PREFACE

CERTIFICATION

We, Dennis C. Prouty, Director, Legislative Services Agency, Richard L. Johnson, Legal Services Division Director, Leslie E. W. Hickey, Iowa Code Editor, and Joanne R. Page, Deputy Iowa Code Editor, certify that, to the best of our knowledge, the Acts and Resolutions in this volume have been prepared from the original enrolled Acts and Resolutions on file in the office of the Secretary of State; are correct copies of those Acts and Resolutions; are published under the authority of the statutes of this state; and constitute the Acts and Resolutions of the 2003 Regular Session and the 2003 First Extraordinary Session of the Eightieth General Assembly of the State of Iowa.

STATUTES AS EVIDENCE

Iowa Code section 622.59 is as follows:

622.59 Printed copies of statutes. Printed copies of the statute laws of this or any other of the United States, or of Congress, or of any foreign government, purporting or proved to have been published under the authority thereof, or proved to be commonly admitted as evidence of the existing laws in the courts of such state or government, shall be admitted in the courts of this state as presumptive evidence of such laws.

EXPLANATORY NOTES

Temporary Code numbers. CODE NUMBERS ASSIGNED TO NEW SECTIONS AND SUBSECTIONS IN THE ACTS ARE TEMPORARY AND MAY BE CHANGED WHEN THE 2003 IOWA CODE SUPPLEMENT IS PUBLISHED. Changes will be shown in the Tables of Disposition of Acts in the 2003 Iowa Code Supplement.

Typographic style. The Acts and Resolutions in this volume are printed as they appear on file in the office of the Secretary of State. No editorial corrections have been made. Underlined type indicates new material added to existing statutes; strike-through type indicates deleted material. Italics within an Act indicate material that the Governor has item vetoed. Item vetoed text is also indicated by asterisks at the beginning and ending of the vetoed material. Superscript numbers indicate explanatory footnotes.

Effective and enactment dates. The Acts of the 2003 Regular Session took effect on July 1, 2003, unless otherwise provided. The Acts of the 2003 First Extraordinary Session took effect on September 2, 2003, unless otherwise provided. See Iowa Code section 3.7. The date of enactment is the date an Act is approved by the Governor, which is shown at the end of each Act.

State mandates. Iowa Code section 25B.5 requires that for each enacted bill or joint resolution containing a state mandate (defined in section 25B.3), an estimate of additional local revenue expenditures required by the mandate must be filed with the Secretary of State. Section 2B.10(6) states that a notation of the filing of the estimate must be included in the Iowa Acts with the text of the bill or resolution. A dagger is placed at the beginning of the enacting clause and a footnote included for each enrolled Act or Resolution which requires the mandate.

Resolutions. Concurrent resolutions and Senate and House resolutions are generally not included. See bound Senate and House Journals for adopted resolutions.

Orders for legal publications should be addressed to the Legislative Services Agency, State Capitol, Third Floor, Des Moines, Iowa 50319. Telephone (515) 281-3568

Section 1. Section 476.23, subsection 1, Code 2003, is amended to read as follows:

1. An electric utility shall not construct or extend facilities or furnish or offer to furnish electric service to the existing point of delivery of any customer already receiving electric service from another electric utility without having first filed with the board the express written agreement of the electric utility presently serving this customer, except as otherwise provided in this section. Any municipal corporation, after being authorized by a vote of the people, or any electric utility may file a petition with the board requesting a certificate of authority to furnish electric service to the existing point of delivery of any customer already receiving electric service from another electric utility. If, after notice by the board to the electric utility currently serving the customer, objection to the petition is not filed and investigation is not deemed necessary, the board shall issue a certificate within thirty days of the filing of the petition. When an objection is filed, if the board, after notice and opportunity for hearing, determines that service to the customer by the petitioner is in the public interest, including consideration of any unnecessary duplication of facilities, it shall grant this certificate in whole or in part, upon such terms, conditions, and restrictions as may be justified. Whether or not an objection is filed, any certificate issued shall require that the petitioner pay to the electric utility presently serving the customer, the reasonable price for facilities serving the customer. This price determination by the board shall include due consideration of the cost of the facilities being acquired,; any necessary generating capacity and transmission capacity dedicated to the customer, including, but not limited to, electric power generating facilities and alternate energy production facilities not yet in service but for which the board has issued an order pursuant to section 476.53, and electric power generating facility emissions plan budgets approved by the board pursuant to section 476.6, subsection 25; depreciation,; loss of revenue,; and the cost of facilities necessary to reintegrate the system of the utility after detaching the portion sold.

a. Purchase At least one of the following:

(1) Own alternate energy production facilities or small hydro facilities located in this state.

(2) Enter into long-term contracts to purchase or wheel electricity from alternate energy production facilities or small hydro facilities located in the utility's service area under the terms and conditions that the board finds are just and economically reasonable to the electric utilities' ratepayers, are nondiscriminatory to alternate energy producers and small hydro producers and will further the policy stated in section 476.41.

b. Provide for the availability of supplemental or backup power to alternate energy production facilities or small hydro facilities on a nondiscriminatory basis and at just and reasonable rates.

Sec. 3. Section 476.44, subsection 2, Code 2003, is amended to read as follows:

The board shall allocate the one hundred five megawatts based upon each utility's percentage of the total Iowa retail peak demand, for the year beginning January 1, 1990, of all utilities subject to this section. If a utility undergoes reorganization as defined in section 476.76, the board shall combine the allocated purchases of power for each utility involved in the reorganization.

Notwithstanding the one hundred five megawatt maximum, the board may increase the amount of power that a utility is required to own or purchase at the rates established pursuant to section 476.43 if the board finds that a utility, including a reorganized utility, exceeds its 1990 Iowa retail peak demand by twenty percent and the additional power the utility is required to purchase will encourage the development of alternate energy production facilities and small hydro facilities. The increase shall not exceed the utility's increase in peak demand multiplied by the ratio of the utility's share of the one hundred five megawatt maximum to its 1990 Iowa retail peak demand.

Sec. 4. Section 476.45, Code 2003, is amended to read as follows:

Sec. 5. Section 476.53, subsection 3, paragraph b, Code 2003, is amended to read as follows:

b. In determining the applicable ratemaking principles, the board shall not be limited to traditional ratemaking principles or traditional cost recovery mechanisms. Among the principles and mechanisms the board may consider, the board has the authority to approve ratemaking principles proposed by a rate-regulated public utility that provide for reasonable restrictions upon the ability of the public utility to seek a general increase in electric rates under section 476.6 for at least three years after the generation facility begins providing service to Iowa customers.

Be It Enacted by the General Assembly of the State of Iowa:

Section 1. Section 321.69, subsections 2 and 3, Code 2003, are amended to read as follows:

2. The damage disclosure statement required by this section shall, at a minimum, state the total retail dollar amount of all damage to the vehicle during the period of the transferor's ownership of the vehicle and whether the transferor knows if the vehicle was titled as a salvage or flood vehicle in this or any other state prior to the transferor's ownership of the vehicle. For the purposes of this section, "damage" refers to damage to the vehicle caused by fire, vandalism, collision, weather, falling objects, submersion in water, or flood, where the cost of repair is ~~five~~ six thousand dollars or more per incident, but does not include normal wear and tear, glass damage, mechanical repairs or electrical repairs that have not been caused by fire, vandalism, collision, weather, falling objects, submersion in water, or flood. "Damage" does not include the cost of repairing, replacing, or reinstalling tires, lights, batteries, windshields, windows, a sound system, or an inflatable restraint system. A determination of the amount of damage to a vehicle shall be based on estimates of the retail cost of repairing the vehicle, including labor, parts, and other materials, if the vehicle has not been repaired or on the actual retail cost of repair, including labor, parts, and other materials, if the vehicle has been repaired. Only individual incidents in which the retail cost of repairs is ~~five~~ six thousand dollars or more are required to be disclosed by this section. If the vehicle has incurred damage of ~~five~~ six thousand dollars or more per incident in more than one incident, the damage amounts must be combined and disclosed as the total of all separate incidents.

3. The damage disclosure statement shall be provided by the transferor to the transferee at or before the time of sale. However, if the transferor has a salvage certificate of title for the vehicle, the transferor is not required to disclose under this section the total retail cost of repairs to the vehicle during the period of the transferor's ownership of the vehicle. If the transferor is not a resident of this state or if the transferee acquired the vehicle by operation of law as provided in section 321.47, the transferee shall not be required to submit a damage disclosure statement from the transferor with the transferee's application for title unless the state of the transferor's residence requires a damage disclosure statement. However, the transferee shall submit a damage disclosure statement with the transferee's application for title indicating whether a salvage or rebuilt title had ever existed for the vehicle, whether the vehicle had incurred prior damage of ~~five~~ six thousand dollars or more per incident, and the year, make, and vehicle identification number of the motor vehicle. The transferee shall not be required to indicate whether the vehicle had incurred prior damage of ~~five~~ six thousand dollars or more per incident under this subsection if the transferor's certificate of title is from another state and if it indicates that the vehicle is salvaged and not rebuilt or is another state's salvage certificate of title.

Sec. 2. Section 321.69, subsection 7, unnumbered paragraph 1, Code 2003, is amended to read as follows:

The damage disclosure statements shall be made on the back of the certificate of title if the title is available to the transferor at the time of sale. If the title is not available at the time of sale or if the face of the transferor's Iowa title contains no indication that the vehicle was previously salvaged or titled as salvaged or rebuilt and the transferor knows or reasonably should know that the vehicle was previously salvaged or titled as salvaged or rebuilt in another state, the transferor shall make the disclosure on a separate disclosure document. The damage disclosure statement forms shall be as approved by the department. The treasurer shall not accept a damage disclosure statement and issue a title unless the back of the title or separate disclosure document has been fully completed and signed and dated by the transferee and the transferor, if applicable. If a separate damage disclosure document from a prior owner is required to be furnished with the application for title, the transferor must provide a copy of the separate damage disclosure document to the transferee at or before the time of sale.

Sec. 3. Section 321.69, subsections 8 and 9, Code 2003, are amended to read as follows:

8. A person, authorized vehicle recycler licensed under chapter 321H, or motor vehicle dealer licensed under chapter 322 shall not be liable to a subsequent owner, driver, or passenger of a vehicle because a prior owner or lessee gave a false or inaccurate damage disclosure statement or failed to disclose that the vehicle had previously been damaged and repaired or had been titled on a salvage or rebuilt certificate of title unless the person, recycler, or dealer knew or reasonably should have known that the prior owner or lessee gave a false or inaccurate damage disclosure statement or failed to disclose that the vehicle had been damaged and repaired or had been titled on a salvage or rebuilt certificate of title.

9. This section does not apply to ~~new motor vehicles with a true mileage, as defined in section 321.71, of one thousand miles or less~~, motor trucks and truck tractors with a gross vehicle weight rating of sixteen thousand pounds or more, vehicles more than nine model years old, motorcycles, motorized bicycles, and special mobile equipment. The This section does apply to motor homes. The requirement in subsection 1 that the new certificate of title and registration receipt shall state on the face of the title the total cumulative dollar amount of damage does not apply to a vehicle with a certificate of title bearing a designation that the vehicle was previously titled on a salvage certificate of title pursuant to section 321.52, subsection 4, paragraph "b", or to a vehicle with a certificate of title bearing a "REBUILT" or "SALVAGE" designation pursuant to section 321.24, subsection 4 or 5. This section does not apply to new motor vehicles with a true mileage, as defined in section 321.71, of one thousand miles or less, unless such vehicle has incurred damage as defined in subsection 2.¹

¹ See chapter 179, §71 herein

Sec. 4. Section 321.69, Code 2003, is amended by adding the following new subsection:

In addition, a lessee who has executed a lease as defined in section 321F.1 shall provide the disclosure statement required in this subsection to the lessor upon termination of the lease.

CITY COUNCILS — REDUCTIONS IN MEMBERSHIP

S.F. 230

AN ACT relating to the procedure for reducing the number of members of a city council from five to three in certain cities and providing an effective date.

Be It Enacted by the General Assembly of the State of Iowa:

Section 1. Section 372.4, Code 2003, is amended to read as follows:

372.4 MAYOR-COUNCIL FORM.

1. A city governed by the mayor-council form has a mayor and five council members elected at large, unless the council representation plan is changed pursuant to section 372.13, subsection 11. The council may, by ordinance, provide for a city manager and prescribe the manager's powers and duties, and as long as the council contains an odd number of council members, may change the number of wards, abolish wards, or increase the number of council members at large without changing the form.

However, a city governed, on July 1, 1975, by the mayor-council form composed of a mayor and a council consisting of two council members elected at large, and one council member

from each of four wards, or a special charter city governed, on July 1, 1975, by the mayor-council form composed of a mayor and a council consisting of two council members elected at large and one council member elected from each of eight wards, may continue until the form of government is changed as provided in section 372.2 or section 372.9. While a city is thus operating with an even number of council members, the mayor may vote to break a tie vote on motions not involving ordinances, resolutions or appointments made by the council alone, and in a special charter city operating with ten council members under this section, the mayor may vote to break a tie vote on all measures.

2. The mayor shall appoint a council member as mayor pro tem, and shall appoint and dismiss the marshal or chief of police except where an intergovernmental agreement makes other provisions for police protection or as otherwise provided in section 400.13. However, the appointment and dismissal of the marshal or chief of police are subject to the consent of a majority of the council. Other officers must be selected as directed by the council. The mayor is not a member of the council and shall not vote as a member of the council.

3. In a city having a population of ~~between five hundred and~~ five thousand ~~or less~~, the city council may, or shall upon petition of the electorate meeting the numerical requirements of section 372.2, subsection 1, submit a proposal at the next regular or special city election to reduce the number of council members to three. If a majority of the voters voting on the proposal approves it, the proposal is adopted. If the proposal is adopted, the new council shall be elected at the next regular or special city election. The council shall determine by ordinance whether the three council members are elected at large or by ward.

4. In a city having a population of less than five hundred, the city council may adopt a resolution of intent to reduce the number of council members from five to three and shall call a public hearing on the proposal. Notice of the time and place of the public hearing shall be published as provided in section 362.3, except that at least ten days' notice must be given. At the public hearing, the council shall receive oral and written comments regarding the proposal from any person. Thereafter, the council, at the same meeting as the public hearing or at a subsequent meeting, may adopt a final resolution to reduce the number of council members from five to three or may adopt a resolution abandoning the proposal. If the council adopts a final resolution to reduce the number of council members from five to three, a petition meeting the same requirements specified in section 362.4 for petitions authorized by city code may be filed with the clerk within thirty days following the effective date of the final resolution, requesting that the question of reducing the number of council members from five to three be submitted to the registered voters of the city. Upon receipt of a petition requesting an election, the council shall direct the county commissioner of elections to put the proposal on the ballot for the next regular city election. If the ballot proposal is adopted, the new council shall be elected at the next following regular city election. If a petition is not filed, the council shall notify the county commissioner of elections by July 1 of the year of the regular city election and the new council shall be elected at that regular city election. If the council notifies the commissioner of elections after July 1 of the year of the regular city election, the change shall take effect at the next following regular city election. The council shall determine by ordinance whether the three council members are elected at large or by ward.

Sec. 2. EFFECTIVE DATE. This Act, being deemed of immediate importance, takes effect upon enactment.

b. Each member shall be entitled to one vote and shall have an opportunity to participate in the governance of the commission in accordance with the bylaws. Notwithstanding any provision herein to the contrary, no action of the commission with respect to the promulgation of a uniform standard shall be effective unless two-thirds of the members vote in favor thereof.

c. The commission shall, by a majority of the members, prescribe bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes, and exercise the powers, of the compact, including, but not limited to:

- (1) Establishing the fiscal year of the commission.
- (2) Providing reasonable procedures for appointing and electing members, as well as holding meetings, of the management committee.
- (3) Providing reasonable standards and procedures:

- (6) Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any compacting state, the bylaws shall exclusively govern the personnel policies and programs of the commission.
- (7) Providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of this compact after the payment or reserving of all of its debts and obligations.

2. MANAGEMENT COMMITTEE, OFFICERS, AND PERSONNEL.

a. A management committee comprising no more than fourteen members shall be established as follows:

(1) One member from each of the six compacting states with the largest premium volume for individual and group annuities, life, disability income, and long-term care insurance products, determined from the records of the national association of insurance commissioners for the prior year.

(2) Four members from those compacting states with at least two percent of the market based on the premium volume described in subparagraph (1), other than the six compacting states with the largest premium volume, selected on a rotating basis as provided in the bylaws.

(3) Four members from those compacting states with less than two percent of the market, based on the premium volume described⁴ subparagraph (1), with one selected from each of the four zone regions of the national association of insurance commissioners as provided in the bylaws.

b. The management committee shall have such authority and duties as may be set forth in the bylaws, including but not limited to:

⁴ See chapter 179, §74 herein

(1) Managing the affairs of the commission in a manner consistent with the bylaws and purposes of the commission.

(2) Establishing and overseeing an organizational structure within, and appropriate procedures for, the commission to provide for the creation of uniform standards and other rules, receipt and review of product filings, administrative and technical support functions, review of decisions regarding the disapproval of a product filing, and the review of elections made by a compacting state to opt out of a uniform standard, provided that a uniform standard shall not be submitted to the compacting states for adoption unless approved by two-thirds of the members of the management committee.

(3) Overseeing the offices of the commission.

(4) Planning, implementing, and coordinating communications and activities with other state, federal, and local government organizations in order to advance the goals of the commission.

c. The commission shall elect annually officers from the management committee, with each having such authority and duties, as may be specified in the bylaws.

d. The management committee may, subject to the approval of the commission, appoint or retain an executive director for such period, upon such terms and conditions and for such compensation as the commission may deem appropriate. The executive director shall serve as secretary to the commission, but shall not be a member of the commission. The executive director shall hire and supervise such other staff as may be authorized by the commission.

3. LEGISLATIVE AND ADVISORY COMMITTEES.

a. A legislative committee comprising state legislators or their designees shall be established to monitor the operations of, and make recommendations to, the commission, including the management committee, provided that the manner of selection and term of any legislative committee member shall be as set forth in the bylaws. Prior to the adoption by the commission of any uniform standard, revision to the bylaws, annual budget, or other significant matter as may be provided in the bylaws, the management committee shall consult with and report to the legislative committee.

b. The commission shall establish two advisory committees, one of which shall comprise consumer representatives independent of the insurance industry, and the other comprising insurance industry representatives.

c. The commission may establish additional advisory committees as its bylaws may provide for the carrying out of its functions.

4. CORPORATE RECORDS OF THE COMMISSION. The commission shall maintain its corporate books and records in accordance with the bylaws.

5. QUALIFIED IMMUNITY, DEFENSE, AND INDEMNIFICATION.

a. The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to, or loss of, property, personal injury, or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of commission employment, duties, or responsibilities, provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of that person.

b. The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that nothing herein shall be construed to prohibit that person from retaining the person's own counsel; and, provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful and wanton misconduct.

c. The commission shall indemnify and hold harmless any member, officer, executive direc-

tor, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful and wanton misconduct of that person.

ARTICLE VI — MEETINGS AND ACTS OF THE COMMISSION

1. The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.

2. Each member of the commission shall have the right and power to cast a vote to which that compacting state is entitled and to participate in the business and affairs of the commission. A member shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for members' participation in meetings by telephone or other means of communication.

3. The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws.

ARTICLE VII — RULES AND OPERATING PROCEDURES — RULEMAKING FUNCTIONS OF THE COMMISSION AND OPTING OUT OF UNIFORM STANDARDS

1. **RULEMAKING AUTHORITY.** The commission shall promulgate reasonable rules, including uniform standards and operating procedures, in order to effectively and efficiently achieve the purposes of this compact. Notwithstanding the foregoing, in the event the commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this compact, or the powers granted hereunder, such an action by the commission shall be invalid and have no force and effect.

2. **RULEMAKING PROCEDURE.** Rules and operating procedures shall be made pursuant to a rulemaking process that conforms to the model state administrative procedure act, as may be appropriate to the operations of the commission. Before the commission adopts a uniform standard, the commission shall give written notice to the relevant state legislative committee or committees in each compacting state responsible for insurance issues of its intention to adopt the uniform standard.

3. **EFFECTIVE DATE AND OPT OUT OF A UNIFORM STANDARD.** A uniform standard shall become effective ninety days after its promulgation by the commission or such later date as the commission may determine, provided, however, that a compacting state may opt out of a uniform standard as provided in this article. "Opt out" means any action by a compacting state to decline to adopt or participate in a promulgated uniform standard. All other rules and operating procedures, and amendments thereto, shall become effective as of the date specified in each rule, operating procedure, or amendment.

4. **OPT-OUT PROCEDURE.** A compacting state may opt out of a uniform standard, either by legislation or regulation duly promulgated by the insurance department under the compacting state's administrative procedure act. If a compacting state elects to opt out of a uniform standard by regulation, it must do all of the following:

a. Give written notice to the commission no later than ten business days after the uniform standard is promulgated, or at the time the state becomes a compacting state.

b. Find that the uniform standard does not provide reasonable protections to the citizens of the state, given the conditions in the state.

The commissioner shall make specific findings of fact and conclusions of law, based on a preponderance of the evidence, detailing the conditions in the state which warrant a departure from the uniform standard and determining that the uniform standard would not reasonably protect the citizens of the state. The commissioner must consider and balance the following

factors and find that the conditions in the state and needs of the citizens of the state outweigh both of the following:

(1) The intent of the legislature to participate in, and the benefits of, an interstate agreement to establish national uniform consumer protections for the products subject to this compact.

(2) The presumption that a uniform standard adopted by the commission provides reasonable protections to consumers of the relevant product.

Notwithstanding the foregoing, a compacting state may, at the time of its enactment of this compact, prospectively opt out of all uniform standards involving long-term care insurance products by expressly providing for such opt out in the enacted compact, and such an opt out shall not be treated as a material variance in the offer or acceptance of any state to participate in this compact. Such an opt out shall be effective at the time of enactment of this compact by the compacting state and shall apply to all existing uniform standards involving long-term care insurance products and those subsequently promulgated.

5. EFFECT OF OPT OUT. If a compacting state elects to opt out of a uniform standard, the uniform standard shall remain applicable in the compacting state electing to opt out until such time the opt-out legislation is enacted into law or the regulation opting out becomes effective.

Once the opt out of a uniform standard by a compacting state becomes effective, as provided under the laws of that state, the uniform standard shall have no further force and effect in that state unless and until the legislation or regulation implementing the opt out is repealed or otherwise becomes ineffective under the laws of the state. If a compacting state opts out of a uniform standard after the uniform standard has been made effective in that state, the opt out shall have the same prospective effect as provided under article XIV for withdrawals.

ARTICLE VIII — COMMISSION RECORDS AND ENFORCEMENT

1. The commission shall promulgate rules to establish conditions and procedures under which the commission shall make its information and official records available to the public for inspection or copying. The commission may promulgate additional rules under which it may make available to federal and state agencies, including law enforcement agencies, records, and information otherwise exempt from disclosure, and may enter into agreements with such agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.

2. Except as to privileged records, data, and information, the laws of any compacting state pertaining to confidentiality or nondisclosure shall not relieve any compacting state commissioner of the duty to disclose any relevant records, data, or information to the commission, provided that disclosure to the commission shall not be deemed to waive or otherwise affect any confidentiality requirement, and further provided that, except as otherwise expressly provided in this compact, the commission shall not be subject to the compacting state's laws pertaining to confidentiality and nondisclosure with respect to records, data, and information in its possession. Confidential information of the commission shall remain confidential after such information is provided to any commissioner.

3. The commission shall monitor compacting states for compliance with duly adopted bylaws, rules, including uniform standards, and operating procedures. The commission shall notify any noncomplying compacting state in writing of its noncompliance with commission bylaws, rules, or operating procedures. If a noncomplying compacting state fails to remedy its noncompliance within the time specified in the notice of noncompliance, the compacting state shall be deemed to be in default as set forth in article XIV.

4. The commissioner of any state in which an insurer is authorized to do business, or is conducting the business of insurance, shall continue to exercise the commissioner's authority to oversee the market regulation of the activities of the insurer in accordance with the provisions of the state's law. The commissioner's enforcement of compliance with the compact is governed by the following provisions:

a. With respect to the commissioner's market regulation of a product or advertisement that is approved or certified to the commission, no activity of an insurer shall constitute a violation

of the provisions, standards, or requirements of this compact except upon a final order of the commission, issued at the request of a commissioner after prior notice to the insurer and an opportunity for hearing before the commission.

b. Before a commissioner may bring an action for violation of any provision, standard, or requirement of this compact relating to the use of an advertisement not approved or certified to the commission, the commissioner, or an authorized commission officer or employee, must authorize the action. However, authorization pursuant to this paragraph does not require notice to the insurer, opportunity for hearing, or disclosure of requests for authorization or records of the commission's action on such requests.

5. **STAY OF UNIFORM STANDARD.** If a compacting state has formally initiated the process of opting out of a uniform standard by regulation, and while the regulatory opt out is pending, the compacting state may petition the commission, at least fifteen days before the effective date of the uniform standard, to stay the effectiveness of the uniform standard in that state. The commission may grant a stay if it determines the regulatory opt out is being pursued in a reasonable manner and there is a likelihood of success. If a stay is granted or extended by the commission, the stay or extension thereof may postpone the effective date by up to ninety days, unless affirmatively extended by the commission, provided a stay may not be permitted to remain in effect for more than one year unless the compacting state can show extraordinary circumstances which warrant a continuance of the stay, including, but not limited to, the existence of a legal challenge which prevents the compacting state from opting out. A stay may be terminated by the commission upon notice that the rulemaking process has been terminated.

6. Not later than thirty days after a rule or operating procedure is adopted, any person may file a petition for judicial review of the rule or operating procedure, provided that the filing of such a petition shall not stay or otherwise prevent the rule or operating procedure from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the commission consistent with applicable law and shall not find the rule or operating procedure to be unlawful if the rule or operating procedure represents a reasonable exercise of the commission's authority.

ARTICLE IX — DISPUTE RESOLUTION

The commission shall attempt, upon the request of a member, to resolve any disputes or other issues which are subject to this compact and which may arise between two or more compacting states, or between compacting states and noncompacting states, and the commission shall promulgate an operating procedure providing for resolution of such disputes.

ARTICLE X — PRODUCT FILING AND APPROVAL

1. Insurers and third-party filers seeking to have a product approved by the commission shall file the product with, and pay applicable filing fees to, the commission. Nothing in this compact shall be construed to restrict or otherwise prevent an insurer from filing its product with the insurance department in any state wherein the insurer is licensed to conduct the business of insurance, and such filing shall be subject to the laws of the states where filed.

2. The commission shall establish appropriate filing and review processes and procedures pursuant to commission rules and operating procedures. Notwithstanding any provision herein to the contrary, the commission shall promulgate rules to establish conditions and procedures under which the commission will provide public access to product filing information. In establishing such rules, the commission shall consider the interests of the public in having access to such information, as well as protection of personal medical and financial information and trade secrets, that may be contained in a product filing or supporting information.

3. Any product approved by the commission may be sold or otherwise issued in those compacting states in which the insurer is legally authorized to do business.

ARTICLE XI — REVIEW OF COMMISSION DECISIONS
REGARDING FILINGS

1. Not later than thirty days after the commission has given notice of a disapproved product or advertisement filed with the commission, the insurer or third-party filer whose filing was disapproved may appeal the determination to a review panel appointed by the commission. The commission shall adopt rules to establish procedures for appointing such review panels and provide for notice and hearing. The decision of the review panel shall be the final action of the commission and not subject to review by any court. Notwithstanding the foregoing, an allegation that the commission, in disapproving a product or advertisement filed with the commission, acted arbitrarily, capriciously, or in a manner that is an abuse of discretion or otherwise not in accordance with the law, is subject to judicial review in accordance with article III, section 5.

2. The commission shall have authority to monitor, review, and reconsider products and advertisement subsequent to their filing or approval upon a finding that the product does not meet the relevant uniform standard. Where appropriate, the commission may withdraw or modify its approval after proper notice and hearing, subject to the appeal process in section 1.

ARTICLE XII — FINANCE

1. The commission shall pay or provide for the payment of the reasonable expenses of its establishment and organization. To fund the cost of its initial operations, the commission may accept contributions and other forms of funding from the national association of insurance commissioners, compacting states, and other sources. Contributions and other forms of funding from other sources shall be of such a nature that the independence of the commission concerning the performance of its duties shall not be compromised.

2. The commission shall collect a filing fee from each insurer and third-party filer filing a product with the commission to cover the cost of the operations and activities of the commission and its staff in a total amount sufficient to cover the commission's annual budget.

3. The commission's budget for a fiscal year shall not be approved until it has been subject to notice and comment as set forth in article VII.

4. The commission shall be exempt from all taxation in and by the compacting states.

5. The commission shall not pledge the credit of any compacting state, except by and with the appropriate legal authority of that compacting state.

6. The commission shall keep complete and accurate accounts of all its internal receipts, including grants and donations, and disbursements of all funds under its control. The internal financial accounts of the commission shall be subject to the accounting procedures established under its bylaws. The financial accounts and reports, including the system of internal controls and procedures of the commission, shall be audited annually by an independent certified public accountant. Upon the determination of the commission, but no less frequently than every three years, the review of the independent auditor shall include a management and performance audit of the commission. The commission shall make an annual report to the governor and legislature of the compacting states, which shall include a report of the independent audit. The commission's internal accounts, any work papers related to any internal audit, and any work papers related to the independent audit, shall be confidential, provided that such materials may be shared with the commissioner of any compacting state and shall remain confidential pursuant to article VII.

7. A compacting state shall not have any claim to or ownership of any property held by or vested in the commission or to any commission funds held pursuant to the provisions of this compact.

ARTICLE XIII — COMPACTING STATES,
EFFECTIVE DATE, AND AMENDMENT

1. Any state is eligible to become a compacting state.

2. This compact shall become effective and binding upon legislative enactment of this compact into law by two compacting states, provided the commission shall become effective for purposes of adopting uniform standards for reviewing, and giving approval or disapproval of, products filed with the commission that satisfy applicable uniform standards only after twenty-six states are compacting states or, alternatively, by states representing greater than forty percent of the premium volume for life insurance, annuity, disability income, and long-term care insurance products, based on records of the national association of insurance commissioners for the prior year. Thereafter, it shall become effective and binding as to any other compacting state upon enactment of this compact into law by that state.

3. Amendments to this compact may be proposed by the commission for enactment by the compacting states. An amendment shall not become effective and binding upon the commission and the compacting states unless and until all compacting states enact the amendment into law.

ARTICLE XIV — WITHDRAWAL, DEFAULT, AND TERMINATION

1. WITHDRAWAL.

a. Once effective, this compact shall continue in force and remain binding upon each and every compacting state, provided that a compacting state may withdraw from this compact by enacting a statute specifically repealing the statute which enacted the compact into law.

b. The effective date of withdrawal is the effective date of the repealing statute. However, the withdrawal shall not apply to any product filings approved or self-certified, or any advertisement of such products, on the date the repealing statute becomes effective, except by mutual agreement of the commission and the withdrawing state unless the approval is rescinded by the withdrawing state as provided in paragraph “e”.

c. The commissioner of the withdrawing state shall immediately notify the management committee in writing upon the introduction of legislation repealing this compact in the withdrawing state.

d. The commission shall notify the other compacting states of the introduction of such legislation within ten days after its receipt of notice.

e. The withdrawing state is responsible for all obligations, duties, and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal, except to the extent those obligations may have been released or relinquished by mutual agreement of the commission and the withdrawing state. The commission’s approval of products and advertisement prior to the effective date of withdrawal shall continue to be effective and be given full force and effect in the withdrawing state, unless formally rescinded by the withdrawing state in the same manner as provided by the laws of the withdrawing state for the prospective disapproval of products or advertisement previously approved under state law.

f. Reinstatement following withdrawal of any compacting state shall occur upon the effective date of the withdrawing state reenacting the compact.

2. DEFAULT.

a. If the commission determines that any compacting state has at any time defaulted in the performance of any of its obligations or responsibilities under this compact, the bylaws or duly promulgated rules or operating procedures, then, after notice and hearing as set forth in the bylaws, all rights, privileges, and benefits conferred by this compact on the defaulting state shall be suspended from the effective date of default as fixed by the commission. The grounds for default include, but are not limited to, failure of a compacting state to perform its obligations or responsibilities, and any other grounds designated in commission rules. The commission shall immediately notify the defaulting state in writing of the defaulting state’s suspension, pending a cure of the default. The commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the commission, the defaulting state shall be terminated from this compact and all rights, privileges, and benefits conferred by this compact shall be terminated from the effective date of termination.

b. Product approvals by the commission or product self-certifications, or any advertisement in connection with such product, that are in force on the effective date of termination shall remain in force in the defaulting state in the same manner as if the defaulting state had withdrawn voluntarily pursuant to section 1.

c. Reinstatement following termination of any compacting state requires a reenactment of this compact.

3. DISSOLUTION OF COMPACT.

a. This compact dissolves effective upon the date of the withdrawal or default of the compacting state which reduces membership in this compact to one compacting state.

b. Upon the dissolution of this compact, this compact becomes null and void and shall be of no further force or effect, and the business and affairs of the commission shall be wound up and any surplus funds shall be distributed in accordance with the bylaws.

ARTICLE XV — SEVERABILITY AND CONSTRUCTION

1. The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of this compact shall be enforceable.

2. The provisions of this compact shall be liberally construed to effectuate its purposes.

ARTICLE XVI — BINDING EFFECT OF COMPACT AND OTHER LAWS

1. OTHER LAWS.

a. Nothing herein prevents the enforcement of any other law of a compacting state, except as provided in paragraph “b”.

b. For any product approved or certified to the commission, the rules, uniform standards, and any other requirements of the commission shall constitute the exclusive provisions applicable to the content, approval, and certification of such products. For advertisement that is subject to the commission’s authority, any rule, uniform standard, or other requirement of the commission which governs the content of the advertisement shall constitute the exclusive provision that a commissioner may apply to the content of the advertisement. Notwithstanding the foregoing, action taken by the commission shall not abrogate or restrict:

(1) The access of any person, including the attorney general, to state courts.

(2) Remedies available under state law related to breach of contract, tort, general consumer protection laws, or general consumer protection regulations that apply to the sale or advertisement of the product or other laws not specifically directed to the content of the product.

(3) State law relating to the construction of insurance contracts.

c. All insurance products filed with individual states shall be subject to the laws of those states.

2. BINDING EFFECT OF THIS COMPACT.

a. All lawful actions of the commission, including all rules and operating procedures adopted by the commission, are binding upon the compacting states.

b. All agreements between the commission and the compacting states are binding in accordance with their terms.

c. Upon the request of a party to a conflict over the meaning or interpretation of commission actions, and upon a majority vote of the compacting states, the commission may issue advisory opinions regarding the meaning or interpretation in dispute.

d. In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers, or jurisdiction sought to be conferred by that provision upon the commission shall be ineffective as to that compacting state, and those obligations, duties, powers, or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which those obligations, duties, powers, or jurisdiction are delegated by law in effect at the time this compact becomes effective.

1. In this section, "remit" means to make direct payments of money to a licensee or its representative authorized to receive money or to deposit money in a bank in an account specified by the licensee.

2. A contract between a licensee and an authorized delegate must require the authorized delegate to operate in full compliance with this chapter. The licensee shall furnish in a record to each authorized delegate policies and procedures for the operation of the money services business.

3. An authorized delegate shall remit all money owing to the licensee in accordance with the terms of the contract between the licensee and the authorized delegate.

4. If a license is suspended or revoked or a licensee does not renew its license, the superintendent shall notify all authorized delegates of the licensee whose names are in a record filed with the superintendent of the suspension, revocation, or nonrenewal. After notice is sent or publication is made, an authorized delegate shall immediately cease to provide money services as a delegate of the licensee.

5. An authorized delegate shall not provide money services outside the scope of activity permissible under the contract between the authorized delegate and the licensee, except activity in which the authorized delegate is licensed to engage under article 2 or 3. An authorized delegate of a licensee holds in trust for the benefit of the licensee all money net of fees received from money transmission.

Sec. 15. NEW SECTION. 533C.402 UNAUTHORIZED ACTIVITIES.

A person shall not provide money services on behalf of another person not licensed under this chapter. A person who engages in that activity provides money services to the same extent as if the person were a licensee.

2. A joint examination or an acceptance of an examination report does not preclude the superintendent from conducting an examination as provided by law. A joint report or a report accepted under this section is an official report of the superintendent for all purposes.

3. The superintendent shall approve a request for change of control under subsection 1 if, after investigation, the superintendent determines that the person or group of persons requesting approval has the competence, experience, character, and general fitness to operate the licensee or person in control of the licensee in a lawful and proper manner and that the public interest will not be jeopardized by the change of control.

4. When an application for a change of control under this article is complete, the superintendent shall notify the licensee in a record of the date on which the request was determined to be complete and shall approve or deny the request within one hundred twenty days after that date.

If the superintendent determines that the person would not be a person in control of a licensee, the superintendent shall enter an order to that effect and the proposed person and transaction is not subject to the requirements of subsections 1 through 3.

Sec. 20. NEW SECTION. 533C.505 RECORDS.

1. A licensee shall maintain the following records for determining its compliance with this chapter for at least three years:

(2) In the case of a nonparticipating manufacturer, the nonparticipating manufacturer affirms that the brand family is to be deemed to be the nonparticipating manufacturer's cigarettes for the purposes of chapter 453C.

e. Tobacco product manufacturers shall maintain all invoices and documentation of sales and other information relied upon for certification for a period of five years, unless otherwise required by law to maintain invoices and documentation for a greater period of time.

The director shall develop and publish on the department's website a directory listing all tobacco product manufacturers that have provided current and accurate certification conforming to the requirements of subsection 1 and all brand families that are listed in the certification, with the following exceptions:

a. The director shall not include or retain in the directory the name or brand families of any nonparticipating manufacturer that has failed to provide the required certification or whose certification the attorney general determines is not in compliance with subsection 1, paragraphs "b" and "c", unless the attorney general has determined that the violation has been cured to the satisfaction of the attorney general.

b. A tobacco product manufacturer and a brand family shall not be included or retained in the directory if the attorney general concludes, in the case of a nonparticipating manufacturer, that either of the following applies:

A nonresident or foreign nonparticipating manufacturer that has not registered to do business in the state as a foreign corporation or business entity shall, as a condition precedent to having the nonparticipating manufacturer's brand family included or retained in the directory, appoint and continually engage without interruption the services of an agent in this state to act as agent for service of process on whom all process, and any action or proceeding against the nonparticipating manufacturer concerning or arising out of the enforcement of this chapter or chapter 453C, may be served in any manner authorized by law. The service shall constitute legal and valid service of process on the nonparticipating manufacturer. The nonparticipating manufacturer shall provide the name, address, telephone number, and proof of the appointment and availability of the agent to, and to the satisfaction of, the director and the attorney general.

2. The nonparticipating manufacturer shall provide notice to the director and the attorney general thirty calendar days prior to termination of the authority of an agent and shall further provide proof to the satisfaction of the attorney general of the appointment of a new agent at least five calendar days prior to the termination of the existing agent appointment. 3. A nonparticipating manufacturer whose products are sold in this state, who has not appointed or designated an agent as required, shall be deemed to have appointed the secretary of state as agent and may be proceeded against in the courts of this state by service of process upon the secretary of state. However, the appointment of the secretary of state as agent shall not satisfy the condition precedent for having the brand families of the nonparticipating manufacturer included or retained in the directory.

Sec. 5. **NEW SECTION.** 453D.5 REPORTING OF INFORMATION — ESCROW INSTALLMENTS.

1. No later than twenty calendar days after the end of each calendar quarter, and more frequently if so directed by the director, each stamping agent and distributor shall submit information as the director requires to facilitate compliance with this chapter, including but not limited to a list by brand family of the total number of cigarettes, or, in the case of roll-your-own tobacco, the equivalent stick count, for which the stamping agent or distributor affixed stamps during the previous calendar quarter or otherwise paid the tax due for the cigarettes. The stamping agent and distributor shall maintain, and make available to the director, all invoices and documentation of sales of all nonparticipating manufacturer cigarettes and any other information relied upon in reporting to the director for a period of five years. Violations of this subsection are subject to civil penalties as established in section 453A.31, subsection 2.

2. The director may disclose to the attorney general any information received under this chapter and requested by the attorney general for purposes of determining compliance with

and enforcing this chapter. The director and attorney general shall share with each other the information received under this chapter, and may share the information with other federal, state, or local agencies only for purposes of enforcement of this chapter, chapter 453C, or corresponding laws of other states.

3. The attorney general may require at any time from a nonparticipating manufacturer proof from the financial institution in which the nonparticipatory manufacturer has established a qualified escrow fund for the purpose of compliance with chapter 453C, of the amount of money in the qualified escrow fund, exclusive of interest, the amount and date of each deposit into the qualified escrow fund, and the amount and date of each withdrawal from the qualified escrow fund.

4. In addition to the information required to be submitted pursuant to chapter 453C or this chapter, the director or the attorney general may require a stamping agent, distributor, or tobacco product manufacturer to submit any additional information including but not limited to samples of the packaging or labeling of each brand family, as necessary to enable the attorney general to determine compliance by the tobacco product manufacturer with this chapter.

5. To promote compliance with this chapter, the attorney general may adopt rules requiring a tobacco product manufacturer subject to the requirements of section 453D.3, subsection 1, paragraph "b", to make the escrow deposits required in quarterly installments during the year in which the sales covered by the deposits are made. The director or the attorney general may require production of information sufficient to enable the attorney general to determine the adequacy of the amount of the installment deposit.

Sec. 6. NEW SECTION. 453D.6 PENALTIES AND OTHER REMEDIES.

1. In addition to or in lieu of any other civil or criminal remedy provided by law, upon a determination that any person has violated section 453D.3, subsection 3, or any rule adopted pursuant to that subsection, the director may revoke or suspend the permit or license of any stamping agent or distributor in the manner provided in chapter 453A. Each stamp affixed and each sale or offer to sell cigarettes in violation of section 453D.3, subsection 3, shall constitute a separate violation. For each violation, the director may also impose a civil penalty in an amount not to exceed the greater of five hundred percent of the retail value of the cigarettes or five thousand dollars upon a determination of violation of section 453D.3, subsection 3, or any rules adopted pursuant to section 453D.3, subsection 3. A penalty shall be imposed in the manner provided in chapter 453A.

3. The attorney general, on behalf of the director, may seek an injunction to restrain a threatened or actual violation of section 453D.3, subsection 3, or section 453D.5, subsection 1 or 4, by a stamping agent or distributor and to compel the stamping agent or distributor to comply with these sections. In any action brought pursuant to this section, the state shall be entitled to recover the costs of investigation, expert witness fees, costs of the action, and reasonable attorney fees.

4. It shall be unlawful for a person to sell or distribute cigarettes or acquire, hold, own, possess, transport, import, or cause to be imported cigarettes that the person knows or should know are intended for distribution or sale in the state in violation of section 453D.3, subsection 3. A violation of this subsection is a serious misdemeanor.

license to act as a stamping agent or distributor unless the person has certified in writing, under penalty of perjury, that the person will comply fully with this chapter.

3. If any portion of this chapter is for any reason held to be invalid, unlawful, or unconstitutional, the determination shall not affect the validity of the remaining provisions of this chapter or any part of this chapter.

The general allocation formula for a tax year shall allocate to each local taxing district that portion of the replacement taxes owed by each taxpayer which bears the same ratio as such taxpayer’s general property tax equivalents for each local taxing district bears to such taxpayer’s total general property tax equivalents for all local taxing districts in Iowa.

When allocating natural gas delivery taxes on deliveries of natural gas to a new electric power generating plant, ten percent of those natural gas delivery taxes shall be allocated over new gas property built to directly serve the new electric power generating plant and ninety percent of those natural gas delivery taxes shall be allocated to the general property tax equivalents of all gas property within the natural gas competitive service area or areas where the new gas property is located.

If the municipal utility or municipal owner of an electric power facility financed under the provisions of chapter 28F or 476A has a new electric power generating plant but the municipal utility or municipal owner has no operating electric meters in this state, the municipal utility or municipal owner shall pay the replacement generation tax associated with the new electric power generating plant allocation of the local amount to the county treasurer of the county in which the local amount is located and shall remit the remaining replacement generation tax, if any, to the director at the times contained in section 437A.8, subsection 4, for remittance of the tax to the county treasurers. All remaining replacement generation tax revenues received by the director shall be deposited in the property tax relief fund created in section 426B.1, and shall be distributed as provided in section 426B.2.

Sec. 13. Section 437A.15, subsection 7, Code 2003, is amended to read as follows:

7. ~~On or before July 1, 1998, the~~ The department of management, in consultation with the department of revenue and finance, shall ~~initiate and coordinate the establishment of a utility replacement tax~~ task force and provide staffing assistance to the task force. It is the intent of the general assembly that the task force include representatives of the department of management, department of revenue and finance, electric companies, natural gas companies, municipal utilities, electric cooperatives, counties, cities, school boards, and industrial, commercial, and residential consumers, and other appropriate stakeholders.

The task force shall study the effects of the replacement tax on local taxing authorities, local taxing districts, consumers, and taxpayers and the department of management shall report to the general assembly by January 1 of each year through January 1, ~~2003~~ 2005, the results of the study and the specific recommendations of the task force for modifications to the replacement tax, if any, which will further the purposes of tax neutrality for local taxing authorities, local taxing districts, taxpayers, and consumers, consistent with the stated purposes of this chapter. The department of management shall also report to the legislative council by November 15 of each year through ~~2002~~ 2004, the status of the task force study and any recommendations.

Sec. 14. Section 437A.19, subsection 2, paragraph f, Code 2003, is amended to read as follows:

f. In the event the base year assessed value of taxpayer property is adjusted as a result of taxpayer appeals, reduce the assessed value of taxpayer property in each local taxing district to reflect such adjustment. The adjustment shall be allocated in proportion to the allocation of the taxpayer's assessed value among the local taxing districts determined without regard to this adjustment. ~~If an An~~ An adjustment to the base year assessed value of taxpayer property is finally determined on or before September 30, 1999, it shall be reflected in the January 1, ~~1999, assessed value. Otherwise, any such adjustment~~ shall be made as of January 1 of the year following the date on which the adjustment is finally determined.

In no event shall the adjustments set forth in this subsection reduce the assessed value of taxpayer property in any local taxing district below zero.

~~The director, on or before October 31, 1999, in the case of January 1, 1999, assessed values, and on or before August 31 of each subsequent assessment year, shall report to the department of management and to the auditor of each county the adjusted assessed value of taxpayer property as of January 1 of such assessment year for each local taxing district, provided that for a taxpayer whose base year as defined in section 437A.3, subsection 1, changed from 1997 to 1998, the director shall, before May 1, 2000, report to the department of management and to the auditor of each county, the assessed values as of January 1, 1999. For purposes of this subsection, the assessed value of taxpayer property in each local taxing district subject to adjustment under this section by the director means the assessed value of such property as of the preceding January 1 as determined and allocated among the local taxing districts by the director.~~

Nothing in this chapter shall be interpreted to authorize local taxing authorities to exclude from the calculation of levy rates the ~~adjusted assessed~~ taxable value of taxpayer property reported to county auditors pursuant to this subsection.

In addition to reporting the assessed values as described in this subsection, the director, on or before October 31, 2003, in the case of January 1, 2003, values, and on or before August 31 of each subsequent assessment year, shall also report to the department of management and to the auditor of each county the taxable value of taxpayer property as of January 1 of such assessment year for each local taxing district. For purposes of this chapter, "taxable value" means the value for all property subject to the replacement tax annually determined by the director, by dividing the estimated annual replacement tax liability for that property by the prior year's consolidated taxing district rate for the taxing district where that property is located, then multiplying the quotient by one thousand. The prior year's replacement tax amounts for that property shall be used to estimate the current tax year's taxable value for that

property. If property not subject to any threshold recalculation is generating replacement tax for the first time, or if a taxpayer's replacement tax will not be changed by any threshold recalculation and the taxpayer believes that the replacement tax will vary more than ten percent from the previous tax year, the taxpayer shall report to the director by July 15 of the current calendar year, on forms prescribed by the director, the estimated replacement tax liability that will be attributable to that property for the current tax year. For the purposes of computing the taxable value of property in a taxing district, the taxing district's share of the estimated replacement tax liability shall be the taxing district's percentage share of the "assessed value allocated by property tax equivalent" multiplied by the total estimated replacement tax. "Assessed value allocated by property tax equivalent" shall be determined by dividing the taxpayer's current year assessed valuation in a taxing district by one thousand, and then multiplying by the prior year's consolidated tax rate.

Sec. 15. RETROACTIVE APPLICABILITY. This bill applies retroactively to tax years beginning on or after January 1, 2003.

CHAPTER 111

MENTAL HEALTH AND DEVELOPMENTAL DISABILITIES SERVICES SYSTEM REVIEW

H.F. 529

AN ACT directing the mental health and developmental disabilities commission to make recommendations for redesigning the mental health and developmental disabilities services system for adults and providing an effective date.

Be It Enacted by the General Assembly of the State of Iowa:

Section 1. MENTAL HEALTH AND DEVELOPMENTAL DISABILITIES SERVICES SYSTEM REDESIGN.

In fulfilling the mental health and developmental disabilities commission's duty under

section 225C.6, subsection 1, paragraph "q", the commission shall submit a report containing recommendations in accordance with this section to the governor and general assembly on or before December 31, 2003, for redesign of the state's mental health and developmental disabilities services system for adults. The commission shall address all of the following system components in the report and recommendations:

1. STANDARD CLINICAL AND FINANCIAL ELIGIBILITY.

The commission shall do all of the following:

a. Propose a standard set of clinical and diagnostic eligibility requirements for use in determining which individuals will be covered for defined core services, including but not limited to, general clinical eligibility standards, service access criteria, level of care requirements, and terminology changes.

b. Propose financial eligibility criteria for qualifying covered individuals, including guidelines for resources, copayments, income, and assets.

c. Identify the total projected cost for all counties to adopt the standardized clinical and financial eligibility requirements and criteria proposed by the commission.

2. MINIMUM SET OF CORE SERVICES.

The commission shall do all of the following:

a. Identify a minimum set of core services to be provided by each county. This core set of services shall be available statewide. An individual's eligibility for core services shall be based on consistent clinical criteria and service necessity.

b. Identify the total projected cost for all counties to make the core services available.

c. Design the core set of services as a replacement for the current statutory mandates for services. The purpose of replacing the current statutory mandates with the core set of services is to shift the emphasis to community-based services by providing covered individuals a reasonable level of choice to meet their individual needs within available funding. The initial set of core services considered by the commission shall include all of the following community-based services:

(1) Mental health outpatient treatment.

(2) Inpatient psychiatric evaluation and treatment at county-designated facilities.

(3) Service coordination and case management.

(4) Vocational services.

(5) Residential services.

3. FUNDING FOLLOWS THE COVERED INDIVIDUAL.

The commission shall include a process by which funding follows the covered individual among the options considered, including but not limited to the following:

a. Develop a new formula that allows public funding to follow the covered individual regardless of categorical funding. Distribution of state funds shall be based on a matrix of disability-related reimbursement rate cells. Each cell shall specify a reimbursement rate based on disability group and level of functioning. The funding formula shall take into account the number of covered individuals enrolled in each county and the average cost of services provided to covered individuals in each cell. The formula shall incorporate all of the following principles:

(1) Each county will receive a quarterly allotment equal to the product of the average costs per cell times the number of individuals enrolled in each cell during the previous quarter. To accommodate cash flow needs of counties and reduce the level of fund balances counties need to maintain, the state would make payments at the beginning of each quarter based on the anticipated number of covered individuals, with a reconciliation in the next quarter to the actual number of covered individuals.

(2) Increasing overall state funding levels in proportion to county funding levels.

(3) Allocating any increased state funding to achieve statewide equity in service access.

(4) Allocating the state funding for state institutions through counties rather than directly to the institutions so that these services operate on an equal basis with other services.

(5) Allocating state funding and administrative costs for state cases to the covered individual's county of residence.

(6) Allocating the risk for service cost increases to the counties and allocating the cost for

increases in the number of covered individuals to the state. Risk allocation provisions shall address methods for managing the risk.

(7) Providing for risk management and flexibility provisions such as cell rate adjustments, allowing waiting lists to be used for an unanticipated increase in the number of covered individuals, distributing quarterly allocations to counties based upon the previous quarter's number of covered individuals, removing categorical funding restrictions, applying standards to ensure county cash flow capacity, and allowing inflation adjustments.

(8) Expanding the state risk pool provisions under section 426B.5 to allow access to risk pool funding for specific purposes and to allow counties to maintain a certain level of fund balances in order to address certain cost factors.

b. All of the following factors shall be considered in developing formula provisions for calculating the distribution of funds:

(1) A county's ability to levy based on available taxable valuation and average per capita income.

(2) A requirement for each county to have a fund balance sufficient to cover all of the following:

(a) Cash flow for current services.

(b) Building maintenance and repair costs.

(c) Investments in new programs.

(d) A local risk pool that will cover extraordinary expenses while a county is preparing an application to the statewide risk pool.

(3) County costs for administration and infrastructure.

(4) Funds for counties to pay the costs of crisis response, hospital diversion, prevention, consultation, education, and outreach services that are provided outside the rate cell methodology or fee payment policy.

(5) Incentives to counties for coordination, collaboration, and infrastructure development.

c. Identify state and county costs to implement the proposed funding formula for the individuals and services identified under subsections 1 and 2.

4. ADDRESS THE LEGAL SETTLEMENT PROCESS.

The commission shall consider options for addressing the deficiencies in the legal settlement process currently used for determining governmental financial liability for service costs. The options considered may include but are not limited to providing for a transition to a system that provides for service access based upon an individual's residency.

5. COORDINATION OF FUNDING STREAMS.

The commission shall do all of the following:

a. Develop a specific approach for counties and the state to access additional federal housing funds.

b. In consultation with counties, support new efforts to maximize federal funding for defined core services, including accessing federal funds to support or match county expenditures to standardize inpatient and outpatient treatment and hospital diversion costs for Medicaid program recipients.

c. Develop recommendations identifying the manner in which services will be funded by the federal government, the state, and the counties.

Sec. 2. EFFECTIVE DATE. This Act, being deemed of immediate importance, takes effect upon enactment.

CHAPTER 121

OPEN PRAIRIE OR WILDLIFE HABITAT RESTORATION PROPERTY TAX CREDITS — INSPECTION AND CERTIFICATION

S.F. 444

AN ACT relating to the requirements for receiving a property tax exemption for open prairies and wildlife habitats and including an applicability date provision.

Be It Enacted by the General Assembly of the State of Iowa:

Section 1. Section 427.1, subsection 22, unnumbered paragraphs 2 and 5, Code 2003, are amended to read as follows:

Application for this exemption shall be filed with the commissioners of the soil and water conservation district in which the property is located, not later than February 1 of the assessment year, on forms provided by the department of revenue and finance. The application shall describe and locate the property to be exempted and have attached to it an aerial photo of that property on which is outlined the boundaries of the property to be exempted. In the case of an open prairie that has been restored or reestablished, the property shall be inspected and

certified as provided by the county board of supervisors as having adequate ground cover consisting of native species and that all primary and secondary noxious weeds present are being controlled to prevent the spread of seeds by either wind or water. In the case of an open prairie which is or includes a gully area susceptible to severe erosion, an approved erosion control plan must accompany the application. Upon receipt of the application, the commissioners shall certify whether the property is eligible to receive the exemption. The commissioners shall not withhold certification of the eligibility of property because of the existence upon the property of an abandoned building or structure which is not used for economic gain. If the commissioners certify that the property is eligible, the application shall be forwarded to the board of supervisors by May 1 of that assessment year with the certification of the eligible acreage. An application must be accompanied by an affidavit signed by the applicant that if an exemption is granted, the property will not be used for economic gain during the assessment year in which the exemption is granted.

The board of supervisors does not have to grant tax exemptions under this subsection, grant tax exemptions in the aggregate of the maximum acreage which may be granted exemptions, or grant a tax exemption for the total acreage for which the applicant requested the exemption. Only real property in parcels of two acres or more which is recreational lakes, forest cover, river and stream, river and stream banks, or open prairie and which is utilized for the purposes of providing soil erosion control or wildlife habitat or both, and which is subject to property tax for the fiscal year for which the tax exemption is requested, is eligible for the exemption under this subsection. However, in addition to the above, in order for a gully area which is susceptible to severe erosion to be eligible, there must be an erosion control plan for it approved by the commissioners of the soil and water conservation district in which it is located. In the case of an open prairie that has been restored or reestablished, the property shall be inspected and certified as provided by the county board of supervisors as having adequate ground cover consisting of native species and that all primary and secondary noxious weeds present are being controlled to prevent the spread of seeds by either wind or water. In the case of an exemption for river and stream or river and stream banks, the exemption shall not be granted unless there is included in the exemption land located at least thirty-three feet from the ordinary high water mark of the river and stream or river and stream banks. Property shall not be denied an exemption because of the existence upon the property of an abandoned building or structure which is not used for economic gain. If the real property is located within a city, the approval of the governing body must be obtained before the real property is eligible for an exemption. For purposes of this subsection:

Sec. 2. Section 427.1, subsection 22, Code 2003, is amended by adding the following new unnumbered paragraph:

NEW UNNUMBERED PARAGRAPH. In the case of an open prairie that has been restored or reestablished and that does not receive the certification as provided by the county board of supervisors as it relates to the ground cover, the applicant shall be notified of the availability of resource enhancement and protection fund cost-share moneys and soil and conservation technological assistance for reestablishing native vegetation.

Sec. 3. Section 427.1, subsection 24, Code 2003, is amended to read as follows:

24. LAND CERTIFIED AS A WILDLIFE HABITAT. The owner of agricultural land may designate not more than two acres of the land for use as a wildlife habitat. After inspection, if the land meets the standards established by the natural resource commission for a wildlife habitat under section 483A.3, and, in the case of a wildlife habitat that has been restored or reestablished, is inspected and certified as provided by the county board of supervisors as having adequate ground cover consisting of native species and that all primary and secondary noxious weeds present are being controlled to prevent the spread of seeds by either wind or water, the department of natural resources shall certify the designated land as a wildlife habitat and shall send a copy of the certification to the appropriate assessor not later than February 1 of the assessment year for which the exemption is requested. The department of natural resources may subsequently withdraw certification of the designated land if it fails to meet the established

standards for a wildlife habitat and the ground cover requirement and the assessor shall be given written notice of the decertification.

In the case where the property is a restored or reestablished wildlife habitat and does not receive the certification as provided by the county board of supervisors as it relates to the ground cover, the owner shall be notified of the availability of resource enhancement and protection fund cost-share moneys and soil and conservation technological assistance for reestablishing native vegetation.

However, the agreement may provide that during any year of the assignment period the eligible person may pay more or less than four percent of the amount of the Iowa agricultural industry finance loan that the corporation would otherwise be obligated to repay during that year.

(b) The assignment agreement shall contain conditions relating to the right of payment assigned to the department which may include securing the payment obligation in any manner that allows the department to enforce a debt against the property of the eligible person. If, however, within five years of purchase, the eligible business sells, disposes of, razes, or otherwise renders unusable all or a part of the land, buildings, or other existing structures for which tax credit was claimed under this section, the income tax liability of the eligible business for the year in which all or part of the property is sold, disposed of, razed, or otherwise rendered unusable shall be increased by one of the following amounts:

(1) One hundred percent of the tax credit claimed under this subsection if the property ceases to be eligible for the tax credit within one full year after being placed in service.

For purposes of this subsection, an eligible business includes a cooperative described in section 521 of the Internal Revenue Code which is not required to file an Iowa corporate income tax return, and whose project primarily involves the production of ethanol. For purposes of this subsection, an eligible business also includes a cooperative described in section 521 of the Internal Revenue Code which is required to file an Iowa corporate income tax return and whose project primarily involves the production of ethanol. Such cooperative may elect to transfer all or a portion of its tax credit to its members. The amount of tax credit transferred and claimed by a member shall be based upon the pro rata share of the member's earnings of the cooperative.

(2) A tax credit certificate shall not be valid until the tax year following the date of the capital investment project completion. A tax credit certificate shall contain the taxpayer's name, address, tax identification number, the date of project completion, the amount of the tax credit, and other information required by the department of revenue and finance. (2) If the department determines, based on the application of the eligible business, that one to five high-quality jobs are created, the eligible business may claim a tax credit of up to two percent of the new investment.

(5) If the department determines, based on the application of the eligible business, that more than fifteen high-quality jobs are created, the eligible business may claim a tax credit of up to five percent of the new investment.

4. a. An eligible business may claim an insurance premium tax credit equal to a percentage of the new investment directly related to new jobs created by the location or expansion of an eligible business under the program. The tax credit shall be allowed against taxes imposed in chapter 432. A tax credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until depleted, whichever occurs first. The percentage shall be equal to the amount provided in paragraph "c".

b. For purposes of this subsection, "new investment directly related to new jobs created by the location or expansion of an eligible business under the program" means the cost of machinery and equipment, as defined in section 427A.1, subsection 1, paragraphs "e" and "j", purchased for use in the operation of the eligible business, the purchase price of which has been depreciated in accordance with generally accepted accounting principles, the purchase price of real property and any buildings and structures located on the real property, and the cost of improvements made to real property which is used in the operation of the eligible business. If, however, within five years of purchase, the eligible business sells, disposes of, razes, or otherwise renders unusable all or a part of the land, buildings, or other existing structures for which tax credit was claimed under this section, the income tax liability of the eligible business for the year in which all or part of the property is sold, disposed of, razed, or otherwise rendered unusable shall be increased by one of the following amounts:

(1) One hundred percent of the tax credit claimed under this subsection if the property ceases to be eligible for the tax credit within one full year after being placed in service.

(2) Eighty percent of the tax credit claimed under this subsection if the property ceases to be eligible for the tax credit within two full years after being placed in service.

(3) Sixty percent of the tax credit claimed under this subsection if the property ceases to be eligible for the tax credit within three full years after being placed in service.

CHAPTER 126

TELECOMMUNICATIONS SERVICES AND PUBLIC UTILITY REGULATION

S.F. 368

AN ACT relating to advanced telecommunications services, including rate provisions.

Be It Enacted by the General Assembly of the State of Iowa:

Section 1. Section 476.1D, subsection 1, Code 2003, is amended to read as follows:

1. Except as provided in this section, the jurisdiction of the board as to the regulation of communications services is not applicable to a service or facility that is provided or is proposed to be provided by a telephone utility that is or becomes subject to effective competition, as determined by the board. In determining whether a service or facility is or becomes subject to effective competition, the board shall consider, among other factors, whether a comparable service or facility is available from a supplier other than the telephone utility in the geographic market being considered by the board and whether market forces in that market are sufficient to assure just and reasonable rates without regulation.

Sec. 2. Section 476.6, subsection 1, Code 2003, is amended to read as follows:

1. **FILING WITH BOARD.** A public utility subject to rate regulation shall not make effective a new or changed rate, charge, schedule or regulation until the rate, charge, schedule, or regulation has been approved by the board, except as provided in subsections 11 and 13.

~~A subscriber of a telephone exchange or service, who is declared to be legally blind under section 422.12, subsection 1, paragraph "e", is exempt from any charges for telephone directory assistance that may be approved by the board.~~

Sec. 3. Section 476.6, subsections 2 through 4, Code 2003, are amended by striking the subsections.

Sec. 4. Section 476.51, Code 2003, is amended to read as follows:

476.51 **CIVIL PENALTY.**

1. A public utility which, after written notice by the board of a specific violation, violates the same provision of this chapter, the same rule adopted by the board, or the same provision of an order lawfully issued by the board, is subject to a civil penalty, which may be levied by the board, of not less than one hundred dollars nor more than two thousand five hundred dollars per violation.

2. A public utility which willfully, after written notice by the board of a specific violation, violates the same provision of this chapter, the same rule adopted by the board, or the same

provision of an order lawfully issued by the board, is subject to a civil penalty, which may be levied by the board, of not less than one thousand dollars nor more than ten thousand dollars per violation. For the purposes of this section, "willful" means knowing and deliberate, with a specific intent to violate.

3. Each violation is a separate offense. In the case of a continuing violation, each day a violation continues, after the time specified for compliance in the written notice by the board, is a separate and distinct offense. Any civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in a compromise, the board may consider the appropriateness of the penalty in relation to the size of the public utility, the gravity of the violation, and the good faith of the public utility in attempting to achieve compliance following notification of a violation, and any other relevant factors.

4. The written notice given by the board to a public utility under this section shall specify an appropriate time for compliance.

5. Civil penalties collected pursuant to this section from utilities providing water, electric, or gas service shall be forwarded by the executive secretary of the board to the treasurer of state to be credited to the general fund of the state and to be used only for the low income home energy assistance program and the weatherization assistance program administered by the division of community action agencies of the department of human rights. Civil penalties collected pursuant to this section from utilities providing telecommunications service shall be forwarded to the treasurer of state to be credited to the general fund of the state to be used only for consumer education programs administered by the board. Penalties paid by a rate-regulated public utility pursuant to this section shall be excluded from the utility's costs when determining the utility's revenue requirement, and shall not be included either directly or indirectly in the utility's rates or charges to customers.

Sec. 5. Section 476.97, subsection 3, paragraph a, subparagraph (5), Code 2003, is amended to read as follows:

(5) The plan shall provide for both increases and decreases in the prices for basic communications services reflecting annual changes in inflation and productivity. Prior to January 1, 2000, Initially, the board shall use the gross domestic product price index, as published by the federal government, for an inflation measure, and two and six-tenths percentage points for a productivity measure. On or after January 1, 2000, the The board by rule may adopt a more current measures measure of inflation and productivity. Any plan in effect as of July 1, 2003, that contains a productivity factor shall strike the productivity factor on a prospective basis.

Sec. 6. Section 476.97, Code 2003, is amended by adding the following new subsection:

NEW SUBSECTION. 12. a. The Iowa broadband initiative is created to provide access to advanced telecommunications services to all customers in all exchanges served by rate-regulated local exchange carriers where advanced telecommunications services are not already available at affordable rates, to the extent consistent with technological limitations and the public interest as determined by the board. The general assembly specifically finds that regulatory flexibility is appropriate when fostering economic development through the increased availability of advanced telecommunications services.

b. For purposes of this section, "advanced telecommunications services" is defined as infrastructure capable of delivering a data transmission speed of at least two hundred kilobits per second in each direction.

c. Any rate-regulated local exchange carrier may implement a single increase in monthly rates for residential or business dial tone access service lines by an amount not to exceed two dollars per month. The increase shall be included in the customer's bill as an unidentified part of the overall rate for service. The revenue from this increase shall be used to provide advanced telecommunications services in each of the carrier's local exchange central office wire centers where advanced telecommunications services are not currently available at affordable rates in all or a substantial part of the exchange, subject to the requirements in subparagraphs (1) through (7). In addition, any increase or decrease required by an approved price regulation

plan that, as of July 1, 2003, has been deferred pursuant to subsection 3, paragraph "a", subparagraph (6), shall not be implemented and the amount of any deferral shall also be used to provide advanced telecommunications services, subject to the following requirements:

(1) Any carrier electing to participate in the Iowa broadband initiative shall file for the board's review and approval a plan for using the revenue resulting from the rate increase. In reviewing the plan, the board shall consider investments and expenditures by the carrier that will best serve the public interest as described in this subsection, including upgrading the existing telecommunications infrastructure to permit improved data services for customers who cannot be offered advanced telecommunications services because of their geographical location. The board shall adopt rules to implement its review process, including rules that specify the initial plan filing requirements, further define the public interest, and identify some of the factors the board will consider in reviewing plans.

(2) The carrier shall use the revenue resulting from the rate increase to implement its approved plan. Whenever the board is of the opinion that a carrier is not complying with its approved plan, the board may commence an action in the district court for any county in which such violation is alleged to have occurred to have such violation stopped and prevented by injunction, mandamus, or other appropriate remedy. The board may also, after notice and opportunity for hearing, require that the carrier refund any revenue resulting from the rate increase that has not been used to implement its approved plan. The board may also enforce the approved plan with civil penalties, pursuant to section 476.51.

(3) The carrier shall file annual reports with the board detailing its progress toward completion of its approved plan.

(4) The carrier, the board, or any other interested person may propose modifications to a carrier's plan at any time.

(5) By choosing to participate in the Iowa broadband initiative, the participating carrier agrees to make available to other carriers, on both a wholesale and an unbundled basis, the services and facilities that result from implementation of the participating carrier's plan. The wholesale rates and unbundled rates shall be set by the board, which shall consider, among other factors, the extent to which the service or facility was financed by the revenues generated by the rate increase allowed under this paragraph "c".

(6) Upon completion of its initial Iowa broadband initiative plan, a carrier shall do one or more of the following:

(a) File a plan for board review and approval for continued use of the revenue resulting from the rate increase for further deployment of advanced services.

(b) File a rate of return rate proceeding pursuant to section 476.6 to determine new rates.

(c) File proposed tariffs for board review and approval to reduce the monthly rates that were increased under this subsection by an amount equal to the increase.

(7) A carrier choosing to participate in the Iowa broadband initiative shall also apply a credit, in an amount equal to the amount of the residential service increase, to the monthly local exchange service rate for qualified applicants for low-income lifeline assistance programs. This credit shall continue for as long as the retail rate increase is in effect.

Sec. 7. NEW SECTION. 476.105 SEVERABILITY.

If any provision of this chapter or its application to any person or circumstance is held invalid or otherwise rendered ineffective by any entity, the invalidity or ineffectiveness shall not affect other provisions or applications of this chapter that can be given effect without the invalid or ineffective provision or application, and to this end the provisions of this chapter are severable.

CHAPTER 127**AGRICULTURAL LAND TAX CREDITS***H.F. 304*

AN ACT relating to the payment by a county of the agricultural land tax credit and reimbursement to the county of its payment and providing an effective date.

Be It Enacted by the General Assembly of the State of Iowa:

A county may on or after the effective date of this Act but before June 1, 2003, recertify to the department of revenue and finance the total amount of agricultural land tax credits payable during the fiscal year beginning July 1, 2002, if the amount originally certified was incorrect due to the fact that the amount certified included the amount of family farm tax credits due on land located in a particular school district and not the amount of agricultural land tax credits due on such land. As soon as the department of revenue and finance receives the recertification and communicates its agreement to the validity of the recertification to the county auditor, the county shall pay from its general fund to those persons who qualified to receive but did not receive during the fiscal year beginning July 1, 2002, the pro rata percentage of the agricultural land tax credit as recertified on agricultural land located in the county, a sum equal to the amount of the pro rata percentage determined pursuant to section 426.7 of the credits correctly recertified as agreed to by the director of revenue and finance and the county auditor.

Sec. 2. Notwithstanding any provision in chapter 426 to the contrary, from the amount appropriated to the agricultural land credit fund created in section 426.1, to pay tax credits during the fiscal year beginning July 1, 2003, an amount not to exceed the amount agreed to by the director of revenue and finance and the county auditor for each county making payments under section 1 of this Act shall be paid to that county to be deposited into its general fund. The amounts paid pursuant to this section shall be paid prior to any other payments from the agricultural land credit fund. The proceeds of the revolving fund are appropriated to and shall be used by the department to maintain, develop, operate, and expand IowAccess consistent with this article. The department shall submit an annual report not later than January 31 to the members of the general assembly and the legislative fiscal bureau, of the activities funded by and expenditures made from the revolving fund during the preceding fiscal year. Section 8.33 does not apply to any moneys in the revolving fund and, notwithstanding section 12C.7, subsection 2, earnings or interest on moneys deposited in the revolving fund shall be credited to the revolving fund.

ARTICLE 3

GENERAL PROVISIONS

Sec. 28. NEW SECTION. 8A.301 DEFINITIONS.

When used in this article, unless the context otherwise requires:

2. "Competitive bidding procedure" means the advertisement for, solicitation of, or the procurement of bids; the manner and condition in which bids are received; and the procedure by which bids are opened, accessed, accepted, rejected, or awarded. A "competitive bidding procedure" may include a transaction accomplished in an electronic format.
3. "Life cycle cost" means the expected total cost of ownership during the life of a product.
4. "Printing" means, as used in chapter 7A and this article, the reproduction of an image from a printing surface made generally by a contact impression that causes a transfer of ink, the reproduction of an impression by a photographic process, or the reproduction of an image by electronic means and shall include binding and may include material, processes, or operations necessary to produce a finished printed product, but shall not include binding, rebinding or repairs of books, journals, pamphlets, magazines and literary articles by any library of the state or any of its offices, departments, boards, and commissions held as a part of their library collection.
5. "State buildings and grounds" excludes any building under the custody and control of the Iowa public employees' retirement system.

Sec. 29. NEW SECTION. 8A.302 DEPARTMENTAL DUTIES — PHYSICAL RESOURCES.

The duties of the department as it relates to the physical resources of state government shall include but not necessarily be limited to the following:

1. Providing a system of uniform standards and specifications for purchasing. When the system is developed, all items of general use shall be purchased by state agencies through the department, except items used by the state department of transportation, institutions under the control of the state board of regents, the department for the blind, and any other agencies exempted by law. However, items of general use may be purchased through the department by any governmental entity.
2. Providing for the proper maintenance of the state capitol, grounds, and equipment, and all other state buildings and grounds, and equipment at the seat of government, and of the state laboratories facility in Ankeny, except those referred to in section 216B.3, subsection 6.
3. Providing for mail services for all state officials, agencies, and departments located at the seat of government. However, postage shall not be furnished to the general assembly, its members, officers, employees, or committees.
4. Providing architectural services, contracting for construction and construction oversight for state agencies except for the state board of regents, department of transportation, national guard, natural resource commission, and the Iowa public employees' retirement system. Capital funding appropriated to state agencies, except to the state board of regents, department of transportation, national guard, natural resource commission, and the Iowa public employees' retirement system, for property management shall be transferred for administration to the director of the department of administrative services.
5. Developing and implementing procedures to conduct transactions, including purchasing, authorized by this article in an electronic format to the extent determined appropriate by the department. The director shall adopt rules establishing criteria for competitive bidding procedures involving transactions in an electronic format, including criteria for accepting or rejecting bids which are electronically transmitted to the department, and for establishing with reasonable assurance the authenticity of the bid and the bidder's identity.
6. Providing insurance for motor vehicles owned by the state.

PURCHASING

Sec. 30. NEW SECTION. 8A.311 COMPETITIVE BIDDING — PREFERENCES — RECIPROCAL APPLICATION — DIRECT PURCHASING.

The director shall adopt rules establishing competitive bidding procedures.

1. All equipment, supplies, or services procured by the department shall be purchased by a competitive bidding procedure. However, the director may exempt by rule purchases of non-competitive items and purchases in lots or quantities too small to be effectively purchased by competitive bidding. Preference shall be given to purchasing Iowa products and purchases from Iowa-based businesses if the Iowa-based business bids submitted are comparable in price to bids submitted by out-of-state businesses and otherwise meet the required specifications. If the laws of another state mandate a percentage preference for businesses or products from that state and the effect of the preference is that bids of Iowa businesses or products that are otherwise low and responsive are not selected in the other state, the same percentage preference shall be applied to Iowa businesses and products when businesses or products from that other state are bid to supply Iowa requirements.

2. The director may also exempt the purchase of an item or service from a competitive bidding procedure when the director determines that the best interests of the state will be served by the exemption which shall be based on one of the following:

a. An immediate or emergency need existing for the item or service.

b. A need to protect the health, safety, or welfare of persons occupying or visiting a public improvement or property located adjacent to the public improvement.

3. a. The director may contract for the purchase of items or services by the department. Contracts for the purchase of items or services shall be awarded on the basis of the lowest competent bid. Contracts not based on competitive bidding shall be awarded on the basis of bidder competence and reasonable price.

b. Architectural and engineering services shall be procured in a reasonable manner, as the director by rule may determine, on the basis of competence and qualification for the type of services required and for a fair and reasonable price.

4. The director may refuse all bids on any item or service and request new bids.

5. The director shall establish by rule the amount of security, if any, to accompany a bid or as a condition precedent to the awarding of any contract and the circumstances under which a security will be returned to the bidder or forfeited to the state.

6. The director shall adopt rules providing a method for the various state agencies to file with the department a list of those supplies, equipment, machines, and all items needed to properly perform their governmental duties and functions.

7. The director shall furnish a list of specifications, prices, and discounts of contract items to any governmental subdivision which shall be responsible for payment to the vendor under the terms and conditions outlined in the state contract.

8. The director shall adopt rules providing that any state agency may, upon request, purchase directly from a vendor if the direct purchasing is as economical or more economical than purchasing through the department, or upon a showing that direct purchasing by the state agency would be in the best interests of the state due to an immediate or emergency need. The rules shall include a provision permitting a state agency to purchase directly from a vendor, on the agency's own authority, if the purchase will not exceed five thousand dollars and the purchase will contribute to the agency complying with or exceeding the targeted small business procurement goals under sections 73.15 through 73.21.

Any member of the executive council may bring before the executive council for review a decision of the director granting a state agency request for direct purchasing. The executive council shall hear and review the director's decision in the same manner as an appeal filed by an aggrieved bidder, except that the three-day period for filing for review shall not apply.

9. a. When the estimated total cost of construction, erection, demolition, alteration, or repair of a public improvement exceeds twenty-five thousand dollars, the department shall solicit bids on the proposed improvement by publishing an advertisement in a print format. The advertisement shall appear in two publications in a newspaper published in the county in

which the work is to be done. The first advertisement for bids appearing in a newspaper shall be not less than fifteen days prior to the date set for receiving bids. The department may publish an advertisement in an electronic format as an additional method of soliciting bids under this paragraph.

b. In awarding a contract under this subsection, the department shall let the work to the lowest responsible bidder submitting a sealed proposal. However, if the department considers the bids received not to be acceptable, all bids may be rejected and new bids requested. A bid shall be accompanied by a certified or cashier's check or bid bond in an amount designated in the advertisement for bids as security that the bidder will enter into a contract for the work requested. The department shall establish the bid security in an amount equal to at least five percent, but not more than ten percent of the estimated total cost of the work. The certified or cashier's checks or bid bonds of unsuccessful bidders shall be returned as soon as the successful bidder is determined. The certified or cashier's check or bid bond of the successful bidder shall be returned upon execution of the contract. This subsection does not apply to the construction, erection, demolition, alteration, or repair of a public improvement when the contracting procedure for the work requested is otherwise provided for in law.

10. The state and its political subdivisions shall give preference to purchasing Iowa products and purchasing from Iowa-based businesses if the bids submitted are comparable in price to those submitted by other bidders and meet the required specifications.

11. The director shall adopt rules which require that each bid received for the purchase of items purchased by the department includes a product content statement which provides the percentage of the content of the item which is reclaimed material.

12. The director shall review and, where necessary, revise specifications used by state agencies to procure products in order to ensure all of the following:

a. The procurement of products containing recovered materials, including but not limited to lubricating oils, retread tires, building insulation materials, and recovered materials from waste tires. The specifications shall be revised if they restrict the use of alternative materials, exclude recovered materials, or require performance standards which exclude products containing recovered materials unless the agency seeking the product can document that the use of recovered materials will hamper the intended use of the product.

b. The procurement by state agencies of bio-based hydraulic fluids, greases, and other industrial lubricants manufactured from soybeans in accordance with the requirements of section 8A.316.

13. A bidder awarded a state construction contract shall disclose the names of all subcontractors, who will work on the project being bid, within forty-eight hours after the award of the contract.

If a subcontractor named by a bidder awarded a state construction contract is replaced, or if the cost of work to be done by a subcontractor is reduced, the bidder shall disclose the name of the new subcontractor or the amount of the reduced cost.

14. A state agency shall make every effort to purchase those products produced for sale by sheltered workshops, work activity centers, and other special programs funded in whole or in part by public moneys that employ persons with mental retardation or other developmental disabilities or mental illness if the products meet the required specifications.

15. A state agency shall make every effort to purchase products produced for sale by employers of persons in supported employment.

16. The department shall not award a contract to a bidder for a construction, reconstruction, demolition, or repair project or improvement with an estimated cost that exceeds twenty-five thousand dollars in which the bid requires the use of inmate labor supplied by the department of corrections, but not employed by private industry pursuant to section 904.809, to perform the project or improvement.

17. This section does not apply to Iowa technology center contracts in support of activities performed for another governmental entity, either state or federal. The Iowa technology center is an entity created by a chapter 28E agreement entered into by the department of public defense.

18. Life cycle cost and energy efficiency shall be included in the criteria used by the department, institutions under the control of the state board of regents, the department of transportation, the department for the blind, and other state agencies in developing standards and specifications for purchasing energy-consuming products. For purposes of this subsection, the life cycle costs of American motor vehicles shall be reduced by five percent in order to determine if the motor vehicle is comparable to foreign-made motor vehicles. "American motor vehicles" includes those vehicles manufactured in this state and those vehicles in which at least seventy percent of the value of the motor vehicle was manufactured in the United States or Canada and at least fifty percent of the motor vehicle sales of the manufacturer are in the United States or Canada. In determining the life cycle costs of a motor vehicle, the costs shall be determined on the basis of the bid price, the resale value, and the operating costs based upon a useable life of five years or seventy-five thousand miles, whichever occurs first.

19. Preference shall be given to purchasing American-made products and purchases from American-based businesses if the life cycle costs are comparable to those products of foreign businesses and which most adequately fulfill the department's need.

Sec. 31. NEW SECTION. 8A.312 COOPERATIVE PURCHASING.

The director may purchase items through the department of transportation, institutions under the control of the state board of regents, and any other agency exempted by law from centralized purchasing. These state agencies shall upon request furnish the director with a list of and specifications for all items of office equipment, furniture, fixtures, motor vehicles, heavy equipment, and other related items to be purchased during the next quarter and the date by which the director must file with the agency the quantity of items to be purchased by the state agency for the department. The department shall be liable to the state agency for the proportionate costs the items purchased for the department bear to the total purchase price. When items purchased have been delivered, the state agency shall notify the director and after receipt of the purchase price shall release the items to the director or upon the director's order.

Sec. 32. NEW SECTION. 8A.313 DISPUTES INVOLVING PURCHASING FROM IOWA STATE INDUSTRIES.

Disputes arising between the department of corrections and a purchasing department or agency over the procurement of products from Iowa state industries as described in section 904.808 shall be referred to the director. The decision of the director is final unless a written appeal is filed with the executive council within five days of receipt of the decision of the director, excluding Saturdays, Sundays, and legal holidays. If an appeal is filed, the executive council shall hear and determine the appeal within thirty days. The decision of the executive council is final.

Sec. 33. NEW SECTION. 8A.314 PURCHASING REVOLVING FUND.

1. A purchasing revolving fund is established within the department. The director shall keep an accurate itemized account for each state agency purchasing through the department, using services provided for by the department, and using postage supplied by the department.

2. At the end of each month the director shall render a statement to each state agency for the actual cost of items purchased through the department, and the actual cost of services and postage used by the agency. The monthly statement shall also include a fair proportion of the administrative costs of the department during the month. The portion of administrative costs shall be determined by the director subject to review by the executive council upon complaint from any state agency adversely affected.

3. Statements rendered to the various state agencies shall be paid by the state agencies in the manner determined by the department. When the statements are paid the sums shall be credited to the purchasing revolving fund. If any funds accrue to the revolving fund in excess of two hundred twenty-five thousand dollars and there is no anticipated need or use for such funds, the governor shall order the excess funds credited to the general fund of the state.

Sec. 34. NEW SECTION. 8A.315 STATE PURCHASES — RECYCLED PRODUCTS — SOYBEAN-BASED INKS.

1. When purchasing paper products other than printing and writing paper, the department shall, when the price is reasonably competitive and the quality as intended, purchase the recycled product. The department shall also purchase, when the price is reasonably competitive and the quality as intended, and in keeping with the schedule established in this subsection, soybean-based inks and plastic products with recycled content including but not limited to plastic garbage can liners.

a. One hundred percent of the purchases of inks which are used for newsprint printing services performed internally or contracted for by the department shall be soybean-based.

b. One hundred percent of the purchases of inks, other than inks which are used for newsprint printing services, and which are used internally or contracted for by the department, shall be soybean-based to the extent formulations for such inks are available.

c. A minimum of ten percent of the purchases of garbage can liners made by the department shall be plastic garbage can liners with recycled content. The percentage shall increase by ten percent annually until fifty percent of the purchases of garbage can liners are plastic garbage can liners with recycled content.

d. The department shall report to the general assembly on February 1 of each year the following:

(1) A listing of plastic products which are regularly purchased by the department and other state agencies for which recycled content product alternatives are available, including the cost of the plastic products purchased and the cost of the recycled content product alternatives.

(2) Information relating to soybean-based inks and plastic garbage can liners with recycled content regularly purchased by the department and other state agencies, including the cost of purchasing soybean-based inks and plastic garbage can liners with recycled content and the percentages of soybean-based inks and plastic garbage can liners with recycled content that have been purchased.

e. For purposes of this subsection, “recycled content” means that the content of the product contains a minimum of thirty percent postconsumer material.

2. a. Except as otherwise provided in this section, the department shall purchase and use recycled printing and writing paper so that ninety percent of the volume of printing and writing paper purchased is recycled paper. The recycled printing and writing paper shall meet the requirements for procuring recycled printing and writing paper set forth in 40 C.F.R. pt. 247, and in related recovered materials advisory notices issued by the United States environmental protection agency.

b. The department shall establish a prioritization procedure for the purchase of recycled paper which provides for a five percent differential in the cost of the purchase of paper which has been recycled through the use of a nonchlorinated process.

c. If a provision under this subsection results in the limitation of sources for the purchase of printing and writing paper to three or fewer sources, the department may waive the requirement in order to purchase necessary amounts of printing and writing paper.

d. Notwithstanding the requirements of this subsection regarding the purchase of recycled printing and writing paper, the department shall purchase acid-free permanent paper in the amount necessary for the production or reproduction of documents, papers, or similar materials produced or reproduced for permanent preservation pursuant to law.

3. The department, in conjunction with the department of natural resources, shall review the procurement specifications currently used by the state to eliminate, wherever possible, discrimination against the procurement of products manufactured with recovered materials and soybean-based inks.

4. The department of natural resources shall assist the department in locating suppliers of recycled products and soybean-based inks and collecting data on recycled content and soybean-based ink purchases.

5. Information on recycled content shall be requested on all bids for paper products other

than printing and writing paper issued by the state and on other bids for products which could have recycled content such as oil, plastic products, including but not limited to compost materials, aggregate, solvents, soybean-based inks, and rubber products. Except for purchases of printing and writing paper made pursuant to subsection 2, paragraphs "c" and "d", the department shall require persons submitting bids for printing and writing paper to certify that the printing and writing paper proposed complies with the requirements referred to in subsection 2, paragraph "a".

6. The department, in conjunction with the department of natural resources, shall adopt rules to administer this section.

7. All state agencies shall fully cooperate with the department and with the department of natural resources in all phases of implementing this section.

8. The department, whenever technically feasible, shall purchase and use degradable loose foam packing material manufactured from grain starches or other renewable resources, unless the cost of the packing material is more than ten percent greater than the cost of packing material made from nonrenewable resources. For the purposes of this subsection, "packing material" means material, other than an exterior packing shell, that is used to stabilize, protect, cushion, or brace the contents of a package.

Sec. 35. NEW SECTION. 8A.316 LUBRICANTS AND OILS — PREFERENCES.

The department shall do all of the following:

1. Revise its procedures and specifications for the purchase of lubricating oil and industrial oil to eliminate exclusion of recycled oils and any requirement that oils be manufactured from virgin materials.

2. Require that purchases of lubricating oil and industrial oil be made from the seller whose oil product contains the greatest percentage of recycled oil, unless one of the following circumstances regarding a specific oil product containing recycled oil exists:

a. The product is not available within a reasonable period of time or in quantities necessary or in container sizes appropriate to meet a state agency's needs.

b. The product does not meet the performance requirements or standards recommended by the equipment or vehicle manufacturer, including any warranty requirements.

c. The product is available only at a cost greater than one hundred five percent of the cost of comparable virgin oil products.

3. Establish and maintain a preference program for procuring oils containing the maximum content of recycled oil. The preference program shall include but is not limited to all of the following:

a. The inclusion of the preferences for recycled oil products in publications used to solicit bids from suppliers.

b. The provision of a description of the recycled oil procurement program at bidders' conferences.

c. Discussion of the preference program in lubricating oil and industrial oil procurement solicitations or invitations to bid.

d. Efforts to inform industry trade associations about the preference program.

4. a. Provide that when purchasing hydraulic fluids, greases, and other industrial lubricants, the department or a state agency authorized by the department to directly purchase hydraulic fluids, greases, and other industrial lubricants shall give preference to purchasing bio-based hydraulic fluids, greases, and other industrial lubricants manufactured from soybeans.

b. Provide for the implementation of requirements necessary in order to carry out this subsection by the department or state agency making the purchase, which shall include all of the following:

(1) Including the preference requirements in publications used to solicit bids for hydraulic fluids, greases, and other industrial lubricants.

(2) Describing the preference requirements at bidders' conferences in which bids for the sale of hydraulic fluids, greases, and other industrial lubricants are sought by the department or authorized state agency.

(3) Discussing the preference requirements in procurement solicitations or invitations to bid for hydraulic fluids, greases, and other industrial lubricants.

(4) Informing industry trade associations about the preference requirements.

c. As used in this subsection, unless the context otherwise requires:

(1) "Bio-based hydraulic fluids, greases, and other industrial lubricants" means the same as defined by the United States department of agriculture, if the department has adopted such a definition. If the United States department of agriculture has not adopted a definition, "bio-based hydraulic fluids, greases, and other industrial lubricants" means hydraulic fluids, greases, and other lubricants containing a minimum of fifty-one percent soybean oil.

(2) "Other industrial lubricants" means lubricants used or applied to machinery.

PHYSICAL RESOURCES AND FACILITY MANAGEMENT

Sec. 36. NEW SECTION. 8A.321 PHYSICAL RESOURCES AND FACILITY MANAGEMENT — DIRECTOR DUTIES — APPROPRIATION.

In managing the physical resources of government, the director shall perform all of the following duties:

1. Provide for supervision over the custodians, and other employees of the department in and about the capitol and other state buildings, and the state laboratories facility in Ankeny, except the buildings and grounds referred to in section 216B.3, subsection 6, at the seat of government.

2. Institute, in the name of the state, and with the advice and consent of the attorney general, civil and criminal proceedings against any person for injury or threatened injury to any public property, including but not limited to intangible and intellectual property, under the person's control.

3. Under the direction of the governor, provide, furnish, and pay for public utilities service, heat, maintenance, minor repairs, and equipment in operating and maintaining the official residence of the governor of Iowa.

4. Contract, with the approval of the executive council, for the repair, remodeling, or, if the condition warrants, demolition of all buildings and grounds of the state at the seat of government, at the state laboratories facility in Ankeny, and the institutions of the department of human services and the department of corrections for which no specific appropriation has been made, if the cost of repair, remodeling, or demolition will not exceed one hundred thousand dollars when completed. The cost of repair projects for which no specific appropriation has been made shall be paid from the fund provided in section 7D.29.

5. Dispose of all personal property of the state under the director's control as provided by section 8A.324 when it becomes unnecessary or unfit for further use by the state. If the director concludes that the personal property is contaminated, contains hazardous waste, or is hazardous waste, the director may charge the state agency responsible for the property for removal and disposal of the personal property. The director shall adopt rules establishing the procedures for inspecting, selecting, and removing personal property from state agencies or from state storage.

6. a. Lease all buildings and office space necessary to carry out the provisions of this article or necessary for the proper functioning of any state agency at the seat of government. For state agencies at the seat of government, the director may lease buildings and office space in Polk county or in a county contiguous to Polk county. If no specific appropriation has been made, the proposed lease shall be submitted to the executive council for approval. The cost of any lease for which no specific appropriation has been made shall be paid from the fund provided in section 7D.29.

b. When the general assembly is not in session, the director may request moneys from the executive council for moving state agencies located at the seat of government from one location to another. The request may include moving costs, telecommunications costs, repair costs, or any other costs relating to the move. The executive council may approve and shall

pay the costs from funds provided in section 7D.29 if it determines the agency or department has no available funds for these expenses.

c. Coordinate the leasing of buildings and office space by state agencies throughout the state and develop cooperative relationships with the state board of regents in order to promote the colocation of state agencies.

7. Unless otherwise provided by law, coordinate the location, design, plans and specifications, construction, and ultimate use of the real or personal property to be purchased by a state agency for whose benefit and use the property is being obtained. If the purchase of real or personal property is to be financed pursuant to section 12.28, the department shall cooperate with the treasurer of state in providing the information necessary to complete the financing of the property.

A contract for acquisition, construction, erection, demolition, alteration, or repair by a private person of real or personal property to be lease-purchased by the treasurer of state pursuant to section 12.28 is exempt from section 8A.311, subsections 1 and 9, unless the lease-purchase contract is funded in advance by a deposit of the lessor's moneys to be administered by the treasurer of state under a lease-purchase contract which requires rent payments to commence upon delivery of the lessor's moneys to the lessee.

8. With the authorization of a constitutional majority of each house of the general assembly and approval by the governor, dispose of real property belonging to the state and its state agencies upon terms, conditions, and consideration as the director may recommend. If real property subject to sale under this subsection has been purchased or acquired from appropriated funds, the proceeds of the sale shall be deposited with the treasurer of state and credited to the general fund of the state or other fund from which appropriated. There is appropriated from that same fund, with the prior approval of the executive council and in cooperation with the director, a sum equal to the proceeds so deposited and credited to the state agency to which the disposed real property belonged or by which it was used, for purposes of the state agency.

9. Subject to the selection procedures of section 12.30, employ financial consultants, banks, insurers, underwriters, accountants, attorneys, and other advisors or consultants necessary to implement the provisions of subsection 7.

10. Prepare annual status reports for all ongoing capital projects of all state agencies, as defined in section 8.3A, and submit the status reports to the legislative capital projects committee.

11. Call upon any state agency, as defined in section 8.3A, for assistance the director may require in performing the director's duties under subsection 10 regarding capital project status reports. All state agencies, upon the request of the director and with the approval of the director of the department of management, shall assist the director and are authorized to make available to the director any existing studies, surveys, plans, data, and other materials in the possession of the state agencies which are relevant to the director's duties.

12. In carrying out the requirements of section 64.6, purchase an individual or a blanket surety bond insuring the fidelity of state officers. The department may self-assume or self-insure fidelity exposures for state officials and employees. A state official is deemed to have furnished surety if the official has been covered by a program of insurance or self-insurance established by the department. To the extent possible, all bonded state employees shall be covered under one or more blanket bonds or position schedule bonds.

13. Review the management of state property loss exposures and state liability risk exposures for the capitol complex. Insurance coverage may include self-insurance or any type of insurance protection sold by insurers, including, but not limited to, full coverage, partial coverage, coinsurance, reinsurance, and deductible insurance coverage.

14. Establish a monument maintenance account in the state treasury under the control of the department. Funds for the maintenance of a state monument, whether received by gift, devise, bequest, or otherwise, shall be deposited in the account. Funds in the account shall be deposited in an interest-bearing account. Notwithstanding section 12C.7, interest earned on the account shall be deposited in the account and shall be used to maintain the designated monument. Any maintenance funds for a state monument held by the state and interest

earned on the funds shall be used to maintain the designated monument. Notwithstanding section 8.33, funds in the monument maintenance account at the end of a fiscal year shall not revert to the general fund of the state.

Sec. 37. NEW SECTION. 8A.322 BUILDINGS AND GROUNDS — SERVICES — PUBLIC USE.

1. The director shall provide necessary lighting, fuel, and water services for the state buildings and grounds located at the seat of government, and for the state laboratories facility in Ankeny, except the buildings and grounds referred to in section 216B.3, subsection 6.

2. Except for buildings and grounds described in section 216B.3, subsection 6; section 2.43, unnumbered paragraph 1; and any buildings under the custody and control of the Iowa public employees' retirement system, the director shall assign office space at the capitol, other state buildings, and elsewhere in the city of Des Moines, and the state laboratories facility in Ankeny, for all executive and judicial state agencies. Assignments may be changed at any time. The various officers to whom rooms have been so assigned may control the same while the assignment to them is in force. Official apartments shall be used only for the purpose of conducting the business of the state. The term "capitol" or "capitol building" as used in the Code shall be descriptive of all buildings upon the capitol grounds. The capitol building itself is reserved for the operations of the general assembly, the governor, and the courts and the assignment and use of physical facilities for the general assembly shall be pursuant to section 2.43.

3. The director shall establish, publish, and enforce rules regulating and restricting the use by the public of the capitol buildings and grounds and of the state laboratories facility in Ankeny. The rules when established shall be posted in conspicuous places about the capitol buildings and grounds and the state laboratories facility, as applicable. Any person violating any rule, except a parking regulation, shall be guilty of a simple misdemeanor.

Sec. 38. NEW SECTION. 8A.323 PARKING REGULATIONS.

1. The director shall establish, publish, and enforce rules regulating, restricting, or prohibiting the use by state officials, state employees, and the public, of motor vehicle parking facilities at the state capitol complex and at the state laboratories facility in Ankeny. The assignment of legislative parking spaces shall be under the control of the legislative council. The rules established by the director may establish fines for violations and a procedure for payment of the fines. The director may order payment of a fine and enforce the order in the district court.

2. Motor vehicles parked in violation of the rules may be removed without the owner's or operator's consent and at the owner's or operator's expense. Motor vehicles removed and not claimed within thirty days of their removal or vehicles abandoned within the capitol grounds may be disposed of in accordance with the provisions of sections 321.85 through 321.91.

3. The parking rules established shall be posted in conspicuous places at the capitol complex and at the state laboratories facility in Ankeny, as applicable. Copies of the rules shall be made available to all state officials and employees and any other person who requests a copy of the rules.

4. All fines collected by the department shall be forwarded to the treasurer of state and deposited in the general fund of the state.

Sec. 39. NEW SECTION. 8A.324 DISPOSAL OF PERSONAL PROPERTY.

The director may dispose of personal property of the state under the director's control by any of the following means:

1. The director may dispose of unfit or unnecessary personal property by sale. Proceeds from the sale of personal property shall be deposited in the general fund of the state.

2. If the director concludes that the personal property has little or no value, the director may enter into an agreement with a not-for-profit organization or governmental agency to dispose of the personal property. The not-for-profit organization or governmental agency may charge the state agency in control of the property with the cost of removing and transporting the

property. Title to the personal property shall transfer when the personal property is in the possession of the not-for-profit organization or governmental agency. If a governmental agency adds value to the property transferred to it and sells it, the proceeds from the sale shall be deposited with the governmental agency and not in the general fund of the state.

3. The director may dispose of presses, printing equipment, printing supplies, and other machinery or equipment used in the printing operation.

Sec. 40. NEW SECTION. 8A.325 SERVICES AND COMMODITIES ACCEPTED.

The director may accept services, commodities, and surplus property and make provision for warehousing and distribution to various departments and governmental subdivisions of the state, and such other agencies, institutions, and authorized recipients within the state as may be from time to time designated in federal statutes and rules.

Sec. 41. NEW SECTION. 8A.326 TERRACE HILL COMMISSION.

1. The Terrace Hill commission is created consisting of nine persons, appointed by the governor, who are knowledgeable in business management and historic preservation and renovation. The governor shall appoint the chairperson. The terms of the commission members are for three years beginning on July 1 and ending on June 30.

2. The Terrace Hill commission may consult with the Terrace Hill society, Terrace Hill foundation, the executive and legislative branches of this state, and other persons interested in the property.

3. The Terrace Hill commission may enter into contracts, subject to this chapter, to execute its purposes.

4. The commission may adopt rules to administer the programs of the commission. The decision of the commission is final agency action under chapter 17A.

If the director pays the lease or rental fees on behalf of a state agency, the state agency's payment to the department shall be credited to the rent revolving fund established by this section. Sec. 43. NEW SECTION. 8A.328 RECYCLING REVOLVING FUND.

A recycling revolving fund is created within the state treasury under the control of the department. The fund shall consist of any moneys appropriated by the general assembly and any other moneys available to and obtained or accepted by the department from the federal government or private sources for placement in the fund. The assets of the fund shall be used by the department only for supporting recycling operations. Moneys in the fund shall be drawn upon the written requisition of the director or an authorized representative of the director. The fund is subject to an annual audit by the auditor of state. 2. For the purposes of this section, "agency wastepaper" means wastepaper or wastepaper products generated by the agency.

3. The rules adopted by the director shall provide for the continuation of existing state agency contracts which provide for alternative waste management not including incineration or land burial of agency wastepaper.

Sec. 45. NEW SECTION. 8A.341 STATE PRINTING — DUTIES.

The director shall do all of the following as it relates to printing:

1. Provide general supervision of all matters pertaining to public printing, including the enforcement of contracts for printing, except as otherwise provided by law. The supervision shall include providing guidelines for the letting of contracts for printing, the manner, form, style, and quantity of public printing, and the specifications and advertisements for public printing. In addition, the director shall have charge of office equipment and supplies and of the stock, if any, required in connection with printing contracts.

2. If money is appropriated for this purpose, by November 1 of each year supply a report which contains the name, gender, county, or city of residence when possible, official title, salary received during the previous fiscal year, base salary as computed on July 1 of the current fiscal year, and traveling and subsistence expense of the personnel of each of the departments, boards, and commissions of the state government except personnel who receive an annual salary of less than one thousand dollars. The number of the personnel and the total amount received by them shall be shown for each department in the report. All employees who have drawn salaries, fees, or expense allowances from more than one department or subdivision shall be listed separately under the proper departmental heading. On the request of the director, the head of each department, board, or commission shall furnish the data covering that agency. The report shall be distributed upon request without charge to each caucus of the general assembly, the legislative service bureau, the legislative fiscal bureau, the chief clerk of the house of representatives, and the secretary of the senate. Copies of the report shall be made available to other persons in both print or electronic medium upon payment of a fee, which shall not exceed the cost of providing the copy of the report. Sections 22.2 through 22.6 apply to the report. All funds from the sale of the report shall be deposited in the printing revolving fund established in section 8A.345. Requests for print publications shall be handled only upon receipt of postage by the director.

3. Deposit receipts from the sale of presses, printing equipment, printing supplies, and other machinery or equipment used in the printing operation in the printing revolving fund established in section 8A.345.

Sec. 46. NEW SECTION. 8A.342 CONTRACTS WITH STATE INSTITUTIONS.

The director may, without advertising for bids, enter into contracts or make provision for doing any of the work coming under the provisions of chapter 7A and this article at any school or institution under the ownership or control of the state. The work shall be done under conditions substantially the same as those provided for in the case of contracts with individuals and the same standard of quality or product shall be required.

Sec. 47. NEW SECTION. 8A.343 SPECIFICATIONS AND REQUIREMENTS.

Sec. 48. NEW SECTION. 8A.344 PUBLIC PRINTING — BIDDING PROCEDURES.

1. The director shall advertise for bids for public printing. Advertisements shall state where

and how specifications and other necessary information may be obtained, the time during which the director will receive bids, and the day, hour, and place when bids will be publicly opened or accessed, and the manner by which the contracts will be awarded.

2. The director shall supply prospective bidders and others on request with the specifications and requirements, blank forms for bids, samples of printing so far as possible, and all other information pertaining to the subject.

d. Submitted to the department as specified by the date and time established in the advertisements for bids.

5. When a bidder submits a bid to the department, the director may require the bidder to file a bid bond or a certified or cashier's check payable to the treasurer of state in an amount to be fixed in the bid specifications, either covering all classes or items or services, or separate certified or cashier's checks for each bid in case the bidder makes more than one bid. In lieu of a certified or cashier's check, the bidder may furnish a yearly bond in an amount to be established by the director. Certified or cashier's checks deposited by unsuccessful bidders, and by successful bidders when they have entered into the contract, shall be returned to them.

6. All bids shall be publicly opened or accessed and read and the contracts awarded in the manner designated in the bid specifications. In the award of a contract, due consideration shall be given to the price bid, mechanical and other equipment proposed to be used by the bidder, the financial responsibility of the bidder, the bidder's ability and experience in the performance of similar contracts, and any other factors that the department determines are relevant and that are included in the bid specifications.

7. The director shall have the right to reject any or all bids, and in case of rejection or because of failure of a bidder to enter into a contract, the director may advertise for and secure new bids.

8. When the director is satisfied that bidders have presented bids pursuant to an agreement, understanding, or combination to prevent free competition, the director shall reject all of them and readvertise for bids as in the first instance.

Sec. 49. NEW SECTION. 8A.345 PRINTING REVOLVING FUND.

A revolving fund is created in the state treasury under the control of the department and may be used in making payments for supplying paper stock, offset printing, copy preparation, binding, distribution costs, and original payment of printing and binding claims for any of the state departments, bureaus, commissions, or institutions. All salaries and expenses properly chargeable to the fund shall be paid from the fund. The director may also use the fund for the purchase of replacement or additional equipment, if a sufficient balance will remain in the fund to enable the continued operation of the printing operations of the department.

Sec. 50. NEW SECTION. 8A.351 DISTRIBUTION OF DOCUMENTS — GENERAL PROVISIONS.

If money is appropriated for this purpose, the director shall do all of the following:

1. The director shall require from officials or heads of departments mailing lists, or addressed labels or envelopes, for use in distribution of reports and documents. The director

shall revise such lists, eliminating duplications and adding to the lists libraries, institutions, public officials, and persons having actual use for the material. The director shall arrange the lists so as to reduce to the minimum the postage or other cost for delivery. Requests for publications shall be handled only upon receipt of postage by the director from the requesting agency or department.

2. The director shall furnish the various officials and departments with copies of their reports needed for office use or to be distributed to persons requesting the reports. Requests for publications shall be handled only upon receipt of postage by the director.

3. The director may send additional copies of publications to other state officials, individuals, institutions, libraries, or societies that may request them. Requests for publications shall be handled only upon receipt of postage by the director.

FLEET MANAGEMENT

Sec. 51. NEW SECTION. 8A.361 VEHICLE ASSIGNMENT — AUTHORITY IN DEPARTMENT.

The department shall provide for the assignment of all state-owned motor vehicles to all state officers and employees, and to all state offices, departments, bureaus, and commissions, except the department of transportation, institutions under the control of the state board of regents, the department for the blind, and any other agencies exempted by law.

Sec. 52. NEW SECTION. 8A.362 FLEET MANAGEMENT — POWERS AND DUTIES — FUEL ECONOMY REQUIREMENTS.

1. The director may provide for the assignment to a state officer or employee or to a state agency, of one or more motor vehicles which may be required by the state officer or employee or state agency, after the state officer or employee or state agency has shown the necessity for such transportation. The director may assign a motor vehicle either for part-time or full-time use. The director may revoke the assignment at any time.

2. The director may cause all state-owned motor vehicles to be inspected periodically. Whenever the inspection reveals that repairs have been improperly made on the motor vehicle or that the operator is not giving the motor vehicle the proper care, the director shall report this fact to the head of the state agency to which the motor vehicle has been assigned, together with recommendation for improvement.

3. The director shall provide for a record system for the keeping of records of the total number of miles state-owned motor vehicles are driven and the per-mile cost of operation of each motor vehicle. Every state officer or employee shall keep a record book to be furnished by the director in which the officer or employee shall enter all purchases of gasoline, lubricating oil, grease, and other incidental expense in the operation of the motor vehicle assigned to the officer or employee, giving the quantity and price of each purchase, including the cost and nature of all repairs on the motor vehicle. Each operator of a state-owned motor vehicle shall promptly prepare a report at the end of each month on forms furnished by the director and forwarded to the director, giving the information the director may request in the report. Each month the director shall compile the costs and mileage of state-owned motor vehicles from the reports and keep a cost history for each motor vehicle and the costs shall be reduced to a cost-per-mile basis for each motor vehicle. The director shall call to the attention of an elected official or the head of any state agency to which a motor vehicle has been assigned any evidence of the mishandling or misuse of a state-owned motor vehicle which is called to the director's attention.

A motor vehicle operated under this subsection shall not operate on gasoline other than gasoline blended with at least ten percent ethanol, unless under emergency circumstances. A state-issued credit card used to purchase gasoline shall not be valid to purchase gasoline other than gasoline blended with at least ten percent ethanol, if commercially available. The motor vehicle shall also be affixed with a brightly visible sticker which notifies the traveling public that the motor vehicle is being operated on gasoline blended with ethanol. However,

the sticker is not required to be affixed to an unmarked vehicle used for purposes of providing law enforcement or security.

4. a. The director shall provide for the purchase of all motor vehicles for all branches of the state government, except the department of transportation, institutions under the control of the state board of regents, the department for the blind, and any other state agency exempted by law. The director shall purchase new vehicles in accordance with competitive bidding procedures for items or services as provided in this article. The director may purchase used or preowned vehicles at governmental or dealer auctions if the purchase is determined to be in the best interests of the state.

b. The director, and any other state agency, which for purposes of this subsection includes but is not limited to community colleges and institutions under the control of the state board of regents, or local governmental subdivisions purchasing new motor vehicles, shall purchase new passenger vehicles and light trucks so that the average fuel efficiency for the fleet of new passenger vehicles and light trucks purchased in that year equals or exceeds the average fuel economy standard for the vehicles' model year as established by the United States secretary of transportation under 15 U.S.C. § 2002. This paragraph does not apply to vehicles purchased for law enforcement purposes or used for off-road maintenance work, or work vehicles used to pull loaded trailers.

c. Not later than February 15 of each year, the director shall report compliance with the corporate average fuel economy standards published by the United States secretary of transportation for new motor vehicles, other than motor vehicles purchased by the department of transportation, institutions under the control of the state board of regents, the department for the blind, and any other state agency exempted from the requirements of this subsection. The report of compliance shall classify the vehicles purchased for the current vehicle model year using the following categories: passenger automobiles, enforcement automobiles, vans, and light trucks. The director shall deliver a copy of the report to the department of natural resources. As used in this paragraph, "corporate average fuel economy" means the corporate average fuel economy as defined in 49 C.F.R. § 533.5.

d. The director shall assign motor vehicles available for use to maximize the average passenger miles per gallon of motor vehicle fuel consumed. In assigning motor vehicles, the director shall consider standards established by the director, which may include but are not limited to the number of passengers traveling to a destination, the fuel economy of and passenger capacity of vehicles available for assignment, and any other relevant information, to assure assignment of the most energy-efficient vehicle or combination of vehicles for a trip from those vehicles available for assignment. The standards shall not apply to special work vehicles and law enforcement vehicles. The standards shall apply to the following agencies:

- (1) Department of transportation.
- (2) Institutions under the control of the state board of regents.
- (3) Department for the blind.
- (4) Any other state agency exempted from obtaining vehicles for use through the department.

e. As used in paragraph "d", "fuel economy" means the average number of miles traveled by an automobile per gallon of gasoline consumed as determined by the United States environmental protection agency administrator in accordance with 26 U.S.C. § 4064(c).

5. Of all new passenger vehicles and light pickup trucks purchased by the director, a minimum of ten percent of all such vehicles and trucks purchased shall be equipped with engines which utilize alternative methods of propulsion including but not limited to any of the following:

a. A flexible fuel, which is any of the following:

- (1) A fuel blended with not more than fifteen percent gasoline and at least eighty-five percent ethanol.
- (2) A fuel which is a mixture of diesel fuel and processed soybean oil. At least twenty percent of the mixed fuel by volume must be processed soybean oil.

(3) A renewable fuel approved by the office of renewable fuels and coproducts pursuant to section 159A.3.

- b. Compressed or liquefied natural gas.
- c. Propane gas.
- d. Solar energy.
- e. Electricity.

This subsection does not apply to vehicles and trucks purchased and directly used for law enforcement or purchased and used for off-road maintenance work or to pull loaded trailers.

6. All used motor vehicles turned in to the director shall be disposed of by public auction, and the sales shall be advertised in a newspaper of general circulation one week in advance of sale, and the receipts from the sale shall be deposited in the depreciation fund to the credit of the state agency turning in the vehicle; except that, in the case of a used motor vehicle of special design, the director may, instead of selling it at public auction, authorize the motor vehicle to be traded for another vehicle of similar design. If a vehicle sustains damage and the cost to repair exceeds the wholesale value of the vehicle, the director may dispose of the motor vehicle by obtaining two or more written salvage bids and the vehicle shall be sold to the highest responsible bidder.

7. The director may authorize the establishment of motor pools consisting of a number of state-owned motor vehicles under the director's supervision. The director may store the motor vehicles in a public or private garage. If the director establishes a motor pool, any state officer or employee desiring the use of a state-owned motor vehicle on state business shall notify the director of the need for a vehicle within a reasonable time prior to actual use of the motor vehicle. The director may assign a motor vehicle from the motor pool to the state officer or employee. If two or more state officers or employees desire the use of a state-owned motor vehicle for a trip to the same destination for the same length of time, the director may assign one vehicle to make the trip.

8. The director shall require that a sign be placed on each state-owned motor vehicle in a conspicuous place which indicates its ownership by the state. This requirement shall not apply to motor vehicles requested to be exempt by the director or by the commissioner of public safety. All state-owned motor vehicles shall display registration plates bearing the word "official" except motor vehicles requested to be furnished with ordinary plates by the director or by the commissioner of public safety pursuant to section 321.19. The director shall keep an accurate record of the registration plates used on all state-owned motor vehicles.

9. All fuel used in state-owned automobiles shall be purchased at cost from the various installations or garages of the department of transportation, state board of regents, department of human services, or state motor pools throughout the state, unless the state-owned sources for the purchase of fuel are not reasonably accessible. If the director determines that state-owned sources for the purchase of fuel are not reasonably accessible, the director shall authorize the purchase of fuel from other sources. The director may prescribe a manner, other than the use of the revolving fund, in which the purchase of fuel from state-owned sources is charged to the state agency responsible for the use of the motor vehicle. The director shall prescribe the manner in which oil and other normal motor vehicle maintenance for state-owned motor vehicles may be purchased from private sources, if they cannot be reasonably obtained from a state motor pool. The director may advertise for bids and award contracts in accordance with competitive bidding procedures for items and services as provided in this article for furnishing fuel, oil, grease, and vehicle replacement parts for all state-owned motor vehicles. The director and other state agencies, when advertising for bids for gasoline, shall also seek bids for ethanol blended gasoline.

Sec. 53. NEW SECTION. 8A.363 PRIVATE USE PROHIBITED — RATE FOR STATE BUSINESS.

1. A state officer or employee shall not use a state-owned motor vehicle for personal private use. A state officer or employee shall not be compensated for driving a privately owned motor

vehicle unless it is done on state business with the approval of the director. In that case the state officer or employee shall receive an amount to be determined by the director. The amount shall not exceed the maximum allowable under the federal internal revenue service rules per mile, notwithstanding established mileage requirements or depreciation allowances. However, the director may authorize private motor vehicle rates in excess of the rate allowed under the federal internal revenue service rules for state business use of substantially modified or specially equipped privately owned vehicles required by persons with disabilities. A statutory provision establishing reimbursement for necessary mileage, travel, or actual expenses to a state officer falls under the private motor vehicle mileage rate limitation provided in this section unless specifically provided otherwise. Any peace officer employed by the state as defined in section 801.4 who is required to use a private motor vehicle in the performance of official duties shall receive the private vehicle mileage rate at the rate provided in this section. However, the director may delegate authority to officials of the state, and department heads, for the use of private vehicles on state business up to a yearly mileage figure established by the director. If a state motor vehicle has been assigned to a state officer or employee, the officer or employee shall not collect mileage for the use of a privately owned motor vehicle unless the state motor vehicle assigned is not useable.

2. This section does not apply to any of the following:

- a. Officials and employees of the state whose mileage is paid other than by a state agency.
- b. Elected officers of the state.
- c. Judicial officers or court employees.
- d. Members and employees of the general assembly who shall be governed by policies relating to motor vehicle travel, including but not limited to reimbursement for expenses, if such policies are otherwise established by the general assembly.

Sec. 54. NEW SECTION. 8A.364 FLEET MANAGEMENT REVOLVING FUND — REPLENISHMENT.

1. A fleet management revolving fund is created in the state treasury under the control of the department. There is appropriated from moneys in the state treasury not otherwise appropriated the sum of twenty-five thousand dollars to the revolving fund. All purchases of gasoline, oil, tires, repairs, and all other general expenses incurred in the operation of state-owned motor vehicles, and all salaries and expenses of employees providing fleet management services shall be paid from this fund.

2. At the end of each month the director shall render a statement to each state department or agency for the actual cost of operation of all motor vehicles assigned to such department or agency, together with a fair proportion of the administrative costs for providing fleet management services during such month, as determined by the director, all subject to review by the executive council upon complaint of any state department or agency adversely affected. Such expenses shall be paid by the state departments or agencies in the same manner as other expenses of such department are paid, and when such expenses are paid, such sums shall be credited to the fleet management revolving fund. If any surplus accrues to the revolving fund in excess of twenty-five thousand dollars for which there is no anticipated need or use, the governor may order such surplus transferred to the general fund of the state.

Sec. 55. NEW SECTION. 8A.365 VEHICLE REPLACEMENT — DEPRECIATION FUND.

1. The director shall maintain a depreciation fund for the purchase of replacement motor vehicles and additions to the fleet. The director's records shall show the total funds deposited by and credited to each department or agency. At the end of each month, the director shall render a statement to each state department or agency for additions to the fleet and total depreciation credited to that department or agency. Such depreciation expense shall be paid by the state departments or agencies in the same manner as other expenses are paid, and shall be deposited in the depreciation fund to the credit of the department or agency. The funds credited to each department or agency shall remain the property of the department or agency. However, at the end of each biennium, the director shall cause to revert to the fund from which it accumulated any unassigned depreciation.

2. The department of corrections is not obligated to pay the depreciation expense otherwise required by this section.

Sec. 56. NEW SECTION. 8A.366 VIOLATIONS — WITHDRAWING USE OF VEHICLE.
If any state officer or employee violates any of the provisions of sections 8A.361 through 8A.365, the director may withdraw the assignment of any state-owned motor vehicle to any such state officer or employee.

4. The director shall have the authority to enter into reciprocal agreements with the departments of revenue of other states that have enacted legislation that is substantially equivalent to the setoff procedure provided in this section for the recovery of an amount due because of a default on a guaranteed student or parental loan under chapter 261. A reciprocal agreement shall also be approved by the college student aid commission. The agreement shall authorize the department to provide by rule for the setoff of state income tax refunds or rebates of defaulters from states with which Iowa has a reciprocal agreement and to provide for sending

CHAPTER 148

VOLUNTARY AND INVOLUNTARY ANNEXATIONS BY CITIES

H.F. 595

AN ACT relating to certain voluntary annexations and to involuntary annexations and providing an effective date.

Be It Enacted by the General Assembly of the State of Iowa:

Section 1. Section 368.1, Code 2003, is amended by adding the following new subsection: NEW SUBSECTION. 10A. "Public land" means land owned by the federal government, the state, or a political subdivision of the state.

Sec. 2. Section 368.4, Code 2003, is amended to read as follows:
368.4 ANNEXING MORATORIUM.

A city, following notice and hearing, may by resolution agree with another city or cities to refrain from annexing specifically described territory for a period not to exceed ten years and, following notice and hearing, may by resolution extend the agreement for subsequent periods not to exceed ten years each. Notice of a hearing shall be served by regular mail at least thirty days before the hearing on the city development board, and on the board of supervisors of the county in which the territory is located, and on all persons owning land within the area subject to the agreement and shall be published in an official county newspaper in each county containing a city conducting a hearing regarding the agreement, in any county within two miles of any such city, and in an official newspaper of each city conducting a hearing regarding the agreement. The notice shall include the time and place of the hearing, describe the territory subject to the proposed agreement, and the general terms of the agreement. After passage of a resolution by the cities approving the agreements, a copy of the agreement and a copy of any resolution extending an agreement shall be filed with the city development board within ten days of enactment. If such an agreement is in force, the board shall dismiss a petition or plan which violates the terms of the agreement.

Sec. 3. Section 368.7, subsection 1, Code 2003, is amended to read as follows:

1. a. All of the owners of land in a territory adjoining a city may apply in writing to the council of the adjoining city requesting annexation of the territory. Territory comprising railway right-of-way or territory comprising not more than twenty percent of the land area may be included in the application without the consent of the owner to avoid creating an island or to create more uniform boundaries if a copy of the application is mailed by certified mail to the owner and each affected public utility, at least fourteen business days prior to any action taken by the city council on the application. The application must contain a legal description and a map of the territory showing its location in relationship to the city. An annexation including territory comprising not more than twenty percent of the land area without consent of the property owners is not complete without approval by four-fifths of the members of the board after a hearing for all affected property owners and the county. Public land may be included in the territory to be annexed. However, the area of the territory that is public land included without the written consent of the agency with jurisdiction over the public land may not be used to determine the percentage of territory that is included with the consent of the owner and without the consent of the owner.

b. Prior to notification in paragraph "c", the annexing city shall provide written notice to the board of supervisors and township trustees of each county and township that contains all or a portion of the territory to be annexed. The written notice shall include the same information required in paragraph "c" and shall set a time for a consultation on the proposed annexation between the annexing city and each county and township that contains all or a portion of the

territory to be annexed. The consultation shall be held at least fourteen business days before the applications in paragraph "c" are mailed. The governing body of each such county and township may designate one of its members to attend the consultation. Each such county and township may make written recommendations for modification to the proposed annexation no later than seven business days following the date of the consultation.

Not later than thirty days after the consultation, the board of supervisors of each county that contains all or a portion of the territory to be annexed shall, by resolution, state whether or not it supports the application or whether it takes no position in support of or against the application. If there is a comprehensive plan for the county, the board shall take the plan into account when considering its resolution. A copy of the resolution shall be immediately filed with the annexing city and shall be considered by the city council when taking action on the application. The city council shall forward a copy of the resolution to the city development board as part of the city proceedings on the annexation. Failure of a board of supervisors to adopt a resolution shall not delay the proceedings on the application nor shall such failure be considered a deficiency either in the application or in the annexing city's proceedings.

c. A copy of the application shall be mailed by certified mail to the nonconsenting owner and each affected public utility, at least fourteen business days prior to any action taken by the city council on the application. The application must contain a legal description and a map of the territory showing its location in relationship to the city.

d. The city shall provide for a public hearing on the application before approving or denying it. The city shall provide written notice at least fourteen business days prior to any action by the city council regarding the application, including a public hearing, by regular mail to the chairperson of the board of supervisors of each county which contains a portion of the territory proposed to be annexed, each public utility which serves the territory proposed to be annexed, each owner of property located within the territory to be annexed who is not a party to the application, and each owner of property which that adjoins the territory to be annexed unless the adjoining property is in a city. The city shall publish notice of the application and public hearing on the application in an official county newspaper in each county which contains a portion of the territory proposed to be annexed. Both the written and published notice shall include the time and place of the public hearing and a legal description of the territory to be annexed. The city may not assess the costs of providing notice as required in this section to the applicants.

e. An application for annexation under this subsection may be withdrawn by an applicant at any time within three business days after the public hearing unless the application was made pursuant to a written agreement for the extension of city services or unless the right to withdraw the application was specifically identified and waived by the applicant in the application. A landowner who has consented to the annexation may, within three business days after the public hearing, withdraw the landowner's consent to the annexation unless the landowner has entered into a written agreement for extension of city services or unless the right to withdraw consent was specifically identified and waived by the landowner.

f. An annexation including territory comprising not more than twenty percent of the land area without consent of the property owners is not complete without approval by four-fifths of the members of the city development board after a hearing for all affected property owners and the county. When considering such an annexation application, the board may request that the annexing city provide information on the amount of land located in the annexing city that is currently vacant or undeveloped and whether municipal services are being provided to current residents of the annexing city.

Sec. 4. Section 368.11, Code 2003, is amended by adding the following new subsection:

NEW SUBSECTION. 14. In the case of an annexation, a plan for extending municipal services to be provided by the annexing city to the annexed territory within three years of July 1 of the fiscal year in which city taxes are collected against property in the annexed territory.

Sec. 5. Section 368.11, unnumbered paragraph 5, Code 2003, is amended to read as follows:

Before a petition for involuntary annexation may be filed, the petitioner shall hold a public meeting on the petition. Notice of the meeting shall be published in an official county newspaper in each county which contains a part of the territory at least five days before the date of the public meeting. The mayor of the city proposing to annex the territory, or that person's designee, shall serve as chairperson of the public meeting. The city clerk of the same city or the city clerk's designee shall record the proceedings of the public meeting. Any person attending the meeting may submit written comments and may be heard on the petition. The minutes of the public meeting and all documents submitted at the public meeting shall be forwarded to the county board of supervisors of each county where the territory is located and to the board by the chairperson of the meeting.

Sec. 6. Section 368.11, Code 2003, is amended by adding the following new unnumbered paragraph:

NEW UNNUMBERED PARAGRAPH. Within thirty days after receiving notice that a petition for involuntary annexation has been filed with the board, the board of supervisors of each county that contains all or a portion of the territory to be annexed shall, by resolution, state whether or not it supports the petition or whether it takes no position in support of or against the petition. If there is a comprehensive plan for the county, the board shall take the plan into account when considering its resolution. A copy of the resolution shall be immediately filed with the annexing city and with the city development board. Failure of a board of supervisors to adopt a resolution shall not delay the proceedings on the petition nor shall such failure be considered a deficiency either in the petition or in the annexing city's proceedings.

Sec. 7. Section 368.25, Code 2003, is amended to read as follows:

368.25 FAILURE TO PROVIDE MUNICIPAL SERVICES.

Prior to expiration of the three-year period established in section 368.11, subsection 14, the annexing city shall submit a report to the board describing the status of the provision of municipal services identified in the plan required in section 368.11, subsection 14. If a city fails to provide municipal services, or fails to show substantial and continuing progress in the provision of municipal services, to territory involuntarily annexed, according to the plan for extending municipal services filed pursuant to section 368.11, subsection 14, within three years after city taxes are imposed in the annexed territory the time period specified in that subsection, the city development board shall may initiate proceedings to sever the annexed territory from the city. The board shall notify the city of the severance proceedings and shall hold a public hearing on the proposed severance. The board shall give notice of the hearing in the same manner as notice of a public meeting in section 368.11. The board may order severance of all or a portion of the territory and the order to sever is not subject to approval at an election. However, a city may appeal to request that the board for allow up to an additional three years to provide municipal services if good cause is shown. A petition for severance filed pursuant to this section shall be filed and acted upon in the same manner as a petition under section 368.11. As an alternative to severance of the territory, the board may impose a moratorium on additional annexation by the city until the city complies with its plan for extending municipal services. For purposes of this section, "municipal services" means services selected by a landowner to be provided by the city, including, but not limited to, water supply, sewage disposal, street and road maintenance, and police and fire protection, if the provision of such services is within the legal authority of the annexing city included in the plan required by section 368.11, subsection 14, for extending municipal services.

Sec. 8. NEW SECTION. 368.26 ANNEXATION OF CERTAIN PROPERTY — COMPLIANCE WITH LESS STRINGENT REGULATIONS.

A city ordinance or regulation that regulates a condition or activity occurring on protected

farmland or regulates a person who owns and operates protected farmland is unenforceable against the owner of the protected farmland for a period of ten years from the effective date of the annexation, to the extent the city ordinance or regulation is more stringent than county legislation. Section 335.2 shall apply to the protected farmland until the owner of the protected farmland determines that the land will no longer be operated as an agricultural operation. Any enforcement activity conducted in violation of this section is void.

A "condition or activity occurring on protected farmland" includes but is not limited to the raising, harvesting, drying, or storage of crops; the marketing of products at roadside stands or farm markets; the creation of noise, odor, dust, or fumes; the production, care, feeding, or housing of animals including but not limited to the construction, operation, or management of an animal feeding operation, an animal feeding operation structure, or aerobic structure, and to the storage, handling, or application of manure or egg washwater; the operation of machinery including but not limited to planting and harvesting equipment, grain dryers, grain handling equipment, and irrigation pumps; ground and aerial seeding and spraying; the application of chemical fertilizers, conditioners, insecticides, pesticides, and herbicides; and the employment and use of labor.

For the purposes of this section, "protected farmland" means land that is part of a century farm as that term is defined in section 403.17, subsection 10. "County legislation" means any ordinance, motion, resolution, or amendment adopted by a county pursuant to section 331.302.

If a proceeding held under this chapter involves an Indian child as defined in section 232B.3 and the proceeding is subject to the Iowa Indian child welfare Act under chapter 232B, the proceeding and other actions taken in connection with the proceeding or this chapter shall comply with chapter 232B.

2. In any proceeding held or action taken under this chapter involving an Indian child, the applicable requirements of the federal Adoption and Safe Families Act of 1999, Pub. L. Sec. 2. NEW SECTION. 232B.1 SHORT TITLE.

This chapter shall be known and may be cited as the "Iowa Indian Child Welfare Act".

Sec. 3. NEW SECTION. 232B.2 PURPOSE — POLICY OF STATE.

The purpose of the Iowa Indian child welfare Act is to clarify state policies and procedures regarding implementation of the federal Indian Child Welfare Act, Pub. L. No. 95-608, as codified in 25 U.S.C. chapter 21. It is the policy of the state to cooperate fully with Indian tribes and tribal citizens in Iowa in order to ensure that the intent and provisions of the federal Indian Child Welfare Act are enforced. This cooperation includes recognition by the state that Indian tribes have a continuing and compelling governmental interest in an Indian child whether or not the child is in the physical or legal custody of an Indian parent, Indian custodian, or an Indian extended family member at the commencement of a child custody proceeding or the child has resided or domiciled on an Indian reservation. The state is committed to protecting the essential tribal relations and best interest of an Indian child by promoting practices, in accordance with the federal Indian Child Welfare Act and other applicable law, designed to prevent the child's voluntary or involuntary out-of-home placement and, whenever such placement is necessary or ordered, by placing the child, whenever possible, in a foster home, adoptive home, or other type of custodial placement that reflects the unique values of the child's tribal culture and is best able to assist the child in establishing, developing, and maintaining a political, cultural, and social relationship with the child's tribe and tribal community.

Sec. 5. NEW SECTION. 232B.4 APPLICATION OF CHAPTER — EXEMPTIONS — DETERMINATION OF INDIAN STATUS.

1. This chapter applies to child custody proceedings involving an Indian child whether the

child is in the physical or legal custody of an Indian parent, Indian custodian, or an Indian extended family member or another person at the commencement of the proceedings or whether the child has resided or domiciled on or off an Indian reservation.

2. The court shall require a party seeking the foster care placement of, termination of parental rights over, or the adoption of, an Indian child to seek to determine whether the child is an Indian child through contact with any Indian tribe in which the child may be a member or eligible for membership, the child's parent, any person who has custody of the child or with whom the child resides, and any other person that reasonably can be expected to have information regarding the child's possible membership or eligibility for membership in an Indian tribe, including but not limited to the United States department of the interior.

3. A written determination by an Indian tribe that a child is a member of or eligible for membership in that tribe, or testimony attesting to such status by a person authorized by the tribe to provide that determination, shall be conclusive. An Indian tribe has jurisdiction exclusive as to this state over any child custody proceeding held in this state involving an Indian child who resides or is domiciled within the reservation of that tribe, except when the jurisdiction is otherwise vested in this state by existing federal law. If an Indian child is a ward of a tribal court, the Indian tribe shall retain exclusive jurisdiction, notwithstanding the residence or domicile of the child.

2. The federal Indian Child Welfare Act and this chapter are applicable without exception in any child custody proceeding involving an Indian child. A state court does not have discretion to determine the applicability of the federal Indian Child Welfare Act or this chapter to a child custody proceeding based upon whether an Indian child is part of an existing Indian family.

3. In a child custody proceeding, the court or any party to the proceeding shall be deemed to know or have reason to know that an Indian child is involved whenever any of the following circumstances exist:

a. A party to the proceeding or the court has been informed by any interested person, an officer of the court, a tribe, an Indian organization, a public or private agency, or a member of the child's extended family that the child is or may be an Indian child.

b. The child who is the subject of the proceeding gives the court reason to believe the child is an Indian child.

c. The court or a party to the proceeding has reason to believe the residence or domicile of the child is in a predominantly Indian community.

4. In any involuntary child custody proceeding, including review hearings following an adjudication, the court shall establish in the record that the party seeking the foster care placement of, or termination of parental rights over, or the adoption of an Indian child has sent notice by registered mail, return receipt requested, to all of the following:

a. The child's parents.

b. The child's Indian custodians.

c. Any tribe in which the child may be a member or eligible for membership.

5. If the identity or location of the child's parent, Indian custodian, or tribe cannot be determined, the notice under subsection 4 shall be provided to the secretary of the interior, who shall have fifteen days after receipt of the notice to provide the notice to the child's parent, Indian custodian, and tribe. A foster care placement or termination of parental rights proceeding involving the child shall not be held until at least ten days after receipt of notice by the child's

parent, Indian custodian, and tribe, or the secretary of the interior. Upon request, the child's parent or Indian custodian or tribe shall be granted up to twenty additional days after receipt of the notice to prepare for the proceeding.

6. The court shall also establish in the record that a notice of any involuntary custody proceeding has been sent to the Indian child's tribe. The tribe may provide notice of the proceeding to any of the child's extended family members.

7. The notice in any involuntary child custody proceeding involving an Indian child shall be written in clear and understandable language and shall include all of the following information:

- a. The name and tribal affiliation of the Indian child.
- b. A copy of the petition by which the proceeding was initiated.

 - (2) The right to petition the court to transfer the proceeding to the tribal court of the Indian child's tribe.
 - (3) The right to be granted up to an additional twenty days from the receipt of the notice to prepare for the proceeding.
 - (4) The right to request that the court grant further extensions of time.
 - (5) In the case of an extended family member, the right to intervene and be considered as a preferred placement for the child.
- d. A statement of the potential legal consequences of an adjudication on the future custodial rights of the child's parents or Indian custodians.

- f. A statement that the court may appoint counsel for the child upon a finding that the appointment is in the best interest of the child.
- g. A statement that the information contained in the notice, petition, pleading, and other court documents is confidential.
- h. A statement that the child's tribe may provide notice of the proceeding to any of the child's extended family members along with copies of other related documents.

8. In a voluntary child custody proceeding involving an Indian child, including but not limited to a review hearing, the court shall establish in the record that the party seeking the foster care placement of, termination of parental rights to, or the permanent placement of, an Indian child has sent notice at least ten days prior to the hearing by registered mail, return receipt requested, to all of the following:

- a. The child's parents, except for a parent whose parental rights have been terminated.
- b. The child's Indian custodians, except for a custodian whose parental or Indian custodian rights have been terminated.

 - (3) In the case of extended family members, the right to intervene and be considered as a preferred placement for the child.
- d. A statement that the information contained in the notice, petition, pleading, and any other court document shall be kept confidential.

e. A statement that the child's tribe may provide notice of the proceeding to any of the child's extended family members along with copies of other related documents.

10. Unless either of an Indian child's parents objects, in any child custody proceeding involving an Indian child who is not domiciled or residing within the jurisdiction of the Indian child's tribe, the court shall transfer the proceeding to the jurisdiction of the Indian child's tribe, upon the petition of any of the following persons:

- a. Either of the child's parents.
- b. The child's Indian custodian.
- c. The child's tribe.

11. Notwithstanding entry of an objection to a transfer of proceedings as described in subsection 10, the court shall reject any objection that is inconsistent with the purposes of this chapter, including but not limited to any objection that would prevent maintaining the vital relationship between Indian tribes and the tribes' children and would interfere with the policy that the best interest of an Indian child require that the child be placed in a foster or adoptive home that reflects the unique values of Indian culture.

12. A transfer of proceedings under subsection 10 may be declined by the tribal court of the Indian child's tribe. If the tribal court declines to assume jurisdiction, the state court shall reassume jurisdiction and shall apply all of the following in any proceeding:

- a. The requirements of the federal Indian Child Welfare Act.
- b. This chapter.
- c. The applicable provisions of any agreement between the Indian child's tribe and the state concerning the welfare, care, and custody of Indian children.

13. If a petition to transfer proceedings as described in subsection 10 is filed, the court shall find good cause to deny the petition only if one or more of the following circumstances are shown to exist:

- a. The tribal court of the child's tribe declines the transfer of jurisdiction.
- b. The tribal court does not have subject matter jurisdiction under the laws of the tribe or federal law.
- c. Circumstances exist in which the evidence necessary to decide the case cannot be presented in the tribal court without undue hardship to the parties or the witnesses, and the tribal court is unable to mitigate the hardship by making arrangements to receive and consider the evidence or testimony by use of remote communication, by hearing the evidence or testimony at a location convenient to the parties or witnesses, or by use of other means permitted in the tribal court's rules of evidence or discovery.
- d. An objection to the transfer is entered in accordance with subsection 10.

14. The Indian child's tribe or tribes and Indian custodian have the right to intervene at any point in any foster care placement or termination of parental rights proceeding involving the child. The Indian child's tribe shall also have the right to intervene at any point in any adoption proceeding involving the child. Any member of the Indian child's family may intervene in an adoption proceeding involving the child for the purpose of petitioning the court for the adoptive placement of the child in accordance with the order of preference provided for in this chapter.

15. The state shall give full faith and credit to the public acts, records, judicial proceedings, and judgments of any Indian tribe applicable to the Indian child custody proceedings.

16. In any proceeding in which the court determines indigency of the Indian child's parent or Indian custodian, the parent or Indian custodian shall have the right to court-appointed counsel in any removal, placement, or termination of parental rights. The child shall also have the right to court-appointed counsel in any removal, placement, termination of parental rights, or other permanency proceedings.

17. Each party to a foster care placement or termination of parental rights proceeding involving an Indian child shall have the right to examine all reports or other documents filed with the court upon which any decision with respect to the proceeding may be based.

18. Any person or court involved in the foster care, preadoptive placement, or adoptive placement of an Indian child shall use the services of the Indian child's tribe or tribes, when-

ever available through the tribe or tribes, in seeking to secure placement within the order of placement preference established in section 232B.9 and in the supervision of the placement.

19. A party seeking an involuntary foster care placement of or termination of parental rights over an Indian child shall provide evidence to the court that active efforts have been made to provide remedial services and rehabilitative programs designed to prevent the breakup of the Indian family and that these efforts have proved unsuccessful. The court shall not order the placement or termination, unless the evidence of active efforts shows there has been a vigorous and concerted level of case work beyond the level that typically constitutes reasonable efforts as defined in sections 232.57 and 232.102. Reasonable efforts shall not be construed to be active efforts. The active efforts must be made in a manner that takes into account the prevailing social and cultural values, conditions, and way of life of the Indian child's tribe. Active efforts shall utilize the available resources of the Indian child's extended family, tribe, tribal and other Indian social service agencies, and individual Indian caregivers. Active efforts shall include but are not limited to all of the following:

- a. A request to the Indian child's tribe to convene traditional and customary support and resolution actions or services.
- b. Identification and participation of tribally designated representatives at the earliest point.
- c. Consultation with extended family members to identify family structure and family support services that may be provided by extended family members.

Sec. 7. NEW SECTION. 232B.6 EMERGENCY REMOVAL OF INDIAN CHILD — FOSTER CARE PLACEMENT — TERMINATION OF PARENTAL RIGHTS.

1. This chapter shall not be construed to prevent the emergency removal of an Indian child who is a resident of or is domiciled on an Indian reservation, but is temporarily located off the reservation, or is away from the child's parent or Indian custodian, or the emergency placement of such child in a foster home or institution, under applicable state law, in order to prevent imminent physical damage or harm to the child. In a case of emergency removal of an Indian child, regardless of residence or domicile of the child, the state shall ensure that the emergency removal or placement terminates immediately when the removal or placement is no longer necessary to prevent imminent physical damage or harm to the child and shall expeditiously initiate a child custody proceeding subject to the provisions of this chapter, transfer the child to the jurisdiction of the appropriate Indian tribe, or restore the child to the child's parent or Indian custodian, as may be appropriate.

2. Within three business days following the issuance of an order of emergency removal or placement of an Indian child, the court issuing the order shall notify the Indian child's tribe of the emergency removal or placement by registered mail, return receipt requested. The notice shall include the court order, the petition, if applicable, any information required by this chapter, and a statement informing the child's tribe of the tribe's right to intervene in the proceeding.

3. A motion, application, or petition commencing an emergency or temporary removal under section 232.79 or 232.95 or foster care placement proceeding under chapter 232 involving an Indian child shall be accompanied by all of the following:

- a. An affidavit containing the names, tribal affiliations, and addresses of the Indian child, and of the child's parents and Indian custodians.

b. A specific and detailed account of the circumstances supporting the removal of the child.

c. All reports or other documents from each public or private agency involved with the emergency or temporary removal that are filed with the court and upon which any decision may be based. The reports shall include all of the following information, when available:

- (1) The name of each agency.
- (2) The names of agency administrators and professionals involved in the removal.
- (3) A description of the emergency justifying the removal of the child.
- (4) All observations made and actions taken by the agency.
- (5) The date, time, and place of each such action.
- (6) The signatures of all agency personnel involved.
- (7) A statement of the specific actions taken and to be taken by each involved agency to effectuate the safe return of the child to the custody of the child's parent or Indian custodian.

4. An emergency removal or placement of an Indian child shall immediately terminate, and any court order approving the removal or placement shall be vacated, when the removal or placement is no longer necessary to prevent imminent physical damage or harm to the child. In no case shall an emergency removal or placement order remain in effect for more than fifteen days unless, upon a showing that continuation of the order is necessary to prevent imminent physical damage or harm to the child, the court extends the order for a period not to exceed an additional thirty days. If the Indian child's tribe has been identified, the court shall notify the tribe of the date and time of any hearing scheduled to determine whether to extend an emergency removal or placement order.

5. Upon termination of the emergency removal or placement order, the child shall immediately be returned to the custody of the child's parent or Indian custodian unless any of the following circumstances exist:

- a. The child is transferred to the jurisdiction of the child's tribe.
- b. In an involuntary foster care placement proceeding pursuant to the federal Indian Child Welfare Act, the court orders that the child shall be placed in foster care upon a determination, supported by clear and convincing evidence, including testimony by qualified expert witnesses, that custody of the child by the child's parent or Indian custodian is likely to result in serious emotional or physical damage to the child.

c. The child's parent or Indian custodian voluntarily consents to the foster care placement of the child pursuant to the provisions of the federal Indian Child Welfare Act.

6. a. Termination of parental rights over an Indian child shall not be ordered in the absence of a determination, supported by evidence beyond a reasonable doubt, including the testimony of qualified expert witnesses, that the continued custody of the child by the child's parent or Indian custodian is likely to result in serious emotional or physical damage to the child.

b. Foster care placement of an Indian child shall not be ordered in the absence of a determination, supported by clear and convincing evidence, including the testimony of qualified expert witnesses, that the continued custody of the child by the child's parent or Indian custodian is likely to result in serious emotional or physical damage to the child.

Sec. 8. NEW SECTION. 232B.7 PARENTAL RIGHTS — VOLUNTARY TERMINATION OR FOSTER CARE PLACEMENT.

1. If an Indian child's parent or Indian custodian voluntarily consents to a foster care placement of the child or to termination of parental rights, the consent shall not be valid unless executed in writing and recorded before a judge of a court of competent jurisdiction and accompanied by the judge's certificate that the terms and consequences of the consent were fully explained in detail and were fully understood by the parent or Indian custodian. The court shall also certify that either the parent or Indian custodian fully understood the explanation in English or that it was interpreted into a language that the parent or Indian custodian understood. Notwithstanding section 600A.4 or any other provision of law, any consent for release of custody given prior to, or within ten days after, the birth of the Indian child shall not be valid.

2. An Indian child's parent or Indian custodian may withdraw consent to a foster care placement at any time and, upon the withdrawal of consent, the child shall be returned to the parent or Indian custodian.

3. In a voluntary proceeding for termination of parental rights to, or adoptive placement of, an Indian child, the consent of the parent may be withdrawn for any reason at any time prior to the entry of a final decree of termination or adoption, as the case may be, and the child shall be returned to the parent.

4. After the entry of a final decree of adoption of an Indian child, the parent may withdraw consent to the adoption upon the grounds that consent was obtained through fraud or duress and may petition the court to vacate the decree. Upon a finding that such consent was obtained through fraud or duress, the court shall vacate the decree and return the child to the parent. However, an adoption which has been effective for at least two years shall not be invalidated under the provisions of this subsection unless otherwise permitted under state law.

Sec. 9. NEW SECTION. 232B.8 RETURN OF CUSTODY — IMPROPER REMOVAL OF CHILD FROM CUSTODY — PROTECTION OF RIGHTS OF PARENT OR INDIAN CUSTODIAN.

1. If a final decree of adoption of an Indian child has been vacated or set aside or the adoptive parents voluntarily consent to the termination of their parental rights to the child, a biological parent or prior Indian custodian may petition for return of custody and the court shall grant the petition unless there is a showing, in a proceeding subject to the provisions of this chapter, that the return of custody is not in the best interest of the child.

2. If an Indian child is removed from a foster care home or institution for the purpose of further foster care, preadoptive, or adoptive placement, the placement shall be in accordance with the provisions of this chapter, except when an Indian child is being returned to the parent or Indian custodian from whose custody the child was originally removed.

3. If a petitioner in an Indian child custody proceeding before a state court has improperly removed the child from the custody of the parent or Indian custodian or has improperly retained custody after a visit or other temporary relinquishment of custody, the court shall decline jurisdiction over the petition and shall immediately return the child to the child's parent or Indian custodian unless returning the child to the parent or Indian custodian would subject the child to a substantial and immediate danger or threat of such danger.

4. If another state or federal law applicable to a child custody proceeding held under state or federal law provides a higher standard of protection to the rights of the parent or Indian custodian of an Indian child than the rights provided under this chapter, the court shall apply the higher standard.

Sec. 10. NEW SECTION. 232B.9 PLACEMENT PREFERENCES.

1. In any adoptive or other permanent placement of an Indian child, preference shall be given to a placement with one of the following, in descending priority order:

- a. A member of the Indian child's family.
- b. Other members of the Indian child's tribe.
- c. Another Indian family.
- d. A non-Indian family approved by the Indian child's tribe.

2. An emergency removal, foster care, or preadoptive placement of an Indian child shall be in the least restrictive setting which most approximates a family situation and in which the child's special needs, if any, may be met. The child shall also be placed within reasonable proximity to the child's home, taking into account any special needs of the child. In any foster care or preadoptive placement, a preference shall be given to the child's placement with one of the following in descending priority order:

- a. A member of the child's extended family.
- b. A foster home licensed, approved, or specified by the child's tribe.
- c. An Indian foster home licensed or approved by an authorized non-Indian licensing authority.

- 4. An adoptive placement of an Indian child shall not be ordered in the absence of a determination, supported by clear and convincing evidence including the testimony of qualified expert witnesses, that the placement of the child is in the best interest of the child.
- 5. Notwithstanding the placement preferences listed in subsections 1 and 2, if a different order of placement preference is established by the child's tribe or in a binding agreement between the child's tribe and the state entered into pursuant to section 232B.11, the court or agency effecting the placement shall follow the order of preference established by the tribe or in the agreement.
- 6. As appropriate, the placement preference of the Indian child or parent shall be considered. In applying the preferences, a consenting parent's request for anonymity shall also be given weight by the court or agency effecting the placement. Unless there is clear and convincing evidence that placement within the order of preference applicable under subsection 1, 2, or 5 would be harmful to the Indian child, consideration of the preference of the Indian child or parent or a parent's request for anonymity shall not be a basis for placing an Indian child outside of the applicable order of preference.
- 7. The prevailing social and cultural standards of the Indian community in which the parent or extended family members of an Indian child reside, or with which such parent or extended family members maintain social and cultural ties, or the prevailing social and cultural standards of the Indian child's tribe shall be applied in qualifying any placement having a preference under this section. A determination of the applicable prevailing social and cultural standards shall be confirmed by the testimony or other documented support of qualified expert witnesses.
- 8. A record of each foster care placement, emergency removal, preadoptive placement, or adoptive placement of an Indian child, under the laws of this state, shall be maintained in perpetuity by the department of human services in accordance with section 232B.13. The record shall document the active efforts to comply with the applicable order of preference specified in this section.
- 9. The state of Iowa recognizes the authority of Indian tribes to license foster homes and to license agencies to receive children for control, care, and maintenance outside of the children's own homes, or to place, receive, arrange the placement of, or assist in the placement of children for foster care or adoption. The department of human services and child-placing agencies licensed under chapter 238 may place children in foster homes and facilities licensed by an Indian tribe.

Sec. 11. NEW SECTION. 232B.10 TRIBALLY RECOGNIZED EXPERT WITNESSES — STANDARD OF PROOF — CHANGE OF PLACEMENT.

- 1. For the purposes of this section, unless the context otherwise requires, a "qualified expert witness" may include, but is not limited to, a social worker, sociologist, physician, psychologist, traditional tribal therapist and healer, spiritual leader, historian, or elder.
- 2. In considering whether to involuntarily place an Indian child in foster care or to terminate the parental rights of the parent of an Indian child, the court shall require that qualified expert witnesses with specific knowledge of the child's Indian tribe testify regarding that tribe's family organization and child-rearing practices, and regarding whether the tribe's culture, customs, and laws would support the placement of the child in foster care or the termination of parental rights on the grounds that continued custody of the child by the parent or Indian custodian is likely to result in serious emotional or physical damage to the child.
- 3. In the following descending order of preference, a qualified expert witness is a person who is one of the following:
 - a. A member of the child's Indian tribe who is recognized by the child's tribal community

as knowledgeable regarding tribal customs as the customs pertain to family organization or child-rearing practices.

b. A member of another tribe who is formally recognized by the Indian child's tribe as having the knowledge to be a qualified expert witness.

Prior to accepting the testimony of a qualified expert witness described in this lettered paragraph, the court shall document the efforts made to secure a qualified expert witness described in paragraphs "a", "b", "c", and "d". The efforts shall include but are not limited to contacting the Indian child's tribe's governing body, that tribe's Indian Child Welfare Act office, and the tribe's social service office.

Sec. 12. NEW SECTION. 232B.11 AGREEMENTS WITH TRIBES FOR CARE AND CUSTODY OF INDIAN CHILDREN.

1. Sec. 6. Section 422E.3, subsection 5, unnumbered paragraph 1, Code 2003, is amended to read as follows:

d. (1) If more than one school district, or a portion of a school district, is located within the county, tax receipts shall be remitted to each school district or portion of a school district in which the county tax is imposed in a pro rata share based upon the ratio which the ~~percentage~~ percentage of actual enrollment for the school district that attends school in the county bears to ~~the percentage~~ the percentage of the total combined actual enrollments for all school districts that attend school in the county.

(2) The combined actual enrollment for a county, for purposes of this section, shall be determined for each county ~~imposing a sales and services tax for school infrastructure purposes~~ by the department of management based on the actual enrollment figures reported by October 1 to the department of management by the department of education pursuant to section 257.6, subsection 1. The combined actual enrollment count shall be forwarded to the director of the ~~department of management revenue and finance~~ by March 1, annually, for purposes of supplying estimated tax payment figures and making estimated tax payments pursuant to this section for the following fiscal year.

e. (2) A school district that is located in whole or in part in a county that voted on and approved on or after April 1, 2003, the local sales and services tax for school infrastructure purposes shall receive an amount equal to its pro rata share of the local sales and services tax receipts as provided in section 422E.3, subsection 5, paragraph “d”, not to exceed its guaranteed school infrastructure amount. However, if the school district’s pro rata share is less than its guaranteed school infrastructure amount, the district shall receive an additional amount equal to its supplemental school infrastructure amount.

(3) A school district that is located in whole or in part in a county that voted on and approved the continuation of the tax on or after April 1, 2003, the local sales and services tax for school infrastructure purposes shall receive an amount equal to its pro rata share of the local sales and services tax receipts as provided in section 422E.3, subsection 5, paragraph “d”, not to exceed its guaranteed school infrastructure amount. b. Nothing in this section shall prevent a school district from using its sales tax capacity per student or guaranteed school infrastructure amount to pay principal and interest on obligations issued pursuant to section 422E.4.

5. In the case of a deficiency in the fund to pay the supplemental school infrastructure amounts in full, the amount available in the fund less the sales and services tax revenues for school infrastructure purposes attributed to each school district should be allocated based on the proportion of actual enrollment in the district to the combined actual enrollment in the counties where the sales and services tax for school infrastructure purposes has been imposed and the school districts in the counties qualify for the supplemental school infrastructure amount.⁵

6. A school district with less than two hundred fifty actual enrollment or less than one hundred actual enrollment in the high school⁶ shall not expend the supplemental school infrastructure amount received for new construction or for payments for bonds issued for new construction against the supplemental school infrastructure amount without prior application to the department of education and receipt of a certificate of need pursuant to this subsection. However, a certificate of need is not required for the payment of outstanding bonds issued for new construction pursuant to section 296.1, before April 1, 2003. A certificate of need is also not required for repairing schoolhouses or buildings, equipment, technology, or transportation equipment for transporting students as provided in section 298.3, or for construction necessary for compliance with the federal Americans With Disabilities Act pursuant to 42 U.S.C. § 12101-12117. The board of directors of a school district shall be authorized to issue negotiable, interest-bearing school bonds, without election, and utilize tax receipts derived from the sales and services tax for school infrastructure purposes and the supplemental school infrastructure amount distributed pursuant to section 422E.3A, subsection 2, paragraph "b", for principal and interest repayment. Proceeds of the bonds issued pursuant to this section shall be utilized solely for school infrastructure needs as school infrastructure is defined in section 422E.1, subsection 3. Issuance of bonds pursuant to this section shall be permitted only in a district which has imposed a local sales and services tax for school infrastructure purposes pursuant to section 422E.2. The provisions of sections 298.22 through 298.24 shall apply regarding the form, rate of interest, registration, redemption, and recording of bond issues pursuant to this section, with the exception that the maximum period during which principal on the bonds is payable

ELECTRIC POWER GENERATION FACILITIES — COGENERATION PILOT PROGRAM

H.F. 391

AN ACT establishing a pilot program for the development of cogeneration facilities, providing for the development of ratemaking principles and rates for pilot program facilities, and providing for a future repeal.

Be It Enacted by the General Assembly of the State of Iowa:

Section 1. NEW SECTION. 15.269 COGENERATION PILOT PROGRAM.

1. DEFINITIONS. For purposes of this section, unless the context otherwise requires:

a. “Cogeneration pilot project facility” means either a utility-owned cogeneration pilot project facility or a qualified cogeneration pilot project facility. Both a utility-owned cogeneration pilot project facility and a qualified cogeneration pilot project facility must be approved by the department of economic development for participation in the cogeneration pilot program established pursuant to subsection 2.

b. “Energy sales agreement” means a negotiated agreement for the sale of the electric output from the cogeneration pilot project, between a qualified cogeneration pilot project facility and an electric utility.

c. “Qualified cogeneration pilot project facility” means a qualifying facility as defined in the federal Public Utility Regulation Policies Act of 1978, 16 U.S.C. § 2601 et seq., and related federal regulations.

d. “Utility-owned cogeneration pilot project facility” means a cogeneration facility owned, in whole or in part, by a rate-regulated electric utility that produces electric energy and thermal energy for commercial purposes and is not a qualifying facility as defined in the federal Public Utility Regulatory Policies Act of 1978, 16 U.S.C. § 2601 et seq., and related federal regulations.

2. PILOT PROGRAM ESTABLISHED.

a. It is the policy of this state to foster both the development of cogeneration in Iowa and related economic development associated with cogeneration projects.

It is the policy of this state that cogeneration projects operate to the mutual benefit of businesses, industry, and electric utilities in Iowa, financially and otherwise.

b. A cogeneration pilot program is established within the department of economic development to obtain reliable energy and economic benefits associated with successful development of new, Iowa-based, electric power cogeneration strategies. The department shall develop and administer the cogeneration pilot program, according to the following:

(1) The department may choose up to two projects for participation in the cogeneration pilot program:

(a) Each cogeneration pilot project facility must involve two hundred megawatts or less of electricity, in combination with one or more other cogeneration project facilities.

(b) Each cogeneration pilot project facility must be constructed in Iowa.

(c) Each project chosen for participation in the cogeneration pilot program must also have the approval and support of the department for economic development purposes.

(2) The department may adopt specific application guidelines and deadlines by rule pursuant to chapter 17A, or follow established departmental procedures and guidelines, if applicable. The guidelines, rules, and procedures shall not require participation in a cogeneration pilot project or program by any rate-regulated public utility providing retail electric service to more than five hundred twenty thousand customers in the state as of January 1, 2003, but any such utility shall have the option to participate.

(3) The department shall assist in the implementation of the cogeneration pilot program, and monitor the progress of the participants. The department shall file its initial report assessing the results of the pilot program with the general assembly by December 1, 2004, and shall also file yearly pilot program progress updates with the general assembly through December 1, 2007.

c. The selection of a cogeneration project under this program does not authorize an electric utility to furnish or offer to furnish electric services to the public outside its assigned area of service established under sections 476.22 through 476.26.

3. FUTURE REPEAL. This section is repealed July 1, 2007. However, any utilities board proceeding that involves a cogeneration pilot project facility that is pending on July 1, 2007, and that is being conducted pursuant to section 476.53 shall be completed notwithstanding the repeal of this section.

Sec. 2. Section 476.53, Code 2003, is amended by adding the following new subsection:

NEW SUBSECTION. 2A. For purposes of this section, unless the context otherwise requires, the terms “cogeneration pilot project facility”, “energy sales agreement”, “qualified cogeneration pilot project facility”, and “utility-owned cogeneration pilot project facility” mean the same as defined in section 15.269.

Sec. 3. Section 476.53, subsections 3 and 4, Code 2003, are amended to read as follows:

(1) Files an application pursuant to section 476A.3 to construct in Iowa a baseload electric power generating facility with a nameplate generating capacity equal to or greater than three hundred megawatts or a combined-cycle electric power generating facility, or an alternate energy production facility as defined in section 476.42, or if a rate-regulated public utility leases,

(2) Leases or owns in Iowa, in whole or in part, a new baseload electric power generating facility with a nameplate generating capacity equal to or greater than three hundred megawatts or a combined-cycle electric power generating facility, or a new alternate energy production facility as defined in section 476.42, the board shall specify in advance, by order issued after a contested case proceeding, the ratemaking principles that will apply when the costs of the facility are included in regulated electric rates.

b. In determining the applicable ratemaking principles, the board shall not be limited to traditional ratemaking principles or traditional cost recovery mechanisms.

c. In determining the applicable ratemaking principles, the board shall make the following findings:

(1) The rate-regulated public utility has in effect a board-approved energy efficiency plan as required under section 476.6, subsection 19.

(2) The rate-regulated public utility has demonstrated to the board that the public utility has considered other sources for long-term electric supply and that the facility, ~~or lease, or cogeneration pilot project facility~~ is reasonable when compared to other feasible alternative sources of supply. The rate-regulated public utility may satisfy the requirements of this subparagraph through a competitive bidding process, under rules adopted by the board, that demonstrate the facility, ~~energy sales agreement, or lease~~ is a reasonable alternative to meet its electric supply needs.

d. The applicable ratemaking principles shall be determined in a contested case proceeding, which proceeding may be combined with the proceeding for issuance of a certificate conducted pursuant to chapter 476A.

e. The order setting forth the applicable ratemaking principles shall be issued prior to the commencement of construction or lease of the facility, ~~or execution of an energy sales agreement related to the cogeneration pilot project facility.~~

g. Notwithstanding any provision of this chapter to the contrary, the ratemaking principles established by the order issued pursuant to paragraph "e" shall be binding with regard to the specific electric power generating facility ~~or cogeneration pilot project facility~~ in any subsequent rate proceeding.

4. The utilities board and the consumer advocate may employ additional temporary staff, or may contract for professional services with persons who are not state employees, as the board and the consumer advocate deem necessary to perform required functions as provided in this section, including but not limited to review of power purchase contracts, review of emission plans and budgets, and review of ratemaking principles proposed for construction or lease of a new generating facility ~~or a cogeneration pilot project facility~~. NEW SUBSECTION. 5. DETERMINATION OF AVOIDED COST FOR COGENERATION PROJECTS.

a. A qualified cogeneration pilot project facility may file a petition with the board for a determination of the avoided cost of an electric utility as provided in the federal Public Utility Regulatory Policies Act of 1978 and related federal regulations, if such a determination has not been made within the last twenty-four months or if there is reason to believe the avoided cost has changed.

b. The board shall issue its determination of the electric utility's avoided cost within one hundred twenty days after the petition is filed.

c. The board, for good cause shown, may extend the deadline for issuing the decision for an additional period not to exceed one hundred twenty days.
