CHAPTER 1067
PUBLIC INTOXICATION CHEMICAL TEST
H.F. 2435

AN ACT providing the right to a chemical test upon arrest on a charge of public intoxication.

Be It Enacted by the General Assembly of the State of Iowa:

Section 1. Section 123.46, Code Supplement 1985, is amended by striking the section and inserting in lieu thereof the following:

123.46 CONSUMPTION IN PUBLIC PLACES — INTOXICATION — RIGHT TO CHEMICAL TEST ON ARREST.

1. As used in this section unless the context otherwise requires:

a. "Arrest" means the same as defined in section 804.5 and includes taking into custody pursuant to section 232.19.

b. "Chemical test" means a test of a person's blood, breath, or urine to determine the percentage of alcohol present by a qualified person using devices and methods approved by the commissioner of public safety.

c. "Peace officer" means the same as defined in section 801.4.

d. "School" means a public or private school or that portion of a public or private school which provides teaching for any grade from kindergarten through grade twelve.

2. A person shall not use or consume alcoholic liquor, wine, or beer upon the public streets or highways. A person shall not use or consume alcoholic liquor in any public place except premises covered by a liquor control license. A person shall not possess or consume alcoholic liquors, wine, or beer on public school property or while attending a public or private school-related function. A person shall not be intoxicated or simulate intoxication in a public place. A person violating this subsection is guilty of a simple misdemeanor.

3. When a peace officer arrests a person on a charge of public intoxication under this section, the peace officer shall inform the person that the person may have a chemical test administered at the person's own expense. If a device approved by the commissioner of public safety for testing a sample of a person's breath to determine the person's blood alcohol concentration is available, that is the only test that need be offered the person arrested. In a prosecution for public intoxication, evidence of the results of a chemical test performed under this subsection is admissible upon proof of a proper foundation. The percentage of alcohol present in a person's blood, breath, or urine established by the results of a chemical test performed within two hours after the person's arrest on a charge of public intoxication is presumed to be the percentage of alcohol present at the time of arrest.
