3. The department and other agencies involved with assessing a dependent adult's degree of dependency and whether dependent adult abuse has occurred shall adopt rules and take other steps necessary to implement the uniform assessment instrument and process addressed by this section on or before July 1, 2010.

1. Service of the petition and all other orders and notices shall be in a sealed envelope with the proper postage on the envelope, addressed to the person being served at the person's last known post office address, and deposited in a mail receptacle provided by the United States postal service. The department shall serve such copies of emergency orders authorizing protective services and notices within three days after filing the petition and receiving such orders.

(2) Withdrawing funds from any bank, savings association, credit union, or other financial institution, or from an account containing securities in which the dependent adult has an interest.

4. Upon finding that there is probable cause to believe that the dependent adult abuse presents an immediate threat to the health or safety of the dependent adult or which results

in irreparable harm to the physical or financial resources or property of the dependent adult, and that the dependent adult lacks capacity to consent to the receipt of services, the court may do any of the following:

- a. Order removal of the dependent adult to safer surroundings.
- b. Order the provision of medical services.

c. Order the provision of other available services necessary to remove conditions creating the danger to health or safety, including the services of peace officers or emergency services personnel and the suspension of the powers granted to a guardian or conservator and the subsequent appointment of a new temporary guardian or new temporary conservator pursuant to subsection 5 pending a decision by the court on whether the powers of the initial guardian or conservator should be reinstated or whether the initial guardian or conservator should be removed.

5. a. Notwithstanding sections 633.556 and 633.569, upon a finding that there is probable cause to believe that the dependent adult abuse presents an immediate danger to the health or safety of the dependent adult or is producing irreparable harm to the physical or financial resources or property of the dependent adult, and that the dependent adult lacks capacity to consent to the receipt of services, the court may order the appointment of a temporary guardian or temporary conservator without notice to the dependent adult or the dependent adult's attorney if all of the following conditions are met:

(1) It clearly appears from specific facts shown by affidavit or by the verified petition that a dependent adult's decision-making capacity is so impaired that the dependent adult is unable to care for the dependent adult's personal safety or to attend to or provide for the dependent adult's basic necessities or that immediate and irreparable injury, loss, or damage will result to the physical or financial resources or property of the dependent adult before the dependent adult or the dependent adult's attorney can be heard in opposition.

(2) The department certifies to the court in writing any efforts the department has made to give the notice or the reasons supporting the claim that notice should not be required.

(3) The department files with the court a request for a hearing on the petition for the appointment of a temporary guardian or temporary conservator.

(4) The department certifies that the notice of the petition, order, and all filed reports and affidavits will be sent to the dependent adult by personal service within the time period the court directs but not more than seventy-two hours after entry of the order of appointment.

b. An order of appointment of a temporary guardian or temporary conservator entered by the court under paragraph "a" shall expire as prescribed by the court but within a period of not more than thirty days unless extended by the court for good cause.

c. A hearing on the petition for the appointment of a temporary guardian or temporary conservator shall be held within the time specified in paragraph "b". If the department does not proceed with a hearing on the petition, the court, on the motion of any party or on its own motion, may dismiss the petition.

6. The emergency order expires at the end of seventy-two hours from the time of the order unless the seventy-two-hour period ends on a Saturday, Sunday, or legal holiday in which event the order is automatically extended to 4:00 p.m. on the first succeeding business day. An order may be renewed for not more than fourteen additional days. A renewal order that ends on a Saturday, Sunday, or legal holiday is automatically extended to 4:00 p.m. on the first succeeding business day. The court may modify or terminate the emergency order on the petition of the department, the dependent adult, or any person interested in the dependent adult's welfare.

7. If the department cannot obtain an emergency order under this section due to inaccessibility of the court, the department may contact law enforcement to remove the dependent adult to safer surroundings, authorize the provision of medical treatment, and order the provision of or provide other available services necessary to remove conditions creating the immediate danger to the health or safety of the dependent adult or which are producing irreparable harm to the physical or financial resources or property of the dependent adult. The department shall obtain an emergency order under this section not later than 4:00 p.m. on the first succeeding business day after the date on which protective or other services are provided. If the department does not obtain an emergency order within

the prescribed time period, the department shall cease providing protective services and, if necessary, make arrangements for the immediate return of the person to the place from which the person was removed, to the person's place of residence in the state, or to another suitable place. A person, agency, or institution acting in good faith in removing a dependent adult or in providing services under this subsection, and an employer of or person under the direction of such a person, agency, or institution, shall have immunity from any liability, civil or criminal, that might otherwise be incurred or imposed as the result of the removal or provision of services.

8. Upon a finding of probable cause to believe that dependent adult abuse has occurred and is either ongoing or is likely to reoccur, the court may also enter orders as may be appropriate to third persons enjoining them from specific conduct. The orders may include temporary restraining orders which impose criminal sanctions if violated. The court may enjoin third persons from any of the following:

4. An employee of a financial institution may report suspected financial exploitation of a dependent adult to the department.

5. Any other person who believes that a dependent adult has suffered dependent adult abuse may report the suspected dependent adult abuse to the department of inspections, appeals, and licensing. The court may also appoint a guardian ad litem to represent the dependent adult if necessary to protect the dependent adult's best interests. 10. The person under investigation shall inform the department of the representatives desired to be present during the interview

and not delay the interview by more than five working days to make arrangements for the person's representatives to be present at the interview. Any employer representative shall be informed of the requirement to maintain strict confidentiality and of the prohibition against redissemination of such information pursuant to chapter 235B. At the interview, the department shall request and the alleged dependent adult abuser shall provide the alleged dependent adult abuser's most current contact information to facilitate provision of the findings to the alleged dependent adult abuser. An inspector may take or cause to be taken photographs of the dependent adult abuse victim and the vicinity involved.  - (b) The frequency of interaction.
 - (c) Whether the relationship has been terminated.
 - (d) The nature of the relationship, characterized by either party's expectation of sexual or romantic involvement.
 - (2) A person may be involved in an intimate relationship with more than one person at a time.

236.3 Commencement of actions — waiver to juvenile court.

1. A person, including a parent or guardian on behalf of an unemancipated minor, may seek relief from domestic abuse by filing a verified petition in the district court. Venue shall lie where either party resides. The petition shall state the:

a. Name of the plaintiff and the name and address of the plaintiff’s attorney, if any. If the plaintiff is proceeding *pro se*, the petition shall state a mailing address for the plaintiff. A mailing address may be provided by the plaintiff pursuant to section 236.10.

b. Name and address of the parent or guardian filing the petition, if the petition is being filed on behalf of an unemancipated minor. A mailing address may be provided by the plaintiff pursuant to section 236.10.

c. Name and address, if known, of the defendant.

d. Relationship of the plaintiff to the defendant.

e. Nature of the alleged domestic abuse.

f. Name and age of each child under eighteen whose welfare may be affected by the controversy.

g. Name or description of any pet or companion animal owned, possessed, leased, kept, or held by the petitioner, respondent, or minor child of the petitioner or respondent whose welfare may be affected by the controversy. However, this paragraph shall not apply to livestock as defined in section 717.1, held solely or primarily for commercial purposes.

h. Desired relief, including a request for temporary or emergency orders.

2. A temporary or emergency order shall be based on a showing of a *prima facie* case of domestic abuse. If the factual basis for the alleged domestic abuse is contested, the court shall issue a protective order based upon a finding of domestic abuse by a preponderance of the evidence.

3. *a.* The filing fee and court costs for an order for protection and in a contempt action under this chapter shall be waived for the plaintiff.

b. The clerk of court, the sheriff of any county in this state, and other law enforcement and corrections officers shall perform their duties relating to service of process without charge to the plaintiff. In lieu of personal service of an order for protection issued pursuant to this section, the sheriff of any county in this state, and other law enforcement and corrections officers may serve a defendant with a short-form notification pursuant to section 664A.4A.

4. If the person against whom relief from domestic abuse is being sought is seventeen

2. The court may enter any temporary order it deems necessary to protect the plaintiff from domestic abuse prior to the hearing, including temporary custody or visitation orders pursuant to subsection 3, upon good cause shown in an ex parte proceeding. (5) The awarding of temporary custody of or establishing temporary visitation rights with regard to children under eighteen.

(a) In awarding temporary custody or temporary visitation rights, the court shall give primary consideration to the safety of the victim and the children.

(b) If the court finds that the safety of the victim or the children will be jeopardized by unsupervised or unrestricted visitation, the court shall condition or restrict visitation as to time, place, duration, or supervision, or deny visitation entirely, as needed to guard the safety of the victim and the children.

(c) The court shall also determine whether any other existing orders awarding custody or visitation rights should be modified.

(d) Prior to entry of an order or agreement under this section that involves a child-custody determination as defined in section 598B.102, the parties shall furnish information to the court in compliance with section 598B.209.

The court may amend or extend its order or a consent agreement at any time upon a petition filed by either party and after notice and hearing. At the time of the extension, the parties need not meet the requirement in section 236.2, subsection 2, paragraph “d”, that the parties lived together during the last year if the parties met the requirements of section 236.2, subsection 2, paragraph “d”, at the time of the original order. The number of extensions that can be granted by the court is not limited.

4. The order shall state whether a person is to be taken into custody by a peace officer for a violation of the terms stated in the order.

5. The court may order that the defendant pay the plaintiff’s attorney fees and court costs.

6. An order or consent agreement under this section shall not affect title to real property.

7. A copy of any order or approved consent agreement shall be issued to the plaintiff, the defendant, the county sheriff of the county in which the order or consent decree is initially entered, and the twenty-four-hour dispatcher for the county sheriff. Any subsequent amendment or revocation of an order or consent agreement shall be forwarded by the clerk to all individuals and the county sheriff previously notified.

8. The clerk shall notify the county sheriff and the twenty-four-hour dispatcher for the county sheriff in writing so that the county sheriff and the county sheriff’s dispatcher receive written notice within six hours of filing the order, approved consent agreement, amendment, or revocation. The clerk may fulfill this requirement by sending the notice by facsimile or other electronic transmission which reproduces the notice in writing within six hours of filing the order.

9. The county sheriff’s dispatcher shall notify all law enforcement agencies having jurisdiction over the matter and the twenty-four-hour dispatcher for the law enforcement agencies upon notification by the clerk.

236.19 Foreign protective orders — registration — enforcement — immunity.

1. As used in this section, “*foreign protective order*” means a protective order entered by a court of another state, Indian tribe, or United States territory that would be an order or court-approved consent agreement entered under this chapter, a temporary or permanent

protective order or order to vacate the homestead under chapter 598, or an order that establishes conditions of release or is a protective order or sentencing order in a criminal prosecution arising from a domestic abuse assault if it had been entered in Iowa.

2. A certified or authenticated copy of a permanent foreign protective order may be filed with the clerk of the district court in any county that would have venue if the original action was being commenced in this state or in which the person in whose favor the order was entered may be present.

a. The clerk shall file foreign protective orders that are not certified or authenticated, if supported by an affidavit of a person with personal knowledge, subject to the penalties for perjury. The person protected by the order may provide this affidavit.

b. The clerk shall provide copies of the order as required by section 236.5, except that notice shall not be provided to the respondent without the express written direction of the person in whose favor the order was entered.

(1) The order states the name of the protected individual and the individual against whom enforcement is sought.

(2) The order has not expired.

(3) The order was issued by a court or tribunal that had jurisdiction over the parties and subject matter under the law of the foreign jurisdiction.

(4) The order was issued in accordance with the respondent's due process rights, either after the respondent was provided with reasonable notice and an opportunity to be heard before the court or tribunal that issued the order, or in the case of an ex parte order, the respondent was granted notice and opportunity to be heard within a reasonable time after the order was issued.

c. Proof that a foreign protective order failed to meet all of the factors listed in paragraph "b" shall be an affirmative defense in any action seeking enforcement of the order.

4. A peace officer shall treat a foreign protective order as a valid legal document and shall make an arrest for a violation of the foreign protective order in the same manner that a peace officer would make an arrest for a violation of a protective order issued within this state.

a. The fact that a foreign protective order has not been filed with the clerk of court or otherwise placed in a registry shall not be grounds to refuse to enforce the terms of the order unless it is apparent to the officer that the order is invalid on its face.

b. A peace officer acting reasonably and in good faith in connection with the enforcement of a foreign protective order shall be immune from civil and criminal liability in any action arising in connection with such enforcement.

- a. Name of the plaintiff and the name and address of the plaintiff’s attorney, if any. If the plaintiff is proceeding pro se, the petition shall state a mailing address for the plaintiff. A mailing address may be provided by the plaintiff pursuant to section 236A.11.

- d. Nature of the alleged sexual abuse.

When an order for protection is entered by the court, the court may direct the defendant to pay to the clerk of court the fees for the filing of the petition and reasonable costs of service of process if the court determines the defendant has the ability to pay the plaintiff's fees and costs. In lieu of personal service of an order for protection issued pursuant to this section, the sheriff of any county in this state and other law enforcement and corrections officers may serve a defendant with a short-form notification pursuant to section 664A.4A.

4. If the person against whom relief from sexual abuse is being sought is seventeen years of age or younger, the district court shall waive its jurisdiction over the action to the juvenile court.

237.2 Purpose.

It is the policy of this state to provide appropriate protection for children who are separated from the direct personal care of their parents, relatives, or guardians and, as a result, are subject to difficulty in achieving appropriate physical, mental, emotional, educational, or social development. This chapter shall be construed and administered to further that policy by assuring that child foster care is adequately provided by competently staffed and well-equipped child foster care facilities, including but not limited to residential treatment centers, group homes, and foster family homes.

[C81, §237.2]

237.3 Rules.

The rules shall encourage the provision of child foster care in a single-family, home environment, exempting the single-family, home facility from inappropriate rules.

2. Rules applicable to licensees shall include but are not limited to:

(2) If the health records supplied in accordance with the child's case permanency plan to the foster care provider are incomplete or the provider requests specific health information, provision for obtaining additional health information from the child's parent or other source and supplying the additional information to the foster care provider.

(3) Provision for emergency health coverage of the child while the child is engaged in temporary out-of-state travel with the child's foster family.

g. (1) The adequacy of programs available to children receiving child foster care provided by agencies, including but not limited to:

(a) Dietary services.

6. Rules of the department shall not prohibit the licensing, as foster family homes, of individuals who are departmental employees not directly engaged in the administration of the child foster care program pursuant to this chapter.

7. If an agency is accredited by the joint commission on the accreditation of health care organizations under the commission's consolidated standards for residential settings or by the council on accreditation of services for families and children, the department shall modify facility licensure standards applied to the agency in order to avoid duplicating standards applied through accreditation.

8. The department, in consultation with the judicial branch, residential treatment providers, the foster care provider association, and other parties which may be affected, shall review the licensing rules pertaining to residential treatment facilities, and examine whether the rules allow the facilities to accept and provide effective treatment to juveniles with serious problems who might not otherwise be placed in those facilities.

237.5 License application and issuance — denial, suspension, or revocation — provisional licenses.

1. An individual or an agency shall apply for a license by completing an application to the department upon forms furnished by the department. The department shall issue or reissue a license if the department determines that the applicant or licensee is or upon commencing operation will provide child foster care in compliance with this chapter. An initial license for an individual is valid for one year from the date of issuance. After the first two years of licensure, a license for an individual is valid for two years from the most recent date of issuance except that the department, within the director's discretion and based upon the performance of the licensee, may require annual renewal of the license or may issue a provisional license pursuant to subsection 3. A license for an agency is valid for up to three years from the date of issuance for the period determined by the department in accordance with administrative rules providing criteria for making the determination. The license shall state on its face the name of the licensee, the type of facility, the particular premises for which the license is issued, and the number of children who may be cared for by the facility on the premises at one time. The license shall be posted in a conspicuous place in the physical plant of the facility, except that if the facility is in a single-family home the license may be kept where it is readily available for examination upon request.

2. The department, after notice and opportunity for an evidentiary hearing, may deny an application for a license, and may suspend or revoke a license, if the applicant or licensee violates this chapter or the rules promulgated pursuant to this chapter, or knowingly makes a false statement concerning a material fact or conceals a material fact on the license application or in a report regarding operation of the facility submitted to the department.

3. The department may issue a provisional license for not more than one year to a licensee whose facility does not meet the requirements of this chapter, if written plans to bring the facility into compliance with the applicable requirements are submitted to and approved by the department. The plans shall state a specific time when compliance will be achieved. Only one provisional license shall be issued for a facility by reason of the same deficiency.

1. As a condition for initial licensure, each individual licensee shall complete thirty hours of foster parent training offered or approved by the department. However, if the licensee has completed relevant training or has a combination of completed relevant training and experience, and the department deems such training or combination to be an acceptable equivalent to all or a portion of the initial licensure training requirement, or based upon the circumstances of the child and the licensee the department finds there is other good cause, the department may waive all or a portion of the training requirement. Prior to renewal of licensure, each individual licensee shall also annually complete six hours of foster parent training. The training shall include but is not limited to physical care, education, learning disabilities, referral to and receipt of necessary professional services, behavioral assessment

and modification, self-assessment, self-living skills, and biological parent contact. An individual licensee may complete the training as part of an approved training program offered by a public or private agency with expertise in the provision of child foster care or in related subject areas. The department shall adopt rules to implement and enforce this training requirement.

2. A licensee who is unable to complete six hours of foster parent training annually prior to licensure renewal because the licensee is engaged in active duty in the military service shall be considered to be in compliance with the training requirement for licensure renewal.

3. The department or the department's agent shall notify an individual licensee within a reasonable amount of time of any training the department believes would benefit the licensee in the provision of child foster care.

237.8 Personnel.

1. A person shall not be allowed to provide services in a facility if the person has a disease which is transmissible to other persons through required contact in the workplace, which presents a significant risk of infecting other persons, which presents a substantial possibility of harming other persons, or for which no reasonable accommodation can eliminate the risk of infecting other persons.

2. a. (1) If a person is being considered for licensure under this chapter, or for employment involving direct responsibility for a child or in a facility where children reside, by a licensee under this chapter, or if a person will reside in a facility utilized by a licensee, and if the person has been convicted of a crime or has a record of founded child abuse, the record check evaluation system of the department and the licensee for an employee of the licensee shall perform an evaluation to determine whether the crime or founded child abuse warrants prohibition of licensure, employment, or residence in the facility. The record check evaluation system shall conduct criminal and child abuse record checks in this state and may conduct these checks in other states. The evaluation shall be performed in accordance with procedures adopted for this purpose by the department.

(2) If the criminal and child abuse record checks conducted in this state under subparagraph (1) for an individual being considered for licensure under this chapter, or for employment involving direct responsibility for a child or in a facility where children reside, by a licensee under this chapter, or for an individual who will reside in a facility utilized by a licensee, have been completed and the individual either does not have a record of crime or founded child abuse or the record check evaluation system's evaluation of the record has determined that prohibition of the individual's licensure or employment is not warranted, the individual may be provisionally approved for licensure or employment pending the outcome of the fingerprint-based criminal history check conducted pursuant to subparagraph (4).

(3) An individual being considered for licensure under this chapter, or for employment involving direct responsibility for a child or in a facility where children reside, by a licensee under this chapter, or for an individual who will reside in a facility utilized by a licensee, shall not be granted a license or be employed and an evaluation shall not be performed under this subsection if the individual has been convicted of any of the following felony offenses:

- (a) Within the five-year period preceding the application date, a drug-related offense.
- (b) Child endangerment or neglect or abandonment of a dependent person.
- (c) Domestic abuse.
- (d) A crime against a child, including but not limited to sexual exploitation of a minor.
- (e) A forcible felony.

(4) If an individual is being considered for licensure under this chapter, or for employment involving direct responsibility for a child or in a facility where children reside, by a licensee under this chapter, or if an individual will reside in a facility utilized by a licensee, or if an individual is subject to licensure under this chapter as a foster parent, in addition to the record checks conducted under subparagraph (1), the individual's fingerprints shall be provided to the department of public safety for submission through the state criminal history repository to the United States department of justice, federal bureau of investigation for a national criminal history check. The cost of the criminal history check conducted under this subparagraph is the responsibility of the department.

(5) If the criminal and child abuse record checks conducted in this state under subparagraph (1) for an individual being considered for licensure as a foster parent have been completed and the individual either does not have a record of crime or founded abuse or the record check evaluation system's evaluation of the record has determined that prohibition of the individual's licensure is not warranted, the individual may be provisionally approved for licensure pending the outcome of the fingerprint-based criminal history check conducted pursuant to subparagraph (4).

(6) An individual applying to be a foster parent licensee shall not be granted a license and an evaluation shall not be performed under this subsection if the individual has been convicted of any of the following felony offenses:

- (a) Within the five-year period preceding the application date, a drug-related offense.
- (b) Child endangerment or neglect or abandonment of a dependent person.
- (c) Domestic abuse.
- (d) A crime against a child, including but not limited to sexual exploitation of a minor.
- (e) A forcible felony.

b. Except as otherwise provided in paragraph "a", if the record check evaluation system determines that a person has committed a crime or has a record of founded child abuse and is licensed, employed by a licensee, or resides in a licensed facility the record check evaluation system shall notify the licensee that an evaluation will be conducted to determine whether prohibition of the person's licensure, employment, or residence is warranted.

c. In an evaluation, the record check evaluation system and the licensee for an employee of the licensee shall consider the nature and seriousness of the crime or founded child abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child abuse, the circumstances under which the crime or founded child abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child abuse again, and the number of crimes or founded child abuses committed by the person involved. The record check evaluation system may permit a person who is evaluated to be licensed, employed, or to reside, or to continue to be licensed, employed,

or to reside in a licensed facility, if the person complies with the record check evaluation system's conditions relating to the person's licensure, employment, or residence, which may include completion of additional training. For an employee of a licensee, these conditional requirements shall be developed with the licensee. The record check evaluation system has final authority in determining whether prohibition of the person's licensure, employment, or residence is warranted and in developing any conditional requirements under this paragraph.

d. If the record check evaluation system determines that the person has committed a crime or has a record of founded child abuse which warrants prohibition of licensure, employment, or residence, the person shall not be licensed under this chapter and shall not be employed by a licensee or reside in a licensed facility.

3. In addition to the record checks required under subsection 2, the record check evaluation system may conduct dependent adult abuse record checks in this state and may conduct these checks in other states, on a random basis. The provisions of subsection 2, relative to an evaluation following a determination that a person has been convicted of a crime or has a record of founded child abuse, shall also apply to a random check conducted under this subsection.

4. A licensee shall inform all new applicants for employment of the possibility of the performance of a record check and shall obtain, from the applicant, a signed acknowledgment of the receipt of the information.

5. A licensee shall include the following inquiry in an application for employment:

Do you have a record of founded child or dependent adult abuse
or have you ever been convicted of a crime, in this state or any other
state?

10. *a.* The department or the department's agent shall consider the needs and scheduling demands of a child, the child's parents, the child's siblings, and the individual licensee caring for the child when scheduling supervised or any other visitation between the child and the child's siblings, family members, or fictive kin.

237A.2 Licensing of child care centers.

1. A person shall not establish or operate a child care center without obtaining a license under the provisions of this chapter. A center may operate for a specified period of time, to be established by rule of the department, if application for a license has been made. If the department denies an application for an initial license, notwithstanding section 17A.18, the applicant center shall not continue to provide child care pending the outcome of an evidentiary hearing. The department shall issue a license if it determines that all of the following conditions have been met:

a. An application for a license or a renewal has been filed with the department on forms provided by the department.

b. The center is maintained to comply with state health and fire laws.

c. The center is maintained to comply with rules adopted under section 237A.12.

2. a. A person denied a license under this section shall receive written notice of the denial stating the reasons for denial and shall be provided with an opportunity for an evidentiary hearing.

b. A license issued under this chapter shall be valid for twenty-four months from the date of issuance. A license shall remain valid unless it is revoked or suspended in accordance with the provisions of section 237A.8 or is reduced to a provisional license under subsection 3. The department may inspect a licensed center at any time. A record of the license shall be kept by the department.

3. The department may inspect a licensed center at any time. A record of the license shall be kept by the department.

c. The license shall be posted in a conspicuous place in the center and shall state the particular premises in which child care may be offered and the number of individuals who

may be received for care at any one time. A greater number of children than is authorized by the license shall not be kept in the center at any one time.

3. The department may reduce a previously issued license to a provisional license or issue a provisional license for a period of time not to exceed one year if the center does not meet standards required under this section. A provisional license shall not be renewable in regard to the same standards for more than two consecutive years. A provisional license shall be posted in a conspicuous place in the center as provided in this section. If written plans to bring the center up to standards, giving specific dates for completion of work, are submitted to and approved by the department, the provisional license shall be renewable as provided in this subsection.

4. A program which is not a child care center by reason of the exceptions to the definition of child care in section 237A.1, subsection 2, but which provides care, supervision, and guidance to a child may be issued a license if the program complies with all the provisions of this chapter.

5. If the department has denied or revoked a license because the applicant or person has continually or repeatedly failed to operate a licensed center in compliance with this chapter and rules adopted pursuant to this chapter, the person shall not own or operate a child care center for a period of twelve months from the date the license is denied or revoked. The department shall not act on an application for a license submitted by the applicant or person during the twelve-month period. The applicant or person shall be prohibited from involvement with child care unless the involvement is specifically permitted by the department.

237A.3A Child development homes.

1. Registration.

a. A person shall not establish or operate a child development home unless the person obtains a certificate of registration. The department shall issue a certificate of registration upon receipt of a statement from the person or upon completion of an inspection conducted by the department or a designee of the department verifying that the person complies with applicable rules adopted by the department pursuant to this section and section 237A.12.

b. The certificate of registration shall be posted in a conspicuous place in the child development home and shall state the name of the registrant, the registration category of the child development home, the maximum number of children who may be present for child care at any one time, and the address of the child development home. In addition, the certificate shall include a checklist of registration compliances.

c. The registration process for a child development home shall be repeated every twenty-four months as provided by rule.

d. A person who holds a child foster care license under chapter 237 shall register as a child development home provider in order to provide child care.

2. *Revocation or denial of registration.* If the department has denied or revoked a certificate of registration because a person has continually or repeatedly failed to operate a registered or licensed child care facility in compliance with this chapter and rules adopted pursuant to this chapter, the person shall not operate or establish a registered child development home for a period of twelve months from the date the registration or license was denied or revoked. The department shall not act on an application for registration submitted by the person during the twelve-month period. The applicant or person shall be prohibited from involvement with child care unless the involvement is specifically permitted by the department.

3. *Rules.*

a. Three categories of standards shall be applicable to child development homes. The initial designations of the categories, which may be revised by the department, shall be "A", "B", and "C", as ranked from less stringent standards and capacity to more stringent standards and capacity. The "C" registration category standards shall require the highest level of provider qualifications and allow the greatest capacity of the three categories. The department shall adopt rules applying standards to each category specifying provider qualifications and training, health and safety requirements, capacity, amount of space available per child, and other minimum requirements. The capacity requirements shall take into consideration the provider's own children, children who have a mild illness, children receiving part-time child care, and children served as a sibling group in overnight care.

b. The rules shall allow a child development home to be registered in a particular category for which the provider is qualified even though the amount of space required to be available for the maximum number of children authorized for that category exceeds the actual amount of space available in that home. However, the total number of children authorized for the child development home at that category of registration shall be limited by the amount of space available per child.

c. In consultation with the director of the department of inspections, appeals, and licensing, the department shall adopt rules relating to the provision of fire extinguishers, smoke detectors, and two exits accessible to children in a child development home.

d. The rules shall require a child development home to be located in a single-family residence that is owned, rented, or leased by the person or, for dual registrations, at least one of the persons who is named on the child development home's certificate of registration. For purposes of this paragraph, a "single-family residence" includes an apartment, condominium, townhouse, or other individual unit within a multiple unit residential dwelling, but does not include a commercial or industrial building that is primarily used for purposes other than a residence.

e. If the department adopts rules establishing a limitation on the number of hours for which substitute care may be utilized by the provider, such a limitation shall not apply to or incorporate substitute care utilized when the provider is engaged in jury duty or in official duties connected with the provider's membership on a state board, committee, or other policy-related body.

f. The department shall adopt rules to allow registered child development homes providing care to school-aged children to exceed the child-to-staff ratio for school-aged children when a school-aged child's school starts late, is dismissed early, or is canceled due to inclement weather, a public health emergency, or structural damage regardless of whether the child development home provider is able to be assisted by a department-approved assistant or co-provider, provided the child is currently enrolled at the registered child development home

and the registered child development home does not exceed the child development home's registration capacity.

4. *Number of children.*

a. In determining the number of children present for child care at any one time in a child development home, each child present in the child development home shall be considered as being provided child care unless the child is described by one of the following exceptions:

(1) The child's parent, guardian, or custodian operates or established the child development home and the child is attending school or the child is provided child care full-time on a regular basis by another person.

(2) The child has been present in the child development home for more than seventy-two consecutive hours and the child is attending school or the child is provided child care full-time on a regular basis by another person.

b. For purposes of determining the number of children present for child care in a child development home, a child receiving foster care from a child development home provider shall be considered to be the child of the provider.

The department may inspect records maintained by a licensed center and may inquire into matters concerning these centers and the persons in charge. The department shall require that the center be inspected by the director of the department of inspections, appeals, and licensing or a designee for compliance with rules relating to fire safety before a license is granted or renewed. The department or a designee may periodically visit registered child development homes for the purpose of evaluation of an inquiry into matters concerning compliance with rules adopted under section 237A.12. b. The results of an inspection of a child care facility shall be made publicly available on the internet page or site implemented by the department in accordance with section 237A.25 and through other means.

4. The target time frame for the department's issuance of the report concerning an inspection or other regulatory visit to a child care facility is sixty calendar days.

5. A child care facility fund is created in the state treasury under the authority of the department. The fund is separate from the general fund of the state. Regulatory fees collected under subsection 1 shall be credited to the fund. Moneys credited to the fund shall not revert to any other fund and are not subject to transfer except as specifically provided by law. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in the fund shall be credited to the fund. Moneys in the fund are annually appropriated to the department to be used for staffing dedicated to monitoring and regulation of child care facilities, contracting, related technology costs, record checks, grants and fee waivers, and other expenses for inspection and regulation of child care facilities. Any full-time equivalent positions paid for out of the fund shall be in addition to other such positions authorized for the department.

2009 Acts, ch 179, §208

237A.5 Personnel.

1. All personnel in licensed or registered facilities shall have good health as evidenced by a report following a preemployment physical examination taken within six months prior to beginning employment. The examination shall include communicable disease tests by a licensed physician as defined in section 135C.1 or a licensed physician assistant as defined in section 148C.1 and shall be repeated every three years after initial employment. Controlled medical conditions which would not affect the performance of the employee in the capacity employed shall not prohibit employment.

2. a. For the purposes of this section, unless the context otherwise requires:

(1) "*Person subject to a record check*" means a person who is described by any of the following:

(a) The person is being considered for licensure or registration or is registered or licensed under this chapter.

(b) The person is being considered by a child care facility for employment involving direct responsibility for a child or with access to a child when the child is alone or is employed with such responsibilities.

(c) The person will reside or resides in a child care facility.

(d) The person has applied for or receives public funding for providing child care.

(e) The person will reside or resides in a child care home that is not registered under this chapter but that receives public funding for providing child care.

(2) "*Person subject to an evaluation*" means a person subject to a record check whose record indicates that the person has committed a transgression.

(3) "*Transgression*" means the existence of any of the following in a person's record:

(a) Conviction of a crime.

(b) A record of having committed founded child or dependent adult abuse.

(c) Listing in the sex offender registry under chapter 692A.

(d) A record of having committed a public or civil offense.

(e) The department has revoked a child care facility registration or license due to the person's continued or repeated failure to operate the child care facility in compliance with this chapter and rules adopted pursuant to this chapter.

b. If an individual person subject to a record check is being considered for employment by a child care facility or child care home provider, in lieu of requesting a record check in this state to be conducted by the record check evaluation system under paragraph "c", the child care facility or child care home may access the single contact repository established pursuant to section 135C.33 as necessary to conduct a criminal and child abuse record check of the individual in this state. A copy of the results of the record check conducted through the single contact repository shall also be provided to the record check evaluation system. If the record check indicates the individual is a person subject to an evaluation, the child care facility or child care home may request that the record check evaluation system perform an evaluation as provided in this subsection. Otherwise, the individual shall not be employed by the child care facility or child care home.

c. Unless a record check has already been conducted in accordance with paragraph "b", the record check evaluation system shall conduct a criminal and child abuse record check in this state for a person who is subject to a record check and may conduct such a check in other states. In addition, the record check evaluation system may conduct a dependent adult abuse, sex offender registry, or other public or civil offense record check in this state or in other states for a person who is subject to a record check.

d. (1) For a person subject to a record check, in addition to any other record check conducted pursuant to this subsection, the person's fingerprints shall be provided to the department of public safety for submission through the state criminal history repository to the United States department of justice, federal bureau of investigation for a national criminal history check. The department may adopt rules specifying criteria in the public interest for requiring the national criminal history check of a person to be repeated.

(2) Except as otherwise provided by law, the cost of a national criminal history check conducted in accordance with subparagraph (1) and the state record checks conducted in accordance with paragraph "c" that are conducted in connection with a person's involvement with a child care center are not the responsibility of the department. The department is responsible for the cost of such checks conducted in connection with a person's involvement with a child development home or child care home.

(3) If record checks under paragraph "b" or "c" have been conducted on a person subject to a record check and the results do not warrant prohibition of the person's involvement with child care or otherwise present protective concerns, the person may be involved with child care on a provisional basis until the record check under subparagraph (1) has been completed.

(4) If a person subject to a record check refuses to consent to a record check or if the person makes what the person knows to be a false statement of material fact in connection with a record check, the person shall be prohibited from involvement with child care.

e. (1) If a record check performed pursuant to this subsection identifies an individual as a person subject to an evaluation, an evaluation shall be performed to determine whether prohibition of the person's involvement with child care is warranted. The evaluation shall be performed in accordance with procedures adopted for this purpose by the department.

(2) Prior to performing an evaluation, the record check evaluation system shall notify the affected person, licensee, registrant, or child care home applying for or receiving public funding for providing child care, that an evaluation will be conducted to determine whether prohibition of the person's involvement with child care is warranted.

f. If a record check performed in accordance with paragraph "b" or "c" identifies that an individual is a person subject to an evaluation, the record check evaluation system shall perform the evaluation in accordance with this subsection, even if the application which made the person subject to the record check is withdrawn or the circumstances which made the person subject to the record check are no longer applicable. If the record check evaluation system's evaluation determines that prohibition of the person's involvement with child care is warranted, the provisions of this subsection regarding such a prohibition shall apply.

g. A person subject to a record check who is or was employed by a child care facility

or child care home provider and is hired by another child care facility or child care home provider shall be subject to a record check in accordance with this subsection. However, if the person was subject to an evaluation because of a transgression in the person's record and the evaluation determined that the transgression did not warrant prohibition of the person's involvement with child care and the latest record checks do not indicate there is a transgression that was committed subsequent to that evaluation, the person may commence employment with the other child care facility or provider in accordance with the evaluation and an exemption from any requirements for reevaluation of the latest record checks is authorized. Authorization of an exemption under this paragraph "g" from requirements for reevaluation of the latest record checks by the record check evaluation system is subject to all of the following provisions:

(1) The position with the subsequent employer is substantially the same or has the same job responsibilities as the position for which the previous evaluation was performed.

(2) Any restrictions placed on the person's employment in the previous evaluation by the record check evaluation system shall remain applicable in the person's subsequent employment.

(3) The person subject to the record checks has maintained a copy of the previous evaluation and provides the evaluation to the subsequent employer or the previous employer provides the previous evaluation from the person's personnel file pursuant to the person's authorization. If a physical copy of the previous evaluation is not provided to the subsequent employer, the record checks shall be reevaluated.

(4) Although an exemption under this paragraph "g" may be authorized, the subsequent employer may instead request a reevaluation of the record checks and may employ the person while the reevaluation is being performed.

h. In an evaluation, the record check evaluation system shall consider the nature and seriousness of the transgression in relation to the position sought or held, the time elapsed since the commission of the transgression, the circumstances under which the transgression was committed, the degree of rehabilitation, the likelihood that the person will commit the transgression again, and the number of transgressions committed by the person involved. In addition to record check information, the record check evaluation system may utilize information from the record check evaluation system's case records in performing the evaluation. The record check evaluation system may permit a person who is evaluated to maintain involvement with child care, if the person complies with the record check evaluation system's conditions and corrective action plan relating to the person's involvement with child care. The record check evaluation system has final authority in determining whether prohibition of the person's involvement with child care is warranted and in developing any conditional requirements and corrective action plan under this paragraph.

i. (1) A person subject to an evaluation shall be prohibited from involvement with child care under any of the following circumstances:

(a) The person has a record of founded child abuse or dependent adult abuse that was determined to be sexual abuse.

(b) The person is listed or is required to be listed on any state sex offender registry or the national sex offender registry.

(c) The person has committed any of the following felony-level offenses:

(i) Child endangerment or neglect or abandonment of a dependent person.

(ii) Domestic abuse.

(iii) A crime against a child including but not limited to sexual exploitation of a minor.

(iv) A forcible felony.

(v) Arson.

(d) The person has a record of a misdemeanor conviction against a child that constitutes one of the following offenses:

(i) Child abuse.

(ii) Child endangerment.

(iii) Sexual assault.

(iv) Child pornography.

(2) If, within five years prior to the date of application for registration or licensure under

this chapter, for employment or residence in a child care facility or child care home, or for receipt of public funding for providing child care, a person subject to an evaluation has been convicted of a controlled substance offense or has been found to have committed physical abuse, the person shall be prohibited from involvement with child care for a period of five years from the date of conviction or founded abuse. After the five-year prohibition period, the person may submit an application for registration or licensure under this chapter, or to receive public funding for providing child care, or may request an evaluation, and the record check evaluation system shall perform an evaluation and, based upon the criteria in paragraph “h”, shall determine whether prohibition of the person’s involvement with child care continues to be warranted.

j. If the record check evaluation system determines, through an evaluation of a person’s transgression, that the person’s prohibition of involvement with child care is warranted, the person shall be prohibited from involvement with child care. The record check evaluation system may identify a period of time after which the person may request that another record check and evaluation be performed. A person who continues involvement with child care in violation of this subsection is subject to penalty under section 237A.19 or injunction under section 237A.20.

k. If it has been determined that a child receiving child care from a child care facility or a child care home is the victim of founded child abuse committed by an employee, license or registration holder, child care home provider, or resident of the child care facility or child care home for which a report is placed in the central registry pursuant to section 232.71D, the department shall provide notification at the time of the determination to the parents, guardians, and custodians of children receiving care from the child care facility or child care home. A notification made under this paragraph shall identify the type of abuse but shall not identify the victim or perpetrator or circumstances of the founded abuse.

3. A licensee or registrant shall inform all new applicants for employment of the possibility of the performance of a record check and shall obtain, from the applicant, a signed acknowledgment of the receipt of the information.

4. A licensee or registrant shall include the following inquiry in an application for employment:

Do you have a record of founded child or dependent adult abuse
or have you ever been convicted of a crime, in this state or any other
state?

5. A person who serves as an unpaid volunteer in a child care facility shall not be required to complete training as a mandatory reporter of child abuse under section 232.69 or under any other requirement.

237A.9 through 237A.11 Reserved.

237A.12 Rules.

1. Subject to the provisions of chapter 17A, the department shall adopt rules setting minimum standards to provide quality child care in the operation and maintenance of child care centers and registered child development homes, relating to all of the following:

a. The number and qualifications of personnel necessary to assure the health, safety, and welfare of children in the facilities. Rules for facilities which are preschools shall be drawn so that any staff-to-children ratios which relate to the age of the children enrolled shall be based on the age of the majority of the children served by a particular class rather than on the age of the youngest child served.

b. Physical facilities.

c. The adequacy of activity programs and food services available to the children. The department shall not restrict the use of or apply nutritional standards to a lunch or other meal which is brought to the center, child development home, or child care home by a school-age child for the child's consumption.

d. Policies established by the center for parental participation.

e. Programs for education and in-service training of staff.

f. Records kept by the facilities.

g. Administration.

h. Health, safety, and medical policies for children.

2. Rules adopted by the director of the department of inspections, appeals, and licensing for buildings, other than school buildings, used as child care centers as an adjunct to the primary purpose of the building shall take into consideration that children are received for temporary care only and shall not differ from rules adopted for these buildings when they are used by groups of persons congregating from time to time in the primary use and occupancy of the buildings. However, the rules may require a fire-rated separation from the remaining portion of the building if the director of the department of inspections, appeals, and licensing determines that the separation is necessary for the protection of children from a specific flammable hazard.

3. Rules relating to fire safety for child care centers shall be adopted under this chapter

by the director of the department of inspections, appeals, and licensing in consultation with the department. Rules adopted by the director of the department of inspections, appeals, and licensing for a building which is owned or leased by a school district or accredited nonpublic school and used as a child care facility shall not differ from standards adopted by the director of the department of inspections, appeals, and licensing for school buildings under chapter 10A, subchapter V, part 2. Rules relating to sanitation shall be adopted by the department. All rules shall be developed in consultation with the state child care advisory committee. The director of the department of inspections, appeals, and licensing shall inspect the facilities.

4. If a building is owned or leased by a school district or accredited nonpublic school and complies with standards adopted by the director of the department of inspections, appeals, and licensing for school buildings under chapter 10A, subchapter V, part 2, the building is considered appropriate for use by a child care facility. The rules adopted by the department under this section shall not require the facility to comply with building requirements which differ from requirements for use of the building as a school.

5. Standards and requirements set by a city or county for a building which is owned or leased by a school district or accredited nonpublic school and used as a child care facility shall take into consideration that children are received for temporary care only and shall not differ from standards and requirements set for use of the building as a school.

6. Rules adopted relating to physical examination requirements for licensed or registered facility personnel and the children being provided child care by the licensed or registered facility shall allow for any licensed physician as defined in section 135.1 to perform the physical examination.

237A.13 State child care assistance.

1. A state child care assistance program is established in the department to assist children in families who meet eligibility guidelines and are described by any of the following circumstances:

a. The child's parent, guardian, or custodian is participating in approved academic, vocational, or technical training.

b. The child's parent, guardian, or custodian is seeking employment. Eligibility for assistance while seeking employment shall be limited to thirty days during a twelve-month period.

c. The child's parent, guardian, or custodian is employed a minimum of thirty-two hours per week or an average of thirty-two hours per week during the month if the child requires basic care, or twenty-eight hours per week or an average of twenty-eight hours per week during the month if the child is a special needs child.

d. The child's parent, guardian, or custodian is absent due to hospitalization, physical illness, or mental illness, or is present but is unable to care for the child as verified by a physician or physician assistant.

e. The child needs protective services to prevent or alleviate child abuse or neglect.

f. The person's family circumstances are described in paragraph "a", "b", "c", or "d", the person is thirteen years of age or older but younger than sixteen years of age, and state child care assistance is approved for the person by the director or the director's designee based on a request for an exception to policy made by the person's parent, guardian, or custodian because special family circumstances exist that would place the safety and well-being of the person at risk if the person is left home alone. The definition of child in section 237A.1 does not apply to child care supported by state child care assistance approved pursuant to this lettered paragraph.

2. A family shall only be initially eligible for state child care assistance if the family's gross monthly income does not exceed the lesser of:

a. (1) One hundred sixty percent of the federal poverty level applicable to the family size for children needing basic care.

(2) Two hundred percent of the federal poverty level applicable to the family size for children needing special needs care.

b. Eighty-five percent of the state median gross monthly income.

3. Services under the program may be provided in a licensed child care center, a child development home, the home of a relative, the child's own home, a child care home, or in a facility exempt from licensing or registration.

4. a. The department shall set reimbursement rates as authorized by appropriations enacted for payment of the reimbursements. The department shall conduct a statewide reimbursement rate survey to compile information on each county and the survey shall be conducted at least every two years. The department shall set rates in a manner so as to provide incentives for an unregistered provider to become registered.

b. The department shall not modify reimbursement rates to the state child care assistance program or financial eligibility requirements for a family participating in the state child care assistance program without prior enabling legislation in this state passed on or after January 1, 2023.

5. The department's billing and payment provisions for the program shall allow providers to elect either biweekly or monthly billing and payment for child care provided under the program. The department shall remit payment to a provider within ten business days of receiving a bill or claim for services provided. However, if the department determines that a bill has an error or omission, the department shall notify the provider of the error or omission and identify any correction needed before issuance of payment to the provider. The department shall provide the notice within five business days of receiving the billing from the provider and shall remit payment to the provider within ten business days of receiving the corrected billing.

6. A child care provider shall be allowed to collect from a family participating in the state child care assistance program the difference between the state child care assistance reimbursement rate and the rate the provider would typically charge a private-pay family for child care, provided the child care provider and family agree in writing to such additional payments prior to the provision of the child care.

7. On or before July 1, 2007, the department shall implement a system for making program payments by electronic funds transfer or other electronic means.

8. The department shall not apply waiting list requirements to any of the following persons:

a. Persons deemed to be eligible for benefits under the state child care assistance program in accordance with section 239B.24.

b. A family that is receiving state child care assistance at the time a child is born into the family. The newborn child shall be approved for services when the family reports the birth of the child.

c. Children who need protective services to prevent or alleviate child abuse or neglect.

d. A child in a family that is eligible for state child care assistance and that receives a state adoption subsidy for the child.

9. Based upon the availability of the funding appropriated for state child care assistance for a fiscal year, the department shall establish waiting lists for state child care assistance in descending order of prioritization as follows:

a. Families with an income at or below one hundred percent of the federal poverty level whose members, for at least thirty-two hours per week in the aggregate, are employed or are participating at a satisfactory level in an approved training program or educational program, and parents with a family income at or below one hundred percent of the federal poverty level who are under the age of twenty-one years and are participating in an educational program leading to a high school diploma or the equivalent.

b. Parents with a family income at or below one hundred percent of the federal poverty level who are under the age of twenty-one years and are participating, at a satisfactory level, in an approved training program or in an educational program.

c. Families with an income of more than one hundred percent but not more than one

hundred sixty percent of the federal poverty level whose members, for at least thirty-two hours per week in the aggregate, are employed or are participating at a satisfactory level in an approved training program or educational program.

d. Families with an income at or below two hundred percent of the federal poverty level whose members are employed at least twenty-eight hours per week with a special needs child as a member of the family.

10. Nothing in this section shall be construed as or is intended as, or shall imply, a grant of entitlement for services to persons who are eligible for assistance due to an income level or other eligibility circumstance addressed in this section. Any state obligation to provide services pursuant to this section is limited to the extent of the funds appropriated for the purposes of state child care assistance.

239B.2 Conditions of eligibility.

Within available funding, the department shall make assistance available to eligible families under the family investment program. At a minimum, a family shall meet all of the following conditions of eligibility:

1. *Application.* An application for the program is made to the department. The application shall be in writing or reduced to writing in the manner and upon the form prescribed by the department. The application shall be made by the specified relative with whom the child resides or will reside, and shall contain the information required on the application form. One application may be made for several children of the same family if the children reside or will reside with the same specified relative.

2. *Income and resources.* The family meets income and resource guidelines established by the department to attain or retain financial eligibility. In determining a family’s income and resources, the department shall consider the income and resources of the child, the child’s parent, the child’s stepparent living with the child, or any other specified relative with whom the child resides or will reside available to the family unless specifically exempted as provided in section 239B.7 or by rule or unless otherwise provided by federal law. A family’s failure to meet the income or resource guidelines shall result in denial of the family’s eligibility for the program.

3. *Unemployment.*

a. A determination of eligibility for a family with an unemployed parent shall not include consideration of either parent’s number of hours of employment. Both parents must enter into

and participate in a family investment agreement and participate in JOBS program activities unless good cause not to participate is established in accordance with rules.

b. Any of the following reasons for refusing employment or training are not good cause:

(1) Unsuitable or unpleasant work or training, if the parent is able to perform the work or training without unusual danger to the parent's health.

(2) The amount of wages or compensation, unless the wages for employment are below the amount customary for the same work in the community.

4. *Written statement — family investment agreement.*

a. The department may require an applicant family to commit to the initial actions the applicant family will take to achieve self-sufficiency as contained in a signed, written statement. An applicant family which fails to commit to the actions as contained in the written statement shall be denied eligibility for the family investment program. If the applicant family becomes a participant family, the family's written statement may be replaced by, incorporated within, or become the family investment agreement for that family.

b. Unless exempt as provided in section 239B.8, a participant family which is eligible for the program shall continue to comply with the provisions of a written statement which contains actions committed to by the family under paragraph "a" or shall enter into a family investment agreement with the department. A participant family must comply with the provisions of the written statement or the conditions in the agreement in order to retain eligibility. A participant family which does not comply shall be deemed to have chosen a limited benefit plan.

5. *Provision of information.* The family provides requested information to the department. The department shall adopt rules specifying the conditions under which an applicant or participant family is denied eligibility for family investment program assistance for failure to provide requested information.

6. *Cooperation with child support requirements.* The department shall provide for prompt notification of child support services if assistance is provided to a child whose parent is absent from the home. An applicant or participant shall cooperate with child support services and the department as provided in 42 U.S.C. §608(a)(2) unless the applicant or participant qualifies for good cause or other exception as determined by the department in accordance with the best interest of the child, parent, or specified relative, and with standards prescribed by rule. The authorized good cause or other exceptions shall include participation in a family investment agreement safety plan option to address or prevent family or domestic violence and other consideration given to the presence of family or domestic violence. If a specified relative with whom a child is residing fails to comply with these cooperation requirements, a sanction shall be imposed as defined by rule in accordance with state and federal law.

7. *Periodic reviews.* As a condition of eligibility, the department may require periodic reports from a participant concerning the participant's income, resources, family composition, and other circumstances. If the participant's circumstances change, the participant's assistance may be continued, renewed, suspended, changed in amount, or entirely withdrawn, as determined in accordance with rule.

8. *Out-of-state assistance.* Assistance shall be paid to a participant residing temporarily out-of-state if the participant retains residency in this state and remains otherwise eligible for assistance. The department shall periodically redetermine the eligibility of a participant who is temporarily residing out-of-state.

However, the period of implementation authorized under this subsection shall end upon the adjournment of the regular session of the general assembly immediately following the commencement of the period of implementation.

2. The department may submit waiver requests to the United States department of health and human services as necessary to implement and administer any provision under this chapter, or to implement any subsequent initiative that requires a waiver from federal law.

These expenses shall include but are not limited to all of the following: taxes, transportation, meals, uniforms, and other work-related expenses.

2. *Work-and-earn incentive.* If an individual's earned income is considered by the department, the individual shall be allowed a work-and-earn incentive. 239B.8 Family investment agreements.

The department shall establish a policy regarding the implementation of family investment agreements which limits the period of eligibility for the family investment program based upon the requirements of a family's plan for self-sufficiency. The policy shall require a family's plan to be specified in a family investment agreement between the family and the department. The department shall adopt rules to administer the policy. The components of the policy shall include but are not limited to all of the following:

1. *Participation — exemptions.* A parent living in a home with a child for whom an application for family investment program assistance has been made or for whom the assistance is provided, and all other individual members of the family whose needs are included in the assistance shall be subject to a family investment agreement unless exempt under rules adopted by the department or unless any of the following conditions exists:

The individual is sixteen through eighteen years of age, is not a parent, and is attending elementary or secondary school, or the equivalent level of vocational or technical education program, on a full-time basis. c. The individual is not a United States citizen and is not a qualified alien as defined in 8 U.S.C. §1641.

2. *Agreement options.* A family investment agreement shall require an individual who is subject to the agreement to engage in one or more work or training options. An individual's level of engagement in one or more of the work or training options shall be equivalent to the level of commitment required for full-time employment or shall be significant so as to move the individual's level of engagement toward that level. The department shall adopt rules defining option requirements and establishing assistance provisions for child care, transportation, and other support services. A leave from engagement in work or training options shall be offered to a participant parent to address the birth of a child or the placement of a child with the participant parent for adoption or foster care. If such a leave is requested by the parent the combined duration of the leave shall not exceed the minimum leave duration, as outlined in the federal Family and Medical Leave Act of 1993, §102(a) and (b)(1), as codified in 29 U.S.C. §2612(a) and (b)(1). All applicants and participants shall be informed regarding the existence of this option. Participation in this option shall be subject to review in accordance with administrative rule.
- j. *Incremental family investment agreements.* If an individual participant or the entire family has an acknowledged barrier, the plan for self-sufficiency may be specified in one or more incremental family investment agreements.

4. *Completion of agreement.*

a. Upon the completion of the terms of the agreement, family investment program assistance to a participant family covered by the agreement shall cease or be reduced in accordance with rules.

b. However, if the period in which a participant family is without cash assistance is one month or less and the participant family has not become exempt from JOBS program participation at the time the participant family reapplies for cash assistance, the participant family's family investment agreement shall be reinstated at the time the participant family reapplies. The reinstated agreement may be revised to accommodate changed circumstances present at the time of reapplication.

c. The department shall adopt rules to administer this subsection and to determine when a family is eligible to reenter the family investment program.

Subsection 6 amended

239B.9 Limited benefit plan.

1. General provisions.

a. If a participant responsible for signing and fulfilling the terms of a family investment agreement, as defined by the director in accordance with section 239B.8, chooses not to sign or fulfill the terms of the agreement, the participant's family, or the individual participant shall enter into a limited benefit plan. Initial actions in a written statement under section 239B.2, subsection 4, which were committed to by a participant during the application period and which commitment remains in effect, shall be considered to be a term of the participant's family investment agreement. A limited benefit plan shall apply for the period of time specified in this section. The first month of the limited benefit plan is the first month after the month in which timely and adequate notice of the limited benefit plan is given to the participant as defined by the director. The elements of a limited benefit plan shall be specified in the department's rules.

b. For purposes of this lettered paragraph, "*significant contact with or action in regard to the JOBS program*" means the individual participant communicates to the JOBS program worker the desire to engage in JOBS program activities, signs a new or updated family investment agreement, and takes any other action required by the department in accordance with rules adopted for this purpose. A limited benefit plan applied in error shall not be considered to have been applied. A limited benefit plan is applicable to the individual participant choosing the limited benefit plan and to the individual participant's family members to which the plan is applicable under subsection 2. A limited benefit plan shall either be a first limited benefit plan or a subsequent limited benefit plan. A limited benefit plan shall be applied as follows:

(1) A first limited benefit plan shall provide for continuing ineligibility for assistance until the individual participant completes significant contact with or action in regard to the JOBS program.

(2) A limited benefit plan subsequent to a first limited benefit plan chosen by the same individual participant shall provide for a specified period of ineligibility of six months or less beginning with the effective date of the limited benefit plan and continuing indefinitely following the specified period until the individual participant completes significant contact with or action in regard to the JOBS program. The department shall adopt rules defining the circumstances for which a particular period of ineligibility will be specified.

(3) For a two-parent family in which both parents are responsible for a family investment agreement, a first or subsequent limited benefit plan shall remain applicable until both parents complete significant contact with or action in regard to the JOBS program. A limited benefit plan applied more than once to the same two-parent family shall be treated as a subsequent limited benefit plan.

2. *Plan applied.* The department shall apply the limited benefit plan to the participants responsible for the family investment agreement and other members of the participant's family as follows:

a. *Parent.* If the participant responsible for the family investment agreement is a parent, the limited benefit plan is applicable to the entire participant family.

b. *Needy relative or incapacitated stepparent.* If the participant choosing a limited benefit plan is a needy relative who acts as payee when the parent is in the home but is unable to act as payee, is a needy relative who assumes the role of parent, or is a dependent

child's stepparent whose needs are included in the assistance because of incapacity, the limited benefit plan shall apply only to the individual participant choosing the plan.

c. Minor parent living with adult parent or specified relative. If the participant family includes a minor parent living with the minor parent's adult parent or specified relative who receives family investment program assistance and both individuals are responsible for developing a family investment agreement, each individual is responsible for a separate family investment agreement, and the limited benefit plan shall be applied as follows:

(1) If the adult parent chooses the limited benefit plan, the requirements of the limited benefit plan shall apply to the entire participant family, even though the minor parent has not chosen the limited benefit plan. However, the minor parent may reapply for assistance as a minor parent living with self-supporting parents or living independently and continue in the family investment agreement process.

(2) If the minor parent chooses the limited benefit plan, the requirements of the limited benefit plan shall apply to the minor parent and any child of the minor parent.

(3) If the specified relative chooses the limited benefit plan, the requirements of the limited benefit plan shall apply only to the specified relative.

d. Minor parent — only child. If the minor parent is the only child in the adult parent's or specified relative's home and the minor parent chooses the limited benefit plan, assistance shall not be paid to the adult parent or specified relative in this instance.

e. Children who are mandatory JOBS program participants. If the participant family includes children who are mandatory JOBS program participants, the children shall not have a separate family investment agreement but shall be asked to sign the family investment agreement applicable to the family and to carry out the responsibilities of that family investment agreement. A limited benefit plan shall be applied as follows:

(1) If the parent or specified relative responsible for a family investment agreement meets the responsibilities of the family investment agreement but a child who is a mandatory JOBS program participant chooses an individual limited benefit plan, the family is eligible for reduced assistance during the child's limited benefit plan.

(2) If the child who chooses a limited benefit plan under subparagraph (1) is the only child in the participant family, assistance shall not be paid to the adult parent, parents, or specified relative in this instance.

f. Exempt parent. If a participant family includes a parent, parents, or specified relative who are exempt from JOBS program participation and children who are mandatory JOBS program participants, the children are responsible for completing a family investment agreement. If a child who is a mandatory JOBS program participant chooses the limited benefit plan, the limited benefit plan shall be applied in the manner provided in paragraph "e".

g. Two parents. If the participant family includes two parents, a limited benefit plan shall be applied as follows:

(1) If only one parent of a child in the family is responsible for a family investment agreement and that parent chooses the limited benefit plan, the limited benefit plan cannot be ended by the voluntary participation in a family investment agreement by the exempt parent. If the parent responsible for the family investment agreement chooses a limited benefit plan, the limited benefit plan applies to the entire family.

(2) If both parents of a child in the family are responsible for a family investment agreement, both parents shall sign the agreement. If either parent chooses the limited benefit plan, the limited benefit plan cannot be ended by the participation of the other parent in a family investment agreement.

(3) If the parents from a two-parent family in a limited benefit plan separate, the limited benefit plan shall follow only the parent who chose the limited benefit plan and any children in the home of that parent.

3. *Plan chosen.* A participant shall be considered to have chosen a limited benefit plan under any of the following circumstances:

a. A participant who does not establish an orientation appointment with the JOBS program or who fails to keep or reschedule an orientation appointment shall receive a reminder letter which informs the participant that those who do not attend orientation

have elected to choose a limited benefit plan. A participant who chooses not to respond to the reminder letter within ten calendar days from the mailing date shall receive notice establishing the effective date of the limited benefit plan. If a participant is deemed to have chosen a limited benefit plan, timely and adequate notice provisions, as determined by the director, shall apply.

b. A participant who chooses not to sign the family investment agreement after attending a JOBS program orientation shall enter into a limited benefit plan as described in paragraph “a”.

c. A participant who has signed a family investment agreement but then chooses a limited benefit plan under circumstances defined by the director.

4. *Reconsideration.* A participant who chooses a limited benefit plan may reconsider that choice as follows:

a. A participant who chooses a first limited benefit plan may reconsider at any time following the effective date of the limited benefit plan. The participant may contact the department or the appropriate JOBS program office any time to begin the reconsideration process.

b. A participant who chooses a subsequent limited benefit plan may reconsider that choice at any time following the period of ineligibility specified in accordance with subsection 1.

5. *Well-being visit.* If a participant has chosen a subsequent limited benefit plan, the department may conduct a well-being visit or contract for a well-being visit to be conducted, provided funding is available for the costs of such visits. A well-being visit shall meet all of the following criteria:

a. A qualified professional shall attempt to visit with the participant family with a focus upon the children’s well-being.

b. The visit shall be conducted during or within four weeks of the second month of the start of the subsequent limited benefit plan.

c. The visit shall serve as an extension of the family investment program and the family investment agreement philosophy of supporting families as they move toward self-sufficiency.

6. *Appeal.* A participant has the right to appeal the establishment of the limited benefit plan only once, at the time the department issues the timely and adequate notice that establishes the limited benefit plan. However, if the reason for the appeal is based on an incorrect grant computation, an error in determining the composition of the family, or another worker error, a hearing shall be granted, regardless of the person’s limited benefit plan status.

All assistance and JOBS program expenditures under this chapter shall be paid from the account.

Incentives may be provided in the form of payment or services to help a family to obtain or retain employment. The diversion program subaccount may also be used for payments to participants as necessary to cover the expenses of removing barriers to employment and to assist in stabilizing employment. In addition, the diversion program subaccount may be used for funding of services and payments for persons whose family investment program eligibility has ended, in order to help the persons to stabilize or improve their employment status.

b. The diversion program shall be implemented statewide in a manner that preserves local flexibility in program design. The department shall assess and screen individuals who would most likely benefit from diversion program assistance. In determining the eligibility of an institutionalized individual for assistance under this chapter, the department shall establish a minimum community spouse resource allowance in an amount which is the greater of twenty-four thousand dollars or the minimum required as a condition of receipt of federal funding pursuant to section 1924(f)(2)(A)(i) of the federal Social Security Act, as codified in 42 U.S.C. §1396r-5(f)(2)(A)(i)174, and as adjusted pursuant to section 1924(g) of the federal Social Security Act as codified in 42 U.S.C. §1396r-5(g).

10. Group health plan cost sharing shall be provided as required by Tit. XIX of the federal Social Security Act, section 1906, as codified in 42 U.S.C. §1396e.

11. *a.* In determining the eligibility of an individual for medical assistance, the department shall consider transfers of assets made on or after August 11, 1993, as provided by the federal Social Security Act, section 1917(c), as codified in 42 U.S.C. §1396p(c).

b. The department shall exercise the option provided in 42 U.S.C. §1396p(c) to provide a period of ineligibility for medical assistance due to a transfer of assets by a noninstitutionalized individual or the spouse of a noninstitutionalized individual. For noninstitutionalized individuals, the number of months of ineligibility shall be equal to the total, cumulative uncompensated value of all assets transferred by the individual or the individual's spouse on or after the look-back date specified in 42 U.S.C. §1396p(c)(1)(B)(i), divided by the average monthly cost to a private patient for nursing facility services in Iowa at the time of application. The services for which noninstitutionalized individuals shall be made ineligible shall include any long-term care services for which medical assistance is otherwise available. Notwithstanding section 17A.4, the department may adopt rules providing a period of ineligibility for medical assistance due to a transfer of assets by a noninstitutionalized individual or the spouse of a noninstitutionalized individual without notice of opportunity for public comment, to be effective immediately upon filing under section 17A.5, subsection 2, paragraph "b", subparagraph (1), subparagraph division (a).

c. A disclaimer of any property, interest, or right pursuant to section 633E.5 constitutes a transfer of assets for the purpose of determining eligibility for medical assistance in an amount equal to the value of the property, interest, or right disclaimed.

d. Unless a surviving spouse is precluded from making an election under the terms of a premarital agreement, the failure of a surviving spouse to take an elective share pursuant to chapter 633, subchapter V, constitutes a transfer of assets for the purpose of determining eligibility for medical assistance to the extent that the value received by taking an elective share would have exceeded the value of the inheritance received under the will.

12. In determining the eligibility of an individual for medical assistance, the department shall consider income or assets relating to trusts or similar legal instruments or devices established on or before August 10, 1993, as available to the individual, in accordance with the federal Comprehensive Omnibus Budget Reconciliation Act of 1985, Pub. L. No. 99-272, §9506(a), as amended by the federal Omnibus Budget Reconciliation Act of 1986, Pub. L. No. 99-509, §9435(c).

13. In determining the eligibility of an individual for medical assistance, the department shall consider income or assets relating to trusts or similar legal instruments or devices established after August 10, 1993, as available to the individual, in accordance with 42 U.S.C. §1396p(d) and sections 633C.2 and 633C.3.

14. Once initial ongoing eligibility for medical assistance is determined for a child under the age of nineteen, the department shall provide continuous eligibility for a period of up to twelve months regardless of changes in family circumstances, until the child's next annual review of eligibility under the medical assistance program, with the exception of the following children:

- a.* A newborn child of a medical assistance-eligible woman.
- b.* A child whose eligibility was determined under the medically needy program.
- c.* A child who is eligible under a state-only funded program.
- d.* A child who is no longer an Iowa resident.
- e.* A child who is incarcerated in a jail or other correctional institution.

249A.4 Duties of director.

The director shall be responsible for the effective and impartial administration of this chapter and shall, in accordance with the standards and priorities established by this chapter, by applicable federal law, by the regulations and directives issued pursuant to federal law, by applicable court orders, and by the state plan approved in accordance with federal law, make rules, establish policies, and prescribe procedures to implement this chapter. Without limiting the generality of the foregoing delegation of authority, the director is hereby specifically empowered and directed to:

1. Determine the greatest amount, duration, and scope of assistance which may be provided, and the broadest range of eligible individuals to whom assistance may effectively be provided, under this chapter within the limitations of available funds. In so doing, the director shall at least every six months evaluate the scope of the program currently being provided under this chapter, project the probable cost of continuing a like program, and compare the probable cost with the remaining balance of the state appropriation made for payment of assistance under this chapter during the current appropriation period. After each evaluation of the scope of the program, the director shall report to the general assembly through the legislative council or in another manner as the general assembly may by resolution direct.

2. Reserved.

3. Have authority to provide for payment under this chapter of assistance rendered to any applicant prior to the date the application is filed.

4. Have authority to contract with any corporation authorized to engage in this state in insuring groups or individuals for all or part of the cost of medical, hospital, or other health care or with any corporation maintaining and operating a medical, hospital, or health service prepayment plan under the provisions of chapter 514 or with any health maintenance organization authorized to operate in this state, for any or all of the benefits to which any recipients are entitled under this chapter to be provided by such corporation or health maintenance organization on a prepaid individual or group basis.

5. May, to the extent possible, contract with a private organization or organizations whereby such organization will handle the processing of and the payment of claims for services rendered under the provisions of this chapter and under such rules and regulations as shall be promulgated by such department. The state department may give due consideration to the advantages of contracting with any organization which may be serving in Iowa as “intermediary” or “carrier” under Tit. XVIII of the federal Social Security Act, as amended.

6. Shall cooperate with any agency of the state or federal government in any manner as

may be necessary to qualify for federal aid and assistance for medical assistance in conformity with the provisions of chapter 249, this chapter, and Tit. XVI and XIX of the federal Social Security Act, as amended.

7. Shall provide for the professional freedom of those licensed practitioners who determine the need for or provide medical care and services, and shall provide freedom of choice to recipients to select the provider of care and services, except when the recipient is eligible for participation in a health maintenance organization or prepaid health plan which limits provider selection and which is approved by the department.

a. However, this shall not limit the freedom of choice to recipients to select providers in instances where such provider services are eligible for reimbursement under the medical assistance program but are not provided under the health maintenance organization or under the prepaid health plan, or where the recipient has an already established program of specialized medical care with a particular provider. The department may also restrict the recipient's selection of providers to control the individual recipient's overuse of care and services, provided the department can document this overuse. The department shall promulgate rules for determining the overuse of services, including rights of appeal by the recipient.

b. Advanced registered nurse practitioners licensed pursuant to chapter 152 and physician assistants licensed pursuant to chapter 148C shall be regarded as approved providers of health care services, including primary care, for purposes of managed care or prepaid services contracts under the medical assistance program. This paragraph shall not be construed to expand the scope of practice of an advanced registered nurse practitioner pursuant to chapter 152 or physician assistants pursuant to chapter 148C.

8. Implement the premium assistance program options described under the federal Children's Health Insurance Program Reauthorization Act of 2009, Pub. L. No. 111-3, for the medical assistance program. The department may adopt rules as necessary to administer these options.

9. Adopt rules pursuant to chapter 17A in determining the method and level of reimbursement for all medical and health services to be provided under the medical assistance program, after considering all of the following:

- a. The promotion of efficient and cost-effective delivery of medical and health services.
- b. Compliance with federal law and regulations.
- c. The level of state and federal appropriations for medical assistance.
- d. Reimbursement at a level as near as possible to actual costs and charges after priority is given to the considerations in paragraphs "a", "b", and "c".

10. a. Allow supplementation of the combination of client participation and payment made through the medical assistance program for those items and services identified in 42 C.F.R. §483.10(c)(8)(ii), by the resident of a nursing facility or the resident's family. Supplementation under this subsection may include supplementation for provision of a private room not otherwise covered under the medical assistance program unless either of the following applies:

- (1) The private room is therapeutically required pursuant to 42 C.F.R. §483.10(c)(8)(ii).
 - (2) No room other than the private room is available.
- b. The rules adopted to administer this subsection shall require all of the following if a nursing facility provides for supplementation for provision of a private room:
- (1) The nursing facility shall inform all current and prospective residents and residents' legal representatives of the following:
 - (a) If the resident desires a private room, the resident or resident's family may provide supplementation by directly paying the facility the amount of supplementation. Supplementation by a resident's family shall not be treated as income of the resident for purposes of medical assistance program eligibility or client participation.
 - (b) The nursing facility's policy if a resident residing in a private room converts from private pay to payment under the medical assistance program, but the resident or resident's family is not willing or able to pay supplementation for the private room.
 - (c) A description and identification of the private rooms for which supplementation is available.

(d) The process for an individual to take legal responsibility for providing supplementation, including identification of the individual and the extent of the legal responsibility.

(2) For a resident for whom the nursing facility receives supplementation, the nursing facility shall indicate in the resident's record all of the following:

(a) A description and identification of the private room for which the nursing facility is receiving supplementation.

(b) The identity of the individual making the supplemental payments.

(c) The private pay charge for the private room for which the nursing facility is receiving supplementation.

(d) The total charge to the resident for the private room for which the nursing facility is receiving supplementation, the portion of the total charge reimbursed under the medical assistance program, and the portion of the total charge reimbursed through supplementation.

(3) If the nursing facility only provides one type of room or all private rooms, the nursing facility shall not be eligible to request supplementation.

(4) A nursing facility may base the supplementation amount on the difference between the amount paid for a room covered under the medical assistance program and the private pay rate for the private room identified for supplementation. However, the total payment for the private room from all sources shall not be greater than the aggregate average private room rate for the type of rooms covered under the medical assistance program for which the resident would be eligible.

(5) Supplementation pursuant to this subsection shall not be required as a precondition of admission, expedited admission, or continued stay in a facility.

(6) Supplementation shall not be applicable if the facility's occupancy rate is less than fifty percent.

(7) The nursing facility shall ensure that all appropriate care is provided to all residents notwithstanding the applicability or availability of supplementation.

(8) A private room for which supplementation is required shall be retained for the resident consistent with existing bed-hold policies.

c. (1) A nursing facility that utilizes the supplementation option and receives supplementation under this subsection during any calendar year shall report to the department annually, by January 15, the following information for the preceding calendar year:

(a) The total number of nursing facility beds available at the nursing facility, the number of such beds available in private rooms, and the number of such beds available in other types of rooms.

(b) The average occupancy rate of the facility on a monthly basis.

(c) The total number of residents for which supplementation was utilized.

(d) The average private pay charge for a private room in the nursing facility.

(e) For each resident for whom supplementation was utilized, the total charge to the resident for the private room, the portion of the total charge reimbursed under the Medicaid program, and the total charge reimbursed through supplementation.

(2) The department shall compile the information received and shall submit the compilation to the general assembly, annually by May 1.

11. Shall provide an opportunity for a fair hearing before the department of inspections, appeals, and licensing to an individual whose claim for medical assistance under this chapter is denied or is not acted upon with reasonable promptness. Upon completion of a hearing, the department of inspections, appeals, and licensing shall issue a decision which is subject to review by the department. Judicial review of the decisions of the department may be sought in accordance with chapter 17A. If a petition for judicial review is filed, the department shall furnish the petitioner with a copy of the application and all supporting papers, a transcript of the testimony taken at the hearing, if any, and a copy of its decision.

12. In determining the medical assistance eligibility of a pregnant woman, infant, or child under the federal Social Security Act, §1902(l), resources which are used as tools of the trade shall not be considered.

13. In implementing subsection 9, relating to reimbursement for medical and health

services under this chapter, when a selected out-of-state acute care hospital facility is involved, a contractual arrangement may be developed with the out-of-state facility that is in accordance with the requirements of Tit. XVIII and XIX of the federal Social Security Act. The contractual arrangement is not subject to other reimbursement standards, policies, and rate setting procedures required under this chapter.

14. A medical assistance copayment shall only be applied to those services and products specified in administrative rules of the department in effect on February 1, 1991, which under federal medical assistance requirements, are provided at the option of the state.

15. Establish appropriate reimbursement rates for community mental health centers that are accredited by the mental health and disability services commission.

249A.12 Assistance to persons with an intellectual disability.

1. Assistance may be furnished under this chapter to an otherwise eligible recipient who is a resident of a health care facility licensed under chapter 135C and certified as an intermediate care facility for persons with an intellectual disability.

2. If a county reimbursed the department for medical assistance provided under this section, Code 2011, and the amount of medical assistance is subsequently repaid through a medical assistance income trust or a medical assistance special needs trust as defined in section 633C.1, the department shall reimburse the county on a proportionate basis. The department shall adopt rules to implement this subsection.

3. *a.* Effective July 1, 1995, the state shall be responsible for all of the nonfederal share of the costs of intermediate care facility for persons with an intellectual disability services provided under medical assistance to minors. Notwithstanding contrary provisions of section 222.73, Code 2011, effective July 1, 1995, a county is not required to reimburse the department and shall not be billed for the nonfederal share of the costs of such services provided to minors.

b. The state shall be responsible for all of the nonfederal share of medical assistance home and community-based services waivers for persons with an intellectual disability services provided to minors, and a county is not required to reimburse the department and shall not be billed for the nonfederal share of the costs of the services.

c. The state shall be responsible for all of the nonfederal share of the costs of intermediate care facility for persons with an intellectual disability services provided under medical assistance attributable to the assessment for intermediate care facilities for individuals with an intellectual disability imposed pursuant to section 249A.21. A county is not required to reimburse the department and shall not be billed for the nonfederal share of the costs of such services attributable to the assessment.

4. *a.* The mental health and disability services commission shall recommend to the department the actions necessary to assist in the transition of individuals being served in an intermediate care facility for persons with an intellectual disability, who are appropriate for the transition, to services funded under a medical assistance home and community-based services waiver for persons with an intellectual disability in a manner which maximizes the

use of existing public and private facilities. The actions may include but are not limited to submitting any of the following or a combination of any of the following as a request for a revision of the medical assistance home and community-based services waiver for persons with an intellectual disability:

(1) Allow for the transition of intermediate care facilities for persons with an intellectual disability licensed under chapter 135C, to services funded under the medical assistance home and community-based services waiver for persons with an intellectual disability. The request shall be for inclusion of additional persons under the waiver associated with the transition.

(2) Allow for reimbursement under the waiver for day program or other service costs.

(3) Allow for exception provisions in which an intermediate care facility for persons with an intellectual disability which does not meet size and other facility-related requirements under the waiver in effect on June 30, 1996, may convert to a waiver service for a set period of time such as five years. Following the set period of time, the facility would be subject to the waiver requirements applicable to services which were not operating under the exception provisions.

b. In implementing the provisions of this subsection, the mental health and disability services commission shall consult with other states. The waiver revision request or other action necessary to assist in the transition of service provision from intermediate care facilities for persons with an intellectual disability to alternative programs shall be implemented by the department in a manner that can appropriately meet the needs of individuals at an overall lower cost to counties, the federal government, and the state. In addition, the department shall take into consideration significant federal changes to the medical assistance program in formulating the department's actions under this subsection. The department shall consult with the mental health and disability services commission in adopting rules for oversight of facilities converted pursuant to this subsection. A transition approach described in paragraph "a" may be modified as necessary to obtain federal waiver approval.

5. *a.* The provisions of the home and community-based services waiver for persons with an intellectual disability shall include adult day care, prevocational, and transportation services. Transportation shall be included as a separately payable service.

1. A person who obtains assistance or payments for medical assistance under this chapter by knowingly making or causing to be made, a false statement or a misrepresentation of a material fact or by knowingly failing to disclose a material fact required of an applicant for aid under the provisions of this chapter and a person who knowingly makes or causes

to be made, a false statement or a misrepresentation of a material fact or knowingly fails to disclose a material fact concerning the applicant's eligibility for aid under this chapter commits a fraudulent practice.

2. The department of inspections, appeals, and licensing shall conduct investigations and audits as deemed necessary to ensure compliance with the medical assistance program administered under this chapter. The department of inspections, appeals, and licensing shall cooperate with the department on the development of procedures relating to such investigations and audits to ensure compliance with federal and state single state agency requirements.

3. *a.* A Medicaid fraud fund is created in the state treasury under the authority of the department of inspections, appeals, and licensing. Moneys from penalties, investigative costs recouped by the Medicaid fraud control unit, and other amounts received as a result of prosecutions involving the department of inspections, appeals, and licensing investigations and audits to ensure compliance with the medical assistance program that are not credited to the program shall be credited to the fund.

b. Notwithstanding section 8.33, moneys credited to the fund from any other account or fund shall not revert to the other account or fund. Moneys in the fund shall only be used as provided in appropriations from the fund and shall be used in accordance with applicable laws, regulations, and the policies of the office of inspector general of the United States department of health and human services.

c. For the purposes of this subsection, “*investigative costs*” means the reasonable value of a Medicaid fraud control unit investigator’s, auditor’s or employee’s time, any moneys expended by the Medicaid fraud control unit, and the reasonable fair market value of resources used or expended by the Medicaid fraud control unit in a case resulting in a criminal conviction of a provider under this chapter or chapter 714 or 715A.

249A.52 Garnishment.

When payment is made by the department for medical care or expenses through the medical assistance program on behalf of a recipient, the department may garnish the wages, salary, or other compensation of the person obligated to pay child support or may withhold amounts pursuant to chapter 252D from the income of the person obligated to pay support, and shall withhold amounts from state income tax refunds of a person obligated to pay support, to the extent necessary to reimburse the department for expenditures for medical care or expenses on behalf of a recipient if all of the following conditions apply:

1. The person is required by court or administrative order to provide medical support to a recipient.

2. The person has received payment from a third party for the costs of medical assistance to the recipient and has not used the payments to reimburse the costs of medical care or expenses.

249A.53 Recovery of payment.

1. Medical assistance paid to, or on behalf of, a recipient or paid to a provider of services is not recoverable, except as provided in subsection 2, unless the assistance was incorrectly paid. Assistance incorrectly paid is recoverable from the provider, or from the recipient, while living, as a debt due the state and, upon the recipient's death, as a claim classified with taxes having preference under the laws of this state.

2. The provision of medical assistance to an individual who is fifty-five years of age or older, or who is a resident of a nursing facility, intermediate care facility for persons with an intellectual disability, or mental health institute, who cannot reasonably be expected to be discharged and return to the individual's home, creates a debt due the department from the individual's estate for all medical assistance provided on the individual's behalf, upon the individual's death.

a. The department shall waive the collection of the debt created under this subsection from the estate of a recipient of medical assistance to the extent that collection of the debt would result in either of the following:

(1) Reduction in the amount received from the recipient's estate by a surviving spouse, or by a surviving child who was under age twenty-one, blind, or permanently and totally disabled at the time of the individual's death.

(2) Otherwise work an undue hardship as determined on the basis of criteria established pursuant to 42 U.S.C. §1396p(b)(3).

b. If the collection of all or part of a debt is waived pursuant to subsection 2, paragraph "a", to the extent the medical assistance recipient's estate was received by the following persons, the amount waived shall be a debt due from one of the following, as applicable:

(1) The estate of the medical assistance recipient's surviving spouse or child who is blind or has a disability, upon the death of such spouse or child.

(2) A surviving child who was under twenty-one years of age at the time of the medical assistance recipient's death, upon the child reaching the age of twenty-one or from the estate of the child if the child dies prior to reaching the age of twenty-one.

(3) The estate of the recipient of the undue hardship waiver, at the time of death of the hardship waiver recipient, or from the hardship waiver recipient when the hardship no longer exists.

c. For purposes of this section, the estate of a medical assistance recipient, surviving spouse, or surviving child includes any real property, personal property, or other asset in which the recipient, spouse, or child had any legal title or interest at the time of the recipient's, spouse's, or child's death, to the extent of such interests, including but not limited to interests in jointly held property, retained life estates, and interests in trusts.

d. For purposes of collection of a debt created by this subsection, all assets included in the estate of a medical assistance recipient, surviving spouse, or surviving child pursuant to paragraph "c" are subject to probate.

e. Interest shall accrue on a debt due under this subsection, at the rate provided pursuant to section 535.3, beginning six months after the death of a medical assistance recipient, surviving spouse, or surviving child.

f. (1) If a debt is due under this subsection from the estate of a recipient, the administrator of the nursing facility, intermediate care facility for persons with an intellectual disability, or mental health institute in which the recipient resided at the time of the recipient's death,

and the personal representative of the recipient, if applicable, shall report the death to the department within ten days of the death of the recipient.

(2) If a personal representative or executor of an estate makes a distribution either in whole or in part of the property of an estate to the heirs, next of kin, distributees, legatees, or devisees without having executed the obligations pursuant to section 633.425, the personal representative or executor may be held personally liable for the amount of medical assistance paid on behalf of the recipient, to the full value of any property belonging to the estate which may have been in the custody or control of the personal representative or executor.

(3) For the purposes of this paragraph, “*executor*” means executor as defined in section 633.3, and “*personal representative*” means a person who filed a medical assistance application on behalf of the recipient or who manages the financial affairs of the recipient.

3. *a.* Following the death of an individual who is a designated beneficiary of an account established under a participation agreement pursuant to chapter 12I, all of the following shall apply to the extent permitted pursuant to chapter 12I and under federal law including section 529A of the Internal Revenue Code:

(1) The department shall not seek recovery of any account balance remaining in the designated beneficiary’s account for medical assistance paid to or on behalf of the designated beneficiary on or after the date the participation agreement was entered into and the account established for the designated beneficiary.

(2) The department shall not file a claim for payment under section 529A(f) of the Internal Revenue Code.

(3) Any account balance remaining in the designated beneficiary’s account may be transferred to an account for another eligible individual specified by the designated beneficiary, or if another eligible beneficiary is not so designated, then the account balance shall be transferred to the estate of the designated beneficiary or to the successor as defined in section 633.356.

b. For the purposes of this section, “*designated beneficiary*”, “*Internal Revenue Code*”, and “*participation agreement*” mean the same as defined in section 12I.1.

c. For the purposes of this section, “*eligible individual*” means the same as defined in section 529A of the Internal Revenue Code.

249A.54 Responsibility for payment on behalf of Medicaid-eligible persons — liability of other parties.

1. It is the intent of the general assembly that a Medicaid payor be the payor of last resort for medical services furnished to recipients. All other sources of payment for medical services are primary relative to medical assistance provided by the Medicaid payor. If benefits of a third party are discovered or become available after medical assistance has been provided by the Medicaid payor, it is the intent of the general assembly that the Medicaid payor be repaid in full and prior to any other person, program, or entity. The Medicaid payor shall be repaid in full from and to the extent of any third-party benefits, regardless of whether a recipient is made whole or other creditors are paid.

2. For the purposes of this section:

a. “*Collateral*” means all of the following:

(1) Any and all causes of action, suits, claims, counterclaims, and demands that accrue to the recipient or to the recipient’s agent, related to any covered injury or illness, or medical services that necessitated that the Medicaid payor provide medical assistance to the recipient.

(2) All judgments, settlements, and settlement agreements rendered or entered into and related to such causes of action, suits, claims, counterclaims, demands, or judgments.

(3) Proceeds.

b. “Covered injury or illness” means any sickness, injury, disease, disability, deformity, abnormality disease, necessary medical care, pregnancy, or death for which a third party is, may be, could be, should be, or has been liable, and for which the Medicaid payor is, or may be, obligated to provide, or has provided, medical assistance.

c. “Medicaid payor” means the department or any person, entity, or organization that is legally responsible by contract, statute, or agreement to pay claims for medical assistance including but not limited to managed care organizations and other entities that contract with the state to provide medical assistance under chapter 249A.

d. “Medical service” means medical or medically related institutional or noninstitutional care, or a medical or medically related institutional or noninstitutional good, item, or service covered by Medicaid.

e. “Payment” as it relates to third-party benefits, means performance of a duty, promise, or obligation, or discharge of a debt or liability, by the delivery, provision, or transfer of third-party benefits for medical services. “To pay” means to make payment.

f. “Proceeds” means whatever is received upon the sale, exchange, collection, or other disposition of the collateral or proceeds from the collateral and includes insurance payable because of loss or damage to the collateral or proceeds. “Cash proceeds” include money, checks, and deposit accounts and similar proceeds. All other proceeds are “noncash proceeds”.

g. “Recipient” means a person who has applied for medical assistance or who has received medical assistance.

h. “Recipient’s agent” includes a recipient’s legal guardian, legal representative, or any other person acting on behalf of the recipient.

i. “Third party” means an individual, entity, or program, excluding Medicaid, that is or may be liable to pay all or a part of the expenditures for medical assistance provided by a Medicaid payor to the recipient. A third party includes but is not limited to all of the following:

- (1) A third-party administrator.
- (2) A pharmacy benefits manager.
- (3) A health insurer.
- (4) A self-insured plan.
- (5) A group health plan, as defined in section 607(1) of the federal Employee Retirement Income Security Act of 1974.
- (6) A service benefit plan.
- (7) A managed care organization.
- (8) Liability insurance including self-insurance.
- (9) No-fault insurance.
- (10) Workers’ compensation laws or plans.
- (11) Other parties that by law, contract, or agreement are legally responsible for payment of a claim for medical services.

j. “Third-party benefits” mean any benefits that are or may be available to a recipient from a third party and that provide or pay for medical services. “Third-party benefits” may be created by law, contract, court award, judgment, settlement, agreement, or any arrangement between a third party and any person or entity, recipient, or otherwise. “Third-party benefits” include but are not limited to all of the following:

- (1) Benefits from collateral or proceeds.
- (2) Health insurance benefits.
- (3) Health maintenance organization benefits.
- (4) Benefits from preferred provider arrangements and prepaid health clinics.
- (5) Benefits from liability insurance, uninsured and underinsured motorist insurance, or personal injury protection coverage.
- (6) Medical benefits under workers’ compensation.
- (7) Benefits from any obligation under law or equity to provide medical support.

3. Third-party benefits for medical services shall be primary to medical assistance provided by the Medicaid payor.

4. a. A Medicaid payor has all of the rights, privileges, and responsibilities identified under this section. Each Medicaid payor is a Medicaid payor to the extent of the medical

assistance provided by that Medicaid payor. Therefore, Medicaid payors may exercise their Medicaid payor's rights under this section concurrently.

b. Notwithstanding the provisions of this subsection to the contrary, if the department determines that a Medicaid payor has not taken reasonable steps within a reasonable time to recover third-party benefits, the department may exercise all of the rights of the Medicaid payor under this section to the exclusion of the Medicaid payor. If the department determines the department will exercise such rights, the department shall give notice to third parties and to the Medicaid payor.

5. A Medicaid payor may assign the Medicaid payor's rights under this section, including but not limited to an assignment to another Medicaid payor, a provider, or a contractor.

6. After the Medicaid payor has provided medical assistance under the Medicaid program, the Medicaid payor shall seek reimbursement for third-party benefits to the extent of the Medicaid payor's legal liability and for the full amount of the third-party benefits, but not in excess of the amount of medical assistance provided by the Medicaid payor.

7. On or before the thirtieth day following discovery by a recipient of potential third-party benefits, a recipient or the recipient's agent, as applicable, shall inform the Medicaid payor of any rights the recipient has to third-party benefits and of the name and address of any person that is or may be liable to provide third-party benefits.

8. When the Medicaid payor provides or becomes liable for medical assistance, the Medicaid payor has the following rights which shall be construed together to provide the greatest recovery of third-party benefits:

a. The Medicaid payor is automatically subrogated to any rights that a recipient or a recipient's agent or legally liable relative has to any third-party benefit for the full amount of medical assistance provided by the Medicaid payor. Recovery pursuant to these subrogation rights shall not be reduced, prorated, or applied to only a portion of a judgment, award, or settlement, but shall provide full recovery to the Medicaid payor from any and all third-party benefits. Equities of a recipient or a recipient's agent, creditor, or health care provider shall not defeat, reduce, or prorate recovery by the Medicaid payor as to the Medicaid payor's subrogation rights granted under this paragraph.

b. By applying for, accepting, or accepting the benefit of medical assistance, a recipient or a recipient's agent or legally liable relative automatically assigns to the Medicaid payor any right, title, and interest such person has to any third-party benefit, excluding any Medicare benefit to the extent required to be excluded by federal law.

(1) The assignment granted under this paragraph is absolute and vests legal and equitable title to any such right in the Medicaid payor, but not in excess of the amount of medical assistance provided by the Medicaid payor.

(2) The Medicaid payor is a bona fide assignee for value in the assigned right, title, or interest and takes vested legal and equitable title free and clear of latent equities in a third party. Equities of a recipient or a recipient's agent, creditor, or health care provider shall not defeat or reduce recovery by the Medicaid payor as to the assignment granted under this paragraph.

c. The Medicaid payor is entitled to and has an automatic lien upon the collateral for the full amount of medical assistance provided by the Medicaid payor to or on behalf of the recipient for medical services furnished as a result of any covered injury or illness for which a third party is or may be liable.

(1) The lien attaches automatically when a recipient first receives medical services for which the Medicaid payor may be obligated to provide medical assistance.

(2) The filing of the notice of lien with the clerk of the district court in the county in which the recipient's eligibility is established pursuant to this section shall be notice of the lien to all persons. Notice is effective as of the date of filing of the notice of lien.

(3) If the Medicaid payor has actual knowledge that the recipient is represented by an attorney, the Medicaid payor shall provide the attorney with a copy of the notice of lien. However, this provision of a copy of the notice of lien to the recipient's attorney does not abrogate the attachment, perfection, and notice satisfaction requirements specified under subparagraphs (1) and (2).

(4) Only one claim of lien need be filed to provide notice and shall provide sufficient notice

as to any additional or after-paid amount of medical assistance provided by the Medicaid payor for any specific covered injury or illness. The Medicaid payor may, in the Medicaid payor's discretion, file additional, amended, or substitute notices of lien at any time after the initial filing until the Medicaid payor has been repaid the full amount of medical assistance provided by Medicaid or otherwise has released the liable parties and recipient.

(5) A release or satisfaction of any cause of action, suit, claim, counterclaim, demand, judgment, settlement, or settlement agreement shall not be effective as against a lien created under this paragraph, unless the Medicaid payor joins in the release or satisfaction or executes a release of the lien. An acceptance of a release or satisfaction of any cause of action, suit, claim, counterclaim, demand, or judgment and any settlement of any of the foregoing in the absence of a release or satisfaction of a lien created under this paragraph shall prima facie constitute an impairment of the lien, and the Medicaid payor is entitled to recover damages on account of such impairment. In an action on account of impairment of a lien, the Medicaid payor may recover from the person accepting the release or satisfaction or the person making the settlement the full amount of medical assistance provided by the Medicaid payor.

(6) The lack of a properly filed claim of lien shall not affect the Medicaid payor's assignment or subrogation rights provided in this subsection nor affect the existence of the lien, but shall only affect the effective date of notice.

(7) The lien created by this paragraph is a first lien and superior to the liens and charges of any provider of a recipient's medical services. If the lien is recorded, the lien shall exist for a period of seven years after the date of recording. If the lien is not recorded, the lien shall exist for a period of seven years after the date of attachment. If recorded, the lien may be extended for one additional period of seven years by rerecording the claim of lien within the ninety-day period preceding the expiration of the lien.

9. Except as otherwise provided in this section, the Medicaid payor shall recover the full amount of all medical assistance provided by the Medicaid payor on behalf of the recipient to the full extent of third-party benefits. The Medicaid payor may collect recovered benefits directly from any of the following:

a. A third party.

b. The recipient.

c. The provider of a recipient's medical services if third-party benefits have been recovered by the provider. Notwithstanding any provision of this section to the contrary, a provider shall not be required to refund or pay to the Medicaid payor any amount in excess of the actual third-party benefits received by the provider from a third party for medical services provided to the recipient.

d. Any person who has received the third-party benefits.

10. a. A recipient and the recipient's agent shall cooperate in the Medicaid payor's recovery of the recipient's third-party benefits and in establishing paternity and support of a recipient child born out of wedlock. Such cooperation shall include but is not limited to all of the following:

(1) Appearing at an office designated by the Medicaid payor to provide relevant information or evidence.

(2) Appearing as a witness at a court proceeding or other legal or administrative proceeding.

(3) Providing information or attesting to lack of information under penalty of perjury.

(4) Paying to the Medicaid payor any third-party benefit received.

(5) Taking any additional steps to assist in establishing paternity or securing third-party benefits, or both.

b. Notwithstanding paragraph "a", the Medicaid payor has the discretion to waive, in writing, the requirement of cooperation for good cause shown and as required by federal law.

c. The department may deny or terminate eligibility for any recipient who refuses to cooperate as required under this subsection unless the department has waived cooperation as provided under this subsection.

11. On or before the thirtieth day following the initiation of a formal or informal recovery,

other than by filing a lawsuit, a recipient's attorney shall provide written notice of the activity or action to the Medicaid payor.

12. A recipient is deemed to have authorized the Medicaid payor to obtain and release medical information and other records with respect to the recipient's medical services for the sole purpose of obtaining reimbursement for medical assistance provided by the Medicaid payor.

13. *a.* To enforce the Medicaid payor's rights under this section, the Medicaid payor may, as a matter of right, institute, intervene in, or join in any legal or administrative proceeding in the Medicaid payor's own name, and in any or a combination of any, of the following capacities:

- (1) Individually.
- (2) As a subrogee of the recipient.
- (3) As an assignee of the recipient.
- (4) As a lienholder of the collateral.

b. An action by the Medicaid payor to recover damages in an action in tort under this subsection, which action is derivative of the rights of the recipient, shall not constitute a waiver of sovereign immunity.

c. A Medicaid payor, other than the department, shall obtain the written consent of the department before the Medicaid payor files a derivative legal action on behalf of a recipient.

d. When a Medicaid payor brings a derivative legal action on behalf of a recipient, the Medicaid payor shall provide written notice no later than thirty days after filing the action to the recipient, the recipient's agent, and, if the Medicaid payor has actual knowledge that the recipient is represented by an attorney, to the attorney of the recipient, as applicable.

e. If the recipient or a recipient's agent brings an action against a third party, on or before the thirtieth day following the filing of the action, the recipient, the recipient's agent, or the attorney of the recipient or the recipient's agent, as applicable, shall provide written notice to the Medicaid payor of the action, including the name of the court in which the action is brought, the case number of the action, and a copy of the pleadings. The recipient, the recipient's agent, or the attorney of the recipient or the recipient's agent, as applicable, shall provide written notice of intent to dismiss the action at least twenty-one days before the voluntary dismissal of an action against a third party. Notice to the Medicaid payor shall be sent as specified by rule.

14. On or before the thirtieth day before the recipient finalizes a judgment, award, settlement, or any other recovery where the Medicaid payor has the right to recovery, the recipient, the recipient's agent, or the attorney of the recipient or recipient's agent, as applicable, shall give the Medicaid payor notice of the judgment, award, settlement, or recovery. The judgment, award, settlement, or recovery shall not be finalized unless such notice is provided and the Medicaid payor has had a reasonable opportunity to recover under the Medicaid payor's rights to subrogation, assignment, and lien. If the Medicaid payor is not given notice, the recipient, the recipient's agent, and the recipient's or recipient's agent's attorney are jointly and severally liable to reimburse the Medicaid payor for the recovery received to the extent of medical assistance paid by the Medicaid payor. The notice required under this subsection means written notice sent via certified mail to the address listed on the department's internet site for a Medicaid payor's third-party liability contact. The notice requirement is only satisfied for the specific Medicaid payor upon receipt by the specific Medicaid payor's third-party liability contact of such written notice sent via certified mail.

15. *a.* Except as otherwise provided in this section, the entire amount of any settlement of the recipient's action or claim involving third-party benefits, with or without suit, is subject to the Medicaid payor's claim for reimbursement of the amount of medical assistance provided and any lien pursuant to the claim.

b. Insurance and other third-party benefits shall not contain any term or provision which purports to limit or exclude payment or the provision of benefits for an individual if the individual is eligible for, or a recipient of, medical assistance, and any such term or provision shall be void as against public policy.

16. In an action in tort against a third party in which the recipient is a party and which

results in a judgment, award, or settlement from a third party, the amount recovered shall be distributed as follows:

a. After deduction of reasonable attorney fees, reasonably necessary legal expenses, and filing fees, there is a rebuttable presumption that all Medicaid payors shall collectively receive two-thirds of the remaining amount recovered or the total amount of medical assistance provided by the Medicaid payors, whichever is less. A party may rebut this presumption in accordance with subsection 17.

b. The remaining recovered amount shall be paid to the recipient.

c. If the recovered amount available for the repayment of medical assistance is insufficient to satisfy the competing claims of the Medicaid payors, each Medicaid payor shall be entitled to the Medicaid payor's respective pro rata share of the recovered amount that is available.

17. a. A recipient or a recipient's agent who has notice or who has actual knowledge of the Medicaid payor's rights to third-party benefits under this section and who receives any third-party benefit or proceeds for a covered injury or illness shall on or before the sixtieth day after receipt of the proceeds pay the Medicaid payor the full amount of the third-party benefits, but not more than the total medical assistance provided by the Medicaid payor, or shall place the full amount of the third-party benefits in an interest-bearing trust account for the benefit of the Medicaid payor pending a determination of the Medicaid payor's rights to the benefits under this subsection.

b. If federal law limits the Medicaid payor to reimbursement from the recovered damages for medical expenses, a recipient may contest the amount designated as recovered damages for medical expenses payable to the Medicaid payor pursuant to the formula specified in subsection 16. In order to successfully rebut the formula specified in subsection 16, the recipient shall prove, by clear and convincing evidence, that the portion of the total recovery which should be allocated as medical expenses, including future medical expenses, is less than the amount calculated by the Medicaid payor pursuant to the formula specified in subsection 16. Alternatively, to successfully rebut the formula specified in subsection 16, the recipient shall prove, by clear and convincing evidence, that Medicaid provided a lesser amount of medical assistance than that asserted by the Medicaid payor. A settlement agreement that designates the amount of recovered damages for medical expenses is not clear and convincing evidence and is not sufficient to establish the recipient's burden of proof, unless the Medicaid payor is a party to the settlement agreement.

c. If the recipient or the recipient's agent filed a legal action to recover against the third party, the court in which such action was filed shall resolve any dispute concerning the amount owed to the Medicaid payor, and shall retain jurisdiction of the case to resolve the amount of the lien after the dismissal of the action.

d. If the recipient or the recipient's agent did not file a legal action, to resolve any dispute concerning the amount owed to the Medicaid payor, the recipient or the recipient's agent shall file a petition for declaratory judgment as permitted under rule of civil procedure 1.1101 on or before the one hundred twenty-first day after the date of payment of funds to the Medicaid payor or the date of placing the full amount of the third-party benefits in a trust account. Venue for all declaratory actions under this subsection shall lie in Polk county.

e. If a Medicaid payor and the recipient or the recipient's agent disagree as to whether a medical claim is related to a covered injury or illness, the Medicaid payor and the recipient or the recipient's agent shall attempt to work cooperatively to resolve the disagreement before seeking resolution by the court.

f. Each party shall pay the party's own attorney fees and costs for any legal action conducted under this subsection.

18. Notwithstanding any other provision of law to the contrary, when medical assistance is provided for a minor, any statute of limitation or repose applicable to an action or claim of a legally responsible relative for the minor's medical expenses is extended in favor of the legally responsible relative so that the legally responsible relative shall have one year from and after the attainment of the minor's majority within which to file a complaint, make a claim, or commence an action.

19. In recovering any payments in accordance with this section, the Medicaid payor may make appropriate settlements.

20. If a recipient or a recipient's agent submits via notice a request that the Medicaid payor provide an itemization of medical assistance paid for any covered injury or illness, the Medicaid payor shall provide the itemization on or before the sixty-fifth day following the day on which the Medicaid payor received the request. Failure to provide the itemization within the specified time shall not bar a Medicaid payor's recovery, unless the itemization response is delinquent for more than one hundred twenty days without justifiable cause. A Medicaid payor shall not be under any obligation to provide a final itemization until a reasonable period of time after the processing of payment in relation to the recipient's receipt of final medical services. A Medicaid payor shall not be under any obligation to respond to more than one itemization request in any one-hundred-twenty-day period. The notice required under this subsection means written notice sent via certified mail to the address listed on the department's internet site for a Medicaid payor's third-party liability contact. The notice requirement is only satisfied for the specific Medicaid payor upon receipt by the specific Medicaid payor's third-party liability contact of such written notice sent via certified mail.

21. The department may adopt rules to administer this section and applicable federal requirements.

TRANSFER OF ASSETS — MEDICAL ASSISTANCE DEBT

249F.1	Definitions.	249F.5	Filing and docketing of order — order effective as court decree.
249F.2	Creation of debt.	249F.6	Security for payment of debt — forfeiture.
249F.3	Notice of debt — failure to respond — hearing — order.	249F.6A	Exemption from chapter 17A.
249F.4	Certification to court — hearing — default.	249F.7	Administration.
		249F.8	Inconsistency with federal laws.

249F.1 Definitions.

As used in this chapter, unless the context otherwise requires:

1. “*Department*” means the department of health and human services.

2. “*Medical assistance*” means “*mandatory medical assistance*”, “*optional medical assistance*”, “*discretionary medical assistance*”, or “*Medicare cost sharing*” as each is defined in section 249A.2 which is provided to an individual pursuant to chapter 249A and Tit. XIX of the federal Social Security Act.

3. *a.* “*Transfer of assets*” means any transfer or assignment of a legal or equitable interest in property, as defined in section 702.14, from a transferor to a transferee for less than fair consideration, made while the transferor is receiving medical assistance or within five years prior to application for medical assistance by the transferor. Any such transfer or assignment is presumed to be made with the intent, on the part of the transferee; transferor; or another person acting on behalf of a transferor who is an actual or implied agent, guardian, attorney-in-fact, or person acting as a fiduciary, of enabling the transferor to obtain or maintain eligibility for medical assistance or of impacting the recovery or payment of a medical assistance debt. This presumption is rebuttable only by clear and convincing evidence that the transferor’s eligibility or potential eligibility for medical assistance or the impact on the recovery or payment of a medical assistance debt was no part of the reason of the transferee; transferor; or other person acting on behalf of a transferor who is an actual or implied agent, guardian, attorney-in-fact, or person acting as a fiduciary for making or accepting the transfer or assignment. A transfer of assets includes a transfer of an interest in the transferor’s home, domicile, or land appertaining to such home or domicile while the transferor is receiving medical assistance, unless otherwise exempt under paragraph “*b*”.

b. However, transfer of assets does not include the following:

(1) Transfers to or for the sole benefit of the transferor’s spouse, including a transfer to a spouse by an institutionalized spouse pursuant to section 1924(f)(1) of the federal Social Security Act.

(2) Transfers to or for the sole benefit of the transferor’s child who is blind or has a disability as defined in section 1614 of the federal Social Security Act.

(3) Transfer of a dwelling, which serves as the transferor’s home as defined in 20 C.F.R. §416.1212, to a child of the transferor under twenty-one years of age.

(4) Transfer of a dwelling, which serves as the transferor's home as defined in 20 C.F.R. §416.1212, after the transferor is institutionalized, to either of the following:

(a) A sibling of the transferor who has an equity interest in the dwelling and who was residing in the dwelling for a period of at least one year immediately prior to the date the transferor became institutionalized.

(b) A child of the transferor who was residing in the dwelling for a period of at least two years immediately prior to the date the transferor became institutionalized and who provided care to the transferor which permitted the transferor to reside at the dwelling rather than in an institution or facility.

(5) Transfers of less than two thousand dollars. However, all transfers by the same transferor during the five-year period prior to application for medical assistance by the transferor shall be aggregated. If a transferor transfers property to more than one transferee during the five-year period prior to application for medical assistance by the transferor, the two thousand dollar exemption shall be divided equally between the transferees.

(6) Transfers of assets that would, at the time of the transferor's application for medical assistance, have been exempt from consideration as a resource if retained by the transferor, pursuant to 42 U.S.C. §1382b(a), as implemented by regulations adopted by the secretary of the United States department of health and human services, excluding the home and land appertaining to the home.

(7) Transfers to a trust established solely for the benefit of the transferor's child who is blind or permanently and totally disabled as defined in the federal Social Security Act, section 1614, as codified in 42 U.S.C. §1382c.

(8) Transfers to a trust established solely for the benefit of an individual under sixty-five years of age who is disabled, as defined in the federal Social Security Act, section 1614, as codified in 42 U.S.C. §1382c.

4. "*Transferee*" means the person who receives a transfer of assets.

5. "*Transferor*" means the person who makes a transfer of assets.

The written request shall clearly state if the provider is also requesting the nondirect care limit exception. The written request for instant relief shall be submitted no earlier than thirty days prior to the placement of the provider’s assets in service. The written request for relief shall provide adequate details to calculate the estimated value of relief including but not limited to the total cost of the project, the estimated annual depreciation expenses using generally accepted accounting principles, the estimated useful life based upon existing medical assistance and Medicare provisions, and a copy of the most current depreciation schedule. If interest expenses are included, a copy of the general terms of the debt service and the estimated annual amount of the interest expenses shall be submitted with the written request for relief.

b. The following shall apply to the value of relief amount:

(1) If interest expenses are disclosed, the amount of these expenses shall be added to the value of relief.

(2) The calculation of the estimated value of relief shall take into consideration the removal of existing assets and debt service.

(3) The calculation of the estimated value of relief shall be demonstrated as an amount per patient day to be added to the nondirect care component for the relevant period. The estimated annual patient days for this calculation shall be determined based upon budgeted amounts or the most recent annual total as demonstrated on the provider’s Medicaid financial and statistical report. For the purposes of calculating the per diem relief, total patient days shall be the greater of the estimated annual patient days or eighty-five percent of the facility’s estimated licensed capacity.

(4) The combination of the nondirect care component and the estimated value of relief shall not exceed one hundred and ten percent of the nondirect care median for the relevant period. If a nondirect care limit exception has been requested and granted, the combination of the nondirect care component and the estimated value of relief shall not exceed one hundred twenty percent of the nondirect care median for the relevant period.

c. Instant relief granted under this subsection shall begin the first day of the calendar quarter following placement of the provider’s assets in service. If the required information to calculate the instant relief, as specified in paragraph “a”, is not submitted prior to the first day of the calendar quarter following placement of the provider’s assets in service, instant relief shall instead begin on the first day of the calendar quarter following receipt of the required information.

d. Instant relief granted under this subsection shall be terminated at the time of the provider’s subsequent biannual rebasing when the submission of the annual cost report for the provider includes the new replacement costs and the annual property costs reflect the new assets.

e. During the period in which instant relief is granted, the Medicaid program shall recalculate the value of the instant relief based on allowable costs and patient days reported on the annual financial and statistical report. For purposes of calculating the per diem relief, total patient days shall be the greater of actual annual patient days or eighty-five percent of the facility's licensed capacity. The actual value of relief shall be added to the nondirect care component for the relevant period, not to exceed one hundred ten percent of the nondirect care median for the relevant period or not to exceed one hundred twenty percent of the nondirect care median for the relevant period if the nondirect care limit exception is requested and granted. The provider's quarterly rates for the relevant period shall be retroactively adjusted to reflect the revised nondirect care rate. All claims with dates of service from the date that instant relief is granted to the date that the instant relief is terminated shall be repriced to reflect the actual value of the instant relief per diem utilizing a mass adjustment.

3. If the provider requests the nondirect care limit exception, all of the following shall apply:

a. The nondirect care limit for the rate setting period shall be increased to one hundred and twenty percent of the median for the relevant period.

b. The exception period shall not exceed a period of two years. If the provider is requesting only the nondirect care limit exception, the request shall be submitted within sixty days of the release of the July 1 rate determination letters following each biannual rebasing cycle, and shall be effective the first day of the month following receipt of the request. If applicable, the provider shall identify any time period in which instant relief was granted and shall indicate how many times the instant relief or nondirect care limit exception was granted previously.

249K.4 Preliminary evaluation.

1. A provider preparing cost or other feasibility projections for a request for relief or an exception pursuant to section 249K.3 may submit a request for preliminary evaluation.

2. The request shall contain all of the information required for the type of assistance sought pursuant to section 249K.3.

3. The provider shall estimate the timing of the initiation and completion of the project to allow the department to respond with estimates of both instant relief and the nondirect care limit exception.

4. The department shall respond to a request for preliminary evaluation under this section within thirty days of receipt of the request. A preliminary evaluation does not guarantee approval of instant relief or the nondirect care limit exception upon submission of a formal request. A preliminary evaluation provides only an estimate of value of the instant relief or nondirect care limit exception based only on the projections.

2007 Acts, ch 219, §38, 41, 43

249K.5 Participation criteria.

1. The Medicaid program shall administer this chapter. The department shall adopt rules, pursuant to chapter 17A, to administer this chapter.

c. The nursing facility for which relief or an exception is requested is proposing replacement or enhancement of an HVAC, as defined in section 105.2, system for improved infection control.

b. The historical access to nursing facility services for medical assistance program beneficiaries.

c. The provider's dedication to and participation in quality of care, considering all quality programs in which the provider has participated.

d. The provider's plans to facilitate person-directed care.

e. The provider's plans to facilitate dementia units and specialty post-acute services.

4. a. Any relief or exception granted under this chapter is temporary and shall be immediately terminated if all of the participation requirements under this chapter are not met.

b. If a provider's medical assistance program or Medicare certification is revoked, any existing exception or relief shall be terminated and the provider shall not be eligible to request subsequent relief or an exception under this chapter.

Subsection 1 amended

249L.3 Quality assurance assessment — imposed — collection — deposit — documentation — civil actions.

1. a. A nursing facility in this state shall be assessed a quality assurance assessment for each patient day for the preceding quarter.

b. The quality assurance assessment shall be implemented as a broad-based health care-related tax as defined in 42 U.S.C. §1396b(w)(3)(B).

c. The quality assurance assessment shall be imposed uniformly upon all nursing facilities, unless otherwise provided in this chapter.

d. The aggregate quality assurance assessments imposed under this chapter shall not exceed the maximum amount that may be assessed pursuant to the indirect guarantee threshold as established pursuant to 42 C.F.R. §433.68(f)(3)(i), and shall be stated on a per-patient-day basis.

2. The quality assurance assessment shall be paid by each nursing facility to the department on a quarterly basis after the nursing facility’s medical assistance payment rates are adjusted to include funds appropriated from the quality assurance trust fund for that purpose. The department shall prepare and distribute a form upon which nursing facilities shall calculate and report the quality assurance assessment. A nursing facility shall submit the completed form with the assessment amount no later than thirty days following the end of each calendar quarter.

3. A nursing facility shall retain and preserve for a period of three years such books and records as may be necessary to determine the amount of the quality assurance assessment for which the nursing facility is liable under this chapter. The department may inspect and copy the books and records of a nursing facility for the purpose of auditing the calculation of the quality assurance assessment. All information obtained by the department under this subsection is confidential and does not constitute a public record.

4. The department shall collect the quality assurance assessment imposed and shall deposit all revenues collected in the quality assurance trust fund created in section 249L.4.

5. If the department determines that a nursing facility has underpaid or overpaid the quality assurance assessment, the department shall notify the nursing facility of the amount of the unpaid quality assurance assessment or refund due. Such payment or refund shall be due or refunded within thirty days of the issuance of the notice.

6. *a.* A nursing facility that fails to pay the quality assurance assessment within the time frame specified in this section shall pay, in addition to the outstanding quality assurance assessment, a penalty of one and five-tenths percent of the quality assurance assessment amount owed for each month or portion of each month that the payment is overdue. However, if the department determines that good cause is shown for failure to comply with payment of the quality assurance assessment, the department shall waive the penalty or a portion of the penalty.

b. If a quality assurance assessment has not been received by the department by the last day of the month in which the payment is due, the department shall withhold an amount equal to the quality assurance assessment and penalty owed from any payment due such nursing facility under the medical assistance program.

c. The quality assurance assessment imposed under this chapter constitutes a debt due the state and may be collected by civil action, including but not limited to the filing of tax liens, and any other method provided for by law.

d. Any penalty collected pursuant to this subsection shall be credited to the quality assurance trust fund.

7. A nursing facility shall not knowingly pass on the quality assurance assessment to non-Medicaid payors, including as a rate increase or service charge. If a nursing facility violates this section, the department shall not reimburse the nursing facility the quality assurance assessment due the nursing facility under the medical assistance program, but shall instead only reimburse the nursing facility at the nursing facility base reimbursement rate under the medical assistance program for one year from the date the violation is discovered.

8. If federal financial participation to match the quality assurance assessments made under this section becomes unavailable under federal law, the department shall terminate the imposition of the assessments beginning on the date the federal statutory, regulatory, or interpretive change takes effect.

NEW subsection 7 and former subsection 7 renumbered as 8

249L.4 Quality assurance trust fund — limitations of use — reimbursement adjustments to nursing facilities.

1. A quality assurance trust fund is created in the state treasury under the authority of the department. Moneys received through the collection of the nursing facility quality assurance assessment imposed under this chapter and any other moneys specified for deposit in the trust fund shall be deposited in the trust fund.

2. Moneys in the trust fund shall be used, subject to their appropriation by the general assembly, by the department only for reimbursement of nursing facility services for which federal financial participation under the medical assistance program is available to match state funds. Moneys appropriated from the trust fund for reimbursement of nursing facilities, in addition to the quality assurance assessment pass-through and the quality assurance assessment rate add-on which shall be used as specified in subsection 5, paragraph “*b*”, shall be used in a manner such that no less than thirty-five percent of the amount received by a nursing facility is used for increases in compensation and costs of employment for direct care workers, and no less than sixty percent of the total is used to increase compensation and costs of employment for all nursing facility staff. For the purposes of use of such funds, “*direct care worker*”, “*nursing facility staff*”, “*increases in compensation*”, and “*costs of employment*” mean as defined or specified in this chapter.

3. The trust fund shall be separate from the general fund of the state and shall not be considered part of the general fund of the state. The moneys in the trust fund shall not be considered revenue of the state, but rather shall be funds of the quality assurance assessment program. The moneys deposited in the trust fund are not subject to section 8.33 and shall not be transferred, used, obligated, appropriated, or otherwise encumbered, except to provide for the purposes of this chapter. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in the trust fund shall be credited to the trust fund.

4. The department shall adopt rules pursuant to chapter 17A to administer the trust fund and reimbursements made from the trust fund.

5. *a.* The determination of medical assistance reimbursements to nursing facilities shall continue to be calculated in accordance with the modified price-based case-mix reimbursement system as specified in 2001 Iowa Acts, ch. 192, §4, subsection 2, paragraph “c”. In addition, moneys that are appropriated from the trust fund for reimbursements to nursing facilities that serve the medically indigent shall be used to provide the following nursing facility reimbursement rate adjustment increases within the parameters specified:

(1) A quality assurance assessment pass-through. This rate add-on shall account for the cost incurred by the nursing facility in paying the quality assurance assessment, but only with respect to the pro rata portion of the assessment that correlates with the patient days in the nursing facility that are attributable to medically indigent residents.

(2) A quality assurance assessment rate add-on. This rate add-on shall be calculated on a per-patient-day basis for medically indigent residents. The amount paid to a nursing facility as a quality assurance assessment rate add-on shall be ten dollars per patient day.

(3) Nursing facility payments for rebasing pursuant to 2001 Iowa Acts, ch. 192, §4, subsection 3, paragraph “a”, subparagraph (2).

b. (1) It is the intent of the general assembly that priority in expenditure of rate adjustment increases provided to nursing facilities through the quality assurance assessment be related to the compensation and costs of employment for nursing facility staff.

(2) If the sum of the quality assurance assessment pass-through and the quality assurance assessment rate add-on is greater than the total cost incurred by a nursing facility in payment of the quality assurance assessment, no less than thirty-five percent of the difference shall be used to increase compensation and costs of employment for direct care workers and no less than sixty percent of the difference shall be used to increase compensation and costs of employment for all nursing facility staff.

(3) For the purposes of determining what constitutes increases in compensation and costs of employment the following shall apply:

(a) Increases in compensation shall include but are not limited to starting hourly wages, average hourly wages paid, and total wages including both productive and nonproductive wages, and as specified by rule of the department.

(b) Increases in total costs of employment shall include but are not limited to costs of benefit programs with specific reporting for group health plans, group retirement plans, leave benefit plans, employee assistance programs, payroll taxes, workers’ compensation, training, education, career development programs, tuition reimbursement, transportation, and child care, and as specified by rule of the department.

(c) Direct care workers and nursing facility staff do not include nursing facility administrators, administrative staff, or home office staff.

(4) Each nursing facility shall submit to the department, information in a form as specified by the department and developed in cooperation with representatives of the Iowa caregivers association, the Iowa health care association, leading age Iowa, and the AARP Iowa chapter, that demonstrates compliance by the nursing facility with the requirements for use of the rate adjustment increases and other reimbursements provided to nursing facilities through the quality assurance assessment.

6. The department shall report annually to the general assembly regarding the use of moneys deposited in the trust fund and appropriated to the department.

Moneys in the trust fund shall be used, subject to their appropriation by the general assembly, by the department to reimburse participating hospitals the medical assistance program upper payment limit for inpatient and outpatient hospital services as calculated in this section. Following payment of such upper payment limit to participating hospitals, any remaining funds in the trust fund on an annual basis may be used for any of the following purposes:

a. To support medical assistance program utilization shortfalls.

b. To maintain the state's capacity to provide access to and delivery of services for vulnerable Iowans.

c. To fund the health care workforce support initiative created pursuant to section 135.175.

Each participating hospital shall receive the same percentage increase, but the percentage may differ depending on whether the basis for the base rate increase is the diagnostic related groups or ambulatory patient classifications.

(1) The amount under the Medicare upper payment limit for the fiscal year beginning July 1, 2010, for participating hospitals.

The participating accountable care organization shall provide thirty days' notice to the member prior to limitation of such choice.

252A.3 Liability for support.

For the purpose of this chapter:

1. A spouse is liable for the support of the other spouse and any child or children under eighteen years of age and any other dependent. 2. A parent is liable for the support of the parent’s child or children under eighteen years of age, whenever the other parent of such child or children is dead, or cannot be found, or is incapable of supporting the child or children, and, if the liable parent is possessed of sufficient means or able to earn the means. The court having jurisdiction of the respondent in a proceeding instituted under this chapter shall establish the respondent’s monthly support payment and the amount of the support debt accrued and accruing pursuant to section 598.21B. The support obligation shall include support of a parent’s child between the ages of eighteen and nineteen years if the child is engaged full-time in completing high school graduation or equivalency requirements in a manner which is reasonably expected to result in completion of the requirements prior to the person reaching nineteen years of age.

3. The parents are severally liable for the support of a dependent child eighteen years of age or older, whenever such child is unable to maintain the child’s self and is likely to become a public charge.

4. A child or children born of parents who, at any time prior or subsequent to the birth of such child, have entered into a civil or religious marriage ceremony, shall be deemed the legitimate child or children of both parents, regardless of the validity of such marriage.

5. *a.* A child born of parents who at any time prior to the birth of the child entered into a civil or religious marriage ceremony is deemed the legitimate child of both parents, regardless of the validity of such marriage, if all of the following conditions are met:

(1) The marriage was not thereafter dissolved prior to the death of either parent.

(2) The child was conceived and born after the death of a parent or was born as the result of the implantation of an embryo after the death of a parent.

(3) A genetic parent-child relationship between the child and the deceased parent is established.

(4) The deceased parent, in a signed writing, authorized the other parent to use the deceased parent’s genetic material to initiate the posthumous procedure that resulted in the child’s birth, or the deceased parent, by a specific reference to the genetic material, bequeathed the genetic material to the other parent in a valid will.

(5) The child is born within two years of the death of the deceased parent.

b. For the purposes of this subsection, “*genetic material*” means sperm, eggs, or embryos.

10. The parents of a child born out of wedlock shall be severally liable for the support of the child, but the liability of the father shall not be enforceable unless paternity has been legally established. Paternity may be established as follows:

a. By order of a court of competent jurisdiction or by administrative order when authorized by state law.

b. By the statement of the person admitting paternity in court and upon concurrence of the mother. If the mother was married, at the time of conception, birth, or at any time during the period between conception and birth of the child, to an individual other than the person admitting paternity, the individual to whom the mother was married at the time of conception, birth, or at any time during the period between conception and birth must deny paternity in order to establish the paternity of the person admitting paternity upon the sole basis of the admission.

12. The court may order a party to pay sums sufficient to provide necessary food, shelter, clothing, care, medical or hospital expenses, including medical support as defined in chapter 252E, expenses of confinement, expenses of education of a child, funeral expenses, and such

other reasonable and proper expenses of the dependent as justice requires, giving due regard to the circumstances of the respective parties.

252A.3A Establishing paternity by affidavit.

1. The paternity of a child born out of wedlock may be legally established by the completion, filing, and registration by the state registrar of an affidavit of paternity only as provided by this section.

2. When paternity has not been legally established, paternity may be established by affidavit under this section for the following children:

a. The child of a woman who was unmarried at the time of conception, birth, and at any time during the period between conception and birth of the child.

b. The child of a woman who is married at the time of conception, birth, or at any time during the period between conception and birth of the child if a court of competent jurisdiction has determined that the individual to whom the mother was married at that time is not the father of the child.

3. a. Prior to or at the time of completion of an affidavit of paternity, written and oral information about paternity establishment, developed by child support services created in section 252B.2, shall be provided to the mother and putative father. Video or audio equipment may be used to provide oral information.

b. The information provided shall include a description of parental rights and responsibilities, including the duty to provide financial support for the child, the benefits of establishing paternity, and the alternatives to and legal consequences of signing an affidavit of paternity, including the rights available if a parent is a minor.

c. Copies of the written information shall be made available by child support services or the department of health and human services to those entities where an affidavit of paternity may be obtained as provided under subsection 4.

4. a. The affidavit of paternity form developed and used by the department of health and human services is the only affidavit of paternity form recognized for the purpose of establishing paternity under this section. It shall include the minimum requirements specified by the secretary of the United States department of health and human services pursuant to 42 U.S.C. §652(a)(7). A properly completed affidavit of paternity form developed by the department of health and human services and existing on or after July 1, 1993, but which is superseded by a later affidavit of paternity form developed by the department of health and human services, shall have the same legal effect as a paternity affidavit form used by the department of health and human services on or after July 1, 1997, regardless of the date of the filing and registration of the affidavit of paternity, unless otherwise required under federal law.

b. The form shall be available from the state registrar, each county registrar, child support services, and any institution in the state.

c. The department of health and human services shall make copies of the form available to the entities identified in paragraph "b" for distribution.

5. A completed affidavit of paternity shall contain or have attached all of the following:

a. A statement by the mother consenting to the assertion of paternity and the identity of the father and acknowledging either of the following:

(1) That the mother was unmarried at the time of conception, birth, and at any time during the period between conception and birth of the child.

(2) That the mother was married at the time of conception, birth, or at any time during the period between conception and birth of the child, and that a court order has been entered ruling that the individual to whom the mother was married at that time is not the father of the child.

b. If paragraph “a”, subparagraph (2), is applicable, a certified copy of the filed order ruling that the husband is not the father of the child.

c. A statement from the putative father that the putative father is the father of the child.

d. The name of the child at birth and the child’s birth date.

e. The signatures of the mother and putative father.

f. The social security numbers of the mother and putative father.

g. The addresses of the mother and putative father, as available.

h. The signature of a notary public under chapter 9B attesting to the identities of the parties signing the affidavit of paternity.

i. Instructions for filing the affidavit.

6. A completed affidavit of paternity shall be filed with the state registrar. However, if the affidavit of paternity is obtained directly from the county registrar, the completed affidavit may be filed with the county registrar who shall forward the original affidavit to the state registrar. For the purposes of legal establishment of paternity under this section, paternity is legally established only upon filing of the affidavit with and registration of the affidavit by the state registrar subject to the right of any signatory to rescission pursuant to subsection 12.

7. The state registrar shall make copies of affidavits of paternity and identifying information from the affidavits filed and registered pursuant to this section available to child support services created under section 252B.2 in accordance with section 144.13, subsection 4, and any subsequent rescission form which rescinds the affidavit.

8. An affidavit of paternity completed and filed with and registered by the state registrar pursuant to this section has all of the following effects:

a. Is admissible as evidence of paternity.

b. Has the same legal force and effect as a judicial determination of paternity subject to the right of any signatory to rescission pursuant to subsection 12.

c. Serves as a basis for seeking child or medical support without further determination of paternity subject to the right of any signatory to rescission pursuant to subsection 12.

9. All institutions in the state shall provide the following services with respect to any newborn child born out of wedlock:

a. Prior to discharge of the newborn from the institution, the institution where the birth occurs shall provide the mother and, if present, the putative father, with all of the following:

(1) Written and oral information about establishment of paternity pursuant to subsection 3.

3. Video or audio equipment may be used to provide oral information.

(2) An affidavit of paternity form.

(3) An opportunity for consultation with the staff of the institution regarding the written information provided under subparagraph (1).

(4) An opportunity to complete an affidavit of paternity at the institution, as provided in this section.

b. The institution shall file any affidavit of paternity completed at the institution with the state registrar, pursuant to subsection 6, accompanied by a copy of the child’s birth certificate, within ten days of the birth of the child.

10. a. An institution may be reimbursed by child support services created in section 252B.2 for providing the services described under subsection 9, or may provide the services at no cost.

b. An institution electing reimbursement shall enter into a written agreement with child support services for this purpose.

c. An institution entering into an agreement for reimbursement shall assist the parents of a child born out of wedlock in completing and filing an affidavit of paternity.

d. Reimbursement shall be based only on the number of affidavits completed in compliance with this section and submitted to the state registrar during the duration of the written agreement with child support services.

e. The reimbursement rate is twenty dollars for each completed affidavit filed with the state registrar.

11. The state registrar, upon request of the mother or the putative father, shall provide the following services with respect to a child born out of wedlock:

a. Written and oral information about the establishment of paternity pursuant to subsection 3. Video or audio equipment may be used to provide oral information.

b. An affidavit of paternity form.

c. An opportunity for consultation with staff regarding the information provided under paragraph “a”.

12. a. A completed affidavit of paternity may be rescinded by registration by the state registrar of a completed and notarized rescission form signed by either the mother or putative father who signed the affidavit of paternity that the putative father is not the father of the child. The completed and notarized rescission form shall be filed with the state registrar for the purpose of registration prior to the earlier of the following:

(1) Sixty days after the latest notarized signature of the mother or putative father on the affidavit of paternity.

(2) Entry of a court order pursuant to a proceeding in this state to which the signatory is a party relating to the child, including a proceeding to establish a support order under this chapter, chapter 252C, 252F, 598, or 600B or other law of this state.

b. Unless the state registrar has received and registered an order as provided in section 252A.3, subsection 10, paragraph “a”, which legally establishes paternity, upon registration of a timely rescission form the state registrar shall remove the father’s information from the certificate of birth, and shall send a written notice of the rescission to the last known address of the signatory of the affidavit of paternity who did not sign the rescission form.

c. The department of health and human services shall develop a rescission form and an administrative process for rescission. The form shall be the only rescission form recognized for the purpose of rescinding a completed affidavit of paternity. A completed rescission form shall include the signature of a notary public attesting to the identity of the party signing the rescission form. The department of health and human services shall adopt rules which establish a fee, based upon the average administrative cost, to be collected for the registration of a rescission.

d. If an affidavit of paternity has been rescinded under this subsection, the state registrar shall not register any subsequent affidavit of paternity signed by the same mother and putative father relating to the same child.

13. Child support services may enter into a written agreement with an entity designated by the secretary of the United States department of health and human services to offer voluntary paternity establishment services.

a. The agreement shall comply with federal requirements pursuant to 42 U.S.C. §666(a)(5)(C) including those regarding notice, materials, training, and evaluations.

b. The agreement may provide for reimbursement of the entity by the state if reimbursement is permitted by federal law.

252A.6 How commenced — trial.

1. A proceeding under this chapter shall be commenced by filing a verified petition in the court in equity in the county where the dependent resides or is domiciled, or if the dependent does not reside in or is not domiciled in this state, where the petitioner or respondent resides, or where public assistance has been provided for the dependent. The petition shall show the name, age, residence, and circumstances of the dependent, alleging that the dependent is in need of and is entitled to support from the respondent, giving the respondent's name, age, residence, and circumstances, and praying that the respondent be compelled to furnish such support. The petitioner may include in or attach to the petition any information which may help in locating or identifying the respondent including, but without limitation by enumeration, a photograph of the respondent, a description of any distinguishing marks of the respondent's person, other names and aliases by which the respondent has been or is known, the name of the respondent's employer, the respondent's fingerprints, or social security number.

2. It shall not be necessary for the dependent or the dependent's witnesses to appear personally at a hearing on the petition, but it shall be the duty of the petitioner's representative to appear on behalf of and represent the petitioner at all stages of the proceeding.

3. If at a hearing on the petition the respondent controverts the petition and enters a verified denial of any of the material allegations, the judge presiding at the hearing shall stay the proceedings. The petitioner shall be given the opportunity to present further evidence to address issues which the respondent has controverted.

4. If the respondent appears at the hearing and fails to answer the petition or admits the allegations of the petition, or if, after a hearing, the court has found and determined that the prayer of the petitioner, or any part of the prayer, is supported by the evidence adduced in the proceeding, and that the dependent is in need of and entitled to support from a party, the court shall make and enter an order directing a party to furnish support for the dependent and to pay a sum as the court determines pursuant to section 598.21A or 598.21B, as applicable. Upon entry of an order for support or upon failure of a person to make payments pursuant

to an order for support, the court may require a party to provide security, a bond, or other guarantee which the court determines is satisfactory to secure the payment of the support. Upon the party's failure to pay the support under the order, the court may declare the security, bond, or other guarantee forfeited.

5. The court making such order may require the party to make payment at specified intervals to the clerk of the district court or to the collection services center, and to report personally to the sheriff or any other official, at such times as may be deemed necessary.

6. A party who willfully fails to comply with or who violates the terms or conditions of the support order or of the party's probation shall be punished by the court in the same manner and to the same extent as is provided by law for a contempt of such court or a violation of probation ordered by such court in any other suit or proceeding cognizable by such court.

7. Except as provided in 28 U.S.C. §1738B, any order of support issued by a court shall not supersede any previous order of support issued in a divorce or separate maintenance action, but the amounts for a particular period paid pursuant to either order shall be credited against amounts accruing or accrued for the same period under both. This subsection also applies to orders entered following an administrative process including, but not limited to, the administrative processes provided pursuant to chapters 252C and 252F.

b. If the respondent, after being served with notice as required under section 252A.6, fails to timely respond to the notice, or to appear for blood or genetic tests pursuant to a court or administrative order, or to appear at a scheduled hearing after being provided notice of the hearing, the court shall find the respondent in default, and shall enter an order establishing paternity and establishing the monthly child support payment and the amount of the support debt accrued and accruing pursuant to section 598.21B, or medical support pursuant to chapter 252E, or both.

c. d. A copy of a bill for blood or genetic testing, or for the cost of prenatal care or the birth of the child, shall be admitted as evidence without requiring third-party foundation testimony and shall constitute prima facie evidence of amounts incurred for testing.

2. When an action is initiated to establish child or medical support based on a prior determination of paternity and the respondent files an answer to the notice denying paternity, all of the following shall apply:

a. (1) If paternity has been legally established by one of the methods enumerated in section 252A.3, subsection 10, or by operation of law due to the established father's marriage to the mother at the time of conception, birth, or at any time during the period between conception and birth of the child, the provisions of section 600B.41A are applicable.

(2) If the court determines that the prior determination of paternity should not be overcome, pursuant to section 600B.41A, and that the party has a duty to provide support, the court shall enter an order establishing the monthly child support payment and the amount of the support debt accrued and accruing pursuant to section 598.21B, or medical support pursuant to chapter 252E, or both.

b. Notwithstanding paragraph “a”, subparagraph (1), if the prior determination of paternity is based on an administrative or court order or by any other means, pursuant to the laws of another state or foreign country, an action to overcome the prior determination of paternity shall be filed in that jurisdiction. Unless the party requests and is granted a stay of an action to establish child or medical support, the action shall proceed as otherwise provided.

3. If the expert analyzing the blood or genetic test concludes that the test results demonstrate that the putative father is not excluded and that the probability of the putative father’s paternity is ninety-nine percent or higher and if the test results have not been challenged, the court, upon motion by a party, shall enter a temporary order for child support to be paid pursuant to section 598.21B. The court shall require temporary support to be paid to the clerk of court or to the collection services center. If the court subsequently determines the putative father is not the father, the court shall terminate the temporary support order. All support obligations which came due prior to the order terminating temporary support are unaffected by this action and remain a judgment subject to enforcement.

(5) Following child support services' review of the certification, child support services shall send a written decision to the obligor within ten days of timely receipt of the challenge.

(a) If child support services determines that a mistake of fact exists, child support services shall send notification in accordance with federal procedures withdrawing the certification for passport sanction.

(b) If child support services determines that a mistake of fact does not exist, the obligor may contest the determination within ten days following the issuance of the decision by submitting a written request for a contested case proceeding pursuant to chapter 17A.

(6) Following issuance of a final decision under chapter 17A that no mistake of fact exists, the obligor may request a hearing before the district court pursuant to chapter 17A. The department shall transmit a copy of its record to the district court pursuant to chapter 17A. The scope of the review by the district court shall be limited to demonstration of a mistake of fact. Issues related to visitation, custody, or other provisions not related to the support provisions of a support order are not grounds for a hearing under this subsection.

13. a. Impose an annual fee, which shall be retained from support collected on behalf of the obligee, in accordance with 42 U.S.C. §654(6)(B)(ii). c. Until such time as a methodology to secure payment of the collections fee from the obligor is provided by law, an obligee may act pursuant to this paragraph to recover the collections fee from the obligor. If child support services retains all or a portion of the collections fee imposed pursuant to paragraph "a" in a federal fiscal year, there is an automatic nonsupport judgment, in an amount equal to the amount retained, against the obligor payable to the obligee. Provision of data to child support services under this paragraph shall not require an agreement or modification of an agreement between the department and an insurance carrier, but the provisions of this section applicable to information received by child support services shall apply to the data received pursuant to section 505.25 in lieu of any confidentiality, privacy, disclosure, use, or other provisions of an agreement between the department and an insurance carrier.

2. Notwithstanding other statutory provisions to the contrary, including but not limited to chapters 22 and 217, as the chapters relate to confidentiality of records maintained by the department, the payment records of the collection services center maintained under section 252B.13A may be released, except when prohibited by federal law or regulation, only as follows:

a. Payment records of the collection services center may be released upon request for the administration of a plan or program approved for the supplemental nutrition assistance program or under Tit. IV, XIX, or XXI of the federal Social Security Act, as amended, and

as otherwise permitted under Tit. IV-D of the federal Social Security Act, as amended. A payment record shall not include address or location information.

b. The department may release details related to payment records or provide alternative formats for release of the information for the administration of a plan or program under Tit. IV-D of the federal Social Security Act, as amended, including as follows:

(1) Child support services or the collection services center may provide detail or present the information in an alternative format to an individual or to the individual's legal representative if the individual owes or is owed a support obligation, to an agency assigned the obligation as the result of receipt by a party of public assistance, to an agency charged with enforcing child support pursuant to Tit. IV-D of the federal Social Security Act, as amended, or to the court.

(2) For support orders entered in Iowa which are being enforced by child support services, child support services may compile and make available for publication a listing of cases in which no payment has been credited to an accrued or accruing support obligation during a previous three-month period. Each case on the list shall be identified only by the name of the support obligor, the address, if known, of the support obligor, unless the information pertaining to the address of the support obligor is protected through confidentiality requirements established by law and has not otherwise been verified with child support services, the support obligor's court order docket or case number, the county in which the obligor's support order is filed, the collection services center case numbers, and the range within which the balance of the support obligor's delinquency is established. The department shall determine dates for the release of information, the specific format of the information released, and the three-month period used as a basis for identifying cases. The department may not release the information more than twice annually. In compiling the listing of cases, no prior public notice to the obligor is required, but child support services may send notice annually by mail to the current known address of any individual owing a support obligation which is being enforced by child support services. The notice shall inform the individual of the provisions of this subparagraph. Actions taken pursuant to this subparagraph are not subject to review under chapter 17A, and the lack of receipt of a notice does not prevent child support services from proceeding in implementing this subparagraph.

(3) The provisions of subparagraph (2) may be applied to support obligations entered in another state, at the request of a child support agency if the child support agency has demonstrated that the provisions of subparagraph (2) are not in conflict with the laws of the state where the support obligation is entered and child support services is enforcing the support obligation.

(4) Records relating to the administration, collection, and enforcement of surcharges pursuant to section 252B.23 which are recorded by child support services or a collection entity shall be confidential records except that information, as necessary for support collection and enforcement, may be provided to other governmental agencies, the obligor or the resident parent, or a collection entity under contract with child support services unless otherwise prohibited by the federal law. A collection entity under contract with child support services shall use information obtained for the sole purpose of fulfilling the duties required under the contract, and shall disclose any records obtained by the collection entity to child support services for use in support establishment and enforcement.

3. Notwithstanding other statutory provisions to the contrary, including but not limited to chapters 22 and 217, as the chapters relate to the confidentiality of records maintained by the department, information recorded by the department pursuant to this section or obtained by child support services is confidential and, except when prohibited by federal law or regulation, may be used or disclosed as provided in subsection 1, paragraphs "b" and "h", and subsection 2, and as follows:

a. The attorney general may utilize the information to secure, modify, or enforce a support obligation of an individual.

b. This subsection shall not permit or require the release of information, except to the extent provided in this section.

c. Child support services may release or disclose information as necessary to provide

d. Child support services may release information under section 252B.9A to meet the requirements of Tit. IV-D of the federal Social Security Act for parent locator services.

f. Information may be released to courts having jurisdiction in support proceedings. If a court issues an order, which is not entered under section 252B.9A, directing child support services to disclose confidential information, child support services may file a motion to quash pursuant to this chapter, Tit. IV-D of the federal Social Security Act, or other applicable law.

g. Child support services may release information for the administration of a plan or program approved for the supplemental nutrition assistance program or under Tit. IV, XIX, or XXI of the federal Social Security Act, as amended, specified under subsection 2 or this subsection, to the extent the release of information does not interfere with child support services meeting its own obligations under Tit. IV-D of the federal Social Security Act, as amended, and subject to requirements prescribed by the federal office of child support enforcement of the United States department of health and human services.

h. For purposes of this subsection, "party" means an absent parent, obligor, resident parent, or other necessary party.

1. If child support services, in the regular course of business or activity, has recorded or received any memorandum, writing, entry, print, document, representation, or combination thereof, of any act, transaction, occurrence, event, or communication from any source, and in the regular course of business has caused any or all of the same to be recorded, copied, or reproduced by any photographic, photostatic, microfilm, microcard, miniature photographic, electronic imaging, electronic data processing, or other process which accurately reproduces or forms a durable medium for accurately and legibly reproducing an unaltered image or reproduction of the original, the original may be destroyed. Such reproduction, when satisfactorily identified, is as admissible in evidence as the original itself in any judicial or administrative proceeding whether the original is in existence or not and an enlargement or facsimile of such reproduction is likewise admissible in evidence if the original recording, copy, or reproduction is in existence and available for inspection. The introduction of a reproduced record, enlargement, or facsimile, does not preclude admission of the original.

2. The electronically imaged, copied, or otherwise reproduced record or document maintained or received by child support services, when certified over the signature of a designated employee of child support services, shall be considered to be satisfactorily identified. Certified documents are deemed to have been imaged or copied or otherwise reproduced accurately and unaltered in the regular course of business, and such documents are admissible in any judicial or administrative proceeding as evidence. Additional proof of the official character of the person certifying the record or authenticity of the person's signature shall not be required. Whenever child support services or an employee of child support services is served with a summons, subpoena, subpoena duces tecum, or order directing production of such records, child support services or the employee may comply by transmitting a copy of the record certified as described above to the district court.

If child support services is providing child support enforcement services pursuant to this chapter, the parents of a dependent child for whom support has been ordered pursuant to chapter 252A, 252C, 252F, 598, 600B, or any other chapter, may jointly request the assistance of child support services in suspending the obligation for support if all of the following conditions exist:

a. The parents have reconciled and are cohabiting, and the child for whom support is ordered is living in the same residence as the parents, or the child is currently residing with the parent who is ordered to pay support. If the basis for suspension under this paragraph applies to at least one but not all of the children for whom support is ordered, the condition of this paragraph is met only if the support order includes a step change.

b. The child for whom support is ordered is not receiving public assistance pursuant to chapter 239B, 249A, or a comparable law of another state or foreign country, unless the person against whom support is ordered is considered to be a member of the same household as the child for the purposes of public assistance eligibility.

c. The parents have signed a notarized affidavit attesting to the conditions under paragraphs “a” and “b”, have consented to suspension of the support order or obligation, and have submitted the affidavit to child support services.

d. No prior request for suspension has been filed with child support services under this section and no prior request for suspension has been served by child support services under section 252B.20A during the two-year period preceding the request.

e. Any other criteria established by rule of the department.

2. Upon receipt of the application for suspension and properly executed and notarized affidavit, child support services shall review the application and affidavit to determine that the necessary criteria have been met. Child support services shall then do one of the following:

a. Deny the request and notify the parents in writing that the application is being denied, providing reasons for the denial and notifying the parents of the right to proceed through private counsel. Denial of the application is not subject to contested case proceedings or further review pursuant to chapter 17A.

b. Approve the request and prepare an order which shall be submitted, along with the affidavit, to a judge of a district court for approval, suspending the accruing support obligation and, if requested by the obligee, and if not prohibited by chapter 252K, satisfying the obligation of support due the obligee. If the basis for suspension applies to at least one but not all of the children for whom support is ordered and the support order includes a step change, child support services shall prepare an order suspending the accruing support obligation for each child to whom the basis for suspension applies.

3. An order approved by the court for suspension of an accruing support obligation is effective upon the date of filing of the suspension order. The satisfaction of an obligation of support due the obligee shall be final upon the filing of the suspension order. A support obligation which is satisfied is not subject to the reinstatement provisions of this section.

4. An order suspending an accruing support obligation entered by the court pursuant to this section shall be considered a temporary order for the period of six months from the date of filing of the suspension order. However, the six-month period shall not include any time during which an application for reinstatement is pending before the court.

5. During the six-month period child support services may request that the court reinstate the accruing support order or obligation if any of the following conditions exist:

a. Upon application to child support services by either parent or other person who has physical custody of the child.

b. Upon the receipt of public assistance benefits, pursuant to chapter 239B, 249A, or a comparable law of another state or foreign country, by the person entitled to receive support and the child on whose behalf support is paid, provided that the person owing the support is not considered to be a member of the same household as the child for the purposes of public assistance eligibility.

6. If a condition under subsection 5 exists, child support services may request that the court reinstate an accruing support obligation as follows:

a. If the basis for the suspension no longer applies to any of the children for whom an accruing support obligation was suspended, child support services shall request that the court reinstate the accruing support obligations for all of the children.

b. If the basis for the suspension continues to apply to at least one but not all of the children for whom an accruing support obligation was suspended and if the support order includes a step change, child support services shall request that the court reinstate the accruing support obligation for each child for whom the basis for the suspension no longer applies.

7. Upon filing of an application for reinstatement, service of the application shall be made either in person or by first class mail upon both parents. Within ten days following the date of service, the parents may file a written objection with the clerk of the district court to the entry of an order for reinstatement.

a. If no objection is filed, the court may enter an order reinstating the accruing support obligation without additional notice.

b. If an objection is filed, the clerk of court shall set the matter for hearing and send notice of the hearing to both parents and child support services.

8. The reinstatement is effective as follows:

a. For reinstatements initiated under subsection 5, paragraph “a”, the date the notices were served on both parents pursuant to subsection 7.

b. For reinstatements initiated under subsection 5, paragraph “b”, the date the child began receiving public assistance benefits during the suspension of the obligation.

c. Support which became due during the period of suspension but prior to the reinstatement is waived and not due and owing unless the parties requested and agreed to the suspension under false pretenses.

9. If the order suspending a support obligation has been on file with the court for a period exceeding six months as computed pursuant to subsection 4, the order becomes final by operation of law and terminates the support obligation, and thereafter, a party seeking to establish a support obligation against either party shall bring a new action for support as provided by law.

10. This section shall not limit the rights of the parents or child support services to proceed by other means to suspend, terminate, modify, reinstate, or establish support.

11. This section does not provide for the suspension or retroactive modification of support obligations which accrued prior to the entry of an order suspending enforcement and collection of support pursuant to this section. However, if in the application for suspension, an obligee elects to satisfy an obligation of accrued support due the obligee, the suspension order may satisfy the obligation of accrued support due the obligee.

12. Nothing in this section shall prohibit or limit child support services or a party entitled to receive support from enforcing and collecting any unpaid or unsatisfied support that accrued prior to the suspension of the accruing obligation.

13. For the purposes of chapter 252H, subchapter II, regarding the criteria for a review or for a cost-of-living alteration under chapter 252H, subchapter IV, if a support obligation is terminated or reinstated under this section, such termination or reinstatement shall not be considered a modification of the support order.

14. As used in this section, unless the context otherwise requires, “*step change*” means a change designated in a support order specifying the amount of the child support obligation as the number of children entitled to support under the order changes.

15. As specified in this section, if the child for whom support is ordered is not receiving public assistance pursuant to chapter 239B, 249A, or a comparable law of another state or foreign country, upon agreement of the parents, child support services may facilitate the suspension of the child support order or obligation if the child is residing with a caretaker, who is a natural person, and who has not requested child support services to provide services under this chapter. The parents and the caretaker shall sign a notarized affidavit attesting to the conditions under this section, consent to the suspension of the support order or obligation, and submit the affidavit to child support services. Upon the receipt of public assistance benefits pursuant to chapter 239B, 249A, or a comparable law of another state

or foreign country, by the child on whose behalf support is ordered, or upon application to child support services by either parent or the caretaker, child support services may, within the time periods specified in this section, request the reinstatement of the accruing support order or obligation pursuant to this section.

16. The department may adopt all necessary and proper rules to administer and interpret this section.

1. The amount of the surcharge shall be a percent of the amount of the support arrearage referred to the collection entity and shall be specified in the contract with the collection entity. For the purpose of this chapter, a "collection entity" includes but is not limited to a state agency, including the central collection unit of the department of revenue, or a private collection agency. Use of a collection entity is in addition to any other legal means by which support payments may be collected. Child support services shall continue to use other enforcement actions, as appropriate.

2. a. Notice that a surcharge may be assessed on a support arrearage referred to a collection entity pursuant to this section shall be provided to an obligor in accordance with one of the following as applicable:

(1) In the order establishing or modifying the support obligation. Child support services or the district court shall include notice in any new or modified support order issued on or after July 1, 1997.

(2) Through notice sent by child support services by regular mail to the last known address of the support obligor.

b. The notice shall also advise that any appropriate information may be provided to a collection entity for purposes of administering and enforcing the surcharge.

3. Arrearages submitted for referral and surcharge pursuant to this section shall meet all of the following criteria:

a. The arrearages owed shall be based on a court or administrative order which establishes the support obligation.

b. The arrearage is due for a case in which child support services is providing services pursuant to this chapter and one for which the arrearage has been identified as difficult to collect by child support services.

c. The obligor was provided notice pursuant to subsection 2 at least fifteen days prior to sending the notice of referral pursuant to subsection 4.

4. Child support services shall send notice of referral to the obligor by regular mail to the obligor's last known address, with proof of service completed according to rule of civil procedure 1.442, at least thirty days prior to the date the arrearage is referred to the collection entity. The notice shall inform the obligor of all of the following:

b. Upon referral, a surcharge is due and payable by the obligor.

c. The amount of the surcharge.

d. That the obligor may avoid referral by paying the amount of the arrearage to the collection services center within twenty days of the date of notice of referral.

e. That the obligor may contest the referral by submitting a written request for review of child support services. The request shall be received by child support services within twenty days of the date of the notice of referral.

f. The right to contest the referral is limited to a mistake of fact, which includes a mistake in the identity of the obligor, a mistake as to fulfillment of the requirements for referral under this subsection, or a mistake in the amount of the arrearages.

g. Child support services shall issue a written decision following a requested review.

h. Following the issuance of a written decision by child support services denying that a mistake of fact exists, the obligor may request a hearing to challenge the surcharge by sending a written request for a hearing to child support services. The request shall be received by child support services within ten days of child support services' written decision. The only grounds for a hearing shall be mistake of fact. Following receipt of the written request, child support services shall certify the matter for hearing in the district court in the county in which the underlying support order is filed.

i. The address of the collection services center for payment of the arrearages.

5. If the obligor pays the amount of arrearage within twenty days of the date of the notice of referral, referral of the arrearage to a collection entity shall not be made.

7. Actions of child support services under this section shall not be subject to contested case proceedings or further review pursuant to chapter 17A and any resulting court hearing shall be an original hearing before the district court. However, the department shall establish, by rule pursuant to chapter 17A, an internal process to provide an additional review by the director or the director's designee.

8. If an obligor does not pay the amount of the arrearage, does not contest the referral, or if following child support services' review and any court hearing child support services or the court does not find a mistake of fact, the arrearages shall be referred to a collection entity. Following the review or hearing, if child support services or the court finds a mistake in the amount of the arrearage, the arrearages shall be referred to the collection entity in the appropriate arrearage amount. For arrearages referred to a collection entity, the obligor shall pay a surcharge equal to a percent of the amount of the support arrearage due as of the date of the referral. The surcharge is in addition to the arrearages and any other fees or charges owed, and shall be enforced by the collection entity as provided under section 252B.5. Upon referral to the collection entity, the surcharge is an automatic judgment against the obligor.

9. The director or the director's designee may file a notice of the surcharge with the clerk of the district court in the county in which the underlying support order is filed. Upon filing, the clerk shall enter the amount of the surcharge on the lien index and judgment docket.

10. Following referral of a support arrearage to a collection entity, the surcharge

shall be due and owing and enforceable by a collection entity or child support services notwithstanding satisfaction of the support obligation or whether the collection entity is enforcing a support arrearage. However, child support services may waive payment of all or a portion of the surcharge if waiver will facilitate the collection of the support arrearage.

11. All surcharge payments shall be received and disbursed by the collection services center. The surcharge payments received by the collection services center shall be considered repayment receipts as defined in section 8.2 and shall be used to pay the costs of any contracts with a collection entity.

- (2) A surcharge is assessed on the arrearages.
- (3) The payment is collected under the provisions of the contract with the collection entity.

b. A payment meeting all of the conditions in paragraph “*a*” shall be allocated between support and costs and fees, and the surcharge according to the following formula:

(1) The payment shall be divided by the sum of one hundred percent plus the percent specified in the contract.

(2) The quotient shall be the amount allocated to the support arrearage and other fees and costs.

(3) The difference between the dividend and the quotient shall be the amount allocated to the surcharge.

13. Any computer or software programs developed and any records used in relation to a contract with a collection entity remain the property of the department.

252B.25 Contempt — combining actions.

Notwithstanding any provision of law to the contrary, if an obligor has been ordered to provide support in more than one order, child support services may bring a single action for contempt to enforce the multiple orders. However, if the obligor objects to the consolidation of the actions regarding multiple orders into a single action for contempt, and the court determines that severance of the single action into multiple actions is in the interest of justice, child support services shall bring multiple actions for contempt to enforce the multiple orders. If the single action is brought and the obligor does not object, child support services shall file the action in the district court of a county where the obligor resides, or if the obligor does not reside in the state, in the district court of the county where at least one of the support orders was entered or registered. For the purposes of this section, the district court where child support services files the action shall have jurisdiction and authority over all other support orders for the obligor entered or registered by a court of this state and affected under this section. In such case, child support services shall also file a document with the clerk of court in each county affected specifying the county where the action under this section was filed and the disposition of the action.

252B.27 Use of funding for additional positions.

1. The director, within the limitations of the amount appropriated for child support services, or moneys transferred for this purpose from the family investment program account created in section 239B.11, may establish new positions and add employees to child support services if the director determines that both the current and additional employees together can reasonably be expected to maintain or increase net state revenue at or beyond the budgeted level for the fiscal year.

2. a. The director may establish new positions and add state employees to child support services or contract for delivery of services if the director determines the employees are necessary to replace county-funded positions eliminated due to termination, reduction, or nonrenewal of a chapter 28E contract. However, the director must also determine that the resulting increase in the state share of child support services incentives exceeds the cost

of the positions or contract, the positions or contract are necessary to ensure continued federal funding of child support services, or the new positions or contract can reasonably be expected to recover at least twice the amount of money necessary to pay the salaries and support for the new positions or the contract will generate at least two hundred percent of the cost of the contract.

b. Employees in full-time positions that transition from county government to state government employment under this subsection are exempt from testing, selection, and appointment provisions of chapter 8A, subchapter IV, and from the provisions of collective bargaining agreements relating to the filling of vacant positions.

252C.2 Assignment — creation of support debt — subrogation.

1. If public assistance is provided by the department to or on behalf of a dependent child or a dependent child's caretaker, there is an assignment by operation of law to the department of any and all right in, title to, and interest in any support obligation, payment, and arrearages owed to or for the child or caretaker up to the amount of public assistance paid for or on behalf of the child or caretaker. Unless otherwise specified in the order, an equal and proportionate share of any child support awarded is presumed to be payable on behalf of each child subject to the order or judgment for purposes of an assignment under this section. For family investment program assistance, section 239B.6 shall apply.

2. The payment of public assistance to or for the benefit of a dependent child or a dependent child's caretaker creates a support debt due and owing to the department by the responsible person in an amount equal to the public assistance payment, except that the support debt is limited to the amount of a support obligation established by court order or by the department. The department may establish a support debt as to amounts accrued and accruing pursuant to section 598.21B. However, when establishing a support obligation against a responsible person, no debt shall be created for the period during which the responsible person is a recipient on the person's own behalf of public assistance for the benefit of the dependent child or the dependent child's caretaker, if any of the following conditions exist:

a. The parents have reconciled and are cohabiting, and the child for whom support would otherwise be sought is living in the same residence as the parents.

b. The child is living with the parent from whom support would otherwise be sought.

3. The provision of child support collection or paternity determination services under chapter 252B to an individual, even though the individual is ineligible for public assistance, creates a support debt due and owing to the individual or the individual's child or ward by the responsible person in the amount of a support obligation established by court order or by the department. The department may establish a support debt in favor of the individual or the individual's child or ward and against the responsible person, both as to amounts accrued and accruing, pursuant to section 598.21B.

4. The payment of medical assistance pursuant to chapter 249A for the benefit of a dependent child or a dependent child's caretaker creates a support debt due and owing to the department. The department may establish an order for medical support.

5. The department is subrogated to the rights of a dependent child or a dependent child's caretaker to bring a court action or to execute an administrative remedy for the collection of support. The department may petition an appropriate court for modification of a court order on the same grounds as a party to the court order can petition the court for modification.

i. Such other information as the department finds appropriate.

2. The time limitations for requesting a hearing in subsection 1 may be extended by the department.

3. If a timely written response setting forth objections and requesting a hearing is received by child support services, a hearing shall be held in district court.

4. If timely written response and request for hearing is not received by child support services, the department may enter an order in accordance with the notice, and shall specify all of the following:

1. In a support order issued or modified on or after November 1, 1990, for which services are being provided by child support services, and in any support orders issued or modified after January 1, 1994, for which services are not provided by child support services, the income of a support obligor is subject to withholding, on the effective date of the order, regardless of whether support payments by the obligor are in arrears. If services are being provided pursuant to chapter 252B, child support services may enter an ex parte order for an immediate withholding of income. The district court may enter an ex parte order for immediate income withholding for cases in which child support services is not providing services. The income of the obligor is subject to immediate withholding unless one of the following occurs:

a. One of the parties demonstrates and the court or child support services finds there is good cause not to require immediate withholding. A finding of good cause shall be based on, at a minimum, written findings and conclusions by the court or administrative authority as to why implementing immediate withholding would not be in the best interests of the child. In cases involving modifications, the findings shall also include proof of timely payment of previously ordered support.

b. A written agreement is reached between both parties which provides for an alternative arrangement. If the support payments have been assigned to the department pursuant to chapter 234 or 239B, or a comparable statute of another jurisdiction, the department shall be considered a party to the support order, and a written agreement pursuant to this section to waive immediate withholding is void unless approved by child support services. Any agreement existing at the time an assignment of support is made pursuant to chapter 234

or 239B or pursuant to a comparable statute of another jurisdiction shall not prevent child support services from implementing immediate withholding.

2. For an order not requiring immediate withholding, income of an obligor is subject to immediate withholding, without regard to whether there is an arrearage, on the earliest of the following:

a. The date the obligor requests that the withholding begin.

b. The date the custodial parent or party to the proceeding requests that the withholding begin, if the request is approved by the district court or, in cases in which services are being provided pursuant to chapter 252B, if child support services approves the request.

252D.17 Notice to payor of income — duties and liability — criminal penalty.

1. The district court shall provide notice by sending a copy of the order for income withholding or a notice of the order for income withholding to the obligor and the obligor's payor of income by regular mail, with proof of service completed according to rule of civil procedure 1.442. Child support services shall provide notice of the income withholding order by sending a notice of the order to the obligor's payor of income by regular mail or by electronic means. Proof of service may be completed according to rule of civil procedure 1.442. Child support services' notice of the order may be sent to the payor of income on the same date that the order is sent to the clerk of court for filing. In all other instances, the income withholding order shall be filed with the clerk of court prior to sending the notice of the order to the payor of income. In addition to the amount to be withheld for payment of support, the order or the notice of the order shall be in a standard format as prescribed by child support services and shall include all of the following information regarding the duties of the payor in implementing the withholding order:

a. The withholding order or notice of the order for income withholding for child support or child support and spousal support has priority over a garnishment or an assignment for any other purpose.

b. As reimbursement for the payor's processing costs, the payor may deduct a fee of no more than two dollars for each payment in addition to the amount withheld for support. The payor of income is not required to vary the payroll cycle to comply with the frequency of payment of a support order.

c. The amount withheld for support, including the processing fee, shall not exceed the amounts specified in 15 U.S.C. §1673(b).

d. The income withholding order is binding on an existing or future payor of income ten days after receipt of the copy of the order or the notice of the order, and is binding whether or not the copy of the order received is file-stamped.

e. The payor shall send the amounts withheld to the collection services center or the clerk of the district court pursuant to section 252B.14 or, as appropriate, a comparable government

entity in another state as provided in chapter 252K, within seven business days of the date the obligor is paid. “*Business day*” means a day on which state offices are open for regular business.

f. The payor may combine amounts withheld from the obligors’ income in a single payment to the clerk of the district court or to the collection services center or a comparable government entity in another state as provided in chapter 252K, as appropriate. Whether combined or separate, payments shall be identified by the name of the obligor, account number, amount, and the date withheld. If payments for multiple obligors are combined, the portion of the payment attributable to each obligor shall be specifically identified.

g. The withholding is binding on the payor until further notice by the court or child support services.

h. If the payor, with actual knowledge and intent to avoid legal obligation, fails to withhold income or to pay the amounts withheld to the collection services center or the clerk of court or, as appropriate, a comparable government entity in another state as provided in chapter 252K in accordance with the provisions of the order, the notice of the order, or the notification of payors of income provisions established in section 252B.13A, the payor commits a simple misdemeanor for a first offense and is liable for the accumulated amount which should have been withheld, together with costs, interest, and reasonable attorney fees related to the collection of the amounts due from the payor. For each subsequent offense prescribed under this paragraph, the payor commits a serious misdemeanor and is liable for the accumulated amount which should have been withheld, together with costs, interest, and reasonable attorney fees related to the collection of the amounts due from the payor.

i. The payor shall promptly notify the court or child support services when the obligor’s employment or other income terminates, and provide the obligor’s last known address and the name and address of the obligor’s new employer, if known.

j. Any payor who discharges an obligor, refuses to employ an obligor, or takes disciplinary action against an obligor based upon income withholding is guilty of a simple misdemeanor. A withholding order or the notice of the order for income withholding has the same force and effect as any other district court order, including but not limited to contempt of court proceedings for noncompliance.

k. (1) Beginning July 1, 1997, if a payor of income does business in another state through a registered agent and receives a notice of income withholding issued by another state, the payor shall, and beginning January 1, 1998, any payor of income shall, withhold funds as directed in a notice issued by another state, except that a payor of income shall follow the laws of the obligor’s principal place of employment when determining all of the following:

(a) The payor’s fee for processing an income withholding payment.

(b) The maximum amount permitted to be withheld from the obligor’s income.

(c) The time periods for implementing the income withholding order and forwarding the support payments.

(d) The priorities for withholding and allocating income withheld for multiple child support obligees.

(e) Any withholding terms or conditions not specified in the order.

(2) A payor of income who complies with an income withholding notice that is regular on its face shall not be subject to any civil liability to any individual or agency for conduct in compliance with the notice.

l. The payor of income shall comply with chapter 252K when receiving a notice of income withholding from another state.

2. The department shall establish criteria and a phased-in schedule to require, no later than June 30, 2015, payors of income to electronically transmit the amounts withheld under an income withholding order. The department shall assist payors of income in complying with the required electronic transmission, and shall adopt rules setting forth procedures for use in electronic transmission of funds, and exemption from use of electronic transmission taking into consideration any undue hardship electronic transmission creates for payors of income.

252D.18A Multiple income withholding orders — amounts withheld by payor.

When the obligor is responsible for paying more than one support obligation and the payor of income has received more than one income withholding order or notice of an order for the obligor, the payor shall withhold amounts in accordance with all of the following:

1. The total of all amounts withheld shall not exceed the amounts specified in 15 U.S.C. §1673(b). For orders or notices issued by child support services, the limit for the amount to be withheld shall be specified in the order or notice.

2. As reimbursement for the payor's processing costs, the payor may deduct a fee of no more than two dollars for each payment withheld in addition to the amount withheld for support.

3. Priority shall be given to the withholding of current support rather than delinquent support. The payor shall not allocate amounts withheld in a manner which results in the failure to withhold an amount for one or more of the current support obligations.

a. To arrive at the amount to be withheld for each obligee, the payor shall total the amounts due for current support under the income withholding orders and the notices of orders and determine the proportionate share for each obligee. The proportionate share shall be determined by dividing the amount due for current support for each order or notice

of order by the total due for current support for all orders and notices of orders. The results are the percentages of the obligor's net income which shall be withheld for each obligee.

b. If, after completing the calculation in paragraph "a", the withholding limit specified under subsection 1 has not been attained, the payor shall total the amounts due for arrearages and determine the proportionate share for each obligee. The proportionate share amounts shall be established utilizing the procedures established in paragraph "a" for current support obligations.

4. The payor shall identify and report payments by the obligor's name, account number, amount, and date withheld pursuant to section 252D.17. If payments for multiple obligees are combined, the portion of the payment attributable to each obligee shall be specifically identified only if the payor is directed to do so by child support services.

The amounts withheld shall not exceed the amounts specified in 15 U.S.C. §1673(b). For the purposes of this section, an income source is irregular when there are periods in excess of one month during which the income payor makes no payment to the obligor and the periods are not the result of termination or suspension of employment.

a. Any delinquency or arrearage is caused solely by a disparity between the schedules of the obligor's regular pay dates and the scheduled date the support is due.

b. The amount calculated to be withheld is such that the total amount of current support to be withheld from the paychecks of the obligor and the amount ordered to be paid in the support order are the same on an annual basis.

c. The automatic deductions for support are continuous and occurring.

2. If child support services takes an enforcement action during a calendar year against an obligor and the obligor is not delinquent or in arrears solely due to the applicability of this section to the obligor, upon discovering the circumstances, child support services shall promptly discontinue the enforcement action.

(3) If the obligor is not enrolled in a health benefit plan or is not enrolled in a health benefit plan that offers dependent coverage, if more than one plan with dependent coverage is offered by the employer, and if the notice is issued by child support services, all of the following shall apply:

(a) If only one of the plans is accessible to the dependent, that plan shall be selected. If none of the plans with dependent coverage is accessible to the dependent, child support services shall amend or terminate the notice.

(b) If more than one of the plans is accessible to the dependent, the plan selected shall be the plan that provides basic coverage for which the employee's share of the premium is lowest.

(c) If more than one of the plans is accessible to the dependent but none of the accessible plans provides basic coverage, the plan selected shall be a plan that is accessible and for which the employee's share of the premium is lowest.

(d) If the employee's share of the premiums is the same under all plans described in subparagraph (b) or (c), child support services shall attempt to consult with the obligee when selecting the plan. If the obligee does not respond within ten days of child support services' attempt, child support services shall select a plan which shall be the plan's default option, if any, or the plan with the lowest deductibles and copayment requirements.

(4) If the obligor is not enrolled in a health benefit plan or is not enrolled in a health benefit plan that offers dependent coverage, if more than one plan with dependent coverage is offered by the employer, and if the notice is issued by the child support enforcement agency of another state, that agency shall select the plan as provided in paragraph "h", subparagraph (3).

h. Within forty business days after the date of the notice, the plan administrator shall do all of the following as directed by the notice:

(3) If more than one health benefit plan is available to the obligor and the obligor is not enrolled, forward plan descriptions and documents to the department and enroll the dependent, and if necessary the obligor, in the plan selected by the department or in any default option if the plan administrator has not received a selection from the department within twenty business days of the date the plan administrator returned the national medical support notice response to the department.

(4) If the obligor is subject to a waiting period that expires more than ninety days from the date of receipt of the notice by the plan administrator or if the obligor has not completed a waiting period that is measured in a manner other than the passage of time, notify the employer, the department, the obligor, and the obligee. Upon satisfaction of the period or requirement, complete the enrollment.

(5) Upon completion of the enrollment, notify the employer for a determination of whether the necessary employee share of the premium is available.

(6) If the plan administrator is subject to the federal Employee Retirement Income Security Act, as codified in 29 U.S.C. §1169, or is subject to the federal Child Support Performance and Incentive Act of 1998, Pub. L. No. 105-200, §401, subsection (e) or (f), and the plan administrator determines the notice does not constitute a qualified medical child support order, complete and send the response to the department and notify the obligor, the obligee, and the child of the specific reason for the determination.

9. This chapter does not preclude the exchange of required information between the department and employers or insurers through electronic data transfer.

However, the child's eligibility for coverage under a health benefit plan shall be governed by all applicable plan provisions including, but not limited to, eligibility and insurability standards.

2. For cases for which services are being provided pursuant to chapter 252B, the department shall notify the employer when there is no longer a current order for medical support in effect for which the department is responsible. 252E.6A Motion to quash.

1. Even if the plan is not accessible as defined in section 252E.1, the court may determine that the plan is substantially accessible if the obligee demonstrates that the dependent may receive a benefit under the plan. Section 252K.316 relating to evidence and procedure shall apply to the court proceeding.

3. The employer shall comply with the requirements of this chapter until the employer receives notice that a motion to quash has been granted, or that child support services has amended or terminated the national medical support notice.

252E.7 Insurer authorization.

1. The entry of an order requiring a health benefit plan is authorization for enrollment of the dependent if the dependent is otherwise eligible to be enrolled. If the obligor fails to obtain coverage for a dependent, the insurer shall accept the signature of the obligee or other legal custodian of the child or of an employee of the department on the application for enrollment of the dependent under the health benefit plan. If the dependent is otherwise eligible to be enrolled in the plan pursuant to the applicable terms and conditions of the health benefit plan and the standard enrollment guidelines of the insurer, the insurer shall allow enrollment of the dependent at any time, notwithstanding any enrollment season restrictions.

2. An insurer shall not deny enrollment of a child under the health benefit plan of the obligor based on any of the following:

a. The child was born out of wedlock.

b. The child is not claimed as a dependent on the obligor's federal income tax form.

c. The child does not reside with the obligor or in the insurer's service area.

3. For purposes of processing claims for payment, the insurer shall accept the signature of the obligee or other legal custodian of the child or of an employee of the department as valid authorization for purposes of processing any medical expense claims on behalf of the dependent for payment or reimbursement of medical services rendered to the dependent.

4. The insurer shall have immunity from any liability, civil or criminal, which might otherwise be incurred or imposed for actions taken in implementing this section including, but not limited to, the insurer's release of any information, or the payment of any claims for services by the insurer, or the insurer's acceptance of applications for enrollment of the dependent and medical expense claims for the dependent which are signed by the obligee or an employee of the department pursuant to this section.

5. If a dependent has coverage under the health benefit plan of and through the insurer of the obligor, the insurer shall make payment directly to the obligee, the provider, or the department for claims submitted by the obligee, by the provider with the obligee's approval, or by the department.

6. Payments remitted to the obligor by the insurer for services received by the dependent shall be recoverable by the obligee or the department from the obligor if not properly paid by the obligor to the provider or the obligee.

2. The employer or insurer shall make available to the obligee or the department any necessary claim forms or enrollment membership cards if required to obtain services.

3. The obligor's employer and insurer shall have immunity from any liability, civil or criminal, which might otherwise be incurred or imposed for any information released by such employer or insurer pursuant to this chapter.

4. The department may release to the obligor's employer or insurer or to the obligee information necessary to obtain, enforce, and collect medical support.

who fails to maintain medical support for the benefit of the dependent as ordered shall be liable to the obligee or the department for any medical expenses incurred from the date of the court order. Proof of failure to maintain medical support constitutes a showing of increased need and provides a basis for the establishment of a monetary amount for medical support.

2. For cases for which services are being provided pursuant to chapter 252B, the obligor shall notify the obligee and the department within ten days of a change in the terms or conditions of coverage under a health benefit plan. Such changes may include, but are not limited to, a change in deductibles, coinsurance, preadmission notification requirements, coverage for dental, optical, office visits, prescription drugs, inpatient and outpatient hospitalization, and any other changes which materially affect the coverage. Costs incurred by the obligee or the department as a result of the obligor's failure to provide notification as required are recoverable from the obligor.

The notice shall be accompanied by a copy of the statement and served on the putative father in accordance with rule of civil procedure 1.305. Service upon the mother shall not constitute valid service upon the putative father. The notice shall include or be accompanied by all of the following:

d. A statement that if paternity is established, a party has a duty to provide accrued and accruing medical support to the child or children in accordance with chapter 252E.

e. A written explanation of the procedures for determining the child support obligation and a request for financial or income information as necessary for application of the child support guidelines established pursuant to section 598.21B.

f. (1) The right of a party to request a conference with child support services to discuss paternity establishment and the amount of support that a party may be required to provide, within ten days of the date of service of the original notice or, if paternity is contested and paternity testing is conducted, within ten days of the date the paternity test results are issued or mailed to a party by child support services.

(2) A statement that if a conference is requested, a party shall have one of the following time frames, whichever is the latest, to send a written request for a court hearing on the issue of support to child support services:

(a) Ten days from the date set for the conference.

(b) Twenty days from the date of service of the original notice.

(c) If paternity was contested and paternity testing was conducted, and a party does not deny paternity after the testing or challenge the paternity test results, twenty days from the date paternity test results are issued or mailed by child support services to the party.

(3) A statement that after the holding of the conference, child support services shall issue a new notice of alleged paternity and finding of financial responsibility for child support or medical support, or both, to be provided in person to each party or sent to each party by regular mail addressed to the party's last known address or, if applicable, to the last known address of the party's attorney.

(4) A statement that if child support services issues a new notice of alleged paternity and finding of financial responsibility for child support or medical support, or both, a party shall have one of the following time frames, whichever is the latest, to send a written request for a court hearing on the issue of support to child support services:

paternity after the testing or challenge the paternity test results, twenty days from the date the paternity test results are issued or mailed to the party by child support services.

g. A statement that if a conference is not requested, and a party does not deny paternity or challenge the results of any paternity testing conducted but objects to the finding of financial responsibility or the amount of child support or medical support, or both, the party shall send a written request for a court hearing on the issue of support to child support services within twenty days of the date of service of the original notice, or, if paternity was contested and paternity testing conducted, and a party does not deny paternity after the testing or challenge the paternity test results, within twenty days from the date the paternity test results are issued or mailed to the party by child support services, whichever is later.

h. A statement that if a timely written request for a hearing on the issue of support is received by child support services, the party shall have the right to a hearing to be held in district court and that if no timely written request is received and paternity is not contested, the department shall enter an order establishing the putative father as the father of the child or children and establishing child support or medical support, or both, in accordance with the notice of alleged paternity and support debt.

i. A written explanation of the rights and responsibilities associated with the establishment of paternity.

j. A written explanation of a party's right to deny paternity, the procedures for denying paternity, and the consequences of the denial.

k. A statement that if a party contests paternity, the party shall have twenty days from the date of service of the original notice to submit a written denial of paternity to child support services.

l. A statement that if paternity is contested, child support services shall, at the request of the party contesting paternity or on its own initiative, enter an administrative order requiring the putative father, mother, and child or children involved, to submit to paternity testing.

m. A statement that if paternity tests are conducted, child support services shall provide a copy of the test results to each party in person or send a copy to each party by regular mail, addressed to the party's last known address, or, if applicable, to the last known address of the party's attorney.

n. A statement setting forth the time frames for contesting paternity after paternity tests are conducted.

o. Other information as child support services finds appropriate.

2. The time limitations established for the notice provisions under subsection 1 are binding unless otherwise specified in this chapter or waived pursuant to section 252F.8.

3. a. If notice is served on a party, child support services shall file a true copy of the notice and the original return of service with the appropriate clerk of the district court as follows:

(1) In the county in which the child or children reside if the action is for purposes of establishing paternity and future child or medical support, or both.

(2) In the county in which the child or children involved last received public assistance benefits in the state, if the action is for purposes of establishing paternity and child or medical support, or both, only for prior periods of time when the child or children received public assistance, and no ongoing child or medical support obligation is to be established by this action.

(3) If the action is the result of a request from another state or foreign country to establish paternity of a putative father located in Iowa, in the county in which the putative father resides.

b. All subsequent documents filed or court hearings held related to the action shall be in the district court in the county in which notice was filed pursuant to this subsection. The clerk shall file and docket the action.

4. A party or child support services may request a court hearing regarding establishment of paternity or a determination of support, or both.

a. Upon receipt of a timely written response requesting a hearing or on its own initiative, child support services shall certify the matter for hearing in the district court in the county where the original notice of alleged paternity and support debt is filed, in accordance with section 252F.5.

b. If paternity establishment was contested and paternity tests conducted, a court hearing on the issue of paternity shall be held no earlier than thirty days from the date paternity test results are issued to all parties by child support services, unless the parties mutually agree to waive the time frame pursuant to section 252F.8.

c. Any objection to the results of paternity tests shall be filed no later than twenty days after the date paternity test results are issued or mailed to each party by child support services. Any objection to paternity test results filed by a party more than twenty days after the date paternity tests are issued or mailed to the party by child support services shall not be accepted or considered by the court.

5. If a timely written response and request for a court hearing is not received by child support services and a party does not deny paternity, the department shall enter an order in accordance with section 252F.4.

6. a. If a party contests the establishment of paternity, the party shall submit, within twenty days of service of the notice on the party under subsection 1, a written statement contesting paternity establishment to child support services. Upon receipt of a written challenge of paternity establishment, or upon initiation by child support services, the department shall enter ex parte administrative orders requiring the mother, child or children involved, and the putative father to submit to paternity testing, except that if the mother and child or children previously submitted blood or genetic specimens in a prior action to establish paternity against a different putative father, the previously submitted specimens and prior results, if available, may be utilized for testing in this action. Either the mother or putative father may contest paternity under this chapter.

b. The orders shall be filed with the clerk of the district court in the county where the notice was filed and have the same force and effect as a court order for paternity testing.

c. Child support services shall issue copies of the respective administrative orders for paternity testing to the mother and putative father in person, or by regular mail to the last known address of each, or if applicable, to the last known address of the attorney for each.

d. If a paternity test is ordered under this section, the department shall direct that inherited characteristics be analyzed and interpreted, and shall appoint an expert qualified as an examiner of genetic markers to analyze and interpret the results. The test shall be of a type generally acknowledged as reliable by accreditation entities designated by the secretary of the United States department of health and human services and shall be performed by a laboratory approved by an accreditation entity.

e. The party contesting paternity shall be provided one opportunity to reschedule the paternity testing appointment if the testing is rescheduled prior to the date of the originally scheduled appointment.

f. An original copy of the test results shall be filed with the clerk of the district court in the county where the notice was filed. Child support services shall issue a copy of the filed test results to each party in person, or by regular mail to the last known address of each, or if applicable, to the last known address of the attorney for each. However, if the action is the result of a request from another state or foreign country, child support services shall issue a copy of the results to the initiating agency in that jurisdiction.

g. Verified documentation of the chain of custody of the blood or genetic specimens is competent evidence to establish the chain of custody. The testimony of the appointed expert is not required. A verified expert's report of test results which indicate a statistical probability of paternity is sufficient authenticity of the expert's conclusion.

h. A verified expert's report shall be admitted as evidence to establish administrative paternity, and, if a court hearing is scheduled to resolve the issue of paternity, shall be admitted as evidence and is admissible at trial.

i. If the verified expert concludes that the test results show that the putative father is not excluded and that the probability of the putative father's paternity is ninety-five percent or higher, there shall be a rebuttable presumption that the putative father is the biological father, and the evidence shall be sufficient as a basis for administrative establishment of paternity.

(1) In order to challenge the presumption of paternity, a party shall file a written notice of the challenge with the district court within twenty days from the date the paternity test results are issued or mailed to all parties by child support services. Any challenge to a presumption

of paternity resulting from paternity tests, or to paternity test results filed after the lapse of the twenty-day time frame shall not be accepted or admissible by child support services or the court.

(2) A copy of the notice challenging the presumption of paternity shall be provided to any other party in person, or by mailing the notice to the last known address of each party, or if applicable, to the last known address of each party's attorney.

(3) The party challenging the presumption of paternity has the burden of proving that the putative father is not the father of the child.

(4) The presumption of paternity may be rebutted only by clear and convincing evidence.

j. If the verified expert concludes that the test results indicate that the putative father is not excluded and that the probability of the putative father's paternity is less than ninety-five percent, the department shall order a subsequent administrative paternity test or certify the case to the district court for resolution in accordance with the procedures and time frames specified in paragraph "i" and section 252F.5.

k. If the results of the test or the verified expert's analysis are timely challenged as provided in this subsection, the department, upon the request of a party and advance payment by the contestant or upon the initiative of child support services, shall order that an additional test be performed by the same laboratory or an independent laboratory. If the party requesting additional testing does not advance payment, the department shall certify the case to the district court in accordance with paragraph "i" and section 252F.5.

l. When a subsequent paternity test is conducted, the time frames in this chapter associated with paternity tests shall apply to the most recently completed test.

m. If the paternity test results exclude the putative father as a potential biological father of the child or children, and additional tests are not requested by either party or conducted on the initiative of child support services, or if additional tests exclude the putative father as a potential biological father, child support services shall withdraw its action against the putative father and shall file a notice of the withdrawal with the clerk of the district court, and shall provide a copy of the notice to each party in person, or by regular mail sent to each party's last known address, or if applicable, the last known address of the party's attorney.

n. Except as provided in paragraph "k", child support services shall advance the costs of genetic testing. If paternity is established and paternity testing was conducted, child support services shall enter an order or, if the action proceeded to a court hearing, request that the court enter a judgment for the costs of the paternity tests consistent with applicable federal law. In a proceeding under this chapter, a copy of a bill for genetic testing shall be admitted as evidence without requiring third-party foundation testimony and shall constitute prima facie evidence of the amount incurred for genetic testing.

1. If each party fails to respond to the initial notice within twenty days after the date of service of the notice or fails to appear at a conference pursuant to section 252F.3 on the scheduled date of the conference, and paternity has not been contested and each party fails to timely request a court hearing on the issue of support, the department shall enter an order against the parties, declaring the putative father to be the legal father of the child or children involved and assessing any accrued and accruing child support obligation pursuant to the guidelines established under section 598.21B, and medical support pursuant to chapter 252E.

4. If paternity was contested and paternity testing was performed and the putative father was not excluded, if the test results indicate that the probability of the putative father's paternity is ninety-five percent or greater, if the test results are not timely challenged, and if each party fails to timely request a court hearing on the issue of support, the department shall enter an order against the parties declaring the putative father to be the legal father of the child or children involved and assessing any accrued and accruing child support obligation pursuant to the guidelines established under section 598.21B, and medical support pursuant to chapter 252E.

2. The person challenging the action shall submit a written challenge to child support services within ten working days of the date of the notice.

3. Child support services shall, upon receipt of a written challenge, review the facts of the case with the challenging party. Only a mistake of fact including but not limited to a mistake in the identity of the obligor or a mistake in the amount of delinquent support due shall be considered as a reason to dismiss or modify the proceeding.

4. If child support services determines that a mistake of fact has occurred, child support services shall proceed as follows:

a. If a mistake in identity has occurred or the obligor is not delinquent in an amount equal to the payment for one month, child support services shall notify the financial institution that the administrative levy has been released. Child support services shall provide a copy of the notice to the support obligor by regular mail.

b. If the obligor is delinquent, but the amount of the delinquency is less than the amount indicated in the notice, child support services shall notify the financial institution of the revised amount with a copy of the notice and issue a copy to the obligor or forward a copy to the obligor by regular mail. Upon written receipt of instructions from child support services, the financial institution shall release the funds in excess of the revised amount to the obligor and the moneys in the amount of the debt shall be processed according to section 252I.7.

5. If child support services finds no mistake of fact, child support services shall provide a notice to that effect to the challenging party by regular mail. Upon written request of the challenging party, child support services shall request a hearing before the district court in the county in which the underlying support order is filed.

a. The financial institution shall encumber moneys if child support services notifies the financial institution to do so.

b. The clerk of the district court shall schedule a hearing upon the request by child support services for a time not later than ten calendar days after the filing of the request for hearing.

The clerk shall mail copies of the request for hearing and the order scheduling the hearing to child support services and to all account holders of interest.

c. If the court finds that there is a mistake of identity or that the obligor does not owe the delinquent support, child support services shall notify the financial institution that the administrative levy has been released.

d. If the court finds that the obligor has an interest in the account, and the amount of support due was incorrectly overstated, child support services shall notify the financial institution to release the excess moneys to the obligor and remit the remaining moneys in the amount of the debt to the collection services center for disbursement to the appropriate recipient.

e. If the court finds that the obligor has an interest in the account, and the amount of support due is correct, the financial institution shall forward the moneys to the collection services center for disbursement to the appropriate recipient.

f. If the obligor or any other party known to have an interest in the account fails to appear at the hearing, the court may find the challenging party in default, shall ratify the administrative levy, if valid upon its face, and shall enter an order directing the financial institution to release the moneys to child support services.

g. Issues related to visitation, custody, or other provisions not related to levies against accounts are not grounds for a hearing under this chapter.

h. Support orders shall not be modified under a challenge pursuant to this section.

i. Any findings in the challenge of an administrative levy related to the amount of the accruing or accrued support obligation do not modify the underlying support order.

j. An order entered under this chapter for a levy against an account of a support obligor has priority over a levy for a purpose other than the support of the dependents in the court order being enforced.

6. The support obligor may withdraw the request for challenge by submitting a written withdrawal to the person identified as the contact for child support services in the notice or child support services may withdraw the administrative levy at any time prior to the court hearing and provide notice of the withdrawal to the obligor and any account holder of interest and to the financial institution, by regular mail.

7. If the financial institution has forwarded moneys to the collection services center and has deducted a fee from the moneys of the account, or if any additional fees or costs are levied against the account, and all funds are subsequently refunded to the account due to a mistake of fact or ruling of the court, child support services shall reimburse the account for any fees assessed by the financial institution. If the mistake of fact is a mistake in the amount of support due and any portion of the moneys is retained as support payments, however, child support services is not required to reimburse the account for any fees or costs levied against the account. Additionally, for the purposes of reimbursement to the account for any fees or costs, each certificate of deposit is considered a separate account.

252K.311 Pleadings and accompanying documents.

1. In a proceeding under this chapter, a movant seeking to establish a support order, to determine parentage of a child, or to register and modify a support order of a tribunal of another state or a foreign country must file a petition or comparable pleading. Unless otherwise ordered under section 252K.312, the petition, comparable pleading, or accompanying documents must provide, so far as known, the name, residential address, and social security numbers of the obligor and the obligee or the parent and alleged parent, and the name, sex, residential address, social security number, and date of birth of each child for whose benefit support is sought or whose parentage is to be determined. Unless filed at the time of registration, the petition or comparable pleading must be accompanied by a copy of any support order known to have been issued by another tribunal. The petition or comparable pleading may include any other information that may assist in locating or identifying the respondent.

2. The petition or comparable pleading must specify the relief sought. The petition or comparable pleading and accompanying documents must conform substantially with the requirements imposed by the forms mandated by federal law for use in cases filed by a support enforcement agency.

The tribunal may not assess fees, costs, or expenses against the obligee or the support enforcement agency of either the initiating or responding state or foreign country, except as provided by other law. Attorney fees may be taxed as costs, and may be ordered paid directly to the attorney, who may enforce the order in the attorney's own name. Payment of support owed to the obligee has priority over fees, costs, and expenses.

3. The tribunal shall order the payment of costs and reasonable attorney's fees if it determines that a hearing was requested primarily for delay. In a proceeding under article

6, a hearing is presumed to have been requested primarily for delay if a registered support order is confirmed or enforced without change.

PART 3

REGISTRATION AND MODIFICATION OF CHILD SUPPORT ORDER OF ANOTHER STATE

252K.609 Procedure to register child support order of another state for modification.

A party or support enforcement agency seeking to modify, or to modify and enforce, a child support order issued in another state shall register that order in this state in the same manner provided in sections 252K.601 through 252K.608 if the order has not been registered. A petition or comparable pleading for modification may be filed at the same time as a request for registration, or later. The pleading must specify the grounds for modification.

97 Acts, ch 175, §169; 2015 Acts, ch 110, §51

252K.610 Effect of registration for modification.

A tribunal of this state may enforce a child support order of another state registered for purposes of modification, in the same manner as if the order had been issued by a tribunal of this state, but the registered support order may be modified only if the requirements of section 252K.611 or 252K.613 have been met.

97 Acts, ch 175, §170; 2015 Acts, ch 110, §52

252K.611 Modification of child support order of another state.

1. If section 252K.613 does not apply, upon petition or comparable pleading, a tribunal of this state may modify a child support order issued in another state which is registered in this state if after notice and hearing the tribunal finds that paragraph “a” or “b” applies:

a. The following requirements are met:

(1) Neither the child, nor the obligee who is an individual, nor the obligor resides in the issuing state.

(2) A movant who is a nonresident of this state seeks modification.

(3) The respondent is subject to the personal jurisdiction of the tribunal of this state.

b. This state is the state of residence of the child, or a party who is an individual is subject to the personal jurisdiction of the tribunal of this state, and all of the parties who are individuals have filed consents in a record in the issuing tribunal for a tribunal of this state to modify the support order and assume continuing, exclusive jurisdiction.

2. Modification of a registered child support order is subject to the same requirements, procedures, and defenses that apply to the modification of an order issued by a tribunal of this state and the order may be enforced and satisfied in the same manner.

3. A tribunal of this state may not modify any aspect of a child support order that may not be modified under the law of the issuing state, including the duration of the obligation of support. If two or more tribunals have issued child support orders for the same obligor and same child, the order that controls and must be so recognized under section 252K.207 establishes the aspects of the support order which are nonmodifiable.

4. In a proceeding to modify a child support order, the law of the state that is determined to have issued the initial controlling order governs the duration of the obligation of support. The obligor’s fulfillment of the duty of support established by that order precludes imposition of a further obligation of support by a tribunal of this state.

5. On the issuance of an order by a tribunal of this state modifying a child support order issued in another state, the tribunal of this state becomes the tribunal having continuing, exclusive jurisdiction.

6. Notwithstanding subsections 1 through 5 and section 252K.201, subsection 2, a tribunal of this state retains jurisdiction to modify an order issued by a tribunal of this state if both of the following apply:

a. One party resides in another state.

b. The other party resides outside the United States.

97 Acts, ch 175, §171; 2015 Acts, ch 110, §53

Referred to in §252K.201, 252K.610, 252K.615

252K.612 Recognition of order modified in another state.

If a child support order issued by a tribunal of this state is modified by a tribunal of another state which assumed jurisdiction pursuant to this chapter, a tribunal of this state:

1. May enforce its order that was modified only as to arrears and interest accruing before the modification.
2. May provide appropriate relief for violations of its order which occurred before the effective date of the modification.
3. Shall recognize the modifying order of the other state, upon registration, for the purpose of enforcement.

97 Acts, ch 175, §172; 2015 Acts, ch 110, §54

252K.613 Jurisdiction to modify child support order of another state when individual parties reside in this state.

1. If all of the parties who are individuals reside in this state and the child does not reside in the issuing state, a tribunal of this state has jurisdiction to enforce and to modify the issuing state's child support order in a proceeding to register that order.

2. A tribunal of this state exercising jurisdiction under this section shall apply the provisions of articles 1 and 2, this article, and the procedural and substantive law of this state to the proceeding for enforcement or modification. Articles 3, 4, 5, 7, and 8 do not apply.

1. Adopt and establish policy for programs and services of the department pursuant to law.

2. Constitute the state board for career and technical education under subchapter VII, part 2.

3. a. Prescribe standards and procedures for the approval of practitioner preparation programs and professional development programs offered in this state by practitioner preparation institutions located within or outside this state and by area education agencies.

The department shall not approve programs that prepare practitioners for such an endorsement if the programs are not approved by the Iowa reading research center.

d. The board may establish by rule and collect from practitioner preparation institutions located outside this state an amount equivalent to the department's necessary travel and actual expenses incurred while engaged in the program approval process for the institution located outside this state. Amounts collected under this subsection shall be deposited in the general fund of the state.

4. Adopt, and update annually, a five-year plan for the achievement of educational goals in Iowa.

5. Adopt rules under chapter 17A for carrying out the responsibilities of the department.

7. Adopt rules under chapter 17A for the use of telecommunications as an instructional tool for students enrolled in kindergarten through grade twelve and served by local school districts, accredited or approved nonpublic schools, area education agencies, community colleges, institutions of higher education under the state board of regents, and independent colleges and universities in elementary and secondary school classes and courses. The rules shall include but need not be limited to rules relating to programs, educational policy, instructional practices, staff development, use of pilot projects, curriculum monitoring, and the accessibility of licensed teachers.

a. When curriculum is provided by means of telecommunications, it shall be taught by an appropriately licensed teacher. The teacher shall either be present in the classroom, or be present at the location at which the curriculum delivered by means of telecommunications originates.

b. The rules shall provide that when the curriculum is taught by an appropriately licensed

teacher at the location at which the telecommunications originates, the curriculum received at a remote site shall be under the supervision of a licensed teacher. The licensed teacher at the originating site may provide supervision of students at a remote site or the school district in which the remote site is located may provide for supervision at the remote site if the school district deems it necessary or if requested to do so by the licensed teacher at the originating site. For the purposes of this subsection, “*supervision*” means that the curriculum is monitored by a licensed teacher and the teacher is accessible to the students receiving the curriculum by means of telecommunications.

c. The state board shall establish an advisory committee to make recommendations for rules required under this subsection on the use of telecommunications as an instructional tool. The committee shall be composed of representatives from community colleges, area education agencies, accredited or approved nonpublic schools, and local school districts from various enrollment categories. The representatives shall include board members, school administrators, teachers, parents, students, and associations interested in education.

8. Rules adopted under this section shall provide that telecommunications shall not be used by school districts as the exclusive means to provide any course which is required by the minimum educational standards for accreditation.

9. Develop evaluation procedures that will measure the effects of instruction by means of telecommunications on student achievement, socialization, intellectual growth, motivation, and other related factors deemed relevant by the state board, for the development of an educational database. The state board shall consult with the state board of regents and the practitioner preparation departments at its institutions, other practitioner preparation departments located within private colleges and universities, educational research agencies or facilities, and other agencies deemed appropriate by the state board, in developing these procedures.

13. Adopt rules and a procedure for accrediting all apprenticeship programs in the state which receive state or federal funding. In developing the rules, the state board shall consult with schools and labor or trade organizations affected by or currently operating apprenticeship or training programs. Rules adopted shall be the same or similar to criteria established for the operation of apprenticeship programs at community colleges.

14. Require each community college which establishes a new jobs training project or projects and receives funds derived from or associated with the project or projects to establish a separate account to act as a repository for any funds received.

18. Adopt rules that include children who retain some sight but who have a medically diagnosed expectation of visual deterioration within the definition of children requiring special education pursuant to section 256B.2, subsection 1. Rules adopted pursuant to this subsection shall provide for or include, but are not limited to, the following:

a. A presumption that proficiency in braille reading and writing is essential for satisfactory educational progress for a visually impaired student who is not able to communicate in print with the same level of proficiency as a student of otherwise comparable ability at the same grade level. This presumption includes a student as defined in paragraph “b”. A student for whom braille services are appropriate, as defined in this subsection, is entitled to instruction

in braille reading and writing that is sufficient to enable the pupil to communicate with the same level of proficiency as a pupil of otherwise comparable ability at the same grade level.

b. A pupil who retains some sight but who has a medically diagnosed expectation of visual deterioration in adolescence or early adulthood may qualify for instruction in braille reading and writing.

c. Instruction in braille reading and writing may be used in combination with other special education services appropriate to a pupil's educational needs.

d. The annual review of a pupil's individual education plan shall include discussion of instruction in braille reading and writing and a written explanation of the reasons why the pupil is using a given reading and writing medium or media. If the reasons have not changed since the previous year, the written explanation for the current year may refer to the fuller explanation from the previous year.

e. A pupil as defined in paragraph "b" whose primary learning medium is expected to change may begin instruction in the new medium before it is the only medium the pupil can effectively use.

f. A pupil who receives instruction in braille reading and writing pursuant to this subsection shall be taught by a teacher licensed to teach students with visual impairments.

19. For a school or school district with a school calendar measuring instructional time in days pursuant to section 279.10, subsection 1, define the minimum school day as a day consisting of six hours of instructional time for grades one through twelve. The minimum hours shall be exclusive of the lunch period, but may include passing time between classes. Time spent on parent-teacher conferences shall be considered instructional time. A school or school district may record a day of school with less than the minimum instructional hours as a minimum school day if any of the following apply:

a. If emergency health or safety factors require the late arrival or early dismissal of students on a specific day.

b. If the total hours of instructional school time for grades one through twelve for any five consecutive school days equal a minimum of thirty hours, even though any one day of school is less than the minimum instructional hours because of a staff development opportunity provided for the professional instructional staff or because parent-teacher conferences have been scheduled beyond the regular school day. Furthermore, if the total hours of instructional time for the first four consecutive days equal at least thirty hours because parent-teacher conferences have been scheduled beyond the regular school day, a school or school district may record zero hours of instructional time on the fifth consecutive school day as a minimum school day.

20. Adopt rules that require the board of directors of a school district to waive school fees for indigent families.

21. Develop and adopt rules incorporating accountability for, and reporting of, student achievement into the standards and accreditation process described in section 256.11. The rules shall provide for all of the following:

a. Requirements that all school districts and accredited nonpublic schools develop, implement, and file with the department a report that includes information necessary for the department of education to submit to the United States secretary of education the plan required pursuant to the federal Elementary and Secondary Education Act, as amended by the federal Every Student Succeeds Act, Pub. L. No. 114-95.

b. A set of core academic indicators in mathematics and reading in grades four, eight, and eleven, a set of core academic indicators in science in grades eight and ten, and another set of core indicators that includes but is not limited to graduation rate, postsecondary education, and successful employment in Iowa. Annually, the department shall report state data for each indicator in the condition of education report.

(1) Rules adopted pursuant to this subsection shall specify that the statewide summative assessment of student progress administered by school districts for purposes of the core academic indicators shall be the summative assessment developed by the Iowa testing program within the university of Iowa college of education and administered by the Iowa testing program's designee.

(2) For the school year beginning July 1, 2018, and each succeeding school year, the rules shall also require all of the following:

(a) That all students enrolled in school districts in grades three through eleven be administered an assessment in mathematics and English language arts, including reading and writing, during the last quarter of the school year and all students enrolled in school districts in grades five, eight, and ten be administered an assessment in science during the last quarter of the school year.

(b) That the assessment, at a minimum, assess the core academic indicators identified in this paragraph “b”; be aligned with the Iowa common core standards in both content and rigor; accurately describe student achievement and growth for purposes of the school, the school district, and state accountability systems; provide valid, reliable, and fair measures of student progress toward college or career readiness; and meet the summative assessment requirements of the federal Every Student Succeeds Act, Pub. L. No. 114-95.

(c) That the assessment be available for administration in both paper-and-pencil and computer-based formats and include assessments in mathematics, science, and English language arts, including reading and writing.

(d) That the assessment be peer-reviewed by an independent, third-party evaluator to determine that the assessment is aligned with the Iowa core academic standards, provides a measurement of student growth and student proficiency, and meets the summative assessment requirements of the federal Every Student Succeeds Act, Pub. L. No. 114-95. The assessment developed by the Iowa testing program within the university of Iowa college of education shall be adjusted as necessary to meet the requirements of this subparagraph (2) as determined by the peer review.

22. Adopt rules and a procedure for the approval of para-educator preparation programs offered by a public school district, area education agency, community college, institution of higher education under the state board of regents, or an accredited private institution as defined in section 256.183, subsection 1. The programs shall train and recommend individuals for para-educator certification under section 256.157.

23. Adopt rules directing the community colleges to annually and uniformly submit data from the most recent fiscal year to the division of community colleges and workforce preparation,* using criteria determined and prescribed by the division via the management information system.

a. Financial data submitted to the division by a community college shall be broken down by fund.

b. Community colleges shall provide data to the division by a deadline set by the division. The deadline shall be set for a date that permits the division to include the data in a report submitted for state board approval and for review by December 15 of each year by the house and senate standing education committees and the joint subcommittee on education appropriations.

c. The department shall include a statewide summary of the financial data submitted in accordance with paragraph “a” in the annual condition of community colleges report, which upon approval of the state board, shall be submitted to the general assembly on or before February 1 of each year.

24. Adopt rules on or before January 1, 2001, to require school districts and accredited nonpublic schools to adopt local policies relating to health services, media services programs, and guidance programs, as part of the general accreditation standards applicable to school districts pursuant to section 256.11. This subsection shall be applicable strictly for reporting purposes and shall not be interpreted to require school districts and accredited nonpublic schools to provide or offer health services, media services programs, or guidance programs.

25. Adopt rules establishing standards for school district and area education agency professional development programs and for individual teacher professional development plans in accordance with section 284.6.

26. a. Adopt rules that establish a core curriculum and high school graduation requirements for all students in school districts and accredited nonpublic schools that include at a minimum satisfactory completion of four years of English and language arts, three years of mathematics, three years of science, and three years of social studies.

(1) The rules establishing high school graduation requirements shall provide that any student, at any grade level, who satisfactorily completes a high school-level unit of instruction at a school accredited under section 256.11 has satisfactorily completed a unit of the high school graduation requirements for that area of instruction and the school district or accredited nonpublic school of enrollment shall issue high school credit for the unit to the student unless the student is unable to demonstrate proficiency or the school district or accredited nonpublic school determines that the course unit completed by the student does not meet the school district's or accredited nonpublic school's standards, as appropriate. If a student is denied credit under this subparagraph, the school district or accredited nonpublic school denying credit shall provide to the student's parent or guardian in writing the reason for the denial.

(2) The rules shall allow a school district or accredited nonpublic school to award high school credit to an enrolled student upon the demonstration of required competencies for a course or content area, as approved by a teacher licensed under subchapter VII, part 3. The school district or accredited nonpublic school shall determine the assessment methods by which a student demonstrates sufficient evidence of the required competencies.

(3) The rules establishing a core curriculum shall address the core content standards in subsection 28 and the skills and knowledge students need to be successful in the twenty-first century. The core curriculum shall include social studies and twenty-first century learning skills which include but are not limited to civic literacy, health literacy, financial literacy, family life and consumer sciences, and employability skills; and shall address the curricular needs of students in kindergarten through grade twelve in those areas. The state board shall further define the twenty-first century learning skills components by rule.

(4) The rules shall provide for the establishment of high-quality standards for computer science education taught by elementary, middle, and high schools, in accordance with the goal established under section 284.6A, subsection 1, setting a foundation for personal and professional success in a high-technology, knowledge-based Iowa economy.

b. Continue the inclusive process begun during the initial development of a core curriculum for grades nine through twelve including stakeholder involvement, including but not limited to representatives from the private sector and the business community, and alignment of the core curriculum to other recognized sets of national and international standards. The state board shall also recommend quality assessments to school districts and accredited nonpublic schools to measure the core curriculum.

c. Neither the state board nor the department shall require school districts or accredited nonpublic schools to adopt a specific textbook, textbook series, or specific instructional methodology, or acquire specific textbooks, curriculum materials, or educational products from a specific vendor in order to meet the core curriculum requirements of this subsection or the core content standards adopted pursuant to subsection 28.

27. Adopt by rule the Iowa standards for school administrators, including the knowledge and skill criteria developed by the director in accordance with section 256.9, subsection 47.

28. Adopt a set of core content standards applicable to all students in kindergarten through grade twelve in every school district and accredited nonpublic school. For purposes of this subsection, "*core content standards*" includes reading, mathematics, and science. School districts and accredited nonpublic schools shall include, at a minimum, the core content standards adopted pursuant to this subsection in any set of locally developed content standards. School districts and accredited nonpublic schools are strongly encouraged to set higher expectations in local standards. As changes in federal law or regulation occur, the state board is authorized to amend the core content standards as appropriate.

29. Adopt rules establishing nutritional content standards for foods and beverages sold or provided on the school grounds of any school district or accredited nonpublic school during the school day exclusive of the food provided by any federal school food program or pursuant to an agreement with any agency of the federal government in accordance with the provisions of chapter 283A, and exclusive of foods sold for fundraising purposes and foods and beverages sold at concession stands. The standards shall be consistent with the dietary guidelines for Americans issued by the United States department of agriculture food and nutrition service.

30. Set standards and procedures for the approval of training programs for individuals who seek an authorization issued by the board of educational examiners for the following:

a. Employment as a school business official responsible for the financial operations of a school district.

b. Employment as a school administration manager responsible for assisting a school principal in performing noninstructional duties.

31. a. Adopt by rule guidelines for school district implementation of section 279.68, including but not limited to basic levels of reading proficiency on approved locally determined or statewide assessments and identification of tools that school districts may use in evaluating and reevaluating any student who may not be or who is determined not to be reading proficiently and is persistently at risk in reading, including but not limited to initial assessments and subsequent assessments, alternative assessments, and portfolio reviews. The state board shall adopt standards that provide a reasonable expectation that a student's progress toward reading proficiency under section 279.68 is sufficient to master appropriate grade four level reading skills prior to the student's promotion to grade four.

b. Adopt rules for the Iowa reading research center and for implementation of the intensive summer literacy program developed and administered pursuant to section 256.9, subsection 49.

c. Adopt rules to establish standards for the identification, selection, and use of research-based educational and instructional models for students identified as English learners, and standards for the professional development of the instructional staff responsible for implementation of those models.

32. a. Adopt rules for online learning in accordance with section 256.11, subsection 17, and section 256.43, and criteria for waivers granted pursuant to section 256.11, subsection 17.

b. (1) Adopt rules which require that educational instruction and course content delivered primarily over the internet be aligned with the Iowa core content standards as applicable. Under such rules, a school district may develop and offer to students enrolled in the district educational instruction and course content for delivery primarily over the internet. A school district providing educational instruction and course content that are delivered primarily over the internet shall annually submit to the department, in the manner prescribed by the department, data that includes but is not limited to the following:

(ii) State-required assessments that track year-over-year improvements in academic proficiency.

(f) Academic mobility. To facilitate the tracking of academic mobility, school districts shall request the following information from the parent or guardian of a student enrolled in educational instruction and course content that are delivered primarily over the internet:

(i) For a student newly enrolling, the reasons for choosing such enrollment.

(ii) For a student terminating enrollment, the reasons for terminating such enrollment.

(g) Student progress toward graduation. Measurement of such progress shall account for specific characteristics of each enrolled student, including but not limited to age and course credit accrued prior to enrollment in educational instruction and course content that are delivered primarily over the internet, and shall be consistent with evidence-based best practices.

(2) The department shall compile and review the data collected pursuant to this paragraph "b" and shall submit its findings and recommendations for the continued delivery of educational instruction and course content by school districts delivered primarily over the internet, in a report to the general assembly by January 15 annually.

c. Rules adopted pursuant to this subsection shall require that online learning coursework offered by school districts, accredited nonpublic schools, and area education agencies be rigorous, high-quality, aligned with the Iowa core and core content requirements and standards and the national standards of quality for online courses issued by an internationally recognized association for kindergarten through grade twelve online learning, and taught by a teacher licensed under subchapter VII, part 3, who has specialized training or experience in online learning, including but not limited to an online-learning-for-iowa-educators-professional-development project offered by area education agencies, a teacher preservice program, or comparable coursework.

(ii) For a second or subsequent violation of subparagraph (2), if the department finds that an employee of the school district who holds a license, certificate, authorization, or statement of recognition issued by the board of educational examiners knowingly violated subparagraph (2), the employee shall be subject to a hearing conducted by the board of educational examiners pursuant to section 256.146, subsection 13, which may result in disciplinary action.

b. The state board shall establish in rule standards for school district library programs, which shall be designed to provide for methods to improve library collections to meet student needs, include a current and diverse collection of fiction and nonfiction materials in a variety of formats to support student curricular needs, and include a plan for annually updating and replacing library materials and equipment.

c. The state board shall establish in rule a definition of and standards for an articulated sequential kindergarten through grade twelve media program.

d. A school district that entered into a contract with an individual for employment as a media specialist or librarian prior to June 1, 2006, shall be considered to be in compliance

with this subsection until June 30, 2011, if the individual is making annual progress toward meeting the requirements for a teacher librarian endorsement issued by the board of educational examiners.

9A. Beginning July 1, 2007, each school district shall have a qualified guidance counselor who shall be licensed by the board of educational examiners under subchapter VII, part 3. Each school district shall work toward the goal of having one qualified guidance counselor for every three hundred fifty students enrolled in the school district. The state board shall establish in rule a definition of and standards for an articulated sequential kindergarten through grade twelve guidance and counseling program. The program shall be designed to ensure that the guidance counselor can work collaboratively with students, teachers, support staff, and administrators to support the curricular goals of the school by offering responsive services that address the growth and development needs of students and the attainment of student competencies in academic, career, and social areas.

9B. Beginning July 1, 2007, each school district shall have a school nurse to provide health services to its students. Each school district shall work toward the goal of having one school nurse for every seven hundred fifty students enrolled in the school district. For purposes of this subsection, "school nurse" means a person who holds an endorsement or a statement of professional recognition for school nurses issued by the board of educational examiners under subchapter VII, part 3.

10. The state board shall establish, and the department shall use, for the school year commencing July 1, 2021, and each succeeding school year, an accreditation, monitoring, and enforcement process for school districts and nonpublic schools seeking accreditation pursuant to this subsection and subsections 11 and 12. The process established shall include all of the following requirements:

a. *Phase I monitoring.*

(1) Phase I monitoring shall consist of annual monitoring by the department of all accredited schools and school districts for compliance with state and federal school laws, regulations, and rules adopted by the state board under chapter 17A, including but not limited to the following:

(a) Accreditation standards adopted by the state board as provided in this section.

(b) Fiscal compliance.

(c) Federal education laws including but not limited to the federal Elementary and Secondary Education Act of 1965, and the federal Individuals with Disabilities Education Act, 20 U.S.C. §1400 et seq., as amended.

(d) The federal Civil Rights Act of 1964 and chapter 216.

(e) All other requirements of this title applicable to accredited schools and school districts.

(2) Phase I monitoring may include but shall not be limited to the following:

(a) One or more desk audits requiring submission of information to the department in a manner and on forms prescribed by the department.

(b) One or more remote or on-site visits to schools or school districts to address accreditation issues identified in a desk audit. Such a visit may be conducted by an individual departmental consultant or may be a comprehensive site visit by a team of departmental consultants and other subject-matter professionals.

(c) A review of district finances by department staff or a neutral third party.

(d) A review of local school board policies and procedures by department staff or a neutral third party.

(3) The department shall provide a public report annually of findings of noncompliance and required corrective actions for each accredited school and school district. The purpose of the phase I process is to bring schools and school districts into minimum compliance with federal and state laws, regulations, and rules and no citation or corrective action may be designed to require more than minimum compliance.

(4) The department shall provide a written report annually to the state board of any monitoring review resulting in multiple or substantial findings of noncompliance or noncompliance findings that remain uncorrected for more than thirty days past the deadline set by the department for correction.

(5) The department shall eliminate duplicative reporting on the part of schools and school

districts for phase I monitoring, and is prohibited from collecting information not specifically permitted by federal or state law, regulation, or rule.

(6) Enforcement actions under phase I monitoring are limited to actions permitted pursuant to paragraph “c”, subparagraphs (2) and (3). Violations of federal legal requirements shall follow the procedures and limitations of the governing statute.

b. Phase II monitoring.

(1) Phase II monitoring shall take place when any of the following conditions are present:

(a) When either the annual monitoring or the biennial on-site visit of phase I indicates that an accredited school or school district is deficient and fails to be in compliance with accreditation standards.

(b) In response to a petition filed with the director requesting such an accreditation committee visitation that is signed by eligible electors residing in the school district equal in number to at least twenty percent of the registered voters of the school district.

(c) In response to a petition filed with the director requesting such an accreditation committee visitation that is signed by twenty percent or more of the parents or guardians who have children enrolled in the school or school district.

(d) At the direction of the state board.

(e) The school budget review committee submits to the department a recommendation for a fiscal review pursuant to section 257.31, subsection 18.

(2) Phase II monitoring shall consist of a full desk audit of all monitoring requirements and an on-site visit to the school or school district for the purpose of determining the extent of noncompliance, the reason for lack of correction, if applicable, and a recommendation for corrective action to the director and the state board.

(3) Phase II monitoring requires the use of an accreditation committee appointed by the director. The accreditation committee shall be made up primarily of department staff but may request the assistance of third-party specialists at the discretion of the director. An accreditation committee visit to a nonpublic school requires membership on the committee from nonpublic school instructional or administrative staff or board members. A member of a committee shall not have a direct interest in the school district or nonpublic school being visited.

(4) After visiting the school district or nonpublic school, the accreditation committee shall, within thirty days, determine whether the accreditation standards have been met and shall make a report to the director, together with a recommendation on what enforcement actions, if any, should be recommended to the state board.

c. Enforcement.

(1) The department shall enforce the laws, regulations, and rules applicable to school districts and nonpublic schools consistent with the process outlined in this subsection. The department shall coordinate its enforcement of chapter 216 with the Iowa state civil rights commission to reduce duplication of efforts.

(2) If, after having an opportunity to correct, if permitted, a school district is found to be in noncompliance with federal education laws including but not limited to the federal Elementary and Secondary Education Act of 1965, the federal Individuals with Disabilities Education Act, 20 U.S.C. §1400 et seq., as amended, the federal Civil Rights Act of 1964, chapter 216, section 279.73, or section 279.74, the director shall recommend, and the state board may do, one of the following within thirty days of the finding of noncompliance:

(a) Impose conditions on funding provided to a school district, including directing the use of school district funds and designating the school district a high-risk grantee under 2 C.F.R. §200.207.

(b) Withhold payment of state or federal funds to a school district, in whole or in part, until noncompliance is corrected. Initial withholding of state funds is at the discretion of the director for a period of sixty calendar days, after which it is subject to approval of the state board every sixty calendar days. Withholding of federal funds is subject to the governing federal statute or regulation.

(3) The director may use any of the following permitted enforcement mechanisms and shall exercise discretion to ensure that enforcement actions are proportionate to school district or nonpublic school noncompliance:

(a) Advise the school district or nonpublic school on the availability of appropriate technical assistance.

(b) Require the school district or nonpublic school to complete a corrective action plan or plan for improvement by a reasonable deadline.

(c) Recommend a phase II visit to the school district or nonpublic school to the state board.

(d) Refer conduct of school district or nonpublic school staff or school board members, or school authorities, to the office of the attorney general for investigation.

(e) Refer financial concerns to the auditor of state for investigation.

(f) Recommend removal of accreditation of the school district or school to the state board.

(g) Take any other enforcement mechanism available to the director.

(4) The department shall focus enforcement activities on all of the following:

(a) Improving educational results for children, families, and students.

(b) Ensuring that public agencies and their governing boards meet requirements of state and federal laws.

11. a. If the recommendation pursuant to subsection 10 is that a school district or nonpublic school not remain accredited, the accreditation committee shall provide the school district or nonpublic school with a report that includes a list of all of the deficiencies, a plan prescribing the actions that must be taken to correct the deficiencies, and a deadline date for completion of the prescribed actions. The accreditation committee shall advise the school district or nonpublic school of available resources and technical assistance to improve areas of weakness. The school district or nonpublic school shall be provided with the opportunity to respond to the accreditation committee's report. The director shall review the accreditation committee's report and the response of the school district or nonpublic school and shall provide a report to the state board along with copies of the accreditation committee's report, the response to the accreditation committee's report, and other pertinent information. At the request of the school district or nonpublic school, the school district or nonpublic school may appear before the state board and address the state board directly regarding any part of the plan specified in the report. The state board may modify the plan. During the period of time specified in the plan for its implementation by a school district or nonpublic school, the school district or school shall remain accredited.

b. The accreditation committee shall revisit the school district or nonpublic school and shall determine whether the deficiencies in the standards have been corrected.

c. The accreditation team shall make a report and recommendation to the director and the state board. The committee recommendation shall specify whether the school district or nonpublic school shall remain accredited. For a school district, the committee report and recommendation shall also specify under what conditions the district may remain accredited. The conditions may include but are not limited to providing temporary oversight authority, operational authority, or both oversight and operational authority to the director and the state board for some or all aspects of the school district in order to bring the school district into compliance with minimum standards.

d. The state board shall review the report and recommendation, may request additional information, and shall determine whether the deficiencies have been corrected.

e. If the deficiencies have not been corrected, and the conditional accreditation alternatives contained in the report are not mutually acceptable to the state board and the local board, the state board shall deaccredit the school district and merge the territory of the school district with one or more contiguous school districts at the end of the school year. The state board may place a district under receivership for the remainder of the school year. The receivership shall be under the direct supervision and authority of the area education agency in which the district is located. The decision of whether to deaccredit the school district or to place the district under receivership shall be based upon a determination by the state board of the best interests of the students, parents, residents of the community, teachers, administrators, and school district board members and upon the recommendations of the accreditation committee and the director.

f. In the case of a nonpublic school, if the deficiencies have not been corrected, the state board may deaccredit the nonpublic school. The deaccreditation shall take effect on the date

established by the resolution of the state board, which shall be no later than the end of the school year in which the nonpublic school is deaccredited.

12. If the state board deaccredits a school district and merges the territory of the school district with one or more contiguous school districts, the deaccredited school district ceases to exist as a school corporation on the effective date set by the state board for deaccreditation. Notwithstanding any other provision of law, the contiguous school districts receiving territory of the deaccredited school district are not considered successor school corporations of the deaccredited school district.

a. Division of assets and liabilities of the deaccredited school district shall be as provided in this paragraph "a" and in sections 275.29 through 275.31.

(1) If one or more of the contiguous school districts receiving assets and liabilities of the deaccredited school district utilizes the equalization levy, only that territory in the school district imposing the equalization levy that comprises territory of the deaccredited school district shall be taxed.

(2) Income surtax revenue and revenues generated by property taxes shall be distributed proportionately based on taxable value of the territory received by one or more school districts contiguous to the deaccredited school district.

(3) Revenues that are based on student enrollment shall be distributed based on percentages of students who were enrolled in the deaccredited school district in the school year immediately prior to deaccreditation and who now reside in territory received by one or more school districts contiguous to the deaccredited school district.

(4) If the deaccredited school district has a negative fund balance in its general fund at the time it is deaccredited by the state board, the director may order that the positive balance from one or more other funds of the deaccredited school district be transferred to the deaccredited school district's general fund.

b. Prior to the effective date set by the state board for deaccreditation, the school district shall remain responsible for, and may retain such authority as is necessary to complete, all of the following:

(1) Execution of one or more quitclaim deeds, in fulfillment of the merger of territory received by one or more contiguous school districts from the deaccredited school district.

(2) Preparation of and payment for a final audit of all the district's financial accounts.

(3) Preparation and certification of a final certified annual report to the department.

c. The provisions of section 275.57 apply when deaccreditation of a school district and merger of the territory of such school district with a contiguous school district that is currently divided into director districts leads to the formation of new director districts.

13. Notwithstanding subsections 1 through 12 and as an exception to their requirements, a private high school or private combined junior-senior high school operated for the express purpose of teaching a program designed to qualify its graduates for matriculation at accredited four-year or equivalent liberal arts, scientific, or technological colleges or universities shall be placed on a special accredited list of college preparatory schools, which list shall signify accreditation of the school for that express purpose only, if:

a. The school complies with minimum standards established by the Code other than this section, and rules adopted under the Code, applicable to:

(1) Courses comprising the limited program.

(2) Health requirements for personnel.

(3) Plant facilities.

(4) Other environmental factors affecting the programs.

b. At least eighty percent of those graduating from the school within the four most recent calendar years, other than those graduating who are aliens, graduates entering military or alternative civilian service, or graduates deceased or incapacitated before college acceptance, have been accepted by accredited four-year or equivalent liberal arts, scientific, or technological colleges or universities.

c. A school claiming to be a private college preparatory school which fails to comply with the requirement of paragraph "b" of this subsection shall be placed on the special accredited list of college preparatory schools probationally if the school complies with the requirements

of paragraph “a” of this subsection, but a probational accreditation shall not continue for more than four successive years.

14. Notwithstanding subsections 1 through 13 and as an exception to their requirements, a nonpublic grade school which is reopening is accredited even if it does not have a complete grade one through grade six program. However, the nonpublic grade school must comply with other minimum standards established by law and administrative rules adopted pursuant to the law, and the nonpublic grade school must show progress toward reaching a grade one through grade six program.

15. The board of directors of a school district or the authorities in charge of a nonpublic school may award credit toward graduation to a student if the student successfully completes basic training for service as a member of the Iowa army national guard, the Iowa air national guard, the active military forces of the United States, the army national guard of the United States, or the air national guard of the United States.

16. a. Notwithstanding subsections 1 through 12, a nonpublic school may be accredited by an approved independent accrediting agency instead of by the state board as provided in this subsection. The state board shall maintain a list of approved independent accrediting agencies comprised of at least six regional or national nonprofit, nongovernmental agencies recognized as reliable authorities concerning the quality of education offered by a school and shall publish the list of independent accrediting agencies on the department’s internet site. The list shall include accrediting agencies that, as of January 1, 2013, accredited a nonpublic school in this state that was concurrently accredited under this section; and any agency that has a formalized partnership agreement with another agency on the list and has member schools in this state as of January 1, 2013.

b. A nonpublic school that participates in the accreditation process offered by an independent accrediting agency on the approved list published pursuant to paragraph “a” shall be deemed to meet the education standards of this section. However, such a school shall comply with statutory health and safety requirements for school facilities.

c. If the state board takes preliminary action to remove an agency from the approved list published on the department’s internet site pursuant to paragraph “a”, the department shall, at least one year prior to removing the agency from the approved list, notify the nonpublic schools participating in the accreditation process offered by the agency of the state board’s intent to remove the accrediting agency from its approved list of independent accrediting agencies. The notice shall also be posted on the department’s internet site and shall contain the proposed date of removal. The nonpublic school shall attain accreditation under this subsection or subsections 1 through 12 not later than one year following the date on which the state board removes the agency from its list of independent accrediting agencies.

17. a. (1) The offer and teach requirements of subsection 5, paragraphs “a” through “e” and “g” through “j”, shall not apply for up to two specified subjects at a school district or accredited nonpublic school if any of the following apply:

(a) The school district or accredited nonpublic school makes every reasonable and good faith effort to employ a teacher licensed under subchapter VII, part 3, for the specified subject and is unable to employ such a teacher.

(b) Fewer than ten students typically register for instruction in the specified subject at the school district or accredited nonpublic school.

(2) If a school district or accredited nonpublic school meets the requirements of subparagraph (1), subparagraph division (a) or (b), the school district or accredited nonpublic school may exceed the two-subject limitation specified in subparagraph (1), unnumbered paragraph 1, for the purpose of providing world language, personal finance literacy, and computer science coursework online in accordance with paragraph “c”.

b. The department may waive the applicability of subsection 5, paragraphs “a” through “e” and “g” through “j”, for up to two additional specified subject areas for a school district or accredited nonpublic school that proves to the satisfaction of the department that the school district or accredited nonpublic school has made every reasonable effort, but is unable to meet such requirements. A school district or accredited nonpublic school may apply for an annual waiver each year.

c. If the provisions of subsection 5, paragraphs “a” through “e” and “g” through “j”, are

made inapplicable under paragraph “a”, or are waived under paragraph “b”, the specified subject shall be provided by an area education agency under section 273.16, or by the school district or accredited nonpublic school if an online alternative satisfying the requirements of subparagraph (1), (2), or (3) can be made available by the school district or accredited nonpublic school. Any course not required under subsection 5 may also be provided by an area education agency under section 273.16 or by the school district or accredited nonpublic school. However, in either case, if offered by the school district or accredited nonpublic school, the specified subject or course shall be offered through any of the following means:

(1) An online learning platform if the course is developed by the school district or accredited nonpublic school itself or is developed by a partnership or consortium of schools that have developed the course individually or cooperatively, provided the course is taught and supervised by a teacher licensed under subchapter VII, part 3, who has online learning experience and the course content meets the requirements established by rule pursuant to section 256.7, subsection 32, paragraph “c”. A partnership or consortium of schools may include two or more school districts or accredited nonpublic schools, or any combination thereof.

(2) A private provider utilized to provide the course that meets the standards of this section and is approved in accordance with section 256.9, subsection 55.

(3) An online learning platform offered, subject to the initial availability of federal funds, by the department in collaboration with one or more area education agencies or in partnership with school districts and accredited nonpublic schools. The online learning platform may deliver distance education to students, including students receiving competent private instruction under chapter 299A, provided such students register with the school district of residence and the coursework offered by the online learning platform is taught and supervised by a teacher licensed under subchapter VII, part 3, who has online learning experience and the course content meets the requirements established by rule pursuant to section 256.7, subsection 32, paragraph “c”. The department and the area education agencies operating online learning programs pursuant to section 273.16 shall coordinate to ensure the most effective use of resources and delivery of services. Federal funds, if available, may be used to offset what would otherwise be costs to school districts for participation in the program.

d. For purposes of this subsection, “good faith effort” means the same as defined in section 279.19A, subsection 9.

18. The board of directors of a school district and the authorities in charge of an accredited nonpublic school shall each establish a policy to award credit toward graduation to a student if the student participates in the legislative page program at the state capitol for a regular session of the general assembly. The student shall be excused from the physical education requirements of subsection 5, paragraph “g”, subparagraph (1), and is exempt from the physical activity requirements of subsection 6, paragraph “b”, subparagraph (2), while participating in the legislative page program. The student must complete the graduation requirements of section 256.7, subsection 26, paragraph “a”, but participation in the legislative page program for a complete regular session of the general assembly shall count as one-half unit of social studies credit required for purposes of section 256.7, subsection 26, paragraph “a”.

19. For purposes of this section:

a. (1) “Age-appropriate” means topics, messages, and teaching methods suitable to particular ages or age groups of children and adolescents, based on developing cognitive, emotional, and behavioral capacity typical for the age or age group. “Age-appropriate” does not include any material with descriptions or visual depictions of a sex act as defined in section 702.17.

(2) Notwithstanding subparagraph (1), for purposes of the human growth and development curriculum, “age-appropriate” means the same as defined in section 279.50.

b. “Research-based” means the same as defined in section 279.50.

A nonpublic school that provides an educational program that includes grades nine through twelve shall offer and teach five units of career and technical education subjects, which may include, but are not limited to, programs, services, and activities which prepare students for employment in occupations relating to service areas specified in section 256.11, subsection 5, paragraph “h”. Referred to in §261E.8

256.12 Sharing instructors and services.

1. The director, when necessary to realize the purposes of this chapter, shall approve the enrollment in public schools for specified courses of students who also are enrolled in private schools, when the courses in which they seek enrollment are not available to them in their private schools, provided the students have satisfactorily completed prerequisite courses, if any, or have otherwise shown equivalent competence through testing. Courses made available to students in this manner shall be considered as compliance by the private schools in which the students are enrolled with any standards or laws requiring private schools to offer or teach the courses.

2. a. This section does not deprive the respective boards of public school districts of any of their legal powers, statutory or otherwise, and in accepting the specially enrolled students, each of the boards shall prescribe the terms of the special enrollment, including but not limited to scheduling of courses and the length of class periods. In addition, the board of the affected public school district shall be given notice by the department of its decision to permit the special enrollment not later than six months prior to the opening of the affected public school district's school year, except that the board of the public school district may waive the notice requirement. School districts and area education agency boards shall make public school services, which shall include special education programs and services and may include health services, services for remedial education programs, guidance services, and school testing services, available to children attending nonpublic schools in the same manner and to the same extent that they are provided to public school students. Service activities

shall be similar to those undertaken for public school students. Health services, special education support, and related services provided by area education agencies for the purpose of identifying children with disabilities, assistance with physical and communications needs of students with physical disabilities, and services of an educational interpreter may be provided on nonpublic school premises with the permission of the lawful custodian of the property. Other special education services may be provided on nonpublic school premises at the discretion of the school district or area education agency provider of the service and with the permission of the lawful custodian of the property.

b. Students enrolled in nonpublic schools who receive services pursuant to this subsection shall be weighted at the level provided for in section 256B.9, subsection 1.

c. A local school district providing services pursuant to this subsection shall submit an accounting to the department of education by August 1 following the school year for the actual costs of the special education programs and services provided. The department shall review and approve or modify the accounting by September 1 and shall notify the department of administrative services of the approved accounting amount. The department of administrative services shall adjust the September payment to the local school district for the next fiscal year by the difference between the amount generated by the weighting for the provision of services to nonpublic school students, as provided in this subsection, and the amount of the actual costs as reflected in the local school district's accounting. Any amount paid by the department of administrative services shall be deducted monthly from the state foundation aid paid under section 257.16 during that fiscal year to all school districts in the state. The portion of the total amount of the approved accounting amount that shall be deducted from the state aid of a school district shall be the same as the ratio that the budget enrollment for the budget year of the school district bears to the total budget enrollment in the state for that budget year.

256.146 Board of examiners created.

The board is created within the higher education division of the department of education to exercise the exclusive authority to:

1. a. License practitioners, which includes the authority to do all of the following:

(1) Establish criteria for the licenses.
(2) Establish issuance and renewal requirements, provided that a continuing education requirement may be completed by electronic means, and there shall be no renewal requirement for a practitioner who has been employed as a practitioner for at least ten years and who possesses a master's or doctoral degree, unless the practitioner holds an evaluator approval endorsement, which must be renewed at least once every ten years.

(3) Create application and renewal forms.

(4) Create licenses that authorize different instructional functions or specialties.

(5) Develop a code of professional rights and responsibilities, practices, and ethics, which shall, among other things, address all of the following:

(a) The failure of a practitioner to fulfill contractual obligations under section 279.13. In addressing the failure of a practitioner to fulfill contractual obligations, the board shall consider factors beyond the practitioner's control.

(b) The failure of an administrator to protect the safety of staff and students.

(c) The failure of an administrator to meet mandatory reporter obligations.

(d) The refusal of a practitioner to implement provisions of an individualized education program or behavioral intervention plan.

(e) Habitual nonparticipation in professional development.

(f) The development of any other classifications, distinctions, and procedures which may be necessary to exercise licensing duties.

b. Provide annually to any person who holds a license, certificate, authorization, or statement of recognition issued by the board, training relating to the knowledge and understanding of the board's code of professional conduct and ethics. The board shall develop a curriculum that addresses the code of professional conduct and ethics and shall annually provide regional training opportunities throughout the state.

c. Rules adopted pursuant to this subsection establishing licensure renewal requirements shall provide that up to half of the units needed for licensure renewal may be earned upon the successful completion of an individualized professional development plan as verified by the supervising licensed evaluator, or by successful completion of professional development courses or programs offered by a professional development program licensed by the board, or by a practitioner preparation institution or area education agency approved by the state board of education.

2. Establish, collect, and refund fees for a license.

3. Enter into reciprocity agreements with other equivalent state boards or a national certification board to provide for licensing of applicants from other states or nations.

4. Enforce rules adopted by the board through revocation or suspension of a license, or by other disciplinary action against a practitioner or professional development program licensed by the board. The board shall designate who may or shall initiate a licensee disciplinary investigation and a licensee disciplinary proceeding, and who shall prosecute a disciplinary proceeding and under what conditions, and shall state the procedures for review

by the board of findings of fact if a majority of the board does not hear the disciplinary proceeding. However, in a case alleging failure of a practitioner to fulfill contractual obligations, the person who files a complaint with the board, or the complainant's designee, shall represent the complainant in a disciplinary hearing conducted in accordance with this part.

5. Apply for and receive federal or other funds on behalf of the state for purposes related to its duties.

6. Evaluate and conduct studies of board standards.

7. Hear appeals regarding application, renewal, suspension, or revocation of a license. Board action is final agency action for purposes of chapter 17A.

8. Establish standards for the determination of whether an applicant is qualified to perform the duties required for a given license.

9. Issue statements of professional recognition to school service personnel who have attained a minimum of a baccalaureate degree and who are licensed by another professional licensing board, including but not limited to athletic trainers licensed under chapter 152D.

10. Make recommendations to the state board of education concerning standards for the approval of professional development programs.

11. Adopt, under chapter 17A, rules necessary to carry out board duties, and establish a budget request.

12. Adopt rules to provide for nontraditional preparation options for licensing persons who hold a bachelor's degree from an accredited college or university, who do not meet other requirements for licensure.

13. Adopt rules to determine whether an applicant is qualified to perform the duties for which a license is sought. The rules shall include all of the following:

a. The board may deny a license to or revoke the license of a person upon the board's finding by a preponderance of evidence that either the person has been convicted of an offense and the offense directly relates to the duties and responsibilities of the profession or that there has been a founded report of child abuse against the person. Rules adopted in accordance with this paragraph shall provide that in determining whether a person should be denied a license or that a practitioner's license should be revoked, the board shall consider the nature and seriousness of the founded abuse or offense in relation to the position sought, the time elapsed since the offense was committed, the degree of rehabilitation which has taken place since the incidence of founded abuse or the commission of the offense, the likelihood that the person will commit the same abuse or offense again, and the number of founded abuses committed by or criminal convictions of the person involved.

b. Notwithstanding paragraph "a", the rules shall require the board to disqualify an applicant for a license or to revoke the license of a person for any of the following reasons:

(1) The person entered a plea of guilty to, or has been found guilty of, any of the following offenses, whether or not a sentence is imposed:

(a) Any of the following forcible felonies included in section 702.11: child endangerment, assault, murder, sexual abuse, or kidnapping.

(b) Any of the following sexual abuse offenses, as provided in chapter 709, involving a child:

(i) First, second, or third degree sexual abuse committed on or with a person who is under the age of eighteen years.

(ii) Lascivious acts with a child.

(iii) Assault with intent to commit sexual abuse.

(iv) Indecent contact with a child.

(v) Sexual exploitation by a counselor.

(vi) Lascivious conduct with a minor.

(vii) Sexual exploitation by a school employee.

(c) Enticing a minor under section 710.10.

(d) Human trafficking under section 710A.2.

(e) Incest involving a child under section 726.2.

(f) Dissemination and exhibition of obscene material to minors under section 728.2.

(g) Telephone dissemination of obscene material to minors under section 728.15.

(h) Any offense specified in the laws of another jurisdiction, or any offense that may be prosecuted in federal, military, or foreign court, that is comparable to an offense listed in this subparagraph (1).

(i) Any offense under prior laws of this state or another jurisdiction, or any offense under prior law that was prosecuted in a federal, military, or foreign court, that is comparable to an offense listed in this subparagraph (1).

(2) The applicant's application is fraudulent.

(3) The applicant's license or certification from another state is suspended or revoked.

(4) The applicant fails to meet board standards for application for an initial or renewed license.

c. Qualifications or criteria for the granting or revocation of a license or the determination of an individual's professional standing shall not include membership or nonmembership in any teachers' organization.

d. An applicant for a license or certificate under this part shall demonstrate that the requirements of the license or certificate have been met and the burden of proof shall be on the applicant. However, if the executive director of the board receives notice from the director of the department under section 256.9, subsection 17, that an error in the basic education data survey submission resulted in an incorrect determination relating to licensure of a practitioner, the executive director shall initiate corrective action with the board and the findings of the director of the department shall be sufficient evidence to correct such error.

e. The board may deny a license to or revoke the license of a person upon the board's finding by a preponderance of evidence that the person knowingly and intentionally discriminated against a student in violation of section 261H.2, subsection 3, or section 279.73.

14. a. Adopt rules that require specificity in written complaints that are filed by individuals who have personal knowledge of an alleged violation and which are accepted by the board, provide that the jurisdictional requirements as set by the board in administrative rule are met on the face of the complaint before initiating an investigation of allegations, provide that any investigation be limited to the allegations contained on the face of the complaint, provide for an adequate interval between the receipt of a complaint and public notice of the complaint, permit parties to a complaint to mutually agree to a resolution of the complaint filed with the board, allow the respondent the right to review any investigative report upon a finding of probable cause for further action by the board, require that the conduct providing the basis for the complaint occurred within three years of discovery of the event by the complainant unless good cause can be shown for an extension of this limitation, require complaints to be resolved within one hundred eighty days unless good cause can be shown for an extension of this limitation, and require the board to finalize the investigation of the written complaint even if the licensed practitioner resigns or surrenders the licensed practitioner's license, certificate, authorization, or statement of recognition during the investigation.

b. Adopt rules that require the collection and retention of written complaints that are filed. If the board determines a written complaint is not founded, the complaint and all records related to the complaint shall be kept confidential and are not subject to chapter 22.

c. Adopt rules that require the board to notify the public when a licensed practitioner who is the subject of an ongoing investigation initiated under paragraph "a" has a case pending with a finding of probable cause. This paragraph shall not be construed to require the board to disclose unfounded, closed investigations initiated under paragraph "a".

d. Adopt rules that require the evaluation of complaints that did not result in any discipline or sanction if similar complaints are filed against the same licensed practitioner.

e. Adopt rules that require the board to investigate an administrator who is employed by the school that employs a licensed practitioner who is the subject of an investigation initiated under paragraph "a". The rules shall require the board to investigate whether the administrator filed a written complaint pursuant to this subsection and whether the administrator was required to report to the board pursuant to section 256.160.

15. Adopt criteria for administrative endorsements that allow a person to achieve the

endorsement authorizing the person to serve as an elementary or secondary principal without regard to the grade level at which the person accrued teaching experience.

16. Adopt rules to require that a background investigation be conducted by the division of criminal investigation of the department of public safety on all initial applicants for licensure. The board shall also require all initial applicants to submit a completed fingerprint packet and shall use the packet to facilitate a national criminal history background check. The board shall have access to, and shall review the sex offender registry information under section 692A.121 available to the general public, information in the Iowa court information system available to the general public, the central registry for child abuse information established under chapter 235A, and the dependent adult abuse records maintained under chapter 235B for information regarding applicants for license renewal and, every five years, for practitioners who are not subject to renewal requirements pursuant to subsection 1, paragraph "a", subparagraph (2). The board may charge such a practitioner who is not subject to renewal requirements a reasonable fee for the review of the sex offender registry information, information in the Iowa court information system, the central registry for child abuse information, and the dependent adult abuse records.

17. May adopt rules for practitioners who are not eligible for a statement of professional recognition under subsection 9, but have received a baccalaureate degree and provide a service to students at any or all levels from prekindergarten through grade twelve for a school district, accredited nonpublic school, area education agency, or preschool program established pursuant to chapter 256C.

18. Adopt rules to provide in the board's code of professional conduct and ethics that any licensee of the board, who commits or solicits any sexual conduct as defined in section 709.15, subsection 3, paragraph "a", subparagraph (2), or solicits, encourages, or consummates a romantic relationship with any individual who was a student within ninety days prior to any such conduct alleged in a complaint initiated with the board, if the licensee taught the individual or supervised the individual in any school activity when the individual was a student, engages in unprofessional and unethical conduct that may result in disciplinary action by the board.

19. Adopt rules pursuant to chapter 17A establishing endorsements and authorizations for computer science instruction, including traditional and nontraditional pathways for obtaining such endorsements or authorizations.

20. Adopt rules under chapter 17A to prohibit the suspension or revocation of a license issued by the board to a person who is in default or is delinquent on repayment or a service obligation under federal or state postsecondary educational loans or public or private services-conditional postsecondary tuition assistance solely on the basis of such default or delinquency.

21. By July 1, 2021, adopt rules pursuant to chapter 17A, developed in collaboration with the Iowa reading research center, establishing an advanced dyslexia specialist endorsement. The endorsement shall require a strong understanding of structured literacy instruction; the neurobiological nature, cognitive-linguistic correlates, developmental indicators, compensatory behaviors, potential psychological factors, and co-occurring disorders of dyslexia; demonstrated skill in administering informal and formal assessments related to dyslexia; demonstrated skill in delivery of explicit, systematic literacy intervention; demonstrated skill in developing and supporting services for students with characteristics of dyslexia including those who are eligible for services under chapter 256B or section 504 of the federal Rehabilitation Act of 1973, 29 U.S.C. §794, as amended; demonstrated skill in the design and implementation of accommodations and modifications; demonstrated competence in creating a dyslexia-friendly learning environment; and demonstrated skill in the use and integration of assistive technology. This endorsement shall, at a minimum, require three years of prior teaching experience and completion of a supervised practical experience.

22. Establish, collect, and refund fees from an administrator for the administrative costs of processing complaints and conducting hearings if the administrator is the respondent in a complaint for violation of the code of professional conduct and ethics, developed pursuant to subsection 1, for which final board action results in a sanction against the administrator.

23. By August 1, 2021, adopt rules pursuant to chapter 17A establishing a statement of professional recognition for behavior analysts licensed under chapter 154D.

24. By January 1, 2022, adopt rules pursuant to chapter 17A establishing a statement of professional recognition for mental health professionals as defined in section 228.1. 1. A license issued under board authority is valid for the period of time for which it is issued, unless the license is suspended or revoked. Except as provided in section 256.146, subsection 1, paragraph "a", subparagraph (2), permanent licenses shall not be issued. A person employed as a practitioner shall hold a valid license with an endorsement for the type of service for which the person is employed. This section does not limit the duties or powers of a school board to select or discharge practitioners or to terminate practitioners' contracts. A professional development program, except for a program offered by a practitioner preparation institution or area education agency and approved by the state board of education, must possess a valid license for the types of programs offered.

2. The executive director of the board may grant or deny license applications, applications for renewal of a license, and suspension or revocation of a license. 3. The board may issue emergency renewal or temporary, limited-purpose licenses upon petition by a current or former practitioner. An emergency renewal or a temporary, limited-purpose license may be issued for a period not to exceed two years, if a petitioner demonstrates, to the satisfaction of the board, good cause for failure to comply with board requirements for a regular license and provides evidence that the petitioner will comply with board requirements within the period of the emergency or temporary license. Under

exceptional circumstances, an emergency license may be renewed by the board for one additional year. A previously unlicensed person is not eligible for an emergency or temporary license, except that a student who is enrolled in a licensed practitioner preparation program may be issued a temporary, limited-purpose license, without payment of a fee, as part of a practicum or internship program.

(a) Soliciting, encouraging, or consummating a romantic or otherwise inappropriate relationship with a student.

(b) Falsifying student grades, test scores, or other official information or material.

(c) Converting public property or funds to the personal use of the school employee.

(d) Being on school premises or at a school-sponsored activity involving students while under the influence of, possessing, using, or consuming illegal drugs, unauthorized drugs, or alcohol.

(2) The board of directors of a school district or area education agency, the superintendent of a school district, the chief administrator of an area education agency, and the authorities in charge of an accredited nonpublic school shall report to the board the nonrenewal or termination, for reasons of alleged or actual misconduct, of a person's contract executed under sections 279.12, 279.13, 279.15, 279.16, 279.18 through 279.21, 279.23, and 279.24, and the resignation of a person who holds a license, certificate, or authorization issued by the board as a result of or following an incident or allegation of misconduct that, if proven, would constitute a violation of the rules adopted by the board to implement section 256.146, subsection 13, paragraph "b", subparagraph (1); soliciting, encouraging, or consummating a romantic or otherwise inappropriate relationship with a student; falsifying student grades, test scores, or other official information or material; or converting public property or funds to the personal use of the school employee, when the board or reporting official has a good faith belief that the incident occurred or the allegation is true. The board may deny a license or revoke the license of an administrator if the board finds by a preponderance of the evidence that the administrator failed to report the termination or resignation of a school employee holding a license, certificate, statement of professional recognition, or coaching authorization, for reasons of alleged or actual misconduct, as defined by this section.

b. Information reported to the board in accordance with this section is privileged and confidential, and except as provided in section 256.158, is not subject to discovery, subpoena, or other means of legal compulsion for its release to a person other than the respondent and the board and its employees and agents involved in licensee discipline, and is not admissible in evidence in a judicial or administrative proceeding other than the proceeding involving licensee discipline. The board shall review the information reported to determine whether a complaint should be initiated. In making that determination, the board shall consider the factors enumerated in section 256.146, subsection 13, paragraph "a".

a. The date action was taken which necessitated the report, including the date of disciplinary action taken, nonrenewal or termination of a contract for reasons of alleged or actual misconduct, or resignation of a person following an incident or allegation of misconduct as required under subsection 1.

b. The date the employee becomes aware of alleged misconduct as required under subsection 2.

1. For purposes of this section, unless the context otherwise requires:

a. “*Active duty*” means “*active duty*” as defined in 10 U.S.C. §101(d)(1), except that the term does not include active duty for training or attendance at a service school.

b. “*Affected individual*” means an individual who is serving on active duty during the national emergency; or who resides or is employed in an area that is declared a disaster area by any federal, state, or local official in connection with the national emergency; or who suffered direct economic hardship as a result of the national emergency, as determined under a waiver or modification issued pursuant to this section.

c. “*Serving on active duty during the national emergency*” means any of the following individuals:

(1) A reserve of an armed force ordered to active duty under 10 U.S.C. §12301(a), 12301(g), 12302, 12304, or 12306, or any retired member of an armed force ordered to active duty under 10 U.S.C. §688, as amended, for service in connection with the emergency or subsequent actions or conditions, regardless of the location at which the active duty service is performed.

2. Notwithstanding any other provision of this part, in the event of a national emergency declared by the president of the United States by reason of terrorist attack, the commission may waive or modify any statutory or regulatory provision applicable to state financial aid

256.210 National guard service scholarship program.

1. A national guard service scholarship program is established to be administered by the college student aid commission for members of the Iowa national guard who are enrolled as undergraduate students in a community college, an institution of higher learning under the state board of regents, or an accredited private institution. The college student aid commission shall adopt rules pursuant to chapter 17A to administer this section. An individual is eligible for the national guard service scholarship program if the individual meets all of the following conditions:

a. Is a resident of the state and a member of an Iowa army or air national guard unit while receiving scholarship award payments issued pursuant to this section.

b. Satisfactorily completed required initial active duty training.

c. Maintains satisfactory performance of duty upon return from initial active duty training, including attending a minimum ninety percent of scheduled drill dates and attending annual training.

d. Is enrolled as an undergraduate student in a community college as defined in section 260C.2, an institution of higher learning under the control of the board of regents, or an accredited private institution as defined in section 256.183, and is maintaining satisfactory academic progress.

Notwithstanding any deadline established for the administration of this paragraph, the adjutant general shall accept an application submitted pursuant to this paragraph from an otherwise eligible member of the national guard who was on federal active duty at the time of such deadline.

2. Scholarship awards paid pursuant to this section shall not exceed the resident tuition rate established for institutions of higher learning under the control of the state board of regents. If the amount appropriated in a fiscal year for purposes of this section is insufficient to provide scholarships to all national guard members who apply for the program and who are determined by the adjutant general to be eligible for the program, the adjutant general shall, in coordination with the commission, determine the distribution of scholarships. However, scholarship awards paid pursuant to this section shall not be less than fifty percent of the resident tuition rate established for institutions of higher learning under the control of the state board of regents or fifty percent of the tuition rate at the institution attended by the national guard member, whichever is lower. Neither eligibility nor scholarship award determinations shall be based upon a national guard member's unit, the location at which drills are attended, or whether the eligible individual is a member of the Iowa army or air national guard.

3. a. (1) Except as provided in subparagraph (2), an eligible member of the national guard, attending an institution as provided in subsection 1, paragraph "d", shall not receive scholarship awards under this section for more than one hundred twenty semester, or the equivalent, credit hours of undergraduate study.

(2) An eligible member of the national guard, attending an institution as provided in subsection 1, paragraph "d", who is enrolled in a program of education leading to a postsecondary degree that meets the eligibility requirements for the federal Edith Nourse Rogers STEM scholarship established under 38 U.S.C. §3320, shall not receive scholarship awards issued under this section for more than one hundred thirty semester, or the equivalent, credit hours of undergraduate study.

b. A member of the national guard who received educational assistance under this section prior to July 1, 2015, shall be deemed to have received educational assistance for the following number of credit hours for educational assistance received before that date:

(1) For each semester that the member received educational assistance while attending an institution as a full-time student, twelve credit hours.

(3) For each trimester or quarter that the member received educational assistance while attending an institution as a full-time or part-time student, the number of credit hours that are determined to be the semester equivalent by the college student aid commission.

4. The eligibility of applicants and scholarship award amounts to be paid shall be certified by the adjutant general of Iowa to the college student aid commission, and all amounts that are or become due to a community college, accredited private institution, or institution of higher learning under the control of the state board of regents under this section shall be paid to the college or institution by the college student aid commission upon receipt of certification by the president or governing board of the educational institution as to accuracy of charges made, and as to the attendance and academic progress of the individual at the educational institution. The college student aid commission shall maintain an annual record of the number of participants and the dollar value of the awards issued.

5. Scholarships awarded under this section may be used by the recipient for the recipient's "cost of attendance" as defined in Tit. IV, pt. B, of the federal Higher Education Act of 1965 as amended.

6. a. Notwithstanding section 8.33, funds appropriated for purposes of this section which remain unencumbered or unobligated at the close of the fiscal year for which the funds were

appropriated shall not revert but shall be available for expenditure for the following fiscal year upon the authority of the adjutant general for purposes of this section and section 256.211.

b. The adjutant general shall submit a report to the governor and the general assembly by December 31 of each year listing the science, technology, engineering, and mathematics-related career fields the adjutant general plans to focus on in providing educational incentives under this section and section 256.211 using funds available under this subsection for that fiscal year.

MINORITY ACADEMIC GRANTS FOR ECONOMIC SUCCESS

256.213 Legislative intent.

The general assembly finds that the failure of many young Iowans to complete their education limits their opportunity for a life of fulfillment and hinders the state's efforts to provide a well-trained workforce for business and industry in Iowa. The general assembly also declares that it is the policy of this state to apply positive measures to ensure that equal opportunities exist for minority persons to pursue their educational goals. Therefore, the "Iowa Minority Academic Grants for Economic Success" program is established to provide additional funding to the state board of regents institutions, community colleges, and accredited private institutions in order to encourage resident minority students to remain in Iowa, to attend community colleges, private colleges, and universities in Iowa, and to assure that a limited family income will not be a barrier for a minority person to pursue a postsecondary education.

256.227 Skilled workforce shortage tuition grant program.

1. A skilled workforce shortage tuition grant may be awarded to any resident of Iowa who is admitted and in attendance as a full-time or part-time student in a career-technical or career option program to pursue an associate’s degree or other training at a community college in the state, and who establishes financial need.

2. Skilled workforce shortage tuition grants shall be awarded only to students pursuing a career-technical or career option program in an industry identified as having a shortage of skilled workers by a community college after conducting a regional skills gap analysis or as

being a high-demand job by the department of workforce development in the department of workforce development's most recent list of high-demand jobs. If a community college no longer identifies the industry as having a shortage of skilled workers or the department of workforce development no longer identifies the industry as a high-demand job, an eligible student who received a grant for a career-technical or career option program based on that identification shall continue to receive the grant until achieving a postsecondary credential, up to an associate degree, as long as the student is continuously enrolled in that program and continues to meet all other eligibility requirements.

3. The amount of a skilled workforce shortage tuition grant shall not exceed the lesser of one-half of a student's tuition and fees for an approved career-technical or career option program or the amount of the student's established financial need.

4. All classes identified by the community college as required for completion of the student's approved career-technical or career option program shall be considered a part of the student's career-technical or career option program for the purpose of determining the student's eligibility for a grant. Notwithstanding subsection 5, if a student is making satisfactory academic progress but the student cannot complete a career-technical or career option program in the time frame allowed for a student to receive a skilled workforce shortage tuition grant as provided in subsection 5 because additional classes are required to complete the program, the student may continue to receive a skilled workforce shortage tuition grant for not more than one additional enrollment period.

5. *a.* A qualified full-time student may receive skilled workforce shortage tuition grants for not more than four semesters or the trimester or quarter equivalent of two full years of study. A qualified part-time student enrolled in a course of study including at least three semester hours but fewer than twelve semester hours or the trimester or quarter equivalent may receive skilled workforce shortage tuition grants for not more than eight semesters or the trimester or quarter equivalent of two full years of full-time study.

b. However, if a student resumes study after at least a two-year absence, the student may again be eligible for the specified amount of time, except that the student shall not receive assistance for courses for which credit was previously received.

6. A skilled workforce shortage tuition grant shall be awarded on an annual basis, requiring reapplication by the student for each year. Payments under the grant shall be allocated equally among the semesters or quarters of the year upon certification by the community college that the student is in full-time or part-time attendance in a career-technical or career option program consistent with the requirements of this section. If the student discontinues attendance before the end of any term after receiving payment of the grant, the entire amount of any refund due that student, up to the amount of any payments made under the annual grant, shall be paid by the community college to the state.

7. If a student receives financial aid under any other program, the full amount of that financial aid shall be considered part of the student's financial resources available in determining the amount of the student's financial need for that period.

8. The commission shall administer this program and shall:

a. Provide application forms for distribution to students by Iowa high schools and community colleges.

b. Adopt rules for approving career-technical or career option programs in industries identified by the department of workforce development; determining financial need; defining residence for the purposes of this section; processing and approving applications for grants; and determining priority for grants.

c. Approve and award grants on an annual basis.

d. Make an annual report to the governor and general assembly. The report shall include the number of students receiving assistance and the industries identified by the community colleges and by the department of workforce development for which students were admitted to a career-technical or career option program.

9. Each applicant, in accordance with the rules established by the commission, shall:

a. Complete and file an application for a skilled workforce shortage tuition grant.

b. Be responsible for the submission of the financial information required for evaluation of the applicant's need for a grant, on forms determined by the commission.

- c. Report promptly to the commission any information requested.

mandatory fees charged during the same term of enrollment by the eligible institutions that are community colleges.

b. If an eligible student receives nonrepayable financial aid under any other state or federal program, the full amount of that aid shall be considered part of the student's available financial resources before determining the amount of the student's future ready Iowa skilled workforce last-dollar scholarship for the same period during which the student receives other state or federal financial aid. However, each eligible student enrolled full-time in an eligible program shall receive at least five hundred dollars annually, and the amount received by each eligible part-time student shall be the same amount prorated by the commission based on the number of semester hours, or the equivalent, for which the part-time student is enrolled.

A scholarship recipient, who is not approved for a leave of absence by the eligible institution, who discontinues attendance before the end of a semester, or the equivalent, is ineligible to receive future scholarships under this section.

3. At least biennially, develop an inventory of child development services provided to at-risk three-year- and four-year-old children in this state and identify the number of children receiving and not receiving these services, the types of programs under which the services are received, the degree to which each program meets the council's minimum guidelines for a comprehensive program, and the reasons children not receiving the services are not being served. The council is not required to conduct independent research in developing the inventory, but shall determine information needs necessary to provide a more complete inventory.

(6) The manner in which health, medical, dental, and nutrition services are incorporated into the program.

(7) The degree to which the program complements existing programs and services for at-risk three-year-old and four-year-old children available in the area, including other child care services, services provided through the school district, and services available through area education agencies.

(8) The degree to which the program can be monitored and evaluated to determine its ability to meet its goals.

(9) The provision of transportation or other auxiliary services that may be necessary for families to participate in the program.

256B.2 Definitions — policies — funds.

1. As used in this chapter:

a. “*Children requiring special education*” means persons under twenty-one years of age, including children under five years of age, who have a disability in obtaining an education because of a head injury, autism, behavioral disorder, or physical, mental, communication, or learning disability, as defined by the rules of the department of education. “*Children requiring special education*” includes children receiving special education services, who reach the age of twenty-one during an academic year, and who elect to receive special education services until the end of the academic year.

b. “*Special education*” means classroom, home, hospital, institutional, or other instruction designed to meet the needs of children requiring special education as defined in this subsection; transportation and corrective and supporting services required to assist children requiring special education, as defined in this subsection, in taking advantage of, or responding to, educational programs and opportunities, as defined by rules of the state board of education.

2. a. It is the policy of this state to require school districts and state-operated educational programs to provide or make provision, as an integral part of public education, for a free and appropriate public education sufficient to meet the needs of all children requiring special education. This chapter is not to be construed as encouraging separate facilities or segregated programs designed to meet the needs of children requiring special education when the children can benefit from all or part of the education program as offered by the local school district. Children requiring special education shall, consistent with the least restrictive environment requirements under the federal Individuals with Disabilities Education Act, 20 U.S.C. §1400 et seq., attend regular classes and shall be educated with children who do not require special education.

b. (1) Whenever appropriate, hindrances to learning and to the normal functioning of children requiring special education within the regular school environment shall be overcome by the provision of special aids and services rather than by separate programs for those in need of special education.

(2) Special classes, separate schooling, or other removal of children requiring special

education from the regular educational environment, shall occur only when, and to the extent that the nature or severity of the educational disability is such, that education in regular classes, even with the use of supplementary aids and services, cannot be accomplished satisfactorily.

(3) Individualized education programs for children requiring special education within the regular school environment and behavioral intervention plans shall not include provisions for clearing all other students out of the regular classroom in order to calm the child requiring special education or the child for whom a behavioral intervention plan has been implemented except as provided in section 279.51A.

c. For those children who cannot adapt to the regular educational or home living conditions, and who are attending facilities under chapter 263 or chapter 256, subchapter V, upon the request of the board of directors of an area education agency, the department of health and human services shall provide residential or detention facilities and the area education agency shall provide special education programs and services. The area education agencies shall cooperate with the department of education to provide the services required by this chapter.

3. Special aids and services shall be provided to children requiring special education who are less than five years of age if the aids and services will reasonably permit the child to enter the educational process or school environment when the child attains school age.

4. Every child requiring special education shall, if reasonably possible, receive a level of education commensurate with the level provided each child who does not require special education. The cost of providing such an education shall be paid as provided in section 273.9, this chapter, and chapter 257. It shall be the primary responsibility of each school district to provide special education to children who reside in that district if the children requiring special education are properly identified, the educational program or service has been approved, the teacher or instructor has been licensed, the number of children requiring special education needing that educational program or service is sufficient to make offering the program or service feasible, and the program or service cannot more economically and equably be obtained from the area education agency, another school district, another group of school districts, a qualified private agency, or in cooperation with one or more other districts.

5. Moneys received by the school district of the child's residence for the child's education, derived from moneys received through chapter 257, this chapter, and section 273.9 shall be paid by the school district of the child's residence to the appropriate education agency, private agency, or other school district providing special education for the child pursuant to contractual arrangements as provided in section 273.3, subsections 5 and 6.

The board of directors of a school district or area education agency, with the approval of the director of the department of education, may provide special education programs and services as defined in this chapter. If services are provided by the area education agency, the board of directors of the area education agency with the cooperation of the local school districts within its jurisdiction may:

a. Establish and operate special education programs and classes for the education of children requiring special education.

b. Acquire, maintain, and construct facilities in which to provide education, corrective services, and supportive services for children requiring special education.

c. Make arrangements with participating school districts for the provision of special education, corrective, and supportive services to the children requiring special education residing in the school districts.

1. When the school district or area education agency has provided special education

services and programs as provided in this chapter for any child requiring special education, either by admission to a special class or by supportive services, it shall be the duty of the parent or guardian to enroll the child for instruction in such special classes or supportive services as may be established, except in the event a doctor's certificate is filed with the secretary of the school district showing that it is inadvisable for medical reasons for the child requiring special education to receive the special education provided; all the provisions and conditions of chapter 299 shall be applicable to this section, and any violations shall be punishable as provided in chapter 299.

2. A child, or the parent or guardian of the child, or the school district in which the child resides, may obtain a review of an action or omission of local authorities pursuant to the procedures established by the state board of education on the ground that the child has been or is about to be:

When a child requiring special education attains the age of majority or is incarcerated in an adult or juvenile, state or local, correctional institution, all rights accorded to the parent or guardian under this chapter transfer to the child except as provided in this subsection. Any notice required by this chapter shall be provided to both the child who has reached the age of majority or is incarcerated in an adult or juvenile, state or local, correctional institution and the parent or guardian. If rights under this chapter have transferred to the child and the child has been determined to be incompetent by a court or determined unable to provide informed educational consent by a court or other competent authority, then rights under this chapter shall be exercised by the person who has been appointed to represent the educational interest of the child. The director of the department of education may establish standards for determining whether a public agency, as defined in section 28E.2, is competent to determine whether a child is unable to provide informed educational consent, and the procedures by which such determination shall be made and reviewed.

256B.8 Exceptions.

1. It is not incumbent upon the school districts to keep a child requiring special education in regular instruction when the child cannot sufficiently profit from the work of the regular classroom, nor to keep a child requiring special education in the special class or instruction for children requiring special education when it is determined by the diagnostic educational team that the child can no longer benefit from the instruction or needs more specialized instruction available in special schools. However, the school district shall count the child requiring special education in the enrollment as provided in sections 256B.9, 257.6, and 273.9 and shall ensure that appropriate educational provisions are made for the child requiring special education.

2. An area education agency director of special education may request approval from the department of education to continue the special education program of a person beyond the period specified in section 256B.2, subsection 1, paragraph “a”, if the person had an accident or prolonged illness that resulted in delays in the initiation of or interruptions in that person’s special education program. Approval may be granted by the department to continue the special education program of that person for up to three years or until the person’s twenty-fourth birthday.

3. No provision of this chapter shall be construed to require or compel any person who is a member of a well-recognized church or religious denomination and whose religious convictions, in accordance with the tenets or principles of the person’s church or religious denomination, are opposed to medical or surgical treatment for disease to take or follow a course of physical therapy, or submit to medical treatment, nor shall any parent or guardian who is a member of such church or religious denomination and who has such religious convictions be required to enroll a child in any course or instruction which utilizes medical or surgical treatment for disease.

256B.9 Weighting plan — audits — evaluations — expenditures.

1. In order to provide funds for the excess costs of instruction of children requiring special education, above the costs of instruction of pupils in a regular curriculum, a special education weighting plan for determining enrollment in each school district is adopted as follows:

a. Pupils in a regular curriculum are assigned a weighting of one.

b. Children requiring special education who require special adaptations while assigned to a regular classroom for basic instructional purposes and pupils with disabilities placed in a special education class who receive part of their instruction in regular classrooms are assigned a weighting of one and eight-tenths. This paragraph also applies to children requiring special education who require specially designed instruction while assigned to a regular classroom for basic instructional purposes.

c. Children requiring special education who require full-time, self-contained special education placement with little integration into a regular classroom are assigned a weighting of two and two-tenths. This paragraph also applies to children requiring special education who require substantial modifications, adaptations, or special education accommodations in order to benefit from instruction in an integrated classroom.

d. Children requiring special education who have severe disabilities or who have multiple

disabilities are assigned a weighting of four and four-tenths. This paragraph also applies to children requiring special education who have severe and profound disabilities.

e. Shared-time and part-time pupils of school age who require special education shall be placed in the proper category and counted in the proportion that the time for which they are enrolled or receive instruction for the school year bears to the time that full-time pupils, carrying a normal course schedule, in the same school district, for the same school year are enrolled and receive instruction.

2. The weighting for each category of child multiplied by the number of children in each category in the enrollment of a school district, as identified and certified by the director of special education for the area, determines the weighted enrollment to be used in that district for purposes of computations required under the state school foundation plan in chapter 257.

3. The weight that a child is assigned under this section shall be dependent upon the required educational modifications necessary to meet the special education needs of the child. Enrollment for the purpose of this section, and all payments to be made pursuant thereto, includes all children for whom a special education program or course is to be provided pursuant to section 256.12, subsection 2, sections 273.1 through 273.9, and this chapter, whether or not the children are actually enrolled upon the records of a school district.

4. On December 1, 1987, and no later than December 1 every two years thereafter, for the school year commencing the following July 1, the director of the department of education shall report to the school budget review committee the average costs of providing instruction for children requiring special education in the categories of the weighting plan established under this section, and for providing services to nonpublic school students pursuant to section 256.12, subsection 2, and the director of the department of education shall make recommendations to the school budget review committee for needed alterations to make the weighting plan suitable for subsequent school years. The school budget review committee shall establish the weighting plan for each school year and shall report the plan to the director of the department of education. The school budget review committee may establish weights to the nearest hundredth. The school budget review committee shall not alter the weighting assigned to pupils in a regular curriculum, but it may increase or decrease the weighting assigned to each category of children requiring special education by not more than two-tenths of the weighting assigned to pupils in a regular curriculum. The state board of education shall adopt rules under chapter 17A to implement the weighting plan for each year and to assist in identification and proper indexing of each child in the state who requires special education.

5. The division of special education shall audit the reports required in section 273.5 to determine that all children in the area who have been identified as requiring special education have received the appropriate special education instructional and support services, and to verify the proper identification of pupils in the area who will require special education instructional services during the school year in which the report is filed. The division shall certify to the director of the department of management the correct total enrollment of each school district in the state, determined by applying the appropriate pupil weighting index to each child requiring special education, as certified by the directors of special education in each area.

6. The division may conduct an evaluation of the special education instructional program or special education support services being provided by an area education agency, school district, or private agency, pursuant to sections 273.1 through 273.9 and this chapter, to determine if the program or service is adequate and proper to meet the needs of the child; if the child is benefiting from the program or service; if the costs are in proportion to the educational benefits being received; and if there are any improvements that can be made in the program or service. A written report of the evaluation shall be sent to the area education agency, school district, or private agency evaluated and to the president of the senate and speaker of the house of representatives of the general assembly.

7. The costs of special education instructional programs include the costs of purchase of transportation equipment to meet the special needs of children requiring special education with the approval of the director of the department of education. The state board of education

shall adopt rules under chapter 17A for the purchase of transportation equipment pursuant to this section.

8. Commencing with the school year beginning July 1, 1976, a school district may expend an amount not to exceed two-sevenths of an amount equal to the district cost of a school district for the costs of regular classroom instruction of a child certified under the special education weighting plan in subsection 1, paragraph "b", as a pupil with disabilities who is enrolled in a special class, but who receives part of the pupil's instruction in a regular classroom. Unencumbered funds generated for special education instructional programs for the school year beginning July 1, 1975, and for the school year beginning July 1, 1976, shall not be expended for such purpose.

9. Funds generated for special education instructional programs under this chapter and chapter 257 shall not be expended for modifications of school buildings to make them accessible to children requiring special education.

a. That there are sufficient children requiring special education within the area.

b. That the service or program will be provided by the most appropriate educational agency.

c. That the educational agency providing the service or program has employed qualified special educational personnel.

256B.15 Reimbursement for special education services.

1. The state board of education in conjunction with the department of education shall develop a program to utilize federally funded health care programs, except the federal medically needy program for individuals who have a spend-down, to share in the costs of services which are provided to children requiring special education.

2. The department of education shall designate an area education agency to develop a system for collecting the information necessary to implement procedures for billing and

collecting the costs of the services. The area education agency shall begin to develop the system immediately. The area education agency shall consult with and work jointly with state agencies and federal agencies to determine procedures and standards which shall be initiated by all area education agencies to qualify for receipt of benefits under federal programs.

3. The department of education, in conjunction with the area education agency, shall determine those specific services which are covered by federally funded health care programs, which shall include, but not be limited to, physical therapy, audiology, speech language therapy, and psychological evaluations. The department shall also determine which other special services may be subject to reimbursement and the qualifications necessary for personnel providing those services. If it is determined that services are required from other service providers, these providers shall be reimbursed for those services.

4. All services referred to in subsection 1 shall be initially funded by the area education agency and shall be provided regardless of subsequent subrogation collections. The area education agency shall make a claim for reimbursement to federally funded health care programs.

5. Not later than July 1, 1988, the area education agency designated by the department of education shall have developed the program for collecting for the services provided. The program shall be distributed to all of the area education agencies in the state. All area education agencies shall begin collecting the information on July 1, 1988.

6. Effective November 1, 1988, all area education agencies in the state shall participate in the program and begin billing for and collecting for the covered services and shall bill for services provided retroactive to July 1, 1988. Retroactive Title XIX billing is contingent upon state plan approval. Nothing contained in this section shall be construed to allow nonlicensed individuals to perform services which otherwise require licenses under the laws of this state or to allow licensed providers to perform services outside their scope of practice.

7. The area education agencies shall transfer to the department of health and human services an amount equal to the nonfederal share of the payments to be received from the medical assistance program pursuant to chapter 249A. The nonfederal share amount shall be transferred to the medical assistance account prior to claims payment. This requirement does not apply to medical assistance reimbursement for services provided by an area education agency under part C of the federal Individuals With Disabilities Education Act. Funds received under this section shall not be considered or included as part of the area education agencies' budgets when calculating funds that are to be received by area education agencies during a fiscal year.

8. Students or their parents or guardians covered by a federal health care program shall provide health care information to an area education agency or local school district.

9. The department of education and the department of health and human services shall adopt rules to implement this section.

10. The department of health and human services shall offer assistance to the area education agencies in the identification of children eligible for reimbursement for services under this section.

c. Funding provided under the preschool program is intended to supplement, not supplant, existing public funding for preschool programming.

d. Preschool foundation aid funding shall not be commingled with the other state aid payments made under section 257.16 to a school district and shall be accounted for by the local school district separately from the other state aid payments. Preschool foundation aid payments made to school districts are miscellaneous income for purposes of chapter 257. A school district shall maintain a separate listing within its budget for preschool foundation aid payments received and expenditures made. A school district shall certify to the department of education that preschool foundation aid funding received by the school district was used to supplement, not supplant, moneys otherwise received and used by the school district for preschool programming.

e. Preschool foundation aid funding shall not be used for the costs of constructing a facility in connection with an approved local program. Preschool foundation aid funding may be used by approved local programs and community providers for any purpose determined by the board of directors of the school district to meet standards for high-quality preschool instruction and for purposes that directly or indirectly benefit students enrolled in the approved local program, including but not limited to professional development for preschool teachers, instructional equipment and supplies, material and equipment designed to develop pupils' large and small motor skills, translation services, playground equipment and repair costs, food and beverages used by children in the approved local program, safety equipment, facility rental fees, and for other direct costs that enhance the approved local program, including by contracting with community partners for any such services. Preschool foundation aid funding may be used by approved local programs for the costs of transportation involving children participating in the preschool program. The costs

of transporting other children associated with the preschool program or transported as provided in section 256C.3, subsection 3, paragraph “h”, may be prorated by the school district. Preschool foundation aid funding received by an approved local program that remains unexpended and unobligated at the end of a fiscal year beginning on or after July 1, 2017, shall be used to build the approved local program’s preschool program capacity in the next succeeding fiscal year excluding that portion of such unexpended and unobligated funding that the school district authorizes for transfer for deposit in the school district’s flexibility account established under section 298A.2, subsection 2, if the statutory requirements for the use of such funding are met. For purposes of determining whether a school district has authority to transfer preschool foundation aid funding for deposit in the school district’s flexibility account established under section 298A.2, subsection 2, the school district must have provided preschool programming during the fiscal year for which funding remains unexpended and unobligated to all eligible students for whom a timely application for enrollment was submitted.

f. The receipt of funding by a school district for the purposes of this chapter, the need for additional funding for the purposes of this chapter, or the enrollment count of eligible students under this chapter shall not be considered to be unusual circumstances, create an unusual need for additional funds, or qualify under any other circumstances that may be used by the school budget review committee to grant supplemental aid to or establish a modified supplemental amount for a school district under section 257.31.

g. For the fiscal year beginning July 1, 2015, and each succeeding fiscal year, of the amount of preschool foundation aid received by a school district for a fiscal year in accordance with section 257.16, not more than five percent may be used by the school district for administering the district’s approved local program. Outreach activities and rent for facilities not owned by the school district are permissive uses of the administrative funds.

h. For the fiscal year beginning July 1, 2015, and each succeeding fiscal year, of the amount of preschool foundation aid received by a school district for a fiscal year in accordance with section 257.16, not less than ninety-five percent of the per pupil amount shall be passed through to a community-based provider for each pupil enrolled in the district’s approved local program. For the fiscal year beginning July 1, 2015, and each succeeding fiscal year, not more than ten percent of the amount of preschool foundation aid passed through to a community-based provider may be used by the community-based provider for administrative costs. The costs of outreach activities and rent for facilities not owned by the school district are permissive administrative costs. The costs of transportation involving children participating in the preschool program and other children may be prorated.

2. *Eligible student enrollment.*

a. To be included as an eligible student in the enrollment count of the preschool programming provided by a school district approved to participate in the preschool program, a child must be four years of age by September 15 in the base year and attending the school district’s approved local program.

b. The enrollment count of eligible students shall not include a child who is included in the enrollment count determined under section 257.6 or a child who is served by a program already receiving state or federal funds for the purpose of the provision of four-year-old preschool programming while the child is being served by the program. Course placement includes but is not limited to honors, international baccalaureate, advanced placement, vocational, technical, and career pathways courses. Continuing the student’s

academic program from the previous school and promoting placement in academically and career challenging courses should be paramount when considering placement. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the course.

b. Educational program placement. The receiving state school shall initially honor placement of the student in educational programs based on current educational assessments conducted at the school in the sending state or participation and placement in like programs in the sending state. Such programs include but are not limited to gifted and talented programs and English as a second language programs. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student.

(3) A transitioning military child, placed in the care of a noncustodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent, may continue to attend the school in which the child was enrolled while residing with the custodial parent.

b. Eligibility for extracurricular participation. State and local education agencies shall facilitate the opportunity for transitioning military children's inclusion in extracurricular activities, regardless of application deadlines, to the extent they are otherwise qualified.

7. Article VII — Graduation. In order to facilitate the on-time graduation of children of military families, states and local education agencies shall incorporate the following procedures:

a. Waiver requirements. Local education agency administrative officials shall waive specific courses required for graduation if similar course work has been satisfactorily completed in another local education agency or shall provide reasonable justification for denial. Should a waiver not be granted to a student who would qualify to graduate from the sending school, the local education agency shall provide an alternative means of acquiring required coursework so that graduation may occur on time.

(1) States shall accept any of the following in lieu of testing requirements for graduation in the receiving state:

- (a) Exit or end-of-course exams required for graduation from the sending state.
- (b) National norm-referenced achievement tests.
- (c) Alternative testing.

(2) In the event the above alternatives cannot be accommodated by the receiving state for a student transferring in the student's senior year, then the provisions of paragraph "c" shall apply.

c. *Transfers during senior year.* Should a military student transferring at the beginning or during the student's senior year be ineligible to graduate from the receiving local education agency after all alternatives have been considered, the sending and receiving local education agencies shall ensure the receipt of a diploma from the sending local education agency, if the student meets the graduation requirements of the sending local education agency. In the event that one of the states in question is not a member of this compact, the member state shall use best efforts to facilitate the on-time graduation of the student in accordance with paragraphs "a" and "b".

8. *Article VIII — State coordination.*

a. Each member state shall, through the creation of a state council or use of an existing body or board, provide for the coordination among its agencies of government, local education agencies and military installations concerning the state's participation in, and compliance with, this compact and interstate commission activities. While each member state may determine the membership of its own state council, its membership must include at least: the director of the department of education, a superintendent of a school district with a high concentration of military children, a representative from a military installation, one representative each from the legislative and executive branches of government, and other offices and stakeholder groups the state council deems appropriate. A member state that does not have a school district deemed to contain a high concentration of military children may appoint a superintendent from another school district to represent local education agencies on the state council.

b. The state council of each member state shall appoint or designate a military family education liaison to assist military families and the state in facilitating the implementation of this compact.

c. The compact commissioner responsible for the administration and management of the state's participation in this compact shall be appointed by the governor or as otherwise determined by each member state.

d. The compact commissioner and the military family education liaison designated in sections 256H.2 and 256H.3 shall be ex officio members of the state council, unless either is already a full voting member of the state council.

9. *Article IX — Interstate commission on educational opportunity for military children.* The member states hereby create the interstate commission on educational opportunity for military children. The activities of the interstate commission are the formation of public policy and are a discretionary state function. The interstate commission shall:

a. Be a body corporate and joint agency of the member states and shall have all the responsibilities, powers, and duties set forth herein, and such additional powers as may be conferred upon it by a subsequent concurrent action of the respective legislatures of the member states in accordance with the terms of this compact.

b. Consist of one interstate commission voting representative from each member state who shall be that state's compact commissioner.

(1) Each member state represented at a meeting of the interstate commission is entitled to one vote.

(2) A majority of the total member states shall constitute a quorum for the transaction of business, unless a larger quorum is required by the bylaws of the interstate commission.

(3) A representative shall not delegate a vote to another member state. In the event the compact commissioner is unable to attend a meeting of the interstate commission, the

governor or state council may delegate voting authority to another person from the compact commissioner's state for a specified meeting.

(4) The bylaws may provide for meetings of the interstate commission to be conducted by telecommunication or electronic communication.

c. Consist of ex officio, nonvoting representatives who are members of interested organizations. Such ex officio members, as defined in the bylaws, may include but not be limited to members of the representative organizations of military family advocates, local education agency officials, parent and teacher groups, the United States department of defense, the education commission of the states, the interstate agreement on the qualification of educational personnel and other interstate compacts affecting the education of children of military members.

d. Meet at least once each calendar year. The chairperson may call additional meetings and, upon the request of a simple majority of the member states, shall call additional meetings.

e. Establish an executive committee, whose members shall include the officers of the interstate commission and such other members of the interstate commission as determined by the bylaws. Members of the executive committee shall serve a one-year term. Members of the executive committee shall be entitled to one vote each. The executive committee shall have the power to act on behalf of the interstate commission, with the exception of rulemaking, during periods when the interstate commission is not in session. The executive committee shall oversee the day-to-day activities of the administration of this compact including enforcement and compliance with the provisions of this compact, its bylaws and rules, and other such duties as deemed necessary. The United States department of defense shall serve as an ex officio, nonvoting member of the executive committee.

f. Establish bylaws and rules that provide for conditions and procedures under which the interstate commission shall make its information and official records available to the public for inspection or copying. The interstate commission may exempt from disclosure information or official records to the extent disclosure would adversely affect personal privacy rights or proprietary interests.

g. Give public notice of all meetings and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in this compact. The interstate commission and its committees may close a meeting, or portion thereof, where it determines by two-thirds vote that an open meeting would likely do any of the following:

(1) Relate solely to the interstate commission's internal personnel practices and procedures.

(2) Disclose matters specifically exempted from disclosure by federal and state statute.

(3) Disclose trade secrets or commercial or financial information which is privileged or confidential.

(4) Involve accusing a person of a crime, or formally censuring a person.

(5) Disclose information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy.

(6) Disclose investigative records compiled for law enforcement purposes.

(7) Specifically relate to the interstate commission's participation in a civil action or other legal proceeding.

h. Cause its legal counsel or designee to certify that a meeting may be closed and shall reference each relevant exemptible provision for any meeting, or portion of a meeting, which is closed pursuant to this provision. The interstate commission shall keep minutes which shall fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed and the record of a roll call vote. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the interstate commission.

i. Collect standardized data concerning the educational transition of the children of military families under this compact as directed through its rules which shall specify the data to be collected, the means of collection, and data exchange and reporting requirements.

Such methods of data collection, exchange, and reporting shall, in so far as is reasonably possible, conform to current technology and coordinate its information functions with the appropriate custodian of records as identified in the bylaws and rules.

j. Create a process that permits military officials, education officials, and parents to inform the interstate commission if and when there are alleged violations of this compact or its rules or when issues subject to the jurisdiction of this compact or its rules are not addressed by the state or local education agency. This section shall not be construed to create a private right of action against the interstate commission or any member state.

10. *Article X — Powers and duties of the interstate commission.* The interstate commission shall have the following powers:

a. To provide for dispute resolution among member states.

The officers so elected shall serve without compensation or remuneration from the interstate commission; provided that, subject to the availability of budgeted funds, the officers shall be reimbursed for ordinary and necessary costs and expenses incurred by them in the performance of their responsibilities as officers of the interstate commission.

c. (1) The executive committee shall have such authority and duties as may be set forth in the bylaws, including but not limited to the following:

The interstate commission is considered to be an instrumentality of the states for the purposes of any such action. Nothing in this paragraph "d" shall be construed to protect such person from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

(2) The interstate commission shall defend the executive director and its employees and,

subject to the approval of the attorney general or other appropriate legal counsel of the member state represented by an interstate commission representative, shall defend such interstate commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error, or omission that occurred within the scope of interstate commission employment, duties, or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of interstate commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

12. *Article XII — Rulemaking functions of the interstate commission.*

a. The interstate commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of this compact. Notwithstanding the foregoing, in the event the interstate commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this compact, or the powers granted under this compact, then such an action by the interstate commission shall be invalid and have no force or effect.

b. Rules shall be made pursuant to a rulemaking process that substantially conforms to the model state administrative procedure Act of 1981, uniform laws annotated, as amended, as may be appropriate to the operations of the interstate commission.

c. Not later than thirty days after a rule is promulgated, any person may file a petition for judicial review of the rule; provided, that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the interstate commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the interstate commission's authority.

d. If a majority of the legislatures of the compacting states rejects a rule by enactment of a statute or resolution in the same manner used to adopt this compact, then such rule shall have no further force and effect in any compacting state.

13. *Article XIII — Oversight, enforcement, and dispute resolution.*

a. *Oversight.*

(1) If the interstate commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact, or the bylaws or promulgated rules, the interstate commission shall:

(b) Provide remedial training and specific technical assistance regarding the default.

(2) If the defaulting state fails to cure the default, the defaulting state shall be terminated from this compact upon an affirmative vote of a majority of the member states and all rights, privileges, and benefits conferred by this compact shall be terminated from the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default.

(3) Suspension or termination of membership in this compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the interstate commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

(4) The state which has been suspended or terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of suspension or termination including obligations, the performance of which extends beyond the effective date of suspension or termination.

(5) The interstate commission shall not bear any costs relating to any state that has been found to be in default or which has been suspended or terminated from the compact, unless otherwise mutually agreed upon in writing between the interstate commission and the defaulting state.

(6) The defaulting state may appeal the action of the interstate commission by petitioning the United States district court for the District of Columbia or the federal district where the interstate commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

c. Dispute resolution.

(1) The interstate commission shall attempt, upon the request of a member state, to resolve disputes which are subject to this compact and which may arise among member states and between member and nonmember states.

d. Enforcement.

(1) The interstate commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(2) The interstate commission, may by majority vote of the members, initiate legal action in the United States district court for the District of Columbia or, at the discretion of the interstate commission, in the federal district where the interstate commission has its principal offices, to enforce compliance with the provisions of this compact, its promulgated rules and bylaws, against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

(3) The remedies in this compact shall not be the exclusive remedies of the interstate commission. The interstate commission may avail itself of any other remedies available under state law or the regulation of a profession.

14. Article XIV — Financing of the interstate commission.

b. The interstate commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the interstate commission and its staff which must be in a total amount sufficient to cover the interstate commission's annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the interstate commission, which shall promulgate a rule binding upon all member states.

c. The interstate commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the interstate commission pledge the credit of any of the member states, except by and with the authority of the member state.

d. The interstate commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the interstate commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts

and disbursements of funds handled by the interstate commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the interstate commission.

15. *Article XV — Member states, effective date, and amendment.*

a. Any state is eligible to become a member state.

b. This compact shall become effective and binding upon legislative enactment of this compact into law by no less than ten of the states. The effective date shall be no earlier than December 1, 2007. Thereafter it shall become effective and binding as to any other member state upon enactment of this compact into law by that state. The governors of nonmember states or their designees shall be invited to participate in the activities of the interstate commission on a nonvoting basis prior to adoption of this compact by all states.

c. The interstate commission may propose amendments to this compact for enactment by the member states. An amendment shall not become effective and binding upon the interstate commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

16. *Article XVI — Withdrawal and dissolution.*

a. *Withdrawal.*

(1) Once effective, this compact shall continue in force and remain binding upon each and every member state; provided that a member state may withdraw from this compact by specifically repealing the statute which enacted this compact into law.

(2) Withdrawal from this compact shall be by the enactment of a statute repealing the same, but shall not take effect until one year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other member jurisdiction.

(3) The withdrawing state shall immediately notify the chairperson of the interstate commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The interstate commission shall notify the other member states of the withdrawing state's intent to withdraw within sixty days of its receipt of the notice.

(4) The withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of withdrawal, including obligations, the performance of which extend beyond the effective date of withdrawal.

(5) Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting this compact or upon such later date as determined by the interstate commission.

b. *Dissolution of compact.*

(1) This compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership in this compact to one member state.

(2) Upon the dissolution of this compact, this compact becomes null and void and shall be of no further force or effect, and the business and affairs of the interstate commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws.

17. *Article XVII — Severability and construction.*

a. The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

b. The provisions of this compact shall be liberally construed to effectuate its purposes.

c. Nothing in this compact shall be construed to prohibit the applicability of other interstate compacts to which the states are members.

18. *Article XVIII — Binding effect of compact and other laws.*

a. *Other laws.*

(1) Nothing in this compact prevents the enforcement of any other law of a member state that is not inconsistent with this compact.

b. *Binding effect of the compact.*

(1) All lawful actions of the interstate commission, including all rules and bylaws promulgated by the interstate commission, are binding upon the member states.

a. For a budget year, each school district in the state is entitled to receive foundation aid, in an amount per pupil equal to the difference between the amount per pupil of foundation property tax in the district, and the combined foundation base per pupil or the combined district cost per pupil, whichever is less. However, if the amount of foundation aid received by a school district under this chapter is less than three hundred dollars per pupil, the district is entitled to receive three hundred dollars per pupil unless the receipt of three hundred dollars per pupil plus the per pupil amount raised by the foundation property tax exceeds the combined district cost per pupil of the district for the budget year. In that case, the district is entitled to receive an amount per pupil equal to the difference between the per pupil amount raised by the foundation property tax for the budget year and the combined district cost per pupil for the budget year.

b. For the budget year commencing July 1, 1999, and for each succeeding budget year beginning before July 1, 2022, the regular program foundation base per pupil is eighty-seven and five-tenths percent of the regular program state cost per pupil. For the budget year commencing July 1, 2022, and for each succeeding budget year, the regular program foundation base per pupil is eighty-eight and four-tenths percent of the regular program state cost per pupil. For the budget year commencing July 1, 1991, and for each succeeding budget year the special education support services foundation base is seventy-nine percent of the special education support services state cost per pupil. The combined foundation base is the sum of the regular program foundation base, the special education support services foundation base, the total teacher salary supplement district cost, the total professional development supplement district cost, the total early intervention supplement district cost, the total teacher leadership supplement district cost, the total area education agency teacher salary supplement district cost, and the total area education agency professional development supplement district cost.

3. *Computations rounded.* In making computations and payments under this chapter, except in the case of computations relating to funding of special education support services, media services, and educational services provided through the area education agencies, and the teacher salary supplement, the professional development supplement, the early intervention supplement, and the teacher leadership supplement, the department of management shall round amounts to the nearest whole dollar.

4. *Legislative review.* The provisions of this chapter shall be subject to legislative review at least every five years. The review shall be based upon a school finance formula status report containing the recommendations of a legislative interim committee appointed to conduct a review of the school finance formula, to be prepared with the assistance of the department of education, in association with the departments of management and revenue. The report shall include recommendations for school finance formula changes or revisions based upon demographic changes, enrollment trends, and property tax valuation fluctuations observed during the preceding five-year interval; an analysis of the operation of the school finance formula during the preceding five-year interval; and a summary of issues that have arisen since the previous review and potential approaches for their resolution. The first such report shall be submitted to the general assembly no later than January 1, 2005, with subsequent reports developed and submitted by January 1 at least every fifth year thereafter.

a. Except as provided in subsections 2 and 3, a school district shall cause to be levied each year, for the school general fund, a foundation property tax equal to five dollars and forty cents per thousand dollars of assessed valuation on all taxable property in the district. 2. *Tax for reorganized and dissolved districts.*

a. Notwithstanding subsection 1, a reorganized school district shall cause a foundation property tax of four dollars and forty cents per thousand dollars of assessed valuation to be levied on all taxable property which, in the year preceding a reorganization, was within a school district affected by the reorganization as defined in section 275.1, or in the year preceding a dissolution was a part of a school district that dissolved if the dissolution proposal has been approved by the director of the department of education pursuant to section 275.55.

b. In succeeding school years, the foundation property tax levy on that portion shall be increased to the rate of four dollars and ninety cents per thousand dollars of assessed valuation the first succeeding year, five dollars and fifteen cents per thousand dollars of assessed valuation the second succeeding year, and five dollars and forty cents per thousand dollars of assessed valuation the third succeeding year and each year thereafter.

c. The foundation property tax levy reduction pursuant to this subsection shall be available if either of the following apply:

(1) In the year preceding the reorganization or dissolution, the school district affected by the reorganization or the school district that dissolved had a certified enrollment of fewer than six hundred pupils.

(2) In the year preceding the reorganization or dissolution, the school district affected by the reorganization or the school district that dissolved had a certified enrollment of six hundred pupils or greater, and entered into a reorganization or dissolution with one or more school districts with a certified enrollment of fewer than six hundred pupils. The amount of foundation property tax reduction received by a school district qualifying for the reduction pursuant to this subparagraph shall not exceed the highest reduction amount provided in paragraphs “a” and “b” received by any of the school districts with a certified enrollment of fewer than six hundred pupils involved in the reorganization pursuant to subparagraph (1) of this paragraph “c”.

d. For purposes of this section, a reorganized school district is one which absorbs at least thirty percent of the enrollment of the school district affected by a reorganization or dissolved during a dissolution and in which action to bring about a reorganization or dissolution is initiated by a vote of the board of directors or jointly by the affected boards of directors to take effect on or after July 1, 2007, and on or before July 1, 2024. 257.4 Additional property tax.

1. Computation of tax.

a. A school district shall cause an additional property tax to be levied each year. The rate of the additional property tax levy in a school district shall be determined by the department of management and shall be calculated to raise the difference between the combined district cost for the budget year and the sum of the following:

(1) The product of the regular program foundation base per pupil times the weighted enrollment in the district.

(2) The product of special education support services foundation base per pupil times the special education support services weighted enrollment in the district.

- (3) The total teacher salary supplement district cost.
- (4) The total professional development supplement district cost.
- (5) The total early intervention supplement district cost.
- (6) The total area education agency teacher salary supplement district cost.
- (7) The total area education agency professional development supplement district cost.
- (8) The amount of the school district property tax replacement payment to be received by the school district under section 257.16B.
- (9) The total teacher leadership supplement district cost.
- (10) The amount of the foundation base supplement payment to be received by the school district under section 257.16D.

b. For the budget year beginning July 1, 2008, and succeeding budget years, the department of management shall annually determine an adjusted additional property tax levy and a statewide maximum adjusted additional property tax levy rate, not to exceed the statewide average additional property tax levy rate, calculated by dividing the total adjusted additional property tax levy dollars statewide by the statewide total net taxable valuation. For purposes of this paragraph, the adjusted additional property tax levy shall be that portion of the additional property tax levy corresponding to the state cost per pupil multiplied by a school district's weighted enrollment, and then multiplied by one hundred percent less the regular program foundation base per pupil percentage pursuant to section 257.1, and then reduced by the amount of the property tax replacement payment to be received under section 257.16B and the amount of the foundation base supplement payment to be received under section 257.16D. The district shall receive adjusted additional property tax levy aid in an amount equal to the difference between the adjusted additional property tax levy rate and the statewide maximum adjusted additional property tax levy rate, as applied per thousand dollars of assessed valuation on all taxable property in the district. The statewide maximum adjusted additional property tax levy rate shall be annually determined by the department taking into account amounts allocated pursuant to section 257.15, subsection 4, and the balance of the property tax equity and relief fund created in section 257.16A at the end of the calendar year.

2. *Supplemental aid.*

a. However, if the rate of the additional property tax levy determined under subsection 1 with the application of section 257.15 for a budget year for a reorganized school district is higher than the rate of additional property tax levy determined under subsection 1 with the application of section 257.15 for the year previous to the reorganization for a school district that had a certified enrollment of less than six hundred and that was within the school districts affected by the reorganization as defined in section 275.1, the department of management shall reduce the rate of the additional property tax levy in the portion of the reorganized district where the new rate is higher, to the rate that was levied in that portion of the district during the year preceding the reorganization, for a five-year period. The department of management shall include in the state aid payments made to each reorganized school district under section 257.16 during each of the first five years of existence of the reorganized district as supplemental aid, moneys equal to the reduction in property tax revenues made under this subsection. For the budget year beginning July 1, 1991, the base year calculation shall be made using chapter 442, Code 1991.

b. For purposes of this section, a reorganized school district is one in which action to bring about a reorganization was initiated by a vote of the board of directors or jointly by the affected boards of directors prior to November 30, 1990, and the reorganization will take effect on or after July 1, 1991, and on or before July 1, 1993. Each district which initiated, by a vote of the board of directors or jointly by the affected boards, action to bring about a reorganization or dissolution by November 30, 1990, shall certify the date and the nature of the action taken to the department of education by September 1, 1991.

3. *Application of tax.* No later than June 15 of each year, the department of management shall notify the county auditor of each county the amount, in dollars and cents per thousand dollars of assessed value, of the additional property tax levy in each school district in the

county. A county auditor shall spread the additional property tax levy for each school district in the county over all taxable property in the district.

2. There is appropriated from the general fund of the state to the department of management for each fiscal year an amount sufficient to pay the supplemental aid to school districts under this section. Supplemental aid shall be paid in the manner provided in section 257.16.

3. For the purpose of the department of management's determination of the portion of a school district's budget that was property tax and the portion that was state aid under section 257.36, supplemental aid shall be considered property tax.

257.6 Enrollment.

1. Actual enrollment.

a. Actual enrollment is determined annually on October 1, or the first Monday in October if October 1 falls on a Saturday or Sunday, and includes all of the following:

(1) Resident pupils who were enrolled in public schools within the district in grades kindergarten through twelve and including prekindergarten pupils enrolled in special education programs.

(2) Full-time equivalent resident pupils of high school age for which the district pays tuition to attend an Iowa community college.

(3) Shared-time and part-time pupils of school age enrolled in public schools within the district, irrespective of the districts in which the pupils reside, in the proportion that the time for which they are enrolled or receive instruction for the school year is to the time that full-time pupils carrying a normal course schedule, at the same grade level, in the same school district, for the same school year, are enrolled and receive instruction. Tuition charges to the parent or guardian of a shared-time or part-time nonresident pupil shall be reduced by the amount of any increased state aid received by the district by the counting of the pupil. This subparagraph applies to pupils enrolled in grades nine through twelve under section 299A.8 and to pupils from accredited nonpublic schools accessing classes or services on the accredited nonpublic school premises under section 256.12 or on the school district site, but excludes accredited nonpublic school pupils receiving classes or services funded entirely by federal grants or allocations.

(4) Eleventh and twelfth grade nonresident pupils who were residents of the district during the preceding school year and are enrolled in the district until the pupils graduate. Tuition for those pupils shall not be charged by the district in which the pupils are enrolled and the requirements of section 282.18 do not apply.

(5) Resident pupils receiving competent private instruction from a licensed practitioner provided through a public school district pursuant to chapter 299A shall be counted as three-tenths of one pupil. Revenues received by a school district attributed to a school district's weighted enrollment pursuant to this subparagraph shall be expended for the purpose for which the weighting was assigned under this subparagraph. If the school district determines that the expenditures associated with providing competent private instruction pursuant to chapter 299A are in excess of the revenue attributed to the school district's weighted enrollment for such instruction in accordance with this subparagraph, the school district may submit a request to the school budget review committee for a modified supplemental amount in accordance with section 257.31, subsection 5, paragraph

“n”. A home school assistance program shall not provide moneys received pursuant to this subparagraph, nor resources paid for with moneys received pursuant to this subparagraph, to parents or students utilizing the program. Moneys received by a school district pursuant to this subparagraph shall be used as provided in section 299A.12.

(6) Resident pupils receiving competent private instruction under dual enrollment pursuant to chapter 299A shall be counted as one-tenth of one pupil.

(7) A student attending an accredited nonpublic school or receiving competent private instruction under chapter 299A, who is assigned to a therapeutic classroom in accordance with section 256.25A or is participating in a program under chapter 261E, shall be counted as a shared-time student in the school district in which the nonpublic school of attendance is located for state foundation aid purposes.

(8) Pupils who are enrolled in public schools within the district under section 282.1, subsection 3, in grades kindergarten through twelve and including prekindergarten pupils enrolled in special education programs.

(9) Resident pupils enrolled in a charter school under chapter 256E or 256F.

b. A school district shall certify its actual enrollment to the department of education by October 15 of each year, and the department shall promptly forward the information to the department of management.

c. The department of management shall adjust the enrollment of the school district for the audit year based upon reports filed under section 11.6, and shall further adjust the budget of the second year succeeding the audit year for the property tax and state aid portions of the reported differences in enrollments for the year succeeding the audit year.

2. *Basic enrollment.* Basic enrollment for a budget year is a district’s actual enrollment for the base year. Basic enrollment for the base year is a district’s actual enrollment for the year preceding the base year.

3. *Additional enrollment because of special education.*

a. A school district shall determine its additional enrollment because of special education, as defined in this section, by November 1 of each year and shall certify its additional enrollment because of special education to the department of education by November 15 of each year, and the department shall promptly forward the information to the department of management.

b. For the purposes of this chapter, “*additional enrollment because of special education*” is determined by multiplying the weighting of each category of child under section 256B.9 times the number of children in each category totaled for all categories minus the total number of children in all categories.

4. *Budget enrollment.* Budget enrollment for the budget year is the basic enrollment for the budget year.

5. *Weighted enrollment.*

a. Weighted enrollment is the budget enrollment plus the district’s additional enrollment because of special education calculated by November 1 of the base year plus additional pupils added due to the application of the supplementary weighting.

b. Weighted enrollment for special education support services costs is equal to the weighted enrollment minus the additional pupils added due to the application of the supplementary weighting.

6. *Students excluded.* For the school year beginning July 1, 2008, and each succeeding school year, a student shall not be included in a district’s enrollment for purposes of this chapter or considered an eligible pupil under section 261E.6 if the student meets all of the following:

a. Was eligible to receive a diploma with the class in which they were enrolled and that class graduated in the previous school year.

b. Continues enrollment in the district to take courses either provided by the district or offered by community colleges under the provisions of section 257.11, or to take courses under the provisions of section 261E.6.
