Re: Section 8.62 Report of Moneys Expended

This report is submitted in accordance with Section 8.62 of the Code of Iowa. This report relates to FY 2022 Training and Technology (T&T) dollars carried forward for expenditure during FY 2023. Section 8.62 requires that copies of this report be distributed to the Administration and Regulation Appropriations Subcommittee, the Legislative Services Agency and the Fiscal Committee of the Legislative Council. A copy is to be submitted to the Department of Management.

The Department of Public Safety's divisions were able to retain a total of \$66,867.17 with the carry forward of fifty percent of eligible reversion funds. The divisions spent a total of \$66,665.54 on software. The Department did not spend \$201.63 in carry forward dollars out of Appropriation R66.

These funds were available for reversion and carry forward due primarily to temporary vacant positions and other economies achieved during the year.

Sincerely,

Jim Wittenwyler
Director, Administrative Services Division
Department of Public Safety
