**MEMORIALS TO THE CONGRESS OF THE
UNITED STATES****HOUSE CONCURRENT RESOLUTION 20**

Whereas, the United States Supreme Court in an opinion written in the case of Kern-Limerick, Inc. v. Scurlock, 347 U. S. 110, has held that a contractor with a federal agency can be constituted a federal purchasing agent in the absence of a federal act prohibiting this, and thereby the contractor's purchases and use of tangible personal property are immunized from state taxation; and

Whereas, under the rule established by this opinion practically any activity engaged in by a private contractor on behalf of a federal agency can be immunized from any state taxation by appropriate contract phraseology, resulting in serious interference with state and local powers of taxation contrary to the established policy of Congress and the expressed will of the executive branch of the federal government; and

Whereas, no additional rights of taxation are sought on behalf of the states, only the restoration and the preservation of these rights which existed prior to the pronouncement of the rule here complained of; and

Whereas, if there is to be any withdrawal from the sovereign states of the Union of any portion of their power to tax government contractors there should be an equal withdrawal from the federal government of its power to tax state employees and contractors, to the end that the power to tax shall remain in balance;

Now, Therefore, Be It Resolved by the House of the Fifty-sixth General Assembly of the State of Iowa, the Senate concurring, that the General Assembly respectfully memorializes the Congress of the United States to enact as speedily as possible legislation which will secure and make certain to the states of the Union the power and right to levy and collect any nondiscriminatory privilege tax upon any privilege exercised under the protection and authority of the law of any state of the Union, except such taxes the direct incidence of which would be upon the United States.

Adopted H. J. 1217; S. J. 991.
