Be It Enacted by the General Assembly of the State of Iowa:

1 SECTION 1. Section twenty-nine (29), of chapter one hundred
 2 twenty-two (122), Acts of the Sixtieth General Assembly, is hereby
 3 amended by adding the following subsection:

4 "Any osteopathic physician and surgeon who is a graduate of a
 5 college of osteopathic medicine and surgery approved by the medical
 6 examiners and is serving only as a resident osteopathic physician and
 7 surgeon and who is not licensed to practice osteopathic medicine and
 8 surgery in this state, shall be required to obtain from the medical
 9 examiners a temporary or special license to practice as a resident
 10 osteopathic physician and surgeon. The license shall be designated

11 "Resident Osteopathic Physician and Surgeon License", and shall
 12 authorize the licensee to serve as a resident only, under the super-
 13 vision of a licensed practitioner of osteopathic medicine and surgery,
 14 in an institution approved for this purpose by the medical examiners.
 15 Such license shall be valid for one year and may be annually renewed
 16 at the discretion of the medical examiners for a period not to exceed
 17 six additional years. The fee for this license shall be \$15.00, and if
 18 extended beyond one year, an annual renewal fee of \$3.00 per year
 19 shall be required. The medical examiners shall determine in each
 20 instance those eligible for this license, whether or not examinations
 21 shall be given, and the type of examinations. No requirements of the
 22 law pertaining to regular permanent licensure shall be mandatory for
 23 this resident licensure except as specifically designated by the medical
 24 examiners. The granting of a resident osteopathic physician and sur-
 25 geon's license does not in any way indicate that the person so licensed
 26 is necessarily eligible for regular licensure, nor are the medical exam-
 27 iners in any way obligated to so license such individual. The medical
 28 examiners shall revoke said license at any time they shall determine
 29 either that the caliber of work done by the licensee or the type of
 30 supervision being given such licensee does not conform to reasonable
 31 standards established by the medical examiners."
