COMPILED BY
FRANK D. JACKSON,
SECRETARY OF STATE.

JAMES CLARKE.
THIRD AND LAST TERRITORIAL GOVERNOR OF IOWA.

The cover features a decorative border of agricultural products. On the left, there is a cluster of flowers, including what appears to be a daisy and a clover. On the right, several stalks of wheat or grain are shown, some with their heads. The entire scene is rendered in a detailed, engraved style.

In 1858 the Iowa Legislature passed an act establishing the Iowa Agricultural College for the purpose of giving academic instruction to the industrial classes, and appropriated \$10,000 to purchase a farm for the location of the college buildings and for experiments in agriculture.

In 1859 the trustees purchased a farm of 648 acres in Ames, Story county, on the line of the Chicago & Northwestern Railway.

In 1862 Congress passed a bill "donating public lands to the several States and Territories, which may provide colleges for the benefit of agriculture and the mechanic arts." This act was the basis of the present endowment of the College.

The courses of study adopted at the first embrace very thorough instruction in all the natural sciences, with their special application in agriculture and the mechanic arts. Also instruction in English language and literature, and in French and German.

Courses of Study.—While this College has held fast to the letter and spirit of the organic law in providing the very best facilities and courses of instruction in "Agriculture and Mechanic Arts and in Military Tactics," it has also followed the law in "not excluding other scientific and classical studies," "in order to promote the liberal and practical education of the industrial classes in the several pursuits and professions of life."

Six courses of study are offered, all scientific, technical or industrial, according to the clear intent and in the full spirit of the organic law of Congress that founded the College. They are in brief, (1) in Industrial Science; (2) for Ladies in Science, Literature and Domestic Economy; (3) in Agriculture and Horticulture; (4) in Mechanical Engineering; (5) in Civil Engineering; (6) in Veterinary Science.

Thorough instruction is also given in piano, pipe organ and vocal music, instruction in vocal music being free in the Freshman year. The long-winter vacation, from November 14th to February 28th, permits teachers in the common schools to teach a winter school of sixteen weeks, and keep right on in college, thus nearly paying their way through.

Income.—The national endowments and appropriations amount to about \$60,000, over \$25,000 of which is expended each year directly upon investigations and experiments, and instruction in agriculture and horticulture.

Buildings.—The largest or main College building is four stories high above the basement, and is 158 feet long by 112 deep through the wings. In the basement are the dining-room, kitchen, rooms for help, one large society room and the postoffice. On the first floor, proper, are the chapel, the library, reception rooms, recitation rooms, music rooms, and offices of the teachers and of the steward. On the second floor are several recitation rooms and rooms for professors and students. On the third and fourth floors are students' rooms and the zoological and geological museums. About two hundred students can be accommodated with rooms in this building. All the rooms are heated by steam and lighted by electricity. Pure spring water is supplied in all the stories of the building, forced up by a steam pump.

There are on the large and beautiful College campus eleven other buildings, used exclusively for College purposes, aside from the barns, creamery, store-houses, and the dwellings of the professors, foremen and assistants. There is accommodation for three hundred students, and there are abundant facilities for instruction.

Cost of Buildings.—The total of all appropriations by the State to June, 1887, for buildings, permanent fixtures, machinery and apparatus and expenses of trustees, etc., is \$454,098.75, so that it is fair to say that the cost to the State of the buildings and fixed apparatus is over \$300,000, besides the movable apparatus paid for from the interest on the national endowment.

College Campus—Is one of the most extensive in the West; a beautiful park, where the principles of landscape gardening have been so carefully obeyed as to please the eye and cultivate the taste.

Veterinary Department—Is one of the few complete veterinary colleges of the land. It graduates doctors of veterinary medicine, equipped with a thorough scientific knowledge and training.

Mechanical Department—Is thoroughly equipped with machine

shops for instruction in wood and iron work; the plant, machinery and apparatus costing over \$40,000. It graduates its students competent to act as mechanical and electrical engineers, foremen in shops, and experts in mechanism, etc.

Civil Engineering Department—Is fully equipped, too, with necessary instruments, models and drawing facilities, and is in charge of a competent professor, while all the mathematical studies of the general course strengthen this department also. Its graduates are fitted to enter upon the duties of county surveyors and railway engineers.

Agricultural and Horticultural Departments.—Far more money is expended annually upon these departments, including the experiment station, than upon any other three departments. The trustees have endeavored to provide the best instructors and the best experimenters that the country affords. Much paid labor is furnished to the students in these departments, in connection with farm crops and stock, and the orchard, garden and plat experiments.

Philosophy, History, Mathematics, Language and Literature.—While not a school of philosophy, or a classical college, thorough though not extended instruction in the above subjects is given, chiefly as an essential basis for, and aid in the distinctive work of the College. The studies pursued under these general heads are English Language and Composition, Elocution, Rhetoric, English Literature, History, (Ancient, Mediaeval and Modern), French, German, Latin, Political Economy, Commercial Law, Psychology, History of Civilization, and Ethics. The drill in Mathematics is exceedingly thorough.

The College catalogue gives a full account of the method pursued in each of these studies, and shows that they all form essential parts of one or the other of the industrial courses. The catalogue will be sent to any address on application to the President of the College, Ames, Iowa.

The College has lately issued an original and artistic pamphlet. It contains twelve full-page photo-engravings of exteriors and interiors of buildings, and of general views, accompanied by verbal descriptions. It gives an excellent idea of the large opportunities for a thorough scientific, technical and agricultural education offered free to the industrial classes of the State.

Though commonly called "Agricultural College," it is by its organic law "Mechanical" also. It is indeed one of the best schools of pure technological science in the land. Our young people who desire such an education should at least send to the President at Ames, for this illustrated pamphlet.

Appropriation by Twenty-second General Assembly, \$7,000.

The Society holds its annual meetings in January, the meeting being composed of delegates from each local society in the State. At these meetings the officers are elected to serve for one year, and five directors to serve for two years.

The Society, in compliance with law, publishes annually a report of its doings.

There are one hundred and four local societies in the State.

The Society has fitted up at an expense of about \$125,000, one of the finest grounds, on which to hold its annual exhibitions, to be found in any of the Western States.

The amount paid in premiums at their annual fairs exceeds \$25,000.

Appropriation by Twenty-second General Assembly, \$9,500.

BOARD OF DENTAL EXAMINERS.

The Board of Dental Examiners originated with the Nineteenth General Assembly. The act for its establishment provides for the

appointment by the Governor of a board consisting of five practical dentists, each of five years standing in the State. Their appointment shall be for a term of five years' service. They shall hold their meetings at least once a year, or oftener if deemed necessary.

Dentists doing business in the State must register with this Board, and persons commencing the practice of dentistry who have not a diploma from some reputable dental college, must be examined and receive license from the Board. There are five hundred and twenty thus registered.

The act provides for an annual report to the Governor, of the doings of the Board.

Total number of registered and licensed dentists in Iowa, 547.

The Board was created by an act of the Eighteenth General Assembly, and was vested with the general supervision of the interests

of the health and life of the citizens of the State, and of all matters of quarantine, and with power to make such regulations as they may deem necessary for the preservation of the public health.

The meetings of the Board are held the first Wednesday in May and November of each year, at the Capitol.

The members of the Board are appointed by the Governor, with the approval of the Executive Council, one each year, and hold their office seven years.

The Secretary and Assistant are appointed by the Board.

By an act of the Twenty-first General Assembly, to regulate the practice of medicine, a State Board of Medical Examiners was created, to consist of the physicians of the State Board of Health, and its Secretary. Under this act every person practicing medicine in the State of Iowa is required to procure a certificate from this Board. The Board issues four classes of certificates: "A," to graduates of legally recognized medical colleges; "B," to those who have practiced continuously five years in this State, three years of which was in one locality; "C," to those who have passed a satisfactory examination before the Board; "D," to those who hold certificates granted by Boards of Examiners of other States on examination had before such Board.

The Board have the right to refuse a certificate in any class for incompetency.

COLLEGE FOR THE BLIND—VINTON.

Principal—THOMAS F. McCUNE, A. M., Vinton.

<i>Trustees</i> —S. W. Soesbe, Greene, <i>President</i>	1890
C. O. Harrington, Vinton, <i>Treasurer</i>	1892
Jacob Springer, Watkins.....	1890
G. M. Miller, Hazelton.....	1892
W. F. Noftsger, Pella.....	1890
John Killen, Monona.....	1892

The College for the Blind is not an asylum, but a well appointed school, equaling, in the amount of its apparatus, the thoroughness of its instruction, and the fullness of its curriculum, the best public schools in Iowa. It was established by the citizens of this State, in order that their blind children might enjoy educational advantages, similar if not superior to those afforded their more fortunate sighted children. During the thirty-six years of its existence, it has received from the State treasury and paid out again, for improvements and repairs, clothing for pupils, support and current expenses, the sum of \$867,691.30.

The school term begins on the first Wednesday in September and ends about the third week in June. It is desirable that the students enter at the first and remain until the close. They may, however, be admitted at any time, and they are at liberty to go home whenever their parents send for them.

The teachers will compare favorably with those in any locality. The principal branches taught are raised print, point system, arithmetic, spelling, geography, history, grammar, natural philosophy, algebra, rhetoric, physiology, zoology, chemistry, moral

philosophy, civil government, political economy, geometry, English and American literature. The kindergarten is well supplied with the latest and best facilities. The exhibit of wire work, card drawing, paper folding, and clay modeling, the work of little blind boys and girls—many of them under eight years of age—excites the surprise and admiration of all visitors.

The department of music is supplied with twenty-three pianos, one pipe organ, three cabinet organs, and a sufficient number of violins, guitars, bass viols, and brass instruments. Every student capable of receiving it, is given a complete course in this branch.

In the industrial department, the girls are required to learn knitting, crocheting, fancy work, hand and machine sewing; the boys, netting, mattress making, and cane seating. Those of either sex, who so desire, may learn carpet weaving and broom making.

These advantages are free to every person, either blind or of defective vision, and of suitable school age and capacity, in the State. All that the friends are expected to do, is to pay the traveling expenses and furnish clothing. If they are unable to clothe the pupil, the necessary clothing will be furnished here and the bill sent to the county from which the pupil comes.

The pupils are treated, free of charge, by superior oculists who visit the College several times during the term.

The food is abundant and wholesome. The trustees prescribe the bill of fare for every meal.

Many intelligent parents allow their little blind child to sit idle most of the day, and to contract all sorts of disgusting habits. After a short stay here those habits would be corrected, the child would eat properly at the table, and would run and jump on the play ground with as much vigor as its stronger sighted brother at home,

Two classes of parents are especially hard to reach. One is the "well-to-do" man who will not send his child to an institution

supported by the State. Such sentimentalism is absurd. Some of the best families in Iowa have children here. The other is the ignorant man who will not send, fearing that his child will be starved or abused. A secret or open visit to the College will dispel this foolish belief.

In different neighborhoods there may be old blind people who would be happy if they could find something to do. This institution can make them happy by sending them books and papers in raised print or point. Adults who cannot learn the raised print, easily learn the point. Religious and secular literature, in either print, will be sent free to any blind person in Iowa who will pay transportation charges. These books do not cost the State a penny.

It is to be hoped every one will send to the principal of this school, the name and address of every blind man, woman, or child within his knowledge.

Appropriation by Twenty-second General Assembly, \$17,034.80.

COMMISSIONERS OF PHARMACY.

<i>President</i> —JOHN H. PICKETT, Oskaloosa.....	1892
<i>Secretary</i> —C. A. WEAVER, Des Moines.....	1890
H. K. SNIDER, Grinnell.....	1891

Chapter 75, laws of the Eighteenth General Assembly, provides for the better regulation of the practice of pharmacy and sale of medicines and poisons. One of the provisions of said act was for the appointment by the Governor, with the advice of the executive

council, of three persons from among the most competent pharmacists in the State, who shall be known and styled Commissioners of Pharmacy.

Members of the Board are appointed for a term of three years, one member each year. Every person who shall desire to conduct the business of selling at retail, compounding or dispensing drugs, etc., for medical use, must first be examined by said Board and their names registered in a book kept by the Board for that purpose, showing also his residence, together with the date of issuing certificate.

Graduates in pharmacy from an incorporated college or school of pharmacy that requires a practical experience of not less than four years before granting a diploma, may be registered without examination, upon payment of two dollars.

Fee for examination and certificate, \$5.

The Nineteenth General Assembly passed an act creating a State Educational Board of Examiners and to encourage training in the science and art of teaching. The Board consists of the Superintendent of Public Instruction, the President of the State University, the President of the State Normal School, and two persons, one of

whom shall be a woman, appointed by the Executive Council for terms of four years, and are not eligible for re-appointment.

The Board holds annually at least two public examinations of teachers and a full record of their proceedings as well as a complete register of all persons to whom certificates and diplomas are issued, is kept by the Board.

Persons holding a certificate from the Board are authorized, for a term of five years, to teach in any public school of the State.

Fee for State certificate, \$3, and for State diploma, \$5, fees when collected to be paid into the State Treasury. If, however, an applicant shall fail in the examination, one half of the fee is returned.

The Society was organized in 1857, by an act of the Sixth General Assembly, which provided for its permanent location at Iowa City, under the auspices of the State University. Its chief objects are the collecting, arranging and preserving in authentic form all materials, written, printed or traditional, relative to the history of Iowa, to rescue from oblivion the memory of its pioneers, their perils, privations and hardy adventures, and to secure facts and statements pertaining to our Indian tribes. It has collected files of most of the newspapers of Iowa, which have been bound. Some of these files extend back to the earliest settlement of Iowa,

The War of the Rebellion opened a new field for the labors of the Society. Since its close, to collect and preserve histories and memoirs commemorating the bravery and heroism of the soldiers and the fortitude and patriotism of the people of Iowa, has been a prominent feature of its work. Its cabinet and library contain a vast accumulation of interesting relics and valuable histories, which latter are constantly being consulted by persons engaged in historical investigations relating to Iowa.

In 1863 the Society began the publication of the *Annals of Iowa*, a quarterly publication, which afforded a ready means of reducing to printed form some of the valuable manuscripts accumulating in their possession, and a convenient medium of exchange with sister societies in different parts of the country. Its publication was suspended in 1874, for want of means, but was resumed under the name of "*The Iowa Historical Record*," in 1885. The Society

library and cabinet occupy a fire-proof building in a part of Iowa City, convenient and acceptable to the public, which is visited by thousands of people every year.

HORTICULTURAL SOCIETY.

President—SILAS WILSON, Atlantic.
Vice-President—EUGENE SECOR, Forest City.
Secretary—GEORGE VAN HOUTEN, Lenox.
Treasurer—HENRY STROHM, Iowa City,
Librarian—G. W. BRACKETT, Denmark.

DIRECTORS.

First District—Jonathan Thatcher, Bonaparte.
Second District—F. H. Bruning, Kent.
Third District—A. F. Collman, Corning.
Fourth District—N. K. Fluke, Davenport.
Fifth District—H. W. Lathrop, Iowa City.
Sixth District—C. L. Watrous, Des Moines.
Seventh District—Christian Steinman, Mapleton.
Eighth District—R. P. Speer, Cedar Falls.
Ninth District—W. C. Haviland, Fort Dodge.
Tenth District—M. E. Hinckley, Marcus.
Eleventh District—C. G. Patten, Charles City.
Twelfth District—J. M. Elder, Concord.

The object of the Society is the promotion and encouragement of horticulture and arboreculture in Iowa, by the collection and dissemination of practical information regarding the cultivation of

such fruits, flowers and trees as are best adapted to the soil and climate of the State.

The Society publishes lists of fruits, as well as trees for timber or ornament, best suited to growth in this State.

In order to facilitate the work the State is divided into twelve districts, each having its own director, and holding its own meetings, and it is the duty of the directors to report to the Secretary of the Society.

The Society has now established twenty experimental stations in different parts of the State, for the purpose of testing trees, shrubs, plants and fruits, before recommending them for cultivation.

The annual meetings of the Society will hereafter be held at their rooms in the capitol, on the third Tuesday of each year.

The Society publishes an annual report full of interesting and valuable papers.

HOSPITAL FOR INSANE—CLARINDA.

P. W. LEWELLEN, M. D., Clarinda—*Superintendent.*

<i>Trustees</i> —E. J. HARTSHORN, Emmetsburg, <i>President</i>	1892

J. H. Dunlap, Clarinda	1894
J. D. M. Hamilton, Ft. Madison	1892
Ed. H. Hunter, Des Moines	1890

Treasurer—L. E. DARROW, Corning.

This Hospital was built in accordance with an act of the Twentieth General Assembly (1884). Clarinda, Page county, was selected as the location, and on July 4, 1885, the corner stone was laid for the building, which was completed and opened for the reception of patients December 15, 1888, at which time there was received from

Mt. Pleasant, 126; Independence, 90; Mercy Hospital, 6; and afterwards from the various counties comprising the district, 52; making in all, 274 male patients.

The buildings now completed consist of:

First—Administration building, containing all necessary offices and quarters for medical staff, stewards and general officers.

Second—The supervisor's department.

Third—A series of six wards, accommodating two hundred patients.

Fourth—The kitchen department, embracing the bakery, storage rooms, quarters for kitchen help, etc., with sufficient capacity for a hospital accommodating a thousand patients.

Appropriation by the Twenty-second General Assembly, \$102,000.

HOSPITAL FOR INSANE—INDEPENDENCE.

GERSHOM H. HILL, M. D., Independence—*Superintendent.*

<i>Trustees</i> —LEWIS H. SMITH, Algona, <i>President</i>	1890

R. A. Dunkelburg, Denver	1892

Treasurer—GEO. W. BEMIS, Independence.

The Twelfth General Assembly passed an act permanently establishing an additional institution for the care of the insane, at Independence, Buchanan county, making an appropriation for the purpose of commencing work on the buildings.

The farm attached to this Hospital now comprises 580 acres, which enables the institution to raise all the vegetables and small

fruits used, as well as abundance of food for the stock employed on the farm.

There has been admitted to this Hospital during the biennial period ending June 30, 1889, males, 348; females, 282; a total of 630. During the same period there was discharged as cured, 168; improved, 315; unimproved, 153; died, 124; total, 655. At the date above named the total number of patients was, males, 396; females, 370; total, 766.

Appropriation by Twenty-second General Assembly, \$28,750.

HOSPITAL FOR INSANE—MT. PLEASANT.

G. H. Spahr, Mt. Pleasant	1890
Samuel Klein, Keokuk	1890

Treasurer—C. V. ARNOLD, Mt. Pleasant.

The Fifth General Assembly, by act approved January 24, 1855, established the above named institution, and appropriated for the purchase of grounds, \$4,425, also \$40,000 for the buildings. The institution received small amounts from time to time from the Saline land fund.

The institution was formally opened March 6, 1861.

During the biennial period just closed, the total number cared for has reached 1,460; 753 patients have been admitted during the period, 428 men, and 325 women; 701 have been discharged, 512 men and 189 women. Of this number 225—136 men and 89 women

—have recovered; 177—139 men and 38 women were much improved; 107—66 men and 41 women—died. Of the whole number of deaths only 12 resulted of acute brain disease—nearly all of the others were of chronic brain disease. The per cent of deaths to whole number treated was but $7\frac{1}{2}$, while the per cent of recoveries was about 30.

The hospital farm consists of 580 acres of excellent land, provided with two never-failing springs of pure water, and enables the institution to keep a herd of over 100 head of cows, besides the opportunity to raise all vegetables, corn, oats, and grass required.

Appropriation by the Twenty-second General Assembly, \$55,000.

The Improved Stock Breeders' Association has, as its name implies, for its object the improvement of Iowa live stock.

The association was organized in 1874, and has been in successful operation ever since. They make annual reports through their secretary, showing opinions and experience of prominent stock raisers throughout the State.

The sixteenth annual meeting of the Iowa Improved Stock Breeders' Association at Hampton, Iowa, December 4 to 6, 1889, was

one of the most interesting and important ever held in the State. The attendance of members from a distance was, perhaps, a little less than usual, on account of difficult railroad connections, but the attendance of all the sessions was excellent. The proceedings will contain a stenographic report of all discussions and papers, as well as the names and cards of the members of the association.

The next meeting will be at Oskaloosa, December 3, 1890.

INDUSTRIAL SCHOOLS.

B. J. MILES, Eldora, *Superintendent Boys' Department.*

C. C. CORY, Mitchellville, *Superintendent Girls' Department.*

<i>Trustees</i> —THOMAS MITCHELL, Mitchellville, <i>President</i>	1894
THOMAS E. CORNHILL, Mt. Pleasant. <i>Secretary</i>	1890
W. J. MOIR, Eldora, <i>Treasurer</i>	1892
Mrs. Marian Loomis, Clermont.....	1892
Dr. H. L. Getz, Marshalltown	1894

The General Assembly, by an act approved March 31, 1868, established the Iowa Reform School, and opened it for the reception of boys, on a farm in Lee county, which is owned by the Society of Friends, and which the society leased to the State for a period of ten years.

After remaining on this farm for about six years, a permanent location was secured near Eldora, in Hardin County, and the boys were removed to that place, and a girls' department was opened where the boys had been, and remained there until the expiration of the ten years' lease, at which time a place near Mt. Pleasant was leased from Timothy Whiting, Esq., and the girls were removed to it. After remaining here a few years a permanent place was

secured at Mitchellville, Polk County, to which it was removed, and where it remains. Both departments of the school are conducted on the family plan, and are controlled by one Board of Trustees, consisting at present of four gentlemen and one lady, who are appointed by the legislature for a term of six years each.

The various branches taught in the common schools of the State are taught in this institution, as well as certain mechanical pursuits, such as tailoring, shoemaking, broom-making, etc.

Each inmate, if capable, is expected to perform a certain amount of labor, and it is so arranged that each one receives one half day's schooling and performs one half day's labor each day.

The causes for which persons may be committed to the school are incorrigibility, vagrancy, misdemeanor, crime. Any court of record may commit those convicted, and when so committed "they shall be there kept, disciplined, instructed, employed and governed under the direction of the trustees, until he or she arrives at the age of majority, or is bound out, reformed, or legally discharged." The law further provides that the inmates "shall be instructed in piety and morality, and in such branches of useful knowledge as are adapted to their capacity," etc.

The Twentieth General Assembly changed the name of the institution to that of the Iowa Industrial School.

The whole number of boys received is about 1,500, and of girls about 375. Although the characters received into the institution are such in the main as would become dangerous citizens and end their days in the prisons of the country, yet under the salutary influence of the school not less perhaps than seventy-five per cent are thoroughly reformed and restored to society as industrious, law-abiding, honorable citizens.

Appropriation by the Twenty-second General Assembly: Girls' Department, \$17,250; Boys' Department, \$21,850.

INSTITUTION FOR DEAF AND DUMB—COUNCIL BLUFFS.

Sup't and Secretary—HENRY W. ROTHERT, Council Bluffs.

Principal—J. W. WYCKOFF, Council Bluffs.

<i>Trustees</i> —LOUIS WEINSTEIN, <i>President</i> , Burlington.....	1894
A. T. FLICKINGER, <i>Treasurer</i> , Council Bluffs.....	1892
C. S. RANCK, Iowa City.....	1890

The Iowa Institution for the Deaf and Dumb is located half a mile from the city limits of Council Bluffs, and is free from the many temptations to which the pupils would be exposed in a city. A healthier location would be hard to find. This Institution is free to all too deaf or dumb to be educated in the common schools, who are between the ages of nine and twenty-five, sound in mind and free from immoral habits and from contagious and offensive diseases. No charge for board nor tuition. It is a duty that parents owe to their children to give them an education, and if true of those with their faculties, still more is it true in the case of the deaf, who need to be instructed in order even to communicate with their fellow men, and to have some safeguard against the schemes of designing persons. The education offered by the Institution is free, and no parent ought to stand in the way of any mute child's obtaining what is his by right, through unwillingness to part with the child, or desire for his labor.

The session of the school begins the second Wednesday in September and continues till the second Wednesday in June. *Pupils should come promptly at the beginning and remain until the end of the session.*

Pupils should be furnished by *their friends* with sufficient clothing, but legislative provision has been made to clothe those too poor to supply themselves.

The Institution.—The buildings of the Institution are heated by steam and lighted with electricity; furnished with fire-plugs and hose on every floor, and the latest approved fire-escapes, reaching from the roof to the ground, are fixed on either end and the rear of the main building. A watchman is on duty all hours of the night, and every precaution is taken to guard against fire, so that no anxiety need be felt on that score. A competent corps of instructors of long and successful experience is employed in every department. The older pupils are instructed in such trades as are taught in the institution. The time of the pupils is considered as belonging to the institution, and no compensation is expected by them or their friends. The trades taught are: printing, shoemaking, carpentering, dress-making, farming and gardening, drawing and painting, light household work; plain sewing and knitting are also taught. Shoemaking is taught by an instructor capable of doing all kinds of work in that line.

Appropriation by Twenty-second General Assembly, \$17,800.

INSTITUTION FOR FEEBLE-MINDED—GLENWOOD.

Superintendent and Secretary—F. M. POWELL, Glenwood.

Trustees—W. H. Hall, *President*, Osceola.....1892
 F. M. Schriver, Glenwood... ..1894
 A. H. Lawrence, Le Mars.....1890

This Institution was established by the Sixteenth General Assembly of the State of Iowa, and located at Glenwood, twenty miles

south of Council Bluffs, on the C., B. & Q. R. R. The purposes or objects of the institution are to provide special methods of training for that class of children deficient in mind or marked with such peculiarities as to deprive them of the benefits and privileges provided for children with normal faculties.

The object being to make each child as nearly self-supporting as practicable, and to approach as near as possible the movements or actions of normal people. It further aims to provide a home for those who are not susceptible of mental culture, relying wholly upon others to supply their simple wants. Although children in this department are classified as non-improvable and possess a low degree of mentality, facilities are provided for such training as may tend to correct improper habits and develop an interest in their own welfare.

In the school department, lessons are imparted in the simple elements of instruction taught in common schools, as well as in industries suited to their capacities. Girls learn plain and fancy sewing and household work, while the boys are detailed to work on the farm or in the garden, in the shoe-shop, broom-shop or carpenter shop, and to assist in the various departments of the institution. The school year begins September 1st, and closes the last of June. While July and August are considered vacation months, about four fifths of the children remain during the summer, occupying their time at such work as may be assigned them or in such recreations as may be available. Beautiful groves of timber surround the institution, where much of their time is spent in suitable weather.

The law provides for the admission of children between the ages of five and eighteen. Children may be admitted at any time during the year. By request, a blank application for admission will be mailed to any address, which may be filled and signed by the parent, guardian or county board of supervisors, and returned to the superintendent, who, by direction of the board of trustees,

passes upon the eligibility of the applicant and notifies the correspondent accordingly.

After admission they may be dismissed at the discretion of the board of trustees, or if there are good reasons why they should do so, they may remain permanently. Each child admitted should be provided with not less than three changes of clothing. If the applicant be of unfortunate or untidy habits an additional number of garments should be added to the list. After becoming an inmate of the institution, clothing may be furnished by the superintendent and the bill sent to the parents or to the county auditor of the county from which the child came. The county commissioners may collect said bills if parents are able to pay them. By special request, bills may be sent direct to parents, who may remit to the institution. Statements are sent quarterly to counties and parents. The State bears all expenses except for clothing and transportation. Persons bringing children to the institution should avoid arriving on Saturday or Sunday. Our limited accommodations and exacting duties render long visits undesirable. By recent action of the board we are not at liberty to entertain visitors over night. If money, cakes or sweetmeats are given at all, it should be to the matron, who will attend to their proper distribution.

A brief report of the physical and mental condition of inmates will be sent to relatives every month. Letters of special inquiry will be replied to at any time.

The institution is open to visitors every day except Saturdays and Sundays, more particularly from two to four o'clock P. M. One of our officers will accompany you through the apartments and explain the character and objects of the school.

All communications should be addressed to the Superintendent. Appropriation by Twenty-second General Assembly, \$44,000.

Work on the Anamosa, or "additional penitentiary" was commenced late in 1872, and it was built mainly by convict labor. It is a magnificent structure, containing several large work-shops, warden's house, dining-rooms, kitchen, laundry, etc. The department for criminal insane is a special feature of this prison, and has contained since its occupancy thirty-two inmates. There is also in course of construction a building for female convicts.

Religious services are held twice each Sabbath, in addition to the regular Sunday-school. Five afternoons each week the most illiterate are gathered into the chapel, where they are taught reading, writing and mathematics. School books are also furnished in the cells of those making good use of the privilege. This prison contains a well selected library of 2,700 volumes, suitable for all classes of readers, but especially adapted to the class for which they were purchased.

The main buildings and warden's house of this prison was completed late in 1841.

Labor of the convicts is let out to contractors, who pay the State a stipulated sum for services rendered, the State furnishing shops and necessary supervision in preserving order.

The number of prisoners here at the close of each biennial period for the past six years, has been as follows: June 30, 1885, 412; June 30, 1887, 360; June 30, 1889, 380; the slight increase at last report being due to the fact that the Executive Council, on September 29, 1888, increased the territory tributary to this penitentiary by the addition of twenty-two counties which had formerly been sending their convicts to Anamosa, and since that time this prison has been receiving prisoners from seventy-six out of the ninety-nine counties of the State.

This prison is furnished with an excellent library of about 6,000 volumes, and the aggregate of books drawn per month is 1,536.

Religious services are held regularly under the direction of the chaplain, who also conducts a well-attended night school.

Appropriation by Twenty-second General Assembly, \$10,500.

<i>Trustees</i> —Henry Egbert, Davenport, <i>President</i>	1890
Mrs. Sarah L. T. Hutchinson, Ottumwa, <i>Secretary</i> ..	1890
J. G. Brown, Marshalltown.....	1890

This institution was opened for the reception of children, July 13, 1864. The Eleventh General Assembly assumed control of the institution, providing a special fund for its maintenance, and otherwise providing for its management and permanent location at Davenport.

The trustees are elected by the General Assembly, in joint convention, at each regular session, and hold office for two years.

There is in connection with this institution, a new school building, pleasant, commodious and well lighted, and it is the policy of the Board to have the course of instruction of the highest standard. A kindergarten is operated in connection for the very young pupils.

A library of about 800 volumes of well selected juvenile literature is a source of pleasure and profitable entertainment to the children.

The present enrollment is as follows: 88 soldiers' orphans; 282 county children; total, 370, of whom 204 are boys, and 166 are girls. Of the 41 dismissed during the thirteen months ending June 30, 1889, 28 were called for by parents or guardians; 13 were provided by the trustees with carefully selected homes.

Appropriation by the Twenty-second General Assembly, \$31,836. This included \$7,536 insurance and for rebuilding dining room.

I.—HISTORICAL.

The State Normal School was established by the Sixteenth General Assembly, for the special training of teachers for the common schools of the State. It was organized by the Board of Directors, June 7, 1876, and was opened for the reception of students September 6, 1876. The first year (1876-77), there were enrolled 155 students, and in the last year (1888-89), there were enrolled 541. The total of the yearly enrollments for 1876-89 is 4,511. During the thirteen years, there have been 315 persons graduated from the institution, of whom 101 were from the elementary course, discontinued by the Board of Directors in 1882.

II.—COURSES OF STUDY PROVIDED.

1. The scientific course of four years, containing all the subjects required by statute for State diplomas (life certificates). The degree of Bachelor of Science is conferred upon all that complete this course.

2. The didactic course of three years, containing all the branches required by statute for State certificates. The degree conferred for completing this course is Bachelor of Didactics.

3. The supplementary course for high school graduates. This course of study duly recognizes the work done by the public high schools, and adds just such work as is necessary to make a well qualified public school teacher. The completion of this course secures the degree of Bachelor of Science, or Bachelor of Didactics, according to the grade of scholarship attained by the student.

4. The professional course for college graduates, giving them special opportunities to pursue studies in professional subjects. After one year's satisfactory study under the direction of the faculty, the degree of Bachelor of Science is received.

III.—CONDITIONS OF ADMISSION.

1. Age.—At least sixteen years.
2. Scholarship.—Fair knowledge of the common school branches.
3. Intention.—Free instruction is granted by statute to all who declare their purpose of becoming students is to prepare to teach in the public schools of the State.

IV.—EXPENSES.

A contingent fee of not more than one dollar a month is required by statute. For convenience this is divided as follows, into term fees: Fall term, \$4.00; winter and spring term, each, \$3.00.

V.—THE PROVINCE OF THE SCHOOL.

This school is in no respect a duplicate of the other educational institutions of the State. It adheres strictly to the province assigned at its founding—that of preparing professional teachers for public schools. To attain this object, its courses of study are arranged and provided to meet the wants of all kinds of teachers

In July, 1840, Congress passed an act providing for the setting apart of two townships within the Territory of Iowa, for the use and support of a University, whenever the Territory should become a State. By the adoption of the Constitution the people of the State accepted this grant of land, and the policy was reaffirmed in

the amended Constitution of 1857. At the first session of the General Assembly of the State, February 25, 1847, an act was passed locating and establishing the State University. By this act the public buildings in Iowa City were granted for the use of said University. The State, however, reserved the right to use such portions of the buildings as it needed until other quarters could be provided. Although the seat of government was removed to Des Moines in 1857, the United States District Court still retained the use of a portion of the old Capitol building, and it was not until 1860 that the University came into complete possession.

Up to 1860 the existence of the University was more formal than real. Regular meetings of the Board of trustees were held, but owing to the inadequacy of the fund to sustain the institution, and the use by the State for other purposes of the premises designed for it, very little of the real work expected of the University was accomplished.

The first session was opened in the Mechanics' Academy in Iowa City, in March, 1855. At that time there were established a Preparatory, a Normal and a Collegiate Department, but almost the entire work done was in the first two. After three years, namely, in June, 1858, all departments were closed with the exception of the Normal Department, and remained so until September, 1860, when the two that had been suspended were again put into operation. Since that time the University has continued its regular sessions without interruption.

Article IX of the Constitution, concerning education and school lands, provides that the State University shall be established at one place, without branches at any other place, and further, in a subsequent section, its location was fixed at Iowa City.

The early catalogues of the University show that it was in its first few years practically an academy, and that although a collegiate department was established the instruction in that department was

about on a par with that given at the present time in the high schools and academies of the State. For the first few years five sixths or more of the students were enrolled in the Preparatory Department or were pursuing studies of like grade in the Normal. Even in the Collegiate Department the range of instruction and the facilities for work were extremely limited. But since those days the institution has grown and has become a University in fact as well as in name. The several professional departments have been added, thereby furnishing the youth of the State with ample opportunity for obtaining instruction in law, in medicine, in dentistry, and in pharmacy. These several departments were added to the University as follows:

The Law Department in 1868, the Medical Department in 1870, the Homeopathic Medical Department in 1877, the Dental Department in 1882, and the Pharmacy Department in 1885.

The government of the University is committed to the charge of a Board of Regents, consisting of the Governor of the State, and the Superintendent of Public Instruction, *ex officio*, and one member from each Congressional District, who are elected by the General Assembly to serve for six years.

The Collegiate Department embraces four courses of study: Classical, Philosophical, Scientific and Engineering. Four years are required to graduate in either one of these courses, and on completion the appropriate Bachelor's degree is granted.

In the Law Department the course of study extends through two years, and on completion thereof the graduate is given the degree LL. B., and admitted to practice before the State and United States Courts.

The Medical Department and the Homeopathic Medical Department require the student to pursue his studies during three courses of six months each, and on completion of such course the degree M. D. is granted.

The Dental Department requires two years to complete the course and obtain the degree D. D. S. It is in contemplation to require a full three years' course at an early date.

The course in Pharmacy extends through two years, and the degree Ph. G. is granted on its completion.

During the year 1888-89 there were 54 professors, assistant professors and instructors. The number of students enrolled was 621, and 145 were graduated. During the year 1889-90 the instructing force numbers 59 and the number of students will exceed 700. Appropriation by the 22d General Assembly \$52,000.

FRANK D. JACKSON,
Secretary of State.

Rules Governing Applications for Pardons and Commutations of Sentence.

First. All applications for pardon, commutation of sentence or remission of fines must be in writing. As such applications are preserved in the Executive office, to substantiate the reasons for which pardons were granted, oral statements and solicitations cannot be considered. All papers should be written in a legible hand.

Second. Each application must contain a brief statement of the grounds upon which it is based, and must be accompanied by a complete recital of the facts of the case, certified as true by some officer of the court where the conviction occurred (Judge, District Attorney, or Clerk), who states the facts from his own knowledge. It is also important that evidence of previous good moral character be presented.

Third. Each application must be endorsed with the name of the person presenting the case, as well as the name of the person for whom executive clemency is asked, and a separate application is necessary for each individual case.

Fourth. Favorable recommendations from the senator and representative of the district, and—if possible—the prosecuting witnesses and letters from other responsible persons in the community where the crime was committed, should accompany the application. Where the sentence was based on the verdict of a jury, a petition for clemency signed by the jurors should likewise be presented.

Fifth. When it is intended to make application for pardon or commutation of sentence, notice must twice in succession be given

in a leading newspaper printed at the county seat of the county where the conviction was had, stating the name of the applicant (or the alias, if any), the offense for which he was convicted, when, and in what court; proof of such publication to be made by the affidavit of the publisher of the newspaper, accompanied by a copy of the notice.

Sixth. No application that has been refused will be reconsidered, unless substantial grounds for reopening the case are formally presented in writing in the manner above set forth.

Seventh. When deemed necessary, the Governor will cause to be published in a newspaper printed at the capital and in one printed at the county seat of the county where the trial was held, the application and names of the signers thereto, before action is taken.

Notaries Public.

Application for appointment to the office of notary public (except in case of re-appointment in the same county) should be accompanied by a recommendation stating that the applicant is of age, and has proper qualifications, in point of ability and integrity, for the office; and that he has resided in the State a sufficient length of time to entitle him to vote therein. Such recommendations should be made or endorsed by a member of the General Assembly, a State officer, a judge of any of the courts, a district attorney or county officers. References are insufficient.

Application for appointment should be made *directly to the Governor*. The first or other given name should be furnished in full for insertion in the commission.

Commissions, when issued by the Governor, will be forwarded by the Secretary of State, and will expire on the 4th day of July,

1891, and triennially from that date, unless sooner revoked by the Governor.

No person can be a notary for more than one county, nor can one be appointed for any county other than that in which he actually resides. In case a notary public removes from the county in and for which he was appointed, he is required to communicate the fact of such removal, with the date thereof, to the Secretary of State; and, in case he desires appointment for the county to which he removes, it will be necessary for him to furnish either a certificate of the clerk of the district court of the county from which he has removed, to the effect that he has made with said clerk the deposit of records and official papers required by sections 263 and 264 of the Code, or a statement from himself that he has done no official business demanding such record.

When a person is appointed a notary public, he is notified thereof by the Governor, and furnished with a blank bond, upon the completion of which, with two free-hold sureties, residents in Iowa, making affidavit of their qualifications, its approval by the clerk of the district court, its being filed in the office of the Secretary of State, together with the fee required by law, his commission is issued.

The seal of a notary public must have engraved thereon the words, "Notarial Seal" (not Notary Public), and "Iowa," the surname of the notary, and at least the initials of his given name. See Code sections 258-266.

Game Laws.

CHAPTER 156, ACTS SEVENTEENTH GENERAL ASSEMBLY, WITH
AMENDMENTS.

SECTION 1. Repeals previous laws.

SEC. 2. It shall be unlawful for any person within this State to shoot or kill any pinnated grouse or prairie chicken, between the first day of December and the first day of September next following; any woodcock between the first day of January and the tenth day of July; any ruffed grouse or pheasant, wild turkey or quail, between the first day of January and the first day of October; any wild duck, goose or brant between the first day of May and the fifteenth day of August; or any wild deer, elk, or fawn, between the first day of January and the first day of September.

SEC. 3. It shall be unlawful for any person, at any time, or at any place within this State, to shoot or kill for traffic, any pinnated grouse or prairie chicken, woodcock, quail, ruffed grouse or pheasant; or for any one person to shoot or kill during any one day, more than twenty-five of either kind of said named birds; or for any one person, firm, or corporation, to have more than twenty-five of either kind of said named birds in his or their possession at any one time, unless lawfully received for transportation; or to catch or take, or attempt to catch or take, with any trap, snare or net, any of the birds or animals named in Section 2 of this act, or in any manner willfully to destroy the eggs or nests of any of the birds hereby intended to be protected from destruction.

SEC. 4. It shall be unlawful for any person to kill, trap or ensnare any beaver, mink, otter, or muskrat, between the first day of April and the first day of November, except, where such killing, trapping, or snaring may be for the protection of private property.

SEC. 5. It shall be unlawful for any person, company or corporation, to buy or sell, or have in possession any of the birds or animals named in Section 2 of this act, during the period when the killing of such bird or animal is prohibited by said Section 2, except during the first five days of such prohibited period: and the having in possession by any person, company or corporation of any such birds or animals during such prohibited period, except during the first five days thereof, shall be deemed *prima facie* evidence of a violation of this act.

SEC. 6. It shall be unlawful for any person, company or corporation at any time to ship, take, or carry out of this State any of the birds or animals named in Section 2 of this act; but it shall be lawful for any person to ship to any person within this State, any game birds named in said Section 2, not to exceed one dozen in number in any one day, during the period when, by this act, the killing of such birds is not prohibited; *provided*, he shall first make an affidavit before some person authorized to administer oaths, that said birds have not been unlawfully killed, bought, sold or had in possession, are not being shipped for sale or profit, giving the name and post-office address of the person to whom shipped, and the number of birds to be so shipped. A copy of such affidavit, endorsed, "A true copy of the original," by the person administering the oath, shall be furnished by him to the affiant, who shall deliver the same to the railroad agent or common carrier receiving such birds for transportation, and the same shall operate as a release to such carrier or agent from any liability in the shipment or carrying of such birds.

The original affidavit shall be retained by the officer taking the same, and may be used as evidence in any prosecution for violation of this act. Any person swearing falsely to any material fact of said affidavit, shall be guilty of perjury and punished accordingly.

SEC. 7. If any person shall kill, trap, ensnare, buy, sell, ship, or have in possession, or ship, take or carry out of the State, contrary to the provisions of this act, any of the birds or animals named in this act, or shall willfully destroy any eggs or nests of birds named in this act, shall be punished by a fine of ten dollars for each bird, beaver, mink, otter, or muskrat; twenty-five dollars for each wild deer, elk, or fawn, and ten dollars for each nest, or the eggs therein, so killed, trapped, ensnared, bought, sold, shipped, had in possession, destroyed, or shipped, taken or carried out of the State, and shall stand committed to the county jail for thirty days unless such fine and costs of prosecution are sooner paid.

SEC. 8. If any railway, express company, or other common carrier, or any of their agents or servants, knowingly receive any of the above mentioned birds or animals for transportation or other purpose, during the periods hereinbefore limited and prohibited, or at any other time, except in the manner provided in Section 6 of this act, they shall be punished by a fine of not less than one hundred, nor more than three hundred dollars, or by imprisonment in the county jail for thirty days, or by both such fine and imprisonment.

SEC. 9. If any person shall shoot or kill any wild duck, goose, or brant, with any swivel gun, or any kind of gun except such as is commonly shot from the shoulder; or shall use medicated or poisoned food to capture or kill any of the birds named in this act, he shall be deemed guilty of a misdemeanor, and upon conviction shall be fined twenty-five dollars for each offense, and shall stand committed to the county jail for thirty days, unless such fine and the costs of prosecution are sooner paid.

SEC. 10. Prosecutions for violations of this act may be brought either in the county in which the offense was committed, or in any other county where the person, company, or corporation complained of has had, or has, in his or their possession any birds or animals herein named, bought, sold, killed, trapped or ensnared, in violation of any of the provisions of this act.

SEC. 11. In all prosecutions under this act the court before whom the same is brought shall appoint some attorney-at-law for the purpose of managing the prosecution of the cause, and such attorney shall be entitled to a fee of ten dollars in each and every case in which he is so appointed, and the person filing an information under this act shall, in case of conviction, be entitled to a fee equal to one half of the amount of the fine imposed on each conviction, and both the fee of such attorney and the informant shall be taxed as costs in the case against the person convicted.

Provided, That the county shall in no case be held liable for said attorney's fee or penalty.

TIME FOR CATCHING FISH.

Sixteenth General Assembly, chapter 70:

SEC. 6. It shall be unlawful to catch and kill any bass or wall-eyed pike between the first day of April and the first day of June, or any salmon or trout between the first day of November and the first day of February, of any year, in any manner whatever.

SEC. 7. Any person found guilty of a violation of section 6 of this act, shall, on conviction before a justice of the peace, be fined not less than five dollars nor more than twenty-five dollars for each offense, and shall stand committed until such fine be paid.

Sixteenth General Assembly, chapter 70, amended by Eighteenth General Assembly, chapter 92: *Provided*, that nothing herein contained shall be held to apply to fishing in the Mississippi and

Missouri rivers, nor in so much of the Des Moines river as forms the boundary between the States of Iowa and Missouri.

SEC. 5. No person shall place, erect, or cause to be placed or erected, across any of the rivers, creeks, ponds or lakes of this State, any trout line, dam, seine, weir, fish dam, or other obstruction, in such manner as to prevent the free passage of fish up, down or through such water courses, unless the same be done by the instruction or under the direction of the fish commissioner, and that when the same is so done by or through the instruction, or under the direction of the fish commissioner, it shall be unlawful for any person or persons to remove, or in any way interfere with the same. This section shall not be construed to prohibit the erection of dams for manufacturing purposes as provided by law.

SEC. 6. Any person found guilty of a violation of the provisions of section 5 of this act, shall, upon conviction before a justice of the peace, be fined not less than twenty-five, nor more than one hundred dollars, or imprisoned in the county jail not less than ten days, nor more than thirty days, in the discretion of the court.

CONSTRUCTION OF FISH-WAYS.

SECTION 1. That the owner or owners of any dam or obstruction across any river or stream, creek, pond, lake, or water-course. in this State, shall, within a reasonable time, erect, construct and maintain, over or across said dam or obstruction, a suitable fish-way of suitable capacity and facility to afford a free passage for fish up and down through such water-course when the water of said stream is running over the said dam.

SEC. 2. Any dam or obstruction mentioned in section 1 of this act, not provided with such fish-way within a reasonable time after the taking effect of this act, is hereby declared a nuisance, and may be abated accordingly.

SEC. 3. Any person guilty of the violation of the provisions of this act, shall, upon conviction before a justice of the peace, be fined not less than five nor more than fifty dollars for the first offense, and not less than twenty dollars for each subsequent offense, and shall stand committed until such fine is paid.

TRAPPING FISH.

Fifteenth General Assembly, Chapter 50:

Any person who shall go upon the premises of any person or corporation, whether inclosed or not, and shall be found seeking to take, by any means whatsoever, except a hook or line, any fish, shall be deemed guilty of trespass, and may be prosecuted in the name of the State of Iowa by any person in possession of said premises, before any justice of the peace, or other court of competent jurisdiction, and fined in any sum not less than five nor more than fifty dollars.

Twentieth General Assembly, Chapter 9:

SECTION 1. That no person shall take by spearing with a gaff, spear or other device any fish from any of the permanent lakes or ponds, or outlets or inlets thereto within the State of Iowa, between the first day of November and the thirty-first day of May next following.

SEC. 2. It shall be unlawful for any person, company, or corporation, knowingly to buy or sell, or offer for sale, or have in his or their possession, any fish which shall have been taken from any of the permanent lakes or ponds, or outlets or inlets thereto within this State by spearing with gaff, spear or other device between the first day of November and the thirty-first day of May next following. And any person who may draw from the water any game fish such as pike, bass, and the like, when seining for minnows for bait, shall return the same without injury under the penalty of this act.

SEC. 3. Any person found guilty of a violation of any of the provisions of this act shall upon conviction before any magistrate be fined not less than five dollars nor more than twenty dollars for the first offense, and for the second or any subsequent offense not less than twenty dollars nor more than one hundred dollars, and shall stand committed until such fine be paid.

SEC. 6. Nothing in this act shall prevent any person from taking fish of his own propagation or from waters wholly within his own land, to which there is no natural outlet through which the fish pass up or down.

Political Platforms and Parties.

THE REPUBLICAN PARTY, 1889.

CENTRAL COMMITTEE.

Chairman—HON. G. B. PRAY, Hamilton County.

First District—C. M. Junkin, Fairfield, Secretary.

Second District—J. M. Kemble, Muscatine.

Third District—Edgar Pickett, Waterloo.

Fourth District—Sam. J. Kenyon, New Hampton.

Fifth District—Wm. Buchanan, Cedar Rapids.

Sixth District—W. D. Howard, Sigourney.

Seventh District—T. T. Anderson, Indianola.

Eighth District—J. F. Wall, Mt. Ayr.

Ninth District—P. L. Sever, Stuart.

Tenth District—J. A. McCabe, Boone.

Eleventh District—E. E. Mack, Storm Lake.

The Republican party of Iowa met in convention at Des Moines August 14-15, 1889, nominated the following ticket and adopted the annexed platform:

For Governor,
J. G. HUTCHISON,
Of Wapello County.

For Lieutenant-Governor,
A. N. POYNEER,
Of Tama County.

For Judge of the Supreme Court,
JOSIAH GIVEN,
Of Polk County.

For Superintendent of Public Instruction,
HENRY SABIN,
Of Clinton County.

For Railroad Commissioner,
SPENCER SMITH,
Of Pottawattamie County.

THE PLATFORM.

Resolved, 1. That the republican party of Iowa, in convention assembled, congratulates the country on the restoration of the party to power in the federal government. We indorse the administration of President Harrison as eminently wise, loyal and just. We favor a liberal construction of the pension laws, and such further legislation as will secure to the old soldier his just dues from the government he has faithfully served, and which he has rescued by his sacrifice.

2. That we demand of Congress the protection of American industry, when it does not foster trust or trade conspiracies, and

we demand the same protection for farm products that is given to the products of the labor of other classes.

3. That we reaffirm the principle and policy of State railway regulation. We favor maintaining equality among all localities and individuals, and we oppose the granting of favors to one class of citizens denied others, and should experience demonstrate the necessity, we favor such changes in the law as should be made in the interest of right and justice to all. We urge upon Congress the absolute prevention of rebates and discriminations on railways that foster monopolies and prevent competition.

4. That it is the duty of the State and federal governments to enact and execute laws to punish trade conspiracies, trust and combines designed to limit the production of the necessaries of life, unnaturally disturb or raise prices and interfere with the natural course of trade, and which unjustly divert trade and traffic from the cities and towns of Iowa to the commercial centers outside her borders.

5. That we reaffirm the past utterances of the republican party of Iowa upon prohibition, which has become the settled policy of the State, and upon which there should be no backward step. We stand for the complete enforcement of the laws.

6. That we extend a hearty welcome to the four new States which have been so long knocking at the door of the Union, and we congratulate them on the republican success whereby their admission into the sisterhood of States was so happily achieved.

7. That we deplore the loss of life on our railways and the danger attending so many of our citizens engaged in railway employment, and we urge upon the legislature to take such practical steps as will secure all possible protection to this class of our people.

8. That we favor the establishment of courts of arbitration for the settlement of differences between corporations and organizations of labor.

9. That we profoundly sympathize with the *bona fide* settlers of the Des Moines river lands, and we express the hope that in the end they will be made secure in the rights to which they are entitled.

10. That we earnestly endorse the eminently wise, vigorous and courageous administration of Governor Larrabee, and we approve his policy that all laws shall be fearlessly and honestly enforced.

The platform was adopted with enthusiasm and the convention adjourned.

THE DEMOCRATIC PARTY, 1890.

STATE CENTRAL COMMITTEE.

Chairman—HON. J. J. DUNN, Dubuque Co.

Secretary—THOMAS H. LEE, Montgomery Co.

<i>First District</i> —Chas. D. Fullen, Fairfield.....	1890
<i>Second District</i> —Sam Cohn, Muscatine.....	1891
<i>Third District</i> —J. J. Dunn, Dubuque.....	1891
<i>Fourth District</i> —M. J. Carter, Ossian.....	1890
<i>Fifth District</i> —John Baum, Garrison.....	1891
<i>Sixth District</i> —J. E. Seevers, Oskaloosa.....	1891
<i>Seventh District</i> —J. B. Elliott, Knoxville.....	1890
<i>Eighth District</i> —W. E. Lewis, Chariton.....	1891
<i>Ninth District</i> —Thos. H. Lee, Red Oak.....	1891
<i>Tenth District</i> —Geo. W. Hyatt, Ft. Dodge.....	1890
<i>Eleventh District</i> —G. B. Healy, Sioux City.....	1890

The democratic party met in convention at Sioux City September 18, 1889, and adopted the annexed ticket and platform:

For Governor,
HORACE BOIES,
Blackhawk County.

For Lieutenant Governor,
SAMUEL L. BESTOW,
Lucas County.

For Judge of Supreme Court, to fill vacancy,
WILLIAM F. BRANNAN,
Muscatine County.

For Judge of Supreme Court, Full Term,
WILLIAM F. BRANNAN,
Muscatine County.

For Superintendent of Public Instruction,
THOMAS M. IRISH,
Dubuque County.

For Railway Commissioner,
DAVID MORGAN,
Poweshiek County.

THE PLATFORM.

1. The democracy of Iowa in convention assembled endorse the declaration of principles made by the National Democracy at St. Louis in 1888.

2. We renew our opposition to the unconstitutional and unjust policy of high tariff taxation, which robs the many to enrich the few, makes the producer the slave of the manufacturer, lays its heaviest burdens on the farmer, the mechanic and the day laborer, gives no returns through any channel to those whom they daily rob, and fosters all trusts which are the legitimate results of our

present tariff system, and we denounce the fallacy of the Republican State Platform of Iowa that a high tariff is or can be any protection to the farmer.

3. *Resolved*, That we favor the Australian system of voting, to the end that we may have an honest ballot uncontrolled by bribery or employers.

4. *Resolved*, That we recognize the doctrine of State and National regulation of railroads and other corporations, and approve the same as an efficient means of protecting the people against unjust discrimination and oppressive rates.

5. *Resolved*, That in the interest of true temperance we demand the passage of a carefully guarded license tax law which shall provide for the issuance of licenses in towns, townships, and municipal corporations of the State by a vote of the people of such corporations, and which shall provide that for each license an annual tax of \$500 be paid into the county treasury and such further tax as the town, township or municipal corporation shall prescribe. the proceeds thereof to go to the use of such municipalities.

6. *Resolved*, That we also arraign the Republican party for changing the pharmacy laws of the State by which a great hardship and gross indignity has been imposed on honorable pharmacists and upon all the people requiring liquor for the actual necessities of medicine.

7. *Resolved*, That while we demand that all honorably discharged Union soldiers who were injured in the line of duty, or who are unable by reason of age or other infirmities, to support themselves and their families, shall receive liberal pensions and the special care of the government, we denounce as an insult to every brave soldier, and as making the pension roll a roll of dishonor, the decision of the present National administration that "the dishonorable discharge of the soldier from the service of the United States is no bar to a pension."

8. *Resolved*, That we honestly invite the co-operation of all persons, irrespective of former party affiliations, who approve of the foregoing resolutions, to unite with us in the election of an executive and legislature who will carry out these principles.

THE UNION LABOR PARTY, 1889.

The Union Labor party of Iowa met in State Convention at Des Moines September 3. The following ticket and platform was made:

For Governor,
S. B. DOWNING,
Of Davis county.

For Lieutenant-Governor,
EZRA BROWNELL,
Of Madison county.

For Sup't. of Public Instruction,
MRS. HARRIET J. BELLANGER,
Of Polk county.

For Judge of Supreme Court,
M. H. JONES,
Of Davis county.

For Supreme Judge,
L. H. WELLER,
Of Chickasaw county.

For Railroad Commissioner,
L. H. GRIFFITH,
Of Cass county.

THE PLATFORM.

We endorse the National Union Labor platform adopted at Cincinnati last year.

We pledge the people of Iowa that if we can obtain the power we will:

1. Amend the United States constitution so as to give the people the right to elect United States Senators by direct vote, and thus establish popular instead of corporate government.

2. We will call in President Cleveland's free loan to the banks of sixty millions of dollars. We will pay the public debt at its face, as we have a right to under the constitution and laws, thus using the hundreds of millions of money now locked up, and saving the annual tax of nearly fifty millions of dollars for bond-holders. We will supply enough money to place business upon a cash basis, increase prices and enable debtors to save their homes. We will further loan money upon farms and other good security as cheap as bond-holders now get it from the United States Treasury, and on as long a time.

3. We will condemn and purchase the railroads, telegraph lines and other means of commerce, or build new systems and operate them at cost, instead of charging all the traffic will bear. Until this can be done nationally we will reduce railroad fare to two cents a mile on all first class railroads, and reduce official salaries in proportion to the increase in the value of money, and reduce the legal rate of interest.

4. We will reclaim all unearned land grants, and protect settlers from speculation by a graduated land tax.

5. We will re-establish the income tax.

6. We will adopt the Australian ballot system.

7. We will enforce the laws of Iowa against the rich as well as the poor, and put down such open rebellion as flourishes now in parts of the State, and is winked at by traitors in office.

8. We will secure the industrial education of every neglected child, so as to prepare for them useful lives instead of the penitentiary.

9. We will make the soldiers' money during the war equal to that paid the bond-holder.

We will protect honest miners and other working men from the humiliation of being forced to sign away their rights in an iron-clad contract as a condition of obtaining labor.

THE NATIONAL GREENBACK PARTY, 1889.

The National Greenback party met in convention at Cedar Rapids, August 20. The following is the ticket and platform:

For Governor,
ELIAS DOTY,
Of Linn county.

For Lieutenant Governor,
J. M. McDONALD,
Of Buchanan county.

For Judge of Supreme Court,
E. M. FARNSWORTH,
Of Winneshiek county.

For Superintendent of Public Instruction,
T. F. TOBIN,
Of Benton county.

For Railroad Commissioner,
ROBERT GARRETT,
Of Louisa county.

THE PLATFORM.

We, the National Greenback Labor party of Iowa, declare:

1. That financial reform is labor's first necessity, and that such reform can only be brought about by distinct and separate organization; therefore, as heretofore, we emphatically denounce fusion as ruinous to our cause and disgraceful to our name.

2. That paper money is more convenient than metal and just as valuable when properly created; therefore, we favor a government issue of paper money in volume sufficient to transact the business of the country on a cash basis, to the exclusion of all other law-created moneys and credits.

3. We deny that corporations have the right to coin a dollar from one cent's worth of paper, and claim that such franchise belongs alone to our government and cannot be constitutionally ceded to any.

4. We demand the immediate restoration of our fractional currency.

5. We are a liberty loving party, and hold to the common law principle that all men are free to act so long as their acts do not infringe on the rights of others.

6. We stand firm for home rule and local option for every township in the State, leaving to incorporated cities and towns the right to vote on the temperance question in common with their respective townships.

7. We favor secrecy and security for the ballot.

8. We are opposed to trusts and combines, and believe that free trade is the only effectual remedy; therefore, we are pledged to free trade.

9. As land and labor are the fountain source of all value, we favor the raising of all revenues from a direct tax on land, to the end that labor may be encouraged in its productive enterprise. We also favor the abolition of all other tax collecting and useless

bureaus that have been established by Congress for the sole purpose of making places for political friends, to the end that our lands may not be over-burdened by needless taxation.

10. We believe that, with a sufficient volume of government money circulating among the people, and the government economically administered, together with our increased commerce and population, that the abrasion of our money per annum would require an additional issue each fiscal year of enough to pay the expenses of our general government and keep the volume good and retain for it a staple value, and the taxation for governmental purposes under this regimen would be a thing of the past except in time of war.

11. Whereas our railroads are in fact and in law public highways, prudence demands that they shall be owned and controlled by right of eminent domain.

12. We cordially invite all persons believing in our platform of principles to stand up and vote for our nominees, leaving the final result to the keeping of the all-wise Providence.

THE PLATFORM.

The Prohibition party of Iowa, in convention at Cedar Rapids, June 6, 1889, submit to the consideration of the people of this commonwealth the following platform of party principles:

1. We acknowledge Almighty God as the source of all power in human government,
2. That the manufacture, importation, exportation, transportation and sale of alcoholic beverages shall be made public crimes, and prohibited and punished as such.

3. That such prohibition must be secured through amendments of our national and State constitutions, enforced by adequate laws, supported by administrative authority; and to this end the organization of the Prohibition party is imperatively demanded in both State and nation.

4. That any form of license, taxation or regulation of the liquor traffic in State or nation is contrary to good government.

5. Believing in civil and political equality of the sexes, that none should be taxed without representation, that the right of suffrage rests on no mere circumstance of race, color, nationality or sex; and that the ballot in the hands of woman is her right for protection, and would prove a powerful ally for the abolition of the liquor traffic, we favor and demand the submission of the question of equal suffrage to popular vote.

6. For the preservation and defense of the Sabbath as a civil institution, without oppressing any who religiously observe the same on any other than the first day of the week.

7. Arbitration is the Christian, wise and economical method of settling State and national differences, and the same method should by judicious legislation be applied to the settlement of disputes between employers and employes; that the abolition of the saloon would largely remove the burdens, moral, physical, pecuniary and social which now oppress labor and rob it of its earnings, and would prove to be the wise and successful way of promoting labor reform; and we invite labor and capital to unite with us to secure this result.

8. That our immigration laws should be so enforced as to prevent the introduction into our country of all convicts, inmates of dependent institutions and others physically incapacitated for self support; while we invite to our shores subjects of all other governments who come with a view of becoming loyal American citizens.

9. That we firmly oppose all monopolies and trusts, either by individuals or corporations, which unjustly oppress the toiling masses, whether it be by railroad, telegraph lines, land syndicates, oil companies, express companies or unjust tariffs.

10. We favor the adoption of the Australian method of conducting elections.

11. We ask such changes in the national constitution as shall enable us to elect the President, Vice-President and United States Senators by direct vote of the people.

12. We take this occasion to express our joy and thanksgiving to God that he has raised up that noble army of women known as the Woman's Christian Temperance Union. We revere the name of that greatest woman of our day—Frances E. Willard—to whom is committed the leadership of this grand organization, "For God and Home and Every Land." We realize that the aim of this white ribbon army is the same as that of the Prohibition party, and we grasp that right hand of fellowship which they have extended to us, with solemn vows to be that power in the politics of this nation which shall cause the divine reforms begun in the Crusade to become a permanent reality in our government.
