AMES SEWAGE DISPOSAL SYSTEM

S. J. R. 7

A JOINT RESOLUTION to authorize the state board of education to continue to cooperate with the city of Ames in the construction, operation and maintenance of a joint sewage system and disposal plant for the Iowa State College and said city and to make an appropriation therefor.

WHEREAS, the Fifty-second General Assembly by chapter three hundred fifty-four (354) of the Acts thereof empowered the board of education to enter into an agreement with the City of Ames to contribute the sum of Two hundred thousand (\$200,000) dollars toward the cost of the construction, maintenance and operation of a joint sewage system and disposal plant for the Iowa State College and said city, and

WHEREAS, pursuant to said authority the board has so acted and outlet sewers were constructed toward which the board has paid the sum of Forty-seven thousand five hundred (\$47,500) dollars, and

WHEREAS, when bids were received for the construction of the disposal plant it was found that due to increased costs the share for which the college would be liable would be about one hundred seventy-six thousand (\$176,000) dollars more than the balance remaining which the board was authorized to contribute by said Acts of the Fifty-second General Assembly, and

WHEREAS, it will be much less expensive for the board to continue in its co-operative agreement with the City of Ames for joint sewage disposal than to construct a separate plant and the board has by said authority already contributed toward this expense; now therefore

Be It Enacted by the General Assembly of the State of Iowa:

1 SECTION 1. The state board of education is authorized to continue
2 in co-operation with the City of Ames to construct, operate and main-
3 tain a sewage system and disposal plant for the joint use of the Iowa
