- c. Any public officer or agency in a receiving state which is in receipt of a notice pursuant to paragraph "b" of this article may request of the sending agency, or any other appropriate officer or agency of or in the sending agency's state, and shall be entitled to receive therefrom, such supporting or additional information as it may deem necessary under the circumstances to carry out the purpose and policy of this compact.
- d. The child shall not be sent, brought, or caused to be sent or brought into the receiving state until the appropriate public authorities in the receiving state shall notify the sending agency, in writing, to the effect that the proposed placement does not appear to be contrary to the interests of the child.

ARTICLE IV — PENALTY FOR ILLEGAL PLACEMENT

The sending, bringing, or causing to be sent or brought into any receiving state of a child in violation of the terms of this compact shall constitute a violation of the laws respecting the placement of children of both the state in which the sending agency is located or from which it sends or brings the child and of the receiving state. Such violation may be punished or subjected to penalty in either jurisdiction in accordance with its laws. In addition to liability for any such punishment or penalty, any such violation shall constitute full and sufficient grounds for the suspension or revocation of any license, permit, or other legal authorization held by the sending agency which empowers or allows it to place, or care for children.

ARTICLE V — RETENTION OF JURISDICTION
Referred to in §238.34, 238.39

- a. The sending agency shall retain jurisdiction over the child sufficient to determine all matters in relation to the custody, supervision, care, treatment and disposition of the child which it would have had if the child had remained in the sending agency's state, until the child is adopted, reaches majority, becomes self-supporting or is discharged with the concurrence of the appropriate authority in the receiving state. Such jurisdiction shall also include the power to effect or cause the return of the child or its transfer to another location and custody pursuant to law. The sending agency shall continue to have financial responsibility for support and maintenance of the child during the period of the placement. Nothing contained herein shall defeat a claim of jurisdiction by a receiving state sufficient to deal with an act of delinquency or crime committed therein.

Referred to in §238.37, 238.38

c. Nothing in this compact shall be construed to prevent a private charitable agency authorized to place children in the receiving state from performing services or acting as agent in that state for a private charitable agency of the sending state; nor to prevent the agency in the receiving state from discharging financial responsibility for the support and maintenance of a child who has been placed on behalf of the sending agency without relieving the responsibility set forth in paragraph "a" hereof.

ARTICLE VI — INSTITUTIONAL CARE
OF DELINQUENT CHILDREN
Referred to in §238.39

A child adjudicated delinquent may be placed in an institution in another party jurisdiction pursuant to this compact but no such placement shall be made unless the child is given a court hearing on notice to the parent or guardian with opportunity to be heard, prior to the child being sent to such other party jurisdiction for institutional care and the court finds that:

- a. Equivalent facilities for the child are not available in the sending agency's jurisdiction; and
- b. Institutional care in the other jurisdiction is in the best interest of the child and will not produce undue hardship.

ARTICLE VII — COMPACT ADMINISTRATOR

The executive head of each jurisdiction party to this compact shall designate an officer who shall be general co-ordinator of activities under this compact in the officer's jurisdiction and who, acting jointly with like officers of other party jurisdictions, shall have power to promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

It shall become effective with respect to any such jurisdiction when such jurisdiction has enacted the same into law. Withdrawal from this compact shall be by the enactment of a statute repealing the same, but shall not take effect until two years after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other party jurisdiction. Withdrawal of a party state shall not affect the rights, duties and obligations under this compact of any sending agency therein with respect to a placement made prior to the effective date of withdrawal.

ARTICLE X — CONSTRUCTION AND SEVERABILITY

The provisions of this compact shall be liberally construed to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. 1. "Assistance" means a money payment made under this chapter on behalf of a dependent child.

2. "Dependent child" means a needy child under the age of eighteen years, or a needy person eighteen years of age who meets the additional eligibility criteria established by federal law or regulation, who has been deprived of parental support or care by reason of death, continued absence from the home, physical or mental incapacity, or partial or total unemployment of the parent. However, a child is not a dependent child solely by reason of a parent's absence from the home due to the parent's performance of active duty in the uniformed services of the United States.

3. "Department" means the department of human services.

4. "Director" means the director of the division of the department of human services to which the commissioner of human services assigns responsibility for the aid to dependent children program.

5. "Division" means the division of the department of human services to which the commissioner of human services assigns responsibility for the aid to dependent children program.

6. "Protective payee" means a protective payee selected in accordance with 45 C.F.R. sec. 234.60.

7. "Recipient" is a person to whom the assistance grant is made or a person whose needs are included in granting assistance.

8. "Specified relative" means a relative specified in 42 U.S.C. sec. 606 and in federal regulations adopted pursuant to that section.

9. "Vendor payment" means assistance paid to a third party and not to a specified relative with whom a dependent child is residing.

[C39, §3661.002, 3661.016; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §239.1; 81 Acts, ch 7, §12]

239.2 Eligibility for aid to dependent children.

Assistance shall be granted under this chapter to a dependent child who:

1. Is living in a suitable family home maintained by a specified relative.

2. Is living in this state other than for a temporary purpose, with a specified relative who is living in this state voluntarily with the intent of making the relative's home in this state and not for a temporary purpose.

3. Is not, with respect to assistance applied for by reason of partial or total unemployment of a parent, the child of a parent who:

a. Has been unemployed for less than thirty days prior to receipt of assistance under this chapter.

b. Is partially or totally unemployed due to a work stoppage which exists because of a labor dispute at the factory, establishment or other premises at which the parent is or was last employed.

c. At any time during the thirty-day period prior to receipt of assistance under this chapter or at any time thereafter while assistance is payable under this chapter, has not been available for employment, has not actively sought employment, or has without good cause refused any bona fide offer of employment or training for employment. The following reasons for refusing employment or training are not good cause: Unsuitable or unpleasant work or training, if the parent is able to perform the work or training without unusual danger to the parent's health; or the amount of wages or compensation, unless the wages for employment are below the federal minimum wage.

d. Has not registered for work with the state employment service established pursuant to section 96.12, or thereafter has failed to report at an employment office in accordance with regulations prescribed pursuant to section 96.4, subsection 1.

e. Has failed to participate in or to co-operate in any work or training program made available to the parent under chapter 249C, or has without good cause withdrawn from such program before completion. The

department of human services shall have a program under chapter 249C for the partially or totally unemployed parent under this subsection.

The division may prescribe requirements in addition to or in lieu of the foregoing, for eligibility for assistance under this chapter to children whose parents are partially or totally unemployed, which are necessary to secure financial participation of the federal government in payment of such assistance.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §239.2; 81 Acts, ch 7, §13]

239.3 Application for assistance — assignment of support rights.

An application for assistance shall be made to the department. The application shall be in writing or reduced to writing in the manner and upon the form prescribed by the director. The application shall be made by the specified relative with whom the dependent child resides or will reside, and shall contain the information required on the application form. One application may be made for several children of the same family if they reside or will reside with the same specified relative.

An applicant for assistance under this chapter and other persons covered by an application are deemed to have assigned to the department of human services at the time of application all rights to periodic support payments to the extent of public assistance received by the applicant and other persons covered by the application. An assignment takes effect upon determination that an applicant or another person covered by an application is eligible for assistance under this chapter, applies to both current and accrued support obligations, and terminates when an applicant or another person covered by an application ceases to receive assistance under this chapter, except with respect to the amount of unpaid support obligations accrued under the assignment. If an applicant or another person covered by an application ceases to receive assistance under this chapter and the applicant or other person covered by the application receives a periodic support payment, the department of human services is entitled only to that amount of the periodic support payment above the current periodic support obligation.

Referred to in §239.12

239.4 Investigation of application.

If the department receives a notification that a child is a dependent child or receives an application for assistance, an investigation and record of the circumstances shall promptly be made in order to ascertain if the child is a dependent child and to ascertain the facts supporting the application.

In cases involving physical or mental incapacity of either parent, the department may require as a condition for granting assistance that incapacity be determined by a physician or be supported by pertinent medical evidence.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §239.4]

239.5 Granting of assistance — amount — payment — cooperation of parent.

1. Upon the completion of an investigation the department shall decide whether the child is eligible for assistance and determine the amount of the assistance. The department shall, within thirty days, notify the specified relative with whom the child is living or will be living, of the decision.

2. In determining the amount of assistance, the department shall take into consideration the income and resources of the dependent child, the dependent child's parent or stepparent, or any other needy specified relative claiming assistance. However, in determining the amount of assistance for recipients, the department may disregard a reasonable amount of the income and resources, in order to encourage the recipients to become self-supporting. The term "income" means income remaining after deduction of expenses reasonably attributable to the earning or securing of that income in accordance with standards established by the department.

3. The department shall establish services to help recipients become self-supporting; shall participate in the work and training program established by chapter 249C; and shall cooperate with other public agencies and with private agencies to secure employment, education, and vocational training for recipients. Assistance, when granted, shall be paid at least monthly to the specified relative with whom the child is residing, upon the order of the division.

4. The department may order the assistance paid to a protective payee if it has been demonstrated that the specified relative with whom the child is residing is unable to manage the assistance in the best interests of the child. A protective payment shall not be made beyond two years, except as provided in 45 C.F.R. sec. 234.60, and shall otherwise conform to the requirements of 42 U.S.C. sec. 606(b)(2) and the regulations adopted pursuant to that section. If consistent with these regulations, the department may petition the Iowa district court sitting in probate to establish, pursuant to chapter 633, a conservatorship over a recipient. If a conservatorship is established the recipient's assistance shall be paid to the conservator. In addition to the assistance, an amount not to exceed ten dollars per case per month may be allowed for conservatorship or guardianship fees if authorized by court order.

5. A vendor payment may be made if the department determines payment to a third party is essential to assure the proper use of assistance on behalf of a recipient. A vendor payment shall be made in accordance with 45 C.F.R. sec. 234.60.

6. The division shall provide for the prompt notification of the department's child support recovery unit if assistance is provided to a child whose parent is absent from the home. An applicant for or a recipient of assistance shall, as a condition of eligibility, cooperate with the child support recovery unit and the department in identifying and locating the parent of the child, in enforcing rights to periodic support payments, and, if necessary, in establishing paternity of the child, unless the applicant or recipient has good cause for refusing to cooperate, as determined by the department in accordance with the best interests of the child and with standards prescribed in 45 C.F.R. sec. 232.40, et seq. If a specified relative with whom a

child is residing is found to be ineligible for assistance because of failure to comply with the cooperation requirements of this subsection, assistance, determined without regard to the needs of the specified relative, shall be provided to a protective payee for the child. A protective payment made under this subsection is not subject to the two-year restriction in subsection 4.

7. The state comptroller upon receipt of a written signed request from a recipient, shall order that payments be made directly to a bank, savings and loan association, or credit union of the recipient's choice.

239.6 Periodic reconsideration, changes, and termination — reports.

Assistance is subject to reconsideration every six months and may be reconsidered more frequently. After an investigation, assistance may be continued, renewed, suspended, changed in amount, or entirely withdrawn, as the findings of the investigation warrant. As a condition of eligibility, the department may require periodic reports from recipients concerning their income, resources, family composition, and other circumstances.

239.7 Appeal — judicial review.

If an application is not acted upon within a reasonable time, if it is denied in whole or in part, or if any award of assistance is modified, suspended, or canceled under any provision of this chapter, the applicant or recipient may appeal to the department of human services. The department shall give the appellant reasonable notice and opportunity for a fair hearing before the commissioner or the commissioner's designee. Judicial review of the result of such hearing may be sought in accordance with the terms of the Iowa administrative procedure Act. Upon receipt of the notice of the filing of a petition for judicial review, the department shall furnish the petitioner with a copy of any papers filed in support of the petitioner's position, a transcript of any testimony taken, and a copy of the department's decision.

1. The decedent does not leave an estate which may be probated with sufficient proceeds to allow for payment of the funeral claim.

2. Payments which are due the decedent's estate or beneficiary by reason of the liability of a life insurance, death or funeral benefit company, association, or society, or in the form of United States social security, railroad retirement, or veterans' benefits upon the death of the decedent, are deducted from the department's liability under this section.

Moneys assigned to the department under section 239.3 and received by the child support recovery unit pursuant to section 252B.5 and 42 U.S.C. sec. 664 shall be credited to the account in the fiscal year in which the moneys are received. 7. That this compact shall continue in force and remain binding upon each executing state until renounced by it. The duties and obligations hereunder of a renouncing state shall continue as to parolees or probationers residing therein at the time of withdrawal until retaken or finally discharged by the sending state. 249A.4 Duties of commissioner.

The commissioner shall be responsible for the effective and impartial administration of this chapter and shall, in accordance with the standards and priorities established by this chapter, by applicable federal law, particularly Title XIX of the United States Social Security Act [Title XLII, United States Code, sections 1396 to 1396g], as amended to January 1, 1973, by the regulations and directives issued pursuant thereto, and by the state plan approved in accordance therewith, make rules, establish policies, and prescribe procedures to implement this chapter Without limiting the generality of the foregoing delegation of authority, the commissioner is hereby specifically empowered and directed to

1 Determine the greatest amount, duration, and scope of assistance which may be provided, and the broadest range of eligible individuals to whom assistance may effectively be provided, under this chapter within the limitations of available funds In so doing, the commissioner shall at least every six months evaluate the scope of the program currently being provided under this chapter, project the probable cost of continuing a like program, compare such probable cost with the remaining balance of the state appropriation made for payment of assistance under this chapter during the current appropriation period, and expand or curtail the program accordingly, provided that reimbursement for medical and health services shall be made in accordance with subsection 9 After

each evaluation of the scope of the program, the commissioner shall report to the general assembly through the legislative council or in another manner as the general assembly may by resolution direct.

2. Have authority to determine, when available funds permit expansion of the program provided under this chapter beyond the minimum scope required by subsection 1 of this section, whether priority shall be given to providing additional medical assistance to the individuals and families described in section 249A.3, subsection 1, or to providing medical assistance to some or all of the individuals and families described in section 249A.3, subsection 2, unless the general assembly has by law made such determination.

3. Have authority to provide for payment under this chapter of assistance rendered to any applicant prior to the date the application is filed.

4. Have authority to contract with any corporation authorized to engage in this state in insuring groups or individuals for all or part of the cost of medical, hospital, or other health care or with any corporation maintaining and operating a medical, hospital, or health service prepayment plan under the provisions of chapter 514 or with any health maintenance organization authorized to operate in this state, for any or all of the benefits to which any recipients are entitled under this chapter to be provided by such corporation or health maintenance organization on a prepaid individual or group basis.

5. May, to the extent possible, contract with a private organization or organizations whereby such organization will handle the processing of and the payment of claims for services rendered under the provisions of this chapter and under such rules and regulations as shall be promulgated by such department. The state department may give due consideration to the advantages of contracting with any organization which may be serving in Iowa as "intermediary" or "carrier" under Title XVIII of the federal Social Security Act, as amended.

6. Shall co-operate with any agency of the state or federal government in any manner as may be necessary to qualify for federal aid and assistance for medical assistance in conformity with the provisions of chapter 249, this chapter and Titles XVI and XIX of the federal Social Security Act, as amended.

7. Shall provide for the professional freedom of those licensed practitioners who determine the need for or provide medical care and services, and shall provide freedom of choice to recipients to select the provider of care and services, except when the recipient is eligible for participation in a health maintenance organization or prepaid health plan which limits provider selection and which is approved by the department. However, this shall not limit the freedom of choice to recipients to select providers in instances where such provider services are eligible for reimbursement under the medical assistance program but are not provided under the health maintenance organization or under the prepaid health plan, or where the recipient has an already established program of specialized medical care with a particular provider. The department may also restrict the recipient's selection of providers to control the individual recipient's overuse of care and services, provided the

department can document this overuse. The department shall promulgate rules for determining the overuse of services, including rights of appeal by the recipient.

8. Shall advise and consult at least semiannually with a council composed of the president, or the president's representative who is a member of the professional organization represented by the president, of the Iowa medical society, the Iowa society of osteopathic physicians and surgeons, the Iowa state dental society, the Iowa state nurses association, the Iowa pharmacists association, the Iowa podiatry society, the Iowa optometric association, the community mental health centers association of Iowa, the Iowa psychological association, the Iowa hospital association, the Iowa osteopathic hospital association, opticians' association of Iowa, Inc., the Iowa health care association, the Iowa assembly of home health agencies, the Iowa council of health care centers, and the Iowa association of homes for the aging, together with one person designated by the Iowa state board of chiropractic examiners; one state representative from each of the two major political parties appointed by the speaker of the house, one state senator from each of the two major political parties appointed by the lieutenant governor, each for a term of two years; the president or the president's representative of the association for retarded citizens; four public representatives, appointed by the governor for staggered terms of two years each, none of whom shall be members of, or practitioners of or have a pecuniary interest in any of the professions or businesses represented by any of the several professional groups and associations specifically represented on the council under this subsection, and at least one of whom shall be a recipient of medical assistance; the commissioner of public health, or a representative designated by the commissioner, and the dean of the college of medicine, university of Iowa, or a representative designated by the dean.

For each council meeting, other than those held during the time the general assembly is in session, each legislative member of the council shall be reimbursed for actual traveling and other necessary expenses and shall receive a per diem of forty dollars for each day in attendance, as shall the public representatives, regardless of whether the general assembly is in session.

9. Determine the method and level of reimbursement for all medical and health services referred to in section 249A.2, subsection 5 or 6, after considering all of the following:

- a. The promotion of efficient and cost-effective delivery of medical and health services.
- b. Compliance with federal law and regulations.
- c. The level of state and federal appropriations for medical assistance.
- d. Reimbursement at a level as near as possible to actual costs and charges after priority is given to the considerations in paragraphs "a", "b", and "c".

10. Shall provide for granting an opportunity for a fair hearing before the commissioner of human services or the commissioner's authorized representative to any individual whose claim for medical assistance under this chapter is denied or is not acted upon with reasonable promptness.

Judicial review of the actions of the commissioner or department may be sought in accordance with the terms of the Iowa administrative procedure Act. In the event a petition for judicial review is filed, the commissioner or the commissioner's authorized representative shall furnish the petitioner with a copy of the application and all supporting papers, a transcript of the testimony taken at the hearing, if any, and a copy of its decision.

249A.5 Recovery of payment.

Medical assistance paid to, or on behalf of, a recipient or paid to a provider of services is not recoverable unless the assistance was incorrectly paid. Assistance incorrectly paid is recoverable from the provider, or from the recipient, while living, as a debt due the state and, upon the recipient's death, as a claim classified with taxes having preference under the laws of this state.

[C62, 66, §249A.13; C71, 73, 75, 77, 79, 81, §249A.5] 83 Acts, ch 153, §14

249A.6 Subrogation.

1. When payment is made by the department for medical care or expenses through the medical assistance program on behalf of a recipient, the department is subrogated, to the extent of those payments, to all monetary claims which the recipient may have against third parties as a result of the medical care or expenses received or incurred. A compromise, including but not limited to a settlement, waiver or release, of a claim to which the department is subrogated under this section does not defeat the department's right of recovery except pursuant to the written agreement of the commissioner or the commissioner's designee or except as provided in this section.

2. The department shall be given notice of monetary claims against third parties as follows:

a. Applicants for medical assistance shall notify the department of any possible claims against third parties upon submitting the application. Recipients of medical assistance shall notify the department of any possible claims when those claims arise.

b. A person who provides health care services to a person receiving assistance through the medical assistance program shall notify the department whenever the person has reason to believe that third parties may be liable for payment of the costs of those health care services.

c. An attorney representing an applicant for or recipient of assistance on a claim to which the department is subrogated under this section shall notify the department of the claim of which the attorney has actual knowledge, prior to filing a claim, commencing an action or negotiating a settlement offer.

The mailing and deposit in a United States post office or public mailing box of the notice, addressed to the department at its state or district office location, is adequate legal notice of the claim.

3. The subrogation rights of the department are valid and binding on an attorney, insurer, or other

third party only upon notice by the department or unless the insurer or third party has actual notice that the recipient is receiving medical assistance from the department and only to the extent to which the attorney, insurer, or third party has not made payment to the recipient or an assignee of the recipient prior to the notice. Payment of benefits by an insurer or third party pursuant to the subrogation rights of this section discharges the attorney, insurer, or third party from liability to the recipient or the recipient's assignee to the extent of the payment to the department.

4. If a recipient of assistance through the medical assistance program incurs the obligation to pay attorney fees and court costs for the purpose of enforcing a monetary claim to which the department is subrogated under this section, upon the receipt of a judgment or settlement of the claim, the court costs and reasonable attorney fees shall first be deducted from the judgment or settlement. One-third of the remaining balance shall then be deducted and paid to the recipient. From the remaining balance, the claim of the department shall be paid. Any amount remaining shall be paid to the recipient. An attorney acting on behalf of a recipient of medical assistance for the purpose of enforcing a claim to which the department is subrogated shall not collect from the recipient any amount as attorney fees which is in excess of the amount which the attorney customarily would collect on claims not subject to this section.

5. For purposes of this section the term "third party" includes an attorney, individual, institution, corporation, or public or private agency which is or may be liable to pay part or all of the medical costs incurred as a result of injury, disease or disability by or on behalf of an applicant for or recipient of assistance under the medical assistance program.

2. A county shall reimburse the department on a monthly basis for that portion of the cost of assistance provided under this section to a recipient with legal settlement in the county, which is not paid from federal funds, if the recipient's placement has been approved by the appropriate review organization as medically necessary and appropriate. The department shall place all reimbursements from counties in the appropriation for medical assistance, and may use the reimbursed funds in the same manner and for any purpose for which the appropriation for medical assistance may be used.

If there is a difference in the opinion of the two physicians, the client shall make the final determination. In cases where the client is geographically distant from the specialist, the department shall pay transportation and child care expenses incurred in obtaining the second opinion. The executive director of the commission shall, with the advice and assistance of the interagency co-ordinating committee, establish an elderly care program to implement and effectuate the provisions of sections 249B.15 to 249B.21. After formulation of rules by the executive director of the commission, in consultation with the interagency co-ordinating committee, the commission shall promulgate rules, pursuant to chapter 17A, necessary to implement the provisions of said sections.

The purpose of the elderly care program is to reduce the need and incidence of institutionalization of elderly Iowans by encouraging community involvement in the provision of services which help elderly Iowans remain in their own homes and to increase the availability to elderly Iowans of chore, telephone reassurance, adult day care, home repair, and other elderly

services if the other elderly services are approved by an area agency on aging for provision within the area. The elderly care program is established to fund those local innovative projects, with a minimum of state regulation, which demonstrate local input in their planning, funding, and general operations. The program shall give preference to projects and services provided for the benefit of the low income elderly. The program is established under the authority of the commission on the aging pursuant to the responsibilities vested in the commission by section 249B.4, subsections 2, 4, 5, 6, and 7.

Area agencies on aging may apply for grants of funds not to exceed the amount allocated to the area by this method. Area agency on aging applications shall consist of grant requests from local, public and private organizations recommended and given priority ranking by the area agency to the commission based upon areawide needs assessment for elderly low income Iowans and compatibility with the comprehensive aging plan for the area. The interagency co-ordinating committee shall review the grant applications of area agencies on aging and make recommendations to the commission regarding the awarding of grants to area agencies on aging. The commission shall have final responsibility for awarding grants to the area agencies on aging. 252.15 Recovery by relative.

A more distant relation, who may have been compelled to aid a poor person, may recover from any one or more of the nearer relatives, and one so compelled to aid may recover contribution from others in the same degree, and a recovery may be had against the poor person or the person's estate, if, after such aid or support has been given, the person aided or supported becomes able to repay the same; but proceedings to recover therefor must be brought within two years from the time a cause of action accrues.

252.16 Settlement — how acquired.

A legal settlement in this state may be acquired as follows:

1. A person continuously residing in a county in this state for a period of one year acquires a settlement in that county except as provided in subsection 7.

2. A person having acquired a settlement in a county of this state shall not acquire a settlement in

any other county until the person has continuously resided in the other county for a period of one year except as provided in subsection 7.

3. A person who is an inpatient, a resident, or an inmate of or is supported by an institution whether organized for pecuniary profit or not or an institution supported by charitable or public funds in a county in this state does not acquire a settlement in the county unless the person before becoming an inpatient, a resident, or an inmate in the institution or being supported by an institution has a settlement in the county. A minor child residing in an institution assumes the settlement of the child's custodial parent. Settlement of the minor child changes with the settlement of the child's custodial parent, except that the child retains the settlement that the child's custodial parent has on the child's eighteenth birthday until the child is discharged from the institution, at which time the child acquires the child's own settlement by continuously residing in a county for one year.

4. Minor children who reside with both parents take the settlement of the parents. If the minor child resides on a permanent basis with only one parent or a guardian, the minor child takes the settlement of the parent or guardian with whom the child resides.

An emancipated minor acquires a legal settlement in the minor's own right. An emancipated minor is one who is absent from the minor's parents with the consent of the parents, is self-supporting, and has assumed a new relationship inconsistent with being a part of the family of the parents.

A minor, placed in the care of a public agency or facility as custodian or guardian, takes the legal settlement that the parents had upon severance of the parental relationship, and retains that legal settlement until a natural person is appointed custodian or guardian at which time the minor takes the legal settlement of the natural person or until the minor person attains the age of eighteen and acquires another legal settlement in the person's own right.

5. A person with settlement in this state who becomes a member on active duty of an armed service of the United States retains the settlement during the period of active duty. A person without settlement in this state who is a member on active duty of an armed service of the United States within the borders of this state does not acquire settlement during the period of active duty.

6. Subsections 1, 2, 3, and 7 do not apply to a blind person who is receiving assistance under the laws of this state. A blind person receiving assistance who has resided in one county of this state for a period of six months acquires legal settlement for support as provided in this chapter.

7. A person hospitalized in or receiving treatment at a state mental health institute or state hospital-school does not acquire legal settlement in the county in which the institute or hospital-school is located unless the person is discharged from the institute or hospital-school, continuously resides in the county for a period of one year subsequent to the discharge, and during that year is not hospitalized in and does not receive treatment at the institute or hospital-school.

1. A person who is a county charge or is likely to become so, coming from another state and not having acquired a settlement in a county of this state or any such person having acquired a settlement in a county of this state who moves to another county, may be removed from this state or from the county into which the person has moved at the expense of the county where the person is found, upon the petition of the county to the district court in that county.

2. The court or judge shall fix the time and place of hearing on said petition and prescribe the time and manner of service of the notice of such hearing.

3. If upon the hearing on said petition such person shall be ordered to remove from the state or county and fails to do so, the person shall be deemed and declared in contempt of court and may be punished accordingly; or the judge may order the sheriff of the county seeking the removal to return such person to the state or county of the person's legal settlement.

If it is not, the poor person, at the request of the auditor or board of supervisors of the county of settlement, may be maintained where the person then is at the expense of the county of legal settlement, and without affecting legal settlement as provided in section 252.16.

respondent has been or is known, the name of the respondent's employer, the respondent's fingerprints, or social security number.

2. If the respondent be a resident of or domiciled in such state and the court has or can acquire jurisdiction of the person of the respondent under existing laws in effect in such state, such laws shall govern and control the procedure to be followed in such proceeding.

3. If the court of this state acting as an initiating state finds that the petition sets forth facts from which it may be determined that the respondent owes a duty of support and that a court of the responding state may obtain jurisdiction of the respondent or the respondent's property, it shall so certify and shall cause three copies of (a) the petition (b) its certificate and (c) this chapter to be transmitted to the court in the responding state. If the name and address of such court is unknown and the responding state has an information agency comparable to that established in the initiating state it shall cause such copies to be transmitted to the state information agency or other proper official of the responding state, with a request that it forward them to the proper court, and that the court of the responding state acknowledge their receipt to the court of the initiating state.

4. When the court of this state, acting as a responding state, receives from the court of an initiating state the aforesaid copies, it shall docket the cause, notify the county attorney or other official acting as petitioner's representative, set a time and place for a hearing, and take such action as is necessary in accordance with the laws of this state to serve notice and thus obtain jurisdiction over the respondent. If a court of the state, acting as a responding state, is unable to obtain jurisdiction of the respondent or the respondent's property due to inaccuracies or inadequacies in the petition or otherwise, the court shall communicate this fact to the court in the initiating state, shall on its own initiative use all means at its disposal to trace the respondent or the respondent's property, and shall hold the case pending the receipt of more accurate information or an amended petition from the court in the initiating state.

However, if the court of the responding state is unable to obtain jurisdiction because the respondent resides in or is domiciled or found in another county of the responding state, the papers received from the court of the initiating state may be forwarded by the court of the responding state which received the papers to the court of the county in the responding state in which the respondent resides or is domiciled or found, and the court of the initiating state shall be notified of the transfer. The court of the county where the respondent resides or is domiciled or found shall acknowledge receipt of the papers to both the court of the initiating state and the court of the responding state which forwarded them, and shall take full jurisdiction of the proceedings with the same powers as if it had received the papers directly from the court of the initiating state.

5. It shall not be necessary for the petitioner or the petitioner's witnesses to appear personally at such hearing, but it shall be the duty of the petitioner's representative of the responding state to appear on behalf of and represent the petitioner at all stages of the proceeding.

6. If at such hearing the respondent controverts the petition and enters a verified denial of any of the material allegations thereof, the judge presiding at such hearing shall stay the proceedings and transmit to the judge of the court in the initiating state a transcript of the clerk's minutes showing the denials entered by the respondent.

7. Upon receipt by the judge of the court in the initiating state of such transcript, such court shall take such proof, including the testimony of the petitioner and the petitioner's witnesses and such other evidence as the court may deem proper, and, after due deliberation, the court shall make its recommendation, based on all of such proof and evidence, and shall transmit to the court in the responding state an exemplified transcript of such proof and evidence and of its proceedings and recommendation in connection therewith.

8. Upon the receipt of such transcript, the court in the responding state shall resume its hearing in the proceeding and shall give the respondent a reasonable opportunity to appear and reply.

9. Upon the resumption of such hearing, the respondent shall have the right to examine or cross-examine the petitioner and the petitioner's witnesses by means of depositions or written interrogatories, and the petitioner shall have the right to examine or cross-examine the respondent and the respondent's witnesses by means of depositions or written interrogatories.

10. If a respondent, duly summoned by a court in the responding state, willfully fails without good cause to appear as directed in the summons, the respondent shall be punished in the same manner and to the same extent as is provided by law for the punishment of a defendant or witness who willfully disobeys a summons or subpoena duly issued out of such court in any other action or proceeding cognizable by said court.

11. If, on the return day of the summons, the respondent appears at the time and place specified therein and fails to answer the petition or admits the allegations thereof, or, if, after a hearing has been duly held by the court in the responding state in accordance with the provisions of this section, such court has found and determined that the prayer of the petitioner, or any part thereof, is supported by the evidence adduced in the proceeding, and that the petitioner is in need of and entitled to support from the respondent, the court shall make and enter an order directing the respondent to furnish support to the petitioner and to pay therefor such sum as the court shall determine, having due regard to the parties' means and circumstances. An exemplified copy of such order shall be transmitted by the court to the court in the initiating state and such copy shall be filed with and made a part of the records of such court in such proceeding. The court shall place the respondent on probation on such terms and conditions as the court may deem proper or necessary to assure faithful compliance by the respondent with such order. The court shall also have power to require the respondent to furnish recognizance in the form of a cash deposit or surety bond in such amount as the court may deem proper and just to assure the payment of the amount required to be paid by the respondent for the support of the petitioner.

12. The court making such order may require the respondent to make payment at specified intervals to the clerk of the district court, or to the dependent, or to any state or county agency, and to report personally to the sheriff or any other official, at such times as may be deemed necessary.

13. A respondent who shall willfully fail to comply with or violate the terms or conditions of the support order or of the respondent's probation shall be punished by the court in the same manner and to the same extent as is provided by law for a contempt of such court or a violation of probation ordered by such court in any other suit or proceeding cognizable by such court.

14. The court of this state when acting as a responding state shall have the following duties which may be carried out through the clerk of the court: Upon receipt of a payment made by the respondent pursuant to any order of the court or otherwise, to transmit the same forthwith to the court of the initiating state, and upon request to furnish to the court of the initiating state a certified statement of all payments made by the respondent.

15. Any order of support issued by a court of the state acting as a responding state shall not supersede any previous order of support issued in a divorce or separate maintenance action, but the amounts for a particular period paid pursuant to either order shall be credited against amounts accruing or accrued for the same period under both.

16. The court of the initiating state shall receive and accept all payments made by the respondent to the probation department or bureau of the court of the responding state and transmitted by the latter on behalf of the respondent. Upon receipt of any such payment, and under such rules as the court of the initiating state may prescribe, the court, or its probation department or bureau, as the court may direct, shall deliver such payment to the dependent person entitled thereto, take a proper receipt and acquittance therefor, and keep a permanent record thereof.

84 Acts, ch 1278, §1

252C.2 Assignment — creation of support debt — subrogation.

1 By accepting public assistance for or on behalf of a dependent child or a dependent child’s caretaker, the recipient is deemed to have made an assignment to the department of any and all right, title, and interest in any support obligation and arrearages owed to or for the child or caretaker up to the amount of public assistance paid for or on behalf of the child or caretaker

2 The payment of public assistance to or for the benefit of a dependent child or a dependent child’s caretaker creates a support debt due and owing to the department by the responsible person in an amount equal to the public assistance payment, except that the support debt is limited to the amount of a support obligation established by court order or by the director. If a court order has not been entered, the director may establish a support debt in an amount deter-

mined to be consistent with the debtor’s ability to pay and the needs of the dependent child, both as to amounts accrued and accruing, and with the schedule of minimum support guidelines in section 252C 10. However, a support debt is not created in favor of the department against a responsible person for the period during which the responsible person is a recipient on the person’s own behalf of public assistance for the benefit of the dependent child or the dependent child’s caretaker

3 The provision of child support collection or paternity determination services under chapter 252B to an individual, even though the individual is ineligible for public assistance, creates a support debt due and owing to the individual or the individual’s child or ward by the responsible person in the amount of a support obligation established by court order or by the director. If a court order has not been entered, the director may establish a support debt in favor of the individual or the individual’s child or ward and against the responsible person, in an amount determined to be consistent with the responsible person’s ability to pay and the needs of the dependent child, both as to amounts accrued and accruing, and with the schedule of minimum support guidelines in section 252C 10

4 The department is subrogated to the rights of a dependent child or a dependent child’s caretaker to bring a court action or to execute an administrative remedy for the collection of support. The director may petition an appropriate court for modification of a court order on the same grounds as a party to the court order can petition the court for modification

84 Acts, ch 1278, §2

Referred to in §252C 3

252C.3 Notice of support debt — failure to respond — hearing — order.

1 In the absence of a court order, the director may issue a notice establishing and demanding payment of an accrued or accruing support debt due and owed to the department or an individual under section 252C 2. The notice shall be served upon the responsible person in accordance with the rules of civil procedure. The notice shall include all of the following

a The amount of any monthly public assistance creating a support debt

- b* A computation of the support debt
- c* The name of a public assistance recipient and the name of the dependent child or caretaker for whom the public assistance is paid
- d* A demand for immediate payment of the support debt

- (2) A statement that if a negotiation conference is requested, then the responsible person shall have ten days from the date set for the negotiation conference or twenty days from the date of service of the original notice, whichever is later, to send a request for a hearing to the office of the child support recovery unit which issued the notice
- (3) A statement that after the holding of the negotiation conference, the director may issue a new notice and finding of financial responsibility to be sent to the responsible person by regular mail addressed to the responsible person's last known address, or if applicable, to the last known address of the responsible person's attorney
- (4) A statement that if the director issues a new notice and finding of financial responsibility, then the responsible person shall have ten days from the date of issuance of the new notice or twenty days from the date of service of the original notice, whichever is later, to send a request for a hearing to the office of the child support recovery unit which issued the notice
- f* A statement that if the responsible person objects to all or any part of the notice or finding of financial responsibility and no negotiation conference is requested, then within twenty days of the date of service, the responsible person shall send to the office of the child support recovery unit which issued the notice a written response setting forth any objections and requesting a hearing
- g* A statement that if a timely written request for a hearing is received by the office of the child support recovery unit which issued the notice, the responsible person shall have the right to a hearing to be held in district court, and that if no timely written response is received, the director may enter an order in accordance with the notice and finding of financial responsibility
- h* A statement that, as soon as the order is entered, the property of the responsible person is subject to collection action, including but not limited to wage withholding, garnishment, attachment of a lien, and execution
- i* A statement that the responsible person shall notify the director of any change of address or employment
- j* A statement that if the responsible person has any questions, the responsible person should telephone or visit an office of the child support recovery unit or consult an attorney
- k* Such other information as the director finds appropriate

2 The time limitations for requesting a hearing in subsection 1 may be extended by the director

3 If a timely written response setting forth objections and requesting a hearing is received by the appropriate office of the child support recovery unit, a hearing shall be held in district court

4 If timely written response and request for hearing is not received by the appropriate office of the child support recovery unit, the director may enter an order in accordance with the notice and shall specify all of the following

a The amount of monthly support to be paid, with directions as to the manner of payment

b The amount of the support debt accrued and accruing in favor of the department

c The name of the custodial parent or agency having custody of the dependent child and the name and birth date of the dependent child for whom support is to be paid

d That the property of the responsible person is subject to collection action, including but not limited to wage withholding, garnishment, attachment of a lien, and execution

5 The responsible person shall be sent a copy of the order by regular mail addressed to the responsible person's last known address, or if applicable, to the last known address of the responsible person's attorney. The order is final, and action by the director to enforce and collect upon the order, including arrearages, may be taken from the date of issuance of the order

84 Acts, ch 1278, §3

252C.4 Certification to court — hearing — default.

1 If a timely written request for a hearing is received, the director shall certify the matter to the district court in the county in which the order has been filed, or if no such order has been filed, then to a district court in the county where the dependent child resides

2 If the matter has not been heard previously by the district court, the certification shall include true copies of the notice and finding of financial responsibility or notice of the support debt accrued and accruing, the return of service, the written objections and request for hearing, and true copies of any administrative orders previously entered

3 The court shall set the matter for hearing and notify the parties of the time and place of hearing

4 The court shall consider the schedule of minimum support guidelines in section 252C.10 in establishing the monthly support payment and the amount of the support debt accrued and accruing

5 If a party fails to appear at the hearing, upon a showing of proper notice to that party, the court may find that party in default and enter an appropriate order

84 Acts, ch 1278, §4

252C.5 Filing and docketing of financial responsibility order — order effective as district court decree.

A true copy of any order entered by the director pursuant to this chapter, along with a true copy of the return of service, if applicable, may be filed in the office of the clerk of the district court in the county in which the dependent child resides. Upon filing, the

clerk shall enter the order in the judgment docket, and the order shall have all the force, effect, and attributes of a docketed order or decree of the district court.

84 Acts, ch 1278, §5

252C.6 Interest on support debts.

Interest accrues on support debts at the rate provided in section 535.3 for court judgments. The director may collect the accrued interest but is not required to maintain interest balance accounts. The department may waive payment of the interest if the waiver will facilitate the collection of the support debt.

84 Acts, ch 1278, §6

252C.7 Employers — assignments of earnings.

In addition to other remedies provided by law for the enforcement of a support obligation, the employer of a responsible person owing a support debt shall honor a duly executed assignment of current or future earnings presented by the director to the employer as a plan to satisfy or retire the support debt. The assignment is effective until released in writing by the director. The employer is entitled to receive from the debtor a fee of one dollar for each remittance under the assignment. Payment of moneys pursuant to the assignment of earnings is a full acquittance under a contract of employment. The director is released from liability for improper receipt of moneys under an assignment of earnings upon the return of the moneys.

84 Acts, ch 1278, §7

See also ch 252D, §598 22

252C.8 Temporary restraining order or bond.

If the director reasonably believes that the responsible person is not a resident of this state, is about to move from this state, or is concealing the responsible person's whereabouts, or that the responsible person has removed or is about to remove, secrete, waste, or otherwise dispose of property which could be made subject to collection procedures to satisfy the support debt, the director may petition the district court for a temporary restraining order barring the removal, secretion, waste, or disposal. However, if the responsible person furnishes a bond satisfactory to the court, the temporary restraining order shall be vacated.

84 Acts, ch 1278, §8

252C.9 Court order prevails.

If an order issued pursuant to this chapter conflicts with an order of a court, to the extent of the conflict the court order prevails.

84 Acts, ch 1278, §9

252D.1 Delinquent support payments — assignment of income.

1. All orders of support shall direct the payment of the support to the clerk of the district court pursuant to section 598.22.

2. If support payments ordered under section 598.21 or 675.25 are not paid to the clerk of the district court pursuant to section 598.22 and become delinquent in an amount equal to the payment for one month, the clerk or the child support recovery unit established under section 252B.2 may certify a default to the court. The court shall order the defaulting person to assign to the clerk that portion of the person's periodic earnings, trust income, or other income sufficient to pay the support obligation. The assignment of income is binding on an existing or future employer, trustee, or other payor ten days after the receipt of the order by certified mail. The amount of an assignment of income shall not exceed the amount specified in 15 U.S.C. sec. 1673b. The assignment of income has priority over a garnishment or an assignment for a purpose other than the support of the dependents in the court order being enforced. The court may modify or revoke the order upon the request of the child support recovery unit and may modify or revoke the order at any other time.

3. A person entitled by court order to receive support payments or a person responsible for enforcing such a court order may petition the court for an assignment of income. If the petition is verified and establishes that support payments are delinquent in an amount equal to the payment for one month and if the court determines, after providing an opportunity for a hearing, that notice of the mandatory assignment of income as provided in section 252D.3 has been given, the court shall declare a default and order an assignment of income under subsection 2.

A person whose income has been assigned under section 252D.1 may move to quash the order of assignment by filing the motion to quash and notice of the motion to quash with the court within ten days after the employer, trustee, or other payor

delivers a copy of the order of assignment to the person under section 252D.4, subsection 1. The clerk of the district court shall schedule a hearing on the motion to quash for a time not later than seven days after the filing of the motion to quash and the notice of the motion to quash. The clerk shall mail to the parties copies of the motion to quash, the notice of the motion to quash, and the order scheduling the hearing.

However, for court orders for support entered before July 1, 1984, the clerk of the district court, the child support recovery unit, or the person entitled by the court order to receive the support payments, shall notify each person ordered to pay support under such orders of the mandatory assignment of income required under section 252D.1 upon the person's default. The notice shall be sent by certified mail to the person's last known address or the person shall be personally served with the notice in the manner provided for service of an original notice at least fifteen days prior to the filing of a petition under section 252D.1, subsection 3 or the entering of a default under section 252D.1, subsection 2 or 3. When such complaint is filed, the clerk of juvenile court shall furnish the county attorney and board of supervisors with a copy thereof and said board shall, by the general relief director or such other agent as it may select, make a thorough investigation of facts as

255.8 Hearing — order — emergency cases — cancellation of commitments.

The county attorney and the general relief director, or other agent of the board of supervisors of the county where the hearing is held, shall appear thereat. The complainant, the county attorney, the general relief director or other agent of the board of supervisors, and the patient, or any person representing the patient, may introduce evidence and be heard. If the court finds that said patient is a legal resident of Iowa and is pregnant or is suffering from a malady or deformity which can probably be improved or cured or advantageously treated by medical or surgical treatment or hospital care, and that neither the patient nor any person legally chargeable with the patient's support is able to pay the expenses thereof, then the clerk of court, except in obstetrical cases and cases of crippled children, shall immediately ascertain from the admitting physician at the university hospital whether such person can be received as a patient within a period of thirty days, and if the patient can be so received, the court, or in the event of no actual contest, the clerk of the court, shall then enter an order directing that said patient be sent to the university hospital for proper medical and surgical treatment and hospital care. If the court ascertain, excepting in obstetrical cases and orthopedic cases, that a person of the age or sex of the patient, or afflicted by the complaint, disease or deformity with which such person is affected cannot be received as a patient at the university hospital within the period of thirty days, then the court or the clerk shall enter an order directing the board of supervisors of the county to provide adequate treatment at county expense for the patient at home or in a hospital. Obstetrical cases and orthopedic cases may be committed to the university hospital without regard to the limiting period of thirty days.

In any case of emergency the court or the clerk without previous inquiry may at its discretion order the patient to be immediately taken to and accepted by the university hospital for the necessary care as provided in section 255.11, but if such a patient cannot be immediately accepted at the university hospi-

tal as ascertained by telephone if necessary, the court or the clerk may enter an order as in certain cases above set forth directing the board of supervisors to provide adequate treatment at county expense for the said patient at home or in a hospital.

[SS15, §254-c; C24, 27, 31, 35, §4012; C39, §3828.139; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §255.8]

255.9 Treatment for infant.

Whenever a woman who is pregnant is committed to the hospital under the provisions of section 255.8, the said commitment shall authorize the hospital to provide proper medical or surgical treatment and hospital care for the infant.

255.10 Religious belief — denial of order.

The court in its discretion may refuse to make such order in any case where the court finds the patient or the patient's parent, parents, or guardian are members of a religious denomination whose tenets preclude dependence on the practice of medicine or surgery and desire in good faith to rely upon the practice of their religion for relief from disease or disorder.

[C24, 27, 31, 35, §4013; C39, §3828.141; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §255.10]

255.11 Order in case of emergency.

In cases of great emergency, when the court or judge is satisfied that delay would be seriously injurious to the patient, the court or judge may make such order with the consent of the patient, if adult, or of the parent or parents, guardian, or person having the legal custody of said patient, if a minor or incompetent, without examination, report, notice, or hearing.

[SS15, §254-c; C24, 27, 31, 35, §4014; C39, §3828.142; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §255.11]

If the physician appointed to examine the patient shall certify that an attendant to accompany the patient to the said hospital is necessary, and the university hospital attendant and ambulance service is not available, then the court or judge or clerk of the court may appoint an attendant who shall receive not exceeding two dollars per day for the time thus necessarily employed and actual necessary traveling expenses by the most feasible route to said hospital whether by ambulance, train or automobile; but if such appointee is a relative of the patient or a member of the patient's immediate family, or receives a salary or other compensation from the public for the appointee's services,

no such per diem compensation shall be paid. The physician appointed by the court or clerk to make the examination and report shall receive therefor three dollars for each examination and report so made and the physician's actual necessary expenses incurred in making such examination, but if said physician receives a salary or other compensation from the public for the physician's full-time services, then no such examination fee shall be paid. The actual, necessary expenses of transporting and caring for the patient shall be paid as hereinafter provided.

An itemized, verified statement of all charges provided for in sections 255.8 and 255.13, in cases where the patient is admitted or accepted for treatment at the university hospital shall be filed with the superintendent of the university hospital, and upon the superintendent's recommendation when approved by the judge or clerk of the court under whose order the same were incurred, they shall be charged on the regular bill for the maintenance, transportation and treatment of the patient, and be audited and paid in the manner as hereinafter provided.

The authorities in control of the medical college shall designate some physician to pass upon the admission of such patient, and it shall be the physician's duty to receive such patient into the hospital and to provide for the patient, if available, a cot, bed, or room in said hospital, and to assign the patient to the appropriate clinic and for treatment by the proper physician, unless, in the physician's judgment, the presence of the patient in the hospital would be dangerous to other patients, or there is no reasonable probability that the patient may be benefited by the proposed treatment or hospital care. If the admitting physician shall deny admission to the patient, the physician shall make a report in duplicate of the reasons therefor.

[SS15, §254-d; C24, 27, 31, 35, §4018; C39, §3828.146; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §255.15]

255.16 County quotas.

Subject to subsequent qualifications in this section, there shall be treated at the university hospital during each fiscal year a number of committed indigent patients from each county which shall bear the same relation to the total number of committed indigent patients admitted during the year as the population of such county shall bear to the total population of the state according to the last preceding official census. This standard shall apply to indigent patients, the expenses of whose commitment, transportation, care and treatment shall be borne by appropriated funds and shall not govern the admission of either obstetrical or orthopedic patients. If the number of patients

admitted from any county shall exceed by more than ten percent the county quota as fixed and ascertained under the first sentence of this section, the charges and expenses of the care and treatment of such patients in excess of ten percent of the quota shall be paid from the funds of such county at actual cost; but if the number of excess patients from any county shall not exceed ten percent, all costs, expenses, and charges incurred in their behalf shall be paid from the appropriation for the support of the hospital.

255.19 Treatment of other patients — use of earnings for new facilities.

The university hospital authorities may at their discretion receive into the hospital for medical, obstetrical or surgical treatment or hospital care, patients not committed thereto under the provisions of this chapter; but the treatment or care of such patients shall not in any way interfere with the proper medical or surgical treatment or hospital care of committed patients. The university hospital ambulances and ambulance personnel may be used for the transportation of such patients at a reasonable charge if specialized equipment is required and is not otherwise available and if such use does not interfere with the ambulance transportation of patients committed to the hospital.

All of the provisions of this chapter except as to commitment of patients shall apply to such patients. The university hospital authorities shall collect from the person or persons liable for the support of such patients reasonable charges for hospital care and service and deposit the same with the treasurer of the university for the use and benefit of the university hospital. 255.21 Treatment outside hospital — attendant.

If, in the judgment of the physician or surgeon to whom the patient has been assigned for treatment, continuous residence of the patient in the hospital is unnecessary, such patient may, by the hospital authorities, be sent to the patient's home or other appropriate place, and be required to return to the hospital when and for such length of time as may be for the patient's benefit. The hospital authorities may, if necessary, appoint an attendant to accompany such patient and discharged patients, and the compensation of such attendant shall be fixed by the state board of regents and charged by the hospital as part of the costs of transporting patients. The compensation paid to and the expenses of the attendant shall be audited and paid in the same manner as is provided by law for the compensation of an attendant appointed by the court.

But the superintendent shall render separate bills showing the actual cost of all appliances, instruments, X-ray and other special services used in connection with such treatment, commitments, and transportation to and from the said university hospital, including the expenses of attendants and escorts.

To arrive at a proper basis for the payment of said bills for treatment, care, and maintenance, the state board of regents shall cause to be made annually an audit of the accounts of the university hospital, and determine the average cost per day for the care and maintenance of each patient therein, exclusive of the salaries of the members of the faculty of said university college of medicine, and said bills shall be allowed at such average cost. CODE OF IOWA

1985

CONTAINING

ALL STATUTES OF A GENERAL
AND PERMANENT NATURE

To and including the Acts of a permanent nature
of the Seventieth General Assembly, 1984

PUBLISHED BY THE STATE OF IOWA UNDER AUTHORITY OF CHAPTER 14

1984

PREFACE TO IOWA CODE 1985

The Code of 1985 is published pursuant to section 14.15 which requires that a new Code or Supplement be issued "after the final adjournment of the second regular session of the general assembly." It follows substantially the Code of 1983 as to form and the only material changes are the addition of the laws and amendments passed by the seventieth 1983 session and the seventieth 1984 session of the general assembly. It was deemed advisable to publish the Code in three volumes with the index bound separately in a distinguishing color. The section numbers as they appear in the three volumes are clearly marked on the back for convenience in selection.

IN ACCORDANCE WITH 1982 IOWA ACTS, CHAPTER 1217, THE CODE EDITING TO ELIMINATE WORDS WHICH DESIGNATE ONE GENDER WHEN THE PROVISIONS APPLY TO PERSONS OF BOTH GENDERS HAS BEEN LARGELY DONE EXCEPT FOR SECTIONS WHERE CHANGES SEEMED TO REQUIRE LEGISLATIVE ACTION. A RECORD OF THE CHANGES MADE IS AVAILABLE IN THE OFFICE OF THE LEGISLATIVE SERVICE BUREAU, THIRD FLOOR, STATE CAPITOL BUILDING. THESE CHANGES BECOME EFFECTIVE AS OF THE PRINTING OF THE 1985 CODE.

The same numbering of the Code sections has been continued and it is only where it has been necessary to insert new law between numbered chapters or sections that the alphabetical system is used, e.g., chapter 135A, or section 80.25A.

The bracketed material and session law references at the end of each section indicate source and history of the subject matter of the section. Beginning with this edition of the Code, the bracketed material will not be updated, but the source note will show the location in the session laws of new enactments and amendments.

To provide a quick method of determining where the Acts of the General Assembly appear in the Code, Tables of Corresponding Sections have been prepared and placed at the end of Volume III. Tables of Corresponding Sections from the Code of 1983 to the Code Supplement of 1983 and the Code of 1985 are also provided.

Due to the great amount of editorial work involved, it has not been possible to completely revise the index. However, considerable time and effort have been expended to incorporate the recent acts in a revised version.

Your attention is called to the skeleton index printed on pink paper which will give a quick reference to subject matter frequently referred to by the users of the Code.

It is the wish of the editors to supply all who have occasion to use the Iowa Code with a practical and convenient access to the laws. For this reason it is their hope that they may have the benefit of criticism and suggestions from the users of this work.

A nonpublic school which offers only a prekindergarten program may, but shall not be required to, seek and obtain approval under this chapter. A list of approved schools shall be maintained by the department of public instruction. The state board shall promulgate rules to require that a multicultural, nonsexist approach is used by school districts. The educational program shall be taught from a multicultural, nonsexist approach. The approval standards established by the state board shall delineate and be based upon the educational program described below:

1. If a school offers a prekindergarten program, the program shall be designed to help children to work and play with others, to express themselves, to learn to use and manage their bodies, and to extend their interests and understanding of the world about them. The prekindergarten program shall relate the role of the family to the child's developing sense of self and perception of others. Planning and carrying out pre-kindergarten activities designed to encourage co-operative efforts between home and school shall focus on community resources. A prekindergarten teacher employed by a school corporation or county or joint county school system, or its successor agency, and receiving a salary from state and local funds shall hold a certificate certifying that the holder is qualified to teach in prekindergarten.

2. If a school offers a kindergarten program, the program shall include experiences designed to develop healthy emotional and social habits and growth in the language arts and communication skills, as well as a capacity for the completion of individual tasks, and protection and development of physical being. A kindergarten teacher shall hold a certificate certifying that the holder is qualified to teach in kindergarten.

3. The following areas shall be taught in the grades one through six: English-language arts, including reading, handwriting, spelling, oral and written English, and literature; social studies, including geography, history of the United States and Iowa, cultures of other peoples and nations, and American citizenship, including the study of national, state and local government in the United States; mathematics; science, including environmental awareness and conservation of natural resources; health and physical education, including the effects of alcohol, tobacco, drugs and poisons on the human body; the characteristics of communicable diseases; traffic safety, including pedestrian and bicycle safety procedures; music; and art.

b. Four units of the social studies. American history, American government, government and cultures of other peoples and nations, and general consumer education, family law, and economics, including comparative and consumer economics, shall be taught in the units but need not be required as full units. All students shall be required to take one unit of American history and one-half unit of the governments of Iowa and the United States, including instruction in voting statutes and procedures, voter registration requirements, the use of paper ballots and voting machines in the election process, and the method of acquiring and casting an absentee ballot.

The county auditor, upon request and at a site chosen by the county auditor, shall make available to schools within the county voting machines or sample ballots that are generally used within the county, at such times that these machines or sample ballots are not in use for their recognized purpose.

c. Four units of English-language arts.

f. Two units of one foreign language; the units of foreign language may be taught in alternate years, provided there is no break in the progression of instruction from one year to the next. However, the department may waive on an annual basis the foreign language requirement upon the request of the board of directors of a school district or the authorities in charge of a nonpublic school if the board or authorities are able to prove that a certificated teacher was employed and assigned a schedule that would have allowed students to enroll in a foreign language class, the foreign language class was properly scheduled, students were aware that a foreign language class was scheduled and no students enrolled in the class.

otherwise provided in this paragraph. A minimum of one eighth unit each semester shall be required, except that any student participating in an organized and supervised high school athletic program which requires at least as much time of participation per week as one eighth unit may be excused from the physical education course during the time of the student's participation in the athletic program. In addition, a twelfth grade student who meets the requirements of this paragraph may be excused from the physical education requirement by the principal of the school in which the student is enrolled if the parent or guardian of the student requests in writing that the student be excused from the physical education requirement. A student who wishes to be excused from the physical education requirement must be enrolled in a cooperative or work study program or other educational program authorized by the school which requires the student to leave the school premises for specified periods of time during the school day. The student must seek to be excused from the physical education requirement in order to enroll in academic courses not otherwise available to the student. 8 Upon request of the board of directors of any public school district or the authorities in charge of any nonpublic school, the state board of public instruction may, for a number of years to be specified by the state board, grant the district board or the authorities in charge of any nonpublic school exemption from one or more of the requirements of the educational program specified in subsection 6. The exemption may be renewed. Such exemptions shall be granted only if the state board deems that the request made is an essential part of a planned innovative curriculum project which the state board determines will adequately meet the educational needs and interests of the pupils and be broadly consistent with the intent of the educational program as defined in subsection 6.

The request for exemption shall include all of the following:

a Rationale of the project to include supportive research evidence.

b Objectives of the project.

c Provisions for administration and conduct of the project, including the use of personnel, facilities, time, techniques and activities.

d Plans for evaluation of the project by testing and observational measures of pupil progress in reaching the objectives.

e Plans for revisions of the project based on evaluation measures.

f Plans for periodic reports to the department of public instruction.

g The estimated cost of the project.

9 To facilitate the implementation and economical operation of the educational program defined in subsections 4 and 6, each school offering any of grades seven through twelve, except a school which offers grades one through eight as an elementary school, shall have:

a A qualified school media specialist who shall meet the certification and approval standards prescribed by the department of public instruction and adequate media center facilities as hereinafter defined.

(1) *School media specialist* The media specialist may be employed on a part time or full time basis, or may devote only part time to media service activities, according to the needs of the school and the availability of media personnel, as determined by the local board. The state board shall recommend standards based upon the number of students in attendance, the nature of the academic curriculum and other appropriate factors.

(2) *Organization and adequacy of collection* The media center shall be organized as a resource center of instructional material for the entire educational program. The guidance counselor may be employed on a part time or full time basis, or may devote only part time to counseling services, according to the needs of the school and the availability of guidance personnel, as determined by the local board. The state board shall recommend standards based upon the number of students in attendance and other appropriate factors. Other members of the noninstructional professional staff, including but not limited to physicians, dentists, nurses, school psychologists, speech therapists and other specialists, may also be employed or shared by one or more schools. The guidance counselor shall meet the certification and approval standards of the department of public instruction and noninstructional staff members shall meet the professional practice requirements of this state relating to their special services.

c Arrangement for special education services.

d Adequate instructional materials for classrooms.

10 As a basis for inclusion on the list of approved schools, the state department of public instruction shall evaluate the school educational program in the

several school systems of the state for the purposes of school improvement and approval, and each public and nonpublic school system shall make such reports as the superintendent of public instruction deems necessary to show compliance with the curriculum programs and other requirements prescribed in the Code. The state department, in consultation with the board of directors and administration of the school district, shall conduct an immediate evaluation of the educational program of each school district which the department determines has failed to comply with the curriculum programs and other requirements prescribed in the Code.

The state superintendent shall make recommendations and suggestions in writing to each school and school district which is subject to this section when the department of public instruction determines, after due investigation, that deficiencies exist in any school or school district.

The state board of public instruction shall adopt approval standards and rules to implement, interpret and make effective the provisions of this section. In adopting the same, the board shall take into account recognized educational standards. Standards and rules shall be of general application without specific regard to school population.

Such standards and rules shall be subject to the provisions of chapter 17A. In addition, such standards and rules shall be reported by the state board to the general assembly within twenty days after the commencement of a regular legislative session. No school or school district shall be removed from the approved list for failure to comply with such standards or rules, until at least one hundred twenty days have elapsed following the reporting of such standards and rules to the general assembly as provided in this section.

11 The state board of public instruction shall remove for cause, after due investigation and notice, any school or school district from the approved list which fails to comply with such approval standards and rules in the manner prescribed in this subsection. The state board shall allow a reasonable period of time after notification of noncompliance, not to exceed the following school year, for compliance with such approval standards and rules.

During the period of time allowed for compliance, the superintendent of public instruction and the president of the state board shall confer with the affected school board and with the school boards of contiguous school districts to assist the affected school board in determining how best to offer the students of that district an approved educational program.

12 The department of public instruction shall give any school or school district which is to be removed from the approved list at least one year notice. Such notice shall be given by registered or certified mail addressed to the superintendent of the school district or the corresponding official of a private school, and shall specify the reasons for removal. Such notice shall also be sent by ordinary mail to each member of the board of directors or governing body of the school or school district, and to the news media which serve the area where the school or school district is located, but any good faith error or failure to comply with this sentence shall not affect the validity of any action by the state board. If, during said year,

the school or school district remedies the reasons for removal and satisfies the state board that it will there after comply with the laws, approval standards and rules, the state board shall continue such school or school district on the approved list and shall give the school or school district notice of such action by registered or certified mail. At any time during said year, the board of directors or governing body of the school or school district may request a public hearing before the state board of public instruction, by mailing a written request to the state superintendent by registered or certified mail. The president of the state board shall promptly set a time and place for the public hearing, which shall be either in Des Moines or in the affected area. At least thirty days' notice of the time and place of the hearing shall be given by registered or certified mail addressed to the superintendent of the school district or the corresponding official of a private school. At least ten days before the hearing, notice of the time and place of the hearing and the reasons for removal shall also be published by the state department in a newspaper of general circulation in the area where the school or school district is located. At the hearing the school or school district may be represented by counsel and may present evidence. The state board may provide for the hearing to be recorded or reported. If requested by the school or school district at least ten days before the hearing, the state board shall provide for the hearing to be recorded or reported at the expense of such school or school district, using any reasonable method specified by such school or school district. Within ten days after the hearing, the state board shall render its written decision, signed by a majority of its members, and shall affirm, modify or vacate the action or proposed action to remove the school or school district from the approved list.

After notification of removal from the approved list, the board of directors shall seek to merge the territory of the school district with one or more contiguous school districts pursuant to the provisions of chapter 275. If on the date specified for removal from the approved list, the district, or any portion of the district, has not been merged with one or more contiguous school districts, the portion that has not been merged shall be merged with one or more contiguous school districts by the state board, and the provisions of sections 275.25 to 275.38 shall apply. Until the merger is completed, the school district shall pay tuition for its resident students to an approved school district under the provisions of section 279.18.

13 Notwithstanding the foregoing provisions of this section and as an exception to their requirements, a private high school or private combined junior-senior high school operated for the express purpose of teaching a program designed to qualify its graduates for matriculation at accredited four-year or equivalent liberal arts, scientific or technological colleges or universities shall be placed on a special approved list of college preparatory schools, which list shall signify approval of the school for such express purpose only, provided that

a Such school complies with minimum standards established by provisions of the Code other than this section, and administrative rules thereunder, applicable to

- (1) Courses comprising such limited program.
- (2) Health requirements for personnel.
- (3) Plant facilities.
- (4) Other environmental factors affecting such programs.

b. At least eighty percent of those graduating from such school within the annually most recent four calendar years, other than those graduating who are aliens, graduates entering military or alternative civilian service, or graduates deceased or incapacitated before college acceptance, have been accepted by accredited four-year or equivalent liberal arts, scientific, or technological colleges or universities.

Any school claiming to be a private college preparatory school which fails in any year to comply with the requirement of paragraph "b" of this subsection shall be placed on the special approved list of college preparatory schools probationally if such school complies with the requirements of paragraph "a" of this subsection, but such probational approval shall not continue for more than four successive years.

14. Notwithstanding the foregoing provisions of this section and as an exception to their requirements, a nonpublic grade school which is reopening shall be approved even if it does not have a complete grade one through grade six program, provided that the nonpublic grade school complies with all other minimum standards established by law and administrative rules adopted pursuant to the law and that the nonpublic grade school shows progress toward reaching a grade one through grade six program.

[C79, 81, §258A 5]

258A.6 Hearings — power of subpoena — decisions.

1. Disciplinary hearings held pursuant to this chapter shall be heard by the board sitting as the hearing panel, or by a panel of not less than three board members who are licensed in the profession, or by a panel of not less than three members appointed pursuant to subsection 2. Notwithstanding chapters 17A and 21 a disciplinary hearing shall be open to the public at the discretion of the licensee.

2. When, in the opinion of a majority of the board, it is desirable to obtain specialists within an area of practice of a profession when holding disciplinary hearings, a licensing board may appoint licensees not having a conflict of interest to make findings of fact and to report to the board. Such findings shall not include any recommendation for or against licensee discipline.

3. The presiding officer of a hearing panel may issue subpoenas pursuant to rules of the board on behalf of the board or on behalf of the licensee. A licensee may have subpoenas issued on the licensee's behalf. A subpoena issued under the authority of a licensing board may compel the attendance of witnesses and the production of professional records, books, papers, correspondence and other records, whether or not privileged or confidential under law, which are deemed necessary as evidence in connection with a disciplinary proceeding.

Nothing in this subsection shall be deemed to enable a licensing board to compel an attorney of the licensee, or stenographer or confidential clerk of the attorney, to disclose any information when privileged against disclosure by section 622.10. In the event of a refusal to obey a subpoena, the licensing board may petition the district court for its enforcement. The presiding officer of a hearing panel may also administer oaths and affirmations, take or order that depositions be taken, and pursuant to rules of the board, grant immunity to a witness from disciplinary proceedings initiated either by the board or by other state agencies which might otherwise result from the testimony to be given by the witness to the panel.

4. In order to assure a free flow of information for accomplishing the purposes of this section, and notwithstanding section 622.10, all complaint files, investigation files, other investigation reports, and other investigative information in the possession of a licensing board or peer review committee acting under the authority of a licensing board or its employees or agents which relates to licensee discipline are privileged and confidential, and are not subject to discovery, subpoena, or other means of legal compulsion for their release to a person other than the licensee and the boards, their employees and agents involved in licensee discipline, and are not admissible in evidence in a judicial or administrative proceeding other than the proceeding involving licensee discipline. However, investigative information in the possession of a licensing board or its employees or agents which relates to licensee discipline may be disclosed to the appropriate licensing authority in another state, the District of

Columbia, or a territory or country in which the licensee is licensed or has applied for a license. If the investigative information in the possession of a licensing board or its employees or agents indicates a crime has been committed, the information shall be reported to the proper law enforcement agency. However, a final written decision and finding of fact of a licensing board in a disciplinary proceeding, including a decision referred to in section 258A.3, subsection 4, is a public record.

Pursuant to the provisions of section 17A.19, subsection 6, a licensing board upon an appeal by the licensee of the decision by the licensing board, shall transmit the entire record of the contested case to the reviewing court.

Notwithstanding the provisions of section 17A.19, subsection 6, if a waiver of privilege has been involuntary and evidence has been received at a disciplinary hearing, the court shall order withheld the identity of the individual whose privilege was waived.

5. Licensee discipline shall not be imposed except upon the affirmative vote of a majority of the licensing board.

1. A person shall not be civilly liable as a result of the person's acts, omissions or decisions in good faith as a member of a licensing board or as an employee or agent in connection with the person's duties.

2. A person shall not be civilly liable as a result of filing a report or complaint with a licensing board or peer review committee, or for the disclosure to a licensing board or its agents or employees, whether or not pursuant to a subpoena of records, documents, testimony or other forms of information which constitute privileged matter concerning a recipient of health care services or some other person, in connection with proceedings of a peer review committee, or in connec-

tion with duties of a health care board. However, such immunity from civil liability shall not apply if such act is done with malice.

3. Any employer who violates the terms of this section shall be liable to any person aggrieved for actual and punitive damages plus reasonable attorney fees.

[C79, 81, §258A.8]

1. Each licensee of a licensing board, as a condition of licensure, is under a duty to submit to a physical or mental examination when directed in writing by the board for cause. All objections shall be waived as to the admissibility of the examining physician's testimony or reports on the grounds of privileged communications. The medical testimony or report shall not be used against the licensee in any proceeding other than one relating to licensee discipline by the board, or one commenced in district court for revocation of the licensee's privileges. The licensing board, upon probable cause, shall have the authority to order physical or mental examination, and upon refusal of the licensee to submit to the examination the licensing board may order that the allegations pursuant to which the order of physical or mental examination was made shall be taken to be established.

2. A licensee has a continuing duty to report to the licensing board by whom the person is licensed those acts or omissions specified by rule of the board pursuant to section 258A.4, subsection 1, paragraph "f", when committed by another person licensed by the same licensing board. This subsection does not apply to licensees under chapter 116 when the observations are a result of participation in programs of practice review, peer review and quality review conducted by

professional organizations of certified public accountants, for educational purposes and approved by the board of accountancy.

3. A licensee shall have a continuing duty and obligation, as a condition of licensure, to report to the licensing board by which the licensee is licensed every adverse judgment in a professional or occupational malpractice action to which the licensee is a party, and every settlement of a claim against the licensee alleging malpractice.

261A.2 Declaration of purpose.

It is declared that for the benefit of the people of the state of Iowa, the conduct and increase of their commerce, the protection and enhancement of their welfare, the development of continued prosperity and the improvement of their health and living conditions, it is essential that this and future generations of youth be given the fullest opportunity to learn and to develop their intellectual and mental capacities and skills; that to achieve these ends it is of the utmost importance that students attending institutions of higher education located in Iowa have reasonable financial alternatives to enhance their access to such institutions; that reasonable financial access to institutions of higher education will assist youth in achieving the optimum levels of learning and development of their intellectual and mental capacities and skills; that it is the purpose of this chapter to provide a measure of assistance and an alternative method to enable students and the families of students attending institutions of higher education located in Iowa to appropriately and prudently finance the cost or a portion of the cost of higher education; and that it is the

intent of this chapter to supplement federal guaranteed higher education loan programs, other student loan programs, and grant or scholarship programs to provide the needed additional options for the financing of a student’s higher education in execution of the public policy set forth above.

261A.3 Legislative findings.

The general assembly finds as follows:

1. The establishment of the authority is in all respects for the benefit of the people of the state of Iowa, for the improvement of their education, health and welfare, and for the promotion of the economy, which are public purposes.
2. The authority will be performing an essential governmental function in the exercise of the powers and duties conferred upon it by this chapter.
3. There exists a serious problem in this state regarding the ability of students to obtain financing for the cost of education beyond the high school level.
4. Escalating costs of securing such an education have contributed to the difficulties faced by students in attempting to finance an education.
5. Without public action as contemplated by this chapter, many students will be forced to postpone or abandon plans for obtaining additional education.

6 It is in the interests and welfare of the citizens of the state to provide a means for assisting students to continue their education

7 Without public action as contemplated by this chapter, the inability to obtain educational financing will result in declining enrollments at institutions of higher education

8 It is necessary to create a higher education loan authority to encourage the investment of private capital in the provision of funds for the financing of student loans

9 All of the purposes stated in this section are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned, or granted

The powers of the authority are vested in and exercised by the members of the authority. Each member of the authority shall be a resident of the state and not more than three members shall be members of the same political party.

2 The members of the authority shall be appointed by the governor for terms of six years beginning and ending as provided in section 69.19. A member of the authority is eligible for reappointment. The governor shall fill a vacancy for the remainder of the unexpired term. A member of the authority may be removed by the governor for misfeasance, malfeasance, or willful neglect of duty or other cause after notice and a public hearing unless the notice and hearing are waived by the member in writing.

Each student and the student's parents shall submit information required by the authority to the applicable institution

The authority may contract with financial institutions and other qualified loan origination and servicing organizations, which shall assist in prequalifying borrowers for education loans and which shall service and administer each education loan and each institution's respective loan series portfolio. Each education loan's fees shall include a portion, if necessary, to cover the applicable pro rata cost of a servicing organization.

The authority may establish criteria governing the eligibility of institutions to participate in its programs, the making of authority loans and education loans, provisions for default, the establishment of default reserve funds, the purchase of default insurance, the provision of prudent debt service reserves, and the furnishing by participating institutions of higher education of additional guarantees of the education loans, authority loans, or obligations that the authority determines necessary. Criteria shall be established to assure the marketability of the obligations and the adequacy of the security for the obligations.

12 Notwithstanding other provisions in this chapter, commingle and pledge as security for a series or issue of obligations, with the consent of all of the

institutions which are participating in the series or issue, the education loan series portfolios and some or all future education loan series portfolios of the institutions. However, the education loan series portfolios and other security and moneys set aside in a fund or funds pledged for a series or issue of obligations shall be held for the sole benefit of the series or issue separate and apart from education loan series portfolios and other security and moneys pledged for any other series or issue of obligations. Obligations may be issued in series under one or more resolutions or trust agreements in the discretion of the authority.

13 Examine records and financial reports of participating institutions, and examine records and financial reports of a contractor organization or institution retained by the authority.

EDUCATION COMPACT

- 272B 1 Compact for education
- 272B 2 Education commission of the states

- 272B 3 Filing bylaws

272B.1 Compact for education.

The compact for education is hereby entered into and enacted into law with all jurisdictions legally joining therein, in the form substantially as follows:

ARTICLE I — PURPOSE AND POLICY

1 It is the purpose of this compact to

a Establish and maintain close co-operation and understanding among executive, legislative, professional, educational and lay leadership on a nationwide basis at the state and local levels.

b Provide a forum for the discussion, development, crystallization and recommendation of public policy alternatives in the field of education.

c Provide a clearing house of information on matters relating to educational problems and how they are being met in different places throughout the nation, so that the executive and legislative branches of state government and of local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.

d Facilitate the improvement of state and local educational systems so that all of them will be able to

meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.

2 It is the policy of this compact to encourage and promote local and state initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and states.

3 The party states recognize that each of them has an interest in the quality and quantity of education furnished in each of the other states, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the nation, and because the products and services contributing to the health, welfare and economic advancement of each state are supplied in significant part by persons educated in other states.

ARTICLE II — STATE DEFINED

As used in this compact, "state" means a state, territory or possession of the United States, the District of Columbia, or the commonwealth of Puerto Rico.

ARTICLE III — THE COMMISSION

1 The education commission of the states, herein after called "the commission", is hereby established. The commission shall consist of seven members representing each party state. * One of such members shall be the governor, two shall be members of the state legislature selected by its respective houses and serving in such manner as the legislature may determine, and four shall be appointed by and serve at the pleasure of the governor, unless the laws of the state otherwise provide. If the laws of a state prevent legislators from serving on the commission, six members shall be appointed and serve at the pleasure of the governor, unless the laws of the state otherwise provide. In addition to any other principles or requirements which a state may establish for the appointment and service of its members of the commission, the guiding principle for the composition of the membership on the commission from each party state shall be that the members representing such state shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the state government, higher education, the state education system, local education, lay and professional, public and nonpublic educational leadership. Of those appointees, one shall be the head of a state agency or institution, designated by the governor, having responsibility for one or more programs of public education. In addition to the members of the commission representing the party states, there may be not to exceed ten nonvoting commissioners selected by the steering committee for terms of one year. Such commissioners shall represent leading national organizations or professional educators or persons concerned with educational administration.

*See §272B 2

2 The members of the commission shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners are present. The commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the commission may delegate the exercise of any of its powers to the steering committee or the executive director, except for the power to approve budgets or requests for appropriations, the power to make policy recommendations pursuant to article IV and adoption of the annual report pursuant to article III, paragraph 10.

3 The commission shall have a seal.

4 The commission shall elect annually, from among its members, a chairperson, who shall be a governor, a vice chairperson and a treasurer. The commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the commission, and together with the treasurer and such other personnel as the commission may deem appropriate shall be bonded in such amount as the commission shall determine. The executive director shall be secretary.

5 Irrespective of the civil service, personnel or other merit system laws of any of the party states, the

executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the commission, and shall fix the duties and compensation of such personnel. The commission in its bylaws shall provide for the personnel policies and programs of the commission.

6 The commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.

7 The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the commission pursuant to this paragraph or services borrowed pursuant to paragraph 6 of this article shall be reported in the annual report of the commission. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

8 The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

9 The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

10 The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the preceding year. The commission may make such additional reports as it may deem desirable.

ARTICLE IV — POWERS

In addition to authority conferred on the commission by other provisions of the compact, the commission shall have authority to

1 Collect, correlate, analyze and interpret information and data concerning educational needs and resources.

2 Encourage and foster research in all aspects of education, but with special reference to the desirable scope of instruction, organization, administration, and instructional methods and standards employed or suitable for employment in public educational systems.

3 Develop proposals for adequate financing of education as a whole and at each of its many levels.

4 Conduct or participate in research of the types referred to in this article in any instance where the commission finds that such research is necessary for

the advancement of the purposes and policies of this compact, utilizing fully the resources of national associations, regional compact organizations for higher education, and other agencies and institutions, both public and private.

5. Formulate suggested policies and plans for the improvement of public education as a whole, or for any segment thereof, and make recommendations with respect thereto available to the appropriate governmental units, agencies and public officials.

6. Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this compact.

ARTICLE V —

CO-OPERATION WITH FEDERAL GOVERNMENT

1. If the laws of the United States specifically so provide, or if administrative provision is made therefor within the federal government, the United States may be represented on the commission by not to exceed ten representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to federal law, and may be drawn from any one or more branches of the federal government, but no such representative shall have a vote on the commission.

2. The commission may provide information and make recommendations to any executive or legislative agency or officer of the federal government concerning the common educational policies of the states, and may advise with any such agencies or officers concerning any matter of mutual interest.

ARTICLE VI — COMMITTEES

1. To assist in the expeditious conduct of its business when the full commission is not meeting, the commission shall elect a steering committee of thirty-two members which, subject to the provisions of this compact and consistent with the policies of the commission, shall be constituted and function as provided in the bylaws of the commission. One-fourth of the voting membership of the steering committee shall consist of governors, one-fourth shall consist of legislators, and the remainder shall consist of other members of the commission. A federal representative on the commission may serve with the steering committee, but without vote. The voting members of the steering committee shall serve for terms of two years, except that members elected to the first steering committee of the commission shall be elected as follows:

Sixteen for one year and sixteen for two years. The chairperson, vice chairperson, and treasurer of the commission shall be members of the steering committee and, anything in this paragraph to the contrary notwithstanding, shall serve during their continuance in these offices. Vacancies in the steering committee shall not affect its authority to act, but the commission at its next regular ensuing meeting following the occurrence of any vacancy shall fill it for the unex-

pired term. No person shall serve more than two terms as a member of the steering committee; provided that service for a partial term of one year or less shall not be counted toward the two-term limitation.

2. The commission may establish advisory and technical committees composed of state, local, and federal officials, and private persons to advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the states concerned, be established to consider any matter of special concern to two or more of the party states.

3. The commission may establish such additional committees as its bylaws may provide.

ARTICLE VII — FINANCE

1. The commission shall advise the governor or designated officer or officers of each party state of its budget and estimated expenditures for such period as may be required by the laws of that party state. Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states.

2. The total amount of appropriation requests under any budget shall be apportioned among the party states. In making such apportionment, the commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party states.

3. The commission shall not pledge the credit of any party states. The commission may meet any of its obligations in whole or in part with funds available to it pursuant to article III, paragraph 7, of this compact, provided that the commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it pursuant to article III, paragraph 7 thereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

4. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual reports of the commission.

5. The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

6. Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

ARTICLE VIII — ELIGIBLE PARTIES — ENTRY INTO AND WITHDRAWAL

1 This compact shall have as eligible parties all states, territories, and possessions of the United States, the District of Columbia, and the commonwealth of Puerto Rico. In respect of any such jurisdiction not having a governor, the term "governor", as used in this compact, shall mean the closest equivalent official of such jurisdiction.

2 Any state or other eligible jurisdiction may enter into this compact and it shall become binding thereon when it has adopted the same. Provided that in order to enter into initial effect, adoption by at least ten eligible party jurisdictions shall be required.

3 Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

ARTICLE IX — CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected

thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the state affected as to all severable matters.

275.1 Declaration of policy — surveys — definitions.

It is declared to be the policy of the state to encourage economical and efficient school districts which will ensure an equal educational opportunity to all children of the state. All areas of the state shall be in school districts maintaining twelve grades. If any school district ceases to maintain twelve grades except as otherwise provided in sections 280 15, 257 28, and 282 7, subsection 1, it shall reorganize within six months or the state board shall attach the school district not maintaining twelve grades to one or more adjacent districts. Voluntary reorganizations under this chapter shall be commenced only if the affected school districts are contiguous to one another. A reorganized district shall meet the requirements of section 275 3.

If a district is attached, division of assets and liabilities shall be made as provided in sections 275 29 to 275 31. The area education agency boards shall develop detailed studies and surveys of the school districts within the area education agency and all adjacent territory for the purpose of providing for reorganization of school districts in order to effect more economical operation and the attainment of higher standards of

education in the schools. The plans shall be revised periodically to reflect reorganizations which may have taken place in the area education agency and adjacent territory.

As used in this chapter unless the context otherwise requires

1 "Eligible elector" means eligible elector as defined in section 39 3, subsection 1.

2 "Qualified elector" means qualified elector as defined in section 39 3, subsection 2.

3 "School districts affected" means the school districts named in the reorganization petition whether a school district is affected in whole or in part [C97, §2798, SS15, §2794 a, C24, 27, 31, 35, 39, §4152, 4154; C46, 50, §274 37, 275 1, 276 1, C54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §275 1, 82 Acts, ch 1113, §1 83 Acts, ch 31, §2, 84 Acts, ch 1078, §1].

275.2 Scope of surveys.

The scope of the studies and surveys shall include the following matters in the various districts in the area education agency and all districts adjacent to the area education agency. munity areas, road conditions, transportation, economic factors, individual attention given to the needs of students, the opportunity of students to participate in a wide variety of activities related to the total development of the student, and other matters that may bear on educational programs meeting minimum standards required by law. The plans shall also include suggested alternate plans that incorporate the school districts in the area education agency into reorganized districts that meet the enrollment standards specified in section 275.3 and may include alternate plans proposed by school districts for sharing programs under section 280.15, 257.28, or 282.7 as an alternative to school reorganization.

Provided, however, that the state superintendent of public instruction shall have authority to grant permission to an area education agency board to approve the formation or enlargement of a school district containing a lower school enrollment than required in this section on the written request of such area education agency board if such request is accompanied by evidence tending to show that sparsity of population, natural barriers or other good reason makes it impracticable to meet the school enrollment requirement.

2 The petition filed under subsection 1 shall also state the name of the proposed school district and the number of directors which may be either five or seven and the method of election of the school directors of the proposed district. The method of election of the directors shall be one of the following optional plans:

a Election at large from the entire district by the electors of the entire district.

b Division of the entire school district into designated geographical subdistricts on the basis of population, to be known as director districts, each of which director districts shall be represented on the school board by one director who shall be a resident of such director district but who shall be elected by the vote of the electors of the entire school district. The school district shall be divided into the same number of director districts as the number of school directors the district is authorized by law. The boundaries of such director districts and the area and population included within each district shall be such as justice, equity, and the interests of the people may require. Changes in the boundaries of director districts shall not be made during a period commencing sixty days prior to the date of the annual school election. Insofar as may be practicable, the boundaries of such districts shall follow established political or natural geographical divisions.

c Election of not more than one half of the total number of school directors at large from the entire district and the remaining directors from and as residents of designated single-member or multi-member director districts into which the entire school district shall be divided on the basis of population for each director. In such case, all directors shall be elected by the electors of the entire school district. Changes in the boundaries of director districts shall not be made during a period commencing sixty days prior to the date of the annual school election.

d Division of the entire school district into designated geographical subdistricts on the basis of population, to be known as director districts, each of which director districts shall be represented on the school board by one director who shall be a resident of such director district and who shall be elected by the voters of said director district. Place of voting in such director districts shall be designated by the commissioner of elections. Changes in the boundaries of director districts shall not be made during a period commencing sixty days prior to the date of the annual school election.

e In districts having seven directors, election of three directors at large by the electors of the entire district, one at each annual school election, and election of the remaining directors as residents of and by the electors of individual geographic subdistricts established on the basis of population and identified as director districts. Boundaries of the subdistricts shall follow precinct boundaries, insofar as practicable, and shall not be changed less than sixty days prior to the annual school election.

3. If the petition proposes the division of the school district into director districts, the boundaries of such proposed director districts shall be described in the petition.

4. The area education agency board in reviewing the petition as provided in sections 275.15 and 275.16 shall review the proposed method of election of school directors and may change or amend the plan in any manner, including the changing of boundaries of director districts if proposed, or to specify a different method of electing school directors as may be required by law, justice, equity, and the interest of the people. In the action, the area education agency board shall follow the same procedure as is required by sections 275.15 and 275.16 for other action on the petition by the area education agency board.

The voters at the regular election shall have power to

- 1 Direct a change of textbooks regularly adopted
- 2 Direct the sale, lease, or other disposition of any schoolhouse or site or other property belonging to the corporation, and the application to be made of the proceeds thereof, provided, however, that nothing herein shall be construed to prevent the sale, lease, exchange, gift or grant and acceptance of any interest in real or other property by the board of directors without an election to the extent authorized in section 297.22

- 4 Instruct the board that school buildings may or may not be used for meetings of public interest
- 5 Direct the transfer of any surplus in the school house fund to the general fund
- 6 Authorize the board to obtain, at the expense of the corporation, roads for proper access to its school houses
- 7 Vote a schoolhouse tax, not exceeding sixty seven and one-half cents per thousand dollars of assessed value in any one year, for the purchase of grounds, for construction of schoolhouses or buildings, for the payment of debts contracted for the erection or construction of schoolhouses or buildings, not including interest on bonds, for procuring or acquisition of libraries, for opening roads to schoolhouses or buildings, for the purchase of buildings or equipment for buildings or schoolhouses, for the purpose of repairing, remodeling, reconstructing, improving or expanding the schoolhouses or buildings for the school district, for the purpose of landscaping, paving, or improving the schoolhouse or building grounds, or for the rental of facilities pursuant to chapter 28E. Interest earned from investments of these funds may be used for the purposes voted. The power to levy a schoolhouse tax, when voted, shall continue for the period of time authorized by the voters and shall not be affected by any change in the boundaries of the school district, except as otherwise provided in this section. If each school district involved in a school reorganization under chapter 275 has voted the schoolhouse tax and if the voters have not voted upon the proposition to levy the schoolhouse tax in the reorganized district, the schoolhouse tax is in effect for the reorganized district for the least amount and the shortest time for which it is in effect in any of the districts. Authorized levies for the period of time presently approved shall not be affected as a result of a failure of

a proposition proposed to expand the purposes for which the funds may be expended. As used in this subsection, "repair" means to restore the existing structure or thing to its original condition, as near as may be, after decay, waste, injury, or partial destruction, but does not include maintenance or customary repainting, and "reconstruction" means to rebuild or to restore again as an entity the thing which was lost or destroyed.

If a proposition submitted to the voters under this subsection or subsection 8 of this section is rejected, it may not be resubmitted to the voters of the district in substantially the same form within the next three years, if it is approved, no other proposal may be submitted to the voters of the district under this subsection or subsection 8 of this section within the next six years.

10 Change the name of the school district, without affecting its corporate existence, rights, or obligations, and subject to the requirements of section 274.6.

The board may, with approval of sixty percent of the voters, voting in a regular or special election in the school district, make extended time contracts not to exceed twenty years in duration for rental of buildings to supplement existing schoolhouse facilities, and where it is deemed advisable for buildings to be constructed or placed on real estate owned by the school district, such contracts may include lease purchase option agreements, such amounts to be paid out of the schoolhouse fund.

Before entering into a rental or lease-purchase option contract, authorized by the electors, the board shall first adopt plans and specifications for a building or buildings which it considers suitable for the intended use and also adopt a form of rental or lease-purchase option contract. The board shall then invite bids thereon, by advertisement published once each week for two consecutive weeks, in a newspaper published in the county in which the building or buildings are to be located, and the rental or lease-purchase option contract shall be awarded to the lowest responsible bidder, but the board may reject any and all bids and advertise for new bids.

The voters at the regular or special election shall have power to vote a schoolhouse tax not exceeding one dollar and thirty-five cents per thousand dollars of assessed value in any one year providing for lease-purchase option of school buildings.

The board may, and upon the written request of twenty-five eligible electors of any district having a population of five thousand or less, or of fifty eligible electors of any other district, shall direct the county commissioner of elections to provide in the notice of the regular election for submitting any proposition authorized by law to the voters. However, in the case of a proposition authorized by section 278.1, subsection 8 or 9, the requirements of section 275.36 shall

govern with respect to the number of signatures required on a petition for submission of the proposition. When the board has directed the commissioner to submit to the voters a proposition authorized by section 278.1, subsection 8 or 9, it shall not thereafter direct the commissioner to submit at the same election any other proposition under either of these subsections.

The power vested in the electors by section 278.1 shall not affect or limit the power granted to the board of directors of a school district in section 297.7, subsection 2, and the authority granted in said subsection shall be construed as independent of the power vested in the electors by section 278.1.

The superintendent shall present evidence and argument on all issues involved and the teacher may cross-examine, respond and present evidence and argument in the teacher's behalf relevant to all issues involved. Evidence may be by stipulation of the parties and informal settlement may be made by stipulation, consent, or default or by any other method agreed upon by the parties in writing. The board shall employ a certified shorthand reporter to keep a record of the private hearing. The proceedings or any part thereof shall be transcribed at the request of either party with the expense of transcription charged to the requesting party.

The presiding officer of the board may administer oaths in the same manner and with like effect and under the same penalties as in the case of magistrates exercising criminal or civil jurisdiction. The board shall cause subpoenas to be issued for such witnesses

and the production of such books and papers as either the board or the teacher may designate. The subpoena as shall be signed by the presiding officer of the board.

The board shall not be bound by common law or statutory rules of evidence or by technical or formal rules of procedure but it shall hold the hearing in such manner as is best suited to ascertain and conserve the substantial rights of the parties. Process and procedure under sections 279 13 to 279 19 shall be as summary as reasonably may be.

At the conclusion of the private hearing, the superintendent and the teacher may file written briefs and arguments with the board within three days or such other time as may be agreed upon.

The board shall convene in open session and by roll call vote determine the termination or continuance of the teacher's contract.

279.17 Appeal by teacher to adjudicator

If the teacher is no longer a probationary teacher the teacher may, within ten days, appeal the determination of the board to an adjudicator by filing a notice of appeal with the secretary of the board. The notice of appeal shall contain a concise statement of the action which is the subject of the appeal, the particular board action appealed from, the grounds on which relief is sought and the relief sought.

Within five days following receipt by the secretary of the notice of appeal, the board or the board's legal representative if any, and the teacher or the teacher's representative if any, may select an adjudicator who resides within the boundaries of the merged area in which the school district is located. If an adjudicator cannot be mutually agreed upon within the five day period, the secretary shall notify the chairperson of the public employment relations board by transmitting the notice of appeal, and the chairperson of the public employment relations board shall within five days provide a list of five adjudicators to the parties. Within three days from receipt of the list of adjudicators, the parties shall select an adjudicator by alternately removing a name from the list until only one name remains. The person whose name remains shall be the adjudicator. The parties shall determine by lot which party shall remove the first name from the list submitted by the chairperson of the public employment relations board. The secretary of the board shall inform the chairperson of the public employee relations board of the name of the adjudicator selected.

If the teacher does not timely request an appeal to an adjudicator the decision, opinion, or conclusion of the board shall become final and binding.

Within thirty days after filing the notice of appeal, or within further time allowed by the adjudicator, the board shall transmit to the adjudicator the original or a certified copy of the entire record of the private hearing which may be the subject of the petition. By stipulation of the parties to review the proceedings, the record of the case may be shortened. The adjudicator may require or permit subsequent corrections or additions to the shortened record.

The record certified and filed by the board shall be the record upon which the appeal shall be heard and no additional evidence shall be heard by the adjudicator. In such appeal to the adjudicator, especially when considering the credibility of witnesses, the adjudicator shall give weight to the fact findings of the board, but shall not be bound by them.

Before the date set for hearing a petition for review of board action, which shall be within ten days after receipt of the record unless otherwise agreed or unless the adjudicator orders additional evidence be taken before the board, application may be made to the adjudicator for leave to present evidence in addition to that found in the record of the case. If it is shown to the adjudicator that the additional evidence is material and that there were good reasons for failure to present it in the private hearing before the board, the adjudicator may order that the additional evidence be taken before the board upon conditions determined

by the adjudicator. The board may modify its findings and decision in the case by reason of the additional evidence and shall file that evidence and any modifications, new findings, or decisions, with the adjudicator and mail copies of the new findings or decisions to the teacher.

The adjudicator may affirm board action or remand to the board for further proceedings. The adjudicator shall reverse, modify, or grant any appropriate relief from the board action if substantial rights of the teacher have been prejudiced because the board action is

- 1 In violation of a board rule or policy or contract, or
- 2 Unsupported by a preponderance of the competent evidence in the record made before the board when that record is viewed as a whole, or
- 3 Unreasonable, arbitrary or capricious or characterized by an abuse of discretion or a clearly unwarranted exercise of discretion.

The adjudicator shall, within fifteen days after the hearing, make a decision and shall give a copy of the decision to the teacher and the secretary of the board. The decision of the adjudicator shall become the final and binding decision of the board unless either party within ten days notifies the secretary of the board that the decision is rejected. The board may reject the decision by majority vote, by roll call, in open meeting and entered into the minutes of the meeting. The board shall immediately notify the teacher of its decision by certified mail. The teacher may reject the adjudicator's decision by notifying the board's secretary in writing within ten days of the filing of such decision.

All costs of the adjudicator shall be shared equally by the teacher and the board.

279.18 Appeal by either party to court.

If either party rejects the adjudicator's decision, the rejecting party shall, within thirty days of the initial filing of such decision, appeal to the district court of the county in which the administrative office of the school district is located. The notice of appeal shall be immediately mailed by certified mail to the other party. The adjudicator shall transmit to the reviewing court the original or a certified copy of the entire record which may be the subject of the petition. By stipulation of all parties to the review proceedings, the record of such a case may be shortened. A party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional cost. The court may require or permit subsequent corrections or additions to the shortened record.

In proceedings for judicial review of the adjudicator's decision, the court shall not hear any further evidence but shall hear the case upon the certified record. In such judicial review, especially when considering the credibility of witnesses, the court shall give weight to the fact findings of the board, but shall not be bound by them. The court may affirm the adjudicator's decision or remand to the adjudicator or the board for further proceedings upon conditions determined by the court. The court shall reverse, modify, or grant any other appropriate relief from the board decision or the adjudicator's decision equitable or

legal and including declaratory relief if substantial rights of the petitioner have been prejudiced because the action is

- 1 In violation of constitutional or statutory provisions, or
- 2 In excess of the statutory authority of the board or the adjudicator, or
- 3 In violation of a board rule or policy or contract, or
- 4 Made upon unlawful procedure, or
- 5 Affected by other error of law, or
- 6 Unsupported by a preponderance of the competent evidence in the record made before the board and the adjudicator when that record is viewed as a whole, or
- 7 Unreasonable, arbitrary or capricious or characterized by an abuse of discretion or a clearly unwarranted exercise of discretion.

An aggrieved or adversely affected party to the judicial review proceeding may obtain a review of any final judgment of the district court by appeal to the supreme court. The appeal shall be taken as in other civil cases, although the appeal may be taken regardless of the amount involved.

In the case of the termination of a probationary teacher's contract, the provisions of sections 279.15 and 279.16 shall apply.

4. As a condition of employment under section 279.13, the board of directors of a school district may require an employee who has been issued a teaching contract pursuant to section 279.13 to accept an extracurricular contract for which the employee is certificated, or may require as a condition of employment that an applicant for a teaching contract under section 279.13 accept an extracurricular contract if all of the following conditions apply:

a. The individual who held the coaching position during the year has not been issued a teaching contract by the board pursuant to section 279.13 for the subsequent school year, or has been terminated from the extracurricular contract.

5. By June 1 of that year, the board shall notify the employee in writing if the board intends to require the employee to accept an extracurricular contract for the subsequent school year under subsection 3 or 4. If the employee believes that the board did not make a good faith effort to fill the position the employee may appeal the decision by notifying the board in writing within seven school days after receiving the notification.

The appeal shall state why the employee believes that the board did not make a good faith effort to fill the position. If the parties are unable to informally resolve the dispute, the parties shall attempt to agree upon an alternative means of resolving the dispute.

If the dispute is not resolved by mutual agreement, either party may appeal to the district court.

279.24 Contract with administrators — automatic continuation or termination.

An administrator's contract shall remain in force and effect for the period stated in the contract. The contract shall be automatically continued in force and effect for one year beyond the end of its term, except as modified or terminated by mutual agreement of the board of directors and the administrator, or until terminated as hereinafter provided.

An administrator may file a written resignation with the secretary of the board on or before May 1 of each year or the date specified by the board for return of the contract, whichever date occurs first.

Administrators employed in a school district for less than two consecutive years are probationary administrators. However, a board may waive the probationary period for any administrator who has previously served a probationary period in another school district and the board may extend the probationary period for an additional year with the consent of the administrator. If a board determines that it should terminate a probationary administrator's contract, the board shall notify the administrator not later than March 31 that the contract will not be renewed beyond the current year. The notice shall be in writing by letter, personally delivered, or mailed by certified mail. The notification shall be complete when received by the administrator. Within ten days after receiving the notice, the administrator may request a private conference with the board to discuss the reasons for termination. The board's decision to terminate a probationary administrator's contract shall be final unless the termination was based upon an alleged violation of a constitutionally guaranteed right of the administrator.

The board may, by majority vote of the membership of the board, cause the contract of an administrator to be terminated. If the board determines that it should consider the termination of a nonprobationary administrator's contract, the following procedure shall apply:

On or before March 31, the administrator shall be notified in writing by a letter personally delivered or mailed by certified mail that the board has voted to consider termination of the contract. The notification shall be complete when received by the administrator.

The notice shall state the specific reasons to be used by the board for considering termination which for all administrators except superintendents shall be for just cause.

Within five days after receipt of the written notice that the board has voted to consider termination of the contract, the administrator may request in writing to the secretary of the board that the notification be forwarded to the professional teaching practices commission along with a request that the professional teaching practices commission submit a list of five qualified hearing officers to the parties. Within three days from receipt of the list the parties shall select a hearing officer by alternately removing a name from the list until only one name remains. The person whose name remains shall be the hearing officer. The parties shall determine by lot which party shall remove the first name from the list. The hearing shall be held no sooner than ten days and not later than thirty days following the administrator's request unless the parties otherwise agree. If the administrator does not request a hearing, the board, not later than

April 15, may determine the continuance or discontinuance of the contract. Board action shall be by majority roll call vote entered on the minutes of the meeting. Notice of board action shall be personally delivered or mailed to the administrator.

The hearing officer selected shall notify the secretary of the board and the administrator in writing concerning the date, time, and location of the hearing. The board may be represented by a legal representative, if any, and the administrator shall appear and may be represented by counsel or by representative, if any. A transcript or recording shall be made of the proceedings at the hearing. No school board member or administrator shall be liable for any damage to any administrator or board member if any statement made at the hearing is determined to be erroneous as long as the statement was made in good faith.

The hearing officer shall, within ten days following the date of the hearing, make a proposed decision as to whether or not the administrator should be dismissed, and shall give a copy of the proposed decision to the administrator and the school board. Findings of fact shall be prepared by the hearing officer. The proposed decision of the hearing officer shall become the final decision of the board unless within ten days after the filing of the decision the administrator files a written notice of appeal with the board, or the board on its own motion determines to review the decision.

If the administrator appeals to the board, or if the board determines on its own motion to review the proposed decision of the hearing officer, a private hearing shall be held before the board within five days after the petition for review, or motion for review, has been made or at such other time as the parties may agree. The private hearing shall not be subject to the provisions of chapter 21. The board may hear the case de novo upon the record as submitted before the hearing officer. In cases where there is an appeal from a proposed decision or where a proposed decision is reviewed on motion of the board, an opportunity shall be afforded to each party to file exceptions, present briefs and present oral arguments to the board which is to render the final decision. The secretary of the board shall give the administrator written notice of the time, place, and date of the hearing. The board shall meet within five days after the hearing to determine the question of continuance or discontinuance of the contract. The board shall make findings of fact which shall be based solely on the evidence in the record and on matters officially noticed in the record.

The decision of the board shall be in writing and shall include findings of fact and conclusions of law, separately stated. Findings of fact, if set forth in statutory language, shall be accompanied by a concise and explicit statement of the underlying facts and supporting the findings. Each conclusion of law shall be supported by cited authority or by reasoned opinion.

When the board has reached a decision, opinion, or conclusion, it shall convene in open meeting and by roll call vote determine the continuance or discontinuance of the administrator's contract. The record of the private conference and findings of fact and exceptions shall be exempt from the provisions of chapter 22. The secretary of the board shall immediately personally deliver or mail notice of the board's action to the administrator.

The administrator may within thirty days after notification by the board of discontinuance of the contract appeal to the district court of the county in which the administrative office of the school district is located.

The court may affirm the board action. The court shall reverse, modify, or grant any other appropriate relief from the board action, equitable or legal, and including declaratory relief, if substantial rights of the administrator have been prejudiced because the board action is

- 1 In violation of constitutional or statutory provisions
- 2 In excess of the statutory authority of the board
- 3 In violation of board policy or rule
- 4 Made upon unlawful procedure
- 5 Affected by other error of law
- 6 Is unsupported by substantial evidence in the record made before the board when that record is reviewed as a whole
- 7 Unreasonable, arbitrary, or capricious, or characterized by an abuse of discretion or clearly unwarranted exercise of discretion

The board shall further designate the amounts which are to be raised by local taxation and the amounts which are to be raised by other sources of revenue for the operation. The budget of each merged area shall be submitted to the state board no later than May 1 preceding the next fiscal year for approval. The state board shall review the proposed budget and shall, prior to June 1, either grant its approval or return the budget without approval with the comments of the state board attached to it. Any unapproved budget shall be resubmitted to the state board for final approval. Upon approval of the budget by the state board, the board of directors shall certify the amount to the respective county auditors and the boards of supervisors annually shall levy a tax of twenty and one-fourth cents per thousand dollars of assessed value on taxable property in a merged area for the operation of an area vocational school or area community college. 280A.22 Facilities levy by vote — borrowing — temporary cash reserve levy.

1 *a* In addition to the tax authorized under section 280A 17, the voters in any merged area may at the annual school election vote a tax not exceeding twenty and one fourth cents per thousand dollars of assessed value in any one year for a period not to exceed ten years for the purchase of grounds, construction of buildings, payment of debts contracted for the construction of buildings, purchase of buildings and equipment for buildings, and the acquisition of libraries, and for the purpose of maintaining, remodeling, improving, or expanding the area vocational school or area community college of the merged area. The tax shall be collected by the county treasurers and remitted to the treasurer of the merged area as provided in section 331 552, subsection 29. The proceeds of the tax shall be deposited in a separate and distinct fund to be known as the voted tax fund, to be paid out upon warrants drawn by the president and secretary of the board of directors of the merged area district for the payment of costs incurred in providing the school facilities for which the tax was voted.

b In order to make immediately available to the merged area the proceeds of the voted tax hereinbefore authorized to be levied, the board of directors of any such merged area is hereby authorized, without the necessity for any further election, to borrow money and enter into loan agreements in anticipation of the collection of such tax, and such board shall, by resolution, provide for the levy of an annual tax, within the limits of the special voted tax hereinbefore authorized, sufficient to pay the amount of any such loan and the interest thereon to maturity as the same becomes due. A certified copy of this resolution shall be filed with the county auditors of the counties in which such merged area is located, and the filing thereof shall make it a duty of such auditors to enter annually this levy for collection until funds are realized to repay the loan and interest thereon in full. Said loan must mature within the number of years for which the tax has been voted and shall bear interest at a rate or rates not exceeding that permitted by chapter 74A. Any loan agreement entered into pursuant to authority herein contained shall be in such form as the board of directors shall by resolution provide and the loan shall be payable as to both principal and interest from the proceeds of the annual levy of the voted tax hereinbefore authorized, or so much thereof as will be sufficient to pay the loan and interest thereon. In furtherance of the foregoing the board of directors of such merged area may, with or without notice, negotiate and enter into a loan agreement or agreements with any bank, investment banker, trust company, insurance company or group thereof, whereunder the borrowing of the necessary funds may be assured and consummated. The proceeds of such loan shall be deposited in a special fund, to be kept separate and apart from all other funds of the merged area, and shall be paid out upon warrants drawn by the president and secretary of the board of directors to pay the

cost of acquiring the school facilities for which the tax was voted.

c If the boundary lines of a merged area are changed, the levy of the annual tax provided in this section sufficient to pay the amount due for a loan agreement and the interest on the loan agreement to maturity shall continue in any territory severed from the merged area until the loan with interest on the loan has been paid in full.

d Nothing herein contained shall be construed to limit the authority of the board of directors to levy the full amount of the voted tax, but if and to whatever extent said tax is levied in any year in excess of the amount of principal and interest falling due in such year under any loan agreement, the first available proceeds thereof, to an amount sufficient to meet maturing installments of principal and interest under the loan agreement, shall be paid into the sinking fund for such loan before any of such taxes are otherwise made available to the merged area for other school purposes, and the amount required to be annually set aside to pay the principal of and interest on the money borrowed under such loan agreement shall constitute a first charge upon all of the proceeds of such annual special voted tax, which tax shall be pledged to pay said loan and the interest thereon.

e This law shall be construed as supplemental and in addition to existing statutory authority and as providing an independent method of financing the cost of acquiring school facilities for which a tax has been voted under this section and for the borrowing of money and execution of loan agreements in connection therewith and shall not be construed as subject to the provisions of any other law. The fact that a merged area may have previously borrowed money and entered into loan agreements under authority herein contained shall not prevent such merged area from borrowing additional money and entering into further loan agreements provided that the aggregate of the amount payable under all of such loan agreements does not exceed the proceeds of the voted tax. All acts and proceedings heretofore taken by the board of directors or by any official of any merged area for the exercise of any of the powers granted by this section are hereby legalized and validated in all respects.

2 In addition to the tax authorized under section 280A 17, the board of directors of an area school may certify for levy by March 15, 1982 and March 15, 1983, a tax on taxable property in the merged area at rates that will provide total revenues for the two years equal to five percent of the area school's general fund expenditures for the fiscal year ending June 30, 1980 in order to provide a cash reserve for that area school. As nearly as possible, one-half the revenue for the cash reserve fund shall be collected during each year.

The revenues derived from the levies shall be placed in a separate cash reserve fund. Moneys from the cash reserve fund shall only be used to alleviate temporary cash shortages. If moneys from the cash reserve fund are used to alleviate a temporary cash shortage, the cash reserve fund shall be reimbursed immediately from the general fund of the area school as funds in the general fund become available, but in no case later than June 30 of the current fiscal year, to repay the funds taken from the cash reserve fund.

280A.23 Authority of area directors.

The board of directors of each area vocational school or area community college shall

1 Determine the curriculum to be offered in such school or college subject to approval of the state board. If an existing private educational or vocational institution within the merged area has facilities and curriculum of adequate size and quality which would duplicate the functions of the area school, the board of directors shall discuss with the institution the possibility of entering into contracts to have the existing institution offer facilities and curriculum to students of the merged area. The board of directors shall consider any proposals submitted by the private institution for providing such facilities and curriculum. The board of directors may enter into such contracts. In approving curriculum, the state board shall ascertain that all courses and programs submitted for approval are needed and that the curriculum being offered by an area school does not duplicate programs provided by existing public or private facilities in the area. In determining whether duplication would actually exist, the state board shall consider the needs of the area and consider whether the proposed programs are competitive as to size, quality, tuition, purposes, and area coverage with existing public and private educational or vocational institutions within the merged area.

2 Have authority to determine tuition rates for instruction. Tuition for residents of Iowa shall not exceed the lowest tuition rate per semester, or the equivalent, charged by an institution of higher education under the state board of regents for a full time resident student. However, if a local school district pays tuition for a resident pupil of high school age, the limitation on tuition for residents of Iowa shall not apply, the amount of tuition shall be determined by the board of directors of the area school with the consent of the local school board, and the pupil shall not be included in the full time equivalent enrollment of the area school for the purpose of computing general aid to the area school. Tuition for nonresidents of Iowa shall be not less than one hundred fifty percent and not more than two hundred percent of the tuition established for residents of Iowa. Tuition for resident or nonresident students may be set at a higher figure with the approval of the state board. A lower tuition for nonresidents may be permitted under a reciprocal tuition agreement between a merged area and an educational institution in another state, if the agreement is approved by the state board.

3 Have the powers and duties with respect to such schools and colleges, not otherwise provided in this chapter, which are prescribed for boards of directors of local school districts by chapter 279 except that the board of directors is not required to prohibit the use of tobacco and the use or possession of alcoholic liquor or beer by any student under the provisions of section 279.9.

4 Have the power to enter into contracts and take other necessary action to insure a sufficient curriculum and efficient operation and management of the school or college and maintain and protect the physical plant, equipment, and other property of the school or college.

5 Establish policy and make rules, not inconsistent with law and administrative rules, regulations, and policies of the state board, for its own government and that of the administrative teaching, and other personnel, and the students of the school or college, and aid in the enforcement of such laws, rules, and regulations.

6 Have authority to sell a student constructed building and the property on which the student constructed building is located or any article resulting from any vocational program or course offered at an area vocational school or area community college by any procedure which may be adopted by the board. Governmental agencies and governmental subdivisions of the state within the merged areas shall be given preference in the purchase of such articles. All revenue received from the sale of any article shall be credited to the funds of the board of the merged area.

7 With the consent of the inventor, and in the discretion of the board, secure letters patent or copyright on inventions of students, instructors, and officials of any vocational school or community college of the merged area, or take assignment of such letters patent or copyright and make all necessary expenditures in regard thereto. Letters patent or copyright on inventions when so secured shall be the property of the board of the merged area and the royalties and earnings thereon shall be credited to the funds of the board.

8 Set the salary of the area superintendent. In setting the salary, the board shall consider the salaries of administrators of educational institutions in the merged area and the enrollment of the area school.

9 At the request of an employee through contractual agreement the board may arrange for the purchase of group or individual annuity contracts for any of its respective employees from any company the employee may choose that is authorized to do business in this state and through an Iowa licensed insurance agent that the employee may select, for retirement or other purposes and may make payroll deductions in accordance with such arrangements for the purpose of paying the entire premium due and to become due under such contract. The deductions shall be made in the manner which will qualify the annuity premiums for the benefits afforded under section 403b of the Internal Revenue Code of 1954 and amendments thereto. The employee's rights under such annuity contract shall be nonforfeitable except for the failure to pay premiums. Whenever an existing tax sheltered annuity contract is to be replaced by a new contract the agent or representative of the company shall submit a letter of intent to the company being replaced, to the insurance commissioner of the state of Iowa, and to the agent's or representative's own company at least thirty days prior to any action by registered mail. This letter of intent shall contain the policy number and description of the contract being replaced and a description of the replacement contract.

10 Make necessary rules to provide for the policing, control, and regulation of traffic and parking of vehicles and bicycles on the property of the area school. The rules may provide for the use of institutional roads, driveways, and grounds, registration of vehicles and bicycles, the designation of parking areas, the erection and maintenance of signs designat

ing prohibitions or restrictions; the installation and maintenance of parking control devices except parking meters; and assessment, enforcement, and collection of reasonable penalties for the violation of the rules.

Rules made under this subsection may be enforced under procedures adopted by the board of directors. Penalties may be imposed upon students, faculty, and staff for violation of the rules, including, but not limited to, a reasonable monetary penalty which may be deducted from student deposits and faculty or staff salaries or other funds in possession of the area school or added to student tuition bills. The rules made under this subsection may also be enforced by the impoundment of vehicles and bicycles parked in violation of the rules, and a reasonable fee may be charged for the cost of impoundment and storage prior to the release of the vehicle or bicycle to the owner. Each area school shall establish procedures for the determination of controversies in connection with the imposition of penalties. The procedures shall require giving notice of the violation and the penalty prescribed and providing the opportunity for an administrative hearing.

11. Be authorized to issue to employees of merged area schools school credit cards to use for payment of authorized expenditures incurred in the performance of work-related duties.

The state board shall upon approval officially classify the school as an area community college.

The standard academic work load for an instructor in arts and science courses shall be fifteen credit hours per school term, and the maximum academic work load for any instructor shall be sixteen credit hours per school term, for classes taught during the normal school day. In addition thereto, any faculty member may teach a course or courses at times other than usual day-course hours, or on days other than the regular school week, involving total class instruction time equivalent to not more than a three-credit-hour course. The state board shall:

Have the power to enter into contracts with local school boards within the area that have and maintain a technical or vocational high school and with private schools or colleges in the co-operative or merged areas to provide courses or programs of study in addition to or as a part of the curriculum made available in the community college or area vocational schools.

9. Such agreement shall be effective only if approved by the state board of public instruction. Such agreement shall provide for reasonable compensation to such local school district.

Where the board of any local school district operating a community or junior college and the board of directors of the merged areas are not in agreement on the reasonable value of any public community or junior college which is to be converted, the matters of disagreement shall be decided by three disinterested arbitrators, one selected by the local board, one by the board of the merged area, and one by the two arbitrators so selected. The decision of the arbitrators shall be made in writing and a copy of the decision shall be filed with the secretary of the board of the merged area and the secretary of the local board. There is created within the state department of public instruction a division of special education for the promotion, direction, and supervision of education for children requiring special education in the schools under the supervision and control of the department. The state superintendent, subject to the approval of the state board of public instruction, is authorized to organize the division and to employ the necessary qualified personnel to carry out the provisions of this chapter.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §281.1]

281.2 Definitions.

1 "Children requiring special education" means persons under twenty-one years of age, including children under five years of age, who are handicapped in obtaining an education because of physical, mental, communication or learning disabilities or who are behaviorally disordered, as defined by the rules of the department of public instruction.

2 "Special education" means classroom, home, hospital, institutional, or other instruction designed

to meet the needs of children requiring special education as defined in subsection 1; transportation and corrective and supporting services required to assist children requiring special education, as defined in subsection 1, in taking advantage of, or responding to, educational programs and opportunities, as defined by rules of the state board of public instruction.

It is the policy of this state to provide and to require school districts to make provision, as an integral part of public education, for special education opportunities sufficient to meet the needs and maximize the capabilities of children requiring special education. This chapter is not to be construed as encouraging separate facilities or segregated programs designed to meet the needs of children requiring special education when such children can benefit from all or part of the education program as offered by the local school district. To the maximum extent possible, children requiring special education shall attend regular classes and shall be educated with children who do not require special education. Whenever possible, hindrances to learning and to the normal functioning of children requiring special education within the regular school environment shall be overcome by the provision of special aids and services rather than by separate programs for those in need of special education. Special classes, separate schooling or other removal of children requiring special education from the regular educational environment, shall occur only when, and to the extent that the nature or severity of the educational handicap is such that education in regular classes, even with the use of supplementary aids and services, cannot be accomplished satisfactorily. For those children who cannot adapt to the regular educational or home living conditions, and who are attending facilities under chapters 263, 269 and 270, upon the request of the board of directors of an area education agency, the department of human services shall provide residential or detention facilities and the area education agency shall provide special education programs and services. The area education agencies shall co-operate with the board of regents to provide the services required by this Act*.

Special aids and services shall be provided to children requiring special education who are less than five years of age if the aids and services will reasonably permit the child to enter the educational process or school environment when the child attains school age.

Every child requiring special education shall, if reasonably possible, receive a level of education commensurate with the level provided each child who does not require special education. The cost of providing such an education shall be paid as provided in section 273.9, this chapter and chapter 442. It shall be the primary responsibility of each school district to provide special education to children who reside in that district if the children requiring special education are properly identified, the educational program or service has been approved, the teacher or instructor has been certified, the number of children requiring special education needing that educational program or service is sufficient to make offering the program or service feasible, and the program or service cannot more economically and equably be obtained from the area education agency, another school district, another group of school districts, a qualified private agency, or in co-operation with one or more other districts.

Any funds received by the school district of the child's residence for the child's education, derived from funds received through chapter 442, this chapter and section 273.9 shall be paid by the school district of the child's residence to the appropriate education agency, private agency, or other school district providing special education for the child pursuant to contractual arrangements as provided in section 273.3, subsections 5 and 7.

281.8 Exceptions.

It shall not be incumbent upon the school districts to keep a child requiring special education in regular instruction when the child cannot sufficiently profit from the work of the regular classroom, nor to keep such child requiring special education in the special class or instruction for children requiring special education when it is determined by the director of special education of an area education agency that the child can no longer benefit from the instruction or needs more specialized instruction available in special schools However, the school district shall count the

child requiring special education in the enrollment as provided in sections 273 9, 281 9 and 442 4 and shall insure that appropriate educational provisions are made for the child requiring special education within the limits of funds available under the provisions of this chapter and chapters 273 and 442

No provision of this chapter shall be construed to require or compel any person who is a member of a well recognized church or religious denomination and whose religious convictions, in accordance with the tenets or principles of the person's church or religious denomination, are opposed to medical or surgical treatment for disease to take or follow a course of physical therapy, or submit to medical treatment, nor shall any parent or guardian who is a member of such church or religious denomination and who has such religious convictions be required to enroll a child in any course or instruction which utilizes medical or surgical treatment for disease

281.9 Weighting plan.

1 In order to provide funds for the excess costs of instruction of children requiring special education, above the costs of instruction of pupils in a regular curriculum, a special education weighting plan for determining enrollment in each school district is adopted as follows

a Pupils in a regular curriculum are assigned a weighting of one

b Children requiring special education who require special adaptations while assigned to a regular classroom for basic instructional purposes and handicapped pupils placed in a special education class who receive part of their instruction in regular classrooms are assigned a weighting of one and eight-tenths for the school year commencing July 1, 1975

c Children requiring special education who require full time, self contained special education placement with little integration into a regular classroom are assigned a weighting of two and two-tenths for the school year commencing July 1, 1975

d Children requiring special education who are severely handicapped or who have multiple handicaps are assigned to a weighting of four and four-tenths for the school year commencing July 1, 1975

e Shared-time and part time pupils of school age who require special education shall be placed in the proper category and counted in the proportion that the time for which they are enrolled or receive instruction for the school year bears to the time that full time pupils, carrying a normal course schedule, in the same school district, for the same school year are enrolled and receive instruction

281.9 Amend Ch 212 §21 - 85 Acts

2. The weighting for each category of child multiplied by the number of children in each category in the enrollment of a school district, as identified and certified by the director of special education for the area, determines the weighted enrollment to be used in that district for purposes of computations required under the state school foundation plan in chapter 442.

3. The weight that a child is assigned under this section shall be dependent upon the required educational modifications necessary to meet the special education needs of the child. Enrollment for the purpose of this section, and all payments to be made pursuant thereto, includes all children for whom a special education program or course is to be provided pursuant to sections 273.1 to 273.9 and this chapter, whether or not the children are actually enrolled upon the records of a school district.

4. On December 1, 1975, and no later than December 1 every two years thereafter, for the school year commencing the following July 1, the superintendent of public instruction shall report to the school budget review committee the average costs of providing instruction for children requiring special education in the categories of the weighting plan established under this section, and the state board of public instruction shall make recommendations to the school budget review committee for needed alterations to make the weighting plan suitable for subsequent school years. The school budget review committee shall establish the weighting plan for each school year after the school year commencing July 1, 1975, and shall report the plan to the superintendent of public instruction. The school budget review committee shall not alter the weighting assigned to pupils in a regular curriculum, but it may increase or decrease the weighting assigned to each category of children requiring special education by not more than two-tenths of the weighting assigned to pupils in a regular curriculum. The state board of public instruction shall promulgate rules under chapter 17A, to implement the weighting plan for each year and to assist in identification and proper indexing of each child in the state who requires special education.

5. The division of special education shall audit the reports required in section 273.5 to determine that all children in the area who have been identified as requiring special education have received the appropriate special education instructional and support services, and to verify the proper identification of pupils in the area who will require special education instructional services during the school year in which the report is filed. The division shall certify to the state comptroller the correct total enrollment of each school district in the state, determined by applying the appropriate pupil weighting index to each child requiring special education, as certified by the directors of special education in each area.

6. The division may conduct an evaluation of the special education instructional program or special education support services being provided by an area education agency, school district, or private agency, pursuant to sections 273.1 to 273.9 and this chapter, to determine if the program or service is adequate and proper to meet the needs of the child; if the child is benefiting from the program or service; if the costs are in proportion to the educational benefits being re-

ceived; and if there are any improvements that can be made in the program or service. A written report of the evaluation shall be sent to the area education agency, school district, or private agency evaluated and to the president of the senate and speaker of the house of representatives of the general assembly.

7. Commencing with the school year beginning July 1, 1976, costs of special education instructional programs include the costs of purchase of transportation equipment to meet the special needs of children requiring special education and for each school year subsequent to the school year beginning July 1, 1977 the inclusion of such costs shall be subject to the approval of the state board of public instruction. Unencumbered funds generated for special education instructional programs for the school year beginning July 1, 1975 and for the school year beginning July 1, 1976 shall not be expended for such purposes unless approved by the department based upon applications received by the department prior to January 1, 1978 and approved prior to April 1, 1978.

Commencing with the school year beginning July 1, 1976, a school district may expend an amount not to exceed two-sevenths of an amount equal to the district cost of a school district for the costs of regular classroom instruction of a child certified under the special education weighting plan in subsection 1, paragraph "b", as a handicapped pupil who is enrolled in a special class, but who receives part of the pupil's instruction in a regular classroom. Unencumbered funds generated for special education instructional programs for the school year beginning July 1, 1975 and for the school year beginning July 1, 1976 shall not be expended for such purpose.

Commencing with the school year beginning July 1, 1975, funds generated for special education instructional programs under this chapter and chapter 442 shall not be expended for modifications of school buildings to make them accessible to children requiring special education. Unencumbered funds generated for special education instructional programs for the school years beginning July 1, 1975 and July 1, 1976, shall not be expended for such purpose unless approved by the department of public instruction based upon applications received by the department prior to January 1, 1978 and approved prior to April 1, 1978.

the programs and services are provided for children requiring special education who are residents of the school district in which the child has been placed. The special education instructional costs shall be certified to the superintendent of public instruction not later than September 1 of each year for the preceding fiscal year by the area education agency director of special education of the district in which the child has been placed. The state board of public instruction shall review the costs and submit a requisition to the state comptroller. residence or in Iowa. Distance shall be measured by the nearest traveled public road. Arrangements shall be subject to reciprocal agreements made between the chief state school officers of the respective states. Notwithstanding section 282.1, arrangements between districts pursuant to the reciprocal agreements made under this section shall establish tuition and transportation fees in an amount acceptable to the affected boards, but the tuition and transportation fees shall not be less than the lower average cost per pupil for the previous school year of the two affected school districts. For the purpose of this section average cost per pupil for the previous school year is determined by dividing the district's operating expenditures for the previous school year by the number of children enrolled in the district on the second Friday of September of the previous school year. A person attending school in another state shall continue to be treated as a pupil of the district of residence in the apportionment of the current school fund and the payment of state aid.

If a child does not require special education and was not counted in the basic enrollment of a school district for a budget year under section 442.4, the tuition and transportation, when required by law, shall be paid by the treasurer of state from funds in the state treasury not otherwise appropriated, and upon warrants drawn by the state comptroller upon requisition of the superintendent of public instruction.

The school corporation in which the student resides shall pay from the general fund to the secretary of the corporation in which the student is permitted to enroll, a tuition fee as prescribed in section 282.24.

It shall be unlawful for any school district to rebate to any pupils or their parents, directly or indirectly, any portion of the tuition collected or to be collected or to authorize or permit such pupils to receive at the expense of the district, directly or indirectly, any spe-

cial compensation, benefit, privilege, or other thing of value that is not and cannot legally be made available to all other pupils enrolled in its schools. Any superintendent or board members responsible for such unlawful act shall each be personally liable to a fine of not to exceed one hundred dollars. Action to recover such penalty or action to enjoin such unlawful act may be instituted by the board of any school district or by a taxpayer in any school district.

On or before February 15 and June 15 of each year the secretary of the creditor district shall deliver to the secretary of the debtor district an itemized statement of such tuition fees.

The auditor shall transmit to the county treasurer an order directing the county treasurer to transfer the amount of such account from the funds of the debtor corporation to the creditor corporation, and the county treasurer shall pay the same accordingly.

282.24 Tuition fees established.

1. There is established a maximum tuition fee that may be charged for elementary and high school students residing within another school district or corporation except students attending school in another district under section 282.7, subsection 1. That fee is the district cost per pupil of the receiving district as computed in section 442.9, subsection 1, paragraph "a".

A school corporation which owns facilities used as attendance centers for students shall maintain an itemized statement of the appraised value of all buildings owned by the school corporation. Beginning July 1, 1976, the appraisal shall be updated at least one time every five years.

The superintendent of public instruction shall, after July 1 but before September 1 of each year, notify every school in the state, affected by this section, what the computed maximum tuition rate shall be for the ensuing year.

This subsection does not prevent the corporation or district in which the student resides from paying a tuition in excess of the maximum computed tuition rates, if the actual per pupil cost of the preceding year so warrants, but the receiving district or corporation shall not demand more than the maximum rate.

2. The tuition fee charged by the board of directors for pupils attending school in the district under section 282.7, subsection 1, shall not exceed the actual cost of providing the educational program for either the high school or the junior high school in that dis-

The board of any junior college school district may, by mutual agreement with any college or university, permit any specially qualified high school student to attend advanced courses of academic instruction therein.

The state board of regents and the department of public instruction may by rule permit such students to attend any institution of higher learning under their jurisdiction. Credit earned in any such course at a junior college, college or university may be applied toward credit for high school graduation. No public school funds shall be expended for payment of tuition or other costs for such attendance at any college or university, unless such payment is expressly permitted or required by law.

The foregoing provisions shall also apply to junior colleges, colleges and universities in adjacent states when such institutions are located nearer to the homes or schools of the school district than the closest junior college, college or university within the state.

for special education programs and services provided for children requiring special education who are residents of the school district in which the institution or boarding home is located. The special education instructional costs shall be computed by means of weighted enrollment for that child under the provisions of chapters 273, 281, and 442 as if that child were a resident of the school district in which the institution or boarding home is located but the child shall be included in the enrollment count in the district of residence in the manner provided in sections 281.9 and 442.4. The costs as computed shall be paid by the district of residence. No child requiring special education shall be denied special education programs and services because of a dispute over determination of residence of that child. If there is a dispute over the residence of the child, the state board of public instruction shall determine the residence of the child. However, if the special education instructional costs incurred on behalf of the child exceed the amount which would be allowed if the child were provided the programs and services in the district of residence, the treasurer of the school district of residence shall make payment at the maximum amount allowed in that district for a child requiring special education who is similarly handicapped. If the child requiring special education is not counted in the weighted enrollment of any district under section 281.9, and payment is not made by any district, the district in which the institution or boarding home is located may certify the special education instructional costs to the superintendent of public instruction not later than September 1 of each year for the preceding fiscal year. The state board of public instruction shall review the costs and submit a requisition to the state comptroller. The amount due shall be paid by the treasurer of state to the district in which the institution or licensed boarding home is located from any funds in the general fund of the state not otherwise appropriated upon warrants drawn and signed by the state comptroller. For the purposes of this section, the term "district of residence of the child" means the residence of the parent or legal guardian, or the location of the district court if the district court is the legal guardian, of the child.

When state matching funds are required as a condition to the acceptance of federal funds, the state board of public instruction may make expenditures for matching only from funds provided by the

INTERSTATE AGREEMENT ON QUALIFICATION OF EDUCATIONAL PERSONNEL

- 284 1 Interstate agreement
- 284 2 Designated state official

- 284 3 Contracts on file

284.1 Interstate agreement.

The interstate agreement on qualification of educational personnel is hereby enacted into law and entered into with all jurisdictions legally joining therein, in the form substantially as follows

ARTICLE I — PURPOSE, FINDINGS, AND POLICY

1 The states party to this agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional ed-

ucational person wherever educated, declare that it is the policy of each of them, on the basis of co-operation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interest of society, of education, and of the teaching profession. It is the purpose of this agreement to provide for the development and execution of such programs of co operation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

2 The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the available educational resources. Participation in this agreement can increase the availability of educational personnel.

ARTICLE II — DEFINITIONS

As used in this agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

1 “*Educational personnel*” means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

2 “*Designated state official*” means the education official of a state selected by that state to negotiate and enter into, on behalf of his state, contracts pursuant to this agreement.

3 “*Accept*”, or any variant thereof, means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

4 “*State*” means a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

5 “*Originating state*” means a state (and the subdivision thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to article III of this agreement.

6 “*Receiving state*” means a state (and the subdivisions thereof) which accepts educational personnel in accordance with the terms of a contract made pursuant to article III of this agreement.

ARTICLE III — INTERSTATE EDUCATIONAL PERSONNEL CONTRACTS

1 The designated state official of a party state may make one or more contracts on behalf of that state with one or more other party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this agreement. A designated state official may enter into a contract pursuant to this article only

with states in which the official finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in the official’s state.

2 Any such contract shall provide for:

a Its duration.

b The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.

c Such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.

d Any other necessary matters.

3 No contract made pursuant to this agreement shall be for a term longer than five years but any such contract may be renewed for like or lesser periods.

4 Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

5 The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

6 A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting states.

ARTICLE IV — APPROVED AND ACCEPTED PROGRAMS

1 Nothing in this agreement shall be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

2 To the extent that contracts made pursuant to this agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in applicable contract.

ARTICLE V — INTERSTATE CO-OPERATION

The party states agree that:

1. They will, so far as practicable, prefer the making of multilateral contracts pursuant to article III of this agreement.

2. They will facilitate and strengthen co-operation in interstate certification and other elements of educational personnel qualification and for this purpose shall co-operate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification.

ARTICLE VI — AGREEMENT EVALUATION

The designated state officials of any party states may meet from time to time as a group to evaluate programs under the agreement, and to formulate recommendations for changes.

ARTICLE VII — OTHER ARRANGEMENTS

Nothing in this agreement shall be construed to prevent or inhibit other arrangements or practices of any party state or states to facilitate the interchange of educational personnel.

ARTICLE VIII — EFFECT AND WITHDRAWAL

1. This agreement shall become effective when enacted into law by two states. Thereafter it shall become effective as to any state upon its enactment of this agreement.

2. Any party state may withdraw from this agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states.

3. No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

ARTICLE IX — CONSTRUCTION AND SEVERABILITY

This agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this agreement shall be held contrary to the constitution of any state participating therein, the agreement shall remain in full force and effect as to the state affected as to all severable matters.

[C75, 77, 79, 81, §284.1]

Referred to in §284.2

284.2 Designated state official.

The designated state official for this state, within the meaning of article II, paragraph 2, of the interstate agreement on qualification of educational personnel as set forth in section 284.1, shall be the superintendent of public instruction. The superintendent of public instruction shall enter into contracts pursuant to article III of the agreement only with the approval of the specific text thereof by the state board of public instruction.

[C75, 77, 79, 81, §284.2]

284.3 Contracts on file.

True copies of all contracts made on behalf of this state pursuant to the interstate agreement on qualification of educational personnel shall be kept on file in the department of public instruction and in the office of the secretary of state. The department of public instruction shall publish all such contracts in convenient form.

285.1 Amend
Ch 212, §21-85, Acts

285.1 When entitled to state aid.

1 The board of directors in every school district shall provide transportation, either directly or by reimbursement for transportation, for all resident pupils attending public school, kindergarten through twelfth grade, except that

a Elementary pupils shall be entitled to transportation only if they live more than two miles from the school designated for attendance

b High school pupils shall be entitled to transportation only if they live more than three miles from the school designated for attendance

For the purposes of this subsection, high school means a school which commences with either grade nine or grade ten, as determined by the board of directors of the school district or by the governing authority of the nonpublic school in the case of nonpublic schools

Boards in their discretion may provide transportation for some or all resident pupils attending public school or pupils who attend nonpublic schools who are not entitled to transportation. Boards in their discretion may collect from the parent or guardian of the pupil not more than the pro rata cost for such optional transportation, determined as provided in subsection 12.

To the extent that this section as amended requires transportation which was not required before August 15, 1973, the board of directors shall not be required to provide such transportation before July 1, 1978.

2 Any pupil may be required to meet a school bus on the approved route a distance of not to exceed three-fourths of a mile without reimbursement.

3 In a district where transportation by school bus is impracticable or where school bus service is not available, the board may require parents or guardians to furnish transportation for their children to the schools designated for attendance. The parent or guardian shall be reimbursed for such transportation service for public and nonpublic school pupils by the board of the resident district in an amount equal to eighty dollars plus the following percent of the difference between eighty dollars and the previous school year's statewide average per pupil transportation cost, as determined by the department of public instruction:

a For the school year commencing July 1, 1980, twenty five percent

b For the school year commencing July 1, 1981, fifty percent

c For the school year commencing July 1, 1982 and each school year thereafter, seventy five percent

However, a parent or guardian shall not receive reimbursement for furnishing transportation for more than two family members who attend high school.

4 In all districts where unsatisfactory roads or other conditions make it advisable, the board at its discretion may require the parents or guardians of public and nonpublic school pupils to furnish transportation for their children up to two miles to connect with vehicles of transportation. The parents or guardians shall be reimbursed for such transportation by the boards of the resident districts at the rate of twenty eight cents per mile per day, one way, per family for the distance from the pupil's residence to the bus route.

5 Where transportation by school bus is impracticable or not available or other existing conditions warrant it, arrangements may be made for use of common carriers according to uniform standards established by the superintendent of public instruction and at a cost based upon the actual cost of service and approved by the board.

6 When the school designated for attendance of pupils is engaged in the transportation of pupils, the sending or designating school shall use these facilities and pay the pro rata cost of transportation except that a district sending pupils to another school may make other arrangements when it can be shown that such arrangements will be more efficient and economical than to use facilities of the receiving school, providing such arrangements are approved by the board of the area education agency.

7 If a local board closes either elementary or high school facilities and is approved by the board of the area education agency to operate its own transportation equipment, the full cost of transportation shall be paid by the board for all pupils living beyond the statutory walking distance from the school designated for attendance.

8 Transportation service may be suspended upon any day or days, due to inclemency of the weather, conditions of roads, or the existence of other conditions, by the board of the school district operating the buses, when in their judgment it is deemed advisable and when the school or schools are closed to all children.

9 Distance to school or to a bus route shall in all cases be measured on the public highway only and over the most passable and safest route as determined by the area education agency board, starting in the roadway opposite the private entrance to the residence of the pupil and ending in the roadway opposite the entrance to the school grounds or designated point on bus route.

10 The board in any district providing transportation for nonresident pupils shall collect the pro rata cost of transportation from the district of pupil's residence for all properly designated pupils so transported.

11 Boards in districts operating buses may transport nonresident pupils who attend public school, kindergarten through junior college, who are not entitled to free transportation provided they collect the pro rata cost of transportation from the parents.

12 The pro rata cost of transportation shall be based upon the actual cost for all the children transported in all school buses. It shall include one seventh of the original net cost of the bus and such other items as shall be determined and approved by the superintendent of public instruction but no part of the capital outlay cost for school buses and transportation equipment for which the school district is reimbursed from state funds or that portion of the cost of the operation of any school bus used in transporting pupils to and from extra curricular activities shall be included in determining said pro rata cost. In any district where because of unusual conditions, the cost of transportation is in excess of the actual operating cost of the bus route used to furnish transportation to nonresident pupils, the board of the local district may charge a cost equal to the cost of other schools supplying such serv-

ice to that area, upon receiving approval of the state director of school transportation

13 When a local board fails to pay transportation costs due to another school for transportation service rendered, the board of the creditor corporation shall file a sworn statement with the area education agency board specifying the amount due. The agency board shall check such claim and if the claim is valid shall certify to the county auditor. The auditor shall transmit to the county treasurer an order directing the county treasurer to transfer the amount of such claim from the funds of the debtor corporation to the creditor corporation and the treasurer shall pay the same accordingly.

14 Resident pupils attending a nonpublic school located either within or without the school district of the pupil's residence shall be entitled to transportation on the same basis as provided for resident public school pupils under this section. The public school district providing transportation to a nonpublic school pupil shall determine the days on which bus service is provided, which shall be based upon the days for which bus service is provided to public school pupils, and the public school district shall determine bus schedules and routes. In the case of nonpublic school pupils the term "school designated for attendance" means the nonpublic school which is designated for attendance by the parents of the nonpublic school pupil.

15 If the nonpublic school designated for attendance is located within the public school district in which the pupil is a resident, the pupil shall be transported to the nonpublic school designated for attendance as provided in this section.

16 *a* If the nonpublic school designated for attendance of a pupil is located outside the boundary line of the school district of the pupil's residence, the pupil may be transported by the district of residence to a public school or other location within the district of the pupil's residence. A public school district in which a nonpublic school is located may establish school bus collection locations within its district from which nonresident nonpublic school pupils may be transported to and from a nonpublic school located in the district. If a pupil receives such transportation, the district of the pupil's residence shall be relieved of any requirement to provide transportation.

b As an alternative to paragraph "a" of this subsection, subject to section 285.9, subsection 3, where practicable, and at the option of the public school district in which a nonpublic school pupil resides, the school district may transport a nonpublic school pupil to a nonpublic school located outside the boundary lines of the public school district if the nonpublic school is located in a school district contiguous to the school district which is transporting the nonpublic school pupils, or may contract with the contiguous public school district in which a nonpublic school is located for the contiguous school district to transport the nonpublic school pupils to the nonpublic school of attendance within the boundary lines of the contiguous school district.

c If the nonpublic school designated for attendance of a pupil is located outside the boundary line of the school district of the pupil's residence and the district of residence meets the requirements of sub-

sections 14 to 16 of this section by using subsection 17, paragraph "c", of this section and the district in which the nonpublic school is located is contiguous to the district of the pupil's residence and is willing to provide transportation under subsection 17, paragraph "a" or "b" of this section, the district in which the nonpublic school is located may provide transportation services, subject to section 285.9, subsection 3, and may make the claim for reimbursement under section 285.2. The district in which the nonpublic school is located shall notify the district of the pupil's residence that it is making the claim for reimbursement, and the district of the pupil's residence shall be relieved of the requirement for providing transportation and shall not make a claim for reimbursement for those nonpublic school pupils for which a claim is filed by the district in which the nonpublic school is located.

17 The public school district may meet the requirements of subsections 14 to 16 by any of the following:

a Transportation in a school bus operated by a public school district.

b Contracting with private parties as provided in section 285.5. However, contracts shall not provide payment in excess of the average per pupil transportation costs of the school district for that year.

c Utilizing the transportation reimbursement provision of subsection 3.

d Contracting with a contiguous public school district to transport resident nonpublic school pupils the entire distance from the nonpublic pupil's residence to the nonpublic school located in the contiguous public school district or from the boundary line of the public school district to the nonpublic school.

18 The state superintendent of public instruction may review all transportation arrangements to see that they meet all legal and established uniform standard requirements.

19 Transportation authorized by this chapter is exempt from all laws of this state regulating common carriers.

20 Transportation for which the pro rata cost or other charge is collected shall not be provided outside the state of Iowa except in accordance with rules adopted by the state department of public instruction in accordance with chapter 17A. The rules shall take into account any applicable federal requirements.

21 Boards in districts operating buses may in their discretion transport senior citizens, children, handicapped and other persons and groups, who are not otherwise entitled to free transportation, and shall collect the pro rata cost of transportation. Transportation under this subsection shall not be provided when the school bus is being used to transport pupils to or from school unless the board determines that such transportation is desirable and will not interfere with or delay the transportation of pupils.

286A.5 Information furnished by school district.

At the close of each school year, but not later than July 5, the local district or merged area school shall supply to the state department of public instruction the information required for calculation of the amount reimbursable to the district for elementary and secondary school. For any day student who has been enrolled on a less than a full school-day basis, the reimbursement shall be calculated proportionately to the portion for which the student is enrolled as shall be determined by the state department of public instruction. Forms for reporting information to calculate aid for elementary and secondary school purposes shall be supplied by the state department of public instruction to each school district not later than June 1. On or before August 1, the state department of public instruction shall furnish to the state comptroller estimates of the amount reimbursable for the year to each school district for general aid for elementary and secondary school purposes and upon said estimates the state comptroller shall, on or about August 1, make payment of the first half of the annual amount appropriated for such general aid. After all such claims have been calculated for the year and validated for accuracy, the state department of public instruction shall certify the same to the state comptroller prior to February 1. On or about February 1, the state comptroller shall make payment to the school districts, of the balance of the amount appropriated for such general aid, which, when taken with the first half payment, conforms to the amount of full year reimbursement due each school district as then validated and certified by the state department of public instruction. In the event that the amount appropriated for reimbursement of the school districts for such purposes is insufficient to pay in full the amounts to each of the school districts or merged areas, then the amount of each payment shall be reduced by the state comptroller in the ratio that the total respective funds appropriated and available for such aid bears to the respective total amounts certified for reimbursement. All funds received or to be

received under the provisions of this chapter shall be taken into account and considered by each school district or merged area when estimating the amount required for the general fund.

The superintendent of public instruction, subject to the approval of the state board of public instruction, is hereby authorized to adopt such rules and definitions of terms as are necessary and proper for the administration of this chapter. The necessary expenses incurred by the department of public instruction in the administration of this chapter may be paid from the appropriation therefor. Merged areas operating area schools shall be entitled to general school aid. Each merged area shall be entitled to two dollars and twenty-five cents per day for the full-time equivalent enrollment of students who are residents of the state. The total amount of state aid allocated to each area shall be computed by the following formula:

The amount appropriated for general state aid for the fiscal year each year, shall first be allocated to each merged area, in accordance with the above formula, on the basis of its reimbursable full-time equivalent enrollment for the previous school year. Any amount remaining shall be allocated to each merged area as provided in sections 286A.11 and 286A.12. Any course or program, the direct operational costs of which are entirely paid by federal, state, or other governmental agencies or private subsidy, or both, shall not be eligible for reimbursement.

For the purpose of this chapter, the following definitions shall apply:

1. "Full-time equivalent enrollment" means the quotient of the total number of reimbursable hours carried by residents of the state attending a single area school, divided by five hundred forty, which represents fifteen reimbursable hours per week for a period of thirty-six weeks.

The board shall file a certified copy of the resolution with the auditor of each county in which the district is located. The filing of the resolution with the auditor shall make it the duty of the auditor to annually levy the amount certified for collection until funds are realized to repay the loan and interest on the loan in full.

The loan must mature within the period of time authorized by the voters and shall bear interest at a rate which does not exceed the limits provided under chapter 74A. A loan agreement entered into pursuant to this section shall be in a form as the board of directors shall by resolution provide and the loan shall be payable as to both principal and interest from the proceeds of the annual levy of the voted tax pursuant to section 278.1, subsection 7, or so much thereof as will be sufficient to pay the loan and interest on the loan.

The proceeds of a loan must be deposited in a fund which is separate from other district funds. Warrants paid from this fund must be for purposes authorized by the voters as provided in section 278.1, subsection 7.

This section does not limit the authority of the board of directors to levy the full amount of the voted tax, but if and to whatever extent the tax is levied in any year in excess of the amount of principal and interest falling due in that year under a loan agreement, the first available proceeds, to an amount sufficient to meet maturing installments of principal and interest under the loan agreement, shall be paid into the sinking fund for the loan before the taxes are otherwise made available to the school corporation for other school purposes, and the amount required to be annually set aside to pay principal of and interest on the money borrowed under the loan agreement shall constitute a first charge upon the proceeds of the special voted tax, which tax shall be pledged to pay the loan and the interest on the loan.

This section is supplemental and in addition to existing statutory authority to finance the purposes specified in section 278.1, subsection 7, and for the borrowing of money and execution of loan agreements in connection with that section and subsection, and is not subject to any other law. The fact that a school corporation may have previously borrowed money and entered into loan agreements under authority of this section does not prevent the school corporation from borrowing additional money and entering into further loan agreements if the aggregate of the amount payable under all of the loan agreements does not exceed the proceeds of the voted tax.

The amount estimated and certified to apply on principal and interest for any one year shall not exceed two dollars and seventy cents per thousand dollars of the assessed valuation of the taxable property of the school corporation except as hereinafter provided

For the sole purpose of computing the amount of bonds which may be issued as a result of the application of any limitation referred to in this section, all interest on the bonds in excess of that accruing in the first twelve months may be excluded from the first annual levy of taxes, so that the need for including more than one year's interest in the first annual levy of taxes to pay the bonds and interest shall not operate to further restrict the amount of bonds which may be issued, and in certifying the annual levies to the county auditor or auditors such first annual levy of taxes shall be sufficient to pay all principal of and interest on said bonds becoming due prior to the next succeeding annual levy and the full amount of such first annual levy shall be entered for collection by said auditor or auditors, as provided in chapter 76

The amount estimated and certified to apply on principal and interest for any one year may exceed two dollars and seventy cents per thousand dollars of assessed value by the amount approved by the voters of the school corporation, but not exceeding four dollars and five cents per thousand of the assessed value of the taxable property within any school corporation, provided that the qualified voters of such school corporation have first approved such increased amount at a special election, which may be held at the same time as the regular school election The proposition submitted to the voters at such special election shall be in substantially the following form

“Shall the board of directors of the _____, in

(insert name of school corporation)

the County of _____, State of Iowa, be authorized to levy annually a tax exceeding two dollars and seventy cents per thousand dollars, but not exceeding _____ dollars and _____ cents per thousand dollars of the assessed value of the taxable property within said school corporation to pay the principal of and interest on bonded indebtedness of said school corporation it being understood that the approval

of this proposition shall not limit the source of payment of the bonds and interest but shall only operate to restrict the amount of bonds which may be issued”

Notice of the election shall be given by the county commissioner of elections according to section 49 53 The election shall be held on a date not less than four nor more than twenty days after the last publication of the notice At such election the ballot used for the submission of said proposition shall be in substantially the form for submitting special questions at general elections The county commissioner of elections shall conduct the election pursuant to the provisions of chapters 39 to 53 and certify the results to the board of directors Such proposition shall not be deemed carried or adopted unless the vote in favor of such proposition is equal to at least sixty percent of the total vote cast for and against said proposition at said election Whenever such a proposition has been approved by the voters of a school corporation as hereinbefore provided, no further approval of the voters of such school corporation shall be required as a result of any subsequent change in the boundaries of such school corporation

The voted tax levy referred to herein shall not limit the source of payment of bonds and interest but shall only restrict the amount of bonds which may be issued

The ability of a school corporation to exceed two dollars and seventy cents per thousand dollars of assessed value to service principal and interest payments on bonded indebtedness is limited and conferred only to those school corporations engaged in the administration of elementary and secondary education

Provided further that if a school corporation leases a building or property, which has been used as a junior college by such corporation, to a merged area school corporation operating or proposing to operate an area community college, the annual amounts certified as herein provided by such leasing school corporation for payment of interest and principal due on lawful bonded indebtedness incurred by such leasing school corporation for purchasing, building, furnishing, reconstructing, repairing, improving or remodeling the building leased or acquiring or adding to the site of such property leased, to the extent of the respective annual rent the school corporation will receive under such lease, shall not be considered as a part of the total amount estimated and certified for the purposes of determining if such amount exceeds any limitation contained in this section

303.34 Historical preservation districts.

The provisions of sections 303 20 to 303 33 do not apply within the limits of a city. However, in order for a city to designate an area which is deemed to merit preservation as an area of historical significance, the following shall apply.

1. An area of historical significance shall be proposed by the governing body of the city on its own motion or upon the receipt by the governing body of a petition signed by residents of the city. The city shall submit a description of the proposed area of historical significance or the petition describing the proposed area, if the proposed area is a result of the receipt of a petition, to the Iowa state historical department which shall determine if the proposed area meets the criteria in subsection 2 and may make recommendations concerning the proposed area. Any recommendations made by the department shall be made available by the city to the public for viewing during normal working hours at a city government place of public access.

2. A city shall not designate an area as an area of historical significance unless it contains contiguous pieces of property under diverse ownership which meets the criteria specified in section 303.20, subsection 1, paragraphs "a" to "f".

3. A city may provide by ordinance for the establishment of a commission to deal with matters involving areas of historical significance but shall provide by ordinance for such commission upon the enactment of the ordinance designating an area as an area of historical significance as required in subsection 4. Upon the establishment of the commission the city shall provide by ordinance for the method of appointment, the number, and terms, of members of the commission and for the duties and powers of the commission. The commission shall contain not less than three members. The members of the commission shall be appointed with due regard to proper representation of residents and property owners of the city and their relevant fields of knowledge including but not limited to history, urban planning, architecture, archaeology, law, and sociology. At least one resident of each designated area of historical significance shall be appointed to the commission. Cities with a population of more than fifty thousand shall not appoint more than one-third of the members to the commission of an area of historical significance that are members of a city zoning commission appointed pursuant to chapter 414. The commission shall have the power to approve or deny applications for proposed alterations to exterior features within an area designated as an area of historical significance. An aggrieved party may appeal the commission's action to the governing body of the city. If not satisfied by the decision of the governing body, the party may appeal within sixty days of the governing body's decision to the district court for the county in which the designated area is located. On appeal the governing body or the district court as the case may be shall consider whether the commission has exercised its powers and followed the guidelines established by the law and ordinance, and whether the commission's action was patently arbitrary or capricious.

4. An area shall be designated an area of historical significance upon enactment of an ordinance of the city. Before the ordinance or an amendment to it is enacted, the governing body of the city shall submit the ordinance or amendment to the Iowa state historical department for its review and recommendations.

name of the company or operator, the certificate of the mining engineer or surveyor as to the accuracy and date of the survey, the north point, and the scale to which the map is drawn

3 *Boundaries and surface lines* Every map shall correctly show the surface boundary lines of the mineral rights pertaining to each mine and all section or quarter section lines or corners within the same, the lines of town lots and streets, the tracks and side tracks of all railroads, the location of all wagon roads, rivers, streams, and ponds, and reservations made of the mineral

4 *Underground conditions* For the underground workings, the map shall show all shafts, slopes, tunnels, or other openings to the surface or to the workings of a contiguous mine, all excavations, entries, rooms, and crosscuts, the location of the escape ways, and of the fan or furnace or other means of ventilation and the direction of air currents, and the location of permanent pumps, hauling engines, engine planes, abandoned works, fire walls, and standing water

5 *Separate maps* A separate and similar map drawn to the same scale in all cases shall be made of each layer of minerals mined in any mine in this state. A separate map shall also be made of the surface whenever the surface buildings, lines, or objects are so numerous as to obscure the details of the mine workings if drawn upon the same sheet with them, and in such case the surface map shall be drawn upon transparent cloth or paper so that it can be laid upon the map of the underground workings and thus truly indicate the local relation of lines and objects on the surface to the excavations of the mine and any other principal workings of the mine

6 *Rise and dip of minerals* Each map of underground workings shall also show by profile drawing and measurement, the last one hundred fifty feet approaching the boundary lines, showing the rise and dip of the minerals

7 *Copies* The original or true copies of the maps shall be kept at the office of the mine, and true copies thereof shall also be furnished the state geologist within thirty days after the completion of the same

8 *Extensions* An accurate extension of the last preceding survey of every mine in active operation shall be made once in every twelve months prior to July 1 of every year and the result of such survey, with the date thereof, shall be promptly and accurately entered upon the original map, and a true, correct, and accurate copy of the extended map shall be forwarded to the state geologist so as to show all changes in plan of new work in the mine, and all extensions of the old workings to the most advanced face or boundary of the workings which have been made since the last preceding survey, and the parts of the mine abandoned or worked out after the last preceding survey shall be clearly indicated and shown by colorings, which copy must be delivered to the state geologist within thirty days after the last survey is made

9 *Abandoned mine* When any underground mine is worked out or is about to be abandoned or indefinitely closed, the operator of the same shall make or cause to be made a completed and extended map of the mine and the result of the same shall be duly extended on all maps of the mine and copies thereof so as to show all excavations and the most advanced

workings of the mine, and their exact relation to the boundary or section lines on the surface, and deliver to the state geologist a copy of the completed map

10 *Copies furnished* The state geologist shall provide the department of soil conservation a copy of each map and map extension received by the geologist under this section

[C97, §2485, S13, §2485, 2496 m, C24, 27, 31, 35, 39, §1245, 1351-1355, 1357, 1358; C46, 50, 54, 58, 62, 66, 71, 73, §82 28, 83 14-83 18, 83 20, 83 21, C75, 77, 79, 81, §305 12]

Referred to in §305 14

305.13 Failure to furnish map.

When the operator of any mine neglects or refuses for a period of ninety days to furnish to the state geologist the map or plan, or a copy thereof, of such mine or any extension thereof, as provided in this chapter, the state geologist shall cause to be made an accurate map or plan of such mine or extension as the case may be, at the expense of the operator. The cost shall be paid by the state and recovered from such operator. It shall be the duty of the county attorney of the county in which such mine is located, at the

request of the state geologist, to bring action in the name of the state for such recovery

Referred to in §331 756(56)

305.14 Maps property of state — custody — copies.

The maps so delivered to the state geologist shall be the property of the state and shall remain in the custody of the state geologist. They shall be kept at the office of the geological survey and be open to examination by all persons interested in the maps, but such examination shall only be made in the presence of the state geologist or a designee, and the state geologist shall not permit any copies of the maps to be made without the written consent of the operator or the owner of the property, except as provided in section 305 12 or if the mine has been abandoned for at least five years

306.5 Continuity of systems in municipalities, parks and institutions.

The primary, trunk and trunk collector systems shall be continuous interconnected systems and provision shall be made for the continuity of such systems by the designation of extension within municipalities, state parks, state institutions, other state lands and county parks and conservation areas. The mileage of such extensions of these systems shall be included in the total mileage of a particular primary, trunk or trunk collector system and shall also be listed separately as an extension of such road system.

The department may reallocate mileage within the systems under its jurisdiction. The board of supervisors or the governing body of municipalities may alter the classification of roads under their jurisdiction with the approval of the functional classification board as provided in section 306 6.

[C71, 73, 75, 77, 79, 81, §306 5]

306.6 Functional classification board.

1 A functional classification board shall be appointed for each county and shall operate under procedural rules promulgated by the department under the provisions of chapter 17A. Said board shall consist of three members to be appointed as follows. The department shall appoint one member from the staff of the department, the county board of supervisors shall appoint one member who shall be either the county engineer or one of its own members, and the third member shall be a municipal official from within the county who shall be appointed by a majority of the mayors of the cities of the county. The mayors shall meet at the call of the chairperson of the county board of supervisors who shall act as chairperson of the meeting without vote. In the event the mayors cannot agree to and appoint this member within thirty days after the call of the meeting by the chairperson, the two members previously appointed shall select the third member. The board shall serve without additional compensation and shall

a Classify each segment of each rural public road and each municipal street in the county in accordance with the classifications found in section 306 1.

b Establish continuity between the systems within the county and with the systems of adjacent counties.

c. File a copy of the proposed road classification in the office of county engineer for public information and hold a public hearing before final approval of any road classification action. Notice of the date, the time, and the place of such hearing, and the filing of such proposed road classification for public information shall be published in an official newspaper in general circulation throughout the affected area at least twenty days prior to the established date of the hearing.

d. Report the selected classifications to the department. The department shall review the reports of the county classification boards and may:

(1) Alter the classification of roads coinciding with or crossing county lines to provide continuity of the various county systems.

(2) Adjust the mileage of roads classified in the trunk and trunk collector systems to assure equitable distribution among the counties of the total mileage of such systems.

(3) Any action authorized under subparagraphs (1) and (2) of this paragraph "d" shall not be taken by the department until the proposed action has been thoroughly discussed with the affected county classification boards and their comments heard.

2. There is created a state functional classification review board which shall consist of one state senator appointed by the president of the senate, one state representative appointed by the speaker of the house of representatives, one supervisor appointed by the Iowa state association of county supervisors, one engineer appointed by the Iowa county engineers' association, two persons appointed by the league of Iowa municipalities, one of whom shall be a licensed professional engineer, and two persons appointed by the department, one of whom shall be a commissioner and the other a staff member. This board shall select a permanent chairperson from among its members by majority vote of the total membership. Except as otherwise provided, the members of the board shall serve without additional compensation to the salary and expenses authorized for the office or position held by the member. The supervisor appointed by the Iowa state association of county supervisors, the engineer appointed by the Iowa county engineers' association, and the two persons appointed by the league of Iowa municipalities shall be reimbursed for their actual and necessary expenses incurred in the performance of their official duties as members of the board from funds allocated under section 312.2, subsection 12. The legislative members shall be paid for their actual and necessary expenses and, when the general assembly is not in session, per diem as provided in sections 2.10 and 2.12. The department's members of the board shall be reimbursed for their actual and necessary expenses from the funds appropriated pursuant to section 313.5.

It shall be the responsibility of the state functional classification review board to hear any and all appeals from classification boards or board members, relative to disputes arising out of the functional classification of any segment of highway or street. It shall also be the responsibility of the board to establish the necessary guidelines, procedures, and the time limits to be followed in transferring jurisdiction in accordance with section 306.8. The state functional classification review board shall have the authority and the responsibility

to make final administrative determinations based on sound functional classification principles for all disputes relative to functional classification including those disputes relative to the transfer of jurisdictions. The review board shall also serve, when requested jointly by state and local jurisdictions, as an advisory committee for review and adjustment of construction and maintenance guidelines used in updating road and street needs studies.

It is the intent of the general assembly that effective July 1, 1979 the functional reclassification of roads shall be implemented as provided by law.

306.7 Functions changed or new roads added.

If the function of any road or street has been altered by new construction or by reconstruction or relocation, or if a new road or street has been constructed, the functional classification board shall reclassify said roads or streets within one year. If the functional classification board does not classify any road or street as provided herein, the department shall make the classification.

Transfers of the jurisdiction and control of roads and streets may take place if agreements are entered into between the jurisdictions of government involved in the transfer of such roads and streets.

306.9 Diagonal roads — restoring existing roads.

It is declared to be the policy of the state of Iowa that relocation of primary highways through cultivated land shall be avoided to the maximum extent possible. Whenever the volume of traffic for which the road is designed or other conditions require such relocation, diagonal routes shall be avoided wherever feasible and prudent alternatives exist.

It is further declared that improvement of two-lane roads shall utilize the existing right of way unless alignment or other conditions make changes imperative, and when any two-lane road is expanded to a four-lane road, the normal procedure would be that the additional right of way would be contiguous to the existing right of way unless relocated for compelling reasons. This policy shall not apply to any highway project for which the corridor has been approved by the state department of transportation and which corridor has been finalized by September 1, 1977.

It is further declared to be the policy of the state of Iowa that on construction of roads classified as freeway-expressway and which are designed with four-lane divided roadways, access controls shall be limited to the minimum level necessary to comply with federal aid requirements.

Unless otherwise required by the federal law or regulation, it is also the policy of this state that road use tax fund moneys shall be used to rehabilitate or reconstruct existing roads, streets, and bridges using substantially existing right of way. This paragraph shall not apply where additional right of way is needed for the construction or completion of designated interstate or city routes and highway bypasses.

1 In the maintenance, relocation, establishment, or improvement of any road, including the extension of such road within cities, the agency having jurisdiction and control of such road shall have authority to purchase or to institute and maintain proceedings for the condemnation of the necessary right of way therefor. Such agency shall likewise have power to purchase or institute and maintain proceedings for the condemnation of land necessary for highway drainage, or land containing gravel or other suitable material for the improvement or maintenance of highways, together with the necessary road access or right of access thereto.

2 Whenever the agency condemns or purchases property access rights or alters by lengthening any existing driveway to a road from abutting property, except during the time required for construction and maintenance of the road or highway, the agency shall

a Compensate the owner for any diminution in the market value of the property by the denial or alteration by lengthening the driveway, however, in computing such diminution in value no consideration shall be given to the additional maintenance expense for maintaining the additional length of driveway, but in lieu thereof, both in condemnation proceedings or negotiated purchases, the agency shall pay to the owner the sum of five dollars for every lineal foot of additional length of driveway located on said owner's property. This payment shall represent just compensation to said property owner for the additional driveway maintenance caused by reason of the highway or road project.

b If in the opinion of the agency it would be more economical to purchase the entire tract of the property owner than to provide and pay the maintenance expense required under the provisions of this section, proceed with the acquisition of the entire tract of land, or

c If mutually agreeable, move buildings from an existing location to a location requiring an equal or

lesser length of driveway and provide an adequate driveway to a public road

3 None of the foregoing requirements shall prohibit the property owner and the agency from entering into a mutually acceptable agreement for the replacement, relocation, construction, or maintenance of any alternate driveway on the owner's property.

4 Compensation for any property rights taken in the establishment of any alternative temporary or permanent access shall be paid as in any other purchase or condemnation of property. Proceedings for the condemnation of land for any highway shall be under the provisions of chapter 471 and chapter 472. The department may contract for the sale of any tract of land subject to the following terms and conditions:

For the sale of unused right of way, except right of way under the jurisdiction of a county, notice of intention to sell the tract, parcel, or piece of land, or part thereof, must, not less than ten days prior to the sale, be sent by certified mail, by the agency in control of the land, to the last known address of the present owner of adjacent land from which the tract, parcel, piece of land, or part thereof, was originally bought or condemned for highway purposes, and if located in a city, to the mayor. The notice shall give an opportunity to the present owner of adjacent property to be heard and make offers for the tract, parcel, or piece of land to be sold, and if the offer is equal to or exceeds in amount any other offer received, it shall be given preference by the agency in control of the land. Neglect or failure for any reason, to comply with the notice, shall in no way prevent the giving of a clear title to the purchaser of the tract, parcel, or piece of land. Transfers shall include an index of parcels transferred by the character of the instrument or proceeding, the grantor and grantee, and date of the last instrument or proceeding acquiring rights to each parcel. Transfers shall locate the right of way by quarter quarter section, township and range or if so acquired, by lot, block and subdivision. The transferring jurisdiction

shall transmit to the receiving jurisdiction all available original documents of title or a certified true copy if the right of way was acquired by condemnation or the original deed is lost. Transfers shall be recorded and indexed in the county in which the land is located.

5 Notwithstanding requirements of chapter 114 and sections 306 22, 364 7, 409 12, 409 14 and 471 20, legal descriptions, plats, maps or engineering drawings used to describe transfers of right of way shall, where available, be descriptions, plats, maps or engineering drawings of record and shall be incorporated by reference to such title instrument or proceedings. However, no plan for relocation, removal, or disposal which qualifies for federal participation shall be undertaken unless the department has received notification from the federal government that the federal share to be paid is immediately available for that purpose.

1. Advertising devices located within the adjacent area of interstate highways and freeway primary highways shall not be erected or maintained closer to another advertising device facing in the same direction than five hundred feet outside of cities, and within two hundred fifty feet if inside of cities. An advertising device may not be located within two hundred fifty feet of an interchange, or rest area. The measurement shall be from the nearest widening constructed for the purpose of acceleration or deceleration of traffic movement to or from the main-traveled way to the advertising device.

2. Advertising devices located within the adjacent area of primary highways shall not be erected or maintained closer to another advertising device facing in the same direction than one hundred feet if inside the corporate limits of a municipality. No advertising device, other than as excepted or permitted by subsections 4, 5, or 6 of this section, shall be located within the triangular area formed by the line connecting two points each fifty feet back from the point where the street right of way lines of the main-traveled way and the intersecting street meet, or would meet, if extended.

3. 4. The distance spacing measurements fixed by subsections 2 and 3 of this section shall not apply to advertising devices which are separated by a building in such a manner that only one advertising device located within the minimum spacing distance is visible from a highway at any one time.

5. Within a triangular area, as defined by subsections 2 and 3 of this section, occupied by a building or structure, no advertising device shall be erected or maintained closer to the intersection than the building or structure itself, except that a wall advertising device may be attached to said building or structure not to protrude more than twelve inches.

6. Official and directional signs and notices and advertising devices concerning the sale or lease of the property or activities conducted upon the property as specified in Title 23, section 131, subsection "c" of the United States Code, shall not be taken into consideration in determining compliance with spacing requirements.

7. The minimum distance between two advertising devices facing the same direction shall apply without regard to the side of the highway on which the advertising devices may be located and shall be measured along the center line of the highway between points directly opposite the advertising devices.

8. Advertising devices shall not be erected, maintained, or illuminated:

a. In a manner to obscure or otherwise physically interfere with an official traffic sign, signal, or device, or to obstruct or physically interfere with any driver's view of approaching, merging, or intersecting traffic.

b. Unless effectively shielded to prevent light from being directed at any portion of the traveled highway with such intensity or brilliance as to cause glare or to impair the vision of the driver of any motor vehicle.

c. Which contain, include, or are illuminated by any flashing, intermittent, or moving light or lights, except those giving public service information such as, but not limited to time, date, temperature, weather, news and similar information.

d. Which imitate or resemble an official sign or signal or device or which are erected or maintained within or closer than three hundred feet from scenic areas, as defined and determined by the department, or which are located or maintained upon trees, or painted or drawn upon rocks or natural features, or which are structurally unsafe or in substantial disrepair.

e. Which exceed one thousand two hundred square feet in area or in the case of a back-to-back or V-type advertising device, with a maximum of two facings per advertising device, seven hundred fifty square feet in area, including border and trim but excluding base or apron, support, and other structural members.

f. Which do not comply with all applicable state or local laws, regulations and ordinances, including but not limited to zoning, building, and sign codes as locally interpreted and applied and enforced, or which violate chapter 319; however, nothing in this division shall prevent or restrict county or local zoning authorities from making a determination of customary use concerning size, lighting, and spacing of advertising

devices in zoned commercial or industrial adjacent areas, and such determinations will be accepted in lieu of the standards of this division. The provisions of this division shall not prevent or restrict county or local zoning authorities within their respective jurisdictions from establishing standards imposing controls stricter than those required by this division.

g. The standards contained in this section pertaining to size, lighting, and spacing shall not apply to advertising devices erected or maintained within six hundred sixty feet of the right of way of those portions of the interstate highway system exempted from control under chapter 306B by authority of section 306B.2, subsection 5, nor to advertising devices erected and maintained within adjacent areas along primary highways within zoned and unzoned commercial and industrial areas, unless said advertising devices were erected subsequent to July 1, 1972.

Similar provision §79.16

4 Make surveys, plans, and estimates of cost, for the elimination of danger at railroad crossings on highways, and confer with local and railroad officials with reference to elimination of the danger.

5 Assist the board of supervisors and the department general counsel in the defense of suits wherein infringement of patents, relative to highway construction, is alleged.

6 Make surveys for the improvement of highways upon or adjacent to state property when requested by the board or department in control of said lands.

7 Record all important operations of said commission and, at the time provided by law, report the same to the governor.

8 Incur no expense to the state by sending out road lecturers.

9 Order the removal or alteration of any lights or light reflecting devices, whether on public or private property, other than railroad signals or crossing lights, located adjacent to a primary road and within three hundred feet of a railroad crossing at grade, which in any way interfere with the vision of or may be confusing to a person operating a motor vehicle on such highway in observing the approach of trains or in observing signs erected for the purpose of giving warning of such railroad crossing.

10 Order the removal or alteration of any lights or light-reflecting devices, whether on public or private property, located adjacent to a primary road and within three hundred feet of an intersection with another

primary road, which in any way interfere with the vision of or may be confusing to a person operating a motor vehicle on such highway in observing the approach of other vehicles or signs erected for the purpose of giving warning of such intersection.

11. Construct, reconstruct, improve and maintain state institutional roads and state park roads as defined in section 306.3 and bridges on such roads, roads located on state fairgrounds as defined in chapter 173 and the roads and bridges located on area school property as defined in chapter 280A upon the request of the state board, department or commission which has jurisdiction over such roads. This shall be done in such manner as may be agreed upon by the commission and the state board, department or commission which has jurisdiction. The commission may contract with any county or municipality for the construction, reconstruction, improvement or maintenance of such roads and bridges. Any state park road which is an extension of either a primary or secondary highway which both enters and exits from a state park at separate points shall be constructed, reconstructed, improved and maintained as provided in section 306.4. Funds allocated from the road use tax fund for the purposes of this subsection shall be apportioned in the ratio that the needs of the state institution roads and bridges, park roads and bridges or area school roads and bridges bear to the total needs of these facilities based upon the most recent quadrennial park and institution need study. The commission shall conduct a study of the road and bridge facilities in state parks, state institutions, state fairgrounds and on area school property. The study shall evaluate the construction and maintenance needs and projected needs based upon estimated growth for each type of facility to provide a quadrennially updated standard upon which to allocate funds appropriated for the purposes of this subsection.

12. Prepare, adopt and cause to be published a long-range program for the primary road system, in conjunction with the state transportation plan adopted by the commission. Such program shall be prepared for a period of at least five years and shall be revised, brought up to date and republished at least once every year in order to have a continuing five-year program. The program shall include, insofar as such estimates can be made, an estimate of the money expected to become available during the period covered by the program and a statement of the construction, maintenance, and other work planned to be performed during such period. The commission shall conduct periodic reinspections of the primary roads in order to revise, from time to time, its estimates of future needs to conform to the physical and service conditions of the primary roads. The commission shall annually cause to be published a sufficiency rating report showing the relative conditions of the primary roads. Before the last day of December of each year, the commission shall adopt and cause to be published from its long-range program, a plan of improvements to be accomplished during the next calendar year. This annual program shall list definite projects in order of urgency and shall include a reasonable year's work with the funds estimated to be available. The annual program shall be final and followed by the commission in the next year except that deviations

may be made in case of disaster or other unforeseen emergencies or difficulties. The relative urgency of the proposed improvements shall be determined by a consideration of the physical condition, safety, and service characteristics of the various primary roads.

14. For the four-year period beginning July 1, 1979, and for each subsequent four-year period, prepare, adopt and cause to be published the results of a study of all roads and streets in the state. The study shall be so designed to investigate present deficiencies and future twenty-year maintenance and construction needs of the roads and the ability of each applicable authority to meet the needs for the planning, construction, repair and maintenance of roads within their jurisdiction. The commission may gather information necessary to complete this study and shall be furnished assistance from any state agency as necessary to prepare, update and publish a report to be referred to as the "quadrennial need study" for the purposes of this chapter and chapter 312. The commission shall report the results of the study to the general assembly by January 1 of the last year in each four-year period and the study shall take effect the following July 1. This subsection does not preclude the commission from updating the quadrennial need study when necessary to reflect changes in road and street needs in the state.

307B.1 Short title.

This chapter may be referred to and cited as the "Iowa Railway Finance Authority Act" [C81, §307B 1]

307B.2 Declaration of necessity and purpose.

The purpose of this chapter is to benefit the citizens of Iowa by improving their general health, welfare and prosperity and insuring the economic and commercial development of the state and by promoting agricultural and industrial improvement. Access to adequate railway transportation facilities is essential to the economic welfare of the state. One purpose of this chapter is to preserve or provide for the citizens of Iowa those railway services now in existence or needed in the state which have a viable future but which for a variety of economic and legal reasons may not exist if the state does not provide the financing or other mechanisms referred to in this chapter. It is the intent of the chapter that any public ownership and control of railway facilities provided for in this chapter be transferred to private ownership as promptly as economically practicable subject to financing requirements. It is further intended that the authority created in this chapter be vested with all powers to enable it to accomplish the purposes of this chapter except the power to operate rolling stock.

It is the further intent of this chapter and of the general assembly that, in order to preserve rail competition and to provide for railway service in this state, the authority work primarily with railroad carriers already providing service in this state based upon their willingness and ability to meet these objectives [C81, §307B 2, 81 Acts 2d Ex, ch 3, §2]

307B.3 Legislative findings.

The general assembly finds and declares as follows:

1 The establishment of the authority is in all respects for the benefit of the people of the state of Iowa, for the improvement of their health and welfare,

for the preservation and creation of employment, and for the promotion of the economy and of agricultural and industrial improvement, which are public purposes.

2 The authority will be performing an essential governmental function in the exercise of the powers and duties conferred upon it by this chapter.

3 There will exist a serious shortage of viable rail lines and railway facilities serving the urban, rural, agricultural and industrial communities of the state.

4 There exists a serious problem in this state regarding the ability of agricultural producers to transport economically farm products to traditional markets because of the abandonment and possible abandonment of railway facilities within the state.

5 These conditions are making it more and more difficult for farmers and farm related businesses to survive in the present state of the economy thus threatening the very heart blood of Iowa.

6 One major cause of this condition has been recurrent shortages of funds in private channels and the high interest cost of borrowing.

7 These shortages have contributed to reductions in construction of new railway facilities, and have made the sale, purchase and repair of existing railway facilities a virtual impossibility in many parts of the state.

8 Iowa faces the possible consequences of two railroad bankruptcies and further reductions in service by other railroads due to deteriorating rail facilities. The loss of rail service on three thousand ninety miles may be the immediate consequence of the bankruptcies, with a resultant increase in transportation costs. This will be accompanied by a reduction in Iowa farm income. Any prolonged loss of service on the essential portions of these rail facilities means the loss of jobs in Iowa and a loss to the state economy.

9 A stable supply of adequate funds for financing of railway facilities is required to encourage construction of railway facilities, the rehabilitation of existing

facilities and to prevent the abandonment of others in an orderly and sustained manner and to reduce the problems described in this section

10 It is necessary to create a railway finance authority to encourage the investment of private capital and stimulate the construction, rehabilitation and repair of railway facilities and to prevent the abandonment of others through the use of public financing, publicly assisted financing and other forms of public assistance

11 All of the purposes stated in this section are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned or granted

307B.7 Powers of the authority.

The authority shall have all powers necessary for the performance of its purposes and duties, including but not limited to, the power to

- 1 Have perpetual succession as a public authority

- 3 Sue and be sued in its own name
- 4 Exercise the power of eminent domain
- 5 Acquire railway facilities, whether located within Iowa or a contiguous state, directly or through an

agent by purchase, lease, lease purchase, gift, devise or otherwise. The authority shall not submit a bid to acquire a railway facility if any railroad company or person is negotiating for the facility's purchase and if the railroad company's or person's offer exceeds the net salvage value set by the trustee by at least fifteen percent and the offer is for a segment which originates and terminates at the intersection of another railroad mainline or is for a segment which connects to a mainline if the facility is a branchline. However, even if a railroad company or person is negotiating for a facility's purchase, the authority may submit a bid for the acquisition of the railway facility upon approval of a resolution by the state transportation commission stating that the best interests of the state and the transportation needs thereof might not be served by the railroad company's or person's offer or negotiation. However, the commission shall not adopt such a resolution if the competing railroad corporation or person files with the state department of transportation an enforceable undertaking to operate the facility for a period of five years after its purchase.

6 Determine the location of and select any railway facility to be provided financial assistance under this chapter and acquire, construct, reconstruct, renovate, rehabilitate, improve, extend, replace, maintain, repair and lease the facility, and to enter into contracts for any of these purposes.

7 Enter into contracts, including partnership agreements, with any person for the ownership, operation, management or use of a railway facility. Provisions shall be made in any contract or partnership agreement entered into by the authority that any additional jobs which may result from the ownership, operation, management, or use of a railway facility shall be offered, when practicable, to qualified former employees of the Milwaukee Road or Rock Island railroad companies.

8 Designate an agent to perform its powers under subsections 6 and 7.

9 The authority may sell or convey any of the railway facilities upon terms and considerations acceptable to the governing board.

10 Issue obligations for any of its purposes and refund the obligations, all as provided for in this chapter. However, the total principal amount of obligations outstanding at any one time shall not exceed two hundred million dollars.

11 Invest or deposit moneys of the authority, subject to an agreement with bondholders or noteholders, in a manner determined by the authority, notwithstanding chapter 452 or 453.

13 Mortgage all or any portion of its railway facilities, whether then owned or thereafter acquired, in connection with the financing of the particular railway facility or any portion of the facility.

14 Extend financial assistance for the purpose of providing for project costs. Make interest free loans for rehabilitation of railway tracks, roadbeds, or trestles to persons which have repaid in part the original

loan from the authority which was made for the purpose of the acquisition or rehabilitation of railway tracks, roadbeds, or trestles. However, an interest-free loan to a person shall not exceed the amount repaid of the original loan made to that person and one-half of the amount of the interest-free loan repaid to the authority shall be credited to the railroad assistance fund established in section 327H.18.

15. Extend financial assistance to refund, retire, or refinance obligations, including obligations running to the federal government, mortgages or advances issued, made or given for the project cost of a railway facility which costs were incurred for railway facilities undertaken and completed prior to or after May 20, 1980 when the governing board finds that this financial assistance is in the public interest.

16. Have and alter a corporate seal.

17. Receive and accept from any person or governmental agency loans, guarantees or grants for or in aid of project costs and receive and accept grants, gifts and other contributions from any source.

18. 19. Temporarily operate a railway facility under this chapter if sufficient need exists or there is an emergency situation as determined by a majority of the board.

20. Pledge any funds contained in the special railroad facility fund to the payment of and as security for obligations issued under this chapter.

307B.9 Obligations.

Except as provided in this chapter, all obligations are payable solely out of the pledged receipts as designated in the bond proceedings. Tax funds which the authority receives from a political subdivision of the state shall not be pledged for payment of the obligations. Except for those tax funds deposited in the special railroad facility fund as provided in sections 307.29, 435.9 and 324A.8, the state shall not appropriate tax funds, directly or indirectly, to the authority for the purpose of payment of obligations of the authority. Obligations shall be authorized by resolution of the board and bond proceedings shall provide for the purpose of the obligations, the principal amount, the principal maturity or maturities, not exceeding twenty-five years from the date of issuance, the interest rate or rates or the maximum interest rate, the date of the obligations and the dates of payment of interest on them, their denomination, and the establishment within or without the state of a place or places of payment of bond service charges. As much as is practicable within the legal and fiscal limitations inherent in bond issuance, a portion of the bonds shall be issued in denominations of five thousand dollars and smaller, in order to allow smaller investors in the state to purchase the bonds. The purpose of the obligations may be stated in the bond proceedings in terms describing the general purpose or purposes to be served. The bond proceedings shall also provide, subject to other applicable bond proceedings, for the pledge of all or such part, as the authority may determine, of the pledged receipts to the payment of bond service charges, which pledges may be made either prior or subordinate to other expenses, claims or payments, and may be made to secure the obligations on a parity with obligations issued at other times, if and to the extent provided in the bond proceedings. The pledged receipts so pledged and received by the authority are immediately subject to the lien of the pledge without physical delivery or further act, and the pledge of the pledged receipts is effective and these moneys may be applied to the purposes for which pledged without necessity for an Act of appropriation. Every pledge and every covenant and agreement with respect to a pledge made in the bond

307B.8 Duties of governing board.

The specific duties of the governing board shall be to:

1. Keep accurate records of all its proceedings and make them available to the public.

proceedings may be extended to the benefit of the owners and holders of obligations authorized by this chapter, and to any trustee for owners and holders, for the further security of the payment of the bond service charges. The authority shall issue a prospectus or official statement in connection with the offering of obligations. Obligations may be issued in coupon or in registered form, or both. Provision may be made for the registration of obligations with coupons attached as to principal alone or as to both principal and interest, their exchange for obligations so registered, and for the conversion or reconversion into obligations with coupons attached of any obligations registered as to both principal and interest, and for reasonable charges for registration, exchange, conversion and reconversion. Obligations may be sold at public or private sale at the price, in the manner, and at the time determined by the governing board. Chapter 75 and sections 23 12 to 23 16 do not apply to obligations issued under this chapter. All obligations are negotiable instruments.

The bond proceedings may contain additional provisions as to

1 The redemption of obligations prior to maturity at the option of the authority at the price and under the terms and conditions provided in the bond proceedings

2 Other terms of the obligation

3 Limitations on the issuance of additional obligations

4 The terms of any trust agreement or indenture securing the obligations or under which the obligations may be issued

5 The deposit, investment and application of special funds and the safeguarding of moneys on hand or on deposit, without regard to chapter 453, subject to this chapter, with respect to particular funds or moneys, provided that any bank or trust company which acts as depository of any moneys in the special funds may furnish indemnifying bonds or may pledge the securities as required by the authority

6 The provisions of the bond proceedings which are binding upon the officer, board, commission, authority, agency, department or other person or body which has the authority under law to take actions as necessary to perform all or any part of the duty required by a provision

7 Any provision which may be made in a trust agreement or indenture

8 Additional agreements with the holders of the obligations, or the trustee for the holders, relating to the obligations or the security for the obligations

Before the authority can incur an obligation for the acquisition or purchase of railway facilities under this chapter, the proceeds of which are to be contributed, loaned, or otherwise provided to a partnership of which the authority is a partner, the other partners of the partnership must pledge to the partnership in the aggregate an amount equal to at least twenty percent of the amount of the obligations to be incurred for the acquisition or purchase

[C81, §307B 8(4-6), 307B 9, 81 Acts 2d Ex, ch 3, §11]

307B.10 Refunding of obligations.

The board may authorize and issue obligations for the refunding, including funding and retirement, and advance refunding with or without payment or redemption prior to maturity, of any obligations previously issued by the authority. These obligations may be issued in amounts sufficient for payment of the principal amount of the prior obligations, any redemption premiums on the prior obligations, principal maturities of any obligations maturing prior to the redemption of the remaining obligations on a parity with them, interest accrued or to accrue to the maturity date or dates of redemption of the obligations, and any project costs including expenses incurred or to be incurred in connection with this issuance, refunding, funding, and retirement. Subject to the bond proceedings, the portion of proceeds of the sale of obligations issued under this section to be applied to bond service charges on the prior obligations shall be credited to the appropriate account for those prior obligations. Obligations authorized under this section shall be deemed to be issued for those purposes for which the prior obligations were issued and are subject to the provisions of this chapter pertaining to other obligations. Obligations refunded shall not be considered to be outstanding for purposes of section 307B 7, subsection 10.

Refunding may be made without regard to whether or not the obligations to be refunded were issued in connection with the same railway facilities, separate railway facilities or for other purposes, and without regard to whether or not the obligations proposed to be refunded shall be payable on the same date or different dates or due serially or otherwise

[C81, §307B 10, 81 Acts 2d Ex, ch 3, §12]

307B.11 Security for obligations.

Obligations may be additionally secured by a trust agreement or indenture between the authority and a corporate trustee which may be any trust company or bank having its principal place of business within the state. Any such agreement, indenture, mortgage, or deed of trust, or any combination thereof, may contain the resolution authorizing the issuance of the obligations, any provisions that may be contained in any bond proceedings, and other provisions which are customary or appropriate in an agreement or indenture of such type, including, but not limited to

1 Maintenance of each pledge, trust agreement, indenture, or other instrument comprising part of the bond proceedings until the authority has fully paid the bond service charges on the obligations secured by the instrument, or provision for payment has been made

2 In the event of default in any payments required to be made by the bond proceedings or any other agreement of the authority made as a part of the contract under which the obligations were issued, enforcement of the payments or agreement by mandamus, appointment of a receiver, suit in equity, action at law, or any combination of these

3 The rights and remedies of the holders of obligations and of the trustee and provisions for protecting and enforcing them, including limitations on rights of individual holders of obligations

4 The replacement of any obligations which become mutilated or are destroyed, lost, or stolen

The principal of and interest on obligations shall be secured as provided in the bond proceedings by the pledge of pledged receipts and by assignment of leases or other contract rights of the authority, or any person acquiring, leasing, or operating railway facilities assisted under this chapter to third parties, which assignment may cover all or any part of the railway facilities from which the receipts may be derived, including, but not limited to, any enlargements of or additions to any of these railway facilities.

Each pledge shall continue in effect until the principal of and interest on the obligations has been fully paid or provision for the payment has been duly made pursuant to the bond proceedings.

[C81, §307B.11; 81 Acts 2d Ex, ch 3, §13]

307B.12 Payment of obligations — nonliability of state.

Obligations issued under this chapter, and judgments based on contract or tort arising from the activities of the authority or persons acting on its behalf, are not a debt or liability of the state or of any political subdivision within the meaning of any constitutional or statutory debt limitation and are not a pledge of the state's credit or taxing power within the meaning of any constitutional or statutory limitation or provision and no appropriation shall be made, directly or indirectly, by the state or any political subdivision of the state for the payment of the obligations or judgments or to fund any deficiency in the special railroad facility fund, or for the indemnification of a person subject to a judgment arising from that person's actions on the authority's behalf. These obligations and judgments are special obligations of the authority payable solely and only from the sources and special funds provided in this chapter. Funds from the general fund of the state shall not be used to pay interest or principal on obligations of the authority in the event that receipts from the taxes designated for deposit in the special railroad facility fund are insufficient.

[C81, §307B.12; 81 Acts 2d Ex, ch 3, §14]

307B.13 Remedies of holders of obligations.

1. The bond proceedings may provide that a holder of obligations or a trustee under the bond proceedings, except to the extent that the holder's rights are restricted by the bond proceedings, may by legal proceedings, protect and enforce any rights under the laws of this state or granted by the bond proceedings. These rights include the right to compel the performance of all duties of the authority required by this chapter or the bond proceedings; to enjoin unlawful activities; and in the event of default with respect to the payment of any bond service charges on any obligations or in the performance of any covenant or agreement on the part of the authority in the bond proceedings, to apply to a court to appoint a receiver to receive and administer the pledged receipts which are pledged to the payment of the bond service charges on these obligations or which are the subject of the covenant or agreement, with full power to pay and to provide for payment of bond service charges on these obligations and with powers accorded receivers in general equity cases, excluding any power to pledge additional revenues or receipts or other income or moneys of the authority or the state or governmental

agencies of the state to the payment of the bond service charges; and if provided in the bond proceedings, the power to take possession of, mortgage, or cause the sale or otherwise dispose of any railway facilities.

Each duty of the authority and the authority's board, officers, and employees, and of each governmental agency and its officers, members, or employees, undertaken pursuant to the bond proceedings or any agreement or lease, lease-purchase agreement, or loan made under authority of this chapter, and in every agreement by or with the authority, is a duty of the authority, and of each board, officer, member or employee having authority to perform this duty, which may be specifically enjoined by the law resulting from an office, trust or station under chapter 661.

2. If the bond proceedings do not contain provisions authorized in subsection 1, if the authority defaults in the payment of principal or interest on obligations as they become due, whether at maturity or upon call for redemption, and the default continues for a period of thirty days, or if the authority fails or refuses to comply with this chapter or defaults in any covenant or agreement in the bond proceedings made for the benefit of the holders of obligations, the holders of twenty-five percent in aggregate principal amount of obligations of the issue then outstanding by instrument filed in the office of the clerk of the county in which the principal office of the authority is located and proved or acknowledged in the same manner as a deed to be recorded may appoint a trustee to represent the holders of the obligations for the purposes provided in this section.

The trustee selected may, and upon written request of the holders of twenty-five percent in aggregate principal amount of the issue of obligations then outstanding, shall:

- a. Enforce all rights of the holders of the obligations including the right to require the authority to carry out its agreements with the holders and to perform its duties under this chapter.
- b. Bring suit upon the obligations.
- c. By action require the authority to account as if it were the trustee of an express trust for the holders.
- d. By action enjoin any acts or things which are unlawful or in violation of the rights of the holders.
- e. Declare all the obligations due and payable and, if all defaults are made good then with the consent of the holders of twenty-five percent of the aggregate principal amount of the issue of obligations then outstanding, annul the declaration and its consequences. Before declaring the principal of obligations due and payable, the trustee shall first give thirty days notice in writing to the governor, to the authority, and to the attorney general of the state.

The trustee selected shall also have all powers necessary or appropriate for the exercise of functions specifically set forth or incident to the general representation of holders in the enforcement and protection of their rights.

3. The district court has jurisdiction of any action by the trustee on behalf of holders. The venue of the action shall be in the county in which the principal office of the authority is located.

[C81, §307B.13; 81 Acts 2d Ex, ch 3, §15]

307B.14 Authority as public instrumentality.

The authority is performing a public function on behalf of the state and is a public instrumentality of the state. Income of the authority and all properties owned by or leased to the authority are exempt from all taxation in the state of Iowa. This chapter does not exempt from taxation properties comprising railway facilities financially assisted under this chapter which are owned by persons other than the authority except those leased to the authority. However, properties owned by the authority which are leased or rented to a private person shall include as part of the rates, rents, fees or charges payable by that person a sum equal to the amount of tax, determined by applying the tax rate of the taxing district to the assessed value of the property, which the state, county, city, school district or other political subdivision would receive if the property were owned by a private person, any other statute to the contrary notwithstanding. This sum shall be distributed to each taxing district based upon its tax equivalent. For purposes of arriving at that tax equivalent, the property shall be valued and assessed by the assessor in whose jurisdiction the property is located, in accordance with chapter 441, but the authority, the lessee or renter on behalf of the authority, and other persons as are authorized by chapter 441 shall be entitled to protest any assessment and take appeals in the same manner as any taxpayer. The valuations shall be included in any summation of valuations in the taxing district for all purposes known to the law. Income from this source shall be considered under the provisions of section 384.16, subsection 1, paragraph "b".

[C81, §307B 14, 81 Acts 2d Ex, ch 3, §16]

307B.15 Powers not restricted — law complete in itself.

This chapter is not a restriction or limitation upon any powers which the authority or another governmental agency has under any laws of this state, but is cumulative to any such powers. No proceedings, referendum, notice or approval is required for the creation of the authority or the issuance of any obligations or any instrument as security except as provided in this chapter. However, nothing in this chapter deprives the state and its political subdivisions of their police powers over properties of the authority or impairs any power over the authority of any official or agency of the state and its political subdivisions which is otherwise provided by law.

[C81, §307B 15, 81 Acts 2d Ex, ch 3, §17]

307B.16 Limitation of liability.

The members of the board and persons acting in the board's behalf, while acting within the scope of their employment or agency, shall be employees of the state within the meaning of chapter 25A and the provisions, except section 25A 11, of that chapter shall apply to such members and persons. Any awards to a claimant under chapter 25A resulting from actions involving the board or a person acting in the board's behalf shall be payable solely from funds of the authority and funds received from the state shall not be used to pay such awards.

[C81, §307B 16]

307B.17 Exemption from construction and bidding requirements for public buildings.

A railway facility is not subject to any requirements relating to public buildings, structures, grounds, works or improvements imposed by any other law, except as determined by the governing board, or any other similar requirements which may be lawfully waived by this section and any requirement of competitive bidding or other restriction imposed on the procedure for awarding contracts for such purpose or the lease, sale, or other disposition of property of the authority is not applicable to any action taken under the provisions of this chapter.

[C81, §307B 17]

307B 18 Liberal interpretation.

This chapter, being necessary for the welfare of this state and its inhabitants, shall be liberally construed to effect its purposes.

[C81, §307B 18]

307B 19 Governmental agencies.

A governmental agency may enter into an agreement with the authority, another governmental agency, or a person to be assisted under this chapter to take or provide for the purposes of this chapter any governmental action it is authorized to take or provide and to undertake on behalf and at the request of the authority any action which the authority and the agency are authorized to undertake. Governmental agencies of the state shall cooperate with and provide assistance to the director and the authority in the exercise of their functions under this chapter.

[81 Acts 2d Ex, ch 3, §18]

307B 20 Bond anticipation notes

The power to issue obligations under this chapter includes power to issue obligations in the form of bond anticipation notes and to renew these notes by the issuance of new notes, but the maximum maturity of these notes, including renewals, unless otherwise authorized by the general assembly, shall not exceed five years from the date of the issuance of the original notes. The holders of these notes or interest coupons of the notes have a right to be paid solely from the pledged receipts pledged to the payment of the bonds anticipated, or from the proceeds of those bonds or renewal notes, or both, as the authority provides in the bond proceedings authorizing the notes. The notes may be additionally secured by covenants of the authority to the effect that the authority will do those acts authorized by this chapter and necessary for the issuance of the bonds or renewal notes in appropriate amount, and either exchange the bonds or renewal notes therefor, or apply the proceeds of the notes to the extent necessary, to make full payment of the principal of and interest on the notes at the time contemplated, as provided in the bond proceedings. For such purpose, the authority may issue bonds or renewal notes in a principal amount and upon terms as are authorized by this chapter and are necessary to provide funds to pay when required the principal of and interest on the outstanding notes, notwithstanding any limitations prescribed by this chapter, other than the limitation contained in section 307B 7, subsection 10. All provisions for and references to obligations in this chapter are applicable to notes authorized under this section to the extent not inconsistent with this section.

[81 Acts 2d Ex, ch 3, §18]

307B.21 Investment in obligations.

All banks, trust companies, building and loan associations, savings and loan associations, investment companies and other persons carrying on a banking or investment business, all insurance companies, insurance associations and other persons carrying on an insurance business and all executors, administrators, guardians, trustees and other fiduciaries may legally invest any sinking funds, moneys, or other funds belonging to them or within their control in obligations issued pursuant to this chapter. However, this section does not relieve any persons from a duty of exercising reasonable care in selecting securities for purchase or investment.

[81 Acts 2d Ex, ch 3, §18]

307B.22 Notice.

The authority shall publish a notice of its intention to issue obligations in a newspaper published in and with general circulation in the state. The notice shall include a statement of the maximum amount of obligations proposed to be issued, and in general terms, what receipts will be pledged to pay bond service charges on the obligations. An action which questions the legality or validity of obligations or the power of the authority to issue the obligations or the effectiveness or validity of any proceedings adopted for the authorization or issuance of the obligations shall not be brought after sixty days from the date of publication of the notice.

[81 Acts 2d Ex, ch 3, §18]

307B.23 Special railroad facility fund.

There is created in the office of the state treasurer a "special railroad facility fund". This fund shall include moneys credited to this fund under sections 307 29, 435 9, 324A 9, and other funds which by law may be credited to the special railroad facility fund. The moneys in the special railroad facility fund are hereby appropriated to and for the purposes of the authority as provided in this chapter. The funds in the special railroad facility fund shall not be considered as a part of the general fund of the state, shall not be subject to appropriation for any other purpose by the general assembly, and in determining a general fund balance shall not be included in the general fund of the state but shall remain in the special railroad facility fund to be used for the purposes set forth herein. The state treasurer shall act as custodian of the fund and disburse amounts contained in it as directed by the authority. The state treasurer is authorized to invest the funds deposited in the special railroad facility fund at the direction of the authority and subject to any limitations contained in the bond proceedings. The income from such investment shall be credited to and deposited in the special railroad facility fund. This fund shall be administered by the authority and may be used to purchase or upgrade railroad right of

way and trackage facilities or to purchase general or limited partnership interests in a partnership formed to purchase, upgrade, or operate railroad right of way and trackage facilities, to pay or secure obligations issued by the authority, to pay obligations, judgments, or debts for which the authority becomes liable in its capacity as a general partner, or for any other use authorized under this chapter. The fund may also be used to purchase or upgrade railroad right of way and trackage facilities for the development of railroad passenger tourism.

Any moneys credited to the special railroad facility fund under sections 435 9 and 324A 9 shall be deposited in a separate account within the special railroad facility fund. The authority may issue obligations under this chapter which are secured solely by the moneys to be deposited in that separate account and the holders or owners of any such obligations shall have no rights to payment of bond service charges from any other funds in the special railroad facility fund, including any moneys accruing to the authority from the lease, sale or other disposition, or use of railway facilities, or from payment of the principal or interest on loans made, or from any other use of the proceeds of the sale of the obligations, and no such moneys may be used for the payment of bond service charges on any such obligations, except for accrued interest, capitalized interest, and reserves funded from proceeds received upon the sale of the obligations.

1 The corporation's right, title, and interest in the right-of-way, track materials, and rail facilities.

2 An exclusive, transferable, five year option to purchase all of the corporation's right, title, and interest in the right-of-way, track materials, and rail facilities.

The states of Iowa, Missouri, Kansas, and Nebraska agree that within a reasonable time they shall fulfill the obligations of this compact and that each shall authorize the proper official or agency in its state to take the necessary steps to promote barge use and develop the Missouri river as it flows between and within the compact states for additional barge traffic

ARTICLE IV

ARTICLE I

The purposes of this compact are to provide for planning for the most efficient use of the waters of the Missouri river, to increase the amount of barge traffic on that segment of the Missouri river below Sioux City, Iowa, to take necessary steps to develop the Missouri river and its banks to handle more barge traffic than is presently handled, to encourage barge use on that segment of the Missouri river for transporting bulk goods, especially farm commodities, to insure that the intended increase in barge traffic does not impose unacceptable damage on the Missouri river in all its various uses, including agriculture, wildlife management, and recreational opportunities, to consider the effects of diversion of the waters of the Missouri river on navigation, and to promote joint action between the compact parties to accomplish these purposes. The purposes of the compact do not include lobbying activities against user fees for barge traffic and such activities under this compact are prohibited

This compact does not limit the powers granted in any other act to enter into interstate or other agreements relating to the Missouri river flowing between and within the compact states, alter the relations between the respective internal responsibilities of the government of a party state and its subdivisions, or impair or affect any rights, powers, or jurisdiction of the United States, or those acting by or under its authority, in, over, and to those waters of the Missouri river. Adoption of this compact by the general assembly shall not require the signatory states to adopt any legislation or to appropriate funds for its implementation

ARTICLE V

Other states having an interest in the promotion of barge traffic on the Missouri river can join in this compact by unanimous consent of the member states

Any member state can withdraw at any time by appropriate action of its legislature

Whenever it is desired to surface a secondary road on a county line, as a secondary road assessment district project, the board of supervisors of any county concerned may establish an assessment district in its county, and levy and collect special assessments for the payment of that portion of the estimated cost of such project assessable against lands in that county. Each county shall pay its share of the cost of said project as provided in this chapter, in the same manner as though the project were located wholly within that county.

[C24, 27, 31, 35, 39, §4746; C46, §311 3, C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §311 4]

311.5 Project in city.

Any road or street which is a continuation of a secondary road within any city and which the county board desires to improve by graveling, oiling, or other suitable surfacing, may by resolution of the county board and concurrence by the council of the city be improved as a secondary road assessment district project or part thereof as herein provided. The lands within such city abutting on or adjacent to such street or road may be included within such secondary road assessment district and assessed on account of such improvement upon the same basis and in the same manner as though such lands were located outside of a city.

[C24, §4754, C27, 31, 35, §4745 a1, C39, §4745.1; C46, §311 2, C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §311 5]

311.6 Petition — information required.

The petition for a secondary road assessment district proposing to establish such district shall intelligibly describe the road or roads proposed to be improved, the nature of the proposed improvement, the percentage of the estimated cost of the surfacing of said road proposed to be assessed against the property in the said district and the lands proposed to be included in such district.

Such petition shall be signed by thirty five percent of the owners of the lands within such proposed district, or by thirty five percent of the owners of the land within such proposed district who reside within said county.

[C24, 27, 31, 35, 39, §4746; C46, §311 3, C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §311 6]

311.7 Improvement by private funds.

The owner or a group of owners of not less than seventy five percent of the lands adjacent to, or abutting upon any secondary road may, on or before October 1 of any year, petition the board of supervisors of their county for the improving by graveling or other suitable surfacing, of such road, and for the assessment of not less than fifty percent (or such greater portion as may be provided in said petition) of the cost of such improving, by graveling or other suitable surfacing, to the lands adjacent to, or abutting upon such road. When the petition has been filed, the board of supervisors shall review the project proposed by the petition and may accept or reject the proposed project. If the board of supervisors accepts the petition, the board shall include such project in the secondary road construction program of said county and establish a priority for the completion of such project.

The board of supervisors shall proceed with the construction and completion of said project in accordance with its assigned priority and under the same procedure as is prescribed generally for the improvement of secondary roads by assessment, and shall, as the law may provide, establish a special secondary road assessment district and assess against the lands included therein not less than fifty percent (or such greater portion as may be provided in said petition) of the engineer's estimated cost of the surfacing of the road or roads included in said project against all the lands adjacent to or abutting upon the said road or roads.

Provided, that should the owner or owners of all the lands included in any special secondary road assessment district under this section, subscribe and deposit with the county treasurer an amount not less than fifty percent (or such greater portion as may be provided in said petition) of the engineer's estimated cost of the surfacing of the road or roads included in said project, the board of supervisors shall not establish such special assessment district as herein provided, but shall accept the said donations in lieu of an assessment, and shall otherwise proceed to the improvement of said road or roads as herein provided.

Provided further, that the total expenditure of secondary road funds of the county in any year for or on account of special secondary road assessment district projects on local secondary roads under this section shall not exceed the total secondary road funds legally expendable for construction on local secondary roads in said county in said year, and the expenditure of secondary road funds of the county, in any township in any three year period, for or on account of special secondary road assessment district projects on local secondary roads under this section, shall not exceed said township's pro rata share, on the area basis, of the total secondary road funds legally expendable for construction on local secondary roads in said county in said three year period, unless there be a township filed or townships from which there are no petitions filed during the first two years of said three year period.

If the engineer's estimated cost of the grading, bridges, culverts, and draining of the road proposed to be included in any special assessment district project under this section, exceeds an average of seven thousand dollars per mile, the board of supervisors of said county may appeal to the state transportation commission as to whether the county shall proceed with the construction of said project. The state transportation commission shall hold a hearing on said matter, at a time and place of which the petitioners and the county board shall be duly notified, and shall have an opportunity to appear and be heard. After such hearing the state transportation commission shall determine whether the county shall proceed with said project, which determination shall be final.

Upon the completion of such road or roads, and the satisfaction of all claims in relation thereto, any balance then remaining of the funds provided by the sponsors shall be returned to them according to their respective interests, providing all guarantees made by such sponsors have been fulfilled.

1. An estimate of the cost of the surfacing proposed on the road or roads included in such proposed district.
2. A plat of said proposed district which plat shall show the road or roads proposed to be improved, the various tracts and parcels of real estate included in said proposed district, and the ownership of such lands.
3. An approximately equitable apportionment of not less than twenty-five percent of the estimated cost of said improvement among the tracts and parcels of real estate included in such proposed district.
4. A statement whether all of the secondary roads to be surfaced in said proposed secondary road assessment district project have been built to permanent grade and properly drained.
5. Any information the county engineer may deem pertinent.

Said estimated cost shall carry the presumption, in the absence of a contrary showing, that the same correctly represents the probable cost of said project as nearly as can be determined in advance of the actual doing and completion of the work. Said apportionment shall carry the presumption, in the absence of a contrary showing, that the same is fair, just, equitable, and in proportion to the benefits and not in excess thereof.

8. That at said hearing the amount apportioned to any tract or parcel of land may be increased or decreased without further notice,
9. That all objections to the establishment of the district, to the apportionment report, or to the proceedings relating to the district or report must be specifically made in writing and filed with the county engineer on or before noon of the day set for the hearing, and
10. That a failure to make and file such objections will be deemed a conclusive waiver of all such objections.

Such omission or error shall only affect the particular tract of real estate or person in question. If, before or after the board has entered its final order in the establishment of the said district or in the apportionment proceedings such omission or error is discovered, the board shall fix a time for a hearing as to such party or real estate and shall cause service of notice to be made upon them, either by publication as in this chapter provided, or by personal service in the time and manner required for service of original notices in the district court. On the final determination the board shall levy the assessments and all installments thereof upon the real estate within the district as finally established. The entire amount of the assessment shall be then due and payable, and bear interest at a rate not exceeding that permitted by chapter 74A commencing twenty days from the date of the levy, and shall be collected at the succeeding September semiannual payment of ordinary taxes.

If an owner other than the state or a county or city, of any tracts of land on which the assessment is more than ten dollars, shall, within twenty days from the date of the assessment, agree in writing filed in the office of the county auditor, that in consideration of the owner having the right to pay the assessment in installments, the owner will not make any objection of illegality or irregularity as to the assessment upon the real estate, and will pay the assessment plus interest, the assessment shall be payable in ten equal installments. The first installment shall be payable on the date of the agreement. The other installments with interest on the whole amount unpaid shall be paid

annually at the same time and in the same manner as the September semiannual payment of ordinary taxes. The rate of interest shall be as established by the board, but not exceeding that permitted by chapter 74A.

An owner of land who has used said ten year option may at any time discharge the assessment by paying the balance then due on all unpaid installments, with interest on the entire amount of the unpaid installments for thirty days in advance.

311.19 Assessment ten dollars or less.

Assessments of ten dollars or less against any tract of land, and assessments against lands owned by the state, county or city, shall be due and payable from the date of levy by the board of supervisors, or in the case of any appeal, from the date of final confirmation of the levy by the court.

In case of assessments on lands owned by the county, the assessments shall be paid from the county treasury. 311.20 Variation between estimated and actual cost.

Any variation between the engineer's estimated cost and the actual cost of a secondary road assessment district project shall in no way affect the validity of the assessment. It is the intent of this chapter that the assessment shall be based on the estimated cost and not on the actual cost.

The total cost of any secondary road assessment district project shall in the first instance be paid out of the county treasury. Any assessments which are paid in cash and in anticipation of which assessments no certificates have been issued, shall be transferred to the county treasury.

If no special assessment certificates are issued and sold on account of any particular secondary road assessment district, the special assessments on lands included in that district, and the interest on the assessments when collected, shall be transferred to the secondary road fund of the county. If certificates are issued and sold in anticipation of the special assessments levied on a district, the proceeds of the certificates shall be credited to the county treasury. In that event, the special assessments in anticipation of which certificates have been issued, and the interest on the assessments shall, when collected, be used to retire the certificates.

311.24 Appeal from assessment.

Any owner of land in a secondary road assessment district may appeal to the district court from the order of the board of supervisors in levying the assessment against the owner's real estate, by filing with the county engineer within fifteen days of the date of the levy, a bond conditioned to pay all costs in case the appeal is not sustained, and a written notice of appeal where the owner shall, with particularity, point out the specific objection which the owner desires to lodge against the levy. The appeal has precedence over all other business pending before the court except criminal matters. The appeal shall be heard as in equity. The court may raise or lower the assessment in question and make an equitable assessment in the judgment of the court. The clerk of the district court shall, upon the entry of the final order of the court, certify the final order to the county engineer. The board of supervisors shall adjust the assessments to comply with the final order of the court.

The appellant shall, within twenty days after perfection of the appeal, docket the appeal and file a petition setting forth the order or decision of the board of supervisors appealed from, and the appellant's specific objections. A failure to comply with either of these

requirements is a conclusive waiver of the appeal and the court shall dismiss the petition. Appellee need not file answer, but may do so.

311.26 Assessments certified to county treasurer.

When the board of supervisors has entered its final order as to the amounts of all special assessments on a given improvement, the county engineer shall at once certify a list of the assessments and a list of real estate upon which each assessment has been levied, with the specific designation of the district embracing the real estate, to the county treasurer, who shall enter each assessment on the tax books and continue the entry until the assessment is paid.

Each special assessment and all installments of the special assessments are a lien upon the real estate upon which levied from the date of the certificate by the county engineer to the same extent and in the same manner as taxes levied for state and county purposes. Changes in the amount of a special assessment by reason of a ruling of the district court on appeals shall be likewise certified and the county treasurer shall make the proper correction on the books.

312.3 Apportionment to counties and cities.

The treasurer of state shall, on the first day of each month

1 Apportion among the counties in the ratio that the needs of the secondary roads of each county bear to the total needs of the secondary roads of the state for each fiscal year based upon the total needs of secondary roads of the state as shown in the latest quadrennial need study report developed by the state department of transportation, and which is on record

at the department, sixty percent of the allocation from road use tax funds which is credited to the secondary road fund of the counties, and apportion among the counties in the ratio that the area of each county bears to the total area of the state, forty percent of the allocation from road use tax funds which is credited to the secondary road fund of the counties. However, for a hold harmless period each county is guaranteed a base year amount. The amount in the secondary road fund of the counties in each fiscal year during the hold harmless period in excess of the sum of the base period amounts allocated to all counties shall be distributed proportionally based on the relative needs and area factors to only those counties entitled to receive more than the base year amount.

For the purposes of this subsection

a "Hold harmless period" means the fiscal years beginning July 1, 1979 and ending June 30, 1985

b "Base year amount" means the amount of the secondary road fund of the counties received by a county for the fiscal year beginning July 1, 1977

A city may have one special federal census taken each decade, and the population figure thus obtained shall be used in apportioning amounts under this subsection beginning the calendar year following the year in which the special census is certified by the secretary of state.

3 In any case where a city has been incorporated since the latest available federal census the mayor and council shall certify to the state treasurer the actual population of such incorporated city as of the date of incorporation and its apportionment of funds under this section shall be based upon such certification until the next federal census enumeration. Any community which has dissolved its corporation shall not receive any apportionment of funds under this certificate for any period after said corporation has been dissolved.

4 In any case where a city has annexed any territory since the last available federal census or special federal census, the mayor and council shall certify to the treasurer of state the actual population of such annexed territory as determined by the last certified federal census of said territory and the apportionment of funds under this section shall be based upon the population of said city as modified by the certification of the population of the annexed territory until the next federal or special federal census enumeration.

5 In any case where two or more cities have consolidated, the apportionment of funds under this section shall be based upon the population of the city resulting from said consolidation and shall be determined by combining the population of all cities involved in the consolidation as determined by the last available federal or special federal census enumeration for said consolidating city.

313.1 Federal and state co-operation.

The department is empowered on behalf of the state to enter into any arrangement or contract with and required by the duly constituted federal authorities, in order to secure the full co operation of the government of the United States, and the benefit of all present and future federal allotments in aid of highway construction, reconstruction, improvement or maintenance. The good faith of the state is hereby pledged to cause to be made available each year, sufficient funds to equal the total of any sums now or hereafter apportioned to the state for road purposes by the United States government for such year, and to maintain the roads constructed with said funds.

[C24, §4688, C27, 31, 35, §4755 b1, C39, §4755.01; C46, 50, 54 58, 62, 66, 71, 73, 75, 77, 79, 81, §313 1]

313.2 "Road systems" defined — roadside parks.

The roads and streets of the state are, for the purpose of this chapter, assigned to the functional classification systems established under chapter 306.

Whenever the board of supervisors of a county and the department mutually determine that a portion of a highway under the jurisdiction of either party should be transferred to the jurisdiction of the other party, the board and department may enter into an agreement to effect such transfer. Such agreement may provide that each party may undertake or share responsibility for improving said road with the costs of such improvement to be borne entirely by either the county or the department or equitably divided between the two jurisdictions. All such improvements shall be completed and all actual costs thereof paid or reimbursed prior to the time transfer of the road is made. In carrying out such agreement, the board of supervisors may expend secondary road funds of the county and the department may expend primary road funds.

However, prior to entering into the agreement, a notice of intent to execute such agreement shall be published in a newspaper of general circulation within the county and the cost of such notice shall be jointly borne by the department and the board of supervisors. If one hundred or more residents of the county request by petition or in writing that a hearing be held in regard to such agreement within ten days after the publication of the notice, the board of supervisors and the department shall hold such a hearing not more than seven days after receiving the petition or written instrument, and based upon evidence presented at such hearing shall re examine the merits of executing such agreement and make a decision in regard to it.

The department may, for the purpose of affording access to cities or state parks, or for the purpose of

shortening the direct line of travel on important routes, or to effect connections with interstate roads at the state line, add such road or roads to the primary system.

The department, either alone or in co operation with any county, shall have the authority to utilize any land acquired incidental to the acquisition of land for highway right of way and to also accept by gift, lands not exceeding two acres in area for roadside parks and parking areas. The department may furnish necessary maintenance. The department shall also have authority to accept by gift, equipment or other installations incidental to the use of said parks and parking areas. Said parks and parking areas shall be a part of the primary road system and the department may at its discretion sell or otherwise dispose of said lands. No rest areas or rest area buildings shall be established or constructed on an interstate highway at intervals of less than sixty miles.

Reasonable maintenance and surveillance of rest area sites and buildings located thereon shall be provided by employees of the department within the limits of appropriations provided for such purpose.

2 “Department” shall mean the state department of transportation

3 “Construct, constructing, construction or constructed” shall include the completion, reconstruction, remodeling, repair, or improvement of any existing toll bridge or any partially constructed interstate bridge, as well as the construction of any new toll bridge

4 “Acquisition by purchase, gift, or condemnation” as used in this chapter shall mean acquisition by the department, whether such terms “purchase, gift, or condemnation” are used singularly or in sequence

5 “Federal bridge commission” shall mean any bridge commission organized and operating pursuant to an Act of the Congress of the United States, even though such Act of Congress may declare the bridge commission not to be an agency of the federal government

[C71, 73, 75, 77, 79, 81, §313A 1]

313A.2 Bridge to be controlled by department.

The department shall have full charge of the construction and acquisition of all toll bridges

constructed or acquired under the provisions of this chapter, the operation and maintenance thereof and the imposition and collection of tolls and charges for the use thereof The department shall have full charge of the design of all toll bridges constructed under the provisions of this chapter The department shall proceed with the construction of such toll bridges and other facilities and the approaches thereto by contract immediately upon there being made available funds for such work and shall prosecute such work to completion as rapidly as practicable The department shall advertise for bids for the construction, reconstruction, improvement, repair or remodeling of any toll bridge by publication of a notice once each week for at least two consecutive weeks in a newspaper published and having a general circulation throughout the state of Iowa, the first publication to appear at least fifteen days prior to the date set for receiving bids The department shall have the power to accept such offer or offers, propositions or bids, and enter into such contract or contracts as it shall deem to be to the best interest of the state

[C71, 73, 75, 77, 79, 81, §313A 2]

313A.3 Toll bridges constructed over boundary rivers.

The department is hereby authorized to establish and construct toll bridges upon any public highway, together with approaches thereto, wherever it is considered necessary or advantageous and practical for crossing any navigable river between this state and an adjoining state The necessity or advantage and practicality of any toll bridge shall be determined by the department To obtain information for the considera-

tion of the department upon the construction of any toll bridge or any other matter pertaining thereto, any officer or employee of the state, upon the request of the department, shall make reasonable examination, investigation, survey, or reconnaissance to determine material facts pertaining thereto and shall report such findings to the department. The cost thereof shall be borne by the department or office conducting it from funds provided for its functions.

[C71, 73, 75, 77, 79, 81, §313A.3]

313A.4 Investigation of feasibility.

The department is hereby authorized to enter into agreements with any federal bridge commission or any county or city of this state, and with an adjoining state or county, city, or town thereof, for the purpose of implementing an investigation of the feasibility of any toll bridge project for the bridging of a navigable river forming a portion of the boundary of this state and such adjoining state. The department may use any funds available for the purposes of this section. Such agreements may provide that in the event any such project is determined to be feasible and adopted, any advancement of funds by any state, county or city may be reimbursed out of any proceeds derived from the sale of bonds or out of tolls and revenues to be derived from such project.

[C71, 73, 75, 77, 79, 81, §313A.4]

313A.5 Acquiring existing bridge — bonds.

Whenever the department deems it necessary or advantageous and practical, it may acquire by gift, purchase, or condemnation any interstate bridge which connects with or may be connected with the public highways and the approaches thereto, except that the department may not condemn an existing interstate bridge used for interstate highway traffic and combined highway and railway traffic and presently owned by a municipality, or a person, firm, or corporation engaged in interstate commerce. The department may also acquire by gift or purchase two or more existing interstate bridges and any partially constructed interstate bridge, all located within ten miles of each other, complete the partially constructed bridge and dismantle the bridge which it is designed to replace. In connection with the acquisition of any such bridge, bridges, or partially constructed bridge, the department and any federal bridge commission or any city, county, or other political subdivision of the state are authorized to do all acts and things as in this chapter are provided for the establishing and constructing of toll bridges and operating, financing, and maintaining such bridges insofar as such powers and requirements are applicable to the acquisition of any toll bridge and its operation, financing, and maintenance. In so doing, they shall act in the same manner and under the same procedures as provided for establishing, constructing, operating, financing, and maintaining toll bridges insofar as such manner and procedures are applicable. Without limiting the generality of the above provisions, the department is hereby authorized to cause surveys to be made to determine the propriety of acquiring any such bridge and the rights of way necessary therefor, and other facilities necessary to carry out the provisions hereof; to issue, sell, redeem bonds or issue and exchange

bonds with present holders of outstanding bonds of bridges being acquired under the provisions of this chapter and deposit and pay out of the proceeds of the bonds for the financing thereof, to impose, collect, deposit, and expend tolls therefrom; to secure and remit financial and other assistance in connection with the purchase thereof; and to carry insurance thereon.

[C71, 73, 75, 77, 79, 81, §313A.5]

313A.6 Rules adopted — financial statements.

The department, its officials, and all state officials are hereby authorized to perform such acts and make such agreements consistent with the law which are necessary and desirable in connection with the duties and powers conferred upon them regarding the construction, maintenance, and operation and insurance of toll bridges or the safeguarding of the funds and revenues required for such construction and the payment of the indebtedness incurred therefor. The department shall adopt such rules and regulations in accordance with the provisions of chapter 17A as it may deem necessary for the administration and exercise of its powers and duties granted by this chapter, and shall prepare annual financial statements regarding the operation of such toll bridges which shall be made available for inspection by the public and by the holders of revenue bonds issued by the department under the provisions of this chapter at all reasonable times.

[C71, 73, 75, 77, 79, 81, §313A.6]

313A.7 Resolution of public interest and necessity — revenue bonds.

Whenever the department deems it to be in the best interest of the primary highway system that any new toll bridge be constructed upon any public highway and across any navigable river between this state and an adjoining state, the department shall adopt a resolution declaring that the public interest and necessity require the construction of such toll bridge and authorizing the issuance of revenue bonds in an amount sufficient for the purpose of obtaining funds for such construction. The issuance of bonds as provided in this chapter for the construction, purchase, or acquisition of more than one toll bridge may, at the discretion of the department, be included in the same authority and issue or issues of bonds, and the department is hereby authorized to pledge the gross revenues derived from the operation of any such toll bridge under its control and jurisdiction to pay the principal of and interest on bonds issued to pay the cost of purchasing, acquiring, or constructing any such toll bridge financed under the provisions of this chapter. The department is hereby granted wide discretion, in connection with the financing of the cost of any toll bridge, to pledge the gross revenues of a single toll bridge for the payment of bonds and interest thereon issued to pay the cost of such bridge and to pledge the gross revenues of two or more toll bridges to pay bonds issued to pay the cost of one or more toll bridges and interest thereon as long as the several bridges included herein are not more than ten miles apart.

In addition, if the department in its discretion determines that the construction of a toll bridge cannot be financed entirely through revenue bonds and that

the construction of such toll bridge is necessary, the department may advance funds from the primary highway fund to pay for that part of the construction cost, including the cost of approaches and all incidental costs, which is not paid out of the proceeds of revenue bonds. However, said funds advanced from the primary highway fund shall be used only to pay the construction cost, including the cost of approaches and all incidental costs, with respect to that part of the bridge which is or will be located within the state of Iowa. After all revenue bonds and interest thereon issued and sold pursuant to this chapter and payable from the tolls and revenues of said bridge have been fully paid and redeemed or funds sufficient to pay said bonds and interest, including premium, if any, have been set aside and pledged for that purpose, then such amount advanced from the primary road fund shall be repaid to the primary road fund from the tolls and revenues of said bridge before said bridge is made a toll free bridge under the provisions of this chapter.

[C71, 73, 75, 77, 79, 81, §313A 7]

Referred to in §313A 16

313A.8 Right of way secured.

Whenever the department shall authorize the construction of any toll bridge, the department is empowered to secure rights of way therefor and for approaches thereto by gift or purchase or by condemnation in the manner provided by law for the taking of private property for public purposes.

[C71, 73, 75, 77, 79, 81, §313A 8]

313A.9 Consent to cross state property.

The right of way is hereby given, dedicated, and set apart upon which to locate, construct, and maintain toll bridges or approaches thereto or other highway crossings, and transportation facilities thereof or thereto, through, over or across any of the lands which are now or may be the property of this state, including highways, and through, over, or across the streets, alleys, lanes, and roads within any city, county, or other political subdivision of the state. If any property belonging to any city, county or other political subdivision of the state is required to be taken for the construction of any such bridge or approach thereto or should any such property be injured or damaged by such construction, such compensation therefor as may be proper or necessary and as shall be agreed upon may be paid by the department to the particular county, city or other political subdivision of the state owning such property, or condemnation proceedings may be brought for the determination of such compensation.

[C71, 73, 75, 77, 79, 81, §313A 9]

313A.10 Resolution precedent to action.

Before the department shall proceed with any action to secure right of way or with the construction of any toll bridge under the provisions of this chapter, it shall first pass a resolution finding that public interest and necessity require the acquisition of right of way for and the construction of such toll bridge. Such resolution shall be conclusive evidence of the public necessity of such construction and that such property is necessary therefor. To aid the department in determining the public interest, a public hearing shall be held in the county or counties of this state in which

any portion of a bridge is proposed to be located. Notice of such hearing shall be published at least once in a newspaper published and having a general circulation in the county or counties where such bridge is proposed to be located, not less than twenty days prior to the date of the hearing. When it becomes necessary for the department to condemn any real estate to be used in connection with any such bridge, or to condemn any existing bridge, such condemnation shall be carried out in a manner consistent with the provisions of chapters 471 and 472. In eminent domain proceedings to acquire property for any of the purposes of this chapter, any bridge, real property, personal property, franchises, rights, easements, or other property or privileges appurtenant thereto appropriated or dedicated to a public use or purpose by any person, firm, private, public or municipal corporation, county, city, district or any political subdivision of the state, may be condemned and taken, and the acquisition and use thereof as herein provided for the same public use or purpose to which such property has been so appropriated or dedicated, or for any other public use or purpose, shall be deemed a superior and permanent right and necessity, and a more necessary use and purpose than the public use or purpose to which such property has already been appropriated or dedicated, and any condemnation award may be paid from the proceeds of revenue bonds issued under the provisions of this chapter.

[C71, 73, 75, 77, 79, 81, §313A 10]

313A.11 Payment from available funds.

If the department determines that any toll bridge should be constructed or acquired under its authority, all costs thereof, including land, right of way, surveying, engineering, construction, legal and administrative expenses, and fees of any fiscal adviser, shall be paid out of any funds available for payment of the cost of the bridge.

[C71, 73, 75, 77, 79, 81, §313A 11]

313A.12 Revenue bonds.

The department is hereby authorized and empowered to issue revenue bonds for the acquisition, purchase or construction of any interstate bridge. Any and all bonds issued by the department for the acquisition, purchase, or construction of any interstate bridge under the authority of this chapter shall be issued in the name of the department and shall constitute obligations only of the department, shall be identified by some appropriate name, and shall contain a recital on the face thereof that the payment or redemption of said bonds and the payment of the interest thereon are secured by a direct charge and lien upon the tolls and other revenues of any nature whatever received from the operation of the particular bridge for the acquisition, purchase, or construction of which the bonds are issued and of such other bridge or bridges as may have been pledged therefor, and that neither the payment of the principal or any part thereof nor of the interest thereon or any part thereof constitutes a debt, liability, or obligation of the state of Iowa. When it is determined by the department to be in the best public interest, any bonds issued under the provisions of this chapter may be refunded and refinanced at a lower rate, the same rate or a higher

rate or rates of interest and from time to time as often as the department shall find it to be advisable and necessary so to do. Bonds issued to refund other bonds theretofore issued by the department under the provisions of this chapter may either be sold in the manner hereinafter provided and the proceeds thereof applied to the payment of the bonds being refunded, or the refunding bonds may be exchanged for and in payment and discharge of the bonds being refunded. The refunding bonds may be sold or exchanged in installments at different times or an entire issue or series may be sold or exchanged at one time. Any issue or series of refunding bonds may be exchanged in part or sold in part in installments at different times or at one time. The refunding bonds may be sold at any time on, before, or after the maturity of any of the outstanding bonds to be refinanced thereby and may be issued for the purpose of refunding a like or greater principal amount of bonds, except that the principal amount of the refunding bonds may exceed the principal amount of the bonds to be refunded to the extent necessary to pay any premium due on the call of the bonds to be refunded or to fund interest in arrears or about to become due. The gross revenues of any toll bridge pledged to the payment of the bonds being refunded, together with the unpledged gross revenues of any other toll bridges located within ten miles of said bridge, may be pledged by the department to pay the principal of and interest on the refunding bonds and to create and maintain reserves therefor.

The department is empowered to receive and accept funds from the state of Iowa or the federal government or any other state upon a co-operative or other basis for the acquisition, purchase, or construction of any interstate bridge authorized under the provisions of this chapter and is empowered to enter into such agreements with the state of Iowa or any other state or the federal government as may be required for the securing of such funds.

The department is authorized and empowered to spend from annual primary road fund receipts sufficient moneys to pay the cost of operation, maintenance, insurance, collection of tolls and accounting therefor and all other charges incidental to the operation and maintenance of any toll bridge administered under the provisions of this chapter. However, said annual primary road fund receipts shall be used only to pay such costs and charges with respect to that part of the bridge which is located within the state of Iowa.

The department may also issue its revenue bonds to pay all or any part of the cost of acquiring two or more existing interstate bridges and any partially constructed interstate bridge, all located within ten miles of each other, of completing the partially constructed bridge and of dismantling the bridge which it is designed to replace, and to impose and collect tolls on all of such bridges and to pledge the revenues derived therefrom to the payment of the bonds issued to finance such project. The department may also issue its revenue bonds to pay all or any part of the cost of reconstructing, completing, improving, repairing, or remodeling any interstate bridge or partially constructed bridge, impose and collect tolls, and pledge the bridge revenues to the payment of said bonds.

[C71, 73, 75, 77, 79, 81, §313A.12]

Referred to in §313A.16

313A.13 Sale and exchange or retirement of bonds.

The revenue bonds may be issued and sold or exchanged by the department from time to time and in such amounts as it deems necessary to provide sufficient funds for the acquisition, purchase, or construction of any such bridge and to pay interest on bonds issued for the construction of any toll bridge during the period of actual construction and for six months after completion thereof. The department is hereby authorized to adopt all necessary resolutions prescribing the form, conditions, and denominations of the bonds, the maturity dates therefor, and the interest rate or rates which the bonds shall bear. All bonds of the same issue need not bear the same interest rate. Principal and interest of the bonds shall be payable at such place or places within or without the state of Iowa as determined by the department, and the bonds may contain provisions for registration as to principal or interest, or both. Interest shall be payable at such times as determined by the department and the bonds shall mature at such times and in such amounts as the department prescribes. The department may provide for the retirement of the bonds at any time prior to maturity, and in such manner and upon payment of such premiums as it may determine in the resolution providing for the issuance of the bonds. All such bonds and any coupons attached thereto shall be signed by such officials of the department as the department may direct. Successive issues of such bonds within the limits of the original authorization shall have equal preference with respect to the payment of the principal thereof and the payment of interest thereon. The department may fix different maturity dates, serially or otherwise, for successive issues under any one original authorization. All bonds issued under the provisions of this chapter shall have all the qualities of negotiable instruments under the laws of the state of Iowa. All bonds issued and sold hereunder shall be sold to the highest and best bidder on the basis of sealed proposals received pursuant to a notice specifying the time and place of sale and the amount of bonds to be sold which shall be published at least once not less than seven days prior to the sale in a newspaper published in the state of Iowa and having a general circulation in said state. None of the provisions of chapter 75 shall apply to bonds issued under the provisions of this chapter but such bonds shall be sold upon terms of not less than par plus accrued interest. The department may reject any or all bids received at the public sale and may thereafter sell the bonds at private sale on such terms and conditions as it deems most advantageous to its own interests, but not at a price below that of the best bid received at the advertised sale. The department may enter into contracts and borrow money through the sale of bonds of the same character as those herein authorized, from the United States or any agency thereof, upon such conditions and terms as may be agreed to and the bonds shall be subject to all the provisions of this chapter, except that any bonds issued hereunder to the United States or any agency thereof need not first be offered at public sale. The department may also provide for the private sale of bonds issued under the provisions of this chapter to the state treasurer of Iowa upon such terms and conditions as may be

agreed upon, and in such event said bonds need not first be offered at public sale. Temporary or interim bonds, certificates, or receipts, of any denomination, and with or without coupons attached, signed by such official as the department may direct, may be issued and delivered until the definitive bonds are executed and available for delivery.

[C71, 73, 75, 77, 79, 81, §313A.13]

313A.14 Proceeds in trust fund.

The proceeds from the sale of all bonds authorized and issued under the provisions of this chapter shall be deposited by the department in a fund designated as the construction fund of the particular interstate bridge or bridges for which such bonds were issued and sold, which fund shall not be a state fund and shall at all times be kept segregated and set apart from all other funds and in trust for the purposes herein set out. Such proceeds shall be paid out or disbursed solely for the acquisition, purchase, or construction of such interstate bridge or bridges and expenses incident thereto, the acquisition of the necessary lands and easements therefor and the payment of interest on such bonds during the period of actual construction and for a period of six months thereafter, only as the need therefor shall arise and the department may agree with the purchaser of said bonds upon any conditions or limitations restricting the disbursement of such funds that may be deemed advisable, for the purpose of assuring the proper application of such funds. All moneys in such fund and not required to meet current construction costs of the interstate bridge or bridges for which such bonds were issued and sold, and all funds constituting surplus revenues which are not immediately needed for the particular object or purpose to which they must be applied or are pledged may be invested in obligations issued or guaranteed by the United States or by any person controlled by or supervised by and acting as an instrumentality of the United States pursuant to authority granted by the Congress of the United States; provided, however, that the department may provide in the proceedings authorizing the issuance of said bonds that the investment of such moneys shall be made only in particular bonds and obligations within the classifications eligible for such investment and such provisions shall thereupon be binding upon the department and all officials having anything to do with such investment. Any surplus which may exist in said construction fund shall be applied to the retirement of bonds issued for the acquisition, purchase, or construction of any such interstate bridge by purchase or call and, in the event such bonds cannot be purchased at a price satisfactory to the department and are not by their terms callable prior to maturity, such surplus shall be paid into the fund applicable to the payment of principal and interest of said bonds and shall be used for that purpose. The proceedings authorizing the issuance of bonds may provide limitations and conditions upon the time and manner of applying such surplus to the purchase and call of outstanding bonds and the terms upon which they shall be purchased or called and such limitations and conditions shall be followed and observed in the application and use of such surplus. All bonds so retired by purchase or call shall be immediately canceled.

[C71, 73, 75, 77, 79, 81, §313A.14]

313A.15 Toll revenue fund.

All tolls or other revenues received from the operation of any toll bridge acquired, purchased, or constructed with the proceeds of bonds issued and sold hereunder shall be deposited by the department to the credit of a special trust fund to be designated as the toll revenue fund of the particular toll bridge or toll bridges producing such tolls or revenue, which fund shall be a trust fund and shall at all times be kept segregated and set apart from all other funds.

[C71, 73, 75, 77, 79, 81, §313A.15]

313A.16 Funds transferred to place of payment.

From the money so deposited in each separate construction fund as hereinabove provided, at the direction of the department there shall be transferred to the place or places of payment named in said bonds such sums as may be required to pay the interest as it becomes due on all bonds issued and outstanding for the construction of such particular toll bridge or toll bridges during the period of actual construction and during the period of six months immediately thereafter. The department shall thereafter transfer from each separate toll revenue fund to the place or places of payment named in the bonds for which said revenues have been pledged such sums as may be required to pay the interest on said bonds and redeem the principal thereof as such interest and principal become due. All funds so transferred for the payment of principal or interest on bonds issued for any particular toll bridge or toll bridges shall be segregated and applied solely for the payment of said principal or interest. The proceedings authorizing the issuance of the bonds may provide for the setting up of a reserve fund or funds out of the tolls and other revenues not needed for the payment of principal and interest, as the same currently matures and for the preservation and continuance of such fund in a manner to be provided therein, and such proceedings may also require the immediate application of all surplus moneys in such toll revenue fund to the retirement of such bonds prior to maturity, by call or purchase, in such manner and upon such terms and the payment of such premiums as may be deemed advisable in the judgment of the department. The moneys remaining in each separate toll revenue fund after providing the amount required for the payment of principal and interest on bonds as hereinabove provided, shall be held and applied as provided in the proceedings authorizing the issuance of said bonds. In the event the proceedings authorizing the issuance of said bonds do not require surplus revenues to be held or applied in any particular manner, they shall be allocated and used for such other purposes incidental to the construction, operation, and maintenance of any toll bridge as the department may determine and as permitted under sections 313A.7 and 313A.12.

Moneys required to meet the costs of purchase or construction and all expenses and costs incidental to the acquisition, purchase, or construction of any particular interstate bridge or to meet

the costs of operating, maintaining, and repairing the same, shall be paid by the department from the proper fund therefor upon duly approved vouchers. All interest received or earned on money deposited in each and every fund herein provided for shall be credited to and become a part of the particular fund upon which said interest accrues.

The holder of any bond may by mandamus or other appropriate proceeding require and compel the performance of any of the duties imposed upon any state department, official, or employee or imposed upon the department or its officers, agents, and employees in connection with the acquisition, purchase, construction, maintenance, operation, and insurance of any bridge and in connection with the collection, deposit, investment, application, and disbursement of all tolls and other revenues derived from the operation and use of any bridge and in connection with the deposit, investment, and disbursement of the proceeds received from the issuance of bonds, provided, that the enumeration of such rights and remedies herein shall not be deemed to exclude the exercise or prosecution of any other rights or remedies by the holders of such bonds.
