**262A.1 Declaration of insufficient state revenue.** The general assembly hereby determines that the annual revenues of the state are insufficient to finance the immediate building requirements and other facilities and utilities services requirements of the institutions of higher learning under the jurisdiction of the state board of regents and in order to provide these buildings, facilities and utilities services when they are needed, it is necessary to authorize the issuance of revenue bonds by the state board of regents, subject to the restrictions and limitations hereinafter set forth. It is the intent of the general assembly that revenue bonds issued for academic and administra-

tive buildings and facilities and utilities services shall supplement and not supplant legislative appropriations for the same or similar purposes. [C71, 73, 75, 77, 79, §262A.1]

**262A.2 Definitions.** The following words or terms, as used in this chapter, shall have the respective meanings as stated:

1. "Board" shall mean the state board of regents.
2. "Institution" or "institutions" shall mean the state University of Iowa, the Iowa State University of science and technology, the University of Northern Iowa, and any other institution of higher learning

under the jurisdiction of the state board of regents which offers a college program of four years or more, including any such institution the creation of which is hereafter authorized by the general assembly or which is placed under the jurisdiction of said board.

3. "*Buildings and facilities*" shall mean those academic buildings and other facilities used primarily for instructional and research purposes, including libraries, and such other administrative and service buildings and facilities as are deemed necessary by the board to provide supporting services to the instructional and research programs and activities of the institutions, including, without limiting the generality of the foregoing, administrative offices, facilities for business services, student services and extension and continuing education services, off-street parking areas and structures incidental to other buildings and facilities which are not primarily for parking purposes, garages, and storage and warehouse facilities, or any combination thereof. This phrase shall also include works and facilities deemed necessary by the board for furnishing utilities services to any buildings or structures operated by the institutions, including, without limiting the generality of the foregoing, water, electric, gas, communications, sewer and heating facilities, together with all necessary structures, buildings, tunnels, lines, reservoirs, mains, filters, pipes, sewers, boilers, generators, fixtures, wires, poles, equipment, treatment facilities and all other appurtenances in connection therewith, or any combination of the foregoing.

4. "*Project*" shall mean the acquisition by gift, purchase, lease or construction of buildings and facilities which are deemed necessary by the board for the proper performance of the instructional, research and service functions of the institutions, and additions to buildings and facilities, the reconstruction, completion, equipment, improvement, repair or remodeling of buildings and facilities, including the demolition of existing buildings and facilities which are to be replaced, the acquisition of air rights and the construction of projects thereon, and the acquisition of property of every kind and description, whether real, personal or mixed, for buildings and facilities by gift, purchase, lease, condemnation or otherwise and the improvement of the same, or any combination of the foregoing.

5. "*Student fees and charges*" shall mean all tuitions, fees and charges for general or special purposes levied against and collected from students attending the institutions except rates, fees, rentals or charges imposed and collected under the provisions of (a) sections 262.35 through 262.42, (b) sections 262.44 through 262.53, and (c) sections 262.55 through 262.66.

6. "*Institutional income*" shall mean income received by an institution from sources other than (a) student fees and charges, (b) rates, fees, rentals or charges imposed and collected under the provisions of (1) sections 262.35 through 262.42, (2) sections 262.44 through 262.53, and (3) sections 262.55 through 262.66, (c) state appropriations, and (d) "hospital income", as that term is defined in subsection 5 of section 263A.1.

7. "*Bonds*" shall mean revenue bonds which are payable solely and only from student fees and charges and institutional income received by the institution at which the project is being undertaken. [C71, 73, 75, 77, 79, §262A.2]

**262A.3 Ten-year program and two-year bond proposal submitted each year.** The board shall prepare and submit to the general assembly for approval or rejection a proposed ten-year building program for each institution, including an estimate of the maximum amount of bonds which the board expects to issue under the provisions of this chapter during each year of the ensuing biennium. Such program and estimate shall be submitted no later than seven days after the passage of this chapter by the general assembly and thereafter no later than seven days after the convening of each regular annual session of the general assembly. The building program shall contain a list of the buildings and facilities which the board deems necessary to further the educational objectives of the institutions. This list shall be revised annually, but no project shall be eliminated from the list when bonds have previously been issued by the board to pay the cost thereof. Each such list shall contain an estimate of the cost of each of the buildings and facilities referred to therein. If the general assembly rejects or fails to approve any proposed ten-year building program, such action or inaction shall not affect the status or legality of any project previously or subsequently authorized by the general assembly as provided in section 262A.4. [C71, 73, 75, 77, 79, §262A.3]

**262A.4 Authorization of general assembly and governor.** Subject to and in accordance with the provisions of this chapter, the state board of regents after authorization by a constitutional majority of each house of the general assembly and approval by the governor may undertake and carry out any project as defined in this chapter at the institutions now or hereafter under the jurisdiction of the board. The state board of regents is authorized to operate, control, maintain, and manage buildings and facilities and additions to such buildings and facilities at each of said institutions. All contracts for the construction, reconstruction, completion, equipment, improvement, repair or remodeling of any buildings, additions, or facilities shall be let in accordance with the provisions of section 262.34. The title to all real estate acquired under the provisions of this chapter and the improvements erected thereon shall be taken and held in the name of the state of Iowa. [C71, 73, 75, 77, 79, §262A.4]

Referred to in §262A.3

**262A.5 Borrowing money and issuing bonds.** The board is authorized to borrow money under the provisions of this chapter, and the board may issue and sell negotiable bonds to pay all or any part of the cost of carrying out any project at any institution and may refund and refinance bonds issued for any project or for refunding purposes at the same rate or at a higher or lower rate or rates of interest. Bonds issued under the provisions of this chapter shall be sold by said board at public sale on the basis of sealed proposals received pursuant to a notice specifying the time and place of sale and the amount of bonds to be sold

which shall be published at least once not less than seven days prior to the date of sale in a newspaper published in the state of Iowa and having a general circulation in said state. The provisions of chapter 75 shall not apply to bonds issued under authority contained in this chapter, but such bonds shall be sold upon terms of not less than par plus accrued interest. Bonds issued to refund other bonds issued under the provisions of this chapter may either be sold in the manner hereinbefore specified and the proceeds thereof applied to the payment of the obligations being refunded, or the refunding bonds may be exchanged for and in payment and discharge of the obligations being refunded. The refunding bonds may be sold or exchanged in installments at different times or an entire issue or series may be sold or exchanged at one time. Any issue or series of refunding bonds may be exchanged in part or sold in parts in installments at different times or at one time. The refunding bonds may be sold or exchanged at any time on, before, or after the maturity of any of the outstanding bonds or other obligations to be refinanced thereby and may be issued for the purpose of refunding a like or greater principal amount of bonds, except that the principal amount of the refunding bonds may exceed the principal amount of the bonds to be refunded to the extent necessary to pay any premium due on the call of the bonds to be refunded or to fund interest in arrears or about to become due.

All bonds issued under the provisions of this chapter shall be payable solely and only from and shall be secured by an irrevocable pledge of a sufficient portion of the student fees and charges and institutional income received by the particular institution. All bonds issued under the provisions of this chapter shall have all the qualities of a negotiable investment security under the laws of this state. [C71, 73, 75, 77, 79, §262A.5]

**262A.6 Form and condition of bonds.** Such bonds may bear such date or dates, may bear interest at such rate or rates, payable semiannually, may mature at such time or times, may be in such form and denominations, may carry such registration privileges, may be payable at such place or places, may be subject to such terms of redemption prior to maturity with or without premium, if so stated on the face thereof, and may contain such terms and covenants, including the establishment of reserves, all as may be provided by the resolution of the board authorizing the issuance of the bonds. In addition to the estimated cost of construction, including site costs, the cost of the project may include interest upon the bonds during construction and for six months after the estimated completion date, the compensation of a fiscal agent or adviser, engineering, architectural, administrative and legal expenses and provision for contingencies. Such bonds shall be executed by the president of the state board of regents and attested by the executive secretary, secretary or other official thereof performing the duties of secretary, and the coupons thereto attached shall be executed with the original or facsimile signatures of said president, executive secretary, secretary or other official; provided, however, that the facsimile signature of either of such officers executing such bonds may be imprinted

on the face of the bonds in lieu of the manual signature of such officer, but at least one of the signatures appearing on the face of each bond shall be a manual signature. Any bonds bearing the signatures of officers in office on the date of the signing thereof shall be valid and binding for all purposes, notwithstanding that before delivery thereof any or all such persons whose signatures appear thereon shall have ceased to be such officers. Each such bond shall state upon its face the name of the institution on behalf of which it is issued, that it is payable solely and only from the student fees and charges and institutional income received by such institution as hereinbefore provided, and that it does not constitute a debt of or charge against the state of Iowa within the meaning or application of any constitutional or statutory limitation or provision. The issuance of such bonds shall be recorded in the office of the treasurer of the institution on behalf of which the same are issued, and a certificate by such treasurer to this effect shall be printed on the back of each such bond. [C71, 73, 75, 77, 79, §262A.6]

**262A.7 Resolution of board and covenants undertaken.** Upon the determination by the state board of regents to undertake and carry out any project or to refund outstanding bonds, said board shall adopt a resolution describing generally the contemplated project and setting forth the estimated cost thereof, or describing the obligations to be refunded, fixing the amount of bonds to be issued, the maturity or maturities, the interest rate or rates and all details in respect thereof. Such resolution shall contain such covenants as may be determined by the board as to the issuance of additional bonds that may thereafter be issued payable from the student fees and charges and institutional income received by the particular institution, the amendment or modification of the resolution authorizing the issuance of any bonds, the manner, terms, and conditions and the amount or percentage of assenting bonds necessary to effectuate such amendment or modification, and such other covenants as may be deemed necessary or desirable. In the discretion of the board any bonds issued under the terms of this chapter may be secured by a trust indenture by and between the board and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the boundaries of the state of Iowa, but no such trust indenture shall convey or mortgage the buildings and facilities or any part thereof. The provisions of this chapter and of any resolution or other proceedings authorizing the issuance of bonds and providing for the establishment and maintenance of adequate student fees and charges and the application of the proceeds thereof, together with institutional income, shall constitute a contract with the holders of such bonds. [C71, 73, 75, 77, 79, §262A.7]

**262A.8 Student fees to pay bonds.** Whenever bonds are issued by the state board of regents, it shall be the duty of said board to establish, impose, and collect student fees and charges at the institution on behalf of which such bonds are issued, and to adjust such student fees and charges from time to time, in order always to provide amounts which, together

with the institutional income, will be sufficient to pay the principal of and interest on such bonds as the same become due and to maintain a reserve therefor, and said board is authorized to pledge a sufficient amount of the student fees and charges and institutional income received by such institution for this purpose. Student fees and charges and institutional income received by one institution shall not be used to discharge bonds issued for or on account of another institution. All bonds issued under the terms of this chapter shall be exempt from taxation by the state of Iowa and the interest thereon shall be exempt from the state income tax. [C71, 73, 75, 77, 79, §262A.8]

**262A.9 Bond fund account.** A certified copy of each resolution providing for the issuance of bonds under this chapter shall be filed with the treasurer of the institution on behalf of which the bonds are issued and it shall be the duty of said treasurer to keep and maintain separate accounts for each issue of bonds in accordance with the covenants and directions set out in the resolution providing for the issuance thereof. A sufficient portion of the student fees and charges and institutional income received by each institution shall be held in trust by the treasurer thereof, separate and apart from all other funds, to be used solely and only for the purposes specified in this chapter and as may be required and provided for by the proceedings of the board authorizing the issuance of bonds. It shall be the duty of the treasurer of each institution to disburse funds from the proper account for the payment of the principal of and interest on the bonds in accordance with the directions and covenants of the resolution authorizing the issuance thereof. [C71, 73, 75, 77, 79, §262A.9]

**262A.10 Bonds not state obligation.** Under no circumstances shall any bonds issued under the terms of this chapter be or become or be construed to constitute a debt of or a charge against the state of Iowa within the purview of any constitutional or statutory limitation or provision. No taxes, appropriations, or other funds of the state of Iowa may be pledged for or used to pay such bonds or the interest thereon but any such bonds shall be payable solely and only as to both principal and interest from the student fees and charges and institutional income received by the institutions of higher learning under the control of the state board of regents as provided in this chapter, and the sole remedy for any breach or default of the terms of any such bonds or proceedings for their issuance shall be a proceeding either in law or in equity by suit, action, or mandamus to enforce and compel performance of the duties required by this chapter and the terms of the resolution under which such bonds are issued. [C71, 73, 75, 77, 79, §262A.10]

**262A.11 Bonds as security for investments.** All banks, trust companies, bankers, savings banks and institutions, building and loan associations, savings and loan associations, investment companies and other persons carrying on a banking or investment business, all insurance companies, insurance associations, and other persons carrying on an insurance business and all executors, administrators, guardians, trustees, and other fiduciaries may legally invest any sinking funds, moneys, or other funds belonging to them or within their control in any bonds issued pursuant to this chapter; provided, however, that nothing contained in this section may be construed as relieving any persons from any duty of exercising reasonable care in selecting securities for purchase or investment. [C71, 73, 75, 77, 79, §262A.11]

**262A.12 Application for gifts, loans or grants.** The state board of regents is authorized to apply for and accept federal or nonfederal gifts, loans, or grants of funds and to use the same to pay all or any part of the cost of carrying out any project at any institution under the terms of this chapter or to use the same, together with student fees and charges and institutional income, for the payment of debt service on bonds issued and to be issued by the board pursuant to authority contained in this chapter, in such manner as may be provided in the resolution authorizing the issuance of the bonds, which grants of funds or other aid shall be considered to constitute and may be commingled with student fees and charges and institutional income and may, together with such student fees and charges and institutional income, be pledged by the board in accordance with the provisions of this chapter and the bond resolution to the payment of debt service on bonds issued by the board under the authority contained in this chapter. [C71, 73, 75, 77, 79, §262A.12]

**262A.13 Alternative and independent method.** This chapter shall be construed as providing an alternative and independent method for carrying out any project at any institution of higher learning under the control of the state board of regents, for the issuance and sale or exchange of bonds in connection therewith and for refunding bonds pertinent thereto, without reference to any other statute, and shall not be construed as an amendment of or subject to the provisions of any other law, and no publication of any notice, whether under section 23.12 or otherwise, and no other or further proceedings in respect to the issuance or sale or exchange of bonds under this chapter shall be required except such as are prescribed by this chapter, any provisions of other statutes of the state to the contrary notwithstanding. All bonds or notes issued under the terms of this chapter shall be exempt from taxation by the state of Iowa and the interest thereon shall be exempt from the state income tax. A sufficient portion of the hospital income received by the institution shall be held in trust by the treasurer thereof, separate and apart from all other funds, to be used solely and only for the purposes specified in this chapter and as may be required and provided for by the proceedings of the board authorizing the issuance of bonds or notes. It shall be the duty of the treasurer of the institution to disburse funds from the proper account for the payment of the principal of and interest on the bonds or notes in accordance with the directions and covenants of the resolution authorizing the issuance thereof. [C71, 73, 75, 77, 79, §263A.7]

**263A.8 No obligation of the state on bonds or notes.** Under no circumstances shall any bonds or notes issued under the terms of this chapter be or become or be construed to constitute a debt of or a charge against the state of Iowa within the purview of any constitutional or statutory limitation or provision. [C71, 73, 75, 77, 79, §263A.9]

**263A.10 Gifts, loans or grants accepted.** The state board of regents is authorized to apply for and accept federal or nonfederal gifts, loans, or grants of funds and to use the same to pay all or any part of the cost of carrying out any project at the institution under the terms of this chapter or to pay any bonds or notes and interest thereon issued for any of the purposes specified in this chapter. [C71, 73, 75, 77, 79, §263A.10]

272B.2 Education commission of the states.

272B.3 Filing bylaws.

**272B.1 Compact for education.** The compact for education is hereby entered into and enacted into law with all jurisdictions legally joining therein, in the form substantially as follows:

#### ARTICLE I—PURPOSE AND POLICY

1. It is the purpose of this compact to:

a. Establish and maintain close co-operation and understanding among executive, legislative, professional educational and lay leadership on a nationwide basis at the state and local levels.

b. Provide a forum for the discussion, development, crystallization and recommendation of public policy alternatives in the field of education.

c. Provide a clearing house of information on matters relating to educational problems and how they are being met in different places throughout the nation, so that the executive and legislative branches of state government and of local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.

d. Facilitate the improvement of state and local educational systems so that all of them will be able to

meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.

2. It is the policy of this compact to encourage and promote local and state initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and states.

3. The party states recognize that each of them has an interest in the quality and quantity of education furnished in each of the other states, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the nation, and because the products and services contributing to the health, welfare and economic advancement of each state are supplied in significant part by persons educated in other states.

#### ARTICLE II—STATE DEFINED

As used in this compact, "state" means a state, territory or possession of the United States, the District of Columbia, or the commonwealth of Puerto Rico.

## ARTICLE III—THE COMMISSION

1. The education commission of the states, herein after called "the commission", is hereby established. The commission shall consist of seven members representing each party state.\* One of such members shall be the governor; two shall be members of the state legislature selected by its respective houses and serving in such manner as the legislature may determine; and four shall be appointed by and serve at the pleasure of the governor, unless the laws of the state otherwise provide. If the laws of a state prevent legislators from serving on the commission, six members shall be appointed and serve at the pleasure of the governor, unless the laws of the state otherwise provide. In addition to any other principles or requirements which a state may establish for the appointment and service of its members of the commission, the guiding principle for the composition of the membership on the commission from each party state shall be that the members representing such state shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the state government, higher education, the state education system, local education, lay and professional, public and nonpublic educational leadership. Of those appointees, one shall be the head of a state agency or institution, designated by the governor, having responsibility for one or more programs of public education. In addition to the members of the commission representing the party states, there may be not to exceed ten nonvoting commissioners selected by the steering committee for terms of one year. Such commissioners shall represent leading national organizations or professional educators or persons concerned with educational administration.

\*See §272B.2

2. The members of the commission shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners are present. The commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the commission may delegate the exercise of any of its powers to the steering committee or the executive director, except for the power to approve budgets or requests for appropriations, the power to make policy recommendations pursuant to article IV and adoption of the annual report pursuant to article III, paragraph 10.

3. The commission shall have a seal.

4. The commission shall elect annually, from among its members, a chairman, who shall be a governor, a vice chairman and a treasurer. The commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the commission, and together with the treasurer and such other personnel as the commission may deem appropriate shall be bonded in such amount as the commission shall determine. The executive director shall be secretary.

5. Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the commission, and shall fix the duties and compensation of such personnel. The commission in its bylaws shall provide for the personnel policies and programs of the commission.

6. The commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.

7. The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the commission pursuant to this paragraph or services borrowed pursuant to paragraph 6 of this article shall be reported in the annual report of the commission. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

8. The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

9. The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

10. The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the preceding year. The commission may make such additional reports as it may deem desirable.

## ARTICLE IV—POWERS

In addition to authority conferred on the commission by other provisions of the compact, the commission shall have authority to:

1. Collect, correlate, analyze and interpret information and data concerning educational needs and resources.

2. Encourage and foster research in all aspects of education, but with special reference to the desirable scope of instruction, organization, administration, and instructional methods and standards employed or suitable for employment in public educational systems.

3. Develop proposals for adequate financing of education as a whole and at each of its many levels.

4. Conduct or participate in research of the types referred to in this article in any instance where the commission finds that such research is necessary for the advancement of the purposes and policies of this compact, utilizing fully the resources of national associations, regional compact organizations for higher education, and other agencies and institutions, both public and private.

5. Formulate suggested policies and plans for the improvement of public education as a whole, or for any segment thereof, and make recommendations with respect thereto available to the appropriate governmental units, agencies and public officials.

6. Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this compact.

ARTICLE V—  
CO-OPERATION WITH FEDERAL GOVERNMENT

1. If the laws of the United States specifically so provide, or if administrative provision is made therefor within the federal government, the United States may be represented on the commission by not to exceed ten representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to federal law, and may be drawn from any one or more branches of the federal government, but no such representative shall have a vote on the commission.

2. The commission may provide information and make recommendations to any executive or legislative agency or officer of the federal government concerning the common educational policies of the states, and may advise with any such agencies or officers concerning any matter of mutual interest.

ARTICLE VI—COMMITTEES

1. To assist in the expeditious conduct of its business when the full commission is not meeting, the commission shall elect a steering committee of thirty-two members which, subject to the provisions of this compact and consistent with the policies of the commission, shall be constituted and function as provided in the bylaws of the commission. One-fourth of the voting membership of the steering committee shall consist of governors, one-fourth shall consist of legislators, and the remainder shall consist of other members of the commission. A federal representative on the commission may serve with the steering committee, but without vote. The voting members of the steering committee shall serve for terms of two years, except that members elected to the first steering committee of the commission shall be elected as follows:

Sixteen for one year and sixteen for two years. The chairman, vice chairman, and treasurer of the commission shall be members of the steering committee and, anything in this paragraph to the contrary notwithstanding, shall serve during their continuance in these offices. Vacancies in the steering committee shall not affect its authority to act, but the commission at its next regular ensuing meeting following

the occurrence of any vacancy shall fill it for the unexpired term. No person shall serve more than two terms as a member of the steering committee; provided that service for a partial term of one year or less shall not be counted toward the two-term limitation.

2. The commission may establish advisory and technical committees composed of state, local, and federal officials, and private persons to advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the states concerned, be established to consider any matter of special concern to two or more of the party states.

3. The commission may establish such additional committees as its bylaws may provide.

ARTICLE VII—FINANCE

1. The commission shall advise the governor or designated officer or officers of each party state of its budget and estimated expenditures for such period as may be required by the laws of that party state. Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states.

2. The total amount of appropriation requests under any budget shall be apportioned among the party states. In making such apportionment, the commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party states.

3. The commission shall not pledge the credit of any party states. The commission may meet any of its obligations in whole or in part with funds available to it pursuant to article III, paragraph 7, of this compact, provided that the commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it pursuant to article III, paragraph 7 thereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

4. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual reports of the commission.

5. The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

6. Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

ARTICLE VIII—ELIGIBLE PARTIES  
—ENTRY INTO AND WITHDRAWAL

1. This compact shall have as eligible parties all states, territories, and possessions of the United States, the District of Columbia, and the commonwealth of Puerto Rico. In respect of any such jurisdiction not having a governor, the term "governor", as used in this compact, shall mean the closest equivalent official of such jurisdiction.

2. Any state or other eligible jurisdiction may enter into this compact and it shall become binding thereon when it has adopted the same: Provided that in order to enter into initial effect, adoption by at least ten eligible party jurisdictions shall be required.

3. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

ARTICLE IX—CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be af-

fectured thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the state affected as to all severable matters. [C75, 77, 79, §272B.1]

**275.1 Declaration of policy—surveys.** It is declared to be the policy of the state to encourage economical and efficient school districts which will insure an equal educational opportunity to all children of the state. All areas of the state shall be in school districts maintaining twelve grades. If any school district ceases to maintain twelve grades, it shall reorganize within six months or the state board shall attach the school district not maintaining twelve grades to another district. Voluntary reorganizations under this chapter shall be commenced only if the affected school districts are contiguous to one another. A reorganized district shall meet the requirements of section 275.3.

If a district is attached, division of assets and liabilities shall be made as provided in sections 275.29 to 275.31. The area education agency boards shall develop detailed studies and surveys of the school districts within the area education agency and all adjacent territory for the purpose of providing for reorganization of school districts in order to effect more economical operation and the attainment of higher standards of education in the schools. The plans shall be revised periodically to reflect reorganizations which may have taken place in the area education agency and adjacent territory. Referred to in §275 9, 280 15, 594A 6, 594A 8

**275.2 Scope of surveys.** The scope of such studies and surveys shall include the following matters in the various districts in the area education agency and all districts adjacent to the area education agency: The adequacy of the educational program, average daily attendance of pupils, property valuations, existing buildings and equipment, natural community areas, road conditions, transportation, economic factors, individual attention given to the needs of students, the opportunity of students to participate in a wide variety of activities related to the total development of the student, and such other matters that may bear on educational programs meeting minimum standards required by law. [C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§275.2]

Referred to in §275 9

**275.3 Minimum standards.** No new school district shall be planned by an area education agency board nor shall any proposal for creation or enlargement of any school district be approved by an area education agency board or submitted to electors unless there reside within the proposed limits of such district at

least three hundred persons of school age who were enrolled in public schools in the preceding school year. Provided, however, that the state superintendent of public instruction shall have authority to grant permission to an area education agency board to approve the formation or enlargement of a school district containing a lower school enrollment than required in this section on the written request of such area education agency board if such request is accompanied by evidence tending to show that sparsity of population, natural barriers or other good reason makes it impracticable to meet the school enrollment requirement. [R60,§2105; C73,§1800, 1801; C97,§2794; SS15,§2794, 2794-a; C24, 27, 31, 35, 39,§4143, 4161, 4173; C46, 50, §274.25, 275.3, 276.8, 276.20; C54, 58, 62, 66, 71, 73, 75, 77, 79, §275.3]

**275.4 Hearings.** In developing studies and surveys the area education agency board shall consult with the officials of affected districts and other citizens, and shall from time to time hold public hearings, and may employ such research and other assistance as it may determine reasonably necessary in order to properly carry on its survey and prepare definite plans of reorganization.

In addition, the area education agency board shall consult with the superintendent of public instruction in the development of surveys and plans. The superintendent of public instruction shall provide assistance to the area education agency boards as requested and shall advise the area education agency boards concerning plans of contiguous area education agencies and the reorganization policies adopted by the state board of public instruction.

Completed plans shall be transmitted by the area education agency board to the superintendent of public instruction. [C24, 27, 31, 35, 39,§4158; C46, 50,§275.1–275.3, 276.5; C54, 58, 62, 66, 71, 73, 75, 77, 79,§275.4]

Following receipt of a petition pursuant to section 275.12, the area education agency board shall review its plans and determine whether the petition complies with the plans which had been adopted by the board. If the petition does not comply with the plans which had been adopted by the board, the board shall conduct further surveys pursuant to section 275.4 prior to the date set

for the hearing upon the petition. [C97,§2793; S13,§2793; SS15,§2794-a; C24, 27, 31, 35, 39, §4133, 4173; C46, 50,§274.16, 274.20, 275.1, 275.3, 275.4; C54, 58, 62, 66, 71, 73, 75, 77, 79,§275.5]

Studies and surveys relating to the planning of joint districts shall be filed with the area education agency in which one of the districts is located which has the greatest taxable property base. In the case of controversy over the planning of joint districts, the matter shall be submitted to the state board\* of public instruction. Judicial review of its decision may be sought in accordance with the terms of the Iowa administrative procedure Act. Notwithstanding the terms of said Act, petitions for judicial review must be filed within thirty days after the decision of the state board\* of public instruction. Joint districts shall mean districts that lie in two or more adjacent area education agencies.

For purposes of this chapter the planning of joint districts is defined to include all of the following acts:

1. Preparation of a written joint plan in which contiguous territory in two or more area education agencies is considered as a part of a potential school district in the area education agency on behalf of which such plan is filed with the state department of public instruction by the area education agency board.

2. Adoption of such plan at a joint session of the several area education agency boards in whose areas such territory is situated. Votes of each member of an area education agency board shall be weighted so that the total number of votes eligible to be cast by members of each board shall be equal.

3. Filing said plan with the state department of public instruction.

For purposes of subsection 1 hereof, joint planning shall be evidenced by filing the following items with the state department of public instruction:

The provisions of sections 275.1 to 275.5, relating to studies, surveys, hearings and adoption of plans shall constitute a mandatory prerequisite to the effectuation of any proposal for district boundary change. It shall be the mandatory duty of the area education agency board to dismiss the petition if the above provisions are not complied with fully. [C46, 50,§275.11; C54, 58, 62, 66, 71, 73, 75, 77, 79,§275.9]

**275.10** Repealed by 57GA, ch 129, §2.

**275.11 Proposals involving two or more districts.** Subject to the approval of the area education agency board contiguous territory located in two or more school districts may be united into a single district in the manner provided in sections 275.12 to 275.22 hereof. [SS15,§2794-a; C24, 27, 31, 35, 39,§4166; C46, 50, §276.13; C54, 58, 62, 66, 71, 73, 75, 77, 79,§275.11]

**275.12 Petition—method of election.**

1. A petition describing the boundaries, or accurately describing the area included therein by legal descriptions, of the proposed district, which boundaries or area described shall conform to plans developed or the petition shall request change of the plan, shall be filed with the area education agency administrator of the area education agency in which the greatest number of electors reside. Such petition shall be signed by voters in each existing school district affected or portion thereof equal in number to at least twenty percent of the number of eligible voters or four hundred voters, whichever is the smaller number. School districts affected or portion thereof shall be defined to mean that area to be included in the plan of the proposed new school district.

2. Such petition shall also state the number of directors which may be either five or seven and the method of election of the school directors of the proposed district. The method of election of the directors shall be one of the following optional plans:

- a. Election at large from the entire district by the electors of the entire district.

- b. Division of the entire school district into designated geographical subdistricts on the basis of population, to be known as director districts, each of which director districts shall be represented on the school board by one director who shall be a resident of such director district but who shall be elected by the vote

of the electors of the entire school district. The school district shall be divided into the same number of director districts as the number of school directors the district is authorized by law. The boundaries of such director districts and the area and population included within each district shall be such as justice, equity, and the interests of the people may require. Changes in the boundaries of director districts shall not be made during a period commencing sixty days prior to the date of the annual school election. Insofar as may be practicable, the boundaries of such districts shall follow established political or natural geographical divisions.

c. Election of not more than one-half of the total number of school directors at large from the entire district and the remaining directors from and as residents of designated single-member director districts into which the entire school district shall be divided on the basis of population. In such case, all directors shall be elected by the electors of the entire school district. Changes in the boundaries of director districts shall not be made during a period commencing sixty days prior to the date of the annual school election.

d. Division of the entire school district into designated geographical subdistricts on the basis of population, to be known as director districts, each of which director districts shall be represented on the school board by one director who shall be a resident of such director district and who shall be elected by the voters of said director district. Place of voting in such director districts shall be designated by the commissioner of elections. Changes in the boundaries of director districts shall not be made during a period commencing sixty days prior to the date of the annual school election.

e. In districts having seven directors, election of three directors at large by the electors of the entire district, one at each annual school election, and election of the remaining directors as residents of and by the electors of individual geographic subdistricts established on the basis of population and identified as director districts. Boundaries of the subdistricts shall follow precinct boundaries, insofar as practicable, and shall not be changed less than sixty days prior to the annual school election.

3. If the petition proposes the division of the school district into director districts, the boundaries of such proposed director districts shall be described in the petition.

4. The area education agency board in reviewing such petition as provided in sections 275.15 and 275.16 shall review the proposed method of election of school directors and shall have the duty and authority to change or amend such plan in any manner, including the changing of boundaries of director districts if proposed, or to specify a different method of electing school directors on the basis of area, school population, or assessed valuation as may be required by law, justice, equity, and the interest of the people. In such action the area education agency board shall follow the same procedure as is required by sections 275.15 and 275.16 for other action on the petition by the area education agency board.

5. The petition may also include a provision that the schoolhouse tax provided in section 278.1, subsection 7, will be voted upon at the election conducted under section 275.18. Objections shall be filed in the office of the administrator who shall give notice at least ten days prior to the final day for filing objections, by one publication in a newspaper published within the territory described in the petition, or if none is published therein, in a newspaper published in the county where the petition is filed, and of general circulation in the territory described. The notice shall also list the date, time, and location for the hearing on the petition as provided in section 275.15. The cost of publication shall be assessed to each district whose territory is involved in the ratio that the number of pupils in basic enrollment, as defined in section 442.4 in each district bears to the total number of pupils in basic enrollment in the total area involved. Objections shall be in writing in the form of an affidavit and may be made by any person residing or owning land within the territory described in the petition, or who would be injuriously affected by the change petitioned for and shall be on file not later than twelve o'clock noon of the final day fixed for filing objections. **275.15 Hearing—decision—publication of order.** At the hearing, which shall be held within ten days of the final date set for filing objections, interested parties, both petitioners and objectors, may present evidence and arguments, and the area education agency board shall review the matter on its merits

and within five days after the conclusion of any hearing, shall rule on the objections and shall enter an order fixing such boundaries for the proposed school corporation as will in its judgment be for the best interests of all parties concerned, having due regard for the welfare of adjoining districts or dismiss the petition. The area education agency board, when entering the order fixing the boundaries, shall consider requests for boundary line changes of property owners who reside on property adjacent to the proposed boundary lines. The agency administrator shall at once publish this order in the same newspaper in which the original notice was published. Within twenty days after the publication thereof the decision rendered by the area education agency board may be appealed to the district court in the county involved by any school district affected. For purposes of appeal, only those school districts who filed reorganization petitions are school districts affected. [C24, 27, 31, 35, 39, §4158-4160; C46, 50, §276.5-276.7; C54, 58, 62, 66, 71, 73, 75, 77, 79, §275.15]

Referred to in §275.11, 275.12(4), 275.14, 275.16, 275.23

**275.16 Hearing when territory in different counties.** If the territory described in the petition for the proposed corporation lies in more than one area education agency, the agency administrator with whom the petition is filed shall fix the time and place for a hearing and call a joint meeting of the members of all the agency boards in which any territory of the proposed school corporation lies, to act as a single board for the hearing of the said objections, and a majority of all members of the agency boards of the different agencies in which any part of the proposed corporation lies, shall constitute a quorum. Votes of each member of an area education agency board shall be weighted so that the total number of votes eligible to be cast by members of each board shall be equal. However, if such joint boards cast a tie vote and are unable to agree to an order fixing the boundaries for the proposed school district or to an order to dismiss the petition, the time during which such actions must be taken under the provisions of section 275.15 shall be extended from five days to fifteen days after the conclusion of the hearing under the provisions of section 275.15, and such joint board shall reconvene not less than ten and not more than fifteen days after the conclusion of such hearing. At such hearing the joint board shall reconsider their action and if a tie vote shall again be cast it shall be deemed an order granting the petition and changing the plans of any and all of the agency boards affected by the petition and fixing the boundaries for the proposed school corporation. The agency administrator shall at once publish the decision in the same newspaper in which the original notice was published.

In case a controversy arises from such meeting, the area education agency board or boards or any school

The state department shall have the authority to affirm the action of the joint boards, to vacate, to dismiss all proceedings or to make such modification of the action of the joint boards as in their judgment would serve the best interest of all the agencies. Judicial review of the actions of the department may be sought in accordance with the terms of the Iowa administrative procedure Act. Notwithstanding the terms of said Act, petitions for judicial review must be filed within thirty days after the decision of the state department of public instruction. **275.17 Refiling a petition.** If an area education agency board does not approve the change in boundaries of school districts in accordance with a petition, an identical petition shall not be refiled for a period of six months following the date of the hearing or the vote of the board, whichever is later. [C79, §275.17]

The proposed date shall be as soon as possible pursuant to sections 39.2, subsections 1 and 2, and 47.6, subsections 1 and 2, but not later than December 31. The county commissioner of elections shall give notice of the election by one publication in the same newspaper in which previous notices have been published regarding the proposed school reorganization, and in addition thereto, if more than one county is involved, by one publication in a legal newspaper in each county other than that of the first publication, which publication shall be not less than four nor more than twenty days prior to the election. In the case of districts located in more than one county, no notice for an election shall be published until the time for appeal, which shall be the same as that provided in section 285.12, has expired; and in the event of an appeal, not until the same has been disposed of. **275.41 Alternative method for election of directors.**

2. The board of the former school district with the largest population involved in the merger shall designate four directors to be retained as members of the board of the newly formed district. Other school districts involved in the merger shall each be allowed to retain directors in proportion to the ratio that the population of the former school district bears to the most populous district involved in the merger, except that no district involved in the merger shall retain less than one director.

3. If the procedure in subsection 2 results in four members being retained from the largest district involved in the merger and only a single member from the other district involved in the merger, the reorganization petition may specify that the distribution of the board members who are retained from the districts involved in the merger be five to one, five to two, or six to one.

4. If the total number of directors determined under subsection 2 or 3 is an odd number, the board of the district with the largest population shall designate the term of office of one of the members who is retained to commence at the organizational meeting of the board of the newly formed district and to end at the organizational meeting following the fourth regular school election held thereafter in the manner specified in the reorganization petition.

If the total number of directors determined under subsection 2 or 3 is an even number, that number of directors shall function until a special election can be held, at which time an additional director shall be elected to a term from the newly formed district ending at the organizational meeting following the

fourth regular school election held thereafter. The procedure for calling the special election shall be the procedure specified in section 275.25.

5. The boards of directors of school districts which are involved in the merger which have three or more directors who are retained, shall each designate two of the directors who are retained to serve terms that expire at the organizational meeting following the second regular school election held thereafter. All other directors who are retained shall serve terms that expire at the organizational meeting following the third regular school election held thereafter.

6. At the second regular school election held after the effective date of the merger, the two vacancies which will occur on the board shall be filled in a manner specified in the reorganization petition.

7. At the third regular school election held after the effective date of merger, if a five-member board is specified in the reorganization petition, two directors shall be elected in the manner specified in the reorganization petition and if a seven-member board is specified in the reorganization petition, four directors shall be elected, two for one-year terms and two for three-year terms, in the manner specified in the reorganization petition.

8. The board of the newly formed district shall organize within forty-five days after the approval of the merger upon the call of the area education agency administrator. The new board shall have control of the employment of all personnel for the newly formed district for the ensuing school year. Following the organization of the new board the board shall have authority to establish policy, organize curriculum, enter into contracts and complete such planning and take such action as is essential for the efficient management of the newly formed community school district.

Section 49.8, subsection 4, shall not permit a director to remain on the board of a school district after the effective date of a boundary change which places the director's residence outside the boundaries of the district. Vacancies so caused on any board shall be filled in the manner provided in sections 279.6 and 279.7. [C62, 66, 71, 73, 75, 77, §275.25; C79, §275.41; 68GA, ch 1015, §35]

**275.42 to 275.50** Reserved.

#### DISSOLUTION OF DISTRICTS

**275.51 Dissolution commission.** As an alternative to school district reorganization prescribed in this chapter, the board of directors of a school district may establish a school district dissolution commission to prepare a proposal of dissolution of the school district and attachment of all of the school district to one or more contiguous school districts and to include in the proposal a division of the assets and liabilities of the dissolving school district.

The dissolution commission shall consist of seven members appointed by the board for a term of office ending either with a report to the board that no proposal can be approved or on the date of the election on the proposal. Members of the dissolution commission must be eligible electors who reside in the school district, not more than three of whom may be mem-

bers of the board of directors of the school district. Members shall be appointed from throughout the school district and should represent the various socioeconomic factors present in the school district.

Members of the dissolution commission shall serve without compensation and may be appointed to a subsequent commission. A vacancy on the commission shall be filled in the same manner as the original appointment was made.

The board of the school district shall certify to the area education agency board that a commission has been formed, the names and addresses of commission members, and that the commission members represent the various geographic areas and socioeconomic factors present in the district. [68GA, ch 1079, §2]

**275.52 Meetings.** The commission shall hold an organizational meeting not more than fifteen days after its appointment and shall elect a chairperson and vice chairperson from its membership. Thereafter the commission may meet as often as deemed necessary upon the call of the chairperson or a majority of the commission members.

The commission shall request statements from contiguous school districts outlining each district's willingness to accept attachments of the affected school district to the contiguous districts and what conditions, if any, the contiguous school district recommends. The commission shall meet with boards of contiguous school districts and with residents of the affected school district to the extent possible in drawing up the dissolution proposal. The commission may seek assistance from the area education agency and the department of public instruction. [68GA, ch 1079, §3]

**275.53 Dissolution proposal.** The commission shall send a copy of its dissolution proposal or shall inform the board that it cannot agree upon a dissolution proposal not later than one year following the date of the organizational meeting of the commission. The commission shall also send a copy of the dissolution proposal by registered mail to the boards of directors of all school districts to which area of the affected school district will be attached. If the board of a district to which area of the affected school district will be attached objects to the attachment, within ten days following receipt of the dissolution proposal the board shall send its objections in writing to the commission. The commission may consider the objections and may modify the dissolution proposal. If the dissolution proposal is modified, the commission shall notify by registered mail the boards of directors of all school districts to which area of the affected school district will be attached.

If the commission cannot agree upon a dissolution proposal prior to the expiration of its term, the board may appoint a new commission. [68GA, ch 1079, §4]

**275.54 Hearing.** Within ten days following the filing of the dissolution proposal with the board, the board shall fix a date for a hearing on the proposal which shall not be more than sixty days after the dissolution petition was filed with the board. The board shall publish notice of the date, time, and location of the hearing at least ten days prior to the date of the hearing by one publication in a newspaper in general

circulation in the district. The notice shall include the content of the dissolution proposal. A person residing or owning land in the school district may present evidence and arguments at the hearing. The president of the board shall preside at the hearing. The board shall review testimony from the hearing and shall adopt or amend and adopt the dissolution proposal. The board shall notify by registered mail the boards of directors of all school districts to which area of the affected school district will be attached and the state board of public instruction of the contents of the dissolution proposal adopted by the board. If the board of a district to which area of the affected school district will be attached objects to the attachment, that portion of the dissolution proposal will not be included in the proposal voted upon under section 275.55 and the state board of public instruction shall attach the area to a contiguous school district. If the board of a district to which area of the affected school district will be attached objects to the division of assets and liabilities contained in the dissolution proposal, section 275.30 shall apply for the division of assets and liabilities to that district.

If a dissolution proposal adopted by a board contains provisions that ninety-five percent or more of the taxable valuation of the dissolving district would be assumed and attached to a single school district, the dissolving school district shall cease further proceedings to dissolve and shall comply with reorganization procedures specified in this chapter. [68GA, ch 1079,§5]

**275.55 Election.** The board of the school district shall call a special election to be held not later than forty days following the date of the final hearing on the dissolution proposal. The special election may be held at the same time as the regular school election. The proposition submitted to the voters residing in the school district at the special election shall describe each separate area to be attached to a contiguous school district and shall name the school district to which it will be attached.

The board shall give written notice of the proposed date of the election to the county commissioner of elections. The proposed date shall be pursuant to sections 39.2, subsections 1 and 2 and 47.6, subsections 1 and 2. The county commissioner of elections shall give notice of the election by one publication in the same newspaper in which the previous notice was published about the hearing, which publication shall not be less than four nor more than twenty days prior to the election.

The proposition shall be adopted if a majority of the electors voting on the proposition approve its adoption.

The attachment is effective July 1 following its approval. [68GA, ch 1079,§6]

**275.56 Increasing enrollment.** If the enrollment of a school district increases or is expected to increase because an adjacent district has dissolved or is expected to dissolve, the board of directors of the school district shall determine whether there is a need to hire additional certificated or noncertificated employees. If the board of directors determines that there is a need to hire additional employees, the board shall determine the nature and number of the necessary new positions. Individuals who were employees of the dissolved district may apply for the new positions. The board shall hire those applicants who were employees of the dissolved district whenever the applicant is certificated for the new position or, in the case of noncertificated personnel, is otherwise qualified. If two employees of the dissolved district apply for a single certificated position, the applicant who is best qualified in the opinion of the board shall be hired. The board is not required to hire applicants who were employees of the dissolved district if the district has been dissolved for one or more school years. Applicants who are re-employed under this section shall maintain in the re-employing district vacation, salary or alternatively placement on a salary schedule based on the employee's years of experience, sick leave, and completion of probationary status as defined by section 279.19. [68GA, ch 1079,§9]

10. Change the name of the school district, without affecting its corporate existence, rights, or obligations, and subject to the requirements of section 274.6.

The board may, with approval of sixty percent of the voters, voting in a regular or special election in the school district, make extended time contracts not to exceed twenty years in duration for rental of buildings to supplement existing schoolhouse facili-

ties; and where it is deemed advisable for buildings to be constructed or placed on real estate owned by the school district, such contracts may include lease-purchase option agreements, such amounts to be paid out of the schoolhouse fund.

Before entering into a rental or lease-purchase option contract, authorized by the electors, the board shall first adopt plans and specifications for a building or buildings which it considers suitable for the intended use and also adopt a form of rental or lease-purchase option contract. The board shall then invite bids thereon, by advertisement published once each week for two consecutive weeks, in a newspaper published in the county in which the building or buildings are to be located, and the rental or lease-purchase option contract shall be awarded to the lowest responsible bidder, but the board may reject any and all bids and advertise for new bids.

The voters at the regular or special election shall have power to vote a schoolhouse tax not exceeding one dollar and thirty-five cents per thousand dollars of assessed value in any one year providing for lease-purchase option of school buildings. However, in the case of a proposition authorized by section 278.1, subsection 8 or 9, the requirements of section 275.36 shall govern with respect to the number of signatures required on a petition for submission of the proposition. When the board has directed the commissioner to submit to the voters a proposition authorized by section 278.1, subsection 8 or 9, it shall not thereafter direct him or her to submit at the same election any other proposition under either of these subsections. 2. Notification of recommendation of termination of a teacher's contract shall be in writing and shall be personally delivered to the teacher, or mailed by certified mail. The notification shall be complete when received by the teacher. The notification and the recommendation to terminate shall contain a short and plain statement of the reasons, which shall be for just cause, why the recommendation is being made. The notification shall be given at or before the time the recommendation is given to the board.

As a part of the termination proceedings, the teacher's complete personnel file of employment by that board shall be available to the teacher, which file shall contain a record of all periodic evaluations between the teacher and appropriate supervisors.

Within five days of the receipt of the written notice that the superintendent is recommending termination of the contract, the teacher may request, in writing to the secretary of the board, a private hearing with the board. The private hearing shall not be subject to chapter 28A and shall be held no sooner than ten days and no later than twenty days following the receipt of the request unless the parties otherwise agree. The secretary of the board shall notify the teacher in writing of the date, time, and location of the private hearing, and at least five days before the hearing shall also furnish to the teacher any documentation which may be presented to the board at the private hearing and a list of persons who may address the board in support of the superintendent's recommendation at the private hearing. At least three days before the hearing, the teacher shall provide any documentation he or she expects to present at the private hearing, along with the names of any persons who may address the board on behalf of the teacher. The evidence at the private hearing shall be limited to the specific reasons stated in the superintendent's notice of recommendation of termination. No participant in the hearing shall be liable for any damages to any person if any statement at the hearing is determined to be erroneous as long as the statement was made in good faith. The superintendent shall present evidence and argument on all issues involved and the teacher may cross-examine, respond and present evidence and argument in his or her behalf relevant to all issues involved. Evidence may be by stipulation of the parties and informal settlement may be made by stipulation, consent, or default or by any other method agreed upon by the parties in writing. The board shall employ a certified shorthand reporter to keep a record of the private hearing. The proceedings or any part thereof shall be transcribed at the request of either party with the expense of transcription charged to the requesting party.

The presiding officer of the board may administer oaths in the same manner and with like effect and under the same penalties as in the case of magistrates exercising criminal or civil jurisdiction. The board shall cause subpoenas to be issued for such witnesses and the production of such books and papers as either the board or the teacher may designate. The subpoenas shall be signed by the presiding officer of the board.

In case a witness is duly subpoenaed and refuses to attend, or in case a witness appears and refuses to testify or to produce required books or papers, the board shall, in writing, report such refusal to the district court of the county in which the administrative office of the school district is located, and the court shall proceed with the person or witness as though the refusal had occurred in a proceeding legally pending before the court.

The board shall not be bound by common law or statutory rules of evidence or by technical or formal rules of procedure, but it shall hold the hearing in such manner as is best suited to ascertain and conserve the substantial rights of the parties. Process and procedure under sections 279.13 to 279.19 shall be as summary as reasonably may be.

At the conclusion of the private hearing, the superintendent and the teacher may file written briefs and arguments with the board within three days or such other time as may be agreed upon.

If the teacher fails to timely request a private hearing or does not appear at the private hearing, the board may proceed and make a determination upon the superintendent's recommendation, which determination in that case shall be not later than April 10, or not later than five days after the scheduled date for the private hearing, whichever is applicable. The board shall convene in open session and by roll call

vote determine the termination or continuance of the teacher's contract.

Within five days after the private hearing, the board shall, in executive session, meet to make a final decision upon the recommendation and the evidence as herein provided. The board shall also consider any written brief and arguments submitted by the superintendent and the teacher.

The record for a private hearing shall include:

1. All pleadings, motions and intermediate rulings.
2. All evidence received or considered and all other submissions.
3. A statement of all matters officially noticed.
4. All questions and offers of proof, objections and rulings thereon.
5. All findings and exceptions.
6. Any decision, opinion, or conclusion by the board.
7. Findings of fact shall be based solely on the evidence in the record and on matters officially noticed in the record.

The decision of the board shall be in writing and shall include findings of fact and conclusions of law, separately stated. Findings of fact, if set forth in statutory language, shall be accompanied by a concise and explicit statement of the underlying facts and supporting the findings. Each conclusion of law shall be supported by cited authority or by reasoned opinion.

When the board has reached a decision, opinion, or conclusion, it shall convene in open meeting and by roll call vote determine the continuance or discontinuance of the teacher's contract. The record of the private conference and findings of fact and exceptions shall be exempt from the provisions of chapter 68A. The secretary of the board shall immediately mail notice of the board's action to the teacher. [C77, 79, §279.16]

Referred to in §275.33, 279.19, 279.27

**279.17 Appeal by teacher to adjudicator.** If the teacher is no longer a probationary teacher, the teacher may, within ten days, appeal the determination of the board to an adjudicator by filing a notice of appeal with the secretary of the board. The notice of appeal shall contain a concise statement of the action which is the subject of the appeal, the particular board action appealed from, the grounds on which relief is sought and the relief sought.

Within five days following receipt by the secretary of the notice of appeal, the board or the board's legal representative, if any, and the teacher or the teacher's representative, if any, may select an adjudicator who resides within the boundaries of the merged area in which the school district is located. If an adjudicator cannot be mutually agreed upon within the five-day period, the secretary shall notify the chairperson of the public employment relations board by transmitting the notice of appeal, and the chairperson of the public employment relations board shall within five days provide a list of five adjudicators to the parties. Within three days from receipt of the list of adjudicators, the parties shall select an adjudicator by alternately removing a name from the list until only one name remains. The person whose name re-

mains shall be the adjudicator. The parties shall determine by lot which party shall remove the first name from the list submitted by the chairperson of the public employment relations board. The secretary of the board shall inform the chairperson of the public employee relations board of the name of the adjudicator selected.

If the teacher does not timely request an appeal to an adjudicator the decision, opinion, or conclusion of the board shall become final and binding.

Within thirty days after filing the notice of appeal, or within further time allowed by the adjudicator, the board shall transmit to the adjudicator the original or a certified copy of the entire record of the private hearing which may be the subject of the petition. By stipulation of the parties to review the proceedings, the record of the case may be shortened. The adjudicator may require or permit subsequent corrections or additions to the shortened record.

The record certified and filed by the board shall be the record upon which the appeal shall be heard and no additional evidence shall be heard by the adjudicator. In such appeal to the adjudicator, especially when considering the credibility of witnesses, the adjudicator shall give weight to the fact findings of the board; but shall not be bound by them.

Before the date set for hearing a petition for review of board action, which shall be within ten days after receipt of the record unless otherwise agreed or unless the adjudicator orders additional evidence be taken before the board, application may be made to the adjudicator for leave to present evidence in addition to that found in the record of the case. If it is shown to the adjudicator that the additional evidence is material and that there were good reasons for failure to present it in the private hearing before the board, the adjudicator may order that the additional evidence be taken before the board upon conditions determined by the adjudicator. The board may modify its findings and decision in the case by reason of the additional evidence and shall file that evidence and any modifications, new findings, or decisions, with the adjudicator and mail copies of the new findings or decisions to the teacher.

The adjudicator may affirm board action or remand to the board for further proceedings. The adjudicator shall reverse, modify, or grant any appropriate relief from the board action if substantial rights of the teacher have been prejudiced because the board action is:

1. In violation of a board rule or policy or contract; or
2. Unsupported by a preponderance of the competent evidence in the record made before the board when that record is viewed as a whole; or
3. Unreasonable, arbitrary or capricious or characterized by an abuse of discretion or a clearly unwarranted exercise of discretion.

The adjudicator shall, within fifteen days after the hearing, make a decision and shall give a copy of the decision to the teacher and the secretary of the board. The decision of the adjudicator shall become the final and binding decision of the board unless either party within ten days notifies the secretary of the board that the decision is rejected. The board may reject the

decision by majority vote, by roll call, in open meeting and entered into the minutes of the meeting. The board shall immediately notify the teacher of its decision by certified mail. The teacher may reject the adjudicator's decision by notifying the board's secretary in writing within ten days of the filing of such decision.

All costs of the adjudicator shall be shared equally by the teacher and the board. [C77, 79, §279.17]

Referred to in §275.33, 279.16, 279.27

**279.18 Appeal by either party to court.** If either party rejects the adjudicator's decision, the rejecting party shall, within thirty days of the initial filing of such decision, appeal to the district court of the county in which the administrative office of the school district is located. The notice of appeal shall be immediately mailed by certified mail to the other party. The adjudicator shall transmit to the reviewing court the original or a certified copy of the entire record which may be the subject of the petition. By stipulation of all parties to the review proceedings, the record of such a case may be shortened. A party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional cost. The court may require or permit subsequent corrections or additions to the shortened record.

In proceedings for judicial review of the adjudicator's decision, the court shall not hear any further evidence but shall hear the case upon the certified record. In such judicial review, especially when considering the credibility of witnesses, the court shall give weight to the fact findings of the board; but shall not be bound by them. The court may affirm the adjudicator's decision or remand to the adjudicator or the board for further proceedings upon conditions determined by the court. The court shall reverse, modify, or grant any other appropriate relief from the board decision or the adjudicator's decision equitable or legal and including declaratory relief if substantial rights of the petitioner have been prejudiced because the action is:

1. In violation of constitutional or statutory provisions; or
2. In excess of the statutory authority of the board or the adjudicator; or
3. In violation of a board rule or policy or contract; or
4. Made upon unlawful procedure; or
5. Affected by other error of law; or
6. Unsupported by a preponderance of the competent evidence in the record made before the board and the adjudicator when that record is viewed as a whole; or
7. Unreasonable, arbitrary or capricious or characterized by an abuse of discretion or a clearly unwarranted exercise of discretion.

An aggrieved or adversely affected party to the judicial review proceeding may obtain a review of any final judgment of the district court by appeal to the supreme court. The appeal shall be taken as in other civil cases, although the appeal may be taken regardless of the amount involved. [C77, 79, §279.18]

However, a board of directors may waive the probationary period for any teacher who previously has served a probationary period in another school district and the board may extend the probationary period for an additional year with the consent of the teacher.

In the case of the termination of a probationary teacher's contract, the provisions of sections 279.15 and 279.16 shall apply.

The board's decision shall be final and binding unless the termination was based upon an alleged violation of a constitutionally guaranteed right of the teacher or an alleged violation of public employee rights of the teacher under section 20.10. [C77, 79, §279.19]

The principal, under the supervision of the superintendent of the school district and pursuant to rules and policies of the board of directors of the school district, shall be responsible for administration and operation of the attendance center to which he is assigned.

The principal shall, pursuant to the policies adopted by the board of directors of the school district, be responsible for the planning, management, operation, and evaluation of the educational program offered at the attendance center to which the principal is assigned and shall submit recommendations to the superintendent regarding the appointment, assignment, promotion, transfer and dismissal of all personnel assigned to the attendance center. The principal shall perform such other duties as may be assigned by the superintendent. [C77, 79, §279.21]

**279.22 Residence of employees.** The board shall not adopt rules under section 279.8 which require its employees to reside within the boundaries of the school district. [68GA, ch 1083, §1]

**279.23 Continuing contract for administrators.** Contracts with administrators shall be in writing and shall contain all of the following:

1. The term of employment.
2. The length of time during the school year services are to be performed.
3. The compensation per week of five consecutive days or month of four consecutive weeks.
4. A statement that the contract is invalid if the administrator is under contract with another board of directors in this state covering the same period of time, until such contract shall have been released or terminated by its provisions.
5. Such other matters as may be agreed upon.

The contract shall be signed by the president and the administrator and shall be filed with the secretary of the board before the administrator enters upon performance of the contract. A contract shall not be tendered by an employing board to an administrator under its jurisdiction prior to March 15. A contract shall not be required to be signed by the administrator and returned to the board in less than twenty-one days after being tendered.

An administrator's contract shall be governed by the provisions of this section and sections 279.24 and 279.25 and not by section 279.13. For purposes of this section and 279.24 and 279.25, the term "administrator" includes school superintendents, assistant superintendents, educational directors, principals, assistant principals, and other certified school supervisors as defined under the provisions of section 20.4. [C77, 79, §279.23]

Referred to in §273.3, 279.21

**279.24 Contract with administrators—automatic continuation or termination.** An administrator's contract shall remain in force and effect for the period stated in the contract. The contract shall be automatically continued in force and effect for one year beyond the end of its term, except as modified or terminated by mutual agreement of the board of directors and the administrator, or until terminated as hereinafter provided.

An administrator may file his or her written resignation with the secretary of the board on or before May 1 of each year or the date specified by the board for return of the contract, whichever date occurs first.

Administrators employed in a school district for less than two consecutive years are probationary administrators. However, a board may waive the probationary period for any administrator who has previously served a probationary period in another school district and the board may extend the probationary period for an additional year with the consent of the administrator. If a board determines that it should terminate a probationary administrator's contract, the board shall notify the administrator not later than March 31 that the contract will not be renewed beyond the current year. The notice shall be in writing by letter, personally delivered, or mailed by certified mail. The notification shall be complete when received by the administrator. Within ten days after receiving the notice, the administrator may request a private conference with the board to discuss the reasons for termination. The board's decision to terminate a probationary administrator's contract shall be final unless the termination was based upon an al-

leged violation of a constitutionally guaranteed right of the administrator.

The board may, by majority vote of the membership of the board, cause the contract of an administrator to be terminated. If the board determines that it should consider the termination of a nonprobationary administrator's contract, the following procedure shall apply:

On or before March 31, the administrator shall be notified in writing by a letter personally delivered or mailed by certified mail that the board has voted to consider termination of the contract. The notification shall be complete when received by the administrator.

The notice shall state the specific reasons to be used by the board for considering termination which for all administrators except superintendents shall be for just cause.

Within five days after receipt of the written notice that the board has voted to consider termination of the contract, the administrator may request in writing to the secretary of the board that the notification be forwarded to the professional teaching practices commission along with a request that the professional teaching practices commission submit a list of five qualified hearing officers to the parties. Within three days from receipt of the list the parties shall select a hearing officer by alternately removing a name from the list until only one name remains. The person whose name remains shall be the hearing officer. The parties shall determine by lot which party shall remove the first name from the list. The hearing shall be held no sooner than ten days and not later than thirty days following the administrator's request unless the parties otherwise agree. If the administrator does not request a hearing, the board, not later than April 15, may determine the continuance or discontinuance of the contract. Board action shall be by majority roll call vote entered on the minutes of the meeting. Notice of board action shall be personally delivered or mailed to the administrator.

The hearing officer selected shall notify the secretary of the board and the administrator in writing concerning the date, time, and location of the hearing. The board may be represented by a legal representative, if any, and the administrator shall appear and may be represented by counsel or by representative, if any. A transcript or recording shall be made of the proceedings at the hearing. No school board member or administrator shall be liable for any damage to any administrator or board member if any statement made at the hearing is determined to be erroneous as long as the statement was made in good faith.

The hearing officer shall, within ten days following the date of the hearing, make a proposed decision as to whether or not the administrator should be dismissed, and shall give a copy of the proposed decision to the administrator and the school board. Findings of fact shall be prepared by the hearing officer. The proposed decision of the hearing officer shall become the final decision of the board unless within ten days after the filing of the decision the administrator files a written notice of appeal with the board, or the board on its own motion determines to review the decision.

If the administrator appeals to the board, or if the board determines on its own motion to review the proposed decision of the hearing officer, a private hearing shall be held before the board within five days after the petition for review, or motion for review, has been made or at such other time as the parties may agree. The private hearing shall not be subject to the provisions of chapter 28A. The board may hear the case de novo upon the record as submitted before the hearing officer. In cases where there is an appeal from a proposed decision or where a proposed decision is reviewed on motion of the board, an opportunity shall be afforded to each party to file exceptions, present briefs and present oral arguments to the board which is to render the final decision. The secretary of the board shall give the administrator written notice of the time, place, and date of the hearing. The board shall meet within five days after the hearing to determine the question of continuance or discontinuance of the contract. The board shall make findings of fact which shall be based solely on the evidence in the record and on matters officially noticed in the record.

The decision of the board shall be in writing and shall include findings of fact and conclusions of law, separately stated. Findings of fact, if set forth in statutory language, shall be accompanied by a concise and explicit statement of the underlying facts and supporting the findings. Each conclusion of law shall be supported by cited authority or by reasoned opinion.

When the board has reached a decision, opinion, or conclusion, it shall convene in open meeting and by roll call vote determine the continuance or discontinuance of the administrator's contract. The record of the private conference and findings of fact and exceptions shall be exempt from the provisions of chapter 68A. The secretary of the board shall immediately personally deliver or mail notice of the board's action to the administrator.

The administrator may within thirty days after notification by the board of discontinuance of the contract appeal to the district court of the county in which the administrative office of the school district is located.

The court may affirm the board action. The court shall reverse, modify, or grant any other appropriate relief from the board action, equitable or legal, and including declaratory relief, if substantial rights of the administrator have been prejudiced because the board action is:

1. In violation of constitutional or statutory provisions.
2. In excess of the statutory authority of the board.
3. In violation of board policy or rule.
4. Made upon unlawful procedure.
5. Affected by other error of law.

**280.1 Title.** This chapter may be known and shall be cited as the "Uniform School Requirements" chapter. [C75, 77, 79, §280.1]

**280.2 Definitions.** The term "public school" means any school directly supported in whole or in part by taxation. The term "nonpublic school" means any other school. [C24, 27, 31, 35, 39, §4251; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §280.2]

**280.3 Duties of board.** The board of directors of each public school district and the authorities in charge of each nonpublic school shall prescribe the minimum educational program for the schools under their jurisdictions. The minimum educational program shall be the curriculum set forth in section 257.25, except as otherwise provided by law. The board of directors of a public school district shall not allow discrimination in any educational program on the basis of race, color, creed, sex, marital status or place of national origin.

A nonpublic school which is unable to meet the minimum educational program may request an exemption from the state board of public instruction. The authorities in charge of the nonpublic school shall file with the superintendent of public instruction the names and locations of all schools desiring to be exempted and the names, ages, and post office addresses of all pupils of compulsory school age who are enrolled. The superintendent, subject to the approval of the state board, may exempt the nonpublic school from compliance with the minimum educational program for two school years. When the exemption has once been granted, renewal of the exemption for each succeeding school year may be conditioned by the state superintendent, with the approval of the board, upon proof of achievement in the basic skills of arithmetic, the communicative arts of reading, writing, grammar, and spelling, and an understanding of United States history, history of Iowa, and the principles of American government, of the pupils of compulsory school age exempted in the preceding year. Proof of achievement shall be determined on the basis of tests or other means of evaluation prescribed by the superintendent of public instruction with the approval of the board of public instruction. The testing or evaluation, if required, shall be accomplished prior to submission of the request for renewal of the exemption. Renewal requests shall be filed with the superintendent of public instruction by April 15 of the school year preceding the school year for which the applicants desire exemption. This section shall not apply to schools eligible for exemption under section 299.24.

The board of directors of each public school district and the authorities in charge of each nonpublic school shall establish and maintain attendance centers based

upon the needs of the school age pupils enrolled in the school district or nonpublic school. Kindergarten and prekindergarten programs may be provided. In addition, the board of directors or governing authority may include in the educational program of any school such additional courses, subjects, or activities which it deems fit the needs of the pupils. [C75, 77, 79, §280.3]

**280.4 Medium of instruction.** The medium of instruction in all secular subjects taught in both public and nonpublic schools shall be the English language, except when the use of a foreign language is deemed appropriate in the teaching of any subject or when the student is non-English-speaking. When the student is non-English-speaking, both public and nonpublic schools shall provide special instruction, which shall include but need not be limited to either instruction in the English language or a transitional bilingual program, until the student demonstrates a functional ability to speak, write, read and understand the English language. As used in this section, "non-English-speaking student" means a student whose native language is not English and whose inability or limited ability to speak, write or read English significantly impedes educational progress.

1. The board of directors of a school district may submit an application to the school budget review committee for funds provided by Acts of the Sixty-eighth General Assembly, chapter 13, section 7, subsection 10, for instruction in the English language, a transitional bilingual, or other special instruction program when support for the program from other federal, state or local sources is not available or is inadequate. The department of public instruction shall review all applications for funding and provide recommendations to the school budget review committee regarding their disposition. The school budget review committee shall not grant funds to a public school for instruction in the English language, a transitional bilingual or other special instruction program unless the program offered by the public school is available to nonpublic school students in the district.

2. The department of public instruction shall promulgate rules relating to the identification of non-English-speaking students who require special instruction under this section and to application procedures for funds available under this section.

3. Grants made to a school pursuant to this section shall not exceed four hundred dollars for each student in the program. A public school may receive funds for nonpublic school students attending the program offered by the public school. However, the amount granted for each nonpublic school student in a program shall not exceed the amount granted for each public school student in the program. [C24, 27, 31, 35, 39, §4254; C46, 50, 54, 58, 62, 66, 71, 73, §280.5; C75, 77, 79, 79, §280.4; 68GA, ch 13, §18, 19]

The county commissioner of elections responsible for conducting the election shall certify to each county board of education the amount which each board owes. [C66, 71, 73, 75, 77, 79, §280A.14]

The petition shall state the number of the director district from which the candidate seeks election, and the candidate's name and status as an eligible elector of the director district. Signers of the petition, in addition to signing their names, shall show their residence, including street and number if any, the school district in which they reside, and the date they signed the petition. Each nomination paper shall have appended to it an affidavit of an eligible elector other than the candidate in substantially the form provided in section 43.17, except as to party affilia-

Nomination papers in behalf of candidates for member of the board of directors of a merged area shall be filed with the secretary of the board not earlier than sixty-five days nor later than five o'clock p.m. on the fortieth day prior to the election at which members of the board are to be elected. That commissioner shall certify the names of candidates, and the text and summary of any public measure being submitted to the electorate, to all county commissioners of elections in the merged area by the thirty-fifth day prior to the election.

4. The votes cast in the election shall be canvassed and abstracts of the votes cast shall be certified as required by section 277.20. In each county whose commissioner of elections is responsible under section 47.2 for conducting elections held for a merged area, the county board of supervisors shall convene at ten o'clock a.m. on the last Monday in September, canvass the abstracts of votes cast and declare the results of the voting. **280A.16 Status of merged area.** A merged area formed under the provisions of this chapter shall be a body politic as a school corporation for the purpose of exercising powers granted under this chapter, and as such may sue and be sued, hold property, and exercise all the powers granted by law and such other powers as are incident to public corporations of like character and are not inconsistent with the laws of the state. [C66, 71, 73, 75, 77, 79, §280A.16]

**280A.17 Preparation of budget.** The board of directors of each merged area shall prepare an annual budget designating the proposed expenditures for operation of the area vocational school or area community college. The board shall further designate the amounts which are to be raised by local taxation and the amounts which are to be raised by other sources of revenue for such operation. The budget of each merged area shall be submitted to the state board no later than May 1 preceding the next fiscal year for approval. The state board shall review the proposed budget and shall, prior to June 1, either grant its approval or return the budget without approval with the comments of the state board attached thereto.

Any unapproved budget shall be resubmitted to the state board for final approval. Upon approval of the budget by the state board, the board of directors shall certify the amount to the respective county auditors and the boards of supervisors annually shall levy a tax of twenty and one-fourth cents per thousand dollars of assessed value on taxable property in a merged area for the operation of an area vocational school or area community college. Taxes collected pursuant to such levy shall be paid by the respective county treasurers to the treasurer of the merged area in the same manner that other school taxes are paid to local school districts.

It is the policy of this state that the property tax for the operation of area schools shall not in any event exceed twenty and one-fourth cents per thousand dollars of assessed value, and that the present and future costs of such operation in excess of the funds raised by such levy shall be the responsibility of the state and shall not be paid from property tax. 7. Student fees collected from students for activities, laboratory breakage, instructional materials, and other objects and purposes for which student fees other than tuition are customarily charged by colleges and universities, as provided in a schedule of fees adopted by the area board of directors. The expenditure of funds collected from students for activities shall be determined by the student government unit with administrative and board approval. Any increases in student fees for activities shall be determined by the student government unit with administrative and board approval. [C66, 71, 73, 75, 77, 79, §280A.18; 68GA, ch 1012, §35]

Referred to in §280A.34, 280A.38

**280A.19 Acquisition of sites and buildings.** Boards of directors of merged areas may acquire sites and erect and equip buildings for use by area voca-

tional schools or area community colleges and may contract indebtedness and issue bonds to raise funds for such purposes. [C66, 71, 73, 75, 77, 79, §280A.19]

Referred to in §280A.20, 280A.21, 280A.34

**280A.20 Payment of bonds.** Taxes for the payment of bonds issued under section 280A.19 shall be levied in accordance with chapter 76. The bonds shall be payable from a fund created from the proceeds of such taxes in not more than twenty years and bear interest at a rate not exceeding seven percent per annum, and shall be of such form as the board issuing the bonds shall by resolution provide. Any indebtedness incurred shall not be considered an indebtedness incurred for general and ordinary purposes. [C66, 71, 73, 75, 77, 79, §280A.20]

See §75.11

**280A.21 Election to incur indebtedness.** No indebtedness shall be incurred under section 280A.19 until authorized by an election. A proposition to incur indebtedness and issue bonds for area vocational school or area community college purposes shall be deemed carried in a merged area if approved by a sixty percent majority of all voters voting on the proposition in the area. [C66, 71, 73, 75, 77, 79, §280A.21]

**280A.22 Additional tax.** In addition to the tax authorized under section 280A.17, the voters in any merged area may at the annual school election vote a tax not exceeding twenty and one-fourth cents per thousand dollars of assessed value in any one year for a period not to exceed ten years for the purchase of grounds, construction of buildings, payment of debts contracted for the construction of buildings, purchase of buildings and equipment for buildings, and the acquisition of libraries, and for the purpose of maintaining, remodeling, improving, or expanding the area vocational school or area community college of the merged area which tax shall be collected by the county treasurers and remitted to the treasurer of the merged area as other taxes are collected and remitted, and the proceeds of said tax shall be deposited in a separate and distinct fund to be known as the voted tax fund, to be paid out upon warrants drawn by the president and secretary of the board of directors of the merged area district for the payment of costs incurred in providing the school facilities for which the tax was voted.

In order to make immediately available to the merged area the proceeds of the voted tax hereinbefore authorized to be levied, the board of directors of any such merged area is hereby authorized, without the necessity for any further election, to borrow money and enter into loan agreements in anticipation of the collection of such tax, and such board shall, by resolution, provide for the levy of an annual tax, within the limits of the special voted tax hereinbefore authorized, sufficient to pay the amount of any such loan and the interest thereon to maturity as the same becomes due. A certified copy of this resolution shall be filed with the county auditors of the counties in which such merged area is located, and the filing thereof shall make it a duty of such auditors to enter annually this levy for collection until funds are realized to repay the loan and interest thereon in full.

Said loan must mature within the number of years for which the tax has been voted and shall bear interest at a rate or rates not exceeding that permitted by chapter 74A. Any loan agreement entered into pursuant to authority herein contained shall be in such form as the board of directors shall by resolution provide and the loan shall be payable as to both principal and interest from the proceeds of the annual levy of the voted tax hereinbefore authorized, or so much thereof as will be sufficient to pay the loan and interest thereon. In furtherance of the foregoing the board of directors of such merged area may, with or without notice, negotiate and enter into a loan agreement or agreements with any bank, investment banker, trust company, insurance company or group thereof, whereunder the borrowing of the necessary funds may be assured and consummated. The proceeds of such loan shall be deposited in a special fund, to be kept separate and apart from all other funds of the merged area, and shall be paid out upon warrants drawn by the president and secretary of the board of directors to pay the cost of acquiring the school facilities for which the tax was voted.

Nothing herein contained shall be construed to limit the authority of the board of directors to levy the full amount of the voted tax, but if and to whatever extent said tax is levied in any year in excess of the amount of principal and interest falling due in such year under any loan agreement, the first available proceeds thereof, to an amount sufficient to meet maturing installments of principal and interest under the loan agreement, shall be paid into the sinking fund for such loan before any of such taxes are otherwise made available to the merged area for other school purposes, and the amount required to be annually set aside to pay the principal of and interest on the money borrowed under such loan agreement shall constitute a first charge upon all of the proceeds of such annual special voted tax, which tax shall be pledged to pay said loan and the interest thereon.

This law shall be construed as supplemental and in addition to existing statutory authority and as providing an independent method of financing the cost of acquiring school facilities for which a tax has been voted under this section and for the borrowing of money and execution of loan agreements in connection therewith and shall not be construed as subject to the provisions of any other law. The fact that a merged area may have previously borrowed money and entered into loan agreements under authority herein contained shall not prevent such merged area from borrowing additional money and entering into further loan agreements provided that the aggregate of the amount payable under all of such loan agreements does not exceed the proceeds of the voted tax. All acts and proceedings heretofore taken by the board of directors or by any official of any merged area for the exercise of any of the powers granted by this section are hereby legalized and validated in all respects. [C66, 71, 73, 75, 77, 79, §280A.22; 68GA, ch 1025, §24]

**280A.23 Authority of area directors.** The board of directors of each area vocational school or area community college shall:

1. Determine the curriculum to be offered in such school or college subject to approval of the state board. If an existing private educational or vocational institution within the merged area has facilities and curriculum of adequate size and quality which would duplicate the functions of the area school, the board of directors shall discuss with the institution the possibility of entering into contracts to have the existing institution offer facilities and curriculum to students of the merged area. The board of directors shall consider any proposals submitted by the private institution for providing such facilities and curriculum. The board of directors may enter into such contracts. In approving curriculum, the state board shall ascertain that all courses and programs submitted for approval are needed and that the curriculum being offered by an area school does not duplicate programs provided by existing public or private facilities in the area. In determining whether duplication would actually exist, the state board shall consider the needs of the area and consider whether the proposed programs are competitive as to size, quality, tuition, purposes, and area coverage with existing public and private educational or vocational institutions within the merged area.

2. Have authority to determine tuition rates for instruction. Tuition for residents of Iowa shall not exceed the lowest tuition rate per semester, or the equivalent, charged by an institution of higher education under the state board of regents for a full-time resident student. However, if a local school district pays tuition for a resident pupil of high school age, the limitation on tuition for residents of Iowa shall not apply, the amount of tuition shall be determined by the board of directors of the area school with the consent of the local school board, and the pupil shall not be included in the full-time equivalent enrollment of the area school for the purpose of computing general aid to the area school. Tuition for nonresidents of Iowa shall be not less than one hundred fifty percent and not more than two hundred percent of the tuition established for residents of Iowa. Tuition for resident or nonresident students may be set at a higher figure with the approval of the state board. A lower tuition for nonresidents may be permitted under a reciprocal tuition agreement between a merged area and an educational institution in another state, if the agreement is approved by the state board.

3. Have the powers and duties with respect to such schools and colleges, not otherwise provided in this chapter, which are prescribed for boards of directors of local school districts by chapter 279 except that the board of directors is not required to prohibit the use of tobacco and the use or possession of alcoholic liquor or beer by any student under the provisions of section 279.9.

4. Have the power to enter into contracts and take other necessary action to insure a sufficient curriculum and efficient operation and management of the school or college and maintain and protect the physical plant, equipment, and other property of the school or college.

5. Establish policy and make rules, not inconsistent with law and administrative rules, regulations, and policies of the state board, for its own government and that of the administrative, teaching, and other personnel, and the students of the school or college, and aid in the enforcement of such laws, rules, and regulations.

6. Have authority to sell a student-constructed building and the property on which the student-constructed building is located or any article resulting from any vocational program or course offered at an area vocational school or area community college by any procedure which may be adopted by the board. Governmental agencies and governmental subdivisions of the state within the merged areas shall be given preference in the purchase of such articles. All revenue received from the sale of any article shall be credited to the funds of the board of the merged area.

7. With the consent of the inventor, and in the discretion of the board, secure letters patent or copyright on inventions of students, instructors, and officials of any vocational school or community college of the merged area, or take assignment of such letters patent or copyright and make all necessary expenditures in regard thereto. Letters patent or copyright on inventions when so secured shall be the property of the board of the merged area and the royalties and earnings thereon shall be credited to the funds of the board.

8. Set the salary of the area superintendent. In setting the salary, the board shall consider the salaries of administrators of educational institutions in the merged area and the enrollment of the area school.

9. At the request of an employee through contractual agreement the board may arrange for the purchase of group or individual annuity contracts for any of its respective employees from any company the employee may choose that is authorized to do business in this state and through an Iowa-licensed insurance agent that the employee may select, for retirement or other purposes and may make payroll deductions in accordance with such arrangements for the purpose of paying the entire premium due and to become due under such contract. The deductions shall be made in the manner which will qualify the annuity premiums for the benefits afforded under section 403b of the Internal Revenue Code of 1954 and amendments\* thereto. The employee's rights under such annuity contract shall be nonforfeitable except for the failure to pay premiums. Whenever an existing tax-sheltered annuity contract is to be replaced by a new contract the agent or representative of the company shall submit a letter of intent to the company being replaced, to the insurance commissioner of the state of Iowa, and to his own company at least thirty days prior to any action by registered mail. This letter of intent shall contain the policy number and description of the contract being replaced and a description of the replacement contract.

10. Make necessary rules to provide for the policing, control, and regulation of traffic and parking of vehicles and bicycles on the property of the area school. The rules may provide for the use of institutional roads, driveways, and grounds; registration of

vehicles and bicycles; the designation of parking areas; the erection and maintenance of signs designating prohibitions or restrictions; the installation and maintenance of parking control devices except parking meters; and assessment, enforcement, and collection of reasonable penalties for the violation of the rules.

Rules made under this subsection may be enforced under procedures adopted by the board of directors. Penalties may be imposed upon students, faculty, and staff for violation of the rules, including, but not limited to, a reasonable monetary penalty which may be deducted from student deposits and faculty or staff salaries or other funds in possession of the area school or added to student tuition bills. The rules made under this subsection may also be enforced by the impoundment of vehicles and bicycles parked in violation of the rules, and a reasonable fee may be charged for the cost of impoundment and storage prior to the release of the vehicle or bicycle to the owner. Each area school shall establish procedures for the determination of controversies in connection with the imposition of penalties. The procedures shall require giving notice of the violation and the penalty prescribed and providing the opportunity for an administrative hearing. [C66, 71, 73, 75, 77, 79, §280A.23; 68GA, ch 1086, §1]

\*See 68GA, ch 185, effective July 1, 1969

**280A.24 Area community college.** The board of directors of a merged area initially organized for the establishment of, and which is operating, an area vocational school may with the approval of the state board expand the curriculum of the school to qualify as an area community college. The state board shall upon approval officially classify the school as an area community college.

The standard academic work load for an instructor in arts and science courses shall be fifteen credit hours per school term, and the maximum academic work load for any instructor shall be sixteen credit hours per school term, for classes taught during the normal school day. In addition thereto, any faculty member may teach a course or courses at times other than usual day-course hours, or on days other than the regular school week, involving total class instruction time equivalent to not more than a three-credit-hour course. The total work load for such instructors shall not exceed the equivalent of eighteen credit hours per school term. [C66, 71, 73, 75, 77, 79, §280A.24]

**280A.25 Power of state board.** The state board shall:

1. Have authority to designate any vocational school or community college as an "area vocational education school" within the meaning of, and for the purpose of administering, the Act of Congress designated the "Vocational Education Act of 1963". No vocational school or community college shall be so designated by the board for the expenditure of funds under section 35c, subsection "a", paragraph 5, Title 20, U.S.C., which has not been designated and classified as an area vocational school or area community college by the state board.

2. Change boundaries of director districts in any merged area when the commission fails to change boundaries as required by law.

3. Change boundaries of merged areas to take into account mergers of local school districts and changes in boundaries of local school districts, when necessary to maintain the policy of this chapter that no local school district shall be a part of more than one merged area. The state board may also make other changes in boundaries of merged areas with the approval of the board of directors of each merged area affected by the change. At any time when the boundaries of a merged area are so changed, the state board may authorize the board of directors of the merged area to levy additional taxes upon the property within the merged area, or any part thereof, and distribute the same so that all parts of the merged area are paying their share toward the support of the school or college.

4. Administer, allocate, and disburse any federal or state funds made available to pay any portion of the cost of acquiring sites for and constructing, acquiring, or remodeling facilities for area vocational schools or area community colleges, and establish priorities for the use of such funds.

5. Administer, allocate, and disburse any federal or state funds available to pay any portion of the operating costs of area vocational schools or area community colleges.

6. Approve, in such manner as it may prescribe, sites and buildings to be acquired, erected, or remodeled for use by area vocational schools or area community colleges.

7. Have authority to adopt such administrative rules as it deems necessary to carry out the provisions of this chapter.

8. Have the power to enter into contracts with local school boards within the area that have and maintain a technical or vocational high school and with private schools or colleges in the co-operative or merged areas to provide courses or programs of study in addition to or as a part of the curriculum made available in the community college or area vocational schools.

9. Make arrangements with boards of merged areas and local school districts to permit students attending high school to participate in vocational-technical programs and obtain credit for such participation for application toward the completion of a high school diploma. The granting of such credit shall be subject to the approval of the state board.

10. Prescribe a uniform system of accounting for area schools.

11. Review programs and make recommendations, and approve or disapprove requests of merged area schools to expand their programs. [C66, 71, 73, 75, 77, 79, §280A.25]

**280A.26 Former community or junior colleges.** Any local school district which operated a community or junior college for any period between September 1, 1964, and July 4, 1965, may continue to operate such college. Existing public community or junior colleges may be converted into area vocational schools or area community colleges in the manner provided in this chapter. In addition, an existing public community or

junior college may be converted into an area vocational school or area community college by agreement between the board of directors of the local school district operating the community or junior college and the board of directors of the merged area. Such agreement shall be effective only if approved by the state board of public instruction. Such agreement shall provide for reasonable compensation to such local school district.

Where the board of any local school district operating a community or junior college and the board of directors of the merged areas are not in agreement on the reasonable value of any public community or junior college which is to be converted, the matters of disagreement shall be decided by three disinterested arbitrators; one selected by the local board, one by the board of the merged area, and one by the two arbitrators so selected. The decision of the arbitrators shall be made in writing and a copy of the decision shall be filed with the secretary of the board of the merged area and the secretary of the local board. Any party to the proceedings may appeal therefrom to the district court by serving notice thereof within twenty days after the decision is filed. Such appeal shall be tried in equity and a decree entered determining the entire matter. The decree so entered shall be final. [C66, 71, 73, 75, 77, 79, §280A.26]

**280A.27 Area schools branch in department.** There shall be an area schools branch within the state department of public instruction. The branch shall exercise the powers and perform the duties conferred by law upon the department with respect to area vocational schools and area and public community and junior colleges. [C66, 71, 73, 75, 77, 79, §280A.27]

**280A.28 Boundaries of director districts.** Boundary lines of director districts in the merged areas shall be redrawn after each census to compensate for changes in population if such population changes have taken place. A commission for the purpose of redrawing the boundary lines of the director districts of a merged area, composed of members of the boards of directors of each of the school districts located in the merged area, shall be called by the chairperson of the board of the merged area as soon as possible after census information is available. The chairperson of the board of the merged area shall preside over the commission but shall not have a vote on the commission. In votes of the commission, the vote of the board of the least populous school district in the merged area shall have a weight of one unit and the vote of the boards of each of the other school districts in the merged area shall have a weight which bears the same proportion to one unit as the population of the school district bears to the population of the least populous school district in the merged area.

Where feasible, boundary lines of director districts shall coincide with the boundary lines of school districts and the boundary lines of election precincts established pursuant to sections 49.3 to 49.6.

Director districts shall be of approximately equal population within each merged area. [C66, 71, 73, 75, 77, §280A.23(2); C79, §280A.23]

**280A.29 Director districts.** Changes in the boundary lines of director districts of merged areas and

area education agencies shall not lengthen or diminish the term of office of a director of an area education agency board or a merged area board. Changes in boundary lines of director districts shall be transmitted to the boards of directors of merged areas and area education agencies within ten days following action of the boundary commission. The boards shall use the revised director district boundary lines at the next following regular school election or regular director district convention. [C79, §280A.29, 280A.30; 68GA, ch 1075, §5]

**280A.30** Repealed by 68GA, ch 1075, §6; see §280A.29.

For the purpose of this section:

1. "*Auxiliary enterprises*" means self-supporting services provided at the area school for which fees or charges are paid, and includes but is not limited to food services, college stores, student unions, institutionally operated vending services, recreational activities, faculty clubs, laundries, parking facilities, and intercollegiate athletics.

2. "*Profits from auxiliary enterprises*" means the difference between the total fees or charges collected for auxiliary enterprises and the expenditures by the area school for the auxiliary enterprises. [68GA, ch 1085, §1]

**280A.32** Repealed by 66GA, ch 160, §2.

**280A.33 Joint action with board of regents.**

1. Approval standards, except as hereinafter provided, for area and public community and junior colleges shall be initiated by the area schools branch of the department and submitted to the state board of public instruction and the state board of regents, through the state superintendent of public instruction, for joint consideration and adoption.

2. Approval standards for area vocational schools and for vocational programs and courses offered by area community colleges shall be initiated by the area schools branch and submitted to the state board of public instruction through the state superintendent of public instruction, for consideration and adoption. No such proposed approval standard shall be adopted by the state board until the standard has been submitted to the advisory committee created by chapter 258 and its recommendations thereon obtained.

3. For purposes of this section, "approval standards" shall include standards for administration, qualifications and assignment of personnel, curriculum, facilities and sites, requirements for awarding of diplomas and other evidence of educational achievement, guidance and counseling, instruction, instructional materials, maintenance, and library.

4. Approval standards shall be subject to the provisions of chapter 17A. In addition, approval standards shall be reported by the state board to the general assembly within twenty days after the com-

mencement of a regular legislative session. No area community college or area vocational school shall be removed from the approved list for failure to comply with the approval standards until at least one hundred twenty days have elapsed following the reporting of such standards to the general assembly as provided in this section.

5. The department of public instruction shall supervise and evaluate the educational program in the several area community colleges and area vocational schools of the state for the purpose of the improvement and approval of such institutions.

6. The superintendent of public instruction shall make recommendations and suggestions in writing to each area community college and area vocational school if the department of public instruction determines, after due investigation, that deficiencies exist.

7. The state board shall maintain a list of approved area community colleges and area vocational schools, and it shall remove from the approved list for cause, after due investigation and notice, any area community college or area vocational school which fails to comply with the approval standards. An area community college or area vocational school which is removed from the approved list pursuant to this section shall be ineligible to receive state financial aid during the period of such removal. The state board shall allow a reasonable period of time, which shall be at least one year, for compliance with approval standards if an area community college or area vocational school is making a good faith effort and substantial progress toward full compliance or if failure to comply is due to factors beyond the control of the board of directors of the merged area operating the institution. In allowing time for compliance, the board shall follow consistent policies, taking into account the circumstances of each case. The reasonable period of time for compliance may be, but need not be, given prior to the one-year notice requirement that is provided in this section.

8. The department of public instruction shall give any area community college or area vocational school which is to be removed from the approved list at least one year's notice. The notice shall be given by registered or certified mail addressed to the superintendent of the area community college or area vocational school and shall specify the reasons for removal. The notice shall also be sent by ordinary mail to each member of the board of directors of the area community college or area vocational school, and to the news media which serve the merged area where the school is located; but any good faith error or failure to comply with this sentence shall not affect the validity of any action by the state board. If, during the year, the area community college or area vocational school remedies the reasons for removal and satisfies the state board that it will thereafter comply with the laws and approval standards the state board shall continue the area community college or area vocational school on the approved list and shall transmit to the area community college or area vocational school notice of the action by registered or certified mail.

9. At any time during the year after notice is given, the board of directors of the area community col-

lege or area vocational school may request a public hearing before the state board of public instruction, by mailing a written request to the superintendent of public instruction by registered or certified mail. The president of the state board shall promptly set a time and place for the public hearing, which shall be either in Des Moines or in the affected merged area. At least thirty days' notice of the time and place of the hearing shall be given by registered or certified mail addressed to the superintendent of the area community college or area vocational school. At least ten days before the hearing, notice of the time and place of the hearing and the reasons for removal shall also be published by the state department in a newspaper of general circulation in the merged area where the area community college or area vocational school is located.

10. At the hearing the area community college or area vocational school may be represented by counsel and may present evidence. The state board may provide for the hearing to be recorded or reported. If requested by the area community college or area vocational school at least ten days before the hearing, the state board shall provide for the hearing to be recorded or reported at the expense of the area community college or area vocational school, using any reasonable method specified by the area community college or area vocational school. Within ten days after the hearing, the state board shall render its written decision, signed by a majority of its members, and shall affirm, modify or vacate the action or proposed action to remove the area community college or area vocational school from the approved list. [C66, 71, 73, §257.25, 280A.33; C75, 77, 79, §280A.33]

**280A.34 Certain uses of funds prohibited.** Funds obtained pursuant to section 280A.17; subsections 3, 4, and 5 of section 280A.18; section 280A.19; and section 280A.22 shall not be used for the construction or maintenance of athletic buildings or grounds. [C71, 73, 75, 77, 79, §280A.34]

**280A.35 Limitation on land.** A merged area may not purchase land which will increase the aggregate of land owned by such area, excluding land which has been or may be acquired by donation or gift, by more than three hundred twenty acres. Such limitation shall not apply to merged areas owning more than three hundred twenty acres, excluding land acquired by donation or gift, prior to January 1, 1969.

With the approval of the state board, the board of directors of any merged area at any time may sell any land in excess of one hundred sixty acres owned by the merged area, and no election shall be necessary in connection with such sale notwithstanding any other provisions of law. The proceeds of the sale may be used for any of the purposes stated in section 280A.22. This paragraph is in addition to any authority under other provisions of law. [C71, 73, 75, 77, 79, §280A.35]

**280A.36 Faculty development.** The administration of the college shall encourage the continued development of faculty potential by: (1) Regularly stimulating department chairmen or heads to meet their responsibilities in this regard; (2) lightening the teaching loads of first-year instructors whose course

preparation and in-service training demand it; (3) stimulating curricular evaluation; and (4) encouraging the development of an atmosphere in which the faculty brings a wide range of ideas and experiences to the students, each other, and the community. [C71, 73, 75, 77, 79, §280A.36]

**280A.37 Membership in association of school boards.** Boards of directors of merged area schools may pay, out of funds available to them, reasonable annual dues to an Iowa association of school boards.

Membership in such an Iowa association of school boards shall be limited to those duly elected members of boards of directors of area schools. [C71, 73, 75, 77, 79, §280A.37]

**280A.38 Lease agreements for space.** The board of directors may, with the approval of the state board, enter into lease agreements, with or without purchase options, not to exceed twenty years in duration, for the leasing or rental of buildings for use basically as classrooms, laboratories, shops, libraries and study halls for vocational school or community college purposes, and pay for the same with funds acquired pursuant to section 280A.17, section 280A.18, and section 280A.22.

Such agreements may include the leasing of existing buildings on public or private property, buildings to be constructed upon real estate owned by the area school, or buildings to be placed upon real estate owned by the area school.

Before entering into a lease agreement with a purchase option for a building to be constructed, or placed, upon real estate owned by the area school, the board shall first adopt plans and specifications for the proposed building which it considers suitable for the intended use, and the board shall also adopt the proposed terms of the lease agreement and purchase option. Upon obtaining the approval of the state board, the board shall invite bids thereon, by advertisement published once each week for two consecutive weeks in the county where the building is to be located. Such lease agreement shall be awarded to the lowest responsible bidder, or the board may reject all bids and readvertise for new bids. [C71, 73, 75, 77, 79, §280A.38]

**280A.39 Combining merged areas—election.** Any merged area may combine with any adjacent merged area after a favorable vote by the electors of each of

the areas involved. If the boards of directors of two or more merged areas agree to a combination, the question shall be submitted to the electors of each area at a special election to be held on the same day in each area. The special election shall not be held within thirty days of any general election. Prior to the special election, the board of each merged area shall notify the county commissioner of elections of the county in which the greatest proportion of the merged area's taxable base is located who shall publish notice of the election according to section 49.53. The two respective county commissioners of elections shall conduct the election pursuant to the provisions of chapters 39 to 53. The votes cast in the election shall be canvassed by the county board of supervisors and the county commissioners of elections who conducted the election shall certify the results to the board of directors of each merged area.

If the vote is favorable in each merged area, the boards of each area shall proceed to transfer the assets, liabilities, and facilities of the areas to the combined merged area, and shall serve as the acting board of the combined merged area until a new board of directors is elected. The acting board shall submit to the state board a plan for redistricting the combined merged area, and upon receiving approval from the state board, shall provide for the election of a director from each new district at the next regular school election. The directors elected from each new district shall determine their terms by lot as provided in section 280A.12. Election of directors for the combined merged area shall follow the procedures established for election of directors of a merged area. A combined merged area shall be subject to all provisions of law and regulations governing merged areas. [C71, 73, 75, 77, 79, §280A.39]

**280A.40 Area vocational school attendance center.** Any merged area shall provide an area vocational school attendance center within a county of the merged area which contains a city of fifty thousand population or more as determined by the 1970 federal decennial census unless an exemption to the requirement is granted by the state board.

**281.1 Division of education created.** There is created within the state department of public instruction a division of special education for the promotion, direction, and supervision of education for children requiring special education in the schools under the supervision and control of the department. The state superintendent, subject to the approval of the state board of public instruction, is authorized to organize the division and to employ the necessary qualified personnel to carry out the provisions of this chapter [C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §281 1]

### 281.2 Definitions.

1 "*Children requiring special education*" means persons under twenty-one years of age, including children under five years of age, who are handicapped in obtaining an education because of physical, mental, emotional, communication or learning disabilities or who are chronically disruptive, as defined by the rules of the department of public instruction

2 "*Special education*" means classroom, home, hospital, institutional, or other instruction designed to meet the needs of children requiring special education as defined in subsection 1, transportation and corrective and supporting services required to assist children requiring special education, as defined in subsection 1, in taking advantage of, or responding to, educational programs and opportunities, as defined by rules of the state board of public instruction

It is the policy of this state to provide and to require school districts to make provision, as an integral part of public education, for special education opportunities sufficient to meet the needs and maximize the capabilities of children requiring special education. This chapter is not to be construed as encouraging separate facilities or segregated programs designed to meet the needs of children requiring special education when such children can benefit from all or part of the education program as offered by the local school district. To the maximum extent possible, children requiring special education shall attend regular classes and shall be educated with children who do not require special education. Whenever possible, hindrances to learning and to the normal functioning of children requiring special education within the regular school environment shall be overcome by the provision of special aids and services rather than by separate programs for those in need of special education. Special classes, separate schooling or other removal of children requiring special education from the regular educational environment, shall occur only when, and to the extent that the nature or severity of the educational handicap is such that education in regular classes, even with the use of supplementary aids and services, cannot be accomplished satisfactorily. For those children who cannot adapt to the regular educational or home living conditions, and who are attending facilities under chapters 263, 269 and 270, upon the request of the board of directors of an area education agency, the department of social services shall provide residential or detention facilities and the area education agency shall provide special education programs and services. The area education agencies shall co-operate with the board of regents to provide the services required by this Act\*

Special aids and services shall be provided to children requiring special education who are less than five years of age if the aids and services will reasonably permit the child to enter the educational process or school environment when the child attains school age

Every child requiring special education shall, if reasonably possible, receive a level of education commensurate with the level provided each child who does not require special education. The cost of providing such an education shall be paid as provided in section 273 9, this chapter and chapter 442. It shall be the primary responsibility of each school district to provide special education to children who reside in that district if the children requiring special education are properly identified, the educational program or service has been approved, the teacher or instructor has been certified, the number of children requiring special education needing that educational program or service is sufficient to make offering the program or service feasible, and the program or service cannot more economically and equably be obtained from the area education agency, another school district, another group of school districts, a qualified private agency, or in co-operation with one or more other districts

Any funds received by the school district of the child's residence for the child's education, derived from funds received through chapter 442, this chapter and section 273 9 shall be paid by the school district of the child's residence to the appropriate education agency, private agency, or other school district providing special education for the child pursuant to contractual arrangements as provided in section 273 3, subsections 5 and 7 [C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §281 2]

\*65GA ch 1172

**281.3 Powers and duties of state department.** The division of special education, subject to the approval of the state board, shall have the following duties and powers

1 To aid in the organization of special schools, classes and instructional facilities for children requiring special education, and to supervise the system of special education for children requiring special education

2 To adopt rules consistent with the provisions of this chapter for the approval of plans for special education programs and services submitted by the director of special education of the area education agency

3 To adopt plans for the establishment and maintenance of day classes, schools, home instruction, and other methods of special education for children requiring special education

4 To purchase and otherwise acquire special equipment, appliances and other aids for use in special education, and to loan or lease same under such rules and regulations as the department may prescribe

5 To prescribe courses of study, and curricula for special schools, special classes and special instruction of children requiring special education, including physical and psychological examinations, and to prescribe minimum requirements for children requiring

special education to be admitted to any such special schools, classes or instruction.

6. To provide for certification by the director of special education of the eligibility of children requiring special education for admission to, or discharge from, special schools, classes or instruction.

7. To initiate the establishment of classes for children requiring special education or home study services in hospitals, nursing, convalescent, juvenile and private homes, in co-operation with the management thereof and local school districts or area education agency boards.

8. To co-operate with school districts or area education agency boards in arranging for any child requiring special education to attend school in a district other than the one in which he resides when there is no available special school, class, or instruction in the districts in which he resides.

9. To co-operate with existing agencies such as the state department of social welfare, the state department of public health, the state school for the deaf, the Iowa braille and sight-saving school, the state tuberculosis sanatorium, the children's hospitals, or other agencies concerned with the welfare and health of children requiring special education in the co-ordination of their educational activities for such children.

10. To investigate and study the needs, methods and costs of special education for children requiring special education.

11. To provide for the employment and establish standards for the performance of special education support personnel required to assist in the identification of and educational programs for children requiring special education.

12. To provide for the establishment of special education research and demonstration projects and models for special education program development.

13. To establish a special education resource, materials and training system for the purposes of developing specialized instructional materials and provide in-service training to personnel employed to provide educational services to children requiring special education.

15. To make rules to carry out the powers and duties provided for in this section. [C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §281.3]

**281.4 Powers of board of directors.** The board of directors of any school district or area education agency, with the approval of the state board of public instruction, may provide special education programs and services as defined in this chapter. If services are provided by the area education agency, with the approval of the state board of public instruction, the board of directors of the area education agency with the co-operation of the local school districts within its jurisdiction may:

1. Establish and operate special education programs and classes for the education of children requiring special education.

2. Acquire, maintain, and construct facilities in which to provide education, corrective services, and

supportive services for children requiring special education.

3. Make arrangements with participating school districts for the provision of special education, corrective, and supportive services to the children requiring special education residing in the school districts.

4. Employ special education teachers and personnel required to furnish corrective or supportive services to children requiring special education services.

5. Provide transportation for children requiring special education services that are in need of transportation in connection with any programs, classes or services.

6. Receive, administer and expend funds appropriated for its use.

7. Receive, administer and expend the proceeds of any issue of school bonds or other bonds intended wholly or partly for its benefit.

8. Apply for, accept, and utilize grants, gifts or other assistance.

9. Participate in, and make its employees eligible to participate in, any retirement system, group insurance system, or other program of employee benefits, on the same terms as govern school districts and their employees.

10. Do such other things as are necessary and incidental to the execution of any of its powers.

The board of directors of the local district or the area education agency shall employ qualified teachers certified by the authority provided by law as teachers for children requiring such special education. The maximum number of pupils per teacher shall be determined by the board of directors of the local district or the area education agency board in accordance with the rules and regulations of the state board of public instruction.

The board of directors of the local district or the area education agency may establish and operate one or more special education centers to provide diagnostic, therapeutic, corrective, and other services, on a more comprehensive, expert, economic and efficient basis than can be reasonably provided by a single school district. Such services, if offered by the area education agency board, may be provided in the regular schools using personnel and equipment of the area education agency or, whenever it is impractical or inefficient to provide them on the premises of a regular school, the area education agency may provide services in its own facilities. To the maximum extent feasible, such centers shall be established at and in conjunction with, or in close proximity to one or more elementary and secondary schools. Local districts or the area education agencies may accept diagnostic and evaluation studies conducted by other individuals, hospitals, or centers, if determined to be competent. Children requiring special education services may be identified in any way that the department of public instruction, as approved by the state board of public instruction, determines to be reliable. Centers established pursuant to this section may contain classrooms and other educational facilities and equipment to supplement instruction and other services to handicapped children in the regular schools, and to provide separate instruction to children whose degree or type of educational handicap makes it impractical

or inappropriate for them to participate in classes with normal children. [C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §281.4]

**281.5 Secretary's report.** The state department of public health shall from time to time as requested furnish to the state division of special education information obtained from birth certificates relative to the name, address, and disability of any case of congenital deformity or physical defect. The state crippled children's service shall from time to time as required furnish to the state division of special education the name, address, and disability of all children of their register. [C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §281.5]

**281.6 Parent's or guardian's duties.** When the school district or area education agency has provided special education services and programs as provided herein for any child requiring special education, either by admission to a special class or by supportive services, it shall be the duty of the parent or guardian to enroll said child for instruction in such special classes or supportive services as may be established, except in the event a doctor's certificate is filed with the secretary of the school district showing that it is inadvisable for medical reasons for the child requiring special education to receive the special education provided; all the provisions and conditions of chapter 299 and amendments thereto shall be applicable to this section, and any violations shall be punishable as provided in said chapter.

A child, or his parent or guardian, or the school district in which the child resides, may obtain a review of any action or omission of state or local authorities pursuant to the procedures established in chapter 290 on the ground that the child has been or is about to be:

1. Denied entry or continuance in a program of special education appropriate to his condition and needs.
2. Placed in a special education program which is inappropriate to his condition and needs.
3. Denied educational services because no suitable program of education or related services is maintained.
4. Provided with special education which is insufficient in quantity to satisfy the requirements of law.
5. Assigned to a program of special education when he is not handicapped. [C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §281.6]

**281.7 Examinations of children.** In order to render proper instruction to each child requiring special education, the school districts shall certify children requiring special education for special instruction in accordance with the requirements set up by the division of special education and shall provide examinations for children preliminary to making certification. The examinations necessary for the certification of children requiring special education shall be prescribed by the state division of special education. Final decision in case of disagreement or appeal shall be the responsibility of the state board of public instruction, which may secure the advice of competent medical and educational authorities including the state department of health, the university hospitals, the state

department of social welfare, the superintendent of the state school for the deaf, the superintendent of the Iowa braille and sight-saving school, and the superintendent of the state tuberculosis sanatorium. [C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §281.7]

**281.8 Exceptions to attendance.** It shall not be incumbent upon the school districts to keep a child requiring special education in regular instruction when the child cannot sufficiently profit from the work of the regular classroom, nor to keep such child requiring special education in the special class or instruction for children requiring special education when it is determined by the director of special education of an area education agency that the child can no longer benefit from the instruction or needs more specialized instruction available in special schools. However, the school district shall count the child requiring special education in the enrollment as provided in sections 273.9, 281.9 and 442.4 and shall insure that appropriate educational provisions are made for the child requiring special education within the limits of funds available under the provisions of this chapter and chapters 273 and 442.

In the case of any person who, by reason of congenital factors, accident or prolonged illness, has not been able to finish the special education by his or her twenty-first birthday, the period of special education may be continued for not exceeding three years thereafter.

No provision of this chapter shall be construed to require or compel any person who is a member of a well-recognized church or religious denomination and whose religious convictions, in accordance with the tenets or principles of his or her church or religious denomination, are opposed to medical or surgical treatment for disease to take or follow a course of physical therapy, or submit to medical treatment, nor shall any parent or guardian who is a member of such church or religious denomination and who has such religious convictions be required to enroll a child in any course or instruction which utilizes medical or surgical treatment for disease. [C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §281.8]

#### **281.9 Weighting plan.**

1. In order to provide funds for the excess costs of instruction of children requiring special education, above the costs of instruction of pupils in a regular curriculum, a special education weighting plan for determining enrollment in each school district is adopted as follows:

a. Pupils in a regular curriculum are assigned a weighting of one.

b. Children requiring special education who require special adaptations while assigned to a regular classroom for basic instructional purposes and handicapped pupils placed in a special education class who receive part of their instruction in regular classrooms are assigned a weighting of one and eight-tenths for the school year commencing July 1, 1975.

c. Children requiring special education who require full-time, self-contained special education placement with little integration into a regular classroom are assigned a weighting of two and two-tenths for the school year commencing July 1, 1975.

d. Children requiring special education who are severely handicapped or who have multiple handicaps, or who are chronically disruptive, are assigned to a weighting of four and four-tenths for the school year commencing July 1, 1975.

e. Shared-time and part-time pupils of school age who require special education shall be placed in the proper category and counted in the proportion that the time for which they are enrolled or receive instruction for the school year bears to the time that full-time pupils, carrying a normal course schedule, in the same school district, for the same school year are enrolled and receive instruction.

2. The weighting for each category of child multiplied by the number of children in each category in the enrollment of a school district, as identified and certified by the director of special education for the area, determines the weighted enrollment to be used in that district for purposes of computations required under the state school foundation plan in chapter 442.

3. The weight that a child is assigned under this section shall be dependent upon the required educational modifications necessary to meet the special education needs of the child. Enrollment for the purpose of this section, and all payments to be made pursuant thereto, includes all children for whom a special education program or course is to be provided pursuant to sections 273.1 to 273.9 and this chapter, whether or not the children are actually enrolled upon the records of a school district.

4. On December 1, 1975, and no later than December 1 every two years thereafter, for the school year commencing the following July 1, the superintendent of public instruction shall report to the school budget review committee the average costs of providing instruction for children requiring special education in the categories of the weighting plan established under this section, and the state board of public instruction shall make recommendations to the school budget review committee for needed alterations to make the weighting plan suitable for subsequent school years. The school budget review committee shall establish the weighting plan for each school year after the school year commencing July 1, 1975, and shall report the plan to the superintendent of public instruction. The school budget review committee shall not alter the weighting assigned to pupils in a regular curriculum, but it may increase or decrease the weighting assigned to each category of children requiring special education by not more than two-tenths of the weighting assigned to pupils in a regular curriculum. The state board of public instruction shall promulgate rules under chapter 17A, to implement the weighting plan for each year and to assist in identification and proper indexing of each child in the state who requires special education.

5. The division of special education shall audit the reports required in section 273.5 to determine that all children in the area who have been identified as requiring special education have received the appropriate special education instructional and support services, and to verify the proper identification of pupils in the area who will require special education instructional services during the school year in which the report is filed. The division shall certify to the state

comptroller the correct total enrollment of each school district in the state, determined by applying the appropriate pupil weighting index to each child requiring special education, as certified by the directors of special education in each area.

6. The division may conduct an evaluation of the special education instructional program or special education support services being provided by an area education agency, school district, or private agency, pursuant to sections 273.1 to 273.9 and this chapter, to determine if the program or service is adequate and proper to meet the needs of the child; if the child is benefiting from the program or service; if the costs are in proportion to the educational benefits being received; and if there are any improvements that can be made in the program or service. A written report of the evaluation shall be sent to the area education agency, school district, or private agency evaluated and to the president of the senate and speaker of the house of representatives of the general assembly.

7. Commencing with the school year beginning July 1, 1976, costs of special education instructional programs include the costs of purchase of transportation equipment to meet the special needs of children requiring special education and for each school year subsequent to the school year beginning July 1, 1977 the inclusion of such costs shall be subject to the approval of the state board of public instruction. Unencumbered funds generated for special education instructional programs for the school year beginning July 1, 1975 and for the school year beginning July 1, 1976 shall not be expended for such purposes unless approved by the department based upon applications received by the department prior to January 1, 1978 and approved prior to April 1, 1978.

Commencing with the school year beginning July 1, 1976, a school district may expend an amount not to exceed two-sevenths of an amount equal to the district cost of a school district for the costs of regular classroom instruction of a child certified under the special education weighting plan in subsection 1, paragraph "b", as a handicapped pupil who is enrolled in a special class, but who receives part of his or her instruction in a regular classroom. Unencumbered funds generated for special education instructional programs for the school year beginning July 1, 1975 and for the school year beginning July 1, 1976 shall not be expended for such purpose.

Commencing with the school year beginning July 1, 1975, funds generated for special education instructional programs under this chapter and chapter 442 shall not be expended for modifications of school buildings to make them accessible to children requiring special education. Any superintendent or board members responsible for such unlawful act shall each be personally liable to a fine of not to exceed one hundred dollars. Action to recover such penalty or action to enjoin such unlawful act may be instituted by the board of any school district or by a taxpayer in any school district.

On or before February 15 and June 15 of each year the secretary of the creditor district shall deliver to the secretary of the debtor district an itemized statement of such tuition fees. [SS15, §2733-1a; C24, 27, 31, 35, 39, §4277; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §282.20]

**282.22 Tuition in charitable institutions.** When any child is cared for in any charitable institution in this state which does not maintain a school providing secular instruction, and which institution is organized and operating under the laws of Iowa, and the domicile of the child is in another school district than that wherein the institution is situated, then such child shall be entitled to attend a school in the district where such institution is located. In such case the cost of the tuition and transportation, when required by law, shall be paid by the treasurer of the state as provided in section 282.23. [C24, 27, 31, 35, 39, §4283; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §282.22]

**282.23 Tuition when in boarding home.** When any child of school age who does not require special education has become a public charge and is being cared for in a children's boarding home licensed by the state, and the residence of such child at the time it became a public charge was in another school district than the one in which the boarding home is located, then the child shall be entitled to attend public school in the school district in which the boarding home is located, or if such district does not maintain a school offering instruction in the grade in which the child is properly classified, then the child may attend upon such instruction in any approved public school in the state that will receive it. The tuition and transportation when required of such a child, at the rates established by law, shall be paid by the treasurer of state from any funds in the state treasury not otherwise appropriated, and upon warrants drawn by the state comptroller upon the requisition of the superintendent of public instruction. The superintendent of public instruction is hereby empowered to require such reports as are necessary properly to carry out the provisions of this section. [C39, §4283.01; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §282.23]

Referred to in §282.22

**282.24 Tuition fees established.** There is established a maximum tuition fee to be charged for students, elementary or high school, residing within another school district or corporation. That fee is the district cost per pupil of the receiving district as computed in section 442.9, subsection 1, paragraph "a".

Any school corporation which owns facilities used as attendance centers for students shall maintain an itemized statement of the appraised value of all buildings owned by the school corporation. Beginning July 1, 1976, the appraisal shall be updated at least one time every five years.

The superintendent of public instruction shall, after July 1 but before September 1 of each year, notify every school in the state, affected by this section, what the computed maximum tuition rate shall be for the ensuing year.

Nothing in this section shall prevent the corporation or district in which the student resides from paying a tuition in excess of the maximum computed tuition rates, if the actual per pupil cost of the preceding year so warrants, but in no case may the receiving district or corporation demand more than the maximum rate. [C35,§4233-e3; C39,§4233.3; C46,§279.18; C50, 54, 58, 62, 66, 71, 73, 75,§279.18, 282.24; C77, 79,§282.24; 68GA, ch 1087,§1]

In such case, except if the child requires special education, the cost of tuition and transportation, at the rates established by law, shall be paid by the treasurer of the state from any funds in the state treasury not otherwise appropriated and upon warrants drawn by the state comptroller upon requisition of the superintendent of public instruction. [C66, 71, 73, 75, 77, 79,§282.25]

The state board of regents and the department of public instruction may by rule permit such students to attend any institution of higher learning under their jurisdiction. Credit earned in any such course at a junior college, college or university may be applied toward credit for high school graduation. No public school funds shall be expended for payment of tuition or other costs for such attendance at any college or university, unless such payment is expressly permitted or required by law.

The foregoing provisions shall also apply to junior colleges, colleges and universities in adjacent states when such institutions are located nearer to the homes or schools of the school district than the closest junior college, college or university within the state. [C66, 71, 73, 75, 77, 79,§282.26]

**282.27 Payment for certain children.** When a child requiring special education is living in a state-

supported institution, charitable institution, or licensed boarding home as defined in this chapter which does not maintain a school and the residence of the child requiring special education is in a school district other than the school district in which the state-supported institution, charitable institution, or licensed boarding home is located, the child is eligible for special education programs and services provided for children requiring special education who are residents of the school district in which the institution or boarding home is located. The special education instructional costs shall be computed by means of weighted enrollment for that child under the provisions of chapters 273, 281, and 442 as if that child were a resident of the school district in which the institution or boarding home is located but the child shall be included in the enrollment count in the district of residence in the manner provided in sections 281.9 and 442.4. The costs as computed shall be paid by the district of residence. No child requiring special education shall be denied special education programs and services because of a dispute over determination of residence of that child. If there is a dispute over the residence of the child, the state board of public instruction shall determine the residence of the child. However, if the special education instructional costs incurred on behalf of the child exceed the amount which would be allowed if the child were provided the programs and services in the district of residence, the treasurer of the school district of residence shall make payment at the maximum amount allowed in that district for a child requiring special education who is similarly handicapped. If the child requiring special education is not counted in the weighted enrollment of any district under section 281.9, and payment is not made by any district, the district in which the institution or boarding home is located may certify the special education instructional costs to the superintendent of public instruction not later than September 1 of each year for the preceding fiscal year. The state board of public instruction shall review the costs and submit a requisition to the state comptroller. The amount due shall be paid by the treasurer of state to the district in which the institution or licensed boarding home is located from any funds in the general fund of the state not otherwise appropriated upon warrants drawn and signed by the state comptroller. For the purposes of this section, the term "district of residence of the child" means the residence of the parent or legal guardian, or the location of the district court if the district court is the legal guardian, of the child. [C71, 73, 75, 77, 79, §283A.8]

283A.9 **Building for school lunch facility.** School districts are authorized to purchase, erect, or otherwise acquire a building for use as a school lunch facility, and to equip such a building for such use, and pay

for same from unencumbered funds on hand in the schoolhouse fund derived from taxes voted under authority of section 278.1, subsection 7, or 275.32, subject to the terms of this section, or may pay for same from the proceeds of the sale of school property sold under section 297.22, or from surplus remaining in the schoolhouse fund after retirement of a bond issue, or from a tax voted for said purposes. [C75, 77, 79, §283A.9]

However, school lunch programs shall not be required in nonpublic schools. The department of public instruction shall direct the disbursement of state funds to nonpublic schools for school lunch programs in the same manner as state funds are disbursed to public schools. ## CHAPTER 284

### INTERSTATE AGREEMENT ON QUALIFICATION OF EDUCATIONAL PERSONNEL

- 284.1 Interstate agreement.
- 284.2 Designated state official.

- 284.3 Contracts on file.

284.1 **Interstate agreement.** The interstate agreement on qualification of educational personnel is hereby enacted into law and entered into with all jurisdictions legally joining therein, in the form substantially as follows:

#### ARTICLE I—PURPOSE, FINDINGS, AND POLICY

1. The states party to this agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of co-operation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interest of society, of education, and of the teaching profession. It is the purpose of this agreement to provide for the development and execution of such programs of co-operation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

2. The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational

personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the available educational resources. Participation in this agreement can increase the availability of educational manpower.

#### ARTICLE II—DEFINITIONS

As used in this agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

1. *“Educational personnel”* means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

2. *“Designated state official”* means the education official of a state selected by that state to negotiate and enter into, on behalf of his state, contracts pursuant to this agreement.

3. *“Accept”*, or any variant thereof, means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

4. "State" means a state, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico.

5. "Originating state" means a state (and the subdivision thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to article III of this agreement.

6. "Receiving state" means a state (and the subdivisions thereof) which accepts educational personnel in accordance with the terms of a contract made pursuant to article III of this agreement.

#### ARTICLE III—INTERSTATE EDUCATIONAL PERSONNEL CONTRACTS

1. The designated state official of a party state may make one or more contracts on behalf of his state with one or more other party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this agreement. A designated state official may enter into a contract pursuant to this article only with states in which he finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in his own state.

2. Any such contract shall provide for:

a. Its duration.

b. The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.

c. Such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.

d. Any other necessary matters.

3. No contract made pursuant to this agreement shall be for a term longer than five years but any such contract may be renewed for like or lesser periods.

4. Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

5. The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

6. A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting states.

#### ARTICLE IV—APPROVED AND ACCEPTED PROGRAMS

1. Nothing in this agreement shall be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

2. To the extent that contracts made pursuant to this agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in applicable contract.

#### ARTICLE V—INTERSTATE CO-OPERATION

The party states agree that:

1. They will, so far as practicable, prefer the making of multilateral contracts pursuant to article III of this agreement.

2. They will facilitate and strengthen co-operation in interstate certification and other elements of educational personnel qualification and for this purpose shall co-operate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification.

#### ARTICLE VI—AGREEMENT EVALUATION

The designated state officials of any party states may meet from time to time as a group to evaluate programs under the agreement, and to formulate recommendations for changes.

#### ARTICLE VII—OTHER ARRANGEMENTS

Nothing in this agreement shall be construed to prevent or inhibit other arrangements or practices of any party state or states to facilitate the interchange of educational personnel.

#### ARTICLE VIII—EFFECT AND WITHDRAWAL

1. This agreement shall become effective when enacted into law by two states. Thereafter it shall become effective as to any state upon its enactment of this agreement.

2. Any party state may withdraw from this agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states.

3. No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract

to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

#### ARTICLE IX—CONSTRUCTION AND SEVERABILITY

This agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this agreement shall be held contrary to the constitution of any state participating therein, the agreement shall remain in full force and effect as to the state affected as to all severable matters. [C75, 77, 79, §284.1]

Referred to in §284.2

**284.2 Designated state official.** The designated state official for this state, within the meaning of article II, paragraph 2, of the interstate agreement on qualification of educational personnel as set forth in section 284.1, shall be the superintendent of public instruction. He shall enter into contracts pursuant to article III of the agreement only with the approval of the specific text thereof by the state board of public instruction. [C75, 77, 79, §284.2]

**284.3 Contracts on file.** True copies of all contracts made on behalf of this state pursuant to the interstate agreement on qualification of educational personnel shall be kept on file in the department of public instruction and in the office of the secretary of state. The department of public instruction shall publish all such contracts in convenient form. [C75, 77, 79, §284.3]

#### 285.1 When entitled to state aid.

1. The board of directors in every school district shall provide transportation, either directly or by reimbursement for transportation, for all resident pupils attending public school, kindergarten through twelfth grade, except that:

a. Elementary pupils shall be entitled to transportation only if they live more than two miles from the school designated for attendance.

b. High school pupils shall be entitled to transportation only if they live more than three miles from the school designated for attendance.

For the purposes of this subsection, high school means a school which commences with either grade nine or grade ten, as determined by the board of directors of the school district or by the governing authority of the nonpublic school in the case of nonpublic schools.

Boards in their discretion may provide transportation for some or all resident pupils attending public school or pupils who attend nonpublic schools who are not entitled to transportation. Boards in their discretion may collect from the parent or guardian of the pupil not more than the pro rata cost for such op-

portation, determined as provided in subsection 12.

To the extent that this section as amended requires transportation which was not required before August 15, 1973, the board of directors shall not be required to provide such transportation before July 1, 1978.

2. Any pupil may be required to meet a school bus on the approved route a distance of not to exceed three-fourths of a mile without reimbursement.

3. In a district where transportation by school bus is impracticable or where school bus service is not available, the board may require parents or guardians to furnish transportation for their children to the schools designated for attendance. The parent or guardian shall be reimbursed for such transportation service for public and nonpublic school pupils by the board of the resident district in an amount equal to eighty dollars plus the following percent of the difference between eighty dollars and the previous school year's statewide average per pupil transportation cost, as determined by the department of public instruction:

a. For the school year commencing July 1, 1980, twenty-five percent.

b. For the school year commencing July 1, 1981, fifty percent.

c. For the school year commencing July 1, 1982 and each school year thereafter, seventy-five percent.

However, a parent or guardian shall not receive reimbursement for furnishing transportation for more than two family members who attend high school.

4. In all districts where unsatisfactory roads or other conditions make it advisable, the board at its discretion may require the parents or guardians of public and nonpublic school pupils to furnish transportation for their children up to two miles to connect with vehicles of transportation. The parents or guardians shall be reimbursed for such transportation by the boards of the resident districts at the rate of twenty-eight cents per mile per day, one way, per family for the distance from the pupil's residence to the bus route.

5. Where transportation by school bus is impracticable or not available or other existing conditions warrant it, arrangements may be made for use of common carriers according to uniform standards established by the superintendent of public instruction and at a cost based upon the actual cost of service and approved by the board.

6. When the school designated for attendance of pupils is engaged in the transportation of pupils, the sending or designating school shall use these facilities and pay the pro rata cost of transportation except that a district sending pupils to another school may make other arrangements when it can be shown that such arrangements will be more efficient and economical than to use facilities of the receiving school, providing such arrangements are approved by the board of the area education agency.

7. If a local board closes either elementary or high school facilities and is approved by the board of the area education agency to operate its own transportation equipment, the full cost of transportation shall be paid by the board for all pupils living beyond the statutory walking distance from the school designated for attendance.

8. Transportation service may be suspended upon any day or days, due to inclemency of the weather, conditions of roads, or the existence of other conditions, by the board of the school district operating the buses, when in their judgment it is deemed advisable and when the school or schools are closed to all children.

9. Distance to school or to a bus route shall in all cases be measured on the public highway only and over the most passable and safest route as determined by the area education agency board, starting in the roadway opposite the private entrance to the residence of the pupil and ending in the roadway opposite the entrance to the school grounds or designated point on bus route.

10. The board in any district providing transportation for nonresident pupils shall collect the pro rata cost of transportation from the district of pupil's residence for all properly designated pupils so transported.

11. Boards in districts operating buses may transport nonresident pupils who attend public school, kindergarten through junior college, who are not enti-

led to free transportation provided they collect the pro rata cost of transportation from the parents.

12. The pro rata cost of transportation shall be based upon the actual cost for all the children transported in all school buses. It shall include one-seventh of the original net cost of the bus and such other items as shall be determined and approved by the superintendent of public instruction but no part of the capital outlay cost for school buses and transportation equipment for which the school district is reimbursed from state funds or that portion of the cost of the operation of any school bus used in transporting pupils to and from extra-curricular activities shall be included in determining said pro rata cost. In any district where because of unusual conditions, the cost of transportation is in excess of the actual operating cost of the bus route used to furnish transportation to nonresident pupils, the board of the local district may charge a cost equal to the cost of other schools supplying such service to that area, upon receiving approval of the state director of school transportation.

13. When a local board fails to pay transportation costs due to another school for transportation service rendered, the board of the creditor corporation shall file a sworn statement with the area education agency board specifying the amount due. The agency board shall check such claim and if the claim is valid shall certify to the county auditor. The auditor shall transmit to the county treasurer an order directing him to transfer the amount of such claim from the funds of the debtor corporation to the creditor corporation and the treasurer shall pay the same accordingly.

14. Resident pupils attending a nonpublic school located either within or without the school district of the pupil's residence shall be entitled to transportation on the same basis as provided for resident public school pupils under this section. The public school district providing transportation to a nonpublic school pupil shall determine the days on which bus service is provided, which shall be based upon the days for which bus service is provided to public school pupils, and the public school district shall determine bus schedules and routes. In the case of nonpublic school pupils the term "school designated for attendance" means the nonpublic school which is designated for attendance by the parents of the nonpublic school pupil.

15. If the nonpublic school designated for attendance is located within the public school district in which the pupil is a resident, the pupil shall be transported to the nonpublic school designated for attendance as provided in this section.

16. a. If the nonpublic school designated for attendance of a pupil is located outside the boundary line of the school district of the pupil's residence, the pupil may be transported by the district of residence to a public school or other location within the district of the pupil's residence. A public school district in which a nonpublic school is located may establish school bus collection locations within its district from which nonresident nonpublic school pupils may be transported to and from a nonpublic school located in the district. If a pupil receives such transportation,

the district of the pupil's residence shall be relieved of any requirement to provide transportation.

b. As an alternative to paragraph "a" of this subsection, subject to section 285.9, subsection 3, where practicable, and at the option of the public school district in which a nonpublic school pupil resides, the school district may transport a nonpublic school pupil to a nonpublic school located outside the boundary lines of the public school district if the nonpublic school is located in a school district contiguous to the school district which is transporting the nonpublic school pupils, or may contract with the contiguous public school district in which a nonpublic school is located for the contiguous school district to transport the nonpublic school pupils to the nonpublic school of attendance within the boundary lines of the contiguous school district.

c. If the nonpublic school designated for attendance of a pupil is located outside the boundary line of the school district of the pupil's residence and the district of residence meets the requirements of subsections 14 to 16 of this section by using subsection 17, paragraph "c", of this section and the district in which the nonpublic school is located is contiguous to the district of the pupil's residence and is willing to provide transportation under subsection 17, paragraph "a" or "b", of this section, the district in which the nonpublic school is located may provide transportation services, subject to section 285.9, subsection 3, and may make the claim for reimbursement under section 285.2. The district in which the nonpublic school is located shall notify the district of the pupil's residence that it is making the claim for reimbursement, and the district of the pupil's residence shall be relieved of the requirement for providing transportation and shall not make a claim for reimbursement for those nonpublic school pupils for which a claim is filed by the district in which the nonpublic school is located.

17. The public school district may meet the requirements of subsections 14 to 16 by any of the following:

a. Transportation in a school bus operated by a public school district.

b. Contracting with private parties as provided in section 285.5. However, contracts shall not provide payment in excess of the average per pupil transportation costs of the school district for that year.

c. Utilizing the transportation reimbursement provision of subsection 3.

d. Contracting with a contiguous public school district to transport resident nonpublic school pupils the entire distance from the nonpublic pupil's residence to the nonpublic school located in the contiguous public school district or from the boundary line of the public school district to the nonpublic school.

18. The state superintendent of public instruction may review all transportation arrangements to see that they meet all legal and established uniform standard requirements.

19. Transportation authorized by this chapter is exempt from all laws of this state regulating common carriers.

20. Transportation for which the pro rata cost or other charge is collected shall not be provided outside

the state of Iowa except in accordance with rules adopted by the state department of public instruction in accordance with chapter 17A. The rules shall take into account any applicable federal requirements.

21. Boards in districts operating buses may in their discretion transport senior citizens, children, handicapped and other persons and groups, who are not otherwise entitled to free transportation, and shall collect the pro rata cost of transportation. Transportation under this subsection shall not be provided when the school bus is being used to transport pupils to or from school unless the board determines that such transportation is desirable and will not interfere with or delay the transportation of pupils. **285.2 Payment of claims for nonpublic school pupil transportation.** Boards of directors of school districts shall be required to provide transportation services to nonpublic school pupils as provided in section 285.1 when the general assembly appropriates funds to the department of public instruction for the payment of claims for transportation costs submitted by the school district.

There is appropriated from the general fund of the state to the department of public instruction funds sufficient to pay the approved claims of public school districts for transportation services to nonpublic school pupils as provided in this section.

The costs of providing transportation to nonpublic school pupils as provided in section 285.1 shall not be included in the computation of district cost under chapter 442, but shall be shown in the budget as an expense from miscellaneous income. Any transportation reimbursements received by a local school district for transporting nonpublic school pupils shall not affect district cost limitations of chapter 442. The reimbursements provided in this section are miscellaneous income as defined in section 442.5.

Claims for reimbursement shall be made to the department of public instruction by the public school district providing transportation or transportation reimbursement during a school year on a form prescribed by the department, and the claim shall state the services provided and the actual costs incurred. A claim shall not exceed the average transportation costs of the district per pupil transported. Claims shall be accompanied by an affidavit of an officer of the public school district affirming the accuracy of the claim. By February 1 and by July 15 of each year the department shall certify to the state comptroller the amounts of approved claims to be paid, and the state comptroller shall draw warrants payable to school districts which have established claims. Claims shall be allowed where practical, and at the option of the public school district of the pupil's residence, subject to approval by the area education agency of the pupil's residence, under the provisions of section 285.9, subsection 3, the public school district of the pupil's residence may transport any pupil to a school

located in a contiguous public school district outside the boundary lines of the public school district of the pupil's residence. The public school district of the pupil's residence may contract with the contiguous public school district or with a private contractor under the provisions of section 285.5 to transport the pupils to the school of attendance within the boundary lines of the contiguous public school district. The public school district in which the pupil resides may contract with the contiguous public school district or with a private contractor under the provisions of section 285.5 to transport the pupil from the pupil's residence or from designated school bus collection locations to the school located within the boundary lines of the contiguous public school district, subject to the approval of the area education agency of the pupil's residence. **285.4 Pupils sent to another district.** When a board closes its elementary school facilities for lack of pupils or by action of the board, it shall, if there is a school bus service available in the area, designate for attendance the school operating the buses, provided the board of such school is willing to receive them and the facilities and curricular offerings are adequate. The board of the district where the pupils reside may with the approval of the area education agency board, subject to legal limitations and established uniform standards, designate another rural school and provide their own transportation if the transportation costs will be less than to use the established bus service.

All designations must be submitted to the area education agency board on or before July 15, for review and approval. The agency board shall after due investigation alter or change designations to make them conform to legal requirements and established uniform standards for making designations and for locating and establishing bus routes. After designations are made, they will remain the same from year to year except that on or before July 15, of each year, the rural board or parents may petition the agency board for a change of designation to another school. School buses which do not conform to the requirements of the department of public instruction may be issued a temporary certificate of operation provided that such school buses can be operated with safety, and provided further that no such certificate shall be issued for a period in excess of one year. All equipment can be required to be altered, or safety equipment added in order to make vehicles reasonably safe for operation. However, the board of directors in its discretion shall determine the insurance coverages and limits, and the school district and directors shall not be liable as a result of any such discretionary decision.

286A.2 Repealed by 62GA, ch 356, §22.

286A.3 Repealed by 66GA, ch 1056, §45.

**286A.4 Determination.** The general school aid funds allocated to each district shall be determined as follows:

Multiply one dollar and thirty cents by the number of students for which the district pays tuition for such students to attend an area vocational technical high school or program which has been established and approved under the provisions of chapter 258. Multiply this product by the actual number of days that the vocational technical school was officially in

session, not to exceed one hundred eighty days. For any district which has an area vocational technical high school or program established and approved under the provisions of chapter 258, multiply one dollar and fifty cents by the number of full-time day students who have graduated from high school or who are beyond twenty-one years of age and are tuition students. Multiply this product by the actual number of days that the school was officially in session, not to exceed one hundred eighty days. A school district, in computing the tuition to charge such a student, shall deduct the amount of general aid received for such student from the regular tuition for such student. [C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §286A.4]

#### 286A.5 Information furnished by school district.

At the close of each school year, but not later than July 5, the local district or merged area school shall supply to the state department of public instruction the information required for calculation of the amount reimbursable to the district for elementary and secondary school. For any day student who has been enrolled on a less than a full school-day basis, the reimbursement shall be calculated proportionately to the portion for which he or she is enrolled as shall be determined by the state department of public instruction. Forms for reporting information to calculate aid for elementary and secondary school purposes shall be supplied by the state department of public instruction to each school district not later than June 1. On or before August 1, the state department of public instruction shall furnish to the state comptroller estimates of the amount reimbursable for the year to each school district for general aid for elementary and secondary school purposes and upon said estimates the state comptroller shall, on or about August 1, make payment of the first half of the annual amount appropriated for such general aid. After all such claims have been calculated for the year and validated for accuracy, the state department of public instruction shall certify the same to the state comptroller prior to February 1. On or about February 1, the state comptroller shall make payment to the school districts, of the balance of the amount appropriated for such general aid, which, when taken with the first half payment, conforms to the amount of full year reimbursement due each school district as then validated and certified by the state department of public instruction. In the event that the amount appropriated for reimbursement of the school districts for such purposes is insufficient to pay in full the amounts to each of the school districts or merged areas, then the amount of each payment shall be reduced by the state comptroller in the ratio that the total respective funds appropriated and available for such aid bears to the respective total amounts certified for reimbursement. All funds received or to be received under the provisions of this chapter shall be taken into account and considered by each school district or merged area when estimating the amount required for the general fund. [C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §286A.5]

**286A.6 Rules.** The superintendent of public instruction, subject to the approval of the state board of public instruction, is hereby authorized to adopt

such rules and definitions of terms as are necessary and proper for the administration of this chapter. The necessary expenses incurred by the department of public instruction in the administration of this chapter may be paid from the appropriation therefor. When such conditions as unnatural weather hazards, bad roads, epidemics, and the like, occur to such an extent as to penalize any district, the superintendent of public instruction can adjust the formula by taking the average of several months' attendance in lieu of the months affected by such epidemics or hazards. [C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §286A.6]

**286A.7** Repealed by 62GA, ch 356, §24.

**286A.8** Repealed by 67GA, ch 1104, §3.

**286A.9 Merged area schools general aid.** Merged areas operating area schools shall be entitled to general school aid. Each merged area shall be entitled to two dollars and twenty-five cents per day for the full-time equivalent enrollment of students who are residents of the state. The total amount of state aid allocated to each area shall be computed by the following formula:

$$\text{State aid} = \text{Full-time equivalent enrollment} \times 180 \text{ days} \times \$2.25.$$

The amount appropriated for general state aid for the fiscal year each year, shall first be allocated to each merged area, in accordance with the above formula, on the basis of its reimbursable full-time equivalent enrollment for the previous school year. Any amount remaining shall be allocated to each merged area as provided in sections 286A.11 and 286A.12. Any course or program, the direct operational costs of which are entirely paid by federal, state, or other governmental agencies or private subsidy, or both, shall not be eligible for reimbursement.

For the purpose of this chapter, the following definitions shall apply:

1. "*Full-time equivalent enrollment*" means the quotient of the total number of reimbursable hours carried by residents of the state attending a single area school, divided by five hundred forty, which represents fifteen reimbursable hours per week for a period of thirty-six weeks.

2. "*Reimbursable hour*" means any of the following:

a. One contact hour of lecture in an approved course in arts and science or vocational-technical education. A contact hour of lecture is one that requires significant outside preparation.

b. Two contact hours of laboratory in an approved course in arts and science or vocational-technical education.

c. Two contact hours in an approved course of adult education that is eligible for general state aid, except that basic adult education, high school completion, and college credit courses that qualify as lecture courses will be reimbursed on a one contact hour basis. Courses dealing with recreation, hobbies, casual cultural, or self-enjoyment subjects shall not be eligible for reimbursement. [C71, 73, 75, 77, 79, §286A.9]

Referred to in §286A.10, 286A.11

**286A.10 Aid paid quarterly.** Payment of the aid provided in section 286A.9 shall be made to each merged area at the end of each quarter of the school year, which commences on July 1 and ends on the following June 30, in the following manner:

1. At the close of each school year but not later than July 5, the board of directors of each such merged area shall certify to the state department of public instruction the information necessary to compute the aid entitlement, as hereinabove provided, for the school year ending on June 30 immediately preceding the said July 1. In addition thereto, each said board shall certify to the state department, its best bona fide estimate of what the same data and information will be for the school year that commences upon the said July 1, and ends on the following June 30.

2. On the basis of estimates certified, as provided in subsection 1 hereof, thirty percent of the anticipated aid entitlement for each such merged area shall be paid to the merged area at the end of each of the first three quarters of the school year for which said estimates have been certified. The aid payment for the fourth quarter shall be equal to the difference between the aggregate aid payments for the first three quarters and the total amount of aid entitlement computed on the basis of the actual information required for calculation, as certified in the following July, plus or minus such pro rata amount as may be necessary to make the aggregate total of general school aid paid to all such merged areas for the said year equal to the respective amounts of aid funds appropriated for payment to such areas in the said year.

3. Forms for the purpose of reporting the information and estimates required under subsection 1 hereof shall be supplied by the state department. After quarterly payments have been calculated they shall be certified to the state comptroller for payment. Such certification shall be made to the comp-

troller on or about August 1, November 1, February 1, and May 1 for aid payable for the preceding quarter. The comptroller shall pay the quarterly amounts so certified forthwith. [C71, 73, 75, 77, 79, §286A.10]

**286A.11 Plan for allocation of remaining funds.** The superintendent of public instruction, with the advice and participation of an advisory committee, shall submit a plan to the state comptroller for the allocation of any funds remaining after fulfilling the requirements of section 286A.9.

For the purpose of this section, the "advisory committee" shall consist of one board member from each merged area, to be appointed by each merged area board at its first meeting in July of each year. [C71, 73, 75, 77, 79, §286A.11]

Referred to in §286A.9

**286A.12 Uniform accounting system.** The superintendent of public instruction shall establish a uniform accounting system for area schools subject to the approval of the auditor of state. The accounting system shall provide for crediting all funds received in the form of federal aid, state aid, tuition, and miscellaneous fees to four separate accounts, as follows:

1. Arts and science education.
2. Vocational-technical education.
3. General adult education.
4. Co-operative programs or services.

All expenditures shall be charged to the appropriate accounts. No funds shall be transferred from one account to another without the approval of the superintendent of public instruction, and notification of all such transfers shall be given to the state comptroller. The accounting system of each area school shall be audited annually by the auditor of state. [C71, 73, 75, 77, 79, §286A.12]

#### TERMINATION IN CITIES

**294.11 Resolution adopted.** Any school district which has in operation the pension and annuity retirement system created pursuant to sections 294.8 to 294.10 may terminate such system by the adoption by the board of directors of such district, of a resolution declaring such system terminated as of a date specified therein. [C50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§294.11]

Referred to in §294 12

**294.12 Pension fund held for survivors.** In the event of such termination, all assessments of teachers shall cease upon such date of termination, or upon such earlier date as may be prescribed in such resolution, and no additional taxes shall be levied or assessed for the operation of such system, save as in section 294.13. All undisposed of funds and accumulations derived from the operation of said system, including the proceeds, when collected, of any annual tax heretofore levied for the operation of said system, and including the proceeds of any annual tax levied hereafter pursuant to the provisions of section 294.13, shall constitute a retirement liquidation fund. Such liquidation fund shall be held for the benefit of those surviving beneficiaries under such system as of said

date of termination, and of members of such system as of date of termination. There shall be set aside from such retirement liquidation fund an amount sufficient to provide for the payment of all surviving beneficiaries who shall be entitled to receive benefits under such system as of said date of termination, providing an actuarial computation has been made of the amount required to meet such benefit payments, providing the amount in the retirement liquidation fund is sufficient for this purpose, and the amount set aside shall be used for no other purpose than for the payment of claims to such beneficiaries. Any amount in excess of the actuarial equivalent of the sum required to pay such benefit payments shall be apportioned to persons who were as of the effective date of the termination of the system, members of such system, in proportion to the amount which the accumulated contribution of each such person bears to the total funds of such retirement system subject to such apportionment. Any member of such system as of the date of termination thereof, may, in lieu of receiving the cash refund of his share of the liquidation fund, elect to come under the coverage of any new pension and annuity retirement system established by the district, to which he is eligible, with credits toward future benefits in consideration of his prior contributions and length of service, and may direct the transfer of the amount payable to him to the assets of the new pension and annuity retirement system. In any case where the board of directors of a school district including a teachers retirement system established under the provisions of section 294.8, whose members were not under coverage of the Iowa old-age and survivors' insurance system prior to May 1, 1953, the board of directors may authorize the payment from funds in excess of the actuarial amount estimated as required for the payment of benefits to persons entitled to them, and for the purpose of obtaining retroactive social security coverage from January 1, 1951, until the effective date of federal coverage of Iowa public employees as provided by chapter 97C. Each surviving beneficiary entitled to receive retirement benefits of the date of termination of the system will be entitled to receive retirement benefits at the time and in the amount in effect with respect to such beneficiary immediately prior to the date of termination.

In any school district which has pursuant to section 294.11 terminated a previously existing pension and annuity retirement system and has after actuarial computation established a retirement reserve fund pursuant to this section in order to pay to surviving beneficiaries entitled to receive retirement benefits at date of termination of said system in the amount in effect with respect to such beneficiaries immediately prior to the date of termination, the board of directors may authorize each and every payment to each surviving beneficiary falling due subsequent to June 30, 1971, to be increased by an amount to be determined by the board such increased payments to be paid from the retirement reserve fund according to an actuarial computation thereof plus such additional amounts transferred from the general fund as may be required. In order to provide the additional amounts required from the general fund for such increased payments, the board of directors may annu-

ally at the meeting at which it estimates the amount required for the general fund in accordance with section 298.1 estimate such additional amount as an actuarial computation shall show is necessary from the general fund for the payment of such increased benefits for the current school year; provided the amount estimated and certified to be transferred from the general fund to the retirement reserve fund shall not exceed one and four-tenths cents per thousand dollars of the assessed valuation of the taxable property of the school corporation. The board of supervisors shall in accordance with the provisions of section 298.8 levy the taxes necessary to raise the amount estimated by the board of directors as above provided and certified to the board of supervisors. Upon the death of the last beneficiary to survive, any balance remaining in said retirement reserve fund shall be transferred to the general fund of said school district. [C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §294.12]

Upon the death of the last beneficiary to survive, any balance remaining in said fund, including any undisposed of accumulations, shall be transferred to the general fund of said school district. The amount estimated and certified to apply on principal and interest for any one year shall not exceed two dollars and seventy cents per thousand dollars of the assessed valuation of the taxable property of the school corporation except as hereinafter provided.

For the sole purpose of computing the amount of bonds which may be issued as a result of the application of any limitation referred to in this section, all interest on the bonds in excess of that accruing in the

first twelve months may be excluded from the first annual levy of taxes, so that the need for including more than one year's interest in the first annual levy of taxes to pay the bonds and interest shall not operate to further restrict the amount of bonds which may be issued, and in certifying the annual levies to the county auditor or auditors such first annual levy of taxes shall be sufficient to pay all principal of and interest on said bonds becoming due prior to the next succeeding annual levy and the full amount of such first annual levy shall be entered for collection by said auditor or auditors, as provided in chapter 76.

The amount estimated and certified to apply on principal and interest for any one year may exceed two dollars and seventy cents per thousand dollars of assessed value by the amount approved by the voters of the school corporation, but not exceeding four dollars and five cents per thousand of the assessed value of the taxable property within any school corporation, provided that the qualified voters of such school corporation have first approved such increased amount at a special election, which may be held at the same time as the regular school election. Notice of the election shall be given by the county commissioner of elections according to section 49.53. The election shall be held on a date not less than four nor more than twenty days after the last publication of the notice. At such election the ballot used for the submission of said proposition shall be in substantially the form for submitting special questions at general elections. The county commissioner of elections shall conduct the election pursuant to the provisions of chapters 39 to 53 and certify the results to the board of directors. Such proposition shall not be deemed carried or adopted unless the vote in favor of such proposition is equal to at least sixty percent of the total vote cast for and against said proposition at said election. Whenever such a proposition has been approved by the voters of a school corporation as hereinbefore provided, no further approval of the voters of such school corporation shall be required as a result of any subsequent change in the boundaries of such school corporation.

The voted tax levy referred to herein shall not limit the source of payment of bonds and interest but shall only restrict the amount of bonds which may be issued.

The ability of a school corporation to exceed two dollars and seventy cents per thousand dollars of assessed value to service principal and interest payments on bonded indebtedness is limited and conferred only to those school corporations engaged in the administration of elementary and secondary education.

Provided further that if a school corporation leases a building or property, which has been used as a junior college by such corporation, to a merged area school corporation operating or proposing to operate an area community college, the annual amounts certified as herein provided by such leasing school corporation for payment of interest and principal due on lawful bonded indebtedness incurred by such leasing school corporation for purchasing, building, furnishing, reconstructing, repairing, improving or remodeling the building leased or acquiring or adding to the site of such property leased, to the extent of the respective annual rent the school corporation will receive under such lease, shall not be considered as a part of the total amount estimated and certified for the purposes of determining if such amount exceeds any limitation contained in this section. The board shall require of each person so appointed a bond in such sum as may seem to the board to be desirable, the reasonable cost of which, if a bond of an association or corporation as surety is furnished, shall be paid by the district. The board shall adopt rules and regulations to provide that no textbook in any branch determined by the board to be taught in the schools under its charge, shall be sold or rented by such depository agent to the pupils in such schools as a textbook other than those textbooks authorized by said board for use by the pupils in such schools; to provide that no such textbook shall be sold or rented by such depository agent at a price or fee higher than that fixed by the said board; and to provide such other measures not in conflict with law as are necessary properly to govern said depository agents and safeguard the said books and moneys. If the funds appropriated by the general assembly are not sufficient to pay claims submitted by the school districts, the amount paid to each school district by the department shall be prorated on the basis of funds so appropriated. The difference between the amount of the claim of a school district and the amount of payment received from the department of public instruction shall be paid by the parent or guardian of the nonpublic school pupil served.

The costs of providing textbook services to nonpublic school pupils as provided in section 301.1 shall not be included in the computation of district cost under chapter 442, but shall be shown in the budget as an expense from miscellaneous income. 1. All forfeitures which are authorized to be made for the benefit of the school fund.

2. The proceeds of all fines collected for violation of the penal laws, and for the nonperformance of military duty.

3. The proceeds of the sale of lost goods and estrays.

These several funds shall be payable to the county treasurer of the several counties in which they arise, accounted for to the board of supervisors, and apportioned for it among the several school districts of the county as provided by law. [R60,§1963, 1966;

C73,§1838, 1841; C97,§2839; C24, 27, 31, 35, 39,§4471; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§302.3]

**302.4 Division and appraisal.** The board of supervisors may, at such time as it may fix, and as preliminary to a sale, authorize the trustees of any township, where the sixteenth section or land selected in lieu thereof has not been sold, to lay out the same into such tracts as in their judgment will be for the best interests of the school fund, conforming, as far as the interests of said fund will permit, to the legal subdivisions of the United States surveys, and appraise each tract at what they believe to be its true value, and certify to said board the divisions and appraisements made by them. Said division and appraisal shall be approved or disapproved by said board at its first meeting after such report, and in case it disapproves the same it may at once order another division and appraisal. If the board of supervisors approves, the county auditor shall make and keep a record of such division, appraisal, and approval; but no school lands of any kind shall be sold for less than the appraised value per acre, except as hereinafter provided; nor shall any member of the board of supervisors, county auditor, township trustee, or any person who was engaged in the division and appraisal of said land, be directly or indirectly interested in the purchase thereof; and any sale made, where such parties or any of them are so interested, shall be void. [R60,§1970, 1971; C73,§1845-1847; C97,§2840; C24, 27, 31, 35, 39,§4472; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§302.4]

**302.5 Notice—sale.** When the board of supervisors shall offer for sale the sixteenth section or lands selected in lieu thereof, or any portion of the same, or any part of the five-hundred-thousand-acre grant, the county auditor shall give at least forty days' notice, by written or printed notices posted in five public places in the county, two of which shall be in the township in which the land to be sold is situated, and also publish a notice of said sale once each week for two weeks preceding the same in a newspaper published in the county, describing the land to be sold and the time and place of such sale. At such time and place, or at such other time and place as the sale may be adjourned to, he shall offer to the highest bidder, subject to the provisions of this chapter, and sell, ei-

ther for cash or one-third cash and the balance on a credit not exceeding ten years, with interest on the same at the rate of not less than three and one-half percent per annum, to be paid at the office of the county treasurer of said county on the first day of January in each year, delinquent interest to bear the same rate as the principal. Such county treasurer shall pay to the state treasurer on the first day of February all interest collected. [R60,§1971; C73,§1846; C97,§2841; S13,§2841; C24, 27, 31, 35, 39, §4473; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§302.5]

**302.6 Sale without appraisal.** When the board of supervisors of any county has once offered for sale any school lands in compliance with the requirements of this chapter, and they remain unsold, and it is unable to obtain therefor the appraised value thereof, and in the opinion of said board it is for the best interests of the school fund that the same be sold for a less price, it may instruct the auditor to transmit to the secretary of state a certified copy of its proceedings in relation to the order of sale thereof and subsequent proceedings in relation thereto, including the action of the township trustees, and the price per acre at which the land had been appraised, which transcript the secretary of state shall submit to the executive council; and if it approves of a sale at a less sum it shall certify such approval to the auditor of the county from which said transcript came, which certificate shall be transcribed in the minute book of the board of supervisors, and thereupon said land may again be offered and sold to the highest bidder, after notice given as in case of sales in the first instance, without being again appraised. [C73,§1849; C97,§2842; C24, 27, 31, 35, 39,§4474; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§302.6]

**302.7 Sale on credit—taxation—waste.** When lands are sold upon a partial credit, the contract therefor shall be at once reduced to writing, signed by the proper parties, recorded in the county where the land is situated, and immediately thereafter filed in the office of the county auditor. Any purchaser or his assigns may at any time pay the full amount for lands with accrued interest, and receive from the county auditor a certificate of purchase, which shall be at once transmitted to the secretary of state and will entitle the holder to a patent for the lands, to be issued by the secretary of state and the governor. All school lands sold in pursuance of law shall be subject to taxation from and after the execution and delivery of a contract of purchase. All sales made, where the full price is not paid, shall be subject to the law relative to the prevention or punishment of waste, and in all such cases the township trustees in each township are charged with the duty of preventing the commission of waste upon any school lands lying in their township, and, if attempted, they shall apply by petition for an injunction to stay the same, and if granted the writ shall issue without bond, and the court issuing it may make such order in the premises as shall be equitable and best calculated to prevent threatened injury, and may adjudge damages for any injury done, the costs to abide the event of the action, and the damages adjudged shall be paid to the county treasurer and the county treasurer shall forthwith

pay the same to the state treasurer which shall become a part of the permanent school fund. [R60,§1972, 1973, 1976–1978; C73,§1851, 1852, 1856–1858; C97,§2843; C24, 27, 31, 35, 39,§4475; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§302.7]

**302.8 Sale of lands bid in.** When lands have been sold and bid in by the state in behalf of the school fund upon a judgment in favor of such fund, the land may be sold in like manner as other school lands, and when lands have been conveyed to the counties in which they are situated for the use of the school fund, instead of to the state, such conveyance shall be valid and binding, and upon proper certificates of sales patents shall issue in like manner as in cases where the conveyances were properly made to the state. [C73,§1850; C97,§2844; C24, 27, 31, 35, 39,§4476; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§302.8]

**302.9 Cash or collateral security.** When, in the judgment of the board of supervisors, any school lands are of such a character that a sale upon partial credit would be unsafe or incompatible with the interest of the school fund, and especially in the case of timbered lands, the board of supervisors may in its discretion exact the whole of the purchase money in advance; or if it sells such land upon a partial credit, as hereinbefore prescribed, it shall require good collateral security for the payment of the part upon which credit is given. [R60,§1974; C73,§1853; C97,§2845; C24, 27, 31, 35, 39,§4477; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§302.9]

**302.10 Uniform interest date.** In all cases where money is due to the school fund, either for loans or deferred payments of the purchase price of land sold, the interest shall be made payable on the first day of January each year, and if the debtor fails to pay the interest within six months thereafter, the entire amount of both principal and interest shall become due, and the county auditor shall make a report thereof to the county attorney, who shall immediately commence action for the collection of the amount reported to him as due, and this section is hereby declared to be a part of any contract made by virtue of this chapter, whether expressed therein or not. [R60,§1975, 1979; C73,§1854, 1855; C97,§2846; C24, 27, 31, 35, 39,§4478; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§302.10]

**302.11 School fund accounts—audit of losses.** The state comptroller shall keep the school fund accounts in books provided for that purpose, separate and distinct from the revenue books. If the commission determines that the proposed construction, reconstruction, alteration, restoration,

moving, demolition, or the change in use is appropriate, it shall forthwith approve such application and shall issue to the applicant a certificate of appropriateness.

If the commission determines that the proposed construction, reconstruction, alteration, restoration, moving or demolition of buildings, structures, appurtenant fixtures, outdoor advertising signs or natural features, or the proposed change in use would be incongruous with the historical, architectural, archaeological or cultural aspects of the district, a certificate of appropriateness shall not be issued, and the commission shall place upon its records the reasons for such determination and shall notify the applicant of such determination, furnishing the applicant an attested copy of its reasons and its recommendations, if any, as appearing in the records of the commission.

[C77, 79, §303.32]

**303.33 Termination of district.** Two years after the establishment of a district, a referendum for the termination of the district shall be held if ten percent of the eligible voters in the district so request. If the qualified electors, by a majority of those voting, favor termination, this Act will no longer have any effect on the property formerly included in the district.

If an election is held to terminate a district under this section and such attempt fails, another referendum for termination of the district in question shall not take place for a period of two years. [C77, 79, §303.33]

**303.34 Historical preservation districts.** The provisions of section 303.20 to 303.33 do not apply within the limits of a city. However, in order for a city to designate an area which is deemed to merit preservation as an area of historical significance, the following shall apply:

submit a description of the proposed area of historical significance or the petition describing the proposed area, if the proposed area is a result of the receipt of a petition, to the division of historical preservation of the Iowa state historical department which shall determine if the proposed area meets the criteria provided in subsection 2 and may make recommendations concerning the proposed area. Any recommendations made by the division of historical preservation shall be made available by the city to the public for viewing during normal working hours at a city government place of public access.

2. A city shall not designate an area as an area of historical significance unless it contains contiguous pieces of property under diverse ownership which meets the criteria specified in section 303.20, subsection 1, paragraphs "a" to "f".

3. A city may provide by ordinance for the establishment of a commission to deal with matters involving areas of historical significance but shall provide by ordinance for such commission upon the enactment of the ordinance designating an area as an area of historical significance as required in subsection 4. Upon the establishment of the commission the city shall provide by ordinance for the method of appointment, the number, and terms, of members of the commission and for the duties and powers of the commission. The commission shall contain not less than three members. The members of the commission shall be appointed with due regard to proper representation of residents and property owners of the city and their relevant fields of knowledge including but not limited to history, urban planning, architecture, archeology, law, and sociology. At least one resident of each designated area of historical significance shall be appointed to the commission. Cities with a population of more than fifty thousand shall not appoint more than one-third of the members to the commission of an area of historical significance that are members of a city zoning commission appointed pursuant to chapter 414. The commission shall have the power to approve or deny applications for proposed alterations to exterior features within an area designated as an area of historical significance. An aggrieved party may appeal the commission's action to the governing body of the city. If not satisfied by the decision of the governing body, the party may appeal within sixty days of the governing body's decision to the district court for the county in which the designated area is located. On appeal the governing body or the district court as the case may be shall consider whether the commission has exercised its powers and followed the guidelines established by the law and ordinance, and whether the commission's action was patently arbitrary or capricious.

4. An area shall only be designated an area of historical significance upon enactment of an ordinance of the city. Before such an ordinance is enacted or an amendment thereto, the governing body of the city shall submit such ordinance or amendment to the division of historical preservation of the Iowa state historical department for its review and recommendations. ARTICLE I—PURPOSE

Because the desire for the services provided by public libraries transcends governmental boundaries and can be provided most effectively by giving such services to communities of people regardless of jurisdictional lines, it is the policy of the states who are parties to this compact to co-operate and share their responsibilities in providing joint and co-operative library services in areas where the distribution of population makes the provision of library service on an interstate basis the most effective way to provide adequate and efficient services.

ARTICLE II—PROCEDURE

Referred to in Art. VII

The appropriate state library officials and agencies having comparable powers with those of the Iowa library commission of the party states or any of their political subdivisions may, on behalf of said states or political subdivisions, enter into agreements for the co-operative or joint conduct of library services when they shall find that the executions of agreements to that end as provided herein will facilitate library services.

ARTICLE III—CONTENT

Referred to in Art. VII

Any such agreement for the co-operative or joint establishment, operation or use of library services, facilities, personnel, equipment, materials or other items not excluded because of failure to enumerate shall, as among the parties of the agreement:

2. Provide for the allocation of costs and other financial responsibilities;
3. Specify the respective rights, duties, obligations and liabilities;
4. Stipulate the terms and conditions for duration, renewal, termination, abrogation, disposal of joint or common property, if any, and all other matters which may be appropriate to the proper effectuation and performance of said agreement.

#### ARTICLE V—ADMINISTRATOR

Each state shall designate a compact administrator with whom copies of all agreements to which his state or any subdivision thereof is party shall be filed. The administrator shall have such powers as may be conferred upon him by the laws of his state and may consult and co-operate with the compact administrators of other party states and take such steps as may effectuate the purposes of this compact.

#### ARTICLE VI—EFFECTIVE DATE

This compact shall become operative when entered in by two or more entities having the powers enumerated herein.

#### ARTICLE VII—RENUNCIATION

This compact shall continue in force and remain binding upon each party state until six months after any such state has given notice of repeal by the legislature. Such withdrawal shall not be construed to relieve any party to an agreement authorized by Articles II and III of the compact from the obligation of that agreement prior to the end of its stipulated period of duration.

#### ARTICLE VIII—SEVERABILITY—CONSTRUCTION

The provisions of this compact shall be severable. It is intended that the provisions of this compact be reasonably and liberally construed. [C66, 71, 73, §303.24; C75, 77, 79, §303A.8]

1. *Scale.* Each mine map shall be drawn to a scale of not more than two hundred feet to the inch.

2. *General specifications.* Each map shall show the name of the state, county, and township in which the mine is located, the designation of the mine, the name of the company or operator, the certificate of the mining engineer or surveyor as to the accuracy

and date of the survey, the north point, and the scale to which the map is drawn.

3. *Boundaries and surface lines.* Every map shall correctly show the surface boundary lines of the mineral rights pertaining to each mine and all section or quarter section lines or corners within the same, the lines of town lots and streets, the tracks and sidetracks of all railroads, the location of all wagon roads, rivers, streams, and ponds, and reservations made of the mineral.

4. *Underground conditions.* For the underground workings, the map shall show all shafts, slopes, tunnels, or other openings to the surface or to the workings of a contiguous mine; all excavations, entries, rooms, and crosscuts; the location of the escape ways, and of the fan or furnace or other means of ventilation and the direction of air currents, and the location of permanent pumps, hauling engines, engine planes, abandoned works, fire walls, and standing water.

5. *Separate maps.* A separate and similar map drawn to the same scale in all cases shall be made of each layer of minerals mined in any mine in this state. A separate map shall also be made of the surface whenever the surface buildings, lines, or objects are so numerous as to obscure the details of the mine workings if drawn upon the same sheet with them, and in such case the surface map shall be drawn upon transparent cloth or paper so that it can be laid upon the map of the underground workings and thus truly indicate the local relation of lines and objects on the surface to the excavations of the mine and any other principal workings of the mine.

6. *Rise and dip of minerals.* Each map of underground workings shall also show by profile drawing and measurement, the last one hundred fifty feet approaching the boundary lines, showing the rise and dip of the minerals.

7. *Copies.* The original or true copies of the maps shall be kept at the office of the mine, and true copies thereof shall also be furnished the state geologist within thirty days after the completion of the same.

8. *Extensions.* An accurate extension of the last preceding survey of every mine in active operation shall be made once in every twelve months prior to July 1 of every year and the result of such survey, with the date thereof, shall be promptly and accurately entered upon the original map, and a true, correct, and accurate copy of the extended map shall be forwarded to the state geologist so as to show all changes in plan of new work in the mine, and all extensions of the old workings to the most advanced face or boundary of the workings which have been made since the last preceding survey, and the parts of the mine abandoned or worked out after the last pre-

ceding survey shall be clearly indicated and shown by colorings, which copy must be delivered to the state geologist within thirty days after the last survey is made.

9. *Abandoned mine.* When any underground mine is worked out or is about to be abandoned or indefinitely closed, the operator of the same shall make or cause to be made a completed and extended map of the mine and the result of the same shall be duly extended on all maps of the mine and copies thereof so as to show all excavations and the most advanced workings of the mine, and their exact relation to the boundary or section lines on the surface, and deliver to the state geologist a copy of the completed map.

10. *Copies furnished.* The state geologist shall provide the department of soil conservation a copy of each map and map extension received by him under this section. [C97,§2485; S13,§2485, 2496-m; C24, 27, 31, 35, 39,§1245, 1351-1355, 1357, 1358; C46, 50, 54, 58, 62, 66, 71, 73,§82.28, 83.14-83.18, 83.20, 83.21; C75, 77, 79,§305.12]

Referred to in §305.14

**305.13 Failure to furnish map.** When the operator of any mine neglects or refuses for a period of ninety days to furnish to the state geologist the map or plan, or a copy thereof, of such mine or any extension thereof, as provided in this chapter, the state geologist shall cause to be made an accurate map or plan of such mine or extension as the case may be, at the expense of the operator. The cost shall be paid by the state and recovered from such operator. It shall be the duty of the county attorney of the county in which such mine is located, at the request of the state geologist, to bring action in the name of the state for such recovery. [S13,§2485-a, 2496-m; C24, 27, 31, 35, 39,§1246, 1359; C46, 50, 54, 58, 62, 66, 71, 73,§82.29, 83.22; C75, 77, 79,§305.13]

**305.14 Maps property of state—custody—copies.** The maps so delivered to the state geologist shall be the property of the state and shall remain in the custody of the state geologist. They shall be kept at the office of the geological survey and be open to examination by all persons interested in the maps; but such examination shall only be made in the presence of the state geologist or a designee, and the state geologist shall not permit any copies of the maps to be made without the written consent of the operator or the owner of the property, except as provided in section 305.12 or if the mine has been abandoned for at least five years. - a. The freeway-expressway system.
- b. The arterial system.
- c. The arterial connector system.
- d. The trunk system.
- e. The trunk collector system.
- f. The area service system.
- g. The municipal arterial system.
- h. The municipal collector system.
- i. The municipal service system.
- j. The municipal residential alley system.
- k. The state park, state institution and other state land road system.
- l. The county conservation parkway system.

2. *Definitions of road and street systems.* For the purpose of functionally classifying the roads and streets of this state, the following words and phrases relating to roads and streets shall have the following meanings:

a. The *freeway-expressway system* shall consist of those roads connecting and serving the major urban and regional areas of the state with high volume,

long-distance traffic movements, and generally connecting with like roads of adjacent states. The national system of interstate and defense highways shall be a part of the freeway-expressway system. The freeway-expressway system, including the national interstate and defense highway mileage, shall not exceed two thousand six hundred sixty miles.

b. The *arterial system* shall consist of those roads which connect the freeway-expressway system with the arterial connector system, or which serve long-distance movements of traffic, or which serve as collectors of long-distance traffic from other systems to the freeway-expressway system. The arterial system shall not exceed three thousand five hundred miles.

c. The *arterial connector system* shall consist of those roads providing service for short-distance intrastate and interstate traffic, or providing connections between highways classified as arterial or freeway-expressway.

d. The *trunk system* shall consist of those intracounty and intercounty roads which serve principal traffic generating areas, and connect such areas to other trunk roads and roads on the arterial or freeway-expressway system. The trunk system shall not exceed fifteen thousand miles and shall include, but

not be limited to, the major federal aid secondary roads of the state.

e. The *trunk collector system* shall consist of those roads providing service for short-distance intra-county and intercounty traffic, or providing connections between roads classified as trunk and area service. The trunk collector system shall not exceed twenty thousand miles. The trunk collector system and the trunk system shall constitute the farm-to-market road system of the state.

f. The *area service system* shall include those public roads outside of municipalities not otherwise classified.

g. The *municipal arterial system* shall consist of those streets within municipalities not included in other classifications which connect principal traffic generating areas or connect such areas with other systems. The municipal arterial system shall not exceed fifteen percent of the entire street mileage under the jurisdiction of a municipality, except that municipalities under two thousand population may exceed such limitation.

h. The *municipal collector system* shall consist of those streets within municipalities that collect traffic from the municipal service system and connect to other systems. The municipal collector system shall not exceed twenty percent of the entire street mileage under jurisdiction of the municipality, except that municipalities under two thousand population may exceed such limitation.

i. The *municipal service system* shall consist of those streets and commercial alleys within municipalities which serve primarily as access to commercial and residential property and shall also include streets within municipal parks.

j. The *municipal residential alley system* shall consist of those alleys which serve primarily as secondary access to residential property.

k. The *state park, state institution, and other state land road system* shall consist of those roads and streets wholly within the boundaries of state lands operated as parks, institutions, or other state governmental agencies.

l. The *county conservation parkway system* shall consist of those parkways located wholly within the boundaries of county lands operated as parks, forests, or other public access areas. The department may expend the moneys available for such roads in the same manner as the department expends such funds on other roads over which the department exercises jurisdiction and control. The parties exercising concurrent jurisdiction may enter into agreements with each other as to the kind and type of construction, reconstruction, repair and maintenance and the division of costs thereof. In the absence of such agreement the jurisdiction and control of such road shall remain in the department.

In the absence of such agreement, the jurisdiction and control of such road shall remain in the board of supervisors of the county.

5. Jurisdiction and control over parkways within county parks and conservation areas shall be vested in the county conservation boards within their respective counties; except that:

a. The department and the county conservation board shall have concurrent jurisdiction over an extension of a primary road which both enters and exits from a county park or other county conservation area at separate points. The department may expend moneys available for such roads in the same manner as the department expends such funds on other roads over which the department exercises jurisdiction and control. **306.5 Continuity of systems in municipalities, parks and institutions.** The primary, trunk and trunk collector systems shall be continuous interconnected systems and provision shall be made for the continuity of such systems by the designation of extension within municipalities, state parks, state institutions, other state lands and county parks and conservation areas. The mileage of such extensions of these systems shall be included in the total mileage of a particular primary, trunk or trunk collector system and shall also be listed separately as an extension of such road system.

The department may reallocate mileage within the systems under its jurisdiction. The board of supervisors or the governing body of municipalities may alter the classification of roads under their jurisdiction with the approval of the functional classification board as provided in section 306.6. [C71, 73, 75, 77, 79,§306.5]

**306.6 Functional classification board.**

1. A functional classification board shall be appointed for each county and shall operate under procedural rules promulgated by the department under the provisions of chapter 17A. Said board shall consist of three members to be appointed as follows: The department shall appoint one member from the staff of the department, the county board of supervisors shall appoint one member who shall be either the county engineer or one of its own members, and the third member shall be a municipal official from within the county who shall be appointed by a majority of the mayors of the cities of the county. The mayors shall meet at the call of the chairman of the county board of supervisors who shall act as chairman of the meeting without vote. In the event the mayors cannot agree to and appoint this member within thirty days after the call of the meeting by the chairman, the two members previously appointed shall select the third member. The board shall serve without additional compensation and shall:

a. Classify each segment of each rural public road and each municipal street in the county in accordance with the classifications found in section 306.1.

b. Establish continuity between the systems within the county and with the systems of adjacent counties.

c. File a copy of the proposed road classification in the office of county engineer for public information and hold a public hearing before final approval of any road classification action. Notice of the date, the time, and the place of such hearing, and the filing of such proposed road classification for public information shall be published in an official newspaper in general circulation throughout the affected area at least twenty days prior to the established date of the hearing.

d. Report the selected classifications to the department. The department shall review the reports of the county classification boards and may:

(1) Alter the classification of roads coinciding with or crossing county lines to provide continuity of the various county systems.

(2) Adjust the mileage of roads classified in the trunk and trunk collector systems to assure equitable distribution among the counties of the total mileage of such systems.

(3) Any action authorized under subparagraphs (1) and (2) of this paragraph "d" shall not be taken by the department until the proposed action has been thoroughly discussed with the affected county classification boards and their comments heard.

2. There is created a state functional classification review board which shall consist of one state senator appointed by the president of the senate, one state representative appointed by the speaker of the house of representatives, one supervisor appointed by the Iowa state association of county supervisors, one engineer appointed by the Iowa county engineers' association, two persons appointed by the league of Iowa municipalities, one of whom shall be a licensed professional engineer, and two persons appointed by the department, one of whom shall be a commissioner and the other a staff member. This board shall select a permanent chairperson from among its members by majority vote of the total membership. The chairperson and all members of the board shall serve without additional compensation, except that the supervisor appointed by the Iowa state association of county supervisors, the engineer appointed by the Iowa county engineers' association, and the two persons appointed by the league of Iowa municipalities shall be reimbursed for their actual and necessary expenses incurred in the performance of their official duties as members of the board. All expenses shall be paid from funds allocated under section 312.2, subsection 12.

It shall be the responsibility of the state functional classification review board to hear any and all appeals from classification boards or board members, relative to disputes arising out of the functional classification of any segment of highway or street. It shall also be the responsibility of the board to establish the necessary guidelines, procedures, and the time limits to be followed in transferring jurisdiction in accordance with section 306.8. The state functional classification review board shall have the authority and the responsibility to make final administrative determinations based on sound functional classification principles for all disputes relative to functional classification including those disputes relative to the transfer of jurisdictions. The review board shall also serve, when requested jointly by state and local jurisdictions, as an advisory committee for review and adjustment of construction and maintenance guidelines used in updating road and street needs studies.

It is the intent of the general assembly that effective July 1, 1979 the functional reclassification of roads shall be implemented as provided by law. [C71, 73, 75, 77, 79, §306.6; 68GA, ch 1093, §1]

Referred to in §306.5, 312.2(12)

**306.7 Functions changed or new roads added.** If the function of any road or street has been altered by new construction or by reconstruction or relocation, or if a new road or street has been constructed, the

functional classification board shall reclassify said roads or streets within one year. If the functional classification board does not classify any road or street as provided herein, the department shall make the classification. [C71, 73, 75, 77, 79, §306.7]

**306.8 Transfer of jurisdiction.** When a change of jurisdiction occurs as a result of the classification or reclassification of a road or street, the unit of government having jurisdiction shall, prior to such change of jurisdiction, either place the road or street and any structures on the road in good repair or provide for the transfer of money to the appropriate jurisdiction sufficient for the repairs to the road or street and any structures on the road.

Transfers of the jurisdiction and control of roads and streets may take place if agreements are entered into between the jurisdictions of government involved in the transfer of such roads and streets. [C71, §306.8; C73, 75, 77, §306.8, 313.2; C79, §306.8]

Referred to in §306.6

**306.9 Diagonal roads.** It is declared to be the policy of the state of Iowa that relocation of primary highways through cultivated land shall be avoided to the maximum extent possible. Whenever the volume of traffic for which the road is designed or other conditions require such relocation, diagonal routes shall be avoided wherever feasible and prudent alternatives exist.

It is further declared that improvement of two-lane roads shall utilize the existing right of way unless alignment or other conditions make changes imperative, and when any two-lane road is expanded to a four-lane road, the normal procedure would be that the additional right of way would be contiguous to the existing right of way unless relocated for compelling reasons. This policy shall not apply to any highway project for which the corridor has been approved by the state department of transportation and which corridor has been finalized by September 1, 1977. [C79, §306.9]

**306.10 Power to establish, alter or vacate.** In the construction, improvement, operation or maintenance of any highway, or highway system, the agency which has control and jurisdiction over such highway or highway system, shall have power, on its own motion, to alter or vacate and close any such highway or railroad crossing thereon, and to establish new highways or railroad crossing thereon which are or are intended to become a part of the highway system over which said agency has jurisdiction and control. **306.11 Hearing—place—date.** In proceeding to the vacation and closing of any road, part thereof, or railroad crossing, the agency in control of said road, or road system, shall fix a date for a hearing thereon in the county where said road, or part thereof, or crossing, is located, and if located in more than one county, then in a county wherein any part of such

road or crossing is located. If the road to be vacated or changed is a secondary road located in more than one county, the boards of supervisors of such counties, acting jointly, shall fix a date for a hearing thereon in either or any of the counties where such road, or part thereof, is located. [C31, 35, §4755-d2, 4755-d3; C39, §4755.37, 4755.38; C46, 50, §313.46, 313.47; C54, 58, 62, 66, §306.5; C71, 73, 75, 77, 79, §306.11]

Referred to in §306A 6

**306.12 Notice—service.** Notice of such hearing shall be published in some newspaper of general circulation in the county or counties where such road is located, at least twenty days prior to the date of hearing. The agency which instituted said proceedings and is holding such hearing, shall notify all adjoining property owners, all utility companies whose facilities adjoin the road right of way, and the department, the agency or boards of supervisors, or agency in control of affected state lands, as the case may be, of the time and place of such hearing, by certified mail addressed to the affected property owners, all utility companies whose facilities are on the road right of way and the department, the county auditor, or the agency in control of affected state lands, as the case may be. [SS15, §1527-r7; C24, 27, §4621; C31, 35, §4621, 4755-d4; C39, §4621, 4755.39; C46, 50, §306.62, 313.48; C54, 58, 62, 66, §306.6; C71, 73, 75, 77, 79, §306.12]

Referred to in §306A 6

**306.13 Notice—requirements.** Said notice shall state the time and place of such hearing, the location of the particular road, or part thereof, or crossing, the vacation and closing of which is to be considered, and such other data as may be deemed pertinent. [C31, 35, §4755-d5; C39, §4755.40; C46, 50, §313.49; C54, 58, 62, 66, §306.7; C71, 73, 75, 77, 79, §306.13]

**306.14 Objections—claims for damages.** At such hearing, the department, the board of supervisors, or the agency in control of affected state lands, as the case may be, and any interested person, may appear and object and be heard. Any person owning land abutting on a road which it is proposed to vacate and close, shall have the right to file, in writing, a claim for damages at any time on or before the date fixed for hearing. [C31, 35, §4755-d6; C39, §4755.41; C46, 50, §313.50; C54, 58, 62, 66, §306.8; C71, 73, 75, 77, 79, §306.14]

Referred to in §306A 6

**306.15 Purchase and sale of property.** If as to any one or more properties affected by the proposed vacation and closing of any secondary road, it should appear to the board of supervisors to be in the interest of economy or public welfare, the board may purchase or condemn, by proceeding as this chapter provides, the said entire property or properties, and make payment therefor out of the secondary road fund. After the road has been vacated and closed the board shall sell such property or properties at the best attainable price, and credit the proceeds of such sale to the secondary road fund. [C31, 35, §4755-d7; C39,

Referred to in §306A 6

**306.16 Final order.** After the hearing, the agency which instituted the proceedings and conducted the hearing shall enter an order either dismissing the proceedings, or vacating and closing the road, part thereof, or crossing, in which event it shall determine and state in the order the amount of the damages allowed to each claimant. The order thus entered shall be final except as to the amount of the damages unless the order is rescinded as provided in section 306.17. A copy of the order shall be filed with the county auditor of the county or counties in which the road, part thereof, or crossing, is located and with the department and the agency in control of any affected state land. [C31, 35, §4755-d7; C39, §4755.42; C46, 50, §313.51; C54, 58, 62, 66, §306.10; C71, 73, 75, 77, 79, §306.16]

**306.17 Appeal.** Notwithstanding the terms of the Iowa administrative procedure Act, any claimant for damages may, by serving, within twenty days after the order has been issued, a written notice upon the agency which instituted and conducted the proceedings, appeal as to the amount of damages, to the district court of the county in which the land is located, in the manner and form prescribed in chapter 472 with reference to appeals from condemnation, and the proceedings shall thereafter conform to the applicable provisions of that chapter. If, in the opinion of the agency, the damages as finally determined on appeal are excessive, the agency may rescind its order vacating and closing the road, part thereof, or crossing, and the right of way shall remain under the jurisdiction of the agency. If the order is rescinded at any time after an appeal is taken, the agency shall pay reasonable attorney fees incurred by the claimant as taxed by the court. [R60, §873; C73, §959; C97, §1513; C24, 27, §4597; C31, 35, §4597, 4755-d8; C39, §4597, 4755.43; C46, 50, §306.38, 313.52; C54, 58, 62, 66, §306.11; C71, 73, 75, 77, 79, §306.17]

[C51, §535, 536; R60, §840, 841; C73, §934; C97, §1493; C24, 27, 31, 35, 39, §4573; C46, 50, §306.14; C54, 58, 62, 66, §306.12; C71, 73, 75, 77, 79, §306.18]

**306.19 Purchase or condemnation of right of way—procedure—closing driveway—alternative access.**

1. In the maintenance, relocation, establishment, or improvement of any road, including the extension of such road within cities, the agency having jurisdiction and control of such road shall have authority to purchase or to institute and maintain proceedings for the condemnation of the necessary right of way therefor. Such agency shall likewise have power to purchase or institute and maintain proceedings for the condemnation of land necessary for highway drainage, or land containing gravel or other suitable material for the improvement or maintenance of

highways, together with the necessary road access or right of access thereto.

2. Whenever the agency condemns or purchases property access rights or alters by lengthening any existing driveway to a road from abutting property, except during the time required for construction and maintenance of the road or highway, the agency shall:

a. Compensate the owner for any diminution in the market value of the property by the denial or alteration by lengthening the driveway; however, in computing such diminution in value no consideration shall be given to the additional maintenance expense for maintaining the additional length of driveway, but in lieu thereof, both in condemnation proceedings or negotiated purchases, the agency shall pay to the owner the sum of five dollars for every lineal foot of additional length of driveway located on said owner's property. This payment shall represent just compensation to said property owner for the additional driveway maintenance caused by reason of the highway or road project.

b. If in the opinion of the agency it would be more economical to purchase the entire tract of the property owner than to provide and pay the maintenance expense required under the provisions of this section, proceed with the acquisition of the entire tract of land; or

c. If mutually agreeable, move buildings from an existing location to a location requiring an equal or lesser length of driveway and provide an adequate driveway to a public road.

3. None of the foregoing requirements shall prohibit the property owner and the agency from entering into a mutually acceptable agreement for the replacement, relocation, construction, or maintenance of any alternate driveway on the owner's property.

The board of supervisors shall select one of said appraisers. The owner or owners of the land sought to be taken shall select one of said appraisers. The two appraisers so selected shall choose the third appraiser. Such highways or streets may be freeways open to use by all customary forms of street and highway traffic or they may be parkways from which trucks, buses, and other commercial vehicles shall be excluded. [C58, 62, 66, 71, 73, 75, 77, 79, §306A.2]

Said cities and highway authorities, in addition to the specific powers granted in this chapter, shall also have and may exercise, relative to controlled-access facilities, any and all additional authority now or hereafter vested in them relative to highways or streets within their respective jurisdictions. Said cities and highway authorities may regulate, restrict, or prohibit the use of such controlled-access facilities by the various classes of vehicles or traffic in a manner consistent with section 306A.2. [C58, 62, 66, 71, 73, 75, 77, 79, §306A.3]

**306A.4 Design of controlled-access facility.** Cities and highway authorities having jurisdiction and control over the highways of the state, as provided by chapter 306, are authorized to so design any controlled-access facility and to so regulate, restrict, or prohibit access as to best serve the traffic for which such facility is intended. In this connection such cities and highway authorities are authorized to divide and separate any controlled-access facility into separate roadways by the construction of raised curbs, central dividing sections, or other physical separations, or by designating such separate roadways by signs, markers, stripes, and other devices. No access rights to any highway shall be acquired by any authority having jurisdiction and control over the highways of this state by adverse possession or prescriptive right. No action heretofore or hereafter taken by any such authority shall form the basis for any claim of adverse possession of, or prescriptive

right to any access rights by any such authority. [C58, 62, 66, 71, 73, 75, 77, 79, §306A.5]

1. Advertising devices located within the adjacent area of interstate highways and freeway primary

highways shall not be erected or maintained closer to another advertising device facing in the same direction than five hundred feet outside of cities, and within two hundred fifty feet if inside of cities. An advertising device may not be located within two hundred fifty feet of an interchange, or rest area. The measurement shall be from the nearest widening constructed for the purpose of acceleration or deceleration of traffic movement to or from the main-traveled way to the advertising device.

2. Advertising devices located within the adjacent area of primary highways shall not be erected or maintained closer to another advertising device facing in the same direction than one hundred feet if inside the corporate limits of a municipality. No advertising device, other than as excepted or permitted by subsections 4, 5, or 6 of this section, shall be located within the triangular area formed by the line connecting two points each fifty feet back from the point where the street right of way lines of the main-traveled way and the intersecting street meet, or would meet, if extended.

3. Advertising devices located within the adjacent area of primary highways shall not be erected or maintained closer to another advertising device facing in the same direction than three hundred feet if outside the corporate limits of a municipality. No advertising device, other than those excepted or permitted by subsections 4, 5, or 6 of this section, shall be located within the triangular area formed by a line connecting two points each one hundred feet back from the point where the street right-of-way lines of the main-traveled way and the intersecting street meet, or would meet, if extended.

4. The distance spacing measurements fixed by subsections 2 and 3 of this section shall not apply to advertising devices which are separated by a building in such a manner that only one advertising device located within the minimum spacing distance is visible from a highway at any one time.

5. Within a triangular area, as defined by subsections 2 and 3 of this section, occupied by a building or structure, no advertising device shall be erected or maintained closer to the intersection than the building or structure itself, except that a wall advertising device may be attached to said building or structure not to protrude more than twelve inches.

6. Official and directional signs and notices and advertising devices concerning the sale or lease of the property or activities conducted upon the property as specified in Title 23, section 131, subsection "c" of the United States Code, shall not be taken into consideration in determining compliance with spacing requirements.

7. The minimum distance between two advertising devices facing the same direction shall apply without regard to the side of the highway on which the advertising devices may be located and shall be measured along the center line of the highway between points directly opposite the advertising devices.

8. Advertising devices shall not be erected, maintained, or illuminated:

a. In a manner to obscure or otherwise physically interfere with an official traffic sign, signal, or de-

vice, or to obstruct or physically interfere with any driver's view of approaching, merging, or intersecting traffic.

b. Unless effectively shielded to prevent light from being directed at any portion of the traveled highway with such intensity or brilliance as to cause glare or to impair the vision of the driver of any motor vehicle.

c. Which contain, include, or are illuminated by any flashing, intermittent, or moving light or lights, except those giving public service information such as, but not limited to time, date, temperature, weather, news and similar information.

d. Which imitate or resemble an official sign or signal or device or which are erected or maintained within or closer than three hundred feet from scenic areas, as defined and determined by the department, or which are located or maintained upon trees, or painted or drawn upon rocks or natural features, or which are structurally unsafe or in substantial disrepair.

e. Which exceed one thousand two hundred square feet in area or in the case of a back-to-back or V-type advertising device, with a maximum of two facings per advertising device, seven hundred fifty square feet in area, including border and trim but excluding base or apron, support, and other structural members.

f. Which do not comply with all applicable state or local laws, regulations and ordinances, including but not limited to zoning, building, and sign codes as locally interpreted and applied and enforced, or which violate chapter 319; however, nothing in this division shall prevent or restrict county or local zoning authorities from making a determination of customary use concerning size, lighting, and spacing of advertising devices in zoned commercial or industrial adjacent areas, and such determinations will be accepted in lieu of the standards of this division. The provisions of this division shall not prevent or restrict county or local zoning authorities within their respective jurisdictions from establishing standards imposing controls stricter than those required by this division.

g. The standards contained in this section pertaining to size, lighting, and spacing shall not apply to advertising devices erected or maintained within six hundred sixty feet of the right of way of those portions of the interstate highway system exempted from control under chapter 306B by authority of section 306B.2, subsection 5, nor to advertising devices erected and maintained within adjacent areas along primary highways within zoned and unzoned commercial and industrial areas, unless said advertising devices were erected subsequent to July 1, 1972.

[C73, 75, 77, 79, §306C.13]

Referred to in §306C 11

**306C.14 Existing signs—six-year limit.** Any advertising device lawfully in existence in an adjacent area on July 1, 1972, which does not conform with the provisions of this division, shall be required to be brought into conformity or removed within six years after July 1, 1972. Any advertising device lawfully erected after said date which subsequently becomes nonconforming, shall be required to be brought into

conformity or removed within five years after the date the nonconformity occurs. However, no advertising device shall be acquired or be required to be removed pursuant to this division unless the department has received notification from the federal government that the federal share of "just compensation" to be paid is immediately available to contribute to the cost of acquisition or removal; this requirement shall not apply to the acquisition or removal of advertising devices for which no federal share is payable. [C73, 75, 77, 79, §306C.14]

**306C.15 Acquisition of signs.** The department shall acquire by purchase, gift, or condemnation, and shall pay "just compensation" upon the removal of any of the following advertising devices which are not in conformity with the provisions of this division:

1. Advertising devices lawfully in existence on July 1, 1972.

2. Advertising devices lawfully in existence on land adjoining any highway made an interstate, freeway primary, or primary highway after July 1, 1972.

3. Advertising devices lawfully erected on or after July 1, 1972, but which subsequently become nonconforming.

4. Any advertising device erected on the mistaken or negligent advice of any official or employee of the state of Iowa as to the interpretation, effect, or operation of this division, chapter 306B, or rules promulgated by the department. [C73, 75, 77, 79, §306C.15]

Referred to in §306C 16, 306C.18

**306C.16 Compensation.** Compensation required by section 306C.15 shall be paid for the following:

1. The taking from the owner of such advertising device of all right, title, leasehold, and interest in such advertising device.

2. The taking from the owner of real property on which an advertising device is located, of the right to erect and maintain such advertising devices upon that real property. [C73, 75, 77, 79, §306C.16]

**306C.17 Condemnation.** The provisions of chapters 471 and 472 shall be applicable to any such condemnation commenced pursuant to this division, and the department may take immediate possession of and remove such advertising devices under the procedures of section 472.25. [C73, 75, 77, 79, §306C.17]

**306C.18 Permit required.** The owner of every advertising device regulated by the provisions of this chapter, except signs and advertising devices excepted by section 306C.11, subsections 1, 2 and 5, shall be required to make application to the department for a permit.\*

The application for a permit shall be on a form provided by the department and shall contain the name and address of the owner of the advertising device and the name and address of the owner of the real property on which it is located; the date of its erection; a description of its location; its dimensions; and such other information required by the department, together with a permit fee as provided in this section.

After July 1, 1972, no new advertising device for which an application for a permit is required may be erected without first obtaining a permit from the department, except in the case of advertising devices

lawfully in existence in areas adjacent to any highway made an interstate, freeway primary, or primary highway after July 1, 1972. The owner shall be required to make application for a permit as provided for in this section within thirty days after the date the said highway acquired said designation.

Upon receipt of an application containing all the required information in due form and properly executed together with the fee required, the department shall issue a permit to be affixed to the advertising device if the advertising device will not violate any provision of this division or chapter 306B, or any rule promulgated by the department, provided that in the case of advertising devices to be acquired pursuant to section 306C.15, a provisional permit shall be issued.

The fee for both types of permits shall be twenty-five dollars for the initial fee and five dollars for each annual renewal. The fees collected for the above permits shall be credited to a special account entitled the "highway beautification fund" and all salaries and expenses incurred in administering this chapter shall be paid from this fund or from specific appropriations for this purpose, except that surveillance of, and removal of, advertising devices performed by regular maintenance personnel are not to be charged against the account. [C73, 75, 77, 79, §306C.18; 68GA, ch 65, §2]

Referred to in §306C.12

\*Application for initial permit before July 31, 1972, 64GA, ch 1068, §18

**306C.19 Removal after notice.** Any advertising device erected or maintained after July 1, 1972, in violation of this division or the rules promulgated by the department, is a public nuisance and may be removed by the department upon thirty days' notice, by certified mail, to the owner of the advertising device and to the owner of the land on which the advertising device is located. The notice shall require such owners to remove the advertising device if it is prohibited, or to cause it to conform to this division or rules promulgated by the department if it is not prohibited.

1. If the owner of the advertising device or the landowner fails to act within thirty days as required in the notice, the advertising device shall be deemed to be forfeited and the department may enter upon the land and remove the advertising device. Such entry after notice, shall not be deemed a trespass and the department may be aided by injunction to abate the nuisance and to insure peaceful entry.

2. The cost of removal, including any fees and costs or expenses as may arise out of any action brought by the department to insure peaceful entry and removal, may be assessed against the owner of the advertising device. Should the owner of the advertising device fail to pay such fees, costs, or expenses, within thirty days after assessment, the department may institute proceedings in the district court or small claims division as applicable, to collect said fees, costs, or expenses which when collected, shall be paid into the "highway beautification fund". [C73, 75, 77, 79, §306C.19]

**306C.20 Bonus funds agreements.** The department shall enter into agreements with the duly constituted federal authorities in order to secure for the state all bonus federal funds allotted and appropriations to the state and to avoid loss or reduction, under

Title 23, section 131, of the United States Code, of federal aid funds apportioned or to be apportioned to the state under Title 23, section 104 of the United States Code. The department may accept funds from whatever source, including any allotment of funds by the United States, or any of its departments or agencies, appropriated to carry out the purposes of Title 23, section 131 of the United States Code. The department shall take such steps as may be necessary to obtain from the United States or any of its departments or agencies, funds allotted and appropriated for the purpose of paying the federal share of just compensation to be paid to advertising device owners and owners of the real property under the terms of this chapter and Title 23, section 131, paragraph "g" of the United States Code. All moneys received pursuant to the provisions of this chapter shall be deposited in the "highway beautification fund". [C73, 75, 77, 79, §306C.20]

**306C.21 Information centers.** The department may establish or enter into agreements with private persons, firms, or corporations for the establishment of information centers in rest areas on the interstate, freeway primary, and primary highways, subject to the approval of the appropriate authority of the federal government. [C73, 75, 77, 79, §306C.21]

**306C.22 Political signs.** It shall be lawful to place political signs on private property with permission of the owner or person in charge of the property at any time during the period beginning forty-five days before the date of the election to which the signs pertain and ending on the day of the election, even if such placement would otherwise be a violation of this chapter. This section shall not be construed to authorize placement of any political sign at any location where it may, because of its size, location, content or coloring constitute a traffic hazard or a detriment to traffic safety by obstructing the vision of drivers, by detracting from the visibility of any traffic-control device or by being confused with an authorized traffic-control device. The exemption from provisions of this chapter granted by this section for political signs shall expire on the seventh day following the date of the election to which the signs pertain. A municipal corporation shall adopt no ordinance which prohibits the placement of political signs on private property as permitted by this section during the period beginning twenty-one days before the date of the election to which the signs pertain, nor requires removal of the political signs so placed less than seven days after the date of that election. [C77, 79, §306C.22]

**306C.23 Special event signs.** It is lawful to place a special event sign on private property with permission of the owner or person in charge of the property at any time during the period beginning thirty days prior to the date of the special event to which the sign pertains and ending on the day of the special event. Special event signs shall be removed not later than twenty-four hours following the end of the special event. This section does not authorize placement of a special event sign at a location where it may, because of its size, location, content, coloring or lighting, constitute a traffic hazard or a detriment to traffic safety by obstructing the vision of drivers, by de-

tracting from the visibility of a traffic-control device or by being confused with an authorized traffic-

control device. [68GA, ch 65,§3]

10. Order the removal or alteration of any lights or light-reflecting devices, whether on public or private property, located adjacent to a primary road and within three hundred feet of an intersection with another primary road, which in any way interfere with the vision of or may be confusing to a person operating a motor vehicle on such highway in observing the approach of other vehicles or signs erected for the purpose of giving warning of such intersection.

11. Construct, reconstruct, improve and maintain state institutional roads and state park roads as defined in section 306.3 and bridges on such roads, roads located on state fairgrounds as defined in chapter 173 and the roads and bridges located on area school property as defined in chapter 280A upon the request of the state board, department or commission which has jurisdiction over such roads. The commission shall conduct a study of the road and bridge facilities in state parks, state institutions, state fairgrounds and on area school property. The study shall evaluate the construction and maintenance needs and projected needs based upon estimated growth for each type of facility to provide a quadrennially updated standard upon which to allocate funds appropriated for the purposes of this subsection.

The program shall include, insofar as such estimates can be made, an estimate of the money expected to become available during the period covered by the program and a statement of the construction, maintenance, and other work planned to be performed during such period. The commission shall conduct periodic reinspections of the primary roads in order to revise, from time to time, its estimates of future needs to conform to the physical and service conditions of the primary roads. The commission shall annually cause to be published a sufficiency rating report showing the relative conditions of the primary roads. Before the last day of December of each year, the commission shall adopt and cause to be published from its long-range program, a plan of improvements to be accomplished during the next calendar year. The annual program shall be final and followed by the commission in the next year except that deviations may be made in case of disaster or other unforeseen emergencies or difficulties. The relative urgency of the proposed improvements shall be determined by a consideration of the physical condition, safety, and service characteristics of the various primary roads.

The study shall be so designed to investigate present deficiencies and future twenty-year maintenance and construction needs of the roads and the ability of each applicable authority to meet the needs for the planning, construction, repair and maintenance of roads within their jurisdiction. The commission shall have the authority to gather information necessary to complete this study and shall be furnished such assistance from any state agency as necessary to prepare, update and publish a report to be referred to as the "quadrennial need study" for the purposes of this chapter and chapter 312. Said commission is further authorized, in the event of such distribution to the states by the federal authorities, to make such apportionment of said machinery or other equipment among the counties of the state as in its judgment will best facilitate work in progress or contemplated by any county or counties, but the title and right of possession of such property so received from the federal government shall at all times rest in the commission for the use and benefit of the state. The commission shall pay from the primary road fund such portion of the cost of the improvement as would be legally assessable against the land if privately owned.

Assessments against property under the jurisdiction of the highway division of the department shall be made in the same manner as those made against private property, except that the city or county making the assessment shall cause a copy of the public notice of hearing to be mailed to the director of transportation by certified mail.

From this fund shall be paid all materials and supplies, inventoried stock supplies, maintenance and operational costs of equipment and equip-

ment replacements incurred in the operation of centralized purchasing for the highway division of the department. Direct salaries and expenses properly chargeable thereto shall be paid from said fund. For each month the commission shall render a statement to each department within the highway division for the actual cost of materials and supplies, operational and maintenance costs of equipment, and equipment depreciation used by the highway division. Such expense shall be paid by the division in the same manner as other interdepartmental billings are paid and when such expense is paid by the division, such sum shall be credited to the highway materials and equipment revolving fund. If any surplus accrues to said revolving fund in excess of one hundred thousand dollars for which there is no anticipated need or use, the governor shall order such surplus reverted to the primary road fund. When the highway division shares equipment with other divisions of the department, the director of transportation shall prorate the costs of the equipment among the divisions using the equipment. **307B.1 Short title.** This chapter may be referred to and cited as the "Iowa Railway Finance Authority Act." [68GA, ch 1095,§1]

**307B.2 Declaration of necessity and purpose.** The purpose of this chapter is to benefit the citizens of Iowa by improving their general health, welfare and prosperity and insuring the economic and commercial development of the state. Access to adequate railway transportation facilities is essential to the economic welfare of the state. This chapter is intended to preserve for the citizens of Iowa those railway facilities now in existence in the state which have a viable future but which for a variety of economic and legal reasons may well go out of service if the state does not provide the financing mechanism contained in this chapter. It is the intent of the chapter that ownership and control of railway facilities be transferred to private ownership as promptly as economically practicable. It is further intended that the authority created herein be vested with all powers to enable it to accomplish its purposes except the power to operate rolling stock except as incidental to the repair or renovation of a railway facility. [68GA, ch 1095,§2]

**307B.3 Legislative findings.** The general assembly finds and declares as follows:

1. The establishment of the authority is in all respects for the benefit of the people of the state of Iowa, for the improvement of their health and welfare, and for the promotion of the economy, which are public purposes.

2. The authority will be performing an essential governmental function in the exercise of the powers and duties conferred upon it by this chapter.

3. There will exist a serious shortage of viable rail lines and railway facilities serving the rural and agricultural communities of the state.

4. There exists a serious problem in this state regarding the ability of agricultural producers to transport economically farm products to traditional markets because of the abandonment and possible abandonment of railway facilities within the state.

5. These conditions are making it more and more difficult for farmers and farm related businesses to survive in the present state of the economy thus threatening the very heart blood of Iowa.

6. One major cause of this condition has been recurrent shortages of funds in private channels and the high interest cost of borrowing.

7. These shortages have contributed to reductions in construction of new railway facilities, and have made the sale, purchase and repair of existing railway facilities a virtual impossibility in many parts of the state.

8. Iowa faces the possible consequences of two railroad bankruptcies and further reductions in service by other railroads due to deteriorating rail facilities. The loss of rail service on three thousand ninety miles may be the immediate consequence of the bankruptcies, with a resultant increase in transportation costs. This will be accompanied by a reduction in Iowa farm income. Any prolonged loss of service on the essential portions of these rail facilities means the loss of jobs in Iowa and a loss to the state economy.

9. A stable supply of adequate funds for financing of railway facilities is required to encourage construction of railway facilities, the rehabilitation of existing facilities and to prevent the abandonment of others in an orderly and sustained manner and to reduce the problems described in this section.

10. It is necessary to create a railway finance authority to encourage the investment of private capital and stimulate the construction, rehabilitation and repair of railway facilities and to prevent the abandonment of others through the use of public financing.

11. All of the purposes stated in this section are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned or granted. [68GA, ch 1095,§3]

**307B.4 Definitions.** For purposes of this chapter, unless the context otherwise requires:

1. "*Authority*" means the Iowa railway finance authority created by this chapter.

"*Railway facilities*" means land, structures, fixtures, buildings and equipment, except rolling stock, necessary or useful in providing railroad transportation services, including, but not limited to, roadbeds, track, trestle, depot, switching and signaling equipment and all necessary, useful and related equipment and appurtenances and all franchises, easements and other interests in land and rights of way necessary or convenient as a site or sites for any of the foregoing.

3. "*Project costs*" as applied to railway facilities financed under the provisions of this chapter means the total of all reasonable or necessary costs for or incidental to the acquisition, construction, reconstruction, repair, alteration, improvement or extension of any railway facilities including, but not limited to, the cost of studies and surveys, plans, specifications, architectural and engineering services, legal, organizational, marketing or other special services, financing, acquisition, demolition, construction, equipment and site development of new and rehabilitated buildings and facilities, rehabilitation, reconstruction, repair or remodeling of existing buildings and facilities and all other necessary and incidental expenses including, but not limited to, an initial bond and interest reserve together with interest on bonds issued to finance the railway facilities to a date six months subsequent to the estimated date of completion.

4. "*Department*" means the Iowa department of transportation.

5. "*Governing board*" or "*board*" means the governing board of the authority created by section 307B.6.

A member of the board shall not also serve concurrently as a member of the state transportation commission or as an official or employee of the department.

3. Three members of the board constitute a quorum and the affirmative vote of at least three members is necessary for any recommendation made by the board. The majority shall not include any member who has a conflict of interest and a statement by a member of a conflict of interest is conclusive for this purpose. A vacancy in the membership does not impair the right of a quorum to perform the functions and duties of the board.

4. Members of the board are entitled to receive forty dollars per diem for each day spent in performance of their functions and duties as members and reimbursement for all actual and necessary expenses incurred in the performance of their functions and duties as members.

17. Receive and accept from any public agency loans or grants for or in aid of project costs and to receive and accept grants, gifts and other contributions from any source.

18. 19. Temporarily operate a railway facility under this chapter if sufficient need exists or there is an

emergency situation as determined by a majority of the board. [68GA, ch 1095,§7]

The proceedings of the governing board authorizing the issuance of the bonds shall provide for the manner of execution, delivery, form, terms, investment and disbursement of the proceeds, and security for the payment of the bonds. Before any bonds of the authority may be offered for sale, the authority shall issue a prospectus in connection with the offering. The bonds shall be either registered, registered as to principal only or in coupon form, be payable as to principal at times over a period not to exceed thirty-five years. Any bonds of the authority may be sold at public or private sale at the price, in the manner and at the time as may be determined by the governing board. The proceedings under which bonds may be issued shall recognize and protect any prior pledge or mortgage made for any prior issue of bonds as they shall relate to the same facility. Chapter 75 and sections 23.12 to 23.16 do not apply to bonds issued under this chapter. All bonds and interest coupons issued under this chapter are negotiable instruments. [68GA, ch 1095,§9]

**307B.10 Refunding of bonds.** Any bonds of the authority at any time outstanding may be refunded with the consent of the bondholders or as provided in call provisions of the original issue by the authority

by the issuance of its refunding bonds in an amount as it deems necessary but not exceeding an amount sufficient to refund the principal of the bonds to be refunded, together with any unpaid interest premiums, commissions, service fees and other expenses necessary to be paid. Any refunding may be effected whether the bonds to be refunded have matured or shall mature, either by sale of the refunding bonds and the application of the proceeds for the payment of the bonds to be refunded, or by the exchange of the refunding bonds for the bonds to be refunded with the consent of the holders of the bonds to be refunded. Refunding may be made without regard to whether or not the bonds to be refunded were issued in connection with the same railway facility or separate railway facilities or for any other purpose, and without regard to whether or not the bonds proposed to be refunded shall be payable on the same date or different dates or due serially or otherwise. [68GA, ch 1095,§10]

Referred to in §307B.8

**307B.11 Security for bonds.** The principal of and interest on any bonds issued by the authority shall be secured by a pledge of revenues, rentals and receipts out of which the same shall be made payable and may be secured by any federal funds, a trust indenture, mortgage or deed of trust including assignment of leases or other contract rights of the authority, contract rights of the authority or any person, firm, corporation or other business entity acquiring, leasing or operating a railway facility under this chapter with third parties which may cover all or any part of the railway facilities for which the revenues, rentals or receipts pledged may be derived, including, but not limited to, any enlargements of or additions to any facilities.

Each such pledge shall continue effective until the principal and interest on the bonds shall have been fully paid or provision for the payment duly made. [68GA, ch 1095,§11]

**307B.12 Payment of bonds—nonliability of state.** Bonds issued under the provisions of this chapter, and judgments based on contract or tort arising from the activities of the authority or persons acting on its behalf, shall not constitute a debt or liability of the state or of any political subdivision within the meaning of any constitutional or statutory debt limitation and no appropriation shall be made, directly or indirectly, by the state or any political subdivision for the payment of the bonds or judgments, or for the indemnification of a person subject to a judgment arising from that person's actions on the authority's behalf, but are special obligations of the authority payable solely and only from the sources provided in this chapter. [68GA, ch 1095,§12]

**307B.13 Remedies of bondholders and noteholders.**

1. If the authority defaults in the payment of principal or interest on an issue of bonds or notes after they become due, whether at maturity or upon call for redemption, and the default continues for a period of thirty days, or if the authority fails or refuses to comply with the provisions of this chapter, or defaults in an agreement made with the holders of an

issue of bonds or notes, the holders of twenty-five percent in aggregate principal amount of bonds or notes of the issue then outstanding, by instrument filed in the office of the clerk of the county in which the principal office of the authority is located, and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of the bonds or notes for the purposes provided in this section.

2. The authority or any trustee appointed under the indenture under which the bonds are issued may, and upon written request of the holders of twenty-five percent in aggregate principal amount of the issue of bonds or notes then outstanding shall:

c. By action require the authority to account as if it were the trustee of an express trust for the holders.

d. By action enjoin any acts or things which are unlawful or in violation of the rights of the holders.

e. Declare all the bonds or notes due and payable and if all defaults are made good then with the consent of the holders of twenty-five percent of the aggregate principal amount of the issue of bonds or notes then outstanding, annul the declaration and its consequences.

3. The trustee shall also have and possess all powers necessary or appropriate for the exercise of functions specifically set forth or incident to the general representation of bondholders or noteholders in the enforcement and protection of their rights.

4. Before declaring the principal of bonds or notes due and payable, the trustee shall first give thirty days' notice in writing to the governor, to the authority and to the attorney general of the state.

5. The district court has jurisdiction of any action by the trustee on behalf of bondholders or noteholders. The venue of the action shall be in the county in which the principal office of the authority is located. [68GA, ch 1095,§13]

**307B.14 Authority as public instrumentality.** The authority is performing a public function on behalf of the state and is a public instrumentality of the state. Income of the authority and all properties owned or leased by the authority shall be exempt from all taxation in the state of Iowa. This chapter shall not be construed as exempting from taxation properties comprising railway facilities financed under any of

the provisions of this chapter which are owned by persons or entities other than the authority except those leased by the authority. [68GA, ch 1095,§14]

**307B.15 Powers not restricted—law complete in itself.** This chapter shall not be construed as a restriction or limitation upon any powers which the authority might otherwise have under any laws of this state, but shall be construed as cumulative of any such powers. No proceedings, referendum, notice or approval shall be required for the creation of the authority or the issuance of any bonds or any instrument as security except as herein provided, any other law to the contrary notwithstanding; provided, that nothing herein shall be construed to deprive the state and its governmental subdivisions of their respective police powers over properties of the authority or to impair any power thereof of any official or agency of the state and its governmental subdivisions which may be otherwise provided by law. [68GA, ch 1095,§15]

**307B.16 Limitation of liability.** The members of the board and persons acting in the board's behalf, while acting within the scope of their employment or agency, shall be employees of the state within the meaning of chapter 25A and the provisions, except section 25A.11, of that chapter shall apply to such members and persons. Any awards to a claimant under chapter 25A resulting from actions involving the board or a person acting in the board's behalf shall be payable solely from funds of the authority and funds received from the state shall not be used to pay such awards. [68GA, ch 1095,§16]

**307B.17 Exemption from construction and bidding requirements for public buildings.** A railway facility is not subject to any requirements relating to public buildings, structures, grounds, works or improvements imposed by any other law, except as determined by the governing board, or any other similar requirements which may be lawfully waived by this section and any requirement of competitive bidding or other restriction imposed on the procedure for awarding contracts for such purpose or the lease, sale, or other disposition of property of the authority is not applicable to any action taken under the provisions of this chapter. [68GA, ch 1095,§17]

**307B.18 Liberal interpretation.** This chapter, being necessary for the welfare of this state and its inhabitants, shall be liberally construed to effect its purposes. [68GA, ch 1095,§18]

**308.2 Assent to federal Act.** The general assembly of the state of Iowa hereby declares that the intent of this chapter is to assent to any Act of the United States Congress authorizing the development of any national parkway located wholly or partly within the state of Iowa, to the full extent that is necessary to secure any benefits under such Act, provided that the hunting of migratory waterfowl and other game and fishing shall not be prohibited or otherwise restricted by the United States government or any of its designated agencies in control of said project, and to authorize the appropriate state boards, commissions, departments and the governing bodies of counties, cities and villages and especially the state transportation commission to co-operate in the planning and development of all national parkways that may be proposed for development in Iowa, with any agency or department of the government of the United States in which is vested the necessary authority to construct or otherwise develop such national parkways. Whenever authority shall exist for the planning and development of any national parkway, of which any portion shall be located in the state of Iowa, it shall be the duty of the state transportation commission to make such investigations and studies in co-operation with the appropriate federal agency, and such state boards, commissions and departments as shall have an interest in such parkway development, to the extent that shall be desirable and necessary in order to provide that the state shall secure all advantages that may accrue through such parkway development and that the interests of the counties, cities and villages along the route shall be served. [C62, 66, 71, 73, 75, 77, 79, §308.2]

**308.3 Definitions.** As used in this chapter:

1. "Secretary", "parkway", "scenic landscape", "slightly or safety easement", "access", "parkway road", "parkway development", "frontage" and other similar terms have the same meaning as defined in any Act of the Congress of the United States related to a national parkway.

2. "National parkway" has the same meaning as defined in Public Law 93-87, first session, Ninety-third Congress of the United States.

3. "Great river road" means a scenic and recreational highway consisting of a designated system of roads and streets along the Mississippi river in this state.

4. "A scenic and recreational highway" means a public highway designated to allow enjoyment of aesthetic and scenic views, points of historical, archaeological and scientific interest, state parks and other recreational areas and includes both the right of way and conservation area.

5. "Scenic easement" means a servitude which is acquired by gift, purchase, exchange or condemnation and is designed to permit land to remain in private ownership for its normal agricultural, residential or other use and, at the same time, to restrict and control the future use of the land for the purpose of preserving, restoring or enhancing the natural and historic beauty of the land subject to the scenic easement.

6. "Right of way" means land area dedicated to public use for a highway and its maintenance, and includes land acquired in fee simple or by permanent easement for highway purposes, but does not include temporary easements or rights for supplementary highway appurtenances.

7. "Conservation area" means land in which the state transportation commission or the state conservation commission has acquired rights other than that land necessary for a right of way. [C62, 66, 71, 73, 75, 77, 79, §308.3]

**308.4 Transportation commission authority.**

1. The state transportation commission shall make such investigations, surveys, studies and plans in connection with any proposed national parkway or parkway development as it shall deem necessary or desirable to determine if the proposed development is under the terms of the Act of the United States Congress applicable to such parkway or any regulations under such Act and is advantageous to the state. Such parkway development may be any portion of the proposed parkway which is proposed to be constructed as a project under such Act.

2. The state transportation commission, with the co-operation of the state conservation commission, shall also:

a. Plan, designate and establish the exact routing of the great river road, utilizing the general guidelines established in Title 23, United States Code.

b. Acquire all rights in land necessary for reconstruction or relocation of any portions of the great river road where such reconstruction or relocation is imperative for the safety of the traveling public, or where the condition or location of existing segments of the highway is not in keeping with the intent of the provisions of this chapter. Acquisitions of such rights in land shall be by gift, purchase, exchange, or by instituting and maintaining proceedings for condemnation. Gift, purchase, exchange, and condemnation shall include acquisition of a scenic easement. A scenic easement acquired under this chapter shall constitute easements both at law and in equity, and all legal and equitable remedies, including prohibi-

tory and mandatory injunctions, shall be available to protect and enforce the state's interest in such scenic easements. Any scenic easement acquired under this chapter shall be deemed to be appurtenant to the roadway to which it is adjacent or from which it is visible. The duties created by any scenic easement acquired under this chapter shall be binding upon and enforceable against the original owner of the land subject to the scenic easement and his heirs, successors, and assigns in perpetuity, unless the instrument creating the scenic easement expressly provides for a lesser duration. A court shall not declare any scenic easement acquired under this chapter to have been extinguished or to have become unenforceable by virtue of changed conditions or frustration of purpose.

c. Accept and administer state, federal and any other public or private funds made available for the acquisition of rights in land and for the planning and construction or reconstruction of any segment of the great river road and any state and federal funds for the maintenance of that part of the great river road constituting the right of way.

3. There is appropriated from the general fund of the state to the state department of transportation the sum of one hundred thousand dollars for each fiscal year beginning July 1, 1978, and ending June 30, 1988. Said money is to be utilized for the acquisition and construction of highway-associated project components for the great river road. Each annual appropriation shall first be used to reimburse the great river road fund established in section 312.2, with remaining funds being available for a period of one fiscal year following the year of appropriation. The state department of transportation, in co-operation with the state conservation commission and the Mississippi river parkway commission, shall administer the provisions of this subsection and shall issue rules for such administration in accordance with chapter 17A. A report shall be submitted listing the expenditures for the previous year and cumulative expenditures of all funds appropriated by this section and the report shall be incorporated in the annual report required by section 17.9. [C62, 66, 71, 73, 75, 77, 79, §308.4]

Referred to in §308.7, 312.2

**308.5 Jurisdiction and control.** Jurisdiction and control of the great river road shall be vested in the state transportation commission. [C75, 77, 79, §308.5]

**308.6 Transferring jurisdiction.** The state transportation commission, with the concurrence of the state conservation commission, shall transfer jurisdiction of any adjacent conservation area to the state conservation commission upon completion of any new segment of the great river road. [C75, 77, 79, §308.6]

**308.7 Duties of the state conservation commission.** The state conservation commission, with the co-operation of the state transportation commission, shall:

1. Control the conservation area acquired by the state transportation commission.
2. Protect all scenic easements.
3. Maintain, improve, and beautify according to plans made under section 308.4, subsection 2, paragraph "a", all conservation areas, including the estab-

lishment of off-road-vehicle trails, equestrian trails and hiking paths.

4. Accept and administer state, federal and any other public or private funds made available for the maintenance, improvement and beautification of conservation areas. [C75, 77, 79, §308.7]

**308.8 Agreements authorized.** The state transportation commission and the state conservation commission may enter into agreements with the United States secretary of transportation, as provided under the United States Code, Title 23 relating to scenic and recreational highway system, and with any other agency and jurisdiction, and take action in the name of the state to comply with the terms of any agreement. [C75, 77, 79, §308.8]

**308.9 Establishing locations for the highway.**

1. When, as a result of its investigations and studies, the state transportation commission, in co-operation with the state conservation commission, finds that there may be a need in the future for the development and construction or reconstruction of segments of the great river road and when the state transportation commission determines that in order to prevent conflicting costly economic development on areas of lands to be available for the great river road when needed for such future development, there is need to establish and to inform the public of the approximate location and widths of new or improved segments of the great river road to be needed, the state transportation commission may proceed to establish such location and the approximate widths in the manner provided in this section. The state transportation commission shall give notice and hold a public hearing on the matter in a convenient place in the area to be affected by the proposed improvement of the great river road. The state transportation commission shall consider and evaluate the testimony presented at the public hearing and it shall make a study and prepare a map showing location of the proposed new or reconstructed segment of the great river road and the approximate widths of right of way needed. There shall be shown on such map the existing roadway and the property lines and record owners of lands to be needed. The approval of such map shall be recorded by reference in the state transportation commission's minutes, and a notice of such action and a copy of the map showing the lands or interest in the lands needed in any county shall be filed in the office of the county recorder of such county. Notice of the action and of the filing shall be published once in a newspaper of general circulation in such county, and within sixty days following the filing, notice of the filing shall be served in registered mail on the owners of record on the date of filing and on the functional classification board of the county. Using the same procedures for approval, notice and publications, and notice to the affected record owners, the state transportation commission may, from time to time, amend the map.

2. After such location is established, within the area of the great river road as shown on the map or in such proximity to it as to result in consequential damages when the rights in land for the great river road are acquired, a person shall not erect or move in any

additional structure or rebuild, alter or add to any existing structure, without giving to the state transportation commission by registered mail sixty days' notice of such contemplated construction, alteration, or addition describing the same. However, this prohibition and requirement shall not apply to any normal or emergency repairs or replacements which are necessary to maintain an existing structure of a facility in approximately its previously existing functioning condition. When the rights in land for a segment of the great river road are acquired, damages shall not

be allowed for any construction, alterations, or additions in violation of this subsection.

3. Without limiting any authority otherwise existing, rights in land needed for the great river road may be acquired at any time by the state, the county, or the municipality in which such segment of the great river road is located. If an owner's contiguous land is acquired to an extent which is less than the total amount shown on the map as needed, consequential damages to the land not acquired shall be allowed as found to exist. [C62, 66, 71, 73,§308.5; C75, 77, 79,§308.9]

## CHAPTER 308A

### RECREATIONAL BIKEWAYS

Referred to in §307.24

308A.1 Conservation and transportation commissions to co-operate.

308A.2 Funds.

308A.3 Certain elevated structures prohibited—exception.

**308A.1 Conservation and transportation commissions to co-operate.** The state conservation commission, in consultation with the state transportation commission, is hereby authorized to establish recreational bikeways within this state for the use, enjoyment, and participation of the public in nonmotorized bicycling. The routes established for such bikeways shall be designed to maximize the safety of cyclists and motorists and may utilize secondary roads when the normal flow of motor vehicle traffic will not be hindered, as well as other infrequently traveled roads, streets, parkways, and appropriate thoroughfares. Such bikeways shall be routed, wherever possible, to allow the enjoyment of scenic views and points of historical interest, and may connect state parks and other recreational areas throughout the state.

Bikeway routes shall be clearly marked with appropriate signs to guide cyclists and to alert motorists. Such signs shall be placed at intervals and designed in such form as prescribed by the conservation commission in consultation with the state transportation commission.

The conservation commission is hereby authorized to co-operate with county conservation boards, boards of supervisors, city councils, or any private organizations interested in the establishment of bikeways, and may consult with such groups in the planning of appropriate bikeway routes and related activities. [C71, 73, 75, 77, 79,§308A.1]

**308A.2 Funds.** The state conservation commission may accept in the name of the state funds contributed by such groups; and such funds shall be used exclusively in the establishment of bikeways as herein provided. **309.96 Operation of budgeted program.**

1. No county shall expend from the secondary road fund an amount in excess of the total amount of the budget or amended budget as adopted by the board of supervisors, whether such budget is approved or disapproved by the department. In order to permit any county to adjust its secondary road income to changed needs that may occur after the budget has been approved by the department the expenditures for any individual item within the budget may exceed by not more than ten percent the amount budgeted for that item without department approval or the submission of an amended budget, provided, however, that the expenditures for one or more other individual items are less than budgeted and the total expenditures from the secondary road fund do not exceed the total secondary road budget.

2. In the event that a county secondary road budget or amended budget thereto is disapproved by the department, the county may elect either to revise such budget or amended budget so as to receive approval or the county may elect to operate with such disapproved budget or amended budget. In the event the county secondary road budget is disapproved in whole or in part, within twenty days after receipt of

the department's report, the board of supervisors shall cause to be published in the official newspapers of the county, notice of a public hearing to be held within ten days of said publication, on the department's recommendations, and at said hearing the board of supervisors shall amend or adopt their original budget. Any sum remaining unexpended at the end of the period during which it is available for expenditure, shall be reapportioned among all the counties as provided in section 312.5 for original allocations.

For the purposes of this section, any sums of the farm-to-market road fund allotted to any county shall be presumed to have been "expended" when a contract has been awarded obligating the sums. When projects and their estimated costs, which are proposed to be funded from the farm-to-market road fund, are submitted to the department for approval, the department shall estimate the total funding necessary and the period during which claims for the projects will be filed. After anticipating the funding necessary for approved projects, the department may, at its discretion, temporarily allocate additional moneys from the farm-to-market road fund for use in any other farm-to-market projects. Should any county fail to so maintain any such road, the department shall give the board of supervisors notice of that fact. If within sixty days after receipt of such notice the said highway has not been placed in proper condition of maintenance the department shall proceed immediately to have such highway placed in proper condition of maintenance and charge the cost thereof against said county's allotment of the farm-to-market road fund. The amount so expended for maintenance work by the department shall be reimbursed to said county's allotment of the farm-to-market road fund, from said county's secondary road maintenance fund, before any more farm-to-market road projects in said county are approved by the department. [C39, §4686.29; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §310.29]

[C24, 27, 31, 35, 39, §4746; C46, §311.3; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §311.1]

**311.4 County line road.** Whenever it is desired to surface a secondary road on a county line, as a secondary road assessment district project, the board of supervisors of any county concerned may establish an assessment district in its county, and levy and collect special assessments for the payment of that portion of the estimated cost of such project assessable against lands in that county. Each county shall pay its share of the cost of said project as provided in this chapter, in the same manner as though the project were located wholly within that county. [C24, 27, 31, 35, 39, §4746; C46, §311.3; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §311.4]

**311.5 Project in city.** Any road or street which is a continuation of a secondary road within any city and which the county board desires to improve by graveling, oiling, or other suitable surfacing, may by resolution of the county board and concurrence by the council of the city be improved as a secondary road assessment district project or part thereof as herein

provided. The lands within such city abutting on or adjacent to such street or road may be included within such secondary road assessment district and assessed on account of such improvement upon the same basis and in the same manner as though such lands were located outside of a city. [C24, §4754; C27, 31, 35, §4745-a1; C39, §4745.1; C46, §311.2; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §311.5]

**311.6 Petition—information required.** The petition for a secondary road assessment district proposing to establish such district shall intelligibly describe the road or roads proposed to be improved, the nature of the proposed improvement, the percentage of the estimated cost of the surfacing of said road proposed to be assessed against the property in the said district and the lands proposed to be included in such district.

Such petition shall be signed by thirty-five percent of the owners of the lands within such proposed district, or by thirty-five percent of the owners of the land within such proposed district who reside within said county. [C24, 27, 31, 35, 39, §4746; C46, §311.3; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §311.6]

**311.7 Improvement by private funds.** The owner or a group of owners of not less than seventy-five percent of the lands adjacent to, or abutting upon any secondary road may, on or before October 1 of any year, petition the board of supervisors of their county for the improving by graveling or other suitable surfacing, of such road, and for the assessment of not less than fifty percent (or such greater portion as may be provided in said petition) of the cost of such improving, by graveling or other suitable surfacing, to the lands adjacent to, or abutting upon such road. When the petition has been filed, the board of supervisors shall review the project proposed by the petition and may accept or reject the proposed project. If the board of supervisors accepts the petition, the board shall include such project in the secondary road construction program of said county and

establish a priority for the completion of such project.

The board of supervisors shall proceed with the construction and completion of said project in accordance with its assigned priority and under the same procedure as is prescribed generally for the improvement of secondary roads by assessment, and shall, as the law may provide, establish a special secondary road assessment district and assess against the lands included therein not less than fifty percent (or such greater portion as may be provided in said petition) of the engineer's estimated cost of the surfacing of the road or roads included in said project against all the lands adjacent to or abutting upon the said road or roads.

Provided, that should the owner or owners of all the lands included in any special secondary road assessment district under this section, subscribe and deposit with the county treasurer an amount not less than fifty percent (or such greater portion as may be provided in said petition) of the engineer's estimated cost of the surfacing of the road or roads included in said project, the board of supervisors shall not establish such special assessment district as herein provided, but shall accept the said donations in lieu of an assessment, and shall otherwise proceed to the improvement of said road or roads as herein provided.

Provided further, that the total expenditure of secondary road funds of the county in any year for or on account of special secondary road assessment district projects on local secondary roads under this section shall not exceed the total secondary road funds legally expendable for construction on local secondary roads in said county in said year, and the expenditure of secondary road funds of the county, in any township in any three-year period, for or on account of special secondary road assessment district projects on local secondary roads under this section, shall not exceed said township's pro rata share, on the area basis, of the total secondary road funds legally expendable for construction on local secondary roads in said county in said three-year period, unless there be a township or townships from which there are no petitions filed during the first two years of said three-year period.

If the engineer's estimated cost of the grading, bridges, culverts, and draining of the road proposed to be included in any special assessment district project under this section, exceeds an average of seven thousand dollars per mile, the board of supervisors of said county may appeal to the state transportation commission as to whether the county shall proceed with the construction of said project. The state transportation commission shall hold a hearing on said matter, at a time and place of which the petitioners and the county board shall be duly notified, and shall have an opportunity to appear and be heard. After such hearing the state transportation commission shall determine whether the county shall proceed with said project, which determination shall be final.

Upon the completion of such road or roads, and the satisfaction of all claims in relation thereto, any balance then remaining of the funds provided by the sponsors shall be returned to them according to their respective interests, providing all guarantees made by such sponsors have been fulfilled.

Any road or roads so improved by graveling or other suitable surfacing under the provisions of this section shall be maintained by the county from the secondary road fund. [C24, 27, 31, 35, 39, §4747, 4753; C46, §311.4, 311.10; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §311.7]

See §309.8

**311.8 County engineer's report.** Upon the filing of such petition with the county auditor proposing the establishment of such secondary road assessment district, the county engineer shall file a report thereon with the county auditor, which report shall include:

1. An estimate of the cost of the surfacing proposed on the road or roads included in such proposed district.

2. A plat of said proposed district which plat shall show the road or roads proposed to be improved, the various tracts and parcels of real estate included in said proposed district, and the ownership of such lands.

3. An approximately equitable apportionment of not less than twenty-five percent of the estimated cost of said improvement among the tracts and parcels of real estate included in such proposed district.

4. A statement whether all of the secondary roads to be surfaced in said proposed secondary road assessment district project have been built to permanent grade and properly drained.

5. Any information the county engineer may deem pertinent. [C24, 27, 31, 35, 39, §4746, 4748; C46, §311.3, 311.5; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §311.8]

**311.9 Publicly owned real estate.** In making said apportionment, real estate owned by the state, county or any city, shall be treated as other real estate, but no other publicly owned real estate shall be included. In apportioning benefits to real estate owned by a city, the county or the state, no consideration shall be given to the buildings thereon. [C24, §4707; C27, 31, 35, §4753-a1; C39, §4753.01; C46, §311.11; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §311.9]

**311.10 Estimate and apportionment—presumption.** Said estimated cost shall carry the presumption, in the absence of a contrary showing, that the same correctly represents the probable cost of said project as nearly as can be determined in advance of the actual doing and completion of the work. Said apportionment shall carry the presumption, in the absence of a contrary showing, that the same is fair, just, equitable, and in proportion to the benefits and not in excess thereof. [C24, §4707; C27, 31, 35, §4753-a1; C39, §4753.01; C46, §311.11; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §311.10]

**311.11 Hearing—notice.** The board of supervisors shall fix a time for hearing on the proposal for the establishment of said secondary road assessment district and on the apportionment of not less than twenty-five percent of the estimated cost of the proposed improvement, and shall cause the county auditor to publish notice of said hearing. Said notice shall state:

1. The time and place of hearing,
2. The road or roads proposed to be improved,
3. The type of surfacing proposed,
4. The estimated cost of the proposed improvement,
5. A description of the lands lying within said proposed district,
6. The ownership of said lands as shown by the transfer books in the auditor's office,
7. A statement of the amount apportioned to each tract or parcel of real estate as shown by the engineer's report,
8. That at said hearing the amount apportioned to any tract or parcel of land may be increased or decreased without further notice,
9. That all objections to the establishment of said district, to the said apportionment report, or to the proceedings relating thereto must be specifically made in writing and filed with the county auditor on or before noon of the day set for such hearing, and
10. That a failure to make and file such objections will be deemed a conclusive waiver of all such objections. [C24,§4707, 4750, 4751; C27, 31, 35,§4750, 4751, 4753-a1; C39,§4750, 4751, 4753.01; C46,§311.7, 311.8, 311.11; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§311.11]

**311.12 Publication of notice.** Such notice shall be published once each week for two successive weeks in some newspaper published in the county as near as practicable to said district. The last publication shall be not less than five days previous to said hearing. Proof of such publication shall be made by the publisher by affidavit filed with the county auditor. [C24,§4707; C27, 31, 35,§4753-a1; C39,§4753.01; C46,§311.11; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§311.12]

**311.13 Errors in notice or apportionment report.** Any omission or error in said apportionment report or notice with respect to any tract or parcel of real estate or the description thereof, or the name of the owner, or the amount of the assessment apportioned thereto, shall work no loss of jurisdiction on the part of the board over such proceeding. Such omission or error shall only affect the particular tract of real estate or person in question. If, before or after the board has entered its final order in the establishment of the said district or in the apportionment proceedings such omission or error is discovered, the board shall fix a time for a hearing as to such party or real estate and shall cause service of notice to be made upon them, either by publication as in this chapter provided, or by personal service in the time and manner required for service of original notices in the district court. After such hearing the board shall proceed as to such person or land as though such omission or error had not occurred. [C24,§4707; C27, 31, 35,§4753-a1; C39,§4753.01; C46,§311.11; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§311.13]

**311.14 Appearance.** The appearance of any interested party, either in writing or personally, or by authorized agent, before the board of supervisors at any stage of the pending proceedings for a secondary road assessment district shall be deemed a full appearance. Only interested parties shall have the right to appear in such proceedings. All persons so appear-

ing shall state for whom they appear. The clerk of the board shall make definite entry accordingly in the minutes of the board. [C24,§4707; C27, 31, 35,§4753-a1; C39,§4753.01; C46,§311.11; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§311.14]

**311.15 Hearing—adjournment—order.** Hearings on the proposed establishment of said district may be adjourned from time to time without loss of jurisdiction by the board. On final hearing the board shall proceed to a determination of said matters. It may reject, approve, or modify and approve said proposal. The board may exclude lands from the district or may add lands thereto or otherwise modify the proposal.

Should the proposal be approved in whole or in part, the board shall establish such district. The order of the board establishing such district shall state the road or roads to be improved, the type of improvement, and the lands included in said district. Said order shall be final. No lands shall thereafter be added to or excluded from said district. [C24,§4709; C27, 31, 35,§4753-a2; C39,§4753.02; C46,§311.12; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§311.15]

**311.16 Final hearing—assessment levied.** On final hearing the board shall hear and determine all objections filed. The board may increase, diminish, annul, or affirm the apportionment made in said report, or any part thereof, as may appear to the board to be just and equitable.

On the final determination the board shall levy the assessments and all installments thereof upon the real estate within the district as finally established. The entire amount of the assessment shall be then due and payable, and bear interest at a rate not exceeding that permitted by chapter 74A commencing twenty days from the date of the levy, and shall be collected at the succeeding September semiannual payment of ordinary taxes. [C24,§4710; C27, 31, 35,§4753-a3; C39,§4753.03; C46, §311.13; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§311.16; 68GA, ch 68,§1, ch 1025,§31]

**311.17 Assessments over ten dollars—waiver.** If an owner other than the state or a county or city, of any tracts of land on which the assessment is more than ten dollars, shall, within twenty days from the date of the assessment, agree in writing filed in the office of the county auditor, that in consideration of the owner having the right to pay the assessment in installments, the owner will not make any objection of illegality or irregularity as to the assessment upon the real estate, and will pay the assessment plus interest, the assessment shall be payable in ten equal installments. The first installment shall be payable on the date of the agreement. The other installments with interest on the whole amount unpaid shall be paid annually at the same time and in the same manner as the September semiannual payment of ordinary taxes. The rate of interest shall be as established by the board, but not exceeding that permitted by chapter 74A.

An owner of land who has availed himself of said ten-year option may at any time discharge his assessment by paying the balance then due on all unpaid installments, with interest on the entire amount of the unpaid installments for thirty days in advance.

[C24,§4710; C27, 31, 35,§4753-a3; C39,§4753.03; C46, §311.13; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§311.17; 68GA, ch 68,§2, ch 1025,§32]

**311.18 Assessment delinquent—penalties.** The assessed taxes shall become delinquent on the first day of September after their maturity, shall bear the same interest, the same penalties, and be attended with the same rights and remedies for collection, as ordinary taxes. [C24,§4710; C27, 31, 35,§4753-a3; C39, §4753.03; C46, §311.13; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§311.18; 68GA, ch 68,§3]

**311.19 Assessment ten dollars or less.** Assessments of ten dollars or less against any tract of land, and assessments against lands owned by the state, county or city, shall be due and payable from the date of levy by the board of supervisors, or in the case of any appeal, from the date of final confirmation of the levy by the court.

In case of assessments on lands owned by the county, the same shall be paid from the county general fund. In case of assessments on lands owned by the state, the same shall be paid out of any funds in the state treasury not otherwise appropriated. In case of assessments on lands owned by a city, the same shall be paid from any available city fund. [C24,§4710; C27, 31, 35,§4753-a3; C39,§4753.03; C46,§311.13; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§311.19]

**311.20 Variation between estimated and actual cost.** Any variation between the engineer's estimated cost and the actual cost of a secondary road assessment district project shall in no way affect the validity of the assessment. It is the intent of this chapter that the assessment shall be based on the estimated cost and not on the actual cost. [C24,§4711; C27, 31, 35,§4753-a4; C39,§4753.04; C46,§311.14; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§311.20]

**311.21 Procedures.** The preparation and approval of plans and specifications, the advertising for bids, the award and approval of contract, the supervision and inspection of construction work, and the approval and payment of claims on any secondary road assessment district project, shall be conducted in the manner provided in the laws for secondary road construction work generally. [C24, 27, 31, 35, 39,§4749, 4752; C46,§311.6, 311.9; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§311.21]

**311.22 Road graded and drained.** Any such secondary road shall be built to permanent grade and drained in a manner approved by the county engineer before being surfaced, as provided in this chapter. [C27, 31, 35, 39,§4746; C46,§311.3; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§311.22]

**311.23 Payment of construction costs.** The total cost of any secondary road assessment district project shall in the first instance be paid out of the secondary road fund of said county. Any assessments which are paid in cash and in anticipation of which assessments no certificates have been issued, shall be transferred to the secondary road fund.

If no special assessment certificates are issued and sold on account of any particular secondary road assessment district, the special assessments on lands in-

cluded in that district, and the interest on such assessments when collected, shall be transferred to the secondary road fund of said county. If certificates are issued and sold in anticipation of the special assessments levied on any such district as herein provided, the proceeds of such certificates shall be credited to the secondary road fund of said county. In that event, the special assessments in anticipation of which certificates have been issued, and the interest on such assessments shall, when collected, be used to retire such certificates. [C24, 27, 31, 35, 39,§4752; C46,§311.9; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§311.23]

**311.24 Appeal from assessment.** Any owner of land in a secondary road assessment district may appeal to the district court from the order of the board of supervisors in levying the assessment against his real estate, by filing with the county auditor within fifteen days of the date of such levy, a bond conditioned to pay all costs in case the appeal is not sustained, and a written notice of appeal where he shall, with particularity, point out the specific objection which he desires to lodge against such levy. Said appeal shall have precedence over all other business pending before the court except criminal matters. The appeal shall be heard as in equity. The court may raise or lower the assessment in question and make an equitable assessment in the judgment of the court. The clerk of the district court shall, upon the entry of the final order of the court, certify such final order to the county auditor. The board of supervisors shall at once so adjust the assessments as to comply with the final order of the court. [C24,§4713; C27, 31, 35,§4753-a5; C39,§4753.05; C46,§311.15; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§311.24]

**311.25 Appeal docketed.** When an appeal is taken, the county auditor shall at once make a transcript of the notice of appeal and appeal bond and transmit the same to the district court. The appellant shall, within twenty days after perfection of said appeal, docket said appeal and file a petition setting forth the order or decision of the board of supervisors appealed from, and his specific objections thereto. A failure to comply with either of these requirements shall be deemed a conclusive waiver of the appeal and in such case the court shall dismiss the same. Appellee need not file answer, but may do so. [C24,§4714; C27, 31, 35,§4753-a6; C39,§4753.06; C46,§311.16; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§311.25]

**311.26 Assessments certified to county treasurer.** When the board of supervisors has entered its final order as to the amounts of all special assessments on a given improvement, the county auditor shall at once certify a list of such assessments and a list of real estate upon which each assessment has been levied, with the specific designation of the district embracing such real estate, to the county treasurer, who shall enter each assessment on the tax books and continue such entry until such assessment is paid.

Each special assessment and all installments thereof shall be a lien upon the real estate upon which it is levied from the date of such certificate by the county auditor to the same extent and in the same manner as taxes levied for state and county

purposes. Changes in the amount of any special assessment by reason of any ruling of the district court on appeals shall be likewise certified and the county treasurer shall make the proper correction on his books. [C24,§4715; C27, 31, 35,§4753-a7; C39,§4753.07; C46,§311.17; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§311.26]

**311.27 Each district separate unit.** Each assessment district shall be considered a unit and all funds received by the county treasurer for or on behalf of such unit shall be carried as a distinct and separate account and under the same specific name as that used by the board in establishing such unit. [C24,§4716; C27, 31, 35,§4753-a8; C39,§4753.08; C46,§311.18; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§311.27]

**311.28 Certificates anticipating assessments.** In order to render immediately available that amount of the estimated cost of an improvement which has been specially assessed, the board may issue road certificates in the name of the county in an aggregate amount not exceeding the then unpaid amount of the special assessment levied in said district. Each issue of certificates shall be under, and in accordance with, a duly adopted resolution of the board and which shall recite (1) the name or designation of the road district on account of which the certificates are issued; (2) that a stated amount (naming the amount) has been specially assessed against the lands within said district; (3) that a stated amount of said aggregate special assessment has not yet been paid (naming the unpaid amount); (4) that it is necessary to render such unpaid amount immediately available; (5) the number of road certificates authorized and the specific amount of each certificate; (6) the specific numbering or designation of such certificates; (7) the rate of interest which each certificate shall bear from date, not exceeding that permitted by chapter 74A; (8) the fact that said certificates are payable solely from the proceeds of the special assessments which have been levied on the lands within said districts; (9) that each certificate shall be payable on or before the first day of January of the first year following the maturity of the last installment of such special assessments, and that interest thereon shall be paid annually; (10) the authorization to the chairman of the board, and to the county auditor, respectively, to sign and countersign each of said certificates. [C24,§4717; C27, 31, 35,§4753-a9; C39,§4753.09; C46, §311.19; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§311.28; 68GA, ch 1025,§33]

**311.29 Sale of certificates.** Upon the signing of each of said certificates by the chairman of the board, said certificates shall be delivered to the county auditor, who shall countersign the same, charge the county treasurer with the amount thereof, and deliver the same to the latter officer, who shall be responsible therefor on his bond. The treasurer may apply said certificates in payment of any warrants duly authorized and issued for surfacing the roads within said district, or he may sell the same for the best attainable price and for not less than par, plus accrued interest, and credit the proceeds to the secondary road fund. Such certificates shall be retired in the order of the consecutive numbering thereof. [C24,§4717; C27, 31, 35,§4753-a9; C39,§4753.09; C46,§311.19; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§311.29]

**311.30 Certificates registered—payment.** The county treasurer shall, in connection with the road account for said district, enter the name and post-office address of all persons to whom any of said certificates are issued, with a particular designation of the certificates delivered to each person. Any subsequent holder may present his certificate to the county treasurer and cause his name and post-office address to be entered in lieu of that of such former holder. Whenever the fund for such particular district has money to pay the first retirable certificate or certificates, the county treasurer shall, by mail, as shown by his records, promptly notify the holder of such certificate of such fact and that from and after ten days after the mailing of such letter all interest on such certificates will cease. [C24,§4717; C27, 31, 35,§4753-a9; C39,§4753.09; C46,§311.19; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§311.30]

**311.31 Previous assessments not invalidated.** The passage of this chapter, the provisions hereof, and the repeal of sections hereby repealed, shall not in manner affect or invalidate any secondary road district assessments levied before this chapter became effective, or any certificate in anticipation of such assessments issued before or after this chapter becomes effective.

Said assessments and taxes shall be collected and applied to the purpose for which they were levied. Certificates in anticipation of such assessments may be issued. The proceeds of such certificates shall be applied to the purpose intended, and such certificates issued before or after this chapter becomes effective shall be paid in conformance with the provisions of this chapter. [C50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§311.31]

through the period ending June 30, 1979, and for each year beginning July 1, 1979, based upon the total needs of secondary roads of the state as shown in the latest quadrennial need study report developed by the state department of transportation, and which is on record at the department\*, sixty percent of the allocation from road use tax funds which is credited to the secondary road fund of the counties, and apportion among the counties in the ratio that the area of such county bears to the total area of the state, forty percent of the allocation from road use tax funds which is credited to the secondary road fund of the counties. However, for a hold harmless period each county shall be guaranteed a base year amount. The amount in the secondary road fund of the counties in each fiscal year during the hold harmless period in excess of the sum of the base period amounts allocated to all counties shall be distributed proportionally based on the relative needs and area factors to only those counties entitled to receive more than the base year amount.

Apportion among the cities of the state, in the ratio which the population of each city, as shown by the latest available federal census, bears to the total population of all such cities in the state, the percentage of the road use tax funds which is credited to the street fund of the cities, and shall remit to the city clerk of each such city the amount so apportioned to such city. A city may have one special federal census taken each decade, and the population figure thus obtained shall be used in apportioning amounts under this subsection beginning the calendar year following the year in which the special census is certified by the secretary of state.

3. In any case where a city has been incorporated since the latest available federal census the mayor and council shall certify to the state treasurer the actual population of such incorporated city as of the date of incorporation and its apportionment of funds under this section shall be based upon such certification until the next federal census enumeration. Any community which has dissolved its corporation shall not receive any apportionment of funds under this certificate for any period after said corporation has been dissolved.

4. In any case where a city has annexed any territory since the last available federal census or special federal census, the mayor and council shall certify to the treasurer of state the actual population of such annexed territory as determined by the last certified federal census of said territory and the apportionment of funds under this section shall be based upon the population of said city as modified by the certification of the population of the annexed territory until the next federal or special federal census enumeration.

5. In any case where two or more cities have consolidated, the apportionment of funds under this section shall be based upon the population of the city re-

sulting from said consolidation and shall be determined by combining the population of all cities involved in the consolidation as determined by the last available federal or special federal census enumeration for said consolidating city. [C50,§308A.3; C54, 58, 62, 66, 71, 73, 75, 77, 79,§312.3]

The good faith of the state is hereby pledged to cause to be made available each year, sufficient funds to equal the total of any sums now or hereafter apportioned to the state for road purposes by the United States government for such year, and to maintain the roads constructed with said funds. [C24,§4688; C27, 31, 35,§4755-b1; C39,§4755.01; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§313.1]

**313.2 “Road systems” defined—roadside parks.** The roads and streets of the state are, for the purpose of this chapter, assigned to the functional classification systems established under chapter 306.

Whenever the board of supervisors of a county and the department mutually determine that a portion of a highway under the jurisdiction of either party should be transferred to the jurisdiction of the other party, the board and department may enter into an agreement to effect such transfer. Such agreement may provide that each party may undertake or share responsibility for improving said road with the costs of such improvement to be borne entirely by either the county or the department or equitably divided between the two jurisdictions. All such improvements shall be completed and all actual costs thereof paid or reimbursed prior to the time transfer of the road is made. In carrying out such agreement, the board of supervisors may expend secondary road funds of the county and the department may expend primary road funds.

However, prior to entering into the agreement, a notice of intent to execute such agreement shall be published in a newspaper of general circulation within the county and the cost of such notice shall be jointly borne by the department and the board of supervisors. If one hundred or more residents of the county request by petition or in writing that a hearing be held in regard to such agreement within ten days after the publication of the notice, the board of supervisors and the department shall hold such a hearing not more than seven days after receiving the petition or written instrument, and based upon evidence presented at such hearing shall re-examine the merits of executing such agreement and make a decision in regard to it.

The department may, for the purpose of affording access to cities or state parks, or for the purpose of shortening the direct line of travel on important routes, or to effect connections with interstate roads

at the state line, add such road or roads to the primary system.

The department, either alone or in co-operation with any county, shall have the authority to utilize any land acquired incidental to the acquisition of land for highway right of way and to also accept by gift, lands not exceeding two acres in area for roadside parks and parking areas. The department may furnish necessary maintenance. The department shall also have authority to accept by gift, equipment or other installations incidental to the use of said parks and parking areas. Said parks and parking areas shall be a part of the primary road system and the department may at its discretion sell or otherwise dispose of said lands. No rest areas or rest area buildings shall be established or constructed on an interstate highway at intervals of less than sixty miles.

Reasonable maintenance and surveillance of rest area sites and buildings located thereon shall be provided by employees of the department within the limits of appropriations provided for such purpose. [C24,§4689; C27, 31, 35,§4755-b2; C39,§4755.02; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§313.2]

2. All federal aid primary and urban road funds received by the state.
3. All other funds which may by law be credited to the primary road fund.
4. All revenue accrued or accruing to the state of Iowa on or after January 26, 1949, from the sale of public lands within the state, under Acts of Congress approved March 3, 1845, supplemental to the Act for the admission of the states of Iowa and Florida into the Union, chapters 75 and 76 (Fifth Statutes, pages 788 and 790), shall be placed in the primary road fund.

Unless otherwise provided, the primary road fund is hereby appropriated for highway construction. [C24,§4690; C27, 31, 35,§4755-b3; C39,§4755.03; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§313.3]

Such fund is also appropriated and shall be used for the construction, reconstruction, improvement and maintenance of state institutional roads and state park roads and bridges on such roads and roads and bridges on area school property as provided in subsection 11 of section 307A.2, for restoration of secondary roads used as primary road detours and for compensation of counties for such use, for restoration of municipal streets so used and for compensation of cities for such use, and for the payments required in section 307A.5.

3. It is further provided that there is appropriated from funds appropriated to the department which would otherwise revert to the primary road fund pursuant to the provisions of the Act appropriating the funds or chapter 8, an amount sufficient to pay the increase in salaries, which increase is not otherwise provided for by the general assembly in an appropriation bill, resulting from the annual review of the merit pay plan as provided in subsection 2 of section 19A.9. The appropriation herein provided shall be in effect from the date of approval by the executive council to the end of the fiscal biennium in which it becomes effective.

4. Such fund is appropriated and shall be used by the department to provide energy and for the operation and maintenance of those primary road freeway lighting systems within the corporate boundaries of cities.

The costs of serving freeway lighting for each utility providing the service shall be determined by the Iowa commerce commission, and rates for such service shall be no higher than necessary to recover these costs. Funds received under the provisions of this subsection shall be used solely for the operation and maintenance of a freeway lighting system. Such estimate shall be in the same general form and detail as is required by chapter 8 and said chapter shall apply to the budgeting, appropriation, and expenditure of funds in the primary road fund in the same manner as such chapter applies to other departments. However, the amount of contracts for bituminous resurfacing, bridge painting and repair, pavement and shoulder repair, agreements with cities for maintenance on primary road extensions and agreements with counties, cities, and institutions for maintenance on state park, state institution, and other state land roads need not be included in the amount appropriated for maintenance.

The provisions of chapter 8 shall apply except that the provisions of section 8.39 shall not apply to funds appropriated to the department under section 313.4, however, the first paragraph of section 8.39 shall apply to appropriations for support of the department

and for engineering and administration of highway work and maintenance of the primary road system.

The laws of this state relating to the construction, reconstruction or maintenance of the extensions of primary roads in cities, and to the purchase or condemnation of right of way therefor, and to the expenditure of primary road funds thereon, shall apply to the roads or streets designated hereunder, the same as though said community were not so separated from the rest of the state. The department shall certify the amount determined to the state comptroller. The comptroller shall credit the amount to the secondary road fund of the county.

- 313A.39 Construction.

**313A.1 Definitions.** The following words or terms, as used in this chapter, shall have the respective meanings as stated:

1. *"Toll bridge"* shall mean an interstate bridge constructed, purchased or acquired under the provisions of this chapter, upon which tolls are charged, together with all appurtenances, additions, alterations, improvements, and replacements thereof, and the approaches thereto, and all lands and interests therein used therefor, and buildings and improvements thereon.

2. *"Department"* shall mean the state department of transportation.

3. *"Construct, constructing, construction or constructed"* shall include the completion, reconstruction, remodeling, repair, or improvement of any existing toll bridge or any partially constructed interstate bridge, as well as the construction of any new toll bridge.

4. *"Acquisition by purchase, gift, or condemnation"* as used in this chapter shall mean acquisition by the department, whether such terms "purchase, gift, or condemnation" are used singularly or in sequence.

5. *"Federal bridge commission"* shall mean any bridge commission organized and operating pursuant to an Act of the Congress of the United States, even though such Act of Congress may declare the bridge commission not to be an agency of the federal government. [C71, 73, 75, 77, 79, §313A.1]

**313A.2 Bridge to be controlled by department.** The department shall have full charge of the construction and acquisition of all toll bridges constructed or acquired under the provisions of this chapter, the operation and maintenance thereof and the imposition and collection of tolls and charges for the use thereof. The department shall have full charge of the design of all toll bridges constructed under the provisions of this chapter. The department shall proceed with the construction of such toll bridges and other facilities and the approaches thereto by contract immediately upon there being made available funds for such work and shall prosecute such work to completion as rapidly as practicable. The department shall advertise for bids for the construction, reconstruction, improvement, repair or remodeling of any toll bridge by publication of a notice once each week for at least two consecutive weeks in a newspaper published and having a general circulation throughout the state of Iowa, the first publication to appear at least fifteen days prior to the date set for receiving bids. The department shall have the power to accept such offer or offers, propositions or bids, and enter into such contract or contracts as it shall deem to be to the best interest of the state. [C71, 73, 75, 77, 79, §313A.2]

**313A.3 Toll bridges constructed over boundary rivers.** The department is hereby authorized to establish and construct toll bridges upon any public highway, together with approaches thereto, wherever it is considered necessary or advantageous and practical for crossing any navigable river between this state and an adjoining state. The necessity or advantage and practicality of any toll bridge shall be determined by the department. To obtain information for the

consideration of the department upon the construction of any toll bridge or any other matter pertaining thereto, any officer or employee of the state, upon the request of the department, shall make reasonable examination, investigation, survey, or reconnaissance to determine material facts pertaining thereto and shall report such findings to the department. The cost thereof shall be borne by the department or office conducting it from funds provided for its functions. [C71, 73, 75, 77, 79, §313A.3]

**313A.4 Investigation of feasibility.** The department is hereby authorized to enter into agreements with any federal bridge commission or any county or city of this state, and with an adjoining state or county, city, or town thereof, for the purpose of implementing an investigation of the feasibility of any toll bridge project for the bridging of a navigable river forming a portion of the boundary of this state and such adjoining state. The department may use any funds available for the purposes of this section. Such agreements may provide that in the event any such project is determined to be feasible and adopted, any advancement of funds by any state, county or city may be reimbursed out of any proceeds derived from the sale of bonds or out of tolls and revenues to be derived from such project. [C71, 73, 75, 77, 79, §313A.4]

**313A.5 Acquiring existing bridge—bonds.** Whenever the department deems it necessary or advantageous and practical, it may acquire by gift, purchase, or condemnation any interstate bridge which connects with or may be connected with the public highways and the approaches thereto, except that the department may not condemn an existing interstate bridge used for interstate highway traffic and combined highway and railway traffic and presently owned by a municipality, or a person, firm, or corporation engaged in interstate commerce. The department may also acquire by gift or purchase two or more existing interstate bridges and any partially constructed interstate bridge, all located within ten miles of each other, complete the partially constructed bridge and dismantle the bridge which it is designed to replace. In connection with the acquisition of any such bridge, bridges, or partially constructed bridge, the department and any federal bridge commission or any city, county, or other political subdivision of the state are authorized to do all acts and things as in this chapter are provided for the establishing and constructing of toll bridges and operating, financing, and maintaining such bridges insofar as such powers and requirements are applicable to the acquisition of any toll bridge and its operation, financing, and maintenance. In so doing, they shall act in the same manner and under the same procedures as provided for establishing, constructing, operating, financing, and maintaining toll bridges insofar as such manner and procedures are applicable. Without limiting the generality of the above provisions, the department is hereby authorized to cause surveys to be made to determine the propriety of acquiring any such bridge and the rights of way necessary therefor, and other facilities necessary to carry out the provisions hereof; to issue, sell, redeem bonds or issue and exchange bonds with present holders of

outstanding bonds of bridges being acquired under the provisions of this chapter and deposit and pay out of the proceeds of the bonds for the financing thereof; to impose, collect, deposit, and expend tolls therefrom; to secure and remit financial and other assistance in connection with the purchase thereof; and to carry insurance thereon. [C71, 73, 75, 77, 79, §313A.5]

**313A.6 Rules adopted—financial statements.** The department, its officials, and all state officials are hereby authorized to perform such acts and make such agreements consistent with the law which are necessary and desirable in connection with the duties and powers conferred upon them regarding the construction, maintenance, and operation and insurance of toll bridges or the safeguarding of the funds and revenues required for such construction and the payment of the indebtedness incurred therefor. The department shall adopt such rules and regulations in accordance with the provisions of chapter 17A as it may deem necessary for the administration and exercise of its powers and duties granted by this chapter, and shall prepare annual financial statements regarding the operation of such toll bridges which shall be made available for inspection by the public and by the holders of revenue bonds issued by the department under the provisions of this chapter at all reasonable times. [C71, 73, 75, 77, 79, §313A.6]

**313A.7 Resolution of public interest and necessity—revenue bonds.** Whenever the department deems it to be in the best interest of the primary highway system that any new toll bridge be constructed upon any public highway and across any navigable river between this state and an adjoining state, the department shall adopt a resolution declaring that the public interest and necessity require the construction of such toll bridge and authorizing the issuance of revenue bonds in an amount sufficient for the purpose of obtaining funds for such construction. The issuance of bonds as provided in this chapter for the construction, purchase, or acquisition of more than one toll bridge may, at the discretion of the department, be included in the same authority and issue or issues of bonds, and the department is hereby authorized to pledge the gross revenues derived from the operation of any such toll bridge under its control and jurisdiction to pay the principal of and interest on bonds issued to pay the cost of purchasing, acquiring, or constructing any such toll bridge financed under the provisions of this chapter. The department is hereby granted wide discretion, in connection with the financing of the cost of any toll bridge, to pledge the gross revenues of a single toll bridge for the payment of bonds and interest thereon issued to pay the cost of such bridge and to pledge the gross revenues of two or more toll bridges to pay bonds issued to pay the cost of one or more toll bridges and interest thereon as long as the several bridges included herein are not more than ten miles apart.

In addition, if the department in its discretion determines that the construction of a toll bridge cannot be financed entirely through revenue bonds and that the construction of such toll bridge is necessary, the department may advance funds from the primary highway fund to pay for that part of the construction

cost, including the cost of approaches and all incidental costs, which is not paid out of the proceeds of revenue bonds. However, said funds advanced from the primary highway fund shall be used only to pay the construction cost, including the cost of approaches and all incidental costs, with respect to that part of the bridge which is or will be located within the state of Iowa. After all revenue bonds and interest thereon issued and sold pursuant to this chapter and payable from the tolls and revenues of said bridge have been fully paid and redeemed or funds sufficient to pay said bonds and interest, including premium, if any, have been set aside and pledged for that purpose, then such amount advanced from the primary road fund shall be repaid to the primary road fund from the tolls and revenues of said bridge before said bridge is made a toll free bridge under the provisions of this chapter. [C71, 73, 75, 77, 79, §313A.7]

Referred to in §313A.16

**313A.8 Right of way secured.** Whenever the department shall authorize the construction of any toll bridge, the department is empowered to secure rights of way therefor and for approaches thereto by gift or purchase or by condemnation in the manner provided by law for the taking of private property for public purposes. [C71, 73, 75, 77, 79, §313A.8]

**313A.9 Consent to cross state property.** The right of way is hereby given, dedicated, and set apart upon which to locate, construct, and maintain toll bridges or approaches thereto or other highway crossings, and transportation facilities thereof or thereto, through, over or across any of the lands which are now or may be the property of this state, including highways; and through, over, or across the streets, alleys, lanes, and roads within any city, county, or other political subdivision of the state. If any property belonging to any city, county or other political subdivision of the state is required to be taken for the construction of any such bridge or approach thereto or should any such property be injured or damaged by such construction, such compensation therefor as may be proper or necessary and as shall be agreed upon may be paid by the department to the particular county, city or other political subdivision of the state owning such property, or condemnation proceedings may be brought for the determination of such compensation. [C71, 73, 75, 77, 79, §313A.9]

**313A.10 Resolution precedent to action.** Before the department shall proceed with any action to secure right of way or with the construction of any toll bridge under the provisions of this chapter, it shall first pass a resolution finding that public interest and necessity require the acquisition of right of way for and the construction of such toll bridge. Such resolution shall be conclusive evidence of the public necessity of such construction and that such property is necessary therefor. To aid the department in determining the public interest, a public hearing shall be held in the county or counties of this state in which any portion of a bridge is proposed to be located. Notice of such hearing shall be published at least once in a newspaper published and having a general circulation in the county or counties where such bridge is proposed to be located, not less than twenty days

prior to the date of the hearing. When it becomes necessary for the department to condemn any real estate to be used in connection with any such bridge, or to condemn any existing bridge, such condemnation shall be carried out in a manner consistent with the provisions of chapters 471 and 472. In eminent domain proceedings to acquire property for any of the purposes of this chapter, any bridge, real property, personal property, franchises, rights, easements, or other property or privileges appurtenant thereto appropriated or dedicated to a public use or purpose by any person, firm, private, public or municipal corporation, county, city, district or any political subdivision of the state, may be condemned and taken, and the acquisition and use thereof as herein provided for the same public use or purpose to which such property has been so appropriated or dedicated, or for any other public use or purpose, shall be deemed a superior and permanent right and necessity, and a more necessary use and purpose than the public use or purpose to which such property has already been appropriated or dedicated, and any condemnation award may be paid from the proceeds of revenue bonds issued under the provisions of this chapter. [C71, 73, 75, 77, 79, §313A.10]

**313A.11 Payment from available funds.** If the department determines that any toll bridge should be constructed or acquired under its authority, all costs thereof, including land, right of way, surveying, engineering, construction, legal and administrative expenses, and fees of any fiscal adviser, shall be paid out of any funds available for payment of the cost of the bridge. [C71, 73, 75, 77, 79, §313A.11]

**313A.12 Revenue bonds.** The department is hereby authorized and empowered to issue revenue bonds for the acquisition, purchase or construction of any interstate bridge. Any and all bonds issued by the department for the acquisition, purchase, or construction of any interstate bridge under the authority of this chapter shall be issued in the name of the department and shall constitute obligations only of the department, shall be identified by some appropriate name, and shall contain a recital on the face thereof that the payment or redemption of said bonds and the payment of the interest thereon are secured by a direct charge and lien upon the tolls and other revenues of any nature whatever received from the operation of the particular bridge for the acquisition, purchase, or construction of which the bonds are issued and of such other bridge or bridges as may have been pledged therefor, and that neither the payment of the principal or any part thereof nor of the interest thereon or any part thereof constitutes a debt, liability, or obligation of the state of Iowa. When it is determined by the department to be in the best public interest, any bonds issued under the provisions of this chapter may be refunded and refinanced at a lower rate, the same rate or a higher rate or rates of interest and from time to time as often as the department shall find it to be advisable and necessary so to do. Bonds issued to refund other bonds theretofore issued by the department under the provisions of this chapter may either be sold in the manner hereinafter provided and the proceeds thereof applied to the pay-

ment of the bonds being refunded, or the refunding bonds may be exchanged for and in payment and discharge of the bonds being refunded. The refunding bonds may be sold or exchanged in installments at different times or an entire issue or series may be sold or exchanged at one time. Any issue or series of refunding bonds may be exchanged in part or sold in part in installments at different times or at one time. The refunding bonds may be sold at any time on, before, or after the maturity of any of the outstanding bonds to be refinanced thereby and may be issued for the purpose of refunding a like or greater principal amount of bonds, except that the principal amount of the refunding bonds may exceed the principal amount of the bonds to be refunded to the extent necessary to pay any premium due on the call of the bonds to be refunded or to fund interest in arrears or about to become due. The gross revenues of any toll bridge pledged to the payment of the bonds being refunded, together with the unpledged gross revenues of any other toll bridges located within ten miles of said bridge, may be pledged by the department to pay the principal of and interest on the refunding bonds and to create and maintain reserves therefor.

The department is empowered to receive and accept funds from the state of Iowa or the federal government or any other state upon a co-operative or other basis for the acquisition, purchase, or construction of any interstate bridge authorized under the provisions of this chapter and is empowered to enter into such agreements with the state of Iowa or any other state or the federal government as may be required for the securing of such funds.

The department is authorized and empowered to spend from annual primary road fund receipts sufficient moneys to pay the cost of operation, maintenance, insurance, collection of tolls and accounting therefor and all other charges incidental to the operation and maintenance of any toll bridge administered under the provisions of this chapter. However, said annual primary road fund receipts shall be used only to pay such costs and charges with respect to that part of the bridge which is located within the state of Iowa.

The department may also issue its revenue bonds to pay all or any part of the cost of acquiring two or more existing interstate bridges and any partially constructed interstate bridge, all located within ten miles of each other, of completing the partially constructed bridge and of dismantling the bridge which it is designed to replace, and to impose and collect tolls on all of such bridges and to pledge the revenues derived therefrom to the payment of the bonds issued to finance such project. The department may also issue its revenue bonds to pay all or any part of the cost of reconstructing, completing, improving, repairing, or remodeling any interstate bridge or partially constructed bridge, impose and collect tolls, and pledge the bridge revenues to the payment of said bonds. [C71, 73, 75, 77, 79, §313A.12]

Referred to in §313A.16

**313A.13 Sale and exchange or retirement of bonds.** The revenue bonds may be issued and sold or exchanged by the department from time to time and in such amounts as it deems necessary to provide suf-

ficient funds for the acquisition, purchase, or construction of any such bridge and to pay interest on bonds issued for the construction of any toll bridge during the period of actual construction and for six months after completion thereof. The department is hereby authorized to adopt all necessary resolutions prescribing the form, conditions, and denominations of the bonds, the maturity dates therefor, and the interest rate or rates which the bonds shall bear. All bonds of the same issue need not bear the same interest rate. Principal and interest of the bonds shall be payable at such place or places within or without the state of Iowa as determined by the department, and the bonds may contain provisions for registration as to principal or interest, or both. Interest shall be payable at such times as determined by the department and the bonds shall mature at such times and in such amounts as the department prescribes. The department may provide for the retirement of the bonds at any time prior to maturity, and in such manner and upon payment of such premiums as it may determine in the resolution providing for the issuance of the bonds. All such bonds and any coupons attached thereto shall be signed by such officials of the department as the department may direct. Successive issues of such bonds within the limits of the original authorization shall have equal preference with respect to the payment of the principal thereof and the payment of interest thereon. The department may fix different maturity dates, serially or otherwise, for successive issues under any one original authorization. All bonds issued under the provisions of this chapter shall have all the qualities of negotiable instruments under the laws of the state of Iowa. All bonds issued and sold hereunder shall be sold to the highest and best bidder on the basis of sealed proposals received pursuant to a notice specifying the time and place of sale and the amount of bonds to be sold which shall be published at least once not less than seven days prior to the sale in a newspaper published in the state of Iowa and having a general circulation in said state. None of the provisions of chapter 75 shall apply to bonds issued under the provisions of this chapter but such bonds shall be sold upon terms of not less than par plus accrued interest. The department may reject any or all bids received at the public sale and may thereafter sell the bonds at private sale on such terms and conditions as it deems most advantageous to its own interests, but not at a price below that of the best bid received at the advertised sale. The department may enter into contracts and borrow money through the sale of bonds of the same character as those herein authorized, from the United States or any agency thereof, upon such conditions and terms as may be agreed to and the bonds shall be subject to all the provisions of this chapter, except that any bonds issued hereunder to the United States or any agency thereof need not first be offered at public sale. The department may also provide for the private sale of bonds issued under the provisions of this chapter to the state treasurer of Iowa upon such terms and conditions as may be agreed upon, and in such event said bonds need not first be offered at public sale. Temporary or interim bonds, certificates, or receipts, of any denomination, and with or without

coupons attached, signed by such official as the department may direct, may be issued and delivered until the definitive bonds are executed and available for delivery. [C71, 73, 75, 77, 79, §313A.13]

**313A.14 Proceeds in trust fund.** The proceeds from the sale of all bonds authorized and issued under the provisions of this chapter shall be deposited by the department in a fund designated as the construction fund of the particular interstate bridge or bridges for which such bonds were issued and sold, which fund shall not be a state fund and shall at all times be kept segregated and set apart from all other funds and in trust for the purposes herein set out. Such proceeds shall be paid out or disbursed solely for the acquisition, purchase, or construction of such interstate bridge or bridges and expenses incident thereto, the acquisition of the necessary lands and easements therefor and the payment of interest on such bonds during the period of actual construction and for a period of six months thereafter, only as the need therefor shall arise and the department may agree with the purchaser of said bonds upon any conditions or limitations restricting the disbursement of such funds that may be deemed advisable, for the purpose of assuring the proper application of such funds. All moneys in such fund and not required to meet current construction costs of the interstate bridge or bridges for which such bonds were issued and sold, and all funds constituting surplus revenues which are not immediately needed for the particular object or purpose to which they must be applied or are pledged may be invested in obligations issued or guaranteed by the United States or by any person controlled by or supervised by and acting as an instrumentality of the United States pursuant to authority granted by the Congress of the United States; provided, however, that the department may provide in the proceedings authorizing the issuance of said bonds that the investment of such moneys shall be made only in particular bonds and obligations within the classifications eligible for such investment and such provisions shall thereupon be binding upon the department and all officials having anything to do with such investment. Any surplus which may exist in said construction fund shall be applied to the retirement of bonds issued for the acquisition, purchase, or construction of any such interstate bridge by purchase or call and, in the event such bonds cannot be purchased at a price satisfactory to the department and are not by their terms callable prior to maturity, such surplus shall be paid into the fund applicable to the payment of principal and interest of said bonds and shall be used for that purpose. The proceedings authorizing the issuance of bonds may provide limitations and conditions upon the time and manner of applying such surplus to the purchase and call of outstanding bonds and the terms upon which they shall be purchased or called and such limitations and conditions shall be followed and observed in the application and use of such surplus. All bonds so retired by purchase or call shall be immediately canceled. [C71, 73, 75, 77, 79, §313A.14]

**313A.15 Toll revenue fund.** All tolls or other revenues received from the operation of any toll bridge

acquired, purchased, or constructed with the proceeds of bonds issued and sold hereunder shall be deposited by the department to the credit of a special trust fund to be designated as the toll revenue fund of the particular toll bridge or toll bridges producing such tolls or revenue, which fund shall be a trust fund and shall at all times be kept segregated and set apart from all other funds. [C71, 73, 75, 77, 79, §313A.15]

**313A.16 Funds transferred to place of payment.** From the money so deposited in each separate construction fund as hereinabove provided, at the direction of the department there shall be transferred to the place or places of payment named in said bonds such sums as may be required to pay the interest as it becomes due on all bonds issued and outstanding for the construction of such particular toll bridge or toll bridges during the period of actual construction and during the period of six months immediately thereafter. The department shall thereafter transfer from each separate toll revenue fund to the place or places of payment named in the bonds for which said revenues have been pledged such sums as may be required to pay the interest on said bonds and redeem the principal thereof as such interest and principal become due. All funds so transferred for the payment of principal or interest on bonds issued for any particular toll bridge or toll bridges shall be segregated and applied solely for the payment of said principal or interest. The proceedings authorizing the issuance of the bonds may provide for the setting up of a reserve fund or funds out of the tolls and other revenues not needed for the payment of principal and interest, as the same currently matures and for the preservation and continuance of such fund in a manner to be provided therein, and such proceedings may also require the immediate application of all surplus moneys in such toll revenue fund to the retirement of such bonds prior to maturity, by call or purchase, in such manner and upon such terms and the payment of such premiums as may be deemed advisable in the judgment of the department. The moneys remaining in each separate toll revenue fund after providing the amount required for the payment of principal of and interest on bonds as hereinabove provided, shall be held and applied as provided in the proceedings authorizing the issuance of said bonds. In the event the proceedings authorizing the issuance of said bonds do not require surplus revenues to be held or applied in any particular manner, they shall be allocated and used for such other purposes incidental to the construction, operation, and maintenance of any toll bridge as the department may determine and as permitted under sections 313A.7 and 313A.12. [C71, 73, 75, 77, 79, §313A.16]

**313A.17 Warrants for payment.** Warrants for payments to be made on account of such bonds shall be drawn by the department on duly approved vouchers. Moneys required to meet the costs of purchase or construction and all expenses and costs incidental to the acquisition, purchase, or construction of any particular interstate bridge or to meet the costs of operating, maintaining, and repairing the same, shall be paid by the department from the proper fund thereupon duly approved vouchers. All interest re-

ceived or earned on money deposited in each and every fund herein provided for shall be credited to and become a part of the particular fund upon which said interest accrues. [C71, 73, 75, 77, 79, §313A.17]

**313A.18 Depositories or paying agents.** The department may provide in the proceedings authorizing the issuance of bonds or may otherwise agree with the purchasers of bonds regarding the deposit of all moneys constituting the construction fund and the toll revenue fund and provide for the deposit of such money at such times and with such depositories or paying agents and upon the furnishing of such security as may meet with the approval of the purchasers of such bonds. [C71, 73, 75, 77, 79, §313A.18]

**313A.19 Expenses of department.** Notwithstanding any provision contained in this chapter, the proceeds received from the sale of bonds and the tolls or other revenues received from the operation of any toll bridge may be used to defray any expenses incurred by the department in connection with and incidental to the issuance and sale of bonds for the acquisition, purchase, or construction of any such toll bridge including expenses for the preparation of surveys and estimates, legal, fiscal and administrative expenses, and the making of such inspections and examinations as may be required by the purchasers of such bonds; provided, that the proceedings authorizing the issuance of such bonds may contain appropriate provisions governing the use and application of said bond proceeds and toll or other revenues for the purposes herein specified. [C71, 73, 75, 77, 79, §313A.19]

**313A.20 No diminution of duties while bonds outstanding.** While any bonds issued by the department remain outstanding, the powers, duties or existence of the department or of any other official or agency of the state shall not be diminished or impaired in any manner that will affect adversely the interests and rights of the holders of such bonds. The holder of any bond may by mandamus or other appropriate proceeding require and compel the performance of any of the duties imposed upon any state department, official, or employee or imposed upon the department or its officers, agents, and employees in connection with the acquisition, purchase, construction, maintenance, operation, and insurance of any bridge and in connection with the collection, deposit, investment, application, and disbursement of all tolls and other revenues derived from the operation and use of any bridge and in connection with the deposit, investment, and disbursement of the proceeds received from the issuance of bonds; provided, that the enumeration of such rights and remedies herein shall not be deemed to exclude the exercise or prosecution of any other rights or remedies by the holders of such bonds. [C71, 73, 75, 77, 79, §313A.20]

**313A.21 Insurance or indemnity bond.** When any toll bridge authorized hereunder is being built by the department it may carry or cause to be carried such an amount of insurance or indemnity bond or bonds as protection against loss or damage as it may deem proper. The department is hereby further empowered to carry such an amount of insurance to cover any ac-

cident or destruction in part or in whole to any toll bridge. All moneys collected on any indemnity bond or insurance policy as the result of any damage or injury to any such toll bridge shall be used for the purpose of repairing or rebuilding of any such toll bridge as long as there are revenue bonds against any such structure outstanding and unredeemed. The department is also empowered to carry insurance or indemnity bonds insuring against the loss of tolls or other revenues to be derived from any such toll bridge by reason of any interruption in the use of such toll bridge from any cause whatever, and the proceeds of such insurance or indemnity bonds shall be paid into the fund into which the tolls and other revenues of the bridge thus insured are required to be paid and shall be applied to the same purposes and in the same manner as other moneys in the said fund. Such insurance or indemnity bonds may be in an amount equal to the probable tolls and other revenues to be received from the operation of such toll bridge during any period of time that may be determined upon by the department and fixed in its discretion, and be paid for out of the toll revenue fund as may be specified in said proceedings. The department may provide in the proceedings authorizing the issuance of bonds for the carrying of insurance as authorized by this chapter and the purchase and carrying of insurance as authorized by this chapter shall thereupon be obligatory upon the department and be paid for out of the toll revenue fund as may be specified in said proceedings. [C71, 73, 75, 77, 79, §313A.21]

**313A.22 Toll charges fixed by department.** The department is hereby empowered to fix the rates of toll and other charges for all interstate bridges acquired, purchased, or constructed under the terms of this chapter. Toll charges so fixed may be changed from time to time as conditions may warrant. The department in establishing toll charges shall give due consideration to the amount required annually to pay the principal of and interest on bonds payable from the revenues thereof. The tolls and charges shall be at all times fixed at rates sufficient to pay the bonds and interest as they mature, together with the creation and maintenance of bond reserve funds and other funds as established in the proceedings authorizing the issuance of the bonds, for any particular toll bridge. The amounts required to pay the principal of and interest on bonds shall constitute a charge and lien on all such tolls and other revenues and interest thereon and sinking funds created therefrom received from the use and operation of said toll bridge, and the department is hereby authorized to pledge a sufficient amount of said tolls and revenues for the payment of bonds issued under the provisions of this chapter and interest thereon and to create and maintain a reserve therefor. Such tolls and revenues, together with the interest earned thereon, shall constitute a trust fund for the security and payment of such bonds and shall not be used or pledged for any other purpose as long as such bonds or any of them are outstanding and unpaid. [C71, 73, 75, 77, 79, §313A.22]

**313A.23 Political subdivision may aid.** Whenever a proposed interstate bridge is to be acquired, pur-

chased or constructed, any city, county, or other political subdivision located in relation to such facility so as to benefit directly or indirectly thereby, may, either jointly or separately, at the request of the department advance or contribute money, rights of way, labor, materials, and other property toward the expense of acquiring, purchasing or constructing the bridge, and for preliminary surveys and the preparation of plans and estimates of cost therefor and other preliminary expenses. Any such city, county, or other political subdivision may, either jointly or separately, at the request of the department advance or contribute money for the purpose of guaranteeing the payment of interest or principal on the bonds issued by the department to finance the bridge. Appropriations for such purposes may be made from any funds available, including county road funds received from or credited by the state, or funds obtained by excess tax levies made pursuant to law or the issuance of general obligation bonds for this purpose. Money or property so advanced or contributed may be immediately transferred or delivered to the department to be used for the purpose for which contribution was made. The department may enter into an agreement with a city, county, or other political subdivision to repay any money or the value of a right of way, labor, materials or other property so advanced or contributed. The department may make such repayment to a city, county, or other political subdivision and reimburse the state for any expenditures made by it in connection with the bridge out of tolls and other revenues for the use of the bridge. [C71, 73, 75, 77, 79, §313A.23]

**313A.24 Sale of excess land to political subdivisions.** If the department deems that any land, including improvements thereon, is no longer required for toll bridge purposes and that it is in the public interest, it may negotiate for the sale of such land to the state or to any city, county, or other political subdivision or municipal corporation of the state. The department shall certify the agreement for the sale to the state executive council, with a description of the land and the terms of the sale and the state executive council may execute the deed and deliver it to the grantee. [C71, 73, 75, 77, 79, §313A.24]

Referred to in §313A 28

**313A.25 Sale to public.** If the department is of the opinion that any land, including improvements thereon, is no longer required for toll bridge purposes, it may be offered for sale upon publication of a notice once each week for two consecutive weeks in a newspaper published and having a general circulation throughout the state of Iowa, specifying the time and place fixed for the receipt of bids. [C71, 73, 75, 77, 79, §313A.25]

Referred to in §313A 28

**313A.26 Acceptance or rejection of bids.** The department may reject all such bids if the highest bid does not equal the reasonable fair market value of the real property, plus the value of the improvements thereon, computed on the basis of the reproduction value less depreciation. The department may accept the highest and best bid, and certify the agreement for the sale to the state executive council, with a description of the land and the terms of the sale and the

Said statements shall be on standard forms prepared by the department and shall be filed with said agency previous to the letting at which such bidder expects to bid. The agency may, in advance of the letting, notify the bidder as to the amount and the nature of the work for which he is deemed qualified to bid.

In the award of contracts for the construction, reconstruction, improvement, repair or maintenance of any highway, the agency having charge of awarding such contracts shall give due consideration not only to the prices bid but also to the mechanical or other equipment and the financial responsibility and experience in the performance of like or similar contracts. The agency may reject any or all bids, or may let by private contract or build by day labor, at a cost not in excess of the lowest bid received. Upon the completion of any contract or project on either the farm-to-market or secondary road system, the county engineer shall file with the county auditor a statement showing the total cost thereof with certificate that said work has been done in accordance with the plans and specifications. Nor shall they destroy or injure reasonable ingress or egress to any property, or turn the natural drainage of the surface water to the injury of adjoining owners. It shall be their duty to use strict diligence in draining the surface water from the public road in its natural channel. To this end they may enter upon the adjoining lands for the purpose of removing from such natural channel obstructions that impede the flow of such water. In order to prevent unjust enrichment or a duplication of payments to any condemnee, the courts of this state, when determining just compensation in condemnation proceedings, shall not allow any damages which duplicate any of the benefits provided under the provisions of this chapter. [C71, §316.8; C73, 75, 77, 79, §316.2]

**316.3 Declaration of policy.** The purpose of this chapter is to establish a uniform policy for the fair and equitable treatment of persons displaced as a result of state and federally assisted highway programs in order that such persons shall not suffer disproportionate injuries as a result of programs designed for the benefit of the public as a whole. The general assembly declares that replacement housing for persons displaced by highway projects is a necessary and essential part of such highway projects. This chapter shall be known and may be cited as the "Highway Relocation Assistance Law." [C73, 75, 77, 79, §316.3]

### 316.4 Moving and related expenses.

1. Whenever the acquisition of real property for a program or project undertaken by the department will result in the displacement of any person, the department shall make a payment to any displaced person, upon proper application as approved by such department, for:

a. Actual reasonable expenses in moving himself, his family, business, farm operation, or other personal property;

b. Actual direct losses of tangible personal property as a result of moving or discontinuing a business or farm operation, but not to exceed an amount equal to the reasonable expenses that would have been required to relocate such property, as determined by the department; and

c. Actual reasonable expenses in searching for a replacement business or farm.

2. Any displaced person eligible for payments under subsection 1 who is displaced from a dwelling and who elects to accept the payments authorized by

this subsection in lieu of the payments authorized by subsection 1 may receive a moving expense allowance, determined according to a schedule established by the department not to exceed three hundred dollars; and a dislocation allowance of two hundred dollars.

3. Any displaced person eligible for payments under subsection 1 who is displaced from his place of business or from his farm operation and who elects to accept the payment authorized by this subsection in lieu of the payment authorized by subsection 1, may receive a fixed payment in an amount equal to the average annual net earnings of the business or farm operation, except that such payment shall be not less than two thousand five hundred dollars nor more than ten thousand dollars. In the case of a business, no payment shall be made under this subsection unless the department is satisfied that the business cannot be relocated without a substantial loss of its existing patronage, and is not a part of a commercial enterprise having at least one other establishment not being acquired for a highway project which is engaged in the same or similar business. For purposes of this subsection, the term "average annual net earnings" means one-half of any net earnings of the business or farm operation, before federal, state, and local income taxes, during the two taxable years immediately preceding the taxable year in which such business or farm operation moves from the real property acquired for such project, or during such other period as the department determines to be more equitable for establishing such earnings, and includes any compensation paid by the business or farm operation to the owner, his spouse, or his dependents during such period. [C71, §316.3; C73, 75, 77, 79, §316.4]

Referred to in §316.1(2, 3), 472.42

### 316.5 Replacement housing for homeowner.

1. In addition to payments otherwise authorized by this chapter, the department shall make an additional payment not in excess of fifteen thousand dollars to any displaced person who is displaced from a dwelling actually owned and occupied by such displaced person for not less than one hundred eighty days prior to the initiation of negotiations for the acquisition of the property. Such additional payment shall include the following elements:

a. The amount, if any, which when added to the acquisition cost of the dwelling acquired by the department, equals the reasonable cost of a comparable replacement dwelling which is a decent, safe, and sanitary dwelling adequate to accommodate such displaced person, reasonably accessible to public services and places of employment and available on the private market. All determinations required to carry out this paragraph shall be made in accordance with administrative rules established by the department in making these additional payments.

b. The amount, if any, which will compensate such displaced person for any increased interest costs which such person is required to pay for financing the acquisition of any such comparable replacement dwelling. Such amount shall be paid only if the dwelling acquired by the department was encumbered by a bona fide mortgage which was a valid lien on such dwelling for not less than one hundred and eighty

days prior to the initiation of negotiations for the acquisition of such dwelling. Such amount shall be equal to the excess in the aggregate interest and other debt service costs of that amount of the principal of the mortgage on the replacement dwelling which is equal to the unpaid balance of the mortgage on the acquired dwelling, over the remainder term of the mortgage on the acquired dwelling, reduced to discounted present value. The discount rate shall be the prevailing interest rate paid on savings deposits by commercial banks in the general area in which the replacement dwelling is located.

c. Reasonable expenses incurred by such displaced person for evidence of title, recording fees, and other closing costs incident to the purchase of the replacement dwelling, but not including prepaid expenses.

2. The additional payment authorized by this section shall be made only to such a displaced person who purchases and occupies a replacement dwelling which is decent, safe, and sanitary not later than the end of the one-year period beginning on the date on which he receives from the department final payment of all costs of the acquired dwelling, or on the date on which he moves from the acquired dwelling, whichever is the later date. [C71,§316.4(1), 316.5; C73, 75, 77, 79,§316.5; 68GA, ch 1015,§39]

Referred to in §316 6, 472 42

**316.6 Replacement housing for tenants and certain others.** In addition to amounts otherwise authorized by this chapter, the department shall make a payment to or for any displaced person displaced from any dwelling not eligible to receive a payment under section 316.5 which dwelling was actually and lawfully occupied by such displaced person for not less than ninety days prior to the initiation of negotiations for acquisition of such dwelling. Such payment shall be either:

1. The amount necessary to enable such displaced person to lease or rent for a period not to exceed four years, a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities, and reasonably accessible to his place of employment, but not to exceed four thousand dollars, or

2. The amount necessary to enable such person to make a down payment, including incidental expenses described in section 316.5, subsection 1, paragraph "c", on the purchase of a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities, but not to exceed four thousand dollars, except that if such amount exceeds two thousand dollars, such person must equally match any such amount in excess of two thousand dollars, in making the down payment. [C71,§316.4(2), 316.5; C73, 75, 77, 79,§316.6]

Referred to in §472 42

### 316.7 Relocation assistance advisory services.

1. Whenever the acquisition of real property for a highway project undertaken by the department will result in the displacement of any person, the department shall provide a relocation assistance advisory program for displaced persons which shall offer the

services described in subsection 3. If the department determines that any person occupying property immediately adjacent to the real property acquired is caused substantial economic injury because of the acquisition, he may offer such person relocation advisory services under such program.

2. The department shall co-operate to the maximum extent feasible with federal, state or local agencies to assure that such displaced persons receive the maximum assistance available to them.

3. Each relocation assistance advisory program required by subsection 1 shall include such measures, facilities, or services as may be necessary or appropriate in order to:

a. Determine the need, if any, of displaced persons, for relocation assistance;

b. Provide current and continuing information on the availability, prices, and rentals, of comparable decent, safe, and sanitary sales and rental housing, and of comparable commercial properties and locations for displaced businesses;

c. Assure that, within a reasonable period of time, prior to displacement there will be available in areas not generally less desirable in regard to public utilities and public and commercial facilities and at rents or prices within the financial means of the families and individuals displaced, decent, safe, and sanitary dwellings, as defined by the department, equal in number to the number of and available to such displaced persons who require such dwellings and reasonably accessible to their places of employment, except that the department may prescribe by departmental rules situations when such assurances may be waived;

d. Assist a displaced person displaced from his business or farm operation in obtaining and becoming established in a suitable replacement location;

e. Supply information concerning federal and state housing programs, and other federal or state programs offering assistance to displaced persons; and

f. Provide other advisory services to displaced persons in order to minimize hardships to such persons in adjusting to relocation.

4. The department shall co-ordinate relocation activities with project work, and other planned or proposed governmental actions in the community or nearby areas which may affect the carrying out of relocation assistance programs. [C71,§316.2; C73, 75, 77, 79,§316.7]

Referred to in §316 1(2), 316 8

### 316.8 Housing replacement by department as last resort.

1. If a highway project cannot proceed to actual construction because comparable replacement sale or rental housing is not available, and the department determines that such housing cannot otherwise be made available, the department may take such action as is necessary or appropriate to provide such housing by use of funds authorized for such project. The department may let contracts for the construction of said housing to approve plans and specifications for the building thereof, and to supervise, inspect and approve the housing once constructed in order that the

housing so constructed complies with the terms and conditions of this chapter.

2. No person shall be required to move from his dwelling on or after July 1, 1971, on account of any highway project, unless the department is satisfied that replacement housing, in accordance with section 316.7, subsection 3, paragraph "c", is available to such person. [C73, 75, 77, 79, §316.8]

Referred to in §316 13, 472 42

**316.9 Rules adopted.** The department shall make administrative rules necessary to effect the provisions of this chapter and to assure:

1. Compliance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, Public Law 91-646.

2. The payments authorized by this chapter are fair and reasonable and as uniform as practicable.

3. A displaced person who makes proper application for a payment authorized by this chapter is paid promptly after a move or, in hardship cases, is paid in advance.

4. Any person aggrieved by a determination as to eligibility for a payment authorized by this chapter, or the amount of a payment, may have his application reviewed by the department.

All rules shall be subject to the provisions of chapter 17A. [C71, 73, 75, 77, 79, §316.9; 68GA, ch 1015, §40]

**316.10 Applicable to other than federal-aid highways.** The department or any political subdivision may provide all or a part of the programs and payments authorized under this chapter to persons displaced by any street or highway project which is financed in whole or in part by the state or a political subdivision, which is not a federal-aid project, and which requires the purchase or condemnation of private property for public use. To the extent that a program or payment is provided under this section, it shall be provided on a uniform basis to all persons so displaced. The department shall make administrative rules to assure reasonable standards, which need not conform to federal rules and guidelines, for programs and payments provided under this section. [C71, 73, 75, 77, 79, §316.10; 68GA, ch 1015, §41]

Referred to in §316 14

**316.11 Acquisitions by other state agencies and political subdivisions.** Whenever real property is acquired by a state agency or a political subdivision of the state incident to a federal project or program, the

state agency or political subdivision is hereby authorized and shall make all payments and provide all services required by this chapter of the commission in order to secure the federal funds available for such project or program. [C73, 75, 77, 79, §316.11]

**316.12 Payments not to be considered as income.** No payment received under this chapter shall be considered as income for the purposes of chapter 422. [C73, 75, 77, 79, §316.12]

**316.13 Administration.** In order to prevent unnecessary expenses and duplications of functions, and to promote uniform and effective administration of relocation assistance programs for displaced persons, the department may enter into contracts with any individual, firm, association, or corporation for services in connection with such programs, or may carry out its functions through any governmental agency, political subdivision, or instrumentality having an established organization for conducting relocation assistance programs. The department shall, in carrying out the relocation assistance activities described in section 316.8 whenever practicable, utilize the services of state or local housing agencies, or other agencies having experience in the administration or conduct of similar housing assistance activities. [C73, 75, 77, 79, §316.13]

**316.14 Funding.** Payments and expenditures under the provisions of this chapter are incident to and arise out of the construction, maintenance, and supervision of public highways and streets, and, in the case of any federal-aid highway project, may be made by the department from the primary road fund and funds made available by the federal government for the purpose of carrying out the provisions of this chapter. Payments made under authority of section 316.10 may be made from the primary road fund in case of a primary road project only, and in other cases may be made from the secondary road fund or from appropriate funds under control of a political subdivision. [C71, §316.6; C73, 75, 77, 79, §316.14]

**316.15 Federal grants.** The department may do all things necessary to carry out the provisions of this chapter and to secure federal grants to make the payments required by this chapter, but the absence of federal aid to make such payments shall not discharge the obligation to make the payments. [C71, §316.7; C73, 75, 77, 79, §316.15]

and immediately keep under control any areas infested with any noxious weeds on farm land, and shall designate the destruction dates to prevent seed production of all varieties of noxious weeds. Quack grass in pasture land, rough timbered land or on the highways, railway rights of way and public lands, when acting as soil binder, may be exempt from such order if approved by the supervisors. [S13,§1565-c, -d; C24, 27, 31, 35, §4821; C39, §4829.13; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §317.13]

The department shall cause a physical inspection to be made of all specially constructed or reconstructed motor vehicles, upon application therefor by the owner thereof, to determine whether such motor vehicle is in a safe operating condition and that the integral component parts thereof are properly identified and that the rightful ownership is established before issuing such owner the authority to have the motor vehicle registered and titled as herein provided. With reference to every foreign vehicle which has been registered heretofore outside of this state the owner shall surrender to the treasurer all registration plates, registration cards, and certificates of title, or, if vehicle to be registered is from a nontitle state, such evidence of foreign registration and ownership as may be prescribed by the department except as provided in subsection 2 hereof.

Said certificate shall bear thereon the seal of the county treasurer, the signature of the county treasurer or that of the deputy county treasurer, and shall provide space for the signature of the owner. The original certificate of title shall be delivered to the owner in the event no security interest or encumbrance appears thereon. Otherwise the certificate of title shall be delivered by the county treasurer to the person holding the first security interest or encumbrance as shown in the certificate. The county treasurer shall maintain in the county records system information contained on the certificate of title. Such information shall be accessible by title certificate number for a period of three years from the date of notification of cancellation of title or that a new title has been issued as provided in this chapter. Such copies as the department may require shall be sent to the department in the manner and at such time as the department shall direct. The department shall designate a uniform system of title numbers so as to indicate the county of issuance.

If the county treasurer or department is not satisfied as to the ownership of the vehicle or that there are no undisclosed security interests in it, the county treasurer or department may register the vehicle but shall as a condition of issuing a certificate of title and registration receipt, require the applicant to file with the department a bond in the form prescribed by the department and executed by the applicant, and either accompanied by the deposit of cash with the department or also executed by a person authorized to conduct a surety business in this state. The bond shall be in an amount equal to one and one-half times the current value of the vehicle as determined by the department and conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the vehicle or person acquiring any security interest in it, and their respective successors in interest, against any expense, loss or damage, including reasonable attorney's fees, by reason of the issuance of the certificate of title of the vehicle or on account of any defect in or undisclosed security interest upon the right, title and interest of the applicant in and to the vehicle. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond, and any deposit accompanying it, shall be returned at the end of three years or prior thereto if the vehicle is no longer registered in this state and the currently valid certificate of title is surrendered to the department, unless the department has been notified of the pendency of an action to recover on the bond. The card shall have plainly stamped or stenciled the registration number of the dealer from whom the vehicle was purchased and the date of delivery of the vehicle. A dealer shall not issue a card to a person known to the dealer to be in possession of registration plates which may be attached to the vehicle. A dealer shall not issue a card unless an application for registration and certificate of title has been made by the purchaser and a receipt issued to the purchaser of the vehicle showing the fee paid by the person making the application. Dealers' records shall indicate the agency to which the fee is sent and the date the fee is sent. The dealer shall forward the application by the purchaser to the county treasurer or state office within seven calendar days from the date of delivery of the vehicle.

9. If application and supporting documents are insufficient to authorize the issuance of a certificate of title as provided by this chapter, except that an initial registration or transfer of registration may be issued as provided in section 321.23.

The treasurer shall also refuse registration of any vehicle if the applicant for registration of such vehicle has failed to pay the required registration fees of any vehicle owned or previously owned when the registration fee was required to be paid by the applicant and for which vehicle the registration was suspended or revoked under the provisions of section 321.101, subsection 4, until such fees are paid together with any accrued penalties. If the owner or secured party is in possession of the certificate of title, it must also be delivered at this time in order to perfect the security interest. If a vehicle is subject to a security interest when brought into this state, the validity of the security interest and the date of perfection is determined by the Uniform Commercial Code, section 554.9103. Delivery as provided in this subsection shall be deemed to be indication of a security interest on a certificate of title for purposes of chapter 554.

2. Upon receipt of the application and the required fee, the county treasurer shall notify the holder of the certificate of title to deliver to the county treasurer, within five days from the receipt of notice, the certificate of title to permit notation of the security interest. If the holder of the certificate of title shall fail to deliver it within the said five days, he shall be liable to anyone harmed by his failure.

3. Upon receipt of the application, the certificate of title, if any, and the required fee, the county treasurer shall note such security interest, and the date thereof, on the certificate over the signature of such officer or deputy and the seal of office. The county treasurer shall also note such security interest and the date thereof in the county records system. The

county treasurer shall then mail the certificate of title to the first secured party as shown thereon.

4. When a security interest is discharged, the holder shall note a cancellation of same on the face of the certificate of title over the holder's signature, and deliver the certificate of title to the county treasurer where title was issued. The county treasurer shall immediately note the cancellation of the security interest on the face of the certificate of title and in the county records system. The county treasurer shall on the same day deliver the certificate of title to the then first secured party or, if there is no such person, to the person as directed by the owner, in writing, on a form prescribed by the department or, if there is no person designated, then to the owner. The cancellation of the security interest shall be noted on the certificate of title by the county treasurer without charge. The holder of a security interest discharged by payment who fails to release the security interest within fifteen days after being requested in writing to do so shall forfeit to the person making the payment the sum of twenty-five dollars.

5. The Uniform Commercial Code, chapter 554, Article 9, shall apply to all transactions intended to create a security interest in vehicles except as provided in this chapter.

6. Any person obtaining possession of a certificate of title for a vehicle not already subject to a perfected security interest, except new or used vehicles held by a dealer or manufacturer as inventory for sale, who purports to have a security interest in such vehicle shall, within thirty days from the receipt of the certificate of title, deliver such certificate of title to the county treasurer of the county where it was issued to note such security interest and, if such person fails to do so, his purported security interest in the vehicle shall be void and unenforceable and such person shall forthwith deliver the certificate of title to the county treasurer of the county where it was issued. If no security interest has been filed for notation on the certificate of title, the certificate shall be mailed by the treasurer to the owner of the vehicle. For purposes of determining the commencement date of the thirty-day period provided by this subsection, it shall be presumed that the purported security interest holder received the certificate of title on the date of the creation of his purported security interest in the vehicle or the date of the issuance of the certificate of title, whichever is the latter. Any person collecting a fee from the owner of the vehicle for the purpose of perfecting a security interest in such vehicle who does not cause such security interest to be noted on the certificate of title by the county treasurer shall remit such fee to the department of revenue of this state.

7. Upon request of any person, the county treasurer shall issue his certificate showing whether there are, on the date and hour stated therein, any security interests noted on a particular vehicle's certificate of title, and the name and address of each secured party whose security interest is noted thereon. Upon request and

payment of the appropriate fee, the county treasurer shall furnish a certified copy of any security interest notations for a uniform fee of one dollar per page. [C24, 27, 31, 35, §4967; C39, §5002.06; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321.50; 68GA, ch 1094, §8]

a. "Intent and purpose of this section" is and shall mean to achieve the end that odometers of motor vehicles shall at all times correctly show the true mileage that the motor vehicle has been driven.

b. "True mileage" is the actual mileage the motor vehicle has been driven.

2. No person shall knowingly tamper with, adjust, alter, change, set back, disconnect or fail to connect the odometer of any motor vehicle, or cause any of the foregoing to occur to an odometer of a motor vehicle, so as to reflect a lower mileage than the true mileage driven by the motor vehicle.

3. No person shall conspire with any other person to evade the intent and purpose of this section.

4. No person shall with the intent to defraud operate a motor vehicle on any street or highway knowing that the odometer of the motor vehicle is disconnected or nonfunctional.

6. In the event any odometer is repaired or replaced, the reading of the repaired or replaced odometer shall be set at the reading of the odometer repaired or replaced immediately prior to repair or replacement, but where the odometer is incapable of

registering the same mileage the odometer shall be adjusted to read zero and any adjustment made in accordance with the provisions of this subsection shall not be deemed a violation of any provision of this section.

7. As to motor vehicles of a model year subsequent to the model year 1968 which were equipped with an odometer by the manufacturer, no certificate of title shall be issued unless an odometer statement which is in compliance with federal law and regulations has been made by the transferor of such vehicle and is furnished with the application for certificate of title. The new certificate of title shall record on the face thereof the odometer reading and if the odometer reading is not the true mileage or the true mileage is unknown, then the word "unknown" shall be recorded. However a certificate of title may be issued for a motor vehicle to a person who moves into this state if such person acquired ownership of the motor vehicle prior to moving to this state. 10. A transferee of a motor vehicle reassigning the certificate of title to such motor vehicle pursuant to the provisions of section 321.48, subsection 1, shall not be guilty of a violation of this section if such transferee has in his possession an odometer statement by the transferor which is in compliance with federal law and regulations and if he has no knowledge that the statement is false and that he has no knowledge that the odometer does not reflect the true mileage of such motor vehicle.

**321.89 Abandoned vehicles.**

1. *Definitions.* As used in this section and sections 321.90 and 321.91 unless the context otherwise requires:

a. "Police authority" means the Iowa highway safety patrol or any law enforcement agency of a county or city.

b. "Abandoned vehicle" means any of the following:

(1) A vehicle that has been left unattended on public property for more than forty-eight hours and lacks current registration plates or two or more wheels or other parts which renders the vehicle totally inoperable, or

(2) A vehicle that has remained illegally on public property for more than seventy-two hours, or

(3) A vehicle that has been unlawfully parked on private property or has been placed on private property without the consent of the owner or person in control of the property for more than twenty-four hours, or

(4) A vehicle that has been legally impounded by order of a police authority and has not been reclaimed for a period of ten days, or

(5) Any vehicle parked on the highway determined by a police authority to create a hazard to other vehicle traffic, or

(6) However a vehicle shall not be considered abandoned for a period of fifteen days if its owner or operator is unable to move the vehicle and notifies the police authority responsible for the geographical location of the vehicle and requests assistance in the removal of the vehicle.

c. "Demolisher" means any city or public agency organized for the disposal of solid waste, or any person whose business it is to convert a vehicle to junk, processed scrap or scrap metal, or otherwise to wreck, or dismantle vehicles.

2. *Authority to take possession of abandoned vehicles.* A police authority may, and on the request of any other authority having the duties of control of highways or traffic, shall take into custody any abandoned vehicle on public property and may take into custody any abandoned vehicle on private property. A police authority taking into custody an abandoned vehicle determined to create a traffic hazard shall report the reasons constituting the hazard in writing to the appropriate authority having duties of control of the highway. The police authority may employ its own personnel, equipment and facilities or hire other personnel, equipment and facilities for the purpose of removing, preserving, storing, or disposing abandoned vehicles.

3. *Notification of owner and lienholders.*

a. A police authority which takes into custody an abandoned vehicle shall notify, within twenty days, by certified mail, the last known registered owner of the vehicle and all lienholders of record, addressed to their last known address of record, that the abandoned vehicle has been taken into custody. Notice shall be deemed given when mailed. The notice shall describe the year, make, model, and serial number of the vehicle, set forth the location of the facility where it is being held, inform the owner and any lienholders of their right to reclaim the vehicle within twenty-one days after the effective date of the notice upon payment of all towing, preservation, and storage charges resulting from placing the vehicle in custody and upon payment of the costs of notice required pur-

suant to this subsection. The notice shall also state that the failure of the owner or lienholders to exercise their right to reclaim the vehicle within the time provided shall be deemed a waiver by the owner and all lienholders of all right, title, claim and interest in the vehicle and that such failure to reclaim the vehicle is deemed consent to the sale of the vehicle at a public auction or disposal of the vehicle to a demolisher. If the owner and lienholders do not exercise their right to reclaim such vehicle within the twenty-one-day reclaiming period, such owner and lienholders shall no longer have any right, title, claim, or interest in or to such vehicle. No court in any case in law or equity shall recognize any right, title, claim, or interest of any such owner and lienholders after the expiration of the twenty-one-day reclaiming period.

b. If the identity of the last registered owner cannot be determined, or if the registration contains no address for the owner, or if it is impossible to determine with reasonable certainty the identity and addresses of all lienholders, notice by one publication in one newspaper of general circulation in the area where the vehicle was abandoned shall be sufficient to meet all requirements of notice under this section. The published notice may contain multiple listings of abandoned vehicles but shall be published within the same time requirements and contain the same information as prescribed for mailed notice in subsection 3, paragraph "a" of this section.

c. The owner or any lienholders may, by written request delivered to the police authority prior to the expiration of the twenty-one-day reclaiming period, obtain an additional fourteen days within which the vehicle may be reclaimed.

Referred to in §§21.88, 321.90(2)

4. *Auction of abandoned vehicles.* If an abandoned vehicle has not been reclaimed as provided for in subsection 3, the police authority shall make a determination as to whether or not the vehicle shall be sold for use upon the highways. If it is to be sold as a vehicle for use upon the highways, it shall first be inspected as required by section 321.238 and have a valid certificate of inspection affixed. If the vehicle is not sold for use upon the highways, it shall be sold for junk, or demolished and sold as scrap or sold as provided in section 321.51 with a restricted certificate of title and not for use upon the highways. The police authority shall sell the vehicle at public auction. Notwithstanding any other provision of this section, any police authority, which has taken into possession any abandoned vehicle which lacks an engine or two or more wheels or other part which renders the vehicle totally inoperable may dispose of the vehicle to a demolisher for junk after complying with the notification procedures enumerated in subsection 3 and without public auction. The purchaser of the vehicle shall take title free and clear of all liens and claims of ownership, shall receive a sales receipt from the police authority, and shall be entitled to register the vehicle and receive a certificate of title if sold for use upon the highways or a restricted certificate of title. However, if the vehicle is sold or disposed of to a demolisher for junk, the sales receipt by itself shall be sufficient title only for purposes of transferring the ve-

hicle to the demolisher for demolition, wrecking, or dismantling and, when so transferred, no further titling of the vehicle shall be permitted. From the proceeds of the sale of an abandoned vehicle the police authority shall reimburse itself for the expenses of the auction, the costs of towing, preserving, and storing which resulted from placing the abandoned vehicle in custody, all notice and publication costs incurred pursuant to subsection 3, the cost of inspection, and any other costs incurred except costs of bookkeeping and other administrative costs. Any remainder from the proceeds of a sale shall be held for the owner of the vehicle or entitled lienholder for ninety days, and shall then be deposited in the road use tax fund. The costs to police authorities of auction, towing, preserving, storage, and all notice and publication costs, inspection costs and all other costs which result from placing abandoned vehicles in custody, whenever the proceeds from a sale of the abandoned vehicles are insufficient to meet these expenses and costs, shall be paid from the road use tax fund.

The state comptroller shall establish by rule a claims procedure to be followed by police authorities in obtaining expenses and costs from the fund. [C73, 75, 77, 79, §321.89; 68GA, ch 1015, §43, ch 1094, §11]

### 321.90 Disposal of abandoned motor vehicles.

1. *Garagekeepers and abandoned motor vehicles.* Any motor vehicle left in a garage operated for commercial purposes after the period for which the vehicle was to remain on the premises shall, after notice by certified mail to the last known registered owner of the vehicle addressed to his last known address of record to reclaim the vehicle within ten days of the date of the notice, be deemed an abandoned motor vehicle unless reclaimed by the owner within such ten-day period or the owner notifies the garagekeeper in writing within such period of time that such vehicle is not an abandoned motor vehicle and shall be reported by the garagekeeper to the police authority. If the identity or address of the last registered owner of the motor vehicle cannot be determined, the vehicle shall be deemed an abandoned motor vehicle on the eleventh day after the period for which the vehicle was to remain on the premises unless reclaimed by the owner within the ten-day period or the owner notifies the garagekeeper in writing within such period of time that such vehicle is not an abandoned motor vehicle and shall be reported by the garagekeeper to the police authority. All abandoned motor vehicles left in garages may be taken into custody by a police authority upon the request of the garagekeeper and sold in accordance with the procedures set forth in section 321.89, subsection 4, unless the motor vehicle is reclaimed. The proceeds of the sale shall be first applied to the garagekeeper's charges for towing and storage, and any surplus proceeds shall be distributed in accordance with section 321.89, subsection 4. Nothing in this section shall be construed to impair any lien of a garagekeeper under the laws of this state, or the right of a garagekeeper to foreclose his lien, provided that a garagekeeper shall be deemed to have abandoned his artisan lien when such vehicle is taken into custody by the police authority. For the purposes

of this section "garagekeeper" means any operator of a parking place or establishment, motor vehicle storage facility, or establishment for the servicing, repair, or maintenance of motor vehicles.

#### 2. *Disposal to demolisher.*

a. Any person, firm, corporation, or unit of government upon whose property or in whose possession is found any abandoned motor vehicle, or any person being the owner of a motor vehicle whose title certificate is faulty, lost, or destroyed and is thereby unable to transfer title to the motor vehicle, may apply to the police authority of the jurisdiction in which the motor vehicle is situated for authority to sell, give away, or otherwise dispose of the motor vehicle to a demolisher.

b. The application shall set out the name and address of the applicant, the year, make, model, and serial number of the motor vehicle, if ascertainable, together with any other identifying features, and shall contain a concise statement of the facts surrounding the abandonment, or a statement that the title of the motor vehicle is lost or destroyed, or the reasons for the defect of title in the owner. The applicant shall execute an affidavit stating that the facts alleged are true and that no material fact has been withheld.

c. If the police authority finds that the application is executed in proper form, and shows that the motor vehicle has been abandoned upon the property of the applicant, or if it shows that the motor vehicle is not abandoned but that the applicant appears to be the rightful owner, the police authority shall follow appropriate notification procedures as set forth in section 321.89, subsection 3.

d. If the abandoned motor vehicle is not reclaimed in accordance with section 321.89, subsection 3, or no lienholder objects to the disposal in the case of an owner-applicant, the police authority shall give the applicant a certificate of authority to dispose of the motor vehicle to any demolisher for demolition, wrecking, or dismantling. The demolisher shall accept such certificate in lieu of the certificate of title to the motor vehicle.

e. Notwithstanding any other provisions of this section and sections 321.89 and 321.91, any person, firm, corporation, or unit of government upon whose property or in whose possession is found any abandoned motor vehicle, or any person being the owner of a motor vehicle whose title certificate is faulty, lost, or destroyed, may dispose of such motor vehicle to a demolisher for junk without his title and without the notification procedures of section 321.89, subsection 3, if the motor vehicle lacks an engine or two or more wheels or other structural part which renders the vehicle totally inoperable.

f. The owner of an abandoned motor vehicle and all lienholders shall no longer have any right, title, claim, or interest in or to such motor vehicle; and no court in any case in law or equity shall recognize any right, title, claim, or interest of any such owner and lienholders after the disposal of such motor vehicle to a demolisher.

g. Any proceeds from the sale of an abandoned motor vehicle to a demolisher under this section, by one other than the owner of the vehicle, shall first be applied to that person's expenses in effecting the

sale, including storage, towing, and disposal charges, and any surplus shall be distributed in accordance with section 321.89, subsection 4.

### 3. Duties of demolishers.

a. Any demolisher who purchases or otherwise acquires an abandoned motor vehicle for junk under the provisions of this section shall junk, scrap, wreck, dismantle, or demolish such motor vehicle. However, if the vehicle is acquired under the provisions of subsection 2, paragraph "e", the demolisher shall apply to the police authority of the jurisdiction from which the vehicle was acquired for a certificate of authority to demolish the vehicle. In making the application the demolisher shall describe the motor vehicle as required by subsection 2, paragraph "b". The police authority shall issue the certificate of authority upon complying with subsection 2, paragraph "c", but shall be excused from following the notification procedures as required therein. No further titling of the motor vehicle shall be permitted. After the motor vehicle has been demolished, processed, or changed so that it physically is no longer a motor vehicle, the demolisher shall surrender the auction sales receipt or certificate of authority to dispose of or demolish a motor vehicle to the department for cancellation. The department shall issue such forms and rules governing the surrender of auction sales receipts, certificates of title, and certificates of authority to dispose of or demolish motor vehicles, and the cancellation and surrender of the registrations and certificates of title for such motor vehicles as are appropriate.

b. A demolisher shall keep an accurate and complete record of all motor vehicles purchased or received by him in the course of his business. These records shall contain the name and address of the person from whom each such motor vehicle was purchased or received and the date when such purchases or receipts occurred. Such records shall be open for inspection by any police authority at any time during normal business hours. Any record required by this section shall be kept by the demolisher for at least one year after the transaction to which it applies. [C73, 75, 77, 79, §321.90]

Referred to in §18.11, 321.51(3), 321.89(1), 321.91

### 321.91 Limitation on liability—penalty for abandonment.

1. No person, firm, corporation, unit of government, garagekeeper or police authority upon whose property an abandoned vehicle is found or who disposes of such abandoned vehicle in accordance with sections 321.89 and 321.90 shall be liable for damages by reason of the removal, sale, or disposal of such vehicle.

2. Any person who abandons a vehicle shall be guilty of a simple misdemeanor. [C73, 75, 77, 79, §321.91]

upon a vehicle or component part, except one assigned thereto by the department. Any violation of this provision is a felony punishable as provided in section 321.483.

This subsection shall not prohibit the restoration of an original vehicle identification number, component part number or other number or mark when such restoration is made by the department, nor prevent any manufacturer from placing in the ordinary course of business numbers or marks upon vehicles or component parts.

The department shall, by rule, establish procedures for the application for, and issuance of, a nonoperator's identification card. An identification card shall not be valid unless it bears the usual signature of the card holder.

The department shall use a process or processes for issuance of a nonoperator's identification card, that prevents, as nearly as possible, the opportunity for alteration or reproduction of, and the superimposition of a photograph on the nonoperator's identification card without ready detection.

e. To use a false or fictitious name in any application for a nonoperator's identification card or to knowingly make a false statement or to knowingly conceal a material fact or otherwise commit a fraud in any such application.

f. To permit any unlawful use of a nonoperator's identification card issued to such person.

3. *Colored photograph—procedures.* The department shall in issuing licenses, permits and nonoperator's identification cards bearing a colored photograph of the licensee, permittee or card holder use such processes that prevent to the maximum extent possible, the alteration or reproduction of the license, permit or card including the ability to superimpose a photograph on a license, permit or card without ready detection. [C77, 79, §321.190]

Such twenty-dollar fee shall be collected only if the person whose license was suspended or revoked was served personally with notice thereof. If the person whose license was suspended or revoked was served notice thereof by restricted certified mail, the reinstatement fee shall be ten dollars. [C31, 35, §4960-d26; C39, §5013.16; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321.191]

**321.192 Disposal of fees.** Such license fees shall be forwarded by the department to the treasurer of state who shall place same in the general fund of the state, provided that for each operator's and motorized bicycle license issued by a county sheriff for which a license fee is paid, the sheriff issuing the same shall be entitled to retain the sum of fifteen cents and for each chauffeur's license, the sum of fifty cents, which shall be credited to the county general fund. [C31,

35, §4960-d25; C39, §5013.17; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321.192]

**321.193 Restricted licenses.** When provided in rules adopted pursuant to chapter 17A, the department upon issuing an operator's or chauffeur's license or motorized bicycle license shall have authority whenever good cause appears to impose restrictions suitable to the licensee's driving ability with respect to the type of vehicle or special mechanical control devices required on a motor vehicle which the licensee may operate or such other restrictions applicable to the licensee, including licenses issued under section 321.194, as the department may determine to be appropriate to assure the safe operation of a motor vehicle by the licensee. The department shall not require a person issued a valid operator's or chauffeur's license to comply with any other licensing requirements in order to operate a motorized bicycle.

The department may either issue a special restricted license or may set forth such restrictions upon the usual license form.

The department may upon receiving satisfactory evidence of any violation of the restrictions of such license suspend or revoke the same but the licensee shall be entitled to a hearing as upon a suspension or revocation under this chapter.

It is a misdemeanor, punishable as provided in section 321.482, for any person to operate a motor vehicle in any manner in violation of the restrictions imposed in a restricted license issued to him. [C39, §5013.18; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321.193]

**321.194 Minors' school licenses.** Upon certification of a special need by the school board or the superintendent of the applicant's school, the department may issue a restricted license to any person between the ages of fourteen and eighteen years which license shall entitle the holder, while having the license in his or her immediate possession, to operate a motor vehicle during the hours of 6 a.m. to 9 p.m. over the most direct and accessible route between the licensee's residence and school of enrollment for the purpose of attending duly scheduled courses of instruction and extracurricular activities at such school or at any time when accompanied by a parent or guardian, driver education instructor, or prospective driver education instructor who is a holder of a valid operator's or chauffeur's license, and who is actually occupying a seat beside the driver. The license shall expire on the licensee's eighteenth birthday or upon issuance of a probationary operator's or operator's license. Each application shall be accompanied by a statement from the school board or superintendent of the applicant's school. The statement shall be upon a form provided by the department. The department of public instruction shall adopt rules pursuant to chapter 17A establishing criteria for issuing a statement of necessity. Upon receipt of a statement of necessity, the department shall issue a restricted license. The fact that the applicant resides at a distance less than one mile from his or her school is prima-facie evidence of the nonexistence of necessity for the issu-

ance of such a license. A license issued under this section is subject to suspension or revocation in like manner as any other license or permit issued under any law of this state and the department may also suspend such license upon receiving satisfactory evidence that the licensee has violated the restrictions of the license or has been involved in one or more accidents chargeable to the licensee. The department may suspend any license issued under this section upon receiving a record of the licensee's conviction for one violation and shall revoke the license upon receiving a record of conviction for two or more violations of any law of this state or city ordinance, other than parking regulations, regulating the operation of motor vehicles on highways and after revoking a license under this section the department shall not grant application for any new license or permit until the expiration of one year or until the licensee attains his or her sixteenth birthday whichever is the longer period. A fee of one dollar shall be charged for the voluntary replacement of an instruction permit or an operator's or chauffeur's license. [C31, 35,§4960-d27; C39,§5013.20; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§321.195]

The license shall be renewable without written examination or penalty within a period of thirty days after its expiration date. A person shall not be considered to be driving with an invalid license during a period of thirty days following the license expiration date. However, for any license renewed within such thirty-day period, the date of issuance shall be considered to be the previous birthday anniversary on which it expired. Applicants whose licenses are restricted due to vision or other physical deficiencies may be required to renew their licenses every two years. For the purposes of this section the birthday anniversary of a person born on February 29 shall be deemed to occur on March 1. All applications for renewal of operators' licenses shall be made under the direct supervision of a uniformed member of the department and shall be approved by the uniformed member. The department in its discretion may au-

thorize the renewal of a valid license upon application without an examination provided that the applicant satisfactorily passes a vision test as prescribed by the department.

Any resident of Iowa holding a valid operator's or chauffeur's license who is temporarily absent from the state, or incapacitated, may, at the time for renewal for such license, obtain from the sheriff of the county of his residence a form to apply for a temporary extension of his license. The department upon receipt of such application form properly filled out shall, upon a showing of good cause, issue a temporary extension of such license for not to exceed six months. The department shall prescribe and furnish such forms to each county sheriff.

As used in this section, "moving traffic violations" shall not include violations of any section of the Code or any municipal ordinance pertaining to the standards to be maintained for motor vehicle equipment, except sections 321.430 or 321.431 or any municipal ordinance pertaining to motor vehicle brake requirements. A chauffeur's license may be renewed within thirty days after the applicant's license expiration date without written examination or penalty. A person shall not be considered to be driving with an invalid license during a period of thirty days following the license expiration date. However, if the licensee is seventy years of age or older on the date of issuance of the license, the license shall be issued to be valid for two years. For the purposes of this section the birthday anniversary of a person born on February 29 shall be deemed to occur on March 1. The department in its discretion may waive the examination of any applicant previously licensed as a chauffeur under this chapter, provided that the person satisfactorily passes a vision test as prescribed by the department. An application for the renewal of a chauffeur's license shall be made under the direct supervision of a uniformed member of the department and shall be approved by the uniformed member. [C31, 35,§4960-d31; C39,§5013.22; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§321.197; 68GA, ch 1103,§8]

However, no person entitled to the benefits of

**321.210 Authority to suspend—point system.** The department is hereby authorized to establish rules under the provisions of chapter 17A providing for the suspension of the license of an operator or chauffeur without preliminary hearing upon a showing by its records or other sufficient evidence that under the rules adopted by the department the licensee:

1. Has committed an offense for which mandatory revocation of license is required upon conviction.
2. Is an habitually reckless or negligent driver of a motor vehicle.
3. Is an habitual violator of the traffic laws.
4. Is physically or mentally incapable of safely operating a motor vehicle.
5. Has permitted an unlawful or fraudulent use of such license.
6. Has committed an offense in another state which if committed in this state would be grounds for suspension or revocation.
7. Has committed a serious violation of the motor vehicle laws of this state.

For the purpose of determining when to suspend a license under this section the director may, in accordance with the provisions of chapter 17A, promulgate a point system for the purpose of weighing traffic convictions, or offenses by their seriousness and may

change such weighted scale from time to time as experience or the accident frequency in the state makes necessary or desirable.

Prior to a suspension taking effect under subsections 2, 3, 4, 5 or 7, the licensee shall have received twenty days advance notice of the effective date of the suspension. Notwithstanding the terms of the Iowa administrative procedure Act, the filing of a petition for judicial review shall operate to stay the suspension pending the determination by the district court.

If the department assesses any points against an operator or chauffeur of a motor vehicle under any point system devised by the department for the purpose of suspending operators' or chauffeurs' licenses, the licensee shall receive a credit of one point for each year in which the licensee had in continuous effect a valid operator's or chauffeur's license and during which no points were assessed against such licensee, but such credit of points shall not exceed five points at any one time. Credit points shall be subtracted from the total points assessed against the licensee in determining when to suspend a license.

If the department assesses any points against an operator or chauffeur of a motor vehicle under any point system devised by the department for the purpose of suspending operators' or chauffeurs' licenses, the department must notify the licensee by ordinary mail that such points have been assessed and the reason therefor. Such notice shall also contain a reference to all Code sections under which the person's motor vehicle license may be suspended, revoked, canceled or denied. Provided that no license shall be suspended on the basis of any point system devised by the department without notice of proposed suspension to the licensee and a reasonable opportunity for a preliminary hearing before a member of the department who shall have authority in meritorious cases to revoke the suspension.

However, a warning memorandum, summons, conviction or forfeiture of bail not vacated, for a violation of any section of the Code or any municipal ordinance pertaining to the standards to be maintained for motor vehicle equipment, except sections 321.430 or 321.431 or any municipal ordinance pertaining to motor vehicle brake requirements, shall not be taken into consideration in determining suspension or the length of suspension of an operator's or chauffeur's license. A violation of sections 321.430 or 321.431 or any municipal ordinance pertaining to motor vehicle brake requirements shall not be taken into consideration in determining suspension or the length of suspension of an operator's or chauffeur's license if the equipment in violation of the Code or municipal ordinance has been repaired within seventy-two hours of such warning memorandum, summons, conviction, or forfeiture of bail not vacated, and evidence of such repair has immediately been sent to the director.

The director may, on application, issue a temporary restricted license to any person convicted whose regular employment is the operation of a motor vehicle or who cannot perform his or her regular occupation without the use of a motor vehicle, but such person shall not operate a vehicle for pleasure while holding such restricted license. However, this paragraph shall

not apply to any person whose license is revoked under the provisions of section 321.209, subsections 1 to 6. A temporary restricted license may be issued to any person whose license is revoked under section 321.209, subsection 7 if the person has no previous drag racing convictions.

8. Should have his or her license suspended under the provisions of section 321.513. [C31, 35,§4960-d35; C39,§5014.10; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§321.210; 68GA, ch 1094,§22, 23, ch 1103,§10]

Amendment by 67GA, ch 1113, effective January 1, 1979

**321.211 Notice and hearing.** Upon suspending the license of any person as hereinbefore authorized the department shall immediately notify the licensee in writing and upon his or her request shall afford him or her an opportunity for a hearing before the director or his or her duly authorized agent as early as practical within not to exceed thirty days after receipt of such request in the county wherein the licensee resides unless the department and the licensee agree that such hearing may be held in some other county. Upon such hearing the director or his or her duly authorized agent may administer oaths and may issue subpoenas for the attendance of witnesses and the production of relevant books and papers and may require a re-examination of the licensee. Upon such hearing the department shall either rescind its order of suspension or for good cause may extend the suspension of such license or revoke such license. There is hereby appropriated each year from the general fund of the state to the department one hundred five thousand dollars or so much thereof as may be necessary to be used to pay the cost of notice and personal delivery of service, if necessary to meet the notice requirement of this section. The department shall promulgate rules governing the payment of the cost of personal delivery of service. The reinstatement fees collected under section 321.191 shall be deposited in the general fund of the state in a manner provided in section 321.192, as reimbursement for the costs of notice under this section.

A peace officer stopping a person for whom a notice of a suspension or revocation has been issued or to whom a notice of a hearing has been sent under the provisions of this section may personally serve such notice upon forms approved by the department to satisfy the notice requirements of this section. The peace officer may confiscate the motor vehicle license of such person if the license has been revoked or has been suspended subsequent to a hearing and the person has not forwarded the motor vehicle license to the department as required. [C31, 35,§4960-d36; C39, §5014.11; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§321.211]

Referred to in §321 201

**321.212 Period of suspension or revocation.** Except as provided in section 321.513 the department shall not suspend a license for a period of more than one year, except that a license suspended because of incompetency to drive a motor vehicle shall be suspended until the department receives satisfactory evidence that the former holder is competent to operate a motor vehicle and a refusal to reinstate shall constitute a denial of license within the provisions of sec-

tion 321.215; upon revoking a license the department shall not grant an application for a new license until the expiration of one year after the revocation.

The department shall not revoke a license under the provisions of subsection 6 of section 321.209 for more than thirty days nor less than five days as recommended by the trial court.

The department shall revoke a license for six months for a first offense under the provisions of section 321.209, subsection 7, where the violation charged did not result in a personal injury or damage to property. [C31, 35,§4960-d40, -d45; C39,§5014.12; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§321.212; 68GA, ch 1094,§24, ch 1103,§11]

partment within ten days of the rejection. The department shall hold a hearing on the appeal within ten days of receipt of the appeal and shall issue a decision affirming the rejection or disallowing the rejection, in whole or in part, within seven days of the hearing.

12. Every motor vehicle subject to registration under the laws of this state, except motor vehicles registered under section 321.115, and motorized bicycles, motor vehicles transferred under the provisions of sections 321.51 and 321.52 when first registered in this state, other than a registration to a dealer licensed under chapter 322, and each time when transferred for use within this state or when registration is changed from a registration as provided in section 321.115 to a regular registration, other than transfers to a dealer licensed under chapter 322, shall be inspected at an authorized inspection station, unless there is affixed to the motor vehicle a valid certificate of inspection which was issued for the motor vehicle not more than sixty days prior to the date on which the vehicle was transferred and the vehicle has not been transferred during the sixty-day period, provided that during a one-year period the vehicle may be transferred between parents and their children without another inspection. A vehicle inspection is not required when the transfer of the vehicle or an interest in the vehicle is between spouses or when required pursuant to a decree for dissolution of marriage between former spouses. However, the certificate of inspection for a new motor vehicle which has not previously been sold at retail and which is not sold within sixty days after the date the inspection was performed may be revalidated by the inspection station without another inspection provided the motor vehicle has not been driven more than one hundred miles since the inspection was performed. If the motor vehicle is subject to inspection, the authorized inspection station shall issue and affix a valid certificate of inspection or certificate of rejection, as the case may be, in accordance with the results of the inspection. If an inspection is required, an applicant shall file with an application for title to the vehicle or for registration thereof under the provisions of section 321.23, subsection 2 or 3, with the county treasurer of the county of his or her residence, a statement on a form provided by the director, signed by an authorized inspection station certifying the date that a certificate of inspection was issued for and affixed to the vehicle. If an inspection is required the county treasurer shall not issue a title to the vehicle to the applicant or register the vehicle unless such statement is filed with the application showing that the inspection of the vehicle was made not more than sixty days prior to the date of sale or transfer, or unless the vehicle was purchased out of this state by a resident of this state who resides outside of this state, but desires to maintain his or her Iowa residency and he or she executes a statement to that effect in form and content as prescribed by the director. The county treasurer shall stamp the registration card for such vehicle with the words "NOT INSPECTED." A vehicle so registered shall be inspected at an authorized inspection station within fifteen days after being brought into this state. The county treasurer shall mail the

statement of inspection or statement of out-of-state residency to the department at the time of mailing copies of the registration receipt. The department may destroy any forms, certificates or statements after one year from the date they are filed unless they relate to pending appeals.

13. Any peace officer who makes an investigation of an accident may direct that any motor vehicle involved in the accident shall be inspected at an official inspection station within the time fixed by such peace officer but in all cases within a period no longer than fourteen days. If the vehicle is undergoing repairs or parts necessary to make repairs are on order, the motor vehicle need not be inspected until such repairs are completed; provided, however, the motor vehicle shall not be driven upon the highways until the repairs have been completed and the vehicle has passed inspection, except to move it to and from an inspection station. The peace officer shall include in the report required by section 321.266 the date by which the inspection must be performed.

14. The director may authorize the acceptance in this state of a certificate of inspection issued in another state having an inspection law substantially similar to the provisions of this chapter pertaining to vehicle inspection.

15. Judicial review of the actions of the commissioner may be sought in accordance with the terms of the Iowa administrative procedure Act.

16. The inspection of any vehicle and issuance of a certificate of inspection shall not be construed in any court as a warranty of the mechanical condition of the vehicle, and the failure to discover any defect in any vehicle in the course of an inspection under the provisions of this section shall not be made the basis of an action for damages in any court.

17. It is a misdemeanor for any owner or operator of any vehicle required to be inspected to fail to comply with the provisions of this section.

18. If an inspection is required by this section a person shall not transfer any motor vehicle, other than transfers to a dealer licensed under chapter 322, unless there is a valid official certificate of inspection affixed to such vehicle at the time of transfer. Any person violating the provisions of this subsection shall be subject to a fine of one hundred dollars and shall be liable to the purchaser in damages for all costs involved in obtaining a valid certificate of inspection for such vehicle.

19. As used in this section, "sale" means the delivery of possession of a vehicle to a person who has purchased or contracted to purchase the vehicle. As used in this section "transfer" means sale or any manner by which the title to a vehicle is conveyed from one person or corporation to another or the delivery of possession of a vehicle with the intent to transfer ownership.

20. After an investigation and hearing conducted by a hearing officer designated by the director of transportation held in the county in which the inspection station is located, the director may, if the hearing officer finds that the inspection station is not properly equipped or it is not properly conducting inspections, issue a warning, suspend the vehicle inspection station's permit for a period not to exceed ninety

days, or revoke the vehicle inspection station's permit and require the operator of the vehicle inspection station to surrender the permit issued to the operator.

21. Notice of the suspension or revocation shall be by certified mail, return receipt requested, addressed to the operator of the vehicle inspection station for which the permit was issued. The suspension or revocation shall become effective ten days from the date of the mailing of the notice unless the permit holder files a written request for a review hearing of the suspension or revocation order. The review hearing shall be de novo and shall be conducted at the seat of government by a review board composed of the following persons:

a. A senior officer of the Iowa highway safety patrol designated by the commissioner of public safety.

b. The state car dispatcher or his designee.

c. An employee of the state department of transportation experienced in automotive mechanics designated by the director.

Notwithstanding any other rule or statute to the contrary, the deposition of any witness taken in the manner prescribed by the rules of civil procedure shall be admissible at any hearing conducted by the review board in lieu of the witness appearing in person. Costs of depositions shall be paid from funds appropriated to the department.

After the hearing, the review board may sustain, modify, or reverse the director's order of suspension or revocation. A suspension or revocation sustained or modified by the review board shall take effect ten days from the date of the decision. Judicial review of actions of the review board may be sought in accordance with the terms of the Iowa administrative procedure Act.

The review board shall have the power to issue subpoenas to compel the attendance of witnesses and the production of documents, papers, books, records and other evidence before it in any hearing conducted by it under this section.

If any person shall refuse to obey any such subpoena, or to give testimony, or to produce evidence as required thereby, any judge of the district court of the state in and for Polk county may, upon application and proof of such refusal, make an order awarding process of subpoena, or subpoena duces tecum, out of the said court, for the witness to appear before the review board and to give testimony, and to produce evidence as required thereby. Upon filing such order in the office of the clerk of said court, the clerk shall issue process of subpoena, as directed, under the seal of said court, requiring the person to whom it is directed to appear at the time and place therein designated.

Witnesses shall receive compensation at the rates specified in section 622.69 from funds appropriated to the department.

22. In any proceedings to suspend or revoke a vehicle inspection station's permit, there shall be a presumption that the inspection of a motor vehicle was properly conducted unless a written notice specifying the complaint is given to the operator or an employee of the vehicle inspection station which inspected the vehicle within fifteen calendar days after the date of the inspection or before the vehicle has been driven

five hundred miles after the inspection, whichever occurs first, or if the vehicle inspection station sold the motor vehicle, within fifteen calendar days after the date of the sale or before the vehicle has been driven five hundred miles after the sale, whichever occurs first. The written notice may be informal. This presumption may be overcome only by clear and convincing evidence.

23. No person shall knowingly deliver possession of a motor vehicle, trailer or semitrailer to a person who has purchased or contracted to purchase at retail such motor vehicle, trailer, or semitrailer which does not contain those parts or is not equipped with such lamps and brakes and other equipment in proper condition and adjustment as required by this chapter or which is equipped in any manner in violation of the chapter, except when such sale is made in accordance with the provisions of section 321.51.

24. No person shall knowingly permit a prospective purchaser to test drive a motor vehicle on the highways of this state unless the vehicle is mechanically safe for the purposes and conditions of the test drive.

25. As used in this section:

a. "Authorized officer" means a peace officer as defined in 801.4, subsection 7, paragraphs "a," "c," and "h."

b. "Spot vehicle inspection" means an equipment safety inspection of a vehicle conducted by an authorized officer to determine if the vehicle should be inspected at an inspection station and shall not include inspection of the "glove compartment" or "trunk" or any other area that is not essential to the performance of an equipment safety inspection.

c. "Inspection order" means the form established by the department to be given to the operator of a vehicle by an authorized officer following a spot vehicle inspection when the vehicle requires further inspection at an inspection station.

26. An authorized officer may stop and inspect a vehicle being operated on the highways for a spot vehicle inspection when the authorized officer observes that the vehicle is being operated in a peculiar, erratic, or unsafe manner that would give the authorized officer reason to believe that a mechanical defect exists in the vehicle that would create a hazard to the safety of other persons. An authorized officer may also stop a vehicle and conduct a spot vehicle inspection if upon visual inspection of the vehicle, the authorized officer determines that the head lamps, rear lamps or any other equipment required by this chapter is not in adequate condition or proper adjustment and would create a hazard to the safety of other persons. The authorized officer shall indicate on any inspection order issued the reasons for which the vehicle is stopped in addition to any safety equipment deficiencies found to exist during the spot vehicle inspection. If after performing the spot vehicle inspection, the authorized officer determines to the best of his or her ability that operation of the vehicle does in fact create a hazard to the safety of other persons, the authorized officer may issue an inspection order to the operator and forward two copies to the department. The inspection order shall direct that the vehicle be inspected at an inspection station within

fourteen days. If the authorized officer determines that the operator of the vehicle is not the owner or custodian of the vehicle, this fact shall be indicated on the inspection order. The department, upon receipt of an inspection order with an indication the operator is not the owner or custodian, shall forward one copy by certified mail to the owner or custodian with return receipt requested by a date certain as fixed by the department pursuant to rules and the fourteen-day period to obtain a vehicle inspection shall begin on the date of return receipt or return of the notice. If the vehicle is not inspected within the fourteen-day period it shall be deemed that the vehicle has not passed the inspection and the provisions of subsection 11 apply. Nothing in this subsection shall be construed to limit the applicability of sections 321.381 and 321.492. [C58, 62, 66, 71, §322.25; C73, §321.238, 322.25; C75, 77, 79, §321.238; 68GA, ch 1094, §26, 27]

Referred to §321.51, 321.89(4)

**321.239 Counties may restrict parking of vehicles.** The county board of supervisors may adopt, amend, or repeal traffic ordinances to regulate or prohibit the standing or parking of vehicles within the right of way of any highway under its jurisdiction.

Any person violating a traffic ordinance adopted under this section shall be guilty of a misdemeanor and shall, upon conviction, be fined not to exceed twenty-five dollars, or be imprisoned not to exceed seven days in the county jail. The form and style of the information shall be in the name of the county and as against the person in violation of the traffic ordinance. [C73, 75, 77, 79, §321.239]

**321.248 Parks and cemeteries.** Local authorities may by general rule, ordinance, or regulation exclude vehicles from any cemetery or ground used for the burial of the dead, or exclude vehicles used solely or principally for commercial purposes, from any park or part of a park system where such general rule, ordinance, or regulation is applicable equally and generally to all other vehicles used for the same purpose, if, at the entrance, or at each entrance if there be more than one, to such cemetery or park from which vehicles are so excluded, there shall have been posted a sign plainly legible from the middle of the public highway on which such cemetery or park opens, plainly indicating such exclusion and prohibition. [S13, §1571-m20; C24, 27, 31, 35, §4994; C39, §5018.13; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321.248]

**321.249 School zones.** Cities and counties shall have the power to establish school zones and provide for the stopping of all motor vehicles approaching said zones, when movable stop signs have been placed in the streets in such cities and highways in counties at the limits of the zones, this notwithstanding the provisions of any statute to the contrary. All traffic-control devices provided for school zones shall conform to specifications included in the manual of traffic-control devices adopted by the department. [C31,

35,§4997-d1; C39,§5018.14; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§321.249]

**321.251 Rights of owners of real property.** Nothing in this chapter shall be construed to prevent the owner of real property used by the public for purposes of vehicular travel by permission of the owner and not as matter of right from prohibiting such use, or from requiring other or different or additional conditions than those specified in this chapter, or otherwise regulating such use as may seem best to such owner. [C39,§5018.16; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§321.251]

#### TRAFFIC SIGNS, SIGNALS, AND MARKINGS

**321.252 Department to adopt sign manual.** The department shall adopt a manual and specifications for a uniform system of traffic-control devices consistent with the provisions of this chapter for use upon highways within this state. Such uniform system shall correlate with and so far as possible conform to the system then current as approved by the American association of state highway and transportation officials.

The department shall include in its manual of traffic-control devices, specifications for a uniform system of highway signs for the purpose of naming, warning, regulating, and guiding traffic to organized off-highway permanent camps, and camp areas, operated by recognized and established civic, religious, and nonprofit charitable organizations. The commission shall purchase, install, and maintain such signs upon the prepayment by the organization of the cost of such purchase, installation, and maintenance.

Local authorities shall adhere to the specifications for such signs as established by the department, and shall purchase, install, and maintain such signs in their respective jurisdictions upon prepayment by the organization of the cost of such purchase, installation, and maintenance. The department shall include in its manual of traffic-control devices specifications for a uniform system of traffic-control devices in legally established school zones. When-

ever practical, said devices or signs shall be purchased from the director of the division of corrections of the department of social services. [C24, 27,§4627; C31, 35,§4627, 5079-d7; C39,§5019.02; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§321.253]

#### 321.257 Official traffic control signal.

1. For the purposes of this section "stop at the official traffic control signal" means stopping at the first opportunity at either the clearly marked stop line or before entering the crosswalk or before entering the intersection.

2. Official traffic control signals consisting of colored lights or colored lighted arrows shall regulate vehicle and pedestrian traffic in the following manner:

a. A "steady circular red" light means vehicular traffic shall stop. Vehicular traffic shall remain standing until a signal to proceed is shown or vehicular traffic, unless prohibited by a sign, may cautiously enter the intersection to make a right turn from the right lane of traffic or a left turn from a one-way street to a one-way street from the left lane of traffic on a one-way street onto the leftmost lane of traffic on a one-way street. Turns made under this paragraph shall be made in a manner that does not interfere with other vehicular or pedestrian traffic lawfully using the intersection. Pedestrian traffic facing a steady circular red light shall not enter the roadway unless the pedestrian can safely cross the roadway without interfering with any vehicular traffic.

b. A "steady circular yellow" or "steady yellow arrow" light means vehicular traffic is warned that the related green movement is being terminated and vehicular traffic shall no longer proceed into the intersection and shall stop. If the stop cannot be made in safety, a vehicle may be driven cautiously through

the intersection. Pedestrian traffic is warned that there is insufficient time to cross the intersection and any pedestrian starting to cross the roadway shall yield the right of way to all vehicles.

c. A "steady circular green" light means vehicular traffic may proceed straight, turn right or turn left through the intersection unless otherwise specifically prohibited. Vehicular traffic shall yield the right of way to other vehicular and pedestrian traffic lawfully within the intersection.

d. A "steady green arrow" light shown alone or with another official traffic control signal means vehicular traffic may cautiously enter the intersection and proceed in the direction indicated by the arrow. Vehicular traffic shall yield the right of way to other vehicles and pedestrians lawfully within the intersection.

e. A "flashing circular red" light means vehicular traffic shall stop and after stopping may proceed cautiously through the intersection yielding to all vehicles not required to stop or yield which are within the intersection or approaching so closely as to constitute a hazard, but then may proceed.

f. A "flashing yellow" light means vehicular traffic shall proceed through the intersection or past such signal with caution.

g. A "don't walk" light is a pedestrian signal which means that pedestrian traffic facing the illuminated pedestrian signal shall not start to cross the roadway in the direction of the pedestrian signal, and pedestrian traffic in the crossing shall proceed to a safety zone.

h. A "walk" light is a pedestrian signal which means that pedestrian traffic facing the illuminated pedestrian signal may proceed to cross the roadway in the direction of the pedestrian signal and shall be given the right of way by drivers of all vehicles. [C39,§5019.06, 5019.07; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, §321.257, 321.258; C79,§321.257]

or which attempts to direct the movement of traffic, or which hides from view or interferes with the effectiveness of any official traffic-control device or any railroad sign or signal, if such sign, signal, marking, or device has not been authorized by the department and local authorities with reference to streets and highways under their jurisdiction and no person shall place or maintain nor shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising. This shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information of a type that cannot be mistaken for official signs.

Every such prohibited sign, signal, or marking is hereby declared to be a public nuisance and the authority having jurisdiction over the highway is hereby empowered to remove the same or cause it to be removed without notice. [C39,§5019.08; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§321.259]

It shall be unlawful for any person to have in his possession any official traffic-control device except by reason of his employment. Any person convicted of unauthorized possession of any official traffic-control device shall upon conviction be punished as provided in section 321.482. The court may prescribe the length of time for such treatment or it may request that the hospital to which the person is committed immediately report to the court when the person has received maximum benefit from the program of the hospital or institution or has recovered from his or her addiction, dependency or tendency to chronically abuse alcohol or drugs. A person committed under this section who is not possessed of sufficient income or estate to enable him or her to make payment of the costs of such treatment in whole or in part shall be considered a state patient and the costs of treatment shall be paid as provided in section 125.44.

No previous conviction for, or plea of guilty to,

an offense under this section occurring more than six years prior to the date of the violation being charged shall be used to determine that the violation being charged is a second, third or subsequent offense. b. "Satisfactory completion of a course" means receiving at the completion of a course a grade from the course instructor of "C" or "2.0," or better.

c. "Drivers license" means a license to drive a motor vehicle as an operator or chauffeur.

2. *Court order.* After the conviction of a person for operating a motor vehicle while under the influence of an alcoholic beverage, the court in addition to its power to commit the defendant for treatment of alcoholism under section 321.281, may in lieu of, or prior to or after the imposition of punishment for a first offense or prior to or after the imposition of punishment for any subsequent offense, order the defendant, at his own expense, to enroll, attend and successfully complete a course for drinking drivers. A copy of the order shall be forwarded to the department.

3. *Referred on conviction.* After any conviction for operating a motor vehicle while under the influence of an alcoholic beverage under section 321.281, the court may refer the defendant for treatment at a facility as defined in sections 125.1 to 125.43 and designated by the Iowa department of substance abuse. The court may prescribe the length of time for treatment or it may be left to the discretion of the facility to which the defendant was referred. Any person who does not receive a temporary driving permit may after the period of license suspension or revocation under section 321.281 have his drivers license reissued subject to suspension for failure to comply with the provisions of this division. This section shall not permit the issuance of a temporary driving permit or reissuance of a drivers license where the provisions of chapter 321A have not been complied with.

Successful completion of a course required by this division shall not reverse a drivers license suspension or revocation or reduce the length of a suspension or revocation under section 321.281; however, the director may reduce the length of a suspension or revocation contingent upon successful completion of a course for drinking drivers.

the request and in the county where the licensee resides unless another county is mutually agreed upon. Following the hearing the revocation may be rescinded if the director determines the revocation is not authorized by this division.

11. *List of places and dates where course available.* The department of public instruction shall prepare a list of the locations of the courses taught under this division, the dates and times taught, the procedure for enrollment, and the schedule of course fees. The list shall be kept current and a copy of the list shall be sent to each court having jurisdiction over offenses provided in this chapter.

12. *Data preserved.* The department of public instruction shall maintain enrollment, attendance, successful and unsuccessful completion data on the persons ordered to enroll, attend and successfully complete a course for drinking drivers. This data shall be regularly forwarded to the department.

SPEED RESTRICTIONS

321.285 *Speed restrictions.* Any person driving a motor vehicle on a highway shall drive the same at a careful and prudent speed not greater than nor less than is reasonable and proper, having due regard to the traffic, surface and width of the highway and of any other conditions then existing, and no person shall drive any vehicle upon a highway at a speed greater than will permit him to bring it to a stop within the assured clear distance ahead, such driver having the right to assume, however, that all persons using said highway will observe the law.

The following shall be the lawful speed except as hereinbefore or hereinafter modified, and any speed in excess thereof shall be unlawful:

1. Twenty miles per hour in any business district.
2. Twenty-five miles per hour in any residence or school district.
3. Forty miles per hour for any motor vehicle drawing another vehicle, except as hereinafter specified.
4. Forty-five miles per hour in any suburban district. Each school district as defined in subsection 59 of section 321.1 shall be marked by distinctive signs as provided by the current manual of uniform traffic control devices adopted by the department and placed on the highway at the limits of such school district.
5. Fifty-five miles per hour from sunset to sunrise and fifty-five miles per hour from sunrise to sunset.

6. Fifty-five miles per hour for any motor vehicle drawing a one- or two-wheel trailer or a tandem wheel trailer not more than thirty-two feet in length including towing arm and not more than eight feet in width.

7. Reasonable and proper, but not greater than fifty-five miles per hour at any time between sunrise and sunset, and not greater than fifty miles per hour at any time between sunset and sunrise, on secondary roads unless such roads are surfaced with concrete or asphalt or a combination of both, in which case the speed limits shall be the same as provided in subsection 5 of this section. Whenever the board of supervisors of any county shall determine upon the basis of an engineering and traffic investigation conducted by the department when so requested by said board that the speed limit on any secondary road is greater than is reasonable and proper under the conditions found to exist at any intersection or other place or upon any part of a secondary road, said board shall determine and declare a reasonable and proper speed limit thereat. Such speed limits as determined by the board of supervisors shall be effective when appropriate signs giving notice thereof are erected by the board of supervisors at such intersection or other place or part of the highway.

8. Notwithstanding any other speed restrictions, the speed limits for all vehicular traffic, except vehicles subject to the provisions of section 321.286 on fully controlled-access, divided, multilaned highways including the national system of interstate highways designated by the federal highway administration and this state [23 U.S.C. 103 (e) 1977] shall be fifty-five miles per hour. However, the department or the cities, with the approval of the department, may establish a lower speed limit upon such highways located within the corporate limits of any city used as city alternate routes, commonly referred to as "freeways." For the purposes of this subsection a fully controlled-access highway is a highway that gives preference to through traffic by providing access connections with selected public roads only and by prohibiting crossings at grade or direct private driveway connections. It is further provided that a minimum speed of forty miles per hour, road conditions permitting, shall be established on the highways referred to in this subsection.

It is further provided that any kind of vehicle, implement, or conveyance incapable of attaining and maintaining a speed of forty miles per hour shall be prohibited from using the interstate system. signs giving notice thereof are erected at such intersection or other place or part of the highway.

Whenever the council in any city shall determine upon the basis of an engineering and traffic investigation that any speed limit hereinbefore set forth is greater or less than is reasonable or safe under the conditions found to exist at any intersection or other place or upon any part of the city street system, except primary road extensions, said council shall determine and adopt by ordinance such higher or lower speed limit as it deems reasonable and safe thereat. Such speed limit shall be effective when proper and appropriate signs giving notice thereof are erected at such intersections or other place or part of the street. [C39,§5023.06; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§321.290]

**321.291 Information or notice.** In every charge of violation of sections 321.285 to 321.287 the information, also the notice to appear, shall specify the speed at which the defendant is alleged to have driven, also the speed limit applicable within the district or at the location. [C39,§5023.07; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§321.291]

**321.292 Civil action unaffected.** The foregoing provisions of sections 321.285 to 321.287 shall not be construed to relieve the plaintiff in any civil action from the burden of proving negligence upon the part of the defendant as the proximate cause of an accident. [C39,§5023.08; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§321.292]

**321.293 Local authorities may alter limits.** Local authorities in their respective jurisdiction may in their discretion subject to the approval of the department authorize by ordinance higher speeds than those stated in section 321.285 upon through highways or upon highways or portions thereof where stop or yield signs have been erected at the entrances thereto provided signs are erected giving notice of the authorized speed, but local authorities shall not have authority to authorize by ordinance a speed in excess of fifty-five miles per hour. If local authorities fail to authorize by ordinance higher speeds than those stated in section 321.285 upon through highways or upon highways or portions thereof where stop signs have been erected at the entrances thereto, the department may recommend, upon the basis of an engineering and traffic investigation, to the local authorities that the speed limit be increased. If local authorities fail to increase the speed limit upon said recommendation of the department, said department shall declare a reasonable and safe speed limit which shall be effective when appropriate signs are erected giving notice thereof. [C39,§5023.09; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§321.293]

**321.294 Minimum speed regulation.** No person shall drive a motor vehicle at such a slow speed as to impede or block the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law. Peace officers are hereby authorized to enforce this provision by directions to drivers, and in the event of apparent willful disobedience to this provision and refusal to comply with direction of an officer in accor-

dance herewith the continued slow operation by a driver shall be a misdemeanor, and be punished as provided in section 321.482. [C31, 35, §5021-c1; C39, §5023.10; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321.294]

**321.295 Limitation on bridge or elevated structures.** No person shall drive a vehicle on any public bridge or elevated structure at a speed which is greater than the maximum speed permitted under this chapter on the street or highway at a point where said street or highway joins said bridge or elevated structure, provided that if the maximum speed permitted on said street or highway differs from the maximum speed on any other street or highway joining said bridge or elevated structure, then the lowest of said speeds shall be the maximum speed limit on said bridge or elevated structure, subject to the following:

The department upon request from any local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it shall thereupon find that such structure cannot with safety to itself withstand vehicles traveling at the speed otherwise permissible under this chapter, the department shall determine and declare the maximum speed of vehicles which such structure can withstand, and shall cause or permit suitable signs stating such maximum speed to be erected and maintained at a distance of two hundred feet before each end of such structure.

No person shall drive a vehicle over any bridge or other elevated structure constituting a part of a highway at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, when such structure is signposted as provided in this section.

Upon the trial of any person charged with driving a vehicle at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, proof of such determination of the maximum speed by said department and the existence of said signs shall constitute conclusive evidence of the maximum speed which can be maintained with safety to such bridge or structure. [C39, §5023.11; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321.295]

provided, any person so doing shall yield the right of way to all vehicles traveling in the proper direction upon the unobstructed portion of the roadway within such distance as to constitute an immediate hazard.

c. Upon a roadway divided into three marked lanes for traffic under the rules applicable thereon.

d. Upon a roadway restricted to one-way traffic.

2. Any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic upon all roadways, or as close as practicable to the right-hand curb or edge of the roadway, except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection, an alley, private road or driveway.

3. A vehicle shall not be driven upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, to the left of the center line of the roadway, except when authorized by official traffic-control devices designating certain lanes to the left side of the center of the roadway for use by traffic not otherwise permitted to use such lanes, or except as permitted under subsection 1, paragraph "b." This subsection shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road, or driveway. [S13, §1571-m18; C24, 27, 31, 35, §5019; C39, §5024.01; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321.297]

**321.300 Failure to recognize signal.** Any driver of a vehicle that is overtaken by a faster moving vehicle who fails to heed the signal of the overtaking vehicle when it is given under such circumstances that he could, by the exercise of ordinary care and observa-

tion and precaution, hear such signal and who fails to yield that part of the traveled way as herein provided, shall be guilty of a misdemeanor punishable as provided in section 321.482. [C24, 27, 31, 35, §5023; C39, §5024.04; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321.300]

The driver of a vehicle may overtake and, allowing sufficient clearance, pass another vehicle proceeding in the same direction either upon the left or upon the right on a roadway with unobstructed pavement of sufficient width for four or more lines of moving traffic when such movement can be made in safety. No person shall drive off the pavement or upon the shoulder of the roadway in overtaking or passing on the right. [C39, §5024.06; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321.302]

In every event the overtaking vehicle must return to the right-hand side of the roadway before coming within one hundred feet of any vehicle approaching from the opposite direction. [C39, §5024.07; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321.303]

1. When approaching the crest of a grade or upon a curve in the highway where the driver's view along the highway is obstructed for a distance of approximately seven hundred feet.

2. When approaching within one hundred feet of any narrow bridge, viaduct, or tunnel, when so signposted, or when approaching within one hundred feet of or traversing any intersection or railroad grade crossing.

A vehicle shall be driven as nearly as practical entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety.

Upon a roadway which is divided into three lanes a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the roadway is clearly visible and such center lane is clear of traffic within a safe distance, or in preparation for a left turn or where such center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is signposted to give notice of such allocation.

Official signs may be erected directing slow-moving traffic to use a designated lane or allocating specified lanes to traffic moving in the same direction and drivers of vehicles shall obey the directions of every such sign.

Vehicles moving in a lane designated for slow-moving traffic shall yield the right of way to vehicles moving in the same direction in a lane not so designated when such lanes merge to form a single lane.

Approach for a left turn from a two-way street into a one-way street shall be made in that portion of the right half of the roadway nearest the center line thereof and by passing to the right of such center line where it enters the intersection. A left turn from a one-way street into two-way street shall be made by passing to the right of the center line of the street being entered upon leaving the intersection.

Local authorities in their respective jurisdictions may cause markers, buttons, or signs to be placed within or adjacent to intersections and thereby require and direct that a different course from that specified in this section be traveled by vehicles turning at an intersection, and when markers, buttons, or signs are so placed no driver of a vehicle shall turn a vehicle at an intersection other than as directed and required by such markers, buttons, or signs. a. Any motorcycle or motorized bicycle.

b. Any trailer or semitrailer of less than three thousand pounds gross weight need not be equipped with brakes.

c. Trucks and truck tractors having three or more axles need not have brakes on the front wheels, except that such vehicles equipped with two or more front axles shall be equipped with brakes on at least one of such axles; provided that the service brakes of such vehicle comply with the performance requirements of section 321.431.

2. Under the above conditions the hand brake shall be adequate to hold such vehicle or vehicles stationary on any grade upon which operated.

3. Under the above conditions the service brakes upon a motor vehicle equipped with two-wheel brakes

only, and when permitted hereunder, shall be adequate to stop the vehicle within a distance of forty-five feet and the hand brake adequate to stop the vehicle within a distance of fifty-five feet.

4. All braking distances specified in this section shall apply to all vehicles mentioned, whether such vehicles are not loaded or are loaded to the maximum capacity permitted under this chapter.

5. All brakes shall be maintained in good working order and shall be so adjusted as to operate as equally as practicable with respect to the wheels on opposite sides of the vehicle. [S13,§1571-m17; C24, 27, 31, 35,§5039; C39,§5034.40; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79,§321.431]

The schedule of fines may be assessed in addition to any other penalties provided for in this chapter.

Overloads on axles and tandem axles and overloads on groups of axles or on an entire vehicle or combination of vehicles shall be considered as separate violations of the provisions of this section.

A person who issues or executes, or causes to be issued or executed, a bill of lading, manifest, or shipping document of any kind which states a false weight of the cargo set forth on such bill, manifest, or document, which is less than the actual weight of the cargo, shall, upon conviction, be guilty of a simple misdemeanor. **321.465 Weighing vehicles and removal of excess.**

Any peace officer having reason to believe that the weight of a vehicle and load is unlawful is authorized to require the driver to stop and submit to a weighing of the same either by means of portable or stationary scales and may require that such vehicle be driven to the nearest public scales.

Whenever an officer upon weighing a vehicle and load, as above provided, determines that the weight is unlawful, such officer may require the driver to stop the vehicle in a suitable place and remain standing until such portion of the load is removed as may be necessary to reduce the gross weight of such vehicle to such limit as permitted under this chapter. All material so unloaded shall be cared for by the owner or operator of such vehicle at the risk of such owner or operator.

Any driver of a vehicle who fails or refuses to stop and submit the vehicle and load to a weighing, or who fails or refuses when directed by an officer upon a weighing of the vehicle to stop the vehicle and otherwise comply with the provisions of this section, shall be guilty of a misdemeanor and punished as provided in section 321.482.

**321.466 Increased loading capacity—reregistration.**

1. An increased gross weight registration may be obtained for any vehicle by payment of the difference between the annual fee for the higher gross weight and the amount of the fee for the gross weight at which it is registered.

2. With respect to a vehicle held by a dealer for sale or trade, an increased gross weight registration may be obtained for any such vehicle on or after April 10 of each year upon change of ownership by payment of one-twelfth of the difference between the annual fee for the higher gross weight and the amount of the fee for the gross weight at which it is registered, multiplied by the number of unexpired months of the year.

4. Upon conversion of a truck to a truck tractor or a truck tractor to a truck, an increased gross weight registration of the proper type may be obtained for any such vehicle by payment, except as provided in section 321.106, of one-twelfth of the difference between the annual fee for the higher gross weight and

the amount of the annual fee for the gross weight at which the vehicle is registered, multiplied by the number of unexpired months of the year from the date of such conversion.

5. The registered gross weight of any vehicle or combination of vehicles may also be increased by installing and using a properly registered auxiliary axle or axles, and the combined registered gross weight of such vehicle and auxiliary axle or axles shall determine the total registered gross weight thereof. No auxiliary axle may be used to convert a single axle to a tandem axle unless equipped with a device to equalize the load carried by the single axle and the said auxiliary axle when in tandem and when in motion or when standing, and the load transmitted to the highway by either the single axle or the auxiliary axle shall not exceed that permitted for any single axle, nor shall the load transmitted to the highway when in tandem and when in motion or when standing, exceed that permitted for any tandem axle.

6. It shall be unlawful for any person to operate a motor truck, trailer, truck tractor, road tractor, semitrailer or combination thereof, or any such vehicle equipped with a transferable auxiliary axle or axles, on the public highways with a gross weight exceeding that for which it is registered by more than five percent of the gross weight for which it is registered, provided, however, that any vehicle or vehicle combination referred to herein, while carrying a load of raw farm products, soil fertilizers, including ground limestone, raw dairy products or livestock, live poultry, eggs, may be operated with a gross weight of twenty-five percent in excess of the gross weight for which it is registered.

7. period of not to exceed ninety days in any one calendar year, whenever any said highway by reason of deterioration, rain, snow, or other climatic conditions will be seriously damaged or destroyed unless the use of vehicles thereon is prohibited or the permissible weights thereof reduced.

Any person who violates the provisions of such ordinance or resolution shall, upon conviction or a plea of guilty, be subject to a fine determined by dividing the difference between the actual weight and the maximum weight established by the ordinance or resolution by one hundred, and multiplying the quotient by two dollars. Local authorities may issue special permits, during periods such restrictions are in effect, to permit limited operation of vehicles upon specified routes with loads in excess of any restrictions imposed under this section, but not in excess of load restrictions imposed by any other provision of this chapter, and such authorities shall issue such permits upon a showing that there is a need to move to market farm produce of the type subject to rapid spoilage or loss of value or to move to any farm feeds or fuel for home heating purposes. Annual special permits for a particular vehicle shall not be issued by the department unless prior approval is given by the county engineer of the county in which the vehicle will be operated. Annual special permits for operation on primary roads shall be approved by the state department of transportation.

Compacted rubbish vehicles and vehicles which transport compacted rubbish from a rubbish collection point to a landfill area operated pursuant to an annual special permit shall be operated only over routes designated by the local authority. Annual special permits for a particular vehicle shall not be issued by the department unless approved by the local authority responsible for the roads over which the vehicle will be operated. Resolutions imposing restrictions under section 321.473 shall be for a definite period of time not to exceed twelve months. The expiration date of the resolution shall appear on all signs posted as required by this section.

Any person who violates the provisions of such resolution shall, upon conviction or a plea of guilty, be subject to a fine determined by dividing the difference between the actual weight and the maximum weight established by the resolution by one hundred, and multiplying the quotient by two dollars. ##### 321A.5 Security required following accident—exceptions.

1. The director shall, immediately or within sixty days after the receipt of a report of a motor vehicle accident within this state which has resulted in bodily injury or death or damage to the property of any one person in excess of two hundred fifty dollars, suspend the license of each operator and all registrations of each owner of a motor vehicle in any manner involved in such accident, and if such operator is a nonresident the privilege of operating a motor vehicle within this state, and if such owner is a nonresident the privilege of the use within this state of any motor vehicle owned by him, unless such operator or owner or both shall deposit security in a sum which shall be sufficient in the judgment of the director to satisfy any judgment or judgments for damages resulting from such accident as may be recovered against such operator or owner; provided notice of such suspension shall be sent by the director to such operator and owner not less than ten days prior to the effective date of such suspension and shall state the amount required as security.

2. This section shall not apply under the conditions stated in section 321A.6 or to any of the following:

a. To such operator or owner if such owner had in effect at the time of such accident an automobile liability policy with respect to the motor vehicle involved in such accident;

b. To such operator, if not the owner of such motor vehicle, if there was in effect at the time of such accident an automobile liability policy or bond with respect to his operation of motor vehicles not owned by him;

c. To such operator or owner if the liability of such operator or owner for damages resulting from such accident is, in the judgment of the director, covered by any other form of liability insurance policy or bonds; or

d. To such owner if such owner is at the time of such accident qualified as a self-insurer under section 321A.34, or to any such operator operating such motor vehicle for such self-insurer.

3. A policy or bond is not effective under this section unless issued by an insurance company or surety company authorized to do business in this state, except that if the motor vehicle was not registered in this state, or was a motor vehicle which was registered elsewhere than in this state at the effective date of the policy or bond, or the most recent renewal thereof, the policy or bond is not effective under this section unless the insurance company or surety company if not authorized to do business in this state executes a power of attorney authorizing the director to accept service on its behalf of notice or process in any action upon the policy or bond arising out of the accident. However, with respect to accidents occurring on or after January 1, 1981, and before January 1, 1983, every such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than fifteen

Upon receipt of a report of a motor vehicle accident and information that an automobile liability policy or surety bond meeting the requirements of this chapter was in effect at the time of this accident covering liability for damages resulting from such accident, the director shall forward by regular mail to the insurance carrier or surety carrier which issued such policy or bond a copy of such information concerning insurance or bond coverage, and it shall be presumed that such policy or bond was in effect and provided coverage to both the operator and the owner of the motor vehicle involved in such accident unless the insurance carrier or surety carrier shall notify the director otherwise within fifteen days from the mailing of such information to such carrier; provided, however, that in the event the director shall later ascertain that erroneous information had been given him in respect to the insurance or bond coverage of the operator or owner of a motor vehicle involved in such accident, he shall take such action as he is otherwise authorized to do under this chapter within sixty days after the receipt by him of correct information with respect to such coverage. [C31, 35, §5079-c4; C39, §5021.01; C46, §321.275; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321A.5; 68GA, ch 1106, §2]

2. Twelve months after such accident, provided the department has not been notified by any party to the action or an attorney for any party that an action for damages arising out of such accident has been instituted within one year from the date of the accident; or

3. Evidence satisfactory to the director has been filed with him of a release from liability, or a final adjudication of nonliability, or a warrant for confession of judgment, or a duly acknowledged written agreement, in accordance with section 321A.6, subsection 4; provided, however, in the event there shall be any default in the payment of any installment

under any confession of judgment, then, upon notice of such default, the director shall forthwith suspend the license and registration or nonresident's operating privilege of such person defaulting which shall not be restored unless and until the entire amount provided for in said confession of judgment has been paid; and provided, further, that in the event there shall be any default in the payment of any installment under any duly acknowledged written agreement, then, upon notice of such default, the director shall forthwith suspend the license and registration or nonresident's operating privilege of such person defaulting which shall not be restored unless and until

Such motor vehicle liability policy shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period, and the limits of liability, and shall contain an agreement or be endorsed that insurance is provided thereunder in accordance with the coverage defined in this chapter as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this chapter.

5. Such motor vehicle liability policy need not insure any liability under any workers' compensation law nor any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment, other than domestic, of the insured, or while engaged in the operation, maintenance, or repair of any such motor vehicle nor any liability for damage to property owned by, rented to, in charge of, or transported by the insured.

6. Every motor vehicle liability policy shall be subject to the following provisions which need not be contained therein:

a. The liability of the insurance carrier with respect to the insurance required by this chapter shall become absolute whenever injury or damage covered by said motor vehicle liability policy occurs; said policy may not be canceled or annulled as to such liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or

damage; no statement made by the insured or on his behalf and no violation of said policy shall defeat or void said policy.

b. The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to make payment on account of such injury or damage.

c. The insurance carrier shall have the right to settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability specified in paragraph "b" of subsection 2 of this section.

d. The policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of the chapter shall constitute the entire contract between the parties.

7. Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy and such excess or additional coverage shall not be subject to the provisions of this chapter. With respect to a policy which grants such excess or additional coverage the term "motor vehicle liability policy" shall apply only to that part of the coverage which is required by this section.

8. Any motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this chapter.

9. Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.

10. The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carriers which policies together meet such requirements.

11. Any binder issued pending the issuance of a motor vehicle liability policy shall be deemed to fulfill the requirements for such a policy. [C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321A.21; 68GA, ch 1106, §4]

Referred to in §321A.13, 321A.14

**321A.22 Notice of cancellation or termination of certified policy.** When an insurance carrier has certified a motor vehicle liability policy under section 321A.19 or section 321A.20, the insurance so certified shall not be canceled or terminated until at least ten days after a notice of cancellation or termination of the insurance so certified shall be filed in the office of the director, except that such a policy subsequently procured and certified shall, on the effective date of its certification, terminate the insurance previously certified with respect to any motor vehicle designated in both certificates. [C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321A.22]

Referred to in §321A.13, 321A.14

**321A.23 Chapter not to affect other policies.**

1. This chapter shall not be held to apply to or affect policies of automobile insurance against liability which may now or hereafter be required by any other law of this state, and such policies, if they contain an agreement or are endorsed to conform with the re-

quirements of this chapter, may be certified as proof of financial responsibility under this chapter.

2. This chapter shall not be held to apply to or affect policies insuring solely the insured named in the policy against liability resulting from the maintenance or use by persons in the insured's employ or on his behalf of motor vehicles not owned by the insured. [C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321A.23]

#### 321A.24 Bond as proof.

1. Proof of financial responsibility may be evidenced by the bond of a surety company duly authorized to transact business within this state, or a bond with at least two individual sureties each owning real estate within this state, and together having equities equal in value to at least twice the amount of the bond, which real estate shall be scheduled in the bond approved by a judge or clerk of a court of record, which said bond shall be conditioned for payment of the amounts specified in section 321A.1, subsection 10. Such bond shall be filed with the director and shall not be cancelable except after ten days' written notice to the director. Such bond shall constitute a lien in favor of the state upon the real estate so scheduled of any surety, which lien shall exist in favor of any holder of a final judgment against the person who has filed such bond, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damage because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use, or operation of a motor vehicle after such bond was filed, upon the filing of notice to that effect by the director in the office of the proper clerk of court of the county where such real estate shall be located. Any individual surety so scheduling real estate security shall furnish satisfactory evidence of title thereto and the nature and extent of all encumbrances thereon and the value of the surety's interest therein, in such manner as the judge or clerk of the court of record approving the bond may require. The notice filed by the director shall, in addition to any other matters by him deemed to be pertinent, contain a legal description of the real estate so scheduled, the name of the holder of the record title, the amount for which it stands as security, and the name of the person in whose behalf proof is so being made. Upon the filing of such notice the clerk of the court of such county shall retain the same as part of the records of such court and enter upon the encumbrance book the date and hour of filing, the name of the surety, the name of the record titleholder, the description of the real estate, and the further notation that a lien is charged on such real estate pursuant to the notice filed hereunder. From and after the entry of the foregoing upon the encumbrance book all persons whomsoever shall be charged with notice thereof.

2. If such a judgment, rendered against the principal on such bond shall not be satisfied within sixty days after it has become final, the judgment creditor may, for his own use and benefit and at his sole expense, bring an action or actions in the name of the state against the company or persons executing such bond, including an action or proceeding to foreclose

any lien that may exist upon the real estate of a person who has executed such bond. An action to foreclose any lien upon real estate scheduled by any surety under the provisions of this chapter shall be by equitable proceeding in the same manner as is provided for the foreclosure of real estate mortgages. #### 321A.25 Money or securities as proof.

1. With respect to accidents occurring on or after January 1, 1981, and before January 1, 1983, proof of financial responsibility may be evidenced by the certificate of the state treasurer that the person named in the certificate has deposited with the treasurer forty thousand dollars in cash, or securities such as may legally be purchased by a state bank or for trust funds of a market value of forty thousand dollars; and with respect to accidents occurring on or after January 1, 1983, proof of financial responsibility may be evidenced by the certificate of the state treasurer that the person named in the certificate has deposited with the treasurer fifty-five thousand dollars in cash, or securities such as may legally be purchased by a state bank or for trust funds of a market value of fifty-five thousand dollars. The state treasurer shall not accept a deposit and issue a certificate for it and the director shall not accept the certificate unless accompanied by evidence that there are no unsatisfied judgments of any character against the depositor in the county where the depositor resides.

2. Such deposit shall be held by the state treasurer to satisfy, in accordance with the provisions of this chapter, any execution on a judgment issued against such person making the deposit, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use, or operation of a motor vehicle after such deposit was made. Money or securities so deposited shall not be subject to attachment or execution unless such attachment or execution shall arise out of a suit for damages as aforesaid. [C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321A.25; 68GA, ch 1106, §5]

Referred to in §321A 13, 321A 14, 321A 18

**321A.26 Owner may give proof for others.** Whenever any person required to give proof of financial responsibility hereunder is or later becomes an operator in the employ of any owner, or is or later becomes a member of the immediate family or household of the owner, the director shall accept proof given by such owner in lieu of proof by such other person to permit such other person to operate a motor vehicle for which the owner has given proof as herein provided or has qualified as a self-insurer under section 321A.34. The director shall designate the restrictions imposed by this section on the face of such person's license. [C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321A.26]

Referred to in §321A 13, 321A 14, 321A 33

**321A.27 Substitution of proof.** The director shall consent to the cancellation of any bond or certificate of insurance or the director shall direct and the state treasurer shall return any money or securities to the

person entitled thereto upon the substitution and acceptance of other adequate proof of financial responsibility pursuant to this chapter. [C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321A.27]

Referred to in §321A 13, 321A.14

**321A.28 Other proof may be required.** Whenever any proof of financial responsibility filed under the provisions of this chapter no longer fulfills the purposes for which required, the director shall for the purpose of this chapter, require other proof as required by this chapter and shall suspend the license and registration or the nonresident's operating privilege pending the filing of such other proof. [C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321A.28]

Referred to in §321A 13, 321A 14

**321A.29 Duration of proof—when proof may be canceled or returned.**

1. The director shall upon request consent to the immediate cancellation of any bond or certificate of insurance, or the director shall direct and the state treasurer shall return to the person entitled thereto any money or securities deposited pursuant to this chapter as proof of financial responsibility, or the director shall waive the requirement of filing proof, in any of the following events:

a. At any time after two years from the date such proof was required when, during the two-year period preceding the request, the director has not received record of a conviction or a forfeiture of bail which would require or permit the suspension or revocation of the license, registration, or nonresident's operating privilege of the person by or for whom such proof was furnished; or

b. In the event of the death of the person on whose behalf such proof was filed or the permanent incapacity of such person to operate a motor vehicle; or

c. In the event the person who has given proof surrenders his license and registration to the director;

2. Provided, however, that the director shall not consent to the cancellation of any bond or the return of any money or securities in the event any action for damages upon a liability covered by such proof is then pending or any judgment upon any such liability is then unsatisfied, or in the event the person who has filed such bond or deposited such money or securities has within one year immediately preceding such request been involved as an operator or owner in any motor vehicle accident resulting in injury or damage to the person or property of others. An affidavit of the applicant as to the nonexistence of such facts, or that he has been released from all of his liability, or has been finally adjudicated not to be liable, for such injury or damage, shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the director.

3. Whenever any person whose proof has been canceled or returned under paragraph "c" of subsection 1 of this section applies for a license or registration within a period of two years from the date proof was originally required, any such application shall be refused unless the applicant shall re-establish such proof for the remainder of the two-year period. #### VIOLETIONS OF PROVISIONS OF CHAPTER— PENALTIES

**321A.30 Transfer of registration to defeat purpose of chapter prohibited.** This chapter shall not prevent the owner of a motor vehicle, the registration of which has been suspended hereunder, from effecting a bona fide sale of such motor vehicle to another person whose rights or privileges are not suspended under this chapter nor prevent the registration of such motor vehicle by such transferee. This chapter shall not in any wise affect the rights of any secured party or lessor of a motor vehicle registered in the name of another as owner who becomes subject to the provisions of this chapter. [C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321A.30]

**321A.31 Surrender of license and registration.**

Any person whose license or registration shall have been suspended as herein provided, or whose policy of insurance or bond, when required under this chapter, shall have been canceled or terminated, or who shall neglect to furnish other proof upon request of the director shall immediately return his license and registration to the director. If any person shall fail to return to the director the license or registration as provided herein, the director shall forthwith direct any peace officer to secure possession thereof and to return the same to the director. [C31, 35, §5079-c4; C39, §5021.01; C46, §321.275; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321A.31]

Referred to in §321A.32(2)

**321A.32 Other violations—penalties.**

1. Any person whose license or registration or nonresident's operating privilege has been suspended, denied or revoked under this chapter or continues to remain suspended or revoked under this chapter, and who, during such suspension, denial or revocation, or during such continuing suspension or continuing revocation, drives any motor vehicle upon any highway or knowingly permits any motor vehicle owned by such person to be operated by another upon any highway, except as permitted under this chapter, shall be guilty of a serious misdemeanor.

2. Any person willfully failing to return license or registration as required in section 321A.31 shall be guilty of a serious misdemeanor.

3. Any person who shall forge or, without authority, sign any notice provided for under section 321A.5 that a policy or bond is in effect, or any evidence of proof of financial responsibility, or who files or offers for filing any such notice or evidence of proof knowing or having reason to believe that it is forged or signed without authority, shall be guilty of a serious misdemeanor.

4. Any person who shall violate any provision of this chapter for which no penalty is otherwise provided shall be guilty of a serious misdemeanor. [C31, 35, §5079-c7; C39, §5021.05; C46, §321.279; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321A.32]

GENERAL PROVISIONS

321A.33 Exceptions. This chapter shall not apply with respect to any motor vehicle owned by the United States, this state, or any political subdivision of this state, or any municipality therein, nor to any operator, except for section 321A.4, while on official duty operating such motor vehicle; nor, except for section 321A.4 and section 321A.26, with respect to any motor vehicle which is subject to the requirements of section 325.26, and section 327.15. [C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321A.33]

321A.34 Self-insurers.

1. Any person in whose name more than twenty-five motor vehicles are registered may qualify as a self-insurer by obtaining a certificate of self-insurance issued by the director as provided in subsection 2 of this section.

2. The director may, in his discretion, upon the application of such a person, issue a certificate of self-insurance when he is satisfied that such person is possessed and will continue to be possessed of ability to pay judgments obtained against such person for damages arising out of the ownership, maintenance, or use of any vehicle owned by such person.

3. Upon not less than five days' notice and a hearing pursuant to such notice, the director may upon reasonable grounds cancel a certificate of self-insurance. Failure to pay any judgment for damages arising out of the ownership, maintenance, or use of any vehicle owned by such self-insurer within thirty days after such judgment shall have become final shall constitute a reasonable ground for the cancellation of a certificate of self-insurance. [C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §321A.34]

#### CHEMICAL TEST

**321B.1 Declaration of policy.** The general assembly hereby determines and declares that the provisions of this chapter are necessary in order to control alcoholic beverages and aid the enforcement of laws prohibiting operation of a motor vehicle while under the influence of an alcoholic beverage. [C66, 71, 73, 75, 77, 79, §321B.1]

**321B.2 Definitions.** As used in this chapter the words "peace officer" mean:

1. Members of the highway patrol.
2. Police officers under civil service as provided in chapter 400.
3. Sheriffs.
4. Regular deputy sheriffs who have had formal police training.
5. Any other law enforcement officer who has satisfactorily completed an approved course relating to motor vehicle operators under the influence of alcoholic beverages at the Iowa law enforcement academy or a law enforcement training program approved by the department of public safety.

As used in this chapter and sections 29B.106, 321-209, 321.281, 321.494 and 690.2 the words "alcoholic beverage" include alcohol, wine, spirits, beer, or any other beverage which contains ethyl alcohol and is fit for human consumption.

As used in this chapter, unless the context otherwise requires, "director" means the director of transportation or his designee, and "department" means the state department of transportation. [C66, 71, 73, 75, 77, 79, §321B.2]

**321B.3 Implied consent to test.** Any person who operates a motor vehicle in this state upon a public highway, under such circumstances as to give reasonable grounds to believe the person to have been operating a motor vehicle while under the influence of an alcoholic beverage, shall be deemed to have given consent to the withdrawal from his body of specimens of his blood, breath, saliva, or urine, and to a chemical test or tests thereof, for the purpose of determining the alcoholic content of his blood, subject to the provisions hereinafter set out. The withdrawal of such body substances, and the test or tests thereof, shall be administered at the written request of a peace officer having reasonable grounds to believe the person to have been operating a motor vehicle upon a public highway of this state while under the influence of an alcoholic beverage, and only after the peace officer has placed such person under arrest for the offense of operating a motor vehicle while under the influence of an alcoholic beverage. The peace officer shall determine which of the four substances, breath, blood, saliva, or urine, shall be tested. Refusal to submit to a chemical test of urine, saliva or breath shall be deemed a refusal to submit, and the provisions of sec-

tion 321B.7 shall apply. A refusal to submit to a chemical test of blood shall not be deemed a refusal to submit, but in that case, the peace officer shall then determine which one of the other three substances shall be tested, and shall offer such test. If such peace officer fails to provide a test within two hours after such arrest, no test shall be required, and there shall be no revocation under the provisions of section 321B.7. [C66, 71, 73, 75, 77, 79, §321B.3]

Referred to in §321B 5

**321B.4 Taking sample for test.** Only a licensed physician, or a medical technologist or registered nurse designated by a licensed physician as his representative, acting at the written request of a peace officer may withdraw such body substances for the purpose of determining the alcoholic content of the person's blood. However, any peace officer, using devices and methods approved by the commissioner of public safety, may take a specimen of a person's breath or urine for the purpose of determining the alcoholic content of the person's blood. Only new, originally factory wrapped, disposable syringes and needles, kept under strictly sanitary and sterile conditions shall be used for drawing blood. Such person may have an independent chemical test or tests administered in addition to any administered at the direction of a peace officer. The failure or inability of the person to obtain an independent chemical test or tests shall not preclude the admission in evidence of the results of the test or tests taken at the direction of the peace officer. Upon the request of the person who is tested, the results of the test or tests taken at the direction of the peace officer shall be made available to him. [C66, 71, 73, 75, 77, 79, §321B.4]

**321B.5 Dead or unconscious persons.** Any person who is dead, unconscious or who is otherwise in a condition rendering him incapable of consent or refusal shall be deemed not to have withdrawn the consent provided by section 321B.3, and the test may be given; provided that a licensed physician shall certify in advance of such test that such person is dead, unconscious or otherwise in a condition rendering him incapable of consent or refusal. In such case such condition shall obviate the requirements of arrest and advice pursuant to section 321B.6. [C66, 71, 73, 75, 77, 79, §321B.5]

Referred to in §321B 6

**321B.6 Statement of officer.** A peace officer shall advise any person who is requested to take any chemical test that a refusal to submit to such test will result in revocation of the person's license or privilege to operate a motor vehicle; provided, however, that this requirement shall not apply in the case of any person referred to in section 321B.5. [C66, 71, 73, 75, 77, 79, §321B.6]

Referred to in §321B 5

**321B.7 Refusal to submit.** If a person under arrest refuses to submit to the chemical testing, no test shall be given, but the director, upon the receipt of a sworn report of the peace officer that he or she had reasonable grounds to believe the arrested person to have been operating a motor vehicle upon a public highway of this state while under the influence of an alcoholic beverage, that he or she had placed such person under arrest for the offense of operating a motor vehicle while under the influence of an alcoholic beverage and that the person had refused to submit to the chemical testing, shall revoke his or her license or permit to drive and any nonresident operating privilege for a period of not less than one hundred twenty days nor more than one year; or if the person is a resident without a license or permit to operate a motor vehicle in this state, the director shall deny to the person the issuance of a license or permit within one year from the date of the alleged violation, subject to review as hereinafter provided. The effective date of any such revocation shall be twenty days after the director has mailed notice of such revocation to such person by registered or certified mail. [C66, 71, 73, 75, 77, 79, §321B.7]

Referred to in §321.191, 321B.3

**321B.8 Hearing.** Upon the written request of a person whose privilege to drive has been revoked or denied, the director shall grant the person an opportunity to be heard within twenty days after the receipt of the request, but the request must be made within thirty days of the effective date of revocation or denial. The hearing shall be before the director, in the county wherein the alleged events occurred for which the person was arrested, unless the director and the person agree that the hearing may be held in some other county. The hearing may be recorded and its scope shall cover the issues of whether a peace officer had reasonable grounds to believe the person to have been operating a motor vehicle upon a public highway of this state while under the influence of an alcoholic beverage, whether the person was placed under arrest and whether he refused to submit to the test or tests. The director shall order that the revocation or denial be either rescinded or sustained. [C66, 71, 73, 75, 77, 79, §321B.8]

**321B.9 Judicial review.** Judicial review of the actions of the director may be sought in accordance with the terms of the Iowa administrative procedure Act. Notwithstanding the terms of said Act, petitions for judicial review may be filed in the district court in the county wherein the alleged events occurred for which the licensee was arrested or in the county in which the administrative hearing was held. [C66, 71, 73, 75, 77, 79, §321B.9]

**321B.10 Evidence in any action.** Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while operating a motor vehicle upon a public highway of this state while under the influence of an alcoholic beverage, evidence of the amount of alcohol in the person's blood at the time of the act alleged as shown by a chemical analysis of his blood, breath, saliva or urine is admissible. [C66, 71, 73, 75, 77, 79, §321B.10]

**321B.11 Proof of refusal admissible.** If the person under arrest refuses to submit to the test or tests, proof of refusal shall be admissible in any civil or criminal action or proceeding arising out of acts alleged to have been committed while the person was operating a motor vehicle upon a public highway of this state while under the influence of an alcoholic beverage. [C66, 71, 73, 75, 77, 79, §321B.11]

**321B.12 Other evidence.** The provisions of this chapter shall not be construed as limiting the introduction of any other competent evidence bearing on the question of whether the person was under the influence of an alcoholic beverage. [C66, 71, 73, 75, 77, 79, §321B.12]

**321B.13 Information relayed to other states.** When it has been finally determined under the procedures of this chapter that a nonresident's privilege to operate a motor vehicle in this state has been revoked or denied, the department shall give information in writing of the action taken to the official in charge of traffic control or public safety of the state of the person's residence and of any state in which he has a license. [C66, 71, 73, 75, 77, 79, §321B.13]

## CHAPTER 321C

### INTERSTATE DRIVERS LICENSE COMPACTS

Referred to in §321.555

**321C.1 Authority to compact.**

**321C.2 Enforcement.**

**321C.1 Authority to compact.** The director of transportation may, subject to the approval of the state transportation commission, enter into drivers license compacts with other jurisdictions legally joining therein in substantially the following form.

The contracting states agree:

#### ARTICLE I—FINDINGS AND DECLARATION OF POLICY

a. The party states find that:

1. The safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles.

2. Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.

3. The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in which ever jurisdiction the vehicle is operated.

b. It is the policy of each of the party states to:

1. Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.

2. Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the overall compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

#### ARTICLE II—DEFINITIONS

As used in this compact:

a. "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

b. "Home state" means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.

c. "Conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

#### ARTICLE III—REPORTS OF CONVICTION

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered, or the conviction

was a result of the forfeiture of bail, bond or other security; and shall include any special findings made in connection therewith.

Referred to in Art. IV

#### ARTICLE IV—EFFECT OF CONVICTION

a. The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this compact, as it would if such conduct had occurred in the home state, in the case of convictions for:

1. Manslaughter or negligent homicide resulting from the operation of a motor vehicle;

2. Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle;

3. Any felony in the commission of which a motor vehicle is used;

4. Failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

b. As to other convictions, reported pursuant to Article III, the licensing authority in the home state shall give such effect to the conduct as is provided by the laws of the home state.

c. If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision "a" of this article, such party state shall construe the denominations and descriptions appearing in subdivision "a" hereof as being applicable to and identifying those offenses or violations of a substantially similar nature, and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this article.

#### ARTICLE V—APPLICATIONS FOR NEW LICENSES

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

1. The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated.

2. The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of one year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

3. The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

ARTICLE VI—APPLICABILITY OF OTHER LAWS

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other co-operative arrangement between a party state and a nonparty state.

ARTICLE VII—COMPACT ADMINISTRATOR AND INTERCHANGE OF INFORMATION

a. The head of the licensing authority of each party state shall be the administrator of this compact for his state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.

b. The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

ARTICLE VIII—ENTRY INTO FORCE AND WITHDRAWAL

a. This compact shall enter into force and become effective as to any state when it has enacted the same into law.

b. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

ARTICLE IX—CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable. [C66, 71, 73, 75, 77, 79,§321C.1]

**321C.2 Enforcement.** The agencies and officers of this state and its subdivisions and municipalities shall enforce this compact and do all things appropriate to effect its purpose and intent which may be within their respective jurisdictions. [C66, 71, 73, 75, 77, 79,§321C.2]

CHAPTER 321D

VEHICLE EQUIPMENT COMPACTS

321D.1 Authority to compact.

321D.2 Enforcement.

**321D.1 Authority to compact.** The director of transportation may, subject to the approval of the state transportation commission, enter into vehicle equipment safety compacts with other jurisdictions legally joining therein in substantially the following form.

The contracting states agree:

ARTICLE I—FINDINGS AND PURPOSES

a. The party states find that:

1. Accidents and deaths on their streets and highways present a very serious human and economic problem with a major deleterious effect on the public welfare.

2. There is a vital need for the development of greater interjurisdictional co-operation to achieve the necessary uniformity in the laws, rules, regulations and codes relating to vehicle equipment, and to accomplish this by such means as will minimize the time between the development of demonstrably and scientifically sound safety features and their incorporation into vehicles.

b. The purposes of this compact are to:

1. Promote uniformity in regulation of and standards for equipment.

2. Secure uniformity of law and administrative practice in vehicular regulation and related safety standards to permit incorporation of desirable equipment changes in vehicles in the interest of greater traffic safety.

3. To provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in subdivision "a" of this article.

c. It is the intent of this compact to emphasize performance requirements and not to determine the specific detail of engineering in the manufacture of vehicles or equipment except to the extent necessary for the meeting of such performance requirements.

ARTICLE II—DEFINITIONS

As used in this compact:

a. "Vehicle" means every device in, upon or by which any person or property is or may be transported or drawn upon a highway, excepting devices moved by human power or used exclusively upon stationary rails or tracks.

b. "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

c. "Equipment" means any part of a vehicle or any accessory for use thereon which affects the safety of operation of such vehicle or the safety of the occupants.

#### ARTICLE III—THE COMMISSION

a. There is hereby created an agency of the party states to be known as the "Vehicle Equipment Safety Commission" hereinafter called the commission. The commission shall be composed of one commissioner from each party state who shall be appointed, serve and be subject to removal in accordance with the laws of the state which he represents. If authorized by the laws of his party state, a commissioner may provide for the discharge of his duties and the performance of his functions on the commission, either for the duration of his membership or for any lesser period of time, by an alternate. No such alternate shall be entitled to serve unless notification of his identity and appointment shall have been given to the commission in such form as the commission may require. Each commissioner, and each alternate, when serving in the place and stead of a commissioner, shall be entitled to be reimbursed by the commission for expenses actually incurred in attending commission meetings or while engaged in the business of the commission.

b. The commissioners shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners, or their alternates, are present.

c. The commission shall have a seal.

d. The commission shall elect annually, from among its members, a chairman, a vice chairman and a treasurer. The commission may appoint an executive director and fix his duties and compensation. Such executive director shall serve at the pleasure of the commission, and together with the treasurer shall be bonded in such amount as the commission shall determine. The executive director also shall serve as secretary. If there be no executive director, the commission shall elect a secretary in addition to the other officers provided by this subdivision.

e. Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director with the approval of the commission, or the commission if there be no executive director, shall appoint, remove or discharge such personnel as may be necessary for the performance of the commission's functions, and shall fix the duties and compensation of such personnel.

f. The commission may establish and maintain independently or in conjunction with any one or more of the party states, a suitable retirement system for its full-time employees. Employees of the commission shall be eligible for social security coverage in respect of old-age and survivor's insurance provided that the commission takes such steps as may be necessary pur-

suant to the laws of the United States, to participate in such program of insurance as a governmental agency or unit. The commission may establish and maintain or participate in such additional programs of employee benefits as may be appropriate.

g. The commission may borrow, accept or contract for the services of personnel from any party state, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party states or their subdivisions.

h. The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency and may receive, utilize and dispose of the same.

Referred to in Art. VI c

i. The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

j. The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states. The bylaws shall provide for appropriate notice to the commissioners of all commission meetings and hearings and the business to be transacted at such meetings or hearings. Such notice shall also be given to such agencies or officers of each party state as the laws of such party state may provide.

k. The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the preceding year, and embodying such recommendations as may have been issued by the commission. The commission may make such additional reports as it may deem desirable.

#### ARTICLE IV—RESEARCH AND TESTING

The commission shall have power to:

a. Collect, correlate, analyze and evaluate information resulting or derivable from research and testing activities in equipment and related fields.

b. Recommend and encourage the undertaking of research and testing in any aspect of equipment or related matters when, in its judgment, appropriate or sufficient research or testing has not been undertaken.

c. Contract for such equipment research and testing as one or more governmental agencies may agree to have contracted for by the commission, provided that such governmental agency or agencies shall make available the funds necessary for such research and testing.

d. Recommend to the party states changes in law or policy with emphasis on uniformity of laws and ad-

ministrative rules, regulations or codes which would promote effective governmental action or coordination in the prevention of equipment-related highway accidents or the mitigation of equipment-related highway safety problems.

#### ARTICLE V—VEHICULAR EQUIPMENT

a. In the interest of vehicular and public safety, the commission may study the need for or desirability of the establishment of or changes in performance requirements or restrictions for any item of equipment. As a result of such study, the commission may publish a report relating to any item or items of equipment, and the issuance of such a report shall be a condition precedent to any proceedings or other action provided or authorized by this article. No less than sixty days after the publication of a report containing the results of such study, the commission upon due notice shall hold a hearing or hearings at such place or places as it may determine.

b. Following the hearing or hearings provided for in subdivision "a" of this article, and with due regard for standards recommended by appropriate professional and technical associations and agencies, the commission may issue rules, regulations or codes embodying performance requirements or restrictions for any item or items of equipment covered in the report, which in the opinion of the commission will be fair and equitable and effectuate the purposes of this compact.

c. Each party state obligates itself to give due consideration to any and all rules, regulations and codes issued by the commission and hereby declares its policy and intent to be the promotion of uniformity in the laws of the several party states relating to equipment.

d. The commission shall send prompt notice of its action in issuing any rule, regulation or code pursuant to this article to the appropriate motor vehicle agency of each party state and such notice shall contain the complete text of the rule, regulation or code.

e. If the constitution of a party state requires, or if its statutes provide, the approval of the legislature by appropriate resolution or act may be made a condition precedent to the taking effect in such party state of any rule, regulation or code. In such event, the commissioner of such party state shall submit any commission rule, regulation or code to the legislature as promptly as may be in lieu of administrative acceptance or rejection thereof by the party state.

f. Except as otherwise specifically provided in or pursuant to subdivisions "e" and "g" of this article, the appropriate motor vehicle agency of a party state shall in accordance with its constitution or procedural laws adopt the rule, regulation or code within six months of the sending of the notice, and, upon such adoption, the rule, regulation or code shall have the force and effect of law therein.

g. The appropriate motor vehicle agency of a party state may decline to adopt a rule, regulation or code issued by the commission pursuant to this article if such agency specifically finds, after public hearing on due notice, that a variation from the commission's rule, regulation or code is necessary to the public

safety, and incorporates in such finding the reasons upon which it is based. Any such finding shall be subject to review by such procedure for review of administrative determinations as may be applicable pursuant to the laws of the party state. Upon request, the commission shall be furnished with a copy of the transcript of any hearings held pursuant to this subdivision.

#### ARTICLE VI—FINANCE

a. The commission shall submit to the executive head or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that party state for presentation to the legislature thereof.

b. Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The total amount of appropriations under any such budget shall be apportioned among the party states as follows: One-third in equal shares; and the remainder in proportion to the number of motor vehicles registered in each party state. In determining the number of such registrations, the commission may employ such source or sources of information as in its judgment present the most equitable and accurate comparisons among the party states. Each of the commission's budgets of estimated expenditures and requests for appropriations shall indicate the source or sources used in obtaining information concerning vehicular registrations.

c. The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds available to it under Article III "h" of this compact, provided that the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it under Article III "h" hereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

d. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its rules. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant and the report of the audit shall be included in and become part of the annual reports of the commission.

e. The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

f. Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

ARTICLE VIII—ADVISORY AND TECHNICAL  
COMMITTEES

ARTICLE VII—CONFLICT OF INTEREST

a. The commission shall adopt rules and regulations with respect to conflict of interest for the commissioners of the party states, and their alternates, if any, and for the staff of the commission and contractors with the commission to the end that no member or employee or contractor shall have a pecuniary or other incompatible interest in the manufacture, sale or distribution of motor vehicles or vehicular equipment or in any facility or enterprise employed by the commission or on its behalf for testing, conduct of investigations or research. In addition to any penalty for violation of such rules and regulations as may be applicable under the laws of the violator's jurisdiction of residence, employment or business, any violation of a commission rule or regulation adopted pursuant to this article shall require the immediate discharge of any violating employee and the immediate vacating of membership, or relinquishing of status as a member on the commission by any commissioner or alternate. In the case of a contractor, any violation of any such rule or regulation shall make any contract of the violator with the commission subject to cancellation by the commission.

b. Nothing contained in this article shall be deemed to prevent a contractor for the commission from using any facilities subject to his control in the performance of the contract even though such facilities are not devoted solely to work of or done on behalf of the commission; nor to prevent such a contractor from receiving remuneration or profit from the use of such facilities.

The commission may establish such advisory and technical committees as it may deem necessary, membership on which may include private citizens and public officials, and may co-operate with and use the services of any such committees and the organizations which the members represent in furthering any of its activities.

ARTICLE IX—ENTRY INTO FORCE  
AND WITHDRAWAL

a. This compact shall enter into force when enacted into law by any six or more states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof.

b. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the executive head of the withdrawing state has given notice in writing of the withdrawal to the executive heads of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal. [C66, 71, 73, 75, 77, 79, §321D.1]

**321D.2 Enforcement.** The agencies and officers of this state and its subdivisions and municipalities shall enforce this compact and do all things appropriate to effect its purpose and intent which may be within their respective jurisdictions. [C66, 71, 73, 75, 77, 79, §321D.2]

**321E.1 Permits by department.** The department and local authorities may in their discretion and upon application and with good cause being shown therefor issue permits for the movement of construction machinery being temporarily moved on streets, roads or highways and for vehicles with indivisible loads

carried thereon which exceed the maximum dimensions and weights specified in sections 321.452 to 321.466, but not to exceed the limitations imposed in sections 321E.1 to 321E.15 except as provided in sections 321E.29 and 321E.30. Permits so issued may be single-trip permits or annual permits. All permits shall be in

writing and shall be carried in the cab of the vehicle for which the permit has been issued and shall be available for inspection at all times. The vehicle and load for which the permit has been issued shall be open to inspection by any peace officer or to any authorized agent of any permit granting authority. When in the judgment of the issuing local authority in cities and counties the movement of a vehicle with an indivisible load or construction machinery which exceeds the maximum dimensions and weights will be unduly hazardous to public safety or will cause undue damage to streets, avenues, boulevards, thoroughfares, highways, curbs, sidewalks, trees, or other public or private property, the permit shall be denied and the reasons therefor endorsed upon the application. Permits issued by local authorities shall designate the days when and routes upon which loads and construction machinery may be moved within the county on other than primary roads. **321E.2 Primary road extensions.** Annual permits and single-trip permits shall be issued by the authority responsible for the maintenance of such system of highways or streets except that the department shall have authority to issue permits on primary road extensions in cities in conjunction with movements on the rural primary road system. [C71, 73, 75, 77, 79, §321E.2]

Referred to in §321E.1

**321E.3** Repealed by 68GA, ch 73, §6; see §321E.8.

**321E.4 to 321E.6** Repealed by 68GA, ch 73, §6.

**321E.7 Load limits per axle.**

1. The gross weight on any axle of any vehicle or combination of vehicles traveling under a permit issued in accordance with the provisions of this chapter shall not exceed the maximum axle load prescribed in section 321.463; except that, construction machinery being temporarily moved on streets, roads, or highways may have a gross weight of thirty-six thousand pounds on any single axle equipped with a minimum size twenty-six point five-inch by twenty-five-inch flotation pneumatic tires and a maximum gross weight of twenty thousand pounds on any single axle equipped with minimum size eighteen-inch by twenty-five-inch flotation pneumatic tires, with the department authorized to adopt rules to permit the use of tire sizes and weights within the minimum and maximum specifications provided in this section, provided that the total gross weight of the vehicle or a combination of vehicles does not exceed a maximum of one hundred twenty-six thousand pounds; and except that a manufacturer of machinery or equipment manufactured or assembled in Iowa may be granted a permit for the movement of such machinery or equipment mounted on pneumatic tires with axle loads exceeding the maximum axle load prescribed in section 321.463 for distances not to exceed twenty-five miles at a speed not greater than twenty miles per hour. The movement of such machinery or equipment shall be over a specified route between the

place of assembly or manufacture and a storage area, shipping point, proving ground, experimental area, weighing station, or another manufacturing plant.

2. Special mobile equipment, as defined in section 321.1, subsection 17, is not subject to the requirements for distance in feet between the extremes of any group of axles or the extreme axles of the vehicle or combination of vehicles as required by this chapter when being moved upon the highways, except the interstate road system, as defined in section 306.3, subsection 3. [C31, 35, §5067-d7, -d8; C39, §5035.16; C46, 50, 54, 58, 62, 66, §321.467; C71, 73, 75, 77, 79, §321E.7; 68GA, ch 73, §1, ch 1107, §1]

1. Vehicles with indivisible loads having an overall width not to exceed twelve feet, five inches or mobile homes including appurtenances not to exceed twelve feet, five inches and an overall length not to exceed seventy-five feet, zero inches may be moved for unlimited distances. The vehicle and load shall not exceed the height of thirteen feet, ten inches and the total gross weight as prescribed in section 321.463.

2. Vehicles with indivisible loads having an overall width not to exceed fourteen feet, zero inches and an overall length not to exceed eighty-five feet, zero inches shall be restricted to trip distances not to exceed fifty highway and street miles in total aggregate.
