1. OPERATIONS

For purposes of supporting the operations of the Iowa geological survey of the state as created within the state university of Iowa pursuant to section 456.1, including but not limited to providing analysis; data maintenance, collection, and compilation; investigative programs; and information for water supply development and protection:

..... \$ 200,000

2. WATER RESOURCE MANAGEMENT

For purposes of supporting the Iowa geological survey in measuring, assessing, and evaluating the quantity of water sources in this state and assisting the department of natural resources in regulating water quantity as provided in chapter 455B, subchapter III, part 4, pursuant to sections 455B.262B and 456.14:

..... \$ 495,000

Sec. 21. REVERSION.

1. a. Except as provided in paragraph “b”, and notwithstanding section 8.33, moneys appropriated for the fiscal year beginning July 1, 2023, in this division of this Act that remain unencumbered or unobligated at the close of the fiscal year shall not revert but shall remain available for expenditure for the purposes designated until the close of the succeeding fiscal year, or until the project for which the appropriation was made is completed, whichever is earlier.

b. Notwithstanding section 8.33, moneys appropriated for the fiscal year beginning July 1, 2023, in this division of this Act to the department of agriculture and land stewardship to provide financial assistance for the establishment of permanent soil and water conservation practices that remain unencumbered or unobligated at the close of the fiscal year shall not revert but shall remain available for expenditure for the purposes designated until the close of the fiscal year beginning July 1, 2026.

2. Subsection 1 does not apply to moneys transferred pursuant to this division of this Act to the loess hills development and conservation fund created in section 161D.2, which shall not revert as provided in that section.

DIVISION VI
ENVIRONMENT FIRST FUND
SPECIAL APPROPRIATIONS

Sec. 22. WATER QUALITY INITIATIVE — DEPARTMENT OF AGRICULTURE AND LAND STEWARDSHIP.

1. There is appropriated from the environment first fund created in section 8.57A to the department of agriculture and land stewardship for the fiscal year beginning July 1, 2023, and ending June 30, 2024, the following amount, or so much thereof as is necessary, to be used for the purposes designated:

For deposit in the water quality initiative fund created in section 466B.45, for purposes of supporting the water quality initiative administered by the division of soil conservation and

water quality as provided in [section 466B.42](#), including salaries, support, maintenance, and miscellaneous purposes:

..... \$ 2,375,000

2. a. The moneys appropriated in subsection 1 shall be used to support projects in subwatersheds as designated by the division that are part of high-priority watersheds identified by the water resources coordinating council established pursuant to [section 466B.3](#).

b. The moneys appropriated in subsection 1 shall be used to support projects in watersheds generally, including regional watersheds, as designated by the division and high-priority watersheds identified by the water resources coordinating council established pursuant to [section 466B.3](#).

3. In supporting projects in subwatersheds and watersheds as provided in subsection 2, all of the following apply:

a. The demonstration projects shall utilize water quality practices as described in the Iowa nutrient reduction strategy as defined in [section 455B.171](#).

b. The division shall implement demonstration projects as provided in paragraph “a” by providing for participation by persons who hold a legal interest in agricultural land used in farming. To every extent practical, the division shall provide for collaborative participation by such persons who hold a legal interest in agricultural land located within the same subwatershed.

c. The division shall implement a demonstration project on a cost-share basis as determined by the division. However, except for edge-of-field practices, the state’s share of the amount shall not exceed 50 percent of the estimated cost of establishing the practice as determined by the division or 50 percent of the actual cost of establishing the practice, whichever is less.

d. The demonstration projects shall be used to educate other persons about the feasibility and value of establishing similar water quality practices. The division shall promote field day events for purposes of allowing interested persons to establish water quality practices on their agricultural land.

e. The division shall conduct water quality evaluations within supported subwatersheds. Within a reasonable period after accumulating information from such evaluations, the division shall create an aggregated database of water quality practices. Any information identifying a person holding a legal interest in agricultural land or specific agricultural land shall be a confidential record under [section 22.7](#).

4. The moneys appropriated in subsection 1 shall be used to support education and outreach in a manner that encourages persons who hold a legal interest in agricultural land used for farming to implement water quality practices, including the establishment of such practices in watersheds generally, and not limited to subwatersheds or high-priority watersheds.

5. The moneys appropriated in subsection 1 may be used to contract with persons to coordinate the implementation of efforts provided in this section.

6. The moneys appropriated in subsection 1 may be used by the department to support urban soil and water conservation efforts, which may include but are not limited to management practices related to bioretention, landscaping, the use of permeable or pervious pavement, and soil quality restoration. The moneys shall be allocated on a cost-share basis as provided in [chapter 161A](#).

7. Notwithstanding any other provision of law to the contrary, the department may use moneys appropriated in subsection 1 to carry out the provisions of this section on a cost-share basis in combination with other moneys available to the department from a state or federal source.

8. Not more than 10 percent of the moneys appropriated in this section may be used to pay for the costs of administering and implementing the water quality initiative by the department’s division of soil conservation and water quality as provided in [section 466B.42](#) and this section.
