NEW SUBSECTION. 5. For the purpose of enabling the department to determine compliance with subchapter III, the department shall have the right to inspect any premises of the holder of an Iowa permit located within the state of Iowa where vapor products are stored, transported, sold, or offered for sale or exchanged, to examine all stocks of vapor products of the permit holder, and to examine all of the records required to be kept or any other records that may be kept incident to the conduct of the vapor products business of the permit holder or any other person dealing in vapor products. It shall be unlawful for any such permit holder to fail to produce upon demand of the department any records required to be kept, or to hinder or prevent in any manner the inspection of the records or the examination of the premises or stock as specified in this subsection.

Sec. 2. Section 453A.35, subsection 1, paragraph b, Code 2024, is amended to read as follows:

Moneys in the fund shall be separate from the general fund of the state and shall not be considered part of the general fund of the state. However, the fund shall be considered a special account for the purposes of [section 8.53](#) relating to generally accepted accounting principles. Sec. 4. NEW SECTION. **453A.52 Vapor products directory — established — requirements.**

1. By August 1, annually, following the date the director

first makes the vapor products directory available as specified in section 453A.52A, every vapor products manufacturer where vapor products are sold in the state, whether directly or through a distributor, wholesaler, retailer, or similar intermediary or intermediaries, shall certify under penalty of perjury on a form and in the manner prescribed by the director, that the vapor products manufacturer agrees to comply with this subchapter and to one of the following:

*a.* That the vapor products manufacturer has received a marketing authorization or similar order for the vapor product from the United States food and drug administration pursuant to 21 U.S.C. §387j.

*b.* That the vapor product was marketed in the United States as of August 8, 2016, the vapor products manufacturer submitted a premarket tobacco product application for the vapor product to the United States food and drug administration pursuant to 21 U.S.C. §387j on or before September 9, 2020, and the application either remains under review by the United States food and drug administration or a final decision on the application has not otherwise taken effect.

2. A vapor products manufacturer shall submit a certification form that separately lists each of the vapor products manufacturer's vapor products sold in this state.

3. Each initial and annual certification form required to be submitted under this section shall be accompanied by both of the following:

*a.* A copy of the marketing authorization or other order for each vapor product issued by the United States food and drug administration pursuant to 21 U.S.C. §387j, or evidence that the premarket tobacco product application for each vapor product was submitted to the United States food and drug administration and a final authorization or order has not yet taken effect.

*b.* A payment of one hundred dollars for each vapor product listed in the certification.

4. A vapor products manufacturer required to submit a certification form under this section shall notify the director within thirty business days of any material change to the certification form, including the issuance or denial of a

marketing authorization or other order by the United States food and drug administration pursuant to 21 U.S.C. §387j, or any other order or action by the United States food and drug administration that affects the authorization of the vapor product to be introduced or delivered into interstate commerce for commercial distribution in the United States.

5. *a.* The director shall maintain and make publicly available a vapor products directory that lists all vapor products manufacturers and vapor products for which certification forms have been submitted.

*b.* The director shall make the directory available on the department's internet site.

Notice shall be sufficient and be deemed immediately received by a vapor products manufacturer if the notice is sent either electronically or by facsimile to an electronic mail address or facsimile number, as applicable, provided by the vapor products manufacturer in the vapor products manufacturer's most recent certification filed under this section.

*c.* The vapor products manufacturer shall have fifteen business days from the date of service of the notice of intended action to establish that the vapor products manufacturer or the vapor product should be included in the directory.

*d.* A determination by the director to not include or to

remove a vapor products manufacturer or a vapor product from the directory shall be subject to review by the filing of a civil action for prospective declaratory or injunctive relief.

7. If a vapor product is removed from the directory, the director shall notify each retailer, distributor, and wholesaler of the removal of the vapor product and the effective date of such removal from the directory via electronic communication.

8. If a vapor product is removed from the directory, each retailer, distributor, and wholesaler shall have twenty-one business days from the day such vapor product is removed from the directory to remove the vapor product from its inventory and return the vapor product to the vapor products manufacturer for disposal. After twenty-one business days following removal from the directory, the vapor products of a vapor products manufacturer identified in the notice of removal are contraband and are subject to seizure, forfeiture, and destruction, and shall not be purchased or sold in the state. The cost of such seizure, forfeiture, and destruction shall be borne by the person from whom the vapor products are confiscated.
