2. IOWA STATE CIVIL RIGHTS COMMISSION

For salaries, support, maintenance and miscellaneous purposes including an amount, which shall be paid to any city in the state for use by that city's human rights commission, equal to the amount of any federal funds which would have been available to that city if cases had been waived by the Iowa state civil rights commission under the provisions of a contract between that city's human rights commission and the United States equal employment opportunity commission \$ 292,000

It is the intent of the general assembly in making this appropriation to the Iowa state civil rights commission that the increase in the appropriation over the 1975-76 fiscal year shall be used to the maximum extent possible to support volunteers in service to America lawyers engaged in performing a service for the civil rights commission. Such lawyers shall maintain lists of numbers and names of cases upon which they work, lists of cases completed, information relating to location

30 available for public inspection in the offices of the Iowa civil rights commission.

31 It is the intent of the general assembly that insofar as feasible complaints filed
32 either with local human rights commissions or with the Iowa state civil rights
33 commission shall be handled at the local level.

34 It is also the intent of the general assembly that the Iowa state civil rights
35 commission shall, at the request of local human rights commissions, assign field
36 staff to locations where a large number of complaints are filed to work with local
37 human rights commissions where possible in order to better utilize staff time and
38 agency funds.

46 twenty-five point thirteen (125.13) of the Code only for treatment as
47 defined in section one hundred twenty-five point twelve (125.12) of the
48 Code on a regional basis according to the needs of each region defined

58 only for those costs which meet the established reporting criteria, including but
59 not limited to the required ratio of staff to patients.

60 It is the intent of the general assembly in appropriating funds under this

1 SEC. 2. All federal grants to and the federal receipts of the agencies
2 appropriated funds under this Act are appropriated for the purposes set forth in
3 such federal grants.

1 SEC. 3. Effective July 1, 1977 the division of alcoholism, now a part of the
2 department of health, and the Iowa drug abuse authority shall be merged into a
3 single state division of the department of health having responsibility for
4 education about, prevention efforts directed against, and treatment programs to
5 aid victims of the abuse of chemical substances. The official title of the merged
6 division and the provisions for its administration, powers, duties and limitations
7 shall be as may be prescribed by the general assembly. Initial proposals relative to
8 these matters shall be delivered to the general assembly by the governor on or
9 before January 17, 1977.

10 If the governor determines that merger effective July 1, 1977 would not be in
11 the best interest of the state of Iowa, the governor may by executive order delay
12 the merger to a date not later than January 1, 1978.

1 SEC. 4. The general assembly declares that the priorities of the merger to be
2 effected pursuant to section three (3) of this Act are:

- 3 1. Improved assistance to residents of Iowa who are abusing or seeking to
4 recover from the effects of abuse of chemical substances; and
5 2. Reduced administrative costs and greater program efficiency, relative to the
6 quantity and quality of services being offered.

1 SEC. 5. In preparing proposals to be submitted to the general assembly as
2 required by section three (3) of this Act, the governor shall be guided by the
3 priorities established in section four (4) of this Act. The proposals submitted by
4 the governor shall include, but need not be limited to, the following:

- 5 1. Administrative structure of the new division of the department of health,
6 including any limitations on the authority of the commissioner of public health
7 over the head of the new division, and whether or not an advisory council should
8 be established for the new division and if so its composition, manner of selection
9 and responsibilities.
10 2. Continuation of strong local community and local treatment program input
11 into a state plan.
12 3. Annual development of a state plan, with comment and review by local
13 agencies and groups.
14 4. Specific recommendations for funding mechanisms and criteria, with
15 additional recommendations for the related roles of counties and local
16 communities.
17 5. Specific designation of education, treatment and prevention programs,
18 outlining the state's role and the related responsibilities of counties and
19 communities.
20 6. Proposed relationship to other state agencies.
21 7. Common (so far as feasible) licensing and certification standards and
22 procedures.
23 8. Monitoring and evaluation mechanisms.
24 9. A goal of statewide availability of acute care for chemical substance abusers.

1 SEC. 6. It is the intent of the general assembly in adopting this Act that the
2 proposals developed in response to section five (5) of this Act be based on the
3 needs of clients, and of the community in general, as determined from public
4 hearings held widely throughout the state.

1 SEC. 7. Chapters one hundred twenty-five (125) and two hundred twenty-four
2 B (224B), Code 1975, are repealed effective July 1, 1977. However, if the merger
3 of the division of alcoholism and the Iowa drug abuse authority is delayed
4 pursuant to section three (3) of this Act, the two agencies shall continue to be
5 governed by the provisions of those chapters as if they were in full force and
6 effect until the merger takes effect.
