## PREFACE TO 2007 IOWA CODE

The 2007 Iowa Code is published pursuant to Code chapter 2B. Its form is substantially the same as the 2005 Iowa Code, and it includes the permanent enactments of the 2005 and 2006 sessions of the Eighty-first General Assembly or of an earlier session if the effective date of the enactments was delayed. Except as otherwise indicated in the text or in a footnote, the new sections, amendments, and repeals were effective on or before July 1, 2006. See the 2006 Iowa Acts or earlier session enactments to determine specific effective dates not shown.

**CODE VOLUMES AND ARRANGEMENTS.** The 2007 Code is published in six textual volumes and one Tables and Index volume. A Skeleton and Popular Name Index printed on pink paper appears at the end of each volume. The Table of Contents on page v enumerates the titles and subtitles found in the Code, and each volume contains an Analysis by Titles, Subtitles, and Chapters for that volume.

**EDITORIAL DECISIONS.** If multiple amendments were enacted to a section or part of a section, all changes that were duplicative or otherwise did not appear to conflict were harmonized as required under Code sections 2B.13 and 4.11. If multiple amendments conflicted, a strike or repeal prevailed over an amendment to the same material. If multiple amendments were irreconcilable, the amendment that was last in the Act or latest in date of enactment was codified as provided in Code sections 2B.13 and 4.8. At the end of Volume VI are Code Editor's Notes which explain the major editorial decisions relating to enactments of the 2006 sessions. The Code Editor's Notes relating to enactments of the 2005 session appear at the end of the 2005 Code Supplement. Code section 2B.13 governs the ongoing revision of gender references, authorizes other editorial changes, and provides for the effective date of editorial changes.

**HISTORIES.** Bracketed material at the end of many Code sections traces the history of the subject matter of those sections up through 1982. Beginning with the 1985 Code, that form of section history was not updated. An amendment to or enactment of a section which occurred during or after the 1983 legislative session is indicated by the addition of an Acts citation at the end of the section. If a section is transferred from one location to another, the section history at the new location will indicate the Code or Code Supplement in which the transfer took place.

**CONSTITUTIONS.** A codified version of the 1857 Constitution of the State of Iowa, as well as the original version, is included with the introductory material at the beginning of Volume I.

**TABLES.** The tables appear at the beginning of the index volume which is entitled "Tables and Index."

**COMMENTS.** The editorial staff of the Iowa Code welcomes comments and suggestions for improvements.

# THE DECLARATION OF INDEPENDENCE

IN CONGRESS, JULY 4, 1776

[*Literal reprint of the Declaration of Independence as it appears  
in the Revised Statutes of the United States, 1878*]

*The unanimous Declaration of the thirteen  
united States of America.*

When in the Course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the Powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. — Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britian is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world.

He has refused his Assent to Laws, the most wholesome and necessary for the public good.

He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them.

He has refused to pass other Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only.

He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their Public Records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people.

He has refused for a long time, after such dissolutions, to cause others to be elected; whereby the Legislative Powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining in the mean time exposed to all the dangers of invasion from without, and convulsions within.

He has endeavoured to prevent the population of these States; for that purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their migration hither, and raising the conditions of new Appropriations of Lands.

He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary Powers.

He has made Judges dependent on his Will alone, for the tenure of their offices, and the amount and payment of their salaries.

He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our People, and eat out their substance.

He has kept among us, in times of peace, Standing Armies without the Consent of our legislature.

He has affected to render the Military independent of and superior to the Civil Power.

He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his Assent to their acts of pretended Legislation:

For quartering large bodies of armed troops among us:

For protecting them, by a mock Trial, from Punishment for any Murders which they should commit on the Inhabitants of these States:

For cutting off our Trade with all parts of the world:

For imposing taxes on us without our Consent:

For depriving us in many cases, of the benefits of Trial by Jury:

For transporting us beyond Seas to be tried for pretended offenses:

For abolishing the free System of English Laws in a neighbouring Province, establishing therein an Arbitrary government, and enlarging its Boundaries so as to render it at once an example and fit instrument for introducing the same absolute rule into these Colonies:

For taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Government:

For suspending our own Legislature, and declaring themselves invested with Power to legislate for us in all cases whatsoever.

He has abdicated Government here, by declaring us out of his Protection and waging War against us.

He has plundered our seas, ravaged our Coasts, burnt our towns, and destroyed the lives of our people.

He is at this time transporting large armies of foreign mercenaries to compleat the works of death, desolation and tyranny, already begun with circumstances of Cruelty & perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the Head of a civilized nation.

He has constrained our fellow Citizens taken captive on the high Seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands.

He has excited domestic insurrections amongst us, and has endeavoured to bring on the inhabitants of our frontiers, the merciless Indian Savages, whose known rule of warfare, is an undistinguished destruction of all ages, sexes and conditions.

In every stage of these Oppressions We have Petitioned for Redress in the most humble terms: Our repeated Petitions have been answered only by repeated injury. A Prince, whose character is thus marked by every act which may define a Tyrant is unfit to be the ruler of a free People.

Nor have We been wanting in attention to our Brittish brethren. We have warned them from time to time of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which, would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity, which denounces our Separation, and hold them, as we hold the rest of mankind, Enemies in War, in Peace Friends.

We, therefore, the Representatives of the united States of America, in General Congress, Assembled, appealing to the Supreme Judge of the

world for the rectitude of our intentions, do, in the Name, and by Authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be Free and Independent States; that they are Absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britian is and ought to be totally dissolved; and that as Free and Independent States, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do. And for the support of this Declaration, with a firm reliance on the Protection of Divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.

*To all to whom these Presents shall come, we the undersigned Delegates of the States affixed to our Names send greeting.*

Whereas the Delegates of the United States of America in Congress assembled did on the fifteenth day of November in the Year of our Lord One Thousand Seven Hundred and Seventy

seven, and in the Second Year of the Independence of America agree to certain articles of Confederation and perpetual Union between the States of Newhampshire, Massachusetts-bay, Rhodeisland and Providence Plantations, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, North-Carolina, South-Carolina and Georgia in the Words following, viz.

*“Articles of Confederation and perpetual Union between the States of Newhampshire, Massachusetts-bay, Rhodeisland, and Providence Plantations, Connecticut, New-York, New-Jersey, Pennsylvania, Delaware, Maryland, Virginia, North-Carolina, South-Carolina and Georgia.*

Article I. The stile of this confederacy shall be “The United States of America.”

Article II. Each State retains its sovereignty, freedom and independence, and every power, jurisdiction and right, which is not by this confederation expressly delegated to the United States, in Congress assembled.

Article III. The said States hereby severally enter into a firm league of friendship with each other, for their common defence, the security of their liberties, and their mutual and general welfare, binding themselves to assist each other, against all force offered to, or attacks made upon them, or any of them, on account of religion, sovereignty, trade, or any other pretence whatever.

Article IV. The better to secure and perpetuate mutual friendship and intercourse among the people of the different States in this Union, the free inhabitants of each of these States, paupers, vagabonds and fugitives from justice excepted, shall be entitled to all privileges and immunities of free citizens in the several States; and the people of each State shall have free ingress and regress to and from any other State, and shall enjoy therein all the privileges of trade and commerce, subject to the same duties, impositions and restrictions as the inhabitants thereof respectively, provided that such restrictions shall not extend so far as to prevent the removal of property imported into any State, to any other State of which the owner is an inhabitant; provided also that no imposition, duties or restriction shall be laid by any State, on the property of the United States, or either of them.

If any person guilty of, or charged with treason, felony, or other high misdemeanor in any State, shall flee from justice, and be found in any of the United States, he shall upon demand of the Governor or Executive power, of the State from which he fled, be delivered up and removed to the State having jurisdiction of his offence.

Full faith and credit shall be given in each of these States to the records, acts and judicial proceedings of the courts and magistrates of every other State.

Article V. For the more convenient management of the general interests of the United States, delegates shall be annually appointed in such manner as the legislature of each State shall di-

rect, to meet in Congress on the first Monday in November, in every year, with a power reserved to each State, to recall its delegates, or any of them, at any time within the year, and to send others in their stead, for the remainder of the year.

No State shall be represented in Congress by less than two, nor by more than seven members; and no person shall be capable of being a delegate for more than three years in any term of six years; nor shall any person, being a delegate, be capable of holding any office under the United States, for which he, or another for his benefit receives any salary, fees or emolument of any kind.

Each State shall maintain its own delegates in a meeting of the States, and while they act as members of the committee of the States.

In determining questions in the United States, in Congress assembled, each State shall have one vote.

Freedom of speech and debate in Congress shall not be impeached or questioned in any court, or place out of Congress, and the members of Congress shall be protected in their persons from arrests and imprisonments, during the time of their going to and from, and attendance on Congress, except for treason, felony, or breach of the peace.

Article VI. No State without the consent of the United States in Congress assembled, shall send any embassy to, or receive any embassy from, or enter into any conference, agreement, alliance or treaty with any king, prince or state; nor shall any person holding any office of profit or trust under the United States, or any of them, accept of any present, emolument, office or title of any kind whatever from any king, prince or foreign state; nor shall the United States in Congress assembled, or any of them, grant any title of nobility.

No two or more States shall enter into any treaty, confederation or alliance whatever between them, without the consent of the United States in Congress assembled, specifying accurately the purposes for which the same is to be entered into, and how long it shall continue.

No State shall lay any imposts or duties, which may interfere with any stipulations in treaties, entered into by the United States in Congress assembled, with any king, prince or state, in pursuance of any treaties already proposed by Congress, to the courts of France and Spain.

No vessels of war shall be kept up in time of peace by any State, except such number only, as shall be deemed necessary by the United States in Congress assembled, for the defence of such State, or its trade; nor shall any body of forces be kept up by any State, in time of peace, except such number only, as in the judgment of the United States, in Congress assembled, shall be deemed requisite to garrison the forts necessary for the defence of such State; but every State shall always keep up a well regulated and disciplined militia, sufficiently armed and accoutered, and shall provide and

constantly have ready for use, in public stores, a due number of field pieces and tents, and a proper quantity of arms, ammunition and camp equipage.

No State shall engage in any war without the consent of the United States in Congress assembled, unless such State be actually invaded by enemies, or shall have received certain advice of a resolution being formed by some nation of Indians to invade such State, and the danger is so imminent as not to admit of a delay, till the United States in Congress assembled can be consulted: nor shall any State grant commissions to any ships or vessels of war, nor letters of marque or reprisal, except it be after a declaration of war by the United States in Congress assembled, and then only against the kingdom or state and the subjects thereof, against which war has been so declared, and under such regulations as shall be established by the United States in Congress assembled, unless such State be infested by pirates, in which case vessels of war may be fitted out for that occasion, and kept so long as the danger shall continue, or until the United States in Congress assembled shall determine otherwise.

Article VII. When land-forces are raised by any State for the common defence, all officers of or under the rank of colonel, shall be appointed by the Legislature of each State respectively by whom such forces shall be raised, or in such manner as such State shall direct, and all vacancies shall be filled up by the State which first made the appointment.

Article VIII. All charges of war, and all other expenses that shall be incurred for the common defence or general welfare, and allowed by the United States in Congress assembled, shall be defrayed out of a common treasury, which shall be supplied by the several States, in proportion to the value of all land within each State, granted to or surveyed for any person, as such land and the buildings and improvements thereon shall be estimated according to such mode as the United States in Congress assembled, shall from time to time direct and appoint.

The taxes for paying that proportion shall be laid and levied by the authority and direction of the Legislatures of the several States within the time agreed upon by the United States in Congress assembled.

Article IX. The United States in Congress assembled, shall have the sole and exclusive right and power of determining on peace and war, except in the cases mentioned in the sixth article — of sending and receiving ambassadors — entering into treaties and alliances, provided that no treaty of commerce shall be made whereby the legislative power of the respective States shall be restrained from imposing such imposts and duties on foreign-

ers, as their own people are subjected to, or from prohibiting the exportation or importation of any species of goods or commodities whatsoever — of establishing rules for deciding in all cases, what captures on land or water shall be legal, and in what manner prizes taken by land or naval forces in the service of the United States shall be divided or appropriated — of granting letters of marque and reprisal in times of peace — appointing courts for the trial of piracies and felonies committed on the high seas and establishing courts for receiving and determining finally appeals in all cases of captures, provided that no member of Congress shall be appointed a judge of any of said courts.

The United States in Congress assembled, shall also be the last resort on appeal in all disputes and differences now subsisting or that hereafter may arise between two or more States concerning boundary, jurisdiction or any other cause whatever; which authority shall always be exercised in the manner following. Whenever the legislative or executive authority or lawful agent of any State in controversy with another shall present a petition to Congress, stating the matter in question and praying for a hearing, notice thereof shall be given by order of Congress to the legislative or executive authority of the other State in controversy, and a day assigned for the appearance of the parties by their lawful agents, who shall then be directed to appoint by joint consent, commissioners or judges to constitute a court for hearing and determining the matter in question: but if they cannot agree, Congress shall name three persons out of each of the United States, and from the list of such persons each party shall alternately strike out one, the petitioners beginning, until the number shall be reduced to thirteen; and from that number not less than seven, nor more than nine names as Congress shall direct, shall in the presence of Congress be drawn out by lot, and the persons whose names shall be so drawn or any five of them, shall be commissioners or judges, to hear and finally determine the controversy, so always as a major part of the judges who shall hear the cause shall agree in the determination: and if either party shall neglect to attend at the day appointed, without showing reasons, which Congress shall judge sufficient, or being present shall refuse to strike, the Congress shall proceed to nominate three persons out of each State, and the Secretary of Congress shall strike in behalf of such party absent or refusing; and the judgment and sentence of the court to be appointed, in the manner before prescribed, shall be final and conclusive; and if any of the parties shall refuse to submit to the authority of such court, or to appear or defend their claim or cause, the court shall nevertheless proceed to pronounce sentence, or judgment, which shall in like manner be final and decisive, the judgment or sentence and other proceedings being in either case transmitted to Congress, and lodged among the acts of Congress for the security of the parties concerned:

provided that every commissioner, before he sits in judgment, shall take an oath to be administered by one of the judges of the supreme or superior court of the State where the cause shall be tried, "well and truly to hear and determine the matter in question, according to the best of his judgment, without favour, affection or hope of reward." provided also that no State shall be deprived of territory for the benefit of the United States.

All controversies concerning the private right of soil claimed under different grants of two or more States, whose jurisdiction as they may respect such lands, and the States which passed such grants are adjusted, the said grants or either of them being at the same time claimed to have originated antecedent to such settlement of jurisdiction, shall on the petition of either party to the Congress of the United States, be finally determined as near as may be in the same manner as is before prescribed for deciding disputes respecting territorial jurisdiction between different States.

The United States in Congress assembled shall also have the sole and exclusive right and power of regulating the alloy and value of coin struck by their own authority, or by that of the respective States. — fixing the standard of weights and measures throughout the United States. — regulating the trade and managing all affairs with the Indians, not members of any of the States, provided that the legislative right of any State within its own limits be not infringed or violated — establishing and regulating post-offices from one State to another, throughout all the United States, and exacting such postage on the papers passing thro' the same as may be requisite to defray the expenses of the said office — appointing all officers of the land forces, in the service of the United States, excepting regimental officers — appointing all the officers of the naval forces, and commissioning all officers whatever in the service of the United States — making rules for the government and regulation of the said land and naval forces, and directing their operations.

The United States in Congress assembled shall have authority to appoint a committee, to sit in the recess of Congress, to be denominated "a Committee of the States," and to consist of one delegate from each State; and to appoint such other committees and civil officers as may be necessary for managing the general affairs of the United States under their direction — to appoint one of their number to preside, provided that no person be allowed to serve in the office of president more than one year in any term of three years; to ascertain the necessary sums of money to be raised for the service of the United States, and to appropriate and apply the same for defraying the public expenses — to borrow money, or emit bills on the credit of the United States, transmitting every half year to the respective States an account of the sums of money so borrowed or emitted, — to build

and equip a navy — to agree upon the number of land forces, and to make requisitions from each State for its quota, in proportion to the number of white inhabitants in such State; which requisition shall be binding, and thereupon the Legislature of each State shall appoint the regimental officers, raise the men and cloath, arm and equip them in a soldier like manner, at the expense of the United States; and the officers and men so cloathed, armed and equipped shall march to the place appointed, and within the time agreed on by the United States in Congress assembled: but if the United States in Congress assembled shall, on consideration of circumstances judge proper that any State should not raise men, or should raise a smaller number than its quota, and that any other State should raise a greater number of men than the quota thereof, such extra number shall be raised, officered, cloathed, armed and equipped in the same manner as the quota of such State, unless the legislature of such State shall judge that such extra number cannot be safely spared out of the same, in which case they shall raise officer, cloath, arm and equip as many of such extra number as they judge can be safely spared. And the officers and men so cloathed, armed and equipped, shall march to the place appointed, and within the time agreed on by the United States in Congress assembled.

The United States in Congress assembled shall never engage in a war, nor grant letters of marque and reprisal in time of peace, nor enter into any treaties or alliances, nor coin money, nor regulate the value thereof, nor ascertain the sums and expenses necessary for the defence and welfare of the United States, or any of them, nor emit bills, nor borrow money on the credit of the United States, nor appropriate money, nor agree upon the number of vessels of war, to be built or purchased, or the number of land or sea forces to be raised, nor appoint a commander in chief of the army or navy, unless nine States assent to the same: nor shall a question on any other point, except for adjournment from day to day be determined, unless by the votes of a majority of the United States in Congress assembled.

The Congress of the United States shall have power to adjourn to any time within the year, and to any place within the United States, so that no period of adjournment be for a longer duration than the space of six months, and shall publish the journal of their proceedings monthly, except such parts thereof relating to treaties, alliances or military operations, as in their judgment require secrecy; and the yeas and nays of the delegates of each State on any question shall be entered on the journal, when it is desired by any delegate; and the delegates of a State, or any of them, at his or their request shall be furnished with a transcript of the said journal, except such parts as are above excepted, to lay before the Legislatures of the several States.

Article X. The committee of the States, or any nine of them, shall be authorized to execute, in the recess of Congress, such of the powers of Congress as the United States in Congress assembled, by the consent of nine States, shall from time to time think expedient to vest them with; provided that no power be delegated to the said committee, for the exercise of which, by the articles of confederation, the voice of nine States in the Congress of the United States assembled is requisite.

Article XI. Canada acceding to this confederation, and joining in the measures of the United States, shall be admitted into, and entitled to all the advantages of this Union: but no other colony shall be admitted into the same, unless such admission be agreed to by nine States.

Article XII. All bills of credit emitted, monies borrowed and debts contracted by, or under the authority of Congress, before the assembling of the United States, in pursuance of the present confederation, shall be deemed and considered as a charge against the United States, for payment and satisfaction whereof the said United States, and the public faith are hereby solemnly pledged.

Article XIII. Every State shall abide by the determinations of the United States in Congress assembled, on all questions which by this confederation are submitted to them. And the articles of this confederation shall be inviolably observed by every State, and the Union shall be perpetual; nor

shall any alteration at any time hereafter be made in any of them; unless such alteration be agreed to in a Congress of the United States, and be afterwards confirmed by the Legislatures of every State.

And whereas it has pleased the Great Governor of the world to incline the hearts of the Legislatures we respectively represent in Congress, to approve of, and to authorize us to ratify the said articles of confederation and perpetual union. adding to the whole Number of free Persons, including those bound to Service for a Term of Years, and excluding Indians not taxed, three fifths of all other Persons. The actual Enumeration shall be made within three Years after the first Meeting of the Congress of the United States, and within every subsequent Term of ten Years, in such Manner as they shall by Law direct. The Number of Representatives shall not exceed one for every thirty Thousand, but each State shall have at Least one Representative; and until such enumeration shall be made, the State of New Hampshire shall be entitled to chuse three Massachusetts eight, Rhode-Island and Providence Plantations one, Connecticut five, New-York six, New Jersey four, Pennsylvania eight, Delaware one, Maryland six, Virginia ten, North Carolina five, South Carolina five, and Georgia three.

SECTION. 3. The Senate of the United States shall be composed of two Senators from each State, chosen by the Legislature thereof, for six Years; and each Senator shall have one Vote.

Immediately after they shall be assembled in Consequence of the first Election, they shall be divided as equally as may be into three Classes. The Seats of the Senators of the first Class shall be vacated at the Expiration of the second Year, of the second Class at the Expiration of the fourth Year, and of the third Class at the Expiration of the sixth Year, so that one third may be chosen every second Year; and if Vacancies happen by Resignation, or otherwise, during the Recess of the Legislature of any State, the Executive thereof may make temporary Appointments until the next Meeting of the Legislature, which shall then fill such Vacancies.

No Person shall be a Senator who shall not have attained to the Age of thirty Years, and been nine Years a Citizen of the United States, and who shall not, when elected, be an Inhabitant of that State for which he shall be chosen.

The Vice President of the United States shall be President of the Senate, but shall have no Vote, unless they be equally divided.

The Senate shall chuse their other Officers, and also a President pro tempore, in the Absence of the Vice President, or when he shall exercise the Office of President of the United States.

Every Bill which shall have passed the House of Representatives and the Senate, shall, before it become a Law, be presented to the President of the United States; if he approve he shall sign it, but if not he shall return it, with his Objections to that House in which it shall have originated, who shall enter the Objections at large on their Journal, and proceed to reconsider it. If after such Reconsideration two thirds of that House shall agree to pass the Bill, it shall be sent, together with the Objections, to the other House, by which it shall likewise be reconsidered, and if approved by two thirds of that House, it shall become a Law. But in all such Cases the Votes of both Houses shall be determined by yeas and Nays, and the Names of the Persons voting for and against the Bill shall be entered on the Journal of each House respectively. If any Bill shall not be returned by the President within ten Days (Sundays excepted) after it shall have been presented to him, the Same shall be a Law, in like Manner as if he had signed it, unless the Congress by their Adjournment prevent its Return, in which Case it shall not be a Law.

Every Order, Resolution, or Vote to which the Concurrence of the Senate and House of Representatives may be necessary (except on a question of Adjournment) shall be presented to the President of the United States; and before the Same shall take Effect, shall be approved by him, or being disapproved by him, shall be repassed by two thirds of the Senate and House of Representatives, according to the Rules and Limitations prescribed in the Case of a Bill.

In Case of the Removal of the President from Office, or of his Death, Resignation, or Inability to discharge the Powers and Duties of the said Office, the Same shall devolve on the Vice President, and the Congress may by Law provide for the Case of Removal, Death, Resignation or Inability, both of the President and Vice President, declaring what Officer shall then act as President, and such Officer shall act accordingly, until the Disability be removed, or a President shall be elected.

The first ten amendments were proposed by Congress to the legislatures of the several states on September 25, 1789, and were ratified by all of the states, except Connecticut, Georgia and Massachusetts, before the end of the year 1791, thereby becoming a part of the organic law, pursuant to the fifth article of the original constitution.

## AMENDMENT 11.

And if the House of Representatives shall not choose a President whenever the right of choice shall devolve upon them, before the fourth day of March next following, then the Vice-President shall act as President, as in the case of the death or other constitutional disability of the President. — The person having the greatest number of votes as Vice-President, shall be the Vice-President, if such number be a majority of the whole number of Electors appointed, and if no person have a majority, then from the two highest numbers on the list, the Senate shall choose the Vice-President; a quorum for the purpose shall consist of two-thirds of the whole number of Senators, and a majority of the whole number shall be necessary to a choice. 1. A member of the general assembly may elect to become a member of a state group insurance plan for employees of the state established under chapter 509A subject to the following conditions:

a. The member shall be eligible for all state group insurance plans on the basis of enrollment rules established for full-time state employees excluded from collective bargaining as provided in

chapter 20.

b. The member shall pay the premium for the plan selected on the same basis as a full-time state employee excluded from collective bargaining as provided in chapter 20.

c. The member shall authorize a payroll deduction of the premium due according to the member's pay plan selected pursuant to section 2.10, subsection 4.

d. The premium rate shall be the same as the premium rate paid by a state employee for the plan selected.

A member of the general assembly may elect to become a member of a state group insurance plan. A member of the general assembly may continue membership in a state group insurance plan without reapplication during the member's tenure as a member of consecutive general assemblies. For the purpose of electing to become a member of the state health or medical service group insurance plan, a member of the general assembly has the status of a "new hire", full-time state employee following each election of that member in a general or special election, or during the first subsequent annual open enrollment. In lieu of membership in a state health or medical group insurance plan, a member of the general assembly may elect to receive reimbursement for the costs paid by the member for a continuation of a group coverage (COBRA) health or medical insurance plan. The member shall apply for reimbursement by submitting evidence of payment for a COBRA health or medical insurance plan. The maximum reimbursement shall be no greater than the state's contribution for health or medical insurance family plan II. A member of the general assembly who elects to become a member of a state health or medical group insurance plan shall be exempted from preexisting medical condition waiting periods. A member of the general assembly may change programs or coverage under the state health or medical service group insurance plan during the month of January of odd-numbered years, but program and coverage change selections shall be subject to the enrollment rules established for full-time state employees excluded from collective bargaining as provided in chapter 20. A person who has been a member of the general assembly for two years and who has elected to be a member of a state health or medical group insurance plan may continue to be a member of such state health or medical group insurance plan by requesting continuation in writing to the finance officer within thirty-one days after leaving office. The continuing former member of the general assembly shall pay the total premium for the state plan and shall have the same rights to change programs or coverage as state employees. In the event of the death of a former member of the general assembly who has elected to continue to be a member of a state health or medical group insurance plan, the surviving spouse of the former

member whose insurance would otherwise terminate because of the death of the former member may elect to continue to be a member of such state health or medical group insurance plan by requesting continuation in writing to the finance officer within thirty-one days after the death of the former member. The surviving spouse of the former member shall pay the total premium for the state plan and shall have the same rights to change programs or coverage as state employees. For purposes of this paragraph, health or medical programs or coverage and dental programs or coverage are to be treated separately and the rights to change programs or coverage apply only to the type of programs or coverage that the continuing former member has elected to continue. This paragraph shall not be construed to permit a former member to become a member of a state health or medical group insurance plan providing programs or coverage of a type that the former member did not elect to continue pursuant to this paragraph.

2. A part-time employee of the general assembly may elect to become a member of a state group insurance plan for employees of the state established under chapter 509A subject to the following conditions:

a. The part-time employee shall be eligible for all state group insurance plans on the basis of enrollment rules established for full-time state employees excluded from collective bargaining as provided in chapter 20 and shall have the same rights to change programs or coverage as are afforded such state employees.

b. The part-time employee shall pay the total premium.

c. A part-time employee may continue membership in a state group insurance plan without reapplication during the employee's employment during consecutive sessions of the general assembly. For the purpose of electing to become a member of the state group insurance plan, a part-time employee of the general assembly has the status of a "new hire", full-time state employee when the employee is initially eligible or during the first subsequent enrollment change period.

d. (1) A part-time employee of the general assembly who elects membership in a state group insurance plan shall state each year whether the membership is to extend through the interim period between consecutive sessions of the general assembly.

(2) If the membership is to extend through the interim period the part-time employee shall authorize payment of the total annual premium through direct payment of the monthly premium for the plan selected to the state group insurance plan provider.

(3) The part-time employee shall notify the finance officer within thirty-one days after the conclusion of the general assembly whether the person's decision to extend the membership through

the interim period is confirmed.

e. A member of a state group insurance plan pursuant to this subsection shall have the same rights upon final termination of employment as a part-time employee as are afforded full-time state employees excluded from collective bargaining as provided in chapter 20.

f. A part-time employee of the general assembly who elects membership in a state life insurance plan shall authorize payment of the premium through a total of two payments during each annual period made to the department of administrative services on dates prescribed by the department.

#### 4.2 Common law rule of construction.

The rule of the common law, that statutes in derogation thereof are to be strictly construed, has no application to this Code. Its provisions and all proceedings under it shall be liberally construed with a view to promote its objects and assist the parties in obtaining justice.

[C51, §2503; R60, §2622; C73, §2528; C97, §3446; C24, 27, 31, 35, 39, §64; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §4.2]

#### 4.3 References to other statutes.

Any statute which adopts by reference the whole or a portion of another statute of this state shall be construed to include subsequent amendments of the statute or the portion thereof so adopted by reference unless a contrary intent is expressed.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §4.3]

#### 4.4 Presumption of enactment.

In enacting a statute, it is presumed that:

1. Compliance with the Constitutions of the state and of the United States is intended.
2. The entire statute is intended to be effective.
3. A just and reasonable result is intended.
4. A result feasible of execution is intended.
5. Public interest is favored over any private interest.

[C73, 75, 77, 79, 81, §4.4]

#### 4.5 Prospective statutes.

A statute is presumed to be prospective in its operation unless expressly made retrospective.

[C73, 75, 77, 79, 81, §4.5]

#### 4.6 Ambiguous statutes — interpretation.

If a statute is ambiguous, the court, in determining the intention of the legislature, may consider among other matters:

1. The object sought to be attained.
2. The circumstances under which the statute was enacted.
3. The legislative history.
4. The common law or former statutory provisions, including laws upon the same or similar subjects.
5. The consequences of a particular construction.
6. The administrative construction of the statute.
7. The preamble or statement of policy.

[C73, 75, 77, 79, 81, §4.6]

#### **4.7 Conflicts between general and special statutes.**

If a general provision conflicts with a special or local provision, they shall be construed, if possible, so that effect is given to both. If the conflict between the provisions is irreconcilable, the special or local provision prevails as an exception to the general provision.

Intent of general assembly that §7E.6 govern compensation of members of boards, committees, commissions, or councils; see §7E.6(7)

#### **4.8 Irreconcilable statutes.**

If statutes enacted at the same or different sessions of the legislature are irreconcilable, the statute latest in date of enactment\* by the general assembly prevails. If provisions of the same Act are irreconcilable, the provision listed last in the Act prevails.

[C73, 75, 77, 79, 81, §4.8]

\*See Attorney General opinion, May 16, 1973; §2B.13(1)(h)

Intent of general assembly that §7E.6 govern compensation of members of boards, committees, commissions, or councils; see §7E.6(7)

#### **4.9 Official copy prevails.**

If the language of the official copy of a statute conflicts with the language of any subsequent printing or reprinting of the statute, the language of the official copy prevails.

[C73, 75, 77, 79, 81, §4.9]

#### **4.10 Re-enactment of statutes — continuation.**

A statute which is re-enacted, revised or amended is intended to be a continuation of the prior statute and not a new enactment, so far as it is the same as the prior statute.

[C73, 75, 77, 79, 81, §4.10]

#### **4.11 Conflicting amendments to same statutes — interpretation.**

If amendments to the same statute are enacted at the same or different sessions of the general assembly, one amendment without reference to another, the amendments are to be harmonized, if possible, so that effect may be given to each. If the amendments are irreconcilable, the latest in date of enactment by the general assembly prevails.

[C73, 75, 77, 79, 81, §4.11]

#### **4.12 Acts or statutes are severable.**

If any provision of an Act or statute or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the Act or statute which can be given effect without the invalid provision or application, and to this end the provisions of the Act or statute are severable.

[C73, 75, 77, 79, 81, §4.12]

#### **4.13 General savings provision.**

The re-enactment, revision, amendment, or repeal of a statute does not affect:

1. The prior operation of the statute or any prior action taken thereunder;
2. Any validation, cure, right, privilege, obligation, or liability previously acquired, accrued, accorded, or incurred thereunder;
3. Any violation thereof or penalty, forfeiture, or punishment incurred in respect thereto, prior to the amendment or repeal; or
4. Any investigation, proceeding, or remedy in respect of any privilege, obligation, liability, penalty, forfeiture, or punishment; and the investigation, proceeding, or remedy may be instituted, continued, or enforced, and the penalty, forfeiture, or punishment imposed, as if the statute had not been repealed or amended.

If the penalty, forfeiture, or punishment for any offense is reduced by a re-enactment, revision, or amendment of a statute, the penalty, forfeiture, or punishment if not already imposed shall be imposed according to the statute as amended.

[C73, 75, 77, 79, 81, §4.13]

#### **4.14 General rules of construction for English language laws.**

It is presumed that English language requirements in the public sector are consistent with the laws of Iowa and any ambiguity in the English language text of the laws of Iowa shall be resolved, in accordance with the ninth and tenth amendments of the Constitution of the United States, not to deny or disparage rights retained by the people, and to reserve powers to the states or to the people.

Such use of property includes, but is not limited to, the raising, harvesting, handling, drying, or storage of crops used for feed, food, seed, or fiber; the care or feeding of livestock; the handling or transportation of crops or livestock; the storage, treatment, or disposal of livestock manure; and the application of fertilizers, soil conditioners, pesticides, and herbicides on crops. *c. "Public use" or "public purpose" or "public improvement"* does not include the authority to condemn agricultural land for private development purposes unless the owner of the agricultural land consents to the condemnation.

2. The limitation on the definition of public use, public purpose, or public improvement does not apply to the establishment, relocation, or improvement of a road pursuant to chapter 306, or to the establishment of a railway under the supervision of the department of transportation as provided in section 327C.2, or to an airport as defined in section 328.1, or to land acquired in order to replace or mitigate land used in a road project when federal law requires replacement or mitigation. Subsection 2 amended

### **6A.22 Additional limitations on exercise of power — definitions.**

1. In addition to the limitations in section 6A.21, the authority of an acquiring agency to condemn any private property through eminent domain may only be exercised for a public purpose, public use, or public improvement. However, if the owner of the property consents to the condemnation, the property may be condemned for any purpose.

2. *a. “Public use”, “public purpose”, or “public improvement”* means one or more of the following:

(1) The possession, occupation, and enjoyment of property by the general public or governmental entities.

(2) The acquisition of any interest in property necessary to the function of a public or private utility, common carrier, or airport or airport system.

(3) Private use that is incidental to the public use of the property, provided that no property shall be condemned solely for the purpose of facilitating such incidental private use.

(4) The acquisition of property pursuant to chapter 455H.

(5) (a) The acquisition of property for redevelopment purposes and to eliminate slum or blighted conditions in that portion of an urban renewal area designated as a slum or blighted area if each parcel, or any improvements thereon, for which condemnation is sought is determined by the governing body of the municipality to be in a slum or blighted condition. However, for a project or acquisition plan adopted by the governing body of a municipality after due deliberation and public input, if seventy-five percent or more of the area included in the plan consists of property in a slum or blighted condition at the time the plan was established, the entire project or acquisition plan area is subject to condemnation by the municipality. The project or acquisition plan area shall only include the adjacent and contiguous parcels necessary for the completion of planned activities for a specific business or housing project. Before a municipality exercises its eminent domain authority to acquire properties in a project or acquisition plan area that are not in a slum or blighted condition, the municipality shall be required to adopt a resolution by a two-thirds majority to authorize the acquisition of such property by eminent domain. The resolution shall make a finding that includes at a minimum all of the following:

(i) The taking of such property is necessary to

achieve the project or acquisition plan objectives.

(ii) The taking of property for the project or acquisition plan will eliminate or rehabilitate the slum and blighted conditions in the area.

(iii) If the specific project is for a business, the proposed project or acquisition plan will confer economic benefits upon the municipality.

(b) For purposes of this subparagraph (5):

(i) *“Blighted condition”* means the presence of a substantial number of slum or deteriorated structures; insanitary or unsafe conditions; excessive and uncorrected deterioration of site or other improvements; tax or special assessment delinquency exceeding the fair value of the land; defective or unusual conditions of title; or the existence of conditions which endanger life or property by fire and other causes; or the existence of conditions which retard the provision of housing accommodations for low or moderate income families, or is a menace to the public health and safety in its present condition and use.

(ii) *“Slum condition”* means a condition conducive to ill health, transmission of disease, infant mortality, juvenile delinquency, or crime, or detrimental to the public health and safety due to a predominance of buildings or improvements, whether residential or nonresidential, by reason of the following: by reason of dilapidation, deterioration that is excessive and uncorrected, age or obsolescence; by reason of inadequate provision for sanitation; by reason of high density of population and overcrowding; by reason of the existence of conditions which endanger life or property by fire and other causes; or by reason of any combination of such factors.

(iii) In no case shall land that is agricultural land be determined to be in a slum condition or blighted condition.

(iv) *“Project or acquisition plan”* means the planned activities of a municipality to rehabilitate or redevelop specific property in that portion of an urban renewal area designated as a slum or blighted area pursuant to chapter 403. The planned activities may include the sale and acquisition of property; demolition and removal of buildings and improvements; construction, repair, and rehabilitation of buildings or other improvements; and installation, construction, or reconstruction of streets and utilities.

(v) *“Economic benefits”* means the creation of new employment opportunities or the retention of employment opportunities.

*b.* Except as specifically included in the definition in paragraph “a”, *“public use”* or *“public purpose”* or *“public improvement”* does not mean economic development activities resulting in increased tax revenues, increased employment opportunities, privately owned or privately funded housing and residential development, privately owned or privately funded commercial or industrial development, or the lease of publicly owned

property to a private party.

c. Notwithstanding paragraph “a”:

(1) If private property is to be condemned for development or creation of a lake, only that number of acres justified as necessary for a surface drinking water source, and not otherwise acquired, may be condemned. In addition, the acquiring agency shall conduct a review of prudent and feasible alternatives to provision of a drinking water source prior to making a determination that such lake development or creation is reasonable and necessary. Development or creation of a lake as a surface drinking water source includes all of the following:

(a) Construction of the dam, including sites for suitable borrow material and the auxiliary spillway.

(b) The water supply pool.

(c) The sediment pool.

(d) The flood control pool.

(e) The floodwater retarding pool.

(f) The surrounding area upstream of the dam no higher in elevation than the top of the dam’s elevation.

(g) The appropriate setback distance required by state or federal laws and regulations to protect drinking water supply.

For purposes of this subparagraph (1), “*number of acres justified as necessary for a surface drinking water source*” means according to guidelines of the United States natural resource conservation service and according to analyses of surface drinking water capacity needs conducted by one or more registered professional engineers.

(2) The use of eminent domain authority to acquire private property in the unincorporated area of a county for use as an airport, airport system, or aviation facilities is prohibited, notwithstanding any provision of the law to the contrary, if the property to be condemned is located outside the geographic boundaries of the city or county operating the airport, airport system, or aviation facilities or outside the geographic boundaries of the member municipalities of the commission or authority. However, an acquiring agency may proceed with condemnation of property under these circumstances if the board of supervisors of the county where the property for which condemnation is sought is located holds a public hearing on the matter and subsequent to the hearing approves, by resolution, the condemnation action. This subparagraph does not apply if any of the following conditions is met:

(a) The property to be condemned is for an improvement to an existing airport, airport system, or aviation facilities if such improvement is required by federal law, regulation, or order or if such improvement is included in an airport layout plan approved by the federal aviation administration for the existing site of the airport, airport system, or aviation facilities.

(b) The property to be condemned has been zoned by a city or county for use as an airport, airport system, or aviation facilities.

(c) The property to be condemned is for a proposed airport, airport system, or aviation facilities that as of July 1, 2006, were designated in the federal aviation administration national plan for integrated airport services, and the property to be condemned is located within the county where at least one of the cities that will participate in operation of the proposed airport, airport system, or aviation facilities is located.

**6A.23 Exception for certain urban renewal areas.**

1. The requirement in section 6A.22, subsection 2, paragraph “a”, subparagraph (5), that eminent domain authority be exercised on a parcel-by-parcel basis and the exception in that subparagraph (5) for project or acquisition plans with seventy-five percent or more of the area consisting of property in a slum or blighted condition, take effect October 1, 2006. However, if an acquiring agency adopts a resolution after July 14, 2006, but before October 1, 2006, approving acquisition of property by eminent domain in that portion of an urban renewal area designated as a slum or blighted area, such requirement or exception shall not apply to any condemnation application seeking to condemn that property if the application is filed before October 1, 2007, with the chief judge of the judicial district of the county in which the property is located.

Such action shall be commenced within thirty days after service of notice of assessment pursuant to section 6B.8 by the filing of a petition in district court. Service of the original notice upon the acquiring agency shall be as required in the rules of civil procedure. In addition to the owner of the property, a contract purchaser of record of the property or a tenant occupying the property under a recorded lease shall also have standing to bring such action.

2. An acquiring agency that proposes to acquire property by eminent domain may file a petition in district court seeking a determination and

declaration that its finding of public use, public purpose, or public improvement necessary to support the taking meets the definition of those terms. The action shall be commenced by the filing of a petition identifying all property owners whose property is proposed to be acquired, any contract purchaser of record of the property, and any tenant known to be occupying the property, and including a description of the properties proposed to be acquired and a statement of the public use, public purpose, or public improvement supporting the acquisition of the property by eminent domain. The original notice shall be served as required by the rules of civil procedure on each property owner named in the petition and on any contract purchaser of record of the property and on any tenant occupying the property under a recorded lease. Such action may be commenced by an acquiring agency at any time prior to the filing

of an application for condemnation pursuant to section 6B.3.

3. For any action brought under this section, the burden of proof shall be on the acquiring agency to prove by a preponderance of the evidence that the finding of public use, public purpose, or public improvement meets the definition of those terms. If a property owner or a contract purchaser of record or a tenant occupying the property under a recorded lease prevails in an action brought under this section, the acquiring agency shall be required to pay the costs, including reasonable attorney fees, of the adverse party.

### 6B.2A Notice of proposed public improvement.

1. An acquiring agency shall provide written notice of a public hearing to each owner and any contract purchaser of record of agricultural land that may be the subject of condemnation. The authority under this chapter is not conferred and condemnation proceedings shall not begin unless a good faith effort is made to mail and publish the notice as provided in this section on the owner and any contract purchaser of record of the property subject to condemnation. The notice shall be mailed by ordinary mail, not less than thirty days before the date the hearing is held, to the owner and any contract purchaser of record of each prop-

erty or property interest at the owner's and contract purchaser's last known address as shown in the records of the county auditor not less than seven days nor more than fourteen days prior to the date of mailing. A change in ownership of any such property which is not reflected in the records of the county auditor during the period those records are searched as above provided shall not affect the validity of the notice or any condemnation proceeding commenced on the basis of such notice. The notice shall be given and the public hearing held before adoption of the ordinance, resolution, motion, or other declaration of intent to fund the final site-specific design for the public improvement, to make the final selection of the route or site location for the public improvement, or to acquire or condemn, if necessary, all or a portion of the property or an interest in the property for the public improvement. If the location of the public improvement is changed or expanded after the decision has been made to proceed with the public improvement, a notice shall be mailed by ordinary mail no less than thirty days before the adoption of the ordinance, resolution, motion, or other declaration of intent to proceed with a change in the location of the public improvement to the owner and any contract purchaser of record of the land to be acquired or condemned, if necessary, in the new location of the public improvement affected by the change. The mailed notice shall, at a minimum, include the following information:

*a.* The general nature of the public improvement.

*b.* A statement of the possibility that the acquiring agency may acquire part or all of the property or interest in the property by condemnation for the public improvement.

*c.* The process to be followed by the acquiring agency in making the decision to fund the final site-specific design for the public improvement, to make the final selection of the route or site location, or to acquire or condemn, if necessary, all or a portion of the property or an interest in the property for the public improvement.

*d.* The time and place of a public hearing at which an opportunity is provided for public input into the decision to fund the final site-specific design for the public improvement, to make the final selection of the route or site location, or to acquire or condemn, if necessary, all or a portion of the property or an interest in the property for the public improvement.

*e.* The name, address, and telephone number of the person designated by the acquiring agency as the person to contact regarding the public improvement.

*f.* A statement of rights of individual property owners with respect to the acquisition of their property and the availability of relocation benefits. The attorney general shall adopt by rule pursuant to chapter 17A a statement of rights which

may be used in substantial form by any person required to provide the statement of rights as provided in this section.

2. The acquiring agency shall cause a notice to be published once in a newspaper of general circulation in the county or city where the agricultural land is located. The notice shall be published at least four but no more than twenty days before the public hearing is held as referred to in subsection 1. The published notice shall, at a minimum, include the following information:

*a.* The general nature of the public improvement.

*b.* A statement of the possibility that the acquiring agency may acquire part or all of the property or an interest in the property by condemnation for the public improvement.

*c.* The process to be followed by the acquiring agency in making the decision to fund the final site-specific design for the public improvement, to make the final selection of the route or site location, or to acquire or condemn, if necessary, all or a portion of the property or an interest in the property for the public improvement.

*d.* The time and place of a public hearing at which an opportunity is provided for public input into the decision to fund the final site-specific design for the public improvement, to make the final selection of the route or site location, or to acquire or condemn, if necessary, all or a portion of the property or an interest in the property for the public improvement.

*e.* The name, address, and telephone number of the contact person regarding the public improvement.

3. If the acquiring agency is a person required to obtain a franchise under chapter 478, compliance with section 478.2 shall satisfy the requirements of this section. If the acquiring agency is a person required to obtain a permit under chapter 479, compliance with section 479.5 shall satisfy the requirements of this section.

4. This section shall not apply to a condemnation of property by the state department of transportation or a county for right-of-way that is contiguous to an existing road right-of-way and necessary for the maintenance, safety improvement, repair, or upgrade of the existing road. Notwithstanding section 6B.2C, a condemnation of property by the state department of transportation pursuant to this subsection shall be approved by the director of the department of transportation. For purposes of this subsection, "upgrade" means to bring a road or bridge up to currently acceptable standards, including improved geometrics, passing lanes, turning lanes, climbing lanes, and improved shoulders. "Upgrade" does not include expanding a highway from two lanes to four lanes.

5. The time deadlines in this section do not apply during the existence of an emergency requiring the construction or repair of public improve-

ments in situations where failure to immediately construct or repair would result in immediate danger to public health, safety, or welfare. The notices required in this section shall be provided to the owner as soon as practicable.

**6B.2B Acquisition negotiation.**

The acquiring agency shall make a good faith effort to negotiate with the owner to purchase the private property or property interest before filing an application for condemnation or otherwise proceeding with the condemnation process. An acquiring agency shall not make an offer to purchase the property or property interest that is less than the fair market value the acquiring agency has established for the property or property interest pursuant to the appraisal required in section 6B.45 or less than the value determined under the acquiring agency’s waiver procedure established pursuant to section 6B.54, subsection 2, for acquisition of property with a low fair market value. A purchase offer made by an acquiring agency shall include provisions for payment to the owner of expenses, including relocation expenses, expenses listed in section 6B.54, subsection 10, and other expenses required by law to be paid by an acquiring agency to a condemnee. However, in the alternative, the acquiring agency may make, and the owner may accept, a purchase offer from the acquiring agency that is an amount equal to one hundred thirty percent of the appraisal amount plus payment to the owner of expenses listed in section 6B.54, subsection 10, once those expenses have been determined. If the owner accepts such a purchase offer, the owner is barred from claiming payment from the acquiring agency for any other expenses allowed by law. An acquiring agency need not make an offer in excess of the amounts described in this section in order to satisfy the requirement to negotiate in good faith. The option to make an alternative purchase offer does not apply when property is being acquired for street and highway projects undertaken by the state, a county, or a city.

**6B.2C Approval of the public improvement.**

The authority to condemn is not conferred, and the condemnation proceedings shall not commence, unless the governing body for the acquiring agency approves the use of condemnation and there is a reasonable expectation the applicant will be able to achieve its public purpose, comply with all applicable standards, and obtain the nec-

essary permits.

**6B.2D Notice of intent to approve acquisition of property by eminent domain.**

1. The acquiring agency shall send notice of a proposed resolution, motion, or other document authorizing acquisition of property by eminent domain to each property owner whose property is proposed to be acquired by eminent domain, to any contract purchaser of record of the property, and to any tenant known to be occupying the property at least fourteen days prior to the date of the meeting at which such proposed authorization will be considered for adoption by the acquiring agency. The notice shall include the date, time, and place of the meeting and a statement that the persons receiving the notice have a right to attend the meeting and to voice objection to the proposed acquisition of the property. The notice shall include a copy of the proposed resolution, motion, or other document authorizing acquisition by eminent domain. The notice shall also include the same statement of individual rights that is required by section 6B.2A.

2. This section shall not apply to the following:

- a. Street and highway projects undertaken by the state, a county, or a city.
- b. Projects undertaken by a municipal utility.
- c. Projects undertaken by a city enterprise providing services of sewer systems, storm water drainage systems, sewage treatment, solid waste collection, or solid waste disposal.

**6B.3 Application — recording — notice — time for appraisal — new proceedings.**

1. The proceedings shall be instituted by a written application filed with the chief judge of the judicial district of the county in which the land sought to be condemned is located. The application shall set forth:

- a. A description of all the property in the county affected or sought to be condemned, by its congressional numbers, in tracts not exceeding one-sixteenth of a section, or, if the land consists of lots, by the numbers of the lot and block, and plat designation.
- b. A plat showing the location of the right-of-way or other property sought to be condemned with reference to such description.
- c. The names of all record owners of the different tracts of land sought to be condemned, or otherwise affected by such proceedings, and of all record holders of liens and encumbrances on such lands; also the place of residence of all such persons so far as known to the applicant.

d. The purpose for which condemnation is sought.

e. A request for the appointment of a commission to appraise the damages.

f. If the damages are to be paid by the state and the land to be condemned is within an agricultural area as provided in chapter 352, a statement disclosing whether any of that land is classified as class I or class II land under the United States department of agriculture natural resources conservation service land capability classification system contained in the agriculture handbook number 210, 1961 edition and, if so classified, stating that the class I or class II land is reasonably necessary for the work of internal improvement for which condemnation is sought.

g. A showing of the minimum amount of land necessary to achieve the public purpose and the amount of land to be acquired by condemnation for the public improvement. Any land to be acquired by condemnation beyond the necessary minimum to complete the project shall be presumed not to be necessary for a public use or public purpose unless the applicant can show that a substantial need exists for the additional property to achieve the public use or public purpose, or that the land in question constitutes an uneconomical remnant that has little or no value or utility to the owner, or that the owner consents to the condemnation.

h. A statement indicating the efforts made by the applicant to negotiate in good faith with the owner to acquire the private property sought to be condemned.

2. The applicant shall mail a copy of the application by certified mail to the owner at the owner's last known address, to any contract purchaser of record of the property, to any tenant known to be occupying the property, and to any record lienholder or encumbrancer of the property at the lienholder's or encumbrancer's last known address. The applicant shall also cause the application to be published once in a newspaper of general circulation in the county, not less than four nor more than twenty days before the meeting of the compensation commission to assess the damages. Service of the application by publication shall be deemed complete on the day of publication.

In lieu of mailing and publishing the application, the applicant may cause the application to be served upon the owner, contract purchaser of record, tenant known to be occupying the property, record lienholders, and record encumbrancers of the property in the manner provided by the Iowa rules of civil procedure for the personal service of original notice. The application shall be mailed and published or served, as above provided, prior to or contemporaneously with the mailing and publication or service of the list of compensation commissioners as provided in section 6B.4.

3. The applicant shall promptly certify that its application for condemnation has been approved by the chief judge and shall file the original ap-

proved application with the county recorder in the manner required under section 6B.37. The county recorder shall file and index the application in the record of deeds and preserve the application as required by sections 6B.38 and 558.55. The filing and indexing constitute constructive notice to all parties that a proceeding to condemn the property is pending and that the applicant has the right to acquire the property from all owners, lienholders, and encumbrancers whose interests are of record at the time of the filing. After filing and indexing, the county recorder shall file a copy of the application with the office of secretary of state.

When indexed, the proceeding is considered pending so as to charge all persons not having an interest in the property with notice of its pendency, and while pending no interest can be acquired by the third parties in the property against the rights of the applicant. If the appraisal of damages by the commission pursuant to section 6B.14 is not made within one hundred twenty days of indexing, the proceedings instituted under this section are terminated and all rights and interests of the applicant arising out of the application for condemnation terminate. The applicant may reinstitute a new condemnation proceeding at any time. The reinstated proceedings are entirely new proceedings and not a revival of the terminated proceeding.

Annually the board of supervisors of a county shall appoint not less than twenty-eight residents of the county and the names of such persons shall be placed on a list and they shall be eligible to serve as members of a compensation commission.

One-fourth of the persons appointed shall be owner-operators of agricultural property, one-fourth of the persons appointed shall be owners of city property, one-fourth shall be licensed real estate salespersons or real estate brokers, and one-fourth shall be persons having knowledge of property values in the county by reason of their occupation, such as bankers, auctioneers, property managers, property appraisers, and persons responsible for making loans on property.

The chief judge of the judicial district or the chief judge's designee shall select by lot six persons from the list, two persons who are owner-operators of agricultural property when the property to be condemned is agricultural property; two persons who are owners of city property when the property to be condemned is other than agricultural property; and two persons from each of the remaining two representative groups, who shall constitute a compensation commission to assess the damages to all property to be taken by the applicant and located in the county, and shall name a chairperson from the persons selected. The chief judge or the judge's designee may appoint such alternate members and chairpersons to the commission as are deemed necessary and appropriate under the circumstances. A person shall not be selected as a member or alternate member of the compensation commission if the person possesses any interest in the proceeding which would cause the person to render a biased decision. The applicant shall mail a copy of the list of commissioners and alternates appointed by the chief judge by certified mail to the property owner at the owner's last known address. The applicant shall also cause the list of commissioners and alternates to be published once in a newspaper of general circulation in the county, not less than four nor more than twenty days before the meeting of the compensation commission to assess the damages. Service of the list of commissioners and alternates by publication shall be deemed complete on the day of publication. In lieu of mailing and publishing the list of commissioners and alternates, the applicant may cause the list to be served upon the owner of the property in the manner provided by the Iowa rules of civil procedure for the personal service of original notice. The list of commissioners and alternates shall be mailed and published or served, as above provided, prior to or contemporaneously with service of the notice of assessment as provided in section 6B.8.

Written instructions for members of compensation commissions shall be prepared under the direction of the chief justice of the supreme court and distributed to the sheriff in each county. The sheriff shall transmit copies of the instructions to each member of a compensation commission, and such instructions shall be read aloud to each commission before it commences its duties.

The commission shall file its written report, signed by all commissioners, with the sheriff. At the request of the condemner or the condemnee, the commission shall divide the damages into parts to indicate the value of any dwelling, the value of the land and improvements other than a dwelling, and the value of any additional damages. The appraisalment and return may be in parcels larger than forty acres belonging to one person and lying in one tract, unless the agent or attorney of the applicant, or the commissioners, have actual knowledge that the tract does not belong wholly to the person in whose name it appears of record; and in case of such knowledge, the appraisalment shall be made of the different portions as they are known to be owned.

Prior to the meeting of the commission, the commission or a commissioner shall not communicate with the applicant, property owner, or tenant, or their agents, regarding the condemnation proceedings. The commissioners shall meet in open session to view the property and to receive evidence, may deliberate in closed session. When deliberating in closed session, the meeting is closed to all persons who are not commissioners except for personnel from the sheriff's office if such personnel is requested by the commission. After deliberations commence, the commission and each commissioner is prohibited from communicating with any party to the proceeding. However, if the commission is deliberating in closed session, and after deliberations commence the commission requires further information from a party or a witness, the commission shall notify the property owner and the acquiring agency that they are allowed to attend the meeting at which such additional information shall be provided but only for that period of time during which the additional information is being provided. The property owner and the acquiring agency shall be given a reasonable opportunity to attend the meeting. The commission shall keep minutes of all its meetings showing the date, time, and place, the members present, and the action taken at each meeting.

The minutes shall show the results of each vote taken and information sufficient to indicate the vote of each member present. The vote of each member present shall be made public at the open session. The minutes shall be public records open to public inspection.

In determining fair market value of property, the commissioners shall not consider only the assessed value assigned to such property for purposes of property taxation.

In assessing the damages the owner or tenant will sustain, the commissioners shall consider and make allowance for personal property which is damaged or destroyed or reduced in value.

An owner or tenant occupying land which is proposed to be acquired by condemnation shall be awarded a sum sufficient to remove such owner's or tenant's personal property from the land to be acquired, which sum shall represent reasonable costs of moving the personal property from the land to be acquired to a point no greater than fifty miles; but in any event, damages awarded under this section for moving shall not exceed five thousand dollars for each owner or tenant occupying land proposed to be condemned. An owner or tenant may apply for an award pursuant to this section only if all other damages provided by law have been awarded and such amount awarded is insufficient to pay the owner's or tenant's reasonable costs of moving.

Upon the filing of the commissioners' report with the sheriff, the applicant may deposit with the sheriff the amount assessed in favor of a claimant, and the applicant, except as otherwise provided, may take possession of the land condemned and proceed with the improvement. An appeal from the assessment does not affect the right, except as otherwise provided. Prior to expiration of the time provided for appeal, the property owner may apply to the district court for release of that part of the damages deposited which the court finds proper. If there is not an appeal by any party, the property owner shall be entitled to the whole of the damages awarded. Upon appeal from the commissioners' award of damages, the district court may direct that the part of the amount of damages deposited with the sheriff, as it finds just and proper, be paid to the claimant. If upon trial of the appeal a lesser amount is awarded, the difference between the amount so awarded and the amount paid shall be repaid by the person to whom it was paid and upon failure to make the repayment the party shall have judgment entered against the person who received the excess payment. Title to the property or the interests in property passes to the applicant when damages have been finally determined and paid.

If an award of damages is appealed to district court, the amount deposited with the sheriff, if any, less the amount paid by the sheriff to the claimant, shall be transferred to the clerk of district court where the appeal was filed and the clerk shall deposit the money in an interest-bearing account. The district court in its judgment rendered pursuant to section 6B.23 shall award the interest earned on the account in proportion to the amount of damages ascertained and entered of record.

**6B.45 Mailing copy of appraisal.**

When any real property or interest in real property is to be purchased, or in lieu thereof to be condemned, the acquiring agency or its agent shall submit to the person, corporation, or entity whose property or interest in the property is to be taken, by ordinary mail, at least ten days prior to the date upon which the acquiring agency or its agent contacts the property owner to commence negotiations, a copy of the appraisal in its entirety upon such real property or interest in such real property prepared for the acquiring agency or its agent, which shall include, at a minimum, an itemization of the appraised value of the real property or interest in the property, any buildings on the property, all other improvements including fences, severance damages, and loss of access. In determining fair market value of property, the acquiring agency shall not consider only the assessed value assigned to such property for purposes of property

taxation. The appraisal sent to the condemnee shall be that appraisal upon which the condemnor will rely to establish an amount which the condemnor believes to be just compensation for the real property. All other appraisals made on the property as a result of the condemnation proceeding shall be made available to the condemnee upon request. In lieu of an appraisal, a utility or person under the jurisdiction of the utilities board of the department of commerce, or any other utility conferred the right by statute to condemn private property, shall provide in writing by certified mail to the owner of record thirty days prior to negotiations, the methods and factors used in arriving at an offered price for voluntary easements including the range of cash amount of each component. An acquiring agency may obtain a signed written waiver from the landowner to allow negotiations to commence prior to the expiration of the applicable waiting period for the commencement of negotiations.

Only the appraisal prepared under this section shall be forwarded to the compensation commission by the acquiring agency.

**6B.46 Special proceedings to condemn existing utility.**

1. When any city has voted at an election to purchase, establish, erect, maintain and operate heating plants, waterworks, gasworks or electric light or power plants, or when it has voted to contract an indebtedness and issue bonds for such purposes, and in such city there exists any such utility, or incomplete parts thereof or more than one, not publicly owned, and the contract or franchise of the owner of the utility has expired or been surrendered, and the owner and the city cannot agree upon terms of purchase, it may, by resolution, proceed to acquire by condemnation any one or more of the utilities or incomplete parts thereof. When so acquired it may apply the proceeds of the bonds in payment therefor and in making extensions and improvements to such works or plants so acquired, but not more than one utility may be so acquired when the municipality is indebted in excess of the statutory limitation of indebtedness for such purposes for any such acquired property.

2. Upon the passage of the resolution as provided in subsection 1 and the presentation of a certified copy thereof to the supreme court while in session, or to the chief justice of the supreme court, the court or chief justice shall within five days appoint as a court of condemnation three district court judges from three judicial districts, one of whom shall be from the district in which the city

is located, if not a resident of the city, and shall enter an order requiring the judges to attend as such court of condemnation at the county seat of the county in which the city is located within ten days. The district court judges shall attend and constitute a court of condemnation.

3. Said court when it meets to organize or at any time during the proceedings, which may be adjourned from time to time for any purpose, may fix the time for the appearance of any person that any party desires to have joined in the proceedings, and whom the court deems necessary. The time for appearance shall be sufficiently remote to serve notice upon the parties, but if the time for appearance occurs after the proceedings are begun, the proceedings may be reviewed by the court to give all parties a full opportunity to be heard.

4. Persons not voluntarily appearing, but having any right, title, or interest in or to the property which is the subject of condemnation, or any part thereof, including all leaseholders, mortgagees and trustees of bondholders, who are to be made parties to the proceedings shall be served with notice of the proceedings and the time and place of meeting of the court in the same manner and for the same length of time as for the service of original notice, either by personal service, or by service by publication, the time so set being the time at which the parties so served are required to appear, and actual personal service of the notice within or without the state shall supersede the necessity for publication.

5. The court of condemnation shall have power to summon and swear witnesses, take evidence, order the taking of depositions, require the production of any books or papers, and may appoint a shorthand reporter. It shall perform all the duties of commissioners in the condemnation of property. The duties and the method of procedure and condemnation, including provisions for appeal shall be except as otherwise specifically provided, as provided for the taking of private property for works of internal improvement. The clerk of the district court of the county where the city is located shall perform all of the duties required of the sheriff in the condemnation; and in case of a vacancy in the court, the vacancy shall be filled in the manner in which the original appointment was made. When necessary by reason of a vacancy, the court may review any evidence in its record.

6. The costs of the proceedings shall be the same and paid in the same manner as in proceedings in the district court, and the district court judges of the court of condemnation shall receive, while engaged in such service, their actual expenses, which expenses shall be taxed as costs in the case.

**6B.53 Procedure for homesteading projects.**

If the purpose of condemnation is to obtain property for use as part of an Iowa homesteading project under section 16.14, the application required under section 6B.3 may contain a verified statement that the property sought to be condemned is abandoned and deteriorating in condition, or is inhabited but is not safe for human habitation, or is or is likely to become a public nuisance, and that the property is suitable for use and is to be used in an Iowa homesteading project. Other information may be included. The statement must be verified by the Iowa finance authority or by a local agency authorized under rules of the authority. Upon proper filing of the statement and the report of the condemnation commission assessing damages,

and deposit of the amount assessed with the sheriff, the applicant for condemnation may take possession as provided in section 6B.25 if the property is abandoned, or may take steps to obtain possession after ninety days from the date of the filing of the statement, report, and deposit, if the property is inhabited.

#### **6B.54 Acquisition policies for acquiring agencies.**

For any public use, public purpose, or public improvement for which condemnation is sought, an acquiring agency shall, at a minimum, satisfy the following policies:

1. Every reasonable and good faith effort shall be made to acquire expeditiously real property by negotiation as provided in section 6B.2B.

2. Real property shall be appraised as required by section 6B.45 before the initiation of negotiations, and the owner or the owner's designated representative shall be given an opportunity to accompany at least one appraiser of the acquiring agency during an inspection of the property, except that an acquiring agency may prescribe a procedure to waive the appraisal in cases involving the acquisition of property with a low fair market value. In lieu of an appraisal, a utility or person under the jurisdiction of the utilities board of the department of commerce, or any other utility conferred the right by statute to condemn private property, shall provide in writing by certified mail to the owner of record thirty days before negotiations, the methods and factors used in arriving at an offered price for voluntary easements including the range of cash amount of each component.

3. Before the initiation of negotiations for real property, the acquiring agency shall establish an amount which it believes to be just compensation for the real property, and shall make a prompt offer to acquire the property for the full amount established by the agency. In no event shall the amount be less than the fair market value the acquiring agency has established for the property or property interest pursuant to the appraisal required in section 6B.45 or less than the value determined under the acquiring agency's waiver procedure established pursuant to subsection 2. A purchase offer made by an acquiring agency shall include provisions for payment to the owner of expenses, including relocation expenses, expenses listed in subsection 10, and other expenses required by law to be paid by an acquiring agency to a condemnee. However, in the alternative, the acquiring agency may make, and the owner may accept, a purchase offer from the acquiring agency that is an amount equal to one hundred thirty percent of the appraisal amount plus payment to the owner of expenses listed in subsection 10, once those expenses have been determined. If the own-

er accepts such a purchase offer, the owner is barred from claiming payment from the acquiring agency for any other expenses allowed by law. In the case of a utility or person under the jurisdiction of the utilities board of the department of commerce, or any other utility conferred the right by statute to condemn private property, the amount shall not be less than the amount indicated by the methods and factors used in arriving at an offered price for a voluntary easement. The option to make an alternative purchase offer does not apply when property is being acquired for street and highway projects undertaken by the state, a county, or a city.

4. The construction or development of a public improvement shall be so scheduled that, to the greatest extent practicable, no person lawfully occupying real property shall be required to move from a dwelling or to move the person's business or farm operation without at least ninety days' written notice of the date by which the move is required.

5. If after damages have been finally determined and paid, an owner or tenant is permitted to occupy the real property acquired on a rental basis for a short term or for a period subject to termination on short notice, the amount of rent required shall not exceed the fair rental value of the property to a short-term occupier.

6. In no event shall the time of condemnation be advanced, or negotiations or condemnation and the deposit of funds in court for the use of the owner be deferred, or any other coercive action be taken to compel an agreement on the price to be paid for the property.

7. If an interest in real property is to be acquired by exercise of the power of eminent domain, formal condemnation proceedings shall be instituted. The acquiring agency shall not intentionally make it necessary for an owner to institute legal proceedings to prove the fact of the taking of the owner's real property.

8. If the acquisition of only a portion of property would leave the owner with an uneconomical remnant, the acquiring agency shall offer to acquire that remnant. For the purposes of this chapter, an "*uneconomical remnant*" is a parcel of real property in which the owner is left with an interest after the partial acquisition of the owner's property, where the acquiring agency determines that the parcel has little or no value or utility to the owner.

9. A person whose real property is being acquired in accordance with this chapter, after the person has been fully informed of the person's right to receive just compensation for the property, may donate the property, any part of the property, any interest in the property, or any compensation paid for it as the person may determine.

10. As soon as practicable after the date of payment of the purchase price or the date of deposit in court of funds to satisfy the award of compensation

in a condemnation proceeding to acquire real property, whichever is earlier, the acquiring agency shall reimburse the owner, to the extent the acquiring agency deems fair and reasonable, for expenses the owner necessarily incurred for all of the following:

a. Recording fees, transfer taxes, and similar expenses incidental to conveying the real property to the acquiring agency.

b. Penalty costs for full or partial prepayment of any preexisting recorded mortgage entered into in good faith encumbering the real property.

Payments and expenditures under this subsection are incident to and arise out of the program or project for which the acquisition activity takes place. Such payments and expenditures may be made from the funds made available for the program or project.

A person aggrieved by a determination as to the eligibility for or amount of a reimbursement may apply to have the matter reviewed by the acquiring agency or in accordance with section 316.9 if applicable.

11. An owner shall not be required to surrender possession of real property before the acquiring agency concerned pays the agreed purchase price.

12. After damages have been finally determined and paid, the acquiring agency may offer, and the owner may accept, an amount equal to thirty percent of the amount of damages plus payment to the owner of expenses listed in subsection 10, once those expenses have been determined. If the owner accepts such an offer, the owner is barred from claiming payment from the acquiring agency for any other expenses allowed by law. This subsection does not apply when property is being acquired for street and highway projects undertaken by the state, a county, or a city.

**6B.55 Buildings, structures, and improvements — policies for acquiring agencies.**

For any public use, public purpose, or public improvement for which condemnation is sought, an acquiring agency shall at a minimum satisfy the following policies:

1. If an interest in real property is acquired, the acquiring agency shall acquire an equal interest in all buildings, structures, or other improvements located upon the real property which

are required to be removed from the real property or which are determined to be adversely affected by the use to which the real property will be put.

2. For the purpose of determining the just compensation to be paid for any building, structure, or other improvement required to be acquired under this section, the building, structure, or other improvement shall be deemed to be a part of the real property to be acquired, notwithstanding the right or obligation of a tenant of the lands, as against the owner of any other interest in the real property, to remove the building, structure, or improvement at the expiration of the tenant's term. The fair market value which the building, structure, or improvement contributes to the fair market value of the real property to be acquired, or the fair market value of the building, structure, or improvement for removal from the real property, whichever is the greater, shall be paid to the owner of the building, structure, or improvement.

3. Payment for the building, structure, or improvement under this section shall not result in duplication of any payments otherwise authorized by state law. The payment shall not be made unless the owner of the land involved disclaims all interest in the improvements of the tenant. In consideration for any such payment, the tenant shall assign, transfer, and release all the tenant's right, title, and interest in and to the improvements. Nothing with regard to the above-mentioned acquisition of buildings, structures, or other improvements shall be construed to deprive the tenant of any rights to reject payment and to obtain payment for the property interests in accordance with other laws of this state.

**6B.56 Disposition of condemned property.**

1. If real property condemned pursuant to this chapter is not used for the purpose stated in the application filed pursuant to section 6B.3 and the acquiring agency seeks to dispose of the real property, the acquiring agency shall first offer the property for sale to the prior owner of the condemned property as provided in this section. If real property condemned pursuant to this chapter is used for the purpose stated in the application filed pursuant to section 6B.3 and the acquiring agency seeks to dispose of the real property by sale to a private person or entity within five years after acquisition of the property, the acquiring agency shall first offer the property for sale to the prior owner of the condemned property as provided in this section.

For purposes of this section, the prior owner of the real property includes the successor in interest of the real property.

2. Before the real property may be offered for sale to the general public, the acquiring agency shall notify the prior owner of the real property condemned in writing of the acquiring agency's intent to dispose of the real property, of the current appraised value of the real property, and of the prior owner's right to purchase the real property within sixty days from the date the notice is served at a price equal to the current appraised value of the real property or the fair market value of the property at the time it was acquired by the acquiring agency from the prior owner plus cleanup costs incurred by the acquiring agency, whichever is less. However, the current appraised value of the real property shall be the purchase price to be paid by the previous owner if any other amount would result in a loss of federal funding for projects funded in whole or in part with federal funds. The notice sent by the acquiring agency as provided in this subsection shall be filed with the office of the recorder in the county in which the real property is located.

For purposes of this subsection, "*cleanup costs*" means costs incurred to abate a nuisance or a public nuisance as those terms are defined in chapters 657 and 657A and costs incurred to recycle and remediate land pursuant to chapter 455H.

3. If the prior owner elects to purchase the real property at the price established in subsection 2, before the expiration of the sixty-day period, the prior owner shall notify the acquiring agency in writing of this intention and file a copy of this notice with the office of the recorder in the county in which the real property is located.

4. The provisions of this section do not apply to the sale of unused right-of-way property as provided in chapter 306.

Subsections 1 – 3 amended

#### **6B.56A Disposition of condemned property — five-year time period.**

1. When five years have elapsed since property was condemned and the property has not been used for the purpose stated in the application filed pursuant to section 6B.3, and the acquiring agency has not taken action to dispose of the property pursuant to section 6B.56, the acquiring agency shall, within sixty days, adopt a resolution reaffirming the purpose for which the property will be used or offering the property for sale to the prior owner at a price as provided in section 6B.56. If the resolution adopted approves an offer of sale to the prior owner, the offer shall be made in writing and mailed by certified mail to the prior owner.

The prior owner has one hundred eighty days after the offer is mailed to purchase the property from the acquiring agency.

2. If the acquiring agency has not adopted a resolution described in subsection 1 within the sixty-day time period, the prior owner may, in writing, petition the acquiring agency to offer the property for sale to the prior owner at a price as provided in section 6B.56. Within sixty days after receipt of such a petition, the acquiring agency shall adopt a resolution described in subsection 1. If the acquiring agency does not adopt such a resolution within sixty days after receipt of the petition, the acquiring agency is deemed to have offered the property for sale to the prior owner.

3. The acquiring agency shall give written notice to the owner of the right to purchase the property under this section at the time damages are paid to the owner.

4. This section does not apply to property acquired for street and highway projects undertaken by the state, a county, or a city.

#### **6B.57 Procedural compliance.**

If an acquiring agency makes a good faith effort to serve, send, or provide the notices or documents required under this chapter to the owner and any contract purchaser of private property that is or may be the subject of condemnation, or to any tenant known to be occupying such property if notices or documents are required to be served, sent, or provided to such a person, but fails to provide the notice or documents to the owner and any contract purchaser, or to any tenant known to be occupying the property if applicable, such failure shall not constitute grounds for invalidation of the condemnation proceeding if the chief judge of the judicial district determines that such failure can be corrected by delaying the condemnation proceedings to allow compliance with the requirement or such failure does not unreasonably prejudice the owner or any contract purchaser.

If an acquiring agency acquires property by condemnation, or by otherwise exercising the power of eminent domain, and that property is later sold by the acquiring agency for more than the acquisition price paid to the landowner, the acquiring

agency shall pay to the landowner from whom the property was acquired the difference between the price at which it was acquired and the price at which it was sold by the acquiring agency less the cost of any improvements made to or benefiting the land by the acquiring agency. sions participating in the entity at the time of such exercise of authority without first presenting the proposal to acquire such property by eminent domain to the board of supervisors of each county where the property is located and such proposal receives the approval, by resolution, of each applicable board of supervisors. However, for the period January 1 through June 30 of each year, allocations to bonds for which an amount of the state ceiling has been reserved pursuant to section 7C.4A, subsection 6, shall be made to the political subdivisions submitting the applications first from the reserved amount until the reserved amount has been fully allocated and then from the amount specified in section 7C.4A, subsection 7.

#### **7C.7 Certification of allocation.**

Upon the receipt of a completed application pursuant to section 7C.6, the governor's designee shall promptly certify to the political subdivision the amount of the state ceiling allocated to the bonds for the purpose or project with respect to which the application was submitted. The allocation shall remain valid for thirty days from the date the allocation was certified, subject to the following conditions:

1. If the bonds are issued and delivered for the purpose or project within the thirty-day period or the forty-five day extension period provided in subsection 2, the political subdivision or its representative shall within ten days following the issuance and delivery of the bonds or not later than June 30 of that year, if the bonds were issued and delivered on or before that date, file with the governor's designee, in the form or manner the governor's designee may prescribe, a notification of the date of issuance and the delivery of the bonds, and the actual principal amount of bonds issued and delivered. The filing of the notification shall be done by actual delivery or by posting in a United States post office depository with correct first

class postage paid. If the actual principal amount of bonds issued and delivered is less than the amount of the allocation, the amount of the allocation is automatically reduced to the actual principal amount of the bonds issued and delivered.

2. If the political subdivision does not reasonably expect to issue and deliver the bonds within the thirty-day period and evidence of an executed, valid and binding agreement to purchase the bonds is obtained from an entity with the legal ability to purchase and this agreement is filed with the governor's designee, the thirty-day allocation period is automatically extended for an additional forty-five days. The allocation period shall not be extended beyond that additional forty-five days.

3. The allocation is no longer valid unless the bonds are issued and delivered prior to December 24 or in the case of bonds described in section 7C.11 are issued and delivered prior to December 31 of the calendar year in which the allocation is certified, except as provided in section 7C.8.

#### **7C.8 State ceiling carryforwards.**

It is the intention of the general assembly that the maximum use be made of all carryforward provisions in the Internal Revenue Code. Therefore, if the aggregate principal amount of bonds, subject to section 146 of the Internal Revenue Code, issued by all political subdivisions in a calendar year is less than the state ceiling for that calendar year, a political subdivision may apply to the governor's designee for an allocation of a specified portion of the excess state ceiling to be applied to a specified carryforward project. The governor's designee shall determine the time and manner in which applications for an allocation of excess state ceiling shall be made for this purpose and may, in the designee's discretion, refuse any requests. However, the procedures for applications, the method of identifying, and the types permitted of carryforward projects shall comply with the carryforward provisions of the Internal Revenue Code and regulations promulgated under those provisions.

85 Acts, ch 225, §10; 87 Acts, ch 171, §8

#### **7C.9 Nonbusiness days.**

85 Acts, ch 225, §11; 87 Acts, ch 171, §9

**7C.10 Resubmission of expired allocations.**

If an allocation becomes no longer valid as provided in section 7C.7, the political subdivision may resubmit its application for the same project or purpose. The resubmitted application shall be treated as a new application and preference, priority, or prejudice shall not be given to the application or the political subdivision as a result of the prior application.

85 Acts, ch 225, §12; 87 Acts, ch 171, §10

**7C.11 Priority allocations.**

Notwithstanding any other provision of this chapter, the governor's designee shall give priority in allocation of the state ceiling not yet allocated to bonds which must be issued and delivered on or prior to December 31 of the calendar year in order for the interest on the bonds to be exempt from federal income taxation. Applications for an allocation with respect to these bonds shall be accompanied by an opinion of a nationally recognized bond counsel to the effect that the bonds must be issued and delivered on or prior to December 31 in that calendar year in order for the interest on the bonds to be exempt from federal income taxation.

85 Acts, ch 225, §13; 87 Acts, ch 171, §11

**7C.12 Authority and duties of the governor and governor's designee.**

1. The governor shall designate a person, department, or authority to administer this chapter. The person, department, or authority so designated shall serve at the pleasure of the governor and shall be selected primarily for administrative ability and knowledge in the area of public finance.

## CHAPTER 7E

### EXECUTIVE BRANCH ORGANIZATION AND RESPONSIBILITIES

7E.1	Policy — purposes.	7E.5	Principal departments and primary responsibilities.
7E.2	Offices, departments and independent agencies.	7E.5A	Buildings and infrastructure — funding.
7E.3	Heads of departments and independent agencies — powers and duties.	7E.6	Compensation of members of boards, committees, commissions, and councils.
7E.4	Definitions and terminology for executive branch organization.	7E.7	Organizational structure.

#### **7E.1 Policy — purposes.**

1. *Declaration of policy: three branches of government.* The separation of powers within state government among the legislative, the executive, and the judicial branches of the government is a traditional American concept. The legislative branch has the broad objective of determining policies and programs and review of program performance for programs previously authorized, the executive branch carries out the programs and policies, and the judicial branch has the responsibility for adjudicating any conflicts which might arise from the interpretation or application of the laws.

#### *2. Goals of executive branch organization.*

a. The governor, as the chief executive officer of the state, should be provided with the facilities and the authority to carry out the functions of the governor's office efficiently and effectively within the policy limits established by the legislature.

b. The administrative agencies which comprise the executive branch should be consolidated into a reasonable number of departments, consistent with executive capacity to administer effectively at all levels.

c. The executive branch shall be organized on a functional basis, so that programs can be coordinated.

d. Each agency in the executive branch should be assigned a name commensurate with the scope of its responsibilities, and should be integrated into one of the departments of the executive branch as closely as the goals of administrative integration and responsiveness to the legislature and citizenry permit.

3. *Goals of continuing reorganization.* Structural reorganization should be a continuing process through careful executive and legislative appraisal of the placement of proposed new programs and the coordination of existing programs in response to changing emphasis or public needs, and should be consistent with the following goals:

a. The organization of state government should assure its responsiveness to popular control. It is the goal of reorganization to improve legislative policymaking capability and to improve the administrative capability of the executive to carry out the policies.

b. The organization of state government should facilitate communication between citizens

and government. It is the goal of reorganization, through coordination of related programs in function-oriented departments, to improve public understanding of government programs and policies and to improve the relationships between citizens and administrative agencies.

c. The organization of state government should assure efficient and effective administration of the policies established by the legislature. It is the goal of reorganization to promote efficiency by improving the management and coordination of state services and by eliminating overlapping activities.

86 Acts, ch 1245, §1

### **7E.2 Offices, departments and independent agencies.**

2. *Principal administrative units.* The principal administrative unit of the executive branch is a “department” and there may be one or more “independent agencies”.

3. *Internal structure.*

a. The director of each department, subject to applicable statute, approval by the governor, and the provisions of subsection 4 of this section, may establish the internal structure within the office of the director so as to best suit the purposes of the department.

b. For field operations, departments may establish district or area offices which may cut across divisional lines of responsibility.

c. For their internal structure, all departments shall adhere to the following standard terms unless otherwise specified by law, and independent agencies are encouraged to review their internal structure and to adhere as much as possible to the following standard terms:

(2) The principal subunit of the division is the “bureau”. Each bureau shall be headed by a “chief”.

4. *Internal organization and allocation of functions.* Subject to applicable law, the head of

each department or independent agency shall, subject to the approval of the governor, establish the internal organization of the department or independent agency and allocate and reallocate duties and functions not assigned by law to an officer or any subunit of the department or independent agency to promote economic and efficient administration and operation of the department or independent agency.

5. *Attachment for limited purposes.* Any commission, board, or other unit attached under this section to a department or independent agency, or a specified division of one, shall be a distinct unit of that department, independent agency, or specified division. Any commission, board, or other unit so attached shall exercise its powers, duties, and functions as may be prescribed by law, including rulemaking, licensing and regulation, and operational planning within the area of program responsibility of the commission, board, or other unit independently of the head of the department or independent agency, but budgeting, program coordination, and related management functions shall be performed under the direction and supervision of the head of the department or independent agency, unless otherwise provided by law.

Members of councils and committees created under this general authority shall serve without compensation, but may be reimbursed for their expenses.

a. It is the intent of the general assembly that state general fund operating appropriations to a charter agency for the fiscal year beginning July 1, 2003, and ending June 30, 2004, shall be reduced from the appropriation that would otherwise have been enacted for that charter agency which, along with any additional generated revenue to the general fund of the state attributed to the reinvention process as determined by the department of management, over that already committed to the general fund of the state by a charter agency, will achieve an overall target of fifteen million dollars.

b. Notwithstanding any provision of law to the contrary, proceeds from the sale or lease of capital assets that are under the control of a charter agency shall be retained by the charter agency and used for such purposes within the scope of the responsibilities of the charter agency.

c. Notwithstanding section 8.33, one-half of all unencumbered or unobligated balances of appropriations made for each fiscal year of that fiscal period to the charter agency shall not revert to the state treasury or to the credit of the funds from which the appropriations were made.

d. For the fiscal period beginning July 1, 2003, and ending June 30, 2006, a charter agency is not subject to a uniform reduction ordered by the governor in accordance with section 8.31.

### 4. *Personnel management.*

a. Notwithstanding any provision of law to the contrary, a charter agency shall not be subject to any limitation relating to the number of or pay grade assigned to its employees, including any limitation on the number of full-time equivalent positions as defined by section 8.36A.

b. A charter agency may waive any personnel rule and may exercise the authority granted to the department of administrative services relating to personnel management concerning employees of the charter agency, subject to any restrictions on such authority as to employees of the charter agency covered by a collective bargaining agreement. The exclusive representative of employees of a charter agency may enter into agreements with the charter agency to grant the charter agency the authority described in this paragraph. ### 7. *Rule flexibility.*

a. A charter agency may temporarily waive or suspend the provisions of any administrative rule if strict compliance with the rule impacts the ability of the charter agency requesting the waiver or suspension to perform its duties in a more cost-efficient manner and the requirements of this subsection are met.

b. The procedure for granting a temporary waiver or suspension of any administrative rule shall be as follows:

(1) The charter agency may waive or suspend a rule if the agency finds, based on clear and convincing evidence, all of the following:

(a) The application of the rule poses an undue financial hardship on the applicable charter agency.

(b) The waiver or suspension from the require-

ments of a rule in the specific case would not prejudice the substantial legal rights of any person.

(c) Substantially equal protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver or suspension is requested.

(d) The waiver or suspension would not result in a violation of due process, a violation of state or federal law, or a violation of the state or federal constitution.

(2) If a charter agency proposes to grant a waiver or suspension, the charter agency shall draft the waiver or suspension so as to provide the narrowest exception possible to the provisions of the rule and may place any condition on the waiver or suspension that the charter agency finds desirable to protect the public health, safety, and welfare. The charter agency shall then submit the waiver or suspension to the administrative rules review committee for consideration at the committee's next scheduled meeting.

(3) The administrative rules review committee shall review the proposed waiver or suspension at the committee's next scheduled meeting following submission of the proposal and may either take no action or affirmatively approve the waiver or suspension, or delay the effective date of the waiver or suspension in the same manner as for rules as provided in section 17A.4, subsection 5, and section 17A.8, subsection 9. If the administrative rules review committee either approves or takes no action concerning the proposed waiver or suspension, the waiver or suspension may become effective no earlier than the day following the meeting. If the administrative rules review committee delays the effective date of the waiver or suspension but no further action is taken to rescind the waiver or suspension, the proposed waiver or suspension may become effective no earlier than upon the conclusion of the delay. The administrative rules review committee shall notify the applicable charter agency of its action concerning the proposed waiver or suspension.

(4) Copies of the grant or denial of a waiver or suspension under this subsection shall be filed and made available to the public by the applicable charter agency.

c. A waiver or suspension granted pursuant to this subsection shall be for a period of time not to exceed twelve months or until June 30, 2008, whichever first occurs, and as determined by the applicable charter agency. A renewal of a temporary waiver or suspension granted pursuant to this section shall be granted or denied in the same manner as the initial waiver or suspension.

8. *Executive council flexibility.* Notwithstanding any provision of law to the contrary, a charter agency shall not be required to obtain executive council approval for claims for expenses of attending conventions, out-of-state travel re-

The director of the department of management may disapprove the waiver or suspension if, based on clear and convincing evidence, the director determines that the suspension or waiver would result in an adverse financial impact on the state.

### 8.22 Nature and contents of budget.

The budget shall consist of four parts, the nature and contents of which shall be as follows:

#### PART I

*Governor's budget message.* Part I shall consist of the governor's budget message, in which the governor shall set forth:

1. The governor's program for meeting all the expenditure needs of the government for the fiscal year, indicating the classes of funds, general or special, from which appropriations are to be made and the means through which the expenditures shall be financed.

The governor's program shall include a single budget request for all capital projects proposed by the governor. The request shall include but is not limited to the following:

- a. The purpose and need for each capital project.
- b. A priority listing of capital projects.
- c. The costs of acquisition, lease, construction, renovation, or demolition of each capital project.
- d. The identification of the means and source of funding each capital project.
- e. The estimated operating costs of each capital project after completion.
- f. The estimated maintenance costs of each capital project after completion.
- g. The consequences of delaying or abandoning each capital project.
- h. Alternative approaches to meeting the purpose or need for each capital project.
- i. Alternative financing mechanisms.
- j. A cost-benefit analysis or economic impact of each capital project.

2. Financial statements giving in summary form:

a. The condition of the treasury at the end of the last completed fiscal year, the estimated condition of the treasury at the end of the year in progress, and the estimated condition of the treasury at the end of the following fiscal year if the governor's budget proposals are put into effect.

b. Statements showing the bonded indebtedness of the government, debt authorized and unissued, debt redemption and interest requirements, and condition of the sinking funds, if any.

c. A summary of appropriations recommended for the following fiscal year for each department and establishment and for the government as a whole, in comparison with the actual expenditures for the last completed fiscal year and the es-

timated expenditures for the year in progress.

d. A summary of the revenue, estimated to be received by the government during the following fiscal year, classified according to sources, in comparison with the actual revenue received by the government during the last completed fiscal year and estimated income during the year in progress.

e. A statement of federal funds received in the form of block or categorical grants which were not included in the governor's budget for the previous fiscal year and a statement of anticipated block grants and categorical grants. The budget shall indicate how the federal funds will be used and the programs to which they will be allocated. The amount of state funds required to implement the programs to which the federal funds will apply shall also be indicated. The departments shall provide information to the director on the anticipated federal block grants and categorical grants to be received on or before November 1 of each year. The director shall use this information to develop an annual update of the statement of federal funds received which shall be provided to the general assembly.

f. Other financial statements, data, and comments as in the governor's opinion are necessary or desirable in order to make known in all practicable detail the financial condition and operation of the government and the effect that the budget as proposed by the governor will have on the financial condition and operation.

If the estimated revenues of the government for the ensuing fiscal year as set forth in the budget on the basis of existing laws, plus the estimated amounts in the treasury at the close of the year in progress, available for expenditure in the ensuing fiscal year are less than the aggregate recommended for the ensuing fiscal year as contained in the budget, the governor shall make recommendations to the legislature in respect to the manner in which the deficit shall be met, whether by an increase in the state tax or the imposition of new taxes, increased rates on existing taxes, or otherwise, and if the aggregate of the estimated revenues, plus estimated balances in the treasury, is greater than the recommended appropriations for the ensuing fiscal year, the governor shall make recommendations in reference to the application of the surplus to the reduction of debt or otherwise, to the reduction in taxation, or to such other action as in the governor's opinion is in the interest of the public welfare.

#### PART II

*Recommended appropriations.* Part II shall present in detail for the ensuing fiscal year the governor's recommendations for appropriations to meet the expenditure needs of the government from each general class of funds, in comparison with actual expenditures for each of the purposes during the last completed fiscal year and esti-

mated expenditures for the year in progress, classified by departments and establishments and indicating for each the appropriations recommended for:

1. Meeting the cost of administration, operation, and maintenance of the departments and establishments.

2. Appropriations for meeting the cost of land, public improvements, and other capital outlays in connection with the departments and establishments.

Each item of expenditure, actual or estimated, and appropriations recommended for administration, operation, and maintenance of each department or establishment shall be supported by detailed statements showing the actual and estimated expenditures and appropriations classified by objects according to a standard scheme of classification to be prescribed by the director.

#### PART III

*Appropriation bills.* Part III shall include a draft or drafts of appropriation bills having for their purpose to give legal sanction to the appropriations recommended to be made in Parts I and II. The appropriation bills shall indicate the funds, general or special, from which the appropriations shall be paid, but the appropriations need not be in greater detail than to indicate the total appropriation to be made for:

1. Administration, operation, and maintenance of each department and establishment for the fiscal year.

2. The cost of land, public improvements, and other capital outlays for each department and establishment, itemized by specific projects or classes of projects of the same general character.

#### PART IV

*Strategic plan.* Part IV shall include an explanation that correlates the budget with the enterprise strategic plan adopted pursuant to section 8E.204. The budget shall provide an explanation of appropriations recommended for the administration and maintenance of an agency as defined in section 8E.103 with the general evaluation of the agency in meeting enterprise strategic goals, including identifying goals that require legislation.

At the meeting in which the conference agrees to the revenue estimate for the following fiscal year in accordance with the provisions of subsection 3, the conference shall agree to an estimate for tax refunds payable from that estimated revenue. The estimates required by this subsection shall be used in determining the adjusted revenue estimate under section 8.54.

5. At the meeting in which the conference agrees to the revenue estimate for the succeeding fiscal year in accordance with the provisions of subsection 3, the conference shall also agree to the following estimates which shall be used by the governor in preparation of the budget message under section 8.22 and the general assembly in the budget process for the succeeding fiscal year:

*a.* The estimates of expenditure requirements shall be based upon seventy-five percent of the funding provided for the current fiscal year accounted for by program reduced by the historical employee vacancy factor in form specified by the director and the remainder of the estimate of expenditure requirements prioritized by program. The estimates shall be accompanied with performance measures for evaluating the effectiveness of the program.

*b.* The budget estimates for an agency as defined in section 8E.103 shall be based on achieving goals contained in the enterprise strategic plan and the agency's strategic plan as provided for in chapter 8E. The estimates shall be accompanied by a description of the measurable and other results to be achieved by the agency. Performance measures shall be based on the goals developed pursuant to sections 8E.205, 8E.206, and 8E.208. The estimates shall be accompanied by an explanation of the manner in which appropriations requested for the administration and maintenance of the agency meet goals contained in the enterprise strategic plan and the agency's strategic plan, including identifying goals that require legislation.

*c.* If a department or establishment fails to submit estimates within the time specified, the legislative services agency shall use the amounts of the appropriations to the department or establishment for the fiscal year in process at the time the estimates are required to be submitted as the amounts for the department's or establishment's request in the documents submitted to the general assembly for the ensuing fiscal year and the governor shall cause estimates to be prepared for that

department or establishment as in the governor's opinion are reasonable and proper.

*d.* The director shall furnish standard budget request forms to each department or agency of state government.

Provided further, that no repayment receipts shall be available for expenditures until allotted as provided in section 8.31; and

Provided further, that the collection of repayment receipts by the state fair board and the institutions under the state board of regents shall be deposited in a bank or banks duly designated and qualified as state depositories, in the name of the state of Iowa, for the use of such boards and institutions, and such funds shall be available only on the check of such boards or institutions depositing them, which are hereby authorized to withdraw such funds, but only after allotment by the governor as provided in section 8.31; and

Provided further, that this chapter shall not apply to endowment or private trust funds or to gifts to institutions owned or controlled by the state or to the income from such endowment or private trust funds, or to private funds belonging to students or inmates of state institutions.

The provisions of this chapter shall not be construed to prohibit the state fair board from creating an emergency or sinking fund out of the receipts of the state fair and state appropriation for the purpose of taking care of any emergency that might arise beyond the control of the board of not

### 8.33 Time limit on obligations — reversion.

No obligation of any kind shall be incurred or created subsequent to the last day of the fiscal year for which an appropriation is made, except when specific provision otherwise is made in the Act making the appropriation. On August 31, or as otherwise provided in an appropriation Act, following the close of each fiscal year, all unencumbered or unobligated balances of appropriations made for that fiscal term revert to the state treasury and to the credit of the funds from which the appropriations were made, except that capital expenditures for the purchase of land or the erection of buildings or new construction continue in force until the attainment of the object or the completion of the work for which the appropriations were made unless the Act making an appropriation for the capital expenditure contains a specific provision relating to a time limit for incurring an obligation or reversion of funds. This section does not repeal sections 7D.11 through 7D.14.

No payment of an obligation for goods and services shall be charged to an appropriation subsequent to the last day of the fiscal year for which the appropriation is made unless the goods or services are received on or before the last day of the fiscal year, except that repair projects, purchase of specialized equipment and furnishings, and other contracts for services and capital expenditures for the purchase of land or the erection of buildings or new construction or remodeling, which were committed and in progress prior to the end of the fiscal year are excluded from this provision.

1. By July 1, the director of the department of management, in conjunction with the director of the department of administrative services, shall provide a projected expenditure breakdown of each appropriation for the beginning fiscal year to the legislative services agency in the form and level of detail requested by the legislative services agency. By the fifteenth of each month, the director, in conjunction with the director of the department of administrative services, shall transmit to the legislative services agency a record for each appropriation of actual expenditures for the prior month of the fiscal year and the fiscal year to date in the form and level of detail as requested by the legislative services agency. By October 1, the director, in conjunction with the director of the department of administrative services, shall transmit the total record of an appropriation, including reversions and transfers for the prior fiscal year ending June 30, to the legislative services agency.

2. Commencing October 1, the director shall provide weekly budget tapes in the form and level of detail requested by the legislative services agency reflecting finalized agency budget requests for the following fiscal year as submitted to the governor. The director shall transmit all agency requests in final form to the legislative services agency by November 15. Final budget records containing the governor's recommendation and final agency requests shall be transmitted to the legislative services agency by January 1 or no later

than the date the governor's budget document is delivered to the printer. The governor's recommendation included on this record shall be considered confidential by the legislative services agency until it is made public by the governor. The legislative services agency shall use this data in the preparation of information for the legislative appropriation process.

3. The director shall communicate any changes or anticipated changes to the budgeting system or the accounting system in writing to the legislative services agency prior to implementation.

4. A government agency which receives state funds directly from the state or indirectly through a political subdivision as directed by statute and which is not a city, county, or school district is subject to this subsection. A government agency which is subject to this subsection shall submit a copy of its budget to the legislative services agency, identifying it as being submitted under this subsection, when the budget of that government agency has received approval from the governing head or body of that agency. The copy of the budget submitted to the legislative services agency shall be on the budget forms provided by the department of management to state agencies under this chapter. The government agency shall also submit a statement identifying any funds available to the agency which are not included in the budget.

### 8.36 Fiscal year.

The fiscal year of the government shall commence on the first day of July and end on the thirtieth day of June. This fiscal year shall be used for purposes of making appropriations and of financial reporting and shall be uniformly adopted by all departments and establishments of the government.

#### 8.36A Full-time equivalent positions.

1. For purposes of making appropriations and financial reports and as used in appropriations statutes, "full-time equivalent position" means a budgeting and monitoring unit that equates the aggregate of full-time positions, part-time positions, a vacancy and turnover factor, and other ad-

justments. One full-time equivalent position represents two thousand eighty working hours, which is the regular number of hours one full-time person works in one fiscal year. The number of full-time equivalent positions shall be calculated by totaling the regular number of hours that could be annually worked by persons in all authorized positions, reducing those hours by a vacancy and turnover factor and dividing that amount by two thousand eighty hours. In order to achieve the full-time equivalent position level, the number of filled positions may exceed the number of full-time equivalent positions during parts of the fiscal year to compensate for time periods when the number of filled positions is below the authorized number of full-time equivalent positions.

2. If a department or establishment has reached or anticipates reaching the full-time equivalent position level authorized for the department but determines that conversion of a contract position to a full-time equivalent position would result in cost savings while providing comparable or better services, the department or establishment may request the director of the department of management to approve the conversion and addition of the full-time equivalent position. The request shall be accompanied by evidence demonstrating how the cost savings and service quality will be achieved through the conversion. If approved by the director of the department of management, the department's or establishment's authorized full-time equivalent position level shall be increased accordingly and the revised level shall be reported to the fiscal committee of the legislative council and the legislative services agency.

A violation of the foregoing provision shall make any person violating same, or consenting to the violation of same liable to the state for such sum so expended together with interest and costs, which shall be recoverable in an action to be instituted by the attorney general for the use of the state, which action may be brought in any county of the state.

**8.39 Use of appropriations — transfer.**

1. Except as otherwise provided by law, an appropriation or any part of it shall not be used for any other purpose than that for which it was made. However, with the prior written consent and approval of the governor and the director of the department of management, the governing board or head of any state department, institution, or agency may, at any time during the fiscal year, make a whole or partial intradepartmental transfer of its unexpended appropriations for purposes within the scope of such department, institution, or agency.

2. If the appropriation of a department, institution, or agency is insufficient to properly meet the legitimate expenses of the department, institution, or agency, the director, with the approval of the governor, may make an interdepartmental transfer from any other department, institution, or agency of the state having an appropriation in excess of its needs, of sufficient funds to meet that deficiency. An interdepartmental transfer to an appropriation which is not an entitlement appropriation is not authorized when the general assembly is in regular session and, in addition, the sum of interdepartmental transfers in a fiscal year to an appropriation which is not an entitlement appropriation shall not exceed fifty percent of the amount of the appropriation as enacted by the general assembly. For the purposes of this subsection, an entitlement appropriation is a line item appropriation to the state public defender for indigent defense or to the department of human services for foster care, state supplementary assistance, or medical assistance, or for the family investment program.

3. Prior to any transfer of funds pursuant to subsection 1 or 2 of this section or a transfer of an allocation from a subunit of a department which statutorily has independent budgeting authority, the director shall notify the chairpersons of the standing committees on budget of the senate and the house of representatives and the chairpersons of subcommittees of such committees of the proposed transfer. The notice from the director shall include information concerning the amount of the proposed transfer, the departments, institutions or agencies affected by the proposed transfer and the reasons for the proposed transfer. Chairpersons notified shall be given at least two weeks to review and comment on the proposed transfer before the transfer of funds is made.

4. Any transfer made under the provisions of this section shall be reported to the legislative fiscal committee on a monthly basis. The report shall cover each calendar month and shall be due the tenth day of the following month. The report shall contain the following: The amount of each transfer; the date of each transfer; the departments and funds affected; a brief explanation of the reason for the transfer; and such other information as may be required by the committee. A summary of all

1. Commencing with the fiscal year beginning July 1, 1981, federal funds received in the form of block grants shall be deposited in a special fund in the state treasury and are subject to appropriation by the general assembly upon a recommendation by the governor. In determining a general fund balance, the federal funds deposited in the special fund shall not be included, but shall remain segregated in the special fund until appropriated by the general assembly.

2. Federal funds deposited in the state treasury as provided in subsection 1 shall either be included as part of the governor's budget required by section 8.22 or shall be included in a separate recommendation made by the governor to the general assembly. If federal funds received in the form of block grants or categorical grants have not been included in the governor's budget for the current fiscal year because of time constraints or because

a budget is not being submitted for the next fiscal year, the governor shall submit a supplemental statement to the general assembly listing the federal funds received and including the same information for the federal funds required by section 8.22, part I, subsection 2, paragraph "e", for the statement of federal funds in the governor's budget.

*b.* To the extent allowed by federal law, the block grant plan shall be developed in accordance with the following:

(1) The primary goal of the plan shall be to attain savings for taxpayers and to avoid shifting costs from the federal government to state and local governments.

(2) State agency planning meetings shall be held jointly with officials of the affected political subdivision and affected members of the public.

(3) The plan shall address proposed expenditures and accountability measures and shall be published so as to provide reasonable opportunity for public review and comment.

(4) (a) Preference shall be given to any existing service delivery system capable of delivering the required service. If an existing service delivery system is not used, the plan shall identify those existing delivery systems which were considered and the reasons those systems were rejected. This subparagraph subdivision applies to any service delivered pursuant to a federal block grant, including, but not limited to, any of the following block grant areas: health, human services, education, employment, community and economic development, and criminal justice.

(b) If a service delivered pursuant to a federal block grant and implemented by a political subdivision was previously provided for by a categorical grant, the state agency shall allow the political subdivision adequate transition time to accommodate related changes in federal and state policy. Transition activities may include, but are not limited to, revision of the political subdivision's laws, budgets, and administrative procedures.

(c) The state agency shall allow the political subdivision the flexibility to implement a service in a manner so as to address identifiable needs within the context of meeting broad national objectives.

(5) State administrative costs shall not exceed the limits allowed for under the federal law enacting the block grant.

(6) A federal mandate that is eliminated or waived for the state shall be eliminated or waived for a political subdivision.

(7) Federal block grants shall not be used to

supplant existing funding efforts by the state.

c. The state agency shall send copies of the proposed block grant plan to the legislative fiscal committee and to the appropriate appropriations subcommittee chairpersons and ranking members of the general assembly. The plan and any program changes contained within the plan shall be adopted as rules in accordance with chapter 17A.

*a. "Adjusted revenue estimate"* means the appropriate revenue estimate for the general fund for the following fiscal year as determined by the revenue estimating conference under section 8.22A, subsection 3, adjusted by subtracting estimated tax refunds payable from that estimated revenue and as determined by the conference, adding any new revenues which may be considered to be eligible for deposit in the general fund.

*b. "New revenues"* means moneys which are received by the state due to increased tax rates and fees or newly created taxes and fees over and above those moneys which are received due to state taxes and fees which are in effect as of January 1 following the December state revenue estimating conference. "New revenues" also includes moneys received by the general fund of the state due to new transfers over and above those moneys received by the general fund of the state due to transfers which are in effect as of January 1 following the December state revenue estimating conference. The department of management shall obtain concurrence from the revenue estimating conference on the eligibility of transfers to the general fund of the state which are to be considered as new revenue in determining the state general fund expenditure limitation.

2. There is created a state general fund expenditure limitation for each fiscal year calculated as provided in this section. An expenditure limitation shall be used for the portion of the budget process commencing on the date the revenue estimating conference agrees to a revenue estimate for the following fiscal year in accordance with section 8.22A, subsection 3, and ending with the governor's final approval or disapproval of the appropriations bills applicable to that fiscal year that were passed prior to July 1 of that fiscal year in a regular or extraordinary legislative session.

3. Except as otherwise provided in this section, the state general fund expenditure limitation for a fiscal year shall be ninety-nine percent of the adjusted revenue estimate.

4. The state general fund expenditure limitation amount provided for in this section shall be used by the governor in the preparation of the budget under section 8.22 and approval of the budget and by the general assembly in the budget process. If a source for new revenues is proposed, the budget revenue projection used for that new revenue source for the period beginning on the effective date of the new revenue source and ending in the fiscal year in which the source is included in the

revenue base shall be an amount determined by subtracting estimated tax refunds payable from the projected revenue from that new revenue source, multiplied by ninety-five percent. If a new revenue source is established and implemented, the original state general fund expenditure limitation amount provided for in subsection 3 shall be readjusted to include ninety-five percent of the estimated revenue from the new revenue source.

5. For fiscal years in which section 8.55, subsection 2, results in moneys being transferred to the general fund, the original state general fund expenditure limitation amount provided for in subsection 3 shall be readjusted to include the moneys which are so transferred.

6. The scope of the expenditure limitation under subsection 3 shall not encompass federal funds, donations, constitutionally dedicated moneys, and moneys in expenditures from state retirement system moneys.

1. The Iowa economic emergency fund is created. The fund shall be separate from the general fund of the state and the balance in the fund shall not be considered part of the balance of the general fund of the state. The moneys credited to the fund are not subject to section 8.33 and shall not be transferred, used, obligated, appropriated, or otherwise encumbered except as provided in this section.

2. *a.* The maximum balance of the fund is the amount equal to two and one-half percent of the adjusted revenue estimate for the fiscal year. If the amount of moneys in the Iowa economic emergency fund is equal to the maximum balance, moneys in excess of this amount shall be transferred to the general fund.

*b.* Notwithstanding paragraph “*a*”, any moneys in excess of the maximum balance in the economic emergency fund after the distribution of the surplus in the general fund of the state at the conclusion of each fiscal year shall not be transferred to the general fund of the state but shall be transferred to the senior living trust fund. The total amount appropriated, reverted, or transferred, in the aggregate, under this paragraph, section 8.57, subsection 2, and any other law providing for an appropriation or reversion or transfer of an appropriation to the credit of the senior living trust fund, for all fiscal years beginning on or after July 1, 2004, shall not exceed the amount specified in section 8.57, subsection 2, paragraph “*c*”.

3. *a.* Except as provided in paragraphs “*b*” and “*c*”, the moneys in the Iowa economic emergency fund shall only be used pursuant to an appropriation made by the general assembly. An appropriation shall only be made for the fiscal year in which the appropriation is made. The moneys shall only be appropriated by the general assembly for emergency expenditures.

*b.* Moneys in the fund may be used for cash flow purposes during a fiscal year provided that any moneys so allocated are returned to the fund by the end of that fiscal year.

*c.* There is appropriated from the Iowa economic emergency fund to the general fund of the state for the fiscal year in which moneys in the fund were used for cash flow purposes, for the purposes of reducing or preventing any overdraft on or deficit in the general fund of the state, the amount from the Iowa economic emergency fund that was used for cash flow purposes pursuant to paragraph “*b*” and that was not returned to the Iowa economic emergency fund by June 30 of the fiscal year. The appropriation in this paragraph shall not exceed fifty million dollars and is contingent upon all of the following having occurred:

(1) The revenue estimating conference estimate of general fund receipts made during the last quarter of the fiscal year was or the actual fiscal year receipts and accruals were at least one-half of one percent less than the comparable estimate made during the third quarter of the fiscal year.

(2) The governor has implemented the uniform reductions in appropriations required in section 8.31 as a result of subparagraph (1) and such reduction was insufficient to prevent an overdraft on or deficit in the general fund of the state or the governor did not implement uniform reductions in appropriations because of the lateness of the estimated or actual receipts and accruals under subparagraph (1).

(3) The balance of the general fund of the state at the end of the fiscal year prior to the appropriation made in this paragraph was negative.

(4) The governor has issued an official proclamation and has notified the co-chairpersons of the fiscal committee of the legislative council and the legislative services agency that the contingencies in subparagraphs (1) through (3) have occurred and the reasons why the uniform reductions specified in subparagraph (2) were insufficient or were not implemented to prevent an overdraft on or deficit in the general fund of the state.

*d.* If an appropriation is made pursuant to paragraph “*c*” for a fiscal year, there is appropriated from the general fund of the state to the Iowa economic emergency fund for the following fiscal year, the amount of the appropriation made pursuant to paragraph “*c*”.

*e.* Except as provided in section 8.58, the Iowa economic emergency fund shall be considered a special account for the purposes of section 8.53 in determining the cash position of the general fund of the state for the payment of state obligations.

4. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in the Iowa economic emergency fund shall be credited to the rebuild Iowa infrastructure fund.

1. A cash reserve fund is created in the state treasury. The cash reserve fund shall be separate from the general fund of the state and shall not be considered part of the general fund of the state except in determining the cash position of the state as provided in subsection 3. The moneys in the cash reserve fund are not subject to section 8.33 and shall not be transferred, used, obligated, appropriated, or otherwise encumbered except as provided in this section. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in the cash reserve fund shall be credited to the rebuild Iowa infrastructure fund created in section 8.57. Moneys in the cash reserve fund may be used for cash flow purposes during a fiscal year provided that any moneys so allocated are returned to the cash reserve fund by the end of that fiscal year.

2. The maximum balance of the cash reserve fund is the amount equal to the cash reserve goal percentage, as defined in section 8.57, multiplied

by the adjusted revenue estimate for the general fund of the state for the current fiscal year.

3. The moneys in the cash reserve fund shall only be used pursuant to an appropriation made by the general assembly. An appropriation shall be made in accordance with subsection 4 only for the fiscal year in which the appropriation is made. The moneys shall only be appropriated by the general assembly for nonrecurring emergency expenditures and shall not be appropriated for payment of any collective bargaining agreement or arbitrator's decision negotiated or awarded under chapter 20. Except as provided in section 8.58, the cash reserve fund shall be considered a special account for the purposes of section 8.53 in determining the cash position of the general fund of the state for the payment of state obligations.

4. *a.* Except as provided in subsection 1, an appropriation shall not be made from the cash reserve fund unless the appropriation is in accordance with all of the following:

(1) The appropriation is contained in a bill or joint resolution in which the appropriation is the only subject matter of the bill or joint resolution.

(2) The bill or joint resolution states the reasons the appropriation is necessary.

*b.* In addition to the requirements of paragraph "a", an appropriation shall not be made from the cash reserve fund which would cause the fund's balance to be less than three and three-fourths percent of the adjusted revenue estimate for the year for which the appropriation is made unless the bill or joint resolution is approved by vote of at least three-fifths of the members of both chambers of the general assembly and is signed by the governor.

### **8.57 Annual appropriations — reduction of GAAP deficit — rebuild Iowa infrastructure fund.**

1. *a.* The "cash reserve goal percentage" for fiscal years beginning on or after July 1, 2004, is seven and one-half percent of the adjusted revenue estimate. For each fiscal year in which the appropriation of the surplus existing in the general fund of the state at the conclusion of the prior fiscal year pursuant to paragraph "b" was not sufficient for the cash reserve fund to reach the cash reserve goal percentage for the current fiscal year, there is appropriated from the general fund of the state an amount to be determined as follows:

(1) If the balance of the cash reserve fund in the current fiscal year is not more than six and one-half percent of the adjusted revenue estimate for the current fiscal year, the amount of the appropriation under this lettered paragraph is one percent of the adjusted revenue estimate for the

current fiscal year.

(2) If the balance of the cash reserve fund in the current fiscal year is more than six and one-half percent but less than seven and one-half percent of the adjusted revenue estimate for that fiscal year, the amount of the appropriation under this lettered paragraph is the amount necessary for the cash reserve fund to reach seven and one-half percent of the adjusted revenue estimate for the current fiscal year.

(3) The moneys appropriated under this lettered paragraph shall be credited in equal and proportionate amounts in each quarter of the current fiscal year.

*b.* The surplus existing in the general fund of the state at the conclusion of the fiscal year is appropriated for distribution in the succeeding fiscal year as provided in subsections 3 and 4. Moneys credited to the cash reserve fund from the appropriation made in this paragraph shall not exceed the amount necessary for the cash reserve fund to reach the cash reserve goal percentage for the succeeding fiscal year. As used in this paragraph, "surplus" means the excess of revenues and other financing sources over expenditures and other financing uses for the general fund of the state in a fiscal year.

*c.* The amount appropriated in this section is not subject to the provisions of section 8.31, relating to requisitions and allotment, or to section 8.32, relating to conditional availability of appropriations.

2. *a.* There is appropriated from the surplus existing in the general fund of the state at the conclusion of the fiscal year beginning July 1, 2005, and ending June 30, 2006, and at the conclusion of each succeeding fiscal year for distribution to the senior living trust fund, an amount equal to one percent of the adjusted revenue estimate for the current fiscal year. However, if the amount of the surplus existing in the general fund of the state at the conclusion of a fiscal year is less than two percent of the adjusted revenue estimate for that fiscal year, the amount of the appropriation made in this paragraph shall be equal to fifty percent of the surplus amount. The appropriation made in this paragraph shall be distributed to the senior living trust fund in the succeeding fiscal year. For the purposes of this subsection, "surplus" means the same as defined in subsection 1, paragraph "b".

*b.* The appropriation made in paragraph "a" shall be made before the appropriations are made pursuant to subsections 1, 3, and 4, of the surplus existing in the general fund of the state at the conclusion of the fiscal year beginning July 1, 2005, and ending June 30, 2006, and each succeeding fiscal year.

*c.* The appropriation made in paragraph "a" shall continue until the aggregate amount of the appropriations made, reverted, or transferred to the senior living trust fund for all fiscal years beginning on or after July 1, 2004, pursuant to para-

graph “a” of this subsection, section 8.55, subsection 2, paragraph “b”, and any other law providing for an appropriation or reversion or transfer of an appropriation to the senior living trust fund is equal to three hundred million dollars.

d. This subsection and section 8.55, subsection 2, paragraph “b”, are repealed when the aggregate amount specified in paragraph “c” has been distributed, appropriated, reverted, or transferred to the senior living trust fund. The director of the department of management shall notify the Iowa Code editor when the aggregate amount has been distributed, appropriated, reverted, or transferred.

3. Moneys appropriated under subsection 1 shall be first credited to the cash reserve fund. To the extent that moneys appropriated under subsection 1 would make the moneys in the cash reserve fund exceed the cash reserve goal percentage of the adjusted revenue estimate for the fiscal year, the moneys are appropriated to the department of management to be spent for the purpose of eliminating Iowa’s GAAP deficit, including the payment of items budgeted in a subsequent fiscal year which under generally accepted accounting principles should be budgeted in the current fiscal year. These moneys shall be deposited into a GAAP deficit reduction account established within the department of management. The department of management shall annually file with both houses of the general assembly at the time of the submission of the governor’s budget, a schedule of the items for which moneys appropriated under this subsection for the purpose of eliminating Iowa’s GAAP deficit, including the payment of items budgeted in a subsequent fiscal year which under generally accepted accounting principles should be budgeted in the current fiscal year, shall be spent. The schedule shall indicate the fiscal year in which the spending for an item is to take place and shall incorporate the items detailed in 1994 Iowa Acts, chapter 1181, section 17. The schedule shall list each item of expenditure and the estimated dollar amount of moneys to be spent on that item for the fiscal year. The department of management may submit during a regular legislative session an amended schedule for legislative consideration. If moneys appropriated under this subsection are not enough to pay for all listed expenditures, the department of management shall distribute the payments among the listed expenditure items. Moneys appropriated to the department of management under this subsection shall not be spent on items other than those included in the filed schedule. On September 1 following the close of a fiscal year, moneys in the GAAP deficit reduction account which remain unexpended for items on the filed schedule for the previous fiscal year shall be credited to the Iowa economic emergency fund.

4. To the extent that moneys appropriated under subsection 1 exceed the amounts necessary for

the cash reserve fund to reach its maximum balance and the amounts necessary to eliminate Iowa’s GAAP deficit, including elimination of the making of any appropriation in an incorrect fiscal year, the moneys shall be appropriated to the Iowa economic emergency fund.

5. As used in this section, “GAAP” means generally accepted accounting principles as established by the governmental accounting standards board.

6. a. A rebuild Iowa infrastructure fund is created under the authority of the department of management. The fund shall consist of appropriations made to the fund and transfers of interest, earnings, and moneys from other funds as provided by law. The fund shall be separate from the general fund of the state and the balance in the fund shall not be considered part of the balance of the general fund of the state. However, the fund shall be considered a special account for the purposes of section 8.53, relating to generally accepted accounting principles.

b. Moneys in the infrastructure fund are not subject to section 8.33. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys in the infrastructure fund shall be credited to the infrastructure fund. Moneys in the infrastructure fund may be used for cash flow purposes during a fiscal year provided that any moneys so allocated are returned to the infrastructure fund by the end of that fiscal year.

c. Moneys in the fund in a fiscal year shall be used as directed by the general assembly for public vertical infrastructure projects. For the purposes of this subsection, “vertical infrastructure” includes only land acquisition and construction, major renovation and major repair of buildings, all appurtenant structures, utilities, site development, and recreational trails. “Vertical infrastructure” does not include routine, recurring maintenance or operational expenses or leasing of a building, appurtenant structure, or utility without a lease-purchase agreement. However, appropriations may be made for the fiscal years beginning July 1, 1997, and July 1, 1998, for the purpose of funding the completion of Part III of the Iowa communications network.

d. The general assembly may provide that all or part of the moneys deposited in the GAAP deficit reduction account created in this section shall be transferred to the infrastructure fund in lieu of appropriation of the moneys to the Iowa economic emergency fund.

e. Notwithstanding provisions to the contrary in sections 99D.17 and 99F.11, for the fiscal year beginning July 1, 2000, and for each fiscal year thereafter, not more than a total of sixty million dollars shall be deposited in the general fund of the state in any fiscal year pursuant to sections 99D.17 and 99F.11. The next fifteen million dollars of the moneys directed to be deposited in the general fund of the state in a fiscal year pursuant

to sections 99D.17 and 99F.11 shall be deposited in the vision Iowa fund created in section 12.72 for the fiscal year beginning July 1, 2000, and for each fiscal year through the fiscal year beginning July 1, 2019. The next five million dollars of the moneys directed to be deposited in the general fund of the state in a fiscal year pursuant to sections 99D.17 and 99F.11 shall be deposited in the school infrastructure fund created in section 12.82 for the fiscal year beginning July 1, 2000, and for each fiscal year thereafter until the principal and interest on all bonds issued by the treasurer of state pursuant to section 12.81 are paid, as determined by the treasurer of state. The total moneys in excess of the moneys deposited in the general fund of the state, the vision Iowa fund, and the school infrastructure fund in a fiscal year shall be deposited in the rebuild Iowa infrastructure fund and shall be used as provided in this section, notwithstanding section 8.60.

If the total amount of moneys directed to be deposited in the general fund of the state under sections 99D.17 and 99F.11 in a fiscal year is less than the total amount of moneys directed to be deposited in the vision Iowa fund and the school infrastructure fund in the fiscal year pursuant to this paragraph “e”, the difference shall be paid from lottery revenues in the manner provided in section 99G.39, subsection 3.

*f.* There is appropriated from the rebuild Iowa infrastructure fund to the secure an advanced vision for education fund created in section 423E.4, for each fiscal year of the fiscal period beginning July 1, 2004, and ending June 30, 2014, the amount of the moneys in excess of the first forty-seven million dollars credited to the rebuild Iowa infrastructure fund during the fiscal year, not to exceed ten million dollars.

*g.* Notwithstanding any other provision to the contrary, and prior to the appropriation of moneys from the rebuild Iowa infrastructure fund pursuant to paragraph “c”, and section 8.57A, subsection 4, moneys shall first be appropriated from the rebuild Iowa infrastructure fund to the vertical infrastructure fund as provided in section 8.57B, subsection 4.

*h.* Annually, on or before January 1 of each year, a state agency that received an appropriation from the rebuild Iowa infrastructure fund for the preceding fiscal year shall report to the joint transportation, infrastructure, and capitals appropriation subcommittee, the legislative services agency, the department of management, and the legislative capital projects committee of the legislative council the status of all ongoing projects for which an appropriation from the fund has been made. The report shall include a description of the project, the progress of work completed, the total estimated cost of the project, a list of all revenue sources being used to fund the project, the amount of funds expended, the amount of funds obligated,

USE OF REVERSIONS —  
INNOVATIONS FUND

**8.62 Use of reversions.**

1. For the purposes of this section, “*operational appropriation*” means an appropriation from the general fund of the state providing for salary, support, administrative expenses, or other personnel-related costs.

2. Notwithstanding the provisions of section 8.33 or any other provision of law to the contrary, if on June 30 of a fiscal year, a balance of an operational appropriation remains unexpended or unencumbered, not more than fifty percent of the balance may be encumbered by the agency to which the appropriation was made and used as provided in this section and the remaining balance shall be deposited in the cash reserve fund created in section 8.56. Moneys encumbered under this section shall only be used by the agency during the succeeding fiscal year for employee training, technology enhancement, or purchases of goods and services from Iowa prison industries. Unused moneys encumbered under this section shall be deposited in the cash reserve fund on June 30 of the succeeding fiscal year.

3. On or before June 30 of the fiscal year following the fiscal year in which funds were encumbered under this section, an agency encumbering funds under this section shall report to the joint appropriations subcommittee which recommends funding for the agency, the legislative services agency, the department of management, and the legislative fiscal committee of the legislative council detailing how the moneys were expended. Moneys shall not be encumbered under this section from an appropriation which received a transfer from another appropriation pursuant to section 8.39.

**8.63 Innovations fund.**

1. An innovations fund is created in the state treasury under the control of the department of management for the purpose of stimulating and encouraging innovation and entrepreneurship in state government by the awarding of repayable loans to state agencies.

2. The director of the department of management shall establish an eight-member committee to be called the state innovations fund committee. The committee shall review all requests for funds and approve loans of funds if the committee determines that the loan meets the requirements for a project loan or an enterprise loan as provided in this section.

3. A project loan can be funded if the committee determines that an agency request would result in cost savings or added revenue to the general fund of the state. Eligible projects are projects

which cannot be funded from an agency’s operating budget without adversely affecting the agency’s normal service levels. Projects may include, but are not limited to, purchase of advanced technology, contracting for expert services, and acquisition of equipment or supplies.

4. An enterprise loan can be funded if the committee determines that the agency or business unit has a viable business plan and the capability to use the loan to provide internal services to government. The enterprise is expected to receive payment for services from its customers and use those payments to cover its expenses, including repayment of the loan.

5. A state agency seeking a loan from the innovations fund shall complete an application form designed by the state innovations fund committee which employs, for projects, a return on investment concept and demonstrates how state general fund expenditures will be reduced or how state general fund revenues will increase, or for enterprises, a business plan that shows how the enterprise will meet customer needs, provide value to customers, and demonstrate financial viability. Minimum loan requirements for state agency requests shall be determined by the committee. As an incentive to increase state general fund revenues, an agency may retain up to fifty percent of savings realized in connection with a project loan from the innovations fund. The amount retained shall be determined by the innovations fund committee. Savings realized but not retained by an agency shall not be deposited in the innovations fund.

6. *a.* In order for the innovations fund to be self-supporting, the innovations fund committee shall establish repayment schedules for each innovations fund loan awarded. Agencies shall repay the funds over a period not to exceed five years with interest, at a rate to be determined by the innovations fund committee.

*b.* If the department of management and the department of revenue certify that the savings from a proposed innovations fund project will result in a net increase in the balance of the general fund of the state without a corresponding cost savings to the requesting agency, and if the requesting agency meets all other eligibility requirements, the innovations fund committee may approve the loan for the project and not require repayment by the requesting agency. There is appropriated from the general fund of the state to the department of management for deposit in the innovations fund an amount sufficient to repay the loan amount, which amount shall not exceed the principal amount of the loan plus interest on the loan.

7. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in the innovations fund shall be credited to the innovations fund. Notwithstanding section 8.33, moneys remaining in the innovations fund at the end of a

fiscal year shall not revert to the general fund of the state.

**8.64 Local government innovation fund — committee — loans.**

1. The local government innovation fund is created in the state treasury under the control of the department of management for the purpose of stimulating and encouraging innovation in local government by the awarding of loans to cities and counties.

2. The director of the department of management shall establish a seven-member committee to be called the local government innovation fund committee. Committee members shall have expertise in local government. The committee shall review all requests for funds and approve loans of funds if the committee determines that a city or county project that is the subject of a request would result in cost savings, innovative approaches to service delivery, or added revenue to the city, county, or state. Eligible projects are projects which cannot be funded from a city's or county's operating budget without adversely affecting the city's or county's normal service levels. Preference shall be given to requests involving the sharing of services between two or more local governments. Projects may include, but are not limited to, purchase of advanced technology, contracting for expert services, and acquisition of equipment or supplies.

3. A city or county seeking a loan from the local government innovation fund shall complete an ap-

plication form designed by the local government innovation fund committee which employs a return on investment concept and demonstrates how the project funded by the loan will result in reduced city, county, or state general fund expenditures or how city or county fund revenues will increase without an increase in state costs. Minimum loan requirements for city or county requests shall be determined by the committee.

4. a. In order for the local government innovation fund to be self-supporting, the local government innovation fund committee shall establish repayment schedules for each loan awarded. The loan requirements shall be outlined in a chapter 28E agreement executed between the state and the city or county receiving the loan. A city or county shall repay the loan over a period not to exceed five years, with interest, at a rate to be determined by the local government innovation fund committee.

b. The local government innovation fund committee shall utilize the department of management, the department of revenue, or other source of technical expertise designated by the committee to certify savings projected for a local government innovation fund project.

5. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in the local government innovation fund shall be credited to the local government innovation fund. Notwithstanding section 8.33, moneys appropriated to and moneys remaining in the local government innovation fund at the end of a fiscal year shall not revert to the general fund of the state.

## PART 2

### PURCHASING

#### **8A.311 Competitive bidding — preferences — reciprocal application — direct purchasing.**

The director shall adopt rules establishing competitive bidding procedures.

1. *a.* All equipment, supplies, or services procured by the department shall be purchased by a competitive bidding procedure as established by rule. However, the director may exempt by rule purchases of noncompetitive items and purchases in lots or quantities too small to be effectively purchased by competitive bidding. Preference shall be given to purchasing Iowa products and purchases from Iowa-based businesses if the Iowa-based business bids submitted are comparable in price to bids submitted by out-of-state businesses and otherwise meet the required specifications. If the laws of another state mandate a percentage preference for businesses or products from that state and the effect of the preference is that bids of Iowa businesses or products that are otherwise low and responsive are not selected in the other state, the same percentage preference shall be applied to Iowa businesses and products when businesses or products from that other state are bid to supply Iowa requirements.

*b.* The department and each state agency shall provide notice in an electronic format available to the public of every competitive bidding opportuni-

ty offered by the department or the state agency as provided in section 73.2, subsection 2. The department may establish by rule requirements relating to such notice. A competitive bidding opportunity that is not preceded by a notice that satisfies the requirements of this paragraph is void and shall be rebid. A request for proposals for architectural or engineering services may be posted electronically by a department or state agency.

2. Notwithstanding section 72.3, if the competitive bidding procedure used by the department involves the use of a reverse auction or similar competitive bidding procedure requiring the disclosure of bid information submitted by vendors, the department shall disclose the bid information as necessary and appropriate.

3. The director may also exempt the purchase of an item or service from a competitive bidding procedure when the director determines that the best interests of the state will be served by the exemption which shall be based on one of the following:

*a.* An immediate or emergency need existing for the item or service.

*b.* A need to protect the health, safety, or welfare of persons occupying or visiting a public improvement or property located adjacent to the public improvement.

4. *a.* The director may contract for the purchase of items or services by the department. Contracts for the purchase of items or services shall be awarded on the basis of the lowest competent bid. Contracts not based on competitive bidding shall be awarded on the basis of bidder competence and reasonable price.

*b.* Architectural and engineering services shall be procured in a reasonable manner, as the director by rule may determine, on the basis of competence and qualification for the type of services required and for a fair and reasonable price.

5. The director may enter into a cooperative procurement agreement with another governmental entity relating to the procurement of goods or services, whether the goods or services are for the use of the department or other governmental entities. The cooperative procurement agreement shall clearly specify the purpose of the agreement and the method by which that purpose will be accomplished. Any power exercised under the agreement shall not exceed the power granted to any party to the agreement.

6. The director may refuse all bids on any item or service and request new bids.

7. The director shall establish by rule the amount of security, if any, to accompany a bid or as a condition precedent to the awarding of any contract and the circumstances under which a security will be returned to the bidder or forfeited to the state.

8. The director shall adopt rules providing a method for the various state agencies to file with

the department a list of those supplies, equipment, machines, and all items needed to properly perform their governmental duties and functions.

9. The director shall furnish a list of specifications, prices, and discounts of contract items to any governmental subdivision which shall be responsible for payment to the vendor under the terms and conditions outlined in the state contract.

10. The director shall adopt rules providing that any state agency may, upon request, purchase directly from a vendor if the direct purchasing is as economical or more economical than purchasing through the department, or upon a showing that direct purchasing by the state agency would be in the best interests of the state due to an immediate or emergency need. The rules shall include a provision permitting a state agency to purchase directly from a vendor, on the agency's own authority, if the purchase will not exceed five thousand dollars and the purchase will contribute to the agency complying with or exceeding the targeted small business procurement goals under sections 73.15 through 73.21.

Any member of the executive council may bring before the executive council for review a decision of the director granting a state agency request for direct purchasing. The executive council shall hear and review the director's decision in the same manner as an appeal filed by an aggrieved bidder, except that the three-day period for filing for review shall not apply.

11. *a.* When the estimated total cost of construction, erection, demolition, alteration, or repair of a public improvement exceeds the competitive bid threshold in section 26.3, or as established in section 314.1B, the department shall comply with chapter 26.

*b.* In awarding a contract under this subsection, the department shall let the work to the lowest responsible bidder submitting a sealed proposal. However, if the department considers the bids received not to be acceptable, all bids may be rejected and new bids requested. A bid shall be accompanied by a certified or cashier's check or bid bond in an amount designated in the advertisement for bids as security that the bidder will enter into a contract for the work requested. The department shall establish the bid security in an amount equal to at least five percent, but not more than ten percent of the estimated total cost of the work. The certified or cashier's checks or bid bonds of unsuccessful bidders shall be returned as soon as the successful bidder is determined. The certified or cashier's check or bid bond of the successful bidder shall be returned upon execution of the contract. This subsection does not apply to the construction, erection, demolition, alteration, or repair of a public improvement when the contracting procedure for the work requested is otherwise provided for in law.

12. The state and its political subdivisions shall give preference to purchasing Iowa products and purchasing from Iowa-based businesses if the bids submitted are comparable in price to those submitted by other bidders and meet the required specifications.

13. The director shall adopt rules which require that each bid received for the purchase of items purchased by the department includes a product content statement which provides the percentage of the content of the item which is reclaimed material.

14. The director shall review and, where necessary, revise specifications used by state agencies to procure products in order to ensure all of the following:

*a.* The procurement of products containing recovered materials, including but not limited to lubricating oils, retread tires, building insulation materials, and recovered materials from waste tires. The specifications shall be revised if they restrict the use of alternative materials, exclude recovered materials, or require performance standards which exclude products containing recovered materials unless the agency seeking the product can document that the use of recovered materials will hamper the intended use of the product.

*b.* The procurement by state agencies of bio-based hydraulic fluids, greases, and other industrial lubricants manufactured from soybeans in accordance with the requirements of section 8A.316.

15. A bidder awarded a state construction contract shall disclose the names of all subcontractors, who will work on the project being bid, within forty-eight hours after the award of the contract.

If a subcontractor named by a bidder awarded a state construction contract is replaced, or if the cost of work to be done by a subcontractor is reduced, the bidder shall disclose the name of the new subcontractor or the amount of the reduced cost.

16. A state agency shall make every effort to purchase those products produced for sale by sheltered workshops, work activity centers, and other special programs funded in whole or in part by public moneys that employ persons with mental retardation or other developmental disabilities or mental illness if the products meet the required specifications.

17. A state agency shall make every effort to purchase products produced for sale by employers of persons in supported employment.

18. The department shall not award a contract to a bidder for a construction, reconstruction, demolition, or repair project or improvement with an estimated cost that exceeds twenty-five thousand dollars in which the bid requires the use of inmate labor supplied by the department of corrections, but not employed by private industry pursuant to

section 904.809, to perform the project or improvement.

19. Life cycle cost and energy efficiency shall be included in the criteria used by the department, institutions under the control of the state board of regents, the state department of transportation, the department for the blind, and other state agencies in developing standards and specifications for purchasing energy-consuming products. For purposes of this subsection, the life cycle costs of American motor vehicles shall be reduced by five percent in order to determine if the motor vehicle is comparable to foreign-made motor vehicles. "American motor vehicles" includes those vehicles manufactured in this state and those vehicles in which at least seventy percent of the value of the motor vehicle was manufactured in the United States or Canada and at least fifty percent of the motor vehicle sales of the manufacturer are in the United States or Canada. In determining the life cycle costs of a motor vehicle, the costs shall be determined on the basis of the bid price, the resale value, and the operating costs based upon a useable life of five years or seventy-five thousand miles, whichever occurs first.

20. Preference shall be given to purchasing American-made products and purchases from American-based businesses if the life cycle costs are comparable to those products of foreign businesses and which most adequately fulfill the department's need.

The director may purchase items through the state department of transportation, institutions under the control of the state board of regents, and any other agency exempted by law from centralized purchasing. These state agencies shall upon request furnish the director with a list of and specifications for all items of office equipment, furniture, fixtures, motor vehicles, heavy equipment, and other related items to be purchased during the next quarter and the date by which the director must file with the agency the quantity of items to be purchased by the state agency for the department. The department shall be liable to the state agency for the proportionate costs the items purchased for the department bear to the total purchase price. When items purchased have been delivered, the state agency shall notify the director and after receipt of the purchase price shall release the items to the director or upon the director's order.

2003 Acts, ch 145, §31

#### **8A.313 Disputes involving purchasing from Iowa state industries.**

Disputes arising between the department of corrections and a purchasing department or agency over the procurement of products from Iowa state industries as described in section 904.808 shall be referred to the director. The decision of the director is final unless a written appeal is filed with the executive council within five days of receipt of the decision of the director, excluding Saturdays, Sundays, and legal holidays. If an appeal is filed, the executive council shall hear and determine the appeal within thirty days. The decision of the executive council is final.

2003 Acts, ch 145, §32

#### **8A.314 Purchasing revolving fund.**

1. A purchasing revolving fund is established within the department. The director shall keep an accurate itemized account for each state agency purchasing through the department, using services provided for by the department, and using postage supplied by the department.

2. At the end of each month the director shall render a statement to each state agency for the actual cost of items purchased through the department, and the actual cost of services and postage used by the agency. The monthly statement shall also include a fair proportion of the administrative costs of the department during the month. The portion of administrative costs shall be determined by the director subject to review by the executive council upon complaint from any state agency adversely affected.

3. Statements rendered to the various state agencies shall be paid by the state agencies in the manner determined by the department. When the statements are paid the sums shall be credited to the purchasing revolving fund. If any funds accrue to the revolving fund in excess of two hundred twenty-five thousand dollars and there is no anticipated need or use for such funds, the governor shall order the excess funds credited to the general fund of the state.

2003 Acts, ch 145, §33

#### **8A.315 State purchases — recycled products — soybean-based inks.**

1. When purchasing paper products other than printing and writing paper, the department shall, when the price is reasonably competitive and the quality as intended, purchase the recycled product. The department shall also purchase, when the price is reasonably competitive and the quality as intended, and in keeping with the schedule established in this subsection, soybean-based inks and plastic products with recycled content including but not limited to plastic garbage can liners.

a. One hundred percent of the purchases of inks which are used for newsprint printing servic-

es performed internally or contracted for by the department shall be soybean-based.

b. One hundred percent of the purchases of inks, other than inks which are used for newsprint printing services, and which are used internally or contracted for by the department, shall be soybean-based to the extent formulations for such inks are available.

c. A minimum of fifty percent of the purchases of garbage can liners made by the department shall be plastic garbage can liners with recycled content.

d. The department shall report to the general assembly on February 1 of each year the following:

(1) A listing of plastic products which are regularly purchased by the department and other state agencies for which recycled content product alternatives are available, including the cost of the plastic products purchased and the cost of the recycled content product alternatives.

(2) Information relating to soybean-based inks and plastic garbage can liners with recycled content regularly purchased by the department and other state agencies, including the cost of purchasing soybean-based inks and plastic garbage can liners with recycled content and the percentages of soybean-based inks and plastic garbage can liners with recycled content that have been purchased.

e. For purposes of this subsection, “*recycled content*” means that the content of the product contains a minimum of thirty percent postconsumer material.

2. a. Except as otherwise provided in this section, the department shall purchase and use recycled printing and writing paper so that ninety percent of the volume of printing and writing paper purchased is recycled paper. The recycled printing and writing paper shall meet the requirements for procuring recycled printing and writing paper set forth in 40 C.F.R. pt. 247, and in related recovered materials advisory notices issued by the United States environmental protection agency.

b. The department shall establish a prioritization procedure for the purchase of recycled paper which provides for a five percent differential in the cost of the purchase of paper which has been recycled through the use of a nonchlorinated process.

c. If a provision under this subsection results in the limitation of sources for the purchase of printing and writing paper to three or fewer sources, the department may waive the requirement in order to purchase necessary amounts of printing and writing paper.

d. Notwithstanding the requirements of this subsection regarding the purchase of recycled printing and writing paper, the department shall purchase acid-free permanent paper in the amount necessary for the production or reproduction of documents, papers, or similar materials produced or reproduced for permanent preserva-

tion pursuant to law.

3. The department, in conjunction with the department of natural resources, shall review the procurement specifications currently used by the state to eliminate, wherever possible, discrimination against the procurement of products manufactured with recovered materials and soybean-based inks.

4. The department of natural resources shall assist the department in locating suppliers of recycled products and soybean-based inks and collecting data on recycled content and soybean-based ink purchases.

5. Information on recycled content shall be requested on all bids for paper products other than printing and writing paper issued by the state and on other bids for products which could have recycled content such as oil, plastic products, including but not limited to compost materials, aggregate, solvents, soybean-based inks, and rubber products. Except for purchases of printing and writing paper made pursuant to subsection 2, paragraphs “c” and “d”, the department shall require persons submitting bids for printing and writing paper to certify that the printing and writing paper proposed complies with the requirements referred to in subsection 2, paragraph “a”.

6. The department, in conjunction with the department of natural resources, shall adopt rules to administer this section.

7. All state agencies shall fully cooperate with the department and with the department of natural resources in all phases of implementing this section.

8. The department, whenever technically feasible, shall purchase and use degradable loose foam packing material manufactured from grain starches or other renewable resources, unless the cost of the packing material is more than ten percent greater than the cost of packing material made from nonrenewable resources. For the purposes of this subsection, “*packing material*” means material, other than an exterior packing shell, that is used to stabilize, protect, cushion, or brace the contents of a package.

2003 Acts, ch 145, §34; 2004 Acts, ch 1101, §6

#### **8A.316 Lubricants and oils — preferences.**

The department shall do all of the following:

1. Develop its procedures and specifications for the purchase of lubricating oil and industrial oil to eliminate exclusion of recycled oils and any requirement that oils be manufactured from virgin materials.

2. Require that purchases of lubricating oil and industrial oil be made from the seller whose oil product contains the greatest percentage of recycled oil, unless one of the following circumstances regarding a specific oil product containing recycled oil exists:

a. The product is not available within a rea-

sonable period of time or in quantities necessary or in container sizes appropriate to meet a state agency's needs.

b. The product does not meet the performance requirements or standards recommended by the equipment or vehicle manufacturer, including any warranty requirements.

c. The product is available only at a cost greater than one hundred five percent of the cost of comparable virgin oil products.

3. Establish and maintain a preference program for procuring oils containing the maximum content of recycled oil. The preference program shall include but is not limited to all of the following:

a. The inclusion of the preferences for recycled oil products in publications used to solicit bids from suppliers.

b. The provision of a description of the recycled oil procurement program at bidders' conferences.

c. Discussion of the preference program in lubricating oil and industrial oil procurement solicitations or invitations to bid.

d. Efforts to inform industry trade associations about the preference program.

4. a. Provide that when purchasing hydraulic fluids, greases, and other industrial lubricants, the department or a state agency authorized by the department to directly purchase hydraulic fluids, greases, and other industrial lubricants shall give preference to purchasing bio-based hydraulic fluids, greases, and other industrial lubricants manufactured from soybeans.

b. Provide for the implementation of requirements necessary in order to carry out this subsection by the department or state agency making the purchase, which shall include all of the following:

(1) Including the preference requirements in publications used to solicit bids for hydraulic fluids, greases, and other industrial lubricants.

(2) Describing the preference requirements at bidders' conferences in which bids for the sale of hydraulic fluids, greases, and other industrial lubricants are sought by the department or authorized state agency.

(3) Discussing the preference requirements in procurement solicitations or invitations to bid for hydraulic fluids, greases, and other industrial lubricants.

(4) Informing industry trade associations about the preference requirements.

c. As used in this subsection, unless the context otherwise requires:

(1) "*Bio-based hydraulic fluids, greases, and other industrial lubricants*" means the same as defined by the United States department of agriculture, if the department has adopted such a definition. If the United States department of agriculture has not adopted a definition, "*bio-based hydraulic fluids, greases, and other industrial lubricants*" means hydraulic fluids, greases, and other lubricants containing a minimum of fifty-one per-

### PART 3

#### PHYSICAL RESOURCES AND FACILITY MANAGEMENT

#### **8A.321 Physical resources and facility management — director duties — appropriation.**

In managing the physical resources of government, the director shall perform all of the following duties:

1. Provide for supervision over the custodians and other employees of the department in and about the state laboratories facility in Ankeny and in and about the capitol and other state buildings at the seat of government, except the buildings and grounds referred to in section 216B.3, subsection 6.

2. Institute, in the name of the state, and with the advice and consent of the attorney general, civil and criminal proceedings against any person for injury or threatened injury to any public property, including but not limited to intangible and intellectual property, under the person's control.

3. Under the direction of the governor, provide, furnish, and pay for public utilities service, heat, maintenance, minor repairs, and equipment in operating and maintaining the official residence of the governor of Iowa.

4. Contract, with the approval of the executive council, for the repair, remodeling, or, if the condition warrants, demolition of all buildings and grounds of the state at the seat of government, at the state laboratories facility in Ankeny, and the institutions of the department of human services and the department of corrections for which no specific appropriation has been made, if the cost of repair, remodeling, or demolition will not exceed one hundred thousand dollars when completed. The cost of repair projects for which no specific appropriation has been made shall be paid from the fund provided in section 7D.29.

5. Dispose of all personal property of the state under the director's control as provided by section 8A.324 when it becomes unnecessary or unfit for further use by the state. If the director concludes that the personal property is contaminated, contains hazardous waste, or is hazardous waste, the director may charge the state agency responsible for the property for removal and disposal of the personal property. The director shall adopt rules establishing the procedures for inspecting, selecting, and removing personal property from state agencies or from state storage.

6. a. Lease all buildings and office space nec-

essary to carry out the provisions of this subchapter or necessary for the proper functioning of any state agency at the seat of government. For state agencies at the seat of government, the director may lease buildings and office space in Polk county or in a county contiguous to Polk county. If no specific appropriation has been made, the proposed lease shall be submitted to the executive council for approval. The cost of any lease for which no specific appropriation has been made shall be paid from the fund provided in section 7D.29.

b. When the general assembly is not in session, the director may request moneys from the executive council for moving state agencies located at the seat of government from one location to another. The request may include moving costs, telecommunications costs, repair costs, or any other costs relating to the move. The executive council may approve and shall pay the costs from funds provided in section 7D.29 if it determines the agency or department has no available funds for these expenses.

c. Coordinate the leasing of buildings and office space by state agencies throughout the state and develop cooperative relationships with the state board of regents in order to promote the collocation of state agencies.

7. Unless otherwise provided by law, coordinate the location, design, plans and specifications, construction, and ultimate use of the real or personal property to be purchased by a state agency for whose benefit and use the property is being obtained. If the purchase of real or personal property is to be financed pursuant to section 12.28, the department shall cooperate with the treasurer of state in providing the information necessary to complete the financing of the property.

A contract for acquisition, construction, erection, demolition, alteration, or repair by a private person of real or personal property to be lease-purchased by the treasurer of state pursuant to section 12.28 is exempt from section 8A.311, subsections 1 and 11, unless the lease-purchase contract is funded in advance by a deposit of the lessor's moneys to be administered by the treasurer of state under a lease-purchase contract which requires rent payments to commence upon delivery of the lessor's moneys to the lessee.

8. With the authorization of a constitutional majority of each house of the general assembly and approval by the governor, dispose of real property belonging to the state and its state agencies upon terms, conditions, and consideration as the director may recommend. If real property subject to sale under this subsection has been purchased or acquired from appropriated funds, the proceeds of the sale shall be deposited with the treasurer of state and credited to the general fund of the state or other fund from which appropriated. There is appropriated from that same fund, with the prior approval of the executive council and in coopera-

tion with the director, a sum equal to the proceeds so deposited and credited to the state agency to which the disposed real property belonged or by which it was used, for purposes of the state agency.

9. With the approval of the executive council pursuant to section 7D.29 or pursuant to other authority granted by law, acquire real property to be held by the department in the name of the state as follows:

a. By purchase, lease, option, gift, grant, bequest, devise, or otherwise.

b. By exchange of real property belonging to the state for property belonging to another person.

10. Subject to the selection procedures of section 12.30, employ financial consultants, banks, insurers, underwriters, accountants, attorneys, and other advisors or consultants necessary to implement the provisions of subsection 7.

11. Prepare annual status reports for all ongoing capital projects of the department, and submit the status reports to the joint transportation, infrastructure, and capitals appropriation subcommittee.

12. 1. The director may provide for the assignment to a state officer or employee or to a state agency, of one or more motor vehicles which may be required by the state officer or employee or state agency, after the state officer or employee or state agency has shown the necessity for such transportation. The director may assign a motor vehicle either for part-time or full-time use. The director may revoke the assignment at any time.

2. The director may cause all state-owned motor vehicles to be inspected periodically. Whenever the inspection reveals that repairs have been improperly made on the motor vehicle or that the operator is not giving the motor vehicle the proper care, the director shall report this fact to the head of the state agency to which the motor vehicle has been assigned, together with recommendation for improvement.

3. *a.* The director shall provide for a record system for the keeping of records of the total number of miles state-owned motor vehicles are driven and the per-mile cost of operation of each motor vehicle. Every state officer or employee shall keep a record book to be furnished by the director in which the officer or employee shall enter all purchases of gasoline, lubricating oil, grease, and other incidental expense in the operation of the motor vehicle assigned to the officer or employee, giving the quantity and price of each purchase, including the cost and nature of all repairs on the motor vehicle. Each operator of a state-owned motor vehicle shall promptly prepare a report at the end of each month on forms furnished by the director and forwarded to the director, giving the information the director may request in the report. Each month, the director shall compile the costs and mileage of state-owned motor vehicles from the reports and keep a cost history for each motor vehicle and the costs shall be reduced to a cost-per-mile basis for each motor vehicle. The director shall call to the attention of an elected official or the

head of any state agency to which a motor vehicle has been assigned any evidence of the mishandling or misuse of a state-owned motor vehicle which is called to the director's attention.

*b.* A motor vehicle operated under this subsection shall not operate on gasoline other than ethanol blended gasoline as defined in section 214A.1, unless under emergency circumstances. A state-issued credit card used to purchase gasoline shall not be valid to purchase gasoline other than ethanol blended gasoline, if commercially available. The motor vehicle shall also be affixed with a brightly visible sticker which notifies the traveling public that the motor vehicle is being operated on ethanol blended gasoline. However, the sticker is not required to be affixed to an unmarked vehicle used for purposes of providing law enforcement or security.

4. *a.* The director shall provide for the purchase of all motor vehicles for all branches of the state government, except the state department of transportation, institutions under the control of the state board of regents, the department for the blind, and any other state agency exempted by law. The director shall purchase new vehicles in accordance with competitive bidding procedures for items or services as provided in this subchapter. The director may purchase used or preowned vehicles at governmental or dealer auctions if the purchase is determined to be in the best interests of the state.

*b.* The director, and any other state agency, which for purposes of this subsection includes but is not limited to community colleges and institutions under the control of the state board of regents, or local governmental subdivisions purchasing new motor vehicles, shall purchase new passenger vehicles and light trucks so that the average fuel efficiency for the fleet of new passenger vehicles and light trucks purchased in that year equals or exceeds the average fuel economy standard for the vehicles' model year as established by the United States secretary of transportation under 15 U.S.C. § 2002. This paragraph does not apply to vehicles purchased for law enforcement purposes or used for off-road maintenance work, or work vehicles used to pull loaded trailers.

*c.* Not later than February 15 of each year, the director shall report compliance with the corporate average fuel economy standards published by the United States secretary of transportation for new motor vehicles, other than motor vehicles purchased by the state department of transportation, institutions under the control of the state board of regents, the department for the blind, and any other state agency exempted from the requirements of this subsection. The report of compliance shall classify the vehicles purchased for the current vehicle model year using the following categories: passenger automobiles, enforcement auto-

mobiles, vans, and light trucks. The director shall deliver a copy of the report to the department of natural resources. As used in this paragraph, “*corporate average fuel economy*” means the corporate average fuel economy as defined in 49 C.F.R. § 533.5.

*d.* The director shall assign motor vehicles available for use to maximize the average passenger miles per gallon of motor fuel consumed. In assigning motor vehicles, the director shall consider standards established by the director, which may include but are not limited to the number of passengers traveling to a destination, the fuel economy of and passenger capacity of vehicles available for assignment, and any other relevant information, to assure assignment of the most energy-efficient vehicle or combination of vehicles for a trip from those vehicles available for assignment. The standards shall not apply to special work vehicles and law enforcement vehicles. The standards shall apply to the following agencies:

- (1) State department of transportation.
- (2) Institutions under the control of the state board of regents.
- (3) Department for the blind.
- (4) Any other state agency exempted from obtaining vehicles for use through the department.

*e.* As used in paragraph “*d*”, “*fuel economy*” means the average number of miles traveled by an automobile per gallon of gasoline consumed as determined by the United States environmental protection agency administrator in accordance with 26 U.S.C. § 4064(c).

5. Of all new passenger vehicles and light pickup trucks purchased by the director, a minimum of ten percent of all such vehicles and trucks purchased shall be equipped with engines which utilize alternative methods of propulsion including but not limited to any of the following:

- a.* A flexible fuel, which is any of the following:
- (1) E-85 gasoline as provided in section 214A.2.
  - (2) B-20 biodiesel blended fuel as provided in section 214A.2.
  - (3) A renewable fuel approved by the office of renewable fuels and coproducts pursuant to section 159A.3.
- b.* Compressed or liquefied natural gas.  
*c.* Propane gas.  
*d.* Solar energy.  
*e.* Electricity.

This subsection does not apply to vehicles and trucks purchased and directly used for law enforcement or purchased and used for off-road maintenance work or to pull loaded trailers.

6. All used motor vehicles turned in to the director shall be disposed of by public auction, and the sales shall be advertised in a newspaper of general circulation one week in advance of sale, and the receipts from the sale shall be deposited in

the depreciation fund to the credit of the state agency turning in the vehicle; except that, in the case of a used motor vehicle of special design, the director may, instead of selling it at public auction, authorize the motor vehicle to be traded for another vehicle of similar design. If a vehicle sustains damage and the cost to repair exceeds the wholesale value of the vehicle, the director may dispose of the motor vehicle by obtaining two or more written salvage bids and the vehicle shall be sold to the highest responsible bidder.

7. The director may authorize the establishment of motor pools consisting of a number of state-owned motor vehicles under the director’s supervision. The director may store the motor vehicles in a public or private garage. If the director establishes a motor pool, any state officer or employee desiring the use of a state-owned motor vehicle on state business shall notify the director of the need for a vehicle within a reasonable time prior to actual use of the motor vehicle. The director may assign a motor vehicle from the motor pool to the state officer or employee. If two or more state officers or employees desire the use of a state-owned motor vehicle for a trip to the same destination for the same length of time, the director may assign one vehicle to make the trip.

8. The director shall require that a sign be placed on each state-owned motor vehicle in a conspicuous place which indicates its ownership by the state. This requirement shall not apply to motor vehicles requested to be exempt by the director or by the commissioner of public safety. All state-owned motor vehicles shall display registration plates bearing the word “official” except motor vehicles requested to be furnished with ordinary plates by the director or by the commissioner of public safety pursuant to section 321.19. The director shall keep an accurate record of the registration plates used on all state-owned motor vehicles.

9. All fuel used in state-owned automobiles shall be purchased at cost from the various installations or garages of the state department of transportation, state board of regents, department of human services, or state motor pools throughout the state, unless the state-owned sources for the purchase of fuel are not reasonably accessible. If the director determines that state-owned sources for the purchase of fuel are not reasonably accessible, the director shall authorize the purchase of fuel from other sources. The director may prescribe a manner, other than the use of the revolving fund, in which the purchase of fuel from state-owned sources is charged to the state agency responsible for the use of the motor vehicle. The director shall prescribe the manner in which oil and other normal motor vehicle maintenance for state-owned motor vehicles may be purchased from private sources, if they cannot be reasonably

obtained from a state motor pool. The director may advertise for bids and award contracts in accordance with competitive bidding procedures for items and services as provided in this subchapter for furnishing fuel, oil, grease, and vehicle replacement parts for all state-owned motor vehicles. The director and other state agencies, when advertising for bids for gasoline, shall also seek bids for ethanol blended gasoline.

### **8A.363 Private use prohibited — rate for state business.**

1. A state officer or employee shall not use a state-owned motor vehicle for personal private use. A state officer or employee shall not be compensated for driving a privately owned motor vehicle unless it is done on state business with the approval of the director. In that case the state officer or employee shall receive an amount to be determined by the director. The amount shall not exceed the maximum allowable under the federal internal revenue service rules per mile, notwithstanding established mileage requirements or depreciation allowances. However, the director may authorize private motor vehicle rates in excess of the rate allowed under the federal internal revenue service rules for state business use of substantially modified or specially equipped privately owned vehicles required by persons with disabilities. A statutory provision establishing reimbursement for necessary mileage, travel, or actual expenses to a state officer falls under the private motor vehicle mileage rate limitation provided in this section unless specifically provided otherwise. Any peace officer employed by the state as defined in section 801.4 who is required to use a private motor vehicle in the performance of official duties shall receive the private vehicle mileage rate at the rate provided in this section. However, the director may delegate authority to officials of the state, and department heads, for the use of private vehicles on state business up to a yearly mileage figure established by the director. If a state motor vehicle has been assigned to a state officer or employee, the officer or employee shall not collect mileage for the use of a privately owned motor vehicle unless the state motor vehicle assigned is not useable.

2. This section does not apply to any of the following:

- a. Officials and employees of the state whose mileage is paid other than by a state agency.
- b. Elected officers of the state.
- c. Judicial officers or court employees.

#### **8A.413 State human resource management — rules.**

The department shall adopt rules for the administration of this subchapter pursuant to chapter 17A. Rulemaking shall be carried out with due regard to the terms of collective bargaining agreements. A rule shall not supersede a provision of a collective bargaining agreement negotiated under chapter 20. The rules shall provide:

1. For the preparation, maintenance, and revision of a job classification plan that encompasses each job in the executive branch, excluding job classifications under the state board of regents, based upon assigned duties and responsibilities, so that the same general qualifications may reasonably be required for and the same pay plan may be equitably applied to all jobs in the same job classification. The director shall classify the position of every employee in the executive branch, excluding employees of the state board of regents, into one of the classes in the plan. An appointing authority or employee adversely affected by a classification or reclassification decision may file an appeal with the director. Appeals of a classification or reclassification decision shall be exempt from the provisions of section 17A.11 and shall be heard by a committee appointed by the director. The classification or reclassification of a position that would cause the expenditure of additional salary funds shall not become effective if the expenditure of funds would be in excess of the total amount budgeted for the department of the appointing authority until budgetary approval has been obtained from the director of the department of management.

When the public interest requires a decrease or increase of employees in any position or type of employment not otherwise provided by law, or the creation or abolishment of any position or type of employment, the director, acting in good faith, shall so notify the governor. Thereafter, the position or type of employment shall stand abolished

or created and the number of employees therein reduced or increased.

2. For pay plans covering all employees in the executive branch, excluding employees of the state board of regents, after consultation with the governor and appointing authorities, and consistent with the terms of collective bargaining agreements negotiated under chapter 20.

3. For examinations to determine the relative fitness of applicants for employment. Such examinations shall be practical in character and shall relate to such matters as will fairly assess the ability of the applicant to discharge the duties of the position to which appointment is sought.

Where the Code of Iowa establishes certification, registration, or licensing provisions, such documents shall be considered prima facie evidence of basic skills accomplishment and such persons shall be exempt from further basic skills examination.

Vacancies shall be announced publicly at least ten days in advance of the date fixed for the filing of applications for the vacancies, and shall be advertised through the communications media. The director may, however, in the director's discretion, continue to receive applications and examine candidates for a period adequate to assure a sufficient number of eligibles to meet the needs of the system, and may add the names of successful candidates to existing eligible lists.

4. For promotions which shall give appropriate consideration to the applicant's qualifications, record of performance, and conduct. A promotion means a change in the status of an employee from a position in one class to a position in another class having a higher pay grade.

5. For the establishment of lists for appointment and promotion, upon which lists shall be placed the names of successful candidates.

6. For the rejection of applicants who fail to meet reasonable requirements.

7. For the appointment by the appointing authority of a person on the appropriate list to fill a vacancy.

8. For a probation period of six months, excluding educational or training leave, before appointment may be made complete, and during which period a probationer may be discharged or reduced in class or pay. If the employee's services are unsatisfactory, the employee shall be dropped from the payroll on or before the expiration of the probation period. If satisfactory, the appointment shall be deemed permanent. The determination of the appointing authority shall be final and conclusive.

9. For temporary employment for not more than seven hundred eighty hours in a fiscal year.

10. For provisional employment when there is no appropriate list available. Such provisional employment shall not continue longer than one hundred eighty calendar days.

11. For transfer from a position in one state

agency to a similar position in the same state agency or another state agency involving similar qualifications, duties, responsibilities, and salary ranges. Whenever an employee transfers or is transferred from one state agency to another state agency, the employee's seniority rights, any accumulated sick leave, and accumulated vacation time, as provided in the law, shall be transferred to the new place of employment and credited to the employee. Employees who are subject to contracts negotiated under chapter 20 which include transfer provisions shall be governed by the contract provisions.

12. For reinstatement of persons who have attained permanent status and who resign in good standing or who are laid off from their positions without fault or delinquency on their part.

13. For establishing in cooperation with the appointing authorities a performance management system for all employees in the executive branch, excluding employees of the state board of regents, which shall be considered in determining salary increases; as a factor in promotions; as a factor in determining the order of layoffs and in reinstatement; as a factor in demotions, discharges, and transfers; and for the regular evaluation, at least annually, of the qualifications and performance of those employees.

14. For layoffs by reason of lack of funds or work, or reorganization, and for the recall of employees so laid off, giving consideration in layoffs to the employee's performance record and length of service. An employee who has been laid off may be on a recall list for one year, which list shall be exhausted by the organizational unit enforcing the layoff before selection of an employee may be made from the promotional or nonpromotional list in the employee's classification. Employees who are subject to contracts negotiated under chapter 20 which include layoff and recall provisions shall be governed by the contract provisions.

15. For imposition, as a disciplinary measure, of a suspension from service without pay.

16. For discharge, suspension, or reduction in job classification or pay grade for any of the following causes: failure to perform assigned duties; inadequacy in performing assigned duties; negligence; inefficiency; incompetence; insubordination; unrehabilitated alcoholism or narcotics addiction; dishonesty; unlawful discrimination; failure to maintain a license, certificate, or qualification necessary for a job classification or position; any act or conduct which adversely affects the employee's performance or the employing agency; or any other good cause for discharge, suspension, or reduction. The person discharged, suspended, or reduced shall be given a written statement of the reasons for the discharge, suspension, or reduction within twenty-four hours after the discharge, suspension, or reduction. All persons concerned with the administration of this subchapter shall

use their best efforts to ensure that this subchapter and the rules adopted pursuant to this subchapter shall not be a means of protecting or retaining unqualified or unsatisfactory employees, and shall discharge, suspend, or reduce in job classification or pay grade all employees who should be discharged, suspended, or reduced for any of the causes stated in this subsection.

17. For establishment of a uniform plan for resolving employee grievances and complaints. Employees who are subject to contracts negotiated under chapter 20 which include grievance and complaint provisions shall be governed by the contract provisions.

18. For attendance regulations, and special leaves of absence, with or without pay, or reduced pay, in the various classes of positions in the executive branch, excluding positions under the state board of regents. Employees who are subject to contracts negotiated under chapter 20 which include leave of absence provisions shall be governed by the contract provisions. Annual sick leave and vacation time shall be granted in accordance with section 70A.1.

19. For the development and operation of programs to improve the work effectiveness and morale of employees in the executive branch, excluding employees of the state board of regents, including training, safety, health, welfare, counseling, recreation, and employee relations.

20. Notwithstanding any provisions to the contrary, a rule or regulation shall not be adopted by the department which would deprive the state of Iowa, or any of its agencies or institutions, of federal grants or other forms of financial assistance.

21. For veterans preference through a provision that veterans, as defined in section 35.1, shall have five points added to the grade or score attained in qualifying examinations for appointment to jobs.

Veterans who have a service-connected disability or are receiving compensation, disability benefits, or pension under laws administered by the veterans administration shall have ten points added to the grades attained in qualifying examinations. A veteran who has been awarded the purple heart for disabilities incurred in action shall be considered to have a service-connected disability.

Any projects that relate to issues covered by such agreements or issues that are mandatory subjects of collective bargaining are subject to negotiations as applicable. The director shall notify the chairpersons of the standing committees on appropriations of the senate and the house of representatives and the chairpersons of the appropriate subcommittees of those committees of the proposed projects. The notice from the director shall include the purpose of the project, a description of the project, and how the project will be evaluated. If not satisfied, the employee may, within thirty calendar days following the director's response, file an appeal with the public employment relations board. The employee has the right to a hearing closed to the public, unless a public hearing is requested by the employee. The hearing shall otherwise be conducted in accordance with the rules of the public employment relations board and the Iowa administrative procedure Act, chapter 17A. If the public employment relations board finds that the action taken by the appointing authority was for political, religious, racial, national origin, sex, age, or other reasons not constituting just cause, the employee may be reinstated without loss of pay or benefits for the elapsed period, or the public employment relations board may provide other appropriate remedies. 3. The departments, the general assembly, and the courts shall pay their claims in a timely manner. If a claim for services, supplies, materials, or a contract which is payable from the state treasury remains unpaid after sixty days following the receipt of the claim or the satisfactory delivery, furnishing, or performance of the services, supplies, materials, or contract, whichever date is later, the state shall pay interest at the rate of one percent per month on the unpaid amount of the claim. The department, in consultation with other affected departments, shall develop policies to promote consistency and fiscal responsibility relating to payment terms authorized under this subsection. The director shall adopt rules under chapter 17A relating to the administration of this subsection.

### **8D.3 Iowa telecommunications and technology commission — members — duties.**

1. *Commission established.* A telecommunications and technology commission is established with the sole authority to supervise the management, development, and operation of the network and ensure that all components of the network are technically compatible. The management, development, and operation of the network shall not be subject to the jurisdiction or control of any other state agency. However, the commission is subject to the general operations practices and procedures which are generally applicable to other state agencies.

The commission shall ensure that the network operates in an efficient and responsible manner consistent with the provisions of this chapter for the purpose of providing the best economic service attainable to the network users consistent with the state’s financial capacity. The commission shall ensure that educational users and the use, design, and implementation for educational applications be given the highest priority concerning use of the network. The commission shall provide for the centralized, coordinated use and control of the network.

2. *Members.* The commission is composed of five members appointed by the governor and sub-

ject to confirmation by the senate. Members of the commission shall not serve in any manner or be employed by an authorized user of the network or by an entity seeking to do or doing business with the network. The governor shall appoint a member as the chairperson of the commission from the five members appointed by the governor, subject to confirmation by the senate. Members of the commission shall serve six-year staggered terms as designated by the governor and appointments to the commission are subject to the requirements of sections 69.16, 69.16A, and 69.19. Vacancies shall be filled by the governor for the duration of the unexpired term. The salary of the members of the commission shall be twelve thousand dollars per year, except that the salary of the chairperson shall be seventeen thousand dollars per year. Members of the commission shall also be reimbursed for all actual and necessary expenses incurred in the performance of duties as members. Meetings of the commission shall be held at the call of the chairperson of the commission. In addition to the members appointed by the governor, the auditor of state or the auditor’s designee shall serve as a nonvoting, ex officio member of the commission.

The benefits and salary paid to the members of the commission shall be adjusted annually equal to the average of the annual pay adjustments, expense reimbursements, and related benefits provided under collective bargaining agreements negotiated pursuant to chapter 20.

3. *Duties.* The commission shall do all of the following:

a. Enter into agreements pursuant to chapter 28E as necessary and appropriate for the purposes of the commission. However, the commission shall not enter into an agreement with an unauthorized user or any other person pursuant to chapter 28E for the purpose of providing such user or person access to the network.

b. Adopt rules pursuant to chapter 17A as deemed appropriate and necessary, and directly related to the implementation and administration of the duties of the commission. The commission, in consultation with the department of administrative services, shall also adopt and provide for standard communications procedures and policies relating to the use of the network which recognize, at a minimum, the need for reliable communications services.

c. Establish an appeal process for review by the commission of a scheduling conflict decision, including a scheduling conflict involving an educational user, or the establishment of a fee associated with the network upon the request of a person affected by such decision or fee. A determination made by the commission pursuant to this paragraph shall be final.

d. Review and approve for adoption, rules as proposed and submitted by an authorized user group necessary for the authorized user group’s

access and use of the network. The commission may refuse to approve and adopt a proposed rule, and upon such refusal, shall return the proposed rule to the respective authorized user group proposing the rule with a statement indicating the commission's reason for refusing to approve and adopt the rule.

e. (1) Develop and issue for response all requests for proposals for any construction, installation, repair, maintenance, or equipment and parts necessary for the network. In preparing the request for proposals, the commission shall do all of the following:

(a) Review existing requests for proposals related to the network.

(b) Consider and evaluate all competing technologies which could be used in any construction, installation, repair, or maintenance project.

(c) Allow flexibility for proposals to be submitted in response to a request for proposals issued by the commission such that any qualified provider may submit a bid on a site-by-site basis, or on a merged area or defined geographic area basis, or both, and by permitting proposals to be submitted for use of competing or alternative technologies in each defined area.

(d) Ensure that rural communities have access to comparable services to the services provided in urban areas resulting from any plans to construct, install, repair, or maintain any part of the network.

(2) In determining which proposal to recommend to the general assembly to accept, consider what is in the long-term best interests of the citizens of the state and the network, and utilize, if possible, the provision of services with existing service providers consistent with those best interests. In determining what is in the long-term best interests of the citizens of the state and the network, the commission, at a minimum, shall consider the cost to taxpayers of the state.

(3) Deliver a written report and all proposals submitted in response to the request for proposals for Part III to the general assembly no later than January 1, 1995. The commission shall not enter into any agreement related to such proposals without prior authorization by a constitutional majority of each house of the general assembly and approval by the governor.

f. Include in the commission's annual report related to the network the actual income and expenses for the network for the preceding fiscal year and estimates for income and expenses for the network for the two-year fiscal period that includes the fiscal year during which the report is submitted. The report shall include the amount of any general fund appropriations to be requested, any recommendations of the commission related to changes in the system, and other items as deemed appropriate by the commission.

g. Review existing maintenance contracts and past contracts to determine vendor capability to

perform the obligations under such contracts. The commission shall report to the general assembly prior to January 1 of each year as to the performance of all vendors under each contract and shall make recommendations concerning continued funding for the contracts.

h. Pursue available opportunities to cooperate and coordinate with the federal government for the use and potential expansion of the network and for the financing of any such expansion.

i. Evaluate existing and projected rates for use of the system and ensure that rates are sufficient to pay for the operation of the system excluding the cost of construction and lease costs for Parts I, II, and III. The commission shall establish all hourly rates to be charged to all authorized users for the use of the network and shall consider all costs of the network in establishing the rates. A fee established by the commission to be charged to a hospital licensed pursuant to chapter 135B, a physician clinic, or the federal government shall be at an appropriate rate so that, at a minimum, there is no state subsidy related to the costs of the connection or use of the network related to such user.

j. Make recommendations to the general assembly, as deemed appropriate by the commission, concerning the operation of the network.

k. Provide necessary telecommunications cabling to provide state communications.

94 Acts, ch 1184, §10

#### **8D.9 Certification of use — network use by certain authorized users.**

1. A private or public agency, other than a state agency, local school district or nonpublic school, city library, library service area, county library, judicial branch, judicial district department of correctional services, agency of the federal government, a hospital or physician clinic, or a post office authorized to be offered access pursuant to this chapter as of May 18, 1994, shall certify to the commission no later than July 1, 1994, that the agency is a part of or intends to become a part of the network. Upon receiving such certification from an agency not a part of the network on May 18, 1994, the commission shall provide for the connection of such agency as soon as practical. An agency which does not certify to the commission that the agency is a part of or intends to become a part of the network as required by this subsection shall be prohibited from using the network.

2. *a.* A private or public agency which certifies to the commission pursuant to subsection 1 that the agency is a part of or intends to become a part of the network shall use the network for all video, data, and voice requirements of the agency unless the private or public agency petitions the commission for a waiver and one of the following applies:

(1) The costs to the authorized user for services provided on the network are not competitive with the same services provided by another provider.

(2) The authorized user is under contract with another provider for such services, provided the contract was entered into prior to April 1, 1994. The agency shall use the network for video, data, and voice requirements which are not provided pursuant to such contract.

(3) The authorized user has entered into an agreement with the commission to become part of the network prior to June 1, 1994, which does not provide for use of the network for all video, data, and voice requirements of the agency. The commission may enter into an agreement described in this subparagraph upon a determination that the use of the network for all video, data, and voice requirements of the agency would not be in the best interests of the agency.

*b.* A private or public agency shall petition the commission for a waiver of the requirement to use the network as provided in paragraph "a", if the agency determines that paragraph "a", subparagraph (1) or (2) applies. The commission shall es-

establish by rule a review process for determining, upon application of an authorized user, whether paragraph “a”, subparagraph (1) or (2) applies. An authorized user found by the commission to be under contract for such services as provided in paragraph “a”, subparagraph (2), shall not enter into another contract upon the expiration of such contract, but shall utilize the network for such services as provided in this section unless paragraph “a”, subparagraph (1), applies.

3. A facility that is considered a public agency pursuant to section 8D.2, subsection 5, paragraph “b”, shall be authorized to access the Iowa communications network strictly for homeland security communication purposes and disaster communication purposes. Any utilization of the network that is not related to communications concerning homeland security or a disaster, as defined in section 29C.2, is expressly prohibited. Access under this subsection shall be available only if a state of disaster emergency is proclaimed by the governor pursuant to section 29C.6 or a homeland security or disaster event occurs requiring connection of disparate communications systems between public agencies to provide for a multiagency or multi-jurisdictional response. Access shall continue only for the period of time the homeland security or disaster event exists. For purposes of this subsection, disaster communication purposes includes training and exercising for a disaster if public notice of the training and exercising session is posted on the website of the homeland security and emergency management division of the department of public defense. A scheduled and noticed training and exercising session shall not exceed five days. Interpretation and application of the provisions of this subsection shall be strictly construed.

4. A community college receiving federal funding to conduct first responder training and testing regarding homeland security first responder communication and technology-related research and development projects shall be authorized to utilize the network for testing purposes.

The commission shall not issue any bonding or other long-term financing arrangements as defined in section 12.30, subsection 1, paragraph “b”. Real or personal property to be purchased by the commission through the use of a financing agreement shall be done in accordance with the provisions of section 12.28, provided, however, that the commission shall not purchase property, equipment, or services for telecommunications pursuant to this subsection in an amount greater than one million dollars without prior authorization by a constitutional majority of each house of the general assembly, or approval by the legislative council if the general assembly is not in session.

2. The commission also shall not provide or resell communications services to entities other than public and private agencies. The public or private agency shall not provide communication services of the network to another entity unless otherwise authorized pursuant to this chapter. The commission may arrange for joint use of available services and facilities, and may enter into leases and agreements with private and public agencies with respect to the Iowa communications network, and public agencies are authorized to enter into leases and agreements with respect to the network for their use and operation. Other public agencies may pay the rental costs and other amounts due under an agreement or lease from their annual budgeted funds or other funds legally available or to become available.

3. This section comprises a complete and independent authorization and procedure for a public agency, with the approval of the commission, to enter into a lease or agreement and this section is not a qualification of any other powers which a public agency may possess and the authorizations and powers granted under this section are not subject to the terms, requirements, or limitations of any other provisions of law, except that the commission must comply with the provisions of section 12.28 when entering into financing agreements for the purchase of real or personal property. All moneys received by the commission from agreements and leases entered into pursuant to this

section with private and public agencies shall be deposited in the Iowa communications network fund.

4. A political subdivision receiving communications services from the state as of April 1, 1986, may continue to do so but communications services shall not be provided or resold to additional political subdivisions other than a school corporation, a city library, a library service area as provided in chapter 256, and a county library as provided in chapter 336. The rates charged to the political subdivision shall be the same as the rates charged to state agencies.

#### **8D.13 Iowa communications network.**

1. Moneys in the Iowa communications network fund are appropriated to the Iowa telecommunications and technology commission for purposes of providing financing for the procurement, operation, and maintenance of the Iowa communications network with sufficient capacity to serve the video, data, and voice requirements of the educational telecommunications system consisting of Part I, Part II, and Part III, and other public and

private agencies.

2. For purposes of this section, unless the context otherwise requires:

a. "*Part I*" means the communications connections between central switching and institutions under the control of the board of regents, nonprofit institutions of higher education eligible for tuition grants, and the regional switching centers for the remainder of the network.

b. "*Part II*" means the communications connections between the regional switching centers and the secondary switching centers.

c. "*Part III*" means the communications connection between the secondary switching centers and the agencies defined in section 8D.2, subsections 4 and 5, excluding state agencies, institutions under the control of the board of regents, nonprofit institutions of higher education eligible for tuition grants, and the judicial branch, judicial district departments of correctional services, hospitals and physician clinics, agencies of the federal government, and post offices.

3. The financing for the procurement costs for the entirety of Part I except for the communications connections between central switching and institutions under the control of the board of regents, and nonprofit institutions of higher education eligible for tuition grants, and for the video, data, and voice capacity for state agencies and for Part II and Part III, shall be provided by the state. The financing for the procurement and maintenance costs for Part III shall be provided by the state. A local school board, governing authority of a nonpublic school, or an area education agency board may elect to provide one hundred percent of the financing for the procurement and maintenance costs for Part III to become part of the network. The basis for the amount of state financing is one hundred percent of a single interactive audio and interactive video connection for Part III, and such data and voice capacity as is necessary. If a school board, governing authority of a nonpublic school, or area education agency board elects to provide one hundred percent of the financing for the leasing costs for Part III, the school district or area education agency may become part of the network as soon as the network can reasonably connect the district or agency. A local school board, governing authority of a nonpublic school, or an area education agency board may also elect not to become part of the network. Construction of Part III, related to a school board, governing authority of a nonpublic school, or area education agency board which provides one hundred percent of the financing for the leasing costs for Part III, may proceed as determined by the commission and consistent with the purpose of this chapter.

4. The commission shall develop the requests for proposals that are needed for the Iowa communications network with sufficient capacity to serve the video, data, and voice requirements of state agencies and for educational telecommunications

applications. The commission shall develop a request for proposals for each of the systems that will make up the network. The commission may develop a request for proposals for each definitive component of the network or the commission may provide in the request for proposals for each such system that separate contracts may be entered into for each definitive component covered by the request for proposals. The requests for proposals may be for the purchase, lease-purchase, or lease of the component parts of the network consistent with the provisions of this chapter, may require maintenance costs to be identified, and the resulting contract may provide for maintenance for parts of the network. The master contract may provide for electronic classrooms, satellite equipment, receiving equipment, studio and production equipment, and other associated equipment as required.

5. The state shall lease all fiberoptic cable facilities or facilities with DS-3 capacity for Part III connections for which state funding is provided. The state shall lease all fiberoptic cable facilities or facilities with DS-3 or DS-1 capacity for the judicial branch, judicial district department of correctional services, and state agency connections for which state funding is provided. Such facilities shall be leased from qualified providers. The state shall not own such facilities, except for those facilities owned by the state as of January 1, 1994.

The lease provisions of this subsection do not apply to a school district which elects to provide one hundred percent of the financing for the district's connection.

6. It is the intent of the general assembly that during the implementation of Parts I and II of the system, the department of administrative services shall employ a consultant to report to it on the impact of changing technology on the potential cost and capabilities of the system. It is also the intent of the general assembly that the department of education shall study new techniques in distant teaching. These reports shall be made available to the general assembly.

7. The commission shall be responsible for the network design and shall be responsible for the implementation of each component of the network as it is incorporated into the network. The final design selected shall optimize the routing for all users in order to assure maximum utilization by all agencies of the state. Efficiencies achieved in the implementation of the network shall be used to fund further implementation and enhancement of the network, and shall be considered part of the operational cost of the network. The commission shall be responsible for all management, operations, control switching, diagnostics, and maintenance functions of network operations as provided in this chapter. The performance of these duties is intended to provide optimal utilization of the fa-

cilities, and the assurance that future growth requirements will be provided for, and that sufficient network capacity will be available to meet the needs of all users.

8. The education telecommunications council shall review all requests for grants for educational telecommunications applications, if they are a part of the Iowa communications network, to ensure that the educational telecommunications application is consistent with the telecommunications plan. All other grant requests shall be reviewed as determined by the commission. If the education telecommunications council finds that a grant request is inconsistent with the telecommunications plan, the grant request shall not be allowed.

9. The procurement and maintenance of electronic equipment including, but not limited to, master receiver antenna systems, studio and production equipment, and broadcast system components shall be provided for under the commission's contracts. The Iowa public broadcasting board and other educational entities within the state have the option to use their existing or replacement resources and agreements in the operation and maintenance of these systems.

10. In addition to the other evaluation criteria specified in the request for proposals issued pursuant to this section, the commission, in evaluating proposals, shall base up to two percent of the total possible points on the public benefit that can be derived from a given proposal due to the increased private telecommunications capacity available to Iowa citizens located in rural Iowa. For purposes of this subsection, an area of the state is considered rural if it is not part of a federally designated standard metropolitan statistical area.

11. The fees charged for use of the network and state communications shall be based on the ongoing expenses of the network and of providing state communications. For the services rendered to state agencies by the commission, the commission shall prepare a statement of services rendered and the agencies shall pay in a manner consistent with procedures established by the department of administrative services.

12. The commission, on its own or as recommended by an advisory committee of the commission and approved by the commission, shall permit a fee to be charged by a receiving site to the originator of the communication provided on the network. The fee charged shall be for the purpose of recovering the operating costs of a receiving site. The fee charged shall be reduced by an amount received by the receiving site pursuant to a state appropriation for such costs, or federal assistance received for such costs. Fees established under this subsection shall be paid by the originator of the communication directly to the receiving site. In

the event that an entity requests a receiving site location in a video classroom facility which is authorized by, but not funded by, the originator of the communication, the requesting entity shall be directly billed by the video classroom facility for operating costs relating to the communication. For purposes of this section, “operating costs” include the costs associated with the management or coordination, operations, utilities, classroom, equipment, maintenance, and other costs directly related to providing the receiving site.

13. The auditor of state shall, no less than annually, examine the financial condition and transactions of the commission as provided in chapter 11. A copy of the auditor’s report concerning such examination shall be provided to the general assembly.

14. Access to the network shall be offered on an equal basis to public and private agencies under subsection 8 if the private agency contributes an amount toward the match requirement comparable to its share of use for the part of the system in which it participates.

15. Access to the network shall be offered to the judicial district departments of correctional services established in section 905.2, provided that such departments contribute an amount consistent with their share of use for the part of the system in which the departments participate, as determined by the commission.

16. Access shall be offered to hospitals licensed pursuant to chapter 135B and physician clinics for diagnostic, clinical, consultative, data, and educational services for the purpose of developing a comprehensive, statewide telemedicine network, to an agency of the federal government, and to a post office defined as a public agency pursuant to section 8D.2, subsection 5. A hospital, physician clinic, an agency of the federal government, or a post office defined as a public agency pursuant to section 8D.2, subsection 5, shall be responsible for all costs associated with becoming a part of the network.

17. Access shall be offered to the judicial branch provided that the judicial branch contributes an amount consistent with the judicial branch’s share of use for the part of the network in which the judicial branch participates, as determined by the commission.

18. Notwithstanding chapter 476, the provisions of chapter 476 shall not apply to a public utility in furnishing a telecommunications service or facility to the commission for the Iowa communications network or to any authorized user of the Iowa communications network for such authorized user’s connection to the network.

19. Access to the network shall be offered to the department of public safety and the department of public defense for the purpose of establishing and operating a shared data-only network providing law enforcement, emergency management,

disaster service, emergency warning, and other emergency information dissemination services to federal, state, and local law enforcement agencies as provided in section 80.9, and local emergency management offices established under the authority of sections 29C.9 and 29C.10.

1. There is created in the office of the treasurer of state a fund to be known as the Iowa communications network fund under the control of the Iowa telecommunications and technology commission. There shall be deposited into the Iowa communications network fund proceeds from bonds issued for purposes of projects authorized pursuant to section 8D.13, funds received from leases pursuant to section 8D.11, and other moneys by law credited to or designated by a person for deposit into the fund. Amounts deposited into the fund are appropriated to and for the use of the commission. Notwithstanding section 12C.7, interest earned on amounts deposited in the fund shall be credited to the fund. Notwithstanding section 8.33, moneys deposited into and appropriated from the fund that remain unencumbered or unobligated at the close of the fiscal year shall not revert but shall remain available for expenditure for the purposes designated until the close of the succeeding fiscal year.

2. The commission shall be required to repay one million dollars of start-up funding from the Iowa communications network fund to the general fund of the state. For the fiscal year beginning July 1, 2007, and ending June 30, 2008, the commission shall repay two hundred fifty thousand dollars of start-up funding at the end of that fiscal year, and for the fiscal year beginning July 1, 2008, and ending June 30, 2009, the commission shall repay two hundred fifty thousand dollars of start-up funding at the end of that fiscal year. The remaining five hundred thousand dollars shall be repaid in a reasonable period of time thereafter as provided in this subsection. The commission shall conduct a review of the operation of the fund and the extent to which a continued need for funding for cash flow support exists, and shall provide a report summarizing the results of the review to the general assembly by January 1, 2010. The report

shall also include a plan regarding repayment of the remaining five hundred thousand dollars in start-up funding in a manner which will not adversely affect network operations, and any other recommendations relating to the fund and the operation of the network deemed appropriate by the commission.

As used in this chapter, unless the context otherwise requires:

1. “*Athlete agent*” means a person representing a student athlete for compensation or any person who, directly or indirectly, recruits or solicits a student athlete to enter into an agent contract or professional sports services contract with the person, or who for a fee procures, offers, promises, or attempts to obtain employment for a student athlete with a professional sports team. “*Athlete agent*” does not include an individual licensed to practice as an attorney in this state when the individual is acting as a representative for a student athlete, unless the attorney also represents the student athlete in negotiations for an agent contract.

88 Acts, ch 1248, §2

**9A.3 Registration requirements for athlete agents.**

1. An athlete agent shall register with, and ob-

tain a certificate of registration from, the secretary of state before contacting, either directly or indirectly, a student athlete concerning the possibility of the athlete agent’s representing the student athlete. The athlete agent may apply for a certificate of registration by submitting the forms provided for that purpose and must provide all the information required by the secretary of state, including all of the following:

a. Name of the applicant and the address of the applicant’s principal place of business.

b. Business or occupation engaged in by the applicant for the five years immediately preceding the date of application.

c. The athlete agent’s educational background, training, and experience relating to being an athlete agent.

h. Additional information as deemed appropriate by the secretary of state.

2. In addition to the requirements of subsec-

tion 1, an athlete agent who is not a resident of this state must file with the secretary of state an irrevocable consent to service of process on a form prescribed by the secretary. The consent to service shall be signed by the athlete agent, or by an authorized representative of the athlete agent, and notarized. If the athlete agent is a corporation, the consent to service shall be accompanied by a copy of the corporation's authorization to do business in this state and a copy of the resolution of the corporation authorizing the consent to service. The consent to service shall indicate that service upon the secretary of state is sufficient service upon the athlete agent, if the plaintiff forwards by certified mail one copy of the service to the business address of the athlete agent on file at the office of the secretary of state.

3. A certificate of registration issued under this section is valid for one year from the date of issuance. A registered athlete agent may renew the certificate by filing a renewal application in the form prescribed by the secretary of state, accompanied by any applicable renewal fee.

A person registered under this chapter as an athlete agent who is not a resident of this state, or does not have a principal place of business in this state, shall not engage in any activity as an athlete agent in this state unless that person has entered into an agreement with a person who is a resident of this state or whose principal place of business is in this state, who is licensed pursuant to section 602.10101, and who is registered under this chapter as an athlete agent, to act on behalf of the nonresident athlete agent. The agreement shall be filed with the secretary of state and shall include the name and address of the resident athlete agent.

88 Acts, ch 1248, §4

1. Made false or misleading statements of a material nature in the athlete agent's application

for a certificate of registration or renewal of a certificate of registration.

2. Misappropriated funds, or engaged in other specific acts such as embezzlement, theft, or fraud, which in the judgment of the secretary of state would render the athlete agent unfit to serve in a fiduciary capacity.

3. Engaged in other conduct, including, but not limited to, conduct contributing to sanctions or disciplinary action against any student athlete or institution of higher education, whether within this state or not, which in the judgment of the secretary of state relates to the athlete agent's fitness to serve in a fiduciary capacity.

4. Engaged in a material violation of this chapter or a rule adopted pursuant to this chapter, as shown by a preponderance of the evidence. The suspension or revocation of an agent's registration may be reviewed pursuant to chapter 17A.

A surety shall provide at least thirty days' notice in writing to the agent and to the secretary of state indicating the surety's intent to cancel the bond and the effective date of the cancellation. The surety bond shall be for the benefit of the citizens of this state and shall be conditioned upon the athlete agent's willingness to comply with this chapter, pay all amounts due to any individual or group of individuals when due, and pay all damages caused to any student athlete or institution of higher education by reason of intentional misstatement, misrepresentation, fraud, deceit or any unlawful or negligent acts or omissions by the registered athlete agent or the athlete agent's representative or employee while acting within the scope of employment. This section shall not limit the recovery of damages to the amount of the surety bond.

2. The bond shall be made in a form prescribed by the secretary of state and written by a company authorized by the secretary of state to do business within the state.

88 Acts, ch 1248, §6

#### **9A.7 Agent contract.**

1. An agent contract to be entered into by a registered athlete agent and a student athlete who has not previously signed a contract of employment with a professional sports team shall be on a form approved by the secretary of state. Approval of the form shall not be withheld unless the proposed form is unfair, unjust, or oppressive to the student athlete. If the form of the contract is in compliance with any players association form con-

tract, the contract shall be approved by the secretary of state.

2. The agent contract shall have printed on the face of the contract in bold print the following: **“The athlete agent is registered with the secretary of state. Registration does not imply approval or endorsement by the secretary of state of the specific terms and conditions of this contract or competence of the athlete agent. You have the right to terminate this contract within five calendar days after it is signed. You may jeopardize your standing as a student athlete by entering into this contract under the rules for eligibility established by or adhered to by your institution of higher education.”**

3. A registered athlete agent shall file with the secretary of state a schedule of fees chargeable and collectible from a student athlete who has not previously signed a contract of employment with a professional sports team and shall file a description of the various professional services to be rendered in return for each fee. The athlete agent may impose charges only in accordance with the fee schedule. Changes in the fee schedule may be made from time to time, except that a change shall not become effective until the seventh day after the date the change is filed with the secretary of state.

#### **9A.8 Prohibited activities.**

A person shall not do any of the following:

1. Act or offer to act as an athlete agent unless registered pursuant to this chapter.

The registered athlete agent shall strictly adhere to the conditions imposed by each institution with regard to the time, place, manner, and duration of the interviews.

88 Acts, ch 1248, §9

#### **9C.4 Bond required — applicability — forfeiture.**

At the time of filing said application and as a part thereof, the applicant shall file with the secretary of state a bond, with sureties to be approved by the secretary of state, in a penal sum two times the value of the goods, wares or merchandise to be sold or offered for sale or the average inventory to be carried by such transient merchant engaged in or conducting an intermittent or temporary business as the case may be as shown by the application, running to the state of Iowa, for the use and benefit of any purchaser of any merchandise from such transient merchant who might have a cause of action of any nature arising from or out of such sale against the applicant or the owner of such merchandise if other than the applicant; the bond to be further conditioned on the payment by the applicant of all taxes that may be payable by, or due from, the applicant to the state of Iowa or any subdivision thereof, the bond to be further conditioned for the payment of any fines that may be assessed by any court against the applicant for violation of the provision of this chapter, and further conditioned for the payment and satisfaction of any and all causes of action against the applicant commenced within one year from the date of sale

In such bond the applicant and surety shall appoint the secretary of state, the agent of the applicant and surety for the service of process. In the event of such service, the agent upon whom such service is made shall within five days after the date of service, mail by ordinary mail a true copy of the process served upon the agent to each party for whom the agent is served, addressed to the last known address of such party. The state of Iowa, or any subdivision thereof, or any person having a cause of action against the applicant or surety arising out of said sale may join the applicant and surety on such bond in the same action, or may in such action sue either the applicant or the surety alone.

The requirements of this section also apply to transient merchants who are licensed in accordance with an ordinance of a city in the state of Iowa.

Notwithstanding the above provisions, the bond provided for in this section shall be forfeited to the state of Iowa upon the applicant's failure to pay the total of all taxes payable by or due from the applicant to the state which taxes are administered by the department of revenue. The department shall adopt administrative rules for the collection of the forfeiture. Notice shall be provided to the surety and to the applicant. Notice to the applicant shall be mailed to the applicant's last known address. The applicant or the surety shall have the opportunity to apply to the director of revenue for a hearing within thirty days after the giving of such notice. Upon the failure to timely request a hearing, the bond shall be forfeited. **9D.2 Registration required.**

1. *a.* A travel agency doing business in this state shall register with the secretary of state as a travel agency if it or its travel agent conducts the solicitation of an Iowa resident.

*b.* A travel agency required to register under paragraph “*a*” shall not permit a travel agent employed by the travel agency to do business in this state unless the agency has filed the required registration statement.

2. A travel agent shall not knowingly do busi-

ness in this state unless and until the travel agency employing the travel agent has registered with the secretary of state as a travel agency if the travel agency or any of the agency’s travel agents conduct the solicitation of an Iowa resident.

3. This section does not require registration for, or prohibit, solicitation by mail or telecommunications of a person with whom the travel agency has a previous travel services provider-customer relationship, having previously arranged travel related services for that customer on at least one prior occasion.

4. “*Doing business*” in this state, for purposes of this chapter, means any of the following:

*a.* Offering to sell or selling travel services, if the offer is made or received within the state.

*b.* Offering to arrange, or arranging, travel services for a fee or commission, direct or indirect, if the offer is made or received in this state.

*c.* Offering to, or awarding travel services as a prize or award, if the offer or award is made in or received in this state.

5. An applicant shall complete the registration statement form provided by the secretary. The registration statement must be accompanied by the required bond or evidence of financial responsibility and the registration fee. The registration statement shall include all of the following:

*a.* The name and signature of an officer or partner of a business entity or the names and signatures of the principal owner and operator if the agency is a sole proprietorship.

*b.* The name, address, and telephone number of the applicant and the name of all travel agents employed by the applicant travel agency.

*c.* The name, address, and telephone number of any person who owns or controls, directly or indirectly, ten percent or more of the applicant.

*d.* If the applicant is a foreign corporation or business, the name and address of the corporation’s agent in this state for service of process.

*e.* Any additional information required by rule adopted by the secretary pursuant to chapter 17A.

The application shall be accompanied by a written irrevocable consent to service of process. The consent must provide that actions in connection with doing business in this state may be com-

menced against the registrant in the proper jurisdiction in this state in which the cause of action may arise, or in which the plaintiff may reside, by service of process on the secretary as the registrant's agent and stipulating and agreeing that such service of process shall be taken and held in all courts to be as valid and binding as if service of process had been made upon the person according to the laws of this or any other state. The consent to service of process shall be in such form and supported by such additional information as the secretary may by rule require.

An annual registration fee as established by the secretary by rule is required at the time the registration statement is filed with the secretary, and on or before the anniversary date of the effective date of registration for each subsequent year. The registration fee shall be established at a rate deemed reasonably necessary by the secretary to support the administration of this chapter, but not to exceed fifteen dollars per year per agency. If a registrant fails to pay the annual registration fee, the registration lapses and becomes ineffective.

A registrant shall submit to the secretary corrections to the information supplied in the registration statement within a reasonable time after a change in circumstances, which circumstances would be required to be reported in an initial registration statement, except travel agents' names as required in subsection 5, paragraph "b". The names of travel agents shall be updated at the time of annual registration.

The secretary may revoke or suspend a registration for cause subject to the contested case provisions of chapter 17A.

The bond shall be executed by a surety company authorized to do business in this state, and the bond shall be continuous in nature until canceled by the surety with not less than sixty days' written notice to both the registrant and to the secretary. The notice shall indicate the surety's intent to cancel the bond on a date at least sixty days after the date of the notice.

2. The bond shall be payable to the state for the use and benefit of either:

a. A person who is injured by the fraud, misrepresentation, or financial failure of the travel agency or a travel agent employed by the travel agency.

b. The state on behalf of a person or persons under paragraph "a".

The bond shall be conditioned such that the registrant will pay any judgment recovered by a person in a court of this state in a suit for actual damages, including reasonable attorney's fees, or for rescission, resulting from a cause of action involving the sale or offer of sale of travel services. The bond shall be open to successive claims, but the aggregate amount of the claims paid shall not exceed the principal amount of the bond.

3. 4. In lieu of any bond or guarantee required to be provided by this section, a registrant may do any of the following:

a. File with secretary proof of professional liability and errors and omissions insurance in an amount of at least one million dollars annually.

b. Deposit with the secretary cash, securities, or a statement from a federally insured financial institution guaranteeing the performance of the registrant up to a maximum of ten thousand dollars to be held or applied to the purposes to which the proceeds of the bond would otherwise be applied.

2. If a person required to be registered or listed upon a registration statement by this chapter receives money, as a fee, commission, compensation, or profit in connection with doing business in this state in violation of section 9D.2, the person, in addition to the criminal penalty in subsection 1, shall be liable for a civil penalty of not less than three times the sum so received, as may be determined by the court, which penalty may be recovered in a court of competent jurisdiction by an aggrieved person, or by the attorney general for the benefit of an aggrieved person or class of persons.

However, the restrictions provided in this section shall not apply to the following:

1. A bona fide encumbrance taken for purposes of security.

2. Agricultural land acquired for research or experimental purposes. Agricultural land is used for research or experimental purposes if any of the

following apply:

a. Research and experimental activities are undertaken on the agricultural land and commercial sales of products produced from farming the agricultural land do not occur or are incidental to the research or experimental purposes of the corporation or limited liability company. Commercial sales are incidental to the research or experimental purposes of the corporation or limited liability company when such sales are less than twenty-five percent of the gross sales of the primary product of the research.

b. The agricultural land is used for the primary purpose of testing, developing, or producing seeds or plants for sale or resale to farmers as seed stock. Grain which is not sold as seed stock is an incidental sale and must be less than twenty-five percent of the gross sales of the primary product of the research and experimental activities.

c. The agricultural land is used by a corporation or limited liability company, including any trade or business which is under common control, as provided in 26 U.S.C. § 414 for the primary purpose of testing, developing, or producing animals for sale or resale to farmers as breeding stock. However, after July 1, 1989, to qualify under this paragraph, the following conditions must be satisfied:

The corporation or limited liability company shall not renew a lease. The corporation or limited liability company shall not enter into a lease under this paragraph, if the corporation or limited liability company has ever entered into another lease under this paragraph “c”, whether or not the lease is in effect. However, this subparagraph does not apply to a domestic corporation organized under chapter 504, Code 1989, or current chapter 504.

(2) A term or condition of sale, including resale, of breeding stock must not relate to the direct or indirect control by the corporation or limited liability company of the breeding stock or breeding stock progeny subsequent to the sale.

(3) The number of acres of agricultural land held by the corporation or limited liability company must not exceed six hundred forty acres.

(4) The corporation or limited liability company must deliver a copy of the lease to the secretary of state. The secretary of state shall notify the lessee of receipt of the copy of the lease. However, this subparagraph does not apply to a domestic corporation organized under chapter 504, Code 1989, or current chapter 504.

Culls and test animals may be sold under this paragraph “c”. For a three-year period beginning on the date that the corporation or limited liability company acquires an interest in the agricultural

land, the gross sales for any year shall not be greater than five hundred thousand dollars. After the three-year period ends, the gross sales for any year shall not be greater than twenty-five percent of the gross sales for that year of the breeding stock, or five hundred thousand dollars, whichever is less.

3. Agricultural land, including leasehold interests, acquired by a nonprofit corporation organized under the provisions of chapter 504, Code 1989, and current chapter 504 including land acquired and operated by or for a state university for research, experimental, demonstration, foundation seed increase or test purposes and land acquired and operated by or for nonprofit corporations organized specifically for research, experimental, demonstration, foundation seed increase or test purposes in support of or in conjunction with a state university.

4. Agricultural land acquired by a corporation or limited liability company for immediate or potential use in nonfarming purposes.

5. Agricultural land acquired by a corporation or limited liability company by process of law in the collection of debts, or pursuant to a contract for deed executed prior to August 15, 1975, or by any procedure for the enforcement of a lien or claim thereon, whether created by mortgage or otherwise.

6. A municipal corporation.

7. Agricultural land which is acquired by a trust company or bank in a fiduciary capacity or as trustee for a family trust, authorized trust or testamentary trust or for nonprofit corporations.

8. A corporation or its subsidiary organized under chapter 490 or a limited liability company organized under chapter 490A and to which section 312.8 is applicable.

9. Agricultural land held or leased by a corporation on July 1, 1975, as long as the corporation holding or leasing the land on this date continues to hold or lease such agricultural land.

10. Agricultural land held or leased by a trust on July 1, 1977, as long as the trust holding or leasing such land on this date continues to hold or lease such agricultural land.

All court costs and fees shall be paid by the person holding the interest in violation of this chapter.

poultry, the production of eggs, the production of milk, the production of fruit or other horticultural crops, grazing or the production of livestock. 4. “*Foreign government*” means a government other than the government of the United States, its states, territories or possessions.

5. “*Nonresident alien*” means an individual who is not any of the following:

1. A nonresident alien, foreign business or foreign government, or an agent, trustee or fiduciary thereof, shall not purchase or otherwise acquire agricultural land in this state. A nonresident alien, foreign business or foreign government, or an agent, trustee or fiduciary thereof, which owns or holds agricultural land in this state on January 1, 1980, may continue to own or hold the land, but shall not purchase or otherwise acquire additional agricultural land in this state.

2. A person who acquires agricultural land in violation of this chapter or who fails to convert the land to the purpose other than farming within five years, as provided for in this chapter, remains in violation of this chapter for as long as the person holds an interest in the land.

3. The restriction set forth in subsection 1 of

this section does not apply to the following:

a. Agricultural land acquired by devise or descent.

b. A bona fide encumbrance on agricultural land taken for purposes of security.

c. Agricultural land acquired by a process of law in the collection of debts, by a deed in lieu of foreclosure, pursuant to a forfeiture of a contract for deed, or by any procedure for the enforcement of a lien or claim on the land, whether created by mortgage or otherwise. However, agricultural land so acquired shall be sold or otherwise disposed of within two years after title is transferred. Pending the sale or disposition, the land shall not be used for any purpose other than farming, and the land shall not be used for farming except under lease to an individual, trust, corporation, partnership or other business entity not subject to the restriction on the increase in agricultural land holdings imposed by section 9H.4. Agricultural land which has been acquired pursuant to this paragraph shall not be acquired or utilized by the nonresident alien, foreign business, or foreign government, or an agent, trustee, or fiduciary thereof, under either paragraph “d” or paragraph “e”.

d. Agricultural land acquired for research or experimental purposes. Agricultural land is used for research or experimental purposes if any of the following apply:

(1) Research and experimental activities are undertaken on the agricultural land and commercial sales of products produced from farming the agricultural land do not occur or are incidental to the research or experimental purposes of the corporation. Commercial sales are incidental to the research or experimental purposes of the corporation when such sales are less than twenty-five percent of the gross sales of the primary product of the research.

(2) The agricultural land is used for the primary purpose of testing, developing, or producing seeds or plants for sale or resale to farmers as seed stock. Grain which is not sold as seed stock is an incidental sale and must be less than twenty-five percent of the gross sales of the primary product of the research and experimental activities.

(3) Until July 1, 2001, the agricultural land is used for the primary purpose of testing, developing, or producing animals for sale or resale to farmers as breeding stock. However, after July 1, 1989, to qualify under this paragraph, the following conditions must be satisfied:

(a) The nonresident alien, foreign business, or foreign government or an agent, trustee, or fiduciary of the alien, business, or government must not hold the agricultural land other than as a lessee. The term of the lease must be for not more than twelve years. A lessee shall not renew a lease entered into under this subparagraph (3). The lessee shall not enter into a lease under this paragraph, if another lease under this paragraph has been entered into by the lessee.

(b) A term or condition of sale, including resale, of seed stock or breeding stock must not relate to the direct or indirect control by the lessee of the breeding stock or breeding stock progeny subsequent to the sale.

(c) The number of acres of agricultural land held by the lessee must not exceed six hundred forty acres.

(d) The lessee must deliver a copy of the lease to the secretary of state. The secretary of state shall notify the lessee of receipt of the copy of the lease.

(4) Culls and test animals may be sold under subparagraph (3). For a three-year period beginning on the date that the lease takes effect, the gross sales for any year shall not be greater than five hundred thousand dollars. After the three-year period ends, the gross sales for any year shall not be greater than twenty-five percent of the gross sales for that year of the breeding stock, or five hundred thousand dollars, whichever is less. As used in subparagraph (3), “*lessee*” means a nonresident alien, foreign business, or foreign government, or an agent, trustee, or fiduciary acting on behalf of the nonresident alien, foreign business, or foreign government, or any other trade or business which is under the lessee’s common control as provided in 26 U.S.C. § 414.

(5) Effective July 1, 2001, subparagraph (3) shall not be effective. However, a lessee may continue for the duration of the period of the lease to lease the agricultural land under subparagraph (3) if the lease was entered into prior to July 1, 2001.

(6) Effective July 1, 2001, a nonresident alien, foreign business, or foreign government or an agent, trustee, or fiduciary of the alien, business, or government shall not, except as provided in subparagraph (5), acquire or hold agricultural land used for the primary purpose of testing, developing, or producing animals.

*e.* An interest in agricultural land, not to exceed three hundred twenty acres, acquired for an immediate or pending use other than farming. However, a nonresident alien, foreign business or foreign government, or an agent, trustee or fiduciary thereof, who lawfully owns over three hundred twenty acres on January 1, 1980, may continue to own or hold the land, but shall not purchase or otherwise acquire additional agricultural land in this state except by devise or descent from a nonresident alien. Pending the development of the agricultural land for purpose other than farming, the land shall not be used for farming except under lease to an individual, trust, corporation, partnership or other business entity not subject to the restriction on the increase in agricultural land holdings imposed by section 9H.4.

4. A nonresident alien, foreign business or foreign government, or an agent, trustee or fiduciary thereof shall not transfer title to or interest in agricultural land to a nonresident alien, foreign

2. Investigations division.
3. Health facilities division.

The allocation of departmental duties to the divisions of the department in sections 10A.402, 10A.702, and 10A.801 does not prohibit the director from reallocating departmental duties within the department.

**10A.107 Repayment receipts.**

The department may charge state departments, agencies, and commissions for services rendered and the payment received shall be considered repayment receipts as defined in section 8.2.

90 Acts, ch 1247, §2

**10A.108 Improper human services entitlement benefits or provider payments — debt, lien, collection.**

1. If a person refuses or neglects to repay benefits or provider payments inappropriately obtained from the department of human services, the amount inappropriately obtained, including any interest, penalty, or costs attached to the amount, constitutes a debt and is a lien in favor of the state upon all property and any rights or title to or interest in property, whether real or personal, belonging to the person for the period established in subsection 2, with the exception of property which is exempt from execution pursuant to chapter 627.

A lien under this section shall not attach to any amount of inappropriately obtained benefits or provider payments, or portions of the benefits or provider payments, attributable to errors by the department of human services. Liens shall only attach to the amounts of inappropriately obtained benefits or provider payments or portions of the benefits or provider payments which were obtained due to false, misleading, incomplete, or inaccurate information submitted by a person in connection with the application for or receipt of benefits or provider payments.

2. *a.* The lien attaches at the time the notice of the lien is filed under subsection 3, and continues for ten years from that date, unless released or otherwise discharged at an earlier time.

*b.* The lien may be extended, within ten years from the date of attachment, if a person files a notice with the county recorder or other appropriate county official of the county in which the property is located at the time of filing the extension. From the time of the filing of the notice, the lien period shall be extended for ten years to apply to the property in the county in which the notice is filed, unless released or otherwise discharged at an earlier time. The number of extensions is not limited.

*c.* The director shall discharge any lien which is allowed to lapse and may charge off any account and release the corresponding lien before the lien has lapsed if the director determines, under uniform rules prescribed by the director, that the account is uncollectible or collection costs involved would not warrant collection of the amount due.

3. To preserve the lien against subsequent mortgagees, purchasers, or judgment creditors,

for value and without notice of the lien, on any property located in a county, the director shall file a notice of the lien with the recorder of the county in which the property is located at the time of filing of the notice.

4. The county recorder of each county shall prepare and maintain in the recorder's office an index of liens of debts established based upon benefits or provider payments inappropriately obtained from and owed the department of human services, which provides appropriate columns for all of the following data, under the names of debtors, arranged alphabetically:

- a.* The name of the debtor.
- b.* "State of Iowa, Department of Human Services" as claimant.
- c.* The time that the notice of the lien was received.
- d.* The date of notice.
- e.* The amount of the lien currently due.
- f.* The date of the assessment.
- g.* The date of satisfaction of the debt.
- h.* Any extension of the time period for application of the lien and the date that the notice for extension was filed.

5. The recorder shall endorse on each notice of lien the day and time received and shall preserve the notice. The recorder shall index the notice and shall record the lien in the manner provided for recording real estate mortgages. The lien shall be effective from the time of the indexing.

6. The department shall pay, from moneys appropriated to the department for this purpose, a recording fee as provided in section 331.604, for the recording of the lien, or for satisfaction of the lien.

7. Upon payment of a debt for which the director has filed notice with a county recorder, the director shall file a satisfaction of the debt with the recorder and the recorder shall enter the satisfaction on the notice on file in the recorder's office.

8. The department of inspections and appeals, as provided in this chapter and chapter 626, shall proceed to collect all debts owed the department of human services as soon as practicable after the debt becomes delinquent. If service has not been made on a distress warrant by the officer to whom addressed within five days from the date the distress warrant was received by the officer, the authorized investigators of the department of inspections and appeals may serve and make return of the warrant to the clerk of the district court of the county named in the distress warrant, and all subsequent procedures shall be in compliance with chapter 626.

9. The distress warrant shall be in a form as prescribed by the director, shall be directed to the sheriff of the appropriate county, and shall identify the debtor, the type of debt, and the delinquent amount. The distress warrant shall direct the sheriff to distrain, seize, garnish, or levy upon, and

sell, as provided by law, any real or personal property belonging to the debtor to satisfy the amount of the delinquency plus costs. The distress warrant shall also direct the sheriff to make due and prompt return to the department or to the district court under chapter 626 of all amounts collected.

10. The attorney general, upon the request of the director of inspections and appeals, shall bring an action, as the facts may justify, without bond, to enforce payment of any debts under this section, and in the action the attorney general shall have the assistance of the county attorney of the county in which the action is pending.

11. The remedies of the state shall be cumulative and no action taken by the director of inspections and appeals or attorney general shall be construed to be an election on the part of the state or any of its officers to pursue any remedy to the exclusion of any other remedy provided by law.

ARTICLE VI  
EMPLOYMENT APPEAL BOARD

**10A.601 Employment appeal board — created — duties.**

1. A full-time employment appeal board is created within the department of inspections and appeals to hear and decide contested cases under chapter 8A, subchapter IV, and chapters 80, 88, 91C, 96, and 97B.

2. The employment appeal board is composed of three members appointed by the governor, subject to confirmation by the senate, to six-year staggered terms beginning and ending as provided in section 69.19. One member shall be qualified by experience and affiliation to represent employers, one member shall be qualified by experience and affiliation to represent employees, and one member shall represent the general public. No more than two members shall be members of the same political party. A vacancy in membership shall be filled in the same manner as the original appointment. A member of the appeal board may be removed by the governor for inefficiency, neglect of duty, or malfeasance in office. The members of the employment appeal board shall receive an annual salary as set by the governor.

3. The members of the appeal board shall select a chairperson and vice chairperson from their membership. The appeal board shall meet at least once per month but may meet as often as necessary. Meetings shall be set by a majority of the appeal board or upon the call of the chairperson, or in the chairperson's absence, upon the call of the vice chairperson. The employment appeal board, subject to the approval of the director, may appoint personnel necessary for carrying out its functions and duties.

4. The appeal board may on its own motion affirm, modify, or set aside a decision of an administrative law judge on the basis of the evidence previously submitted in the contested case, or direct the taking of additional evidence, or may permit any of the parties to the decision to initiate further appeals before the appeal board. The appeal board shall permit further appeal by any of the parties interested in a decision of an administrative law judge and by the representative whose decision has been overruled or modified by the administrative law judge. The appeal board shall review the case pursuant to rules adopted by the appeal board. The appeal board shall promptly notify the interested parties of its findings and decision.

5. The appeal board may order testimony to be taken by deposition, and may compel persons to appear and testify and to produce books, papers, and documents in the same manner as witnesses may be deposed and compelled to appear and testify and produce documentary evidence before the district court. In the discharge of the duties im-

posed by this chapter, the chairperson of the appeal board and any duly authorized representative designated by the appeal board, may administer oaths and affirmations, take depositions, certify official acts, and issue subpoenas. Persons deposed or compelled to testify or produce documentary evidence shall be allowed the same fees and traveling expenses as allowed witnesses in the district court.

6. The appeal board shall adopt rules pursuant to chapter 17A to establish the manner in which contested cases are to be presented, reports are to be required from the parties, and hearings and appeals are to be conducted. The appeal board shall keep a full and complete record of all proceedings in connection with a contested case. All testimony at a hearing shall be recorded, but need not be transcribed unless the contested case is further appealed. The appeal board shall retain the record for at least sixty days following the final date for appeal of a contested case. Notwithstanding the petitioner's residency requirement in section 17A.19, subsection 2, a petition for judicial review may be filed in the district court of the county in which the petitioner was last employed or resides, provided that if the petitioner does not reside in this state, the action shall be brought in the district court of Polk county, Iowa, and any other party to the proceeding before the appeal board shall be named in the petition. Notwithstanding the thirty-day requirement in section 17A.19, subsection 6, the appeal board shall, within sixty days after filing of the petition for judicial review or within a longer period of time allowed by the court, transmit to the reviewing court the original or a certified copy of the entire records of a contested case. The appeal board may also certify to the court, questions of law involved in any decision by the appeal board. Petitions for judicial review and the questions so certified shall be given precedence over all other civil cases except cases arising under the workers' compensation law of this state. No bond shall be required for entering an appeal from any final order, judgment, or decree of the district court to the

supreme court.

## ARTICLE VIII

### ADMINISTRATIVE HEARINGS DIVISION

#### 10A.801 Division of administrative hearings — creation, powers, duties.

1. *Definitions.* For purposes of this section, unless the context otherwise requires:

- a. “*Administrator*” means the person coordinating the administration of the division.
- b. “*Division*” means the administrative hearings division of the department of inspections and appeals.

2. The administrator shall coordinate the division’s conduct of appeals and administrative hearings as provided by law.

3. a. The department shall employ a sufficient number of administrative law judges to conduct

proceedings for which agencies are required, by section 17A.11 or any other provision of law, to use an administrative law judge employed by the division. An administrative law judge employed by the division shall not perform duties inconsistent with the judge’s duties and responsibilities as an administrative law judge and shall be located in an office that is separated from the offices of the agencies for which that person acts as a presiding officer. Administrative law judges shall be covered by the merit system provisions of chapter 8A, subchapter IV.

b. The division shall facilitate, insofar as practicable, specialization by its administrative law judges so that particular judges may become expert in presiding over cases in particular agencies. An agency may, by rule, identify particular classes of its contested cases for which the administrative law judge who acts as presiding officer shall have specified technical expertise. After the adoption of such a rule, the division may assign administrative law judges to preside over those identified particular classes of contested cases only if the administrative law judge possesses the technical expertise specified by agency rule. The division may charge the applicable agency for the costs of any training required by the division’s administrative law judges to acquire or maintain the technical expertise specified by agency rule.

4. If the division cannot furnish one of its administrative law judges in response to an agency request, the administrator shall designate in writing a full-time employee of an agency other than the requesting agency to serve as administrative law judge for the proceeding, but only with the consent of the employing agency. The designee must possess the same qualifications required of administrative law judges employed by the division.

5. The division may furnish administrative law judges on a contract basis to any governmental entity to conduct any proceeding.

6. After July 1, 1999, a person shall not be newly employed by the division as an administrative law judge to preside over contested case proceedings unless that person has a license to practice law in this state.

7. The division shall adopt rules pursuant to this chapter and chapter 17A to do all of the following:

a. To establish procedures for agencies to request and for the administrator to assign administrative law judges employed by the division.

b. To establish procedures and adopt forms, consistent with chapter 17A and other provisions of law, to govern administrative law judges employed by the division, but any rules adopted under this paragraph shall be applicable to a particular contested case proceeding only to the extent that they are not inconsistent with the rules of the agency under whose authority that proceeding is

conducted. Nothing in this paragraph precludes an agency from establishing procedural requirements otherwise within its authority to govern its contested case proceedings, including requirements with respect to the timeliness of decisions rendered for it by administrative law judges.

c. To establish standards and procedures for the evaluation, training, promotion, and discipline for the administrative law judges employed by the division. The procedures shall include provisions for each agency for whom a particular administrative law judge presides to submit to the division on a periodic basis the agency's views with respect to the performance of that administrative law judge or the need for specified additional training for that administrative law judge. However, the evaluation, training, promotion, and discipline of all administrative law judges employed by the division shall remain solely within the authority of the department.

d. To establish, consistent with the provisions of this section and chapter 17A, a code of administrative judicial conduct that is similar in function and substantially equivalent to the Iowa code of judicial conduct, to govern the conduct, in relation to their quasi-judicial functions in contested cases, of all persons who act as presiding officers under the authority of section 17A.11, subsection 1. The code of administrative judicial conduct shall separately specify which provisions are applicable to agency heads or members of multimembered agency heads when they act as presiding officers, taking into account the objectives of the code and the fact that agency heads, unlike administrative law judges, have other duties imposed upon them by law. The code of administrative judi-

cial conduct may also contain separate provisions, that are appropriate and consistent with the objectives of such a code, to govern the conduct of agency heads or the members of multimember agency heads when they act as presiding officers. However, a provision of the code of administrative judicial conduct shall not be made applicable to agency heads or members of multimember agency heads unless the application of that provision to agency heads and members of multimember agency heads has previously been approved by the administrative rules coordinator.

e. To facilitate the performance of the responsibilities conferred upon the division by this section, chapter 17A, and any other provision of law.

8. The division may do all of the following:

a. Provide administrative law judges, upon request, to any agency that is required to or wishes to utilize the services of an administrative law judge employed by the division.

b. Maintain a staff of reporters and other personnel.

c. Administer the provisions of this section and rules adopted under its authority.

9. The division may charge agencies for services rendered and the payment received shall be considered repayment receipts as defined in section 8.2.

10. Except to the extent specified otherwise by statute, decisions of administrative law judges employed by the division are subject to review by the agencies for which they act as presiding officers as provided by section 17A.15 or any other provision of law.

REVIEW OF  
PUBLICLY-FUNDED ENTITIES

**11.36 Review of entities receiving public moneys.**

1. The auditor of state may, at the request of a department, review, during normal business hours upon reasonable notice of at least twenty-four hours, the audit working papers prepared by a certified public accountant covering the receipt and expenditure of state or federal funds provided by the department to any other entity to determine if the receipt and expenditure of those funds by the entity is consistent with the laws, rules, regulations, and contractual agreements governing those funds. Upon completion of the review, the auditor of state shall report whether, in the auditor of state's judgment, the auditor of state believes the certified public accountant's working papers adequately demonstrate that the laws, rules, regulations, and contractual agreements governing the funds have been substantially complied with. If the auditor of state does not believe the certified public accountant's working papers adequately demonstrate that the laws, rules, regulations, and contractual agreements have been substantially complied with or believes a complete or partial reaudit is necessary based on the provisions of section 11.6, subsection 4, paragraph "a" or "b", the auditor of state shall notify the certified public accountant and the department of the actions the auditor of state believes are necessary to determine that the entity is in substantial compliance with those laws, rules, regulations, and contractual agreements. Upon completion of the review, the auditor of state shall report whether, in the auditor of state's judgment, the auditor

of state believes the entity adequately demonstrated that the laws, rules, regulations, and contractual agreements governing the funds have been substantially complied with. If the auditor of state does not believe the entity adequately demonstrated that the laws, rules, regulations, and contractual agreements have been substantially complied with, the auditor of state shall notify the department of the actions the auditor of state believes are necessary to determine that the entity is in substantial compliance with those laws, rules, regulations, and contractual agreements. The auditor of state may assist a department with actions to determine that the entity is in substantial compliance. The department shall cooperate with the auditor of state to establish actions to be taken to determine whether substantial compliance with those laws, rules, regulations, and contractual agreements has been achieved by the entity receiving the state or federal funds from the department. Departments shall reimburse the auditor of state for any actions taken by the auditor of state to determine whether the entity has substantially complied with the laws, rules, regulations, and contractual agreements governing the funds provided by the department for costs expended after the date the auditor of state notifies the department of an issue involving substantial compliance pursuant to the requirements of this subsection.

**12.25 Legislative findings.**

The general assembly finds and declares that because of differences in the timing of the receipt of tax and other revenues and the expenditure of funds by the state, the state has been unable to remain timely on its obligations, including its payments of school aid; the untimely payment of state aid has created a hardship for schools by increasing their costs and hindering their ability to remain timely on their obligations; it would be advantageous to the state to be able to issue notes in anticipation of its tax and other revenues in order to coordinate its cash flow; and pending their use, the proceeds of notes issued in anticipation of tax and other revenues should be invested in order to pay the cost of issuing the notes and as a benefit to the state. It is the purpose of this section and section 12.26 to enable the state to make timely payments of its obligations, including its school aid payments, by securing funds through the issuance of notes in anticipation of the state's tax and other revenues.

85 Acts, ch 34, §18

### 12.26 Issuance of revenue anticipation notes.

1. In anticipation of the collection of revenues in and for a fiscal year, the treasurer of state may borrow money, and issue notes for the money, in an amount not exceeding the estimated state revenues for that year. The sums so anticipated are appropriated for the payment of the notes with interest at maturity. The notes may be issued prior to the beginning of a fiscal year, but the notes shall be payable not later than the end of the fiscal year for which they are issued. More than one series of notes may be issued in a fiscal year and the proceeds of notes may be used to retire a prior issue of notes provided that the total outstanding at any one time shall not exceed the limit prescribed in this section. The proceeds from the issuance of notes shall be invested in the same manner as other public funds and shall be used only for the purposes for which the anticipated tax revenues were levied, collected, and appropriated.

2. The principal of and the interest on notes are payable solely out of the taxes and revenues of the state for the fiscal year for which the notes are issued. The notes of each issue shall be dated, shall bear interest at a rate or rates which may be variable according to a method approved by the treasurer of state, without regard to any limit contained in chapter 74A or any other law of this state, and shall mature at a time or times not later than the end of the fiscal year, all as determined by the treasurer of state. The notes may be made redeemable before maturity, at the option of the treasurer of state, at the price and under the terms and conditions provided by the treasurer of state. The treasurer of state shall determine the form of the notes and shall fix the denomination of the notes and the place of payment of principal and interest which may be at any bank within or without the state. The notes shall be executed by the manual or facsimile signatures of the treasurer of state, the director of management, and the director of the department of administrative services. If an official whose signature or a facsimile of whose signature appears on any notes ceases to hold office before the delivery of the notes, the signature or the facsimile is valid and sufficient for all purposes the same as if the official had remained in office until the delivery. All notes issued under this section have the qualities and incidents of negotiable instruments under the laws of this state and without regard to any other law. The notes shall be issued in registered form. The notes may be sold in a manner, at public or private sale, as the treasurer of state may determine without regard to chapter 75.

3. Notes may be issued under this section without obtaining the consent of any officer or agency of this state, and without any other proceedings or conditions other than those proceedings and conditions which are specifically re-

quired by this section. The treasurer of state, the director of management, and the director of the department of administrative services are not liable personally on the notes or subject to any personal liability or accountability by reason of the issuance of the notes.

4. As used in this section, "notes" means notes and other obligations, including short term obligations backed by a commercial letter of credit, issued by the treasurer of state pursuant to this section.

### 12.28 Centralized financing for state agency purchase of real and personal property.

1. As used in this section, unless the context otherwise requires:

a. "Financing agreement" means any lease, lease-purchase agreement, or installment acquisition contract in which the lessee may purchase the leased property at a price which is less than the fair market value of the property at the end of the lease term, or any lease, agreement, or transaction which would be considered under criteria established by the internal revenue service to be a conditional sale agreement for tax purposes.

b. "State agency" means a board, commission, bureau, division, office, department, or branch of state government. However, state agency does not mean the state board of regents, institutions governed by the board of regents, or authorities created under chapter 16, 16A, 175, 257C, 261A, or 327I.

2. The treasurer of state shall have sole authority to enter into financing agreements on behalf of state agencies. The treasurer of state may enter into financing agreements, including master lease-purchase agreements, for the purpose of funding state agency requests for the financing of real or personal property, wherever located within the state, including equipment, buildings, facilities, and structures, or additions or improvements to existing buildings, facilities, and structures. Subject to the selection procedures of section 12.30, the treasurer may employ financial consultants, banks, trustees, insurers, underwriters, accountants, attorneys, and other advisors or consultants as necessary to implement the provisions of this section. The costs of professional services and any other costs of entering into the financing agreements may be included in the financing agreement as a cost of the property being financed.

3. The financing agreement may provide for ultimate ownership of the property by the state. Title to all property acquired in this manner shall

be taken and held in the name of the state. The state shall be the lessee or contracting party under all financing agreements entered into pursuant to this section. The financing agreements may contain provisions pertaining, but not limited to, interest, term, prepayment, and the state's obligation to make payments on the financing agreement beyond the current budget year subject to availability of appropriations. All projects financed under this section shall be deemed to be for an essential governmental purpose.

4. The treasurer of state may contract for additional security or liquidity for a financing agreement and may enter into agreements for letters of credit, lines of credit, insurance, or other forms of security with respect to rental and other payments due under a financing agreement. Fees for the costs of additional security or liquidity are a cost of entering into the financing agreement and may be paid from funds annually appropriated by the general assembly to the state agency for which the property is being obtained, from other funds legally available, or from proceeds of the financing agreement. The provision of a financing agreement which provides that a portion of the periodic rental or lease payment be applied as interest is subject to chapter 74A. Other laws relating to interest rates do not apply. Chapter 75 does not apply to financing agreements entered into pursuant to this section.

5. Payments and other costs due under financing agreements entered into pursuant to this section shall be payable from funds annually appropriated by the general assembly to the state agency for which the property is being obtained or from other funds legally available. The treasurer of state, in cooperation with the department of administrative services, shall implement procedures to ensure that state agencies are timely in making payments due under the financing agreements.

6. The maximum principal amount of financing agreements which the treasurer of state can enter into shall be one million dollars per state agency in a fiscal year, subject to the requirements of section 8.46. For the fiscal year, the treasurer of state shall not enter into more than one million dollars of financing agreements per state agency, not considering interest expense. However, the treasurer of state may enter into financing agreements in excess of the one million dollar per agency per fiscal year limit if a constitutional majority of each house of the general assembly, or the legislative council if the general assembly is not in session, and the governor, authorize the treasurer of state to enter into additional financing agreements above the one million dollar authorization contained in this section. The treasurer of state shall not enter into a financing agreement for real or personal property which is to be constructed for use as a prison or prison-related facility without prior authorization by a constitutional majority of each house of the general assembly and approval

by the governor of the use, location, and maximum cost, not including interest expense, of the real or personal property to be financed. However, financing agreements for an energy conservation measure, as defined in section 7D.34, are exempt from the provisions of this subsection, but are subject to the requirements of section 7D.34 or 473.20A. In addition, financing agreements funded through the materials and equipment revolving fund established in section 307.47 are exempt from the provisions of this subsection.

7. The treasurer of state shall decide upon the most economical method of financing a state agency's request for funds. The treasurer of state may utilize master lease-purchase agreements, issue certificates of participation in lease-purchase agreements, or use any other financing method or method of sale which the treasurer believes will provide savings to the state in issuance or interest costs.

8. A financing agreement to which the state is a party is an obligation of the state for purposes of chapters 502 and 636, and is a lawful investment for banks, trust companies, building and loan associations, savings and loan associations, investment companies, insurance companies, insurance associations, executors, guardians, trustees, and other fiduciaries responsible for the investment of funds.

9. Publication of any notice, whether under section 73A.12 or otherwise, and other or further proceedings with respect to the financing agreements referred to in this section are not required except as set forth in this section, notwithstanding any provisions of other statutes of the state to the contrary.

The selection criteria shall take into consideration, but are not limited to, compensation, expenses, experience with similar issues, scheduling, ability to provide the services of individuals with specific knowledge in the relevant subject matter and length of the engagement. The treasurer may waive the requirements for a competitive selection procedure for any specific employment upon written notice to the executive council stating why the waiver is in the public interest. Upon selection by the treasurer, the authority shall promptly employ the individual or firm and be responsible for payment of costs.

*b.* Submit an account to the respective authority for all costs incurred in each transaction. The treasurer will charge an authority for costs of administration. The authority shall disburse to the treasurer the amounts set forth in the account.

*b.* The documents or instruments necessary to effectuate issuance of the obligation.

*c.* Presentations to rating agencies and marketing activities. The treasurer may choose to participate in these presentations.

4. Professional services, including but not limited to attorneys, accountants, financial advisors, banks, underwriters, insurers, and other employ-

ees employed by a project sponsor may be selected by the project sponsor, if the obligation is issued in behalf of the project sponsor and the purchaser of the obligation does not have recourse to the authority or state.

5. The treasurer may delay implementation of this section for up to six months following July 1, 1986, for an authority to facilitate an orderly transition.

*b.* The credit card program provides a fee or commission on retail sales to the sponsoring entity for the issuance and use of the credit card.

*c.* The credit card program would accept the

state as a sponsoring entity.

If the treasurer determines that the state may be a sponsoring entity for a financial institution credit card, the treasurer shall negotiate the most favorable rate for the state's fee by a credit card issuer. The proceeds of the fee shall be deposited in the Iowa resources enhancement and protection fund created under section 455A.18. ### 12.72 Vision Iowa fund and reserve funds.

1. A vision Iowa fund is created and established as a separate and distinct fund in the state treasury. The moneys in the fund are appropriated to the vision Iowa board for purposes of the vision Iowa program established in section 15F.302. Moneys in the fund shall not be subject to appropriation for any other purpose by the general assembly, but shall be used only for the purposes of the vision Iowa fund. The treasurer of state shall act as custodian of the fund and disburse moneys contained in the fund as directed by the vision Iowa board, including automatic disbursements of funds received pursuant to the terms of bond indentures and documents and security provisions to trustees. The fund shall be administered by the vision Iowa board which shall make expenditures from the fund consistent with the purposes of the vision Iowa program without further appropriation. An applicant under the vision Iowa program shall not receive more than seventy-five million dollars in financial assistance from the fund.

2. Revenue for the vision Iowa fund shall include, but is not limited to, the following, which shall be deposited with the treasurer of state or the treasurer's designee as provided by any bond or security documents and credited to the fund:

*a.* The proceeds of bonds issued to capitalize and pay the costs of the fund and investment earnings on the proceeds.

*b.* Interest attributable to investment of money in the fund or an account of the fund.

*c.* Moneys in the form of a devise, gift, bequest, donation, federal or other grant, reimbursement, repayment, judgment, transfer, payment, or appropriation from any source intended to be used for the purposes of the fund.

3. Moneys in the vision Iowa fund are not subject to section 8.33. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys in the fund shall be credited to the fund.

4. *a.* The treasurer of state may create and establish one or more special funds, to be known as "bond reserve funds", to secure one or more issues of bonds or notes issued pursuant to section 12.71. The treasurer of state shall pay into each bond reserve fund any moneys appropriated and made available by the state or the treasurer for the purpose of the fund, any proceeds of sale of notes or bonds to the extent provided in the resolutions authorizing their issuance, and any other moneys which may be available to the treasurer for the purpose of the fund from any other sources. All moneys held in a bond reserve fund, except as otherwise provided in this chapter, shall be used as required solely for the payment of the principal of bonds secured in whole or in part by the fund or of the sinking fund payments with respect to the bonds, the purchase or redemption of the bonds, the payment of interest on the bonds, or the pay-

ments of any redemption premium required to be paid when the bonds are redeemed prior to maturity.

*b.* Moneys in a bond reserve fund shall not be withdrawn from it at any time in an amount that will reduce the amount of the fund to less than the bond reserve fund requirement established for the fund, as provided in this subsection, except for the purpose of making, with respect to bonds secured in whole or in part by the fund, payment when due of principal, interest, redemption premiums, and the sinking fund payments with respect to the bonds for the payment of which other moneys of the treasurer are not available. Any income or interest earned by, or incremental to, a bond reserve fund due to the investment of it may be transferred by the treasurer to other funds or accounts to the extent the transfer does not reduce the amount of that bond reserve fund below the bond reserve fund requirement for it.

*c.* The treasurer of state shall not at any time issue bonds, secured in whole or in part by a bond reserve fund if, upon the issuance of the bonds, the amount in the bond reserve fund will be less than the bond reserve fund requirement for the fund, unless the treasurer at the time of issuance of the bonds deposits in the fund from the proceeds of the bonds issued or from other sources an amount which, together with the amount then in the fund, will not be less than the bond reserve fund requirement for the fund. For the purposes of this subsection, the term "bond reserve fund requirement" means, as of any particular date of computation, an amount of money, as provided in the resolutions authorizing the bonds with respect to which the fund is established.

*d.* To assure the continued solvency of any bonds secured by the bond reserve fund, provision is made in paragraph "c" for the accumulation in each bond reserve fund of an amount equal to the bond reserve fund requirement for the fund. In order further to assure maintenance of the bond reserve funds, the treasurer shall, on or before January 1 of each calendar year, make and deliver to the governor the treasurer's certificate stating the sum, if any, required to restore each bond reserve fund to the bond reserve fund requirement for that fund. Within thirty days after the beginning of the session of the general assembly next following the delivery of the certificate, the governor shall submit to both houses printed copies of a budget including the sum, if any, required to restore each bond reserve fund to the bond reserve fund requirement for that fund. Any sums appropriated by the general assembly and paid to the treasurer pursuant to this subsection shall be deposited by the treasurer in the applicable bond reserve fund.

*c.* Subject to the terms, conditions, and covenants providing for the payment of the principal, redemption premiums, if any, interest, and other terms, conditions, covenants, and protective provisions safeguarding payment, not inconsistent with this section and as determined by the trust indenture, resolution, or other instrument authorizing their issuance.

6. The bonds are securities in which public officers and bodies of this state; political subdivisions of this state; insurance companies and associations and other persons carrying on an insurance business; banks, trust companies, savings associations, savings and loan associations, and investment companies; administrators, guardians, executors, trustees, and other fiduciaries; and other persons authorized to invest in bonds or other obligations of the state may properly and legally invest funds, including capital, in their control or belonging to them.

7. Bonds must be authorized by a trust indenture, resolution, or other instrument of the treasurer of state.

8. Neither the resolution, trust agreement, nor any other instrument by which a pledge is created needs to be recorded or filed under the Iowa uniform commercial code, chapter 554, to be valid,

binding, or effective.

9. Bonds issued under the provisions of this section are declared to be issued for a general public and governmental purpose and all bonds issued under this section shall be exempt from taxation by the state of Iowa and the interest on the bonds shall be exempt from the state income tax and the state inheritance and estate tax.

10. Subject to the terms of any bond documents, moneys in the chargeable expenses fund may be expended for administration expenses of the treasurer of state in connection with the bonds.

11. The treasurer of state may issue bonds for the purpose of refunding any bonds issued pursuant to this section then outstanding, including the payment of any redemption premiums thereon and any interest accrued or to accrue to the date of redemption of the outstanding bonds. Until the proceeds of bonds issued for the purpose of refunding outstanding bonds are applied to the purchase or retirement of outstanding bonds or the redemption of outstanding bonds, the proceeds may be placed in escrow and be invested and reinvested in accordance with the provisions of this section. The interest, income, and profits earned or realized on an investment may also be applied to the payment of the outstanding bonds to be refunded by purchase, retirement, or redemption. After the terms of the escrow have been fully satisfied and carried out, any balance of proceeds and interest earned or realized on the investments may be returned to the treasurer of state for deposit in the chargeable expenses fund unless all bonds issued under the provisions of this section have been retired, in which case the proceeds shall be deposited in the general fund of the state. All refunding bonds shall be issued and secured and subject to the provisions of this chapter in the same manner and to the same extent as other bonds issued pursuant to this section.

12. A chargeable expenses fund is created and established as a separate and distinct fund in the state treasury. The moneys in the fund are appropriated for payment of the principal of, premium, and interest on any bonds issued under this section. Moneys in the fund shall not be subject to appropriation for any other purpose by the general assembly, but shall be used only for the purposes of the chargeable expenses fund. The treasurer of state shall act as custodian of the fund and disburse moneys contained in the fund for payment of the principal of, premium, and interest on any bonds issued under this section. Notwithstanding section 476.10, there shall in each fiscal year be deposited in the chargeable expenses fund from amounts collected by the utilities board as chargeable expenses an amount equal to the principal of, premium, if any, and interest on any bonds issued under this section to become due, whether at maturity, by call for optional redemption or by sinking fund redemption, in such fiscal year. The treasurer

of state is authorized to pledge any amounts in the chargeable expenses fund as security for the payment of the principal of, premium, and interest on any bonds issued under this section. The treasurer of state may provide in the trust indenture, resolution, or other instrument authorizing the issuance of bonds for the transfer to the general fund of the state of any amounts on deposit in the chargeable expenses fund that are not necessary for the payment of the principal of, premium, and interest on any bonds issued under this section.

13. Moneys in the chargeable expenses fund are not subject to section 8.33. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys in the fund shall be credited to the fund.

14. *a.* The treasurer of state may create and establish one or more special funds, to be known as “*bond reserve funds*”, to secure one or more issues of bonds issued pursuant to this section. The treasurer of state shall pay into each bond reserve fund any moneys appropriated and made available by the state or the treasurer of state for the purpose of the fund, any proceeds of sale of bonds to the extent provided in the resolutions authorizing their issuance, and any other moneys which may be available to the treasurer of state for the purpose of the fund from any other sources. All moneys held in a bond reserve fund, except as otherwise provided in this chapter, shall be used as required solely for the payment of the principal of bonds secured in whole or in part by the fund or of the sinking fund payments with respect to the bonds, the purchase or redemption of the bonds, the payment of interest on the bonds, or the payments of any redemption premium required to be paid when the bonds are redeemed prior to maturity.

*b.* Moneys in a bond reserve fund shall not be withdrawn from it at any time in an amount that will reduce the amount of the fund to less than the bond reserve fund requirement established for the fund, as provided in this subsection, except for the purpose of making, with respect to bonds secured in whole or in part by the fund, payment when due of principal, interest, redemption premiums, and the sinking fund payments with respect to the bonds for the payment of which other moneys of the treasurer of state are not available. Any income or interest earned by, or incremental to, a bond reserve fund due to the investment of it may be transferred by the treasurer of state to other funds or accounts to the extent the transfer does not reduce the amount of that bond reserve fund below the bond reserve fund requirement for that bond reserve fund. For the purposes of this subsection, the term “*bond reserve fund requirement*” means, as of any particular date of computation, an amount of money, as provided in the resolutions authorizing the bonds with respect to which the fund is established.

*c.* The treasurer of state shall comply with the provisions of section 476.10B in order to assure

the maintenance of any bond reserve funds established under this section.

15. It is the intent of the general assembly that a pledge made in respect of bonds issued under this section shall be valid and binding from the time the pledge is made, that the money or property so pledged and received after the pledge by the treasurer of state shall immediately be subject to the lien of the pledge without physical delivery or further act, and that the lien of the pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the treasurer of state whether or not the parties have notice of the lien.

16. Bonds issued pursuant to this section are not debts of the state, or of any political subdivi-

sion of the state, and do not constitute a pledge of the faith and credit of the state or a charge against the general credit or general fund of the state. The issuance of any bonds pursuant to this section by the treasurer of state does not directly, indirectly, or contingently obligate the state or a political subdivision of the state to apply moneys from, or to levy or pledge any form of taxation whatever, to the payment of the bonds. Bonds issued under this section are payable solely and only from the sources and special fund provided in this section.

17. This section, being necessary for the welfare of this state and its inhabitants, shall be liberally construed to effect its purposes.

#### **12C.6A Eligibility for state public funds — procedures.**

1. Public funds of the state shall not be deposited in a financial institution which does not demonstrate a commitment to serve the needs of the local community in which it is chartered to do business, including the needs of neighborhoods, rural areas, and small businesses in communities served by the financial institution. These needs include credit services as well as deposit services.

2. In addition to establishing a minimum interest rate for public funds pursuant to section 12C.6, the committee composed of the superintendent of banking, the superintendent of credit unions, the auditor of state or a designee, and the treasurer of state shall develop a list of financial institutions eligible to accept state public funds. The committee shall require that a financial institution seeking to qualify for the list shall annually provide the committee a written statement that the financial institution has complied with the requirements of this chapter and has a commitment to community reinvestment consistent with the safe and sound operation of a financial institution,

unless the financial institution has received a rating of satisfactory or higher pursuant to the federal Community Reinvestment Act, 12 U.S.C. § 2901 et seq., and such rating is certified to the committee by the superintendent of banking. To qualify for the list, a financial institution must demonstrate a continuing commitment to meet the credit needs of the local community in which it is chartered.

3. The committee may require a financial institution to provide public notice inviting the public to submit comments to the financial institution regarding its community lending activities. Each financial institution shall maintain a file open to public inspection which contains public comments received on its community investment activities, and the financial institution's response to those comments. The committee shall adopt procedures for both of the following:

a. To receive information relating to a financial institution's commitment to community reinvestment.

b. To receive challenges from any person to a financial institution's continued eligibility to receive public funds.

4. At least once a year the committee shall review any challenges that have been filed pursuant to subsection 3. The committee may hold a public hearing to consider the challenge. In considering a challenge, the committee shall review documents filed with federal regulatory authorities pursuant to the Community Reinvestment Act, 12 U.S.C. § 2901 et seq., and regulations adopted pursuant to the Act, as amended to January 1, 1990. In addition, consistent with the confidentiality of financial institution records the committee shall consider other factors including, but not limited to, the following:

a. Activities conducted to determine the credit needs of the community.

b. Marketing and special credit-related programs to make citizens in the community aware of the credit services offered.

c. A description of how services actually provided satisfied the needs described under paragraph "a".

d. Practices intended to discourage application for home mortgages, small business loans, small farm loans, community development loans, and, if consumer lending constitutes a substantial majority of a financial institution's business, consumer loans.

e. Geographic distribution of credit extensions, credit applications and credit denials.

f. Evidence of prohibited discriminatory or other illegal credit practices.

g. Participation in local community and rural development and redevelopment projects, and in state and federal business and economic development programs, including investment in an Iowa agricultural industry finance corporation formed under the Iowa agricultural industry finance Act

pursuant to chapter 15E.

*h.* Origination or purchase of residential mortgage loans, housing rehabilitation loans, home improvement loans and business or farm loans within the community.

*i.* Ability to meet various community credit needs based on financial condition, size, legal impediments, and local economic conditions.

5. *a.* A person who believes a bank has failed to meet its community reinvestment responsibility may file a complaint with the committee detailing the basis for that belief.

*b.* If any committee member, in the member's discretion, finds that the complaint has merit, the member may order the bank alleged to have failed to meet its community reinvestment responsibility to attend and participate in a meeting with the complainant. The committee member may specify who, at minimum, shall represent the bank at the meeting. At the meeting, or at any other time, the bank may, but is not required to, enter into an agreement with a complainant to correct alleged failings.

*c.* A majority of the committee may order a bank against which a complaint has been filed pursuant to this subsection, to disclose such additional information relating to community reinvestment as required by the order of the majority of the committee.

*d.* This subsection does not preempt any other remedies available under statutory or common law available to the committee, the superintendent of banking, or aggrieved persons to cure violations of this section or chapter 524, or rules adopted pursuant to this section or chapter 524. The committee may conduct a public hearing as provided in subsection 4 based upon the same complaint. An order finding merit in a complaint and ordering a meeting is not an election of remedies.

Each bank shall execute as debtor and deliver to the treasurer of state a security agreement and such other documents, instruments, and agreements in form approved by the treasurer of state as are required to grant to the treasurer of state, as secured party in its capacity as agent for the depositors of all public funds from time to time deposited in the bank, a perfected security interest in the collateral described in the security agreement. The security agreement shall among other provisions contain all of the following provisions:

*a.* A security interest in the collateral is granted as collateral for the obligation of the bank to repay all uninsured public funds deposited in the bank.

  - e. The total of paragraph "d" multiplied by the total of paragraph "c", in order to establish Iowa branch capital.
  - f. Total public funds deposits in the bank.

  - d. Establish procedures for adding collateral, releasing collateral, and substituting different collateral for collateral pledged under this section.
  - e. Establish procedures to determine the amount of the uninsured public funds of each bank or branch of an out-of-state bank as of the date of closing of a closed bank and the amount of the assessment to be made upon each bank.
  - f. Establish additional procedures necessary to administer this chapter and other rules as may be necessary to accomplish the purposes of this chapter.
  - g. Provide forms and procedures for compliance with this chapter, including electronic compliance.
  - h. Establish amounts and procedures for payment of fees to cover the costs of administration of this chapter.
6. The collateral used to secure public deposits shall be in one or more of the following forms acceptable to the treasurer of state:

#### **12C.23 Payment of losses in a credit union.**

1. The pledging of securities by a credit union pursuant to this chapter constitutes consent by the credit union to the disposition of the securities in accordance with this section.

The acceptance of public funds by a credit union pursuant to this chapter constitutes consent by the credit union to assessments by the treasurer of state in accordance with this chapter.

2. The credit union and the security given for the public funds in its hands are liable for payment if the credit union fails to pay a check, draft, or warrant drawn by the public officer or to account for a check, draft, warrant, order, or certificates of deposit, or any public funds entrusted to it if, in failing to pay, the credit union acts contrary to the terms of an agreement between the credit union and the public body treasurer. The credit union and the security given for the public funds in its hands are also liable for payment if the credit union fails to pay an assessment by the treasurer of state when the assessment is due.

3. If a credit union is closed by its primary regulatory officials, the public body with deposits in the credit union may sell the collateral to pay for any loss of principal and accrued interest.

a. In cooperation with the responsible regulatory officials for the credit union, the public body shall validate the amount of public funds on deposit at the defaulting credit union and the amount of deposit insurance applicable to the deposits.

b. The loss to public depositors shall be satisfied, first through any applicable deposit insur-

ance and then through the sale of securities pledged by the defaulting credit union, and then the assets of the defaulting credit union. The priority of claims are those established pursuant to section 533.22, subsection 1, paragraph “b”. To the extent permitted by federal law, in the distribution of an insolvent federally chartered credit union’s assets, the order of payment of liabilities if its assets are insufficient to pay in full all its liabilities for which claims are made shall be in the same order as for the equivalent type of state chartered credit union as provided in section 533.22, subsection 1, paragraph “b”.

c. The claim of a public depositor for purposes of this section shall be the amount of the depositor’s deposits plus interest to the date the funds are distributed to the public depositor at the rate the credit union agreed to pay on the funds reduced by the portion of the funds which is insured by federal deposit insurance.

d. If the loss to public funds is not covered by insurance and the proceeds of the failed credit union’s assets which are liquidated within thirty days of the closing of the credit union and pledged collateral, the treasurer shall provide coverage of the remaining loss from the state sinking fund for public deposits in credit unions. If the funds are inadequate to cover the entire loss, then the treasurer shall make an assessment against other credit unions who hold public funds. The assessment shall be determined by multiplying the total amount of the remaining loss to public depositors by a percentage that represents the average of public funds deposits held by all credit unions during the preceding twelve-month period ending on the last day of the month immediately preceding the month the credit union was closed. Each credit union shall pay its assessment to the treasurer within three business days after it receives notice of assessment. If a credit union fails to pay its assessment when due, the treasurer of state shall initiate a lawsuit to collect the assessment. If a credit union is found to have failed to pay the assessment as required by this paragraph, the court shall order it to pay the assessment, court costs, reasonable attorney’s fees based upon the amount of time the attorney general’s office spent preparing and bringing the action, and reasonable expenses incurred by the treasurer of state’s office. Idle balances in the fund are to be invested by the treasurer with earnings credited to the fund. Fees paid by credit unions for administration of this chapter will be credited to the fund and the treasurer may deduct actual costs of administration from the fund.

e. Any amount realized from the sale of collateral pursuant to paragraph “d”, in excess of the amount of a credit union’s assessment, shall continue to be held by the treasurer, in the same interest bearing investments available for public funds, as collateral until that credit union pro-

vides substitute collateral or is otherwise entitled to its release.

#### **12C.23A Payment of losses in a bank.**

1. The acceptance of public funds by a bank pursuant to this chapter constitutes all of the following:

a. Agreement by the bank to pledge collateral as required by section 12C.22.

b. Consent by the bank to the disposition of the collateral in accordance with this section.

c. Consent by the bank to assessments by the treasurer of state in accordance with this chapter.

d. Agreement by the bank to provide accurate information and to otherwise comply with the requirements of this chapter.

2. A bank is liable for payment if the bank fails to pay a check, draft, or warrant drawn by a public funds depositor or to account for a check, draft, warrant, order, or certificate of deposit, or any public funds entrusted to the bank if, in failing to pay, the bank acts contrary to the terms of an agreement between the bank and the public funds depositor. The bank is also liable to the treasurer of state for payment if the bank fails to pay an assessment by the treasurer of state under subsection 3 when the assessment is due.

3. If a bank is closed by its primary state or federal regulator, each public funds depositor with deposits in the bank shall notify the treasurer of state of the amount of any claim within thirty days of the closing. The treasurer of state shall implement the following procedures:

a. In cooperation with the responsible regulatory officials for the closed bank, the treasurer shall validate the amount of public funds on deposit at the closed bank and the amount of deposit insurance applicable to the deposits.

b. Any loss to a public funds depositor shall be satisfied first by any federal deposit insurance, then by the sale or other disposition of collateral pledged by the closed bank, then from the assets of the closed bank. To the extent permitted by federal law, the priority of claims are those established pursuant to section 524.1312, subsection 2. To the extent permitted by federal law, in the distribution of an insolvent federally chartered bank’s assets, the order of payment of liabilities, if its assets are insufficient to pay in full all its liabilities for which claims are made, shall be in the same order as for a state bank as provided in section 524.1312, subsection 2.

c. The claim of a public funds depositor for purposes of this section shall be the amount of the depositor’s public funds deposits plus interest to the

date the funds are distributed to the public funds depositor at the rate the bank agreed to pay on the public funds reduced by the portion of the public funds that is insured by federal deposit insurance.

*d.* If the loss of public funds is not covered by federal deposit insurance and the proceeds of the closed bank's assets that are liquidated within thirty days of the closing of the bank are not sufficient to cover the loss, then any further payments to cover the loss will come from the state sinking fund for public deposits in banks. If the balance in that sinking fund is inadequate to pay the entire loss, then the treasurer shall obtain the additional amount needed by making an assessment against other banks whose public funds deposits exceed federal deposit insurance coverage. A bank's assessment shall be determined by multiplying the total amount of the remaining loss to all public depositors in the closed bank by a percentage that represents the assessed bank's proportional share of the total of uninsured public funds deposits held by all banks and all branches of out-of-state banks, based upon the average of the uninsured public funds of the assessed bank or branch of an out-of-state bank as of the end of the four calendar quarters prior to the date of closing of the closed bank and the average of the uninsured public funds in all banks and branches of out-of-state banks as of the end of the four calendar quarters prior to the date of closing of the closed bank, excluding the amount of uninsured public funds held by the closed bank at the end of the four calendar quarters. Each bank shall pay its assessment to the treasurer of state within three business days after it receives notice of assessment. For purposes of this section, when calculating uninsured public funds, a bank shall include all deposits of customers of other financial institutions as permitted by section 12B.10, subsection 7.

*e.* If a bank fails to pay its assessment when due, the treasurer of state shall make additional assessments as may be necessary against other banks that hold uninsured public funds to satisfy any unpaid assessment. Any additional assessments shall be determined, collected, and satisfied in the same manner as the first assessment except that in calculating the amount of each such additional assessment, the amount of uninsured public funds held by the bank that fails to pay the assessment shall not be counted.

*f.* If a bank fails to pay its assessment when due, the treasurer of state shall notify the superintendent or the comptroller of the currency, as applicable, of the failure to pay the assessment. If the bank that has failed to pay the assessment is a nationally chartered financial institution, the superintendent shall immediately notify the bank's primary federal regulator. If the assessment is not paid within thirty days after the bank received the notice of assessment, the treasurer of state shall initiate a lawsuit to collect the amount

of the assessment. If a bank is found to have failed to pay the assessment as required by this subsection and is ordered to pay the assessment, the court shall also order that the bank pay court costs and reasonable attorney fees based on the amount of time the attorney general's office spent preparing and bringing the action, and reasonable expenses incurred by the treasurer of state.

*g.* Following collection of the assessments, the treasurer of state shall distribute funds to the public depositors of the closed bank according to their validated claims unless a public depositor requests in writing that the claims of other public depositors be paid prior to payment to the public depositor making the request. By receiving payment under this section, a public depositor shall be deemed to have assigned to the treasurer of state any claim the public depositor may have against the closed bank by reason of the deposit of its public funds and all rights the public depositor may have in funds that subsequently become available to depositors of the closed bank.

The general assembly finds that the general welfare and well-being of the state are directly related to educational levels and skills of the citizens of the state, and that a vital and valid public purpose is served by the creation and implementation of programs which encourage and make possible the attainment of higher education by the greatest number of citizens of the state. The state has lim-

ited resources to provide additional programs for higher education funding and the continued operation and maintenance of the state’s public institutions of higher education and the general welfare of the citizens of the state will be enhanced by establishing a program which allows citizens of the state to invest money in a public trust for future application to the payment of higher education costs. The creation of the means of encourage-

ment for citizens to invest in such a program represents the carrying out of a vital and valid public purpose. In order to make available to the citizens of the state an opportunity to fund future higher education needs, it is necessary that a public trust be established in which moneys may be invested for future educational use.

(3) An agreement that the anticipated use by the state of bond proceeds received pursuant to the sales agreement shall be for capital projects, certain debt service on outstanding obligations that funded capital projects, payment of attorney fees related to the master settlement agreement, and to provide a secure and stable source of funding to the state for purposes designated by this chapter and section 12.65.

(4) A statement that the net proceeds from the sale of bonds shall be deposited in the tobacco settlement trust fund established under section 12E.12 and that in no event shall the amounts in the trust fund be available or be applied for payment of bonds or any claim against the authority or any debt or obligation of the authority.

(5) A requirement that the net proceeds received by the authority from the sale of any tax-exempt bonds issued to provide funds for capital projects, certain debt service, and attorney fees related to the master settlement agreement be paid by the authority to the state as consideration for the sale of that portion of the state's share, that such net proceeds be deposited by the state upon receipt in the tax-exempt bond proceeds restricted capital funds account of the tobacco settlement trust fund, and that such proceeds are to be held by the authority solely for the benefit of the state, subject to annual appropriation by the state in accordance with section 12E.10, subsection 1, paragraph "b".

(6) A requirement that the net proceeds received by the authority from the sale of taxable bonds or tax-exempt bonds issued to provide funds for the purposes specified in section 12.65 be deposited in the endowment for Iowa's health account of the tobacco settlement trust fund as moneys of the authority until transferred to the state pursuant to section 12E.12, subsection 1, paragraph "b", subparagraph (2). Each amount transferred shall be the consideration received by the state for that portion of the state's share.

(7) An agreement that the effective date of the sale is the date of receipt of the bond proceeds by the authority and the deposits of the net proceeds of the tax-exempt bonds and any taxable bonds in the respective accounts of the tobacco settlement trust fund.

2. The sale made under this section shall be irrevocable during the time when bonds are outstanding under this chapter, and shall be a part of the contractual obligation owed to the bondholders. The sale shall constitute and be treated as a true sale and absolute transfer of the property so transferred and not as a pledge or other security interest for any borrowing. The characterization of such a sale as an absolute transfer shall not be negated or adversely affected by the fact that only a portion of the state's share is being sold, or by the state's acquisition or retention of an ownership interest in the residual assets.

3. On or after the effective date of such sale, the state shall not have any right, title, or interest in the portion of the master settlement agreement sold and such portion shall be the property of the authority and not the state, and shall be owned, received, held, and disbursed by the authority or its trustee or assignee, and not the state.

4. On or before the effective date of the sale, the state shall notify the escrow agent under the master settlement agreement of the sale and shall instruct the escrow agent that subsequent to that date, all payments constituting the portion sold shall be made directly to the authority.

5. The authority, the treasurer of state, and the attorney general shall report to the legislative council and the executive council on or before the date of the sale, advising them of the status of the sale, its terms, and conditions.

#### **12E.10 Tobacco settlement program plan.**

1. *a.* (1) The authority shall implement the program plan and shall proceed with a securitization to maximize the transference of risks associated with the master settlement agreement.

(2) The authority shall issue tax-exempt bonds in an amount that is sufficient to provide net proceeds in an amount of not more than five hundred forty million dollars for deposit in the tax-exempt bond proceeds restricted capital funds account of the tobacco settlement trust fund, to be used for capital projects, certain debt service on outstanding obligations which funded capital projects, and attorney fees related to the master settlement agreement.

(3) The authority may also issue taxable bonds or tax-exempt bonds to provide additional amounts to be used for the purposes specified in section 12.65.

(4) Notwithstanding subparagraphs (1) and

(2), the authority is not required to issue tax-exempt bonds if the authority determines that the issuance would not be in the best interest of the state due to market conditions.

*b.* It is the expectation of the state that not less than eighty-five percent of the proceeds deposited in the tax-exempt bond proceeds restricted capital funds account of the tobacco settlement trust fund will be expended within five years from the effective date of the sale, consistent with the requirements of federal law, and that the specific capital projects, debt service, and attorney fees payments shall be determined annually through appropriations authorized by a constitutional majority of each house of the general assembly and approved by the governor.

2. The authority shall periodically report to the legislative council and the governor regarding implementation of the program plan and shall, prior to any public offering of bonds, submit a report to the legislative council and the governor describing the terms of the proposed bond issue.

3. Any amendment to the program plan shall be authorized by a constitutional majority of each house of the general assembly and approved by the governor.

4. To the extent that any provision of the program plan is inconsistent with this chapter, the provisions of this chapter shall govern.

#### **12E.11 Authority — bonds.**

1. The authority may issue bonds and, if bonds are issued, shall make the proceeds from the bonds available to the state pursuant to the sales agreement to fund capital projects, certain debt service on outstanding obligations that funded capital projects, and attorney fees related to the master settlement agreement, and to provide a secure and stable source of funding to the state, consistent with the purposes of this chapter and section 12.65. In connection with the issuance of bonds and subject to the terms of the sales agreement, the authority shall determine the terms and other details of the financing and the method of implementation of the program plan. Bonds issued pursuant to this section may be secured by a pledge of all or a portion of the state's share and any moneys derived from the state's share, and any other sources available to the authority with the exception of moneys in the tobacco settlement trust fund. The authority may also issue refunding bonds, including advance refunding bonds, for the purpose of refunding previously issued bonds, and may issue other types of bonds, debt obligations, and financing arrangements necessary to fulfill its purposes or the purposes of this chapter.

2. The authority may issue its bonds in principal amounts which, in the opinion of the authority, are necessary to provide sufficient funds for achievement of its purposes, the payment of in-

terest on its bonds, the establishment of reserves to secure the bonds, the costs of issuance of its bonds, and all other expenditures of the authority incident to and necessary to carry out its purposes or powers. The bonds are investment securities and negotiable instruments within the meaning of and for the purposes of the uniform commercial code, chapter 554.

3. Bonds issued by the authority are payable solely and only out of the moneys, assets, or revenues pledged by the authority and are not a general obligation or indebtedness of the authority or an obligation or indebtedness of the state or any subdivision of the state. The authority shall not pledge the credit or taxing power of the state or any political subdivision of the state, or create a debt or obligation of the state, or make its debts payable out of any moneys except those of the authority, excluding those moneys deposited in the tobacco settlement trust fund.

4. Bonds shall state on their face that they are payable both as to principal and interest solely out of the assets of the authority pledged for their purpose and do not constitute an indebtedness of the state or any political subdivision of the state; are secured solely by and payable solely from assets of the authority pledged for such purpose; constitute neither a general, legal, or moral obligation of the state or any of its political subdivisions; and that the state has no obligation or intention to satisfy any deficiency or default of any payment of the bonds.

5. Any amount pledged by the authority to be received under the master settlement agreement shall be valid and binding at the time the pledge is made. Amounts so pledged and then or thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act. The lien of any such pledge shall be valid and binding as against all parties having claims of any kind against the authority, whether such parties have notice of the lien. Notwithstanding any other provision to the contrary, the resolution of the authority or any other instrument by which a pledge is created need not be recorded or filed to perfect such pledge.

6. The proceeds of bonds issued by the authority and not required for deposit in the tobacco settlement trust fund may be invested in any manner approved by the board and specified in the trust indenture or resolution pursuant to which the bonds must be issued, notwithstanding any other provision to the contrary.

7. The bonds shall comply with all of the following:

*a.* The bonds shall be in a form, issued in denominations, executed in a manner, and payable over terms and with rights of redemption, as the board prescribes in the resolution authorizing their issuance.

*b.* The bonds shall be fully negotiable instruments under the laws of this state and may be sold at prices, at public or private sale, and in a manner as prescribed by the board. Chapters 73A, 74, 74A, and 75 shall not apply to the sale or issuance of bonds under this chapter.

*c.* The bonds shall be subject to the terms, conditions, and covenants providing for the payment of the principal, redemption premiums, if any, interest which may be fixed or variable during any period the bonds are outstanding, and other terms, conditions, covenants, and protective provisions safeguarding payment, not inconsistent with this chapter and as determined by resolution of the board authorizing their issuance.

8. The bonds issued under this chapter are securities in which insurance companies and associations and other persons engaged in the business of insurance; banks, trust companies, savings associations, savings and loan associations, and investment companies; administrators, guardians, executors, trustees, and other fiduciaries; and other persons authorized to invest in bonds or other obligations of the state may properly and legally invest funds, including capital, in their control or belonging to them.

9. Bonds must be authorized by a resolution of the board. However, a resolution authorizing the issuance of bonds may delegate to an officer of the authority the power to negotiate and fix the details of an issue of bonds by an appropriate certificate of the authorized officer.

10. To comply with federal law with respect to the issuance of bonds, the interest of which is tax-exempt pursuant to the Internal Revenue Code, the authority may issue a certain series of bonds, or periodically issue several series of bonds, so that interest on the bonds remains exempt from federal taxation or to comply with the purposes specified in this chapter.

11. The state reserves the right at any time to alter, amend, repeal, or otherwise change the structure, organization, programs, or activities of the authority, including the power to terminate the authority, except that a law shall not be enacted that impairs any obligation made pursuant to a sales agreement or any contract entered into by the authority with or on behalf of the holders of the bonds to the extent that any such law would contravene Article I, section 21, of the Constitution of the State of Iowa or Article I, section 10, of the Constitution of the United States.

#### **12E.12 Tobacco settlement trust fund — established — investment — liability.**

1. *a.* A tobacco settlement trust fund is established, separate and apart from all other public moneys or funds of the state, under the control of the authority. The fund shall consist of moneys

paid to the authority and not pledged to the payment of bonds or otherwise obligated. Such moneys shall include but are not limited to payments received from the master settlement agreement which are not pledged to the payment of bonds or which are subsequently released from a pledge to the payment of any bonds; payments which, in accordance with any sales agreement with the state, are to be paid to the state and not pledged to the bonds, including that portion of the proceeds of any bonds designated for purchase of all or a portion of the state's share, which are designated for deposit in the fund, together with all interest, dividends, and rents on the bonds; and all securities or investment income and other assets acquired by and through the use of the moneys belonging to the fund and any other moneys deposited in the fund. Moneys in the fund are to be used solely and only for the payment of all amounts due and to become due to the state, and shall not be used for any other purpose. Such moneys shall not be available for the payment of any claim against the authority or any debt or obligation of the authority.

b. The fund shall consist of the following accounts:

(1) The tax-exempt bond proceeds restricted capital funds account. The net proceeds of tax-exempt bonds issued to provide funds for capital projects, certain debt service, and attorney fees related to the master settlement agreement which the state treasurer is authorized and directed to deposit on behalf of the state shall be deposited in the account and shall be used to fund capital projects, certain debt service, and the payment of attorney fees related to the master settlement agreement. With respect to capital projects, it is the intent of the general assembly to fund capital projects that qualify as vertical infrastructure projects as defined in section 8.57, subsection 6, paragraph "c", to the extent practicable in any fiscal year and without limiting other qualifying capital expenditures considered and approved by a constitutional majority of each house of the general assembly and the governor.

(2) The endowment for Iowa's health account. The net proceeds of any taxable bonds or tax-exempt bonds issued to provide funds for the purposes specified in section 12.65 which the authority is directed to deposit in the account, any portion of the state's share which is not sold to the authority, and any other moneys appropriated by the state for deposit in the account shall be deposited in the account and shall be used for the purposes specified in section 12.65.

(a) There is transferred from the endowment for Iowa's health account of the tobacco settlement trust fund to the healthy Iowans tobacco trust for the fiscal year beginning July 1, 2001, and ending June 30, 2002, the amount of fifty-five million dollars, to be used for the purposes specified in section 12.65.

(b) For each fiscal year beginning July 1, 2002,

and annually thereafter, there is transferred from the endowment for Iowa's health account of the tobacco settlement trust fund to the healthy Iowans tobacco trust fifty-five million dollars plus an inflationary factor of one and one-half percent of the amount transferred in the previous fiscal year. Any transfer in an amount not in accordance with this subparagraph shall not be made unless authorized by a three-fifths majority of each house and approved by the governor.

2. The treasurer of the authority shall act as custodian and trustee of the fund and shall administer the fund as directed by the authority. The treasurer of the authority shall do all of the following:

a. Hold the funds.

b. Invest the portion of the funds which, as deemed by the authority, is not necessary for current payment of sums to the state under this chapter or the program plan.

c. Disburse funds, if directed by the authority.

d. Sell any securities or other property held by the fund and reinvest the proceeds as directed by the authority, when deemed advisable by the authority for the protection of the fund or the preservation of the value of the investment. Such sale of securities or other property held by the fund shall only be made with the advice of the board in the manner and to the extent provided in this chapter with regard to the purchase of investments.

e. Subscribe, at the direction of the authority, for the purchase of securities for future delivery in anticipation of future income. Such securities shall be paid for by such anticipated income or from funds from the sale of securities or other property held by the fund.

f. Pay for securities, as directed by the authority, on the receipt of the purchasing entity's paid statement or paid confirmation of purchase.

3. The authority shall execute the disposition and investment of moneys in the fund in accordance with the investment policy and goal statement established by the board.

a. In establishing the investment policy and goal statement of the fund, the standard utilized by the board shall be the exercise of judgment and care, under the prevailing circumstances, which persons of prudence, discretion, and intelligence exercise in the management of their own financial affairs, not for the purpose of speculation, but with regard to the permanent disposition of the funds, considering the probable income, as well as the probable safety, of their capital.

b. Within the limitations of the standard prescribed in this subsection and the program plan, the treasurer of the authority, the authority, and the board may acquire and retain any type of property or investment which persons of prudence, discretion, and intelligence would acquire or retain for their own financial interests.

c. The authority and the board shall give appropriate consideration to those facts and circum-

stances that the authority and board know or should know are relevant to the particular investment or investment policy involved, including the role the investment plays in the total value of the fund. For the purposes of this paragraph, “*appropriate consideration*” includes, but is not limited to, a determination by the authority and the board that the particular investment or investment policy is reasonably designed to further the purposes of the tobacco settlement program plan, taking into consideration the risk of loss and the opportunity for gain or other return associated with the investment or investment policy and consideration of all of the following as they relate to the tobacco settlement trust fund:

(1) The composition of the fund with regard to diversification.

(2) The liquidity and current return of the investments in the fund relative to the anticipated cash flow requirements of the program plan.

(3) The projected return of the investments relative to the funding objectives of the program plan.

*d.* Investments of moneys in the funds are not subject to sections 73.15 through 73.21.

*e.* If consistent with the investment policy established by the board, the authority may invest moneys of or held by the authority in structured notes and investment agreements, the repayment of the principal amount of which is protected or guaranteed.

4. The authority, its staff, members of the board, and the treasurer of the authority are not personally liable for actions or omissions under this chapter that do not involve malicious or wanton misconduct even if those actions or omissions violate the standards established in this section.

5. Except as provided in this section, if there is loss to the fund, the treasurer, the authority, the board, and the staff are not personally liable, and the loss shall be charged against the fund. The amount required to cover a loss may be paid from the fund.

6. *a.* Expenses incurred in the sale and purchase of securities belonging to the fund shall be charged to the fund, and the amount required for the investment management expenses may be paid from the fund, subject to the limitations stated in this subsection. The amount paid for investment management expenses for a fiscal year under this section shall not exceed the reasonable and customary charge to similar funds for similar purposes. The authority shall report the investment management expenses for a fiscal year as a percent of the market value of the fund in the annual report to the governor submitted pursuant to section 12E.15.

*b.* A person who has entered into a contract with the authority for investment management purposes shall meet the requirements for doing business in Iowa sufficient to be subject to tax-

tion under the rules of the department of revenue.

7. All moneys paid to or deposited in the fund are available to the authority to be used for the exclusive purpose of the program plan in accordance with this chapter, including but not limited to all of the following:

*a.* For payment of amounts due to the state pursuant to the terms of the sales agreements entered into between the state and the authority.

*b.* For payment of other amounts provided for in the program plan.

*c.* For payment of the costs of administering the program plan and the costs of the authority.

8. With respect to the payment of certain debt service, the debt service to be paid shall be those installments of debt service on bonds selected by the treasurer of state and identified in the authority’s tax certificate delivered at the time of the issuance of the bonds issued pursuant to this chapter, or as otherwise selected by the treasurer of state. Once the bonds and the installments of debt service thereon are so selected, that debt service and bonds shall not be paid, or provided to be paid, from any other source including the state or any of its departments or agencies. Provided, however, that if funds are not appropriated to pay debt service on such bonds when due, the issuing agency shall pay the debt service from any available source as provided in the bond covenants. To the extent that this section does not allow proceeds of previously issued refunding bonds to be applied for the purpose of the refunding, the issuing agency may expend such proceeds to improve, remodel, or repair buildings or other infrastructure upon authorization of the issuing agency’s authority.

9. Annually, on or before January 1 of each year, a state agency that received an appropriation from the tobacco settlement trust fund for the preceding fiscal year shall report to the joint transportation, infrastructure, and capitals appropriation subcommittee, the legislative services agency, the department of management, and the legislative capital projects committee of the legislative council the status of all ongoing projects for which an appropriation from the fund has been made. The report shall include a description of the project, the progress of work completed, the total estimated cost of the project, a list of all revenue sources being used to fund the project, the amount of funds expended, the amount of funds obligated, and an estimated completion date of the project.

The state public defender may also designate a nonprofit organization which has a contract with the state public defender to provide legal services to eligible indigent persons prior to July 1, 2004. Except as otherwise provided, in each county in which the state public defender files a designation, the state public defender's designee shall be appointed by the court to represent all eligible indigents in all of the cases and proceedings specified in the designation. The appointment shall not be made if the state public defender notifies the court that the public defender designee will not provide legal representation in certain cases as identified in the designation by the state public defender.

3. The state public defender may contract with persons admitted to practice law in this state and nonprofit organizations employing persons admitted to practice law in this state for the provision of legal services to indigent persons.

4. *a.* The state public defender shall establish fee limitations for particular categories of cases. The fee limitations shall be reviewed at least every three years. In establishing and reviewing the fee limitations, the state public defender shall consider public input during the establishment and review process, and any available information regarding ordinary and customary charges for like services; the number of cases in which legal services to indigents are anticipated; the seriousness of the charge; an appropriate allocation of resources among the types of cases; experience with existing hourly rates, claims, and fee limitations; and any other factors determined to be relevant.

*b.* The state public defender shall establish a procedure for the submission of all claims for payment of indigent defense costs, including the submission of interim claims in appropriate cases.

*c.* The state public defender may review any claim for payment of indigent defense costs and may take any of the following actions:

(2) Deny the claim under any of the following circumstances:

(a) If it is not timely.

(b) If it is not payable as an indigent defense claim under chapter 815.

(c) If it is not payable under the contract between the claimant and the state public defender.

(d) If the claimant was appointed contrary to section 814.11, or the claimant failed to comply with section 815.10, subsection 5.

(3) Request additional information or return

the claim to the claimant, if the claim is incomplete.

(4) If any portion of the claim is excessive, notify the claimant that the claim is excessive and will be reduced to an amount which is not excessive, and reduce and approve the balance of the claim.

(5) If any portion of the claim is not payable within the scope of appointment of the claimant, notify the claimant that a portion of the claim is not within the scope of appointment and is not payable, deny those portions of the claim that are not payable, and approve the balance of the claim.

*d.* Notwithstanding chapter 17A, the claimant may seek review of any action or intended action denying or reducing any claim by filing a motion with the court with jurisdiction over the original appointment for review.

(1) The motion must be filed within twenty days of any action taken by the state public defender.

(2) The motion shall be set for hearing by the court and the state public defender shall be provided with at least ten days' notice of the hearing. The state public defender shall not be required to file a resistance to the motion filed under this paragraph "d".

(3) The state public defender or the claimant may participate by telephone. If the state public defender participates by telephone, the state public defender shall be responsible for initiating and paying for all telephone charges.

(4) The filing of a motion shall not delay the payment of the amount approved by the state public defender.

(5) If a claim or portion of the claim is denied, the action of the state public defender shall be affirmed unless the action conflicts with a statute or an administrative rule.

(6) If the claim is reduced for being excessive, the claimant shall have the burden to establish by a preponderance of the evidence that the amount of compensation and expenses is reasonable and necessary.

(7) The decision of the court following a hearing on the motion is a final judgment appealable by the state public defender or the claimant.

(8) Any court order entered after the state public defender has taken action on a claim, which affects that claim, without first notifying the state public defender and permitting the state public defender an opportunity to be heard, is void.

5. In reviewing a claim for compensation submitted by an attorney who had been retained or agreed to represent an indigent person prior to appointment, the state public defender may consider any moneys earned or paid to the attorney prior to the appointment in determining whether the claim is reasonable and necessary or excessive. The attorney shall provide the state public defender with a copy of any representation agreement, and information on any moneys earned or paid to

the attorney prior to the appointment.

6. The state public defender is authorized to contract with county attorneys to provide collection services related to court-ordered indigent defense restitution.

7. The state public defender shall not revise the allocations to the office of the state public defender and the allocations for indigent defense of adults and juveniles, unless prior notice of the revisions is given to the legislative services agency, the co-chairpersons and ranking members of the joint appropriations subcommittee on the justice system, and the co-chairpersons and ranking members of the house and senate committees on appropriations.

8. The state public defender shall adopt rules, as necessary, pursuant to chapter 17A to administer this chapter and chapter 815.

2. “*Charitable purpose*” means a benevolent, educational, philanthropic, humane, scientific, patriotic, social welfare or advocacy, public health, environmental, conservation, civic, or other charitable objective. In the case of law enforcement, emergency medical technician, paramedic, and fire fighter organizations, “*charitable purpose*” does not include funds raised through the sale of advertisements, products, or tickets for an event

**15.318 Rating factors and criteria.**

In ranking applications for funds, the department shall consider a variety of factors including, but not limited to, the following:

1. The proportion of local match to be provided.

2. The proportion of private contributions to be provided, including the involvement of financial institutions.

3. The total number of jobs to be created or retained.

4. The size of the business receiving assistance. The department shall award more points to small businesses as defined by the United States small business administration than to other businesses.

5. The potential for future growth in the industry represented by the business being considered for assistance.

6. The need of the business for financial assistance from governmental sources. The department shall award more points to a business for which the department determines that governmental assistance is most necessary to the success of a project, than to other businesses.

7. The quality of the jobs to be created. In rating the quality of the jobs the department shall award more points to those jobs that have a higher wage scale, have a lower turnover rate, are full-time or career-type positions, provide comprehensive health benefits, or have other related factors which could be considered to be higher in quality, than to other jobs. Businesses that have wage scales substantially below that of existing Iowa businesses in that area should be rated as providing the lowest quality of jobs and should therefore be given the lowest ranking for providing such assistance.

8. The level of need of the political subdivision.

9. The impact of the proposed project on the economy of the political subdivision.

10. The impact of the proposed project on other businesses in competition with the business being considered for assistance. The department shall make a good faith effort to identify existing Iowa businesses within an industry in competition with the business being considered for assistance. The department shall make a good faith effort to determine the probability that the proposed financial assistance will displace employees of the existing businesses. In determining the impact on businesses in competition with the business being considered for assistance, jobs created as a result of other jobs being displaced elsewhere in the state shall not be considered direct jobs created.

11. The impact to the state of the proposed project. In measuring the economic impact the department shall award more points for projects which have greater consistency with the state strategic plan than other projects. Greater consistency may include any or all of the following:

a. A business with a greater percentage of sales out-of-state or of import substitution.

b. A business with a higher proportion of in-state suppliers.

c. A project which would provide greater diversification of the state economy.

d. A business with fewer in-state competitors.

e. A potential for future job growth.

f. A project which is not a retail operation.

12. If a business has a record of violations of the law over a period of time that tends to show a consistent pattern, the business shall be given the lowest ranking for providing assistance. The department shall make a good faith effort to compile this information.

13. If a business has, within three years of ap-

plication for assistance, acquired or merged with an Iowa corporation or company, whether the business has made a good faith effort to hire the workers of the acquired or merged company.

14. Whether a business provides for a preference for hiring residents of the state or of the economic development area, except for out-of-state employees offered a transfer to Iowa or to the economic development area.

15. Whether all known required environmental permits have been issued and regulations met before moneys are released.

16. In cases where projects being reviewed at the same time are given equivalent ratings under subsections 1 through 15, preference in funding shall be given to the project which is located in the county which has the highest percentage of low- and moderate-income individuals. If the projects are located in the same county, preference in funding shall be given to the project which is located in the city which has the highest percentage of low- and moderate-income individuals.

17. The capacity of the proposed project to create products by adding value to agricultural commodities.

18. The degree to which the proposed project relies upon agricultural or value-added research conducted at a college or university, including a regents institution, community college, or a private university or college.

#### **15.319 Monitoring of job creation and retention.**

1. The department shall develop definitions for the terms “*job creation*” and “*job retention*” to measure and identify the actual number of permanent, full-time positions which businesses actually create or retain and which can be documented by comparison of the payroll reports during the twenty-four-month period after awards to the businesses are made.

2. The department shall document the actual job creation and retention effects of all businesses receiving financial assistance from the program in the context of the employer contribution and payroll reports filed by the businesses.

3. The department shall require businesses which receive assistance from the program to submit historical copies of the employer contributions and payroll reports with the application for funds, require businesses to submit the reports after an award is made on a timely basis, and require businesses to estimate the expected job creation and retention effects for the twelve-month and twenty-four-month periods after an award is made in terms of the number of employees and total wages as documented in the payroll reports.

**15.329 Eligible business.**

1. To be eligible to receive incentives under this part, a business shall meet all of the following requirements:

a. If the qualifying investment is ten million dollars or more, the community has approved by ordinance or resolution the start-up, location, or expansion of the business for the purpose of receiving the benefits of this part.

b. The business has not closed or substantially reduced its operation in one area of the state and relocated substantially the same operation in the community. This subsection does not prohibit a business from expanding its operation in the community if existing operations of a similar nature in the state are not closed or substantially reduced.

c. The business is not a retail or service business.

2. In addition to the requirements of subsection 1, a business shall do at least four of the following in order to be eligible for incentives under the program:

a. Offer a pension or profit sharing plan to full-time employees.

b. Produce or manufacture high value-added goods or services or be engaged in one of the following industries:

- (1) Value-added agricultural products.
- (2) Insurance and financial services.
- (3) Plastics.
- (4) Metals.
- (5) Printing paper or packaging products.
- (6) Drugs and pharmaceuticals.
- (7) Software development.
- (8) Instruments and measuring devices and medical instruments.
- (9) Recycling and waste management.
- (10) Telecommunications.
- (11) Trucking and warehousing.

Retail and service businesses shall not be eligible for benefits under this part.

c. Provide and pay at least eighty percent of the cost of a standard medical and dental insurance plan for all full-time employees working at the facility in which the new investment occurred.

d. Make child care services available to its employees.

e. Invest annually no less than one percent of pretax profits, from the facility located to Iowa or expanded under the program, in research and development in Iowa.

f. Invest annually no less than one percent of pretax profits, from the facility located to Iowa or expanded under the program, in worker training and skills enhancement.

g. Have an active productivity and safety improvement program involving management and worker participation and cooperation with benchmarks for gauging compliance.

h. Occupy an existing facility, at least one of the buildings of which shall be vacant and shall contain at least twenty thousand square feet.

3. Any business located in a quality jobs enterprise zone is ineligible to receive the economic development incentives under the program.

4. If the department finds that a business has a record of violations of the law, including but not limited to environmental and worker safety statutes, rules, and regulations, over a period of time that tends to show a consistent pattern, the business shall not qualify for economic development assistance under this part, unless the department finds that the violations did not seriously affect public health or safety, or the environment, or if it did, that there were mitigating circumstances. In making the findings and determinations regarding violations, mitigating circumstances, and whether the business is disqualified for economic development assistance under this part, the department shall be exempt from chapter 17A.

5. The department shall also consider a variety of factors, including but not limited to the following in determining the eligibility of a business to participate in the program:

a. The quality of the jobs to be created. In rating the quality of the jobs, the department shall place greater emphasis on those jobs that have a higher wage scale, have a lower turnover rate, are full-time or career-type positions, provide comprehensive health benefits, or have other related factors which could be considered to be higher in quality, than to other jobs. Businesses that have wage scales substantially below that of existing Iowa businesses in that area should be rated as providing the lowest quality of jobs and should therefore be given the lowest ranking for providing such assistance.

b. The impact of the proposed project on other businesses in competition with the business being considered for assistance. The department shall make a good faith effort to identify existing Iowa businesses within an industry in competition with

the business being considered for assistance. The department shall make a good faith effort to determine the probability that the proposed financial assistance will displace employees of the existing businesses. In determining the impact on businesses in competition with the business being considered for assistance, jobs created as a result of other jobs being displaced elsewhere in the state shall not be considered direct jobs created.

c. The impact to the state of the proposed project. In measuring the economic impact, the department shall place greater emphasis on projects which have greater consistency with the state strategic plan than other projects. Greater consistency may include any or all of the following:

(1) A business with a greater percentage of sales out-of-state or of import substitution.

(2) A business with a higher proportion of in-state suppliers.

(3) A project which would provide greater diversification of the state economy.

(4) A business with fewer in-state competitors.

(5) A potential for future job growth.

(6) A project which is not a retail operation.

d. If a business has, within three years of application for assistance, acquired or merged with an Iowa corporation or company and the business has made a good faith effort to hire the workers of the acquired or merged company.

e. Whether a business provides for a preference for hiring residents of the state, except for out-of-state employees offered a transfer to Iowa.

f. Whether all known required environmental permits have been issued and regulations met before moneys are released.

6. The department may waive any of the requirements of this section for good cause shown.

7. An application to receive incentives under this part may be submitted to the department at any time within one year from the time the job for which benefits are sought commences.

### 15.330 Agreement.

A business shall enter into an agreement with the department specifying the requirements that must be met to confirm eligibility pursuant to this part. The department shall consult with the community during negotiations relating to the agreement. The agreement shall contain, at a minimum, the following provisions:

1. A business that is approved to receive incentives shall, for the length of the agreement, certify annually to the department the compliance of the business with the requirements of the agreement. If the business receives a local property tax exemption, the business shall also certify annually to the community the compliance of the business

with the requirements of the agreement.

2. The repayment of incentives by the business if the business does not meet any of the requirements of this part or the resulting agreement.

3. If a business that is approved to receive incentives under this part experiences a layoff within the state or closes any of its facilities within the state, the department shall have the discretion to reduce or eliminate some or all of the incentives. If a business has received incentives under this part and experiences a layoff within the state or closes any of its facilities within the state, the business may be subject to repayment of all or a portion of the incentives that it has received.

4. A business creating fifteen or fewer new high quality jobs shall have up to three years to complete a project and shall be required to maintain the jobs for an additional two years. A business creating sixteen or more new high quality jobs shall have up to five years to complete a project and shall be required to maintain the jobs for an additional two years.

one year after project completion, make application to the department for any refund of the amount of the sales and use taxes paid pursuant to chapter 423 upon any goods, wares, or merchandise, or services rendered, furnished, or performed, including water, sewer, gas, and electric utility services. The application shall be made in the manner and upon forms to be provided by the department, and the department shall audit the claim and, if approved, issue a warrant to the eligible business in the amount of the sales or use tax which has been paid to the state of Iowa under a contract. A claim filed by the eligible business in accordance with this section shall not be denied by reason of a limitation provision set forth in chapter 421 or 423.

An eligible business may claim a corporate tax credit in an amount equal to the sales and use taxes paid by a third-party developer under chapter 423 for gas, electricity, water, or sewer utility services, goods, wares, or merchandise, or on services rendered, furnished, or performed to or for a contractor or subcontractor and used in the fulfillment of a written contract relating to the construction or equipping of a facility of the eligible business. Taxes attributable to intangible property and furniture and furnishings shall not be included, but taxes attributable to racks, shelving, and conveyor equipment to be used in a warehouse or distribution center shall be included. Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until depleted, whichever occurs earlier. An eligible business may elect to receive a refund of all or a portion of an unused tax credit.

2. A third-party developer shall state under oath, on forms provided by the department of economic development, the amount of taxes paid as described in subsection 1 and shall submit such forms to the department. The taxes paid shall be itemized to allow identification of the taxes attributable to racks, shelving, and conveyor equipment to be used in a warehouse or distribution center.

After receiving the form from the third-party developer, the department shall issue a tax credit certificate to the eligible business equal to the sales and use taxes paid by a third-party developer under chapter 423 for gas, electricity, water, or sewer utility services, goods, wares, or merchandise, or on services rendered, furnished, or performed to or for a contractor or subcontractor and used in the fulfillment of a written contract relating to the construction or equipping of a facility. ### 15.333 Investment tax credit.

1. An eligible business may claim a tax credit equal to a percentage of the new investment directly related to new jobs created by the location or expansion of an eligible business under the program. The tax credit shall be amortized equally over five calendar years. The tax credit shall be allowed against taxes imposed under chapter 422, division II, III, or V, and against the moneys and credits tax imposed in section 533.24. If the business is a partnership, S corporation, limited liability company, cooperative organized under chapter 501 and filing as a partnership for federal tax purposes, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, cooperative organized under chapter 501 and filing as a partnership for federal tax purposes, or estate or trust. The percentage shall be determined as provided in section 15.335A. Any tax credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until depleted, whichever occurs first.

Subject to prior approval by the department of economic development, in consultation with the department of revenue, an eligible business whose project primarily involves the production of value-added agricultural products or uses biotechnology-related processes may elect to receive a refund of all or a portion of an unused tax credit. For purposes of this subsection, such an eligible business includes a cooperative described in section 521 of the Internal Revenue Code which is not required to file an Iowa corporate income tax return, and whose project primarily involves the production of ethanol. If the business is a partnership, S corporation, limited liability company, cooperative organized under chapter 501 and filing as a partnership for federal tax purposes, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. chase price of which has been depreciated in accordance with generally accepted accounting principles, the purchase price of real property and any buildings and structures located on the real property, and the cost of improvements made to real property which is used in the operation of the eligible business. “*New investment directly related to new jobs created by the location or expansion of an eligible business under the program*” also means the annual base rent paid to a third-party developer by an eligible business for a period not to exceed ten years, provided the cumulative cost of the base rent payments for that period does not exceed the cost of the land and the third-party developer’s costs to build or renovate the building for the eligible business. The eligible business shall enter into a lease agreement with the third-party developer for a minimum of five years. If, however, within five years of purchase, the eligible business sells, disposes of, razes, or otherwise renders unusable all or a part of the land, buildings, or other existing structures for which tax credit was claimed under this section, the tax liability of the eligible business for the year in which all or part of the property is sold, disposed of, razed, or otherwise rendered unusable shall be increased by one of the following amounts:

*a.* One hundred percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within one full year after being placed in service.

*b.* Eighty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within two full years after being placed in service.

*c.* Sixty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within three full years after being placed in service.

*e.* Twenty percent of the tax credit claimed under this section if the property ceases to be eligible for the tax credit within five full years after being placed in service.

3. *a.* An eligible business whose project primarily involves the production of value-added agricultural products or uses biotechnology-related processes, which elects to receive a refund of all or a portion of an unused tax credit, shall apply to the department of economic development for tax credit certificates. Such an eligible business shall not claim a tax credit refund under this subsection unless a tax credit certificate issued by the department of economic development is attached to the taxpayer’s tax return for the tax year for which the tax credit refund is claimed. For purposes of this subsection, an eligible business includes a cooperative described in section 521 of the Internal Revenue Code which is not required to

file an Iowa corporate income tax return, and whose project primarily involves the production of ethanol. For purposes of this subsection, an eligible business also includes a cooperative described in section 521 of the Internal Revenue Code which is required to file an Iowa corporate income tax return and whose project primarily involves the production of ethanol. Such cooperative may elect to transfer all or a portion of its tax credit to its members. The amount of tax credit transferred and claimed by a member shall be based upon the pro rata share of the member’s earnings of the cooperative.

*b.* A tax credit certificate issued under this subsection shall not be valid until the tax year following the date of the capital investment project completion. A tax credit certificate shall contain the taxpayer’s name, address, tax identification number, the date of project completion, the amount of the tax credit, and other information required by the department of revenue. The department of economic development shall not issue tax credit certificates under this subsection which total more than four million dollars during a fiscal year. If the department receives and approves applications for tax credit certificates under this subsection in excess of four million dollars, the applicants shall receive certificates for a prorated amount. For a cooperative described in section 521 of the Internal Revenue Code, the department of economic development shall require that the cooperative submit a list of its members and the share of each member’s interest in the cooperative. The department shall issue a tax credit certificate to each member contained on the submitted list.

2. For purposes of this section, “*new investment directly related to new jobs created by the location or expansion of an eligible business under the program*” means the cost of machinery and equipment, as defined in section 427A.1, subsection 1, paragraphs “*e*” and “*j*”, purchased for use in the operation of the eligible business, the purchase price of which has been depreciated in accordance with generally accepted accounting principles, the purchase price of real property and any buildings and structures located on the real property, and the cost of improvements made to real property which is used in the operation of the eligible business. “*New investment directly related to new jobs created by the location or expansion of an eligible business under the program*” also means the annual base rent paid to a third-party developer by an eligible business for a period not to exceed ten years, provided the cumulative cost of the base rent payments for that period does not exceed the cost of the land and the third-party developer’s costs to build or renovate the building for the eligible business. **15.335 Research activities credit.**

1. An eligible business may claim a corporate tax credit for increasing research activities in this state during the period the eligible business is participating in the program. For purposes of this section, “*research activities*” includes the development and deployment of innovative renewable energy generation components manufactured or assembled in this state. For purposes of this section, “*innovative renewable energy generation components*” does not include a component with more than two hundred megawatts of installed effective nameplate capacity. The tax credits for innovative renewable energy generation components shall not exceed one million dollars.

*a.* The credit equals the sum of the following:

(1) Six and one-half percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

(2) Six and one-half percent of the basic research payments determined under section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

The state’s apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to total qualified research expenditures.

*b.* In lieu of the credit amount computed in paragraph “*a*”, subparagraph (1), an eligible business may elect to compute the credit amount for qualified research expenses incurred in this state in a manner consistent with the alternative incremental credit described in section 41(c)(4) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used for the taxpayer’s federal income tax. The election made under this paragraph is for the tax year and the taxpayer may use another or the same method for any subsequent year.

*c.* For purposes of the alternate credit computation method in paragraph “*b*”, the credit percentages applicable to qualified research expenses described in clauses (i), (ii), and (iii) of section 41(c)(4)(A) of the Internal Revenue Code are one and sixty-five hundredths percent, two and twenty hundredths percent, and two and seventy-five hundredths percent, respectively.

2. The credit allowed in this section is in addition to the credit authorized in section 422.10 and section 422.33, subsection 5. However, if the alternative credit computation method is used in section 422.10 or section 422.33, subsection 5, the credit allowed in this section shall also be computed using that method.

3. If the eligible business is a partnership, S corporation, limited liability company, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

4. For purposes of this section, “base amount”, “basic research payment”, and “qualified research expense” mean the same as defined for the federal credit for increasing research activities under section 41 of the Internal Revenue Code, except that for the alternative incremental credit such amounts are for research conducted within this state.

For purposes of this section, “Internal Revenue Code” means the Internal Revenue Code in effect on January 1, 2006.

5. Any credit in excess of the tax liability for the taxable year shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on its final, completed return credited to the tax liability for the following year.

#### QUALITY JOBS ENTERPRISE ZONE

15A.9 Quality jobs enterprise zone — state assistance.

#### **15A.1 Economic development — public purpose — environmental protection and waste disposal requirements.**

1. Economic development is a public purpose for which the state, a city, or a county may provide grants, loans, guarantees, tax incentives, and other financial assistance to or for the benefit of private persons.

For purposes of this chapter, “*economic development*” means private or joint public and private investment involving the creation of new jobs and income or the retention of existing jobs and income that would otherwise be lost.

2. Before public funds are used for grants, loans, tax incentives, or other financial assistance to private persons or on behalf of private persons for economic development, the governing body of the state, city, county, or other public body dispensing those funds or the governing body’s designee, shall determine that a public purpose will reasonably be accomplished by the dispensing or

use of those funds. In determining whether the funds should be dispensed, the governing body or designee of the governing body shall consider any or all of the following factors:

a. Businesses that add diversity to or generate new opportunities for the Iowa economy should be favored over those that do not.

b. Development policies in the dispensing of the funds should attract, retain, or expand businesses that produce exports or import substitutes or which generate tourism-related activities.

c. Development policies in the dispensing or use of the funds should be targeted toward businesses that generate public gains and benefits, which gains and benefits are warranted in comparison to the amount of the funds dispensed.

d. Development policies in dispensing the funds should not be used to attract a business presently located within the state to relocate to another portion of the state unless the business is considering in good faith to relocate outside the

state or unless the relocation is related to an expansion which will generate significant new job creation. Jobs created as a result of other jobs in similar Iowa businesses being displaced shall not be considered direct jobs for the purpose of dispensing funds.

3. In addition to the requirements of subsection 2, a state agency shall not provide a grant, loan, or other financial assistance to a private person or on behalf of a private person unless the business for whose benefit the financial assistance is to be provided meets, to the satisfaction of the state agency, all of the following:

a. The business makes a report detailing the circumstances of its violations, if any, of a federal or state environmental protection statute, regulation, or rule within the previous five years. The state agency shall take into consideration before allowing financial assistance this report of the business.

b. If the business generates solid or hazardous waste, that the business conducts in-house audits and management plans to reduce the amount of the waste and to safely dispose of the waste. For purposes of this paragraph, a business may, in lieu of conducting in-house audits, authorize the department of natural resources or the Iowa waste reduction center established under section 268.4 to provide the audits.

4. A state agency shall disburse public moneys used for grants, loans, tax incentives, or other financial assistance for economic development without discrimination or without the use of terms or conditions which are more onerous than those regularly extended to persons of similar economic backgrounds and based on an applicant's age, color, creed, national origin, race, religion, marital status, sex, physical disability, or familial status.

5. In addition to the other requirements of this section, a state agency may give additional consideration or additional points in the application of rating or evaluation criteria in providing a grant, loan, or other financial assistance for economic development-related purposes to a person or business for whose benefit the financial assistance is to be provided if the person or business is located in an area that meets one of the following criteria:

a. The area is a brownfield site as defined in section 15.291.

b. The area is a blighted area as defined in section 403.17.

c. The area is located in a city or county that meets the distress criteria provided under the enterprise zone program in section 15E.194, subsection 1 or 2.

87 Acts, ch 183, §2; 90 Acts, ch 1125, §1; 92 Acts, ch 1239, §21; 94 Acts, ch 1008, §14, 15; 99 Acts, ch 197, §22; 2001 Acts, ch 7, §1; 2001 Acts, ch 156, §1; 2002 Acts, ch 1162, §27

### 15A.2 Conflicts of interest.

If a member of the governing body of a city or

county or an employee of a state, city, or county board, agency, commission, or other governmental entity of the state, city, or county has an interest, either direct or indirect, in a private person for which grants, loans, guarantees, tax incentives, or other financial assistance may be provided by the governing board or governmental entity, the interest shall be disclosed to that governing body or governmental entity in writing. The member or employee having the interest shall not participate in the decision-making process with regard to the providing of such financial assistance to the private person.

Employment by a public body, its agencies, or institutions or by any other person having such an interest shall not be deemed an indicia of an interest by the employee or of any ownership or control by the employee of interests of the employee's employer.

The word "*participate*" or "*participation*" shall be deemed not to include discussion or debate preliminary to a vote of a local governing body or agency upon proposed ordinances or resolutions relating to such a project or any abstention from such a vote.

The designation of a bank or trust company as depository, paying agent, or agent for investment of funds shall not be deemed a matter of interest or personal interest.

Stock ownership in a corporation having such an interest shall not be deemed an indicia of an interest or of ownership or control by the person owning the stocks when less than five percent of the outstanding stock of the corporation is owned or controlled directly or indirectly by that person.

The phrase "*decision-making process*" shall not be deemed to include resolutions advisory to the local governing body or agency by any citizens group, board, body, or commission designated to serve a purely advisory approving or recommending function for economic development.

A violation of a provision of this section is misconduct in office under section 721.2. However, a decision of the governing board or governmental entity is not invalid because of the participation of the member or employee in the decision-making process or because of a vote cast by a member or employee in violation of this section unless the participation or vote was decisive in the awarding of the financial assistance.

### 15A.3 Public economic development assistance — violations — criminal penalties.

A person who engages in deception and knowingly makes or causes to be made, directly or indirectly, a false statement in writing, for the purpose of procuring economic development assistance from a state agency or political subdivision, for the benefit of the person or for whom the person is acting, is guilty of a fraudulent practice in the first de-

gree as defined in section 714.9. For purposes of this section, "deception" means deception as defined in section 702.9.

90 Acts, ch 1135, §1

**15A.4 Competitive programs — good neighbor agreement — additional consideration.**

For any program providing financial assistance for economic development in which the assistance is provided on a competitive basis, a business which enters into a good neighbor agreement shall receive extra consideration of at least ten points or the equivalent. Establishment of the quality jobs enterprise zone or zones and the economic development assistance provided by the state or a local community will be for the well-being and benefit of the residents of the state and will be for a public purpose.

economic development assistance available within the zone or zones, and the department of economic development shall designate a site or sites, which shall not be larger than two thousand five hundred acres, within thirty days of March 4, 1994, as a quality jobs enterprise zone or zones for the purpose of attracting a primary business and supporting businesses to locate facilities within the state.

The primary business or a supporting business shall not be prohibited from participating in or receiving other economic development programs or services or electing to utilize other tax provisions to the extent authorized elsewhere by law.

2. *Definitions.* As used in this section:

a. *"Contractor or subcontractor"* means a person who contracts with the primary business or a supporting business or subcontracts with a contractor for the provision of property, materials, or services for the construction or equipping of a facility, located within the zone, of the primary business or a supporting business.

b. *"Primary business"* means a business which pays its full-time production employees at the facility average cash compensation, which shall not include the cost of the business's contribution to retirement or health benefit plans, equating to fifteen dollars per hour worked by the end of the second full year of operation following project completion, and which provides the department of economic development within thirty days of March 4, 1994, with notice of its intent to develop and operate a new manufacturing facility on a specific location within the state, including the legal description of the site which shall not contain more than two thousand five hundred acres, to invest at least two hundred fifty million dollars in the facility, and to commence construction of the facility by December 31, 1994, providing all necessary permits have been issued and zoning changes made in time for construction to begin by that date. The business shall also guarantee that it will create at least three hundred full-time jobs at the facility. The headquarters of the primary business need not be within the zone.

c. *"Project completion"* means the first date upon which the average annualized production of finished product for the preceding ninety-day period at the manufacturing facility operated by the primary business within the zone is at least fifty percent of the initial design capacity of the facility. The primary business shall inform the department of revenue in writing within two weeks of project completion.

d. *"Supporting business"* means a business under contract with the primary business to provide property, materials, or services which are a necessary component of the operation of the manufacturing facility. To qualify as a supporting business, the business shall have a permanent facility or operations located within the zone and the revenue from fulfilling the contract with the primary

business shall constitute at least seventy-five percent of the revenue generated by the business from all activities undertaken from the facility within the zone.

e. *"Zone or zones"* means a quality jobs enterprise zone or zones.

3. *New jobs credit.* At the request of the primary business or a supporting business, an agreement authorizing a supplemental new jobs credit from withholding from jobs within the zone may be entered into between the department of revenue, a community college, and the primary business or a supporting business. The agreement shall be for program services for an additional job training project, as defined in chapter 260E. The agreement shall provide for the following:

a. That the project shall be administered in the same manner as a project under chapter 260E and that a supplemental new jobs credit from withholding in an amount equal to one and one-half percent of the gross wages paid by the primary business or a supporting business pursuant to section 422.16 is authorized to fund the program services for the additional project.

b. That the supplemental new jobs credit from withholding shall be collected, accounted for, and may be pledged by the community college in the same manner as described in section 260E.5.

c. That the community college shall not be allowed any expenses for administering the additional project except those expenses which are directly attributable to the additional project and which are in excess of the expenses allowed for the project under chapter 260E.

To provide funds for the payment of the costs of the additional project, a community college may borrow money, issue and sell certificates, and secure the payment of the certificates in the same manner as described in section 260E.6, including, but not limited to, providing the assessment of an annual levy as described in section 260E.6, subsection 4. The program and credit authorized by this subsection is in addition to, and not in lieu of, the program and credit authorized in chapter 260E.

4. *Investment tax credit.* The primary business and a supporting business shall be entitled to a corporate tax credit equal to ten percent of the new investment made within the zone by the primary business or a supporting business prior to project completion. A credit in excess of the tax liability for the tax year may be credited to the tax liability for the following twenty years or until depleted, whichever comes first.

For purposes of this section, *"new investment made within the zone"* means the capitalized cost of all real and personal property, including buildings and other improvements to real estate, purchased or otherwise acquired or relocated to the zone for use in the operation of the primary business or a supporting business within the zone. New investment in the zone does not include land,

intangible property, or furniture and furnishings. The capitalized cost of property shall for the purposes of this section be determined in accordance with generally accepted accounting principles.

5. *Property tax exemption.*

a. All property, as defined in former section 427A.1, subsection 1, paragraphs “e” and “j”, Code 1993, used by the primary business or a supporting business and located within the zone, shall be exempt from property taxation for a period of twenty years beginning with the year it is first assessed for taxation. In order to be eligible for this exemption, the property shall be acquired or leased by the primary business or a supporting business or relocated by the primary business or a supporting business to the zone from outside the state prior to project completion.

b. Property which is exempt for property tax purposes under this subsection is eligible for the sales and use tax exemption under section 423.3, subsection 47, notwithstanding that subsection or any other provision of the Code to the contrary.

6. *Sales, services, and use tax refund.* Taxes paid pursuant to chapter 423 on the sales price or rental price of property purchased or rented by the primary business or a supporting business for use by the primary business or a supporting business within the zone or on gas, electricity, water, and sewer utility services prior to project completion shall be refunded to the primary business or supporting business if the item was purchased or the service was performed or received prior to project completion. Claims under this section shall be submitted on forms provided by the department of revenue not later than six months after project completion. The refund in this subsection shall not apply to furniture or furnishings, or intangible property.

7. *Sales, services, and use tax refund — contractor or subcontractor.* The primary business or a supporting business shall be entitled to a refund of the sales and use taxes paid under chapter 423 for gas, electricity, water, or sewer utility services, goods, wares, or merchandise, or on services rendered, furnished, or performed to or for a contractor or subcontractor and used in the fulfillment of a written contract relating to the construction or equipping of a facility within the zone of the primary business or a supporting business. Taxes attributable to intangible property and furniture and furnishings shall not be refunded.

To receive the refund, a claim shall be filed by the primary business or a supporting business with the department of revenue as follows:

a. The contractor or subcontractor shall state under oath, on forms provided by the department, the amount of the sales of goods, wares, or merchandise or services rendered, furnished, or performed including water, sewer, gas, and electric utility services for use in the zone upon which sales or use tax has been paid prior to the project completion, and shall file the forms with the pri-

mary business or supporting business before final settlement is made.

b. The primary business or a supporting business shall, not more than six months after project completion, make application to the department for any refund of the amount of the sales and use taxes paid pursuant to chapter 423 upon any goods, wares, or merchandise, or services rendered, furnished, or performed, including water, sewer, gas, and electric utility services. The application shall be made in the manner and upon forms to be provided by the department, and the department shall audit the claim and, if approved, issue a warrant to the primary business or supporting business in the amount of the sales or use tax which has been paid to the state of Iowa under a contract. A claim filed by the primary business or a supporting business in accordance with this subsection shall not be denied by reason of a limitation provision set forth in chapter 421, 422, or 423.

c. A contractor or subcontractor who willfully makes a false report of tax paid under the provisions of this subsection is guilty of a simple misdemeanor and in addition is liable for the payment of the tax and any applicable penalty and interest.

8. *Corporate tax research credit.* A corporate tax credit shall be available to the primary business or a supporting business for increasing research activities in this state within the zone.

a. The credit equals the sum of the following:

(1) Thirteen percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

(2) Thirteen percent of the basic research payments determined under section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

The state’s apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state within the zone to total qualified research expenditures.

b. In lieu of the credit amount computed in paragraph “a”, subparagraph (1), a business may elect to compute the credit amount for qualified research expenses incurred in this state within the zone in a manner consistent with the alternative incremental credit described in section 41(c)(4) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used for the taxpayer’s federal income tax. The election made under this paragraph is for the tax year and the taxpayer may use another or the same method for any subsequent year.

c. For purposes of the alternate credit computation method in paragraph “b”, the credit percentages applicable to qualified research expenses

described in clauses (i), (ii), and (iii) of section 41(c)(4)(A) of the Internal Revenue Code are three and thirty hundredths percent, four and forty hundredths percent, and five and fifty hundredths percent, respectively.

d. Any credit in excess of the tax liability for the tax year shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, the primary business or a supporting business may elect to have the overpayment shown on its final return credited to its tax liability for the following tax year.

e. For the purposes of this subsection, “base amount”, “basic research payment”, and “qualified research expense” mean the same as defined for the federal credit for increasing research activities under section 41 of the Internal Revenue Code, except that for the alternative incremental credit such amounts are for research conducted within this state within the zone.

For purposes of this subsection, “Internal Revenue Code” means the Internal Revenue Code in effect on January 1, 2006.

f. The credit authorized in this subsection is in lieu of the credit authorized in section 422.10 and section 422.33, subsection 5.

9. *Exemption from land ownership restrictions for nonresident aliens.*

a. The primary business and a supporting business, to the extent the primary business or the supporting business is not actively engaged in farming within the zone, may acquire, own, and lease land in the zone, notwithstanding the provisions of sections 9H.4, 9H.5, and 9I.3, and shall be exempt from the requirements of section 9I.4. The primary business and supporting business shall comply with the remaining provisions of chapters 9H and 9I to the extent they do not conflict with this subsection.

b. “Actively engaged in farming” means any of the following:

- (1) Inspecting agricultural production activities within the zone periodically and furnishing at least half of the value of the tools and paying at least half the direct cost of production.

- (2) Regularly and frequently making or taking an important part in making management decisions substantially contributing to or affecting the success of the farm operations within the zone.

- (3) Performing physical work which significantly contributes to crop or livestock production.

10. *Limitation on assistance.* Economic development assistance under subsections 3 through 9 shall only be available to the primary business or a supporting business. However, if the department of economic development finds that a primary business or a supporting business has a record of violations of the law, including but not limited to environmental and worker safety statutes, rules, and regulations, over a period of time that tends to show a consistent pattern, the primary business or supporting business shall not qualify for economic development assistance under subsections 3 through 9, unless the department of economic development finds that the violations did not seriously affect public health or safety or the environment, or if it did that there were mitigating circumstances. In making the findings and determinations regarding violations, mitigating circumstances, and whether a primary business or a supporting business is eligible for economic development assistance under subsections 3 through 9, the department of economic development shall be exempt from chapter 17A.

#### ARTICLE IV — ADVISORY AND TECHNICAL COMMITTEES

The board may establish such advisory and technical committees as it may deem necessary, membership on which may include representatives of industry, labor, commerce, agriculture, medicine, health and education; other professional, scientific, and civic groups and interests; officials of local, state and federal government; and representatives of the general public, and may cooperate with and use the services of any such committees and the organizations which they represent in furthering any of its activities under this compact.

#### ARTICLE V — POWERS

The board shall have power to:

*a.* Encourage and promote co-operation among the party states in the development and utilization of nuclear and related technologies and their application to industry and other fields.

*b.* Ascertain and analyze on a continuing basis the position of the midwest with respect to the employment in industry of nuclear and related scientific findings and technologies.

*c.* Encourage the development and use of scientific advances and discoveries in nuclear facilities, energy, materials, products, by-products, and all other appropriate adaptations of scientific and technological advances and discoveries.

*d.* Collect, correlate, and disseminate information relating to civilian uses of nuclear energy, materials, and products, and other products and processes resulting from the application of related science and technology.

*e.* Conduct, or co-operate in conducting, programs of training for state and local personnel engaged in any aspects of:

1. Nuclear industry, medicine, or education, or the promotion or regulation thereof.

2. Applying nuclear scientific advances or discoveries, and any industrial, commercial or other processes resulting therefrom.

3. The formulation or administration of measures designed to promote safety in any matter related to the development, use or disposal of nuclear energy, materials, products, by-products, installations, or wastes, or to safety in the production, use and disposal of any other substances peculiarly related thereto.

*f.* Organize and conduct, or assist and co-operate in organizing and conducting, demonstrations or research in any of the scientific, technological or industrial fields to which this compact relates.

*g.* Undertake such nonregulatory functions with respect to nonnuclear sources of radiation as may promote the economic development and general welfare of the midwest.

*h.* Study industrial, health, safety, and other standards, laws, codes, rules, regulations, and administrative practices in or related to nuclear fields.

*i.* Recommend such changes in, or amendments or additions to the laws, codes, rules, regulations, administrative procedures and practices or local laws or ordinances of the party states or their subdivisions in nuclear and related fields, as in its judgment may be appropriate. Any such recommendations shall be made through the appropriate state agency, with due consideration of the desirability of uniformity but shall also give appropriate weight to any special circumstances which may justify variations to meet local conditions.

*j.* Consider and make recommendations designed to facilitate the transportation of nuclear

equipment, materials, products, by-products, wastes, and any other nuclear or related substances, in such manner and under such conditions as will make their availability or disposal practicable on an economic and efficient basis.

*k.* Consider and make recommendations with respect to the assumption of and protection against liability actually or potentially incurred in any phase of operations in nuclear and related fields.

*l.* Advise and consult with the federal government concerning the common position of the party states in respect to nuclear and related fields.

*m.* Co-operate with the atomic energy commission, the national aeronautics and space administration, the office of science and technology, or any agencies successor thereto, any other officer or agency of the United States, and any other governmental unit or agency or officer thereof, and with any private persons or agencies in any of the fields of its interest.

*n.* Act as licensee, contractor or subcontractor of the United States government or any party state with respect to the conduct of any research activity requiring such license or contract and operate such research facility or undertake any program pursuant thereto, provided that this power shall be exercised only in connection with the implementation of one or more other powers conferred upon the board by this compact.

*o.* Prepare, publish and distribute, with or without charge, such reports, bulletins, newsletters, or other materials as it deems appropriate.

*p.* Ascertain from time to time such methods, practices, circumstances, and conditions as may bring about the prevention and control of nuclear incidents in the area comprising the party states, to co-ordinate the nuclear incident prevention and control plans and the work relating thereto of the appropriate agencies of the party states and to facilitate the rendering of aid by the party states to each other in coping with nuclear incidents. The board may formulate and, in accordance with need from time to time, revise a regional plan or regional plans for coping with nuclear incidents within the territory of the party states as a whole or within any subregion or subregions of the geographic area covered by this compact. Any nuclear incident plan in force pursuant to this paragraph shall designate the official or agency in each party state covered by the plan who shall co-ordinate requests for aid pursuant to Article VI of this compact and the furnishing of aid in response thereto. Unless the party states concerned expressly otherwise agree, the board shall not administer the summoning and dispatching of aid, but this function shall be undertaken directly by the designated agencies and officers of the party states. However, the plan or plans of the board in force pursuant to this paragraph shall provide for reports to the board concerning the occurrence of nuclear inci-

dents and the requests for aid on account thereof, together with summaries of the actual working and effectiveness of mutual aid in particular instances. From time to time, the board shall analyze the information gathered from reports of aid pursuant to Article VI and such other instances of mutual aid as may have come to its attention, so that experience in the rendering of such aid may be available.

#### ARTICLE VI — MUTUAL AID

*a.* Whenever a party state, or any state or local governmental authorities therein, request aid from any other party state pursuant to this compact in coping with a nuclear incident, it shall be the duty of the requested state to render all possible aid to the requesting state which is consonant with the maintenance of protection of its own people.

*b.* Whenever the officers or employees of any party state are rendering outside aid pursuant to the request of another party state under this compact, the officers or employees of such state shall, under the direction of the authorities of the state to which they are rendering aid, have the same powers, duties, rights, privileges and immunities as comparable officers and employees of the state to which they are rendering aid.

*c.* No party state or its officers or employees rendering outside aid pursuant to this compact shall be liable on account of any act or omission on their part while so engaged, or on account of the maintenance or use of any equipment or supplies in connection therewith.

*d.* All liability that may arise either under the laws of the requesting state or under the laws of the aiding state or under the laws of a third state on account of or in connection with a request for aid, shall be assumed and borne by the requesting state.

*e.* Any party state rendering outside aid pursuant to this compact shall be reimbursed by the party state receiving such aid for any loss or damage to, or expense incurred in the operation of any equipment answering a request for aid, and for the cost of all materials, transportation, wages, salaries and maintenance of officers, employees and equipment incurred in connection with such request: Provided that nothing herein contained shall prevent any assisting party state from assuming such loss, damage, expense or other cost or from loaning such equipment or from donating such services to the receiving party state without charge or cost.

*f.* Each party state shall provide for the payment of compensation and death benefits to injured officers and employees and the representatives of deceased officers and employees in case officers or employees sustain injuries or death while rendering outside aid pursuant to this compact, in

the same manner and on the same terms as if the injury or death were sustained within the state by or in which the officer or employee was regularly employed.

#### ARTICLE VII — SUPPLEMENTARY AGREEMENTS

*a.* To the extent that the board has not undertaken an activity or project which would be within its power under the provisions of Article V of this compact, any two or more of the party states, acting by their duly constituted administrative officials, may enter into supplementary agreements for the undertaking and continuance of such an activity or project. Any such agreement shall specify its purpose or purposes; its duration and the procedure for termination thereof or withdrawal therefrom; the method of financing and allocating the costs of the activity or project; and such other matters as may be necessary or appropriate. No such supplementary agreement entered into pursuant to this Article shall become effective prior to its submission to and approval by the board. The board shall give such approval unless it finds that the supplementary agreement or the activity or project contemplated thereby is inconsistent with the provisions of this compact or a program or activity conducted by or participated in by the board.

*b.* Unless all of the party states participate in a supplementary agreement, any cost or costs thereof shall be borne separately by the states party thereto. The board, if requested, may administer or otherwise assist in the operation of any supplementary agreement.

*c.* No party to a supplementary agreement entered into pursuant to this Article shall be relieved thereby of any obligation or duty assumed by said party state under or pursuant to this compact, except that timely and proper performance of such obligation or duty by means of the supplementary agreement may be offered as performance pursuant to the compact.

*d.* The provisions of this Article shall apply to supplementary agreements and activities thereunder, but shall not be construed to repeal or impair any authority which officers or agencies of party states may have pursuant to other laws to undertake co-operative arrangements or projects.

#### ARTICLE VIII — OTHER LAWS AND RELATIONS

Nothing in this compact shall be construed to:

*a.* Permit or require any person or other entity to avoid or refuse compliance with any law, rule, regulation, order or ordinance of a party state or subdivision thereof now or hereafter made, enacted or in force.

*b.* Limit, diminish, affect, or otherwise impair jurisdiction exercised by the atomic energy commission, any agency successor thereto, or any other federal department, agency or officer pursuant to and in conformity with any valid and operative

Act of Congress; nor limit, diminish, affect, or otherwise impair jurisdiction exercised by any officer or agency of a party state, except to the extent that the provisions of this compact may provide therefor.

*c.* Alter the relations between and respective internal responsibilities of the government of a party state and its subdivisions.

*d.* Permit or authorize the board to exercise any regulatory authority or to own or operate any nuclear reactor for the commercial generation of electric energy; nor shall the board own or operate any nuclear facility or installation on a commercial or profit-making basis.

#### ARTICLE IX — ELIGIBLE PARTIES, ENTRY INTO FORCE AND WITHDRAWAL

*a.* Any or all of the states of Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, South Dakota and Wisconsin shall be eligible to become party to this compact.

*b.* As to any eligible party state, this compact shall become effective when its legislature shall have enacted the same into law: Provided that it shall not become initially effective until enacted into law by six states.

*c.* Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall become effective until two years after the governor of the withdrawing state shall have sent formal notice in writing to the governor of each other party state informing said governors of the action of the legislature in repealing the compact and declaring an intention to withdraw. A withdrawing state shall be liable for any obligations which it may have incurred on account of its party status up to the effective date of withdrawal, except that if the withdrawing state has specifically undertaken or committed itself to any performance of an obligation extending beyond the effective date of withdrawal it shall remain liable to the extent of such obligation.

#### ARTICLE X — SEVERABILITY AND CONSTRUCTION

The provisions of this compact and of any supplementary agreement entered into hereunder shall be severable and if any phrase, clause, sentence or provision of this compact or such supplementary agreement is declared to be contrary to the Constitution of any participating state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact or such supplementary agreement and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact or any supplementary agreement entered into hereunder shall be held contrary to the Constitution of any state partici-

pating therein, the compact or such supplementary agreement shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. The provisions of this compact and of any supplementary agreement entered into pursuant hereto shall be liberally construed to effectuate the purposes thereof.
