Auditor of State

Purpose and History

The position of Auditor of State was created in 1857 with Article IV, Section 22, of the Constitution of the State of Iowa. The Auditor is elected by popular vote and serves a four-year term. The duties of the Office are spelled out in Iowa Code chapter 11. The mission of the Office of the Auditor of State is to benefit all citizens of Iowa by providing independent audit, review, and other technical services to State and local governments to ensure the effective, economical, businesslike conduct of public activities in a prudent, accountable manner to achieve the intended purposes.

The Auditor of State is required to annually make a complete audit of the books, records, and accounts of every department of State government. The Iowa Comprehensive Annual Financial Report (CAFR) and Single Audit Report are audited by the Auditor of State.

The Office has the following three divisions:

- Administration – Provides management and support services that include fiscal management, data processing, personnel training, recruiting, audit report production, and quality control.
- Financial Audit – Prepares annual audits of all State agencies, departments, and certain governmental subdivisions. Provides technical assistance to these entities, private individuals, certified public accounting firms, and other governmental agencies. Performs report and working paper reviews of certified public accountant audits of governmental subdivisions, and conducts reaudits as needed.
- Performance Investigation – Conducts performance audits of State agencies and the programs administered. The Division also investigates suspected embezzlement and conducts special studies assigned by the Auditor of State or requested by the General Assembly.

Funding — State General Fund

The Office of the Auditor of State receives an annual appropriation from the General Fund to fund costs of conducting audits of State departments that are not statutorily required to reimburse the Office for annual audit costs. The appropriation is used to perform the following audits:
