The funds shall not be used for any other purpose. As used in this lettered paragraph, "elderly person" means a person who is 60 years of age or older and "low-income person" means a person whose income and resources are below the guidelines established by the department.

(2) One-fourth of the total amount to be allocated shall be divided so that an equal amount is available for use in each county in the state. Three-fourths of the total amount to be allocated shall be divided so that the share available for use in each county is proportionate to the number of elderly and low-income persons living in that county in relation to the total number of elderly and low-income persons living in the state.

(3) In order to receive allocations under this lettered paragraph, the local board of health having jurisdiction shall prepare a proposal for the use of the allocated funds available for that jurisdiction that will provide the maximum benefits of expanded public health nursing care to elderly and low-income persons in the jurisdiction. After approval of the proposal by the department, the department shall enter into a contract with the local board of health. The local board of health shall subcontract with a nonprofit nurses' association, an independent nonprofit agency, or a suitable local governmental body to use the allocated funds to provide public health nursing care. Local boards of health shall make an effort to prevent duplication of services.

(4) If by July 30 of the fiscal year, the department is unable to conclude contracts for use of the allocated funds in a county, the department shall consider the unused funds appropriated under this lettered paragraph an unallocated pool. If the unallocated pool is \$50,000 or more it shall be reallocated to the counties in substantially the same manner as the original allocations. The reallocated funds are available for use in those counties during the period beginning January 1 and ending June 30 of the fiscal year. If the unallocated pool is less than \$50,000, the department may allocate it to counties with demonstrated special needs for public health nursing.

(5) The department shall maintain rules governing the expenditure of funds appropriated by this lettered paragraph. The rules require each local agency receiving funds to establish and use a sliding fee scale for those persons able to pay for all or a portion of the cost of the care.

(6) The department shall annually evaluate the success of the public health nursing program. The evaluation shall include the extent to which the program reduced or prevented inappropriate institutionalization, the extent to which the program increased the availability of public health nursing care to elderly and low-income persons, and the extent of public health nursing care provided to elderly and low-income persons. The department shall submit a report of each annual evaluation to the governor and the general assembly.

d. For grants to county boards of supervisors for the home care aide program:

..... \$ 8,586,716

Funds appropriated in this lettered paragraph shall be used to provide home care aide services with emphasis on services to elderly and persons below the poverty level and children and adults in need of protective services with the objective of preventing or reducing inappropriate institutionalization. In addition, up to 15 percent of the funds appropriated in this lettered paragraph may be used to provide chore services. The funds shall not be used for

any other purposes. In providing services to elderly persons, the service provider shall coordinate efforts with the integrated case management for the frail elderly program of the department of elder affairs. As used in this lettered paragraph:

(1) "Chore services" means services provided to individuals or families, who, due to incapacity, or illness, are unable to perform certain home maintenance functions. The services include but are not limited to yard work such as mowing lawns, raking leaves, and shoveling walks; window and door maintenance such as hanging screen windows and doors, replacing windowpanes, and washing windows; and minor repairs to walls, floors, stairs, railings, and handles. It also includes heavy house cleaning which includes cleaning attics or basements to remove fire hazards, moving heavy furniture, extensive wall washing, floor care or painting, and trash removal.

(2) "Elderly person" means a person who is 60 years of age or older.

(3) "Home care aide services" means services intended to enhance the capacity of household members to attain or maintain the independence of the household members and provided by trained and supervised workers to individuals or families, who, due to the absence, incapacity, or limitations of the usual homemaker, are experiencing stress or crisis. The services include but are not limited to essential shopping, housekeeping, meal preparation, child care, respite care, money management and consumer education, family management, personal services, transportation and providing information, assistance, and household management.

(4) "Low-income person" means a person whose income and resources are below the guidelines established by the department.

(5) "Protective services" means those home care aide services intended to stabilize a child's or an adult's residential environment and relationships with relatives, caretakers, and other persons or household members in order to alleviate a situation involving abuse or neglect or to otherwise protect the child or adult from a threat of abuse or neglect.

The amount appropriated in this lettered paragraph shall be allocated for use in the counties of the state. Fifteen percent of the amount shall be divided so that an equal amount is available for use in each county in the state. The following percentages of the remaining amount shall be allocated to each county according to that county's proportion of residents with the following demographic characteristics: 60 percent according to the number of elderly persons living in the county, 20 percent according to the number of persons below the poverty level living in the county, and 20 percent according to the number of substantiated cases of child abuse in the county during the 3 most recent fiscal years for which data is available.

In order to receive allocations in this lettered paragraph, the county board of supervisors, after consultation with the local boards of health, county board of social welfare, area agency on aging advisory council, local office of the department of human services, and other in-home health care provider agencies in the jurisdiction, shall prepare a proposal for the use of the allocated funds available for that jurisdiction that will provide the maximum benefits of home care aide services to elderly and low-income persons and children and adults in need of protective services in the jurisdiction. An agency requesting service or financial information about a current subcontractor shall provide similar information concerning its own home care aide or chore services program to the current subcontractor. The proposal may provide that a maximum of 15 percent of the allocated funds will be used to provide chore services. The proposal shall include a statement assuring that children and adults in need of protective services are given priority for home care aide services and that the appropriate local agencies have participated in the planning for the proposal. After approval of the proposal by the department, the department shall enter into a contract with the county board of supervisors or a governmental body designated by the county board of supervisors. The county board of supervisors or its designee shall subcontract with a nonprofit nurses' association, an independent nonprofit agency, the department of human services, or a suitable local governmental body to use the allocated funds to provide home care aide services and chore services providing that the subcontract requires any service provided away from the home to be documented in a report available for review by the department, and that each home care aide subcontracting agency shall

maintain the direct service workers' time assigned to direct client service at 70 percent or more of the workers' paid time and that not more than 35 percent of the total cost of the service be included in the combined costs for service administration and agency administration. The subcontract shall require that each home care aide subcontracting agency shall pay the employer's contribution of social security and provide workers' compensation coverage for persons providing direct home care aide service and meet any other applicable legal requirements of an employer-employee relationship.

If by July 30 of the fiscal year, the department is unable to conclude contracts for use of the allocated funds in a county, the department shall consider the unused funds appropriated in this lettered paragraph an unallocated pool. The department shall also identify any allocated funds which the counties do not anticipate spending during the fiscal year. If the anticipated excess funds to any county are substantial, the department and the county may agree to return those excess funds, if the funds are other than program revenues, to the department, and if returned, the department shall consider the returned funds a part of the unallocated pool. The department shall, prior to February 15 of the fiscal year, reallocate the funds in the unallocated pool among the counties in which the department has concluded contracts under this lettered paragraph. The department shall also review the first 10 months' expenditures for each county in May of the fiscal year, to determine if any counties possess contracted funds which they do not anticipate spending. If such funds are identified and the county agrees to release the funds, the released funds will be considered a new reallocation pool. The department may, prior to June 1 of the fiscal year, reallocate funds from this new reallocation pool to those counties which have experienced a high utilization of protective service hours for children and dependent adults.

The department shall maintain rules governing the expenditure of funds appropriated in this lettered paragraph. The rules require each local agency receiving funds to establish and use a sliding fee scale for those persons able to pay for all or a portion of the cost of the services and shall require the payments to be applied to the cost of the services. The department shall also maintain rules for standards regarding training, supervision, recordkeeping, appeals, program evaluation, cost analysis, and financial audits, and rules specifying reporting requirements.

The department shall annually evaluate the success of the home care aide program. The evaluation shall include a description of the program and its implementation, the extent of local participation, the extent to which the program reduced or prevented inappropriate institutionalization, the extent to which the program provided or increased the availability of home care aide services to elderly and low-income persons and children and adults in need of protective services, any problems and recommendations concerning the program, and an analysis of the costs of services across the state. Approved April 20, 1993, except the item which I hereby disapprove and which is designated as Section 4, subsection 2, paragraph g in its entirety. My reason for vetoing the item is delineated in the item veto message pertaining to this Act to the Speaker of the House this same date, a copy of which is attached hereto.

TERRY E. BRANSTAD, *Governor*

Dear Mr. Speaker:

I hereby transmit House File 429, an Act relating to and making appropriations to the Department for the Blind, the Iowa State Civil Rights Commission, the Department of Elder Affairs, the Iowa Department of Public Health, the Department of Human Rights, and the Commission of Veterans Affairs and providing for the elimination of the Health Data Commission and the Department of Human Rights.

House File 429 is, therefore, approved on this date with the following exception which I hereby disapprove.

I am unable to approve the item designated as Section 4, subsection 2, paragraph g, in its entirety. This provision would require the Department of Public Health to establish a revolving fund to administer the water treatment testing program. The Department has statutory authority to contract for administration of the program and to charge a fee for that purpose, therefore, creation of a new revolving fund is unnecessary.

For the above reason, I hereby respectfully disapprove this item in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in House File 429 are hereby approved as of this date.

Sincerely,

TERRY E. BRANSTAD, *Governor*
