

I am unable to approve the items designated as Sections 27, 36 and 37 in their entirety. These provisions relate to the responsibilities given to all agencies in state government for implementing the small business advocate program created and funded elsewhere in the bill.

Section 27 requires that in the event that processing takes more than two weeks, agencies which issue licenses and permits send a notice of issuance procedures to applicants two weeks after receipt of the application. Section 36 requires each agency to designate a small business assistance officer and specifies the responsibilities of the officer. Section 37 relates to requirements for maintaining and disseminating a current catalogue of all types of projects, licenses, permits and other regulatory requirements administered by the agency.

I support the concept of providing relief to small businesses, and as such I am leaving intact the provisions which create, fund and specify the responsibilities of the office of small business advocate. However, Sections 27, 36 and 37 may actually work to the detriment of small business through the imposition of requirements that may further delay the process of issuing licenses and permits, and the resolution of complaints. It should be the small business advocate's responsibility to work with state government to design more reasonable and workable procedures.

I am unable to approve the designated portion of Section 28. This provision commits future year receipts from the Iowa Community Development Loan Fund to the Iowa Finance Authority for the E911 financing program. I am leaving intact the \$500,000 appropriation in this bill for fiscal year 1991. However, from the standpoint of fiscal responsibility and accountability, I cannot support making future year funding commitments for the E911 program. There is no compelling reason why this program should not be reviewed on a regular basis in the same manner as are other programs that compete for state resources.

Overall, the action taken by the General Assembly in Senate File 2327 will enable the state to move ahead in several key areas: international trade, work force development, community betterment, housing and business financing.

For the above reasons, I hereby respectfully disapprove these items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in Senate File 2327 are hereby approved as of this date.

Sincerely,
TERRY E. BRANSTAD, *Governor*

CHAPTER 1263

S.F. 2428

AN ACT relating to and making appropriations of federal and other nonstate funds including funds made available from federal block grants, allocating portions of federal block grants, and providing procedures if federal funds are more or less than anticipated or if federal block grants are more or less than anticipated or if categorical grants are consolidated into new or existing block grants.

Be It Enacted by the General Assembly of the State of Iowa:

Section 1. MATERNAL AND CHILD HEALTH SERVICES APPROPRIATIONS.

It is the intent of the general assembly that the departments of public health, human services, and education and the university of Iowa's mobile and regional child health specialty clinics continue to pursue to the maximum extent feasible the coordination and integration of services to women and children in selected pilot areas. It is expected that these agencies prepare a progress report for the general assembly indicating objectives accomplished and barriers encountered in the pursuit of these integration efforts.

4. Those federal maternal and child health services block grant funds transferred from the federal preventive health and health services block grant funds under section 3, subsection 4 of this Act for the federal fiscal year beginning October 1, 1990, are transferred to the maternal and child health programs and to the university of Iowa's mobile and regional child health specialty clinics according to the percentages specified in subsection 2.

Sec. 10. PROCEDURE FOR REDUCED FEDERAL FUNDS.

1. Except for section 5 of this Act, if the funds received from the federal government for the block grants specified in this Act are less than the amounts appropriated, the funds actually received shall be prorated by the governor for the various programs, other than for the rape prevention program under section 2, subsection 3 of this Act, for which each block grant is available according to the percentages that each program is to receive as specified in this Act. However, if the governor determines that the funds allocated by the percentages will not be sufficient to effect the purposes of a particular program, or if the appropriation is not allocated by percentage, the governor may allocate the funds in a manner which will effect to the greatest extent possible the purposes of the various programs for which the block grants are available.

2. Before the governor implements the actions provided for in subsection 1, the following procedures shall be taken:

a. The chairpersons and ranking members of the senate and house standing committees on appropriations, the appropriate chairpersons and ranking members of subcommittees of those committees, and the director of the legislative fiscal bureau shall be notified of the proposed action.

b. The notice shall include the proposed allocations, and information on the reasons why particular percentages or amounts of funds are allocated to the individual programs, the departments and programs affected, and other information deemed useful. Chairpersons notified shall be allowed at least two weeks to review and comment on the proposed action before the action is taken.

Sec. 11. PROCEDURE FOR INCREASED FEDERAL FUNDS.

1. If funds received from the federal government in the form of block grants exceed the amounts appropriated in sections 1, 2, and 5 of this Act, the excess shall be prorated to the appropriate programs according to the percentages specified in those sections, except additional funds shall not be prorated for administrative expenses.

2. If funds received from the federal government from block grants exceed the amounts appropriated in section 6 of this Act, at least 10 percent and not more than 15 percent of the excess shall be allocated to the low-income weatherization program.

3. If funds received from the federal government from community services block grants exceed the amounts appropriated in section 3 of this Act, 100 percent of the excess is allocated to the community services block grant program.

4. If funds received from the federal government from the social services block grant exceed the amounts appropriated in section 7 of this Act, 100 percent of the excess shall be allocated to local administrative costs and other local services.

Sec. 12. PROCEDURE FOR CONSOLIDATED, CATEGORICAL, OR EXPANDED FEDERAL BLOCK GRANTS.

Notwithstanding section 8.41, federal funds made available to the state which are authorized for the federal fiscal year beginning October 1, 1990, resulting from the federal government consolidating former categorical grants into block grants, or which expand block grants included in Pub. L. No. 97-35, to include additional programs formerly funded by categorical grants, which are not otherwise appropriated by the general assembly, are appropriated for the programs formerly receiving the categorical grants, subject to the conditions of this section. The governor shall, whenever possible, allocate from the block grant to each program in the same proportion as the amount of federal funds received by the program during the 1990 federal fiscal year as modified by the 1990 Session of the Seventy-third Iowa General Assembly for the state fiscal year beginning July 1, 1990, compared to the total federal funds received in the federal fiscal year by all programs consolidated into the block grant. However, if one agency did not have categorical funds appropriated for the federal fiscal year beginning October 1, 1989, but had anticipated applying for funds during the federal fiscal year beginning October 1, 1990, the governor may allocate the funds in order to provide funding.

If the amount received in the form of a consolidated or expanded block grant is less than the total amount of federal funds received for the programs in the form of categorical grants for the 1990 federal fiscal year, state funds appropriated to the program by the general assembly to match the federal funds shall be reduced by the same proportion of the reduction in federal funds for the program. State funds released by the reduction shall be deposited in a special fund in the state treasury and are available for appropriation by the general assembly. The governor shall notify the chairpersons and ranking members of the senate and house standing committees on appropriations, the appropriate chairpersons and ranking members of the subcommittees of those committees, and the legislative fiscal director before making the allocation of federal funds or any proportional reduction of state funds under this section. The notice shall state the amount of federal funds to be allocated to each program, the amount of federal funds received by the program during the 1990 federal fiscal year, the amount by which state funds for the program will be reduced according to this section and the amount

of state funds received by the program during the 1990 fiscal year. Chairpersons notified shall be allowed at least two weeks to review and comment on the proposed action before the action is taken.

If the amount received in the form of a consolidated or expanded block grant is more than the total amount of federal funds received for the programs in the form of categorical grants for the 1990 federal fiscal year, the excess funds shall be deposited in the special fund created in section 8.41 and are subject to the provisions of that section.

Sec. 13. APPLICATIONS FOR FEDERAL AND NONSTATE FUNDS.
