

**309.10 Use of farm-to-market road fund.**

Notwithstanding [section 310.4](#), if the board of supervisors of a county does not plan to utilize its farm-to-market road fund allocation for the succeeding fiscal year for farm-to-market projects, the board may annually, by stipulation in the secondary road construction program and secondary road budget submitted to the department in accordance with [sections 309.22](#) and [309.93](#), determine an amount of the unobligated portion of its allocation, up to a maximum of fifty percent of its anticipated total annual allocation, for the construction and reconstruction of local secondary roads. However, moneys from the farm-to-market road fund shall not be so used if the moneys are needed to match federal funds available for farm-to-market road projects.
