1. The authority may issue taxable or tax-exempt bonds, or a combination thereof, for the purpose of funding the Honey creek premier destination park bond fund established in section 463C.11 and for the purpose of refunding any bonds issued under this section. The authority may issue bonds in principal amounts which, in the opinion of the board, are necessary to provide sufficient funds for the Honey creek premier destination park bond fund established in section 463C.11, the payment of interest on the bonds, the establishment of reserves to secure the bonds, the costs of issuance of the bonds, other expenditures of the authority incident to and necessary or convenient to carry out the bond issue for the fund, and all other expenditures of the board necessary or convenient to administer the fund; provided, however, excluding the issuance of refunding bonds, the board shall issue bonds pursuant to this section which result in the deposit of net bond proceeds of not more than twenty-eight million dollars credited to the Honey creek premier destination park bond fund.

2. The bonds are investment securities and negotiable instruments within the meaning of and for the purposes of the uniform commercial code, chapter 554.

3. The authority may pledge amounts deposited in the Honey creek premier destination park bond fund established in section 463C.11 as security for the payment of the principal of, premium, if any, and interest on the bonds. Bonds issued under this section are payable solely and only out of the moneys, assets, or revenues of the Honey creek premier destination park bond fund and any bond reserve funds established pursuant to section 463C.13, all of which may be deposited with trustees or depositories in accordance with bond or security documents, and are not an indebtedness of this state, or a charge against the general credit or general fund of the state, and the state shall not be liable for the bonds except from amounts on deposit in the funds. Bonds issued under this section shall contain a statement that the bonds do not constitute an indebtedness of the state.

4. The bonds shall be:

a. In a form, issued in denominations, executed in a manner, payable over terms and with rights of redemption, and subject to such other terms and conditions as prescribed in the trust indenture, resolution, or other instrument authorizing their issuance.

b. Negotiable instruments under the laws of this state and may be sold at prices, at public or private sale, and in a manner as prescribed by the authority. Chapters 73A, 74, 74A, and 75 do not apply to the sale or issuance of the bonds.

c. Subject to the terms, conditions, and covenants providing for the payment of the principal, redemption premiums, if any, interest, and other terms, conditions, covenants, and protective provisions safeguarding payment, not inconsistent with this section and as determined by the trust indenture, resolution, or other instrument authorizing their issuance.

5. The bonds are securities in which public officers and bodies of this state, political subdivisions of this state, insurance companies and associations and other persons carrying on an insurance business, banks, trust companies, savings associations, savings and loan associations, and investment companies, administrators, guardians, executors, trustees, and other fiduciaries, and other persons authorized to invest in bonds or other obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them.

6. Bonds must be authorized by a trust indenture, resolution, or other instrument of the authority that is approved by the authority. However, a trust indenture, resolution, or other instrument authorizing the issuance of bonds may delegate to an officer of the authority the power to negotiate and fix the details of an issuance of bonds.

7. Neither the resolution, trust agreement, or

any other instrument by which a pledge is created is required to be recorded or filed under the uniform commercial code, chapter 554, to be valid, binding, or effective.

8. Tax-exempt bonds issued by the authority in connection with the program, which are exempt from taxation for federal tax purposes, are also exempt from taxation by the state of Iowa and the interest on these bonds is exempt from state income taxes and state inheritance and estate taxes.

9. The authority may issue bonds for the purpose of refunding any bonds or notes issued pursuant to this section then outstanding, including the payment of any redemption premiums thereon and any interest accrued or to accrue to the date of redemption of the outstanding bonds or notes. Until the proceeds of bonds issued for the purpose of refunding outstanding bonds or notes are applied to the purchase or retirement of outstanding bonds or notes or the redemption of outstanding bonds or notes, the proceeds may be placed in escrow and be invested and reinvested in accordance with the provisions of this section. The interest, income, and profits earned or realized on an investment may also be applied to the payment of the outstanding bonds or notes to be refunded by purchase, retirement, or redemption. After the terms of the escrow have been fully satisfied and carried out, any balance of proceeds and interest earned or realized on the investments may be returned to the board for deposit in the Honey creek premier destination park bond fund established in section 463C.11. All refunding bonds shall be issued and secured and subject to the provisions of this chapter in the same manner and to the same extent as other bonds issued pursuant to this section.

### **463C.13 Bond reserve funds.**

1. The authority may create and establish one or more special funds, to be known as bond reserve funds, and shall pay into each bond reserve fund any moneys appropriated and made available by the authority for the purpose of the bond reserve fund, any proceeds of sale of notes or bonds to the extent provided in the trust indenture, resolution, or other instrument of the treasurer of state authorizing their issuance, and any other moneys which may be available to the authority for the purpose of the bond reserve fund from any other sources. All moneys held in a bond reserve fund, except as otherwise provided in this section, shall be used as required solely for the payment of the principal of bonds secured in whole or in part by the bond reserve fund or of the sinking fund payments with respect to the bonds, the purchase or redemption of the bonds, the payment of interest on the bonds, or the payments of any redemption premium required to be paid when the bonds are

redeemed prior to maturity.

2. Moneys in a bond reserve fund shall not be withdrawn from the bond reserve fund at any time in an amount that will reduce the amount of the bond reserve fund to less than the bond reserve fund requirement established for the bond reserve fund, as provided in this section, except for the purpose of making, with respect to bonds secured in whole or in part by the bond reserve fund, payment when due of principal, interest, redemption premiums, and the sinking fund payments with respect to the bonds for the payment of which other moneys are not available. Any income or interest earned by, or incremental to, a bond reserve fund due to the investment of moneys in the bond reserve fund may be transferred by the authority to other reserve funds or the Honey creek premier destination park bond fund to the extent the transfer does not reduce the amount of that bond reserve fund below the bond reserve fund requirement for the bond reserve fund.

3. The authority shall not at any time issue bonds, secured in whole or in part by a bond reserve fund, if, upon the issuance of the bonds, the amount in the bond reserve fund will be less than the bond reserve fund requirement for the bond reserve fund, unless the authority at the time of issuance of the bonds deposits in the bond reserve fund from the proceeds of the bonds issued or from other sources an amount which, together with the amount then in the bond reserve fund, will not be less than the bond reserve fund requirement for the bond reserve fund. For the purposes of this section, the term "*bond reserve fund requirement*" means, as of any particular date of computation, an amount of money, as provided in the trust indenture, resolution, or other instrument of the authority authorizing the bonds with respect to which the bond reserve fund is established, equal to not more than the lesser of any of the following:

a. Ten percent of the stated principal amount of bonds secured in whole or in part by the bond reserve fund.

b. The maximum annual debt service on the issue of bonds.

c. One hundred twenty-five percent of the average annual debt service on the issue of bonds.

4. To assure the continued operation and solvency of the authority for the carrying out of its corporate purposes, provision is made in subsection 1 for the accumulation in each bond reserve fund of an amount equal to the bond reserve fund requirement for the fund. In order further to assure maintenance of the bond reserve funds, the chairperson of the authority shall, on or before January 1 of each calendar year, make and deliver to the governor the chairperson's certificate stating the sum, if any, required to restore each bond reserve fund to the bond reserve fund requirement for that fund. Within thirty days after the beginning of the session of the general assembly next following the delivery of the certificate, the gover-

nor shall submit to both houses printed copies of a budget including the sum, if any, required to restore each bond reserve fund to the bond reserve fund requirement for that fund. Any sums appropriated by the general assembly and paid to the authority pursuant to this section shall be deposited by the authority in the applicable bond reserve fund.

The auditor of state and the auditor's legally authorized representatives may periodically examine the accounts and books of the authority, including its receipts, disbursements, contracts, leases, sinking funds, investments and any other records and papers relating to its financial standing, and the authority shall not be required to pay a fee for the examination.

2. The authority may contract with holders of its bonds or notes as to the custody, collection, security, investment, and payment of moneys of the authority, of moneys held in trust or otherwise for the payment of bonds or notes, and to carry out the contract. Moneys held in trust or otherwise for the payment of bonds or notes or in any way to secure bonds or notes and deposits of the moneys may be secured in the same manner as moneys of the authority, and banks and trust companies may give security for the deposits.

3. Subject to the provisions of any contract with bondholders or noteholders and to the approval of the director of the department of administrative services, the authority shall prescribe a system of accounts.

4. The authority shall submit to the governor,

the auditor of state, the department of management, and the department of administrative services, within thirty days of its receipt by the authority, a copy of the report of every external examination of the books and accounts of the authority other than copies of the reports of examinations made by the auditor of state.

**463C.17 Exemption from competitive bid laws.**

The authority and contracts entered into by the authority in carrying out its public and essential governmental functions are exempt from the laws of the state which provide for competitive bids and hearings in connection with contracts, except as provided in section 12.30. However, the exemption from competitive bid laws in this section shall not be construed to apply to contracts for the development of the park or the development or construction of facilities in the park, including, but not limited to, lodges, campgrounds, cabins, and golf courses.

## OPEN SPACE LANDS

This chapter not enacted as a part of this title;  
transferred from chapter 111E in Code 1993  
Intent that highway scenic routes program  
be coordinated with open space program, §306D.1(2)

465A.1	Statement of purpose — intent.	465A.3	Funding sources.
465A.2	Statewide open space acquisition and protection program — objectives and agency duties.	465A.4	Payment in lieu of property taxes.

**465A.1 Statement of purpose — intent.**

The general assembly finds that:

1. Iowa's most significant open space lands are essential to the well-being and quality of life for Iowans and to the economic viability of the state's recreation and tourism industry.
2. Many areas of high national significance in the state have not received adequate public protection to keep them free of visual blight, resource degradation, and negative impacts from inappropriate land use and surrounding development. Some of these areas include national park service and United States fish and wildlife service properties, national landmarks and trails, the Des Moines river greenbelt, the great river road, areas where interstate highways enter the state, cross major rivers, and pass by other areas of national significance, major state park and recreation areas, unique and protected water areas, and significant natural, geological, scenic, historic, and cultural properties of the state.
3. While state and federal funds are generally available for the acquisition and protection of fish and wildlife areas and habitats as well as boating access to public waters, funding programs for public open space acquisition and protection have not been adequate to meet needs.
4. Relative to other midwestern states, Iowa ranks last in the proportion of land acquired and protected for public open space.
5. A program shall be established to:
  - a. Educate the citizens of the state about the needs and urgency of protecting the state's open spaces.
  - b. Plan for the protection of the state's significant open space areas.
  - c. Acquire and protect those properties on a priority basis through a variety of appropriate means.

In addition to other goals for the program, it is intended that a minimum of ten percent of the state's land area be included under some form of public open space protection by the year 2000.

CS87, §111E.1

**465A.2 Statewide open space acquisition and protection program — objectives and agency duties.**

1. The department of natural resources has the following duties in undertaking programs to meet the objectives stated in section 465A.1.

a. Prepare and conduct new education and awareness programs designed to create greater public understanding of the needs, issues, and opportunities for protecting the state's significant open spaces. The department shall incorporate the recommendations of other state agencies and private sector organizations which have interests in open space protection. The department may enter into contracts with other agencies and the private sector for preparing and conducting these programs.

b. Prepare a statewide, long-range plan for the acquisition and protection of significant open space lands throughout the state as identified in section 465A.1. The department of transportation, department of economic development, and department of cultural affairs, private organizations, county conservation boards, city park and recreation departments, and the federal agencies with lands in the state shall be directly involved in preparing the plan. The plan shall include, but is not limited to, the following elements:

(1) Specific acquisition and protection needs and priorities for open space areas based on the

following sequence of priorities:

- (a) National.
- (b) Regional.
- (c) Statewide.
- (d) Local.
- (2) Identification of open space acquisition and protection techniques available or needed to carry out the plan.
- (3) Additional education and awareness programs which are needed to encourage the acquisition and protection of areas identified in the plan.
- (4) Management needs including maintenance, rehabilitation, and improvements.
- (5) Funding levels needed to accomplish the statewide open space programs.
- (6) Recommendations as to how federal programs can be modified or developed to assist the state's open space programs.

c. Acquire and protect open space properties as identified by priority in the plan as funding is made available for this purpose. In acquiring and protecting open space, the department shall:

- (1) Accept applications for funding assistance from federal agencies, other state agencies, regional organizations, county conservation boards, city park and recreation agencies, and private organizations with an interest in open spaces.
- (2) Obtain the maximum efficiency of funds appropriated for this program through the use of acquisition and protection techniques that provide the degree of protection required at the lowest cost.
- (3) Encourage the provision of supporting or matching funds; however, the absence of these funds shall not prevent the approval of those projects of clear national importance.

2. The department may enter into contracts with private consultants for preparing all or part of the plan required under subsection 1, paragraph "b". The plan shall be submitted to the general assembly by July 1, 1988. Prior to submission of the plan to the general assembly, the department shall request comments on the proposed plan from state and federal agencies and private organizations with interests in open space protection. The comments shall be submitted to the general assembly.

3. The department may initiate pilot acquisition and protection projects prior to completion of the open space plan if the pilot projects have high national significance as identified in section 1, subsection 2.

87 Acts, ch 174, §2  
CS87, §111E.2  
C93, §465A.2

#### 465A.3 Funding sources.

1. To achieve the purposes of this chapter, the department, other state agencies, political subdivisions of the state, and private organizations may use funds from the following sources:

- a. Appropriations by the general assembly.
- b. Private grants and gifts.
- c. Federal grants and loans intended for these purposes.

2. The department may enter into agreements with other state agencies, political subdivisions of the state, and private organizations for the purposes of carrying out this natural open space program or specific elements of the program.

87 Acts, ch 174, §3  
CS87, §111E.3

#### 465A.4 Payment in lieu of property taxes.

As a part of the budget proposal submitted to the general assembly under section 455A.4, subsection 1, paragraph "c", the director of the department of natural resources shall submit a budget request to pay the property taxes for the next fiscal year on open space property acquired by the department which would otherwise be subject to the levy of property taxes. The assessed value of open space property acquired by the department shall be that determined under section 427.1, subsection 18, and the director may protest the assessed value in the manner provided by law for any property owner to protest an assessment. For the purposes of chapter 257, the assessed value of the open space property acquired by the department shall be included in the valuation base of the school district and the payments made pursuant to this section shall be considered as property tax revenues and not as miscellaneous income. The county treasurer shall certify taxes due to the department. The taxes shall be paid annually from the departmental fund or account from which the open space property acquisition was funded. If the departmental fund or account has no moneys or no longer exists, the taxes shall be paid from funds as otherwise provided by the general assembly. If the total amount of taxes due certified to the department exceeds the amount appropriated, the taxes due shall be reduced proportionately so that the total amount equals the amount appropriated. This section applies to open space property acquired by the department on or after January 1, 1987.

## RECREATION TRAILS

This chapter not enacted as a part of this title;  
transferred from chapter 111F in Code 1993

465B.1	Statement of purpose — intent.	465B.3	Involvement of other agencies.
465B.2	Statewide trails development program.	465B.4	Funding.

**465B.1 Statement of purpose — intent.**

The general assembly finds that recreation trails provide a significant benefit for the health and well-being of Iowans and state visitors. Iowa has a national reputation as a place for hiking, walking, and bicycling. The use of recreation trails has a significant influence on Iowa's economy. Iowa's scenic landscapes, many small communities, and existing natural and transportation corridors are ideally suited for new recreation trails to support recreation and tourism activities such as walking, biking, driving for pleasure, horseback riding, boating and canoeing, skiing, snowmobiling, and others.

The general assembly finds that a program shall be established to acquire, develop, promote, and manage existing and new recreation trails. The objective of a statewide trails program shall be for the state to acquire and develop two thousand miles of new recreation trails and completion of existing trail projects before the year 2000.

87 Acts, ch 173, §1  
CS87, §111F.1  
C93, §465B.1

**465B.2 Statewide trails development program.**

The state department of transportation shall undertake the following programs to meet the objective stated in section 465B.1:

1. Prepare a long-range plan for the acquisition, development, promotion, and management of recreation trails throughout the state. The plan shall identify needs and opportunities for recreation trails of different kinds having national, statewide, regional, and multicounty importance. Recommendations in the plan shall include but not be limited to:

- a. Specific acquisition needs and opportunities for different types of trails.
- b. Development needs including trail surfacing, restrooms, shelters, parking, and other needed facilities.
- c. Promotional programs which will encour-

age Iowans and state visitors to increase use of trails.

d. Management activities including maintenance, enforcement of rules, and replacement needs.

e. Funding levels needed to accomplish the statewide trails objectives.

f. Ways in which trails can be more fully incorporated with parks, cultural sites, and natural resource sites.

2. The plan shall recommend standards for establishing functional classifications for all types of recreation trails as well as a system for determining jurisdictional control over trails. Levels of jurisdiction may be vested in the state, counties, cities, and private organizations.

3. The state department of transportation may enter into contracts for the preparation of the trails plan. The department shall involve the department of natural resources, the Iowa department of economic development, and the department of cultural affairs in the preparation of the plan. The recommendations and comments of organizations representing different types of trail users and others with interests in this program shall also be incorporated in the preparation of the trails plan and shall be submitted with the plan to the general assembly. The plan shall be submitted to the general assembly no later than January 15, 1988. Existing trail projects involving acquisition or development may receive funding prior to the completion of the trails plan.

The department shall give priority to funding the acquisition and development of trail portions which will complete segments of existing trails. The department shall give preference to the acquisition of trail routes which use existing or abandoned railroad right-of-ways, river valleys, and natural greenbelts. Multiple recreational use of routes for trails, other forms of transportation, utilities, and other uses compatible with trails shall be given priority.

The department may acquire property by negotiated purchase and hold title to property for development of trails. The department may enter

into agreements with other state agencies, political subdivisions of the state, and private organizations for the planning, acquisition, development, promotion, management, operations, and maintenance of recreation trails.

The department may adopt rules under chapter 17A to carry out a trails program.

#### 466.2 Legislative goal.

The goal of this chapter is to develop a comprehensive water quality program that will result in water quality improvements while reducing proposed regulatory impacts. The program shall use information, education, monitoring, technical assistance, data gathering and evaluation, incentives, and more efficient issuance of permits. The program is expected to have a menu of initiatives and approaches to appeal to a broad audience of participants and shall be coordinated so that individual initiatives work toward the objective of improved water quality. The departments of agriculture and land stewardship and natural resources shall work cooperatively with federal agencies to obtain waivers and changes in rules and procedures at national and state levels to improve the federal programs’ environmental and economic performance for Iowans. State agencies shall collaborate with other state agencies to attain the overall goal of improved water quality. The state department of transportation and the department of natural resources shall collaborate to provide for the preservation of topsoil, erosion control, water impoundment during highway construction and reconstruction, and restoration and management of roadside right-of-way for prairie restoration, wildlife habitat, and erosion control.

2000 Acts, ch 1068, §2

#### 466.3 Iowa clean water award.

An Iowa clean water award is created. The governor and the general assembly shall give the award annually to a city or other political subdivi-

sion which has met criteria established by the department of natural resources and the department of agriculture and land stewardship identifying exemplary efforts to improve water quality within its jurisdiction.

*b.* The department of agriculture and land stewardship shall request waivers from the United States department of agriculture to initiate projects that reward landowners maintaining current conservation practices. The goal of the projects is to discourage the destruction of existing conservation buffer strips and to monetarily reward landowners who maintain quality conservation practices. If the waivers are granted, up to twenty-five percent of the program resources shall be committed to establishing projects.

*c.* The department of agriculture and land stewardship shall request a waiver from the United States department of agriculture for the purpose of establishing that a person who is subject to a twenty-five percent reduction in conservation buffer strip payments due to grazing shall be allowed ninety days to graze animals.

*d.* The department of natural resources shall

establish a prairie seed harvest program to assist in the restoration of prairies and provide for private land stewardship and public resource management through assistance with the implementation of buffer and filter strip practices, and public or private habitat development and management. The department shall carry out these efforts through landowner contacts and cooperation with private and public organizations.

e. The five-year goal of the conservation buffer strip program shall be to meet the objective of water quality improvement by enrolling an additional four hundred seven thousand five hundred acres.

A conservation reserve enhancement program is established within the department of agriculture and land stewardship to restore or construct wetlands for the purposes of intercepting tile line runoff, reducing nutrient loss, improving water quality, and enhancing agricultural production practices. The program shall be directed primarily, but not exclusively, toward the tile-drained areas of the state.

2. The department of agriculture and land stewardship shall request the assistance of and consult with the United States department of agriculture's natural resources conservation service and farm service agency to implement the conservation reserve enhancement program. The department shall also consult with county boards of supervisors, county conservation boards, drainage district representatives, department of natural resources, and soil and water conservation districts affected by the implementation of the conservation reserve enhancement program. The department shall also collaborate with other public agencies and private organizations to develop wetland habitat and related projects to improve water quality.

3. The department of agriculture and land stewardship shall maintain a record of all wetlands established pursuant to the conservation reserve enhancement program including any conditions that may apply to the landowner's right to remove the wetland after the provisions of the conservation reserve enhancement program contract or easement are concluded.

4. When establishing a wetland under this section, the department of agriculture and land stewardship shall be governed by the following requirements:

a. Wetland construction or restoration shall not damage the value of property in any public or private drainage system without the property owner's consent.

b. Wetland construction or restoration shall improve water quality and provide aesthetic and habitat benefits.

c. Wetland construction or restoration under this section may be used to mitigate wetland removal by the landowner if it meets the requirements of federal agencies with wetland jurisdictional authorities. Where practicable, priority shall be given to mitigating wetland removal within the same United States geological survey hydrologic unit code 8 watershed, but a watershed confines shall not limit the use of duly authorized wetland mitigation banks.

5. The five-year goal of the conservation reserve enhancement program is the establishment of thirty-two thousand five hundred acres of wetlands.

acreage of each owner taken for right of way for open ditches or for settling basins, as shown by plat of engineer, and shall, at least five days before the date fixed by the board to hear and determine the same, file with the county auditor reports in writing, showing the amount of damage sustained by each claimant. Should the report not be filed in time, or should any good cause for delay exist, the board may postpone the time of final action on the subject, and, if necessary, the auditor may appoint other appraisers.

#### **468.27 Dismissal or establishment — permanent easement.**

The board shall at the meeting, or at an adjourned session of the meeting, consider the costs of construction of the improvement as shown by the reports of the engineer and the amount of damages and compensation awarded to all claimants, and if, in its opinion, the costs of construction and amount of damages awarded create a greater burden than should justly be borne by the lands benefited by the improvement, it shall then dismiss the petition and assess the costs and expenses to the petitioners and their sureties, but if it finds that the cost and expense is not a greater burden than should be justly borne by the land benefited by the improvement, it shall finally and permanently locate and establish the district and improvement.

Following its establishment, the drainage district is deemed to have acquired by permanent easement all right-of-way for drainage district ditches, tile lines, settling basins and other improvements, unless they are acquired by fee simple, in the dimensions shown on the survey and report made in compliance with sections 468.11 and 468.12 or as shown on the permanent survey, plat, and profile, if one is made. Upon the establishment of the district, the petitioners shall file with the county auditor the survey and report or permanent survey, plat, and profile, as set forth in sections 468.172 and 468.173. This filing constitutes constructive notice to all persons of the

#### **468.29 Dissolution.**

When for a period of two years from and after the date of the establishment of a drainage district, or when an appeal is taken or litigation brought against said district within two years from the date such appeal or litigation is finally determined, no contract shall have been let or work done or drainage certificates or bonds issued for the construction of the improvements in such district, a petition may be filed in the office of the auditor, addressed to the board of supervisors, signed by a majority of the persons owning land in such district and who, in the aggregate, own sixty percent or more of all the land embraced in said district, setting forth the above facts and reciting that provision has been made by the petitioners for the payment of all costs and expenses incurred on account of such district. The board shall exam-

ine such petition at its next meeting after the filing thereof, and if found to comply with the above requirements, shall dissolve and vacate said district by resolution entered upon its records, to become effective upon the payment of all the costs and expenses incurred in relation to said district. In case of such vacation and dissolution and upon payment of all costs as herein provided, the auditor shall note the same on the drainage record, showing the date when such dissolution became effective.

**468.34 Advertisement for bids.**

The board shall publish notice once each week for two consecutive weeks in a newspaper published in the county where the improvement is located, and publish additional advertisement and publication elsewhere as the board may direct. The notice shall state the time and place of letting the work of construction of the improvement, specifying the approximate amount of work to be done in each numbered section of the district, the time fixed for the commencement, and the time of the completion of the work, that bids will be received on the entire work and in sections or divisions of it, and that a bidder will be required to deposit with the bid cash, a certified check on and certified by a bank in Iowa, or a certified share draft from a credit union in Iowa payable to the auditor or the auditor's order, at the auditor's office, in an amount equal to ten percent of the bid, in no case to exceed ten thousand dollars. All notices shall fix the date to which bids will be received and upon which the work will be let. However, when the estimated cost of the improvement is less than fifteen thousand dollars, the board may let the contract for the construction without taking bids and without publishing notice.

**468.35 Bids — letting of work.**

1. The board shall award contract or contracts for each section of the work to the lowest responsible bidder or bidders therefor, bids to be submitted, received and acted upon separately as to the main drain and each of the laterals, and each settling basin, if any, exercising their own discretion as to letting such work as to the main drain as a whole, or as to each lateral as a whole, or by sections as to both main drain and laterals, and reserving the right to reject any and all bids and re-advertise the letting of the work.

2. A bid shall be in writing, specifying the portion of the work upon which the bid is made, and filed with the auditor. The bid shall be accompanied with a bid security. The bid security shall be in the form of a deposit of cash, a certified check on and certified by a bank in Iowa, a certified share draft drawn on a credit union in Iowa, or a bid bond with a corporate surety satisfactory to the board as provided in section 73A.20. The bid security must be payable to the auditor or the auditor's order at the auditor's office in a sum equal to ten percent of the amount of the bid, but not to exceed ten thousand dollars. However, if the maximum limit on a bid security would cause a denial of funds or services from the federal government which would otherwise be available, or if the maximum limit would otherwise be inconsistent with the requirements of federal law, the maximum limit may be suspended to the extent necessary to prevent denial of federal funds or services or to eliminate the inconsistency with federal requirements. The cash, check, or share draft of an unsuccessful bidder shall be returned, and the bid bond of an unsuccessful bidder shall be canceled. The bid security of a successful bidder shall be maintained as a guarantee that the bidder will enter into contract in accordance with the bids.

#### **468.38 Commissioners to classify and assess.**

When a levee or drainage district has been located and finally established or, unless otherwise provided by law, when the required proceedings have been taken to enlarge, deepen, widen, change, or extend any of the ditches, laterals, settling basins, or drains of a district, or the required proceedings have been taken to annex additional lands to a district, or a plan of the United States government for original construction of the improvements in a district has been adopted by the district under sections 468.201 through 468.216, the board shall appoint three commissioners to assess benefits and classify the lands affected by the improvement. One of the commissioners shall be a competent civil engineer and two of them shall be resident freeholders of the county in which the district is located, but not living within, nor interested in, any lands included in the district, nor related to any party whose land is affected by the district. The commissioners shall take and subscribe an oath of their qualifications and to perform the duties of classification of the lands, to fix the percentages of benefits, apportion and assess the costs and expenses of constructing the improvement, divide and rename original improvements, and, if included in the board's resolution, adopt special common outlet classifications to be maintained independent of the district's regular assessment schedules, according to law and their best judgment, skill, and ability. If the commissioners or any of them fail or neglect to act or perform the duties in the time and as required of them by law, the board shall appoint others with like qualifications to take their places and perform the duties.

#### **468.39 Duties — time for performance — scale of benefits.**

At the time of appointing said commissioners, the board shall fix the time within which said as-

assessment, classification, and apportionment shall be made, which may be extended for good cause shown. Within twenty days after their appointment, they shall begin to inspect and classify all the lands within said district, or any change, extension, enlargement, or relocation thereof in tracts of forty acres or less according to the legal or recognized subdivisions, in a graduated scale of benefits to be numbered according to the benefit to be received by each of such tracts from such improvement, and pursue said work continuously until completed and, when completed, shall make a full, accurate, and detailed report thereof and file the same with the auditor. The lands receiving the greatest benefit shall be marked on a scale of one hundred, and those benefited in a less degree with such percentage of one hundred as the benefits received bear in proportion thereto. They shall also make an equitable apportionment of the costs, expenses, fees, and damages computed on the basis of the percentages fixed.

In the report of the appraisers so appointed they shall specify each tract of land by proper description, and the ownership thereof, as the same appears on the transfer books in the auditor's office.

In estimating the benefits as to the lands not traversed by said improvement, they shall not consider what benefits such land shall receive after some other improvements shall have been constructed, but only the benefits which will be received by reason of the construction of the improvement in question as it affords an outlet to the drainage of such lands, or brings an outlet nearer to said lands or relieves the same from overflow and relieves and protects the same from damage by erosion.

#### 468.41 Assessment for lateral ditches — reclassification of benefited lands.

1. In fixing the percentages and assessments of benefits and apportionment of costs of construction to lands benefited by lateral ditches and drains as a part of the entire improvement to be made in a drainage district, the commissioners shall ascertain and fix the percentage of benefits and apportionment of costs to the lands benefited by such lateral ditches on the same basis and in the same manner as if said lateral was, with its sublaterals, being constructed as a subdistrict as

provided in this subchapter, parts 1 through 5, reporting separately:

*a.* The percentage of benefits and amount accruing to each forty-acre tract or less on account of the construction of the main ditch, drain, or watercourse including pumping plant, if any.

*b.* The percentage of benefits and amount accruing to each forty-acre tract or less on account of the construction of such lateral improvement.

2. When there has been a repair or improvement to a lateral ditch or drain as provided in section 468.126 and the lands benefited by the lateral have not been classified as provided in this section, the board may order a classification of the lands and the commission shall ascertain and fix the percentage of benefits and apportionment of costs to the lands benefited by such lateral ditches or drains on the same basis and in the same manner as if the lateral was with its sublaterals being constructed as a subdistrict as provided in this subchapter, parts 1 through 5. When this procedure is followed for the classification of any lateral ditch or drain in a given district, the board shall follow the same procedure for all other lateral ditches or drains in the district which have not been classified as prescribed in this section.

The commissioners to assess benefits and make apportionment of costs and expenses shall determine and assess the benefits to the property of any railroad company extending into or through the levee or drainage district, and make return thereof showing the benefit and the apportionment of costs and expenses of construction. Such assessment when finally fixed by the board shall constitute a debt due from the railroad company to the district, and unless paid it may be collected by ordinary proceedings for the district in the name of the county in any court having jurisdiction. All other proceedings in relation to railroads, except as otherwise provided, shall be the same as provided for individual property owners within the levee or drainage district.

Such assessments against primary highways and other state-owned lands under the jurisdiction of the state department of transportation shall be paid by the state department from the primary road fund on due certification of the amount by the county treasurer to the department, and against all secondary roads and other county owned lands under the jurisdiction of the board of supervisors, from county funds.

When state-owned land under the jurisdiction of the department of natural resources is situated within a levee or drainage district, the commissioners assessing benefits shall ascertain and return in their report the amount of benefits and the apportionment of costs and expenses to the land, and the board of supervisors shall assess the amount against the land.

The assessments against lands under the jurisdiction of the department of natural resources shall be paid by the executive council upon certification of the amount by the county treasurer. Any interested party may be heard in argument in person or by counsel.

[SS15, §1989-a12; C24, 27, 31, 35, 39, §7474; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.54]

**468.49 Classification as basis for future assessments.**

A classification of land for drainage, erosion or flood control purposes, when finally adopted, shall remain the basis of all future assessments for the purpose of said district unless revised by the board in the manner provided for reclassification, except that where land included in said classification has been destroyed, in whole or in part, by the erosion of a river, or where additional right of way has been subsequently taken for drainage purposes, said land which has been so eroded and carried away by the action of a river or which has been taken for additional right of way, may be removed by said board from said district as classified, without any reclassification, and no assessment shall thereafter be made on the land so removed. Any deficiency in assessment existing as the result of said action of the board shall be spread by it over the balance of lands remaining in said district in the same ratio as was fixed in the classification of the lands, payable at the next taxpaying period.

Except districts established by mutual agreement in accordance with section 468.142 in the event any forty-acre tract or less, or any lot, tract, or parcel, as set forth in the existing classification or reclassification of any drainage district now or hereafter established, is divided into two or more tracts, whether such division is by sale or condemnation or platted as a subdivision, the classification of the original tract shall be apportioned to the resulting parcels, regardless of use, except for land taken for additional drainage right of way. The classification of the original tract may be apportioned between the resulting parcels by agreement between the parties to such division. The parties shall file with the county auditor a written agreement setting forth the original description and the description of the tracts as subdivided and the percentage of the original classification apportioned to each. This agreement shall bear the signature of all of the parties to such subdivision. The agreement contemplated herein may be contained

in the deed or other instrument effecting the division of the land, which agreement shall be binding upon the grantee or grantees by their acceptance of such instrument and their signatures shall not be necessary. The auditor shall enter this agreement in the drainage record and amend the current classification of the district in accordance with such agreement.

In the event the parties to such subdivision cannot agree as to the apportionment of the percentage classification, the board of supervisors shall, upon application of either party, appoint a commission having the qualifications of commissioners, in accordance with section 468.38. The commissioners shall inspect the lands involved and apportion the existing classification of the original tract equitably and fairly to each of the several tracts as subdivided and shall make a full, accurate and detailed report thereof and file the same with the county auditor within the time set by the board. The report of the commissioners shall set forth the names of the owners thereof, the description of each of the tracts and the percentage of the original classification that each such tract shall bear (1) for main ditches and settling basins, (2) for laterals, (3) for levees and pumping station. Thereafter all the proceedings in relation thereto as to notice of hearing and fixing of percentage benefits shall be as in this subchapter, parts 1 through 5, provided in relation to original classification and assessments, and at such hearing, the board may affirm, increase or diminish the percentage of benefits so as to make them just and equitable, and cause the record of the existing classification, percentage of benefits or assessments, or both, to be modified accordingly. In the event the parties neither agree as to the apportionment of classification nor make application for the apportionment of commissioners, then the auditor of the county in which the land is situated shall make such apportionment upon an equitable basis and enter the same of record as herein provided. No tract of land included within the boundary of any drainage district shall be exempt from drainage assessments or reassessments, except as herein provided.

**468.50 Levy — interest.**

When the board has finally determined the matter of assessments of benefits and apportionment, the board shall levy the assessments as fixed by it upon the lands within the district, but an assessment on a tract, parcel, or lot within the district which is computed at less than five dollars shall be fixed at the sum of five dollars. All assessments shall be levied at that time as a tax and shall bear

interest at a rate determined by the board notwithstanding chapter 74A from that date, payable annually, except as provided as to cash payments within a specified time.

#### **468.52 Levy for deficiency.**

If the first assessment made by the board for the original cost or for repairs of any improvement is insufficient, the board shall make an additional assessment and levy in the same ratio as the first for either purpose, but an assessment on any tract, parcel, or lot within the district which is computed at less than five dollars shall be fixed at the sum of five dollars. All assessments shall be levied at that time as a tax and, notwithstanding chapter 74A, shall bear interest at a rate determined by the board from that date, payable annually, except as provided as to cash payments within a specified time.

#### **468.54 Funds — disbursement — interest.**

The taxes when collected shall be kept in a separate fund known as the county drainage or levee fund and shall be paid out only for purposes properly connected with and growing out of the county drainage and levee districts on order of the board. The auditor shall continue to keep a record of each of the drainage and levee district's funds so as to accurately reflect the financial condition of each district account. The county treasurer, on order of

the board of supervisors, shall invest such funds not immediately needed for current operating expenses in United States government bonds, in time certificates of deposit, in savings accounts in banks as the board shall approve, in the interest-bearing obligations of the drainage and levee districts of the county, or as provided by chapter 12C. Interest collected by the treasurer on the funds invested shall be deposited in the county drainage or levee fund, and on July 1 of each year the auditor shall apportion and credit the interest to each drainage or levee district account in the proportion which the average credit balance of each district bears to the average balance of the county drainage or levee fund. The averages to be ascertained shall be the averages of the balances existing on the first of each month during the fiscal year immediately preceding. Interest collected on drainage or levee district taxes shall be credited to the district for which the taxes are being collected. This section does not permit expenditures in behalf of any district in excess of its share of the county drainage or levee fund. This section does not apply to drainage and levee districts under trustee management unless the trustees consent to its application, and in the absence of such consent, section 468.528 applies.

If a landowner selects an option provided in section 468.57, all drainage or levee tax assessments become due and payable with the first half of ordinary taxes, and shall be collected in the same manner with the same interest for delinquency and the same manner of enforcing collection by tax sales. As an alternative, the landowner may pay the annual installment in two equal payments, one-half with the September payment of ordinary taxes and one-half payable with the March payment of ordinary taxes. All drainage or levee tax assessments not optioned for installment payments by the landowner shall become due and payable within thirty days after the levy of assessments.

#### **468.56 Payment of assessments.**

All assessments for benefits, as corrected and approved by the board, shall be levied at one time against the property benefited, and when levied

and certified by the board, are payable at the office of the county treasurer. A person may pay the person's assessment in full without interest within thirty days after the levy of assessments, and before any improvement certificates or drainage bonds are issued for the assessment, and may pay a certificate at any time after issue, with accrued interest.

**468.57 Installment payments — waiver.**

If the owner of any land against which a levy exceeding one hundred dollars has been made and certified shall, within thirty days from the date of such levy, agree in writing endorsed upon any improvement certificate referred to in section 468.70, or in a separate agreement, that in consideration of having a right to pay the owner's assessment in installments, the owner will not make any objection as to the legality of the assessment for benefit, or the levy of the taxes against the property, then such owner shall have the following options:

1. To pay one-third of the amount of the assessment at the time of filing the agreement; one-third within twenty days after the engineer in charge certifies to the auditor that the improvement is one-half completed; and the remaining one-third within twenty days after the improvement has been completed and accepted by the board. All installments shall be without interest if paid at said times, otherwise the assessments shall bear interest from the date of the levy at a rate determined by the board notwithstanding chapter 74A, payable annually, and be collected as other taxes on real estate, with like interest for delinquency.

2. To pay the assessments in not less than ten nor more than twenty equal installments, with the number of payments and interest rate determined by the board, notwithstanding chapter 74A. The first installment of each assessment, or the total amount if less than one hundred dollars, is due and payable on July 1 next succeeding the date of the levy, unless the assessment is filed with the county treasurer after May 31 in any year. The first installment shall bear interest on the whole unpaid assessment from the date of the levy as set by the board to the first day of December following the due date. The succeeding annual installments, with interest on the whole unpaid amount, to the first day of December following the due date, are respectively due on July 1 annually, and must be paid at the same time and in the same manner as the first semiannual payment of ordinary taxes. All future installments of an assessment may be paid on any date by payment of the then outstanding balance plus interest to the next December 1, or additional annual installments may be paid af-

ter the current installment has been paid before December 1 without interest. A payment must be for the full amount of the next installment. If installments remain to be paid, the next annual installment with interest added to December 1 will be due. After December 1, if a drainage assessment is not delinquent, a property owner may pay one-half or all of the next annual installment of principal and interest of a drainage assessment prior to the delinquency date of the installment. When the next installment has been paid in full, successive principal installments may be prepaid. The county treasurer shall accept the payments of the drainage assessment, and shall credit the next annual installment or future installments of the drainage assessment to the extent of the payment or payments, and shall remit the payments to the drainage fund. If a property owner elects to pay one or more principal installments in advance, the pay schedule shall be advanced by the number of principal installments prepaid. Each installment of an assessment with interest on the unpaid balance is delinquent from October 1 after its due date, including those instances when the last day of September is a Saturday or Sunday, and bears the same delinquent interest as ordinary taxes. When collected, the interest must be credited to the same drainage fund as the drainage special assessment.

The provisions of this section and of sections 468.58 through 468.61 may within the discretion of the board, also be made applicable to repairs and improvements made under the provisions of section 468.126.

When all construction work has been completed and all cost paid, and all assessments have been paid in full, the board may refund, to the owner of each tract of land, the owner's proportionate part of any surplus funds except such portion of the surplus as the board considers should be retained for a sinking fund to pay future maintenance and repair costs.

may direct the engineer appointed under section 468.30 or another engineer, to make a report showing such changes or modifications of the plan of improvement as may be necessary to meet the change of conditions. However, modifications and changes may be made in the plan on which hearing was held without further notice or hearing, provided the same do not increase or decrease the estimated cost to the district by more than twenty-five percent.

After the establishment of a drainage district, a person owning land within the district which has been assessed for benefits, but which is separated from the main ditch, drain, or watercourse for which it has been so assessed, by the land of others, who desires a ditch or drain constructed from the person's land across the land of the others in order to connect with the main ditch, drain, or watercourse, and is unable to agree with the intervening owners on the terms and conditions on which the person may enter upon their lands and cause to be constructed the connecting drain or ditch, may file a petition for the establishment of a subdistrict. After the petition is filed, the proceedings shall be the same as provided for the establishment of an original district.

When such subdistrict has been established and constructed it shall become and be a part of the improvement of such drainage district as a whole and be under the control and supervision of the board to the same extent and in every way as if it had been a part of the original improvement of such district.

**468.65 Reclassification.**

When, after a drainage or levee district has been established, except districts established by mutual agreement in accordance with section 468.142, and the improvements thereof constructed and put in operation, there has been a material change as to lands occupied by highway or railroad right of way or in the character of the lands benefited by the improvement, or when a repair, improvement, or extension has become necessary, the board may consider whether the existing assessments are equitable as a basis for payment of the expense of maintaining the district and of making the repair, improvement or extension. If they find the same to be inequitable in any particular, they shall by resolution express such finding, appoint three commissioners possessing the qualifications prescribed in section 468.38 and order a reclassification as follows:

1. If they find the assessments to be generally inequitable they shall order a reclassification of all property subject to assessment, such as lands, highways, and railroads in said district.
2. If the inequity ascertained by the board is limited to the proportion paid by highways or railroads, a general reclassification of all lands shall not be necessary but the commissioners may evaluate and determine the fair proportion to be paid by such highways or railroads or both as provided in sections 468.42 and 468.43.
3. Any benefits of a character for which levee or drainage districts may be established and which are attributable to or enhanced by the improvement or by the repair, improvement, or extension thereof, shall be a proper subject of consideration in a reclassification notwithstanding the district may have been originally established for a limited purpose.
4. If after a district has been reclassified, the board in its judgment concludes there were errors in the reclassification or there is an inequitable assessment of benefits, the board may on its own motion, after notice to the landowners involved as provided in sections 468.14 through 468.18 and by resolution, order the district or any portion of the district to again be reclassified as prescribed in this section and in section 468.67.

The board may include in its resolution an order to the commissioners that they prepare special common outlet classifications, if needed, in conjunction with the reclassification of the district.

Such reclassification when finally adopted shall remain the basis for all future assessments unless revised as provided in this subchapter, parts 1 through 5.

**468.67 Procedure governing reclassification.**

The proceedings for such reclassification shall in all particulars be governed by the same rules as for original classification. The commissioners shall fix the percentage of actual benefits and make an equitable apportionment of the costs and expenses of such repairs, improvements or extensions and file a report thereof with the auditor in the same form and manner as for original classification. Thereafter, all the proceedings in relation thereto as to notice, hearing, and fixing of percentage of benefits and amount of assessments shall be as in this subchapter, parts 1 through 5, provided in relation to original classification and assessments, and at such hearing the board may affirm, increase, or diminish the percentage and assessment of benefits and apportionment of costs and expenses so as to make them just and equitable, and cause the record of the original classification, percentage of benefits, and assessments to be modified accordingly.

The warrants may be sold by the board for cash in an amount not less than their face value, together with any accrued interest.

The board may provide by resolution for the issuance of improvement certificates payable to bearer or to the contractors, naming them, who have constructed the said improvement or completed any part thereof, in payment or part payment of such work.

levied and collected each year until such cost and expenses are paid, and may issue drainage bonds of the county covering all assessments exclusive of assessments of one hundred dollars and less.

Before such bonds shall be issued, the governing body of the district shall cause an action for declaratory judgment to be brought in the district court of the county in which the bonds are to be issued, asking that their legality be confirmed. The cost of constructing the improvement across the right of way of such company, not including the cost of building or rebuilding and constructing or reconstructing any necessary culvert or bridge, when such improvement is located at the place of the natural waterway or place provided by the railroad company for the flow of the water, shall be considered as an element of such company's damages by the appraiser to appraise damages.

#### **468.114 Passing drainage equipment across railway.**

It shall be the duty of any steam or electric railway company to furnish the contractor unrestricted passage across its right of way, telegraph, telephone, and signal lines for the contractor's machines and equipment, whenever recommended by the engineer and approved by the board of supervisors, and the cost thereof shall be considered as an element of such company's damages by the appraisers thereof; provided that if such company shall fail to do so within thirty days after written notice from the auditor, the engineer shall cause the same to be done under the engineer's direction and the company shall be liable for the cost thereof

to be collected by the county in any court having jurisdiction. Provided, further, that the railway company shall have the right to designate the day and hours thereof within said period of thirty days above mentioned when such crossing shall be made.

**468.115 Passage across other public utilities.**

The owner or operator of a public utility, whether operated publicly or privately other than steam and electric railways shall afford the contractor of any drainage project under this subchapter, parts 1 through 5, unrestricted passage for the contractor's machines and equipment across the right of way lines or other equipment of such utility whenever recommended by the engineer and approved by the board of supervisors.

[C24, 27, 31, 35, 39, §7546; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.125]

**468.116 Failure to comply.**

If the owner or operator of the utility fails to afford such passage within fifteen days after written notice from the drainage engineer so to do, the contractor, under the supervision of the engineer, may proceed to do the necessary work to afford such passage and to place said utility in the same condition as before said passage; but the owner or operator shall have the right to designate the hours of the day when such crossing or passage shall be made.

**468.117 Expenses attending passage.**

The work necessary to afford such passage shall be deemed to be covered by and included in the contract with the district under which the contractor is operating, and if the work is done by the owner or operator of such utility the reasonable expense thereof shall be paid out of the drainage funds of the district and charged to the account of the contractor.

**468.118 Abandoned right-of-way.**

If a railroad or other utility has abandoned the use of its right-of-way for the purpose it was origi-

nally acquired or has sold its right-of-way to a person who will use it for a purpose other than for which it was originally acquired, the prior right or privilege of the drainage district to pass through the right-of-way of the railroad or utility shall become a permanent easement in favor of the drainage district for drainage purposes including the right of ingress and egress through adjacent property and the right of access for maintenance, repair, improvement and inspection. The permanent easement has the same dimensions as originally specified in the engineer's report and survey, or as acquired by use or as subsequently acquired.

If a railroad or other utility has abandoned the use of its right-of-way for the purpose it was originally acquired or has sold its right-of-way to a person who will use it for a purpose other than for which it was originally acquired in segments, each segment shall be assessed for benefits in the same proportion as the area of the segment bears to the area of the right-of-way through the forty-acre tract.

**468.119 Annexation of additional lands.**

After the establishment of a levee or drainage district, if the board becomes convinced that additional lands contiguous to the district, and without regard to county boundaries, are benefited by the improvement or that the same are then receiving benefit or will be benefited by a repair or improvement to said district as contemplated in section 468.126, it may adopt, with or without a petition from owners of the proposed annexed lands, a resolution of necessity for the annexation of such additional land and appoint an engineer with the qualifications provided in this subchapter, parts 1 through 5, to examine such additional lands, to make a survey and plat thereof showing their relation, elevation, and condition of drainage with reference to such established district, and to make and file with the auditor a report as in this subchapter, parts 1 through 5, provided for the original establishment of such district, said report to specify the character of the benefits received.

In the event the additional lands are a part of an existing drainage district, as an alternative procedure to that established by the foregoing provisions of this section, the lands may be annexed in either of the following methods:

1. A petition, proposing that the lands be included in a contiguous drainage district and signed by at least twenty percent of the landowners of those lands to be annexed, shall be filed with the governing board of each affected district.

The board of the district in which the lands are presently included may, at its next regular meeting or at a special meeting called for that purpose, adopt a resolution approving and consenting to

the annexation; or

2. Whenever the owners of all of the land proposed to be annexed file a petition with the governing boards of the affected districts, the consent of the board in which the lands are then located shall not be required to consent to the annexation, and the board of the annexing district may proceed as provided in this section.

3. If either method of annexation provided for in subsections 1 and 2 of this section is completed, the board of the district to which the lands are to be annexed may adopt a resolution of necessity for the annexation of the additional lands, as provided in this section.

The right of remonstrance, as provided under section 468.28, does not apply to the owners of lands being involuntarily annexed to an established district.

[S13, §1989-a54; C24, 27, 31, 35, 39, §7549; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.128] 85 Acts, ch 163, §5; 89 Acts, ch 126, §2 CS89, §468.119

#### **468.120 Proceedings on report.**

If the report recommends the annexation of the lands or any portion of them, the board shall consider the report, plats, and profiles and if satisfied that any of the lands are materially benefited by the district and that annexation is feasible, expedient, and for the public good, it shall proceed in all respects as to notice, hearing, appointment of appraisers to fix damages and as to hearing on the annexation; and if the annexation is finally made, as to classification and assessment of benefits to the annexed lands only, to the same extent and in the same manner as provided in the establishment of an original district. However, the annexation and classification of the annexed lands for benefits may be determined at one hearing. Those parties having an interest in the lands proposed to be annexed have the right to receive notice, to make objections, to file claims for damages, to have hearing, to take appeals and to do all other things to the same extent and in the same manner as provided in the establishment of an original district.

#### **468.121 Levy on annexed lands.**

After annexation is made the board may levy upon the annexed lands an assessment sufficient to equal the assessments for benefit originally paid by the lands of equal classification if the finding by the board as provided by section 468.119 was that the lands should have been included in the district when originally established, plus their proportionate share of the costs of any enlargement or extension of drains required to serve the

annexed lands. If the finding of the board as provided in section 468.119 was based on the fact that additional lands are now benefited by virtue of the repair, improvement, or the change of the topographical conditions made to the district and were not benefited by the district as originally established, then the board shall levy upon the annexed lands an assessment sufficient to pay their proportionate share of the costs of the repair or improvement which was the basis for the lands being annexed. If the board finds that the lands are presently receiving benefits from the district but that some were reasonably omitted from the original establishment because of the change of the topographical conditions, the assessments levied upon the annexed lands shall be limited to a proportionate share of the costs of current and future maintenance, repairs and improvements.

#### **468.122 Use of former and abandoned surveys.**

In cases where proceedings have been taken for the establishment of a levee or drainage district and an engineer has been appointed who has made a survey, return, and plat thereof and for any reason the improvement has been abandoned and the proceedings dismissed, and afterward proceedings are instituted for the establishment of a levee or drainage district which will benefit any territory surveyed in said former proceedings, the engineer shall use so much of the return, levels, surveys, plat, and profile made in the former proceedings as may be applicable. The engineer shall specify in the engineer's reports the parts thereof so used, and in case the cost of said returns, levels, surveys, plat, and profile made in said former proceedings has been paid by the former petitioners or their sureties, then a reasonable amount shall be allowed said petitioners or sureties for the use of the same.

#### **468.123 Unsuccessful procedure — re-establishment.**

When proceedings have been instituted for the establishment of a drainage district or for any change or repair thereof, or the change of a natural watercourse, and the establishment thereof has failed for any reason either before or after the improvement is completed, the board shall have power to re-establish such district or improvement and any new improvement in connection therewith as recommended by the report of the engineer. As to all lands benefited by such re-establishment, repair, or improvement, the board shall

proceed in the same manner as in the establishment of an original district, using as a basis for assessment the entire cost of the proceedings, improvement, and maintenance from the beginning; but in awarding damages and in the assessment of benefits account shall be taken of the amount of damages and taxes, if any, theretofore paid by those benefited, and credit therefor given accordingly. All other proceedings shall be the same as for the original establishment of the district, making of improvements, and assessment of benefits.

**468.124 New district including old district.**

If any levee or drainage district or improvement established either by legal proceedings or by private parties shall be insufficient to properly drain all of the lands tributary thereto, the board upon petition as for the establishment of an original levee or drainage district, shall have power to establish a new district covering and including such old district or improvement together with any additional lands deemed necessary. All outstanding indebtedness of the old levee or drainage district shall be assessed only against the lands included therein.

[S13, §1989-a25; C24, 27, 31, 35, 39, §7554; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.133]

**468.125 Credit for old improvement.**

When such district as contemplated in section 468.124 and the new improvement therein shall include the whole or any part of the former improvement, the commissioners, for classification of lands for assessment of benefits and apportionment of costs and expenses of such new improvement, shall take into consideration the value of such old improvement in the construction of the new one and allow proper credit therefor to the parties owning the old improvement as their interests may appear. In all other respects the same proceedings shall obtain as are provided for the original establishment of levee and drainage districts.

[S13, §1989-a25; C24, 27, 31, 35, 39, §7555; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.134]

**468.126 Repair.**

1. When any levee or drainage district has been established and the improvement constructed, the improvement shall be at all times under the supervision of the board of supervisors except

as otherwise provided for control and management by a board of trustees and the board shall keep the improvement in repair as provided in this section.

a. The board at any time on its own motion, without notice, may order done whatever is necessary to restore or maintain a drainage or levee improvement in its original efficiency or capacity, and for that purpose may remove silt and debris, repair any damaged structures, remove weeds and other vegetable growth, and whatever else may be needed to restore or maintain such efficiency or capacity or to prolong its useful life.

b. The board may at any time obtain an engineer's report regarding the most feasible means of repairing a drainage or levee improvement and the probable cost of making the repair. If the engineer advises, or the board otherwise concludes that permanent restoration of a damaged structure is not feasible at the time, the board may order temporary construction it deems necessary to the continued functioning of the improvement. If in maintaining and repairing tile lines the board finds from an engineer's report it is more economical to construct a new line than to repair the existing line, the new line may be considered to be a repair.

c. If the estimated cost of a repair exceeds fifteen thousand dollars, or seventy-five percent of the original total cost of the district and subsequent improvements, whichever is the greater amount, the board shall set a date for a hearing on the matter of making the proposed repairs, and shall give notice as provided in sections 468.14 through 468.18. If a hearing is required and the estimated cost of the repair exceeds twenty-five thousand dollars, an engineer's report or a report from the soil and water conservation district conservationist shall be presented at the hearing. The requirement of a report may be waived by the board if a prior report on the repair exists and that report is less than ten years old. The board shall not divide proposed repairs into separate programs in order to avoid the notice and hearing requirements of this paragraph. At the hearing the board shall hear objections to the feasibility of the proposed repairs, and following the hearing the board shall order that the repairs it deems desirable and feasible be made. Any interested party has the right of appeal from such orders in the manner provided in this subchapter, parts 1 through 5.

d. The right of remonstrance does not apply to repairs as defined in this section.

2. In the case of minor repairs, or in the eradication of brush and weeds along the open ditches, not in excess of fifteen thousand dollars where the board finds that a saving to the district will result the board may cause the repairs or eradication to be done by secondary road equipment, or weed fund equipment, and labor of the county and then reimburse the secondary road fund or the weed

fund from the fund of the drainage district thus benefited.

3. When the board deems it necessary it may repair or reconstruct the outlet of any private tile line which empties into a drainage ditch of any district and assess the costs in each case against the land served by the private tile line.

4. For the purpose of this subsection, an “*improvement*” in a drainage or levee district in which any ditch, tile drain or other facility has previously been constructed is a project intended to expand, enlarge or otherwise increase the capacity of any existing ditch, drain or other facility above that for which it was designed.

a. When the board determines that improvements are necessary or desirable, the board shall appoint an engineer to make surveys as seem appropriate to determine the nature and extent of the needed improvements, and to file a report showing what improvements are recommended and their estimated costs, which report may be amended before final action. If the estimated cost of the improvements does not exceed fifteen thousand dollars, or twenty-five percent of the original cost of the district and subsequent improvements, whichever is the greater amount, the board may order the work done without notice. The board shall not divide proposed improvements into separate programs in order to avoid the limitation for making improvements without notice. If the board deems it desirable to make improvements where the estimated cost exceeds the fifteen thousand dollar or twenty-five percent limit, the board shall set a date for a hearing on the matter of constructing the proposed improvements and also on the matter of whether there shall be a reclassification of benefits for the cost of the proposed improvements, and shall give notice as provided in sections 468.14 through 468.18. At the hearing the board shall hear objections to the feasibility of the proposed improvements and arguments for or against a reclassification presented by or for any taxpayer of the district. Following the hearing the board shall order that the improvements it deems desirable and feasible be made, and shall also determine whether there should be a reclassification of benefits for the cost of improvements. If it is determined that a reclassification of benefits should be made, the board shall proceed as provided in section 468.38. In lieu of publishing the notice of a hearing as provided by this subsection, the board may mail a copy of the notice to each address where a landowner in the district resides by first class mail if the cost of mailing is less than publication of the notice. The mailing shall be made during the time the notice would otherwise be required to be published.

b. If the estimated cost of the improvements as defined in this subsection exceeds twenty thousand dollars, or the original cost of the district plus the cost of subsequent improvements in the district, whichever is the greater amount, a majority

of the landowners, owning in the aggregate more than seventy percent of the total land in the district, may file a written remonstrance against the proposed improvements, at or before the time fixed for hearing on the proposed improvements, with the county auditor, or auditors in case the district extends into more than one county. If a remonstrance is filed, the board shall discontinue and dismiss all further proceedings on the proposed improvements and charge the costs incurred to date for the proposed improvements to the district. Any interested party may appeal from such orders in the manner provided in this subchapter, parts 1 through 5. However, this section does not affect the procedures of section 468.132 covering the common outlet.

5. Where under the laws in force prior to 1904, drainage ditches and levees were established and constructed without fixing at the time of establishment a definite boundary line for the body of land to be assessed for the cost thereof, the body of land which was last assessed to pay for the repair thereof shall also be considered as the established district for the purpose of this section.

6. The governing body of the district may, by contract or conveyance, acquire, within or without the district, the necessary lands or easements for making repairs or improvements under this section, including easements for borrow and easements for meander, and in addition thereto, the same may be obtained in the manner provided in the original establishment of the district, or by exercise of the power of eminent domain as provided for in chapter 6B. If additional right of way is required for any repair or improvement under this section, the same may be acquired in the same manner as provided for the acquisition of right of way in the original establishment of a district, except that where notice and hearing are not otherwise required under this section notice as provided in this subchapter, parts 1 through 5, to owners, lienholder of record, and occupants of the land from which right of way is to be acquired shall suffice.

7. In existing districts where the stream has by erosion appropriated lands beyond its original right of way and it is more economical and feasible to acquire an easement for such erosion and meander than to undertake containment of the stream in its existing right of way, the board may, in the discharge of the duties enjoined upon it by this section, effect such acquisition as to the whole or part of the course. Right of way so taken shall be classed an improvement for the purpose of procedure under this section.

8. If the drainage records on file in the auditor’s office for a particular district do not define specifically the land taken for right-of-way for drainage purposes, the board may at any time upon its own motion employ a land surveyor to make a survey and report of the district and to actually define the right-of-way taken for drainage

purposes. After the land surveyor has filed the survey and report with the board, the board shall fix a date for hearing on the report and shall serve notice of the hearing upon all landowners and lienholder of record and occupants of the lands traversed by the right-of-way in the manner and for the time required for service of original notices in the district court. At the hearing the board shall specifically define the land taken for the right-of-way. Once established, the right-of-way constitutes a permanent easement in favor of the drainage district for drainage purposes including the right of ingress and egress across adjoining land and the right of access for maintenance, repair, improvement and inspection. A person aggrieved by the action or failure to act of the board under this subsection may appeal only in compliance with sections 468.83 through 468.98.

**468.127 Payment.**

The costs of the repair or improvements provided for in section 468.126 shall be paid for out of the funds of the levee or drainage district. If the funds on hand are not sufficient to pay such expenses, the board within two years shall levy an assessment sufficient to pay the outstanding indebtedness and leave the balance which the board determines is desirable as a sinking fund to pay maintenance and repair expenses. Any assessment made under this section on any tract, parcel or lot within the district which is computed at less than five dollars shall be fixed at the sum of five dollars.

If the board deems that the costs of the repairs or improvements will create assessments against the lands in the district greater than should be borne in one year, it may levy the same at one time and provide for the payment of said costs and assessments in the manner provided in sections 468.57 through 468.61; provided that assessments may be collected in not more than twenty installments as the board may determine.

Levee and drainage districts are empowered to construct impounding areas and other flood and erosion control devices to protect lands of the dis-

trict and drainage structures and may provide ways for access to improvements for the operation or protection thereof, where the cost is not excessive in consideration of the value to the district. Necessary lands or easements may be acquired within or without the district by purchase, lease or agreement, or by exercise of the right of eminent domain as provided for in chapter 6B and may be procured and construction undertaken either independently or in cooperation with other districts, individuals, or any federal or state agency or political subdivision.

**468.129 Revenues used for operation, maintenance and construction.**

When an assessment for improvements as provided in section 468.126, exceeds twenty-five percent of the original assessment and the original or subsequent assessment or report of the benefit commission as confirmed did not designate separately the amount each tract should pay for the main ditch and tile lateral drains then the board shall order a reclassification in accordance with the principles and rules set forth in section 468.41.

When two or more drainage districts outlet into the same ditch, drain, or natural watercourse and the board determines that it is necessary to clean out, deepen, enlarge, extend, or straighten said ditch, drain, or natural watercourse in order to expeditiously carry off the combined waters of such districts, the board may proceed as provided in section 468.126. After said board has decided that such work should be done, it shall fix a date for hearing on its decision, and it shall give two weeks' notice thereof by certified mail to the auditor of the county wherein the land to be assessed for such work is located, and said county auditor shall thereupon immediately notify by certified mail the board or boards of trustees of the districts having supervision thereof, as to said hearing on said contemplated work. In those instances where two or more districts involved are under the supervision of the same board, or joint board if the district is intercounty, the notice shall be given to all landowners affected as prescribed for in sections 468.14 through 468.18. Each district shall be assessed for the cost of such work in proportion to the benefits derived. Common outlet for the purpose of this section shall mean an outlet where two adjacent districts have an outlet common to both of said districts and which districts are also contiguous, one to the other.

**468.184 Land classification and assessment in district.**

1. *a.* When a levee district shall have been located and finally established; or
- b.* When the required proceedings have been taken to enlarge, extend, strengthen, raise, relocate, reconstruct, or improve any existing levee; or
- c.* When the required proceedings have been held to annex additional lands to said levee dis-

trict or to exclude or eliminate lands from said levee district; or

*d.* When a plan of the United States government for the construction of any levee, or a portion of a levee, in said levee district, or for the enlarging, extending, strengthening, raising, relocating, reconstructing, or improving any existing levee, or a portion thereof, in accordance with any such plan in said levee district, has been heretofore or hereafter adopted by such levee district under the provisions of sections 468.201 through 468.216; or

*e.* When the board shall, as authorized by section 468.65, determine that the assessments of benefits of said levee district against the lands in said levee district are generally inequitable the board may by resolution, or if a petition is filed by more than one-third of the owners, including corporations, of land within said levee district and who in the aggregate own more than one-third of the value of the land and land improvements in said levee district as the value thereof is then shown by the general tax records of the county or counties in which such land and land improvements are located, requesting the board to do so, the board shall order the lands in said levee district and the improvements on the land in said levee district classified or reclassified in accordance with the assessed taxable value of said land and land improvements as the same are then shown and as the same may be thereafter shown by the assessment roll of the county or counties in which said land and land improvements are located.

The assessed taxable value of any land, including land improvements exempt from general taxation but subject to assessment for levee purposes, shall be determined by the county assessor who shall make such determination in accordance with the rules of assessment applicable to adjacent lands and without any additional compensation therefor.

2. If the board orders classification or reclassification of lands as authorized in subsection 1 of this section, the board shall fix a time and place for a hearing to be held upon the action of the board in ordering such classification or reclassification, which hearing shall be held at the county seat of the county having the largest acreage in said levee district. The board shall cause notice of the time and place of such hearing to be served by the county auditor or auditors upon each person whose name appears as owner of lands or land improvements within the levee district in the transfer books of the auditor's office in the county or counties in which said levee district is located, naming that person, and also upon the person or persons in actual occupancy of any tract of land or land improvements located in said levee district, without naming that person or persons. Such notice shall be for the same time and served in the same manner as is provided for the establishment of a levee district, and such notice shall state:

a. The aggregate estimated costs and expenses which the board proposes to assess under such classification or reclassification;

b. The total aggregate assessed taxable value of all lands and land improvements in said levee district;

c. That the said classification or reclassification of benefits will be based on the assessed taxable value of all lands and improvements to lands located in said levee district;

d. That each tract of land and each land improvement in said levee district will be assessed for its pro rata share of said costs and expenses based upon the ratio that the assessed value of each tract of land and the assessed value of each land improvement bears to the total assessed taxable value of all lands and all land improvements in said district; and

e. That all objections to said method of classification or reclassification shall be in writing and filed with the auditor of the county in which said land or land improvements are located before the time set for said hearing or with the board of trustees of said district at or before the time set for such hearing.

The notice need not show the amount of such costs and expenses to be apportioned to each such owner or to any particular tract of land or land improvement within such levee district.

3. If at or before the time set for said hearing as to such classification or reclassification, there shall have been filed with the county auditor, or auditors in case the district extends into more than one county, or with said board, a remonstrance or remonstrances or objections to such method of classification or reclassification signed by owners of land and land improvements in the levee district aggregating sixty percent of the total assessed value of the lands plus land improvements in said district as shown by the taxing records in said county or counties in which said district is located, the board shall abandon the alternative method of classification or reclassification herein authorized. The board may then proceed to classify the lands in said levee district as authorized under sections 468.38 through 468.44 or may proceed to reclassify the same as authorized under section 468.65 unless said remonstrances and objections filed as above provided are filed by a majority of the landowners in the levee district and these remonstrants and objectors in the aggregate own seventy percent or more of the acreage of lands in the levee district and, in writing, object to any reclassification of any kind, then the board shall not reclassify the lands within the district under the provision of this section nor shall the same be reclassified under the provisions of section 468.65.

4. At the time fixed or at any adjourned hearing if the remonstrances and objections filed at or before the hearing are not signed by sufficient number of owners, or the owners signing such re-

monstrances and objections do not meet the requirements hereinabove provided, then the board shall fully consider all objections and remonstrances and shall make a determination as to whether or not the costs and expenses shall be assessed:

a. By the alternative method hereinabove set forth; or

b. As provided by sections 468.38 through 468.44; or

c. That the land should be reclassified as provided in section 468.65; or

d. On the basis of a then existing classification of lands.

5. If the board shall determine that the cost and expenses shall be assessed on the basis of assessed taxable value as hereinabove provided, then such basis shall be used for all future assessments made for the purposes of said levee district except if said assessed taxable value of lands and land improvements in said levee district may be changed or revised by the county assessor in the county or counties in which the same are located for general tax purposes, then any such revision made in the assessed taxable value by any such county assessor shall automatically constitute a revision of the classification of such land or land improvements for future assessments made by the board for the purpose of said levee district.

6. In lieu of the hearing provided for in the preceding subsections, the board may, and if the petition of owners provided for in the preceding subsections so asks, the board shall call for an election for the purpose of determining the question of classification on the basis of assessed value of lands and land improvements. The question may be submitted at a regular election of the district or at a special election called for that purpose. It shall not be mandatory for the county commissioner of elections to conduct the elections, however provisions of sections 49.43 through 49.47 and of subchapter III of this chapter, insofar as the same are applicable, shall govern all such elections, and the question to be submitted shall be set forth in the notice of election. If sixty percent of the votes cast be in favor of the proposed change in assessment, it shall become effective for all future assessments as heretofore provided in this section. If the question should fail, no new election on the subject may be called for a period of one year.

7. When a levee district has been established and constructed, as an alternative to the other methods prescribed by law, upon reclassification, the levee district may adopt a method of classification and assessment uniform as to all land in the district, including railroad land, public highways and other public land and land exempt from general taxation, based on the total amount to be assessed divided by the total acres within the district. This method of classification and assessment may be adopted either by hearing or by election and shall become effective as heretofore pro-

vided in this section.

8. When a drainage district or drainage and levee district has been established and constructed, and after the lands therein have been classified in accordance with the provisions of sections 468.39, 468.40, and 468.41 or reclassified in accordance with section 468.65, the district may adopt methods of assessment for maintenance, repair, and operation of said district uniform as to all land in the district in the same manner and by the same procedures as prescribed in subsections 1 through 7 of this section. Provided, however, that only those lands drained by respective mains and laterals shall be assessed for maintenance, repair, and operation of said mains and laterals, and provided further that this alternate method of assessment shall not be applied to making improvements in the drainage system.

9. Following the adoption of any alternative method of classification or assessment as provided in this section, the same shall continue in effect until such time as the method is changed pursuant to this section or to section 468.65.

10. All proceedings taken prior to July 1, 1968, purporting to establish or re-establish a drainage or levee district or districts, or to enlarge or change the boundaries of any drainage or levee district, and any assessments not heretofore declared invalid by any court, are hereby legalized, validated, and confirmed.

The foregoing shall not be construed to affect any litigation that may be pending at the time this section becomes effective involving the establishment, re-establishment, enlargement, or change in boundaries or any assessments of drainage or levee districts.

1. When any person proposes to construct a pipeline, electric transmission line, communication line, underground service line, or other similar installations on, over, across, or beneath the right of way of any drainage or levee district, such person shall, before beginning construction, obtain from the drainage or levee district an easement to cross the district's right of way. The governing body of the district shall require such person to agree to comply with subsection 3 of this section and may, as a condition of granting such easement, attach thereto such additional conditions as

they deem necessary. When the necessary easement has been obtained, such person shall construct the installation at the person's own expense and shall pay all costs of any reconstruction, relocation, modification, or reinstallation of the drainage or levee district's facility which may be necessary as a result of construction of the installation for which the easement was granted.

2. After construction of the installation has been completed in accordance with all conditions under which the easement is granted, the drainage or levee district shall maintain its facility at its own expense, and the person who constructed the installation, or the person's successors in interest, shall maintain the installation at the person's or successor's own expense. If the drainage or levee district subsequently undertakes any maintenance, improvement, or reconstruction of its facility which requires the modification, relocation, or reconstruction of the installation, the expense of such modification, relocation, or reconstruction shall be borne by the person who constructed the installation or the person's successors in interest.

3. When the construction of a public highway, or any installation for which an easement has been obtained under subsection 1 of this section, on, over, across, or beneath the right of way of any drainage or levee district disturbs or requires replacement of any portion of a tile drain less than twenty inches in diameter, and a portion of such drain will remain wholly or partially exposed after the construction project has been completed, the portion which is to remain exposed and not less than three feet of such drain immediately on either side of the portion which is to remain exposed, shall be replaced either with steel pipe of not less than sixteen gauge or polyvinyl chloride pipe conforming to current industry standards regarding diameter and wall thickness.

**468.187 Agreements with outside owners or other districts.**

1. The facilities of the district furnishing the service shall not be overburdened.

2. There shall be no additional cost to the district furnishing the service.

3. The agreement shall be in writing, be made a part of the drainage records and shall include the following:

a. The description of the lands to be served;

b. The location of tile lines constructed or to be constructed;

c. The consideration to be paid to the district furnishing the service and the classification of the lands to be served; and

d. Such other provisions as the board deems necessary.

**468.188 Public improvements which divide a district — procedure.**

If it should develop that any type of public improvement, other than the forces of nature, has caused such a change in the district as to effectively sever and cut off some of the land in the district from other lands in the district and from the improvements in the district in such a way as to deprive the land of any further benefits from the improvement, or in some manner to divide the benefits that may be derived from two separated portions of the improvement, then the board of supervisors or the board of trustees in charge may upon notice to interested parties and hearing as provided by this subchapter, parts 1 through 5, for the original establishment of a district make an order to remove lands so deprived of benefits from the district without any reclassification, or may subdivide the district into two separate entities if the public improvement splits the district into two separate units, each of which may still derive some separate benefits from the separated portions of the district.

If the public improvement is such as to leave two separate portions of the improvement that are still operable and of benefit to the land on each side of the division made by the public improvement, then the board may divide the district into two separate units so that each may perform further work on the improvements in their respective parts, but neither shall be charged for work completed on the opposite side of the new improvement that divides them and may only be charged for the work done in that portion of the district remaining on their side of the division.

The same authority provided in this section shall vest in the board of supervisors or the board of trustees in the event a drainage district in any manner relinquishes its control over any portion of its improvements or its obligation to maintain same to another district and lands may be removed from the district or the district may be divided as provided in this section.

The board may further in dividing the district award to each of the separated portions of the district the improvement remaining in each portion, determine the value of the improvement so remaining on each side and secondly determine the contributions of the lands in the separated portions to the improvements and the upkeep of the earlier district, and if the contribution is proportionate neither side shall owe the other portion of

the district any money, but if contribution is disproportionate, the board shall determine an equitable adjustment and the amount of payment required for one portion to pay to the other to buy the existing improvement.

If land is eliminated from any further benefits, there need not be any reclassification and the board may remove the same from the district in the same manner as if the land has been destroyed in whole by the erosion of a river and spread any deficiency in assessment among the remaining lands as provided by section 468.49.

“*Type of public improvement*” for the purpose of this section includes drainage or levee improvements or new highways.

PART 2

FEDERAL FLOOD CONTROL COOPERATION

**468.201 Plan of improvement.**

1. Whenever the government of the United States acting through its proper agencies or instrumentalities will undertake the original construction of improvements or the repair or alteration of existing improvements which will accomplish the purposes for which the district was established or aid in the accomplishment thereof and shall cause to be filed in the office of the auditor of the county in which said district is located a plan of such improvement or for the repair or alteration of existing improvements, the board shall have jurisdiction, power and authority, upon the notice, hearing and determination hereinafter provided, to adopt such plan of improvement or of repair or alteration of existing improvements and to provide necessary right of way therefor; and to pay such portion of all costs and damages incident to the adoption of such plan, the construction thereunder and the maintenance and operation of the works as will not be discharged by the federal government under legislation existing at the time of adoption; also to enter into such agreements with the United States government as may be necessary to meet federal requirements including the taking over, repair and maintenance of the works

and to perform under such agreements.

2. If the cost to the district of the repair or alteration of existing improvements contemplated by this section does not exceed twenty-five percent of the sum of the original cost to the district and the cost of subsequent improvements, including all federal contributions, the board may proceed under the provisions of section 468.126, without notice and hearing, and without appraisal as contemplated by section 468.210, but the remaining provisions of this section and sections 468.202 through 468.216 that are not in conflict with section 468.126 shall remain applicable.

If the federal program divides a project into separate phases, each phase shall be considered a separate program as described in section 468.126, subsection 4, and shall in no event be construed as an unauthorized division into separate programs to avoid the twenty-five percent limitation prescribed for making improvements under said section 468.126, subsection 4, without notice and hearing.

**468.220 Occupancy and use permitted — assessments paid.**

Any levee or drainage district organized, or in the process of being organized, under the laws of this state may occupy and use for any lawful levee or drainage purpose land owned by the state of Iowa, upon first obtaining permission to do so from the state or state agency controlling the same.

In the case of lands lying within the beds of meandered streams and border streams the permission shall be obtained from the natural resource commission of the department of natural resources. In the case of lands that are under the control of no office or agency of the state, then the permission shall be obtained from the executive council.

Such permission shall not be unreasonably withheld and shall be in the form of an easement executed by the governor or in the case of an agency, by the chairperson or presiding officer thereof, and when once granted shall be perpetual, except that if no use is made of the same for a period of five years such permission shall immediately thereafter expire.

All uses and occupancies as contemplated by this section existing on July 4, 1961, are hereby legalized.

**468.230 Administrators appointed.**

The county board of supervisors of any county of this state in which one or more drainage districts are established may by resolution establish a board of county drainage administrators. All of the powers, duties, and responsibilities now or hereafter conferred on county boards of supervisors in this chapter shall thereupon be transferred to and thereafter exercised by the board of county drainage administrators. A drainage or levee district may be established pursuant to subchapter III.

The members first appointed shall hold office for terms of one, two, and three years respectively, as indicated and fixed by the county board of supervisors. Thereafter, succeeding members shall be appointed for a term of three years, except that vacancies occurring otherwise than by expiration of a term shall be filled by appointment for the unexpired term. Any member of the board of county drainage administrators who shall cease to have any of the qualifications prescribed by this section shall thereupon be disqualified as a member of the board and the office shall be deemed vacant. Members of the board of county drainage administrators may be removed by the county board of supervisors for cause, but every such removal shall be by

The administrators shall file with the auditor or auditors, as the case may be, itemized, verified statements of their time devoted to the business of the district and the expenses incurred. If the administrators transact business of more than one district on a given day, they shall prorate their claims for compensation proportionately among the districts served on that day, but in no case shall a member of the board of county drainage administrators claim or receive a sum in excess of seventeen dollars and fifty cents, plus actual and necessary expenses, for a single day.

The board may issue general obligation bonds to pay any part of the cost of improvements authorized in this subchapter, parts 1 through 5. The bonds shall be issued according to the provisions of chapter 384, division III, relating to general obligation bonds for essential corporate purposes.

## PART 6

## DISSOLUTION OF DRAINAGE DISTRICTS

**468.250 Jurisdiction to dissolve districts and abandon or transfer improvements.**

Drainage or levee districts may be dissolved and abandoned or assimilated by the procedures prescribed by this part.

1. When any drainage or levee district is free from indebtedness and it shall appear that the necessity therefor no longer exists or that the expense of the continued maintenance of the ditch or levee is in excess of the benefits to be derived therefrom, the board of supervisors or board of trustees, as the case may be, shall have power and jurisdiction, upon petition of a majority of the landowners, who, in the aggregate, own sixty percent of all land in such district, to abandon the same and dissolve and discontinue such districts in the manner prescribed by sections 468.251 through 468.255. Nothing in this subsection shall prevent the board from eliminating land from a drainage district as permitted under section 468.188.

2. When one drainage or levee district, either intracounty or intercounty, includes within its territory all of the territory of one or more other drainage or levee districts, and it appears that one assessment and one governing body would be to the benefit of the owners and occupants of the land within the mutual jurisdiction of the overlying and the contained districts, the board of supervisors or

board of trustees may effect the dissolution of a contained district and the transfer of jurisdiction and control over that contained district's improvements to the overlying district, in the manner prescribed by sections 468.256 through 468.261.

[C35, §7598-g1; C39, §7598.11; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §456.1]  
89 Acts, ch 126, §2  
CS89, §468.250

**468.251 Notice of hearing.**

Upon the filing of such petition the board shall enter an order fixing the date for hearing thereon not less than forty days from the date of the filing thereof and shall enter an order directing the county auditor, if such district is under the control of the board of supervisors, or the clerk of the board, if under the control of a board of trustees, to immediately cause notice of hearing thereon to be served on the owners of lands in such district as may then be provided by law in proceedings for the establishment of a drainage or levee district.

[C35, §7598-g2; C39, §7598.12; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §456.2]  
89 Acts, ch 126, §2  
CS89, §468.251

**468.252 Hearing on petition.**

At the time set for hearing on said petition the board shall hear and determine the sufficiency of the petition as to form and substance (which petition may be amended at any time before final action thereon), and all objections filed against the abandonment and dissolution of such district. If it shall find that such district is free from indebtedness and that the necessity for the continued maintenance thereof no longer exists or that the expense of the continued maintenance of such district is not commensurate with the benefits derived therefrom, it shall enter an order abandoning and dissolving such district, which order shall be filed with the county auditor of the county or counties in which such district is situated and noted on the drainage record.

The hearing shall be convened at the time and place fixed in accordance with section 468.257, subsection 1, and the procedure at the hearing shall be as prescribed by this section.

1. The board of the contained district shall first hear all objections filed against the dissolution of the district and the surrender of its improvements to the overlying district. If, at the conclusion of that portion of the hearing, that board finds that the contained district is free of debt, that the economic benefits of the continued maintenance of that district would not be commensurate with its cost, and that it would be advantageous to dissolve and discontinue the contained district and surrender its improvements and rights of way to the overlying district, it shall enter an order dissolving the contained district and directing the surrender of its improvements and rights of way, conditioned on acceptance by the overlying district.

2. Immediately thereafter, the board of the overlying district shall hear all objections filed

against the acceptance of the contained district's improvements and their maintenance. If it finds that the improvements are conducive to the drainage of surface waters from agricultural lands and all other lands in the overlying district or the protection of the lands from overflow, it shall enter an order accepting the improvements and rights of way of the contained district.

3. Orders issued pursuant to subsections 1 and 2 shall be filed with the county auditor of the county or counties in which the affected districts are situated and noted on the drainage record.

4. If at or before the time set for the hearing there have been filed with the county auditor or auditors, if either the contained or overlying district extends into more than one county, or with the board of either district, one or more remonstrances or objections to the dissolution of the contained district, or to the acceptance of that district's improvements and rights of way by the overlying district, signed by owners of land and land improvements in either district aggregating sixty percent of the total assessed value of the land in that district as shown by the taxing records in the county or counties in which that district is located, the board to which the remonstrances or objections have been made shall abandon its proposed action.

#### **468.259 Election in lieu of hearings.**

In lieu of the hearings provided for in section 468.258, the board of either district may call an election for the purpose of determining the dissolution of the contained district or the acceptance of that district's improvements and rights of way by the overlying district. The questions may be submitted at a regular election of the district or at a special election called for that purpose. It is not mandatory for the county commissioner of elections to conduct the elections, however the provisions of sections 49.43 to 49.47, and of subchapter III of this chapter, as they are applicable, shall govern the elections, and the question to be submitted shall be set forth in the notice of election.

1. If sixty percent or more of the votes cast are in favor of the proposed dissolution of the contained district involved, the board of that district shall enter an order dissolving the contained district and directing the surrender of its improvements and rights of way, conditioned on acceptance by the overlying district.

2. If sixty percent or more of the votes cast in the overlying district are in favor of the proposed acceptance by that district of the contained district's improvements and rights of way, the board of the overlying district shall enter an order accepting the improvements and rights of way of the

contained district.

3. Orders issued pursuant to subsections 1 and 2 shall be filed with the county auditor of the county or counties in which the affected districts are situated and noted on the drainage record.

#### **468.260 Effect of dissolution, surrender and acceptance.**

1. It is presumed that the classification of the lands which were included in the dissolved district, as previously determined by the commissioners in the classification of those lands as a part of the overlying district, remains equitable and no reclassification of the overlying district or any part of it is necessary.

2. The improvements surrendered and accepted are at all times under the supervision of the board of the overlying district, and it is the duty of that board to keep the improvements in repair as provided in section 468.126 as fully and completely as though the improvements were a part of the original construction or improvements in the overlying district.

3. It is presumed that:

a. The improvements surrendered and accepted are an integral part of the overlying district's improvements, and are a public benefit and conducive to the public health, convenience and welfare.

b. No value is taken into consideration for the existing improvements nor is credit given to the parties owning them, and they shall not be considered an asset of the district that is dissolved.

4. The original cost and the subsequent cost of improvements in the district that has been dissolved are added to and become a part of the original cost and the subsequent cost of improvements in the overlying district.

**468.355 Authorization.**

The board of supervisors of any county or counties in which a drainage or levee district has been organized as by law provided, may establish and maintain a pumping station or stations, when and where the same may be necessary to secure a proper outlet for the drainage of the land comprising the district or any portion thereof, and the cost of construction and maintenance of said pumping station or stations shall be levied upon and collected from the lands in the district benefited by such pumping station or stations, in the same manner as provided for in the construction and maintenance of said districts.

The lands benefited by such pumping station shall be determined by the board on said petition and report of the engineer, and such other evidence as it may hear. No additional land shall be taken into any such drainage district after the improvements therein have been substantially completed, unless one-third of the owners of the land proposed to be annexed have petitioned therefor or consented in writing thereto.

However, the board of supervisors may install a temporary portable pumping station to remove flood waters in an emergency. The board of supervisors shall levy and collect the cost of the purchase, operation and maintenance of the pumping station from the lands in the district benefited by the pumping station in the same manner as pro-

vided for in the construction and maintenance of a drainage or levee district. For the purpose of this paragraph an emergency occurs when ponded or standing water does not freely flow to the outlet ditch and the capacity of the outlet ditch is not fully used.

Such improvement shall be presumed to be conducive to the public health, convenience, welfare, or utility.

[C97, §1975; C24, 27, 31, 35, 39, §7744; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §466.1]

If the amount necessary to pay for the improvement exceeds said sum, it shall be levied and collected in annual installments of twenty or less. If the assessment is not paid the treasurer shall sell all lands upon which the assessment remains unpaid, at the same time, and in the same manner, as is now by law provided for the sale of lands for delinquent taxes, including all steps up to the execution and delivery of the tax deed. The landowners shall take notice of and pay the assessments without other or further notice than as is provided for in this part. PART 7

INTERSTATE DRAINAGE DISTRICTS

**468.400 Cooperation — procedure.**

When proceedings for the drainage of lands bordering upon the state line are had and the total cost of constructing the improvement in this state, including all damage, has been ascertained, and the engineer in charge, before the final establishment of the district, reports that the establishment and construction of such improvement ought to be jointly done with like proceedings for the drainage of lands in the same drainage area in such an adjoining state and that drainage proceedings are pending in such state for the drainage of such lands, the said authorities of this state may enter an order continuing the hearing on the establishment of such district to a fixed date, of which all parties shall take notice.

CS89, §468.400

**468.401 Agreement as to costs.**

The board shall have power, when the total cost, including damages, of constructing the improvement in such other state has been ascertained by the authorities of such other state, to enter into an agreement as to the separate amounts which the property owners of each state should in equity pay toward the construction of the joint undertaking. When such amount is thus determined, the board or boards having jurisdiction in this state shall enter the same in the minutes of their proceedings and shall proceed therewith as though such amount to be paid by the portion of the district in this state had been originally determined by them as the cost of constructing the improvement in this state.

[SS15, §1989-a77; C24, 27, 31, 35, 39, §7754; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §467.3]

**468.403 Separate contracts.**

The contract or contracts for the construction of that portion of the improvement within this state shall be entirely distinct and separate from the contract or contracts let by the authorities of the neighboring state; but the aggregate amount of the contract or contracts for the construction of the work within this state shall not exceed an amount equal to the amount of the benefits assessed in this state including damages and other expenses.

CS89, §468.403

**468.404 Conditions precedent.**

No contract shall be let until the improvement shall be finally established in both states, and after the final adjustment in both states of damages and benefits. No bonds shall be issued until all litigation in both states arising out of said proceedings has been finally terminated by actual trial or

agreements, or the expiration of all right of appeal.

All such proceedings shall relate only to the lands of such district which are located wholly within this state. Boards having jurisdiction in this state may make just and equitable agreements with like authorities in such adjoining state for the joint management, repair, and maintenance of the entire improvement, after the establishment and completed construction thereof.

The assessment or expenses incidental thereto, for the payment of drainage bonds or improvement certificates under this part, shall not be levied against any tract of land if the owner of the land had previously paid all of the owner's assessment. The assessment shall be assessed and levied by the board of supervisors upon the lands within the drainage district, in the same proportion as the original assessment. A copy of the order entered by the court shall be filed by the clerk of the district court with the county auditor, and the schedule of payments of the indebtedness of the drainage district as fixed and determined by the court shall be entered upon the drainage records of the drainage district and also spread upon the tax records of the county, and shall become due and payable at the same time as ordinary taxes, and shall be collected in the same manner with the same interest for delinquency, and the same manner of enforcing collection by tax sale. **468.620 Boundary between two counties.**

If any controversy referred to in section 468.619 relates to a boundary line between adjoining owners which is also the boundary line between two counties, then such controversy shall be determined by the joint action of the boards of supervisors in said two adjoining counties, and all the proceedings shall be the same as provided in section 468.619 except that it shall be by the joint action of the boards of the two counties.

**468.621 Drainage in course of natural drainage — reconstruction — damages.**

Owners of land may drain the land in the general course of natural drainage by constructing or reconstructing open or covered drains, discharging the drains in any natural watercourse or depression so the water will be carried into some other natural watercourse, and if the drainage is wholly upon the owner's land the owner is not liable in damages for the drainage unless it increases the quantity of water or changes the manner of discharge on the land of another. An owner in constructing a replacement drain, wholly on the owner's land, and in the exercise of due care, is not liable in damages to another if a previously constructed drain on the owner's own land is rendered inoperative or less efficient by the new drain, unless in violation of the terms of a written contract. This section does not affect the rights or liabilities of proprietors in respect to running streams.

**468.622 Drainage connection with highway.**

When the course of natural drainage of any land runs to a public highway, the owner of such land shall have the right to enter upon such highway for the purpose of connecting the owner's drain or ditch with any drain or ditch constructed along or across the said highway, but in making such connections, the owner shall do so in accordance with specifications furnished by the highway authorities having jurisdiction thereof, which specifications shall be furnished to the owner on application. The owner shall leave the highway in as good condition in every way as it was before the said work was done.

If a tile line or drainage ditch must be projected across the right of way to a suitable outlet, the expense of both material and labor used in installing the tile line or drainage ditch across the highway and any subsequent repair thereof shall be paid from funds available for the highways affected.

Such plat book shall consist of sheets of paper interbound by sheets of tracing cloth with proper heading, margin, and binding edge. Said plat book shall be used for keeping a record of drainage systems filed by any landowner. Plats so offered for record shall be drawn to scale on paper measuring eight and one-half by eleven inches, giving distances in feet and indicating the size of tile used, length and location of tile lines as installed with reference to government corners and subdivisions.

The board shall notify all affected parties of such petition, and set a date for a hearing on the petition. The board may adjourn the proceedings from day to day, but no adjournment shall be for more than ten days, and may order such engineering examinations, reclassifications of lands and appraisals of damages as they deem necessary. At the completion of the hearing the supervisors shall re-establish the original records or establish a revised record and basis for apportionment of costs and damages as they find equitable and advisable, and may order such repairs or reconstruction as they find to be needed. All cost of such re-establishment or revisions of records, and of the needed repair or reconstruction shall be apportioned in accordance with the basis established.

91 Acts, ch 253, §17, 18

**470.2 Policy — analysis required.**

The general assembly declares that energy management is of primary importance in the design of publicly owned facilities. Commencing

January 1, 1980, a public agency responsible for the construction or renovation of a facility shall, in a design begun after that date, include as a design criterion the requirement that a life cycle cost analysis be conducted for the facility. The objectives of the life cycle cost analysis are to optimize energy efficiency at an acceptable life cycle cost. The life cycle cost analysis shall meet the requirements of section 470.3.

[C81, §470.2]

#### 470.3 Elements of analysis.

1. A life cycle cost analysis shall include but is not limited to the following elements:

*a.* Specification of energy management objectives and health, safety and functional constraints. The facility design shall comply with applicable state or local building code requirements.

*b.* Identification of the energy needs of the facility and energy system alternatives to meet those needs.

*c.* Cost of the energy system alternatives identified in paragraph "b" of this subsection.

*d.* Determination of amounts and timing of cash flow.

*e.* Calculation of life cycle cost using an economic model such as, but not limited to, rate of return, annual equivalent cost or present equivalent cost.

*f.* Evaluation of design and system alternatives using a method such as, but not limited to, design matrixes, ranking tables or network analysis.

2. A public agency or a person preparing a life cycle cost analysis for a public agency shall consider the methods and analytical models provided by the department and available through the commissioner, which are suited to the purpose for which the project is intended. Within sixty days of final selection of a design architect or engineer, a public agency, which is also a state agency under section 7D.34, shall notify the commissioner and the department of the methodology to be used to perform the life cycle cost analysis, on forms provided by the department.

[C81, §470.3]

88 Acts, ch 1179, §6; 91 Acts, ch 253, §19

#### 470.4 Analysis approved.

The life cycle cost analysis shall be approved by the public agency before contracts for the construction or renovation are let. A public agency may accept a facility design and shall meet the requirements of this chapter if the design meets the operational requirements of the agency and provides the optimum life cycle cost. The public agency shall retain a copy of the life cycle cost analysis and a statement justifying a design decision both of which shall be available for public inspection at reasonable hours.

[C81, §470.4]

#### 470.5 Exceptions.

This chapter does not apply to buildings used on January 1, 1980 by the division of adult corrections of the department of human services as maximum security detention facilities or to the renovation of property nominated to, or entered in the national register of historic places, designated by statute, or included in an established list of historic places compiled by the historical division of the department of cultural affairs.

[C81, §470.5; 82 Acts, ch 1238, §22]

83 Acts, ch 96, §157, 159

#### 470.6 Restriction on use of public funds.

Public funds shall not be used for the construction or renovation of a facility unless the design for the work is prepared in accordance with this chapter and the actual construction or renovation meets the requirements of the design.

[C81, §470.6]

#### 470.7 Life cycle cost analysis — approval.

The public agency responsible for the new construction or renovation of a public facility shall submit a copy of the life cycle cost analysis for review by the commissioner who shall consult with the department. If the public agency is also a state agency under section 7D.34, comments by the department or the commissioner, including any recommendation for changes in the analysis, shall, within thirty days of receipt of the analysis, be forwarded in writing to the public agency. If either the department or the commissioner disagrees with any aspects of the life cycle cost analysis, the public agency affected shall timely respond in writing to the commissioner and the department. The response shall indicate whether the agency intends to implement the recommendations and, if the agency does not intend to implement them, the public agency shall present its reasons. The reasons may include, but are not limited to, a description of the purpose of the facility or renovation, preservation of historical architectural features, architectural and site considerations, and health and safety concerns.

Within thirty days of receipt of the response of the public agency affected, the department, the commissioner, or both, shall notify in writing the public agency affected of the department's, the commissioner's, or both's agreement or disagreement with the response. In the event of a disagreement, the department, the commissioner, or both, shall at the same time transmit the notification of disagreement with response and related papers to the executive council for resolution pursuant to section 7D.34. The life cycle cost analysis process, including submittal and approval, and implementation exemption requests pursuant to section 470.8, shall be completed prior to the letting of contracts for the construction or renovation of a facility.

**470.8 Life cycle cost analysis — implementation and exemptions.**

The public agency responsible for the new construction or renovation of a public facility shall implement the recommendations of the life cycle cost analysis.

The commissioner, in consultation with the director, shall, by rule, develop criteria to exempt facilities from the implementation requirements of this section. Using the criteria, the commissioner,

in cooperation with the director, shall exempt facilities on a case by case basis. Factors to be considered when developing the exemption criteria shall include, but not be limited to, a description of the purpose of the facility or renovation, the preservation of historical architectural features, site considerations, and health and safety concerns. The commissioner and the director shall grant or deny a request for exemption from the requirements of this section within thirty days of receipt of the request.

#### 473.2 Findings.

The general assembly finds that the health, welfare, and prosperity of all Iowans require the provision of adequate, efficient, reliable, environmentally safe, and least-cost energy at prices which ac-

curately reflect the long-term cost of using such energy resources and which are equitable to all Iowans. The goals and objectives of this policy are to ensure the following:

1. *Efficiency.* The provision of reliable energy at the least possible cost to Iowans in such manner that:

a. Physical, human, and financial resources are allocated efficiently.

b. All supply and demand options are considered and evaluated using comparable terms and methods in order to determine how best to meet consumers' demands for energy at the least cost.

2. *Environmental quality.* The protection of the environment from the adverse external costs of an energy resource utilization so that:

a. Environmental costs of proposed actions having a significant impact on the environment and the environmental impact of the alternatives are identified, documented, and considered in the resource development.

b. The prudently and reasonably incurred costs of environmental controls are recovered.

### 473.3 Energy efficiency goal.

The goal of this state is to more efficiently utilize energy resources, especially those that are nonrenewable or that have negative environmental impacts, in order to enhance the economy of the state and to decrease the state's dependence on energy resources from outside the state by reducing the amount of energy used. This goal is to be implemented through the development of programs that promote energy efficiency and energy conservation by all Iowans, through the development and enhancement of an energy efficiency industry, through the development of indigenous energy resources that are economically and environmentally viable, and through the development and implementation of effective public information and education programs.

State government shall be a model and testing ground for the use of energy efficiency systems.

of the state. The plan shall include but is not limited to the following elements:

a. The historical use and distribution of energy in Iowa.

b. The growth rate of energy consumption in Iowa.

c. A projection of Iowa's energy needs at a minimum of ten years into the future.

d. The impact of meeting Iowa's energy needs on the economy of the state.

e. The impact of meeting Iowa's energy needs on the environment of the state.

f. An evaluation of alternative sources and uses of energy.

g. Legislative recommendations that may be necessary as a basis for a state policy for the development and efficient utilization of energy resources.

h. An evaluation of the ability of existing laws and regulations surrounding the utilization of energy resources.

The department shall develop the plan with the assistance of, and in consultation with, representatives of the energy industry, economic interests, the public, and other interested parties. The department shall submit a report to the general assembly concerning the status and implementation of the plan on a biennial basis. The biennial update shall contain an evaluation of all state energy programs including expected versus actual benefits and forecasts of future energy demand in Iowa.

2. Identify a state facility in the state to be used as a marketing tool to promote energy conservation by providing a showcase for the department to demonstrate energy efficiency.

3. The department shall exchange information with other states on energy and especially on the allocation of fuel and shall request all information necessary to determine the reasonableness of any reduction of Iowa's fuel allocation.

4. Establish a central depository within the state for energy data. The central depository shall be located at or accessible through a library which is a member of an interlibrary loan program to facilitate access to the data and information contained in the central depository. The department shall collect data necessary to forecast future energy demands in the state. The department may require a supplier to provide information pertaining to the supply, storage, distribution and sale of energy sources in this state. The information shall be furnished on a periodic basis, shall be of a nature which directly relates to the supply, storage, distribution and sale of energy sources, and shall not include any records, documents, books or other data which relate to the financial position of the supplier. Provided the department, prior to requiring any supplier to furnish it with such information, shall make every reasonable effort to determine if the same is available from any other governmental source. If it finds such information is available, the department shall not require sub-

mission of the same from a supplier. Notwithstanding the provisions of chapter 22, information and reports obtained under this section shall be confidential except when used for statistical purposes without identifying a specific supplier and when release of the information will not give an advantage to competitors and serves a public purpose. The department shall use this data to conduct energy forecasts which shall be included in the biennial update required by this section.

The department may subpoena witnesses, administer oaths and require the production of records, books, and documents for examination in order to obtain information required to be submitted under this section. In case of failure or refusal on the part of any person to comply with a subpoena issued by the department, or in case of the refusal of any witness to testify as to any matter regarding which the witness may be interrogated under this chapter, the district court, upon the application of the department, may order the person to show cause why the person should not be held in contempt for failure to testify or comply with a subpoena, and may order the person to produce the records, books, and documents for examination, and to give testimony. The courts may punish for contempt as in the case of disobedience to a like subpoena issued by the court, or for refusal to testify.

5. Develop, recommend, and implement with appropriate agencies public and professional education and communication programs in energy efficiency, energy conservation, and conversion to alternative sources of energy.

6. When necessary to carry out its duties under this chapter, enter into contracts with state agencies and other qualified contractors.

7. Receive and accept grants made available for programs relating to duties of the department under this chapter.

8. Promulgate rules necessary to carry out the provisions of this chapter, subject to review in accordance with chapter 17A. Rules promulgated by the governor pursuant to a proclamation issued under the provisions of section 473.8 shall not be subject to review or a public hearing as required in chapter 17A; however, agency rules for implementation of the governor's proclamation are subject to the requirements of chapter 17A.

9. Examine and determine whether additional state regulatory authority is necessary to protect the public interest and to promote the effective development, utilization and conservation of energy resources. If the department finds that additional regulatory authority is necessary, the department shall submit recommendations to the general assembly concerning the nature and extent of such regulatory authority and which state agency should be assigned such regulatory responsibilities.

10. Develop and assist in the implementation of public education and communications programs in energy development, use and conservation, in co-operation with the department of education, the state university extension services and other public or private agencies and organizations as deemed appropriate by the department.

11. Develop a program to annually give public recognition to innovative methods of energy conservation.

12. Administer and coordinate federal funds for energy conservation programs including, but not limited to, the institutional conservation program, state energy conservation program, and energy extension service program, and related programs which provide energy management and conservation assistance to schools, hospitals, health care facilities, communities, and the general public.

13. Administer and coordinate the state building energy management program including projects funded through private financing.

14. Perform monthly fuel surveys which establish a statistical average of motor fuel prices for various motor fuels provided throughout the state. Additionally, the department shall perform monthly fuel surveys in cities with populations of over fifty thousand which establish a statistical average of motor fuel prices for various motor fuels provided in those individual cities. The survey results shall be publicized in a monthly press release issued by the department.

15. Conduct a study on activities related to energy production and use which contribute to global climate change and the depletion of the stratospheric ozone layer. The study shall identify the types and relative contributions of these activities in Iowa. The department shall develop a strategy to reduce emissions from activities identified as having an adverse impact on the global climate and the stratospheric ozone layer. The department shall submit a report containing its findings and recommendations to the governor and general assembly by January 1, 1992.

#### **473.8 Emergency powers.**

If the department by resolution determines the health, safety, or welfare of the people of this state is threatened by an actual or impending acute shortage of usable energy, it shall transmit the resolution to the governor together with its recommendation on the declaration of an emergency by the governor and recommended actions, if any, to be undertaken. Within thirty days of the date of

the resolution, the governor may issue a proclamation of emergency which shall be filed with the secretary of state. The proclamation shall state the facts relied upon and the reasons for the proclamation.

Pursuant to the proclamation of an emergency or in response to a declaration of an energy emergency by the president of the United States under the federal Emergency Energy Conservation Act of 1979, Pub. L. No. 96-102, the governor by executive order may:

1. Regulate the operating hours of energy consuming instrumentalities of state government, political subdivisions, private institutions and business facilities to the extent the regulation is not hazardous or detrimental to the health, safety, or welfare of the people of this state. However, the governor shall have no authority to suspend, amend or nullify any service being provided by a public utility pursuant to an order or rule of a federal agency which has jurisdiction over the public utility.

2. Establish a system for the distribution and supply of energy. The system shall not include a coupon rationing program, unless the program is federally mandated.

3. Curtail public and private transportation utilizing energy sources. Curtailment may include measures designed to promote the use of car pools and mass transit systems.

4. Delegate any administrative authority vested in the governor to the department or the director.

5. Provide for the temporary transfer of directors, personnel, or functions of state departments and agencies, for the purpose of performing or facilitating emergency measures pursuant to subsections 1 and 2.

6. Accept the delegation of other mandatory measures as allowed by the federal Emergency Energy Conservation Act of 1979, Pub. L. No. 96-102.

If the general assembly is in session, it may revoke by concurrent resolution any proclamation of emergency issued by the governor. If the general assembly is not in session, the proclamation of emergency by the governor may be revoked by a majority vote of the standing membership of the legislative council. Such revocation shall be effective upon receipt of notice of the revocation by the secretary of state and any functions being performed pursuant to the governor's proclamation shall cease immediately.

A violation of an executive order of the governor issued pursuant to this section is a scheduled violation as provided in section 805.8C, subsection 1. If the violation is continuous and stationary in its nature and subsequent compliance can easily be ascertained, an officer may issue a memorandum of warning in lieu of a citation providing a reason-

able amount of time not exceeding fourteen days to correct the violation and to comply with the requirements of the executive order.

#### 473.10 Reserve required.

1. If the department or the governor finds that an impending or actual shortage or distribution imbalance of liquid fossil fuels may cause hardship or pose a threat to the health and economic well-being of the people of the state or a significant segment of the state's population, the department or the governor may authorize the director to operate a liquid fossil fuel set-aside program as provided in subsection 2.

2. Upon authorization by the department or the governor the director may require a prime supplier to reserve a specified fraction of the prime supplier's projected total monthly release of liquid fossil fuel in Iowa. The director may release any or all of the fuel required to be reserved by a prime supplier to end-users or to distributors for release through normal retail distribution channels to retail customers. However, the specified fraction required to be reserved shall not exceed three percent for propane, aviation fuel and residual oil, and five percent for motor gasoline, heating oil, and diesel oil.

3. The department shall periodically review and may terminate the operation of a set-aside program authorized by the department under subsection 1 when the department finds that the conditions that prompted the authorization no longer exist. The governor shall periodically review and may terminate the operation of a set-aside program authorized by the governor under subsection 1 when the governor finds that the conditions that

**473.11 Energy conservation trust established — receipts and disbursements.**

1. *a.* The energy conservation trust is created within the state treasury. This state, on behalf of itself, its citizens, and its political subdivisions accepts any moneys awarded or allocated to the state, its citizens, and its political subdivisions as a result of the federal court decisions and United States department of energy settlements resulting from alleged violations of federal petroleum pricing regulations and deposits the moneys in the energy conservation trust.

*b.* The energy conservation trust is established to provide for an orderly, efficient, and effective mechanism to make maximum use of moneys available to the state, in order to increase energy conservation efforts and thereby to save the citizens of this state energy expenditures. The moneys in the funds in the trust shall be expended only upon appropriation by the general assembly and only for programs which will benefit citizens who may have suffered economic penalties resulting from the alleged petroleum overcharges.

*c.* The moneys awarded or allocated from each court decision or settlement shall be placed in a separate fund in the energy conservation trust. Notwithstanding section 12C.7, interest and earnings on investments from moneys in the trust shall be credited proportionately to the funds in the trust.

*d.* Unless prohibited by the conditions applying to a settlement, the petroleum overcharge moneys in the energy conservation trust may be used for the payment of attorney fees and expenses incurred by the state to obtain the moneys and shall be paid by the director of the department of administrative services from the available moneys in the trust subject to the approval of the attorney general.

*e.* However, petroleum overcharge moneys received pursuant to claims filed on behalf of the state, its institutions, departments, agencies, or political subdivisions shall be deposited in the general fund of the state to be disbursed directly to the appropriate claimants in accordance with federal guidelines and subject to the approval of the attorney general.

*f.* The moneys deposited under section 473.16 in the general fund of the state shall be used for research and development of selected projects to improve Iowa's energy independence by developing improved methods of energy efficiency, or by increased development and use of Iowa's renewable

nonresource-depleting energy resources. The moneys credited to the general fund of the state under section 556.18, subsection 3, shall be used for energy conservation and alternative energy resource projects. The projects shall be selected by the director and administered by the department. Selection criteria for funded projects shall include consideration of indirect restitution to those persons in the state in the utility customer classes and the utility service territories affected by unclaimed utility refunds or deposits.

Moneys deposited into the general fund of the state under sections 473.16, 476.51, and 556.18, subsection 3, are subject to the requirements of section 8.60.

2. The treasurer of state shall be the custodian of the energy conservation trust and shall invest the moneys in the trust, in consultation with the energy fund disbursement council established in subsection 3 and the investment board of the Iowa public employees' retirement system, in accordance with the following guidelines:

*a.* To maximize the rate of return on moneys in the trust while providing sufficient liquidity to make fund disbursements, including contingency disbursements.

*b.* To absolutely insure the trust against loss.

*c.* To use such investment tools as are necessary to achieve these purposes.

3. An energy fund disbursement council is established. The council shall be composed of the governor or the governor's designee, the director of the department of management, who shall serve as the council's chairperson, the administrator of the division of community action agencies of the department of human rights, a designee of the director of the department of natural resources who is knowledgeable in the field of energy conservation, and a designee of the director of transportation who is knowledgeable in the field of energy conservation. The council shall include as nonvoting members two members of the senate appointed by the president of the senate, after consultation with the majority leader and the minority leader of the senate, and two members of the house of representatives appointed by the speaker of the house, after consultation with the majority leader and the minority leader of the house. The legislative members shall be appointed upon the convening and for the period of each general assembly. Not more than one member from each house shall be of the same political party. The council shall be staffed by the department of natural resources. The attorney general shall provide legal assistance to the council.

The council shall do all of the following:

*a.* Oversee the investment of moneys deposited in the energy conservation trust.

*b.* Make recommendations to the governor and the general assembly regarding annual appropriations from the energy conservation trust.

*c.* Work with the department of natural re-

sources in adopting administrative rules necessary to administer expenditures from the trust, encourage applications for grants and loans, review and select proposals for the funding of competitive grants and loans from the energy conservation trust, and evaluate their comparative effectiveness.

*d.* Monitor expenditures from the trust.

*e.* Approve any grants or contracts awarded from the energy conservation trust in excess of five thousand dollars.

*f.* Prepare, in conjunction with the department of natural resources, an annual report to the governor and the general assembly regarding earnings of and expenditures from the energy conservation trust.

4. The director of the department of natural resources or the director's designee shall be the administrator of the energy conservation trust. The administrator shall disburse moneys appropriated by the general assembly from the funds in the trust in accordance with the federal court orders, law and regulation, or settlement conditions applying to the moneys in that fund, and subject to the approval of the energy fund disbursement council if such approval is required. The council, after consultation with the attorney general, shall immediately approve the disbursement of moneys from the funds in the trust for projects which meet the federal court orders, law and regulations, or settlement conditions which apply to that fund.

5. The following funds are established in the energy conservation trust:

*a.* The Warner/Imperial fund.

*b.* The Exxon fund.

*c.* The Stripper Well fund.

*d.* The Diamond Shamrock fund.

*e.* The office of hearings and appeals second-stage settlement fund.

6. The moneys in the fund in the energy conservation trust distributed to the state as a result of the federal court decisions finding oil companies in violation of federal petroleum pricing regulations shall be expended expeditiously, until all the receipts are depleted and shall be disbursed for projects which meet the strict guidelines of the five existing federal energy conservation programs specified in Pub. L. No. 97-377, § 155, 96 Stat. 1830, 1919 (1982). The council shall approve the disbursement of moneys from the fund in the trust for other projects only if the projects meet one or more of the following conditions:

*a.* The projects meet the guidelines for allowable projects under a modification order entered by the federal court in the case involving Exxon corporation.

*b.* The projects meet the guidelines for allowable projects under a directive order entered by the federal court in the case involving Exxon corporation.

*c.* The projects meet the guidelines for allowable projects under the regulations adopted or written clarifications issued by the United States department of energy.

*d.* The projects meet the guidelines for allowable projects under the petroleum violation settlement agreement expenditure plan approved by the United States department of energy.

7. On June 30, 2003, the energy fund disbursement council established in subsection 3 shall be dissolved. At that time, the department of natural resources shall be responsible for the disbursement of any funds either received or remaining in the energy conservation trust. These disbursements shall be for projects and programs consistent with the allowable uses for the energy conservation trust. Also, at that time, and annually thereafter, the state department of transportation shall report to the department of natural resources on the status of the intermodal revolving loan fund established in the department. In the fiscal year beginning July 1, 2019, the department of natural resources shall assume responsibility for funds remaining in the intermodal revolving loan fund and disburse them for energy conservation projects and programs consistent with the allowable uses for the energy conservation trust.

An energy loan fund is established in the office of the treasurer of state to be administered by the department.

1. The department may make loans to the state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations for implementation of energy conservation measures identified in a comprehensive engineering analysis. Loans shall be made for all cost-effective energy management improvements. For the state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations to receive a loan from the fund, the department shall require completion of an energy management plan including an energy audit and a comprehensive engineering analysis. The department shall approve loans made under this section.

2. Cities and counties shall repay the loans from moneys in their debt service funds. Area education agencies shall repay the loans from any moneys available to them.

School districts and community colleges may enter into financing arrangements with the department or its duly authorized agents or representatives obligating the school district or community college to make payments on the loans beyond the current budget year of the school district or community college. Chapter 75 shall not be applicable. School districts shall repay the loans from moneys in either their general fund or debt service fund. Community colleges shall repay the loans from their general fund. Other entities receiving loans under this section shall repay the loans from any moneys available to them.

3. The department may accept gifts, federal funds, state appropriations, and other moneys for deposit in the energy loan fund or may fund the energy loan fund in accordance with section 473.20A.

5. The state, state agencies, political subdivisions of the state, school districts, area education agencies, and community colleges shall design and construct the most energy cost-effective facilities feasible and shall use the financing made available by the department to cover the incremental costs above minimum building code energy efficiency standards of purchasing energy efficient devices and materials unless other lower cost financing is available. As used in this section, "facility" means a structure that is heated or cooled by a mechanical or electrical system, or any system of physical operation that consumes energy to carry out a process.

6. The department shall not require the state, state agencies, political subdivisions of the state, school districts, area education agencies, and community colleges to implement a specific energy conservation measure identified in a comprehensive engineering analysis if the entity which prepared the analysis demonstrates to the department that the facility which is the subject of the energy conservation measure is unlikely to be used or operated for the full period of the expected payback of the energy conservation measure.

The provisions of section 473.20 defining eligible energy conservation measures and the method of repayment of the loans apply to financings under this section.

The financing agreement may contain provisions, including interest, term, and obligations to make payments on the financing agreement beyond the current budget year, as may be agreed upon between the department of natural resources and the state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, or nonprofit organizations.

2. For the purpose of funding its obligation to furnish moneys under the financing agreements, or to fund the energy loan fund created in section 473.20, the treasurer of state, with the assistance of the department of natural resources, or the treasurer of state's duly authorized agents or representatives, may incur indebtedness or enter into master lease agreements or other financing arrangements to borrow to accomplish energy conservation measures, or the department of natural resources may enter into master lease agreements or other financing arrangements to permit the state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, or nonprofit organizations to borrow sufficient funds to accomplish the energy conservation measure. The obligations may be in such form, for such term, bearing such interest and containing such provisions as the department of natural resources, with the assistance of the treasurer of state, deems necessary or appropriate. Funds remaining after the payment of all obligations have been redeemed shall be paid into the energy loan fund.

3. The state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations may enter into financing agreements and issue obligations necessary to carry out the provisions of the chapter. Appropriations by member states for the financing of the operations of the commission in the initial biennium of the compact shall be in the amount of fifty thousand dollars for each member state. Thereafter the total amount of appropriations requested shall be apportioned among the member states in the manner determined by the commission. Failure of a member state to provide its share of financing is cause for the state to lose its membership in the compact.

*c.* The commission shall not incur any obligations of any kind prior to the making of appropriations adequate to meet the same, nor shall the commission pledge the credit of any of the member states, except by and with the authority of the member state.

*d.* The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. tomers and less than fifteen thousand access lines, municipally owned utilities, and unincorporated villages which own their own distribution systems are not subject to the rate regulation provided for in this chapter.

This chapter does not apply to waterworks having less than two thousand customers, municipally owned waterworks, joint water utilities established pursuant to chapter 389, rural water districts incorporated and organized pursuant to chapters 357A and 504, cooperative water associations incorporated and organized pursuant to chapter 499, or to a person furnishing electricity to five or fewer customers either by secondary line or from an alternate energy production facility or small hydro facility, from electricity that is produced primarily for the person’s own use.

A telephone company otherwise exempt from rate regulation and having telephone exchange facilities which cross state lines may elect, in a writing filed with the board, to have its rates regulated by the board. When a written election has been filed with the board, the board shall assume rate regulation jurisdiction over the company.

The jurisdiction of the board under this chapter shall include efforts designed to promote the use of energy efficiency strategies by rate or service-regulated gas and electric utilities.

**476.1A Applicability of authority — certain electric utilities.**

Electric public utilities having fewer than ten thousand customers and electric cooperative corporations and associations are not subject to the rate regulation authority of the board. Such utilities are subject to all other regulation and enforcement activities of the board, including:

1. Assessment of fees for the support of the division.
2. Safety and engineering standards for equipment, operations, and procedures.
3. Assigned area of service.
4. Pilot projects of the board.
5. Assessment of fees for the support of the Iowa energy center created in section 266.39C and the center for global and regional environmental research established by the state board of regents.
6. Filing alternate energy purchase program plans with the board, and offering such programs to customers, pursuant to section 476.47.
7. Filing energy efficiency plans and energy efficiency results with the board. The energy efficiency plans as a whole shall be cost-effective. The board may permit these utilities to file joint plans.

The board may waive all or part of the energy efficiency filing and review requirements for electric cooperative corporations and associations and electric public utilities which demonstrate superior or results with existing energy efficiency efforts.

However, sections 476.20, 476.21, 476.41 through 476.44, 476.51, 476.56, 476.62, and 476.66 and chapters 476A and 478, to the extent applicable, apply to such electric utilities.

Electric cooperative corporations and associations and electric public utilities exempt from rate regulation under this section shall not make or grant any unreasonable preferences or advantages as to rates or services to any person or subject any person to any unreasonable prejudice or disadvantage.

The board of directors or the membership of an electric cooperative corporation or association otherwise exempt from rate regulation may elect to have the cooperative's rates regulated by the board. The board shall adopt rules prescribing the manner in which the board of directors or the membership of an electric cooperative may so elect. If the board of directors or the membership of an electric cooperative has elected to have the

cooperative's rates regulated by the board, after two years have elapsed from the effective date of such election the membership of the electric cooperative may elect to exempt the cooperative from the rate regulation authority of the board.

**476.1B Applicability of authority — municipally owned utilities.**

1. Unless otherwise specifically provided by statute, a municipally owned utility furnishing gas or electricity is not subject to regulation by the board under this chapter, except for regulatory action pertaining to:

- a. Assessment of fees for the support of the division and the office of consumer advocate, as set forth in section 476.10.
- b. Safety standards.
- c. Assigned areas of service, as set forth in sections 476.22 through 476.26.
- d. Enforcement of civil penalties pursuant to section 476.51.
- e. Disconnection of service, as set forth in section 476.20.
- f. Discrimination against users of renewable energy resources, as set forth in section 476.21.
- g. Encouragement of alternate energy production facilities, as set forth in sections 476.41 through 476.45.
- h. Enforcement of section 476.56.
- i. Enforcement of section 476.66.
- j. Enforcement of section 476.62.
- k. Assessment of fees for the support of the Iowa energy center created in section 266.39C and the center for global and regional environmental research created by the state board of regents.

l. Filing energy efficiency plans and energy efficiency results with the board. The energy efficiency plans as a whole shall be cost-effective. The board may permit these utilities to file joint plans.

m. An electric power agency as defined in chapters 28F and 476A that includes as a member a city or municipally owned utility that builds transmission facilities after July 1, 2001, is subject to applicable transmission reliability rules or standards adopted by the board for those facilities.

n. Filing alternate energy purchase program plans with the board, and offering such programs to customers, pursuant to section 476.47.

2. The board may waive all or part of the energy efficiency filing and review requirements for municipally owned utilities which demonstrate superior results with existing energy efficiency efforts.

3. Unless otherwise specifically provided by statute, a municipally owned utility providing local exchange services is not subject to regulation by the board under this chapter except for regulatory action pertaining to the enforcement of

**476.1C Applicability of authority — certain gas utilities.**

1. Gas public utilities having fewer than two thousand customers are not subject to the regulation authority of the utilities board under this chapter unless otherwise specifically provided. Sections 476.10, 476.20, 476.21, and 476.51 apply to such gas utilities.

Gas public utilities having fewer than two thousand customers shall be subject to the assessment of fees for the support of the Iowa energy center created in section 266.39C and the center for global and regional environmental research created by the state board of regents and shall file energy efficiency plans and energy efficiency results with the board. The energy efficiency plans as a whole shall be cost-effective. The board may waive all or part of the energy efficiency filing requirements if the gas utility demonstrates superior results with existing energy efficiency efforts.

Gas public utilities having fewer than two thousand customers shall keep books, accounts, papers and records accurately and faithfully in the manner and form prescribed by the board. The board may inspect the accounts of the utility at any time.

A gas public utility having fewer than two thousand customers may make effective a new or changed rate, charge, schedule, or regulation after giving written notice of the proposed new or changed rate, charge, schedule, or regulation to all affected customers served by the public utility. The notice shall inform the customers of their right to petition for a review of the proposal to the utilities board within sixty days after notice is served if the petition contains the signatures of at least one hundred of the gas utility's customers. The notice shall state the address of the utilities board. The new or changed rate, charge, schedule, or regulation takes effect sixty days after such valid notice is served unless a petition for review of the new or changed rate, charge, schedule, or regulation signed by at least one hundred of the gas utility's customers is filed with the board prior to the expiration of the sixty-day period.

If such a valid petition is filed with the board within the sixty-day period, any new or changed rate, charge, schedule, or regulation shall take effect, under bond or corporate undertaking, subject to refund of all amounts collected in excess of those amounts which would have been collected under the rates or charges finally approved by the board. The board shall within five months of the date of filing make a determination of just and reasonable

rates based on a review of the proposal, applying established regulatory principles. The board may call upon the gas public utility and its customers to furnish factual evidence in support of or opposition to the new or changed rate, charge, schedule, or regulation. If the gas public utility disputes the finding, the utility may within twenty days file for further review, and the board shall docket the case as a formal proceeding under section 476.6, subsection 4, and set the case for hearing. The gas public utility shall submit factual evidence and written argument in support of the filing.

A gas public utility having fewer than two thousand customers shall not make effective a new or changed rate, charge, schedule, or regulation which relates to services for which a rate change is pending within twelve months following the date the petition to review the prior proposed rate, charge, schedule, or regulation was filed with the board or until the board has made its determination of just and reasonable rates, whichever date is earlier, unless the utility applies to the board for authority and receives authority to make a subsequent rate change at an earlier date.

Gas public utilities having fewer than two thousand customers shall not make or grant any unreasonable preferences or advantages as to rates or services to any person or subject any person to any unreasonable prejudice or disadvantage. Rates charged by a gas public utility having less than two thousand customers for transportation of customer-owned gas shall not exceed the actual cost of such transportation services including a fair rate of return.

2. If, as a result of a review of a proposed new or changed rate, charge, schedule, or regulation of a gas public utility having fewer than two thousand customers, the consumer advocate alleges in a filing with the board that the utility rates are excessive, the disputed amounts shall be specified by the consumer advocate in the filing. The gas public utility shall, within the time prescribed by the board, file a bond or undertaking approved by the board conditioned upon the refund in a manner prescribed by the board of amounts collected after the date of the filing which are in excess of rates or charges finally determined by the board to be lawful. If after formal proceeding and hearing pursuant to section 476.6 the board finds that the utility rates are unlawful, the board shall order a refund, with interest, of amounts collected after the date of filing of the petition that are determined to be in excess of the amounts which would have been collected under the rates finally approved. However, the board shall not order a refund that is greater than the amount specified in the petition, plus interest. If the board fails to render a decision within ten months following the date of filing of the petition, the board shall not order a refund of any excess amounts that are collected after the expiration of that ten-month period and prior to the

date the decision is rendered.

**476.1D Regulation and deregulation of communications services.**

1. Except as provided in this section, the jurisdiction of the board as to the regulation of communications services is not applicable to a service or facility that is provided or is proposed to be provided by a telephone utility that is or becomes subject to effective competition, as determined by the board.

*a.* In determining whether a service or facility is or becomes subject to effective competition, the board shall consider, among other factors, whether a comparable service or facility is available from a supplier other than the telephone utility in the geographic market being considered by the board and whether market forces in that market are sufficient to assure just and reasonable rates without regulation.

*b.* When considering market forces in the market proposed to be deregulated, the board shall consider factors including but not limited to the presence or absence of all of the following:

- (1) Wireless communications services.
- (2) Cable telephony services.
- (3) Voice over internet protocol services.
- (4) Economic barriers to the entry of competitors or potential competitors in that market.

*c.* In addition to other services or facilities previously deregulated, effective July 1, 2005, and at the election of each telephone utility subject to rate regulation, the jurisdiction of the board is not applicable to the retail rate regulation of business and retail local exchange services provided throughout the state except for single line flat-rated residential and business service rates provided by a telephone utility subject to rate regulation on January 1, 2005. For each such telephone utility, the initial single line flat-rated residential and business service rates shall be the corresponding rates charged by the utility as of January 31, 2005. The initial single line flat-rated residential monthly service rates may be increased by an amount not to exceed one dollar per twelve-month period beginning July 1, 2005, and ending June 30, 2008. The initial single line flat-rated business monthly service rates may be increased by an amount not to exceed two dollars per twelve-month period beginning July 1, 2005, and ending June 30, 2008. However, the single line flat-rated residential service rate shall not exceed nineteen dollars per month and the single line flat-rated business service rate shall not exceed thirty-eight dollars per month prior to July 1, 2008, not including charges for extended area service, regulatory charges, taxes, and other fees. Each telephone utility's extended area service rates shall not be

greater than the corresponding rates charged by the telephone utility as of January 31, 2005. The board shall determine a telephone utility's extended area service rates for new extended area service established on or after July 1, 2005. If a telephone utility fails to impose the rate increase during any twelve-month period, the utility shall not impose the unused increase in any subsequent year. In addition to the rate increases permitted pursuant to this section, the telephone utility may adjust its single line flat-rated residential and business service rates by a percentage equal to the most recent annual percentage change in the gross domestic product price index as published by the federal government. The board may also authorize additional changes in the monthly rates for single line flat-rated residential and business services to reflect exogenous factors beyond the control of the telephone utility.

A telephone utility that elects to increase single line flat-rated residential or business service rates pursuant to this paragraph "c" shall offer digital subscriber line broadband service in all of the telephone utility's exchanges in this state within eighteen calendar months of the first rate increase made pursuant to this paragraph "c" by the telephone utility. The board may extend this deadline by up to nine calendar months for good cause. The board may assess a civil penalty or require a refund of all incremental revenue resulting from the rate increase initiated pursuant to this paragraph "c" if the telephone utility fails to offer digital subscriber line broadband service within the time period required by this unnumbered paragraph.

Effective July 1, 2008, the retail rate jurisdiction of the board shall not be applicable to single line flat-rated residential and business service rates unless the board during the first six calendar months of 2008 extends its retail rate jurisdiction over single line flat-rated residential and business service rates provided by a previously rate-regulated telephone utility. The board may extend its jurisdiction pursuant to this paragraph for not more than two years and may do so only after the board finds that such action is necessary for the public interest. The board shall provide the general assembly with a copy of any order to extend its jurisdiction and shall permit any telephone utility subject to the extension to increase single line flat-rated residential and business monthly service rates by an amount up to two dollars during each twelve-month period of the extension. If a telephone utility fails to impose such a rate increase during any twelve-month period, the utility may not impose the unused increase in any subsequent year.

2. Except as provided in subsection 1, paragraph "c", deregulation of a service or facility for a utility is effective only after a finding of effective competition by the board.

3. If the board finds that a service or facility is

subject to effective competition, the board shall deregulate the service or facility within a reasonable time.

4. Upon deregulation, all investment, revenues, and expenses associated with the service or facility shall be removed from the telephone utility's regulated operations and shall not be considered by the board in setting rates for the telephone utility unless they continue to affect the utility's regulated operations. If the board considers investment, revenues, and expenses associated with unregulated services or facilities in setting rates for the telephone utility, the board shall not use any profits or costs from such unregulated services or facilities to determine the rates for regulated services or facilities. This section does not preclude the board from considering the investment, revenues, and expenses associated with the sale of classified directory advertising by a telephone utility in determining rates for the telephone utility.

5. Notwithstanding the presence of effective competition, if the board determines a service or facility is an essential communications service or facility and the public interest warrants retention of service regulation, the board shall deregulate rates and may continue service regulation.

6. The board may reimpose rate and service regulation on a deregulated service or facility if it determines the service or facility is no longer subject to effective competition.

7. The board may reimpose service regulation only on a deregulated service or facility if the board determines the service or facility is an essential communications service or facility and the public interest warrants service regulation, notwithstanding the presence of effective competition.

8. If the board reimposes regulation pursuant to subsection 6 or 7, the reimposition of regulation shall apply to all providers of the service or facility.

9. The board may investigate and obtain information from providers of deregulated services or facilities to determine whether the services or facilities are subject to effective competition or whether the service or facility is an essential communications service or facility and the public interest warrants service regulation. However, the board shall not, for purposes of this subsection, request or obtain information related to the provider's costs or earnings.

10. The board, at the request of a long distance telephone company, shall classify such company as a competitive long distance telephone company if more than half of the company's revenues from its Iowa intrastate telecommunications services and facilities are received from services and facilities that the board has determined to be subject to effective competition, or if more than half of the company's revenues from its Iowa intrastate telecommunications services and facilities are received from intralata interexchange services and

facilities. For purposes of this subsection, "*intralata interexchange services*" means those interexchange services that originate and terminate within the same local access transport area.

The board shall promptly notify the director of revenue that a long distance telephone company has been classified as a competitive long distance telephone company. Upon such notification by the board, the director of revenue shall assess the property of such competitive long distance telephone company, which property is first assessed for taxation in this state on or after January 1, 1996, in the same manner as all other property assessed as commercial property by the local assessor under chapters 427, 427A, 427B, 428, and 441. As used in this section, "*long distance telephone company*" means an entity that provides telephone service and facilities between local exchanges, but does not include a cellular service provider or a local exchange utility holding a certificate issued under section 476.29, subsection 12.

#### **476.2 Board powers and rules — utility's Iowa office.**

1. The board shall have broad general powers to effect the purposes of this chapter notwithstanding the fact that certain specific powers are hereinafter set forth. The board shall have authority to issue subpoenas and to pay the same fees and mileage as are payable to witnesses in the courts of record of general jurisdiction and shall establish all needful, just and reasonable rules, not inconsistent with law, to govern the exercise of its powers and duties, the practice and procedure before it, and to govern the form, contents and filing of reports, documents and other papers provided for in this chapter or in the board's rules. In the establishment, amendment, alteration or repeal of any of such rules, the board shall be subject to the provisions of chapter 17A.

2. The board shall employ at rates of compensation consistent with current standards in industry such professionally trained engineers, accountants, attorneys, and skilled examiners and inspectors, secretaries, clerks, and other employees as it may find necessary for the full and efficient discharge of its duties and responsibilities as required by this chapter.

3. The board may intervene in any proceedings before the federal energy regulatory commission or any other federal or state regulatory body when it finds that any decision of that tribunal would adversely affect the costs of any public utility service within the state of Iowa.

4. The board shall have authority to inquire into the management of the business of all public

utilities, and shall keep itself informed as to the manner and method in which the same is conducted, and may obtain from any public utility all necessary information to enable the board to perform its duties.

5. Each rate-regulated gas and electric utility operating within the state shall maintain within the state the utility's principal office for Iowa operations. The principal office shall be subject to the jurisdiction of the board and shall house those books, accounts, papers, and records of the utility deemed necessary by the board to be housed within the state. The utility shall maintain within the state administrative, technical, and operating personnel necessary for the delivery of safe and reasonably adequate services and facilities as required pursuant to section 476.8. A public utility which violates this section shall be subject to the penalties provided in section 476.51 and shall be denied authority to recover, for a period determined by the board, the costs of an energy efficiency plan pursuant to section 476.6, subsection 8.

6. The board shall provide the general assembly with a report on the energy efficiency planning efforts undertaken by utilities required to offer energy efficiency plans pursuant to section 476.6, subsection 14. The report shall be completed by January 1, 1998.

### **476.3 Complaints — investigation — refunds.**

1. A public utility shall furnish reasonably adequate service at rates and charges in accordance with tariffs filed with the board. When there is filed with the board by any person or body politic, or filed by the board upon its own motion, a written complaint requesting the board to determine the reasonableness of the rates, charges, schedules, service, regulations, or anything done or omitted to be done by a public utility subject to this chapter in contravention of this chapter, the written complaint shall be forwarded by the board to the public utility, which shall be called upon to satisfy the complaint or to answer it in writing within a reasonable time to be specified by the board. Copies of the written complaint forwarded by the board to the public utility and copies of all correspondence from the public utility in response to the complaint shall be provided by the board in an expeditious manner to the consumer advocate. If the board determines the public utility's response is inadequate and there appears to be any reasonable ground for investigating the complaint, the board shall promptly initiate a formal proceeding. If the consumer advocate determines the public utility's response to the complaint is inadequate, the consumer advocate may file a petition with the board

which shall promptly initiate a formal proceeding if the board determines that there is any reasonable ground for investigating the complaint. The complainant or the public utility also may petition the board to initiate a formal proceeding which petition shall be granted if the board determines that there is any reasonable ground for investigating the complaint. The formal proceeding may be initiated at any time by the board on its own motion. If a proceeding is initiated upon petition filed by the consumer advocate, complainant, or the public utility, or upon the board's own motion, the board shall set the case for hearing and give notice as it deems appropriate. When the board, after a hearing held after reasonable notice, finds a public utility's rates, charges, schedules, service, or regulations are unjust, unreasonable, discriminatory, or otherwise in violation of any provision of law, the board shall determine just, reasonable, and nondiscriminatory rates, charges, schedules, service, or regulations to be observed and enforced.

2. If, as a result of a review procedure conducted under section 476.31, a review conducted under section 476.32, a special audit, an investigation by division staff, or an investigation by the consumer advocate, a petition is filed with the board by the consumer advocate, alleging that a utility's rates are excessive, the disputed amount shall be specified in the petition. The public utility shall, within the time prescribed by the board, file a bond or undertaking approved by the board conditioned upon the refund in a manner prescribed by the board of amounts collected after the date of filing of the petition in excess of rates or charges finally determined by the board to be lawful. If upon hearing the board finds that the utility's rates are unlawful, the board shall order a refund, with interest, of amounts collected after the date of filing of the petition that are determined to be in excess of the amounts which would have been collected under the rates finally approved. However, the board shall not order a refund that is greater than the amount specified in the petition, plus interest, and if the board fails to render a decision within ten months following the date of filing of the petition, the board shall not order a refund of any excess amounts that are collected after the expiration of that ten-month period and prior to the date the decision is rendered.

Notwithstanding the provisions of this subsection, the consumer advocate shall not file a petition under this subsection that alleges a local exchange carrier's rates are excessive while the local exchange carrier is participating in a price regulation plan approved by the board pursuant to section 476.97.

3. A determination of utility rates by the board pursuant to this section that is based upon a departure from previously established regulatory principles shall apply prospectively from the date of the decision.

#### **476.4 Tariffs filed.**

Every public utility shall file with the board tariffs showing the rates and charges for its public utility services and the rules and regulations under which such services were furnished, on April 1, 1963, which rates and charges shall be subject to investigation by the board as provided in section 476.3, and upon such investigation the burden of establishing the reasonableness of such rates and charges shall be upon the public utility filing the same. These filings shall be made under such rules as the board may prescribe within such time and in such form as the board may designate. In prescribing rules and regulations with respect to the form of tariffs, the board shall, in the case of public utilities subject to regulation by any federal agency, give due regard to any corresponding rules and regulations of such federal agency, to the end that unnecessary duplication of effort and expense may be avoided so far as reasonably possible. Each public utility shall keep copies of its tariffs open to public inspection under such rules as the board may prescribe.

Every rate, charge, rule and regulation contained in any filing made with the commission on or prior to July 4, 1963, shall be effective as of such date, subject, however, to investigation as herein provided. If any such filing is made prior to the time the commission prescribes rules as aforesaid, and if such filing does not comply as to form or substance with such rules, then the public utility which filed the same shall within a reasonable time after the adoption of such rules make a new filing or filings complying with such rules, which new filing or filings shall be deemed effective as of July 4, 1963.

#### **476.4A Exemption from tariff filings for telephone utilities.**

Notwithstanding contrary provisions of this chapter, a telephone utility may offer centron, centrex, intraexchange private line, or multiline variety package service without filing a tariff unless the board determines such a procedure is not in the public interest. The telephone utility shall offer each service which is exempt from a tariff filing at a rate which exceeds the cost of the service. A telephone utility offering its services without filing a tariff shall not discriminate in an unreasonable manner for or against any customer.

A telephone utility shall provide the board with at least thirty days notice prior to a request to offer service without filing a tariff. The board may require the telephone utility to file its price lists, contracts, or cost allocations for services offered

without a tariff. Any such price lists, contracts, or cost allocations so filed shall be afforded rebuttable presumptions that they meet the requirements of section 22.7, subsection 6.

The board shall consider the revenues, expenses and investment related to telephone utility services offered without a filed tariff in proceedings under section 476.3, 476.6 and 476.7.

#### **476.5 Adherence to schedules — discounts.**

No public utility subject to rate regulation shall directly or indirectly charge a greater or less compensation for its services than that prescribed in its tariffs, and no such public utility shall make or grant any unreasonable preferences or advantages as to rates or services to any person or subject any person to any unreasonable prejudice or disadvantage.

Nothing in this section shall be construed to prohibit any public utility furnishing communications services from providing any service rendered by it without charge or at reduced rate to any of its active or retired officers, directors, or employees, or such officers, directors or employees of other public utilities furnishing communications services. Provided, however, said service is for personal use, and not for engaging in a business for profit.

#### **476.6 Changes in rates, charges, schedules, and regulations — supply and cost review — water costs for fire protection.**

1. *Filing with board.* A public utility subject to rate regulation shall not make effective a new or changed rate, charge, schedule or regulation until the rate, charge, schedule, or regulation has been approved by the board, except as provided in subsections 8 and 10.

2. *Written notice of increase.* All public utilities, except those exempted from rate regulation by section 476.1, shall give written notice of a proposed increase of any rate or charge to all affected customers served by the public utility no more than sixty-two days prior to and prior to the time the application for the increase is filed with the board. Public utilities exempted from rate regulation by section 476.1 shall give written notice of a proposed increase of any rate or charge to all affected customers served by the public utility at least thirty days prior to the effective date of the increase. If the public utility is subject to rate regulation, the notice to affected customers shall also state that the customer has a right to file a written objection to the rate increase and that the affected customers may request the board to hold a public hearing to determine if the rate increase should be allowed. The board shall prescribe the manner and method that the written notice to each affected customer of the public utility shall be served.

3. *Facts and arguments submitted.* At the

time a public utility subject to rate regulation files with the board an application for any new or changed rates, charges, schedules, or regulations, the public utility also shall submit factual evidence and written argument offered in support of the filing. If the filing is an application for a general rate increase, the utility shall also file affidavits containing testimonial evidence to be offered in support of the filing, although this requirement does not apply if the public utility is a rural electric cooperative.

4. *Hearing set.* After the filing of an application for new or changed rates, charges, schedules, or regulations by a public utility subject to rate regulation, the board, prior to the expiration of thirty days after the filing date, shall docket the case as a formal proceeding and set the case for hearing unless the new or changed rates, charges, schedules, or regulations are approved by the board. However, if an application presents no material issue of fact subject to dispute, and the board determines that the application violates a relevant statute, or is not in substantial compliance with a board rule lawfully adopted pursuant to chapter 17A, the application may be rejected by the board without prejudice and without a hearing, provided that the board issues a written order setting forth all of its reasons for rejecting the application. In the case of a gas public utility having less than two thousand customers, the board shall docket a case as a formal proceeding and set the case for hearing as provided in section 476.1C. In the case of a rural electric cooperative, the board may docket the case as a formal proceeding and set the case for hearing prior to the proposed effective date of the tariff. The board shall give notice of formal proceedings as it deems appropriate. The docketing of a case as a formal proceeding suspends the effective date of the new or changed rates, charges, schedules, or regulations until the rates, charges, schedules, or regulations are approved by the board, except as provided in subsection 10.

5. *Utility hearing expenses reported.* When a case has been docketed as a formal proceeding under subsection 4, the public utility, within a reasonable time thereafter, shall file with the board a report outlining the utility's expected expenses for litigating the case through the time period allowed by the board in rendering a decision. At the conclusion of the utility's presentation of comments, testimony, exhibits, or briefs the utility shall submit to the board a listing of the utility's actual litigation expenses in the proceeding. As part of the findings of the board under subsection 6, the board shall allow recovery of costs of the litigation expenses over a reasonable period of time to the extent the board deems the expenses reasonable and just.

6. *Finding by board.* If, after hearing and decision on all issues presented for determination in the rate proceeding, the board finds the proposed

rates, charges, schedules, or regulations of the utility to be unlawful, the board shall by order authorize and direct the utility to file new or changed rates, charges, schedules, or regulations which, when approved by the board and placed in effect, will satisfy the requirements of this chapter. The rates, charges, schedules, or regulations so approved are lawful and effective upon their approval.

7. *Limitation on filings.* A public utility shall not make a subsequent filing of an application for a new or changed rate, charge, schedule, or regulation which relates to services for which a rate filing is pending within twelve months following the date the prior application was filed or until the board has issued a final order on the prior application, whichever date is earlier, unless the public utility applies to the board for authority and receives authority to make a subsequent filing at an earlier date.

8. *Automatic adjustments permitted.* This chapter does not prohibit a public utility from making provision for the automatic adjustment of rates and charges for public utility service provided that a schedule showing the automatic adjustment of rates and charges is first filed with the board.

9. *Rate levels for telephone utilities.* The board may approve a schedule of rate levels for any regulated service provided by a utility providing communication services.

10. *Temporary authority.* Upon the request of a public utility, the board shall, when required by this subsection, grant the public utility temporary authority to place in effect any or all of the suspended rates, charges, schedules or regulations by filing with the board a bond or other undertaking approved by the board conditioned upon the refund in a manner to be prescribed by the board of any amounts collected in excess of the amounts which would have been collected under rates, charges, schedules or regulations finally approved by the board. In determining that portion of the new or changed rates, charges, schedules or regulations to be placed in effect prior to a final decision, the board shall apply previously established regulatory principles and shall, at a minimum, permit rates and charges which will allow the utility the opportunity to earn a return on common stock equity equal to that which the board held reasonable and just in the most recent rate case involving the same utility or the same type of utility service, provided that if the most recent final decision of the board in an applicable rate case was rendered more than twelve months prior to the date of filing of the request for temporary rates, the board shall in addition consider financial market data that is filed or that is otherwise available to the board and shall adjust the rate of return on common stock equity that was approved in that decision upward or downward as necessary to reflect current conditions. The board shall ren-

der a decision on a request for temporary authority within ninety days after the date of filing of the request. The decision shall be effective immediately. If the board has not rendered a final decision with respect to suspended rates, charges, schedules or regulations upon the expiration of ten months after the filing date, plus the length of any delay that necessarily results either from the failure of the public utility to exercise due diligence in connection with the proceedings or from intervening judicial proceedings, plus the length of any extension permitted by section 476.33, subsection 3, then those portions that were approved by the board on a temporary basis shall be deemed finally approved by the board and the utility may place them into effect on a permanent basis, and the utility also may place into effect subject to refund and until the final decision of the board any portion of the suspended rates, charges, schedules or regulations not previously approved on a temporary basis by filing with the board a bond or other undertaking approved by the board.

A public utility may choose to place in effect temporary rates, charges, schedules, or regulations without board review ten days after the filing under this section. If the utility chooses to place such rates, charges, schedules, or regulations in effect without board review, the utility shall file with the board a bond or other corporate undertaking approved by the board conditioned upon the refund in a manner prescribed by the board of amounts collected in excess of the amounts which would have been collected under rates, charges, schedules, or regulations finally approved by the board. At the conclusion of the proceeding if the board determines that the temporary rates, charges, schedules, or regulations placed in effect under this paragraph were not based on previously established regulatory principles, the board shall consider ordering refunds based upon the overpayments made by each individual customer class, rate zone, or customer group.

If the board finds that an extension of the ten-month period is necessary to permit the accumulation of necessary data with respect to the operation of a newly constructed electric generating facility that has a capacity of one hundred megawatts or more of electricity and that is proposed to be included in the rate base for the first time, the board may extend the ten-month period up to a maximum extension of six months, but only with respect to that portion of the suspended rates, charges, schedules, or regulations that are necessarily connected with the inclusion of the generating facility in the rate base. If a utility is proposing to include in its rate base for the first time a newly constructed electric generating facility that has a capacity of one hundred megawatts or more of electricity, the filing date of new or changed rates, charges, schedules, or regulations shall, for purposes of computing the time limitations stated above, be the date as determined by the board that

the new plant went into service, but only with respect to that portion of the suspended rates, charges, schedules, or regulations that are necessarily connected with the inclusion of the generating facility in the rate base.

The board shall determine the rate of interest to be paid by a public utility to persons receiving refunds. The interest rate to be applied to refunds of moneys collected subject to refund under this subsection is two percent per annum plus the average quarterly interest rate at commercial banks for twenty-four-month loans for personal expenditures, as determined by the board, compounded annually. The board shall consider federal reserve statistical release G.19 or its equivalent when determining interest to be paid under this subsection.

11. *Refunds passed on to customers.* If pursuant to federal law or rule a rate-regulated public utility furnishing gas to customers in the state receives a refund or credit for past gas purchases, the savings shall be passed on to the customers in a manner approved by the board. Similarly, if pursuant to federal law or rule a rate-regulated public utility furnishing gas to customers in the state receives a rate for future gas purchases which is lower than the price included in the public utility's approved rate application, the savings shall be passed on to the customers in a manner approved by the board.

12. *Natural gas supply and cost review.* The board shall periodically conduct a proceeding for the purpose of evaluating the reasonableness and prudence of a rate-regulated public utility's natural gas procurement and contracting practices. The natural gas supply and cost review shall be conducted as a contested case pursuant to chapter 17A.

Under procedures established by the board, each rate-regulated public utility furnishing gas shall periodically file a complete natural gas procurement plan describing the expected sources and volumes of its gas supply and changes in the cost of gas anticipated over a future twelve-month period specified by the board. The utilities shall file information as the board deems appropriate.

During the natural gas supply and cost review, the board shall evaluate the reasonableness and prudence of the gas procurement plan. If a utility is not taking all reasonable actions to minimize its purchase gas costs, consistent with assuring an adequate long-term supply of natural gas, the board shall not allow the utility to recover from its customers purchase gas costs in excess of those costs that would be incurred under reasonable and prudent policies and practices.

13. *Electric energy supply and cost review.* The board shall periodically conduct a proceeding for the purpose of evaluating the reasonableness and prudence of a rate-regulated public utility's procurement and contracting practices related to the acquisition of fuel for use in generating elec-

tricity. The evaluation may review the reasonableness and prudence of actions taken by a rate-regulated public utility to comply with the federal Clean Air Act Amendments of 1990, Pub. L. No. 101-549. The proceeding shall be conducted as a contested case pursuant to chapter 17A. Under procedures established by the board, the utility shall file information as the board deems appropriate. If a utility is not taking all reasonable actions to minimize its fuel and allowance transaction costs, the board shall not allow the utility to recover from its customers fuel and allowance transaction costs in excess of those costs that would be or would have been incurred under reasonable and prudent policies and practices.

14. *Energy efficiency plans.* Electric and gas public utilities shall offer energy efficiency programs to their customers through energy efficiency plans. An energy efficiency plan as a whole shall be cost-effective. In determining the cost-effectiveness of an energy efficiency plan, the board shall apply the societal test, utility cost test, rate-payer impact test, and participant test. Energy efficiency programs for qualified low-income persons and for tree planting programs need not be cost-effective and shall not be considered in determining cost-effectiveness of plans as a whole. The energy efficiency programs in the plans may be provided by the utility or by a contractor or agent of the utility.

15. *Water costs for fire protection in certain cities.*

*a.* Application. A city furnished water by a public utility subject to rate regulation may apply to the board for inclusion of all or a part of the costs of fire hydrants or other improvements, maintenance, and operations for the purpose of providing adequate water production, storage, and distribution for public fire protection in the rates or charges assessed to consumers covered by the applicant's fire protection service. The application shall be made in a form and manner approved by or as directed by the board. The applicant shall provide such additional information as the board may require to consider the application.

*b.* Review. The board shall review the application, and may in its discretion consider additional evidence, beyond that supplied in the application or provided by the applicant in response to a request for additional information pursuant to paragraph "a", including, but not limited to, soliciting oral or written testimony from other interested parties.

*c.* Notice. Written notice of a proposed rate increase shall be provided by the public utility pursuant to subsection 2, except that notice shall be provided within ninety days of the date of application. Costs of the notice shall be paid for by the applicant.

*d.* Conditions for approval. As a condition to approving an application to include water-related fire protection costs in the utility's rates or charges,

the board shall make an affirmative determination that the following conditions will be met:

(1) That the service area currently charged for fire protection, either directly or indirectly, is substantially the same service area containing those persons who will pay for water-related fire protection through inclusion of such costs within the utility's rates or charges.

(2) That the inclusion of such costs within the utility's rates or charges will not cause substantial inequities among the utility's customers.

(3) That all or a portion of the costs sought to be included in the utility's rates or charges by the applicant are reasonable in the circumstances, and limited to the purposes specified in paragraph "a".

(4) That written notice has been provided pursuant to paragraph "c" and that the costs of the notice have been paid by the applicant.

*e.* Inclusion within rates or charges. If the board affirmatively determines that the conditions of paragraph "d" are or will be satisfied, the board shall include the reasonable costs in the rates or charges assessed to consumers covered by the applicant's fire protection service.

*f.* Written order. The board shall issue a written order within six months of the date of application. The written order shall include a recitation of the facts found pursuant to consideration of the application.

16. *Energy efficiency implementation, cost review, and cost recovery.*

*a.* Gas and electric utilities required to be rate-regulated under this chapter shall file energy efficiency plans with the board. An energy efficiency plan and budget shall include a range of programs, tailored to the needs of all customer classes, including residential, commercial, and industrial customers, for energy efficiency opportunities. The plans shall include programs for qualified low-income persons including a cooperative program with any community action agency within the utility's service area to implement countywide or communitywide energy efficiency programs for qualified low-income persons. Rate-regulated gas and electric utilities shall utilize Iowa agencies and Iowa contractors to the maximum extent cost-effective in their energy efficiency plans filed with the board.

*b.* A gas and electric utility required to be rate-regulated under this chapter shall assess potential energy and capacity savings available from actual and projected customer usage by applying commercially available technology and improved operating practices to energy-using equipment and buildings. The utility shall submit the assessment to the board. Upon receipt of the assessment, the board shall consult with the department of natural resources to develop specific capacity and energy savings performance standards for each utility. The utility shall submit an energy efficiency plan which shall include economically

achievable programs designed to attain these energy and capacity performance standards.

c. The board shall conduct contested case proceedings for review of energy efficiency plans and budgets filed by gas and electric utilities required to be rate-regulated under this chapter. The board may approve, reject, or modify the plans and budgets. Notwithstanding the provisions of section 17A.19, subsection 5, in an application for judicial review of the board's decision concerning a utility's energy efficiency plan or budget, the reviewing court shall not order a stay. Whenever a request to modify an approved plan or budget is filed subsequently by the office of consumer advocate or a gas or electric utility required to be rate-regulated under this chapter, the board shall promptly initiate a formal proceeding if the board determines that any reasonable ground exists for investigating the request. The formal proceeding may be initiated at any time by the board on its own motion. Implementation of board-approved plans or budgets shall be considered continuous in nature and shall be subject to investigation at any time by the board or the office of the consumer advocate.

d. Notice to customers of a contested case proceeding for review of energy efficiency plans and budgets shall be in a manner prescribed by the board.

e. A gas or electric utility required to be rate-regulated under this chapter may recover, through an automatic adjustment mechanism filed pursuant to subsection 8, over a period not to exceed the term of the plan, the costs of an energy efficiency plan approved by the board, including amounts for a plan approved prior to July 1, 1996, in a contested case proceeding conducted pursuant to paragraph "c". The board shall periodically conduct a contested case proceeding to evaluate the reasonableness and prudence of the utility's implementation of an approved energy efficiency plan and budget. If a utility is not taking all reasonable actions to cost-effectively implement an approved energy efficiency plan, the board shall not allow the utility to recover from customers costs in excess of those costs that would be incurred under reasonable and prudent implementation and shall not allow the utility to recover future costs at a level other than what the board determines to be reasonable and prudent. If the result of a contested case proceeding is a judgment against a utility, that utility's future level of cost recovery shall be reduced by the amount by which the programs were found to be imprudently conducted. The utility shall not represent energy efficiency in customer billings as a separate cost or expense unless the board otherwise approves.

f. A rate-regulated utility required to submit an energy efficiency plan under this subsection shall, upon the request of a state agency or political subdivision to which it provides service, provide advice and assistance regarding measures

which the state agency or political subdivision might take in achieving improved energy efficiency results. The cooperation shall include assistance in accessing financial assistance for energy efficiency measures.

17. *Filing of forecasts.* The board shall periodically require each rate-regulated gas or electric public utility to file a forecast of future gas requirements or electric generating needs and the board shall evaluate the forecast. The forecast shall include, but is not limited to, a forecast of the requirements of its customers, its anticipated sources of supply, and its anticipated means of addressing the forecasted gas requirements or electric generating needs.

18. *Energy efficiency program financing.* The board may require each rate-regulated gas or electric public utility to offer qualified customers the opportunity to enter into an agreement for the amount of moneys reasonably necessary to finance cost-effective energy efficiency improvements to the qualified customers' residential dwellings or businesses.

19. *Allocation of replacement tax costs.* The costs of the replacement tax imposed pursuant to chapter 437A shall be reflected in the charges of utilities subject to rate regulation, in lieu of the utilities' costs of property taxes. The imposition of the replacement taxes pursuant to chapter 437A is not intended to initiate any change in the rates and charges for the sale of electricity, the sale of natural gas, or the transportation of natural gas that is subject to regulation by the board and in effect on January 1, 1999.

The cost of the replacement taxes imposed by chapter 437A shall be allocated among and within customer classes in a manner that will replicate the tax cost burden of the current property tax on individual customers to the maximum extent practicable.

Upon the restructuring of the electric industry in this state so that individual consumers are given the right to choose their electric suppliers, replacement tax costs shall be assigned to the service corresponding to the individual generation, transmission, and delivery taxes. In all other respects, the allocation of the replacement tax costs among and within the customer classes shall remain the same to the maximum extent practicable.

Notwithstanding this subsection, the board may determine the amount of replacement tax properly included in retail rates subject to its jurisdiction. The board may determine whether the base rates or some other form of rate is most appropriate for recovery of the costs of the replacement tax, subject to the requirement that utility rates be reasonable and just. The board may also determine the appropriate allocation of the tax. Any significant modification to rate design relating to the replacement tax shall be made in a man-

ner consistent with this subsection unless made in a contested case proceeding where the impact of such modification on competition and consumer costs is considered.

20. *Replacement tax study committee.* On or before July 1, 2000, the utilities board, in consultation with the department of revenue, shall initiate and coordinate the establishment of a replacement tax study committee and provide staffing assistance to the committee. It is the intent of the general assembly that the committee include representatives of the utilities board, department of revenue, department of management, investor-owned utilities, municipal utilities, cooperative utilities, local governments, major customer classes, and other stakeholders.

The committee shall study the effects of the replacement tax on both restructuring and the development of competition in the gas and electric industries in this state. The board shall report to the general assembly by January 1 of each year through 2003, the results of the study, and the committee's recommendations as to whether the replacement tax, in its then present form, should be continued, whether a different form of taxation of electric and gas utilities should be adopted in order to allow free and fair competition in the electric and gas industries, and fair competitive prices for all classes of consumers, whether a different basis for determination of the generation, transmission, and delivery taxes should be adopted or whether the relative share of the total replacement tax burden imposed on each of the generation, transmission, and delivery functions should be modified in order to allow free and fair competition in the electric and gas industries, and fair competitive prices for all classes of consumers, and whether the replacement tax in its then present form, appropriately accounts for the decline in value of electric power generating plants. The replacement tax study committee shall reconvene by January 1, 2006, to further study these same issues, and the board shall report the results of the study and the committee's recommendations to the general assembly by January 1, 2008.

Upon recommendation of the committee, the board may contract for services necessary to the implementation of this subsection with persons who are not state employees, including, but not limited to, facilitators, consultants, and other experts required to assist the committee. The cost of contracted services shall not be paid from appropriated funds, but shall be assessed to entities paying replacement tax pursuant to chapter 437A, subchapter II, pro rata, based on the amount of tax paid.

21. *Recovery of management costs.* A public utility which is assessed management costs by a local government pursuant to chapter 480A is entitled to recover those costs. If the public utility serves customers within the boundaries of the local government imposing the management costs,

such costs shall be recovered exclusively from those customers.

22. *Electric power generating facility emissions.*

a. It is the intent of the general assembly that the state, through a collaborative effort involving state agencies and affected generation owners, provide for compatible statewide environmental and electric energy policies with respect to regulated emissions from rate-regulated electric power generating facilities in the state that are fueled by coal. Each rate-regulated public utility that is an owner of one or more electric power generating facilities fueled by coal and located in this state on July 1, 2001, shall develop a multiyear plan and budget for managing regulated emissions from its facilities in a cost-effective manner.

(1) The initial multiyear plan and budget shall be filed with the board by April 1, 2002. Updates to the plan and budget shall be filed at least every twenty-four months.

(2) Copies of the initial plan and budget, as well as any subsequent updates, shall be served on the department of natural resources.

(3) The initial multiyear plan and budget and any subsequent updates shall be considered in a contested case proceeding pursuant to chapter 17A. The department of natural resources and the consumer advocate shall participate as parties to the proceeding.

(4) The department of natural resources shall state whether the plan or update meets applicable state environmental requirements for regulated emissions. If the plan does not meet these requirements, the department shall recommend amendments that outline actions necessary to bring the plan or update into compliance with the environmental requirements.

b. The board shall not approve a plan or update that does not meet applicable state environmental requirements and federal ambient air quality standards for regulated emissions from electric power generating facilities located in the state.

c. The board shall review the plan or update and the associated budget, and shall approve the plan or update and the associated budget if the plan or update and the associated budget are reasonably expected to achieve cost-effective compliance with applicable state environmental requirements and federal ambient air quality standards. In reaching its decision, the board shall consider whether the plan or update and the associated budget reasonably balance costs, environmental requirements, economic development potential, and the reliability of the electric generation and transmission system.

d. The board shall issue an order approving or rejecting a plan, update, or budget within one hundred eighty days after the public utility's filing is deemed complete; however, upon good cause shown, the board may extend the time for issuing

the order as follows:

(1) The board may grant an extension of thirty days.

(2) The board may grant more than one extension, but each extension must rely upon a separate showing of good cause.

(3) A subsequent extension must not be granted any earlier than five days prior to the expiration of the original one-hundred-eighty-day period, or the current extension.

e. The reasonable costs incurred by a rate-regulated public utility in preparing and filing the plan, update, or budget and in participating in the proceedings before the board and the reasonable costs associated with implementing the plan, update, or budget shall be included in its regulated retail rates.

f. It is the intent of the general assembly that the board, in an environmental plan, update, or associated budget filed under this section by a rate-regulated public utility, may limit investments or expenditures that are proposed to be undertaken prior to the time that the environmental benefit to be produced by the investment or expenditure would be required by state or federal law.

Subsection 22, paragraph g stricken

#### 476.7 Application by utility for review.

If there shall be filed with the board by any public utility an application requesting the board to determine the reasonableness of the utility's rates, charges, schedules, service or regulations, the board shall promptly initiate a formal proceeding. Such a formal proceeding may be initiated at any time by the board on its own motion. Whenever such a proceeding has been initiated upon application or motion, the board shall set the case for hearing and give such notice thereof as it deems appropriate. Whenever the board, after a hearing held after reasonable notice, finds any public utility's rates, charges, schedules, service or regulations are unjust, unreasonable, insufficient, discriminatory or otherwise in violation of any provision of law, the board shall determine just, reasonable, sufficient and nondiscriminatory rates, charges, schedules, service or regulations to be thereafter observed and enforced.

#### 476.8 Utility charges and service.

Every public utility is required to furnish reasonably adequate service and facilities. "Reasonably adequate service and facilities" for public utilities furnishing gas or electricity includes programs for customers to encourage the use of energy efficiency and renewable energy sources. The charge made by any public utility for any heat, light, gas, energy efficiency and renewable energy programs, water or power produced, transmitted, delivered or furnished, or communications services, or for any service rendered or to be rendered in connection therewith shall be reasonable and just, and every unjust or unreasonable charge for such service is prohibited and declared unlawful. In determining reasonable and just rates, the board shall consider all factors relating to value and shall not be bound by rate base decisions or rulings made prior to the adoption of this chapter.

The board, in determining the value of materials or services to be included in valuations or costs of operations for rate-making purposes, may disallow any unreasonable profit made in the sale of materials to or services supplied for any public utility by any firm or corporation owned or controlled directly or indirectly by such utility or any affiliate, subsidiary, parent company, associate or any corporation whose controlling stockholders are also controlling stockholders of such utility. The burden of proof shall be on the public utility to prove that no unreasonable profit is made.

#### 476.9 Accounts rendered to board.

1. Every public utility shall keep and render to the board in the manner and form prescribed by the board uniform accounts of all business transacted.

2. Every public utility engaged directly or indirectly in any other business than that of the production, transmission or furnishing of heat, light, water or power or furnishing communications services to the public shall, if required by the board, keep and render separately to the board in like manner and form the accounts of all such other business, in which case all the provisions of this chapter shall apply to the books, accounts, papers and records of such other business and all profits and losses may be taken into consideration by the board if deemed relevant to the general fiscal condition of the public utility.

3. Every public utility is required to keep and render its books, accounts, papers and records accurately and faithfully in the manner and form prescribed by the board, and to comply with all directions of the board relating to such books, accounts, papers and records.

4. The board shall consult with other state and

federal regulatory bodies for the purpose of eliminating accounting discrepancies with regard to the keeping of public utility accounts before prescribing any system of accounts to be kept by the public utility.

[C66, 71, 73, 75, §490A.9; C77, 79, 81, §476.9]

#### **476.10 Investigations — expense — appropriation.**

In order to carry out the duties imposed upon it by law, the board may, at its discretion, allocate and charge directly the expenses attributable to its duties to the person bringing a proceeding before the board or to persons participating in matters before the board. The board shall ascertain the certified expenses incurred and directly chargeable by the consumer advocate division of the department of justice in the performance of its duties. The board and the consumer advocate separately may decide not to charge expenses to persons who, without expanding the scope of the proceeding or matter, intervene in good faith in a board proceeding initiated by a person subject to the board's jurisdiction, the consumer advocate, or the board on its own motion. For assessments in any proceedings or matters before the board, the board and the consumer advocate separately may consider the financial resources of the person, the impact of assessment on participation by intervenors, the nature of the proceeding or matter, and the contribution of a person's participation to the public interest. The board may present a bill for expenses under this paragraph to the person, either at the conclusion of a proceeding or matter, or from time to time during its progress. Presentation of a bill for expenses under this paragraph constitutes notice of direct assessment and request for payment in accordance with this section.

The board shall ascertain the total of the division's expenses incurred during each fiscal year in the performance of its duties under law. The board shall add to the total of the division's expenses the certified expenses of the consumer advocate as provided under section 475A.6. The board shall deduct all amounts charged directly to any person from the total expenses of the board and the consumer advocate. The board may assess the amount remaining after the deduction to all persons providing service over which the board has jurisdiction in proportion to the respective gross operating revenues of such persons from intrastate operations during the last calendar year over which the board has jurisdiction. For purposes of determining gross operating revenues under this section, the board shall not include gross receipts received by a cooperative corporation or association for wholesale transactions with members of the cooperative corporation or association, provided that the members are subject to assessment by the board based upon the members' gross operating revenues, or provided that such a member is an

association whose members are subject to assessment by the board based upon the members' gross operating revenues. If any portion of the remainder can be identified with a specific type of utility service, the board shall assess those expenses only to the entities providing that type of service over which the board has jurisdiction. The board may make the remainder assessments under this paragraph on a quarterly basis, based upon estimates of the expenditures for the fiscal year for the utilities division and the consumer advocate. Not more than ninety days following the close of the fiscal year, the utilities division shall conform the amount of the prior fiscal year's assessments to the requirements of this paragraph. For gas and electric public utilities exempted from rate regulation pursuant to this chapter, the remainder assessments under this paragraph shall be computed at one-half the rate used in computing the assessment for other persons.

A person subject to a charge or assessment shall pay the division the amount charged or assessed against the person within thirty days from the time the division provides notice to the person of the amount due, unless the person files an objection in writing with the board setting out the grounds upon which the person claims that such charge or assessment is excessive, unreasonable, erroneous, unlawful, or invalid. Upon receipt of an objection, the board shall set the matter for hearing and issue its order in accordance with its findings in the proceeding.

The order shall be subject to review in the manner provided in this chapter. All amounts collected by the division pursuant to the provisions of this section shall be deposited with the treasurer of state and credited to the general fund of the state. Such amounts shall be spent in accordance with the provisions of chapter 8.

Whenever the board shall deem it necessary in order to carry out the duties imposed upon it in connection with rate regulation under section 476.6, investigations under section 476.3, or review proceedings under section 476.31, the board may employ additional temporary or permanent staff, or may contract with persons who are not state employees for engineering, accounting, or other professional services, or both. The costs of these additional employees and contract services shall be paid by the public utility whose rates are being reviewed in the same manner as other expenses are paid under this section. Beginning on July 1, 1991, there is appropriated out of any funds in the state treasury not otherwise appropriated, such sums as may be necessary to enable the board to hire additional staff and contract for services under this section. The board shall increase quarterly assessments specified in unnumbered paragraph 2, by amounts necessary to enable the board to hire additional staff and contract for services under this section. The authority to hire additional temporary or permanent staff that is granted to

the board by this section shall not be subject to limitation by any administrative or executive order or decision that restricts the number of state employees or the filling of employee vacancies, and shall not be subject to limitation by any law of this state that restricts the number of state employees or the filling of employee vacancies unless that law is made applicable to this section by express reference to this section. Before the board expends or encumbers an amount in excess of the funds budgeted for rate regulation and before the board increases quarterly assessments pursuant to this paragraph, the director of the department of management shall approve the expenditure or encumbrance. Before approval is given, the director of the department of management shall determine that the expenses exceed the funds budgeted by the general assembly to the board for rate regulation and that the board does not have other funds from which the expenses can be paid. Upon approval of the director of the department of management the board may expend and encumber funds for the excess expenses, and increase quarterly assessments to raise the additional funds. The board and the office of consumer advocate may add additional personnel or contract for additional assistance to review and evaluate energy efficiency plans and the implementation of energy efficiency programs including, but not limited to, professionally trained engineers, accountants, attorneys, skilled examiners and inspectors, and secretaries and clerks. The board and the office of consumer advocate may also contract for additional assistance in the evaluation and implementation of issues relating to telecommunication competition. The board and the office of the consumer advocate may expend additional sums beyond those sums appropriated. However, the authority to add additional personnel or contract for additional assistance must first be approved by the department of management. The additional sums for energy efficiency shall be provided to the board and the office of the consumer advocate by the utilities subject to the energy efficiency requirements in this chapter. Telephone companies shall pay any additional sums needed for assistance with telecommunication competition issues. The assessments shall be in addition to and separate from the quarterly assessment.

Fees paid to the utilities division shall be deposited in the general fund of the state. These funds shall be used for the payment, upon appropriation by the general assembly, of the expenses of the utilities division and the consumer advocate division of the department of justice. Subject to this section, the utilities division or the consumer advocate division may keep on hand with the treasurer of state funds in excess of the current needs of the utilities division or the consumer advocate division.

The administrator and consumer advocate shall

account for receipts and disbursements according to the separate duties imposed upon the utilities and consumer advocate divisions by the laws of this state and each separate duty shall be fiscally self-sustaining.

All fees and other moneys collected under this section and sections 478.4, 479.16, and 479A.9 shall be deposited into the general fund of the state and expenses required to be paid under this section shall be paid from funds appropriated for those purposes. Moneys deposited into the general fund of the state pursuant to this section and sections 478.4, 479.16, and 479A.9 shall be subject to the requirements of section 8.60.

#### **476.20 Disconnection limited — notice — moratorium — deposits.**

1. A utility shall not, except in cases of emergency, discontinue, reduce, or impair service to a community, or a part of a community, except for nonpayment of account or violation of rules and regulations, unless and until permission to do so is obtained from the board.

2. The board shall establish rules requiring a regulated public utility furnishing gas or electricity to include in the utility's notice of pending disconnection of service a written statement advising the customer that the customer may be eligible to participate in the low income home energy assistance program or weatherization assistance program administered by the division of community action agencies of the department of human rights. The written statement shall list the address and telephone number of the local agency which is administering the customer's low income home energy assistance program and the weatherization assistance program. The written statement shall also state that the customer is advised to contact the public utility to settle any of the customer's complaints with the public utility, but if a complaint is not settled to the customer's satisfaction, the customer may file the complaint with the board. The written statement shall include the address and phone number of the board. If the notice of pending disconnection of service applies to a residence, the written statement shall advise that the disconnection does not apply from November 1 through April 1 for a resident who is a "head of household", as defined by law, and who has been certified to the public utility by the local agency which is administering the low income

home energy assistance program and weatherization assistance program as being eligible for either the low income home energy assistance program or weatherization assistance program, and that if such a resident resides within the serviced residence, the customer should promptly have the qualifying resident notify the local agency which is administering the low income home energy assistance program and weatherization assistance program. The board shall establish rules requiring that the written notice contain additional information as it deems necessary and appropriate.

3. The board shall establish rules which shall be uniform with respect to all public utilities furnishing gas or electricity relating to disconnection of service. This subsection applies both to regulated utilities and to municipally owned utilities and unincorporated villages which own their own distribution systems, and violations of this subsection subject the utilities to civil penalties under section 476.51.

A qualified applicant for the low income home energy assistance program or the weatherization assistance program who is also a "head of household", as defined in section 422.4, subsection 7, shall be promptly certified by the local agency administering the applicant's program to the applicant's public utility that the resident is a "head of household" as defined in section 422.4, subsection 7, and is qualified for the low income home energy assistance program or weatherization assistance program. Notwithstanding subsection 1, a public utility furnishing gas or electricity shall not disconnect service from November 1 through April 1 to a residence which has a resident that has been certified under this paragraph.

4. A public utility which violates a provision of this section relating to the disconnection of service or which violates a rule of the board relating to disconnection of service is subject to civil penalties imposed by the board under section 476.51.

5. The board shall establish rules which shall be uniform with respect to all public utilities furnishing gas or electricity relating to deposits which may be required by the public utility for the initiation or reinstatement of service.

a. The deposit for a residential or commercial customer for a place which has previously received service shall not be greater than the highest billing of service for one month for the place in the previous twelve-month period.

b. The deposit for a residential or a commercial customer for a place which has not previously received service or for an industrial customer shall be the customer's projected one month's usage for the place to be serviced as determined by the public utility according to rules established by the board.

This subsection does not prohibit a public utility from requiring payment of a customer's past due account with the utility prior to reinstatement of service.

The rules shall allow a person other than the customer to pay the customer's deposit. Upon termination of service to such a customer, the deposit plus accumulated interest less any unpaid utility bill of the customer, shall be reimbursed to the person who made the deposit.

#### **476.21 Discrimination prohibited.**

A municipality, corporation or co-operative association providing electrical or gas service shall not consider the use of renewable energy sources by a customer as a basis for establishing discriminatory rates or charges for any service or commodity sold to the customer or discontinue services or subject the customer to any other prejudice or disadvantage based on the customer's use or intended use of renewable energy sources. As used in this section, "*renewable energy sources*" includes but is not limited to, solar heating, wind power and the conversion of urban and agricultural organic wastes into methane gas and liquid fuels.

#### ASSIGNED AREA OF SERVICE

#### **476.22 Definition.**

As used in sections 476.23 to 476.26, unless the context otherwise requires, "*electric utility*" includes a public utility furnishing electricity as defined in section 476.1 and a city utility as defined in section 390.1.

[C77, 79, 81, §476.22]

#### **476.23 Electric service conflicts — certificates of authority.**

1. An electric utility shall not construct or extend facilities or furnish or offer to furnish electric service to the existing point of delivery of any customer already receiving electric service from another electric utility without having first filed with the board the express written agreement of the electric utility presently serving this customer, except as otherwise provided in this section. Any municipal corporation, after being authorized by a vote of the people, or any electric utility may file a petition with the board requesting a certificate of authority to furnish electric service to the existing point of delivery of any customer already receiving electric service from another electric utility. If, after notice by the board to the electric utility currently serving the customer, objection to the petition is not filed and investigation is not deemed necessary, the board shall issue a certificate within thirty days of the filing of the petition. When an objection is filed, if the board, after notice and opportunity for hearing, determines that service to the customer by the petitioner is in the pub-

lic interest, including consideration of any unnecessary duplication of facilities, it shall grant this certificate in whole or in part, upon such terms, conditions, and restrictions as may be justified. Whether or not an objection is filed, any certificate issued shall require that the petitioner pay to the electric utility presently serving the customer, the reasonable price for facilities serving the customer. This price determination by the board shall include due consideration of the cost of the facilities being acquired; any necessary generating capacity and transmission capacity dedicated to the customer, including, but not limited to, electric power generating facilities and alternate energy production facilities not yet in service but for which the board has issued an order pursuant to section 476.53, and electric power generating facility emissions plan budgets approved by the board pursuant to section 476.6, subsection 22; depreciation; loss of revenue; and the cost of facilities necessary to reintegrate the system of the utility after detaching the portion sold.

2. An electric utility shall not construct or extend facilities or furnish electric service to a prospective customer not presently being served, unless its existing service facilities are nearer the proposed point of delivery than the service facilities of any other utility. However, an electric utility may extend electric service and transmission lines if the electric utility closest to the delivery point consents to this extension in writing and a copy of the agreement is filed with the board or, if the board, after notice and opportunity for hearing and after giving due consideration to the prevention of unnecessary duplication of facilities, finds that service from an electric utility, other than the closest utility, is in the public interest. This subsection shall not apply if the prospective customers are within an exclusive service area assigned to an electric utility as provided in this division.

3. Notwithstanding subsections 1 and 2 of this section, any electric utility may extend electric service and transmission lines to its own utility property and facilities.

4. If not inconsistent with the provisions of this division:

a. All rights of municipal corporations under chapter 364 to grant a person a franchise to erect, maintain, and operate plants and systems for electric light and power within the corporate boundaries, and rights acquired by franchise or agreement shall be preserved in these municipal corporations;

b. All rights of city utilities under the city code shall be preserved in these city utilities;

c. All rights of city utilities and joint electric utilities under chapter 390 shall be preserved in these city utilities and joint electric utilities; and

d. All rights of cities under chapter 6B are preserved. However, prior to the institution of condemnation proceedings, the city shall obtain a certificate of authority from the board in accordance

with this division and the board's determination of price under this division shall be conclusive evidence of damages in these condemnation proceedings.

**476.24 Electric utility service area maps.**

1. On or before July 1, 1977, and subsequently whenever requested by the board, electric utilities furnishing electricity to the public for compensation in this state shall file, jointly or severally, with the board detailed maps of their service area drawn to a scale of not less than one inch per mile or drawn to a larger scale if required for clarity showing all of the following:

a. The locations of an electric utility's generation, franchised transmission lines, distribution lines, and related facilities as of January 1, 1976.

b. All state and federal highways and other public roads within the electric utility's service area.

c. All section lines and numbers and township and range numbers within the electric utility's service area.

d. The corporate boundaries of all cities within the electric utility's service area.

e. All lakes and rivers within the electric utility's service area.

f. All railroads within the electric utility's service area.

g. Any additional information requested by the board.

2. On or before July 1, 1978, and subsequently when deemed by the board to be necessary, the board shall prepare or cause to have prepared a composite map of this state showing the service areas of electric utilities as submitted by the electric utilities. The form and detail of all maps shall be determined by the board.

[C77, 79, 81, §476.24]

**476.25 Assigned service areas — electric utilities — legislative policy.**

It is declared to be in the public interest to encourage the development of co-ordinated statewide electric service at retail, to eliminate or avoid unnecessary duplication of electric utility facilities, and to promote economical, efficient, and adequate electric service to the public. In order to effect that public interest, the board may establish service areas within which specified electric utilities shall provide electric service to customers on an exclusive basis. Except for good cause expressed through formal public statement, the board shall establish these exclusive service areas on or before July 1, 1979. These exclusive service area boundaries shall be established by the board upon the following basis:

1. The service area boundaries shall be in a

line approximately equidistant between the electric distribution lines of adjacent electric utilities as they existed on January 1, 1976, and as shown by the maps filed in accordance with this division. However, those boundaries may be modified by the board to promote the public interest, to preserve existing service areas and electric utilities' rights to serve existing customers, and to prevent unnecessary duplication of facilities, to take account of natural and physical barriers which would make electric service beyond these barriers uneconomic and impractical and those boundaries shall be modified by the board to take account of the contracts between electric utilities which have been approved by the board pursuant to subsection 2 of this section. When an electric utility's exclusive service area is established by the board to include existing customers presently served by the facilities of another electric utility, unless a voluntary exchange of facilities is agreed upon by the electric utilities involved and approved by the board, the board after notice and opportunity for hearing, shall require the purchase of those facilities presently serving these customers at a reasonable price to be determined by the board. The board, on its own motion or at the request of an electric utility or municipal corporation, after notice and opportunity for hearing, may modify the boundaries of an electric utility exclusive service area which it has previously established if this modification, including consideration of the factors noted in this subsection, is found to be in the public interest.

2. Contracts between electric utilities to designate service areas and customers to be served by the electric utilities or for the exchange of customers between electric utilities, when approved by the board, shall be valid and enforceable and shall be incorporated into the appropriate exclusive service areas established pursuant to subsection 1 of this section. The board shall approve a contract if it finds that the contract will eliminate or avoid unnecessary duplication of facilities, will provide adequate electric service to all areas and customers affected, will promote the efficient and economical use and development of the electric systems of the contracting electric utilities, and is in the public interest.

3. An electric utility shall not serve or offer to serve electric customers in an exclusive service area assigned to another electric utility, nor shall an electric utility construct facilities to serve electric customers in an exclusive service area assigned to another electric utility. The state, an electric utility, or any other person who is injured or threatened with injury by conduct prohibited by this section may initiate a contested case proceeding with the board under chapter 17A. Upon finding a violation of this section the board shall order appropriate corrective action including discontinuance of the unlawful service to electric customers, removal of the unlawful facility, or other disposition the board deems just and reasonable.

84 Acts, ch 1101, §1

**476.26 Effect of incorporation, annexation or consolidation.**

The inclusion by incorporation, consolidation, or annexation of any facilities or service area of an electric utility within the boundaries of any city shall not by such inclusion impair or affect in any respect the rights of the electric utility to continue to provide electric utility service and to extend service to prospective customers in accordance with the provisions of this division.

c. “*Direct expenses*” includes, but is not limited to, any or all of the following:

(1) The cost of inspecting and monitoring the crossing site.

(2) Administrative and engineering costs for review of specifications; for entering a crossing on the railroad’s books, maps, and property records; and other reasonable administrative and engineering costs incurred as a result of the crossing.

- (4) Sanitary and storm sewer service.
- (5) Water by piped system.

e. “*Public utility*” means a public utility as defined in section 476.1, except that, for purposes of this section, “*public utility*” also includes all mutual telephone companies, municipally owned facilities, unincorporated villages, waterworks, municipally owned waterworks, joint water utilities, rural water districts incorporated under chapter 357A or 504, cooperative water associations, fran-

chise cable television operators, and persons furnishing electricity to five or fewer persons.

f. “*Railroad*” or “*railroad corporation*” means a railroad corporation as defined in section 321.1, which is the owner, operator, occupant, manager, or agent of a railroad right-of-way or the railroad corporation’s successor in interest. “*Railroad*” and “*railroad corporation*” include an interurban railway.

g. “*Railroad right-of-way*” means one or more of the following:

(1) A right-of-way or other interest in real estate that is owned or operated by a railroad corporation, the trustees of a railroad corporation, or the successor in interest of a railroad corporation.

(2) A right-of-way or other interest in real estate that is occupied or managed by or on behalf of a railroad corporation, the trustees of a railroad corporation, or the successor in interest of a railroad corporation, including an abandoned railroad right-of-way that has not otherwise reverted pursuant to chapter 327G.

(3) Another interest in a former railroad right-of-way that has been acquired or is operated by a land management company or similar entity.

h. “*Special circumstances*” means either or both of the following:

(1) The existence of characteristics of a segment of railroad right-of-way or of a proposed utility facility that increase the direct expenses associated with a proposed crossing.

(2) A proposed crossing that involves a significant and imminent likelihood of danger to the public health or safety, or that is a serious threat to the safe operations of the railroad, or to the current use of the railroad right-of-way, necessitating additional terms and conditions associated with the crossing.

2. *Rulemaking and standard crossing fee.* The board, in consultation with the state department of transportation, shall adopt rules pursuant to chapter 17A prescribing the terms and conditions for a crossing. The rules shall provide that any crossing be consistent with the public convenience and necessity and reasonable service to the public. The rules, at a minimum, shall address the following:

a. The terms and conditions applicable to a crossing including, but not limited to, the following:

(1) Notification required prior to the commencement of any crossing activity.

(2) A requirement that the railroad and the public utility each maintain and repair the person’s own property within the railroad right-of-way, and bear responsibility for each person’s own acts and omissions; except that the public utility shall be responsible for any bodily injury or property damage that typically would be covered under a standard railroad protective liability insurance policy.

(3) The amount and scope of insurance or self-insurance required to cover risks associated with a crossing.

(4) A procedure to address the payment of costs associated with the relocation of public utility facilities within the railroad right-of-way necessary to accommodate railroad operations.

(5) Terms and conditions for securing the payment of any damages by the public utility before it proceeds with a crossing.

(6) Immediate access to a crossing for repair and maintenance of existing facilities in case of emergency.

(7) Engineering standards for utility facilities crossing railroad rights-of-way.

(8) Provision for expedited crossing, absent a claim of special circumstances, after payment by the public utility of the standard crossing fee, if applicable, and submission of completed engineering specifications to the railroad.

(9) Other terms and conditions necessary to provide for the safe and reasonable use of a railroad right-of-way by a public utility, and consistent with rules adopted by the board, including any complaint procedures adopted by the board to enforce the rules.

*b.* Unless otherwise agreed by the parties and subject to subsection 4, a public utility that locates its facilities within the railroad right-of-way for a crossing, other than a crossing along the public roads of the state pursuant to chapter 477, shall pay the railroad a one-time standard crossing fee of seven hundred fifty dollars for each crossing. The standard crossing fee shall be in lieu of any license or any other fees or charges to reimburse the railroad for the direct expenses incurred by the railroad as a result of the crossing. The public utility shall also reimburse the railroad for any actual flagging expenses associated with a crossing in addition to the standard crossing fee.

3. *Powers not limited. a.* Notwithstanding subsection 2, rules adopted by the board shall not prevent a railroad and a public utility from otherwise negotiating the terms and conditions applicable to a crossing or the resolution of any disputes relating to such crossing.

*b.* Notwithstanding paragraph “a”, neither this subsection nor this section shall impair the authority of a public utility to secure crossing rights by easement pursuant to the exercise of the power of eminent domain.

4. *Special circumstances. a.* A railroad or public utility that believes special circumstances exist for a particular crossing may petition the board for relief.

(1) If a petition for relief is filed, the board shall determine whether special circumstances exist that necessitate either a modification of the direct expenses to be paid, or the need for additional terms and conditions.

(2) The board may make any necessary findings of fact and determinations related to the exis-

tence of special circumstances, as well as any relief to be granted.

(3) A determination of the board, except for a determination on the issue of damages for the rights granted to a public utility with respect to a crossing, shall be considered final agency action subject to judicial review under chapter 17A.

(4) The board shall assess the costs associated with a petition for relief equitably against the parties.

*b.* A railroad or public utility that claims to be aggrieved by a determination of the board on the issue of damages for the rights granted to a public utility with respect to a crossing may seek judicial review as provided in subsection 5.

5. *Appeals. a.* A railroad or public utility that claims to be aggrieved by the board’s determination of damages for rights granted to a public utility may appeal the board’s determination to the district court in the same manner as provided in section 6B.18 and sections 6B.21 through 6B.23. In any appeal of the determination of damages, the public utility shall be considered the applicant, and the railroad shall be considered the condemnee. References in sections 6B.18 and 6B.21 to “*compensation commission*” mean the board as defined in this section, or appointees of the board.

*b.* An appeal of any determination of the board other than the issues of damages for rights granted to a public utility shall be pursuant to chapter 17A.

6. *Authority to cross — emergency relief.* Pending board resolution of a claim of special circumstances raised in a petition, a public utility may, upon securing the payment of any damages, and upon submission of completed engineering specifications to the railroad, proceed with a crossing in accordance with the rules adopted by the board, unless the board, upon application for emergency relief, determines that there is a reasonable likelihood that either of the following conditions exist:

*a.* That the proposed crossing involves a significant and imminent likelihood of danger to the public health or safety.

*b.* That the proposed crossing is a serious threat to the safe operations of the railroad or to the current use of the railroad right-of-way.

If the board determines that there is a reasonable likelihood that the proposed crossing meets either condition, then the board shall immediately intervene to prevent the crossing until a factual determination is made.

7. *Conflicting provisions.* Notwithstanding any provision of the Code to the contrary, this section shall apply in all crossings of railroad rights-of-way involving a public utility as defined in this section, and shall govern in the event of any conflict with any other provision of law.

## LOCAL TELEPHONE SERVICE

**476.29 Certificates for providing local telecommunications services.**

1. After September 30, 1992, a utility must have a certificate of public convenience and necessity issued by the board before furnishing land-line local telephone service in this state. No lines or equipment shall be constructed, installed, or operated for the purpose of furnishing the service before a certificate has been issued.

2. Except as provided in subsection 12, a certificate shall be issued by the board, after notice and opportunity for hearing, if the board determines that the service proposed to be rendered will promote the public convenience and necessity, provided that an applicant other than a local exchange carrier, as defined in section 476.96, shall not be denied a certificate if the board finds that the applicant possesses the technical, financial, and managerial ability to provide the service it proposes to render and the board finds the service is consistent with the public interest. The board shall make a determination within ninety days of the submission by the applicant of evidence of its technical, financial, and managerial ability, unless the board determines that additional time is necessary to consider the application, in which case the board may extend the time for making a determination for an additional sixty days. The board may establish reasonable conditions or restrictions on the certificate at the time of issuance.

3. A certificate is transferable, subject to approval of the board pursuant to section 476.20, subsection 1, and for purposes of a rate-regulated local exchange utility shall be treated by the board in the same manner as a reorganization pursuant to sections 476.76 and 476.77.

4. Each certificate shall define the service territory in which land-line local telephone service will be provided. The service territory shall be shown on maps and other documentation as the board may require to be filed with the board. The board shall, by rule, specify the style, size, and kind of map or other documentation, and the information to be shown.

5. Each local exchange utility has an obligation to serve all eligible customers within the utility's service territory, unless explicitly excepted from this requirement by the board.

6. The certificate and tariffs approved by the board are the only authority required for the utility to furnish land-line local telephone service. However, to the extent not inconsistent with this section, the power to regulate the conditions required and manner of use of the highways, streets, rights-of-way, and public grounds remains in the appropriate public authority.

7. The inclusion of any facilities or service territory of a local exchange utility within the boundaries of a city does not impair or affect the rights of the utility to provide land-line local telephone service in the utility's service territory.

8. An agreement between local exchange utilities to designate service territory boundaries and customers to be served by the utilities, or for exchange of customers between utilities, when approved by the board after notice to affected persons and opportunity for hearing, is valid and enforceable and shall be incorporated into the appropriate certificates. The board shall approve an agreement if the board finds the agreement will result in adequate service to all areas and customers affected and is in the public interest.

9. A certificate may, after notice and opportunity for hearing, be revoked by the board for failure of a utility to furnish reasonably adequate telephone service and facilities. The board may also order a revocation affecting less than the entire service territory, or may place appropriate conditions on a utility to ensure reasonably adequate telephone service. Prior to revocation proceedings, the board shall notify the utility of any inadequacies in its service and facilities and allow the utility a reasonable time to eliminate the inadequacies.

10. In the event that eighty percent or more of the subscribers in a community served by a local exchange utility sign a petition indicating they are adversely affected by school reorganization or economic dislocation and prefer to have their local telephone service provided by a different local exchange utility and file that petition with the board, the board, after notice and opportunity for hearing, shall determine whether the certificate held by the local exchange utility shall be revoked or conditioned as provided in subsection 9.

11. The board shall assure that all territory in the state is served by a local exchange utility. If at any time due to certificate revocation proceedings, discontinuance of service proceedings, or any other reason, it appears that a particular territory may not be served by any local exchange utility, the board may, after notice to interested persons and opportunity for hearing, include all or part of the territory in the certificate of another local exchange utility or utilities. In determining the local exchange utility or utilities to be authorized or required to serve, the board shall consider the willingness and ability of the utilities to serve, the location of existing service facilities, the community of interest of the customers involved, and any other factors deemed relevant to the public interest.

12. The board, on or prior to September 30, 1992, shall issue to each local exchange utility in the state, without a contested case proceeding, a nonexclusive certificate to serve the area included within the utility's service territory boundaries as

shown by the service territory boundary maps on record with the board on January 1, 1992. The board shall adopt rules pursuant to chapter 17A to implement the issuance of certificates.

a. A customer served by a local exchange utility, but outside the service territory of that utility when the utility's certificate is issued, shall continue to be served by that utility for as long as that customer remains eligible to receive and requests service.

b. If more than one utility has on file maps indicating service in the same territory, the board shall request the involved utilities to resolve the overlap. If the overlap is not resolved in a reasonable time, the board, after notice to interested persons and opportunity for hearing, shall determine the boundary, taking into consideration the criteria listed in subsection 11.

13. Notwithstanding other provisions of this section, approval by the voters of a city pursuant to section 388.2 of a proposal to establish or acquire a public utility providing communications services is conclusive evidence of the fact that the city has the technical, financial, and managerial ability to provide such service. Following the notice and opportunity for hearing in subsection 2, an applicant shall not be denied a certificate if the board finds the proposed service is consistent with the public interest.

14. This section does not prevent the board from adopting rules requiring or allowing local exchange utilities to provide extended area service or adjacent exchange service.

15. The board shall provide a written report to the general assembly no later than January 20, 2005, describing the current status of local telephone service in this state. The report shall include at a minimum the number of certificates of convenience issued, the number of current providers of local telephone service, and any other information deemed appropriate by the board.

RULES

**476.31 Continuing audit of operation.**

The board shall adopt not later than July 1, 1983, rules and policies to implement a program for the continuous review of operations of rate-regulated public utilities with respect to all matters that affect rates or charges for utility service.

[81 Acts, ch 156, §1]

**476.32 Review of annual reports.**

The board shall review annual reports submitted by rate-regulated public utilities. The

board shall commence rate-review proceedings under this chapter if an annual report indicates that the earnings of the public utility are excessive.

[81 Acts, ch 156, §2]

**476.33 Rules governing hearings.**

1. The board shall adopt rules pursuant to chapter 17A to provide for the completion of proceedings under section 476.3 within ten months after the date of the filing of a petition under section 476.3, subsection 2, and to provide for the completion of proceedings under section 476.6 within ten months after the date of filing of the new or changed rates, charges, schedules, or regulations under that section. These rules shall include reasonable time limitations for the submission or completion of comments and testimony, and exhibits, briefs, and hearings, and may provide for the granting of additional time upon the request of a party to the proceeding for good cause shown.

2. Additional time granted to a party under subsection 1 shall not extend the amount of time for which a utility is required to file a bond or other undertaking conditioned upon refund under section 476.3, subsection 2.

3. If in a proceeding under section 476.6 additional time is granted to a party under subsection 1, the board may extend the ten-month period during which a utility is prohibited from placing its entire rate increase request into effect under section 476.6, but an extension shall not exceed the aggregate amount of all additional time granted under subsection 1.

4. The board shall adopt rules that require the board, in rate regulatory proceedings under sections 476.3 and 476.6, to consider the use of the most current test period possible in determining reasonable and just rates, subject only to the availability of existing and verifiable data respecting costs and revenues, and in addition, to consider verifiable data that exists within nine months after the conclusion of the test year, respecting known and measurable changes in costs not associated with a different level of revenue, and known and measurable revenues not associated with a different level of costs, that are to occur at any time within twelve months after the date of commencement of the proceedings. Parties proposing adjustments that are not verifiable at the commencement of the proceedings shall include projected data related to the adjustments in their initial substantive filing with the board. For purposes of this subsection, a proceeding commences under section 476.6 upon the filing date of new or changed rates, charges, schedules, or regulations. This subsection does not limit the authority of the board to consider other evidence in proceedings under sections 476.3 and 476.6.

5. a. The board shall adopt rules that require the board, in a rate regulatory proceeding under

sections 476.3 and 476.6, to consider both of the following for inclusion in rates:

(1) Capital infrastructure investments that will not produce significant additional revenues and will be in service in Iowa within nine months after the conclusion of the test year.

(2) Cost of capital changes that will occur within nine months after the conclusion of the test year that are associated with a new generating plant that has been the subject of a ratemaking principles proceeding pursuant to section 476.53.

*b.* This subsection is repealed effective July 1, 2007. However, any utilities board proceeding that is pending on July 1, 2007, that is being conducted pursuant to section 476.3 or 476.6 shall be completed as if this section had not been repealed. Upon repeal, the board may still consider the adjustments addressed in this subsection, but shall not be required to consider them.

#### ALTERNATE ENERGY PRODUCTION FACILITIES

##### **476.41 Purpose.**

It is the policy of this state to encourage the development of alternate energy production facilities and small hydro facilities in order to conserve our finite and expensive energy resources and to provide for their most efficient use.

83 Acts, ch 182, §2

##### **476.42 Definitions.**

As used in this division, unless the context otherwise requires:

1. “*Alternate energy production facility*” means any or all of the following:

*a.* A solar, wind turbine, waste management, resource recovery, refuse-derived fuel, agricultural crops or residues, or woodburning facility.

*b.* Land, systems, buildings, or improvements that are located at the project site and are necessary or convenient to the construction, completion, or operation of the facility.

*c.* Transmission or distribution facilities necessary to conduct the energy produced by the facility to users located at or near the project site.

A facility which is a qualifying facility under 18 C.F.R. part 292, subpart B is not precluded from being an alternate energy production facility under this division.

2. “*Electric utility*” means a public utility that furnishes electricity to the public for compensation.

3. “*Next generating plant*” means an electric

utility’s assumed next coal-fired base load electric generating plant, whether planned or not, based on current technology and undiscounted current cost.

4. “*Small hydro facility*” means any or all of the following:

*a.* A hydroelectric facility at a dam.

*b.* Land, systems, buildings, or improvements that are located at the project site and are necessary or convenient to the construction, completion, or operation of the facility.

*c.* Transmission or distribution facilities necessary to conduct the energy produced by the facility to users located at or near the project site.

A facility which is a qualifying facility under 18 C.F.R. part 292, subpart B is not precluded from being a small hydro facility under this division.

83 Acts, ch 182, §3; 90 Acts, ch 1252, §31 – 33; 92 Acts, ch 1017, §1

##### **476.43 Rates for alternate energy production facilities.**

1. Subject to section 476.44, the board shall require electric utilities to do both of the following under terms and conditions that the board finds are just and economically reasonable for the electric utilities’ customers, are nondiscriminatory to alternate energy producers and small hydro producers, and will further the policy stated in section 476.41:

*a.* At least one of the following:

(1) Own alternate energy production facilities or small hydro facilities located in this state.

(2) Enter into long-term contracts to purchase or wheel electricity from alternate energy production facilities or small hydro facilities located in the utility’s service area.

*b.* Provide for the availability of supplemental or backup power to alternate energy production facilities or small hydro facilities on a nondiscriminatory basis and at just and reasonable rates.

2. Upon application by the owner or operator of an alternate energy production facility or small hydro facility or any interested party, the board shall establish for the affected public utility just and economically reasonable rates for electricity purchased under subsection 1, paragraph “*a*”. The rates shall be established at levels sufficient to stimulate the development of alternate energy production and small hydro facilities in Iowa and to encourage the continuation of existing capacity from those facilities.

3. The board may adopt individual utility or uniform statewide facility rates. The board shall consider the following factors in setting individual or uniform rates:

*a.* The estimated capital cost of the next generating plant, including related transmission facilities, to be placed in service by the electric utility serving the area.

*b.* The term of the contract between the electric utility and the seller.

c. A levelized annual carrying charge based upon the term of the contract and determined in a manner consistent with both the methods and the current interest or return requirements associated with the electric utility's new construction program.

d. The electric utility's annual energy costs, including current fuel costs, related operation and maintenance costs, and other energy-related costs considered appropriate by the board.

e. External factors, including but not limited to, environmental and economic factors.

f. Other relevant factors.

g. If the board adopts uniform statewide rates, the board shall use representative data in lieu of utility specific information in applying the factors listed in paragraphs "a" through "f".

4. In the case of a utility that purchases all or substantially all of its electricity requirements, the rates established under this section must be based on the electric utility's current purchased power costs.

5. In lieu of the other procedures provided by this section, an electric utility and an owner or operator of an alternate energy production facility or small hydro facility may enter into a long-term contract in accordance with subsection 1 and may agree to rates for purchase and sale transactions. A contract entered into under this subsection must be filed with the board in the manner provided for tariffs under section 476.4.

6. This section does not require an electric utility to construct additional facilities unless those facilities are paid for by the owner or operator of the affected alternate energy production facility or small hydro facility.

83 Acts, ch 182, §4, 7; 90 Acts, ch 1252, §34 – 37; 2003 Acts, ch 29, §2, 6

**476.44 Exceptions.**

1. The board shall not require an electric utility to purchase or wheel electricity from an alternate energy production facility or small hydro facility unless the facility is owned or operated by an individual, firm, copartnership, corporation, company, association, joint stock association, city, town, or county that meets both of the following:

a. Is not primarily engaged in the business of producing or selling electricity, gas, or useful thermal energy other than electricity, gas, or useful thermal energy sold solely from alternate energy production facilities or small hydro facilities.

b. Does not sell electricity, gas, or useful thermal energy to residential users other than the tenants or the owner or operator of the facility.

2. An electric utility subject to this division, except a utility that elects rate regulation pursuant to section 476.1A, shall not be required to own or purchase, at any one time, more than its share of one hundred five megawatts of power from alternative energy production facilities or small hydro

facilities at the rates established pursuant to section 476.43. The board shall allocate the one hundred five megawatts based upon each utility's percentage of the total Iowa retail peak demand, for the year beginning January 1, 1990, of all utilities subject to this section. If a utility undergoes reorganization as defined in section 476.76, the board shall combine the allocated purchases of power for each utility involved in the reorganization.

Notwithstanding the one hundred five megawatt maximum, the board may increase the amount of power that a utility is required to own or purchase at the rates established pursuant to section 476.43 if the board finds that a utility, including a reorganized utility, exceeds its 1990 Iowa retail peak demand by twenty percent and the additional power the utility is required to purchase will encourage the development of alternate energy production facilities and small hydro facilities. The increase shall not exceed the utility's increase in peak demand multiplied by the ratio of the utility's share of the one hundred five megawatt maximum to its 1990 Iowa retail peak demand.

83 Acts, ch 182, §5; 90 Acts, ch 1252, §38; 92 Acts, ch 1163, §97; 92 Acts, ch 1166, §1; 2003 Acts, ch 29, §3, 6

**476.45 Exemption from excess capacity.**

Capacity of an alternate energy production facility or small hydro facility, that is owned or purchased by an electric utility, shall not be included in a calculation of an electric utility's excess generating capacity for ratemaking purposes.

83 Acts, ch 182, §6; 2003 Acts, ch 29, §4, 6

**476.46 Alternate energy revolving loan program.**

1. The Iowa energy center created under section 266.39C shall establish and administer an alternate energy revolving loan program to encourage the development of alternate energy production facilities and small hydro facilities within the state.

2. a. An alternate energy revolving loan fund is created in the office of the treasurer of state to be administered by the Iowa energy center.

b. The fund shall include moneys remitted to the fund pursuant to subsection 3 and any other moneys appropriated or otherwise directed to the fund.

c. Moneys in the fund shall be used to provide loans for the construction of alternate energy production facilities or small hydro facilities as defined in section 476.42.

d. (1) A gas or electric utility that is not required to be rate-regulated shall not be eligible for a loan under this section.

(2) A facility shall be eligible for no more than two hundred fifty thousand dollars in loans outstanding at any time under this program.

e. (1) Each loan shall be for a period not to exceed twenty years, shall bear no interest, and shall be repayable to the fund created under this section in installments as determined by the Iowa energy center. The interest rate upon delinquent payments shall accelerate immediately to the current legal usury limit.

(2) Any loan made pursuant to this program shall become due for payment upon sale of the facility for which the loan was made.

(3) Interest on the fund shall be deposited in the fund. A portion of the interest on the fund, not to exceed fifty percent of the total interest accrued, shall be used for promotion and administration of the fund.

f. Section 8.33 shall not apply to the moneys in the fund.

3. The board shall direct all gas and electric utilities required to be rate-regulated to remit to the treasurer of state by July 1, 1996, eighty-five one-thousandths of one percent of the total gross operating revenues during calendar year 1995 derived from their intrastate public utility operations, by July 1, 1997, eighty-five one-thousandths of one percent of the total gross operating revenues during calendar year 1996 derived from their intrastate public utility operations and by July 1, 1998, eighty-five one-thousandths of one percent of the total gross operating revenues during calendar year 1997 derived from their intrastate public utility operations. The amounts collected pursuant to this section shall be in addition to the amounts permitted to be assessed pursuant to section 476.10 and the amounts assessed pursuant to section 476.10A. The board shall allow inclusion of these amounts in the budgets approved by the board pursuant to section 476.6, subsection 16, paragraph "c".

96 Acts, ch 1196, §11; 2002 Acts, ch 1109, §4

#### **476.47 Alternate energy purchase programs.**

1. Beginning January 1, 2004, an electric utility, whether or not rate-regulated under this chapter, shall offer an alternate energy purchase program to customers, based on energy produced by alternate energy production facilities in Iowa.

2. The board shall require electric utilities to file plans for alternate energy purchase programs offered pursuant to this section.

a. Rate-regulated electric utilities shall file plans for alternate energy purchase programs that allow customers to contribute voluntarily to the development of alternate energy in Iowa, and shall file tariffs as required by the board by rule.

b. Electric utilities that are not rate-regulated shall offer alternate energy purchase programs at rates determined by their governing authority, and shall file tariffs with the board for informational purposes only.

3. The electric utility shall notify consumers of

its alternate energy purchase program and any proposed modifications to such program at least sixty days prior to implementation of the program or any modification.

4. For purposes of this section, an electric utility may base its program on energy produced by alternate energy production facilities located outside of Iowa under any of the following circumstances:

a. The energy is purchased by the electric utility pursuant to a contract in effect prior to July 1, 2001, and continues until the expiration of the contract, including any options to renew that are exercised by the electric utility.

b. The electric utility has a financial interest, as of July 1, 2001, in the alternate energy production facility that is located outside of Iowa, or in an entity that has a financial interest in an alternate energy production facility located outside of Iowa.

c. The energy is purchased by an electric utility that is not rate-regulated and that is required to purchase all of its electric power requirements from a single supplier that is physically located outside of Iowa.

5. This section shall not apply to non-rate-regulated electric utilities physically located outside of Iowa that serve Iowa customers.

6. Any consumer-owned utility may apply to the board for a waiver under this section, and the board, for good cause, may grant the waiver.

#### PENALTY

#### **476.51 Civil penalty.**

1. A public utility which, after written notice by the board of a specific violation, violates the same provision of this chapter, the same rule adopted by the board, or the same provision of an order lawfully issued by the board, is subject to a civil penalty, which may be levied by the board, of not less than one hundred dollars nor more than two thousand five hundred dollars per violation.

2. A public utility which willfully, after written notice by the board of a specific violation, violates the same provision of this chapter, the same rule adopted by the board, or the same provision of an order lawfully issued by the board, is subject to a civil penalty, which may be levied by the board, of not less than one thousand dollars nor more than ten thousand dollars per violation. For the purposes of this section, "willful" means knowing and deliberate, with a specific intent to violate.

3. Each violation is a separate offense. In the case of a continuing violation, each day a violation continues, after the time specified for compliance in the written notice by the board, is a separate and distinct offense. Any civil penalty may be compromised by the board. In determining the

amount of the penalty, or the amount agreed upon in a compromise, the board may consider the appropriateness of the penalty in relation to the size of the public utility, the gravity of the violation, and the good faith of the public utility in attempting to achieve compliance following notification of a violation, and any other relevant factors.

4. The written notice given by the board to a public utility under this section shall specify an appropriate time for compliance.

5. Civil penalties collected pursuant to this section from utilities providing water, electric, or gas service shall be forwarded by the executive secretary of the board to the treasurer of state to be credited to the general fund of the state and to be used only for the low income home energy assistance program and the weatherization assistance program administered by the division of community action agencies of the department of human rights. Civil penalties collected pursuant to this section from utilities providing telecommunications service shall be forwarded to the treasurer of state to be credited to the general fund of the state to be used only for consumer education programs administered by the board. Penalties paid by a rate-regulated public utility pursuant to this section shall be excluded from the utility's costs when determining the utility's revenue requirement, and shall not be included either directly or indirectly in the utility's rates or charges to customers.

POLICIES

**476.52 Management efficiency.**

It is the policy of this state that a public utility shall operate in an efficient manner. If the board determines in the course of a proceeding conducted under section 476.3 or 476.6 that a utility is operating in an inefficient manner, or is not exercising ordinary, prudent management, or in comparison with other utilities in the state the board determines that the utility is performing in a less beneficial manner than other utilities, the board may reduce the level of profit or adjust the revenue requirement for the utility to the extent the board believes appropriate to provide incentives to the utility to correct its inefficient operation. If the board determines in the course of a proceeding conducted under section 476.3 or 476.6 that a utility is operating in such an extraordinarily efficient manner that tangible financial benefits result to the ratepayer, the board may increase the level of profit or adjust the revenue requirement for the utility. In making its determination under this section, the board may also consider a public utility's pursuit of energy efficiency programs. The board shall adopt rules for determining the level of profit or the revenue requirement adjust-

ment that would be appropriate.

The board shall also adopt rules establishing a methodology for an analysis of a utility's management efficiency.

83 Acts, ch 127, §35; 89 Acts, ch 297, §11

**476.53 Electric generating and transmission facilities.**

1. It is the intent of the general assembly to attract the development of electric power generating and transmission facilities within the state in sufficient quantity to ensure reliable electric service to Iowa consumers and provide economic benefits to the state.

2. The general assembly's intent with regard to the development of electric power generating and transmission facilities, as provided in subsection 1, shall be implemented in a manner that is cost-effective and compatible with the environmental policies of the state, as expressed in Title XI.

3. For purposes of this section, unless the context otherwise requires, the terms "*cogeneration pilot project facility*", "*energy sales agreement*", "*qualified cogeneration pilot project facility*", and "*utility-owned cogeneration pilot project facility*" mean the same as defined in section 15.269.

4. *a.* The board shall specify in advance, by order issued after a contested case proceeding, the ratemaking principles that will apply when the costs of the electric power generating facility, alternate energy production facility, cogeneration pilot project facility, or energy sales agreement are included in regulated electric rates whenever a rate-regulated public utility does any of the following:

(1) Files an application pursuant to section 476A.3 to construct in Iowa a baseload electric power generating facility with a nameplate generating capacity equal to or greater than three hundred megawatts or a combined-cycle electric power generating facility, or an alternate energy production facility as defined in section 476.42.

(2) Leases or owns in Iowa, in whole or in part, a new baseload electric power generating facility with a nameplate generating capacity equal to or greater than three hundred megawatts or a combined-cycle electric power generating facility, or a new alternate energy production facility as defined in section 476.42.

(3) Enters into an agreement for the purchase of the electric power output of a qualified cogeneration pilot project facility or constructs a utility-owned cogeneration pilot project facility pursuant to section 15.269.

*b.* In determining the applicable ratemaking principles, the board shall not be limited to traditional ratemaking principles or traditional cost recovery mechanisms. Among the principles and mechanisms the board may consider, the board has the authority to approve ratemaking principles proposed by a rate-regulated public utility

that provide for reasonable restrictions upon the ability of the public utility to seek a general increase in electric rates under section 476.6 for at least three years after the generating facility begins providing service to Iowa customers.

c. In determining the applicable ratemaking principles, the board shall make the following findings:

(1) The rate-regulated public utility has in effect a board-approved energy efficiency plan as required under section 476.6, subsection 16.

(2) The rate-regulated public utility has demonstrated to the board that the public utility has considered other sources for long-term electric supply and that the facility, lease, or cogeneration pilot project facility is reasonable when compared to other feasible alternative sources of supply. The rate-regulated public utility may satisfy the requirements of this subparagraph through a competitive bidding process, under rules adopted by the board, that demonstrate the facility, energy sales agreement, or lease is a reasonable alternative to meet its electric supply needs.

d. The applicable ratemaking principles shall be determined in a contested case proceeding, which proceeding may be combined with the proceeding for issuance of a certificate conducted pursuant to chapter 476A.

e. The order setting forth the applicable ratemaking principles shall be issued prior to the commencement of construction or lease of the facility, or execution of an energy sales agreement related to the cogeneration pilot project facility.

f. Following issuance of the order, the rate-regulated public utility shall have the option of proceeding according to either of the following:

(1) Withdrawing its application for a certificate pursuant to chapter 476A.

(2) Proceeding with the construction or lease of the facility or implementation of an energy sales agreement related to a cogeneration pilot project facility.

g. Notwithstanding any provision of this chapter to the contrary, the ratemaking principles established by the order issued pursuant to paragraph "e" shall be binding with regard to the specific electric power generating facility or cogeneration pilot project facility in any subsequent rate proceeding.

5. The utilities board and the consumer advocate may employ additional temporary staff, or may contract for professional services with persons who are not state employees, as the board and the consumer advocate deem necessary to perform required functions as provided in this section, including but not limited to review of power purchase contracts, review of emission plans and budgets, and review of ratemaking principles proposed for construction or lease of a new generating facility or a cogeneration pilot project facility. Beginning July 1, 2002, there is appropriated out of any funds in the state treasury not otherwise ap-

propriated, such sums as may be necessary to enable the board and the consumer advocate to hire additional staff and contract for services under this section. The costs of the additional staff and services shall be assessed to the utilities pursuant to the procedure in section 476.10 and section 475A.6.

6. a. A qualified cogeneration pilot project facility may file a petition with the board for a determination of the avoided cost of an electric utility as provided in the federal Public Utility Regulatory Policies Act of 1978 and related federal regulations, if such a determination has not been made within the last twenty-four months or if there is reason to believe the avoided cost has changed.

b. The board shall issue its determination of the electric utility's avoided cost within one hundred twenty days after the petition is filed.

c. The board, for good cause shown, may extend the deadline for issuing the decision for an additional period not to exceed one hundred twenty days.

d. The board shall not issue a decision under this subsection without providing notice and an opportunity for hearing.

e. The utilities board and the consumer advocate may employ additional temporary staff, or may contract for professional services with persons who are not state employees, as the board and the consumer advocate deem necessary to perform required functions as provided in this subsection. There is appropriated out of any funds in the state treasury not otherwise appropriated, such sums as may be necessary to enable the board and the consumer advocate to hire additional staff and contract for services under this section. The costs of the additional staff and services shall be assessed to the electric utility pursuant to the procedure in sections 476.10 and 475A.6.

#### **476.54 Delayed payment charges.**

A public utility shall not apply delayed payment charges on a customer's account if the scheduled payment was made by the customer within twenty days from the date the billing was sent to the customer. Delayed payment charges on a customer's account shall not exceed one and one-half percent per month of the past-due amount.

83 Acts, ch 127, §37

#### **476.55 Complaint of antitrust activities.**

1. An application for new or changed rates, charges, schedules, or regulations filed under this chapter, or an application for a certificate or an amendment to a certificate submitted under chapter 476A, by an electric transmission line utility or a gas pipeline utility or a subsidiary of either shall not be approved by the board if, upon complaint by

an Iowa electric or gas utility, the board finds activities which create or maintain a situation inconsistent with antitrust laws and the policies which underlie them. The board may grant the rate or facility certification request once it determines that those activities which led to the antitrust complaint have been eliminated. However, this subsection does not apply to an application for new or changed rates, charges, schedules, or regulations after the expiration of the ten-month limitation and applicable extensions.

2. Notwithstanding section 476.1D, the board may receive a complaint from a local exchange carrier that another local exchange carrier has engaged in an activity that is inconsistent with antitrust laws and the policies which underlie them. For purposes of this subsection, “local exchange carrier” means the same as defined in section 476.96 and includes a city utility authorized pursuant to section 388.2 to provide local exchange services. If, after notice and opportunity for hearing, the board finds that a local exchange carrier has engaged in an activity that is inconsistent with antitrust laws and the policies which underlie them, the board may order any of the following:

a. The local exchange carrier to adjust retail rates in an amount sufficient to correct the antitrust activity.

b. The local exchange carrier to pay any costs incurred by the complainant for the pursuit of the complaint.

c. The local exchange carrier to pay a civil penalty.

d. Either the local exchange carrier or the complainant to pay the costs of the complaint proceeding before the board, and the other party’s reasonable attorney fees.

This subsection shall not be construed to modify, restrict, or limit the right of a person to bring a complaint under any other provision of this chapter.

83 Acts, ch 127, §38; 2005 Acts, ch 9, §2

**476.56 Energy costs provided.**

A gas or electric public utility shall provide, upon the request of a person who states in writing that the person is an owner of real property, or an interested prospective purchaser or renter of the property, which is or has been receiving gas or electric service from the public utility, the annual gas or electric energy costs for the property.

88 Acts, ch 1174, §3

**476.57 Limitations on use of ADAD equipment — penalty.**

1. *Definition.* As used in this section, “ADAD equipment” means automatic dialing-announcing device equipment which is a device or system of devices used, either alone or in conjunction with other equipment, for the purpose of automatically se-

lecting or dialing telephone numbers without the use of a live operator to disseminate prerecorded messages to the numbers selected or dialed.

2. *Prohibition.*

a. Except as provided in paragraph “b”, a person shall not use, employ, or direct another person to use, or contract for the use of ADAD equipment.

b. Except for ADAD equipment which randomly or sequentially selects the telephone numbers for calling, the prohibition in paragraph “a” does not apply to any of the following:

(1) Calls made with ADAD equipment by a nonprofit organization or by an individual using the calls other than for commercial profit-making purposes or fund-raising, if the calls do not involve the advertisement or offering for sale, lease, or rental of goods, services, or property.

(2) Calls made with ADAD equipment relating to payment for, service of, or warranty coverage of previously ordered or purchased goods or services or to persons or organizations with a prior business relationship with the persons or organizations using the calls.

(3) Calls made with ADAD equipment relating to the collection of lawful debts.

(4) Calls made with ADAD equipment to members or employees of the organization making the calls.

(5) Calls made with ADAD equipment which use an initial prerecorded message of a duration no greater than seven seconds prior to a live operator intercept, or calls which involve an initial message from a live operator.

3. *Termination.* Calls made with ADAD equipment must terminate the connection with any call within ten seconds after the person receiving the call acts to disconnect the call.

4. *Penalty.* A violation of this section is a serious misdemeanor.

## CUSTOMER CONTRIBUTION FUND

**476.66 Customer contribution fund.**

1. The utilities board shall adopt rules which shall require each electric and gas public utility to establish a fund whose purposes shall include the receiving of contributions to assist the utility's low-income customers with weatherization measures to improve energy efficiency related to winter heating and summer cooling, and to supplement the energy assistance received under the federal low-income home energy assistance program for the payment of winter heating electric or gas utility bills.

2. The rules shall require each utility to periodically notify its customers of the availability and purpose of the fund and to provide them with forms on which they can authorize the utility to bill their contribution to the fund on a monthly basis.

3. The rules shall permit the fund to accept matching funds from persons or organizations who wish to provide assistance for customers of the utility.

4. The utility may be reimbursed by the fund for the administrative costs of the billings, disbursements, notices to customers, and financial recordkeeping. However, such reimbursement shall not exceed five percent of the total revenues collected.

5. The utility shall establish a board or committee to determine the appropriate distribution of the funds. The board or committee shall include representatives from community or regional organizations which are active in assisting citizens with payment of their winter heating bills.

6. The rules established by the utilities board shall require an annual report to be filed for each fund. The utilities board shall compile an annual statewide report of the fund results. The division of community action agencies of the department of human rights shall prepare an annual report of the unmet need for energy assistance and weatherization. Both reports shall be submitted to the appropriations committees of the general assembly on the first day of the following session.

7. Existing programs to receive customer contributions established by public utilities shall be

construed to meet the requirements of this section. Such plans shall be subject to review by the utilities board.

## PUBLIC UTILITY AFFILIATES

**476.71 Purpose.**

It is the intent of the general assembly that a public utility should not directly or indirectly include in regulated rates or charges any costs or expenses of an affiliate engaged in any business other than that of utility business unless the affiliate provides goods or services to the public utility. The costs that are included should be reasonably necessary and appropriate for utility business. It is also the intent of the general assembly that a public utility should only provide nonutility services in a manner that minimizes the possibility of cross-subsidization or unfair competitive advantage.

89 Acts, ch 103, §2

**476.72 Definitions.**

As used in this division, unless the context otherwise requires:

1. "*Affiliate*" means a party that directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with a rate-regulated public utility.

2. "*Control*" means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of an enterprise through ownership, by contract or otherwise.

3. "*Nonutility service*" includes the sale, lease, or other conveyance of commercial and residential gas or electric appliances, interior lighting systems and fixtures, or heating, ventilating, or air conditioning systems and component parts or the servicing, repair, or maintenance of such equipment.

4. "*Public utility*" includes only gas or electric rate-regulated public utilities and rate-regulated telephone utilities providing local exchange telecommunication service.

5. "*Utility business*" means the generation or transmission of electricity or furnishing of gas or furnishing electricity or furnishing rate-regulated communications services to the public for compensation.

89 Acts, ch 103, §3

**476.73 Affiliate records.**

the board finds necessary to effectively implement and effectuate the provisions of this chapter.

2. *Separate records.* The board may require affiliates of a public utility to keep separate records and the board may provide for the examination and inspection of the books, accounts, papers, and records, as may be necessary to enforce this chapter.

Any contract or agreement determined by the board to be a confidential record pursuant to section 22.7 shall be returned to the public utility filing the confidential record within sixty days after the contract or agreement is filed.

5. *Exemption.* The provisions of this section requiring filing of contracts or agreements with the board shall not apply to transactions with an affiliate where the amount of consideration involved is not in excess of fifty thousand dollars or five percent of the capital equity of the utility, whichever is smaller. However, regularly recurring payments under a general or continuing ar-

angement which aggregate a greater annual amount shall not be broken down into a series of transactions to come within this exemption. In any proceeding involving the rates, charges or practices of the public utility, the board may exclude from the accounts of the public utility any unreasonable payment or compensation made pursuant to any contract or arrangement which is not required to be filed under this subsection.

8. *Alternative information.* The board shall consult with other state and federal regulatory agencies for the purpose of eliminating duplicate or conflicting filing requirements and may adopt rules which provide that comparable information required to be filed with other state or federal regulatory agencies may be accepted by the board in lieu of information required by this section.

9. *Reasonableness required.* In any proceeding, whether upon the board's own motion or upon application or complaint involving the rates, charges, or practices of any public utility, the board, for ratemaking purposes may exclude from the accounts of the public utility or adjust any payment or compensation related to any transaction with an affiliate for any services rendered or for any property or service furnished or received, as described in this section, under contracts or arrangements with an affiliate unless and upon inquiry the public utility shall establish the reasonableness of the payment or compensation.

10. *Exemption by rule or waiver.* The board may adopt rules which exempt any public utility or class of public utility or class of contracts or arrangements from this section or waive the requirements of this section if the board finds that the exemption or waiver is in the public interest.

89 Acts, ch 103, §5

**476.75 Audits required.**

The board may periodically retain a nationally or regionally recognized independent auditing firm to conduct an audit of the transactions between a public utility and its affiliates. An affiliate transaction audit shall not be conducted more frequently than every three years, unless ordered by the board for good cause. The cost of the audit shall be paid by the public utility to the independent auditing firm and shall be included in its regulated rates and charges, unless otherwise or-

Prior to reorganization, the applicant shall file with the board a proposal for reorganization with supporting testimony and evidence to establish that the reorganization is not contrary to the interests of the public utility's ratepayers and the public interest.

2. A proposal for reorganization shall be deemed to have been approved unless the board disapproves the proposal within ninety days after its filing. The board, for good cause shown, may extend the deadline for acting on an application for an additional period not to exceed ninety days. However, the board shall not disapprove a proposal for reorganization without providing for notice and opportunity for hearing. The notice of hearing shall be provided no later than fifty days after the proposal for reorganization has been filed.

3. In its review of a proposal for reorganization, the board may consider all of the following:

a. Whether the board will have reasonable access to books, records, documents, and other information relating to the public utility or any of its affiliates.

b. Whether the public utility's ability to attract capital on reasonable terms, including the maintenance of a reasonable capital structure, is impaired.

c. Whether the ability of the public utility to provide safe, reasonable, and adequate service is impaired.

d. Whether ratepayers are detrimentally affected.

e. Whether the public interest is detrimentally affected.

4. The board may adopt rules which exempt a public utility or class of public utility or class of reorganization from this section if the board finds that with respect to the public utility or class of public utility or class of reorganization review is not necessary in the public interest. The board may adopt rules necessary to protect the interest

of the customers of the exempt public utility. These rules may include, but are not limited to, notification of a proposed sale or transfer of assets or stock. The board may waive the requirements of this section, if the board finds that board review is not necessary in the public interest.

For the purpose of this section, "commercial" means a place of business primarily used for the storage or sale, at wholesale or retail, of goods, wares, services, or merchandise. Nothing in this section shall be construed to prohibit a rate-regulated gas or electric public utility from using its utility vehicles, service tools and instruments, and employees to market systems, services, and equipment, to light pilots, or to eliminate a customer emergency or threat to public safety.

The board may provide for the examination and inspection of the books, accounts, papers, and records of the nonutility service, as may be necessary, to enforce any provisions of this chapter.

2. The board shall adopt rules which specify the manner and form of the accounts relating to providing nonutility services which the rate-regulated gas or electric utility shall maintain.

89 Acts, ch 103, §10

**476.80 Additional requirements.**

A rate-regulated gas or electric public utility which engages in a systematic marketing effort as defined by the board, other than on an incidental or casual basis, to promote the availability of nonutility service from the public utility shall make available at reasonable compensation on a nondiscriminatory basis to all persons engaged primarily

in providing the same competitive nonutility services in that area all of the following services to the same extent utilized by the public utility in connection with its nonutility services:

1. Access to and use of the public utility's customer lists.
2. Access to and use of the public utility's billing and collection system.
3. Access to and use of the public utility's mailing system.

89 Acts, ch 103, §11

The board may periodically retain a nationally or regionally recognized independent auditing firm to conduct an audit of the nonutility services provided by a rate-regulated gas or electric public utility subject to the provisions of section 476.80. A nonutility service audit shall not be conducted more frequently than every three years, unless ordered by the board for good cause. The cost of the audit shall be paid by the public utility to the independent auditing firm and shall be included in its regulated rates and charges, unless otherwise ordered by the board for good cause after providing the public utility the opportunity for a hearing on the board's decision.

89 Acts, ch 103, §12

**476.82 Exemption — energy efficiency.**

Notwithstanding any language to the contrary, nothing in this division shall prohibit a public utility from participating in or conducting energy efficiency projects or programs established or approved by the board or required by statute. A public utility participating in or conducting energy efficiency projects or programs established or approved by the board or required by statute shall not be subject to the provisions of sections 476.80 and 476.81 for those energy efficiency projects or programs.

Upon the filing of a complaint, the board may promptly initiate a formal complaint proceeding and give notice of the proceeding and the opportunity for hearing. The formal complaint proceeding may be initiated at any time by the board on its own motion. The board shall render a decision in the proceeding within ninety days after the date the written complaint was filed, unless additional time is requested by the complainant.

**476.86 Definitions.**

As used in this section and section 476.87, unless the context otherwise requires:

1. "Aggregator" means a person who combines retail end users into a group and arranges for the acquisition of competitive natural gas services without taking title to those services.

2. "Competitive natural gas provider" means a person who takes title to natural gas and sells it for consumption by a retail end user in the state of Iowa. "Competitive natural gas provider" includes an affiliate of an Iowa gas utility.

"Competitive natural gas provider" does not include the following:

a. A public utility which is subject to rate regulation under this chapter.

b. A municipally owned utility which provides natural gas service within its incorporated area or within the municipal natural gas competitive service area, as defined in section 437A.3, subsection 22, paragraph "a", subparagraph (1), in which the municipally owned utility is located.

In an application for certification, a competitive natural gas provider or aggregator must reasonably demonstrate managerial, technical, and financial capability sufficient to obtain and deliver the services such provider or aggregator proposes to offer. The board may establish reasonable conditions or restrictions on the certificate at the time of issuance. The board shall adopt rules to establish specific criteria for certification. The board shall make a determination on an application for certification within ninety days of its submission, unless the board determines that additional time is necessary to consider the application, in which case the board may extend the time for making a determination for an additional sixty days.

2. The board may resolve disputes involving the provision of natural gas services by a competitive natural gas provider or aggregator.

3. The board shall allocate the costs and expenses reasonably attributable to certification and dispute resolution in this section to persons identified as parties to such proceeding who are engaged in or who seek to engage in providing natural gas services or other persons identified as participants in such proceeding. The funds received for the costs and the expenses of certification and dispute resolution shall be remitted to the treasurer of state for deposit in the general fund of

the state as provided in section 476.10.

#### ALTERNATIVE OPERATOR SERVICES

##### **476.91 Alternative operator services.**

1. *Definitions.* As used in this section, unless the context otherwise requires:

a. *“Alternative operator services company”* means a nongovernmental company which receives more than half of its Iowa intrastate telecommunications services revenues from calls placed by end-user customers from telephones other than ordinary residence or business telephones. The definition is further limited to include only companies which provide operator assistance, either through live or automated intervention, on calls placed from other than ordinary residence or business telephones, and does not include services provided under contract to rate-regulated local exchange utilities.

b. *“Contracting entity”* means an entity providing telephones other than ordinary residence or business telephones for use by end-user customers which has contracted with an alternative operator services company to provide telecommunications services to those telephones.

c. *“End-user customer”* means a person who places a local or toll call.

d. *“Other than ordinary residence or business telephones”* means telephones other than the residence or business telephones of the customary users of the telephones, including but not limited to pay telephones and telephones in motel, hotel, hospital, and college dormitory rooms.

2. *Jurisdiction.* Notwithstanding any finding by the board that a service or facility is subject to competition and should be deregulated pursuant to section 476.1, all intrastate telecommunications services provided by alternative operator services companies to end-user customers, using other than ordinary residence or business telephones, are subject to the jurisdiction of the board and shall be rendered pursuant to tariffs approved by the board. Alternative operator services companies shall be subject to all requirements and sanctions provided in this chapter. Contracting entities shall be subject to the requirements of any board regulations concerning telecommunications services provided by alternative operator services companies.

3. *Requirements.* The board shall adopt and enforce requirements for the provision of services by alternative operator services companies and contracting entities.

4. *Billing by local exchange utilities.* Notwithstanding any finding by the board that a service or facility is subject to competition and should

be deregulated pursuant to section 476.1, a regulated local exchange utility shall not perform billing and collection functions relating to regulated telecommunications services provided by an alternative operator services company, unless the alternative operator services company has filed a statement with the local exchange utility signed by a corporate officer, or other authorized person having personal knowledge, that all regulated telecommunications services to be billed shall be rendered pursuant to tariffs approved by the board.

#### PRICE REGULATION FOR TELECOMMUNICATIONS SERVICES PROVIDERS

##### **476.95 Findings — statement of policy.**

The general assembly finds all of the following:

1. Communications services should be available throughout the state at just, reasonable, and affordable rates from a variety of providers.

2. In rendering decisions with respect to regulation of telecommunications companies, the board shall consider the effects of its decisions on competition in telecommunications markets and, to the extent reasonable and lawful, shall act to further the development of competition in those markets.

3. In order to encourage competition for all telecommunications services, the board should address issues relating to the movement of prices toward cost and the removal of subsidies in the existing price structure of the incumbent local exchange carrier.

4. Regulatory flexibility is appropriate when competition provides customers with competitive choices in the variety, quality, and pricing of communications services, and when consistent with consumer protection and other relevant public interests.

5. The board should respond with speed and flexibility to changes in the communications industry.

6. Economic development can be fostered by the existence of advanced communications networks.

95 Acts, ch 199, §6

##### **476.96 Definitions.**

As used in section 476.95, this section, and sections 476.97 through 476.102, unless the context otherwise requires:

1. *“Basic communications service”* includes at a minimum, basic local telephone service, switched access, 911 and E-911 services, and dual party relay service. The board is authorized to classify by rule at any time, any other two-way

switched communications services as basic communications services consistent with community expectations and the public interest.

2. “*Basic local telephone service*” means the provision of dial tone access and usage, for the transmission of two-way switched communications within a local exchange area, including, but not limited to, the following:

a. Residence service and business services, including flat rate or local measured service, private branch exchange trunks, trunk type hunting services, direct inward dialing, and the network access portion of central office switched exchange service.

b. Extended area service.

c. Touch tone service when provided separately.

d. Call tracing.

e. Calling number blocking on either a per call or a per line basis.

f. Local exchange white pages directories.

g. Installation and repair of local network access.

h. Local operator services, excluding directory assistance.

i. Toll service blocking and 1-900 and 1-976 access blocking.

3. “*Competitive local exchange service provider*” means any person, including a municipal utility, that provides local exchange services, other than a local exchange carrier or a nonrate-regulated wireline provider of local exchange services under an authorized certificate of public convenience and necessity within a specific geographic area described in maps filed with and approved by the board as of September 30, 1992.

4. “*Interim number portability*” means one or more mechanisms by which a local exchange customer at a particular location may change the customer’s local exchange services provider without any change in the local exchange customer’s telephone number, while experiencing as little loss of functionality as is feasible using available technology.

5. “*Local exchange carrier*” means any person that was the incumbent and historical rate-regulated wireline provider of local exchange services or any successor to such person that provides local exchange services under an authorized certificate of public convenience and necessity within a specific geographic area described in maps filed with and approved by the board as of September 30, 1992.

6. “*Nonbasic communications services*” means all communications services subject to the board’s jurisdiction which are not deemed either by statute or by rule to be basic communications services, including any service offered by the local exchange carrier for the first time after July 1, 1995. A service is not considered new if it constitutes the bundling, unbundling, or repricing of an already existing service. Consistent with community expecta-

tions and the public interest, the board may reclassify by rule as nonbasic those two-way switched communications services previously classified by rule as basic.

7. “*Provider number portability*” means the capability of a local exchange customer to change the customer’s local exchange services provider at the customer’s same location without any change in the local exchange customer’s telephone number, while preserving the full range of functionality that the customer currently experiences. “*Provider number portability*” includes the equal availability of information concerning the local exchange provider serving the number to all carriers, and the ability to deliver traffic directly to that provider without having first to route traffic to the local exchange carrier or otherwise use the services, facilities, or capabilities of the local exchange carrier to complete the call, and without the dialing of additional digits or access codes.

#### **476.97 Price regulation.**

1. Notwithstanding contrary provisions of this chapter relating to rate regulation, the board may approve a plan for price regulation submitted by a rate-regulated local exchange carrier. The plan for price regulation is not effective until the approval by the board of tariffs implementing the unbundling of essential facilities pursuant to section 476.101, subsection 4, except for a local exchange carrier with less than seventy-five thousand access lines whose plan for price regulation will be effective concurrent with the approval of its plan. The board may approve a plan for price regulation prior to the adoption of rules related to the unbundling of essential facilities or concurrent with a rate proceeding under section 476.3, 476.6, or 476.7. During the term of the plan, the board shall regulate the prices of the local exchange carrier’s basic and nonbasic communications services pursuant to the requirements of the price regulation plan approved by the board. The local exchange carrier shall not be subject to rate of return regulation during the term of the plan.

2. The board, after notice and opportunity for hearing, may approve, modify, or reject the plan. The board shall approve, modify, or reject the plan by no later than ninety days after the date the plan is filed. The local exchange carrier shall have ten days to accept or reject any board modifications to its plan. If the local exchange carrier rejects a modification to its plan, the board shall reject the plan without prejudice to the local exchange carrier to submit another plan.

3. A price regulation plan, at a minimum, shall include provisions, consistent with the provisions of this section and any rules adopted by the board, for the following:

a. (1) Establishing and changing prices, terms, and conditions for basic communications services. The initial plan for price regulation must

include a proposal, which the board shall approve, for reducing the local exchange carrier's average intrastate access service rates to the local exchange carrier's average interstate access service rates in effect as of the last day of the calendar year immediately preceding the date of filing of the plan, as follows:

(a) A local exchange carrier with five hundred thousand or more access lines in this state shall reduce its average intrastate access service rates by at least one hundred percent of the difference between average intrastate access service rates and average interstate access service rates as of the date that the plan becomes effective.

(b) A local exchange carrier with fewer than five hundred thousand but seventy-five thousand or more access lines in this state shall reduce its average intrastate access service rates to its average interstate access service rates in increments of at least twenty-five percent, with the initial reduction to take effect on approval of the plan and equal annual reductions on each anniversary of the approval during the first three years that its plan is in effect.

(c) A local exchange carrier with fewer than seventy-five thousand access lines in this state shall reduce its average intrastate access service rates to its average interstate access service rates with equal annual reductions during a period beginning no more than two years and ending no more than five years from the plan's inception.

(2) The board, during the term of the plan for a local exchange carrier with five hundred thousand or more access lines in this state, may consider further reductions toward economic costs in the local exchange carrier's average intrastate access service rates. The board may consider offsetting such reductions by an explicit subsidy replacement to the extent that such offsets are competitively neutral. In determining economic costs of access service the board shall consider all relevant costs of the service including shared and common costs of the local exchange carrier.

(3) This section shall not be construed to do either of the following:

(a) Prohibit an additional decrease in a carrier's average intrastate access service rate during the term of the plan.

(b) Permit any increase in a carrier's average intrastate access service rates during the term of the plan.

(4) The plan shall also provide that the initial prices for basic communications services shall be three percent less than the rates approved and in effect at the time the local exchange carrier files its plan. A local exchange carrier which elects to reduce its rates by three percent shall not, at a later time, increase its rates for basic communications services as a result of the carrier's compliance with the board's rules relating to unbundling. In lieu of the three percent reduction, and prior to the adoption of rules relating to unbundling pur-

suant to section 476.101, subsection 4, paragraph "a", subparagraph (1), the local exchange carrier may request and the board may establish a regulated revenue requirement in a rate proceeding under section 476.3 or 476.6 commenced after July 1, 1995. After the determination of the local exchange carrier's regulated revenue requirement pursuant to the rate proceeding, the local exchange carrier shall not immediately implement rates designed to recover that regulated revenue requirement. Following the adoption of rules relating to unbundling pursuant to section 476.101, subsection 4, paragraph "a", subparagraph (1), the local exchange carrier shall commence a tariff proceeding for the approval of tariffs implementing such unbundling. The board has six months to complete this tariff proceeding and determine the local exchange carrier's final unbundled rates. The local exchange carrier shall carry forward the regulated revenue requirement determined by the board pursuant to the rate proceeding and design rates that comply with the board's rules relating to unbundling that recover the regulated revenue requirement, and that implement the board's approved rate design established in the tariff proceeding.

In lieu of taking the three percent reduction, a local exchange carrier that submits a plan for price regulation after the board adopts rules relating to unbundling may file a rate proceeding under section 476.3 or 476.6 and the board may approve rates designed to comply with those rules which allow the carrier to recover the established regulated revenue requirement and that implement the board's approved rate design established in the tariff proceeding.

(5) The plan shall provide for both increases and decreases in the prices for basic communications services reflecting annual changes in inflation. Initially, the board shall use the gross domestic product price index, as published by the federal government, for an inflation measure. The board by rule may adopt a more current measure of inflation. Any plan in effect as of July 1, 2003, that contains a productivity factor shall strike the productivity factor on a prospective basis.

(6) The plan may provide that price increases for basic communications services which are permitted under this section may be deferred and accumulated for a maximum of three years into a single price increase, provided that a deferred and accumulated price increase under this section shall not at any time exceed six percent. A price decrease for basic communications services shall not be deferred or accumulated, except that price decreases of less than two percent may be deferred by the local exchange carrier for one year. A price decrease required under this section may be offset by a price increase for a basic communications service that would have been permitted under this section in the previous twelve-month period, but which was deferred by the local exchange carrier.

b. Establishing and changing prices, terms, and conditions for nonbasic communications services.

c. Reporting new service offerings to the board.

d. Reflecting in rates any changes in revenues, expenses, and investment due to exogenous factors beyond the control of the local exchange carrier.

e. Providing notice to customers, the board, and the consumer advocate of changes in prices, terms, or conditions for basic and nonbasic communications services.

4. The board shall consider the extent to which a proposed plan complies with the requirements of subsection 3 and achieves the following:

a. Just, nondiscriminatory, and reasonable rates.

b. High quality, universally available communications services.

c. Encouragement of investment in communications infrastructure, efficiency improvements, and technological innovation.

d. The introduction of new communications products and services from a variety of sources.

e. Regulatory efficiency including reduction of regulatory costs and delays. A plan shall not provide for waiver of, release from, or delay in implementing the provisions of this section, section 476.101 or 476.102 or any rules adopted by the board pursuant to those sections.

5. Notwithstanding an approved plan for price regulation, the board shall continue to have regulatory authority over the following:

a. The level, extent, and timing of the unbundling of essential facilities offered by a local exchange carrier.

b. Ensuring against cross-subsidization between nonbasic communications services and basic communications services.

6. Any person, including the consumer advocate, a body politic, or the board on its own motion, may file a written complaint pursuant to section 476.3, subsection 1, regarding a local exchange carrier's implementation, operation under, or satisfaction of the purposes of its price regulation plan.

7. The consumer advocate may represent consumers before the board regarding any rule, order, or proceeding pertaining to price regulation. The consumer advocate may act as attorney for and represent consumers generally before any state or federal court concerning a board rule, order, or proceeding pertaining to price regulation.

8. In implementing price regulation, the board shall consider competitively neutral methods to assist lower-income Iowans to secure and retain telephone services.

9. The board shall determine the duration of any plan. The board shall review a local exchange carrier's operation under its plan, with notice and an opportunity for hearing, within four years of

the initiation of the plan and prior to the termination of the plan. The local exchange carrier, consumer advocate, or any person may propose, and the board may approve, any reasonable modifications to a local exchange carrier's plan as a result of the review, except that such modifications shall not require a reduction in the rates for any basic communications service.

10. The board, in determining whether to file a written complaint pursuant to subsection 6 or prior to reviewing a local exchange carrier's operation pursuant to subsection 9, may request that such carrier provide any information which the board deems necessary to make such determination or conduct such review. The carrier shall provide the requested information upon receipt of the request from the board.

11. a. Notwithstanding subsections 1 through 10, a local exchange carrier with fewer than five hundred thousand access lines in this state shall have the option to be regulated pursuant to subsections 1 through 10 or pursuant to this subsection. A local exchange carrier which elects to become price-regulated under this subsection shall also be subject to subsections 5 through 8 and subsection 10 in the same manner as a local exchange carrier which operates under an approved plan of price regulation submitted pursuant to subsection 1.

b. A local exchange carrier which elects to become price-regulated under this subsection shall give written notice to the board of such election not less than thirty days prior to the date such regulation is to commence.

c. Upon election of a local exchange carrier to become price-regulated under this subsection, the carrier shall reduce its rates for basic local telephone service an average of three percent. In lieu of the three percent reduction, the local exchange carrier may establish its rates for basic local telephone service in a rate proceeding under section 476.3 or 476.6 commenced after July 1, 1995.

d. Initial prices for basic communications services, other than basic local telephone service, shall be set at the rates in effect as of the first of July prior to the date such regulation is to commence.

e. (1) A price-regulated local exchange carrier shall not increase its rates for basic communications services for a period of twelve months after electing to become price-regulated. To the extent necessary, rates for basic services may be increased to carry out the purpose of any rules that may be adopted by the board relating to the terms and conditions of unbundled services and interconnection. A price-regulated local exchange carrier may increase its rates for basic communications services following the initial twelve-month period to the extent that the change in its aggregate revenue weighted prices does not exceed the most recent annual change in the gross domestic product price index, as published by the fed-

eral government. If application of that formula achieves a negative result, prices shall be reduced so that the cumulative price change for basic services, including prior price reductions in these services, achieves the negative result. The board by rule may adopt different measures of inflation if they are found to be more reflective of the individual price-regulated carriers.

(2) Price increases for basic communications services which are permitted under this subsection may be deferred and accumulated for a maximum of three years into a single price increase, provided that a deferred and accumulated price increase under this subsection shall not at any time exceed six percent. A price decrease for basic communications services shall not be deferred or accumulated, except that price decreases of less than two percent may be deferred by the local exchange carrier for one year. A price decrease required under this section may be offset by a price increase for a basic communications service that would have been permitted under this section in the previous twelve-month period, but which was deferred by the local exchange carrier. A rate change pursuant to this subsection may take effect thirty days after the notification of the board and consumers.

(3) A price-regulated local exchange carrier shall not increase its aggregate revenue weighted prices for nonbasic communications services more than six percent in any twelve-month period.

(4) A price-regulated local exchange carrier may reduce the price for any basic communications service, to an amount not less than the total service long-run incremental cost for such service on one day's notice filed with the board. For purposes of this subsection, "*total service long-run incremental costs*" means the difference between the company's total cost and the total cost of the company less the applicable service, feature, or function.

(5) A price-regulated local exchange carrier may offer new service alternatives for any basic communications services on thirty days prior notice to the board, provided that the preexisting basic communications service rate structure continues to be offered to customers. New telecommunications services shall be considered nonbasic communications services as defined in section 476.96, subsection 6.

(6) A price-regulated local exchange carrier must reduce the average intrastate access service rates to the carrier's average interstate access service rates. Such carrier shall reduce the average intrastate access service rates by at least twenty-five percent of the difference of such rates within ninety days of the election to be price-regulated and twenty-five percent each of the next three years.

*f.* A local exchange carrier shall notify customers of a rate change under this subsection at least

thirty days prior to the effective date of the rate change.

*g.* A local exchange carrier which elects to become price-regulated under this subsection shall also be subject to the following:

(1) The local exchange carrier shall not be subject to rate-of-return regulation while operating under price regulation.

(2) All regulated services shall be provided pursuant to board-approved tariffs.

(3) All new regulated service offerings shall be reported to the board.

(4) Rates may be adjusted by the board to reflect any changes in revenues, expenses, and investment due to exogenous factors beyond the control of the local exchange carrier, including, but not limited to, the effects of local competition. The board shall have one hundred eighty days to consider rate changes proposed under this subparagraph, but for good cause may grant one extension of sixty days, not to exceed a total of two hundred forty days.

*h.* The board may review a local exchange carrier's operation under this subsection, with notice and an opportunity for hearing, after four years of the carrier's election to be price-regulated. The local exchange carrier, consumer advocate, or any person may propose, and the board may approve, any reasonable modifications to the price regulation requirements in this subsection as a result of the specific carrier review, with the following limitations:

(1) Such modifications shall not require a reduction in the rates for any basic communications service or a return to rate-base, rate-of-return regulation.

(2) Such proposals for modifications under this paragraph "*h*" are limited to no more than one every three years.

The board shall approve, or approve subject to modification, a proposal for modification within one hundred eighty days of filing, but for good cause may grant one extension of sixty days, not to exceed a total of two hundred forty days. Reasonable modifications may include increases without offsetting decreases in any rate for basic and nonbasic communications service of the carrier. In reviewing the carrier's proposal, the board shall consider, but not be limited to, potential rate consolidations, the impact of competition or other external factors since election of price regulation, the impact of the proposal on the carrier's ability to attract capital, and the impact of the proposal on the ability of the carrier to deploy advanced telecommunications services.

*i.* This subsection shall not be construed to prohibit an additional decrease or to permit any increase in a local exchange carrier's average intrastate access service rates during the term of the local exchange carrier's operation under price regulation.

*j.* Upon the request of a local exchange carrier, the board shall, when required by this subsection, grant the carrier temporary authority to place in effect seventy-five percent, or such lesser amount as the carrier may request, of the requested increases in rates, charges, schedules, or regulations by filing with the board a bond conditioned upon the refund in a manner to be prescribed by the board of any amounts collected from any customer class in excess of the amounts which would have been collected under rates, charges, schedules, or regulations finally approved by the board. The board shall approve a request for temporary authority within thirty days after the date of filing of the request. The decision shall be effective immediately.

The board shall determine the rate of interest to be paid by a public utility to persons receiving refunds. The interest rate to be applied to refunds of moneys collected subject to refund under this subsection is one percent per annum plus the average quarterly interest rate at commercial banks for twenty-four-month loans for personal expenditures, as determined by the board, compounded annually. The board shall consider federal reserve statistical release G.19 or its equivalent when determining interest to be paid under this subsection.

*k.* The board and the consumer advocate may employ additional temporary staff, or may contract for professional services with persons who are not state employees, as the board and consumer advocate deem necessary to review a local exchange carrier's operations, proposal for modifications, rate change proposal, or proposed changes in aggregate revenue weighted prices pursuant to this subsection. Beginning July 1, 2002, there is appropriated out of any funds in the state treasury not otherwise appropriated, such sums as may be necessary to enable the board to hire additional staff and contract for services under this subsection. The costs of the additional staff and services shall be assessed to the local exchange carrier pursuant to the procedures in sections 475A.6 and 476.10.

**476.98** Repealed by 2005 Acts, ch 9, § 4.

**476.99 Additional price regulation plan provisions.**

In addition to the provisions required in section 476.97, a local exchange carrier, prior to operating under price regulation, shall make provision for the following:

1. Reflecting in rates any changes due to changes in the average cost of the local exchange carrier resulting from the sale of an exchange in this state.

2. Encouraging modernization of the local exchange carrier's telecommunications infrastructure. This provision shall include a requirement that the local exchange carrier develop and file with the board an increased modernization plan.  
95 Acts, ch 199, §10

LOCAL EXCHANGE COMPETITION

**476.100 Prohibited acts.**

A local exchange carrier shall not do any of the following:

1. Discriminate against another provider of communications services by refusing or delaying access to the local exchange carrier's services.

2. Discriminate against another provider of communications services by refusing or delaying access to essential facilities on terms and conditions no less favorable than those the local exchange carrier provides to itself and its affiliates. A local telecommunications facility, feature, function, or capability of the local exchange carrier's network is an essential facility if all of the following apply:

*a.* Competitors cannot practically or economically duplicate the facility, feature, function, or capability, or obtain the facility, feature, function, or capability from another source.

*b.* The use of the facility, feature, function, or capability by potential competitors is technically and economically feasible.

*c.* Denial of the use of the facility, feature, function, or capability by competitors is unreasonable.

*d.* The facility, feature, function, or capability will enable competition.

3. Degrade the quality of access or service provided to another provider of communications services.

4. Fail to disclose in a timely manner, upon reasonable request and pursuant to a protective agreement concerning proprietary information, all information reasonably necessary for the design of network interface equipment, network interface services, or software that will meet the specifications of the local exchange carrier's local exchange network.

5. Unreasonably refuse or delay interconnections or provide inferior interconnections to another provider.

6. Use basic exchange service rates, directly or indirectly, to subsidize or offset the costs of other products or services offered by the local exchange carrier.

7. Discriminate in favor of itself or an affiliate in the provision and pricing of, or extension of credit for, any telephone service.

95 Acts, ch 199, §11

**476.101 Local exchange competition.**

1. A certificate of public convenience and necessity to provide local telephone service shall

not be interpreted as conveying a monopoly, exclusive privilege, or franchise. A competitive local exchange service provider shall not be subject to the requirements of this chapter, except that a competitive local exchange service provider shall obtain a certificate of public convenience and necessity pursuant to section 476.29, file tariffs, notify affected customers prior to any rate increase, file reports, information, and pay assessments pursuant to section 476.2, subsection 4, and sections 476.9, 476.10, 476.16, 476.102, and 477C.7, and shall be subject to the board's authority with respect to adequacy of service, interconnection, discontinuation of service, civil penalties, and complaints. If, after notice and opportunity for hearing, the board determines that a competitive local exchange service provider possesses market power in its local exchange market or markets, the board may apply such other provisions of this chapter to a competitive local exchange service provider as it deems appropriate.

2. The duty of a local exchange carrier includes the duty, in accordance with requirements prescribed by the board pursuant to subsection 3 and other laws, to provide equal access to, and interconnection with, its facilities so that its network is fully interoperable with the telecommunications services and information services of other providers, and to offer unbundled essential facilities.

3. A local exchange carrier shall provide reasonable access to ducts, conduits, rights-of-way, and other pathways owned or controlled by the local exchange carrier to which reasonable access is necessary to a competitive local exchange service provider in order for a competitive local exchange service provider to provide service and is feasible for the local exchange carrier.

Upon application of a local exchange carrier or a competitive local exchange service provider, the board shall determine any matters concerning reasonable access to ducts, conduits, rights-of-way, and other pathways owned or controlled by the local exchange carrier upon which agreement cannot be reached, including but not limited to, matters regarding valuation, space, and capacity restraints, and compensation for access.

4. *a.* Prior to September 1, 1995, the board shall initiate a rulemaking proceeding to adopt rules that satisfy the requirements enumerated in subparagraphs (1) through (4). The rulemaking proceeding shall be completed as promptly as possible. The board, upon petition or on its own motion, may conduct a separate evidentiary hearing on the same or related subjects. The evidence from a hearing may be considered by the board during the rulemaking proceeding, provided that the board announces its intention to do so prior to the oral presentation in the rulemaking proceeding. The rules shall do the following:

(1) Require a local exchange carrier to provide

unbundled essential facilities of its network, and allow reasonable and nondiscriminatory equal access to, use of, and interconnection with, those unbundled essential facilities on reasonable, cost-based, and tariffed terms and conditions. The board's rules must require a local exchange carrier, including those operating under a plan of price regulation, to file tariffs implementing the unbundled essential facilities within ninety days of the board's final order adopting such rules, except for local exchange carriers with less than seventy-five thousand access lines which must file such tariffs within two years of July 1, 1995. Such access, use, and interconnection shall be on terms and conditions no less favorable than those the local exchange carrier provides to itself and its affiliates for the provision of local exchange, access, and toll services. This subsection shall not be construed to establish a presumption as to the level of interconnection charges, if any, to be determined by the board pursuant to subparagraph (2).

(2) Establish reciprocal cost-based compensation for termination of telecommunications services between local exchange carriers and competitive local exchange service providers.

(3) Require local exchange carriers to make interim number portability available on request of a competitive local exchange service provider, and to implement provider number portability as soon as the availability of necessary technology makes provider number portability economically and technically feasible, as determined by the board. The rules shall also devise a reasonable and nondiscriminatory mechanism for the recovery of all recurring and nonrecurring costs of interim and provider number portability.

(4) Develop the cost methodology appropriate for a competitive telecommunications environment.

*b.* The rules adopted in paragraph "a", subparagraphs (2) and (3), do not apply to local exchange carriers with less than seventy-five thousand access lines until a competitive local exchange service provider has filed for a certificate to provide basic communications services in an exchange or exchanges of the local exchange carrier, or the board determines that competitive necessity requires the implementation of the rules in paragraph "a", subparagraphs (2) and (3), by the local exchange carrier.

5. Local exchange carriers shall file tariffs or price lists in accordance with board rules with respect to the services, features, functions, and capabilities offered to comply with board rules on unbundling of essential facilities and interconnection. Local exchange carriers shall submit with the tariffs or price lists for basic communications services and toll services supporting information that is sufficient for the board to determine the relationship between the proposed charges and

the costs of providing such services, features, functions, or capabilities, including the imputed cost of intrastate access service rates in toll service rates pursuant to existing board orders. The board shall review the tariffs or price lists to ensure that the charges are cost-based and that the terms and conditions contained in the tariffs or price lists unbundle any essential facilities in accordance with the board's rules and any other applicable laws.

6. This section shall not be construed to prohibit the board from enforcing rules or orders entered in contested cases pending on July 1, 1995, to the extent that such rules and orders are consistent with the provisions of this section.

7. Except as provided under section 476.29, subsection 2, and this section, the board shall not impose or allow a local exchange carrier to impose restrictions on the resale of local exchange services, functions, or capabilities. The board may prohibit residential service from being resold as a different class of service.

8. Any person may file a written complaint with the board requesting the board to determine compliance by a local exchange carrier with the provisions of sections 476.96 through 476.100, 476.102, and this section, or any board rules implementing those sections. Upon the filing of such complaint, the board may promptly initiate a formal complaint proceeding and give notice of the proceeding and the opportunity for hearing. The formal complaint proceeding may be initiated at any time by the board on its own motion. #### UNIVERSAL SERVICE

##### 476.102 Universal service.

1. The board shall initiate a proceeding to preserve universal service such that it shall be maintained in a competitively neutral fashion. As a part of this proceeding, the board shall determine the difference between the cost of providing universal service and the prices determined to be appropriate for such service.

2. The board shall base policies for the preservation of universal service on the following principles:

a. A plan adopted by the board should ensure the continued viability of universal service by maintaining quality services at just and reasonable rates.

b. The plan should define the nature and extent of the service encompassed within any entities' universal service obligations.

c. The plan should establish specific and predictable mechanisms to provide competitively neutral support for universal service. Those mechanisms shall include a nondiscriminatory mechanism by which funds to support universal service shall be collected, and a mechanism for disbursement of support funds to eligible subscribers, either directly to those subscribers, or to the subscriber's provider of local exchange services chosen by the subscriber.

d. The plan should be based on other principles as the board determines are necessary and appropriate for the protection of the public interest, convenience, and necessity and consistent with the purposes of sections 476.95 through 476.101 and this section.

95 Acts, ch 199, §13

#### CHANGE IN SERVICE

##### 476.103 Unauthorized change in service — civil penalty.

1. Notwithstanding the deregulation of a communications service or facility under section 476.1D, the board may adopt rules to protect consumers from unauthorized changes in telecommunications service. Such rules shall not impose undue restrictions upon competition in telecommunications markets.

2. As used in this section, unless the context otherwise requires:

a. "Change in service" means the designation of a new provider of a telecommunications service to a consumer, including the initial selection of a

service provider, and includes the addition or deletion of a telecommunications service for which a separate charge is made to a consumer account.

c. “Executing service provider” means, with respect to any change in telecommunications service, a service provider who executes an order for a change in service received from another service provider.

d. “Service provider” means a person providing a telecommunications service.

e. “Submitting service provider” means a service provider who requests another service provider to execute a change in service.

f. “Telecommunications service” means a local exchange or long distance telephone service other than commercial mobile radio service.

3. The board shall adopt rules prohibiting an unauthorized change in telecommunications service. The rules shall be consistent with federal communications commission regulations regarding procedures for verification of customer authorization of a change in service. The rules, at a minimum, shall provide for all of the following:

a. (1) A submitting service provider shall obtain verification of customer authorization of a change in service before submitting such change in service.

(2) Verification appropriate under the circumstances for all other changes in service.

(3) The verification may be in written, oral, or electronic form and may be performed by a qualified third party.

(4) The reasonable time period during which the verification is to be retained, as determined by the board.

b. A customer shall be notified of any change in service.

c. Appropriate compensation for a customer affected by an unauthorized change in service.

d. Board determination of potential liability, including assessment of damages, for unauthorized changes in service among the customer, previous service provider, executing service provider, and submitting service provider.

e. A provision encouraging service providers to resolve customer complaints without involvement of the board.

g. Procedures for a customer, service provider, or the consumer advocate to submit to the board complaints of unauthorized changes in service.

4. a. In addition to any applicable civil penalty set out in section 476.51, a service provider who violates a provision of this section, a rule adopted pursuant to this section, or an order lawfully issued by the board pursuant to this section, is subject to a civil penalty, which, after notice and opportunity for hearing, may be levied by the board, of not more than ten thousand dollars per violation. Each violation is a separate offense.

portunity for hearing, may be levied by the board, of not more than ten thousand dollars per violation. Each violation is a separate offense.

b. A civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in a compromise, the board may consider the size of the service provider, the gravity of the violation, any history of prior violations by the service provider, remedial actions taken by the service provider, the nature of the conduct of the service provider, and any other relevant factors.

c. A civil penalty collected pursuant to this subsection shall be forwarded by the executive secretary of the board to the treasurer of state to be credited to the general fund of the state and to be used only for consumer education programs administered by the board.

d. A penalty paid by a rate-of-return regulated utility pursuant to this section shall be excluded from the utility’s costs when determining the utility’s revenue requirement, and shall not be included either directly or indirectly in the utility’s rates or charges to its customers.

e. The board shall not commence an administrative proceeding to impose a civil penalty under this section for acts subject to a civil enforcement action pending in court under section 714D.7.

5. If the board determines, after notice and opportunity for hearing, that a service provider has shown a pattern of violations of the rules adopted pursuant to this section, the board may by order do any of the following:

a. Prohibit any other service provider from billing charges to residents of Iowa on behalf of the service provider determined to have engaged in such a pattern of violations.

b. Prohibit certificated local exchange service providers from providing exchange access services to the service provider.

c. Limit the billing or access services prohibition under paragraph “a” or “b” to a period of time. Such prohibition may be withdrawn upon a showing of good cause.

d. Revoke the certificate of public convenience and necessity of a local exchange service provider.

6. The board has primary jurisdiction over a complaint pursuant to this section initiated by a service provider.

7. Subsection 6 does not preclude proceedings before the federal communications commission to enforce applicable federal law. However, a service provider or a consumer, for the same alleged acts, shall not pursue a complaint both before the federal communications commission and pursuant to this section.

8. The board shall adopt competitively neutral rules establishing procedures for the solicitation, imposition, and lifting of preferred carrier freezes. A valid preferred carrier freeze prevents a change in service unless the subscriber gives the service

provider from whom the freeze was requested the subscriber's express consent.

**476.104 Severability.**

If any provision of this chapter or its application

1. "Agency" means an agency as defined in section 17A.2, subsection 1.
2. "Board" means the utilities board within the utilities division of the department of commerce.
3. "Certificate" means a certificate of public

convenience, use and necessity issued pursuant to section 476A.6.

4. "Commence to construct" means significant alteration of a site to install permanent equipment or structures but does not include activities incident to preliminary engineering, environmental studies or acquisition of a site for a facility.

5. "Facility" means any electric power generating plant or a combination of plants at a single site, owned by any person, with a total capacity of twenty-five megawatts of electricity or more and those associated transmission lines connecting the generating plant to either a power transmis-

sion system or an interconnected primary transmission system or both. Transmission lines subject to the provisions of this subchapter shall not require a franchise under chapter 478.

6. “Regulatory agency” means an agency which issues licenses or permits required for the construction, operation or maintenance of a facility pursuant to statutes or rules in effect on the date on which an application for a certificate is accepted by the utilities board.

[C77, 79, 81, §476A.1]

90 Acts, ch 1252, §41; 2001 Acts, 1st Ex, ch 4, §35, 36

#### **476A.2 Certificate required.**

1. Commencing January 1, 1977, a person shall not commence to construct a facility except as provided in section 476A.9 unless a certificate for the facility has been issued by the board. This subchapter shall not apply to persons who prior to July 1, 1976:

- a. Have acquired a site for a facility; and,
- b. Have publicly announced the intention to construct a facility; and,
- c. Have let contracts for major components of a facility.

2. Any significant alteration, as determined by the board, in the location, construction, maintenance, or operation of a facility whether constructed before or after July 1, 1976, shall require an application for an amendment to a certificate or a certificate, whichever is appropriate. “Significant alteration” shall include but shall not be limited to a change in the type of fuel used by the major electric generating facility.

3. Any person required to obtain a certificate or an amendment to a certificate shall construct, operate and maintain the facility according to the terms of the certificate and any amendments to the certificate. A certificate shall only be issued pursuant to this subchapter.

4. This subchapter shall not apply to an electric power generating plant, or combination of plants at a single site, with a total capacity of more than twenty-five but less than one hundred megawatts of electricity if the owner or operator prior to January 1, 1990, has met all of the following conditions:

- a. Acquired a site for the facility.
- b. Publicly announced the intention to construct a facility at that site.
- c. Let contracts for major components of the facility.

[C77, 79, 81, §476A.2]

90 Acts, ch 1252, §42; 2001 Acts, 1st Ex, ch 4, §35, 36

#### **476A.3 Application submitted — review.**

An application for a certificate or an amendment to a certificate shall be submitted to the board on such forms as the board may prescribe.

Copies of the application shall be forwarded to regulatory agencies. Regulatory agencies receiving a copy of the application shall conduct a preliminary review of the contents and shall evaluate the application for completeness and compliance with the regulatory agency’s permit and licensing requirements within a reasonable amount of time.

[C77, 79, 81, §476A.3]

#### **476A.4 Hearing scheduled — notice.**

1. The proceeding for the issuance of a certificate or an amendment to a certificate shall be treated in the same manner as a contested case pursuant to the provisions of chapter 17A. Upon acceptance of an application by the board, a public hearing shall be scheduled.

2. The board shall serve notice of the proceeding on the following:

- a. Interested agencies, as determined by the board, and regulatory agencies.
- b. County and city zoning authorities from the area in which the proposed site is located.
- c. Owners of record of real property located within one thousand linear feet of the proposed site.

3. Notice of the proceeding in the form provided in section 17A.12, subsection 2, shall be published in a newspaper of general circulation in each county in which the proposed site is located once a week for two consecutive weeks with the second publication being at least twenty days prior to the date of the hearing. The board shall be responsible for publication and delivery of notices required by this section.

4. The board shall conduct the hearing, as described in subsection 1, in the county in which the construction of the greater portion of the facility is being proposed.

5. A proceeding for the issuance of a certificate under section 476A.5 may be consolidated with a contested case proceeding for determination of applicable ratemaking principles under section 476.53.

[C77, 79, 81, §476A.4]

2001 Acts, 1st Ex, ch 4, §13, 36

#### **476A.5 Proceeding — role of regulatory agencies and local authorities.**

1. The board shall conduct the contested case proceeding. Regulatory agencies which appear on record at the proceeding shall state whether the application meets their permit and licensing requirements. If the application does not meet such requirements, the regulatory agency shall recommend amendments to the application which outline actions necessary to bring the applicant in compliance with the regulatory agency’s permit and licensing requirements. The board shall not issue a certificate for a facility which does not meet the permit and licensing requirements of a regulatory agency.

2. If a regulatory agency which received notice

pursuant to section 476A.4 fails to appear of record in the contested case proceeding, the board shall conclusively presume that the facility meets the regulatory agency's permit and licensing requirements and the regulatory agency shall immediately issue any license or permit required for the construction, operation or maintenance of the facility.

3. City and county zoning authorities designated as parties to the proceeding may appear on record and may state whether the facility meets city, county and airport zoning requirements. The failure of a facility to meet zoning requirements established pursuant to chapters 329, 335 and 414 shall not preclude the board from issuing the certificate and to that extent the provisions of this subsection shall supersede the provisions of chapters 329, 335 and 414.

[C77, 79, 81, §476A.5]

#### **476A.6 Decision — criteria.**

The board shall render a decision on the application in an expeditious manner. A certificate shall be issued to the applicant if the board finds all of the following:

1. The services and operations resulting from the construction of the facility are consistent with legislative intent as expressed in section 476.53 and the economic development policy of the state as expressed in Title I, subtitle 5, and will not be detrimental to the provision of adequate and reliable electric service.

2. The applicant is willing to construct, maintain, and operate the facility pursuant to the provisions of the certificate and this subchapter.

3. The construction, maintenance, and operation of the facility will be consistent with reasonable land use and environmental policies and consonant with reasonable utilization of air, land, and water resources, considering available technology and the economics of available alternatives.

83 Acts, ch 127, §39; 90 Acts, ch 1252, §43 – 46; 2001 Acts, 1st Ex, ch 4, §14, 35, 36

#### **476A.7 Issuance of certificate — effect.**

1. Issuance of a certificate by the board:

*a.* Authorizes construction of the facility on the site designated in the certificate according to the terms and conditions stated in the certificate and licenses and permits issued by regulatory agencies during the proceeding; and,

*b.* Gives the applicant the power of eminent domain to the extent and under such conditions as the board may approve, prescribe and find necessary for the public convenience, use and necessity, proceeding in the manner of works of internal improvement under chapter 6B. The burden of proving the necessity for the exercise of the power of eminent domain shall be on the person issued the certificate.

2. A certificate may be transferred, subject to the approval of the board, to a person who agrees to comply with the terms of the certificate including any amendments to the certificate. Certificates shall be transferable by operation of law to any receiver, trustee or similar assignee under a mortgage, deed of trust or similar instrument.

3. Pursuant to the provisions of section 476.53, a rate-regulated public utility shall have the option of withdrawing its application for issuance of a certificate at any time prior to the issuance of the certificate, or after the certificate has been issued.

#### **476A.8 Further approvals prohibited — exception.**

Upon issuance of a certificate, notwithstanding any provision of law except statutory requirements relating to the protection of employees engaged in the construction of the facility, a regulatory agency, city or county shall not require any further approval, permit or license for the construction of the facility.

[C77, 79, 81, §476A.8]

#### **476A.9 Advance site preparation.**

Subsequent to the hearing held pursuant to section 476A.5 and in the event of extensive delay in the issuance of a certificate, the board may permit an applicant having an application docketed for hearing to begin work to prepare the site for construction of the facility. Any activities conducted pursuant to this section shall have no probative value in the board's decision concerning the actual issuance of a certificate.

[C77, 79, 81, §476A.9]

#### **476A.10 Costs of proceeding.**

The applicant for a certificate, or an amendment to certificate, shall pay all the costs and expenses incurred by the division in reaching a decision on the application including the costs of examinations of the site, the hearing, publishing of notice, division staff salaries, the cost of consultants employed by the division, and other expenses reasonably attributable to the proceeding.

[C77, 79, 81, §476A.10]

#### **476A.11 Single hearing — judicial review.**

Notwithstanding the provisions of chapter 17A:

1. Any proceeding or oral presentation held on an application for a certificate or an amendment to a certificate shall be held in lieu of any other proceeding or oral presentation required for a license or permit necessary for the construction, maintenance or operation of a facility.

2. The decision of the board shall be considered a single agency action. The agency action shall be subject to judicial review in the manner provided in chapter 17A.

3. Only parties to the proceeding before the board may seek judicial review of the final order of the board.

[C77, 79, 81, §476A.11]

**476A.12 Rules.**

The board shall adopt rules pursuant to chapter 17A necessary to implement the provisions of this subchapter including but not limited to the promulgation of facility siting criteria, the form for an application for a certificate and an amendment to a certificate, the description of information to be furnished by the applicant, the determination of what constitutes a significant alteration to a facility, and the establishment of minimum guidelines for public participation in the proceeding.

[C77, 79, 81, §476A.12]

2001 Acts, 1st Ex, ch 4, §35, 36

**476A.13 Staff assistance — federal preemption.**

1. The board may request staff assistance from other federal, state and local agencies, pursuant to chapter 28D, to assist in discharging the responsibilities assigned to the board pursuant to this subchapter. The board may exercise the powers and responsibilities assigned to the board under this subchapter jointly with other governmental agencies pursuant to chapter 28E.

2. This subchapter shall not apply to any facility over which an agency of the federal government has exclusive jurisdiction. When concurrent jurisdiction exists with certain powers reserved to the state, the state shall exercise those powers with respect to facilities operating within this state to the full extent permitted by the Constitution and the laws of the United States.

[C77, 79, 81, §476A.13]

2001 Acts, 1st Ex, ch 4, §35, 36

Civil penalties collected pursuant to this subsection shall be forwarded by the clerk of court to the treasurer of state for deposit in the general fund of the state.

2. The district court shall have exclusive jurisdiction to grant restraining orders and temporary or permanent injunctive relief as may be necessary to obtain compliance with this subchapter.

**476B.6 Tax credit certificate procedure.**

1. *a.* To be eligible to receive the wind energy production tax credit, the owner must first receive approval of the board of supervisors of the county in which the qualified facility is located. The application for approval may be submitted prior to commencement of the construction of the qualified facility but shall be submitted no later than the close of the owner’s first taxable year for which the credit is to be applied for. The application must contain the owner’s name and address, the address of the qualified facility, and the dates of the owner’s first and last taxable years for which the credit will be applied for. Within forty-five days of the receipt of the application for approval, the board of supervisors shall either approve or disapprove the application. After the forty-five-day limit, the application is deemed to be approved.

*b.* Upon approval of the application, the owner may apply for the tax credit as provided in subsection 2. In addition, approval of the application is acceptance by the applicant for the assessment of the qualified facility for property tax purposes for a period of twelve years and approval by the board of supervisors for the payment of the property

taxes levied on the qualified property to the state. For purposes of property taxation, the qualified facility shall be centrally assessed and shall be exempt from any replacement tax under section 437A.6 for the period during which the facility is subject to property taxation. The property taxes to be paid to the state are those property taxes which make up the consolidated tax levied on the qualified facility and which are due and payable in the twelve-year period beginning with the first fiscal year beginning on or after the end of the owner’s first taxable year for which the credit is applied for. Upon approval of the application, the board of supervisors shall notify the county treasurer to state on the tax statement which lists the taxes on the qualified facility that the amount of the property taxes shall be paid to the department. Payment of the designated property taxes to the department shall be in the same manner as required for the payment of regular property taxes and failure to pay designated property taxes to the department shall be treated the same as failure to pay property taxes to the county treasurer.

*c.* Once the owner of the qualified facility receives approval under paragraph “a”, subsequent approval under paragraph “a” is not required for the same qualified facility for subsequent taxable years.

2. An owner of a qualified facility may apply to the board for the wind energy production tax credit by submitting to the board all of the following:

*a.* A completed application in a form prescribed by the board.

*b.* A copy of the determination granting approval of the facility as a qualified facility by the board.

*c.* A copy of a signed power purchase agreement or other agreement to purchase electricity.

*d.* Sufficient documentation that the electricity has been generated by the qualified facility and sold to a purchaser.

*e.* Any other information the board deems necessary.

3. The board shall notify the department of the amount of kilowatt-hours generated and purchased from a qualified facility. The department shall calculate the amount of the tax credit for which the applicant is eligible and shall issue the tax credit certificate for that amount or notify the applicant in writing of its refusal to do so. An applicant whose application is denied may file an appeal with the department within sixty days from the date of the denial pursuant to the provisions of chapter 17A.

4. Each tax credit certificate shall contain the owner’s name, address, and tax identification number, the amount of tax credits, the first taxable year the certificate may be used, the type of tax to which the tax credits shall be applied, and any other information required by the department. The tax credit certificate shall only list one

type of tax to which the amount of the tax credit may be applied. Once issued by the department, the tax credit certificate shall not be terminated or rescinded.

5. A tax credit certificate may be filed pursuant to any of the following, to the extent applicable:

*a.* If the tax credit application is filed by a partnership, limited liability company, S corporation, estate, trust, or other reporting entity all of the income of which is taxed directly to its equity holders or beneficiaries, for the taxes imposed under chapter 422, division II or III, the tax credit certificate shall be issued directly to equity holders or beneficiaries of the applicant in proportion to their pro rata share of the income of such entity. The applicant shall, in the application made under this section, identify its equity holders or beneficiaries, and the percentage of such entity's income that is allocable to each equity holder or beneficiary.

*b.* If the tax credit applicant under this section is eligible to receive renewable electricity production credits authorized under section 45 of the Internal Revenue Code, as amended, and the tax credit applicant is a partnership, limited liability company, S corporation, estate, trust, or other reporting entity all of the income of which is taxed directly to its equity holders or beneficiaries, for the taxes imposed under chapter 422, division II or III, the tax credit certificate may be issued to a partner if the business is a partnership, a shareholder if the business is an S corporation, or a member if the business is a limited liability company in the amounts designated by the eligible partnership, S corporation, or limited liability company. In absence of such designation, the credits under this section shall flow through to the partners, shareholders, or members in accordance with their pro rata share of the income of the entity.

The applicant shall, in the application made under this section, identify the holders or beneficiaries that are to receive the tax credit certificates and the percentage of the tax credit that is allocable to each holder or beneficiary.

*c.* If an applicant under this section is eligible to receive renewable electricity production credits authorized under section 45 of the Internal Revenue Code, as amended, and the tax credit applicant is a partnership, limited liability company, S corporation, estate, trust, or other reporting entity all of the income of which is taxed directly to its equity holders or beneficiaries, for the taxes imposed under chapter 422, division II or III, the tax credit certificates and all future rights to the tax credit in this section may be distributed to an equity holder or beneficiary as a liquidating distribution or portion thereof, of a holder or beneficiary's interest in the applicant entity.

The applicant shall, in the application made under this section, designate the percentage of the tax credit allocable to the liquidating equity holder

or beneficiary that is to receive the current and future tax credit certificates under this section.

6. The department shall not issue a tax credit certificate if the facility approved by the board as a qualified facility is not operational within eighteen months after the approval is issued.

7. Once a tax credit certificate is issued pursuant to this section, the tax credit may only be claimed against the type of tax reflected on the certificate.

8. A tax credit certificate shall not be used or attached to a return filed for a taxable year beginning prior to July 1, 2006.

The maximum amount of energy production capacity equivalent of all other facilities the board may find eligible under this chapter shall not exceed a combined output of twenty megawatts of nameplate generating capacity and one hundred sixty-seven billion British thermal units of heat for a commercial purpose. Of the maximum amount of energy production capacity equivalent of all other facilities found eligible under this chapter, fifty-five billion British thermal units of heat for a commercial purpose shall be reserved for an eligible facility that is a refuse conversion facility for processed, engineered fuel from a multicounty solid waste management planning area. The maximum amount of energy production capacity the board may find eligible for a single refuse conversion facility is fifty-five billion British thermal units of heat for a commercial purpose.

If additional capacity becomes available within the capacity restrictions of subsection 4, the board shall grant approval to facilities according to the priority of the waiting list before granting approval to new applications. An owner of a facility on the waiting list shall provide the board each year by August 31 with a sworn statement of verification stating that the information contained in the application for eligibility remains true and correct or stating that the information has changed and providing the new information.

**476C.6 Transferability and use of tax credit certificates — registration.**

1. Renewable energy tax credit certificates issued under this chapter may be transferred to any person. A tax credit certificate shall only be transferred once. However, for purposes of this transfer provision, a decision between a producer and purchaser of renewable energy regarding who claims the tax credit issued pursuant to this chapter shall not be considered a transfer and must be set forth in the application for the tax credit pursuant to section 476C.4. Within thirty days of transfer, the transferee must submit the transferred tax credit certificate to the department along with a statement containing the transferee's name, tax identification number, and address, and the denomination that each new certificate is to carry and any other information required by the department. Within thirty days of receiving the transferred tax credit certificate and the transferee's statement, the department shall issue one or more replacement tax credit certificates to the transferee. Each replacement tax credit certificate must contain the information required under section 476C.4, subsection 3, and must have the same effective taxable year and the same expiration date that appeared in the transferred tax credit certificate. Tax credit certificate amounts of less than the minimum amount established by rule shall not be transferable. A tax credit shall not be claimed by a transferee under this chapter until a replacement tax credit certificate identifying the transferee as the proper holder has been issued. The replacement tax credit certificate may reflect a different type of tax than the type of tax noted on the original tax credit certificate.

The transferee may use the amount of the tax credit transferred against taxes imposed under chapter 422, divisions II, III, and V, and chapter 432 for any tax year the original transferor could have claimed the tax credit. The transferee may claim a refund under chapter 423 or 437A for any tax year within the time period set forth in section 423.47 or 437A.14 for which the original transferor could have claimed the refund. Any consideration received for the transfer of the tax credit

shall not be included as income under chapter 422, divisions II, III, and V. Any consideration paid for the transfer of the tax credit shall not be deducted from income under chapter 422, divisions II, III, and V.

2. To claim a renewable energy tax credit under this chapter, a taxpayer must attach one or more tax credit certificates to the taxpayer's tax return, or if used against taxes imposed under chapter 423, the taxpayer shall comply with section 423.4, subsection 4, or if used against taxes imposed under chapter 437A, the taxpayer shall comply with section 437A.17B. A tax credit certificate shall not be used or attached to a return filed for a taxable year beginning prior to July 1, 2006. The tax credit certificate or certificates attached to the taxpayer's tax return shall be issued in the taxpayer's name, expire on or after the last day of the taxable year for which the taxpayer is claiming the tax credit, and show a tax credit amount equal to or greater than the tax credit claimed on the taxpayer's tax return. Any tax credit in excess of the taxpayer's tax liability for the taxable year may be credited to the taxpayer's tax liability for the following seven tax years or until the credit is depleted, whichever is earlier. If the tax credit is applied against the taxes imposed under chapter 423 or 437A, any credit in excess of the taxpayer's tax liability is carried over and can be filed with the refund claim for the following seven tax years or until depleted, whichever is earlier. However, the certificate shall not be used to reduce tax liability for a tax period ending after the expiration date of the certificate.

3. The department shall develop a system for the registration of the renewable energy tax credit certificates issued or transferred under this chapter and a system that permits verification that any tax credit claimed on a tax return is valid and that transfers of the tax credit certificates are made in accordance with the requirements of this chapter. The tax credit certificates issued under this chapter shall not be classified as a security pursuant to chapter 502.

**476C.7 Rules.**

The department and the board may adopt rules pursuant to chapter 17A for the administration and enforcement of this chapter.

- 477C.7 Funding.

**477C.1 Dual party relay service — purpose.**

The general assembly finds that the provision of a statewide dual party relay service will further the public interest and protect the health, safety,

and welfare of the people of Iowa through an increase in the usefulness and availability of the telephone system. Many persons who are deaf, hard-of-hearing, or have speech impairments are not able to utilize the telephone system without

this type of service. Therefore, it is the purpose of this chapter to enable the orderly development, operation, promotion, and funding of a statewide dual party relay service.

4. A person who seeks to construct, erect, maintain, or operate a transmission line, wire, or

cable that will operate at an electric voltage of less than sixty-nine kilovolts outside of cities and that cannot secure the necessary voluntary easements to do so may petition the board pursuant to section 478.3, subsection 1, for a franchise granting authority for such construction, erection, maintenance, or operation, and for the use of the right of eminent domain.

**478.4 Franchise — hearing.**

The utilities board shall consider the petition and any objections filed to it in the manner provided. It shall examine the proposed route or cause any engineer selected by it to do so. If a hearing is held on the petition it may hear testimony as may aid it in determining the propriety of granting the franchise. It may grant the franchise in whole or in part upon the terms, conditions, and restrictions, and with the modifications as to location and route as may seem to it just and proper. Before granting the franchise, the utilities board shall make a finding that the proposed line or lines are necessary to serve a public use and represents a reasonable relationship to an overall plan of transmitting electricity in the public interest. A franchise shall not become effective until the petitioners shall pay, or file an agreement to pay, all costs and expenses of the franchise proceeding, whether or not objections are filed, including costs of inspections or examinations of the route, hearing, salaries, publishing of notice, and any other expenses reasonably attributable to it. The funds received for the costs and the expenses of the franchise proceeding shall be remitted to the treasurer of state for deposit in the general fund of the state as provided in section 476.10.

**478.5 Notice — objections filed.**

Upon the filing of such petition, the utilities board shall cause a notice, addressed to the citizens of each county through which the proposed

line or lines will extend, to be published in a newspaper located in each such county for two consecutive weeks. Said notice shall contain a general statement of the contents and purpose of the petition, a general description of the lands and highways to be traversed by the proposed line or lines, and shall state that any objections thereto must be filed in writing with the board not later than twenty days after the date of last publication of the notice. Any person, company, city or corporation whose rights may be affected, shall have the right to file written objections to the proposed improvement or to the granting of such franchise; such objections shall be filed with the board not later than twenty days after the date of last publication and shall state the grounds therefor. The board may allow objections to be filed later in which event the applicant must be given reasonable time to meet such late objections.

**478.6 Taking under eminent domain.**

Upon the filing of objections or when a petition involves the taking of property under the right of eminent domain, the utilities board shall set the matter for hearing and fix a time and place for the hearing. The hearing shall be not less than thirty days from the date of last publication and, where a new proposed transmission line exceeds one mile in length, shall be held in the county seat of the county located at the midpoint of the proposed electric transmission line. Written notice of the time and place of the hearing shall be served by the board, by ordinary mail, on the applicant, and those having filed objections. If no objections are filed and the petition does not involve the taking of property under the right of eminent domain, the board may grant a franchise without a hearing; however, the board may conduct a hearing if the board deems it necessary.

Where a petition seeks the use of the right of eminent domain over specific parcels of real property, the board shall prescribe the notice to be served upon the owners of record and parties in possession of the property over which the use of the right of eminent domain is sought. The notice shall include the statement of individual rights required pursuant to section 6B.2A, subsection 1.

When the board grants a franchise to any person, company, or corporation for the construction, erection, maintenance, and operation of transmission lines, wires, and cables for the transmission of electricity, such person, company, or corporation shall be vested with the power of condemnation to such extent as the board may approve and find necessary for public use.

This blank form shall be filled out and signed by the chairperson of the utilities board which grants the franchise, and the official seal shall be attached. **478.10 Franchise transferable — notice.**

When any such electric transmission line or lines are sold and transferred either by voluntary or judicial sale, such transfer shall carry with it the franchise under which the said improvement is owned, maintained, or operated. If a transfer of such franchise is made before the improvement for which it was issued is constructed, in whole or in part, such transfer shall not be effective till the person, company, or corporation to whom it was issued shall file in the office of the utilities board granting the franchise a notice in writing stating the date of such transfer and the name and address of the transferee.

**478.11 Record of franchises.**

The utilities board shall keep a record of all such franchises granted and issued by it, when and to whom issued, with a general statement of the location, route, and termini of the transmission line or lines covered thereby. When any transfer of such franchise has been made as provided in this chapter, the board shall also make note upon its record of the date of such transfer and the name and address of the transferee.

Any person, company, or corporation obtaining a franchise as in this chapter provided, or owning or operating under one, shall be conclusively held to an acceptance of the provisions thereof and of all laws relating to the regulation, supervision, or control thereof which are now in force or which may be hereafter enacted, and to have consented to such reasonable regulation as the utilities board may, from time to time, prescribe. The provisions of this chapter shall apply equally to assignees as well as to original owners.

**478.13 Extension of franchise — public notice.**

1. Any person, firm, or corporation owning a franchise granted under this chapter or previously existing law may petition the utilities board for an extension of the franchise. The board shall adopt rules governing extension applications and proceedings with the intent that the extension applications and proceedings are less extensive than original applications and proceedings. Assessment of costs shall be as provided in section 478.4.

2. If the extension of franchise is sought for all lines in a given county or counties, the published notice need not contain a general description of the lands and highways traversed by the lines, but in lieu of containing such description the petitioner may offer to provide to any interested party, free of charge and within ten working days, a current, accurate map showing the location of the lines for which the franchise extension is sought. The public notice shall advise the citizens of the county or counties affected of the availability of such map. If this alternate procedure is not followed, the publication of the description of the lands and highways traversed by the lines shall be done in the manner as in an original application for franchise.

3. An extension under this section shall be

granted only for a valid, existing franchise, and the lands, roads, or streams covered by the franchise over, through, or upon which electric transmission lines have in fact been erected or constructed and are in use or operation at the time of the application for the extension of the franchise.

4. The application for the extension of the franchise shall be accompanied by the written consent of the applicant that the provisions of all laws relating to public utilities, franchises, and transmission lines, or to the regulation, supervision, or control thereof which are then in force or which may be thereafter enacted, shall apply to its existing line or lines, franchises, and rights as if the franchise had been granted, the lines had been constructed, or rights had been obtained under the provisions of this chapter.

5. An extension of a franchise is not required for an electric transmission line that has been permanently retired from operation at sixty-nine kilovolts or more but that remains in service at a lower voltage. The board shall be notified of changes in operating status.

#### **478.14 Service furnished.**

Any city which owns or operates a system for the distribution of electric light or power, and which has obtained electric energy for such distribution from any person or firm or corporation owning or operating an electric light and power plant or transmission line, shall be entitled to have the service reasonably needed by such municipality and its patrons continued at and for a reasonable rate and charge and under reasonable rules of service.

It shall be unlawful for the owner or operator of such light and power plant or transmission line to disconnect or discontinue such service (except during nonpayment of reasonable charges) so long as such operator holds or enjoys any franchise to go upon or use any public streets, highways, or grounds.

Until the municipality and the operator shall agree upon a rate or charge for such service the municipality shall pay and the operator shall accept the rate provided in the expired contract if any existed, and if none existed then the rate before paid. This shall be without prejudice, however, to the right of either party to test in court or before any lawfully constituted rate-making tribunal the reasonableness of such rate.

This section shall not apply if the original service to the municipality was given in case of emergency or for any other temporary purpose.

#### **478.15 Eminent domain — procedure — entering on land — reversion on nonuse.**

Any person, company, or corporation having secured a franchise as provided in this chapter, shall thereupon be vested with the right of eminent domain to such extent as the utilities board may approve, prescribe and find to be necessary for public use, not exceeding one hundred feet in width for right of way and not exceeding one hundred sixty acres in any one location, in addition to right of way, for the location of electric substations to carry out the purposes of said franchise; provided however, that where two hundred K V lines or higher voltage lines are to be constructed, the person, company, or corporation may apply to the board for a wider right of way not to exceed two hundred feet, and the board may for good cause extend the width of such right of way for such lines to the person, company, or corporation applying for the same. The burden of proving the necessity for public use shall be on the person, company or corporation seeking the franchise. A homestead site, cemetery, orchard or schoolhouse location shall not be condemned for the purpose of erecting an electric substation. If agreement cannot be made with the private owner of lands as to damages caused by the construction of said transmission line, or electric substations, the same proceedings shall be taken as provided for taking private property for works of internal improvement.

Any person, company or corporation proposing to construct a transmission line or other facility which involves the taking of property under the right of eminent domain and desiring to enter upon the land, which it proposes to appropriate, for the purpose of examining or surveying the same, shall first file with the utilities board, a written statement under oath setting forth the proposed routing of the line or facility including a description of the lands to be crossed, the names and addresses of owners, together with request that a permit be issued by said board authorizing said person, company or corporation or its duly appointed representative to enter upon the land for the purpose of examining and surveying and to take and use thereon any vehicle and surveying equipment necessary in making the survey. Said board shall within ten days after said request issue a permit, accompanied by such bond in such amount as the board shall approve, to the person, company or corporation making said application, if in its opinion the application is made in good faith and not for the purpose of harassing the owner of the land. If the board is of the opinion that the application is not made in good faith or made for the purpose of harassment to the owner of said land it shall set the matter for hearing and it shall be heard not more than twenty days after filing said application. Notice of the time and place of hearing shall be given by said board, to the owner of said land by registered mail with a return receipt requested, not less than ten days preceding

date of hearing.

Any person, company or corporation that has obtained a permit in the manner herein prescribed may enter upon said land or lands, as above provided, and shall be liable for actual damages sustained in connection with such entry. An action in damages shall be the exclusive remedy.

If an electric transmission line right of way, or any part thereof, is wholly abandoned for public utility purposes by the relocation of the transmission lines, is not used or operated for a period of five years, or if its construction has been commenced and work has ceased and has not in good faith been resumed for five years, the right of way shall revert to the person or persons who, at the time of the abandonment or reversion, are the owners of the tract from which such right of way was taken. Following such abandonment of right of way, the owner or holder of purported fee title to such real estate may serve notice upon the owner of such right of way easement, or the owner's successor in interest, and upon any party in possession of said real estate, a written notice which shall (1) accurately describe the real estate in question, (2) set out the facts concerning ownership of the fee, ownership of the right of way easement, and the period of abandonment, and (3) notify said parties that such reversion shall be complete and final, and that the easement or other right shall be forfeited, unless said parties shall, within one hundred twenty days after the completed service of notice, file an affidavit with the county recorder of the county in which the real estate is located disputing the facts contained in said notice.

Said notice shall be served in the same manner as an original notice under the Iowa rules of civil procedure, except that when notice is served by publication no affidavit therefor shall be required before publication. If no affidavit disputing the facts contained in the notice is filed within one hundred twenty days, the party serving the notice may file for record in the office of the county recorder a copy of the notice with proofs of service attached thereto or endorsed thereon, and when so recorded, the record shall be constructive notice to all persons of the abandonment, reversion, and forfeiture of such right-of-way.

**478.17 Access to lines — damages.**

Individuals or corporations operating such transmission lines shall have reasonable access to the same for the purpose of constructing, reconstructing, enlarging, repairing, or locating the

poles, wires, or construction and other devices used in or upon such line, but shall pay to the owner of such lands and of crops thereon all damages to said lands or crops caused by entering, using, and occupying said lands for said purposes. Nothing herein contained shall prevent the execution of an agreement between the person or company owning or operating such line and the owner of said land or crops with reference to the use thereof.

**478.18 Supervision of construction — location.**

1. The utilities board shall have power of supervision over the construction of a transmission line and over its future operation and maintenance.

2. A transmission line shall be constructed near and parallel to roads, to the right-of-way of the railways of the state, or along the division lines of the lands, according to the government survey, wherever the same is practicable and reasonable, and so as not to interfere with the use by the public of the highways or streams of the state, nor unnecessarily interfere with the use of any lands by the occupant.

**478.19 Manner of construction.**

Such lines shall be built of strong and proper wires attached to strong and sufficient supports properly insulated at all points of attachment; all wires, poles, and other devices which by ordinary wear or other causes are no longer safe shall be removed and replaced by new wires, poles, or other devices, as the case may be, and all abandoned wires, poles, or other devices shall be at once removed. Where wires carrying current are carried across, either above or below wires used for other service, the said transmission line shall be constructed in such manner as to eliminate, so far as practicable, damages to persons or property by reason of said crossing. There shall also be installed sufficient devices to automatically shut off electric current through said transmission line whenever connection is made whereby current is transmitted from the wires of said transmission line to the ground, and there shall also be provided a safe and modern improved device for the protection of said line against lightning. The utilities board shall have power to make and enforce such further and additional rules relating to location, construction, operation and maintenance of said transmission line as may be reasonable.

All transmission lines, wires or cables outside of cities for the transmission, distribution or sale of electric current at any voltage shall be constructed and maintained in accordance with standards adopted by rule by the utilities board.

#### **478.20 Distance from buildings.**

No transmission line shall be constructed, except by agreement, within one hundred feet of any dwelling house or other building, except where said line crosses or passes along a public highway or is located alongside or parallel with the right of way of any railway company. In addition to the foregoing, each person, company, or corporation shall conform to any other rules, regulations, or specifications established by the utilities board, in the construction, operation, or maintenance of such lines.

1. If the improvement for which a franchise is granted is not constructed in whole or in part within two years from the date the franchise is granted, or within two years after final unappealable disposition of judicial review of a franchise order or of condemnation proceedings, the franchise shall be forfeited and the utilities board which granted the franchise shall revoke the franchise and make a record of the revocation, unless the person holding the franchise petitions the board for an extension of time.

2. Upon a showing of sufficient justification for the delay of construction, the board may grant one or more extensions of time for periods up to two years for each extension.

#### **478.31 Temporary permits for lines less than one mile.**

Notwithstanding the provisions of section 478.1 any person, company or corporation proposing to construct an electric transmission line not exceeding one mile in length and which does not involve

the taking of property under the right of eminent domain may obtain a temporary construction permit from the utilities board by proceeding in the manner hereinafter set forth. Said person, company or corporation shall first file with the board a verified petition setting forth the requirements of section 478.3, subsection 1, paragraphs "a" through "h", with the further allegation that the petitioner is the nearest electric utility to the proposed point of service.

The petition shall also state that the filing thereof constitutes an application for a temporary construction permit and shall also have endorsed thereon the approval of the appropriate highway authority or railroad concerned if such line is to be constructed over, across or along a public highway or railroad.

Upon receipt of such petition the utilities board shall consider same and may grant a temporary construction permit in whole or in part or upon such terms, conditions and restrictions, and with such modifications as to location as may seem to it just and proper, however, no finding of public use will be made at the time of the issuance of the permit, such finding to be made, if substantiated by petitioner, at the subsequent consideration of the propriety of granting a franchise for the line subject to the permit. The signature of one utilities board member on such permit shall be sufficient. The issuance of such permit shall constitute temporary authority for the permit holder to construct the line for which the permit is granted.

Upon the granting of such temporary construction permit the utilities board shall cause the publication of notice required by section 478.5 and all other requirements shall be complied with as in the manner provided for the granting of a franchise. If a hearing is required then the petitioner shall make a sufficient and proper showing thereat before a franchise will be issued for the line. Any franchise issued will be subject to all applicable provisions of this chapter.

Notwithstanding anything foregoing, if the utilities board shall determine that a franchise should not be granted, or that further restrictions, conditions or modifications are required, or if the petitioner shall fail to make a sufficient and proper showing of the necessity for the granting of a franchise within six months of the granting of the temporary construction permit, the permit issued hereunder shall become null and void and the permit holder may be required to take such action deemed necessary by the board to remove, modify or relocate the construction undertaken by virtue of the temporary permit issued hereunder.

#### **478.32 Rehearing — judicial review.**

Any person, company, or corporation aggrieved by the action of the utilities board in granting or failing to grant a franchise under the provisions of this chapter, shall be entitled to the rehearing pro-

cedure provided in section 476.12. Judicial review of actions of the board may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A.

1. Allow the landowner or a person serving in a fiduciary capacity in the landowner's behalf to cancel any agreement granting an easement or other interest by certified mail with return requested to the company's principal place of business if received by the company within seven days, excluding Saturday and Sunday, of the date of the contract and inform the landowner or such fiduciary in writing of the right to cancel prior to the

signing of the agreement by the landowner or such fiduciary.

2. Provide the landowner or a person serving in a fiduciary capacity in the landowner's behalf with a form in duplicate for the notice of cancellation.

3. Not record any agreement until after the period for cancellation has expired.

4. Not include in the agreement any waiver of the right to cancel in accordance with this section. The landowner or a person serving in a fiduciary capacity in the landowner's behalf may exercise the right of cancellation only once for each transmission line project.

The meeting shall be held at a location reasonably accessible to all persons, companies, or corporations which may be affected by the granting of the permit.

The pipeline company seeking the permit for a new pipeline shall give notice of the informational meeting to each person determined to be a landowner affected by the proposed project and each person in possession of or residing on the property. For the purposes of the informational meeting, "landowner" means a person listed on the tax assessment rolls as responsible for the payment of real estate taxes imposed on the property and "pipeline" means a line transporting a solid, liquid, or gaseous substance, except water, under pressure in excess of one hundred fifty pounds per square inch and extending a distance of not less than five miles or having a future anticipated extension of an overall distance of five miles.

The notice shall set forth the name of the applicant; the applicant's principal place of business;

the general description and purpose of the proposed project; the general nature of the right-of-way desired; the possibility that the right-of-way may be acquired by condemnation if approved by the utilities board; a map showing the route of the proposed project; a description of the process used by the utilities board in making a decision on whether to approve a permit including the right to take property by eminent domain; that the landowner has a right to be present at such meeting and to file objections with the board; and a designation of the time and place of the meeting. The notice shall be served by certified mail with return receipt requested not less than thirty days previous to the time set for the meeting, and shall be published once in a newspaper of general circulation in the county. The publication shall be considered notice to landowners whose residence is not known and to each person in possession of or residing on the property provided a good faith effort to notify can be demonstrated by the pipeline company.

A pipeline company seeking rights under this chapter shall not negotiate or purchase any easements or other interests in land in any county known to be affected by the proposed project prior to the informational meeting.

When the pipeline company deposits with the board security satisfactory to the board as a guaranty for the payment of the damages, or furnishes to the board satisfactory proofs of its solvency and financial ability to pay the damages, the pipeline company is relieved of the provisions requiring bond.

In addition to the requirements of section 17A.4, the board shall distribute copies of the notice of intended action and opportunity for oral presentations to each county board of supervisors. Any county board of supervisors may, under the provisions of chapter 17A, and subsequent to the rulemaking proceedings, petition under those provisions for additional rulemaking to establish standards for land restoration after pipeline con-

struction within that county. Upon the request of the petitioning county, the board shall schedule a hearing to consider the merits of the petition. Rules adopted under this section shall not apply to land located within city boundaries unless the land is used for agricultural purposes. Rules adopted under this section shall address, but are not limited to, all of the following subject matters:

- a. Topsoil separation and replacement.
- b. Temporary and permanent repair to drain tile.
- c. Removal of rocks and debris from the right-of-way.
- d. Restoration of areas of soil compaction.
- e. Restoration of terraces, waterways, and other erosion control structures.
- f. Revegetation of untilled land.
- g. Future installation of drain tile or soil conservation structures.
- h. Restoration of land slope and contour.
- i. Restoration of areas used for field entrances and temporary roads.
- j. Construction in wet conditions.
- k. Designation of a pipeline company point of contact for landowner inquiries or claims.

2. The county board of supervisors shall cause an on-site inspection for compliance with the standards adopted under this section to be performed at any pipeline construction project in the county. A licensed professional engineer familiar with the standards adopted under this section and registered under chapter 542B shall be responsible for the inspection. A county board of supervisors may contract for the services of a licensed professional engineer for the purposes of the inspection. The reasonable costs of the inspection shall be borne by the pipeline company.

3. If the inspector determines that there has been a violation of the standards adopted under this section, of the land restoration plan, or of an independent agreement on land restoration or line location executed in accordance with subsection 10, the inspector shall give oral notice, followed by written notice, to the pipeline company and the contractor operating for the pipeline company and order corrective action to be taken in compliance with the standards. The costs of the corrective action shall be borne by the contractor operating for the pipeline company.

4. An inspector shall adequately inspect underground improvements altered during construction of pipeline. An inspection shall be conducted at the time of the replacement or repair of the underground improvements. An inspector shall be present on the site at all times at each phase and separate activity of the opening of the trench, the restoration of underground improvements, and backfilling. The pipeline company and its contractor shall keep an inspector continually informed of the work schedule and any schedule changes. If proper notice is given, construction

shall not be delayed due to an inspector's failure to be present on the site.

5. If the pipeline company or its contractor does not comply with the requirements of this section, with the land restoration plan, or with an independent agreement on land restoration or line location executed in accordance with subsection 10, the county board of supervisors may petition the board for an order requiring corrective action to be taken. In addition, the county board of supervisors may file a complaint with the board seeking imposition of civil penalties pursuant to section 479.31.

6. The pipeline company shall allow landowners and the inspector to view the proposed center line of the pipeline prior to commencing trenching operations to insure that construction takes place in its proper location.

7. An inspector may temporarily halt the construction if the construction is not in compliance with this chapter and the standards adopted pursuant to this chapter, the land restoration plan, or the terms of an independent agreement with the pipeline company regarding land restoration or line location executed in accordance with subsection 10, until the inspector consults with the supervisory personnel of the pipeline company.

8. The board shall instruct inspectors appointed by the board of supervisors regarding the content of the statutes and rules and the inspectors' responsibility to require construction conforming with the standards provided by this chapter.

9. Petitioners for a permit for pipeline construction shall file with the petition a written land restoration plan showing how the requirements of this section, and of rules adopted pursuant to this section, will be met. The petitioners shall provide copies of the plan to all landowners of property that will be disturbed by the construction.

10. This section does not preclude the application of provisions for protecting or restoring property that are different than those prescribed in this section, in rules adopted pursuant to this section, or in the land restoration plan, if the alternative provisions are contained in agreements independently executed by the pipeline company and landowner, and if the alternative provisions are not inconsistent with state law or with rules adopted by the board. Independent agreements on land restoration or line location between the landowner and pipeline company shall be in writing and a copy provided to the county inspector.

11. For purposes of this section, "construction" includes the removal of a previously constructed pipeline.

12. The requirements of this section shall apply only to pipeline construction projects commenced on or after June 1, 1999.

Each day that the violation continues shall constitute a separate offense. However, the maximum civil penalty shall not exceed five hundred thousand dollars for any related series of violations. Civil penalties collected pursuant to this section shall be credited to and are appropriated for the Iowa energy center created in section 266.39C.

Any civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in compromise, the appropriateness of the penalty to the size of the business of the person charged, the gravity of the violation, and the good faith of the person charged in attempting to achieve compliance, after notification of a violation, shall be considered. The amount of the penalty, when finally determined, or the amount agreed upon in compromise, may be deducted from any sums owed by the state to the person charged, or may be recovered in a civil action.

A person seeking to acquire an easement or other property interest for the construction, maintenance or operation of a pipeline shall:

1. Allow the landowner or a person serving in a fiduciary capacity in the landowner's behalf to cancel an agreement granting an easement or other interest by certified mail with return requested to the company's principal place of business if received by the company within seven days, excluding Saturday and Sunday, of the date of the contract and inform the landowner or such fiduciary in writing of the right to cancel prior to the signing of the agreement by the landowner or such fiduciary.

2. Provide the landowner or a person serving in a fiduciary capacity in the landowner's behalf with a form in duplicate for the notice of cancellation.

3. Not record any agreement until after the period for cancellation has expired.

4. Not include in the agreement any waiver of the right to cancel in accordance with this section. The landowner or a person serving in a fiduciary capacity in the landowner's behalf may exercise the right of cancellation only once for each pipeline project.

[C81, §479.34]

**479.35 to 479.40 Reserved.****479.41 Arbitration agreements.**

If an easement or other written agreement between a landowner and a pipeline company provides for the determination through arbitration of the amount of monetary damages sustained by a landowner and caused by the construction, maintenance, or repair of a pipeline, and if either party has not appointed its arbitrator or agreed to an arbitrator under the agreement within thirty days after the other party has invoked the arbitration provisions of the agreement by written notice to the other party by restricted certified mail, the landowner or the pipeline company may petition a judicial magistrate in the county where the real property is located for the appointment of an arbitrator to serve in the stead of the arbitrator who would have been appointed or agreed to by the other party. Before filing the petition the landowner or pipeline company shall give notice of the peti-

tioning of the judicial magistrate by restricted certified mail to the other party and file proof of mailing with the petition. If after hearing, the magistrate finds that the landowner or pipeline company has not been diligent in appointing or reasonable in agreeing to an arbitrator, the magistrate shall appoint an impartial arbitrator who shall have all of the powers and duties of an arbitrator appointed or agreed to by the other party under the agreement.

For purposes of this section only, "landowner" means the persons who signed the easement or other written agreement, their heirs, successors, and assigns.

[81 Acts, ch 159, §2, 3]  
95 Acts, ch 192, §15

**479.42 Subsequent pipelines.**

A pipeline company shall not install a subsequent pipeline upon its existing easement when a damage claim from the installation of its previous pipeline on that easement has not been resolved, unless the damage claim is under litigation, arbitration, or a proceeding pursuant to section 479.46.

With the exception of claims for damage to drain tile and future crop deficiency, for this section to apply, landowners and tenants must submit in writing their claims for damages caused by installation of the pipeline within one year of final clean-up on the real property.

[81 Acts, ch 159, §2, 4]  
95 Acts, ch 192, §16

**479.43 Damage agreement.**

A pipeline company shall not install a pipeline until there is a written statement on file with the board as to how damages resulting from the construction of the pipeline shall be determined and paid, except in cases of eminent domain. The company shall provide a copy of the statement to the landowner.

[81 Acts, ch 159, §2, 5]

**479.44 Negotiated fee.**

In lieu of a one-time lump sum payment for an easement or other property interest allowing a pipeline to cross the property, a landowner and the pipeline company may negotiate an annual fee, to be paid over a fixed number of years. Unless the easement provides otherwise, the annual fee shall run with the land and shall be payable to the owner of record.

[81 Acts, ch 159, §2, 6]

**479.45 Particular damage claims.**

1. Compensable losses shall include, but are not limited to, all of the following:

a. Loss or reduced yield of crops or forage on the pipeline right-of-way, whether caused directly

by construction or from disturbance of usual farm operations.

b. Loss or reduced yield of crops or yield from land near the pipeline right-of-way resulting from lack of timely access to the land or other disturbance of usual farm operations, including interference with irrigation.

c. Fertilizer, lime, or organic material applied by the landowner to restore land disturbed by construction to full productivity.

d. Loss of or damage to trees of commercial or other value that occurs at the time of construction, restoration, or at the time of any subsequent work by the pipeline company.

e. The cost of or losses in moving or relocating livestock, and the loss of gain by or the death or injury of livestock caused by the interruption or relocation of normal feeding.

f. Erosion on lands attributable to pipeline construction.

g. Damage to farm equipment caused by striking a pipeline, debris, or other material reasonably associated with pipeline construction while engaged in normal farming operations as defined in section 480.1.

2. A claim for damage for future crop deficiency within the easement strip shall not be precluded from renegotiation under section 6B.52 on the grounds that it was apparent at the time of settlement unless the settlement expressly releases the pipeline company from claims for damage to the productivity of the soil. The landowner shall notify the company in writing fourteen days prior to harvest in each year to assess crop deficiency.

[81 Acts, ch 159, §2, 7]  
99 Acts, ch 85, §2, 11

**479.46 Determination of installation damages.**

1. The county board of supervisors shall determine when installation of a pipeline has been completed in that county for the purposes of this section. Not less than ninety days after the completion of installation, and if an agreement cannot be made as to damages, a landowner whose land was affected by the installation of the pipeline or a pipeline company may file with the board of supervisors a petition asking that a compensation commission determine the damages arising from the installation of the pipeline.

2. If the board of supervisors by resolution approves the petition, the landowner or pipeline company shall commence the proceeding by filing an application with the chief judge of the judicial district of the county for the appointment of a compensation commission as provided in section 6B.4.

The application shall contain the following:

a. The name and address of the applicant and a description of the land on which the damage is claimed to have occurred.

b. A description of the nature of the damage claimed to have occurred and the amount of the

damage claimed.

c. The name and address of the pipeline company claimed to have caused the damage or the name and address of the affected landowner.

3. After the commissioners have been appointed, the applicant shall serve notice on the pipeline company or the landowner stating the following:

a. That a compensation commission has been appointed to determine the damages caused by the installation of the pipeline.

b. The name and address of the applicant and a description of the land on which the damage is claimed to have occurred.

c. The date, time, and place when the commissioners will view the premises and proceed to appraise the damages and that the pipeline company or the landowner may appear before the commissioners.

If more than one landowner petitions the county board of supervisors, the application to the chief judge, notice to the pipeline company, and appraisal of damages shall be consolidated into one application, notice, and appraisal. The county attorney may assist in coordinating the consolidated application and notice, but does not become an attorney for the landowners by doing so.

4. The commissioners shall view the land at the time provided in the notice and assess the damages sustained by the landowner by reason of the installation of the pipeline and they shall file their report with the sheriff. The appraisal of damages returned by the commissioners is final unless appealed. After the appraisal of damages has been delivered to the sheriff by the compensation commission, the sheriff shall give written notice by ordinary mail to the pipeline company and the landowner of the date the appraisal of damages was made, the amount of the appraisal, and that any interested party may appeal to the district court within thirty days of the date of mailing. The sheriff shall endorse the date of mailing of notice on the original appraisal of damages. At the time of appeal, the appealing party shall give written notice to the adverse party or the party's attorney and the sheriff.

5. Chapter 6B applies to this section to the extent it is applicable and consistent with this section.

6. The pipeline company shall pay all costs of the assessment made by the commissioners and reasonable attorney fees and costs incurred by the landowner as determined by the commissioners if the award of the commissioners exceeds one hundred ten percent of the final offer of the pipeline company prior to the determination of damages; if the award does not exceed one hundred ten percent, the landowners shall pay the fees and costs incurred by the pipeline company. The pipeline company shall file with the sheriff an affidavit setting forth the most recent offer made to the landowner. Commissioners shall receive a per diem of

fifty dollars and actual and necessary expenses incurred in the performance of their official duties. The pipeline company shall also pay all costs occasioned by the appeal, including reasonable attorney fees to be taxed by the court, unless on the trial of the appeal the same or a lesser amount of damages is awarded than was allowed by the commission from which the appeal was taken.

7. As used in this section, "damages" means compensation for damages to the land, crops, and other personal property caused by the construction activity of installing a pipeline and its attendant structures but does not include compensation for a property interest, and "landowner" includes a farm tenant.

8. The provisions of this section do not apply if the easement provides for any other means of negotiation or arbitration.

95 Acts, ch 192, §17; 2000 Acts, ch 1179, §26, 30

#### **479.47 Subsequent tiling.**

All additional costs of new tile construction caused by an existing pipeline shall be paid by the pipeline company. To receive compensation under this section, the landowner or agent of the landowner shall either present an invoice specifying the additional costs caused by the presence of the pipeline which is accompanied by a written verification of the additional costs by the county engineer or soil and water conservation district conservationist or reach an agreement with the pipeline company on the project design and share of the cost to be paid by the pipeline company during the planning of the tiling project.

#### **479.48 Reversion on nonuse.**

1. If a pipeline right-of-way, or any part of a pipeline right-of-way, is wholly abandoned for pipeline purposes by the relocation of the pipeline, is not used or operated for a period of five consecutive years, or if the construction of the pipeline has been commenced and work has ceased and has not in good faith resumed for five years, the right-of-way may revert as provided in this section to the person who, at the time of the abandonment or nonuse, is the owner of the tract from which such right-of-way was taken. For purposes of this section, a pipeline or a pipeline right-of-way is not considered abandoned or unused if it is transporting product or is being actively maintained with reasonable anticipation of a future use.

2. To effect a reversion on nonuse of right-of-way, the owner or holder of purported fee title to such real estate shall serve notice upon the owner of such right-of-way easement and, if filed of record, successors in interest and upon any party in possession of the real estate. The written notice shall accurately describe the real estate and ease-

ment in question, set out the facts concerning ownership of the fee, ownership of the right-of-way easement, and the period of abandonment or non-use, and notify the parties that such reversion shall be complete and final, and that the easement or other right shall be forfeited, unless the parties shall, within one hundred twenty days after the completed service of notice, file an affidavit with the county recorder of the county in which the real estate is located disputing the facts contained in the notice.

3. The notice shall be served in the same manner as an original notice under the Iowa rules of civil procedure, except that when notice is served by publication an affidavit shall not be required before publication. If an affidavit disputing the facts contained in the notice is not filed within one hundred twenty days, the party serving the notice may file for record in the office of the county recorder a copy of the notice with proofs of service attached and endorsed, and when so recorded, the record shall be constructive notice to all persons of the abandonment, reversion, and forfeiture of such right-of-way.

4. Upon reversion of the easement, the landowner may require the pipeline company to remove any pipe or pipeline facility remaining on the property. Provisions of this chapter relating to damages shall apply when the pipeline is removed.

5. Unless otherwise agreed to in writing by the landowner and the pipeline company, if a pipeline

right-of-way is abandoned for pipeline use, but the pipe is not removed from the right-of-way, the pipeline company shall remain subject to section 479.49, shall remain responsible for the additional costs of subsequent tiling as provided for in section 479.47, shall mark the location of the line in response to a notice of proposed excavation in accordance with chapter 480, and shall remain subject to the damage provisions of this chapter in the event access to or excavation relating to the pipe is required. The landowner shall provide reasonable access to the pipeline in order to carry out the responsibilities of this subsection.

99 Acts, ch 85, §3, 11; 2000 Acts, ch 1139, §1

**479.49 Farmland improvements.**

A landowner or contractor may require a representative of the pipeline company to be present on site, at no charge to the landowner, at all times during each phase and separate activity related to a farmland improvement within fifty feet of either side of a pipeline. If the pipeline company and the landowner or contractor constructing the farmland improvement mutually agree that a representative of the pipeline company is not required to be present, the requirements of this section are waived in relation to the farmland improvement which would have otherwise made the requirements of this section applicable. A farmland improvement includes, but is not limited to, the terracing of farmland and tiling.

#### 479B.3 Conditions attending operation.

A pipeline company shall not construct, maintain, or operate a pipeline or underground storage facility under, along, over, or across any public or

private highways, grounds, waters, or streams of any kind in this state except in accordance with this chapter.

95 Acts, ch 192, §30

#### 479B.4 Application for permit — informational meeting — notice.

A pipeline company doing business in this state shall file a verified petition with the board asking for a permit to construct, maintain, and operate a new pipeline along, over, or across the public or private highways, grounds, waters, and streams of any kind in this state. Any pipeline company now owning or operating a pipeline or underground storage facility in this state shall be issued a permit by the board upon supplying the information as provided for in section 479B.5, subsections 1 through 5, and meeting the requirements of section 479B.13.

A pipeline company doing business in this state and proposing to store hazardous liquid underground within this state shall file with the board a verified petition asking for a permit to construct, maintain, and operate facilities for the underground storage of hazardous liquid which includes the construction, placement, maintenance, and operation of machinery, appliances, fixtures, wells, pipelines, and stations necessary for the construction, maintenance, and operation of the underground storage facilities.

The pipeline company shall hold informational meetings in each county in which real property or property rights will be affected at least thirty days prior to filing the petition for a new pipeline. A member of the board, or a person designated by the board, shall serve as the presiding officer at each meeting and present an agenda for the meeting which shall include a summary of the legal rights of the affected landowners. No formal record of the meeting shall be required. The meeting shall be held at a location reasonably accessible to all persons who may be affected by granting the permit.

The pipeline company seeking the permit for a new pipeline shall give notice of the informational meeting to each landowner affected by the pro-

posed project and each person in possession of or residing on the property. For the purposes of the informational meeting, “*landowner*” means a person listed on the tax assessment rolls as responsible for the payment of real estate taxes imposed on the property and “*pipeline*” means a line transporting a hazardous liquid under pressure in excess of one hundred fifty pounds per square inch and extending a distance of not less than five miles or having a future anticipated extension of an overall distance of five miles.

The notice shall set forth the following: the name of the applicant, the applicant’s principal place of business, the general description and purpose of the proposed project, the general nature of the right-of-way desired, a map showing the route or location of the proposed project, that the landowner has a right to be present at the meeting and to file objections with the board, and a designation of the time and place of the meeting. The notice shall be sent by restricted certified mail and shall be published once in a newspaper of general circulation in the county not less than thirty days before the date set for the meeting. The publication shall be considered notice to landowners whose residence is not known and to each person in possession of or residing on the property provided a good faith effort to notify can be demonstrated by the pipeline company.

A pipeline company seeking rights under this chapter shall not negotiate or purchase an easement or other interest in land in a county known to be affected by the proposed project prior to the informational meeting.

95 Acts, ch 192, §31

#### **479B.5 Petition.**

A petition for a permit shall state all of the following:

4. A general description of the public or private highways, grounds, waters, streams, and private lands of any kind along, over, or across which the proposed pipeline will pass.
5. If permission is sought to construct, maintain, and operate facilities for the underground storage of hazardous liquids the petition shall include the following additional information:
  - a. A description and a map of the public or private highways, grounds, waters, streams, and private lands of any kind under which the storage is proposed.
  - b. Maps showing the location of proposed machinery, appliances, fixtures, wells, and stations necessary for the construction, maintenance, and

operation of the hazardous liquid storage facilities.

6. The possible use of alternative routes.

7. The relationship of the proposed project to the present and future land use and zoning ordinances.

8. The inconvenience or undue injury which may result to property owners as a result of the proposed project.

9. An affidavit attesting to the fact that informational meetings were held in each county affected by the proposed project and the time and place of each meeting.

95 Acts, ch 192, §32

#### **479B.6 Hearing — notice.**

After the petition is filed, the board shall fix a date for a hearing and shall publish notice for two consecutive weeks, in a newspaper of general circulation in each county through which the proposed pipeline or hazardous liquid storage facilities will extend.

The hearing shall not be less than ten days nor more than thirty days from the date of the last publication of the notice. If the pipeline exceeds five miles in length, the hearing shall be held in the county seat of the county located at the midpoint of the proposed pipeline or the county in which the proposed hazardous liquid storage facility would be located.

95 Acts, ch 192, §33

#### **479B.7 Objections.**

A person, including a governmental entity, whose rights or interests may be affected by the proposed pipeline or hazardous liquid storage facilities may file written objections.

All objections shall be on file with the board not less than five days before the date of hearing on the application. However, the board may permit the filing of the objections later than five days before the hearing, in which event the applicant must be granted a reasonable time to meet the objections.

95 Acts, ch 192, §34

#### **479B.8 Examination — testimony.**

The board may examine the proposed route of the pipeline and location of the underground storage facility. At the hearing the board shall consider the petition and any objections and may hear testimony to assist the board in making its determination regarding the application.

95 Acts, ch 192, §35

#### **479B.9 Final order — condition.**

The board may grant a permit in whole or in part upon terms, conditions, and restrictions as to location and route as it determines to be just and proper. A permit shall not be granted to a pipeline com-

pany unless the board determines that the proposed services will promote the public convenience and necessity.

95 Acts, ch 192, §36

**479B.10 Costs and fees.**

The applicant shall pay all costs of the informational meetings, hearing, and necessary preliminary investigation including the cost of publishing notice of hearing, and shall pay the actual unrecovered costs directly attributable to inspections conducted by the board.

95 Acts, ch 192, §37

**479B.11 Inspection fee.**

If the board enters into agreements with the United States department of transportation pursuant to section 479B.23, a pipeline company shall pay an annual fee of fifty cents per mile of pipeline or fraction thereof for each inch of diameter of the pipeline located in the state. The inspection fee shall be paid to the board between January 1 and February 1 for the calendar year.

The board shall collect all fees. Failure to pay any fee within thirty days from the due date shall be grounds for revocation of the permit or assessment of civil penalties.

95 Acts, ch 192, §38

**479B.12 Use of funds.**

All moneys received under this chapter, other than civil penalties collected pursuant to section 479B.21, shall be remitted monthly to the treasurer of state and credited to the general fund of the state.

95 Acts, ch 192, §39

**479B.13 Financial condition of permittee — bond.**

Before a permit is granted under this chapter the applicant must satisfy the board that the applicant has property within this state other than pipelines or underground storage facilities, subject to execution of a value in excess of two hundred fifty thousand dollars, or the applicant must file and maintain with the board a surety bond in the penal sum of two hundred fifty thousand dollars with surety approved by the board, conditioned that the applicant will pay any and all damages legally recovered against it growing out of the construction, maintenance, or operation of its pipeline or underground storage facilities in this state. When the pipeline company deposits with the board security satisfactory to the board as a guaranty for the payment of the damages, or furnishes to the board satisfactory proofs of its solvency and financial ability to pay the damages, the pipeline company is relieved of the provisions requiring bond.

95 Acts, ch 192, §40

**479B.14 Permits — limitations — sale or transfer — records — extension.**

The board shall prepare and issue permits. The permit shall show the name and address of the pipeline company to which it is issued and identify the decision and order of the board under which the permit is issued. The permit shall be signed by the chairperson of the board and the official seal of the board shall be affixed to it.

The board shall not grant an exclusive right to any pipeline company to construct, maintain, or operate its pipeline along, over, or across any public or private highway, grounds, waters, or streams. The board shall not grant a permit for longer than twenty-five years.

A permit shall not be sold until the sale is approved by the board.

If a transfer of a permit is made before the construction for which it was issued is completed in whole or in part, the transfer shall not be effective until the pipeline company to which it was issued files with the board a notice in writing stating the date of the transfer and the name and address of the transferee.

The board shall keep a record of all permits granted by it, showing when and to whom granted and the location and route of the pipeline or underground storage facility, and if the permit has been transferred, the date and the name and address of the transferee.

A pipeline company may petition the board for an extension of a permit granted under this section by filing a petition containing the information required by section 479B.5, subsections 1 through 5, and meeting the requirements of section 479B.13.

95 Acts, ch 192, §41

**479B.15 Entry for land surveys.**

After the informational meeting or after the filing of a petition if no informational meeting is required, a pipeline company may enter upon private land for the purpose of surveying and examining the land to determine direction or depth of pipelines by giving ten days' written notice by restricted certified mail to the landowner as defined in section 479B.4 and to any person residing on or in possession of the land. The entry for land surveys shall not be deemed a trespass and may be aided by injunction. The pipeline company shall pay the actual damages caused by the entry, survey, and examination.

95 Acts, ch 192, §42

**479B.16 Eminent domain.**

A pipeline company granted a pipeline permit shall be vested with the right of eminent domain, to the extent necessary and as prescribed and approved by the board, not exceeding seventy-five feet in width for right-of-way and not exceeding one acre in any one location in addition to right-of-way for the location of pumps, pressure apparatus,

or other stations or equipment necessary to the proper operation of its pipeline. The board may grant additional eminent domain rights where the pipeline company has presented sufficient evidence to adequately demonstrate that a greater area is required for the proper construction, operation, and maintenance of the pipeline or for the location of pumps, pressure apparatus, or other stations or equipment necessary to the proper operation of its pipeline.

A pipeline company granted a permit for underground storage of hazardous liquid shall be vested with the right of eminent domain to the extent necessary and as prescribed and approved by the board in order to appropriate for its use for the underground storage of hazardous liquid any subsurface stratum or formation in any land which the board shall have found to be suitable and in the public interest for the underground storage of hazardous liquid, and may appropriate other interests in property, as may be required adequately to examine, prepare, maintain, and operate the underground storage facilities.

This chapter does not authorize the construction of a pipeline longitudinally on, over, or under any railroad right-of-way or public highway, or at other than an approximate right angle to a railroad track or public highway without the consent of the railroad company, the state department of transportation, or the county board of supervisors, and this chapter does not authorize or give the right of condemnation or eminent domain for such purposes.

95 Acts, ch 192, §43

#### **479B.17 Damages.**

A pipeline company operating a pipeline or an underground storage facility shall have reasonable access to the pipeline or underground storage facility for the purpose of constructing, operating, maintaining, or locating pipes, pumps, pressure apparatus, or other stations, wells, devices, or equipment used in or upon the pipeline or underground storage facility. A pipeline company shall pay the owner of the land for the right of entry and the owner of crops for all damages caused by entering, using, or occupying the lands and shall pay to the owner all damages caused by the completion of construction of the pipeline due to wash or erosion of the soil at or along the location of the pipeline and due to the settling of the soil along and above the pipeline. However, this section does not prevent the execution of an agreement between the pipeline company and the owner of the land or crops with reference to the use of the land.

95 Acts, ch 192, §44, 62

#### **479B.18 Venue.**

In all cases arising under this chapter, the district court of any county in which property of a pipeline company is located has jurisdiction of a

case involving the pipeline company.

95 Acts, ch 192, §45

#### **479B.19 Orders — enforcement.**

If the pipeline company fails to obey an order within the period of time determined by the board, the board may commence an equitable action in the district court of the county where the pipeline, device, apparatus, equipment, or underground storage facility is located to compel compliance with its order. If, after trial, the court finds that the order is reasonable, equitable, and just, the court shall decree a mandatory injunction compelling obedience to and compliance with the order and may grant other relief as may be just and proper. Appeal from the decree may be taken in the same manner as in other actions.

95 Acts, ch 192, §46

#### **479B.20 Land restoration standards.**

1. The board, pursuant to chapter 17A, shall adopt rules establishing standards for the restoration of agricultural lands during and after pipeline or underground storage facility construction. In addition to the requirements of section 17A.4, the board shall distribute copies of the notice of intended action and opportunity for oral presentations to each county board of supervisors. Any county board of supervisors may, under the provisions of chapter 17A, and subsequent to the rule-making proceedings, petition under those provisions for additional rulemaking to establish standards for land restoration after pipeline construction within that county. Upon the request of the petitioning county, the board shall schedule a hearing to consider the merits of the petition. Rules adopted under this section shall not apply to land located within city boundaries unless the land is used for agricultural purposes. Rules adopted under this section shall address, but are not limited to, all of the following subject matters:

- a. Topsoil separation and replacement.
- b. Temporary and permanent repair to drain tile.
- c. Removal of rocks and debris from the right-of-way.
- d. Restoration of areas of soil compaction.
- e. Restoration of terraces, waterways, and other erosion control structures.
- f. Revegetation of untilled land.
- g. Future installation of drain tile or soil conservation structures.
- h. Restoration of land slope and contour.
- i. Restoration of areas used for field entrances and temporary roads.
- j. Construction in wet conditions.
- k. Designation of a pipeline company point of contact for landowner inquiries or claims.

2. The county board of supervisors shall cause an on-site inspection for compliance with the standards adopted under this section to be performed at any pipeline construction project in the county.

A licensed professional engineer familiar with the standards adopted under this section and registered under chapter 542B shall be responsible for the inspection. A county board of supervisors may contract for the services of a licensed professional engineer for the purposes of the inspection. The reasonable costs of the inspection shall be paid by the pipeline company.

3. If the inspector determines that there has been a violation of the standards adopted under this section, of the land restoration plan, or of an independent agreement on land restoration or line location executed in accordance with subsection 10, the inspector shall give oral notice, followed by written notice, to the pipeline company and the contractor operating for the pipeline company and order corrective action to be taken in compliance with the standards. The costs of the corrective action shall be borne by the contractor operating for the pipeline company.

4. An inspector shall adequately inspect underground improvements altered during construction of the pipeline. An inspection shall be conducted at the time of the replacement or repair of the underground improvements. An inspector shall be present on the site at all times at each phase and separate activity of the opening of the trench, the restoration of underground improvements, and backfilling. The pipeline company and its contractor shall keep an inspector continually informed of the work schedule and any schedule changes. If proper notice is given, construction shall not be delayed due to an inspector's failure to be present on the site.

5. If the pipeline company or its contractor does not comply with the requirements of this section, with the land restoration plan or line location, or with an independent agreement on land restoration executed in accordance with subsection 10, the county board of supervisors may petition the board for an order requiring corrective action to be taken. In addition, the county board of supervisors may file a complaint with the board seeking imposition of civil penalties under section 479B.21.

6. The pipeline company shall allow landowners and the inspector to view the proposed center line of the pipeline prior to commencing trenching operations to ensure that construction takes place in its proper location.

7. An inspector may temporarily halt the construction if the construction is not in compliance with this chapter and the standards adopted pursuant to this chapter, the land restoration plan, or the terms of an independent agreement with the pipeline company regarding land restoration or line location executed in accordance with subsection 10, until the inspector consults with the supervisory personnel of the pipeline company.

8. The board shall instruct inspectors appointed by the board of supervisors regarding the content of the statutes and rules and the inspectors'

responsibility to require construction conforming with the standards provided by this chapter.

9. Petitioners for a permit for pipeline construction shall file with the petition a written land restoration plan showing how the requirements of this section, and of rules adopted pursuant to this section, will be met. The company shall provide copies of the plan to all landowners of property that will be disturbed by the construction.

10. This section does not preclude the application of provisions for protecting or restoring property that are different than those prescribed in this section, in rules adopted under this section, or in the land restoration plan, if the alternative provisions are contained in agreements independently executed by the pipeline company and the landowner, and if the alternative provisions are not inconsistent with state law or with rules adopted by the board. Independent agreements on land restoration or line location between the landowner and pipeline company shall be in writing and a copy provided to the county inspector.

11. For the purposes of this section, "construction" includes the removal of a previously constructed pipeline.

12. The requirements of this section shall apply only to pipeline construction projects commenced on or after June 1, 1999.

95 Acts, ch 192, §47; 99 Acts, ch 85, §7, 11

#### **479B.21 Civil penalty.**

A person who violates this chapter or any rule or order issued pursuant to this chapter shall be subject to a civil penalty levied by the board in an amount not to exceed one thousand dollars for each violation. Each day that the violation continues shall constitute a separate offense. However, the maximum civil penalty shall not exceed two hundred thousand dollars for any related series of violations. Civil penalties collected pursuant to this section shall be credited to and are appropriated for the use of the Iowa energy center created in section 266.39C.

A civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in compromise, the appropriateness of the penalty to the size of the pipeline company charged, the gravity of the violation, and the good faith of the person charged in attempting to achieve compliance, after notification of a violation, shall be considered. The amount of the penalty, when finally determined, or the amount agreed upon in compromise, may be deducted from any sums owed by the state to the person charged, or may be recovered in a civil action.

95 Acts, ch 192, §48

#### **479B.22 Rehearing — judicial review.**

Rehearing procedure for any person aggrieved by actions of the board under this chapter shall be as provided in section 476.12. Judicial review may

be sought in accordance with the terms of chapter 17A.

95 Acts, ch 192, §49

**479B.23 Authorized federal aid.**

The board may enter into agreements with and receive moneys from the United States department of transportation for the inspection of pipelines to determine compliance with applicable standards of pipeline safety, and for enforcement of the applicable standards of pipeline safety as provided by 49 U.S.C. § 60101 et seq.

95 Acts, ch 192, §50

**479B.24 Cancellation.**

A pipeline company seeking to acquire an easement or other property interest for the construction, maintenance, or operation of a pipeline or underground storage facility shall do all of the following:

1. Allow the landowner or a person serving in a fiduciary capacity on the landowner's behalf to cancel an agreement granting an easement or other interest by restricted certified mail to the pipeline company's principal place of business if received by the pipeline company within seven days, excluding Saturday and Sunday, of the date of the agreement and inform the landowner or the fiduciary in writing of the right to cancel prior to the signing of the agreement by the landowner or the fiduciary.

2. Provide the landowner or a person serving in a fiduciary capacity in the landowner's behalf with a form in duplicate for the notice of cancellation.

3. Not record an agreement until after the period for cancellation has expired.

4. Not include in the agreement a waiver of the right to cancel in accordance with this section. The landowner or a person serving in a fiduciary capacity in the landowner's behalf may exercise the right of cancellation only once for each pipeline project.

95 Acts, ch 192, §51

**479B.25 Arbitration agreements.**

If an easement or other written agreement between a landowner and a pipeline company provides for the determination through arbitration of the amount of monetary damages sustained by a landowner and caused by the construction, maintenance, or repair of a pipeline or underground storage facility, and if either party has not appointed its arbitrator or agreed to an arbitrator under the agreement within thirty days after the other party has invoked the arbitration provisions of the agreement by written notice to the other party by restricted certified mail, the landowner or the pipeline company may petition a magistrate in the county where the real property is located for the

appointment of an arbitrator to serve in the stead of the arbitrator who would have been appointed or agreed to by the other party. Before filing the petition the landowner or pipeline company shall give notice of the petitioning of the magistrate by restricted certified mail to the other party and file proof of mailing with the petition.

If after hearing, the magistrate finds that the landowner or pipeline company has not been diligent in appointing or reasonable in agreeing to an arbitrator, the magistrate shall appoint an impartial arbitrator who shall have all of the powers and duties of an arbitrator appointed or agreed to by the other party under the agreement.

For purposes of this section only, "landowner" means the person who signed the easement or other written agreement, or the person's heirs, successors, and assigns.

95 Acts, ch 192, §52, 62

**479B.26 Subsequent pipeline or underground storage facility.**

A pipeline company shall not construct a subsequent pipeline or underground storage facility upon its existing easement when a damage claim from the installation of its previous pipeline on that easement has not been resolved unless that claim is under litigation or arbitration, or is the subject of a proceeding pursuant to section 479B.30.

With the exception of claims for damage to drain tile and future crop deficiency, for this section to apply, landowners and tenants must submit their claims in writing for damages caused by construction of the pipeline or underground storage facility within one year of final cleanup on the real property by the pipeline company.

95 Acts, ch 192, §53

**479B.27 Damage agreement.**

A pipeline company shall not construct a pipeline or underground storage facility until a written statement is on file with the board as to how damages resulting from the construction of the pipeline shall be determined and paid, except in cases of eminent domain. The pipeline company shall provide a copy of the statement to the landowner.

95 Acts, ch 192, §54

**479B.28 Negotiated fee.**

In lieu of a one-time lump sum payment for an easement or other property interest allowing a pipeline to cross property or allowing underground storage of hazardous liquids, a landowner and the pipeline company may negotiate an annual fee, to be paid over a fixed number of years. Unless the easement provides otherwise, the annual fee shall run with the land and shall be payable to the owner of record.

95 Acts, ch 192, §55

**479B.29 Particular damage claims.**

1. Compensable losses shall include, but are not limited to, all of the following:

*a.* Loss or reduced yield of crops or forage on the pipeline right-of-way, whether caused directly by construction or from disturbance of usual farm operations.

*b.* Loss or reduced yield of crops or yield from land near the pipeline right-of-way resulting from lack of timely access to the land or other disturbance of usual farm operations, including interference with irrigation.

*c.* Fertilizer, lime, or organic material applied by the landowner to restore land disturbed by construction to full productivity.

*d.* Loss of or damage to trees of commercial or other value that occurs at the time of construction, restoration, or at the time of any subsequent work by the pipeline company.

*e.* The cost of or losses in moving or relocating livestock, and the loss of gain by or the death or injury of livestock caused by the interruption or relocation of normal feeding.

*f.* Erosion on lands attributable to pipeline construction.

*g.* Damage to farm equipment caused by striking a pipeline, debris, or other material reasonably associated with pipeline construction while engaged in normal farming operations as defined in section 480.1.

2. A claim for damage for future crop deficiency within the easement strip shall not be precluded from renegotiation under section 6B.52 on the grounds that it was apparent at the time of settlement unless the settlement expressly releases the pipeline company from claims for damage to the productivity of the soil. The landowner shall notify the pipeline company in writing fourteen days prior to harvest in each year to assess crop deficiency.

95 Acts, ch 192, §56, 62; 99 Acts, ch 85, §8, 11

**479B.30 Determination of construction damages.**

1. The county board of supervisors shall determine when construction of a pipeline or underground storage facility has been completed in that county for the purposes of this section. Not less than ninety days after the completion of construction and if an agreement cannot be made as to damages, a landowner whose land was affected by the construction of the pipeline or underground storage facility or the pipeline company may file with the board of supervisors a petition asking that a compensation commission determine the damages arising from construction of the pipeline.

2. If the board of supervisors by resolution approves the petition, the landowner or pipeline company shall commence the proceeding by filing an application with the chief judge of the judicial district for the county for the appointment of a

compensation commission as provided in section 6B.4. The application shall contain all of the following information:

*a.* The name and address of the applicant and a description of the land on which the damage is claimed to have occurred.

*b.* A description of the nature of the damage claimed to have occurred and the amount of the damage claimed.

*c.* The name and address of the pipeline company claimed to have caused the damage or the name and address of the affected landowner.

3. After the commissioners have been appointed, the applicant shall serve notice on the pipeline company or the landowner stating all of the following:

*a.* That a compensation commission has been appointed to determine the damages caused by the construction of the pipeline or underground storage facility.

*b.* The name and address of the applicant and a description of the land on which the damage is claimed to have occurred.

*c.* The date, time, and place when the commissioners will view the premises and proceed to appraise the damages and that the pipeline company or landowner may appear before the commissioners.

If more than one landowner petitions the county board of supervisors, the application to the chief judge, notice to the pipeline company, and appraisal of damages shall be consolidated into one application, notice, and appraisal. The county attorney may assist in coordinating the consolidated application and notice, but does not become an attorney for the landowners by doing so.

4. The commissioners shall view the land at the time provided in the notice and assess the damages sustained by the landowner by reason of the construction of the pipeline or underground storage facility and they shall file their report with the sheriff. The appraisal of damages returned by the commissioners is final unless appealed. After the appraisal of damages has been delivered to the sheriff by the compensation commission, the sheriff shall give written notice by ordinary mail to the pipeline company and the landowner of the date the appraisal of damages was made, the amount of the appraisal, and that any interested party may appeal to the district court within thirty days of the date of mailing. The sheriff shall endorse the date of mailing of notice on the original appraisal of damages. At the time of appeal, the appealing party shall give written notice to the adverse party or the party's attorney and the sheriff.

5. Chapter 6B applies to this section to the extent it is applicable and consistent with this section.

6. The pipeline company shall pay all costs of

the assessment made by the commissioners and reasonable attorney fees and costs incurred by the landowner as determined by the commissioners if the award of the commissioners exceeds one hundred ten percent of the final offer of the pipeline company prior to the determination of damages; if the award does not exceed one hundred ten percent, the landowners shall pay the fees and costs incurred by the pipeline company. The pipeline company shall file with the sheriff an affidavit setting forth the most recent offer made to the landowner. Commissioners shall receive a per diem of fifty dollars and actual and necessary expenses incurred in the performance of their official duties. The pipeline company shall also pay all costs occasioned by the appeal, including reasonable attorney fees to be taxed by the court, unless on the trial of the appeal the same or a lesser amount of damages is awarded than was allowed by the commission from which the appeal was taken.

7. As used in this section, “damages” means compensation for damages to the land, crops, and other personal property caused by the construction of a pipeline and its attendant structures or underground storage facility but does not include compensation for a property interest, and “landowner” includes a farm tenant.

8. The provisions of this section do not apply if the easement provides for any other means of negotiation or arbitration.

95 Acts, ch 192, §57, 62; 2000 Acts, ch 1179, §28, 30

#### **479B.31 Subsequent tiling.**

All additional costs of new tile construction caused by an existing pipeline or underground storage facility shall be paid by the pipeline company. To receive compensation under this section, the landowner or agent of the landowner shall either present an invoice specifying the additional costs caused by the presence of the pipeline which is accompanied by a written verification of the additional costs by the county engineer or soil and water conservation district conservationist or reach an agreement with the pipeline company on the project design and share of the cost to be paid by the pipeline company during the planning of the tiling project.

95 Acts, ch 192, §58, 62

#### **479B.32 Reversion on nonuse.**

1. If a pipeline right-of-way, or any part of the pipeline right-of-way, is wholly abandoned for pipeline purposes by the relocation of the pipeline, is not used or operated for a period of five consecutive years, or if the construction of the pipeline has been commenced and work has ceased and has not in good faith resumed for five years, the right-of-way may revert as provided in this section to the person who, at the time of the abandonment or nonuse, is the owner of the tract from which such

right-of-way was taken. For purposes of this section, a pipeline or a pipeline right-of-way is not considered abandoned or unused if it is transporting product or is being actively maintained with reasonable anticipation of a future use.

2. To effect a reversion on nonuse of right-of-way, the owner or holder of purported fee title to such real estate shall serve notice upon the owner of such right-of-way easement and, if filed of record, successors in interest and upon any party in possession of the real estate. The written notice shall accurately describe the real estate and easement in question, set out the facts concerning ownership of the fee, ownership of the right-of-way easement, and the period of abandonment or nonuse, and notify the parties that such reversion shall be complete and final, and that the easement or other right shall be forfeited, unless the parties shall, within one hundred twenty days after the completed service of notice, file an affidavit with the county recorder of the county in which the real estate is located disputing the facts contained in the notice.

3. The notice shall be served in the same manner as an original notice under the Iowa rules of civil procedure, except that when notice is served by publication an affidavit shall not be required before publication. If an affidavit disputing the facts contained in the notice is not filed within one hundred twenty days, the party serving the notice may file for record in the office of the county recorder a copy of the notice with proofs of service attached and endorsed, and when so recorded, the record shall be constructive notice to all persons of the abandonment, reversion, and forfeiture of such right-of-way.

4. Upon reversion of the easement, the landowner may require the pipeline company to remove any pipe or pipeline facility remaining on the property. Provisions of this chapter relating to damages shall apply when the pipeline is removed.

5. Unless otherwise agreed to in writing by the landowner and the pipeline company, if a pipeline right-of-way is abandoned for pipeline use, but the pipe is not removed from the right-of-way, the pipeline company shall remain subject to section 479B.33, shall remain responsible for the additional costs of subsequent tiling as provided for in section 479B.31, shall mark the location of the line in response to a notice of proposed excavation in accordance with chapter 480, and shall remain subject to the damage provisions of this chapter in the event access to or excavation relating to the pipe is required. The landowner shall provide reasonable access to the pipeline in order to carry out the responsibilities of this subsection.

99 Acts, ch 85, §9, 11; 2000 Acts, ch 1139, §5

#### **479B.33 Farmland improvements.**

A landowner or contractor may require a representative of the pipeline company to be present on

site, at no charge to the landowner, at all times during each phase and separate activity related to a farmland improvement within fifty feet of either side of a pipeline. If the pipeline company and the landowner or contractor constructing the farmland improvement mutually agree that a representative of the pipeline company is not required

to be present, the requirements of this section are waived in relation to the farmland improvement which would have otherwise made the requirements of this section applicable. A farmland improvement includes, but is not limited to, the terracing of farmland and tiling.

**480.2 Public deposit of location information.** Repealed by 92 Acts, ch 1103, § 11, 12.

**480.3 Notification center established — participation.**

1. *a.* A statewide notification center is established and shall be organized as a nonprofit corporation pursuant to chapter 504.

(1) The center shall be governed by a board of directors which shall represent and be elected by operators, excavators, and other persons who participate in the center. The board, with input from all interested parties, shall determine the operating procedures and technology needed for a single statewide notification center and establish a notification process.

(2) In addition, the board shall either establish a competitive bidding procedure to select a vendor to provide the notification service or retain sufficient and necessary staff to provide the notification service.

2. The notification center, upon receiving notice from an excavator, shall immediately transmit the information contained in the notice to each operator in the area of the proposed excavation and provide the names of all operators in that area to the excavator. The notification center shall assign an inquiry identification number to each notice and shall maintain a record of each notice for at least six years from the date the notice is received. The notification center shall not assess an operator who requests in writing not to receive a notification of its own excavations for any portion of the costs associated with such excavations.

3. *a.* (1) An operator who receives notice from the notification center shall mark the horizontal location of the operator's underground facility and the excavator shall use due care in excavating in the marked area to avoid damaging the underground facility. The operator shall complete such locating and marking within forty-eight hours after receiving the notice, excluding Saturdays, Sundays, and legal holidays, unless otherwise agreed by the operator and the excavator. The locating and marking of the underground facilities shall be completed at no cost to the excavator. If, in the opinion of the operator, the planned excavation requires that the precise location of the underground facilities be determined, the excavator, unless otherwise agreed upon between the excavator and the operator, shall hand dig test holes to determine the location of the facilities unless the operator specifies an alternate method.

(2) The marking required under this subsection shall be done in a manner that will last for a minimum of five working days on any nonpermanent surface, or a minimum of ten working days on any permanent surface. If the excavation will continue for any period longer than such periods, the operator shall remark the location of the underground facility upon the request of the excavator. The request shall be made through the notification center.

*b.* An operator who receives notice from the notification center and who determines that the operator does not have any underground facility located within the proposed area of excavation shall notify the excavator concerning this determination prior to the indicated date of commencement of excavation.

*c.* For purposes of this chapter, the "*horizontal location of any underground facility*" is defined as including an area eighteen inches on either side of the underground facility.

4. An excavator is responsible for preserving the markings required in subsection 3 at all times during the excavation. If the markings will be destroyed or otherwise altered during the excavation, the excavator must establish suitable refer-

ence points which will enable the excavator to locate the underground facility at all times during the excavation.

5. The operator shall mark the location of any underground facility to conform with the uniform color code established by the American public works association's utility location and coordination council.

6. The only exception to this section shall be when an emergency exists. Under such conditions, excavation operations can begin immediately, provided reasonable precautions are taken to protect the underground facilities. The excavator shall notify the notification center of the excavation as soon as practical.

92 Acts, ch 1103, §4; 98 Acts, ch 1049, §2

#### **480.5 Damage to underground facility — report to operator.**

An excavator shall as soon as practical notify the operator when any damage occurs to an underground facility as a result of an excavation. The notice shall include the type of facility damaged and the extent of the damage. If damage occurs, an excavator shall refrain from backfilling in the immediate area of the underground facilities until the damage has been investigated by the operator, unless the operator authorizes otherwise.

If the damage results in an emergency, the excavator shall take all reasonable actions to alleviate the emergency including, but not limited to, the evacuation of the affected area. The excavator shall leave all equipment situated where the equipment was at the time the emergency was created and immediately contact the operator and appropriate authorities and necessary emergency response agencies.

92 Acts, ch 1103, §5

#### **480.6 Civil penalties.**

1. A person who violates a provision of this chapter is subject to a civil penalty as follows:

*a.* For a violation related to natural gas and hazardous liquid pipelines, an amount not to exceed ten thousand dollars for each violation for each day the violation continues, up to a maximum of five hundred thousand dollars.

*b.* For a violation related to any other underground facility, an amount not to exceed one thousand dollars for each violation for each day the violation continues, up to a maximum of twenty thousand dollars.

2. The attorney general, upon the receipt of a complaint, may institute any legal proceedings necessary to enforce the penalty provisions of this chapter.

3. All amounts collected pursuant to this section shall be remitted to the treasurer of state, who shall deposit the amount in the general fund of the state.

92 Acts, ch 1103, §6

**480.7 Injunction.**

Any affected person may make application to the district court for injunctive relief from any violation of this chapter.

92 Acts, ch 1103, §7

**480.8 Local ordinances and regulations unaffected.**

This chapter does not affect or impair any local ordinances or other provisions of law requiring permits to be obtained before excavation. However, a permit issued by any governing body does not relieve the excavator from complying with the requirements of this chapter, unless the governing body is the excavator and the governing body and the operator have agreed in writing to waive notification under this chapter. However, such an agreement shall not be considered in the issuance

of any required permit.

92 Acts, ch 1103, §8

**480.9 Liability for owner of farmland.**

An owner of farmland used in a farm operation, as defined in section 352.2, who complies with the requirements of this chapter shall not be held responsible for any damages to an underground facility, including fiber optic cable, if the damage occurred on the farmland in the normal course of the farm operation, unless the owner intentionally damaged the underground facility or acted with wanton disregard or recklessness in causing the damage to the underground facility. For purposes of this section, an “owner” includes a family member, employee, or tenant of the owner.

## CHAPTER 480A

### PUBLIC UTILITIES IN PUBLIC RIGHTS-OF-WAY

480A.1 Purpose.  
480A.2 Definitions.  
480A.3 Fees.

480A.4 In-kind services.  
480A.5 Arbitration.  
480A.6 Franchise ordinance not superseded.

**480A.1 Purpose.**

The general assembly finds that it is in the public interest to define the right of local governments to charge public utilities for the location and operation of public utility facilities in local government rights-of-way.

98 Acts, ch 1148, §3, 9

**480A.2 Definitions.**

As used in this chapter, unless the context otherwise requires:

1. “*Local government*” means a county, city, township, school district, or any special-purpose district or authority.

2. “*Management costs*” means the reasonable costs a local government actually incurs in managing public rights-of-way.

3. “*Public right-of-way*” means the area on, below, or above a public roadway, highway, street, bridge, cartway, bicycle lane, or public sidewalk in which the local government has an interest, including other dedicated rights-of-way for travel purposes and utility easements. A public right-of-way does not include the airwaves above a public right-of-way with regard to cellular or other non-wire telecommunications or broadcasts service or utility poles owned by a local government or a municipal utility.

4. “*Public utility*” means a person owning or operating a facility used for furnishing natural gas by piped distribution system, electricity, communications services not including cable television systems, or water by piped distribution system, to the public for compensation.

98 Acts, ch 1148, §4, 9

**480A.3 Fees.**

A local government shall not recover any fee from a public utility for the use of its right-of-way, other than a fee for its management costs. A local government may recover from a public utility only those management costs caused by the public utility’s activity in the public right-of-way. A fee or other obligation under this section shall be imposed on a competitively neutral basis. When a local government’s management costs cannot be attributed to only one entity, those costs shall be allocated among all users of the public rights-of-way, including the local government itself. The allocation shall reflect proportionately the costs incurred by the local government as a result of the various types of uses of the public rights-of-way.

This section does not prohibit the collection of a franchise fee as permitted in section 480A.6.

98 Acts, ch 1148, §5, 9

**480A.4 In-kind services.**

A local government, in lieu of a fee imposed under this chapter, shall not require in-kind services by a public utility right-of-way user, or require in-kind services as a condition of the use of the local government's public right-of-way.

98 Acts, ch 1148, §6, 9

**480A.5 Arbitration.**

1. A public utility that is denied registration, denied a right-of-way permit, that has its right-of-way permit revoked, or that believes that the fees imposed on such user by the local government do not conform to the requirements of this chapter may request in writing that such denial, revocation, or fee imposition be reviewed by the governing body of the local government. The governing body of the local government shall act within sixty days on a timely written request. A decision by the governing body affirming the denial, revocation, or fee imposition must be in writing and supported by written findings establishing the reasonableness of the decision.

2. Upon affirmation by the governing body of the denial, revocation, or fee imposition, the public utility may do either of the following:

*a.* With the consent of the governing body, have the matter finally resolved by binding arbitration. Binding arbitration must be before an arbitrator agreed to by both the local government and the public utility. If the parties are unable to agree on an arbitrator, the matter shall be re-

solved by a three-person arbitration panel made up of one arbitrator selected by the local government, one arbitrator selected by the public utility, and one arbitrator selected by the other two arbitrators. The cost and expense of a single arbitrator shall be borne equally by the local government and the public utility. If a three-person arbitration panel is selected, each party shall bear the expense of its own arbitrator and the parties shall jointly and equally bear the cost and expense of the third arbitrator, and of the arbitration. Each party to the arbitration shall pay its own costs, disbursements, and attorney fees.

*b.* Bring an action in district court to review a decision of the governing body made under this section.

98 Acts, ch 1148, §7, 9

**480A.6 Franchise ordinance not superseded.**

This chapter does not modify or supersede the rights and obligations of a local government and the public utility established by the terms of any existing or future franchise granted, approved, and accepted pursuant to section 364.2, subsection 4. A city which collects a city franchise fee from an entity pursuant to section 364.2, subsection 4, under an existing or future franchise, shall not also collect a fee from that entity under section 480A.3.

98 Acts, ch 1148, §8, 9

It is unlawful for a person to take, pursue, kill, trap or ensnare, buy, sell, possess, transport, or attempt to so take, pursue, kill, trap or ensnare, buy, sell, possess, or transport any game, protected nongame animals, fur-bearing animals or fur or skin of such animals, mussels, frogs, spawn or fish or any part thereof, except upon the terms, conditions, limitations, and restrictions set forth herein, and administrative rules necessary to carry out the purposes set out in section 481A.39, or as provided by the Code.

1. The commission may upon its own motion and after an investigation, alter, limit, or restrict the methods or means employed and the instruments or equipment used in taking wild mammals, birds subject to section 481A.48, fish, reptiles, and amphibians, if the investigation reveals that the action would be desirable or beneficial in promoting the interests of conservation, or the commission may, after an investigation when it is found there is imminent danger of loss of fish through natural causes, authorize the taking of fish by means found advisable to salvage imperiled fish populations.

The commission shall adopt a rule permitting a crossbow to be used only by individuals with disabilities who are physically incapable of using a bow and arrow under the conditions in which a bow and arrow is permitted. The commission shall prepare an application to be used by an individual requesting the status. The application shall require the individual's physician to sign a statement declaring that the individual is not physically able to use a bow and arrow.

2. If the commission finds that the number of hunters licensed or the type of license issued to take deer or wild turkey should be limited or further regulated, the commission shall adopt procedures, by rule, for issuing the licenses. This subsection does not apply to the hunting of wild turkey on a hunting preserve licensed under chapter 484B.

3. The department and the commission shall exercise regulatory authority regarding seasons, bag limits, possession limits, locality, the method of taking, or the taking of fish and wildlife by members of the Sac and Fox tribe of the Mississippi in

Iowa within the boundaries of the Sac and Fox tribe settlement in Tama county only to the extent provided in a written agreement between the tribal council of the Sac and Fox tribe of the Mississippi in Iowa and the department. The written agreement shall not be construed to supersede or impair the regulatory authority exercised by the commission pursuant to the federal Migratory Bird Treaty Act, the federal Migratory Bird Stamp Hunting Act, the federal Endangered Species Act, or other federal law. The department and the commission shall not unreasonably fail to enter into an agreement and shall pursue such an agreement in an expedient manner. This subsection shall become effective upon signing of the written agreement by the director of the department and the chairperson of the Sac and Fox tribe of the Mississippi in Iowa.

The application period extends from January 1, or the date of the application, through December 31. A license shall not be issued to operate an aquaculture unit on private or nonmeandered lakes and streams and ponds that may become stocked with fish from public waters or natural migration. 4. Harvest aquatic life on land under control of the aquaculture unit with commercial devices without obtaining any permits for the devices.

*b.* A nonresident aquaculture unit licensee shall be limited to selling bait at wholesale unless the home state of the nonresident licensee allows residents of this state to sell bait at retail.

6. Take any gull, tern, or merganser within the bounds of the unit. An owner or operator of the licensed aquaculture unit, however, must first obtain a permit for this activity from the department or the United States fish and wildlife service. For the species listed in this subsection only, importation permits shall not be issued unless the fish, eggs, or semen have been inspected by the department and found to be free of disease detrimental to the state's fishery resources. The owner or operator of an aquaculture unit must provide a statement certifying the fish listed in this subsection or their eggs or semen to be disease free, and include the date of inspection. Certification is not required for other fish species, but the department may require inspection at any time. 2. When taking bait from lakes and streams,

bait dealers shall take only the size of bait which they can use, and shall return all small minnows and frogs to the water immediately.

3. A minnow and bait box and a tank shall be open to inspection by the department at all times. A licensee shall have tanks and bait boxes of sufficient size and with proper aeration to keep the bait alive and prevent substantial loss.

4. A person shall not take or attempt to take minnows for commercial purposes from any waters of the state or shall not transport minnows without first obtaining a bait dealer's license. A person shall not transport, use, sell or offer to sell for bait or introduce into any inland waters of this state or into any waters from which the waters of the state may become stocked, any minnows or fish of the carp, quillback, gar, or dogfish species. Fish of the carp, quillback, gar, or dogfish species may be returned to the waters from which they are taken. A person shall not possess live gizzard shad at any lake in this state.

5. A person shall not use a minnow dip net which exceeds four feet in diameter, a cast net which exceeds ten feet in diameter, or a minnow seine which exceeds twenty feet in length or has a mesh size smaller than one-quarter inch bar measure. Licensed bait dealers may obtain a permit from the department to use minnow seines longer than twenty feet, but not exceeding fifty feet in length.

6. The department may designate certain lakes and streams, and parts of them, from which minnow populations should be protected for the best management of the lakes or streams. If an investigation of a lake or stream or a portion of a lake

or stream by the department indicates that the minnow population should be protected, the lake or stream or a portion of the lake or stream shall be closed to the taking of minnows for a period of time deemed advisable by the department.

POLLUTION — RESTITUTION

**481A.151 Restitution for pollution causing injury to wild animals.**

1. A person who is liable for polluting a water of this state in violation of state law, including this chapter, shall also be liable to pay restitution to the department for injury caused to a wild animal by the pollution. The amount of the restitution shall also include the department’s administrative costs for investigating the incident. The administration of this section shall not result in a duplication of damages collected by the department under section 455B.392, subsection 1, paragraph “c”.

2. The commission shall adopt rules providing

for procedures for investigations and the administrative assessment of restitution amounts. The rules shall establish an opportunity to appeal a departmental action including by a contested case proceeding under chapter 17A. A final administrative decision assessing an amount of restitution may be enforced by the attorney general at the request of the director.

3. Rules adopted by the commission shall provide for methods used to determine the extent of an injury and the monetary values for the loss of injured wild animals based on species.

a. The rules shall provide for methods used to count dead fish and to calculate restitution values. The rules may incorporate methods and values published by the American fisheries society. To every extent practicable, the values shall be based on the estimates of lost recreational angler opportunities where applicable. As an alternative method of valuation, the rules may provide that for fish species that are protected by catch limits, possession limits, size limits, or closed seasons applicable to anglers, liquidated damages apply. The amount of the liquidated damages shall not exceed fifteen dollars per fish. For fish species that are classified by the commission as endangered or threatened, the rules may establish liquidated damages not to exceed one thousand dollars per fish.

b. The rules shall provide guidelines for estimating the extent of loss of a species that is affected by a pollution incident but which would not be practical to count in sample areas. The rules may establish liquidated damage amounts for species whose replacement cost is difficult to determine.

4. Moneys collected by the department in restitution shall be deposited into the state fish and game protection fund. The moneys shall be used exclusively to support restoration or improvement of fisheries, including but not limited to aquatic habitat improvement projects as provided in rules adopted by the commission. However, moneys collected from restitution paid for investigative costs shall be used as determined by the director.

Owners or tenants of land, and their juvenile children, may hunt, fish or trap upon such lands and may shoot by lawful means ground squirrels, gophers, or woodchucks upon adjacent roads without securing a license so to do; except, special licenses to hunt deer and wild turkey shall be required of owners and tenants but they shall not be required to have a special wild turkey hunting license to hunt wild turkey on a hunting preserve licensed under chapter 484B.

2. a. As used in this subsection:

(1) "Family member" means a resident of Iowa who is the spouse or child of the owner or tenant and who resides with the owner or tenant.

(2) "Farm unit" means all parcels of land which are certified by the commission pursuant to rule as meeting all of the following requirements:

(a) Are in tracts of two or more contiguous acres.

(b) Are operated as a unit for agricultural purposes.

(3) "Owner" means an owner of a farm unit who is a resident of Iowa and who is one of the following:

(a) Is the sole operator of the farm unit.

(b) Makes all of the farm operation decisions but contracts for custom farming or hires labor for all or part of the work on the farm unit.

An "owner" does not mean a person who owns a farm unit and who employs a farm manager or

third party to operate the farm unit, or a person who owns a farm unit and who rents the entire farm unit to a tenant who is responsible for all farm operations. However, this paragraph does not apply to an owner who is a parent of the tenant and who resides in this state.

(4) “*Tenant*” means a person who is a resident of Iowa and who rents and actively farms a farm unit owned by another person. A member of the owner’s family may be a tenant. A person who works on the farm for a wage and is not a family member does not qualify as a tenant.

b. Upon written application on forms furnished by the department, the department shall issue annually without fee one wild turkey license to the owner of a farm unit or to a member of the owner’s family, but not to both, and to the tenant or to a member of the tenant’s family, but not to both. The wild turkey hunting license issued shall be valid only on the farm unit for which an applicant qualifies pursuant to this subsection and shall be equivalent to the least restrictive license issued under section 481A.38. The owner or the tenant need not reside on the farm unit to qualify for a free license to hunt on that farm unit.

c. Upon written application on forms furnished by the department, the department shall issue annually without fee two deer hunting licenses, one antlered or any sex deer hunting license and one antlerless deer only deer hunting license, to the owner of a farm unit or a member of the owner’s family, but only a total of two licenses for both, and to the tenant of a farm unit or a member of the tenant’s family, but only a total of two licenses for both. The deer hunting licenses issued shall be valid only for use on the farm unit for which the applicant applies pursuant to this paragraph. The owner or the tenant need not reside on the farm unit to qualify for the free deer hunting licenses to hunt on that farm unit. The free deer hunting licenses issued pursuant to this paragraph shall be valid and may be used during any shotgun deer season. The licenses may be used to harvest deer in two different seasons. In addition, a person who receives a free deer hunting license pursuant to this paragraph shall pay a one dollar fee for each license that shall be used and is appropriated for the purpose of deer herd population management, including assisting with the cost of processing deer donated to the help us stop hunger program administered by the commission.

d. In addition to the free deer hunting licenses received pursuant to paragraph “c”, an owner of a farm unit or a member of the owner’s family and the tenant or a member of the tenant’s family may purchase a deer hunting license for any option offered to paying deer hunting licensees. An owner of a farm unit or a member of the owner’s family and the tenant or a member of the tenant’s family may also purchase two additional antlerless deer

hunting licenses which are valid only on the farm unit for a fee of ten dollars each.

e. If the commission establishes a deer hunting season to occur in the first quarter of a calendar year that is separate from a deer hunting season that continues from the last quarter of the preceding calendar year, each owner and each tenant of a farm unit located within a zone where a deer hunting season is established, upon application, shall be issued a free deer hunting license for each of the two calendar quarters. Each license is valid only for hunting on the farm unit of the owner and tenant.

f. A deer hunting license or wild turkey hunting license issued pursuant to this subsection shall be attested by the signature of the person to whom the license is issued and shall contain a statement in substantially the following form:

The licenses provided pursuant to the subsection shall be in addition to the number of nonresident licenses authorized pursuant to section 483A.8. The purpose of the special nonresident licenses is to allow state officials and local development groups to promote the state and its natural resources to nonresident guests and dignitaries. Photographs, videotapes, or any other form of media resulting from the hunting visitation shall not be used for political campaign purposes. The nonresident licenses shall be issued without application upon payment of the nonresident deer hunting license fee and the wildlife habitat fee. The licenses are valid in all zones open to deer hunting. The hunter safety and ethics education certificate requirement pursuant to section 483A.27 is waived for a nonresident issued a license pursuant to this subsection.

Any device, contrivance, or material used to violate a rule adopted by the commission, or any other provision of this chapter or chapter 481A, 481B, 482, 484A, or 484B, is a public nuisance and may be condemned by the state. The director, the director's officers, or any peace officer, shall seize the devices, contrivances, or materials used as a public nuisance, without warrant or process, and deliver them to a magistrate having jurisdiction. ##### **483A.33 Disposition of property seized as public nuisance.**

The disposition of property seized pursuant to section 483A.32 shall be conducted as follows:

1. The officer taking possession of property seized as a public nuisance shall make a written inventory of the property and deliver a copy of the inventory to the person from whom the property was seized. The inventory shall include the name of the person taking custody of the seized property, the date and time of seizure, location of the seizure, and the name of the seizing public agency. Property which has been seized shall be safely secured and stored by the public agency which caused its seizure unless directed otherwise by the county attorney of the county where the property was seized or by the attorney general.

2. *a.* The county attorney or attorney general may file with the clerk of the district court for the county in which the property was seized a notice of condemnation which shall include a description of the property claimed to be condemned by the state, the grounds upon which the state claims that the property has been condemned, the date and place of seizure, and the name of the person from whom the property was seized.

*b.* The notice shall be filed not later than six months after the property was seized. Failure to file within the time limit terminates the state's right to claim a condemnation of the property.

*c.* The state shall give notice of condemnation to the person from whom the property was seized and any person identified as an owner or lien holder, by certified mail, personal service, or publication.

3. *a.* The person from whom the property was seized may make application for its return in the office of the clerk of the district court for the county in which the property was seized. The application shall be filed within thirty days after the receipt of the notice of condemnation. Failure to file the application within this time period terminates the interest of the person and the ownership of the property shall be transferred to the state.

*b.* The application for return of condemnable property shall be written and shall state the specific item or items sought, the nature and the source of the claimant's interest in the property, and the grounds upon which the claimant seeks to avoid condemnation. The ownership of property is not sufficient grounds for its return. The written application shall be specific and the claimant shall be limited at the judicial hearing to proof of the grounds set forth in the application for return. The fact that the property is inadmissible as evidence or that it may be suppressed is not grounds for its return. If specific grounds for return are not provided in the application for return, or the grounds are insufficient as a matter of law, the court may enter judgment on the pleadings without further hearing.

4. If an application for return of condemnable property is timely and of sufficient grounds, the claim shall be set for hearing. The hearing shall be held not less than ten nor more than thirty days after the filing of the claim. The proceeding shall be conducted by a magistrate or a district associate judge. All claims to the same property shall be heard in one proceeding, unless it is shown that the proceeding would result in prejudice to one or more of the parties.

5. *a.* Upon a finding by the court that the property is condemnable, the court shall enter an order transferring title of the property to the state, and placed at the disposal of the director, who may use or sell the property, depositing the proceeds of the sale in the state fish and game protection fund.

*b.* Upon a finding by the court that the property should not be condemned, the property shall be returned to the person from whom it was seized. If the property is necessary for use as evidence in a criminal proceeding, the property shall not be returned until its use as evidence is no longer required.

WILDLIFE HABITAT BONDS

**483A.50 Definitions.**

When used in this division, unless the context otherwise requires:

1. “Bonds” means negotiable wildlife habitat bonds of the commission issued pursuant to this division and includes all bonds, notes, and other obligations issued in anticipation of these bonds or as refunding bonds pursuant to this division.

2. “Treasurer” means the treasurer of state of the state of Iowa.

3. “Wildlife habitat bond fund” means the fund created by section 483A.53.

86 Acts, ch 1231, §2

C87, §110.50

C93, §483A.50

**483A.51 Bonds issued by the commission.**

1. The commission may issue its negotiable bonds in principal amounts as, in the opinion of the commission, are necessary to provide funds for the acquisition of real property for the development and enhancement of wildlife lands and habitat areas, the payment of interest on its bonds and all other expenditures of the commission incident to and necessary or convenient to carry out the acquisition. However, the commission shall not have a total principal amount of bonds outstanding at any time in excess of eight million dollars. The bonds shall be deemed to be investment securities and negotiable instruments within the meaning of and for all purposes of chapter 554, the uniform

commercial code.

2. Bonds issued by the commission are payable solely and only from the revenues credited to the wildlife habitat bond fund. Taxes or appropriations shall not be pledged for the payment of the bonds. Bonds are not an obligation of this state or any political subdivision of this state other than the commission within the meaning of any constitutional or statutory debt limitations, but are special obligations of the commission payable solely and only from the sources provided in this division, and the commission shall not pledge the general credit or taxing power of this state or any political subdivision of this state or make its debts payable out of any moneys except those of the wildlife habitat bond fund.

3. Bonds must be authorized by a resolution of the commission. However, a resolution authorizing the issuance of obligations may delegate to an officer of the commission the power to negotiate and fix the details of an issue of bonds or notes by an appropriate certificate of the authorized officer.

4. The bond proceedings shall provide for the purpose of the bonds, principal amount and principal maturity or maturities, the interest rate or rates or the maximum interest rate, the date of the bonds and the dates of payment of interest on the bonds, their denomination, the terms and conditions upon which parity bonds may be issued, and the establishment within or without the state of a place or places of payment of principal of and interest on the bonds. The purpose of the bonds may be stated in the bond proceedings in terms describing the general purpose or purposes to be served. The commission may cause to be issued a prospectus or official statement in connection with the offering of the bonds. Bonds may be issued in coupon or in registered form, or both. Provision may be made for the registration of bonds with coupons attached as to principal alone, or as to both principal and interest, their exchange for bonds so registered, and for the conversion or reconversion into bonds with coupons attached of any bonds registered as to both principal and interest, and for reasonable charges for registration, exchange, conversion, and reconversion. Bonds shall be sold in the manner and at the time determined by the commission. Chapter 75 and sections 73A.12 through 73A.16 do not apply to these bonds. The bonds are negotiable instruments. The bond proceedings may contain additional provisions as to:

*a.* The redemption of bonds prior to maturity at the option of the commission at the price and on the terms and conditions provided in the bond proceedings.

*b.* Other terms of the bonds and concerning execution and delivery of the bonds.

*c.* The delegation of responsibility for any act relating to the issuance, execution, sale, redemption, or other matter pertaining to the bonds to any other officer, agency of the state, or other person or body.

*d.* Additional agreements with the bondholders relating to the bonds.

*e.* Payment from the proceeds of the sale of the bonds of all legal and financial expenses incurred by the commission in the issuance, sale, delivery, and payment of the bonds.

*f.* Other matters, alike or different, which may in any way affect the security of the bonds and the protection of the bondholders.

5. The power to issue bonds includes the power to issue obligations in the form of bond anticipation notes or other forms of short-term indebtedness and to renew these notes by the issuance of new notes. The holders of notes or interest coupons of notes have a right to be paid solely from those revenues credited to the wildlife habitat bond fund which were pledged to the payment of the bonds anticipated, or from the proceeds of those bonds or renewal notes, or both, as the commission provides in the bond proceedings authorizing the notes. The notes may be additionally secured by covenants of the commission to the effect that the commission will do those acts authorized by this division and necessary for the issuance of the bonds or renewal notes in appropriate amount, and either exchange the bonds or renewal notes for the notes, or apply the proceeds of the notes, to the extent necessary, to make full payment of the principal of and interest on the notes at the time contemplated, as provided in the bond proceedings. For this purpose, the commission may issue bonds or renewal notes in a principal amount and upon terms as authorized by this division and as necessary to provide funds to pay when required the principal of and interest on the outstanding notes. All provisions for and references to bonds in this division are applicable to notes authorized under this subsection to the extent not inconsistent with this subsection.

6. The commission may authorize and issue bonds for the refunding, including funding and retirement, and advance refunding with or without payment or redemption prior to maturity, of bonds previously issued by the commission. These bonds may be issued in amounts sufficient for payment of the principal amount of the prior bonds, any redemption premiums on the prior bonds, principal maturities of bonds maturing prior to the redemption of the remaining bonds on a parity with them, interest accrued or to accrue to the maturity date or dates of redemption of the bonds, and project costs including expenses incurred or to be incurred in connection with this issuance, refunding, funding, and retirement. Subject to the bond proceedings, the portion of proceeds of the sale of bonds issued under this subsection to be applied to principal of and interest on the prior bonds shall be credited to the appropriate account for the prior bonds. Bonds authorized under this subsection shall be deemed to be issued for those purposes for which the prior bonds were issued and are subject to the provisions of this division pertaining to oth-

er bonds. Refunding bonds may be issued without regard to whether or not the bonds to be refunded are payable on the same date or different dates or due serially or otherwise.

86 Acts, ch 1231, §3  
 C87, §110.51  
 C93, §483A.51

**483A.52 Additional powers of commission.**

In connection with the issuance of the bonds or in order to secure the payment of the bonds and interest on the bonds, the commission may by resolution:

1. Provide that the bonds be secured by a first lien on the revenues and receipts received or to be received into the wildlife habitat bond fund from income from the investment of the wildlife habitat bond fund, from moneys received from the sale of bonds, and from any other moneys which are available for the payment of bond service charges.
2. Pledge for the benefit of the bondholders any part of the receipts in the wildlife habitat bond fund. The pledge shall be effective without physical delivery or further act and moneys in the fund may be applied for the purposes as pledged without the necessity of an Act of appropriation.
3. Establish, authorize, set aside, regulate, and dispose of reserves and sinking funds.
4. Provide that sufficient amounts of the proceeds of the sale of the bonds may be used to fully or partially fund any and all reserves or sinking funds set out by the bond resolution.
5. Prescribe the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of the bonds whose holders must consent thereto, and the manner in which the consent may be given.
6. Purchase bonds, out of funds available for that purpose, which shall be canceled, at a price not exceeding either of the following:
  - a. If the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date.
  - b. If the bonds are not then redeemable, the redemption price applicable on the first date after the purchase upon which the bonds become subject to redemption plus accrued interest to that date.

 C87, §110.52  
 C93, §483A.52

**483A.53 Payment of bonds.**

A wildlife habitat bond fund is created in the state treasury. At the direction of the commission as provided in the bond proceedings or pursuant to section 483A.52, subsection 1 or 2, and as certified by the director, the treasurer of state shall credit to the wildlife habitat bond fund from the revenues received from the sale of wildlife habitat

stamps a sum at least sufficient to pay interest on the bonds in each fiscal year and principal on the bonds that mature during each fiscal year. In each fiscal year after July 1, 1986 and after bonds are issued, and until all the bonds issued have been retired, in order to provide for the payment of principal of the bonds issued and sold and the interest on them as the same become due and mature, there is pledged and annually appropriated out of the revenues to be credited to the wildlife habitat bond fund an amount sufficient to pay principal and interest on the bonds issued for each of the years the bonds are outstanding. The director shall annually certify to the treasurer the amount of funds required to pay interest on the bonds in the ensuing fiscal year and the principal on the bonds that mature during the ensuing fiscal year.

86 Acts, ch 1231, §5  
 C87, §110.53  
 C93, §483A.53

**483A.54 Nonliability of the state and its officials.**

Bonds issued are special limited obligations of the commission and are not a debt or liability of the state or any other political subdivision within the meaning of any constitutional or statutory debt limitation and are not a pledge of the state's credit or taxing power within the meaning of any constitutional or statutory limitation or provision and, except as provided in this division, an appropriation shall not be made, directly or indirectly, by the state or any political subdivision of the state for the payment of bonds. The bonds are special obligations of the commission payable solely from the wildlife habitat bond fund. Funds from the general fund of the state shall not be used to pay interest or principal on the bonds if revenues deposited in the wildlife habitat bond fund are insufficient.

The members of the commission or other person executing the bonds is not personally liable for the payment of the bonds. The bonds are valid and binding obligations of the commission notwithstanding the fact that before the delivery of the bonds any of the officers whose signatures appear on the bonds cease to be officers of the state. From and after the sale and delivery of the bonds, they shall be incontestable by the commission.

**483A.56 Rights of bondholders.**

The bond proceedings may provide that a holder of bonds or a trustee under the bond proceedings, except to the extent that the holder's rights are restricted by the bond proceedings, may by legal pro-

ceedings, protect and enforce any rights under the laws of this state or granted by the bond proceedings. These rights include the right to compel the performance of all duties of the commission required by this division or the bond proceedings; to enjoin unlawful activities; and in the event of default with respect to the payment of any principal of or interest on bonds or in the performance of a covenant or agreement on the part of the commission in bond proceedings, to apply to a court to appoint a receiver to receive and administer the funds which are pledged to the payment of bonds or which are the subject of the covenant or agreement, with full power to pay and to provide for payment of any principal of or interest on bonds and with powers accorded receivers in general equity cases, excluding power to pledge additional funds or other income or moneys of the commission, the state, or governmental agencies of the state to the payment of the bonds.

The 2007 Iowa Code is published pursuant to Code chapter 2B. Its form is substantially the same as the 2005 Iowa Code, and it includes the permanent enactments of the 2005 and 2006 sessions of the Eighty-first General Assembly or of an earlier session if the effective date of the enactments was delayed. Except as otherwise indicated in the text or in a footnote, the new sections, amendments, and repeals were effective on or before July 1, 2006. See the 2006 Iowa Acts or earlier session enactments to determine specific effective dates not shown.

**CODE VOLUMES AND ARRANGEMENTS.** The 2007 Code is published in six textual volumes and one Tables and Index volume. A Skeleton and Popular Name Index printed on pink paper appears at the end of each volume. The Table of Contents on page v enumerates the titles and subtitles found in the Code, and each volume contains an Analysis by Titles, Subtitles, and Chapters for that volume.

**EDITORIAL DECISIONS.** If multiple amendments were enacted to a section or part of a section, all changes that were duplicative or otherwise did not appear to conflict were harmonized as required under Code sections 2B.13 and 4.11. If multiple amendments conflicted, a strike or repeal prevailed over an amendment to the same material. If multiple amendments were irreconcilable, the amendment that was last in the Act or latest in date of enactment was codified as provided in Code sections 2B.13 and 4.8. At the end of Volume VI are Code Editor's Notes which explain the major editorial decisions relating to enactments of the 2006 sessions. The Code Editor's Notes relating to enactments of the 2005 session appear at the end of the 2005 Code Supplement. Code section 2B.13 governs the ongoing revision of gender references, authorizes other editorial changes, and provides for the effective date of editorial changes.

**HISTORIES.** Bracketed material at the end of many Code sections traces the history of the subject matter of those sections up through 1982. Beginning with the 1985 Code, that form of section history was not updated. An amendment to or enactment of a section which occurred during or after the 1983 legislative session is indicated by the addition of an Acts citation at the end of the section. If a section is transferred from one location to another, the section history at the new location will indicate the Code or Code Supplement in which the transfer took place.

**CONSTITUTIONS.** A codified version of the 1857 Constitution of the State of Iowa, as well as the original version, is included with the introductory material at the beginning of Volume I.

**TABLES.** The tables appear at the beginning of the index volume which is entitled "Tables and Index."

**COMMENTS.** The editorial staff of the Iowa Code welcomes comments and suggestions for improvements.

2. A person has notice of a fact if any of the following apply:

*a.* The person knows of it.

*b.* The person has received a notification of it.

*c.* The person has reason to know it exists from all of the facts known to the person at the time in question.

3. A person notifies or gives a notification to another by taking steps reasonably required to inform the other person in ordinary course, whether or not the other person learns of it.

4. A person receives a notification when any of the following occur:

*a.* The notification comes to the person’s attention.

*b.* The notification is duly delivered at the person’s place of business or at any other place held out by the person as a place for receiving communications.

The person exercises reasonable diligence if the person maintains reasonable routines for communicating significant information to the individual conducting the transaction and there is reasonable compliance with the routines. Reasonable diligence does not require an individual acting for the person to communicate information unless the communication is part of the individual’s regular duties or the individual has reason to know of the transaction and that the transaction would be materially affected by the information.

6. A partner’s knowledge, notice, or receipt of a notification of a fact relating to the partnership is effective immediately as knowledge by, notice to, or receipt of a notification by the partnership, except in the case of a fraud on the partnership committed by or with the consent of that partner.

#### **486A.103 Effect of partnership agreement — nonwaivable provisions.**

1. Except as otherwise provided in subsection 2, relations among the partners and between the partners and the partnership are governed by the partnership agreement. To the extent the partnership agreement does not otherwise provide, this chapter governs relations among the partners and between the partners and the partnership.

2. The partnership agreement shall not do any of the following:

*a.* Vary the rights and duties under section 486A.105 except to eliminate the duty to provide copies of statements to all of the partners.

*b.* Unreasonably restrict the right of access to books and records under section 486A.403, subsection 2.

*c.* Eliminate the duty of loyalty under section 486A.404, subsection 2, or 486A.603, subsection 2, paragraph “c”, except as follows:

(1) The partnership agreement may identify specific types or categories of activities that do not violate the duty of loyalty, if not manifestly unreasonable.

(2) All of the partners or a number or percentage specified in the partnership agreement may authorize or ratify, after full disclosure of all material facts, a specific act or transaction that otherwise would violate the duty of loyalty.

*d.* Unreasonably reduce the duty of care under section 486A.404, subsection 3, or 486A.603, subsection 2, paragraph “c”.

*e.* Eliminate the obligation of good faith and fair dealing under section 486A.404, subsection 4, but the partnership agreement may prescribe the standards by which the performance of the obligation is to be measured, if the standards are not manifestly unreasonable.

*f.* Vary the power to dissociate as a partner under section 486A.602, subsection 1, except to require the notice under section 486A.601, subsection 1, to be in writing.

*g.* Vary the right of a court to expel a partner in the events specified in section 486A.601, subsection 5.

*h.* Vary the requirement to wind up the partnership business in cases specified in section 486A.801, subsection 4, 5, or 6.

*i.* Vary the law applicable to a limited liability partnership under section 486A.106, subsection 2.

*j.* Restrict rights of third parties under this chapter.

1. Unless displaced by particular provisions of this chapter, the principles of law and equity supplement this chapter.

2. If an obligation to pay interest arises under this chapter and the rate is not specified, the rate is that specified in section 535.3.

98 Acts, ch 1201, §4, 79, 82

**486A.105 Execution, filing, and recording of statements.**

1. A statement may be filed in the office of the secretary of state. A certified copy of a statement that is filed in an office in another state may be filed in the office of the secretary of state. Either filing has the effect provided in this chapter with respect to partnership property located in or transactions that occur in this state.

2. A certified copy of a statement that has been filed in the office of the secretary of state and recorded in the office for recording transfers of real property has the effect provided for recorded statements in this chapter. A recorded statement that is not a certified copy of a statement filed in the office of the secretary of state does not have the effect provided for recorded statements in this chapter.

3. A statement filed by a partnership must be executed by at least two partners. Other statements must be executed by a partner or other person authorized by this chapter. An individual who executes a statement as, or on behalf of, a partner or other person named as a partner in a statement shall personally declare under penalty of perjury that the contents of the statement are accurate.

4. A person authorized by this chapter to file a

statement may amend or cancel the statement by filing an amendment or cancellation that names the partnership, identifies the statement, and states the substance of the amendment or cancellation.

5. A person who files a statement pursuant to this section shall promptly send a copy of the statement to every nonfiling partner and to any other person named as a partner in the statement. Failure to send a copy of a statement to a partner or other person does not limit the effectiveness of the statement as to a person not a partner.

6. The secretary of state may collect a fee for filing or providing a certified copy of a statement. The county recorder may collect a fee for recording a statement.

98 Acts, ch 1201, §5, 79, 82

**486A.106 Governing law.**

1. Except as otherwise provided in subsection 2, the law of the jurisdiction in which a partnership has its chief executive office governs relations among the partners and between the partners and the partnership.

2. The law of this state governs relations among the partners and the partnership and the liability of partners for an obligation of a limited liability partnership.

98 Acts, ch 1201, §6, 79, 82

**486A.107 Partnership subject to amendment or repeal of chapter.**

A partnership governed by this chapter is subject to any amendment to or repeal of this chapter.

98 Acts, ch 1201, §7, 79, 82

ARTICLE 2

NATURE OF PARTNERSHIP

**486A.201 Partnership as entity.**

1. A partnership is an entity distinct from its partners.

2. A limited liability partnership continues to be the same entity that existed before the filing of a statement of qualification under section 486A.1001.

98 Acts, ch 1201, §8, 79, 82

**486A.202 Formation of partnership.**

1. Except as otherwise provided in subsection 2, the association of two or more persons to carry on as co-owners a business for profit forms a partnership, whether or not the persons intend to form a partnership.

2. An association formed under a statute other than this chapter, a predecessor statute, or a comparable statute of another jurisdiction is not a partnership under this chapter.

3. In determining whether a partnership is formed, the following rules apply:

a. Joint tenancy, tenancy in common, tenancy by the entireties, joint property, common property, or part ownership does not by itself establish a partnership, even if the co-owners share profits made by the use of the property.

b. The sharing of gross returns does not by itself establish a partnership, even if the persons sharing them have a joint or common right or interest in property from which the returns are derived.

c. A person who receives a share of the profits of a business is presumed to be a partner in the business, unless the profits were received in payment of or for any of the following:

- (1) Of a debt by installments or otherwise.
- (2) For services as an independent contractor or of wages or other compensation to an employee.
- (3) Of rent.
- (4) Of an annuity or other retirement or health benefit to a beneficiary, representative, or designee of a deceased or retired partner.
- (5) Of interest or other charge on a loan, even if the amount of payment varies with the profits of the business, including a direct or indirect present or future ownership of the collateral, or rights to income, proceeds, or increase in value derived from the collateral.

(6) For the sale of the goodwill of a business or other property by installments or otherwise.

98 Acts, ch 1201, §9, 79, 82

#### **486A.203 Partnership property.**

Property acquired by a partnership is property of the partnership and not of the partners individually.

98 Acts, ch 1201, §10, 79, 82

#### **486A.204 When property is partnership property.**

1. Property is partnership property if acquired in the name of any of the following:

- a. The partnership.
- b. One or more partners with an indication in the instrument transferring title to the property of the person's capacity as a partner or of the existence of a partnership but without an indication of the name of the partnership.

2. Property is acquired in the name of the partnership by a transfer to any of the following:

- a. The partnership in its name.
- b. One or more partners in their capacity as partners in the partnership, if the name of the partnership is indicated in the instrument transferring title to the property.

3. Property is presumed to be partnership property if purchased with partnership assets, even if not acquired in the name of the partnership or of one or more partners with an indication in the instrument transferring title to the property of the person's capacity as a partner or of the existence of a partnership.

4. Property acquired in the name of one or more of the partners, without an indication in the instrument transferring title to the property of the person's capacity as a partner or of the existence of a partnership and without use of partnership assets, is presumed to be separate property, even if used for partnership purposes.

98 Acts, ch 1201, §11, 79, 82

### ARTICLE 3

#### RELATIONS OF PARTNERS TO PERSONS DEALING WITH PARTNERSHIP

##### **486A.301 Partner agent of partnership.**

Subject to the effect of a statement of partnership authority under section 486A.303:

1. Each partner is an agent of the partnership for the purpose of its business. An act of a partner, including the execution of an instrument in the partnership name, for apparently carrying on in the ordinary course the partnership business or business of the kind carried on by the partnership binds the partnership, unless the partner had no authority to act for the partnership in the particular matter and the person with whom the partner was dealing knew or had received a notification that the partner lacked authority.

2. An act of a partner which is not apparently for carrying on in the ordinary course the partnership business or business of the kind carried on by the partnership binds the partnership only if the act was authorized by the other partners.

98 Acts, ch 1201, §12, 79, 82

##### **486A.302 Transfer of partnership property.**

1. Partnership property may be transferred as follows:

a. Subject to the effect of a statement of partnership authority under section 486A.303, partnership property held in the name of the partnership may be transferred by an instrument of transfer executed by a partner in the partnership name.

b. Partnership property held in the name of one or more partners with an indication in the instrument transferring the property to the partners of their capacity as partners or of the existence of a partnership, but without an indication of the name of the partnership, may be transferred by an instrument of transfer executed by the persons in whose name the property is held.

c. Partnership property held in the name of one or more persons other than the partnership, without an indication in the instrument transferring the property to the partners of their capacity as partners or of the existence of a partnership, may be transferred by an instrument of transfer executed by the persons in whose name the property is held.

2. A partnership may recover partnership

property from a transferee only if it proves that execution of the instrument of initial transfer did not bind the partnership under section 486A.301 and if one of the following applies:

*a.* As to a subsequent transferee who gave value for property transferred under subsection 1, paragraphs “*a*” and “*b*”, proves that the subsequent transferee knew or had received a notification that the person who executed the instrument of initial transfer lacked authority to bind the partnership.

*b.* As to a transferee who gave value for property transferred under subsection 1, paragraph “*c*”, proves that the transferee knew or had received a notification that the property was partnership property and that the person who executed the instrument of initial transfer lacked authority to bind the partnership.

3. A partnership shall not recover partnership property from a subsequent transferee if the partnership would not have been entitled to recover the property, under subsection 2, from any earlier transferee of the property.

4. If a person holds all of the partners’ interests in the partnership, all of the partnership property vests in that person. The person may execute a document in the name of the partnership to evidence vesting of the property in that person and may file or record the document.

98 Acts, ch 1201, §13, 79, 82

#### **486A.303 Statement of partnership authority.**

1. A partnership may file a statement of partnership authority as provided in this subsection.

*a.* The statement of partnership authority must include all of the following:

- (1) The name of the partnership.
- (2) The street address of its chief executive office and of one office in this state, if there is one.
- (3) The names and mailing addresses of all of the partners or of an agent appointed and maintained by the partnership for the purpose of subsection 2.

(4) The names of the partners authorized to execute an instrument transferring real property held in the name of the partnership.

*b.* The statement of partnership authority may state the authority, or limitations on the authority, of some or all of the partners to enter into other transactions on behalf of the partnership and any other matter.

2. If a statement of partnership authority names an agent, the agent shall maintain a list of the names and mailing addresses of all of the partners and make it available to any person on request for good cause shown.

3. If a filed statement of partnership authority is executed pursuant to section 486A.105, subsection 3, and states the name of the partnership but does not contain all of the other information re-

quired by subsection 1, the statement nevertheless operates with respect to a person not a partner as provided in subsections 4 and 5.

4. Except as otherwise provided in subsection 7, a filed statement of partnership authority supplements the authority of a partner to enter into transactions on behalf of the partnership as follows:

*a.* Except for transfers of real property, a grant of authority contained in a filed statement of partnership authority is conclusive in favor of a person who gives value without knowledge to the contrary, so long as and to the extent that a limitation on that authority is not then contained in another filed statement. A filed cancellation of a limitation on authority revives the previous grant of authority.

*b.* A grant of authority to transfer real property held in the name of the partnership contained in a certified copy of a filed statement of partnership authority recorded in the office for recording transfers of that real property is conclusive in favor of a person who gives value without knowledge to the contrary, so long as and to the extent that a certified copy of a filed statement containing a limitation on that authority is not then of record in the office for recording transfers of that real property. The recording in the office for recording transfers of that real property of a certified copy of a filed cancellation of a limitation on authority revives the previous grant of authority.

5. A person not a partner is deemed to know of a limitation on the authority of a partner to transfer real property held in the name of the partnership if a certified copy of the filed statement containing the limitation on authority is of record in the office for recording transfers of that real property.

6. Except as otherwise provided in subsections 4 and 5 and sections 486A.704 and 486A.805, a person not a partner is not deemed to know of a limitation on the authority of a partner merely because the limitation is contained in a filed statement.

7. Unless earlier canceled, a filed statement of partnership authority is canceled by operation of law five years after the date on which the statement, or the most recent amendment, was filed with the secretary of state.

98 Acts, ch 1201, §14, 79, 82

#### **486A.304 Statement of denial.**

A partner or other person named as a partner in a filed statement of partnership authority or in a list maintained by an agent pursuant to section 486A.303, subsection 2, may file a statement of denial stating the name of the partnership and the fact that is being denied, which may include denial of a person’s authority or status as a partner. A statement of denial is a limitation on authority as provided in section 486A.303, subsections 4 and 5.

98 Acts, ch 1201, §15, 79, 82

**486A.305 Partnership liable for partner's actionable conduct.**

1. A partnership is liable for loss or injury caused to a person, or for a penalty incurred, as a result of a wrongful act or omission, or other actionable conduct, of a partner acting in the ordinary course of business of the partnership or with authority of the partnership.

2. If, in the course of the partnership's business or while acting with authority of the partnership, a partner receives or causes the partnership to receive money or property of a person not a partner, and the money or property is misapplied by a partner, the partnership is liable for the loss.

98 Acts, ch 1201, §16, 79, 82

**486A.306 Partner's liability.**

1. Except as otherwise provided in subsections 2 and 3, all partners are liable jointly and severally for all obligations of the partnership unless otherwise agreed by the claimant or provided by law.

2. A person admitted as a partner into an existing partnership is not personally liable for any partnership obligation incurred before the person's admission as a partner.

3. An obligation of a partnership incurred while the partnership is a limited liability partnership, whether arising in contract, tort, or otherwise, is solely the obligation of the partnership. A partner is not personally liable, directly or indirectly, by way of contribution or otherwise, for such an obligation solely by reason of being or so acting as a partner. This subsection applies notwithstanding anything inconsistent in the partnership agreement that existed immediately before the vote required to become a limited liability partnership under section 486A.1001, subsection 2.

98 Acts, ch 1201, §17, 79, 82

**486A.307 Actions by and against partnership and partners.**

1. A partnership may sue and be sued in the name of the partnership.

2. An action may be brought against the partnership and, to the extent not inconsistent with section 486A.306, any or all of the partners in the same action or in separate actions.

3. A judgment against a partnership is not by itself a judgment against a partner. A judgment against a partnership shall not be satisfied from a partner's assets unless there is also a judgment against the partner.

4. A judgment creditor of a partner shall not levy execution against the assets of the partner to satisfy a judgment based on a claim against the partnership unless the partner is personally liable for the claim under section 486A.306 and one or more of the following apply:

*a.* A judgment based on the same claim has been obtained against the partnership and a writ

of execution on the judgment has been returned unsatisfied in whole or in part.

*b.* The partnership is a debtor in bankruptcy.

*c.* The partner has agreed that the creditor need not exhaust partnership assets.

*d.* A court grants permission to the judgment creditor to levy execution against the assets of a partner based on a finding that partnership assets subject to execution are clearly insufficient to satisfy the judgment, that exhaustion of partnership assets is excessively burdensome, or that the grant of permission is an appropriate exercise of the court's equitable powers.

*e.* Liability is imposed on the partner by law or contract independent of the existence of the partnership.

5. This section applies to any partnership liability or obligation resulting from a representation by a partner or purported partner under section 486A.308.

98 Acts, ch 1201, §18, 79, 82

**486A.308 Liability of purported partner.**

1. If a person, by words or conduct, purports to be a partner, or consents to being represented by another as a partner, in a partnership or with one or more persons not partners, the purported partner is liable to a person to whom the representation is made, if that person, relying on the representation, enters into a transaction with the actual or purported partnership. If the representation, either by the purported partner or by a person with the purported partner's consent, is made in a public manner, the purported partner is liable to a person who relies upon the purported partnership even if the purported partner is not aware of being held out as a partner to the claimant. If partnership liability results, the purported partner is liable with respect to that liability as if the purported partner were a partner. If no partnership liability results, the purported partner is liable with respect to that liability jointly and severally with any other person consenting to the representation.

2. If a person is thus represented to be a partner in an existing partnership, or with one or more persons not partners, the purported partner is an agent of persons consenting to the representation to bind the persons to the same extent and in the same manner as if the purported partner were a partner, with respect to persons who enter into transactions in reliance upon the representation. If all of the partners of the existing partnership consent to the representation, a partnership act or obligation results. If fewer than all of the partners of the existing partnership consent to the representation, the person acting and the partners consenting to the representation are jointly and severally liable.

3. A person is not liable as a partner merely because the person is named by another in a state-

ment of partnership authority.

4. A person does not continue to be liable as a partner merely because of a failure to file a statement of dissociation or to amend a statement of partnership authority to indicate the partner's dissociation from the partnership.

5. Except as otherwise provided in subsections 1 and 2, persons who are not partners as to each other are not liable as partners to other persons.  
98 Acts, ch 1201, §19, 79, 82

ARTICLE 4

AND TO PARTNERSHIP

**486A.401 Partner's rights and duties.**

1. Each partner is deemed to have an account subject to the following:

a. The account is credited with an amount equal to the money plus the value of any other property, net of the amount of any liabilities, the partner contributes to the partnership and the partner's share of the partnership profits.

b. The account is charged with an amount equal to the money plus the value of any other property, net of the amount of any liabilities, distributed by the partnership to the partner and the partner's share of the partnership losses.

2. Each partner is entitled to an equal share of the partnership profits and is chargeable with a share of the partnership losses in proportion to the partner's share of the profits.

3. A partnership shall reimburse a partner for payments made and indemnify a partner for liabilities incurred by the partner in the ordinary course of the business of the partnership or for the preservation of its business or property, if such payments were made or liabilities incurred without violation of the partner's duties to the partnership or the other partners.

4. A partnership shall reimburse a partner for an advance to the partnership beyond the amount of capital the partner agreed to contribute.

5. A payment or advance made by a partner which gives rise to a partnership obligation under subsection 3 or 4 constitutes a loan to the partnership which accrues interest from the date of the payment or advance.

6. Each partner has equal rights in the management and conduct of the partnership business.

7. A partner may use or possess partnership property only on behalf of the partnership.

8. A partner is not entitled to remuneration for services performed for the partnership, except for reasonable compensation for services rendered in winding up the business of the partnership.

2. A partnership shall provide partners and their agents and attorneys access to its books and records. It shall provide former partners and their agents and attorneys access to books and records pertaining to the period during which the former partners were partners. The right of access provides the opportunity to inspect and copy books and records during ordinary business hours. A partnership may impose a reasonable charge, covering the costs of labor and material, for copies of documents furnished.

3. Each partner and the partnership shall furnish to a partner, and to the legal representative of a deceased partner or partner under legal disability, all of the following:

a. Without demand, any information concerning the partnership's business and affairs reasonably required for the proper exercise of the partner's rights and duties under the partnership agreement or this chapter.

2. A partner's duty of loyalty to the partnership and the other partners is limited to the following:

a. To account to the partnership and hold as trustee for the partnership any property, profit, or benefit derived by the partner in the conduct and winding up of the partnership business or derived from a use by the partner of partnership property, including the appropriation of a partnership opportunity.

b. To refrain from dealing with the partnership in the conduct or winding up of the partnership business as or on behalf of a party having an interest adverse to the partnership.

c. To refrain from competing with the partnership in the conduct of the partnership business before the dissolution of the partnership.

3. A partner's duty of care to the partnership and the other partners in the conduct and winding up of the partnership business is limited to refraining from engaging in grossly negligent or reckless conduct, intentional misconduct, or a knowing violation of law.

4. A partner shall discharge the duties to the partnership and the other partners under this chapter or under the partnership agreement and exercise any rights consistently with the obligation of good faith and fair dealing.

5. A partner does not violate a duty or obligation under this chapter or under the partnership agreement merely because the partner's conduct furthers the partner's own interest.

6. A partner may lend money to and transact other business with the partnership, and as to each loan or transaction the rights and obligations of the partner are the same as those of a person who is not a partner, subject to other applicable law.

7. This section applies to a person winding up the partnership business as the personal or legal representative of the last surviving partner as if the person were a partner.

98 Acts, ch 1201, §23, 79, 82

c. Enforce the rights and otherwise protect the interests of the partner, including rights and interests arising independently of the partnership relationship.

3. The accrual of, and any time limitation on, a right of action for a remedy under this section is governed by other law. A right to an accounting upon a dissolution and winding up does not revive a claim barred by law.

98 Acts, ch 1201, §24, 79, 82

#### **486A.406 Continuation of partnership beyond definite term or particular undertaking.**

1. If a partnership for a definite term or particular undertaking is continued, without an express agreement, after the expiration of the term or completion of the undertaking, the rights and duties of the partners remain the same as they were at the expiration or completion, so far as is consistent with a partnership at will.

98 Acts, ch 1201, §25, 79, 82

#### ARTICLE 5

#### TRANSFEREES AND CREDITORS OF PARTNER

#### **486A.501 Partner not co-owner of partnership property.**

A partner is not a co-owner of partnership property and has no interest in partnership property which can be transferred, either voluntarily or involuntarily.

98 Acts, ch 1201, §26, 79, 82

#### **486A.502 Partner's transferable interest in partnership.**

The only transferable interest of a partner in the partnership is the partner's share of the profits and losses of the partnership and the partner's right to receive distributions. The interest is personal property.

98 Acts, ch 1201, §27, 79, 82

#### **486A.503 Transfer of partner's transferable interest.**

1. A transfer, in whole or in part, of a partner's transferable interest in the partnership is or does all of the following:

a. Is permissible.

b. Does not by itself cause the partner's dissociation or a dissolution and winding up of the partnership business.

c. Does not, as against the other partners or the partnership, entitle the transferee, during the continuance of the partnership, to participate in the management or conduct of the partnership business, to require access to information concerning partnership transactions, or to inspect or copy the partnership books or records.

2. A transferee of a partner's transferable interest in the partnership has a right to all of the following:

a. To receive, in accordance with the transfer, distributions to which the transferor would otherwise be entitled.

b. To receive upon the dissolution and winding up of the partnership business, in accordance with the transfer, the net amount otherwise distributable to the transferor.

c. To seek under section 486A.801, subsection 6, a judicial determination that it is equitable to wind up the partnership business.

3. In a dissolution and winding up, a transferee is entitled to an account of partnership transactions only from the date of the latest account agreed to by all of the partners.

4. Upon transfer, the transferor retains the rights and duties of a partner other than the interest in distributions transferred.

5. A partnership need not give effect to a transferee's rights under this section until it has notice of the transfer.

6. A transfer of a partner's transferable interest in the partnership in violation of a restriction on transfer contained in the partnership agreement is ineffective as to a person having notice of the restriction at the time of transfer.

98 Acts, ch 1201, §28, 79, 82

**486A.504 Partner's transferable interest subject to charging order.**

1. On application by a judgment creditor of a partner or of a partner's transferee, a court having jurisdiction may charge the transferable interest of the judgment debtor to satisfy the judgment. The court may appoint a receiver of the share of the distributions due or to become due to the judgment debtor in respect of the partnership and make all other orders, directions, accounts, and inquiries the judgment debtor might have made or which the circumstances of the case may require.

2. A charging order constitutes a lien on the judgment debtor's transferable interest in the partnership. The court may order a foreclosure of the interest subject to the charging order at any time. The purchaser at the foreclosure sale has the rights of a transferee.

3. At any time before foreclosure, an interest charged may be redeemed by or with any of the following:

a. By the judgment debtor.

b. With property other than partnership property, by one or more of the other partners.

c. With partnership property, by one or more of the other partners with the consent of all of the partners whose interests are not so charged.

ARTICLE 7

PARTNER'S DISSOCIATION WHEN BUSINESS NOT WOUND UP

**486A.701 Purchase of dissociated partner's interest.**

1. If a partner is dissociated from a partnership without resulting in a dissolution and winding up of the partnership business under section 486A.801, the partnership shall cause the dissociated partner's interest in the partnership to be purchased for a buyout price determined pursuant to subsection 2.

2. The buyout price of a dissociated partner's interest is the amount that would have been distributable to the dissociating partner under section 486A.807, subsection 2, if, on the date of dissociation, the assets of the partnership were sold at a price equal to the greater of the liquidation value or the value based on a sale of the entire business as a going concern without the dissociated partner and the partnership were wound up as of that date. Interest must be paid from the date of dissociation to the date of payment.

3. Damages for wrongful dissociation under section 486A.602, subsection 2, and all other amounts owing, whether or not presently due,

from the dissociated partner to the partnership, must be offset against the buyout price. Interest must be paid from the date the amount owed becomes due to the date of payment.

4. A partnership shall indemnify a dissociated partner whose interest is being purchased against all partnership liabilities, whether incurred before or after the dissociation, except liabilities incurred by an act of the dissociated partner under section 486A.702.

5. If no agreement for the purchase of a dissociated partner's interest is reached within one hundred twenty days after a written demand for payment, the partnership shall pay, or cause to be paid, in cash to the dissociated partner the amount the partnership estimates to be the buyout price and accrued interest, reduced by any offsets and accrued interest under subsection 3.

6. If a deferred payment is authorized under subsection 8, the partnership may tender a written offer to pay the amount the partnership estimates to be the buyout price and accrued interest, reduced by any offsets under subsection 3, stating the time of payment, the amount and type of security for payment, and the other terms and conditions of the obligation.

7. The payment or tender required by subsection 5 or 6 must be accompanied by all of the following:

*a.* A written statement of partnership assets and liabilities as of the date of dissociation.

*b.* The latest available partnership balance sheet and income statement, if any.

*c.* A written explanation of how the estimated amount of the payment was calculated.

*d.* Written notice that the payment is in full satisfaction of the obligation to purchase unless, within one hundred twenty days after the written notice, the dissociated partner commences an action to determine the buyout price, any offsets under subsection 3, or other terms of the obligation to purchase.

8. A partner who wrongfully dissociates before the expiration of a definite term or the completion of a particular undertaking is not entitled to payment of any portion of the buyout price until the expiration of the term or completion of the undertaking, unless the partner establishes to the satisfaction of the court that earlier payment will not cause undue hardship to the business of the partnership. A deferred payment must be adequately secured and bear interest.

9. A dissociated partner may maintain an action against the partnership, pursuant to section 486A.405, subsection 2, paragraph "b", subparagraph (2), to determine the buyout price of that partner's interest, any offsets under subsection 3, or other terms of the obligation to purchase. The action must be commenced within one hundred twenty days after the partnership has tendered payment or an offer to pay or within one year after

written demand for payment if no payment or offer to pay is tendered. The court shall determine the buyout price of the dissociated partner's interest, any offset due under subsection 3, and accrued interest, and enter judgment for any additional payment or refund. If deferred payment is authorized under subsection 8, the court shall also determine the security for payment and other terms of the obligation to purchase. The court may assess reasonable attorney's fees and the fees and expenses of appraisers or other experts for a party to the action, in amounts the court finds equitable, against a party that the court finds acted arbitrarily, vexatiously, or not in good faith. The finding may be based on the partnership's failure to tender payment or an offer to pay or to comply with subsection 7.

98 Acts, ch 1201, §33, 79, 82

#### **486A.702 Dissociated partner's power to bind and liability to partnership.**

1. For two years after a partner dissociates without resulting in a dissolution and winding up of the partnership business, the partnership, including a surviving partnership under article 9, is bound by an act of the dissociated partner which would have bound the partnership under section 486A.301 before dissociation only if at the time of entering into the transaction all of the following apply:

*a.* The other party reasonably believed that the dissociated partner was then a partner.

*b.* The other party did not have notice of the partner's dissociation.

*c.* The other party is not deemed to have had knowledge under section 486A.303, subsection 5, or notice under section 486A.704, subsection 3.

2. A dissociated partner is liable to the partnership for any damage caused to the partnership arising from an obligation incurred by the dissociated partner after dissociation for which the partnership is liable under subsection 1.

98 Acts, ch 1201, §34, 79, 82

#### **486A.703 Dissociated partner's liability to other persons.**

1. A partner's dissociation does not of itself discharge the partner's liability for a partnership obligation incurred before dissociation. A dissociated partner is not liable for a partnership obligation incurred after dissociation, except as otherwise provided in subsection 2.

2. A partner who dissociates without resulting in a dissolution and winding up of the partnership business is liable as a partner to the other party in a transaction entered into by the partnership, or a surviving partnership under article 9, within two years after the partner's dissociation, only if the partner is liable for the obligation under section 486A.306 and at the time of entering into the transaction all of the following apply:

*a.* The other party reasonably believed that the dissociated partner was then a partner.

*b.* The other party did not have notice of the partner's dissociation.

*c.* The other party is not deemed to have had knowledge under section 486A.303, subsection 5, or notice under section 486A.704, subsection 3.

3. By agreement with the partnership creditor and the partners continuing the business, a dissociated partner may be released from liability for a partnership obligation.

4. A dissociated partner is released from liability for a partnership obligation if a partnership creditor, with notice of the partner's dissociation but without the partner's consent, agrees to a material alteration in the nature or time of payment of a partnership obligation.

98 Acts, ch 1201, §35, 79, 82

#### **486A.704 Statement of dissociation.**

1. A dissociated partner or the partnership may file a statement of dissociation stating the name of the partnership and that the partner is dissociated from the partnership.

2. A statement of dissociation is a limitation on the authority of a dissociated partner for the purposes of section 486A.303, subsections 4 and 5.

3. For the purposes of section 486A.702, subsection 1, paragraph "c", and section 486A.703, subsection 2, paragraph "c", a person not a partner is deemed to have notice of the dissociation ninety days after the statement of dissociation is filed.

98 Acts, ch 1201, §36, 79, 82

#### **486A.705 Continued use of partnership name.**

Continued use of a partnership name, or a dissociated partner's name as part of a partnership name, by partners continuing the business does not of itself make the dissociated partner liable for an obligation of the partners or the partnership continuing the business.

98 Acts, ch 1201, §37, 79, 82

### ARTICLE 8

*a.* The expiration of ninety days after a partner's dissociation by death or otherwise under section 486A.601, subsections 6 through 10, or wrongful dissociation under section 486A.602, subsection 2, unless before that time a majority in interest of the remaining partners, including partners who have rightfully dissociated pursuant to section 486A.602, subsection 2, paragraph "b", subparagraph (1), agree to continue the partnership.

*b.* The express will of all of the partners to wind up the partnership business.

*c.* The expiration of the term or the completion of the undertaking.

3. An event agreed to in the partnership agreement resulting in the winding up of the partnership business.

4. An event that makes it unlawful for all or substantially all of the business of the partnership to be continued, but a cure of illegality within ninety days after notice to the partnership of the event is effective retroactively to the date of the event for purposes of this section.

5. On application by a partner, a judicial determination that concludes any of the following:

1. Subject to subsection 2, a partnership continues after dissolution only for the purpose of winding up its business. The partnership is terminated when the winding up of its business is completed.

2. At any time after the dissolution of a partnership and before the winding up of its business is completed, all of the partners, including any dissociating partner other than a wrongfully dissociating partner, may waive the right to have the

partnership's business wound up and the partnership terminated. In that event all of the following apply:

*a.* The partnership resumes carrying on its business as if dissolution had never occurred, and any liability incurred by the partnership or a partner after the dissolution and before the waiver is determined as if dissolution had never occurred.

*b.* The rights of a third party accruing under section 486A.804, subsection 1, or arising out of conduct in reliance on the dissolution before the third party knew or received a notification of the waiver shall not be adversely affected.

98 Acts, ch 1201, §39, 79, 82

#### **486A.803 Right to wind up partnership business.**

1. After dissolution, a partner who has not wrongfully dissociated may participate in winding up the partnership's business, but on application of any partner, partner's legal representative, or transferee, the court, for good cause shown, may order judicial supervision of the winding up.

2. The legal representative of the last surviving partner may wind up a partnership's business.

3. ARTICLE 4

GENERAL PARTNERS

**488.401 Becoming general partner.**

A person becomes a general partner according to any of the following:

1. As provided in the partnership agreement.

2. Under section 488.801, subsection 3, paragraph "b", following the dissociation of a limited partnership's last general partner.

3. As the result of a conversion or merger under article 11.

4. With the consent of all the partners.  
2004 Acts, ch 1021, §35, 118

**488.402 General partner agent of limited partnership.**

1. Each general partner is an agent of the limited partnership for the purposes of its activities. An act of a general partner, including the signing of a record in the partnership's name, for apparently carrying on in the ordinary course the limited partnership's activities or activities of the kind carried on by the limited partnership binds the limited partnership, unless the general partner did not have authority to act for the limited partnership in the particular matter and the person with which the general partner was dealing knew, had received a notification, or had notice under section 488.103, subsection 4, that the general partner lacked authority.

2. An act of a general partner which is not apparently for carrying on in the ordinary course the limited partnership's activities or activities of the kind carried on by the limited partnership binds the limited partnership only if the act was authorized in the partnership agreement or by all the other partners.

2004 Acts, ch 1021, §36, 118

**488.403 Limited partnership liable for general partner's actionable conduct.**

1. A limited partnership is liable for loss or injury caused to a person, or for a penalty incurred, as a result of a wrongful act or omission, or other actionable conduct, of a general partner acting in the ordinary course of activities of the limited partnership or with authority of the limited partnership.

2. If, in the course of the limited partnership's activities or while acting with authority of the limited partnership, a general partner receives or causes the limited partnership to receive money or property of a person not a partner, and the money or property is misapplied by a general partner, the limited partnership is liable for the loss.

2004 Acts, ch 1021, §37, 118

**488.404 General partner's liability.**

1. Except as otherwise provided in subsections 2 and 3, all general partners are liable jointly and severally for all obligations of the limited partnership unless otherwise agreed by the claimant or provided by law.

2. A person that becomes a general partner of an existing limited partnership is not personally liable for an obligation of a limited partnership incurred before the person became a general partner.

3. An obligation of a limited partnership incurred while the limited partnership is a limited

liability limited partnership, whether arising in contract, tort, or otherwise, is solely the obligation of the limited partnership. A general partner is not personally liable, directly or indirectly, by way of contribution or otherwise, for such an obligation solely by reason of being or acting as a general partner. This subsection applies despite anything inconsistent in the partnership agreement that existed immediately before the consent required to become a limited liability limited partnership under section 488.406, subsection 2, paragraph "b".

2004 Acts, ch 1021, §38, 118

**488.405 Actions by and against partnership and partners.**

1. To the extent not inconsistent with section 488.404, a general partner may be joined in an action against the limited partnership or named in a separate action.

2. A judgment against a limited partnership is not by itself a judgment against a general partner. A judgment against a limited partnership shall not be satisfied from a general partner's assets unless there is also a judgment against the general partner.

3. A judgment creditor of a general partner shall not levy execution against the assets of the general partner to satisfy a judgment based on a claim against the limited partnership, unless the partner is personally liable for the claim under section 488.404 and at least one of the following applies:

a. A judgment based on the same claim has been obtained against the limited partnership and a writ of execution on the judgment has been returned unsatisfied in whole or in part.

b. The limited partnership is a debtor in bankruptcy.

c. The general partner has agreed that the creditor need not exhaust limited partnership assets.

d. A court grants permission to the judgment creditor to levy execution against the assets of a general partner based on a finding that limited partnership assets subject to execution are clearly insufficient to satisfy the judgment, that exhaustion of limited partnership assets is excessively burdensome, or that the grant of permission is an appropriate exercise of the court's equitable powers.

e. Liability is imposed on the general partner by law or contract independent of the existence of the limited partnership.

2004 Acts, ch 1021, §39, 118

**488.406 Management rights of general partner.**

1. Each general partner has equal rights in the management and conduct of the limited partnership's activities. Except as expressly provided in this chapter, any matter relating to the activities

of the limited partnership may be exclusively decided by the general partner or, if there is more than one general partner, by a majority of the general partners.

2. The consent of each partner is necessary to do any or all of the following:

a. Amend the partnership agreement.

b. Amend the certificate of limited partnership to add or, subject to section 488.1110, delete a statement that the limited partnership is a limited liability limited partnership.

4. A limited partnership shall reimburse a general partner for an advance to the limited partnership beyond the amount of capital the general partner agreed to contribute.

6. A general partner is not entitled to remuneration for services performed for the partnership.

2004 Acts, ch 1021, §40, 118

**488.407 Right of general partner and former general partner to information.**

1. A general partner, without having any particular purpose for seeking the information, may inspect and copy during regular business hours any or all of the following:

a. In the limited partnership's designated office, required information.

b. At a reasonable location specified by the limited partnership, any other records maintained by the limited partnership regarding the limited partnership's activities and financial condition.

2. Each general partner and the limited partnership shall furnish to a general partner all of the following:

a. Without demand, any information concerning the limited partnership's activities and financial condition reasonably required for the proper exercise of the general partner's rights and duties under the partnership agreement or this chapter.

b. On demand, any other information concerning the limited partnership's activities, except to the extent the demand or the information demanded is unreasonable or otherwise improper

under the circumstances.

3. Subject to subsection 5, on ten days' demand made in a record received by the limited partnership, a person dissociated as a general partner may have access to the information and records described in subsection 1 at the location specified in subsection 1 if all of the following apply:

a. The information or record pertains to the period during which the person was a general partner.

b. The person seeks the information or record in good faith.

c. The person satisfies the requirements imposed on a limited partner by section 488.304, subsection 2.

4. The limited partnership shall respond to a demand made pursuant to subsection 3 in the same manner as provided in section 488.304, subsection 3.

5. If a general partner dies, section 488.704 applies.

6. The limited partnership may impose reasonable restrictions on the use of information under this section. In any dispute concerning the reasonableness of a restriction under this subsection, the limited partnership has the burden of proving reasonableness.

7. A limited partnership may charge a person dissociated as a general partner that makes a demand under this section reasonable costs of copying, limited to the costs of labor and material.

8. A general partner or person dissociated as a general partner may exercise the rights under this section through an attorney or other agent. Any restriction imposed under subsection 6 or by the partnership agreement applies both to the attorney or other agent and to the general partner or person dissociated as a general partner.

9. The rights under this section do not extend to a person as transferee, but the rights under subsection 3 of a person dissociated as a general partner may be exercised by the legal representative of an individual who dissociated as a general partner under section 488.603, subsection 7, paragraph "b" or "c".

2004 Acts, ch 1021, §41, 118

**488.408 General standards of general partner's conduct.**

1. The only fiduciary duties that a general partner has to the limited partnership and the other partners are the duties of loyalty and care under subsections 2 and 3.

2. A general partner's duty of loyalty to the limited partnership and the other partners is limited to all of the following:

a. To account to the limited partnership and hold as trustee for it any property, profit, or benefit derived by the general partner in the conduct and winding up of the limited partnership's activities or derived from a use by the general partner of limited partnership property, including the appropri-

##### **488.502 Liability for contribution.**

1. A partner's obligation to contribute money or other property or other benefit to, or to perform services for, a limited partnership is not excused by the partner's death, disability, or other inability to perform personally.

2. If a partner does not make a promised non-monetary contribution, the partner is obligated at the option of the limited partnership to contribute money equal to that portion of the value, as stated in the required information, of the stated contribution which has not been made.

3. The obligation of a partner to make a contribution or return money or other property paid or distributed in violation of this chapter may be compromised only by consent of all partners. A creditor of a limited partnership which extends credit or otherwise acts in reliance on an obligation described in subsection 1, without notice of any compromise under this subsection, may en-

force the original obligation.

2004 Acts, ch 1021, §44, 118

##### **488.503 Sharing of distributions.**

A distribution by a limited partnership must be shared among the partners on the basis of the value, as stated in the required information when the limited partnership decides to make the distribution, of the contributions the limited partnership has received from each partner.

2004 Acts, ch 1021, §45, 118

##### **488.504 Interim distributions.**

2004 Acts, ch 1021, §48, 118

##### **488.507 Right to distribution.**

3. A limited partnership may base a determination that a distribution is not prohibited under subsection 2 on financial statements prepared on the basis of accounting practices and principles that are reasonable in the circumstances or on a fair valuation or other method that is reasonable in the circumstances.

(2) The date the payment is made, if payment occurs more than one hundred twenty days after the distribution is authorized.

5. A limited partnership's indebtedness to a partner incurred by reason of a distribution made in accordance with this section is at parity with the limited partnership's indebtedness to its general, unsecured creditors.

6. A limited partnership's indebtedness, including indebtedness issued in connection with or as part of a distribution, is not considered a liability for purposes of subsection 2 if the terms of the indebtedness provide that payment of principal and interest is made only to the extent that a distribution could then be made to partners under this section.

7. If indebtedness is issued as a distribution, each payment of principal or interest on the indebtedness is treated as a distribution, the effect of which is measured on the date the payment is made.

3. At any time before foreclosure, an interest charged may be redeemed by any of the following:

#### **490.621 Issuance of shares.**

1. The powers granted in this section to the board of directors may be reserved to the shareholders by the articles of incorporation.

2. The board of directors may authorize shares to be issued for consideration consisting of any tangible or intangible property or benefit to the corporation, including cash, promissory notes, services performed, contracts for services to be performed, or other securities of the corporation.

3. Before the corporation issues shares, the board of directors must determine that the consideration received or to be received for shares to be issued is adequate. That determination by the board of directors is conclusive insofar as the adequacy of consideration for the issuance of shares relates to whether the shares are validly issued, fully paid, and nonassessable.

4. When the corporation receives the consideration for which the board of directors authorized the issuance of shares, the shares issued for that consideration are fully paid and nonassessable.

5. The corporation may place in escrow shares issued for a contract for future services or benefits or a promissory note, or make other arrangements to restrict the transfer of the shares, and may credit distributions in respect of the shares against their purchase price, until the services are performed, the note is paid, or the benefits received. If the services are not performed, the note is not paid, or the benefits are not received, the shares escrowed or restricted and the distributions cred-

ited may be canceled in whole or in part.

6. *a.* An issuance of shares or other securities convertible into or rights exercisable for shares, in a transaction or a series of integrated transactions, requires approval of the shareholders, at a meeting at which a quorum exists consisting of at least a majority of the votes entitled to be cast on the matter, if both of the following conditions are satisfied:

(1) The shares, other securities, or rights are issued for consideration other than cash or cash equivalents.

(2) The voting power of shares that are issued and issuable as a result of the transaction or series of integrated transactions will comprise more than twenty percent of the voting power of the shares of the corporation that were outstanding immediately before the transaction.

*b.* For purposes of this subsection, the following shall apply:

(1) For purposes of determining the voting power of shares issued and issuable as a result of a transaction or series of integrated transactions, the voting power of shares shall be the greater of the following:

(a) The voting power of the shares to be issued.

(b) The voting power of the shares that would be outstanding after giving effect to the conversion of convertible shares and other securities and the exercise of rights to be issued.

(2) A series of transactions is integrated if consummation of one transaction is made contingent on consummation of one or more of the other transactions.

#### **490.623 Share dividends.**

1. Unless the articles of incorporation provide otherwise, shares may be issued pro rata and without consideration to the corporation's shareholders or to the shareholders of one or more classes or series. An issuance of shares under this subsection is a share dividend.

2. Shares of one class or series shall not be issued as a share dividend in respect of shares of another class or series unless one or more of the following conditions are met:

*a.* The articles of incorporation so authorize.

b. A majority of the votes entitled to be cast by the class or series to be issued approve the issue.

c. There are no outstanding shares of the class or series to be issued.

3. If the board of directors does not fix the record date for determining shareholders entitled to a share dividend, it is the date the board of directors authorizes the share dividend.

89 Acts, ch 288, §43

#### **490.624 Share options.**

A corporation may issue rights, options, or warrants for the purchase of shares of the corporation. The board of directors shall determine the terms upon which the rights, options, or warrants are issued, their form and content, and the consideration for which the shares are to be issued.

89 Acts, ch 288, §44

#### **490.624A Poison pill defense authorized.**

The terms and conditions of stock rights or options issued by the corporation may include, without limitation, restrictions or conditions that preclude or limit the exercise, transfer, or receipt of such rights or options by a person, or group of persons, owning or offering to acquire a specified number or percentage of the outstanding common shares or other securities of the corporation, or a transferee of the offeror, or that invalidate or void such stock rights or options held by an offeror or a transferee of the offeror.

89 Acts, ch 288, §45

#### **490.625 Content of certificates.**

1. Shares may be, but need not be, represented by certificates. Unless this chapter or another section expressly provides otherwise, the rights and obligations of shareholders are identical whether or not their shares are represented by certificates.

a. The name of the issuing corporation and that it is organized under the law of this state.

b. The name of the person to whom issued.

c. The number and class of shares and the designation of the series, if any, the certificate represents.

3. If the issuing corporation is authorized to issue different classes of shares or different series within a class, the designations, relative rights, preferences, and limitations applicable to each class, the variations in rights, preferences, and limitations determined for each series, and the authority of the board of directors to determine variations for future series must be summarized on the front or back of each certificate. Alternatively, each certificate may state conspicuously on its front or back that the corporation will furnish the shareholder this information on request in writing and without charge.

4. Each share certificate:

a. Must be signed either manually or in facsimile by two officers designated in the bylaws or by the board of directors.

b. May bear the corporate seal or its facsimile.

5. If the person who signed, either manually or in facsimile, a share certificate no longer holds office when the certificate is issued, the certificate is nevertheless valid.

89 Acts, ch 288, §46

#### **490.626 Shares without certificates.**

1. Unless the articles of incorporation or bylaws provide otherwise, the board of directors of a corporation may authorize the issue of some or all of the shares of any or all of its classes or series without certificates. The authorization does not affect shares already represented by certificates until they are surrendered to the corporation.

2. Within a reasonable time after the issue or transfer of shares without certificates, the corporation shall send the shareholder a written statement of the information required on certificates by section 490.625, subsections 2 and 3, and, if applicable, section 490.627.

89 Acts, ch 288, §47

#### **490.627 Restriction on transfer of shares and other securities.**

1. The articles of incorporation, bylaws, an agreement among shareholders, or an agreement between shareholders and the corporation may impose restrictions on the transfer or registration of transfer of shares of the corporation. A restriction does not affect shares issued before the restriction was adopted unless the holders of the shares are parties to the restriction agreement or voted in favor of the restriction.

2. A restriction on the transfer or registration of transfer of shares is valid and enforceable against the holder or a transferee of the holder if the restriction is authorized by this section and its existence is noted conspicuously on the front or back of the certificate or is contained in the information statement required by section 490.626, subsection 2. Unless so noted, a restriction is not enforceable against a person without knowledge of the restriction.

3. A restriction on the transfer or registration of transfer of shares is authorized for any of the following purposes:

a. To maintain the corporation's status when it is dependent on the number or identity of its shareholders.

b. To preserve exemptions under federal or state securities law.

c. For any other reasonable purpose.

4. A restriction on the transfer or registration of transfer of shares may do any of the following:

a. Obligate the shareholder first to offer the corporation or other persons, separately, consecutively, or simultaneously, an opportunity to acquire the restricted shares.

b. Obligate the corporation or other persons, separately, consecutively, or simultaneously, to acquire the restricted shares.

c. Require the corporation, the holders of any class of its shares, or another person to approve the transfer of the restricted shares, if the requirement is not manifestly unreasonable.

d. Prohibit the transfer of the restricted shares to designated persons or classes of persons, if the prohibition is not manifestly unreasonable.

**490.630 Shareholders’ preemptive rights.**

1. The shareholders of a corporation do not have a preemptive right to acquire the corporation’s unissued shares except to the extent the articles of incorporation so provide.

2. A statement included in the articles of incorporation that “the corporation elects to have preemptive rights”, or words of similar import, means that the following principles apply except to the extent the articles of incorporation expressly provide otherwise:

a. The shareholders of the corporation have a preemptive right, granted on uniform terms and conditions prescribed by the board of directors to provide a fair and reasonable opportunity to exercise the right, to acquire proportional amounts of the corporation’s unissued shares upon the decision of the board of directors to issue them.

b. A shareholder may waive the shareholder’s preemptive right. A waiver evidenced by a writing is irrevocable even though it is not supported by consideration.

c. There is no preemptive right with respect to:

(1) Shares issued as compensation to directors, officers, agents, or employees of the corporation, its subsidiaries, or its affiliates.

(2) Shares issued to satisfy conversion or option rights created to provide compensation to directors, officers, agents, or employees of the corporation, its subsidiaries, or its affiliates.

(3) Shares authorized in articles of incorporation that are issued within six months from the effective date of incorporation.

(4) Shares sold otherwise than for money.

d. Holders of shares of any class without general voting rights but with preferential rights to distributions or assets have no preemptive rights with respect to shares of any class.

e. Holders of shares of any class with general voting rights but without preferential rights to distributions or assets have no preemptive rights with respect to shares of any class with preferential rights to distributions or assets unless the shares with preferential rights are convertible into or carry a right to subscribe for or acquire shares without preferential rights.

f. Shares subject to preemptive rights that are not acquired by shareholders may be issued to any person for a period of one year after being offered to shareholders at a consideration set by the board of directors that is not lower than the consideration set for the exercise of preemptive rights. An offer at a lower consideration or after the expiration of one year is subject to the shareholders’ preemptive rights.

3. For purposes of this section, “shares” includes a security convertible into or carrying a right to subscribe for or acquire shares.

2. If a corporation reacquires its own shares after December 30, 1989, but before January 1, 1991, those shares constitute issued but not outstanding shares as of and after their reacquisition if either of the following is applicable:

*b.* The board of directors has adopted a resolution specifying that reacquired shares constitute issued but not outstanding shares.

1. A board of directors may authorize and the corporation may make distributions to its shareholders subject to restriction by the articles of incorporation and the limitation in subsection 3.

2. If the board of directors does not fix the record date for determining shareholders entitled to a distribution, other than one involving a repur-

chase or reacquisition of shares, it is the date the board of directors authorizes the distribution.

3. No distribution may be made if, after giving it effect either of the following would result:

*a.* The corporation would not be able to pay its debts as they become due in the usual course of business.

*b.* The corporation's total assets would be less than the sum of its total liabilities plus, unless the articles of incorporation permit otherwise, the amount that would be needed, if the corporation were to be dissolved at the time of the distribution, to satisfy the preferential rights upon dissolution of shareholders whose preferential rights are superior to those receiving the distribution.

4. The board of directors may base a determination that a distribution is not prohibited under subsection 3 either on financial statements prepared on the basis of accounting practices and principles that are reasonable in the circumstances or on a fair valuation or other method that is reasonable in the circumstances.

5. The effect of a distribution under subsection 3 is measured:

*a.* In the case of distribution by purchase, redemption, or other acquisition of the corporation's shares, as of the earlier of:

(1) The date money or other property is transferred or debt incurred by the corporation.

(2) The date the shareholder ceases to be a shareholder with respect to the acquired shares.

*c.* In all other cases, as of:

(2) The date the payment is made if it occurs more than one hundred twenty days after the date of authorization.

6. A corporation's indebtedness to a shareholder incurred by reason of a distribution made in accordance with this section is at parity with the corporation's indebtedness to its general, unsecured creditors except to the extent subordinated by agreement.

7. This section shall not apply to distributions in liquidation under division XIV.

2. A written consent shall bear the date of signature of each shareholder who signs the consent and no written consent is effective to take the corporate action referred to in the consent unless, within sixty days of the earliest dated consent delivered in the manner required by this section to the corporation, written consents signed by a suffi-

2. A record date fixed under this section shall not be more than seventy days before the meeting or action requiring a determination of shareholders.

3. A determination of shareholders entitled to notice of or to vote at a shareholders' meeting is effective for any adjournment of the meeting unless the board of directors fixes a new record date, which it must do if the meeting is adjourned to a date more than one hundred twenty days after the date fixed for the original meeting.

4. If a court orders a meeting adjourned to a date more than one hundred twenty days after the date fixed for the original meeting, it may provide that the original record date continues in effect or it may fix a new record date.

2. The shareholders' list must be available for inspection by any shareholder beginning two business days after notice of the meeting is given for which the list was prepared and continuing through the meeting, at the corporation's principal office or at a place identified in the meeting notice in the city where the meeting will be held. A shareholder, or a shareholder's agent or attorney, is entitled on written demand to inspect and, subject to the requirements of section 490.1602, subsection 3, to copy the list, during regular business hours and at the person's expense, during the period it is available for inspection.

89 Acts, ch 288, §61

3. An appointment of a proxy is effective when a signed appointment form or an electronic transmission of the appointment is received by the inspector of election or the officer or agent of the corporation authorized to tabulate votes. An appointment is valid for eleven months unless a longer period is expressly provided in the appointment.

4. An appointment of a proxy is revocable unless the appointment form or electronic transmission states that it is irrevocable and the appointment is coupled with an interest. Appointments coupled with an interest include, but are not limited to, the appointment of:

b. A person who purchased or agreed to purchase the shares.

c. A creditor of the corporation who extended it credit under terms requiring the appointment.

*d.* An employee of the corporation whose employment contract requires the appointment.

*e.* A party to a voting agreement created under section 490.731.

5. The death or incapacity of the shareholder appointing a proxy does not affect the right of the corporation to accept the proxy's authority unless notice of the death or incapacity is received by the secretary or other officer or agent authorized to tabulate votes before the proxy exercises the proxy's authority under the appointment.

6. An appointment made irrevocable under subsection 4 is revoked when the interest with which it is coupled is extinguished.

7. A transferee for value of shares subject to an irrevocable appointment may revoke the appointment if the transferee did not know of its existence when the transferee acquired the shares and the existence of the irrevocable appointment was not noted conspicuously on the certificate representing the shares or on the information statement for shares without certificates.

8. Subject to section 490.724 and to any express limitation on the proxy's authority stated in the appointment form or electronic transmission, a corporation is entitled to accept the proxy's vote or other action as that of the shareholder making the appointment.

#### **490.723 Shares held by nominees.**

1. A corporation may establish a procedure by which the beneficial owner of shares that are registered in the name of a nominee is recognized by the corporation as the shareholder. The extent of this recognition may be determined in the procedure.

2. The procedure may set forth:

*a.* The types of nominees to which it applies.

*b.* The rights or privileges that the corporation recognizes in a beneficial owner.

*c.* The manner in which the procedure is selected by the nominee.

*d.* The information that must be provided when the procedure is selected.

89 Acts, ch 288, §63

#### **490.724 Corporation's acceptance of votes.**

1. If the name signed on a vote, consent, waiver, or proxy appointment corresponds to the name of a shareholder, the corporation if acting in good faith is entitled to accept the vote, consent, waiver, or proxy appointment and give it effect as the act of the shareholder.

2. If the name signed on a voted consent, waiver, or proxy appointment does not correspond to

the name of its shareholder, the corporation if acting in good faith is nevertheless entitled to accept the vote, consent, waiver, or proxy appointment and give it effect as the act of the shareholder if:

*a.* The shareholder is an entity and the name signed purports to be that of an officer or agent of the entity.

*b.* The name signed purports to be that of an administrator, executor, guardian of the property, or conservator representing the shareholder and, if the corporation requests, evidence of fiduciary status acceptable to the corporation has been presented with respect to the vote, consent, waiver, or proxy appointment.

*c.* The name signed purports to be that of a receiver or trustee in bankruptcy of the shareholder and, if the corporation requests, evidence of this status acceptable to the corporation has been presented with respect to the vote, consent, waiver, or proxy appointment.

*d.* The name signed purports to be that of a pledgee, beneficial owner, or attorney-in-fact of the shareholder and, if the corporation requests, evidence acceptable to the corporation of the signatory's authority to sign for the shareholder has been presented with respect to the vote, consent, waiver, or proxy appointment.

*e.* Two or more persons are the shareholder as co-tenants or fiduciaries and the name signed purports to be the name of at least one of the co-owners and the person signing appears to be acting on behalf of all the co-owners.

3. The corporation is entitled to reject a vote, consent, waiver, or proxy appointment if the secretary or other officer or agent authorized to tabulate votes, acting in good faith, has reasonable basis for doubt about the validity of the signature on it or about the signatory's authority to sign for the shareholder.

4. The corporation and its officer or agent who accepts or rejects a vote, consent, waiver, or proxy appointment in good faith and in accordance with the standards of this section or section 490.722, subsection 2, are not liable in damages to the shareholder for the consequences of the acceptance or rejection.

5. Corporate action based on the acceptance or rejection of a vote, consent, waiver, or proxy appointment under this section is valid unless a court of competent jurisdiction determines otherwise.

89 Acts, ch 288, §64; 2002 Acts, ch 1154, §18, 125; 2003 Acts, ch 44, §81

#### **490.725 Quorum and voting requirements for voting groups.**

1. Shares entitled to vote as a separate voting group may take action on a matter at a meeting only if a quorum of those shares exists with respect to that matter. Unless the articles of incorporation or this chapter provides otherwise, a majority of the votes entitled to be cast on the matter by the

voting group constitutes a quorum of that voting group for action on that matter.

2. Once a share is represented for any purpose at a meeting, it is deemed present for quorum purposes for the remainder of the meeting and for any adjournment of that meeting unless a new record date is or must be set for that adjourned meeting.

3. If a quorum exists, action on a matter, other than the election of directors, by a voting group is approved if the votes cast within the voting group favoring the action exceed the votes cast opposing the action, unless the articles of incorporation or this chapter require a greater number of affirmative votes.

4. An amendment of articles of incorporation adding, changing, or deleting a quorum or voting requirement for a voting group greater than specified in subsection 2 or 3 is governed by section 490.727.

5. The election of directors is governed by section 490.728.

89 Acts, ch 288, §65

#### **490.726 Action by single or multiple groups.**

1. If the articles of incorporation or this chapter provide for voting by a single voting group on a matter, action on that matter is taken when voted upon by that voting group as provided in section 490.725.

2. If the articles of incorporation or this chapter provide for voting by two or more voting groups on a matter, action on that matter is taken only when voted upon by each of those voting groups counted separately as provided in section 490.725. Action may be taken by one voting group on a matter even though no action is taken by another voting group entitled to vote on the matter.

89 Acts, ch 288, §66

#### **490.727 Greater quorum or voting requirements.**

1. The articles of incorporation or bylaws may provide for a greater quorum or voting requirement for shareholders or voting groups of shareholders than is provided for by this chapter.

2. An amendment to the articles of incorporation or bylaws that adds, changes, or deletes a greater quorum or voting requirement must meet the same quorum requirement and be adopted by the same vote and voting groups required to take action under the quorum and voting requirements then in effect or proposed to be adopted, whichever is greater.

89 Acts, ch 288, §67; 2002 Acts, ch 1154, §19, 125; 2003 Acts, ch 44, §82

#### **490.728 Voting for directors — cumulative voting.**

1. Unless otherwise provided in the articles of incorporation, directors are elected by a plurality

of the votes cast by the shares entitled to vote in the election at a meeting at which a quorum is present.

2. Shareholders do not have a right to cumulate their votes for directors unless the articles of incorporation so provide.

3. A statement included in the articles of incorporation that “[all] [a designated voting group of] shareholders are entitled to cumulate their votes for directors”, or words of similar import, means that the shareholders designated are entitled to multiply the number of votes they are entitled to cast by the number of directors for whom they are entitled to vote and cast the product for a single candidate or distribute the product among two or more candidates.

89 Acts, ch 288, §68; 90 Acts, ch 1205, §25; 2002 Acts, ch 1154, §20, 125

Each inspector shall take and sign an oath faithfully to execute the duties of inspector with strict impartiality and according to the best of the inspector’s ability.

2. The inspectors shall do all of the following:

- a. Ascertain the number of shares outstanding and the voting power of each.

2002 Acts, ch 1154, §21, 125

### PART C

#### **490.730 Voting trusts.**

1. One or more shareholders may create a voting trust, conferring on a trustee the right to vote or otherwise act for them, by signing an agreement setting out the provisions of the trust, which may include anything consistent with its purpose, and transferring their shares to the trustee. When a voting trust agreement is signed, the trustee shall prepare a list of the names and addresses of all owners of beneficial interests in the trust, together with the number and class of shares each transferred to the trust, and deliver copies of the list and agreement to the corporation’s principal office.

2. A voting trust becomes effective on the date the first shares subject to the trust are registered

in the trustee's name. A voting trust is valid for not more than ten years after its effective date unless extended under subsection 3.

3. All or some of the parties to a voting trust may extend it for additional terms of not more than ten years each by signing an extension agreement and obtaining the voting trustee's written consent to the extension. An extension is valid for ten years from the date the first shareholder signs the extension agreement. The voting trustee must deliver copies of the extension agreement and list of beneficial owners to the corporation's principal office. An extension agreement binds only those parties signing it.

89 Acts, ch 288, §69

#### **490.731 Voting agreements.**

1. Two or more shareholders may provide for the manner in which they will vote their shares by signing an agreement for that purpose. A voting agreement created under this section is not subject to section 490.730.

2. A voting agreement created under this section is specifically enforceable.

89 Acts, ch 288, §70

#### **490.732 Shareholder agreements.**

1. An agreement among the shareholders of a corporation that complies with this section is effective among the shareholders and the corporation even though it is inconsistent with one or more other provisions of this chapter in that it does one of the following:

*a.* Eliminates the board of directors or restricts the discretion or powers of the board of directors.

*b.* Governs the authorization or making of distributions whether or not in proportion to ownership of shares, subject to the limitations in section 490.640.

*c.* Establishes who shall be directors or officers of the corporation, or their terms of office or manner of selection or removal.

*d.* Governs, in general or in regard to specific matters, the exercise or division of voting power by or between the shareholders and directors or by or among any of them, including use of weighted voting rights or director proxies.

*e.* Establishes the terms and conditions of any agreement for the transfer or use of property or the provision of services between the corporation and any shareholder, director, officer, or employee of the corporation, or among any of them.

*f.* Transfers to one or more shareholders or other persons all or part of the authority to exercise the corporate powers or to manage the business and affairs of the corporation, including the resolution of any issue about which there exists a deadlock among directors or shareholders.

*g.* Requires dissolution of the corporation at the request of one or more of the shareholders or

upon the occurrence of a specified event or contingency.

*h.* Otherwise governs the exercise of the corporate powers or the management of the business and affairs of the corporation or the relationship among the shareholders, the directors, and the corporation, or among any of them, and is not contrary to public policy.

2. An agreement authorized by this section must satisfy all of the following requirements:

*a.* Be set forth in one of the following places and manners:

(1) The articles of incorporation or bylaws and approved by all persons who are shareholders at the time of the agreement.

(2) In a written agreement that is signed by all persons who are shareholders at the time of the agreement and is made known to the corporation.

*b.* Be subject to amendment only by all persons who are shareholders at the time of the amendment, unless the agreement provides otherwise.

*c.* Be valid for ten years, unless the agreement provides otherwise.

3. The existence of an agreement authorized by this section shall be noted conspicuously on the front or back of each certificate for outstanding shares or on the information statement required by section 490.626, subsection 2. If at the time of the agreement the corporation has shares outstanding represented by certificates, the corporation shall recall the outstanding certificates and issue substitute certificates that comply with this subsection. The failure to note the existence of the agreement on the certificate or information statement shall not affect the validity of the agreement or any action taken pursuant to it. Any purchaser of shares who, at the time of purchase, did not have knowledge of the existence of the agreement shall be entitled to rescission of the purchase. A purchaser shall be deemed to have knowledge of the existence of the agreement if its existence is noted on the certificate or information statement for the shares in compliance with this subsection and, if the shares are not represented by a certificate, the information statement is delivered to the purchaser at or prior to the time of purchase of the shares. An action to enforce the right of rescission authorized by this subsection must be commenced within the earlier of ninety days after discovery of the existence of the agreement or two years after the time of purchase of the shares.

4. An agreement authorized by this section shall cease to be effective when shares of the corporation are listed on a national securities exchange or regularly traded in a market maintained by one or more members of a national or affiliated securities association. If the agreement ceases to be effective for any reason, the board of directors may, if the agreement is contained or referred to in the corporation's articles of incorporation or bylaws, adopt an amendment to the articles of incorpora-

tion or bylaws, without shareholder action, to delete the agreement and any references to it.

5. An agreement authorized by this section that limits the discretion or powers of the board of directors shall relieve the directors of, and impose upon the person or persons in whom such discretion or powers are vested, liability for acts or omissions imposed by law on directors to the extent that the discretion or powers of the directors are limited by the agreement.

6. The existence or performance of an agreement authorized by this section shall not be a ground for imposing personal liability on any shareholder for the acts or debts of the corporation even if the agreement or its performance treats the corporation as if it were a partnership or results in failure to observe the corporate formalities otherwise applicable to the matters governed by the agreement.

7. Incorporators or subscribers for shares may act as shareholders with respect to an agreement authorized by this section if no shares have been issued when the agreement is made.

2002 Acts, ch 1154, §22, 125; 2002 Acts, ch 1175, §88

**490.733 through 490.739** Reserved.

#### PART D

#### **490.740 Definitions.**

1. “*Derivative proceeding*” means a civil suit in the right of a domestic corporation or, to the extent provided in section 490.747, in the right of a foreign corporation.

2. “*Shareholder*” includes a beneficial owner whose shares are held in a voting trust or held by a nominee on the beneficial owner’s behalf.

89 Acts, ch 288, §71; 2002 Acts, ch 1154, §23, 125

#### **490.741 Standing.**

A shareholder shall not commence or maintain a derivative proceeding unless the shareholder satisfies both of the following:

1. Was a shareholder of the corporation at the time of the act or omission complained of or became a shareholder through transfer by operation of law from one who was a shareholder at that time.

2. Fairly and adequately represents the interests of the corporation in enforcing the right of the corporation.

2002 Acts, ch 1154, §24, 125

#### **490.742 Demand.**

A shareholder shall not commence a derivative

proceeding until both of the following have occurred:

1. A written demand has been made upon the corporation to take suitable action.

2. Ninety days have expired from the date the demand was made, unless the shareholder has earlier been notified that the demand has been rejected by the corporation or unless irreparable injury to the corporation would result by waiting for the expiration of the ninety-day period.

2002 Acts, ch 1154, §25, 125

#### **490.743 Stay of proceedings.**

If the corporation commences an inquiry into the allegations made in the demand or complaint, the court may stay any derivative proceeding for a period of time as the court deems appropriate.

2002 Acts, ch 1154, §26, 125

#### **490.744 Dismissal.**

1. A derivative proceeding shall be dismissed by the court on motion by the corporation if one of the groups specified in subsection 2 or 6 has determined in good faith after conducting a reasonable inquiry upon which its conclusions are based that the maintenance of the derivative proceeding is not in the best interests of the corporation. A corporation moving to dismiss on this basis shall submit in support of the motion a short and concise statement of the reasons for its determination.

2. Unless a panel is appointed pursuant to subsection 6, the determination in subsection 1 shall be made by one of the following:

a. A majority vote of independent directors present at a meeting of the board of directors if the independent directors constitute a quorum.

b. A majority vote of a committee consisting of two or more independent directors appointed by majority vote of independent directors present at a meeting of the board of directors, whether or not such independent directors constitute a quorum.

3. None of the following shall by itself cause a director to be considered not independent for purposes of this section:

a. The nomination or election of the director by persons who are defendants in the derivative proceeding or against whom action is demanded.

b. The naming of the director as a defendant in the derivative proceeding or as a person against whom action is demanded.

c. The approval by the director of the act being challenged in the derivative proceeding or demand if the act resulted in no personal benefit to the director.

4. If a derivative proceeding is commenced after a determination has been made rejecting a demand by a shareholder, the complaint shall allege with particularity facts establishing one of the following:

a. That a majority of the board of directors did not consist of independent directors at the time the determination was made.

b. That the requirements of subsection 1 have not been met.

All discovery and other proceedings shall be stayed during the pendency of any motion to dismiss unless the court finds upon the motion of any party that particularized discovery is necessary to preserve evidence or prevent undue prejudice to that party.

5. If a majority of the board of directors does not consist of independent directors at the time the determination is made, the corporation shall have the burden of proving that the requirements of subsection 1 have been met. If a majority of the board of directors consists of independent directors at the time the determination is made, the plaintiff shall have the burden of proving that the requirements of subsection 1 have not been met.

6. The court may appoint a panel of one or more independent persons upon motion by the corporation to make a determination whether the maintenance of the derivative proceeding is in the best interests of the corporation. In such case, the plaintiff shall have the burden of proving that the requirements of subsection 1 have not been met.

2002 Acts, ch 1154, §27, 125

#### **490.745 Discontinuance or settlement.**

A derivative proceeding shall not be discontinued or settled without the court's approval. If the court determines that a proposed discontinuance or settlement will substantially affect the interests of the corporation's shareholders or a class of shareholders, the court shall direct that notice be given to the shareholders affected.

2002 Acts, ch 1154, §28, 125

#### **490.746 Payment of expenses.**

On termination of the derivative proceeding, the court may do either of the following:

1. Order the corporation to pay the plaintiff's reasonable expenses, including attorney fees incurred in the proceeding, if it finds that the proceeding has resulted in a substantial benefit to the corporation.

2. Order the plaintiff to pay any defendant's reasonable expenses, including attorney fees incurred in defending the proceeding, if it finds that the proceeding was commenced or maintained without reasonable cause or for an improper purpose.

2002 Acts, ch 1154, §29, 125

#### **490.747 Applicability to foreign corporations.**

In any derivative proceeding in the right of a foreign corporation, the matters covered by this part shall be governed by the laws of the jurisdiction of incorporation of the foreign corporation except for sections 490.743, 490.745, and 490.746.

1. Except as provided in section 490.732, each corporation must have a board of directors.

2. All corporate powers shall be exercised by or under the authority of, and the business and affairs of the corporation managed by or under the direction of, its board of directors, subject to any limitation set forth in the articles of incorporation, or in an agreement authorized under section 490.732.

89 Acts, ch 288, §72; 2002 Acts, ch 1154, §31, 125

#### **490.802 Qualifications of directors.**

The articles of incorporation or bylaws may prescribe qualifications for directors. A director need not be a resident of this state or a shareholder of the corporation unless the articles of incorporation or bylaws so prescribe.

89 Acts, ch 288, §73

#### **490.803 Number and election of directors.**

1. A board of directors must consist of one or more individuals, with the number specified in or fixed in accordance with the articles of incorporation or bylaws.

2. The number of directors may be increased or decreased from time to time by amendment to, or in the manner provided in, the articles of incorporation or the bylaws.

3. Directors are elected at the first annual shareholders' meeting and at each annual meeting thereafter unless their terms are staggered under section 490.806.

89 Acts, ch 288, §74; 91 Acts, ch 211, §5; 2002 Acts, ch 1154, §32, 125

#### **490.804 Election of directors by certain classes of shareholders.**

If the articles of incorporation authorize dividing the shares into classes, the articles may also authorize the election of all or a specified number of directors by the holders of one or more authorized classes of shares. Each class, or classes, of shares entitled to elect one or more directors is a separate voting group for purposes of the election of directors.

89 Acts, ch 288, §75

#### **490.805 Terms of directors generally.**

1. The terms of the initial directors of a corporation expire at the first shareholders' meeting at which directors are elected.

2. The terms of all other directors expire at the next annual shareholders' meeting following their election unless their terms are staggered under section 490.806.

3. A decrease in the number of directors does not shorten an incumbent director's term.

4. The term of a director elected to fill a vacancy expires at the next shareholders' meeting at which directors are elected.

5. Despite the expiration of a director's term, the director continues to serve until a successor for that director is elected and qualifies or until there is a decrease in the number of directors.

89 Acts, ch 288, §76

**490.806 Staggered terms for directors.**

The articles of incorporation may provide for staggering the terms of directors by dividing the total number of directors into two or three groups, with each group containing one-half or one-third of the total, as near as may be. In that event, the terms of directors in the first group expire at the first annual shareholders' meeting after their election, the terms of the second group expire at the second annual shareholders' meeting after their election, and the terms of the third group, if any, expire at the third annual shareholders' meeting after their election. At each annual shareholders' meeting held thereafter, directors shall be chosen for a term of two years or three years, as the case may be, to succeed those whose terms expire.

89 Acts, ch 288, §77

**490.807 Resignation of directors.**

1. A director may resign at any time by delivering written notice to the board of directors, its chairperson, or to the corporation.

2. A resignation is effective when the notice is delivered unless the notice specifies a later effective date.

89 Acts, ch 288, §78

**490.808 Removal of directors by shareholders.**

1. The shareholders may remove one or more directors with or without cause unless the articles of incorporation provide that directors may be removed only for cause.

2. If a director is elected by a voting group of shareholders, only the shareholders of that voting group may participate in the vote to remove that director.

3. If cumulative voting is authorized, a director shall not be removed if the number of votes sufficient to elect that director under cumulative voting is voted against the director's removal. If cumulative voting is not authorized, a director may be removed only if the number of votes cast to remove that director exceeds the number of votes

cast not to remove the director.

4. A director may be removed by the shareholders only at a meeting called for the purpose of removing the director and after notice stating that the purpose, or one of the purposes, of the meeting is removal of the director. A director shall not be removed pursuant to written consents under section 490.704 unless written consents are obtained from the holders of all the outstanding shares of the corporation entitled to vote on the removal of the director.

89 Acts, ch 288, §79; 91 Acts, ch 211, §6

**490.809 Removal of directors by judicial proceeding.**

1. The district court of the county where a corporation's principal office or, if none in this state, its registered office is located may remove a director of the corporation from office in a proceeding commenced by or in the right of the corporation if the court finds that both of the following apply:

a. The director engaged in fraudulent conduct with respect to the corporation or its shareholders, grossly abused the position of director, or intentionally inflicted harm on the corporation.

b. Considering the director's course of conduct and the inadequacy of other available remedies, removal would be in the best interest of the corporation.

2. A shareholder proceeding on behalf of the corporation under subsection 1 shall comply with all of the requirements of division VII, part D, except section 490.741.

3. The court, in addition to removing the director, may bar the director from reelection for a period prescribed by the court.

4. This section does not limit the equitable powers of the court to order other relief.

89 Acts, ch 288, §80; 2002 Acts, ch 1154, §33, 125

**490.810 Vacancy on board.**

1. Unless the articles of incorporation provide otherwise, if a vacancy occurs on a board of directors, including a vacancy resulting from an increase in the number of directors, the vacancy may be filled in any of the following manners:

a. The shareholders may fill the vacancy.

b. The board of directors may fill the vacancy.

c. If the directors remaining in office constitute fewer than a quorum of the board, they may fill the vacancy by the affirmative vote of a majority of all the directors remaining in office.

2. If the vacant office was held by a director elected by a voting group of shareholders, only the holders of shares of that voting group are entitled to vote to fill the vacancy if it is filled by the shareholders.

3. A vacancy that will occur at a specific later date, by reason of a resignation effective at a later date under section 490.807, subsection 2 or otherwise, may be filled before the vacancy occurs but

the new director shall not take office until the vacancy occurs.

89 Acts, ch 288, §81

**490.811 Compensation of directors.**

Unless the articles of incorporation or bylaws provide otherwise, the board of directors may fix the compensation of directors.

89 Acts, ch 288, §82

**490.812 through 490.819** Reserved.

PART B

**490.820 Meetings.**

1. The board of directors may hold regular or special meetings in or out of this state.

2. Unless the articles of incorporation or bylaws provide otherwise, the board of directors may permit any or all directors to participate in a regular or special meeting by, or conduct the meeting through the use of, any means of communication by which all directors participating may simultaneously hear each other during the meeting. A director participating in a meeting by this means is deemed to be present in person at the meeting.

89 Acts, ch 288, §83

**490.821 Action without meeting.**

1. Except to the extent that the articles of incorporation or bylaws require that action by the board of directors be taken at a meeting, action required or permitted by this chapter to be taken by the board of directors may be taken without a meeting if each director signs a consent describing the action to be taken and delivers it to the corporation.

2. Action taken under this section is the act of the board of directors when one or more consents signed by all the directors are delivered to the corporation. The consent may specify the time at which the action taken is to be effective. A director's consent may be withdrawn by revocation signed by the director and delivered to the corporation prior to delivery to the corporation of unrevoked written consents signed by all the directors.

3. A consent signed under this section has the effect of an action taken at a meeting of the board of directors and may be described as such in any document.

89 Acts, ch 288, §84; 2002 Acts, ch 1154, §34, 125

**490.822 Notice of meeting.**

1. Unless the articles of incorporation or bylaws provide otherwise, regular meetings of the board of directors may be held without notice of the date, time, place, or purpose of the meeting.

2. Unless the articles of incorporation or bylaws provide for a longer or shorter period, special meetings of the board of directors must be preceded by at least two days' notice of the date, time, and place of the meeting. The notice need not describe the purpose of the special meeting unless required by the articles of incorporation or bylaws.

89 Acts, ch 288, §85

**490.823 Waiver of notice.**

1. A director may waive any notice required by this chapter, the articles of incorporation, or bylaws before or after the date and time stated in the notice. Except as provided by subsection 2, the waiver must be in writing, signed by the director entitled to the notice, and filed with the minutes or corporate records.

2. A director's attendance at or participation in a meeting waives any required notice to that director of the meeting unless the director at the beginning of the meeting or promptly upon the director's arrival objects to holding the meeting or transacting business at the meeting and does not thereafter vote for or assent to action taken at the meeting.

89 Acts, ch 288, §86

**490.824 Quorum and voting.**

1. Unless the articles of incorporation or bylaws require a different number, or unless otherwise specifically provided in this chapter, a quorum of a board of directors consists of either:

a. A majority of the fixed number of directors if the corporation has a fixed board size.

b. A majority of the number of directors prescribed, or, if no number is prescribed the number in office immediately before the meeting begins, if the corporation has a variable-range size board.

2. The articles of incorporation or bylaws may authorize a quorum of a board of directors to consist of no fewer than one-third of the fixed or prescribed number of directors determined under subsection 1.

3. If a quorum is present when a vote is taken, the affirmative vote of a majority of directors present is the act of the board of directors unless the articles of incorporation or bylaws require the vote of a greater number of directors.

4. A director who is present at a meeting of the board of directors or a committee of the board of directors when corporate action is taken is deemed to have assented to the action taken unless one or more of the following occurs:

a. The director objects at the beginning of the meeting or promptly upon the director's arrival to holding it or transacting business at the meeting.

b. The director's dissent or abstention from the action taken is entered in the minutes of the meeting.

c. The director delivers written notice of the director's dissent or abstention to the presiding officer of the meeting before its adjournment or to the corporation immediately after adjournment of the meeting.

2. Unless this chapter provides otherwise, the creation of a committee and appointment of members to it must be approved by the greater of either:

a. A majority of all the directors in office when the action is taken.

b. The number of directors required by the articles of incorporation or bylaws to take action under section 490.824.

3. Sections 490.820 through 490.824 apply both to committees of the board and to committee members.

4. To the extent specified by the board of directors or in the articles of incorporation or bylaws, each committee may exercise the powers of the board of directors under section 490.801.

5. A committee shall not, however:

a. Authorize or approve distributions, except according to formula or method, or within limits, prescribed by the board of directors.

b. Approve or propose to shareholders action that this chapter requires be approved by shareholders.

c. Fill vacancies on the board of directors or, subject to subsection 7, on any of its committees.

d. Adopt, amend, or repeal bylaws.

6. The creation of, delegation of authority to, or action by a committee does not alone constitute compliance by a director with the standards of conduct described in section 490.830.

7. The board of directors may appoint one or more directors as alternate members of any committee to replace any absent or disqualified member during the member's absence or disqualification. Unless the articles of incorporation or the bylaws or the resolution creating the committee provide otherwise, in the event of the absence or disqualification of a member of a committee, the member or members present at any meeting and not disqualified from voting, unanimously, may appoint another director to act in place of the absent or disqualified member.

PART C

**490.830 Standards of conduct for directors.**

1. Each member of the board of directors, when discharging the duties of a director, shall act in conformity with all of the following:

a. In good faith.

b. In a manner the director reasonably believes to be in the best interests of the corporation.

2. The members of the board of directors or a committee of the board, when becoming informed in connection with their decision-making function or devoting attention to their oversight function, shall discharge their duties with the care that a person in a like position would reasonably believe appropriate under similar circumstances.

3. In discharging board or committee duties, a director who does not have knowledge that makes reliance unwarranted is entitled to rely on the performance by any of the persons specified in subsection 5, paragraph "a", to whom the board may have delegated, formally or informally by course of conduct, the authority or duty to perform one or more of the board's functions that are delegable under applicable law.

4. In discharging board or committee duties a director, who does not have knowledge that makes reliance unwarranted, is entitled to rely on information, opinions, reports, or statements, including financial statements and other financial data, if prepared or presented by any of the persons specified in subsection 5.

5. A director is entitled to rely, in accordance with subsection 3 or 4, on any of the following:

a. One or more officers or employees of the corporation whom the director reasonably believes to be reliable and competent in the functions performed or the information, opinions, reports, or statements provided.

b. Legal counsel, public accountants, or other persons as to matters involving skills or expertise the director reasonably believes are either of the following:

89 Acts, ch 288, §89; 2002 Acts, ch 1154, §37, 125

**490.831 Standards of liability for directors.**

1. A director shall not be liable to the corporation or its shareholders for any decision as director to take or not to take action, or any failure to take any action, unless the party asserting liability in a proceeding establishes both of the following:

*a.* That any provision in the articles of incorporation authorized by section 490.202, subsection 2, paragraph “d”, or the protection afforded by section 490.832 if interposed as a bar to the proceeding by the director, does not preclude liability.

*b.* That the challenged conduct consisted or was the result of one of the following:

(1) Action not in good faith.

(2) A decision that satisfies one of the following:

(a) That the director did not reasonably believe to be in the best interests of the corporation.

(b) As to which the director was not informed to an extent the director reasonably believed appropriate in the circumstances.

(3) A lack of objectivity due to the director’s familial, financial, or business relationship with, or a lack of independence due to the director’s domination or control by, another person having a material interest in the challenged conduct, which also meets both of the following criteria:

(a) Which relationship or which domination or control could reasonably be expected to have affected the director’s judgment respecting the challenged conduct in a manner adverse to the corporation.

(b) After a reasonable expectation to such effect has been established, the director shall not have established that the challenged conduct was reasonably believed by the director to be in the best interests of the corporation.

(4) A sustained failure of the director to devote attention to ongoing oversight of the business and affairs of the corporation, or a failure to devote timely attention, by making, or causing to be made, appropriate inquiry, when particular facts and circumstances of significant concern materialize that would alert a reasonably attentive director to the need for such oversight, attention, or inquiry.

(5) Receipt of a financial benefit to which the director was not entitled or any other breach of the director’s duties to deal fairly with the corporation and its shareholders that is actionable under applicable law.

2. *a.* A party seeking to hold the director liable for money damages shall also have the burden of establishing both of the following:

(1) That harm to the corporation or its shareholders has been suffered.

(2) The harm suffered was proximately caused by the director’s challenged conduct.

*b.* A party seeking to hold the director liable for other money payment under a legal remedy,

such as compensation for the unauthorized use of corporate assets, shall also have whatever persuasion burden may be called for to establish that the payment sought is appropriate in the circumstances.

*c.* A party seeking to hold the director liable for other money payment under an equitable remedy, such as profit recovery by or disgorgement to the corporation, shall also have whatever persuasion burden may be called for to establish that the equitable remedy sought is appropriate in the circumstances.

3. This section shall not do any of the following:

*a.* In any instance where fairness is at issue, such as consideration of the fairness of a transaction to the corporation under section 490.832, alter the burden of proving the fact or lack of fairness otherwise applicable.

*b.* Alter the fact or lack of liability of a director under another section of this chapter, such as the provisions governing the consequences of an unlawful distribution under section 490.833 or a transactional interest under section 490.832.

*c.* Affect any rights to which the corporation or a shareholder may be entitled under another statute of this state or the United States.

89 Acts, ch 288, §90; 2002 Acts, ch 1154, §38, 125; 2003 Acts, ch 44, §83

**490.832 Director conflict of interest.**

1. A conflict of interest transaction is a transaction with the corporation in which a director of the corporation has a direct or indirect interest. A conflict of interest transaction is not voidable by the corporation solely because of the director’s interest in the transaction if any one of the following is true:

*a.* The material facts of the transaction and the director’s interest were disclosed or known to the board of directors or a committee of the board of directors and the board of directors or committee authorized, approved, or ratified the transaction.

*b.* The material facts of the transaction and the director’s interest were disclosed or known to the shareholders entitled to vote and the shareholders authorized, approved, or ratified the transaction.

*c.* The transaction was fair to the corporation.

2. For purposes of this section, a director of the corporation has an indirect interest in a transaction if either of the following is true:

*a.* Another entity in which the director has a material financial interest or in which the director is a general partner is a party to the transaction.

*b.* Another entity of which the director is a director, officer, or trustee is a party to the transaction and the transaction is or should be considered by the board of directors of the corporation.

3. For purposes of subsection 1, paragraph “a”,

a conflict of interest transaction is authorized, approved, or ratified if it receives the affirmative vote of a majority of the directors on the board of directors or on the committee, who have no direct or indirect interest in the transaction, but a transaction may not be authorized, approved, or ratified under this section by a single director. If a majority of the directors who have no direct or indirect interest in the transaction vote to authorize, approve, or ratify the transaction, a quorum is present for the purpose of taking action under this section. The presence of, or a vote cast by, a director with a direct or indirect interest in the transaction does not affect the validity of any action taken under subsection 1, paragraph “a”, if the transaction is otherwise authorized, approved, or ratified as provided in that subsection.

4. For purposes of subsection 1, paragraph “b”, a conflict of interest transaction is authorized, approved, or ratified if it receives the vote of a majority of the shares entitled to be counted under this subsection. Shares owned by or voted under the control of a director who has a direct or indirect interest in the transaction, and shares owned by or voted under the control of an entity described in subsection 2, paragraph “a”, shall not be counted in a vote of shareholders to determine whether to authorize, approve, or ratify a conflict of interest transaction under subsection 1, paragraph “b”. The vote of those shares, however, is counted in determining whether the transaction is approved under other sections of this chapter. A majority of the shares, whether or not present, that are entitled to be counted in a vote on the transaction under this subsection constitutes a quorum for the purpose of taking action under this section.

1. A director who votes for or assents to a distribution in excess of what may be authorized and made pursuant to section 490.640, subsection 1, or section 490.1409, subsection 1, is personally liable to the corporation for the amount of the distribution that exceeds what could have been distributed without violating section 490.640, subsection 1, or section 490.1409, subsection 1, if the party asserting liability establishes that when taking the action the director did not comply with section 490.830.

2. A director held liable for an unlawful distribution under subsection 1 is entitled to both of the following:

a. Contribution from every other director who could be held liable under subsection 1 for the unlawful distribution.

b. Recoupment from each shareholder of the pro rata portion of the amount of the unlawful distribution the shareholder accepted, knowing the

distribution was made in violation of section 490.640, subsection 1, or section 490.1409, subsection 1.

3. a. A proceeding to enforce the liability of a director under subsection 1 is barred unless it is commenced within two years after one of the following dates:

(1) The date on which the effect of the distribution was measured under section 490.640, subsection 5 or 7.

(2) The date as of which the violation of section 490.640, subsection 1, occurred as the consequence of disregard of a restriction in the articles of incorporation.

(3) The date on which the distribution of assets to shareholders under section 490.1409, subsection 1, was made.

b. A proceeding to enforce contribution or recoupment under subsection 2 is barred unless it is commenced within one year after the liability of the claimant has been finally adjudicated under subsection 1.

**490.840 Officers.**

1. A corporation has the offices described in its bylaws or designated by the board of directors in accordance with the bylaws.

2. The board of directors may elect individuals to fill one or more offices of the corporation. An officer may appoint one or more officers if authorized by the bylaws or the board of directors.

3. The bylaws or the board of directors shall assign to one of the officers responsibility for preparing minutes of the directors’ and shareholders’ meetings and for maintaining and authenticating the records of the corporation required to be kept under section 490.1601, subsections 1 and 5.

b. Information, opinions, reports, or statements, including financial statements and other financial data, prepared or presented by one or more employees of the corporation whom the officer reasonably believes to be reliable and competent in the matters presented.

c. Legal counsel, public accountants, or other persons retained by the corporation as to matters involving skills or expertise the officer reasonably believes are matters within the particular person's professional or expert competence, or as to which the particular person merits confidence.

3. An officer shall not be liable as an officer to the corporation or its shareholders for any decision to take or not to take action, or any failure to take any action, if the duties of the officer are performed in compliance with this section. Whether an officer who does not comply with this section shall have liability will depend in such instance on applicable law, including those principles of section 490.831 that have relevance.

89 Acts, ch 288, §95; 2002 Acts, ch 1154, §42, 125

#### **490.843 Resignation and removal of officers.**

1. An officer may resign at any time by delivering notice to the corporation. A resignation is effective when the notice is delivered unless the notice specifies a later effective time. If a resignation is made effective at a later time and the board or appointing officer accepts the future effective time, the board or the appointing officer may fill the pending vacancy before the effective time if the board or appointing officer provides that the successor does not take office until the effective time.

2. An officer may be removed at any time with or without cause by any of the following:

a. The board of directors.

b. The officer who appointed such officer, unless the bylaws or the board of directors provide otherwise.

### PART E

#### **490.850 Definitions.**

As used in this part of this chapter, unless the context otherwise requires:

1. "*Corporation*" includes any domestic or foreign predecessor entity of a corporation in a merger.

2. "*Director*" or "*officer*" means an individual who is or was a director or officer, respectively, of a corporation or who, while a director or officer of the corporation, is or was serving at the corporation's request as a director, officer, partner, trustee, employee, or agent of another domestic or foreign corporation, partnership, joint venture, trust, employee benefit plan, or other entity. A director or officer is considered to be serving an employee benefit plan at the corporation's request if the director's duties to the corporation also impose duties on, or otherwise involve services by, that director to the plan or to participants in or beneficiaries of the plan. "*Director*" or "*officer*" includes, unless the context requires otherwise, the estate or personal representative of a director or officer.

3. "*Disinterested director*" means a director who at the time of a vote referred to in section 490.853, subsection 3, or a vote or selection referred to in section 490.855, subsection 2 or 3, is not either of the following:

a. A party to the proceeding.

b. An individual having a familial, financial, professional, or employment relationship with the director whose indemnification or advance for expenses is the subject of the decision being made, which relationship would, in the circumstances, reasonably be expected to exert an influence on the director's judgment when voting on the decision being made.

4. "*Expenses*" includes counsel fees.

5. "*Liability*" means the obligation to pay a judgment, settlement, penalty, fine, including an excise tax assessed with respect to an employee benefit plan, or reasonable expenses incurred with respect to a proceeding.

b. When used with respect to an officer, as contemplated in section 490.856, the office in a corporation held by the officer.

7. “Party” means an individual who was, is, or is threatened to be made a defendant or respondent in a proceeding.

(1) The individual acted in good faith.

(2) The individual reasonably believed:

(a) In the case of conduct in the individual’s official capacity, that the individual’s conduct was in the best interests of the corporation.

(b) In all other cases, that the individual’s conduct was at least not opposed to the best interests of the corporation.

(3) In the case of any criminal proceeding, the individual had no reasonable cause to believe the individual’s conduct was unlawful.

b. The individual engaged in conduct for which broader indemnification has been made permissible or obligatory under a provision of the articles of incorporation as authorized by section 490.202, subsection 2, paragraph “e”.

2. A director’s conduct with respect to an employee benefit plan for a purpose the director reasonably believed to be in the interests of the participants in and beneficiaries of the plan is conduct that satisfies the requirement of subsection 1, paragraph “b”, subparagraph (2).

3. The termination of a proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent is not, of itself, determinative that the director did not meet the relevant standard of conduct described in this section.

4. Unless ordered by a court under section 490.854, subsection 1, paragraph “c”, a corporation shall not indemnify a director under this section in either of the following circumstances:

a. In connection with a proceeding by or in the right of the corporation, except for reasonable expenses incurred in connection with the proceeding if it is determined that the director has met the relevant standard of conduct under subsection 1.

b. In connection with any proceeding with respect to conduct for which the director was adjudged liable on the basis that the director received a financial benefit to which the director was not entitled, whether or not involving action in the director’s official capacity.

A written affirmation of the director’s good faith belief that the director has met the relevant standard of conduct described in section 490.851 or that the proceeding involved conduct for which liability has been eliminated under a provision of the articles of incorporation as authorized by section 490.202, subsection 2, paragraph “d”.

b. The director’s written undertaking to repay any funds advanced if the director is not entitled to mandatory indemnification under section 490.852 and it is ultimately determined under section 490.854 or section 490.855 that the director has not met the relevant standard of conduct described in section 490.851.

2. The undertaking required by subsection 1, paragraph “b”, must be an unlimited general obligation of the director but need not be secured and may be accepted without reference to the financial ability of the director to make repayment.

3. Authorizations under this section shall be made according to one of the following:

a. By the board of directors:

(1) If there are two or more disinterested directors, by a majority vote of all the disinterested directors, a majority of whom shall for such purpose constitute a quorum, or by a majority of the members of a committee of two or more disinterested directors appointed by such a vote.

a. Order indemnification if the court determines that the director is entitled to mandatory indemnification under section 490.852.

b. Order indemnification or advance for expenses if the court determines that the director is entitled to indemnification or advance for expenses pursuant to a provision authorized by section 490.858, subsection 1.

c. Order indemnification or advance for expenses if the court determines, in view of all the relevant circumstances, that it is fair and reasonable to do one of the following:

(1) To indemnify the director.

(2) To advance expenses to the director, even if the director has not met the relevant standard of conduct set forth in section 490.851, subsection 1, failed to comply with section 490.853 or was adjudged liable in a proceeding referred to in subsection 490.851, subsection 4, paragraph "a" or "b", but if the director was adjudged so liable the director's indemnification shall be limited to reasonable expenses incurred in connection with the proceeding.

2. If the court determines that the director is entitled to indemnification under subsection 1, paragraph "a", or to indemnification or advance for expenses under subsection 1, paragraph "b", it shall also order the corporation to pay the director's reasonable expenses incurred in connection with obtaining court-ordered indemnification or advance for expenses. #### **490.855 Determination and authorization of indemnification.**

1. A corporation shall not indemnify a director under section 490.851 unless authorized for a specific proceeding after a determination has been made that indemnification of the director is permissible because the director has met the relevant

standard of conduct set forth in section 490.851.

2. The determination shall be made by any of the following:

a. If there are two or more disinterested directors, by the board of directors by a majority vote of all the disinterested directors, a majority of whom shall for such purpose constitute a quorum, or by a majority of the members of a committee of two or more disinterested directors appointed by such a vote.

(2) Liability arising out of conduct that constitutes any of the following:

(a) Receipt by the officer of a financial benefit to which the officer is not entitled.

(b) An intentional infliction of harm on the corporation or the shareholders.

(c) An intentional violation of criminal law.

2. The provisions of subsection 1, paragraph "b", shall apply to an officer who is also a director if the basis on which the officer is made a party to a proceeding is an action taken or a failure to take an action solely as an officer.

3. An officer of a corporation who is not a director is entitled to mandatory indemnification under

section 490.852, and may apply to a court under section 490.854 for indemnification or an advance for expenses, in each case to the same extent to which a director may be entitled to indemnification or advance for expenses under those provisions.

Any such obligatory provision shall be deemed to satisfy the requirements for authorization referred to in section 490.853, subsection 3, and in section 490.855, subsection 3. Any such provision that obligates the corporation to provide indemnification to the fullest extent permitted by law shall be deemed to obligate the corporation to advance funds to pay for or reimburse expenses in accordance with section 490.853 to the fullest extent permitted by law, unless the provision specifically provides otherwise.

2. Any provision pursuant to subsection 1 shall not obligate the corporation to indemnify or advance expenses to a director of a predecessor of the corporation, pertaining to conduct with respect to the predecessor, unless otherwise specifically provided. 1. The proposed amendment must be adopted by the board of directors.

2. Except as provided in sections 490.1005, 490.1007, and 490.1008, after adopting the proposed amendment, the board of directors must submit the amendment to the shareholders for their approval. The board of directors must also transmit to the shareholders a recommendation that the shareholders approve the amendment, unless the board of directors makes a determination that because of conflicts of interest or other special circumstances it should not make such a recommendation, in which case the board of directors must transmit to the shareholders the basis for the determination.

3. The board of directors may condition its submission of the amendment to the shareholders on any basis.

4. If the amendment is required to be approved by the shareholders, and the approval is to be given at a meeting, the corporation must notify each shareholder, whether or not entitled to vote, of the

meeting of shareholders at which the amendment is to be submitted for approval. The notice must state that the purpose, or one of the purposes, of the meeting is to consider the proposed amendment and must contain or be accompanied by a copy of the amendment.

5. Unless the articles of incorporation, bylaws, or the board of directors acting pursuant to subsection 3 requires a greater vote or greater number of shares to be present, approval of the amendment requires the approval of the shareholders at a meeting at which a quorum consisting of at least a majority of the votes entitled to be cast on the amendment exists, and, if any class or series of shares is entitled to vote as a separate group on the amendment, except as provided in section 490.1004, subsection 3, the approval of each such separate voting group at a meeting at which a quorum of the voting group consisting of at least a majority of the votes entitled to be cast on the amendment by that voting group exists.

*g.* Limit or deny an existing preemptive right of all or part of the shares of the class.

*h.* Cancel or otherwise affect rights to distributions that have accumulated but not yet been authorized on all or part of the shares of the class.

2. If a proposed amendment would affect a series of a class of shares in one or more of the ways described in subsection 1, the holders of shares of

that series are entitled to vote as a separate voting group on the proposed amendment.

3. If a proposed amendment that entitles the holders of two or more classes or series of shares to vote as separate voting groups under this section would affect those two or more classes or series in the same or a substantially similar way, the holders of shares of all the classes or series so affected must vote together as a single voting group on the proposed amendment, unless otherwise provided in the articles of incorporation or required by the board of directors.

4. A class or series of shares is entitled to the voting rights granted by this section although the articles of incorporation provide that the shares are nonvoting shares.

7. To delete a class of shares from the articles of incorporation, as a result of the operation of section 490.631, subsection 2, when there are no remaining shares of the class because the corporation has acquired all shares of the class and the articles of incorporation prohibit the reissue of the acquired shares.

8. To make any change expressly permitted by

3. The board of directors may condition its submission of the plan of merger or share exchange to the shareholders on any basis.

4. If the plan of merger or share exchange is required to be approved by the shareholders, and if the approval is to be given at a meeting, the corporation must notify each shareholder, whether or not entitled to vote, of the meeting of shareholders at which the plan is to be submitted for approval. The notice must state that the purpose, or one of the purposes, of the meeting is to consider the plan and must contain or be accompanied by a copy or summary of the plan. If the corporation is to be merged into an existing corporation or other entity, the notice shall also include or be accompanied by a copy or summary of the articles of incorporation or organizational documents of that corporation or other entity. If the corporation is to be merged into a corporation or other entity that is to be created pursuant to the merger, the notice shall include or be accompanied by a copy or summary of the articles of incorporation or organizational documents of the new corporation or other entity.

Unless the articles of incorporation, bylaws, or the board of directors require a greater vote or a greater number of votes to be present, the approval of the plan of merger or share exchange shall require the approval of the shareholders at a meeting at which a quorum consisting of at least a majority of the votes entitled to be cast on the plan exists, and, if any class or series of shares is entitled to vote as a separate group on the plan of merger or share exchange, the approval of each such separate voting group at a meeting at which a quorum of the voting group consisting of at least a majority of the votes entitled to be cast on the merger or share exchange by that voting group is present.

6. Separate voting by voting groups is required for each of the following:

8. If, as a result of a merger or share exchange, one or more shareholders of a domestic corporation would become subject to personal liability for the obligations or liabilities of any other person or other entity, approval of the plan of merger shall require the execution, by each such shareholder, of a separate written consent to become subject to such personal liability.

When a share exchange becomes effective, the shares of each domestic corporation that are to be exchanged for shares or other securities, interests, obligations, rights to acquire shares or securities, other securities, cash, other property, or any combination of the foregoing, are entitled only to the rights provided to them in the plan of share exchange or to any rights they may have under division XIII.

3. Any shareholder of a domestic corporation that is a party to a merger or share exchange who, prior to the merger or share exchange, was liable for the liabilities or obligations of such corporation, shall not be released from such liabilities or obligations by reason of the merger or share exchange.

4. Upon a merger becoming effective, a foreign corporation, or a foreign other entity, that is the survivor of the mergers, is deemed to do both of the following:

a. Appoint the secretary of state as its agent for service of process in a proceeding to enforce the rights of shareholders of each domestic corporation that is a party to the merger who exercise appraisal rights.

b. Agree that it will promptly pay the amount, if any, to which such shareholders are entitled under division XIII.

#### **490.1108 Abandonment of a merger or share exchange.**

1. Unless otherwise provided in a plan of merger or share exchange or in the laws under which a foreign corporation or a domestic or foreign other entity that is a party to a merger or a share exchange is organized or by which it is governed, after the plan has been adopted and approved as required by this division, and at any time before the merger or share exchange has become effective, it may be abandoned by any party to the merger or share exchange without action by the party's shareholders or owners of interests, in accordance with any procedures set forth in the plan of merger or share exchange or, if no such procedures are set forth in the plan, in the manner determined by the board of directors of a corporation, or the managers of any other entity, subject to any contractual rights of other parties to the merger or share exchange.

2. If a merger or share exchange is abandoned under subsection 1 after articles of merger or share exchange have been filed with the secretary of state but before the merger or share exchange has become effective, a statement that the merger or share exchange has been abandoned in accordance with this section, executed on behalf of a party to the merger or share exchange by an officer or other duly authorized representative, shall be delivered to the secretary of state for filing prior to the effective date of the merger or share exchange. Upon filing, the statement shall take effect and the merger or share exchange shall be deemed abandoned and shall not become effective.

#### **490.1108A Consideration of acquisition proposals — community interests.**

1. A director, in determining what is in the best interest of the corporation when considering a tender offer or proposal of acquisition, merger, consolidation, or similar proposal, may consider any or all of the following community interest factors, in addition to consideration of the effects of any action on shareholders:

a. The effects of the action on the corporation's employees, suppliers, creditors, and customers.

b. The effects of the action on the communities in which the corporation operates.

c. The long-term as well as short-term interests of the corporation and its shareholders, including the possibility that these interests may be best served by the continued independence of the corporation.

2. If on the basis of the community interest factors described in subsection 1, the board of directors determines that a proposal or offer to acquire or merge the corporation is not in the best interests of the corporation, it may reject the proposal or offer. If the board of directors determines to reject any such proposal or offer, the board of direc-

tors has no obligation to facilitate, to remove any barriers to, or to refrain from impeding, the proposal or offer. Consideration of any or all of the community interest factors is not a violation of the business judgment rule or of any duty of the director to the shareholders, or a group of shareholders, even if the director reasonably determines that a community interest factor or factors outweigh the financial or other benefits to the corporation or a shareholder or group of shareholders.

97 Acts, ch 17, §1

**490.1110 Business combinations with interested shareholders.**

1. Notwithstanding any other provision of this chapter, a corporation shall not engage in any business combination with an interested shareholder for a period of three years following the time that the shareholder became an interested shareholder, unless any of the following apply:

*a.* Prior to the time the shareholder became an interested shareholder, the board of directors of the corporation approved either the business combination or the transaction which resulted in the shareholder becoming an interested shareholder.

*b.* Upon consummation of the transaction which resulted in the shareholder becoming an interested shareholder, the interested shareholder owned at least eighty-five percent of the voting stock of the corporation outstanding at the time the transaction commenced, excluding, for purposes of determining the number of shares outstanding, those shares owned by persons who are directors and officers, and by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer.

*c.* At or subsequent to the time the shareholder became an interested shareholder, the business combination is approved by the board of directors and authorized at an annual or special meeting of shareholders by the affirmative vote of at least sixty-six and two-thirds percent of the outstanding voting stock which is not owned by the interested shareholder. Such approval shall not be by written consent.

2. This section does not apply in any of the following circumstances:

*a.* The corporation does not have a class of voting stock that is listed on a national securities exchange, authorized for quotation on the national association of securities dealers automated quotations — national market system, or held of record

by more than two thousand shareholders, unless any of the foregoing results from action taken, directly or indirectly, by an interested shareholder or from a transaction in which a person becomes an interested shareholder.

*b.* The corporation's original articles of incorporation contain a provision expressly electing not to be governed by this section.

*c.* The corporation, by action of its board of directors, adopts an amendment to its bylaws by no later than September 29, 1997, expressly electing not to be governed by this section, which amendment shall not be further amended by the board of directors.

*d.* The corporation, by action of its shareholders, adopts an amendment to its articles of incorporation or bylaws expressly electing not to be governed by this section, provided that, in addition to any other vote required by law, such amendment to the articles of incorporation or bylaws must be approved by the affirmative vote of a majority of the shares entitled to vote. An amendment adopted pursuant to this paragraph is effective immediately in the case of a corporation that has never had a class of voting stock that falls within any of the three categories set out in paragraph "a" and has not elected by a provision in its original articles of incorporation or any amendment to such articles to be governed by this section. In all other cases, an amendment adopted pursuant to this paragraph is not effective until twelve months after the adoption of the amendment and does not apply to any business combination between the corporation and any person who became an interested shareholder of the corporation on or prior to such adoption.

An amendment to the bylaws adopted pursuant to this paragraph shall not be further amended by the board of directors.

*e.* A shareholder becomes an interested shareholder inadvertently and both of the following apply:

(1) As soon as practicable the shareholder divests itself of ownership of sufficient shares so that the shareholder ceases to be an interested shareholder.

(2) The shareholder would not, at any time within the three-year period immediately prior to a business combination between the corporation and such shareholder, have been an interested shareholder but for the inadvertent acquisition of ownership.

*f.* (1) The business combination is proposed prior to the consummation or abandonment of and subsequent to the earlier of the public announcement or the notice required in this paragraph of a proposed transaction which satisfies all of the following:

(a) Constitutes a transaction described in subparagraph (2).

(b) Is with or by a person who either was not an interested shareholder during the previous three

years or who became an interested shareholder with the approval of the corporation's board of directors or who became an interested shareholder during the time period described in paragraph "g".

(c) Is approved or not opposed by a majority of the members of the board of directors then in office who were directors prior to any person becoming an interested shareholder during the previous three years, or who were recommended for election or elected to succeed such directors by a majority of such directors.

(2) A proposed transaction under subparagraph (1) is limited to the following:

(a) A merger of the corporation, other than a merger pursuant to section 490.1105.

(b) A sale, lease, exchange, mortgage, pledge, transfer, or other disposition, in one or more transactions and whether as part of a dissolution or otherwise, of assets of the corporation or of any direct or indirect majority-owned subsidiary of the corporation, other than to a direct or indirect wholly owned subsidiary of the corporation or to the corporation itself, which has an aggregate market value equal to fifty percent or more of either the aggregate market value of all of the assets of the corporation determined on a consolidated basis, or the aggregate market value of all the outstanding stock of the corporation.

(c) A proposed tender or exchange offer for fifty percent or more of the outstanding voting stock of the corporation.

(3) The corporation shall give no less than twenty days' notice to all interested shareholders prior to the consummation of any of the transactions described in subparagraph (2), subparagraph subdivision (a) or (b).

g. The business combination is with an interested shareholder who becomes an interested shareholder of the corporation at a time when the corporation is not subject to this section pursuant to paragraph "a", "b", "c", or "d".

Notwithstanding paragraphs "a" through "d", a corporation may elect under its original articles of incorporation or any amendment to such articles to be subject to this section. However, such amendment shall not apply to restrict a business combination between the corporation and an interested shareholder of the corporation if the interested shareholder became such prior to the effective date of the amendment.

3. As used in this section, unless the context otherwise requires:

a. "Affiliate" means a person that directly, or indirectly, through one or more intermediaries, controls, or is controlled by, or is under common control with, another person.

b. "Associate", when used to indicate a relationship with a person, means any of the following:

(1) A corporation, partnership, unincorporated association, or other entity of which the person is a director, officer, or partner or is, directly or indirectly, the owner of twenty percent or more of

any class of voting stock.

(2) A trust or other estate in which the person has at least a twenty percent beneficial interest or as to which such person serves as trustee or in a similar fiduciary capacity.

(3) A relative or spouse of the person, or any relative of the spouse, who has the same residence as the person.

c. "Business combination", with respect to a corporation and an interested shareholder of such corporation, means any of the following:

(1) A merger or consolidation of the corporation or any direct or indirect majority-owned subsidiary of the corporation with the interested shareholder, or with any other corporation, partnership, unincorporated association, or other entity if the merger or consolidation is caused by the interested shareholder and as a result of such merger the surviving entity is not subject to subsection 1.

(2) A sales, lease, exchange, mortgage, pledge, transfer, or other disposition, in one transaction or a series of transactions, except proportionately as a shareholder of such corporation, to or with the interested shareholder, whether as part of a dissolution or otherwise, of assets of the corporation or of any direct or indirect majority-owned subsidiary of the corporation which assets have an aggregate market value equal to ten percent or more of either the aggregate market value of all the assets of the corporation determined on a consolidated basis or the aggregate market value of all the outstanding stock of the corporation.

(3) A transaction which results in the issuance or transfer by the corporation or by any direct or indirect majority-owned subsidiary of the corporation of any stock of the corporation or of such subsidiary to the interested shareholder, except for the following:

(a) Pursuant to the exercise, exchange, or conversion of securities exercisable for, exchangeable for, or convertible into stock of the corporation or such subsidiary which securities were outstanding prior to the time that the interested shareholder became an interested shareholder.

(b) Pursuant to a merger under section 490.1105.

(c) Pursuant to a distribution paid or made, or the exercise, exchange, or conversion of securities exercisable for, exchangeable for, or convertible into stock of such corporation or any such subsidiary, which stock is distributed pro rata to all holders of a class or series of stock of the corporation subsequent to the time the interested shareholder became an interested shareholder.

(d) Pursuant to an exchange offer by the corporation to purchase stock made on the same terms to all holders of the stock.

(e) Any issuance or transfer of stock by the corporation, provided, however, that in no case under subparagraph subdivisions (c) and (d) and this subparagraph subdivision shall there be an in-

crease in the interested shareholder's proportionate share of the stock of any class or series of the corporation or of the voting stock of the corporation.

(4) A transaction involving the corporation or any direct or indirect majority-owned subsidiary of the corporation which has the effect, directly or indirectly, of increasing the proportionate share of the stock of any class or series, or securities convertible into the stock of any class or series, of the corporation or of any such subsidiary which is owned by the interested shareholder, except as a result of immaterial changes due to fractional share adjustments or as a result of any purchase or redemption of any shares of stock not caused, directly or indirectly, by the interested shareholder.

(5) The receipt by the interested shareholder of the benefit, directly or indirectly, except proportionately as a shareholder of such corporation, of any loans, advances, guarantees, pledges, or other financial benefits, other than those expressly permitted in subparagraphs (1) through (4), provided by or through the corporation or any direct or indirect majority-owned subsidiary.

d. "Control", including the terms "controlling", "controlled by", and "under common control with", means the ability, directly or indirectly, to direct or cause the direction of the management and policies of a person, whether through the ownership of voting stock, by contract, or otherwise. A person who is the owner of twenty percent or more of the outstanding voting stock of any corporation, partnership, unincorporated association, or other entity is presumed to have control of such entity, in the absence of proof by a preponderance of the evidence to the contrary. Notwithstanding this paragraph, a presumption of control shall not apply where a person holds voting stock, in good faith and not for the purpose of circumventing this section, as an agent, bank, broker, nominee, custodian, or trustee for one or more owners who do not individually or as a group have control of such entity.

e. "Interested shareholder" means any person, other than the corporation and any direct or indirect majority-owned subsidiary of the corporation, that is the owner of ten percent or more of the outstanding voting stock of the corporation, or is an affiliate or associate of the corporation and was the owner of ten percent or more of the outstanding voting stock of the corporation at any time within the three-year period immediately prior to the date on which it is sought to be determined whether such person is an interested shareholder, and the affiliates and associates of such person. "Interested shareholder" does not include a person whose ownership of shares in excess of the ten percent limitation is the result of action taken solely by the corporation, provided that such person is an interested shareholder if, after such action by the corporation, the person acquires additional shares of voting stock of the corporation, other than as a

result of further corporate action not caused, directly or indirectly, by such person.

For purposes of determining whether a person is an interested shareholder, the outstanding voting stock of the corporation does not include any other unissued stock of the corporation which may be issuable pursuant to any agreement, arrangement, or understanding, or upon exercise of conversion rights, warrants, or options, or otherwise.

f. "Owner", including the terms "own" and "owned" when used with respect to any stock, means a person that individually or with or through any of such person's affiliates or associates satisfies any of the following:

(1) Beneficially owns such stock, directly or indirectly.

(2) Has the right to do either of the following:

(a) Acquire such stock, whether such right is exercisable immediately or only after the passage of time, pursuant to any agreement, arrangement, or understanding, or upon the exercise of conversion rights, exchange rights, warrants, or options, or otherwise. However, a person is not deemed the owner of stock tendered pursuant to a tender or exchange offer made by such person or any of such person's affiliates or associates until such tendered stock is accepted for purchase or exchange.

(b) Vote such stock pursuant to any agreement, arrangement, or understanding. However, a person is not deemed the owner of any stock because of such person's right to vote such stock if the agreement, arrangement, or understanding to vote such stock arises solely from the revocable proxy or consent given in response to a proxy or consent solicitation made to ten or more persons.

(3) Has any agreement, arrangement, or understanding for the purpose of acquiring, holding, voting, or disposing of such stock with any other person who beneficially owns, or whose affiliates or associates beneficially own, directly or indirectly, such stock. However, an agreement, arrangement, or understanding for the purpose of voting such stock does not include voting pursuant to a revocable proxy or consent under subparagraph (2), subparagraph subdivision (b).

g. "Person" means any individual, corporation, partnership, unincorporated association, or other entity.

h. "Stock" means, with respect to any corporation, capital stock and, with respect to any other entity, any equity interest.

i. "Voting stock" means, with respect to any corporation, stock of any class or series entitled to vote generally in the election of directors and, with respect to any entity that is not a corporation, any equity interest entitled to vote generally in the election of the governing body of such entity.

4. The articles of incorporation or bylaws shall not require, for any vote of shareholders required by this section, a greater vote of shareholders than that specified in this section.

97 Acts, ch 117, §5; 97 Acts, ch 188, §52; 98 Acts,

DIVISION XII  
DISPOSITION OF ASSETS

**490.1201 Disposition of assets not requiring shareholder approval.**

Approval of the shareholders of a corporation is not required to do any of the following, unless the articles of incorporation otherwise provide:

1. To sell, lease, exchange, or otherwise dispose of any or all of the corporation's assets in the usual and regular course of business.

2. To mortgage, pledge, dedicate to the repayment of indebtedness, whether with or without recourse, or otherwise encumber any or all of the corporation's assets, whether or not in the usual and regular course of business.

3. To transfer any or all of the corporation's assets to one or more corporations or other entities, all of the shares or interests of which are owned by the transferring corporation.

4. To distribute assets pro rata to the holders of one or more classes or series of the corporation's shares.

89 Acts, ch 288, §129; 2002 Acts, ch 1154, §76, 125

**490.1202 Shareholder approval of certain dispositions.**

1. A sale, lease, exchange, or other disposition of assets, other than a disposition described in section 490.1201, requires approval of the corporation's shareholders if the disposition would leave the corporation without a significant continuing business activity. If a corporation retains a business activity that represented at least twenty-five percent of total assets at the end of the most recently completed fiscal year, and twenty-five percent of either income from continuing operations before taxes or revenues from continuing operations for that fiscal year, in each case of the corporation and its subsidiaries on a consolidated basis, the corporation will conclusively be deemed to have retained a significant continuing business activity; but no presumption that the disposition will leave the corporation without a significant continuing business activity shall arise from the fact that the corporation's continuing business activity does not equal or exceed any of these percentages.

2. A disposition that requires approval of the shareholders under subsection 1 shall be initiated by a resolution by the board of directors authorizing the disposition. After adoption of such a resolution, the board of directors shall submit the proposed disposition to the shareholders for their approval. The board of directors shall also transmit to the shareholders a recommendation that the shareholders approve the proposed disposition,

unless the board of directors makes a determination that because of conflicts of interest or other special circumstances it should not make such a recommendation, in which case the board of directors shall transmit to the shareholders the basis for that determination.

3. The board of directors may condition its submission of a disposition to the shareholders under subsection 2 on any basis.

4. If a disposition is required to be approved by the shareholders under subsection 1, and if the approval is to be given at a meeting, the corporation shall notify each shareholder, whether or not entitled to vote, of the meeting of shareholders at which the disposition is to be submitted for approval. The notice shall state that the purpose, or one of the purposes, of the meeting is to consider the disposition and shall contain a description of the disposition, including the terms and conditions of the disposition and the consideration to be received by the corporation.

5. Unless the articles of incorporation, bylaws, or the board of directors acting pursuant to subsection 3 require a greater vote or a greater number of votes to be present, the approval of a disposition by the shareholders shall require the approval of the shareholders at a meeting at which a quorum consisting of at least a majority of the votes entitled to be cast on the disposition exists.

6. After a disposition has been approved by the shareholders under subsection 2, and at any time before the disposition has been consummated, it may be abandoned by the corporation without action by the shareholders, subject to any contractual rights of other parties to the disposition.

7. A disposition of assets in the course of dissolution under division XIV is not governed by this section.

8. The assets of a direct or indirect consolidated subsidiary shall be deemed the assets of the parent corporation for the purposes of this section.

a. Consummation of a merger to which the corporation is a party if either of the following apply:

(1) Shareholder approval is required for the merger by section 490.1104 and the shareholder is entitled to vote on the merger, except that appraisal rights shall not be available to any shareholder of the corporation with respect to shares of any

(2) The corporation is a subsidiary and the merger is governed by section 490.1105.

b. Consummation of a share exchange to which the corporation is a party as the corporation whose shares will be acquired, if the shareholder is entitled to vote on the exchange, except that appraisal rights shall not be available to any shareholder of the corporation with respect to any class or series of shares of the corporation that is not exchanged.

c. Consummation of a disposition of assets pursuant to section 490.1202 if the shareholder is entitled to vote on the disposition.

2. Notwithstanding subsection 1, the availability of the appraisal rights under subsection 1, paragraphs “a” through “d”, shall be limited in accordance with the following provisions:

a. Appraisal rights shall not be available for the holders of shares of any class or series of shares:

(1) Listed on the New York stock exchange or the American stock exchange or designated as a national market system security on an interdealer quotation system by the national association of securities dealers, inc.

(2) Not so listed or designated, but has at least two thousand shareholders and the outstanding shares of such class or series has a market value of at least twenty million dollars, exclusive of the value of such shares held by its subsidiaries, senior executives, directors, and beneficial shareholders owning more than ten percent of such shares.

b. The applicability of paragraph “a” shall be determined according to the following:

(1) The record date fixed to determine the shareholders entitled to receive notice of, and to vote at, the meeting of shareholders to act upon the corporate action requiring appraisal rights.

(2) The day before the effective date of such corporate action if there is no meeting of shareholders.

c. Paragraph “a” shall not be applicable and appraisal rights shall be available pursuant to subsection 1 for the holders of any class or series of shares who are required by the terms of the corporate action requiring appraisal rights to accept for such shares anything other than cash or shares of any class or any series of shares of any corpora-

tion, or any other proprietary interest of any other entity, that satisfies the standards set forth in paragraph “a”, at the time the corporate action becomes effective.

d. Paragraph “a” shall not be applicable and appraisal rights shall be available pursuant to subsection 1 for the holders of any class or series of shares where any of the following applies:

(1) Any of the shares or assets of the corporation are being acquired or converted, whether by merger, share exchange, or otherwise, pursuant to the corporate action by a person, or by an affiliate of a person, who fulfills either of the following:

(a) Is, or at any time in the one-year period immediately preceding approval by the board of directors of the corporate action requiring appraisal rights was, the beneficial owner of twenty percent or more of the voting power of the corporation, excluding any shares acquired pursuant to an offer for all shares having voting power if such offer was made within one year prior to the corporate action requiring appraisal rights for consideration of the same kind and of a value equal to or less than that paid in connection with the corporate action.

(b) Directly or indirectly has, or at any time in the one-year period immediately preceding approval by the board of directors of the corporation of the corporate action requiring appraisal rights had, the power, contractually or otherwise, to cause the appointment or election of twenty-five percent or more of the directors to the board of directors of the corporation.

(2) Any of the shares or assets of the corporation are being acquired or converted, whether by merger, share exchange, or otherwise, pursuant to such corporate action by a person, or by an affiliate of a person, who is, or at any time in the one-year period immediately preceding approval by the board of directors of the corporate action requiring appraisal rights was, a senior executive or director of the corporation or a senior executive of any affiliate thereof, and that senior executive or director will receive, as a result of the corporate action, a financial benefit not generally available to other shareholders as such, other than any of the following:

(b) Employment, consulting, retirement, or similar benefits established in contemplation of, or as part of, the corporate action that are not more favorable than those existing before the corporate action or, if more favorable, that have been approved on behalf of the corporation in the same manner as is provided in section 490.832.

(c) In the case of a director of the corporation who will, in the corporate action, become a director of the acquiring entity in the corporate action or one of its affiliates, rights and benefits as a director that are provided on the same basis as those afforded by the acquiring entity generally to other

directors of such entity or such affiliate.

e. For the purposes of paragraph “d” only, the term “beneficial owner” means any person who, directly or indirectly, through any contract, arrangement, or understanding, other than a revocable proxy, has or shares the power to vote, or to direct the voting of, shares, provided that a member of a national securities exchange shall not be deemed to be a beneficial owner of securities held directly or indirectly by such member on behalf of another person solely because the member is the record holder of such securities if the member is precluded by the rules of such exchange from voting without instruction on contested matters or matters that may affect substantially the rights or privileges of the holders of the securities to be voted. When two or more persons agree to act together for the purpose of voting their shares of the corporation, each member of the group formed thereby shall be deemed to have acquired beneficial ownership, as of the date of such agreement, of all voting shares of the corporation beneficially owned by any member of the group.

3. Notwithstanding any other provision of this section, the articles of incorporation as originally filed or any amendment thereto may limit or eliminate appraisal rights for any class or series of preferred shares, but any such limitation or elimination contained in an amendment to the articles of incorporation that limits or eliminates appraisal rights for any of such shares that are outstanding immediately prior to the effective date of such amendment or that the corporation is or may be required to issue or sell thereafter pursuant to any conversion, exchange, or other right existing immediately before the effective date of such amendment, shall not apply to any corporate action that becomes effective within one year of that date if such action would otherwise afford appraisal rights.

4. A shareholder entitled to appraisal rights under this chapter is not entitled to challenge a completed corporate action for which appraisal rights are available unless such corporate action meets one of the following standards:

a. It was not effectuated in accordance with the applicable provisions of division X, XI, or XII or the corporation’s articles of incorporation, bylaws, or board of directors’ resolution authorizing the corporate action.

b. It was procured as a result of fraud or material misrepresentation.

#### **490.1303 Assertion of rights by nominees and beneficial owners.**

1. A record shareholder may assert appraisal rights as to fewer than all the shares registered in the record shareholder’s name but owned by a beneficial shareholder only if the record shareholder objects with respect to all shares of the class

or series owned by the beneficial shareholder and notifies the corporation in writing of the name and address of each beneficial shareholder on whose behalf appraisal rights are being asserted. The rights of a record shareholder who asserts appraisal rights for only part of the shares held of record in the record shareholder's name under this subsection shall be determined as if the shares as to which the record shareholder objects and the record shareholder's other shares were registered in the names of different record shareholders.

2. A beneficial shareholder may assert appraisal rights as to shares of any class or series held on behalf of the shareholder only if the shareholder does both of the following:

In the case of a merger under section 490.1105, the parent must deliver a written appraisal notice and form to all record shareholders who may be entitled to assert appraisal rights.

2. The appraisal notice must be sent no earlier than the date the corporate action became effective and no later than ten days after such date and must do all of the following:

b. State all of the following:

(1) Where the form must be sent and where certificates for certificated shares must be deposited and the date by which those certificates must be deposited, which date shall not be earlier than the date for receiving the required form under subparagraph (2).

If a shareholder fails to make this certification, the corporation may elect to treat the shareholder’s shares as after-acquired shares under section 490.1325. In addition, a shareholder who wishes to exercise appraisal rights must execute and return the form and, in a case of certificated shares, deposit the shareholder’s certificates in accordance with the terms of the notice by the date referred to in the notice pursuant to section 490.1322, subsection 2, paragraph “b”, subparagraph (2). 2. If the corporation elects to withhold payment under subsection 1, it must within thirty days after the form required by section 490.1322, subsection 2, paragraph “b”, subparagraph (2), is due, notify all shareholders who are described in subsection 1 regarding all of the following:

section 490.1326 shall be deemed to have accepted the corporation's offer.

A shareholder offered payment under section 490.1325 who is dissatisfied with that offer must reject the offer and demand payment of the shareholder's stated estimate of the fair value of the shares plus interest.

2. A shareholder who fails to notify the corporation in writing of that shareholder's demand to be paid the shareholder's stated estimate of the fair value plus interest under subsection 1 within thirty days after receiving the corporation's payment or offer of payment under section 490.1324 or 490.1325, respectively, waives the right to demand payment under this section and shall be entitled only to the payment made or offered pursuant to those respective sections.

fair value of the shares and accrued interest. If the corporation does not commence the proceeding within the sixty-day period, it shall pay in cash to each shareholder the amount the shareholder demanded pursuant to section 490.1326 plus interest.

2. The corporation shall commence the proceeding in the district court of the county where the corporation's principal office or, if none, its registered office, in this state is located. If the corporation is a foreign corporation without a registered office in this state, it shall commence the proceeding in the county in this state where the principal office or registered office of the domestic corporation merged with the foreign corporation was located at the time of the transaction.

3. The corporation shall make all shareholders, whether or not residents of this state, whose demands remain unsettled, parties to the proceeding as in an action against their shares and all parties must be served with a copy of the petition. Nonresidents may be served by registered or certified mail or by publication as provided by law.

4. The jurisdiction of the court in which the proceeding is commenced under subsection 2 is plenary and exclusive. The court may appoint one or more persons as appraisers to receive evidence and recommend a decision on the question of fair value. The appraisers shall have the powers described in the order appointing them, or in any amendment to it. The shareholders demanding appraisal rights are entitled to the same discovery rights as parties in other civil proceedings. There shall be no right to a jury trial.

5. Each shareholder made a party to the proceeding is entitled to judgment for either of the following:

*a.* The amount, if any, by which the court finds the fair value of the shareholder's shares, plus interest, exceeds the amount paid by the corporation to the shareholder for such shares.

The court shall assess the costs against the corporation, except that the court may assess costs against all or some of the shareholders demanding appraisal, in amounts the court finds equitable, to the extent the court finds such shareholders acted arbitrarily, vexatiously, or not in good faith with respect to the rights provided by this division.

2. The court in an appraisal proceeding may also assess the fees and expenses of counsel and experts for the respective parties, in amounts the court finds equitable, for either of the following:

*b.* Against either the corporation or a shareholder demanding appraisal, in favor of any other party, if the court finds that the party against whom the fees and expenses are assessed acted arbitrarily, vexatiously, or not in good faith with respect to the rights provided by this chapter.

3. If the court in an appraisal proceeding finds that the services of counsel for any shareholder were of substantial benefit to other shareholders similarly situated, and that the fees for those services should not be assessed against the corporation, the court may award to such counsel reasonable fees to be paid out of the amounts awarded the shareholders who were benefited.

4. To the extent the corporation fails to make a required payment pursuant to section 490.1324, 490.1325, or 490.1326, the shareholder may sue directly for the amount owed and, to the extent successful, shall be entitled to recover from the corporation all costs and expenses of the suit, including counsel fees.

Venue for a proceeding brought by any other party named in section 490.1430 lies in the county where a corporation's principal office or, if none in this state, its registered office is or was last located.

2. It is not necessary to make shareholders parties to a proceeding to dissolve a corporation unless relief is sought against them individually.

3. A court in a proceeding brought to dissolve a corporation may issue injunctions, appoint a receiver or custodian pendente lite with all powers and duties the court directs, take other action required to preserve the corporate assets wherever located, and carry on the business of the corporation until a full hearing can be held.

**490.1432 Receivership or custodianship.**

1. The court appointing a receiver or custodian has exclusive jurisdiction over the corporation and all its property wherever located.

2. The court may appoint an individual or a domestic or foreign corporation authorized to transact business in this state as a receiver or custo-

dian. The court may require the receiver or custodian to post bond, with or without sureties, in an amount the court directs.

a. The receiver may do either or both of the following:

(2) Sue and defend in the receiver's own name as receiver of the corporation in all courts of this state.

b. The custodian may exercise all of the powers of the corporation, through or in place of its board of directors or officers, to the extent necessary to manage the affairs of the corporation in the best interests of its shareholders and creditors.

2. After entering the decree of dissolution, the court shall direct the winding up and liquidation of the corporation's business and affairs in accordance with section 490.1405 and the notification of claimants in accordance with sections 490.1406 and 490.1407.

89 Acts, ch 288, §159

#### **490.1434 Election to purchase in lieu of dissolution.**

1. In a proceeding under section 490.1430, subsection 2, to dissolve a corporation that has no shares listed on a national securities exchange or regularly traded in a market maintained by one or more members of a national or affiliated securities association, the corporation may elect or, if it fails to elect, one or more shareholders may elect to purchase all shares owned by the petitioning shareholder at the fair value of the shares. An election

pursuant to this section shall be irrevocable unless the court determines that it is equitable to set aside or modify the election.

2. An election to purchase pursuant to this section may be filed with the court at any time within ninety days after the filing of the petition under section 490.1430, subsection 2, or at such later time as the court in its discretion may allow. If the election to purchase is filed by one or more shareholders, the corporation shall, within ten days thereafter, give written notice to all shareholders, other than the petitioner. The notice must state the name and number of shares owned by the petitioner and the name and number of shares owned by each electing shareholder and must advise the recipients of their right to join the election to purchase shares in accordance with this section. Shareholders who wish to participate must file notice of their intention to join in the purchase no later than thirty days after the effective date of the notice to them. All shareholders who have filed an election or notice of their intention to participate in the election to purchase thereby become parties to the proceeding and shall participate in the purchase in proportion to their ownership of shares as of the date the first election was filed, unless they otherwise agree or the court otherwise directs. After an election has been filed by the corporation or one or more shareholders, the proceeding under section 490.1430, subsection 2, shall not be discontinued or settled, nor shall the petitioning shareholder sell or otherwise dispose of the shareholder's shares, unless the court determines that it would be equitable to the corporation and the shareholders, other than the petitioner, to permit such discontinuance, settlement, sale, or other disposition.

3. If, within sixty days of the filing of the first election, the parties reach agreement as to the fair value and terms of purchase of the petitioner's shares, the court shall enter an order directing the purchase of the petitioner's shares upon the terms and conditions agreed to by the parties.

4. If the parties are unable to reach an agreement as provided for in subsection 3, the court, upon application of any party, shall stay the section 490.1430, subsection 2, proceedings and determine the fair value of the petitioner's shares as of the day before the date on which the petition under section 490.1430, subsection 2, was filed or as of such other date as the court deems appropriate under the circumstances.

5. Upon determining the fair value of the shares, the court shall enter an order directing the purchase upon such terms and conditions as the court deems appropriate, which may include payment of the purchase price in installments, where necessary in the interests of equity, provision for security to assure payment of the purchase price and any additional costs, fees, and expenses as may have been awarded, and, if the shares are to be purchased by shareholders, the allocation of

shares among them. In allocating petitioner's shares among holders of different classes of shares, the court shall attempt to preserve the existing distribution of voting rights among holders of different classes insofar as practicable and may direct that holders of a specific class or classes shall not participate in the purchase. Interest may be allowed at the rate and from the date determined by the court to be equitable, but if the court finds that the refusal of the petitioning shareholder to accept an offer of payment was arbitrary or otherwise not in good faith, no interest shall be allowed. If the court finds that the petitioning shareholder has probable grounds for relief under section 490.1430, subsection 2, paragraph "b" or "d", it may award to the petitioning shareholder reasonable fees and expenses of counsel and of any experts employed by the shareholder.

6. Upon entry of an order under subsection 3 or 5, the court shall dismiss the petition to dissolve the corporation under section 490.1430, and the petitioning shareholder shall no longer have any rights or status as a shareholder of the corporation, except the right to receive the amounts awarded to the shareholder by the order of the court which shall be enforceable in the same manner as any other judgment.

7. The purchase ordered pursuant to subsection 5 shall be made within ten days after the date the order becomes final, unless before that time the corporation files with the court a notice of its intention to adopt articles of dissolution pursuant to sections 490.1402 and 490.1403, which articles must then be adopted and filed within fifty days thereafter. Upon filing of such articles of dissolution, the corporation shall be dissolved in accordance with the provisions of sections 490.1405 through 490.1407, and the order entered pursuant to subsection 5 shall no longer be of any force or effect, except that the court may award the petitioning shareholder reasonable fees and expenses in accordance with the provisions of the last sentence of subsection 5 and the petitioner may continue to pursue any claims previously asserted on behalf of the corporation.

8. Any payment by the corporation pursuant to an order under subsection 3 or 5, other than an award of fees and expenses pursuant to subsection 5, is subject to the provisions of section 490.640.
