### CAPITOL PLANNING COMMISSION — JANUARY 2023

**Meeting.** The Iowa Capitol Planning Commission met in person on January 4, 2023.

**Committee Updates.** The Committee provided an update on 2016 Iowa Acts, chapter [1133](#), which allocated \$100,000 of the major maintenance appropriation to maintenance and restoration of monuments that do not have funds set aside for ongoing maintenance. The appropriation required that each dollar in State funding through the appropriation be matched with \$2 in private funding before reversion on June 30, 2024. Over the past several years, the Commission's primary donation source was from the sales of the Capitol bricks. However, because those sales are ending, the Commission stated that there is no longer a mechanism in which private funding sources can be received for the match requirement. As of the Commission meeting, there was \$30,000 remaining in the appropriation.

The Committee also received an update on the status of monument restoration and planned future restoration projects.

**Next Meeting.** The next meeting will be April 19, 2023.
