**Notes:**

- 1) Railroad miles do not include trackage rights and reflect mileage recorded as of January 1 of each year. All highway miles reflect January 1 status and do not contain proposed or legally closed road mileage. Municipal miles do not contain municipal primary miles.
- 2) There are approximately 38 miles of road for every 1,000 persons in Iowa.
- 3) Primary highways make up 8.2% of the total Iowa road system.
- 4) Approximately 91.9% of all semitrailer truck traffic is traveled on the primary highway system.
- 5) Primary road miles increased in 2017 due to how ramps are measured at interchanges.
