If the amount received in the form of a consolidated or expanded block grant is less than the total amount of federal funds received for the programs in the form of categorical grants for the 1991 federal fiscal year, state funds appropriated to the program by the general assembly to match the federal funds shall be reduced by the same proportion of the reduction in federal funds for the program. State funds released by the reduction shall be deposited in a special fund in the state treasury and are available for appropriation by the general assembly. The governor shall notify the chairpersons and ranking members of the senate and house standing committees on appropriations, the appropriate chairpersons and ranking members of the subcommittees of those committees, and the legislative fiscal director before making the allocation of federal funds or any proportional reduction of state funds under this section. The notice shall state the amount of federal funds to be allocated to each program, the amount of federal funds received by the program during the 1991 federal fiscal year, the amount by which state funds for the program will be reduced according to this section and the amount of state funds received by the program during the 1991 fiscal year. Chairpersons notified shall be allowed at least two weeks to review and comment on the proposed action before the action is taken.

If the amount received in the form of a consolidated or expanded block grant is more than the total amount of federal funds received for the programs in the form of categorical grants for the 1991 federal fiscal year, the excess funds shall be deposited in the special fund created in section 8.41 and are subject to the provisions of that section.
