer's insolvency.**

1. *a.* When an employer coming under this chapter furnishes satisfactory proofs to the insurance commissioner of such employer's solvency and financial ability to pay the compensation and benefits as by law provided and to make such payments to the parties when entitled thereto, or when such employer deposits with the insurance commissioner security satisfactory to the insurance commissioner as guaranty for the payment of such compensation, such employer shall be relieved of the provisions of this chapter requiring insurance; but such employer shall, from time to time, furnish such additional proof of solvency and financial ability to pay as may be required by such insurance commissioner. Such security shall be held in trust for the sole purpose of paying compensation and benefits and is not subject to attach-

ment, levy, execution, garnishment, liens, or any other form of encumbrance. However, the insurance commissioner shall be reimbursed from the security for all costs and fees incurred by the insurance commissioner in resolving disputes involving the security. A political subdivision, including a city, county, community college, or school corporation, that is self-insured for workers' compensation is not required to submit a plan or program to the insurance commissioner for review and approval.

b. If an approved self-insured employer discontinues its self-insured status or enters bankruptcy proceedings, the self-insured employer or its successor in interest may petition the commissioner of insurance for release of its security. The commissioner shall release the security upon a finding of both of the following:

(1) The employer has not been self-insured pursuant to this chapter for at least four years.

(2) Ten years have elapsed from the date of the last open claim, claim activity, or claim payment involving the self-insured employer or its successor in interest, whichever is later.

c. The commissioner shall release the security upon a finding that a self-insured employer presents acceptable replacement security.

2. An employer seeking relief from the insurance requirements of this chapter shall pay to the insurance division of the department of commerce the following fees:

a. A fee of one hundred dollars, to be submitted annually along with an application for relief.

b. A fee of one hundred dollars for issuance of the certificate relieving the employer from the insurance requirements of this chapter.

c. A fee of fifty dollars, to be submitted with each filing required by the commissioner of insurance, including but not limited to the annual and quarterly financial statements, and material change statements.

3. a. If an employer becomes insolvent and a debtor under 11 U.S.C., on or after January 1, 1990, the commissioner of insurance may request of the workers' compensation commissioner that all future payments of workers' compensation weekly benefits, medical expenses, or other payments pursuant to this chapter or chapter 85, 85A, 85B, or 86, be commuted to a present lump sum. The workers' compensation commissioner shall fix the lump sum of probable future medical ex-

penses and weekly compensation benefits, or other benefits payable pursuant to this chapter or chapter 85, 85A, 85B, or 86, capitalized at their present value upon the basis of interest at the rate provided in section 535.3 for court judgments and decrees. The commissioner of insurance shall be discharged from all further liability for the commuted workers' compensation claim upon payment of the present lump sum to either the claimant, or a licensed insurer for purchase of an annuity or other periodic payment plan for the benefit of the claimant.

b. The commissioner of insurance shall not be required to pay more for all claims of an insolvent self-insured employer than is available for payment of such claims from the security given under this section.

4. Notwithstanding contrary provisions of section 85.45, any future payment of medical expenses, weekly compensation benefits, or other payments by the commissioner of insurance from the security given under this section, pursuant to this chapter or chapter 85, 85A, 85B, or 86, shall be deemed an undue expense, hardship, or inconvenience upon the employer for purposes of a full commutation pursuant to section 85.45, subsection 2.

5. Financial statements provided to the commissioner of insurance pursuant to this section may be held as confidential, proprietary trade secrets pursuant to section 22.7, subsection 3, upon the request of the employer, subject to rules adopted by the commissioner of insurance, and are not subject to disclosure or examination under chapter 22.

### **87.23 Compensation liability insurance not required.**

A corporation, association, or organization approved by the commissioner of insurance to provide compensation liability insurance shall not require a motor carrier that contracts with an owner-operator who is acting as an independent contractor pursuant to section 85.61, subsection 11, paragraph "g", to purchase compensation liability insurance for the employer's liability for the owner-operator or its employees.

## CHAPTER 88

### OCCUPATIONAL SAFETY AND HEALTH

#### **88.5 Occupational safety and health standards.**

1. *Promulgation of rules.*

a. As soon as practicable following July 1, 1972, the commissioner shall by rule, adopt and promulgate those occupational safety and health

standards, which would result in improved safety or health for employees; provided, that the commissioner shall adopt no such standard unless the same has been adopted and promulgated as a permanent standard by the secretary in accordance with the procedures set forth in the federal law. In the event that any such federal standard is subsequently amended, modified, repealed, or substituted by a new standard, the commissioner shall, within ninety days, review such amendment, modification, repeal or substitution, and take such action with respect to the state standards, including the repeal or substitution of the same, as will conform the state standards to those federal standards then in effect.

b. Before adopting, modifying, or revoking any standard by rule pursuant to this section, the commissioner shall hold a public hearing on the subject matter of the proposed adoption, modification, or revocation. An interested person may appear and be heard at the hearing, in person or by agent or counsel. The provisions of this section are in addition to the requirements of chapter 17A.

c. Notwithstanding other provisions of this section, upon or following July 1, 1972, the commissioner may adopt as interim standards those standards adopted by the secretary in conformance with section 6(a) of the federal law, provided that any such standard so adopted shall cease to be effective on April 28, 1973, unless the commissioner shall have initiated the procedures for adopting a permanent standard in conformance with and following the procedures set forth in this section, in which case the interim standard shall remain in effect pending the adoption of the permanent standard. In the event that any such federal interim standard is subsequently amended, modified, repealed, or substituted by a new interim standard, the commissioner shall, within thirty days, review such amendment, modification, repeal or substitution, and take such action with respect to the state interim standards, including the repeal or substitution of the same, as will conform the state interim standards to those federal interim standards then in effect.

2. *Toxic materials and other harmful physical agents.* The commissioner, in promulgating standards dealing with toxic materials or harmful physical agents under this subsection, shall set the standard which most adequately assures, to the extent feasible, on the basis of the best available evidence, that no employee will suffer material impairment of health or functional capacity even if such employee has regular exposure to the hazard dealt with by such standard for the period of the employee's working life. Development of standards under this subsection shall be based upon research, demonstrations, experiments, and such other information as may be appropriate, but in any event shall conform with the provisions of subsection 1 of this section. In addition to the attainment of the highest degree of health and safe-

ty protection for the employee, other considerations shall be the latest available scientific data in the field, the feasibility of the standards, and experience gained under this and other health and safety laws. Whenever practicable, a standard promulgated shall be expressed in terms of objective criteria and of the performance desired.

3. *Temporary variances.*

a. Any employer may apply to the commissioner for a temporary order granting a variance from a standard or any provision thereof promulgated under this section. Such temporary order shall be granted only if the employer files an application which meets the requirements of paragraph "b" of this subsection and establishes that the employer is unable to comply with the standard by its effective date because of unavailability of professional or technical personnel or of materials and equipment needed to come into compliance with the standards or because necessary construction or operation of the facilities cannot be completed by the effective date, that the employer is taking all available steps to safeguard the employer's employees against the hazards that are covered by the standard, and that the employer has an effective program for coming into compliance with this standard as quickly as practicable. Any temporary order issued under this paragraph shall prescribe the practices, means, methods, operations, and processes which the employer must adopt and use while the order is in effect and state in detail the employer's program for coming into compliance with the standard. Such a temporary order may be granted only after notice to employees and an opportunity for a hearing, provided that the commissioner may issue one interim order to be effective until a decision is made on the basis of the hearing. No temporary order may be in effect longer than the period needed by the employer to achieve compliance with the standard, or one year, whichever is shorter except that such an order may be renewed not more than twice so long as the requirements of this paragraph are met and an application for renewal is filed at least ninety days prior to the expiration date of the order. No interim renewal of an order may remain in effect for longer than one hundred and eighty days.

b. An application for a temporary order under this subsection shall contain:

(1) A specification of the standard or portion thereof from which the employer seeks a variance.

(2) A representation by the employer, supported by representations from qualified persons having firsthand knowledge of the fact represented, that the employer is unable to comply with the standard or portion thereof and a detailed statement of those reasons therefor.

(3) A statement of the steps the employer has taken and will take (with specific dates) to protect employees against the hazard covered by the standard.

(4) A statement of when the employer expects

to be able to comply with the standard and what steps the employer has taken and what steps the employer will take (with dates specified) to come into compliance with the standard.

(5) A certification that the employer has informed the employer's employees of any application by giving a copy thereof to their authorized employee representative, posting a statement giving a summary of the application and specifying where a copy may be examined at the place or places where notices to employees are normally posted, and by other reasonably appropriate means as may be directed by the commissioner.

(6) A description of how employees have been informed shall be contained in the certification. The information to employees shall also inform them of their right to petition the commissioner for a hearing.

4. *Labels, warnings, protective equipment.* Any standard promulgated under this section shall prescribe the use of labels or other appropriate forms of warning as are necessary to insure that employees are apprised of all hazards to which they are exposed, relevant symptoms and appropriate emergency treatment, and proper conditions and precautions of safe use or exposure. Where appropriate, such standard shall also prescribe suitable protective equipment and control or technological procedures to be used in connection with such hazards and shall provide for monitoring or measuring employee exposure at such locations and intervals, and in such manner as may be necessary for the protection of employees. In addition, where appropriate, any such standard shall prescribe the type and frequency of medical examinations or other tests which shall be made available, by the employer or at the employer's cost, to employees exposed to such hazard in order to most effectively determine whether the health of such employee is adversely affected by such exposure. The results of such examinations or tests shall be furnished to the commissioner, and if released by the employee, shall be furnished to the employee's physician and the employer's physician.

5. *Emergency temporary standards.* The commissioner shall provide for an emergency temporary standard to take immediate effect if the commissioner determines that employees are exposed to grave danger from exposure from substances or agents determined to be toxic or physically harmful or from new hazards and if such emergency temporary standard is necessary to protect the employees from such danger. Such emergency standard shall cease to be effective and shall no longer be applicable after the lapse of six months following the effective date thereof unless the commissioner has initiated the procedures provided for under this chapter, for the purpose of promulgating a permanent standard as provided in subsection 1 of this section in which case the emergency temporary standard will remain in ef-

fect until the permanent standard is adopted and becomes effective. Abandonment of the procedure for such promulgation by the commissioner shall terminate the effectiveness and applicability of the emergency temporary standard.

6. *Permanent variance.* Any affected employer may apply to the commissioner for a rule or order for a permanent variance from a standard promulgated under this section. Affected employees shall be given notice of each such application and an opportunity to participate in a hearing. The commissioner shall issue such rule or order if the commissioner determines on the record, after opportunity for an inspection where appropriate and a hearing, that the proponent of the variance has demonstrated by a preponderance of the evidence that the conditions, practices, means, methods, operations, or processes used or proposed to be used by an employer will provide employment and places of employment to the employer's employees which are as safe and healthful as those which would prevail if the employer complied with the standard. The rule or order so issued shall prescribe the conditions the employer must maintain, and the practices, means, methods, operations, and processes which the employer must adopt and utilize to the extent that they differ from the standard in question. Such a rule or order may be modified or revoked upon application by an employer, employees, or by the commissioner on the commissioner's own motion, in the manner prescribed for its issuance under this subsection at any time after six months from its issuance.

7. *Special variance.* Where there are conflicts with standards, rules, or regulations promulgated by any federal agency other than the United States department of labor, special variances from standards, rules, or regulations promulgated under this chapter may be granted to avoid such regulatory conflicts. Such variances shall take into consideration the safety of the employees involved. Notwithstanding any other provision of this chapter, and with respect to this subsection, any employer seeking relief under this provision must file an application with the commissioner and the commissioner shall forthwith hold a hearing at which employees or other interested persons, including representatives of the federal regulatory agencies involved, may appear and, upon the showing that such a conflict indeed exists, the commissioner may issue a special variance until the conflict is resolved.

8. *Priority for setting standards.* In determining the priorities for establishing standards under this section, the commissioner shall give due regard to the urgency of the need for mandatory safety and health standards for particular industries, trades, crafts, occupations, businesses, workplaces or work environments.

9. *Product safety.* Standards promulgated under this chapter shall not be different from federal standards applying to products distributed or

used in interstate commerce unless such standards are required by compelling local conditions and do not unduly burden interstate commerce. This provision does not apply to customized products or parts not normally available on the open market, or to optional parts or additions to products which are ordinarily available with such optional parts or additions.

10. *Judicial review before enforcement.* The provisions of the Iowa administrative procedure Act, chapter 17A, shall apply to judicial review of standards issued under this section. Notwithstanding any provision of the Iowa administrative procedure Act, chapter 17A, to the contrary, a person who is aggrieved or adversely affected by a standard issued under this section must seek judicial review of such standard prior to the sixtieth day after such standard becomes effective. All determinations of the commissioner shall be conclusive if supported by substantial evidence in the record as a whole.

11. *Railway sanitation and shelter.* A railway corporation within the state shall provide adequate sanitation and shelter for all railway employees. The commissioner shall adopt rules requiring railway corporations within the state to provide a safe and healthy workplace. The commissioner shall enforce the requirements of this section upon the receipt of a written complaint.

ter, the progress toward achievement of the purpose of this chapter, the needs and requirements in the field of occupational safety and health, and any other relevant information. Such reports may include information regarding occupational safety and health standards, and criteria for such standards, developed during the preceding year; evaluation of standards and criteria previously developed under this chapter, defining areas of emphasis for new criteria and standards; and evaluation of the degree of observance of applicable occupational safety and health standards, and a summary of inspection and enforcement activity undertaken, including remedial actions taken under chapter 89A; analysis and evaluation of research activities for which results have been obtained under governmental and nongovernmental sponsorship; an analysis of major occupational diseases; evaluation of available control and measurement technology for hazards for which standards or criteria have been developed during the preceding year; description of cooperative efforts undertaken between government agencies and other interested parties in the implementation of this chapter during the preceding year; a progress report on the development of an adequate supply of trained personnel in the field of occupational safety and health, including estimates of future needs and the efforts being made by government and others to meet those needs; listing of all toxic substances in industrial usage for which labeling requirements, criteria, or standards have not yet been established; and such recommendations for additional legislation as are deemed necessary to protect the safety and health of the worker and improve the administration of this chapter.

5. The owner or user of a boiler of one hundred thousand pounds per hour or more capacity, unfired steam pressure vessel or regulated appurtenance desiring to qualify for biennial inspection shall keep available for examination by the commissioner accurate records showing the date and actual time the vessel is out of service and the reason it is out of service, and the chemical physical laboratory analyses of samples of the vessel water taken at regular intervals of not more than forty-eight hours of operation as will adequately show the condition of the water and any elements or characteristics of the water which are capable of producing corrosion or other deterioration of the vessel or its parts.

6. Internal inspections of cast aluminum steam, cast aluminum hot water heating, sectional cast iron steam, and cast iron hot water heating boilers shall be conducted only as deemed necessary by the commissioner. External operating inspections shall be conducted annually.

9. All power boilers that are converted to low pressure boilers shall have a fifteen pound safety

valve installed and be approved by the commissioner no later than thirty days after the expiration date of the certificate for the boiler.

10. An exhibition boiler does not require an annual inspection certificate but special inspections may be requested by the owner or an event's management to be performed by the commissioner. Upon the completion of an exhibition boiler inspection a written condition report shall be prepared by the commissioner regarding the condition of the exhibition boiler's boiler or pressure vessel. This report will be issued to the owner and the management of all events at which the exhibition boiler is to be operated. The event's management is responsible for the decision on whether the exhibition boiler should be operated and shall inform the division of labor of the event's management's decision. The event's management is responsible for any injuries which result from the operation of any exhibition boiler approved for use at the event by the event's management. A repair symbol, known as the "R" stamp, is not required for repairs made to exhibition boilers pursuant to the rules regarding inspections and repair of exhibition boilers as adopted by the commissioner, pursuant to chapter 17A.

An owner may appeal the commissioner's initial decision to the safety board. The decision of the safety board shall be considered final agency action pursuant to chapter 17A.

3. If the commissioner has reason to believe that the continued operation of a conveyance constitutes an imminent danger which could reason-

ably be expected to seriously injure or cause death to any person, in addition to any other remedies, the commissioner may apply to the district court in the county in which such imminently dangerous condition exists for a temporary order for the purpose of enjoining such imminently dangerous conveyance. Upon hearing, if deemed appropriate by the court, a permanent injunction may be issued to insure that such imminently dangerous conveyance be prevented or controlled. Upon the elimination or rectification of such imminently dangerous condition, the temporary or permanent injunction shall be vacated.

8. Except as provided in chapter 91A, the commissioner may recover interest, court costs, and any attorney fees incurred in recovering any amounts due. The recovery shall only take place after final agency action is taken under chapter 17A, or upon judicial review, after final disposition of the case by the court. Attorney fees recovered in an action brought under the jurisdiction of the commissioner shall be deposited in the general fund of the state. The commissioner is exempt from the payment of any filing fee or other court costs including but not limited to fees paid to county sheriffs.

9. The commissioner may establish rules pursuant to chapter 17A to assess and collect interest on fees, penalties, and other amounts due the division. The commissioner may delay or, following written notice, deny the issuance of a license, commission, registration, certificate, or permit authorized under chapter 88A, 89, 89A, 90A, 91C, or 94A if the applicant for the license, commission, registration, certificate, or permit owes a liquidated debt to the commissioner.

10. Serve as an ex officio member of the state fire service and emergency response council, or appoint a designee to serve as an ex officio member of such council, to assist the council in the development of rules relating to fire fighting training standards and any other issues relating to occupational safety and health standards for fire fighters.

## CHAPTER 91A

### WAGE PAYMENT COLLECTION

#### 91A.3 Mode of payment.

1. An employer shall pay all wages due its employees, less any lawful deductions specified in section 91A.5, at least in monthly, semimonthly, or biweekly installments on regular paydays which are at consistent intervals from each other and which are designated in advance by the employer. However, if any of these wages due its employees are determined on a commission basis, the employer may, upon agreement with the employee, pay only a credit against such wages. If such credit is paid, the employer shall, at regular intervals, pay any difference between a credit paid against wages determined on a commission basis and such wages actually earned on a commission basis. These regular intervals shall not be separated by more than twelve months. A regular payday shall not be more than twelve days, excluding Sundays and legal holidays, after the end of the period in which the wages were earned. An employer and employee may, upon written agreement which shall be maintained as a record, vary the provisions of this subsection.

2. The wages paid under subsection 1 shall be paid in United States currency or by written instrument issued by the employer and negotiable on demand at full face value for such currency, unless the employee has agreed in writing to receive a part of or all wages in kind or in other form.

3. *a.* The wages paid under subsection 1 shall be sent to the employee by mail or be paid at the employee's normal place of employment during normal employment hours or at a place and hour mutually agreed upon by the employer and employee, or the employee may elect to have the wages sent for direct deposit, on or by the regular payday of the employee, into a financial institution designated by the employee. An employee hired on or after July 1, 2005, may be required, as a condition of employment, to participate in direct deposit of the employee's wages in a financial in-

stitution of the employee's choice unless any of the following conditions exist:

(1) The costs to the employee of establishing and maintaining an account for purposes of the direct deposit would effectively reduce the employee's wages to a level below the minimum wage provided under section 91D.1.

(2) The employee would incur fees charged to the employee's account as a result of the direct deposit.

(3) The provisions of a collective bargaining agreement mutually agreed upon by the employer and the employee organization prohibit the employer from requiring an employee to sign up for direct deposit as a condition of hire.

*b.* If the employer fails to send an employee's wages for direct deposit on or by the regular payday in accordance with this subsection, the employer is liable for the amount of any overdraft charge if the overdraft is created on the employee's account because of the employer's failure to send the wages on or by the regular payday. The overdraft charges may be the basis for a claim under section 91A.10 and for damages under section 91A.8.

4. The wages paid under subsection 1 may be delivered to a designee of the employee who is so designated in writing or may be sent to the employee by any reasonable means requested by the employee in writing. A designee under this subsection shall not also be an assignee or buyer of wages under section 539.4 nor a garnisher of the employee under chapter 642, unless the designee complies with the provisions of section 539.4 and chapter 642.

5. If an employee is absent from the normal place of employment on the regular payday, the employer shall, upon demand of the employee made within the first seven days following the regular payday, pay the wages, less any lawful deductions specified in section 91A.5, which were due on

that regular payday. However, if demand is not made within this seven-day period, the employer shall, upon demand of the employee, pay the wages which were due on a regular payday within the first seven days following the day on which demand is made.

6. Expenses by the employee which are authorized by the employer and incurred by the employee shall either be reimbursed in advance of expenditure or be reimbursed not later than thirty days after the employee's submission of an expense claim. If the employer refuses to pay all or part of each claim, the employer shall submit to the employee a written justification of such refusal within the same time period in which expense claims are paid under this subsection.

7. If a farm labor contractor contracts with a person engaged in the production of seed or feed grains to remove unwanted or genetically deviant plants or corn tassels or to hand pollinate plants, and fails to pay all wages due the employees of the farm labor contractor, the person engaged in the production of seed or feed grains shall also be liable to the employees for wages not paid by the farm labor contractor.

### MINIMUM WAGE

#### **91D.1 Minimum wage requirements — exceptions.**

1. *a.* The state hourly wage shall be at least \$6.20 as of April 1, 2007, and \$7.25 as of January 1, 2008.

*b.* Every employer, as defined in the federal Fair Labor Standards Act of 1938, as amended to January 1, 2007, shall pay to each of the employer's employees, as defined in the federal Fair Labor Standards Act of 1938, as amended to January 1, 2007, the state hourly wage stated in paragraph "a", or the current federal minimum wage, pursuant to 29 U.S.C. § 206, as amended, whichever is greater.

*c.* For purposes of determining whether an employee of a restaurant, hotel, motel, inn, or cabin, who customarily and regularly receives more than thirty dollars a month in tips is receiving the minimum hourly wage rate prescribed by this section, the amount paid the employee by the employer shall be deemed to be increased on account of the tips by an amount determined by the employer, not to exceed forty percent of the applicable minimum wage. An employee may file a written appeal with the labor commissioner if the amount of tips received by the employee is less than the amount determined by the employer under this subsection.

*d.* An employer is not required to pay an employee the applicable state hourly wage provided

in paragraph "a" until the employee has completed ninety calendar days of employment with the employer. An employee who has completed ninety calendar days of employment with the employer prior to April 1, 2007, or January 1, 2008, shall earn the applicable state hourly minimum wage as of that date. An employer shall pay an employee who has not completed ninety calendar days of employment with the employer an hourly wage of at least \$5.30 as of April 1, 2007, and \$6.35 as of January 1, 2008.

2. The exemptions from the minimum wage requirements stated in 29 U.S.C. § 213 shall apply, except that the exemption in 29 U.S.C. § 213(a)(2) shall only apply to an enterprise which is comprised of one or more retail or service establishments whose annual gross volume of sales made or business done is less than sixty percent of the amount stated in 29 U.S.C. § 203(s)(2), exclusive of excise taxes at the retail level that are separately stated.

3. The labor commissioner shall adopt rules to implement and administer this section.

4. This section shall be enforced pursuant to chapter 91A.

2007 Acts, ch 1, §1 - 3  
Labor commissioner shall not impose liquidated damages pursuant to chapter 91A for employer violations of 2007 amendments to this section committed prior to July 1, 2007; 2007 Acts, ch 1, §2

Subsection 1, paragraphs a, b, and d amended

As used in this chapter:

1. “*Commissioner*” means the labor commissioner, appointed pursuant to section 91.2.
2. “*Employee*” means a natural person who is employed in this state for wages paid on an hourly basis by an employer. ## CHAPTER 96

### EMPLOYMENT SECURITY — UNEMPLOYMENT COMPENSATION

#### 96.5 Causes for disqualification.

An individual shall be disqualified for benefits:

1. *Voluntary quitting.* If the individual has left work voluntarily without good cause attributable to the individual’s employer, if so found by the department. But the individual shall not be disqualified if the department finds that:
  - a. The individual left employment in good faith for the sole purpose of accepting other or better employment, which the individual did accept, and the individual performed services in the new employment. Benefits relating to wage credits earned with the employer that the individual has left shall be charged to the unemployment compensation fund. This paragraph applies to both contributory and reimbursable employers, notwithstanding section 96.8, subsection 5.
  - b. Reserved.
  - c. The individual left employment for the necessary and sole purpose of taking care of a member of the individual’s immediate family who was then injured or ill, and if after said member of the family sufficiently recovered, the individual immediately returned to and offered the individual’s services to the individual’s employer, provided, however, that during such period the individual did not accept any other employment.
  - d. The individual left employment because of illness, injury or pregnancy upon the advice of a licensed and practicing physician, and upon knowledge of the necessity for absence immediately notified the employer, or the employer consented to the absence, and after recovering from the illness,

injury or pregnancy, when recovery was certified by a licensed and practicing physician, the individual returned to the employer and offered to perform services and the individual’s regular work or comparable suitable work was not available, if so found by the department, provided the individual is otherwise eligible.

e. The individual left employment upon the advice of a licensed and practicing physician, for the sole purpose of taking a member of the individual’s family to a place having a different climate, during which time the individual shall be deemed unavailable for work, and notwithstanding during such absence the individual secures temporary employment, and returned to the individual’s regular employer and offered the individual’s services and the individual’s regular work or comparable work was not available, provided the individual is otherwise eligible.

f. The individual left the employing unit for not to exceed ten working days, or such additional time as may be allowed by the individual’s employer, for compelling personal reasons, if so found by the department, and prior to such leaving had informed the individual’s employer of such compelling personal reasons, and immediately after such compelling personal reasons ceased to exist the individual returned to the individual’s employer and offered the individual’s services and the individual’s regular or comparable work was not available, provided the individual is otherwise eligible; except that during the time the individual is away from the individual’s work because of the continu-

ance of such compelling personal reasons, the individual shall not be eligible for benefits.

g. The individual left work voluntarily without good cause attributable to the employer under circumstances which did or would disqualify the individual for benefits, except as provided in paragraph "a" of this subsection but, subsequent to the leaving, the individual worked in and was paid wages for insured work equal to ten times the individual's weekly benefit amount, provided the individual is otherwise eligible.

h. The individual has left employment in lieu of exercising a right to bump or oust a fellow employee with less seniority or priority from the fellow employee's job.

i. The individual is unemployed as a result of the individual's employer selling or otherwise transferring a clearly segregable and identifiable part of the employer's business or enterprise to another employer which does not make an offer of suitable work to the individual as provided under subsection 3. However, if the individual does accept, and works in and is paid wages for, suitable work with the acquiring employer, the benefits paid which are based on the wages paid by the transferring employer shall be charged to the unemployment compensation fund provided that the acquiring employer has not received, or will not receive, a partial transfer of experience under the provisions of section 96.7, subsection 2, paragraph "b". Relief of charges under this paragraph applies to both contributory and reimbursable employers, notwithstanding section 96.8, subsection 5.

j. The individual is a temporary employee of a temporary employment firm who notifies the temporary employment firm of completion of an employment assignment and who seeks reassignment. Failure of the individual to notify the temporary employment firm of completion of an employment assignment within three working days of the completion of each employment assignment under a contract of hire shall be deemed a voluntary quit unless the individual was not advised in writing of the duty to notify the temporary employment firm upon completion of an employment assignment or the individual had good cause for not contacting the temporary employment firm within three working days and notified the firm at the first reasonable opportunity thereafter.

To show that the employee was advised in writing of the notification requirement of this paragraph, the temporary employment firm shall advise the temporary employee by requiring the temporary employee, at the time of employment with the temporary employment firm, to read and sign a document that provides a clear and concise explanation of the notification requirement and the consequences of a failure to notify. The document shall be separate from any contract of employment and a copy of the signed document shall be provided to the temporary employee.

For purposes of this paragraph:

(1) "*Temporary employee*" means an individual who is employed by a temporary employment firm to provide services to clients to supplement their workforce during absences, seasonal workloads, temporary skill or labor market shortages, and for special assignments and projects.

(2) "*Temporary employment firm*" means a person engaged in the business of employing temporary employees.

2. *Discharge for misconduct.* If the department finds that the individual has been discharged for misconduct in connection with the individual's employment:

a. The individual shall be disqualified for benefits until the individual has worked in and has been paid wages for insured work equal to ten times the individual's weekly benefit amount, provided the individual is otherwise eligible.

b. Provided further, if gross misconduct is established, the department shall cancel the individual's wage credits earned, prior to the date of discharge, from all employers.

c. Gross misconduct is deemed to have occurred after a claimant loses employment as a result of an act constituting an indictable offense in connection with the claimant's employment, provided the claimant is duly convicted thereof or has signed a statement admitting the commission of such an act. Determinations regarding a benefit claim may be redetermined within five years from the effective date of the claim. Any benefits paid to a claimant prior to a determination that the claimant has lost employment as a result of such act shall not be considered to have been accepted by the claimant in good faith.

3. *Failure to accept work.* If the department finds that an individual has failed, without good cause, either to apply for available, suitable work when directed by the department or to accept suitable work when offered that individual. The department shall, if possible, furnish the individual with the names of employers which are seeking employees. The individual shall apply to and obtain the signatures of the employers designated by the department on forms provided by the department. However, the employers may refuse to sign the forms. The individual's failure to obtain the signatures of designated employers, which have not refused to sign the forms, shall disqualify the individual for benefits until requalified. To requalify for benefits after disqualification under this subsection, the individual shall work in and be paid wages for insured work equal to ten times the individual's weekly benefit amount, provided the individual is otherwise eligible.

a. (1) In determining whether or not any work is suitable for an individual, the department shall consider the degree of risk involved to the individual's health, safety, and morals, the individual's physical fitness, prior training, length of unemployment, and prospects for securing local work in the individual's customary occupation, the dis-

tance of the available work from the individual's residence, and any other factor which the department finds bears a reasonable relation to the purposes of this paragraph. Work is suitable if the work meets all the other criteria of this paragraph and if the gross weekly wages for the work equal or exceed the following percentages of the individual's average weekly wage for insured work paid to the individual during that quarter of the individual's base period in which the individual's wages were highest:

(a) One hundred percent, if the work is offered during the first five weeks of unemployment.

(b) Seventy-five percent, if the work is offered during the sixth through the twelfth week of unemployment.

(c) Seventy percent, if the work is offered during the thirteenth through the eighteenth week of unemployment.

(d) Sixty-five percent, if the work is offered after the eighteenth week of unemployment.

(2) However, the provisions of this paragraph shall not require an individual to accept employment below the federal minimum wage.

b. Notwithstanding any other provision of this chapter, no work shall be deemed suitable and benefits shall not be denied under this chapter to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

(1) If the position offered is vacant due directly to a strike, lockout, or other labor dispute;

(2) If the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality;

(3) If as a condition of being employed, the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

#### 4. *Labor disputes.*

a. For any week with respect to which the department finds that the individual's total or partial unemployment is due to a stoppage of work which exists because of a labor dispute at the factory, establishment, or other premises at which the individual is or was last employed, provided that this subsection shall not apply if it is shown to the satisfaction of the department that:

(1) The individual is not participating in or financing or directly interested in the labor dispute which caused the stoppage of work; and

(2) The individual does not belong to a grade or class of workers of which, immediately before the commencement of the stoppage, there were members employed at the premises at which the stoppage occurs, any of whom are participating in or financing or directly interested in the dispute.

b. Provided, that if in any case separate branches of work which are commonly conducted as separate businesses in separate premises are conducted in separate departments of the same

premises, each such department shall, for the purposes of this subsection, be deemed to be a separate factory, establishment, or other premises.

#### 5. *Other compensation.*

a. For any week with respect to which the individual is receiving or has received payment in the form of any of the following:

(1) Wages in lieu of notice, separation allowance, severance pay, or dismissal pay.

(2) Compensation for temporary disability under the workers' compensation law of any state or under a similar law of the United States.

(3) A governmental or other pension, retirement or retired pay, annuity, or any other similar periodic payment made under a plan maintained or contributed to by a base period or chargeable employer where, except for benefits under the federal Social Security Act or the federal Railroad Retirement Act of 1974 or the corresponding provisions of prior law, the plan's eligibility requirements or benefit payments are affected by the base period employment or the remuneration for the base period employment. However, if an individual's benefits are reduced due to the receipt of a payment under this subparagraph, the reduction shall be decreased by the same percentage as the percentage contribution of the individual to the plan under which the payment is made.

b. Provided, that if the remuneration is less than the benefits which would otherwise be due under this chapter, the individual is entitled to receive for the week, if otherwise eligible, benefits reduced by the amount of the remuneration. Provided further, if benefits were paid for any week under this chapter for a period when benefits, remuneration or compensation under paragraph "a", subparagraph (1), (2), or (3), were paid on a retroactive basis for the same period, or any part thereof, the department shall recover the excess amount of benefits paid by the department for the period, and no employer's account shall be charged with benefits so paid. However, compensation for service-connected disabilities or compensation for accrued leave based on military service by the beneficiary with the armed forces of the United States, irrespective of the amount of the benefit, does not disqualify any individual otherwise qualified from any of the benefits contemplated herein. A deduction shall not be made from the amount of benefits payable for a week for individuals receiving federal social security pensions to take into account the individuals' contributions to the pension program.

6. *Benefits from other state.* For any week with respect to which or a part of which an individual has received or is seeking unemployment benefits under an unemployment compensation law of another state or of the United States, provided that if the appropriate agency of such other state or of the United States finally determines that the individual is not entitled to such unemployment benefits, this disqualification shall not apply.

7. *Vacation pay.*

a. When an employer makes a payment or becomes obligated to make a payment to an individual for vacation pay, or for vacation pay allowance, or as pay in lieu of vacation, such payment or amount shall be deemed “wages” as defined in section 96.19, subsection 41, and shall be applied as provided in paragraph “c” hereof.

b. When, in connection with a separation or layoff of an individual, the individual’s employer makes a payment or payments to the individual, or becomes obligated to make a payment to the individual as, or in the nature of, vacation pay, or vacation pay allowance, or as pay in lieu of vacation, and within ten calendar days after notification of the filing of the individual’s claim, designates by notice in writing to the department the period to which the payment shall be allocated; provided, that if such designated period is extended by the employer, the individual may again similarly designate an extended period, by giving notice in writing to the department not later than the beginning of the extension of the period, with the same effect as if the period of extension were included in the original designation. The amount of a payment or obligation to make payment, is deemed “wages” as defined in section 96.19, subsection 41, and shall be applied as provided in paragraph “c” of this subsection 7.

c. Of the wages described in paragraph “a” (whether or not the employer has designated the period therein described), or of the wages described in paragraph “b”, if the period therein described has been designated by the employer as therein provided, a sum equal to the wages of such individual for a normal workday shall be attributed to, or deemed to be payable to the individual with respect to, the first and each subsequent workday in such period until such amount so paid or owing is exhausted. Any individual receiving or entitled to receive wages as provided herein shall be ineligible for benefits for any week in which the sums, so designated or attributed to such normal workdays, equal or exceed the individual’s weekly benefit amount. If the amount so designated or attributed as wages is less than the weekly benefit amount of such individual, the individual’s benefits shall be reduced by such amount.

d. Notwithstanding contrary provisions in paragraphs “a”, “b”, and “c”, if an individual is separated from employment and is scheduled to receive vacation payments during the period of unemployment attributable to the employer and if the employer does not designate the vacation period pursuant to paragraph “b”, then payments made by the employer to the individual or an obligation to make a payment by the employer to the individual for vacation pay, vacation pay allowance or pay in lieu of vacation shall not be deemed wages as defined in section 96.19, subsection 41, for any period in excess of one week and such payments or the value of such obligations shall not be

deducted for any period in excess of one week from the unemployment benefits the individual is otherwise entitled to receive under this chapter. However, if the employer designates more than one week as the vacation period pursuant to paragraph “b”, the vacation pay, vacation pay allowance, or pay in lieu of vacation shall be considered wages and shall be deducted from benefits.

e. If an employer pays or is obligated to pay a bonus to an individual at the same time the employer pays or is obligated to pay vacation pay, a vacation pay allowance, or pay in lieu of vacation, the bonus shall not be deemed wages for purposes of determining benefit eligibility and amount, and the bonus shall not be deducted from unemployment benefits the individual is otherwise entitled to receive under this chapter.

8. *Administrative penalty.* If the department finds that, with respect to any week of an insured worker’s unemployment for which such person claims credit or benefits, such person has, within the thirty-six calendar months immediately preceding such week, with intent to defraud by obtaining any benefits not due under this chapter, willfully and knowingly made a false statement or misrepresentation, or willfully and knowingly failed to disclose a material fact; such person shall be disqualified for the week in which the department makes such determination, and forfeit all benefit rights under the unemployment compensation law for a period of not more than the remaining benefit period as determined by the department according to the circumstances of each case. Any penalties imposed by this subsection shall be in addition to those otherwise prescribed in this chapter.

9. *Athletes — disqualified.* Services performed by an individual, substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two successive sport seasons or similar periods, if such individual performs such services in the first of such seasons or similar periods and there is a reasonable assurance that such individual will perform such services in the later of such season or similar periods.

10. *Aliens — disqualified.* For services performed by an alien unless such alien is an individual who was lawfully admitted for permanent residence at the time such services were performed, was lawfully present for the purpose of performing such services, or was permanently residing in the United States under color of law at the time such services were performed, including an alien who is lawfully present in the United States as a result of the application of the provisions of section 212(d)(5) of the Immigration and Nationality Act. Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all appli-

cants for benefits. In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to such individual are not payable because of the individual's alien status shall be made except upon a preponderance of the evidence.

### 96.9 Unemployment compensation fund.

1. *Establishment and control.* There is hereby established as a special fund, separate and apart from all public moneys or funds of this state, an unemployment compensation fund, which shall be administered by the department exclusively for the purposes of this chapter. This fund shall consist of:

- a. All contributions collected under this chapter,
- b. Interest earned upon any moneys in the fund,
- c. Any property or securities acquired through the use of moneys belonging to the fund,
- d. All earnings of such property or securities, and
- e. All money credited to this state's account in the unemployment trust fund pursuant to section 903 of the Social Security Act [42 U.S.C. § 501 to 503, 1103 to 1105, 1321 to 1324]. All moneys in the unemployment compensation fund shall be mingled and undivided.

2. *Accounts and deposits.* The state treasurer shall be ex officio treasurer and custodian of the fund and shall administer such fund in accordance with the directions of the department. The director of the department of administrative services shall issue warrants upon the fund pursuant to the order of the department and such warrants shall be paid from the fund by the treasurer. The treasurer shall maintain within the fund three separate accounts:

- a. A clearing account.
- b. An unemployment trust fund account.
- c. A benefit account.

All moneys payable to the unemployment compensation fund and all interest and penalties on delinquent contributions and reports shall, upon receipt thereof by the department, be forwarded to the treasurer who shall immediately deposit them in the clearing account, but the interest and penalties on delinquent contributions and reports shall not be deemed to be a part of the fund. Refunds of contributions payable pursuant to section 96.14 shall be paid by the treasurer from the clearing account upon warrants issued by the director of the department of administrative services under the direction of the department. After clearance thereof, all other moneys in the clearing account, except interest and penalties on delinquent contributions and reports, shall be immediately deposited with the secretary of the treasury of the

United States to the credit of the account of this state in the unemployment trust fund, established and maintained pursuant to section 904 of the Social Security Act as amended, any provisions of law in this state relating to the deposit, administration, release or disbursement of moneys in the possession or custody of this state to the contrary notwithstanding. Interest and penalties on delinquent contributions and reports collected from employers shall be transferred from the clearing account to the special employment security contingency fund. The benefit account shall consist of all moneys requisitioned from this state's account in the unemployment trust fund for the payment of benefits. Except as herein otherwise provided, moneys in the clearing and benefit account may be deposited by the treasurer, under the direction of the department, in any bank or public depository in which general funds of the state may be deposited, but no public deposit insurance charge or premium shall be paid out of the fund. The treasurer shall give a separate bond conditioned upon the faithful performance of the treasurer's duties as custodian of the fund in an amount fixed by the governor and in form and manner prescribed by law. Premiums for said bond shall be paid from the administration fund.

Interest paid upon the moneys deposited with the secretary of the treasury of the United States shall be credited to the unemployment compensation fund.

3. *Withdrawals.* Moneys shall be requisitioned from this state's account in the unemployment trust fund solely for the payment of benefits and in accordance with regulations prescribed by the department, except that money credited to this state's account pursuant to section 903 of the Social Security Act may, subject to the conditions prescribed in subsection 4 of this section, be used for the payment of expenses incurred for the administration of this chapter. The department shall from time to time requisition from the unemployment trust fund such amounts, not exceeding the amounts standing to the account of this state therein, as the department deems necessary for the payment of benefits for a reasonable future period. Upon receipt thereof the treasurer shall deposit such moneys in the benefit account, and shall disburse such moneys upon warrants drawn by the director of the department of administrative services pursuant to the order of the department for the payment of benefits solely from such benefit account. Expenditures of such moneys from the benefit account and refunds from the clearing account shall not be subject to any provisions of law requiring specific appropriations or other formal release by state officers of money in their custody. All warrants issued by the director of the department of administrative services for the payment of benefits and refunds shall bear the signature of the director of the department of administrative

services. Any balance of moneys requisitioned from the unemployment trust fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which such sums were requisitioned shall either be deducted from estimates for, and may be utilized for the payment of, benefits during succeeding periods, or, in the discretion of the department, shall be redeposited with the secretary of the treasury of the United States, to the credit of this state's account in the unemployment trust fund, as provided in subsection 2 of this section.

4. *Money credited under section 903 of the Social Security Act.*

a. Money credited to the account of this state in the unemployment trust fund by the secretary of the treasury of the United States pursuant to section 903 of the Social Security Act may not be requisitioned from this state's account or used except for the payment of benefits and for the payment of expenses incurred for the administration of this chapter. Such money may be requisitioned pursuant to subsection 3 of this section for the payment of benefits. Such money may also be requisitioned and used for the payment of expenses incurred for the administration of this chapter but only pursuant to a specific appropriation by the legislature and only if the expenses are incurred and the money is requisitioned after the enactment of an appropriation law which (1) specifies the purposes for which such money is appropriated and the amounts appropriated therefor, (2) limits the period within which such money may be obligated to a period ending not more than two years after the date of the enactment of the appropriation law, and (3) limits the amount which may be obligated during a twelve-month period beginning on July 1 and ending on the next June 30 to an amount which does not exceed the amount by which the aggregate of the amounts transferred to the account of this state pursuant to section 903 of the Social Security Act exceeds the aggregate of the amounts used by this state pursuant to this chapter and charged against the amounts transferred to the account of this state during the same twelve-month period. For purposes of this subsection, amounts used by this state for administration shall be chargeable against transferred amounts at the exact time the obligation is entered into. The use of money appropriated under this subsection shall be accounted for in accordance with standards established by the United States secretary of labor.

b. Money requisitioned as provided herein for the payment of expenses of administration shall be deposited in the employment security administration fund, but, until expended, shall remain a part of the unemployment compensation fund. The treasurer of state shall maintain a separate record of the deposit, obligation, expenditure, and return of funds so deposited. Any money so deposited which either will not be obligated within the

period specified by the appropriation law or remains unobligated at the end of the period, and any money which has been obligated within the period but will not be expended, shall be returned promptly to the account of this state in the unemployment trust fund.

5. *Administration expenses excluded.* Any amount credited to this state's account in the unemployment trust fund under section 903 of the Social Security Act which has been appropriated for expenses of administration pursuant to subsection 4 of this section, whether or not withdrawn from such account, shall not be deemed assets of the unemployment compensation fund for the purpose of computing contribution rates under section 96.7, subsection 3, of this chapter.

6. *Management of funds in the event of discontinuance of unemployment trust fund.* The provisions of subsections 1, 2, and 3 to the extent that they relate to the unemployment trust fund shall be operative only so long as such unemployment trust fund continues to exist and so long as the secretary of the treasury of the United States continues to maintain for this state a separate book account of all funds deposited therein by this state for benefit purposes, together with this state's proportionate share of the earnings of such unemployment trust fund, from which no other state is permitted to make withdrawals. If and when such unemployment trust fund ceases to exist, or such separate book account is no longer maintained, all moneys, properties, or securities therein, belonging to the unemployment compensation fund of this state shall be transferred to the treasurer of the unemployment compensation fund, who shall hold, invest, transfer, sell, deposit, and release such moneys, properties, or securities in a manner approved by the director, treasurer of state, and governor, in accordance with the provisions of this chapter: Provided, that such moneys shall be invested in the following readily marketable classes of securities; such securities as are authorized by the laws of the state of Iowa for the investment of trust funds. The treasurer shall dispose of securities and other properties belonging to the unemployment compensation fund only under the direction of the director, treasurer of state, and governor.

7. *Cancellation of warrants.* The director of the department of administrative services, as of January 1, April 1, July 1, and October 1 of each year, shall stop payment on all warrants for the payment of benefits which have been outstanding and unredeemed by the state treasurer for six months or longer. Should the original warrants subsequently be presented for payment, warrants in lieu thereof shall be issued by the director of the department of administrative services at the discretion of and certification by the department.

8. *Unemployment compensation reserve fund.*

a. A special fund to be known as the unemployment compensation reserve fund is created in the

state treasury. The reserve fund is separate and distinct from the unemployment compensation fund. All moneys collected as reserve contributions, as defined in paragraph "b", shall be deposited in the reserve fund. The moneys in the reserve fund may be used for the payment of unemployment benefits and shall remain available for expenditure in accordance with the provisions of this subsection. The treasurer of state shall be the custodian of the reserve fund and shall disburse the moneys in the reserve fund in accordance with this subsection and the directions of the director of the department of workforce development.

b. If the balance in the reserve fund on July 1 of the preceding calendar year for calendar year 2004 and each year thereafter is less than one hundred fifty million dollars, a percentage of contributions, as determined by the director, shall be deemed to be reserve contributions for the following calendar year. If the percentage of contributions, termed the reserve contribution tax rate, is not zero percent as determined pursuant to this subsection, the combined tax rate of contributions to the unemployment compensation fund and to the unemployment compensation reserve fund shall be divided so that a minimum of fifty percent of the combined tax rate equals the unemployment contribution tax rate and a maximum of fifty percent of the combined tax rate equals the reserve contribution tax rate except for employers who are assigned a combined tax rate of five and four-tenths. For those employers, the reserve contribution tax rate shall equal zero and their combined tax rate shall equal their unemployment contribution rate. When the reserve contribution tax rate is determined to be zero percent, the unemployment contribution rate for all employers shall equal one hundred percent of the combined tax rate. The reserve contributions collected in any calendar year shall not exceed fifty million dollars. The provisions for collection of contributions under section 96.14 are applicable to the collection of reserve contributions. Reserve contributions shall not be deducted in whole or in part by any employer from the wages of individuals in its employ. All moneys collected as reserve contributions shall not become part of the unemployment compensation fund but shall be deposited in the reserve fund created in this subsection.

c. Moneys in the reserve fund shall only be used to pay unemployment benefits to the extent moneys in the unemployment compensation fund are insufficient to pay benefits during a calendar quarter.

d. The interest earned on the moneys in the reserve fund shall be deposited in and credited to the reserve fund.

e. Moneys from interest earned on the unemployment compensation reserve fund shall be used by the department only upon appropriation by the general assembly and for administrative costs to

collect the reserve contributions.

### 96.11 Duties, powers, rules — privilege.

1. *Duties and powers of director.* It shall be the duty of the director to administer this chapter; and the director shall have power and authority to adopt, amend, or rescind pursuant to chapter 17A such rules, to employ such persons, make such expenditures, require such reports, make such investigations, and take such other action as the director deems necessary or suitable to that end. Not later than the fifteenth day of December of each year, the director shall submit to the governor a report covering the administration and operation of this chapter during the preceding fiscal year and shall make such recommendations for amendments to this chapter as the director deems proper. Such report shall include a balance sheet of the moneys in the fund. Whenever the director believes that a change in contribution or benefits rates will become necessary to protect the solvency of the fund, the director shall promptly so inform the governor and the legislature, and make recommendations with respect thereto.

2. *General and special rules.* Each employer shall post and maintain printed statements of all rules of the department in places readily accessible to individuals in the employer's service, and shall make available to each such individual at the time the individual becomes unemployed a printed statement of such rules relating to the filing of claims for benefits. Such printed statements shall be supplied by the department to each employer without cost to the employer.

3. *Publications.* The director shall cause to be printed for distribution to the public the text of this chapter, the department's general rules, its annual reports to the governor, and any other material the director deems relevant and suitable and shall furnish the same to any person upon application therefor.

The department shall prepare and distribute to the public as labor force data, only that data adjusted according to the current population survey and other nonlabor force statistics which the department determines are of interest to the public.

4. *Bonds.* The director may bond any employee handling moneys or signing checks.

5. *Employment stabilization.* The director, with the advice and aid of the appropriate bureaus of the department, shall take all appropriate steps to reduce and prevent unemployment; to encourage and assist in the adoption of practical methods of vocational training, retraining and vocational guidance; to investigate, recommend, advise, and assist in the establishment and operation, by municipalities, counties, school districts, and the state, of reserves for public works to be used in times of business depression and unemployment;

to promote the reemployment of unemployed workers throughout the state in every other way that may be feasible; and to these ends to carry on and publish the results of investigations and research studies.

6. *Records, reports, and confidentiality.*

a. An employing unit shall keep true and accurate work records, containing information required by the department. The records shall be open to inspection and copying by an authorized representative of the department at any reasonable time and as often as necessary. An authorized representative of the department may require from an employing unit a sworn or unsworn report, with respect to individuals employed by the employing unit, which the department deems necessary for the effective administration of this chapter.

b. (1) The department shall hold confidential the information obtained from an employing unit or individual in the course of administering this chapter and the initial determination made by a representative of the department under section 96.6, subsection 2, as to the benefit rights of an individual. The department shall not disclose or open this information for public inspection in a manner that reveals the identity of the employing unit or the individual, except as provided in subparagraph (3) or paragraph "c".

(2) A report or statement, whether written or verbal, made by a person to a representative of the department or to another person administering this law is a privileged communication. A person is not liable for slander or libel on account of the report or statement unless the report or statement is made with malice.

(3) Information obtained from an employing unit or individual in the course of administering this chapter and an initial determination made by a representative of the department under section 96.6, subsection 2, as to benefit rights of an individual shall not be used in any action or proceeding, except in a contested case proceeding or judicial review under chapter 17A. However, the department shall make information, which is obtained from an employing unit or individual in the course of administering this chapter and which relates to the employment and wage history of the individual, available to a county attorney for the county attorney's use in the performance of duties under section 331.756, subsection 5. Information in the department's possession which may affect a claim for benefits or a change in an employer's rating account shall be made available to the interested parties. The information may be used by the interested parties in a proceeding under this chapter to the extent necessary for the proper presentation or defense of a claim.

(4) The department shall hold confidential unemployment insurance information received by the department from an unemployment insurance agency of another state.

c. Subject to conditions as the department by rule prescribes, information obtained from an employing unit or individual in the course of administering this chapter and an initial determination made by a representative of the department under section 96.6, subsection 2, as to benefit rights of an individual may be made available for purposes consistent with the purposes of this chapter to any of the following:

(1) An agency of this or any other state or a federal agency responsible for the administration of an unemployment compensation law or the maintenance of a system of public employment offices.

(2) The internal revenue service of the United States department of the treasury.

(3) The Iowa department of revenue.

(4) The social security administration of the United States department of health and human services.

(5) An agency of this or any other state or a federal agency responsible for the administration of public works or the administration of public assistance to unemployed individuals.

(6) Colleges, universities, and public agencies of this state for use in connection with research of a public nature, provided the department does not reveal the identity of an employing unit or individual.

(7) An employee of the department, a member of the general assembly, or a member of the United States Congress in connection with the employee's or member's official duties.

(8) The United States department of housing and urban development and representatives of a public housing agency.

d. Upon request of an agency of this or another state or of the federal government which administers or operates a program of public assistance or child support enforcement under either the law of this or another state or federal law, or which is charged with a duty or responsibility under the program, and if the agency is required by law to impose safeguards for the confidentiality of information at least as effective as required under this subsection, then the department shall provide to the requesting agency, with respect to any named individual without regard to paragraph "g", any of the following information:

(1) Whether the individual is receiving or has received benefits, or has made an application for benefits under this chapter.

(2) The period, if any, for which benefits were payable and the weekly benefit amount.

(3) The individual's most recent address.

(4) Whether the individual has refused an offer of employment, and, if so, the date of the refusal and a description of the employment refused, including duties, conditions of employment, and the rate of pay.

(5) The individual's wage information.

e. The department may require an agency which is provided information under this subsec-

tion to reimburse the department for the costs of furnishing the information.

*f.* A public official or an agent or contractor of a public official who receives information pursuant to this subsection or a third party other than an agent who acts on behalf of a claimant or employer and who violates this subsection is guilty, upon conviction, of a serious misdemeanor. For the purposes of this subsection, “*public official*” means an official or employee within the executive branch of federal, state, or local government, or an elected official of the federal or a state or local government.

*g.* Information subject to the confidentiality of this subsection shall not be directly released to any authorized agency unless an attempt is made to provide written notification to the individual involved. Information released in accordance with criminal investigations by a law enforcement agency of this state, another state, or the federal government is exempt from this requirement.

*h.* The department and its employees shall not be liable for any acts or omissions resulting from the release of information to any person pursuant to this subsection.

7. *Oaths and witnesses.* In the discharge of the duties imposed by this chapter, the chairperson of the appeal board and any duly authorized representative of the department shall have power to administer oaths and affirmations, take depositions, certify to official acts, and issue subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda, and other records deemed necessary as evidence in connection with a disputed claim or the administration of this chapter.

8. *Subpoenas.* In case of contumacy by, or refusal to obey a subpoena issued to any person, any court of this state within the jurisdiction of which the inquiry is carried on or within the jurisdiction of which said person guilty of contumacy or refusal to obey is found or resides or transacts business, upon application by the department, or any member or duly authorized representative thereof, shall have jurisdiction to issue to such person an order requiring such person to appear before the department or any member or duly authorized representative thereof to produce evidence if so ordered or to give testimony touching the matter under investigation or in question; any failure to obey such order of the court may be punished by said court as a contempt thereof.

9. *Protection against self-incrimination.* No person shall be excused from attending and testifying or from producing books, papers, correspondence, memoranda, and other records before the department, or the appeal board, or in obedience to a subpoena in any cause or proceeding provided for in this chapter, on the ground that the testimony or evidence, documentary or otherwise, required of the person may tend to incriminate the person or subject the person to a penalty for forfei-

ture; but no individual shall be prosecuted or subjected to any penalty of forfeiture for or on account of any transaction, matter, or thing concerning which the individual is compelled, after having claimed privilege against self-incrimination, to testify or produce evidence, documentary or otherwise, except that such individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying.

10. *State-federal cooperation.* In the administration of this chapter, the department shall cooperate with the United States department of labor to the fullest extent consistent with the provisions of this chapter, and shall take such action, through the adoption of appropriate rules, regulations, administrative methods and standards, as may be necessary to secure to this state and its citizens all advantages available under the provisions of the Social Security Act that relate to unemployment compensation, the federal Unemployment Tax Act, the Wagner-Peyser Act, and the Federal-State Extended Unemployment Compensation Act of 1970.

In the administration of the provisions of section 96.29 which are enacted to conform with the requirements of the Federal-State Extended Unemployment Compensation Act of 1970, the department shall take such action as may be necessary to insure that the provisions are so interpreted and applied as to meet the requirements of such federal Act as interpreted by the United States department of labor, and to secure to this state the full reimbursement of the federal share of extended benefits paid under this chapter that are reimbursable under the federal Act.

The department shall make such reports, in such form and containing such information as the United States department of labor may from time to time require, and shall comply with such provisions as the United States department of labor may from time to time find necessary to assure the correctness and verification of such reports; and shall comply with the regulations prescribed by the United States department of labor governing the expenditures of such sums as may be allotted and paid to this state under Title III of the Social Security Act for the purpose of assisting in administration of this chapter.

The department may make its records relating to the administration of this chapter available to the railroad retirement board, and may furnish the railroad retirement board such copies thereof as the railroad retirement board deems necessary for its purposes. The department may afford reasonable cooperation with every agency of the United States charged with the administration of any unemployment insurance law. The railroad retirement board or any other agency requiring such services and reports from the department shall pay the department such compensation therefor as the department determines to be fair and reasonable.

11. *Destruction of records.* The department may destroy or dispose of such original reports or records as have been properly recorded or summarized in the permanent records of the department and are deemed by the director and the state records commission to be no longer necessary to the proper administration of this chapter. Wage records of the individual worker or transcripts therefrom may be destroyed or disposed of, if approved by the state records commission, two years after the expiration of the period covered by such wage records or upon proof of the death of the worker. Such destruction or disposition shall be made only by order of the director in consultation with the state records commission. Any moneys received from the disposition of such records shall be deposited to the credit of the employment security administration fund, subject to rules promulgated by the department.

12. *Unemployment benefits contested case hearing records.* Notwithstanding the provisions of section 17A.12 to the contrary, the recording of oral proceedings of a hearing conducted before an administrative law judge pursuant to section 96.6, subsection 3, in which the decision of the administrative law judge is not appealed to the employment appeal board, shall be filed with and maintained by the department for at least two years from the date of decision.

13. *Purging uncollectible overpayments.* Notwithstanding any other provision of this chapter, the department shall review all outstanding overpayments of benefit payments annually. The department may determine as uncollectible and purge from its records any remaining unpaid balances of outstanding overpayments which are ten years or older from the date of the overpayment decision.

14. *Access to available jobs list.* The department shall make available for consultation by the public, at each of the department's offices, a list of current job openings listed with the department, provided that the list shall comply with the confidentiality requirements of subsection 6, or those mandated by the federal government.

15. *Special contractor numbers.* For purposes of contractor registration under chapter 91C, the department shall provide for the issuance of special contractor numbers to contractors for whom employer accounts are not required under this chapter. A contractor who is not in compliance with the requirements of this chapter shall not be issued a special contractor number.

16. *Reimbursement of setoff costs.* The department shall include in the amount set off in accordance with section 8A.504, for the collection of an overpayment created pursuant to section 96.3, subsection 7, or section 96.16, subsection 4, an additional amount for the reimbursement of setoff costs incurred by the department of administra-

tive services.

2007 Acts, ch 77, §1, 2  
 Subsection 6, paragraph b, NEW subparagraph (4)  
 Subsection 6, paragraph f amended

**96.14 Priority — refunds.**

1. *Interest.* Any employer who shall fail to pay any contribution and at the time required by this chapter and the rules of the department shall pay to the department in addition to such contribution, interest thereon at the rate of one percent per month and one-thirtieth of one percent for each day or fraction thereof computed from the date upon which said contribution should have been paid.

2. *Penalties.* Any employer who shall fail to file a report of wages paid to each of the employer's employees for any period in the manner and within the time required by this chapter and the rules of the department or any employer who the department finds has filed an insufficient report and fails to file a sufficient report within thirty days after a written request from the department to do so shall pay a penalty to the department.

a. The penalty shall become effective with the first day the report is delinquent or, where a report is insufficient, with the thirty-first day following the written request for a sufficient report.

b. The penalty for failing to file a sufficient report shall be in addition to any penalty incurred for a delinquent report where the delinquent report is also insufficient.

c. The amount of the penalty for delinquent and insufficient reports shall be computed based on total wages in the period for which the report was due and shall be computed as follows:

Days Delinquent or Insufficient	Penalty Rate
1 – 60	0.1%
61 – 120	0.2%
121 – 180	0.3%
181 – 240	0.4%
241 or over	0.5%

d. A penalty shall not be less than ten dollars for the first delinquent report or the first insufficient report not made sufficient within thirty days after a request to do so. The penalty shall not be less than twenty-five dollars for the second delinquent or insufficient report, and not less than fifty dollars for each delinquent or insufficient report thereafter, until four consecutive calendar quarters of reports are timely and sufficiently filed. Interest, penalties, and cost shall be collected by the department in the same manner as provided by this chapter for contributions.

e. If the department finds that any employer has willfully failed to pay any contribution or part thereof when required by this chapter and the rules of the department, with intent to defraud the

department, then such employer shall in addition to such contribution or part thereof, pay a contribution equal to fifty percent of the amount of such contribution or part thereof, as the case may be.

f. The department may cancel any interest or penalties if it is shown to the satisfaction of the department that the failure to pay a required contribution or to file a required report was not the result of negligence, fraud, or intentional disregard of the law or the rules of the department.

3. *Lien of contributions — collection.* Whenever any employer liable to pay contributions refuses or neglects to pay the same, the amount, including any interest, together with the costs that may accrue in addition thereto, shall be a lien in favor of the state upon all property and rights to property, whether real or personal, belonging to said employer. An assessment of the unpaid contributions, interest and penalty shall be applied as provided in section 96.7, subsection 3, paragraphs “a” and “b”, and the lien shall attach as of the date the assessment is mailed or personally served upon the employer and shall continue for ten years, or until the liability for the amount is satisfied, unless sooner released or otherwise discharged. The lien may, within ten years from the date the lien attaches, be extended for up to an additional ten years by filing a notice during the ninth year with the appropriate county official of any county. However, the department may release any lien, when after diligent investigation and effort it determines that the amount due is not collectible.

In order to preserve the aforesaid lien against subsequent mortgagees, purchasers or judgment creditors, for value and without notice of the lien, on any property situated in a county, the department shall file with the recorder of the county, in which said property is located, a notice of said lien.

The county recorder of each county shall prepare and keep in the recorder’s office an index to show the following data, under the names of employers, arranged alphabetically:

- a. The name of the employer.
- b. The name “*State of Iowa*” as claimant.
- c. Time notice of lien was received.
- d. Date of notice.
- e. Amount of lien then due.
- f. When satisfied.

The recorder shall endorse on each notice of lien the day, hour, and minute when received and shall index the notice in the index and shall record the lien in the manner provided for recording real estate mortgages, and the lien shall be effective from the time of the indexing of the lien.

The department shall pay a recording fee as provided in section 331.604, for the recording of the lien, or for its satisfaction.

Upon the payment of contributions as to which the department has filed notice with a county recorder, the department shall forthwith file with said recorder a satisfaction of said contributions

and the recorder shall enter said satisfaction on the notice on file in the recorder’s office and indicate said fact on the index aforesaid.

The department shall, substantially as provided in this chapter and chapter 626, proceed to collect all contributions as soon as practicable after they become delinquent, except that no property of the employer is exempt from payment of the contributions.

If, after due notice, any employer defaults in any payment of contributions or interest thereon, the amount due may be collected by civil action in the name of the department and the employer adjudged in default shall pay the costs of such action. Civil actions brought under this section to collect contributions or interest thereon from an employer shall be heard by the court at the earliest possible date and shall be entitled to preference upon the calendar of the court over all other civil actions except petitions for judicial review under this chapter and cases arising under the workers’ compensation law of this state.

It is expressly provided that the foregoing remedies of the state shall be cumulative and that no action taken by the department shall be construed to be an election on the part of the state or any of its officers to pursue any remedy hereunder to the exclusion of any other remedy provided by law.

The courts of this state shall recognize and enforce liabilities for unemployment contributions, penalties, interest and benefit overpayments imposed by other states which extend a like comity to this state. The department may sue in the courts of any other jurisdiction which extends such comity to collect unemployment contributions, penalties, interest and benefit overpayments due this state. The officials of other states which, by statute or otherwise, extend a like comity to this state may sue in the district court to collect for such contributions, penalties, interest and benefit overpayments. In any such case the director, as agent for and on behalf of any other state, may institute and conduct such suit for such other state. Venue of such proceedings shall be the same as for actions to collect delinquent contributions, penalties, interest and benefit overpayments due under this chapter. A certificate by the secretary of any such state attesting the authority of such official to collect the contributions, penalties, interest and benefit overpayments, is conclusive evidence of such authority. The requesting state shall pay the court costs.

If a political subdivision or a political subdivision instrumentality becomes delinquent in the payment of contributions, any payments owed as a government employer, penalty, interest and costs for more than two calendar quarters, the amount of such delinquency shall be deducted from any further moneys due the employer by the state. Such deduction shall be made by the director of the department of administrative services upon certification of the amount due. A copy of the

certification will be mailed to the employer.

If an amount due from a governmental entity of this state remains due and unpaid for a period of one hundred twenty days after the due date, the director shall take action as necessary to collect the amount and shall levy against any funds due the governmental entity from the state treasurer, director of the department of administrative services, or any other official or agency of this state or against an account established by the entity in any bank. The official, agency or bank shall deduct the amount certified by the director from any accounts or deposits or any funds due the delinquent governmental entity without regard to any prior claim and shall promptly forward the amount to the director for the fund. However, the director shall notify the delinquent entity of the director's intent to file a levy by certified mail at least ten days prior to filing the levy on any funds due the entity from any state official or agency.

4. *Priorities under legal dissolutions or distributions.* In the event of any distribution of an employer's assets pursuant to an order of any court under the laws of this state, including any receivership, assignment for benefit of creditors, adjudicated insolvency, composition, or similar proceeding, contributions then or thereafter due shall be paid in full prior to all other claims except taxes and claims for wages preferred as provided by statute. In the event of an employer's adjudication in bankruptcy, judicially confirmed extension proposal, or composition, under the federal Bankruptcy Act of 1898, as amended, contributions then or thereafter due shall be entitled to such priority as is provided in section 64 "a" of that Act [11 U.S.C. § 104 "b", as amended].

5. *Refunds, compromises and settlements.* If the department finds that an employer has paid contributions, interest on contributions, or penalties, which have been erroneously paid or if the employer has overpaid contributions because the employer's contribution rate was subsequently reduced pursuant to section 96.7, subsection 2, paragraph "e", solely due to benefits initially charged against but later removed from an employer's account, and the employer has filed an application for refund, the department shall refund the erroneous payment or overpayment. Refunds so made shall be charged to the fund to which the collections have been credited, and shall be paid to the employer without interest. A claim for refund shall be made within three years from the date of payment. For like cause, refunds, compromises, and settlements may be made by the department on its own initiative within three years of the date of the payment or assessment. If the department finds that the contribution that has been assessed against an employer is of doubtful collectibility or may not be collected in full, the department may institute a proceeding in the district court in the

county in which the employer against which the tax is levied is located, requesting authority to compromise the contribution. Notice of the filing of an application shall be given to the interested parties as the court may prescribe. The court upon hearing may authorize the department to compromise and settle its claim for the contribution and shall fix the amount to be received by the department in full settlement of the claim and shall authorize the release of the department's lien for the contribution.

6. *Nonresident employing units.* Any employing unit which is a nonresident of the state of Iowa and for which services are performed in insured work within the state of Iowa and any resident employer for which such services are performed and who thereafter leaves the state of Iowa by having such services performed within the state of Iowa shall be deemed:

a. To agree that such employing unit shall be subject to the jurisdiction of the district court of the state of Iowa over all civil actions and proceedings against such employing unit for all purposes of this chapter, and

b. To appoint the secretary of state of this state as its lawful attorney upon whom may be served all original notices of suit and other legal processes pertaining to such actions and proceedings, and

c. To agree that any original notice of suit or any other legal process so served upon such nonresident employing unit shall be of the same legal force and validity as if personally served on it in this state.

7. *Original notice — form.* The original notice of suit filed with the secretary of state shall be in form and substance the same as now provided in suits against residents of this state, except that the part of the notice pertaining to the return day shall be in substantially the following form:

And unless you appear and defend in the district court of Iowa in and for . . . . . county at the courthouse in . . . . ., Iowa, before noon of the sixtieth day following the filing of this notice with the secretary of state of this state, you will be adjudged in default, your default entered of record, and judgment rendered against you for the relief sought in plaintiff's petition.

8. *Manner of service.* Plaintiff in any such action shall cause the original notice of suit to be served as follows:

a. By filing a copy of said original notice of suit with said secretary of state, together with a fee of four dollars, and

b. By mailing to the defendant, and to each of the defendants if more than one, within ten days after said filing with the secretary of state, by restricted certified mail addressed to the defendant

at the defendant's last known residence or place of abode, a notification of the said filing with the secretary of state.

9. *Notification to nonresident — form.* The notification, provided for in subsection 7, shall be in substantially the following form, to wit:

You will take notice that an original notice of suit against you, a copy of which is hereto attached, was duly served upon you at Des Moines, Iowa, by filing a copy of said notice on the . . . . . day of . . . . . (month), . . . . (year), with the secretary of state of the state of Iowa.

2. Commencing July 1, 1994, notwithstanding any other provision of law to the contrary, a member who is employed in a position specified in subsection 1 prior to July 1, 1994, may elect coverage under the Iowa department of public safety peace officers' retirement, accident, and disability system established in chapter 97A, in lieu of continuing contributions to the Iowa public employees' retirement system, or may remain a member of the Iowa public employees' retirement system. A member who is employed in a position specified in subsection 1 prior to July 1, 1994, must file an election for coverage under the Iowa department of public safety peace officers' retirement, accident, and disability system with the board of trustees established in section 97A.5 on or before July 1, 1995, or the employee shall remain a member under this chapter and shall not be eligible to elect to participate in the system established pursuant to chapter 97A at a later date pursuant to this section. The board of trustees established in section 97A.5 shall notify the system of elections received pursuant to this section, and the board of trustees and the system shall cooperate to facilitate the implementation of this section. Coverage under chapter 97A shall commence, and coverage as an active member under this chapter shall cease, when the election has been approved by the board of trustees established in section 97A.5.

4. Notwithstanding any other provision of law to the contrary, if the board of trustees established in section 97A.5 approves an election pursuant to subsection 2, the employees transferred from coverage under this chapter to coverage under the system established in chapter 97A shall receive credit for years of service under chapter 97A for those years of service during which the employees were members of the Iowa public employees' retirement system and employed in positions specified in subsection 1. In addition, notwithstanding the limitation on covered wages provided in section 97B.1A, subsection 26, compensation which was paid to an employee in a position specified in subsection 1 while the employee was a member pursuant to this chapter shall be included in determining the average final compensation of the employee pursuant to chapter 97A, if applicable. Employees whose membership is transferred pursuant to this section and the employer, the department of public safety, shall not be required to pay the difference in the employee and employer contributions in effect for the period of time in which the employees were members pursuant to this chapter, as compared to the employee and employer contributions then in effect for members of the system established in chapter 97A.

5. It is the intent of the general assembly that in administering the provisions of this section, the board of trustees established in section 97A.5 and the system shall interpret this section in a manner which provides that the employees whose membership is transferred shall not lose benefits which would have otherwise accrued had the employees been members of the system established in chapter 97A during the period of time in which the employees were actually members of the Iowa public employees' retirement system.

#### **99D.22 Native horses or dogs.**

1. A licensee shall hold at least one race on each racing day limited to Iowa-foaled horses or Iowa-whelped dogs as defined by the department of agriculture and land stewardship using standards consistent with this section. However, if sufficient competition cannot be had among that class of horses or dogs on any day, another race for the day may be substituted. A sum equal to twelve percent of the purse won by an Iowa-foaled horse or Iowa-whelped dog shall be used to promote the horse and dog breeding industries. The twelve

percent shall be withheld by the licensee from the breakage and shall be paid at the end of the race meeting to the state department of agriculture and land stewardship which in turn shall deposit it in a special fund to be known as the Iowa horse and dog breeders fund. The department shall pay the amount deposited in the fund that is withheld from the purse won by an Iowa-foaled horse to the breeder of the winning Iowa-foaled horse by December 31 of each calendar year. The department shall pay the amount deposited in the fund that is withheld from the purse won by an Iowa-whelped dog to the breeder of the winning Iowa-whelped dog by March 31 of each calendar year. For the purposes of this section, the breeder of a horse shall be considered to be the owner of the brood mare at the time the foal is dropped.

2. For the purposes of this chapter, the following shall be considered in determining if a horse is an Iowa-foaled thoroughbred horse, quarter horse, or standardbred horse:

*a.* All thoroughbred horses, quarter horses, or standardbred horses foaled in Iowa prior to January 1, 1985, which are registered by the jockey club, American quarter horse association, or United States trotting association as Iowa foaled shall be considered to be Iowa foaled.

*b.* After January 1, 1985, eligibility for brood mare residence shall be achieved by meeting at least one of the following rules:

(1) Thirty days residency until the foal is inspected, if in foal to a registered Iowa stallion.

(2) Thirty days residency until the foal is inspected for brood mares which are bred back to registered Iowa stallions.

(3) Continuous residency from December 31 until the foal is inspected if the mare was bred by other than an Iowa registered stallion and is not bred back to an Iowa registered stallion.

*c.* To be eligible for registration as an Iowa thoroughbred, quarter horse, or standardbred stallion, the following requirements shall be met:

(1) Stallion residency from January 1 through July 31 for the year of registration. However, horses going to stud for the first year shall be eligible upon registration with residency to continue through July 31.

(2) At least fifty-one percent of an Iowa registered stallion shall be owned by bona fide Iowa residents.

*d.* State residency shall not be required for owners of brood mares.

3. To facilitate the implementation of this section, the department of agriculture and land stewardship shall do all of the following:

*a.* Adopt standards to qualify thoroughbred, quarter horse, or standardbred stallions for Iowa breeding. A stallion shall stand for service in the state at the time of the foal's conception and shall not stand for service at any place outside the state during the calendar year in which the foal is conceived.

*b.* Provide for the registration of Iowa-foaled horses and that a horse shall not compete in a race limited to Iowa-foaled horses unless the horse is registered with the department of agriculture and land stewardship. The department may prescribe such forms as necessary to determine the eligibility of a horse.

*c.* The secretary of agriculture shall appoint investigators to determine the eligibility for registration of Iowa-foaled horses.

*d.* Establish a registration fee imposed on each horse which is a thoroughbred, quarter horse, or standardbred which shall be paid by the breeder of the horse. The department shall not impose the registration fee more than once on each horse. The amount of the registration fee shall not exceed thirty dollars. The moneys paid to the department from registration fees shall be considered repayment receipts as defined in section 8.2, and shall be used for the administration and enforcement of this subsection.

4. *a.* The department of agriculture and land stewardship shall adopt rules establishing a schedule of registration fees to be imposed on owners of dogs that are whelped and raised for the first six months of their lives in Iowa for purposes of promoting native dogs as provided in this chapter, including section 99D.12 and this section. The amount of the registration fees shall be imposed as follows:

(1) An owner of a dam registering the dam, twenty-five dollars.

(2) An owner of a litter registering the litter, ten dollars.

(3) An owner of a dog registering the dog, five dollars.

*b.* The moneys paid to the department from registration fees as provided in paragraph "a" shall be considered repayment receipts as defined in section 8.2, and shall be used for the administration and enforcement of programs for the promotion of native dogs.

5. To qualify for the Iowa horse and dog breeders fund, a dog shall have been whelped in Iowa and raised for the first six months of its life in Iowa in a state inspected licensed facility. In addition, the owner of the dog shall have been a resident of the state for at least two years prior to the whelping. The department of agriculture and land stewardship shall adopt rules and prescribe forms to bring Iowa breeders into compliance with residency requirements of dogs and breeders in this subsection.

Subsection 5 amended

### **99D.25 Drugging or numbing — exception — tests — reports — penalties.**

1. As used in this section, unless the context otherwise requires:

*a.* "Drugging" means administering to a horse or dog any substance foreign to the natural horse

or dog prior to the start of a race. However, in counties with a population of two hundred fifty thousand or more, “*drugging*” does not include administering to a horse the drugs furosemide and phenylbutazone in accordance with section 99D.25A and rules adopted by the commission.

b. “*Numbing*” means the applying of ice or a freezing device or substance to the limbs of a horse or dog within two hours before the start of a race, or a surgical or other procedure which was, at any time, performed in which the nerves of a horse or dog were severed, destroyed, injected, or removed.

c. “*Entered*” means that a horse or dog has been registered as a participant in a specified race, and not withdrawn prior to presentation of the horse or dog for inspection and testing.

2. The general assembly finds that the practice of drugging or numbing a horse or dog prior to a race:

a. Corrupts the integrity of the sport of racing and promotes criminal fraud in the sport;

b. Misleads the wagering public and those desiring to purchase a horse or dog as to the condition and ability of the horse or dog;

c. Poses an unreasonable risk of serious injury or death to the rider of a horse and to the riders of other horses competing in the same race; and

d. Is cruel and inhumane to the horse or dog so drugged or numbed.

3. The following conduct is prohibited:

a. The entering of a horse or dog in a race by the trainer or owner of the horse or dog if the trainer or owner knows or if by the exercise of reasonable care the trainer or owner should know that the horse or dog is drugged or numbed;

b. The drugging or numbing of a horse or dog with knowledge or with reason to believe that the horse or dog will compete in a race while so drugged or numbed. However, the commission may by rule establish permissible trace levels of substances foreign to the natural horse or dog that the commission determines to be innocuous;

c. The willful failure by the operator of a racing facility to disqualify a horse or dog from competing in a race if the operator has been notified that the horse or dog is drugged or numbed, or was not properly made available for tests or inspections as required by the commission; and

d. The willful failure by the operator of a racing facility to prohibit a horse or dog from racing if the operator has been notified that the horse or dog has been suspended from racing.

4. The owners of a horse or dog and their agents and employees shall permit a member of the commission or a person employed or appointed by the commission to make tests as the commission deems proper in order to determine whether a horse or dog has been improperly drugged. The fact that purse money has been distributed prior to the issuance of a test report shall not be deemed

a finding that no chemical substance has been administered unlawfully to the horse or dog earning the purse money. The findings of the commission that a horse or dog has been improperly drugged by a narcotic or other drug are prima facie evidence of the fact. The results of the tests shall be kept on file by the commission for at least one year following the tests.

5. Every horse which suffers a breakdown on the racetrack, in training, or in competition, and is destroyed, and every other horse which expires while stabled on the racetrack under the jurisdiction of the commission, shall undergo a postmortem examination by a veterinarian or a veterinary pathologist at a time and place acceptable to the commission veterinarian to determine the injury or sickness which resulted in euthanasia or natural death. Test samples may be obtained from the carcass upon which the postmortem examination is conducted and shall be sent to a laboratory approved by the commission for testing for foreign substances and natural substances at abnormal levels. When practical, blood and urine test samples should be procured prior to euthanasia. The owner of the deceased horse is responsible for payment of any charges due to conduct the postmortem examination. A record of every postmortem shall be filed with the commission by the veterinarian or veterinary pathologist who performed the postmortem within seventy-two hours of the death. Each owner and trainer accepts the responsibility for the postmortem examination provided herein as a requisite for maintaining the occupational license issued by the commission.

6. Any horse which in the opinion of the commission veterinarian has suffered a traumatic injury or disability such that a controlled program of phenylbutazone administration would not aid in restoring the racing soundness of the horse shall not be allowed to race while medicated with phenylbutazone or with phenylbutazone present in the horse’s bodily systems.

7. A person found within or in the immediate vicinity of a security stall who is in possession of unauthorized drugs or hypodermic needles or who is not authorized to possess drugs or hypodermic needles shall, in addition to any other penalties, be barred from entry into any racetrack in Iowa and any occupational license the person holds shall be revoked.

8. Before a horse is allowed to race using phenylbutazone, the veterinarian attending the horse shall certify to the commission the course of treatment followed in administering the phenylbutazone.

9. The commission shall conduct random tests of bodily substances of horses entered to race each day of a race meeting to aid in the detection of any unlawful drugging. The tests may be conducted both prior to and after a race. The commission

may also test any horse that breaks down during a race and shall perform an autopsy on any horse that is killed or subsequently destroyed as a result of an accident during a race. When practical, blood and urine test samples should be procured prior to euthanasia.

10. Veterinarians must submit daily to the commission veterinarian on a prescribed form a report of all medications and other substances which the veterinarian prescribed, administered, or dispensed for horses registered at a current race meeting. A logbook detailing other professional services performed while on the grounds of a race-track shall be kept by veterinarians and shall be made immediately available to the commission veterinarian or the stewards upon request.

A person who violates this section is guilty of a class "D" felony.

2007 Acts, ch 48, §1, 7  
Subsections 5 and 9 amended

#### **99D.25A Administration of furosemide or phenylbutazone.**

1. As used in this section unless the context otherwise requires:

a. "Bleeder" means, according to its context, any of the following:

(1) A horse which, during a race or exercise, is observed by the commission veterinarian or a licensed practicing veterinarian to be shedding blood from one or both nostrils and in which no upper airway injury is noted during an examination by the commission veterinarian or a licensed practicing veterinarian immediately following such a race or exercise.

(2) A horse which, within one and one-half hours of such a race or exercise, is observed by the commission veterinarian or a licensed practicing veterinarian, through visual or endoscopic examination, to be shedding blood from the lower airway.

(3) A horse which has been certified as a bleeder in another state.

(4) A horse which has furosemide listed on its most recent past performance.

(5) A horse which, by recommendation of a licensed practicing veterinarian, is prescribed furosemide to control or prevent bleeding from the lungs.

b. "Bleeder list" means a tabulation of all bleeders maintained by the commission veterinarian.

c. "Detention barn" means a secured structure designated by the commission.

2. Phenylbutazone shall not be administered to a horse in dosages which would result in concentrations of more than five micrograms of the substance or its metabolites per milliliter of blood.

3. If a horse is to race with phenylbutazone in its system, the trainer, or trainer's designee, shall be responsible for marking the information on the

entry blank for each race in which the horse shall use phenylbutazone. Changes made after the time of entry must be submitted on the prescribed form to the commission veterinarian no later than scratch time.

4. If a test detects concentrations of phenylbutazone in the system of a horse in excess of the level permitted in this section, the commission shall assess a civil penalty against the trainer of at least two hundred dollars for the first offense and at least five hundred dollars for a second offense. The penalty for a third or subsequent offense shall be in the discretion of the commission.

5. Furosemide may be administered to certified bleeders. Upon request, any horse placed on the bleeder list shall, in its next race, be permitted the use of furosemide. Once a horse has raced with furosemide, it must continue to race with furosemide in all subsequent races unless a request is made to discontinue the use. If the use of furosemide is discontinued, the horse shall be prohibited from again racing with furosemide unless it is later observed to be bleeding. Requests for the use of or discontinuance of furosemide must be made to the commission veterinarian by the horse's trainer or assistant trainer on a form prescribed by the commission on or before the day of entry into the race for which the request is made.

6. Once a horse has been permitted the use of furosemide, the horse must be treated with furosemide in the horse's stall, unless the commission provides that a horse must be brought to the detention barn for treatment. After the furosemide treatment, the commission, by rule, may authorize the release of the horse from the horse's stall or detention barn before the scheduled post time. If a horse is brought to the detention barn late, the commission shall assess a civil penalty of one hundred dollars against the trainer.

7. A horse entered to race with furosemide must be treated at least four hours prior to post time. The furosemide shall be administered intravenously by a veterinarian employed by the owner or trainer of the horse. The commission shall adopt rules to ensure that furosemide is administered as provided in this section. The commission shall require that the practicing veterinarian deliver an affidavit signed by the veterinarian which certifies information regarding the treatment of the horse. The affidavit must be delivered to a commission veterinarian within twenty minutes following the treatment. The statement must at least include the name of the practicing veterinarian, the tattoo number of the horse, the location of the barn and stall where the treatment occurred, the race number of the horse, the name of the trainer, and the time that the furosemide was administered. Furosemide shall only be administered in a dose level of no less than one hundred fifty milligrams and no more than five hundred milligrams.

8. A person found within or in the immediate

vicinity of the detention barn or horse stall who is in possession of unauthorized drugs or hypodermic needles or who is not authorized to possess drugs or hypodermic needles shall, in addition to any other penalties, be barred from entry into any

racetrack in Iowa and any occupational license the person holds shall be revoked.

The state and any licensee under this chapter or chapter 99D shall not be liable to any person for any claim which may arise from this process. In addition to any other penalty provided by law, any money or thing of value that has been obtained by, or is owed to, a voluntarily excluded person by a licensee as a result of wagers made by the person after the person has been voluntarily excluded shall not be paid to the person but shall be deposited into the gambling treatment fund created in section 135.150.

#### **99F.6 Requirements of applicant — fee — penalty.**

1. A person shall not be issued a license to conduct gambling games on an excursion gambling boat or a license to operate an excursion gambling boat under this chapter, an occupational license, a distributor license, or a manufacturer license unless the person has completed and signed an application on the form prescribed and published by the commission. The application shall include the full name, residence, date of birth and other personal identifying information of the applicant that the commission deems necessary. The application shall also indicate whether the applicant has any of the following:

- a. A record of conviction of a felony.
  - b. An addiction to alcohol or a controlled substance.
  - c. A history of mental illness.
2. An applicant shall submit pictures, finger-

prints, and descriptions of physical characteristics to the commission in the manner prescribed on the application forms. The fingerprints may be submitted to the federal bureau of investigation by the department of public safety through the state criminal history repository for the purpose of a national criminal history check.

3. The commission shall charge the applicant a fee set by the department of public safety, division of criminal investigation, to defray the costs associated with the search and classification of fingerprints required in subsection 2 and background investigations conducted by agents of the division of criminal investigation. This fee is in addition to any other license fee charged by the commission.

4. *a.* Before a license is granted, the division of criminal investigation of the department of public safety shall conduct a thorough background investigation of the applicant for a license to operate a gambling game operation on an excursion gambling boat. The applicant shall provide information on a form as required by the division of criminal investigation. A qualified sponsoring organization licensed to operate gambling games under this chapter shall distribute the receipts of all gambling games, less reasonable expenses, charges, taxes, fees, and deductions allowed under this chapter, as winnings to players or participants or shall distribute the receipts for educational, civic, public, charitable, patriotic, or religious uses as defined in section 99B.7, subsection 3, paragraph “b”. However, a licensee to conduct gambling games under this chapter shall, unless an operating agreement for an excursion gambling boat otherwise provides, distribute at least three percent of the adjusted gross receipts for each license year for educational, civic, public, charitable, patriotic, or religious uses as defined in section 99B.7, subsection 3, paragraph “b”. However, if a licensee who is also licensed to conduct pari-mutuel wagering at a horse racetrack has unpaid debt from the pari-mutuel racetrack operations, the first receipts of the gambling games operated within the racetrack enclosure less reasonable operating expenses, taxes, and fees allowed under this chapter shall be first used to pay the annual indebtedness. The commission shall authorize, subject to the debt payments for horse racetracks and the provisions of paragraph “b” for dog racetracks, a licensee who is also licensed to conduct pari-mutuel dog or horse racing to use receipts from gambling games within the racetrack enclosure to supplement purses for races particularly for Iowa-bred horses pursuant to an agreement which shall be negotiated between the licensee and representatives of the dog or horse owners. For agreements subject to commission approval concerning purses for horse racing beginning on or after January 1, 2006, and ending before January 1, 2021, the agreements shall provide that total annual purses for all horse racing shall be no less than eleven per-

cent of the first two hundred million dollars of net receipts, and six percent of net receipts above two hundred million dollars. Agreements that are subject to commission approval concerning horse purses for a particular period of time beginning on or after January 1, 2006, and ending before January 1, 2021, shall be jointly submitted to the commission for approval. A qualified sponsoring organization shall not make a contribution to a candidate, political committee, candidate’s committee, state statutory political committee, county statutory political committee, national political party, or fund-raising event as these terms are defined in section 68A.102. The membership of the board of directors of a qualified sponsoring organization shall represent a broad interest of the communities. For purposes of this paragraph, “*net receipts*” means the annual adjusted gross receipts from all gambling games less the annual amount of money pledged by the owner of the facility to fund a project approved to receive vision Iowa funds as of July 1, 2004.

*b.* The commission shall authorize the licensees of pari-mutuel dog racetracks located in Dubuque county and Black Hawk county to conduct gambling games as provided in section 99F.4A if the licensees schedule at least one hundred thirty performances of twelve live races each day during a season of twenty-five weeks. For the pari-mutuel dog racetrack located in Pottawattamie county, the commission shall authorize the licensee to conduct gambling games as provided in section 99F.4A if the licensee schedules at least two hundred ninety performances of twelve live races each day during a season of fifty weeks. The commission shall approve an annual contract to be negotiated between the annual recipient of the dog racing promotion fund and each dog racetrack licensee to specify the percentage or amount of gambling game proceeds which shall be dedicated to supplement the purses of live dog races. The parties shall agree to a negotiation timetable to insure no interruption of business activity. If the parties fail to agree, the commission shall impose a timetable. If the two parties cannot reach agreement, each party shall select a representative and the two representatives shall select a third person to assist in negotiating an agreement. The two representatives may select the commission or one of its members to serve as the third party. Alternately, each party shall submit the name of the proposed third person to the commission who shall then select one of the two persons to serve as the third party. All parties to the negotiations, including the commission, shall consider that the dog racetracks were built to facilitate the development and promotion of Iowa greyhound racing dogs in this state and shall negotiate and decide accordingly.

5. Before a license is granted, an operator of an excursion gambling boat shall work with the department of economic development to promote

tourism throughout Iowa. Tourism information from local civic and private persons may be submitted for dissemination.

6. A person who knowingly makes a false statement on the application is guilty of an aggravated misdemeanor.

7. For the purposes of this section, applicant includes each member of the board of directors of a qualified sponsoring organization.

8. *a.* The licensee or a holder of an occupational license shall consent to the search, without a warrant, by agents of the division of criminal investigation of the department of public safety or commission employees designated by the administrator of the commission, of the licensee's or holder's person, personal property, and effects, and premises which are located on the excursion gambling boat or adjacent facilities under control of the licensee, in order to inspect or investigate for violations of this chapter or rules adopted by the commission pursuant to this chapter. The department or commission may also obtain administrative search warrants under section 808.14.

*b.* However, this subsection shall not be construed to permit a warrantless inspection of living quarters or sleeping rooms on the riverboat if all of the following are true:

(1) The licensee has specifically identified those areas which are to be used as living quarters or sleeping rooms in writing to the commission.

(2) Gaming is not permitted in the living quarters or sleeping rooms, and devices, records, or other items relating to the licensee's gaming operations are not stored, kept, or maintained in the living quarters or sleeping rooms.

(3) Alcoholic beverages are not stored, kept, or maintained in the living quarters or sleeping rooms except those legally possessed by the individual occupying the quarters or room.

*c.* The commission shall adopt rules to enforce this subsection.

If the applicant or licensee will operate a moored barge or an excursion boat that will not cruise, the requirements of this chapter concerning cruising shall not apply. If the applicant's or licensee's excursion boat will cruise, the applicant or licensee shall comply with the cruising requirements of this chapter and the commission shall not allow such a licensee to conduct gambling games on an excursion gambling boat while docked during the off season if the licensee does not operate gambling excursions for a minimum number of days during the excursion season. The commission may delay the commencement of the excursion season at the request of a licensee.

*b.* However, an applicant or licensee of an excursion gambling boat that is located in the same county as a racetrack enclosure conducting gambling games shall not be allowed to operate a moored barge unless either of the following applies:

3. A license shall only be granted to an applicant upon the express conditions that:

a. The applicant shall not, by a lease, contract, understanding, or arrangement of any kind, grant, assign, or turn over to a person the operation of an excursion gambling boat licensed under this section or of the system of wagering described in section 99F.9. This section does not prohibit a management contract approved by the commission.

b. The applicant shall not in any manner permit a person other than the licensee to have a share, percentage, or proportion of the money received for admissions to the excursion gambling boat.

d. If the proposition to operate gambling games on an excursion gambling boat or at a racetrack enclosure is approved by a majority of the county electorate voting on the proposition, the board of supervisors shall submit the same proposition to the county electorate at the general election held in 2002 and, unless the operation of gambling games is terminated earlier as provided in this chapter or chapter 99D, at the general election held at each subsequent eight-year interval.

An application made to a local building department or to a state agency for permission to construct a building or structure pursuant to the provisions of the state building code shall, in addition to any other requirement, be

signed by the owner or the owner's authorized agent, and shall contain the address of the owner, and a statement that the application is made for permission to construct in accordance with the provisions of the code.

The specifications for all buildings to be constructed after July 1, 1977, and which exceed a total volume of one hundred thousand cubic feet of enclosed space that is heated or cooled shall be reviewed by a registered architect or licensed engineer for compliance with applicable energy efficiency standards. A statement that a review has been accomplished and that the design is in compliance with the energy efficiency standards shall be signed and sealed by the responsible registered architect or licensed engineer. This statement shall be filed with the commissioner prior to construction. If the specifications relating to energy efficiency for a specific structure have been approved, additional buildings may be constructed from those same plans and specifications without need of further approval if construction begins within five years of the date of approval. ### HEALTH CARE FACILITIES

#### 135C.38 Inspections upon complaints.

1. *a.* Upon receipt of a complaint made in accordance with section 135C.37, the department or resident advocate committee shall make a preliminary review of the complaint. Unless the department or committee concludes that the complaint is intended to harass a facility or a licensee or is without reasonable basis, the department or committee shall make or cause to be made an on-site inspection of the health care facility which is the subject of the complaint within the time period determined pursuant to the following guidelines, which period shall commence on the date of receipt of the complaint:

(1) For nursing facilities, an on-site inspection shall be initiated as follows:

(a) Within two working days for a complaint determined by the department or committee to be an alleged immediate jeopardy situation.

(b) Within ten working days for a complaint determined by the department or committee to be an alleged high-level, nonimmediate jeopardy situation.

(c) Within forty-five calendar days for a complaint determined by the department or committee to be an alleged nonimmediate jeopardy situation, other than a high-level situation.

(2) For all other types of health care facilities, an on-site inspection shall be initiated as follows:

(b) Within twenty working days for a complaint determined by the department or committee to be an alleged high-level, nonimmediate jeopardy situation.

*b.* The complaint investigation shall include, at a minimum, an interview with the complainant, the alleged perpetrator, and the victim of the alleged violation, if the victim is able to communicate, if the complainant, alleged perpetrator, or victim is identifiable, and if the complainant, alleged perpetrator, or victim is available. Additionally, witnesses who have knowledge of facts related to the complaint shall be interviewed, if identifiable and available. The names of witnesses may be obtained from the complainant or the victim. The files of the facility may be reviewed to ascertain the names of staff persons on duty at the time relevant to the complaint. The department shall apply a preponderance of the evidence standard in determining whether or not a complaint is substantiated. For the purposes of this subsection, “a

*preponderance of the evidence standard*” means that the evidence, considered and compared with the evidence opposed to it, produces the belief in a reasonable mind that the allegations are more likely true than not true. “A *preponderance of the evidence standard*” does not require that the investigator personally witnessed the alleged violation.

*c.* The department may refer to the resident advocate committee of a facility any complaint received by the department regarding that facility, for initial evaluation and appropriate action by the committee.

2. *a.* The complainant shall be promptly informed of the result of any action taken by the department or committee in the matter. The complainant shall also be notified of the name, address, and telephone number of the designated protection and advocacy agency if the alleged violation involves a facility with one or more residents with developmental disabilities or mental illness.

*b.* Upon conclusion of the investigation, the department shall notify the complainant of the results. The notification shall include a statement of the factual findings as determined by the investigator, the statutory or regulatory provisions alleged to have been violated, and a summary of the reasons for which the complaint was or was not substantiated.

*c.* The department shall mail the notification to the complainant without charge. Upon the request of the complainant, the department shall mail to the complainant, without charge, a copy of the most recent final findings regarding compliance with licensing requirements by the facility against which the complaint was filed.

*d.* A person who is dissatisfied with any aspect of the department’s handling of the complaint may contact the long-term care resident’s advocate, established pursuant to section 231.42, or may contact the protection and advocacy agency designated pursuant to section 135C.2 if the complaint relates to a resident with a developmental disability or a mental illness.

3. An inspection made pursuant to a complaint filed under section 135C.37 need not be limited to the matter or matters included in the complaint. However, the inspection shall not be a general inspection unless the complaint inspection coincides with a scheduled general inspection or unless in the course of the complaint investigation a violation is evident to the inspector. Upon arrival at the facility to be inspected, the inspector shall show identification to the person in charge of the facility and state that an inspection is to be made, before beginning the inspection. Upon request of either

the complainant or the department or committee, the complainant or the complainant's representative or both may be allowed the privilege of accompanying the inspector during any on-site inspection made pursuant to this section. The inspector may cancel the privilege at any time if the inspector determines that the privacy of any resident of the facility to be inspected would otherwise be violated. The protection and dignity of the resident shall be given first priority by the inspector and others.

4. If upon an inspection of a facility by its resident advocate committee pursuant to this section, the committee advises the department of any circumstance believed to constitute a violation of this chapter or of any rule adopted pursuant to it, the

committee shall similarly advise the facility at the same time. If the facility's licensee or administrator disagrees with the conclusion of the committee regarding the supposed violation, an informal conference may be requested and if requested shall be arranged by the department as provided in section 135C.42 before a citation is issued. If the department thereafter issues a citation pursuant to the committee's finding, the facility shall not be entitled to a second informal conference on the same violation and the citation shall be considered affirmed. The facility cited may proceed under section 135C.43 if it so desires.

The department or the local board of health may request the county attorney to bring appropriate legal proceedings to enforce this chapter, including an action to enjoin violations. The attorney general may also institute appropriate legal proceedings at the request of the department. This remedy is in addition to any other legal remedy available to the department or a local board of health.

This chapter shall be known and may be cited as the "*Hemophilia Advisory Committee Act*".

NEW section

#### 135N.2 Legislative intent and findings.

1. It is the intent of the general assembly to establish an advisory committee to provide recommendations on cost-effective treatment programs that enhance the quality of life of those afflicted with hemophilia and contain the high cost of that treatment.

2. The general assembly finds inherited hemophilia and other bleeding and clotting disorders are devastating health conditions that can cause serious financial, social, and emotional hardships for patients and their families. Hemophilia and other bleeding and clotting disorders are incurable, so appropriate lifetime care and treatment are necessities for maintaining optimum health. Advancements in drug therapies are allowing individuals greater latitude in managing their conditions, fostering independence, and minimizing chronic complications. However, the rarity of these disorders coupled with the delicate processes for producing factors and administering anticoagulants makes treating these disorders extremely costly.

#### 135N.3 Establishment and duties of hemophilia advisory committee.

1. The director of the department of public health shall establish an advisory committee known as the hemophilia advisory committee.

a. Proposed legislative or administrative changes to policies and programs that are integral to the health and wellness of individuals with hemophilia and other bleeding and clotting disorders.

(2) Notwithstanding subsection 3, the department or a physician may reveal the identity of a person who has tested positive for HIV infection pursuant to this subsection only to the extent necessary to protect a third party from the direct threat of transmission. **141A.6 HIV-related conditions — consent, testing, and reporting — penalty.**

1. Prior to undergoing an HIV-related test, information shall be available to the subject of the test concerning testing and any means of obtaining additional information regarding HIV infection and risk reduction. If an individual signs a general consent form for the performance of medical tests or procedures, the signing of an additional consent form for the specific purpose of consenting to an HIV-related test is not required during the time in which the general consent form is in effect. If an individual has not signed a general consent form for the performance of medical tests and procedures or the consent form is no longer in effect, a health care provider shall obtain oral or written consent prior to performing an HIV-related test. If an individual is unable to provide consent, the individual's legal guardian may provide consent. If the individual's legal guardian cannot be located or is unavailable, a health care provider may authorize the test when the test results are necessary for diagnostic purposes to provide appropriate urgent medical care.

2. Within seven days of the receipt of a test result indicating HIV infection which has been confirmed as positive according to prevailing medical technology or immediately after the initial examination or treatment of an individual infected with HIV, the physician or other health care provider at whose request the test was performed or who performed the initial examination or treatment shall make a report to the department on a form provided by the department.

3. Within seven days of diagnosing a person as having AIDS or an AIDS-related condition, the diagnosing physician shall make a report to the department on a form provided by the department.

4. Within seven days of the death of a person with HIV infection, the attending physician shall make a report to the department on a form provided by the department.

5. Within seven days of the receipt of a test result indicating HIV infection which has been confirmed as positive according to prevailing medical technology, the director of a blood bank shall make a report to the department on a form provided by the department.

6. Within seven days of the receipt of a test result that is indicative of HIV, the director of a clinical laboratory shall make a report to the department on a form provided by the department.

7. The forms provided by the department shall require inclusion of all of the following information:

- a. The name of the patient.
- b. The address of the patient.
- c. The patient's date of birth.
- d. The gender of the patient.
- e. The race and ethnicity of the patient.
- f. The patient's marital status.
- g. The patient's telephone number.

h. If an HIV-related test was performed, the name and address of the laboratory or blood bank.

i. If an HIV-related test was performed, the date the test was found to be positive and the collection date.

j. If an HIV-related test was performed, the name of the physician or health care provider who performed the test.

k. If the patient is female, whether the patient is pregnant.

8. An individual who repeatedly fails to file the report required under this section is subject to a report being made to the licensing board governing the professional activities of the individual. The department shall notify the individual each time the department determines that the individual has failed to file a required report. The department shall inform the individual in the notification that the individual may provide information to the department to explain or dispute the failure to report.

9. A public, private, or hospital clinical laboratory that repeatedly fails to make the report required under this section is subject to a civil penalty of not more than one thousand dollars per occurrence. The department shall not impose the penalty under this subsection without prior written notice and opportunity for hearing.

**141A.7 Test results — counseling — application for services.**

1. At any time that the subject of an HIV-related test is informed of confirmed positive test results, counseling concerning the emotional and physical health effects shall be initiated. Particular attention shall be given to explaining the need

for the precautions necessary to avoid transmitting the virus. The subject shall be given information concerning additional counseling. If the legal guardian of the subject of the test provides consent to the test pursuant to section 141A.6, the provisions of this subsection shall apply to the legal guardian.

2. Notwithstanding subsection 1, the provisions of this section do not apply to any of the following:

*a.* The performance by a health care provider or health facility of an HIV-related test when the health care provider or health facility procures, processes, distributes, or uses a human body part donated for a purpose specified under the revised uniform anatomical gift Act as provided in chapter 142C, or semen provided prior to July 1, 1988, for the purpose of artificial insemination, or donations of blood, and such test is necessary to ensure medical acceptability of such gift or semen for the purposes intended.

*b.* A person engaged in the business of insurance who is subject to section 505.16.

*c.* The performance by a health care provider or health facility of an HIV-related test when the subject of the test is deceased and a documented significant exposure has occurred.

*d.* The performance by a health care provider or health facility of an HIV-related test when the subject of the test is unable to provide consent and the health care provider or health care facility provides consent for the patient pursuant to section 141A.6.

3. A person may apply for voluntary treatment, contraceptive services, or screening or treatment for HIV infection and other sexually transmitted diseases directly to a licensed physician and surgeon, an osteopathic physician and surgeon, or a family planning clinic. Notwithstanding any other provision of law, however, a minor shall be informed prior to testing that, upon confirmation according to prevailing medical technology of a positive HIV-related test result, the minor's legal guardian is required to be informed by the testing facility. Testing facilities where minors are tested shall have available a program to assist minors and legal guardians with the notification process which emphasizes the need for family support and assists in making available the resources necessary to accomplish that goal. However, a testing facility which is precluded by federal statute, regulation, or centers for disease control and prevention guidelines from informing the legal guardian is exempt from the notification requirement. The minor shall give written consent to these procedures and to receive the services, screening, or treatment. Such consent is not subject to later disaffirmance by reason of minority.

#### 141A.8 Care provider notification.

1. *a.* Notwithstanding any provision of this chapter to the contrary, if a care provider sustains a significant exposure from an individual, the individual to whom the care provider was exposed is deemed to consent to a test to determine the presence of HIV infection in that individual and is deemed to consent to notification of the care provider of the HIV test results of the individual, upon submission of a significant exposure report by the care provider as provided by rule.

*b.* The hospital or clinic in which the exposure occurred or any other person specified in this section to whom the individual is delivered shall conduct the test. If the individual is delivered by the care provider to an institution administered by the Iowa department of corrections, the test shall be conducted by the staff physician of the institution. If the individual is delivered by the care provider to a jail, the test shall be conducted by the attending physician of the jail or the county medical examiner. The sample and test results shall only be identified by a number.

*c.* A hospital, institutions administered by the department of corrections, and jails shall have written policies and procedures for notification of a care provider under this section. The policies and procedures shall include designation of a representative of the care provider to whom notification shall be provided and who shall, in turn, notify the care provider. The identity of the designated representative of the care provider shall not be revealed to the individual tested. The designated representative shall inform the hospital, institution administered by the department of corrections, or jail of those parties who received the notification, and following receipt of this information and upon request of the individual tested, the hospital, institution administered by the department of corrections, or jail shall inform the individual of the parties to whom notification was provided.

2. *a.* If the test results are positive, the hospital or other person performing the test shall notify the subject of the test and ensure the performance of counseling and reporting requirements of this chapter in the same manner as for an individual from whom actual consent was obtained. The report to the department required pursuant to section 141A.6 shall include the name of the individual tested.

*b.* If the HIV test results of the subject of the test are positive, the hospital or other person performing the test shall notify the care provider or the designated representative of the care provider who shall then notify the care provider who sustained the exposure.

*c.* The notification shall be provided as soon as is reasonably possible following determination that the HIV test results of the subject of the test are positive. The notification shall not include the

name of the individual tested for HIV infection unless the individual provides a specific written release. If the care provider who sustained the significant exposure determines the identity of the individual tested, the identity of the individual shall be confidential information and shall not be disclosed by the care provider to any other person unless a specific written release is obtained from the individual tested.

3. This section does not preclude a hospital or health care provider from providing notification to a care provider under circumstances in which the hospital's or health care provider's policy provides for notification of the hospital's or health care provider's own employees of exposure to HIV infection if the notice does not reveal a patient's name, unless the patient consents.

4. A hospital, health care provider, or other person participating in good faith in making a report under the notification provisions of this section, under procedures similar to this section for notification of its own employees upon filing of a significant exposure report, or in failing to make a report under this section, is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

5. A hospital's or health care provider's duty to notify under this section is not continuing but is limited to the diagnosis of HIV infection made in the course of admission, care, and treatment following the rendering of health care services or other services to the individual with the infection to which notification under this section applies.

6. Notwithstanding subsection 5, if, following discharge from or completion of care or treatment by a hospital, an individual for whom a significant exposure report was submitted but which report did not result in notification, wishes to provide information regarding the individual's HIV infection status to the care provider who submitted the report, the hospital shall provide a procedure for notifying the care provider.

7. A hospital, health care provider, or other person who is authorized to perform an HIV test under this section, who performs the HIV test in compliance with this section or who fails to perform an HIV test authorized under this section, is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

8. A hospital, health care provider, or other person who is authorized to perform a test under this section has no duty to perform the HIV test authorized.

9. The employer of a care provider who sustained a significant exposure under this section shall pay the costs of HIV testing for the individual who is the source of the significant exposure and of the testing and counseling of the care provider, if the significant exposure was sustained during the course of employment. However, the department shall assist an individual who is the source of the significant exposure in finding resources to

pay for the cost of the HIV test, and shall assist a care provider who renders direct aid without compensation in finding resources to pay for the cost of the testing and counseling.

Section amended

#### **141A.9 Confidentiality of information.**

1. Any information, including reports and records, obtained, submitted, and maintained pursuant to this chapter is strictly confidential medical information. The information shall not be released, shared with an agency or institution, or made public upon subpoena, search warrant, discovery proceedings, or by any other means except as provided in this chapter. e. To the department in accordance with reporting requirements for an HIV-related condition.

f. To a health facility or health care provider which procures, processes, distributes, or uses a human body part from a deceased person with respect to medical information regarding that person, or semen provided prior to July 1, 1988, for the purpose of artificial insemination.

g. To a person allowed access to an HIV-related test result by a court order which is issued in compliance with the following provisions:

(1) A court has found that the person seeking the test results has demonstrated a compelling need for the test results which need cannot be accommodated by other means. In assessing compelling need, the court shall weigh the need for disclosure against the privacy interest of the test subject and the public interest which may be served by disclosure due to its deterrent effect on

future testing or due to its effect in leading to discrimination.

(2) Pleadings pertaining to disclosure of test results shall substitute a pseudonym for the true name of the subject of the test. The disclosure to the parties of the subject's true name shall be communicated confidentially in documents not filed with the court.

(3) Before granting an order, the court shall provide the person whose test results are in question with notice and a reasonable opportunity to participate in the proceedings if the person is not already a party.

(4) Court proceedings as to disclosure of test results shall be conducted in camera unless the subject of the test agrees to a hearing in open court or unless the court determines that a public hearing is necessary to the public interest and the proper administration of justice.

(5) Upon the issuance of an order to disclose test results, the court shall impose appropriate safeguards against unauthorized disclosure, which shall specify the persons who may gain access to the information, the purposes for which the information shall be used, and appropriate prohibitions on future disclosure.

*j.* To employees of state correctional institutions subject to the jurisdiction of the department of corrections, employees of secure facilities for juveniles subject to the department of human services, and employees of city and county jails, if the employees have direct supervision over inmates of those facilities or institutions in the exercise of the duties prescribed pursuant to section 80.9, subsection 2, paragraph "d".

3. Release may be made of medical or epidemiological information for statistical purposes in a manner such that no individual person can be identified.

4. Release may be made of medical or epidemiological information to the extent necessary to enforce the provisions of this chapter and related rules concerning the treatment, control, and investigation of HIV infection by public health officials.

5. Release may be made of medical or epidemiological information to medical personnel to the extent necessary to protect the health or life of the named party.

6. Release may be made of test results concerning a patient pursuant to procedures established under section 141A.5, subsection 2, paragraph "c".

7. **142C.3 Persons who may make — manner of making — amending or revoking — refusal to make anatomical gift before donor’s death — preclusive effect.**

1. *Who may make.* Subject to subsection 5, an anatomical gift of a donor’s body or part may be made during the life of the donor for the purposes of transplantation, therapy, research, or education in the manner prescribed in subsection 2 by any of the following:

a. The donor if the donor is any of the following:

- (1) An adult.
- (2) A minor, if the minor is emancipated.
- (3) A minor, if the minor is authorized under state law to apply for a driver’s license or identification card because the minor is at least 14 years of age, and the minor authorizes a statement or symbol indicating an anatomical gift on a driver’s license, identification card, or donor registry entry with the signed approval of a parent or guardian.

b. An agent of the donor, unless the durable power of attorney for health care or other record prohibits the agent from making the anatomical gift.

c. A parent of the donor, if the donor is an unemancipated minor.

d. The guardian of the donor.

2. *Manner of making.*

a. A donor may make an anatomical gift by any of the following means:

(1) By authorizing a statement or symbol indicating that the donor has made an anatomical gift to be imprinted on the donor’s driver’s license or identification card.

(2) In a will.

(3) During a terminal illness or injury of the donor, by any form of communication addressed to at least two adults, at least one of whom is a disinterested witness.

(4) As provided in paragraph “b”.

b. (1) A donor or other person authorized to make an anatomical gift under subsection 1 may make a gift by a donor card or other record signed by the donor or other person making the gift or by authorizing that a statement or symbol indicating that the donor has made an anatomical gift be included on the donor registry.

(2) If the donor or other person is physically unable to sign a record, the record may be signed by another individual at the direction of the donor or other person and shall meet all of the following requirements:

(a) Be witnessed by at least two adults, at least one of whom is a disinterested witness, who have signed at the request of the donor or other person.

(b) State that the record has been signed and witnessed as provided in subparagraph subdivision (a).

c. Revocation, suspension, expiration, or cancellation of a driver’s license or identification card

upon which an anatomical gift is indicated shall not invalidate the gift.

*d.* An anatomical gift made by will takes effect upon the donor's death whether or not the will is probated. Invalidation of the will after the donor's death does not invalidate the gift.

3. *Amending or revoking gift before donor's death.*

*a.* Subject to subsection 5, a donor or other person authorized to make an anatomical gift under subsection 1 may amend or revoke an anatomical gift by any of the following means:

(1) A record signed by any of the following:

(a) The donor.

(b) The other person authorized to make an anatomical gift.

(c) Subject to paragraph "b", another individual acting at the direction of the donor or the other authorized person if the donor or other person is physically unable to sign the record.

(2) A later-executed document of gift that amends or revokes a previous anatomical gift or portion of an anatomical gift, either expressly or by inconsistency.

*b.* A record signed pursuant to paragraph "a", subparagraph (1), subparagraph subdivision (c), shall comply with all of the following:

(1) Be witnessed by at least two adults, at least one of whom is a disinterested witness, who have signed at the request of the donor or the other authorized person.

(2) State that the record has been signed and witnessed as provided in subparagraph (1).

*c.* Subject to subsection 5, a donor or other person authorized to make an anatomical gift under subsection 1 may revoke an anatomical gift by the destruction or cancellation of the document of gift, or the portion of the document of gift used to make the gift, with the intent to revoke the gift.

*d.* A donor may amend or revoke an anatomical gift that was not made in a will by any form of communication during a terminal illness or injury addressed to at least two adults, at least one of whom is a disinterested witness.

*e.* A donor who makes an anatomical gift in a will may amend or revoke the gift in the manner provided for amendment or revocation of wills or as provided in paragraph "a".

4. *Refusal to make.*

*a.* An individual may refuse to make an anatomical gift of the individual's body or part by any of the following means:

(1) A record signed by any of the following:

(a) The individual.

(b) Subject to paragraph "b", another individual acting at the direction of the individual if the individual is physically unable to sign the record.

(2) The individual's will, whether or not the will is admitted to probate or invalidated after the individual's death.

(3) Any form of communication made by the individual during the individual's terminal illness or

injury addressed to at least two adults, at least one of whom is a disinterested witness.

*b.* A record signed pursuant to paragraph "a", subparagraph (1), subparagraph subdivision (b), shall comply with all of the following:

(1) Be witnessed by at least two adults, at least one of whom is a disinterested witness, who have signed at the request of the individual.

(2) State that the record has been signed and witnessed as provided in subparagraph (1).

*c.* An individual who has made a refusal may amend or revoke the refusal in accordance with any of the following:

(1) In the manner provided in paragraph "a" for making a refusal.

(2) By subsequently making an anatomical gift pursuant to subsection 2 that is inconsistent with the refusal.

(3) By destroying or canceling the record evidencing the refusal, or the portion of the record used to make the refusal, with the intent to revoke the refusal.

*d.* Except as otherwise provided in subsection 5, paragraph "h", in the absence of an express, contrary indication by the individual set forth in the refusal, an individual's unrevoked refusal to make an anatomical gift of the individual's body or part prohibits all other persons from making an anatomical gift of the individual's body or part.

5. *Preclusive effect.*

*a. Donor gift or amendment — subsequent actions by others prohibited.* Except as otherwise provided in paragraph "g", and subject to paragraph "f", in the absence of a contrary indication by the donor, a person other than the donor is prohibited from making, amending, or revoking an anatomical gift of a donor's body or part if the donor made an anatomical gift of the donor's body or part under subsection 2 or an amendment to an anatomical gift of the donor's body or part under subsection 3.

*b. Donor revocation not a refusal.* A donor's revocation of an anatomical gift of the donor's body or part under subsection 3 is not a refusal and does not prohibit another person specified in subsection 1 or section 142C.4 from making an anatomical gift of the donor's body or part under subsection 2 or section 142C.4.

*c. Gift on amendment by another — subsequent actions by others prohibited.* If a person other than the donor makes an unrevoked anatomical gift of the donor's body or part under subsection 2, or an amendment to an anatomical gift of the donor's body or part under subsection 3, another person may not make, amend, or revoke the gift of the donor's body or part under section 142C.4.

*d. Revocation by another not prohibitive of other gift.* A revocation of an anatomical gift of a donor's body or part under subsection 3 by a person other than the donor does not prohibit another person from making an anatomical gift of the body

or part under subsection 2 or section 142C.4.

*e. Gift of part not prohibitive of gift of another part.* In the absence of a contrary indication by the donor or other person authorized to make an anatomical gift under subsection 1, an anatomical gift of a part is neither a refusal to donate another part nor a limitation on the making of an anatomical gift of another part at a later time by the donor or another authorized person.

*f. Gift for one purpose not prohibitive of another purpose.* In the absence of a contrary indication by the donor or other person authorized to make an anatomical gift under subsection 1, an anatomical gift of a part for one or more of the purposes specified in subsection 1 is not a limitation on the making of an anatomical gift of the part for any of the other purposes by the donor or any other person under subsection 2 or section 142C.4.

*g. Unemancipated minor gift — parent revocation.* If a donor who is an unemancipated minor dies, a parent of the donor who is reasonably available may revoke or amend an anatomical gift of the donor's body or part.

*h. Unemancipated minor refusal — parent revocation or amendment.* If an unemancipated minor who signed a refusal dies, a parent of the minor who is reasonably available may revoke the minor's refusal.

*a.* An agent of the decedent at the time of death who could have made an anatomical gift under section 142C.3, subsection 1, immediately before the decedent's death.

*b.* The spouse of the decedent.

*c.* Adult children of the decedent.

*d.* Parents of the decedent.

2. *a.* If there is more than one member of a class listed in subsection 1, paragraph "a", "c", "d", "e", "f", "g", or "i", entitled to make an anatomical gift, an anatomical gift may be made by one member of the class unless that member or a person to

whom the gift may pass under section 142C.5 knows of an objection by another member of the class. If an objection is known, the gift shall be made only by a majority of the members of the class who are reasonably available.

*b.* A person shall not make an anatomical gift if, at the time of the death of the decedent, a person in a prior class under subsection 1 is reasonably available to make or to object to the making of an anatomical gift.

#### **142C.4A Cooperation between medical examiner and organ procurement organization — facilitation of anatomical gift from decedent whose body is under jurisdiction of medical examiner.**

1. A medical examiner shall cooperate with procurement organizations to maximize the opportunity to recover organs for the purpose of transplantation when the recovery of organs does not interfere with a death investigation.

2. If a medical examiner receives notice from a procurement organization that an organ might be or was made available with respect to a decedent whose body is under the jurisdiction of the medical examiner and a postmortem examination will be performed, unless the medical examiner denies recovery in accordance with this section, the medical examiner or designee shall conduct a postmortem examination of the body or the organ in a manner and within a period compatible with its preservation for the purposes of the gift. Every reasonable effort shall be made to accomplish the

mutual goals of organ donation and a thorough death investigation.

3. An organ shall not be removed from the body of a decedent under the jurisdiction of a medical examiner for transplantation unless the organ is the subject of an anatomical gift. This subsection does not preclude a medical examiner from performing a medicolegal investigation pursuant to subsection 5 upon the body or organs of a decedent under the jurisdiction of the medical examiner.

4. Upon request of an organ procurement organization, a medical examiner shall release to the organ procurement organization the name and contact information of a decedent whose body is under the jurisdiction of the medical examiner. If the decedent's organs are medically suitable for transplantation, the pathologist or medical examiner shall release to the organ procurement organization the postmortem examination results, limited to cause and manner of death and any evidence of infection or other disease process, which might preclude safe transplantation of recovered organs. The organ procurement organization may make a subsequent disclosure of the postmortem examination results only if relevant to transplantation.

5. The medical examiner may conduct a medicolegal examination by reviewing all medical records, laboratory test results, X rays, other diagnostic results, and other information that any person possesses about a donor or prospective donor whose body is under the jurisdiction of the medical examiner, which the medical examiner determines may be relevant to the investigation.

6. A person who has any information requested by a medical examiner pursuant to subsection 5 shall provide that information as expeditiously as possible to allow the medical examiner to conduct the medicolegal investigation within a period compatible with the preservation of organs for the purpose of transplantation.

7. If an anatomical gift has been or might be made of an organ of a decedent whose body is under the jurisdiction of the medical examiner and a postmortem examination is not required, or the medical examiner determines that a postmortem examination is required but that the recovery of the organ that is the subject of an anatomical gift will not interfere with the examination, the medical examiner and organ procurement organization shall cooperate in the timely removal of the organ from the decedent for the purpose of transplantation.

8. *a.* If an anatomical gift of an organ from a decedent under the jurisdiction of the medical examiner has been or might be made, but the pathologist or medical examiner initially believes that the recovery of the organ could interfere with the postmortem investigation into the decedent's cause or manner of death, the pathologist or medi-

cal examiner shall consult with the organ procurement organization or physician or technician designated by the organ procurement organization about the proposed recovery.

*b.* Ancillary clinical tests such as a magnetic resonance imaging (MRI), a computed tomography (CT) scan, or skeletal survey may be required by the pathologist prior to determination of suitability of organ procurement. These tests shall be performed and interpreted by the appropriate physician at the pathologist's request, and reported in a timely fashion. All expenses for such tests shall be the responsibility of the organ procurement organization regardless of outcome.

*c.* After consultation pursuant to paragraph "a" and any preliminary investigation pursuant to paragraph "b", the pathologist or medical examiner may allow recovery, depending on the nature of the case and the availability of a pathologist to view the body prior to recovery.

9. If the manner of death may be homicide or has the potential for litigation, the organ recovery shall be approved by the forensic pathologist, and the forensic pathologist may examine the body prior to organ recovery and document by diagrams and photographs all visible injuries.

10. *a.* If the medical examiner or designee allows recovery of an organ under subsection 7, 8, or 9, the organ procurement organization, upon request, shall cause the physician or technician who removes the organ to provide the medical examiner with a record describing the condition of the organ, a biopsy, a photograph, and any other information and observations that would assist in the postmortem examination.

*b.* Arrangements for the examination of bodies of such decedents shall be coordinated between the organ procurement organization and the state medical examiner.

*c.* If applicable, and whenever possible, the forensic pathologist who examined the decedent's body prior to recovery of the organ shall perform the autopsy. If the forensic pathologist is unable to accommodate examination of the body due to scheduling or staffing, the request for organ donation may be denied.

11. If a medical examiner or designee is required to be present at a removal procedure under subsection 9, upon request, the organ procurement organization requesting the recovery of the organ shall reimburse the medical examiner or designee for the additional costs incurred in complying with subsection 9.

12. A physician or technician who removes an organ at the direction of the organ procurement organization may be called to testify about findings from the surgical recovery of organs at no cost to taxpayers if the decedent is under the jurisdiction of the medical examiner.

13. *a.* The medical examiner or pathologist with jurisdiction over the body of a decedent has

discretion to grant or deny permission for organ or tissue recovery.

b. If the recovery of organs or tissues may hinder the determination of cause or manner of death or if evidence may be destroyed by the recovery, permission may be denied.

c. The medical examiner or a pathologist performing state autopsies shall work closely with procurement organizations in an effort to balance the needs of the public and the decedent's next of kin.

4. For the purpose of subsection 3, if there is more than one purpose of an anatomical gift set forth in the document of gift but the purposes are not set forth in any priority, the gift shall be used for transplantation or therapy, if suitable. If the gift cannot be used for transplantation or therapy, the gift may be used for research or education.

5. If an anatomical gift of one or more specific parts is made in a document of gift that does not name a person described in subsection 1 and does

not identify the purpose of the gift, the gift may be used only for transplantation or therapy, and the gift passes in accordance with subsection 7.

6. If a document of gift specifies only a general intent to make an anatomical gift by words such as "donor", "organ donor", or "body donor", or by a symbol or statement of similar import, the gift may be used only for transplantation or therapy, and the gift passes in accordance with subsection 7.

8. An anatomical gift of an organ for transplantation or therapy, other than an anatomical gift under subsection 1, paragraph "c", passes to the organ procurement organization as custodian of the organ.

9. If an anatomical gift does not pass pursuant to subsections 1 through 8, or the decedent's body or part is not used for transplantation, therapy, research, or education, custody of the body or part passes to the person under obligation to dispose of the body or part.

10. A person shall not accept an anatomical gift if the person knows that the gift was not effectively made under section 142C.3, subsection 2, or section 142C.4, or if the person knows that the decedent made a refusal under section 142C.3, subsection 4, that was not revoked. For purposes of this subsection, if a person knows that an anatomical gift was made on a document of gift, the person is deemed to know of any amendment or revocation of the gift or any refusal to make an anatomical gift on the same document of gift.

11. Except as otherwise provided in subsection 1, paragraph "c", nothing in this chapter shall affect the allocation of organs for transplantation or therapy.

3. When a hospital refers an individual at or

near death to a procurement organization, the procurement organization may conduct any reasonable examination necessary to ensure the medical suitability of a part that is or could be the subject of an anatomical gift for transplantation, therapy, research, or education from a donor or a prospective donor. During the examination period, measures necessary to ensure the medical suitability of the part shall not be withdrawn unless the hospital or procurement organization knows that the individual expressed a contrary intent.

4. Unless prohibited by law other than this chapter, at any time after a donor’s death, the person to whom a part passes under section 142C.5 may conduct any reasonable examination necessary to ensure the medical suitability of the body or part for its intended purpose.

### **147.107 Drug dispensing, supplying, and prescribing — limitations.**

1. A person, other than a pharmacist, physician, dentist, podiatric physician, or veterinarian who dispenses as an incident to the practice of the practitioner's profession, shall not dispense prescription drugs or controlled substances.

2. *a.* A pharmacist, physician, dentist, or podiatric physician who dispenses prescription drugs, including but not limited to controlled substances, for human use, may delegate nonjudgmental dispensing functions to staff assistants only when verification of the accuracy and completeness of the prescription is determined by the pharmacist or practitioner in the pharmacist's or practitioner's physical presence. However, the physical presence requirement does not apply when a pharmacist or practitioner is utilizing an automated dispensing system. When using an automated dispensing system the pharmacist or practitioner shall utilize an internal quality control assurance plan that ensures accuracy for dispensing. Verification of automated dispensing accuracy and completeness remains the responsibility of the pharmacist or practitioner and shall be determined in accordance with rules adopted by the board of pharmacy, the board of medicine, the dental board, and the board of podiatry for their

respective licensees.

b. A dentist, physician, or podiatric physician who dispenses prescription drugs, other than drug samples, pursuant to this subsection, shall register the fact that they dispense prescription drugs with the practitioner's respective board at least biennially.

c. A physician, dentist, or podiatric physician who dispenses prescription drugs, other than drug samples, pursuant to this subsection, shall offer to provide the patient with a written prescription that may be dispensed from a pharmacy of the patient's choice or offer to transmit the prescription orally, electronically, or by facsimile in accordance with section 155A.27 to a pharmacy of the patient's choice.

3. A physician's assistant or registered nurse may supply when pharmacist services are not reasonably available or when it is in the best interests of the patient, on the direct order of the supervising physician, a quantity of properly packaged and labeled prescription drugs, controlled substances, or contraceptive devices necessary to complete a course of therapy. However, a remote clinic, staffed by a physician's assistant or registered nurse, where pharmacy services are not reasonably available, shall secure the regular advice and consultation of a pharmacist regarding the distribution, storage, and appropriate use of such drugs, substances, and devices.

4. Notwithstanding subsection 3, a physician assistant shall not dispense prescription drugs as an incident to the practice of the supervising physician or the physician assistant, but may supply, when pharmacist services are not reasonably available, or when it is in the best interests of the patient, a quantity of properly packaged and labeled prescription drugs, controlled substances, or medical devices necessary to complete a course of therapy. However, a remote clinic, staffed by a physician assistant, where pharmacy services are not reasonably available, shall secure the regular advice and consultation of a pharmacist regarding the distribution, storage, and appropriate use of such drugs, substances, and devices. Prescription drugs supplied under the provisions of this subsection shall be supplied for the purpose of accommodating the patient and shall not be sold for more than the cost of the drug and reasonable overhead costs, as they relate to supplying prescription drugs to the patient, and not at a profit to the physician or the physician assistant. If prescription drug supplying authority is delegated by a supervising physician to a physician assistant, a nurse or staff assistant may assist the physician assistant in providing that service. Rules shall be adopted by the board of physician assistants, after consultation with the board of pharmacy, to implement this subsection.

5. Notwithstanding subsection 1 and any other provision of this section to the contrary, a physician may delegate the function of prescribing

drugs, controlled substances, and medical devices to a physician assistant licensed pursuant to chapter 148C. When delegated prescribing occurs, the supervising physician's name shall be used, recorded, or otherwise indicated in connection with each individual prescription so that the individual who dispenses or administers the prescription knows under whose delegated authority the physician assistant is prescribing. Rules relating to the authority of physician assistants to prescribe drugs, controlled substances, and medical devices pursuant to this subsection shall be adopted by the board of physician assistants, after consultation with the board of medicine and the board of pharmacy. However, the rules shall prohibit the prescribing of schedule II controlled substances which are listed as depressants pursuant to chapter 124.

6. Health care providers shall consider the instructions of the physician assistant to be instructions of the supervising physician if the instructions concern duties delegated to the physician assistant by a supervising physician.

7. Notwithstanding subsection 1, a family planning clinic may dispense birth control drugs and devices upon the order of a physician. Subsections 2 and 3 do not apply to a family planning clinic under this subsection.

8. Notwithstanding subsection 1, but subject to the limitations contained in subsections 2 and 3, a registered nurse who is licensed and registered as an advanced registered nurse practitioner and who qualifies for and is registered in a recognized nursing specialty may prescribe substances or devices, including controlled substances or devices, if the nurse is engaged in the practice of a nursing specialty regulated under rules adopted by the board of nursing in consultation with the board of medicine and the board of pharmacy.

9. Notwithstanding section 147.86, a person, including a pharmacist, who violates this section is guilty of a simple misdemeanor.

The prescription may contain adapting and material guidelines and may also contain specific instructions for use by the patient. For the purpose of this section, “*ophthalmic lens*” means one which has been fabricated to fill the requirements of a particular contact lens prescription.

3. A person who fills a contact lens prescription shall maintain a file of a valid prescription for a period of two years.

The person licensed under chapter 148, 150, 150A, or 154 shall accept the prescription and shall not require the patient to undergo an eye examination

unless, due to observation or patient history, the licensee has reason to require an examination.

4. A dispenser shall maintain a file of a valid prescription for a period of two years.

**147.135 Peer review committees — nonliability — records and reports privileged and confidential.**

1. A person shall not be civilly liable as a result of acts, omissions, or decisions made in connection with the person’s service on a peer review committee. However, such immunity from civil liability shall not apply if an act, omission, or decision is made with malice.

2. As used in this subsection, “*peer review records*” means all complaint files, investigation files, reports, and other investigative information relating to licensee discipline or professional competence in the possession of a peer review committee or an employee of a peer review committee. As used in this subsection, “*peer review committee*” does not include licensing boards. Peer review records are privileged and confidential, are not subject to discovery, subpoena, or other means of legal compulsion for release to a person other than an affected licensee or a peer review committee, and are not admissible in evidence in a judicial or administrative proceeding other than a proceeding involving licensee discipline or a proceeding brought by a licensee who is the subject of a peer review record and whose competence is at issue. A person shall not be liable as a result of filing a report or complaint with a peer review committee or providing information to such a committee, or for disclosure of privileged matter to a peer review committee. A person present at a meeting of a peer review committee shall not be permitted to testify as to the findings, recommendations, evaluations, or opinions of the peer review committee in any judicial or administrative proceeding other than a proceeding involving licensee discipline or a proceeding brought by a licensee who is the subject of a peer review committee meeting and whose competence is at issue. Information or documents discoverable from sources other than the peer review

committee do not become nondiscoverable from the other sources merely because they are made available to or are in the possession of a peer review committee. However, such information relating to licensee discipline may be disclosed to an appropriate licensing authority in any jurisdiction in which the licensee is licensed or has applied for a license. If such information indicates a crime has been committed, the information shall be reported to the proper law enforcement agency. This subsection shall not preclude the discovery of the identification of witnesses or documents known to a peer review committee. Any final written decision and finding of fact by a licensing board in a disciplinary proceeding is a public record. Upon appeal by a licensee of a decision of a board, the entire case record shall be submitted to the reviewing court. In all cases where privileged and confidential information under this subsection becomes discoverable, admissible, or part of a court record the identity of an individual whose privilege has been involuntarily waived shall be withheld.

3. *a.* A full and confidential report concerning any final hospital disciplinary action approved by a hospital board of trustees that results in a limitation, suspension, or revocation of a physician's privilege to practice for reasons relating to the physician's professional competence or concerning any voluntary surrender or limitation of privileges for reasons relating to professional competence shall be made to the board of medicine by the hospital administrator or chief of medical staff within ten days of such action. The board of medicine shall investigate the report and take appropriate action. These reports shall be privileged and confidential as though included in and subject to the requirements for peer review committee information in subsection 2. Persons making these reports and persons participating in resulting proceedings related to these reports shall be immune from civil liability with respect to the making of the report or participation in resulting proceedings. As used in this subsection, "*physician*" means a person licensed pursuant to chapter 148, chapter 150, or chapter 150A.

*b.* Notwithstanding subsection 2, if the board of medicine conducts an investigation based on a complaint received or upon its own motion, a hospital pursuant to subpoena shall make available information and documents requested by the board, specifically including reports or descriptions of any complaints or incidents concerning an individual who is the subject of the board's investigation, even though the information and documents are also kept for, are the subject of, or are being used in peer review by the hospital. However, the deliberations, testimony, decisions, conclusions, findings, recommendations, evaluations, work product, or opinions of a peer review committee or its members and those portions of any docu-

ments or records containing or revealing information relating thereto shall not be subject to the board's request for information, subpoena, or other legal compulsion. All information and documents received by the board from a hospital under this section shall be confidential pursuant to section 272C.6, subsection 4.

A license shall be valid for a duration as determined by the board. The fee for each license shall be set by the board to cover the administrative costs of issuing the license. The board shall determine in each instance those eligible for a license, whether or not examinations shall be given, and the type of examinations. Requirements of the law pertaining to regular permanent licensure shall not be mandatory for a resident physician license except as specifically designated by the board. #### 148.6 Revocation.

1. The board, after due notice and hearing in accordance with chapter 17A, may issue an order to discipline a licensee for any of the grounds set

forth in section 147.55, chapter 272C, or this subsection. Notwithstanding section 272C.3, licensee discipline may include a civil penalty not to exceed ten thousand dollars.

2. Pursuant to this section, the board may discipline a licensee who is guilty of any of the following acts or offenses:

*a.* Knowingly making misleading, deceptive, untrue or fraudulent representation in the practice of the physician's profession.

*b.* Being convicted of a felony in the courts of this state or another state, territory, or country. Conviction as used in this paragraph shall include a conviction of an offense which if committed in this state would be deemed a felony without regard to its designation elsewhere, or a criminal proceeding in which a finding or verdict of guilt is made or returned, but the adjudication of guilt is either withheld or not entered. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state shall be conclusive evidence.

*c.* Violating a statute or law of this state, another state, or the United States, without regard to its designation as either felony or misdemeanor, which statute or law relates to the practice of medicine.

*d.* Having the license to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy revoked or suspended, or having other disciplinary action taken by a licensing authority of another state, territory, or country. A certified copy of the record or order of suspension, revocation, or disciplinary action is prima facie evidence.

*e.* Knowingly aiding, assisting, procuring, or advising a person to unlawfully practice medicine and surgery, osteopathic medicine and surgery, or osteopathy.

*f.* Being adjudged mentally incompetent by a court of competent jurisdiction. Such adjudication shall automatically suspend a license for the duration of the license unless the board orders otherwise.

*g.* Being guilty of a willful or repeated departure from, or the failure to conform to, the minimal standard of acceptable and prevailing practice of medicine and surgery, osteopathic medicine and surgery, or osteopathy in which proceeding actual injury to a patient need not be established; or the committing by a physician of an act contrary to honesty, justice, or good morals, whether the same is committed in the course of the physician's practice or otherwise, and whether committed within or without this state.

*h.* Inability to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy with reasonable skill and safety by reason of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or other type of material or as a result of a mental or physical condition. The board may, upon probable cause, compel a physician to

submit to a mental or physical examination by designated physicians or to submit to alcohol or drug screening within a time specified by the board. Failure of a physician to submit to an examination or to submit to alcohol or drug screening shall constitute admission to the allegations made against the physician and the finding of fact and decision of the board may be entered without the taking of testimony or presentation of evidence. At reasonable intervals, a physician shall be afforded an opportunity to demonstrate that the physician can resume the competent practice of medicine with reasonable skill and safety to patients.

A person licensed to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy who makes application for the renewal of a license, as required by section 147.10, gives consent to submit to a mental or physical examination as provided by this paragraph when directed in writing by the board. All objections shall be waived as to the admissibility of the examining physicians' testimony or examination reports on the grounds that they constitute privileged communication. The medical testimony or examination reports shall not be used against a physician in another proceeding and shall be confidential, except for other actions filed against a physician to revoke or suspend a license.

*i.* Willful or repeated violation of lawful rule or regulation adopted by the board or violating a lawful order of the board, previously entered by the board in a disciplinary or licensure hearing, or violating the terms and provisions of a consent agreement or informal settlement between a licensee and the board.

1. The board may, upon its own motion or upon verified complaint in writing, and shall, if such complaint is filed by the director of public health, issue an order fixing the time and place for hearing. A written notice of the time and place of the hearing together with a statement of the charges shall be served upon the licensee at least ten days before the hearing in the manner required for the service of notice of the commencement of an ordinary action or by restricted certified mail.

2. If the licensee has left the state, the notice and statement of the charges shall be so served at

least twenty days before the date of the hearing, wherever the licensee may be found. If the whereabouts of the licensee is unknown, service may be had by publication as provided in the rules of civil procedure upon filing the affidavit required by the rules. In case the licensee fails to appear, either in person or by counsel at the time and place designated in the notice, the board shall proceed with the hearing as hereinafter provided.

The temporary certificate shall be issued for one year and at the discretion of the board may be renewed, but a person shall not practice chiropractic in excess of three years while holding a temporary certificate. The fee for this certificate shall be set by the board, and if extended beyond one year, a renewal fee per year shall be set by the board. ## CHAPTER 152E

### NURSE LICENSURE COMPACT AND ADVANCED PRACTICE REGISTERED NURSE COMPACT

#### 152E.3 Form of advanced practice registered nurse compact.

The advanced practice registered nurse compact is entered into and enacted into law with all jurisdictions legally joining therein, in the form substantially as follows:

##### ARTICLE I —

##### FINDINGS AND DECLARATION OF PURPOSE

- a. The party states find all of the following:
  1. The health and safety of the public are affected by the degree of compliance with advanced practice registered nurse licensure and practice requirements and the effectiveness of enforcement activities related to state advanced practice registered nurse license or authority to practice laws.
  2. Violations of advanced practice registered nurse licensure and practice and other laws regulating the practice of nursing may result in injury or harm to the public.
  3. The expanded mobility of advanced practice

registered nurses and the use of advanced communication technologies as part of our nation’s health care delivery system require greater coordination and cooperation among states in the areas of advanced practice registered nurse licensure and practice requirements.

4. New practice modalities and technology make compliance with individual state advanced practice registered nurse licensure and practice requirements difficult and complex.
5. The current system of duplicative advanced practice registered nurse licensure and practice requirements for advanced practice registered nurses practicing in multiple states is cumbersome and redundant to both advanced practice registered nurses and states.
6. Uniformity of advanced practice registered nurse requirements throughout the states promotes public safety and public health benefits.
7. Access to advanced practice registered nurse services increases the public’s access to health care, particularly in rural and underserved areas.

- b. The general purposes of this compact are to:
1. Facilitate the states' responsibilities to protect the public's health and safety.
  2. Ensure and encourage the cooperation of party states in the areas of advanced practice registered nurse licensure and practice requirements including promotion of uniform licensure requirements.
  3. Facilitate the exchange of information between party states in the areas of advanced practice registered nurse regulation, investigation, and adverse actions.
  4. Promote compliance with the laws governing advanced practice registered nurse practice in each jurisdiction.
  5. Invest all party states with the authority to hold an advanced practice registered nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses.

#### ARTICLE II — DEFINITIONS

As used in this compact:

- a. "*Advanced practice registered nurse*" means a nurse anesthetist, nurse practitioner, nurse midwife, or clinical nurse specialist to the extent a party state licenses or grants authority to practice in that advanced practice registered nurse role and title.
- b. "*Advanced practice registered nurse licensure and practice requirements*" means the regulatory mechanism used by a party state to grant legal authority to practice as an advanced practice registered nurse.
- c. "*Advanced practice registered nurse uniform license or authority to practice requirements*" means those minimum uniform licensure, education, and examination requirements as agreed to by the compact administrators and adopted by licensing boards for the recognized advanced practice registered nurse role and title.
- d. "*Adverse action*" means a home or remote state action.
- e. "*Alternative program*" means a voluntary, nondisciplinary monitoring program approved by a nurse licensing board.
- f. "*Coordinated licensure information system*" means an integrated process for collecting, storing, and sharing information on advanced practice registered nurse licensure or authority to practice and enforcement activities related to advanced practice registered nurse license or authority to practice laws, which is administered by a nonprofit organization composed of and controlled by state licensing boards.
- g. "*Current significant investigative information*" means either of the following:
1. Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the advanced

practice registered nurse to respond if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction.

2. Investigative information that indicates that the advanced practice registered nurse represents an immediate threat to public health and safety regardless of whether the advanced practice registered nurse has been notified and had an opportunity to respond.

h. "*Home state*" means the party state that is the advanced practice registered nurse's primary state of residence.

i. "*Home state action*" means any administrative, civil, equitable, criminal, or other action permitted by the home state's laws which is imposed on an advanced practice registered nurse by the home state's licensing board or other authority, including actions against an individual's license or authority to practice such as revocation, suspension, probation, or any other action which affects an advanced practice registered nurse's authorization to practice.

j. "*Licensing board*" means a party state's regulatory body responsible for advanced practice registered nurse licensure or authority to practice.

k. "*Multistate advanced practice privilege*" means current authority from a remote state permitting an advanced practice registered nurse to practice in that state in the same role and title as the advanced practice registered nurse is licensed or authorized to practice in the home state to the extent that the remote state laws recognize such advanced practice registered nurse role and title. A party state has the authority, in accordance with existing state due process laws, to take action against the advanced practice registered nurse's privilege, including revocation, suspension, probation, or any other action that affects an advanced practice registered nurse's multistate privilege to practice.

l. "*Party state*" means any state that has adopted this compact.

m. "*Prescriptive authority*" means the legal authority to prescribe medications and devices as defined by party state laws.

n. "*Remote state*" means a party state, other than the home state, where either of the following applies:

1. Where the patient is located at the time advanced practice registered nurse care is provided.

2. In the case of advanced practice registered nurse practice not involving a patient, in such party state where the recipient of advanced practice registered nurse care is located.

o. "*Remote state action*" means either of the following:

1. Any administrative, civil, equitable, criminal, or other action permitted by a remote state's laws which is imposed on an advanced practice registered nurse by the remote state's licensing board or other authority, including actions against

an individual's multistate advanced practice privilege in the remote state.

2. Cease and desist and other injunctive or equitable orders issued by remote states or the licensing boards of remote states.

*p.* "State" means a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

*q.* "State practice laws" means a party state's laws and regulations that govern advanced practice registered nurse practice, define the scope of advanced nursing practice, including prescriptive authority, and create the methods and grounds for imposing discipline. "State practice laws" does not include the requirements necessary to obtain and retain advanced practice registered nurse licensure or authority to practice as an advanced practice registered nurse, except for qualifications or requirements of the home state.

*r.* "Unencumbered" means that a state has no current disciplinary action against an advanced practice registered nurse's license or authority to practice.

ARTICLE III —  
GENERAL PROVISIONS AND JURISDICTION

*a.* All party states shall participate in the nurse licensure compact for registered nurses and licensed practical or vocational nurses in order to enter into the advanced practice registered nurse compact.

*b.* A state shall not enter the advanced practice registered nurse compact until the state adopts, at a minimum, the advanced practice registered nurse uniform license or authority to practice requirements for each advanced practice registered nurse role and title recognized by the state seeking to enter the advanced practice registered nurse compact.

*c.* Advanced practice registered nurse license or authority to practice issued by a home state to a resident in that state shall be recognized by each party state as authorizing a multistate advanced practice privilege to the extent that the role and title are recognized by each party state. To obtain or retain advanced practice registered nurse licensure and practice requirements as an advanced practice registered nurse, an applicant must meet the home state's qualifications for authority or renewal of authority as well as all other applicable state laws.

*d.* The advanced practice registered nurse multistate advanced practice privilege does not include prescriptive authority, and does not affect any requirements imposed by states to grant to an advanced practice registered nurse initial and continuing prescriptive authority according to state practice laws. However, a party state may grant prescriptive authority to an individual on the basis of a multistate advanced practice privilege to the extent permitted by state practice laws.

*e.* A party state may, in accordance with state due process laws, limit or revoke the multistate advanced practice privilege in the party state and may take any other necessary actions under the party state's applicable laws to protect the health and safety of the party state's citizens. If a party state takes action, the party state shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

*f.* An advanced practice registered nurse practicing in a party state must comply with the state practice laws of the state in which the patient is located at the time care is provided. The advanced practice registered nurse practice includes patient care and all advanced nursing practice defined by the party state's practice laws. The advanced practice registered nurse practice subjects an advanced practice registered nurse to the jurisdiction of the licensing board, the courts, and the laws of the party state.

*g.* Individuals not residing in a party state may apply for an advanced practice registered nurse license or authority to practice as an advanced practice registered nurse under the laws of a party state. However, the authority to practice granted to these individuals shall not be recognized as granting the privilege to practice as an advanced practice registered nurse in any other party state unless explicitly agreed to by that party state.

ARTICLE IV —  
APPLICATIONS FOR ADVANCED PRACTICE  
REGISTERED NURSE LICENSURE OR  
AUTHORITY TO PRACTICE IN A PARTY STATE

*a.* Once an application for an advanced practice registered nurse license or authority to practice is submitted, a party state shall ascertain, through the coordinated licensure information system, whether the applicant has held, or is the holder of, a nursing license or authority to practice issued by another state, whether the applicant has had a history of previous disciplinary action by any state, whether an encumbrance exists on any license or authority to practice, and whether any other adverse action by any other state has been taken against a license or authority to practice.

This information may be used in approving or denying an application for an advanced practice registered nurse license or authority to practice.

*b.* An advanced practice registered nurse in a party state shall hold an advanced practice registered nurse license or authority to practice in only one party state at a time, issued by the home state.

*c.* An advanced practice registered nurse who intends to change the nurse's primary state of residence may apply for an advanced practice registered nurse license or authority to practice in the

new home state in advance of such change. However, a new license or authority to practice shall not be issued by a party state until after an advanced practice registered nurse provides evidence of change in the nurse's primary state of residence satisfactory to the new home state's licensing board.

*d.* 1. If an advanced practice registered nurse changes the nurse's primary state of residence by moving between two party states, and obtains an advanced practice registered nurse license or authority to practice from the new home state, the advanced practice registered nurse license or authority to practice from the former home state is no longer valid.

2. If an advanced practice registered nurse changes the nurse's primary state of residence by moving from a nonparty state to a party state, and obtains an advanced practice registered nurse license or authority to practice from the new home state, the individual state license issued by the nonparty state is not affected and shall remain in full force if so provided by the laws of the nonparty state.

3. If an advanced practice registered nurse changes the nurse's primary state of residence by moving from a party state to a nonparty state, the advanced practice registered nurse license or authority to practice issued by the prior home state converts to an individual state license, valid only in the former home state, without the multistate licensure privilege to practice in other party states.

#### ARTICLE V — ADVERSE ACTIONS

In addition to the general provisions described in article III, the following provisions apply:

*a.* The licensing board of a remote state shall promptly report to the administrator of the coordinated licensure information system any remote state actions, including the factual and legal basis for such action, if known. The licensing board of a remote state shall also promptly report any significant current investigative information yet to result in a remote state action. The administrator of the coordinated licensure information system shall promptly notify the home state of any such reports.

*b.* The licensing board of a party state shall have the authority to complete any pending investigations for an advanced practice registered nurse who changes the nurse's primary state of residence during the course of such investigations. It shall also have the authority to take appropriate action and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.

*c.* A remote state may take adverse action af-

fecting the multistate advanced practice privilege to practice within that party state. However, only the home state shall have the power to impose adverse action against the advanced practice registered nurse license or authority to practice issued by the home state.

*d.* For purposes of imposing adverse action, the licensing board of the home state shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, it shall apply its own state laws to determine appropriate action.

*e.* The home state may take adverse action based on the factual findings of the remote state, so long as each state follows its own procedures for imposing such adverse action.

*f.* Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the party state's laws. Party states must require advanced practice registered nurses who enter any alternative programs to agree not to practice in any other party state during the term of the alternative program without prior authorization from such other party state.

*g.* All home state licensing board disciplinary orders, agreed to or otherwise, which limit the scope of the advanced practice registered nurse's practice or require monitoring of the advanced practice registered nurse as a condition of the order shall include the requirements that the advanced practice registered nurse will limit the nurse's practice to the home state during the pendency of the order. This requirement may allow the advanced practice registered nurse to practice in other party states with prior written authorization from both the home state and party state licensing boards.

#### ARTICLE VI — ADDITIONAL AUTHORITIES INVESTED IN PARTY STATE LICENSING BOARDS

Notwithstanding any other powers, party state licensing boards shall have the authority to do all of the following:

*a.* If otherwise permitted by state law, recover from the affected advanced practice registered nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that advanced practice registered nurse.

*b.* Issue subpoenas for both hearings and investigations which require the attendance and testimony of witnesses, and the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses, or the production of evidence from another party state, shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court

applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses or evidence is located.

c. Issue cease and desist orders to limit or revoke an advanced practice registered nurse's privilege, license, or authority to practice in the state.

d. Promulgate uniform rules and regulations as provided for in article VIII, section c.

#### ARTICLE VII — COORDINATED LICENSURE INFORMATION SYSTEM

a. All party states shall participate in a cooperative effort to create a coordinated database of all advanced practice registered nurses. This system shall include information on the advanced practice registered nurse licensure and practice requirements and disciplinary history of each advanced practice registered nurse, as contributed by party states, to assist in the coordination of the advanced practice registered nurse licensure or authority to practice and enforcement efforts.

b. Notwithstanding any other provision of law, all party states' licensing boards shall promptly report adverse actions, actions against multistate advanced practice privileges, any current significant investigative information yet to result in adverse action, denials of applications, and the reasons for such denials, to the coordinated licensure information system.

c. Current significant investigative information shall be transmitted through the coordinated licensure information system only to party state licensing boards.

d. Notwithstanding any other provision of law, all party states' licensing boards contributing information to the coordinated licensure information system may designate information that shall not be shared with nonparty states or disclosed to other entities or individuals without the express permission of the contributing state.

e. Any personally identifiable information obtained by a party state's licensing board from the coordinated licensure information system shall not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

f. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

g. The compact administrators, acting jointly with each other and in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and

exchange of information under this compact.

#### ARTICLE VIII — COMPACT ADMINISTRATION AND INTERCHANGE OF INFORMATION

a. The head of the licensing board, or the head's designee, of each party state shall be the administrator of this compact for the head's state.

b. The compact administrator of each party state shall furnish to the compact administrator of each other party state any information and documents including, but not limited to, a uniform data set of investigations, identifying information, licensure data, and disclosable alternative program participation information to facilitate the administration of this compact.

c. Compact administrators shall have the authority to develop uniform rules to facilitate and coordinate implementation of this compact. These uniform rules shall be adopted by party states, under the authority invested under article VI, section d.

#### ARTICLE IX — IMMUNITY

A party state or the officers or employees or agents of a party state's licensing board who acts in accordance with the provisions of this compact shall not be liable on account of any act or omission in good faith while engaged in the performance of their duties under this compact. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

#### ARTICLE X — ENTRY INTO FORCE, WITHDRAWAL, AND AMENDMENT

a. This compact shall enter into force and become effective as to any state when it has been enacted into the laws of that state. Any party state may withdraw from this compact by enacting a statute repealing the same, but such withdrawal shall not take effect until six months after the withdrawing state has given notice of the withdrawal to the executive heads of all other party states.

b. Withdrawal shall not affect the validity or applicability by the licensing boards of states remaining party to the compact of any report of adverse action occurring prior to the withdrawal.

c. This compact shall not be construed to invalidate or prevent any advanced practice registered nurse licensure or authority to practice agreement or other cooperative arrangement between a party state and a nonparty state that is made in accordance with the other provisions of this compact.

d. This compact may be amended by the party states. An amendment to this compact shall not become effective and binding upon the party states unless and until it is enacted into the laws of all party states.

ARTICLE XI —  
CONSTRUCTION AND SEVERABILITY

*a.* This compact shall be liberally construed so as to effectuate the purposes of the compact. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States, or the applicability of the compact to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability of the compact to any government, agency, person, or circumstance shall not be affected by that action. If this compact shall be held contrary to the constitution of any state which is party to the compact, the compact shall remain in full force and effect as to the remain-

ing party states and in full force and effect as to the party state affected as to all severable matters.

*b.* 1. In the event party states find a need for settling disputes arising under this compact, the party states may submit the issues in dispute to an arbitration panel which shall be comprised of an individual appointed by the compact administrator in the home state, an individual appointed by the compact administrator in the remote state or states involved, and an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute.

2. The decision of a majority of the arbitrators shall be final and binding.

Such license shall be renewed at the discretion of the board. The fee for a resident license and the renewal fee shall be set by the board based upon the cost of issuance of the license. The board shall determine in each instance those eligible for a resident license, whether or not examinations shall be given, and the type of examination. None of the requirements for regular permanent licensure are mandatory for resident licensure except as specifically designated by the board. The issuance of a resident license shall not in any way indicate that the person so licensed is necessarily eligible for regular licensure or that the board is obligated to so license the person. ### 153.33 Powers of board.

Subject to the provisions of this chapter, any provision of this subtitle to the contrary notwithstanding, the board shall exercise the following powers:

1. To initiate investigations of and conduct hearings on all matters or complaints relating to the practice of dentistry, dental hygiene, or dental assisting or pertaining to the enforcement of any provision of this chapter, to provide for mediation of disputes between licensees or registrants and their patients when specifically recommended by the board, to revoke or suspend licenses or registrations, or the renewal thereof, issued under this or any prior chapter, to provide for restitution to patients, and to otherwise discipline licensees and registrants.

Subsequent to an investigation by the board, the board may appoint a disinterested third party to mediate disputes between licensees or registrants and patients. Referral of a matter to mediation shall not preclude the board from taking disciplinary action against the affected licensee or registrant.

2. To appoint investigators, who shall not be members of the board, to administer and aid in the enforcement of the provisions of law relating to those persons licensed to practice dentistry and dental hygiene, and persons registered as dental assistants. The amount of compensation for the investigators shall be determined pursuant to chapter 8A, subchapter IV. Investigators authorized by the board have the powers and status of peace officers when enforcing this chapter and chapters 147 and 272C.

3. All employees needed to administer this

chapter shall be appointed pursuant to the merit system.

4. To initiate in its own name or cause to be initiated in a proper court appropriate civil proceedings against any person to enforce the provisions of this chapter or this subtitle relating to the practice of dentistry, and the board may have the benefit of counsel in connection therewith. Any such judicial proceeding as may be initiated by the board shall be commenced and prosecuted in the same manner as any other civil action and injunctive relief may be granted therein without proof of actual damage sustained by any person but such injunctive relief shall not relieve the person so enjoined from criminal prosecution by the attorney general or county attorney for violation of any provision of this chapter or this subtitle relating to the practice of dentistry.

5. In any investigation made or hearing conducted by the board on its own motion, or upon written complaint filed with the board by any person, pertaining to any alleged violation of this chapter or the accusation against any licensee or registrant, the following procedure and rules so far as material to such investigation or hearing shall obtain:

a. The accusation of such person against any licensee or registrant shall be reduced to writing, verified by some person familiar with the facts therein stated, and three copies thereof filed with the board.

b. If the board shall deem the charges sufficient, if true, to warrant suspension or revocation of license or registration, it shall make an order fixing the time and place for hearing thereon and requiring the licensee or registrant to appear and answer thereto, such order, together with a copy of the charges so made to be served upon the accused at least twenty days before the date fixed for hearing, either personally or by certified or registered mail, sent to the licensee's or registrant's last known post office address as shown by the records of the board.

c. At the time and place fixed in said notice for said hearing, or at any time and place to which the said hearing shall be adjourned, the board shall hear the matter and may take evidence, administer oaths, take the deposition of witnesses, including the person accused, in the manner provided by law in civil cases, compel the appearance of witnesses before it in person the same as in civil cases by subpoena issued over the signature of the chairperson of the board and in the name of the state of Iowa, require answers to interrogatories and compel the production of books, papers, accounts, documents and testimony pertaining to the matter under investigation or relating to the hearing.

d. In all such investigations and hearings pertaining to the suspension or revocation of licenses or registrations, the board and any person affected thereby may have the benefit of counsel, and upon the request of the licensee or registrant or the li-

censee's or registrant's counsel the board shall issue subpoenas for the attendance of such witnesses in behalf of the licensee or registrant, which subpoenas when issued shall be delivered to the licensee or registrant or the licensee's or registrant's counsel. Such subpoenas for the attendance of witnesses shall be effective if served upon the person named therein anywhere within this state, provided, that at the time of such service the fees now or hereafter provided by law for witnesses in civil cases in district court shall be paid or tendered to such person.

*e.* In case of disobedience of a subpoena lawfully served hereunder, the board or any party to such hearing aggrieved thereby may invoke the aid of the district court in the county where such hearing is being conducted to require the attendance and testimony of such witnesses. Such district court of the county within which the hearing is being conducted may, in case of contumacy or refusal to obey such subpoena, issue an order requiring such person to appear before said board, and if so ordered give evidence touching the matter involved in the hearing. Any failure to obey such order of the court may be punished by such court as a contempt thereof.

*f.* If the licensee or registrant pleads guilty, or after hearing shall be found guilty by the board of any of the charges made, it may suspend for a limited period or revoke the license or registration, and the last renewal thereof, and shall enter the order on its records and notify the accused of the revocation or suspension of the person's license or registration, as the case may be, who shall thereupon forthwith surrender that license or registration to the board. Any such person whose license or registration has been so revoked or suspended shall not thereafter and while such revocation or suspension is in force and effect practice dentistry, dental hygiene, or dental assisting within this state.

*g.* The findings of fact made by the board acting within its power shall, in the absence of fraud, be conclusive, but the district court shall have power to review questions of law involved in any final decision or determination of the board; provided, that application is made by the aggrieved party within thirty days after such determination by certiorari, mandamus or such other method of review or appeal permitted under the laws of this state, and to make such further orders in respect thereto as justice may require.

*h.* Pending the review and final disposition thereof by the district court, the action of the board suspending or revoking such license or registration shall not be stayed.

6. To adopt rules regarding infection control in dental practice which are consistent with standards of the federal Occupational Safety and Health Act of 1970, 29 U.S.C. § 651-678, and recommendations of the centers for disease control.

7. To promulgate rules as may be necessary to implement the provisions of this chapter.

1. A three-member dental hygiene committee of the board is created, consisting of the two dental hygienist members of the board and one dentist member of the board. The dentist member of the committee must have supervised and worked in collaboration with a dental hygienist for a period of at least three years immediately preceding election to the committee. The dentist member shall be elected to the committee annually by a majority vote of board members.

2. The committee shall have the authority to adopt recommendations regarding the practice, discipline, education, examination, and licensure of dental hygienists, subject to subsection 3, and shall carry out duties as assigned by the board. The committee shall have no regulatory or disciplinary authority with regard to dentists, dental assistants, dental lab technicians, or any other auxiliary dental personnel.

3. The board shall ratify recommendations of the committee at the first meeting of the board following adoption of the recommendations by the committee, or at a meeting of the board specifically called for the purpose of board review and ratification of committee recommendations. The board shall decline to ratify committee recommendations only if the board makes a specific finding that a recommendation exceeds the jurisdiction or expands the scope of the committee beyond the authority granted in subsection 2, creates an undue financial impact on the board, or is not supported by the record. The board shall pay the necessary expenses of the committee and of the board in implementing committee recommendations ratified by the board.

4. This section shall not be construed as impacting or changing the scope of practice of the profession of dental hygiene or authorizing the independent practice of dental hygiene.

2007 Acts, ch 10, §137  
Subsection 1 amended

### 153.34 Discipline.

The board may issue an order to discipline a licensed dentist or dental hygienist, or registered dental assistant, for any of the grounds set forth in this chapter, chapter 272C, or Title IV. Notwithstanding section 272C.3, licensee or registrant discipline may include a civil penalty not to exceed ten thousand dollars. Pursuant to this section, the board may discipline a licensee or registrant for any of the following reasons:

8. For failure to maintain a reasonably satisfactory standard of competency in the practice of dentistry, dental hygiene, or dental assisting.

9. For the conviction of a felony in the courts of this state or another state, territory, or country. Conviction as used in this subsection includes a conviction of an offense which if committed in this state would be a felony without regard to its designation elsewhere, and includes a finding or verdict of guilt made or returned in a criminal proceeding even if the adjudication of guilt is withheld or not entered. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state constitutes conclusive evidence of the conviction.

10. For a violation of a law of this state, another state, or the United States, without regard to its designation as either a felony or misdemeanor, which law relates to the practice of dentistry, dental hygiene, or dental assisting. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state constitutes conclusive evidence of the conviction.

11. The revocation or suspension of a license or registration to practice dentistry, dental hygiene, or dental assisting or other disciplinary action taken by a licensing authority of another state, territory, or country. A certified copy of the record or order of suspension, revocation, or disciplinary action is conclusive or prima facie evidence.

12. Knowingly aiding, assisting, procuring, or advising a person to unlawfully practice dentistry, dental hygiene, or dental assisting.

13. For an adjudication of mental incompetence by a court of competent jurisdiction. Such adjudication shall automatically suspend a license or registration for the duration of the license or registration unless the board orders otherwise.

14. Inability to practice dentistry, dental hygiene, or dental assisting with reasonable skill and safety by reason of illness, drunkenness, or habitual or excessive use of drugs, intoxicants, narcotics, chemicals, or other types of materials or as a result of a mental or physical condition. At reasonable intervals following suspension or revocation under this subsection, a dentist, dental hy-

gienist, or dental assistant shall be afforded an opportunity to demonstrate that the dentist, dental hygienist, or dental assistant can resume the competent practice of dentistry, dental hygiene, or dental assisting with reasonable skill and safety to patients.

15. For being a party to or assisting in any violation of any provision of this chapter.

The dean of the college of dentistry or chairperson of a dental hygiene program shall certify to the board those bona fide members of the college's or a dental hygiene program's faculty who are not licensed and registered to practice dentistry or dental hygiene in Iowa. Any faculty member so certified shall, prior to commencing the member's duties in the college of dentistry or a dental hygiene program, make written application to the board for a permit. The permit shall be for a period determined by the board and may be renewed at the discretion of the board. The fee for the faculty permit and the renewal shall be set by the board based upon the administrative cost of issuance of the permit. The fee shall be deposited in the same manner as fees provided for in section 147.82. The faculty permit shall be valid during the time the holder remains a member of the faculty and shall subject the holder to all provisions of this chapter.
