- 4. LOANS ON REAL PROPERTY. a. A state credit union may make permanent loans, construction loans, combined construction and permanent loans, or second mortgage loans secured by liens on real property, as authorized by rules adopted by the superintendent. The rules shall contain provisions as necessary to ensure the safety and soundness of these loans, and to ensure full and fair disclosure to borrowers of the effects of provisions in agreements for these loans, including provisions permitting change or adjustment of any terms of a loan, provisions permitting, requiring, or prohibiting repayment of a loan on a basis other than of equal periodic installments of interest plus principal over a fixed term, provisions imposing penalties for a borrower's noncompliance with requirements of a loan agreement, or provisions allowing or requiring a borrower to choose from alternative courses of action at any time during the effectiveness of a loan agreement.
- b. (1) A state credit union may include in the loan documents signed by the borrower a provision requiring the borrower to pay the state credit union each month in addition to interest and principal under the note an amount equal to one-twelfth of the estimated annual real estate taxes, special assessments, hazard insurance premium, mortgage insurance premium, or any other payment agreed to by the borrower and the state credit union in order to better secure the loan. The state credit union shall be deemed to be acting in a fiduciary capacity with respect to these funds.

- c. A state credit union that obtains a report or opinion by an attorney or from another mortgage lender relating to defects in or liens or encumbrances on the title to real property, the unmarketability of the title to real property, or the invalidity or unenforceability of liens or en-

- 5. ESCROW REPORTS. A state credit union may act as an escrow agent with respect to real property that is mortgaged to the state credit union, and may receive funds and make disbursements from escrowed funds in that capacity. A state credit union that maintains an escrow account, whether or not a mortgage has been assigned to a third person, shall deliver to the mortgagor a written summary of all transactions made with respect to the loan and escrow accounts during each calendar year. - 10. EARLY LOAN REPAYMENT. If a member elects to repay a loan secured by a mortgage or deed of trust upon real property that is a single-family or a two-family dwelling or agricultural land at a date earlier than is required by the terms of the loan, the state credit union shall be governed by section 535.9.
- 11. INTEREST ON PREPAYMENT. Real estate loans on one-family to four-family dwellings may be repaid in part or in full at any time, except that a state credit union may charge not to exceed six months' advance interest on that part of the aggregate amount of all prepayments made on such loan in any twelve-month period which exceeds twenty percent of the original principal amount of the loan; and may charge any negotiated rate on other loans. This subsection, however, does not authorize a state credit union to charge any advance interest or prepayment penalty where prohibited by section 535.9.

- 2. A state credit union may limit its liability provided that the limitations are set forth in the lease and agreement in at least the same size and type as the other substantive provisions of the contract.
- 3. The lease and agreement of a safe deposit box may provide that evidence tending to prove that property was left in a safe deposit box upon the last entry by the member or the member's authorized agent, and that the property or any part of the property was found missing upon subsequent entry, is not sufficient to raise a presumption that the property was lost by any negligence or wrongdoing for which the state credit union is responsible, or put upon the state credit union the burden of proof that the alleged loss was not the fault of the state credit union.
 - 4. A state credit union may lease a safe deposit box to a minor.

- c. An executor or administrator of the estate of a deceased owner or lessee upon delivery to the state credit union of a certified copy of letters of appointment.
- d. A person named as an executor in a copy of a purported will produced by the person, provided such access shall be limited to the removal of a purported will, and no other contents shall be removed.
- e. A trustee of a trust created by the deceased owner or lessee upon delivery to the state credit union of a copy of the trust together with an affidavit by the trustee that certifies that the copy of the trust delivered to the state credit union with the affidavit is an accurate and complete copy of the trust, the trustee is the duly authorized and acting trustee under the trust, the trust property includes property in the safe deposit box, and that to the knowledge of the trustee the trust has not been revoked.
- 3. A person removing any contents of a safe deposit box pursuant to subsection 1 or 2 shall deliver any writing purported to be a will of the decedent to the court having jurisdiction over the decedent's estate.

An additional copy of such purported will shall be made, dated, and signed by the credit union employees present at the safe deposit box opening and placed in the safe deposit box. The safe deposit box shall then be resealed.
- (3) The original of a purported will shall be sent by certified mail or restricted certified mail or personally delivered to the district court in the county of the last known residence of the deceased owner or lessee, or the court having jurisdiction over the testator's estate. If the residence is unknown or last known and not in this state, the purported will shall be sent by certified mail or restricted certified mail or personally delivered to the district court in the county where the safe deposit box is located.
- c. If no key is produced, the state credit union may cause the safe deposit box to be opened and the state credit union shall have a claim against the estate of the deceased owner or lessee and a lien upon the contents of the safe deposit box for the costs of opening and resealing the safe deposit box.

A state credit union shall not be required, in the absence of a court order or indemnity required by this section, to recognize any claim to, or claim of authority to exercise control over, property held in safe deposit or property held for safekeeping pursuant to section 533.321 made by a person or persons other than the following:
 - a. The member in whose name the property is held by the state credit union.

The safe deposit and safe-keeping account records of a state credit union shall be presumptive evidence as to the identity of the member on whose behalf the property is held.
- 2. A person making an adverse claim to, or an adverse claim of authority to control, property held in a safe deposit box or for safekeeping, must do either of the following:
- a. Obtain and serve on the state credit union an appropriate court order or judicial process directed to the state credit union, restraining any action with respect to the property until further order of the court or instructing the state credit union to deliver the property, in whole or in part, as indicated in the order or process.
- b. Deliver to the state credit union a bond, in form and amount with sureties satisfactory to the state credit union, indemnifying the state credit union against any liability, loss, or expense which the state credit union might incur because of its refusal to deliver the property to any person described in subsection 1, paragraph "a" or "b".

Sec. 51. <u>NEW SECTION</u>. 533.320 REMEDIES AND PROCEEDINGS FOR NONPAY-MENT OF RENT ON SAFE DEPOSIT BOX.

- 1. A state credit union has a lien upon the contents of a safe deposit box for past due rentals and any expense incurred in opening the safe deposit box, replacement of the locks on the safe deposit box, and of a sale made pursuant to this section.
- 2. If the rental of a safe deposit box is not paid within six months from the day the rental is due, at any time after the six months and while the rental remains unpaid, the state credit union shall mail a notice by restricted certified mail to the member at the member's last known address as shown upon the records of the state credit union, stating that if the amount due for the rental is not paid on or before a specified day, which shall be at least thirty days after the date of mailing such notice, the state credit union will remove the contents of the safe deposit box and hold the contents for the account of the member.
- 3. If the rental for the safe deposit box has not been paid after the expiration of the period specified in a notice mailed pursuant to subsection 2, the state credit union, in the presence of two of its officers, may cause the safe deposit box to be opened and the contents removed. An inventory of the contents of the safe deposit box shall be made by the two officers present and the contents held by the state credit union for the account of the member.

- 4. a. If the contents are not claimed within two years after their removal from the safe deposit box, the state credit union may proceed to sell so much of the contents as is necessary to pay the past due rentals and expense incurred in opening the safe deposit box, replacement of the locks on the safe deposit box, and the sale of the contents.
- b. The sale shall be held at the time and place specified in a notice published prior to the sale once each week for two successive weeks in a newspaper of general circulation published in the city or unincorporated area in which the state credit union has its principal place of business, or if there is none, a newspaper of general circulation published in the county, or in a county adjoining the county, in which the state credit union has its principal place of business.

- g. An amount held as proceeds from such sale shall be credited with interest at the customary annual rate for savings accounts at the state credit union, or in lieu, at the customary rate of interest in the community where such proceeds are held. The crediting of interest does not activate the account to avoid an abandonment as unclaimed property under chapter 556.
- 5. a. Notwithstanding the provisions of this section, shares, bonds, or other securities which, at the time of a sale pursuant to subsection 4, are listed on an established stock exchange in the United States shall not be sold at public sale but may be sold through an established stock exchange.

Upon making a sale of any such securities, an officer of the state credit union shall execute and attach to the securities an affidavit reciting facts showing that the securities were sold pursuant to this section, and that the state credit union has complied with the provisions of this section. The affidavit constitutes sufficient authority to any corporation whose shares are sold or to any registrar or transfer agent of such corporation to cancel the certificates representing the shares to the purchaser of the shares, and to any registrar, trustee, or transfer agent of registered bonds or other securities, to register any such bonds or other securities in the name of the purchaser of the bonds or other securities.
- 6. The proceeds of any sale made pursuant to this section, after the payment of any amounts with respect to which the state credit union has a lien, any property that was not offered for sale and property which, although offered for sale, was not sold, shall be retained by the state credit union until such time as the property is presumed abandoned according to section 556.2, and shall be handled pursuant to chapter 556.

 - a. If the charge for safekeeping of property is not paid within six months from the day the

charge is due, at any time after the six months and while the charge remains unpaid, the state credit union may mail a notice to the member at the member's last known address as shown upon the records of the state credit union, stating that if the amount due is not paid on or before a specified day, which shall be at least thirty days after the date of mailing the notice, the state credit union will remove the property from safekeeping and hold the property for the account of the member.

- b. After the expiration of the period specified in the notice, if the charge for safekeeping has not been paid, the state credit union may remove the property from safekeeping, cause the property to be inventoried, and hold the property for the account of the member.
- c. If the property is not claimed within two years after its removal from safekeeping, the state credit union may proceed to sell so much of the property as is necessary to pay the charge which remains unpaid and the expense incurred in making the sale in the manner provided for in section 533.320, subsections 4 and 5.
- d. The proceeds of any sale made pursuant to this section, after payment of any amounts with respect to which the state credit union has a lien, any property that was not offered for sale, and property which, although offered for sale, was not sold, shall be retained by the state credit union until such time as the property is presumed abandoned according to section 556.2, and shall be handled pursuant to chapter 556.

- a. For purposes of this section, a copy includes any duplicate, rerecording or reproduction of an original record from any photograph, photostat, microfilm, microcard, miniature or microphotograph, computer printout, electronically stored data or image, or other process that accurately reproduces or forms a durable medium for accurately and legibly reproducing an unaltered image or reproduction of the original record.

 - 2. In any cause or proceeding in which state credit union records or files may be called in

question or be demanded of the state credit union, or any officer or employee of the state credit union, a showing that such records or files have been destroyed in accordance with the provisions of this chapter or rules adopted pursuant to this chapter shall be a sufficient excuse for the failure to produce them.

The superintendent may further order that the accused not accept employment in any state credit union under the superintendent's jurisdiction without the superintendent's prior approval.
- (3) A copy of the order shall be served upon the accused and upon the state credit union affected, at which time the accused shall cease to be an officer, director, employee, or committee member of the state credit union.

 - 2. SUMMARY CEASE AND DESIST ORDER.
- a. (1) If it appears to the superintendent that a state credit union, or any director, officer, employee, or committee member of a state credit union, is engaging in or is about to engage in an unsafe or unsound practice or dishonest act in conducting the business of the state credit union that is likely to cause insolvency or substantial dissipation of assets or earnings of the state credit union, or is likely to seriously weaken the condition of the state credit union or otherwise seriously prejudice the interests of its members, the superintendent may issue an interim summary cease and desist order requiring the state credit union, or any director, officer, employee, or committee member, to cease and desist from any such practice or act, and may take affirmative action, including suspension of the director, officer, employee, or committee member to prevent such insolvency, dissipation, condition, or prejudice.

- (2) The hearing shall be fixed for a date not later than thirty days after service of the interim order unless a later date is set at the request of the party served.
- (3) If the state credit union, or the director, officer, employee, or committee member, fails to appear at the hearing, the state credit union, or the director, officer, employee, or committee member, is deemed to have consented to the issuance of a final cease and desist order.
- (4) In the event of such consent, or if upon the record made at the hearing the superintendent finds that any unsafe or unsound practice or dishonest act specified in the interim order has been established, the superintendent may issue and serve upon the state credit union, or the director, officer, employee, or committee member, a final order to cease and desist from any such practice or act. The order may require the state credit union, or the director, officer, employee, or committee member, to cease and desist from any such practice or act and direct affirmative action, including suspension of the director, officer, employee, or committee member.
- c. (1) A hearing provided for in this section shall be presided over by an administrative law judge appointed in accordance with section 17A.11.
- (2) The hearing shall be private, unless the superintendent determines after full consideration of the views of the party afforded the hearing, that a public hearing is necessary to protect the public interest.
- (3) After the hearing, and within thirty days after the case has been submitted for decision, the superintendent shall review the proposed order of the administrative law judge and render a final decision, including findings of fact upon which the decision is predicated, and issue and serve upon each party to the proceeding an order consistent with this section.
- (4) Records and information relating to the hearing shall be confidential and not subject to subpoena. Such records and information shall not constitute a public record subject to examination or copying under chapter 22.
- d. Any final order issued by the superintendent shall become effective upon service upon the state credit union, director, officer, employee, or committee member.

- 1. The commissioner may, pursuant to chapter 17A, deny any permit <u>license</u> application, or immediately suspend, revoke, or otherwise impose disciplinary action related to any <u>permit license</u> issued under <u>this chapter section 523A.501 or 523A.502</u> for several reasons, including but not limited to:
- a. Committing a fraudulent act, engaging in a fraudulent practice, or violating any provision of this chapter or any implementing rule or order issued under this chapter.
- b. Violating any other state or federal law applicable to the conduct of the applicant's or permit holder's licensee's business.

- d. The permit holder <u>licensee</u>, for the purpose of avoiding the trust requirement for funeral services, attributes amounts paid under the purchase agreement to cemetery merchandise or funeral merchandise that is delivered under section 523A.404 rather than to funeral services sold to the purchaser. The sale of funeral services at a lower price when the sale is made in conjunction with the sale of cemetery merchandise or funeral merchandise to be delivered under section 523A.404 than the services are regularly and customarily sold for when not sold in conjunction with cemetery merchandise or funeral merchandise is evidence that the <u>permitholder licensee</u> is acting with the purpose of avoiding the trust requirement for funeral services under section 523A.201.
- e. Engaging in a deceptive act or practice or deliberately misrepresenting or omitting a material fact regarding the sale of cemetery merchandise, funeral merchandise, funeral services, or a combination thereof under this chapter.
- f. Conviction of a criminal offense involving dishonesty or a false statement <u>including but</u> <u>not limited to fraud, theft, misappropriation of funds, falsification of documents, deceptive acts or practices, or other related offenses.</u>
- g. Inability to provide the cemetery merchandise, funeral merchandise, funeral services, or a combination thereof which the applicant or permit holder licensee purports to sell.

- i. Selling by a person who is not an employee or agent of the applicant or permit holder a licensed sales agent.
- j. The applicant or licensee is named in an order issued pursuant to section 523A.807, subsection 3, paragraph "b".
- 2. The commissioner may, for good cause shown, suspend any permit <u>license</u> for a period not exceeding thirty days, pending investigation.
- 3. Except as provided in subsection 2, a permit <u>license</u> shall not be revoked, suspended, or otherwise be the subject of disciplinary action except after notice and hearing under chapter 17A
- 4. Any permit holder <u>licensee</u> may surrender a <u>permit licensee</u> by delivering to the commissioner written notice that the <u>permit holder licensee</u> surrenders the <u>permit licensee</u>, but the surrender shall not affect the <u>permit holder's licensee's</u> civil or criminal liability for acts committed before the surrender.
- 5. Denial, revocation, suspension, or surrender of a permit <u>license</u> does not impair or affect the obligation of any preexisting lawful agreement between the <u>permit holder licensee</u> and any person.
- 6. The commissioner may impose a civil penalty in an amount not exceeding ten thousand dollars per violation against any person violating this chapter. Each day of a continuing violation constitutes a separate offense.

Sec. 20. NEW SECTION. 523A.504 APPOINTMENT OF SALES AGENTS.

- b. The establishment seller did not deposit funds pursuant to section 523A.201 or withdrew funds in a manner inconsistent with this chapter and the condition of the establishment seller is such that further transaction of business would be hazardous, financially or otherwise, to purchasers or the public.

- a. An order to liquidate the business of an establishment a seller shall appoint the commissioner as liquidator and shall direct the liquidator to immediately take possession of the assets of the establishment seller and to administer them under the general supervision of the court. The liquidator is vested with the title to the property, contracts, and rights of action and the books and records of the establishment seller ordered liquidated, wherever located, as of the entry of the final order of liquidation. The filing or recording of the order with the clerk of court and the recorder of deeds of the county in which its principal office or place of business is located, or in the case of real estate, with the recorder of deeds of the county where the property is located, is notice as a deed, bill of sale, or other evidence of title duly filed or recorded with the recorder of deeds.

After providing notice and hearing as it deems proper, the court may make the declaration.
- e. Within five days after the initiation of an appeal of an order of liquidation, which order has not been stayed, the commissioner shall present for the court's approval a plan for the con-

tinued performance of the establishment's seller's obligations during the pendency of an appeal. The plan shall provide for the continued performance of purchase agreements in the normal course of events, notwithstanding the grounds alleged in support of the order of liquidation including the ground of insolvency. If the defendant establishment's seller's financial condition, in the judgment of the commissioner, will not support the full performance of all obligations during the appeal pendency period, the plan may prefer the claims of certain purchasers and claimants over creditors and interested parties as well as other purchasers and claimants, as the commissioner finds to be fair and equitable considering the relative circumstances of such purchasers and claimants. The court shall examine the plan submitted by the commissioner and if it finds the plan to be in the best interests of the parties, the court shall approve the plan. An action shall not lie against the commissioner or any of the commissioner's deputies, agents, clerks, assistants, or attorneys by any party based on preference in an appeal pendency plan approved by the court.

Amounts so advanced for expenses of administration shall be repaid to the insurance division regulatory fund for the use of the division out of the first available moneys of the establishment seller.
- (6) Collect debts and moneys due and claims belonging to the establishment seller, wherever located. Pursuant to this subparagraph, the liquidator may do any of the following:
- (a) Institute timely action in other jurisdictions to forestall garnishment and attachment proceedings against debts.
- (b) Perform acts as are necessary or expedient to collect, conserve, or protect its assets or property, including the power to sell, compound, compromise, or assign debts for purposes of collection upon terms and conditions as the liquidator deems best.
 - (c) Pursue any creditor's remedies available to enforce claims.
 - (7) Conduct public and private sales of the property of the establishment seller.
- (8) Use assets of the establishment <u>seller</u> under a liquidation order to transfer obligations of purchase agreements to a solvent establishment <u>seller</u>, if the transfer can be accomplished without prejudice to the applicable priorities under subsection 18.
- (9) Acquire, hypothecate, encumber, lease, improve, sell, transfer, abandon, or otherwise dispose of or deal with property of the establishment seller at its market value or upon terms and conditions as are fair and reasonable. The liquidator shall also have power to execute, acknowledge, and deliver deeds, assignments, releases, and other instruments necessary to effectuate a sale of property or other transaction in connection with the liquidation.
- (10) Borrow money on the security of the establishment's seller's assets or without security and execute and deliver documents necessary to that transaction for the purpose of facilitating the liquidation. Money borrowed pursuant to this subparagraph shall be repaid as an administrative expense and shall have priority over any other class 1 claims under the priority of distribution established in subsection 18.
- (11) Enter into contracts as necessary to carry out the order to liquidate and affirm or disavow contracts to which the establishment seller is a party.
- (12) Continue to prosecute and to institute in the name of the establishment seller or in the liquidator's own name any and all suits and other legal proceedings, in this state or elsewhere, and to abandon the prosecution of claims the liquidator deems unprofitable to pursue further.
- (13) Prosecute an action on behalf of the creditors, purchasers, or owners against an officer of the establishment seller or any other person.

- (14) Remove records and property of the establishment <u>seller</u> to the offices of the commissioner or to other places as may be convenient for the purposes of efficient and orderly execution of the liquidation.
- (17) File necessary documents for recording in the office of the recorder of deeds or record office in this state or elsewhere where property of the establishment seller is located.
- (18) Assert defenses available to the <u>establishment seller</u> against third persons including statutes of limitations, statutes of fraud, and the defense of usury. A waiver of a defense by the <u>establishment seller</u> after a petition in liquidation has been filed shall not bind the liquidator.
- Sec. 77. Section 523A.901, subsection 4, paragraph a, subparagraphs (1) and (2), Code 2007, are amended to read as follows:

- a. After issuance of an order appointing a liquidator of an establishment the business of a seller, an action at law or equity shall not be brought against the establishment seller within this state or elsewhere, and existing actions shall not be maintained or further presented after issuance of the order. Whenever in the liquidator's judgment, protection of the estate of the establishment seller necessitates intervention in an action against the establishment seller that is pending outside this state, the liquidator may intervene in the action. The liquidator may defend, at the expense of the estate of the establishment seller, an action in which the liquidator intervenes under this section.
- b. Within two years or such additional time as applicable law may permit, the liquidator, after the issuance of an order for liquidation, may institute an action or proceeding on behalf of the estate of the establishment seller upon any cause of action against which the period of limitation fixed by applicable law has not expired at the time of the filing of the petition upon which the order is entered. If a period of limitation is fixed by agreement for instituting a suit or proceeding upon a claim, or for filing a claim, proof of claim, proof of loss, demand, notice, or the like, or if in a proceeding, judicial or otherwise, a period of limitation is fixed in the proceeding or pursuant to applicable law for taking an action, filing a claim or pleading, or doing an act, and if the period has not expired at the date of the filing of the petition, the liquidator may, for the benefit of the estate, take any action or do any act, required of or permitted to the establishment seller, within a period of one hundred eighty days subsequent to the entry of an order for liquidation, or within a further period as is shown to the satisfaction of the court not to be unfairly prejudicial to the other party.
- c. A statute of limitations or defense of laches shall not run with respect to an action against an establishment a seller between the filing of a petition for liquidation against the establishment business of a seller and the denial of the petition. An action against the establishment seller that might have been commenced when the petition was filed may be commenced within sixty days after the petition is denied.

- Sec. 80. Section 523A.901, subsection 6, paragraph a, Code 2007, is amended to read as follows:

The list shall be amended or supplemented as the liquidator may determine. One copy shall be filed in the office of the clerk of court, and one copy shall be retained for the liquidator's files. Amendments and supplements shall be similarly filed.
- Sec. 81. Section 523A.901, subsection 7, paragraph a, Code 2007, is amended to read as follows:
- a. A transfer made and an obligation incurred by an establishment a seller whose business is within one year prior to the filing of a successful petition for liquidation under this chapter is fraudulent as to then existing and future creditors if made or incurred without fair consideration, or with actual intent to hinder, delay, or defraud either existing or future creditors. A fraudulent transfer made or an obligation incurred by an establishment a seller whose business is ordered to be liquidated under this chapter may be avoided by the liquidator, except as to a person who in good faith is a purchaser, lienor, or obligee for a present fair equivalent value. A purchaser, lienor, or obligee, who in good faith has given a consideration less than present fair equivalent value for such transfer, lien, or obligation, may retain the property, lien, or obligation as security for repayment. The court may, on due notice, order any such transfer, lien, or obligation to be preserved for the benefit of the estate, and in that event, the receiver shall succeed to and may enforce the rights of the purchaser, lienor, or obligee.
- Sec. 82. Section 523A.901, subsection 7, paragraph b, subparagraph (2), Code 2007, is amended to read as follows:
- (2) A transfer of real property is made when it becomes perfected so that a subsequent bona fide purchaser from the establishment seller could not obtain rights superior to the rights of the transferee.
- Sec. 83. Section 523A.901, subsection 8, paragraphs a, b, and c, Code 2007, are amended to read as follows:
- a. After a petition for liquidation has been filed, a transfer of real property of the establishment seller made to a person acting in good faith is valid against the liquidator if made for a present fair equivalent value. If the transfer is not made for a present fair equivalent value, then the transfer is valid to the extent of the present consideration actually paid for which amount the transferee shall have a lien on the property transferred. The commencement of a proceeding in liquidation is constructive notice upon the recording of a copy of the petition for or order of liquidation with the recorder of deeds in the county where any real property in question is located. The exercise by a court of the United States or a state or jurisdiction to authorize a judicial sale of real property of the establishment seller within a county in a state shall not be impaired by the pendency of a proceeding unless the copy is recorded in the county prior to the consummation of the judicial sale.
- b. After a petition for liquidation has been filed and before either the liquidator takes possession of the property of the establishment seller or an order of liquidation is granted:
- (1) A transfer of the property, other than real property, of the <u>establishment seller</u> made to a person acting in good faith is valid against the liquidator if made for a present fair equivalent value. If the transfer was not made for a present fair equivalent value, then the transfer is valid to the extent of the present consideration actually paid for which amount the transferee shall have a lien on the property transferred.
- (2) If acting in good faith, a person indebted to the establishment seller or holding property of the establishment seller may pay the debt or deliver the property, or any part of the property, to the establishment seller or upon the establishment's seller's order as if the petition were not pending.
 - (3) A person having actual knowledge of the pending liquidation is not acting in good faith.

- (4) A person asserting the validity of a transfer under this subsection has the burden of proof. Except as provided in this subsection, a transfer by or on behalf of the establishment seller after the date of the petition for liquidation by any person other than the liquidator is not valid against the liquidator.
- c. A person receiving any property from the <u>establishment seller</u> or any benefit of the property of the <u>establishment seller</u> which is a fraudulent transfer under paragraph "a" is personally liable for the property or benefit and shall account to the liquidator.
- Sec. 84. Section 523A.901, subsection 9, paragraph a, subparagraphs (1) and (2), Code 2007, are amended to read as follows:
- (1) A preference is a transfer of the property of an establishment a seller to or for the benefit of a creditor for an antecedent debt made or suffered by the establishment seller within one year before the filing of a successful petition for liquidation under this chapter, the effect of which transfer may be to enable the creditor to obtain a greater percentage of this debt than another creditor of the same class would receive. If a liquidation order is entered while the establishment seller is already subject to a receivership, then the transfers are preferences if made or suffered within one year before the filing of the successful petition for the receivership, or within two years before the filing of the successful petition for liquidation, whichever time is shorter.
 - (2) A preference may be avoided by the liquidator if any of the following exist:
 - (a) The establishment seller was insolvent at the time of the transfer.
 - (b) The transfer was made within four months before the filing of the petition.
- (c) At the time the transfer was made, the creditor receiving it or to be benefited by the transfer or the creditor's agent acting with reference to the transfer had reasonable cause to believe that the establishment seller was insolvent or was about to become insolvent.
- (d) The creditor receiving the transfer was an officer, or an employee, attorney, or other person who was in fact in a position of comparable influence in the establishment seller to an officer whether or not the person held the position of an officer, owner, or other person, firm, corporation, association, or aggregation of persons with whom the establishment seller did not deal at arm's length.
- Sec. 85. Section 523A.901, subsection 9, paragraph b, subparagraph (2), Code 2007, is amended to read as follows:
- (2) A transfer of real property is made when it becomes perfected so that a subsequent bona fide purchaser from the establishment <u>seller</u> could not obtain rights superior to the rights of the transferee.
- Sec. 86. Section 523A.901, subsection 9, paragraphs e, i, and j, Code 2007, are amended to read as follows:
- e. If a lien which is voidable under paragraph "a", subparagraph (2), has been dissolved by the furnishing of a bond or other obligation, the surety of which has been indemnified directly or indirectly by the transfer or the creation of a lien upon property of an establishment a seller before the filing of a petition under this chapter which results in the liquidation order, the indemnifying transfer or lien is also voidable.
- i. If a creditor has been preferred for property which becomes a part of the <u>establishment's seller's</u> estate, and afterward in good faith gives the <u>establishment seller</u> further credit without security of any kind, the amount of the new credit remaining unpaid at the time of the petition may be set off against the preference which would otherwise be recoverable from the creditor.
- j. If within four months before the filing of a successful petition for liquidation under this chapter, or at any time in contemplation of a proceeding to liquidate, an establishment a seller, directly or indirectly, pays money or transfers property to an attorney for services rendered or to be rendered, the transaction may be examined by the court on its own motion or shall be examined by the court on petition of the liquidator. The payment or transfer shall be held valid only to the extent of a reasonable amount to be determined by the court. The excess may be

recovered by the liquidator for the benefit of the estate. However, where the attorney is in a position of influence in the establishment business of the seller or an affiliate, payment of any money or the transfer of any property to the attorney for services rendered or to be rendered shall be governed by the provisions of paragraph "a", subparagraph (2), subparagraph subdivision (d).

- Sec. 87. Section 523A.901, subsection 9, paragraph k, subparagraphs (1) and (2), Code 2007, are amended to read as follows:
- (1) An officer, manager, employee, shareholder, subscriber, attorney, or other person acting on behalf of the <u>establishment seller</u> who knowingly participates in giving any preference when the person has reasonable cause to believe the <u>establishment seller</u> is or is about to become insolvent at the time of the preference is personally liable to the liquidator for the amount of the preference. There is an inference that reasonable cause exists if the transfer was made within four months before the date of filing of this successful petition for liquidation.
- (2) A person receiving property from the establishment <u>seller</u> or the benefit of the property of the establishment <u>seller</u> as a preference voidable under paragraph "a" is personally liable for the property and shall account to the liquidator.
- Sec. 88. Section 523A.901, subsection 13, paragraph d, Code 2007, is amended to read as follows:
- d. A judgment or order against <u>an establishment a seller</u> entered after the date of filing of a successful petition for liquidation, or a judgment or order against the <u>establishment seller</u> entered at any time by default or by collusion need not be considered as evidence of liability or of the amount of damages. A judgment or order against <u>an establishment a seller</u> before the filing of the petition need not be considered as evidence of liability or of the amount of damages.
 - Sec. 89. Section 523A.901, subsection 16, Code 2007, is amended to read as follows:
- 16. CLAIMS OF OTHER PERSON. If a creditor, whose claim against an establishment a seller is secured in whole or in part by the undertaking of another person, fails to prove and file that claim, then the other person may do so in the creditor's name and shall be subrogated to the rights of the creditor, whether the claim has been filed by the creditor or by the other person in the creditor's name to the extent that the other person discharges the undertaking. However, in the absence of an agreement with the creditor to the contrary, the other person is not entitled to any distribution until the amount paid to the creditor on the undertaking plus the distributions paid on the claim from the establishment's seller's estate to the creditor equal the amount of the entire claim of the creditor. An excess received by the creditor shall be held by the creditor in trust for the other person.
- Sec. 90. Section 523A.901, subsection 18, unnumbered paragraph 1, Code 2007, is amended to read as follows:

The priority of distribution of claims from the <u>establishment's seller's</u> estate shall be in accordance with the order in which each class of claims is set forth. Claims in each class shall be paid in full or adequate funds retained for the payment before the members of the next class receive any payment. Subclasses shall not be established within a class. The order of distribution of claims is as follows:

- Sec. 91. Section 523A.901, subsection 18, paragraph a, subparagraph (1), Code 2007, is amended to read as follows:

- Sec. 92. Section 523A.901, subsection 19, paragraph a, Code 2007, is amended to read as follows:
 - a. The liquidator shall review claims duly filed in the liquidation and shall make further in-

vestigation as necessary. The liquidator may compound, compromise, or in any other manner negotiate the amount for which claims will be recommended to the court except where the liquidator is required by law to accept claims as settled by a person or organization. Unresolved disputes shall be determined under subsection 15. As soon as practicable, the liquidator shall present to the court a report of the claims against the establishment seller with the liquidator's recommendations. The report shall include the name and address of each claimant and the amount of the claim finally recommended.

- Sec. 93. Section 523A.901, subsection 21, paragraph b, Code 2007, is amended to read as follows:
- b. Funds withheld under subsection 14 and not distributed shall upon discharge of the liquidator be deposited with the treasurer of state and paid pursuant to subsection 18. In nonpartisan elections the election officials delivering the ballots are not required to be members of any political party, or to be members of different political parties.

2. 1. After the record required by subsection 1 has been made, the ballot container shall be opened. If any ballot is found damaged or defective, so that it cannot be counted properly by the automatic tabulating equipment, a true duplicate shall be made by the resolution board team and substituted for the damaged or defective ballot, or, as an alternative, the valid votes on a defective ballot may be manually counted at the counting center by the resolution special precinct election board, whichever method is best suited to the system being used. All duplicate ballots shall be clearly labeled as such, and shall bear a serial number which shall also be recorded on the damaged or defective ballot.

The resolution special precinct election board shall also tabulate any write-in votes which were cast. Write-in votes cast for a candidate whose name appears on the ballot for the same office shall be counted as a vote for the candidate indicated, if the vote is otherwise properly cast.

Ballots which are rejected by the tabulating equipment as blank because they have been marked with an unreadable marker shall be duplicated or tabulated as required by this subsection for damaged or defective ballots. The commissioner may instruct the resolution special precinct election board to mark over voters' unreadable marks using a marker compatible with the tabulating equipment. The resolution special precinct election board shall take care to leave part of the original mark made by the voter. If it is impossible to mark over the original marks made by the voter without completely obliterating them, the ballot shall be duplicated.

- 3. 2. The record printed by the automatic tabulating equipment, with the addition of a record of any write-in or other votes manually counted pursuant to this chapter, shall constitute the official return of the <u>absentee ballot and special voter's</u> precinct. Upon completion of the tabulation of the votes from each individual precinct, the result shall be announced and reported in substantially the manner required by section 50.11.
- 4. 3. If for any reason it becomes impracticable to count all or any part of the ballots with the automatic tabulation tabulating equipment, the commissioner may direct that they be counted manually, in accordance with chapter 50 so far as applicable.

Sec. 40. Section 331.383, Code 2007, is amended to read as follows: 331.383 DUTIES AND POWERS RELATING TO ELECTIONS.

voting system as provided in sections 52.2, 52.3, <u>and</u> 52.8, and 52.34, and exercise other election powers as provided by state law.

 - (1) Voting machines or an electronic optical scan voting system.
- Sec. 42. Section 364.2, subsection 4, paragraph b, Code 2007, is amended to read as follows:
- b. Such an ordinance shall not become effective unless approved at an election. The proposal may be submitted by the council on its own motion to the voters at any city election. Upon receipt of a valid petition as defined in section 362.4 requesting that a proposal be submitted to the voters, the council shall submit the proposal at the next regular city election or at a special election called for that purpose before the next regular city election. However, the city council may dispense with such election as to the grant, amendment, extension, or renewal of an electric light and power, heating, or gasworks franchise unless there is a valid petition requesting submission of the proposal to the voters, or the party seeking such franchise, grant, amendment, extension, or renewal requests an election. If a majority of those voting approves the proposal, the city may proceed as proposed. The complete text of the ordinance shall be included on the ballot if conventional paper ballots are used. Any action by a political subdivision with respect to amendments to the national electrical code shall be filed with the board prior to enforcement by the political subdivision, and shall not be less stringent than the minimum standards established by the board by rule.
- 6. A political subdivision may grant a variance or interpret the national electrical code in a manner which deviates from a standard interpretation on an exception basis for a one-time installation or planned installation so long as such a variance or interpretation does not present an electrical hazard or danger to life or property.

Sec. 40. NEW SECTION. 103.30 INSPECTIONS NOT REQUIRED.

Nothing in this chapter shall be construed to require the work of employees of municipal corporations, railroads, electric membership or cooperative associations, public utility corporations, rural water associations or districts, or telecommunications systems to be inspected while acting within the scope of their employment.

CHESTER J. CULVER, Governor

Dear Mr. Secretary:

I hereby transmit Senate File 403, an Act addressing financial and regulatory matters by mak-

ing and revising appropriations, providing for properly related matters, and providing effective dates.

Senate File 403 is approved on this date, with the exceptions noted below, which I hereby disapprove.

I am unable to approve the item designated as Section 26 in its entirety, which provides a standing limited General Fund appropriation of \$160,000 to fund the operational expenses of the Real Estate Education Program at the University of Northern Iowa. Funding the day-to-day expenses of this program with a standing appropriation effectively removes this function from annual oversight by the Governor, the Board of Regents and the Legislature. I recommend that the Board of Regents or the presidents of the Iowa community colleges provide funding for this program from the General Fund appropriations for their operating budgets if the Real Estate Education Fund is insufficient to cover the expansion of this program contained in other sections of Division VII of Senate File 403 and if the program fits within the mission of the respective institution.

Finally, I am unable to approve the item designated as Division VIII in its entirety, including Sections 30, 31, 32, 33, 34, 35, 36, 37 and 38. This division deals with the Executive Branch's authority to dispose of real property with a fair market value of at least \$5,000,000 and imposes an additional requirement that such transactions must be approved by not only the Governor but also by a majority of each House of the General Assembly. It imposes an unnecessary legislative requirement on the Executive Branch's authority to manage state property in the best interests of the State and could, for instance, adversely affect the timing of certain transactions for the Department of Transportation and the Department of Natural Resources. For this reason, these sections of this division are unacceptable.

For the above reasons, I respectfully disapprove of the designated items in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in Senate File 403 are hereby approved this date.

Sincerely, CHESTER J. CULVER, Governor

- 1. The director of a department or state agency to which appropriations are made pursuant to the provisions of this Act shall assess the extent to which job classifications or individual employment positions with the department or agency might be effectively performed from an employee's residence or other remote location through telecommuting, thereby increasing office space within the department or agency and reducing administrative costs. The assessment shall include an estimate of the number of department or agency employees whose job responsibilities could be effectively performed on a telecommuting basis, projected costs of establishing and maintaining work stations at an employee's residence or other remote location and providing telecommuter support, anticipated savings to the department or agency through a reduction in the office-based workforce, and anticipated time and cost savings to telecommuting employees. CHESTER J. CULVER, Governor

Dear Mr. Secretary:

I hereby transmit Senate File 551, an Act relating to and making appropriations involving state government, by providing for agriculture, natural resources, and environmental protection. Senate File 551 is approved on this date, with the exception noted below, which I hereby disapprove.

I am unable to approve the item designated as Division XII, Section 50 in its entirety. This provision requires the director of a department or state agency included in Senate File 551 to examine employee telecommuting options, develop a telecommuter employment policy, and implement a plan designed to increase the number of telecommuting employees. Many departments maintain employee telecommuting policies currently. These policies and procedures have been in place for several years and are well established. The designated language

^{*} Item veto; see message at end of the Act

in Section 50 directing a department or state agency to conduct an assessment of its telecommuting policy is duplicative and unnecessary and introduces a legislatively mandated management process into what is appropriately an executive branch decision. I will direct the Department of Administrative Services and the Department of Management to review the current state government telecommuting policy and make recommendations for any improvements as part of our overall executive branch strategic planning process.

For the above reasons, I respectfully disapprove of the designated item in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in Senate File 551 are hereby approved this date.

Sincerely, CHESTER J. CULVER, Governor

CHESTER J. CULVER, Governor

Dear Mr. Secretary:

I hereby transmit Senate File 562, an Act relating to and making appropriations to the Department of Cultural Affairs, the Department Of Economic Development, certain Board of Regents Institutions, the Department of Workforce Development, the Iowa Finance Authority, and the Public Employment Relations Board and related matters. Senate File 562 is approved on this date, with the exception noted below, which I hereby disapprove.

I am unable to approve the item designated as Section 26 in its entirety. This provision requires the directors of a department or state agency included in Senate File 562 to examine employee telecommuting options, develop telecommuter employment policies, and implement plans designed to increase the number of telecommuting employees. Many departments maintain employee telecommuting policies currently. These policies and procedures have been in place for several years and are well established. The designated language in Section 26 directing a department or state agency to conduct an assessment of its telecommuting policy is duplica-

tive and unnecessary and introduces a legislatively mandated management process into what is appropriately an executive branch decision. I will direct the Department of Administrative Services and the Department of Management to review the current state government telecommuting policy and make recommendations for any improvements as part of our overall executive branch strategic planning process.

For the above reasons, I respectfully disapprove the designated item in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in Senate File 562 are hereby approved this date.

Sincerely, CHESTER J. CULVER, Governor

CHESTER J. CULVER, Governor

Dear Mr. Secretary:

I hereby transmit Senate File 575, an Act relating to and making appropriations to the justice system. Senate File 575 is approved on this date, with the exception noted below, which I hereby disapprove.

I am unable to approve the item designated as Section 20 in its entirety. This provision requires the director of a department or a state agency included in Senate File 575 to examine employee

telecommuting options, develop a telecommuter employment policy, and implement a plan designed to increase the number of telecommuting employees. Many departments maintain employee telecommuting policies currently. These policies and procedures have been in place for several years and are well established. The designated language in Section 20 directing a department or state agency to conduct an assessment of its telecommuting policy is duplicative and unnecessary and introduces a legislatively mandated management process into what is appropriately an executive branch decision. I will direct the Department of Administrative Services and the Department of Management to review the current state government telecommuting policy and make recommendations for any improvements as part of our overall executive branch strategic planning process.

For the above reasons, I respectfully disapprove of the designated item in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in Senate File 575 are hereby approved this date.

Sincerely, CHESTER J. CULVER, Governor

Failure of the employee to disclose this occurrence or failure of the school official responsible for determining teaching assignments to make appropriate adjustments to the employee's teaching assignment once the employee discloses the occurrence shall constitute an incident of misconduct as provided in section 272.2, subsection 14, and is actionable by the board. If the school official fails to make appropriate adjustments to the teaching assignment once disclosure by the employee is made, the employee shall report this occurrence to the department or to the board for further action.

Approved May 29, 2007, with exceptions noted.

Dear Mr. Secretary:

I hereby transmit Senate File 588, an Act relating to the funding of, the operation of, and appropriation of moneys to the college student aid commission, the department for the blind, the department of education, and the state board of regents, providing for related matters concerning the Iowa learning technology commission, providing for a related matter concerning participation in an instructional support program by school districts, and providing effective dates. Senate File 588 is approved on this date, with the exceptions noted below, which I hereby disapprove.

I am unable to approve the item designated as Section 5 in its entirety. Iowa Code §261.20 states that the moneys in the Scholarship and Grant Reserve Fund shall only be used to alleviate a current fiscal year shortfall in appropriations for scholarship or tuition grant programs that have the same nature as the programs for which the moneys were originally appropriated. There is not a state student-aid program that serves barber schools and schools of cosmetology arts. Therefore, an allocation from the reserve fund for this purpose does not meet the requirements as defined in Iowa Code §261.20.

I am unable to approve the item designated as Section 15 in its entirety. This provision requires the director of a department or state agency included in Senate File 588 to examine employee telecommuting options, develop telecommuter employment policies, and implement plans designed to increase the number of telecommuting employees. Many departments and agencies maintain employee telecommuting policies currently. These policies and procedures have been in place for several years and are well established. The designated language in Section 15 directing a department or state agency to conduct assessments of its telecommuting policy is duplicative and unnecessary and introduces a legislatively mandated management process into what is appropriately an executive branch decision. I will direct the Department of Administrative Services and the Department of Management to review the current state government telecommuting policy and make recommendations for any improvements as part of our overall executive branch strategic planning process.

For the above reasons, I respectfully disapprove of the designated items in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in Senate File 588 are hereby approved this date.

Sincerely, CHESTER J. CULVER, Governor

CHESTER J. CULVER, Governor

Dear Mr. Secretary:

I hereby transmit Senate File 601, an Act relating to state and local finances by providing for funding of property tax credits and reimbursements, by making, increasing and reducing appropriations, providing for salaries and compensation of state employees, providing for tax credits, providing for fees and penalties, and providing for properly related matters, and including effective date provisions. Senate File 601 is approved this date, with the exceptions noted below, which I hereby disapprove.

I am unable to approve the item designated as Section 28 in its entirety. I am unable to approve this item because it requires the Supreme Court to submit a detailed listing of requested increases in salaries of all judges and magistrates annually before December 1. This designated language runs counter to budget guidelines which ask that departments or agencies not include salary increases in their budget requests. Furthermore, this provision could impact the collective-bargaining process by requiring the Supreme Court to submit salary changes prior to the completion of collective bargaining.

I am unable to approve the item designated as Section 42 in its entirety. This provision appropriates \$150,000 from the General Fund for a Fiscal Year 2007 supplemental appropriation to the Department of Natural Resources for a feasibility study on the use of plasma arc technology for the disposal of solid waste. I recommend that an application for funds for such a study be made through the Iowa Power Fund because it is important to determine the feasibility of plasma arc technology. The Iowa Power Fund Board needs to provide the proper due diligence to review this and other technologies to fulfill its mission to expand sources of alternative energy.

I am unable to approve the item designated as Section 43 in its entirety. This provision requires the director of a department or state agency who is subject to a requirement to develop a telecommuter employment policy to also develop such a policy and plans in conjunction with representatives of the collective bargaining units of the affected employees. Departmental telecommuting policies and procedures have been in place for several years and are well established. I will direct the Department of Administrative Services and the Department of Management to review the current state government telecommuting policy and make recommendations for any improvements as part of our overall executive branch strategic planning process.

I am unable to approve the item designated as Section 48 in its entirety. This provision increases the Department of Transportation's operations budget by \$16,800. This additional funding is no longer needed by the Department of Transportation.

I am unable to approve the item designated as Section 49 in its entirety. This provision increases the appropriation for the Department of Transportation's operations budget by \$103,200. This additional funding is no longer needed by the Department of Transportation.

⁶⁶ Chapter 41 herein

⁶⁷ Chapter 30 herein

I am unable to approve the item designated as Section 56 in its entirety. This provision creates a standing appropriation for the World Food Prize of \$1,000,000 annually. While I strongly support the World Food Prize, I do not believe this appropriation should be a standing appropriation not subject to annual review. This appropriation should be reviewed annually during the budgetary process. Further, I would encourage greater private sector contributions for this program.

I am unable to approve the item designated as Section 57 in its entirety. This provision statutorily creates the World Food Prize Youth Institute. While I strongly support this program, it is already in existence and does not need to receive statutory commitment.

I am unable to approve the item designated as Section 59 in its entirety. This designated provision expands the Community Attraction and Tourism Program from Fiscal Year 2011 through Fiscal Year 2013 and raises the maximum multi-year commitment to an applicant from \$4 million to \$6 million. Despite this designated language, the Community Attraction and Tourism Program is still authorized for another three years with a total remaining appropriation of \$36 million. I strongly support attracting tourism to our state and want to work with community and business leaders and the Legislature to develop improvements to this program or create a new program before the current program expires in Fiscal Year 2010. I am unable to support a new commitment for additional out-year spending until I have been able to evaluate this program more fully. Furthermore, I do not believe the maximum multi-year commitment to an applicant should be increased because it would reduce the number of projects and communities that can participate in this program.

I am unable to approve the item designated as Section 80 in its entirety. This provision specifies that the reimbursement rate for use of personal vehicles while on state business must fall within a range of not less than 90.0% or more than 110.0% of the maximum allowable under the federal Internal Revenue Service rules. I believe the authority to determine this rate should remain with the Director of the Department of Administrative Services, and this language would establish a large unfunded mandate on state agencies. I also do not want to set the precedent of making a statutory tie to federal rates and remove this matter from the discretion of the Department of Administrative Services. I recognize the impact that rising fuel costs have on state government employees, and I will direct the Director of the Department of Administrative Services to develop more effective policies to encourage state government employees to use fuel-efficient state vehicles more frequently.

For the above reasons, I respectfully disapprove of the designated items in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in Senate File 601 are hereby approved this date.

Sincerely, CHESTER J. CULVER, Governor

*Sec. 3. STATE EMPLOYEE TELECOMMUTING — POLICY DEVELOPMENT — IMPLEMENTATION.

- 1. The director of a department or state agency to which appropriations are made pursuant to the provisions of this Act shall assess the extent to which job classifications or individual employment positions with the department or agency might be effectively performed from an employee's residence or other remote location through telecommuting, thereby increasing office space within the department or agency and reducing administrative costs. The assessment shall include an estimate of the number of department or agency employees whose job responsibilities could be effectively performed on a telecommuting basis, projected costs of establishing and maintaining work stations at an employee's residence or other remote location and providing telecommuter support, anticipated savings to the department or agency through a reduction in the office-based workforce, and anticipated time and cost savings to telecommuting employees. A report summarizing the assessment shall be submitted to the director of the department of administrative services, and the members of the general assembly, by November 1, 2007.
- 2. Based on the assessment conducted pursuant to subsection 1, the director shall develop a telecommuter employment policy for the department or agency and a timeline for initial policy implementation and plans for expanding the number of telecommuting employees. Specific office-based workforce reduction percentages shall be left to the discretion of the director, but the director shall implement a policy transferring some number of office-based employees to telecommuter status by January 1, 2008. The director shall report to the director of the department of administrative services and the members of the general assembly on an annual basis beginning January 1, 2009, the number of telecommuting employees, cost savings achieved by the department or agency, and plans for continued transfer of office-based employees to telecommuter status.*

Approved May 29, 2007, with exception noted.

CHESTER J. CULVER, Governor

Dear Mr. Secretary:

I hereby transmit House File 752, an Act making transportation and other infrastructurerelated appropriations to the Department of Transportation. House File 752 is approved on this date, with the exception noted below, which I hereby disapprove.

I am unable to approve the item designated as Section 3 in its entirety. This provision requires the director of a department or state agency included in House File 752 to examine employee telecommuting options, develop a telecommuter employment policy, and implement a plan designed to increase the number of telecommuting employees. Many departments currently maintain employee telecommuting policies. These policies and procedures have been in place for several years and are well established. The designated language in Section 3 directing a

department or state agency to conduct an assessment of its telecommuting policy is duplicative and unnecessary and introduces a legislatively mandated management process into what is appropriately an executive branch decision. I will direct the Department of Administrative Services and the Department of Management to review the current state government telecommuting policy and make recommendations for any improvements as part of our overall executive branch strategic planning process.

For the reasons above, I respectfully disapprove of the designated item in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in House File 752 are hereby approved this date.

Sincerely, CHESTER J. CULVER, Governor

- 1. The director of a department or state agency to which appropriations are made pursuant to the provisions of this Act shall assess the extent to which job classifications or individual employment positions with the department or agency might be effectively performed from an employee's residence or other remote location through telecommuting, thereby increasing office space within the department or agency and reducing administrative costs. Sec. 26. EFFECTIVE DATE. Approved May 29, 2007, with exceptions noted.

CHESTER J. CULVER, Governor

Dear Mr. Secretary:

I hereby transmit House File 874, an Act relating to and making appropriations to certain state departments, agencies, funds, and certain other entities and providing an effective date. House File 874 is approved on this date, with the exceptions noted below, which I hereby disapprove.

I am unable to approve the designated portion of Section 19, subsection 1, unnumbered paragraph 2. This paragraph exempts the Office of the Secretary of State from paying State departments and State agencies for data processing services. There have been occasions in the past where the State has assisted with the development of electronic voter registration file maintenance projects. These projects have been completed and, therefore, this language is no longer needed. If a State agency or department performs a service for the Secretary of State, it should be adequately compensated.

I am unable to approve the item designated as Section 25 in its entirety. This provision requires all the directors of a department or state agency in House File 874 to examine employee tele-

commuting options, develop a telecommuter employment policy and implement a plan designed to increase the number of telecommuting employees. Many departments maintain employee telecommuting policies currently. These policies and procedures have been in place for several years and are well established. The designated language in Section 25 directing a department or agency to conduct an assessment of its telecommuting policy is duplicative and unnecessary and introduces a legislatively mandated management process into what is appropriately an executive branch decision. I will direct the Department of Administrative Services and the Department of Management to review the current state government telecommuting policy and make recommendations for any improvements as part of our overall executive branch strategic planning process.

For the above reasons, I respectfully disapprove of the designated items in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in House File 874 are hereby approved this date.

Sincerely, CHESTER J. CULVER, Governor

 - a. For the purposes of this subsection, unless the context otherwise requires;
- (1) "Net expenditure amount" means a county's gross expenditures from the services fund for a fiscal year as adjusted by subtracting all services fund revenues for that fiscal year that are received from a source other than property taxes, as calculated on a modified accrual basis.
- (2) "Services "services fund" means a county's mental health, mental retardation, and developmental disabilities services fund created in section 331.424A.
- b. A risk pool is created in the property tax relief fund. The pool shall consist of the moneys credited to the pool by law.
- c. A risk pool board is created. The board shall consist of two county supervisors, two county auditors, a member of the mental health, mental retardation, developmental disabilities, and brain injury commission who is not a member of a county board of supervisors, a member of the county finance committee created in chapter 333A who is not an elected official, a representative of a provider of mental health or developmental disabilities services selected from nominees submitted by the Iowa association of community providers, and two central point of coordination process administrators, all appointed by the governor, and one member appointed by the director of human services. All members appointed by the governor shall be subject to confirmation by the senate. Members shall serve for three-year terms. A vacancy shall be filled in the same manner as the original appointment. Expenses and other costs of the risk pool board members representing counties shall be paid by the county of origin. Expenses and other costs of risk pool board members who do not represent counties shall be paid from a source determined by the governor. Staff assistance to the board shall be provided by the department of human services and counties. Actuarial expenses and other direct administrative costs shall be charged to the pool.
- d. (1) A county must apply to the <u>risk pool</u> board for assistance from the risk pool on or before January 25 to cover an unanticipated net expenditure amount in excess of the county's current fiscal year budgeted net expenditure amount for the county's services fund. The risk pool board shall make its final decisions on or before February 25 regarding acceptance or rejection of the applications for assistance and the total amount accepted shall be considered obligated. For purposes of applying for risk pool assistance and for repaying unused risk pool assistance, the current fiscal year budgeted net expenditure amount shall be deemed to be the higher of either the budgeted net expenditure amount in the management plan approved under section 331.439 for the fiscal year in which the application is made or the prior fiscal year's net expenditure amount.
- (2) <u>e.</u> Basic eligibility for risk pool assistance shall require a projected net expenditure amount in excess of the sum of one hundred five percent of the county's current fiscal year budgeted net expenditure amount and any amount of the county's prior fiscal year ending fund balance in excess of twenty-five percent of the county's gross expenditures from the services fund in the prior fiscal year. However, if a county's services fund ending balance in the previous fiscal year was less than ten percent of the amount of the county's gross expenditures from the services fund for that fiscal year and the county has a projected net expenditure amount for the current fiscal year that is in excess of one hundred one percent of the budgeted net expenditure amount for the current fiscal year, the county shall be considered to have met the basic eligibility requirement and is qualified for risk pool assistance. requires that a county meet all of the following conditions:
 - (1) The county is in compliance with the requirements of section 331.439.

- (2) The county levied the maximum amount allowed for the county's services fund under section 331.424A for the fiscal year of application for risk pool assistance.
- (3) At the close of the fiscal year that immediately preceded the fiscal year of application, the county's services fund ending balance under generally accepted accounting principles was equal to or less than twenty percent of the county's actual gross expenditures for that fiscal year.
- (3) <u>f.</u> The board shall review the fiscal year-end financial records for all counties that are granted risk pool assistance. If the board determines a county's actual need for risk pool assistance was less than the amount of risk pool assistance granted to the county, the county shall refund the difference between the amount of assistance granted and the actual need. The county shall submit the refund within thirty days of receiving notice from the board. Refunds shall be credited to the risk pool. The mental health, mental retardation, developmental disabilities, and brain injury commission shall adopt rules pursuant to chapter 17A providing criteria for the purposes of this lettered paragraph and as necessary to implement the other provisions of this subsection.
- (4) A county receiving risk pool assistance in a fiscal year in which the county did not levy the maximum amount allowed for the county's services fund under section 331.424A shall be required to repay the risk pool assistance during the two succeeding fiscal years. The repayment amount shall be limited to the amount by which the actual amount levied was less than the maximum amount allowed, with at least fifty percent due in the first succeeding fiscal year and the remainder due in the second succeeding fiscal year.
- (5) g. The board shall determine application requirements to ensure prudent use of risk pool assistance. The board may accept or reject an application for assistance in whole or in part. The decision of the board is final.
- (6) h. The total amount of risk pool assistance shall be limited to the amount available in the risk pool for a fiscal year. If the total amount of eligible assistance exceeds the amount available in the risk pool, the amount of assistance paid shall be prorated among the counties eligible for assistance. Moneys remaining unexpended or unobligated in the risk pool following the risk pool board's decisions made pursuant to subparagraph (1) shall be distributed to the counties eligible to receive funding from the allowed growth factor adjustment appropriation for the fiscal year using the distribution methodology applicable to that appropriation. Any unobligated balance in the risk pool at the close of a fiscal year shall remain in the risk pool for distribution in the succeeding fiscal year.
- e. i. A county may apply for preapproval for risk pool assistance based upon an individual who has an unanticipated disability condition with an exceptional cost and the individual is either new to the county's service system or the individual's unanticipated disability condition is new to the individual. A county may submit a preapproval application beginning on July 1 for the fiscal year of submission and the risk pool board shall notify the county of the risk pool board's decision concerning the application within forty-five days of receiving the application. Whether for a preapproval or regular application, risk pool assistance shall only be made available to address one or more of the following circumstances:
 - (1) Continuing support for mandated services.
- (2) Avoiding the need for reduction or elimination of critical services when the reduction or elimination places consumers' health or safety at risk.
- (3) Avoiding the need for reduction or elimination of critical emergency services when the reduction or elimination places the public's health or safety at risk.
- (4) Avoiding the need for reduction or elimination of the services or other support provided to entire disability populations.
- (5) Avoiding the need for reduction or elimination of services or other support that maintain consumers in a community setting, creating a risk that the consumers would be placed in more restrictive, higher cost settings.
- f. j. The Subject to the amount available and obligated from the risk pool for a fiscal year, the department of human services shall annually calculate the amount of moneys due to eligible counties in accordance with the board's decisions and that amount is appropriated from

the risk pool to the department for payment of the moneys due. The department shall authorize the issuance of warrants payable to the county treasurer for the amounts due and the warrants shall be issued before the close of the fiscal year.

- g. k. On or before March 1 and September 1 of each fiscal year, the department of human services shall provide the risk pool board with a report of the financial condition of each funding source administered by the board. The report shall include but is not limited to an itemization of the funding source's balances, types and amount of revenues credited, and payees and payment amounts for the expenditures made from the funding source during the reporting period.
- l. If the board has made its decisions but has determined that there are otherwise qualifying requests for risk pool assistance that are beyond the amount available in the risk pool fund for a fiscal year, the board shall compile a list of such requests and the supporting information for the requests. The list and information shall be submitted to the mental health, mental retardation, developmental disabilities, and brain injury commission, the department of human services, and the general assembly.
- Sec. 90. INFORMATION TECHNOLOGY. The department of human services shall meet with the Iowa state association of counties to develop a joint proposal addressing the information technology needed for counties to comply with the data reporting requirements applicable under this division. The joint proposal shall be submitted to the chairpersons and ranking members of the general assembly's committees on human resources and the joint appropriations subcommittee on health and human services by November 15, 2007.

The delay authority provided to the administrative rules review committee under section 17A.4, subsection 5, and section 17A.8, subsection 9, shall be applicable to a delay imposed under this section, notwithstanding a provision in those sections making them inapplicable to section 17A.5, subsection 2, paragraph "b". Any rules adopted in accordance with the provisions of this section shall also be published as notice of intended action as provided in section 17A.4.
- Sec. 92. EFFECTIVE DATE RETROACTIVE APPLICABILITY. A county that has not submitted the data specified in section 225C.6A for the preceding fiscal year as of the effective date of this division, shall submit the data within twenty-five business days of the effective date of the rules adopted to implement the provisions of this division. Unless the department approves an exception for good cause, if a county does not submit the data specified within the required time period, the county is subject to withholding of the county's state payment for property tax relief and allowed growth factor adjustment for the fiscal year beginning July 1, 2007.

DIVISION V MENTAL HEALTH SERVICES SYSTEM IMPROVEMENT

- Sec. 93. <u>NEW SECTION</u>. 225C.6B MENTAL HEALTH SERVICES SYSTEM IMPROVE-MENT — LEGISLATIVE INTENT — PLANNING AND IMPLEMENTATION.
 - 1. INTENT.
- a. The general assembly intends for the state to implement a comprehensive, continuous, and integrated state mental health services plan in accordance with the requirements of sec-

tions 225C.4 and 225C.6 and other provisions of this chapter, by increasing the department's responsibilities in the development, funding, oversight, and ongoing leadership of mental health services in this state.

- b. In order to further the purposes listed in sections 225C.1 and 225C.27 and in other provisions of this chapter, the general assembly intends that efforts focus on the goal of making available a comprehensive array of high-quality, evidence-based consumer and family-centered mental health services and other support in the least restrictive, community-based setting appropriate for a consumer.
- c. In addition, it is the intent of the general assembly to promote policies and practices that achieve for consumers the earliest possible detection of mental health problems and early intervention; to stress that all health care programs address mental health disorders with the same urgency as physical health disorders; to promote the policies of all public programs that serve adults and children with mental disorders, including but not limited to child welfare, Medicaid, education, housing, criminal and juvenile justice, substance abuse treatment, and employment services; to consider the special mental health needs of adults and children; and to promote recovery and resiliency as expected outcomes for all consumers.
- 2. PLANNING AND IMPLEMENTATION. In order to build upon the partnership between the state and counties in providing mental health and disability services in the state, the workgroups established for purposes of this subsection shall engage equal proportions representing the department, counties, and service providers. The county and provider representatives shall be appointed by the statewide associations representing counties and community providers. In addition, each workgroup shall include a representative of the commission, the mental health planning and advisory council, consumers, and a statewide advocacy organization. A workgroup shall be established for each of the following tasks provided for in this subsection: alternative distribution formulas, community mental health center plan, core mental health services, and the two comprehensive plan items. The division shall perform all of the following tasks in taking steps to improve the mental health services system for adults and children in this state:
- a. ALTERNATIVE DISTRIBUTION FORMULAS. Identify alternative formulas for distributing mental health, mental retardation, and developmental disabilities allowed growth factor adjustment funding to counties. The alternative formulas shall provide methodologies that, as compared to the current methodologies, are more readily understood, better reflect the needs for services, respond to utilization patterns, acknowledge historical county spending, and address disparities in funding and service availability. The formulas shall serve to strengthen the partnership between the department and counties in the state's services system. The division may engage assistance from expert consultants with experience with funding allocation systems as necessary to evaluate options. The department shall report with findings and recommendations to the commission on or before November 1, 2007, and shall review and make recommendations to the department on or before December 1, 2007. The department shall submit the final report to the chairpersons and ranking members of the general assembly's committees on human resources and the joint appropriations subcommittee on health and human services, and to associated legislative staff, on or before January 31, 2008.
- b. COMMUNITY MENTAL HEALTH CENTER PLAN. Prepare a phased plan for increasing state responsibility for and oversight of mental health services provided by community mental health centers and the providers approved to fill the role of a center. The plan shall provide for an initial implementation date of July 1, 2008. The plan shall be submitted to the commission on or before October 1, 2007. The commission shall review the plan and provide comments to the department on or before November 1, 2007.  - c. CORE MENTAL HEALTH SERVICES. Identify core mental health services to be offered

in each area of the state by community mental health centers and core services agency providers. The workgroup for this task shall be established no later than August 1, 2007. The core services shall be designed to address the needs of target populations identified by the workgroup and the services may include but are not limited to emergency services, school-based mental health services, short-term counseling, prescreening for those subject to involuntary treatment orders, and evidence-based practices. The division shall submit to the commission on or before October 1, 2007, proposed administrative rules and legislation to amend chapter 230A as necessary to implement the core services beginning July 1, 2008. The commission shall review and revise the proposed administrative rules and shall adopt the administrative rules after the general assembly has reviewed and approved the proposal. The proposals shall be submitted to the general assembly for review on or before January 31, 2008.

- d. MENTAL HEALTH AND CORE SERVICE AGENCY STANDARDS AND ACCREDITATION. Identify standards for accreditation of core services agencies that are not a community mental health center but may serve as a provider approved to fill the role of a center. Such core services agencies could be approved to provide core mental health services for children and adults on a regional basis. The standards shall be submitted to the commission for review and recommendation on or before December 1, 2007, and to the governor and general assembly on or before January 31, 2008.
- e. CO-OCCURRING DISORDERS. The division and the department of public health shall give priority to the efforts underway to develop an implementation plan for addressing co-occurring mental health and substance abuse disorders in order to establish a comprehensive, continuous, and integrated system of care for such disorders. The division and the department of public health shall participate in a policy academy on co-occurring mental health and substance abuse disorders as part of developing an implementation plan for commission review by April 1, 2008. The commission shall review and make recommendations on the plan on or before May 1, 2008. The plan shall then be submitted to the governor and general assembly on or before June 1, 2008. The division may engage experts in the field of co-occurring mental health and substance abuse disorders to facilitate this planning process.
- f. EVIDENCE-BASED PRACTICES. Begin phased implementation of evidence-based practices for mental health services over a period of several years.
- (1) Not later than October 1, 2007, in order to provide a reasonable timeline for the implementation of evidence-based practices with mental health and disability services providers, the division shall provide for implementation of two adult and two children evidence-based practices per year over a three-year period.
- (2) The division shall develop a comprehensive training program concerning such practices for community mental health centers, state resource centers and mental health institutes, and other providers, in collaboration with the Iowa consortium for mental health and mental health service providers. The division shall consult with experts on behavioral health workforce development regarding implementation of the mental health and disability services training and the curriculum and training opportunities offered.
- (3) The department shall apply measures to ensure appropriate reimbursement is available to all providers for the implementation of mandated evidence-based practices and request appropriate funding for evidence-based practices from the governor and general assembly as part of the implementation plan. The implementation plan shall be submitted to the governor and general assembly on or before January 31, 2008.
- (4) The department shall provide the commission with a plan for review to implement the provisions of this paragraph "f".
 - g. COMPREHENSIVE PLAN.
- (1) Complete a written plan describing the key components of the state's mental health services system, including the services addressed in this subsection and those that are community-based, state institution-based, or regional or state-based. The plan shall incorporate the community mental health center plan provisions implemented pursuant to this subsection. The plan shall be submitted to the commission on or before November 15, 2008, and to the governor and general assembly on or before December 15, 2008.

- (2) In addition, complete a written plan for the department to assume leadership and to assign and reassign significant financial responsibility for the components of the mental health services system in this state, including but not limited to the actions needed to implement the provisions of this subsection involving community mental health centers, core mental health services, core services agencies, co-occurring disorders, and evidence-based practices. The plan shall include recommendations for funding levels, payment methodologies for new and existing services, and allocation changes necessary for the department to assume significant financial responsibility for mental health services. The plan shall be submitted to the commission on or before November 15, 2008, and the commission shall provide review and recommendations on the plan to the department on or before December 15, 2008. The plan shall be submitted to the governor and general assembly on or before January 15, 2009.

The inclusion of such a determination shall not under any circumstances be deemed a prerequisite for entering an order pursuant to this section. However, the inclusion of such a determination, supported by the record, may be used to assist the department in obtaining federal funding for the child's placement. However, preserving the safety of the child is the paramount consideration. If imminent danger to the child's life or health exists at the time of the court's consideration, the determinations otherwise required under this paragraph shall not be a prerequisite for an order for removal of the child. If the court transfers custody of the child, unless the court waives the requirement for making reasonable efforts or otherwise makes a determination that reasonable efforts are not required, reasonable efforts shall be made to make it possible for the child to safely return to the family's home.

If the examination indicates it may be appropriate to terminate the placement for any of the cases, the department and juvenile court services shall initiate action to set a dispositional review hearing under this chapter for such cases. In such a dispositional review hearing, the court shall determine whether needed aftercare services are available following termination of the placement and whether termination of the placement is in the best interests of the child and the community.

"Medical support" which consists of payment of a monetary amount in lieu of a health benefit plan is also an obligation separate from any monetary amount a parent is ordered to pay for uncovered medical expenses pursuant to the guidelines established pursuant to section 598.21B.
- Sec. 159. Section 252C.3, subsection 1, unnumbered paragraph 1, Code 2007, is amended to read as follows:

- 1. The total of all amounts withheld shall not exceed the amounts specified in 15 U.S.C. § 1673(b). For orders or notices issued by the child support recovery unit, the limit for the amount to be withheld shall be specified in the order or notice.
- 2. As reimbursement for the payor's processing costs, the payor may deduct a fee of no more than two dollars for each payment withheld in addition to the amount withheld for support.
- 3. Priority shall be given to the withholding of current support rather than delinquent support. The payor shall not allocate amounts withheld in a manner which results in the failure to withhold an amount for one or more of the current child or spousal support obligations. If the limits specified in subsection 1 prevent withholding the full amount specified in the order or notice, the payor shall withhold amounts in the following priority:
- a. Withhold the amount specified for current child and spousal support. To arrive at the amount to be withheld for each obligee, the payor shall total the amounts due for current child and spousal support under the income withholding orders and the notices of orders and determine the proportionate share for each obligee. The proportionate share shall be determined by dividing the amount due for current child and spousal support for each order or notice of order by the total due for current child and spousal support for all orders and notices of orders. The results are the percentages of the obligor's net income which shall be withheld for each obligee.
- b. If, after completing the calculation in paragraph "a", the withholding limit specified under subsection 1 has not been attained, the payor shall withhold the amount necessary to comply with an order or notice of order for a current premium for coverage of a child under a health benefit plan as provided in section 252D.30 or section 252E.1A, subsection 2, or for a current monetary amount for the child for medical support. If there is more than one medical support order or notice of order for a current monetary amount for a child, the payor shall total the amounts due for current monetary amounts for all children for medical support and determine the proportionate share for each obligee. The proportionate amounts shall be established utilizing the procedures established in paragraph "a" for current child and spousal support obligations.
- b. c. If, after completing the calculation calculations in paragraph paragraphs "a" and "b", the withholding limit specified under subsection 1 has not been attained, the payor shall total the amounts due for arrearages and determine the proportionate share for each obligee. The proportionate share amounts shall be established utilizing the procedures established in paragraph "a" for current child and spousal support obligations.
- d. If after completing the calculations in paragraphs "a", "b", and "c", the withholding limit specified in subsection 1 has not been attained, the payor shall withhold the amount necessary for other child support obligations, unless the order or notice directs otherwise as provided by Title IV, part D, of the federal Social Security Act.
- 4. The payor shall identify and report payments by the obligor's name, account number, amount, and date withheld pursuant to section 252D.17. Until October 1, 1999, if payments for multiple obligees are combined, the portion of the payment attributable to each obligee shall be specifically identified. Beginning October 1, 1999, if If payments for multiple obligees are combined, the portion of the payment attributable to each obligee shall be specifically identified only if the payor is directed to do so by the child support recovery unit.
 - Sec. 163. Section 252E.1. subsection 9. Code 2007, is amended to read as follows:
- 9. "Medical support" means either the provision of a health benefit plan, including a group or employment-related or an individual health benefit plan, or a health benefit plan provided pursuant to chapter 514E, to meet the medical needs of a dependent and the cost of any premium required by a health benefit plan, or the payment to the obligee of a monetary amount in lieu of a health benefit plan, either of which is an obligation separate from any monetary amount of child support ordered to be paid. Medical support is not alimony. "Medical support" which consists of payment of a monetary amount in lieu of a health benefit plan is also an obligation separate from any monetary amount a parent is ordered to pay for uncovered medical expenses pursuant to the guidelines established pursuant to section 598.21B.

Sec. 164. <u>NEW SECTION</u>. 252E.1A ESTABLISHING AND MODIFYING ORDERS FOR MEDICAL SUPPORT.

This section shall apply to all initial or modified orders for support entered under chapter 234, 252A, 252C, 252F, 252H, 598, 600B, or any other applicable chapter.

- 1. An order or judgment that provides for temporary or permanent support for a child shall include a provision for medical support for the child as provided in this section.
- 2. The court shall order as medical support for the child a health benefit plan if available to either parent at the time the order is entered or modified. A plan is available if the plan is accessible and the cost of the plan is reasonable.
- a. The cost of a health benefit plan is considered reasonable, and such amount shall be stated in the order, if one of the following applies:
- (1) The premium cost for a child to the parent ordered to provide the plan does not exceed five percent of that parent's gross income.
- (2) The premium cost for a child exceeds five percent of the gross income of the parent ordered to provide the plan and that parent consents or does not object to entry of that order.
- b. For purposes of this section, "gross income" has the same meaning as gross income for calculation of support under the guidelines established under section 598.21B.
- c. For purposes of this section, the premium cost for a child to the parent ordered to provide the plan means the amount of the premium cost for family coverage to the parent which is in excess of the premium cost for single coverage, regardless of the number of individuals covered under the plan. However, this paragraph shall not be interpreted to reduce the amount of the health insurance premium deduction a parent may be entitled to when calculating the amount of a child support obligation under Iowa court rule 9.5 of the child support guidelines.
- 3. If a health benefit plan is not available at the time of the entry of the order, the court shall order a reasonable monetary amount in lieu of a health benefit plan, which amount shall be stated in the order. For purposes of this subsection, a reasonable amount means five percent of the gross income of the parent ordered to provide the monetary amount for medical support. This subsection shall not apply in any of the following circumstances:
- a. If the parent's monthly support obligation established pursuant to the child support guidelines prescribed by the supreme court pursuant to section 598.21B is the minimum obligation amount.
 - b. If subsection 7, paragraph "e" applies.
- 4. If the court orders the custodial parent to provide a health benefit plan under subsection 2, the court may also order the noncustodial parent to provide a reasonable monetary amount in lieu of a health benefit plan. For purposes of this subsection, a reasonable monetary amount means an amount not to exceed the lesser of a reasonable amount as described in subsection 3, or the premium cost of coverage for the child to the custodial parent as described in subsection 2, paragraph "c".
- 5. Notwithstanding the requirements of this section, the court may order provisions in the alternative to those provided in this section to address the health care needs of the child if the court determines that extreme circumstances so require and documents the court's written findings in the order.

DIVISION XXII GRANDPARENT AND GREAT-GRANDPARENT VISITATION

Sec. 206. <u>NEW SECTION</u>. 600C.1 GRANDPARENT AND GREAT-GRANDPARENT VISITATION.

- 1. The grandparent or great-grandparent of a minor child may petition the court for grand-child or great-grandchild visitation.
- 2. The court shall consider a fit parent's objections to granting visitation under this section. A rebuttable presumption arises that a fit parent's decision to deny visitation to a grandparent or great-grandparent is in the best interest of a minor child.
- 3. The court may grant visitation to the grandparent or great-grandparent if the court finds all of the following by clear and convincing evidence:
- a. The grandparent or great-grandparent has established a substantial relationship with the child prior to the filing of the petition.
- b. The parent who is being asked to temporarily relinquish care, custody, and control of the child to provide visitation is unfit to make the decision regarding visitation.
 - c. It is in the best interest of the child to grant such visitation.
- 4. For the purposes of this section, "court" means the district court or the juvenile court if that court currently has jurisdiction over the child in a pending action. If an action is not pending, the district court has jurisdiction.
- 5. Notwithstanding any provision of this chapter to the contrary, venue for any action to establish, enforce, or modify visitation under this section shall be in the county where either parent resides if no final custody order determination relating to the grandchild or great-grandchild has been entered by any other court. If a final custody order has been entered by any other court, venue shall be located exclusively in the county where the most recent final custody order was entered. If any other custodial proceeding is pending when an action to establish, enforce, or modify visitation under this section is filed, venue shall be located exclusively in the county where the pending custodial proceeding was filed.

²⁷ Chapter 10 herein

²⁸ Chapter 10 herein

- 6. Notice of any proceeding to establish, enforce, or modify visitation under this section shall be personally served upon all parents of a child whose interests are affected by a proceeding brought pursuant to this section and all grandparents or great-grandparents who have previously obtained a final order or commenced a proceeding under this section.
- 7. The court shall not enter any temporary order to establish, enforce, or modify visitation under this section.
- 8. An action brought under this section is subject to chapter 598B, and in an action brought to establish, enforce, or modify visitation under this section, each party shall submit in its first pleading or in an attached affidavit all information required by section 598B.209.
- 9. In any action brought to establish, enforce, or modify visitation under this section, the court may award attorney fees to the prevailing party in an amount deemed reasonable by the court.
- 10. If a proceeding to establish or enforce visitation under this section is commenced when a dissolution of marriage proceeding is pending concerning the parents of the affected minor child, the record and evidence of the dissolution action shall remain impounded pursuant to section 598.26. The impounded information shall not be released or otherwise made available to any person who is not the petitioner or respondent or an attorney of record in the dissolution of marriage proceeding. Access to the impounded information by the attorney of record for the grandparent or great-grandparent shall be limited to only that information relevant to the grandparent's or great-grandparent's request for visitation.

Sec. 207. Section 600.11, subsection 2, paragraph e, Code 2007, is amended to read as follows:

e. A person who has been granted visitation rights with the child to be adopted pursuant to section $598.35 \pm 600C.1$.

Sec. 208. Section 598.35, Code 2007, is repealed.

Approved May 29, 2007, with exceptions noted.

CHESTER J. CULVER, Governor

Dear Mr. Secretary:

I hereby transmit House File 909, an Act relating to and making appropriations for health and human services and including other related provisions and appropriations, and including effective date provisions. House File 909 is approved on this date, with the exceptions noted below, which I hereby disapprove.

I am unable to approve the designated portion of Section 3, subsection 1, unnumbered paragraph 2. This paragraph transfers funds from the Gambler's Assistance Fund for other purposes, such as adult drug courts, the family development and sufficiency grant program, and the energy utility assessment and resolution program. This designated paragraph would divert revenues from the purposes for which the Gambler's Assistance Fund was established to accomplish. Furthermore, this designated language would use these one-time carry-over funds for ongoing programs, thereby creating future expectations of additional funding. While adult drug courts, the family development and sufficiency grant program, and the utility assessment and resolution program are worthwhile, diverting these funds would be inconsistent with the statutorily mandated purposes of the Gambler's Assistance Fund.

I am unable to approve the designated portion of Section 4, subsection 3, unnumbered para-

graph 2. This paragraph transfers \$150,000 to the Department of Cultural Affairs from the Veterans Trust Fund to staff and support the conservation lab facility. I am unable to support this paragraph because it creates expectations for new or ongoing funding that is not sustainable. These funds are more appropriately used in the Veterans Trust Fund. Diverting these funds would be inconsistent with the statutorily mandated purposes of the Veterans Trust Fund, even though these other designated programs are worthwhile.

I am unable to approve the designated portion of Section 97, subsection 3, paragraph e. This paragraph allocates \$10,000 to the Department of Public Health to provide extracorporeal support for donation after cardiac death. I am unable to support this subsection because it creates expectations for new or ongoing funding that is not sustainable. Within the Fiscal year 2008 appropriations for the Board of Regents – University of Iowa Hospitals and Clinics, I believe there are sufficient funds available to cover this important program.

I am unable to approve the item designated as Section 100 in its entirety. This designated section requires the Department of Public Health to expedite volunteer health care provider program registration. I am unable to approve this language because no funds were provided to implement this provision and it places an unreasonable requirement on the Department of Public Health. I will direct the Director of the Department of Public Health to develop a more streamlined registration process.

I am unable to approve the item designated as Division XX, Section 190 in its entirety. This provision requires a director of a department or agency included in House File 909 to examine employee telecommuting options, develop a telecommuter employment policy, and implement a plan designed to increase the number of telecommuting employees. Many departments maintain employee telecommuting policies currently. These policies and procedures have been in place for several years and are well established. The designated language in Section 190 directing a department or agency to conduct an assessment of its telecommuting policy is duplicative and unnecessary and introduces a legislatively mandated management process into what is appropriately an executive branch decision. I will direct the Department of Administrative Services and the Department of Management to review the current state government telecommuting policy and make recommendations for any improvements as part of our overall executive branch strategic planning process.

For the above reasons, I respectfully disapprove of the designated items in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in House File 909 are hereby approved this date.

Sincerely, CHESTER J. CULVER, Governor

If a nondirect care limit exception has been requested and granted, the combination of the nondirect care component and the estimated value of relief shall not exceed one hundred twenty percent of the nondirect care median for the relevant period.
- c. Instant relief granted under this subsection shall begin the first day of the calendar quarter following placement of the provider's assets in service. If the required information to calculate the instant relief, as specified in paragraph "a", is not submitted prior to the first day of the calendar quarter following placement of the provider's assets in service, instant relief shall instead begin on the first day of the calendar quarter following receipt of the required information.
- d. Instant relief granted under this subsection shall be terminated at the time of the provider's subsequent biannual rebasing when the submission of the annual cost report for the provider includes the new replacement costs and the annual property costs reflect the new assets.
- e. During the period in which instant relief is granted, the Iowa Medicaid enterprise shall recalculate the value of the instant relief based on allowable costs and patient days reported on the annual financial and statistical report. For purposes of calculating the per diem relief,

total patient days shall be the greater of actual annual patient days or eighty-five percent of the facility's licensed capacity. The actual value of relief shall be added to the nondirect care component for the relevant period, not to exceed one hundred ten percent of the nondirect care median for the relevant period or not to exceed one hundred twenty percent of the nondirect care median for the relevant period if the nondirect care limit exception is requested and granted. The provider's quarterly rates for the relevant period shall be retroactively adjusted to reflect the revised nondirect care rate. All claims with dates of service from the date that instant relief is granted to the date that the instant relief is terminated shall be repriced to reflect the actual value of the instant relief per diem utilizing a mass adjustment.

- 3. If the provider requests the nondirect care limit exception, all of the following shall apply:
- a. The nondirect care limit for the rate setting period shall be increased to one hundred and twenty percent of the median for the relevant period.
- b. The exception period shall not exceed a period of two years. If the provider is requesting only the nondirect care limit exception, the request shall be submitted within sixty days of the release of the July 1 rate determination letters following each biannual rebasing cycle, and shall be effective the first day of the month following receipt of the request. If applicable, the provider shall identify any time period in which instant relief was granted and shall indicate how many times the instant relief or nondirect care limit exception was granted previously.

Sec. 38. NEW SECTION. 249K.4 PRELIMINARY EVALUATION.

- 1. A provider preparing cost or other feasibility projections for a request for relief or an exception pursuant to section 249K.3 may submit a request for preliminary evaluation.
- 2. The request shall contain all of the information required for the type of assistance sought pursuant to section 249K.3.
- 3. The provider shall estimate the timing of the initiation and completion of the project to allow the department to respond with estimates of both instant relief and the nondirect care limit exception.
- 4. The department shall respond to a request for preliminary evaluation under this section within thirty days of receipt of the request. A preliminary evaluation does not guarantee approval of instant relief or the nondirect care limit exception upon submission of a formal request. A preliminary evaluation provides only an estimate of value of the instant relief or nondirect care limit exception based only on the projections.

Sec. 39. NEW SECTION. 249K.5 PARTICIPATION CRITERIA.

- 1. The Iowa Medicaid enterprise shall administer this chapter. The department of human services shall adopt rules, pursuant to chapter 17A, to administer this chapter.
- 2. A provider requesting instant relief or a nondirect care limit exception under this chapter shall meet one of the following criteria:
- a. The nursing facility for which relief or an exception is requested is in violation of life safety code requirements and changes are necessary to meet regulatory compliance.

 - (3) The service meets all federal and state requirements.
- (4) The service is adult day care, consumer directed attendant care, assisted living, day habilitation, home delivered meals, personal emergency response, or respite.
- 3. In addition to any other factors to be considered in determining if a provider is eligible to participate under this chapter, the Iowa Medicaid enterprise shall consider all of the following:
 - a. The history of the provider's regulatory compliance.
- b. The historical access to nursing facility services for medical assistance program beneficiaries.

- c. The provider's dedication to and participation in quality of care, considering all quality programs in which the provider has participated.
 - d. The provider's plans to facilitate person-directed care.
 - e. The provider's plans to facilitate dementia units and specialty post-acute services.
- 4. a. Any relief or exception granted under this chapter is temporary and shall be immediately terminated if all of the participation requirements under this chapter are not met.

- 5. Following a change in ownership, relief or an exception previously granted shall continue and future rate calculations shall be determined under the provisions of 441 IAC 81.6(12) relating to termination or change of ownership of a nursing facility.
- Sec. 40. Section 328.56, subsection 2, as enacted by 2006 Iowa Acts, chapter 1179, section 57, is amended to read as follows:

Sec. 41. IMPLEMENTATION — LIMITATION.

Chapter 249K, as enacted by this division of this Act, shall only be implemented if the department of human services receives approval from the centers for Medicare and Medicaid services of the United States department of health and human services for a medical assistance state plan amendment. If approval is received, the chapter shall not be implemented retroactively to the effective date of the chapter in this division of this Act, but shall be implemented only on or after the date of approval.
- 2. The Iowa Medicaid enterprise shall only approve instant relief or a nondirect care limit exception under chapter 249K, as enacted by this division of this Act, to the extent funding is available.
 - Sec. 42. Section 8A.330, Code 2007, is repealed.
- Sec. 43. EFFECTIVE DATE. The sections of this division creating new chapter 249K, being deemed of immediate importance, take effect upon enactment.

Approved May 29, 2007, with exceptions noted.

CHESTER J. CULVER, Governor

Dear Mr. Secretary:

I hereby transmit House File 911, an Act relating to and making appropriations to state departments and agencies from the Rebuild Iowa Infrastructure Fund, Vertical Infrastructure Fund, the Endowment for Iowa's Health Restricted Capitals Fund, and the Technology Reinvestment Fund. House File 911 is approved on this date, with the exceptions noted below, which I hereby disapprove.

I am unable to approve the designated portion of Section 1, subsection 1, paragraph g. This designated paragraph appropriates \$120,000 for the purchase and installation of decorative

planters on the west side of the West Capitol Terrace Project. Since Fiscal Year 2006, the West Capitol Terrace Project has received nearly \$2.8 million in state funding, and I am approving an additional \$1.6 million for this project again in Fiscal Year 2008. I also believe that the local community interests should be able to contribute to the cost of these planters.

I am unable to approve the designated portion of Section 1, subsection 4, paragraph c. This designated item appropriates \$80,000 for repair of the Kimball organ located in Clermont, Iowa. The Department of Cultural Affairs has submitted an application to the Save America's Treasures organization to obtain the necessary funding to restore this important piece of Iowa history. With approval of this application pending, it is premature to approve limited state funding at this time.

I am unable to approve the item designated as Section 4 in its entirety. This designated section appropriates \$500,000 in Fiscal Year 2009 for equal distribution to regional sports authority districts. I am unable to approve this item because it provides second-year funding in advance for this project. I will re-evaluate the feasibility of a Fiscal Year 2009 appropriation for this project after the first year of funding appropriated in HF 911.

Finally, I am unable to approve the item designated as Section 5 in its entirety. This designated provision provides for Fiscal Year 2009 appropriations of \$750,000 for the continuation of the Volga River State Recreation Area project and \$500,000 for the Levi Carter Lake project. I am unable to approve this designated item because it provides second-year funding in advance for these two projects. I will re-evaluate the feasibility of a Fiscal Year 2009 appropriation for these projects after the first year of funding appropriated in House file 911.

For the above reasons, I respectfully disapprove of the designated items in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in House File 911 are hereby approved this date.

Sincerely, CHESTER J. CULVER, Governor
