Rulemaking related to discipline for nursing home administrators

The Board of Nursing Home Administrators hereby rescinds Chapter 144, “Discipline for Nursing Home Administrators,” Iowa Administrative Code, and adopts a new chapter with the same title.

Legal Authority for Rulemaking

This rulemaking is adopted under the authority provided in Iowa Code chapters 17A, 147, 155 and 272C.

State or Federal Law Implemented

This rulemaking implements, in whole or in part, Iowa Code chapters 17A, 147, 155 and 272C.

Purpose and Summary

This rulemaking provides protection to Iowans because it publicly defines disciplinary options when a nursing home administrator fails to provide the standard of care. The standard of care is important to both the public and the licensee because it creates a shared understanding of what is and is not appropriate for certain types of licensed individuals in the state of Iowa. When professional standards are not met, it can subject a licensee to discipline against the licensee’s license. Iowans have the ability to submit a complaint to the licensing board, which can then investigate the allegation. The Board has the ability to seek discipline against the licensee for those items outlined, ensuring that the public is protected.

The 19 boards in the legacy Health and Human Services Bureau of Professional Licensure have similar disciplinary standards for all professions. For this reason, one shared disciplinary chapter has been created that applies to all professions. This chapter contains only those disciplinary grounds that are unique to the nursing home administrator profession and are therefore excluded from the general disciplinary chapter. The grounds for discipline required in this rulemaking are related to falsification of facts contained in application documents or misappropriation of resident funds and are required by Iowa Code chapter 155.
