

I am unable to approve the item designated as Section 35, in its entirety. This provision would establish a separate classification system for the division of area schools within the Department of Education. Any change in classifications should be reviewed by the Department of Education in cooperation with the Department of Personnel. While I am interested in classifying employees in a manner which will attract qualified individuals into state government, it is inappropriate to reclassify groups of employees through statute.

I am unable to approve the item designated as Section 47, in its entirety. This provision would provide financial counseling services to dislocated workers, allocate funds to the dislocated worker center in Merged Area X, and provide funds for the displaced workers financial aid program, which I have approved under Section 3 of this Act. Funding for this program would be provided by a transfer of \$250,000 from the Community Economic Betterment Account. These funds should be retained in the Community Economic Betterment Account, to create a climate for new jobs in Iowa. Furthermore, assistance to displaced workers is currently available from the U.S. Department of Labor under the Economic Dislocation and Workers Adjustment Assistance Act and from other student aid and training programs.

I am unable to approve the item designated as Section 79, in its entirety. This provision would prevent the reversion of \$290,000 previously appropriated to and unused by the Department of Education. Given the financial constraints of the state, I am unable to approve this provision.

For the above reasons, I hereby respectfully disapprove these items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in Senate File 2423 are hereby approved as of this date.

Sincerely,  
TERRY E. BRANSTAD, *Governor*

WHEREAS, chapter 262A authorizes the state board of regents to borrow money and to issue and sell negotiable revenue bonds to pay all or any part of the cost of carrying out projects
