**138.13 Conditions for permit.**

To be eligible for a permit, a migrant labor camp, or portion thereof, shall meet each and all of the following requirements:

1. *Site.*
  - a. Sites for migrant labor camps shall be adequately drained. Such sites shall not be subject to periodic flooding, nor located within two hundred feet of swamps, pools, sinkholes, or other quiescent surface collections of water unless the water surfaces can be subjected to mosquito and pest control measures. Sites shall be located so that drainage from and through the camp will not endanger any domestic or public water supply. Sites shall be graded, ditched, and rendered free from depressions in which water may collect and become a nuisance.
  - b. Sites shall be adequate in size to prevent overcrowding of necessary structures and to minimize the hazards of fire. Housing shall not be subject to, or in proximity to, conditions that create or are likely to create offensive odors, flies, noise, traffic, or attract rats or other rodents, or any oth-

er similar conditions.

c. The grounds and open areas surrounding the shelters, buildings, or structures, shall be maintained in a clean and sanitary condition free from rubbish, debris, wastepaper, garbage, and other refuse.

d. All camps shall provide space for recreation, commensurate with size of the camp and type of occupancy.

e. Whenever a camp is permanently closed or closed for the season, all garbage, manure, and other refuse shall be collected and disposed of to prevent a nuisance. All abandoned privy pits shall be filled with earth and the grounds and buildings left in a clean and sanitary condition. If privy buildings remain, then such buildings shall be locked or otherwise secured to prevent entrance.

**2. Shelter.**

a. Shelters shall be structurally sound and shall provide protection to the occupants.

b. At least one-half of the floor area in each living unit shall have a minimum ceiling height of seven feet. No floor space shall be counted toward minimum requirements where the ceiling height is less than five feet.

c. Sleeping facilities shall be provided for each person. Such facilities shall consist of comfortable beds, cots, or bunks, provided with clean mattresses.

d. Any bedding provided by the camp operator shall be clean and sanitary.

e. Triple deck bunks shall not be allowed.

g. Beds used for double occupancy may be provided only in family accommodations.

h. Floors of buildings used as living quarters or shelters shall be constructed of wood, asphalt, concrete, or other comparable material. Wooden floors shall be of smooth and tight construction and shall be elevated not less than one foot above the ground level at all points to prevent dampness and to permit free circulation of air beneath. Floors shall be kept in good repair.

i. Nothing in this chapter shall prohibit banking with earth or other suitable material around the outside walls of shelters and other structures in areas subject to extremely low temperatures.

j. Living quarters of shelters shall be provided with windows and doors which shall be in total area not less than one-tenth of the floor area. At least one-half of each window shall be constructed so that it can be opened for purposes of ventilation.

*l.* In a room where people cook, live, and sleep, a minimum of sixty square feet per occupant shall be provided. Sanitary facilities shall be provided for storing and preparing food.

*m.* When a camp is operated during a season requiring artificial heating, living quarters with a minimum of one hundred square feet per occupant shall be provided and such living quarters or shelters shall, also, be provided with properly installed heating equipment of adequate capacity to maintain a room temperature of at least 70 degrees F. A stove or other source of heat shall be installed and vented in a manner to avoid both a fire hazard and a concentration of fumes or gas within such living quarters and shelters. In a room with wooden or combustible flooring, there shall be a concrete slab, metal sheet, or other fire-resistant material, on the floor under each stove, extending at least eighteen inches beyond the perimeter of the base of the stove. Any wall or ceiling not having a fire-resistant surface, within twenty-four inches of a stove or stovepipe, shall be protected by a metal sheet or other fire-resistant material. Heating appliances, other than electrical, shall be provided with a stovepipe or vent connected to the appliance and discharging to the outside air or chimney. The vent or chimney shall extend above the peak of the roof. Stovepipes shall be insulated with fire-resistant material where they pass through walls, ceilings, or floors.

*f.* Urinals, constructed of nonabsorbent materials, may be substituted for men's toilet seats on the basis of one urinal or twenty-four inches of trough-type urinal for one toilet seat up to a maximum of one-third of the required toilet seats.

*g.* Each toilet room or facility shall be lighted naturally, or artificially, by a safe type of lighting at all hours of the day and night.

**139A.19 Care provider notification.**

1. *a.* Notwithstanding any provision of this chapter to the contrary, if a care provider sustains an exposure from an individual while rendering health care services or other services, the individual to whom the care provider was exposed is deemed to consent to a test to determine if the individual has a contagious or infectious disease and is deemed to consent to notification of the care provider of the results of the test, upon submission of an exposure report by the care provider to the hospital or other person specified in this section to whom the individual is delivered by the care provider. The exposure report form may be incorporated into the Iowa prehospital care report, the Iowa prehospital advanced care report, or a similar report used by an ambulance, rescue, or first response service or law enforcement agency.

*b.* The hospital or other person specified in this section to whom the individual is delivered shall conduct the test. If the individual is delivered by the care provider to an institution administered by the Iowa department of corrections, the test shall be conducted by the staff physician of the institution. If the individual is delivered by the care provider to a jail, the test shall be conducted by the attending physician of the jail or the county medical examiner. The sample and test results shall only be identified by a number and shall not otherwise identify the individual tested.

*c.* A hospital, institutions administered by the department of corrections, and jails shall have written policies and procedures for notification of a care provider under this section. The policies and procedures shall include designation of a representative of the care provider to whom notification shall be provided and who shall, in turn, notify the care provider. The identity of the designated representative of the care provider shall not be revealed to the individual tested. The designated representative shall inform the hospital, institution administered by the department of corrections, or jail of those parties who received the notification, and following receipt of this information and upon request of the individual tested, the hospital, institution administered by the department of corrections, or jail shall inform the individual of the parties to whom notification was provided.

2. If the individual tested is diagnosed or confirmed as having a contagious or infectious disease, the hospital or other person conducting the test shall notify the care provider or the designated representative of the care provider who shall then notify the care provider.

3. The notification to the care provider shall advise the care provider of possible exposure to a particular contagious or infectious disease and recommend that the care provider seek medical attention. The notification shall be provided as soon as is reasonably possible following determination that the individual has a contagious or infectious disease. The notification shall not include the name of the individual tested for the contagious or infectious disease unless the individual consents. If the care provider who sustained an exposure determines the identity of the individual diagnosed or confirmed as having a contagious or infectious disease, the identity of the individual shall be confidential information and shall not be disclosed by the care provider to any other person unless a specific written release is obtained from the individual diagnosed with or confirmed as having a contagious or infectious disease.

4. This section does not require or permit, unless otherwise provided, a hospital, health care provider, or other person to administer a test for the express purpose of determining the presence of a contagious or infectious disease, except that testing may be performed if the individual consents and if the requirements of this section are satisfied.

5. This section does not preclude a hospital or a health care provider from providing notification

to a care provider under circumstances in which the hospital's or health care provider's policy provides for notification of the hospital's or health care provider's own employees of exposure to a contagious or infectious disease that is not life-threatening if the notice does not reveal a patient's name, unless the patient consents.

6. A hospital, health care provider, or other person participating in good faith in complying with provisions authorized or required under this section is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

7. A hospital's or health care provider's duty of notification under this section is not continuing but is limited to a diagnosis of a contagious or infectious disease made in the course of admission, care, and treatment following the rendering of health care services or other services to which notification under this section applies.

8. A hospital, health care provider, or other person who is authorized to perform a test under this section or who fails to perform the test authorized under this section, is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

9. A hospital, health care provider, or other person who is authorized to perform a test under this section has no duty to perform the test authorized.

10. The department shall adopt rules pursuant to chapter 17A to administer this section. The department may determine by rule the contagious or infectious diseases for which testing is reasonable and appropriate and which may be administered under this section.

11. The employer of a care provider who sustained an exposure under this section shall pay the costs of testing for the individual who is the source of the exposure and of the testing of the care provider, if the exposure was sustained during the course of employment. However, the department shall pay the costs of testing for the individual who is the source of the significant exposure and of the testing of the care provider who renders direct aid without compensation.

A hospital, an expert review panel established by the hospital, and individual members of the panel shall be immune from any liability, civil or criminal, for reasonable actions taken in the good faith performance of functions authorized or required by this section. 99 Acts, ch 181, §8

#### 141A.5 Partner notification program — HIV.

1. The department shall maintain a partner notification program for persons known to have tested positive for the HIV infection.

2. The department shall initiate the program at alternative testing and counseling sites and at sexually transmitted disease clinics.

3. In administering the program, the department shall provide for the following:

*a.* A person who tests positive for the HIV infection shall receive posttest counseling, during which time the person shall be encouraged to refer for counseling and HIV testing any person with whom the person has had sexual relations or has shared drug injecting equipment.

*b.* The physician or other health care provider attending the person may provide to the department any relevant information provided by the person regarding any person with whom the tested person has had sexual relations or has shared drug injecting equipment. The department disease prevention staff shall then conduct partner notification in the same manner as that utilized for sexually transmitted diseases consistent with the provisions of this chapter.

*c.* Devise a procedure, as a part of the partner notification program, to provide for the notification of an identifiable third party who is a sexual partner of or who shares drug injecting equipment with a person who has tested positive for HIV, by the department or a physician, when all of the following situations exist:

(1) A physician for the infected person is of the good faith opinion that the nature of the continu-

ing contact poses an imminent danger of HIV infection transmission to the third party.

(2) When the physician believes in good faith that the infected person, despite strong encouragement, has not and will not warn the third party and will not participate in the voluntary partner notification program.

Notwithstanding subsection 4, the department or a physician may reveal the identity of a person who has tested positive for the HIV infection pursuant to this subsection only to the extent necessary to protect a third party from the direct threat of transmission. This subsection shall not be interpreted to create a duty to warn third parties of the danger of exposure to HIV through contact with a person who tests positive for the HIV infection.

The department shall adopt rules pursuant to chapter 17A to implement this paragraph "c". The rules shall provide a detailed procedure by which the department or a physician may directly notify an endangered third party.

4. In making contact the department shall not disclose the identity of the person who provided the names of the persons to be contacted and shall protect the confidentiality of persons contacted.

5. The department may delegate its partner notification duties under this section to local health authorities unless the local authority refuses or neglects to conduct the contact tracing program in a manner deemed to be effective by the department.

6. In addition to the provisions for partner notification provided under this section and notwithstanding any provision to the contrary, a county medical examiner or deputy medical examiner performing official duties pursuant to sections 331.801 through 331.805 or the state medical examiner or deputy medical examiner performing official duties pursuant to chapter 691, who determines through an investigation that a deceased person was infected with HIV, may notify directly, or request that the department notify, the immediate family of the deceased or any person known to have had a significant exposure from the deceased of the finding.

2. Within seven days of diagnosing a person as

having an AIDS-related condition, the diagnosing physician shall make a report to the department on a form provided by the department.

3. Within seven days of the death of a person resulting from an AIDS-related condition, the attending physician shall make a report to the department on a form provided by the department.

4. Within seven days of the receipt of a test result indicating HIV infection which has been confirmed as positive according to prevailing medical technology, the director of a blood bank shall make a report to the department on a form provided by the department.

5. Within seven days of the receipt of a test result indicating HIV infection which has been confirmed as positive according to prevailing medical technology, the director of a clinical laboratory shall make a report to the department on a form provided by the department.

6. The forms provided by the department shall require inclusion of all of the following information:

- a. The name of the patient.

- d. The gender of the patient.
- e. The race and ethnicity of the patient.

- k. If the patient is female, whether the patient is pregnant.

7. An individual who repeatedly fails to file the report required under this section is subject to a report being made to the licensing board governing the professional activities of the individual. The department shall notify the individual each time the department determines that the individual has failed to file a required report. The department shall inform the individual in the notification that the individual may provide information to the department to explain or dispute the failure to report.

8. A public, private, or hospital clinical laboratory that repeatedly fails to make the report required under this section is subject to a civil penalty of not more than one thousand dollars per occurrence. The department shall not impose the penalty under this subsection without prior written notice and opportunity for hearing.

#### **141A.7 Test results — counseling — application for services.**

1. Prior to undergoing an HIV-related test, information shall be available to the subject of the

test concerning testing and any means of obtaining additional information regarding HIV infection and risk reduction. At any time that the subject of an HIV-related test is informed of confirmed positive test results, counseling concerning the emotional and physical health effects shall be initiated. Particular attention shall be given to explaining the need for the precautions necessary to avoid transmitting the virus. The subject shall be given information concerning additional counseling.

2. Notwithstanding subsection 1, the provisions of this section do not apply to any of the following:

*a.* The performance by a health care provider or health facility of an HIV-related test when the health care provider or health facility procures, processes, distributes, or uses a human body part donated for a purpose specified under the uniform anatomical gift Act as provided in chapter 142C, or semen provided prior to July 1, 1988, for the purpose of artificial insemination, or donations of blood, and such test is necessary to ensure medical acceptability of such gift or semen for the purposes intended.

*b.* A person engaged in the business of insurance who is subject to section 505.16.

*c.* The performance by a health care provider or health facility of an HIV-related test when the subject of the test is deceased and a documented significant exposure has occurred.

3. A person may apply for voluntary treatment, contraceptive services, or screening or treatment for HIV infection and other sexually transmitted diseases directly to a licensed physician and surgeon, an osteopathic physician and surgeon, or a family planning clinic. Notwithstanding any other provision of law, however, a minor shall be informed prior to testing that, upon confirmation according to prevailing medical technology of a positive HIV-related test result, the minor's legal guardian is required to be informed by the testing facility. Testing facilities where minors are tested shall have available a program to assist minors and legal guardians with the notification process which emphasizes the need for family support and assists in making available the resources necessary to accomplish that goal. However, a testing facility which is precluded by federal statute, regulation, or centers for disease control and prevention guidelines from informing the legal guardian is exempt from the notification requirement. The minor shall give written consent to these procedures and to receive the services, screening, or treatment. Such consent is not subject to later disaffirmance by reason of minority.

99 Acts, ch 181, §11; 2003 Acts, ch 108, §35

#### **141A.8 Care provider notification.**

1. *a.* Notwithstanding any provision of this chapter to the contrary, if a care provider sustains

a significant exposure from an individual, the individual to whom the care provider was exposed is deemed to consent to a test to determine the presence of HIV infection in that individual and is deemed to consent to notification of the care provider of the HIV test results of the individual, upon submission of a significant exposure report by the care provider to the hospital or other person specified in this section to whom the individual is delivered by the care provider. The significant exposure report form may be incorporated into the Iowa prehospital care report, the Iowa prehospital advanced care report, or a similar report used by an ambulance, rescue, or first response service or law enforcement agency.

*b.* The hospital or other person specified in this section to whom the individual is delivered shall conduct the test. If the individual is delivered by the care provider to an institution administered by the Iowa department of corrections, the test shall be conducted by the staff physician of the institution. If the individual is delivered by the care provider to a jail, the test shall be conducted by the attending physician of the jail or the county medical examiner. The sample and test results shall only be identified by a number and no reports otherwise required by this chapter shall be made which otherwise identify the individual tested.

*c.* A hospital, institutions administered by the department of corrections, and jails shall have written policies and procedures for notification of a care provider under this section. The policies and procedures shall include designation of a representative of the care provider to whom notification shall be provided and who shall, in turn, notify the care provider. The identity of the designated representative of the care provider shall not be revealed to the individual tested. The designated representative shall inform the hospital, institution administered by the department of corrections, or jail of those parties who received the notification, and following receipt of this information and upon request of the individual tested, the hospital, institution administered by the department of corrections, or jail shall inform the individual of the parties to whom notification was provided.

2. *a.* If the test results are positive, the hospital or other person performing the test shall notify the subject of the test and ensure the performance of counseling and reporting requirements of this chapter in the same manner as for an individual from whom actual consent was obtained.

*b.* If the HIV test results of the subject of the test are positive, the hospital or other person performing the test shall notify the care provider or the designated representative of the care provider who shall then notify the care provider who sustained the exposure.

*c.* The notification shall be provided as soon as is reasonably possible following determination that the HIV test results of the subject of the test are positive. The notification shall not include the

name of the individual tested for HIV infection unless the individual provides a specific written release. If the care provider who sustained the significant exposure determines the identity of the individual tested, the identity of the individual shall be confidential information and shall not be disclosed by the care provider to any other person unless a specific written release is obtained from the individual tested.

3. This section does not require or permit, unless otherwise provided, a hospital, health care provider, or other person to administer a test for the express purpose of determining the presence of HIV infection, except that testing may be performed if the individual consents and if the requirements of this section are satisfied.

4. This section does not preclude a hospital or health care provider from providing notification to a care provider under circumstances in which the hospital's or health care provider's policy provides for notification of the hospital's or health care provider's own employees of exposure to HIV infection if the notice does not reveal a patient's name, unless the patient consents.

5. A hospital, health care provider, or other person participating in good faith in making a report under the notification provisions of this section, under procedures similar to this section for notification of its own employees upon filing of a significant exposure report, or in failing to make a report under this section, is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

6. A hospital's or health care provider's duty to notify under this section is not continuing but is limited to the diagnosis of HIV infection made in the course of admission, care, and treatment following the rendering of health care services or other services to the individual with the infection to which notification under this section applies.

7. Notwithstanding subsection 6, if, following discharge from or completion of care or treatment by a hospital, an individual for whom a significant exposure report was submitted but which report did not result in notification, wishes to provide information regarding the individual's HIV infection status to the care provider who submitted the report, the hospital shall provide a procedure for notifying the care provider.

8. A hospital, health care provider, or other person who is authorized to perform an HIV test under this section, who performs the HIV test in compliance with this section or who fails to perform an HIV test authorized under this section, is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

9. A hospital, health care provider, or other person who is authorized to perform a test under this section has no duty to perform the HIV test authorized.

10. The employer of a care provider who sustained a significant exposure under this section

shall pay the costs of HIV testing for the individual who is the source of the significant exposure and of the testing and counseling of the care provider, if the significant exposure was sustained during the course of employment. However, the department shall pay the costs of HIV testing for the individual who is the source of the significant exposure and of the testing and counseling of the care provider who renders direct aid without compensation.

99 Acts, ch 181, §12; 2000 Acts, ch 1140, §27–29; 2000 Acts, ch 1154, §13; 2001 Acts, ch 157, §7

#### **141A.9 Confidentiality of information.**

1. Any information, including reports and records, obtained, submitted, and maintained pursuant to this chapter is strictly confidential medical information. The information shall not be released, shared with an agency or institution, or made public upon subpoena, search warrant, discovery proceedings, or by any other means except as provided in this chapter. A person shall not be compelled to disclose the identity of any person upon whom an HIV-related test is performed, or the results of the test in a manner which permits identification of the subject of the test, except to persons entitled to that information under this chapter. Information shall be made available for release to the following individuals or under the following circumstances:

*a.* To the subject of the test or the subject's legal guardian subject to the provisions of section 141A.7, subsection 3, when applicable.

*b.* To any person who secures a written release of test results executed by the subject of the test or the subject's legal guardian.

*c.* To an authorized agent or employee of a health facility or health care provider, if the health facility or health care provider ordered or participated in the testing or is otherwise authorized to obtain the test results, the agent or employee provides patient care or handles or processes samples, and the agent or employee has a medical need to know such information.

*d.* To a health care provider providing care to the subject of the test when knowledge of the test results is necessary to provide care or treatment.

*e.* To the department in accordance with reporting requirements for an HIV-related condition.

*f.* To a health facility or health care provider which procures, processes, distributes, or uses a human body part from a deceased person with respect to medical information regarding that person, or semen provided prior to July 1, 1988, for the purpose of artificial insemination.

*g.* Release may be made of medical or epidemiological information for statistical purposes in a manner such that no individual person can be identified.

*h.* Release may be made of medical or epidemiological information to the extent necessary to

enforce the provisions of this chapter and related rules concerning the treatment, control, and investigation of HIV infection by public health officials.

*i.* Release may be made of medical or epidemiological information to medical personnel to the extent necessary to protect the health or life of the named party.

*j.* Release may be made of test results concerning a patient pursuant to procedures established under section 141A.5, subsection 3, paragraph “c”.

*k.* To a person allowed access to a record by a court order which is issued in compliance with the following provisions:

(1) A court has found that the person seeking the test results has demonstrated a compelling need for the test results which need cannot be accommodated by other means. In assessing compelling need, the court shall weigh the need for disclosure against the privacy interest of the test subject and the public interest which may be diserved by disclosure due to its deterrent effect on future testing or due to its effect in leading to discrimination.

(2) Pleadings pertaining to disclosure of test results shall substitute a pseudonym for the true name of the subject of the test. The disclosure to the parties of the subject’s true name shall be communicated confidentially in documents not filed with the court.

(3) Before granting an order, the court shall provide the person whose test results are in question with notice and a reasonable opportunity to participate in the proceedings if the person is not already a party.

(4) Court proceedings as to disclosure of test results shall be conducted in camera unless the subject of the test agrees to a hearing in open court or unless the court determines that a public hearing is necessary to the public interest and the proper administration of justice.

(5) Upon the issuance of an order to disclose test results, the court shall impose appropriate safeguards against unauthorized disclosure, which shall specify the persons who may gain access to the information, the purposes for which the information shall be used, and appropriate prohibitions on future disclosure.

*l.* To an employer, if the test is authorized to be required under any other provision of law.

*m.* To a convicted or alleged sexual assault offender; the physician or other health care provider who orders the test of a convicted or alleged offender; the victim; the parent, guardian, or custodian of the victim if the victim is a minor; the physician of the victim; the victim counselor or person requested by the victim to provide counseling regarding the HIV-related test and results; the victim’s spouse; persons with whom the victim has engaged in vaginal, anal, or oral intercourse subsequent to the sexual assault; members of the victim’s family within the third degree of consanguin-

ity; and the county attorney who may use the results as evidence in the prosecution of sexual assault under chapter 915, subchapter IV, or prosecution of the offense of criminal transmission of HIV under chapter 709C. For the purposes of this paragraph, “victim” means victim as defined in section 915.40.

*n.* To employees of state correctional institutions subject to the jurisdiction of the department of corrections, employees of secure facilities for juveniles subject to the department of human services, and employees of city and county jails, if the employees have direct supervision over inmates of those facilities or institutions in the exercise of the duties prescribed pursuant to section 80.9, subsection 2, paragraph “d”.

2. Medical information secured pursuant to subsection 1 may be shared between employees of the department who shall use the information collected only for the purposes of carrying out their official duties in preventing the spread of the disease or the spread of other reportable diseases as defined in section 139A.2.

99 Acts, ch 181, §13; 2000 Acts, ch 1066, §40

#### **141A.10 Immunities.**

1. A person making a report in good faith pursuant to this chapter is immune from any liability, civil or criminal, which might otherwise be incurred or imposed as a result of the report.

2. A health care provider attending a person who tests positive for the HIV infection has no duty to disclose to or to warn third parties of the dangers of exposure to HIV infection through contact with that person and is immune from any liability, civil or criminal, for failure to disclose to or warn third parties of the condition of that person.

99 Acts, ch 181, §14

4. A civil action under this chapter is barred unless the action is commenced within two years after the cause of action accrues.

5. The attorney general may maintain a civil action to enforce this chapter.

6. This chapter does not limit the rights of the subject of an HIV-related test to recover damages or other relief under any other applicable law.

7. This chapter shall not be construed to impose civil liability or criminal sanctions for disclosure of HIV-related test results in accordance with any reporting requirement for a diagnosed case of

AIDS or a related condition by the department or the centers for disease control and prevention of the United States department of health and hu-

man services.

The intent of the general assembly shall be accomplished by engaging all who are affected by the use of tobacco in the state, including smokers and nonsmokers, youth, and adults.

**142C.3 Donation of anatomical gifts — persons who may execute — manner of executing.**

1. A competent individual who is at least eighteen years of age, or a minor fourteen through seventeen years of age with written consent of a parent or legal guardian, may make an anatomical gift for one or more of the purposes listed in section 142C.5, may limit an anatomical gift to one or more of the purposes listed in section 142C.5, or may refuse to make an anatomical gift, the gift to take effect upon the death of the donor.

2. An anatomical gift may be made only by completion of a document of gift or as otherwise provided in this section. If the prospective donor is a minor fourteen through seventeen years of age, to be valid, a document of gift shall be signed by the minor and the minor’s parent or legal guardian. If the document of gift requires the signature of the donor, but the donor is unable to sign the document, the document of gift shall be signed by another individual and by two witnesses, all of whom sign at the direction and in the presence of the donor, the other individual, and the two witnesses. The document of gift, including an entry in a donor registry, shall provide certification that the document has been executed in the prescribed manner.

3. If a donor indicates the wish to become a donor, pursuant to section 321.189, and the indication is attached to or imprinted or noted on an individual’s driver’s license or nonoperator’s identification card, or if a donor indicates the wish to become a donor via an entry in a donor registry and the entry is certified as being executed in the prescribed manner, the document, including an entry in a donor registry, shall be considered a valid document of gift.

4. A document of gift may designate a particular physician, technician, or enucleator to perform the appropriate procedures. In the absence of a designation or if the designee is not available to perform the procedures, the donee or other person authorized to accept the anatomical gift may employ or authorize any physician, technician, or

enucleator to perform the appropriate procedures.

5. A document of gift by will takes effect upon the death of the testator, whether or not the will is probated. For the purposes of a document of gift by will, invalidation of the will for testamentary purposes does not result in the invalidation of the document of gift.

6. A donor may amend or revoke a document of gift by any of the following means:

a. A signed statement, executed by the donor.

b. An oral statement made by the donor in the presence of two individuals.

c. Any form of communication during a terminal illness or injury addressed to a health care professional, licensed or certified pursuant to chapter 148, 148C, 150A, or 152.

d. The delivery of a written statement, signed by the donor, to a specified donee to whom a document of gift has been delivered.

7. The donor of an anatomical gift made by will may amend or revoke the gift as provided in subsection 6 or in the manner provided for amendment or revocation of wills.

8. A document of gift that is not revoked by the donor prior to the donor's death does not require the consent or concurrence of any other person after the donor's death and is sufficient legal authority, following the donor's death, for the removal of any part donated under the document of gift, without the consent or concurrence of any other person. A person, including but not limited to a family member, a guardian, an attorney in fact named under a durable power of attorney for health care, or an executor of the donor's estate, is not authorized to and shall not revoke or in any way supersede a document of gift that is not revoked by the donor prior to the donor's death.

9. An individual may refuse to make an anatomical gift of the individual's body or part by completing any written document expressing the individual's refusal to make an anatomical gift. During a terminal illness or injury, the refusal may be by an oral statement or other form of unwritten communication addressed to a health care professional licensed or certified under chapter 148, 148C, 150A, or 152.

10. In the absence of a contrary indication by the donor, an anatomical gift of a part does not constitute a refusal to donate other parts nor does it constitute a limitation on an anatomical gift made pursuant to section 142C.4.

11. In the absence of a contrary indication by the donor, a revocation or amendment of an anatomical gift does not constitute a refusal to make a subsequent anatomical gift. If the donor intends a revocation to constitute a refusal to make an anatomical gift, the donor shall make the refusal pursuant to subsection 9.

12. A document of gift may be in the form of a specific donor card such as an eye donor card, a uniform donor card, a driver's license, a nonoperator's identification card, an entry in a donor regis-

try, a will, or any other written document executed pursuant to this chapter. A uniform donor card shall include the options of donating any and all parts, or any specific part or parts. A uniform donor card may, but is not required to, be in the following form:

2. It is the intent of the general assembly that the information shall be collected, reproduced, released, and disclosed in a manner specified by rule of the department, adopted pursuant to chapter 17A, which ensures the anonymity of the patient who experiences a termination of pregnancy, the health care provider who identifies and diagnoses or induces a termination of pregnancy, and the hospital, clinic, or other health facility in which a termination of pregnancy is identified and diagnosed or induced. The department may share information with federal public health officials for the purposes of securing federal funding or conducting public health research. However, in sharing the information, the department shall not relinquish control of the information, and any agreement entered into by the department with federal public health officials to share information shall prohibit the use, reproduction, release, or disclosure of the information by federal public health officials in a manner which violates this section. The department shall publish, annually, a demographic summary of the information obtained pursuant to this section, except that the department shall not reproduce, release, or disclose any information obtained pursuant to this section which reveals the identity of any patient, health care provider, hospital, clinic, or other health facility, and shall ensure anonymity in the following ways:

- a. The department may use information concerning the report tracking number or concerning the identity of a reporting health care provider, hospital, clinic, or other health facility only for purposes of information collection. The department shall not reproduce, release, or disclose this information for any purpose other than for use in annually publishing the demographic summary under this section.
- b. The department shall enter the information, from any report of termination submitted,

within thirty days of receipt of the report, and shall immediately destroy the report following entry of the information. However, entry of the information from a report shall not include any health care provider, hospital, clinic, or other health facility identification information including, but not limited to, the confidential health care provider code, as assigned by the department.

c. To protect confidentiality, the department shall limit release of information to release in an aggregate form which prevents identification of any individual patient, health care provider, hospital, clinic, or other health facility. For the purposes of this paragraph, "*aggregate form*" means a compilation of the information received by the department on termination of pregnancies for each information item listed, with the exceptions of the report tracking number, the health care provider code, and any set of information for which the amount is so small that the confidentiality of any person to whom the information relates may be compromised. The department shall establish a methodology to provide a statistically verifiable basis for any determination of the correct amount at which information may be released so that the confidentiality of any person is not compromised.

3. Except as specified in subsection 2, reports, information, and records submitted and maintained pursuant to this section are strictly confidential and shall not be released or made public upon subpoena, search warrant, discovery proceedings, or by any other means.

4. The department shall assign a code to any health care provider who may be required to report a termination under this section. An application procedure shall not be required for assignment of a code to a health care provider.

5. A health care provider shall assign a report tracking number which enables the health care provider to access the patient's medical information without identifying the patient.

6. To ensure proper performance of the reporting requirements under this section, it is preferred that a health care provider who practices within a hospital, clinic, or other health facility authorize one staff person to fulfill the reporting requirements.

7. For the purposes of this section, "*health care provider*" means an individual licensed under chapter 148, 148C, 148D, 150, 150A, or 152, or any individual who provides medical services under the authorization of the licensee.

8. For the purposes of this section, "*inducing a termination of pregnancy*" means the use of any means to terminate the pregnancy of a woman known to be pregnant with the intent other than to produce a live birth or to remove a dead fetus.

9. For the purposes of this section, "*spontaneous termination of pregnancy*" means the occurrence of an unintended termination of pregnancy at any time during the period from conception to twenty weeks gestation and which is not a sponta-

neous termination of pregnancy at any time during the period from twenty weeks or greater which is reported to the department as a fetal death under this chapter.

It shall be unlawful for the state registrar to permit inspection of, or to disclose information contained in vital statistics records, or to copy or permit to be copied all or part of any such record except as authorized by regulation.

However, the following vital statistics records may be inspected and copied as of right under chapter 22 when they are in the custody of a county registrar or when they are in the custody of the state archivist and are at least seventy-five years old:

1. A record of birth.
2. A record of marriage.
3. A record of divorce, dissolution of marriage, or annulment of marriage.

4. A record of death if that death was not a fetal death.

A public record shall not be withheld from the public because it is combined with data processing software. If it is necessary to separate a public record from data processing software in order to permit the examination of the public record, the county registrar shall periodically generate a written log available for public inspection which contains the public record.

2. If all of the following conditions are met, the state registrar shall reveal the identity of the biological parent to the adult adopted child or the identity of the adult adopted child to the biological parent, shall notify the parties involved that the requests have been matched, and shall disclose the identifying information to those parties:

*a.* A biological parent has filed a request and provided consent to the revelation of the biological parent's identity to the adult adopted child, upon request of the adult adopted child.

*b.* An adult adopted child has filed a request and provided consent to the revelation of the identity of the adult adopted child to a biological parent, upon request of the biological parent.

*c.* The state registrar has been provided sufficient information to make the requested match.

3. Notwithstanding the provisions of this section, if the adult adopted person has a sibling who is a minor and who has also been adopted, the state registrar shall not grant the request of either the adult adopted person or the biological parent to reveal the identities of the parties.

4. If all of the following conditions are met, the state registrar shall reveal the identity of the adult adopted child to an adult sibling and shall notify the parties involved that the requests have been matched, and disclose the identifying information to those parties:

*a.* An adult adopted child has filed a request and provided consent to the revelation of the adult

adopted child's identity to an adult sibling.

b. The adult sibling has filed a request and provided consent to the revelation of the identity of the adult sibling to the adult adopted child.

c. The state registrar has been provided with sufficient information to make the requested match.

5. A person who has filed a request or provided consent under this section may withdraw the consent at any time prior to the release of any information by filing a written withdrawal of consent statement with the state registrar. The national division of vital statistics may be furnished copies or data which it requires for national statistics, provided that the state be reimbursed for the cost of furnishing data, and provided further that data shall not be used for other than statistical purposes by the national division

of vital statistics unless so authorized by the state registrar.

Federal, state, local, and other public or private agencies may, upon written request, be furnished copies or data for statistical purposes upon terms or conditions prescribed by the department.

85 Acts, ch 3, §3; 92 Acts, ch 1132, §1 – 3; 2002 Acts, ch 1061, §1

#### **144A.3 Declaration relating to use of life-sustaining procedures.**

1. A competent adult may execute a declaration at any time directing that life-sustaining procedures be withheld or withdrawn. The declaration shall be given operative effect only if the declarant’s condition is determined to be terminal and the declarant is not able to make treatment decisions.

2. The declaration must be signed by the declarant or another person acting on behalf of the declarant at the direction of the declarant, must contain the date of the declaration’s execution, and must be witnessed or acknowledged by one of the following methods:

a. Is signed by at least two individuals who, in the presence of each other and the declarant, witnessed the signing of the declaration by the declarant or by another person acting on behalf of the declarant at the declarant’s direction. At least one of the witnesses shall be an individual who is not a relative of the declarant by blood, marriage, or adoption within the third degree of consanguinity. A declaration or similar document executed in another state or jurisdiction in compliance with the law of that state or jurisdiction shall be deemed valid and enforceable in this state, to the extent the declaration or similar document is consistent with the laws of this state. A declaration or similar document executed by a veteran of the armed forces which is in compliance with the federal department of veterans affairs advance directive requirements shall be deemed valid and enforceable.

5. A declaration executed pursuant to this

chapter may, but need not, be in the following form:

#### DECLARATION

If I should have an incurable or irreversible condition that will result either in death within a relatively short period of time or a state of permanent unconsciousness from which, to a reasonable degree of medical certainty, there can be no recovery, it is my desire that my life not be prolonged by the administration of life-sustaining procedures. If I am unable to participate in my health care decisions, I direct my attending physician to withhold or withdraw life-sustaining procedures that merely prolong the dying process and are not necessary to my comfort or freedom from pain.

85 Acts, ch 3, §4; 92 Acts, ch 1132, §4; 98 Acts, ch 1083, §1; 2002 Acts, ch 1061, §2, 3

#### 144A.4 Revocation of declaration.

1. A declaration may be revoked at any time and in any manner by which the declarant is able to communicate the declarant's intent to revoke, without regard to mental or physical condition. A revocation is only effective as to the attending physician upon communication to such physician by the declarant or by another to whom the revocation was communicated.

2. The attending physician shall make the revocation a part of the declarant's medical record.

85 Acts, ch 3, §5

#### 144A.5 Determination of terminal condition.

When an attending physician who has been provided with a declaration determines that the declarant is in a terminal condition, this decision must be confirmed by another physician. The attending physician must record that determination in the declarant's medical record.

85 Acts, ch 3, §6

#### 144A.6 Treatment of qualified patients.

1. A qualified patient has the right to make decisions regarding use of life-sustaining procedures as long as the qualified patient is able to do so. If a qualified patient is not able to make such decisions, the declaration shall govern decisions regarding use of life-sustaining procedures.

2. The declaration of a qualified patient known to the attending physician to be pregnant shall not be in effect as long as the fetus could develop to the point of live birth with continued application of life-sustaining procedures. However, the provisions of this subsection do not impair any existing rights or responsibilities that any person may have in regard to the withholding or withdrawal of life-sustaining procedures.

85 Acts, ch 3, §7

#### 144A.7 Procedure in absence of declaration.

1. Life-sustaining procedures may be withheld or withdrawn from a patient who is in a terminal condition and who is comatose, incompetent, or otherwise physically or mentally incapable of communication and has not made a declaration in accordance with this chapter if there is consultation and written agreement for the withholding or the withdrawal of life-sustaining procedures between the attending physician and any of the following individuals, who shall be guided by the express or implied intentions of the patient, in the following order of priority if no individual in a prior class is reasonably available, willing, and competent to act:

a. The attorney in fact designated to make treatment decisions for the patient should such person be diagnosed as suffering from a terminal condition, if the designation is in writing and complies with chapter 144B or section 633B.1.

b. The guardian of the person of the patient if one has been appointed, provided court approval is obtained in accordance with section 633.635, subsection 2, paragraph "c". This paragraph does not require the appointment of a guardian in order for a treatment decision to be made under this section.

c. The patient's spouse.

d. An adult child of the patient or, if the patient has more than one adult child, a majority of the adult children who are reasonably available for consultation.

e. A parent of the patient, or parents if both are reasonably available.

f. An adult sibling.

2. When a decision is made pursuant to this section to withhold or withdraw life-sustaining procedures, there shall be a witness present at the time of the consultation when that decision is made.

3. Subsections 1 and 2 shall not be in effect for a patient who is known to the attending physician to be pregnant with a fetus that could develop to the point of live birth with continued application of life-sustaining procedures. However, the provisions of this subsection do not impair any existing rights or responsibilities that any person may have in regard to the withholding or withdrawal of life-sustaining procedures.

1. If an attending physician issues an out-of-hospital do-not-resuscitate order for an adult patient under this section, the physician shall use the form prescribed pursuant to subsection 2, include a copy of the order in the patient's medical record, and provide a copy to the patient or an individual authorized to act on the patient's behalf.

2. The department, in collaboration with interested parties, shall prescribe uniform out-of-hospital do-not-resuscitate order forms and uniform personal identifiers, and shall adopt administrative rules necessary to implement this section. The uniform forms and personal identifiers shall be used statewide.

3. The out-of-hospital do-not-resuscitate order form shall include all of the following:

- a. The patient's name.

5. In fulfilling the instructions of an out-of-hospital do-not-resuscitate order under this chapter, a health care provider shall continue to provide appropriate comfort care and pain relief to the patient.

6. An out-of-hospital do-not-resuscitate order shall not apply when a patient is in need of emergency medical services due to a sudden accident or injury resulting from a motor vehicle collision, fire, mass casualty, or other cause of a sudden accident or injury which is outside the scope of the patient's terminal condition.

7. An out-of-hospital do-not-resuscitate order is deemed revoked at any time that a patient, or an individual authorized to act on the patient's behalf as designated on the out-of-hospital do-not-resuscitate order, is able to communicate in any manner the intent that the order be revoked, without regard to the mental or physical condition of the patient. A revocation is only effective as to the health care provider upon communication to that provider by the patient, an individual authorized to act on the patient's behalf as designated in the order, or by another person to whom the revocation is communicated.

8. The personal wishes of family members or other individuals who are not authorized in the order to act on the patient's behalf shall not supersede a valid out-of-hospital do-not-resuscitate order.

9. If uncertainty regarding the validity or applicability of an out-of-hospital do-not-resuscitate order exists, a health care provider shall provide necessary and appropriate resuscitation.

10. A health care provider shall document

compliance or noncompliance with an out-of-hospital do-not-resuscitate order and the reasons for not complying with the order, including evidence that the order was revoked or uncertainty regarding the validity or applicability of the order.

2. If the policies of a health care provider preclude compliance with the declaration or out-of-hospital do-not-resuscitate order of a qualified patient under this chapter or preclude compliance with the provisions of section 144A.7 or 144A.7A, the provider shall take all reasonable steps to effect the transfer of the patient to a facility in which the provisions of this chapter can be carried out.

85 Acts, ch 3, §9; 2002 Acts, ch 1061, §6

#### 144A.9 Immunities.

1. In the absence of actual notice of the revocation of a declaration or of an out-of-hospital do-not-resuscitate order, the following, while acting in accordance with the requirements of this chapter, are not subject to civil or criminal liability or guilty of unprofessional conduct:

b. The health care provider in which such withholding or withdrawal occurs.

c. A person who participates in the withholding or withdrawal of life-sustaining procedures under the direction of or with the authorization of a physician.

2. A physician is not subject to civil or criminal liability for actions under this chapter which are in accord with reasonable medical standards.

ecuting, or otherwise participating in an out-of-hospital do-not-resuscitate order.

85 Acts, ch 3, §10; 2002 Acts, ch 1061, §7, 8

**144A.10 Penalties.**

1. Any person who willfully conceals, withholds, cancels, destroys, alters, defaces, or obliterates the declaration, out-of-hospital do-not-resuscitate order, or out-of-hospital do-not-resuscitate identifier of another without the declarant's or patient's consent or who falsifies or forges a revocation of the declaration or out-of-hospital do-not-resuscitate order of another is guilty of a serious misdemeanor.

2. Any person who falsifies or forges the declaration or out-of-hospital do-not-resuscitate order of another, or willfully conceals or withholds personal knowledge of or delivery of a revocation as provided in section 144A.4 or 144A.7A, with the intent to cause a withholding or withdrawal of life-sustaining procedures, is guilty of a serious misdemeanor.

85 Acts, ch 3, §11; 2002 Acts, ch 1061, §9

**144A.11 General provisions.**

1. Death resulting from the withholding or withdrawal of life-sustaining procedures pursuant to a declaration or out-of-hospital do-not-resuscitate order and in accordance with this chapter does not, for any purpose, constitute a suicide, homicide, or dependent adult abuse.

2. The executing of a declaration pursuant to section 144A.3 or an out-of-hospital do-not-resuscitate order pursuant to section 144A.7A does not affect in any manner the sale, procurement, or issuance of any policy of life insurance, nor shall it be deemed to modify the terms of an existing policy of life insurance. No policy of life insurance is legally impaired or invalidated in any manner by the withholding or withdrawal of life-sustaining procedures pursuant to this chapter, notwithstanding any term of the policy to the contrary.

3. A physician, health care provider, health

care service plan, insurer issuing disability insurance, self-insured employee welfare benefit plan, or nonprofit hospital plan shall not require any person to execute a declaration or an out-of-hospital do-not-resuscitate order as a condition for being insured for, or receiving, health care services.

4. This chapter creates no presumption concerning the intention of an individual who has not executed a declaration or an out-of-hospital do-not-resuscitate order with respect to the use, withholding, or withdrawal of life-sustaining procedures in the event of a terminal condition.

5. This chapter shall not be interpreted to increase or decrease the right of a patient to make decisions regarding use of life-sustaining procedures as long as the patient is able to do so, nor to impair or supersede any right or responsibility that any person has to effect the withholding or withdrawal of medical care in any lawful manner. In that respect, the provisions of this chapter are cumulative.

6. This chapter shall not be construed to condone, authorize or approve mercy killing or euthanasia, or to permit any affirmative or deliberate act or omission to end life other than to permit the natural process of dying.

If a declaration executed prior to April 23, 1992, includes a provision which would not have been given effect under this chapter prior to April 23, 1992, but which would be given effect under 1992 Acts, chapter 1132, then the provision shall be given effect in accordance with 1992 Acts, chapter 1132.

- 91 Acts, ch 140, §1

**144B.2 Durable power of attorney for health care.**

A durable power of attorney for health care authorizes the attorney in fact to make health care decisions for the principal if the durable power of attorney for health care substantially complies with the requirements of this chapter. A document executed prior to May 8, 1991, purporting to create a durable power of attorney for health care shall be deemed valid if the document specifically authorizes the attorney in fact to make health care decisions and is signed by the principal.

91 Acts, ch 140, §2

**144B.3 Requirements.**

- 1. An attorney in fact shall make health care decisions only if the following requirements are satisfied:
  - a. The durable power of attorney for health care explicitly authorizes the attorney in fact to make health care decisions.
  - b. The durable power of attorney for health care contains the date of its execution and is witnessed or acknowledged by one of the following methods:
    - (1) Is signed by at least two individuals who, in the presence of each other and the principal, witnessed the signing of the instrument by the principal or by another person acting on behalf of the

principal at the principal's direction.

- 1. A health care provider attending the principal on the date of execution.
- 2. An employee of a health care provider attending the principal on the date of execution unless the individual to be designated is related to the principal by blood, marriage, or adoption within the third degree of consanguinity.

91 Acts, ch 140, §4

**144B.5 Durable power of attorney for health care — form.**

1. A durable power of attorney for health care executed pursuant to this chapter may, but need not, be in the following form:

I hereby designate ..... as my attorney in fact (my agent) and give to my agent the power to make health care decisions for me. This power exists only when I am unable, in the judgment of my attending physician, to make those health care decisions. The attorney in fact must act consistently with my desires as stated in

this document or otherwise made known.

Except as otherwise specified in this document, this document gives my agent the power, where otherwise consistent with the law of this state, to consent to my physician not giving health care or stopping health care which is necessary to keep me alive.

This document gives my agent power to make health care decisions on my behalf, including to consent, to refuse to consent, or to withdraw consent to the provision of any care, treatment, service, or procedure to maintain, diagnose, or treat a physical or mental condition. This power is subject to any statement of my desires and any limitations included in this document.

My agent has the right to examine my medical records and to consent to disclosure of such records.

2. In addition to the foregoing, the principal may provide specific instructions in the document conferring the durable power of attorney for health care, consistent with the provisions of this chapter.

3. The principal may include a statement indicating that the designated attorney in fact has been notified of and consented to the designation.

4. A durable power of attorney for health care may designate one or more alternative attorneys in fact.

91 Acts, ch 140, §5

#### **144B.6 Attorney in fact — priority to make decisions.**

1. Unless the district court sitting in equity specifically finds that the attorney in fact is acting in a manner contrary to the wishes of the principal or the durable power of attorney for health care provides otherwise, an attorney in fact who is known to the health care provider to be available and willing to make health care decisions has priority over any other person, including a guardian appointed pursuant to chapter 633, to act for the principal in all matters of health care decisions. The attorney in fact has authority to make a particular health care decision only if the principal is unable, in the judgment of the attending physician, to make the health care decision. If the principal objects to a decision to withhold or withdraw health care, the principal shall be presumed to be able to make a decision.

2. In exercising the authority under the durable power of attorney for health care, the attorney in fact has a duty to act in accordance with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the attorney in fact at any time. A declaration executed by the principal pursuant to the life-sustaining procedures Act, chapter 144A, shall not be interpreted as expressing an intent to prohibit the withdrawal of hydration or nu-

trition when required to be provided parenterally or through intubation and shall not otherwise restrict the authority of the attorney in fact unless either the declaration or the durable power of attorney for health care expressly provides otherwise. If the principal's desires are unknown, the attorney in fact has a duty to act in the best interests of the principal, taking into account the principal's overall medical condition and prognosis.

91 Acts, ch 140, §6

#### **144B.7 Authority to review medical records.**

Except as limited by the durable power of attorney for health care, an attorney in fact has the same right as the principal to receive and review medical records of the principal, and to consent to the disclosure of medical records of the principal when acting pursuant to the durable power of attorney for health care.

91 Acts, ch 140, §7

#### **144B.8 Revocation of durable power of attorney.**

1. A durable power of attorney for health care may be revoked at any time and in any manner by which the principal is able to communicate the intent to revoke, without regard to mental or physical condition. Revocation may be by notifying the attorney in fact orally or in writing. Revocation may also be made by notifying a health care provider orally or in writing while that provider is engaged in providing health care to the principal. A revocation is only effective as to a health care provider upon its communication to the provider by the principal or by another to whom the principal has communicated revocation. The health care provider shall document the revocation in the treatment records of the principal.

2. The principal is presumed to have the capacity to revoke a durable power of attorney for health care.

3. Unless it provides otherwise, a valid durable power of attorney for health care revokes any prior durable power of attorney for health care.

4. If authority granted by a durable power of attorney for health care is revoked under this section, an individual is not subject to criminal prosecution or civil liability for acting in good faith reliance upon the durable power of attorney for health care unless the individual has actual knowledge of the revocation.

5. The fact of execution and subsequent revocation of a durable power of attorney shall have no effect upon subsequent health care decisions made in accordance with accepted principles of law and standards of medical care governing those decisions.

91 Acts, ch 140, §8

**144B.9 Immunities and responsibilities.**

1. A health care provider is not subject to criminal prosecution, civil liability, or professional disciplinary action if the health care provider relies on a health care decision and both of the following requirements are satisfied:

*a.* The decision is made by an attorney in fact who the health care provider believes in good faith is authorized to make the decision.

*b.* The health care provider believes in good faith that the decision is not inconsistent with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the health care provider, and, if the decision is to withhold or withdraw health care necessary to keep the principal alive, the health care provider has provided an opportunity for the principal to object to the decision.

2. Notwithstanding a contrary health care decision of the attorney in fact, the health care provider is not subject to criminal prosecution, civil liability, or professional disciplinary action for failing to withhold or withdraw health care necessary to keep the principal alive. However, the attorney in fact may make provisions to transfer the responsibility for the care of the principal to another health care provider.

3. An attorney in fact is not subject to criminal prosecution or civil liability for any health care decision made in good faith pursuant to a durable power of attorney for health care.

4. It shall be presumed that an attorney in fact, and a health care provider acting pursuant to the direction of an attorney in fact, are acting in good faith and in the best interests of the principal absent clear and convincing evidence to the contrary.

5. For purposes of this section, acting in “*good faith*” means acting consistent with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the attorney in fact, or where those desires are unknown, acting in the best interests of the principal, taking into account the principal’s overall medical condition and prognosis.

6. A health care provider or attorney in fact may presume that a durable power of attorney for health care is valid absent actual knowledge to the

contrary.

91 Acts, ch 140, §9

**144B.10 Emergency treatment.**

This chapter does not affect the law governing health care treatment in an emergency.

91 Acts, ch 140, §10

**144B.11 Prohibited practices.**

1. A health care provider, health care service plan, insurer, self-insured employee welfare benefit plan, or nonprofit hospital plan shall not condition admission to a facility, or the providing of treatment, or insurance, on the requirement that an individual execute a durable power of attorney for health care.

2. A policy of life insurance shall not be legally impaired or invalidated in any manner by the withholding or withdrawing of health care pursuant to the direction of an attorney in fact appointed pursuant to this chapter.

91 Acts, ch 140, §11

**144B.12 General provisions.**

1. This chapter does not create a presumption concerning the intention of an individual who has not executed a durable power of attorney for health care and does not impair or supersede any right or responsibility of an individual to consent, refuse to consent, or withdraw consent to health care on behalf of another in the absence of a durable power of attorney for health care.

2. This chapter shall not be construed to condone, authorize, or approve any affirmative or deliberate act or omission which would constitute mercy killing or euthanasia.

3. If after executing a durable power of attorney for health care designating a spouse as attorney in fact, the marriage between the principal and the attorney in fact is dissolved, the power is thereby revoked. In the event of remarriage to each other, the power is reinstated unless otherwise revoked by the principal.

4. It is the responsibility of the principal to provide for notification of a health care provider of the terms of the principal’s durable power of attorney for health care.

**145A.1 Consolidation for purpose.**

Any of the political subdivisions of this state may consolidate to acquire and operate an area hospital for the purpose of providing hospital service for all residents of such area.

[C71, 73, 75, 77, 79, 81, §145A.1]

**145A.2 Definitions.**

As used in this chapter, unless the context indicates otherwise:

1. “*Area hospital*” means a hospital established and operated by a merged area.
  2. “*Board*” means the board of trustees of an area hospital.
  3. “*Merged area*” means a public corporation formed by the residents of two or more contiguous or noncontiguous political subdivisions which have merged resources to establish and operate an area hospital.
  4. “*Officials*” means the respective governing bodies of political subdivisions.
  5. “*Political subdivision*” means any county, township, school district or city.
- [C71, 73, 75, 77, 79, 81, §145A.2]  
85 Acts, ch 123, §1, 2

**145A.3 Official planning — maximum levy.**

The officials of a political subdivision may plan the formation of a public corporation as a merged

area to establish and operate an area hospital. In planning for an area hospital, a county board of supervisors may exclude from the merged area any township of the county which the board of supervisors determines would not sufficiently benefit by the merger and the portion of the county not so excluded shall constitute one public corporation for the purposes of this chapter. Plans for an area hospital shall include the maximum amount to be levied for debt service and operation and maintenance of the area hospital in the portion of the merged area within each political subdivision taking part in the merger. However, the maximum tax rates for the various political subdivisions may vary as the officials determine, based upon the need for hospital service of the residents of each political subdivision, the proximity of the residents to the proposed location of the hospital, the property values within the subdivision, and the expected service benefits to the residents of each subdivision by the proposed area hospital.

[C71, 73, 75, 77, 79, 81, §145A.3]  
85 Acts, ch 123, §3

**145A.4 Plans.**

Officials of the various subdivisions may expend public funds for the purpose of formulating plans and in carrying out plans for a merged area and may arrive at an equitable distribution of costs to be paid by each participating political subdivision.

[C71, 73, 75, 77, 79, 81, §145A.4]

**145A.5 Order of approval.**

When a plan is approved, the officials approving the plan shall jointly issue an order of approval. The order shall specify the area to be merged, the maximum rate of tax to be levied for debt service and operation and maintenance of the proposed area hospital in the portion of the merged area within each political subdivision, the proposed location of the hospital building, the estimated cost of the establishment of the hospital, and any other details concerning the establishment and operation of the hospital the officials deem pertinent. The order shall be published in one or more newspapers which have general circulation within the merged area once each week for three consecutive weeks, but the newspapers selected need not be published in the merged area. The published order shall contain a notice to the residents of each subdivision of the proposed merged area that if the residents fail to protest as provided in this chapter, the order shall be deemed approved upon the expiration of a sixty-day period following the date of the last published notice.

[C71, 73, 75, 77, 79, 81, §145A.5]  
85 Acts, ch 123, §4

**145A.6 Petition of protest.**

The plans formulated for the area hospital shall be deemed approved unless, within sixty days after the third and final publication of the order, a petition protesting the proposed plan containing the signatures of at least five percent of the registered voters of any political subdivision within the proposed merged area is filed with the respective officials of the protesting petitioners.

[C71, 73, 75, 77, 79, 81, §145A.6]  
2001 Acts, ch 56, §8

**145A.7 Special election.**

When a protesting petition is received, the officials receiving the petition shall call a special election of all registered voters of that political subdivision for the purpose of approving or rejecting the order setting out the proposed merger plan. The vote will be taken by ballot in the form provided by sections 49.43 to 49.47, and the election shall be initiated and held as provided in chapter 49. A majority vote of those registered voters voting at said special election shall be sufficient to approve the order and thus include the political subdivision within the merged area.

[C71, 73, 75, 77, 79, 81, §145A.7]  
2001 Acts, ch 56, §9

**145A.8 Effect on other subdivisions.**

A protest petition filed in one political subdivision shall have no effect upon the other political subdivisions of the proposed merged area; and in the portion of the proposed area where no protest petition is filed within sixty days after the last

published notice, the residents of that portion of the area shall be deemed to have approved the proposed plan, and shall not take part in any special election.

[C71, 73, 75, 77, 79, 81, §145A.8]

**145A.9 Continuance or abandonment.**

If the voters at the special election approve by a majority vote the proposed plan, then the plan may be carried out as originally proposed. However, if the voters of any political subdivision within the proposed area reject the plan as set out in the original order, then said original order shall be wholly nullified.

[C71, 73, 75, 77, 79, 81, §145A.9]

**145A.10 Board of hospital trustees.**

Upon acceptance of a plan, the officials of the merged area acting as a committee of the whole shall appoint a board of hospital trustees. The board of trustees shall then meet, elect a chairperson and adopt such rules for the organization of the board as may be necessary. The number and composition of the board shall be determined by the committee appointing the board; but as a matter of public policy the committee is directed to apportion the board into area districts in such a way that the residents of all of the merged area will be represented as nearly equally as possible on the board.

[C71, 73, 75, 77, 79, 81, §145A.10]

**145A.11 Terms of members.**

The terms of members of the board shall be four years, except that members of the initial board shall determine their respective terms by lot so that the terms of one-half of the members, as nearly as may be, shall expire at the next general election. The remaining initial terms shall expire at the following general election. The successors of the initial board shall be chosen from area districts at regular elections, and shall be nominated and elected in the same manner as county hospital trustees as provided in section 347.25, except that nomination papers on behalf of a candidate shall be signed by not less than twenty-five eligible electors from the area district.

[C71, 73, 75, 77, 79, 81, §145A.11]

**145A.12 Operation and management.**

**145B.2 Application to department of public health.**

An institution may apply annually to the Iowa department of public health for authority to obtain animals from a pound. If the department shall find that such institution, by reason of its ethical standards, its personnel, its facilities and the use

it proposes to make of dogs is a fit and proper institution to be authorized to obtain dogs from a pound, and that the public interest would be served by such authority, then the department shall authorize such institution to obtain dogs from a pound.

An institution so authorized by the Iowa department of public health may request dogs from a pound. The pound may tender to such institution dogs in its custody seized or held by authority of the state, municipality, or other political subdivision. However, a dog shall not be tendered unless it has been held for redemption by its owner or for sale for a period of not less than three nor more than fifteen days. A dog lawfully licensed at the time of its seizure shall not be tendered unless its owner consents in writing. Unless a dog is sick or injured or lawfully licensed at the time of seizure, a pound shall not destroy a dog while a request of an authorized institution to that pound is pending.

All major operative procedures may be done under local infiltration anesthesia. If the nature of the study is such that the animal may survive, acceptable techniques shall be followed throughout the operation. If the study does not require survival, the animal shall be killed in a humane manner at the conclusion of the observations. The post-operative care of experimental animals shall be such as to minimize discomfort during convalescence. All conditions shall be maintained for the animal's comfort in accordance with the best practices followed in human medicine and surgery.

Any pound failing or refusing to comply with the provisions of this chapter shall become immediately ineligible for any public moneys notwithstanding the provisions of any contract, and it shall be unlawful for any public body to pay any public moneys to a pound after receipt by it of a notice of such noncompliance or refusal from any institution authorized by the Iowa department of public health to obtain dogs until such time as such institution shall have withdrawn its notice or the department shall have notified such public body that such notice was without foundation.

**146.1 Liability of persons relating to performance of abortions.**

An individual who may lawfully perform, assist, or participate in medical procedures which will result in an abortion shall not be required against that individual's religious beliefs or moral convictions to perform, assist, or participate in such procedures. A person shall not discriminate against any individual in any way, including but not limited to employment, promotion, advancement, transfer, licensing, education, training or the granting of hospital privileges or staff appointments, because of the individual's participation in or refusal to participate in recommending, performing or assisting in an abortion procedure. For the purposes of this chapter, "abortion" means the termination of a human pregnancy with the intent other than to produce a live birth or to remove a

**146.2 Liability of hospitals refusing to perform abortions.**

1. A person, other than a pharmacist, physician, dentist, podiatric physician, or veterinarian who dispenses as an incident to the practice of the practitioner's profession, shall not dispense prescription drugs or controlled substances.

2. A pharmacist, physician, dentist, or podiatric physician who dispenses prescription drugs, including but not limited to controlled substances, for human use, may delegate nonjudgmental dispensing functions to staff assistants only when verification of the accuracy and completeness of the prescription is determined by the pharmacist or practitioner in the pharmacist's or practitioner's physical presence. However, the physical presence requirement does not apply when a pharmacist or practitioner is utilizing an automated dispensing system. When using an automated dispensing system the pharmacist or practitioner shall utilize an internal quality control assurance plan that ensures accuracy for dispensing. Verification of automated dispensing accuracy and completeness remains the responsibility of the pharmacist or practitioner and shall be determined in accordance with rules adopted by the state board of pharmacy examiners, the state board of medical examiners, the state board of dental examiners, and the state board of podiatry examiners for their respective licensees.

A dentist, physician, or podiatric physician who dispenses prescription drugs, other than drug samples, pursuant to this subsection, shall register the fact that they dispense prescription drugs with the practitioner's respective examining board at least biennially.

A physician, dentist, or podiatric physician who dispenses prescription drugs, other than drug samples, pursuant to this subsection, shall offer to provide the patient with a written prescription that may be dispensed from a pharmacy of the patient's choice or offer to transmit the prescription orally, electronically, or by facsimile in accordance with section 155A.27 to a pharmacy of the patient's choice.

3. A physician's assistant or registered nurse may supply when pharmacist services are not reasonably available or when it is in the best interests of the patient, on the direct order of the supervising physician, a quantity of properly packaged and labeled prescription drugs, controlled substances, or contraceptive devices necessary to complete a course of therapy. However, a remote clinic, staffed by a physician's assistant or registered nurse, where pharmacy services are not reasonably available, shall secure the regular advice and consultation of a pharmacist regarding the distribution, storage, and appropriate use of such drugs, substances, and devices.

4. Notwithstanding subsection 3, a physician assistant shall not dispense prescription drugs as an incident to the practice of the supervising physician or the physician assistant, but may supply, when pharmacist services are not reasonably available, or when it is in the best interests of the patient, a quantity of properly packaged and labeled prescription drugs, controlled substances, or medical devices necessary to complete a course of therapy. However, a remote clinic, staffed by a physician assistant, where pharmacy services are not reasonably available, shall secure the regular advice and consultation of a pharmacist regarding the distribution, storage, and appropriate use of such drugs, substances, and devices. Prescription drugs supplied under the provisions of this subsection shall be supplied for the purpose of accommodating the patient and shall not be sold for more than the cost of the drug and reasonable overhead costs, as they relate to supplying prescription drugs to the patient, and not at a profit to the physician or the physician assistant. If prescription drug supplying authority is delegated by a supervising physician to a physician assistant, a nurse or staff assistant may assist the physician assistant in providing that service. Rules shall be adopted by the board of physician assistant examiners, after consultation with the board of pharmacy examiners, to implement this subsection.

5. Notwithstanding subsection 1 and any other provision of this section to the contrary, a physician may delegate the function of prescribing drugs, controlled substances, and medical devices to a physician assistant licensed pursuant to chapter 148C. When delegated prescribing occurs, the supervising physician's name shall be used, recorded, or otherwise indicated in connection with each individual prescription so that the individual who dispenses or administers the prescription knows under whose delegated authority the physician assistant is prescribing. Rules relating to the authority of physician assistants to prescribe drugs, controlled substances, and medical devices pursuant to this subsection shall be adopted by the board of physician assistant examiners, after consultation with the board of medical examiners and the board of pharmacy examiners. However, the rules shall prohibit the prescribing of schedule II controlled substances which are listed as depressants pursuant to chapter 124.

6. Health care providers shall consider the instructions of the physician assistant to be instructions of the supervising physician if the instructions concern duties delegated to the physician assistant by a supervising physician.

7. Notwithstanding subsection 1, a family planning clinic may dispense birth control drugs and devices upon the order of a physician. Subsections 2 and 3 do not apply to a family planning clinic under this subsection.

8. Notwithstanding subsection 1, but subject

to the limitations contained in subsections 2 and 3, a registered nurse who is licensed and registered as an advanced registered nurse practitioner and who qualifies for and is registered in a recognized nursing specialty may prescribe substances or devices, including controlled substances or devices, if the nurse is engaged in the practice of a nursing specialty regulated under rules adopted by the board of nursing in consultation with the board of medical examiners and the board of pharmacy examiners.

##### **147.135 Peer review committees — nonliability — records and reports privileged and confidential.**

1. A person shall not be civilly liable as a result of acts, omissions, or decisions made in connection with the person's service on a peer review committee. However, such immunity from civil liability shall not apply if an act, omission, or decision is

made with malice.

2. As used in this subsection, "peer review records" means all complaint files, investigation files, reports, and other investigative information relating to licensee discipline or professional competence in the possession of a peer review committee or an employee of a peer review committee. As used in this subsection, "peer review committee" does not include examining boards. Peer review records are privileged and confidential, are not subject to discovery, subpoena, or other means of legal compulsion for release to a person other than an affected licensee or a peer review committee and are not admissible in evidence in a judicial or administrative proceeding other than a proceeding involving licensee discipline or a proceeding brought by a licensee who is the subject of a peer review record and whose competence is at issue. A person shall not be liable as a result of filing a report or complaint with a peer review committee or providing information to such a committee, or for disclosure of privileged matter to a peer review committee. A person present at a meeting of a peer review committee shall not be permitted to testify as to the findings, recommendations, evaluations, or opinions of the peer review committee in any judicial or administrative proceeding other than a proceeding involving licensee discipline or a proceeding brought by a licensee who is the subject of a peer review committee meeting and whose competence is at issue. Information or documents discoverable from sources other than the peer review committee do not become nondiscoverable from the other sources merely because they are made available to or are in the possession of a peer review committee. However, such information relating to licensee discipline may be disclosed to an appropriate licensing authority in any jurisdiction in which the licensee is licensed or has applied for a license. If such information indicates a crime has been committed, the information shall be reported to the proper law enforcement agency. This subsection shall not preclude the discovery of the identification of witnesses or documents known to a peer review committee. Any final written decision and finding of fact by a licensing board in a disciplinary proceeding is a public record. Upon appeal by a licensee of a decision of a licensing board, the entire case record shall be submitted to the reviewing court. In all cases where privileged and confidential information under this subsection becomes discoverable, admissible, or part of a court record the identity of an individual whose privilege has been involuntarily waived shall be withheld.

3. A full and confidential report concerning any final hospital disciplinary action approved by a hospital board of trustees that results in a limitation, suspension, or revocation of a physician's privilege to practice for reasons relating to the physician's professional competence or concerning

any voluntary surrender or limitation of privileges for reasons relating to professional competence shall be made to the board of medical examiners by the hospital administrator or chief of medical staff within ten days of such action. The board of medical examiners shall investigate the report and take appropriate action. These reports shall be privileged and confidential as though included in and subject to the requirements for peer review committee information in subsection 2. Persons making these reports and persons participating in resulting proceedings related to these reports shall be immune from civil liability with respect to the making of the report or participation in resulting proceedings. As used in this subsection, “*physician*” means a person licensed pursuant to chapter 148, chapter 150, or chapter 150A.

Notwithstanding subsection 2, if the board of medical examiners conducts an investigation based on a complaint received or upon its own motion, a hospital pursuant to subpoena shall make available information and documents requested by the board, specifically including reports or descriptions of any complaints or incidents concerning an individual who is the subject of the board’s investigation, even though the information and documents are also kept for, are the subject of, or are being used in peer review by the hospital. However, the deliberations, testimony, decisions, conclusions, findings, recommendations, evaluations, work product, or opinions of a peer review committee or its members and those portions of any documents or records containing or revealing information relating thereto shall not be subject to the board’s request for information, subpoena, or other legal compulsion. All information and documents received by the board from a hospital under this section shall be confidential pursuant to section 272C.6, subsection 4.

An emergency medical care provider shall not routinely function without the direct supervision of a physician, physician assistant, or registered nurse. However, when the physician, physician assistant, or registered nurse cannot directly assume emergency care of the patient, the emergency medical care provider may perform without direct supervision emergency medical care procedures for which that individual is certified if the life of the patient is in immediate danger and such care is required to preserve the patient's life; or

*d.* Employed by or assigned to a hospital or other entity in which health care is ordinarily provided only when under the direct supervision of a physician, as a member of an authorized ambulance, rescue, or first response service, or in an individual capacity, to perform nonlifesaving procedures for which those individuals have been certified and are designated in a written job description. Such procedures may be performed after the patient is observed by and when the emergency medical care provider is under the supervision of the physician, physician assistant, or registered nurse, including when the registered nurse is not acting in the capacity of a physician designee, and where the procedure may be immediately abandoned without risk to the patient.

**147A.9 Remote supervision — emergency communication failure — authorization to initiate emergency procedures.**

1. When voice contact or a telemetered electrocardiogram is monitored by a physician, physician's designee, or physician assistant, and direct communication is maintained, an emergency medical care provider may upon order of the monitoring physician or upon standing orders of a physician transmitted by the monitoring physician's designee or physician assistant perform any emergency medical care procedure for which that emergency medical care provider is certified.

2. If communications fail during an emergency or nonemergency situation, the emergency medical care provider may perform any emergency medical care procedure for which that individual is certified and which is included in written protocols if in the judgment of the emergency medical care provider the life of the patient is in immediate danger and such care is required to preserve the patient's life.

An act of commission or omission of any appropriately certified emergency medical care provider, registered nurse, licensed practical nurse, or physician assistant, while rendering emergency medical care under the responsible supervision and control of a physician to a person who is deemed by them to be in immediate danger of serious injury or loss of life, shall not impose any liability upon the certified emergency medical care provider, registered nurse, licensed practical nurse, or physician assistant, the supervising physician, physician designee, advanced registered nurse practitioner, or any hospital, or upon the state, or any county, city or other political subdivision, or the employees of any of these entities; provided that this section shall not relieve any person of liability for civil damages for any act of commission or omission which constitutes recklessness.

2. "*Department*" means the Iowa department of public health.

3. "*Director*" means the director of public health.

95 Acts, ch 40, §2

#### **147A.22 Legislative findings and intent — purpose.**

The general assembly finds the following:

1. Trauma is a serious health problem in the state of Iowa and is the leading cause of death of younger Iowans. The death and disability associated with traumatic injury contributes to the significant medical expenses and lost work, and adversely affects the productivity of Iowans.

2. Optimal trauma care is limited in many parts of the state. With health care delivery in transition, access to quality trauma and emergency medical care continues to challenge our rural communities.

3. The goal of a statewide trauma care system is to coordinate the medical needs of the injured person with an integrated system of optimal and cost-effective trauma care. The result of a well-coordinated statewide trauma care system is to reduce the incidences of inadequate trauma care and preventable deaths, minimize human suffering, and decrease the costs associated with preventable mortality and morbidity.

4. The development of the Iowa trauma care system will achieve these goals while meeting the unique needs of the rural residents of the state.

95 Acts, ch 40, §3

#### **147A.23 Trauma care system development.**

1. The department is designated as a lead agency in this state responsible for the development of a statewide trauma care system.

2. The department, in consultation with the trauma system advisory council, shall develop, coordinate, and monitor a statewide trauma care system. This system shall include, but not be limited to, the following:

*a.* The categorization of all hospitals and emergency care facilities by the department as to their capacity to provide trauma care services. The categorization shall be determined by the department from self-reported information provided to the department by the hospital or emergency care facility. This categorization shall not be con-

strued to imply any guarantee on the part of the department as to the level of trauma care services available at the hospital or emergency care facility.

*b.* The issuance of a certificate of verification of all categorized hospitals and emergency care facilities from the department at the level preferred by the hospital or emergency care facility. *b.* A valid standard certificate issued by the educational commission for foreign medical graduates or similar accrediting agency.

2. Pass an examination prescribed by the medical examiners which shall include subjects which determine the applicant’s qualifications to practice medicine and surgery and which shall be given according to the methods deemed by the medical examiners to be the most appropriate and practicable. However, the federation licensing examination (FLEX) or any other national standardized examination which the medical examiners shall approve may be administered to any or all applicants in lieu of or in conjunction with other examinations which the medical examiners shall prescribe. The medical examiners may establish necessary achievement levels on all examinations for a passing grade and adopt rules relating to examinations.

3. Present to the medical examiners satisfactory evidence that the applicant has successfully completed one year of postgraduate internship or resident training in a hospital approved for such training by the medical examiners. #### 148.5 Resident physician license.

A physician, who is a graduate of a medical school and is serving as a resident physician who is not otherwise licensed to practice medicine and surgery in this state, shall be required to obtain from the medical examiners a license to practice as a resident physician. The license shall be designated “Resident Physician License” and shall authorize the licensee to serve as a resident physician only, under the supervision of a licensed practitioner of medicine and surgery or osteopathic medicine and surgery, in an institution approved for such training by the medical examiners. A license shall be valid for a duration as determined by the board. The fee for each license shall be set by the medical examiners to cover the administrative costs of issuing the license. The medical examiners shall determine in each instance those eligible for a license, whether or not examinations shall be given, and the type of examinations. Requirements of the law pertaining to regular permanent licensure shall not be mandatory for a resident physician license except as specifically designated by the medical examiners. The granting of a resident physician license does not in any way indicate that the person licensed is necessarily eligible for regular permanent licensure, nor are the medical examiners in any way obligated to license the individual.

#### 148.6 Revocation.

1. The medical examiners, after due notice and hearing in accordance with chapter 17A, may issue an order to discipline a licensee for any of the grounds set forth in section 147.55, chapter 272C, or this subsection. Notwithstanding section 272C.3, licensee discipline may include a civil penalty not to exceed ten thousand dollars.

2. Pursuant to this section, the board of medical examiners may discipline a licensee who is guilty of any of the following acts or offenses:

a. Knowingly making misleading, deceptive, untrue or fraudulent representation in the practice of the physician's profession.

b. Being convicted of a felony in the courts of this state or another state, territory, or country. Conviction as used in this paragraph shall include a conviction of an offense which if committed in this state would be deemed a felony without regard to its designation elsewhere, or a criminal proceeding in which a finding or verdict of guilt is made or returned, but the adjudication of guilt is either withheld or not entered. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state shall be conclusive evidence.

c. Violating a statute or law of this state, another state, or the United States, without regard to its designation as either felony or misdemeanor, which statute or law relates to the practice of medicine.

d. Having the license to practice medicine and surgery, osteopathic medicine and surgery or osteopathy revoked or suspended, or having other disciplinary action taken by a licensing authority of another state, territory, or country. A certified copy of the record or order of suspension, revocation, or disciplinary action is prima facie evidence.

e. Knowingly aiding, assisting, procuring, or advising a person to unlawfully practice medicine and surgery, osteopathic medicine and surgery or osteopathy.

f. Being adjudged mentally incompetent by a court of competent jurisdiction. Such adjudication shall automatically suspend a license for the duration of the license unless the board orders otherwise.

g. Being guilty of a willful or repeated departure from, or the failure to conform to, the minimal standard of acceptable and prevailing practice of medicine and surgery, osteopathic medicine and surgery or osteopathy in which proceeding actual injury to a patient need not be established; or the committing by a physician of an act contrary to honesty, justice, or good morals, whether the same is committed in the course of the physician's practice or otherwise, and whether committed within or without this state.

h. Inability to practice medicine and surgery, osteopathic medicine and surgery or osteopathy with reasonable skill and safety by reason of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or other type of material or as a result of a mental or physical condition. The medical examiners may, upon probable cause, compel a physician to submit to a mental or physical examination by designated physicians or to submit to alcohol or drug screening within a time specified by the medical examiners. Failure of a physician to submit to an examination or to submit to alcohol or drug screening shall constitute admission to the allegations made against the physician and the finding of fact and decision of the medical examiners

may be entered without the taking of testimony or presentation of evidence. At reasonable intervals, a physician shall be afforded an opportunity to demonstrate that the physician can resume the competent practice of medicine with reasonable skill and safety to patients.

A person licensed to practice medicine and surgery, osteopathic medicine and surgery or osteopathy who makes application for the renewal of a license, as required by section 147.10, gives consent to submit to a mental or physical examination as provided by this paragraph when directed in writing by the medical examiners. All objections shall be waived as to the admissibility of the examining physicians' testimony or examination reports on the grounds that they constitute privileged communication. The medical testimony or examination reports shall not be used against a physician in another proceeding and shall be confidential, except for other actions filed against a physician to revoke or suspend a license.

i. Willful or repeated violation of lawful rule or regulation adopted by the board or violating a lawful order of the board, previously entered by the board in a disciplinary or licensure hearing, or violating the terms and provisions of a consent agreement or informal settlement between a licensee and the board.

#### **148.7 Procedure for suspension or revocation.**

A proceeding for the revocation or suspension of a license to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy or to discipline a person licensed to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy shall be substantially in accord with the following procedure:

1. The medical examiners may, upon their own motion or upon verified complaint in writing, and shall, if such complaint is filed by the director of public health, issue an order fixing the time and place for hearing. A written notice of the time and place of the hearing together with a statement of the charges shall be served upon the licensee at least ten days before the hearing in the manner required for the service of notice of the commencement of an ordinary action or by restricted certified mail.

2. If the licensee has left the state, the notice and statement of the charges shall be so served at least twenty days before the date of the hearing, wherever the licensee may be found. If the whereabouts of the licensee is unknown, service may be had by publication as provided in the rules of civil procedure upon filing the affidavit required by said rules. In case the licensee fails to appear, either in person or by counsel at the time and place designated in said notice, the medical examiners

shall proceed with the hearing as hereinafter provided.

3. The hearing shall be before a member or members designated by the board or before an administrative law judge appointed by the board according to the requirements of section 17A.11, subsection 1. The presiding board member or administrative law judge may issue subpoenas, administer oaths, and take or cause depositions to be taken in connection with the hearing. The presiding board member or administrative law judge shall issue subpoenas at the request and on behalf of the licensee. The hearing shall be open to the public.

The administrative law judge shall be an attorney vested with full authority of the board to schedule and conduct hearings. The administrative law judge shall prepare and file with the medical examiners the administrative law judge's findings of fact and conclusions of law, together with a complete written transcript of all testimony and evidence introduced at the hearing and all exhibits, pleas, motions, objections, and rulings of the administrative law judge.

4. A stenographic record of the proceedings shall be kept. The licensee shall have the opportunity to appear personally and by an attorney, with the right to produce evidence in the licensee's own behalf, to examine and cross-examine witnesses and to examine documentary evidence produced against the licensee.

5. If a person refuses to obey a subpoena issued by the presiding member or administrative law judge or to answer a proper question during the hearing, the presiding member or administrative law judge may invoke the aid of a court of competent jurisdiction or judge of this court in requiring the attendance and testimony of the person and the production of papers. A failure to obey the order of the court may be punished by the court as a civil contempt may be punished.

6. Unless the hearing is before the entire board, a transcript of the proceeding, together with exhibits presented, shall be considered by the entire board at the earliest practicable time. The licensee and the licensee's attorney shall have the opportunity to appear personally to present the licensee's position and arguments to the board. The board shall determine the charge or charges upon the merits on the basis of the evidence in the record before it.

7. If a majority of the members of the board vote in favor of finding the licensee guilty of an act or offense specified in section 147.55 or 148.6, the board shall prepare written findings of fact and its decision imposing one or more of the following disciplinary measures:

- a. Suspend the licensee's license to practice the profession for a period to be determined by the board.
- b. Revoke the licensee's license to practice the profession.
- c. Suspend imposition of judgment and penal-

ty or impose the judgment and penalty, but suspend enforcement and place the physician on probation. The probation ordered may be vacated upon noncompliance. The medical examiners may restore and reissue a license to practice medicine and surgery, osteopathic medicine and surgery or osteopathy, but may impose a disciplinary or corrective measure which it might originally have imposed. A copy of the medical examiners' order, findings of fact, and decision, shall be served on the licensee in the manner of service of an original notice or by certified mail return receipt requested.

8. Judicial review of the board's action may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A.

9. The medical examiners' order revoking or suspending a license to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy or to discipline a licensee shall remain in force and effect until the appeal is finally determined and disposed of upon its merit.

#### **148.8 Voluntary surrender of license.**

The medical examiners may accept the voluntary surrender of a license if accompanied by a written statement of intention. A voluntary surrender, when accepted, has the same force and effect as an order of revocation.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §148.8]

92 Acts, ch 1183, §18

#### **148.9 Reinstatement.**

Any person whose license has been suspended, revoked or placed on probation may apply to the board of medical examiners for reinstatement at any time and the board may hold hearings on any such petition and may order reinstatement and impose terms and conditions thereof and issue a certificate of reinstatement to the director of public health who shall thereupon issue a license as directed by the board.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §148.9]

#### **148.10 Temporary certificate.**

The medical examiners may, in their discretion, issue a temporary certificate authorizing the licensee to practice medicine and surgery or osteopathic medicine and surgery in a specific location or locations and for a specified period of time if, in the opinion of the medical examiners, a need exists and the person possesses the qualifications prescribed by the medical examiners for the license, which shall be substantially equivalent to those required for licensure under this chapter or chapter 150A, as the case may be. The medical examiners shall determine in each instance those eligible

for this license, whether or not examinations shall be given, and the type of examinations. No requirements of the law pertaining to regular permanent licensure are mandatory for this temporary license except as specifically designated by the medical examiners. The granting of a temporary license does not in any way indicate that the person so licensed is necessarily eligible for regular licensure, nor are the medical examiners in any way obligated to so license the person.

The temporary certificate shall be issued for a period not to exceed one year and may be renewed, but a person shall not practice medicine and surgery or osteopathic medicine and surgery in excess of three years while holding a temporary certificate. The fee for this license and the fee for renewal of this license shall be set by the medical examiners. The fees shall be based on the administrative costs of issuing and renewing the licenses.

2. A person applying for a special license shall:

3. The fee for initial issuance of a special license shall be established in an amount sufficient to cover the costs of issuing the special license. If the special license is extended beyond one year, an annual renewal fee shall be established in an amount sufficient to cover the costs of renewing the special license.

4. Notwithstanding the provisions of chapter 17A, the board may cancel a special license at any time without hearing. However, when such license

is proposed to be canceled, the board shall promptly notify the licensee by certified mail sent to the last known address of the licensee. Thirty days after the service of such notice, the special license shall be canceled.

5. A special license issued under this section shall automatically expire upon the special licensee discontinuing service on the academic staff of a medical school in this state. An expired special license shall not be renewed. However, a former special licensee may reapply for a special license.

[C77, 79, 81, §148.11]

#### **148.12 Voluntary agreements.**

1. The board of medical examiners shall adopt rules setting forth in detail its criteria and procedures for determining the ineligibility of a physician to serve as a supervising physician under chapter 148C. The rules shall provide that a physician may serve as a supervising physician under chapter 148C until such time as the board determines, following normal disciplinary procedures, that the physician is ineligible to serve in that capacity.

2. The board of medical examiners shall establish by rule specific procedures for consulting with and considering the advice of the board of physician assistant examiners in determining whether to initiate a disciplinary proceeding under chapter 17A against a licensed physician in a matter involving the supervision of a physician assistant.

As used in this chapter, physical therapy is that branch of science that deals with the evaluation and treatment of human capabilities and impairments. Physical therapy uses the effective properties of physical agents including, but not limited to, mechanical devices, heat, cold, air, light, water, electricity, and sound, and therapeutic exercises, and rehabilitative procedures to prevent, correct, minimize, or alleviate a physical impairment. Physical therapy includes the interpretation of performances, tests, and measurements, the establishment and modification of physical therapy programs, treatment planning, consultative services, instructions to the patients, and the administration and supervision attendant to physical therapy facilities. If a foreign license is recognized, the board may issue a license by endorsement without an examination being required. Recognition shall be based on whether the foreign licensee is qualified to practice nursing. The board may issue a temporary license to a natural person who has completed the requirements of and applied for licensure by endorsement. The board shall determine the length of time a temporary license shall remain effective.

2. A license possessed by an applicant and issued by a state which has adopted the nurse licensure compact contained in section 152E.1 or the advanced practice registered nurse compact contained in section 152E.3 shall be recognized pursuant to the provisions of that section.

### 152.10 License revocation or suspension.

1. Notwithstanding sections 147.87 to 147.89 and in addition to the provisions of sections 147.58 to 147.71, the board may restrict, suspend, or revoke a license to practice nursing or place the licensee on probation. The board may also prescribe by rule conditions of license reinstatement. The board shall prescribe rules of procedure by which to restrict, suspend, or revoke a license. These procedures shall conform to the provisions of chapter 17A.

2. In addition to the grounds stated in section 147.55, the following are grounds for suspension or revocation under subsection 1 of this section:

- a. Willful violation of the rules of the board.
- b. Continued practice while knowingly having an infectious or contagious disease which could be harmful to a patient’s welfare.
- c. Conviction for a felony in the courts of this state or another state, territory, or country if the felony relates to the practice of nursing. Conviction shall include only a conviction for an offense

which if committed in this state would be deemed a felony without regard to its designation elsewhere. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another jurisdiction shall be conclusive evidence of conviction.

*d.* (1) Having a license to practice nursing as a registered nurse or licensed practical nurse revoked or suspended, or having other disciplinary action taken by a licensing authority of another state, territory, or country. A certified copy of the record or order of suspension, revocation, or disciplinary action is prima facie evidence of such fact.

(2) Having a license to practice nursing as a registered nurse or licensed practical nurse revoked or suspended, or having other disciplinary action taken, by a licensing authority in another state which has adopted the nurse licensure compact contained in section 152E.1 or the advanced practice registered nurse compact contained in section 152E.3 and which has communicated information relating to such action pursuant to the coordinated licensure information system established by the compact. If the action taken by the licensing authority occurs in a jurisdiction which does not afford the procedural protections of chapter 17A, the licensee may object to the communicated information and shall be afforded the procedural protections of chapter 17A.

*e.* Knowingly aiding, assisting, procuring, advising, or allowing a person to unlawfully practice nursing.

*f.* Being adjudicated mentally incompetent by a court of competent jurisdiction. Such adjudication shall automatically suspend a license for the duration of the license, unless the board orders otherwise.

*g.* Being guilty of willful or repeated departure from or the failure to conform to the minimum standard of acceptable and prevailing practice of nursing; however, actual injury to a patient need not be established.

*h.* (1) Inability to practice nursing with reasonable skill and safety by reason of illness, excessive use of alcohol, drugs, narcotics, chemicals, or other type of material or as a result of a mental or physical condition.

(2) The board may, upon probable cause, request a licensee to submit to an appropriate medical examination by a designated physician. If re-

quested by the licensee, the licensee may also designate a physician for an independent medical examination. The reasonable costs of such examinations and medical reports to the board shall be paid by the board. Refusal or failure of a licensee to complete such examinations shall constitute an admission of any allegations relating to such condition. All objections shall be waived as to the admissibility of the examining physicians' testimony or examination reports on the grounds that they constitute privileged communication. The medical testimony or examination reports shall not be used against a registered nurse or licensed practical nurse in another proceeding and shall be confidential. At reasonable intervals, a registered nurse or licensed practical nurse shall be afforded an opportunity to demonstrate that the registered nurse or licensed practical nurse can resume the competent practice of nursing with reasonable skill and safety to patients.

## CHAPTER 152E

NURSE LICENSURE COMPACT AND  
ADVANCED PRACTICE REGISTERED NURSE COMPACT

152E.1 Form of compact.  
152E.2 Compact administrator.

152E.3 Form of advanced practice registered  
nurse compact.

**152E.1 Form of compact.**

The nurse licensure compact is entered into and enacted into law with all jurisdictions legally joining therein, in the form substantially as follows:

## ARTICLE I — FINDINGS AND PURPOSE

*a.* The party states find all of the following:

1. The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws.

2. Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public.

3. The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation.

4. New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex.

5. The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant to both nurses and states.

*b.* The general purposes of this compact are to:

1. Facilitate the states' responsibility to protect the public's health and safety.

2. Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation.

3. Facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse actions.

4. Promote compliance with the laws governing the practice of nursing in each jurisdiction.

5. Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses.

## ARTICLE II — DEFINITIONS

As used in this compact:

*a.* "Adverse action" means a home or remote state action.

*b.* "Alternative program" means a voluntary, nondisciplinary monitoring program approved by a nurse licensing board.

*c.* "Coordinated licensure information system" means an integrated process for collecting, storing, and sharing information on nurse licensure and enforcement activities related to nurse licensure laws, which is administered by a nonprofit organization composed of and controlled by state nurse licensing boards.

*d.* "Current significant investigative information" means either of the following:

1. Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction.

2. Investigative information that indicates that the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond.

*e.* "Home state" means the party state which is the nurse's primary state of residence.

*f.* "Home state action" means any administrative, civil, equitable, or criminal action permitted by the home state's laws which are imposed on a nurse by the home state's licensing board or other authority, including actions against an individual's license such as revocation, suspension, probation, or any other action which affects a nurse's authorization to practice.

*g.* "Licensing board" means a party state's regulatory body responsible for issuing nurse licenses.

*h.* "Multistate licensure privilege" means current, official authority from a remote state permitting the practice of nursing as either a registered nurse or a licensed practical or vocational nurse in such party state. All party states have the authority, in accordance with existing state due process law, to take actions against the nurse's privilege such as revocation, suspension, probation, or any other action which affects a nurse's authorization to practice.

*i.* "Nurse" means a registered nurse or licensed practical or vocational nurse, as those

terms are defined by each party state's practice laws.

*j.* "Party state" means any state that has adopted this compact.

*k.* "Remote state" means a party state, other than the home state, where either of the following applies:

1. Where the patient is located at the time nursing care is provided.

2. In the case of the practice of nursing not involving a patient, in such party state where the recipient of nursing care is located.

*l.* "Remote state action" means either of the following:

1. Any administrative, civil, equitable, or criminal action permitted by a remote state's laws which is imposed on a nurse by the remote state's licensing board or other authority, including actions against an individual's multistate licensure privilege to practice in the remote state.

2. Cease and desist and other injunctive or equitable orders issued by remote states or the licensing boards of remote states.

*m.* "State" means a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

*n.* "State practice laws" means those individual party state laws and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. "State practice laws" does not include the initial qualifications for licensure or requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

#### ARTICLE III — GENERAL PROVISIONS AND JURISDICTION

*a.* A license to practice registered nursing issued by a home state to a resident in that state shall be recognized by each party state as authorizing a multistate licensure privilege to practice as a registered nurse in such party state. A license to practice licensed practical or vocational nursing issued by a home state to a resident in that state shall be recognized by each party state as authorizing a multistate licensure privilege to practice as a licensed practical or vocational nurse in such party state. In order to obtain or retain a license, an applicant must meet the home state's qualifications for licensure and license renewal as well as all other applicable state laws.

*b.* Party states may, in accordance with state due process laws, limit or revoke the multistate licensure privilege of any nurse to practice in their state and may take any other actions under their applicable state laws necessary to protect the health and safety of their citizens. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated

licensure information system shall promptly notify the home state of any such actions by remote states.

*c.* Every nurse practicing in a party state must comply with the state practice laws of the state in which the patient is located at the time care is rendered. In addition, the practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of a party state. The practice of nursing subjects a nurse to the jurisdiction of the nurse licensing board and the courts, as well as the laws, in that party state.

*d.* This compact does not affect additional requirements imposed by states for advanced practice registered nursing. However, a multistate licensure privilege to practice registered nursing granted by a party state shall be recognized by other party states as a license to practice registered nursing if one is required by state law as a precondition for qualifying for advanced practice registered nurse authorization.

*e.* Individuals not residing in a party state shall continue to be able to apply for nurse licensure as provided for under the laws of each party state. However, the license granted to these individuals shall not be recognized as granting the privilege to practice nursing in any other party state unless explicitly agreed to by that party state.

#### ARTICLE IV — APPLICATIONS FOR LICENSURE IN A PARTY STATE

*a.* Upon application for a license, the licensing board in a party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any restrictions on the multistate licensure privilege, and whether any other adverse action by any state has been taken against the license.

*b.* A nurse in a party state shall hold licensure in only one party state at a time, issued by the home state.

*c.* A nurse who intends to change the nurse's primary state of residence may apply for licensure in the new home state in advance of such change. However, new licenses shall not be issued by a party state until after a nurse provides evidence of change in the nurse's primary state of residence satisfactory to the new home state's licensing board.

*d.* 1. If a nurse changes the nurse's primary state of residence by moving between two party states, and obtains a license from the new home state, the license from the former home state is no longer valid.

2. If a nurse changes the nurse's primary state of residence by moving from a nonparty state to a party state, and obtains a license from the new home state, the individual state license issued by

the nonparty state is not affected and shall remain in full force if so provided by the laws of the nonparty state.

3. If a nurse changes the nurse's primary state of residence by moving from a party state to a nonparty state, the license issued by the prior home state converts to an individual state license, valid only in the former home state, without the multistate licensure privilege to practice in other party states.

#### ARTICLE V — ADVERSE ACTIONS

In addition to the general provisions described in article III, the following provisions apply:

*a.* The licensing board of a remote state shall promptly report to the administrator of the coordinated licensure information system any remote state actions, including the factual and legal basis for such action, if known. The licensing board of a remote state shall also promptly report any significant current investigative information yet to result in a remote state action. The administrator of the coordinated licensure information system shall promptly notify the home state of any such reports.

*b.* The licensing board of a party state shall have the authority to complete any pending investigations for a nurse who changes primary state of residence during the course of such investigations. It shall also have the authority to take appropriate action and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.

*c.* A remote state may take adverse action affecting the multistate licensure privilege to practice within that party state. However, only the home state shall have the power to impose adverse action against the license issued by the home state.

*d.* For purposes of imposing adverse action, the licensing board of the home state shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, it shall apply its own state laws to determine appropriate action.

*e.* The home state may take adverse action based on the factual findings of the remote state, so long as each state follows its own procedures for imposing such adverse action.

*f.* Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of licensure action and that such participation shall remain nonpublic if required by the party state's laws. Party states must require nurses who enter any alternative programs to agree not to practice in any other party state during the term of the alter-

native program without prior authorization from such other party state.

#### ARTICLE VI — ADDITIONAL AUTHORITIES INVESTED IN PARTY STATE NURSE LICENSING BOARDS

Notwithstanding any other powers, party state nurse licensing boards shall have the authority to do all of the following:

*a.* If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse.

*b.* Issue subpoenas for both hearings and investigations which require the attendance and testimony of witnesses, and the production of evidence. Subpoenas issued by a nurse licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses or evidence is located.

*c.* Issue cease and desist orders to limit or revoke a nurse's authority to practice in the state.

*d.* Promulgate uniform rules and regulations as provided for in article VIII, section c.

#### ARTICLE VII — COORDINATED LICENSURE INFORMATION SYSTEM

*a.* All party states shall participate in a cooperative effort to create a coordinated database of all licensed registered nurses and licensed practical or vocational nurses. This system shall include information on the licensure and disciplinary history of each nurse, as contributed by party states, to assist in the coordination of nurse licensure and enforcement efforts.

*b.* Notwithstanding any other provision of law, all party states' licensing boards shall promptly report adverse actions, actions against multistate licensure privileges, any current significant investigative information yet to result in adverse action, denials of applications, and the reasons for such denials, to the coordinated licensure information system.

*c.* Current significant investigative information shall be transmitted through the coordinated licensure information system only to party state licensing boards.

*d.* Notwithstanding any other provision of law, all party states' licensing boards contributing information to the coordinated licensure information system may designate information that shall not be shared with nonparty states or disclosed to

other entities or individuals without the express permission of the contributing state.

*e.* Any personally identifiable information obtained by a party state's licensing board from the coordinated licensure information system shall not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

*f.* Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

*g.* The compact administrators, acting jointly with each other and in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this compact.

ARTICLE VIII — COMPACT  
ADMINISTRATION AND  
INTERCHANGE OF INFORMATION

*a.* The head of the nurse licensing board, or the head's designee, of each party state shall be the administrator of this compact for the head's state.

*b.* The compact administrator of each party state shall furnish to the compact administrator of each other party state any information and documents including, but not limited to, a uniform data set of investigations, identifying information, licensure data, and disclosable alternative program participation information to facilitate the administration of this compact.

*c.* Compact administrators shall have the authority to develop uniform rules to facilitate and coordinate implementation of this compact. These uniform rules shall be adopted by party states, under the authority invested under article VI, section d.

ARTICLE IX — IMMUNITY

A party state or the officers or employees or agents of a party state's nurse licensing board who acts in accordance with the provisions of this compact shall not be liable on account of any act or omission in good faith while engaged in the performance of their duties under this compact. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

ARTICLE X — ENTRY INTO FORCE,  
WITHDRAWAL, AND AMENDMENT

*a.* This compact shall enter into force and become effective as to any state when it has been enacted into the laws of that state. Any party state may withdraw from this compact by enacting a

statute repealing the same, but such withdrawal shall not take effect until six months after the withdrawing state has given notice of the withdrawal to the executive heads of all other party states.

*b.* Withdrawal shall not affect the validity or applicability by the licensing boards of states remaining party to the compact of any report of adverse action occurring prior to the withdrawal.

*c.* This compact shall not be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a nonparty state that is made in accordance with the other provisions of this compact.

*d.* This compact may be amended by the party states. An amendment to this compact shall not become effective and binding upon the party states unless and until it is enacted into the laws of all party states.

ARTICLE XI — CONSTRUCTION AND  
SEVERABILITY

*a.* This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party state, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

*b.* 1. In the event party states find a need for settling disputes arising under this compact, the party states may submit the issues in dispute to an arbitration panel which shall be comprised of an individual appointed by the compact administrator in the home state, an individual appointed by the compact administrator in the remote state or states involved, and an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute.

2. The decision of a majority of the arbitrators shall be final and binding.

The advanced practice registered nurse compact is entered into and enacted into law with all jurisdictions legally joining therein, in the form substantially as follows:

ARTICLE I —

FINDINGS AND DECLARATION OF PURPOSE

a. The party states find all of the following:

1. The health and safety of the public are affected by the degree of compliance with advanced practice registered nurse licensure and practice requirements and the effectiveness of enforcement activities related to state advanced practice registered nurse license or authority to practice laws.

2. Violations of advanced practice registered nurse licensure and practice and other laws regulating the practice of nursing may result in injury or harm to the public.

3. The expanded mobility of advanced practice registered nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of advanced practice registered nurse licensure and practice requirements.

4. New practice modalities and technology make compliance with individual state advanced practice registered nurse licensure and practice requirements difficult and complex.

5. The current system of duplicative advanced practice registered nurse licensure and practice requirements for advanced practice registered nurses practicing in multiple states is cumbersome and redundant to both advanced practice registered nurses and states.

6. Uniformity of advanced practice registered nurse requirements throughout the states promotes public safety and public health benefits.

7. Access to advanced practice registered nurse services increases the public's access to health care, particularly in rural and underserved areas.

b. The general purposes of this compact are to:

1. Facilitate the states' responsibilities to protect the public's health and safety.

2. Ensure and encourage the cooperation of party states in the areas of advanced practice registered nurse licensure and practice requirements including promotion of uniform licensure requirements.

3. Facilitate the exchange of information between party states in the areas of advanced practice registered nurse regulation, investigation,

and adverse actions.

4. Promote compliance with the laws governing advanced practice registered nurse practice in each jurisdiction.

l. "*Party state*" means any state that has adopted this compact.

#### ARTICLE III —

#### GENERAL PROVISIONS AND JURISDICTION

a. All party states shall participate in the nurse licensure compact for registered nurses and licensed practical or vocational nurses in order to enter into the advanced practice registered nurse compact.

b. A state shall not enter the advanced practice registered nurse compact until the state adopts, at a minimum, the advanced practice registered nurse uniform license or authority to practice requirements for each advanced practice registered nurse role and title recognized by the state seeking to enter the advanced practice registered nurse compact.

c. Advanced practice registered nurse license or authority to practice issued by a home state to a resident in that state shall be recognized by each party state as authorizing a multistate advanced practice privilege to the extent that the role and title are recognized by each party state. To obtain or retain advanced practice registered nurse licensure and practice requirements as an advanced practice registered nurse, an applicant must meet the home state's qualifications for authority or renewal of authority as well as all other applicable state laws.

d. The advanced practice registered nurse multistate advanced practice privilege does not include prescriptive authority, and does not affect any requirements imposed by states to grant to an advanced practice registered nurse initial and continuing prescriptive authority according to state practice laws. However, a party state may grant prescriptive authority to an individual on the basis of a multistate advanced practice privilege to the extent permitted by state practice laws.

e. A party state may, in accordance with state due process laws, limit or revoke the multistate advanced practice privilege in the party state and may take any other necessary actions under the party state's applicable laws to protect the health and safety of the party state's citizens. If a party state takes action, the party state shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system

shall promptly notify the home state of any such actions by remote states.

*f.* An advanced practice registered nurse practicing in a party state must comply with the state practice laws of the state in which the patient is located at the time care is provided. The advanced practice registered nurse practice includes patient care and all advanced nursing practice defined by the party state's practice laws. The advanced practice registered nurse practice subjects an advanced practice registered nurse to the jurisdiction of the licensing board, the courts, and the laws of the party state.

*g.* Individuals not residing in a party state may apply for an advanced practice registered nurse license or authority to practice as an advanced practice registered nurse under the laws of a party state. However, the authority to practice granted to these individuals shall not be recognized as granting the privilege to practice as an advanced practice registered nurse in any other party state unless explicitly agreed to by that party state.

ARTICLE IV —  
APPLICATIONS FOR ADVANCED PRACTICE  
REGISTERED NURSE LICENSURE OR  
AUTHORITY TO PRACTICE IN A PARTY STATE

*a.* Once an application for an advanced practice registered nurse license or authority to practice is submitted, a party state shall ascertain, through the coordinated licensure information system, whether the applicant has held, or is the holder of, a nursing license or authority to practice issued by another state, whether the applicant has had a history of previous disciplinary action by any state, whether an encumbrance exists on any license or authority to practice, and whether any other adverse action by any other state has been taken against a license or authority to practice.

This information may be used in approving or denying an application for an advanced practice registered nurse license or authority to practice.

*b.* An advanced practice registered nurse in a party state shall hold an advanced practice registered nurse license or authority to practice in only one party state at a time, issued by the home state.

*c.* An advanced practice registered nurse who intends to change the nurse's primary state of residence may apply for an advanced practice registered nurse license or authority to practice in the new home state in advance of such change. However, a new license or authority to practice shall not be issued by a party state until after an advanced practice registered nurse provides evidence of change in the nurse's primary state of residence satisfactory to the new home state's licensing board.

*d.* 1. If an advanced practice registered nurse changes the nurse's primary state of residence by moving between two party states, and obtains an

advanced practice registered nurse license or authority to practice from the new home state, the advanced practice registered nurse license or authority to practice from the former home state is no longer valid.

2. If an advanced practice registered nurse changes the nurse's primary state of residence by moving from a nonparty state to a party state, and obtains an advanced practice registered nurse license or authority to practice from the new home state, the individual state license issued by the nonparty state is not affected and shall remain in full force if so provided by the laws of the nonparty state.

3. If an advanced practice registered nurse changes the nurse's primary state of residence by moving from a party state to a nonparty state, the advanced practice registered nurse license or authority to practice issued by the prior home state converts to an individual state license, valid only in the former home state, without the multistate licensure privilege to practice in other party states.

ARTICLE V — ADVERSE ACTIONS

In addition to the general provisions described in article III, the following provisions apply:

*a.* The licensing board of a remote state shall promptly report to the administrator of the coordinated licensure information system any remote state actions, including the factual and legal basis for such action, if known. The licensing board of a remote state shall also promptly report any significant current investigative information yet to result in a remote state action. The administrator of the coordinated licensure information system shall promptly notify the home state of any such reports.

*b.* The licensing board of a party state shall have the authority to complete any pending investigations for an advanced practice registered nurse who changes the nurse's primary state of residence during the course of such investigations. It shall also have the authority to take appropriate action and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.

*c.* A remote state may take adverse action affecting the multistate advanced practice privilege to practice within that party state. However, only the home state shall have the power to impose adverse action against the advanced practice registered nurse license or authority to practice issued by the home state.

*d.* For purposes of imposing adverse action, the licensing board of the home state shall give the same priority and effect to reported conduct received from a remote state as it would if such con-

duct had occurred within the home state. In so doing, it shall apply its own state laws to determine appropriate action.

*e.* The home state may take adverse action based on the factual findings of the remote state, so long as each state follows its own procedures for imposing such adverse action.

*f.* Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the party state's laws. Party states must require advanced practice registered nurses who enter any alternative programs to agree not to practice in any other party state during the term of the alternative program without prior authorization from such other party state.

*g.* All home state licensing board disciplinary orders, agreed to or otherwise, which limit the scope of the advanced practice registered nurse's practice or require monitoring of the advanced practice registered nurse as a condition of the order shall include the requirements that the advanced practice registered nurse will limit the nurse's practice to the home state during the pendency of the order. This requirement may allow the advanced practice registered nurse to practice in other party states with prior written authorization from both the home state and party state licensing boards.

ARTICLE VI —  
ADDITIONAL AUTHORITIES INVESTED IN  
PARTY STATE LICENSING BOARDS

Notwithstanding any other powers, party state licensing boards shall have the authority to do all of the following:

*a.* If otherwise permitted by state law, recover from the affected advanced practice registered nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that advanced practice registered nurse.

*b.* Issue subpoenas for both hearings and investigations which require the attendance and testimony of witnesses, and the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses, or the production of evidence from another party state, shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses or evidence is located.

*c.* Issue cease and desist orders to limit or revoke an advanced practice registered nurse's privilege, license, or authority to practice in the state.

*d.* Promulgate uniform rules and regulations as provided for in article VIII, section c.

ARTICLE VII — COORDINATED LICENSURE  
INFORMATION SYSTEM

*a.* All party states shall participate in a cooperative effort to create a coordinated database of all advanced practice registered nurses. This system shall include information on the advanced practice registered nurse licensure and practice requirements and disciplinary history of each advanced practice registered nurse, as contributed by party states, to assist in the coordination of the advanced practice registered nurse licensure or authority to practice and enforcement efforts.

*b.* Notwithstanding any other provision of law, all party states' licensing boards shall promptly report adverse actions, actions against multistate advanced practice privileges, any current significant investigative information yet to result in adverse action, denials of applications, and the reasons for such denials, to the coordinated licensure information system.

*c.* Current significant investigative information shall be transmitted through the coordinated licensure information system only to party state licensing boards.

*d.* Notwithstanding any other provision of law, all party states' licensing boards contributing information to the coordinated licensure information system may designate information that shall not be shared with nonparty states or disclosed to other entities or individuals without the express permission of the contributing state.

*e.* Any personally identifiable information obtained by a party state's licensing board from the coordinated licensure information system shall not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

*f.* Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

*g.* The compact administrators, acting jointly with each other and in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this compact.

ARTICLE VIII — COMPACT ADMINISTRATION  
AND INTERCHANGE OF INFORMATION

*a.* The head of the licensing board, or the head's designee, of each party state shall be the administrator of this compact for the head's state.

*b.* The compact administrator of each party

state shall furnish to the compact administrator of each other party state any information and documents including, but not limited to, a uniform data set of investigations, identifying information, licensure data, and disclosable alternative program participation information to facilitate the administration of this compact.

c. Compact administrators shall have the authority to develop uniform rules to facilitate and coordinate implementation of this compact. These uniform rules shall be adopted by party states, under the authority invested under article VI, section d.

#### ARTICLE IX — IMMUNITY

A party state or the officers or employees or agents of a party state's licensing board who acts in accordance with the provisions of this compact shall not be liable on account of any act or omission in good faith while engaged in the performance of their duties under this compact. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

#### ARTICLE X — ENTRY INTO FORCE, WITHDRAWAL, AND AMENDMENT

a. This compact shall enter into force and become effective as to any state when it has been enacted into the laws of that state. Any party state may withdraw from this compact by enacting a statute repealing the same, but such withdrawal shall not take effect until six months after the withdrawing state has given notice of the withdrawal to the executive heads of all other party states.

b. Withdrawal shall not affect the validity or applicability by the licensing boards of states remaining party to the compact of any report of adverse action occurring prior to the withdrawal.

c. This compact shall not be construed to invalidate or prevent any advanced practice registered nurse licensure or authority to practice agreement

or other cooperative arrangement between a party state and a nonparty state that is made in accordance with the other provisions of this compact.

d. This compact may be amended by the party states. An amendment to this compact shall not become effective and binding upon the party states unless and until it is enacted into the laws of all party states.

#### ARTICLE XI — CONSTRUCTION AND SEVERABILITY

a. This compact shall be liberally construed so as to effectuate the purposes of the compact. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States, or the applicability of the compact to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability of the compact to any government, agency, person, or circumstance shall not be affected by that action. If this compact shall be held contrary to the constitution of any state which is party to the compact, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

b. 1. In the event party states find a need for settling disputes arising under this compact, the party states may submit the issues in dispute to an arbitration panel which shall be comprised of an individual appointed by the compact administrator in the home state, an individual appointed by the compact administrator in the remote state or states involved, and an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute.

2. The decision of a majority of the arbitrators shall be final and binding.

The board shall determine in each instance those eligible for a resident license, whether or not examinations shall be given, and the type of examination. None of the requirements for regular permanent licensure are mandatory for resident licensure except as specifically designated by the board. **153.33 Powers of board.**

Subject to the provisions of this chapter, any provision of this subtitle to the contrary notwithstanding, the board shall exercise the following powers:

1. To initiate investigations of and conduct hearings on all matters or complaints relating to the practice of dentistry, dental hygiene, or dental assisting or pertaining to the enforcement of any

provision of this chapter, to provide for mediation of disputes between licensees or registrants and their patients when specifically recommended by the board, to revoke or suspend licenses or registrations, or the renewal thereof, issued under this or any prior chapter, to provide for restitution to patients, and to otherwise discipline licensees and registrants.

Subsequent to an investigation by the board, the board may appoint a disinterested third party to mediate disputes between licensees or registrants and patients. Referral of a matter to mediation shall not preclude the board from taking disciplinary action against the affected licensee or registrant.

2. To appoint investigators, who shall not be members of the examining board, to administer and aid in the enforcement of the provisions of law relating to those persons licensed to practice dentistry and dental hygiene, and persons registered as dental assistants. The amount of compensation for the investigators shall be determined pursuant to chapter 8A, subchapter IV. Investigators authorized by the board of dental examiners have the powers and status of peace officers when enforcing this chapter and chapters 147 and 272C.

3. All employees needed to administer this chapter shall be appointed pursuant to the merit system.

4. To initiate in its own name or cause to be initiated in a proper court appropriate civil proceedings against any person to enforce the provisions of this chapter or this subtitle relating to the practice of dentistry, and the board may have the benefit of counsel in connection therewith. Any such judicial proceeding as may be initiated by the board shall be commenced and prosecuted in the same manner as any other civil action and injunctive relief may be granted therein without proof of actual damage sustained by any person but such injunctive relief shall not relieve the person so enjoined from criminal prosecution by the attorney general or county attorney for violation of any provision of this chapter or this subtitle relating to the practice of dentistry.

5. In any investigation made or hearing conducted by the board on its own motion, or upon written complaint filed with the board by any person, pertaining to any alleged violation of this chapter or the accusation against any licensee or registrant, the following procedure and rules so far as material to such investigation or hearing shall obtain:

*a.* The accusation of such person against any licensee or registrant shall be reduced to writing, verified by some person familiar with the facts therein stated, and three copies thereof filed with the board.

*b.* If the board shall deem the charges sufficient, if true, to warrant suspension or revocation of license or registration, it shall make an order fixing the time and place for hearing thereon and

requiring the licensee or registrant to appear and answer thereto, such order, together with a copy of the charges so made to be served upon the accused at least twenty days before the date fixed for hearing, either personally or by certified or registered mail, sent to the licensee's or registrant's last known post office address as shown by the records of the board.

c. At the time and place fixed in said notice for said hearing, or at any time and place to which the said hearing shall be adjourned, the board shall hear the matter and may take evidence, administer oaths, take the deposition of witnesses, including the person accused, in the manner provided by law in civil cases, compel the appearance of witnesses before it in person the same as in civil cases by subpoena issued over the signature of the chairperson of the board and in the name of the state of Iowa, require answers to interrogatories and compel the production of books, papers, accounts, documents and testimony pertaining to the matter under investigation or relating to the hearing.

d. In all such investigations and hearings pertaining to the suspension or revocation of licenses or registrations, the board and any person affected thereby may have the benefit of counsel, and upon the request of the licensee or registrant or the licensee's or registrant's counsel the board shall issue subpoenas for the attendance of such witnesses in behalf of the licensee or registrant, which subpoenas when issued shall be delivered to the licensee or registrant or the licensee's or registrant's counsel. Such subpoenas for the attendance of witnesses shall be effective if served upon the person named therein anywhere within this state, provided, that at the time of such service the fees now or hereafter provided by law for witnesses in civil cases in district court shall be paid or tendered to such person.

e. In case of disobedience of a subpoena lawfully served hereunder, the board or any party to such hearing aggrieved thereby may invoke the aid of the district court in the county where such hearing is being conducted to require the attendance and testimony of such witnesses. Such district court of the county within which the hearing is being conducted may, in case of contumacy or refusal to obey such subpoena, issue an order requiring such person to appear before said board, and if so ordered give evidence touching the matter involved in the hearing. Any failure to obey such order of the court may be punished by such court as a contempt thereof.

f. If the licensee or registrant pleads guilty, or after hearing shall be found guilty by the board of any of the charges made, it may suspend for a limited period or revoke the license or registration, and the last renewal thereof, and shall enter the order on its records and notify the accused of the revocation or suspension of the person's license or registration, as the case may be, who shall there-

upon forthwith surrender that license or registration to the board. Any such person whose license or registration has been so revoked or suspended shall not thereafter and while such revocation or suspension is in force and effect practice dentistry, dental hygiene, or dental assisting within this state.

g. The findings of fact made by the board acting within its power shall, in the absence of fraud, be conclusive, but the district court shall have power to review questions of law involved in any final decision or determination of the board; provided, that application is made by the aggrieved party within thirty days after such determination by certiorari, mandamus or such other method of review or appeal permitted under the laws of this state, and to make such further orders in respect thereto as justice may require.

h. Pending the review and final disposition thereof by the district court, the action of the board suspending or revoking such license or registration shall not be stayed.

6. To adopt rules regarding infection control in dental practice which are consistent with standards of the federal Occupational Safety and Health Act of 1970, 29 U.S.C. § 651-678, and recommendations of the centers for disease control.

7. To promulgate rules as may be necessary to implement the provisions of this chapter.

### 153.33A Dental hygiene committee.

1. A three-member dental hygiene committee of the board of dental examiners is created, consisting of the two dental hygienist members of the board and one dentist member of the board. The dentist member of the committee must have supervised and worked in collaboration with a dental hygienist for a period of at least three years immediately preceding election to the committee. The dentist member shall be elected to the committee annually by a majority vote of board members.

2. The committee shall have the authority to adopt recommendations regarding the practice, discipline, education, examination, and licensure of dental hygienists, subject to subsection 3, and shall carry out duties as assigned by the board. The committee shall have no regulatory or disciplinary authority with regard to dentists, dental assistants, dental lab technicians, or any other auxiliary dental personnel.

3. The board shall ratify recommendations of the committee at the first meeting of the board following adoption of the recommendations by the committee, or at a meeting of the board specifically called for the purpose of board review and ratifica-

tion of committee recommendations. The board shall decline to ratify committee recommendations only if the board makes a specific finding that a recommendation exceeds the jurisdiction or expands the scope of the committee beyond the authority granted in subsection 2, creates an undue financial impact on the board, or is not supported by the record. The board shall pay the necessary expenses of the committee and of the board in implementing committee recommendations ratified by the board.

4. This section shall not be construed as impacting or changing the scope of practice of the profession of dental hygiene or authorizing the independent practice of dental hygiene.

#### **153.34 Discipline.**

The board may issue an order to discipline a licensed dentist or dental hygienist, or registered dental assistant, for any of the grounds set forth in this chapter, chapter 272C, or Title IV. Notwithstanding section 272C.3, licensee or registrant discipline may include a civil penalty not to exceed ten thousand dollars. Pursuant to this section, the board may discipline a licensee or registrant for any of the following reasons:

1. For fraud or deceit in procuring the license or registration or the renewal thereof to practice dentistry, dental hygiene, or dental assisting.

2. For being guilty of willful and gross malpractice or willful and gross neglect in the practice of dentistry, dental hygiene, or dental assisting.

3. For fraud in representation as to skill or ability.

4. For willful or repeated violations of this chapter, this subtitle, or the rules of the state board of dentistry.

5. For obtaining any fee by fraud or misrepresentation.

6. For having failed to pay license or registration fees as provided herein.

7. For gross immorality or dishonorable or unprofessional conduct in the practice of dentistry, dental hygiene, or dental assisting.

8. For failure to maintain a reasonably satisfactory standard of competency in the practice of dentistry, dental hygiene, or dental assisting.

9. For the conviction of a felony in the courts of this state or another state, territory, or country. Conviction as used in this subsection includes a conviction of an offense which if committed in this state would be a felony without regard to its designation elsewhere, and includes a finding or verdict of guilt made or returned in a criminal proceeding even if the adjudication of guilt is withheld or not entered. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state constitutes conclusive evidence of the conviction.

10. For a violation of a law of this state, another

state, or the United States, without regard to its designation as either a felony or misdemeanor, which law relates to the practice of dentistry, dental hygiene, or dental assisting. This chapter shall not prohibit a corporation, partnership, trust, association, or other organization maintaining an established business address from engaging in the business of selling or offering for sale hearing aids at retail without a license if it employs only licensed hearing aid dispensers in the direct fitting or selection and sale of hearing aids. Such an organization shall file annually with the board a list of all licensed hearing aid dispensers and persons holding temporary permits directly or indirectly employed by it. Such an organization shall also file with the board a statement on a form approved by the board that the organization submits itself to the rules and regulations of the board and the provisions of this chapter which the department deems applicable.

5. No hearing aid shall be sold by any individual licensed under this chapter to a person twelve years of age or younger, unless within the preceding six months a recommendation for a hearing aid has been made by a physician specializing in otolaryngology. A replacement of an identical hearing aid within one year shall be an exception to this requirement.

6. A licensed hearing aid dispenser shall, upon the consummation of a sale of a hearing aid, keep and maintain records in the dispenser's office or

#### **154A.23 Complaints.**

Any person wishing to make a complaint against a licensee or holder of a temporary permit shall file a written statement with the board within twelve months from the date of the action upon

which the complaint is based. If the board determines that the complaint alleges facts which, if proven, would be cause for the suspension or revocation of the license of the licensee or the permit of the holder of a temporary permit, it shall make an order fixing a time and place for a hearing and requiring the licensee or holder of a temporary permit complained against to appear and defend. The order shall contain a copy of the complaint, and the order and copy of the complaint shall be served upon the licensee or holder of a temporary permit at least twenty days before the date set for hearing, either personally or as provided in section 154A.21. Continuance or adjournment of a hearing date may be made for good cause. At the hearing the licensee or holder of a temporary permit may be represented by counsel. The licensee or holder of a temporary permit and the board may take depositions in advance of hearing and after service of the complaint, and either may compel the attendance of witnesses by subpoenas issued by the board. The board shall issue such subpoenas at the request of a licensee or holder of a temporary permit. Either party taking depositions shall give at least five days' written notice to the other party of the time and place of such depositions, and the other party may attend, with counsel, if desired, and cross-examine.

If the board determines from the evidence and proofs submitted that the licensee or holder of a temporary permit is guilty of violating any of the provisions of this chapter, or any of the regulations promulgated by the board pursuant to this chapter, the department shall, within thirty days after the hearing, issue an order refusing to issue or renew, or revoking or suspending, as the case may be, the hearing aid dispenser's license or temporary permit. The order shall include the findings of fact and the conclusions of law made by the board and counsel. A copy of the order shall be sent to the licensee or holder of a temporary permit by registered mail. The final order of the board in the proceedings may be appealed to the district court of the county where the licensee or holder of a temporary permit resides, or in which the licensed hearing aid dispenser's principal place of business is located.

The department shall send a copy of the complaint and a copy of the board's final order to the attorney general for purposes of information in the event the licensee or holder of a temporary permit pursues a court appeal and for consideration as to whether the violations are flagrant enough to justify prosecution. The attorney general and all county attorneys shall assist the department in the enforcement of the provisions of this chapter.

### 155.9 Duties of the board.

The board shall have the duty and responsibility to:

1. Develop, impose, and enforce standards which must be met by individuals in order to receive a license as a nursing home administrator, which standards shall be designed to insure that nursing home administrators will be individuals who, by training or experience in the field of insti-

tutional administration, are qualified to serve as nursing home administrators.

2. Develop and apply appropriate techniques, including examination and investigations, for determining whether an individual meets such standards. The board may administer as many examinations per year as are necessary, but shall administer at least one examination per year. Any written examination may be given by representatives of the board. Applicants who fail the examination once shall be allowed to take the examination at the next scheduled time. Thereafter, the applicant shall be allowed to take the examination at the discretion of the board. An applicant who has failed the examination may request in writing information from the board concerning the applicant's examination grade and subject areas or questions which the applicant failed to answer correctly, except that if the board administers a uniform, standardized examination, the board shall only be required to provide the examination grade and such other information concerning the applicant's examination results which are available to the board.

3. Issue licenses to individuals who, after application of such techniques, are found to have met such standards; and for cause and after due notice and hearing, revoke or suspend licenses previously issued by such board in any case where the individual holding such license is found to have failed substantially to conform to the requirements of such standards.

The board may also accept the voluntary surrender of such license without necessity of a hearing. In the event of the inability of the regular administrator of a nursing home to perform the administrator's duties or through death or other cause the nursing home is without a licensed administrator, a provisional administrator may be appointed on a temporary basis by the nursing home owner or owners to perform such duties for a period not to exceed one year.

4. Establish and carry out procedures designed to insure that individuals licensed as nursing home administrators will, during any period that they serve as such, comply with the requirements of such standards.

5. Receive, investigate, and take appropriate action with respect to any charge or complaint filed with the board to the effect that any individual licensed as a nursing home administrator has failed to comply with the requirements of such standards. Such appropriate action may include revocation of a license, if necessary, or placing the licensee on probation for a period not exceeding six months, and shall be taken only for cause after due notice and a hearing on the charge or complaint.

6. Conduct a continuing study and investigation of nursing homes, and administrators of nursing homes, in this state with a view to the improvement of the standards imposed for the licensing of

such administrators and of procedures and methods for the enforcement of such standards with respect to administrators of nursing homes who have been licensed as such.

7. Conduct, or cause to be conducted, one or more courses of instruction and training sufficient to meet the requirements of this chapter, and make provisions for such courses and their accessibility to residents of this state unless it finds that there are, and approves, a sufficient number of courses, which courses are conducted by others within this state. In lieu thereof the board may approve courses conducted within and without this state as sufficient to meet the education and training requirements of this chapter.

Such renewals shall be granted as a matter of course unless the board finds, after due notice and hearing, that the applicant has acted or failed to act in accordance with the rules or in such a manner or under such circumstances as would constitute grounds for suspension or revocation of a license.

A person or pharmaceutical peer review committee may report relevant facts to the board relating to the acts of a pharmacist in this state, a pharmacist-intern as defined in section 155A.3, subsection 28, or a pharmacy technician in this state if the person or peer review committee has knowledge relating to the pharmacist, pharmacist-intern, or pharmacy technician which, in the opinion of the person or pharmaceutical peer review committee, might impair competency due to chemical abuse, chemical dependence, or mental or physical illness, or which might endanger the public health and safety, or which provide grounds for disciplinary action as specified in this chapter and in the rules of the board.

2. A committee of a professional pharmaceutical organization, its staff, or a district or local intervenor participating in a program established to aid pharmacists, pharmacist-interns, or pharmacy technicians impaired by chemical abuse, chemical dependence, or mental or physical illness may report in writing to the board the name of the impaired pharmacist, pharmacist-intern, or pharmacy technician together with pertinent information relating to the impairment. 3. Upon determination by the board that a report submitted by a peer review committee or a professional pharmaceutical organization committee is without merit, the report shall be expunged from the pharmacist's, pharmacist-intern's, or pharmacy technician's individual record in the board's office. A pharmacist, pharmacist-intern, pharmacy technician, or an authorized representative of the pharmacist, pharmacist-intern, or pharmacy technician shall be entitled on request to examine the peer review committee report or the pharmaceutical organization committee report submitted to the board and to place into the record a statement of reasonable length of the pharmacist's, pharmacist-intern's, or pharmacy technician's view with respect to any information existing in the report.

4. Notwithstanding other provisions of the Code, the records and proceedings of the board, its authorized agents, a peer review committee, or a pharmaceutical organization committee as set out in subsections 1 and 2 shall be privileged and confidential and shall not be considered public records or open records unless the affected pharmacist, pharmacist-intern, or pharmacy technician so requests and shall not be subject to a subpoena or to a discovery proceeding. The board may disclose the records and proceedings only as follows:

An employee or a member of the board, a peer review committee member, a professional pharmaceutical organization committee member, a professional pharmaceutical organization district or local intervenor, or any other person who furnishes information, data, reports, or records in good faith for the purpose of aiding the impaired pharmacist, pharmacist-intern, or pharmacy technician, shall be immune from civil liability. This immunity from civil liability shall be liberally construed to accomplish the purpose of this section and is in addition to other immunity provided by law.

6. An employee or member of the board or a committee or intervenor program is presumed to

have acted in good faith. A person alleging a lack of good faith has the burden of proof on that issue.

7. The board may contract with professional pharmaceutical associations or societies to provide a program for pharmacists, pharmacist-interns, and pharmacy technicians who are impaired by chemical abuse, chemical dependence, or mental or physical illness. Such programs shall include, but not be limited to, education, intervention, and posttreatment monitoring. A contract with a professional pharmaceutical association or society shall include the following requirements:

*a.* Periodic reports to the board regarding education, intervention, and treatment activities.

*g.* Immediate reporting to the board of the name of a participant where additional information is evident that known distribution of controlled substances or legend drugs to other individuals has taken place.

8. The board may add a surcharge of not more than ten percent of the applicable fee to a pharmacist license fee, pharmacist license renewal fee, pharmacist-intern registration fee, pharmacy technician registration fee, or pharmacy technician registration renewal fee authorized under this chapter to fund programs to aid impaired pharmacists, pharmacist-interns, or pharmacy technicians.

9. The board may accept, transfer, and expend funds made available by the federal or state government or by another public or private source to be used in programs authorized by this section. The board may contract to provide funding on an annual basis to a professional pharmaceutical as-

sociation or society for expenses incurred in management and operation of a program to aid impaired pharmacists, pharmacist-interns, or pharmacy technicians. Documentation of the use of these funds shall be provided to the board not less than annually for review and comment.

10. Funds and surcharges collected under this section shall be deposited in an account and may be used by the board to administer programs authorized by this section, including the provision of education, intervention, and posttreatment monitoring to an impaired pharmacist, pharmacist-intern, or pharmacy technician and to pay the administrative costs incurred by the board in connection with that funding and appropriate oversight, but not for costs incurred for a participant's initial evaluation, referral services, treatment, or rehabilitation subsequent to intervention.

3. Criminal history information relating to an applicant, licensee, or registrant obtained by the board pursuant to this section is confidential. The board may, however, use such information in a license or registration denial proceeding. In a disciplinary proceeding, such information shall constitute investigative information under section 272C.6, subsection 4, and may be used only for purposes consistent with that section.

(2) Contamination is affecting or likely to affect surface water bodies to a level which exceeds surface water quality standards under section 455B.173.

(3) Contamination is discovered in an ecologically sensitive area. An ecologically sensitive area is one which is designated by the department.

*b.* A site shall be considered medium priority if contamination of groundwater exceeds action levels, but does not meet the criteria for classification as a high priority site.

*c.* A site shall be considered low priority under any of the following conditions:

(1) If soil contamination exists at the site, but no groundwater contamination exists at the site.

(2) If soil contamination exists and groundwater contamination has been discovered, but is below action levels.

3. A site shall be reclassified as a site with a higher or lower classification when the site falls within a higher or lower classification, as provided in a plan for remediation pursuant to section 161.8.

4. The remediation of a site classified under this section shall be administered as follows:

*a.* For a high priority site, soil and groundwater site cleanup shall include active site cleanup where technically feasible, until such time as the groundwater contamination levels are below action levels.

*b.* For a medium priority site, the remediation shall include either monitoring or active or passive site cleanup as determined by the department on a site-by-site basis upon considering the findings of the plan of remediation. However, the remediation shall at least be the same remediation required if the site were classified as a low priority site.

*c.* For a low priority site, the remediation shall include active site cleanup, if the site cleanup would be more practical and cost-effective than monitoring. If active site cleanup for soil is undertaken, no further action shall be required on the site. If active site cleanup for soil is not undertaken, the site shall be monitored, for a specified period of time as determined by the department.

5. Contaminated groundwater and soil shall be applied on land in accordance with rules adopted by the department. The application rate shall not exceed a level which precludes the resumption of normal farming practices within a two-year period.

6. This chapter does not affect the ability of the department or the United States environmental protection agency to require monitoring or remediation on sites that are placed on the national priorities list pursuant to the federal Comprehensive Environmental Response, Compensation and Liability Act.

*b.* A plan for remediation of a site where contamination has been discovered. The plan shall provide procedures for a remediation of the contaminated site, a schedule for providing for the remediation of the site according to remediation standards provided in section 161.5, and the classification and prioritization of sites as provided in section 161.6. The plan may be amended at any time, if approved by the department, if the amendment to the agreement is executed by the responsible person and the board. The plan shall be developed by the responsible person and approved by

the department for each site subject to the agreement. The plan shall include all of the following:

(1) A determination as to the extent of the existing soil, groundwater, or surface water contamination.

(3) The characteristics of the site and the potential for migration of the contamination.

(4) Whether the site is classified as a high, medium, or low priority site, as provided in section 161.6.

The department may require that an initial plan of remediation be submitted prior to execution of a remediation agreement. The department may require that the initial plan recommend whether a site be classified as a high or medium priority site. The department may require further investigation be conducted to determine the extent of the remediation which should be conducted on the site.

2. *a.* The department, upon approval of the board, may contract with a person in order to do any of the following:

(1) Consult with the department and the board in reviewing a remediation agreement, including but not limited to investigating a site or recommending approval or denial of a plan for remediation.

(2) Ensure compliance with the plan for remediation as provided in this section. The person may be authorized to provide a statement to a responsible person, stating that the person is eligible for payment of a claim submitted from the fund as provided in section 161.9.

*b.* The department may execute the contract with a private individual or entity or a state and local government as provided in chapter 28E.

4. Unless the department has cause to believe that the responsible person is not eligible, the department shall provide a statement to the responsible person upon request. The statement shall be

printed on forms prescribed by the board. The statement shall verify that to the extent of the department's knowledge, the responsible person is eligible under this section. The board may use the statement as evidence of eligibility. The board shall provide the statement with any weight determined appropriate by the board.

5. The state, a state agency, a political subdivision of the state, or federal government, or an agency of the federal government, is not eligible to submit a claim to the board for reimbursement from the fund.

### 161.9 Payment of claims.

1. The board shall approve a claim against the fund to pay for remediation of a contaminated site if all of the following apply:

2. If the board approves a claim, the board shall reimburse the responsible person by doing any of the following:

*a.* Providing for the immediate payment of a claim, if the board determines that the contamination causes a clear, present, and impending danger to the public health or the natural environment.

*b.* Providing for the ordinary payment of a claim as follows:

(1) The board may pay the amount of the claim based on a final statement submitted by a responsible person. The department, in consultation with the board, may establish guidelines for rea-

(2) Upon a determination that the claim is eligible for payment, the department shall provide for payment of the claim as provided in this subsection.

The board shall place conditions or requirements upon the payment of moneys from the fund in order to ensure that the moneys are used to provide remediation in compliance with a remediation plan required pursuant to section 161.8.

4. If at any time the department determines that there are insufficient moneys in the fund to make payment of all claims, the department shall pay claims according to the date that the claims are received by the department. To the extent that a claim cannot be fully satisfied, the department shall order that the unpaid portion of the payment be deferred until the claim can be satisfied. However, the department shall not satisfy claims from moneys dedicated for the administration of the fund.

5. The department shall have a claim on behalf of the fund against any responsible person who files a claim in violation of this chapter for the amount paid for remediation. The responsible person shall be liable for damages. The moneys collected by the department under this subsection

Nomination of candidates for the office of commissioner shall be made by petition in accordance with chapter 45, except that each candidate's nominating petition shall be signed by at least twenty-five eligible electors of the district. The petition form shall be furnished by the county commissioner of elections. Every candidate shall file with the nomination papers an affidavit stating the candidate's name, the candidate's residence, that the person is a candidate and is eligible for the office of commissioner, and that if elected the candidate will qualify for the office. The affidavit shall also state that the candidate is aware that the candidate is disqualified from holding office if the candidate has been convicted of a felony or other infamous crime and the candidate's rights have not been restored by the governor or by the president of the United States.

The signed petitions shall be filed with the county commissioner of elections not later than five p.m. on the sixty-ninth day before the general election. The votes for the office of district commissioner shall be canvassed in the same manner as the votes for county officers, and the returns shall be certified to the commissioners of the district. A plurality is sufficient to elect commissioners, and a primary election for the office shall not be held. If the canvass shows that the two candidates receiving the highest and the second highest number of votes for the office of district commissioner are both residents of the same township, the board shall certify as elected the candidate who received the highest number of votes for the office and the candidate receiving the next highest number of votes for the office who is not a resident of the same township as the candidate receiving the highest number of votes.

Those commissioners whose term of office begins on that day shall take the oath of office prescribed by section 63.10. The commissioners shall then organize by election of a chairperson and a vice chairperson.

The commissioners of the respective districts shall submit to the department such statements, estimates, budgets, and other information at such times and in such manner as the department may require.

A commissioner shall not receive compensation for the commissioner's services. However, to the extent funds are available, a commissioner is entitled to receive actual expenses necessarily incurred in the discharge of the commissioner's duties, including reimbursement for mileage at the rate provided under section 70A.9 for state business use.

The commissioners may call upon the attorney general of the state for such legal services as they may require. #### **161A.7 Powers of districts and commissioners.**

A soil and water conservation district organized under this chapter has the following powers, in addition to others granted in other sections of this chapter:

1. To conduct surveys, investigations, and research relating to the character of soil erosion and erosion, floodwater, and sediment damages, and the preventive and control measures needed, to publish the results of such surveys, investigations or research, and to disseminate information concerning such preventive and control measures; provided, however, that in order to avoid duplication of research activities, no district shall initiate any research program except in cooperation with the Iowa agricultural experiment station located at Ames, Iowa, and pursuant to a cooperative agreement entered into between the Iowa agricultural experiment station and such district.

2. To conduct demonstrational projects within the district on lands owned or controlled by this state or any of its agencies, with the consent and cooperation of the agency administering and having jurisdiction thereof, and on any other lands within the district upon obtaining the consent of the owner or occupier of such lands or the necessary rights or interests in such lands, in order to demonstrate by example the means, methods, and measures by which soil and soil resources may be conserved, and soil erosion in the form of soil blowing and soil washing may be prevented and controlled; provided, however, that in order to avoid duplication of agricultural extension activities, no district shall initiate any demonstrational projects, except in cooperation with the Iowa agricultural extension service whose offices are located at Ames, Iowa, and pursuant to a cooperative agreement entered into between the Iowa agricultural extension service and such district.

3. To carry out preventive and control measures within the district, including, but not limited to, crop rotations, engineering operations, methods of cultivation, the growing of vegetation, changes in use of land, and the measures listed in section 161A.2, on lands owned or controlled by this state or any of its agencies, with the consent and cooperation of the agency administering and having jurisdiction thereof, and on any other lands within the district, upon obtaining the consent of the owner or occupier of such lands or the necessary rights or interests in such lands. Any approval or permits from the council required under other provisions of law shall be obtained by the district prior to initiation of any construction activity.

4. To cooperate, or enter into agreements with, and within the limits of appropriations duly made available to it by law, to furnish financial or other aid to any agency, governmental or otherwise, or any owner or occupier of lands within the district, in the carrying on of erosion-control and watershed protection and flood prevention operations within the district, subject to such conditions as the commissioners may deem necessary to advance the purposes of this chapter.

5. To obtain options upon and to acquire, by purchase, exchange, lease, gift, grant, bequest, devise or otherwise, any property, real or personal, or rights or interests therein; to maintain, administer, and improve any properties acquired, to receive income from such properties and to expend such income in carrying out the purposes and provisions of this chapter; and to sell, lease or otherwise dispose of any of its property or interests therein in furtherance of the purposes and provisions of this chapter.

6. To make available on such terms as it shall prescribe, to landowners or occupiers within the district, agricultural and engineering machinery and equipment, fertilizer, lime, and such other material or equipment as will assist such landowners or occupiers to carry on operations upon their lands for the conservation of soil resources and for the prevention and control of soil erosion and for the prevention of erosion, floodwater, and sediment damages.

7. To construct, improve, and maintain such structures as may be necessary or convenient for the performance of any of the operations authorized in this chapter. Any approval or permits from the council required under other provisions of law shall be obtained by the district prior to initiation of any construction activity.

8. To develop comprehensive plans for the conservation of soil resources and for the control and prevention of soil erosion and for the prevention of erosion, floodwater, and sediment damages within the district, which plans shall specify in such detail as may be possible, the acts, procedures, performances, and avoidances which are necessary or desirable for the effectuation of such plans, including the specification of engineering operations, methods of cultivation, the growing of vegetation, cropping programs, tillage practices, and changes in use of land; and to publish such plans and information and bring them to the attention of owners and occupiers of lands within the district.

9. To sue and be sued in the name of the district; to have a seal, which seal shall be judicially noticed; to have perpetual succession unless terminated as hereinafter provided; to make and execute contracts and other instruments, necessary or convenient to the exercise of its powers; to make, and from time to time amend and repeal, rules not inconsistent with this chapter, to carry into effect its purposes and powers.

10. To accept donations, gifts, and contribu-

tions in money, services, materials, or otherwise, from the United States or any of its agencies, or from this state or any of its agencies, and to use or expend such moneys, services, materials, or other contributions in carrying on its operations.

11. As a condition to the extending of any benefits under this chapter to, or the performance of work upon, any lands not owned or controlled by this state or any of its agencies, the commissioners may require contributions in money, services, materials, or otherwise to any operations conferring such benefits, and may require landowners or occupiers to enter into and perform such agreements or covenants as to the permanent use of such lands as will tend to prevent or control erosion thereon.

12. No provisions with respect to the acquisition, operation, or disposition of property by other public bodies shall be applicable to a district organized hereunder unless the legislature shall specifically so state.

13. After the formation of any district under the provisions of this chapter, all participation hereunder shall be purely voluntary, except as specifically stated herein.

14. Subject to the approval of the state soil conservation committee, to change the name of the soil and water conservation district.

15. To provide for the restoration of permanent soil and water conservation practices which are damaged or destroyed because of a disaster emergency as provided in section 161A.75.

16. The commissioners shall, as a condition for the receipt of any state cost-sharing funds for permanent soil conservation practices, require the owner of the land on which the practices are to be established to covenant and file, in the office of the soil and water conservation district of the county in which the land is located, an agreement identifying the particular lands upon which the practices for which state cost-sharing funds are to be received will be established, and providing that the project will not be removed, altered, or modified so as to lessen its effectiveness without the consent of the commissioners, obtained in advance and based on guidelines drawn up by the state soil conservation committee, for a period of twenty years after the date of receiving payment. The commissioners shall assist the division in the enforcement of this subsection. The agreement does not create a lien on the land, but is a charge personally against the owner of the land at the time of removal, alteration, or modification if an administrative order is made under section 161A.61, subsection 3.

17. To encourage local school districts to provide instruction in the importance of and in some of the basic methods of soil conservation, as a part of course work relating to conservation of natural resources and environmental awareness required in rules adopted by the state board of education pursuant to section 256.11, subsections 3 and 4, and to offer technical assistance to schools in developing such instructional programs.

18. To develop a soil and water resource conservation plan for the district.

*a.* The district plan shall contain a comprehensive long-range assessment of soil and surface water resources in the district consistent with rules approved by the committee under section 161A.4. In developing the plan the district may receive technical support from the United States department of agriculture natural resources conservation service and the county board of supervisors in the county where the district is located. The division and the Iowa cooperative extension service in agriculture and home economics may provide technical support to the district. The support may include, but is not limited to, the following: assessing the condition of soil and surface water in the district, including an evaluation of the type, amount, and quality of soil and water, the threat of soil erosion and erosion, floodwater, and sediment damages, and necessary preventative and control measures; developing methods to maintain or improve soil and water condition; and cooperating with other state and federal agencies to carry out this support.

*b.* The title page of the district plan and a notification stating where the plan may be reviewed shall be recorded with the recorder in the county in which the district is located, and updated as necessary, after the committee approves and the administrator of the division signs the district plan. The commissioners shall provide notice of the recording and may provide a copy of the approved district plan to the county board of supervisors in the county where the district is located. The district plan shall be filed with the division as part of the state soil and water resource conservation plan provided in section 161A.4.

19. To enter into agreements pursuant to chapter 161C with the owner or occupier of land within the district or cooperating districts, or any other private entity or public agency, in carrying out water protection practices, including district and multidistrict projects to protect this state's groundwater and surface water from point and nonpoint sources of contamination, including but not limited to agricultural drainage wells, sinkholes, sedimentation, and chemical pollutants.

#### **161A.8 Cooperation between districts.**

The commissioners of any two or more districts organized under the provisions of this chapter

may cooperate with one another in the exercise of any or all powers conferred in this chapter.

[C39, §2603.10; C46, §160.8; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §467A.8] C93, §161A.8

**161A.9 State agencies to cooperate.**

Agencies of this state which shall have jurisdiction over, or be charged with the administration of, any state-owned lands, and of any county, or other governmental subdivision of the state, which shall have jurisdiction over, or be charged with the administration of, any county-owned or other publicly owned lands, lying within the boundaries of any district organized hereunder, may cooperate to the fullest extent with the commissioners of such districts in the effectuation of programs and operations undertaken by the commissioners under the provisions of this chapter.

[C39, §2603.11; C46, §160.9; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §467A.9] C93, §161A.9

**161A.10 Discontinuance of districts.**

At any time after five years after the organization of a district under this chapter, any twenty-five owners of land lying within the boundaries of the district, but in no case less than twenty percent of the owners of land lying within the district, may file a petition with the committee asking that the operations of the district be terminated and the existence of the district discontinued. The committee may conduct public meetings and public hearings upon the petition as necessary to assist in the consideration of the petition. Within sixty days after a petition has been received by the committee, the division shall give due notice of the holding of a referendum, shall supervise the referendum, and shall issue appropriate rules governing the conduct of the referendum. The question is to be submitted by ballots upon which the words "For terminating the existence of the ..... (name of the soil and water conservation district to be here inserted)" and "Against terminating the existence of the ..... (name of the soil and water conservation district to be here inserted)" shall be printed, with a square before each proposition and a direction to insert an X mark in the square before one or the other of the propositions as the voter favors or opposes discontinuance of the district. All owners of lands lying within the boundaries of the district are eligible to vote in the referendum. No informalities in the conduct of the referendum or in any matters relating to the referendum invalidate the referendum or the result of the referendum if notice was given substantially as provided in this section and if the referendum was fairly conducted.

When sixty-five percent of the landowners vote to terminate the existence of the district, the com-

mittee shall advise the commissioners to terminate the affairs of the district. The commissioners shall dispose of all property belonging to the district at public auction and shall pay over the proceeds of the sale to be deposited into the state treasury. The commissioners shall then file an application, duly verified, with the secretary of state for the discontinuance of the district, and shall transmit with the application the certificate of the committee setting forth the determination of the committee that the continued operation of the district is not administratively practicable and feasible. The application shall recite that the property of the district has been disposed of and the proceeds paid over as provided in this section, and shall set forth a full accounting of the properties and proceeds of the sale. The secretary of state shall issue to the commissioners a certificate of dissolution and shall record the certificate in an appropriate book of record in the secretary of state's office.

Upon issuance of a certificate of dissolution under this section, all ordinances and regulations previously adopted and in force within the districts are of no further force and effect. All contracts previously entered into, to which the district or commissioners are parties, remain in force and effect for the period provided in the contracts. The committee is substituted for the district or commissioners as party to the contracts. The committee is entitled to all benefits and subject to all liabilities under the contracts and has the same right and liability to perform, to require performance, to sue and be sued, and to modify or terminate the contracts by mutual consent or otherwise, as the commissioners of the district would have had.

The committee shall not entertain petitions for the discontinuance of any district nor conduct referenda upon discontinuance petitions nor make determinations pursuant to the petitions in accordance with this chapter, more often than once in five years.

On or before October 1 next preceding each annual legislative session, the division shall submit to the department of management, on official estimate blanks furnished for those purposes, statements and estimates of the expenditure requirements for each fiscal year, and a statement of the balance of funds, if any, available to the division, and the estimates of the division as to the sums needed for the administrative and other expenses

of the division for the purposes of this chapter.

#### SUBDISTRICTS

##### **161A.13 Purpose of subdistricts.**

Subdistricts of a soil and water conservation district may be formed as provided in this chapter for the purposes of carrying out watershed protection and flood prevention programs within the subdistrict but shall not be formed solely for the purpose of establishing or taking over the operation of an existing drainage district.

##### **161A.14 Petition to form.**

When the landowners in a proposed subdistrict desire that a subdistrict be organized, they shall file a petition with the commissioners of the soil and water conservation district. The area must be contiguous and in the same watershed but it shall not include any area located within the boundaries of an incorporated city. The petition shall set forth an intelligible description by congressional subdivision, or otherwise, of the land suggested for inclusion in the subdistrict and shall state whether the special annual tax or special benefit assessments will be used, or whether the use of both is contemplated. The petition shall contain a brief statement giving the reasons for organization, and requesting that the proposed area be organized as a subdistrict, and must be signed by sixty-five percent of the landowners in the proposed subdistrict. Land already in one subdistrict cannot be included in another. The soil and water conservation district commissioners shall review the petition and if it is found adequate shall arrange for a hearing on it.

##### **161A.15 Notice and hearing.**

Within thirty days after a petition has been filed with the soil and water conservation district commissioners, they shall fix a date, hour, and place for a hearing and direct the secretary to cause notice to be given to the owners of each tract of land, or lot, within the proposed subdistrict as shown by the transfer books of the auditor's office, and to each lienholder, or encumbrancer, of any such

lands as shown by the county records, and to all other persons whom it may concern, and without naming individuals all actual occupants of land in the proposed subdistrict, of the pendency and purpose of the petition and that all objections to establishment of the subdistrict for any reason must be made in writing and filed with the secretary of the soil and water conservation district at, or before, the time set for hearing. The soil and water conservation district commissioners shall consider and determine whether the operation of the subdistrict within the defined boundaries as proposed is desirable, practicable, feasible, and of necessity in the interest of health, safety, and public welfare. All interested parties may attend the hearing and be heard. The soil and water conservation district commissioners may for good cause adjourn the hearing to a day certain which shall be announced at the time of adjournment and made a matter of record. If the soil and water conservation district commissioners determine that the petition meets the requirements set forth in this section and in section 161A.5, they shall declare that the subdistrict is duly organized and shall record such action in their official minutes together with an appropriate official name or designation for the subdistrict.

##### **161A.16 Publication of notice.**

The notice of hearing on the formation of a subdistrict shall be by publication once each week for two consecutive weeks in some newspaper of general circulation published in the county or district, the last of which shall be not less than ten days prior to the day set for the hearing on the petition. Proof of such service shall be made by affidavit of the publisher, and be on file with the secretary of the district at the time the hearing begins.

##### **161A.17 Subdistrict in more than one district.**

If the proposed subdistrict lies in more than one soil and water conservation district, the petition may be presented to the commissioners of any one of such districts, and the commissioners of all such districts shall act jointly as a board of commissioners with respect to all matters concerning the subdistrict, including its formation. They shall organize as a single board for such purposes and shall designate its chairperson, vice chairperson, and secretary-treasurer to serve for terms of one year. Such a subdistrict shall be formed in the same manner and has the same powers and duties as a subdistrict formed in one soil and water conservation district.

#### **161A.18 Certification.**

Following the entry in the official minutes of the soil and water conservation district commissioners of the creation of the subdistrict, the commissioners shall certify this fact on a separate form, authentic copies of which shall be recorded with the county recorder of each county in which any portion of the subdistrict lies, and with the division of soil conservation.

#### **161A.19 Governing body.**

The commissioners of a soil and water conservation district in which the subdistrict is formed are the governing body of the subdistrict. When a subdistrict lies in more than one soil and water conservation district, the combined board of commissioners is the governing body. The governing body of the subdistrict shall appoint three trustees living within the subdistrict to assist with the administration of the subdistrict.

C93, §161A.19

#### **161A.20 Special annual tax.**

After obtaining agreements to carry out recommended soil conservation measures and proper farm plans from owners of not less than fifty percent of the lands situated in the subdistrict, a subdistrict shall have the authority to impose a special annual tax, the proceeds of which shall be used for the repayment of actual and necessary expenses incurred to organize the subdistrict, to acquire land or rights or interests therein by purchase or condemnation, repair, alteration, maintenance and operation of the present and future works of improvement within its boundaries.

On or before January 10 of each year its governing body shall make an estimate of the amount it deems necessary to be raised by such special tax for the ensuing year and transmit said estimate in dollars to the board of supervisors of the county in which the subdistrict lies.

If portions of the subdistrict are in more than one county, then the governing body, as hereinbefore designated in such event, after arriving at the estimate in dollars deemed necessary for the entire subdistrict shall ratably apportion such amount between the counties and transmit and certify the prorated portion to the respective boards of supervisors of each of the counties.

The board or boards of supervisors shall upon receipt of certification from the governing body of

the district make the necessary levy on the assessed valuation of all real estate within the boundaries of the subdistrict lying within their respective county to raise said amounts, but in no event to exceed one dollar and eight cents per thousand dollars of assessed value.

The special tax levied under this section shall be collected in the same manner as other taxes with a penalty for delinquency. The moneys collected from the special tax and any delinquency penalty shall be deposited in a fund established by the governing body as provided by a resolution adopted by the governing body and delivered for filing with each appropriate county treasurer. Moneys earned as income from moneys in the fund, including as interest, shall remain in the fund until expended by the governing body according to procedures specified in the resolution. If the governing body does not adopt a resolution or deliver the resolution to the county treasurer, the moneys shall be deposited into a separate account in the county's general fund by that county treasurer. The account shall be identified by the official name of the subdistrict and expenditures from the account shall be made on requisition of the chairperson and secretary of the governing body of the subdistrict.

#### **161A.22 General powers applicable — warrants or bonds.**

A subdistrict organized under this chapter has all of the powers of a soil and water conservation district in addition to other powers granted to the subdistrict in other sections of this chapter.

The governing body of the subdistrict, upon determination that benefits from works of improvement as set forth in the watershed work plan to be installed will exceed costs thereof, and that funds needed for purposes of the subdistrict require levy of a special benefit assessment as provided in section 161A.23, in lieu of the special annual tax as provided in section 161A.20, shall record its decision to use its taxing authority and, upon majority vote of the governing body and with the approval of the state soil conservation committee, may issue warrants or bonds payable in not more than forty semiannual installments in connection with the special benefit assessment, and pledge and assign the proceeds of the special benefit assessment and other revenues of the subdistrict as security

for the warrants or bonds. The warrants and bonds of indebtedness are general obligations of the subdistrict, exempt from all taxes, state and local, and are not indebtedness of the soil and water conservation district or the state of Iowa.

##### ALTERNATE METHOD OF TAXATION FOR WATERSHED PROTECTION AND FLOOD PREVENTION

#### **161A.23 Agreement by fifty percent of landowners.**

After obtaining agreements to carry out recommended soil conservation measures and proper farm plans from owners of not less than fifty percent of the lands situated in the subdistrict, the governing body of the subdistrict shall have the authority to establish a special tax for the purpose of organization, construction, repair, alteration, enlargement, extension and operation of present and future works of improvement within the boundaries of said subdistrict. The governing body shall appoint three appraisers to assess benefits and classify the land affected by such improvements. One of such appraisers shall be a competent registered professional engineer and two of them shall be resident landowners of the county or counties in which the subdistrict is located but not living within nor owning or operating any lands included in said subdistrict.

The appraisers shall take and subscribe an oath of their qualifications and to perform the duties of classification of said lands, fix the percentages, benefits and apportion and assess the costs and expenses of construction of the said improvement according to law and their best judgment, skill, and ability. If said appraisers or any of them fail or neglect to act or perform the duties in the time and as required of them by law, the governing body of the subdistrict shall appoint others with like qualifications to take their places and perform said duties.

At the time of appointing said appraisers, the governing body shall fix the time within which said assessment, classification, and apportionment shall be made, which may be extended for good cause shown. Within twenty days after their appointment, they shall begin to inspect and classify all the lands within said district, or any change, extension, enlargement, or relocation thereof in tracts of forty acres or less according to the legal or recognized subdivisions, in a graduat-

ed scale of benefits to be numbered according to the benefit to be received by each of such tracts from such improvement, and pursue said work continuously until completed and, when completed, shall make a full, accurate, and detailed report thereof and file the same with the governing body. The lands receiving the greatest benefit shall be marked on a scale of one hundred, and those benefited in a less degree with such percentage of one hundred as the benefits received bear in proportion thereto.

The amount of benefit appraised to each forty acres of land within the subdistrict shall be determined by the improvements within said subdistrict based upon the work plan as agreed upon by the subdistrict.

**161A.30 Notice of appeal.**

All appeals shall be taken within twenty days after the date of final action or order of the governing body from which such appeal is taken by filing with the auditor a notice of appeal, designating the court to which the appeal is taken, the order or action appealed from, and stating that the appeal will come on for hearing thirty days following perfection of the appeal with allowances of additional time for good cause shown. This notice shall be accompanied by an appeal bond with sureties to be approved by the auditor conditioned to pay all costs adjudged against the appellant and to abide the orders of the court.

The appellant shall pay to the clerk the filing fee as provided by law in other cases. A failure to pay the filing fee or to file such petition shall be deemed a waiver of the appeal and in such case the court shall dismiss the same.

**161A.32 Assessment certified.**

**161A.33 Assessments transmitted.**

1. The governing body upon receiving the reports from three appointed appraisers and after holding the hearings shall transmit and certify the amounts of assessments to the respective boards of supervisors which, upon receipt of certification from the governing body of the district, make the necessary levy of such assessments as fixed by the governing body upon the land within such subdistrict. The assessments shall be levied at that time as a tax and shall bear interest at a rate not exceeding that permitted by chapter 74A from that date payable annually except as hereafter provided as to cash payments therefor within a specified time.

2. The assessment levied under this section together with any accrued interest or delinquency penalty as provided in this chapter shall be deposited in a fund established by the governing body as provided by a resolution adopted by the governing body and delivered for filing with each appropriate county treasurer. If the governing body does not adopt a resolution or deliver the resolution to the county treasurer, the moneys shall be deposited into a separate account in the county's general fund by that county treasurer. The account shall be identified by the official name of the subdistrict and expenditures from the account shall be made on requisition of the chairperson and secretary of the governing body of the subdistrict.

3. At no time shall an assessment be made where the benefits accrued to the subdistrict do not exceed the cost of the improvements within the subdistrict.

Each person shall have the right within twenty days after the levy of assessments to pay the person's assessment in full without interest. The county treasurer shall pay the collected moneys into a fund established by the governing body or an account of the county's general fund as provided in section 161A.33.

2. If any levy of assessments is not sufficient to meet the cost and expenses of organizing and construction apportioned to each owner upon each forty-acre tract or less, additional assessments may be made on the same classification as the pre-

vious ones.

1. To pay one half of the amount of such assessment at the time of filing such agreement and the remaining one half shall become due and payable one year from the date of filing such agreement. All such installments shall be without interest if paid at said times, otherwise said assessments shall bear interest from the date of the levy at a rate fixed by the governing body of the subdistrict, but not exceeding that permitted by chapter 74A, payable annually, and be collected as other taxes on real estate, with like penalty for delinquency.

2. To pay such assessments in not less than ten nor more than forty equal installments, the number to be fixed by the governing body of the subdistrict and interest at the rate fixed by the governing body of the subdistrict, not exceeding that permitted by chapter 74A. The first installment of each assessment shall become due and payable at the September semiannual tax paying date after the date of filing such agreement, unless the agreement is filed with the county treasurer less than ninety days prior to such September semiannual tax paying date, in that event, the first installment shall become due and payable at the next succeeding September semiannual tax paying date. The second and each subsequent installment shall become due and payable at the September semiannual tax paying date each year thereafter. All such installments shall be collected with interest accrued on the unpaid balance to the September semiannual tax paying date and as other taxes on real estate, with like penalty for delinquency.

#### **161A.36 Option by appellant.**

When an owner takes an appeal from the assessment against any of the owner's land, the option to pay in installments whatever assessment is finally established against such land in said appeal shall continue, if within twenty days after the final determination of said appeal the owner shall file in the office of the auditor the owner's written election to pay in installments, and within said period

pay such installments as would have matured prior to that time if no appeal had been taken, together with all accrued interest on said assessment to the last preceding interest-paying date.

After a subdistrict has been established and the improvements thereof constructed and put in operation, if the governing body shall find that the original assessments are not equitable as a basis for the expenses of any enlargement or extension thereof which may have become necessary, they shall order a new classification of all lands in said subdistrict by resolution, and appoint three appraisers, which shall meet the same requirements as set forth in section 161A.23.

Upon the completion of the reclassification, those affected by such reclassification shall have the right to appeal as hereinabove set forth.

#### **161A.41 Election of taxing methods.**

Subdistricts organized under the provisions of this chapter shall designate in the petition which of the taxing methods will be used or may stipulate that both methods are contemplated for use. Should the governing body of the subdistrict find it desirable to change from a special annual tax to

special benefit assessments it may elect to do so and shall institute proceedings described in sections 161A.23 through 161A.40 and may divert any moneys already collected under section 161A.20, for the purposes authorized in this chapter.

#### DIVISION V

#### SOIL AND WATER CONSERVATION PRACTICES

#### PART 1

#### DUTIES AND OBLIGATIONS

#### 161A.42 Soil and water conservation practices.

In addition to the definitions established by section 161A.3, as used in this division, unless the context otherwise requires:

1. “*Agricultural land*” has the meaning assigned that term by section 9H.1.

2. “*Conservation agreement*” means a commitment by the owner or operator of a farm unit to implement a farm unit soil conservation plan or, with the approval of the commissioners of the soil and water conservation district within which the farm unit is located, a portion of a farm unit soil conservation plan. The commitment shall be conditioned on the furnishing by the soil and water conservation district of technical or planning assistance in the establishment of, and cost sharing or other financial assistance for establishment and maintenance of the soil and water conservation practices necessary to implement the plan, or a portion of the plan.

3. “*Conservation folder*” means compiled information concerning the topography, soil composition, natural or artificial drainage characteristics, and other pertinent factors concerning a particular farm unit, which is necessary to the preparation of a sound and equitable conservation agreement for that farm unit. The specific items to be contained in a conservation folder shall be prescribed by administrative rules of the department. The department shall provide by rule that an updated farm plan prepared for a particular farm unit within ten years prior to the effective date of this subsection shall be considered an adequate replacement for the conservation folder for that farm unit.

4. “*Cost-share*” or “*cost-sharing*” means a contribution of money made by the state in order to pay a percentage of the costs related to the establishment of voluntary or mandatory practices as provided under this chapter, including but not limited to soil and water conservation practices and erosion control practices.

5. “*Erosion control practices*” means:

a. The construction or installation, and main-

tenance, of such structures or devices as are necessary to carry to a suitable outlet from the site of any building housing four or more residential units, any commercial or industrial development or any publicly or privately owned recreational or service facility of any kind, not served by a central storm sewer system, any water which:

(1) Would otherwise cause erosion in excess of the applicable soil loss limit; and

(2) Does not carry nor constitute sewage, industrial waste, or other waste as defined by section 455B.171.

b. The employment of temporary devices or structures, temporary seeding, fibre mats, plastic, straw, or other measures adequate to prevent erosion in excess of the applicable soil loss limits from the site of, or land directly affected by, the construction of any public or private street, road or highway, any residential, commercial, or industrial building or development, or any publicly or privately owned recreational or service facility of any kind, at all times prior to completion of such construction.

c. The establishment and maintenance of vegetation upon the right-of-way of any completed portion of any public street, road, or highway, or the construction or installation thereon of structures or devices, or other measures adequate to prevent erosion from the right-of-way in excess of the applicable soil loss limits.

6. “*Farm unit*” means a single contiguous tract of agricultural land, or two or more adjacent tracts of agricultural land, located within a single soil and water conservation district, upon which farming operations are being conducted by a person who owns or is purchasing or renting all of the land, or by that person’s tenant or tenants. If a landowner has multiple farm tenants, the land on which farming operations are being conducted by each tenant is a separate farm unit. This definition does not prohibit land which is within a single soil and water conservation district and is owned or being purchased by the same person, or is being rented by the same tenant, from being treated as two or more farm units if the commissioners of the soil and water conservation district deem it preferable to do so.

7. “*Farm unit soil conservation plan*” means a plan jointly developed by the owner and, if appropriate, the operator of a farm unit and the commissioners of the soil and water conservation district within which that farm unit is located, based on the conservation folder for that farm unit and identifying those permanent soil and water conservation practices and temporary soil and water conservation practices the use of which may be expected to prevent soil loss by erosion from that farm unit in excess of the applicable soil loss limit or limits. The plan shall if practicable identify alternative practices by which this objective may be attained.

8. “*Forest*” means stands of native or intro-

duced trees containing at least two hundred trees per acre and located on privately owned land. However, a stand of fruit trees is not a forest.

9. “*Professional forester*” means a forestry graduate of an institution of higher learning, who has a minimum of two years of forest management experience.

10. “*Soil and water conservation practices*” means any of the practices designated in or pursuant to this subsection which serve to prevent erosion of soil by wind or water, in excess of applicable soil loss limits, from land used for agricultural or horticultural purposes only.

a. “*Permanent soil and water conservation practices*” means planting of perennial grasses, legumes, shrubs, or trees, the establishment of grassed waterways, and the construction of terraces, or other permanent soil and water practices approved by the committee.

b. “*Temporary soil and water conservation practices*” means planting of annual or biennial crops, use of strip-cropping, contour planting, or minimum or mulch tillage, and any other cultural practices approved by the committee.

11. “*Soil loss limit*” means the maximum amount of soil loss due to erosion by water or wind, expressed in terms of tons per acre per year, which the commissioners of the respective soil and water conservation districts determine is acceptable in order to meet the objectives expressed in section 161A.2.

12. “*State forester*” means a person employed by the department of natural resources as required by section 456A.13.

#### **161A.43 Duty of property owners — liability.**

To conserve the fertility, general usefulness, and value of the soil and soil resources of this state, and to prevent the injurious effects of soil erosion, it is hereby made the duty of the owners of real property in this state to establish and maintain soil and water conservation practices or erosion control practices, as required by the regulations of the commissioners of the respective soil and water conservation districts. As used in this section, “*owners of real property in this state*” includes each state government agency, each political subdivision of the state and each agency of such a political subdivision which has under its control publicly owned land, including but not limited to agricultural land, forests, parks, the grounds of state educational, penal and human service institutions, public highways, roads and streets, and other public rights of way.

A landowner shall not be liable for a claim based upon or arising out of a claim of negligent design or specification, negligent adoption of design or specification, or negligent installation, construction, or reconstruction of a soil and water conservation practice or an erosion control practice that was installed, constructed, or reconstructed in accordance with generally recognized engineering or safety standards, criteria, or design theory in existence at the time of the installation, construction, or reconstruction. A soil and water conservation practice or an erosion control practice installed, constructed, or reconstructed in compliance with rules adopted by the division and currently in effect shall be deemed to be installed, constructed, or reconstructed according to generally recognized engineering or safety standards, criteria, or design theory in existence at the time of the installation, construction, or reconstruction. A claim shall not be allowed for failure to upgrade, improve, or alter any aspect of an existing soil and water conservation practice or erosion control practice to a new, changed, or altered design standard. This paragraph does not apply to a claim based on a failure of a landowner to upgrade, improve, or alter a soil and water conservation practice or erosion control practice in violation of law. This paragraph does not apply to claims based upon gross negligence.

#### **161A.44 Rules by commissioners — scope.**

The commissioners of each soil and water conservation district shall, with approval of and within time limits set by administrative order of the state soil conservation committee, adopt reasonable regulations as are deemed necessary to establish a soil loss limit or limits for the district and provide for the implementation of the limit or limits, and may subsequently amend or repeal their regulations as they deem necessary. The committee shall review the soil loss limit regulations adopted by the soil and water conservation districts at least once every five years, and shall recommend changes in the regulations of a soil and water conservation district which the committee deems necessary to assure that the district’s soil loss limits are reasonable and attainable. The commissioners may:

1. Classify land in the district on the basis of topography, soil characteristics, current use, and other factors affecting propensity to soil erosion.

2. Establish different soil loss limits for different classes of land in the district if in their judgment and that of the state soil conservation committee a lower soil loss limit should be applied to some land than can reasonably be applied to other land in the district, it being the intent of the gener-

al assembly that no land in the state be assigned a soil loss limit that cannot reasonably be applied to such land.

3. Require the owners of real property in the district to employ either soil and water conservation practices or erosion control practices, and:

a. May not specify the particular practices to be employed so long as such owners voluntarily comply with the applicable soil loss limits established for the district.

b. May specify two or more approved soil and water conservation practices or erosion control practices, one of which shall be employed by the landowner to bring erosion from land under the landowner's control within the applicable soil loss limit of the district when an administrative order is issued to the landowner.

c. In no case may the commissioners require:

(1) The employment of erosion control practices as defined in section 161A.42, subsection 4, on land used in good faith for agricultural or horticultural purposes only.

(2) The employment of soil and water conservation practices or erosion control practices on that portion of any public street, road or highway completed or under construction within the corporate limits of any city, which is or will become the traveled or surfaced portion of such street, road, or highway.

(3) That any owner or operator of agricultural land refrain from fall plowing of land on which the owner or operator intends to raise a crop during the next succeeding growing season, however on those lands which are prone to excessive wind erosion the commissioners may require that reasonable temporary measures be taken to minimize the likelihood of wind erosion so long as such measures do not unduly increase the cost of operation of the farm on which the land is located. However, fall plowing of soil which is commonly known as gumbo shall always be permitted.

d. May require that a person under an order to employ soil and water conservation practices or erosion control practices submit up to three bids to the commissioners for the work and provide an explanation to the commissioners if a bid other than the lowest bid has been selected by that person.

**161A.45 Submission of regulations to committee — hearing.**

Regulations which the commissioners propose to adopt, amend, or repeal shall be submitted to the committee, in a form prescribed by the committee, for its approval. The committee may approve the regulations as submitted, or with amendments as it deems necessary. The commissioners shall, after approval, publish notice of

hearing on the proposed regulations, as approved, in a newspaper of general circulation in the district, setting a date and time not less than ten nor more than thirty days after the publication when a hearing on the proposed regulations will be held at a specified place. The notice shall include the full text of the proposed regulations or shall state that the proposed regulations are on file and available for review at the office of the affected soil and water conservation district.

**161A.46 Conduct of hearing.**

At the hearing, the commissioners or their designees shall explain, in reasonable detail, the reasons why adoption, amendment, or repeal of the regulations is deemed necessary or advisable. Any landowner, or any occupant of land who would be affected by the regulations, shall be afforded an opportunity to be heard for or against the proposed regulations. At the conclusion of the hearing, the commissioners shall announce and enter of record their decision whether to adopt or modify the proposed regulations. Any modification must be approved by the committee, which may at its discretion order the commissioners to republish the regulations and hold another hearing in the manner prescribed by this chapter.

**161A.47 Inspection of land on complaint.**

The commissioners shall inspect or cause to be inspected any land within the district to determine if land is being damaged by sediment, from soil erosion occurring on neighboring land in excess of the limits established by the district's soil erosion control regulations. If the land is privately owned, the commissioners shall make or cause to be made the inspection, upon receiving a written complaint signed by an owner or occupant of land claiming that the owner's or occupant's land is being damaged by sediment. If the land is subject to a public interest, the commissioners shall make or cause to be made the inspection upon a majority vote of commissioners at an open meeting held pursuant to chapter 21. Land is subject to a public interest if the land is publicly held, subject to an easement held by the public, or the subject of an improvement made at public expense.

If, after the inspection, the commissioners find that sediment damages are occurring to land which is owned or occupied by the person filing the complaint or subject to a public interest, and that excess soil erosion is occurring on neighboring land, the commissioners shall issue an administrative order to the landowner or landowners of

record, and to the occupant of the land if known to the commissioners. The order shall describe the land and state as nearly as possible the extent to which soil erosion on the land exceeds the limits established by the district's regulations. The order shall be delivered either by personal service or by restricted certified mail to each of the persons to whom it is directed, and shall:

1. In the case of erosion occurring on the site of any construction project or similar undertaking involving the removal of all or a major portion of the vegetation or other cover, exposing bare soil directly to water or wind, state a time not more than five days after service or mailing of the notice of the order when work necessary to establish or maintain erosion control practices must be commenced, and a time not more than thirty days after service or mailing of the notice of the order when the work is to be satisfactorily completed.

2. In all other cases, state a time not more than six months after service or mailing of the notice of the order, by which work needed to establish or maintain the necessary soil and water conservation practices or erosion control measures must be commenced, and a time not more than one year after the service or mailing of the notice of the order when the work is to be satisfactorily completed, unless the requirements of the order are superseded by the provisions of section 161A.48.

#### **161A.48 Mandatory establishment of soil and water conservation practices.**

1. An owner or occupant of agricultural land in this state is not required to establish any new permanent or temporary soil and water conservation practice unless cost-share or other public moneys have been specifically approved for that land and made available to the owner or occupant pursuant to section 161A.74.

2. Evidence that an application for cost-share or other public moneys, from a source or sources having authority to pay a portion of the cost of work needed to comply with an administrative order issued pursuant to section 161A.47, has been submitted to the proper officer or agency constitutes commencement of the work within the meaning of sections 161A.43 through 161A.53.

3. Upon receiving evidence of the submission of an application, the commissioners shall forward to the officer or agency to which the application was made a written request to receive notification of the disposition of the application. When notified of the approval of the application, the commissioners shall issue to the same parties who received the original administrative order, or their successors in interest, a supplementary order, to be delivered in the same manner as provided by sections 161A.43 to 161A.53 for delivery of origi-

nal administrative orders. The supplementary order shall state a time, not more than six months after approval of the application for public cost-sharing funds, by which the work needed to comply with the original administrative order shall actually be commenced, and a time thereafter when the work is to be satisfactorily completed. If feasible, that time shall be within one year after the date of the supplementary order, but the owner of land on which a soil and water conservation practice is being established under this section is not required to incur a cost for the practice in any one calendar year which exceeds ten dollars per acre for each acre of land belonging to that owner and located in the county containing the land on which the required practice is being established or in counties contiguous to that county.

#### **161A.49 Petition for court order.**

The commissioners shall petition the district court for a court order requiring immediate compliance with an administrative order previously issued by the commissioners as provided in section 161A.47, if:

1. The work necessary to comply with the administrative order is not commenced on or before the date specified in such order, or in any supplementary order subsequently issued as provided in section 161A.48, unless in the judgment of the commissioners the failure to commence or complete the work as required by the administrative order is due to factors beyond the control of the person or persons to whom such order is directed and the person or persons can be relied upon to commence and complete the necessary work at the earliest possible time.

2. Such work is not being performed with due diligence, or is not satisfactorily completed by the date specified in the administrative order, or when completed does not reduce soil erosion from such land below the limits established by the soil and water conservation district's regulations.

3. The person or persons to whom the administrative order is directed advise the commissioners that they do not intend to commence or complete such work.

#### **161A.50 Burden — court order.**

In any action brought under section 161A.49, the burden of proof shall be upon the commissioners to show that soil erosion is in fact occurring in excess of the applicable soil loss limits and that the

defendant has not established or maintained soil and water conservation practices or erosion control practices in compliance with the soil and water conservation district's regulations. With respect to construction, repair, or maintenance of any public street, road, or highway, evidence that soil erosion control standards equivalent to or in excess of those currently imposed by the United States government on the project or like projects involving use of federal funds shall create a presumption of compliance with the applicable soil loss limit. Upon receiving satisfactory proof, the court shall issue an order directing the landowner or landowners to comply with the administrative order previously issued by the commissioners. The court may modify such administrative order if deemed necessary. Notice of the court order shall be given either by personal service or by restricted certified mail to each of the persons to whom the order is directed, who may within thirty days from the date of the court order appeal to the supreme court. Any person who fails to comply with a court order issued pursuant to this section within the time specified in such order, unless the order has been stayed pending an appeal, shall be deemed in contempt of court and may be punished accordingly.

**161A.51 Entering on land.**

The commissioners and their authorized agents or employees may enter upon any private or public property, except private dwellings, at any reasonable time to classify land by soil sampling or other appropriate methods or to determine whether soil erosion is occurring on the property in violation of the district's regulations.

1. If the owner or occupant of any property refuses admittance, or if prior to such refusal the commissioners demonstrate the need for a warrant, the commissioners may make an application under oath or affirmation to the district court of the county in which the property is located for the issuance of a search warrant.

2. In the application the commissioners shall state that entry on the premises is mandated by the laws of this state or that entry is needed to conduct soil sampling necessary to classify soil in the district as specified in section 161A.44, subsection 1, or to determine whether soil erosion is occurring on the property in violation of the district's regulations. The application shall describe the area or premises, give the date of the last known investigation or sampling, give the date and time of the proposed inspection, declare the need for such inspection, recite that notice of desire to make an inspection has been given to affected persons and that admission was refused if that be the fact, and state that the inspection has no purpose other than to carry out the purpose of the statute, ordi-

nance or regulation pursuant to which the inspection is to be made.

3. The court may issue a search warrant, after examination of the applicant and any witnesses, if the court is satisfied that there is probable cause to believe the existence of the allegations in the application.

4. In soil sampling and making investigations pursuant to a warrant, the commissioners must execute the warrant in a reasonable manner within the time period specified in the warrant.

**161A.53 Cooperation with other agencies.**

Soil and water conservation districts may enter into agreements with the federal government or an agency of the federal government, as provided by state law, or with the state of Iowa or an agency of the state, any other soil and water conservation district, or any other political subdivision of this state, for cooperation in preventing, controlling, or attempting to prevent or control soil erosion. Soil and water conservation districts may accept, as provided by state law, money disbursed for soil erosion control purposes by the federal government or an agency of the federal government, and expend the money for the purposes for which it was received.

**161A.54 State agency conservation plans — exemptions.**

Each state agency shall enter into an agreement with the soil and water conservation district in which the state agency has public land under its control in cultivation. The agreement shall contain a plan of the state agency to prevent soil erosion in excess of soil loss limits by the use of soil and water conservation practices and erosion control practices. This section applies to all public land which is used for horticultural or agricultural purposes. State soil conservation cost-sharing funds shall not be used on these public lands. Conservation plans required by this section shall be completed by July 1, 1986, and implementation shall occur consistent with the schedule contained in the conservation plan. Application for exemption from this section may be submitted to the appropriate soil and water conservation district. The exemption shall be granted for land upon which soil management research for the purposes of the study, evaluation, understanding and control of erosion, sedimentation and run-off water is

conducted by or in conjunction with institutions governed by the board of regents.

**161A.61 Discretionary inspection by commissioners — actions upon certain findings.**

1. In addition to the authority granted by section 161A.47, the commissioners of a soil and water conservation district may inspect or cause to be inspected any land within the district on which they have reasonable grounds to believe that soil erosion is occurring in excess of the limits established by the district's soil erosion control regulations. If the commissioners find from an inspection conducted under authority of either section 161A.47 or this section that soil erosion is occurring on that land in excess of the applicable soil loss limits established by the district's soil erosion control regulations, they shall send notice of that finding to the landowner or landowners of record, and to the occupant of the land if known to the commissioners. The notice shall describe the land affected and shall state as nearly as possible the extent to which soil erosion from that land exceeds the applicable soil loss limits.

*a.* If the commissioners find that the excessive erosion described in the notice is not causing sediment damage to property owned or occupied by any person other than the owner or occupant of the land on which the excessive soil erosion is occurring, and that the rate of the excessive erosion is less than twice the applicable soil loss limit, the notice required by this subsection shall include or be accompanied by information regarding financial or other assistance which the commissioners are able to make available to the owner or occupant of the land to aid in achieving compliance with the applicable soil loss limits.

*b.* If the commissioners find that the excessive soil erosion described in the notice is not causing sediment damage to property owned or occupied by any person other than the owner or occupant of the land on which it is occurring, but that the erosion is occurring at a rate equal to or greater than twice the applicable soil loss limit, the notice shall so state, shall include or be accompanied by the information required by paragraph "a" of this subsection, and shall be delivered by personal service or by restricted certified mail to each of the persons to whom the notice is directed. A notice given under this paragraph shall also include or be accompanied by information explaining the provisions of subsection 2.

2. Beginning January 1, 1985, or five years after the completion of the conservation folder for a

particular farm unit pursuant to this section, whichever date is later, the commissioners of the soil and water conservation district in which that farm unit is located may petition the district court for an appropriate order with respect to that farm unit if its owner or occupant has been sent a notice by the commissioners under subsection 1, paragraph "b" for three or more consecutive years. The commissioners' petition shall seek a court order which states a time not more than six months after the date of the order when the owner or occupant must commence, and a time when the owner or occupant must complete the steps necessary to comply with the order. The time allowed to complete the establishment of a temporary soil and water conservation practice employed to comply or advance toward compliance with the court's order shall be not more than one year after the date of that order, and the time allowed to complete the establishment of a permanent soil and water conservation practice employed to comply with the court's order shall be not more than five years after the date of that order. Section 161A.48 applies to a court order issued under this subsection. The steps required of the farm unit owner or operator by the court order are those which are necessary to do one of the following:

*a.* Bring the farm unit which is the subject of the order into compliance with its farm unit soil conservation plan, if such a plan had been agreed upon prior to the time the commissioners petitioned for the order.

*b.* Bring the farm unit which is the subject of the order into compliance with a plan developed for that farm unit by the commissioners, in accordance with guidelines established by the division of soil conservation, and presented to the court as a part of the commissioners' petition, if a farm unit soil conservation plan has not previously been agreed upon for that farm unit. A plan presented to the court by the commissioners under this paragraph shall specify as many alternative approved soil and water conservation practices as feasible, among which the owner or occupant of the farm unit may choose in taking the steps necessary to comply with the court's order.

*c.* Bring the farm unit which is the subject of the order into compliance with a soil conservation plan developed by the owner or occupant of that farm unit as an alternative to the proposed soil conservation plan developed by the commissioners, if the owner or occupant so petitions the court and the court finds that the owner or occupant's plan will bring the farm unit into conformity with the applicable soil loss limits of the district.

3. The commissioners may also cause an inspection of land within the district on which they have reasonable grounds to believe that a permanent soil and water conservation practice established with public cost-sharing funds is not being properly maintained or is being altered in violation of section 161A.7, subsection 16. If the com-

missioners find that the practices are not being maintained or have been altered in violation of section 161A.7, subsection 16, the commissioners shall issue an administrative order to the landowner who made the unauthorized removal, alteration or modification to maintain, repair, or reconstruct the permanent soil and water conservation practices. The requirement for maintenance and repair is for the length of life as defined in section 161A.7, subsection 16. Public cost-sharing funds are not available for the work under this order. If the landowner fails to comply with the administrative order, the commissioners may petition the district court for an order compelling compliance with the order. Upon receiving satisfactory proof, the court shall issue an order directing compliance with the administrative order and may modify the administrative order. The provisions of section 161A.50 relating to notice, appeals and contempt of court shall apply to proceedings under this subsection.

**161A.62 Duties of commissioners and of owners and occupants of agricultural land—restrictions on use of cost-sharing funds.**

The commissioners of each soil and water conservation district shall seek to implement or to assist in implementing the following requirements:

1. Each farm unit shall be furnished a conservation folder complying with the rules of the department by the soil and water conservation district in which the farm unit is located, not later than January 1, 1985, or as soon thereafter as adequate funding is available to permit completion of a conservation folder for every farm unit in the state. Technical assistance in the development of the conservation folder may be provided by the United States department of agriculture natural resources conservation service through the memorandum of understanding with the district or by the department. The department shall provide by rule that an updated farm plan prepared for a particular farm unit within ten years prior to the effective date of this subsection shall be considered an adequate replacement for the conservation folder for that farm unit. Upon completion of the conservation folder for a particular farm unit, the district shall send the owner of that farm unit, and also the operator of the farm unit if known by the commissioners to be other than the owner, a letter offering that person or those persons a copy of the folder. The district shall keep a record of the date the folder is completed and the letter is sent. The folder shall be updated from time to time by the district as it deems necessary.

2. The commissioners of each soil and water conservation district shall complete preparation of a farm unit soil conservation plan for each farm

unit within the district, not later than January 1, 1985, or five years after completion of the conservation folder for that farm unit, whichever date is later, or as soon thereafter as adequate funding is available to permit compliance with this requirement. Technical assistance in the development of the farm unit soil conservation plan may be provided by the United States department of agriculture natural resources conservation service through the memorandum of understanding with the district or by the department. The commissioners shall make every reasonable effort to consult with the owner and, if appropriate, with the operator of that farm unit, and to prepare the plan in a form which is acceptable to that person or those persons. The plan shall be drawn up and completed without expense to the owner or operator of the farm unit, except that the owner or operator shall not be reimbursed for the value of the owner's or occupant's own time devoted to participation in the preparation of the plan. If the commissioners' plan is unacceptable to the owner or operator of the farm unit, that person or those persons may prepare an alternative farm unit soil conservation plan identifying permanent or temporary soil and water conservation practices which may be expected to achieve compliance with the soil loss limit or limits applicable to that farm unit, and submit that plan to the soil and water conservation district commissioners for their review.

3. Within one year after completion of a farm unit soil conservation plan for a particular farm unit which is acceptable both to the commissioners of the soil and water conservation district within which the farm unit is located and to the owner and, if appropriate, to the operator of that farm unit, the commissioners shall offer to enter into a soil conservation agreement with the owner, and also with the operator if appropriate, based on the mutually acceptable farm unit soil conservation plan.

A prospective purchaser of an interest in agricultural land located in this state is entitled to obtain from the seller, or from the office of the soil and water conservation district in which the land is located, a copy of the most recently updated conservation folder and of any farm unit soil conservation plan, developed pursuant to section 161A.62, subsection 2, which are applicable to the agricultural land proposed to be purchased. A prospective purchaser of an interest in agricultural land located in this state is entitled to obtain additional copies of either or both of the documents re-

ferred to in this section from the office of the soil and water conservation district in which the land is located, promptly upon request, at a fee not to exceed the cost of reproducing them. All persons who identify themselves to the commissioners or staff of a soil and water conservation district as prospective purchasers of agricultural land in the district shall be given information, prepared in accordance with rules of the department, which clearly explains the provisions of section 161A.76.

**161A.64 Erosion control plans required for certain projects.**

1. If a political subdivision has adopted a sediment control ordinance which the commissioners and the political subdivision jointly agree is at least as equally effective as the commissioners' rules in preventing erosion from exceeding the established soil loss limits, the commissioners and the political subdivision shall execute an agreement under chapter 28E allowing an agency authorized by the political subdivision to receive and file an affidavit from a person, prior to initiating a land disturbing activity in that subdivision, stating that the proposed activity will not exceed the established soil loss limits. A copy of the affidavit shall be mailed to the district as a part of the terms of the agreement. The affidavit shall be in a form prescribed by the department and made available by the district.

2. Prior to initiating a land disturbing activity in a political subdivision which has not adopted sediment control ordinances as described in subsection 1, a person engaged in the land disturbing activity shall file a signed affidavit with the soil and water conservation district that the project will not exceed the soil loss limits. The affidavit shall be in a form prescribed by the department and made available by the district.

3. For the purposes of this section, "*land disturbing activity*" means a land change such as the tilling, clearing, grading, excavating, transporting or filling of land which may result in soil erosion from water or wind and the movement of sediment and sediment related pollutants into the waters of the state or onto lands in the state but does not include the following:

- a. Tilling, planting or harvesting of agricultural, horticultural or forest crops.
- b. Preparation for single-family residences separately built unless in conjunction with multiple construction in subdivision development.
- c. Minor activities such as home gardens, landscaping, repairs and maintenance work.
- d. Surface or deep mining.
- e. Installation of public utility lines and connections, fence posts, sign posts, telephone poles, electric poles and other kinds of posts or poles.

f. Septic tanks and drainage fields unless they are to serve a building whose construction is a land disturbing activity.

g. Construction and repair of the tracks, right-of-way, bridges, communication facilities and other related structures of a railroad.

h. Emergency work to protect life or property.

i. Disturbed land areas of less than twenty-five thousand square feet unless a political subdivision by ordinance establishes a smaller exception or establishes conditions for this exception.

j. The construction, relocation, alteration or maintenance of public roads by a public body.

4. If the agency authorized under subsection 1 determines that a land disturbing activity is not being conducted in compliance with the soil loss limits, it shall file a written and signed complaint with the soil and water conservation district commissioners. The complaint shall have the same effect and validity as a complaint filed by an owner or occupant of land being damaged by sediment pursuant to section 161A.47. If the affidavit is filed with the district or the political subdivision, the commissioners may proceed on their own complaint. The soil and water conservation district commissioners may issue an administrative order as provided in that section to the person conducting the land disturbing activity.

FINANCIAL INCENTIVES

**161A.70 Establishment and purpose.**

Financial incentive programs are established within the division in order to protect the long-term productivity of the soil and water resources

of the state from erosion and sediment damage, and to encourage the adoption of farm management and agricultural practices which are consistent with the capability of the land to sustain agriculture and preserve this state's natural resources.

92 Acts, ch 1184, §6

**161A.71 Conservation practices revolving loan fund.**

1. The division may establish a conservation practices revolving loan fund composed of any money appropriated by the general assembly for that purpose, and of any other moneys available to and obtained or accepted by the committee from the federal government or private sources for placement in that fund. Except as otherwise provided by subsection 3, the assets of the conservation practices revolving loan fund shall be used only to make loans directly to owners of land in this state for the purpose of establishing on that land any new permanent soil and water conservation practice which the commissioners of the soil and water conservation district in which the land is located have found is necessary or advisable to meet the soil loss limits established for that land. A loan shall not be made for establishing a permanent soil and water conservation practice on land that is subject to the restriction on state cost-sharing funds of section 161A.76. Revolving loan funds and public cost-sharing funds shall not be used in combination for funding a particular soil and water conservation practice. Each loan made under this section shall be for a period not to exceed ten years, shall bear no interest, and shall be repayable to the conservation practices revolving loan fund in equal yearly installments due March 1 of each year the loan is in effect. The interest rate upon loans for which payment is delinquent shall accelerate immediately to the current legal usury limit. Applicants are eligible for no more than ten thousand dollars in loans outstanding at any time under this program. "*Permanent soil and water conservation practices*" has the same meaning as defined in section 161A.42 and those established under this program are subject to the requirements of section 161A.7, subsection 16. Loans made under this program shall come due for payment upon sale of the land on which those practices are established.

2. The general assembly finds and declares the following:

a. The erosion of topsoil on agricultural land by wind and water is a serious problem within the state and one which threatens to destroy the natural resource most responsible for Iowa's prosperity.

b. It is necessary to the preservation of the economy and well-being of the state to encourage soil conservation practices by providing loans for permanent soil and water conservation practices

on agricultural land within the state.

c. The use of state funds for the conservation practices revolving loan fund established under subsection 1 is in the public interest, and the purposes of this section are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned, or granted.

3. The division may:

a. Contract, sue and be sued, and promulgate administrative rules necessary to carry out the provisions of this section, but the committee shall not in any manner directly or indirectly pledge the credit of the state of Iowa.

b. Authorize payment from the conservation practices revolving loan fund and from fees for costs, commissions, attorney fees and other reasonable expenses related to and necessary for making and protecting direct loans under this section, and for the recovery of moneys loaned or the management of property acquired in connection with such loans.

4. This section does not negate the provisions of section 161A.48 that an owner or occupant of land in this state shall not be required to establish any new soil and water conservation practice unless public cost-sharing funds have been approved and are available for the land affected. However, the owner of land with respect to which an administrative order to establish soil and water conservation practices has been issued under section 161A.47 but not complied with for lack of public cost-sharing funds, may waive the right to await availability of such funds and instead apply for a loan under this section to establish any permanent soil and water conservation practices necessary to comply with the order. If a landowner does so, that loan application shall be given reasonable preference by the state soil conservation committee if there are applications for more loans under this section than can be made from the money available in the conservation practices revolving loan fund. If it is found necessary to deny an application for a soil and water conservation practices loan to a landowner who has waived the right to availability of public cost-sharing funds before complying with an administrative order issued under section 161A.47, the landowner's waiver is void.

**161A.72 Administration.**

1. Financial incentives provided under this chapter shall be administered by the division. The incentives shall be supported with funds appropriated by the general assembly, and moneys available to or obtained by the division or the committee from public or private sources, including but

not limited to the United States, other states, or private organizations. The division shall adopt all rules consistent with chapter 17A necessary to carry out the purpose of this division as provided in section 161A.70.

2. The commissioners of a district shall, to the extent funding is available, contract with a person who is an owner or occupant of land within the district applying to establish soil and water conservation practices as provided in this chapter. Under the agreement, the person shall receive financial incentives to establish permanent soil and water conservation practices and management practices, in consideration for promising to maintain the practices according to rules adopted by the division. If the land subject to an agreement is converted to a nonagricultural use that does not require a permanent soil and water conservation practice which has been established with financial incentives, the permanent soil and water conservation practice shall not be removed until the owner pays an amount to the district, which shall be deposited into a fund established by the district for use in providing financial incentives under this chapter. The amount shall be a prorated share of the amount paid in financial incentives to establish the practice, as provided in rules adopted by the division.

92 Acts, ch 1184, §7; 96 Acts, ch 1083, §4

**161A.73 Voluntary establishment of soil and water conservation practices.**

1. The division shall establish voluntary financial incentive programs which shall provide for the following:

*a.* The allocation of cost-share moneys as financial incentives provided for the purpose of establishing permanent soil and water conservation practices, including but not limited to terraces, diversions, grade stabilization structures, grassed waterways, and critical area planting. The financial incentives shall not exceed fifty percent of the estimated cost of establishing the practices, or fifty percent of the actual cost, whichever is less.

*b.* The allocation of moneys as financial incentives provided for the purpose of establishing management practices to control soil erosion on land that is row cropped, including but not limited to no-till planting, ridge-till planting, contouring, and contour strip-cropping. The division shall by rule establish limits on the amount of incentives which shall be authorized for payment to landowners upon establishment of the practice.

*c.* The allocation of cost-share moneys as financial incentives provided to establish practices to protect watersheds above publicly owned lakes of the state from soil erosion and sediment. The financial incentives shall be awarded to watersheds which are of the highest importance based on soil loss as established by the natural resource com-

mission pursuant to section 456A.33A. The financial incentives shall not exceed seventy-five percent of the estimated cost of establishing the practices as determined by the commissioners or seventy-five percent of the actual cost of establishing the practices, whichever is less.

*d.* The allocation of cost-share moneys as financial incentives to establish permanent grass and buffer zones, including an erosion control structure or an erosion control practice to mitigate the effects of concentrated runoff on surface water quality. The financial incentives shall not exceed one hundred percent of the estimated cost of establishing a zone, as determined by the commissioners, or one hundred percent of the actual cost of establishing the zone, whichever is less.

*e.* The allocation of cost-share moneys as financial incentives for the same purposes that are supported from the soil and water enhancement account of the resources enhancement and protection fund as provided in section 455A.19, or by the water protection practices account of the water protection fund established pursuant to section 161C.4. The financial incentives shall not exceed fifty percent of the estimated cost of establishing the practices, or fifty percent of the actual cost, whichever is less.

2. The commissioners of a district may establish voluntary financial incentive programs which shall provide for the following:

*a.* The allocation of cost-share moneys as financial incentives under a special agreement with owners of land in the district who promise to adopt a watershed conservation plan as provided by rules which shall be adopted by the division. The watershed conservation plan shall be in conjunction with the owners' respective farm unit soil conservation plans. The funding agreement must provide for the funding of a project which includes five or more contiguous farm units which have at least five hundred acres of agricultural land and which constitutes at least seventy-five percent of the agricultural land located within a watershed or subwatershed. The financial incentives shall not exceed sixty percent of the estimated cost of the project as determined by the commissioners or sixty percent of the actual cost, whichever is less.

*b.* The allocation of cost-share moneys as financial incentives to encourage summer construction of permanent soil and water conservation practices. The practices must be constructed on or after June 1 but not later than September 15. The commissioners may also provide for the payment of moneys on a prorated basis to compensate persons for the production loss on an area disturbed by construction, according to rules which shall be adopted by the division. The commissioners shall not allocate cost-share moneys to support summer construction during a fiscal year in which applications for cost-share moneys required to establish permanent soil and water conservation practices,

other than established by summer construction, equal the total amount available to support the nonsummer construction practices. The financial incentives shall not exceed sixty percent of the estimated cost of establishing the practice as determined by the commissioners, or sixty percent of the actual cost of establishing the practice, whichever is less.

3. *a.* The division may reimburse private landowners for a portion of the cost of fencing materials and installation for permanent fence used to protect forest land from domestic livestock grazing, if the division determines that the grazing has caused excessive soil loss. For purposes of this subsection, forests shall be considered as agricultural land eligible for cost-share moneys. The total expenditure of reimbursement moneys shall not exceed fifty percent of the total landowner expenditures. Expenditures for boundary and road fence construction and for repair and replacement of existing fences are not eligible for reimbursement unless the complete fence is replaced.

*b.* A landowner shall sign an agreement with the division as a condition for receiving cost-share moneys. The agreement shall provide that the landowner shall maintain the fence for a minimum of ten years and shall follow written professional forester recommendations relating to land protected by fencing. The recommendations must be approved by the state forester or the forester's designee.

*c.* A landowner who violates the maintenance agreement shall maintain, repair, or reconstruct the damaged fence, or shall pay the division an amount equal to the amount of cost-share moneys reimbursed.

*d.* The division shall adopt rules to administer this subsection, including rules relating to procedures required to receive reimbursement, and eligibility requirements such as the minimum forest acreage required, and the maximum reimbursement amount allowed.

#### **161A.74 Mandatory establishment of soil and water conservation practices — allocations.**

1. The commissioners shall allocate cost-share moneys to establish mandatory soil and water conservation practices, as provided in sections 161A.43 through 161A.53, according to the following requirements:

*a.* The financial incentives shall not exceed more than fifty percent of the estimated cost of establishing the practices as determined by the commissioners, or fifty percent of the actual cost of establishing the practices, whichever is less. However, the commissioners may allocate an amount determined by the committee for management of

soil and water conservation practices, except as otherwise provided regarding land classified as agricultural land under conservation cover.

*b.* The commissioners shall establish the estimated cost of the permanent soil and water conservation practices in the district based upon one and two-tenths of the average cost of the practices installed in the district during the previous year. The average costs shall be reviewed and approved by the commissioners each year.

2. The committee shall review requirements of this section once each year. The committee may authorize commissioners in districts to condition the establishment of a mandatory soil and water conservation practice in a specific case on a higher proportion of public cost-sharing than is required by this section. The commissioners shall determine the amount of cost-sharing moneys allocated to establish a specific soil and water conservation practice in accordance with an administrative order issued pursuant to section 161A.47 by considering the extent to which the practice will contribute benefits to the individual owner or occupant of the land on which the practice is to be established.

#### **161A.75 Use of moneys for emergency repairs.**

1. The commissioners of a district may allocate moneys otherwise available for voluntary financial incentive programs as provided in section 161A.73 to provide for the restoration of permanent soil and water conservation practices which are damaged or destroyed because of a disaster emergency. In providing for the restoration, the commissioners may allocate moneys under this section for construction, reconstruction, installation, or repair projects. For each project the commissioners must determine that the allocation is necessary in order to restore permanent soil and water conservation practices in order to prevent erosion in excess of the applicable soil loss limits caused by the disaster emergency.

2. In order to allocate moneys under this section, the disaster emergency must have occurred in an area subject to a state of disaster emergency pursuant to a proclamation made by the governor as provided in section 29C.6. The commissioners shall use the moneys only to the extent that moneys from other sources, including any moneys provided by the state or federal government in response to the disaster emergency, are not adequate. The commissioners are not required to allocate the moneys on a cost-share basis.

3. Following the disaster emergency, the commissioners shall submit a report to the committee providing information regarding restoration projects and moneys allocated under this section for the projects.

97 Acts, ch 59, §2

**161A.76 Cost sharing for certain lands restricted.**

1. It is the intent of this chapter that, effective January 1, 1981, each tract of agricultural land which has not been plowed or used for growing row crops at any time within fifteen years prior to that date, shall for purposes of this section be considered classified as agricultural land under conservation cover. If a tract of land so classified is thereafter plowed or used for growing row crops, the commissioners of the soil and water conservation district in which the land is located shall not approve use of state cost-sharing funds for establishing permanent or temporary soil and water conservation practices on that tract of land in an amount greater than one-half the amount of cost-sharing funds which would be available for that land if it were not considered classified as agricultural land under conservation cover. The restriction imposed by this section applies even if an administrative order or court order has been issued requiring establishment of soil and water conservation practices on that land. The commissioners may waive the restriction imposed by this section if they determine in advance that the purpose of plowing or row cropping land classified as land under conservation cover is to revitalize permanent pasture and that the land will revert to permanent pasture within two years after it is plowed.

2. When receiving an application for state cost-sharing funds to pay a part of the cost of establishing a permanent or temporary soil and water conservation practice, the commissioners of the soil and water conservation district to which the application is submitted shall require the applicant to state in writing whether, to the best of the applicant's knowledge, the land on which the proposed practice will be established is land considered to be classified as agricultural land under conservation cover, as defined in subsection 1. An applicant who knowingly makes a false statement of material facts or who falsely denies knowledge of material facts in completing the written statement required by this subsection commits a simple misdemeanor and, in addition to the penalty prescribed therefor by law, shall be required to repay to the department any cost-sharing funds made available to the applicant in reliance on the false statement or false denial.

BLUFFLANDS PROTECTION

**161A.80 Blufflands protection program and revolving fund.**

1. As used in this section, unless the context otherwise requires:

*a.* For purposes of this section only, "bluffland" means a cliff, headland, or hill with a broad, steep face along the channel or floodplain of the Missouri or Mississippi river and their tributaries.

*b.* "Conservation organization" means a non-profit corporation incorporated in Iowa or an entity organized and operated primarily to enhance and protect natural resources in this state.

2. A blufflands protection revolving fund is created in the state treasury. All proceeds shall be divided into two equal accounts. One account shall be used for the purchase of blufflands along the Mississippi river and its tributaries and the other account shall be used for the purchase of blufflands along the Missouri river and its tributaries. The proceeds of the revolving fund are appropriated to make loans to conservation organizations which agree to purchase bluffland properties adjacent to state public lands. The department of agriculture and land stewardship, in conjunction with the department of natural resources, shall adopt rules pursuant to chapter 17A to administer the disbursement of funds. Notwithstanding section 12C.7, interest or earnings on investments made pursuant to this section or as provided in section 12B.10 shall be credited to the blufflands protection revolving fund. Notwithstanding section 8.33, unobligated or unencumbered funds credited to the blufflands protection revolving fund shall not revert at the close of a fiscal year. However, the maximum balance in the blufflands protection revolving fund shall not exceed two million five hundred thousand dollars. Any funds in excess of two million five hundred thousand dollars shall be credited to the rebuild Iowa infrastructure fund.

*a.* This section is repealed on July 1, 2015.

*b.* The principal and interest from any blufflands protection loan outstanding on July 1, 2015, and payable to the blufflands protection revolving fund, shall be paid to the administrative director of the division of soil conservation on or after July 1, 2015, pursuant to the terms of the loan agreement and shall be credited to the rebuild Iowa infrastructure fund.

### **161C.4 Water protection fund.**

A water protection fund is created within the division. The fund is composed of money appropriated by the general assembly for that purpose, and moneys available to and obtained or accepted by the state soil conservation committee from the United States or private sources for placement in the fund. The fund shall be divided into two accounts, the water quality protection projects account and the water protection practices account. The first account shall be used to carry out water quality protection projects to protect the state's surface and groundwater from point and nonpoint sources of contamination. The second account shall be used to establish water protection practices with individual landowners including but not limited to woodland establishment and protection, establishment of native grasses and forbs, sink-hole management, agricultural drainage well management, streambank stabilization, grass waterway establishment, stream buffer strip establishment, and erosion control structure construction. Twenty-five percent of funds appropriated to the water protection practices account

shall be used for woodland establishment and protection, and establishment of native grasses and forbs. Soil and water conservation district commissioners shall give priority to applications for practices that implement their soil and water resource conservation plan. The fund shall be a revolving fund from which moneys may be used for loans, grants, administrative costs, and cost-sharing.

In administering the fund the division may:

1. Contract, sue and be sued, and adopt rules necessary to carry out the provisions of this section, but the division or committee shall not in any manner directly or indirectly pledge the credit of this state.

which shall be adopted by the division. The program shall be supported from moneys deposited in the organic nutrient management fund.

2. *a.* The program shall provide financial incentives to establish livestock manure management systems to facilitate the proper utilization of livestock manure as a nutrient source, and to protect the water resources of the state from livestock manure runoff.

*b.* A person shall not be eligible to participate in the program, unless the person is an individual family farmer, an individual actively engaged in farming as provided in section 9H.1, subsection 1, paragraphs “a” through “c”, or the person is a family farm corporation, family farm limited partnership, a family trust, or a family farm limited liability company, all as defined in section 9H.1.

The watershed protection program shall, to the extent practical, target for assistance those watersheds on the prioritized list. A soil and water conservation district, in cooperation with state agencies, local units of government, and private organizations, may submit an application for assistance to the department which provides a strategy for protecting soil, water quality, and other natural resources, and improving flood control in the watershed. Upon approval of an application, the department may provide a grant to the soil and water conservation district for purposes of carrying out the strategy provided in the application.

2. A watershed protection account is created within the water protection fund created in section 161C.4. Moneys credited to the account shall be distributed under the watershed protection program.

SUBCHAPTER 1  
LOESS HILLS DEVELOPMENT AND CONSERVATION

**161D.1 Loess hills development and conservation authority created — membership and duties.**

1. A loess hills development and conservation authority is created. The counties of Lyon, Sioux, Plymouth, Cherokee, Woodbury, Ida, Sac, Monona, Crawford, Carroll, Harrison, Shelby, Audubon, Pottawattamie, Cass, Adair, Mills, Montgomery, Adams, Fremont, Page, and Taylor are entitled to one voting member each on the authority, but membership or participation in projects of the authority is not required. Each member of the authority shall be appointed by the respective board of supervisors for a term to be determined by each board of supervisors, but the term shall not be for less than one year. An appointee shall serve without compensation, but an appointee may be reimbursed for actual expenses incurred while performing the duties of the authority as determined by each board of supervisors. The authority shall meet, organize, and adopt rules of procedures as deemed necessary to carry out its duties. The authority may appoint working committees that include other individuals in addition to voting members.

2. The mission of the authority is to develop and coordinate plans for projects related to the unique natural resource, rural development, and infrastructure problems of counties in the deep

loess region of western Iowa. The erosion and degradation of stream channels in the deep loess soils has occurred due to historic channelization of the Missouri river and straightening stream channels of its tributaries. This erosion of land has damaged the rural infrastructure of this area, destroyed public roads and bridges, adversely impacted stream water quality and riparian habitat, and affected other public and private improvements. Stabilization of stream channels is necessary to protect the rural infrastructure in the deep loess soils area of the state. The authority shall cooperate with the division of soil conservation of the department of agriculture and land stewardship, the affected soil and water conservation districts, the department of natural resources, and the state department of transportation in carrying out its mission and duties. The authority shall also cooperate with appropriate federal agencies, including the United States environmental protection agency, the United States department of interior, and the United States department of agriculture natural resources conservation service. The authority shall make use of technical resources available through member counties and cooperating agencies.

3. The authority shall administer the loess hills development and conservation fund created under section 161D.2 and shall deposit and expend moneys in the fund for the planning, development, and implementation of development and conservation activities or measures in the member counties.

4. A hungry canyons alliance is created. The hungry canyons alliance shall be governed by a board of directors appointed as provided in its by-laws and the board shall carry out its responsibilities under the general direction of the loess hills development and conservation authority. The by-laws of the hungry canyons alliance are subject to review and approval of the loess hills development and conservation authority.

5. This subchapter is not intended to affect the authority of the department of natural resources in its acquisition, development, and management of public lands within the counties represented by the authority.

6. In matters relating to the conservation, preservation, or development of the loess hills, state agencies shall coordinate, cooperate, and consult with the loess hills development and conservation authority and its associated alliances.

#### **161D.2 Loess hills development and conservation fund.**

A loess hills development and conservation fund is created in the state treasury. The fund shall include a hungry canyons account and a loess hills alliance account which shall be administered by the loess hills development and conservation authority. The proceeds of the respective accounts shall be used for the purposes specified in section 161D.1 or 161D.6 as applicable. The loess hills development and conservation authority may accept gifts, bequests, other moneys including, but not limited to, state or federal moneys, and in-kind contributions for deposit in the fund. The gifts, grants, bequests from public and private sources, state and federal moneys, and other moneys received by the authority shall be deposited in the respective accounts and any interest earned shall be credited to the respective accounts to be used for the purposes specified in section 161D.1 or 161D.6 as applicable. Notwithstanding section 8.33, any unexpended or unencumbered moneys remaining in the fund at the end of the fiscal year shall not revert to the general fund of the state, but the moneys shall remain available for expenditure by the authority in succeeding fiscal years.

93 Acts, ch 136, §2; 99 Acts, ch 119, §2

#### **161D.3 Definitions.**

As used in this subchapter, unless the context otherwise requires:

1. *"Alliance"* means the loess hills alliance created in section 161D.5.
2. *"Authority"* means the loess hills development and conservation authority created in section 161D.1.
3. *"Fund"* means the loess hills development

and conservation fund created in section 161D.2.  
99 Acts, ch 119, §3; 2000 Acts, ch 1154, §15

#### **161D.4 Mission statement.**

The mission of the loess hills alliance is to create a common vision for Iowa's loess hills, protecting special natural and cultural resources while ensuring economic viability and private property rights of the region.

99 Acts, ch 119, §4

#### **161D.5 Loess hills alliance created.**

1. A loess hills alliance is created. The alliance shall carry out its responsibilities under the general direction of the loess hills development and conservation authority. The alliance shall encompass the geographic region including the counties of Plymouth, Woodbury, Monona, Harrison, Pottawattamie, Mills, and Fremont. Membership and participation in projects of the alliance is not required. The alliance shall be governed by a board of directors appointed as follows:

a. Three members appointed by the board of supervisors of each county participating in the alliance and at least one of the appointees shall be a member of the board of supervisors of a county participating in the alliance.

b. Seven additional voting members who shall be persons with experience in the fields of environmental affairs, conservation, finance, development, tourism, or related fields, and who shall be appointed by the authority.

c. The voting members of the board of directors appointed pursuant to paragraphs "a" and "b" shall include agricultural producers owning real property within the loess hills landform.

2. Each voting member of the board of directors shall be a resident of a county which is eligible for membership in the authority pursuant to section 161D.1 and shall be appointed to a term of office as determined by the authority. The directors of the alliance shall carry out their responsibilities pursuant to bylaws approved by the authority.

99 Acts, ch 119, §5; 2000 Acts, ch 1111, §3

#### **161D.6 Responsibilities.**

The board of directors of the alliance shall have the following responsibilities:

1. To prepare and adopt a comprehensive plan for the development and conservation of the loess hills area subject to the approval of the authority. The plan shall provide for the designation of significant scenic areas, the protection of native vegetation, the education of the public on the need for and methods of preserving the natural resources of the loess hills area, and the promotion of tourism and related business and industry in the loess hills area.

2. To apply for, accept, and expend public and private funds for planning and implementing projects, programs, and other components of the mis-

sion of the alliance subject to approval of the authority.

3. To study different options for the protection and preservation of significant historic, scenic, geologic, and recreational areas of the loess hills including but not limited to a federal or state park, preserve, or monument designation, fee title acquisition, or restrictive easement.

4. To make recommendations to and coordinate the planning and projects of the alliance with the authority.

5. To develop and implement pilot projects for the protection of loess hills areas with the use of restrictive easements from willing sellers and fee title ownership from willing sellers subject to approval of the authority.

6. To report annually not later than January 15 to the general assembly the activities of the alliance during the preceding fiscal year including, but not limited to, its projects, funding, and expenditures.

99 Acts, ch 119, §6, 7, 9

#### **161D.7 Program coordination.**

*a.* Its operations and accomplishments.

*b.* Its budget, receipts, and actual expenditures during the previous fiscal year, in accordance with classifications it establishes for its operating and capital accounts.

*c.* Its assets and liabilities at the end of the previous fiscal year and the status of reserve, special, and other funds.

*d.* A statement of its proposed and projected activities.

*e.* Recommendations to the governor and the general assembly, as deemed necessary.

*f.* Any other information deemed necessary.

2. The annual report shall identify performance goals of the authority, and clearly indicate the extent of progress during the reporting period in attaining these goals.

3. The fund shall be subject to an annual audit by the auditor of state.

## SUBCHAPTER 2

### SOUTHERN IOWA DEVELOPMENT AND CONSERVATION AUTHORITY

#### **161D.11 Southern Iowa development and conservation authority created — membership and duties.**

1. A southern Iowa development and conservation authority is created. The counties of Appanoose, Clarke, Davis, Decatur, Jefferson, Lucas, Monroe, Van Buren, Wapello, and Wayne are entitled to one voting member each on the authority, but membership or participation in projects of the authority is not required. Each member of the authority shall be appointed by the respective board of supervisors for a term to be determined by each board of supervisors, but the term shall not be for less than one year. An appointee shall serve without compensation, but an appointee may be reimbursed for actual expenses incurred while performing the duties of the authority as determined by each board of supervisors. The authority shall meet, organize, and adopt rules of procedures as deemed necessary to carry out its duties. The authority may appoint working committees that include other individuals in addition to voting members.

2. The mission of the authority is to develop and coordinate plans for projects related to the unique natural resources, rural development, and infrastructure problems of counties in the most fragile areas of the southern Iowa drift plain. The authority's mission is established in part as a response to the erosion of soils, degradation of water resources, and the destabilization of stream channels in the fragile glacial till soils of southern Iowa that have occurred in a large part due to unchecked conversion of grassland to cropland. This land use conversion was brought about by the economic pressures of past federal agricultural policies that disregarded the fragile nature of the southern Iowa soil resource and the incompatibility of these soils with the subsidized commodities. The resulting erosion of the land has damaged the rural infrastructure of this area, destroyed public roads and bridges, adversely impacted stream water quality and riparian habitat, affected other public and private improvements, and severely threatens the potable water supply of the region. Reducing soil erosion, preventing sedimentation, and stopping nutrients and pesticides from entering water resources are all necessary to protect the rural infrastructure in the southern area of the state. Important protection measures include structural improvements and the reestablishment of grasslands for sustainable economic uses.

3. The authority shall cooperate with the division of soil conservation of the department of agriculture and land stewardship, the affected soil and water conservation districts, the department of natural resources, and the state department of

transportation in carrying out its mission and duties. The authority shall also cooperate with appropriate federal agencies, including the United States environmental protection agency, the United States department of interior, and the United States department of agriculture natural resources conservation service. The authority shall make use of technical resources available through member counties and cooperating agencies.

4. The authority shall administer the southern Iowa development and conservation fund created under section 161D.12 and shall deposit and expend moneys in the fund for the planning, development, and implementation of development and conservation activities or measures in the member counties.

5. This section is not intended to affect the authority of the department of natural resources in its acquisition, development, and management of public lands within the counties represented by the authority.

99 Acts, ch 30, §1

**161D.12 Southern Iowa development and conservation fund.**

A southern Iowa development and conservation fund is created in the state treasury, to be administered by the southern Iowa development and conservation authority. Whenever any animal is left with a veterinarian, boarding kennel or commercial kennel pursuant to a written agreement and the owner does not claim the animal by the agreed date, the animal shall be deemed abandoned, and a notice of abandonment and its consequences shall be sent within seven days by certified mail to the last known address of the owner. For fourteen days after mailing of the notice the owner shall have the right to reclaim the animal upon payment of all reasonable charges, and after the fourteen days the owner shall be deemed to have waived all rights to the abandoned animal. If despite diligent effort an owner cannot be found for the abandoned animal within another seven days, the veterinarian, boarding kennel, or commercial kennel may humanely destroy the abandoned animal.

Each veterinarian, boarding kennel or commercial kennel shall warn its patrons of the provisions of this section by a conspicuously posted notice or by conspicuous type in a written receipt.

[C77, 79, 81, §162.19]

**162.20 Sterilization.**

1. A pound or animal shelter shall not transfer ownership of a dog or cat by sale or adoption, unless the dog or cat is subject to sterilization. The sterilization shall involve a procedure which permanently destroys the capacity of a dog or cat to reproduce, either by the surgical removal or alteration of its reproductive organs, or by the injection or ingestion of a serum. The pound or animal shelter shall not relinquish custody until it provides for one of the following:

*a.* Sterilization performed by a veterinarian licensed pursuant to chapter 169.

*b.* The execution of an agreement with a person intended to be the permanent custodian of the

dog or cat. The agreement must provide that the custodian shall have the dog or cat sterilized by a veterinarian licensed pursuant to chapter 169.

2. The pound or animal shelter maintaining custody of the dog or cat may require that a person being transferred ownership of the dog or cat reimburse the pound or animal shelter for the amount in expenses incurred by the pound or animal shelter in sterilizing the dog or cat, if the dog or cat is sterilized prior to the transfer of ownership of the dog or cat to the person.

3. *a.* The sterilization agreement may be on a form which shall be prescribed by the department. The agreement shall contain the signature and address of the person receiving custody of the dog or cat, and the signature of the representative of the pound or animal shelter.

*b.* The sterilization shall be completed as soon as practicable, but prior to the transfer of the ownership of the dog or cat by the pound or animal shelter. The pound or animal shelter may grant an extension of the period required for the completion of the sterilization if the extension is based on a reasonable determination by a licensed veterinarian.

*c.* A pound or animal shelter shall transfer ownership of a dog or cat, conditioned upon the confirmation that the sterilization has been completed by a licensed veterinarian who performed the procedure. The confirmation shall be a receipt furnished by the office of the attending veterinarian.

*d.* A person who fails to satisfy the terms of the sterilization agreement shall return the dog or cat within twenty-four hours following receipt of a demand letter which shall be delivered to the person by the pound or animal shelter personally or by certified mail.

4. *a.* A person who does not comply with the provisions of a sterilization agreement is guilty of a simple misdemeanor.

*b.* A person who fails to return a dog or cat upon receipt of a demand letter is guilty of a simple misdemeanor.

*c.* A pound or animal shelter which knowingly fails to provide for the sterilization of a dog or cat is subject to a civil penalty of up to two hundred dollars. The department may enforce and collect civil penalties according to rules which shall be adopted by the department. Each violation shall constitute a separate offense. Moneys collected from civil penalties shall be deposited into the general fund of the state and are appropriated on July 1 of each year in equal amounts to each track licensed to race dogs to support the racing dog adoption program as provided in section 99D.27. Upon the third offense, the department may suspend or revoke a certificate of registration issued to the pound or animal shelter pursuant to this chapter. The department may bring an action in district court to enjoin a pound or animal shelter from

transferring animals in violation of this section. In bringing the action, the department shall not be required to allege facts necessary to show, or tending to show, a lack of adequate remedy at law, that irreparable damage or loss will result if the action is brought at law, or that unique or special circumstances exist.

5. This section shall not apply to the following:

a. The return of a dog or cat to its owner by a pound or animal shelter.

b. The transfer of a dog or cat by a pound or animal shelter which has obtained an enforcement waiver issued by the department. The pound or shelter may apply for an annual waiver each year as provided by rules adopted by the department. The department shall grant a waiver, if it determines that the pound or animal shelter is subject to an ordinance by a city or county which includes stricter requirements than provided in this section. The department shall not charge more than ten dollars as a waiver application fee.

The fees collected by the department shall be deposited in the general fund of the state.

c. The transfer of a dog or cat to an institution as defined in section 145B.1, a research facility as defined in section 162.2, or a person licensed by the United States department of agriculture as a class B dealer pursuant to 9 C.F.R. subchapter A, part 2. However, a class B dealer who receives an unsterilized dog or cat from a pound or animal shelter shall either sterilize the dog or cat or transfer the unsterilized dog or cat to an institution or research facility provided in this paragraph. The class B dealer shall not transfer a dog to an institution or research facility, if the dog is a greyhound registered with the national greyhound association and the dog raced at a track associated with pari-mutuel racing, unless the class B dealer receives written approval of the transfer from a person who owned an interest in the dog while the dog was racing.

**163.15 Indemnifying owner.**

1. If the secretary of agriculture determines that the outbreak of an infectious or contagious disease among an animal population constitutes a threat to the general welfare or the public health of the inhabitants of this state, the secretary shall formulate a program of eradication which shall include the condemnation and destroying of the animals exposed to or afflicted with the disease. The program of eradication shall provide for the indemnification of owners of the livestock under this section, if there are no other sources of indemnification. The program shall not be effective until the program has been approved by the executive council.

2. If an animal afflicted with an infectious or contagious disease is destroyed under a program of eradication as provided in this section, the owner shall be compensated according to one of the following methods:

a. (1) A determination of an indemnity amount as agreed to by appraisal. The determination shall be made by appraisers who shall be three competent and disinterested persons, including one who is appointed by the department, one who is appointed by the owner, and one who is appointed by agreement of the department and the owner. The appraisers shall report their appraisal under oath to the department. The appraisers shall receive compensation and expenses as provided for by the program.

(2) A claim for an indemnity filed by the owner shall not exceed the amount agreed upon by the majority decision of the appraisers. For an animal other than registered purebred stock the indemnity amount shall be based on current market prices. For registered purebred stock, the indemnity amount may exceed market prices by not more than fifty percent. The indemnity amount shall be less any amount of indemnification that the owner might be allowed from the United States department of agriculture. An indemnity shall not be allowed for an animal if the department of agriculture and land stewardship determines that the animal has been fed raw garbage as provided in section 163.26.

(3) A claim for an indemnity by the owner and a claim for compensation and expenses by the appraisers shall be filed with the department and

submitted by the secretary of agriculture to the executive council for its approval or disapproval.

(4) Upon approval by the executive council, there is appropriated to the department from any moneys in the general fund of the state not otherwise appropriated moneys sufficient to carry out the provisions of this paragraph.

b. A formula established by rule adopted by the department that is effective as determined by the department in accordance with chapter 17A and applicable upon approval of the plan of eradication approved by the executive council. The formula shall be applicable to indemnify owners if the executive council, upon recommendation by the secretary of agriculture, determines that an animal population in this state is threatened with infection from an exceptionally contagious disease.

(1) An owner shall be paid an indemnity amount based on the formula, only if the owner elects to be paid under the formula in lieu of the determination by appointed appraisers as otherwise provided in this section.

(2) The formula shall provide for the payment of the fair market value of an animal based on market prices paid for similar animals according to categories or criteria established by the department, which may include payment based on the species, breed, type, weight, sex, age, purebred status, and condition of the animal. The department may provide for deductions based on other compensation received by the owner for the destruction of the animals. The department may exclude a claim if the person would be ineligible to receive compensation by three appointed appraisers as provided in this section.

(3) If an owner elects to be paid an indemnity amount based on a method that provides either a determination by appointed appraisers or pursuant to a formula, the owner shall not be entitled to revoke the election, unless otherwise provided by the department. An owner's decision to delay or refuse to make an election under this section shall not affect the condemnation and destruction of afflicted animals under the program of eradication.

(4) Upon approval by the executive council, there is appropriated to the department from any moneys in the general fund of the state not otherwise appropriated moneys sufficient to carry out the provisions of this paragraph.

### FEEDING GARBAGE TO ANIMALS

#### 163.26 Definition.

For the purposes of this subchapter, "garbage" means putrescible animal and vegetable wastes resulting from the handling, preparation, cooking, and consumption of foods, including animal carcasses or parts, and includes all waste material, by-products of a kitchen, restaurant, hotel, or slaughterhouse, every refuse accumulation of animal, fruit, or vegetable matter, liquids or otherwise, except grain not consumed, that is collected from hog sales pen floors in public stockyards and fed under the control of the department of agriculture and land stewardship. Animals or parts of animals, which are processed by slaughterhouses or rendering establishments, and which as part of the processing are heated to not less than 212 degrees F. for thirty minutes, are not garbage for purposes of this chapter.

**163.28 Licenses.**

Before any person shall process any public or commercial garbage for swine, application for a license shall be made to the department setting forth the name and address of the applicant's proposed place of business, and the method used to process such garbage as outlined in section 163.27.

On receipt of such application, the secretary or the secretary's authorized agent shall at once inspect the premises on which the applicant proposes to conduct such business. If the inspector finds that said building complies with the requirements of this chapter, and with the rules of the department, and that the applicant is a responsible and suitable person, the inspector shall so certify in writing to the department.

On receipt of such certificate, the department shall issue a license to said applicant to conduct such business at the place specified until the first day of September following date of issue.

The license fee for each processing plant shall be fifty dollars, except that the first license fee may be prorated on a monthly basis as prescribed by the department. ## SUBCHAPTER III

## MOVEMENT OF SWINE

**163.30 Swine dealer licensing and fees — swine movement.**

1. This section shall apply to all swine moved interstate and intrastate, except swine moved directly to slaughter or to a livestock market for sale directly to a slaughtering establishment for immediate slaughter.

2. When used in this subchapter:

a. "*Dealer*" means any person who is engaged in the business of buying for resale, or selling, or exchanging swine as a principal or agent or who claims to be so engaged, but does not include the owner or operator of a farm who does not claim to be so engaged and who sells or exchanges only those swine which have been kept by the person solely for feeding or breeding purposes.

b. "*Move*" or "*movement*" means to ship, transport, or deliver swine by land, water, or air, except that "*move*" or "*movement*" does not mean a relocation.

c. "*Relocate*" or "*relocation*" means to ship, transport, or deliver swine by land, water, or air, to different premises, if the ownership of the swine does not change, the prior and new premises are located within the state, and the shipment, transportation, or delivery between the prior and new premises occurs within the state.

d. "*Separate and apart*" means a manner of holding swine so as not to have physical contact with other swine on the premises.

3. A person shall not act as a dealer unless the department issues the person a dealer's license. The person must be licensed as a dealer regardless of whether the swine originate in this state or another jurisdiction or the person resides in this state or another jurisdiction. The jurisdiction may be in another state or a foreign nation.

a. The fee for a dealer's license is five dollars each year. A license expires on the first day of July following the date of issue. A license shall be numbered and the dealer shall retain the number from year to year.

b. To be issued a license, an applicant must file a surety bond with the department. The applicant shall file a standard surety bond of ten thousand dollars with the secretary named as trustee, for the use and benefit of anyone damaged by a violation of this section, except that the bond shall not be required for dealers who are bonded in the same or a greater amount than required pursuant to the federal Packers and Stockyards Act. In addition, the department may require that a licensee file evidence of financial responsibility with the department prior to a license being issued or renewed as provided in section 202C.2.

c. Each employee or agent doing business by buying for resale, selling, or exchanging feeder swine in the name of a licensed dealer shall be required to secure a permit and identification card issued by the department showing the person is employed by or represents a licensed dealer. All such permits and identification cards shall be issued upon application forms furnished by the department at a cost of three dollars per annum, and shall expire on the first day of July following the date of issue.

d. A permittee shall not represent more than one dealer. Failure of a licensee or permittee to

comply with this chapter or a rule made pursuant to this chapter is cause for revocation by the secretary of the permit or license after notice to the alleged offender and the holding of a hearing by the secretary. Rules shall be made in accordance with chapter 17A. A rule, the violation of which is made the basis for revocation, except temporary emergency rules, shall first have been approved after public hearing as provided in section 17A.4 after giving twenty days' notice of the hearing as follows:

By mailing notice, by ordinary mail, to every person filing a request for notice accompanied by an addressed envelope with prepaid postage. Any person may file such a request to be listed with any agency for notice for the time and place for all hearings on proposed rules, which request shall be accompanied by a remittance of five dollars. Such fee shall be added to the operating fund of the department. The listing shall expire semiannually on January 1 and July 1.

4. All swine moved shall be individually identified with a distinctive and easily discernible ear tag affixed in either ear of the animal or other identification acceptable to the department, which has been specified by rule promulgated under the department's rulemaking authority. The department shall make ear tags available at convenient locations within each county and shall sell such tags at a price not exceeding the cost to producers and others to comply with this section.

Every seller, dealer and market operator shall keep a record of the ear tag numbers, or other approved identification, and the farm of origin of swine moved by or through that person, which records shall be made available by that person to any appropriate representative of the department or the United States department of agriculture.

5. All swine moved shall be accompanied by a certificate of veterinary inspection issued by the state of origin and prepared and signed by a veterinarian. The certificate shall show the point of origin, the point of destination, individual identification, immunization status, and, when required, any movement permit number assigned to the shipment by the department. All such movement of swine shall be completed within seventy-two hours unless an extension of time for movement is granted by the department.

However, swine may be moved intrastate directly to an approved state, federal or auction market without such identification or certification, there to be identified and certificated.

However, registered swine for exhibition or breeding purposes which can be individually identified by an ear notch or tattoo or other method approved by the department are excepted from this identification requirement. In addition, native Iowa swine moved from farm to farm shall be ex-

cepted from the identification requirement if the owner transferring possession of the feeder pigs executes a written agreement with the person taking possession of the feeder pigs. The agreement shall provide that the feeder pigs shall not be commingled with other swine for a period of thirty days. The owner transferring possession shall be responsible for making certain that the agreement is executed and for providing a copy of the agreement to the person taking possession.

The department may combine a certificate of veterinary inspection with a certificate of inspection required under chapter 166D.

6. The department may require issuance of movement permits on certain categories of swine moved, prior to their movement, pursuant to departmental rule. The rule shall be promulgated when in the judgment of the secretary, such movements would otherwise threaten or imperil the eradication of hog cholera in Iowa.

7. All swine moved shall be quarantined separate and apart from other swine located at the Iowa farm of destination for thirty days beginning with their arrival at such premises, or if such incoming swine are not held separate and apart, all swine on such premises shall be thus quarantined, except animals moving from such premises directly to slaughter.

There can only be one transfer by a dealer, involving not more than two markets, prior to quarantine.

8. The use of anti-hog-cholera serum or antibody concentrate shall be in accordance with rules issued by the department.

9. All swine found by a registered veterinarian to have any infectious or contagious disease after delivery to any livestock sale barn or auction market for resale other than for slaughter, shall be immediately returned to the consignor's premises to be quarantined separate and apart for fifteen days. Such swine shall not be moved from such premises for any purpose unless a certificate of veterinary inspection accompanies the movement or unless they are sent to slaughter. This subsection shall in no way supersede the requirements of sections 163A.2 and 163A.3.

In administering and enforcing this section, the department may adopt rules and shall issue orders in a manner consistent with sound veterinary principles and federal law for the control of outbreaks of the disease. The department may implement the security mea-

*a.* If the department determines that an animal is infected with or exposed to foot and mouth disease, or the department suspects that an animal is so infected or exposed, the department may provide for all of the following:

(1) The quarantine, condemnation, or destruction of the animal. The department may establish quarantined areas and regulate activities in the quarantined areas, including movement or relocation of animals or other property within, into, or from the quarantined areas. This section does not authorize the department to provide for the destruction of personal property other than an animal.

The court may order the person to provide testimony or produce the record or be punished for contempt as if the person refused to testify before the court or disobeyed a subpoena issued by the court.

*b.* The department may provide for the cleaning and disinfection of real or personal property if the department determines that the property is contaminated with foot and mouth disease or suspects that the property is contaminated with foot and mouth disease.

2. *a.* If the department determines that there is a suspected outbreak of foot and mouth disease in this state, the department shall immediately notify all of the following:

*b.* If the department confirms an outbreak of foot and mouth disease in this state, the department shall cooperate with the governor; federal agencies, including the United States department of agriculture; and state agencies, including the homeland security and emergency management

division of the department of public defense, in order to provide the public with timely and accurate information regarding the outbreak. The department shall cooperate with organizations representing agricultural producers in order to provide all necessary information to agricultural producers required to control the outbreak.

3. The department shall cooperate with federal agencies, including the United States department of agriculture, other state agencies and law enforcement entities, and agencies of other states. Other state agencies and law enforcement entities shall assist the department.

4. *a.* To the extent that an animal's owner would not otherwise be compensated, section 163.15 shall apply to the owner's loss of any animal destroyed under this section.

*b.* Upon the request of the executive council, the department shall develop and submit a plan to the executive council that compensates an owner for property, other than an animal, that is inadvertently destroyed by the department as a result of the department's regulation of activities in a quarantined area. The plan shall not be implemented without the approval of at least three members of the executive council. The payment of the compensation under the plan shall be made in the same manner as provided in section 163.15. The owner may submit a claim for compensation prior to the plan's implementation. The executive council may apply the plan retroactively, but not earlier than June 1, 2001.

work, and as funds are available for paying the indemnities as provided by law.

An owner of dairy or breeding cattle in the state shall conform to and abide by the rules laid down by the department and the federal department of agriculture and follow their instructions designed to suppress the disease, prevent its spread, and avoid reinfection of the herd.

When any herd meets such requirements the owner shall be entitled to a certificate from the department showing that the herd is a tuberculosis-free

CHAPTER 166B

ERADICATION OF HOG CHOLERA

166B.1	Definitions.	166B.5	Cooperation with United States.
166B.2	General authority.	166B.6	Rules.
166B.3	Appraisal and indemnification.	166B.7	Judicial review.
166B.4	Institution of indemnification.		

**166B.1 Definitions.**

As used in this chapter:

1. "*Destroy*" means condemn under state authority and slaughter or otherwise kill as a result of or pursuant to such condemnation.

2. "*Exposed*" means all swine in physical contact with a known infected herd or tended by a person having direct contact with an infected herd.

3. "*Hog cholera*" means the contagious, infectious, and communicable disease of swine commonly known as hog cholera.

Further definitions; see §159.1

**166B.2 General authority.**

The department may destroy or require the destruction of any swine which the state veterinarian knows to be, or suspects is, affected with or exposed to hog cholera, whenever the department finds such destruction to be necessary to prevent or reduce the danger of the spread of hog cholera. Disposal of condemned swine shall be under the supervision of a regulatory employee. Salvage of apparently healthy marketable swine is permissible as a minimum provision and may be discontinued in favor of total herd disposition with indemnification as necessary and without such salvage in any case or at any time when it is determined by the department and the United States department of agriculture that the procedure would constitute an undue threat to the eradication program. Before being condemned and ordered to be destroyed, a positive diagnosis of hog cholera affecting the herd must be confirmed by a state or federal laboratory or personnel approved by the department and the United States department of agriculture.

[C66, 71, 73, 75, 77, 79, 81, §166B.2]

swine, provided that fifty percent or more of all such indemnities are paid by the United States department of agriculture.

[C66, 71, 73, 75, 77, 79, 81, §166B.3]

**166B.4 Institution of indemnification.**

It is hereby recognized and declared that indemnification for destruction of swine infected with or exposed to hog cholera is an expression of the public policy of this state but employed only in the final stages of eradication of the disease, or as a means of preventing or minimizing its recurrence. The department of agriculture and land stewardship shall not therefore institute an initial program of indemnification pursuant to the chapter until it is mutually agreed between the state department of agriculture and land stewardship and the United States department of agriculture that such action is necessary in order to carry out the hog-cholera eradication program.

[C66, 71, 73, 75, 77, 79, 81, §166B.4]

**166B.5 Cooperation with United States.**

The department may cooperate with the United States, or any department, agency or officer thereof, in the control and eradication of hog cholera, including the sharing in payment of indemnities for swine destroyed.

[C66, 71, 73, 75, 77, 79, 81, §166B.5]

**166B.6 Rules.**

The department of agriculture and land stewardship may make, promulgate, amend, repeal, and enforce necessary rules for implementing this chapter.

[C66, 71, 73, 75, 77, 79, 81, §166B.6]

**166B.7 Judicial review.**

Judicial review of department action under this chapter may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A. Notwithstanding the terms of said Act, petitions for judicial review may be filed in the district court of the county, wherein the hogs are situated.

A state pseudorabies advisory committee is es-

tablished. The committee shall consist of not more than seven members who shall be appointed by the Iowa pork producers association. At least four members of the committee must be actively engaged in swine production. The members shall serve staggered terms of two years, except that the initial board members shall serve unequal terms. A person appointed to fill a vacancy for a member shall serve only for the unexpired portion of the term. A member is eligible for reappointment for three successive terms. A majority of the board constitutes a quorum and an affirmative vote of the majority of members is necessary for substantive action taken by the board. The majority shall not include any member who has a conflict of interest and a statement by a member of a conflict of interest shall be conclusive for this purpose. A vacancy in the membership does not impair the right of a quorum to exercise all rights and perform all duties of the board. The advisory committee shall:

1. Inform and educate interested persons in the state, including persons involved in producing, processing, or marketing swine, regarding eradication activities under this chapter.

2. Review eradication activities under this chapter including the pseudorabies eradication programs. The committee shall make recommendations to the department and the inspection service and may consult with state officials regarding any matter relating to pseudorabies control and eradication, including departmental rules, other state or federal regulations, program areas, the use of vaccine, testing procedures, the progress of pseudorabies eradication programs, and state and federal program standards. The committee in cooperation with the department shall report to the governor and general assembly not later than January 15 the progress of pseudorabies eradication, including recommendations.

3. Maintain communication with other states and with the national pork producers council, the livestock conservation institute, and the inspection service.

If the test is determined by a laboratory located outside the state of Iowa, the person whose animal has been tested shall be responsible for assuring that the result is reported to the department within fourteen days following completion of the test. Swine sampled shall be identified with a numbered metal ear tag. The department shall make the ear tags available. Ear notches or other numbered identification methods approved by the department may be used at the herd owner's expense.

Test results shall be reported on forms prescribed by the department signed by the veterinarian and transmitted to the department within fourteen days following completion of the tests. #### **166D.7 Noninfected herds.**

In administering the pseudorabies eradication program, the department shall regulate noninfected herds as follows:

1. A qualified negative herd must be certified, recertified, and maintained as follows:

*a.* The herd shall be certified when all breeding swine have reacted negatively to a test. The herd must have been free from infection for thirty days prior to testing. At least ninety percent of swine in the herd must have been on the premises as a part of the herd for at least sixty days prior to testing, or swine in the herd must have been moved or relocated directly from another qualified negative herd. To remain certified, the herd must be retested and recertified each month as provided by the department. The herd shall be recertified when the greater of five head of swine or at least ten percent of the herd's breeding swine react negatively to a test.

*b.* Before being added to the herd new swine including swine returning to the herd after contact with nonherd swine, shall be isolated until the new swine react negatively to a test conducted thirty days or more after the swine has been placed in isolation. Swine from a herd of unknown status must react negatively to a test not more than thirty days prior to movement from the herd of unknown status and retested in isolation at least thirty days after movement onto the premises where the qualified negative herd is located.

*c.* Swine from another qualified negative herd may be added without isolation or testing.

*d.* The owner shall make a request to the department for approval or reapproval of a qualified negative herd when the required tests are completed. Upon satisfactory proof that all requirements have been met, the herd shall be recertified

by the department.

2. A monitored herd shall be initially certified, recertified, and maintained as follows:

*a.* The herd shall be certified when a statistical sampling of the herd is determined to be noninfected.

*b.* In order to remain certified the herd must be retested and recertified as provided by the department. The herd must be recertified annually. The herd shall be recertified when a statistical sampling of the herd is determined to be noninfected within twelve months from initial certification or the most recent recertification.

A herd shall not be certified or recertified, if the herd is located within a county which is designated by the department as in stage II of the national pseudorabies eradication program, unless the herd is vaccinated with a modified-live differentiable vaccine pursuant to section 166D.11 and as required by the department.

*c.* A monitored herd may receive new swine into the herd from a noninfected herd.

3. A qualified differentiable negative herd shall be certified, recertified, and maintained as follows:

*a.* The herd shall be certified when one hundred percent of breeding swine have reacted negatively to a test. The herd must have been free from infection for thirty days prior to testing. At least ninety percent of swine in the herd must have been on the premises as a part of the herd for at least sixty days prior to testing, or swine in the herd must have been directly moved or relocated from a qualified negative herd or qualified differentiable negative herd. A differentiable vaccine must be administered at intervals in accordance with the package insert for that vaccine. To remain certified, the herd must be retested and recertified as provided by the department. The herd shall be recertified when each month at least ten percent of the herd's breeding swine react negatively to a test.

*b.* Before adding to the herd new swine, including swine returning to the herd after contact with nonherd swine, the herd shall be isolated until the new swine react negatively to a test conducted thirty days or more after the swine have been placed in isolation. Swine from a herd of unknown status must react negatively to a test not more than fifteen days prior to movement from the herd of unknown status and retested in isolation at least thirty days after movement onto the premises where the qualified differentiable negative herd is located.

*c.* Swine from a qualified negative or qualified differentiable negative herd may be added without isolation or testing.

*d.* The owner shall make a request to the department for certification or recertification of a qualified differentiable negative herd when the required tests are completed. Upon satisfactory proof that all requirements have been met, the

herd shall be recertified by the department.

#### 166D.8 Infected herds.

An infected herd which is not quarantined under section 166D.9, shall either adopt a herd cleanup plan or a feeder pig cooperator herd cleanup plan.

1. *a.* A herd cleanup plan shall apply to a herd if feeder pigs are not moved from the herd. The plan shall provide for one of the following:

(1) The testing of all swine capable of being accurately diagnosed with pseudorabies and the removal of infected swine from the herd.

(2) Depopulation.

*b.* A herd cleanup plan must be implemented as follows:

(1) If the plan provides for the testing and removal of swine, all breeding swine must be tested with a differentiable test and react negatively to the test within fifteen days after the herd is classified by the department as infected. All breeding swine reacting positively to the test must be removed as provided in this section. At least thirty days after removal of the breeding swine reacting positively, all remaining breeding swine must be tested and react negatively to the test. Subsequent testing and removal must be conducted as provided in this subparagraph until all breeding swine react negatively. When all breeding swine are tested and react negatively to the test, the department shall classify the herd as a noninfected herd.

(2) The herd cleanup plan may provide for the relocation of feeder pigs or cull swine. If the plan provides for the relocation of feeder pigs, the plan must provide for the segregation of feeder pigs and identify in writing the approved premises where feeder pigs or cull swine may be relocated upon approval by the department.

2. *a.* A feeder pig cooperator herd cleanup plan shall apply to a herd if feeder pigs are moved from the herd. The plan shall include all the requirements for a herd cleanup plan. In order to be subject to a feeder pig cooperator herd cleanup plan all of the following conditions must be satisfied:

(1) There must have been no clinical signs of pseudorabies during the past thirty days.

(2) The production operation must be capable of segregating offspring at weaning into facilities separate and apart from the remainder of the herd.

*b.* The feeder pig cooperator herd cleanup plan may provide for the movement or relocation of feeder pigs or cull swine. If the feeder pig cooperator herd cleanup plan provides for the movement or relocation of feeder pigs or cull swine, the plan must identify in writing the approved premises

where the feeder pigs or cull swine may be moved or relocated as provided in section 166D.10B.

3. Costs of testing and vaccination may be paid as provided in section 166D.11.

4. An infected herd not subject to a cleanup plan shall be quarantined within fifteen days of becoming a known infected herd. An infected herd which is not subject to a cleanup plan is a quarantined herd.

5. Swine which are part of a herd subject to a cleanup plan shall only be moved or relocated as required pursuant to section 166D.10. If the location where the herd is kept is an approved premises as provided in section 166D.10B, the cleanup plan shall include terms and conditions for being certified as an approved premises.

#### 166D.9 Quarantined herds.

1. Swine which are part of a quarantined herd shall only be moved by restricted movement in accordance with section 166D.10A.

2. A herd shall be released from quarantine when no animal, including livestock, on the premises shows clinical symptoms of pseudorabies. In addition one of the following must occur:

*a.* The swine have been removed from the premises, and the premises have been cleaned and disinfected under supervision of the department or the inspection service. The disinfectant shall be approved by the department or inspection service. The premises must have been maintained free of swine for thirty days. However, the epidemiologist for good cause may determine that premises shall be maintained free of swine for a period greater or less than thirty days.

*b.* Swine reacting positively to a test have been removed from the premises. Remaining swine, except suckling pigs, must be tested and react negatively to the test thirty days or more after removal of the herd's swine reacting positively to the test.

*c.* The swine reacting positively to a test have been removed from the premises. At least thirty days after removal of the positive swine, breeding swine remaining plus a random sample equaling twenty-eight of grower-finishing swine more than two months of age must react negatively to the test. While the state is in stage III or IV of the national pseudorabies program pursuant to federal regulations, the grower-finisher swine must react negatively to a test at least thirty days after reacting negatively to the last test.

3. While the state is classified in stage I, II, or III of the national pseudorabies program pursuant to federal regulations, the following requirements must be satisfied:

*a.* All swine present on the date the quarantine was imposed have been removed.

*b.* There must have been no clinical signs of pseudorabies in the herd for at least six months.

*c.* The epidemiologist must either conduct two

successive statistical samplings at least ninety days apart, or conduct statistical samplings according to rules adopted by the department which are consistent with the national pseudorabies eradication program, which reveal no infection within the new breeding swine.

*d.* The epidemiologist must either conduct two successive statistical samplings ninety days apart, or conduct statistical samplings according to rules adopted by the department which are consistent with the national pseudorabies eradication program, which reveal no infection in the herd's progeny at least four months of age.

A herd removed from quarantine under this subsection shall be tested by statistical sampling one year later, unless an epidemiologist determines that the herd must be tested earlier.

#### **166D.10 Movement of swine.**

1. A person shall not sell, lease, exhibit, loan, move, or relocate swine within the state unless the swine are accompanied by a certificate of inspection in the same manner as provided for a certificate of veterinary inspection as provided in section 163.30. The department may combine the certificate of inspection with a certificate of veterinary inspection. A certificate of inspection is not required if any of the following apply:

*a.* The swine are moved to slaughter.

*b.* The swine are relocated, if all of the following apply:

(1) A transportation certificate accompanies the relocated swine.

(2) The swine's owner maintains information regarding the relocation in relocation records. The department may adopt rules excusing a person from maintaining relocation records, if the department determines that the purposes of the chapter as provided in section 166D.1 are not furthered by the requirement.

(3) A certificate of inspection, or a certificate of veterinary inspection as provided in section 163.30, has been issued for the swine within thirty days prior to the date of relocation. The department may adopt rules excusing a person from complying with this subparagraph if the department determines that the purposes of the chapter as provided in section 166D.1 are not furthered by the requirement.

(4) The swine have a current negative pseudorabies status.

The department shall adopt rules required to administer this paragraph "b". A transportation certificate accompanying relocated swine shall cite the relevant relocation record and certificate of inspection, or certificate of veterinary inspection. The department may provide for the exami-

nation of the relocation records on the owner's premises during normal business hours, or may require that reports containing relevant information contained in relocation records and certificates of inspection, or certificates of veterinary inspection, be periodically submitted to the department. For purposes of this section, swine production information contained in relocation records is a trade secret as provided in section 22.7, unless otherwise provided by rules adopted by the department. The department shall provide for the disclosure of confidential information only to the extent required for enforcement of this chapter, the detection and prosecution of public offenses, or to comply with a subpoena or court order.

*c.* A person transfers ownership of all or part of a herd, if the herd remains on the same premises. However, the herd must be tested by statistical sampling. If any part of the herd is subsequently moved or relocated, the swine must be moved or relocated in accordance with this section and sections 166D.7, 166D.8, and 166D.10A.

2. Swine that are moved shall be individually identified as provided in section 163.30, which may include requirements for affixing ear tags to swine. However, native Iowa feeder pigs moved from farm to farm within the state shall be exempted from the identification requirements of this subsection if the owner transferring possession of the feeder pigs executes a written agreement with the person taking possession of the feeder pigs. The agreement shall provide that the feeder pigs shall not be commingled with other swine for a period of thirty days. The owner transferring possession shall be responsible for making certain that the agreement is executed and for providing a copy of the agreement to the person taking possession.

As used in this subsection, "*farm to farm within the state*" does not include the movement or relocation of native Iowa feeder pigs to the possession of a dealer licensed pursuant to section 163.30. Native Iowa feeder pigs that are moved shall be accompanied by a certificate of inspection, or a certificate of veterinary inspection as provided in section 163.30, unless swine are otherwise exempted from this requirement by this section.

(1) The swine is moved from a qualified negative herd or qualified differentiable negative herd.

(2) The swine reacts negatively to a differentiable test within thirty days prior to moving the swine.

b. For swine which is exposed, a person shall not move or relocate the swine, unless one of the following applies:

(1) The swine reacts negatively to a differentiable test within thirty days prior to moving or relocating the swine.

(1) The swine reacts negatively to a differentiable test within thirty days prior to moving or relocating the swine.

(2) The swine moves by restricted movement to either a fixed concentration point or slaughtering establishment. However, the swine is not required to move by restricted movement if the swine is moved from a fixed concentration point directly to another fixed concentration point or to a slaughtering establishment.

d. For swine which is from an infected herd, a person shall not move or relocate the swine, unless one of the following applies:

(1) If the swine is part of a cleanup plan, the following shall apply:

A person shall not move or relocate a cull swine to an approved premises, unless the cull swine reacts negatively to a test and is vaccinated with a differentiable vaccine. The test and vaccine must be admin-

istered within thirty days prior to the movement or relocation to the approved premises. A noninfected feeder pig is not required to be tested or vaccinated prior to movement or relocation to an approved premises, if the feeder pig is vaccinated upon arrival at the approved premises.

(c) For swine from a herd kept on an approved premises, a person shall only move or relocate the swine by restricted movement as provided in the cleanup plan governing the herd and terms and conditions of the certification required for the approved premises as provided in section 166D.10B.

4. Swine from a herd located outside this state must be moved into and maintained in this state in compliance with this section. A person shall not move swine into this state, except as follows:

a. For swine from a herd, other than a noninfected herd, the swine must be moved either to a fixed concentration point or slaughtering establishment.

b. For swine from a noninfected herd, the swine may be moved to a concentration point or slaughtering establishment. If the swine is not moved to a concentration point or slaughtering establishment, the following shall apply:

(1) Unless the person moves the swine into a county designated by the department as in stage II of the national pseudorabies eradication program, the following shall apply:

(a) A person shall not move swine into this state for breeding purposes, unless one of the following applies:

(i) The swine is moved from a qualified negative herd or qualified differentiable negative herd.

(ii) The swine reacts negatively to a differentiable test, within thirty days prior to moving the swine.

(b) A person shall not move a feeder swine which is moved into this state, unless the feeder swine reacts negatively to a differentiable test within thirty days prior to movement from a herd in this state.

(2) If a person moves the swine into a county which is designated by the department as in stage II of the national pseudorabies eradication program, the following shall apply:

(a) Except as provided in this subparagraph, the owner of swine shall vaccinate the swine with a modified-live differentiable vaccine, prior to moving swine into the stage II county. A person is not required to vaccinate swine prior to moving swine into the stage II county if one of the following applies:

(i) The swine is part of a herd that cannot be vaccinated under the law of the state or country in which the herd is kept immediately prior to being

moved into the stage II county.

(ii) The swine is an isowean feeder pig.

(iii) The swine is moved either to a fixed concentration point or slaughtering establishment.

(b) For swine which are not vaccinated before being moved into a stage II county as provided in this paragraph, the following shall apply:

(i) For swine other than swine moved into a herd within a stage II county as an isowean feeder pig, the swine must be immediately vaccinated with a differentiable vaccine, as provided in section 166D.11. The swine shall be considered as part of a herd of unknown status, until tested negative and vaccinated.

(ii) For swine moved into a herd within a stage II county as an isowean feeder pig, the swine moved into the herd must be immediately vaccinated with a differentiable vaccine, as provided in section 166D.11. The department may require that the swine be revaccinated with a differentiable vaccine at a later date. The swine shall be considered as part of a herd of unknown status, until tested negative and vaccinated.

5. A person shall not move a swine within this state, other than to a fixed concentration point or slaughtering establishment, if the swine is vaccinated with a vaccine other than a differentiable vaccine approved by the department pursuant to section 166D.14.

#### **169.5 Board of veterinary medicine.**

1. The governor shall appoint, subject to confirmation by the senate, a board of five individuals, three of whom shall be licensed veterinarians and two of whom shall not be licensed veterinarians, but shall be knowledgeable in the area of animal husbandry and who shall represent the general public. The representatives of the general public shall not prepare, grade or otherwise administer examinations to applicants for license to practice veterinary medicine. The board shall be known as the Iowa board of veterinary medicine. Each licensed veterinarian shall be actively engaged in veterinary medicine and shall have been so engaged for a period of five years immediately preceding appointment, the last two of which shall have been in Iowa. A member of the board shall not be employed by or have any material or financial interest in any wholesale or jobbing house dealing in supplies, equipment or instruments used or useful in the practice of veterinary medicine. The person designated as the state veterinarian shall serve as secretary of the board.

Professional associations or societies composed of licensed veterinarians may recommend the names of potential board members to the governor, but the governor is not bound by the recommendations.

2. The members of the board shall be appointed for a term of three years except the terms of the members of the initial board shall be rotated in such a manner that at least one member shall retire each year and a successor be appointed. The term of each member shall commence and end as provided by section 69.19. Members shall serve no

more than three terms or nine years total, whichever is less.

3. Any vacancy in the membership of the board caused by death, resignation, removal, or otherwise, shall be filled for the period of the unexpired term in the same manner as original appointments.

4. Members of the board shall, in addition to necessary traveling and other expenses, set their own per diem compensation at a rate not exceeding the per diem specified in section 7E.6 for each day actually engaged in the discharge of their duties including compensation for the time spent traveling to and from the place of conducting the examination and for a reasonable number of days for the preparation of examination and the reading of papers, in addition to the time actually spent in conducting examinations, within the limits of funds appropriated to the board.

5. The department shall furnish the board with all articles and supplies required for the public use and necessary to enable the board to perform the duties imposed upon it by law. Such articles and supplies shall be obtained by the department in the same manner in which the regular supplies for the department are obtained, and the department shall assess the costs to the board for such articles and supplies. The board shall also reimburse the department for direct and indirect administrative costs incurred in issuing and renewing the licenses.

6. The board shall meet at least once each year as determined by the board. Other necessary meetings may be called by the president of the board by giving proper notice. Except as provided, a majority of the board constitutes a quorum. Meetings shall be open and public except that the board may meet in closed session to prepare, approve, administer, or grade examinations, or to deliberate the qualifications of an applicant for license or the disposition of a proceeding to discipline a licensed veterinarian.

7. At its annual meeting, the board shall organize by electing a president and such other officers as may be necessary. Officers of the board serve for terms of one year and until a successor is elected, without limitation on the number of terms an officer may serve. The president shall serve as chairperson of board meetings.

The duties of the board shall include carrying on the correspondence of the board, keeping permanent accounts and records of all receipts and disbursements by the board and of all board proceedings, including the disposition of all applications for license, and keeping a register of all persons currently licensed by the board. All board records shall be open to public inspection during regular office hours.

8. The board shall set the fees by rule for a license to practice veterinary medicine issued upon the basis of the examination. It shall also set the fees by rule for a license granted on the basis of rec-

iprocity, a renewal of a license to practice veterinary medicine, a certified statement that a licensee is licensed to practice in this state, and an issuance of a duplicate license when the original is lost or destroyed. The fee shall be based upon the administrative costs of sustaining the board and shall include, but shall not be limited to, the following:

a. Per diem, expenses, and travel of board members.

b. Costs to the department for administration of this chapter.

9. Upon a three-fifths vote, the board may:

a. Examine and determine the qualifications and fitness of applicants for a license to practice veterinary medicine in the state.

b. Issue, renew, or deny issuance or renewal of licenses and temporary permits to practice veterinary medicine in this state.

c. Establish and publish annually a schedule of fees for licensing and registration of veterinarians. The fee schedule shall be based on the board's anticipated financial requirements for the year.

d. Conduct investigations for the purpose of discovering violations of this chapter or grounds for disciplining licensed veterinarians.

e. Hold hearings on all matters properly brought before the board and administer oaths, receive evidence, make the necessary determinations, and enter orders consistent with the findings. The board may require by subpoena the attendance and testimony of witnesses and the production of papers, records, or other documentary evidence and commission depositions. An administrative law judge may be appointed pursuant to section 17A.11 to perform those functions which properly repose in an administrative law judge.

f. Employ full-time or part-time personnel, professional, clerical, or special, as are necessary to effectuate the provisions of this chapter.

g. Appoint from its own membership one or more members to act as representatives of the board at any meeting within or without the state where such representation is deemed desirable.

h. Bring proceedings in the courts for the enforcement of this chapter or any regulations made pursuant to this chapter.

i. Adopt, amend, or repeal rules relating to the standards of conduct for, testing of, and revocation or suspension of certificates issued to veterinary assistants. However, a certificate shall not be suspended or revoked by less than a two-thirds vote of the entire board in a proceeding conducted in compliance with section 17A.12.

j. Adopt, amend, or repeal all rules necessary for its government and all regulations necessary to carry into effect the provision of this chapter, including the establishment and publication of standards of professional conduct for the practice of veterinary medicine.

The powers enumerated above are granted for the purpose of enabling the board to effectively su-

pervise the practice of veterinary medicine and are to be construed liberally to accomplish this objective.

10. A person who provides veterinary medical services, owns a veterinary clinic, or practices in this state shall obtain a certificate from the board and be subject to the same standards of conduct, as provided in this chapter and rules adopted by the board, as apply to a licensed veterinarian, unless the board determines that the same standards of conduct are inapplicable. The board shall issue, renew, or deny a certificate; adopt rules relating to the standards of conduct; and take disciplinary action against the person, including suspension or revocation of a certificate, in accordance with the procedures established in section 169.14. Certification fees shall be established by the board pursuant to subsection 9, paragraph "j". Fees shall be established in an amount sufficient to fully offset the costs of certification pursuant to this subsection. For the fiscal year beginning July 1, 2001, and ending June 30, 2002, the department shall retain fees collected to administer the program of certifying veterinary clinics and the fees retained are appropriated to the department for the purposes of this subsection. For the fiscal year beginning July 1, 2001, and ending June 30, 2002, notwithstanding section 8.33, fees which remain unexpended at the end of the fiscal year shall not revert to the general fund of the state but shall be available for use for the following fiscal year to administer the program. For the fiscal year beginning July 1, 2002, and succeeding fiscal years, certification fees shall be deposited in the general fund of the state and are appropriated to the department to administer the certification provisions of this subsection. This subsection shall not apply to an animal shelter, as defined in section 162.2, that provides veterinary medical services to animals in the custody of the shelter.

A member of the board shall not disclose information relating to the following:

1. Criminal history or prior misconduct of the applicant.
2. Information relating to the contents of the examination.
3. Information relating to the examination results other than final score except for information about the results of an examination which is given

to the person who took the examination.

A member of the board who willfully communicates or seeks to communicate such information, and any person who willfully requests, obtains, or seeks to obtain such information, is guilty of a simple misdemeanor for each separate offense.

[C75, 77, §169.56; C79, 81, §169.6]

#### **169.7 Status of persons previously licensed.**

Any person holding a valid license to practice veterinary medicine in this state on January 1, 1979 shall be recognized as a licensed veterinarian and shall be entitled to retain this status as long as licensee complies with the provisions of this chapter.

[C79, 81, §169.7]

#### **169.8 Qualifications.**

Any person desiring a license to practice veterinary medicine in this state shall make written application to the board on a form approved by the board. The application shall show that the applicant is a graduate of an accredited or approved college of veterinary medicine or the holder of an ECFVG certificate. The application shall also show such other information and proof as the board may require by rule. The application shall be accompanied by a fee in the amount established and published by the board.

If the board determines that the applicant possesses the proper qualifications, it shall admit the applicant to the next examination, or if the applicant is eligible for license without examination under section 169.10, the board may grant a license to the applicant. If an applicant is found not qualified to take the examination or for a license without examination, the secretary of the board shall immediately notify the applicant in writing of such finding and the grounds therefor. An applicant found unqualified may request a hearing on the question of the applicant's qualification under the procedure set forth in section 169.14. Any applicant who is found not qualified shall be allowed the return of the application fee.

Based upon an applicant's education, experience, and training, the board may grant a limited license to an applicant to perform a restricted range of activities within the practice of veterinary medicine, as specified by the board.

Every individual licensed under this chapter shall keep the license displayed in the place at which an office is maintained.

The name, location, number of years of practice of the person to whom a license is issued, the number of the certificate, and the date of registration thereof shall be entered in a book kept in the office of the department of agriculture and land stewardship, to be known as the "registry book", and the same shall be open to public inspection.

When any person licensed to practice under this chapter changes residence, the board shall be noti-

### 169.9 Examinations.

The board shall hold at least one examination during each year and may hold such additional examinations as it deems necessary. The secretary shall give public notice of the time and place for each examination at least ninety days in advance of the date set for the examination. A person desiring to take an examination shall make application at least thirty days before the date of the examination.

The preparation, administration, and grading of examinations shall be governed by rules prescribed by the board. Examinations shall be designed to test the examinee's knowledge of and proficiency in the subjects and techniques commonly taught in veterinary schools. To pass the examination, the examinee must demonstrate scientific and practical knowledge sufficient to establish competency to practice veterinary medicine in the judgment of the board. All examinees shall be tested by a written examination, supplemented by such oral interviews and practical demonstrations as the board may deem necessary. The board may adopt and use the examination prepared by the national board of veterinary examiners as a part of the examination given to examinees.

After each examination, the board shall notify each examinee of the examination result, and the board shall issue licenses to the individuals successfully completing the examination. The board shall record the new licenses and issue a certificate of registration to the new licensees. Any individual failing an examination shall be admitted to any subsequent examination on payment of the application fee.

In all written examinations the identity of the individual taking the same shall not be disclosed upon the examination papers in such a way as to enable the members of the examining board to know by whom written until after the papers have been passed upon.

### 169.11 Temporary permit.

The board may issue without examination a temporary permit to practice veterinary medicine in this state:

1. To a qualified applicant for license pending examination and the temporary permit shall expire the day after the notice of results of the first examination given after the permit is issued. The temporary permit holder should keep the secretary continually advised of the permit holder's current address.

2. To a nonresident veterinarian validly licensed in another state, territory, or district of the United States or a foreign country who pays the fee established and published by the board. Such temporary permit shall be issued for a period of no more than one hundred eighty days and no more than one permit shall be issued to a person during each calendar year.

[C79, 81, §169.11]

### 169.12 License renewal.

All licenses shall expire in multiyear intervals as determined by the board but may be renewed by registration with the board and payment of the registration renewal fee established and published by the board. Prior to expiration the secre-

tary shall mail a notice to each licensed veterinarian that the license will expire and provide the licensee with a form for registration.

Any person who shall practice veterinary medicine after license expiration is practicing in violation of this chapter. However, a person may renew an expired license within five years of the date of its expiration by making written application for renewal and paying the current renewal fee plus all delinquent renewal fees. After five years have elapsed since the date of expiration, a license may not be renewed, and the holder must make application for a new license and take the license examination.

The board may by rule waive the payment of the registration renewal fee of a licensed veterinarian during the period when the veterinarian is on active duty with any branch of the armed services of the United States.

Any licensee who is desirous of changing residence to another state or territory shall, upon application to the department and payment of the legal fee, receive a certified statement that the licensee is a duly licensed practitioner in this state.

### 169.13 Discipline of licensees.

The board of veterinary medicine, after due notice and hearing, may revoke or suspend a license to practice veterinary medicine if it determines that a veterinarian licensed to practice veterinary medicine is guilty of any of the following acts or offenses:

1. Knowingly making misleading, deceptive, untrue, or fraudulent representation in the practice of the profession.

2. Being convicted of a felony in the courts of this state or another state, territory, or country. Conviction as used in this paragraph includes a conviction of an offense which if committed in this state would be deemed a felony without regard to its designation elsewhere, or a criminal proceeding in which a finding or verdict of guilt is made or returned, but the adjudication or guilt is either withheld or not entered. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state is conclusive evidence.

3. Violating a statute or law of this state, another state, or the United States, without regard to its designation as either felony or misdemeanor, which statute or law relates to the practice of veterinary medicine.

4. Having the person's license to practice veterinary medicine revoked or suspended, or having other disciplinary action taken by a licensing authority of another state, territory, or country. A certified copy of the record or order of suspension,

revocation, or disciplinary action is conclusive or prima facie evidence.

5. Knowingly aiding, assisting, procuring, or advising a person to unlawfully practice veterinary medicine.

6. Being adjudged mentally incompetent by a court of competent jurisdiction. The adjudication shall automatically suspend a license for the duration of the license unless the board orders otherwise.

7. Being guilty of a willful or repeated departure from, or the failure to conform to, the minimal standard of acceptable and prevailing practice of veterinary medicine as defined in rules adopted by the board, in which proceeding actual injury to an animal need not be established; or the committing by a veterinarian of an act contrary to honesty, justice, or good morals, whether the act is committed in the course of the practice or otherwise, and whether committed within or without this state.

8. Inability to practice veterinary medicine with reasonable skill and safety by reason of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or other type of material or as a result of a mental or physical condition. The board, upon probable cause, may compel a veterinarian to submit to a mental or physical examination by designated physicians. Failure of a veterinarian to submit to an examination constitutes an admission to the allegations made against that veterinarian and the finding of fact and decision of the board may be entered without the taking of testimony or presentation of evidence. At reasonable intervals, a veterinarian shall be afforded an opportunity to demonstrate that the veterinarian can resume the competent practice of veterinary medicine with reasonable skill and safety to animals.

A person licensed to practice veterinary medicine who makes application for the renewal of the person's license as required by section 169.12 gives consent to submit to a mental or physical examination as provided by this paragraph when directed in writing by the board. All objections shall be waived as to the admissibility of the examining physician's testimony or examination reports on the grounds that they constitute privileged communication. The medical testimony or examination reports shall not be used against a veterinarian in another proceeding and are confidential except for other actions filed against a veterinarian to revoke or suspend that person's license.

9. Willful or repeated violation of lawful rules adopted by the board or violation of a lawful order of the board, previously entered by the board in a disciplinary hearing.

[S13, §2538-e; C24, 27, 31, 35, 39, §2799; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, §169.36; C79, 81, §169.13]

83 Acts, ch 115, §8

**169.14 Procedure for suspension or revocation.**

A proceeding for the revocation or suspension of a license to practice veterinary medicine or to discipline a person licensed to practice veterinary medicine shall be substantially in accord with the following:

1. The board, upon its own motion or upon a verified complaint in writing, may request the department of inspections and appeals to conduct an investigation of the charges contained in the complaint. The department of inspections and appeals shall report its findings to the board, and the board may issue an order fixing the time and place for hearing if a hearing is deemed warranted. A written notice of the time and place of the hearing, together with a statement of the charges, shall be served upon the licensee at least ten days before the hearing in the manner required for the service of notice of the commencement of an ordinary action.

2. If the licensee has left the state, the notice and statement of the charges shall be so served at least twenty days before the date of the hearing, wherever the licensee may be found. If the whereabouts of the licensee is unknown, service may be had by publication as provided in the rules of civil procedure upon filing the affidavit required by those rules. If the licensee fails to appear either in person or by counsel at the time and place designated in the notice, the board shall proceed with the hearing.

3. The hearing shall be before a member or members designated by the board or before an administrative law judge appointed by the board according to the requirements of section 17A.11, subsection 1. The presiding board member or administrative law judge may issue subpoenas, administer oaths, and take or cause depositions to be taken in connection with the hearing. The member or officer shall issue subpoenas at the request and on behalf of the licensee.

4. A mechanized or stenographic record of the proceedings shall be kept. The licensee shall be given the opportunity to appear personally and by attorney, with the right to produce evidence in one's own behalf, to examine and cross-examine witnesses, and to examine documentary evidence produced against the licensee.

5. If a person refuses to obey a subpoena issued by the presiding member or administrative law judge or to answer a proper question put to that person during the hearing, the presiding member or administrative law judge may invoke the aid of a court of competent jurisdiction in requiring the attendance and testimony of that person and the production of papers. A failure to obey the order of the court may be punished by the court as a civil contempt may be punished.

6. Unless the hearing is before the entire board, a transcript of the proceeding, together with exhibits presented, shall be considered by the entire board at the earliest practicable time. The licensee and attorney shall be given the opportunity to appear personally to present the licensee's position and arguments to the board. The board shall determine the charge upon the merits on the basis of the evidence in the record before it.

7. Upon three members of the board voting in favor of finding the licensee guilty of an act or offense specified in section 169.13, the board shall prepare written findings of fact and its decision imposing one or more of the following disciplinary measures:

a. Suspend the license to practice veterinary medicine for a period to be determined by the board.

b. Revoke the license to practice veterinary medicine.

### 172A.3 Application for license.

Application for a license as a dealer or broker or as an agent shall be made in writing to the department. The application shall state the nature of the business, the municipal corporation, township and county, the post-office address at which the business is to be conducted, and such additional information as the department may prescribe.

The applicant upon satisfying the department of the applicant's character and good faith in seeking to engage in such business and upon complying with such other requirements specified in this chapter, shall be issued by the department a license to conduct the business of a dealer, broker, or agent at the place named in the application.

[C73, 75, 77, 79, 81, §172A.3]

### 172A.4 Proof of financial responsibility required.

No license shall be issued by the secretary to a dealer or broker until the applicant has furnished proof of financial responsibility as provided in this section. The proof may be in the following forms:

1. A bond of a surety company authorized to do business in the state of Iowa in the form prescribed by and to the satisfaction of the secretary, conditioned for the payment of a judgment against the applicant furnishing the bond because of nonpayment of obligations in connection with the purchase of animals.

a. The amount of bond for an established dealer or broker who does not maintain a business location in this state shall be not less than the nearest multiple of five thousand dollars above twice the average daily value of purchases of livestock originating in this state, handled by such applicant during the preceding twelve months or such parts thereof as the applicant was purchasing livestock. The bond of a person who does not maintain a business location in this state shall be conditioned for the payment only of those claims which arise from purchases of livestock originat-

ing in this state.

b. The amount of bond for an established dealer or broker who maintains one or more business locations in this state shall be not less than the nearest multiple of five thousand dollars above twice the average daily value of purchases of livestock originating in this state handled by the applicant during the preceding twelve months or such parts thereof as the applicant was purchasing livestock. The bond of a person who maintains one or more business locations in this state shall be conditioned for the payment only of those claims which arise from purchases of livestock originating in this state.

c. If a new dealer or broker not previously covered by this chapter applies for a license, the amount of bond shall be based on twice the estimated average daily value of purchases of livestock originating in this state.

d. For the purpose of computing average daily value, two hundred sixty is deemed the number of business days in a year.

e. Whenever a dealer or broker's weekly purchases exceed one hundred fifty percent of the dealer's or broker's average weekly volume, the department shall require additional bond in an amount determined by the department.

f. The licensee and surety of the bond shall be held and firmly bound unto the secretary as trustee for all persons who may be damaged because of nonpayment of obligations in connection with the purchase of animals originating in this state. Any person damaged because of such nonpayment may maintain suit in the person's own behalf to recover on the bond, even though not named as a party to the bond.

g. For purposes of subsection 1, "*purchases of livestock originating in this state*" shall not include purchases by dealers or brokers from their subsidiaries.

2. A bond equivalent may be filed in lieu of a bond. The bond equivalent shall be in the form of a trust agreement and the fund of the trust shall be in the form of fully negotiable obligations of the United States or certificates of deposit insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation.

The trust agreement shall be in the form prescribed by the secretary and executed to the satisfaction of the secretary. The trustee of the trust agreement shall be an institution located in this state in which the funds are invested or deposited.

The trust agreement shall provide as beneficiary, the secretary for the benefit of those persons damaged because of nonpayment of obligations in connection with the purchase of animals originating in this state. The fund in trust shall be an amount calculated in the exact manner as provided in subsection 1. The fund in trust shall not be subject to attachment for any other claim, or to levy of execution upon a judgment based on any other claim.

3. Any person damaged by nonpayment of obligations or by any misrepresentation or fraud on the part of a broker or dealer may maintain an action against the broker or dealer, and the sureties on the bonds or the trustee of a trust fund. The aggregate liability of the sureties or the trust for all such damage shall not exceed the amount of the bond or trust. In the event that the aggregate claims exceed the total amount of the bond or trust, the amount payable on account of any claim shall be in the same proportion to the amount of the bond or trust as the individual claim bears to the aggregate claims.

Unless the person damaged files claim with the dealer or broker, and with the sureties or trustee, and with the department within ninety days after the date of the transaction on which the claim is based, the claimant shall be barred from maintaining an action on the bond or trust and from receiving any proceeds from the bond or trust.

4. Whenever the secretary determines that the business volume of the applicant or licensee is such as to render the bond or trust inadequate, the amount of the bond or trust shall be, upon notice, adjusted.

5. All bonds and trust agreements shall contain a provision requiring that at least thirty days' prior notice in writing be given to the secretary by the party terminating the bond or trust agreement as a condition precedent to termination.

Whenever a bond or a trust agreement is to be terminated by a cancellation by the surety or trustee, the secretary shall cause to be published notices of the proposed cancellation not less than ten days prior to the date the cancellation is effective. The notices shall be published as follows:

a. In the Iowa administrative code.

b. In a newspaper of general circulation in the county in which the licensee maintains a business location, or if the licensee maintains no business location in this state, then in the county where the licensee transacts a substantial part of the licensee's business.

c. By general news release to all news media. Failure by the secretary to cause the publication of notice as required by this paragraph shall not be deemed to prevent or delay the cancellation.

The termination of a bond or a trust agreement shall not release the parties from any liability arising out of the facts or transactions occurring prior to the termination date.

Trust funds shall not be withdrawn from trust by a licensee until the expiration of ninety days after the date of termination of the trust, and then only if no claims secured by the agreement have been filed with the secretary. If any claims have been filed with the secretary, the withdrawal of funds by the licensee shall not be permitted until the claims have been satisfied or released and evidence of the satisfaction or release filed with the secretary.

6. A person who is not a resident of this state

and who either maintains no business location in this state or maintains one or more business locations in this state, and a person who is a resident of this state and who maintains more than one business location in this state, may submit a consolidated proof of financial responsibility. The consolidated proof of financial responsibility shall consist of a bond or a trust agreement meeting all of the requirements of this section, except that the calculation of the amount of the bond or the amount of the trust fund shall be based on the average daily value of all purchases of livestock originating in this state. A person who submits consolidated proof of financial responsibility shall maintain separate records for each business location, and shall maintain such other records respecting purchases of livestock as the secretary by rule shall prescribe.

A person licensed under that chapter is subject to other provisions of this chapter, including the regulatory and penal provisions of this chapter.

The provisions of this chapter shall not apply to any other person who purchases livestock for slaughter valued at less than an average daily value of two thousand five hundred dollars based upon the preceding twelve months or such part thereof as the person was purchasing livestock.

If livestock is bought on a yield or grade and yield basis, a dealer or broker shall upon the express request in writing of the seller, transmit or deliver to the seller or the seller's duly authorized agent before the close of the next business day following such purchase or delivery, whichever is later, up to eighty percent of the estimated purchase price, and pay the remaining balance on the next business day following the determination of the purchase price.

2. Payment to the seller shall be made by cash, check, or wire transfer of funds. If payment to the seller is by check, the check shall be drawn on a bank located in this state or on a bank located in an adjacent state and in the nearest city to Iowa in which a check processing center of a federal reserve bank district is located. For the purpose of this subsection, "wire transfer" means any telephonic, telegraphic, electronic, or similar communication between the bank of the purchaser and the bank of the seller which results in the transfer of funds or credits of the purchaser to an account of the seller.

3. Provisions of this section may be modified by an agreement signed by both the buyer and the seller or their duly authorized agents at the time of the sale. However, such an agreement shall not be a condition of sale unless expressly requested by the seller.

4. Failure to comply with this section shall be a violation of this chapter.

[C77, 79, 81, §172A.9]

#### **172A.10 Injunctions — criminal penalties.**

Such actions may be heard on not less than five days notice to the person whose activities are sought to be enjoined. The failure to obtain a license when required, or the failure to maintain proof of financial responsibility shall constitute a violation of this chapter.

Any person convicted of violating any provision of this chapter shall be guilty of a serious misdemeanor.

*b.* The person has refused access to the secre-

c. Any other conditions exist which in the opinion of the secretary reasonably establish that it would be financially detrimental to livestock producers of this state to permit the person to engage in licensed activities in this state.

2. An order of revocation shall be effective upon the issuance of the order of revocation, and until the order is rescinded by the secretary, or until the decision of the secretary is reversed by a final order of a court of this state.

#### **174.17 Issuance of revenue bonds — standby tax levy.**

1. The governing body of a fair may issue bonds payable from revenue generated by the operations of the fair event and the use or rental of the real and personal property owned or leased by the fair. The governing body of a fair shall comply with all of the following procedures in issuing such bonds:

*a.* A fair may institute proceedings for the issuance of bonds by causing a notice of the proposal to issue the bonds to be published at least once in a newspaper of general circulation within the county at least ten days prior to the meeting at which the fair proposes to take action for the issuance of the bonds. The notice shall include a statement of the amount and purpose of the bonds, the maximum rate of interest the bonds are to bear, and the right to petition for an election.

*b.* If at any time before the date fixed for taking action for the issuance of the bonds, a petition signed by three percent of the registered voters of the county is filed with the board of supervisors, asking that the question of issuing the bonds be submitted to the registered voters, the board of supervisors shall either by resolution declare the proposal to issue the bonds to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of issuing the bonds. The proposition of issuing bonds under this subsection is not approved unless the vote in favor of the proposition is equal to at least sixty percent of the vote cast. If a petition is not filed, or if a petition is filed and the proposition of issuing the bonds is approved at an election, the board of supervisors acting on behalf of the fair may proceed with the authorization and issuance of the bonds. Bonds may be issued for the purpose of refunding outstanding and previously issued bonds under this subsection without otherwise complying with the provisions of this subsection.

*c.* All bonds issued under this subsection shall be payable solely from and shall be secured by an irrevocable pledge of a sufficient portion of the net rents, profits, and income derived from the opera-

tion of the fair event and the use or rental of the real and personal property owned or leased by the fair. Bonds issued pursuant to this section shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, and shall not be subject to the provisions of any other law or charter relating to the authorization, issuance, or sale of bonds. Bonds issued under this subsection shall not limit or restrict the authority of the fair as otherwise provided by law.

2. To further secure the payment of the bonds, the board of supervisors may, by resolution, provide for the assessment of an annual levy of a standby tax upon all taxable property within the county. A copy of the resolution shall be sent to the county auditor. The revenues from the standby tax shall be deposited in a special fund and shall be expended only for the payment of principal of and interest on the bonds issued as provided in this section, when the receipt of revenues pursuant to subsection 1 is insufficient to pay the principal and interest. If payments are necessary and made from the special fund, the amount of the payments shall be promptly repaid into the special fund from the first available revenues received which are not required for the payment of principal of or interest on bonds due. Reserves shall not be built up in the special fund in anticipation of a projected default. The board of supervisors shall adjust the annual standby tax levy for each year to reflect the amount of revenues in the special fund and the amount of principal and interest which is due in that year.

3. In order for the governing body of a fair to issue bonds under this section, the governing body must conduct a fair event that has a verifiable annual attendance of at least one hundred fifty thousand persons and annual outside gate admission revenues of at least four hundred thousand dollars.

**175.3 Establishment of authority.**

1. a. The agricultural development authority is established within the office of treasurer of state. The authority is constituted as a public instrumentality and agency of the state exercising public and essential governmental functions.

b. The authority is established to undertake programs which assist beginning farmers in purchasing agricultural land and agricultural improvements and depreciable agricultural property for the purpose of farming, and programs which provide financing to farmers for permanent soil and water conservation practices on agricultural land within the state or for the acquisition of conservation farm equipment, and programs to assist farmers within the state in financing operating expenses and cash flow requirements of farming. The authority shall also develop programs to assist qualified agricultural producers within the state with financing other capital requirements or operating expenses.

c. The powers of the authority are vested in and exercised by a board of ten members with nine members appointed by the governor subject to confirmation by the senate. The treasurer of state or the treasurer’s designee shall serve as an ex officio nonvoting member. No more than five appointed members shall belong to the same political party. As far as possible the governor shall include within the membership persons who represent financial institutions experienced in agricultural lending, the real estate sales industry, farmers, beginning farmers, average taxpayers, local government, soil and water conservation district officials, agricultural educators, and other persons specially interested in family farm development.

2. The appointed members of the authority

shall be appointed by the governor for terms of six years except that, of the first appointments, three members shall be appointed for terms of two years and three members shall be appointed for a term of four years. A person appointed to fill a vacancy shall serve only for the unexpired portion of the term. A member is eligible for reappointment. An appointed member of the authority may be removed from office by the governor for misfeasance, malfeasance or willful neglect of duty or other just cause, after notice and hearing, unless the notice and hearing is expressly waived in writing. An appointed member of the authority may also serve as a member of the Iowa finance authority.

3. Five voting members of the authority constitute a quorum and the affirmative vote of a majority of the voting members is necessary for any substantive action taken by the authority. The majority shall not include any member who has a conflict of interest and a statement by a member that the member has a conflict of interest is conclusive for this purpose. A vacancy in the membership does not impair the right of a quorum to exercise all rights and perform all duties of the authority.

4. The appointed members of the authority are entitled to receive a per diem as specified in section 7E.6 for each day spent in performance of duties as members, and shall be reimbursed for all actual and necessary expenses incurred in the performance of duties as members.

5. The appointed members of the authority and the executive director shall give bond as required for public officers in chapter 64.

6. Meetings of the authority shall be held at the call of the chairperson or whenever two members so request.

7. The appointed members shall elect a chairperson and vice chairperson annually, and other officers as they determine, but the executive director shall serve as secretary to the authority. The chairperson and vice chairperson shall serve on the selection and tenure committee as provided in section 175.7.

8. The net earnings of the authority, beyond that necessary for retirement of its notes, bonds or other obligations or to implement the public purposes and programs authorized, shall not inure to the benefit of any person other than the state. Upon termination of the existence of the authority, title to all property owned by the authority including any net earnings shall vest in the state.

**175.4 Legislative findings.**

The general assembly finds and declares as follows:

1. The establishment of the authority is in all respects for the benefit of the people of the state of Iowa, for the improvement of their health and welfare and for the promotion of the economy, which are public purposes.

2. The authority will be performing an essential governmental function in the exercise of the powers and duties conferred upon it by this chapter.

3. There exists a serious problem in this state regarding the ability of nonestablished farmers to acquire agricultural land and agricultural improvements and depreciable agricultural property in order to enter farming.

4. This barrier to entry into farming is conducive to consolidation of acreage of agricultural land with fewer individuals resulting in a grave threat to the traditional family farm.

5. These conditions result in a loss in population, unemployment and a movement of persons from rural communities to urban areas accompanied by added costs to communities for creation of new public facilities and services.

6. One major cause of this condition has been recurrent shortages of funds in private channels and the high interest cost of borrowing.

7. These shortages and costs have made the sale and purchase of agricultural land to beginning farmers a virtual impossibility in many parts of the state.

8. The ordinary operations of private enterprise have not in the past corrected these conditions.

9. A stable supply of adequate funds for agricultural financing is required to encourage beginning farmers in an orderly and sustained manner and to reduce the problems described in this section.

10. Article IX, section 3, of the Constitution of the State of Iowa requires that, "The General Assembly shall encourage, by all suitable means, the promotion of intellectual, scientific, moral, and agricultural improvement," and agricultural improvement and the public good are served by a policy of facilitating access to capital by beginning farmers unable to obtain capital elsewhere in order to preserve, encourage and protect the family farm which has been the economic, political and social backbone of rural Iowa.

11. It is necessary to create an agricultural development authority to encourage ownership of farms by beginning farmers by providing purchase money loans to beginning farmers who are not able to obtain adequate capital elsewhere to provide such funds and to lower costs through the use of public financing.

12. All of the purposes stated in this section are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned or granted.

13. The erosion of topsoil on agricultural land by wind and water is a serious problem within the

state and one which threatens to destroy the natural resource most responsible for Iowa's prosperity.

14. It is necessary to the preservation of the economy and well-being of the state to encourage soil conservation practices by providing loans for permanent soil and water conservation practices on agricultural land within the state and for the acquisition of conservation farm equipment.

15. There exists a serious problem in this state regarding the ability of farmers to obtain affordable operating loans for reasonable and necessary expenses and cash flow requirements of farming.

16. Farming is one of the principal pursuits of the inhabitants of this state. Many other industries and pursuits, in turn, are wholly dependent upon farming.

17. The inability of farmers to obtain affordable operating loans is conducive to a general decline of the economy in this state.

18. It is necessary to establish an agricultural loan assistance program in this state to assist farmers in obtaining adequate financing at affordable rates for operating expenses and thereby assist in the stabilization of the economic condition of this state.

19. A serious problem continues to exist in this state regarding the ability of agricultural producers to obtain, retain, restructure, or service loans or other financing on a reasonable and affordable basis for operating expenses, cash flow requirements, and capital asset acquisition or maintenance.

20. Because the Iowa economy is dependent upon the production and marketing of agricultural produce, the inability of agricultural producers to obtain, retain, restructure, or service loans or other financing on a reasonable and an affordable basis for operating expenses, cash flow requirements, or capital asset acquisition or maintenance contributes to a general decline of the state's economy.

21. The decline in the number of beef cattle production operations is a serious problem within the state, resulting in the conversion of land used for pasture to row crop production, which threatens to destroy a significant part of Iowa's agricultural base and damage the economic viability of the state.

22. It is necessary to create a program in this state to assist agricultural producers who have established or intend to establish beef cattle production operations, to obtain adequate financing, and management assistance and training, and to convert land used for row crop production to pasture.

5. The authority may issue its bonds for the purpose of refunding any bonds or notes of the authority then outstanding, including the payment of any redemption premiums and any interest accrued or to accrue to the date of redemption of the outstanding bonds or notes. 2. Moneys in a bond reserve fund shall not be withdrawn from it in an amount that will reduce

the amount of the fund to less than the bond reserve fund requirement established for the fund, as provided in this section, except for the purpose of making payment when due of principal, interest, redemption premiums and the sinking fund payments with respect to the bonds for the payment of which other moneys of the authority are not available. Any income or interest earned by, or incremental to, a bond reserve fund due to the investment of it may be transferred by the authority to other funds or accounts of the authority to the extent the transfer does not reduce the amount of that bond reserve fund below the bond reserve fund requirement for it.

3. The authority shall not at any time issue bonds, secured in whole or in part by a bond reserve fund if, upon the issuance of the bonds, the amount in the bond reserve fund will be less than the bond reserve fund requirement for the fund, unless the authority at the time of issuance of the bonds deposits in the fund from the proceeds of the bonds issued or from other sources an amount which, together with the amount then in the fund will not be less than the bond reserve fund requirement for the fund. For the purposes of this section, the term "*bond reserve fund requirement*" means, as of any particular date of computation, an amount of money, as provided in the resolutions of the authority authorizing the bonds with respect to which the fund is established, equal to not more than ten percent of the outstanding principal amount of bonds secured by the fund.

4. Within thirty days after the beginning of the session of the general assembly next following the delivery of the certificate, the governor may submit to both houses printed copies of a budget including any sum required to restore each bond reserve fund to its bond reserve fund requirement. Sums appropriated by the general assembly and paid to the authority pursuant to this section shall be deposited by the authority in the applicable bond reserve fund.

5. Amounts paid over to the authority by the state pursuant to the provisions of this section shall constitute and be accounted for as advances by the state to the authority and, subject to the rights of the holders of any bonds or notes of the authority, shall be repaid to the state without interest from all available operating revenues of the

authority in excess of amounts required for the payment of bonds, notes or obligations of the authority, the bond reserve fund and operating expenses.

6. The authority shall cause to be delivered to the legislative fiscal committee within ninety days of the close of its fiscal year its annual report certified by an independent certified public accountant, who may be the accountant or a member of the firm of accountants who regularly audits the books and accounts of the authority selected by the authority. In the event that the principal amount of any bonds or notes deposited in a bond reserve fund is withdrawn for payment of principal or interest thereby reducing the amount of that fund to less than the bond reserve fund requirement, the authority shall immediately notify the general assembly of this event and shall take steps to restore the fund to its bond reserve fund requirement from any amounts available, other than principal of a bond issue, which are not pledged to the payment of other bonds or notes.

A tax credit shall not be transferable to any other person other than the taxpayer's estate or trust upon the taxpayer's death.

#### 179.5 Excise tax — administration of moneys — appropriation.

1. There is levied and imposed an excise tax on all producers within the state of three-fourths of one percent of the gross value of milk produced in the state.

2. All taxes levied and imposed under this chapter shall be deducted from the price received by the producer and shall be collected by the first

purchaser, except as follows:

a. If the producer produces milk from cows and sells the milk directly to the consumer, the taxes shall be remitted by that producer.

b. If the producer sells milk to a first purchaser outside the state, the taxes are due and payable by that producer before the shipment is made, except that the commission may make agreements with extra state purchasers for the keeping of records and the collection of the taxes as necessary to secure the payment of the taxes within the time fixed by this chapter.

3. All taxes levied and imposed under this chapter and other contributions made to the dairy industry commission shall be paid to and collected by the commission within thirty days after the end of the month during which the milk was marketed. The commission shall remit the taxes and other contributions to the treasurer of the state each quarter, and at the same time render to the director of the department of administrative services an itemized and verified report showing the source from which the taxes and voluntary contributions were obtained. All taxes and voluntary contributions received, collected, and remitted shall be placed in a special fund by the treasurer of state and the director of the department of administrative services, to be known as the “*dairy industry fund*” to be used by the Iowa dairy industry commission for the purposes set out in this chapter and to administer and enforce the laws relative to this chapter. The department of administrative services shall transfer moneys from the fund to the commission for deposit into an account established by the commission in a qualified financial institution. The department shall transfer the moneys as provided in a resolution adopted by the commission. However, the department is only required to transfer moneys once during each day and only during hours when the offices of the state are open. **179.13 Referendum.**

At a time designated by the commission within eighteen months after termination of the national promotional order made pursuant to the Dairy Product Stabilization Act of 1983, the commission shall conduct a referendum under administrative procedures prescribed by the department.

Upon signing a statement certifying to the department that the person is a bona fide producer as defined in this chapter, each producer is enti-

tled to one vote in each referendum. When the secretary is required to determine the approval or disapproval of producers under this section, the secretary shall consider the approval or disapproval of a cooperative association of producers, engaged in a bona fide manner in marketing milk, as the approval or disapproval of the producers who are members of or contract with the cooperative association of producers. If a cooperative association elects to vote on behalf of its members, the cooperative association shall provide each producer on whose behalf the cooperative association is expressing approval or disapproval with a description of the question presented in the referendum together with a statement of the manner in which the cooperative association intends to cast its vote on behalf of the membership. The information shall inform the producer of procedures to follow to cast an individual ballot if the producer chooses to do so within the period of time established by the secretary for casting ballots. The notification shall be made at least thirty days prior to the referendum and shall include an official ballot. The ballots shall be tabulated by the secretary and the vote of the cooperative association shall be adjusted to reflect the individual votes.

The department shall count and tabulate the ballots filed during the referendum within thirty days of the close of the referendum. If from the tabulation the department determines that a majority of the total number of producers voting in the referendum favors the proposal, the excise tax

provided for in this chapter shall be continued. The ballots cast pursuant to this section constitute complete and conclusive evidence for use in determinations made by the department under this chapter.

The secretary may conduct a referendum at any time after the Iowa dairy industry commission is reactivated, and shall hold a referendum on request of a representative group comprising ten percent or more of the number of producers eligible to vote, to determine whether the producers favor the termination or suspension of the excise tax. The secretary shall suspend or terminate collection of the excise tax within six months after the secretary determines that suspension or termination of the excise tax is favored by a majority of the producers voting in the referendum, and shall terminate the excise tax in an orderly manner as soon as practicable after the determination.
