

Iowa Wind Energy — 2020

5,590 Turbines
Statewide

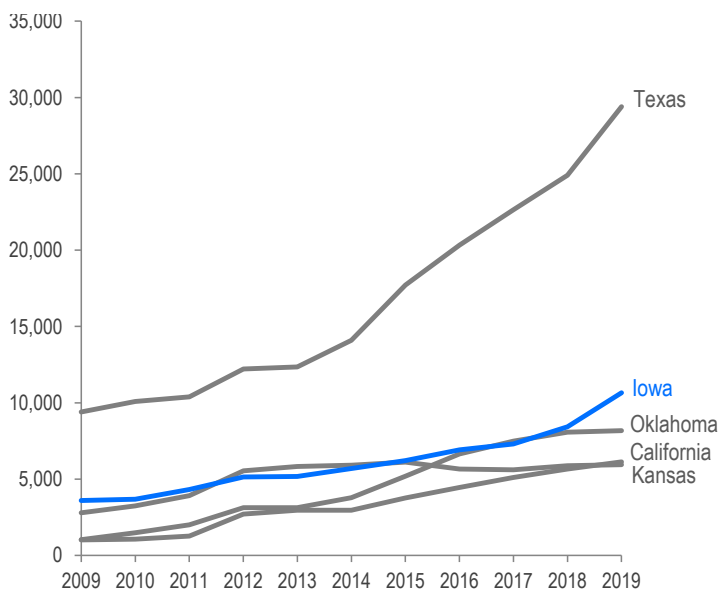

10,664 Total Generating
Capacity in Megawatts

41.9% Estimated Percentage
of Electricity Generated
by Wind in Iowa in 2019

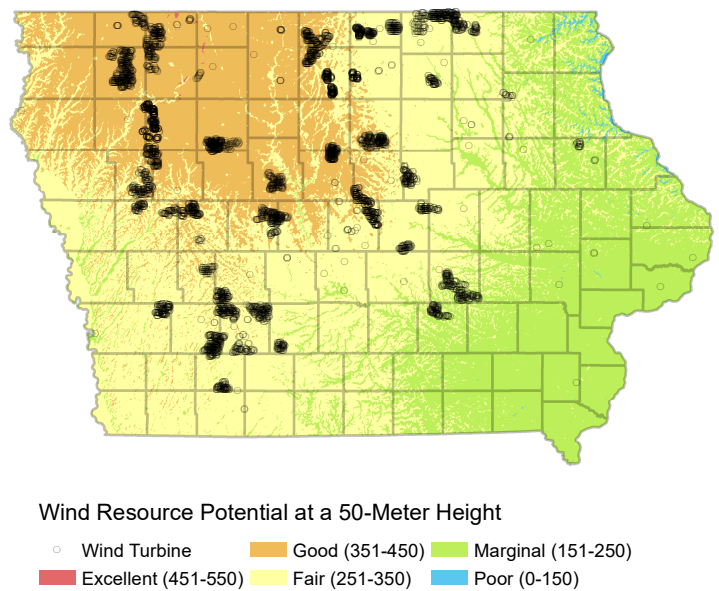

Installed Wind Energy Generating Capacity and Number of Turbines — May 2020

Top Five States by Installed Wind Capacity In Megawatts (MW)

Wind Resource Potential in Iowa With Individual Turbine Locations
