A city or county which has a project which qualifies for the use of these funds shall submit a request for the funds to the state department of transportation. A city or county may, at its option, apply moneys allocated for use on city or county projects under this subsection toward qualifying projects on the primary system. The state department of transportation in consultation with the department of natural resources shall determine which projects qualify for the funds and which projects shall be funded if the requests for the funds exceed the availability of the funds. In ranking applications for funds, the department shall consider the proportion of political subdivision matching funds to be provided, if any, and the proportion of private contributions to be provided, if any. In considering the proportion of political subdivision matching funds provided, the department shall consider only those moneys which are in addition to those which the political subdivision

has historically provided toward such projects. Funds allocated to the cities, the counties, and the department which are not programmed by the end of each fiscal year shall be available for redistribution to any eligible applicant regardless of the original allocation of funds. Such funds shall be awarded for eligible projects based upon their merit in meeting the program objectives established by the department under section 314.22. The department shall submit a report of all projects funded in the previous fiscal year to the governor and to the general assembly on January 15 of each year.

Beginning April 1, 1990, the moneys in the living roadway trust fund shall be allocated between the state, counties, and cities in the same proportion that the road use tax funds are allocated under section 312.2, subsections 1, 2, 3, and 4. However, after April 1, 1990, a city or county shall not be eligible to receive moneys from the living roadway trust fund unless the city or county has an integrated roadside vegetation management plan in place consistent with the objectives in section 314.22.

2. *a.* The department may authorize projects which provide grants or loans to local governments and organizations which are developing community entryway enhancement and other planting demonstration projects. Planning, public education, installation, and initial maintenance planning and development may be determined by the department to be eligible activities for funding under this paragraph. Projects approved under this paragraph require a local match or contribution toward the overall project cost.

*b.* The department may authorize projects which provide grants or loans to local governments for the purchase of specialized equipment and special staff training for the establishment of alternative forms of roadside vegetation. Projects approved under this paragraph require a local match or contribution toward the overall project cost.

*c.* The department, in order to create greater visual effect, shall investigate alternatives for concentrating plantings at strategic locations to gain a greater visual impact and appeal as well as stronger scenic value. Equal attention shall be given to providing safe and effective habitats for wildlife which can coexist with highways.

*d.* The department may authorize projects which provide grants or loans to local jurisdictions for increased protection through the use of easements, fee title acquisition, covenants, zoning ordinances, or other provisions for protection of vegetation and desirable environment adjacent to the right-of-way. Off-right-of-way projects shall emphasize vegetation protection or enhancement, scenic and wildlife values, erosion control and enhancement of vegetation management projects within the right-of-ways.

3. *a.* Moneys allocated to the state under subsection 1 shall be expended as follows:

(1) Fifty thousand dollars annually to the department for the services of the integrated roadside vegetation management coordinator and support.

(2) One hundred thousand dollars annually for education programs, research and demonstration projects, and vegetation inventories and strategies, under section 314.22, subsections 5, 6, and 8.

85 Acts, ch 231, §11

**315.11 Additional factors and requirements.**

In addition to other effects and factors to be considered under section 315.5, for applications submitted after July 1, 1988, the following factors and requirements shall be considered or applied:

The department shall make a good faith effort to identify existing Iowa businesses within an industry in competition with the business being considered for assistance. The department shall make a good faith effort to determine the probability that the proposed financial assistance will displace employees of the existing businesses. In determining the impact on businesses in competition with the business being considered for assistance, jobs created as a result of other jobs being displaced elsewhere in the state shall not be considered direct jobs created.

2. The economic impact to the state of the proposed project. In measuring the economic impact the department shall award more points for the following:

- a. A project which has a greater consistency with the state strategic plan.\*
- b. A business with a greater percentage of sales out-of-state or of import substitution.

state suppliers.

d. A project which would provide greater diversification of the state economy.

e. A business with fewer in-state competitors.

f. A potential for future job growth.

g. A project which is not a retail operation.

3. The quality of jobs to be provided. Jobs that have a higher wage scale, have a lower turnover rate, are full-time, or are career-type positions are considered higher in quality. Businesses that have wage scales substantially below that of existing Iowa businesses in that area should be rated as providing the lowest quality of jobs and should therefore be given the lowest ranking for providing such assistance.

4. If the business has a record of violations of the law over a period of time that tends to show a consistent pattern, the business shall be given the lowest ranking for providing assistance. The department shall make a good faith effort to compile this information.

5. If a business has, within three years of application for assistance, acquired or merged with an Iowa corporation or company, the business shall make a good faith effort to hire the workers of the merged or acquired company.

6. To be eligible for assistance a business shall provide for a preference for hiring residents of the state or the economic development area, except for out-of-state employees offered a transfer to Iowa or the economic development area.

7. All known required environmental permits must be granted and regulations met before monies are released.

### 316.3 Declaration of policy — authorization — divisibility of application.

1. The purpose of this chapter is to establish a uniform policy for the fair and equitable treatment of persons displaced as a result of federally assisted programs or projects in order that the persons shall not suffer disproportionate injuries as a result of programs or projects designed for the benefit of the public as a whole and to minimize the hardship of displacement on the persons. The general assembly declares that relocation assistance for persons displaced by programs and projects is a necessary and essential part of the programs and projects. This chapter shall be known and may be cited as the “*Relocation Assistance Law*.”

2. If a displacing agency subject to the provisions of the federal Uniform Relocation Act, or if another entity required or electing to provide any of the programs or payments authorized by this chapter, undertakes a project which results in the acquisition of real property or in a person being displaced from the person’s home, business, or farm, the displacing agency or other entity may provide relocation assistance, and make relocation payments to the displaced person and do the other acts and follow the procedures and practices as may be necessary to comply with the provisions of the federal Uniform Relocation Act and this chapter. Displacing agencies may provide all or a part of the program and payments authorized under this chapter to persons displaced by any program or project regardless of the funding source. However, to the extent a program or a payment is provided, the program or payment shall be provided on a uniform basis to all displaced persons.

3. If a provision, clause, or phrase of this chapter, or application of this chapter to a person or circumstance is adjudged invalid by any court of competent jurisdiction, the judgment shall not invalidate the remainder of the chapter, and the application of the chapter to other persons or circumstances shall not be affected by the adjudication.

moving the person, the person's family, business, farm operation, or other personal property subject to rules and limits established by the department. The payment may also provide for actual direct losses of tangible personal property, purchase of substitute personal property, business reestablishment expenses, storage expenses, and expenses incurred in searching for a replacement business or farm.

2. A displaced person eligible for payments under subsection 1, who is displaced from a dwelling and who elects to accept the payments authorized by this subsection in lieu of the payments authorized by subsection 1, may receive a moving expense and dislocation allowance determined according to a schedule established by the department.

3. A displaced person, as defined in section 316.1, subsection 2, paragraph "a", eligible for payments under subsection 1, who is displaced from the person's place of business or farm operation and who is eligible, may elect to accept the payment authorized by this subsection in lieu of the payment authorized by subsection 1. The payment shall consist of a fixed payment in an amount to be determined according to criteria established by the department. A person whose sole business at the displaced dwelling is the rental of the real property does not qualify for a payment under this subsection.

1. In addition to payments otherwise authorized by this chapter, the displacing agency shall make an additional payment to a displaced person who is displaced from a dwelling actually owned and occupied by the displaced person for not less than one hundred eighty days immediately prior to the initiation of negotiations for the acquisition of the property. All determinations to carry out this section shall be made in accordance with administrative rules adopted by the department. The additional payment shall include the following elements:

a. The amount, if any, which when added to the acquisition cost of the dwelling acquired by the displacing agency, equals the reasonable cost of a comparable replacement dwelling.

b. The amount, if any, which will compensate the displaced person for any increased interest costs and other debt service costs which the displaced person is required to pay for financing the acquisition of a comparable replacement dwelling. The amount shall be paid only if the dwelling acquired by the displacing agency was encumbered by a bona fide mortgage which was a valid lien on the dwelling for not less than one hundred and eighty days immediately prior to the initiation of

negotiations for the acquisition of the dwelling.

c. Actual, reasonable, and necessary expenses incurred by the displaced person for evidence of title, recording fees, and other closing costs incident to the purchase of a replacement dwelling, but not including prepaid expenses.

2. The additional payment authorized by this section shall be made only to a displaced person who purchases and occupies a decent, safe, and sanitary replacement dwelling within one year after the date on which the person receives final payment from the displacing agency of all costs of the acquired dwelling, or on the date on which the obligation of the displacing agency under section 316.8 is met, whichever is the later, except that the displacing agency may extend the eligibility period for good cause. If the period is extended, the payment under this section shall be based on the costs of relocating the person to a comparable replacement dwelling within one year of the applicable date.

All determinations to carry out this section shall be made in accordance with administrative rules adopted by the department. The displaced person may elect either of the following:

1. The amount necessary to enable the displaced person to lease or rent a comparable replacement dwelling. At the discretion of the displacing agency, a payment under this subsection may be made in periodic installments. Computations of a payment under this subsection to a low-income displaced person for a comparable replacement dwelling shall take into account the person's income.

2. The amount necessary to enable the person to make a down payment, including incidental expenses described in section 316.5, subsection 1, paragraph "c", on the purchase of a decent, safe, and sanitary dwelling. The person may, at the discretion of the displacing agency, be eligible under this subsection for the maximum payment allowed under subsection 1, except that, in the case of a displaced homeowner who has owned and occupied the displaced dwelling for at least ninety days but not more than one hundred and eighty days imme-

diately prior to the initiation of negotiations for the acquisition of the dwelling, the payment shall not exceed the payment the person would otherwise have received under section 316.5, subsection 1, had the person owned and occupied the displaced dwelling for one hundred and eighty days immediately prior to the initiation of the negotiations.

2. The displacing agency shall co-operate to the maximum extent feasible with federal, state, or local agencies to ensure that the displaced persons receive the maximum assistance available to them.

3. Each relocation assistance advisory program required by subsection 1 shall include such measures, facilities, or services as may be necessary or appropriate in order to comply with the provisions of the federal Uniform Relocation Act and this chapter.

4. The displacing agency shall provide other advisory services to displaced persons in order to minimize hardships to the displaced persons in adjusting to relocation.

5. The displacing agency shall co-ordinate relocation activities with project work, and other planned or proposed governmental actions or displacing activities in the community or nearby areas which may affect the carrying out of relocation assistance programs.

### **316.8 Housing replacement by the displacing agency.**

1. If a project cannot proceed on a timely basis because comparable replacement dwellings are not available, and the displacing agency determines that such dwellings cannot otherwise be made available, the displacing agency may take such action as is necessary or appropriate to provide the dwellings by use of funds authorized for the program or project. The displacing agency may let contracts for the construction of the dwellings, approve plans and specifications for the building of the dwellings, and supervise, inspect,

and approve the dwellings once constructed in order that the dwellings so constructed comply with the terms and conditions of this chapter. The displacing agency may under this section exceed the maximum amounts which may be paid under sections 316.5 and 316.6 on a case-by-case basis for good cause as determined in accordance with administrative rules adopted by the department.

2. A person shall not be required to move from the person's dwelling on or after July 1, 1971, on account of any program or project, unless the displacing agency is satisfied that a comparable replacement dwelling is available to the person.

89 Acts, ch 20, §12

### **316.9 Rules.**

2. The payments authorized by this chapter are fair and reasonable and as uniform as practicable.

3. A displaced person who makes proper application for a payment authorized by this chapter is paid promptly after a move or, in hardship cases, is paid in advance.

4. A person aggrieved by a determination as to eligibility for assistance or a payment authorized by this chapter, or the amount of a payment, upon application may have the matter reviewed. Rules governing reviews shall provide for a prompt one-step uncomplicated fact-finding process. Such a review is an appeal of an agency action as defined in section 17A.2, subsection 2, and is not a contested case. The decision rendered shall be the displacing agency's final agency action.

All rules shall be subject to the provisions of chapter 17A.

### **316.11 Acquisitions by other state agencies and political subdivisions.** Repealed by 89 Acts, ch 20, § 21.

### **316.12 Payments to displaced persons not to be considered as income.**

Except for any federal or state law providing low-income housing assistance, a payment received by a displaced person under this chapter shall not be considered as income for the purpose of determining the eligibility or extent of eligibil-

ity of any person for assistance under any federal or state law or for the purposes of chapter 422.

### 316.13 Administration.

In order to prevent unnecessary expenses and duplications of functions, and to promote uniform and effective administration of relocation assistance programs for displaced persons, the displacing agency may enter into contracts with any individual, firm, association, or corporation for services in connection with the programs, or may carry out its functions through any governmental agency, political subdivision, or instrumentality having an established organization for conducting relocation assistance programs. If practicable, the services of state or local housing agencies, or other agencies having experience in the administration or conduct of similar housing assistance activities shall be used.

### 316.14 Funding.

Funds appropriated or otherwise available to any state agency for a program or project shall also be available to carry out the provisions of this chapter.

Payments and expenditures under this chapter for highway projects are incident to and arise out

of the construction, maintenance, and supervision of public highways and streets, and, in the case of any federal-aid highway project, may be made by the department from the primary road fund and funds made available by the federal government for the purpose of carrying out this chapter. Payments made under this chapter may be made from the primary road fund in case of a primary road project only, and in other cases may be made from appropriate funds under the control of a political subdivision.

### 316.15 Federal grants — payment of right-of-way and relocation assistance benefits.

The department may do all things necessary to carry out the provisions of this chapter and to secure federal grants to make the payments required by this chapter, but the absence of federal aid to make such payments shall not discharge the obligation to make the payments. The department is authorized to pay all right-of-way and relocation assistance benefits in the full amount authorized by federal standards and rules. In order to avoid delays, payment for such benefits made in cooperation with the federal government may be advanced from the primary road fund.

To the total of all sums expended, the board shall add an amount equal to twenty-five percent of that total to compensate for the cost of supervision and administration and assess the resulting sum against the tract of real estate by a special tax, which shall be certified to the county auditor and county treasurer by the clerk of the board of supervisors, and shall be placed upon the tax books, and collected, with interest after delinquent, in the same manner as other unpaid taxes. The tax shall be due on March 1 after assessment, and shall be delinquent from April 1 after due. 2. Before making any such assessment, the board of supervisors shall prepare a plat or schedule showing the several lots, tracts of land or parcels of ground to be assessed which shall be in accord with the assessor's records and the amount proposed to be assessed against each of the same for destroying or controlling weeds during the fiscal year.

3. Notice of such hearing shall be given by one publication in official county newspapers in the county in which the property to be assessed is situated; or by posting a copy of such notice on the premises affected and by mailing a copy by certified mail to the last known address of the person owning or controlling said premises. At such time and place the owner of said premises or anyone liable to pay such assessment, may appear with the same rights given by law before boards of review, in reference to assessments for general taxation.

Registration plates issued for county sheriff's patrol vehicles shall display one seven-pointed gold star followed by the letter "S" and the call number of the vehicle. However, the director of the department of administrative services or the director of transportation may order the issuance of regular registration plates for any exempted vehicle used by peace officers in the enforcement of the law, persons enforcing chapter 124 and other laws relating to controlled substances, persons in the department of justice, the alcoholic beverages division of the department of commerce, disease investigators of the Iowa department of public health, the department of inspections and appeals, and the department of revenue, who are regularly assigned to conduct investigations which cannot reasonably be conducted with a vehicle displaying "official" state registration plates, persons in the Iowa lottery authority whose regularly assigned duties relating to security or the carrying of lottery tickets cannot reasonably be conducted with a vehicle displaying "official" registration plates, persons in the department of economic development who are regularly assigned duties relating to existing industry ex-

### **321.20B Proof of security against liability — driving without liability coverage.**

1. Notwithstanding chapter 321A, which requires certain persons to maintain proof of financial responsibility, a person shall not drive a motor vehicle on the highways of this state unless financial liability coverage, as defined in section 321.1, subsection 24B, is in effect for the motor vehicle and unless the driver has in the motor vehicle the proof of financial liability coverage card issued for the motor vehicle, or if the vehicle is registered in another state, other evidence that financial liability coverage is in effect for the motor vehicle.

It shall be conclusively presumed that a motor vehicle driven upon a parking lot which is available to the public without charge or which is available to customers or invitees of a business or facility without charge was driven on the highways of this state in order to enter the parking lot, and this section shall be applicable to such a motor vehicle. As used in this section, “*parking lot*” includes access roads, drives, lanes, aisles, entrances, and exits to and from a parking lot described in this paragraph.

This subsection does not apply to the operator of a motor vehicle owned by or leased to the United States, this state or another state, or any political subdivision of this state or of another state, or to a motor vehicle which is subject to section 325A.6 or 327B.6.

2. *a.* An insurance company transacting business in this state shall issue to its insured owners of motor vehicles registered in this state a financial liability coverage card for each motor vehicle insured. Each financial liability coverage card shall identify the registration number or vehicle identification number of the motor vehicle insured and shall indicate the expiration date of the applicable insurance coverage. The financial liability coverage card shall also contain the name and address of the insurer or the name of the insurer and the name and address of the insurance agency, the name of the insured, and an emergency telephone number of the insurer or emergency telephone number of the insurance agency.

*b.* The insurance division and the department, as appropriate, shall adopt rules regarding the contents of a financial liability coverage card to be issued pursuant to this section. Notwithstanding the provisions of this section, a fleet owner is not required to maintain in each vehicle a financial liability coverage card with the individual registration number or the vehicle identification number of the vehicle included on the card. Such fleet owner shall be required to maintain a financial liability coverage card in each vehicle in the fleet including information deemed appropriate by the commissioner of insurance or the director, as applicable.

3. If the financial liability coverage for a motor vehicle which is registered in this state is canceled or terminated effective prior to the expiration date indicated on the financial liability coverage card issued for the vehicle, the person to whom the financial liability coverage card was issued shall destroy the card.

4. *a.* If a peace officer stops a motor vehicle registered in this state and the driver is unable to provide proof of financial liability coverage, the peace officer shall do one of the following:

- (1) Issue a warning memorandum to the driver.
- (2) Issue a citation to the driver.
- (3) Issue a citation and remove the motor vehicle.

hicle's license plates and registration receipt. Upon removing the license plates and registration receipt, the peace officer shall deliver the plates for destruction, as appropriate, and forward the registration receipt and evidence of the violation, as determined by the department, to the county treasurer of the county in which the motor vehicle is registered. The motor vehicle may be driven for a time period of up to forty-eight hours after receiving the citation solely for the purpose of removing the motor vehicle from the highways of this state, unless the driver's operating privileges are otherwise suspended.

After receiving the citation, the driver shall keep the citation in the motor vehicle at all times while driving the motor vehicle as provided in this subparagraph, as proof of the driver's privilege to drive the motor vehicle for such limited time and purpose.

(4) (a) Issue a citation, remove the motor vehicle's license plates and registration receipt, and impound the motor vehicle. The peace officer shall deliver the plates for destruction, as appropriate, and forward the registration receipt and evidence of the violation, as determined by the department, to the county treasurer of the county in which the motor vehicle is registered.

(b) A motor vehicle which is impounded may be claimed by a person if the owner provides proof of financial liability coverage and proof of payment of any applicable fine and the costs of towing and storage for the motor vehicle. If the motor vehicle is not claimed within thirty days after impoundment, the motor vehicle may be treated as an abandoned vehicle pursuant to section 321.89.

(c) The holder of a security interest in a motor vehicle which is impounded pursuant to this subparagraph shall be notified of the impoundment within seventy-two hours of the impoundment of the motor vehicle and shall have the right to claim the motor vehicle upon the payment of all fees. However, if the value of the vehicle is less than the security interest, all fees shall be divided equally between the lienholder and the political subdivision impounding the vehicle.

b. An owner or driver of a motor vehicle who is charged with a violation of subsection 1 and issued a citation under paragraph "a", subparagraph (3) or (4), is subject to the following:

(1) An owner or driver who produces to the clerk of court, prior to the date of the individual's court appearance as indicated on the citation, proof that financial liability coverage was in effect for the motor vehicle at the time the person was stopped and cited, or, if the driver is not the owner of the motor vehicle, proof that liability coverage was in effect for the driver with respect to the motor vehicle being driven at the time the driver was stopped and cited, in the same manner as if the motor vehicle were owned by the driver, shall be given a receipt indicating that such proof was provided and be subject to one of the following:

(a) If the person was cited pursuant to paragraph "a", subparagraph (3), the owner or driver shall provide a copy of the receipt to the county treasurer of the county in which the motor vehicle is registered and the owner shall be assessed a fifteen dollar administrative fee by the county treasurer who shall issue new license plates and registration to the person after payment of the fee.

(b) If the person was cited pursuant to paragraph "a", subparagraph (4), the owner or driver, after the owner provides proof of financial liability coverage to the clerk of court, may claim the motor vehicle after such person pays any applicable fine and the costs of towing and storage for the motor vehicle, and the owner or driver provides a copy of the receipt and the owner pays to the county treasurer of the county in which the motor vehicle is registered a fifteen dollar administrative fee, and the county treasurer shall issue new license plates and registration to the person.

(2) An owner or driver who is charged with a violation of subsection 1 and is unable to show that financial liability coverage was in effect for the motor vehicle at the time the person was stopped and cited may do either of the following:

(a) Sign an admission of violation on the citation and remit to the clerk of court a scheduled fine as provided in section 805.8A, subsection 14, paragraph "f", for a violation of subsection 1. Upon payment of the fine to the clerk of court of the county where the citation was issued, payment of a fifteen dollar administrative fee to the county treasurer of the county in which the motor vehicle is registered, and providing proof of payment of any applicable fine and proof of financial liability coverages to the county treasurer of the county in which the motor vehicle is registered, the treasurer shall issue new license plates and registration to the owner.

(b) Request an appearance before the court on the matter. If the matter goes before the court, and the owner or driver is found guilty of a violation of subsection 1, the court may impose a fine as provided in section 805.8A, subsection 14, paragraph "f", for a violation of subsection 1, or the court may order the person to perform unpaid community service instead of the fine. Upon the payment of the fine or the entry of the order for unpaid community service, the person shall provide proof of payment or entry of such order and the county treasurer of the county in which the motor vehicle is registered shall issue new license plates and registration to the owner upon the owner providing proof of financial liability coverage and paying a fifteen dollar administrative fee to the county treasurer.

c. An owner or driver cited for a violation of subsection 1, who produces to the clerk of court prior to the date of the person's court appearance as indicated on the citation proof that financial liability coverage was in effect for the motor vehicle at the time the person was stopped and cited, shall

not be convicted of such violation and the citation issued shall be dismissed by the court. Upon dismissal, the court or clerk of court shall assess the costs of the action against the defendant named on the citation.

5. If the motor vehicle is not registered in this state and the driver is a nonresident, the peace officer shall do one of the following:

*a.* Issue a warning memorandum to the driver.

*b.* Issue a citation. An owner or driver who produces to the clerk of court prior to the date of the person's court appearance as indicated on the citation proof that the financial liability coverage was in effect for the motor vehicle at the time the person was stopped and cited, or if the driver is not the owner of the motor vehicle, proof that liability coverage was in effect for the driver with respect to the motor vehicle being driven at the time the driver was stopped and cited in the same manner as if the motor vehicle were owned by the driver, shall be given a receipt indicating that proof was provided, and the citation issued shall be dismissed by the court. Upon dismissal, the court or clerk of court shall assess the costs of the action against the defendant named on the citation.

6. This section does not apply to a snowmobile or all-terrain vehicle or to a motor vehicle identified in section 321.18, subsections 1 through 6, and subsection 8.

7. This section does not apply to a lienholder who has a security interest in a motor vehicle subject to the registration requirements of this chapter, so long as such lienholder maintains financial liability coverage for any motor vehicle driven or moved by the lienholder in which the lienholder has an interest.

8. This section does not apply to a motor vehicle owned by a motor vehicle dealer or wholesaler licensed pursuant to chapter 322.

9. The director of transportation and the commissioner of insurance shall adopt rules pursuant to chapter 17A to administer this section.

### **321.23 Titles to specially constructed and foreign vehicles.**

1. If the vehicle to be registered is a specially constructed, reconstructed, or foreign vehicle, such fact shall be stated in the application. A fee of ten dollars shall be paid by the person making the application upon issuance of a certificate of title by the county treasurer. For a specially constructed or reconstructed motor vehicle subject to registration, the application shall be accompanied by a statement from the department authorizing the motor vehicle to be titled and registered in this state. The department shall cause a physical inspection to be made of all specially constructed or reconstructed motor vehicles, upon application for a certificate of title by the owner, to determine whether the motor vehicle complies with the definition of specially constructed motor vehicle or reconstructed motor vehicle in this chapter and to determine that the integral component parts are properly identified and that the rightful ownership is established before issuing the owner the authority to have the motor vehicle registered and titled. The purpose of the physical inspection under this section is not to determine whether the motor vehicle is in a condition safe to operate. The owner of a specially constructed or reconstructed vehicle shall apply for a certificate of title and registration for the vehicle at the county treasurer's office within thirty days of the inspection. For a foreign vehicle which has been registered outside this state, the owner shall surrender to the treasurer all registration plates, registration cards, and certificates of title, or if the vehicle to be registered is from a nontitle state, the evidence of foreign registration and ownership as may be prescribed by the department except as provided in subsection 2.

2. Where in the course of operation of a vehicle registered in another state it is desirable to retain

registration of said vehicle in such other state, such applicant need not surrender but shall submit for inspection said evidence of such foreign registration and the treasurer upon a proper showing shall register said vehicle in this state but shall not issue a certificate of title for such vehicle.

3. In the event an applicant for registration of a foreign vehicle for which a certificate of title has been issued is able to furnish evidence of being the registered owner of the vehicle to the county treasurer of the owner's residence, although unable to surrender such certificate of title, the county treasurer may issue a registration receipt and plates upon receipt of the required registration fee but shall not issue a certificate of title thereto. Upon surrender of the certificate of title from the foreign state, the county treasurer shall issue a certificate of title to the owner, or person entitled thereto, of such vehicle as provided in this chapter. The owner of a vehicle registered under this subsection shall not be required to obtain a certificate of title in this state and may transfer ownership of the vehicle to a motor vehicle dealer licensed under chapter 322 if, at the time of the transfer, the certificate of title is held by a secured party and the dealer has forwarded to the secured party the sum necessary to discharge the security interest pursuant to section 321.48, subsection 1.

4. A vehicle which does not meet the equipment requirements of this chapter due to the particular use for which it is designed or intended, may be registered by the department upon payment of appropriate fees and after inspection and certification by the department that the vehicle is not in an unsafe condition. A person is not required to have a certificate of title to register a vehicle under this subsection. If the owner elects to have a certificate of title issued for the vehicle, a fee of ten dollars shall be paid by the person making the application upon issuance of a certificate of title. If the department's inspection reveals that the vehicle may be safely operated only under certain conditions or on certain types of roadways, the department may restrict the registration to limit operation of the vehicle to the appropriate conditions or roadways. This subsection does not apply to snowmobiles as defined in section 321G.1. Section 321.382 does not apply to a vehicle registered under this subsection which is operated exclusively by a person with a disability who has obtained a persons with disabilities parking permit as provided in section 321L.2, if the persons with disabilities parking permit is carried in or on the vehicle and shown to a peace officer on request.

### **321.24 Issuance of registration and certificate of title.**

1. Upon receipt of the application for title and payment of the required fees for a motor vehicle, trailer, or semitrailer, the county treasurer or the department shall, when satisfied as to the application's genuineness and regularity, and, in the case of a mobile home or manufactured home, that taxes are not owing under chapter 435, issue a certificate of title and, except for a mobile home or manufactured home, a registration receipt, and shall file the application, the manufacturer's or importer's certificate, the certificate of title, or other evidence of ownership, as prescribed by the department. The registration receipt shall be delivered to the owner and shall contain upon its face the date issued, the name and address of the owner, the registration number assigned to the vehicle, the amount of the fee paid, the amount of tax paid pursuant to section 423.26, the type of fuel used, a description of the vehicle as determined by the department, and a form for notice of transfer of the vehicle. The name and address of any lessee of the vehicle shall not be printed on the registration receipt or certificate of title. Up to three owners may be listed on the registration receipt and certificate of title.

2. The county treasurer shall maintain in the county record system information contained on the registration receipt. The information shall be accessible by registration number and shall be open for public inspection during reasonable business hours. Copies the department requires shall be sent to the department in the manner and at the time the department directs.

3. The certificate of title shall contain upon its face the identical information required upon the face of the registration receipt. In addition, the certificate of title shall contain a statement of the owner's title, the title number assigned to the owner or owners of the vehicle, the amount of tax paid pursuant to section 423.26, the name and address of the previous owner, and a statement of all security interests and encumbrances as shown in the application, upon the vehicle described, including

the nature of the security interest, date of perfection, and name and address of the secured party.

4. If the prior certificate of title is from another state and indicates that the vehicle was rebuilt, the new certificate of title and registration receipt shall contain the designation "REBUILT" printed on its face together with the name of the state issuing the prior title. The designation shall be retained on the face of all subsequent certificates of title and registration receipts for the vehicle.

5. If the prior certificate of title is from another state and indicates that the vehicle was junked, an Iowa junking certificate shall be issued according to section 321.52, subsections 2 and 3. If the prior certificate of title from another state indicates that the vehicle is salvaged and not rebuilt or is a salvage certificate of title, an Iowa salvage certificate of title shall be issued and a "SALVAGE" designation shall be retained on all subsequent Iowa certificates of title and registration receipts for the vehicle, except as provided under section 321.52, subsection 4, paragraph "b". The department may require that subsequent Iowa certificates of title retain other states' designations which indicate that a vehicle had incurred prior damage. The department shall determine the manner in which other states' rebuilt, salvage, or other designations are to be indicated on Iowa titles.

6. If the prior certificate of title is from another state and indicates that the vehicle was returned to the manufacturer pursuant to a law of another state similar to chapter 322G, the new registration receipt and certificate of title, and all subsequent registration receipts and certificates of title issued for the vehicle, shall contain a designation indicating the vehicle was returned to the manufacturer. The department shall determine the manner in which other states' designations are to be indicated on Iowa registration receipts and certificates of title. The department may determine that a "REBUILT" or "SALVAGE" designation supersedes the designation required by this subsection and include the "REBUILT" or "SALVAGE" designation on the registration receipt and certificate of title in lieu of the designation required by this subsection.

7. The certificate shall contain the name of the county treasurer or of the department and, if the certificate of title is printed, the signature of the county treasurer, the deputy county treasurer, or the department director or deputy designee. The certificate of title shall contain upon the reverse side a form for assignment of title or interest and warranty by the owner, for reassignments by a dealer licensed in this state or in another state if the state in which the dealer is licensed permits Iowa licensed dealers to similarly reassign certificates of title. However, titles for mobile homes or manufactured homes shall not be reassigned by licensed dealers. Notwithstanding section 321.1, subsection 17, as used in this paragraph "dealer" means every person engaged in the business of

buying, selling, or exchanging vehicles of a type required to be registered under this chapter.

8. The original certificate of title shall be delivered to the owner if there is no security interest. Otherwise the certificate of title shall be delivered by the county treasurer or the department to the person holding the first security interest. Delivery may be made using electronic means.

9. The county treasurer or the department shall maintain in the county or department records system information contained on the certificate of title. The information shall be accessible by title certificate number for a period of three years from the date of notification of cancellation of title or that a new title has been issued as provided in this chapter. Copies the department requires shall be sent to the department in the manner and at the time the department directs. The department shall designate a uniform system of title numbers to indicate the county of issuance.

10. A vehicle shall be registered for the registration year. A vehicle registered for the first time in this state shall be registered for the remaining unexpired months of the registration year and pay a registration fee prorated for the remaining unexpired months of the registration year. Except for a vehicle registered under chapter 326, a vehicle registered for the first time during the eleventh month of the owner's registration year may be registered for the remaining unexpired months of the registration year as provided in this paragraph or for the remaining unexpired months of the registration year and for the next registration year, upon payment of the applicable registration fees.

11. If the county treasurer or department is not satisfied as to the ownership of the vehicle or that there are no undisclosed security interests in it, or a junking certificate has been issued for the vehicle but a certificate of title will not be reissued under section 321.52, subsection 3, and the vehicle qualifies as an antique vehicle under section 321.115, subsection 1, the county treasurer or department may register the vehicle but shall, as a condition of issuing a certificate of title and registration receipt, require the applicant to file with the department a bond in the form prescribed by the department and executed by the applicant, and either accompanied by the deposit of cash with the department or also executed by a person authorized to conduct a surety business in this state. The owner of a vehicle subject to the bond requirements of this subsection shall apply for a certificate of title and registration for the vehicle at the county treasurer's office within thirty days of issuance of written authorization from the department. The bond shall be in an amount equal to one and one-half times the current value of the vehicle as determined by the department and conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the vehicle or person acquiring any security interest in it, and their respective successors in interest, against

any expense, loss, or damage, including reasonable attorney fees, by reason of the issuance of the certificate of title of the vehicle or on account of any defect in or undisclosed security interest upon the right, title, and interest of the applicant in and to the vehicle. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond, and any deposit accompanying it, shall be returned at the end of three years or prior thereto if the vehicle is no longer registered in this state and the currently valid certificate of title is surrendered to the department, unless the department has been notified of the pendency of an action to recover on the bond. The department may authorize issuance of a certificate of title as provided in this subsection for a vehicle with an unreleased security interest upon presentation of satisfactory evidence that the security interest has been extinguished and the holder of the security interest cannot be located to release the security interest as provided in section 321.50.

A vehicle may be operated upon the highways of this state without registration plates for a period of forty-five days after the date of delivery of the vehicle to the purchaser from a dealer if a card bearing the words “registration applied for” is attached on the rear of the vehicle. The card shall have plainly stamped or stenciled the registration number of the dealer from whom the vehicle was purchased and the date of delivery of the vehicle. In addition, a dealer licensed to sell new motor vehicles may attach the card to a new motor vehicle delivered by the dealer to the purchaser even if the vehicle was purchased from an out-of-state dealer and the card shall bear the registration number of the dealer that delivered the vehicle. A dealer shall not issue a card to a person known to the dealer to be in possession of registration plates which may be attached to the vehicle. A dealer shall not issue a card unless an application for registration and certificate of title has been made by the purchaser and a receipt issued to the purchas-

The dealer shall forward the application by the purchaser to the county treasurer or state office within thirty calendar days from the date of delivery of the vehicle. However, if the vehicle is subject to a security interest and has been offered for sale pursuant to section 321.48, subsection 1, the dealer shall forward the application by the purchaser to the county treasurer or state office within thirty calendar days from the date of the delivery of the vehicle to the purchaser.

The department shall, upon request by any dealer, furnish “registration applied for” cards free of charge. Only cards furnished by the department shall be used. Only one card shall be issued in accordance with this subsection for each vehicle purchased.

### **321.26 Multiple registration periods and adjustments.**

1. There are established twelve registration periods for the registration of vehicles by the county treasurer. Each registration period shall commence on the first day of each calendar month following the month of the birth of the owner of the vehicle and end on the last day of the twelfth month.

2. The county treasurer may adjust the renewal or expiration date of vehicles when deemed necessary to equalize the number of vehicles registered in each twelve-month period or for the administrative efficiency of the county treasurer’s office. The adjustment shall be accomplished by delivery of a written notice to the vehicle owner of the adjustment and allowance of a credit for the remaining months of the unused portion of the registration fee, rounded to the nearest whole dollar, which amount shall be deducted from the annual registration fee due at the time of registration. Upon receipt of the notification the owner shall, within thirty days, surrender the registration card and registration plates to the county treasurer of the county where the vehicle is registered, except that the registration plates shall not be surrendered if validation stickers or other emblems are used to designate the month and year of expiration of registration. Upon payment of the annual registration fee, less the credit allowed for the remaining months of the unused portion of the registration fee, the county treasurer shall issue a new registration card and registration plates, val-

idation stickers, or emblems which indicate the month and year of expiration of registration.

3. Vehicles subject to registration which are owned by a person other than a natural person shall be registered for a registration year as determined by the county treasurer.

**321.30 Grounds for refusing registration or title.**

The department or the county treasurer shall refuse registration and issuance of a certificate of title or any transfer of title and registration upon any of the following grounds:

1. That the application contains any false or fraudulent statement or that the applicant has failed to furnish required information or reasonable additional information requested by the department or that the applicant is not entitled to registration and issuance of a certificate of title of the vehicle under this chapter.

2. That the vehicle is mechanically unfit or unsafe to be operated or moved upon the highways, providing such condition is revealed by a member of this department, or any peace officer.

3. That the department or the county treasurer has reasonable ground to believe that the vehicle is a stolen or embezzled vehicle or that the granting of registration and issuance of a certificate of title would constitute a fraud against the rightful owner.

4. That the registration of the vehicle stands suspended or revoked for any reason as provided in the motor vehicle laws of this state.

5. That the required fee has not been paid except as provided in section 321.48.

The transferee shall present with the application the certificate of title endorsed and assigned by the previous owner and shall indicate the name of the county in which the vehicle was last registered and the registration expiration date.

A manufacturer applying for a certificate of title pursuant to section 322G.12 shall pay a title fee of two dollars. However, a title fee shall not be charged to a manufacturer or mobile home retailer applying for a certificate of title for a used mobile home or manufactured home, titled in Iowa, as required under section 321.45,

subsection 4. The county treasurer, if satisfied of the genuineness and regularity of the application, and in the case of a mobile home or manufactured home, that taxes are not owing under chapter 435, and that applicant has complied with all the requirements of this chapter, shall issue a new certificate of title and, except for a mobile home, manufactured home, or a vehicle returned to and accepted by a manufacturer as described in section 322G.12, a registration card to the purchaser or transferee, shall cancel the prior registration for the vehicle, and shall forward the necessary copies to the department on the date of issuance, as prescribed in section 321.24. 3. The applicant shall be entitled to a credit for that portion of the registration fee of the vehicle sold, traded, or junked which had not expired prior to the transfer of ownership of the vehicle. The registration fee for the new registration for the vehicle acquired shall be reduced by the amount of the credit. The credit shall be computed on the basis of the number of months remaining in the registration year, rounded to the nearest whole dollar. The credit shall be subject to the following limitations:

*a.* The credit shall be claimed within thirty days from the date the vehicle for which credit is granted was sold, transferred, or junked. After thirty days, all credits shall be disallowed.

*b.* Any credit granted to the owner of a vehicle which has been sold, traded, or junked may only be claimed by that person toward the registration fee for another vehicle purchased and the credit may not be sold, transferred, or assigned to any other person.

*c.* When the amount of the credit is computed to be an amount of less than ten dollars, a credit shall be disallowed.

*d.* To claim a credit for the unexpired registration fee on a junked vehicle, the county treasurer shall disallow any claim for credit unless the owner presents a junking certificate or other evidence as required by the department to the county treasurer.

*e.* A credit shall not be allowed to any person who has made claim to receive a refund under section 321.126.

*f.* If the credit allowed exceeds the amount of the registration fee for the vehicle acquired, the owner may claim a refund under section 321.126, subsection 6, for the balance of the credit.

*g.* The credit shall be computed on the unexpired number of months computed from the date of purchase of the vehicle acquired.

5. The seller or transferor may file an affidavit on forms prescribed and provided by the department with the county treasurer of the county where the vehicle is registered certifying the sale or transfer of ownership of the vehicle and the assignment and delivery of the certificate of title for the vehicle. Upon filing the affidavit, it shall be presumed that the seller or transferor has assigned and delivered the certificate of title for the vehicle. For a leased vehicle, the lessor licensed pursuant to chapter 321F or the lessee may file an affidavit as provided in this subsection certifying that the lease has expired or been terminated and the date that the leased vehicle was surrendered to the lessor.

6. An applicant for a new registration for a vehicle transferred to the applicant by a spouse, parent or child of the applicant, or by operation of law upon inheritance, devise or bequest, from the applicant's spouse, parent or child, or by a former spouse pursuant to a decree of dissolution of marriage, is entitled to a credit to be applied to the registration fee for the transferred vehicle. A credit shall not be allowed unless the vehicle to which the credit applies is registered within the time specified under subsection 1. The credit shall be computed on the basis of the number of unexpired months remaining in the registration year of the former owner computed from the date the vehicle was transferred, computed to the nearest whole dollar. The credit may exceed the amount of the registration fee for the transferred vehicle. When the amount of the credit is computed to be an amount of less than ten dollars, the credit shall be disallowed. The credit shall not be sold, transferred, or assigned to any other person.

7. ### **321.50 Security interest provisions.**

1. A security interest in a vehicle subject to registration under the laws of this state or a mobile home or manufactured home, except trailers whose empty weight is two thousand pounds or less, and except new or used vehicles held by a dealer or manufacturer as inventory for sale, is perfected by the delivery to the county treasurer of the county where the certificate of title was issued or, in the case of a new certificate, to the county treasurer where the certificate will be issued, of an application for certificate of title which lists the security interest, or an application for notation of security interest signed by the owner or by one owner of a vehicle owned jointly by more than one

person, or signed through electronic means as determined by the department, or a certificate of title from another jurisdiction which shows the security interest, and payment of a fee of ten dollars for each security interest shown. The department shall require the federal employer identification number of a secured party who is a firm, association, or corporation or, if a natural person, the social security number. Upon delivery of the application and payment of the fee, the county treasurer shall note the date of delivery on the application. If the delivery is by electronic means and the time is electronically recorded on the application along with the date, the time shall be included with the date on all subsequent documents and records where the date of perfection is required under this chapter. The date of delivery shall be the date of perfection of the security interest in the vehicle, regardless of the date the security interest is noted on the certificate of title. Up to three security interests may be perfected against a vehicle and shown on an Iowa certificate of title. If the owner or secured party is in possession of the certificate of title, it must also be delivered at this time. If a vehicle is subject to a security interest when brought into this state, the validity of the security interest and the date of perfection is determined by section 554.9303. Delivery as provided in this subsection constitutes perfection of a security interest on a certificate of title for purposes of this chapter and chapter 554.

2. Upon receipt of the application and the required fee, if the certificate of title was not delivered to the county treasurer along with the application, the county treasurer shall notify the holder of the certificate of title to deliver to the county treasurer, within five days from the receipt of notice, the certificate of title to permit notation of the security interest. If the holder of the certificate of title fails to deliver it within five days, the holder shall be liable to anyone harmed by the holder's failure.

3. Upon receipt of the application, the certificate of title, if any, and the required fee, the county treasurer shall note the security interest and the date of perfection of the security interest on the certificate of title. The county treasurer shall also note the security interest and the date of perfection of the security interest in the county records system. Upon receipt of a certificate of title issued by a foreign jurisdiction, on which a security interest has been noted, the county treasurer shall note the security interest and the date the security interest was noted on the foreign certificate of title, if available, or if not, the date of issuance of the foreign certificate of title, on the face of the new certificate of title. The county treasurer shall also note the security interest and the date that was noted on the certificate of title in the county records system. The county treasurer shall then deliver the certificate of title to the first secured party as shown thereon.

4. Notwithstanding any provision of this section to the contrary, if a security interest has been delivered by electronic means, the county treasurer or department shall not print a certificate of title until all security interests have been released, but shall provide the first security interest holder with an electronic record of the certificate of title. When a vehicle is subject to an electronic lien, the certificate of title for the vehicle shall be considered to be physically held by the lienholder for purposes of compliance with odometer disclosure requirements under section 321.71.

5. *a.* When a security interest is discharged, the holder shall note a cancellation of the security interest on the face of the certificate of title over the holder's signature and deliver the certificate of title to the county treasurer where the title was issued. In the case of a security interest that has been delivered by electronic means, the holder shall notify the department or the county treasurer, in a manner prescribed by the department, of the release of the security interest. The county treasurer shall immediately note the cancellation of the security interest on the face of the certificate of title, if applicable, and in the county records system. The county treasurer shall on the same day deliver the certificate of title, if applicable, to the then first secured party or, if there is no such person, to the person as directed by the owner, in writing, on a form prescribed by the department or, if there is no person designated, then to the owner. The cancellation of the security interest shall be noted on the certificate of title by the county treasurer without charge. The holder of a security interest discharged by payment who fails to release the security interest within fifteen days after being requested in writing to do so shall forfeit to the person making the payment the sum of twenty-five dollars.

*b.* If a lien has been released by the lienholder but has not been sent to the county of record for clearance of the lien, any county may note the release on the face of the title and shall notify the county of record that the lien has been released as of the specified date and make entry upon the computer system. Notification to the county of record shall be made by an automated statewide system or by sending a photocopy of the released title to the county of record.

*c.* When a security interest is discharged, the lienholder shall note the cancellation of the security interest on the face of the title and, if applicable, may note the cancellation of the security interest on a form prescribed by the department and deliver a copy of the form in lieu of the title to the department or to the treasurer of the county in which the title was issued. The form may be delivered by electronic means. The department or county treasurer shall note the release of the security interest upon the statewide computer system and the county's records. A copy of the form, if used, shall

be attached to the title by the lienholder, if the title is held by the lienholder, and shall be evidence of the release of the security interest. If the title is held by the lienholder, the lienholder shall deliver the title to the first lienholder, or if there is no such person, to the person as designated by the owner, or if there is no such person designated, to the owner. If a certificate of title has not been issued, upon release of a security interest, the lienholder shall notify the department or the county treasurer, in a manner prescribed by the department, of the release of the security interest.

6. The Uniform Commercial Code, chapter 554, Article 9, shall apply to all transactions intended to create a security interest in vehicles except as provided in this chapter.

7. Upon request of any person, the county treasurer shall certify whether there are, on the date and hour stated therein, any security interests or liens against a vehicle and the name and address of each secured party. The uniform fee for a certification shall be two dollars if the request for the certification is on a form conforming to standards prescribed by the secretary of state; otherwise, three dollars. Upon request and payment of the appropriate fee, the county treasurer shall furnish a certified copy of any security interests for a uniform fee of one dollar per page.

**321.52 Out-of-state sales — junked, dismantled, wrecked, or salvage vehicles.**

1. When a vehicle is sold outside the state for purposes other than for junk, the owner, dealer or otherwise, shall detach the registration plates and registration card and shall indicate on the registration card the name and address of the foreign purchaser or transferee over the person's signature. Unless the registration plates are legally at-

tached to another vehicle, the owner shall surrender the registration plates and registration card to the county treasurer, who shall cancel the records, destroy the registration plates, and forward the registration card to the department. The department shall make a notation on the records of the out-of-state sale and, after a reasonable period, may destroy the files for that particular vehicle. The department is not authorized to make a refund of registration fees on a vehicle sold out of state unless it receives the registration card completed as provided in this section.

2. The purchaser or transferee of a motor vehicle for which a certificate of title is issued which is sold for scrap or junk shall surrender the certificate of title, properly endorsed and signed by the previous owner, to the county treasurer of the county of residence of the transferee, and shall apply for a junking certificate from the county treasurer, within thirty days after assignment of the certificate of title. The county treasurer shall issue to such person without fee a junking certificate. A junking certificate shall authorize the holder to possess, transport, or transfer by endorsement the ownership of the junked vehicle. A certificate of title shall not again be issued for the vehicle subsequent to the issuance of a junking certificate except as provided in subsection 3. The county treasurer shall cancel the record of the vehicle. The junking certificate shall be printed on the registration receipt form and shall be imprinted with the words "junking certificate", as prescribed by the department. A space for transfer by endorsement shall be on the junking certificate. A separate form for the notation of the transfer of component parts shall be attached to the junking certificate when the certificate is issued.

3. When a vehicle for which a certificate of title is issued is junked or dismantled by the owner, the owner shall detach the registration plates and surrender the plates to the county treasurer, unless the plates are properly assigned to another vehicle. The owner shall also surrender the certificate of title to the county treasurer. Upon surrendering the certificate of title and application for junking certificate, the county treasurer shall issue to the person, without fee, a junking certificate, which shall authorize the holder to possess, transport or transfer ownership of the junked vehicle by endorsement of the junking certificate. The county treasurer shall hold the surrendered certificate of title, registration receipt, application for junking certificate, and, if applicable, the registration plates for a period of fourteen days following the issuance of a junking certificate under this subsection. Within the fourteen-day period the person who was issued the junking certificate and to whom the vehicle was titled or assigned may surrender to the county treasurer the junking certificate, and upon the person's payment of appropriate fees and taxes and payment of any credit for registration fees received by the person for the ve-

hicle under section 321.46, subsection 3, the county treasurer shall issue to the person a certificate of title for the vehicle. After the expiration of the fourteen-day period, a county treasurer shall not issue a certificate of title for a junked vehicle for which a junking certificate is issued. The county treasurer shall cancel the record of the vehicle and forward the certificate of title to the department.

However, upon application the department upon a showing of good cause may issue a certificate of title after the fourteen-day period for a junked vehicle for which a junking certificate has been issued. For purposes of this subsection, "good cause" means that the junking certificate was obtained by mistake or inadvertence. If a person's application to the department is denied, the person may make application for a certificate of title under the bonding procedure as provided in section 321.24, if the vehicle qualifies as an antique vehicle under section 321.115, subsection 1, or the person may seek judicial review as provided under sections 17A.19 and 17A.20.

4. *a.* A vehicle rebuilder or a person engaged in the business of buying, selling, or exchanging vehicles of a type required to be registered in this state, upon acquisition of a wrecked or salvage vehicle, shall surrender the certificate of title or manufacturer's or importer's statement of origin properly assigned, together with an application for a salvage certificate of title, to the county treasurer of the county of residence of the purchaser or transferee within thirty days after the date of assignment of the certificate of title for the wrecked or salvage motor vehicle. This subsection applies only to vehicles with a fair market value of five hundred dollars or more, based on the value before the vehicle became wrecked or salvage. Upon payment of a fee of two dollars, the county treasurer shall issue a salvage certificate of title which shall bear the word "SALVAGE" stamped or printed on the face of the title in a manner prescribed by the department. A salvage certificate of title may be assigned to an educational institution, a new motor vehicle dealer licensed under chapter 322, a person engaged in the business of purchasing bodies, parts of bodies, frames or component parts of vehicles for sale as scrap metal, a salvage pool, or an authorized vehicle recycler licensed under chapter 321H. An authorized vehicle recycler licensed under chapter 321H or a new motor vehicle dealer licensed under chapter 322 may assign or reassign a salvage certificate of title to any person. A vehicle on which ownership has transferred to an insurer of the vehicle as a result of a settlement with the owner of the vehicle arising out of damage to, or unrecovered theft of, the vehicle shall be deemed to be a wrecked or salvage vehicle and the insurer shall comply with this subsection to obtain a salvage certificate of title within thirty days after the date of assignment of the certificate of title of the vehicle.

*b.* When a wrecked or salvage vehicle has been

repaired, the owner may apply for a regular certificate of title by paying the appropriate fees and surrendering the salvage certificate of title and a properly executed salvage theft examination certificate. A motor vehicle with a gross vehicle weight rating of thirty thousand pounds or more is not subject to the salvage theft examination otherwise required under paragraph "c", and the owner of such vehicle is not required to submit a salvage theft examination certificate. The county treasurer shall issue a regular certificate of title which shall bear a designation printed on the face of the title and printed on the registration receipt indicating that the vehicle was previously titled on a salvage certificate of title in a form approved by the department. This designation shall be included on every Iowa certificate of title and registration receipt issued thereafter for the vehicle. However, if ownership of a stolen vehicle has been transferred to an insurer organized under the laws of this state or admitted to do business in this state, or if the transfer was the result of a settlement with the owner of the vehicle arising from damage to or the unrecovered theft of the vehicle, and if the insurer certifies to the county treasurer on a form approved by the department that the insurance company has received one or more written estimates which state that the retail cost of repairs including labor, parts, and other materials of all damage to the vehicle is less than three thousand dollars, the county treasurer shall issue to the insurance company the regular certificate of title and registration receipt without this designation.

c. A salvage theft examination shall be made by a peace officer who has been specially certified and recertified when required by the Iowa law enforcement academy to do salvage theft examinations. The Iowa law enforcement academy shall determine standards for training and certification, conduct training, and may approve alternative training programs which satisfy the academy's standards for training and certification. The owner of the salvage vehicle shall make the vehicle available for examination at a time and location designated by the peace officer doing the examination. The owner may obtain a permit to drive the vehicle to and from the examination location by submitting a repair affidavit to the agency performing the examination stating that the vehicle is reasonably safe for operation and listing the repairs which have been made to the vehicle. The owner must be present for the examination and have available for inspection the salvage title, bills of sale for all essential parts changed, and the repair affidavit. The examination shall be for the purposes of determining whether the vehicle or repair components have been stolen. The examination is not a safety inspection and a signed salvage theft examination certificate shall not be construed by any court of law to be a certification that

the vehicle is safe to be operated. There shall be no cause of action against the peace officer or the agency conducting the examination or the county treasurer for failure to discover or note safety defects. If the vehicle passes the theft examination, the peace officer shall indicate that the vehicle passed examination on the salvage theft examination certificate. The permit and salvage theft examination certificate shall be on controlled forms prescribed and furnished by the department. The owner shall pay a fee of thirty dollars upon completion of the examination. The agency performing the examinations shall retain twenty dollars of the fee and shall pay five dollars of the fee to the department and five dollars of the fee to the treasurer of state for deposit in the general fund of the state. Moneys deposited to the general fund under this paragraph are subject to the requirements of section 8.60 and shall be used by the Iowa law enforcement academy to provide for the special training, certification, and recertification of officers as required by this subsection.

The state department of transportation shall adopt rules in accordance with chapter 17A to carry out this section.

d. For purposes of this subsection, "*wrecked or salvage vehicle*" means a damaged motor vehicle subject to registration for which the cost of repair exceeds fifty percent of the fair market value of the vehicle, as determined in accordance with rules adopted by the department, before it became damaged.

3. The damage disclosure statement shall be provided by the transferor to the transferee at or before the time of sale. If the transferor is not a resident of this state or if the transferee acquired the vehicle by operation of law as provided in section 321.47, the transferee shall not be required to submit a damage disclosure statement from the transferor with the transferee’s application for title unless the state of the transferor’s residence requires a damage disclosure statement. However, the transferee shall submit a damage disclosure statement with the transferee’s application for title indicating whether a salvage, rebuilt, or flood title had ever existed for the vehicle, and if not, whether the vehicle was damaged to the extent that it was a wrecked or salvage vehicle as defined in section 321.52, subsection 4, paragraph “d”, during or prior to the transferor’s ownership of the vehicle, and the year, make, and vehicle identification number of the motor vehicle. The transferee shall not be required to indicate whether the vehicle was damaged to the extent that it was a wrecked or salvage vehicle as defined in section 321.52, subsection 4, paragraph “d”, under this subsection if the transferor’s certificate of title is from another state and if it indicates that the vehicle is salvaged and not rebuilt or is another state’s salvage certificate of title.

4. A lessee who has executed a lease as defined in section 321F.1 shall provide a damage disclosure statement to the lessor at the termination of the lease. The damage disclosure statement shall be made on a separate disclosure document and shall state whether the vehicle was damaged during the term of the lease to the extent that it was a wrecked or salvage vehicle as defined in section 321.52, subsection 4, paragraph “d”. The lessee’s damage disclosure statement shall not be submitted with the application for title, but the lessor shall retain the lessee’s damage disclosure statement for five years following the date of the statement.

5. The department shall retain each damage disclosure statement received and copies shall be available to the public and the attorney general upon request.

6. Authorized vehicle recyclers licensed under chapter 321H and motor vehicle dealers licensed under chapter 322 shall maintain copies of all damage disclosure statements where the recycler or dealer is either the transferor or the transferee for five years following the date of the statement. The copies shall be made available to the department or the attorney general upon request.

7. The damage disclosure statements shall be made on the back of the certificate of title if the title is available to the transferor at the time of sale. If the title is not available at the time of sale or if the face of the transferor’s Iowa title contains no indication that the vehicle was previously salvaged or titled as a salvage, rebuilt, or flood vehicle and the transferor knows or reasonably should know that the vehicle was previously salvaged or titled as a salvage, rebuilt, or flood vehicle in another state, the transferor shall make the disclosure on a separate disclosure document. The damage disclosure statement forms shall be as approved by the department. The treasurer shall not accept a damage disclosure statement and issue a title unless the back of the title or separate disclosure document has been fully completed and signed and dated by the transferee and the transferor, if applicable. If a separate damage disclosure document from a prior owner is required to be furnished with the application for title, the transferor shall provide a copy of the separate damage disclosure document to the transferee at or before the time of sale.

In addition to the information required in subsection 2, a separate disclosure document shall state whether the vehicle’s certificate of title indicates the existence of damage prior to the period of the transferor’s ownership of the vehicle and whether the vehicle was titled as a salvage, rebuilt, or flood vehicle during the period of the transferor’s ownership of the vehicle.

8. A person, authorized vehicle recycler licensed under chapter 321H, or motor vehicle dealer licensed under chapter 322 shall not be liable to a subsequent owner, driver, or passenger of a vehi-

cle because a prior owner or lessee gave a false or inaccurate damage disclosure statement or failed to disclose that the vehicle had previously been damaged and repaired or had been titled on a salvage, rebuilt, or flood certificate of title unless the person, recycler, or dealer knew or reasonably should have known that the prior owner or lessee gave a false or inaccurate damage disclosure statement or failed to disclose that the vehicle had been damaged and repaired or had been titled on a salvage, rebuilt, or flood certificate of title.

9. Except for subsections 10 and 11, this section does not apply to motor trucks and truck tractors with a gross vehicle weight rating of sixteen thousand pounds or more, vehicles more than seven model years old, motorcycles, motorized bicycles, and special mobile equipment. This section does apply to motor homes. The requirement in subsection 1 that the new certificate of title and registration receipt shall state on the face whether a prior owner had disclosed that the vehicle was damaged to the extent that it was a wrecked or salvage vehicle as defined in section 321.52, subsection 4, paragraph “d”, does not apply to a vehicle with a certificate of title bearing a designation that the vehicle was previously titled on a salvage certificate of title pursuant to section 321.52, subsection 4, paragraph “b”, or to a vehicle with a certificate of title bearing a “REBUILT” or “SALVAGE” designation pursuant to section 321.24, subsection 4 or 5. Except for subsections 10 and 11, this section does not apply to new motor vehicles with a true mileage, as defined in section 321.71, of one thousand miles or less, unless such vehicle has incurred damage as described in subsection 2.

10. A person shall not sell, lease, or trade a motor vehicle if the person knows or reasonably should know that the motor vehicle contains a nonoperative airbag that is part of an inflatable restraint system, or that the motor vehicle has had an airbag removed and not replaced, unless the person clearly discloses, in writing, to the person to whom the person is selling, leasing, or trading the vehicle, prior to the sale, lease, or trade, that the airbag is missing or nonoperative. In addition, a lessee who has executed a lease as defined in section 321F.1 shall provide the disclosure statement required in this subsection to the lessor upon termination of the lease.

The written disclosure required by this subsection shall be deemed to be a damage disclosure statement for the purposes of subsections 6, 8, and 11.

11. A person who knowingly makes a false damage disclosure statement or fails to make a damage disclosure statement required by this section commits a fraudulent practice. Failure of a person, authorized vehicle recycler licensed under chapter 321H, or motor vehicle dealer licensed under chapter 322 to comply with any duty imposed

by this section constitutes a violation of section 714.16, subsection 2, paragraph “a”.

12. The department shall adopt rules as necessary to implement this section.

Subsection 9 amended

### 321.70 Dealer vehicles.

A dealer registered under this chapter shall not be required to register any vehicle owned by the dealer which is being held for sale or trade, provided the registration fee was not delinquent at the time the vehicle was acquired by the dealer. When a dealer ceases to hold any vehicle for sale or trade or the vehicle otherwise becomes subject to registration under this chapter the registration fee and delinquent registration fee, if any, shall be due for the registration year.

### 321.71 Odometer requirements.

1. For the purposes of this section the following words and phrases shall have the meanings respectively ascribed to them:

a. “*Intent and purpose of this section*” is and shall mean to achieve the end that odometers of motor vehicles shall at all times correctly show the true mileage that the motor vehicle has been driven.

b. “*True mileage*” is the actual mileage the motor vehicle has been driven.

2. No person shall knowingly tamper with, adjust, alter, change, set back, disconnect or fail to connect the odometer of any motor vehicle, or cause any of the foregoing to occur to an odometer of a motor vehicle, so as to reflect a lower mileage than the true mileage driven by the motor vehicle.

3. No person shall conspire with any other person to evade the intent and purpose of this section.

4. No person shall with the intent to defraud operate a motor vehicle on any street or highway knowing that the odometer of the motor vehicle is disconnected or nonfunctional.

5. No person shall advertise for sale, sell, use or install on any part of a motor vehicle or on any odometer in a motor vehicle any device which causes the odometer to register any mileage other than the true mileage.

6. In the event any odometer is repaired or replaced, the reading of the repaired or replaced odometer shall be set at the reading of the odometer repaired or replaced immediately prior to repair or replacement, but where the odometer is incapable of registering the same mileage the odometer shall be adjusted to read zero and any adjust-

ment made in accordance with the provisions of this subsection shall not be deemed a violation of any provision of this section.

7. A certificate of title shall not be issued for a motor vehicle less than ten model years old which is equipped with an odometer by the manufacturer, unless an odometer statement which is in compliance with federal law and regulations has been made by the transferor of the vehicle and is furnished with the application for certificate of title. The new certificate of title shall record on its face the odometer reading and the word "actual" if the true mileage is known. If the odometer reading is not the true mileage or the true mileage is unknown, the words "not actual" shall be recorded. If the odometer reading is greater than the odometer can mechanically count, the words "exceeds the mechanical limits" shall be recorded. However, a certificate of title may be issued for a motor vehicle to a person who moves into this state if the person acquired ownership of the motor vehicle prior to moving to this state. This subsection does not apply to motor vehicles having a gross vehicle weight rating of more than sixteen thousand pounds.

8. Any person who knowingly makes or delivers a false odometer statement as required by subsection 7 shall be guilty of a violation of this section.

9. An Iowa licensed motor vehicle dealer shall not have in possession as inventory for sale a used motor vehicle acquired by the dealer after the tenth model year prior to the current registration year, for which the dealer does not possess an odometer statement by the transferor which is in compliance with federal law and regulations unless a certificate of title has been issued for the vehicle in the name of the dealer. Transfer of a new motor vehicle with an ownership document which is a manufacturer's statement of origin requires an odometer statement only when transferred at retail.

10. A transferee of a motor vehicle reassigning the certificate of title to such motor vehicle pursuant to the provisions of section 321.48, subsection 1, shall not be guilty of a violation of this section if such transferee has in the transferee's possession an odometer statement by the transferor which is in compliance with federal law and regulations and if the transferee has no knowledge that the statement is false and that the transferee has no knowledge that the odometer does not reflect the true mileage of such motor vehicle.

11. The department may adopt rules which shall be in compliance with the federal Truth in Mileage Act of 1986, Pub. L. No. 99-579.

12. Any person who violates this section commits a fraudulent practice.

### **321.71A Nonoperative air bags.**

A person shall not install or reinstall for compensation, distribute, or sell a nonoperative air bag that is part of an inflatable restraint system for a motor vehicle if the person knows that the air bag is nonoperative. A violation of this section is an aggravated misdemeanor punishable by confinement for up to one year and a fine of at least five hundred dollars but not more than five thousand dollars.

For purposes of this section, "*nonoperative air bag*" includes an air bag that has been previously deployed, is nonfunctional, or is otherwise defective. "*Nonoperative air bag*" also includes anything that is inserted, or is intended to be inserted, in place of an air bag, which would prohibit an inflatable restraint system from functioning properly.

### 321.89 Abandoned vehicles.

1. *Definitions.* As used in this section and sections 321.90 and 321.91 unless the context otherwise requires:

a. *"Abandoned vehicle"* means any of the following:

(1) A vehicle that has been left unattended on public property for more than twenty-four hours and lacks current registration plates or two or more wheels or other parts which renders the vehicle totally inoperable.

(2) A vehicle that has remained illegally on public property for more than twenty-four hours.

(3) A vehicle that has been unlawfully parked on private property or has been placed on private property without the consent of the owner or person in control of the property for more than twenty-four hours.

(4) A vehicle that has been legally impounded by order of a police authority and has not been reclaimed for a period of ten days. However, a police authority may declare the vehicle abandoned within the ten-day period by commencing the notification process in subsection 3.

(5) Any vehicle parked on the highway determined by a police authority to create a hazard to other vehicle traffic.

(6) A vehicle that has been impounded pursuant to section 321J.4B by order of the court and whose owner has not paid the impoundment fees after notification by the person or agency responsible for carrying out the impoundment order.

b. *"Demolisher"* means a person licensed under chapter 321H whose business it is to convert a vehicle to junk, processed scrap, or scrap metal, or otherwise to wreck or dismantle vehicles.

c. *"Police authority"* means the state patrol, any law enforcement agency of a county or city, or any special security officer employed by the state board of regents under section 262.13.

2. *Authority to take possession of abandoned vehicles.* A police authority, upon the authority's own initiative or upon the request of any other authority having the duties of control of highways or traffic, shall take into custody an abandoned vehicle on public property and may take into custody an abandoned vehicle on private property. The police authority may employ its own personnel, equipment, and facilities or hire a private entity, equipment, and facilities for the purpose of removing, preserving, storing, or disposing of abandoned vehicles. If a police authority employs a private entity to dispose of abandoned vehicles, the police authority shall provide the private entity with the names and addresses of the registered owners, all

lienholders of record, and any other known claimant to the vehicle or the personal property found in the vehicle. The owners, lienholders, or other claimants of the abandoned vehicle shall not have a cause of action against a private entity for action taken under this section if the private entity provides notice as required by subsection 3, paragraph "a", to those persons whose names were provided by the police authority.

3. *Notification of owner, lienholders, and other claimants.*

a. A police authority or private entity that takes into custody an abandoned vehicle shall notify, within twenty days, by certified mail, the last known registered owner of the vehicle, all lienholders of record, and any other known claimant to the vehicle or to personal property found in the vehicle, addressed to the parties' last known addresses of record, that the abandoned vehicle has been taken into custody. Notice shall be deemed given when mailed. The notice shall describe the year, make, model, and vehicle identification number of the vehicle, describe the personal property found in the vehicle, set forth the location of the facility where the vehicle is being held, and inform the persons receiving the notice of their right to reclaim the vehicle and personal property within ten days after the effective date of the notice upon payment of all towing, preservation, and storage charges resulting from placing the vehicle in custody and upon payment of the costs of notice required pursuant to this subsection. The notice shall also state that the failure of the owner, lienholders, or claimants to exercise their right to reclaim the vehicle or personal property within the time provided shall be deemed a waiver by the owner, lienholders, and claimants of all right, title, claim, and interest in the vehicle or personal property and that failure to reclaim the vehicle or personal property is deemed consent to the sale of the vehicle at a public auction or disposal of the vehicle to a demolisher and to disposal of the personal property by sale or destruction. The notice shall state that any person claiming rightful possession of the vehicle or personal property who disputes the planned disposition of the vehicle or property by the police authority or private entity or of the assessment of fees and charges provided by this section may ask for an evidentiary hearing before the police authority to contest those matters. If the persons receiving the notice do not ask for a hearing or exercise their right to reclaim the vehicle or personal property within the ten-day reclaiming period, the owner, lienholders, or claimants shall no longer have any right, title, claim, or interest in or to the vehicle or the personal property. A court in any case in law or equity shall not recognize any right, title, claim, or interest of the owner, lienholders, or claimants after the expiration of the ten-day reclaiming period.

b. If it is impossible to determine with reasonable certainty the identity and addresses of the

last registered owner and all lienholders, notice by one publication in one newspaper of general circulation in the area where the vehicle was abandoned shall be sufficient to meet all requirements of notice under this section. The published notice may contain multiple listings of abandoned vehicles and personal property but shall be published within the same time requirements and contain the same information as prescribed for mailed notice in paragraph "a".

4. *Auction of abandoned vehicles.* If an abandoned vehicle has not been reclaimed as provided for in subsection 3, the police authority or private entity shall make a determination as to whether or not the vehicle shall be sold for use upon the highways. If the vehicle is not sold for use upon the highways, it shall be sold for junk, or demolished and sold as scrap. The police authority or private entity shall sell the vehicle at public auction. Notwithstanding any other provision of this section, a police authority or private entity may dispose of the vehicle to a demolisher for junk without public auction after complying with the notification procedures in subsection 3. The purchaser of the vehicle takes title free and clear of all liens and claims of ownership, shall receive a sales receipt from the police authority or private entity, and is entitled to register the vehicle and receive a certificate of title if sold for use upon the highways. If the vehicle is sold or disposed of to a demolisher for junk, the demolisher shall make application for a junking certificate to the county treasurer within thirty days of purchase and shall surrender the sales receipt in lieu of the certificate of title.

From the proceeds of the sale of an abandoned vehicle the police authority, if the police authority did not hire a private entity, shall reimburse itself for the expenses of the auction, the costs of towing, preserving, and storing which resulted from placing the abandoned vehicle in custody, all notice and publication costs incurred pursuant to subsection 3, the cost of inspection, and any other costs incurred except costs of bookkeeping and other administrative costs. Any remainder from the proceeds of a sale shall be held for the owner of the vehicle or entitled lienholder for ninety days, and shall then be deposited in the road use tax fund. The costs to police authorities of auction, towing, preserving, storage, and all notice and publication costs, and all other costs which result from placing abandoned vehicles in custody, whenever the proceeds from a sale of the abandoned vehicles are insufficient to meet these expenses and costs, shall be paid from the road use tax fund and are the obligation of the last owner or owners, jointly and severally.

The director of transportation shall establish by rule a claims procedure to be followed by police authorities in obtaining expenses and costs from the fund and procedures for reimbursement of expenses and costs to a private entity hired to take custo-

dy of an abandoned vehicle. If a private entity has been hired, the police authority shall file a claim with the department for reimbursement of towing fees which shall be paid from the road use tax fund.

### 321.90 Disposal of abandoned motor vehicles.

1. *Garagekeepers and abandoned motor vehicles.* Any motor vehicle left in a garage operated for commercial purposes after the period for which the vehicle was to remain on the premises shall, after notice by certified mail to the last known registered owner of the vehicle addressed to the owner's last known address of record to reclaim the vehicle within ten days of the date of the notice, be deemed an abandoned motor vehicle unless reclaimed by the owner within such ten-day period or the owner notifies the garagekeeper in writing within such period of time that such vehicle is not an abandoned motor vehicle and shall be reported by the garagekeeper to the police authority. If the identity or address of the last registered owner of the motor vehicle cannot be determined, the vehicle shall be deemed an abandoned motor vehicle on the eleventh day after the period for which the vehicle was to remain on the premises unless reclaimed by the owner within the ten-day period or the owner notifies the garagekeeper in writing within such period of time that such vehicle is not an abandoned motor vehicle and shall be reported by the garagekeeper to the police authority. All abandoned motor vehicles left in garages may be taken into custody by a police authority upon the request of the garagekeeper and sold in accordance with the procedures set forth in section 321.89, subsection 4, unless the motor vehicle is reclaimed. The proceeds of the sale shall be first applied to the garagekeeper's charges for towing and storage, and any surplus proceeds shall be distributed in accordance with section 321.89, subsection 4. Nothing in this section shall be construed to impair any lien of a garagekeeper under the laws of this state, or the right of a garagekeeper to foreclose the garagekeeper's lien, provided that a garagekeeper shall be deemed to have abandoned the garagekeeper's artisan lien when such vehicle is taken into custody by the police authority. For the purposes of this section "garagekeeper" means any operator of a parking place or establishment, motor vehicle storage facility, or establishment for the servicing, repair, or maintenance of motor vehicles.

2. *Disposal to demolisher.*

a. Any person, firm, corporation, or unit of gov-

ernment upon whose property or in whose possession is found any abandoned motor vehicle, or any person being the owner of a motor vehicle whose title certificate is faulty, lost, or destroyed and is thereby unable to transfer title to the motor vehicle, may apply to the police authority of the jurisdiction in which the motor vehicle is situated for authority to sell, give away, or otherwise dispose of the motor vehicle to a demolisher.

b. The application shall set out the name and address of the applicant, and the year, make, model, and vehicle identification number of the motor vehicle, if ascertainable, together with any other identifying features, and shall contain a concise statement of the facts surrounding the abandonment, or a statement that the title of the motor vehicle is lost or destroyed, or the reasons for the defect of title in the owner. The applicant shall execute an affidavit stating that the facts alleged are true and that no material fact has been withheld. An order for disposal obtained pursuant to section 555B.8, subsection 3, satisfies the application requirements of this paragraph.

c. The applicant shall make application for a junking certificate to the county treasurer within fifteen days of purchase and surrender the certificate of authority in lieu of the certificate of title. The demolisher shall accept the junking certificate in lieu of the certificate of title to the motor vehicle.

The police authority shall give the applicant a certificate of authority. The owner shall apply to the county treasurer for a junking certifi-

cate within fifteen days of purchase and shall surrender the certificate of authority in lieu of the certificate of title.

f. The owner of an abandoned motor vehicle and all lienholders shall no longer have any right, title, claim, or interest in or to the motor vehicle; and no court in any case in law or equity shall recognize any right, title, claim, or interest of any owner or lienholders after the disposal of the motor vehicle to a demolisher.

g. Any proceeds from the sale of an abandoned motor vehicle to a demolisher under this section, by one other than the owner of the vehicle, except the sale of a vehicle pursuant to an order for disposal obtained pursuant to section 555B.8, subsection 3, shall first be applied to that person's expenses in effecting the sale, including storage, towing, and disposal charges, and any surplus shall be distributed in accordance with section 321.89, subsection 4. These records shall contain the name and address of the person from whom each motor vehicle was purchased or received and the date when the purchases or receipts occurred. The records shall be open for inspection by any police authority at any time during normal business hours. Any record required by this section shall be kept by the demolisher for at least one year after the transaction to which it applies.

7. If the vehicle was leased and an affidavit was filed by the lessor or the lessee as provided in section 321.46, the lessor or the lessee, as applicable, may make a claim for a refund with the county treasurer of the county where the vehicle was registered within six months of the vehicle’s surrender to the lessor. The refund shall be paid to either the lessor or the lessee, as specified on the application for title and registration pursuant to section 321.20.

8. If the owner of the vehicle moves out of state, the owner may make a claim for a refund by returning the Iowa registration plates, along with evidence of the vehicle’s registration in another jurisdiction, to the county treasurer of the county in

which the vehicle was registered within six months of the out-of-state registration. For purposes of section 321.127, the unexpired months remaining in the registration year shall be calculated on the basis of the effective date of the out-of-state registration. However, for the purpose of timely issuance of the refund, the claim for a refund under this subsection is considered to be filed on the date the registration documents are received by the county treasurer.

9. Notwithstanding any provision of this section to the contrary, there shall be no refund of proportional registration fees unless the state which issued the base plate for the vehicle allows such refund. If an owner subject to proportional registration leases the vehicle for which the refund is sought, the claim shall be filed in the names of both the lessee and the lessor and the refund payment made payable to both the lessor and the lessee. The term "owner" for purposes of this section shall include a person in whom is vested right of possession or control of a vehicle which is subject to a lease, contract, or other legal arrangement vesting right of possession or control in addition to the term as defined in section 321.1, subsection 49.

## PENALTIES, COSTS, AND COLLECTIONS

**321.133 Methods of collection.**

The collection of all fees and penalties may be enforced against any vehicle or they may be collected by suit against the owner who shall remain personally liable therefor until such time as the transfer thereof shall be reported to the county treasurer and the department or until such time as said vehicle ceases to be in use and all fees and penalties to such date shall be paid.

**321.134 Monthly penalty.**

1. On the first day of the second month following the beginning of each registration year a penalty of five percent of the annual registration fee shall be added to the registration fees not paid by that date and an additional penalty of five percent shall be added the first day of each succeeding month, until the fee is paid. A penalty shall not be less than five dollars. If the owner of a vehicle surrenders the registration plates for a vehicle prior to the plates becoming delinquent, to the county treasurer of the county where the vehicle is registered, or to the department if the vehicle is registered under chapter 326, the owner may register the vehicle any time thereafter upon payment of the registration fee for the registration year without penalty. The penalty on vehicles registered under chapter 326 shall accrue February 1 of each year. To avoid a penalty or an additional penalty in the case of a delinquent registration, if the last calendar day of a month falls on Saturday, Sunday, or a holiday, the payment deadline is extended to include the first business day of the following month. For payments made through a county treasurer's authorized website only, if the last day of the month falls on a Saturday, Sunday, or a holiday, the electronic payment must be initiated by midnight on the first business day of the next month. All other electronic payments must be initiated by midnight on the last day of the month preceding the delinquent date.

2. The annual registration fee for trucks, truck tractors, and road tractors, as provided in sections 321.121 and 321.122, may be payable in two equal semiannual installments if the annual registration fee exceeds the registration fee for a vehicle with a gross weight exceeding five tons. The penalties provided in subsection 1 shall be computed on the amount of the first installment only and on the first day of the seventh month of the registration period the same rate of penalty shall apply to the second installment, until the fee is paid. Semiannual installments do not apply to commercial vehicles, as defined under section 326.2, subject to proportional registration, with a base state other

than the state of Iowa, as defined in section 326.2, subsection 1. The penalty on vehicles registered under chapter 326 accrues August 1 of each year except as provided in section 326.6.

3. If a penalty applies to a vehicle registration fee provided for in sections 321.121 and 321.122, the same penalty shall be assessed on the fees collected to increase the registered gross weight of the vehicle, if the increased gross weight is requested within forty-five days from the date the delinquent vehicle is registered for the current registration period.

4. Notwithstanding subsections 1 through 3, if a vehicle registration is delinquent for twenty-four months or more, a flat penalty and fee shall be assessed for the delinquent period in addition to the current registration fee. The flat penalty and fee shall be one hundred fifty percent of the current annual registration fee.

5. The department shall waive the penalties imposed by this section for an owner who is in the military service of the United States and who has been relocated as a result of being placed on active duty on or after September 11, 2001. **321.180 Instruction permits.**

1. a. A person who is at least eighteen years of age and who, except for the person's lack of instruction in operating a motor vehicle, would be qualified to obtain a driver's license, shall, upon meeting the requirements of section 321.186 other than a driving demonstration, and upon paying the required fee, be issued an instruction permit by the department. Subject to the limitations in this subsection, an instruction permit entitles the permittee, while having the permit in the permittee's immediate possession, to operate a motor vehicle, other than a commercial motor vehicle or as a chauffeur or a motor vehicle with a gross vehicle weight rating of sixteen thousand one or more pounds, upon the highways for a period not to exceed four years from the licensee's birthday anniversary in the year of issuance. If the applicant for an instruction permit holds a driver's license issued in this state valid for the operation of a motorized bicycle or a motorcycle, the instruction permit shall be valid for such operation without the need of an accompanying person.

A permittee shall not be penalized for failing to have the instruction permit in immediate possession if the permittee produces in court, within a reasonable time, an instruction permit issued to the permittee and valid at the time of the permittee's arrest or at the time the permittee was charged with failure to have the permit in the permittee's immediate possession.

b. Except as otherwise provided, a permittee who is eighteen years of age or older must be accompanied by a person issued a driver's license valid for the vehicle operated who is a member of the permittee's immediate family if the family member is at least twenty-one years of age, an approved driver education instructor, a prospective driver education instructor who is enrolled in a practitioner preparation program with a safety education program approved by the state board of education, or a person at least twenty-five years of age, and who is actually occupying a seat beside the driver.

However, if the permittee is operating a motorcycle in accordance with this section or section 321.180B, the accompanying person must be within audible and visual communications distance from the permittee and be accompanying the permittee on or in a different motor vehicle. Only one permittee shall be under the immediate supervision of an accompanying qualified person.

2. A person who holds a class A, B, C, or D driver's license, upon meeting each of the following requirements, shall be eligible to apply for a commercial driver's instruction permit valid for the

operation of a commercial motor vehicle, except a vehicle transporting hazardous materials requiring placarding, when the permittee is accompanied by a person properly licensed to operate a commercial motor vehicle and actually occupying a seat beside the permittee. An applicant must be at least eighteen years of age and qualified to obtain a valid commercial driver's license including the requirements of section 321.188 other than the knowledge examination and driving skills tests. The commercial driver's instruction permit shall be valid for a period not to exceed six months. A commercial driver's instruction permit may be renewed only once in any two-year period. If the applicant for a commercial driver's instruction permit holds a driver's license issued in this state valid for the operation of a commercial or noncommercial vehicle, the commercial driver's instruction permit shall be valid for such operation without the need of an accompanying person.

3. A person, upon meeting each of the following requirements, shall be eligible to apply for a chauffeur's instruction permit valid for the operation of a motor vehicle, other than a commercial motor vehicle, as a chauffeur when the permittee is accompanied by a person, possessing a valid class D driver's license or commercial driver's license valid for the operation of the motor vehicle and the accompanying person is actually occupying a seat beside the permittee. An applicant must be at least eighteen years of age, otherwise qualified to obtain a class D driver's license, and must meet the requirements of section 321.186 other than a driving demonstration. The chauffeur's instruction permit shall be valid for a period not to exceed two years from the licensee's birthday anniversary in the year of issuance and shall be returned to the department upon issuance of a class D driver's license or commercial driver's license. If the applicant for a chauffeur's instruction permit holds a driver's license issued under this chapter, the chauffeur's instruction permit shall be valid in the same manner as the driver's license would be for the operation of motor vehicles without the need of an accompanying person.

4. The instruction permit, chauffeur's instruction permit, and commercial driver's instruction permit are subject to suspension or revocation for the same reasons and in the same manner as suspension or revocation of a driver's license.

5. A motorcycle instruction permit issued under this section is not renewable.

An additional consent is required each time a license or permit is issued under this section or section 321.178 or 321.194. The consent must be signed by at least one parent or guardian on an affidavit form provided by the department.

1. *Instruction permit.* The department may issue an instruction permit to an applicant between the ages of fourteen and eighteen years if the applicant meets the requirements of sections 321.184 and 321.186, other than a driving demonstration, and pays the required fee. An instruction permit issued under this section shall be valid for a period not to exceed four years from the licensee's birthday anniversary in the year of issuance. A motorcycle instruction permit issued under this section is not renewable.

Subject to the limitations in this subsection, an instruction permit entitles the permittee, while having the permit in the permittee's immediate possession, to operate a motor vehicle other than a commercial motor vehicle or as a chauffeur or a motor vehicle with a gross vehicle weight rating of sixteen thousand one or more pounds upon the highways.

Except as otherwise provided, a permittee who is less than eighteen years of age and who is operating a motor vehicle must be accompanied by a person issued a driver's license valid for the vehicle operated who is the parent or guardian of the permittee, member of the permittee's immediate family if the family member is at least twenty-one years of age, an approved driver education instructor, a prospective driver education instructor who is enrolled in a practitioner preparation program with a safety education program approved by the state board of education, or a person at least twenty-five years of age if written permission is granted by the parent or guardian, and who is actually occupying a seat beside the driver. A permittee shall not operate a motor vehicle if the number of passengers in the motor vehicle exceeds the number of passenger safety belts in the motor vehicle. If the applicant for an instruction permit holds a driver's license issued in this state valid for the operation of a motorized bicycle or a motorcycle, the instruction permit shall be valid for such operation without the requirement of an accompanying person.

However, if the permittee is operating a motorcycle in accordance with this section, the accompanying person must be within audible and visual communications distance from the permittee and be accompanying the permittee on or in a different motor vehicle. Only one permittee shall be under the immediate supervision of an accompanying qualified person.

A permittee shall not be penalized for failing to have the instruction permit in the permittee's immediate possession if the permittee produces in court, within a reasonable time, an instruction permit issued to the permittee and valid at the time of the permittee's arrest or at the time the permittee was charged with failure to have the permit in the permittee's immediate possession.

2. *Intermediate license.* The department may issue an intermediate driver's license to a person sixteen or seventeen years of age who possesses an instruction permit issued under subsection 1 or a comparable instruction permit issued by another state for a minimum of six months immediately preceding application, and who presents an affidavit signed by a parent or guardian on a form to be provided by the department that the permittee has accumulated a total of twenty hours of street or highway driving of which two hours were conducted after sunset and before sunrise and the street or highway driving was with the permittee's parent, guardian, instructor, a person certified by the department, or a person at least twenty-five years of age who had written permission from a parent or guardian to accompany the permittee, and whose driving privileges have not been suspended, revoked, or barred under this chapter or chapter 321J during, and who has been accident and violation free continuously for, the six-month period immediately preceding the application for an intermediate license. An applicant for an intermediate license must meet the requirements of section 321.186, including satisfactory completion of driver education as required in section 321.178, and payment of the required license fee before an intermediate license will be issued. A person issued an intermediate license must limit the number of passengers in the motor vehicle when the intermediate licensee is operating the motor vehicle to the number of passenger safety belts.

Except as otherwise provided, a person issued an intermediate license under this subsection who is operating a motor vehicle between the hours of twelve-thirty a.m. and five a.m. must be accompanied by a person issued a driver's license valid for the vehicle operated who is the parent or guardian of the permittee, a member of the permittee's immediate family if the family member is at least twenty-one years of age, an approved driver education instructor, a prospective driver education instructor who is enrolled in a practitioner preparation program with a safety education program approved by the state board of education, or a person at least twenty-five years of age if written permission is granted by the parent or guardian, and who is actually occupying a seat beside the driver. However, a licensee may operate a vehicle to and from school-related extracurricular activities and work without an accompanying driver between the hours of twelve-thirty a.m. and five a.m. if such licensee possesses a waiver on a form to be provid-

ed by the department. An accompanying driver is not required between the hours of five a.m. and twelve-thirty a.m.

3. *Remedial driver improvement action — suspension of permit, intermediate license, or full license.* A person who has been issued an instruction permit, an intermediate license, or a full driver's license under this section, upon conviction of a moving traffic violation or involvement in a motor vehicle accident which occurred during the term of the instruction permit or intermediate license, shall be subject to remedial driver improvement action or suspension of the permit or current license. A person possessing an instruction permit who has been convicted of a moving traffic violation or has been involved in an accident shall not be issued an intermediate license until the person has completed the remedial driver improvement action and has been accident and violation free continuously for the six-month period immediately preceding the application for the intermediate license. A person possessing an intermediate license who has been convicted of a moving traffic violation or has been involved in an accident shall not be issued a full driver's license until the person has completed the remedial driver improvement action and has been accident and violation free continuously for the twelve-month period immediately preceding the application for a full driver's license.

4. *Full driver's license.* A full driver's license may be issued to a person seventeen years of age who possesses an intermediate license issued under subsection 2 or a comparable intermediate license issued by another state for a minimum of twelve months immediately preceding application, and who presents an affidavit signed by a parent or guardian on a form to be provided by the department that the intermediate licensee has accumulated a total of ten hours of street or highway driving of which two hours were conducted after sunset and before sunrise and the street or highway driving was with the licensee's parent, guardian, instructor, a person certified by the department, or a person at least twenty-five years of age who had written permission from a parent or guardian to accompany the licensee, whose driving privileges have not been suspended, revoked, or barred under this chapter or chapter 321J during, and who has been accident and violation free continuously for, the twelve-month period immediately preceding the application for a full driver's license, and who has paid the required fee.

5. *Class M license education requirements.* A person under the age of eighteen applying for an intermediate or full driver's license valid for the operation of a motorcycle shall be required to successfully complete a motorcycle education course either approved and established by the department of transportation or from a private or com-

mercial driver education school licensed by the department of transportation before the class M license will be issued. A public school district shall charge a student a fee which shall not exceed the actual cost of instruction minus moneys received by the school district under subsection 6.

6. *Motorcycle rider education fund.* The motorcycle rider education fund is established in the office of the treasurer of state. The moneys credited to the fund are appropriated to the state department of transportation to be used to establish new motorcycle rider education courses and reimburse sponsors of motorcycle rider education courses for the costs of providing motorcycle rider education courses approved and established by the department. The department shall adopt rules under chapter 17A providing for the distribution of moneys to sponsors of motorcycle rider education courses based upon the cost of providing the education courses.

7. *Rules.* The department may adopt rules pursuant to chapter 17A to administer this section.

2. An applicant's submission of an application for a driver's license or nonoperator's identification card or for renewal of a driver's license or nonoperator's identification card shall indicate that the applicant has already registered with the selective service system or that the applicant authorizes the department to forward the applicant's personal information to the selective service system for registration. The department shall notify

3. Notwithstanding subsections 1 and 2, an applicant for a driver's license or nonoperator's identification card or for renewal of a driver's license or nonoperator's identification card who is required to register with the United States selective service system shall not be registered by the department if, after being given information on the penalties for failure to register, the applicant declines to be registered. Officers and employees of the department may administer the oaths without charge.

2. *Withdrawal of consent.* The person who provided the signed consent under subsection 1 may withdraw that consent at any time. The withdrawal of consent shall be in writing, signed and verified. The department, upon receipt of the withdrawal of consent, shall cancel the applicant's driver's license and shall not issue a new license until such time as a new application, duly signed and verified, is made as required in this chapter. This subsection does not apply if the licensee or permittee has attained the age of eighteen years or is married.

**321.186 Examination of new or incompetent operators.**

The department may examine every new applicant for a driver's license or any person holding a valid driver's license when the department has reason to believe that the person may be physically or mentally incompetent to operate a motor vehicle, or whose driving record appears to the department to justify the examination. The department shall make every effort to accommodate a functionally illiterate applicant when the applicant is taking a knowledge test. The department shall make every effort to have an examiner conduct the commercial driver's license driving skills tests at other locations in this state where skills may be adequately tested when requested by a person representing ten or more drivers requiring driving skills testing.

The department shall make every effort to accommodate a commercial driver's license applicant's need to arrange an appointment for a driving skills test at an established test site other than where the applicant passed the required knowledge test. The department shall report to the governor and the general assembly on any problems, extraordinary costs and recommendations regarding the appointment scheduling process.

The examination shall include a screening of the applicant's eyesight, a test of the applicant's ability to read and understand highway signs regulating, warning, and directing traffic, a test of the applicant's knowledge of the traffic laws of this state, an actual demonstration of ability to exercise ordinary and reasonable control in the operation of a motor vehicle and other physical and mental examinations as the department finds necessary to determine the applicant's fitness to operate a motor vehicle safely upon the highways. However, an applicant for a new driver's license other than a commercial driver's license need not pass a vision test administered by the department if the applicant files with the department a vision report in accordance with section 321.186A which shows that the applicant's visual acuity level meets or exceeds those required by the department.

A physician licensed under chapter 148, 150, or 150A, or an optometrist licensed under chapter 154, may report to the department the identity of a person who has been diagnosed as having a physical or mental condition which would render the person physically or mentally incompetent to operate a motor vehicle in a safe manner. The physician or optometrist shall make reasonable efforts to notify the person who is the subject of the report, in writing. The written notification shall state the nature of the disclosure and the reason for the disclosure. A physician or optometrist making a report under this section shall be immune from any liability, civil or criminal, which might otherwise be incurred or imposed as a result of the report. A physician or optometrist has no

duty to make a report or to warn third parties with regard to any knowledge concerning a person's mental or physical competency to operate a motor vehicle in a safe manner. Any report received by the department from a physician or optometrist under this section shall be kept confidential. Information regulated by chapter 141A shall be subject to the confidentiality provisions and remedies of that chapter.

**321.186A Vision report in lieu of vision test.**

1. An applicant for a new or renewed driver's license other than a commercial driver's license need not take a vision test administered by the department if the applicant files with the department a vision report signed by a licensed vision specialist in accordance with this section.

2. An applicant for such a new or renewed driver's license who fails a vision test administered by the department may subsequently be issued the driver's license without need of passing a department administered vision test, if the applicant files with the department a vision report from a licensed vision specialist in accordance with this section.

3. The vision report shall state the visual acuity level of the applicant as measured by the vision specialist and shall be in the form and include other information as required by rule of the department. A vision report is valid only if the visual acuity level of the applicant has been measured by the licensed vision specialist within thirty days before the application for the new or renewed driver's license.

4. As used in this section, a "licensed vision specialist" means a physician licensed under chapter 148, 150, or 150A, or an optometrist licensed under chapter 154.

**321.187 Examiners.**

1. The department shall examine applicants for driver's licenses. Examiners of the department shall wear an identifying badge and uniform provided by the department.

2. The department may by rule designate community colleges to administer the driving skills test required for a commercial driver's license provided that all of the following occur:

a. The driving skills test is the same as that which would otherwise be administered by the state.

b. The examiner contractually agrees to comply with the requirements of 49 C.F.R. § 383.75 as adopted by rule by the department.

### **321.188 Commercial driver's license requirements.**

1. Before the department issues, renews, or upgrades a commercial driver's license and in addition to the requirements of section 321.182, the license applicant shall do all of the following:

*a.* Certify whether the applicant is subject to and meets applicable driver qualifications of 49 C.F.R. part 391 as adopted by rule by the department.

*b.* Certify the applicant is not subject to any commercial driver's license disqualification and has committed no offense and has not acted in a manner which either alone or with previous actions or offenses could result in commercial driver's license disqualification.

*c.* Successfully pass knowledge tests and driving skills tests which the department shall require by rule. The rules adopted shall substantially comply with the federal minimum testing and licensing requirements in 49 C.F.R. part 383, subparts E, G, and H as adopted by rule by the department. Except as required under 49 C.F.R. part 383, subpart E, G, or H, a commercial driver's license is renewable without a driving skills test within one year after its expiration date.

*d.* Certify the vehicle to be operated in the driving skills tests represents the largest class of vehicle the applicant will operate on the highway.

*e.* Certify that the applicant is a resident of Iowa or a resident of a foreign jurisdiction.

*f.* Identify all states where the applicant has been licensed to drive any type of motor vehicle during the previous ten years.

2. An applicant for a commercial driver's license may substitute for a driving skills test the applicant's operating record and previous passage of a driving skills test or the applicant's operating record and previous driving experience if all of the following conditions exist:

*a.* The applicant is currently licensed to operate a commercial motor vehicle.

*b.* The applicant certifies that during the two years immediately preceding application all of the following apply:

(1) The applicant has not held driver's licenses valid for the operation of commercial motor vehicles from more than one state simultaneously.

(3) The applicant has not committed a traffic violation, other than a parking violation, arising

in connection with a traffic accident.

(4) No record of an accident exists for which the applicant was convicted of a moving traffic violation.

*c.* The applicant provides evidence of and certifies that the applicant is employed in a job requiring operation of a commercial motor vehicle and the applicant has done one of the following:

(2) Has operated during the two-year period immediately preceding the application a motor vehicle representative of the class of motor vehicle the applicant will operate.

3. An applicant for a hazardous material endorsement must pass a knowledge test as required under 49 C.F.R. § 383.121 as adopted by rule by the department to obtain or retain the endorsement. However, an applicant for license issuance who was previously issued a commercial driver's license from another state may retain the hazardous material endorsement from the previously issued license if the applicant successfully passed the endorsement test within the preceding twenty-four months. Pursuant to procedures established by the department, an applicant for a hazardous material endorsement must also comply with the application and security threat assessment requirements established under 49 C.F.R. pt. 383, 384, and 1572. A hazardous material endorsement shall be revoked or denied if the department determines that the applicant has not complied with or met the security threat assessment standards.

4. The department shall check the applicant's driving record as maintained by the applicant's current licensing state, the national commercial driver's license information system, and the national driver register to determine whether the applicant qualifies to be issued a commercial driver's license. The department shall notify the national commercial driver's license information system of the issuance, renewal, or upgrade of a commercial driver's license.

5. A resident of this state holding a commercial driver's license issued by a former state of residence in conformity with the federal commercial driver testing and licensing standards shall not be required to take a knowledge or driving skills test prior to issuance of a commercial driver's license in this state, except a basic Iowa rules of the road knowledge test and, when applicable, motorcycle operator knowledge and driving skills tests. The commercial driver's license issued by this state shall be valid for operation of the same class of vehicles with the same endorsements and restrictions as in the former state of licensure. However,

a person with a hazardous materials endorsement must comply with subsection 3.

Subsection 1, NEW paragraph f

### **321.189 Driver's license — content.**

1. *Classification and issuance.* Upon payment of the required fee, the department shall issue to every qualified applicant a driver's license. Driver's licenses shall be classified as follows:

a. *Class A* — Valid for the operation of vehicles with a gross combination weight rating of twenty-six thousand one or more pounds if the towed vehicle or vehicles have a gross vehicle weight rating or gross combination weight rating of ten thousand one or more pounds, and also valid for the operation of vehicles with lower gross combination weight ratings and other vehicles except motorcycles.

b. *Class B* — Valid for the operation of a vehicle with a gross vehicle weight rating of twenty-six thousand one or more pounds or a combination of vehicles with a gross combination weight rating of twenty-six thousand one or more pounds if the towing vehicle has a gross vehicle weight rating of twenty-six thousand one or more pounds and the towed vehicle or vehicles have a gross vehicle weight rating or gross combination weight rating of less than ten thousand one pounds, and also valid for the operation of vehicles with lower gross vehicle weight ratings or gross combination weight ratings except motorcycles.

c. *Class C* — Valid for the operation of a vehicle, other than a motorcycle, or a combination of vehicles with a gross combination weight rating of twenty-six thousand one or more pounds provided the towing vehicle has a gross vehicle weight rating of less than twenty-six thousand one pounds and each towed vehicle has a gross vehicle weight rating of less than ten thousand one pounds, or a combination of vehicles with a gross vehicle weight rating or gross combination weight rating of less than twenty-six thousand one pounds and also valid for the operation of any vehicle, other than a motorcycle, for which the operator is exempt from commercial driver's license requirements under section 321.176A.

d. *Class D* — Valid for the operation of a motor vehicle as a chauffeur.

e. *Class M* — Valid for the operation of a motorcycle.

A driver's license may be issued for more than one class. Class A and B driver's licenses shall only be issued as commercial driver's licenses. Class C and M driver's licenses may be issued as commercial driver's licenses. A driver's license is not valid for the operation of a vehicle requiring an endorsement unless the driver's license is endorsed for the vehicle. A class D driver's license is

also valid as a noncommercial class C driver's license. The holder of a commercial driver's license is not required to obtain a class D driver's license to operate a motor vehicle as a chauffeur. When necessary, the department shall by rule create additional classes or modify existing classes of driver's licenses, however, the rule shall be temporary and if within sixty days after the next regular session of the general assembly convenes the general assembly has not made corresponding changes in this chapter, the temporary classification or modification shall be nullified.

2. *Content of license.*

a. Appearing on the driver's license shall be a distinguishing number assigned to the licensee; the licensee's full name, date of birth, sex, and residence address; a colored photograph; a physical description of the licensee; the name of the state; the dates of issuance and expiration; and the usual signature of the licensee. The license shall identify the class of vehicle the licensee may operate and the applicable endorsements and restrictions which the department shall require by rule.

b. A commercial driver's license shall include the licensee's address as required under federal regulations, and the words "commercial driver's license" or "CDL" shall appear prominently on the face of the license. If the applicant is a nonresident, the license must conspicuously display the word "nonresident".

c. The department shall assign an applicant for a driver's license a distinguishing driver's license number other than the applicant's social security number.

d. The license may contain other information as required under the department's rules.

3. *Replacement.* If prior to the renewal date, a person desires to obtain a driver's license in the form authorized by this section, a license may be issued as a voluntary replacement upon payment of the required fee as set by the department by rule. A person shall return a driver's license and be issued a new license when the first license contains inaccurate information upon payment of the required fee as set by the department by rule.

4. *Symbols.* Upon the request of a licensee, the department shall indicate on the license the presence of a medical condition, that the licensee is a donor under the uniform anatomical gift Act as provided in chapter 142C, or that the licensee has in effect a medical advance directive. For purposes of this subsection, a medical advance directive includes, but is not limited to, a valid durable power of attorney for health care as defined in section 144B.1. The license may contain such other information as the department may require by rule.

5. *Tamperproofing.* The department shall issue a driver's license by a method or process which prevents as nearly as possible the alteration, reproduction, or superimposition of a photograph on the license without ready detection.

6. *Licenses issued to persons under age twenty-one.* A driver's license issued to a person under eighteen years of age shall contain the same information as any other driver's license except that the words "under eighteen" shall appear prominently on the face of the license. A driver's license issued to a person eighteen years of age or older but less than twenty-one years of age shall contain the same information as any other driver's license except that the words "under twenty-one" shall appear prominently on the face of the license. Upon attaining the age of eighteen or upon attaining the age of twenty-one, and upon payment of a one dollar fee, the person shall be entitled to a new driver's license or nonoperator's identification card for the unexpired months of the driver's license or card. An instruction permit or intermediate license issued under section 321.180B, subsection 1 or 2, shall include a distinctive color bar. An intermediate license issued under section 321.180B, subsection 2, shall include the words "intermediate license" printed prominently on the face of the license.

7. *Motorized bicycle.*

a. The department may issue a driver's license valid only for operation of a motorized bicycle to a person fourteen years of age or older who has passed a vision test or who files a vision report as provided in section 321.186A which shows that the applicant's visual acuity level meets or exceeds those required by the department and who passes a written examination on the rules of the road. A person under the age of sixteen applying for a driver's license valid only for operation of a motorized bicycle shall also be required to successfully complete a motorized bicycle education course approved and established by the department or successfully complete an approved motorized bicycle education course at a private or commercial driver education school licensed by the department. A public school district shall charge a student a fee which shall not exceed the actual cost of instruction. A driver's license valid only for operation of a motorized bicycle entitles the licensee to operate a motorized bicycle upon the highway while having the license in the licensee's immediate possession. The license is valid for a period not to exceed two years from the licensee's birthday anniversary in the year of issuance, subject to termination or cancellation as provided in this section.

b. A driver's license valid only for operation of a motorized bicycle shall be canceled upon a conviction for a moving traffic violation and reapplication may be made thirty days after the date of cancellation. The cancellation of the license upon conviction for a moving traffic violation shall not result in requiring the applicant to maintain proof of financial responsibility under section 321A.17, unless the conviction would otherwise result in a suspension or revocation of a person's driver's license.

c. As used in this section, "moving traffic violation" does not include a parking violation as defined in section 321.210 or a violation of a section of the Code or municipal ordinance pertaining to standards to be maintained for motor vehicle equipment except sections 321.430 and 321.431, or except a municipal ordinance pertaining to motor vehicle brake requirements as applicable to motorized bicycles.

appear prominently on the face of the card. A nonoperator's identification card issued to a person under eighteen years of age shall contain the same information as any other nonoperator's identification card except that the words "under eighteen" shall appear prominently on the face of the card. The fee for a special instruction permit is ten dollars. The fee for a chauffeur's instruction permit or commercial driver's instruction permit is twelve dollars.

3. *Licenses for chauffeurs.* The fee for a noncommercial class D driver's license is eight dollars per year of license validity.

4. *Commercial driver's licenses.* The fee for a commercial driver's license, other than an instruction permit, for the operation of a commercial motor vehicle is eight dollars per year of license validity.

5. *Licenses valid for motorcycles.* An additional fee of one dollar per year of license validity is required to issue a license valid to operate a motorcycle.

6. *Special minors' licenses.* Notwithstanding subsection 2, the fee for a driver's license issued to a minor under section 321.194 or a restricted license issued to a minor under section 321.178, subsection 2, is eight dollars.

7. *Endorsements and removal of air brake restrictions.* The fee for a double/triple trailer endorsement, tank vehicle endorsement, and hazardous materials endorsement is five dollars for each endorsement. The fee for a passenger endorsement or a school bus endorsement is ten dollars. The fee for removal of an air brake restriction on a commercial driver's license is ten dollars. Fees imposed under this subsection for endorsements or removal of restrictions are valid for the period of the license. Upon renewal of a commercial driver's license, no fee is payable for retaining endorsements or the removal of the air brake restriction for those endorsements or restrictions which do not require the taking of either a knowledge or a driving skills test for renewal.

8. *Driver's license reinstatements.* The fee for reinstatement of a driver's license shall be twenty dollars for a license which is, after notice and opportunity for hearing, canceled, suspended, revoked, or barred. However, reinstatement of the privilege suspended under section 321.210, subsection 1, paragraph "c", shall be without fee. The fee for reinstatement of the privilege to operate a commercial motor vehicle after a period of disqualification shall be twenty dollars.

9. *Upgrading a license class privilege — fee adjustment.* If an applicant wishes to upgrade a license class privilege, the fee charged shall be prorated on full-year fee increments of the new license in accordance with rules adopted by the department. The expiration date of the new license shall be the expiration date of the currently held driver's license. The fee for a commercial driver's license endorsement, the removal of an air brake restriction, or a commercial driver's license in-

struction permit shall not be prorated.

As used in this subsection "*to upgrade a license class privilege*" means to add any privilege to a valid driver's license. A person shall not be required to pay the surcharge more than once during the five-year period.

b. Moneys collected from the one-time surcharge under paragraph "a" are appropriated to the state department of transportation to be used for costs associated with the rewrite of the driver's license issuance and records system. ### 321.192 Waivers or refunds of fees.

1. Notwithstanding the fee requirements for issuance of a driver's license or nonoperator's identification card pursuant to section 321.190 or 321.191, the department may waive or refund fees pursuant to rules adopted by the department. The department may waive payment of, or refund to an applicant, all or a portion of the fees for renewal of a license or identification card or for a duplicate license or identification card if the department determines that the service standard for timely issuance has not been met or an error on the license or identification card requires the applicant to return to the driver's license station. The decision of the department not to waive or refund a fee is final agency action and not subject to review under chapter 17A.

2. Subsection 1 does not apply to licenses or

identification cards issued by a county pursuant to chapter 321M.

2003 Acts, ch 8, §15

**321.193 Restrictions on licenses — penalty.**

As provided by rule, the department may impose restrictions suitable to the licensee's driving ability with respect to the type of motor vehicle or special mechanical control devices required on a motor vehicle which the licensee may operate or other restrictions applicable to the licensee as the department may determine to be appropriate.

The department may set forth restrictions upon the driver's license.

The department may suspend or revoke the driver's license upon receiving satisfactory evidence of any violation of the license's restrictions.

It is a simple misdemeanor punishable as a scheduled violation under section 805.8A, subsection 4, paragraph "a", for a person to operate a motor vehicle in any manner in violation of the restrictions imposed on a restricted license issued to that person under this section.

**321.194 Special minors' licenses.**

1. *Driver's license issued for travel to and from school.* Upon certification of a special need by the school board, superintendent of the applicant's school, or principal, if authorized by the superintendent, the department may issue a class C or M driver's license to a person between the ages of fourteen and eighteen years whose driving privileges have not been suspended, revoked, or barred under this chapter or chapter 321J during, and who has not been convicted of a moving traffic violation or involved in a motor vehicle accident for, the six-month period immediately preceding the application for the special minor's license and who has successfully completed an approved driver education course. However, the completion of a course is not required if the applicant demonstrates to the satisfaction of the department that completion of the course would impose a hardship upon the applicant. The department shall adopt rules defining the term "*hardship*" and establish procedures for the demonstration and determination of when completion of the course would impose a hardship upon an applicant.

a. The driver's license entitles the holder, while having the license in immediate possession, to operate a motor vehicle other than a commercial motor vehicle or as a chauffeur:

(1) During the hours of 6 a.m. to 10 p.m. over the most direct and accessible route between the licensee's residence and schools of enrollment or

the closest school bus stop or public transportation service, and between schools of enrollment, for the purpose of attending duly scheduled courses of instruction and extracurricular activities within the school district.

(2) At any time when the licensee is accompanied in accordance with section 321.180B, subsection 1.

b. Each application shall be accompanied by a statement from the school board, superintendent, or principal, if authorized by the superintendent, of the applicant's school. The statement shall be upon a form provided by the department. The school board, superintendent, or principal, if authorized by the superintendent, shall certify that a need exists for the license and that the board, superintendent, or principal authorized by the superintendent is not responsible for actions of the applicant which pertain to the use of the driver's license. Upon receipt of a statement of necessity, the department shall issue the driver's license. The fact that the applicant resides at a distance less than one mile from the applicant's school of enrollment is prima facie evidence of the nonexistence of necessity for the issuance of a license. The school board shall develop and adopt a policy establishing the criteria that shall be used by a school district administrator to approve or deny certification that a need exists for a license. The student may appeal to the school board the decision of a school district administrator to deny certification. The decision of the school board is final. The driver's license shall not be issued for purposes of attending a public school in a school district other than either of the following:

(1) The district of residence of the parent or guardian of the student.

(2) A district which is contiguous to the district of residence of the parent or guardian of the student, if the student is enrolled in the public school which is not the school district of residence because of open enrollment under section 282.18 or as a result of an election by the student's district of residence to enter into one or more sharing agreements pursuant to the procedures in chapter 282.

2. *Suspension and revocation.* A driver's license issued under this section is subject to suspension or revocation for the same reasons and in the same manner as suspension or revocation of any other driver's license. The department may also suspend a driver's license issued under this section upon receiving satisfactory evidence that the licensee has violated the restrictions of the license or has been involved in one or more accidents chargeable to the licensee. The department may suspend a driver's license issued under this section upon receiving a record of the licensee's conviction for one violation. The department shall revoke the license upon receiving a record of conviction for two or more violations of a law of this

state or a city ordinance regulating the operation of motor vehicles on highways other than parking violations as defined in section 321.210. After a person licensed under this section receives two or more convictions which require revocation of the person's license under this section, the department shall not grant an application for a new driver's license until the expiration of one year.

### **321.196 Expiration of license — renewal.**

1. Except as otherwise provided, a driver's license, other than an instruction permit, chauffeur's instruction permit, or commercial driver's instruction permit issued under section 321.180, expires five years from the licensee's birthday anniversary occurring in the year of issuance if the licensee is between the ages of seventeen years eleven months and seventy years on the date of issuance of the license. If the licensee is under the age of seventeen years eleven months or age seventy or over, the license is effective for a period of two years from the licensee's birthday anniversary occurring in the year of issuance. A licensee whose license is restricted due to vision or other physical deficiencies may be required to renew the license every two years. If a licensee is a foreign national who is temporarily present in this state, the license shall be issued only for the length of time the foreign national is authorized to be present as determined by the department, not to exceed two years.

2. Except as required in section 321.188, and

except for a motorcycle instruction permit issued in accordance with section 321.180 or 321.180B, a driver's license is renewable without written examination or penalty within a period of sixty days after its expiration date and without a driving test within a period of one year after its expiration date. A person shall not be considered to be driving with an invalid license during a period of sixty days following the license expiration date. However, for a license renewed within the sixty-day period, the date of issuance shall be considered to be the previous birthday anniversary on which it expired.

3. For the purposes of this section, the birthday anniversary of a person born on February 29 shall be deemed to occur on March 1.

4. The department in its discretion may authorize the renewal of a valid driver's license other than a commercial driver's license upon application without an examination provided that the applicant satisfactorily passes a vision test as prescribed by the department or files a vision report in accordance with section 321.186A which shows that the applicant's visual acuity level meets or exceeds those required by the department. An application for renewal of a driver's license shall include a statement for the applicant to sign that acknowledges the applicant's knowledge of the requirement to notify the department of a mailing address change under section 321.182, subsection 1.

5. A resident of Iowa holding a valid driver's license who is temporarily absent from the state or incapacitated, may, at the time for renewal of such license, apply to the department for a temporary extension of the license. The department upon receipt of the application shall, upon a showing of good cause, issue a temporary extension of the driver's license for a period not to exceed six months.

### **321.198 Military service exception.**

The effective date of a valid driver's license issued under the laws of this state, held by any person at the time of entering the military service of the United States or of the state of Iowa, notwithstanding the expiration of the license according to

its terms, is hereby extended without fee until six months following the initial separation from active duty of the person from the military service, provided the person is not suffering from physical disabilities which impair the person's competency as an operator and provided further that the licensee shall furnish, upon demand of any peace officer, satisfactory evidence of the person's military service. However, a person entitled to the benefits of this section who is charged with operating a motor vehicle without a valid driver's license shall not be convicted if the person produces in court, within a reasonable time, a valid driver's license previously issued to that person along with evidence of the person's military service as provided in this paragraph.

The department is authorized to renew any driver's license falling within the provisions and limitations of the preceding paragraph, without examination, upon application and payment of fee made within six months following separation from the military service.

The provisions of this section shall also apply to the spouse and children or ward of such military personnel when such spouse, children or ward are living with the above described military personnel outside of the state of Iowa and provided that such extension of license does not exceed five years.

A person whose period of validity of the person's driver's license is extended under this section may file an application in accordance with rules adopted by the department to have the person's record of issuance of a driver's license retained in the department's record system during the period for which the driver's license remains valid. If a person has had the record of issuance of the person's driver's license removed from the department's records, the person shall have the person's record of driver's license issuance reentered by the department upon request if the request is accompanied by a letter from the applicable person's commanding officer verifying the military service.

1. This chapter shall not be construed to prevent the owner of real property used by the public for purposes of vehicular travel by permission of the owner and not as matter of right from prohibiting such use, or from requiring other or different or additional conditions than those specified in this chapter, or otherwise regulating such use as may seem best to such owner.

2. *a.* The owner of real property upon which a manufactured home community or mobile home park is located may elect to have the vehicular traffic provisions of this chapter, or the ordinances, rules, or regulations of the local authority where the real property is located, apply to the real property and any persons located on the real property by granting authority to any peace officer to enforce the vehicular traffic provisions of this chapter, or the ordinances, rules, or regulations of the local authority as well as any regulations or conditions imposed on the real property pursuant to subsection 1. *b.* A written notice of election shall be filed with the designated officials of the local authority whose ordinances, rules, or regulations will govern the vehicular traffic. The appropriate officials shall be the city clerk and chief of police of the city in which the real property is located and the county sheriff and the county recorder of the county in which the real property is located. located. The waiver shall include the legal description of the real property and shall bind the titleholder of the real property and any successors in interest. The waiver may only be rescinded if each law enforcement jurisdiction, in which the titleholder of real property wishes to obtain the benefit of this section, consents to the rescission of the waiver through adoption of a resolution.

#### TRAFFIC SIGNS, SIGNALS, AND MARKINGS

##### **321.252 Department to adopt sign manual.**

The department shall adopt a manual and specifications for a uniform system of traffic-control devices consistent with the provisions of this chapter for use upon highways within this state. Such uniform system shall correlate with and so far as possible conform to the system then current as approved by the American association of state highway and transportation officials.

The department shall include in its manual of traffic-control devices, specifications for a uniform system of highway signs for the purpose of guiding traffic to organized off-highway permanent camps, and camp areas, operated by recognized and established civic, religious, and nonprofit charitable organizations and to for-profit campgrounds and ski areas. The department shall purchase, install, and maintain the signs upon the prepayment of the costs by the organization or owner.

The department shall also establish criteria for guiding traffic on all fully controlled-access, divided, multilaned highways including interstate highways to each tourist attraction which is located within thirty miles of the highway and receives fifteen thousand or more visitors annually. Nothing in this unnumbered paragraph shall be construed to prohibit the department from erecting signs to guide traffic on these highways to tourist attractions which are located more than thirty miles from the highway or which receive fewer than fifteen thousand visitors annually.

The department shall establish, by rule, in cooperation with a tourist signing committee, the standards for tourist-oriented directional signs and shall annually review the list of attractions for which signing is in place. The rules shall conform to national standards for tourist-oriented directional signs adopted under 23 U.S.C. § 131(q) and to the manual of uniform traffic-control devices. The tourist signing committee shall be made up of the directors or their designees of the departments of economic development, agriculture and land stewardship, natural resources, cultural affairs,

and transportation, the chairperson or the chairperson's designee of the Iowa travel council, and a member of the outdoor advertising association of Iowa. The director or the director's designee of the department of economic development shall be the chairperson of the committee. The department of transportation shall be responsible for calling and setting the date of the meetings of the committee which meetings shall be based upon the amount of activity relating to signs. However, the committee shall meet at least once a month. However, a tourist attraction is not subject to a minimum number of visitors annually to qualify for tourist-oriented directional signing. The rules shall not be applicable to directional signs relating to historic sites on land owned or managed by state agencies, as provided in section 321.253A. The rules shall include but are not limited to the following:

1. Criteria for eligibility for signing.
2. Criteria for limiting or excluding businesses, activities, services, and sites that maintain signs that do not conform to the requirements of chapter 306B, chapter 306C, division II, or other statutes or administrative rules regulating outdoor advertising.
3. Provisions for a fee schedule to cover the direct and indirect costs of sign manufacture, erection, and maintenance, and related administrative costs.
4. Provisions specifying maximum distances to eligible businesses, activities, services, and sites. Tourist-oriented directional signs may be placed on highways within the maximum travel distance that have the greatest traffic count per day, if sufficient space is available. If an adjacent landowner complains to the department about the placement of a tourist-oriented directional sign, the department shall attempt to reach an agreement with the landowner for relocating the sign. If possible, the sign shall be relocated from the place of objection. If the sign must be located on an objectionable place, it shall be located on the least objectionable place possible.
5. Provisions for trailblazing to facilities that are not on the crossroad. Appropriate trailblazing shall be installed over the most desirable routes on lesser traveled primary highways, secondary roads, and city streets leading to the tourist attraction.
6. Criteria for determining when to permit advance signing.
7. Provisions specifying conditions under which the time of operation of a business, activity, service, or site is shown.
8. Provisions for masking or removing signs during off seasons for businesses, activities, services, and sites operated on a seasonal basis. Faded signs shall be replaced and the commercial vendor charged for the cost of replacement based upon the fee schedule adopted.
9. Provisions specifying the maximum number of signs permitted per intersection.

10. Provisions for determining what businesses, activities, services, or sites are signed when there are more applicants than the maximum number of signs permitted.

11. Provisions for removing signs when businesses, activities, services, or sites cease to meet minimum requirements for participation and related costs.

Local authorities shall adhere to the specifications for such signs as established by the department, and shall purchase, install, and maintain such signs in their respective jurisdictions upon prepayment by the organization of the cost of such purchase, installation, and maintenance. The department shall include in its manual of traffic-control devices specifications for a uniform system of traffic-control devices in legally established school zones.

The signs shall conform to the manual of uniform traffic devices. However, the directional signs are not subject to requirements applicable to tourist-oriented directional signs.

2. Upon request by a city or county in which a historic site is located on land owned or managed by an agency, the department shall distribute a directional sign as provided in this section to the city or county for erection upon roads or streets within

their jurisdictions.

3. The location of the historic site shall be memorialized on transportation maps of the state published under the direction of the department and generally made available to the public. However, if it is not reasonable and feasible to display specific historic sites on the state transportation map, the department shall consult with the agency managing the historic site.

Vehicular traffic shall remain standing until a signal to proceed is shown or vehicular traffic, unless prohibited by a sign, may cautiously enter the intersection to make a right turn from the right lane of traffic or a left turn from a one-way street to a one-way street from the left lane of traffic on a one-way street. Turns made under this paragraph shall be made in a manner that does not interfere with other vehicular or pedestrian traffic lawfully using the intersection. Pedestrian traffic facing a steady circular red light shall not enter the roadway unless the pedestrian can safely cross the roadway without interfering with any vehicular traffic.

b. A “*steady circular yellow*” or “*steady yellow arrow*” light means vehicular traffic is warned that the related green movement is being terminated and vehicular traffic shall no longer proceed into the intersection and shall stop. If the stop cannot be made in safety, a vehicle may be driven cautiously through the intersection. Pedestrian traffic is warned that there is insufficient time to cross the intersection and any pedestrian starting to cross the roadway shall yield the right of way to all vehicles.

c. A “*steady circular green*” light means vehicular traffic may proceed straight, turn right or turn left through the intersection unless otherwise specifically prohibited. Vehicular traffic shall yield the right of way to other vehicular and pedestrian traffic lawfully within the intersection.

Vehicular traffic shall yield the right of way to other vehicles and pedestrians lawfully within the intersection.

e. 1. A passenger in a motor vehicle upon a public

street or highway shall not possess in the passenger area of the motor vehicle an open or unsealed bottle, can, jar, or other receptacle containing an alcoholic beverage. "Passenger area" means the area of a motor vehicle designed to seat the driver and passengers while the motor vehicle is in operation and any area that is readily accessible to the driver or a passenger while in their seating positions, including the glove compartment. An open or unsealed receptacle containing an alcoholic beverage may be transported in the trunk of the motor vehicle. An unsealed receptacle containing an alcoholic beverage may be transported behind the last upright seat of the motor vehicle if the motor vehicle does not have a trunk.

2. #### SPEED RESTRICTIONS

##### **321.285 Speed restrictions.**

Any person driving a motor vehicle on a highway shall drive the same at a careful and prudent speed not greater than nor less than is reasonable and proper, having due regard to the traffic, surface, and width of the highway and of any other conditions then existing, and no person shall drive any vehicle upon a highway at a speed greater than will permit the person to bring it to a stop within the assured clear distance ahead, such driver having the right to assume, however, that all persons using said highway will observe the law.

The following shall be the lawful speed except as provided by this section, or except as posted pursuant to sections 262.68, 321.236, subsection 5, section 321.288, subsection 6, sections 321.289, 321.290, 321.293, 321.295, and 461A.36, and any speed in excess thereof shall be unlawful:

1. Twenty miles per hour in any business district.
2. Twenty-five miles per hour in any residence

or school district.

3. Forty-five miles per hour in any suburban district. Each school district as defined in subsection 70 of section 321.1 shall be marked by distinctive signs as provided by the current manual of uniform traffic control devices adopted by the department and placed on the highway at the limits of such school district.

4. Notwithstanding any other speed restrictions, the speed limit for all vehicular traffic shall be fifty-five miles per hour.

5. Reasonable and proper, but not greater than fifty-five miles per hour at any time between sunrise and sunset, and not greater than fifty miles per hour at any time between sunset and sunrise, on secondary roads unless such roads are surfaced with concrete or asphalt or a combination of both, in which case the speed limits shall be the same as provided in subsection 4 of this section. When the board of supervisors of any county shall determine upon the basis of an engineering and traffic investigation that the speed limit on any secondary road is greater than is reasonable and proper under the conditions found to exist at any intersection or other place or upon any part of a secondary road, the board shall determine and declare a reasonable and proper speed limit at the intersection or other part of the secondary road. The speed limits as determined by the board of supervisors shall be effective when appropriate signs giving notice of the speed limits are erected by the board of supervisors at the intersection or other place or part of the highway.

6. *a.* Notwithstanding any other speed restrictions, the speed limit for all vehicular traffic on fully controlled-access, divided, multilaned highways is sixty-five miles per hour. However, the speed limit for all vehicular traffic on highways that are part of the interstate road system, as defined in section 306.3, is seventy miles per hour. The department may establish a speed limit of sixty-five miles per hour on certain divided, multilaned highways not otherwise described in this paragraph.

*b.* The department, on its own motion or in response to a recommendation of a metropolitan or regional planning commission or council of governments, may establish a lower speed limit on a highway described in this subsection.

*c.* For the purposes of this subsection, "fully controlled-access highway" means a highway that gives preference to through traffic by providing access connections with selected public roads only and by prohibiting crossings at grade or direct private driveway connections.

*d.* A minimum speed may be established by the department on the highways referred to in this subsection if warranted by engineering and traffic investigations.

*e.* Any kind of vehicle, implement, or conveyance incapable of attaining and maintaining a speed of forty miles per hour shall be prohibited

from using the interstate road system.

1. When approaching and passing a person walking in the traveled portion of the public highway.

2. When approaching and passing an animal which is being led, ridden, or driven upon a public highway.

**321.289 Speed signs — duty to install.**

The department shall furnish and place on primary roads or on extensions of primary roads within any city suitable standard signs showing the points at which the rate of speed changes and the maximum rate of speed in the district which the vehicle is entering. On all other main highways the city shall furnish and erect suitable signs giving similar information to traffic on such highways.

**321.290 Special restrictions.**

Whenever the department shall determine upon the basis of an engineering and traffic investigation that any speed limit hereinbefore set forth is greater or less than is reasonable or safe under the conditions found to exist at any intersection or other place or upon any part of the primary road system or upon any part of a primary road extension, said department shall determine and declare a reasonable and safe speed limit thereat which shall be effective when appropriate signs giving notice thereof are erected at such intersection or other place or part of the highway.

Whenever the council in any city shall determine upon the basis of an engineering and traffic investigation that any speed limit hereinbefore set forth is greater or less than is reasonable or safe under the conditions found to exist at any intersection or other place or upon any part of the city street system, except primary road extensions, said council shall determine and adopt by ordinance such higher or lower speed limit as it deems reasonable and safe thereat. Such speed limit shall be effective when proper and appropriate signs giving notice thereof are erected at such intersections or other place or part of the street.

**321.293 Local authorities may alter limits.**

Local authorities in their respective jurisdiction may in their discretion subject to the approval of the department authorize by ordinance higher speeds than those stated in section 321.285 upon through highways or upon highways or portions thereof where stop or yield signs have been erected

at the entrances thereto provided signs are erected giving notice of the authorized speed, but local authorities shall not have authority to authorize by ordinance a speed in excess of fifty-five miles per hour. If local authorities fail to authorize by ordinance higher speeds than those stated in section 321.285 upon through highways or upon highways or portions thereof where stop signs have been erected at the entrances thereto, the department may recommend, upon the basis of an engineering and traffic investigation, to the local authorities that the speed limit be increased. If local authorities fail to increase the speed limit upon said recommendation of the department, said department shall declare a reasonable and safe speed limit which shall be effective when appropriate signs are erected giving notice thereof.

#### **321.294 Minimum speed regulation.**

A person shall not drive a motor vehicle at such a slow speed as to impede or block the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law. Peace officers are hereby authorized to enforce this provision by directions to drivers, and in the event of apparent willful disobedience to this provision and refusal to comply with direction of an officer in accordance herewith the continued slow operation by a driver shall be a simple misdemeanor punishable as a scheduled violation under section 805.8A, subsection 8.

#### **321.295 Limitation on bridge or elevated structures.**

No person shall drive a vehicle on any public bridge or elevated structure at a speed which is greater than the maximum speed permitted under this chapter on the street or highway at a point where said street or highway joins said bridge or elevated structure, provided that if the maximum speed permitted on said street or highway differs from the maximum speed on any other street or highway joining said bridge or elevated structure, then the lowest of said speeds shall be the maximum speed limit on said bridge or elevated structure, subject to the following:

The department upon request from any local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it shall thereupon find that such structure cannot with safety to itself withstand vehicles traveling at the speed otherwise permissible under this chapter, the department shall determine and declare the maximum speed of vehicles which

such structure can withstand, and shall cause or permit suitable signs stating such maximum speed to be erected and maintained at a distance of two hundred feet before each end of such structure.

No person shall drive a vehicle over any bridge or other elevated structure constituting a part of a highway at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, when such structure is signposted as provided in this section.

Upon the trial of any person charged with driving a vehicle at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, proof of such determination of the maximum speed by said department and the existence of said signs shall constitute conclusive evidence of the maximum speed which can be maintained with safety to such bridge or structure.

#### **321.297 Driving on right-hand side of roadway — exceptions.**

1. A vehicle shall be driven upon the right half of the roadway upon all roadways of sufficient width, except as follows:

a. When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement.

b. When an obstruction exists making it necessary to drive to the left of the center of the roadway, provided, any person so doing shall yield the right-of-way to all vehicles traveling in the proper direction upon the unobstructed portion of the roadway within such distance as to constitute an immediate hazard.

c. Upon a roadway divided into three marked lanes for traffic under the rules applicable thereon.

d. Upon a roadway restricted to one-way traffic.

2. Any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic upon all roadways, or as close as practicable to the right-hand curb or edge of the roadway, except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection, an alley, private road or driveway.

3. A vehicle shall not be driven upon any roadway having four or more lanes for moving traffic

2. Unless otherwise prohibited by law, the driver of a vehicle may overtake and, allowing sufficient clearance, pass another vehicle proceeding in the same direction either upon the left or upon the right on a roadway with unobstructed pavement of sufficient width for four or more lines of moving traffic when such movement can be made in safety.

A vehicle shall not be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless the left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit the overtaking and passing to be completely made without interfering with the safe operation of a vehicle approaching from the opposite direction or a vehicle overtaken. The overtaking vehicle shall return to the right-hand side of the roadway before coming within three hundred feet of a vehicle approaching from the opposite direction when traveling on a roadway having a legal speed limit in excess of thirty miles per hour, and the overtaking vehicle shall return to the right-hand side of the roadway before coming within one hundred feet of a vehicle approaching from the opposite direction when traveling on a roadway having a legal speed limit of thirty miles per hour or less.

left side of the roadway under the following conditions:

1. When approaching the crest of a grade or upon a curve in the highway where the driver's view along the highway is obstructed for a distance of approximately seven hundred feet.

2. When approaching within one hundred feet of any narrow bridge, viaduct, or tunnel, when so signposted, or when approaching within one hundred feet of or traversing any intersection or railroad grade crossing.

3. Where official signs are in place directing that traffic keep to the right or a distinctive center line or off-center line is marked, which distinctive line also so directs traffic as declared in the sign manual adopted by the department of transportation.

A vehicle shall be driven as nearly as practical entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety.

Upon a roadway which is divided into three lanes a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the roadway is clearly visible and such center lane is clear of traffic within a safe distance, or in preparation for a left turn or where such center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is signposted to give notice of such allocation.

Official signs may be erected directing slow-moving traffic to use a designated lane or allocating specified lanes to traffic moving in the same direction and drivers of vehicles shall obey the directions of every such sign.

Vehicles moving in a lane designated for slow-

moving traffic shall yield the right-of-way to vehicles moving in the same direction in a lane not so designated when such lanes merge to form a single lane.

A portion of a highway provided with a lane for slow-moving vehicles does not become a roadway marked for three lanes of traffic.

a. Both the approach for a right turn and right turn shall be made as close as practical to the right-hand curb or edge of the roadway.

b. Approach for a left turn shall be made in that portion of the right half of the roadway nearest the center line thereof and after entering the intersection the left turn shall be made so as to depart from the intersection to the right of the center line of the roadway being entered.

If, from the investigation, the peace officer has reasonable cause to believe that a violation of section 321.372, subsection 3, occurred but is unable to identify the driver, the peace officer shall serve a uniform traffic citation for the violation to the owner of the motor vehicle. Notwithstanding section 321.484, in a proceeding where the peace officer who conducted the investigation was not able to identify the driver of the motor vehicle, proof that the motor vehicle described in the uniform traffic citation was used to commit the violation of section 321.372, subsection 3, together with proof that the defendant named in the citation was the owner of the motor vehicle at the time the violation occurred, constitutes a permissible inference that the owner was the driver who committed the violation.

(1) Parties seeking to introduce evidence of the failure to wear a safety belt or safety harness in violation of this section must first introduce substantial evidence that the failure to wear a safety belt or safety harness contributed to the injury or injuries claimed by the plaintiff.

(2) If the evidence supports such a finding, the trier of fact may find that the plaintiff's failure to wear a safety belt or safety harness in violation of this section contributed to the plaintiff's claimed injury or injuries, and may reduce the amount of plaintiff's recovery by an amount not to exceed five percent of the damages awarded after any reductions for comparative fault.

5. The department shall adopt rules pursuant to chapter 17A providing exceptions from application of subsections 1 and 2 for front seats and front seat passengers of motor vehicles owned, leased, rented, or primarily used by persons with physical disabilities who use collapsible wheelchairs.

[C39, §5035.01; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.452]

#### 321.453 Exceptions.

The provisions of this chapter governing size,

weight, and load, and the permit requirements of chapter 321E do not apply to fire apparatus; road maintenance equipment owned by, under lease to, or used in the performance of a contract with any state or local authority; or to implements of husbandry moved or moving upon a highway, except for those implements of husbandry moved or moving on any portion of the interstate and except as provided in sections 321.463, 321.471, and 321.474. A vehicle, carrying an implement of husbandry, which is exempted from the permit requirements under this section shall be equipped with an amber flashing light visible from the rear. If the amber flashing light is obstructed by the loaded implement, the loaded implement shall also be equipped with and display an amber flashing light. The vehicle shall also be equipped with warning flags on that portion of the vehicle which protrudes into oncoming traffic, and shall only operate from thirty minutes prior to sunrise to thirty minutes following sunset.

The total outside width of a vehicle or the load on the vehicle shall not exceed eight feet six inches. This limitation on the total outside width of a vehicle or the load on the vehicle does not include safety equipment on a vehicle or incidental appurtenances or retracted awnings on motor homes, travel trailers, or fifth-wheel travel trailers if the incidental appurtenance or retracted awning is less than six inches in width. However, if hay, straw, or stover is moved on an implement of husbandry and the total width of load of the implement of husbandry exceeds eight feet six inches, the implement of husbandry is not subject to the permit requirements of chapter 321E. If hay, straw, or stover is moved on any other vehicle subject to registration, the moves are subject to the permit requirements for transporting loads exceeding eight feet six inches in width as required under chapter 321E.

#### **321.456 Height of vehicles.**

A vehicle unladen or with load shall not exceed a height of thirteen feet, six inches, except that a vehicle or combination of vehicles coupled together and used exclusively for the transportation of passenger vehicles, light delivery trucks, panel delivery trucks, pickup trucks, or recreational vehicle chassis may operate with a height not to exceed fourteen feet. This section shall not be construed to require any railroad or public authorities to provide sufficient vertical clearance to permit the operation of such vehicle upon the highways of this state. Any damage to highways, highway or railroad structures, or underpasses caused by the height of any vehicle provided for by this section shall be borne by the operator or owner of the vehicle.

#### **321.457 Maximum length.**

1. A combination of four vehicles is not allowed on the highways of this state, except for power units saddle mounted on other power units which shall be restricted to a maximum overall length of ninety-seven feet.

2. The maximum length of any motor vehicle or combination of vehicles operated on the highways of this state is as follows:

a. A single truck, unladen or with load, shall not have an overall length, inclusive of front and rear bumpers, in excess of forty feet.

When determining the overall length of a single truck, the following shall be excluded:

(1) Cargo extending not more than three feet beyond the front bumper and not more than four feet beyond the rear bumper when transporting motor vehicles, boats, and chassis.

(2) An unladen cargo carrying device extending no greater than twenty-four inches from the rear of the bed of the truck.

(3) A cargo carrying device with load.

b. A single bus shall not have an overall length, inclusive of front and rear bumpers, in excess of forty-five feet, except that buses construct-

ed so as to contain a flexible part allowing articulation shall not exceed sixty-one feet.

c. A manufactured or mobile home not in excess of forty-eight feet in length may be drawn by any motor vehicle, except a motor truck, provided that the manufactured or mobile home and its towing unit are not in excess of an overall length of sixty feet. For the purposes of this subsection, a light delivery truck, panel delivery truck, or "pickup" is not a motor truck. A portable livestock loading chute not in excess of a length of thirteen feet including its hitch or tongue may be drawn by any vehicle or combination of vehicles, provided that the vehicle or combination of vehicles drawing the loading chute is not in excess of the legal length provided for such vehicles or combinations.

d. A combination of three vehicles coupled together one of which is a motor vehicle, unladen or with load, other than a truck tractor, shall not have an overall length, inclusive of front and rear bumpers, in excess of seventy feet.

e. A motor vehicle or combination of vehicles may be operated upon the highways of this state, irrespective of the length and weight limitations imposed by the laws of this state, if the motor vehicle or combination of vehicles is operated within the corporate limits of a city abutting a border of this state and such operations have been approved by ordinance of the city council and if the length and weight of the motor vehicle or combination of vehicles is in conformity with the laws relating to length and weight of the abutting state. If a city council has authorized such operation upon highways within the corporate limits, then the limit of travel for such motor vehicles or combination of vehicles within the state is extended to the commercial zones as described by federal regulations concerning interstate commerce, 49 C.F.R. § 1048.101, and to the interstate system as provided in 23 U.S.C. § 127 and 49 U.S.C. § 31112(c), as amended by Pub. L. No. 104-59.

f. A trailer or semitrailer, laden or unladen, shall not have an overall length in excess of fifty-three feet when operating in a truck tractor-semitrailer combination exclusive of retractable extensions used to support the load. However, when a trailer or semitrailer is used exclusively for the transportation of passenger vehicles, light delivery trucks, panel delivery trucks, pickup trucks, recreational vehicle chassis, or boats, the load carried on the trailer or semitrailer may extend up to three feet beyond the front bumper and up to four feet beyond the rear bumper of the trailer or semitrailer. A lowboy semitrailer, laden or unladen, which is designed and exclusively used for the transportation of construction equipment shall not have an overall length in excess of fifty-seven feet when used in a truck tractor-semitrailer combination.

g. A trailer or semitrailer, laden or unladen, shall not have an overall length in excess of

twenty-eight feet six inches when operating in a truck tractor-semitrailer-trailer combination or truck tractor-semitrailer-semi-trailer combination. When the semitrailers in a truck tractor-semitrailer-semi-trailer combination are connected by a rigid frame extension including a fifth-wheel connection point attached to the rear frame of the first semitrailer, the length of the frame extension shall not be included when determining the overall length of the first semitrailer.

h. Power units designed to carry cargo, when used in combination with a trailer or semitrailer shall not exceed sixty-five feet in overall length for the combination exclusive of retractable extensions used to support the load. However, if a combination of vehicles is used exclusively for the transportation of passenger vehicles, light delivery trucks, panel delivery trucks, pickup trucks, recreational vehicle chassis, or boats, the load may extend up to three feet beyond the front bumper of the power unit and up to four feet beyond the rear bumper of the trailer or semitrailer.

i. A stinger-steered automobile transporter shall not have an overall length exceeding seventy-five feet, exclusive of retractable extensions used to support the load and all other devices or appurtenances related to the safe and efficient operation of the vehicle, except that the load may extend up to three feet beyond the front bumper and up to four feet beyond the rear bumper.

j. A motor home shall not have an overall length, excluding front and rear bumpers and safety equipment, in excess of forty-five feet.

k. A combination of two vehicles coupled together, one of which is a motor home, shall not have an overall length in excess of sixty-five feet.

l. A combination of two vehicles coupled together, one of which is a travel trailer or fifth-wheel travel trailer, shall not have an overall length in excess of sixty-five feet.

m. Notwithstanding any other provision of this chapter, and to the extent allowed under federal law, the maximum length of a towaway trailer transporter combination operated on the highways of this state is eighty-five feet. For purposes of this paragraph, "towaway trailer transporter combination" means a combination of vehicles consisting of a towing vehicle and two unladen trailers or unladen semitrailers in which the trailers or semitrailers constitute inventory property of the manufacturer intended for sale and which are being transported from a trailer manufacturer to a trailer distributor or authorized trailer dealer.

3. Fire fighting apparatus and vehicles operated during daylight hours when transporting poles, pipe, machinery, or other objects of a structural nature which cannot be readily disassembled when required for emergency repair of public service facilities or properties are not subject to the limitations on overall length of vehicles and combinations of vehicles imposed under this section.

However, for operation during nighttime hours, these vehicles and the load being transported shall be equipped with a sufficient number of clearance lamps on both sides and marker lamps at the extreme ends of the projecting load to clearly mark the dimensions of the load. A member of the state patrol shall also be notified prior to the operation of the vehicle.

2. If the towing vehicle is a motor truck and the towed vehicle is a single trailer with a single point of articulation at the hitch connection, the drawbar or other connection shall not exceed twenty-one feet. The length of the drawbar or other connection shall be measured from the centerline of the hitch assembly on the towing vehicle to the front of the body of the towed vehicle. A vehicle which has a drawbar or other connection which measures between fifteen and twenty-one feet in length shall have at least one yellow reflector visible on each vertical face of the drawbar or other connection, located near the midpoint between the towing and the towed vehicle. A vehicle which has a drawbar or other connection which measures between fifteen and twenty-one feet in length shall have affixed to the rear of the towed vehicle a sign indicating that the vehicle is a towed vehicle.

#### **321.463 Maximum gross weight — exceptions — penalties.**

1. An axle may be divided into two or more parts, except that all parts in the same vertical transverse plane shall be considered as one axle.

2. The gross weight on any one axle of a vehicle, or of a combination of vehicles, operated on the highways of this state, shall not exceed twenty thousand pounds on an axle equipped with pneumatic tires, and shall not exceed fourteen thousand pounds on an axle equipped with solid rubber

tires. The gross weight on any tandem axle of a vehicle, or any combination of vehicles, shall not exceed thirty-four thousand pounds on an axle equipped with pneumatic tires. This subsection does not apply to implements of husbandry.

3. Notwithstanding other provisions of this chapter to the contrary, indivisible loads operating under the permit requirements of sections 321E.7, 321E.8, 321E.9, and 321E.29A shall be allowed a maximum of twenty thousand pounds per axle.

4. *a.* Self-propelled implements of husbandry used exclusively for the application of organic or inorganic plant food materials, agricultural limestone, or agricultural chemicals shall be operated in compliance with this section.

*b.* (1) Notwithstanding any provision of this section to the contrary, the weight on any one axle of a fence-line feeder, grain cart, or tank wagon operated on the highways of this state shall not exceed twenty-four thousand pounds from February 1 through May 31 or twenty-eight thousand pounds from June 1 through January 31, provided, however, that the maximum gross vehicle weight of the fence-line feeder, grain cart, or tank wagon shall not exceed ninety-six thousand pounds.

Notwithstanding any provision of this section to the contrary, a tracked implement of husbandry operated on the highways of this state shall not have a maximum gross weight in excess of ninety-

six thousand pounds.

A fence-line feeder, grain cart, tank wagon, or tracked implement of husbandry shall comply with the other provisions of this section and chapter when operated over a bridge in this state. d. For the purposes of the maximum gross weight tables in paragraphs "a", "b", and "c", distance in feet is the measured distance in feet between the centers of the extreme axles of any group of axles, rounded to the nearest whole foot.

e. The maximum gross weight allowed to be carried on a tracked implement of husbandry when operated on a noninterstate highway bridge is as follows:

“Length of track in feet” means the length of track on one side of the tracked implement of husbandry which is in contact with the ground or roadway surface.

6. The weight on any one axle, including a tandem axle, of a vehicle which is transporting livestock on highways not part of the interstate system may exceed the legal maximum weight given in this chapter providing that the gross weight on any particular group of axles on such vehicle does not exceed the gross weight allowable under this chapter for such groups of axles.

7. The weight on any one axle, including a tandem axle, of a vehicle which is transporting raw materials from a designated borrow site to a construction project or transporting raw materials from a construction project, and which is operating on a highway that is not part of the interstate system and along a route of travel approved by the department or the appropriate local authority, may exceed the legal maximum weight otherwise allowed under this chapter by ten percent if the gross weight on any particular group of axles on the vehicle does not exceed the gross weight allowed under this chapter for that group of axles. If the vehicle exceeds the ten percent tolerance allowed under this subsection, the fine shall be computed on the difference between the actual weight and the ten percent tolerance weight allowed for the axle or tandem axle.

8. A vehicle or combination of vehicles transporting materials or equipment on nonprimary highways to or from a construction project or commercial plant site may operate under the maximum gross weight table for primary highways in subsection 5, paragraph “a”, if the route is approved by the appropriate local authority. Route approval is not required if the vehicle or combination of vehicles transporting materials or equipment to or from a construction project or commercial plant site complies with the maximum gross weight table for noninterstate highways in subsection 5, paragraph “c”.

9. A vehicle designed to tow wrecked or disabled vehicles shall be exempt from the weight limitations in this section while the vehicle is towing a wrecked or disabled vehicle.

axle, and groups of axles weight violations.

c. Except as otherwise provided, the amount of the fine to be assessed shall be computed on the difference between the actual weight and the maximum legal weight specified in this section.

d. The schedule of fines may be assessed in addition to any other penalties provided for in this chapter.

#### **321.464 Investigation as to safety.**

The director upon registering any vehicle under the laws of this state which vehicle is designed and used primarily for the transportation of property or for the transportation of ten or more persons, may require such information and may make such investigation or test as necessary to enable the director to determine whether such vehicle may safely be operated upon the highways in compliance with all the provisions of this chapter. The director shall register every such vehicle for a permissible gross weight not exceeding the limitations set forth in this chapter. Every such vehicle shall meet the following requirements:

1. It shall be equipped with brakes as required in sections 321.430 and 321.431.

2. Every motor vehicle to be operated outside of business and residence districts shall have motive power adequate to propel at a reasonable speed such vehicle and any load thereon or to be drawn thereby.

[C39, §5035.13; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.464]

#### **321.465 Weighing vehicles and removal of excess.**

Any peace officer having reason to believe that the weight of a vehicle and load is unlawful is au-

thorized to require the driver to stop and submit to a weighing of the same either by means of portable or stationary scales and may require that such vehicle be driven to the nearest public scales.

If an officer upon weighing a vehicle and load determines that the weight is unlawful, the officer may require the driver to stop the vehicle in a suitable place until such portion of the load is removed as may be necessary to reduce the gross weight of the vehicle to the limit as permitted under this chapter. All material so unloaded shall be cared for by the owner or operator of the vehicle at the risk of the owner or operator. The owner or operator of an overweight vehicle, designed to transport solid waste and domiciled within the state, which is transporting solid waste, shall not be required to unload any portion of the load, if the load is indivisible, in a place other than a facility which is permitted to handle solid waste disposal, processing, or recycling. For purposes of this section “*solid waste*” means waste which is acceptable at a local sanitary landfill and the solid waste shall be considered to be an indivisible load.

A driver of a vehicle who fails or refuses to stop and submit the vehicle and load to a weighing, or who fails or refuses when directed by an officer upon a weighing of the vehicle to stop the vehicle and otherwise comply with this section, is guilty of a simple misdemeanor.

Upon weighing a vehicle and load, as above provided, if such load is a sealed load, the weight officer shall issue a certificate setting forth the weights as determined by the weight officer and the seal number or numbers, if requested by the operator.

#### **321.466 Increased loading capacity — re-registration.**

1. An increased gross weight registration may be obtained for any vehicle by payment of the difference between the annual fee for the higher gross weight and the amount of the fee for the gross weight at which it is registered.

2. During or after the seventh month of a current registration year, the owner of a motor truck, truck tractor, road tractor, semitrailer or trailer may, if the owner’s operation has not resulted in a conviction or action pending under this section, increase the gross weight of the vehicle to a higher gross weight classification by payment of one-twelfth of the difference between the annual fee for the higher gross weight and the amount of the fee for the gross weight at which it is registered, multiplied by the number of unexpired months of the registration year.

3. Upon conversion of a truck to a truck tractor or a truck tractor to a truck, an increased gross weight registration of the proper type may be ob-

tained for the vehicle by payment, except as provided in section 321.106, of one-twelfth of the difference between the annual fee for the higher gross weight and the amount of the annual fee for the gross weight at which the vehicle is registered, multiplied by the number of unexpired months of the registration year from the date of the conversion.

4. The registered gross weight of a vehicle or combination of vehicles may also be increased by installing and using an auxiliary axle or axles, and the combined registered gross weight of the vehicle and auxiliary axle or axles shall determine the total registered gross weight. An auxiliary axle shall not be used to convert a single axle to a tandem axle unless equipped with a device to equalize the load carried by the single axle and the auxiliary axle when in tandem and when in motion or when standing, and the load transmitted to the highway by either the single axle or the auxiliary axle shall not exceed that permitted for a single axle, nor shall the load transmitted to the highway when in tandem and when in motion or when standing, exceed that permitted for a tandem axle.

5. It shall be unlawful for any person to operate a motor truck, trailer, truck tractor, road tractor, semitrailer or combination thereof, or any such vehicle equipped with a transferable auxiliary axle or axles, on the public highways with a gross weight exceeding that for which it is registered by more than five percent of the gross weight for which it is registered, provided, however, that any vehicle or vehicle combination referred to herein, while carrying a load of raw farm products, soil fertilizers, including ground limestone, raw dairy products or livestock, live poultry, eggs, may be operated with a gross weight of twenty-five percent in excess of the gross weight for which it is registered.

6. For the purposes of this section cracked or ground soy beans, sargo, corn, wheat, rye, oats or other grain shall be deemed to be raw farm products, provided that such products are being directly delivered to a farm, from the place where the whole grain had been delivered from a farm for the purpose of cracking or grinding and immediate delivery to the farm to which such cracked or ground products are being delivered.

7. The truck operator shall have in the truck operator's possession a receipt showing place of processing on the return trip.

#### **321.467 Retractable axles.**

A vehicle which is a model year 1999 or later vehicle shall not operate on a highway of this state with a retractable axle unless the weight on the re-

tractable axle can only be adjusted by means of a manual device located on the vehicle that is not accessible to the operator of the vehicle during operation of the vehicle. However, the controls for raising and lowering the retractable axle may be accessible to the operator of the vehicle while the vehicle is in operation.

#### **321.471 Local authorities may restrict.**

1. Local authorities with respect to a highway under their jurisdiction may by ordinance or resolution prohibit the operation of vehicles upon the highway or impose restrictions as to the weight of vehicles to be operated upon the highway for a total period of not to exceed ninety days in any one calendar year, whenever the highway by reason of deterioration, rain, snow, or other climatic conditions will be seriously damaged or destroyed unless the use of vehicles on the highway is prohibited or the permissible weights reduced. The ordinance or resolution shall not apply to implements of husbandry as defined in section 321.1, implements of husbandry loaded on hauling units for transporting the implements to locations for repair, or fire apparatus and road maintenance equipment owned by, under lease to, or used in the performance of a contract with a state or local authority.

A person who violates the provisions of the ordinance or resolution shall, upon conviction or a plea of guilty, be subject to a fine determined by dividing the difference between the actual weight and the maximum weight established by the ordinance or resolution by one hundred, and multiplying the quotient by two dollars. Local authorities may issue special permits during periods the restrictions are in effect to permit limited operation of vehicles upon specified routes with loads in excess of any restrictions imposed under this subsection, but not in excess of load restrictions imposed by any other provision of this chapter, and the authorities shall issue the permits upon a showing that there is a need to move to market farm produce of the type subject to rapid spoilage or loss of value or to move to any farm feeds or fuel for home heating purposes.

2. *a.* Upon a finding that a bridge or culvert does not meet established standards set forth by state and federal authorities, local authorities may by ordinance or resolution impose limitations for an indefinite period of time on the weight of vehicles upon bridges or culverts located on highways under their sole jurisdiction. The limitations shall be effective when signs giving notice of the limitations are erected. The ordinance or resolution shall not apply to implements of husbandry loaded on hauling units for transporting the implements to locations for purposes of repair or to fire apparatus or road maintenance equipment

owned by, under lease to, or used in the performance of a contract with a state or local authority.

b. A person who violates the ordinance or resolution shall, upon conviction or a guilty plea, be subject to a fine determined by dividing the difference between the actual weight of the vehicle and the maximum weight allowed by the ordinance or resolution by one hundred and multiplying the quotient by two dollars. Local authorities may issue or approve special permits allowing the operation over a bridge or culvert of vehicles with weights in excess of restrictions imposed under the ordinance or resolution, but not in excess of load restrictions imposed by any other provision of this chapter. The local authority shall issue such a permit for not to exceed eight weeks upon a showing of agricultural hardship. The operator of a vehicle which is the subject of a permit issued under this paragraph shall carry the permit while operating the vehicle and shall show the permit to any peace officer upon request.

#### **321.472 Signs posted.**

The local authority enacting any ordinance or resolution authorized under section 321.471 shall erect and maintain signs designating the ordinance or resolution at each end of that portion of any highway or at the location of any bridge or culvert affected thereby, and the ordinance or resolution shall not be effective unless and until the signs are erected and maintained.

[C31, 35, §4686-c1; C39, §5035.21; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.472]

87 Acts, ch 162, §2

#### **321.473 Limiting trucks — rubbish vehicles.**

Local authorities with respect to highways under their jurisdiction may also, by ordinance or resolution, prohibit the operation of trucks or other commercial vehicles, or may impose limitations as to the weight thereof, on designated highways, which prohibitions and limitations shall be designated by appropriate signs placed on such highways.

The department may issue annual special permits for the operation of compacted rubbish vehicles and vehicles which transport compacted rubbish from a rubbish collection point to a landfill area, exceeding the weight limitation of section 321.463, but not exceeding a rear axle gross weight for two-axle vehicles of twenty-two thousand pounds for the period commencing July 1, 1978 and ending June 30, 1986 and twenty thousand pounds commencing July 1, 1986 and thereafter, and for tandem axle vehicles or transferable

auxiliary axle vehicles not exceeding a gross weight on the rear axles of thirty-six thousand pounds. Annual special permits for the operation on secondary roads shall be approved by the county engineer. Annual special permits for a particular vehicle shall not be issued by the department unless prior approval is given by the county engineer of the county in which the vehicle will be operated. Annual special permits for operation on primary roads shall be approved by the state department of transportation. Compacted rubbish vehicles and vehicles which transport compacted rubbish from a rubbish collection point to a landfill area operated pursuant to an annual special permit shall be operated only over routes designated by the local authority. Annual special permits for a particular vehicle shall not be issued by the department unless approved by the local authority responsible for the roads over which the vehicle will be operated. Annual special permits approved by the issuing authority shall be issued upon payment of an annual fee, in addition to other registration fees imposed, of one hundred dollars to be paid to the department for all nongovernmental vehicles.

Any person who violates the provisions of the ordinance or resolution shall, upon conviction or a plea of guilty, be subject to a fine determined by dividing the difference between the actual weight and the maximum weight established by the ordinance or resolution by one hundred, and multiplying the quotient by two dollars. The fine for violation of a special permit issued pursuant to this section shall be based upon the difference between the actual weight of the vehicle and load and the maximum weight allowed by the permit in accordance with section 321.463.

Local authorities may issue special permits, during periods such restrictions are in effect, to permit limited operation of vehicles upon specified routes with loads in excess of any restrictions imposed under this section, but not in excess of load restrictions imposed by any other provision of this chapter, and such authorities shall issue such permits upon a showing that there is a need to move to market farm produce or to move to any farm, feeds or fuel for home heating purposes.

[C39, §5035.22; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.473]

#### **321.474 Department may restrict.**

The department shall have authority, as granted to local authorities, to determine by resolution and to impose restrictions as to the weight of vehicles, except implements of husbandry as defined in section 321.1, implements of husbandry loaded on hauling units for transporting the implements to locations for repair, and fire apparatus and road maintenance equipment owned by, under lease to, or used in the performance of a contract with a state or local authority, operated upon any high-

way under the jurisdiction of the department for a definite period of time not to exceed twelve months. The restrictions shall be effective when signs giving notice of the restrictions and the expiration date of the restrictions are erected upon the affected highway or portion of highway.

Upon a finding that a bridge or culvert does not meet established standards set forth by state and federal authorities, the department may impose, by resolution, restrictions for an indefinite period of time on the weight of vehicles operated upon bridges or culverts located on highways under its jurisdiction. The restrictions shall be effective when signs giving notice of the restrictions are erected. The restrictions shall not apply to implements of husbandry loaded on hauling units for transporting the implements to locations for purposes of repair or to fire apparatus or road maintenance equipment owned by, under lease to, or used in the performance of a contract with a state or local authority.

For the purposes of restrictions imposed under this section, a triple axle is any group of three or more consecutive axles where the centers of any consecutive axles are more than forty inches apart and where the centers of the extreme axles are more than eighty-four inches apart but not more than one hundred sixty-eight inches apart. Where triple axle restrictions are imposed, the signs erected by the department shall give notice of the restrictions.

Any person who violates a restriction imposed by resolution pursuant to this section, upon conviction or a plea of guilty, is subject to a fine determined by dividing the difference between the actual weight of the vehicle and the maximum weight allowed by the restriction by one hundred and multiplying the quotient by two dollars. The department may issue special permits, during periods the restrictions are in effect, to permit limited operation of vehicles upon specified routes with loads in excess of any restrictions imposed under this section, but not in excess of load restrictions imposed by this chapter. The department shall issue a special permit for not to exceed eight weeks upon a showing of agricultural hardship. The department shall issue special permits to trucks moving farm produce, which decays or loses its value if not speedily put to its intended use, to market upon a showing to the department that there is a requirement for trucking the produce, or to trucks moving any farm feeds or fuel necessary for home heating purposes. The operator of a vehicle which is the subject of a permit issued under this paragraph shall carry the permit while operating the vehicle and shall show the permit to any peace officer upon request.

Whenever such driver is not the owner of such vehicle, object, or contrivance, but is so operating, driving, or moving the same with the express or implied permission of said owner, then said owner and driver shall be jointly and severally liable for any such damage. Such damage may be recovered in a civil action brought by the authorities in control of such highway or highway structure.

The department shall adopt rules pursuant to chapter 17A, stating the department's policy for recovery of damages to highways or highway structures pursuant to this section. The policy shall exclude from recoverable damages the costs of traffic control at the scene of an accident.

3. To the owner of a motor vehicle if at the time of the accident the vehicle was being operated without the owner's permission, express or implied, or was parked by a person who had been operating such motor vehicle without such permission.

4. If, prior to the date that the department would otherwise suspend license and registration or nonresident's operating privilege under section 321A.5, there shall be filed with the department evidence satisfactory to the department that the person who would otherwise have to file security has been released from liability or been finally adjudicated not to be liable or has executed a warrant for confession of judgment, payable when and in such installments as the parties have agreed to, or has executed a duly acknowledged written agreement providing for the payment of an agreed amount in installments, with respect to all claims for injuries or damages resulting from the accident; provided, however, in the event there shall be any default in the payment of any installment under any confession of judgment, then, upon notice of such default, the department shall forthwith suspend the license and registration or nonresident's operating privilege of such person defaulting which shall not be restored unless and until the entire amount provided for in said confession of judgment has been paid; and provided, further, that in the event there shall be any default in the payment of any installment under any duly acknowledged written agreement, then, upon notice of such default, the department shall forthwith suspend the license and registration or nonresident's operating privilege of such person defaulting which shall not be restored unless and until:

1. A “*motor vehicle liability policy*” as said term is used in this chapter shall mean an owner’s or an operator’s policy of liability insurance, certified as provided in section 321A.19 or section 321A.20 as proof of financial responsibility, and is-

sued, except as otherwise provided in section 321A.20, by an insurance carrier duly authorized to transact business in this state, to or for the benefit of the person named therein as insured.

2. Such owner’s policy of liability insurance:

*b.* Shall insure the person named in the policy and any other person, as insured, using the motor vehicles with the express or implied permission of the named insured, against loss from the liability imposed by law for damages arising out of the ownership, maintenance, or use of the motor vehicles within the United States of America or the Dominion of Canada, subject to limits exclusive of interest and costs, with respect to each such motor vehicle, as follows: With respect to all accidents which occur on or after January 1, 1981, and before January 1, 1983, fifteen thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, thirty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and ten thousand dollars because of injury to or destruction of property of others in any one accident; and with respect to all accidents which occur on or after January 1, 1983, twenty thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, forty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and fifteen thousand dollars because of injury to or destruction of property of others in any one accident.

3. Such operator’s policy of liability insurance shall insure the person named as insured therein against loss from the liability imposed upon the person by law for damages arising out of the use by the person of any motor vehicle not owned by the person, within the same territorial limits and subject to the same limits of liability as are set forth above with respect to an owner’s policy of liability insurance.

4. Such motor vehicle liability policy shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period, and the limits of liability, and shall contain an agreement or be endorsed that insurance is provided thereunder in accordance with the coverage defined in this chapter as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this chapter.

5. Such motor vehicle liability policy need not insure any liability under any workers’ compensation law nor any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment, other than domestic, of the insured, or while engaged in the operation, maintenance, or repair of any such motor vehicle

nor any liability for damage to property owned by, rented to, in charge of, or transported by the insured.

6. Every motor vehicle liability policy shall be subject to the following provisions which need not be contained therein:

*a.* The liability of the insurance carrier with respect to the insurance required by this chapter shall become absolute whenever injury or damage covered by said motor vehicle liability policy occurs; said policy may not be canceled or annulled as to such liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage; no statement made by the insured or on the insured's behalf and no violation of said policy shall defeat or void said policy.

*b.* The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to make payment on account of such injury or damage.

*c.* The insurance carrier shall have the right to settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability specified in paragraph "b" of subsection 2 of this section.

*d.* The policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of the chapter shall constitute the entire contract between the parties.

7. Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy and such excess or additional coverage shall not be subject to the provisions of this chapter. With respect to a policy which grants such excess or additional coverage the term "*motor vehicle liability policy*" shall apply only to that part of the coverage which is required by this section.

8. Any motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this chapter.

9. Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.

10. The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carriers which policies together meet such requirements.

11. Any binder issued pending the issuance of a motor vehicle liability policy shall be deemed to fulfill the requirements for such a policy.

#### **321A.22 Notice of cancellation or termination of certified policy.**

When an insurance carrier has certified a motor vehicle liability policy under section 321A.19 or section 321A.20, the insurance so certified shall not be canceled or terminated until at least ten days after a notice of cancellation or termination of the insurance so certified shall be filed in the office of the department, except that such a policy subsequently procured and certified shall, on the effective date of its certification, terminate the insurance previously certified with respect to any motor vehicle designated in both certificates.

[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321A.22]

92 Acts, ch 1175, §43

#### **321A.23 Chapter not to affect other policies.**

1. This chapter shall not be held to apply to or affect policies of automobile insurance against liability which may now or hereafter be required by any other law of this state, and such policies, if they contain an agreement or are endorsed to conform with the requirements of this chapter, may be certified as proof of financial responsibility under this chapter.

2. This chapter shall not be held to apply to or affect policies insuring solely the insured named in the policy against liability resulting from the maintenance or use by persons in the insured's employ or on the insured's behalf of motor vehicles not owned by the insured.

[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321A.23]

#### **321A.24 Bond as proof.**

1. *a.* Proof of financial responsibility may be evidenced by the bond of a surety company duly authorized to transact business within this state, or a bond with at least two individual sureties each owning real estate within this state, and together having equities equal in value to at least twice the amount of the bond, which real estate shall be scheduled in the bond approved by a judge or clerk of the district court, and which bond shall be conditioned for payment of the amounts specified in section 321A.1, subsection 11.

*b.* The bond shall be filed with the department and is not cancelable except after ten days' written notice to the department. The director shall issue to the person filing the bond a bond insurance card for each motor vehicle registered by the person in the state. The bond insurance card shall state the name and address of the person and the motor vehicle registration number of the vehicle for which the card is issued.

*c.* The bond constitutes a lien in favor of the state upon the real estate so scheduled of any surety, which lien exists in favor of any holder of a final judgment against the person who has filed the

bond, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damage because of injury to or destruction of property, including the loss of use of the property, resulting from the ownership, maintenance, use, or operation of a motor vehicle after the bond was filed, upon the filing of notice to that effect by the department in the office of the proper clerk of the district court of the county where the real estate is located. An individual surety scheduling real estate security shall furnish satisfactory evidence of title to the property and the nature and extent of all encumbrances on the property and the value of the surety's interest in the property, in the manner the judge or clerk of the district court approving the bond requires. The notice filed by the department shall contain, in addition to any other matters deemed by the department to be pertinent, a legal description of the real estate scheduled, the name of the holder of the record title, the amount for which it stands as security, and the name of the person in whose behalf proof is so being made. Upon the filing of the notice the clerk of the district court shall retain the notice as part of the records of the court and enter upon the encumbrance book the date and hour of filing, the name of the surety, the name of the record titleholder, the description of the real estate, and the further notation that a lien is charged on the real estate pursuant to the filed notice. From and after the entry of the notice upon the encumbrance book all persons are charged with notice of it.

*d.* If the bond is canceled, the person who filed the bond shall surrender to the director all bond insurance cards issued to the person.

2. If such a judgment, rendered against the principal on such bond shall not be satisfied within sixty days after it has become final, the judgment creditor may, for the judgment creditor's own use and benefit and at the judgment creditor's sole expense, bring an action or actions in the name of the state against the company or persons executing such bond, including an action or proceeding to foreclose any lien that may exist upon the real estate of a person who has executed such bond. An action to foreclose any lien upon real estate scheduled by any surety under the provisions of this chapter shall be by equitable proceeding in the same manner as is provided for the foreclosure of real estate mortgages.

1. Proof of financial responsibility may be evidenced by the statement of the treasurer of state that the person named in the statement has filed

with the treasurer of state fifty-five thousand dollars in the form of an endorsed certificate of deposit made payable jointly to the person and the treasurer of state. The certificate of deposit shall be obtained from an Iowa financial institution in the amount of fifty-five thousand dollars plus any early withdrawal penalty fee. The treasurer of state shall promptly notify the director of transportation of the name and address of the person to whom the statement has been issued. Upon receipt of the notification, the director of transportation shall issue to the person a security insurance card for each motor vehicle registered in this state by the person. The security insurance card shall state the name and address of the person and the registration number of the motor vehicle for which the card is issued. The treasurer of state shall not accept a certificate of deposit and issue a statement for it and the department shall not accept the statement unless accompanied by evidence that there are no unsatisfied judgments of any character against the person in the county where the person resides.

2. Such certificate of deposit shall be held by the treasurer of state to satisfy, in accordance with this chapter, any execution on a judgment issued against the person filing the certificate of deposit, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use of property, resulting from the ownership, maintenance, use, or operation of a motor vehicle after the certificate of deposit was filed. A certificate of deposit so filed shall not be subject to attachment or execution unless the attachment or execution arises out of a suit for damages as previously provided in this subsection.

#### **321A.26 Owner may give proof for others.**

Whenever any person required to give proof of financial responsibility hereunder is or later becomes an operator in the employ of any owner, or is or later becomes a member of the immediate family or household of the owner, the department shall accept proof given by such owner in lieu of proof by such other person to permit such other person to operate a motor vehicle for which the owner has given proof as herein provided or has qualified as a self-insurer under section 321A.34. The department shall designate the restrictions imposed by this section on the face of such person's license.

**321A.27 Substitution of proof.**

The department shall consent to the cancellation of a bond or certificate of insurance or the department shall direct and the treasurer of state shall return a certificate of deposit to the person entitled to the certificate of deposit upon the substitution and acceptance of other adequate proof of financial responsibility pursuant to this chapter.

**321A.28 Other proof may be required.**

Whenever any proof of financial responsibility filed under the provisions of this chapter no longer fulfills the purposes for which required, the department shall for the purpose of this chapter, require other proof as required by this chapter and shall suspend the license and registration or the nonresident's operating privilege pending the filing of such other proof.

92 Acts, ch 1175, §43

**321A.29 Duration of proof — when proof may be canceled or returned.**

1. The department shall upon request consent to the immediate cancellation of a bond or certificate of insurance, or the department shall direct and the treasurer of state shall return to the person entitled thereto a certificate of deposit filed pursuant to this chapter as proof of financial responsibility, or the department shall waive the requirement of filing proof, in any of the following events:

*a.* At any time after two years from the date such proof was required when, during the two-year period preceding the request, the department has not received record of a conviction or a forfeiture of bail which would require or permit the suspension or revocation of the license, registration, or nonresident's operating privilege of the person by or for whom such proof was furnished.

*b.* In the event of the death of the person on whose behalf such proof was filed or the permanent incapacity of such person to operate a motor vehicle.

*c.* In the event the person who has given proof surrenders the person's license and registration to the department.

2. The department shall not consent to the cancellation of a bond or the return of a certificate of deposit in the event an action for damages upon a liability covered by such proof is then pending or a judgment upon any such liability is unsatisfied, or in the event the person who has filed such bond or such certificate of deposit has within one year

immediately preceding such request been involved as an operator or owner in any motor vehicle accident resulting in injury or damage to the person or property of others. An affidavit of the applicant as to the nonexistence of such facts, or that the applicant has been released from all of the applicant's liability, or has been finally adjudicated not to be liable, for such injury or damage, shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the department.

3. If a person whose proof has been canceled or returned under subsection 1, paragraph "c", applies for a license or registration within a period of two years from the date proof was originally required, such application shall be refused unless the applicant reestablishes proof for the remainder of the two-year period.

CHAPTER 321C

INTERSTATE DRIVERS LICENSE COMPACTS

321C.1 Power to enter into compact — terms.

321C.2 Enforcement.

**321C.1 Power to enter into compact — terms.**

The director of transportation may enter into drivers license compacts with other jurisdictions in substantially the following form.

The contracting states agree:

ARTICLE I — FINDINGS AND DECLARATION OF POLICY

a. The party states find that:

1. The safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles.

2. Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.

3. The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.

b. It is the policy of each of the party states to:

1. Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.

2. Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the overall compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or per-

mitted to operate a motor vehicle in any of the party states.

#### ARTICLE II — DEFINITIONS

As used in this compact:

*a.* “*State*” means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

*b.* “*Home state*” means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.

*c.* “*Conviction*” means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

#### ARTICLE III — REPORTS OF CONVICTION

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered, or the conviction was a result of the forfeiture of bail, bond or other security; and shall include any special findings made in connection therewith.

#### ARTICLE IV — EFFECT OF CONVICTION

*a.* The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this compact, as it would if such conduct had occurred in the home state, in the case of convictions for:

1. Manslaughter or negligent homicide resulting from the operation of a motor vehicle;

2. Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle;

3. Any felony in the commission of which a motor vehicle is used;

4. Failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

*b.* As to other convictions, reported pursuant to Article III, the licensing authority in the home

state shall give such effect to the conduct as is provided by the laws of the home state.

*c.* If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision “*a*” of this article, such party state shall construe the denominations and descriptions appearing in subdivision “*a*” hereof as being applicable to and identifying those offenses or violations of a substantially similar nature, and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this article.

#### ARTICLE V — APPLICATIONS FOR NEW LICENSES

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

1. The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated.

2. The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of one year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

3. The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

#### ARTICLE VI — APPLICABILITY OF OTHER LAWS

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other co-operative arrangement between a party state and a nonparty state.

#### ARTICLE VII — COMPACT ADMINISTRATOR AND INTERCHANGE OF INFORMATION

*a.* The head of the licensing authority of each party state shall be the administrator of this compact for that state. The administrators, acting jointly, shall have the power to formulate all neces-

sary and proper procedures for the exchange of information under this compact.

b. The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

ARTICLE VIII — ENTRY INTO FORCE  
AND WITHDRAWAL

a. This compact shall enter into force and become effective as to any state when it has enacted the same into law.

b. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No with-

drawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

ARTICLE IX — CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable.

[C66, 71, 73, 75, 77, 79, 81, §321C.1]  
86 Acts, ch 1245, §1938

**321C.2 Enforcement.**

The agencies and officers of this state and its subdivisions and municipalities shall enforce this compact and do all things appropriate to effect its purpose and intent which may be within their respective jurisdictions.

## CHAPTER 321D

### VEHICLE EQUIPMENT COMPACTS

321D.1 Power to enter into compact — terms.

321D.2 Enforcement.

**321D.1 Power to enter into compact — terms.**

The director of transportation may enter into vehicle equipment safety compacts with other jurisdictions in substantially the following form.

The contracting states agree:

ARTICLE I — FINDINGS AND PURPOSES

a. The party states find that:

1. Accidents and deaths on their streets and highways present a very serious human and economic problem with a major deleterious effect on the public welfare.

2. There is a vital need for the development of greater interjurisdictional co-operation to achieve the necessary uniformity in the laws, rules, regulations and codes relating to vehicle equipment, and to accomplish this by such means as will minimize the time between the development of demonstrably and scientifically sound safety features and their incorporation into vehicles.

b. The purposes of this compact are to:

1. Promote uniformity in regulation of and standards for equipment.

2. Secure uniformity of law and administrative practice in vehicular regulation and related safety standards to permit incorporation of desirable equipment changes in vehicles in the interest

of greater traffic safety.

3. To provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in subdivision “a” of this article.

c. It is the intent of this compact to emphasize performance requirements and not to determine the specific detail of engineering in the manufacture of vehicles or equipment except to the extent necessary for the meeting of such performance requirements.

ARTICLE II — DEFINITIONS

As used in this compact:

a. “*Vehicle*” means every device in, upon or by which any person or property is or may be transported or drawn upon a highway, excepting devices moved by human power or used exclusively upon stationary rails or tracks.

b. “*State*” means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

c. “*Equipment*” means any part of a vehicle or any accessory for use thereon which affects the safety of operation of such vehicle or the safety of the occupants.

## ARTICLE III — THE COMMISSION

*a.* There is hereby created an agency of the party states to be known as the “Vehicle Equipment Safety Commission” hereinafter called the commission. The commission shall be composed of one commissioner from each party state who shall be appointed, serve and be subject to removal in accordance with the laws of the state which the commissioner represents. If authorized by the laws of the commissioner’s party state, a commissioner may provide for the discharge of the commissioner’s duties and the performance of the commissioner’s functions on the commission, either for the duration of the commissioner’s membership or for any lesser period of time, by an alternate. No such alternate shall be entitled to serve unless notification of the alternate’s identity and appointment shall have been given to the commission in such form as the commission may require. Each commissioner, and each alternate, when serving in the place and stead of a commissioner, shall be entitled to be reimbursed by the commission for expenses actually incurred in attending commission meetings or while engaged in the business of the commission.

*b.* The commissioners shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners, or their alternates, are present.

*c.* The commission shall have a seal.

*d.* The commission shall elect annually, from among its members, a chairperson, a vice chairperson and a treasurer. The commission may appoint an executive director and fix the executive director’s duties and compensation. Such executive director shall serve at the pleasure of the commission, and together with the treasurer shall be bonded in such amount as the commission shall determine. The executive director also shall serve as secretary. If there be no executive director, the commission shall elect a secretary in addition to the other officers provided by this subdivision.

*f.* The commission may establish and maintain independently or in conjunction with any one or more of the party states, a suitable retirement system for its full-time employees. Employees of the commission shall be eligible for social security coverage in respect of old-age and survivor’s insur-

ance provided that the commission takes such steps as may be necessary pursuant to the laws of the United States, to participate in such program of insurance as a governmental agency or unit. The commission may establish and maintain or participate in such additional programs of employee benefits as may be appropriate.

*g.* The commission may borrow, accept or contract for the services of personnel from any party state, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party states or their subdivisions.

*h.* The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency and may receive, utilize and dispose of the same.

*i.* The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

*j.* The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states. The bylaws shall provide for appropriate notice to the commissioners of all commission meetings and hearings and the business to be transacted at such meetings or hearings. Such notice shall also be given to such agencies or officers of each party state as the laws of such party state may provide.

*k.* The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the preceding year, and embodying such recommendations as may have been issued by the commission. The commission may make such additional reports as it may deem desirable.

## ARTICLE IV — RESEARCH AND TESTING

The commission shall have power to:

*a.* Collect, correlate, analyze and evaluate information resulting or derivable from research and testing activities in equipment and related fields.

*b.* Recommend and encourage the undertaking of research and testing in any aspect of equipment or related matters when, in its judgment, appropriate or sufficient research or testing has not been undertaken.

*c.* Contract for such equipment research and testing as one or more governmental agencies may agree to have contracted for by the commission, provided that such governmental agency or agen-

cies shall make available the funds necessary for such research and testing.

*d.* Recommend to the party states changes in law or policy with emphasis on uniformity of laws and administrative rules, regulations or codes which would promote effective governmental action or co-ordination in the prevention of equipment-related highway accidents or the mitigation of equipment-related highway safety problems.

#### ARTICLE V — VEHICULAR EQUIPMENT

*a.* In the interest of vehicular and public safety, the commission may study the need for or desirability of the establishment of or changes in performance requirements or restrictions for any item of equipment. As a result of such study, the commission may publish a report relating to any item or items of equipment, and the issuance of such a report shall be a condition precedent to any proceedings or other action provided or authorized by this article. No less than sixty days after the publication of a report containing the results of such study, the commission upon due notice shall hold a hearing or hearings at such place or places as it may determine.

*b.* Following the hearing or hearings provided for in subdivision “*a*” of this article, and with due regard for standards recommended by appropriate professional and technical associations and agencies, the commission may issue rules, regulations or codes embodying performance requirements or restrictions for any item or items of equipment covered in the report, which in the opinion of the commission will be fair and equitable and effectuate the purposes of this compact.

*c.* Each party state obligates itself to give due consideration to any and all rules, regulations and codes issued by the commission and hereby declares its policy and intent to be the promotion of uniformity in the laws of the several party states relating to equipment.

*d.* The commission shall send prompt notice of its action in issuing any rule, regulation or code pursuant to this article to the appropriate motor vehicle agency of each party state and such notice shall contain the complete text of the rule, regulation or code.

*e.* If the constitution of a party state requires, or if its statutes provide, the approval of the legislature by appropriate resolution or act may be made a condition precedent to the taking effect in such party state of any rule, regulation or code. In such event, the commissioner of such party state shall submit any commission rule, regulation or code to the legislature as promptly as may be in lieu of administrative acceptance or rejection thereof by the party state.

*f.* Except as otherwise specifically provided in or pursuant to subdivisions “*e*” and “*g*” of this article, the appropriate motor vehicle agency of a party state shall in accordance with its constitu-

tion or procedural laws adopt the rule, regulation or code within six months of the sending of the notice, and, upon such adoption, the rule, regulation or code shall have the force and effect of law therein.

*g.* The appropriate motor vehicle agency of a party state may decline to adopt a rule, regulation or code issued by the commission pursuant to this article if such agency specifically finds, after public hearing on due notice, that a variation from the commission’s rule, regulation or code is necessary to the public safety, and incorporates in such finding the reasons upon which it is based. Any such finding shall be subject to review by such procedure for review of administrative determinations as may be applicable pursuant to the laws of the party state. Upon request, the commission shall be furnished with a copy of the transcript of any hearings held pursuant to this subdivision.

#### ARTICLE VI — FINANCE

*a.* The commission shall submit to the executive head or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that party state for presentation to the legislature thereof.

*b.* Each of the commission’s budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The total amount of appropriations under any such budget shall be apportioned among the party states as follows: One-third in equal shares; and the remainder in proportion to the number of motor vehicles registered in each party state. In determining the number of such registrations, the commission may employ such source or sources of information as in its judgment present the most equitable and accurate comparisons among the party states. Each of the commission’s budgets of estimated expenditures and requests for appropriations shall indicate the source or sources used in obtaining information concerning vehicular registrations.

*c.* The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds available to it under Article III “*h*” of this compact, provided that the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it under Article III “*h*” hereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

*d.* The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its rules. However, all receipts

and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant and the report of the audit shall be included in and become part of the annual reports of the commission.

*e.* The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

*f.* Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

ARTICLE VII — CONFLICT OF INTEREST

*a.* The commission shall adopt rules and regulations with respect to conflict of interest for the commissioners of the party states, and their alternates, if any, and for the staff of the commission and contractors with the commission to the end that no member or employee or contractor shall have a pecuniary or other incompatible interest in the manufacture, sale or distribution of motor vehicles or vehicular equipment or in any facility or enterprise employed by the commission or on its behalf for testing, conduct of investigations or research. In addition to any penalty for violation of such rules and regulations as may be applicable under the laws of the violator's jurisdiction of residence, employment or business, any violation of a commission rule or regulation adopted pursuant to this article shall require the immediate discharge of any violating employee and the immediate vacating of membership, or relinquishing of status as a member on the commission by any commissioner or alternate. In the case of a contractor, any violation of any such rule or regulation shall make any contract of the violator with the commission subject to cancellation by the commission.

*b.* Nothing contained in this article shall be deemed to prevent a contractor for the commission from using any facilities subject to the contractor's

control in the performance of the contract even though such facilities are not devoted solely to work of or done on behalf of the commission; nor to prevent such a contractor from receiving remuneration or profit from the use of such facilities.

ARTICLE VIII — ADVISORY AND TECHNICAL COMMITTEES

The commission may establish such advisory and technical committees as it may deem necessary, membership on which may include private citizens and public officials, and may co-operate with and use the services of any such committees and the organizations which the members represent in furthering any of its activities.

ARTICLE IX — ENTRY INTO FORCE AND WITHDRAWAL

*a.* This compact shall enter into force when enacted into law by any six or more states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof.

*b.* Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the executive head of the withdrawing state has given notice in writing of the withdrawal to the executive heads of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

### 321E.1 Permits by department and local authorities.

The department and local authorities may in their discretion and upon application and with good cause being shown issue permits for the movement of construction machinery or asphalt repavers being temporarily moved on streets, roads or highways and for vehicles with indivisible loads which exceed the maximum dimensions and weights specified in sections 321.452 to 321.466, but not to exceed the limitations imposed in sections 321E.1 to 321E.15 except as provided in section 321E.29. Vehicles permitted to transport indivisible loads may exceed the width and length limitations specified in sections 321.454 and 321.457 for the purpose of picking up an indivisible load or returning from delivery of the indivisible load. Permits issued may be single-trip, multi-trip, or annual permits. Permits shall be in writing and shall be carried in the cab of the vehicle for which the permit has been issued and shall be available for inspection at all times. The vehicle and load for which the permit has been issued shall be open to inspection by a peace officer or an authorized agent of a permit granting authority. When in the judgment of the issuing authority in cities and counties the movement of a vehicle with an indivisible load or construction machinery which exceeds the maximum dimensions and weights will be unduly hazardous to public safety or will cause undue damage to streets, avenues, boulevards, thoroughfares, highways, curbs, sidewalks, trees, or other public or private property, the permit shall be denied and the reasons for denial endorsed on the application. Permits shall designate the days when and routes upon which loads and construction machinery may be moved within a county on other than primary roads.

Local authorities may allow persons requesting permits under this chapter to do so by means of a telephone or facsimile machine, authorizing payment for the permits to be made upon receipt of an invoice sent to the persons by the local authorities.

### 321E.2 Permit-issuing authorities.

Annual, multi-trip, and single-trip permits shall be issued by the authority responsible for the maintenance of the system of highways or streets. However, the department may issue permits on primary road extensions in cities in conjunction with movements on the rural primary road system. The department may issue an all-system permit under section 321E.8 which is valid for movements on all highways or streets under the jurisdiction of either the state or those local authorities which have indicated in writing to the department those streets or highways for which an all-system permit is not valid.

At the request of a local authority, the department shall issue annual, multi-trip, and single-trip permits that are under the jurisdiction of the local authority.

1. The gross weight on any axle of any vehicle or combination of vehicles traveling under a permit issued in accordance with the provisions of this chapter shall not exceed the maximum axle load prescribed in section 321.463; except that cranes being temporarily moved on streets, roads, or highways may have a gross weight of twenty-four thousand pounds on any single axle; and construction machinery being temporarily moved on streets, roads, or highways may have a gross weight of thirty-six thousand pounds on any single axle equipped with a minimum size twenty-six point five-inch by twenty-five-inch flotation pneumatic tires and a maximum gross weight of twenty thousand pounds on any single axle equipped with minimum size eighteen-inch by twenty-five-inch flotation pneumatic tires, with the department authorized to adopt rules to permit the use of tire sizes and weights within the minimum and maxi-

imum specifications provided in this section, provided that the total gross weight of the vehicle or a combination of vehicles does not exceed a maximum of one hundred twenty-six thousand pounds; and except that a manufacturer of machinery or equipment manufactured or assembled in Iowa may be granted a permit for the movement of such machinery or equipment mounted on pneumatic tires with axle loads exceeding the maximum axle load prescribed in section 321.463 for distances not to exceed twenty-five miles at a speed not greater than twenty miles per hour. The movement of such machinery or equipment shall be over a specified route between the place of assembly or manufacture and a storage area, shipping point, proving ground, experimental area, weighing station, or another manufacturing plant.

2. The gross weight on any one axle of any vehicle or combination of vehicles traveling under a permit issued in accordance with this chapter shall not exceed the maximum axle load prescribed in section 321.463; except that any one axle on a vehicle or combination of vehicles transporting construction machinery shall be allowed a one thousand pound weight tolerance, provided the total gross weight of the vehicle or combination of vehicles does not exceed the gross weight allowed by the permit.

3. Special mobile equipment, as defined in section 321.1, subsection 75, is not subject to the requirements for distance in feet between the extremes of any group of axles or the extreme axles of the vehicle or combination of vehicles as required by this chapter when being moved upon the highways if the operator has a permit issued under this chapter.

The department shall establish forms and procedures as necessary for the registration of snowmobiles.

2. The owner of the snowmobile shall file an application for registration with the department through the appropriate county recorder in the manner established by the commission. The application shall be completed and signed by the owner and shall be accompanied by a fee of fifteen dollars and a writing fee. The county recorder shall notify the department of each snowmobile placed in storage. When the owner of a stored

snowmobile desires to renew the registration, the owner shall make application through the county recorder and pay the registration and writing fees without penalty. A refund of the registration fee shall not be allowed for a stored snowmobile.

5. Notwithstanding subsections 1 and 2, a snowmobile that is more than thirty years old may be registered for a one-time fee of twenty-five dollars, which shall exempt the owner from annual registration and fee requirements for that snowmobile. *b.* Use of the underpass is the only alternative to the use of a traveled roadway.

*c.* Notwithstanding the provisions of chapter 321, use of the underpass does not conflict with any rules or regulations adopted by a federal governmental entity or this state or a political subdivision of this state.

2. A snowmobile may make a direct crossing of a street or highway provided all of the following occur:

*a.* The crossing is made at an angle of approximately ninety degrees to the direction of the highway and at a place where no obstruction prevents a quick and safe crossing.

*b.* The snowmobile is brought to a complete stop before crossing the shoulder or main traveled way of the highway.

*c.* The driver yields the right-of-way to all oncoming traffic which constitutes an immediate hazard.

*d.* In crossing a divided highway, the crossing is made only at an intersection of such highway with another public street or highway.

3. A snowmobile shall not be operated on public highways under any of the following conditions:

*d.* On the roadways of that portion of county highways designated by the county board of supervisors for such use during a specified period. The county board of supervisors shall evaluate the traffic conditions on all county highways and designate roadways on which snowmobiles may be operated for the specified period without unduly interfering with or constituting an undue hazard to conventional motor vehicle traffic. Signs warning of the operation of snowmobiles on the roadway shall be placed and maintained on the portions of highway thus designated during the period specified for the operation.

*e.* On the roadway or shoulder when necessary to cross a bridge or culvert, or avoid an obstruction which makes it impossible to travel on the portion of the highway not intended for motor vehicles, if the snowmobile is brought to a complete stop before entering onto the roadway or shoulder and the driver yields the right-of-way to any approaching vehicle on the roadway.

*f.* Snowmobiles shall not be operated on all-terrain vehicle trails except where designated by the controlling authority and the primary all-terrain vehicle trail sponsor.

5. The headlight and taillight shall be lighted during the operation on a public highway at any time from sunset to sunrise, and at such other times when conditions such as fog, snow, sleet or rain provide insufficient lighting to render clearly discernible persons and vehicles at a distance of five hundred feet ahead.

6. *a.* A snowmobile shall not be operated on or across a public highway by a person under sixteen years of age who does not have in the person's possession a safety certificate issued to the person pursuant to this chapter.

3. The commission, upon granting an application, shall issue to the applicant a special registration certificate containing the applicant's name and address, the general identification number assigned to the applicant, the word "manufacturer", "dealer", or "distributor", and other information the commission prescribes. The manufacturer, distributor, or dealer shall have the assigned number printed upon or attached to a removable sign or signs which may be temporarily but firmly mounted or attached to the snowmobile being used. The display shall meet the requirements of this chapter and the rules of the commission.

4. The commission shall also issue duplicate special registration certificates which shall have displayed thereon the general identification number assigned to the applicant. Each duplicate registration certificate so issued shall contain a number or symbol identifying it from every other duplicate special registration certificate bearing the same general identification number. The fee for each additional duplicate special registration certificate shall be two dollars.

5. Each special registration certificate issued hereunder shall expire on December 31 of each year, and a new special registration certificate for the ensuing twelve months may be obtained upon application to the commission and payment of the fee provided by law.

number, name of previous owner at the time the snowmobile was transferred to the dealer, and other information the commission requires.

9. If the purchaser or transferee of a snowmobile is a dealer who holds the same for resale and operates the snowmobile only for purposes incidental to a resale and displays the special dealer's certificate, or does not operate the snowmobile or permit it to be operated, the transferee is not required to obtain a new registration certificate but upon transferring title or interest to another person shall sign the reverse side of the title, if any, and the registration certificate of the snowmobile indicating the name and address of the new purchaser. A dealer shall make application and pay all registration and title fees if applicable on behalf of the purchaser of a snowmobile. The recorder shall award a transfer of the registration number. If the registration has expired while in the dealer's possession, the purchaser may renew the registration for the same fee and writing fee as if the purchaser is securing the original registration.

The original receipt shall be delivered to the previous owner and one copy shall be mailed or delivered by the dealer to the county recorder of the county in which the snowmobile is registered, and one copy shall be delivered to the commission within forty-eight hours.

1. The owner of a snowmobile acquired on or after January 1, 1998, other than a snowmobile used exclusively as a farm implement, shall apply to the county recorder of the county in which the owner resides for a certificate of title for the snow-

mobile. The owner of a snowmobile used exclusively as a farm implement may obtain a certificate of title. A person who owns a snowmobile that is not required to have a certificate of title may apply for and receive a certificate of title for the snowmobile and, subsequently, the snowmobile shall be subject to the requirements of this chapter as if the snowmobile were required to be titled. All snowmobiles that are titled shall be registered.

2. A certificate of title shall contain the information and shall be issued on a form the department prescribes.

3. An owner of a snowmobile shall apply to the county recorder for issuance of a certificate of title within thirty days after acquisition. The application shall be on forms the department prescribes and accompanied by the required fee. The application shall be signed and sworn to before a notary public or other person who administers oaths, or shall include a certification signed in writing containing substantially the representation that statements made are true and correct to the best of the applicant's knowledge, information, and belief, under penalty of perjury. The application shall contain the date of sale and gross price of the snowmobile or the fair market value if no sale immediately preceded the transfer and any additional information the department requires. If the application is made for a snowmobile last previously registered or titled in another state or foreign country, the application shall contain this information and any other information the department requires.

4. If a dealer buys or acquires a snowmobile for resale, the dealer shall report the acquisition to the county recorder on forms provided by the department and may apply for and obtain a certificate of title as provided in this chapter. If a dealer buys or acquires a used snowmobile, the dealer may apply for a certificate of title in the dealer's name within thirty days. If a dealer buys or acquires a new snowmobile for resale, the dealer may apply for a certificate of title in the dealer's name.

5. A manufacturer or dealer shall not transfer ownership of a new snowmobile without supplying the transferee with the manufacturer's or importer's certificate of origin signed by the manufacturer's or importer's authorized agent. The certificate shall contain information the department requires. The department may adopt rules providing for the issuance of a certificate of origin for a snowmobile by the department upon good cause shown by the owner.

6. A dealer transferring ownership of a snowmobile under this chapter shall assign the title to the new owner, or in the case of a new snowmobile, assign the certificate of origin. Within fifteen days the dealer shall forward all moneys and applications to the county recorder.

7. The county recorder shall maintain a record of any certificate of title which the county recorder

issues and shall keep each certificate of title on record until the certificate of title has been inactive for five years. When issuing a title for a new snowmobile, the county recorder shall obtain and keep on file the certificate of origin. When issuing a title and registration for a used snowmobile for which there is no title or registration, the county recorder shall obtain and keep on file the affidavit for the unregistered and untitled snowmobile.

8. Once titled, a person shall not sell or transfer ownership of a snowmobile without delivering to the purchaser or transferee a certificate of title with an assignment on it showing title in the purchaser or transferee. A person shall not purchase or otherwise acquire a snowmobile without obtaining a certificate of title for it in that person's name.

9. If the county recorder is not satisfied as to the ownership of the snowmobile or that there are no undisclosed security interests in the snowmobile, the county recorder may issue a certificate of title for the snowmobile but, as a condition of such issuance, may require the applicant to file with the department a bond in the form prescribed by the department and executed by the applicant, and also executed by a person authorized to conduct a surety business in this state. The form and amount of the bond shall be established by rule of the department. The bond shall be conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the snowmobile or person acquiring any security interest in the snowmobile, and their respective successors in interest, against any expense, loss, or damage, including reasonable attorney fees, by reason of the issuance of the certificate of title of the snowmobile on account of any defect in or undisclosed security interest upon the right, title, and interest of the applicant in and to the snowmobile. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond shall be returned at the end of three years or prior thereto if the snowmobile is no longer registered in this state and the certificate of title is surrendered to the department, unless the department has been notified of the pendency of an action to recover on the bond.

10. The county recorder shall transmit a copy of the certificate of title to the department, which shall be the central repository of title information for snowmobiles.

### **321G.30 Fees — duplicates.**

1. The county recorder shall charge a ten dollar fee to issue a certificate of title, a transfer of title, a duplicate, or a corrected certificate of title.

2. If a certificate of title is lost, stolen, mutilated, destroyed, or becomes illegible, the first lienholder or, if there is none, the owner named in the certificate, as shown by the county recorder's records, shall within thirty days obtain a duplicate by applying to the county recorder. The applicant shall furnish information the department requires concerning the original certificate and the circumstances of its loss, mutilation, or destruction. Mutilated or illegible certificates shall be returned to the department with the application for a duplicate.

3. The duplicate certificate of title shall be marked plainly "duplicate" across its face and mailed or delivered to the applicant.

4. If a lost or stolen original certificate of title for which a duplicate has been issued is recovered, the original shall be surrendered promptly to the department for cancellation.

5. Five dollars of the certificate of title fees collected under this section shall be remitted by the county recorder to the treasurer of state for deposit in the special snowmobile fund created under section 321G.7. The remaining five dollars shall be retained by the county and deposited into the general fund of the county.

2. If a lienholder repossesses a snowmobile by operation of law and holds it for resale, the lienholder shall secure a new certificate of title and shall pay the required fee.

1. A security interest created in this state in a snowmobile is not perfected until the security interest is noted on the certificate of title.

a. To perfect the security interest, an application for security interest must be presented along with the original title. The county recorder shall note the security interest on the face of the title and on the copy in the recorder's office.

b. The application fee for a security interest is ten dollars. Five dollars of the fee shall be credited to the special snowmobile fund created under section 321G.7. The remaining five dollars shall be retained by the county and deposited into the general fund of the county.

2. The certificate of title shall be presented to the county recorder when the application for security interest or for assignment of the security interest is presented and a new or endorsed certificate of title shall be issued to the secured party with the name and address of the secured party upon it.

3. The secured party shall present the certificate of title to the county recorder when a release statement is filed and a new or endorsed certificate shall be issued to the owner.

1. The department may assign a distinguishing number to a snowmobile when the serial number on the snowmobile is destroyed or obliterated and issue to the owner a special plate bearing the distinguishing number which shall be affixed to the snowmobile in a position to be determined by the department. The snowmobile shall be registered and titled under the distinguishing number in lieu of the former serial number. Every snowmobile shall have a vehicle identification number

assigned and affixed as required by the department.

2. The commission shall adopt, by rule, the procedures for application and for issuance of a vehicle identification number for homebuilt snowmobiles.

3. A person shall not destroy, remove, alter, cover, or deface the manufacturer's vehicle identification number, the plate bearing it, or any vehicle identification number the department assigns to a snowmobile without the department's permission.

4. A person other than a manufacturer who constructs or rebuilds a snowmobile for which there is no legible vehicle identification number shall submit to the department an affidavit which describes the snowmobile. In cooperation with the county recorder, the department shall assign a vehicle identification number to the snowmobile. The applicant shall permanently affix the vehicle identification number to the snowmobile in a manner that such alteration, removal, or replacement of the vehicle identification number would be obvious.

Upon application and payment of a fee of five dollars, a qualified applicant shall be issued a safety certificate which is valid until the certificate is suspended or revoked for a violation of a provision of this chapter or a rule of the commission or the director of transportation. The application shall be made on forms issued by the commission and shall contain information as the commission may reasonably require.

3. Any person who is required to have a safety certificate under this chapter and who has completed a course of instruction established under section 321I.2, subsection 5, including the successful passage of an examination which includes a written test relating to such course of instruction, shall be considered qualified to apply for a safety certificate. The commission may waive the requirement of completing such course of instruction if such person successfully passes a written test based on such course of instruction.

4. The permit fees collected under this section shall be credited to the special all-terrain vehicle fund and shall be used for safety and educational programs.

5. A valid all-terrain vehicle safety certificate or license issued to a nonresident by a governmental authority of another state shall be considered

The officer shall not inspect an area that is not essential to determine compliance with the requirements. If the officer determines that the all-terrain vehicle is not in compliance, the officer may issue a warning memorandum to the operator and forward a copy to the commission. The warning memorandum shall indicate the items found not in compliance and shall direct the owner or operator of the all-terrain vehicle to have the all-terrain vehicle in compliance and return a copy of the warning memorandum with the proof of compliance to the commission within fourteen days. This chapter and other applicable laws of this state shall govern the operation, equipment, numbering, and all other matters relating to an all-terrain vehicle when the all-terrain vehicle is operated or maintained in this state. However, this chapter does not prevent the adoption of an ordinance or local law relating to the operation or equipment of all-terrain vehicles. The ordinances or local laws are operative only so long as they are not inconsistent with this chapter or the rules

adopted by the commission.

2. A subdivision of this state, after public notice by publication in a newspaper having a general circulation in the subdivision, may make formal application to the commission for special rules concerning the operation of all-terrain vehicles within the territorial limits of the subdivision and shall provide the commission with the reasons the special rules are necessary.

**321I.31 Owner's certificate of title — in general.**

1. The owner of an all-terrain vehicle acquired on or after January 1, 2000, other than an all-terrain vehicle used exclusively as a farm implement or a motorcycle previously issued a title pursuant to chapter 321, shall apply to the county recorder of the county in which the owner resides for a certificate of title for the all-terrain vehicle. The owner of an all-terrain vehicle used exclusively as a farm implement may obtain a certificate of title. A person who owns an all-terrain vehicle that is not required to have a certificate of title may apply for and receive a certificate of title for the all-terrain vehicle and, subsequently, the all-terrain vehicle shall be subject to the requirements of this chapter as if the all-terrain vehicle were required to be titled. All all-terrain vehicles that are titled shall be registered.

2. A certificate of title shall contain the information and shall be issued on a form the department prescribes.

3. An owner of an all-terrain vehicle shall apply to the county recorder for issuance of a certificate of title within thirty days after acquisition. The application shall be on forms the department prescribes and accompanied by the required fee. The application shall be signed and sworn to before a notary public or other person who administers oaths, or shall include a certification signed in writing containing substantially the representation that statements made are true and correct to the best of the applicant's knowledge, information, and belief, under penalty of perjury. The application shall contain the date of sale and gross price of the all-terrain vehicle or the fair market value if no sale immediately preceded the transfer and any additional information the department requires. If the application is made for an all-terrain vehicle last previously registered or titled in another state or foreign country, the application shall contain this information and any other information the department requires.

4. If a dealer buys or acquires an all-terrain vehicle for resale, the dealer shall report the acquisition to the county recorder on forms provided by

the department and may apply for and obtain a certificate of title as provided in this chapter. If a dealer buys or acquires a used all-terrain vehicle, the dealer may apply for a certificate of title in the dealer's name within thirty days. If a dealer buys or acquires a new all-terrain vehicle for resale, the dealer may apply for a certificate of title in the dealer's name.

5. A manufacturer or dealer shall not transfer ownership of a new all-terrain vehicle without supplying the transferee with the manufacturer's or importer's certificate of origin signed by the manufacturer's or importer's authorized agent. The certificate shall contain information the department requires. The department may adopt rules providing for the issuance of a certificate of origin for an all-terrain vehicle by the department upon good cause shown by the owner.

6. A dealer transferring ownership of an all-terrain vehicle under this chapter shall assign the title to the new owner, or in the case of a new all-terrain vehicle, assign the certificate of origin. Within fifteen days the dealer shall forward all moneys and applications to the county recorder.

7. The county recorder shall maintain a record of any certificate of title which the county recorder issues and shall keep each certificate of title on record until the certificate of title has been inactive for five years. When issuing a title for a new all-terrain vehicle, the county recorder shall obtain and keep on file the certificate of origin. When issuing a title and registration for a used all-terrain vehicle for which there is no title or registration, the county recorder shall obtain and keep on file the affidavit for the unregistered and untitled all-terrain vehicle.

8. Once titled, a person shall not sell or transfer ownership of an all-terrain vehicle without delivering to the purchaser or transferee a certificate of title with an assignment on it showing title in the purchaser or transferee. A person shall not purchase or otherwise acquire an all-terrain vehicle without obtaining a certificate of title for it in that person's name.

9. If the county recorder is not satisfied as to the ownership of the all-terrain vehicle or that there are no undisclosed security interests in the all-terrain vehicle, the county recorder may issue a certificate of title for the all-terrain vehicle but, as a condition of such issuance, may require the applicant to file with the department a bond in the form prescribed by the department and executed by the applicant, and also executed by a person authorized to conduct a surety business in this state. The form and amount of the bond shall be established by rule of the department. The bond shall be conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the all-terrain vehicle or person acquiring any security interest in the all-terrain vehicle, and their respective successors in interest, against any ex-

pense, loss, or damage, including reasonable attorney fees, by reason of the issuance of the certificate of title of the all-terrain vehicle or on account of any defect in or undisclosed security interest upon the right, title, and interest of the applicant in and to the all-terrain vehicle. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond shall be returned at the end of three years or prior thereto if the all-terrain vehicle is no longer registered in this state and the certificate of title is surrendered to the department, unless the department has been notified of the pendency of an action to recover on the bond.

10. The county recorder shall transmit a copy of the certificate of title to the department, which shall be the central repository of title information for all-terrain vehicles.

11. A motorcycle that has been issued a certificate of title pursuant to this section may be issued a title pursuant to chapter 321 upon proper application and surrender of the existing title. Upon issuance of a title pursuant to chapter 321, the certificate of title previously issued pursuant to this section shall be returned to the issuing county recorder.

2004 Acts, ch 1132, §74

### **321I.32 Fees — duplicates.**

1. The county recorder shall charge a ten dollar fee to issue a certificate of title, a transfer of title, a duplicate, or a corrected certificate of title.

2. If a certificate of title is lost, stolen, mutilated, destroyed, or becomes illegible, the first lienholder or, if there is none, the owner named in the certificate, as shown by the county recorder's records, shall within thirty days obtain a duplicate by applying to the county recorder. The applicant shall furnish information the department requires concerning the original certificate and the circumstances of its loss, mutilation, or destruction. Mutilated or illegible certificates shall be returned to the department with the application for a duplicate.

3. The duplicate certificate of title shall be marked plainly "duplicate" across its face and mailed or delivered to the applicant.

4. If a lost or stolen original certificate of title for which a duplicate has been issued is recovered, the original shall be surrendered promptly to the department for cancellation.

5. Five dollars of the certificate of title fees collected under this section shall be remitted by the county recorder to the treasurer of state for deposit in the special all-terrain vehicle fund created under section 321I.8. The remaining five dollars shall be retained by the county and deposited into the general fund of the county.

2004 Acts, ch 1132, §75

**321I.33 Transfer or repossession by operation of law.**

2. If a lienholder repossesses an all-terrain vehicle by operation of law and holds it for resale, the lienholder shall secure a new certificate of title and shall pay the required fee.

2004 Acts, ch 1132, §76

**321I.34 Security interest — perfection and titles — fee.**

1. A security interest created in this state in an all-terrain vehicle is not perfected until the security interest is noted on the certificate of title.

*a.* To perfect the security interest, an application for security interest must be presented along with the original title. The county recorder shall note the security interest on the face of the title and on the copy in the recorder's office.

*b.* The application fee for a security interest is ten dollars. Five dollars of the fee shall be credited to the special all-terrain vehicle fund created under section 321I.8. The remaining five dollars shall be retained by the county and deposited into the general fund of the county.

2. The certificate of title shall be presented to the county recorder when the application for security interest or for assignment of the security interest is presented and a new or endorsed certificate of title shall be issued to the secured party with the name and address of the secured party upon it.

3. The secured party shall present the certifi-

cate of title to the county recorder when a release statement is filed and a new or endorsed certificate shall be issued to the owner.

2004 Acts, ch 1132, §77

**321I.35 Vehicle identification number.**

1. The department may assign a distinguishing number to an all-terrain vehicle when the serial number on the all-terrain vehicle is destroyed or obliterated and issue to the owner a special plate bearing the distinguishing number which shall be affixed to the all-terrain vehicle in a position to be determined by the department. The all-terrain vehicle shall be registered and titled under the distinguishing number in lieu of the former serial number. Every all-terrain vehicle shall have a vehicle identification number assigned and affixed as required by the department.

2. The commission shall adopt, by rule, the procedures for application and for issuance of a vehicle identification number for homebuilt all-terrain vehicles.

3. A person shall not destroy, remove, alter, cover, or deface the manufacturer's vehicle identification number, the plate bearing it, or any vehicle identification number the department assigns to an all-terrain vehicle without the department's permission.

4. A person other than a manufacturer who constructs or rebuilds an all-terrain vehicle for which there is no legible vehicle identification number shall submit to the department an affidavit which describes the all-terrain vehicle. In cooperation with the county recorder, the department shall assign a vehicle identification number to the all-terrain vehicle. The applicant shall permanently affix the vehicle identification number to the all-terrain vehicle in a manner that such alteration, removal, or replacement of the vehicle identification number would be obvious.

1. A person commits the offense of operating while intoxicated if the person operates a motor vehicle in this state in any of the following conditions:

*a.* While under the influence of an alcoholic beverage or other drug or a combination of such substances.

*b.* While having an alcohol concentration of .08 or more.

*c.* While any amount of a controlled substance is present in the person, as measured in the person's blood or urine.

that provides law enforcement security. However, the court, in ordering service of the sentence and in its discretion, may accommodate the defendant's work schedule.

(2) Assessment of a fine of one thousand two hundred fifty dollars. However, in the discretion of the court, if no personal or property injury has resulted from the defendant's actions, the court may waive up to six hundred twenty-five dollars of the fine when the defendant presents to the court at the end of the minimum period of ineligibility, a temporary restricted license issued pursuant to section 321J.20. As an alternative to a portion or all of the fine, the court may order the person to perform unpaid community service.

(3) Revocation of the person's driver's license pursuant to section 321J.4, subsection 1, section 321J.9, or section 321J.12, subsection 2, which includes a minimum revocation period of one hundred eighty days, and may involve a revocation period of one year. A revocation under section 321J.9 includes a minimum period of ineligibility for a temporary restricted license of ninety days.

(a) A defendant whose alcohol concentration is .08 or more but not more than .10 shall not be eligible for any temporary restricted license for at least thirty days if a test was obtained and an accident resulting in personal injury or property damage occurred. The defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license. There shall be no such period of ineligibility if no such accident occurred, and the defendant shall not be ordered to install an ignition interlock device.

(b) A defendant whose alcohol concentration is more than .10 shall not be eligible for any temporary restricted license for at least thirty days if a test was obtained, and an accident resulting in personal injury or property damage occurred or the defendant's alcohol concentration exceeded .15. There shall be no such period of ineligibility if no such accident occurred and the defendant's alcohol concentration did not exceed .15. In either case, where a defendant's alcohol concentration is more than .10, the defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license.

(4) Assignment to substance abuse evaluation and treatment, a course for drinking drivers, and, if available and appropriate, a reality education substance abuse prevention program pursuant to subsection 3.

*b.* An aggravated misdemeanor for a second offense, and shall be imprisoned in the county jail or community-based correctional facility not less than seven days, and assessed a fine of not less

(1) If the court does not suspend a person’s sentence of commitment to the custody of the director of the department of corrections under this paragraph “c”, the person shall be assigned to a facility pursuant to section 904.513.

(2) If the court suspends a person’s sentence of commitment to the custody of the director of the department of corrections under this paragraph “c”, the court shall order the person to serve not less than thirty days nor more than one year in the county jail, and the person may be committed to treatment in the community under section 907.6.

3. a. Notwithstanding the provisions of sections 901.5 and 907.3, the court shall not defer judgment or sentencing, or suspend execution of any mandatory minimum sentence of incarceration applicable to the defendant under subsection 2, and shall not suspend execution of any other part of a sentence not involving incarceration imposed pursuant to subsection 2, if any of the following apply:

(1) If the defendant’s alcohol concentration established by the results of an analysis of a specimen of the defendant’s blood, breath, or urine withdrawn in accordance with this chapter exceeds .15, regardless of whether or not the alcohol concentration indicated by the chemical test minus the established margin of error inherent in the device or method used to conduct the test equals an alcohol concentration of .15 or more.

(2) If the defendant has previously been convicted of a violation of subsection 1 or a statute in another state substantially corresponding to subsection 1.

(3) If the defendant has previously received a deferred judgment or sentence for a violation of subsection 1 or for a violation of a statute in another state substantially corresponding to subsection 1.

dered to participate in a reality education substance abuse prevention program as provided in section 321J.24.

d. A minimum term of imprisonment in a county jail or community-based correctional facility imposed on a person convicted of a second or subsequent offense under subsection 2 shall be served on consecutive days. However, if the sentencing court finds that service of the full minimum term on consecutive days would work an undue hardship on the person, or finds that sufficient jail space is not available and is not reasonably expected to become available within four months after sentencing to incarcerate the person serving the minimum sentence on consecutive days, the court may order the person to serve the minimum term in segments of at least forty-eight hours and to perform a specified number of hours of unpaid community service as deemed appropriate by the sentencing court.

4. In determining if a violation charged is a second or subsequent offense for purposes of criminal sentencing or license revocation under this chapter:

a. Any conviction or revocation deleted from motor vehicle operating records pursuant to section 321.12 shall not be considered as a previous offense.

b. Deferred judgments entered pursuant to section 907.3 for violations of this section shall be counted as previous offenses.

c. Convictions or the equivalent of deferred judgments for violations in any other states under statutes substantially corresponding to this section shall be counted as previous offenses. The courts shall judicially notice the statutes of other states which define offenses substantially equivalent to the one defined in this section and can therefore be considered corresponding statutes. Each previous violation on which conviction or deferral of judgment was entered prior to the date of the violation charged shall be considered and counted as a separate previous offense.

5. A person shall not be convicted and sentenced for more than one violation of this section for actions arising out of the same event or occurrence, even if the event or occurrence involves more than one of the conditions specified in subsection 1.

6. The clerk of the district court shall immediately certify to the department a true copy of each order entered with respect to deferral of judgment, deferral of sentence, or pronouncement of judgment and sentence for a defendant under this section.

7. a. This section does not apply to a person operating a motor vehicle while under the influence of a drug if the substance was prescribed for the person and was taken under the prescription and in accordance with the directions of a medical practitioner as defined in chapter 155A or if the substance was dispensed by a pharmacist without

a prescription pursuant to the rules of the board of pharmacy examiners, if there is no evidence of the consumption of alcohol and the medical practitioner or pharmacist had not directed the person to refrain from operating a motor vehicle.

b. When charged with a violation of subsection 1, paragraph “c”, a person may assert, as an affirmative defense, that the controlled substance present in the person’s blood or urine was prescribed or dispensed for the person and was taken in accordance with the directions of a practitioner and the labeling directions of the pharmacy, as that person and place of business are defined in section 155A.3.

8. In any prosecution under this section, evidence of the results of analysis of a specimen of the defendant’s blood, breath, or urine is admissible upon proof of a proper foundation.

a. The alcohol concentration established by the results of an analysis of a specimen of the defendant’s blood, breath, or urine withdrawn within two hours after the defendant was driving or in physical control of a motor vehicle is presumed to be the alcohol concentration at the time of driving or being in physical control of the motor vehicle.

b. The presence of a controlled substance or other drug established by the results of analysis of a specimen of the defendant’s blood or urine withdrawn within two hours after the defendant was driving or in physical control of a motor vehicle is presumed to show the presence of such controlled substance or other drug in the defendant at the time of driving or being in physical control of the motor vehicle.

c. The department of public safety shall adopt nationally accepted standards for determining detectable levels of controlled substances in the division of criminal investigation’s initial laboratory screening test for controlled substances.

9. a. In addition to any fine or penalty imposed under this chapter, the court shall order a defendant convicted of or receiving a deferred judgment for a violation of this section to make restitution for damages resulting directly from the violation, to the victim, pursuant to chapter 910. An amount paid pursuant to this restitution order shall be credited toward any adverse judgment in a subsequent civil proceeding arising from the same occurrence. However, other than establishing a credit, a restitution proceeding pursuant to this section shall not be given evidentiary or preclusive effect in a subsequent civil proceeding arising from the same occurrence.

b. The court may order restitution paid to any public agency for the costs of the emergency response resulting from the actions constituting a violation of this section, not exceeding five hundred dollars per public agency for each such response. For the purposes of this paragraph, “*emergency response*” means any incident requiring response by fire fighting, law enforcement, ambu-

lance, medical, or other emergency services. A public agency seeking such restitution shall consult with the county attorney regarding the expenses incurred by the public agency, and the county attorney may include the expenses in the statement of pecuniary damages pursuant to section 910.3.

10. In any prosecution under this section, the results of a chemical test shall not be used to prove a violation of subsection 1, paragraph “b” or “c”, if the alcohol, controlled substance, or other drug concentration indicated by the chemical test minus the established margin of error inherent in the device or method used to conduct the chemical test does not equal or exceed the level prohibited by subsection 1, paragraph “b” or “c”.

### 321J.2A Persons under the age of twenty-one.

A person who is under the age of twenty-one shall not operate a motor vehicle while having an alcohol concentration, as defined under section 321J.1, of .02 or more. The driver’s license or non-resident operating privilege of a person who is under the age of twenty-one and who operates a motor vehicle while having an alcohol concentration of .02 or more shall be revoked by the department for the period of time specified under section 321J.12. A revocation under this section shall not preclude a prosecution or conviction under any applicable criminal provisions of this chapter. However, if the person is convicted of a criminal offense under section 321J.2, the revocation imposed under this section shall be superseded by any revocation imposed as a result of the conviction.

In any proceeding regarding a revocation under this section, evidence of the results of analysis of a specimen of the defendant’s blood, breath, or urine is admissible upon proof of a proper foundation. The alcohol concentration established by the results of an analysis of a specimen of the defendant’s blood, breath, or urine withdrawn within two hours after the defendant was driving or in physical control of a motor vehicle is presumed to be the alcohol concentration at the time of driving or being in physical control of the motor vehicle.

**321J.3 Substance abuse evaluation or treatment — rules.**

1. *a.* In addition to orders issued pursuant to section 321J.2, subsection 3, and section 321J.17, the court shall order any defendant convicted under section 321J.2 to follow the recommendations proposed in the substance abuse evaluation for appropriate substance abuse treatment for the defendant. Court-ordered substance abuse treatment is subject to the periodic reporting requirements of section 125.86.

*b.* If a defendant is committed by the court to a substance abuse treatment facility, the administrator of the facility shall report to the court when it is determined that the defendant has received the maximum benefit of treatment at the facility and the defendant shall be released from the facility. The time for which the defendant is committed for treatment shall be credited against the defendant's sentence.

*c.* The court may prescribe the length of time for the evaluation and treatment or it may request that the community college conducting the course for drinking drivers which the person is ordered to attend or the treatment program to which the person is committed immediately report to the court when the person has received maximum benefit

from the course for drinking drivers or treatment program or has recovered from the person's addiction, dependency, or tendency to chronically abuse alcohol or drugs.

*d.* Upon successfully completing a course for drinking drivers or an ordered substance abuse treatment program, a court may place the person on probation for six months and as a condition of probation, the person shall attend a program providing posttreatment services relating to substance abuse as approved by the court.

*e.* A person committed under this section who does not possess sufficient income or estate to make payment of the costs of the treatment in whole or in part shall be considered a state patient and the costs of treatment shall be paid as provided in section 125.44.

*f.* A defendant who fails to carry out the order of the court shall be confined in the county jail for twenty days in addition to any other imprisonment ordered by the court or may be ordered to perform unpaid community service work, and shall be placed on probation for one year with a violation of this probation punishable as contempt of court.

*g.* In addition to any other condition of probation, the person shall attend a program providing substance abuse prevention services or posttreatment services related to substance abuse as ordered by the court. The person shall report to the person's probation officer as ordered concerning proof of attendance at the treatment program or posttreatment program ordered by the court. Failure to attend or complete the program shall be considered a violation of probation and is punishable as contempt of court.

2. *a.* Upon a second or subsequent offense in violation of section 321J.2, the court upon hearing may commit the defendant for inpatient treatment of alcoholism or drug addiction or dependency to any hospital, institution, or community correctional facility in Iowa providing such treatment. The time for which the defendant is committed for treatment shall be credited against the defendant's sentence.

*b.* The court may prescribe the length of time for the evaluation and treatment or it may request that the hospital to which the person is committed immediately report to the court when the person has received maximum benefit from the program of the hospital or institution or has recovered from the person's addiction, dependency, or tendency to chronically abuse alcohol or drugs.

rules, pursuant to the procedure in section 125.33, regarding the assignment of persons ordered under section 321J.17 to submit to substance abuse evaluation and treatment. The rules shall be applicable only to persons other than those committed to the custody of the director of the department of corrections under section 321J.2. The rules shall be consistent with the practices and procedures of the judicial branch in sentencing persons to substance abuse evaluation and treatment under section 321J.2. The rules shall include the requirement that the treatment programs utilized by a person pursuant to an order of the department meet the licensure standards of the department of public health for substance abuse treatment programs under chapter 125. The rules shall also include provisions for payment of costs by the offenders, including insurance reimbursement on behalf of offenders, or other forms of funding, and shall also address reporting requirements of the facility, consistent with the provisions of sections 125.84 and 125.86. The department shall be entitled to treatment information contained in reports to the department, notwithstanding any provision of chapter 125 that would restrict department access to treatment information and records.

#### **321J.4 Revocation of license — ignition interlock devices — conditional temporary restricted license.**

1. If a defendant is convicted of a violation of section 321J.2 and the defendant's driver's license or nonresident operating privilege has not been revoked under section 321J.9 or 321J.12 for the occurrence from which the arrest arose, the department shall revoke the defendant's driver's license or nonresident operating privilege for one hundred eighty days if the defendant has had no previous conviction or revocation under this chapter. The defendant shall not be eligible for any temporary restricted license for at least ninety days if a test was refused under section 321J.9.

*a.* A defendant whose alcohol concentration is .08 or more but not more than .10 shall not be eligible for any temporary restricted license for at least thirty days if a test was obtained and an accident resulting in personal injury or property damage occurred. The defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license. There shall be no such period of ineligibility if no such accident occurred, and the defendant shall not be ordered to install an ignition interlock device.

*b.* A defendant whose alcohol concentration is more than .10 shall not be eligible for any temporary restricted license for at least thirty days if a test was obtained and an accident resulting in personal injury or property damage occurred or the defendant's alcohol concentration exceeded .15. There shall be no such period of ineligibility if no such accident occurred and the defendant's alcohol concentration did not exceed .15. In either case, where a defendant's alcohol concentration is more than .10, the defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license.

*c.* If the defendant is under the age of twenty-one, the defendant shall not be eligible for a temporary restricted license for at least sixty days after the effective date of revocation.

2. If a defendant is convicted of a violation of section 321J.2, and the defendant's driver's license or nonresident operating privilege has not already been revoked under section 321J.9 or 321J.12 for the occurrence from which the arrest arose, the department shall revoke the defendant's driver's license or nonresident operating privilege for two years if the defendant has had a previous conviction or revocation under this chapter. The defendant shall not be eligible for any temporary restricted license for one year after the effective date of revocation. The defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned by the defendant if the defendant seeks a temporary restricted license at the end of the minimum period of ineligibility. A temporary restricted license shall not be granted by the department until the defendant installs the ignition interlock device.

3. If the court defers judgment pursuant to section 907.3 for a violation of section 321J.2, and if the defendant's driver's license or nonresident operating privilege has not been revoked under section 321J.9 or 321J.12, or has not otherwise been revoked for the occurrence from which the arrest arose, the department shall revoke the defendant's driver's license or nonresident operating privilege for a period of not less than thirty days nor more than ninety days. The defendant shall not be eligible for any temporary restricted license for at least ninety days if a test was refused.

*a.* A defendant whose alcohol concentration is .08 or more but not more than .10 shall not be eligible for any temporary restricted license for at least thirty days if a test was obtained and an accident resulting in personal injury or property damage occurred. The defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license. There shall be no such period of ineligibility if no

such accident occurred, and the defendant shall not be ordered to install an ignition interlock device.

b. A defendant whose alcohol concentration is more than .10 shall not be eligible for any temporary restricted license for at least thirty days if a test was obtained and an accident resulting in personal injury or property damage occurred or the defendant's alcohol concentration exceeded .15. There shall be no such period of ineligibility if no such accident occurred and the defendant's alcohol concentration did not exceed .15. In either case, where a defendant's alcohol concentration is more than .10, the defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license.

c. If the defendant is under the age of twenty-one, the defendant shall not be eligible for a temporary restricted license for at least sixty days after the effective date of the revocation.

4. Upon a plea or verdict of guilty of a third or subsequent violation of section 321J.2, the court shall order the department to revoke the defendant's driver's license or nonresident operating privilege for a period of six years. The defendant shall not be eligible for a temporary restricted license for at least one year after the effective date of the revocation. The court shall require the defendant to surrender to it all Iowa licenses or permits held by the defendant, which the court shall forward to the department with a copy of the order for revocation. The defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned by the defendant if the defendant seeks a temporary restricted license at the end of the minimum period of ineligibility. A temporary restricted license shall not be granted by the department until the defendant installs the ignition interlock device.

5. Upon a plea or verdict of guilty of a violation of section 321J.2 which involved a personal injury, the court shall determine in open court, from consideration of the information in the file and any other evidence the parties may submit, whether a serious injury was sustained by any person other than the defendant and, if so, whether the defendant's conduct in violation of section 321J.2 caused the serious injury. If the court so determines, the court shall order the department to revoke the defendant's driver's license or nonresident operating privilege for a period of one year in addition to any other period of suspension or revocation. The defendant shall not be eligible for any temporary restricted license until the minimum period of ineligibility has expired under this section or section 321J.9, 321J.12, or 321J.20. The defendant shall surrender to the court any Iowa license or permit and the court shall forward it to

the department with a copy of the order for revocation.

6. Upon a plea or verdict of guilty of a violation of section 321J.2 which involved a death, the court shall determine in open court, from consideration of the information in the file and any other evidence the parties may submit, whether a death occurred and, if so, whether the defendant's conduct in violation of section 321J.2 caused the death. If the court so determines, the court shall order the department to revoke the defendant's driver's license or nonresident operating privilege for a period of six years. The defendant shall not be eligible for any temporary restricted license for at least two years after the revocation. The defendant shall surrender to the court any Iowa license or permit and the court shall forward it to the department with a copy of the order for revocation.

7. If a license or permit to operate a motor vehicle is revoked or denied under this section or section 321J.9 or 321J.12, the period of revocation or denial shall be the period provided for such a revocation or until the defendant reaches the age of eighteen whichever period is longer.

8. *a.* On a conviction for or as a condition of a deferred judgment for a violation of section 321J.2, the court may order the defendant to install ignition interlock devices of a type approved by the commissioner of public safety on all motor vehicles owned or operated by the defendant which, without tampering or the intervention of another person, would prevent the defendant from operating the motor vehicle with an alcohol concentration greater than a level set by rule of the commissioner of public safety.

*b.* The commissioner of public safety shall adopt rules to approve certain ignition interlock devices and the means of installation of the devices, and shall establish the level of alcohol concentration beyond which an ignition interlock device will not allow operation of the motor vehicle in which it is installed.

*c.* The order to install ignition interlock devices shall remain in effect for a period of time as determined by the court which shall not exceed the maximum term of imprisonment which the court could have imposed according to the nature of the violation. While the order is in effect, the defendant shall not operate a motor vehicle which does not have an approved ignition interlock device installed.

*d.* If the defendant's driver's license or nonresident operating privilege has been revoked, the department shall not issue a temporary permit or a driver's license to the person without certification that approved ignition interlock devices have been installed in all motor vehicles owned or operated by the defendant while the order is in effect.

*e.* A defendant who fails within a reasonable time to comply with an order to install an approved ignition interlock device may be declared

in contempt of court and punished accordingly.

*f.* A person who tampers with or circumvents an ignition interlock device installed under a court order while an order is in effect commits a serious misdemeanor.

*9. a.* A person whose noncommercial driver's license has either been revoked under this chapter, or revoked or suspended under chapter 321 solely for violations of this chapter, or who has been determined to be a habitual offender under chapter 321 based solely on violations of this chapter or on violations listed in section 321.560, subsection 1, paragraph "b", and who is not eligible for a temporary restricted license under this chapter may petition the court upon the expiration of the minimum period of ineligibility for a temporary restricted license provided for under this section, section 321J.9, 321J.12, 321J.20, or 321.560, for an order to the department to require the department to issue a temporary restricted license to the person notwithstanding section 321.560.

*b.* The petition shall include a current certified copy of the petitioner's official driving record issued by the department.

*c.* Upon the filing of a petition for a temporary restricted license under this section, the clerk of the district court in the county where the violation that resulted in the revocation occurred shall send notice of the petition to the department and the prosecuting attorney. The department and the prosecuting attorney shall each be given an opportunity to respond to and request a hearing on the petition.

*d.* The court shall determine if the temporary restricted license is necessary for the person to maintain the person's present employment. However, a temporary restricted license shall not be ordered or issued for a violation of section 321J.2A or to a person under the age of twenty-one whose license is revoked under this section or section 321J.9 or 321J.12. If the court determines that the temporary restricted license is necessary for the person to maintain the person's present employment, and that the minimum period of ineligibility for receipt of a temporary license has expired, the court shall order the department to issue to the person a temporary restricted license conditioned upon the person's certification to the court of the installation of approved ignition interlock devices in all motor vehicles that it is necessary for the person to operate to maintain the person's present employment.

*e.* Section 321.561 does not apply to a person operating a motor vehicle in the manner permitted under this subsection.

*f.* If the person operates a motor vehicle which does not have an approved ignition interlock device or if the person tampers with or circumvents an ignition interlock device, in addition to other penalties provided, the person's temporary restricted license shall be revoked.

*g.* A person holding a temporary restricted li-

cense issued under this subsection shall not operate a commercial motor vehicle, as defined in section 321.1, on a highway if a commercial driver's license is required for the person to operate the commercial motor vehicle.

*h.* Notwithstanding any provision of this chapter to the contrary, the court may order the department to issue a temporary restricted license to a person otherwise eligible for a temporary restricted license under this subsection, whose period of revocation under this chapter has expired, but who has not met all requirements for reinstatement of the person's noncommercial driver's license or nonresident operating privileges.

#### **321J.4A Surrender of registration and plates.** Repealed by 95 Acts, ch 48, § 24.

#### **321J.4B Motor vehicle impoundment or immobilization — penalty — liability of vehicle owner.**

1. For purposes of this section:

*a.* "Immobilized" means the installation of a device in a motor vehicle that completely prevents a motor vehicle from being operated, or the installation of an ignition interlock device of a type approved by the commissioner of public safety.

*b.* "Impoundment" means the process of seizure and confinement within an enclosed area of a motor vehicle, for the purpose of restricting access to the vehicle.

*c.* "Owner" means the registered titleholder of a motor vehicle; except in the case where a rental or leasing agency is the registered titleholder, in which case the lessee of the vehicle shall be treated as the owner of the vehicle for purposes of this section.

2. A motor vehicle is subject to impoundment in the following circumstances:

*a.* If a person operates a vehicle in violation of section 321J.2, and if convicted for that conduct, the conviction would be a second or subsequent offense under section 321J.2.

*b.* If a person operates a vehicle while that person's driver's license or operating privilege has been suspended, denied, revoked, or barred due to a violation of section 321J.2.

The clerk of court shall send notice of a conviction of an offense for which the vehicle was impounded to the impounding authority upon conviction of the defendant for such offense.

Impoundment of the vehicle under this section

may occur in addition to any criminal penalty imposed under chapter 321 or this chapter for the underlying criminal offense.

3. The motor vehicle operated by the person in the commission of any offense included in subsection 2 may be immediately impounded or immobilized in accordance with this section.

*a.* A person or agency taking possession of an impounded or immobilized motor vehicle shall do the following:

(1) Make an inventory of any property contained in the vehicle, according to the agency's inventory procedure. The agency responsible for the motor vehicle shall also deliver a copy of the inventory to the county attorney.

(2) Contact all rental or leasing agencies registered as owners of the vehicle, as well as any parties registered as holders of a secured interest in the vehicle, in accordance with subsection 12.

*b.* The county attorney shall file a copy of the inventory with the district court as part of each file related to criminal charges filed under this section.

4. An owner of a motor vehicle impounded or immobilized under this section, who knows of, should have known of, or gives consent to the operation of, the motor vehicle in violation of subsection 2, paragraph "b", shall be:

*a.* Guilty of a simple misdemeanor, and

*b.* Jointly and severally liable for any damages caused by the person who operated the motor vehicle, subject to the provisions of chapter 668.

5. *a.* The following persons shall be entitled to immediate return of the motor vehicle without payment of costs associated with the impoundment or immobilization of the vehicle:

(1) The owner of the motor vehicle, if the person who operated the motor vehicle is not a co-owner of the motor vehicle.

(2) A motor vehicle rental or leasing agency that owns the vehicle.

(3) A person who owns the motor vehicle and who is charged but is not convicted of the violation of section 321.218, 321.561, 321A.32, 321J.2, or 321J.21, which resulted in the impoundment or immobilization of the motor vehicle under this section.

*b.* Upon conviction of the defendant for a violation of subsection 2, paragraph "a", the court may order continued impoundment, or the immobilization, of the motor vehicle used in the commission of the offense, if the convicted person is the owner of the motor vehicle, and shall specify all of the following in the order:

(1) The motor vehicle that is subject to the order.

(2) The period of impoundment or immobilization.

(3) The person or agency responsible for carrying out the order requiring continued impoundment, or the immobilization, of the motor vehicle.

*c.* If the vehicle subject to the order is in the

custody of a law enforcement agency, the court shall designate that agency as the responsible agency. If the vehicle is not in the custody of a law enforcement agency, the person or agency responsible for carrying out the order shall be any person deemed appropriate by the court, including but not limited to a law enforcement agency with jurisdiction over the area in which the residence of the vehicle owner is located. The person or agency responsible for carrying out the order shall determine whether the motor vehicle shall be impounded or immobilized.

*d.* The period of impoundment or immobilization of a motor vehicle under this section shall be the period of license revocation imposed upon the person convicted of the offense or one hundred eighty days, whichever period is longer. The impoundment or immobilization period shall commence on the day that the vehicle is first impounded or immobilized.

*e.* The clerk of the district court shall send a copy of the order to the department, the person convicted of the offense, the person or agency responsible for executing the order for impoundment or immobilization, and any holders of any security interests in the vehicle.

*f.* If the vehicle subject to the court order is not in the custody of a law enforcement agency, the person or agency designated in the order as the person or agency responsible for executing the order shall, upon receipt of the order, promptly locate the vehicle specified in the order, seize the motor vehicle and the license plates, and send or deliver the vehicle's license plates to the department.

If the vehicle is located at a place other than the place at which the court order is to be carried out, the person or agency responsible for executing the order shall arrange for the vehicle to be moved to the place of impoundment or immobilization. When the vehicle is found, is impounded or immobilized, and is at the place of impoundment or immobilization, the person or agency responsible for executing the order shall notify the clerk of the date on which the order was executed. The clerk shall notify the department of the date on which the order was executed.

*g.* Upon receipt of a court order for continued impoundment or immobilization of the motor vehicle, the agency shall review the value of the vehicle in relation to the costs associated with the period of impoundment of the motor vehicle specified in the order. If the agency determines that the costs of impoundment of the motor vehicle exceed the actual wholesale value of the motor vehicle, the agency may treat the vehicle as an abandoned vehicle pursuant to section 321.89. If the agency elects to treat the motor vehicle as abandoned, the agency shall notify the registered owner of the motor vehicle that the vehicle shall be deemed abandoned and shall be sold in the manner provided in section 321.89 if payment of the total cost of im-

poundment is not received within twenty-one days of the mailing of the notice. The agency shall provide documentation regarding the valuation of the vehicle and the costs of impoundment. This paragraph shall not apply to vehicles that are immobilized pursuant to this section or if subsection 12, paragraph “a” or “b”, applies.

6. Upon conviction of the defendant for a second or subsequent violation of subsection 2, paragraph “b”, the court shall order, if the convicted person is the owner of the motor vehicle used in the commission of the offense, that that motor vehicle be seized and forfeited to the state pursuant to chapters 809 and 809A.

7. *a.* Upon receipt of a notice of conviction of the defendant for a violation of subsection 2, the impounding authority shall seize the motor vehicle’s license plates and registration, and shall send or deliver them to the department.

*b.* The department shall destroy license plates received under this section and shall not authorize the release of the vehicle or the issuance of new license plates for the vehicle until the period of impoundment or immobilization has expired, and the fee and costs assessed under subsection 10 have been paid. The fee for issuance of new license plates and certificates of registration shall be the same as for the replacement of lost, mutilated, or destroyed license plates and certificates of registration.

8. *a.* Upon conviction for a violation of subsection 2, the court shall assess the defendant, in addition to any other penalty, a fee of one hundred dollars plus the cost of any expenses for towing, storage, and any other costs of impounding or immobilizing the motor vehicle, to be paid to the clerk of the district court.

*b.* The person or agency responsible for impoundment or immobilization under this section shall inform the court of the costs of towing, storage, and any other costs of impounding or immobilizing the motor vehicle. Upon payment of the fee and costs, the clerk shall forward a copy of the receipt to the department.

*c.* If a law enforcement agency impounds or immobilizes a motor vehicle, the amount of the fee and expenses deposited with the clerk shall be paid by the clerk to the law enforcement agency responsible for executing the order to reimburse the agency for costs incurred for impoundment or immobilization equipment and, if required, in sending officers to search for and locate the vehicle specified in the impoundment or immobilization order.

9. Operating a motor vehicle on a street or highway in this state in violation of an order of impoundment or immobilization is a serious misdemeanor. A motor vehicle which is subject to an order of impoundment or immobilization that is operated on a street or highway in this state in violation of the order shall be seized and forfeited to the state under chapters 809 and 809A.

10. Once the period of impoundment or immobilization has expired, the owner of the motor vehicle shall have thirty days to claim the motor vehicle and pay all fees and charges imposed under this section. If the owner or the owner’s designee has not claimed the vehicle and paid all fees and charges imposed under this section within seven days from the date of expiration of the period, the clerk shall send written notification to the motor vehicle owner, at the owner’s last known address, notifying the owner of the date of expiration of the period of impoundment or immobilization and of the period in which the motor vehicle must be claimed. If the motor vehicle owner fails to claim the motor vehicle and pay all fees and charges imposed within the thirty-day period, the motor vehicle shall be forfeited to the state under chapters 809 and 809A.

11. *a.* (1) During the period of impoundment or immobilization the owner of an impounded or immobilized vehicle shall not sell or transfer the title of the motor vehicle which is subject to the order of impoundment or immobilization.

(2) A person convicted of an offense under subsection 2, shall not purchase or register any motor vehicle during the period of impoundment, immobilization, or license revocation.

Violation of paragraph “a” is a serious misdemeanor.

*b.* If, during the period of impoundment or immobilization, the title to the motor vehicle which is the subject of the order is transferred by the foreclosure of a chattel mortgage, a sale upon execution, the cancellation of a conditional sales contract, or an order of a court, the court which enters the order that permits transfer of the title shall notify the department of the transfer of the title. The department shall enter notice of the transfer of the title to the motor vehicle in the previous owner’s vehicle registration record.

12. Notwithstanding other requirements of this section:

*a.* Upon learning the address or phone number of a rental or leasing company which owns a motor vehicle impounded or immobilized under this section, the peace officer, county attorney, or attorney general shall immediately contact the company to inform the company that the vehicle is available for return to the company.

*b.* The holder of a security interest in a vehicle which is impounded or immobilized pursuant to this section or forfeited in the manner provided in chapters 809 and 809A shall be notified of the impoundment, immobilization, or forfeiture within seventy-two hours of the seizure of the vehicle and shall have the right to claim the motor vehicle without payment of any fees or surcharges unless the value of the vehicle exceeds the value of the security interest held by the creditor.

*c.* Any of the following persons may make application to the court for permission to operate a motor vehicle, which is impounded or immobilized

pursuant to this section, during the period of impoundment or immobilization, if the applicant's driver's license or operating privilege has not been suspended, denied, revoked, or barred, and an ignition interlock device of a type approved by the commissioner of public safety is installed in the motor vehicle prior to operation:

(1) A person, other than the person who committed the offense which resulted in the impoundment or immobilization, who is not a member of the immediate family of the person who committed the offense but is a joint owner of the motor vehicle.

(2) A member of the immediate family of the person who committed the offense which resulted in the impoundment or immobilization, if the member demonstrates that the motor vehicle that is subject to the order for impoundment or immobilization is the only motor vehicle possessed by the family.

For purposes of this section, "a member of the immediate family" means a spouse, child, or parent of the person who committed the offense.

13. The impoundment, immobilization, or forfeiture of a motor vehicle under this chapter does not constitute loss of use of a motor vehicle for purposes of any contract of insurance.

#### **321J.5 Preliminary screening test.**

1. When a peace officer has reasonable grounds to believe that either of the following have occurred, the peace officer may request that the operator provide a sample of the operator's breath for a preliminary screening test using a device approved by the commissioner of public safety for that purpose:

*a.* A motor vehicle operator may be violating or has violated section 321J.2 or 321J.2A.

*b.* The operator has been involved in a motor vehicle collision resulting in injury or death.

2. The results of this preliminary screening test may be used for the purpose of deciding whether an arrest should be made or whether to request a chemical test authorized in this chapter, but shall not be used in any court action except to prove that a chemical test was properly requested of a person pursuant to this chapter.

86 Acts, ch 1220, §5; 95 Acts, ch 48, §12

#### **321J.6 Implied consent to test.**

1. A person who operates a motor vehicle in this state under circumstances which give reasonable grounds to believe that the person has been operating a motor vehicle in violation of section 321J.2 or 321J.2A is deemed to have given consent to the withdrawal of specimens of the person's blood, breath, or urine and to a chemical test or tests of the specimens for the purpose of determin-

ing the alcohol concentration or presence of a controlled substance or other drugs, subject to this section. The withdrawal of the body substances and the test or tests shall be administered at the written request of a peace officer having reasonable grounds to believe that the person was operating a motor vehicle in violation of section 321J.2 or 321J.2A, and if any of the following conditions exist:

*a.* A peace officer has lawfully placed the person under arrest for violation of section 321J.2.

*b.* The person has been involved in a motor vehicle accident or collision resulting in personal injury or death.

*c.* The person has refused to take a preliminary breath screening test provided by this chapter.

*d.* The preliminary breath screening test was administered and it indicated an alcohol concentration equal to or in excess of the level prohibited by section 321J.2.

*e.* The preliminary breath screening test was administered to a person operating a commercial motor vehicle as defined in section 321.1 and it indicated an alcohol concentration of 0.04 or more.

*f.* The preliminary breath screening test was administered and it indicated an alcohol concentration less than the level prohibited by section 321J.2, and the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug.

*g.* The preliminary breath screening test was administered and it indicated an alcohol concentration of .02 or more but less than .08 and the person is under the age of twenty-one.

2. The peace officer shall determine which of the three substances, breath, blood, or urine, shall be tested. Refusal to submit to a chemical test of urine or breath is deemed a refusal to submit, and section 321J.9 applies. A refusal to submit to a chemical test of blood is not deemed a refusal to submit, but in that case, the peace officer shall then determine which one of the other two substances shall be tested and shall offer the test. If the peace officer fails to offer a test within two hours after the preliminary screening test is administered or refused or the arrest is made, whichever occurs first, a test is not required, and there shall be no revocation under section 321J.9.

3. Notwithstanding subsection 2, if the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug, a blood or urine test shall be required even after another type of test has been administered. Section 321J.9 applies to a refusal to submit to a chemical test of urine or blood requested under this subsection.

### **321J.7 Dead or unconscious persons.**

A person who is dead, unconscious, or otherwise in a condition rendering the person incapable of consent or refusal is deemed not to have withdrawn the consent provided by section 321J.6, and the test may be given if a licensed physician, physician assistant, or advanced registered nurse practitioner certifies in advance of the test that the person is unconscious or otherwise in a condition rendering that person incapable of consent or refusal. If the certification is oral, a written certification shall be completed by the physician, physician assistant, or advanced registered nurse practitioner within a reasonable time of the test.

### **321J.8 Statement of officer.**

A person who has been requested to submit to a chemical test shall be advised by a peace officer of the following:

1. If the person refuses to submit to the test, the person's driver's license or nonresident operating privilege will be revoked by the department as required by and for the applicable period specified under section 321J.9.

2. If the person submits to the test and the results indicate the presence of a controlled substance or other drug, or an alcohol concentration equal to or in excess of the level prohibited by section 321J.2 or 321J.2A, the person's driver's license or nonresident operating privilege will be revoked by the department as required by and for the applicable period specified under section 321J.12.

3. If the person is operating a commercial motor vehicle as defined in section 321.1 and either refuses to submit to the test or submits to the test and the results indicate an alcohol concentration of 0.04 or more, the person is disqualified from operating a commercial motor vehicle for the applicable period under section 321.208 in addition to any revocation of the person's driver's license or nonresident operating privilege which may be applicable under this chapter.

This section does not apply in any case involving a person described in section 321J.7.

### **321J.9 Refusal to submit — revocation.**

1. If a person refuses to submit to the chemical testing, a test shall not be given, but the department, upon the receipt of the peace officer's certification, subject to penalty for perjury, that the officer had reasonable grounds to believe the person to have been operating a motor vehicle in violation

of section 321J.2 or 321J.2A, that specified conditions existed for chemical testing pursuant to section 321J.6, and that the person refused to submit to the chemical testing, shall revoke the person's driver's license and any nonresident operating privilege for the following periods of time:

a. One year if the person has no previous revocation under this chapter; and

b. Two years if the person has had a previous revocation under this chapter.

2. a. A person whose driver's license or nonresident operating privileges are revoked under subsection 1, paragraph "a", shall not be eligible for a temporary restricted license for at least ninety days after the effective date of the revocation. A person whose driver's license or nonresident operating privileges are revoked under subsection 1, paragraph "b", shall not be eligible for a temporary restricted license for at least one year after the effective date of the revocation.

b. The defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license at the end of the minimum period of ineligibility. A temporary restricted license shall not be granted by the department until the defendant installs the ignition interlock device.

3. If the person is a resident without a license or permit to operate a motor vehicle in this state, the department shall deny to the person the issuance of a license or permit for the same period a license or permit would be revoked, and deny issuance of a temporary restricted license for the same period of ineligibility for receipt of a temporary restricted license, subject to review as provided in this chapter.

4. The effective date of revocation shall be ten days after the department has mailed notice of revocation to the person by first class mail, notwithstanding chapter 17A. The peace officer who requested or directed the administration of a chemical test may, on behalf of the department, serve immediate notice of intention to revoke and of revocation on a person who refuses to permit chemical testing. If the peace officer serves immediate notice, the peace officer shall take the Iowa license or permit of the driver, if any, and issue a temporary license effective for ten days. The peace officer shall immediately send the person's license to the department along with the officer's certificate indicating the person's refusal to submit to chemical testing.

86 Acts, ch 1220, §9; 95 Acts, ch 48, §16; 97 Acts, ch 177, §14; 98 Acts, ch 1073, §9; 2001 Acts, ch 32, §47

### **321J.10 Tests pursuant to warrants.**

1. Refusal to consent to a test under section 321J.6 does not prohibit the withdrawal of a specimen for chemical testing pursuant to a search

warrant issued in the investigation of a suspected violation of section 707.5 or 707.6A if all of the following grounds exist:

*a.* A traffic accident has resulted in a death or personal injury reasonably likely to cause death.

*b.* There are reasonable grounds to believe that one or more of the persons whose driving may have been the proximate cause of the accident was violating section 321J.2 at the time of the accident.

2. Search warrants may be issued under this section in full compliance with chapter 808 or they may be issued under subsection 3.

3. Notwithstanding section 808.3, the issuance of a search warrant under this section may be based upon sworn oral testimony communicated by telephone if the magistrate who is asked to issue the warrant is satisfied that the circumstances make it reasonable to dispense with a written affidavit. The following shall then apply:

*a.* When a caller applies for the issuance of a warrant under this section and the magistrate becomes aware of the purpose of the call, the magistrate shall place under oath the person applying for the warrant.

*b.* The person applying for the warrant shall prepare a duplicate warrant and read the duplicate warrant, verbatim, to the magistrate who shall enter, verbatim, what is read to the magistrate on a form that will be considered the original warrant. The magistrate may direct that the warrant be modified.

*c.* The oral application testimony shall set forth facts and information tending to establish the existence of the grounds for the warrant and shall describe with a reasonable degree of specificity the person or persons whose driving is believed to have been the proximate cause of the accident and from whom a specimen is to be withdrawn and the location where the withdrawal of the specimen or specimens is to take place.

*d.* If a voice recording device is available, the magistrate may record by means of that device all of the call after the magistrate becomes aware of the purpose of the call. Otherwise, the magistrate shall cause a stenographic or longhand memorandum to be made of the oral testimony of the person applying for the warrant.

*e.* If the magistrate is satisfied from the oral testimony that the grounds for the warrant exist or that there is probable cause to believe that they exist, the magistrate shall order the issuance of the warrant by directing the person applying for the warrant to sign the magistrate's name on the duplicate warrant. The magistrate shall immediately sign the original warrant and enter on its face the exact time when the issuance was ordered.

*f.* The person who executes the warrant shall enter the time of execution on the face of the duplicate warrant.

*g.* The magistrate shall cause any record of the call made by means of a voice recording device to

be transcribed, shall certify the accuracy of the transcript, and shall file the transcript and the original record with the clerk. If a stenographic or longhand memorandum was made of the oral testimony of the person who applied for the warrant, the magistrate shall file a signed copy with the clerk.

*h.* The clerk of court shall maintain the original and duplicate warrants along with the record of the telephone call and any transcript or memorandum made of the call in a confidential file until a charge, if any, is filed.

4. *a.* Search warrants issued under this section shall authorize and direct peace officers to secure the withdrawal of blood specimens by medical personnel under section 321J.11. Reasonable care shall be exercised to ensure the health and safety of the persons from whom specimens are withdrawn in execution of the warrants.

*b.* If a person from whom a specimen is to be withdrawn objects to the withdrawal of blood, the warrant may be executed as follows:

(1) If the person is capable of giving a specimen of breath, and a direct breath testing instrument is readily available, the warrant may be executed by the withdrawal of a specimen of breath for chemical testing, unless the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug.

(2) If the testimony in support of the warrant sets forth facts and information that the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug, a urine sample shall be collected in lieu of a blood sample, if the person is capable of giving a urine sample and the sample can be collected without the need to physically compel the execution of the warrant.

5. The act of any person knowingly resisting or obstructing the withdrawal of a specimen pursuant to a search warrant issued under this section constitutes a contempt punishable by a fine not exceeding one thousand dollars or imprisonment in a county jail not exceeding one year or by both such fine and imprisonment. Also, if the withdrawal of a specimen is so resisted or obstructed, sections 321J.9 and 321J.16 apply.

6. Nonsubstantive variances between the contents of the original and duplicate warrants shall not cause a warrant issued under subsection 3 of this section to be considered invalid.

7. Specimens obtained pursuant to warrants issued under this section are not subject to disposition under section 808.9 or chapter 809 or 809A.

8. Subsections 1 to 7 of this section do not apply where a test may be administered under section 321J.7.

9. Medical personnel who use reasonable care and accepted medical practices in withdrawing

blood specimens are immune from liability for their actions in complying with requests made of them pursuant to search warrants or pursuant to section 321J.11.

86 Acts, ch 1220, §10; 90 Acts, ch 1233, §21; 96 Acts, ch 1133, §44; 98 Acts, ch 1138, §18

**321J.10A Blood, breath, or urine specimen withdrawal without a warrant.**

1. Notwithstanding section 321J.10, if a person is under arrest for an offense arising out of acts alleged to have been committed while the person was operating a motor vehicle in violation of section 321J.2 or 321J.2A, and that arrest results from an accident that causes a death or personal injury reasonably likely to cause death, a chemical test of blood may be administered without the consent of the person arrested to determine the amount of alcohol or a controlled substance in that person's blood if all of the following circumstances exist:

*a.* The peace officer reasonably believes the blood drawn will produce evidence of intoxication.

*b.* The method used to take the blood sample is reasonable and performed in a reasonable manner by medical personnel under section 321J.11.

*c.* The peace officer reasonably believes the officer is confronted with an emergency situation in which the delay necessary to obtain a warrant under section 321J.10 threatens the destruction of the evidence.

2. If the person from whom a specimen of blood is to be withdrawn objects to the withdrawal, a breath or urine sample may be taken under the following circumstances:

*a.* If the person is capable of giving a specimen of breath, and a direct breath testing instrument is readily available, the withdrawal of a specimen of the person's breath may be taken for chemical testing, unless the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug.

*b.* If the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug, a urine sample shall be collected in lieu of a blood sample, if the person is capable of giving a urine sample and the sample can be collected.

2004 Acts, ch 1098, §1

**321J.11 Taking sample for test.**

Only a licensed physician, licensed physician assistant as defined in section 148C.1, medical technologist, or registered nurse, acting at the request of a peace officer, may withdraw a specimen of blood for the purpose of determining the alcohol concentration or the presence of a controlled substance or other drugs. However, any peace officer,

using devices and methods approved by the commissioner of public safety, may take a specimen of a person's breath or urine for the purpose of determining the alcohol concentration, or may take a specimen of a person's urine for the purpose of determining the presence of a controlled substance or other drugs. Only new equipment kept under strictly sanitary and sterile conditions shall be used for drawing blood.

The person may have an independent chemical test or tests administered at the person's own expense in addition to any administered at the direction of a peace officer. The failure or inability of the person to obtain an independent chemical test or tests does not preclude the admission of evidence of the results of the test or tests administered at the direction of the peace officer. Upon the request of the person who is tested, the results of the test or tests administered at the direction of the peace officer shall be made available to the person.

86 Acts, ch 1220, §11; 88 Acts, ch 1225, §26; 98 Acts, ch 1138, §19

**321J.12 Test result revocation.**

1. Upon certification, subject to penalty for perjury, by the peace officer that there existed reasonable grounds to believe that the person had been operating a motor vehicle in violation of section 321J.2, that there existed one or more of the necessary conditions for chemical testing described in section 321J.6, subsection 1, and that the person submitted to chemical testing and the test results indicated the presence of a controlled substance or other drug, or an alcohol concentration equal to or in excess of the level prohibited by section 321J.2, or a combination of alcohol and another drug in violation of section 321J.2, the department shall revoke the person's driver's license or nonresident operating privilege for the following periods of time:

*a.* One hundred eighty days if the person has had no revocation under this chapter.

*b.* One year if the person has had a previous revocation under this chapter.

2. *a.* A person whose driver's license or nonresident operating privileges have been revoked under subsection 1, paragraph "a", whose alcohol concentration is .08 or more but not more than .10 shall not be eligible for any temporary restricted license for at least thirty days after the effective date of the revocation if a test was obtained and an accident resulting in personal injury or property damage occurred. The defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary license. There shall be no such period of ineligibility if no such accident occurred, and the defendant shall not be ordered to install an ignition interlock device.

*b.* A defendant whose alcohol concentration is more than .10 shall not be eligible for any tempo-

rary restricted license for at least thirty days if a test was obtained and an accident resulting in personal injury or property damage occurred or the defendant's alcohol concentration exceeded .15. There shall be no such period of ineligibility if no such accident occurred and the defendant's alcohol concentration did not exceed .15. In either case, where a defendant's alcohol concentration is more than .10, the defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license.

c. If the person is under the age of twenty-one, the person shall not be eligible for a temporary restricted license for at least sixty days after the effective date of the revocation.

d. A person whose license or privileges have been revoked under subsection 1, paragraph "b", for one year shall not be eligible for any temporary restricted license for one year after the effective date of the revocation, and the person shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license at the end of the minimum period of ineligibility. A temporary restricted license shall not be granted by the department until the defendant installs the ignition interlock device.

3. The effective date of the revocation shall be ten days after the department has mailed notice of revocation to the person by first class mail, notwithstanding chapter 17A. The peace officer who requested or directed the administration of the chemical test may, on behalf of the department, serve immediate notice of revocation on a person whose test results indicated the presence of a controlled substance or other drug, or an alcohol concentration equal to or in excess of the level prohibited by section 321J.2, or a combination of alcohol and another controlled substance or drug in violation of section 321J.2.

4. If the peace officer serves that immediate notice, the peace officer shall take the person's Iowa license or permit, if any, and issue a temporary license valid only for ten days. The peace officer shall immediately send the person's driver's license to the department along with the officer's certificate indicating that the test results indicated the presence of a controlled substance or other drug, or an alcohol concentration equal to or in excess of the level prohibited by section 321J.2.

5. Upon certification, subject to penalty of perjury, by the peace officer that there existed reasonable grounds to believe that the person had been operating a motor vehicle in violation of section 321J.2A, that there existed one or more of the necessary conditions for chemical testing described in section 321J.6, subsection 1, and that the person submitted to chemical testing and the test results indicated an alcohol concentration of .02 or more

but less than .08, the department shall revoke the person's driver's license or operating privilege for a period of sixty days if the person has had no previous revocation under this chapter, and for a period of ninety days if the person has had a previous revocation under this chapter.

6. The results of a chemical test may not be used as the basis for a revocation of a person's driver's license or nonresident operating privilege if the alcohol or drug concentration indicated by the chemical test minus the established margin of error inherent in the device or method used to conduct the chemical test is not equal to or in excess of the level prohibited by section 321J.2 or 321J.2A.

### **321J.13 Hearing on revocation — appeal.**

1. Notice of revocation of a person's noncommercial driver's license or operating privilege served pursuant to section 321J.9 or 321J.12 shall include a form accompanied by a preaddressed envelope on which the person served may indicate by a checkmark if the person only wishes to request a temporary restricted license after the mandatory ineligibility period for issuance of a temporary restricted license has ended, or if the person wishes a hearing to contest the revocation. The form shall clearly state on its face that the form must be completed and returned within ten days of receipt or the person's right to a hearing to contest the revocation is foreclosed. The form shall also be accompanied by a statement of the operation of and the person's rights under this chapter.

2. The department shall grant the person an opportunity to be heard within forty-five days of receipt of a request for a hearing if the request is made not later than ten days after receipt of notice of revocation served pursuant to section 321J.9 or 321J.12. The hearing shall be before the department in the county where the alleged events occurred, unless the director and the person agree that the hearing may be held in some other county, or the hearing may be held by telephone conference at the discretion of the agency conducting the hearing. The hearing may be recorded and its scope shall be limited to the issues of whether a peace officer had reasonable grounds to believe that the person was operating a motor vehicle in violation of section 321J.2 or 321J.2A and one or more of the following:

a. Whether the person refused to submit to the test or tests.

b. Whether a test was administered and the test results indicated an alcohol concentration equal to or in excess of the level prohibited under section 321J.2 or 321J.2A.

c. Whether a test was administered and the

test results indicated the presence of alcohol, a controlled substance or other drug, or a combination of alcohol and another drug, in violation of section 321J.2.

3. After the hearing the department shall order that the revocation be either rescinded or sustained. Upon receipt of the decision of the department to sustain a revocation, the person contesting the revocation has ten days to file a request for review of the decision by the director. The director or the director's designee shall review the decision within thirty days and shall either rescind or sustain the revocation or order a new hearing. If the director orders a new hearing, the department shall grant the person a new hearing within twenty days of the director's order.

4. The department shall stay the revocation of a person's driver's license or operating privilege for the period that the person is contesting the revocation under this section or section 321J.14 if it is shown to the satisfaction of the department that the new evidence is material and that there were valid reasons for failure to present it in the contested case proceeding before the department. However, a stay shall not be granted for violations of section 321J.2A.

5. If the department fails to comply with the time limitations of this section regarding granting a hearing, review by the director or the director's designee, or granting a new hearing, and if the request for a hearing or review by the director was properly made under this section, the revocation of the driver's license or operating privilege of the person who made the request for a hearing or review shall be rescinded. This subsection shall not apply in those cases in which a continuance to the hearing has been granted at the request of either the person who requested the hearing or the peace officer who requested or administered the chemical test.

6. *a.* The department shall grant a request for a hearing to rescind the revocation if the person whose motor vehicle license or operating privilege has been or is being revoked under section 321J.9 or 321J.12 submits a petition containing information relating to the discovery of new evidence that provides grounds for rescission of the revocation.

*b.* The person shall prevail at the hearing if, in the criminal action on the charge of violation of section 321J.2 or 321J.2A resulting from the same circumstances that resulted in the administrative revocation being challenged, the court held one of the following:

(1) That the peace officer did not have reasonable grounds to believe that a violation of section 321J.2 or 321J.2A had occurred to support a request for or to administer a chemical test.

(2) That the chemical test was otherwise inadmissible or invalid.

*c.* Such a holding by the court in the criminal action is binding on the department, and the de-

partment shall rescind the revocation.

#### **321J.14 Judicial review.**

Judicial review of an action of the department may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A. Notwithstanding the terms of that chapter, a petition for judicial review may be filed in the district court in the county where the alleged events occurred or in the county in which the administrative hearing was held.

86 Acts, ch 1220, §14

#### **321J.15 Evidence in any action.**

Upon the trial of a civil or criminal action or proceeding arising out of acts alleged to have been committed by a person while operating a motor vehicle in violation of section 321J.2 or 321J.2A, evidence of the alcohol concentration or the presence of a controlled substance or other drugs in the person's body substances at the time of the act alleged as shown by a chemical analysis of the person's blood, breath, or urine is admissible. If it is established at trial that an analysis of a breath specimen was performed by a certified operator using a device intended to determine alcohol concentration and methods approved by the commissioner of public safety, no further foundation is necessary for introduction of the evidence.

#### **321J.16 Proof of refusal admissible.**

If a person refuses to submit to a chemical test, proof of refusal is admissible in any civil or criminal action or proceeding arising out of acts alleged to have been committed while the person was operating a motor vehicle in violation of section 321J.2 or 321J.2A.

#### **321J.17 Civil penalty — disposition — conditions for license reinstatement.**

1. If the department revokes a person's driver's license or nonresident operating privilege under this chapter, the department shall assess the person a civil penalty of two hundred dollars. The money collected by the department under this section shall be transmitted to the treasurer of state who shall deposit one-half of the money in the separate fund established in section 915.94 and one-half of the money in the general fund of the state. A temporary restricted license shall not be issued unless an ignition interlock device has been installed pursuant to section 321J.4 and the civil

### **321J.23 Legislative findings.**

The general assembly finds and declares as follows:

1. Drivers often do not realize the consequences of drinking alcohol or using other drugs, and driving a motor vehicle.

2. Prompt intervention is needed to protect society, including drivers, from death or serious long-term injury.

3. The conviction of a driver for operating while intoxicated identifies that person as a risk to the health and safety of others, as well as to the intoxicated driver.

4. Close observation of the effects on others of alcohol and drug use by an intoxicated driver convicted of operating while intoxicated may have a marked effect on recidivism and should therefore be encouraged by the courts.

5. The reality education substance abuse prevention program provides guidelines for the operation of an intensive program to discourage recidivism.

7. Before the issuance of a motor vehicle dealer's license to a dealer engaged in the sale of vehicles for which a certificate of title is required under chapter 321, the applicant shall furnish a surety bond executed by the applicant as principal and executed by a corporate surety company, licensed and qualified to do business within this state, which bond shall run to the state of Iowa, be in the amount of fifty thousand dollars and be conditioned upon the faithful compliance by the applicant as a dealer with all of the statutes of this state regulating or applicable to the business of a dealer in motor vehicles, and indemnifying any person who buys a motor vehicle from the dealer from any loss or damage occasioned by the failure of the dealer to comply with any of the provisions of

The bond shall be filed with the department prior to the issuance of a license. The aggregate liability of the surety, however, shall not exceed the amount of the bond.

In case the application is denied, the department shall refund the amount of the fee to the applicant. For the purposes of this section "*adjacent*" means that the principal place of business and each additional lot are adjoining parcels of property.

For the purposes of this subsection, parcels of property shall be deemed to be adjacent if the parcels are only separated by an alley, street, or highway that is not a controlled-access facility.

4. A nonresident motor vehicle dealer, who is authorized by a written contract with a manufacturer or distributor of new motor trucks to sell at retail such new motor trucks, may display motor trucks within this state at qualified events approved by the department. The dealer must obtain a temporary permit from the department. An application for a temporary permit shall be made upon a form provided by the department and shall be accompanied by a ten dollar permit fee. Application for temporary permits shall be made upon forms provided by the department and shall be accompanied by a ten-dollar permit fee. Permits shall be issued for a single show or exhibition, not to exceed five consecutive days.

A temporary permit shall not be issued under this subsection to a nonresident manufacturer, distributor, or dealer unless the state in which the nonresident manufacturer, distributor, or dealer is licensed extends by reciprocity similar privileges to a manufacturer, distributor, or dealer licensed by this state.

1. Has made a material false statement in the application for the license; or

2. Has not complied with the provisions of this chapter or any rules or regulations promulgated by the department thereunder except as otherwise provided; or

3. Is of bad business repute; or

4. Has been guilty of a fraudulent act in connection with selling, bartering, or otherwise dealing in motor vehicles; or

In considering whether or not a contract or agreement between a motor vehicle dealer and a manufacturer or distributor of motor vehicles has been terminated by such manufacturer or distributor without just and reasonable cause therefor, the department shall take into consideration the circumstances existing at the time of such termination, including the amount of business transacted by the motor vehicle dealer pursuant to the contract or agreement and prior to such termination; the investment necessarily made and the obligation necessarily incurred by the motor vehicle dealer in the performance of the dealer's part of such contract; the permanency of such investment; the reasons for such termination by such manufacturer or distributor and the fact that it is injurious to the public welfare for the business of a motor vehicle dealer to be disrupted by termination of such contract without just and reasonable cause.

Whenever the department determines to deny the application of any person for a license as a motor vehicle dealer and refuses to issue a license to

the person as such, the department shall enter a final order thereof with its findings relating thereto within thirty days from the date of the hearing thereon.

Notwithstanding the terms, provisions or conditions of any agreement or franchise, no franchiser shall terminate or refuse to continue any franchise unless the franchiser has first established, in a hearing held under the provisions of this chapter, that:

1. The franchiser has good cause for termination or noncontinuance, and

Upon termination or noncontinuance, another franchise in the same line-make will become effective in the same community, without diminution of the motor vehicle service formerly provided, or that the community cannot be reasonably expected to support such a dealership; provided, however, a franchiser may terminate a franchise for a particular line-make if the franchiser discontinues that line-make and a franchiser may terminate a franchise if the franchisee’s license as a motor vehicle dealer is revoked pursuant to the provisions of chapter 322.

[C71, 73, 75, 77, 79, 81, §322A.2]

**322A.3 New franchise.**

In the event that a franchiser is permitted to terminate or not continue a franchise, and is further permitted not to enter into a franchise for the line-make in the community, no franchise shall thereafter be entered into for the sale of motor vehicles of that line-make in the community, unless the franchiser has first established, in a hearing held under the provisions of this chapter, that there has been a change of circumstances so that the community at that time can be reasonably expected to support the dealership.

If it is determined by the district court that either the franchiser or franchisee, or both, have violated an express or implied warranty, the court shall add to any award or relief granted an additional award for reasonable attorney fees and other necessary

expenses for maintaining the litigation.

[C71, 73, 75, 77, 79, 81, §322A.5]

If the application requests permission to establish an additional motor vehicle dealership, a copy of the order shall be sent to all franchisees in the community who are then engaged in the business of offering to sell or selling the same line-make. Copies of orders shall be addressed to the franchisee at the place where the business is conducted. The department of inspections and appeals may also give notice of the franchiser's application to any other parties deemed interested persons, the notice to be in the form and substance and given in the manner the department of inspections and appeals deems appropriate.

Any person who can show an interest in the application may become a party to the hearing, whether or not that person receives notice. Evidence which would be admissible under the issues in a state or federal court action is admissible in a hearing held by the department of inspections and appeals. The department of inspections and appeals shall apportion all costs between the parties.

#### **322A.11 Condition barring change in franchise.**

Notwithstanding the terms, provisions, or conditions of any agreement or franchise, the following shall not be considered facts supporting a finding of good cause for the termination or noncontinuation of a franchise, or for entering into a franchise for the establishment of an additional dealership in a community for the same line-make:

1. The sole fact that franchiser desires further penetration of the market.
2. The change of ownership of the franchisee's

dealership or the change of executive management of the franchisee's dealership, unless the franchiser, having the burden of proof, proves that such change of ownership or executive management will be substantially detrimental to the distribution of the franchiser's motor vehicles in the community and that good cause for the termination or noncontinuation of the franchise or for the establishment of an additional dealership otherwise exists.

3. The fact that the franchisee refused to purchase or accept delivery of any motor vehicle or vehicles, parts, accessories or any other commodity or service not ordered by the franchisee.

4. The fact that the dealership moved to another facility and location within the dealership's community which are equal to or superior to the dealership's former location and facility or the fact that the dealership added an additional line-make to the dealership if the dealership's facility is adequate to accommodate the additional line-make.

5. The fact that the dealership does not meet an index or standard established by the franchiser, unless the franchiser proves that the failure of the dealership to meet the index or standard will be substantially detrimental to the distribution of the franchiser's motor vehicles in the community and that good cause for the termination or noncontinuation of the franchise or for the establishment of an additional dealership otherwise exists.

2. Notwithstanding the terms, provisions, or conditions of an agreement or franchise, the sale or transfer, or the proposed sale or transfer, of a franchisee's dealership, or the change or proposed change in the executive management of a franchisee's dealership shall not make applicable any right of first refusal of the franchiser.

### **322A.15 Guidelines.**

**322C.3 Prohibited acts — exception.**

1. A person shall not engage in this state in the business of selling at retail new travel trailers of any make, or represent or advertise that the person is engaged or intends to engage in such business in this state, unless the person is authorized by a contract in writing between that person and

the manufacturer or distributor of that make of new travel trailers to sell the trailers in this state, and unless the department has issued to the person a license as a travel trailer dealer for the same make of travel trailer.

2. A person, other than a licensed travel trailer dealer in new travel trailers, shall not engage in the business of selling at retail used travel trailers or represent or advertise that the person is engaged or intends to engage in such business in this state unless the department has issued to the person a license as a used travel trailer dealer.

3. b. The agreement or contract complies with the Iowa consumer credit code, chapter 537, where applicable.

8. Except under subsection 9 of this section, a person licensed under section 322C.4 shall not, either directly or through an agent, salesperson or employee, engage or represent or advertise that the person is engaged or intends to engage in this state, in the business of buying or selling new or used travel trailers on Sunday.

11. Any inventory which was acquired by the franchisee from a source other than the franchiser with whom the franchise is being terminated.

12. A repair part not listed in the franchiser’s current price list in effect on the date of notice of termination or classified as nonreturnable or obsolete by the franchiser as of the date of termination. However, this exception to the repurchase requirement applies only if the franchiser provided the franchisee with an opportunity to return the exempted part prior to notice of termination of the franchise.

6. “*Equipment*” means agricultural equipment, construction equipment, industrial equipment, utility equipment, or outdoor power equipment. However, “*equipment*” does not include self-propelled machines designed primarily for the transportation of persons or property on a street or highway.

b. The dealer has made a material misrepresentation or falsification of any record, contract, report, or other document which the dealer has submitted to the supplier.

c. The dealer transfers an interest in the dealership; a person with a substantial interest in the ownership or control of the dealership withdraws

from the dealership, including an individual proprietor, partner, major shareholder, or manager; or a substantial reduction occurs in the interest of a partner or major shareholder in the dealership. However, good cause does not exist if the supplier consents to an action described in this paragraph.

d. The dealer has filed a voluntary petition in bankruptcy.

e. An involuntary petition in bankruptcy has been filed against the dealership and has not been discharged within thirty days after the filing.

f. The dealership is subject to a closeout or sale of a substantial part of the dealership equipment or assets related to the equipment.

j. A guarantee of the dealer’s present or future obligations to the supplier is revoked or discontinued.

k. The dealer has failed to operate in the normal course of business for seven consecutive business days or has otherwise abandoned business operations.

l. The dealer has pleaded guilty to or has been convicted of a felony.

### 322F.2 Notice of termination.

1. *a.* A supplier shall terminate a dealership agreement for equipment other than outdoor power equipment by cancellation, nonrenewal, or a substantial change in competitive circumstances only upon good cause and upon at least ninety days' prior written notice delivered to the dealer by certified mail or restricted certified mail. A supplier shall terminate a dealership agreement for outdoor power equipment by cancellation or nonrenewal only upon good cause and upon at least ninety days' prior written notice delivered to the dealer by restricted certified mail or hand delivered by a representative of the supplier to the dealer or a designated representative of the dealer.

*b.* A written termination notice must specify each deficiency constituting good cause for the action. The notice must also state that the dealer has sixty days to cure a specified deficiency. If the deficiency is cured within sixty days from the date that the notice is delivered, the notice is void. However, if the deficiency is based on a dealer's inadequate representation of a manufacturer's product relating to sales, as provided in section 322F.1, the notice must state that the dealer has eighteen months to cure the deficiency. If the deficiency based on inadequate representation of a manufacturer's product relating to sales is cured within eighteen months from the date that notice is delivered, the notice is void.

2. The supplier shall have the right to terminate immediately without notice in the event the action is for good cause as defined in section 322F.1, subsection 7, paragraphs "b" through "m".

90 Acts, ch 1077, §3; 2003 Acts, ch 55, §4

### 322F.3 Termination of agreement — repurchase of equipment.

1. If a dealership agreement is terminated by cancellation or nonrenewal, the supplier must repurchase equipment and parts in the dealer's inventory and must repurchase special tools and computer hardware or software required for the dealership. The repurchase is subject to the following conditions:

*a.* The supplier must pay to the dealer or credit the dealer's account with one hundred percent of the net cost of all unused complete equipment including attachments. The equipment must be in new condition and purchased by the dealership from the supplier within twenty-four months preceding notification by either party of an intent to terminate the contract.

*b.* The supplier must pay to the dealer or credit the dealer's account with ninety percent of the net

price for repair parts, including superseded parts listed in the price lists or catalogs in use by the supplier on the date of termination. The supplier shall also pay the dealer or credit the dealer's account with five percent of the net price on the date of termination on all parts returned for the dealer's handling, packing, and loading of the parts to be returned to the supplier. However, the supplier is not required to pay or credit the five percent if the supplier elects to perform the handling, packing, and loading.

*c.* The supplier shall pay to the dealer or credit the dealer's account with the amortized value of any specific computer hardware or software that the supplier required the dealer to purchase within the five years immediately preceding notification by either party of an intent to terminate the contract.

*d.* The supplier shall pay to the dealer or credit the dealer's account with the following amounts for special repair tools that were unique to the supplier's product line and that are in complete and resalable condition:

(1) Seventy-five percent of the net cost of special repair tools purchased within the three years immediately preceding notification by either party of an intent to terminate the contract.

(2) Fifty percent of the net cost of special repair tools purchased within the four to six years immediately preceding notification by either party of an intent to terminate the contract.

*e.* The supplier shall only be required to repurchase the items described in paragraphs "c" and "d" if the items are free and clear of all claims, liens, and encumbrances, to the satisfaction of the supplier.

*f.* The supplier must pay to the dealer or credit the dealer's account with one hundred percent of the net cost of all equipment used in demonstrations, including equipment leased primarily for demonstration or lease, at the equipment's agreed-upon depreciated value, provided that such equipment is in new condition and has not been abused.

2. Upon payment or allowance of a credit to the dealer's account as required in this section, the title to the repurchased equipment is transferred to the supplier making the repurchase, and the supplier may take immediate possession of the repurchased equipment.

3. The supplier must make payment or allowance of a credit as required under this section not later than ninety days from the date that the supplier takes possession of the repurchased equipment.

4. This section does not require repurchase from the dealer of repair parts which have a limited storage life or are otherwise subject to deterioration, including but not limited to rubber items, gaskets, and batteries. This section also does not require repurchase from the dealer of parts in bro-

ken or damaged packages, single repair parts priced as a set of two or more items, or repair parts which because of their condition are not resalable as new parts without new packaging or reconditioning.

90 Acts, ch 1077, §4; 2001 Acts, ch 42, §1, 2; 2003 Acts, ch 55, §5

#### **322F.4 Security interests not affected.**

This chapter shall not be construed to affect the existence or enforcement of a security interest which any person, including a supplier or financial institution, may have in the inventory of the dealer.

90 Acts, ch 1077, §5; 94 Acts, ch 1121, §2

#### **322F.5 Death or incapacity of dealer.**

If a dealer or a person holding a majority interest in a business entity operating a dealership dies or is incapacitated, the rights under this chapter may be exercised as an option by the heirs at law if the dealer or majority interest holder died intestate, or by the executor under the terms of the dealer's or majority interest holder's will. If the heirs or the executor do not exercise this option within twelve months from the date of death of the dealer or majority interest holder, the supplier must repurchase the equipment as if the supplier had terminated the dealership agreement pursuant to section 322F.3. However, this section does not entitle an heir, executor, administrator, legatee, or devisee of a deceased dealer or majority interest holder to continue to operate the dealership without the consent of the supplier.

90 Acts, ch 1077, §6; 2003 Acts, ch 55, §6

#### **322F.5A Transfer of dealership.**

1. If a supplier has contractual authority to approve or deny a request for a sale or transfer of a dealer's business or an equity ownership interest in the business, the supplier shall approve or deny the request within sixty days after receiving a written request from the dealer. If the supplier has not approved or denied the request within the sixty-day period, the request shall be deemed approved. The dealer's request shall include reasonable financial information, personal background information, character references, and work histories for each acquiring person.

2. If a supplier denies a request made pursuant to this section, the supplier shall provide the dealer with a written notice of the denial that states the reasons for the denial. A supplier may only deny a request based on the failure of a proposed transferee to meet the reasonable requirements consistently imposed by the supplier in determining whether to approve a transfer or a new dealership.

2005 Acts, ch 27, §1

#### **322F.6 Assignees and successors in interest.**

The obligations under this chapter apply to the supplier's assignee or successor in interest. A successor in interest includes, but is not limited to, a purchaser of assets or stock, a surviving corporation resulting from a merger or liquidation, a receiver, or a trustee of the supplier.

90 Acts, ch 1077, §7

#### **322F.7 Violations.**

A supplier violates this chapter if the supplier does any of the following:

1. Requires a dealer to accept delivery of equipment that the dealer has not ordered.

2. Requires a dealer to order or accept delivery of equipment with special features or accessories not included in the base price list of equipment as publicly advertised by the supplier.

3. Requires a dealer to enter into any agreement, whether written or oral, which amends or supplements an existing dealership agreement with the supplier, unless the supplementary or amendatory agreement is imposed on other similarly situated dealers.

4. Requires as a condition of renewal or extension of a dealership agreement that the dealer complete substantial renovation of the dealer's place of business, or acquire new or additional space to serve as the dealer's place of business, unless the supplier provides at least one year's written notice of the condition which states all grounds supporting the condition. The supplier must provide a reasonable time for the dealer to complete the renovation or acquisition.

5. Requires a dealer to refuse to purchase equipment distributed by another supplier.

6. Discriminates in the prices charged for equipment of like grade and quality sold by the supplier to similarly situated dealers. This subsection does not prevent the use of differentials which make only due allowance for costs related to the manufacture, sale, or delivery of equipment, or to methods or quantities of equipment sold or delivered.

7. *a.* (1) For a dealership agreement governing equipment other than outdoor power equipment, takes action terminating, canceling, or failing to renew the dealership agreement, or substantially changes the competitive circumstances intended by the dealership agreement, due to the results of conditions beyond the dealer's control, including drought, flood, labor disputes, or economic recession.

(2) For a dealership agreement governing outdoor power equipment, takes action terminating, canceling, or failing to renew the dealership agreement due to the results of conditions beyond the dealer's control, including drought, flood, labor disputes, or economic recession.

*b.* This subsection shall not apply if the dealer

is in default of a security agreement in effect with the supplier.

90 Acts, ch 1077, §8; 2003 Acts, ch 55, §7; 2004 Acts, ch 1086, §63

### 322F.8 Supplier liability.

1. *a.* (1) A dealer may bring a legal action against a supplier for damages sustained by the dealer as a consequence of the supplier's violation of this chapter. A supplier violating this chapter shall compensate the dealer for damages sustained by the dealer as a consequence of the supplier's violation, together with the actual costs of the action, including reasonable attorney fees.

(2) For a dealership agreement governing equipment other than outdoor power equipment, a dealer may be granted injunctive relief against unlawful termination, cancellation, or the nonrenewal of the dealership agreement, or a substantial change of competitive circumstances as provided in section 322F.2.

(3) For a dealership agreement governing outdoor power equipment, a dealer may be granted injunctive relief against unlawful termination, cancellation, or the nonrenewal of the dealership agreement as provided in section 322F.2.

*b.* The remedies in this section are in addition to any other remedies permitted by law.

2. *a.* If the payment or allowance of equipment repurchased pursuant to section 322F.3 is not made as required, the amount due bears interest at the rate of one and one-half percent per month calculated from the date that the dealership agreement was terminated.

*b.* If upon termination of a dealership agreement by nonrenewal or cancellation, by a dealer or supplier, the supplier fails to make payment or credit the account of the dealer as provided in this chapter, the supplier is liable in a civil action brought by the dealer for the repurchase amount set forth in section 322F.3, plus interest as calculated pursuant to paragraph "a".

3. The requirements of this chapter supplement any agreement between a dealer and a supplier. The dealer may elect either to pursue contractual remedies under the dealership agreement or remedies provided under this chapter. An election by the dealer to pursue a remedy provided under this chapter does not bar the dealer from pursuing any other remedy under law or equity, including contractual remedies. This chapter does not affect rights of the supplier to charge back to the dealer's accounts amounts previously paid or

credited as a discount to the dealer's purchase of goods, including equipment.

90 Acts, ch 1077, §9; 2003 Acts, ch 55, §8, 9

### 322F.9 Applicability.

1. A term of a dealership agreement that is inconsistent with the terms of this chapter is void and unenforceable and does not waive any rights that are provided to a person by this chapter.

2. *a.* For all dealership agreements other than those provided for in this section, this chapter applies to those dealership agreements in effect that have no expiration date and all other dealership agreements entered into or renewed on or after July 1, 1990. Any such dealership agreement in effect on June 30, 1990, which by its own terms will terminate on a subsequent date, shall be governed by the law as it existed prior to July 1, 1990.

*b.* For all dealership agreements governing all-terrain vehicles, this chapter applies to those dealership agreements in effect that have no expiration date and all other such dealership agreements entered into or renewed on or after July 1, 2002. Any such dealership agreement in effect on July 1, 2002, which by its own terms will terminate on a subsequent date, shall be governed by the law as it existed prior to July 1, 2002.

*c.* For all dealership agreements governing agricultural equipment used principally for floriculture and for all dealership agreements governing construction equipment, industrial equipment, utility equipment, and outdoor power equipment, this chapter applies to those dealership agreements in effect that have no expiration date and all other such dealership agreements entered into or renewed on or after July 1, 2003. Any dealership agreement in effect on July 1, 2003, which by its own terms will terminate on a subsequent date, shall be governed by the law as it existed prior to July 1, 2003.

*d.* For all dealership agreements governing the sale or transfer of a dealer's business, section 322F.5A applies to those dealership agreements in effect that have no expiration date and all other such dealership agreements entered into or renewed on or after July 1, 2005. Any dealership agreement in effect on July 1, 2005, which by its own terms will terminate on a subsequent date, shall be governed by the law as it existed prior to July 1, 2005.

90 Acts, ch 1077, §10; 2002 Acts, ch 1011, §10; 2003 Acts, ch 55, §10; 2005 Acts, ch 27, §2

**322G.1 Legislative intent.**

The general assembly recognizes that a motor vehicle is a major consumer acquisition and that a defective motor vehicle undoubtedly creates a hardship for the consumer. The general assembly further recognizes that a duly franchised motor vehicle dealer is an authorized service agent of the manufacturer. It is the intent of the general assembly that a good faith motor vehicle warranty complaint by a consumer be resolved by the manufacturer within a specified period of time. It is further the intent of the general assembly to provide the statutory procedures whereby a consumer may receive a replacement motor vehicle, or a full refund, for a motor vehicle which cannot be brought into conformity with the warranty provided for in this chapter. However, this chapter does not limit the rights or remedies which are otherwise available to a consumer under any other law.

91 Acts, ch 153, §1

**322G.2 Definitions.**

As used in this chapter, unless the context otherwise requires:

1. *“Collateral charges”* means those additional charges to a consumer wholly incurred as a result of the acquisition of the motor vehicle. 2. *“Condition”* means a general problem that may be attributable to a defect in more than one part.

3. *“Consumer”* means the purchaser or lessee, other than for purposes of lease or resale, of a new or previously untitled motor vehicle, or any other person entitled by the terms of the warranty to enforce the obligations of the warranty during the duration of the lemon law rights period.

5. *“Department”* means the attorney general.

6. *“Incidental charges”* means those reasonable costs incurred by the consumer, including, but not limited to, towing charges and the costs of obtaining alternative transportation, which are the direct result of the nonconformity or nonconformities which are the subject of the claim. 7. *“Lease price”* means the aggregate of the following:

a. Lessor’s actual purchase costs.

b. Collateral charges, if applicable.

f. An amount equal to five percent of the lessor’s actual purchase cost.

8. *“Lemon law rights period”* means the term of the manufacturer’s written warranty, the period ending two years after the date of the original delivery of a motor vehicle to a consumer, or the first twenty-four thousand miles of operation attributable to a consumer, whichever expires first.

9. *“Lessee”* means any consumer who leases a motor vehicle for one year or more pursuant to a written lease agreement which provides that the lessee is responsible for repairs to the motor vehicle.

10. *“Lessee cost”* means the aggregate of the deposit and rental payments previously paid to the lessor for the leased vehicle.

11. *“Lessor”* means a person who holds the title to a motor vehicle leased to a lessee under a written lease agreement or who holds the lessor’s rights under the agreement.

12. *“Manufacturer”* means a person engaged in the business of constructing or assembling new motor vehicles or installing on previously assembled vehicle chassis special bodies or equip-

ment which, when installed, form an integral part of the new motor vehicle, or a person engaged in the business of importing new motor vehicles into the United States for the purpose of selling or distributing the new motor vehicles to new motor vehicle dealers.

13. “*Motor vehicle*” means a self-propelled vehicle purchased or leased in this state, except as provided in section 322G.15, and primarily designed for the transportation of persons or property over public streets and highways, but does not include mopeds, motorcycles, motor homes, or vehicles over ten thousand pounds gross vehicle weight rating.

14. “*Nonconformity*” means a defect, malfunction, or condition in a motor vehicle such that the vehicle fails to conform to the warranty, but does not include a defect, malfunction, or condition that results from an accident, abuse, neglect, modification, or alteration of the motor vehicle by persons other than the manufacturer or its authorized service agent.

15. “*Person*” means person as defined in section 714.16.

16. “*Program*” means an informal dispute settlement procedure established by a manufacturer which mediates and arbitrates motor vehicle warranty disputes arising in this state.

17. “*Purchase price*” means the cash price paid for the motor vehicle appearing in the sales agreement or contract, including any net allowance given for a trade-in vehicle.

18. “*Reasonable offset for use*” means the number of miles attributable to a consumer up to the date of the third attempt to repair the same nonconformity which is the subject of the claim, or the first attempt to repair a nonconformity that is likely to cause death or serious bodily injury, or the twentieth cumulative day when the vehicle is out of service by reason of repair of one or more nonconformities, whichever occurs first, multiplied by the purchase price of the vehicle, or in the event of a leased vehicle, the lessor’s actual lease price plus an amount equal to two percent of the purchase price, and divided by one hundred twenty thousand.

19. “*Replacement motor vehicle*” means a motor vehicle which is identical or reasonably equivalent to the motor vehicle to be replaced, and as the motor vehicle to be replaced would have existed without the nonconformity at the time of original acquisition.

21. “*Warranty*” means any written warranty issued by the manufacturer; or any affirmation of fact or promise made by the manufacturer, excluding statements made by the dealer, in connection with the sale or lease of a motor vehicle to a consumer, which relates to the nature of the material

or workmanship and affirms or promises that the material or workmanship is free of defects or will meet a specified level of performance.

91 Acts, ch 153, §2; 95 Acts, ch 45, §6

### 322G.3 Duties of manufacturer.

1. At the time of the consumer’s purchase or lease of the vehicle, the manufacturer shall provide to the consumer a written statement that explains the consumer’s rights and obligations under this chapter. The written statement shall be prepared by the attorney general and shall contain a telephone number that the consumer can use to obtain information from the attorney general regarding the rights and obligations provided under this chapter.

2. At the time of the consumer’s purchase or lease of the vehicle, the manufacturer shall provide to the consumer the address and phone number for the zone, district, or regional office of the manufacturer for this state where a claim may be filed by the consumer. This information shall be provided to the consumer in a clear and conspicuous manner. Within thirty days of the introduction of a new model year for each make and model of motor vehicle sold in this state, the manufacturer shall notify the attorney general of such introduction. The manufacturer shall also inform the attorney general that a copy of the owner’s manual and applicable written warranties shall be provided upon request and provide information as to where the request should be made. The manufacturer shall inform the attorney general where such a request should be directed and shall provide the copy of the owner’s manual and applicable written warranties within five business days of a request by the attorney general.

3. A manufacturer or the authorized service agent of the manufacturer shall make repairs as necessary to conform the vehicle to the warranty if a motor vehicle does not conform to the warranty and the consumer reports the nonconformity to the manufacturer or authorized service agent during the lemon law rights period. Such repairs shall be made irrespective of whether they can be made prior to the expiration of the lemon law rights period.

4. A manufacturer or the authorized service agent of the manufacturer, shall provide to the consumer, each time the motor vehicle is returned after being examined or repaired under the warranty, a fully itemized, legible statement or repair order indicating any diagnosis made, and all work performed on the motor vehicle including, but not limited to, a general description of the problem reported by the consumer or an identification of the defect or condition, parts and labor, the date and the odometer reading when the motor vehicle was submitted for examination or repair, and the date when the repair or examination was completed.

5. Upon request from the consumer, the manufacturer, or the authorized service agent of the

manufacturer, shall provide a copy of either or both of the following:

*a.* Any report or printout of any diagnostic computer operation compiled by the manufacturer or authorized service agent regarding an inspection or diagnosis of the motor vehicle.

*b.* A copy of any technical service bulletin issued by the manufacturer regarding the year and model of the motor vehicle as it pertains to any material, feature, component, or the performance of the motor vehicle.

91 Acts, ch 153, §3

#### **322G.4 Nonconformity of motor vehicles.**

1. After three attempts have been made to repair the same nonconformity that substantially impairs the motor vehicle, or after one attempt to repair a nonconformity that is likely to cause death or serious bodily injury, the consumer may give written notification, which shall be by certified or registered mail or by overnight service, to the manufacturer of the need to repair the nonconformity in order to allow the manufacturer a final attempt to cure the nonconformity. The manufacturer shall, within ten days after receipt of such notification, notify and provide the consumer with the opportunity to have the vehicle repaired at a reasonably accessible repair facility and after delivery of the vehicle to the designated repair facility by the consumer, the manufacturer shall, within ten days, conform the motor vehicle to the warranty. If the manufacturer fails to notify and provide the consumer with the opportunity to have the vehicle repaired at a reasonably accessible repair facility or perform the repairs within the time periods prescribed in this subsection, the requirement that the manufacturer be given a final attempt to cure the nonconformity does not apply.

After twenty or more cumulative days when the motor vehicle has been out of service by reason of repair of one or more nonconformities, the consumer may give written notification to the manufacturer which shall be by certified or registered mail or by overnight service. Commencing upon the date such notification is received, the manufacturer has ten cumulative days when the vehicle has been out of service by reason of repair of one or more nonconformities to conform the motor vehicle to the warranty.

2. If the manufacturer, or its authorized service agent, has not conformed the motor vehicle to the warranty by repairing or correcting one or more nonconformities that substantially impair the motor vehicle after a reasonable number of attempts, the manufacturer shall, within forty days of receipt of payment by the manufacturer of a reasonable offset for use by the consumer, replace the motor vehicle with a replacement motor vehicle acceptable to the consumer, or repurchase the motor vehicle from the consumer or lessor and refund to the consumer or lessor the full purchase or lease

price, less a reasonable offset for use. The replacement or refund shall include payment of all collateral and reasonably incurred incidental charges. The consumer has an unconditional right to choose a refund rather than a replacement. If the consumer elects to receive a refund, and the refund exceeds the amount of the payment for a reasonable offset for use, the requirement that the consumer pay the reasonable offset for use in advance does not apply, and the manufacturer shall deduct that amount from the refund due to the consumer. If the consumer elects a replacement motor vehicle, the manufacturer shall provide the consumer a substitute motor vehicle to use until such time as the replacement vehicle is delivered to the consumer. At the time of the refund or replacement, the consumer, lienholder, or lessor shall furnish to the manufacturer clear title to and possession of the original motor vehicle.

Refunds shall be made to the consumer and lienholder of record, if any, as their interests appear. If applicable, refunds shall be made to the lessor and lessee as follows: the lessee shall receive the lessee's cost less a reasonable offset for use, and the lessor shall receive the lease price less the aggregate deposit and rental payments previously paid to the lessor for the leased vehicle. If it is determined that the lessee is entitled to a refund pursuant to this chapter, the consumer's lease agreement with the lessor is terminated upon payment of the refund and no penalty for early termination shall be assessed. The department of revenue shall refund to the manufacturer any use tax which the manufacturer refunded to the consumer, lessee, or lessor under this section, if the manufacturer provides to the department of revenue a written request for a refund and evidence that the use tax was paid when the vehicle was purchased and that the manufacturer refunded the use tax to the consumer, lessee, or lessor.

3. It is presumed that a reasonable number of attempts have been undertaken to conform a motor vehicle to the warranty if, during the lemon law rights period, any of the following occur:

*a.* The same nonconformity that substantially impairs the motor vehicle has been subject to examination or repair at least three times by the manufacturer or its authorized service agent, plus a final attempt by the manufacturer to repair the motor vehicle if undertaken as provided for in subsection 1, and such nonconformity continues to exist.

*b.* A nonconformity that is likely to cause death or serious bodily injury has been subject to examination or repair at least one time by the manufacturer or its authorized service agent, plus a final attempt by the manufacturer to repair the motor vehicle if undertaken as provided for in subsection 1, and such nonconformity continues to exist.

*c.* The motor vehicle has been out of service by reason of repair by the manufacturer, or its autho-

alized service agent, of one or more nonconformities that substantially impair the motor vehicle for a cumulative total of thirty or more days, exclusive of down time for routine maintenance prescribed by the owner's manual. The thirty-day period may be extended by any period of time during which repair services are not available to the consumer because of war, invasion, strike, fire, flood, or natural disaster.

The terms of this subsection shall be extended for a period of up to two years after the date of the original delivery of a motor vehicle to a consumer, or the first twenty-four thousand miles of operation attributable to a consumer, whichever occurs first, if a nonconformity has been reported but has not been cured by the manufacturer, or its authorized service agent, before the expiration of the lemon law rights period.

4. A manufacturer, or its authorized service agent, shall not refuse to examine or repair any nonconformity for the purpose of avoiding liability under this chapter.

91 Acts, ch 153, §4; 2003 Acts, ch 145, §286

#### **322G.5 Affirmative defenses.**

Any of the following is an affirmative defense to a claim under this chapter:

1. The alleged nonconformity or nonconformities do not substantially impair the motor vehicle.

2. A nonconformity is the result of an accident, abuse, neglect, or unauthorized modification or alteration of the motor vehicle by a person other than the manufacturer or its authorized service agent.

3. The claim by the consumer was not filed in good faith.

4. Any other defense allowed by law which may be raised against the claim.

91 Acts, ch 153, §5

#### **322G.6 Informal dispute settlement procedures — operations and certification.**

1. At the time of the consumer's purchase or lease of the vehicle, a manufacturer who has established a program certified pursuant to this section shall, at a minimum, clearly and conspicuously disclose to the consumer in written materials accompanying the vehicle how and where to file a claim with the program.

2. A certified program shall be funded and competently staffed at a level sufficient to ensure fair and expeditious resolution of all disputes, and shall not charge consumers any fee for use of the program. The manufacturer shall take all steps necessary to ensure that a certified program and its staff and decision makers are sufficiently insulated from the manufacturer so that the performance of the staff and the decisions of the decision makers are not influenced by the manufacturer. Such steps, at a minimum, shall ensure that the manufacturer does not make decisions on whether

a consumer's dispute proceeds to the decision maker. Staff and decision makers of a certified program shall be trained in the provisions of this chapter and rules adopted under this chapter.

3. A certified program shall allow an oral presentation by a party, or by a party's employee, agent, or representative.

Within five days following the consumer's notification to the certified program of the dispute, the program shall inform each party of their right to make an oral presentation.

Meetings of a certified program to hear and decide disputes shall be open to observers, including either party to the dispute, on reasonable and non-discriminatory terms.

4. A certified program shall render a decision no later than sixty days from the day of the consumer's notification of the dispute, provided that a significant number of decisions are rendered within forty days. For the purposes of this section, notification is deemed to have occurred when a certified program has received the consumer's name and address; the current date and the date of the original delivery of the motor vehicle to a consumer; the year, make, model, and identification number of the motor vehicle; and a description of the nonconformity. If the consumer has not previously notified the manufacturer of the nonconformity, the sixty-day period is extended for an additional seven days.

5. A certified program shall, in rendering decisions, take into account the provisions of this chapter and all legal and equitable factors germane to a fair and just decision. The decision shall disclose to the consumer and the manufacturer the reasons for the decision, and the manufacturer's required actions, if applicable. If the decision is in favor of the consumer, the consumer shall have up to twenty-five days from the date of receipt of the certified program's decision to indicate acceptance of the decision. The decision shall prescribe a reasonable period of time, not to exceed thirty days from the date the consumer notifies the manufacturer of acceptance of the decision, within which the manufacturer must fulfill the terms of the decision. If the manufacturer has had a reasonable number of attempts to conform a motor vehicle to the warranty as set forth in section 322G.4, subsection 3, including a final attempt by the manufacturer to repair the motor vehicle, if undertaken as provided for in section 322G.4, subsection 1, and the consumer is entitled to a replacement vehicle or a refund under section 322G.4, subsection 2, the decision shall be limited to relief as allowed under section 322G.4, subsection 2. In an action brought by a consumer under this chapter, the decision of a certified program is admissible in evidence.

6. A certified program shall establish written procedures which explain operation of the certified program. Copies of the written procedures shall be made available to any person upon re-

quest and shall be sent to the consumer upon notification of the dispute.

7. A certified program shall retain all records for each dispute for at least four years after the final disposition of the dispute. A certified program shall have an independent audit conducted annually to determine whether the manufacturer and its performance and the program and its implementation are in compliance with this chapter. All records for each dispute shall be available for the audit. Such audit, upon completion, shall be forwarded to the attorney general.

8. Any manufacturer licensed to sell motor vehicles in this state may apply to the attorney general for certification of its program. A manufacturer seeking certification of its program in this state shall submit to the attorney general an application for certification on a form prescribed by the attorney general.

9. A program certified in this state or a program established by a manufacturer applying for certification in this state shall submit to the attorney general a copy of each settlement approved by the program or decision made by the decision maker within thirty days after the settlement is reached or the decision is rendered. The decision or settlement shall contain information prescribed by the attorney general.

10. The attorney general shall review the operations of any certified program at least once annually. The attorney general shall prepare annual and periodic reports evaluating the operation of certified programs serving consumers in this state or programs established by motor vehicle manufacturers applying for certification in this state. The reports shall indicate whether certification should be granted, renewed, denied, or revoked.

11. If a manufacturer has established a program which the attorney general has certified as substantially complying with the provisions of and the rules adopted under this chapter, and has informed the consumer how and where to file a claim with the program pursuant to subsection 1, the provisions of section 322G.4, subsection 2, do not apply to any consumer who has not first resorted to the program.

91 Acts, ch 153, §6

### **322G.7 Informal dispute settlement procedure — certification uniformity.**

To facilitate uniform application, interpretation, and enforcement of this section and section 322G.6, and in implementing rules adopted pursuant to section 322G.14, the attorney general may cooperate with agencies that perform similar functions in any other states that enact these or similar sections. The cooperation authorized by this subsection may include any of the following:

1. Establishing a central depository for copies of all applications and accompanying materials submitted by manufacturers for certification, and

all reports prepared, notices issued, and determinations made by the attorney general under section 322G.6.

2. Sharing and exchanging information, documents, and records pertaining to program operations.

3. Sharing personnel to perform joint reviews, surveys, and investigations of program operations.

4. Preparing joint reports evaluating program operations.

5. Granting joint certifications and certification renewals.

6. Issuing joint denials or revocations of certification.

7. Holding a joint administrative hearing.

8. Formulating, in accordance with chapter 17A, the administrative procedure Act, rules or proposed rules on matters such as guidelines, forms, statements of policy, interpretative opinions, and any other information necessary to implement section 322G.6.

91 Acts, ch 153, §7

### **322G.8 Consumer remedies.**

1. If a consumer resorts to a manufacturer's certified program and a decision is not rendered within the time periods allowed in this chapter, or a manufacturer has no certified program and the consumer has notified the manufacturer pursuant to section 322G.4, subsection 1, the consumer may file an action in district court under this chapter within one year from the expiration of the lemon law rights period or an extension of the period pursuant to section 322G.4, subsection 3.

2. If a consumer resorts to a manufacturer's certified program and is not satisfied with the performance of the manufacturer as ordered in the decision, or the manufacturer does not perform as directed by the decision within the time period specified in the decision, the consumer may file an action in district court under this chapter within six months after the date prescribed in the decision by which the manufacturer must fulfill the terms of the decision. If the consumer declines to accept the decision of the manufacturer's certified program, the consumer may appeal the decision pursuant to subsection 4. For purposes of this subsection, "*not satisfied with the performance of the decision*" means, following the consumer's acceptance of the decision, the consumer indicates that the manufacturer failed to comply with the terms of the decision within the time specified in the decision or failed to cure the nonconformity within the time specified in the decision if further repairs were ordered.

3. In an action under either subsection 1 or 2, the court shall award a consumer who prevails the amount of any pecuniary loss, including relief the consumer is entitled to under section 322G.4, subsection 2, reasonable attorney's fees, and costs. In addition, if the court affirms the decision of the

certified program, the court may award any additional amounts allowed under subsection 7.

4. A certified program's decision is final unless appealed by either party. A petition to the district court to appeal a decision must be made within fifty days after receipt of the decision or within twenty-five days from the date the consumer indicates acceptance of the decision to the manufacturer, whichever occurs first. Within seven days after the petition has been filed, the appealing party must send, by certified, registered, or express mail, a copy of the petition to the attorney general. If the attorney general receives no notice of the petition within sixty days after the manufacturer's receipt of a decision in favor of the consumer, and the consumer has indicated acceptance of the decision within the twenty-five days of receipt of the decision, but the manufacturer has neither complied with, nor petitioned to appeal the decision, the attorney general may apply to the court to impose a fine up to one thousand dollars per day against the manufacturer until the amount stands at twice the purchase price of the motor vehicle, unless the manufacturer provides clear and convincing evidence that the delay or failure was beyond its control or was acceptable to the consumer as evidenced by a written statement signed by the consumer. If the manufacturer fails to provide such evidence or fails to pay the fine, the attorney general shall initiate proceedings against the manufacturer for failure to pay the fine. The proceeds from the fine imposed shall be placed in the attorney general's motor vehicle fraud and odometer law enforcement fund for implementation and enforcement of this chapter.

5. If the manufacturer fails to comply with a decision which has been timely accepted by the consumer or fails to file a timely petition for appeal, the court shall affirm the board's decision upon application by the consumer.

6. An appeal of a decision by a certified program to the court by a consumer or a manufacturer shall be tried de novo, and may be based upon stipulated facts. In a written petition to appeal a decision by the board, the appealing party must state the action requested and the grounds relied upon for appeal.

7. If a decision of the certified program in favor of the consumer is affirmed or upheld by the court, recovery by the consumer shall include the pecuniary value of the award, including relief the consumer is entitled to under section 322G.4, subsection 2, attorney's fees incurred in obtaining confirmation of the award, and all costs and continuing damages in an amount of twenty-five dollars per day for all days beyond the twenty-five-day period following the manufacturer's receipt of the consumer's acceptance of the certified program's decision. If a court determines that a manufacturer filed a petition for appeal to be tried de novo in bad faith or brought such an appeal solely for the purpose of harassment, the court shall double, and

may triple, the amount of the total award, after consideration of all circumstances.

8. Appellate review of a court decision in favor of the consumer may be conditioned upon payment by the manufacturer of the consumer's attorney's fees and giving security for costs and expenses resulting from the review period.

9. This chapter does not prohibit a consumer from pursuing other rights or remedies under any other law.

91 Acts, ch 153, §8

#### **322G.9 Compliance and disciplinary action.**

The attorney general may enforce and ensure compliance with the provisions of this chapter and rules adopted pursuant to section 322G.14, may issue subpoenas requiring the attendance of witnesses and the production of evidence, and may petition any court having jurisdiction to compel compliance with the subpoenas. The attorney general may levy and collect an administrative fine in an amount not to exceed one thousand dollars for each violation against any manufacturer found to be in violation of this chapter or rules adopted pursuant to section 322G.14. A manufacturer may request a hearing pursuant to chapter 17A, the administrative procedure Act, if the manufacturer contests the fine levied against it. The proceeds from any fine levied and collected pursuant to this section shall be placed in the attorney general's motor vehicle fraud and odometer law enforcement fund for implementation and enforcement of this chapter.

91 Acts, ch 153, §9

#### **322G.10 Unfair or deceptive trade practice.**

A violation by a manufacturer of this chapter is an unfair or deceptive trade practice in violation of section 714.16, subsection 2, paragraph "a".

91 Acts, ch 153, §10

#### **322G.11 Dealer liability.**

This chapter, except for the requirements of section 322G.12, does not impose any liability on a franchised motor vehicle dealer or create a cause of action by a consumer against a dealer. A dealer shall not be made a party defendant in any action involving or relating to this chapter, except as provided in this section. The manufacturer shall not charge back or require reimbursement by the dealer for any costs, including but not limited to any refunds or vehicle replacements, incurred by the manufacturer pursuant to this chapter, in the absence of a finding by a court that the related repairs had been carried out by the dealer in a manner substantially inconsistent with the manufacturer's published instructions. A manufacturer who is found by a court to have improperly charged back a dealer because of a violation of this section is liable to the injured dealer for full reimburse-

ment plus reasonable costs and any attorney's fees.

91 Acts, ch 153, §11; 95 Acts, ch 45, §7

### **322G.12 Resale of returned vehicles.**

A manufacturer who accepts the return of a motor vehicle pursuant to a settlement, determination, or decision under this chapter shall notify the state department of transportation, report the vehicle identification number of that motor vehicle within ten days after the acceptance, and obtain a new certificate of title for the vehicle in the manufacturer's name pursuant to section 321.46. In obtaining a new certificate of title, the manufacturer shall title the vehicle in the county of the transferor's residence and shall be exempt from the registration fee requirements of section 321.46. For purposes of chapter 423, a manufacturer's acceptance of the return of a motor vehicle, as described in this section, shall not be considered "use", as defined in section 423.1. The new certificate of title, and all subsequent registration receipts and certificates of title issued for the motor vehicle, shall contain a designation indicating that the motor vehicle was returned to the manufacturer pursuant to this chapter or a similar law of another state. The state department of transportation shall determine the manner in which the designation is to be indicated on registration receipts and certificates of title and may determine that a "RE-BUILT" or "SALVAGE" designation supersedes the designation required by this paragraph and include the "REBUILT" or "SALVAGE" designation on the registration receipt and certificate of title in lieu of the designation required by this paragraph.

A person shall not knowingly lease, sell, either at wholesale or retail, or transfer a title to a motor vehicle returned by reason of a settlement, determination, or decision pursuant to this chapter or a similar law of another state unless the nature of the nonconformity is clearly and conspicuously disclosed to the prospective transferee, lessee, or buyer. The attorney general shall prescribe by rule the form, content, and procedure pertaining to such a disclosure statement, recognizing the need of manufacturers to implement a uniform disclosure form. The manufacturer shall make a

reasonable effort to ensure that such disclosure is made to the first subsequent retail buyer or lessee. For purposes of this section, "settlement" includes an agreement entered into between the manufacturer and the consumer that occurs after the thirtieth day following the manufacturer's receipt of the consumer's written notification pursuant to section 322G.4.

91 Acts, ch 153, §12; 95 Acts, ch 45, §8; 2000 Acts, ch 1047, §3, 4

### **322G.13 Certain agreements void.**

Any agreement entered into by a consumer that waives, limits, or disclaims the rights set forth in this chapter is void as contrary to public policy.

91 Acts, ch 153, §13

### **322G.14 Rulemaking authority.**

1. The attorney general shall adopt rules as necessary to implement this chapter.

2. In prescribing rules and forms under this chapter, the attorney general may cooperate with agencies that perform similar functions in other states with a view to effectuating the policy of this chapter to achieve maximum uniformity in the form and content of certification, regulation, and procedural evaluation of manufacturer-established programs, required recordkeeping, required reporting wherever practicable, and required notices to consumers.

91 Acts, ch 153, §14

### **322G.15 Applicability.**

1. This chapter takes effect July 1, 1991, and applies to motor vehicles originally purchased or leased by consumers on or after that date.

2. This chapter applies to motor vehicles originally purchased or leased in this state and, except for section 322G.3, subsections 1 and 2, and section 322G.6, subsection 1, applies to motor vehicles originally purchased or leased in other states, if the consumer is a resident of this state at the time the consumer's rights are asserted under this chapter.

88 Acts, ch 1158, §68; 95 Acts, ch 155, §1; 96 Acts, ch 1034, §28

### 323.2 Discontinuing distributor franchise.

Notwithstanding the terms, provisions or conditions of any distributor franchise, a franchiser shall not terminate or refuse to renew a distributor franchise except as provided in this chapter. A franchiser shall not terminate or refuse to renew a distributor franchise unless the franchiser gives to the distributor thirty days’ written notice of franchiser’s intent to terminate or not renew. Notice shall be given by restricted certified mail, as defined in section 618.15. If a distributor, within thirty days after the date of delivery of the notice from the franchiser, applies to the department for a hearing under this chapter, the distributor franchise shall remain in effect pending a final order by the department. The application filed by the distributor shall state, under oath, that the distributor has not filed a petition in bankruptcy or been declared bankrupt within six months preceding the filing of the application, that the franchiser has not withdrawn entirely from the sale for resale of motor fuel and special fuel in this state, that there are no past due sums owing by the distributor to the franchiser, and that the distributor has not consented in writing to the termination or nonrenewal of the distributor franchise.

[C75, 77, 79, 81, §323.2]

95 Acts, ch 155, §2

### 323.3 Discontinuing dealer franchise.

Notwithstanding the terms, provisions, or con-

ditions of any dealer franchise, a distributor or franchiser shall not terminate or refuse to renew a dealer franchise except as provided in this chapter. A distributor or franchiser shall not terminate or refuse to renew a dealer franchise unless the distributor or franchiser gives to the dealer thirty days' written notice of distributor's or franchiser's intent to terminate or not renew. Notice shall be given by restricted certified mail, as defined in section 618.15. If a dealer, within thirty days after the date of delivery of the notice from the distributor or franchiser, applies to the department for a hearing under this chapter, the dealer franchise shall remain in effect pending a final order by the department. The application filed by the dealer shall state, under oath, that the dealer's license, issued pursuant to chapter 214, for pumps and meters located on the retail premises occupied by the dealer has not been canceled, that the dealer has not filed a petition in bankruptcy or been declared bankrupt within six months preceding the filing of the application, that the franchiser or distributor has not withdrawn entirely from the sale for resale of motor fuel and special fuel in this state, that there are no past due sums owing by the dealer to the franchiser or distributor, and that the dealer has not consented in writing to the termination or nonrenewal of the dealer franchise.

[C75, 77, 79, 81, §323.3]

### 323.4 Continuance.

The department may continue the date of hearing for a period of thirty days, and may upon application, but not ex parte, continue the date of hearing for an additional period of thirty days.

[C75, 77, 79, 81, §323.4]

### 323.5 Burden of proof.

Upon hearing, if the department finds the statements contained in the application are true, then the franchiser or distributor that intends to terminate or not renew the distributor franchise or dealer franchise shall have the burden of proof to establish that the franchiser or distributor, as the case may be, has good cause for terminating or not renewing the franchise.

If the department finds the statements contained in the application are not true, the application shall be denied. Nothing contained in this chapter shall be construed to require or authorize any investigation by the department of any matter before the department under this chapter. Upon hearing the department shall hear the evidence introduced by the parties and shall make its decision solely upon the record made. If the department denies the termination or nonrenewal of the franchise, it may make such further order as may be necessary to require compliance with the terms of the franchise and to prevent retaliatory action.

[C75, 77, 79, 81, §323.5]

### 323.6 Conditions barring change in distributor franchise.

Notwithstanding the terms, provisions or conditions of a distributor franchise, the following shall not constitute good cause for the termination or refusal to renew a distributor franchise:

1. The sole fact that the franchiser desires further penetration of the market.
2. The change of executive management of the distributor, unless the franchiser, having the burden of proof, proves that the change of executive management will be substantially detrimental to the distribution of the franchiser's motor fuels or special fuels in the area served by the distributor.
3. The sale or change of ownership of the distributor's business.

### 323.7 Department's guidelines.

In determining whether good cause has been established for terminating or not renewing a distributor franchise or dealer franchise, the department shall take into consideration the existing circumstances, including, but not limited to:

1. Amount of business transacted by the distributor or dealer.
2. Investments made and obligations incurred by the distributor or dealer in performance of the franchise.
3. Permanency of the investment.
4. Whether it is injurious to the public welfare for the business of the distributor or dealer to be disrupted.
5. Ability of the distributor or dealer to timely pay financial obligations.
6. Whether the distributor or dealer has adequate equipment and qualified personnel to reasonably provide for the distribution and marketing of the motor fuel or special fuel sold to the distributor or dealer.
7. Except as provided in section 323.6, failure of the distributor to substantially comply with those requirements of the distributor franchise that are determined by the department to be reasonable and material.
8. Failure of the dealer to substantially comply with those requirements of the dealer franchise that are determined by the department to be reasonable and material.

[C75, 77, 79, 81, §323.7]

### 323.8 Compulsory attendance at hearings.

The department may issue subpoenas, administer oaths, compel the attendance of witnesses and production of books, papers, documents and other evidence. The department may apply to the district court of the county in which the hearing is to be held for a court order to enforce actions taken under this section.

[C75, 77, 79, 81, §323.8]

### **323.9 Violations.**

Any person violating the provisions of this chapter is guilty of a simple misdemeanor.

[C75, 77, 79, 81, §323.9]

### **323.10 Intent.**

The provisions of this chapter are enacted in the exercise of the police powers of this state for the purpose of protecting the health, safety and general welfare of the people of this state and because methods and practices in the marketing and distribution of motor fuel and special fuel have impaired the availability to the public of the fuel and the services supplied by distributors and dealers who have entered into a franchise agreement with their respective suppliers.

[C75, 77, 79, 81, §323.10]

### **323.11 Hearing.**

Upon receiving an application, the department shall order a hearing. The hearing shall be held within thirty days of receipt of the application and in accordance with the Iowa administrative procedure Act, chapter 17A. The department shall notify the franchiser or distributor of the time and place of the hearing. The department may also give notice of the application to any other party the department deems an interested person. The notice shall be in the form and substance and given in the manner determined by the department.

Any person who can show an interest in the application may become a party to the hearing, whether or not the person receives notice; but a party not receiving notice shall be limited to participation at the hearing on the question of the public interest in the termination or continuation of the franchise.

[C75, 77, 79, 81, §323.11]

2003 Acts, ch 44, §114

### **323.12 Appeal.**

Appeal may be taken from the final order of the department by either the distributor, franchiser or dealer, to the district court of the county where the distributor or dealer either resides or maintains the principal place of business, within thirty days from the time the decision is filed with the department, by giving at least ten days' notice to the department to be served on its chairperson or secretary in the same manner as original notices are now served, and by filing with the clerk of court a bond for costs in the sum of not less than five hundred dollars. Appeal shall be taken in accordance with the provisions of the Iowa administrative procedure Act, chapter 17A.

[C75, 77, 79, 81, §323.12]

2003 Acts, ch 44, §114

### **323.13 Waiver.**

Any provision of a dealer franchise or distributor franchise which is an attempted waiver of the benefits of this chapter shall be void and unenforceable.

[C75, 77, 79, 81, §323.13]

### **323.14 Death of franchisee — successor — penalty.**

1. It is unlawful to include in any distributor franchise or dealer franchise agreement a term which provides for the termination of the franchise by the franchiser upon the death of the franchisee if the franchisee, prior to the franchisee's death, designates a successor-in-interest in a form prescribed by and delivered to the franchiser. For the purposes of this section, "successor-in-interest" is restricted to either a surviving spouse or adult child of the franchisee who, at the time of the franchisee's death, is able to meet reasonable qualifications then being required of distributors or dealers by the franchiser.

2. The successor-in-interest designated as provided in subsection 1 shall have twenty-one days after the death of the franchisee to give written notice of an election to assume and operate the franchise. The notification shall contain such information regarding business experience and credit worthiness as is reasonably required by the franchiser. The successor-in-interest must offer to assume and commence operation of the franchise within ten days after the franchiser approves the assumption.

3. The franchise available to the successor-in-interest pursuant to this section shall be the same as that which existed in the name of the deceased franchisee at the time of the franchisee's death.

4. A franchisee may designate a primary and one alternate successor-in-interest. The alternate, if one is designated, has no rights under this section in the event of an exercise of rights by the primary successor-in-interest. If an alternate desires to assume and operate the franchise in the event the primary successor-in-interest fails to do so, the alternate must give notice of such election and otherwise comply with subsection 2.

5. Unless otherwise specifically provided in this section, actions to be performed by the franchiser or by the successor-in-interest under this section shall be performed within a reasonable time.

6. Following the death of a franchisee, and prior to the operation of the franchise by the successor-in-interest as provided in this section, the executor or administrator of the estate of the deceased franchisee may operate the franchise.

7. If the successor-in-interest assumes the franchise, the successor-in-interest shall account to the heirs or estate of the deceased franchisee for the value of personal property of the franchisee located at or related to the franchise.

8. If the successor-in-interest does not assume the franchise, the franchiser shall account to the heirs or the estate of the deceased franchisee for the value of branded products purchased directly

from the franchiser.

9. A franchisee or successor-in-interest may commence a civil action to compel compliance by a franchiser with this section, or to obtain damages caused by a failure to comply with this section, or both, within two years after the date the franchiser fails to comply with the requirements of this section.

#### **323A.2 Purchase from other source.**

1. The orderly flow of an adequate supply of motor fuel is declared to be essential to the economy and to the welfare of the people of this state. Therefore, in the public interest and notwithstanding the terms, provisions, or conditions of any franchise, a franchisee unable to obtain motor fuel from the franchisor may purchase the fuel from another available source, subject to subsections 2 to 5 and provided the franchisee has done all of the following:

*a.* At least forty-eight hours prior to entering into an agreement to purchase motor fuel from another source, the franchisee has requested delivery of motor fuel from the franchisor and the requested motor fuel has not been delivered and the franchisor has given the franchisee notice that the franchisor is unable to provide the requested motor fuel, or prior to entering into an agreement the franchisor has stated to the franchisee that the requested motor fuel will not be delivered. The request to the franchisor for delivery shall be for a type of fuel normally provided by the franchisor to the franchisee and for a quantity of fuel not exceeding the average amount sold by the franchisee in one week, based upon average weekly sales in

the three months preceding the request, except that this provision shall not restrict a franchisee from purchasing ethanol blended gasoline from a source other than the franchisor or limit the quantity to be purchased when the franchisor does not normally supply the franchisee with ethanol blended gasoline. A franchisee may also purchase E-85 gasoline as provided in section 323A.2A.

*b.* The franchisee has requested and has been denied delivery of motor fuel sold or distributed under the trademark named in the franchise from a person other than franchisor.

*c.* The director of the department of natural resources determines that the franchisee has demonstrated that a special hardship exists in the community served by the franchisee relating to the public health, safety and welfare, as specified under the rules of the department of natural resources.

2. The quantity of motor fuel requested or purchased from another source including the source listed in subsection 1, paragraph "b", shall not exceed the quantity requested from the franchisor.

3. At the time a franchisee enters into an agreement to purchase motor fuel from a source other than the franchisor, the franchisee shall inform the franchisor by the quickest available means.

4. If the franchisee sells motor fuel supplied from a source other than the franchisor, the franchisee shall prominently post a sign disclosing this fact to the public on each motor fuel pump used for dispensing the motor fuel. The size of the sign shall not be less than eight inches by ten inches and the letters on the sign shall be at least three inches in height.

5. A franchisee who sells motor fuel supplied from a source other than the franchisor shall also fully indemnify the franchisor against any claims asserted by a user on which the claimant prevails and in which the court determines that motor fuel not acquired from the franchisor was the proximate cause of the injury.

Purchases of motor fuel in accordance with this section are not good cause for termination of a franchise.

**324A.4 Federal, state, local and private aid — report.**

1. The department shall compile and maintain current information on the use of federal, state, local, and private aid affecting urban and rural public transit programs. Public, private, and private nonprofit organizations applying for or receiving federal, state, or local aid for providing transit services shall annually report to the department the costs of their transportation programs, depicting funds used for public transit programs and such other information as the department may require prior to receiving any federal or state funds or any aid from a political subdivision of the state. The

report shall list all of the funding sources of the organization along with the listing of funds expended by that organization during the preceding fiscal year. The department, in cooperation with the regional planning agencies as the responsible agency for annual updating the regional transit development programs, shall compile this information annually. A state agency or organization administering funds for transit services is required to submit all funding requests through the regional and state clearinghouse and the department. An organization, state agency, political subdivision, or public transit system, except public school transportation, receiving federal, state, or local aid to provide or contract for public transit services or transportation to the general public and specific client groups, must coordinate and consolidate funding and resulting service, to the maximum extent possible, with the urban or regional transit system.

The department, in cooperation with the regional planning agencies, shall maintain current information reflecting the amount of federal, state and local aid received by the public and private nonprofit organizations providing public transit services and the purpose for which the aid is received. The department shall annually prepare a report to be submitted to the general assembly, the department of management, and to the governor, prior to February 1 of each year, stating the receipts and disbursements made during the preceding fiscal year and the adequacy of programs financed by federal, state, local, and private aid in the state. *e.* Protection of the rights of private enterprise public transit providers.

*f.* Coordination of planning for transportation

services at the urban and regional level by all agencies or organizations receiving public funds that are purchasing or providing transportation services.

*g.* Management of equipment and facilities purchased with public funds so that efficient and routine maintenance and replacement is accomplished.

*h.* Training of transit management, drivers and maintenance personnel to provide safe, efficient, and economical transportation services.

Eligibility to receive or expend federal, state, or local funds for transportation services by all agencies or organizations purchasing or providing these services shall be contingent upon compliance with these criteria as determined by the department.

3. The department shall receive and distribute federal aid to public transit systems unless precluded by federal statute; however, the department shall not retain or redirect any portion of funds received by the department for a particular public transit system except that the department may redirect unused funds after a project is completed in order to prevent the lapse of funds. The department may designate the public transit systems as the direct recipients of federal aid.

### **324A.5 Coordination of transportation services.**

The department of human services, department of elder affairs, and the officers and agents of other state and local governmental units shall assist the department in carrying out section 324A.4, subsections 1 and 2, insofar as the functions of these respective officers and departments are concerned with the health, welfare and safety of any recipient of transportation services.

1. Any agency or organization found to be in noncompliance with section 324A.4 shall be notified in writing by the department of those activities which are not in compliance. The notice shall also provide for a period of thirty days during which compliance with section 324A.4 can be accomplished without penalty or sanction.

2. If noncompliant activities continue after the period of thirty days, the department shall, in cooperation with the attorney general and the director of the department of administrative services, initiate the following actions:

*a.* If the activities that are not in compliance with section 324A.4 are funded with state or federal funds which are administered by the state and can be used by agencies or organizations that are in compliance with section 324A.4, then upon notice by the department, the director of the department of administrative services shall not permit

the expenditure of ten percent of the funds during the fiscal year immediately following the notice, an additional twenty percent of funds during the following year, an additional thirty percent during the third year, and the remaining funds in the fourth year that the activities remain in noncompliance. Any funds retained by the director of the department of administrative services shall be returned to the originating state agency for redistribution to agencies and organizations eligible to receive the funds for transportation purposes.

*b.* If the activities that are not in compliance with section 324A.4 are funded with state, federal or local funds which are not administered by the state or cannot be used by agencies and organizations that are in compliance with section 324A.4, then upon notice by the department, the attorney general shall file an action to enjoin agencies or organizations from expending funds for transportation purposes until and unless compliance with section 324A.4 is achieved. If federal funds are involved in such cases, then the attorney general shall notify the responsible federal agency of the actions and request its cooperation.

*c.* The department of inspections and appeals shall establish an appeal process pursuant to chapters 10A and 17A which allows those agencies or organizations determined to not be in compliance with this chapter an opportunity for a timely hearing before the department of inspections and appeals. A decision by the department of inspections and appeals is subject to review by the state department of transportation. The state department of transportation's decision is the final agency action. Judicial review of the action of the department may be sought in accordance with chapter 17A.

*d.* The department shall, in accordance with chapter 17A, adopt and enforce rules setting minimum standards for determination of compliance and certification. The rules and standards required by this section shall be formulated in consultation with all affected state agencies, local government units with professional and consumer groups affected, and shall be designed to further the accomplishment of the purposes of this chapter.

1. "Base state" with respect to commercial vehicles subject to proportional registration means

the state from which the vehicle is most frequently dispatched, garaged, serviced, maintained, operated, or otherwise controlled, or also in the case of a fleet vehicle the state to which allocated for registration under statutory requirements.

2. "Broker" for purposes of section 326.23 means any person who, as principal or agent, sells or offers for sale any transportation, or negotiates for, or claims for solicitation, advertisement, or otherwise to be one who sells, provides, furnishes, contracts, or arranges for such transportation. The term "broker" shall not include motor carriers and employees or agents thereof.

3. "Commercial vehicle" means any vehicle which is operated in interstate commerce or combined intrastate and interstate commerce and used for the transportation of persons for hire, compensation or profit, or designed or used pri-

marily for the transportation of property.

4. “*Compact miles*” means the total miles a fleet operates in this state and in all states with whom Iowa has an apportionment registration agreement and with whom the fleet owner has or will register vehicles on an apportioned registration basis.

6. “*Director*” means the director of transportation or the director’s designee.

7. “*Fleet*” means one or more commercial vehicles.

8. “*In-state miles*” means the mileage generated within this state by commercial vehicles in the fleet subject to proportional registration; except that, with respect to fleet vehicles based in Iowa, “*in-state miles*” shall also include all mileage traveled by such vehicles in states with whom Iowa has a proportional registration agreement but with whom the owner elects not to apportion registration fees and mileage traveled by such vehicles under reciprocity obtained by virtue of Iowa registration.

9. “*Jurisdiction*” means any county, state, territory, federal district, foreign country, or political subdivision thereof.

10. “*Preceding year*” means a period of twelve consecutive months fixed by the department, which period shall be within the sixteen months immediately preceding the commencement of the registration year for which proportional registration is sought.

Total fleet mileage to be reported for any truck or truck tractor which was deleted from or added to the prorate fleet during the fiscal year reporting period shall be only those miles generated by such truck or truck tractor while the vehicle was part of the prorated fleet during such fiscal year reporting period. “*Total fleet miles*” in relation to trailers or semitrailers which are part of a prorate fleet means the mileage generated by the power units of the fleet; provided, however, that if such trailers or semitrailers were towed during the fiscal year reporting period by the power units which collectively were proportionally registered by the same fleet owner during the fiscal year reporting period as part of two or more fleets, “*total fleet miles*” in relation to such trailers or semitrailers means the total mileage generated by the several power fleets during the fiscal year reporting period even though some of the power units did not actually

c. Multiply the percentage obtained under paragraph "a" of this subsection by the sum total obtained under paragraph "b" of this subsection.

d. The product so obtained under paragraph "c" of this subsection shall be the amount payable by the owner for proportional registration of the fleet for the registration year. Payment of registration fees shall be made in accordance with section 321.134, subsection 2, or a fleet owner on a renewal registration may pay a fee equal to one-half of the applicable fee and post a surety bond, certificate of deposit, or letter of credit, equal to one-half of the applicable fee at the time of the first installment. Payment of the first installment entitles an owner to the issuance of full-year credentials. The second installment shall be paid by July 15. If the second installment is not paid by July 15, the department shall file claim against the security for payment of fees and penalties due and the owner shall not be entitled to elect the installment payment option for the following year. Excess surety moneys received shall be refunded minus a fifty dollar administration fee.

3. The department may negotiate apportionment agreements on either a vehicle or a dollar basis. In apportionment on a vehicle basis, a sufficient number of vehicles shall be registered to produce total fee payments not less than an amount obtained by applying the proportion of in-state fleet miles to total fleet miles to the fees which would otherwise be required for total fleet registration in this state.

### **326.7 Agreements on basis of compact miles.**

Notwithstanding any other law to the contrary, and as an alternative to the procedure set out in section 326.6, the department may enter into agreements providing for proportional registration between this state and other jurisdictions of fleets of commercial vehicles owned by residents or nonresidents engaged in interstate commerce or simultaneously engaged in interstate and intrastate commerce on the basis of compact miles.

The Iowa prorate percent will be computed by dividing the Iowa miles by the compact miles as defined in section 326.2. If the composite percentage paid by the Iowa resident to each of the states a party to an apportioned registration agreement with Iowa for apportioned registrations is less than one hundred percent, the department will determine the registration fees due the state of

Iowa to bring the composite percent to one hundred percent. If the composite percent paid by the nonresident fleet operator to each of the states a party to an apportioned registration agreement with Iowa for apportioned registration fees on vehicles base plated in Iowa is less than one hundred percent, the department will redetermine the registration fees due the state of Iowa to bring the composite percent to one hundred percent on such Iowa base plated vehicles.

### **326.8 Estimating mileage.**

When in-state and total fleet or compact mileage cannot be computed for a particular fleet on the basis of actual operation during the preceding year, estimated mileage shall be accepted for the fleet's first prorate application. Estimated mileage shall be based on the proposed operation of the fleet during the entire year for which proportional registration is sought. The applicant shall substantiate the estimate by submitting details of the applicant's proposed operation including, but not limited to, type of operation, its location, routes, and frequency of operation.

[C71, 73, 75, 77, 79, 81, §326.8]

### **326.9 Individual vehicles not to be proportionally registered.**

The registrations of individual vehicles shall not be subject to proportional registration with this state. The same fleet, consisting of the same vehicles in each state, shall be proportionally registered in each state with which the fleet is prorate; and every one of the vehicles shall be included in the fleet in each state. Failure to comply with these requirements shall constitute grounds for cancellation of proration privileges.

[C71, 73, 75, 77, 79, 81, §326.9]

### **326.10 Minimum fee.** Repealed by 2002 Acts, ch 1063, § 54.

#### **326.10A Payment by check.**

The department shall accept payment of fees under this chapter by personal or corporate check. The fee shall be deemed to have been paid upon receipt of the check. If the check is not honored, all fees and penalties shall accumulate as if the fee was not paid. After appropriate warning from the department, the registration account shall be suspended, collection pursued, and the delinquent registration fees shall become a debt due the state of Iowa. After a dishonored check has been received from an applicant, payments submitted by the applicant during the following year must be made with guaranteed funds.

85 Acts, ch 61, §1; 2002 Acts, ch 1063, §40

**326.11 Subsequently acquired vehicles.**

Vehicles acquired by a fleet owner after the commencement of the registration year and subsequently added to the fleet shall be prorated by applying the mileage percentage used in the original application for such fleet for such registration period to registration fees due under chapter 321. An application for registration shall be filed with the department pursuant to the provisions of chapter 321.

The director may issue temporary written authorization to carriers for vehicles acquired by a fleet owner and added to the fleet owner's prorate fleet after the beginning of the registration year. The temporary authority shall permit the operation of a commercial vehicle until permanent identification is issued, except that the temporary authority shall expire after sixty days.

**326.12 Vehicles deleted — registration transferred.**

Fleet owners who delete commercial vehicles displaying Iowa base plates from the fleet after the commencement of the registration year shall be allowed to transfer registration credit to a replacement vehicle in accordance with this section. Iowa shall allow credit for non-Iowa based deleted vehicles only if the state designated by the fleet owner as the base state of the deleted vehicle permits transfer of registration credit to the replacement vehicle. Allowance of credit for deleted vehicles shall be subject to the following conditions:

1. The fee for reissuance or registration credentials or for transfer of credentials shall be seven dollars.

2. No deletion shall be made nor credit allowed toward registration of a replacement vehicle unless the vehicle to be removed from service has been sold, junked, repossessed, foreclosed by mechanic's lien, title transferred by operation of law, or cancellation or expiration of a lease arrangement. The deleted vehicle shall have been disposed of on or before the date the replacement vehicle was acquired or in the possession of the applicant.

3. If a leased vehicle is to be deleted from the fleet and unexpired registration fees applied to the replacement vehicle, the lessee shall refund any unexpired registration fees paid by the lessor to the lessee on the transferred vehicle.

4. Credit shall be given for unexpired months.

5. The registration of the vehicle being added to the fleet is not delinquent under chapter 321.

**326.13 Information under oath.**

The department shall require fleet owners to submit under oath any information deemed necessary to carry out the provisions of this chapter. 1. The department shall issue a single registration plate and registration receipt for each vehicle pursuant to apportionment agreements or provisions authorized under this chapter. The registration period for a vehicle registered pursuant to this chapter is from January 1 through December 31 of each year.

2. An application for renewal of registration shall be postmarked or received in the office of motor carrier services of the department no later than January 31. A five percent late filing penalty shall be assessed to an application for renewal postmarked or received on or after February 1, with an additional five percent penalty assessed the first of each month thereafter until the application is filed. The enforcement deadline for failure to display a registration plate and registration is March 15 at 12:01 a.m.

**326.15 Refunds of registration fees.**

Refunds of registration fees paid for motor vehicles under this chapter shall be in accordance with section 321.126. In addition, if a motor vehicle is removed from an apportioned fleet, the owner in whose name the motor vehicle was registered shall return the registration plate to the department and make a claim for refund. A refund shall not be allowed without documentation of the subsequent registration of the motor vehicle.

A qualified fleet owner may certify to the department that the registration plate has been destroyed in lieu of surrendering the plate. The department shall adopt rules to define a qualified fleet owner.

**326.16 Delinquent fees.**

1. If the fees for proportional registration are not paid to each contracting jurisdiction entitled thereto on the basis of the proportional registration application and supporting documents filed with the department by the fleet owner within a

reasonable amount of time as determined by the department, the department shall calculate late payment penalties. The fleet owner shall be notified by regular mail that fees and penalties are due and must be paid within thirty days of the invoice date. If fees and penalties are not received, the fleet owner shall be notified by certified mail that the owner's registration has been suspended.

2. A five percent late payment penalty shall be assessed if an invoice is not paid within thirty days of the invoice date or within thirty days of January 31 of the registration year, whichever is later, with an additional five percent penalty assessed the first of each month thereafter until all fees and penalties are paid. ### 326.17 Iowa base plates.

Resident fleet owners shall be required to list Iowa as the base state for all commercial vehicles which qualify under the term "base state" as defined in this chapter, and Iowa base plates shall be displayed on all such commercial vehicles. Non-resident fleet owners subject to proportional registration shall display Iowa base plates if the commercial vehicle qualifies as an Iowa based vehicle as defined in this chapter.

[C71, 73, 75, 77, 79, 81, §326.17]

### 326.18 Nonresident fleet owner privileges.

When a nonresident fleet owner has registered vehicles on a prorated basis, the vehicles are fully registered insofar as interstate commerce is concerned. The privileges granted to a nonresident pursuant to this chapter permit the operation of a vehicle which is simultaneously engaged in interstate movements and intrastate commerce, provided that the owner has intrastate authority or rights granted by the department. The director may also enter into reciprocity agreements pursuant to section 326.5 to permit interstate and intrastate movement of vehicles registered on a prorated basis by a nonresident fleet owner, provided the owner has intrastate authority granted by the department and the jurisdiction in which the nonresident is base plated grants the same privilege to an Iowa base plated vehicle. Each vehicle upon which an Iowa base plate is required to be displayed under this chapter is fully registered for both interstate commerce and intrastate commerce.

### 326.19 Records preserved — audits.

A registrant whose application for apportioned registration has been accepted shall preserve the records upon which the registration is based for a period of three years after the close of the registration year. Upon request of the department, all fleet owners shall make all such records available to the department for audit as to accuracy of computation and payment. An audit shall be conducted at the office of the registrant during normal business hours. However, if circumstances dictate, the registrant may be required to present the records at the office of motor carrier services of the department. If the registrant's operational records are not located in the base state and it is necessary for the base state to send auditors to the location where the records are normally kept, the base state may require the registrant to reimburse the per diem and travel expenses incurred by the auditors in performing the audit. The department may enter into agreements with authorized agencies or other contracting jurisdictions for joint audits of any registrant.

### 326.21 Laws of other states — Iowa interests.

In the absence of an agreement with another jurisdiction, the department may examine the laws

and requirements of such jurisdiction and declare the extent and nature of exemptions, benefits, and privileges to be extended to vehicles or owners of vehicles properly registered or licensed in such other jurisdiction. The department shall consider the interests of the state of Iowa and the citizens thereof, the interests of the other jurisdictions and the citizens thereof, and the benefits which will accrue to the economy of the state of Iowa from the uninterrupted flow of commerce in declarations made under this section. Each declaration shall specify that the extent of exemptions, benefits, and privileges is subject to revision without notice upon adoption by the general assembly of legislation in conflict with the terms of any such declaration.

In addition, a fee set by the department to cover actual cost shall be charged for each plate, sticker, or other identification furnished for each vehicle registered in accordance with the provisions of this section or extended reciprocity in accordance with the provisions of this section. A charge shall not be made for the initial registration receipt issued for each vehicle registered pursuant to an apportionment registration agreement. A fee set by the department to cover actual costs shall be charged for issuance of duplicate plates, stickers, other required identification, or registration receipts.

Operation of a commercial vehicle or vehicles in

violation of the requirements of this chapter, the motor vehicle registration laws of this state, or the terms of any agreement negotiated by the department pursuant to this chapter may, after due notice and hearing, be grounds for denial of reciprocal or proportional registration privileges on the vehicle or vehicles of an owner so operated. Any owner denied such reciprocal or proportional registration privileges shall be subject to payment of full annual Iowa registration fees on any such vehicle operated on Iowa highways. In addition to denial of reciprocal or proportional registration privileges, it shall be a simple misdemeanor, unless such act is declared under Iowa law to be a felony, for any person to operate under reciprocity or proportional registration in violation of any requirements of this chapter.

A person who has such privileges revoked shall be required to register all of the vehi-

cles owned by the person with the appropriate county treasurer for a period of no less than one year and no more than five years thereafter. The department may use all reports pertaining to the registration fees and motor fuel taxes in ascertaining the accuracy of reports filed pertaining to registration fees and motor fuel taxes.

A person whose privileges are revoked may request an administrative hearing of said action in accordance with chapter 17A, and during the period pending the hearing the apportioned registration privileges shall be reinstated if the fleet owner posts security with the department in an amount sufficient to pay the full annual fees if an adverse decision is rendered at the hearing. At such hearing the fleet owner shall have the burden of proof as to the accuracy of any report filed by the fleet owner with the department. ### 327C.2 General jurisdiction of transportation department.

The department has general supervision of all railroads in the state, express companies, car companies, freight and freight-line companies, motor carriers, and any common carrier engaged in the transportation of passengers or freight. However, the provisions of this chapter regarding the supervision of carriers do not apply to regular route motor carriers of passengers or charter carriers, as defined under section 325A.12.

### 327C.3 Removal of interfering lights.

The department is hereby vested with authority to order the removal or alteration of any lights erected for illuminating purposes, whether on public or private property, when such lights interfere with the easy observation of railroad signals by those engaged in the operation of railroad trains or equipment.

[C39, §7874.1; C46, 50, 54, 58, 62, 66, 71, 73, 75, §474.11; C77, 79, 81, §327C.3]

### 327C.4 Inspection — notice to repair.

The department shall inspect the condition of each railroad’s rail track, and may inspect the condition of each railroad’s rail facilities, equipment, rolling stock, operations and pertinent records at reasonable times and in a reasonable manner to insure proper operations. Employees of the department shall have proper identification which shall be displayed upon request. If found unsafe, the department shall immediately notify the railroad corporation whose duty it is to put the same

in repair, which shall be done by it within such time as the department shall fix. If any corporation fails to perform this duty the department may forbid and prevent it from running trains over the defective portion while unsafe or may regulate the speed and operation of trains moving over the defective portion of the railroad. If the railroad corporation violates any requirement provided by the department, the railroad corporation shall be subject to a schedule “two” penalty for each day the repairs have not been made from the date the department set for repairs to be completed. The court may consider the willingness and ability of the railroad corporation to co-operate in removing the safety hazard. Notwithstanding the provisions of chapter 669, the state shall not be held liable for damages for any act or failure to act under the provisions of this section.

It shall be the duty of the court in which any such cause shall be pending to require the issue to be made up within twenty days after commencement of the action and to give the same precedence over other civil business. If the court shall find that such rule, regulation, or order is reasonable and just, and that in refusing compliance therewith said railway company is neglecting and omitting the performance of any public duty or obligation, the court shall decree a mandatory and perpetual injunction, compelling obedience to and compliance with such rule, order, or regulation by said railroad company or person, its officers, agents, servants and employees, and may grant such other relief as may be deemed just and proper. All violations of such decree shall render the company, persons, officers, agents, servants and employees who are in any manner instrumental in such violation, guilty of contempt of court, and the court may punish such contempt by a fine not exceeding one thousand dollars for each offense. Upon a satisfactory showing that the petition for judicial review was filed in good faith and not for the purpose of delay, and that there were reasonable grounds to believe that the order was unreasonable or unjust or that the power of the department of transportation or the department of inspections and appeals to make the order was doubtful, the court may remit the penalty that has accrued during the review proceeding.

[C97, §2124; C24, 27, 31, 35, 39, §8046; C46, 50, 54, 58, 62, 66, 71, 73, 75, §479.11; C77, 79, 81, §327D.10]

of destination over its own or other line and treat the same in all respects as an original shipment between such places, provided the charges to first place of destination are paid or secured to the satisfaction of such corporation.

#### **327D.13 Rates.**

A common carrier subject to this chapter shall not charge more for the transportation of persons or property than a fair and just rate or charge.

A common carrier shall not:

1. Charge more for the transportation of persons or property for a shorter distance than for a longer distance in the same direction on the same route.

2. Charge more for a through rate than the aggregate of the intermediate rates.

However, upon application by a common carrier, the department may in special cases and after investigation prescribe the extent to which the carrier is relieved from compliance with this section.

[C97, §2129; C24, 27, 31, 35, 39, §8051; C46, 50, 54, 58, 62, 66, 71, 73, 75, §479.16; C77, 79, 81, §327D.15]

#### **327D.16 Violations — treble damages.**

[C97, §2130; C24, 27, 31, 35, 39, §8052; C46, 50, 54, 58, 62, 66, 71, 73, 75, §479.17; C77, 79, 81, §327D.16]

**327G.2 Crossings — signs.**

Every corporation constructing or operating a railway shall make and construct at all points where such railway crosses any public road good, sufficient, and safe crossings and erect at such points, at a sufficient elevation from such road as to admit a free passage of vehicles of every kind, a sign with large and distinct letters placed thereon, to give notice of the proximity of the railway, and warn persons of the necessity of looking out for trains. Any railway company neglecting or refusing to comply with the provisions of this section shall be liable for all damages sustained by reason of such refusal or neglect, and it shall only be necessary, in order to recover, for the injured party to prove such neglect or refusal.

[R60, §1331; C73, §1288; C97, §2054; C24, 27, 31, 35, 39, §8000; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.1; C77, 79, 81, §327G.2]

**327G.3 Railway fences required.**

All railway corporations owning or operating a line of railway within the state, shall construct, maintain, and keep in repair a fence on each side of the right of way, to prevent livestock getting upon the tracks.

[C97, §2057; S13, §2057; C24, 27, 31, 35, 39, §8001; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.2; C77, 79, 81, §327G.3]

All fences shall be not less than fifty-four inches high and may be of any of the following types:

1. Not less than five barbed wires, properly spaced.

2. Not less than three barbed wires above and not less than twenty-four inches of woven wire below.

3. Entirely of woven wire.

4. Five boards properly spaced.

5. Any other type which the fence viewers of any township through which it passes may determine as efficient as any of the above types.

[C97, §2057; S13, §2057; C24, 27, 31, 35, 39, §8003; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.4; C77, 79, 81, §327G.4]

**327G.5 Hog-tight fences.**

When any person owning land abutting on the right of way is maintaining a hog-tight fence on all sides thereof or any division of such land except along such right of way, the railway company owning such right of way shall, on written request of the landowner, make such right of way fence along such enclosed land hog-tight by the addition of barbed or woven wire or other equally efficient means.

[S13, §2057; C24, 27, 31, 35, 39, §8004; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.5; C77, 79, 81, §327G.5]

**327G.6 Failure to fence.**

Any corporation operating a railway and failing to fence its right of way shall be liable to the owner of any stock killed or injured by reason of the want of such fence for the full amount of the damages sustained by the owner, unless it was occasioned by the willful act of such owner or the owner’s agent; and to recover the same it shall only be necessary for the owner to prove the loss of or injury to the owner’s property.

[C73, §1289; C97, §2055; C24, 27, 31, 35, 39, §8005; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.6; C77, 79, 81, §327G.6]

See §327C.5

### **327G.10 Killing of stock — interpretative clause.**

Nothing herein contained shall be construed to relieve the corporation from liability arising from the killing or maiming of livestock on said track or right of way by its negligence or that of its employees, nor shall anything in this chapter interfere with the right of open or private crossings, or with the right of persons to such crossings, nor in any way limit or qualify the liability of any corporation or person owning or operating a railway that fails to fence the same against livestock running at large for any stock injured or killed by reason of the want of such fence.

[C97, §2058; C24, 27, 31, 35, 39, §8010; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.11; C77, 79, 81, §327G.10]

If the railroad corporation refuses or neglects to comply within thirty days of a written request, the owner of the land may make written application to the department to determine the owner’s rights. The department of inspections and appeals, after notice to the railroad corporation, shall hear the application and all objections to the application, and make an order which is reasonable and just, and if it requires the railroad company to construct any crossing or roadway, fix the time for compliance with the order and apportion the costs as appropriate. **327G.30 Adjustment of expense.**

If a grade crossing surface of a railroad track and a highway, street, or alley shall require repairs or maintenance, the costs for the maintenance may be paid as provided in section 312.2, subsection 5.

If the railroad corporation and the jurisdiction having authority agree on the method of crossing maintenance and establish an agreement to each contribute costs as provided in section 312.2, subsection 5, a copy of the agreement shall be filed with the department which shall allocate an amount of the cost for the work if funds are available in the highway railroad grade crossing surface repair fund. An officer or employee of a railroad corporation violating a provision of this section is, upon conviction, subject to the penalty provided in section 327G.14. An employee is not guilty of a violation if the employee's action was necessary to comply with the direct order or instructions of a railroad corporation or its supervisors. Guilt is then with the railroad corporation.

Other portions of this section notwithstanding, a political subdivision may pass an ordinance regulating the length of time a specific crossing may be blocked if the political subdivision demonstrates that an ordinance is necessary for public safety or convenience. If an ordinance is passed, the political subdivision shall, within thirty days of the effective date of the ordinance, notify the department and the railroad corporation using the crossing affected by the ordinance. The ordinance does not become effective unless the department and the railroad corporation are notified within thirty days. The ordinance becomes effective thirty days after notification unless a person files an objection to the ordinance with the department. If an objection is filed the department shall notify the department of inspections and appeals which shall hold a hearing. After a hearing by the de-

partment of inspections and appeals, the state department of transportation may disapprove the ordinance if public safety or convenience does not require the ordinance. The decision of the state department of transportation is final agency action. The ordinance approved by the political subdivision is prima facie evidence that the ordinance is adopted to preserve public safety or convenience.

The department of inspections and appeals when considering rebuttal evidence shall weigh the benefits accruing to the political subdivision as they affect the general public use compared to the burden placed on the railroad operation. Public safety or convenience may include, but is not limited to, high traffic density at a specific crossing of a main artery or interference with the flow of authorized emergency vehicles.

A resolution regulating the length of time a specific crossing may be blocked, which was adopted before July 1, 1989, is an ordinance for the purposes of this section.

**327G.62 Controversies — hearing — order — review.**

When a disagreement arises between a railroad corporation, its grantee, or its successor in interest, and the owner, lessee, or licensee of a building or other improvement, including trackage, used for receiving, storing, transporting, or manufacturing an article of commerce transported or to be transported, situated on a present or former railroad right-of-way or on land owned or controlled by the railroad corporation, its grantee, or its successor in interest, as to the terms and conditions on which the article is to be continued or re-

moved, the railway corporation, its grantee, or its successor in interest, or the owner, lessee, or licensee may make written application to the department. The department shall notify the department of inspections and appeals which shall hear and determine the controversy and make an order which is just and equitable between the parties. That order is subject to review by the state department of transportation. The decision of the state department of transportation is final agency action.

### **327G.64 Spur tracks.**

1. Every railroad corporation may acquire, by condemnation or purchase, the necessary rights of way and may construct, connect, operate and maintain a reasonably adequate and suitable spur track if the construction and operation is not unsafe and is in the public interest.

2. Any party may make application to the department to require a railroad corporation to construct a spur track. The department shall consider the location, necessity and expense of such a track and other equitable considerations.

3. A railroad corporation or any other party may make application to the department for permission to discontinue service on or remove a spur track. The department shall consider the location, necessity and expense of maintaining such track and other equitable considerations. The department may order the railroad company to discontinue service or remove the spur track, and may allocate the cost of removal between the parties in an equitable manner.

4. Any action commenced under the provisions of subsection 2 or 3 shall be completed within one year from the effective date of the department order. The department shall make a final determination of any action commenced under subsection

2 or 3 within one year from the date of the application.

### **327G.65 Cost of construction.**

The railroad corporation may require the person primarily to be served to pay the legitimate cost and expense of acquiring, by condemnation or purchase, the necessary right-of-way for the spur track and of constructing it, as determined in separate items by the department. Except as provided in section 327G.66, the total cost as ascertained by the department shall be deposited with the railroad corporation before it is required to incur expense. If an agreement cannot be reached, the question shall be referred to the department which may, after a hearing conducted by the department of inspections and appeals, issue an order.

When the total estimated cost has been ascertained by the department such person, firm, corporation, or association shall have the option to either deposit said amount with the railroad company or to file with such company its written election to build and construct such spur track accompanied by a good and sufficient surety company bond running to such railroad company and conditioned upon the construction of such spur track in a good and skillful manner according to plans and specifications furnished by such railroad company and approved by the department. If such person, firm, corporation, or association so elects to build such spur track it shall only be required to deposit with such railroad company the estimated cost of the necessary right of way for such spur track as ascertained by the department, and the total amount stated in such written election.

[C24, 27, 31, 35, 39, §8173; C46, 50, 54, 58, 62, 66, 71, 73, 75, §481.5; C77, 79, 81, §327G.66]

### **327G.67 Costs in excess of deposit.**

In any event before the railroad company shall be required to incur any expense whatever in the construction of such spur track the person, firm, corporation, or association primarily to be served thereby shall give the railroad company a bond to be approved by the department as to form, amount, and surety, securing the railroad company against loss on account of any expense incurred beyond the amount so deposited with the railroad company.

[C24, 27, 31, 35, 39, §8174; C46, 50, 54, 58, 62, 66, 71, 73, 75, §481.6; C77, 79, 81, §327G.67]

**327G.68 Failure of company to act.**

In case of failure, neglect, or refusal of any railroad company to comply with any of the provisions of sections 327G.65 to 327G.67, the person, firm, corporation, or association primarily to be served thereby may file a complaint with the department setting forth the facts upon which such grievance is based. The said department after reasonable notice to the railroad company shall investigate and determine all matters in controversy and make such order as the facts in relation thereto will warrant. Any such order shall have the same force and effect as other orders made by said department in other proceedings within its jurisdiction and shall be enforced in the same manner.

**327G.69 Connections with original spurs.**

Whenever such spur track is so connected with the main line, as provided in this chapter, at the expense of the owner of such proposed or existing mill, elevator, storehouse, dock, wharf, pier, manufacturing establishment, and any person, firm, corporation, or association shall desire a connection with such spur track, application therefor shall be made to the department, and such person, firm, corporation, or association shall be required to pay to the person, firm, corporation, or association that shall have paid or contributed to the primary cost and expense of acquiring the right of way for such original spur track, and of constructing the same, an equitable proportion thereof, to be determined by the department, upon such application and notice, to the persons, firms, corporations, or associations that have paid or contributed toward the original cost and expense of acquiring the right of way and constructing the same.

DIVISION III

REVERSION TO OWNERS  
UPON ABANDONMENT

**327G.76 Time of reversion.**

Railroad property rights which are extinguished upon cessation of service by the railroad divest when the railway finance authority or the railroad, having obtained authority to abandon the rail line, removes the track materials to the right-of-way. If the railway finance authority does not acquire the line and the railway company does not remove the track materials, the property rights which are extinguished upon cessation of service by the railroad divest one year after the

railway obtains the final authorization necessary from the proper authority to remove the track materials.

[C24, 27, 31, 35, 39, §7861; C46, 50, 54, 58, 62, 66, 71, 73, 75, §473.1; C77, 79, 81, §327G.76]  
83 Acts, ch 121, §5

**327G.77 Reversion of railroad right-of-way.**

1. If a railroad easement is extinguished under section 327G.76, the property shall pass to the owners of the adjacent property at the time of abandonment. If there are different owners on either side, each owner will take to the center of the right-of-way. Section 614.24 which requires the filing of a verified claim does not apply to rights granted under this subsection.

2. An adjoining property owner may perfect title under subsection 1 by filing an affidavit of ownership with the county recorder. The affidavit shall include the name of the adjoining property owner, a description of the property, the present name of the railroad, the jurisdiction, docket number, and date of order authorizing the railroad to terminate service, and the approximate date the track materials on the right-of-way were removed. A copy of the affidavit must be mailed by the landowner by certified mail to the railroad. The landowner shall pay taxes on the right-of-way from the date the affidavit is filed.

3. Utility facilities located on abandoned railroad right-of-way shall remain on the right-of-way subject to payment by the utility of the fair market value of an easement for the facilities. The utility shall, within sixty days from the time the property is transferred from the railroad, extend a written offer to the landowner to purchase the easement at fair market value. The landowner shall accept or reject the utility's offer within sixty days from the time of receipt. If a disagreement arises between the parties concerning the price or other terms of the transaction, either party may make written application to a compensation commission as established pursuant to chapter 6B to resolve the disagreement. This application shall be made within sixty days from the time the landowner's response is served upon the utility. The compensation commission shall hear the controversy and make a final determination of the fair market value of the easement and the other terms of the transaction which were in dispute within ninety days after the application is filed. All correspondence shall be by certified mail.

[C73, §1260; C97, §2015; C24, 27, 31, 35, 39, §7862; C46, 50, 54, 58, 62, 66, 71, 73, 75, §473.2; C77, 79, 81, §327G.77; 81 Acts, ch 22, §22]  
83 Acts, ch 121, §6

**327G.78 Sale of railroad property.**

Subject to sections 327G.77 and 6A.16, when a railroad corporation, its trustee, or its successor in interest has interests in real property adjacent to

a railroad right-of-way that are abandoned by order of the surface transportation board, reorganization court, bankruptcy court, or the department, or when a railroad corporation, its trustee, or its successor in interest seeks to sell its interests in that property under any other circumstance, the railroad corporation, its trustee, or its successor in interest shall extend a written offer to sell at a fair market value price to the persons holding leases, licenses, or permits upon those properties, allowing sixty days from the time of receipt for a written response. If a disagreement arises between the parties concerning the price or other terms of the sale transaction, either or both parties may make written application to the department to resolve the disagreement. The application shall be made within sixty days from the time an initial written response is served upon the railroad corporation, trustee, or successor in interest by the person wishing to purchase the property. The department shall notify the department of inspections and appeals which shall hear the controversy and make a final determination of the fair market value of the property and the other terms of the transaction which were in dispute, within ninety days after the application is filed. The determination is subject to review by the department and the department's decision is the final agency action. All correspondence shall be by certified mail.

The decision of the department is binding on the parties, except that a person who seeks to purchase the real property may withdraw the offer to purchase within thirty days of the decision of the department. If a withdrawal is made, the railroad corporation, trustee, or successor in interest may sell or dispose of the real property without further order of the department.

This section does not apply when a rail line is being sold for continued railroad use.

### **327G.79 Valuing property in controversy.**

The department of inspections and appeals' determination and order shall be just and equitable and in the case of the determination of the fair market value of the property, shall be based in part upon at least three independent appraisals prepared by certified appraisers. Each party shall select one appraiser and each appraisal shall be paid for by the party for whom the appraisal is pre-

pared. The two appraisers shall select a third appraiser and the costs of this appraisal shall be divided equally between the parties. If the appraisers selected by the parties cannot agree on selection of a third appraiser, the state department of transportation shall appoint a third appraiser and the costs of this appraisal shall be divided equally between the parties.

The department of inspections and appeals' determination and order is final for the purpose of administrative review to the district court as provided in chapter 17A. The district court's scope of review shall be confined to whether there is substantial evidence to support the department of inspections and appeals' determination and order.

For purposes of this division, unless the context otherwise requires, "*department*" means the state department of transportation.

### ACQUISITION OF RIGHT-OF-WAY

#### **327G.81 Maintenance of improvements along rights of way.**

A person, including a state agency or political subdivision of the state, who acquires a railroad right of way after July 1, 1979 for a purpose other than farming has all of the following responsibilities concerning that right of way:

1. Construction, maintenance and repair of the fence on each side of the property, however, this requirement may be waived by a written agreement with the adjoining landowner.
2. Private crossings as provided for in section 327G.11.
3. Drainage as delineated in chapter 468, subchapter V.
4. Overhead, underground or multiple crossings in accord with section 327G.12.
5. Weed control in accord with chapter 317.

This section does not absolve the property owners of other duties and responsibilities that they may be assigned as property owners by law. Subsection 1 does not apply to rights of way located on land within the corporate limits of a city except where the acquired right of way is contiguous to land assessed as agricultural land.

**327I.1 Short title.**

This chapter may be referred to and cited as the “*Iowa Railway Finance Authority Act*”.

[C81, §307B.1]  
C93, §327I.1

**327I.2 Declaration of necessity and purpose.**

The purpose of this chapter is to benefit the citizens of Iowa by improving their general health, welfare and prosperity and insuring the economic and commercial development of the state and by promoting agricultural and industrial improvement. Access to adequate railway transportation facilities is essential to the economic welfare of the state. One purpose of this chapter is to preserve or provide for the citizens of Iowa those railway services now in existence or needed in the state which have a viable future but which for a variety of economic and legal reasons may not exist if the state does not provide the financing or other mechanisms referred to in this chapter. It is the intent of the chapter that any public ownership and control of railway facilities provided for in this chapter be transferred to private ownership as promptly as economically practicable subject to financing requirements. It is further intended that the au-

thority created in this chapter be vested with all powers to enable it to accomplish the purposes of this chapter except the power to operate rolling stock.

It is the further intent of this chapter and of the general assembly that, in order to preserve rail competition and to provide for railway service in this state, the authority work primarily with railroad carriers already providing service in this state based upon their willingness and ability to meet these objectives.

[C81, §307B.2; 81 Acts 2nd Ex, ch 3, §2]  
C93, §327I.2

**327I.3 Legislative findings.**

The general assembly finds and declares as follows:

1. The establishment of the authority is in all respects for the benefit of the people of the state of Iowa, for the improvement of their health and welfare, for the preservation and creation of employment, and for the promotion of the economy and of agricultural and industrial improvement, which are public purposes.

2. The authority will be performing an essential governmental function in the exercise of the powers and duties conferred upon it by this chapter.

3. There will exist a serious shortage of viable rail lines and railway facilities serving the urban, rural, agricultural and industrial communities of the state.

4. There exists a serious problem in this state regarding the ability of agricultural producers to transport economically farm products to traditional markets because of the abandonment and possible abandonment of railway facilities within the state.

5. These conditions are making it more and more difficult for farmers and farm related businesses to survive in the present state of the economy thus threatening the very heart blood of Iowa.

6. One major cause of this condition has been recurrent shortages of funds in private channels and the high interest cost of borrowing.

7. These shortages have contributed to reductions in construction of new railway facilities, and have made the sale, purchase and repair of existing railway facilities a virtual impossibility in many parts of the state.

8. A stable supply of adequate funds for financing of railway facilities is required to encourage construction of railway facilities, the rehabilitation of existing facilities and to prevent the abandonment of others in an orderly and sustained manner and to reduce the problems described in this section.

9. It is necessary to create a railway finance authority to encourage the investment of private capital and stimulate the construction, rehabilitation and repair of railway facilities and to prevent the abandonment of others through the use of public financing, publicly assisted financing and other forms of public assistance.

10. All of the purposes stated in this section are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned or granted.

#### **327I.6 Governing board — staff.**

1. The powers of the authority shall be vested in and exercised by a governing board consisting of five members appointed by the governor subject to confirmation by the senate.

2. The members of the governing board shall be appointed by the governor for staggered terms of six years beginning and ending as provided in section 69.19. A person appointed to fill a vacancy shall serve only for the unexpired portion of the term. A member is eligible for reappointment. A member of the board may be removed from office by the governor for misfeasance, malfeasance or willful neglect of duty or other just cause, after notice and hearing, unless the notice and hearing is expressly waived in writing. A member of the board shall not also serve concurrently as a member of the state transportation commission or as an official or employee of the department.

3. Three members of the board constitute a quorum and the affirmative vote of at least three members is necessary for any recommendation made by the board. #### **327I.7 Powers of the authority.**

The authority shall have all powers necessary for the performance of its purposes and duties, including but not limited to, the power to:

1. Have perpetual succession as a public authority.

2. Adopt rules under chapter 17A for the regulation of its affairs and to carry out its duties and responsibilities. The authority is an agency as that term is defined in chapter 17A and is subject to the provisions of chapter 17A.

3. Sue and be sued in its own name.

4. Exercise the power of eminent domain consistent with the provisions of chapters 6A and 6B.

5. Acquire railway facilities, whether located within Iowa or a contiguous state, directly or through an agent, by purchase, lease, lease-purchase, gift, devise or otherwise. The authority shall not submit a bid to acquire a railway facility if any railroad company or person is negotiating for the facility’s purchase and if the railroad company’s or person’s offer exceeds the net salvage value set by the trustee by at least fifteen percent and the offer is for a segment which originates and terminates at the intersection of another railroad mainline or is for a segment which connects to a mainline if the facility is a branchline. However, even if a railroad company or person is negotiating

for a facility's purchase, the authority may submit a bid for the acquisition of the railway facility upon approval of a resolution by the state transportation commission stating that the best interests of the state and the transportation needs thereof might not be served by the railroad company's or person's offer or negotiation. However, the commission shall not adopt such a resolution if the competing railroad corporation or person files with the state department of transportation an enforceable undertaking to operate the facility for a period of five years after its purchase.

6. Determine the location of and select any railway facility to be provided financial assistance under this chapter and acquire, construct, reconstruct, renovate, rehabilitate, improve, extend, replace, maintain, repair and lease the facility, and to enter into contracts for any of these purposes.

7. Enter into contracts, including partnership agreements, with any person for the ownership, operation, management or use of a railway facility. Provisions shall be made in any contract or partnership agreement entered into by the authority that any additional jobs which may result from the ownership, operation, management, or use of a railway facility shall be offered, when practicable, to qualified former employees of the Milwaukee Road or Rock Island railroad companies.

8. Designate an agent to perform its powers under subsections 6 and 7.

9. The authority may sell or convey any of the railway facilities upon terms and considerations acceptable to the governing board.

10. Issue obligations for any of its purposes and refund the obligations, all as provided for in this chapter. However, the total principal amount of obligations outstanding at any one time shall not exceed two hundred million dollars.

11. Invest or deposit moneys of the authority, subject to an agreement with bondholders or note-holders, in a manner determined by the authority, notwithstanding chapter 12B or 12C.

12. Fix, revise, charge and collect rates, rents, fees and charges for the use of any railway facility or any portion of a facility that is owned or financially assisted by the authority alone or in any other association with any other person and contract with any person in respect to a facility.

13. Mortgage all or any portion of its railway facilities, whether then owned or thereafter acquired, in connection with the financing of the particular railway facility or any portion of the facility.

14. Extend financial assistance for the purpose of providing for project costs. Make interest-free loans for rehabilitation of railway tracks, roadbeds, or trestles to persons which have repaid in part the original loan from the authority which was made for the purpose of the acquisition or rehabilitation of railway tracks, roadbeds, or trestles. However, an interest-free loan to a person shall not exceed the amount repaid of the origi-

nal loan made to that person and one-half of the amount of the interest-free loan repaid to the authority shall be credited to the general fund of the state.

15. Extend financial assistance to refund, retire, or refinance obligations, including obligations running to the federal government, mortgages or advances issued, made or given for the project cost of a railway facility which costs were incurred for railway facilities undertaken and completed prior to or after May 20, 1980, when the governing board finds that this financial assistance is in the public interest.

16. Have and alter a corporate seal.

17. Receive and accept from any person or governmental agency loans, guarantees or grants for or in aid of project costs and receive and accept grants, gifts and other contributions from any source.

18. Own a railway facility under this chapter alone, in partnership, or in any other association with any person if necessary or beneficial to preserve part of a railway system, upon the determination, after consultation with the department, that the railway facility is necessary or beneficial to the railway system, to be relinquished to nonauthority ownership or operation as soon as economically practicable.

19. Temporarily operate a railway facility under this chapter if sufficient need exists or there is an emergency situation as determined by a majority of the board.

20. Serve as a general or limited partner in a partnership formed to purchase, renovate, and operate a railway facility.

21. Enter into agreements with persons to develop, equip, furnish, or otherwise develop and operate railway facilities, and make provision in the agreements for railway facilities and governmental actions, as authorized by this chapter and other laws.

22. Enter into appropriate arrangements and agreements with a governmental agency for the taking or the providing by that governmental agency of a governmental action.

23. Acquire property interests subject to the limitations on purchases provided in subsection 5, in rail lines to ensure continued rail use and preserve abandoned rail lines for future railroad use.

6. Provide an economically designed and reproduced annual report to the members of the general assembly who request it containing information as directed by the legislative council.

### **327I.9 Obligations.**

Except as provided in this chapter, all obligations are payable solely out of the pledged receipts as designated in the bond proceedings. Tax funds which the authority receives from a political subdivision of the state shall not be pledged for payment of the obligations. Except for those tax funds deposited in the general fund of the state as provided in section 327I.23, subsection 2, or other tax funds available pursuant to section 327I.26, the state shall not appropriate tax funds, directly or indirectly, to the authority for the purpose of payment of obligations of the authority. Obligations shall be authorized by resolution of the board and bond proceedings shall provide for the purpose of the obligations, the principal amount, the principal maturity or maturities, not exceeding twenty-five years from the date of issuance, the interest rate or rates or the maximum interest rate, the date of the obligations and the dates of payment of interest on them, their denomination, and the establishment within or without the state of a place or places of payment of bond service charges. As much as is practicable within the legal and fiscal limitations inherent in bond issuance, a portion of the bonds shall be issued in denominations of five thousand dollars and smaller, in order to allow smaller investors in the state to purchase the bonds.

The purpose of the obligations may be stated in the bond proceedings in terms describing the general purpose or purposes to be served.

The bond proceedings shall also provide, subject

to other applicable bond proceedings, for the pledge of all or such part, as the authority may determine, of the pledged receipts to the payment of bond service charges, which pledges may be made either prior or subordinate to other expenses, claims or payments, and may be made to secure the obligations on a parity with obligations issued at other times, if and to the extent provided in the bond proceedings. The pledged receipts so pledged and received by the authority are immediately subject to the lien of the pledge without physical delivery or further act, and the pledge of the pledged receipts is effective and these moneys may be applied to the purposes for which pledged without necessity for an Act of appropriation. Every pledge and every covenant and agreement with respect to a pledge made in the bond proceedings may be extended to the benefit of the owners and holders of obligations authorized by this chapter, and to any trustee for owners and holders, for the further security of the payment of the bond service charges.

The authority shall issue a prospectus or official statement in connection with the offering of obligations. Obligations may be issued in coupon or in registered form, or both. Provision may be made for the registration of obligations with coupons attached as to principal alone or as to both principal and interest, their exchange for obligations so registered, and for the conversion or reconversion into obligations with coupons attached of any obligations registered as to both principal and interest, and for reasonable charges for registration, exchange, conversion and reconversion. Obligations may be sold at public or private sale at the price, in the manner, and at the time determined by the governing board. Chapter 75 and sections 73A.12 to 73A.16 do not apply to obligations issued under this chapter. All obligations are negotiable instruments.

The bond proceedings may contain additional provisions as to:

1. The redemption of obligations prior to maturity at the option of the authority at the price and under the terms and conditions provided in the bond proceedings.
2. Other terms of the obligation.
3. Limitations on the issuance of additional obligations.
4. The terms of any trust agreement or indenture securing the obligations or under which the obligations may be issued.
5. The deposit, investment and application of special funds and the safeguarding of moneys on hand or on deposit, without regard to chapter 12C, subject to this chapter, with respect to particular funds or moneys; provided that any bank or trust company which acts as depository of any moneys in the special funds may furnish indemnifying bonds or may pledge the securities as required by the authority.

6. The provisions of the bond proceedings which are binding upon the officer, board, commission, authority, agency, department or other person or body which has the authority under law to take actions as necessary to perform all or any part of the duty required by a provision.

7. Any provision which may be made in a trust agreement or indenture.

8. Additional agreements with the holders of the obligations, or the trustee for the holders, relating to the obligations or the security for the obligations.

Before the authority can incur an obligation for the acquisition or purchase of railway facilities under this chapter, the proceeds of which are to be contributed, loaned, or otherwise provided to a partnership of which the authority is a partner, the other partners of the partnership must pledge to the partnership in the aggregate an amount equal to at least twenty percent of the amount of the obligations to be incurred for the acquisition or purchase.

#### **327I.10 Refunding of obligations.**

The board may authorize and issue obligations for the refunding, including funding and retirement, and advance refunding with or without payment or redemption prior to maturity, of any obligations previously issued by the authority. These obligations may be issued in amounts sufficient for payment of the principal amount of the prior obligations, any redemption premiums on the prior obligations, principal maturities of any obligations maturing prior to the redemption of the remaining obligations on a parity with them, interest accrued or to accrue to the maturity date or dates of redemption of the obligations, and any project costs including expenses incurred or to be incurred in connection with this issuance, refunding, funding, and retirement. Subject to the bond proceedings, the portion of proceeds of the sale of obligations issued under this section to be applied to bond service charges on the prior obligations shall be credited to the appropriate account for those prior obligations. Obligations authorized under this section shall be deemed to be issued for those purposes for which the prior obligations were issued and are subject to the provisions of this chapter pertaining to other obligations. Obligations refunded shall not be considered to be outstanding for purposes of section 327I.7, subsection 10.

Refunding may be made without regard to whether or not the obligations to be refunded were issued in connection with the same railway facilities, separate railway facilities or for other pur-

poses, and without regard to whether or not the obligations proposed to be refunded shall be payable on the same date or different dates or due serially or otherwise.

#### **327I.11 Security for obligations.**

Obligations may be additionally secured by a trust agreement or indenture between the authority and a corporate trustee which may be any trust company or bank having its principal place of business within the state. Any such agreement, indenture, mortgage, or deed of trust, or any combination thereof, may contain the resolution authorizing the issuance of the obligations, any provisions that may be contained in any bond proceedings, and other provisions which are customary or appropriate in an agreement or indenture of such type, including, but not limited to:

1. Maintenance of each pledge, trust agreement, indenture, or other instrument comprising part of the bond proceedings until the authority has fully paid the bond service charges on the obligations secured by the instrument, or provision for payment has been made.

2. In the event of default in any payments required to be made by the bond proceedings or any other agreement of the authority made as a part of the contract under which the obligations were issued, enforcement of the payments or agreement by mandamus, appointment of a receiver, suit in equity, action at law, or any combination of these.

3. The rights and remedies of the holders of obligations and of the trustee and provisions for protecting and enforcing them, including limitations on rights of individual holders of obligations.

4. The replacement of any obligations which become mutilated or are destroyed, lost, or stolen.

The principal of and interest on obligations shall be secured as provided in the bond proceedings by the pledge of pledged receipts and by assignment of leases or other contract rights of the authority, or any person acquiring, leasing, or operating railway facilities assisted under this chapter to third parties, which assignment may cover all or any part of the railway facilities from which the receipts may be derived, including, but not limited to, any enlargements of or additions to any of these railway facilities.

Each pledge shall continue in effect until the principal of and interest on the obligations has been fully paid or provision for the payment has been duly made pursuant to the bond proceedings.

#### **327I.12 Payment of obligations — nonliability of state.**

Obligations issued under this chapter, and judgments based on contract or tort arising from the activities of the authority or persons acting on its

behalf, are not a debt or liability of the state or of any political subdivision within the meaning of any constitutional or statutory debt limitation and are not a pledge of the state's credit or taxing power within the meaning of any constitutional or statutory limitation or provision and no appropriation shall be made, directly or indirectly, by the state or any political subdivision of the state for the payment of the obligations or judgments or to fund any deficiency in any special funds, or for the indemnification of a person subject to a judgment arising from that person's actions on the authority's behalf. These obligations and judgments are special obligations of the authority payable solely and only from the sources and special funds provided in this chapter. Funds from the general fund of the state shall not be used to pay interest or principal on obligations of the authority in the event that receipts from the taxes available as provided in section 327I.23, subsection 2, and section 327I.26 are insufficient.

### **327I.13 Remedies of holders of obligations.**

1. The bond proceedings may provide that a holder of obligations or a trustee under the bond proceedings, except to the extent that the holder's rights are restricted by the bond proceedings, may by legal proceedings, protect and enforce any rights under the laws of this state or granted by the bond proceedings. These rights include the right to compel the performance of all duties of the authority required by this chapter or the bond proceedings; to enjoin unlawful activities; and in the event of default with respect to the payment of any bond service charges on any obligations or in the performance of any covenant or agreement on the part of the authority in the bond proceedings, to apply to a court to appoint a receiver to receive and administer the pledged receipts which are pledged to the payment of the bond service charges on these obligations or which are the subject of the covenant or agreement, with full power to pay and to provide for payment of bond service charges on these obligations and with powers accorded receivers in general equity cases, excluding any power to pledge additional revenues or receipts or other income or moneys of the authority or the state or governmental agencies of the state to the payment of the bond service charges; and if provided in the bond proceedings, the power to take possession of, mortgage, or cause the sale or otherwise dispose of any railway facilities.

Each duty of the authority and the authority's board, officers, and employees, and of each governmental agency and its officers, members, or employees, undertaken pursuant to the bond pro-

ceedings or any agreement or lease, lease-purchase agreement, or loan made under authority of this chapter, and in every agreement by or with the authority, is a duty of the authority, and of each board, officer, member or employee having authority to perform this duty, which may be specifically enjoined by the law resulting from an office, trust or station under chapter 661.

2. If the bond proceedings do not contain provisions authorized in subsection 1, if the authority defaults in the payment of principal or interest on obligations as they become due, whether at maturity or upon call for redemption, and the default continues for a period of thirty days, or if the authority fails or refuses to comply with this chapter or defaults in any covenant or agreement in the bond proceedings made for the benefit of the holders of obligations, the holders of twenty-five percent in aggregate principal amount of obligations of the issue then outstanding by instrument filed in the office of the clerk of the county in which the principal office of the authority is located and proved or acknowledged in the same manner as a deed to be recorded may appoint a trustee to represent the holders of the obligations for the purposes provided in this section.

The trustee selected may, and upon written request of the holders of twenty-five percent in aggregate principal amount of the issue of obligations then outstanding, shall:

*a.* Enforce all rights of the holders of the obligations including the right to require the authority to carry out its agreements with the holders and to perform its duties under this chapter.

*b.* Bring suit upon the obligations.

*c.* By action require the authority to account as if it were the trustee of an express trust for the holders.

*d.* By action enjoin any acts or things which are unlawful or in violation of the rights of the holders.

*e.* Declare all the obligations due and payable and, if all defaults are made good then with the consent of the holders of twenty-five percent of the aggregate principal amount of the issue of obligations then outstanding, annul the declaration and its consequences. Before declaring the principal of obligations due and payable, the trustee shall first give thirty days notice in writing to the governor, to the authority, and to the attorney general of the state.

The trustee selected shall also have all powers necessary or appropriate for the exercise of functions specifically set forth or incident to the general representation of holders in the enforcement and protection of their rights.

3. The district court has jurisdiction of any action by the trustee on behalf of holders. The venue of the action shall be in the county in which the principal office of the authority is located.

**327I.14 Authority as public instrumentality.**

The authority is performing a public function on behalf of the state and is a public instrumentality of the state. Income of the authority and all properties owned by or leased to the authority are exempt from all taxation in the state of Iowa. This chapter does not exempt from taxation properties comprising railway facilities financially assisted under this chapter which are owned by persons other than the authority except those leased to the authority. However, properties owned by the authority which are leased or rented to a private person shall include as part of the rates, rents, fees or charges payable by that person a sum equal to the amount of tax, determined by applying the tax rate of the taxing district to the assessed value of the property, which the state, county, city, school district or other political subdivision would receive if the property were owned by a private person, any other statute to the contrary notwithstanding. This sum shall be distributed to each taxing district based upon its tax equivalent. For purposes of arriving at that tax equivalent, the property shall be valued and assessed by the assessor in whose jurisdiction the property is located, in accordance with chapter 441, but the authority, the lessee or renter on behalf of the authority, and other persons as are authorized by chapter 441 shall be entitled to protest any assessment and take appeals in the same manner as any taxpayer. The valuations shall be included in any summation of valuations in the taxing district for all purposes known to the law. Income from this source shall be considered under the provisions of section 384.16, subsection 1, paragraph "b"

**327I.15 Powers not restricted — law complete in itself.**

This chapter is not a restriction or limitation upon any powers which the authority or another governmental agency has under any laws of this state, but is cumulative to any such powers. No proceedings, referendum, notice or approval is required for the creation of the authority or the issuance of any obligations or any instrument as security except as provided in this chapter. However, nothing in this chapter deprives the state and its political subdivisions of their police powers over properties of the authority or impairs any power over the authority of any official or agency of the state and its political subdivisions which is otherwise provided by law.

**327I.16 Limitation of liability.**

The members of the board and persons acting in the board's behalf, while acting within the scope of their employment or agency, shall be employees of the state within the meaning of chapter 669 and the provisions, except section 669.11, of that chapter shall apply to such members and persons. Any awards to a claimant under chapter 669 resulting from actions involving the board or a person acting in the board's behalf shall be payable solely from funds of the authority and funds received from the state shall not be used to pay such awards.

**327I.17 Exemption from construction and bidding requirements for public buildings.**

A railway facility is not subject to any requirements relating to public buildings, structures, grounds, works or improvements imposed by any other law, except as determined by the governing board, or any other similar requirements which may be lawfully waived by this section and any requirement of competitive bidding or other restriction imposed on the procedure for awarding contracts for such purpose or the lease, sale, or other disposition of property of the authority is not applicable to any action taken under the provisions of this chapter.

**327I.20 Bond anticipation notes.**

The power to issue obligations under this chapter includes power to issue obligations in the form of bond anticipation notes and to renew these

notes by the issuance of new notes, but the maximum maturity of these notes, including renewals, unless otherwise authorized by the general assembly, shall not exceed five years from the date of the issuance of the original notes. The holders of these notes or interest coupons of the notes have a right to be paid solely from the pledged receipts pledged to the payment of the bonds anticipated, or from the proceeds of those bonds or renewal notes, or both, as the authority provides in the bond proceedings authorizing the notes. The notes may be additionally secured by covenants of the authority to the effect that the authority will do those acts authorized by this chapter and necessary for the issuance of the bonds or renewal notes in appropriate amount, and either exchange the bonds or renewal notes therefor, or apply the proceeds of the notes to the extent necessary, to make full payment of the principal of and interest on the notes at the time contemplated, as provided in the bond proceedings. For such purpose, the authority may issue bonds or renewal notes in a principal amount and upon terms as are authorized by this chapter and are necessary to provide funds to pay when required the principal of and interest on the outstanding notes, notwithstanding any limitations prescribed by this chapter, other than the limitation contained in section 327I.7, subsection 10. Implementation of staggered registration; §328.56A

### 328.21 Aircraft registration fees.

An annual registration fee for each aircraft shall be paid to the department at the time of registration, to be computed as follows:

1. Unless otherwise provided in this section, for the first registration, a sum equal to one percent of the manufacturer's list price of the aircraft, not to exceed five thousand dollars.

2. The second year's registration fee is seventy-five hundredths of one percent of the manufacturer's list price of the aircraft; the third year's fee is fifty hundredths of one percent; and the fourth and subsequent year's fee is twenty-five hundredths of one percent. When an aircraft other than a new aircraft is registered in Iowa, the registration fee shall be based upon the number of years the aircraft was previously registered. However, an aircraft shall not be registered for a fee of less than thirty-five dollars or more than five thousand dollars.

3. The registration fee for an aircraft operated in scheduled interstate airline operation, owned by an Iowa person and operated part-time within this state shall be a fee of one hundred dollars. The application for registration shall be supported by such records as the department shall prescribe.

4. Should the department find and determine that no established manufacturer's list price exists for any such aircraft the department is hereby authorized and empowered to determine and fix the fair value of such aircraft which fair value shall be used in lieu of a manufacturers' list price in computing the registration fee for each such aircraft as otherwise provided by this section.

When the fee as so computed results in a fractional part of a dollar, it shall be computed to the nearest dollar.

5. An aircraft thirty years old or older, which is used exclusively for noncommercial purposes, shall be registered as an antique aircraft for a fee of thirty-five dollars.

6. An aircraft, unless exempt under section 328.35, which is not airworthy and is not in flying condition is not subject to registration fees if the owner of the aircraft submits information required by the department. Upon receipt of that information, the department shall issue a certificate that states that the registration fee has not been paid and that the aircraft shall not use the airports or the air space overlying the state until the fee has been paid.

7. The registration fee for a helicopter used exclusively as an air ambulance is one thousand dollars.

8. An aircraft owned and operated by an aviation business located at a publicly owned, public use airport and providing, under agreement with the governing body of the airport, a specified minimum level of aviation services to the general public, shall be registered for a fee of one hundred dollars.

The refund shall be paid from the general fund of the state.

1. “*Airport*” means any area of land or water designed and set aside for the landing and take-off of aircraft and utilized, or to be utilized, in the interest of the public for such purposes.

2. “*Airport hazard*” means any structure or tree or use of land which would exceed the federal obstruction standards as contained in 14 C.F.R. sections 77.21, 77.23 and 77.25 as revised March 4, 1972, and which obstruct the air space required for the flight of aircraft and landing or take-off at an airport or is otherwise hazardous to such landing or taking off of aircraft.

3. “*Airport hazard area*” means any area of land or water upon which an airport hazard might

be established if not prevented as provided by this chapter.

4. “*Department*” means the state department of transportation.

5. “*Municipality*” means any county or city of this state.

6. “*Obstruction*” means any tangible, inanimate physical object, natural or artificial, protruding above the surface of the ground.

### **329.2 Airport hazards contrary to public interest.**

It is hereby found that an airport hazard endangers the lives and property of users of the airport and of occupants of land and other persons in its vicinity, and also, if of the obstruction type, in effect reduces the size of the area available for the landing, taking off and maneuvering of aircraft, thus tending to destroy or impair the utility of the airport and the public investment therein. Accordingly, it is hereby declared:

1. That the creation or establishment of an airport hazard is a public nuisance and an injury to the community served by the airport in question.

2. That it is necessary in the interest of the public health, safety, and general welfare that the creation or establishment of airport hazards be prevented.

3. That this should be accomplished, to the extent legally possible, by proper exercise of the police power.

4. That the prevention of the creation or establishment of airport hazards, and the elimination, removal, alteration, mitigation, or marking and lighting of existing airport hazards are public purposes for which municipalities may raise and expend public funds, as an incident to the operation of airports, to acquire land or property interests therein.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §329.2]

See §657.2(8)

### **329.3 Zoning regulations — powers granted.**

Every municipality having an airport hazard area within its territorial limits may adopt, administer, and enforce in the manner and upon the conditions prescribed by this chapter, zoning regulations for such airport hazard area, which regulations may divide such area into zones and, within such zones, specify the land uses permitted, and regulate and restrict, for the purpose of preventing airport hazards, the height to which structures and trees may be erected or permitted to grow.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §329.3]

### **329.4 Extraterritorial airport hazard areas.**

When any airport hazard area appertaining to an airport owned or controlled by a municipality is located outside the territorial limits of said municipality:

1. *Ordinances.* The municipality owning or controlling the airport, and the municipality within which the airport hazard area is located, may by

duly adopted ordinance adopt, administer, and enforce airport zoning regulations applicable to the airport hazard area.

2. *Petition to district court.* If the municipality within which is located such airport hazard area has failed or refused, within sixty days after demand has been made upon it by any municipality owning or controlling the airport, to adopt reasonably adequate airport zoning regulations under section 329.3, or to join in adopting joint airport zoning regulations as authorized in subsection 1 of this section, the municipality owning or controlling the airport may, upon a resolution of necessity therefor duly adopted by its governing body, petition the district court of the county in which such airport hazard area or any part thereof is located, in the name of the municipality owning or controlling the affected airport, praying that zoning regulations be established for the airport hazard area in question.

3. *Petition—contents.* Such petition shall allege all essential facts showing the necessity for bringing such action, the relief sought including proposed zoning regulations, and the necessity therefor.

4. *Parties.* The parties defendant in such action shall be the municipality in which such airport hazard area is located, and all persons having an apparent or contingent interest in the property located within such area, who may be joined in said action generally as a class.

5. *Procedure.* The action shall be triable in equity and in accordance with general rules of civil procedure, except that such action shall have precedence over any other business of the court except criminal cases, and the court shall set said petition for hearing not less than sixty days nor more than one hundred twenty days from the date it is filed with the clerk of said court.

6. *Notice.* The original notice in such action shall be served upon the municipality in which such airport hazard area is located, and in the same manner as original notice of any other action but not less than thirty days prior to the date set for trial; and upon all other defendants by the publication of said notice in some newspaper or newspapers of general circulation within the area described in the petition, or as near thereto as possible, which publication shall be in the same manner as provided for the publication of other original notices, provided, however, that the last publication thereof shall be not less than thirty days prior to the date set for trial.

7. *Decree and modification.* Upon trial the court may enter decree establishing such zoning regulations as it shall find reasonable and necessary. The court having once taken jurisdiction of such matter shall retain continuing jurisdiction thereof for such subsequent modification as it may deem advisable, upon proper application of interested parties, and due showing made thereunder after such notice to possible adverse parties

as the court shall prescribe.

8. *Appeal.* Any person or municipality adversely affected or aggrieved by any findings of the court may appeal therefrom as in other civil actions.

9. *Enforcement.* Following the entry of any final decree by the district court, and unless appeal has been taken therefrom, the zoning regulations established by such decree may be enforced, and violations thereof punished, as provided by section 329.14.

### 329.6 Zoning powers.

If any municipality owning or controlling an airport adjacent to which there is an airport hazard area shall fail or refuse, within sixty days after demand made upon it by the department, to adopt reasonably adequate airport zoning regulations under section 329.3, or to proceed as provided in section 329.4, the department may petition the district court of the county in which such airport hazard area, or any part thereof, is located, in the name of the state, praying that zoning regulations be established for the airport hazard area in question, and the provisions of section 329.4, subsections 3 to 9, shall apply to such actions provided, however, that such municipality shall be joined as a party defendant in any such action.

### 329.8 Conflicting regulations.

In the event of any conflict between any airport zoning regulations adopted or established under this chapter and any other regulations applicable to the same area, whether the conflict be with respect to the height of structures or trees, the use of land, or any other matter, the more stringent limitation or requirement shall govern and prevail.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §329.8]

### 329.9 Procedure for adopting zoning regulations — zoning commission.

In adopting, amending, and repealing airport zoning regulations under this chapter the governing body of a city shall follow the procedure in sections 414.4 and 414.6 and the board of supervisors of a county shall follow the procedure in sections 335.6 and 335.8. The commission so appointed shall be known as the airport zoning commission. The airport zoning commission shall consist of two members from each municipality selected by the governing body and one additional member to act as chairperson and to be selected by a majority vote of the members selected by the municipality. The terms of the members of the airport zoning commission shall be for six years excepting that when the board is first created, one of the members appointed by each municipality shall be appointed for a term of two years and one for a term of four years. Members may be removed for cause by the appointing authority upon written charges after public hearing. Vacancies shall be filled for the unexpired term of any member whose office becomes vacant in the same manner in which the member was selected.

### 329.10 Airport zoning requirements.

1. All airport zoning regulations adopted under this chapter shall be reasonable and none shall impose any requirement or restriction which is not necessary to effectuate the purposes of this chapter.

2. *a.* Airport zoning regulations adopted under this chapter may require, at the municipality's expense, the removal, lowering, or other change or alteration of any structure or tree, or a change in use, not conforming to the regulations when adopted or amended.

*b.* Airport zoning regulations adopted under this chapter may require a property owner to permit the municipality at its own expense to install, operate, and maintain on the property markers and lights as necessary to indicate to operators of aircraft the presence of the airport hazard.

3. All such regulations may provide that a pre-

existing nonconforming structure, tree, or use, shall not be replaced, rebuilt, altered, allowed to grow higher, or replanted, so as to constitute a greater airport hazard than it was when the airport zoning regulations or amendments to the regulations were adopted.

### **329.11 Variances.**

Any person desiring to erect or increase the height of any structure, or to permit the growth of any tree, or otherwise use the person's property in violation of airport zoning regulations adopted under this chapter, may apply to the board of adjustment for a variance from the zoning regulations. Such variances shall be allowed where a literal application or enforcement of the regulations would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest, but would do substantial justice and be in accordance with the spirit of the regulations and this chapter; provided, however, that any such variance may be allowed subject to any reasonable conditions that the board of adjustment may deem necessary to effectuate the purposes of this chapter, including the reservation of the right of the municipality, at its own expense, to install, operate, and maintain thereon such markers and lights as may be necessary to indicate to operators of aircraft the presence of the airport hazard.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §329.11]

The board of adjustment has the same powers and duties, and its procedure and appeals are subject to the same provisions as established in sections 414.9 to 414.19 for a city, or sections 335.12 to 335.21 for a county.

The concurring vote of a majority of the board shall be necessary to reverse any order, requirement, decision or determination of any administrative official or to decide in favor of the applicant on any matter upon which it is required to pass under any regulations adopted pursuant to this

chapter or to effect any variance therefrom.

The board of adjustment shall consist of two members from each municipality, selected by the governing body thereof, and one additional member to act as chairperson and to be selected by a majority vote of the members selected by the municipality. Members shall be removable for cause by the appointing authority upon written charges and after public hearing. Vacancies shall be filled for the unexpired term of any member whose office becomes vacant in the same manner in which said member was selected. The terms of the members of the board of adjustment shall be for five years, excepting that when the board shall first be created, one of the members appointed by each municipality shall be appointed for a term of two years and one for a term of four years.

### **329.13 Administration of airport zoning regulations.**

All airport zoning regulations adopted under this chapter shall provide for the administration and enforcement of such regulations by an administrative agency, which may be an agency created by such regulations, or by any official, board, or other existing agency of the municipality adopting the regulations, or of one or both of the municipalities which participated therein, but in no case shall such administrative agency be or include any member of the board of adjustment. Sections 330.17 through 330.20 do not apply to the abolition of an airport commission by a city pursuant to this section for the purpose of establishing an administrative agency pursuant to chapter 392 to manage and control all or part of its airport. The commission shall stand abolished sixty days from the date of the city council's final approval abolishing the airport commission pursuant to this section, unless the council designates a different effective date.

1. The bonds issued by an authority pursuant to this chapter shall be authorized by resolution of the board and shall be either term or serial bonds, shall bear such date or dates, mature at such time or times, not exceeding forty years from their respective dates, bear interest at such rate or rates, not exceeding that permitted by chapter 74A payable semiannually, be in such denominations, be in such form, either coupon or fully registered, shall carry such registration, exchangeability and interchangeability privileges, be payable in such medium of payment and at such place or places, within or without the state, be subject to such terms of redemption and be entitled to such priorities on the revenues, rates, fees, rentals, or other charges or receipts of the authority as the resolution or any subsequent resolution may provide. The bonds shall be executed either by manual or facsimile signature by the officers as an authority shall determine, provided that the bonds shall bear at least one signature which is manually executed thereon, and the coupons attached to the bonds shall bear the facsimile signature or signatures of the officer or officers as shall be designated by an authority and the bonds shall have the seal of the authority, affixed, imprinted, reproduced, or lithographed thereon, all as may be prescribed in the resolution or resolutions. The bonds may be sold at public or private sale at the price or prices as the authority shall determine to be in the best interests of the authority. Any loan shall be paid within three years after the date of the initial loan. Bond anticipation notes shall be issued for all moneys borrowed under this section, and the notes may be renewed from time to time, but all renewal notes shall mature within the time above limited for the payment of the initial loan. The notes shall be authorized by resolution of the board and shall be in such denomination or denominations, shall bear interest at such rate or rates not exceeding the maximum rate permitted by the resolution authorizing the issuance of the bonds, shall be in such form and shall be executed in such manner, all as the authority shall prescribe. The notes may be sold at public or private sale or, if the notes shall be renewal notes, they may be exchanged for notes then outstanding on such terms as the board shall determine. The board may, in its discretion, retire the notes from the revenues derived from its aviation facilities or from other moneys of the authority which are lawfully available or from a combination of each, in lieu of retiring them by means of bond proceeds. However, before the retirement of the notes by any means other than the issuance of bonds it shall amend or repeal the resolution authorizing the issuance of the bonds, in anticipation of the proceeds of the sale of which the notes were issued, so as to reduce the authorized amount of the bond issue by the amount of the notes retired. The amendatory or repealing resolution takes effect upon its passage.

3. Any such resolution or resolutions authorizing any bonds hereunder may contain provisions which shall be part of the contract with the holders of such bonds, as to:

*a.* The pledging of all or any part of the revenues, rates, fees, rentals, or other charges or receipts of an authority derived by an authority from all or any of its aviation facilities.

*b.* The construction, improvement, operation, extensions, enlargement, maintenance, repair, or lease of such aviation facilities and the duties of an authority with reference thereto.

*c.* Limitations on the purposes to which the proceeds of the bonds, then or thereafter to be issued, or of any loan or grant by the federal government or the state government or the county or any municipality therein, may be applied.

*e.* The setting aside of reserves or sinking funds or repair and replacement funds or other funds and the regulation and disposition thereof.

*f.* Limitations on the issuance of additional bonds.

*g.* The terms and provisions of any deed of

trust, mortgage, or indenture securing the bonds or under which the same may be issued.

*h.* Any other or additional agreements with the holders of the bonds as are customary and proper and which in the judgment of an authority will make said bonds more marketable.

4. An authority may enter into any deeds of trust, mortgages, indentures, or other agreements, with any bank or trust company or any other lender within or without the state as security for such bonds, and may assign and pledge all or any of the revenues, rates, fees, rentals, or other charges or receipts of an authority thereunder. Such deeds of trust, mortgages, indentures, or other agreements, may contain such provisions as may be customary in such instruments, or, as an authority may authorize, including, but without limitation, provisions as to:

*a.* The construction, improvement, operation, leasing, maintenance, and repair of the aviation facilities and duties of an authority with reference thereto.

*b.* The application of funds and the safeguarding and investment of funds on hand or on deposit.

*c.* The appointment of consulting engineers or architects and approval thereof by the holders of the bonds.

*d.* The rights and remedies of said trustee and the holders of the bonds.

### **331.210A Temporary county redistricting commission.**

#### *1. Appointment of members.*

*a.* Not later than May 15 of each year ending in one, a temporary county redistricting commission shall be established as provided by this section for counties which have either plan “two” or plan “three” supervisor representation plans. If a county has either plan “two” or plan “three” supervisor representation plans and the number of members of the board is increased or decreased under section 331.203 or 331.204, the temporary county redistricting commission shall be established by May 15 of the year preceding the year of the next general election.

*b.* The board shall determine the size of the membership of the temporary county redistricting commission which may be three, five, or seven in number. The minimum number of members constituting a majority of the membership shall be appointed by the majority party members of the board. The remaining number of members of the temporary county redistricting commission shall be appointed by the minority party members of the board. If the members of the board are all members of one political party or if the minority members of the board are not all members of only one political party, the minority representation of the temporary county redistricting commission shall be appointed by the chair of the county central committee for the party, other than the party of the majority members of the board, which received the most votes in that county cast for its candidate for president of the United States or for governor at the last preceding general election, as the case may be. If that party’s county central committee has no chair, the appointments shall be made by the chair of that party’s state central committee.

*c.* A member of the county board of supervisors may be appointed as a member of the temporary county redistricting commission. No person shall be appointed to the temporary county redistricting commission who is not an eligible elector of the county at the time of appointment.

*d.* A vacancy on the temporary county redistricting commission shall be filled by the initial selecting authority within fifteen days after the vacancy occurs.

*e.* Members of the temporary county redistricting commission shall receive a per diem as specified by the board, travel expenses at the rate provided by section 70A.9, and reimbursement for other necessary expenses incurred in performing their duties.

*f.* Each of the appointing authorities shall certify to the county commissioner of elections the authority’s appointment of a person to serve on the temporary county redistricting commission.

#### *2. Adoption of plans.*

*a.* The temporary county redistricting commission, upon appointment, shall acquire official

census population data from the latest federal decennial census including the corresponding census maps and shall use that information in drawing and adopting the county’s supervisor districting plan. The commission shall draw the plan, to the extent applicable, in accordance with section 42.4. If the county has a plan “three” supervisor representation plan, the temporary county redistricting commission shall also draw and adopt the county’s corresponding precinct plan in accordance with sections 49.3, 49.4, and 49.6.

*b.* After the temporary county redistricting commission has finished its preliminary proposed county supervisor districting plan and corresponding precinct plan, if applicable, the commission shall at the earliest feasible time make available to the public all of the following information:

(1) Copies of the legal description of the plans.

(2) Maps illustrating the plans.

(3) A summary of the standards prescribed by law for development of the plans.

(4) A statement of the population of each district included in the plan, and the relative deviation of each district population from the ideal district population.

(5) A statement of the population of each precinct, if applicable.

*c.* Upon the completion of the county’s preliminary proposed plans, the temporary county redistricting commission shall do all of the following:

(1) As expeditiously as possible, schedule and conduct at least one public hearing on the proposed plans.

(2) Allow members of the public to present alternative plans at the public hearing.

(3) Following the hearings, promptly prepare and make available to the public a report summarizing information and testimony received by the temporary county redistricting commission in the course of the hearings. The report shall include any comments and conclusions which its members deem appropriate regarding the information and testimony received at the hearings, or otherwise presented to the temporary county redistricting commission.

*d.* After the requirements of paragraphs “a” through “c” have been met, the temporary county redistricting commission shall adopt a supervisor district plan and corresponding precinct plan, if applicable, and shall submit the plan to the board of supervisors for their approval. Prior to adoption of a plan by the commission, any member of the temporary county redistricting commission may submit precinct or district plans to the commission for a vote, either independently or as an amendment to a plan presented by other members of the commission.

The board of supervisors shall review the plan submitted by the temporary county redistricting commission and shall approve or reject the plan. If the plan is rejected, the board shall give written

reasons for the rejection of the plan and shall direct the commission to prepare a second plan. The board of supervisors may amend the second plan submitted for approval by the commission. Any amendment must be accompanied by a written statement declaring that the amendment is necessary to bring the submitted plan closer in conformity to the standards in section 42.4.

e. The plan approved by the board of supervisors shall be submitted to the state commissioner of elections for approval. If the plan does not meet the standards of section 42.4, the state commissioner shall reject the plan, and the board of supervisors shall direct the commission to prepare and adopt an acceptable plan.

If, after the initial proposed supervisor district plan or precinct plan has been submitted to the state commissioner for approval, it is necessary for the temporary county redistricting commission to make subsequent attempts at adopting an acceptable plan, the subsequent plans do not require public hearings.

f. (1) Notwithstanding the provisions of this section to the contrary, for a county with a population of one hundred eighty thousand or more that has adopted a charter for a city-county consolidated form of government or a community commonwealth form of government and which charter provides for representation by districts, the legislative services agency, and not the temporary county redistricting commission, shall draw a representation plan as provided by paragraph "a" pursuant to a contract executed with the county. The plan drawn by the legislative services agency shall be based upon the precinct plan adopted for use by the county and shall be drawn in accordance with section 42.4, to the extent applicable. After the legislative services agency has drawn the plan, the legislative services agency shall at the earliest feasible time make available to the public all of the information required to be made public by paragraph "b".

(2) The legislative services agency shall submit the plan to the governing body, and the governing body shall comply with the duties required by paragraph "c", to the extent applicable.

(3) After the requirements of paragraphs "a" through "c" have been met, the governing body shall review the plan submitted by the legislative services agency and shall approve or reject the plan. If the plan is rejected, the governing body shall give written reasons for the rejection and shall direct the legislative services agency to prepare a second plan, as provided in paragraph "d". The second plan may be amended by the governing body in accordance with the provisions of paragraph "d". After receiving the second plan, the governing body shall approve either the first plan or the second plan.

(4) The governing body, after approving a plan, shall comply with the requirements of paragraph "e".
