(2) Costs to the department for administration of [this chapter](#).

d. Conduct investigations for the purpose of discovering violations of [this chapter](#) or grounds for disciplining licensed veterinarians.

h. Bring proceedings in the courts for the enforcement of [this chapter](#) or any regulations made pursuant to [this chapter](#).

i. Adopt, amend, or repeal rules relating to the standards of conduct for, testing of, and revocation or suspension of certificates issued to veterinary assistants. j. Adopt, amend, or repeal all rules necessary for its government and all regulations necessary to carry into effect the provision of [this chapter](#), including the establishment and publication of standards of professional conduct for the practice of veterinary medicine.

8. The powers enumerated in [subsection 7](#) are granted for the purpose of enabling the board to effectively supervise the practice of veterinary medicine and are to be construed liberally to accomplish this objective.

9. A person who provides veterinary medical services, owns a veterinary clinic, or practices in this state shall obtain a certificate from the board and be subject to the same standards of conduct, as provided in [this chapter](#) and rules adopted by the board, as apply to a licensed veterinarian, unless the board determines that the same standards of conduct are inapplicable. The board shall issue, renew, or deny a certificate; adopt rules relating to the standards of conduct; and take disciplinary action against the person, including suspension or revocation of a certificate, in accordance with the procedures established in [section 169.14](#). Certification fees shall be established by the board pursuant to [subsection 7](#), paragraph "j". Fees shall be established in an amount sufficient to fully offset the costs of certification pursuant to [this subsection](#). For the fiscal year beginning July 1, 2001, and ending June 30, 2002, the department shall retain fees collected to administer the program of certifying veterinary clinics and the fees retained are appropriated to the department for the purposes of [this subsection](#). For the fiscal year beginning July 1, 2001, and ending June 30, 2002, notwithstanding [section 8.33](#), fees which remain unexpended at the end of the fiscal year shall not revert to the general fund of the state but shall be available for use for the following fiscal year to administer the program. For the fiscal year beginning July 1, 2002, and succeeding fiscal years, certification fees shall be deposited in the general fund of the state and are appropriated to the department to administer the certification provisions of [this subsection](#). [This subsection](#) shall not apply to an animal shelter, as defined in [section 162.2](#), that provides veterinary medical services to animals in the custody of the shelter.

10. The department shall furnish the board with all articles and supplies required for the public use and necessary to enable the board to perform the duties imposed upon it by law. Such articles and supplies shall be obtained by the department in the same manner in which the regular supplies for the department are obtained, and the department shall assess the costs to the board for such articles and supplies. The board shall also reimburse the

department for direct and indirect administrative costs incurred in issuing and renewing the licenses.

1. The board of veterinary medicine, after due notice and hearing, may revoke or suspend a license to practice veterinary medicine if it determines that a veterinarian licensed to practice veterinary medicine is guilty of any of the following acts or offenses:

a. Knowingly making misleading, deceptive, untrue, or fraudulent representation in the practice of the profession.

b. Being convicted of a felony in the courts of this state or another state, territory, or country. Conviction as used in this paragraph includes a conviction of an offense which if committed in this state would be deemed a felony without regard to its designation elsewhere, or a criminal proceeding in which a finding or verdict of guilt is made or returned, but the adjudication or guilt is either withheld or not entered. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state is conclusive evidence.

c. Violating a statute or law of this state, another state, or the United States, without regard

to its designation as either felony or misdemeanor, which statute or law relates to the practice of veterinary medicine.

d. Having the person's license to practice veterinary medicine revoked or suspended, or having other disciplinary action taken by a licensing authority of another state, territory, or country. A certified copy of the record or order of suspension, revocation, or disciplinary action is conclusive or prima facie evidence.

e. Knowingly aiding, assisting, procuring, or advising a person to unlawfully practice veterinary medicine.

f. Being adjudged mentally incompetent by a court of competent jurisdiction. The adjudication shall automatically suspend a license for the duration of the license unless the board orders otherwise.

g. Being guilty of a willful or repeated departure from, or the failure to conform to, the minimal standard of acceptable and prevailing practice of veterinary medicine as defined in rules adopted by the board, in which proceeding actual injury to an animal need not be established; or the committing by a veterinarian of an act contrary to honesty, justice, or good morals, whether the act is committed in the course of the practice or otherwise, and whether committed within or without this state.

h. Inability to practice veterinary medicine with reasonable skill and safety by reason of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or other type of material or as a result of a mental or physical condition.

i. Willful or repeated violation of lawful rules adopted by the board or violation of a lawful order of the board, previously entered by the board in a disciplinary hearing.

2. a. The board, upon probable cause, may compel a veterinarian to submit to a mental or physical examination by designated physicians. Failure of a veterinarian to submit to an examination constitutes an admission to the allegations made against that veterinarian and the finding of fact and decision of the board may be entered without the taking of testimony or presentation of evidence. At reasonable intervals, a veterinarian shall be afforded an opportunity to demonstrate that the veterinarian can resume the competent practice of veterinary medicine with reasonable skill and safety to animals.

b. A person licensed to practice veterinary medicine who makes application for the renewal of the person's license as required by [section 169.12](#) gives consent to submit to a mental or physical examination as provided by this paragraph when directed in writing by the board. All objections shall be waived as to the admissibility of the examining physician's testimony or examination reports on the grounds that they constitute privileged communication. The medical testimony or examination reports shall not be used against a veterinarian in another proceeding and are confidential except for other actions filed against a veterinarian to revoke or suspend that person's license.

169.14 Procedure for suspension or revocation.

A proceeding for the revocation or suspension of a license to practice veterinary medicine or to discipline a person licensed to practice veterinary medicine shall be substantially in accord with the following:

1. The board, upon its own motion or upon a verified complaint in writing, may request the department of inspections, appeals, and licensing to conduct an investigation of the charges contained in the complaint. The department of inspections, appeals, and licensing shall report its findings to the board, and the board may issue an order fixing the time and place for hearing if a hearing is deemed warranted. A written notice of the time and place of the hearing, together with a statement of the charges, shall be served upon the licensee at least ten days before the hearing in the manner required for the service of notice of the commencement of an ordinary action.

2. If the licensee has left the state, the notice and statement of the charges shall be so served at least twenty days before the date of the hearing, wherever the licensee may be

found. If the whereabouts of the licensee is unknown, service may be had by publication as provided in the rules of civil procedure upon filing the affidavit required by those rules. If the licensee fails to appear either in person or by counsel at the time and place designated in the notice, the board shall proceed with the hearing.

3. The hearing shall be before a member or members designated by the board or before an administrative law judge appointed by the board according to the requirements of [section 17A.11, subsection 1](#). The presiding board member or administrative law judge may issue subpoenas, administer oaths, and take or cause depositions to be taken in connection with the hearing. The member or officer shall issue subpoenas at the request and on behalf of the licensee.

4. A mechanized or stenographic record of the proceedings shall be kept. The licensee shall be given the opportunity to appear personally and by attorney, with the right to produce evidence in one's own behalf, to examine and cross-examine witnesses, and to examine documentary evidence produced against the licensee.

5. If a person refuses to obey a subpoena issued by the presiding member or administrative law judge or to answer a proper question put to that person during the hearing, the presiding member or administrative law judge may invoke the aid of a court of competent jurisdiction in requiring the attendance and testimony of that person and the production of papers. A failure to obey the order of the court may be punished by the court as a civil contempt may be punished.

6. Unless the hearing is before the entire board, a transcript of the proceeding, together with exhibits presented, shall be considered by the entire board at the earliest practicable time. The licensee and attorney shall be given the opportunity to appear personally to present the licensee's position and arguments to the board. The board shall determine the charge upon the merits on the basis of the evidence in the record before it.

7. Upon three members of the board voting in favor of finding the licensee guilty of an act or offense specified in [section 169.13](#), the board shall prepare written findings of fact and its decision imposing one or more of the following disciplinary measures:

a. Suspend the license to practice veterinary medicine for a period to be determined by the board.

b. Revoke the license to practice veterinary medicine.

c. Suspend imposition of judgment and penalty or impose the judgment and penalty, but suspend enforcement and place the veterinarian on probation. The probation ordered may be vacated upon noncompliance. The board may restore and reissue a license to practice veterinary medicine, and may impose a disciplinary or corrective measure which it might originally have imposed.

8. Judicial review of the board's action may be sought in accordance with [chapter 17A](#).

9. The filing of a petition for review does not in itself stay execution or enforcement of board action. Upon application, the board or the review court, in appropriate cases, may order a stay pending the outcome of the review proceedings.
