STATE OF IOWA

Office of Superintendent of Printing

The former statute which required the compiler of the session laws to certify to the authenticity thereof has been repealed in the belief, evidently, that such authenticity is fully covered by the following section of the code, to wit:

“11312. Printed copies of the statute laws of this or any other of the United States, or of congress, or of any foreign government, purporting or proved to have been published under the authority thereof, or proved to be commonly admitted as evidence of the existing laws in the courts of such state or government, shall be admitted in the courts of this state as presumptive evidence of such laws.”

Superintendent of Printing.

2 spection discloses that any places, or plants or plant products, or
3 things and substances used or connected therewith, are infested or

5 as a public nuisance, written notice thereof shall be given the owner
6 or person in possession or control of the place where found, who shall
7 proceed to control, eradicate or prevent the dissemination of such
8 insect pest or disease, and to remove, cut or destroy infested and
9 infected plants and plant products, or things and substances used or
10 connected therewith, as prescribed in the notice or the rules and

8 shipped, the general nature and quantity of the contents, and the
9 name of the locality where grown, together with a certificate of
10 inspection of the proper official of the state, territory, district, or
11 country from which it was brought or shipped, showing that such
12 plant or plant product was found or believed to be free from dan-
13 gerously injurious insect pests and diseases, and giving any other
14 information required by the state entomologist.

1 **SEC. 9. Inspection—certificate—fees.** It shall be unlawful for
2 any person to sell, give away, carry, ship, or deliver for carriage or
3 shipment, within this state, any plants or plant products listed in the
4 rules and regulations, unless such plants or plant products have been
5 officially inspected and a certificate issued by an inspector of the
6 state entomologist's office stating that such plants or plant products
7 have been inspected and found to be apparently free from dangerously
8 injurious insect pests and diseases, and giving any other facts pro-

10 certificate, the state entomologist may require the payment of a
11 reasonable fee to cover the expense of such inspection and certification.
12 Provided, that if such plants or plant products were brought into this
13 state in compliance with section eight, the certificate required by
14 that section may be accepted in lieu of the inspection and certificate
15 required by this section, in such cases as shall be provided for in the
16 rules and regulations. If it shall be found at any time that a cer-
17 tificate of inspection, issued or accepted under the provisions of this

28 at the time of inspection or before a certificate is granted. Such
29 certificate shall be valid for one year from date of issue, unless
30 sooner revoked by the state entomologist. The inspection of nurseries
31 shall take place between May 1st and October 30th of each year and
32 at such other times as may be necessary to make effective the pro-
33 visions of this chapter and the rules and regulations made pursuant
34 thereto.

1 **SEC. 10. Report of violations.** Any person who receives from with-
2 out the state any plant or plant product without section eight having
3 been complied with, or who receives any plant or plant product sold,
4 given away, carried, shipped, or delivered for carriage or shipment
5 within this state without section nine having been complied with,
6 shall immediately inform the state entomologist or one of his in-
7 spectors of such facts and isolate and hold the plant or plant product
8 unopened or unused, subject to such inspection and disposition as
9 may be provided for by the state entomologist.

1 **SEC. 11. Quarantine—general powers.** Whenever the state en-

3 pest or disease, and that its introduction into this state should be
4 prevented in order to safeguard plants and plant products in this
5 state, the state entomologist is authorized to quarantine and pro-
6 mulgate quarantine restrictions covering areas within the states
7 affected by the pest and may adopt, issue, and enforce rules and
8 regulations supplemental to such quarantines for the control of the
9 pest. Under such quarantines, the state entomologist or his author-

11 without inspection, or the shipment or transportation within the
12 state, or any agricultural or horticultural product, or any other
13 material of any character whatsoever, capable of carrying any danger-
14 ously injurious insect pest or disease in any living state or its de-
15 velopment; and, in the enforcement of such quarantine, may inter-
16 cept, stop, and detain for official inspection any person, car, vessel,
17 boat, truck, automobile, aircraft, wagon, vehicles or carriers or any
18 container, material, or substance believed or known to be carrying
19 the insect pest or plant disease in any living state of its development
20 in violation of said quarantines or of the rules or regulations issued
21 supplemental thereto, and may seize, possess, and destroy any
22 agricultural or horticultural product or other material of any char-
23 acter whatsoever, moved, shipped, or transported in violation of such
24 quarantines or the rules and regulations.

NOTE: The word "or" in lines 12 and 14 is according to enrolled bill.

1 **SEC. 12. Federal quarantine—seizures.** (a) Until the secretary
2 of agriculture of the United States shall have made a determination
3 that a federal quarantine is necessary, and has duly established the
4 same with reference to any dangerous plant disease or insect in-
5 festation, the state entomologist of this state is authorized to pro-
6 mulgate and enforce quarantine regulations prohibiting or restricting
7 the transportation of any class of plant material or product or article
8 into this state from any state, territory or district of the United
9 States, when he shall have information that a dangerous plant disease

13 are authorized to seize, destroy, or return to the point of origin any
14 material received in this state in violation of any state quarantine

4 and that its dissemination should be controlled or prevented, he may
5 institute quarantines and promulgate quarantine restrictions covering
6 areas within the state affected by such pest or disease, and may adopt,
7 issue and enforce rules and regulations supplemental to such quar-
8 antines for the control of this pest. Under such quarantines, the
9 state entomologist, his inspectors or authorized agents may prohibit
10 and prevent the movement within the state without inspection or the
11 shipment or transportation within this state, or any agricultural or
12 horticultural product, or any other material of any character what-
13 soever, capable of carrying any dangerously injurious insect pest or
14 disease in any living state of its development; and, in the enforce-
15 ment of such quarantine, may intercept, stop, and detain for official
16 inspection any person, car, vessel, boat, truck, automobile, aircraft,
17 wagon, or other vehicles or carriers of any kind or character, whether
18 air, land or water, or any container or material believed or known to
19 be carrying such insect pest or plant disease in any living state of its
20 development or any such material, in violation of said quarantine or
21 of the rules or regulations issued supplemental thereto, and may
22 seize, possess, and destroy any agricultural or horticultural product
23 or other material of any character whatsoever, moved, shipped, or
24 transported in violation of such quarantines or the said rules and
25 regulations.

26 The state entomologist shall give public notice of such quarantines,
27 specifying the plants and plant products infested or infected, or likely
28 to become infested or infected; and the movement, planting or other
29 use of any such plant or plant product, or other thing or substance
30 specified in such notice as likely to carry and disseminate such insect
31 pest or disease, except under such conditions as shall be prescribed as
32 to inspection, treatment and disposition, shall be prohibited within
33 such area as he may designate. When the state entomologist shall

34 find that the danger of the dissemination of such insect pest or disease
 35 has ceased to exist, he shall give public notice that the quarantine is
 36 raised.

NOTE: The word "or" in line 11 is according to enrolled bill.

1 **SEC. 14. Right of access.** The state entomologist and his author-

 3 reasonable hours to any farm, field, orchard, nursery, greenhouse,
 4 garden, elevator, seed house, warehouse, building, cellar, freight or
 5 express office or car, freight yard, truck, automobile, aircraft, wagon,
 6 vehicle, carrier, vessel, boat, container or any place which it may be
 7 necessary or desirable for such authorized agents to enter in carrying

 12 required, and the expense thereof the secretary shall assess to the
 13 owner after giving him legal notice and a hearing. Provided that no
 14 expense other than such as is incidental to normal and usual farm

3 primary roads under the supervision of the highway commission, and
4 paid for out of the county road or bridge funds since April 19, 1919,
5 said county shall be reimbursed for said right of way and said bridges
6 out of the primary road fund within three (3) years from the
7 taking effect of this act; provided, however, that any county that
8 has received, or will receive during the year of 1927, primary road

10 money so received by such county and used on the secondary roads
11 shall be deducted from the amount of refunds provided for herein.
12 The refunds made to any county under this section shall at the option

11 to maintain the primary roads of said county during 1927, and to
12 pay the principal and interest of primary road bonds or certificates,
13 if any, maturing in said county during 1927), shall be expended for

12 sources, and credited to the primary road fund.

1 **SEC. 8. Duties transferred to highway commission.** The powers
2 and duties of the board of supervisors with respect to the construction
3 and maintenance of primary roads are hereby transferred to the state
4 highway commission.

1 **SEC. 9. Improvement of primary roads.** The state highway com-

3 tem as rapidly as the funds become available therefor, until the entire
4 mileage of the primary road system is graded, drained, bridged, and
5 surfaced with gravel, pavement, or other surfacing approved by the
6 commission as adequate for carrying the traffic thereon. It shall incur
7 no indebtedness on account of such work, except as herein specifically
8 provided, but shall let the necessary contracts and supervise the

10 sources. No road shall be surfaced until it has been brought to
11 finished grade and drained. In proceeding with the improvement of
12 primary roads hereunder, the highway commission shall give pref-

14 pleted at the earliest practical date, and not more than thirty (30)
15 per cent of the primary road fund available for construction work in
16 any year may be expended for paving until the entire mileage of the
17 primary road system has been graded, drained and bridged.

18 Improvement shall be made and carried on in such manner as to
19 equalize the work in all sections of the state, as nearly as possible,
20 giving special attention to bringing the sections of the state, where
21 improvements have been retarded, to an equality and on the same
22 basis with the more advanced sections.

1 **SEC. 10. Service plans.** Before proceeding with the improvement
2 of any primary road, the commission shall cause suitable surveys,
3 plans and specifications for said proposed work to be prepared and
4 filed in its office, and the work shall be done in accordance therewith,
5 except in so far as the same may be modified to meet unforeseen or
6 better understood conditions, and no such modification shall be deemed
7 an invalidating matter.

1 **SEC. 11. Bids.** As soon as the approved plans and specifications
2 for any primary road construction project are filed with the state
3 highway commission, it shall, if the estimated cost exceeds one thou-

6 official, elective or appointive, nor to any relative within the third
7 degree, of a member of the state highway commission, nor to any
8 partnership or corporation in which a member of the highway com-
9 mission is financially interested. The letting of a contract in violation
10 of the foregoing provisions shall invalidate the contract, and such
11 violation in case of such termination, shall be a complete defense to
12 any action to recover any consideration due or earned under the
13 contract at the time of such termination.

1 **SEC. 12. Contracts.** In the award of contracts, due consideration
2 shall be given not only to prices bid but also to the mechanical and
3 other equipment and the financial responsibility of the bidder, and
4 his ability and experience in the performance of like or similar con-
5 tracts. The commission may reject any or all bids and may readver-
6 tise for bids, or may let by private contract, at a cost not to exceed
7 the lowest bid received, or if the estimated cost of the work proposed
8 does not exceed the sum of five thousand dollars (\$5,000.00) may

10 shall be in writing and shall be secured by a bond for the faithful
11 performance thereof, as provided by law.

1 **SEC. 13. Commission to supervise.** The state highway commission
2 is expressly charged with the duty of supervision, inspection and

5 account of such work by the state or the county on the primary
6 system and it shall do and perform all other matters and things
7 necessary to the faithful completion of the work herein authorized.

1 **SEC. 14. Engineers — surety bonds.** All engineers having re-

3 performance of their duties and for like accounting for all property
4 entrusted to their custody. All bonds given by such engineers in the
5 employ of the state highway commission shall be deemed to embrace
6 any and all improvements of which they may be in charge.

1 **SEC. 15. Claims.** All claims for improving and maintaining the
2 primary road system shall be paid from the primary road fund pro-
3 vided however that when bonds have been issued for improving the
4 primary roads, construction claims may be paid from such bond fund.

1 **SEC. 16. Audit of claims.** All claims shall be itemized upon voucher
2 forms prepared for that purpose, sworn to by the claimants, certified
3 to by the engineer in charge, audited by the state highway commis-
4 sion, and then forwarded to the state board of audit for final audit.
5 Vouchers, after such final audit by the state board of audit, shall
6 then be forwarded to the auditor of state, who shall draw warrants
7 therefor, and said warrants shall be paid by the treasurer of state
8 from the primary road fund.

1 **SEC. 17. Partial payment.** Partial payments may be made on the
2 work during the progress thereof, but no such partial payment shall
3 be deemed final acceptance of the work nor a waiver of any defect
4 therein. The approval of any claims by the state highway commission
5 may be evidenced by the signature of the chairman of said commis-
6 sion or of a majority of the commissioners on the individual claims
7 or on the abstract of a number of such claims with the individual
8 claims attached to said abstract.

1 **SEC. 18. Contingent fund.** The state treasurer is hereby directed
2 to set aside from the primary road fund the sum of three hundred
3 thousand dollars to be known as the primary road contingent fund.

2 freight, or other items which must be paid promptly and which are
3 payable from the primary road fund or from the state highway
4 commission maintenance fund, are presented to the said commission
5 for payment, the said commission may direct that warrants in pay-
6 ment of said claims be drawn on said primary road contingent fund.
7 Such warrants when so drawn and signed by the auditor of the state

9 payment from said contingent fund.

1 **SEC. 20. Contingent fund reimbursement.** The claims in payment
2 of which warrants are drawn on the primary road contingent fund,
3 shall be audited in the usual manner prescribed by law and shall have

5 the said contingent fund. After the final audit of such claims, the
6 state auditor shall draw warrants therefor payable to the treasurer
7 of state and forward the same to the state highway commission for
8 record. When such warrants have been recorded in the office of the
9 said commission, they shall be forwarded to the state treasurer who

4 and the help necessary to audit all claims and check the records of
5 the state highway commission and their assistants. No claims shall
6 be presented to the state highway commission until said auditor has
7 approved the same. Said auditor shall give a bond to the state in
8 the sum of \$50,000 for the faithful performance of the duties. All

10 cost of the bond for the auditor shall be paid from the support funds
11 of state highway commission provided for in section 34 of this act.

1 **SEC. 22. Special assessment refund.** In all cases where special
2 assessments for hard surfacing primary roads have heretofore been
3 levied, under the provisions of chapter 237, acts of 38 G. A. and
4 amendments thereto, all of the same shall be refunded in the amounts
5 levied, less any refunds heretofore made, out of the primary road

7 No special assessments for paving primary roads shall be levied after
8 this act becomes effective.

1 **SEC. 23. Time limit on refunds.** The state highway commission

4 refunds shall be made in all districts within a period of five years from
5 the date this act becomes effective.

1 **SEC. 24. Interest.** In no case shall interest be allowed on amounts
2 so refunded. Interest on deferred installments shall cease on date

1 **SEC. 25. Refund procedure.** When it shall have been determined
2 to make the refund of assessments in any particular district, the
3 highway commission shall so advise the county treasurer, and by
4 proper voucher pay over to the county treasurer the amount necessary

19 The funds so set aside are hereby appropriated for the payment

2 decree, the rights, duties and relationships between the child and

5 other shall be the same as between parent and children born in law-
6 ful wedlock.

1 SEC. 7. **Annulment.** If within five years after the adoption, a
2 child develops feeble-mindedness, epilepsy, insanity or venereal in-
3 fection as a result of conditions existing prior to the adoption, and
4 of which the adopting parent had no knowledge or notice, a petition
5 setting forth such facts may be filed with the district court of the
6 county where the adoptive parents are residing. If upon hearing the
7 facts alleged are proved, the court may annul the adoption and com-
8 mit the child to the guardianship of the state board of control. In
