**39A.1 Title and purpose — election officials defined.**

1. This chapter may be cited and referred to as the "*Election Misconduct and Penalties Act*".

2. The purpose of this chapter is to identify actions which threaten the integrity of the election process and to impose significant sanctions upon persons who intentionally commit those acts. It is the intent of the general assembly that offenses with the greatest potential to affect the election process be vigorously prosecuted and strong punishment meted out through the imposition of felony sanctions which, as a consequence, remove the voting rights of the offenders. Other offenses are still considered serious, but based on the factual context in which they arise, they may not rise to the level of offenses to which felony penalties attach. The general assembly also recognizes that instances may arise in which technical infractions of chapters 39 through 53 may occur which do not merit any level of criminal sanction. In such instances, administrative notice from the state or county commissioner of elections is sufficient. Mandates or proscriptions in chapters 39 through 53 which are not specifically included in this chapter shall be considered to be directive only, without criminal sanction.

3. For the purposes of this chapter, "*election officials*" include the state commissioner, the county commissioner, employees of the state commissioner and county commissioner who are responsible for carrying out functions or duties under chapters 39 through 53, and precinct election officials appointed pursuant to sections 49.12, 49.14, 49.18, and 53.23.

#### **42.2 Preparations for redistricting.**

1. The legislative services agency shall acquire appropriate information, review and evaluate available facilities, and develop programs and procedures in preparation for drawing congressional and legislative redistricting plans on the basis of each federal census. Funds shall be expended for the purchase or lease of equipment and materials only with prior approval of the legislative council.

2. By December 31 of each year ending in zero, the legislative services agency shall obtain from the United States bureau of the census information regarding geographic and political units in this state for which federal census population data has been gathered and will be tabulated. The legislative services agency shall use the data so obtained to:

a. Prepare necessary descriptions of geographic and political units for which census data will be reported, and which are suitable for use as components of legislative districts.

b. Prepare maps of counties, cities and other geographic units within the state, which may be used to illustrate the locations of legislative district boundaries proposed in plans drawn in accordance with section 42.4.

### **42.3 Timetable for preparation of plan.**

1. a. Not later than April 1 of each year ending in one, the legislative services agency shall deliver to the secretary of the senate and the chief clerk of the house of representatives identical bills embodying a plan of legislative and congressional districting prepared in accordance with section 42.4. It is the intent of this chapter that the general assembly shall bring the bill to a vote in either the senate or the house of representatives expeditiously, but not less than three days after the report of the commission required by section 42.6 is received and made available to the members of the general assembly, under a procedure or rule permitting no amendments except those of a purely corrective nature. It is further the intent of this chapter that if the bill is approved by the first house in which it is considered, it shall expeditiously be brought to a vote in the second house under a similar procedure or rule. If the bill embodying the plan submitted by the legislative services agency under this subsection fails to be approved by a constitutional majority in either the senate or the house of representatives, the secretary of the senate or the chief clerk of the house, as the case may be, shall at once, but in no event later than seven days after the date the bill failed to be approved, transmit to the legislative services agency information which the senate or house may direct by resolution regarding reasons why the plan was not approved.

b. However, if the population data for legislative districting which the United States census bureau is required to provide this state under Pub. L. No. 94-171 and, if used by the legislative services agency, the corresponding topologically integrated geographic encoding and referencing data file for that population data are not available to the legislative services agency on or before February 15 of the year ending in one, the dates set forth in paragraph “a” shall be extended by a number of days equal to the number of days after February 15 of the year ending in one that the federal census population data and the topologically integrated geographic encoding and referencing data file for legislative districting become available.

2. If the bill embodying the plan submitted by the legislative services agency under subsection 1 fails to be enacted, the legislative services agency shall prepare a bill embodying a second plan of legislative and congressional districting. The bill shall be prepared in accordance with section 42.4, and, insofar as it is possible to do so within the requirements of section 42.4, with the reasons cited by the senate or house of representatives by resolution, or the governor by veto message, for the failure to approve the plan. If a second plan is required under this subsection, the bill embodying it shall be delivered to the secretary of the senate and the chief clerk of the house of representatives not later than thirty-five days after the date of the vote by which the senate or the house of representatives fails to approve the bill submitted under subsection 1, or the date the governor vetoes or fails to approve the bill. If it is necessary to submit a bill under this subsection, the bill shall be brought to a vote not less than seven days after the bill is submitted and made available to the members of the general assembly, under a procedure or rule permitting no amendments except those of a purely corrective nature. It is further the intent of this chapter that if the bill is approved by the first house in which it is considered, it shall expeditiously be brought to a vote in the second house under a similar procedure or rule. If the bill embodying the plan submitted by

the legislative services agency under this subsection fails to be approved by a constitutional majority in either the senate or the house of representatives, the secretary of the senate or the chief clerk of the house, as the case may be, shall transmit to the legislative services agency in the same manner as described in subsection 1, information which the senate or house may direct by resolution regarding reasons why the plan was not approved.

3. If the bill embodying the plan submitted by the legislative services agency under subsection 2 fails to be enacted, the same procedure as prescribed by subsection 2 shall be followed. If a third plan is required under this subsection, the bill embodying it shall be delivered to the secretary of the senate and the chief clerk of the house of representatives not later than thirty-five days after the date of the vote by which the senate or the house of representatives fails to approve the bill submitted under subsection 2, or the date the governor vetoes or fails to approve the bill. The legislative services agency shall submit a bill under this subsection sufficiently in advance of September 1 of the year ending in one to permit the general assembly to consider the plan prior to that date. If it is necessary to submit a bill under this subsection, the bill shall be brought to a vote within the same time period after its delivery to the secretary of the senate and the chief clerk of the house of representatives as is prescribed for the bill submitted under subsection 2, but shall be subject to amendment in the same manner as other bills.

#### **42.4 Redistricting standards.**

1. Legislative and congressional districts shall be established on the basis of population.

a. Senatorial and representative districts, respectively, shall each have a population as nearly equal as practicable to the ideal population for such districts, determined by dividing the number of districts to be established into the population of the state reported in the federal decennial census. Senatorial districts and representative districts shall not vary in population from the respective ideal district populations except as necessary to comply with one of the other standards enumerated in this section. In no case shall the quotient, obtained by dividing the total of the absolute values of the deviations of all district populations from the applicable ideal district population by the number of districts established, exceed one percent of the applicable ideal district population. No senatorial district shall have a population which exceeds that of any other senatorial district by more than five percent, and no representative district shall have a population which exceeds that of any other representative district by more than five percent.

b. Congressional districts shall each have a population as nearly equal as practicable to the ideal district population, derived as prescribed in paragraph “a” of this subsection. No congressional district shall have a population which varies by more than one percent from the applicable ideal district population, except as necessary to comply with Article III, section 37 of the Constitution of the State of Iowa.

c. If a challenge is filed with the supreme court alleging excessive population variance among districts established in a plan adopted by the general assembly, the general assembly has the burden of justifying any variance in excess of one percent between the population of a district and the applicable ideal district population.

2. To the extent consistent with subsection 1, district boundaries shall coincide with the boundaries of political subdivisions of the state. The number of counties and cities divided among more than one district shall be as small as possible. When there is a choice between dividing local political subdivisions, the more populous subdivisions shall be divided before the less populous, but this statement does not apply to a legislative district boundary drawn along a county line which passes through a city that lies in more than one county.

3. Districts shall be composed of convenient contiguous territory. Areas which meet only at the points of adjoining corners are not contiguous.

4. Districts shall be reasonably compact in form, to the extent consistent with the standards established by subsections 1, 2, and 3. In general, reasonably compact districts

are those which are square, rectangular, or hexagonal in shape, and not irregularly shaped, to the extent permitted by natural or political boundaries. If it is necessary to compare the relative compactness of two or more districts, or of two or more alternative districting plans, the tests prescribed by paragraphs "a" and "b" shall be used.

a. *Length-width compactness.* The compactness of a district is greatest when the length of the district and the width of the district are equal. The measure of a district's compactness is the absolute value of the difference between the length and the width of the district. In general, the length-width compactness of a district is calculated by measuring the distance from the northernmost point or portion of the boundary of a district to the southernmost point or portion of the boundary of the same district and the distance from the westernmost point or portion of the boundary of the district to the easternmost point or portion of the boundary of the same district. The absolute values computed for individual districts under this paragraph may be cumulated for all districts in a plan in order to compare the overall compactness of two or more alternative districting plans for the state, or for a portion of the state.

b. *Perimeter compactness.* The compactness of a district is greatest when the distance needed to traverse the perimeter boundary of a district is as short as possible. The total perimeter distance computed for individual districts under this paragraph may be cumulated for all districts in a plan in order to compare the overall compactness of two or more alternative districting plans for the state, or for a portion of the state.

5. No district shall be drawn for the purpose of favoring a political party, incumbent legislator or member of Congress, or other person or group, or for the purpose of augmenting or diluting the voting strength of a language or racial minority group. In establishing districts, no use shall be made of any of the following data:

- a. Addresses of incumbent legislators or members of Congress.
- b. Political affiliations of registered voters.
- c. Previous election results.

d. Demographic information, other than population head counts, except as required by the Constitution and the laws of the United States.

6. In order to minimize electoral confusion and to facilitate communication within state legislative districts, each plan drawn under this section shall provide that each representative district is wholly included within a single senatorial district and that, so far as possible, each representative and each senatorial district shall be included within a single congressional district. However, the standards established by subsections 1 through 5 shall take precedence where a conflict arises between these standards and the requirement, so far as possible, of including a senatorial or representative district within a single congressional district.

7. Each bill embodying a plan drawn under this section shall provide that any vacancy in the general assembly which takes office in the year ending in one, occurring at a time which makes it necessary to fill the vacancy at a special election held pursuant to section 69.14, shall be filled from the same district which elected the senator or representative whose seat is vacant.

8. Each bill embodying a plan drawn under this section shall include provisions for election of senators to the general assemblies which take office in the years ending in three and five, which shall be in conformity with Article III, section 6, of the Constitution of the State of Iowa. With respect to any plan drawn for consideration in a year ending in one, those provisions shall be substantially as follows:

a. Each senatorial district in the plan which is not a holdover senatorial district shall elect a senator in the year ending in two for a four-year term commencing in January of the year ending in three. If an incumbent senator who was elected to a four-year term which commenced in January of the year ending in one, or was subsequently elected to fill a vacancy in such a term, is residing in a senatorial district in the plan which is not a holdover senatorial district on the first Wednesday in February of the year ending in two, that senator's term of office shall be terminated on January 1 of the year ending in three.

b. Each holdover senatorial district in the plan shall elect a senator in the year ending in four for a four-year term commencing in January of the year ending in five.

(1) If one and only one incumbent state senator is residing in a holdover senatorial district in the plan on the first Wednesday in February of the year ending in two, and that senator

meets all of the following requirements, the senator shall represent the district in the senate for the general assembly commencing in January of the year ending in three:

(a) The senator was elected to a four-year term which commenced in January of the year ending in one or was subsequently elected to fill a vacancy in such a term.

(b) The senatorial district in the plan which includes the place of residence of the state senator on the date of the senator's last election to the senate is the same as the holdover senatorial district in which the senator resides on the first Wednesday in February of the year ending in two, or is contiguous to such holdover senatorial district. Areas which meet only at the points of adjoining corners are not contiguous.

(2) Each holdover senatorial district to which subparagraph (1) is not applicable shall elect a senator in the year ending in two for a two-year term commencing in January of the year ending in three. However, if more than one incumbent state senator is residing in a holdover senatorial district on the first Wednesday in February of the year ending in two, and, on or before the third Wednesday in February of the year ending in two, all but one of the incumbent senators resigns from office effective no later than January of the year ending in three, the remaining incumbent senator shall represent the district in the senate for the general assembly commencing in January of the year ending in three. A copy of each resignation must be filed in the office of the secretary of state no later than 5:00 p.m. on the third Wednesday in February of the year ending in two.

c. For purposes of this subsection:

(1) "*Holdover senatorial district*" means a senatorial district in the plan which is numbered with an even or odd number in the same manner as senatorial districts, which were required to elect a senator in the year ending in zero, were numbered.

(2) "*Incumbent state senator*" means a state senator who holds the office of state senator on the first Wednesday in February of the year ending in two, and whose declared residence on that day is within the district from which the senator was last elected.

d. The secretary of state shall prescribe a form to be completed by all senators to declare their residences as of the first Wednesday in February of the year ending in two. The form shall be filed with the secretary of state no later than 5:00 p.m. on the first Wednesday in February of the year ending in two.

a. Each of the four selecting authorities shall certify to the chief election officer the authority's appointment of a person to serve on the commission. The certifications may be made at any time after the majority and minority floor leaders have been selected for the general assembly which takes office in the year ending in one, even though that general assembly's term of office has not actually begun.

c. A vacancy on the commission shall be filled by the initial selecting authority within fifteen days after the vacancy occurs.

d. Members of the commission shall receive a per diem as specified in section 7E.6, travel expenses at the rate provided by section 70A.9, and reimbursement for other necessary expenses incurred in performing their duties under this section and section 42.6. The per diem and expenses shall be paid from funds appropriated by section 2.12.

2. No person shall be appointed to the commission who:

- a. Is not an eligible elector of the state at the time of selection.
- b. Holds partisan public office or political party office.

2. Prior to delivering any plan and the bill embodying that plan to the secretary of the senate and the chief clerk of the house of representatives in accordance with section 42.3, the legislative services agency shall provide to persons outside the legislative services agency staff only such information regarding the plan as may be required by policies agreed upon by the commission. This subsection does not apply to population data furnished to the legislative services agency by the United States bureau of the census.

3. Upon the delivery by the legislative services agency to the general assembly of a bill embodying an initial plan, as required by section 42.3, subsection 1, the commission shall:

a. As expeditiously as reasonably possible, schedule and conduct at least three public hearings, in different geographic regions of the state, on the plan embodied in the bill delivered by the legislative services agency to the general assembly.

#### **47.2 County commissioner of elections.**

1. The county auditor of each county is designated as the county commissioner of elections in each county. The county commissioner of elections shall conduct voter registration pursuant to chapter 48A and conduct all elections within the county.

2. a. When an election is to be held as required by law or is called by a political subdivision of the state and the political subdivision is located in more than one county, the county commissioner of elections of each of those counties shall conduct that election within the commissioner's county. However, the commissioner for the county having the greatest taxable base within the political subdivision shall serve as the controlling commissioner for the election. The controlling commissioner shall receive all nomination papers and public measures for the political subdivision. By the forty-first day prior to the election, the controlling commissioner shall certify the names of candidates and the text and summary of any public measure being submitted to the electorate to all county commissioners of elections required to conduct elections for the political subdivision. The county commissioners of elections of the other counties in which the political subdivision is located shall cooperate with the controlling commissioner.

b. Notwithstanding paragraph "a", for a city primary election, city runoff election, or a

special election for a city, school district, or merged area, if a political subdivision is located in more than one county, the county commissioner of elections of a county not having the greatest taxable base within the political subdivision may designate that the controlling commissioner of the political subdivision shall conduct that election if fewer than one hundred twenty-five registered voters of the political subdivision are located within such county commissioner's county. If the controlling commissioner is so designated, section 50.24, subsections 4 and 5, shall not apply. For the purposes of this paragraph, the number of registered voters shall be the number of registered voters in the political subdivision of a county not having the greatest taxable base on May 1 immediately preceding the first day of the filing period for candidates for the election. If May 1 falls on a day when the county commissioner's office is closed for business, the county commissioner shall use the number of registered voters on the next day that the county commissioner's office is open for business to determine the number of registered voters.

3. The commissioner may designate as a deputy county commissioner of elections any officer of a political subdivision who is required by law to accept nomination papers filed by candidates for office in that political subdivision, and when so designated that person shall assist the commissioner in administering elections conducted by the commissioner for that subdivision. The designation of a person as a deputy commissioner of elections pursuant to this section, once made, shall continue in effect until the designation is withdrawn by the commissioner.

4. The commissioner shall assign each local public measure a letter for identification purposes. The public measure on the ballot shall be identified by the letter.

a. The county commissioner who is responsible under subsection 2 for conducting the elections held for a political subdivision which lies in more than one county shall assign the letter to the public measure.

b. The county commissioners of elections of the other counties in which the political subdivision is located shall not assign the same letter to a local public measure on the ballot in their counties during the same election.

5. The office of county auditor or county commissioner of elections in each county shall be open for at least eight hours on the Saturday preceding a general election, primary election, or special election called by the governor for the purpose of receiving absentee ballots and conducting other official business relating to the election.

6. On the final date for filing nomination papers in the commissioner's office the office shall be open until the time for receiving nomination papers has passed.

7. The county commissioner of elections shall, to maintain election security, do all of the following:

a. When the county commissioner believes that a cybersecurity incident or data breach has occurred, the county commissioner shall immediately inform the state commissioner of elections.

b. If the county commissioner has no reason to believe that a cybersecurity incident or data breach has occurred, the county commissioner shall certify that fact to the state commissioner on an annual basis.

8. The county commissioner shall not participate in an absentee ballot drive or collection effort in cooperation with a candidate, candidate's committee, political party, or nonparty political organization. However, when a county commissioner is a candidate for election, such a county commissioner may participate in an absentee ballot drive or collection effort, but shall not aid any other candidate, candidate's committee, political party, or nonparty political organization.

1. The costs of conducting a special election called by the governor, general election, and the primary election held prior to the general election shall be paid by the county.

2. The cost of conducting other elections shall be paid by the political subdivision for which the election is held. The costs shall include but not be limited to the printing of the ballots and the election register, publication of notices, printing of declaration of eligibility affidavits, compensation for precinct election boards, canvass materials, and the preparation and installation of voting equipment. The county commissioner of elections shall certify to the county board of supervisors a statement of cost for an election. The cost shall be assessed by the county board of supervisors against the political subdivision for which the election was held.

3. *a.* Costs of registration and administrative and clerical costs shall not be charged as a part of the election costs.

*b.* If automatic tabulating equipment is used in any election, the county commissioner of elections shall not charge any political subdivision of the state a rental fee for the use of any automatic tabulating equipment.

4. The cost of maintenance of voter registration records and of preparation of election registers and any other voter registration lists required by the commissioner in the discharge of the duties of that office shall be paid by the county. This section does not apply to the deadline for voter registration under section 48A.9, subsection 2.

### **47.5 Purchasing by competitive bidding.**

1. Except for legal services and printing of ballots, the commissioner shall take bids for goods and services which are needed in connection with registration of voters or preparation for or administration of elections and which will be performed or provided by persons who are not employees of the commissioner under the following circumstances:

*a.* In any case where it is proposed to purchase data processing services. The commissioner shall give the registrar written notice in advance on each occasion when it is proposed to have data processing services, necessary in connection with the administration of elections, performed by any person other than the registrar or an employee of the county. Such notice shall be made at least thirty days prior to publication of the specifications.

*b.* In all other cases, where the cost of the goods or services to be purchased will exceed one thousand dollars.

2. When it is proposed to purchase any goods or services, other than data processing services, in connection with administration of elections, the commissioner shall publish notice to bidders, including specifications regarding the goods or services to be purchased or a description of the nature and object of the services to be retained, in a newspaper of general circulation in the county not less than fifteen days before the final date for submission of bids. When competitive bidding procedures are used, the purchase of goods or services shall be made from the lowest responsible bidder which meets the specifications or description of the services needed or the commissioner may reject all bids and readvertise. In determining the lowest responsible bidder, various factors may be considered, including

but not limited to the past performance of the bidder relative to quality of product or service, the past experience of the purchaser in relation to the product or service, the relative quality of products or services, the proposed terms of delivery and the best interest of the county.

3. The procedure for purchasing data processing services in connection with administration of elections is the same as prescribed in subsection 2, except that the required copy of the bid specifications shall be filed with the registrar rather than the state commissioner. The specifications for data processing contracts relative to voter registration records shall be specified by the registration commission. The registrar shall, not later than the final date for submission of bids, inform the commissioner in writing whether the department of administrative services data processing facilities are currently capable of furnishing the services the county proposes to purchase, and if so the cost to the county of so obtaining the services as determined in accordance with the standard charges adopted by the registration commission. The commissioner, with approval of the board of supervisors, may reject all bids and enter into an arrangement with the registrar for the services to be furnished by the state. The commissioner may recommend and the board of supervisors may approve purchasing the needed services from the lowest responsible bidder; however, if the needed services could be obtained through the registrar at a lower cost, the board shall publish notice twice in a newspaper of general circulation in the county of its intent to accept such bid and of the difference in the amount of the bid and the cost of purchasing the needed services from the department of administrative services data processing facilities through the registrar. Each contract for the furnishing of data processing services necessary in connection with the administration of elections, by any person other than the registrar or an employee of the county, shall be executed with the contractor by the board of supervisors of the county purchasing the services, but only after the contract has been reviewed and approved by the registration commission. The contract shall be of not more than one year's duration. Each county exercising the option to purchase such data processing services from a provider other than the registrar shall provide the registrar, at the county's expense, original and updated voter registration lists in a form and at times prescribed by rules adopted by the registration commission.

4. Any election or registration data or records which may be in the possession of a contractor shall remain the property of the commissioner. Contracts with a private person relating to the maintenance and use of voter registration data, which were properly entered into in compliance with this section and with all other laws relating to bidding on such contracts, shall remain in force only until the most recently negotiated termination date of that contract. A new contract with the same provider may be entered into in accordance with subsection 3.

#### **47.6 Election dates — conflicts — public measures.**

1. a. (1) The governing body of a political subdivision which has authorized a special election to which section 39.2, subsections 1, 2, and 3, are applicable shall by written notice inform the commissioner who will be responsible for conducting the election of the proposed date of the special election.

(a) If a public measure will appear on the ballot at the special election, the governing body shall submit the complete text of the public measure to the commissioner with the notice of the proposed date of the special election.

(b) If the proposed date of the special election coincides with the date of a regularly scheduled election or previously scheduled special election, the notice shall be given no later than 5:00 p.m. on the last day on which nomination papers may be filed with the commissioner for the regularly scheduled election or previously scheduled special election, but in no case shall notice be less than thirty-two days before the election. Otherwise, the notice shall be given at least forty-six days in advance of the date of the proposed special election.

(2) Upon receiving the notice, the commissioner shall promptly give written approval of

the proposed date unless it appears that the special election, if held on that date, would conflict with a regular election or with another special election previously scheduled for that date.

b. A public measure shall not be withdrawn from the ballot at any election if the public measure was placed on the ballot by a petition, or if the election is a special election called specifically for the purpose of deciding one or more public measures for a single political subdivision. However, a public measure which was submitted to the county commissioner of elections by the governing body of a political subdivision may be withdrawn by the governing body which submitted the public measure if the public measure was to be placed on the ballot of a regularly scheduled election. The notice of withdrawal must be made by resolution of the governing body and must be filed with the commissioner no later than the last day upon which a candidate may withdraw from the ballot.

2. For the purpose of this section, a conflict between two elections exists only when some but not all of the registered voters of any precinct would be entitled to vote in one of the elections and all of the registered voters of the same precinct would be entitled to vote in the other election. Nothing in this subsection shall deny a commissioner discretionary authority to approve holding a special election on the same date as another election, even though the two elections may be defined as being in conflict, if the commissioner concludes that to do so will cause no undue difficulties.

3. a. A city council, county board of supervisors, school district board of directors, or merged area board of directors that has authorized a public measure to be submitted to the voters at a special election held pursuant to section 39.2, subsection 4, shall file the full text of the public measure with the commissioner no later than 5:00 p.m. on the forty-sixth day before the election.

b. If there are vacancies in county offices to be filled at the special election, candidates shall file their nomination papers with the commissioner not later than 5:00 p.m. on the forty-sixth day before the election.

c. If there are vacancies in city offices to be filled at the special election, candidates shall file their nomination papers with the city clerk not later than 5:00 p.m. on the forty-seventh day before the election. The city clerk shall deliver the nomination papers to the commissioner not later than 5:00 p.m. on the forty-sixth day before the election. Candidates for city offices in cities in which a primary election may be necessary shall file their nomination papers with the city clerk not later than 5:00 p.m. on the fifty-fourth day before the election. The city clerk shall deliver the nomination papers to the commissioner not later than 5:00 p.m. on the fifty-third day before the election.

The state commissioner of elections is designated the state registrar of voters, and shall regulate the preparation, preservation, and maintenance of voter registration records, the preparation of precinct election registers for all elections administered by the commissioner of any county, and the preparation of other data on voter registration and participation in elections which is requested and purchased at actual cost of preparation and production by a political party or any resident of this state. The registrar shall maintain a log, which is a public record, showing all lists and reports which have been requested or generated or which are capable of being generated by existing programs of the data processing services of the registrar. In the execution of the duties provided by this chapter, the state registrar of voters shall provide the maximum public access to the electoral process permitted by law.

2. a. On or before January 1, 2006, the state registrar of voters shall implement in a uniform and nondiscriminatory manner, a single, uniform, official, centralized, interactive computerized statewide voter registration file defined, maintained, and administered at the

state level that contains the name and registration information of every legally registered voter in the state and assigns a unique identifier to each legally registered voter in the state. The state voter registration system shall be coordinated with other agency databases within the state, including, but not limited to, state department of transportation driver's license records, judicial records of convicted felons and persons declared incompetent to vote, and Iowa department of public health records of deceased persons.

b. On or after January 1, 2007, a county shall not establish or maintain a voter registration system separate from the state voter registration system. Each county shall provide to the state registrar the names, voter registration information, and voting history of each registered voter in the county in the form required by the state registrar.

c. A state or local election official may obtain immediate electronic access to the information contained in the computerized voter registration file. All voter registration information obtained by a local election official shall be electronically entered into the computerized voter registration file on an expedited basis at the time the information is provided to the local election official. The state registrar shall provide such support as may be required to enable local election officials to electronically enter the information into the computerized voter registration file on an expedited basis. The list generated from the computerized file shall serve as the official voter registration list for the conduct of all elections for federal office in the state.

d. The state registrar shall prescribe by rule the procedures for access to the state voter registration file, including all of the following:

(1) Access protocols for adding, changing, or deleting information from the state voter registration file.

(2) Training requirements for all state voter registration file users.

(3) Technology safeguards, including county information technology network requirements, necessary to access the state voter registration file.

(4) Breach incident response requirements and protocols on all matters related to elections.

e. The state registrar may rescind access to the statewide voter registration file from a user who is not in compliance with the prescribed rules.

Precincts established as provided by this chapter shall be used for all elections, except where temporary merger of established precincts is specifically permitted by law for certain elections, and no political subdivision shall concurrently maintain different sets of precincts for use in different types of elections. Election precincts shall be drawn so that:

a. No precinct shall have a total population in excess of three thousand five hundred, as shown by the most recent federal decennial census.

b. Each precinct is contained wholly within an existing legislative district, except:

(1) When adherence to this requirement would force creation of a precinct which includes the places of residence of fewer than fifty registered voters.

(2) When the general assembly by resolution designates a period after the federal decennial census is taken and before the next succeeding reapportionment of legislative districts required by Article III, section 35 of the Constitution of the State of Iowa as amended in 1968, during which precincts may be drawn without regard to the boundaries of existing legislative districts.

c. All districts shall be composed of contiguous territory as compact as practicable.

d. Consideration shall not be given to the addresses of incumbent officeholders, political affiliations of registered voters, previous election results, or demographic information other than population head counts, except as required by the Constitution and the laws of the United States.

e. Cities shall not be divided into two or more county supervisor districts unless the population of the city is greater than the ideal size of a district. Cities shall be divided into the smallest number of county supervisor districts possible.

### **49.4 Precincts drawn by county board.**

Where action by the board of supervisors is necessary or deemed advisable by the board of supervisors or the temporary county redistricting commission, the boundaries of precincts shall be definitely fixed by ordinance. A public hearing shall be held before final action is taken to adopt changes in the precinct boundaries. Notice of the date, time, and place of the hearing shall be given as provided in chapter 21. In the absence of contrary action by the board of supervisors or the temporary county redistricting commission, each civil township which does not include any part of a city of over two thousand population, and the portion of each civil township containing any such city which lies outside the corporate limits of that city or those cities, shall constitute an election precinct. If no action is necessary to change

the county election precincts, the board of supervisors shall certify the retained boundaries to the state commissioner, as required by section 49.7.

1. Where a civil township, or the portion of a civil township outside the corporate limits of any city of over two thousand population contained within the civil township, is divided into two or more election precincts, the precincts shall be so drawn that their total populations shall be reasonably equal on the basis of data available from the most recent federal decennial census, except where the division is necessary to comply with section 49.3, subsection 1, paragraph "c".

2. Counties using alternative supervisor representation plans "two" or "three", as described in section 331.206, shall be apportioned into single-member supervisor districts on the basis of population. Notwithstanding any other provision of this chapter, Indian settlement land held in trust by the secretary of the interior of the United States for the Sac and Fox tribe of the Mississippi in Iowa and its trust land contiguous to the Indian settlement lying in Tama, Toledo and Indian Village townships of Tama county shall be an election precinct. The polling place of that precinct shall be located on the Indian settlement in a structure designated by the election commissioner of Tama county.

b. The Indian settlement precinct shall be redrawn to include land contiguous to the Indian settlement when such land is purchased by the settlement and added to the Indian settlement land held in trust by the secretary of the interior of the United States. Upon recording of the deed transferring the land to the United States in trust, the county recorder shall notify the county commissioner of that fact. If the commissioner is notified more than seventy days before the next scheduled election, the commissioner shall redraw the precinct for that election. The commissioner shall notify the board of supervisors of the redrawn precinct boundaries and shall certify the redrawn boundaries to the state commissioner. Land completely surrounded by the boundaries of the Indian settlement precinct, but not included in the settlement precinct, shall be included in the precinct in which such land was located prior to redrawing of the Indian settlement precinct. The commissioner shall notify registered voters in each of the redrawn precincts of the change in the precincts and the proper polling place for those affected voters.

1. As used in this section:

a. b. "*Promoting electoral efficiency*" means reducing the cost of staffing election precincts by requiring cities to avoid creating more precincts than is reasonably necessary to provide voters access to voting.

2. The council of a city where establishment of more than one precinct is necessary or deemed advisable shall, at the time required by law, divide the city into the number of election precincts as will best serve the convenience of the voters while promoting electoral efficiency. The precinct boundaries shall conform to section 49.3 and shall be described in an ordinance adopted by the council within the time required by section 49.7.

3. Before final adoption of any change in election precinct boundaries pursuant to this section or section 49.6, the council shall permit the commissioner not less than seven and not more than ten days' time to offer written comments to the council on the proposed reprecincting. If the commissioner recommends changes in the proposed reprecincting which the commissioner concludes could better serve the convenience of the voters or

could promote electoral efficiency, including lowering election costs, the council shall, if no changes to the reprecincting are made, include reasons in the ordinance for not adopting the proposed changes of the commissioner. After any required changes in precinct boundaries have been made following each federal decennial census, at the time established by or pursuant to section 49.7, the county board or city council shall make no further changes in precinct boundaries until after the next federal decennial census, except in the following circumstances:

1. When deemed necessary by the board of supervisors of any county because of a change in the location of the boundaries, dissolution or establishment of any civil township, the boundaries of precincts actually affected may be changed as necessary to conform to the new township boundaries.

2. When territory is annexed to a city the city council may attach all or any part of the annexed territory to any established precinct or precincts which are contiguous to the annexed territory, however this subsection shall not prohibit establishment of one or more new precincts in the annexed territory.

3. A city may have one special federal census taken each decade and the population figures obtained may be used to revise precinct boundaries in accordance with the requirements of sections 49.3 and 49.5.

If more than one incumbent officeholder resides in a district redrawn during reprecincting, their terms of office shall expire after the next election in the political subdivision.

7. Precinct boundaries established by or pursuant to section 49.3 or 49.4, and not changed under subsection 1 since the most recent federal decennial census, may be changed once during the period beginning January 1 of the second year following a year in which a federal decennial census is taken and ending June 30 of the year immediately following the

year in which the next succeeding federal decennial census is taken, if the commissioner recommends and the board of supervisors finds that the change will effect a substantial savings in election costs. Changes made under this subsection shall be made not later than ninety-nine days before a primary election, unless the changes will not take effect until January 1 of the next even-numbered year.

8. Precinct boundaries established by a city council pursuant to section 49.5 or 49.6 and not changed under subsections 1 through 6 since the most recent federal decennial census, may be redrawn by the city council in accordance with sections 49.3 and 49.5 once during the period beginning January 1 of the second year following a year in which a federal decennial census is taken and ending June 30 of the year immediately following the year in which the next succeeding federal decennial census is taken, if the commissioner recommends that the change will effect a substantial savings in election costs. #### **49.10 Polling places for certain precincts.**

1. Polling places for precincts outside the limits of a city, but within the township, or originally within and set off as a separate township from the township in which the city is in whole or in part situated, and a polling place for a township which entirely surrounds another township containing a city, may be fixed at some room or rooms in the courthouse or in some other building within the limits of the city as the commissioner may provide.

2. If the commissioner determines, or if a petition be filed with the commissioner ninety days before any primary, general or special election stating that there is no suitable or adequate polling place within a township constituting a voting precinct and that it is desirable and to the interest of the voters of that township voting precinct that a voting place be designated for it outside its territorial limits, the commissioner shall fix a polling place for that precinct, outside its territorial limits, which the commissioner deems convenient to the electors of the township precinct. A petition submitted under this subsection must be signed by eligible electors of the precinct exceeding in number one-half the total number of votes cast in the township precinct for the office of president of the United States or governor, as the case may be, at the last preceding general election. When the commissioner has fixed such a polling place it shall remain the polling place at all subsequent primary, general and special elections, until such time as the commissioner shall fix a different polling place for the precinct.

3. In any city in which precinct lines have been changed to comply with section 49.5, the commissioner may fix the polling place for any precinct outside the boundaries of the precinct if there is no building or facility within the precinct suitable and available for use as a polling place. In so doing, the commissioner shall fix the polling place at the point nearest the

precinct which is suitable and available for use as a polling place and is reasonably accessible to voters of the precinct.

4. A single room or area of any building or facility may be fixed as the polling place for more than one precinct. The location of each polling place shall be clearly marked within the room or area on the days on which elections are held as the location of the polling place of a particular precinct, and suitable arrangements shall be made within the room or area to prevent direct access from the polling place of any precinct to the polling place of any other precinct. When the commissioner has fixed such a polling place for any precinct it shall remain the polling place at all subsequent elections, except elections for which the precinct is merged with another precinct as permitted by section 49.11, until the boundaries of the precinct are changed or the commissioner fixes a new polling place, except that the polling place shall be changed to a point within the boundaries of the precinct at any time not less than sixty days before the next succeeding election that a building or facility suitable for such use becomes available within the precinct.

5. If two or more contiguous townships have been combined into one election precinct by the board of supervisors, the commissioner shall provide a polling place which is convenient to all of the electors in the precinct.

The board of supervisors or the temporary county redistricting commission or city council shall number or name the precincts established by the supervisors or council pursuant to sections 49.3, 49.4, and 49.5. The boundaries of the precincts shall be recorded in the records of the board of supervisors, temporary county redistricting commission, or city council, as the case may be.

2. The board of supervisors or city council shall publish notice of changes in the county or city precinct boundaries in a newspaper of general circulation published in the county or city once each week for three consecutive weeks. The series of publications shall be made after the changes in the precincts have been approved by the state commissioner of elections. The last of the three publications shall be made no later than thirty days before the next general election. A map showing the new boundaries may be used. No publication is necessary if no changes were made.

3. The precincts established pursuant to section 49.7 shall not be changed except in the manner provided by law. However, the county commissioner of elections may:

a. Consolidate two or more precincts into one.

(1) However, the commissioner shall not do so if there is filed with the commissioner at least twenty days before the election a petition signed by twenty-five or more eligible electors of any precinct requesting that it not be merged with any other precinct. There shall be attached to the petition the affidavit of an eligible elector of the precinct that the signatures on the petition are genuine and that all of the signers are to the best of the affiant's knowledge and belief eligible electors of the precinct.

(2) If a special election is to be held in which only those registered voters residing in a specified portion of any established precinct are entitled to vote, that portion of the precinct may be merged by the commissioner with one or more other established precincts or portions of established precincts for the special election, and the right to petition against merger of a precinct shall not apply.

b. (1) Establish voting centers for the regular city election, city primary election, city runoff election, regular school election, and special elections. Any registered voter who is eligible to vote in the regular city election may vote at any voting center in the city. Any registered voter who is eligible to vote at the regular school election may vote at any voting center in the school district. For purposes of section 48A.7A, a voting center shall be considered the polling place for the precinct in which a person resides.

(3) A voting center designated under this subsection is subject to the requirements of section 49.21 relating to accessibility to persons who are elderly and persons with disabilities and relating to the posting of signs. The location of each voting center shall be published by the county commissioner of elections in the same manner as the location of polling places is required to be published.

(4) Pursuant to section 39A.2, subsection 1, paragraph “b”, subparagraph (3), a person commits the crime of election misconduct in the first degree if the person knowingly votes or attempts to vote at more than one voting center for the same election.

c. Divide any precinct permanently established under this section which contains all or any parts of two or more mutually exclusive political subdivisions, either or both of which is independently electing one or more officers or voting on one or more questions on the same date, into two or more temporary precincts and designate a polling place for each.

d. Consolidate precincts for any election under any of the following circumstances:

(1) One of the precincts involved consists entirely of dormitories that are closed at the time the election is held.

(2) The consolidated precincts, if established as a permanent precinct, would meet all requirements of section 49.3, and a combined total of no more than three hundred fifty voters voted in the consolidated precincts at the last preceding similar election.

(3) The city council of a special charter city with a population of three thousand five hundred or less which is divided into council wards requests the commissioner to consolidate two or more precincts for any election.

**4. Notice of changes made pursuant to subsection 3 shall be reported to the state commissioner at least twenty-five days before the next election in which the temporary precinct will be active, or, for elections held pursuant to section 69.14 while the general assembly is in session or within forty-five days of the convening of a session of the general assembly, at least ten days before election day.**

#### **49.13 Commissioner to appoint members, chairperson.**

1. The membership of each precinct election board shall be appointed by the commissioner, not less than fifteen days before each election held in the precinct, from the

election board panel drawn up as provided in section 49.15. Precinct election officials shall be registered voters of the county, or other political subdivision within which precincts have been merged across county lines pursuant to section 49.11, subsection 3, paragraph “a”, in which they are appointed. Preference shall be given to appointment of residents of a precinct to serve as precinct election officials for that precinct, but the commissioner may appoint other residents of the county where necessary.

2. For all elections in which a partisan office is on the ballot, election boards shall include members of the two political parties whose candidates for president of the United States or for governor, as the case may be, received the largest and next largest number of votes in the county at the last general election. Election boards may also include persons not members of either of these parties. However, persons who are not members of either of these political parties shall not comprise more than one-third of the membership of an election board.

3. In appointing the election board to serve for any election in which candidates’ names do appear under the heading of these political parties, the commissioner shall give preference to the persons designated by the respective county chairpersons of these political parties for placement on the election board panel, as provided by section 49.15, in the order that they were so designated. However, the commissioner may for good cause decline to appoint a designee of a county chairperson if that chairperson is notified and allowed two working days to designate a replacement.

4. In appointing the election board to serve for a nonpartisan election, the commissioner may give preference to the persons who are willing to serve without pay identified pursuant to section 49.15, subsection 2, paragraph “b”, by the city council or the school board.

5. The commissioner shall designate one member of each precinct election board as chairperson of that board. At the discretion of the commissioner, two people who are members of different political parties may be appointed as co-chairpersons. The co-chairpersons shall have joint authority over the work of the precinct election board.

6. The commissioner may appoint high school students who are not yet qualified to be registered voters to serve as precinct election board members.

a. To qualify to serve as a precinct election board member, a high school student shall:

The eligible subjects are language arts, social studies, mathematics, science, health, physical education, fine arts, world language, and career and technical education. Coursework taken as a postsecondary enrollment option for which a school district or accredited nonpublic school grants academic credit toward high school graduation shall be used in determining eligibility. A student shall not be denied eligibility if the student’s school program deviates from the traditional two-semester school year. Each student wishing to participate under this subsection shall be passing all coursework for which credit is given and shall be making adequate progress toward graduation requirements at the end of each grading period. At the end of a grading period that is the final grading period in a school year, a student who receives a failing grade in any course for which credit is awarded is ineligible to participate under this subsection. A student who is eligible at the close of a semester is academically eligible to participate under this subsection until the beginning of the subsequent semester. A student with a disability who has an individualized education program shall not be denied eligibility to participate under this subsection on the basis of scholarship if the student is making adequate progress, as determined by school officials, towards the goals and objectives of the student’s individualized education program.

(4) At the time of appointment, have the written approval of the principal of the secondary school the student attends.

(5) Have the written approval of the student’s parent or legal guardian.

(6) Have satisfactorily completed the training course for election officials.

(7) Meet all other qualifications for appointment and service as an election board member except the requirement of being a registered voter.

b. No more than one student precinct election board member may serve on each precinct election board.

c. Student precinct election board members shall not serve as the chairperson of a precinct election board.

d. Before serving at a partisan election, the student precinct election board member must certify in writing to the commissioner the political party with which the student is affiliated.

g. No later than fourteen days after the date of the election, the commissioner shall report to the appropriate secondary school the following information:

(1) The name of each student attending the school who served as a precinct election board member on election day.

#### **49.14 Substitute precinct election officials.**

1. The commissioner may appoint substitute precinct election officials as alternates for election board members. The responsibilities and duties of a precinct election official present at the time the polling place was opened on the day of an election may be assumed at any later time that day by a substitute appointed as an alternate. The substitute shall serve either for the balance of that election day or for any shorter period of time the commissioner may designate. At partisan elections, a substitute precinct election official assuming the duties of a precinct election official shall be a member of the same political party as the precinct election official whose duties are being assumed, unless substitution of a precinct election official not of the same political party results in no more than a simple majority of the total number of precinct election officials serving in that precinct being members of the same political party.

2. Substitute precinct election officials shall be appointed and shall serve in accordance with sections 49.12, 49.13, 49.15, and 49.16, and shall receive compensation as provided by sections 49.20 and 49.125. Upon arriving at the polling place and prior to performing any official duty, a substitute precinct election official shall take the oath required by section 49.75.

3. The commissioner shall not employ substitute precinct election officials in a partisan election unless:

a. The election board panel drawn up pursuant to section 49.15 contains the names of a sufficient number of political party designees to permit appointment of both the regular precinct election officials and any substitute precinct election officials from that panel; or

b. The commissioner has informed the county chairpersons of the political parties referred to in section 49.13, subsection 2, thirty days prior to the date of the election, of intent to appoint substitute precinct election officials and has allowed ten days thereafter for the respective county chairpersons to provide additional names of persons from whom the substitute precinct election officials shall be appointed. If a county chairperson fails to

provide additional names after being so notified, the commissioner may appoint persons known to be members of the appropriate political party or parties.

1. Not less than twenty days before each primary election, the commissioner shall draw up for each precinct an election board panel from which members of the precinct election board shall be appointed for each election held in the precinct during the ensuing two years.

2. *a.* Each panel shall include members of each of the political parties referred to in section 49.13, whose names may be designated by the county chairpersons of each of these political parties not less than thirty days prior to each primary election. The commissioner may place on the election board panel names of persons known by the commissioner to be members of these political parties, if the respective county chairpersons fail to designate a sufficient number of names, and may also add names of persons, whether or not they are members of either of these political parties, who have advised the commissioner they are willing to serve on the election board.

*b.* The commissioner may also place on the election board panel names of persons whom either the city council of a city or a school board has advised the commissioner at least thirty days before each primary election are willing to serve without pay at elections conducted for that school district or city, as the case may be, during the tenure of the election board panel on which these names are included.

3. In drawing up precinct election board panels, the commissioner may use student precinct election board members appointed pursuant to section 49.13, subsection 6.

#### **49.16 Tenure of election board panel.**

Each person whose name is placed on the election board panel as provided in section 49.15, shall remain available for appointment to the election board of the precinct, subject to the provisions of section 49.12, until a new panel is drawn up unless the person's name is sooner deleted from the panel by the commissioner. The election board for each election held in the precinct shall be drawn from the panel, however:

1. No person shall serve on the election board at any election in which the person or any person related to the person within the third degree of consanguinity or affinity is a candidate to be voted upon in that precinct, and it shall be the responsibility of each person whose name is listed on the election board panel to notify the commissioner not less than fifteen days before any election at which the person is ineligible to serve by reason of this subsection. However, this subsection shall not apply in the case of any candidate or relative of a candidate seeking an office or nomination which no opposing candidate is seeking. Any candidate for an office or for nomination to an office to which two or more persons are to be elected at large is unopposed, for the purpose of this subsection, if the number of candidates for the office or nomination does not exceed the number of persons to be elected or nominated.

2. When all or portions of two or more precincts are merged for any election as permitted by section 49.11, subsection 3, paragraph "a", the commissioner may appoint the election board for the merged precinct from the election board panels of any of the precincts so merged. When any permanent precinct is divided as permitted by section 49.11, subsection 3, paragraph "c", the commissioner shall so far as possible appoint the election board for each of the temporary precincts so created from the election board panel of the permanent precinct.

3. Persons whose names are listed on the election board panel shall not be required to serve on the election board for any election which by the terms of the statute authorizing it

is exempt from the provisions of this chapter. The necessary officers for such elections shall be designated as provided by law or, if there is no applicable statute, by the commissioner.

4. In appointing the election board for any election conducted for a city or a school district, the commissioner may give preference to any persons who are willing to serve without pay at those elections.

5. A person shall not serve on the precinct election board as a representative of a political party if the person has changed political party affiliation from that of the political party which selected the person to serve as a precinct election official. If a precinct election official records a change of political party, the official's name shall be removed from the list of precinct election officials for that political party. The chairperson of the political party shall be notified of the vacancy and may designate a replacement. If the chairperson of another political party later designates the person as a precinct election official, the person may serve, if qualified. If a precinct election official serving on the board as a representative of a political party records a change of political party to vote absentee under chapter 53 and after voting absentee records a change of political party back to the political party the official represents on the precinct election board, the official's name shall be removed from the list of precinct election officials for that election. The chairperson of the political party shall be notified of the vacancy and may designate a replacement for that election.

Compensation shall be paid to members of election boards only after the vote has been canvassed and it has been determined in the course of the canvass that the election record certificate has been properly executed by the election board.

#### **49.21 Polling places — accessibility — signs.**

**1. a. It is the responsibility of the commissioner to designate a polling place for each precinct in the county. Notwithstanding any provision of law to the contrary, for city and school elections the commissioner shall, whenever practicable, designate polling places so**

that an eligible elector will be assigned to vote at the same polling place at which the eligible elector would be assigned to vote at the general election. However, if a city does not have a polling place designated for the general election precinct, the commissioner may designate an additional polling place for the precinct in that city.

b. Each polling place designated shall be accessible to persons with disabilities. However, if the commissioner is unable to provide an accessible polling place for a precinct, the commissioner shall apply for a temporary waiver of the accessibility requirement. The state commissioner shall adopt rules in accordance with chapter 17A prescribing standards for determining whether a polling place is accessible and the process for applying for a temporary waiver of accessibility.

2. a. Upon the application of the commissioner, the authority which has control of any buildings or grounds supported by taxation under the laws of this state shall make available the necessary space therein for the purpose of holding elections, without charge for the use thereof.

b. Except as otherwise provided by law, the polling place in each precinct in the state shall be located in a central location if a building is available. However, first consideration shall be given to the use of public buildings supported by taxation.

3. a. On the day of an election, the commissioner shall post a sign stating "vote here" at the entrance to each driveway leading to the building where a polling place is located. The sign must be visible from the street or highway fronting the driveway, but shall not encroach upon the right-of-way of such street or highway.

b. The commissioner shall post a sign at the entrance to the polling place indicating the election precinct number or name, and displaying a street map showing the boundaries of the precinct.

4. The commissioner shall remove or obscure from the view of voters any published material displaying the name of a candidate or elected official other than a ballot or sample ballot or envelope.

#### **49.25 Equipment required at polling places.**

1. If automatic tabulating equipment will be used, the commissioner shall furnish voting equipment for use by voters with disabilities.

2. The commissioner shall furnish to each precinct, in advance of each election, voting booths in the following number:

a. At each regularly scheduled election, at least one for every three hundred fifty voters who voted in the last preceding similar election held in the precinct.

b. At any special election at which the ballot contains only a single public measure or only candidates for a single office or position, the number determined by the commissioner.

3. The commissioner shall furnish to each precinct the necessary ballot boxes, suitably equipped with seals or locks and keys, and voting booths. The voting booths shall provide for voting in secrecy. At least one voting booth in each precinct shall be accessible to persons with disabilities. Ballot boxes shall be locked or sealed before the polls open and shall remain locked or sealed until the polls are closed, except to provide necessary service to malfunctioning automatic tabulating equipment. If a ballot box is opened prior to the closing of the polls, two precinct election officials not of the same party shall be present and observe the ballot box being opened.

4. Secrecy folders or sleeves shall be provided for use at any precinct where ballots are used which cannot be folded to obscure the marks made by the voters.

#### **49.26 Commissioner to decide method of voting — counting of ballots.**

1. In all elections regulated by this chapter, the voting shall be by paper ballots printed and distributed as provided by law, or by voting systems meeting the requirements of chapter 52.

2. a. The commissioner shall determine in advance of each election conducted for a city of three thousand five hundred or less population or for any school district whether the ballots will be counted by automatic tabulating equipment or by the precinct election officials. In making such a determination, the commissioner shall consider voter turnout for recent similar elections and factors considered likely to affect voter turnout for the forthcoming election.

b. If the commissioner concludes, pursuant to paragraph “a”, that voting will probably be so light as to make counting of ballots by the precinct election officials less expensive than preparation and use of automatic tabulating equipment, paper ballots may be used, subject to paragraph “c”. If paper ballots are used, the commissioner shall use ballots and instructions similar to those used when the ballots are counted by automatic tabulating equipment.

c. Notwithstanding a determination by the commissioner pursuant to paragraph “b”, upon receipt of a petition signed by not less than one hundred eligible electors, the commissioner shall count the ballots at an election described in paragraph “a” using automatic tabulating equipment. A petition filed under this paragraph must be received by the commissioner not later than 5:00 p.m. on the forty-second day before the election.

The precinct election register shall be a list of the names and addresses of all registered voters of the precinct. Inactive records listed in the election register shall be clearly identified with a special mark or symbol.

#### **49.31 Arrangement of names on ballot — restrictions.**

1. a. All ballots shall be arranged with the names of candidates for each office listed below the office title. For partisan elections the name of the political party or organization which nominated each candidate shall be listed after or below each candidate's name. The state commissioner may prescribe, and a county commissioner may use, uniform abbreviations for political parties and organizations.

b. (1) The commissioner shall determine the order of candidates on the ballot as provided in this paragraph. The order shall be the same for each office on the ballot and for each precinct in the county voting in the election.

(2) The state commissioner shall compile a list of each county in the state in alphabetical order and assign a number to each county such that the first county listed is number one, the second county listed is number two, and continuing in descending order in the same manner. The commissioner shall put in alphabetical order the top two political parties receiving the highest votes from the most recent election.

(3) The commissioner of each county assigned an even number pursuant to subparagraph (2) shall arrange the ballot as follows:

(a) The candidates of the first political party by alphabetical order pursuant to subparagraph (2) shall appear first on the ballot for the first general election at which the

president of the United States is to be elected following July 1, 2019, and second on the ballot for the first general election at which the governor will be elected following July 1, 2019, and second on the ballot for the second general election at which the president of the United States is to be elected following July 1, 2019, and first on the ballot for the second general election at which the governor will be elected following July 1, 2019, and thereafter alternating with the candidates of the second political party by alphabetical order pursuant to subparagraph (2).

(b) The candidates of the second political party by alphabetical order pursuant to subparagraph (2) shall appear second on the ballot for the first general election at which the president of the United States is to be elected following July 1, 2019, and first on the ballot for the first general election at which the governor will be elected following July 1, 2019, and first on the ballot for the second general election at which the president of the United States is to be elected following July 1, 2019, and second on the ballot for the second general election at which the governor will be elected following July 1, 2019, and thereafter alternating with the candidates of the first political party by alphabetical order pursuant to subparagraph (2).

(4) The commissioner of each county assigned an odd number pursuant to subparagraph (2) shall arrange the ballot as follows:

(a) The candidates of the second political party by alphabetical order pursuant to subparagraph (2) shall appear first on the ballot for the first general election at which the president of the United States is to be elected following July 1, 2019, and second on the ballot for the first general election at which the governor will be elected following July 1, 2019, and second on the ballot for the second general election at which the president of the United States is to be elected following July 1, 2019, and first on the ballot for the second general election at which the governor will be elected following July 1, 2019, and thereafter alternating with the candidates of the first political party by alphabetical order pursuant to subparagraph (2).

(b) The candidates of the first political party by alphabetical order pursuant to subparagraph (2) shall appear second on the ballot for the first general election at which the president of the United States is to be elected following July 1, 2019, and first on the ballot for the first general election at which the governor will be elected following July 1, 2019, and first on the ballot for the second general election at which the president of the United States is to be elected following July 1, 2019, and second on the ballot for the second general election at which the governor will be elected following July 1, 2019, and thereafter alternating with the candidates of the second political party by alphabetical order pursuant to subparagraph (2).

(c) The commissioner shall determine the order of candidates of nonparty political organizations on the ballot. The order shall be the same for each office on the ballot and for each precinct in the county voting in the election.

2. a. The commissioner shall prepare a list of the election precincts of the county, by arranging the various townships and cities in the county in alphabetical order, and the wards or precincts in each city or township in numerical order under the name of such city or township.

b. Notwithstanding any provision of subsection 1, paragraph "b", to the contrary, the commissioner shall then arrange the surnames of each political party's candidates for each office to which two or more persons are to be elected at large alphabetically for the respective offices for the first precinct on the list; thereafter, for each political party and for each succeeding precinct, the names appearing first for the respective offices in the last preceding precinct shall be placed last, so that the names that were second before the change shall be first after the change. The commissioner may also rotate the names of candidates of a political party in the reverse order of that provided in this subsection or alternate the rotation so that the candidates of different parties shall not be paired as they proceed through the rotation.

c. On the general election ballot the names of candidates for the nonpartisan offices listed in section 39.21 shall be arranged by drawing lots for position. The commissioner shall hold the drawing on the first business day following the deadline for filing of nomination certificates or petitions with the commissioner for the general election pursuant to section 44.4. If a candidate withdraws, dies, or is removed from the ballot after the ballot position of

names has been determined, such candidate's name shall be removed from the ballot, and the order of the remaining names shall not be changed.

d. On the regular and special city election and school election ballots the names of candidates for city, school district, and merged area offices shall be arranged by drawing lots for position. The commissioner shall hold the drawing on the second business day following the deadline for filing of nomination papers or petitions under sections 260C.15, 277.4, and 376.4. If a candidate withdraws, dies, or is removed from the ballot after the ballot position of names has been determined, such candidate's name shall be removed from the ballot, and the order of the remaining names shall not be changed.

3. Except as otherwise provided in subsection 2, paragraph "d", the ballots for any special election or any other election at which any office is to be filled on a nonpartisan basis and the statutes governing the office to be filled are silent as to the arrangement of names on the ballot, shall contain the names of all nominees or candidates arranged in alphabetical order by surname under the heading of the office to be filled. Except as otherwise provided in subsection 2, paragraph "d", when a special election or any other election at which an office is to be filled on a nonpartisan basis is held in more than one precinct, the candidates' names shall be rotated on the ballot from precinct to precinct in the manner prescribed by subsection 2 unless there are no more candidates for an office than the number of persons to be elected to that office.

4. The heading for each office on the ballot shall be immediately followed by a notation stating, "Vote for no more than .....", and indicating the maximum number of nominees or candidates for that office for whom each elector may vote.

5. At the end of the list of candidates for each office listed on the ballot one or more blank lines and voting positions shall be printed to allow the elector to write in the name of any person for whom the elector desires to vote for any office or nomination on the ballot. The number of write-in lines shall equal the number of votes that can be cast for that office.

6. The name of a candidate printed on the ballot shall not include parentheses, quotation marks, or any personal or professional title.

7. For the purpose of ballot rotation the absentee ballot and special voters precinct may be considered a separate precinct.

#### **50.48 General recount provisions.**

1. a. The county board of canvassers shall order a recount of the votes cast for a particular office or nomination in one or more specified election precincts in that county if a written request for a recount is made not later than 5:00 p.m. on the third day following the county board's canvass of the election in question. For a city runoff election held pursuant to section 376.9, the written request must be made not later than 5:00 p.m. on the day following the county board's canvass of the city runoff election. The request shall be filed with the commissioner of that county and shall be signed by either of the following:

(1) A candidate for that office or nomination whose name was printed on the ballot of the precinct or precincts where the recount is requested.

(2) Any other person who receives votes for that particular office or nomination in the precinct or precincts where the recount is requested and who is legally qualified to seek and to hold the office in question.

b. Immediately upon receipt of a request for a recount, the commissioner shall send a copy of the request to the apparent winner by certified mail. The commissioner shall also attempt to contact the apparent winner by telephone. If the apparent winner cannot be reached within four days, the chairperson of the political party or organization which nominated the apparent winner shall be contacted and shall act on behalf of the apparent winner, if necessary. For candidates for state or federal offices, the chairperson of the state party shall be contacted. For candidates for county offices, the county chairperson of the party shall be contacted.

2. a. The candidate requesting a recount under this section shall post a bond, unless the abstracts prepared pursuant to section 50.24, or section 43.49 in the case of a primary election, indicate that the difference between the total number of votes cast for the apparent winner and the total number of votes cast for the candidate requesting the recount is less than the greater of fifty votes or one percent of the total number of votes cast for the office or

nomination in question. If a recount is requested for an office to which more than one person was elected, the vote difference calculations shall be made using the difference between the number of votes received by the person requesting the recount and the number of votes received by the apparent winner who received the fewest votes. Where votes cast for that office or nomination were canvassed in more than one county, the abstracts prepared by the county boards in all of those counties shall be totaled for purposes of this subsection. If a bond is required, it shall be filed with the state commissioner for recounts involving a state office, including a seat in the general assembly, or a seat in the United States Congress, and with the commissioner responsible for conducting the election in all other cases, and shall be in the following amount:

- (1) For an office filled by the electors of the entire state, one thousand dollars.
- (2) For United States representative, five hundred dollars.
- (3) For senator in the general assembly, three hundred dollars.
- (4) For representative in the general assembly, one hundred fifty dollars.
- (5) For an office filled by the electors of an entire county having a population of fifty thousand or more, two hundred dollars.
- (6) For any elective office to which subparagraphs (1) through (5) are not applicable, one hundred dollars.

b. After all recount proceedings for a particular office are completed and the official canvass of votes cast for that office is corrected or completed pursuant to subsections 5 and 6, if necessary, any bond posted under this subsection shall be returned to the candidate who requested the recount if the apparent winner before the recount is not the winner as shown by the corrected or completed canvass. In all other cases, the bond shall be deposited in the general fund of the state if filed with the state commissioner or in the election fund of the county with whose commissioner it was filed.

3. a. The recount shall be conducted by a board which shall consist of:

- (1) A designee of the candidate requesting the recount, who shall be named in the written request when it is filed.
- (2) A designee of the apparent winning candidate, who shall be named by that candidate at or before the time the board is required to convene.
- (3) A person chosen jointly by the members designated under subparagraphs (1) and (2).

b. The commissioner shall convene the persons designated under paragraph "a", subparagraphs (1) and (2), not later than 9:00 a.m. on the seventh day following the county board's canvass of the election in question. If those two members cannot agree on the third member by 8:00 a.m. on the ninth day following the canvass, they shall immediately so notify the chief judge of the judicial district in which the canvass is occurring, who shall appoint the third member not later than 5:00 p.m. on the eleventh day following the canvass.

4. a. When all members of the recount board have been selected, the board shall undertake and complete the required recount as expeditiously as reasonably possible. The commissioner or the commissioner's designee shall supervise the handling of ballots to ensure that the ballots are protected from alteration or damage. The board shall open only the sealed ballot containers from the precincts specified to be recounted in the request or by the recount board. The board shall recount only the ballots which were voted and counted for the office in question, including any disputed ballots returned as required in section 50.5. If automatic tabulating equipment was used to count the ballots, the recount board may request the commissioner to retabulate the ballots using the automatic tabulating equipment. The same program used for tabulating the votes on election day shall be used at the recount unless the program is believed or known to be flawed.

b. Any member of the recount board may at any time during the recount proceedings extend the recount of votes cast for the office or nomination in question to any other precinct or precincts in the same county, or from which the returns were reported to the commissioner responsible for conducting the election, without the necessity of posting additional bond.

c. The ballots shall be resealed by the recount board before adjournment and shall be preserved as required by section 50.12. At the conclusion of the recount, the recount board shall make and file with the commissioner a written report of its findings, which shall be signed by at least two members of the recount board. The recount board shall complete

the recount and file its report not later than the eighteenth day following the county board's canvass of the election in question.

5. If the recount board's report is that the abstracts prepared pursuant to the county board's canvass were incorrect as to the number of votes cast for the candidates for the office or nomination in question, in that county or district, the commissioner shall at once so notify the county board. The county board shall reconvene within three days after being so notified, and shall correct its previous proceedings.

6. The commissioner shall promptly notify the state commissioner of any recount of votes for an office to which section 50.30 or section 43.60 in the case of a primary election, is applicable. If necessary, the state canvass required by section 50.38, or by section 43.63, as the case may be, shall be delayed with respect to the office or the nomination to which the recount pertains. The commissioner shall subsequently inform the state commissioner at the earliest possible time whether any change in the outcome of the election in that county or district resulted from the recount.

7. If the election is a city primary election held pursuant to section 376.7, the recount shall progress according to the times provided by this subsection. If this subsection applies the canvass shall be held by the second day after the election, the request for a recount must be made by the third day after the election, the board shall convene to conduct the recount by the sixth day after the election, and the report shall be filed by the eighth day after the election.

8. When a city council has chosen a runoff election pursuant to section 376.9, the recount shall progress according to the times provided by this subsection. If this subsection applies, the canvass shall be conducted pursuant to section 50.24. The request for a recount must be made by the day after the canvass, and the board shall convene for the first time not later than the first Friday following the canvass. The report shall be filed not later than the fourteenth day after the election.

### **52.5 Testing and examination of voting equipment.**

1. A person or corporation owning or being interested in an optical scan voting system may request that the state commissioner call upon the board of examiners to examine and test the system. Within seven days of receiving a request for examination and test, the state commissioner shall notify the board of examiners of the request in writing and set a time and place for the examination and test.

2. The state commissioner shall formulate, with the advice and assistance of the examiners, and adopt rules governing the testing and examination of any optical scan voting system by the board of examiners. The rules shall prescribe the method to be used in determining whether the system is suitable for use within the state and performance standards for voting equipment in use within the state. The rules shall provide that all optical scan voting systems approved for use by the examiners after April 9, 2003, shall meet voting systems performance and test standards, as adopted by the federal election commission on April 30, 2002, and as deemed adopted by Pub. L. No. 107-252, §222. The rules shall include standards for determining when recertification is necessary following modifications to the equipment or to the programs used in tabulating votes, and a procedure for rescinding certification if a system is found not to comply with performance standards adopted by the state commissioner.

3. The state commissioner may employ a competent person or persons to assist the examiners in their evaluation of the equipment and to advise the examiners as to the sufficiency of the equipment. Consultant fees shall be paid by the person who requested the certification. Following the examination and testing of the optical scan voting system, the examiners shall report to the state commissioner describing the testing and examination of the system and upon the capacity of the system to register the will of voters, its accuracy and efficiency, and with respect to its mechanical perfections and imperfections. Their report shall be filed in the office of the state commissioner and shall state whether in their opinion the kind of system so examined can be safely used by voters at elections under the conditions prescribed in this chapter. If the report states that the system can be so used, it shall be deemed approved by the examiners, and systems of its kind may be adopted for use at elections as provided in this section. Any form of system not so approved cannot be used at any election.

4. Before actual use by a county of a particular optical scan voting system which has been approved for use in this state, the state commissioner shall formulate, with the advice and assistance of the examiners, and adopt rules governing the development of vote counting programs and all procedures used in actual counting of votes by means of that system.

The commissioner of each county in which the use of an optical scan voting system in one or more precincts has been authorized shall print text on optical scan ballots using black ink on white paper and shall determine the arrangement of candidates' names and public questions upon the ballot or ballots used with the system. The ballot information shall be arranged as required by chapters 43 and 49, and by any relevant provisions of any statutes which specify the form of ballots for special elections, so far as possible within the constraints of the physical characteristics of the optical scan voting system in use in that county. The state commissioner may adopt rules requiring a reasonable degree of uniformity among counties in arrangement of optical scan voting system ballots.

The sample ballot shall be posted prominently within the polling place, and shall be open to public inspection during the hours the polls are open on election day. If the ballot used on election day has offices or questions appearing on the back of the ballot, both sides of the sample ballot shall be displayed.

**52.31 Procedure where votes cast on optical scan ballots.**

Preparations for voting and voting at any election in a precinct where votes are to be received on optical scan ballots shall be in accordance with the provisions of chapter 49 governing voting upon conventional paper ballots with the following exceptions:

1. Before entering the voting booth each voter shall be cautioned to mark the ballot only with a ballot marking device provided in the booth or by the precinct election officials.
2. In each precinct where portable automatic tabulating equipment is used, the voter may personally insert the ballot into the tabulating device.

**52.33 Absentee voting by optical scan voting system.**

1. In any county in which the board of supervisors has adopted voting by means of an optical scan voting system, the commissioner shall also conduct absentee voting by use of such a system. In any other county, the commissioner may with approval of the board of supervisors conduct absentee voting by use of an optical scan voting system. All provisions of chapter 53 shall apply to such absentee voting, so far as applicable. In counties where absentee voting is conducted by use of an optical scan voting system, the special precinct counting board shall, at the time required by chapter 53, prepare absentee ballots for tabulation in the manner prescribed by this chapter.

2. The absentee and special precinct board shall follow the process prescribed in section 52.37, subsection 1, in handling damaged or defective ballots and in counting write-in votes on optical scan ballots.

**52.35 Equipment tested.**

Before the date of any election at which votes are to be cast by means of an optical scan voting system, the commissioner shall have the automatic tabulating equipment, including the portable tabulating devices, tested to ascertain that it will correctly count the votes cast for all offices and on all public questions. Testing shall be completed not later than twelve hours

before the opening of the polls on the morning of the election. The procedure for conducting the test shall be as follows:

1. For any election to fill a partisan office, the county chairperson of each political party shall be notified in writing of the date, time, and place the test will be conducted, so that they may be present or have a representative present. For every election, the commissioner shall publish notice of the date, time, and place the test will be conducted. The commissioner may include such notice in the notice of the election published pursuant to section 49.53. The test shall be open to the public.

2. The test shall be conducted by processing a preaudited group of ballots marked so as to record a predetermined number of valid votes for each candidate, and on each public question, on the ballot. The test group shall include for each office and each question one or more ballots having votes in excess of the number allowed by law for that office or question, in order to test the ability of the automatic tabulating equipment to reject such votes. Any observer may submit an additional test group of ballots which, if so submitted, shall also be tested. The state commissioner shall promulgate administrative rules establishing procedures for any additional test group of ballots submitted by an observer. If any error is detected, its cause shall be ascertained and corrected and an errorless count obtained before the automatic tabulating equipment is approved. When so approved, a statement attesting to the fact shall be signed by the commissioner and kept with the records of the election.

3. The test group of ballots used for the test shall be clearly labeled as such, and retained in the commissioner's office. The test group of ballots and the programs used for the counting procedure shall be sealed, retained for the time required for and disposed of in the same manner as ballots cast in the election.

4. Those present for the test shall sign a certificate which shall read substantially as follows:

The undersigned certify that we were present and witnessed the testing of the following tabulating devices; that we believe the devices are in proper condition for use in the election of ..... (date); that following the test the vote totals were erased from the memory of each tabulating device and a report was produced showing that all vote totals in the memory were set at 0000; that the devices were securely locked or sealed; and that the serial numbers and locations of the devices which were tested are listed below.

**52.37 Special precinct tabulation procedure.**

The tabulation of absentee and provisional ballots cast by means of an optical scan voting system shall be conducted as follows:

1. a. If any ballot is found damaged or defective, so that it cannot be counted properly by the automatic tabulating equipment, a true duplicate shall be made by the resolution board

team and substituted for the damaged or defective ballot, or, as an alternative, the valid votes on a defective ballot may be manually counted by the special precinct election board, whichever method is best suited to the system being used. All duplicate ballots shall be clearly labeled as such, and shall bear a serial number which shall also be recorded on the damaged or defective ballot.

b. The special precinct election board shall also tabulate any write-in votes which were cast. Write-in votes cast for a candidate whose name appears on the ballot for the same office shall be counted as a vote for the candidate indicated, if the vote is otherwise properly cast.

c. Ballots which are rejected by the tabulating equipment as blank because they have been marked with an unreadable marker shall be duplicated or tabulated as required by this subsection for damaged or defective ballots. The commissioner may instruct the special precinct election board to mark over voters' unreadable marks using a marker compatible with the tabulating equipment. The special precinct election board shall take care to leave part of the original mark made by the voter. If it is impossible to mark over the original marks made by the voter without completely obliterating them, the ballot shall be duplicated.

2. The record printed by the automatic tabulating equipment, with the addition of a record of any write-in or other votes manually counted pursuant to this chapter, shall constitute the official return of the absentee ballot and special voters precinct. Upon completion of the tabulation of the votes, the result shall be announced and reported in substantially the manner required by section 50.11.

3. If for any reason it becomes impracticable to count all or any part of the ballots with the automatic tabulating equipment, the commissioner may direct that they be counted manually, in accordance with chapter 50 so far as applicable.

b. When, through illness or physical disability, the voter expects to be prevented from going to the polls and voting on election day.

c. When the voter expects to be unable to go to the polls and vote on election day.

### **53.2 Application for ballot.**

1. *a.* Any registered voter, under the circumstances specified in section 53.1, may on any day, except election day, and not more than one hundred twenty days prior to the date of the election, apply in person for an absentee ballot at the commissioner's office or at any location designated by the commissioner. However, for those elections in which the commissioner directs the polls be opened at noon pursuant to section 49.73, a voter may apply in person for an absentee ballot at the commissioner's office from 8:00 a.m. until 11:00 a.m. on election day.

*b.* A registered voter may make written application to the commissioner for an absentee ballot. A written application for an absentee ballot must be received by the commissioner no later than 5:00 p.m. on the same day as the voter registration deadline provided in section 48A.9 for the election for which the ballot is requested, except when the absentee ballot is requested and voted at the commissioner's office pursuant to section 53.10. A written application for an absentee ballot delivered to the commissioner and received by the commissioner more than one hundred twenty days prior to the date of the election shall be returned to the voter with a notification of the date when the applications will be accepted.

2. *a.* The state commissioner shall prescribe a form for absentee ballot applications. However, if a registered voter submits an application on a sheet of paper no smaller than three by five inches in size that includes all of the information required in this section, the prescribed form is not required.

*b.* Absentee ballot applications may include instructions to send the application directly to the county commissioner of elections. However, no absentee ballot application shall be preaddressed or printed with instructions to send the applications to anyone other than the appropriate commissioner.

*c.* No absentee ballot application shall be preaddressed or printed with instructions to send the ballot to anyone other than the voter.

3. This section does not require that a written communication mailed to the commissioner's office to request an absentee ballot, or any other document be notarized as a prerequisite to receiving or marking an absentee ballot or returning to the commissioner an absentee ballot which has been voted.

4. *a.* Each application shall contain the following information:

- (1) The name and signature of the registered voter.
- (2) The registered voter's date of birth.
- (3) The address at which the voter is registered to vote.
- (4) The registered voter's voter verification number.
- (5) The name or date of the election for which the absentee ballot is requested.
- (6) Such other information as may be necessary to determine the correct absentee ballot for the registered voter.

*b.* If insufficient information has been provided, including the absence of a voter verification number, either on the prescribed form or on an application created by the applicant, the commissioner shall, by the best means available, obtain the additional necessary information. A voter requesting or casting a ballot pursuant to section 53.22 shall not be required to provide a voter verification number.

*c.* For purposes of this subsection, "*voter verification number*" means the registered voter's driver's license number or nonoperator's identification card number assigned to the voter by the department of transportation or the registered voter's identification number assigned to the voter by the state commissioner pursuant to section 47.7, subsection 2.

5. The commissioner may dispute an application if it appears to the commissioner that the signature on the application has been signed by someone other than the registered voter, in comparing the signature on the application to the signature on record of the registered voter named on the application. If the commissioner disputes a registered voter's application under this subsection, the commissioner shall notify the registered voter and the registered voter may submit a new application and signature or update the registered voter's signature on record, as provided by rule adopted by the state commissioner.

6. An application for a primary election ballot which specifies a party different from that recorded on the registered voter's voter registration record, or if the voter's voter registration record does not indicate a party affiliation, shall be accepted as a change or declaration of

party affiliation. The commissioner shall approve the change or declaration and enter a notation of the change on the registration records at the time the absentee ballot request is noted on the voter's registration record. A notice shall be sent with the ballot requested informing the voter that the voter's registration record will be changed to show that the voter is now affiliated with the party whose ballot the voter requested. If an application for a primary election ballot does not specify a party and the voter registration record of the voter from whom the application is received shows that the voter is affiliated with a party, the voter shall be mailed the ballot of the party indicated on the voter's registration record.

7. If an application for an absentee ballot is received from an eligible elector who is not a registered voter the commissioner shall send the eligible elector a voter registration form and another absentee ballot application form. If the application is received after the time registration closes pursuant to section 48A.9 but by 5:00 p.m. on the Saturday before the election for general elections or by 5:00 p.m. on the Friday before the election for all other elections, the commissioner shall notify the applicant by mail of the election day and in-person absentee registration provisions of section 48A.7A. In addition to notification by mail, the commissioner shall also attempt to contact the applicant by any other method available to the commissioner.

8. A registered voter who has not moved from the county in which the elector is registered to vote may submit a change of name, telephone number, or address on the absentee ballot application form when requesting an absentee ballot. The commissioner may also update a voter's identification number, as described in section 48A.11, subsection 1, paragraph "e", if an identification number is provided on an absentee ballot application. Upon receipt of a properly completed form, the commissioner shall enter a notation of the change on the registration records.

9. An application for an absentee ballot that is returned to the commissioner by a person acting as an actual or implied agent for a political party, as defined in section 43.2, or by a candidate or committee, both as defined by chapter 68A, shall be returned to the commissioner within seventy-two hours of the time the completed application was received from the applicant or no later than 5:00 p.m. on the same day as the deadline under subsection 1, paragraph "b", whichever is earlier. ### **53.17A Absentee ballot tracking.**

1. For the purposes of this chapter:

a. "*Postal service barcode*" means a barcode purchased by the sender and supplied by the United States postal service that is used to sort and track letters and flat packages and is printed on an absentee ballot return envelope at the direction of the commissioner before the envelope is sent to the voter.

b. "*Tracking information database*" means a database administered by the United States postal service that is accessible to the commissioner and contains information regarding letters or flat packages.

2. a. Prior to implementing for the first time, discontinuing the usage of, or reimplementing the usage of a postal service barcode and tracking information, the commissioner shall send notice to the state commissioner prior to October 1, 2020, for an election taking place in 2020 after that date, and by October 1 of each year thereafter.

b. The commissioner shall not implement or discontinue the use of a postal service barcode or tracking information database during an election after an absentee ballot has been mailed for that election pursuant to section 53.8.

c. The state commissioner shall adopt rules regarding the statewide implementation of a postal service barcode and tracking information database, including procedures to be followed when usage of a postal service barcode or the tracking information database is negatively impacted. Each commissioner shall use a postal service barcode and tracking information database consistent with rules of the state commissioner. Every commissioner shall send notice to the state commissioner and implement the use of a postal service barcode and tracking information database prior to October 1, 2020.

3. a. An absentee ballot received after the polls close on election day but prior to the official canvass shall be counted if the commissioner determines that the ballot entered the federal mail system by the deadline specified in section 53.17 or 53.22. The date of entry of such an absentee ballot into the federal mail system shall only be verified as provided in paragraph "b".

b. (1) If the postmark indicates that the absentee ballot entered the federal mail system by the deadline specified in section 53.17 or 53.22, the ballot shall be included for canvass by the absentee and special voters precinct board.

(2) If the postmark is illegible, missing, or dated on or after election day, the commissioner shall attempt to verify the ballot's date of entry into the federal mail system by querying the postal service barcode in the tracking information database. If the tracking information

database indicates that the absentee ballot entered the federal mail system by the deadline specified in section 53.17 or 53.22, the ballot shall be included for canvass by the absentee and special voters precinct board. The commissioner shall provide a report to the absentee and special voters precinct board regarding the information available in the tracking information database.

(3) If there is a discrepancy between the date indicated by the postmark and the postal service barcode, the earlier of the two shall determine the date of entry of the absentee ballot into the federal mail system.

(4) (a) If neither the postmark nor the postal service barcode indicates that the absentee ballot entered the federal mail system by the deadline specified in section 53.17 or 53.22, the absentee ballot shall be sent to the absentee and special voters precinct board pursuant to subparagraph division (b) with the numeric value assigned to the postal service barcode and a full report from the tracking information database.

(b) Up to five absentee and special voters precinct board members from each political party for partisan elections, or any two members of the board for nonpartisan elections, shall review the postal service barcode and tracking database information report of each absentee ballot submitted pursuant to subparagraph division (a) and certify that the tracking information database report corresponds to the absentee ballot by initialing the report and the absentee ballot envelope. If the board concludes that the postal service barcode and tracking information database report verify that the absentee ballot entered the federal mail system by the deadline specified in section 53.17 or 53.22, the ballot shall be counted. Otherwise, the ballot shall not be counted.

### **53.18 Manner of preserving ballot and application — review of affidavit — replacement ballots.**

1. When the return envelope containing the completed absentee ballot is received by the commissioner, the commissioner shall at once record receipt of such ballot. Absentee ballots shall be stored in a secure place until they are delivered to the absentee and special voters precinct board.

2. If the commissioner receives the return envelope containing the completed absentee ballot by 5:00 p.m. on the Saturday before the election for general elections and by 5:00 p.m. on the Friday before the election for all other elections, the commissioner shall review the affidavit marked on the return envelope, if applicable, for completeness or shall open the return envelope to review the affidavit for completeness. If the affidavit is incomplete, the commissioner shall, within twenty-four hours of the time the envelope was received, notify the voter of that fact and that the voter may complete the affidavit in person at the office of the commissioner by 5:00 p.m. on the day before the election, vote a replacement ballot in the manner and within the time period provided in subsection 3, or appear at the voter's precinct polling place on election day and cast a ballot in accordance with section 53.19, subsection 3.

3. If the affidavit envelope or the return envelope marked with the affidavit contains a defect that would cause the absentee ballot to be rejected by the absentee and special voters precinct board, the commissioner shall immediately notify the voter of that fact and that the voter's absentee ballot shall not be counted unless the voter requests and returns a replacement ballot in the time permitted under section 53.17, subsection 2. For the purposes of this section, a return envelope marked with the affidavit shall be considered to contain a defect if it appears to the commissioner that the signature on the envelope has been signed by someone other than the registered voter, in comparing the signature on the envelope to the signature on record of the registered voter named on the envelope. A signature or marking made in accordance with section 39.3, subsection 17, shall not be considered a defect for purposes of this section. The voter may request a replacement ballot in person, in writing, or over the telephone. The same serial number that was assigned to the records of the original absentee ballot application shall be used on the envelope and records of the replacement ballot. The envelope marked with the affidavit and containing the completed replacement ballot shall be marked "Replacement ballot". The envelope marked with the

affidavit and containing the original ballot shall be marked “Defective” and the replacement ballot shall be attached to such envelope containing the original ballot and shall be stored in a secure place until they are delivered to the absentee and special voters precinct board, notwithstanding sections 53.26 and 53.27.

4. The state commissioner of elections shall adopt rules for implementation of this section.

### **53.19 Listing absentee ballots.**

1. The commissioner shall maintain a list of the absentee ballots provided to registered voters, the serial number appearing on the unsealed envelope, the date the application for the absentee ballot was received, and the date the absentee ballot was sent to the registered voter requesting the absentee ballot.

2. The commissioner shall provide each precinct election board with a list of all registered voters from that precinct who have received an absentee ballot. The precinct officials shall immediately designate on the election register those registered voters who have received an absentee ballot and are not entitled to vote in person at the polls, except as provided in subsection 3.

3. a. A registered voter who has received an absentee ballot and not returned it may surrender the absentee ballot to the precinct officials and vote in person at the polls. The precinct officials shall mark the uncast absentee ballot “void” and return it to the commissioner.

b. A registered voter who has requested an absentee ballot by mail but for any reason has not received it or who has not brought the ballot to the polls may appear at the voter’s precinct polling place on election day and, after the precinct election officials confirm the commissioner has not received the voter’s absentee ballot, the voter shall be permitted to vote in person at the polls. If the precinct election officials are unable to confirm whether the commissioner has received the voter’s absentee ballot, the voter shall cast a ballot in accordance with section 49.81.

c. A registered voter who has been notified by the commissioner pursuant to section 53.18 of the need to complete the affidavit or vote a replacement absentee ballot and who has not completed the affidavit or voted a replacement absentee ballot may appear at the voter’s precinct polling place on election day and, after the precinct election officials confirm the voter has not completed the affidavit or voted a replacement ballot, the voter shall be permitted to vote in person at the polls. If the precinct election officials are unable to confirm whether the voter has completed the affidavit or voted a replacement ballot, the voter shall cast a ballot in accordance with section 49.81.

### **53.20 Special precinct established.**

1. There is established in each county a special precinct to be known as the absentee ballot and special voters precinct. Its jurisdiction shall be conterminous with the borders of the county, for the purposes specified by sections 53.22 and 53.23, and the requirement that precincts not cross the boundaries of legislative districts shall not be applicable to it. The commissioner shall draw up an election board panel for the special precinct in the manner prescribed by section 49.15, having due regard for the nature and extent of the duties required of members of the election board and the election officers to be appointed from the panel, including, if directed by the commissioner, the tallying and recording of write-in votes.

2. a. Results from the special precinct shall be reported separately from the results of the ballots cast at the polls on election day. The commissioner shall for general elections also report the results of the special precinct by the resident precincts of the voters who cast absentee and provisional ballots. For all other elections, the commissioner may report the results of the special precinct by the resident precincts of the voters who cast absentee and provisional ballots, or may report the absentee results as a single precinct.

b. For the general election and for any election in which the commissioner determines in advance of the election to report the results of the special precinct by the resident precincts of the voters who cast absentee and provisional ballots, the commissioner shall prepare a separate absentee ballot style for each precinct in the county and shall program the voting system to produce reports by the resident precincts of the voters.

The commissioner upon receipt of a written or oral request for a replacement ballot shall provide a duplicate ballot. The same serial number that was assigned to the records of the original absentee ballot request shall be used on the envelopes and records of the replacement ballot.

**53.22 Balloting by confined persons.**

1. For purposes of this section, “assisted living program” means a program certified pursuant to section 231C.3 that meets the standards for a dementia-specific assisted living program, as established by rule by the department of inspections and appeals.

2. a. (1) A registered voter who has applied for an absentee ballot, in a manner other than that prescribed by section 53.10 or 53.11, and who is a resident, tenant, or patient in a health care facility, assisted living program, or hospital located in the county to which the application has been submitted shall be delivered the appropriate absentee ballot by two special precinct election officers, one of whom shall be a member of each of the political parties referred to in section 49.13, who shall be appointed by the commissioner from the election board panel for the special precinct established by section 53.20. The special precinct election officers shall be sworn in the manner provided by section 49.75 for election board members, shall receive compensation as provided in section 49.20, and shall perform their duties during the ten calendar days after the ballots are printed if the commissioner so elects, during the fourteen

calendar days preceding the election, and on election day if all ballots requested under section 53.8, subsection 3, have not previously been delivered and returned.

(2) If materials are prepared for the two special precinct election officials, a list shall be made of all voters to whom ballots are to be delivered. The list shall be sent with the officials who deliver the ballots and shall include spaces to indicate whether the person was present at the hospital, assisted living program, or health care facility when the officials arrived, whether the person requested assistance from the officials, whether the person was assisted by another person of the voter's choice, the time that the ballot was returned to the officials, and any other notes the officials deem necessary.

(3) The officials shall also be issued a supply of extra ballots to replace spoiled ballots. Receipts shall be issued in substantially the same form as receipts issued to precinct election officials pursuant to section 49.65. All ballots shall be accounted for and shall be returned to the commissioner. Separate envelopes shall be provided for the return of spoiled ballots and unused ballots.

b. If an applicant under this subsection notifies the commissioner that the applicant will not be available at the health care facility, assisted living program, or hospital address at any time during the ten-day period after the ballots are printed, if applicable, or during the fourteen-day period immediately prior to the election, but will be available there at some other time prior to the election or on election day, the commissioner shall direct the two special precinct election officers to deliver the applicant's ballot at an appropriate time preceding the election or on election day. If a person who so requested an absentee ballot has been dismissed from the health care facility or hospital, or is no longer a tenant of the assisted living program, the special precinct election officers may take the ballot to the voter if the voter is currently residing in the county.

c. The special precinct election officers shall travel together in the same vehicle and both shall be present when an applicant casts an absentee ballot. If either or both of the special precinct election officers fail to appear at the time the duties set forth in this section are to be performed, the commissioner shall at once appoint some other person, giving preference to persons designated by the respective county chairpersons of the political parties described in section 49.13, to carry out the requirements of this section. The persons authorized by this subsection to deliver an absentee ballot to an applicant, if requested, may assist the applicant in filling out the ballot as permitted by section 49.90. After the voter has securely sealed the marked ballot in the envelope provided and has subscribed to the oath, the voted absentee ballots shall be deposited in a sealed container which shall be returned to the commissioner on the same day the ballots are voted. On election day the officers shall return the sealed container by the time the polls are closed.

3. Any registered voter who becomes a patient, tenant, or resident of a hospital, assisted living program, or health care facility in the county where the voter is registered to vote within three days prior to the date of any election or on election day may request an absentee ballot during that period or on election day. As an alternative to the application procedure prescribed by section 53.2, the registered voter may make the request directly to the officers who are delivering and returning absentee ballots under this section. Alternatively, the request may be made by telephone to the office of the commissioner not later than four hours before the close of the polls. If the requester is found to be a registered voter of that county, these officers shall deliver the appropriate absentee ballot to the registered voter in the manner prescribed by this section.

4. For any election except a primary or general election or a special election to fill a vacancy under section 69.14, the commissioner may, as an alternative to subsection 2, mail an absentee ballot to an applicant under this section to be voted and returned to the commissioner in accordance with this chapter. This subsection only applies to applications for absentee ballots from a single health care facility, assisted living program, or hospital if there are no more than two applications from that facility, program, or hospital.

5. The commissioner shall mail an absentee ballot to a registered voter who has applied for an absentee ballot and who is a patient, tenant, or resident of a hospital, assisted living program, or health care facility outside the county in which the voter is registered to vote.

6. a. If the registered voter becomes a patient, tenant, or resident of a hospital, assisted

living program, or health care facility outside the county where the voter is registered to vote within three days before the date of any election or on election day, the voter may designate a person to deliver and return the absentee ballot. The designee may be any person the voter chooses except that no candidate for any office to be voted upon for the election for which the ballot is requested may deliver a ballot under this subsection. The request for an absentee ballot may be made by telephone to the office of the commissioner not later than four hours before the close of the polls. If the requester is found to be a registered voter of that county, the ballot shall be delivered by mail or by the person designated by the voter. An application form shall be included with the absentee ballot and shall be signed by the voter and returned with the ballot.

**b. Absentee ballots voted under this subsection shall be delivered to the commissioner no later than the time the polls are closed on election day. If the ballot is returned by mail the return envelope must be received by the time the polls close, or be clearly postmarked by an officially authorized postal service or bear a postal service barcode traceable to a date of entry into the federal mail system not later than the day before the election, as provided in section 53.17A, and received by the commissioner no later than the time established for the canvass by the board of supervisors for that election.**

7. Observers representing candidates, political parties, or nonparty political organizations, or observers who are opponents or proponents of a ballot issue to be voted on at the election are prohibited from being present at a hospital, assisted living program, or health care facility during the time the special precinct election officers are delivering absentee ballots to the patients, tenants, or residents of such hospital, assisted living program, or health care facility.

8. The proof of identity requirements under section 49.78 shall not apply to a voter casting a ballot pursuant to this section.

### **53.23 Special precinct election board.**

1. The election board of the absentee ballot and special voters precinct shall be appointed by the commissioner in the manner prescribed by sections 49.12 and 49.13, except that the number of precinct election officials appointed to the board shall be sufficient to complete the counting of absentee ballots by 10:00 p.m. on election day.

2. The board's powers and duties shall be the same as those provided in chapter 50 for precinct election officials in regular precinct polling places. However, the election board of the special precinct shall receive from the commissioner and count all absentee ballots for all precincts in the county; when two or more political subdivisions in the county hold elections simultaneously the special precinct election board shall count absentee ballots cast in all of the elections so held. The tally list shall be recorded on forms prescribed by the state commissioner.

3. a. The commissioner shall set the convening time for the board, allowing a reasonable amount of time to complete counting all absentee ballots by 10:00 p.m. on election day.

b. (1) The commissioner may direct the board to meet on the day before the election for the purpose of reviewing the absentee voters' affidavits appearing on the sealed envelopes. If in the commissioner's judgment this procedure is necessary due to the number of absentee ballots received, the members of the board may open the sealed affidavit envelopes and remove the secrecy envelope containing the ballot, but under no circumstances shall a secrecy envelope or a return envelope marked with an affidavit be opened before the board convenes on election day, except as provided in paragraph "c". If the affidavit envelopes are opened before election day pursuant to this paragraph "b", the observers appointed by each political party, as defined in section 43.2, shall witness the proceedings. Each political party

may appoint up to five observers under this paragraph “b”. The observers shall be appointed by the county chairperson or, if the county chairperson fails to make an appointment, by the state chairperson. However, if either or both political parties fail to appoint an observer, the commissioner may continue with the proceedings.

(2) If the board finds any ballot not enclosed in a secrecy envelope and the ballot is folded in such a way that any of the votes cast on the ballot are visible, the two special precinct election officials, one from each of the two political parties referred to in section 49.13, subsection 2, shall place the ballot in a secrecy envelope. No one shall examine the ballot, except as provided in paragraph “c”.

c. For the general election, the commissioner may convene the special precinct election board on the day before the election to begin counting absentee ballots. However, if in the preceding general election the counting of absentee ballots was not completed by 10:00 p.m. on election day, the commissioner shall convene the special precinct election board on the day before the next general election to begin counting absentee ballots. The board shall not release the results of its tabulation pursuant to this paragraph until the count is completed on election day.

4. The room where members of the special precinct election board are engaged in counting absentee ballots on the day before the election pursuant to subsection 3, paragraph “c”, or during the hours the polls are open shall be policed so as to prevent any person other than those whose presence is authorized by this subsection from obtaining information about the progress of the count. The only persons who may be admitted to that room are the members of the board, five challengers representing each political party, one observer representing any nonparty political organization or any candidate nominated by petition pursuant to chapter 45 or any other nonpartisan candidate in a city or school election appearing on the ballot of the election in progress, one observer representing persons supporting a public measure appearing on the ballot and one observer representing persons opposed to such measure, and the commissioner or the commissioner’s designee. It shall be unlawful for any of these persons to communicate or attempt to communicate, directly or indirectly, information regarding the progress of the count at any time while the board is convened pursuant to subsection 3, paragraph “c”, or at any time before the polls are closed.

5. The special precinct election board shall preserve the secrecy of all absentee and provisional ballots. After the affidavits on the envelopes have been reviewed and the qualifications of the persons casting the ballots have been determined, those that have been accepted for counting shall be opened. The ballots shall be removed from the affidavit envelopes or return envelopes marked with the affidavit, as applicable, without being unfolded or examined, and then shall be thoroughly intermingled, after which they shall be unfolded and tabulated. If secrecy folders or envelopes are used with provisional paper ballots, the ballots shall be removed from the secrecy folders after the ballots have been intermingled.

6. The special precinct election board shall not release the results of its tabulation on election day until all of the ballots it is required to count on that day have been counted, nor release the tabulation of provisional ballots accepted and counted under chapter 50 until that count has been completed.

If the affidavit envelope or return envelope marked with the affidavit is open, or has been opened and resealed, or if the ballot is not enclosed in such envelope, and an

affidavit envelope or return envelope marked with the affidavit with the same serial number and marked “Replacement ballot” is not attached as provided in section 53.18, the ballot shall be rejected by the absentee and special voters precinct board.

b. If a voter casts a provisional ballot pursuant to section 49.78, subsection 7, and the voter has failed to establish the voter’s identity at the commissioner’s office, the provisional ballot shall be rejected by the absentee and special voters precinct board.

Any person qualified to vote at the election in progress may challenge the qualifications of a person casting an absentee ballot by submitting a written challenge to the commissioner no later than 5:00 p.m. on the Friday before the election. It is the duty of the special precinct officials to challenge the absentee ballot of any person whom the official knows or suspects is

not duly qualified. Challenges by members of the special precinct election board or observers present pursuant to section 53.23 may be made at any time before the close of the polls on election day. The challenge shall state the reasons for which the challenge is being submitted and shall be signed by the challenger. When a challenge is received the absentee ballot shall be set aside for consideration by the special precinct election board when it meets as required by section 50.22.

2. The commissioner shall immediately send a written notice to the elector whose qualifications have been challenged. #### **53.40 Request requirements — transmission of ballot.**

1. *a.* A request in writing for a ballot may be made by any member of the armed forces of the United States who is or will be a qualified voter on the day of the election at which the ballot is to be cast, at any time before the election. Any member of the armed forces of the United States may request ballots for all elections to be held during a calendar year. The request may be made by using the federal postcard application form and indicating that the applicant wishes to receive ballots for all elections as permitted by state law. If the applicant does not specify which elections the request is for, the county commissioner shall send the applicant a ballot for each federal election held after the application is received until the end of the calendar year in which the request is received.

*b.* Unless the request specifies otherwise, a request for the primary election shall also be considered a request for the general election. In the case of the general election, request may be made not more than seventy days before the election, for and on behalf of a voter in the armed forces of the United States by a spouse, parent, parent-in-law, adult brother, adult sister, or adult child of the voter, residing in the county of the voter's residence. However, a request made by other than the voter may be required to be made on forms prescribed by the state commissioner.

*c.* A request shall show the residence, including street address, if any, of the voter and the age of the voter and shall designate the address to which the ballot is to be sent. In the case of the primary election, the request shall also show the party affiliation of the voter. The request shall be made to the commissioner of the county of the voter's residence. However, if the request is made by the voter to any elective state, city, or county official, the official shall forward it to the commissioner of the county of the voter's residence, and such request so forwarded shall have the same force and effect as if made directly to the commissioner by the voter.

2. The commissioner shall immediately on the forty-fifth day prior to the particular election transmit ballots to the voter by mail or otherwise, postage prepaid, as directed by the state commissioner, requests for which are in the commissioner's hands at that time, and thereafter so transmit ballots immediately upon receipt of requests. A request for ballot for the primary election which does not state the party affiliation of the voter making the request is void and of no effect. A request which does not show that the person for whom a ballot is requested will be a qualified voter in the precinct in which the ballot is to be cast on the day of the election for which the ballot is requested, shall not be honored. However, a request which states the age and the city, including street address, and county where the voter resides is sufficient to show that the person is a qualified voter. A request by the voter containing substantially the information required is sufficient.

3. If the affidavit on the envelope marked with the affidavit shows that the affiant is not a qualified voter on the day of the election at which the ballot is offered for voting, the envelope shall not be opened, but the envelope and ballot contained in the envelope shall be preserved and returned by the precinct election officials to the commissioner, who shall preserve them for the period of time and under the conditions provided for in sections 50.12, 50.13, 50.15, and 50.19.

1. The commissioner of each county shall establish and maintain a record of all requests for ballots which are made, and of all ballots transmitted, and the manner of transmittal, from and received in the commissioner's office under the provisions of this subchapter.

2. If more than one request for absent voter's ballot for a particular election is made to the commissioner before the ballots are ready to mail by or on behalf of a voter in the armed forces of the United States, the last request received shall be honored, except that if one of the requests is made by the voter, the request of the voter shall be honored in preference to a request made on the voter's behalf by another.

3. Not more than one ballot shall be transmitted by the commissioner to any voter for a particular election unless after the ballot has been mailed the voter reports a change in the address to which the ballot should be sent. A ballot shall be mailed using a serial number that indicates that this is a replacement sent to an updated address. The original ballot shall be counted only if the replacement ballot does not arrive. If the commissioner receives more than one absent voter's ballot, provided for by this subchapter, from or purporting to be from any one voter for a particular election, all of the ballots so received from or purporting to be from such voter are void, and the commissioner shall not deliver any of the ballots to the precinct election officials, but shall retain them in the commissioner's office, and preserve them for the period and under the conditions provided for in sections 50.12, 50.13, 50.15, and 50.19.

g. That the public measure or office was not authorized or required by state law to appear on the ballot at the election being contested.

2. *a.* A political committee shall not be established to expressly advocate the nomination, election, or defeat of only one candidate for office. However, a political committee may be established to expressly advocate the passage or defeat of approval of a single judge standing for retention. A permanent organization, as defined in section 68A.402, subsection 9, may make a one-time contribution to only one candidate for office in excess of one thousand dollars.

*b.* The prohibition in paragraph "a" does not apply to a political committee described in section 68A.102, subsection 18, paragraph "c", until the individual becomes a candidate for public office. resident as treasurer or maintain all of the committee's funds in bank accounts in a financial institution located in Iowa.

c. An expenditure shall not be made by the treasurer or treasurer's designee for or on behalf of a committee without the approval of the chairperson of the committee, or the candidate. An individual who receives contributions for a committee without the prior authorization of the chairperson of the committee or the candidate shall be responsible for either rendering the contributions to the treasurer within fifteen days of the date of receipt of the contributions, or depositing the contributions in the account maintained by the committee within seven days of the date of receipt of the contributions.

b. A person, other than a candidate or committee officer, who receives contributions for a committee shall, not later than fifteen days from the date of receipt of the contributions or on demand of the treasurer, render to the treasurer the contributions and an account of the total of all contributions, including the name and address of each person making a contribution in excess of twenty-five dollars, the amount of the contributions, and the date on which the contributions were received.

c. The treasurer shall deposit all contributions within seven days of receipt by the treasurer in an account maintained by the committee.

d. All funds of a committee shall be segregated from any other funds held by officers, members, or associates of the committee or the committee's candidate. However, if a candidate's committee receives contributions only from the candidate, or if a permanent organization temporarily engages in activity that qualifies it as a political committee and all expenditures of the organization are made from existing general operating funds and funds are not solicited or received for this purpose from sources other than operating funds, then that committee is not required to maintain a separate account in a financial institution.

e. Committee funds or committee property shall not be used for the personal benefit of a candidate, officer, member, or associate of the committee. The funds of a committee are not attachable for the personal debt of the committee's candidate or an officer, member, or associate of the committee.

3. The treasurer of a committee shall keep a detailed and exact account of:

a. All contributions made to or for the committee.

b. The name and mailing address of every person making contributions in excess of twenty-five dollars, and the date and amount of the contribution.

Notwithstanding this paragraph, the treasurer may keep a miscellaneous account for disbursements of less than five dollars which need only show the amount of the disbursement so long as the aggregate miscellaneous disbursements to any one person during a calendar year do not exceed one hundred dollars.

e. Notwithstanding the provisions of subsection 3, paragraph "d", of this section, when an expenditure is made by a committee in support of the entire state or local political party ticket, only the name of the party shall be given.

4. The treasurer and candidate in the case of a candidate's committee, and the treasurer and chairperson in the case of a political committee, shall preserve all records required to be kept by this section for a period of five years. However, a committee is not required to preserve any records for more than three years from the certified date of dissolution of the committee. For purposes of this section, the five-year period shall commence with the due date of the disclosure report covering the activity documented in the records.

### **68B.32B Complaint procedures.**

1. Any person may file a complaint alleging that a candidate, committee, person holding a state office in the executive branch of state government, employee of the executive branch of state government, or other person has committed a violation of chapter 68A or rules adopted by the board. Any person may file a complaint alleging that a person holding a state office

in the executive branch of state government, an employee of the executive branch of state government, or a lobbyist or a client of a lobbyist of the executive branch of state government has committed a violation of this chapter or rules adopted by the board. Any person may file a complaint alleging a violation of section 8.7 or rules adopted by the board. The board shall prescribe and provide forms for purposes of this subsection. A complaint must include the name and address of the complainant, a statement of the facts believed to be true that form the basis of the complaint, including the sources of information and approximate dates of the acts alleged, and a certification by the complainant under penalty of perjury that the facts stated to be true are true to the best of the complainant's knowledge.

2. The board staff shall review the complaint to determine if the complaint is sufficient as to form. If the complaint is deficient as to form, the complaint shall be returned to the complainant with a statement of the deficiency and an explanation describing how the deficiency may be cured. If the complaint is sufficient as to form, the complaint shall be referred for legal review.

3. Unless the chairperson of the board concludes that immediate notification would prejudice a preliminary investigation or subject the complainant to an unreasonable risk, the board shall mail a copy of the complaint to the subject of the complaint within three working days of the acceptance of the complaint. If a determination is made by the chairperson not to mail a copy of the complaint to the subject of the complaint within the three working days time period, the board shall approve and establish the time and conditions under which the subject will be informed of the filing and contents of the complaint.

4. Upon completion of legal review, the chairperson of the board shall be advised whether, in the opinion of the legal advisor, the complaint states an allegation which is legally sufficient. A legally sufficient allegation must allege all of the following:

a. Facts that would establish a violation of a provision of this chapter, chapter 68A, section 8.7, or rules adopted by the board.

b. Facts that would establish that the conduct providing the basis for the complaint occurred within three years of the complaint.

c. Facts that would establish that the subject of the complaint is a party subject to the jurisdiction of the board.

5. After receiving an evaluation of the legal sufficiency of the complaint, the chairperson shall refer the complaint to the board for a formal determination by the board of the legal sufficiency of the allegations contained in the complaint.

6. If the board determines that none of the allegations contained in the complaint are legally sufficient, the complaint shall be dismissed. The complainant shall be sent a notice of dismissal stating the reason or reasons for the dismissal. If a copy of the complaint was sent to the subject of the complaint, a copy of the notice shall be sent to the subject of the complaint. If the board determines that any allegation contained in the complaint is legally sufficient, the complaint shall be referred to the board staff for investigation of any legally sufficient allegations.

7. Notwithstanding subsections 1 through 6, the board may, on its own motion and without the filing of a complaint by another person, initiate investigations into matters that the board believes may be subject to the board's jurisdiction. This section does not preclude persons from providing information to the board for possible board-initiated investigation instead of filing a complaint.

8. The purpose of an investigation by the board's staff is to determine whether there is probable cause to believe that there has been a violation of this chapter, chapter 68A, section 8.7, or of rules adopted by the board. To facilitate the conduct of investigations, the board may issue and seek enforcement of subpoenas requiring the attendance and testimony of witnesses and subpoenas requiring the production of books, papers, records, and other real evidence relating to the matter under investigation. Upon the request of the board, an appropriate county attorney or the attorney general shall assist the staff of the board in its investigation.

9. If the board determines on the basis of an investigation by board staff that there is probable cause to believe the existence of facts that would establish a violation of this chapter, chapter 68A, section 8.7, or of rules adopted by the board, the board may issue a statement

of charges and notice of a contested case proceeding to the complainant and to the person who is the subject of the complaint, in the manner provided for the issuance of statements of charges under chapter 17A. If the board determines on the basis of an investigation by staff that there is no probable cause to believe that a violation has occurred, the board shall close the investigation, dismiss any related complaint, and the subject of the complaint shall be notified of the dismissal. If the investigation originated from a complaint filed by a person other than the board, the person making the complaint shall also be notified of the dismissal.

10. At any stage during the investigation or after the initiation of a contested case proceeding, the board may approve a settlement regarding an alleged violation. Terms of a settlement shall be reduced to writing and be available for public inspection. An informal settlement may provide for any remedy specified in section 68B.32D. However, the board shall not approve a settlement unless the board determines that the terms of the settlement are in the public interest and are consistent with the purposes of this chapter and rules of the board. In addition, the board may authorize board staff to seek informal voluntary compliance in routine matters brought to the attention of the board or its staff.

11. A complaint shall be a public record, but some or all of the contents may be treated as confidential under section 22.7, subsection 18, to the extent necessary under subsection 3 of this section. Information informally reported to the board and board staff which results in a board-initiated investigation shall be a public record but may be treated as confidential information consistent with the provisions of section 22.7, subsection 18. If the complainant, the person who provides information to the board, or the person who is the subject of an investigation publicly discloses the existence of an investigation, the board may publicly confirm the existence of the disclosed formal complaint or investigation and, in the board's discretion, make the complaint or the informal referral public, as well as any other documents that were issued by the board to any party to the investigation. However, investigative materials may be furnished to the appropriate law enforcement authorities by the board at any time. Upon the commencement of a contested case proceeding by the board, all investigative material relating to that proceeding shall be made available to the subject of the proceeding. The entire record of any contested case proceeding initiated under this section shall be a public record.

12. Board records used to achieve voluntary compliance to resolve discrepancies and deficiencies shall not be confidential unless otherwise required by law.

Clear and convincing evidence shall be required to support a finding that a person has violated this chapter, section 8.7, or any rules adopted by the board pursuant to this chapter. A preponderance of the evidence shall be required to support a finding that a person has violated chapter 68A or any rules adopted by the board pursuant to chapter 68A. The case in support of the statement of charges shall be presented at the hearing by one of the board's attorneys or staff unless, upon the request of the board, the charges are prosecuted by another legal counsel designated by the attorney general. A person making a complaint under section 68B.32B, subsection 1, is not a party to contested case proceedings conducted relating to allegations contained in the complaint.

2. Hearings held pursuant to this chapter shall be heard by a quorum of the board, unless the board designates a board member or an administrative law judge to preside at the hearing. If a quorum of the board does not preside at the hearing, the board member or administrative law judge shall make a proposed decision. The board or presiding board member may be assisted by an administrative law judge in the conduct of the hearing and the preparation of a decision.

*e.* The removal of the incumbent from, or forfeiture of, the office, or the decision of a competent tribunal declaring the office vacant.

The amount of the bond shall be at least double the probable compensation of such officer for six months, which bond shall be conditioned that the officer will prosecute the appeal without delay and that, if the judgment appealed from is affirmed, the party will pay over to the successful party all compensation received by the party while in possession of the office after the judgment appealed from was rendered. The court shall hear the appeal in equity and determine anew all questions arising in the case.

### **69.12 Officers elected to fill vacancies — tenure.**

When a vacancy occurs in any nonpartisan elective office of a political subdivision of this state, and the statutes governing the office in which the vacancy occurs require that it be filled by election or are silent as to the method of filling the vacancy, it shall be filled pursuant to this section. As used in this section, “*pending election*” means any election at which there will be on the ballot either the office in which the vacancy exists, or any other office to be filled or any public question to be decided by the voters of the same political subdivision in which the vacancy exists.

1. If the unexpired term in which the vacancy occurs has more than seventy days to run after the date of the next pending election, the vacancy shall be filled in accordance with this subsection. The fact that absentee ballots were distributed or voted before the vacancy occurred or was declared shall not invalidate the election.

a. A vacancy shall be filled at the next pending election if it occurs:

(1) Seventy-four or more days before the election, if it is a general election.

(2) Fifty-two or more days before the election, if it is a regularly scheduled or special city election. However, for those cities which may be required to hold a primary election, the vacancy shall be filled at the next pending election if it occurs seventy-three or more days before a regularly scheduled city election or fifty-nine or more days before a special city election.

(3) Forty-five or more days before the election, if it is a regularly scheduled school election.

(4) Sixty or more days before the election, if it is a special election.

b. Nomination papers on behalf of candidates for a vacant office to be filled pursuant to paragraph “a” of this subsection shall be filed, in the form and manner prescribed by applicable law, by 5:00 p.m. on:

(1) The final filing date for candidates filing with the state commissioner or commissioner, as the case may be, for a general election.

(3) The fortieth day before a regularly scheduled school election.

(4) The twenty-fifth day before a special election.

c. A vacancy which occurs at a time when paragraph “a” of this subsection does not permit it to be filled at the next pending election shall be filled by appointment as provided by law until the succeeding pending election.

2. When the unexpired term of office in which the vacancy occurs will expire within seventy days after the date of the next pending election, or after the date of a preceding election in which that office was on the ballot, the person elected to the office for the succeeding term shall also be deemed elected to fill the remainder of the unexpired term. If the vacancy is on a multimember body to which more than one nonincumbent is elected for the succeeding term, the nonincumbent who received the most votes shall be deemed elected to fill the remainder of the unexpired term. A person so elected to fill an unexpired term shall qualify within the time required by sections 63.3 and 63.8. Unless other requirements are imposed by law, qualification for the unexpired term shall also constitute qualification for the full term to which the person was elected.

**69.14A Filling vacancy of elected county officer.**

1. A vacancy on the board of supervisors shall be filled by one of the following procedures:

a. By appointment by the committee of county officers designated to fill the vacancy in section 69.8.

(1) The appointment shall be for the period until the next pending election as defined in section 69.12, and shall be made within forty days after the vacancy occurs. If the committee of county officers designated to fill the vacancy chooses to proceed under this paragraph, the committee shall publish notice in the manner prescribed by section 331.305 stating that the committee intends to fill the vacancy by appointment but that the electors of the district or county, as the case may be, have the right to file a petition requiring that the vacancy be filled by special election. The committee may publish notice in advance if an elected official submits a resignation to take effect at a future date. The committee may make an appointment to fill the vacancy after the notice is published or after the vacancy occurs, whichever is later. A person appointed to an office under this subsection shall have actually resided in the county which the appointee represents sixty days prior to appointment.

(2) However, if within fourteen days after publication of the notice or within fourteen days after the appointment is made, a petition is filed with the county auditor requesting a special election to fill the vacancy, the appointment is temporary and a special election shall be called as provided in paragraph "b". The petition shall meet the requirements of section 331.306, except that in counties where supervisors are elected under plan "three", the number of signatures calculated according to the formula in section 331.306 shall be divided by the number of supervisor districts in the county.

b. By special election held to fill the office for the remaining balance of the unexpired term.

(1) The committee of county officers designated to fill the vacancy in section 69.8 may, on its own motion, or shall, upon receipt of a petition as provided in paragraph "a", call for

a special election to fill the vacancy in lieu of appointment. The committee shall order the special election at the earliest practicable date, but giving at least thirty-two days' notice of the election. A special election called under this section shall be held on a Tuesday and shall not be held on the same day as a school election within the county.

(2) However, if a vacancy on the board of supervisors occurs after the date of the primary election and more than seventy-three days before the general election, a special election to fill the vacancy shall not be called by the committee or by petition. If the term of office in which the vacancy exists will expire more than seventy days after the general election, the office shall be listed on the ballot, as "For Board of Supervisors, To Fill Vacancy". The person elected at the general election shall assume office as soon as a certificate of election is issued and the person has qualified by taking the oath of office. The person shall serve the balance of the unexpired term.

(3) If the term of office in which the vacancy exists will expire within seventy days after the general election, the person elected to the succeeding term shall also serve the balance of the unexpired term. The person elected at the general election shall assume office as soon as a certificate of election is issued and the person has qualified by taking the oath of office.

c. For a vacancy declared by the board pursuant to section 331.214, subsection 2, by special election held to fill the office if the remaining balance of the unexpired term is two and one-half years or more. The committee of county officers designated to fill the vacancy in section 69.8 shall order the special election at the earliest practicable date, but giving at least thirty-two days' notice of the election. A special election called under this section shall be held on a Tuesday and shall not be held on the same day as a school election within the county. The office shall be listed on the ballot, as "For Board of Supervisors, To Fill Vacancy". The person elected at the special election shall serve the balance of the unexpired term.

2. A vacancy in any of the offices listed in section 39.17 shall be filled by one of the two following procedures:

a. By appointment by the board of supervisors.

(1) The appointment shall be for the period until the next pending election as defined in section 69.12, and shall be made within forty days after the vacancy occurs. If the board of supervisors chooses to proceed under this paragraph, the board shall publish notice in the manner prescribed by section 331.305 stating that the board intends to fill the vacancy by appointment but that the electors of the county have the right to file a petition requiring that the vacancy be filled by special election. The board may publish notice in advance if an elected official submits a resignation to take effect at a future date. The board may make an appointment to fill the vacancy after the notice is published or after the vacancy occurs, whichever is later. A person appointed to an office under this subsection, except for a county attorney, shall have actually resided in the county which the appointee represents sixty days prior to appointment. A person appointed to the office of county attorney shall be a resident of the county at the time of appointment.

(2) However, if within fourteen days after publication of the notice or within fourteen days after the appointment is made, a petition is filed with the county auditor requesting a special election to fill the vacancy, the appointment is temporary and a special election shall be called as provided in paragraph "b". The petition shall meet the requirements of section 331.306.

b. By special election held to fill the office for the remaining balance of the unexpired term.

(1) The board of supervisors may, on its own motion, or shall, upon receipt of a petition as provided in paragraph "a", call for a special election to fill the vacancy in lieu of appointment. The supervisors shall order the special election at the earliest practicable date, but giving at least thirty-two days' notice of the election. A special election called under this section shall be held on a Tuesday and shall not be held on the same day as a school election within the county.

(2) If a vacancy in an elective county office occurs after the date of the primary election and more than seventy-three days before the general election, a special election to fill the vacancy shall not be called by the board of supervisors or by petition. If the term of office in which the vacancy exists will expire more than seventy days after the general election, the office shall be listed on the ballot with the name of the office and the additional description,

“To Fill Vacancy”. The person elected at the general election shall assume office as soon as a certificate of election is issued and the person has qualified by taking the oath of office. The person shall serve the balance of the unexpired term.

(3) If the term of office in which the vacancy exists will expire within seventy days after the general election, the person elected to the succeeding term shall also serve the balance of the unexpired term. The person elected at the general election shall assume office as soon as a certificate of election is issued and the person has qualified by taking the oath of office.

3. Notwithstanding subsection 2, in the event of a vacancy for which no eligible candidate residing in the county comes forward for appointment, a county board of supervisors may employ a person to perform the duties of the office for at least sixty days but no more than ninety days. After ninety days, the board shall proceed under subsection 2.

4. Notwithstanding subsections 1 and 2, if a nomination has been made at the primary election for an office in which a vacancy has been filled by appointment, the office shall be filled at the next general election, and not at any special election in the same political subdivision.

If the applicant or licensee will operate a moored barge or an excursion boat that will not cruise, the requirements of this chapter concerning cruising shall not apply. If the applicant's or licensee's excursion boat will cruise, the applicant or licensee shall comply with the cruising requirements of this chapter and the commission shall not allow such a licensee to conduct gambling games on an excursion gambling boat while docked during the off season if the licensee does not operate gambling excursions for a minimum number of days during the excursion season. a. The applicant shall not, by a lease, contract, understanding, or arrangement of any kind, grant, assign, or turn over to a person the operation of an excursion gambling boat licensed under this section or of the system of wagering described in section 99F.9. This section does not prohibit a management contract approved by the commission.

b. The applicant shall not in any manner permit a person other than the licensee to have a share, percentage, or proportion of the money received for admissions to the excursion gambling boat.

4. The commission shall require, as a condition of granting a license, that an applicant to operate an excursion gambling boat develop and, as nearly as practicable, re-create boats or moored barges that resemble Iowa's riverboat history.

5. The commission shall require that an applicant utilize Iowa resources, goods and services in the operation of an excursion gambling boat. The commission shall develop standards to assure that a substantial amount of all resources and goods used in the operation of an excursion gambling boat emanate from and are made in Iowa and that a substantial amount of all services and entertainment are provided by Iowans.

e. The applicant is a corporation and ten percent of the stock of the corporation is subject to a contract or option to purchase at any time during the period for which the license is to be issued unless the contract or option was disclosed to the commission and the commission approved the sale or transfer during the period of the license.

f. The applicant has knowingly made a false statement of a material fact to the commission.

g. The applicant has failed to meet a monetary obligation in connection with an excursion gambling boat.

9. A license shall not be granted if there is substantial evidence that the applicant is not of good repute and moral character or if the applicant has pled guilty to, or has been convicted of, a felony.

11. a. A license to conduct gambling games in a county shall be issued only if the county

To be submitted at a general election, the petition must be received by the board of supervisors at least five working days before the last day for candidates for county offices to file nomination papers for the general election pursuant to section 44.4. If a majority of the county voters voting on the proposition favor the conduct of gambling games, the commission may issue one or more licenses as provided in this chapter. If a majority of the county voters voting on the proposition do not favor the conduct of gambling games, a license to conduct gambling games in the county shall not be issued.

b. If a license to conduct gambling games is in effect pursuant to a referendum as set forth in this section and is subsequently disapproved by a referendum of the county electorate, the license issued by the commission after a referendum approving gambling games shall remain valid and is subject to renewal for a total of nine years from the date of original issue or one year from the date of the referendum disapproving the conduct of gambling games, whichever is later, unless the commission revokes a license at an earlier date as provided in this chapter.

c. If a licensee of a pari-mutuel racetrack who held a valid license issued under chapter 99D as of January 1, 1994, requests a license to operate gambling games as provided in this chapter, the board of supervisors of a county in which the licensee of a pari-mutuel racetrack requests a license to operate gambling games shall submit to the county electorate a proposition to approve or disapprove the operation of gambling games at pari-mutuel racetracks at an election held on a date specified in section 39.2, subsection 4, paragraph “a”. #### **161A.10 Discontinuance of districts.**

1. At any time after five years after the organization of a district under this chapter, any twenty-five owners of land lying within the boundaries of the district, but in no case less than twenty percent of the owners of land lying within the district, may file a petition with the committee asking that the operations of the district be terminated and the existence of the district discontinued. The committee may conduct public meetings and public hearings upon the petition as necessary to assist in the consideration of the petition. Within sixty days after a petition has been received by the committee, the division shall give due notice of the holding of a referendum, shall supervise the referendum, and shall issue appropriate rules governing the conduct of the referendum. The question is to be submitted by ballots upon which the words "For terminating the existence of the ..... (name of the soil and water conservation district to be here inserted)" and "Against terminating the existence of the ..... (name of the soil and water conservation district to be here inserted)" shall be printed, with a square before each proposition and a direction to insert an X mark in the square before one or the other of the propositions as the voter favors or opposes discontinuance of the district. All owners of lands lying within the boundaries of the district are eligible to vote in the referendum. No informalities in the conduct of the referendum or in any matters relating to the referendum invalidate the referendum or the result of the referendum if notice was given substantially as provided in this section and if the referendum was fairly conducted.

2. When sixty-five percent of the landowners vote to terminate the existence of the district, the committee shall advise the commissioners to terminate the affairs of the district. The commissioners shall dispose of all property belonging to the district at public auction and shall pay over the proceeds of the sale to be deposited into the state treasury. The

commissioners shall then file an application, duly verified, with the secretary of state for the discontinuance of the district, and shall transmit with the application the certificate of the committee setting forth the determination of the committee that the continued operation of the district is not administratively practicable and feasible. The application shall recite that the property of the district has been disposed of and the proceeds paid over as provided in this section, and shall set forth a full accounting of the properties and proceeds of the sale. The secretary of state shall issue to the commissioners a certificate of dissolution and shall record the certificate in an appropriate book of record in the secretary of state's office.

3. Upon issuance of a certificate of dissolution under this section, all ordinances and regulations previously adopted and in force within the districts are of no further force and effect. All contracts previously entered into, to which the district or commissioners are parties, remain in force and effect for the period provided in the contracts. The committee is substituted for the district or commissioners as party to the contracts. The committee is entitled to all benefits and subject to all liabilities under the contracts and has the same right and liability to perform, to require performance, to sue and be sued, and to modify or terminate the contracts by mutual consent or otherwise, as the commissioners of the district would have had.

4. The committee shall not entertain petitions for the discontinuance of any district nor conduct referenda upon discontinuance petitions nor make determinations pursuant to the petitions in accordance with this chapter, more often than once in five years.

#### **174.17 Issuance of revenue bonds — standby tax levy.**

1. The governing body of a fair may issue bonds payable from revenue generated by the operations of the fair event and the use or rental of the real and personal property owned or leased by the fair. The governing body of a fair shall comply with all of the following procedures in issuing such bonds:

a. A fair may institute proceedings for the issuance of bonds by causing a notice of the proposal to issue the bonds to be published at least once in a newspaper of general circulation within the county at least ten days prior to the meeting at which the fair proposes to take action for the issuance of the bonds. The notice shall include a statement of the amount and purpose of the bonds, the maximum rate of interest the bonds are to bear, and the right to petition for an election.

b. If at any time before the date fixed for taking action for the issuance of the bonds, a petition signed by three percent of the registered voters of the county is filed with the board of supervisors, asking that the question of issuing the bonds be submitted to the registered voters, the board of supervisors shall either by resolution declare the proposal to issue the bonds to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of issuing the bonds. The proposition of issuing bonds under this subsection is not approved unless the vote in favor of the proposition is equal to at least sixty percent of the vote cast. If a petition is not filed, or if a petition is filed and the proposition of issuing the bonds is approved at an election, the board of supervisors acting on behalf of the fair may proceed with the authorization and issuance of the bonds. Bonds may be issued for the purpose of refunding outstanding and previously issued bonds under this subsection without otherwise complying with the provisions of this subsection.

c. Bonds issued under this subsection shall not limit or restrict the authority of the fair as otherwise provided by law.

2. To further secure the payment of the bonds, the board of supervisors may, by resolution, provide for the assessment of an annual levy of a standby tax upon all taxable property within the county. A copy of the resolution shall be sent to the county auditor. The revenues from the standby tax shall be deposited in a special fund and shall be expended only for the payment of principal of and interest on the bonds issued as provided in this section, when the receipt of revenues pursuant to subsection 1 is insufficient to pay the principal and interest. If payments are necessary and made from the special fund, the amount of the payments shall be promptly

repaid into the special fund from the first available revenues received which are not required for the payment of principal of or interest on bonds due. Reserves shall not be built up in the special fund in anticipation of a projected default. The board of supervisors shall adjust the annual standby tax levy for each year to reflect the amount of revenues in the special fund and the amount of principal and interest which is due in that year.

10. The state board shall establish an accreditation process for school districts and nonpublic schools seeking accreditation pursuant to this subsection and subsections 11 and 12. By July 1, 1989, all school districts shall meet standards for accreditation. For the school year commencing July 1, 1989, and school years thereafter, the department of education shall use a two-phase process for the continued accreditation of schools and school districts.

a. (1) Phase I shall consist of annual monitoring by the department of education of all accredited schools and school districts for compliance with accreditation standards adopted by the state board of education as provided in this section. The phase I monitoring requires that accredited schools and school districts annually complete accreditation compliance forms adopted by the state board and file them with the department of education. Phase I monitoring requires a comprehensive desk audit of all accredited schools and school districts including review of accreditation compliance forms, accreditation visit reports, methods of administration reports, and reports submitted in compliance with section 256.7, subsection 21, paragraph "a", and section 280.12.

(2) The department shall conduct site visits to schools and school districts to address accreditation issues identified in the desk audit. Such a visit may be conducted by an individual departmental consultant or may be a comprehensive site visit by a team of departmental consultants and other educational professionals. The purpose of a comprehensive site visit is to determine that a district is in compliance with minimum standards and to provide a general assessment of educational practices in a school or school district and make recommendations with regard to the visit findings for the purposes of improving educational practices above the level of minimum compliance. The department shall establish a long-term schedule of site visits that includes visits of all accredited schools and school districts as needed.

b. (1) Phase II requires the use of an accreditation committee, appointed by the director of the department of education, to conduct an on-site visit to an accredited school or school district if any of the following conditions exist:

(a) When either the annual monitoring or the biennial on-site visit of phase I indicates that a school or school district is deficient and fails to be in compliance with accreditation standards.

(b) In response to a petition filed with the director requesting such a committee visitation that is signed by eligible electors residing in the school district equal in number to at least twenty percent of the registered voters of the school district.

be from the instructional and administrative program specialty staff of the department of education. Other members may include instructional and administrative staff from school districts, area education agencies, institutions of higher education, local board members and the general public. An accreditation committee visit to a nonpublic school requires membership on the committee from nonpublic school instructional or administrative staff or board members. A member of a committee shall not have a direct interest in the nonpublic school or school district being visited.

(3) Rules adopted by the state board may include provisions for coordination of the accreditation process under this section with activities of accreditation associations.

(4) Prior to a visit to a school district or nonpublic school, members of the accreditation committee shall have access to all annual accreditation report information filed with the department by that nonpublic school or school district.

(5) After visiting the school district or nonpublic school, the accreditation committee shall determine whether the accreditation standards have been met and shall make a report to the director, together with a recommendation whether the school district or nonpublic school shall remain accredited. If the recommendation is that a school district or nonpublic school not remain accredited, the accreditation committee shall provide the school district or nonpublic school with a report that includes a list of all of the deficiencies, a plan prescribing the actions that must be taken to correct the deficiencies, and a deadline date for completion of the prescribed actions. The accreditation committee shall advise the school district or nonpublic school of available resources and technical assistance to improve areas of weakness. The school district or nonpublic school shall be provided with the opportunity to respond to the accreditation committee's report. The director shall review the accreditation committee's report and the response of the school district or nonpublic school and shall provide a report to the state board along with copies of the accreditation committee's report, the response to the accreditation committee's report, and other pertinent information. At the request of the school district or nonpublic school, the school district or nonpublic school may appear before the state board and address the state board directly regarding any part of the plan specified in the report. The state board may modify the plan. During the period of time specified in the plan for its implementation by a school district or nonpublic school, the school district or school shall remain accredited.

11. The accreditation committee shall revisit the school district or nonpublic school and shall determine whether the deficiencies in the standards have been corrected.

a. The accreditation team shall make a report and recommendation to the director and the state board. The committee recommendation shall specify whether the school district or nonpublic school shall remain accredited. For a school district, the committee report and recommendation shall also specify under what conditions the district may remain accredited. The conditions may include but are not limited to providing temporary oversight authority, operational authority, or both oversight and operational authority to the director and the state board for some or all aspects of the school district in order to bring the school district into compliance with minimum standards.

b. The state board shall review the report and recommendation, may request additional information, and shall determine whether the deficiencies have been corrected.

c. If the deficiencies have not been corrected, and the conditional accreditation alternatives contained in the report are not mutually acceptable to the state board and the local board, the state board shall deaccredit the school district and merge the territory of the school district with one or more contiguous school districts at the end of the school year. The state board may place a district under receivership for the remainder of the school year. The receivership shall be under the direct supervision and authority of the area education agency in which the district is located. The decision of whether to deaccredit the school district or to place the district under receivership shall be based upon a determination by the state board of the best interests of the students, parents, residents of the community, teachers, administrators, and school district board members and upon the recommendations of the accreditation committee and the director.

d. In the case of a nonpublic school, if the deficiencies have not been corrected, the state board may deaccredit the nonpublic school. The deaccreditation shall take effect on the date

established by the resolution of the state board, which shall be no later than the end of the school year in which the nonpublic school is deaccredited.

12. If the state board deaccredits a school district and merges the territory of the school district with one or more contiguous school districts, the deaccredited school district ceases to exist as a school corporation on the effective date set by the state board for deaccreditation. Notwithstanding any other provision of law, the contiguous school districts receiving territory of the deaccredited school district are not considered successor school corporations of the deaccredited school district.

a. Division of assets and liabilities of the deaccredited school district shall be as provided in this paragraph "a" and in sections 275.29 through 275.31.

(1) If one or more of the contiguous school districts receiving assets and liabilities of the deaccredited school district utilizes the equalization levy, only that territory in the school district imposing the equalization levy that comprises territory of the deaccredited school district shall be taxed.

(2) Income surtax revenue and revenues generated by property taxes shall be distributed proportionately based on taxable value of the territory received by one or more school districts contiguous to the deaccredited school district.

(3) Revenues that are based on student enrollment shall be distributed based on percentages of students who were enrolled in the deaccredited school district in the school year immediately prior to deaccreditation and who now reside in territory received by one or more school districts contiguous to the deaccredited school district.

(4) If the deaccredited school district has a negative fund balance in its general fund at the time it is deaccredited by the state board, the director may order that the positive balance from one or more other funds of the deaccredited school district be transferred to the deaccredited school district's general fund.

b. Prior to the effective date set by the state board for deaccreditation, the school district shall remain responsible for, and may retain such authority as is necessary to complete, all of the following:

(1) Execution of one or more quitclaim deeds, in fulfillment of the merger of territory received by one or more contiguous school districts from the deaccredited school district.

(2) Preparation of and payment for a final audit of all the district's financial accounts.

(3) Preparation and certification of a final certified annual report to the department.

c. The provisions of section 275.57 apply when deaccreditation of a school district and merger of the territory of such school district with a contiguous school district that is currently divided into director districts leads to the formation of new director districts.

13. Notwithstanding subsections 1 through 12 and as an exception to their requirements, a private high school or private combined junior-senior high school operated for the express purpose of teaching a program designed to qualify its graduates for matriculation at accredited four-year or equivalent liberal arts, scientific, or technological colleges or universities shall be placed on a special accredited list of college preparatory schools, which list shall signify accreditation of the school for that express purpose only, if:

a. The school complies with minimum standards established by the Code other than this section, and rules adopted under the Code, applicable to:

(1) Courses comprising the limited program.

(2) Health requirements for personnel.

(3) Plant facilities.

(4) Other environmental factors affecting the programs.

b. At least eighty percent of those graduating from the school within the four most recent calendar years, other than those graduating who are aliens, graduates entering military or alternative civilian service, or graduates deceased or incapacitated before college acceptance, have been accepted by accredited four-year or equivalent liberal arts, scientific, or technological colleges or universities.

c. A school claiming to be a private college preparatory school which fails to comply with the requirement of paragraph "b" of this subsection shall be placed on the special accredited list of college preparatory schools probationally if the school complies with the requirements

of paragraph “a” of this subsection, but a probational accreditation shall not continue for more than four successive years.

14. Notwithstanding subsections 1 through 13 and as an exception to their requirements, a nonpublic grade school which is reopening is accredited even if it does not have a complete grade one through grade six program. However, the nonpublic grade school must comply with other minimum standards established by law and administrative rules adopted pursuant to the law and the nonpublic grade school must show progress toward reaching a grade one through grade six program.

15. The board of directors of a school district or the authorities in charge of a nonpublic school may award credit toward graduation to a student if the student successfully completes basic training for service as a member of the Iowa army national guard, the Iowa air national guard, the active military forces of the United States, the army national guard of the United States, or the air national guard of the United States.

16. a. Notwithstanding subsections 1 through 12, a nonpublic school may be accredited by an approved independent accrediting agency instead of by the state board as provided in this subsection. The state board shall maintain a list of approved independent accrediting agencies comprised of at least six regional or national nonprofit, nongovernmental agencies recognized as reliable authorities concerning the quality of education offered by a school and shall publish the list of independent accrediting agencies on the department’s internet site. The list shall include accrediting agencies that, as of January 1, 2013, accredited a nonpublic school in this state that was concurrently accredited under this section; and any agency that has a formalized partnership agreement with another agency on the list and has member schools in this state as of January 1, 2013.

b. A nonpublic school that participates in the accreditation process offered by an independent accrediting agency on the approved list published pursuant to paragraph “a” shall be deemed to meet the education standards of this section. However, such a school shall comply with statutory health and safety requirements for school facilities.

c. If the state board takes preliminary action to remove an agency from the approved list published on the department’s internet site pursuant to paragraph “a”, the department shall, at least one year prior to removing the agency from the approved list, notify the nonpublic schools participating in the accreditation process offered by the agency of the state board’s intent to remove the accrediting agency from its approved list of independent accrediting agencies. The notice shall also be posted on the department’s internet site and shall contain the proposed date of removal. The nonpublic school shall attain accreditation under this subsection or subsections 1 through 12 not later than one year following the date on which the state board removes the agency from its list of independent accrediting agencies.

### **257.18 Instructional support program.**

1. An instructional support program that provides additional funding for school districts is established. A board of directors that wishes to consider participating in the instructional support program shall hold a public hearing on the question of participation. The board

shall set forth its proposal, including the method that will be used to fund the program, in a resolution and shall publish the notice of the time and place of a public hearing on the resolution. Notice of the time and place of the public hearing shall be published not less than ten nor more than twenty days before the public hearing in a newspaper which is a newspaper of general circulation in the school district. At the hearing, or no later than thirty days after the date of the hearing, the board shall take action to adopt a resolution to participate in the instructional support program for a period not exceeding five years or to direct the county commissioner of elections to submit the question of participation in the program for a period not exceeding ten years to the registered voters of the school district at an election held on a date specified in section 39.2, subsection 4, paragraph “c”. If the board submits the question at an election and a majority of those voting on the question favors participation in the program, the board shall adopt a resolution to participate and certify the results of the election to the department of management.

2. *a.* If the board does not provide for an election and adopts a resolution to participate in the instructional support program, the district shall participate in the instructional support program unless within twenty-eight days following the action of the board, the secretary of the board receives a petition containing the required number of signatures, asking that the question to approve or disapprove the action of the board in adopting the instructional support program be submitted to the voters of the school district. The petition must be signed by eligible electors equal in number to not less than one hundred or thirty percent of the number of voters at the last preceding regular school election, whichever is greater. The board shall either rescind its action or direct the county commissioner of elections to submit the question to the registered voters of the school district at an election held on a date specified in section 39.2, subsection 4, paragraph “c”. If a majority of those voting on the question at the election favors disapproval of the action of the board, the district shall not participate in the instructional support program. If a majority of those voting on the question favors approval of the action, the board shall certify the results of the election to the department of management and the district shall participate in the program.

*b.* At the expiration of the twenty-eight day period, if no petition is filed, the board shall certify its action to the department of management and the district shall participate in the program.

3. Participation in an instructional support program is not affected by a change in the boundaries of the school district, except as otherwise provided in this section. If each school district involved in a school reorganization under chapter 275 has approved an instructional support program, and if the voters have not voted upon the question of participation in the program in the reorganized district, the instructional support program shall be in effect for the reorganized district that has been approved for the least amount and the shortest time in any of the districts.

Referred to in §257.27, 257.29

### **257.27 Continuation of instructional support program.**

1. At the expiration of the period for which the instructional support program was adopted, the program may be extended for a period of not exceeding five or ten years in the manner provided in section 257.18.

2. If the voters do not approve adoption of the instructional support program, the board shall wait at least one hundred twenty days following the election before taking action to adopt the program or resubmit the proposition.

89 Acts, ch 135, §27; 2018 Acts, ch 1041, §127

### **257.29 Educational improvement program.**

1. An educational improvement program is established to provide additional funding for school districts in which the regular program district cost per pupil for a budget year is one hundred ten percent of the regular program state cost per pupil for the budget year and which have approved the use of the instructional support program established in section 257.18.

A board of directors that wishes to consider participating in the educational improvement program shall hold a hearing on the question of participation and the maximum percent of the regular program district cost of the district that will be used. The hearing shall be held in the manner provided in section 257.18 for the instructional support program. Following the hearing, the board may direct the county commissioner of elections to submit the question to the registered voters of the school district at an election held on a date specified in section 39.2, subsection 4, paragraph "c". If a majority of those voting on the question favors participation in the program, the board shall adopt a resolution to participate and shall certify the results of the election to the department of management and the district shall participate in the program. If a majority of those voting on the question does not favor participation, the district shall not participate in the program.

2. The educational improvement program shall provide additional revenues each fiscal year equal to a specified percent of the regular program district cost of the district, as determined by the board but not more than the maximum percent authorized by the electors if an election has been held. Certification of a district's participation for a budget year, the method of funding, and the amount to be raised shall be made to the department of management not later than April 15 of the base year.

3. The educational improvement program shall be funded by either an educational improvement property tax or by a combination of an educational improvement property tax and an educational improvement income surtax. The method of raising the educational improvement moneys shall be determined by the board. Subject to the limitation in section 298.14, if the board uses a combination of an educational improvement property tax and an educational improvement income surtax, the board shall determine the percent of income surtax to be imposed, expressed as full percentage points, not to exceed twenty percent.

4. The department of management shall establish the amount of the educational improvement property tax to be levied or the amount of the combination of the educational improvement property tax to be levied and the amount of the school district income surtax to be imposed for each school year that the educational improvement amount is authorized. The educational improvement property tax and income surtax, if an income surtax is imposed, shall be levied and imposed, collected, and paid to the school district in the manner provided for the instructional support program in sections 257.21 through 257.26. Moneys received by a school district under the educational improvement program are miscellaneous income.

5. Once approved at an election, the authority of the board to use the educational improvement program shall continue until the board votes to rescind the educational improvement program or the voters of the school district by majority vote order the discontinuance of the program. The board shall submit at an election held on a date specified in section 39.2, subsection 4, paragraph "c", the proposition whether to discontinue the program upon the receipt of a petition signed by not less than one hundred eligible electors or thirty percent of the number of electors voting at the last preceding school election, whichever is greater.

6. Participation in an educational improvement program is not affected by a change in the boundaries of the school district, except as otherwise provided in this section. If each school district involved in school reorganization under chapter 275 has approved an educational improvement program, and if the voters have not voted upon the question of participation in the program in the reorganized district, the educational improvement program shall be in effect for the reorganized district that has been approved for the least amount and the shortest time in any of the districts.

7. Notwithstanding the requirement in subsection 1 that the regular program district cost per pupil for a budget year is one hundred ten percent of the regular state cost per pupil, the board of directors may participate in the educational improvement program as provided in this section if the school district had adopted an enrichment levy of fifteen percent of the state cost per pupil multiplied by the budget enrollment in the district prior to July 1, 1992, and upon expiration of the period for which the enrichment levy was adopted, adopts a resolution for the use of the instructional support program established in section 257.18. The maximum

percent of the regular district cost of the district that may be used under this subsection shall not exceed five percent.

### **260C.5 Duties of director.**

The director shall:

1. Designate a community college as an “area career and technical education school” within the meaning of, and for the purpose of administering, the federal Carl D. Perkins Career and Technical Education Improvement Act of 2006. The term of a member of the board of directors is four years and commences at the organizational meeting. Vacancies on the board shall be filled at the next regular meeting of the board by appointment by the remaining members of the board. A member so chosen shall be a resident of the district in which the vacancy occurred and shall serve until a member is elected at the next school election or intervening special election held for the merged area, in accordance with section 69.12. A vacancy is defined in section 277.29. A member shall not serve on the board of directors who is a member of a board of directors of a local school district or a member of an area education agency board.

Organization of the board shall be effected by the election of a president and other officers from the board membership as board members determine. The board of directors shall appoint a secretary and a treasurer who shall each give bond as prescribed in section 291.2 and who shall each receive the salary determined by the board. The secretary and treasurer shall perform duties under chapter 291 and additional duties the board of directors deems necessary. However, the board may appoint one person to serve as the secretary and treasurer. If one person serves as the secretary and treasurer, only one bond is necessary for that person. The frequency of meetings other than organizational meetings shall be as determined by the board of directors but the president or a majority of the members may call a special meeting at any time.

1. The board of a merged area may change the number of directors on the board and shall make corresponding changes in the boundaries of director districts. Changes shall be completed not later than August 1 of the year of the regular school election. As soon as possible after adoption of the boundary changes, notice of changes in the director district boundaries shall be submitted by the merged area to the county commissioner of elections in all counties included in whole or in part in the merged area.

2. The board of the merged area shall redraw boundary lines of director districts in the merged area after each federal decennial census.

3. Boundary lines of director districts shall be drawn according to the following standards:

a. All boundaries shall follow precinct boundaries or school director district boundaries unless a merged area director district boundary follows the boundary of a school district which divides one or more election precincts.

b. To the extent possible in order to comply with paragraph "a", all districts shall be as nearly equal as practicable to the ideal population for the districts as determined by dividing the number of districts to be established into the population of the merged area.

c. All districts shall be composed of contiguous territory as compact as practicable.

d. Consideration shall not be given to the addresses of incumbent officeholders, political affiliations of registered voters, previous election results, or demographic information other than population head counts, except as required by the Constitution and the laws of the United States.

e. A city shall not be divided into two or more director districts unless the population of that portion of the city that is within the merged area is greater than the ideal size of a director district. Cities shall be divided into the smallest number of director districts possible.

4. If more than one incumbent officeholder resides in a district redrawn during precincting, their terms of office expire after the next regular school election.

### **260C.15 Conduct of elections.**

1. Regular elections held by the merged area for the election of members of the board of directors as required by section 260C.11 or for any other matter authorized by law and designated for election by the board of directors of the merged area shall be held on the date of the school election as fixed by section 277.1. However, elections held for the imposition, rate increase, or discontinuance of the twenty and one-fourth cents per thousand dollars of assessed valuation levy authorized in section 260C.22 shall be held either on the date of the school election as fixed by section 277.1 or at a special election held on the second Tuesday in September of the even-numbered year. The election notice shall be made a part of the local school election notice published as provided in section 49.53 in each local school district where voting is to occur in the merged area election and the election shall be conducted by the county commissioner of elections pursuant to chapters 39 through 53 and section 277.20.

2. A candidate for member of the board of directors of a merged area shall be nominated by a petition signed by not less than fifty eligible electors of the director district from which the member is to be elected. The petition shall state the number of the director district from which the candidate seeks election, and the candidate's name and status as an eligible elector of the director district. Signers of the petition, in addition to signing their names, shall show their residence, including street and number if any, the school district in which they reside, and the date they signed the petition. A person may sign nomination petitions for more than one candidate for the same office, and the signature is not invalid solely because the person signed nomination petitions for one or more other candidates for the office. The petition shall include the affidavit of the candidate being nominated, stating the candidate's name and residence, and that the individual is a candidate, is eligible for the office sought, and if elected will qualify for the office.

3. Nomination papers on behalf of candidates for member of the board of directors of a merged area shall be filed with the secretary of the board not earlier than seventy-one days nor later than 5:00 p.m. on the forty-seventh day prior to the election at which members of the board are to be elected. On the day following the last day on which nomination petitions can be filed, and no later than 5:00 p.m. on that day, the secretary shall deliver all nomination petitions so filed, together with the text of any public measure being submitted by the board of directors to the electorate, to the merged area's controlling county commissioner of elections under section 47.2. That controlling commissioner shall certify the names of candidates, and the text and summary of any public measure being submitted to the electorate, to all county commissioners of elections in the merged area by the forty-second day prior to the election.

4. a. Objections to the legal sufficiency of a nomination petition or to the eligibility of a candidate may be filed by any person who would have the right to vote for a candidate for the office in question.

b. The objection must be filed with the secretary of the board at least forty-two days before the day of the election at which members of the board are elected. When objections are filed, notice shall immediately be given to the candidate affected, addressed to the candidate's place of residence as given on the candidate's affidavit, stating that objections have been made to the legal sufficiency of the petition or to the eligibility of the candidate, and also stating the time and place the objections will be considered. The board secretary shall also attempt to notify the candidate by telephone if the candidate provided a telephone number on the candidate's affidavit.

c. Objections shall be considered not later than two working days following the receipt of the objections by the president of the board of directors, the secretary of the board, and one additional director of the board chosen by ballot. If objections have been filed to the

nominations of either of the directors, that director shall not pass on the objection. The director's place shall be filled by a member of the board of directors against whom no objection exists. The replacement shall be chosen by ballot.

5. The votes cast in the election shall be canvassed and abstracts of the votes cast shall be certified as required by section 277.20. In each county whose commissioner of elections is the controlling commissioner for a merged area under section 47.2, the county board of supervisors shall convene on the second Monday or Tuesday after the day of the election to canvass the abstracts of votes cast from each county in the merged area, and declare the results of the voting. The commissioner shall at once issue certificates of election to each person declared elected, and shall certify to the merged area board in substantially the manner prescribed by section 50.27 the result of the voting on any public question submitted to the voters of the merged area. Members elected to the board of directors of a merged area shall qualify by taking the oath of office prescribed in section 277.28.

#### **260C.21 Election to incur indebtedness.**

No indebtedness shall be incurred under section 260C.19 until authorized by an election. A proposition to incur indebtedness and issue bonds for community college purposes shall be deemed carried in a merged area if approved by a sixty percent majority of all voters voting on the proposition in the area. However, if the costs of utilities are paid by a community college with funds derived from the levy authorized under section 260C.22, the community college may use the general fund moneys that would have been used to pay the costs of utilities for capital expenditures, may invest the funds, or may incur indebtedness without an election, provided that the payments on the indebtedness incurred, and any interest on the indebtedness, can be made using general funds of the community college and the total payments on the principal and interest on the indebtedness do not exceed the amount of the costs of the utilities.

#### **260C.22 Facilities levy by vote — borrowing — temporary cash reserve levy.**

1. a. In addition to the tax authorized under section 260C.17 and upon resolution of the board of directors, the voters in a merged area may at the regular school election or at a special election held on the second Tuesday in September of the even-numbered year vote a tax not exceeding twenty and one-fourth cents per thousand dollars of assessed value in any one year for a period not to exceed ten years, unless otherwise provided under subsection 2, for the purchase of grounds, construction of buildings, payment of debts contracted for

the construction of buildings, purchase of buildings and equipment for buildings, and the acquisition of libraries, for the purpose of paying costs of utilities, and for the purpose of maintaining, remodeling, improving, or expanding the community college of the merged area. If the tax levy is approved under this section, the costs of utilities shall be paid from the proceeds of the levy. The tax shall be collected by the county treasurers and remitted to the treasurer of the merged area as provided in section 331.552, subsection 29. The proceeds of the tax shall be deposited in a separate and distinct fund to be known as the voted tax fund, to be paid out upon warrants drawn by the president and secretary of the board of directors of the merged area district for the payment of costs incurred in providing the school facilities for which the tax was authorized.

b. In order to make immediately available to the merged area the proceeds of the voted tax authorized to be levied under this section, the board of directors of any such merged area is hereby authorized, without the necessity for any further election, to borrow money and enter into loan agreements in anticipation of the collection of such tax, and such board shall, by resolution, provide for the levy of an annual tax, within the limits of the special voted tax authorized under this section, sufficient to pay the amount of any such loan and the interest thereon to maturity as the same becomes due. A certified copy of this resolution shall be filed with the county auditors of the counties in which such merged area is located, and the filing thereof shall make it a duty of such auditors to enter annually this levy for collection until funds are realized to repay the loan and interest thereon in full. Said loan shall bear interest at a rate or rates not exceeding that permitted by chapter 74A. Any loan agreement entered into pursuant to authority contained in this section shall be in such form as the board of directors shall by resolution provide and the loan shall be payable as to both principal and interest from the proceeds of the annual levy of the voted tax authorized under this section, or so much thereof as will be sufficient to pay the loan and interest thereon. In furtherance of the foregoing the board of directors of such merged area may, with or without notice, negotiate and enter into a loan agreement or agreements with any bank, investment banker, trust company, insurance company or group thereof, whereunder the borrowing of the necessary funds may be assured and consummated. The proceeds of such loan shall be deposited in a special fund, to be kept separate and apart from all other funds of the merged area, and shall be paid out upon warrants drawn by the president and secretary of the board of directors to pay the cost of acquiring the school facilities for which the tax was authorized.

c. If the boundary lines of a merged area are changed, the levy of the annual tax provided in this section sufficient to pay the amount due for a loan agreement and the interest on the loan agreement to maturity shall continue in any territory severed from the merged area until the loan with interest on the loan has been paid in full.

d. Nothing contained in this section shall be construed to limit the authority of the board of directors to levy the full amount of the voted tax, but if and to whatever extent said tax is levied in any year in excess of the amount of principal and interest falling due in such year under any loan agreement, the first available proceeds thereof, to an amount sufficient to meet maturing installments of principal and interest under the loan agreement, shall be paid into the sinking fund for such loan before any of such taxes are otherwise made available to the merged area for other school purposes, and the amount required to be annually set aside to pay the principal of and interest on the money borrowed under such loan agreement shall constitute a first charge upon all of the proceeds of such annual special voted tax, which tax shall be pledged to pay said loan and the interest thereon.

e. This subsection shall be construed as supplemental and in addition to existing statutory authority and as providing an independent method of financing the cost of acquiring school facilities for which a tax has been voted under this section and for the borrowing of money and execution of loan agreements in connection therewith and shall not be construed as subject to the provisions of any other law. The fact that a merged area may have previously borrowed money and entered into loan agreements under the authority contained in this section shall not prevent such merged area from borrowing additional money and entering into further loan agreements provided that the aggregate of the amount payable under all of such loan agreements does not exceed the proceeds of the voted tax. All acts and proceedings heretofore taken by the board of directors or by any official of any merged

area for the exercise of any of the powers granted by this section are hereby legalized and validated in all respects.

2. Following approval of the tax at two consecutive elections under subsection 1 where the question of imposing the tax appeared on the ballot, if the tax has been imposed for a period of at least twenty consecutive years, the board of directors of the merged area may, by resolution adopted at any time before the end of the most recently authorized period of time for imposing the tax, continue to impose the voted tax each year for an additional period not to exceed ten years at a rate not to exceed the maximum rate approved at election until the tax is discontinued or the maximum rate is increased following an election pursuant to subsection 3. An increase in the maximum rate of the voted tax, not to exceed the maximum rate specified in subsection 1, shall be approved at election pursuant to the requirements of subsection 3.

3. A voted tax imposed under this section may be discontinued, or its maximum rate increased, by petition and election. Upon receipt of a petition containing the required number of signatures, the board of directors of a merged area shall direct each county commissioner of elections responsible under section 47.2 for conducting elections in the merged area to submit to the voters of the merged area the question of whether to discontinue the authority of the board of directors to impose the voted tax under this section or to increase the maximum rate of the voted tax, whichever is applicable. The petition must be signed by eligible electors equal in number to not less than twenty-five percent of the votes cast at the last preceding election in the merged area where the question of the imposition of the tax appeared on the ballot and received by the board of directors by June 1 of the year in which the election is to be held. The question shall be submitted at an election held on a date authorized for an election under subsection 1, paragraph "a". If a majority of those voting on the question of discontinuance of the board of directors' authority to impose the tax favors discontinuance, the board shall not impose the tax for any fiscal year beginning after expiration of the period of time for imposing the tax approved at the last election under subsection 1 or the period of time for imposing the tax established by resolution of the board under subsection 2 that is in effect on the date the petition for the election is filed with the board, whichever is applicable, unless following discontinuance the voted tax is again authorized at election under subsection 1. If the question of whether to discontinue the authority of the board of directors to impose the tax fails to gain approval at election, the question shall not be submitted to the voters of the merged area for a period of ten years following the date of the election. If a majority of those voting on the question to increase the maximum rate of the voted tax favors the proposed increase, the new maximum rate shall apply to fiscal years beginning after the date of the election.

### **260C.28 Tax for equipment replacement and program sharing.**

1. Annually, the board of directors may certify for levy a tax on taxable property in the merged area at a rate not exceeding three cents per thousand dollars of assessed valuation for equipment replacement for the community college.

2. However, the board of directors may annually certify for levy a tax on taxable property in the merged area at a rate in excess of the three cents per thousand dollars of assessed valuation specified under subsection 1 if the excess tax levied does not cause the total rate certified to exceed a rate of nine cents per thousand dollars of assessed valuation, and the excess revenue generated is used for purposes of program sharing between community colleges or for the purchase of instructional equipment. Programs that are shared shall

be designed to increase student access to community college programs and to achieve efficiencies in program delivery at the community colleges, including, but not limited to, the programs described under section 260C.46. Prior to expenditure of the excess revenues generated under this subsection, the board of directors shall obtain the approval of the director of the department of education.

3. a. If the board of directors wishes to certify for a levy under subsection 2, the board shall direct the county commissioner of elections to submit the question of such authorization for the board at an election held on a date specified in section 39.2, subsection 4, paragraph “c”. If a majority of those voting on the question at the election favors authorization of the board to make such a levy, the board may certify for a levy as provided under subsection 2 during each of the ten years following the election, unless otherwise authorized under paragraph “b”. If a majority of those voting on the question at the election does not favor authorization of the board to make a levy under subsection 2, the board may submit the question to the voters again at an election held on a date specified in section 39.2, subsection 4, paragraph “c”.

b. Following approval of the additional tax authorized under subsection 2 at two consecutive elections under paragraph “a” where the question of imposing the additional tax appeared on the ballot, if the additional tax has been imposed for a period of at least twenty consecutive years and either the period of time for imposing the additional tax approved at the last election under paragraph “a” or the period of time for imposing the tax established previously by resolution under this paragraph “b” is due to expire, the board of directors of the merged area may, by resolution, continue to impose the additional tax each year for an additional period not to exceed ten years at a rate not to exceed the maximum rate authorized under subsection 2, until the tax is discontinued following an election pursuant to paragraph “c”.

c. The additional tax authorized under subsection 2 may be discontinued by petition and election. Upon receipt of a petition containing the required number of signatures, the board of directors of a merged area shall direct each county commissioner of elections responsible under section 47.2 for conducting elections in the merged area to submit to the voters of the merged area the question of whether to discontinue the authority of the board of directors to impose the additional tax under subsection 2. The petition must be signed by eligible electors equal in number to not less than twenty-five percent of the votes cast at the last preceding election in the merged area where the question of the imposition of the additional tax appeared on the ballot. The question shall be submitted at an election held on a date specified in section 39.2, subsection 4, paragraph “c”. If a majority of those voting on the question of discontinuance of the board of directors’ authority to impose the additional tax favors discontinuance, the board shall not impose the additional tax for any fiscal year beginning after the expiration of the period of time for imposing the tax approved at the last election under paragraph “a” or the period of time for imposing the additional tax established by resolution of the board under paragraph “b” that is in effect on the date the petition for the election is filed with the board, whichever is applicable, unless following discontinuance the additional tax is again authorized at election under paragraph “a”. If the question of whether to discontinue the authority of the board of directors to impose the additional tax fails to gain approval at election, the question shall not be submitted to the voters of the merged area for a period of ten years following the date of the election.

### **260C.39 Combining merged areas — election.**

1. Any merged area may combine with any adjacent merged area after a favorable vote

by the electors of each of the areas involved. If the boards of directors of two or more merged areas agree to a combination, the question shall be submitted to the electors of each area at an election held on a date specified in section 39.2, subsection 4, paragraph "c", and held on the same day in each area. Prior to the election, the board of each merged area shall notify the county commissioner of elections of the county in which the greatest proportion of the merged area's taxable base is located, who shall publish notice of the election according to section 49.53. The two respective county commissioners of elections shall conduct the election pursuant to the provisions of chapters 39 to 53. The votes cast in the election shall be canvassed by the county board of supervisors, and the county commissioner of elections of each county in the merged areas shall certify the results to the board of directors of each merged area.

2. If the vote is favorable in each merged area, the boards of each area shall proceed to transfer the assets, liabilities, and facilities of the areas to the combined merged area, and shall serve as the acting board of the combined merged area until a new board of directors is elected. The acting board shall submit to the director of the department of education a plan for redistricting the combined merged area, and upon receiving approval from the director, shall provide for the election of a director from each new district at the next regular school election. The directors elected from each new district shall determine their terms by lot so that the terms of one-third of the members, as nearly as may be, expire each year. Election of directors for the combined merged area shall follow the procedures established for election of directors of a merged area. A combined merged area is subject to all provisions of law and rules governing merged areas.

3. The terms of employment of personnel, for the academic year following the effective date of the agreement to combine the merged areas shall not be affected by the combination of the merged areas, except in accordance with the procedures under sections 279.15 to 279.18 and section 279.24, to the extent those procedures are applicable, or under the terms of the base bargaining agreement. The authority and responsibility to offer new contracts or to continue, modify, or terminate existing contracts pursuant to any applicable procedures under chapter 279, shall be transferred to the acting, and then to the new, board of the combined merged area upon certification of a favorable vote to each of the merged areas affected by the agreement. The collective bargaining agreement of the merged area receiving the greatest amount of general state aid shall serve as the base agreement for the combined merged area and the employees of the merged areas which combined to form the new combined merged area shall automatically be accreted to the bargaining unit from that former merged area for purposes of negotiating the contracts for the following years without further action by the public employment relations board. If only one collective bargaining agreement is in effect among the merged areas which are combining under this section, then that agreement shall serve as the base agreement, and the employees of the merged areas which are combining to form the new combined merged area shall automatically be accreted to the bargaining unit of that former merged area for purposes of negotiating the contracts for the following years without further action by the public employment relations board. The board of the combined merged area, using the base agreement as its existing contract, shall bargain with the combined employees of the merged areas that have agreed to combine for the academic year beginning with the effective date of the agreement to combine merged areas. The bargaining shall be completed by March 15 prior to the academic year in which the agreement to combine merged areas becomes effective or within one hundred eighty days after the organization of the acting board of the new combined merged area, whichever is later. If a bargaining agreement was already concluded in the former merged area which has the collective bargaining agreement that is serving as the base agreement for the new combined merged area, between the former merged area board and the employees of the former merged area, that agreement is void, unless the agreement contained multiyear provisions affecting academic years subsequent to the effective date of the agreement to form a combined merged area. If the base collective bargaining agreement contains multiyear provisions, the duration and effect of the agreement shall be controlled by the terms of the agreement. The provisions of the base agreement shall apply to the offering of new contracts, or the continuation, modification, or termination of existing

contracts between the acting or new board of the combined merged area and the combined employees of the new combined merged area.

However, the area education agency administrator shall not accept a petition if any of the school districts affected have approved the issuance of general obligation bonds at an election pursuant to section 296.6 during the preceding six-month period. The petition shall be signed by eligible electors residing in each existing school district or portion affected equal in number to at least twenty percent of the number of registered voters in the school district or portion affected, or four hundred eligible electors, whichever is the smaller number.

2. The petition filed under subsection 1 shall also state the name of the proposed school district and the number of directors which may be either five or seven and the method of election of the school directors of the proposed district. The method of election of the directors shall be one of the following optional plans:

a. Election at large from the entire district by the electors of the entire district.

b. 6. The petition may include a provision that the voter-approved physical plant and equipment levy provided in section 298.2 will be voted upon at the election conducted under section 275.18. The petition may also include a provision that the revenue purpose statement provided in section 423F.3 will be voted upon at the election conducted under section 275.18.

### **275.23A Redistricting following federal decennial census.**

1. School districts which have directors who represent director districts as provided in section 275.12, subsection 2, paragraphs “b”, “c”, “d”, and “e”, shall be divided into director districts according to the following standards:

a. All director district boundaries shall follow the boundaries of areas for which official population figures are available from the most recent federal decennial census and, wherever possible, shall follow precinct boundaries.

b. To the extent possible in order to comply with paragraph “a”, all director districts shall be as nearly equal as practicable to the ideal population for the districts as determined by dividing the number of districts to be established into the population of the school district.

c. All districts shall be composed of contiguous territory as compact as practicable unless the school district is composed of marginally adjacent territory. A school district which is composed of marginally adjacent territory shall have director districts composed of contiguous territory to the extent practicable.

d. Consideration shall not be given to the addresses of incumbent officeholders, political affiliations of registered voters, previous election results, or demographic information other than population head counts, except as required by the Constitution and the laws of the United States.

e. A city shall not be divided into two or more director districts unless the population of that portion of the city that is within the school district is greater than the ideal size of a director district. Cities shall be divided into the smallest number of director districts possible.

2. Following each federal decennial census the school board shall determine whether the existing director district boundaries meet the standards in subsection 1 according to the most recent federal decennial census. In addition to the authority granted to voters to change the number of directors or method of election as provided in sections 275.35, 275.36, and 278.1, the board of directors of a school district may, following a federal decennial census, by resolution and in accordance with this section, authorize a change in the method of election as set forth in section 275.12, subsection 2, or a change to either five or seven directors after the board conducts a hearing on the resolution. If the board proposes to change the number of directors from seven to five directors, the resolution shall include a plan for reducing the number of directors. If the board proposes to increase the number of directors to seven directors, two directors shall be added according to the procedure described in section 277.23, subsection 2. If necessary, the board of directors shall redraw the director district boundaries. The director district boundaries shall be described in the resolution adopted by the school board. The resolution shall be adopted no earlier than November 15 of the second year immediately following the year in which the federal decennial census is taken and no later than May 15 of the third year immediately following the year in which the federal decennial census is taken. A copy of the plan shall be filed with the area education agency administrator of the area education agency in which the school’s electors reside. If the board does not provide for an election as provided in sections 275.35, 275.36, and 278.1 and adopts a resolution to change the number of directors or method of election in accordance with this subsection, the district shall change the number of directors or method of election as provided unless, within twenty-eight days following the action of the board, the secretary of the board receives a petition containing the required number of signatures, asking that an election be called to approve or disapprove the action of the board in adopting the resolution. The petition must be signed by eligible electors equal in number to not less than one hundred or thirty percent of the number of voters at the last preceding regular school election, whichever is greater. The board shall either rescind its action or direct the county commissioner of elections to submit the question to the registered voters of the school district at an election held on a date specified in section 39.2, subsection 4,

paragraph “c”. If a majority of those voting on the question at the election favors disapproval of the action of the board, the district shall not change the number of directors or method of election. If a majority of those voting on the question does not favor disapproval of the action, the board shall certify the results of the election to the department of management and the district shall change the number of directors or method of election as provided in this subsection. At the expiration of the twenty-eight-day period, if no petition is filed, the board shall certify its action to the department of management and the district shall change the number of directors or method of election as provided in this subsection.

3. The school board shall notify the state commissioner of elections and the county commissioner of elections of each county in which a portion of the school district is located when the boundaries of director districts are changed. The notices of changes submitted to the state commissioner shall be postmarked no later than the deadline for adoption of the resolution under subsection 2. The board shall provide the commissioners with maps showing the new boundaries and shall also certify to the state commissioner the populations of the new director districts as determined under the latest federal decennial census. If, following a federal decennial census a school district elects not to redraw director districts under this section, the school board shall so certify to the state commissioner of elections, and the school board shall also certify to the state commissioner the populations of the retained director districts as determined under the latest federal decennial census. If the state commissioner determines that a district board has failed to make the required changes by the dates specified by this section, the state commissioner of elections shall make or cause to be made the necessary changes as soon as possible. The state commissioner shall assess any expenses incurred to the school district. The state commissioner of elections may request the services of personnel of and materials available to the legislative services agency to assist the state commissioner in making any required boundary changes.

4. If more than one incumbent director resides in a redrawn director district, the terms of office of the affected directors expire at the organizational meeting of the board of directors following the next regular school election following the adoption of the redrawn districts.

5. The boundary changes under this section take effect July 1 following their adoption for the next regular school election.

6. Section 275.9 and sections 275.14 through 275.23 do not apply to changes in director district boundaries made under this section.

The proposed date shall be as soon as possible pursuant to section 39.2, subsections 1 and 2, and section 47.6, subsections 1 and 2, but not later than the third Tuesday in January of the calendar year in which the reorganization takes effect.

b. The election shall be conducted as provided in section 277.3, and nomination petitions shall be filed pursuant to section 277.4, except as otherwise provided in this subsection.

Nomination petitions shall be filed with the secretary of the board of the existing school district in which the candidate resides not less than twenty-eight days before the date set for the special school election. The secretary of the board, or the secretary's designee, shall be present in the secretary's office until 5:00 p.m. on the final day to file the nomination papers. The nomination papers shall be delivered to the commissioner no later than 5:00 p.m. on the twenty-seventh day before the election.

c. If the special election is held in conjunction with the regular school election, the filing deadlines for the regular school election apply.

In school districts that include a city of fifteen thousand or more population as shown by the most recent decennial federal census, the board shall consist of seven members elected in the manner provided in subsection 3. If it becomes necessary to increase the membership of a board, two directors shall be added according to the procedure described in section 277.23.

b. The county board of supervisors shall canvass the votes and the county commissioner of elections shall report the results to the area education agency administrator who shall notify the persons who are elected directors.

However, in districts that include all or a part of a city of fifteen thousand or more population and in districts in which the proposition to establish a new corporation provides for the election of seven directors, the timelines specified in this subsection for the terms of office apply to the four newly elected directors receiving the most votes and then to the three newly elected directors receiving the next largest number of votes.

4. The board of the newly formed district shall organize within fifteen days after the special election upon the call of the area education agency administrator. The new board shall have control of the employment of personnel for the newly formed district for the next following school year under section 275.33. 5. Section 49.8, subsection 5, does not permit a director to remain on the board of a school district after the effective date of a boundary change which places the director's residence outside the boundaries of the district. Vacancies caused by this occurrence on a board shall be filled in the manner provided in sections 279.6 and 279.7.

6. The board of the newly formed district shall appoint an acting superintendent and an acting board secretary. The appointment of the acting superintendent shall not be subject to the continuing contract provisions of sections 279.20, 279.23, and 279.24.

If the proposition is dismissed or defeated at the election, all expenses shall be apportioned among the several districts in proportion to the assessed valuation of property therein.

2. If the proposed district or boundary change embraces territory in more than one area education agency, such expenses shall be certified to and, if necessary, apportioned among the several districts by the joint agency board. **275.41 Alternative method for director elections — temporary appointments.**

1. As an alternative to the method specified in section 275.25 for electing directors in a newly formed community school district, the procedure specified in this section may be used and if used, the petition filed under section 275.12 shall state the number of directors on the initial board. If two districts are named in the petition, either five or seven directors shall serve on the initial board. If three or more districts are named in the petition, either seven or nine directors shall serve on the initial board. The petition shall specify the number of directors to be retained from each district, and those numbers shall be proportionate to the populations of the districts. If the exclusion of territory from a reorganization affects the proportionate balance of directors among the affected districts specified in the petition, or if the proposal specified in the petition does not comply with the requirement for proportionate representation, the area education board shall modify the proposal. However, all districts affected shall retain at least one member.

2. Prior to the organizational meeting of the newly formed district, the boards of the former districts shall designate directors to be retained as members to serve on the initial board, and if the total number of directors determined under subsection 1 is an even number, that number of directors shall function and may within five days of the organizational meeting appoint one additional director by unanimous vote with all directors voting. Otherwise, the board shall function until a special election can be held to elect an additional director. The procedure for calling the special election shall be the procedure specified in section 275.25. If there is an insufficient number of board members eligible to be retained from a former school district, the board of the former school district may appoint members to fill the vacancies. A vacancy occurs if there is an insufficient number of former board members who reside in the newly formed district or if there is an insufficient number who are willing to serve on the board of the newly formed district.

3. Prior to the effective date of the reorganization, the initial board shall approve a plan that commences at the first regular school election held after the effective date of the merger and is completed at the second regular school election held after the effective date of the merger, to replace the initial board with the regular board. If the petition specifies a number of directors on the regular board to be different from the number of directors on the initial board, the plan shall provide that the number specified in the petition for the regular board is in place by the time the regular board is formed. The plan shall provide that as nearly as possible one-half of the members of the board shall be elected biennially, and if a special election was held to elect a member to create an odd number of members on the board, the term of that member shall end at the organizational meeting following the second regular school election held after the effective date.

4. The board of the newly formed district shall organize within forty-five days after the approval of the merger upon the call of the area education agency administrator. The new board shall have control of the employment of all personnel for the newly formed district for the ensuing school year. Following the organization of the new board the board shall have authority to establish policy, organize curriculum, enter into contracts and complete such planning and take such action as is essential for the efficient management of the newly formed community school district.

5. The board of the newly formed district shall appoint an acting superintendent and an acting board secretary. The appointment of the acting superintendent shall not be subject to the continuing contract provision of sections 279.20, 279.23, and 279.24.

6. Section 49.8, subsection 5, shall not permit a director to remain on the board of a school district after the effective date of a boundary change which places the director's residence

outside the boundaries of the district. Vacancies so caused on any board shall be filled in the manner provided in sections 279.6 and 279.7.

### **275.55 Election.**

1. After the final hearing on the dissolution proposal, the board of the school district shall submit the proposition to the voters at the next election held on a date specified in section 39.2, subsection 4, paragraph “c”. However, the date of the final hearing on the dissolution proposal must be not less than thirty nor more than sixty days before the election. The proposition submitted to the voters residing in the school district shall describe each separate area to be attached to a contiguous school district and shall name the school district to which it will be attached. In addition to the description, a map may be included in the summary of the question on the ballot.

2. The board shall give written notice of the election to the county commissioner of elections. The county commissioner of elections shall give notice of the election by one publication in the same newspaper in which the previous notice was published about the hearing, which publication shall not be less than four nor more than twenty days prior to the election.

3. The proposition shall be adopted if a majority of the electors voting on the proposition approve its adoption.

4. The attachment is effective July 1 following its approval. If the dissolution proposal is for the dissolution of a school district with a certified enrollment of fewer than six hundred, the territory located in the school district that dissolved is eligible, if approved by the director of the department of education, for a reduction in the foundation property tax levy under section 257.3, subsection 1. If the director approves a reduction in the foundation property tax levy as provided in this section, the director shall notify the director of the department of management of the reduction.

5. For bonds issued under section 423E.5 or 423F.4, the approval of the dissolution at election creates a lien on the revenues from the secure an advanced vision for education fund received by the district to which liability for payment of a portion of such bonds, subject to the same priority as provided by the dissolving school district. However, such a lien is limited to the extent required to satisfy payments for the portion of the liability assigned to the district.

2. For purposes of subsection 1, an employee benefit plan which includes a specific or aggregate excess loss coverage or a program that self-insures only a per-employee or per-family deductible for each year and which transfers the risk remaining beyond this deductible is not a self-insurance program, but is instead an insurance program. 3. A school district, providing an insurance program as described in subsection 2, shall not contract indebtedness and issue general obligation bonds or enter into insurance agreements obligating the school district to make payments beyond its current budget year for that employee benefit plan. If the board by resolution restricts the use of money in a fund as a reserve for uninsured liability or a self-insurance program, the use shall be restricted and unavailable for any other purpose until the board removes the restriction. **298.2 Imposition of physical plant and equipment levy.**

1. *a.* A physical plant and equipment levy of not exceeding one dollar and sixty-seven cents per thousand dollars of assessed valuation in the district is established except as otherwise provided in this subsection. The physical plant and equipment levy consists of the regular physical plant and equipment levy of not exceeding thirty-three cents per thousand dollars of assessed valuation in the district and a voter-approved physical plant and equipment levy of not exceeding one dollar and thirty-four cents per thousand dollars of assessed valuation in the district. However, the voter-approved physical plant and equipment levy may consist of a combination of a physical plant and equipment property tax levy and a physical plant and equipment income surtax as provided in subsection 4 with the maximum amount levied and imposed limited to an amount that could be raised by a one dollar and thirty-four cent property tax levy.

*b.* For school budget years beginning on or after July 1, 2015, a school district may by resolution of the board of directors adopted prior to April 15 preceding the budget year impose a physical plant and equipment levy at a rate in excess of the levy rate limitations under paragraph “*a*” if the board has refunded or refinanced a loan agreement entered into under section 297.36 and such refunding or refinancing complies with the maturity period authorized under section 297.36, subsection 1, paragraph “*c*”, and results in a lower amount of interest on the amount of the loan agreement. However, the rate imposed by a school district under this paragraph shall not exceed the rate imposed during the budget year in which the loan agreement was refunded or refinanced. Authorization to exceed the levy rate limitations of paragraph “*a*” shall terminate upon the maturity of the loan agreement after refunding or refinancing. Upon adoption of the resolution under this paragraph “*b*”, the board shall comply with the requirements of section 297.36, subsection 1, paragraph “*b*”.

2. If the electors of a school district have authorized a voter-approved physical plant and equipment levy not exceeding sixty-seven cents per thousand dollars of assessed valuation in the district prior to July 1, 1997, the levy shall continue for the period authorized under the voter-approved levy, and the maximum levy that can be authorized by the electors under the voter-approved levy on or after July 1, 1997, under this section, is an additional sixty-seven cents for a period to coincide with the period for which the initial physical plant and equipment levy in the district was approved.

3. The board of directors of a school district may certify for levy by April 15 of a school year a tax on all taxable property in the school district for the regular physical plant and equipment levy.

4. *a.* The board may on its own motion, and upon the written request of not less than one hundred eligible electors or thirty percent of the number of eligible electors voting at the last regular school election, whichever is greater, shall, direct the county commissioner of elections to provide for submitting the proposition of levying the voter-approved physical plant and equipment levy for a period of time authorized by the voters at the election, not to exceed ten years. The election shall be held on a date specified in section 39.2, subsection 4, paragraph “*c*”. The proposition is adopted if a majority of those voting on the proposition at the election approves it. The voter-approved physical plant and equipment levy shall be funded either by a physical plant and equipment property tax or by a combination of a physical plant and equipment property tax and a physical plant and equipment income surtax, as determined by the board. However, if the board intends to enter into a rental or lease arrangement under section 279.26, or intends to enter into a loan agreement under section 297.36, only a property tax shall be levied for those purposes. Subject to the limitations of section 298.14, if the board uses a combination of a physical plant and equipment property tax and a physical plant and equipment surtax, for each fiscal year the board shall determine the percent of income surtax to be imposed expressed as full percentage points, not to exceed twenty percent.

*b.* If a combination of a property tax and income surtax is used, by April 15 of the previous school year, the board shall certify the percent of the income surtax to be imposed and the amount to be raised to the department of management and the department of management shall establish the rate of the property tax and income surtax for the school year. The physical plant and equipment property tax and income surtax shall be levied or imposed, collected,

and paid to the school district in the manner provided for the instructional support program in sections 257.21 through 257.26.

5. *a.* The proposition to levy the voter-approved physical plant and equipment levy is not affected by a change in the boundaries of the school district, except as otherwise provided in this section. If each school district involved in a school reorganization under chapter 275 has adopted the voter-approved physical plant and equipment levy, and if the voters have not voted upon the proposition to levy the voter-approved physical plant and equipment levy in the reorganized district, the existing voter-approved physical plant and equipment levy is in effect for the reorganized district for the least amount and the shortest time for which it is in effect in any of the districts.

*b.* An authorized levy for the period of time approved is not affected as a result of a failure of a proposition proposed to expand the purposes for which the funds may be expended.

1. The board of directors of a school corporation in which there is no free public library may contract with a free public library for the free use of the library by the residents of the school district, and pay the library the amount agreed upon for the use of the library as provided by law. During the existence of the contract, the board shall certify annually a tax sufficient to pay the library the consideration agreed upon, not exceeding twenty cents per thousand dollars of assessed value of the taxable property of the district. During the existence of the contract, the school corporation is relieved from the requirement that the school treasurer withhold funds for library purposes. This section does not apply in townships where a contract for other library facilities is in existence.

2. However, if a school district which is qualified to contract for library services under subsection 1 levies a tax not to exceed twenty cents per thousand dollars of assessed valuation of the taxable property for school library purposes in the fiscal year before a reorganization involving the district, the tax levy shall remain valid for succeeding fiscal years, and shall be levied and collected against the taxable property of the former district which is part of the reorganized district for school library purposes. The contract and the tax levy may be discontinued by a petition signed by eligible electors residing in the former district. The petition requesting the discontinuance must be signed by no fewer than one hundred eligible electors or thirty percent of the number voting at the last preceding school election in the former district, whichever is greater. The petition must be filed with the secretary of the board of directors of the school district at least seventy-five days before the next regular school election. The proposal to discontinue the levy shall be deemed adopted if the vote in favor of the discontinuance is equal to at least a majority of the total vote cast on the proposal by the electors of the former school district.

If the certification is filed prior to May 1, the annual levy shall begin with the tax levy of the year of filing. If the

certification is filed after May 1 in a year, the levy shall begin with the levy of the fiscal year succeeding the year of the filing of the certification.

**298.18 Bond tax — election — leasing buildings.**

1. a. The board of each school corporation shall, when estimating and certifying the amount of money required for general purposes, estimate and certify to the board of supervisors of the proper county for the debt service fund the amount required to pay interest due or that may become due for the fiscal year beginning July 1, thereafter upon lawful bonded indebtedness, and in addition thereto such amount as the board may deem necessary to apply on the principal.

b. The amount estimated and certified to apply on principal and interest for any one year shall not exceed two dollars and seventy cents per thousand dollars of the assessed valuation of the taxable property of the school corporation except as otherwise provided in this section.

c. For the sole purpose of computing the amount of bonds which may be issued as a result of the application of any limitation referred to in this section, all interest on the bonds in excess of that accruing in the first twelve months may be excluded from the first annual levy of taxes, so that the need for including more than one year’s interest in the first annual levy of taxes to pay the bonds and interest shall not operate to further restrict the amount of bonds which may be issued, and in certifying the annual levies to the county auditor or auditors such first annual levy of taxes shall be sufficient to pay all principal of and interest on said bonds becoming due prior to the next succeeding annual levy and the full amount of such first annual levy shall be entered for collection by said auditor or auditors, as provided in chapter 76.

d. The amount estimated and certified to apply on principal and interest for any one year may exceed two dollars and seventy cents per thousand dollars of assessed value by the amount approved by the voters of the school corporation, but not exceeding four dollars and five cents per thousand dollars of the assessed value of the taxable property within any school corporation, provided that the registered voters of such school corporation have first approved such increased amount at an election held on a date specified in section 39.2, subsection 4, paragraph “c”.

2. The proposition submitted to the voters at such election shall be in substantially the following form:

Shall the board of directors of the ..... (insert name of school corporation) in the County of ....., State of Iowa, be authorized to levy annually a tax exceeding two dollars and seventy cents per thousand dollars, but not exceeding ..... dollars and ..... cents per thousand dollars of the assessed value of the taxable property within said school corporation to pay the principal of and interest on bonded indebtedness of said school corporation, it being understood that the approval of this proposition shall not limit the source of payment of the bonds and interest but shall only operate to restrict the amount of bonds which may be issued?

3. Notice of the election shall be given by the county commissioner of elections according to section 49.53. The county commissioner of elections shall conduct the election pursuant to the provisions of chapters 39 through 53 and certify the results to the board of directors. The proposition shall not be deemed carried or adopted unless the vote in favor of such proposition is equal to at least sixty percent of the total vote cast for and against the proposition at the election. Whenever such a proposition has been approved by the voters of a school corporation as hereinbefore provided, no further approval of the voters of such school corporation shall be required as a result of any subsequent change in the boundaries of such school corporation.

4. The voted tax levy referred to in this section shall not limit the source of payment of bonds and interest but shall only restrict the amount of bonds which may be issued.

5. *a.* The ability of a school corporation to exceed two dollars and seventy cents per thousand dollars of assessed value to service principal and interest payments on bonded indebtedness is limited and conferred only to those school corporations engaged in the administration of elementary and secondary education.

*b.* If a school corporation leases a building or property, which has been used as a junior college by such corporation, to a community college, the annual amounts certified as herein provided by such leasing school corporation for payment of interest and principal due on lawful bonded indebtedness incurred by such leasing school corporation for purchasing, building, furnishing, reconstructing, repairing, improving, or remodeling the building leased or acquiring or adding to the site of such property leased, to the extent of the respective annual rent the school corporation will receive under such lease, shall not be considered as a part of the total amount estimated and certified for the purposes of determining if such amount exceeds any limitation contained in this section.

#### **298.18A Levy adjustment.**

If, in the opinion of the board of a school corporation, after having originally estimated and certified the amount required to pay interest and principal due upon bonded indebtedness incurred before July 1, 1995, an adjustment in the amount certified in excess of that previously levied by the resolution authorizing issuance of the bonds becomes necessary in anticipation of future projected revenue shortfalls resulting from a machinery and equipment-related taxable valuation decrease from the valuation as of January 1, 1994, an adjustment shall be permitted subject to the following limitations:

1. An adjustment shall be permitted only in a district in which machinery and equipment valuation exceeds twenty percent of total taxable valuation as of January 1, 1994.

2. The adjustment shall not result in a total amount levied in excess of the two dollar and seventy cent per thousand dollars of assessed valuation limit provided in section 298.18. An adjustment in excess of the two dollar and seventy cent per thousand dollars of assessed valuation limit shall be subject to the election provisions for increases of up to four dollars and five cents per thousand dollars of assessed valuation provisions of section 298.18.

3. The amount of the adjustment, when added to the amount originally estimated and certified, for any one year, shall not exceed the least of:

*a.* The amount required to pay interest and principal due upon bonded indebtedness for the three-year period beginning on the date of the adjustment.

*b.* One hundred twenty-five percent of the amount originally estimated and certified.

*c.* One hundred ten percent of the total district levies for the fiscal year preceding the fiscal year in which the adjustment is to be added.

4. The amount of the adjustment plus the amount of state replacement moneys received under section 427B.19A which is attributable to the amount of the adjustment, when added to the amount originally estimated and certified, shall not result in the levying of an amount over the life of the issue in excess of the amount necessary for principal and interest repayment.

5. Amounts collected pursuant to this section shall be deposited in a separate debt service account distinct from the account established to hold principal and interest revenues resulting from the original levy.

6. An adjustment shall not be permitted which results in extending a levy beyond the earlier of the following:

*a.* Ten years from the original date of certification of the amount required to pay interest and principal.

#### *1. Appointment of members.*

a. Not later than May 15 of each year ending in one, a temporary county redistricting commission shall be established as provided by this section for counties which have either plan “two” or plan “three” supervisor representation plans. If a county has either plan “two” or plan “three” supervisor representation plans and the number of members of the board is increased or decreased under section 331.203 or 331.204, the temporary county redistricting commission shall be established by May 15 of the year preceding the year of the next general election.

b. The board shall determine the size of the membership of the temporary county redistricting commission which may be three, five, or seven in number. The minimum number of members constituting a majority of the membership shall be appointed by the majority party members of the board. The remaining number of members of the temporary county redistricting commission shall be appointed by the minority party members of the board. If the members of the board are all members of one political party or if the minority members of the board are not all members of only one political party, the minority representation of the temporary county redistricting commission shall be appointed by the chair of the county central committee for the party, other than the party of the majority members of the board, which received the most votes in that county cast for its candidate for president of the United States or for governor at the last preceding general election, as the case may be. If that party's county central committee has no chair, the appointments shall be made by the chair of that party's state central committee.

c. A member of the county board of supervisors may be appointed as a member of the temporary county redistricting commission. No person shall be appointed to the temporary county redistricting commission who is not an eligible elector of the county at the time of appointment.

d. A vacancy on the temporary county redistricting commission shall be filled by the initial selecting authority within fifteen days after the vacancy occurs.

e. Members of the temporary county redistricting commission shall receive a per diem as specified by the board, travel expenses at the rate provided by section 70A.9, and reimbursement for other necessary expenses incurred in performing their duties.

f. Each of the appointing authorities shall certify to the county commissioner of elections the authority's appointment of a person to serve on the temporary county redistricting commission.

#### *2. Adoption of plans.*

a. The temporary county redistricting commission, upon appointment, shall acquire official census population data from the latest federal decennial census including the corresponding census maps and shall use that information in drawing and adopting the county's supervisor districting plan. The commission shall draw the plan, to the extent applicable, in accordance with section 42.4. If the county has a plan “three” supervisor

representation plan, the temporary county redistricting commission shall also draw and adopt the county's corresponding precinct plan in accordance with sections 49.3, 49.4, and 49.6.

b. After the temporary county redistricting commission has finished its preliminary proposed county supervisor districting plan and corresponding precinct plan, if applicable, the commission shall at the earliest feasible time make available to the public all of the following information:

- (1) Copies of the legal description of the plans.
- (2) Maps illustrating the plans.
- (3) A summary of the standards prescribed by law for development of the plans.
- (4) A statement of the population of each district included in the plan, and the relative deviation of each district population from the ideal district population.
- (5) A statement of the population of each precinct, if applicable.

c. Upon the completion of the county's preliminary proposed plans, the temporary county redistricting commission shall do all of the following:

- (1) As expeditiously as possible, schedule and conduct at least one public hearing on the proposed plans.

The report shall include any comments and conclusions which its members deem appropriate regarding the information and testimony received at the hearings, or otherwise presented to the temporary county redistricting commission.

d. (1) After the requirements of paragraphs "a" through "c" have been met, the temporary county redistricting commission shall adopt a supervisor district plan and corresponding precinct plan, if applicable, and shall submit the plan to the board of supervisors for their approval. Prior to adoption of a plan by the commission, any member of the temporary county redistricting commission may submit precinct or district plans to the commission for a vote, either independently or as an amendment to a plan presented by other members of the commission.

(2) The board of supervisors shall review the plan submitted by the temporary county redistricting commission and shall approve or reject the plan. If the plan is rejected, the board shall give written reasons for the rejection of the plan and shall direct the commission to prepare a second plan. The board of supervisors may amend the second plan submitted for approval by the commission. Any amendment must be accompanied by a written statement declaring that the amendment is necessary to bring the submitted plan closer in conformity to the standards in section 42.4.

e. (1) The plan approved by the board of supervisors shall be submitted to the state commissioner of elections for approval. If the state commissioner or the Iowa ethics and campaign disclosure board finds that the plan does not meet the standards of section 42.4, the state commissioner shall reject the plan, and the board of supervisors shall direct the commission to prepare and adopt an acceptable plan.

(2) For purposes of determining whether the standards of section 42.4 have been met, an eligible elector may file a complaint with the state commissioner of elections within fourteen days after a plan is approved by the board of supervisors of the county in which the eligible elector resides, on a form prescribed by the commissioner, alleging that the plan was drawn for improper political reasons as described in section 42.4, subsection 5. If a complaint is filed with the state commissioner of elections, the state commissioner shall forward the complaint to the Iowa ethics and campaign disclosure board established in section 68B.32 for resolution.

(3) If, after the initial proposed supervisor district plan or precinct plan has been submitted to the state commissioner for approval, it is necessary for the temporary county redistricting commission to make subsequent attempts at adopting an acceptable plan, the subsequent plans do not require public hearings.

f. (1) (a) For purposes of this paragraph "f", "qualifying county" means a county that elects supervisors under plan "three" as defined in section 331.206, or a county with a

population of one hundred eighty thousand or more that has adopted a charter for a city-county consolidated form of government or a community commonwealth form of government and which charter provides for representation by districts.

(b) Notwithstanding any provision of this section to the contrary, for a qualifying county, the legislative services agency, and not the temporary county redistricting commission, shall draw a representation plan as provided by paragraph “a”.

(c) A county subject to the requirements of this paragraph “f” shall notify the state commissioner of elections that a representation plan to be drawn pursuant to this paragraph “f” is required and shall submit to the state commissioner of elections the precinct plan to be used to draw the representation plan. Upon notification and submission of a precinct plan, the state commissioner of elections shall review and approve the precinct plan to be used. Following approval of the precinct plan to be used, the state commissioner of elections shall notify the legislative council which shall direct the legislative services agency to prepare a representation plan for the county.

(d) The plan drawn by the legislative services agency shall be based upon the precinct plan adopted and approved for use by the county and shall be drawn in accordance with section 42.4, to the extent applicable. After the legislative services agency has drawn the plan, the legislative services agency shall at the earliest feasible time make available to the public all of the information required to be made public by paragraph “b”.

(2) The legislative services agency shall submit the plan to the governing body, and the governing body shall comply with the duties required by paragraph “c”, to the extent applicable.

(3) After the requirements of paragraphs “a” through “c” have been met, the governing body shall review the plan submitted by the legislative services agency and shall approve or reject the plan. If the plan is rejected, the governing body shall give written reasons for the rejection and shall direct the legislative services agency to prepare a second plan, as provided in paragraph “d”. The second plan may be amended by the governing body in accordance with the provisions of paragraph “d”. After receiving the second plan, the governing body shall approve either the first plan or the second plan.

The board may only declare the supervisor's seat vacant if both physicians concur that the supervisor is physically or mentally incapable of performing the duties of office and there is reasonable cause to believe that the supervisor will not be able to perform the duties of office for the remainder of the supervisor's term. However, if the physicians concur that the supervisor is mentally incapable of performing the duties of office, the board shall not declare the supervisor's seat vacant for one year from the date of the hearing if the supervisor is receiving treatment for the mental incapacity.

(2) That the supervisor refuses or is unavailable for the examination required in subparagraph (1).

4. An exercise of a county power is not inconsistent with a state law unless it is irreconcilable with the state law.

### **331.442 General county purpose bonds.**

1. A county which proposes to carry out any general county purpose within or without its boundaries, and to contract indebtedness and issue general obligation bonds to provide funds to pay all or any part of the costs of a project, shall do so in accordance with this part.

2. *a.* The board shall publish notice of the proposal to issue the bonds, including a statement of the amount and purpose of the bonds and a statement of the estimated cost of the project for which the bonds are to be issued. The cost of the project, as published in the notice pursuant to this paragraph, is an estimate and is not intended to be binding on the board in later proceedings related to the project.

*b.* Before the board may institute proceedings for the issuance of bonds for a general

county purpose, it shall call a county special election to vote upon the question of issuing the bonds. At the election the proposition shall be submitted in the following form:

Shall the county of ....., state of Iowa, issue its general obligation bonds in an amount not exceeding the amount of \$..... for the purpose of .....

If the proposition of issuing the general county purpose bonds is approved by the voters, the board may proceed with the issuance of the bonds.

5. a. Notwithstanding subsection 2, a board, in lieu of calling an election, may institute proceedings for the issuance of bonds for a general county purpose by causing a notice of the proposal to issue the bonds, including a statement of the amount and purpose of the bonds, and the right to petition for an election, to be published as provided in section 331.305 at least ten days prior to the meeting at which it is proposed to take action for the issuance of the bonds subject to the following limitations:

(2) In counties having a population of over twenty thousand and not over fifty thousand, in an amount of not more than two hundred thousand dollars.

If at any time before the date fixed for taking action for the issuance of the bonds, a petition is filed with the auditor in the manner provided by section 331.306 asking that the question of issuing the bonds be submitted to the registered voters of the county, the board shall either by resolution declare the proposal to issue the bonds to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of issuing the bonds. Notice of the election and its conduct shall be in the manner provided in subsections 2, 3 and 4.

**331.447 Taxes to pay bonds.**

1. Taxes for the payment of general obligation bonds shall be levied in accordance with chapter 76, and the bonds are payable from the levy of unlimited ad valorem taxes on all the taxable property within the county through its debt service fund required by section 331.430 except that:

a. The amount estimated and certified to apply on principal and interest for any one year shall not exceed the maximum rate of tax, if any, provided by this subchapter for the purpose for which the bonds were issued. If general obligation bonds are issued for different categories, as provided in section 331.445, the maximum rate of levies, if any, for each purpose shall apply separately to that portion of the bond issue for that category and the resolution authorizing the bond issue shall clearly set forth the annual debt service requirements with respect to each purpose in sufficient detail to indicate compliance with the rate of tax levy, if any.

b. The amount estimated and certified to apply on principal and interest for any one year may only exceed the statutory rate of levy limit, if any, by the amount that the registered voters of the county have approved at a special election, which may be held at the same time as the general election and may be included in the proposition authorizing the issuance of bonds, if an election on the proposition is necessary, or may be submitted as a separate proposition at the same election or at a different election. (2) If the proposition includes only increasing the levy limit it shall be in substantially the following form:

Shall the county of ....., state of Iowa, be authorized to levy annually a tax not exceeding ..... dollars and ..... cents per thousand dollars of the assessed value of the taxable property within the county to pay principal and interest on the bonded indebtedness of the county for the purpose of .....?

2. A statutory or voted tax levy limitation does not limit the source of payment of bonds and interest, but only restricts the amount of bonds which may be issued.

3. In such cases the boundaries of an established district may vary from those of the proposed district.

The ballot shall state the amount of the bonds and the purposes for which the authority is incorporated. All registered voters of the county shall be entitled to vote on the question. The question may be submitted at an election held on a date specified in section 39.2, subsection 4, paragraph "a" or "b", as applicable. 11. When the board of commissioners decides to issue bonds subject to the election requirement, it shall adopt a resolution describing the area to be acquired, the nature of the existing improvements, the disposition to be made of the improvements, and a general description of any new buildings to be constructed.

12. The resolution shall set out the limit of the cost of the project, including the cost of acquiring and preparing the site, determine the period of usefulness and fix the amount of revenue bonds to be issued, the date or dates of maturity, the dates on which interest is payable, the sinking fund provisions, and all other details in connection with the bonds. The board shall determine and fix the rate of interest of any revenue bonds issued, in a resolution adopted by the board prior to the issuance. The resolution, trust agreement, or other contract entered into with the bondholders may contain covenants and restrictions concerning the issuance of additional revenue bonds as necessary or advisable for the assurance of the payment of the bonds authorized.

13. Bonds shall be issued in the name of the authority and are declared to have all the qualities and incidents of negotiable instruments under the laws of this state.

The board of commissioners may provide for the registration of bonds in the name of the owner as to the principal alone or as to both principal and interest upon

terms and conditions the board determines. All bonds issued by an authority shall be sold at a price so that the interest cost to the commission of the proceeds of the bonds shall not exceed that permitted by chapter 74A, payable semiannually, computed to maturity, and shall be sold in the manner and at the time the board of commissioners determines.

Bonds shall recite that the principal and interest thereon are payable only from the revenues pledged, and shall state on their face that they are not an indebtedness of the authority or a claim against the property of the authority.

16. Bonds shall be executed in the name of the commission by the chairperson of the board of commissioners or by another officer of the commission as the board, by resolution, may direct, and be attested by the secretary, or by another officer of the commission as the board, by resolution, may direct, and shall be sealed with the commission's corporate seal. In case any officer whose signature appears on the bonds or coupons shall cease to be such officer before delivery of the bonds, the officer's signature shall be valid and sufficient for all purposes, the same as if the officer had remained in office until delivery.

17. In its discretion, the authority may issue refunding bonds to refund its bonds prior to their maturity, refund its outstanding matured bonds, refund matured coupons evidencing interest upon its outstanding bonds, refund interest at the coupon rate that has accrued upon its outstanding matured bonds, and refund its bonds which by their terms are subject to call or redemption before maturity. All bonds redeemed or purchased shall be canceled.

18. To secure the payment of revenue bonds and for the purpose of setting forth the covenants and undertakings of the authority in connection with the issuance of revenue bonds and the issuance of any additional revenue bonds payable from such revenue income to be derived from the operation, management, or use of the buildings acquired or to be acquired by the authority, the authority may execute and deliver a trust agreement except that no lien upon any physical property of the authority shall be created.

19. The resolution shall provide for the creation of a sinking fund account into which shall be payable from the revenues of the project, from month to month as such revenues are collected, the sums in excess of the cost of maintenance and operation of the project and the cost of administration of the authority, sufficient to comply with the covenants of the bond resolution and sufficient to pay the accruing interest and retire the bonds at maturity. The board of commissioners, in a resolution, may provide for other accounts as necessary for the sale of the bonds. Moneys in the accounts shall be applied in the manner provided by the resolution, the trust agreement, or other contract with the bondholders.

20. No such bonds shall constitute a debt of the authority or of any public body within the meaning of any statutory or constitutional limitation as to debt.

21. From and after the issuance of bonds the board of commissioners shall establish and fix rates, rentals, fees, and charges for the use of any and all buildings or space owned and operated by the authority, sufficient at all times to pay maintenance and operation costs and to pay the accruing interest and retire the bonds at maturity and to make all payments to all accounts created by any bond resolution and to comply with all covenants of any bond resolution.

22. When an incorporating unit enters into a lease with the authority, the governing body of the incorporating unit shall provide by ordinance or resolution for the levy and collection of a direct annual tax sufficient to pay the annual rent payable under the lease as and when it becomes due and payable. The tax shall be levied and collected in like manner with the other taxes of the incorporating unit and shall be in addition to all other taxes authorized to be levied by that incorporating unit. This tax shall not be included within and shall be in addition to any statutory limitation of rate or amount for that incorporating unit. The taxes realized from the tax levy shall be deposited into an account in the debt service fund of the incorporating unit for the payment of the annual rent and shall not be disbursed for any other purpose until the annual rental has been paid in full.

23. All leases, contracts, deeds of conveyance, bonds, or other instruments in writing on behalf of the authority, shall be executed in the name of the authority by the chairperson and

secretary of the authority, or by other officers as the board of commissioners, by resolution, directs, and the seal of the authority shall be affixed.

24. All property owned by any authority shall be exempt from taxation by the state or any taxing unit of the state. However, any interest derived from bonds issued by the authority shall be subject to taxation.

25. *a.* When all bonds issued by an authority have been retired, the authority may convey the title to the property owned by the authority to the incorporating units in accordance with the provisions contained in the articles of incorporation. If articles of incorporation do not exist, the conveyance may be made in accordance with any agreement adopted by the respective governing bodies of the incorporating units and the authority.

*b.* The question of whether a conveyance shall be made shall be submitted to the registered voters of the county. An affirmative vote equal to at least a majority of the total votes cast on the question shall be required to authorize the conveyance. If the question does not carry, the authority shall continue to operate, maintain, and manage the building under a lease arrangement with the incorporating units.

26. Any incorporating unit may enter into a lease with an authority that the authority and the incorporating unit determine is necessary and convenient to effectuate their purposes and the purposes of this section. The power to enter into leases under this section is in addition to other powers granted to cities and counties to enter into leases and the provisions of chapter 75, section 364.4, subsection 4, and section 331.301, subsection 10, are not applicable to leases entered into under this section.

### **347.7 Tax levies.**

1. *a.* If a county hospital is established, the board of supervisors, at the time of levying ordinary taxes, shall levy a tax at the rate voted not to exceed fifty-four cents per thousand dollars of assessed value in any one year for the erection and equipment of the hospital, and also a tax not to exceed twenty-seven cents per thousand dollars of value for the improvement, maintenance, and replacements of the hospital, as certified by the board of hospital trustees. However, in counties having a population of two hundred twenty-five thousand or over, the levy for taxes payable in the fiscal year beginning July 1, 2001, and for subsequent fiscal years, for improvements and maintenance of the hospital shall not exceed two dollars and five cents per thousand dollars of assessed value in any one year.

*b.* The proceeds of the taxes constitute the county public hospital fund. The fund is subject to review by the board of supervisors in counties having a population of two hundred twenty-five thousand or over. However, the board of trustees of a county hospital, where funds are available in the county public hospital fund of the county which are unappropriated, may use the unappropriated funds for erecting and equipping hospital buildings and additions to the hospital buildings without authority from the voters of the county.

*c.* For the fiscal years beginning July 1, 2017, July 1, 2018, and July 1, 2019, if a county public hospital is located in a county having a population of two hundred twenty-five thousand or over and having a county budgeted amount for the fiscal year under section 331.424A, subsection 9, equal to the product of the regional per capita expenditure target amount multiplied by the county's population, as those terms are defined in section 331.424A, the board of trustees shall appropriate for payment on July 1 of each such fiscal year from the county public hospital fund to the board of supervisors for deposit in the county services fund created pursuant to section 331.424A, two million eight hundred thousand dollars, and the county public hospital shall, in each such fiscal year, contract with the county in which the county public hospital is located to provide care and treatment to patients who are residents of the county and whose costs for such care and treatment would otherwise

qualify for payment from the county services fund under section 331.424A, in an amount equal to three million five hundred thousand dollars.

2. A levy shall not be made for the improvement, maintenance, or replacements of the hospital until the hospital has been constructed, staffed, and receiving patients. If revenue bonds are issued and outstanding under section 331.461, subsection 2, paragraph “d”, the board may levy a tax to pay operating and maintenance expenses in lieu of the authority otherwise contained in this section not to exceed twenty-seven cents per thousand dollars of assessed value or not to exceed one dollar and twenty-one and one-half cents per thousand dollars of assessed value for improvements and maintenance of the hospital in counties having a population of two hundred twenty-five thousand or over.

3. In addition to levies otherwise authorized by this section, the board of hospital trustees may certify for levy a tax at the rate, not to exceed twenty-seven cents per thousand dollars of assessed value, necessary to raise the amount budgeted by the board of hospital trustees for support of ambulance service as authorized in section 347.14, subsection 8.

4. a. The tax levy authorized by this section for operation and maintenance of the hospital may be available in whole or in part to any county with or without a county hospital organized under this chapter, to be used to enhance rural health services in the county. However, the tax levied may be expended for enhancement of rural health care services only following a local planning process. The Iowa department of public health shall establish guidelines to be followed by counties in implementing the local planning process which shall require legal notice, public hearings, and a referendum in accordance with this subsection prior to the authorization of any new levy or a change in the use of a levy. The notice shall describe the new levy or the change in the use of the levy, indicate the date and location of the hearing, and shall be published at least once each week for two consecutive weeks in a newspaper having general circulation in the county. The hearing shall not take place prior to two weeks after the second publication.

b. Enhancement of rural health services for which the tax levy may be used includes but is not limited to emergency medical services, health care services shared with other hospitals, rural health clinics, and support for rural health care practitioners and public health services.

c. When alternative use of funds from the tax levy is proposed in a county with a county hospital organized under this chapter, use of the funds shall be agreed upon by the elected board of trustees of the county hospital. When alternative use of funds from the tax levy is proposed in a county without a county hospital organized under this chapter, use of the funds shall be agreed upon by the board of supervisors and any publicly elected hospital board of trustees within the county prior to submission of the question to the voters.

d. Moneys raised from a tax levied in accordance with this subsection for the purpose of enhancing rural health services in a county without a county hospital shall be designated and administered by the board of supervisors in a manner consistent with the purposes of the levy.

5. A benefited water district established under this chapter may give notice of intent to provide water service to a new area within two miles of a city by submitting a water plan to the city. The plan is only required to indicate the area within two miles of the city which the benefited water district intends to serve. If the city fails to respond to the benefited water district's plan within ninety days of receipt of the plan, the benefited water district may provide service in the area designated in the plan. The city may inform the benefited water district within ninety days of receipt of the plan that the city requires additional time or information to study the question of providing water service outside the limits of the city. If additional time or information is required, the city shall respond to the benefited water district's plan within one hundred eighty days of receipt of the plan. In responding to the plan, the city may waive its right to provide water service within the areas designated for service by the benefited water district, or the city may reserve the right to provide water service in some or all of the areas which the benefited water district intends to serve. (1) (a) A franchise fee assessed by a city may be based upon a percentage of gross revenues generated from sales of the franchisee within the city not to exceed five percent except as provided in subparagraph division (b), without regard to the city's cost of inspecting, supervising, and otherwise regulating the franchise.

(b) For franchise fees assessed and collected during fiscal years beginning on or after July 1, 2013, but before July 1, 2030, by a city that is the subject of a judgment, court-approved settlement, or court-approved compromise providing for payment of restitution, a refund, or a return described in section 384.3A, subsection 3, paragraph "j", the rate of the franchise fee shall not exceed seven and one-half percent of gross revenues generated from sales of the franchisee in the city, and franchise fee amounts assessed and collected during such fiscal

years in excess of five percent of gross revenues generated from sales shall be used solely for the purpose specified in section 384.3A, subsection 3, paragraph “j”. A city may assess and collect a franchise fee in excess of five percent of gross revenues generated from the sales of the franchisee pursuant to this subparagraph division (b) for a period not to exceed seven consecutive fiscal years once the franchise fee is first imposed at a rate in excess of five percent. An ordinance increasing the franchise fee rate to greater than five percent pursuant to this subparagraph division (b) shall not become effective unless approved at an election. After passage of the ordinance, the council shall submit the proposal at a special election held on a date specified in section 39.2, subsection 4, paragraph “b”. If a majority of those voting on the proposal approves the proposal, the city may proceed as proposed. The complete text of the ordinance shall be included on the ballot and the full text of the ordinance posted for the voters pursuant to section 52.25. All absentee voters shall receive the full text of the ordinance along with the absentee ballot. This subparagraph division (b) is repealed July 1, 2030.

(2) Franchise fees collected pursuant to an ordinance in effect on May 26, 2009, shall be deposited in the city’s general fund and such fees collected in excess of the amounts necessary to inspect, supervise, and otherwise regulate the franchise may be used by the city for any other purpose authorized by law. Franchise fees collected pursuant to an ordinance that is adopted or amended on or after May 26, 2009, to increase the percentage rate at which franchise fees are assessed shall be credited to the franchise fee account within the city’s general fund and used pursuant to section 384.3A. If a city franchise fee is assessed to customers of a franchise, the fee shall not be assessed to the city as a customer. Before a city adopts or amends a franchise fee rate ordinance or franchise ordinance to increase the percentage rate at which franchise fees are assessed, a revenue purpose statement shall be prepared specifying the purpose or purposes for which the revenue collected from the increased rate will be expended. If property tax relief is listed as a purpose, the revenue purpose statement shall also include information regarding the amount of the property tax relief to be provided with revenue collected from the increased rate. The revenue purpose statement shall be published as provided in section 362.3.

(3) When considering whether to amend an ordinance imposing a franchise fee to increase the rate of the fee, and after preparation of the revenue purpose statement under subparagraph (2), a city shall hold a public hearing on the question. Notice of the time and place of the hearing shall be published as provided in section 362.3. If a city adopts, amends, or repeals an ordinance imposing a franchise fee, the city shall promptly notify the director of revenue of such action.

g. If a city grants more than one cable television franchise, the material terms and conditions of any additional franchise shall not give undue preference or advantage to the new franchisee. A city shall not grant a new franchise that does not include the same territory as that of the existing franchise. A new franchisee shall be given a reasonable period of time to build the new system throughout the territory.

5. If provided by ordinance, a city may enter into a chapter 28E agreement for the collection of delinquent parking fines by a county treasurer pursuant to section 321.40 at the time a person applies for renewal of a motor vehicle registration, for violations that have not been appealed or for which appeal has been denied. The city may pay the treasurer a reasonable fee for the collection of such fines, or may allow the county treasurer to retain a portion of the fines collected, as provided in the agreement.

6. A city council may by ordinance or resolution prohibit or limit the use of consumer fireworks, display fireworks, or novelties, as described in section 727.2.

b. The exceptions provided in paragraph “a”, subparagraphs (1) through (3), apply only to the extent the city had this power prior to July 1, 2006.

2. By contract, extend services to persons outside the city.

3. Enact and enforce ordinances relating to city property and city-extended services outside the city.

4. Enter into leases or lease-purchase contracts for real or personal property in accordance with the following terms and procedures:

b. A lease or lease-purchase contract entered into by a city may contain provisions similar to those sometimes found in leases between private parties, including, but not limited to, the obligation of the lessee to pay any of the costs of operation or ownership of the leased property and the right to purchase the leased property.

c. A provision of a lease or lease-purchase contract which stipulates that a portion of the rent payments be applied as interest is subject to chapter 74A. Other laws relating to interest rates do not apply. Chapter 75 is not applicable. A city utility or city enterprise is a separate entity under this subsection whether it is governed by the governing body of the city or another governing body.

d. The governing body must follow substantially the same authorization procedure required for the issuance of general obligation bonds issued for the same purpose to authorize a lease or a lease-purchase contract made payable from the debt service fund.

e. The governing body may authorize a lease or lease-purchase contract which is payable from the general fund if the contract would not cause the total of annual lease or lease-purchase payments due from the general fund of the city in any single future fiscal year for all lease or lease-purchase contracts in force on the date of the authorization, excluding payments to exercise purchase options or to pay the expenses of operation or ownership of the property, to exceed ten percent of the last certified general fund budget amount in accordance with the following procedures:

(c) One million dollars in a city having a population of more than seventy-five thousand.

(2) The governing body must follow the following procedures to authorize a lease or lease-purchase contract for real property which is payable from the general fund if the principal amount of the lease or lease-purchase contract exceeds the limits set forth in subparagraph (1):

(a) The governing body must institute proceedings to enter into a lease or lease-purchase contract payable from the general fund by causing a notice of the meeting to discuss entering into the lease or lease-purchase contract, including a statement of the principal amount and purpose of the lease or lease-purchase contract and the right to petition for an election, to be published at least once in a newspaper of general circulation within the city at least ten days prior to the discussion meeting. No sooner than thirty days following the discussion meeting shall the governing body hold a meeting at which it is proposed to take action to enter into the lease or lease-purchase contract.

(b) (i) If at any time before the end of the thirty-day period after which a meeting may be held to take action to enter into the lease or lease-purchase contract, a petition is filed with the clerk of the city in the manner provided by section 362.4, asking that the question of entering into the lease or lease-purchase contract be submitted to the registered voters of the city, the governing body shall either by resolution declare the proposal to enter into the lease or lease-purchase contract to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of entering into the lease or lease-purchase contract. However, for purposes of this subparagraph, the petition shall not require signatures in excess of one thousand persons.

(ii) The question to be placed on the ballot shall be stated affirmatively in substantially the following manner:

Shall the city of ..... enter into a lease or lease-purchase contract in amount of \$..... for the purpose of .....

(iii) Notice of the election and its conduct shall be in the manner provided in section 384.26, subsections 2 through 4.

f. The governing body may authorize a lease or lease-purchase contract payable from the net revenues of a city utility, combined utility system, city enterprise, or combined city enterprise by following the authorization procedures of section 384.83.

g. A lease or lease-purchase contract to which a city is a party or in which a city has a participatory interest is an obligation of a political subdivision of this state for the purposes of chapters 502 and 636, and is a lawful investment for banks, trust companies, savings associations, investment companies, insurance companies, insurance associations, executors, guardians, trustees, and any other fiduciaries responsible for the investment of funds.

h. Property that is lease-purchased by a city is exempt under section 427.1, subsection 2.

i. A contract for construction by a private party of property to be lease-purchased by a city is a contract for a public improvement under section 26.2, subsection 3. ### **368.11 Petition for involuntary city development action.**

1. A petition for incorporation, discontinuance, or boundary adjustment may be filed with the board by a city council, a county board of supervisors, a regional planning authority, or

five percent of the registered voters of a city or territory involved in the proposal. Notice of the filing, including a copy of the petition, must be served upon the council of each city for which a discontinuance or boundary adjustment is proposed, the board of supervisors for each county which contains a portion of a city to be discontinued or territory to be incorporated, annexed or severed, the council of a city if an incorporation includes territory within the city's urbanized area, and any regional planning authority for the area involved.

2. Within ninety days of receipt of a petition, the board shall initiate appropriate proceedings or dismiss the petition. The board may combine for consideration petitions or plans which concern the same territory or city or which provide for a boundary adjustment or incorporation affecting common territory. The combined petitions may be submitted for consideration by a special local committee pursuant to section 368.14A.

3. The petition must include substantially the following information as applicable:

- a. A general statement of the proposal.
- b. A map of the territory, city or cities involved.
- c. Assessed valuation of platted and unplatted land.
- d. Names of property owners.
- e. Population density.
- f. Description of topography.
- g. Plans for disposal of assets and assumption of liabilities.
- h. Description of existing municipal services, including but not limited to water supply, sewage disposal, and fire and police protection.

  - j. In a case of annexation or incorporation, the petition must state that none of the territory is within a city.
  - k. In a case of incorporation or consolidation, the petition must state the name of the proposed city.

l. Plans shall include a formal agreement between affected municipal corporations and counties for the maintenance, improvement, and traffic control of any shared roads involved in an incorporation or boundary adjustment.

m. (1) In the discretion of a city council, a provision for a transition for the imposition of city taxes against property within an annexation area. The provision shall allow for an exemption from taxation of the following percentages of assessed valuation according to the following schedule:

- (a) For the first and second years, seventy-five percent.
- (b) For the third and fourth years, sixty percent.
- (c) For the fifth and sixth years, forty-five percent.
- (d) For the seventh and eighth years, thirty percent.
- (e) For the ninth and tenth years, fifteen percent.

(2) An alternative schedule may be adopted by the city council. However, an alternative schedule shall not allow a greater exemption than that provided in this paragraph. The exemption shall be applied in the levy and collection of taxes. The provision may also allow for the partial provision of city services during the time in which the exemption from taxation is in effect. If the city council provides for a transition for the imposition of city taxes against property in an annexation area, all property owners included in the annexation area must receive the transition upon completion of the annexation.

n. In the case of an annexation, a plan for extending municipal services to be provided by the annexing city to the annexed territory within three years of July 1 of the fiscal year in which city taxes are collected against property in the annexed territory.

4. At least fourteen business days before a petition for involuntary annexation is filed as provided in this section, the petitioner shall make its intention known by sending a letter of intent by certified mail to the council of each city whose urbanized area contains a portion of the territory, the board of supervisors of each county which contains a portion of the territory, the regional planning authority of the territory involved, each affected public utility, and to each property owner listed in the petition. The written notification shall include notice that the petitioners shall hold a public meeting on the petition for involuntary annexation prior to the filing of the petition.

5. Before a petition for involuntary annexation may be filed, the petitioner shall hold a public meeting on the petition. Notice of the meeting shall be published in an official county newspaper in each county which contains a part of the territory at least five days before the date of the public meeting. The mayor of the city proposing to annex the territory, or that person's designee, shall serve as chairperson of the public meeting. The city clerk of the same city or the city clerk's designee shall record the proceedings of the public meeting. Any person attending the meeting may submit written comments and may be heard on the petition. The minutes of the public meeting and all documents submitted at the public meeting shall be forwarded to the county board of supervisors of each county where the territory is located and to the board by the chairperson of the meeting.

6. Within thirty days after receiving notice that a petition for involuntary annexation has been filed with the board, the board of supervisors of each county that contains all or a portion of the territory to be annexed shall, by resolution, state whether or not it supports the petition or whether it takes no position in support of or against the petition. If there is a comprehensive plan for the county, the board shall take the plan into account when considering its resolution. A copy of the resolution shall be immediately filed with the annexing city and with the city development board. Failure of a board of supervisors to adopt a resolution shall not delay the proceedings on the petition nor shall such failure be considered a deficiency either in the petition or in the annexing city's proceedings.

### **372.2 Six-year limitation.**

Unless otherwise provided by law, a city may adopt a different form of government not more often than once in a six-year period. A different form, other than a home rule charter, special charter, city-county consolidated government, or community commonwealth, must be adopted as follows:

1. Eligible electors of the city may petition the council to submit to the electors the question of adopting a different form of city government. The minimum number of signatures required on the petition shall be equal in number to twenty-five percent of those who voted in the last regular city election. The petition shall specify which form of city government in section 372.1 the petitioners propose for adoption.

2. *a.* Within fifteen days after receiving a valid petition, the council shall publish notice of the date that a special election will be held to determine whether the city shall change to a different form of government. The election date shall be as specified in section 39.2, subsection 4, paragraph “b”. If the next election date specified in that paragraph is more than sixty days after the publication, the council shall publish another notice fifteen days before the election. The notice shall include a statement that the filing of a petition for appointment of a home rule charter commission will delay the election until after the home rule charter commission has filed a proposed charter. Petition requirements and filing deadlines shall also be included in the notice.

*b.* The council shall notify the county commissioner of elections to publish notice of the election and conduct the election pursuant to chapters 39 to 53. The county commissioner of elections shall certify the results of the election to the council.

3. If a majority of the persons voting at the special election approves the proposed form, it is adopted.

4. If a majority of the persons voting at the special election does not approve the proposed form, that form may not be resubmitted to the voters within the next four years.

5. If the proposed form is adopted:

*a.* The elective officers provided for in the adopted form are to be elected at the next regular city election held more than eighty-four days after the special election at which the form was adopted. The adopted form becomes effective at the beginning of the new term following the regular city election.

*b.* The change of form does not alter any right or liability of the city in effect when the new form takes effect.

*c.* All departments and agencies shall continue to operate until replaced.

*d.* All measures in effect remain effective until amended or repealed, unless they are irreconcilable with the adopted form.

*e.* Upon the effective date of the adopted form, the city shall adopt by ordinance a new charter embodying the adopted form, and shall file a copy of its charter with the secretary of state, and maintain copies available for public inspection.

### **372.3 Home rule charter.**

If a petition for appointment of a home rule charter commission is filed with the city clerk not more than ten days after the council has published the first notice announcing the date of the special election on adoption of another form of government, the special election shall not be held until the charter proposed by the home rule charter commission is filed. ### **372.4 Mayor-council form.**

1. *a.* A city governed by the mayor-council form has a mayor and five council members elected at large, unless the council representation plan is changed pursuant to section 372.13, subsection 11. The council may, by ordinance, provide for a city manager and prescribe the manager's powers and duties, and as long as the council contains an odd number of council members, may change the number of wards, abolish wards, or increase the number of council members at large without changing the form.

*b.* However, a city governed, on July 1, 1975, by the mayor-council form composed of a mayor and a council consisting of two council members elected at large and one council member from each of four wards, or a special charter city governed, on July 1, 1975, by the mayor-council form composed of a mayor and a council consisting of two council members elected at large and one council member elected from each of eight wards, may continue until the form of government is changed as provided in section 372.2 or section 372.9. While a city is thus operating with an even number of council members, the mayor may vote to break a tie vote on motions not involving ordinances, resolutions or appointments made by the council alone, and in a special charter city operating with ten council members under this section, the mayor may vote to break a tie vote on all measures.

2. The mayor shall appoint a council member as mayor pro tem, and shall appoint and dismiss the marshal or chief of police except where an intergovernmental agreement makes other provisions for police protection or as otherwise provided in section 400.13. However, the appointment and dismissal of the marshal or chief of police are subject to the consent of a majority of the council. Other officers must be selected as directed by the council. The mayor is not a member of the council and shall not vote as a member of the council.

3. In a city having a population of five hundred or more, but not more than five thousand, the city council may, or shall upon petition of the electorate meeting the numerical requirements of section 372.2, subsection 1, submit a proposal at the next regular or special city election to reduce the number of council members to three. If a majority of the voters voting on the proposal approves it, the proposal is adopted. If the proposal is adopted, the new council shall be elected at the next regular or special city election. The council shall determine by ordinance whether the three council members are elected at large or by ward.

4. In a city having a population of less than five hundred, the city council may adopt a resolution of intent to reduce the number of council members from five to three and shall call a public hearing on the proposal. Notice of the time and place of the public hearing shall be published as provided in section 362.3, except that at least ten days' notice must be given. At the public hearing, the council shall receive oral and written comments regarding the proposal from any person. Thereafter, the council, at the same meeting as the public hearing or at a subsequent meeting, may adopt a final resolution to reduce the number of council members from five to three or may adopt a resolution abandoning the proposal. If the council adopts a final resolution to reduce the number of council members from five to three, a petition meeting the same requirements specified in section 362.4 for petitions authorized by city code may be filed with the clerk within thirty days following the effective date of the final resolution, requesting that the question of reducing the number of council members from five to three be submitted to the registered voters of the city. Upon receipt of a petition requesting an election, the council shall direct the county commissioner of elections to put the proposal on the ballot for the next regular city election. If the ballot proposal is adopted, the new council shall be elected at the next following regular city election. If a petition is not

filed, the council shall notify the county commissioner of elections by July 1 of the year of the regular city election and the new council shall be elected at that regular city election. If the council notifies the commissioner of elections after July 1 of the year of the regular city election, the change shall take effect at the next following regular city election. The council shall determine by ordinance whether the three council members are elected at large or by ward.

5. City council membership reduced from five council members to three may be increased to five council members using the same procedure in subsection 3 or 4, as applicable.

- a. Department of public affairs.
- b. Department of accounts and finances.
- c. Department of public safety.
- d. Department of streets and public improvements.
- e. Department of parks and public property.

2. a. A city governed by the commission form has a council composed of a mayor and four council members elected at large, unless the council representation plan is changed pursuant to section 372.13, subsection 11. The mayor administers the department of public affairs and each other council member is elected to administer one of the other four departments.

b. However, a city governed, on July 1, 1975, by the commission form and having a council composed of a mayor and two council members elected at large may continue with a council of three until the form of government is changed as provided in section 372.2 or section 372.9 or without changing the form, may submit to the voters the question of increasing the council to five members assigned to the five departments as set out in this section.

3. The mayor shall supervise the administration of all departments and report to the council all matters requiring its attention. The mayor is a member of the council and may vote on all matters before the council.

4. The council member elected to administer the department of accounts and finances is mayor pro tem.

5. The council may appoint a city treasurer or may, by ordinance, provide for election of that officer.

The mayor is a member of the council and may vote on all matters before the council. As soon as possible after the beginning of the new term following each city election, the council shall appoint a manager.

2. a. The city council of a city governed by the council-manager-at-large form may adopt

a resolution on its own motion, or shall adopt a resolution if a petition valid under section 362.4 is filed with the city clerk, proposing that the city be governed by a mayor elected by the people for a four-year term and four council members elected at large. After adoption of the resolution, the council shall direct the county commissioner of elections to put the proposal on the ballot for the next general election or the next regular city election, whichever occurs first. If the ballot proposal is approved, the city council shall adopt an ordinance meeting the requirements of paragraph “b”, and the ordinance is effective beginning with the next following regular city election.

b. The ordinance shall provide that the mayor is a member of the council and may vote on all matters before the council. The ordinance shall provide that the term of office of the mayor is four years and, after each regular city election, the mayor shall appoint a council member as mayor pro tem. The ordinance shall provide that the mayor is a member of the council for purposes of maintaining staggered terms on the council. A council member’s term shall not be shortened or lengthened as a means of initially implementing the ordinance.

c. An ordinance adopted and approved under this subsection is not subject to repeal until the ordinance has been in effect for at least six years. The question of repeal of the ordinance is subject to the requirements of paragraph “a”.

3. The council may by ordinance provide that the city will be governed by council-manager-ward form. The ordinance must provide for the election of the mayor and council members required under council-manager-ward form at the next regular city election.

Of the six council members, two may be elected at large and one elected from each of four wards, or one may be elected from each of six wards. The mayor and other council members serve four-year staggered terms. The mayor is a member of the council and may vote on all matters before the council.

2. The council, by ordinance, may change from one ward option authorized under this section to the other ward option. The ordinance must provide for the election of the mayor and council members as provided in the selected ward option at the next regular city election.

3. As soon as possible after the beginning of the new term following each city election, the council shall appoint a city manager, and a council member to serve as mayor pro tem.

### **372.9 Home rule charter procedure.**

A city to be governed by the home rule charter form shall adopt a home rule charter in which its form of government is set forth. A city may adopt a home rule charter only by the following procedures:

- 1. A home rule charter may be proposed by:
  - a. The council, causing a charter to be prepared and filed and by resolution submitting it to the voters.
  - b. Eligible electors of the city equal in number to at least twenty-five percent of the persons who voted at the last regular city election petitioning the council to appoint a charter commission to prepare a proposed charter. The council shall, within thirty days of the filing of a valid petition, appoint a charter commission composed of not less than five nor more than fifteen members. The charter commission shall, within six months of its appointment, prepare and file with the council a proposed charter.
- 2. When a charter is filed, the council and mayor shall notify the county commissioner of elections to publish notice containing the full text of the proposed home rule charter, a description of any other form of government being presented to the voters, and the date of the election, and to conduct the election. The notice shall be published at least twice in the manner provided in section 362.3, except that the publications must occur within sixty days

of the filing of the home rule charter, with a two-week interval between each publication. The council shall provide copies of a proposed charter for public distribution by the city clerk.

3. The proposed home rule charter must be submitted at a special election on a date specified in section 39.2, subsection 4, paragraph “b”, and in accordance with section 47.6. However, the date of the last publication must be not less than thirty nor more than sixty days before the election.

4. If a proposed home rule charter is rejected by the voters, it may not be resubmitted in substantially the same form to the voters within the next four years. If a proposed home rule charter is adopted by the voters, no other form of government may be submitted to the voters for six years.

5. If a petition for the appointment of a charter commission is filed at any time within two weeks after the second publication of a charter proposed by the council, the submission to the voters of a charter proposed by the council must be delayed, a charter commission appointed, and the council proposal and the charter proposed by the charter commission must be submitted to the voters at the same special election.

6. The ballot submitting a proposed charter or charters must also submit the existing form of government as an alternative.

7. a. If only two forms of government are being voted upon, the form of government which receives the highest number of votes is adopted.

b. If more than two forms are being voted upon and no form receives a majority of the votes cast in the special election, there must be a runoff election between the two proposed forms which receive the highest number of votes in the special election. The runoff election must be held within thirty days following the special election and must be conducted in the same manner as a special city election.

8. If a home rule charter is adopted:

a. The elective officers provided for in the charter are to be elected at the next regular city election held more than sixty days after the special election at which the charter was adopted, and the adopted charter becomes effective at the beginning of the new term following the regular city election.

b. The adoption of the charter does not alter any right or liability of the city in effect at the time of the special election at which the charter was adopted.

c. All departments and agencies shall continue to operate until replaced.

d. All measures in effect remain effective until amended or repealed, unless they are irreconcilable with the charter.

e. Upon the effective date of the home rule charter, the city shall adopt by ordinance the home rule charter, and shall file a copy of its charter with the secretary of state, and maintain copies available for public inspection.

### **372.10 Contents of charter.**

A home rule charter must contain provisions for:

1. A council of an odd number of members, not less than five.
2. A mayor, who may be one of those council members.
3. Two-year or staggered four-year terms of office for the mayor and council members.
4. The powers and duties of the mayor and the council, consistent with the provisions of the city code.

5. A council representation plan pursuant to section 372.13, subsection 11.

[C75, 77, 79, 81, §372.10]

91 Acts, ch 256, §38

### **372.11 Amendment to charter.**

A home rule charter may be amended by one of the following methods:

1. The council, by resolution, may submit a proposed amendment to the voters at a special

city election, and the proposed amendment becomes effective if approved by a majority of those voting.

2. The council, by ordinance, may amend the charter. However, within thirty days of publication of the ordinance, if a petition valid under the provisions of section 362.4 is filed with the council, the council must submit the ordinance amendment to the voters at a special city election, and the amendment does not become effective until approved by a majority of those voting.

3. If a petition valid under the provisions of section 362.4 is filed with the council proposing an amendment to the charter, the council must submit the proposed amendment to the voters at a special city election, and the amendment becomes effective if approved by a majority of those voting.

[C75, 77, 79, 81, §372.11]  
Referred to in §373.5

### **372.12 Special charter form limitation.**

A city may not adopt the special charter form but a city governed by a special charter on July 1, 1975, is considered to have the special charter form although it may utilize elements of the mayor-council form in conjunction with the provisions of its special charter. In adopting and filing its charter as required in section 372.1, a special charter city shall include the provisions of its charter and any provisions of the mayor-council form which are followed by the city on July 1, 1975.

A special charter city may utilize the provisions of chapter 420 in lieu of conflicting sections, until the city changes to one of the other forms of government as provided in this chapter.

[C75, 77, 79, 81, §372.12]  
97 Acts, ch 23, §40

### **372.13 The council.**

1. A majority of all council members is a quorum.

2. A vacancy in an elective city office during a term of office shall be filled, at the council's option, by one of the two following procedures:

a. (1) By appointment by the remaining members of the council, except that if the remaining members do not constitute a quorum of the full membership, paragraph "b" shall be followed. The appointment shall be made within sixty days after the vacancy occurs and shall be for the period until the next regular city election described in section 376.1, unless there is an intervening special election for that city, in which event the election for the office shall be placed on the ballot at such special election. If the council fails to make an appointment within sixty days as required by this subsection, the city clerk shall give notice of the vacancy to the county commissioner and the county commissioner shall call a special election to fill the vacancy at the earliest practicable date but no fewer than thirty-two days after the notice is received by the county commissioner.

(2) If the council chooses to proceed under this paragraph, it shall publish notice in the manner prescribed by section 362.3, stating that the council intends to fill the vacancy by appointment but that the electors of the city or ward, as the case may be, have the right to file a petition requiring that the vacancy be filled by a special election. The council may publish notice in advance if an elected official submits a resignation to take effect at a future date. The council may make an appointment to fill the vacancy after the notice is published or after the vacancy occurs, whichever is later. However, if within fourteen days after publication of the notice or within fourteen days after the appointment is made, there is filed with the city clerk a petition which requests a special election to fill the vacancy, an appointment to fill the vacancy is temporary and the council shall call a special election to fill the vacancy permanently, under paragraph "b". The number of signatures of eligible electors of a city for a valid petition shall be determined as follows:

(a) For a city with a population of ten thousand or less, at least two hundred signatures or at least the number of signatures equal to fifteen percent of the voters who voted for candidates for the office at the preceding regular election at which the office was on the ballot, whichever number is fewer.

(b) For a city with a population of more than ten thousand but not more than fifty thousand, at least one thousand signatures or at least the number of signatures equal to fifteen percent of the voters who voted for candidates for the office at the preceding regular election at which the office was on the ballot, whichever number is fewer.

(c) For a city with a population of more than fifty thousand, at least two thousand signatures or at least the number of signatures equal to ten percent of the voters who voted for candidates for the office at the preceding regular election at which the office was on the ballot, whichever number is fewer.

(d) The minimum number of signatures for a valid petition pursuant to subparagraph divisions (a) through (c) shall not be fewer than ten. In determining the minimum number of signatures required, if at the last preceding election more than one position was to be filled for the office in which the vacancy exists, the number of voters who voted for candidates for the office shall be determined by dividing the total number of votes cast for the office by the number of seats to be filled.

b. (1) By a special election held to fill the office for the remaining balance of the unexpired term. If the council opts for a special election or a valid petition is filed under paragraph "a", the special election may be held concurrently with any pending election as provided by section 69.12 if by so doing the vacancy will be filled not more than ninety days after it occurs. Otherwise, a special election to fill the office shall be called by the council at the earliest practicable date. The council shall give the county commissioner at least thirty-two days' written notice of the date chosen for the special election. The council of a city where a primary election may be required shall give the county commissioner at least sixty days' written notice of the date chosen for the special election. A special election held under this subsection is subject to sections 376.4 through 376.11, but the dates for actions in relation to the special election shall be calculated with regard to the date for which the special election is called. However, a nomination petition must be filed not less than twenty-five days before the date of the special election and, where a primary election may be required, a nomination petition must be filed not less than fifty-three days before the date of the special election.

(2) If there are concurrent vacancies on the council and the remaining council members do not constitute a quorum of the full membership, a special election shall be called by the county commissioner at the earliest practicable date. The remaining council members shall give notice to the county commissioner of the absence of a quorum. If there are no remaining council members, the city clerk shall give notice to the county commissioner of the absence of a council. If the office of city clerk is vacant, the city attorney shall give notice to the county commissioner of the absence of a clerk and a council. Notice of the need for a special election shall be given under this paragraph by the end of the following business day.

3. The council shall appoint a city clerk to maintain city records and perform other duties prescribed by state or city law.

4. Except as otherwise provided by state or city law, the council may appoint city officers and employees, and prescribe their powers, duties, compensation, and terms. The appointment of a city manager must be made on the basis of that individual's qualifications and not on the basis of political affiliation.

5. The council shall determine its own rules and maintain records of its proceedings. City records and documents, or accurate reproductions, shall be kept for at least five years except that:

a. Ordinances, resolutions, council proceedings, records and documents, or accurate reproductions, relating to the issuance of public bonds or obligations shall be kept for at least eleven years following the final maturity of the bonds or obligations. Thereafter, such records, documents, and reproductions may be destroyed, preserving confidentiality as necessary. Records and documents pertaining to the transfer of ownership of bonds shall be kept as provided in section 76.10.

b. Ordinances, resolutions, council proceedings, records and documents, or accurate reproductions, relating to real property transactions shall be maintained permanently.

6. Within fifteen days following a regular or special meeting of the council, the clerk shall cause the minutes of the proceedings of the council, including the total expenditure from each city fund, to be published in a newspaper of general circulation in the city. The publication

shall include a list of all claims allowed and a summary of all receipts and shall show the gross amount of the claims. The list of claims allowed shall show the name of the person or firm making the claim, the reason for the claim, and the amount of the claim. If the reason for the claims is the same, two or more claims made by the same vendor, supplier, or claimant may be consolidated if the number of claims consolidated and the total consolidated claim amount are listed in the statement. However, the city shall provide at its office upon request an unconsolidated list of all claims allowed. Matters discussed in closed session pursuant to section 21.3 shall not be published until entered on the public minutes. However, in cities having more than one hundred fifty thousand population, the council shall each month print in pamphlet form a detailed itemized statement of all receipts and disbursements of the city, and a summary of its proceedings during the preceding month, and furnish copies to the city library, the daily newspapers of the city, and to persons who apply at the office of the city clerk, and the pamphlet shall constitute publication as required. Failure by the clerk to make publication is a simple misdemeanor. The provisions of this subsection are applicable in cities in which a newspaper is published, or in cities of two hundred population or over, but in all other cities, posting the statement in three public places in the city which have been permanently designated by ordinance is sufficient compliance with this subsection.

7. By ordinance, the council may divide the city into wards which shall be drawn according to the following standards:

a. All ward boundaries shall follow precinct boundaries.

b. Wards shall be as nearly equal as practicable to the ideal population determined by dividing the number of wards to be established into the population of the city.

c. Wards shall be composed of contiguous territory as compact as practicable.

d. Consideration shall not be given to the addresses of incumbent officeholders, political affiliations of registered voters, previous election results, or demographic information other than population head counts, except as required by the Constitution and the laws of the United States.

8. By ordinance, the council shall prescribe the compensation of the mayor, council members, and other elected city officers, but a change in the compensation of the mayor does not become effective during the term in which the change is adopted, and the council shall not adopt an ordinance changing the compensation of the mayor, council members, or other elected officers during the months of November and December in the year of a regular city election. A change in the compensation of council members becomes effective for all council members at the beginning of the term of the council members elected at the election next following the change in compensation. Except as provided in section 362.5, an elected city officer is not entitled to receive any other compensation for any other city office or city employment during that officer's tenure in office, but may be reimbursed for actual expenses incurred. However, if the mayor pro tem performs the duties of the mayor during the mayor's absence or disability for a continuous period of fifteen days or more, the mayor pro tem may be paid for that period the compensation determined by the council, based upon the mayor pro tem's performance of the mayor's duties and upon the compensation of the mayor.

9. A council member, during the term for which that member is elected, is not eligible for appointment to any city office if the office has been created or the compensation of the office has been increased during the term for which that member is elected. A person who resigns from an elective office is not eligible for appointment to the same office during the time for which that person was elected if during that time, the compensation of the office has been increased.

10. A council member, during the term for which that member is elected, is not precluded from holding the office of chief of the volunteer fire department or from serving the volunteer fire department in any other position or capacity. A person holding the office of chief of such a volunteer fire department at the time of the person's election to the city council may continue to hold the office of chief of the fire department during the city council term for which that person was elected.

11. a. Council members shall be elected according to the council representation plans under sections 372.4 and 372.5. However, the council representation plan may be changed, by petition and election, to one of those described in this subsection. Upon receipt of a petition

meeting the requirements of section 362.4, requesting a change to a council representation plan, the council shall submit the question at a special election. If a majority of the persons voting at the special election approves the changed plan, it becomes effective at the beginning of the term following the next regular city election. If a majority does not approve the changed plan, the council shall not submit another proposal to change a plan to the voters within the next two years.

b. Eligible electors of a city may petition for one of the following council representation plans:

- (1) Election at large without ward residence requirements for the members.
- (2) Election at large but with equal-population ward residence requirements for the members.
- (3) Election from single-member, equal-population wards, in which the electors of each ward shall elect one member who must reside in that ward.
- (4) Election of a specified number of members at large and a specified number of members from single-member, equal-population wards.

Upon receipt of a petition meeting the requirements of section 362.4, requesting that the term of an elective office be changed, the council shall submit the question at a special election. If a majority of the persons voting at the special election approves the changed term, it becomes effective at the beginning of the term following the next regular city election. The choice of one of these options by such a special charter city does not otherwise affect the validity of the city's charter. However, special charter cities which choose to exercise the option to conduct nonpartisan city elections may choose in the

same manner the original decision was made, to resume holding city elections on a partisan basis.

The county commissioner or the city clerk designated pursuant to subsection 1 shall review each petition and affidavit of candidacy for completeness following the standards in section 45.5 and shall accept the petition for filing if on its face it appears to have the requisite number of signatures and if it is timely filed. The county commissioner or the designated city clerk shall note upon each petition and affidavit accepted for filing the date and time that they were filed. The county commissioner or the designated city clerk shall return any rejected nomination papers to the person on whose behalf the nomination papers were filed.

5. Nomination papers filed with the county commissioner or the city clerk designated pursuant to subsection 1 shall be available for public inspection.

6. The city clerk shall deliver the text of any public measure being submitted by the city council to the electorate to the county commissioner of elections. If the county commissioner has designated the city clerk to receive nomination papers for elective city offices pursuant to subsection 1, the city clerk shall deliver the nomination papers accepted for filing to the county commissioner. The county board of supervisors shall publicly canvass the tally lists of the vote cast in the primary election, following the procedures prescribed in section 50.24, at a meeting to be held on the second day following the primary election, and beginning no earlier than 1:00 p.m. on that day.

At the second canvass, the county board of supervisors of the county of the controlling commissioner shall canvass the abstracts received pursuant to this subsection and shall prepare a combined city abstract stating the number of votes cast in the city for each office. The combined city abstract shall further indicate the name of each person who received votes for each office on the ballot, and the number of votes each person received for that office. 2. In a regular city election held for a city where the council has chosen a runoff election in lieu of a primary, candidates are elected as provided by subsection 1, except that no candidate is elected who fails to receive a majority of the votes cast for the office in question. In the case of at-large elections to a multimember body, a majority is one vote more than half the quotient found by dividing the total number of votes cast for all candidates for that body by the number of positions to be filled. In calculating the number of votes necessary to constitute a majority, fractions shall be rounded up to the next higher whole number.

### **376.11 Write-in votes.**

1. Write-in votes are permitted to be cast in all elections for city offices. A person who receives a sufficient number of write-in votes to be elected to a city office shall be declared the winner of the election. If the result is a tie vote, lots shall be drawn pursuant to section 50.44. If a person who was elected by write-in votes chooses not to serve in that office, the person shall submit a resignation in writing to the city clerk not later than 5:00 p.m. on the tenth day following the canvass of the election. If a person who was elected by write-in votes resigns at a later time, the office shall be considered vacant at the end of the term and the council shall fill the vacancy pursuant to the provisions of section 372.13, subsection 2.

2. Except in cities where the council has chosen a runoff election in lieu of a primary, following the resignation of a person who was elected by write-in votes, the city clerk shall notify the person who received the next highest number of votes cast for the office that the

person may assume the office. If there is more than one person who received the next highest number of votes cast for the office, lots shall be drawn pursuant to section 50.44 to determine the person who received the next highest number of votes. If the person accepts the position, the person shall be considered the duly elected officer unless, within ten days after the clerk has given notice, a petition requesting a special election is filed by eligible electors of the city equal in number to twenty-five percent of the number of persons who voted for the office at the election. If the person declines, the person shall do so in writing to the city clerk within ten days and the office shall be considered vacant at the end of the term. The vacancy shall be filled pursuant to the provisions of section 372.13, subsection 2. If the council chooses to appoint, the appointment may be made before the end of the current term.

3. In city primary elections any person who receives write-in votes shall execute an affidavit in substantially the form required by section 45.3, and file it with the county commissioner of elections not later than 5:00 p.m. on the day after the canvass of the primary election. If any person who received write-in votes fails to file the affidavit at the time required, the county commissioner shall disregard the write-in votes cast for that person. A notation shall be made on the abstract of votes showing which persons who received write-in votes filed affidavits. The total number of votes cast for each office on the ballot shall be amended by subtracting the write-in votes of those candidates who failed to file the affidavit. It is not necessary for a candidate whose name was printed upon the ballot to file an affidavit. Of the remaining candidates, those who receive the highest number of votes to the extent of twice the number of unfilled positions shall be placed on the ballot for the regular city election as candidates for that office.

4. In cities in which the city council has chosen a runoff election in lieu of a primary, if a person who was elected by write-in votes chooses not to accept the office by filing a resignation notice with the commissioner of elections not later than 5:00 p.m. on the day following the canvass, all remaining persons who received write-in votes and who wish to be considered candidates for the runoff election shall execute an affidavit in substantially the form required by section 45.3 and file it with the county commissioner not later than 5:00 p.m. of the fourth day following the canvass. If a person receiving write-in votes fails to file the affidavit at the time required, the county commissioner of elections shall disregard the write-in votes cast for that person. The abstract of votes shall be amended to show that the person who was declared elected declined the office and a notation shall be made next to the names of those persons who did not file the affidavit. A runoff election shall be held with the remaining candidates who have the highest number of votes to the extent of twice the number of unfilled positions.

5. In a city in which the council has chosen a runoff election, if no person was declared elected for an office, all persons who received write-in votes shall execute an affidavit in substantially the form required by section 45.3 and file it with the county commissioner of elections not later than 5:00 p.m. on the day following the canvass of votes. If any person who received write-in votes fails to file the affidavit, the county commissioner of elections shall disregard the write-in votes cast for that person. The abstract of votes shall be amended to note which of the write-in candidates failed to file the affidavit. A runoff election shall be held with the remaining candidates who have the highest number of votes to the extent of twice the number of unfilled positions.

### **384.24A Loan agreements.**

A city may enter into loan agreements to borrow money for any public purpose in accordance with the following terms and procedures:

1. A loan agreement entered into by a city may contain provisions similar to those sometimes found in loan agreements between private parties, including, but not limited to, the issuance of notes to evidence its obligations.

2. A provision of a loan agreement which stipulates that a portion of the payments be applied as interest is subject to chapter 74A. Other laws relating to interest rates do not apply. Chapter 75 is not applicable. A city utility or city enterprise is a separate entity under this section whether it is governed by the governing body of the city or another governing body.

3. The governing body shall follow substantially the same authorization procedure required for the issuance of general obligation bonds issued for the same purpose to authorize a loan agreement made payable from the debt service fund.

4. The governing body may authorize a loan agreement which is payable from the general fund if the loan agreement would not cause the total of scheduled annual payments of principal or interest or both principal and interest due from the general fund in any single future fiscal year with respect to all loan agreements in force on the date of the authorization to exceed ten percent of the last certified general fund budget amount in accordance with the following procedures:

a. The governing body must follow substantially the authorization procedures of section 384.25 to authorize a loan agreement for personal property which is payable from the general fund. The governing body must follow substantially the authorization procedures of section 384.25 to authorize a loan agreement for real property which is payable from the general fund if the principal amount of the loan agreement does not exceed the following limits:

(1) Four hundred thousand dollars in a city having a population of five thousand or less.

(2) Seven hundred thousand dollars in a city having a population of more than five thousand but not more than seventy-five thousand.

(3) One million dollars in a city having a population of more than seventy-five thousand.

b. The governing body must follow the following procedures to authorize a loan agreement for real property which is payable from the general fund if the principal amount of the loan agreement exceeds the limits set forth in paragraph “a”:

(1) The governing body must institute proceedings to enter into a loan agreement payable from the general fund by causing a notice of the meeting to discuss entering into the loan

agreement, including a statement of the principal amount and purpose of the loan agreement and the right to petition for an election, to be published at least once in a newspaper of general circulation within the city at least ten days prior to the discussion meeting. No sooner than thirty days following the discussion meeting shall the governing body hold a meeting at which it is proposed to take action to enter into the loan agreement.

(2) (a) If at any time before the end of the thirty-day period after which a meeting may be held to take action to enter into the loan agreement, a petition is filed with the clerk of the city in the manner provided by section 362.4, asking that the question of entering into the loan agreement be submitted to the registered voters of the city, the governing body shall either by resolution declare the proposal to enter into the loan agreement to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of entering into the loan agreement. However, for purposes of this paragraph, the petition shall not require signatures in excess of one thousand persons.

(b) The question to be placed on the ballot shall be stated affirmatively in substantially the following manner:

Shall the city of ..... enter into a loan agreement in amount of \$ ..... for the purpose of .....

(c) Notice of the election and its conduct shall be in the manner provided in section 384.26, subsections 2 through 4.

(3) If a petition is not filed or if a petition is filed and the proposition of entering into the loan agreement is approved at an election, the governing body may proceed and enter into the loan agreement.

5. The governing body may authorize a loan agreement payable from the net revenues of a city utility, combined utility system, city enterprise, or combined city enterprise by following the authorization procedures of section 384.83.

6. A loan agreement to which a city is a party or in which the city has a participatory interest is an obligation of a political subdivision of this state for the purposes of chapters 502 and 636, and is a lawful investment for banks, trust companies, savings associations, investment companies, insurance companies, insurance associations, executors, guardians, trustees, and any other fiduciaries responsible for the investment of funds.

If the proposition of issuing the general corporate purpose bonds is approved by the voters, the city may proceed with the issuance of the bonds.

5. a. Notwithstanding the provisions of subsection 2, a council may, in lieu of calling an

election, institute proceedings for the issuance of bonds for a general corporate purpose by causing a notice of the proposal to issue the bonds, including a statement of the amount and purpose of the bonds, together with the maximum rate of interest which the bonds are to bear, and the right to petition for an election, to be published at least once in a newspaper of general circulation within the city at least ten days prior to the meeting at which it is proposed to take action for the issuance of the bonds subject to the following limitations:

(1) In cities having a population of five thousand or less, in an amount of not more than four hundred thousand dollars.

(2) In cities having a population of more than five thousand and not more than seventy-five thousand, in an amount of not more than seven hundred thousand dollars.

Notice of the election and its conduct shall be in the manner provided in the preceding subsections of this section.

If the account holder is a tenant, and if the owner or landlord of the property or premises has made a written request for notice, the notice shall also be given to the owner or landlord. If the account holder is a tenant and requests a change of name for service under the account, such request shall be sent to the owner or landlord of the property if the owner or landlord has made a written request for notice of any change of name for service under the account to the rental property.

d. A city utility, city enterprise, or combined city enterprise shall not withhold service from, or discontinue or disconnect service to, a subsequent owner who obtains fee simple title of the prior property or premises unless such delinquent amount has been certified in a timely manner to the county treasurer as provided in subsection 4, paragraph "a", subparagraphs (1) and (2).

The governing body of a city utility may, by resolution, delegate to a designee named in the resolution the city utility’s authority to certify unpaid rates or charges to the county treasurer. The city council of a city that is contracting with a city utility for joint billing or collection or both pursuant to chapter 28E may, by ordinance, delegate to such city utility, or the city utility’s designee, the city’s authority to certify unpaid rates or charges to the county treasurer.

(2) If the delinquent rates or charges were incurred prior to the date a transfer of the property or premises in fee simple is filed with the county recorder and such delinquencies were not certified to the county treasurer prior to such date, the delinquent rates or charges are not eligible to be certified to the county treasurer. ### **388.2A Procedure for disposal of city utility by sale.**

1. A proposal to discontinue a city utility and dispose of such utility by sale, whether upon the council's own motion or upon the receipt of a valid petition pursuant to section 388.2, subsection 1, paragraph "b", shall not be submitted to the voters of the city pursuant to section 388.2 at any election unless the governing body of the city utility meets the requirements of this section.

2. a. (1) The governing body of the city utility shall determine the fair market value of the utility system after obtaining two appraisals of the system's fair market value. One appraisal shall be obtained from an independent appraiser selected by the governing body, and the other appraisal shall be obtained from an independent appraiser approved by the Iowa utilities board. Both appraisals shall be conducted in conformance with the uniform standards of professional appraisal practice or substantially similar standards.

(2) Any appraisal obtained pursuant to this paragraph shall consider the depreciated value of the capital assets to be sold, the loss of future revenues to the city utility, including the right to generate surpluses, and the cost of any capital improvements reasonably necessary to provide adequate service and facilities to the city utility's customers.

b. After considering the appraisals obtained pursuant to paragraph "a", the governing body shall establish the city utility's fair market value. The fair market value shall be the greater of any of the following:

(1) The average of the two appraisals obtained pursuant to paragraph "a".

(2) The depreciated value of the capital assets to be sold.

(3) The amount necessary to retire all of the city's outstanding revenue and general obligations issued for purposes of the city utility.

c. The governing body's determination of a city utility's fair market value pursuant to this subsection shall not be dispositive of the city utility's system price, which shall be subject to negotiation by the governing body.

d. The governing body shall prepare an inventory of the city utility's real and personal property, and a statement of net position or balance sheet of the city utility, including all assets, liabilities, outstanding revenue and general obligations used to finance the city utility system.

e. The governing body shall prepare a financial information statement of the city utility that includes current and projected rate schedules for the next five fiscal years, as well as the five most recent fiscal year revenue statements, if such statements exist, and a projection of the city utility's revenue statements for the next five fiscal years.

f. The governing body shall consider alternatives to disposing of the city utility system by sale, including entering into an agreement pursuant to chapter 28E, or into a finance agreement, purchase agreement, or lease agreement with another entity described in section 476.1, subsection 4.

g. (1) The governing body shall make available on its internet site, at least sixty days prior to submitting a proposal for election pursuant to section 388.2, a copy of each item listed in paragraphs "a" through "f" of this subsection.

(2) If, at the time of posting information pursuant to subparagraph (1), the governing body has received any offers or appraisals of fair market value from any prospective purchasers of the city utility system in connection with a proposal to discontinue the city utility and dispose of such utility by sale, then the governing body shall make available on its internet site each offer and appraisal then in existence. Proprietary information of a rate-regulated public utility under chapter 476 that is exempt from disclosure pursuant to section 22.7 may be withheld from disclosure on the governing body's internet site. The governing body may continue to receive new or revised offers or appraisals thereafter.

(3) The governing body shall make a good-faith effort to provide, by regular mail to each property owner of the city and each ratepayer of the city utility, a notice of the proposal to dispose of the city utility by sale, a summary of the proposal, a summary of the information described in subparagraphs (1) and (2), and instructions for locating the information described in subparagraphs (1) and (2) on the governing body's internet site.

3. Upon the governing body meeting the requirements of subsection 2, a city council may submit a proposal to discontinue and dispose of a city utility pursuant to section 388.2.

4. If a proposal to discontinue and dispose of a city utility is to be submitted to voters following the receipt of a valid petition pursuant to section 388.2, subsection 1, paragraph "b", the council shall submit the proposal at the next general election, regular city election, or a special election called for that purpose, within one hundred twenty days after the governing body of the city utility meets the requirements of subsection 2.

5. A proposal to discontinue and dispose of a city utility by sale that is approved by the voters pursuant to section 388.2, subsection 2, paragraph "a", shall not require the governing body or any purchasing entity to finalize a sale of the city utility.

6. No action may be brought which questions the legality of the election or the city and governing body's compliance with this section, except as provided in section 57.1, within twenty days of the canvass of votes for the election by the county board of supervisors.

1. To have and exercise general supervision over the administration of the assessment and tax laws of the state, over boards of supervisors and all other officers or boards in the performance of their official duties in all matters relating to assessments and taxation, to the end that all assessments of property and taxes levied on the property be made relatively just and uniform in substantial compliance with the law.

2. To supervise the activity of all assessors and boards of review in the state of Iowa; to cooperate with them in bringing about a uniform and legal assessment of property as prescribed by law.

a. The director may order the reassessment of all or part of the property in any assessing jurisdiction in any year. Such reassessment shall be made by the local assessor according to law under the direction of the director and the cost of making the assessment shall be paid in the same manner as the cost of making an original assessment.

b. The director shall determine the degree of uniformity of valuation as between the

various assessing jurisdictions of the state and shall have the authority to employ competent personnel for the purpose of performing this duty.

c. For the purpose of bringing about uniformity and equalization of assessments throughout the state of Iowa, the director shall prescribe rules relating to the standards of value to be used by assessing authorities in the determination, assessment and equalization of actual value for assessment purposes of all property subject to taxation in the state, and such rules shall be adhered to and followed by all assessing authorities.

d. To facilitate uniformity and equalization of assessments throughout the state of Iowa and to facilitate transfers of funds to local governments, the director may use geographic information system technology and may require assessing authorities and local governments that have adopted compatible technology to provide information to the department electronically using electronic geographic information system file formats. The department of revenue shall also from time to time prepare and furnish in like manner forms for any and all other blanks, memoranda or instructions which the director deems necessary or expedient for the use or guidance of any of the officers over which the director is authorized by law to exercise supervision.

4. To confer with, advise, and direct boards of supervisors, boards of review, and others obligated by law to make levies and assessments, as to their duties under the laws.

5. To direct proceedings, actions, and prosecutions to be instituted for the enforcement of the laws relating to the penalties, liabilities, and punishment of public officers, and officers or agents of corporations, and other persons or corporations, for failure or neglect to comply with the provisions of the statutes governing the return, assessment and taxation of property; to make or cause to be made complaints against members of boards of review, boards of supervisors or other assessing, reviewing, or taxing officers for official misconduct or neglect of duty. Employees of the department of revenue shall not during their regular hours of employment engage in the preparation of tax returns, except in connection with a regular audit of a tax return or in connection with assistance requested by the taxpayer.

6. a. b. The director shall require all city and county assessors to prepare a quarterly report in the manner and form to be prescribed by the director showing for each warranty deed or contract of sale of real estate, divided between rural and urban, during the last completed quarter the amount of real property transfer tax, the sale price or consideration, and the equalized value at which that property was assessed that year. This report with further information required by the director shall be submitted to the department within sixty days after the end of each quarter. The department shall prepare annual summaries of the records of the ratio of assessments to actual sales prices for all counties, and for cities having city assessors, and the information for the preceding year shall be available for public inspection by May 1.

7. To hold public hearings either at the seat of government or elsewhere in the state, and tax the costs thereof; to summon and compel witnesses to appear and give testimony, to administer oaths to said witnesses, and to compel said witnesses to produce for examination records, books, papers, and documents relating to any matter which the director shall have

the authority to investigate or determine. Provided, however, that no bank or trust company or its officers or employees shall be required to divulge knowledge concerning the property of any person when such knowledge was obtained through information imparted as a part of a business transaction with or for such person and in the usual and ordinary course of business of said bank or trust company, and was necessary and proper to the discharge of the duty of said bank or trust company in relation to such business transaction. This proviso shall be additional to other provisions of the law relating to confidential and privileged communications.

8. To cause the depositions of witnesses residing within or without the state, or absent therefrom, to be taken either on written or oral interrogatories, and the clerk of the district court of any county shall upon the order of the director issue a commission for the taking of such depositions. The proceedings therefor shall be the same as the proceedings for the taking of depositions in the district court so far as applicable.

9. To investigate the work and methods of boards of review, boards of supervisors, or other public officers, in the assessment, equalization, and taxation of all kinds of property, and for that purpose the director or employees of the department may visit the counties or localities when deemed necessary so to do.

10. To require any board of review at any time after its adjournment to reconvene and to make such orders as the director shall determine are just and necessary; to direct and order any board of review to raise or lower the valuation of the property, real or personal, in any township, city, or taxing district, to order and direct any board of review to raise or lower the valuation of any class or classes of property in any township, city, or taxing district, and generally to make any order or direction to any board of review as to the valuation of any property, or any class of property, in any township, city, county, or taxing district, which in the judgment of the director may seem just and necessary, to the end that all property shall be valued and assessed in the manner and according to the real intent of the law. For the purpose of this subsection the words "*taxing district*" include drainage districts and levee districts.

a. The director may correct obvious errors or obvious injustices in the assessment of any individual property, but the director shall not reduce the valuation of any individual property except upon the recommendation of the local board of review and an order of the director affecting any valuation shall not be retroactive as to any reduction or increase in taxes payable prior to January 1 of the year in which that order is issued, or prior to September 1 of the preceding year in cities under special charter which collect their own municipal levies. The director shall not correct errors or injustices under the authority of this paragraph if that correction would involve the exercise of judgment. Judicial review of the actions of the director may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A.

b. The director may order made effective reassessments or revaluations in any taxing district for any taxing year or years and the director may in any year order uniform increases or decreases in valuation of all property or upon any class of property within any taxing district or any area within such taxing district, such orders to be effective in the year specified by the director.

11. To carefully examine into all cases where evasion or violation of the law for assessment and taxation of property is alleged, complained of, or discovered, and to ascertain wherein existing laws are defective or are improperly or negligently administered, and cause to be instituted such proceedings as will remedy improper or negligent administration of the laws relating to the assessment or taxation of property.

12. To make a summary of the tax situation in the state, setting out the amount of moneys raised by both direct and indirect taxation; and also to formulate and recommend legislation for the better administration of the fiscal laws so as to secure just and equal taxation. To recommend such additions to and changes in the present system of taxation that in the director's judgment are for the best interest of the state and will eliminate the necessity of any levy for state purposes.

13. To transmit biennially to the governor and to each member and member-elect of the legislature, thirty days before the meeting of the legislature, the report of the director, covering the subject of assessment and taxation, the result of the investigation of the director,

recommendations for improvement in the system of taxation in the state, together with such measures as may be formulated for the consideration of the legislature.

The director may also establish criteria allowing for payment of taxes, penalty, interest, and fees by electronic funds transfer or other alternative methods. The director shall adopt rules setting forth procedures for use in electronic filing and electronic funds transfer or other alternative methods and standards that provide for acceptance of a signature in a form other than the handwriting of a person. The rules shall also take into consideration any undue hardship electronic filing or electronic funds transfer or other alternative methods create for filers.

16. To call upon a state agency or institution for technical advice and data which may be of value in connection with the work of the department.

17. To prepare and issue a state appraisal manual which each county and city assessor shall use in assessing and valuing all classes of property in the state. The appraisal manual shall be continuously revised and the manual and revisions shall be issued to the county and city assessors in such form and manner as prescribed by the director. Each county and city assessor shall use the most recently issued manual in assessing and valuing all classes of property in the state within two years of the publication date of the most recently issued manual. The department may grant an extension of up to two years to a county or city assessor upon request and demonstration of substantial hardship by an assessor.

a. The burden of showing reasonable cause to believe that the documents or records sought by the subpoena are necessary to assist the department under this subsection shall be upon the director.

b. (1) The provisions of sections 17A.10 to 17A.18A relating to contested cases shall not apply to any matters involving the equalization of valuations of classes of property as authorized by this chapter and chapter 441.

The department shall forward all payments received pursuant to this section to the collection services center established pursuant to chapter 252B, for processing and disbursement. The department of revenue may establish a process for the child support recovery unit or collection services center to directly receive the payments. For purposes of crediting the support payments pursuant to sections 252B.14 and 598.22, payments received by the department of revenue and forwarded to the collection services center shall be credited as if received directly by the collection services center.

d. The notice shall provide that, as an alternative to the provisions of paragraph "b", the individual may contact the child support recovery unit to formalize a repayment plan and

obtain an exemption from the quarterly filing requirement when payments are made pursuant to the repayment plan or to contest the balance due listed in the notice.

e. The department of revenue, in cooperation with the child support recovery unit, may adopt rules, if necessary, to implement this subsection.

21. To provide information contained in state individual tax returns to the child support recovery unit for the purposes of establishment or enforcement of support obligations. The department of revenue and child support recovery unit may exchange information in a manual or automated fashion. The department of revenue, in cooperation with the child support recovery unit, may adopt rules, if necessary, to implement this subsection.

22. To employ collection agencies, within or without the state, to collect delinquent taxes, including penalties and interest, administered by the department or delinquent accounts, charges, loans, fees, or other indebtedness due the state or any state agency, that have formal agreements with the department for central debt collection where the director finds that departmental personnel are unable to collect the delinquent accounts, charges, loans, fees, or other indebtedness because of a debtor's location outside the state or for any other reason. Fees for services, reimbursement, or other remuneration, including attorney fees, paid to collection agencies shall be based upon the amount of tax, penalty, and interest or debt actually collected and shall be paid only after the amount of tax, penalty, and interest or debt is collected. All funds collected must be remitted in full to the department within thirty days from the date of collection from a debtor or in a lesser time as the director prescribes. The funds shall be applied toward the debtor's account and handled as are funds received by other means. An amount is appropriated from the amount of tax, penalty, and interest, delinquent accounts, charges, loans, fees, or other indebtedness actually collected by the collection agency sufficient to pay all fees for services, reimbursement, or other remuneration pursuant to a contract with a collection agency under this subsection. A collection agency entering into a contract with the department for the collection of delinquent taxes, penalties, and interests, delinquent accounts, charges, loans, fees, or other indebtedness pursuant to this subsection is subject to the requirements and penalties of the confidentiality laws of this state regarding tax or indebtedness information.

23. To develop, modify, or contract with vendors to create or administer systems or programs which identify nonfilers of returns or nonpayers of taxes administered by the department and to identify and prevent the issuance of fraudulent or erroneous refunds. Fees for services, reimbursements, costs incurred by the department, or other remuneration may be funded from the amount of tax, penalty, or interest actually collected and shall be paid only after the amount is collected. An amount is appropriated from the amount of tax, penalty, and interest actually collected, not to exceed the amount collected, which is sufficient to pay for services, reimbursement, costs incurred by the department, or other remuneration pursuant to this subsection. Vendors entering into a contract with the department pursuant to this subsection are subject to the requirements and penalties of the confidentiality laws of this state regarding tax information. The director shall report annually to the legislative services agency and the chairpersons and ranking members of the ways and means committees on the amount of costs incurred and paid during the previous fiscal year pursuant to this subsection and the incidence of refund fraud and the costs incurred and amounts prevented from issuance during the previous fiscal year pursuant to this subsection.

The director has the authority to enter into and perform all duties required of the office of director by multistate agreements or compacts that provide for the collection of sales and use taxes, including joint audits with other states or audits on behalf of other states. The agreements or compacts shall generally conform to the provisions of Iowa sales and use tax statutes. All fees for services, reimbursements, remuneration, incentives, and costs incurred by the department associated with these agreements or compacts may be paid or reimbursed from the additional revenue generated. An amount is appropriated from amounts generated to pay or reimburse all costs associated with this subsection. Persons entering into an agreement or compact with the department pursuant to this subsection are subject to the requirements and penalties of the confidentiality laws of this state regarding

tax information. Notwithstanding any other provisions of law, the contract, agreement, or compact shall provide for the registration, collection, report, and verification of amounts subject to this subsection.

25. At the director's discretion, accept payment of taxes, penalties, interest, and fees, or any portion thereof, by credit card. The director may adjust the payable amount to reflect the costs of processing the payment as determined by the treasurer of state and the payment by credit card shall include, in addition to all other charges, any discount charged by the credit card issuer.

26. 2. All moneys in the local transient guest tax fund shall be remitted at least quarterly by the department, pursuant to rules of the director of revenue, to each city in the amount collected from businesses in that city, to each county in the amount collected from businesses in the unincorporated areas of the county, and to each land use district in the amount collected from businesses in that land use district.

3. Moneys received by the city from this fund shall be credited to the general fund of the city, subject to the provisions of subsection 4.

4. The revenue derived by a city or county from any local hotel and motel tax authorized by section 423A.4 shall be used by a city or county as follows:

a. Each city or county which levies the tax shall spend at least fifty percent of the revenues derived therefrom for the acquisition of sites for, or constructing, improving, enlarging, equipping, repairing, operating, or maintaining of recreation, convention, cultural, or entertainment facilities including but not limited to memorial buildings, halls and monuments, civic center convention buildings, auditoriums, coliseums, and parking areas or facilities located at those recreation, convention, cultural, or entertainment facilities or the payment of principal and interest, when due, on bonds or other evidence of indebtedness issued by the county or city for those recreation, convention, cultural, or entertainment facilities; or for the promotion and encouragement of tourist and convention business in the city or county and surrounding areas.

b. The remaining revenues may be spent by the city or county which levies the tax for any city or county operations authorized by law as a proper purpose for the expenditure within statutory limitations of city or county revenues derived from ad valorem taxes.

c. Any city or county which levies and collects the local hotel and motel tax authorized by section 423A.4 may pledge irrevocably an amount of the revenues derived therefrom for each of the years the bonds remain outstanding to the payment of bonds which the city or county may issue for one or more of the purposes set forth in paragraph "a". The provisions of chapter 76 apply to the bonds payable as provided in this section except that the mandatory levy to be assessed pursuant to section 76.2 shall be at a rate to generate an amount which together with the receipts from the pledged portion of the local hotel and motel tax is sufficient to pay the interest and principal on the bonds. All amounts collected as a result of the levy assessed pursuant to section 76.2 and paid out in the first instance for bond principal and interest shall be repaid to the city or county which levied the tax from the first available local hotel and motel tax collections received in excess of the requirement for

the payment of the principal and interest of the bonds and when repaid shall be applied in reduction of property taxes.

(2) The amount of bonds which may be issued under section 76.3 shall be the amount which could be retired from the actual collections of the local hotel and motel tax for the last four calendar quarters, as certified by the director of revenue. The amount of tax revenues pledged jointly by other cities or counties may be considered for the purpose of determining the amount of bonds which may be issued. If the local hotel and motel tax has been in effect for less than four calendar quarters, the tax collected within the shorter period may be adjusted to project the collections for the full year for the purpose of determining the amount of the bonds which may be issued.

e. A city or county, jointly with one or more other cities or counties as provided in chapter 28E, may pledge irrevocably any amount derived from the revenues of the local hotel and motel tax to the support or payment of bonds issued for a project within the purposes set forth in paragraph “a” and located within one or more of the participatory cities or counties or may apply the proceeds of its bonds to the support of any such project. Revenue so pledged or applied shall be credited to the spending requirement of paragraph “a”.

f. (1) A city or county acting on behalf of an unincorporated area may, in lieu of calling an election, institute proceedings for the issuance of bonds under this section by causing a notice of the proposal to issue the bonds, including a statement of the amount and purpose of the bonds, together with the maximum rate of interest which the bonds are to bear, and the right to petition for an election, to be published at least once in a newspaper of general circulation within the city or unincorporated area at least ten days prior to the meeting at which it is proposed to take action for the issuance of the bonds.

(2) If at any time before the date fixed for taking action for the issuance of the bonds a petition signed by eligible electors residing in the city or the unincorporated area equal in number to at least three percent of the registered voters of the city or unincorporated area is filed, asking that the question of issuing the bonds be submitted to the registered voters of the city or unincorporated area, the council or board of supervisors acting on behalf of an unincorporated area shall either by resolution declare the proposal to issue the bonds to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of issuing the bonds.

(3) The proposition of issuing bonds under this section is not approved unless the vote in favor of the proposition is equal to a majority of the vote cast.

(4) If no petition is filed, or if a petition is filed and the proposition of issuing the bonds is approved at an election, the council or board of supervisors acting on behalf of an unincorporated area may proceed with the authorization and issuance of the bonds.

(5) Bonds may be issued for the purpose of refunding outstanding and previously issued bonds under this section without otherwise complying with this paragraph.

#### **423B.1 Authorization — election — imposition and repeal.**

1. A county may impose by ordinance of the board of supervisors local option taxes authorized by this chapter, subject to this section and subject to the exception provided in subsection 2.

2. a. A city whose corporate boundaries include areas of two counties may impose by ordinance of its city council a local sales and services tax if all of the following apply:

(1) At least eighty-five percent of the residents of the city live in one county.

(2) The county in which at least eighty-five percent of the city residents reside has held an election on the question of the imposition of a local sales and services tax and a majority of those voting on the question in the city favored its imposition.

(3) The city has entered into an agreement on the distribution of the sales and services tax

revenues collected from the area where the city tax is imposed with the county where such area is located.

b. The city council of a city authorized to impose a local sales and services tax pursuant to paragraph “a” shall only do so subject to all of the following restrictions:

(1) The tax shall only be imposed in the area of the city located in the county where not more than fifteen percent of the city’s residents reside.

(2) The tax shall be at the same rate and become effective at the same time as the county tax imposed in the other area of the city.

(3) The tax once imposed shall continue to be imposed until the county-imposed tax is repealed, and the city-imposed tax shall also be repealed effective on the same date.

(4) The tax shall be imposed on the same basis as provided in section 423B.5 and notification requirements in section 423B.6 apply.

(5) The city shall assist the department of revenue to identify the businesses in the area which are to collect the city-imposed tax. The process shall be ongoing as long as the city tax is imposed.

c. The agreement on the distribution of the revenues collected from the city-imposed tax shall provide that fifty percent of such revenues shall be remitted to the county in which the part of the city where the city tax is imposed is located.

d. The latest certified federal census preceding the election held by the county on the question of imposition of the local sales and services tax shall be used in determining if the city qualifies under paragraph “a”, subparagraph (1), to impose its own tax and in determining the area where the city tax may be imposed under paragraph “b”, subparagraph (1).

e. A city is not authorized to impose a local sales and services tax under this subsection after July 1, 2000. A city that has imposed a local sales and services tax under this subsection on or before July 1, 2000, may continue to collect the tax until such time as the tax is repealed by the city and the fact that the area acquires more than fifteen percent of the city’s residents after the tax is imposed shall not affect the imposition or collection of the tax.

3. a. If a majority of those voting on the question of imposition of a local option tax favors imposition, the local option tax shall be imposed at the rate specified on the ballot until repealed as provided in this chapter.

b. If the tax is a local vehicle tax imposed by a county, it shall apply to all incorporated and unincorporated areas of the county.

c. (1) If the tax is a local sales and services tax imposed by a county, it shall only apply to those incorporated areas and the unincorporated area of that county in which a majority of those voting in the area on the tax favors its imposition. For purposes of the local sales and services tax, all cities contiguous to each other shall be treated as part of one incorporated area and the tax would be imposed in each of those contiguous cities only if the majority of those voting in the total area covered by the contiguous cities favors its imposition. For purposes of the local sales and services tax, a city is not contiguous to another city if the only road access between the two cities is through another state.

(2) The treatment of contiguous cities as one incorporated area for the purpose of determining whether a majority of those voting favors imposition does not apply to elections on the question of imposition of a local sales and services tax in all or a portion of a county that is a qualified county if the election occurs on or after January 1, 2019. For purposes of this chapter, “qualified county” means a county with a population in excess of four hundred thousand, a county with a population of at least one hundred thirty thousand but not more than one hundred thirty-one thousand, or a county with a population of at least sixty thousand but not more than seventy thousand, according to the 2010 federal decennial census.

4. a. (1) The county board of supervisors shall direct within thirty days the county commissioner of elections to submit the question of imposition of a local vehicle tax to the registered voters of the incorporated and unincorporated areas of the county upon receipt of a petition requesting imposition of a local vehicle tax, signed by eligible electors of the whole county equal in number to five percent of the persons in the whole county who voted at the last preceding general election. The petition requesting imposition shall specify the rate of tax and the classes, if any, that are to be exempt. If more than one valid petition is received, the earliest received petition shall be used.

(2) The county board of supervisors shall direct within thirty days the county commissioner of elections to submit the question of imposition of a local sales and services tax to the registered voters of the incorporated and unincorporated areas of the county upon receipt of a petition requesting imposition of a local sales and services tax, signed by eligible electors of the whole county equal in number to five percent of the persons in the whole county who voted at the last preceding general election. If more than one valid petition is received, the earliest received petition shall be used.

(3) In lieu of the petition requirement of subparagraph (2), the county board of supervisors for a county that is a qualified county shall direct within thirty days the county commissioner of elections to submit the question of imposition of a local sales and services tax to the registered voters of a city, or the portion thereof located in the county, or to the registered voters of the unincorporated area of the county upon receipt by the board of supervisors of a petition requesting imposition of a local sales and services tax, signed by eligible electors of the city, or the portion thereof located in the county, or eligible electors of the unincorporated area of the county, as applicable, equal in number to five percent of the persons in the city, or applicable portion thereof, or in the unincorporated area of the county who voted at the last preceding general election. If more than one valid petition is received for a city or for the unincorporated area of the county, the earliest received petition shall be used. This subparagraph applies to petitions received on or after January 1, 2019.

b. (1) The question of the imposition of a local sales and services tax shall be submitted to the registered voters of the incorporated and unincorporated areas of the county upon receipt by the county commissioner of elections of the motion or motions, requesting such submission, adopted by the governing body or bodies of the city or cities located within the county or of the county, for the unincorporated areas of the county, representing at least one half of the population of the county. Upon adoption of such motion, the governing body of the city or county, for the unincorporated areas, shall submit the motion to the county commissioner of elections and in the case of the governing body of the city shall notify the board of supervisors of the adoption of the motion. The county commissioner of elections shall keep a file on all the motions received and, upon reaching the population requirements, shall publish notice of the ballot proposition concerning the imposition of the local sales and services tax. A motion ceases to be valid at the time of the holding of the regular election for the election of members of the governing body that adopted the motion. The county commissioner of elections shall eliminate from the file any motion that ceases to be valid.

(2) In lieu of the motion requirements of subparagraph (1), the question of the imposition of a local sales and services tax shall be submitted to the registered voters of a city located in a county that is a qualified county, or the portion thereof located in the county, or to the registered voters of the unincorporated area of a county that is a qualified county upon receipt by the county commissioner of elections of a motion requesting such submission, adopted by the governing body of the city or the county for the unincorporated area of the county, as applicable. Upon adoption of such motion, the governing body of the city or county for the unincorporated area shall submit the motion to the county commissioner of elections. The county commissioner of elections shall publish notice of the ballot proposition concerning the imposition of the local sales and services tax. This subparagraph applies to motions received by the county commissioner of elections on or after January 1, 2019.

(3) The methods provided under this paragraph for the submission of the question of imposition of a local sales and services tax are alternatives to the methods provided in paragraph "a".

5. a. The county commissioner of elections shall submit the question of imposition of a local option tax at an election held on a date specified in section 39.2, subsection 4, paragraph "a" or "b", as applicable. The election shall not be held sooner than sixty days after publication of notice of the ballot proposition.

b. The ballot proposition shall specify the type and rate of tax and, in the case of a vehicle tax, the classes that will be exempt and, in the case of a local sales and services tax, the date it will be imposed which date shall not be earlier than ninety days following the election. The ballot proposition shall also specify the approximate amount of local option tax revenues that will be used for property tax relief, subject to the requirement of section 423B.7, subsection 7,

paragraph “b”, and shall contain a statement as to the specific purpose or purposes for which the revenues shall otherwise be expended. If the county board of supervisors or governing body of the city, as applicable, decides under subsection 6 to specify a date on which the local option sales and services tax shall automatically be repealed, the date of the repeal shall also be specified on the ballot.

c. The rate of the vehicle tax shall be in increments of one dollar per vehicle as set by the petition seeking to impose the tax.

d. The rate of a local sales and services tax shall be one percent.

e. The state commissioner of elections shall establish by rule the form for the ballot proposition which form shall be uniform throughout the state.

6. a. (1) (a) A local option tax may be repealed or the rate of the local vehicle tax increased or decreased or the use of a local option tax changed after an election at which a majority of those voting on the question of repeal or rate or use change favors the repeal or rate or use change.

(b) The date on which the repeal, rate, or use change is to take effect shall not be earlier than ninety days following the election. The election at which the question of repeal or rate or use change is offered shall be called and held in the same manner and under the same conditions as provided in subsections 4 and 5 for the election on the imposition of the local option tax. However, in the case of a local sales and services tax where the tax has not been imposed countywide, the question of repeal or imposition or use change shall be voted on only by the registered voters of the areas of the county where the tax has been imposed or has not been imposed, as appropriate.

(c) The governing body of the city or unincorporated area where the local sales and services tax is imposed may, upon its own motion, request the county commissioner of elections to hold an election in the city, or portion thereof located in the county, or unincorporated area, as appropriate, on the question of the change in use of local sales and services tax revenues. The election may be held at any time but not sooner than sixty days following publication of the ballot proposition. If a majority of those voting in the city, or portion thereof located in the county, or unincorporated area on the change in use favors the change, the governing body of that area shall change the use to which the revenues shall be used. The ballot proposition shall list the present use of the revenues, the proposed use, and the date after which revenues received will be used for the new use.

(2) When submitting the question of the imposition of a local sales and services tax, the board of supervisors or if the election is initiated under subsection 4, paragraph “a”, subparagraph (3), or subsection 4, paragraph “b”, subparagraph (2), the governing board of a city, may direct that the question contain a provision for the repeal, without election, of the local sales and services tax on a specific date, which date shall be as provided in section 423B.6, subsection 1.

b. Within ten days of the election at which a majority of those voting on the question favors the imposition, repeal, or change in the rate of a local option tax, the county auditor shall give written notice of the result of the election by sending a copy of the abstract of the votes from the favorable election to the director of revenue or, in the case of a local vehicle tax, to the director of transportation. The appropriate director shall have the authority to waive the notice requirement.

c. Notwithstanding any other provision in this section, a change in use of the local sales and services tax revenues for purposes of funding an urban renewal project pursuant to section 423B.10 does not require an election.

7. a. More than one of the authorized local option taxes may be submitted at a single election and the different taxes shall be separately implemented as provided in this section.

b. Costs of local option tax elections shall be apportioned among jurisdictions within the county voting on the question at the same election on a pro rata basis in proportion to the number of registered voters in each taxing jurisdiction voting on the question and the total number of registered voters in all of the taxing jurisdictions voting on the question.

8. a. In a county that has imposed a local option sales and services tax, the board of supervisors shall, notwithstanding any contrary provision of this chapter, repeal the local option sales and services tax in the unincorporated areas or in an incorporated city area

in which the tax has been imposed upon adoption of the board's own motion for repeal in the unincorporated areas or upon receipt of a motion adopted by the governing body of that incorporated city area requesting repeal. The board of supervisors shall repeal the local option sales and services tax effective on the earliest date specified in section 423B.6, subsection 1, following adoption of the motion. For purposes of this paragraph, incorporated city area includes an incorporated city which is contiguous to another incorporated city.

b. If imposition of the local option sales and services tax is initiated under subsection 4, paragraph "a", subparagraph (3), or subsection 4, paragraph "b", subparagraph (2), notwithstanding any contrary provision of this chapter, the board of supervisors may repeal the local sales and services tax in a city, or portion thereof located in the county, upon receipt of a motion adopted by the governing board of the city requesting the repeal. The board of supervisors shall repeal the local sales and services tax effective on the earliest date specified in section 423B.6, subsection 1, following adoption of the motion.

9. Notwithstanding subsection 8 or any other contrary provision of this chapter, a local option sales and services tax shall not be repealed if obligations are outstanding which are payable as provided in section 423B.9, unless funds sufficient to pay the principal, interest, and premium, if any, on the outstanding obligations at and prior to maturity have been properly set aside and pledged for that purpose.

#### **423B.5 Local sales and services tax.**

1. A local sales and services tax may be imposed by a county on the sales price taxed by the state under chapter 423, subchapter II. A local sales and services tax shall be imposed on the same basis as the state sales and services tax or in the case of the use of natural gas, natural gas service, electricity, or electric service on the same basis as the state use tax and shall not be imposed on the sale of any property or on any service not taxed by the state, except the tax shall not be imposed on the sales price from the sale of motor fuel or special fuel as defined in chapter 452A which is consumed for highway use or in watercraft or aircraft if the fuel tax is paid on the transaction and a refund has not or will not be allowed, on the sales price from the sale of equipment by the state department of transportation, or on the sales price from the sale or use of natural gas, natural gas service, electricity, or electric service in a city or county where the sales price from the sale of natural gas or electric energy is subject to a franchise fee or user fee during the period the franchise or user fee is imposed. A local sales and services tax is applicable to transactions within those cities and unincorporated areas of the county where it is imposed, which transactions include but are not limited to sales sourced pursuant to section 423.15, 423.17, 423.19, or 423.20, to a location within that city or unincorporated area of the county. The tax shall be collected by all persons required to collect state sales taxes. However, a local sales and services tax is not applicable to transactions sourced under chapter 423 to a place of business, as defined in section 423.1, of a retailer if such place of business is located in part within a city or unincorporated area of the county where the tax is not imposed.

2. The amount of the sale, for purposes of determining the amount of the local sales and services tax, does not include the amount of any state sales tax.

3. A tax permit other than the state sales tax permit required under section 423.36 shall not be required by local authorities.

4. If a local sales and services tax is imposed by a county pursuant to this chapter, a local excise tax at the same rate shall be imposed by the county on the purchase price of natural gas, natural gas service, electricity, or electric service subject to tax under chapter 423, subchapter III, and not exempted from tax by any provision of chapter 423, subchapter III. The local excise tax is applicable only to the use of natural gas, natural gas service, electricity, or electric service within those cities and unincorporated areas of the county where it is imposed and, except as otherwise provided in this chapter, shall be collected and administered in the same manner as the local sales and services tax. For purposes of this chapter, "local sales and services tax" shall also include the local excise tax.

1. a. A local sales and services tax shall be imposed either January 1 or July 1 following the notification of the director of revenue but not sooner than ninety days following the favorable election and not sooner than sixty days following notice to sellers, as defined in section 423.1. However, a jurisdiction which has voted to continue imposition of the tax may impose that tax without repeal of the prior tax.

b. A local sales and services tax shall be repealed only on June 30 or December 31 but not sooner than ninety days following the favorable election if one is held. However, a local sales and services tax shall not be repealed before the tax has been in effect for one year. At least forty days before the imposition or repeal of the tax, a county shall provide notice of the action by certified mail to the director of revenue.

c. The imposition of a local sales and services tax shall not be applied to purchases from a printed catalog wherein a purchaser computes the local tax based on rates published in the catalog unless a minimum of one hundred twenty days' notice of the imposition has been given to the seller from the catalog and the first day of a calendar quarter has occurred on or after the one hundred twentieth day.

d. If a local sales and services tax has been imposed prior to April 1, 2000, and at the time of the election a date for repeal was specified on the ballot, the local sales and services tax may be repealed on that date, notwithstanding paragraph "b".

2. a. The director of revenue shall administer a local sales and services tax as nearly as possible in conjunction with the administration of state sales tax laws. The director shall provide appropriate forms or provide on the regular state tax forms for reporting local sales and services tax liability.

b. The ordinance of a county board of supervisors imposing a local sales and services tax shall adopt by reference the applicable provisions of the appropriate sections of chapter 423. All powers and requirements of the director to administer the state sales tax law and use tax law are applicable to the administration of a local sales and services tax law and the local excise tax, including but not limited to the provisions of section 422.25, subsection 4, sections 422.30, 422.67, and 422.68, section 422.69, subsection 1, sections 422.70 through 422.75, section 423.14, subsection 1 and subsection 2, paragraphs "b" through "e", and sections 423.14A, 423.15, 423.23, 423.24, 423.25, 423.31 through 423.35, 423.37 through 423.42, 423.46, and 423.47. Local officials shall confer with the director of revenue for assistance in drafting the ordinance imposing a local sales and services tax. A certified copy of the ordinance shall be filed with the director as soon as possible after passage.

c. Frequency of deposits and quarterly reports of a local sales and services tax with the department of revenue are governed by the tax provisions in section 423.31. Local tax collections shall not be included in computation of the total tax to determine frequency of filing under section 423.31.

d. The director shall apply a boundary change of a county or city imposing or collecting the local sales and services tax to the imposition or collection of that tax only on the first day of a calendar quarter which occurs sixty days or more after the director has given notice of the boundary change to sellers.

3. a. The director, in consultation with local officials, shall collect and account for a local sales and services tax. The director shall certify each quarter the amount of local sales and services tax receipts and any interest and penalties to be credited to the "local sales and services tax fund" established in the office of the treasurer of state. All taxes collected under

#### **423B.9 Issuance of bonds.**

1. For purposes of this section unless the context otherwise requires:

a. “*Bond issuer*” or “*issuer*” means a city, a county, or a secondary recipient.

b. “*Designated portion*” means the portion of the local option sales and services tax revenues which is authorized to be expended for one or a combination of purposes under an adopted public measure.

c. “*Secondary recipient*” means a political subdivision of the state which is to receive revenues from a local option sales and services tax over a period of years pursuant to the terms of a chapter 28E agreement with one or more cities or counties.

2. An issuer of public bonds which is a recipient of revenues from a local option sales and services tax imposed pursuant to this chapter may issue bonds in anticipation of the collection of one or more designated portions of the local option sales and services tax and may pledge irrevocably an amount of the revenue derived from the designated portions for each of the years the bonds remain outstanding to the payment of the bonds. Bonds may be issued only for one or more of the purposes set forth on the ballot proposition concerning the imposition of the local option sales and services tax, except bonds shall not be issued which are payable from that portion of tax revenues designated for property tax relief. The bonds may be issued in accordance with the procedures set forth in either subsection 3 or 4.

3. The governing body of an issuer may authorize the issuance of bonds which are payable from the designated portion of the revenues of the local option sales and services tax, and not from property tax, by following the authorization procedures set forth for cities in section 384.83. Bonds may be issued for the purpose of refunding outstanding and previously issued bonds under this subsection without otherwise complying with the provisions of this subsection.

4. To authorize the issuance of bonds payable as provided in this subsection, the governing body of an issuer shall comply with all of the procedures as follows:

a. (1) A bond issuer may institute proceedings for the issuance of bonds by causing a notice of the proposal to issue the bonds, including a statement of the amount and purpose of the bonds, together with the maximum rate of interest which the bonds are to bear, and the right to petition for an election, to be published at least once in a newspaper of general circulation within the political subdivision or unincorporated area at least ten days prior to the meeting at which it is proposed to take action for the issuance of the bonds.

(2) If at any time before the date fixed for taking action for the issuance of the bonds, a petition signed by eligible electors residing within the jurisdiction seeking to issue the bonds in a number equal to at least three percent of the registered voters of the bond issuer is filed, asking that the question of issuing the bonds be submitted to the registered voters, the governing body shall either by resolution declare the proposal to issue the bonds to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of issuing the bonds. The proposition of issuing bonds under this subsection is not approved unless the vote in favor of the proposition is equal to at least sixty percent of the vote cast. If a petition is not filed, or if a petition is filed and the proposition of issuing the bonds is approved at an election, the governing body acting on behalf of the issuer may

proceed with the authorization and issuance of the bonds. Bonds may be issued for the purpose of refunding outstanding and previously issued bonds under this subsection without otherwise complying with the provisions of this subsection.

b. The provisions of chapter 76 apply to the bonds payable as provided in this subsection, except that the mandatory levy to be assessed pursuant to section 76.2 shall be at a rate to generate an amount which together with the receipts from the pledged designated portion of the local option sales and services tax is sufficient to pay the interest and principal on the bonds. All amounts collected as a result of the levy assessed pursuant to section 76.2 and paid out in the first instance for bond principal and interest shall be repaid to the bond issuer which levied the tax from the first available designated portion of local option sales and services tax collections received in excess of the requirement for the payment of the principal and interest of the bonds and when repaid shall be applied in reduction of property taxes. The amount of bonds which may be issued under section 76.3 shall be the amount which could be retired from the actual collections of the designated portions of the local option sales and services tax for the last four calendar quarters, as certified by the director of revenue. The amount of tax revenues pledged jointly by other cities or counties may be considered for the purpose of determining the amount of bonds which may be issued. If the local option sales and services tax has been in effect for less than four calendar quarters, the tax collected within the shorter period may be adjusted to project the collections of the designated portion for the full year for the purpose of determining the amount of the bonds which may be issued. The provisions of this section constitute separate authorization for the issuance of bonds and shall prevail in the event of conflict with any other provision of the Code limiting the amount of bonds which may be issued or the source of payment of the bonds. Bonds issued under this section shall not limit or restrict the authority of the bond issuer to issue bonds under other provisions of the Code.

5. A city or county, jointly with one or more other political subdivisions as provided in chapter 28E, may pledge irrevocably any amount derived from the designated portions of the revenues of the local option sales and services tax to the support or payment of bonds of an issuer, issued for one or more purposes set forth on the ballot proposition concerning the imposition of the local option sales and services tax or a political subdivision may apply the proceeds of its bonds to the support of any such purpose.

6. Bonds issued pursuant to this section shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, and shall not be subject to the provisions of any other law or charter relating to the authorization, issuance, or sale of bonds. Bonds issued pursuant to this section are declared to be issued for an essential public and governmental purpose. Bonds issued pursuant to this section shall be authorized by resolution of the governing body and may be issued in one or more series and shall bear the date or dates, be payable on demand or mature at the time or times, bear interest at the rate or rates not exceeding that permitted by chapter 74A, be in the denomination or denominations, be in the form, have the rank or priority, be executed in the manner, be payable in the medium of payment, at the place or places, be subject to the terms of redemption, with or without premium, be secured in the manner, and have the other characteristics, as may be provided by the resolution authorizing their issuance. The bonds may be sold at public or private sale at a price as may be determined by the governing body.

### **423F.3 Use of revenues.**

1. A school district receiving revenues from the secure an advanced vision for education fund under this chapter without a valid revenue purpose statement shall expend the revenues subject to subsections 2 and 3 for the following purposes:

- a. Reduction of bond levies under sections 298.18 and 298.18A and all other debt levies.
- b. Reduction of the regular and voter-approved physical plant and equipment levy under section 298.2.
- c. Reduction of the public educational and recreational levy under section 300.2.
- d. For any authorized infrastructure purpose of the school district as defined in subsection 6.
- e. For the payment of principal and interest on bonds issued under sections 423E.5 and 423F.4.

2. A revenue purpose statement in existence for the expenditure of local sales and services tax for school infrastructure purposes imposed by a county pursuant to section 423E.2, Code Supplement 2007, prior to July 1, 2008, shall remain in effect until amended or extended. The board of directors of a school district may take action to adopt or amend a revenue purpose statement specifying the specific purposes for which the revenues received from the secure an advanced vision for education fund will be expended. If a school district is located in a county which has imposed a local sales and services tax for school infrastructure purposes prior to July 1, 2008, this action shall be taken before expending or anticipating revenues to be received after the unextended term of the tax unless the school district elects to adopt a revenue purpose statement as provided in subsection 3.

3. a. If the board of directors adopts a resolution to use funds received under the operation of this chapter solely for providing property tax relief by reducing indebtedness from the levies specified under section 298.2 or 298.18, the board of directors may approve a revenue purpose statement for that purpose without submitting the revenue purpose statement to a vote of the electors.

b. (1) If the board of directors intends to use funds for purposes other than those listed in paragraph "a", or change the use of funds to purposes other than those listed in paragraph "a", the board shall adopt a revenue purpose statement or amend an existing revenue purpose statement, subject to approval of the electors, listing the proposed use of the funds.

(2) (a) Notwithstanding any provision of law to the contrary, for each school district with an existing revenue purpose statement for the use of revenues from the secure an advanced vision for education fund adopted under this paragraph or adopted under another provision of law before July 1, 2019, such revenue purpose statement shall terminate and be of no further force and effect on January 1, 2031, or the expiration date of the revenue purpose statement, whichever is earlier. If such a school district intends to use funds for purposes other than those listed in paragraph "a" and does not intend to operate without a revenue purpose statement on or after January 1, 2031, or the expiration date of the revenue purpose statement, whichever is earlier, the board of directors shall submit a revenue purpose statement for approval by the electors under subparagraph (1) on or after July 1, 2019, and such revenue purpose statement submitted to the electors shall include all proposed uses including those previously approved by the electors, if applicable. The following, in substantially the following form, shall be included in the notice of the election published under paragraph "d" and published on the school district's internet site:

If a majority of eligible electors voting on the question fail to approve this revenue purpose statement, revenues received by the school district from the secure an advanced vision for education fund shall first be expended for . . . . (State the purposes in the order listed in subsection 1 and as required by subsection 4 of this section for which the revenues received by the school district under this chapter will be expended.)

(b) Unless a new revenue purpose statement is adopted by the electors, the existing revenue purpose statement remains in effect until January 1, 2031, or the expiration date of the revenue purpose statement, whichever is earlier. If a revenue purpose statement is terminated under the provisions of this subparagraph, such termination shall not affect the validity of or a first lien on bonds issued under section 423E.5, Code 2019, or section 423F.5 prior to the date the revenue purpose statement is terminated under subparagraph division (a), or the validity of a contract or other obligation of the school district secured in whole or

**in part by or requiring the payment of funds received under this chapter in effect prior to the date the revenue purpose statement is terminated under subparagraph division (a).**

c. The board of directors may use funds received under the operation of this chapter for a joint infrastructure project with one or more school districts or one or more school districts and a community college established under chapter 260C, for which buildings or facilities are constructed or leased for the purpose of offering classes under a district-to-community college sharing agreement or concurrent enrollment program that meets the requirements for funding under section 257.11, subsection 3. If the board intends to use funds received under the operation of this chapter for such a joint infrastructure project, the board shall adopt a revenue purpose statement or amend an existing revenue purpose statement, subject to approval of the electors, stating the proposed use of the funds.

d. The board secretary shall notify the county commissioner of elections of the intent to take an issue to the voters pursuant to paragraph “b” or “c”. The county commissioner of elections shall publish the notices required by law for special or general elections, and the election shall be held on a date specified in section 39.2, subsection 4, paragraph “c”. A majority of those voting on the question must favor approval of the revenue purpose statement. If the proposal is not approved, the school district shall not submit the same or new revenue purpose statement to the electors for a period of six months from the date of the previous election.

4. The revenues received pursuant to this chapter shall be expended for the purposes specified in the revenue purpose statement. If a board of directors has not approved a revenue purpose statement, the revenues shall be expended in the order listed in subsection 1 except that the payment of bonds for which the revenues have been pledged shall be paid first. Once approved, a revenue purpose statement is effective until amended or repealed by the foregoing procedures. A revenue purpose statement shall not be amended or repealed to reduce the amount of revenue pledged to the payment of principal and interest on bonds as long as any bonds authorized by sections 423E.5 and 423F.4 are outstanding unless funds sufficient to pay principal, interest, and premium, if any, on the outstanding obligations at or prior to maturity have been properly set aside and pledged for that purpose.

5. A school district with a certified enrollment of fewer than two hundred fifty pupils in the entire district or certified enrollment of fewer than one hundred pupils in high school shall not expend the amount received for new construction without prior application to the department of education and receipt of a certificate of need pursuant to this subsection. A certificate of need is not required for repairing schoolhouses or buildings, equipment, technology, or transportation equipment for transporting students as provided in section 298.3, or for construction necessary for compliance with the federal Americans With Disabilities Act pursuant to 42 U.S.C. §12101 – 12117. In determining whether a certificate of need shall be issued or denied, the department shall consider all of the following:

a. Enrollment trends in the grades that will be served at the new construction site.

**b. The cost-benefit analysis of remodeling, reconstructing, or repairing existing buildings.**

c. The fire and health safety needs of the school district.

d. The distance, convenience, cost of transportation, and accessibility of the new construction site to the students to be served at the new construction site.

e. Availability of alternative, less costly, or more effective means of serving the needs of the students.

f. The financial condition of the district, including the effect of the decline of the budget guarantee and unspent balance.

g. Broad and long-term ability of the district to support the facility and the quality of the academic program.

h. Cooperation with other educational entities including other school districts, area education agencies, postsecondary institutions, and local communities.

**i. Benefits and effects of the new construction on student learning.**

6. a. For purposes of this chapter, “school infrastructure” means those activities authorized in section 423E.1, subsection 3, Code 2007.

b. Additionally, “school infrastructure” includes the payment or retirement of outstanding

bonds previously issued for school infrastructure purposes as defined in this subsection, and the payment or retirement of bonds issued under sections 423E.5 and 423F.4.

c. Additionally, “*school infrastructure*” includes the acquisition or installation of information technology infrastructure. For purposes of this paragraph, “*information technology infrastructure*” means the basic, underlying physical framework or system necessary to deliver technology connectivity to a school district and to network school buildings within a school district.

d. Additionally, “*school infrastructure*” includes school safety and security infrastructure. For purposes of this paragraph, “*school safety and security infrastructure*” includes but is not limited to safe rooms, remote entry technology and equipment, security camera systems, card access systems, and communication systems with access to fire and police emergency frequencies. For purposes of this paragraph, “*school safety and security infrastructure*” does not include the cost of personnel, development of safety and security plans, or training related to the implementation of safety and security plans. It is the intent of the general assembly that each school district prioritize the use of revenues under this chapter for secure entries for the district’s attendance centers before expending such revenues for athletic facility infrastructure projects.

e. A school district that uses secure an advanced vision for education fund moneys for school infrastructure shall comply with the state building code in the absence of a local building code.

7. a. Prior to approving the use of revenues received under this chapter for an athletic facility infrastructure project within the scope of the school district’s approved revenue purpose statement or pursuant to subsection 4 for a school district without an approved revenue statement, the board of directors shall adopt a resolution setting forth the proposal for the athletic facility infrastructure project and hold an additional public hearing on the issue of construction of the athletic facility. Notice of the time and place of the public hearing shall be published not less than ten nor more than twenty days before the public hearing in a newspaper which is a newspaper of general circulation in the school district. If at any time prior to the fifteenth day following the hearing, the secretary of the board of directors receives a petition containing the required number of signatures and asking that the question of the approval of the use of revenues for the athletic facility infrastructure project be submitted to the voters of the school district, the board of directors shall either rescind the board’s resolution for the use of revenues for the athletic facility infrastructure project or direct the county commissioner of elections to submit the question to the registered voters of the school district at an election held on a date specified in section 39.2, subsection 4, paragraph “c”. The petition must be signed by eligible electors equal in number to not less than one hundred or thirty percent of the number of voters at the last preceding election of school officials under section 277.1, whichever is greater. If a majority of those voting on the question favors the use of the revenues for the athletic facility infrastructure project, the board shall be authorized to approve such use by resolution of the board. If a majority of those voting on the question does not favor the use of the revenues for the athletic facility infrastructure project, the board of directors shall rescind the board’s resolution for the use of revenues for the athletic facility infrastructure project. If a petition is not received by the board of directors within the prescribed time period, the board of directors may approve the use of revenues for the athletic facility infrastructure project without voter approval.

b. After fourteen days from the date of the hearing under paragraph “a” or fourteen days after the date of the election held under paragraph “a”, if applicable, whichever is later, an action shall not be brought questioning the board of directors’ authority to use funds for the athletic facility infrastructure project or questioning the legality of any proceedings in connection with the authorization of such use.

c. For purposes of this subsection:

(1) “*Athletic facility*” means a building or structure, or portion thereof, that is not physically attached to a student attendance center.

(2) “*Athletic facility infrastructure project*” means a school infrastructure project that includes in whole or in part the construction of an athletic facility.

(3) “*Construction*” does not include repair or maintenance of an existing facility.

**8.** The general assembly shall not alter the purposes for which the revenues received under this section may be used from infrastructure and property tax relief purposes to any other purpose unless the bill is approved by a vote of at least two-thirds of the members of both chambers of the general assembly and is signed by the governor.

1. Subject to the conditions established under subsection 2, a school district may anticipate its share of the revenues under section 423F.2 by issuing bonds in the manner provided in section 423E.5, Code 2019. However, to the extent any school district has issued bonds anticipating the proceeds of an extended local sales and services tax for school infrastructure purposes imposed by a county pursuant to former chapter 423E, Code and Code Supplement 2007, prior to July 1, 2008, the pledge of such revenues for the payment of principal and interest on such bonds shall be replaced by a pledge of its share of the revenues under section 423F.2.

*b.* For bonds subject to the requirements of paragraph “a”, if at any time prior to the fifteenth day following the hearing, the secretary of the board of directors receives a petition containing the required number of signatures and asking that the question of the issuance of such bonds be submitted to the voters of the school district, the board shall either rescind its adoption of the resolution or direct the county commissioner of elections to submit the question to the registered voters of the school district at an election held on a date specified in section 39.2, subsection 4, paragraph “c”. The petition must be signed by eligible electors equal in number to not less than one hundred or thirty percent of the number of voters at the last preceding election of school officials under section 277.1, whichever is greater. If the board submits the question at an election and a majority of those voting on the question favors issuance of the bonds, the board shall be authorized to issue the bonds.

*c.* After fourteen days from the date of the hearing under paragraph “a” or fourteen days after the date of the election held under paragraph “b”, if applicable, whichever is later, an action shall not be brought questioning the legality of any bonds or the power of the authority to issue any bonds or to the legality of any proceedings in connection with the authorization or issuance of the bonds.

#### **441.17 Duties of assessor.**

The assessor shall:

1. Devote full time to the duties of the assessor’s office and shall not engage in any occupation or business interfering or inconsistent with such duties. This subsection does not preclude an assessor from being a candidate for elective office during the term of appointment as assessor. If an assessor is elected to a city or county office, to a statewide elective office, or to the general assembly, the assessor shall resign as assessor before the beginning of the term of the office to which the assessor was elected.

2. Cause to be assessed, in accordance with section 441.21, all the property in the assessor’s county or city, except property exempt from taxation, or the assessment of which is otherwise provided for by law.

3. Have access to all public records of the county and, so far as practicable, make or cause to be made a careful examination of all such records and files in order to obtain all available information which may contribute to the accurate listing at its taxable value, and to the proper persons, of all property subject to assessment by the assessor.

4. Cooperate with the director of revenue as may be necessary or required, and obey and execute all orders, directions, and instructions of the director of revenue, insofar as the same may be required by law.

5. a. Have power to apply to the district court of the county for an order to examine witnesses and requiring the production of books and records of any person, firm, association or corporation within the county, whenever the assessor has reason to believe that such person, firm, association or corporation has not listed property as provided by law. The proceeding for the examination of witnesses and examination of the books and records of any such taxpayer, to determine the existence of taxable property, shall be instituted and conducted in the manner provided for the discovery of property under the provisions of chapter 630. The court shall make an appropriate finding as to the existence of taxable property not listed. All taxable property discovered thereby shall thereupon be assessed by the assessor in the manner provided by law.

b. In all cases where the court finds that the taxpayer has not listed the taxpayer's property, as provided by law, and in all hearings where the court decides a matter against the taxpayer, the costs shall be paid by the taxpayer, otherwise they shall be paid out of the assessment expense fund. The fees and mileage to be paid witnesses shall be the same as prescribed by law in proceedings in the district courts of this state in civil cases. Where the costs are taxed to the taxpayer they shall be added to the taxes assessed against said taxpayer and the taxpayer's property and shall be collected in the same manner as are other taxes.

6. Make up all assessor's books and records as prescribed by the director of revenue, turn the completed assessor's books and records required for the preparation of the tax list over to the county auditor each year when the board of review has concluded its hearings and the county auditor shall proceed with the preparation of the current year tax list and the assessor shall cooperate with the auditor in the preparation of the tax lists.

7. Submit on or before May 1 of each year completed assessment rolls to the board of review.

8. Lay before the board of review such information as the assessor may possess which will aid said board in performing its duties in adjusting the assessments to the valuations required by law.

9. Furnish to the department of revenue any information which the assessor may have relative to the ownership of any property that may be assessable within this state, but not assessable or subject to being listed for taxation by the assessor.

10. Measure the exterior length and exterior width of all mobile homes and manufactured homes except those for which measurements are contained in the manufacturer's and importer's certificate of origin, and report the information to the county treasurer. Check all manufactured or mobile homes for inaccuracy of measurements as necessary or upon written request of the county treasurer and report the findings immediately to the county treasurer. The assessor shall make frequent inspections and checks within the assessor jurisdiction of all manufactured or mobile homes and manufactured home communities or mobile home parks and make all the required and needed reports to carry out the purposes of this section.

11. Cause to be assessed for taxation property which the assessor believes has been erroneously exempted from taxation. Revocation of a property tax exemption shall commence with the assessment for the current assessment year, and shall not be applied to prior assessment years.

#### **476.23 Electric service conflicts — certificates of authority.**

1. An electric utility shall not construct or extend facilities or furnish or offer to furnish electric service to the existing point of delivery of any customer already receiving electric service from another electric utility without having first filed with the board the express written agreement of the electric utility presently serving this customer, except as otherwise provided in this section. Any municipal corporation, after being authorized by a vote of the people, or any electric utility may file a petition with the board requesting a certificate of authority to furnish electric service to the existing point of delivery of any customer already receiving electric service from another electric utility. If, after notice by the board to the electric utility currently serving the customer, objection to the petition is not filed and investigation is not deemed necessary, the board shall issue a certificate within thirty days of the filing of the petition. When an objection is filed, if the board, after notice and opportunity for hearing, determines that service to the customer by the petitioner is in the public interest, including consideration of any unnecessary duplication of facilities, it shall grant this certificate in whole or in part, upon such terms, conditions, and restrictions as may be justified. Whether or not an objection is filed, any certificate issued shall require that the petitioner pay to the electric utility presently serving the customer, the reasonable price for facilities serving the customer. This price determination by the board shall include due consideration of the cost of the facilities being acquired; any necessary generating capacity and transmission capacity dedicated to the customer, including, but not limited to, electric power generating facilities and alternate energy production facilities not yet in service but for which the board has issued an order pursuant to section 476.53, and electric power generating facility emissions plan budgets approved by the board pursuant to section 476.6, subsection 19; depreciation; loss of revenue; and the cost of facilities necessary to reintegrate the system of the utility after detaching the portion sold.

2. An electric utility shall not construct or extend facilities or furnish electric service to a prospective customer not presently being served, unless its existing service facilities are nearer the proposed point of delivery than the service facilities of any other utility. However, an electric utility may extend electric service and transmission lines if the electric utility closest to the delivery point consents to this extension in writing and a copy of the agreement is filed with the board or, if the board, after notice and opportunity for hearing and after giving due consideration to the prevention of unnecessary duplication of facilities, finds that service from an electric utility, other than the closest utility, is in the public interest. This subsection shall not apply if the prospective customers are within an exclusive service area assigned to an electric utility as provided in this subchapter.

3. Notwithstanding subsections 1 and 2 of this section, any electric utility may extend electric service and transmission lines to its own utility property and facilities.

4. If not inconsistent with the provisions of this subchapter:

- c. All rights of city utilities and joint electric utilities under chapter 390 shall be preserved in these city utilities and joint electric utilities; and

3. Every operator shall participate in and share in the costs of the notification center. The financial condition and the transactions of the notification center shall be audited at least once each year by a certified public accountant.
