This subparagraph (3) shall apply to a spouse only if the spouse was married to the employee-owner on the date of the sale or exchange or the date of death of the employee-owner.

(4) If the employee-owner dies after having sold or exchanged qualifying capital stock without having made an election under this subsection, the surviving spouse or, if there is no surviving spouse, the personal representative of the employee-owner's estate, may make the election that would have qualified under this subsection.

d. The department shall establish criteria, by rule, relating to whether and how a surviving spouse may claim the income exclusion for which a deceased eligible individual would have been eligible under this subsection.

e. Net income from a farm tenancy agreement earned, received, or reported by an entity taxed as a partnership for federal tax purposes, an S corporation, or a trust or estate is not eligible for the election and deduction in this subsection, even if such net income ultimately passes through to an eligible individual.

Buildings which are primarily used or intended for human habitation are deemed to be used in a farming business when the building is located on or adjacent

Land and the nonresidential improvements and structures located on such land that shall be considered to be used primarily in a farming business include but are not limited to land, improvements or structures used for the storage or maintenance of farm machinery or equipment, for the drying, storage, handling, or preservation of agricultural crops, or for the storage of farm inputs, feed, or manure. Real property used in a farming business shall also include woodland, wasteland, pastureland, and idled land used for the conservation of natural resources including soil and water.

(b) Real property classified as agricultural property for Iowa property tax purposes, except real property described in section 441.21, subsection 12, paragraph "a" or "b", shall be presumed to be real property used in a farming business. (6) "Relative" means a person that satisfies one or more of the following conditions:

conditions are satisfied:

(1) The taxpayer has materially participated in a farming business for a minimum of ten years and has held the real property used in a farming business for a minimum of ten years. If the taxpayer is a retired farmer, the taxpayer is considered to meet the material participation requirement if the taxpayer materially participated in a farming business for ten years or more in the aggregate, prior to making an election under this subsection.

(2) The taxpayer has held the real property used in a farming business which is sold to a relative of the taxpayer.

c. For a taxpayer who is a retired farmer, subtract the net capital gain from the sale of cattle or horses held by the taxpayer for breeding, draft, dairy, or sporting purposes for a period of twenty-four months or more from the date of acquisition; but only if the taxpayer materially participated in the farming business for five of the eight years preceding the farmer's retirement or disability and who has sold all or substantially all of the taxpayer's interest in the farming business by the time the election under this paragraph is made.

d. For a taxpayer who is a retired farmer, subtract the net capital gain from the sale of breeding livestock, other than cattle and horses, if the livestock is held by the taxpayer for a period of twelve months or more from the date of acquisition; but only if the taxpayer materially participated in the farming business for five of the eight years preceding the farmer's retirement or disability and who has sold all or substantially all of the taxpayer's interest in the farming business by the time the election under this paragraph is made.

e. A taxpayer who is a retired farmer may make, subject to the limitations described in paragraphs "f" and "g", a single, lifetime election to exclude all qualifying capital gains under paragraphs "b", "c", and "d".

f. A taxpayer who is a retired farmer who elects to exclude capital gains under paragraph "b", "c", or "d" shall not claim the beginning farmer tax credit under section 422.11E or the exclusion for net income received pursuant to a farm tenancy agreement in subsection 21A, in the tax year in which this election is made or in any subsequent year.

g. A taxpayer who is a retired farmer who claims the beginning farmer tax credit under section 422.11E shall not, in the same year, make an election under this subsection. A taxpayer who is a retired farmer and who elects to exclude the net income received from a farm tenancy agreement under subsection 21A, shall not, in the same tax year or in any subsequent tax year, make the election under this subsection.

h. Married individuals who file separate state income tax returns shall allocate their combined annual net capital gain exclusion under paragraphs "b", "c", and "d" to each spouse in the proportion that each spouse's respective net capital gain bears to the total net capital gain.

i. The department shall establish criteria, by rule, relating to whether and how a surviving spouse may claim the income exclusion for which a deceased retired farmer would have been eligible under this subsection.
