2. Before the governor implements the actions provided for in subsection 1, the following procedures shall be taken:

a. The chairpersons and ranking members of the standing committees of the senate and house on appropriations, the director of the legislative fiscal bureau, and the members of appropriate subcommittees of those committees shall be notified of the proposed action.

1. If funds received from the federal government in the form of block grants exceed the amounts appropriated in sections 2, 3, 4, and 5, section 8, subsection 3, and section 11, subsection 1, of this Act, the excess shall be prorated to the appropriate programs according to the percentages specified in those sections, except additional funds shall not be prorated for administrative expenses.

Sec. 16. PROCEDURE FOR CONSOLIDATED, CATEGORICAL, OR EXPANDED FEDERAL BLOCK GRANTS. Notwithstanding section 8.41, federal funds made available to the state which are authorized for the federal fiscal year beginning October 1, 1988, resulting from the federal government consolidating former categorical grants into block grants, or which expand block grants included in Pub. L. No. 97-35, to include additional programs formerly funded by categorical grants, which are not otherwise appropriated by the general assembly, are appropriated for the programs formerly receiving the categorical grants, subject to the conditions of this section. The governor shall, whenever possible, allocate from the block grant to each program in the same proportion as the amount of federal funds received by the program during the 1988 federal fiscal year as modified by the 1988 Session of the Seventy-second General Assembly for the fiscal year beginning July 1, 1988, compared to the total federal funds received in the 1988 federal fiscal year by all programs consolidated into the block grant. However, if one agency did not have categorical funds appropriated for the federal fiscal year ending September 30, 1988, but had anticipated applying for funds during the fiscal year ending September 30, 1989, the governor may allocate the funds in order to provide funding.

If the amount received in the form of a consolidated or expanded block grant is less than the total amount of federal funds received for the programs in the form of categorical grants for the 1988 federal fiscal year, state funds appropriated to the program by the general assembly to match the federal funds shall be reduced by the same proportion of the reduction in federal funds for the program. State funds released by the reduction shall be deposited in a special fund in the state treasury and are available for appropriation by the general assembly. The governor shall notify the chairpersons and ranking members of the senate and house committees on appropriations, the legislative fiscal director, and the members of the appropriate subcommittees of those committees before making the allocation of federal funds or any proportional reduction of state funds under this section. The notice shall state the amount of federal funds to be allocated to each program, the amount of federal funds received by the program during the 1988 federal fiscal year, the amount by which state funds for the program will be reduced according to this section and the amount of state funds received by the program during the 1988 fiscal year. Chairpersons notified shall be allowed at least two weeks to review and comment on the proposed action before the action is taken.

If the amount received in the form of a consolidated or expanded block grant is more than the total amount of federal funds received for the programs in the form of categorical grants for the 1988 federal fiscal year, the excess funds shall be deposited in the special fund created in section 8.41 and are subject to the provisions of that section.

Approved April 28, 1988
