failure to treat any resident with consideration, respect and full recognition of the resident's dignity and individuality, in violation of a specific rule adopted by the department, may constitute a Class II violation. A violation of section 135C.14, subsection 8, or section 135C.31 and rules adopted under those sections shall be at least a Class II violation and may be a Class I violation. A Class II violation shall be corrected within a stated period of time determined by the department and specified in the citation issued under section 135C.40. The stated period of time specified in the citation may subsequently be modified by the department for good cause shown. A licensee is subject to a penalty of not less than one hundred nor more than five hundred dollars for each Class II violation for which the licensee's facility is cited, however the director may waive the penalty if the violation is corrected within the time specified in the citation.

3. A Class III violation is any violation of this chapter or of the rules adopted pursuant to it which violation is not classified in the department's rules nor classifiable under the criteria stated in those rules as a Class I or a Class II violation. A licensee shall not be subject to a penalty for a Class III violation, except as provided by section 135C.40, subsection 1 for failure to correct the violation within a reasonable time specified by the department in the notice of the violation.

135C.37 Complaints alleging violations — confidentiality — reports.

A person may request an inspection of a health care facility by filing with the department, care review committee of the facility, or the long-term care resident's advocate as defined in section 249D.4, subsection 15, a complaint of an alleged violation of applicable requirements of this chapter or the rules adopted pursuant to this chapter. A person alleging abuse or neglect of a resident with a developmental disability or with mental illness may also file a complaint with the protection and advocacy agency designated pursuant to section 135B.9 or section 135C.2. A copy of a complaint filed with the care review committee or the long-term care resident's advocate shall be forwarded to the department. The complaint shall state in a reasonably specific manner the basis of the complaint, and a statement of the nature of the complaint shall be delivered to the facility involved at the time of the inspection. The name of the person who files a complaint with the department, care review committee, or the long-term care resident's advocate shall be kept confidential and shall not be subject to discovery, subpoena, or other means of legal compulsion for its release to a person other than department employees involved in the investigation of the complaint.

Upon the request of a person filing a complaint under this section, the department shall mail to the person without charge, a copy of the report of the investigation performed in response to the complaint and a copy of the most recent final findings with respect to compliance with licensing requirements on the part of the facility against which the complaint was filed.

135C.38 Inspections upon complaints.

1. Upon receipt of a complaint made in accordance with section 135C.37, the department or care review committee shall make a preliminary review of the complaint. Unless the department or committee concludes that the complaint is intended to harass a facility or a licensee or is without reasonable basis, it shall within twenty working days of receipt of the complaint make or cause to be made an on-site inspection of the health care facility which is the subject of the complaint. The complaint investigation shall include, at a minimum, an interview with the complainant and the victim of the alleged violation, if the victim is able to communicate, if the complainant or victim is identifiable, and if the complainant or victim is available. Additionally, witnesses who have knowledge of facts related to the complaint shall be interviewed, if identifiable and available. The names of witnesses may be obtained from the complainant or the victim. The files may be reviewed to ascertain the names of staff persons on duty at the time relevant to the complaint. The department shall apply a preponderance of the evidence standard in determining whether or not a complaint is substantiated. For the purposes of this subsection, *"a preponderance of the evidence standard"* means that the evidence, considered and compared with the evidence opposed to it, produces the belief in a reasonable mind that the allegations are more likely true than not true. *"A preponderance of the evidence standard"* does not require that the investigator personally witnessed the alleged violation. The department may refer to the care review committee of a facility any complaint received by the department regarding that facility, for initial evaluation and appropriate action by the committee. In any case, the complainant shall be promptly informed of the result of any action taken by the department or committee in the matter. The complainant shall also be notified of the name, address, and telephone number of the designated protection and advocacy agency if the alleged violation involves a facility with one or more residents with developmental disabilities or mental illness. Upon conclusion of the investigation, the department shall notify the complainant of the results. The notification shall include a statement of the factual findings as determined by the investigator, the statutory or regulatory provisions alleged to have been violated, and a summary of the reasons for which the complaint was or was not substantiated. A person who is dissatisfied with any aspect of the department's handling of the complaint may contact the long-term care resident's advocate, established

pursuant to section 249D.42, or may contact the protection and advocacy agency designated pursuant to section 135C.2 if the complaint relates to a resident with a developmental disability or a mental illness.

2. An inspection made pursuant to a complaint filed under section 135C.37 need not be limited to the matter or matters complained of; however, the inspection shall not be a general inspection unless the complaint inspection coincides with a scheduled general inspection. Upon arrival at the facility to be inspected, the inspector shall show identification to the person in charge of the facility and state that an inspection is to be made, before beginning the inspection. Upon request of either the complainant or the department or committee, the complainant or the complainant's representative or both may be allowed the privilege of accompanying the inspector during any on-site inspection made pursuant to this section. The inspector may cancel the privilege at any time if the inspector determines that the privacy of any resident of the facility to be inspected would otherwise be violated. The dignity of the resident shall be given first priority by the inspector and others.

3. If upon an inspection of a facility by its care review committee, pursuant to this section, the committee advises the department of any circumstance believed to constitute a violation of this chapter or of any rule adopted pursuant to it, the committee shall similarly advise the facility at the same time. If the facility's licensee or administrator disagrees with the conclusion of the committee regarding the supposed violation, an informal conference may be requested and if requested shall be arranged by the department as provided in section 135C.42 before a citation is issued. If the department thereafter issues a citation pursuant to the committee's finding, the facility shall not be entitled to a second informal conference on the same violation and the citation shall be considered affirmed. The facility cited may proceed under section 135C.43 if it so desires.

135C.40 Citations when violations found — penalties — exception.

1. If the director determines, based on the findings of an inspection or investigation of a health care facility, that the facility is in violation of this chapter or rules adopted under this chapter, the director within five working days after making the determination, may issue a written citation to the facility. The citation shall be served upon the facility personally or by certified mail, except that a citation for a Class III violation may be sent by ordinary mail. Each citation shall specifically describe the nature of the violation, identifying the Code section or subsection or the rule or standard violated, and the classification of the violation under section 135C.36. Where appropriate, the citation shall also state the period of time allowed for correction of the violation, which shall in each case be the shortest period of time the department deems feasible. Failure to correct a violation within the time specified, unless the licensee shows that the failure was due to circumstances beyond the licensee's control, shall subject the facility to a further penalty of fifty dollars for each day that the violation continues after the time specified for correction.

2. When a citation is served upon or mailed to a health care facility under subsection 1 and the licensee of the facility is not actually involved in the daily operation of the facility, a copy of the citation shall be mailed to the licensee. If the licensee is a corporation, a copy of the citation shall be sent to the corporation's office of record. If the citation was issued pursuant to an inspection resulting from a complaint filed under section 135C.37, a copy of the citation shall be sent to the complainant at the earliest time permitted by section 135C.19, subsection 1.

3. No health care facility shall be cited for any violation caused by any practitioner licensed pursuant to chapter 148, 150 or 150A if that practitioner is not the licensee of and is not otherwise financially interested in the facility, and the licensee or the facility presents evidence that reasonable care and diligence have been exercised in notifying the practitioner of the practitioner's duty to the patients in the facility.

135C.41 Licensee's response to citation.

Within twenty business days after service of a citation under section 135C.40, a facility shall either:

1. If it does not desire to contest the citation:

a. Remit to the department the amount specified by the department pursuant to section 135C.36 as a penalty for each Class I violation cited, and for each Class II violation unless the citation specifically waives the penalty, which funds shall be paid by the department into the state treasury and credited to the general fund; or

b. In the case of a Class II violation for which the penalty has been waived in accordance with the standards prescribed in section 135C.36, subsection 2, or a Class III violation, send to the department a written response acknowledging that the citation has been received and stating that the violation will be

corrected within the specific period of time allowed by the citation; or

2. Notify the director that the facility desires to contest the citation and, in the case of citations for Class II or Class III violations, request an informal conference with a representative of the department.

135C.42 Informal conference on contested citation.

The director shall assign a representative of the department, other than the inspector upon whose inspection the contested citation is based, to hold an informal conference with the facility within ten working days after receipt of a request made under section 135C.41, subsection 2. At the conclusion of the conference the representative may affirm or may modify or dismiss the citation. In the latter case, the representative shall state in writing the specific reasons for the modification or dismissal and immediately transmit copies of the statement to the director, and to the facility. If the facility does not desire to further contest an affirmed or modified citation, it shall within five working days after the informal conference, or after receipt of the written explanation of the representative, as the case may be, comply with section 135C.41, subsection 1.

[C77, 79, 81, §135C.42]

135C.43 Formal contest — judicial review.

1. A facility which desires to contest a citation for a Class I violation, or to further contest an affirmed or modified citation for a Class II or Class III violation, may do so in the manner provided by chapter 17A for contested cases. Notice of intent to formally contest a citation shall be given the department in writing within five days after service of a citation for a Class I violation, or within five days after the informal conference or after receipt of the written explanation of the representative delegated to hold the informal conference, whichever is applicable, in the case of an affirmed or modified citation for a Class II or Class III violation. A facility which has exhausted all adequate administrative remedies and is aggrieved by the final action of the department may petition for judicial review in the manner provided by chapter 17A.

2. Hearings on petitions for judicial review brought under this section shall be set for trial at the earliest possible date and shall take precedence on the court calendar over all other cases except matters to which equal or superior precedence is specifically granted by law. The times for pleadings and for hearings in such actions shall be set by the judge of the court with the object of securing a decision in the matter at the earliest possible time.

135C.44 Treble fines for repeated violations.

The penalties authorized by section 135C.36 shall be trebled for a second or subsequent Class I or Class II violation occurring within any twelve-month period if a citation was issued for the same Class I or Class II violation occurring within that period and a penalty was assessed therefor.

135C.45 Refund of penalty.

2. Any attempt to expel from a health care facility a resident by whom or upon whose behalf a complaint has been submitted to the department under section 135C.37, within ninety days after the filing of the complaint or the conclusion of any proceeding resulting from the complaint, shall raise a rebuttable presumption that the action was taken by the licensee in retaliation for the filing of the complaint.

135D.1 Definitions.

The following definitions shall apply to this chapter:

1. *"Mobile home"* means any vehicle without motive power used or so manufactured or constructed as to permit its being used as a conveyance upon the public streets and highways and so designed, constructed, or reconstructed as will permit the vehicle to be used as a place for human habitation by one or more persons; but shall also include any such vehicle with motive power not registered as a motor vehicle in Iowa.

2. *"Mobile home park"* shall mean any site, lot, field or tract of land upon which two or more occupied mobile homes are harbored, either free of charge or for revenue purposes, and shall include any building, structure, tent, vehicle or enclosure used or intended for use as part of the equipment of such mobile home park.

The term "mobile home park" shall not be construed to include mobile homes, buildings, tents or other structures temporarily maintained by any individual, educational institution, or company on their own premises and used exclusively to house their own labor or students.

A mobile home park must be classified as to whether it is a residential mobile home park or a recreational mobile home park or both. The mobile home park residential landlord tenant Act* only applies to residential mobile home parks.

3. *"Modular home"* means a factory-built structure which is manufactured or constructed to be used as a place for human habitation, but which is not constructed or equipped with a permanent hitch or other device allowing it to be attached or towed behind a motor vehicle, and which does not have permanently attached to its body or frame any wheels or axles.

135D.19 through 135D.21 Repealed by 86 Acts, ch 1245, § 1148.

135D.22 Annual tax — credit.

The owner of each mobile home shall pay to the county treasurer an annual tax. However, when the owner is any educational institution and the mobile home is used solely for student housing or when the

owner is the state of Iowa or a subdivision thereof, the owner shall be exempt from the tax. The annual tax shall be computed as follows:

1. Multiply the number of square feet of floor space each mobile home contains when parked and in use by twenty cents. In computing floor space, the exterior measurements of the mobile home shall be used as shown on the certificate of registration and title, but not including any area occupied by a hitching device.

2. *a.* If the owner of the mobile home is an Iowa resident, was totally disabled, as defined in section 425.17, subsection 6 on or before December 31 of the base year, is a surviving spouse having attained the age of fifty-five years on or before December 31, 1988 or has attained the age of sixty-five years on or before December 31 of the base year and has an income when included with that of a spouse which is less than six thousand dollars per year, the annual tax shall not be imposed on the mobile home. If the income is six thousand dollars or more but less than fourteen thousand dollars, the annual tax shall be computed as follows:

If the Household Income is:	Annual Tax Per Square Foot:
$ 6,000 — 6,999.99	3.0 cents
7,000 — 7,999.99	6.0
8,000 — 9,999.99	10.0
10,000 — 11,999.99	13.0
12,000 — 13,999.99	15.0

b. If the owner of the mobile home is an Iowa resident, has attained the age of eighteen years on or before December 31 of the base year but has not attained the age or disability status described in paragraph *"a"*, and has an income when included with that of a spouse which is less than fourteen thousand dollars, the annual tax shall be computed as follows:

If the Household Income is:	Annual Tax Per Square Foot:
$ 0 — 5,999.99	10.0 cents
6,000 — 6,999.99	11.6
7,000 — 7,999.99	13.0
8,000 — 9,999.99	15.0
10,000 — 11,999.99	16.7
12,000 — 13,999.99	17.6

For purposes of this subsection *"income"* means income as defined in section 425.17, subsection 1, and *"base year"* means the calendar year preceding the year in which the claim for a reduced rate of tax is filed. The mobile home reduced rate of tax shall only be allowed on the mobile home in which the claimant is residing at the time in which the claim for a reduced rate of tax is filed.

3. The amount thus computed shall be the annual tax for all mobile homes, except as follows:

a. For the sixth through ninth years after the year of manufacture the annual tax is ninety percent of the tax computed according to subsection 1 or 2 of this section, whichever is applicable.

b. For all mobile homes ten or more years after the year of manufacture the annual tax is eighty percent of the tax computed according to subsection 1 or 2 of this section, whichever is applicable.

4. The tax shall be figured to the nearest even whole dollar.

5. A claim for credit for mobile home tax due shall not be paid or allowed unless the claim is actually filed with the county treasurer between January 1 and June 1, both dates inclusive, immediately preceding the fiscal year during which the mobile home taxes are due and, with the exception of a claim filed on behalf of a deceased claimant by the claimant's legal guardian, spouse, or attorney, or by the executor or administrator of the claimant's estate, contains an affidavit of the claimant's intent to occupy the mobile home for six months or more during the fiscal year beginning in the calendar year in which the claim is filed. The county treasurer shall submit the claim to the director of revenue and finance on or before August 1 each year.

The forms for filing the claim shall be provided by the department of revenue and finance. The forms shall require information as determined by the department.

In case of sickness, absence, or other disability of the claimant or if, in the judgment of the director of revenue and finance, good cause exists and the claimant requests an extension, the director may extend the time for filing a claim for credit or reimbursement. However, any further time granted shall not extend beyond December 31 of the year in which the claim was required to be filed. Claims filed as a result of this paragraph shall be filed with the director who shall provide for the reimbursement of the claim to the claimant.

The director of revenue and finance shall certify the amount due to each county, which amount shall be the dollar amount which will not be collected due to the granting of the reduced tax rate under subsection 2.

The amounts due each county shall be paid by the department of revenue and finance on December 15 of each year, drawn upon warrants payable to the respective county treasurers. The county treasurer in each county shall apportion the payment in accordance with section 135D.25.

There is appropriated annually from the general fund of the state to the department of revenue and finance an amount sufficient to carry out this subsection.

135D.23 Exemptions — prorating tax.

The manufacturer's and dealer's inventory of mobile homes not in use as a place of human habitation shall be exempt from the annual tax. All travel trailers shall be exempt from this tax. Mobile homes and travel trailers in the inventory of manufacturers and dealers shall be exempt from personal property tax. Mobile homes coming into Iowa from out of state shall be liable for the tax computed pro rata to the nearest whole month, for the time such mobile home is actually situated in Iowa.

87 Acts, ch 210, §2

135D.24 Collection of tax.

1. The annual tax is due and payable to the county treasurer on or after July 1 in each fiscal year and is collectible in the same manner and at the same time as ordinary taxes as provided in sections 445.36, 445.37, and 445.39. Penalties at the rate prescribed by law shall accrue on unpaid taxes but the penalty shall not exceed forty-eight percent. Both installments of taxes may be paid at one time. The September installment represents a tax period beginning July 1 and ending December 31. The March installment represents a tax period beginning January 1 and ending June 30. A mobile home, coming into this state from outside the state, put in use from a dealer's inventory, or put in use at any time after July 1 or January 1, is subject to the taxes prorated for the remaining unexpired months of the tax period, but the purchaser is not required to pay the tax at the time of purchase. A penalty attaches the following April 1 for taxes prorated on or after October 1. A penalty attaches the following October 1 for taxes prorated on or after April 1. If the taxes are not paid, the county treasurer shall send a statement of delinquent taxes as part of the notice of tax sale as provided in section 446.9. The owner of a mobile home who sells the mobile home between July 1 and December 31 and obtains a tax clearance statement is responsible only for the September tax payment and is not required to pay taxes for subsequent tax periods. Interest added as a penalty for delinquent taxes shall be calculated to the nearest whole dollar.

2. Mobile home owners upon issuance of a certificate of title or upon transporting to a new site shall file the address, township, and school district, of the location where the mobile home is parked with the county treasurer's office. Failure to comply is punishable as set out in section 135D.18.

3. Each mobile home park owner shall notify monthly the county treasurer concerning any mobile home or manufactured home arriving in or departing from the park without a tax clearance statement. The records of the owner shall be open to inspection by a duly authorized representative of any law enforcement agency. Any property owner, manager or tenant shall report to the county treasurer mobile homes parked upon any property owned, managed, or rented by that person.

4. The tax is a lien on the vehicle senior to any other lien upon it except a judgment obtained in an action to dispose of an abandoned mobile home under section 562C.8. The mobile home bearing a current registration issued by any other state and remaining within this state for an accumulated period not to exceed ninety days in any twelve-month period is not subject to Iowa tax. However, when one or more persons occupying a mobile home bearing a foreign registration are employed in this state, there is no exemption from the Iowa tax. This tax is in lieu of all other taxes general or local on a mobile home.

5. A modular home as defined by this chapter is not subject to or assessed the annual tax pursuant to this section, but shall be assessed and taxed as real estate pursuant to chapter 427.

6. Before a mobile home may be moved from its present site by the owner or the owner's assignee, a tax clearance statement in the name of the owner must be obtained from the county treasurer of the county where the present site is located certifying that taxes are not owing under this section for previous years and that the taxes have been paid for the current tax period. However, a tax clearance statement is not required for a mobile home in a manufacturer's or dealer's stock which is not used as a place for human habitation. A tax clearance form is not required to move an abandoned mobile home. A tax clearance form is not required in eviction cases provided the mobile home park owner or manager advises the county treasurer that the tenant is being evicted. If a dealer acquires a mobile home from a person other than a manufacturer, the person shall provide a tax clearance statement in the name of the owner of record to the dealer. The tax clearance statement shall be provided by the county treasurer in a method prescribed by the department of transportation.

7. As an alternative to the semiannual or annual payment of taxes, the county treasurer may accept partial payments of current year mobile home taxes. A minimum payment amount shall be established by the county treasurer. The treasurer shall transfer amounts from each taxpayer's account to be applied to each semiannual tax installment prior to the delinquency dates specified in section 445.37. If, prior to the due date of each semiannual installment, the account balance is insufficient to fully satisfy the installment, the treasurer shall transfer and apply the entire account balance, leaving an unpaid balance of the installment. Interest shall attach on the unpaid balance in accordance with section 445.39. Unless funds sufficient to fully satisfy the delinquency are received, the treasurer shall collect the unpaid balance as provided in chapter 446. Any remaining balance in a taxpayer's account in excess of the amount needed to fully satisfy an installment shall remain in the account to be applied toward the next semiannual installment. Any interest income derived from the account shall be deposited in the county's general fund to cover administrative costs. The county treasurer shall send a notice with the tax statement or by separate mail to each taxpayer stating that, upon

Each person licensed as a nursing home administrator shall be required to pay a license fee in an amount to be fixed by the board. The license shall expire in multiyear intervals and be renewable and upon payment of the license fee. A person who fails to renew a license by the expiration date shall be allowed to do so within thirty days following its expiration, but the board may assess a reasonable penalty.

[C71, 73, 75, §147.125; C77, 79, 81, §135E.8]

135E.9 Duties of the board.

The board shall have the duty and responsibility to:

1. Develop, impose, and enforce standards which must be met by individuals in order to receive a license as a nursing home administrator, which standards shall be designed to insure that nursing home administrators will be individuals who, by training or experience in the field of institutional administration, are qualified to serve as nursing home administrators.

2. Develop and apply appropriate techniques, including examination and investigations, for determining whether an individual meets such standards. The board may administer as many examinations per year as are necessary, but shall administer at least one examination per year. Any written examination may be given by representatives of the board. Applicants who fail the examination once shall be allowed to take the examination at the next scheduled time. Thereafter, the applicant shall be allowed to take the examination at the discretion of the board. An applicant who has failed the examination may request in writing information from the board concerning the applicant's examination grade and subject areas or questions which the applicant failed to answer correctly, except that if the board administers a uniform, standardized examination, the board shall only be required to provide the examination grade and such other information concerning the applicant's examination results which are available to the board.

3. Issue licenses to individuals who, after application of such techniques, are found to have met such standards; and for cause and after due notice and hearing, revoke or suspend licenses previously issued by such board in any case where the individual holding such license is found to have failed substantially to conform to the requirements of such standards.

The board may also accept the voluntary surrender of such license without necessity of a hearing. In the event of the inability of the regular administrator of a nursing home to perform the administrator's duties or through death or other cause the nursing home is without a licensed administrator, a provisional administrator may be appointed on a temporary basis by the nursing home owner or owners, to perform such duties for a period not to exceed six months.

4. Establish and carry out procedures designed to insure that individuals licensed as nursing home administrators will, during any period that they serve as such, comply with the requirements of such standards.

5. Receive, investigate, and take appropriate action with respect to any charge or complaint filed with the board to the effect that any individual licensed as a nursing home administrator has failed to comply with the requirements of such standards. Such appropriate action may include revocation of a license, if necessary, or placing the licensee on probation for a period not exceeding six months, and shall be taken only for cause after due notice and a hearing on the charge or complaint.

6. Conduct a continuing study and investigation of nursing homes, and administrators of nursing homes, in this state with a view to the improvement of the standards imposed for the licensing of such administrators and of procedures and methods for the enforcement of such standards with respect to administrators of nursing homes who have been licensed as such.

7. Conduct, or cause to be conducted, one or more courses of instruction and training sufficient to meet the requirements of this division, and make provisions for such courses and their accessibility to residents of this state unless it finds that there are, and approves, a sufficient number of courses, which courses are conducted by others within this state. In lieu thereof the board may approve courses conducted within and without this state as sufficient to meet the education and training requirements of this division.

[C71, 73, 75, §147.126; C77, 79, 81, §135E.9]

Every holder of a nursing home administrator's license shall renew it by making application to the board, except that the individual requesting renewal shall submit evidence satisfactory to the board of continued education in this field. Such renewals shall be granted as a matter of course unless the board finds, after due notice and hearing, that the applicant has acted or failed to act in accordance with the rules or in such a manner or under such circumstances as would constitute grounds for suspension or revocation of a license.

[C71, 73, 75, §147.127; C77, 79, 81, §135E.10]

135E.11 Reciprocity with other states.

The board may issue a nursing home administrator's license, without examination, to any person who holds a current license as a nursing home administrator from another jurisdiction if reciprocal agreements are entered into with another jurisdiction under sections 147.45 through 147.54.

[C71, 73, 75, §147.128; C77, 79, 81, §135E.11]

135E.12 Conflict with federal law — effect.

If any provision of this division is in conflict with the requirements of section 1908 of the United States Social Security Act (42 United States Code, section 1396g), relative to a state program for licens-

ing of administrators of nursing homes, and except for such conflict the state would be entitled to receive contributions from the United States for payment of assistance under the program established pursuant to Title XIX of the United States Social Security Act (42 United States Code, sections 1396-1396g, inclusive), such provision of this division so in conflict with said statute of the United States shall be considered as suspended and of no effect until sixty days after the convening of the next regular session of the general assembly after such conflict is discovered.

Applications for licensure shall be on forms prescribed and furnished by the board and shall not contain a recent photograph of the applicant. An applicant shall not be ineligible for licensure because of age, citizenship, sex, race, religion, marital status or national origin although the application may require citizenship information. The board may consider the past felony record of an applicant only if the felony conviction relates directly to the practice of nursing home administration. 135G.3 Licensure requirement for birth centers.

1. A person or governmental unit shall not establish, conduct, or maintain a birth center in this state without first obtaining a license under section 135G.4.

87 Acts, ch 200, §3

135G.4 Licensure — issuance, renewal, denial, suspension, revocation — fees.

1. *a.* The department shall not issue a birth center license to any applicant until:

(1) The department has ascertained that the staff and equipment of the birth center are adequate to provide the care and services required of a birth center.

(2) The birth center has been inspected by the state fire marshal or a deputy appointed by the fire marshal for that purpose, who may be a member of a municipal fire department, and the department has received either a certificate of compliance or a provisional certificate of compliance by the birth center with the fire hazard and fire safety rules and standards of the department as promulgated by the fire marshal. The state fire marshal shall adopt rules relating to fire hazard and fire safety standards pursuant to chapter 17A which shall not exceed the provision of smoke alarms, fire extinguishers, sprinkler systems, and fire escape routes and necessary rules which parallel state or local building code rules.

The rules and standards promulgated by the fire marshal shall be substantially in keeping with the latest generally recognized safety criteria for the birth centers covered, of which the applicable criteria recommended and published from time to time by the national fire protection association shall be prima facie evidence.

The state fire marshal or the fire marshal's deputy may issue successive provisional certificates of compliance for periods of one year each to a birth center which is in substantial compliance with the applicable fire-hazard and fire-safety rules and standards, upon satisfactory evidence of an intent, in good faith, by the owner or operator of the birth center to correct the deficiencies noted upon inspection within

a reasonable period of time as determined by the state fire marshal or the fire marshal's deputy. Renewal of a provisional certificate shall be based on a showing of substantial progress in eliminating deficiencies noted upon the last previous inspection of the birth center without the appearance of additional deficiencies other than those arising from changes in the fire hazard and fire safety rules, regulations and standards which have occurred since the last previous inspection, except that substantial progress toward achievement of a good faith intent by the owner or operator to replace the entire facility within a reasonable period of time, as determined by the state fire marshal or the fire marshal's deputy, may be accepted as a showing of substantial progress in eliminating deficiencies, for the purposes of this section.

b. A provisional license may be issued to any birth center that is in substantial compliance with this chapter and with the rules adopted by the department. A provisional license may be granted for a period of no more than one year from the effective date of rules adopted by the department, shall expire automatically at the end of its term, and shall not be renewed.

A license, unless sooner suspended or revoked, automatically expires one year from its date of issuance and is renewable upon application for renewal and payment of the fee prescribed, provided the applicant and the birth center meet the requirements established under this chapter and by rules adopted by the department. A complete application for renewal of a license shall be made ninety days prior to expiration of the license on forms provided by the department.

2. An application for a license, or renewal thereof, shall be made to the department upon forms provided by the department and shall contain information the department may require.

b. The fees established shall be based on actual costs incurred by the department in the administration of its duties under this chapter.

4. Each license is valid only for the person or governmental unit to whom or which the license is issued and is not subject to sale, assignment, or other transfer, voluntary, or involuntary; and is not valid for any premises other than those for which the license was originally issued.

5. Each license shall be posted in a conspicuous place on the licensed premises.

Approval of an application shall be based upon the location of the proposed psychiatric institution relative to the need for services identified by the department of human services and an analysis of the applicant's ability to provide services and support consistent with requirements under chapter 232, particularly regarding community-based treatment. If the proposed psychiatric institution is not freestanding from a facility licensed under chapter 135B or 135C, approval under this subsection shall not be given unless the department of human services certifies that the proposed psychiatric institution is capable of providing a resident with a living environment similar to the living environment provided by a licensee which is freestanding from a facility licensed under chapter 135B or 135C. Unless a psychiatric institution was accredited to provide psychiatric services by the joint commission on the accreditation of health care organizations under the commission's consolidated standards for residential settings prior to June 1, 1989, the department of human services shall not approve an application for a license under this chapter until the federal health care financing administration has approved a state Title XIX plan amendment to include coverage of services in a psychiatric medical institution for children. In addition, either of the following conditions must be met:

a. The department of human services shall not give approval to an application which would cause the total number of beds licensed under this chapter to exceed three hundred sixty beds, except as provided in paragraph *"b"*, with not more than three hundred of the beds licensed under chapter 237 before January 1, 1989, and not more than sixty of the beds licensed under chapter 237 on or after January 1, 1989.

b. The department of human services shall not give approval to an application which would cause the total number of beds licensed under this chapter after June 30, 1990, which specialize in providing substance abuse treatment to children to exceed seventy beds.

6. The proposed psychiatric institution is under the direction of an agency which has operated a facility licensed under section 237.3, subsection 2, paragraph *"a"*, subparagraph (3), for three years or of an agency which has operated a facility for three years providing psychiatric services exclusively to children or adolescents and the facility meets or exceeds requirements for licensure under section 237.3, subsection 2, paragraph *"a"*, subparagraph (3).

135H.7 Personnel.

1. A person shall not be allowed to provide services in a psychiatric institution if the person has a disease which is transmissible to other persons through required contact in the workplace, which presents a significant risk of infecting other persons, which presents a substantial possibility of harming other persons, or for which no reasonable accommodation can eliminate the risk of infecting other persons.

2. *a.* If a person is being considered for licensure under this chapter, or for employment involving direct responsibility for a child or with access to a child when the child is alone, by a licensed psychiatric institution, or if a person will reside in a facility utilized by a licensee, and if the person has been convicted of a crime under a law of any state or has a record of founded child abuse, the department of human services and the licensee for an employee of the licensee shall perform an evaluation to determine whether the crime or founded child abuse warrants prohibition of licensure, employment, or residence in the facility. The evaluation shall be performed in accordance with procedures adopted for this purpose by the department of human services.

b. If the department of human services determines that a person has committed a crime or has a record of founded child abuse and is licensed, employed by a psychiatric institution licensed under this chapter, or resides in a licensed facility the department shall notify the program that an evaluation will be conducted to determine whether prohibition of the person's licensure, employment, or residence is warranted.

c. In an evaluation, the department of human services and the licensee for an employee of the licensee shall consider the nature and seriousness of the crime or founded child abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child abuse, the circumstances under which the crime or founded child abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child abuse again, and the number of crimes or founded child abuses committed by the person involved. The department of human services has final authority in determining whether prohibition of the person's licensure, employment, or residence is warranted.

3. If the department of human services determines that the person has committed a crime or has a record of founded child abuse which warrants prohibition of licensure, employment, or residence, the person shall not be licensed under this chapter to operate a psychiatric institution and shall not be employed by a psychiatric institution or reside in a facility licensed under this chapter.

1. The department of inspections and appeals, in consultation with the department of human services and affected professional groups, shall adopt and enforce rules setting out the standards for a psychiatric medical institution for children and the rights of the residents admitted to a psychiatric institution. The department of inspections and appeals and the department of human services shall coordinate the adoption of rules and the enforcement of the rules in order to prevent duplication of effort by the departments and of requirements of the licensee.
2. This chapter shall not be construed as prohibiting the use of funds appropriated for foster care to provide payment to a psychiatric medical institution for children for the financial participation required of a child whose foster care placement is in a psychiatric medical institution for children. In accordance with established policies and procedures for foster care, the department of human services shall act to recover any such payment for financial participation, apply to be named payee for the child's unearned income, and recommend parental liability for the costs of a court-ordered foster care placement in a psychiatric medical institution.

The department of inspections and appeals may refer to the department of human services any complaint received by the department if the complaint applies to rules adopted by the department of human services. The complainant shall also be notified of the name, address, and telephone number of the designated protection and advocacy agency if the alleged violation involves a facility with one or more residents with developmental disabilities or mental illness. In any case, the complainant shall be promptly informed of the result of any action taken by the department in the matter.
2. An inspection made pursuant to a complaint filed under section 135H.11 need not be limited to the matter or matters referred to in the complaint; however, the inspection shall not be a general inspection unless the complaint inspection coincides with a scheduled general inspection. Upon arrival at the psychiatric institution to be inspected, the inspector shall show identification to the person in charge of the psychiatric institution and state that an inspection is to be made, before beginning the inspection. Upon request of either the complainant or the department, the complainant or the complainant's representative or both may be allowed the privilege of accompanying the inspector during any on-site inspection made pursuant to this section. The inspector may cancel the privilege at any time if the inspector determines that the privacy of a resident

LICENSES AND INSPECTION

137B.6 Authority to enforce.

The director shall regulate, license, and inspect food service establishments and enforce the Iowa food service sanitation code in Iowa. Municipal corporations shall not regulate, license, inspect, or collect license fees from food service establishments except as provided for in the Iowa food service sanitation code.

If a municipal corporation wants its local board of health to license, inspect, and otherwise enforce the Iowa food service sanitation code within its jurisdiction, the municipal corporation may enter into an agreement to do so with the director. The director may enter into such an agreement if the director finds that the local board of health has adequate resources to perform the required functions. A municipal corporation may only enter into an agreement to enforce the Iowa food service sanitation code if it also agrees to enforce the Iowa hotel sanitation code pursuant to section 137C.6 and the food and beverage vending machine laws pursuant to section 137E.3. To avoid duplication of inspection, the department, not a local board of health, shall inspect a food service establishment located within a food establishment, unless a local board of health has contracted with the department for inspections of food establishments and food service establishments.

If the director enters into an agreement with a municipal corporation as provided by this section, the director shall cause the inspection practices of a mu-

nicipal corporation to be spot checked on a regular basis.

A local board of health that is responsible for enforcing the Iowa food service sanitation code within its jurisdiction pursuant to an agreement shall make an annual report to the director providing the following information:

1. The total number of food service establishment licenses granted or renewed during the year.

   b. Temporary food service establishments.
   c. Food service establishments with annual gross sales of under fifty thousand dollars other than mobile food units, pushcarts, or temporary food service establishments.
   d. Food service establishments with annual gross sales of between fifty thousand and one hundred thousand dollars other than mobile food units, pushcarts, or temporary food service establishments.
   e. Food service establishments with annual gross sales of more than one hundred thousand but less than two hundred fifty thousand dollars other than mobile food units, pushcarts, or temporary food service establishments.
   f. Food service establishments with annual gross sales of two hundred fifty thousand dollars or more other than mobile food units, pushcarts, or temporary food service establishments.
3. The amount of money collected in license fees during the year.
4. Other information the director requests.

The director shall monitor local boards of health to determine if they are enforcing the Iowa food service sanitation code within their respective jurisdictions. If the director determines that the Iowa food service sanitation code is enforced by a local board of health, such enforcement shall be accepted in lieu of enforcement by the department in that jurisdiction. If the director determines that the Iowa food service sanitation code is not enforced by a local board of health, the director may rescind the agreement after reasonable notice and an opportunity for a hearing. If the agreement is rescinded, the director shall assume responsibility for enforcement in the jurisdiction involved.

A food service establishment under section 137B.2 which is also considered a food establishment under section 137A.6 shall be inspected by the department for both purposes at the same time.

The director shall regulate, license, and inspect food and beverage vending machines and operators and otherwise enforce the food and beverage vending machine laws. Municipal corporations shall not regulate, license, inspect, or collect license fees for food and beverage vending machines or their operation except pursuant to this section.

If a municipal corporation wants its local board of health to enforce the food and beverage vending machine laws within its jurisdiction, the municipal corporation may enter into an agreement to do so with the director. The director may enter into such an agreement if the director finds that the local board of health has adequate resources to perform the required functions. A municipal corporation may only enter into an agreement to enforce the food and beverage vending machine laws if it also agrees to enforce the Iowa food service sanitation code pursuant to section 137B.6 and to enforce the Iowa hotel sanitation code pursuant to section 137C.6.

A local board of health that is responsible for enforcing the food and beverage vending machine laws within its jurisdiction pursuant to an agreement shall make an annual report to the director providing the following information:

1. The total number of food or beverage vending machine operators' licenses granted or renewed during the year.

2. The amount of money collected in license fees during the year.

3. Other information the director requests.

The director shall monitor local boards of health to determine if they are enforcing the food and beverage vending machine laws within their respective jurisdictions. If the director determines that the food and beverage vending machine laws are enforced by a local board of health, the director shall accept such enforcement in lieu of enforcement by the depart-

If the director determines that the food and beverage vending machine laws are not enforced by a local board of health, the director may rescind the agreement after reasonable notice and an opportunity for a hearing. If the agreement is rescinded, the director shall assume responsibility for enforcement in the jurisdiction involved.

[C71, 73, 75, 77, 79, 81, §138.1]

138.2 Permit required.

No person shall establish, maintain, or operate a migrant labor camp, or portion thereof, directly or indirectly, until the person has obtained a permit to operate such camp from the department and unless the permit is in full force and effect and is posted and remains posted in the camp, or portion thereof, to which it applies at all times during the maintenance and operation of such camp.

[C71, 73, 75, 77, 79, 81, §138.2]

138.3 Written application.

Written application to operate a migrant labor camp, or portion thereof, shall be made to the department upon forms approved by the department at least sixty days prior to the first day of the intended operation of such camp. The application shall state the name and address of the person requesting a permit; and name and address of the owner of the camp, or portion thereof; approximate number of persons to be lodged in such camp; approximate period during which the migrant labor camp, or portion thereof, is to be operated; the location of such camp, or portion thereof; and any other information required by the department. A separate application shall be submitted for each camp, or portion thereof, and a separate permit shall be issued annually for each such camp, or portion thereof.

[C71, 73, 75, 77, 79, 81, §138.3]

138.4 Permit not assignable.

If the department finds, after investigation, that the migrant labor camp, or portion thereof, conforms to the minimum standards required by this chapter, it shall issue a permit for operation of such camp, or portion thereof. A permit shall not be assignable or transferable. It shall expire one year after the date of issuance, or upon a change of operator of the camp or upon revocation.

[C71, 73, 75, 77, 79, 81, §138.4]

138.5 Revocation or suspension of permit.

If the holder of any permit under the provisions of this chapter fails to maintain and operate a migrant labor camp in accordance with the provisions of this chapter and the rules of the department relating thereto, the director shall revoke or suspend the permit for the operation and maintenance of such camp.

[C71, 73, 75, 77, 79, 81, §138.5]

138.6 Notice of intention.

The director shall serve written notice upon the holder of the permit, by restricted certified mail, return receipt requested, specifying the manner in which the holder of the permit has failed to comply with the provisions of this chapter or any rules of the department and shall fix a reasonable time within which the objectionable condition or conditions must be removed or corrected. If the holder of the permit fails to remove or correct such objectionable condition or conditions within the time fixed by the director, the director shall revoke or suspend such permit. However, if the objectionable condition or conditions endanger the health, safety, or welfare of any inhabitants of a migrant labor camp, the director shall immediately suspend or revoke such permit.

[C71, 73, 75, 77, 79, 81, §138.6]

138.7 Appeal to director.

When any person applying for a permit to operate a migrant labor camp is denied a permit, or when a permit is suspended or revoked, such person may appeal such denial, suspension, or revocation to the director. The director, after reasonable notice to all interested parties, shall hold a hearing upon such denial, suspension, or revocation. At the hearing all parties involved shall be entitled to be present and represented by counsel and to present such evidence as they desire as to why a permit should, or should not, be issued, suspended, or revoked. The director shall render a decision within thirty days after the

termination of the hearing, and a copy of the decision shall be sent by restricted certified mail, return receipt requested, to all parties given notice of the appeal and hearing. Notice of appeal shall be sent in writing to the department by restricted certified mail, return receipt requested, by the aggrieved party. In the event such appeal is taken from a notice of suspension or revocation, such appeal shall be made prior to the date set for such suspension or revocation.

[C71, 73, 75, 77, 79, 81, §138.7]

138.8 Place — evidence — record.

The hearing shall be conducted at the office of the department or at such other place convenient for the aggrieved party or for the attendance of witnesses and receipt of evidence. The director, when requested in writing by any party to the appeal, shall compel by subpoena the attendance and testimony of witnesses and the production of books, papers, and documents. All testimony and evidence shall be received under oath administered by the director. In the event any party fails to attend who has been properly served with a subpoena, application shall be made to the district court in the county where such hearing is to be held, to enforce the subpoena issued by the director. The director shall cause a record of the proceedings at the hearing to be kept and shall provide any interested party to the hearing a transcript of the evidence presented, upon payment of the cost thereof. The hearing may be continued from time to time at the discretion of the director.

[C71, 73, 75, 77, 79, 81, §138.8]

138.9 Liberal rules to prevail.

Technical errors in the proceeding or failure to observe the technical rules of evidence shall not constitute grounds for reversal of any decision unless it shall appear to the reviewing court that such error or failure materially affects the rights of any party and results in substantial injustice to any interested party.

[C71, 73, 75, 77, 79, 81, §138.9]

138.10 Judicial review.

Judicial review of actions of the director may be sought in accordance with the terms of the Iowa administrative procedure Act. Notwithstanding the terms of said Act, petitions for judicial review may be filed in the district court of the county wherein the license was to be issued or wherein such license is to be revoked or suspended, and such a petition for judicial review shall not operate to stay any order or final determination of the director unless the district court finds upon hearing after reasonable notice to all interested parties, that substantial damage would result to the appealing party unless such order or final determination was stayed and such a stay would not endanger the health, safety, or welfare of any inhabitants of a migrant labor camp.

[C71, 73, 75, 77, 79, 81, §138.10]

138.11 Access to camp for inspection.

The director may enter and inspect migrant labor camps at any reasonable time and may question persons, and investigate facts, conditions, practices, or any other matters as are necessary or appropriate to determine compliance with the provisions of this chapter and any rules made pursuant to this chapter, or in the formulation of any additional rules. The director may, to the extent appropriate, utilize the services of any other state department or agency or any local agency for assistance in inspections and investigations.

[C71, 73, 75, 77, 79, 81, §138.11]

138.12 Variations permitted.

The director may grant written permission to individual camp operators to vary from the provisions of this chapter or the rules of the department when the extent of the variation is clearly specified and it is demonstrated to the director's satisfaction that:

1. Such variation is necessary to obtain a beneficial use of an existing facility.
2. The variation is necessary to prevent a substantial difficulty or unnecessary hardship.
3. Appropriate alternative measures have been taken to protect the health, safety, and welfare of any inhabitants of a migrant labor camp and assure that the purpose of the provisions for which variation is sought will be observed.

Written application for such variations shall be filed with the director and local board of health serving the area in which the migrant labor camp is situated. No such variation shall be effective until granted in writing by the director.

[C71, 73, 75, 77, 79, 81, §138.12]

138.13 Conditions for permit.

To be eligible for a permit, a migrant labor camp, or portion thereof, shall meet each and all of the following requirements:

1. *Site.*

a. Sites for migrant labor camps shall be adequately drained. Such sites shall not be subject to periodic flooding, nor located within two hundred feet of swamps, pools, sinkholes, or other quiescent surface collections of water unless the water surfaces can be subjected to mosquito and pest control measures. Sites shall be located so that drainage from and through the camp will not endanger any domestic or public water supply. Sites shall be graded, ditched, and rendered free from depressions in which water may collect and become a nuisance.

b. Sites shall be adequate in size to prevent overcrowding of necessary structures and to minimize the hazards of fire. Housing shall not be subject to, or in proximity to, conditions that create or are likely to create offensive odors, flies, noise, traffic, or attract rats or other rodents, or any other similar conditions.

c. The grounds and open areas surrounding the shelters, buildings, or structures, shall be maintained

in a clean and sanitary condition free from rubbish, debris, wastepaper, garbage, and other refuse.

d. All camps shall provide space for recreation, commensurate with size of the camp and type of occupancy.

e. Whenever a camp is permanently closed or closed for the season, all garbage, manure, and other refuse shall be collected and disposed of to prevent a nuisance. All abandoned privy pits shall be filled with earth and the grounds and buildings left in a clean and sanitary condition. If privy buildings remain, then such buildings shall be locked or otherwise secured to prevent entrance.

2. *Shelter.*

a. Shelters shall be structurally sound and shall provide protection to the occupants.

b. At least one-half of the floor area in each living unit shall have a minimum ceiling height of seven feet. No floor space shall be counted toward minimum requirements where the ceiling height is less than five feet.

c. Sleeping facilities shall be provided for each person. Such facilities shall consist of comfortable beds, cots, or bunks, provided with clean mattresses.

d. Any bedding provided by the camp operator shall be clean and sanitary.

e. Triple deck bunks shall not be allowed.

f. The clear space above the top of the lower mattress of a double deck bunk and the bottom of the upper bunk shall be a minimum of twenty-seven inches. The distance from the top of the upper mattress to the ceiling shall be a minimum of thirty-six inches.

g. Beds used for double occupancy may be provided only in family accommodations.

h. Floors of buildings used as living quarters or shelters shall be constructed of wood, asphalt, concrete, or other comparable material. Wooden floors shall be of smooth and tight construction and shall be elevated not less than one foot above the ground level at all points to prevent dampness and to permit free circulation of air beneath. Floors shall be kept in good repair.

i. Nothing in this chapter shall prohibit banking with earth or other suitable material around the outside walls of shelters and other structures in areas subject to extremely low temperatures.

j. Living quarters of shelters shall be provided with windows and doors which shall be in total area not less than one-tenth of the floor area. At least one-half of each window shall be constructed so that it can be opened for purposes of ventilation.

k. Exterior openings shall be effectively screened with sixteen mesh material. Screen doors shall be equipped with self-closing devices.

l. In a room where people cook, live, and sleep, a minimum of sixty square feet per occupant shall be provided. Sanitary facilities shall be provided for storing and preparing food.

m. When a camp is operated during a season requiring artificial heating, living quarters with a minimum of one hundred square feet per occupant shall be provided and such living quarters or shelters shall, also, be provided with properly installed heating equipment of adequate capacity to maintain a room temperature of at least 70 degrees F. A stove or other source of heat shall be installed and vented in a manner to avoid both a fire hazard and a concentration of fumes or gas within such living quarters and shelters. In a room with wooden or combustible flooring, there shall be a concrete slab, metal sheet, or other fire-resistant material, on the floor under each stove, extending at least eighteen inches beyond the perimeter of the base of the stove. Any wall or ceiling not having a fire-resistant surface, within twenty-four inches of a stove or stovepipe, shall be protected by a metal sheet or other fire-resistant material. Heating appliances, other than electrical, shall be provided with a stovepipe or vent connected to the appliance and discharging to the outside air or chimney. The vent or chimney shall extend above the peak of the roof. Stovepipes shall be insulated with fire-resistant material where they pass through walls, ceilings, or floors.

3. *Water supply.*

a. An adequate and convenient water supply, approved by the department, shall be provided in each camp for drinking, cooking, bathing, and laundry purposes.

b. Each water supply shall be inspected at the time of occupancy of the camp and as frequently thereafter as is necessary to insure its continued suitability.

c. Distribution lines shall be capable of supplying water at normal operating pressures to all fixtures for simultaneous operation. Water outlets shall be distributed throughout the camp in such a manner that no shelter or living quarter is more than one hundred feet from a yard hydrant if water is not piped to the shelters.

d. A cold water tap shall be available within one hundred feet of each individual living unit when water is not provided in the unit. Adequate drainage facilities shall be provided for overflow and spillage.

e. Common drinking cups shall not be allowed or permitted.

f. Wells or springs used as sources of water supply shall have tight covers and be constructed and located to preclude pollution by seepage from cesspools, privies, sewers, sewage treatment works, stables or manure piles, or surface drainage. The water from such sources shall be obtained by free gravity flow or by an approved metal pump securely mounted on a concrete slab covering the well or spring. If the pump is adjacent to the well or spring, it shall be located and connected to prevent any pollution of such water supply.

4. *Toilet facilities.*

a. Approved toilet facilities adequate for the capacity of the camp shall be provided.

b. Each toilet facility shall be located so as to be accessible to the inhabitants of the camp without any individual passing through any sleeping room. Toilet rooms shall have a window not less than six

square feet in area opening directly to the outside or shall otherwise be satisfactorily ventilated. All outside openings shall be screened with sixteen mesh material. No water closet, chemical toilet, or urinal shall be located in a room used for other than toilet purposes.

c. A toilet room shall be located within two hundred feet of each sleeping room. No privy existing on May 23, 1969, shall be nearer than fifty feet from any sleeping room, dining room, lunch area, or kitchen. No privy constructed after May 23, 1969, shall be nearer than one hundred feet from any sleeping room, dining room, lunch area, or kitchen.

d. Separate facilities shall be provided for men and women and such facilities shall be clearly marked by signs printed in English and in the native language of the persons occupying the camp, or marked with easily understood pictures or symbols, when men and women, not members of the same immediate family, are housed in the same camp.

e. Where toilet facilities are shared, the number of water closets or privy seats provided for each sex shall be based on the maximum number of persons of that sex which the camp is designed to house at any one time, in the ratio of one unit for each fifteen persons, with a minimum of two units for any shared facility.

f. Urinals, constructed of nonabsorbent materials, may be substituted for men's toilet seats on the basis of one urinal or twenty-four inches of trough-type urinal for one toilet seat up to a maximum of one-third of the required toilet seats.

g. Each toilet room or facility shall be lighted naturally, or artificially, by a safe type of lighting at all hours of the day and night.

h. An adequate supply of toilet paper shall be provided in each privy, water closet, or chemical toilet compartment.

i. Toilet seats, privies, and toilet rooms or facilities shall be kept in a sanitary condition and cleaned daily.

j. Each privy shall have a pit initially at least five feet deep.

k. Privy pits shall be constructed and maintained so that flies cannot gain access to the human waste.

l. A privy pit shall not be filled with human waste to a point nearer than one foot from the surface of the ground; the human waste in the pit shall then be covered with earth, ashes, lime, or other similar material.

m. Seat openings in privies shall be covered with tight-fitting, hinged lids.

5. *Sewage disposal facilities.*

a. In camps where public sewers are available, all sewer lines and floor drains from buildings and shelters shall be connected to the sewers.

b. All human waste, sewage, or liquid waste from camps not discharged into public sewers shall be disposed of in accordance with the provisions of this chapter or the rules of the department.

(3) One laundry tray or tub for every twenty-five persons or fraction thereof.

(4) One slop sink in each building used for laundry, handwashing, or bathing.

b. Floors shall be of smooth finish but not of slippery materials and they shall be impervious to moisture. Floor drains shall be provided in all shower baths, shower rooms, or laundry rooms to remove waste water and facilitate cleaning. Junctions of the curbing and the floor shall be covered. Walls and partitions of shower rooms shall be smooth and impervious to moisture to the height of splash.

c. A supply of hot and cold running water conforming to the provisions of this chapter or the rules and regulations of the department shall be provided for bathing and laundry purposes.

d. Every service building used during periods requiring artificial heating shall be provided with equipment capable of maintaining a room temperature of at least 70 degrees F.

e. Facilities for drying clothes shall be provided.

f. Service buildings shall be kept clean.

g. Waste water shall be disposed of so as not to form pools on the ground nor create a nuisance, nor pollute any drinking water supply. Toilet drainage shall be carried through a covered drain into a covered septic tank that conforms to standards established by the department.

7. *Lighting.*

a. All housing sites, quarters, and shelters shall be provided with electric service.

b. Each habitable room and common use rooms, and areas including, but not limited to, laundry rooms, toilets, privies, hallways, and stairways shall contain adequate ceiling or wall-type light fixtures. 8. *Refuse disposal.*

a. Durable, fly-tight, clean containers in good condition of a minimum capacity of twenty gallons, shall be provided adjacent to each housing unit or shelter for the storage of garbage and other refuse. Such containers shall be provided in a minimum ratio of one per fifteen persons or fraction thereof.

b. Provisions shall be made for collection of refuse at least twice a week, or more often if necessary.

c. The disposal of refuse shall be in accordance with state and local laws.

9. *Construction and operation of kitchens, dining halls, and feeding facilities.*

a. Every camp shall be provided with adequate gas stoves or electrical stoves for cooking.

b. Utensils in which food is prepared or kept, or from which food is to be eaten, and implements used in the preparation and eating of food shall be kept in a clean, unbroken, and sanitary condition.

c. Adequate refrigeration for perishable foods, cooked or raw, shall be provided in every kitchen or wherever food is prepared. Tables, benches, or chairs shall be provided.

d. Cooking of meals by an immediate family unit within its assigned living quarters may be permitted, provided that safe and adequate areas are available, but a separate kitchen in each shelter is desirable.

e. In camps where cooking facilities are used in common, stoves, in ratio of one stove to ten persons or one stove to two immediate families or fraction thereof, shall be provided in a central kitchen room or building separate and distinct from sleeping quarters and toilet facilities. Floors, walls, ceilings, tables and shelves of kitchens, dining rooms, refrigerators and food storage rooms shall be constructed so that they can always be maintained in a clean and sanitary condition. Exterior wall openings of all rooms shall be screened and rendered fly-tight at all times during the period that the camp is in operation. Screen doors shall be self-closing and installed to open outward from the area to be protected.

f. In camps where meals are furnished by the operator, manager, or concessionaire, the requirements of the department shall be met.

g. No person with any communicable or venereal disease shall be employed or permitted to work at preparation, cooking, serving, or other handling of food, foodstuffs, or other materials, in any kitchen or dining room operated in connection with a camp or regularly used by persons living in a camp.

10. *Insect and rodent control.*

a. Effective measures shall be taken to control rats, mice, flies, mosquitoes; bedbugs, and all other insects, rodents, and parasites within the camp premises.

b. Pesticides and pest control equipment shall be stored and used in a safe manner.

11. *Safety and fire prevention.*

a. No flammable or volatile liquids or materials shall be stored in or adjacent to rooms used for living purposes, except for those needed for current household use.

b. First aid facilities shall be provided and readily accessible for use at all times. Such facilities shall be equivalent to the sixteen unit first aid kit recommended by the American Red Cross, and provided in a ratio of one per fifty persons or fraction thereof.

c. Buildings and structures of a camp shall be maintained and used in accordance with state and local law relative to fire prevention.

d. Units of approved fire-extinguisher equipment shall be located so that a person will not have to travel more than one hundred feet from any point to reach the nearest unit, and at least one unit shall be provided for each one thousand square feet of floor space or fraction thereof.

e. Appliances of the type, number, and size indicated below shall constitute one unit of fire-extinguisher equipment:

1. Any individual of sound mind and eighteen years of age or more may give all or any part of the individual's body for any purposes specified in section 142A.3, the gift to take effect upon death.

2. Any of the following persons, in order of priority stated, when persons in prior classes are not available at the time of death, and in the absence of actual notice of contrary indications by the decedent, or actual notice of opposition by a member of the same or a prior class, may give all or any part of the decedent's body for any purposes specified in section 142A.3:

142A.4 Manner of executing anatomical gifts.

1. A gift of all or part of the body under section 142A.2, subsection 1, may be made by will. The gift becomes effective upon the death of the testator without waiting for probate. If the will is not probated, or if it is declared invalid for testamentary purposes, the gift, to the extent that it has been acted upon in good faith, is nevertheless valid and effective.

2. A gift of all or part of the body under section 142A.2, subsection 1, may also be made by a document other than a will. The gift becomes effective upon the death of the donor. The document, which may be a card designed to be carried on the person, must be signed by the donor, in the presence of two witnesses who must sign the document in the donor's presence. If the donor cannot sign, the document may be signed for the donor at the donor's direction and in the donor's presence, and in the presence of two witnesses who must sign the document in the donor's presence. Delivery of the document of gift during the donor's lifetime is not necessary to make the gift valid.

3. The gift may be made to a specified donee or without specifying a donee. If the latter, the gift may be accepted by the attending physician as donee upon or following death. If the gift is made to a specified donee who is not available at the time and place of death, the attending physician upon or following death, in the absence of any expressed indication that the donor desired otherwise, may accept the gift as donee. The physician who becomes a donee under this subsection shall not participate in the procedures for removing or transplanting a part, except as provided in section 142A.7, subsection 2.

4. Notwithstanding section 142A.7, subsection 2, the donor may designate in the donor's will, card or other document of gift the surgeon or physician to carry out the appropriate procedures. In the absence of a designation, or if the designee is not available, the donee or other person authorized to accept the gift may employ or authorize any surgeon or physician for the purpose.

5. Any gift by a person designated in section 142A.2, subsection 2, shall be made by a document signed by the person, or made by the person's telegraphic, recorded telephonic or other recorded message.

[C71, 73, 75, 77, 79, 81, §142A.4]

142A.5 Delivery of document of gift.

If the gift is made by the donor to a specified donee, the will, card, or other document, or an executed copy thereof, may be delivered to the donee to expedite the appropriate procedures immediately after death, but delivery is not necessary to the validity of the gift. The will, card, or other document, or an executed copy thereof, may be deposited in any hospital, bank, or storage facility, or registry office that accepts documents for safekeeping or for facilitation of procedures after death. On request of any interested party upon or after the donor's death, the person in possession shall produce the document for examination.

a. The execution and delivery to the donee of a signed statement.

b. An oral statement made in the presence of two persons and communicated to the donee.

c A statement during a terminal illness or injury addressed to an attending physician and communicated to the donee.

d. A signed card or document found on the donor's person or in the donor's effects.

2. Any document of gift which has not been delivered to the donee may be revoked by the donor in the manner set out in subsection 1, or by destruction, cancellation, or mutilation of the document and all executed copies thereof.

3. Any gift made by a will may also be amended or revoked in the manner provided for amendment or revocation of wills, or as provided in subsection 1.

4. An anatomical gift is not amendable or revocable by a person other than the donor.

[C71, 73, 75, 77, 79, 81, §142A.6; 81 Acts, ch 63, §1]

142A.7 Rights and duties at death.

1. The donee may accept or reject the gift. If the donee accepts a gift of the entire body, the donee may, subject to the terms of the gift, authorize embalming and the use of the body in funeral services. If the gift is of a part of the body, the donee, upon the death of the donor and prior to embalming, shall cause the part to be removed without unnecessary mutilation. After removal of the part, custody of the remainder of the body vests in the surviving spouse, next of kin, or other persons under obligation to dispose of the body.

2. The time of death shall be determined by a physician who attends the donor at the donor's death, or, if none, the physician who certifies the death. This physician shall not participate in the procedures for removing or transplanting a part, the enucleation of eyes being the exception. A licensed funeral director, as defined in chapter 156, upon successfully completing a course in eye enucleation and receiving a certificate of competence from the department of ophthalmology, college of medicine, of the University of Iowa, may enucleate the eyes of a donor.

3. A person who acts in good faith in accordance with the terms of this chapter, or under the anatomical gift laws of another state, is not liable for damages in any civil action or subject to prosecution in any criminal proceeding for the person's act.

4. The provisions of this chapter are subject to the laws of this state prescribing powers and duties with respect to autopsies.

[C71, 73, 75, 77, 79, 81, §142A.7]

142A.8 Service but not a sale.

The procurement, processing, distribution or use of whole blood, plasma, blood products, blood derivatives and other human tissues such as corneas, bones or organs for the purpose of injecting, transfusing or transplanting any of them into the human body is declared to be, for all purposes, the rendition of a service by every person participating therein and, whether or not any remuneration is paid therefor, is declared not to be a sale of such whole blood, plasma, blood products, blood derivatives or other tissues, for any purpose, subsequent to July 1, 1969. However, any person or entity that renders such service warrants only under this section that due care has been exercised and that acceptable professional standards of care in providing such service according to the current state of the medical arts have been followed. Strict liability, in tort, shall not be applicable to the rendition of such service.

1. Any competent adult may execute a declaration at any time directing that life-sustaining procedures be withheld or withdrawn. 144A.4 Revocation of declaration.

1. A declaration may be revoked at any time and in any manner by which the declarant is able to communicate the declarant's intent to revoke, without regard to mental or physical condition. 2. The attending physician shall make the revocation a part of the declarant's medical record.

85 Acts, ch 3, §5

85 Acts, ch 3, §6

144A.6 Treatment of qualified patients.

1. A qualified patient has the right to make decisions regarding use of life-sustaining procedures as long as the qualified patient is able to do so. If a qualified patient is not able to make such decisions, the declaration shall govern decisions regarding use of life-sustaining procedures.

2. The declaration of a qualified patient known to the attending physician to be pregnant shall not be in effect as long as the fetus could develop to the point of live birth with continued application of life-sustaining procedures. 1. Life-sustaining procedures may be withheld or withdrawn from a patient who is in a terminal condition and who is comatose, incompetent, or otherwise physically or mentally incapable of communication and has not made a declaration in accordance with this chapter if there is consultation and written agreement for the withholding or the withdrawal of life-sustaining procedures between the attending physician and any of the following individuals, who shall be guided by the express or implied intentions of the patient, in the following order of priority if no individual in a prior class is reasonably available, willing, and competent to act:

b. The guardian of the person of the patient if one has been appointed, provided court approval is obtained in accordance with section 633.635, subsection 2, paragraph *"c"*. This paragraph does not require the appointment of a guardian in order for a treatment decision to be made under this section.

c. The patient's spouse.

d. An adult child of the patient or, if the patient has more than one adult child, a majority of the adult children who are reasonably available for consultation.

e. A parent of the patient, or parents if both are reasonably available.

f. An adult sibling.

2. When a decision is made pursuant to this section to withhold or withdraw life-sustaining procedures, there shall be a witness present at the time of the consultation when that decision is made.

3. Subsections 1 and 2 shall not be in effect for a patient who is known to the attending physician to be pregnant with a fetus that could develop to the point of live birth with continued application of life-sustaining procedures. However, the provisions of this subsection do not impair any existing rights or responsibilities that any person may have in regard to the withholding or withdrawal of life-sustaining procedures.

85 Acts, ch 3, §9

145.1 Intent and purpose.

As a result of rising health care costs and the concern expressed by health care providers, health care users, third-party payers, and the general public, there is an urgent need to abate these rising costs so as to place the cost of health care within reach of all Iowans without affecting the quality. It is the intent and purpose of this chapter to maintain an acceptable quality of health care services in Iowa and yet at the same time improve the cost efficiency and effectiveness of health care services. To foster the cooperation of the separate industry forces, there is a need to compile and disseminate accurate and current data, including but not limited to price and utilization data, to meet the needs of the people of Iowa and improve the appropriate usage of health care

services. It is the intent of the general assembly to require the information necessary for a review and comparison of cost, utilization, and quality of health services. The information is to be compiled by a statewide clearinghouse and made available to interested persons to improve the decision-making processes regarding the purchase price and use of appropriate health care services. Patient confidentiality shall be protected.

Action of the commission shall not be taken except upon the affirmative vote of a majority of the voting members of the commission. The four voting members of the commission shall not receive a salary or per diem for being on the commission but shall receive reimbursement for necessary travel and expenses while engaged in commission business. Funds for reimbursement shall come from the moneys appropriated to the department of which the member is the head. The two legislative members of the commission are entitled to per diem and necessary travel and actual expenses as provided in section 2.10, subsection 6. 85 Acts, ch 123, §1, 2

145A.3 Official planning — maximum levy.

The officials of a political subdivision may plan the formation of a public corporation as a merged area to establish and operate an area hospital. In planning for an area hospital, a county board of supervisors may exclude from the merged area any township of the county which the board of supervisors determines would not sufficiently benefit by the merger and the portion of the county not so excluded shall constitute one public corporation for the purposes of this chapter. Plans for an area hospital shall include the maximum amount to be levied for debt service and operation and maintenance of the area hospital in the portion of the merged area within each political subdivision taking part in the merger. However, the maximum tax rates for the various political subdivisions may vary as the officials determine, based upon the need for hospital service of the residents of each political subdivision, the proximity of the residents to the proposed location of the hospital, the property values within the subdivision, and the expected service benefits to the residents of each subdivision by the proposed area hospital.

[C71, 73, 75, 77, 79, 81, §145A.3]
85 Acts, ch 123, §3

145A.4 Plans.

Officials of the various subdivisions may expend public funds for the purpose of formulating plans and in carrying out plans for a merged area and may arrive at an equitable distribution of costs to be paid by each participating political subdivision.

[C71, 73, 75, 77, 79, 81, §145A.4]

145A.5 Order of approval.

When a plan is approved, the officials approving the plan shall jointly issue an order of approval. The order shall specify the area to be merged, the maximum rate of tax to be levied for debt service and operation and maintenance of the proposed area hospital in the portion of the merged area within each political subdivision, the proposed location of the hospital building, the estimated cost of the establishment of the hospital, and any other details concerning the establishment and operation of the hospital the officials deem pertinent. The order shall be published in one or more newspapers which have general circulation within the merged area once each week for three consecutive weeks, but the newspapers selected need not be published in the merged area. The published order shall contain a notice to the residents of each subdivision of the proposed merged area that if the residents fail to protest as provided in this chapter, the order shall be deemed approved upon the expiration of a sixty-day period following the date of the last published notice.

[C71, 73, 75, 77, 79, 81, §145A.5]
85 Acts, ch 123, §4

145A.6 Petition of protest.

The plans formulated for the area hospital shall be deemed approved unless, within sixty days after the third and final publication of the order, a petition protesting the proposed plan containing the signatures of at least five percent of the qualified voters of any political subdivision within the proposed merged area is filed with the respective officials of the protesting petitioners.

[C71, 73, 75, 77, 79, 81, §145A.6]

145A.7 Special election.

When a protesting petition is received, the officials receiving the petition shall call a special election of all qualified voters of that political subdivision for the purpose of approving or rejecting the order setting out the proposed merger plan. The vote will be taken by ballot in the form provided by sections 49.43 to 49.47, and the election shall be initiated and held as provided in chapter 49. A majority vote of those qualified voters voting at said special election shall be sufficient to approve the order and thus include the political subdivision within the merged area.

[C71, 73, 75, 77, 79, 81, §145A.7]

145A.8 Effect on other subdivisions.

A protest petition filed in one political subdivision shall have no effect upon the other political subdivisions of the proposed merged area; and in the portion of the proposed area where no protest petition is filed within sixty days after the last published notice, the residents of that portion of the area shall be deemed to have approved the proposed plan, and shall not take part in any special election.

[C71, 73, 75, 77, 79, 81, §145A.8]

145A.9 Continuance or abandonment.

If the voters at the special election approve by a majority vote the proposed plan, then the plan may be carried out as originally proposed. However, if the voters of any political subdivision within the proposed area reject the plan as set out in the original order, then said original order shall be wholly nullified.

145A.11 Terms of members.

The terms of members of the board shall be four years, except that members of the initial board shall determine their respective terms by lot so that the terms of one-half of the members, as nearly as may be, shall expire at the next general election. The remaining initial terms shall expire at the following general election. The successors of the initial board shall be chosen from area districts at regular elections, and shall be nominated and elected in the same manner as county hospital trustees as provided in section 347.25, except that nomination papers on behalf of a candidate shall be signed by not less than twenty-five eligible electors from the area district.

[C71, 73, 75, 77, 79, 81, §145A.11]

145A.12 Operation and management.

The board shall govern the operation and management of the area hospital and may do all things necessary to establish and operate the hospital. The board has all the general powers, duties, and responsibilities of the trustees of county public hospitals as set out in sections 347.13 and 347.14 and may enter into contracts for the operation and management of area hospital facilities.

The board shall prepare an annual budget designating the proposed expenditures for operation of the area hospital and payment of bonded indebtedness, and the amount to be raised by taxation, following the requirements of chapter 24. The board shall prorate the amount to be raised for operations by local taxation among the respective political subdivisions forming a part of the merged area in the proportion that the product of the value of taxable property and the maximum tax levy rate in each political subdivision bears to the total product of the value of taxable property and the maximum tax levy rate in the entire merged area, as set out in the published order of merger. The board of hospital trustees shall certify the amount so determined to the respective levying officials of the affected counties, and the officials shall levy a tax sufficient to raise the annual budget. Taxes collected pursuant to the levy shall be paid by the respective county treasurers to the treasurer of the area hospital in the same manner that school taxes are paid to local school districts.

146.2 Liability of hospitals refusing to perform abortions.

146.1 Liability of persons relating to performance of abortions.

An individual who may lawfully perform, assist, or participate in medical procedures which will result in an abortion shall not be required against that individual's religious beliefs or moral convictions to perform, assist, or participate in such procedures. A person shall not discriminate against any individual in any way, including but not limited to employment, promotion, advancement, transfer, licensing, education, training or the granting of hospital privileges or staff appointments, because of the individual's participation in or refusal to participate in recommending, performing or assisting in an abortion procedure. For the purposes of this chapter, "abortion" means the termination of a human pregnancy with the intent other than to produce a live birth or to remove a dead fetus. Abortion does not include medical care which has as its primary purpose the treatment of a serious physical condition requiring emergency medical treatment necessary to save the life of a mother.

[C77, 79, 81, §146.1]

146.2 Liability of hospitals refusing to perform abortions.

A hospital, which is not controlled, maintained and supported by a public authority, shall not be required to permit the performance of an abortion. The refusal to permit such procedures shall not be grounds for civil liability to any person nor a basis for any disciplinary or other recriminatory action against the hospital.

When the requirements for a license in any state with which this state has a reciprocal agreement are changed by any law or rule of the authorities therein so that such requirements are no longer substantially as high as those existing in this state, then such agreement shall be deemed terminated and licenses issued in such state shall not be recognized as a basis of granting a license in this state until a new agreement has been negotiated. The fact of such change shall be determined by the proper examining board and certified to the department for its guidance in enforcing the provisions of this section.

MALPRACTICE

See chapter 519A relating to insurance

147.135 Peer review committees — nonliability — records and reports privileged and confidential.

1. A person shall not be civilly liable as a result of acts, omissions, or decisions made in connection with the person's service on a peer review committee. However, such immunity from civil liability shall not apply if an act, omission, or decision is made with malice.

2. As used in this subsection, *"peer review records"* means all complaint files, investigation files, reports, and other investigative information relating to licensee discipline or professional competence in the possession of a peer review committee or an employee of a peer review committee. As used in this subsection, *"peer review committee"* does not include examining boards. Peer review records are privileged and confidential, are not subject to discovery, subpoena, or other means of legal compulsion for release to a person other than an affected licensee or a peer review committee and are not admissible in evidence in a judicial or administrative proceeding other than a proceeding involving licensee discipline or a proceeding brought by a licensee who is the subject of a peer review record and whose competence is at issue. A person shall not be liable as a result of filing a report or complaint with a peer review committee or providing information to such a committee, or for disclosure of privileged matter to a peer review committee. A person present at a meeting of a peer review committee shall not be permitted to testify as to the findings, recommendations, evaluations, or opinions of the peer review committee in any judicial or administrative proceeding other than a proceeding involving licensee discipline or a proceeding brought by a licensee who is the subject of a peer review committee meeting and whose competence is at issue. Information or documents discoverable from sources other than the peer review committee do not become nondiscoverable from the other sources merely because they are made available to or are in the possession of a peer review committee. However, such information relating to licensee discipline may be disclosed to an appropriate licensing authority in any jurisdiction in which the licensee is licensed or has applied for a license. If such information indicates a crime has been committed, the information shall be reported to the proper law enforcement agency. This subsection shall not preclude the discovery of the identification of witnesses or documents known to a peer review committee. Any final written decision and finding of fact by a licensing board in a disciplinary proceeding is a public record. 148.5 Resident physician license.

Any physician, who is a graduate of a medical school and is serving only as a resident physician and who is not otherwise licensed to practice medicine and surgery in this state, shall be required to obtain from the medical examiners a license to practice as a resident physician. The license shall be designated "Resident Physician License" and shall authorize the licensee to serve as a resident physician only, under the supervision of a licensed practitioner of medicine and surgery, in an institution approved for this purpose by the medical examiners. Such license shall be valid for one year and may be renewed at the discretion of the medical examiners. The fee for this license shall be set by the board to cover the

administrative costs of issuing the license, and if extended beyond one year, a renewal fee as set by the board shall be required. The medical examiners shall determine in each instance those eligible for this license, whether or not examinations shall be given, and the type of examinations. No requirements of the law pertaining to regular permanent licensure shall be mandatory for this resident licensure except as specifically designated by the medical examiners. The granting of a resident physician license does not in any way indicate that the person so licensed is necessarily eligible for regular licensure, nor are the medical examiners in any way obligated to so license such individual. The medical examiners shall revoke the license at any time they shall determine either that the caliber of work done by a licensee or the type of supervision being given such licensee does not conform to reasonable standards established by the medical examiners.

148.6 Revocation.

1. The medical examiners, after due notice and hearing in accordance with chapter 17A, may issue an order to discipline a licensee for any of the grounds set forth in section 147.55, chapter 258A, or this subsection. Notwithstanding section 258A.3, licensee discipline may include a civil penalty not to exceed ten thousand dollars.

Pursuant to this section, the board of medical examiners may discipline a licensee who is guilty of any of the following acts or offenses:

a. Knowingly making misleading, deceptive, untrue or fraudulent representation in the practice of the physician's profession.

b. Being convicted of a felony in the courts of this state or another state, territory, or country. Conviction as used in this paragraph shall include a conviction of an offense which if committed in this state would be deemed a felony without regard to its designation elsewhere, or a criminal proceeding in which a finding or verdict of guilt is made or returned, but the adjudication of guilt is either withheld or not entered. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state shall be conclusive evidence.

c. Violating a statute or law of this state, another state, or the United States, without regard to its designation as either felony or misdemeanor, which statute or law relates to the practice of medicine.

d. Having the license to practice medicine and surgery, osteopathic medicine and surgery or osteopathy revoked or suspended, or having other disciplinary action taken by a licensing authority of another state, territory, or country. A certified copy of the record or order of suspension, revocation, or disciplinary action is conclusive or prima facie evidence.

e. Knowingly aiding, assisting, procuring, or advising a person to unlawfully practice medicine and surgery, osteopathic medicine and surgery or osteopathy.

f. Being adjudged mentally incompetent by a court of competent jurisdiction. Such adjudication shall automatically suspend a license for the duration of the license unless the board orders otherwise.

g. Being guilty of a willful or repeated departure from, or the failure to conform to, the minimal standard of acceptable and prevailing practice of medicine and surgery, osteopathic medicine and surgery or osteopathy in which proceeding actual injury to a patient need not be established; or the committing by a physician of an act contrary to honesty, justice, or good morals, whether the same is committed in the course of the physician's practice or otherwise, and whether committed within or without this state.

h. Inability to practice medicine and surgery, osteopathic medicine and surgery or osteopathy with reasonable skill and safety by reason of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or other type of material or as a result of a mental or physical condition. The medical examiners may, upon probable cause, compel a physician to submit to a mental or physical examination by designated physicians or to submit to alcohol or drug screening within a time specified by the medical examiners. Failure of a physician to submit to an examination or to submit to alcohol or drug screening shall constitute admission to the allegations made against the physician and the finding of fact and decision of the medical examiners may be entered without the taking of testimony or presentation of evidence. At reasonable intervals, a physician shall be afforded an opportunity to demonstrate that the physician can resume the competent practice of medicine with reasonable skill and safety to patients.

A person licensed to practice medicine and surgery, osteopathic medicine and surgery or osteopathy who makes application for the renewal of a license, as required by section 147.10, gives consent to submit to a mental or physical examination as provided by this paragraph when directed in writing by the medical examiners. All objections shall be waived as to the admissibility of the examining physicians' testimony or examination reports on the grounds that they constitute privileged communication. The medical testimony or examination reports shall not be used against a physician in another proceeding and shall be confidential, except for other actions filed against a physician to revoke or suspend a license.

i. Willful or repeated violation of lawful rule or regulation adopted by the board or violating a lawful order of the board, previously entered by the board in a disciplinary or licensure hearing, or violating the terms and provisions of a consent agreement or informal settlement between a licensee and the board.

148.7 Procedure for suspension or revocation.

A proceeding for the revocation or suspension of a license to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy or to discipline a person licensed to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy shall be substantially in accord with the following procedure:

1. The medical examiners may, upon their own motion or upon verified complaint in writing, and shall, if such complaint is filed by the director of public health, issue an order fixing the time and place for hearing. A written notice of the time and place of the hearing together with a statement of the charges shall be served upon the licensee at least ten days before the hearing in the manner required for the service of notice of the commencement of an ordinary action or by restricted certified mail.

2. If the licensee has left the state, the notice and statement of the charges shall be so served at least twenty days before the date of the hearing, wherever the licensee may be found. If the whereabouts of the licensee is unknown, service may be had by publication as provided in the rules of civil procedure upon filing the affidavit required by said rules. In case the licensee fails to appear, either in person or by counsel at the time and place designated in said notice, the medical examiners shall proceed with the hearing as hereinafter provided.

3. The hearing shall be before a member or members designated by the board or before an administrative law judge appointed by the board. The presiding board member or administrative law judge may issue subpoenas, administer oaths and take or cause depositions to be taken in connection with the hearing. The presiding board member or administrative law judge shall issue subpoenas at the request and on behalf of the licensee. The hearing shall be open to the public.

The compensation of the administrative law judge shall be fixed by the medical examiners. The administrative law judge shall be an attorney vested with full authority of the board to schedule and conduct hearings. The administrative law judge shall prepare and file with the medical examiners the administrative law judge's findings of fact and conclusions of law, together with a complete written transcript of all testimony and evidence introduced at the hearing and all exhibits, pleas, motions, objections and rulings of the administrative law judge.

4. A stenographic record of the proceedings shall be kept. The licensee shall have the opportunity to appear personally and by an attorney, with the right to produce evidence in the licensee's own behalf, to examine and cross-examine witnesses and to examine documentary evidence produced against the licensee.

5. If a person refuses to obey a subpoena issued by the presiding member or administrative law judge or to answer a proper question during the hearing, the presiding member or administrative law judge may invoke the aid of a court of competent jurisdiction or judge of this court in requiring the attendance and testimony of the person and the production of papers. A failure to obey the order of the court may be punished by the court as a civil contempt may be punished.

6. Unless the hearing is before the entire board, a transcript of the proceeding, together with exhibits presented, shall be considered by the entire board at the earliest practicable time. The licensee and the licensee's attorney shall have the opportunity to appear personally to present the licensee's position and arguments to the board. The board shall determine the charge or charges upon the merits on the basis of the evidence in the record before it.

7. If a majority of the members of the board vote in favor of finding the licensee guilty of an act or offense specified in section 147.55 or 148.6, the board shall prepare written findings of fact and its decision imposing one or more of the following disciplinary measures:

a. Suspend the licensee's license to practice the profession for a period to be determined by the board.

b. Revoke the licensee's license to practice the profession.

c. Suspend imposition of judgment and penalty or impose the judgment and penalty, but suspend enforcement and place the physician on probation. The probation ordered may be vacated upon noncompliance. The board of medical examiners may direct the director of public health to restore and reissue a license to practice medicine and surgery, osteopathic medicine and surgery or osteopathy, but may impose a disciplinary or corrective measure which it might originally have imposed. Such findings of fact and decision shall be filed with the director of public health who shall within ten days from such filing enter an order revoking or suspending the license issued to a physician licensed to practice medicine and surgery, osteopathic medicine and surgery or osteopathy, or discipline such physician as directed by the board in its decision. A copy of the director's order shall immediately be sent by registered mail to the licensee's last known post-office address accompanied by a copy of the board's findings of fact and decision.

8. Judicial review of the board's action may be sought in accordance with the terms of the Iowa administrative procedure Act.

9. The director's order revoking or suspending a license to practice medicine and surgery, osteopathic medicine and surgery or osteopathy or to discipline a licensee shall remain in force and effect until the appeal is finally determined and disposed of upon its merit.

The medical examiners shall determine in each instance those eligible for this license, whether or not examinations shall be given, and the type of examinations. No requirements of the law pertaining to regular permanent licensure are mandatory for this temporary license except as specifically designated by the medical examiners. The granting of a temporary license does not in any way indicate that the person so licensed is necessarily eligible for regular licensure, nor are the medical examiners in any way obligated to so license the person.

The temporary certificate shall be issued for a period not to exceed one year and may be renewed, but a person shall not practice medicine and surgery or osteopathic medicine and surgery in excess of three years while holding a temporary certificate. The fee for this license and the fee for renewal of this license shall be set by the medical examiners. The fees shall be based on the administrative costs of issuing and renewing the licenses. The medical examiners may cancel a temporary certificate at any time, without a hearing, for reasons deemed sufficient to the medical examiners.

When the medical examiners cancel a temporary certificate they shall promptly notify the licensee by registered United States mail, at the licensee's last-named address, as reflected by the files of the medical examiners, and the temporary certificate is terminated and of no further force and effect three days after the giving of the notice to the licensee.

If the special license is extended beyond one year, an annual renewal fee shall be established in an amount sufficient to cover the costs of renewing the special license.

4. Notwithstanding the provisions of chapter 17A, the board may cancel a special license at any time without hearing. However, when such license is proposed to be canceled, the board shall promptly notify the licensee by certified mail sent to the last known address of the licensee. Thirty days after the service of such notice, the special license shall be canceled.

5. A special license issued under this section shall automatically expire upon the special licensee discontinuing service on the academic staff of a medical school in this state. An expired special license shall not be renewed. However, a former special licensee may reapply for a special license.

a. Willful violation of the rules of the board.

b. Continued practice while knowingly having an infectious or contagious disease which could be harmful to a patient's welfare.

c. Conviction for a felony in the courts of this state or another state, territory, or country if the felony relates to the practice of nursing. Conviction shall include only a conviction for an offense which if committed in this state would be deemed a felony without regard to its designation elsewhere. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another jurisdiction shall be conclusive evidence of conviction.

d. Having a license to practice nursing as a registered nurse or licensed practical nurse revoked or suspended, or having other disciplinary action taken by a licensing authority of another state, territory, or country. A certified copy of the record or order of suspension, revocation, or disciplinary action is prima facie evidence of such fact.

f. Being adjudicated mentally incompetent by a court of competent jurisdiction. Such adjudication shall automatically suspend a license for the duration of the license, unless the board orders otherwise.

h. (1) Inability to practice nursing with reasonable skill and safety by reason of illness, excessive use of alcohol, drugs, narcotics, chemicals, or other type of material or as a result of a mental or physical condition.

(2) The board may, upon probable cause, request a licensee to submit to an appropriate medical examination by a designated physician. If requested by the licensee, the licensee may also designate a physician for an independent medical examination. The reasonable costs of such examinations and medical reports to the board shall be paid by the board. Refusal or failure of a licensee to complete such examinations shall constitute an admission of any allegations relating to such condition. All objections shall be waived as to the admissibility of the examining physicians' testimony or examination reports on the grounds that they constitute privileged communication. The medical testimony or examination reports shall not be used against a registered nurse or licensed practical nurse in another proceeding and shall be confidential. At reasonable intervals, a registered nurse or licensed practical nurse shall be afforded an opportunity to demonstrate that the registered nurse or licensed practical nurse can resume the competent practice of nursing with reasonable skill and safety to patients.

2. Solicitation of professional patronage by agents or persons popularly known as "cappers" or "steerers", or profiting by the acts of those representing themselves to be agents of the licensee.
3. Receipt of fees on the assurance that a manifestly incurable disease can be permanently cured.
4. Division of fees or agreeing to split or divide the fees received for professional services with any person for bringing or referring a patient or assisting in the care or treatment of a patient without the consent of said patient or the patient's legal representative.

Subject to the provisions of this chapter, any provision of Title VIII of the Code to the contrary notwithstanding, the board shall exercise the following powers:

1. To initiate investigations of and conduct hearings on all matters or complaints relating to the practice of dentistry or dental hygiene or pertaining to the enforcement of any provision of this chapter, to provide for mediation of disputes between licensees and their patients when specifically recommended by the board, to revoke or suspend licenses or the renewal thereof issued under this or any prior chapter, to provide for restitution to patients, and to otherwise discipline licensees.

Subsequent to an investigation by the board, the board may appoint a disinterested third party to mediate disputes between licensees and patients. Referral of a matter to mediation shall not preclude the board from taking disciplinary action against the affected licensee.

2. All employees needed to administer this chapter shall be appointed pursuant to the merit system.
3. To initiate in its own name or cause to be initiated in a proper court appropriate civil proceedings against any person to enforce the provisions of this chapter or Title VIII of the Code relating to the practice of dentistry, and the board may have the benefit of counsel in connection therewith. Any such judicial proceeding as may be initiated by the board shall be commenced and prosecuted in the same manner as any other civil action and injunctive relief may be granted therein without proof of actual damage sustained by any person but such injunctive relief shall not relieve the person so enjoined from criminal prosecution by the attorney general or county attorney for violation of any provision of this chapter or Title VIII of the Code relating to the practice of dentistry.
4. In any investigation made or hearing conducted by the board on its own motion, or upon written complaint filed with the board by any person, pertaining to any alleged violation of this chapter or the accusation against any licensee, the following procedure and rules so far as material to such investigation or hearing shall obtain:

a. The accusation of such person against any licensee shall be reduced to writing, verified by some person familiar with the facts therein stated, and three copies thereof filed with the board.

b. If the board shall deem the charges sufficient, if true, to warrant suspension or revocation of license, it shall make an order fixing the time and place for hearing thereon and requiring the licensee to appear and answer thereto, such order, together with a copy of the charges so made to be served upon the accused at least twenty days before the date fixed for hearing, either personally or by certified or registered mail, sent to the licensee's last known post-office address as shown by the records of the board.

c. At the time and place fixed in said notice for said hearing, or at any time and place to which the said hearing shall be adjourned, the board shall hear the matter and may take evidence, administer oaths, take the deposition of witnesses, including the person accused, in the manner provided by law in civil cases, compel the appearance of witnesses before it

in person the same as in civil cases by subpoena issued over the signature of the chairperson of the board and in the name of the state of Iowa, require answers to interrogatories and compel the production of books, papers, accounts, documents and testimony pertaining to the matter under investigation or relating to the hearing.

d. In all such investigations and hearings pertaining to the suspension or revocation of licenses, the board and any person affected thereby may have the benefit of counsel, and upon the request of the licensee or the licensee's counsel the board shall issue subpoenas for the attendance of such witnesses in behalf of the licensee, which subpoenas when issued shall be delivered to the licensee or the licensee's counsel. Such subpoenas for the attendance of witnesses shall be effective if served upon the person named therein anywhere within this state, provided, that at the time of such service the fees now or hereafter provided by law for witnesses in civil cases in district court shall be paid or tendered to such person.

e. In case of disobedience of a subpoena lawfully served hereunder, the board or any party to such hearing aggrieved thereby may invoke the aid of the district court in the county where such hearing is being conducted to require the attendance and testimony of such witnesses. Such district court of the county within which the hearing is being conducted may, in case of contumacy or refusal to obey such subpoena, issue an order requiring such person to appear before said board, and if so ordered give evidence touching the matter involved in the hearing. Any failure to obey such order of the court may be punished by such court as a contempt thereof.

f. If the licensee pleads guilty, or after hearing shall be found guilty by the board of any of the charges made, it may suspend for a limited period or revoke the license and the last renewal thereof, and shall enter the order on its records and notify the accused of the revocation or suspension of the person's license, as the case may be, who shall thereupon forthwith surrender that license to the board. Any such person whose license has been so revoked or suspended shall not thereafter and while such revocation or suspension is in force and effect practice dentistry or dental hygiene within this state.

g. The findings of fact made by the board acting within its power shall, in the absence of fraud, be conclusive, but the district court shall have power to review questions of law involved in any final decision or determination of the board; provided, that application is made by the aggrieved party within thirty days after such determination by certiorari, mandamus or such other method of review or appeal permitted under the laws of this state, and to make such further orders in respect thereto as justice may require.

h. Pending the review and final disposition thereof by the district court, the action of the board suspending or revoking such license shall not be stayed.

5. To promulgate rules as may be necessary to implement the provisions of this chapter.

Subsection 1 amended

153.34 Suspension or revocation of license.

The board shall suspend for a limited period or revoke the license and the last renewal thereof of any licensed dentist or any licensed dental hygienist for any of the following reasons:

1. For fraud or deceit in procuring the license or the renewal thereof to practice dentistry or dental hygiene.
2. For being guilty of willful and gross malpractice or willful and gross neglect in the practice of dentistry or dental hygiene.
3. For fraud in representation as to skill or ability.

8. For the use of the name "clinic", "institute", or other title of similar import that may suggest a public or semipublic activity to designate what is in fact an individual or group private practice.
9. For failure to maintain a reasonably satisfactory standard of competency in the practice of dentistry or dental hygiene.
10. For the conviction of a felony in the courts of this state or another state, territory, or country. Conviction as used in this subsection includes a conviction of an offense which if committed in this state would be a felony without regard to its designation elsewhere, and includes a finding or verdict of guilt made or returned in a criminal proceeding even if the adjudication of guilt is withheld or not entered. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state constitutes conclusive evidence of the conviction.
11. For a violation of a law of this state, another state, or the United States, without regard to its designation as either a felony or misdemeanor, which law relates to the practice of dentistry or dental hygiene. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state constitutes conclusive evidence of the conviction.
12. The revocation or suspension of a license to practice dentistry or dental hygiene or other disciplinary action taken by a licensing authority of another state, territory, or country. A certified copy of the record or order of suspension, revocation, or disciplinary action is conclusive or prima facie evidence.

13. Knowingly aiding, assisting, procuring, or advising a person to unlawfully practice dentistry or dental hygiene.

14. For an adjudication of mental incompetence by a court of competent jurisdiction. Such adjudication shall automatically suspend a license for the duration of the license unless the board orders otherwise.

15. Inability to practice dentistry or dental hygiene with reasonable skill and safety by reason of illness, drunkenness, or habitual or excessive use of drugs, intoxicants, narcotics, chemicals, or other types of materials or as a result of a mental or physical condition. At reasonable intervals following suspension or revocation under this subsection, a dentist or a dental hygienist shall be afforded an opportunity to demonstrate that the dentist or the dental hygienist can resume the competent practice of dentistry or dental hygiene with reasonable skill and safety to patients.

16. For being a party to or assisting in any violation of any provision of this chapter.

SINKHOLES AND DRAINAGE WELLS

159.28 Sinkholes — conservation easement programs.

The department shall develop and implement a program for the prevention of groundwater contamination through sinkholes. The program shall provide for education of landowners and encourage responsible chemical and land management practices in areas of the state prone to the formation of sinkholes.

The program may provide financial incentives for land management practices and the acquisition of conservation easements around sinkholes. The program may also provide financial assistance for the cleanup of wastes dumped into sinkholes.

The program shall be coordinated with the groundwater protection programs of the department of natural resources and other local, state, or federal government agencies which could compensate landowners for resource protection measures. The department shall use moneys appropriated for this purpose from the agriculture management account of the groundwater protection fund.

87 Acts, ch 225, §302

159.29 Agricultural drainage wells.

1. An owner of an agricultural drainage well shall register the well with the department of natural resources by September 30, 1988. The department of agriculture and land stewardship, in cooperation with the department of natural resources, shall adopt rules, pursuant to chapter 17A, which provide for an appeals process for violations of this subsection.

2. An owner of an agricultural drainage well and a landholder whose land is drained by the well or wells of another person shall develop, in consultation with the department of agriculture and land stewardship and the department of natural resources, a plan which proposes alternatives to the use of agricultural drainage wells by July 1, 1994.

a. Financial incentive moneys may be allocated from the financial incentive portion of the agriculture management account of the groundwater protection fund to implement alternatives to agricultural drainage wells.

b. An owner of an agricultural drainage well and a landholder whose land is drained by the well or wells of another person shall not be eligible for financial incentive moneys pursuant to paragraph *"a"* if the owner fails to register the well with the department of natural resources by September 30, 1988, or if the owner fails to develop a plan for alternatives in cooperation with the department of agriculture and land stewardship and the department of natural resources.

3. The department shall:

a. On July 1, 1987 initiate a pilot demonstration and research project concerning elimination of groundwater contamination attributed to the use of agricultural chemicals and agricultural drainage wells. The project shall be established in a location in North Central Iowa determined by the department to be the most appropriate. A demonstration project shall also be established in Northeast Iowa to study techniques for the cleanup of sinkholes.

The agricultural drainage well pilot project shall be designed to identify the environmental, economic, and social problems presented by continued use or closure of agricultural drainage wells and to monitor possible contamination caused by agriculture land management practices and agricultural chemical use relative to agricultural drainage wells.

b. Develop alternative management practices based upon the findings from the demonstration projects to reduce the infiltration of synthetic organic compounds into the groundwater through agricultural drainage wells and sinkholes.

c. Examine alternatives and the costs of implementation of alternatives to the use of agricultural drainage wells, and examine the legal, technical, and hydrological constraints for integrating alternative drainage systems into existing drainage districts.

4. Financial incentive moneys expended through the use of the financial incentive portion of the agriculture management account may be provided by the department to landowners in the project areas for employing reduced chemical farming practices and land management techniques.

5. The secretary may appoint interagency committees and groups as needed to coordinate the involvement of agencies participating in department sponsored projects. The interagency committees and groups may accept grants and funds from public and private organizations.

6. The department shall publish a report on the status and findings of the pilot demonstration projects on or before July 1, 1989, and each subsequent year of the projects. The department of agriculture and land stewardship shall develop a priority system for the elimination of chemical contamination from agricultural drainage wells and sinkholes. The priority system shall incorporate available information regarding the significance of contamination, the number of registered wells in the area, and the information derived from the report prepared pursuant to this subsection. The highest priority shall be given to agricultural drainage wells for which the above criteria are best met, and the costs of necessary action are at the minimum level.

7. Beginning July 1, 1993, the department shall initiate an ongoing program to meet the goal of eliminating chemical contamination caused by the use of agricultural drainage wells by January 1, 1995, based upon the findings of the report published pursuant to subsection 6.

8. Notwithstanding the prohibitions of section 455B.267, subsection 4, an owner of an agricultural drainage well may make emergency repairs necessi-

tated by damage to the drainage well to minimize surface runoff into the agricultural drainage well, upon the approval of the county board of supervisors or the board's designee of the county in which the agricultural drainage well is located. The approval shall be based upon the following conditions:

a. The well has been registered in accordance with both state and federal law.

b. The applicant will institute management practices including alternative crops, reduced application of chemicals, or other actions which will reduce the level of chemical contamination of the water which drains into the well.

c. The owner submits a written statement that approved emergency repairs are necessary and do not constitute a basis to avoid the eventual closure of the well if closure is later determined to be required. If a county board of supervisors or the board's designee approves the emergency repair of an agricultural drainage well, the county board of supervisors or the board's designee shall notify the department of natural resources of the approval within thirty days of the approval.

MOVEMENT OF SWINE

163.30 Swine imported or native — pig dealers.

1. This section shall apply to all swine moved interstate and intrastate, except swine moved directly to slaughter or to a livestock market for sale directly to a slaughtering establishment for immediate slaughter.

2. When used in this chapter:

a. *"Dealer"* means any person who is engaged in the business of buying for resale, or selling, or exchanging swine as a principal or agent or who claims to be so engaged, but does not include the owner or operator of a farm who does not claim to be so engaged, and who sells or exchanges only those swine which have been kept by the person solely for feeding or breeding purposes.

b. *"Separate and apart"* means a manner of holding swine so as not to have physical contact with other swine on the premises.

c. *"Swine moved"* means any physical relocation of swine to different premises, except that it does not include movement of swine when their ownership does not change, and both their prior and new locations, and the movement between such locations, are within the state of Iowa.

3. No person shall act as a dealer without first securing a dealer's license from the department. The fee for a dealer's license shall be five dollars per annum and all licenses shall expire on the first day of July following date of issue. Licenses shall be numbered and the dealer shall retain the number from year to year. To secure a license, the applicant must file with the department a bond in the sum of ten thousand dollars with the secretary named as trustee, for the use and benefit of anyone damaged by a violation of this section, except that the bond shall not be required for dealers who are bonded in the same or a greater amount than required pursuant to the federal Packers and Stockyards Act.

Each employee or agent doing business by buying for resale, selling or exchanging feeder swine in the name of a licensed dealer, shall be required to secure a permit and identification card issued by the department showing the person is employed by or represents a licensed dealer. All such permits and identification cards shall be issued upon application forms furnished by the department at a cost of three dollars per annum, and shall expire on the first day of July following the date of issue.

A permittee shall not represent more than one dealer. Failure of a licensee or permittee to comply with this chapter or a rule made pursuant to this chapter is cause for revocation by the secretary of the permit or license after notice to the alleged offender and the holding of a hearing by the secretary. Rules shall be made in accordance with chapter 17A. A rule, the violation of which is made the basis for revocation, except temporary emergency rules, shall first have been approved after public hearing as provided in section 17A.4 after giving twenty days' notice of the hearing as follows:

By mailing notice, by ordinary mail, to every person filing a request for notice accompanied by an addressed envelope with prepaid postage. Any person may file such a request to be listed with any agency for notice for the time and place for all hearings on proposed rules, which request shall be accompanied by a remittance of five dollars. Such fee shall be added to the operating fund of the department. The listing shall expire semiannually on January 1 and July 1.

4. All swine moved shall be individually identified with a distinctive and easily discernible ear tag affixed in either ear of the animal or other identification acceptable to the department, which has been specified by rule promulgated under the department's rulemaking authority. The department shall make ear tags available at convenient locations within each county and shall sell such tags at a price not exceeding the cost to producers and others to comply with this section.

Every seller, dealer and market operator shall keep a record of the ear tag numbers, or other approved identification, and the farm of origin of swine moved by or through that person, which records shall be made available by that person to any appropriate representative of the department or the United States department of agriculture.

5. All swine moved shall be accompanied by an official health certificate or veterinarian inspection certificate issued by the state of origin and prepared and signed by a veterinarian. The health certificate or veterinarian inspection certificate shall show the point of origin, the point of destination, individual identification, immunization status, and, when required, any movement permit number assigned to the shipment by the department. All such movement of swine shall be completed within seventy-two hours unless an extension of time for movement is granted by the department.

However, swine may be moved intrastate directly to an approved state, federal or auction market without such identification or certification, there to be identified and certificated.

However, registered swine for exhibition or breeding purposes which can be individually identified by an ear notch or tattoo or other method approved by the department are excepted from this identification requirement. In addition, native Iowa swine moved from farm to farm may be excepted from the identification requirement if the seller and purchaser sign a statement providing that feeder pigs will not be commingled for a period of thirty days and such fact is stated on the health certificate.

6. The department may require issuance of movement permits on certain categories of swine moved, prior to their movement, pursuant to departmental rule. The rule shall be promulgated when in the judgment of the secretary, such movements would otherwise threaten or imperil the eradication of hog cholera in Iowa.

7. All swine moved shall be quarantined separate and apart from other swine located at the Iowa farm of destination for thirty days beginning with their arrival at such premises, or if such incoming swine are not held separate and apart, all swine on such premises shall be thus quarantined, except animals moving from such premises directly to slaughter.

There can only be one transfer by a dealer, involving not more than two markets, prior to quarantine.

8. The use of anti-hog-cholera serum or antibody

concentrate shall be in accordance with rules issued by the department.

9. All swine found by a registered veterinarian to have any infectious, contagious, or communicable swine disease after delivery to any livestock sale barn or auction market for resale other than for slaughter, shall be immediately returned to the consignor's premises to be quarantined separate and apart for fifteen days. Such swine may not be moved from such premises for any purpose unless an official health certificate or veterinarian inspection certificate accompanies the movement or unless they are sent to slaughter. This subsection shall in no way supersede the requirements of sections 163A.2 and 163A.3.

BREEDING BULLS

163.40 Definitions.

As used in this division:

1. *"Breeding bull"* means a male animal of dairy or beef bovine genus used for breeding purposes.

2. *"Lease"* when used as a verb means to physically deliver a breeding bull pursuant to a lease agreement.

[C79, 81, §163.40]

163.41 License required.

A person shall not engage in the business of leasing a breeding bull without having obtained a license from the department and registering each breeding bull as provided in this division. An annual license may be obtained from the department upon application and payment of a ten-dollar fee. Each license shall expire on the first of July following the date of issue. An application shall be made on a form provided by the department and shall contain the name of the person engaged in the business of leasing breeding bulls as lessor, the address of such business, the registration number of each breeding bull, and a description as to breed, color and other distinguishing marks, leased as lessor, and such other information as the secretary of agriculture may specify by rule promulgated pursuant to chapter 17A.

For the purposes of this section, a person is engaged in the business of leasing a breeding bull within this state as lessor if the person leases any breeding bull to an Iowa resident more than once in any calendar year for a fee.

[C79, 81, § 163.41]

163.42 Registration of breeding bulls.

The department shall issue to each licensee a tag or an identifying mark if the lessor desires this method of identification, for each breeding bull to be leased by the licensee. Each tag or identifying mark shall have an identification number which shall be a permanent identification number for such breeding bull and, upon disposition of such animal, the licensee shall notify the department of such disposition and the name and address of the buyer if such animal is sold. When an additional breeding bull to be leased is acquired by a licensee, the department shall issue a tag or approve an identifying mark for such animal without fee. The tag or identifying mark shall be permanently attached to the breeding bull.

[C79, 81, §163.42]

163.43 Health certificate required.

No licensee shall lease as lessor, and no person shall lease as lessee, a breeding bull within this state unless such breeding bull is accompanied by a health certificate signed by a licensed veterinarian and showing:

1. That the breeding bull has been tested by a licensed veterinarian within sixty days prior to rental and found to be free from Bang's disease, and tuberculosis.
2. That, to the best of the knowledge and belief of the examining licensed veterinarian, the breeding bull is apparently free from any infectious, contagious or communicable disease.
3. The identification number of the breeding bull tested and the date of issuance of the health certificate.

Such health certificate shall be valid for one rental on one premise only. Thereafter, a new health certificate must be issued after the breeding bull has been retested; but no new test for tuberculosis shall be required if the breeding bull is leased within sixty days of the last tuberculosis test.

One copy of the health certificate shall be filed with the department within fourteen days after its issuance; and one copy shall be issued to the lessee when the breeding bull is delivered to the lessee. A licensee shall show the health certificate of any breeding bull upon the request of any person designated by the department to enforce the provisions of this division. The licensee shall also, within ten days after the lease of each breeding bull, notify the department in writing of the name and address of the person to whom the breeding bull is being leased, together with the date of delivery.

For the purposes of this section, a breeding bull is leased within this state if it is leased to an Iowa resident.

[C79, 81, §163.43]

163.44 Records of breeding bull.

The licensee shall maintain records of each lease of a breeding bull. The records shall contain the name and address of the person to whom a breeding bull is leased, the date of each lease, and a description and the identification number of the breeding bull involved. [C79, 81, §163.44]

[C79, 81, §163.45]

163.46 Sale of semen.

It shall be unlawful for the owner of any breeding bull located within this state to sell the semen from that bull for the purpose of artificial insemination unless that person has in possession a signed health certificate issued by a licensed veterinarian within twelve months before the date the semen was collected, provided the bull had not been moved to any other premise between the date of examination and the date of collection, showing that on the date of issue the breeding bull had been tested negative for tuberculosis and Bang's disease and, to the best knowledge and belief of the examining veterinarian, was apparently free from any infectious, contagious, or communicable disease. If a breeding bull is moved to any other premise after issuance of the health certificate but prior to collection of the semen, that health certificate shall be invalid for purposes of this section.

[C79, 81, §163.46]

"Bang's disease" is also known as bovine brucellosis

163.47 Exemptions.

The provisions of this division shall not apply to 4-H or Future Farmers of America organizations engaged in breeding programs, the sale of semen collected before January 1, 1978.

166B.7 Judicial review.

166B.1 Definitions.

As used in this chapter:

1. *"Destroy"* means condemn under state authority and slaughter or otherwise kill as a result of or pursuant to such condemnation.

2. *"Exposed"* means all swine in physical contact with a known infected herd or tended by a person having direct contact with an infected herd.

Further definitions, see §159.1

166B.2 General authority.

The department may destroy or require the destruction of any swine which the state veterinarian knows to be, or suspects is, affected with or exposed to hog cholera, whenever the department finds such destruction to be necessary to prevent or reduce the danger of the spread of hog cholera. Disposal of condemned swine shall be under the supervision of a regulatory employee. Salvage of apparently healthy marketable swine is permissible as a minimum provision and may be discontinued in favor of total herd disposition with indemnification as necessary and without such salvage in any case or at any time when it is determined by the department and the United States department of agriculture that the procedure would constitute an undue threat to the eradication program. Before being condemned and ordered to be destroyed, a positive diagnosis of hog cholera affecting the herd must be confirmed by a state or federal laboratory or personnel approved by the department and the United States department of agriculture.

[C66, 71, 73, 75, 77, 79, 81, §166B.3]

166B.4 Institution of indemnification.

It is hereby recognized and declared that indemnification for destruction of swine infected with or exposed to hog cholera is an expression of the public policy of this state but employed only in the final stages of eradication of the disease, or as a means of preventing or minimizing its recurrence. The department of agriculture and land stewardship shall not therefore institute an initial program of indemnification pursuant to the chapter until it is mutually agreed between the state department of agriculture and land stewardship and the United States department of agriculture that such action is necessary in order to carry out the hog-cholera eradication program.

[C66, 71, 73, 75, 77, 79, 81, §166B.4]

166B.5 Co-operation with United States.

[C66, 71, 73, 75, 77, 79, 81, §166B.5]

166D.5 Administration of program areas.

Once a program has been designated, an owner of an infected herd must, within thirty days after notification, adopt a herd cleanup plan or a feeder pig cooperator herd cleanup plan, as provided in section 166D.8. An infected herd which is not subject to a cleanup plan or a feeder pig cooperator herd cleanup plan is a quarantined herd.

1. When the department determines that a majority of herds within a program area have been tested the following shall apply:

a. The department shall require that all herds within the program area be tested within twelve months.

b. All herds not tested within twelve months shall only be moved directly to slaughter or to an approved premise as swine reacting positively to the test. The movement shall require notification of the department at least twenty-four hours before the movement by permit completed at the owner's expense.

c. Swine moving within or into the program area shall be reported to the department and identified by the herd of origin within ten days of movement. Swine moving into a program area may be inspected by the department within fifteen days of movement.

d. An owner of a quarantined herd has thirty days after the department's determination to petition the department for adoption of a herd cleanup plan or a feeder pig cooperator herd plan.

2. When the department determines that a majority of herds within a program area have been tested and a majority of herds reveal a noninfection rate of ninety percent or greater, the following shall apply:

a. A vaccine other than a differentiable vaccine shall not be used.

b. A concentration point within the program area may market all classes of swine. Swine taken to a concentration point must be held there until transfer. However, untested, known infected, or exposed swine shall be transferred from the concentration point within three days only to persons moving the swine outside the program area.

c. Only noninfected herd swine may move into the program area.

d. Swine herds within the area must be a qualified negative herd, a monitored herd, a qualified differentiable negative herd, or must be involved in a herd cleanup plan or feeder pig cooperator herd plan.

e. An approved premises inside the program area shall not be reapproved upon its annual renewal date.

f. At the commencement of the program and at intervals during the course of the program, the owner of a feeder pig cooperator herd may, according to rules adopted by the department, receive new swine from noninfected herds.

3. The cost, or any segment of the cost, of the program, testing, and vaccination may be paid for by federal or state funds or a combination of both. Federal or state funds shall not be paid to the owner of a vaccinated herd in a program area other than the owner of a herd using a differentiable vaccine. If federal or state funds are not available, producers may continue the program at their own expense under departmental supervision.

4. An additional program area shall not be established if funds sufficient for administration of the program within the area are not available. Program funds shall not be spent outside a program area, unless recommended by the advisory committee and approved by the department. However, this subsection does not apply to expenditures of funds for statewide surveillance or for enforcement of this chapter.

5. Upon the recommendation of the advisory committee, the department shall implement pilot projects to assist in the eventual eradication of pseudorabies or to lead to the designation of a program area.

166D.6 Reporting of test results.

All tests under this chapter must be taken by a test administered by a licensed veterinarian. Test samples are to be collected by or under the direction of the department and a licensed veterinarian. If the test is determined by a laboratory located outside the state of Iowa, the person whose animal has been tested shall be responsible for assuring that the result is reported to the department within fourteen days following completion of the test. Swine sampled shall be identified with a numbered metal ear tag. The department shall make the ear tags available. Ear notches or other numbered identification methods approved by the department may be used at the herd owner's expense.

Test results shall be reported on forms prescribed by the department signed by the veterinarian and transmitted to the department within fourteen days following completion of the tests. Copies shall be made available to the attending veterinarian. Upon receipt, the attending veterinarian shall provide copies to the herd owner.

89 Acts, ch 280, §6

In administering the pseudorabies eradication program, the department shall regulate noninfected herds as follows:

1. A qualified negative herd must be certified, recertified, and maintained as follows:

a. The herd shall be certified when all breeding swine have reacted negatively to a test. The herd must have been free from infection for thirty days prior to testing. At least ninety percent of swine in the herd must have been on the premises as a part of the herd for at least sixty days prior to testing, or swine in the herd must have been moved directly from another qualified negative herd. To remain certified, the herd must be retested and recertified as provided by the department. The herd shall be recertified when either of the following occurs:

(1) Each eighty to one hundred five days at least twenty-five percent of the herd's breeding swine react negatively to a test.

(2) Each month at least ten percent of the herd's breeding swine react negatively to a test.

b. Before being added to the herd new swine including swine returning to the herd after contact with nonherd swine, shall be isolated until the new swine react negatively to a test conducted thirty days or more after the swine has been placed in isolation. Swine from a herd of unknown status must react negatively to a test not more than thirty days prior to movement from the herd of unknown status and retested in isolation at least thirty days after movement onto the premises where the qualified negative herd is located.

c. Swine from another qualified negative herd may be added without isolation or testing.

d. The owner shall make a request to the department for approval or reapproval of a qualified negative herd when the required tests are completed. Upon satisfactory proof that all requirements have been met, the herd shall be recertified by the department.

2. A controlled vaccinated herd shall be recognized as a noninfected herd until July 1, 1991. A controlled vaccinated herd shall be initially certified, recertified, and maintained as follows:

a. The herd shall be certified when all breeding swine react negatively to a test and are vaccinated with a licensed pseudorabies vaccine within fifteen days after the test. At least ninety percent of the swine in the herd must have been on the premises as part of the herd for at least sixty days prior to testing, or swine in the controlled vaccinated herd must have been directly moved from a qualified negative herd.

b. To remain certified the herd must be retested and recertified as provided by the department each three months. The herd shall be recertified after the number of the herd's progeny over four months of age equal to at least twenty-five percent of the breeding herd react negatively to the test every eighty to one hundred five days.

c. Before being added to the herd new swine must react negatively within thirty days prior to movement, and be vaccinated with a licensed pseudorabies vaccine within fifteen days after the test. The new swine must be added to the herd within thirty days after the test.

3. A monitored herd shall be initially certified, recertified, and maintained as follows:

a. The herd shall be certified when a statistical sampling of the herd is determined to be noninfected.

b. To remain certified the herd must be retested and recertified as provided by the department. The herd must be recertified annually. The herd shall be recertified when a statistical sampling of the herd is determined to be noninfected within twelve months from initial certification or the most recent recertification.

c. A monitored herd may receive new swine into the herd from a noninfected herd.

169.13 Discipline of licensees.

The board of veterinary medicine, after due notice and hearing, may revoke or suspend a license to practice veterinary medicine if it determines that a veterinarian licensed to practice veterinary medicine is guilty of any of the following acts or offenses:

1. Knowingly making misleading, deceptive, untrue, or fraudulent representation in the practice of the profession.

2. Being convicted of a felony in the courts of this state or another state, territory, or country. Conviction as used in this paragraph includes a conviction of an offense which if committed in this state would be deemed a felony without regard to its designation elsewhere, or a criminal proceeding in which a finding or verdict of guilt is made or returned, but the adjudication or guilt is either withheld or not entered. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state is conclusive evidence.

3. Violating a statute or law of this state, another state, or the United States, without regard to its designation as either felony or misdemeanor, which statute or law relates to the practice of veterinary medicine.

4. Having the person's license to practice veterinary medicine revoked or suspended, or having other disciplinary action taken by a licensing authority of another state, territory, or country. A certified copy of the record or order of suspension, revocation, or disciplinary action is conclusive or prima facie evidence.

5. Knowingly aiding, assisting, procuring, or advising a person to unlawfully practice veterinary medicine.

6. Being adjudged mentally incompetent by a court of competent jurisdiction. The adjudication shall automatically suspend a license for the duration of the license unless the board orders otherwise.

7. Being guilty of a willful or repeated departure from, or the failure to conform to, the minimal standard of acceptable and prevailing practice of veterinary medicine as defined in rules adopted by the board, in which proceeding actual injury to an animal need not be established; or the committing by a veterinarian of an act contrary to honesty, justice, or good morals, whether the act is committed in the course of the practice or otherwise, and whether committed within or without this state.

8. Inability to practice veterinary medicine with reasonable skill and safety by reason of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or other type of material or as a result of a mental or physical condition. The board, upon probable cause, may compel a veterinarian to submit to a mental or physical examination by designated physicians. Failure of a veterinarian to submit to an examination constitutes an admission to the allega-

tions made against that veterinarian and the finding of fact and decision of the board may be entered without the taking of testimony or presentation of evidence. At reasonable intervals, a veterinarian shall be afforded an opportunity to demonstrate that the veterinarian can resume the competent practice of veterinary medicine with reasonable skill and safety to animals.

A person licensed to practice veterinary medicine who makes application for the renewal of the person's license as required by section 169.12 gives consent to submit to a mental or physical examination as provided by this paragraph when directed in writing by the board. All objections shall be waived as to the admissibility of the examining physician's testimony or examination reports on the grounds that they constitute privileged communication. The medical testimony or examination reports shall not be used against a veterinarian in another proceeding and are confidential except for other actions filed against a veterinarian to revoke or suspend that person's license.

9. Willful or repeated violation of lawful rules adopted by the board or violation of a lawful order of the board, previously entered by the board in a disciplinary hearing.

[S13, §2538-e; C24, 27, 31, 35, 39, §**2799**; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, §169.36; C79, 81, §169.13]

169.14 Procedure for suspension or revocation.

A proceeding for the revocation or suspension of a license to practice veterinary medicine or to discipline a person licensed to practice veterinary medicine shall be substantially in accord with the following:

1. The board, upon its own motion or upon a verified complaint in writing, may request the department of inspections and appeals to conduct an investigation of the charges contained in the complaint. The department of inspections and appeals shall report its findings to the board, and the board may issue an order fixing the time and place for hearing if a hearing is deemed warranted. A written notice of the time and place of the hearing, together with a statement of the charges, shall be served upon the licensee at least ten days before the hearing in the manner required for the service of notice of the commencement of an ordinary action.

2. If the licensee has left the state, the notice and statement of the charges shall be so served at least twenty days before the date of the hearing, wherever the licensee may be found. If the whereabouts of the licensee is unknown, service may be had by publication as provided in the rules of civil procedure upon filing the affidavit required by those rules. If the licensee fails to appear either in person or by counsel at the time and place designated in the notice, the board shall proceed with the hearing.

3. The hearing shall be before a member or members designated by the board or before an administrative law judge appointed by the board. The presiding board member or administrative law judge may issue subpoenas, administer oaths, and take or cause depositions to be taken in connection with the hearing. The member or officer shall issue subpoenas at the request and on behalf of the licensee.

8. Judicial review of the board's action may be sought in accordance with chapter 17A.

9. The filing of a petition for review does not in itself stay execution or enforcement of board action. Upon application, the board or the review court, in appropriate cases, may order a stay pending the outcome of the review proceedings.

No license shall be issued by the secretary to a dealer or broker until the applicant has furnished proof of financial responsibility as provided in this section. The proof may be in the following forms:

1. A bond of a surety company authorized to do business in the state of Iowa in the form prescribed by and to the satisfaction of the secretary, conditioned for the payment of a judgment against the applicant furnishing the bond because of nonpayment of obligations in connection with the purchase of animals.

a. The amount of bond for an established dealer or broker who does not maintain a business location in this state shall be not less than the nearest multiple of five thousand dollars above twice the average

daily value of purchases of livestock originating in this state, handled by such applicant during the preceding twelve months or such parts thereof as the applicant was purchasing livestock. The bond of a person who does not maintain a business location in this state shall be conditioned for the payment only of those claims which arise from purchases of livestock originating in this state.

b. The amount of bond for an established dealer or broker who maintains one or more business locations in this state shall be not less than the nearest multiple of five thousand dollars above twice the average daily value of purchases of livestock originating in this state handled by the applicant during the preceding twelve months or such parts thereof as the applicant was purchasing livestock. The bond of a person who maintains one or more business locations in this state shall be conditioned for the payment only of those claims which arise from purchases of livestock originating in this state.

c. If a new dealer or broker not previously covered by this chapter applies for a license, the amount of bond shall be based on twice the estimated average daily value of purchases of livestock originating in this state.

d. For the purpose of computing average daily value, two hundred sixty is deemed the number of business days in a year.

e. Whenever a dealer or broker's weekly purchases exceed one hundred fifty percent of the dealer's or broker's average weekly volume, the department shall require additional bond in an amount determined by the department.

f. The licensee and surety of the bond shall be held and firmly bound unto the secretary as trustee for all persons who may be damaged because of nonpayment of obligations in connection with the purchase of animals originating in this state. Any person damaged because of such nonpayment may maintain suit in the person's own behalf to recover on the bond, even though not named as a party to the bond.

g. For purposes of subsection 1, "purchases of livestock originating in this state" shall not include purchases by dealers or brokers from their subsidiaries.

2. A bond equivalent may be filed in lieu of a bond. The bond equivalent shall be in the form of a trust agreement and the fund of the trust shall be in the form of fully negotiable obligations of the United States or certificates of deposit insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation.

The trust agreement shall be in the form prescribed by the secretary and executed to the satisfaction of the secretary. The trustee of the trust agreement shall be an institution located in this state in which the funds are invested or deposited.

The trust agreement shall provide as beneficiary, the secretary for the benefit of those persons damaged because of nonpayment of obligations in connection with the purchase of animals originating in this state. The fund in trust shall be an amount calculated in the exact manner as provided in subsection 1. The fund in trust shall not be subject to attachment for any other claim, or to levy of execution upon a judgment based on any other claim.

3. Any person damaged by nonpayment of obligations or by any misrepresentation or fraud on the part of a broker or dealer may maintain an action against the broker or dealer, and the sureties on the bonds or the trustee of a trust fund. The aggregate liability of the sureties or the trust for all such damage shall not exceed the amount of the bond or trust. In the event that the aggregate claims exceed the total amount of the bond or trust, the amount payable on account of any claim shall be in the same proportion to the amount of the bond or trust as the individual claim bears to the aggregate claims.

Unless the person damaged files claim with the dealer or broker, and with the sureties or trustee, and with the department within ninety days after the date of the transaction on which the claim is based, the claimant shall be barred from maintaining an action on the bond or trust and from receiving any proceeds from the bond or trust.

4. Whenever the secretary determines that the business volume of the applicant or licensee is such as to render the bond or trust inadequate, the amount of the bond or trust shall be, upon notice, adjusted.

5. All bonds and trust agreements shall contain a provision requiring that at least thirty days' prior notice in writing be given to the secretary by the party terminating the bond or trust agreement as a condition precedent to termination.

Whenever a bond or a trust agreement is to be terminated by a cancellation by the surety or trustee, the secretary shall cause to be published notices of the proposed cancellation not less than ten days prior to the date the cancellation is effective. The notices shall be published as follows:

a. In the Iowa administrative code.

b. In a newspaper of general circulation in the county in which the licensee maintains a business location, or if the licensee maintains no business location in this state, then in the county where the licensee transacts a substantial part of the licensee's business.

c. By general news release to all news media. Failure by the secretary to cause the publication of notice as required by this paragraph shall not be deemed to prevent or delay the cancellation.

The termination of a bond or a trust agreement shall not release the parties from any liability arising out of the facts or transactions occurring prior to the termination date.

Trust funds shall not be withdrawn from trust by a licensee until the expiration of ninety days after the date of termination of the trust, and then only if no claims secured by the agreement have been filed with the secretary. If any claims have been filed with the secretary, the withdrawal of funds by the licensee shall not be permitted until the claims have been satisfied or released and evidence of the satisfaction or release filed with the secretary.

6. A person who is not a resident of this state and who either maintains no business location in this state or maintains one or more business locations in this state, and a person who is a resident of this state and who maintains more than one business location in this state, may submit a consolidated proof of financial responsibility. The consolidated proof of financial responsibility shall consist of a bond or a trust agreement meeting all of the requirements of this section, except that the calculation of the amount of the bond or the amount of the trust fund shall be based on the average daily value of all purchases of livestock originating in this state. A person who submits consolidated proof of financial responsibility shall maintain separate records for each business location, and shall maintain such other records respecting purchases of livestock as the secretary by rule shall prescribe.

If livestock is bought on a yield or grade and yield basis, a dealer or broker shall upon the express request in writing of the seller, transmit or deliver to the seller or the seller's duly authorized agent before the close of the next business day following such purchase or delivery, whichever is later, up to eighty percent of the estimated purchase price, and pay the remaining balance on the next business day following the determination of the purchase price.

For the purpose of this subsection, "wire transfer" means any telephonic, telegraphic, electronic, or similar communication between the bank of the purchaser and the bank of the seller which results in the transfer of funds or credits of the purchaser to an account of the seller.

Such actions may be heard on not less than five days notice to the person whose activities are sought to be enjoined. The failure to obtain a license when required, or the failure to maintain proof

2. *Execution of certificate.* If the person transporting livestock does not possess a completed transportation certificate, or if in the opinion of the officer the form possessed is improper, the officer may provide the person with a blank standard form, and may request that the person execute the form, including the person's signature. The person shall be permitted to view any documents in the person's possession for the purpose of completing the form. Except as provided in section 172B.4, the officer shall retain a copy of the certificate and shall give the person a receipt for that certificate.

4. *Arrest.* A detention for the purposes of subsections 1, 2 and 3 shall not constitute an arrest. If the law enforcement officer has probable cause to believe that the person transporting livestock has committed a public offense, the officer may place the person under arrest. The officer may require the person to move the vehicle to a place determined by the officer, or the officer may make other provisions for the vehicle and the livestock, as the officer shall determine. If the owner of the livestock is not available, the officer is authorized to incur reasonable expense for the care of the livestock which expense shall be charged to and paid by the owner of the livestock.

The provisions of section 174.1 as to ownership of property shall not apply to societies under this section.

However, in counties having more than one fair entitled to state aid, except in counties where there are two definitely separate county extension offices, the state aid available for the county shall be prorated to the fairs, which have been in existence for three years or more, on the basis of cash premiums paid by the fairs or, if an official county fair has been designated as provided in section 174.10, subsection 2, the state aid shall be paid to the official county fair.

The board of supervisors of the county in which a society is located may appropriate moneys to be

used for fitting up or purchasing fairgrounds for the society or for aiding 4-H club work and payment of agricultural and livestock premiums in connection with the fair, if the society owns or leases at least ten acres of land for the fairground and owns or leases buildings and improvements on the land of at least eight thousand dollars in value. A society may meet the requirement of owning or leasing land, buildings, and improvements through ownership by a joint entity under chapter 28E, of which the society is a part.

In addition, the net proceeds from the sale of fairground sites and structures on the sites shall be used for the erection of permanent buildings on a new fairground site or the cost of moving structures from the old to the new site.

The society may act as agent for the county in the erection of buildings, maintenance of grounds and buildings, or improvements constructed on the grounds. Title to new buildings or improvements shall be taken in the name of the county but the county is not liable for the improvements or expenditures for them.

175.3 Establishment of authority.

1. The agricultural development authority is established within the department of agriculture and land stewardship. The authority is constituted a public instrumentality and agency of the state exercising public and essential governmental functions. The authority is established to undertake programs which assist beginning farmers in purchasing agricultural land and agricultural improvements and depreciable agricultural property for the purpose of farming, and programs which provide financing to farmers for permanent soil and water conservation practices on agricultural land within the state or for the acquisition of conservation farm equipment, and programs to assist farmers within the state in financing operating expenses and cash flow requirements of farming. The authority shall also develop programs to assist qualified agricultural producers within the state with financing other capital requirements or operating expenses. The powers of the authority are vested in and exercised by a board of eleven members with nine members appointed by the governor subject to confirmation by the senate. The treasurer of state or the treasurer's designee and the secretary of agriculture or the secretary's designee are ex officio nonvoting members. No more than five appointed members shall belong to the same political party. As far as possible the governor shall include within the membership persons who represent financial institutions experienced in agricultural lending, the real estate sales industry, farmers, beginning farmers, average taxpayers, local government, soil and water conservation district officials, and other persons specially interested in family farm development.

2. The appointed members of the authority shall be appointed by the governor for terms of six years except that, of the first appointments, three members shall be appointed for terms of two years and three members shall be appointed for a term of four years. A person appointed to fill a vacancy shall serve only for the unexpired portion of the term. A member is eligible for reappointment. An appointed member of the authority may be removed from office by the governor for misfeasance, malfeasance or willful neglect of duty or other just cause, after notice and hearing, unless the notice and hearing is expressly waived in writing. An appointed member of the authority may also serve as a member of the Iowa finance authority.

3. Five voting members of the authority constitute a quorum and the affirmative vote of a majority of the voting members is necessary for any substantive action taken by the authority. The majority shall not include any member who has a conflict of

interest and a statement by a member that the member has a conflict of interest is conclusive for this purpose. A vacancy in the membership does not impair the right of a quorum to exercise all rights and perform all duties of the authority.

4. The appointed members of the authority are entitled to receive a per diem as specified in section 7E.6 for each day spent in performance of duties as members, and shall be reimbursed for all actual and necessary expenses incurred in the performance of duties as members.

5. The appointed members of the authority and the executive director shall give bond as required for public officers in chapter 64.

6. Meetings of the authority shall be held at the call of the chairperson or whenever two members so request.

7. The appointed members shall elect a chairperson and vice chairperson annually, and other officers as they determine, but the executive director shall serve as secretary to the authority.

8. The net earnings of the authority, beyond that necessary for retirement of its notes, bonds or other obligations or to implement the public purposes and programs authorized, shall not inure to the benefit of any person other than the state. Upon termination of the existence of the authority, title to all property owned by the authority including any net earnings shall vest in the state.

Subsection 4 amended

175.4 Legislative findings.

The general assembly finds and declares as follows:

1. The establishment of the authority is in all respects for the benefit of the people of the state of Iowa, for the improvement of their health and welfare and for the promotion of the economy, which are public purposes.

2. The authority will be performing an essential governmental function in the exercise of the powers and duties conferred upon it by this chapter.

3. There exists a serious problem in this state regarding the ability of nonestablished farmers to acquire agricultural land and agricultural improvements and depreciable agricultural property in order to enter farming.

4. This barrier to entry into farming is conducive to consolidation of acreage of agricultural land with fewer individuals resulting in a grave threat to the traditional family farm.

5. These conditions result in a loss in population, unemployment and a movement of persons from rural communities to urban areas accompanied by added costs to communities for creation of new public facilities and services.

6. One major cause of this condition has been recurrent shortages of funds in private channels and the high interest cost of borrowing.

7. These shortages and costs have made the sale and purchase of agricultural land to beginning farmers a virtual impossibility in many parts of the state.

8. The ordinary operations of private enterprise have not in the past corrected these conditions.

9. A stable supply of adequate funds for agricultural financing is required to encourage beginning farmers in an orderly and sustained manner and to reduce the problems described in this section.

10. Article IX, section 3, of the Constitution of the State of Iowa requires that, "The General Assembly shall encourage, by all suitable means, the promotion of intellectual, scientific, moral, and agricultural improvement," and agricultural improvement and the public good are served by a policy of facilitating access to capital by beginning farmers unable to obtain capital elsewhere in order to preserve, encourage and protect the family farm which has been the economic, political and social backbone of rural Iowa.

11. It is necessary to create an agricultural development authority to encourage ownership of farms by beginning farmers by providing purchase money loans to beginning farmers who are not able to obtain adequate capital elsewhere to provide such funds and to lower costs through the use of public financing.

12. All of the purposes stated in this section are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned or granted.

13. The erosion of topsoil on agricultural land by wind and water is a serious problem within the state and one which threatens to destroy the natural resource most responsible for Iowa's prosperity.

14. It is necessary to the preservation of the economy and well-being of the state to encourage soil conservation practices by providing loans for permanent soil and water conservation practices on agricultural land within the state and for the acquisition of conservation farm equipment.

15. There exists a serious problem in this state regarding the ability of farmers to obtain affordable operating loans for reasonable and necessary expenses and cash flow requirements of farming.

16. Farming is one of the principal pursuits of the inhabitants of this state. Many other industries and pursuits, in turn, are wholly dependent upon farming.

17. The inability of farmers to obtain affordable operating loans is conducive to a general decline of the economy in this state.

18. It is necessary to establish an agricultural loan assistance program in this state to assist farmers in obtaining adequate financing at affordable rates for operating expenses and thereby assist in the stabilization of the economic condition of this state.

19. A serious problem continues to exist in this state regarding the ability of agricultural producers to obtain, retain, restructure, or service loans or other financing on a reasonable and affordable basis for operating expenses, cash flow requirements, and capital asset acquisition or maintenance.

20. Because the Iowa economy is dependent upon the production and marketing of agricultural produce, the inability of agricultural producers to obtain, retain, restructure, or service loans or other financing on a reasonable and an affordable basis for operating expenses, cash flow requirements, or capital asset acquisition or maintenance contributes to a general decline of the state's economy.

21. The decline in the number of beef cattle production operations is a serious problem within the state, resulting in the conversion of land used for pasture to row crop production, which threatens to destroy a significant part of Iowa's agricultural base and damage the economic viability of the state.

22. It is necessary to create a program in this state to assist agricultural producers who have established or intend to establish beef cattle production operations, to obtain adequate financing, and management assistance and training, and to convert land used for row crop production to pasture.

175.5 Guiding principles.

In the performance of its duties, implementation of its powers, selection of specific programs and projects to receive its assistance, the authority shall be guided by the following principles:

1. The authority shall not become an owner of real or depreciable property, except on a temporary basis where necessary in order to implement its programs, to protect its investments by means of foreclosure or other means, or to facilitate transfer of real or depreciable property for the use of beginning farmers.

2. The authority shall exercise diligence and care in selection of projects to receive its assistance and shall apply customary and acceptable business and lending standards in selection and subsequent implementation of the projects. The authority may delegate primary responsibility for determination and implementation of the projects to any federal governmental agency which assumes any obligation to repay the loan, either directly or by insurance or guarantee.

3. The authority shall establish a beginning farmer loan program to aid beginning farmers in the acquisition of agricultural land and improvements and depreciable agricultural property.

The authority shall cause to be delivered to the legislative fiscal committee within ninety days of the close of its fiscal year its annual report certified by an independent certified public accountant, who may be the accountant or a member of the firm of accountants who regularly audits the books and accounts of the authority selected by the authority. In the event that the principal amount of any bonds or notes deposited in a bond reserve fund is withdrawn for payment of principal or interest thereby reducing the amount of that fund to less than the bond reserve fund requirement, the authority shall immediately notify the general assembly of this event and shall take steps to restore the fund to its bond reserve fund requirement from any amounts available, other than principal of a bond issue, which are not pledged to the payment of other bonds or notes.

175A.1 Legislative findings — purpose.

The general assembly finds and declares as follows:

1. The establishment of the authority is in all respects for the benefit of the people of the state of Iowa, for the improvement of their health and welfare and for the promotion of the economy, which are public purposes.

2. The authority will be performing an essential governmental function in the exercise of the powers and duties conferred upon it by this chapter.

3. There exists a serious problem in this state regarding the ability of farmers and small businesses to obtain adequate affordable operating loans and to service the debt on existing operating, machinery, and land loans.

4. Farming and the operation of small regionally owned businesses are principal pursuits of the inhabitants of this state. Many other industries and pursuits are wholly dependent upon farming and small business.

5. The inability of farmers and small businesses to obtain adequate affordable operating loans and to service the debt on existing operating, machinery, and land loans is conducive to economic decline and poverty and impairs the economic value of vast areas of the state, which are characterized by depreciated property values, impaired investments, and reduced capacity to pay taxes.

6. These conditions result in a loss of population and further economic deterioration, accompanied by added costs to communities for creation of new public facilities and services.

7. A major cause of the unavailability of adequate affordable operating loans and the inability to service the debt on existing operating, machinery, and land loans is the unstable economic condition of the state, due in part to unanticipated high interest rates.

8. A stable economic condition is necessary to encourage and facilitate the availability of adequate affordable operating loans and to enable farmers and small businesses to service the debt on existing operating, machinery, and land loans, and it is necessary to create a state economic protective and investment authority to administer programs to stabilize the economic condition.

9. The public purpose of this chapter is to maximize the economic potential of the state and to thereby stabilize the economic condition of the state.

175A.3 Establishment of authority.

1. The Iowa economic protective and investment authority is established and constituted a public instrumentality and agency of the state exercising public and essential governmental functions. The authority is established to undertake programs which provide assistance for farming and for small businesses, and other programs the authority deems necessary to carry out the purpose identified in section 175A.1. The powers of the authority are vested in and exercised by a board of five members appointed by a committee composed of the majority and minority floor leaders of the senate, the speaker of the house of representatives, and the minority floor leader of the house of representatives. No more than three members appointed pursuant to this subsection shall belong to the same political party. As far as possible the board shall include within the membership persons who represent lending institutions experienced in agricultural or small business lending, agricultural suppliers, farmers, operators of small businesses, average citizens, and other persons specially interested in the availability of funds for farm operating loans.
2. The members of the authority appointed pursuant to subsection 1 shall serve terms of three years, except that, of first appointments, one member shall be appointed for a term of one year and two members shall be appointed for terms of two years. A person appointed to fill a vacancy shall serve only for the unexpired portion of the term. A member is eligible for reappointment. A member of the authority appointed pursuant to subsection 1 may be removed from office by the committee for misfeasance, malfeasance, willful neglect of duty, or other just cause after notice and hearing, unless the notice and hearing is expressly waived in writing. A member of the authority appointed pursuant to subsection 1 may also serve as a member of the Iowa family farm development authority.
3. Three members of the authority constitute a quorum and the affirmative vote of a majority of the members of the authority is necessary for substantive action to be taken by the authority. The majority shall not include a member who has a conflict of interest and a statement by a member of a conflict of interest is conclusive for this purpose. A vacancy in the membership does not impair the right of a quorum to exercise all rights and perform all duties of the authority.
4. The members of the authority appointed pursuant to subsection 1 are entitled to receive a per diem as specified in section 7E.6 for each day spent in performance of duties as members, and shall be reimbursed for all actual and necessary expenses incurred in the performance of duties as members.
5. The members of the authority appointed pursuant to subsection 1 and the executive director shall give bond as required for public officers in chapter 64.
6. Meetings of the authority shall be held at the call of the chairperson or when two members so request.
7. The members appointed pursuant to subsection 1 shall elect a chairperson and vice chairperson annually, and other officers as they determine, but the executive director, appointed pursuant to section 175A.5, is a nonvoting ex officio member of the board and shall serve as secretary to the authority.
8. The net earnings of the authority, beyond those necessary for retirement of its notes, bonds or other obligations, or to implement the authorized public purposes and programs, shall not inure to the benefit of any person other than the state. Upon termination of the existence of the authority, title to all property owned by the authority, including any such net earnings of the authority, shall vest in the state.

The term shall begin and end as provided in section 69.19. The executive director shall be selected primarily for administrative ability and knowledge in the field, without regard to political affiliation. The executive director shall not, directly or indirectly, exert influence to induce other officers or employees of the state to adopt a political view, or to favor a political candidate for office.

2. The executive director is a nonvoting ex officio member of the board, and shall advise the authority on matters relating to finance, carry out all directives from the authority, and hire and supervise the authority's staff pursuant to its directions and under the merit system provisions of chapter 19A, except that principal administrative assistants with responsibilities in operating loan programs, accounting, and processing of applications for interest reduction are exempt from the merit system.

175A.8 Operating assistance program.

1. The authority shall establish and develop an operating assistance program to facilitate the availability of affordable operating capital to as many farmers and small businesses as possible by providing grants to lending institutions as provided in this section.

2. Lending institutions shall make available to borrowers a lender-borrower eligibility application form prepared by the authority for the operating assistance program. Application to the authority for assistance under this section shall be executed jointly by the lending institution and the borrower upon an approved form.

3. The authority shall provide in the operating assistance program that the grant will be provided in conjunction with a borrower's operating loan only if the following criteria are satisfied as evidenced on a lender-borrower eligibility application:

a. The borrower is a resident of the state.

b. The farming operation or small business for which the borrower seeks the operating assistance is located in the state.

c. The operating loan, if a new loan, will be used, and if an existing loan, was used by the borrower for the reasonably necessary expenses and cash flow requirements of farming or of the operation of a small business.

d. The borrower has made full disclosure of the borrower's finances to the lending institution.

e. Requirements prescribed by the authority by rule, which may include but are not limited to participation in federal crop insurance programs, where available, a consideration of the borrower's agreement to maintain farm management techniques and standards established by the authority, participation in federal farm programs, where applicable, and the maximized use of available loan guarantees including small business administration programs, where applicable.

4. The authority shall provide in the operating assistance program that the authority may, upon approval by the board of an application, enter into an agreement with the lending institution in which the lending institution shall agree to reduce for one year the interest rate on the borrower's operating loan, whether the loan is a new loan or is an existing and unpaid loan, to a rate at least five percent below the base rate, which is the maximum lawful rate of interest as determined by the superintendent of banking pursuant to section 535.2 for the calendar month in which the application was approved by the authority. However, the authority may lower the base rate if necessary to accommodate regional financial conditions. The authority shall agree to give to each lending institution which has agreed with the authority to the interest reduction a grant in the amount, as determined by the authority, necessary to reimburse the lending institution for the reduction of the interest rate on the borrower's operating loan by two percent for the term of the loan or for one year, whichever is less. The grant shall be paid to the lending institution within sixty days after the date the application is approved.

5. The authority shall require each lending institution to which the authority has approved an application for a grant on an operating loan to submit to the authority evidence satisfactory to the authority of a reduction in the interest rate as required by an agreement pursuant to subsection 4, and in that connection, the board members, employees or agents of the authority may inspect the books and records of a lending institution.

6. Compliance by a lending institution with the terms of an agreement with the authority pursuant to subsection 4 may be enforced by decree of a district court of this state. The authority may require, as a condition of a payment to a national banking association or a federally chartered savings and loan association or savings bank on an operating loan, the consent of the association to the jurisdiction of courts of this state over an enforcement proceeding. The authority may also require, as a condition for approval of an application for a grant to a lending institution on an operating loan, that the lending institution agree to the payment of penalties to the authority for violation by the lending institution of its agreement with the authority pursuant to subsection 4, and the penalties are recoverable at the suit of the authority.

7. If a lending institution refuses a borrower's request to apply for an operating assistance grant under this section, the borrower may provide the authority with a written statement regarding the lending institution's refusal. A borrower who has provided the authority with a written statement may be provided with an opportunity for a hearing on the refusal before the board or persons designated by the authority. The procedure established in this subsection is not a contested case under chapter 17A.

8. Funds allocated by the authority for the operating assistance program which have not been committed for grants for interest rate reduction on operating loans by the end of the fiscal year, may be used for other economic assistance programs, as provided by the authority by rule, for farming or small businesses. However, applications for grants for interest rate reduction on operating loans made after the close of the fiscal year are given first priority in the use of the uncommitted funds.

85 Acts, ch 252, §9

175A.9 Obligations issued by the authority.

1. The authority may issue its negotiable obligations in principal amounts as, in the opinion of the authority, are necessary to provide sufficient funds for achievement of its corporate purposes, the payment of interest on its obligations, the establishment of reserves to secure its obligations, and all other expenditures of the authority incident to and necessary or convenient to carry out its purposes and powers. The obligations shall be deemed to be investment securities and negotiable instruments within the meaning of and for all purposes of chapter 554, the uniform commercial code.

3. Obligations must be authorized by a resolution of the authority. However, a resolution authorizing the issuance of obligations may delegate to an officer of the authority the power to negotiate and fix the details of an issue of bonds or notes by an appropriate certificate of the authorized officer.

4. Obligations shall:

a. State the date and series of the issue, be consecutively numbered, and state on their face that they are payable both as to principal and interest solely out of the assets of the authority and do not constitute an indebtedness of this state or any political subdivision of this state other than the authority within the meaning of any constitutional or statutory debt limit.

b. Be registered, issued in denominations as the authority prescribes, fully negotiable instruments under the laws of this state, signed on behalf of the authority with the manual or facsimile signature of the chairperson or vice chairperson, attested by the manual or facsimile signature of the secretary, have impressed or imprinted on the obligations the seal of the authority or a facsimile of it, be payable as to interest at rates and at times as the authority determines, be payable as to principal at times over a period not to exceed thirty years from the date of issuance, at places, and with reserved rights of prior redemption, as the authority prescribes, be sold at prices, at public or private sale, and in a manner as the authority prescribes, and the authority may pay all expenses, premiums and commissions which it deems necessary or advantageous in connection with the issuance and sale, and be issued under and subject to the terms, conditions and covenants providing for the payment of the principal, redemption premiums, if any, interest and other terms, conditions, covenants and protective provisions safeguarding payment, not inconsistent with this chapter, as are found to be necessary by the authority for the most advantageous sale, which may include, but are not limited to, covenants with the holders of the obligations as to:

(5) Limitations on the issuance of additional obligations and on the refunding of outstanding or other obligations.

(6) The procedure by which the terms of a contract with the holders of obligations may be amended or abrogated, the amount of obligations the holders of which must consent to the contract, and the manner in which consent may be given.

(7) The creation of special funds into which moneys of the authority may be deposited.

(8) Vesting in a trustee properties, rights, powers and duties in trust as the authority determines, which may include the rights, powers and duties of the trustee appointed for the holders of any issue of obligations pursuant to section 175A.10, in which event the provisions of that section authorizing appointment of a trustee by the holders of obligations shall not apply, or limiting or abrogating the right of the holders of obligations to appoint a trustee under that section, or limiting the rights, duties and powers of the trustee.

(9) Defining the acts or omissions which constitute a default in the obligations and duties of the authority and providing for the rights and remedies of the holders of obligations in the event of a default. However, rights and remedies shall be consistent with the laws of this state.

c. Include other information and be subject to other terms and conditions as the authority deems necessary and provides by rule.

5. The authority may issue its obligations for the purpose of refunding any obligations of the authority then outstanding, including the payment of any redemption premiums on the obligations and any interest accrued or to accrue to the date of redemption of the outstanding obligations. Until the proceeds of

obligations issued for the purpose of refunding outstanding obligations are applied to the purchase or retirement of outstanding obligations or the redemption of outstanding obligations, the proceeds may be placed in escrow and be invested and reinvested in accordance with this chapter. The interest, income and profits earned or realized on an investment may also be applied to the payment of the outstanding obligations to be refunded by purchase, retirement or redemption. After the terms of the escrow have been fully satisfied and carried out, any balance of proceeds and interest earned or realized on the investments may be returned to the authority for use by it in any lawful manner. All refunding obligations shall be issued and secured and subject to the provisions of this chapter in the same manner and to the same extent as other obligations issued pursuant to this chapter.

6. The authority may issue negotiable obligation anticipation notes and may renew them from time to time but the maximum maturity of the notes, including renewals, shall not exceed ten years from the date of issue of the original notes. Notes are payable from any available moneys of the authority not otherwise pledged, or from the proceeds of the sale of obligations of the authority in anticipation of which the notes were issued. Notes may be issued for any corporate purpose of the authority. Notes shall be issued in the same manner as other obligations, and the resolution authorizing them may contain any provisions, conditions or limitations, not inconsistent with the provisions of this subsection, which the obligation or a resolution of the authority may contain. Notes may be sold at public or private sale. In case of default on its notes or violation of any obligations of the authority to the noteholders, the noteholders shall have all the remedies provided in this chapter for holders of its obligations. Notes shall be as fully negotiable as other obligations of the authority.

7. A copy of each pledge agreement by or to the authority, including without limitation each obligation resolution, indenture of trust or similar agreement, or any revisions or supplements to it shall be filed with the secretary of state and no further filing or other action under sections 554.9101 to 554.9507, article 9 of the uniform commercial code, or any other law of the state shall be required to perfect the security interest in the collateral or any additions to it or substitutions for it, and the lien and trust so created shall be binding from and after the time made against all parties having claims of any kind in tort, contract, or otherwise against the pledgor.

8. Neither the members of the authority nor any person executing its obligations are liable personally on the obligations or are subject to any personal liability or accountability by reason of the issuance of the authority's obligations.

The authority may create and establish one or more special funds, to be known as "reserve funds", and shall pay into each reserve fund any proceeds of sale of obligations to the extent provided in the resolutions of the authority authorizing their issuance, and any other moneys which may be available to the authority for the purpose of the fund from any other sources. All moneys held in a reserve fund, except as otherwise provided in this chapter, shall be used as required solely for the payment of the principal of obligations secured in whole or in part by the fund or of the sinking fund payments with respect to the obligations, the purchase or redemption of the obligations, the payment of interest on the obligations or the payments of any redemption premium required to be paid when the obligations are redeemed prior to maturity.

85 Acts, ch 252, §10

175A.10 Remedies of holders of obligations.

1. If the authority defaults in the payment of principal or interest on an issue of obligations after they become due, whether at maturity or upon call for redemption, and the default continues for a period of thirty days, or if the authority fails or refuses to comply with this chapter, or defaults in an agreement made with the holders of an issue of obligations, the holders of twenty-five percent in aggregate principal amount of obligations of the issue then outstanding may appoint a trustee to represent the holders of the obligations for the purposes provided in this section by filing an instrument in the office of the clerk of the county in which the principal office of the authority is located. The instrument shall be proved or acknowledged in the same manner as a deed to be recorded.

176B.1 Purpose.

It is the intent of the general assembly and the policy of this state to provide for the orderly use and development of land and related natural resources in Iowa for residential, commercial, industrial, and recreational purposes, preserve private property rights, protect natural and historic resources and fragile ecosystems of this state including forests, wetlands, rivers, streams, lakes and their shorelines, aquifers, prairies, and recreational areas to promote the efficient use and conservation of energy resources, to promote the creation and maintenance of wildlife habitat, to consider the protection of soil from wind and water erosion and preserve the availability and use of agricultural land for agricultural production, through processes that emphasize the participation of citizens and local governments.

The general assembly recognizes the importance of preserving the state's finite supply of agricultural land. Conversion of farmland to urban development, and other nonfarm uses, reduces future food production capabilities and may ultimately undermine agriculture as a major economic activity in Iowa.

It is the intent of the general assembly to provide local citizens and local governments the means by which agricultural land may be protected from nonagricultural development pressures. This may be accomplished by the creation of county land preservation and use plans and policies, adoption of an agricultural land preservation ordinance, or establishment of agricultural areas in which substantial agricultural activities are encouraged, so that land inside these areas or subject to those ordinances is conserved for the production of food, fiber, and livestock, thus assuring the preservation of agriculture as a major factor in the economy of this state.

179.2 Commission created — suspension during national order — reactivation.

1. There is created an Iowa dairy industry commission, referred to in this chapter as the commission. The commission shall be composed of the secretary of agriculture or the secretary's designee, the dean of agriculture at Iowa state university of science and technology or the dean's designee, and sixteen members appointed by the secretary of agriculture as provided in this section.
2. Commissioners shall serve until their succes-

sors are duly appointed and qualify. Vacancies occurring in the membership of the commission resulting from death, inability or refusal to serve, or failure to meet the definition of a producer, shall be filled within three months of the time the vacancy occurs in the manner provided by the commission. Vacancy appointments shall be only for the remainder of the unexpired term. A commissioner shall not serve more than two consecutive full terms.

3. Appointive members of the commission shall receive forty dollars for each day spent on official business of the commission, not to exceed six hundred dollars per annum, and their actual necessary expenses, while engaged in commission activity.

4. When a national promotional order is established by the United States department of agriculture pursuant to the Dairy Product Stabilization Act of 1983, collection of the excise tax in section 179.5 shall be suspended for the period in which the national order is in effect. The commission shall continue to operate thereafter for only the period of time necessary to pay refunds and disburse the funds remaining in the dairy industry fund for the purposes enumerated in this chapter. Upon completion of these acts, the existence of the Iowa dairy industry commission shall be suspended. The secretary of agriculture shall certify the suspension of the commission as of a date certain to the Iowa dairy industry commission and the Iowa state dairy association. When the existence of the commission is suspended, the terms of office being served by individual commissioners shall terminate.

5. When the national promotional order expires, the period of suspension of the excise tax in section 179.5 shall terminate and the secretary of agriculture shall take the steps necessary to collect that excise tax and otherwise fulfill the duties of the commission, except that of expending funds collected under the excise tax, until those duties can be resumed by the reactivated commission. When the national promotional order expires, the period of suspension of the commission shall terminate. The secretary of agriculture shall call the first meeting of the reactivated commission. Upon reactivation, the commission shall reimburse the secretary of agriculture for expenses incurred in carrying out the duties provided in this subsection.

6. When the national dairy promotion program expires and the suspension of the Iowa dairy industry commission terminates pursuant to subsection 5, all first purchasers shall, in a manner designed to reflect their proportionate contributions to the national dairy promotion program in its most recently completed fiscal year, nominate two resident producers for each of the sixteen offices of the commission. The secretary of agriculture shall then appoint one nominee from each set of two nominees as commissioners of the reactivated Iowa dairy industry commission. The secretary of agriculture shall stagger the terms of the reactivated commission resulting in as nearly as possible one third of the commissioners serving for one year, one third of the commissioners serving for two years, and one third of the commissioners serving for three years. After the initial staggering of terms by the secretary, commissioners shall be appointed to three-year terms.

7. After the reactivated commission has been formed, nominations for commissioners shall be made by first purchasers in a manner designed to reflect their proportionate contributions to the Iowa dairy industry commission in its most recently completed fiscal year.

At a time designated by the commission within eighteen months after termination of the national promotional order made pursuant to the Dairy Product Stabilization Act of 1983, the commission shall conduct a referendum under administrative procedures prescribed by the department.

Upon signing a statement certifying to the department that the person is a bona fide producer as defined in this chapter, each producer is entitled to one vote in each referendum. When the secretary is required to determine the approval or disapproval of producers under this section, the secretary shall consider the approval or disapproval of a cooperative association of producers, engaged in a bona fide manner in marketing milk, as the approval or disapproval of the producers who are members of or contract with the cooperative association of producers. If a cooperative association elects to vote on behalf of its members, the cooperative association shall provide each producer on whose behalf the cooperative association is expressing approval or disapproval with a description of the question presented in the referendum together with a statement of the manner in which the cooperative association intends to cast its vote on behalf of the membership. The information shall inform the producer of procedures to follow to cast an individual ballot if the producer chooses to do so within the period of time established by the secretary for casting ballots. The notification shall be made at least thirty days prior to the referendum and shall include an official ballot. The ballots shall be tabulated by the secretary and the vote of the cooperative association shall be adjusted to reflect the individual votes.

The department shall count and tabulate the ballots filed during the referendum within thirty days of the close of the referendum. If from the tabulation the department determines that a majority of the total number of producers voting in the referendum favors the proposal, the excise tax provided for in this chapter shall be continued. The ballots cast pursuant to this section constitute complete and conclusive evidence for use in determinations made by the department under this chapter.

The secretary may conduct a referendum at any time after the Iowa dairy industry commission is reactivated, and shall hold a referendum on request of a representative group comprising ten percent or more of the number of producers eligible to vote, to determine whether the producers favor the termination or suspension of the excise tax. The secretary shall suspend or terminate collection of the excise tax within six months after the secretary determines that suspension or termination of the excise tax is favored by a majority of the producers voting in the referendum, and shall terminate the excise tax in an orderly manner as soon as practicable after the determination.

The initial referendum and subsequent referendums for extension of such excise tax shall be conducted under the provisions of sections 181.9 and 181.10, as nearly as may be. Upon determination by the secretary that assent to the assessment has been given, there shall be assessed and levied an excise tax on each sale in the amount provided in this section. The tax shall be due at or before the time the animals are sold and shall be paid at a time prescribed by the council, but not later than the last day of the month following the end of the prior reporting period in which the animals are sold.

The provisions of sections 181.12, 181.13, 181.14, 181.15 and 181.16 shall also be applicable to the tax provided for in this section, as nearly as may be. Notwithstanding the provisions in section 181.13 to the contrary, at least fifteen percent of the funds collected from an excise tax assessed and levied under the provisions of this section shall be remitted to the national livestock and meat board and the beef industry council thereof, after first paying the costs and expenses referred to in section 181.13.

An assessment adopted following the initial referendum shall be effective for four years from its effective date and shall be either extended or terminated as provided in this section.

Upon receipt of a petition not less than one hundred fifty nor more than two hundred forty days from a four-year anniversary of the effective date of the assessment, signed within that same period by a number of producers equal to or greater than two percent of the number of producers reported in the most recent United States census of agriculture, requesting a referendum to determine whether to extend the assessment, the secretary shall call a referendum to be conducted not earlier than thirty days before the four-year anniversary date. If the secretary determines that extension of the assessment is not favored by a majority of the producers voting in the referendum, the secretary and the board shall terminate the assessment in an orderly manner as soon as practicable after the determination.

If no valid petition for extension is received by the secretary within the time period described above, or if a petition is received but the referendum to extend the assessment passes, the assessment shall continue in effect for four additional years from the anniversary of its effective date described above.

This term as applied to food products of equines shall have a meaning comparable to that provided in this paragraph with respect to cattle, sheep, swine, and goats.
11. *"Poultry"* means any domesticated bird, whether live or dead.
12. *"Poultry product"* means any poultry carcass or part thereof, or any product which is made wholly or in part from any poultry carcass or part thereof, excepting products which contain poultry ingredients only in a relatively small proportion or historically have not been considered by consumers as products of the poultry food industry, and which are exempted by the secretary from definition as a poultry product under such conditions as the secretary may prescribe to assure that the poultry ingredients in such products are not adulterated and that such products are not represented as poultry products.
13. *"Capable of use as human food"* shall apply to any livestock or poultry carcass, or part or product of any such carcass, unless it is denatured or otherwise identified as required by regulations prescribed by the secretary to deter its use as human food, or it is naturally inedible by humans.
14. *"Prepared"* means slaughtered, canned, salt-

ed, stuffed, rendered, boned, cut up, or otherwise manufactured or processed.

15. *"Adulterated"* shall apply to any livestock product or poultry product under any one or more of the following circumstances:

a. If it bears or contains any poisonous or deleterious substance which may render it injurious to health; but in case the substance is not an added substance such article shall not be considered adulterated under this clause if the quantity of such substance in or on such article does not ordinarily render it injurious to health.

b. (1) If it bears or contains, by reason of administration of any substance to the livestock or poultry or otherwise, any added poisonous or deleterious substance, other than one which is a pesticide chemical in or on a raw agricultural commodity; a food additive; or a color additive, which may, in the judgment of the secretary, make such article unfit for human food.

(2) If it is, in whole or in part, a raw agricultural commodity and such commodity bears or contains a pesticide chemical which is unsafe within the meaning of section 408 of the federal Food, Drug, and Cosmetic Act.

(3) If it bears or contains any food additive which is unsafe within the meaning of section 409 of the federal Food, Drug, and Cosmetic Act.

(4) If it bears or contains any color additive which is unsafe within the meaning of section 706 of the federal Food, Drug, and Cosmetic Act; however, an article which is not otherwise deemed adulterated under subparagraph (2), (3), or (4) of this paragraph shall nevertheless be deemed adulterated if use of the pesticide chemical, food additive, or color additive in or on such article is prohibited by regulations of the secretary in official establishments.

c. If it consists in whole or in part of any filthy, putrid, or decomposed substance or is for any other reason unsound, unhealthful, unwholesome, or otherwise unfit for human food.

d. If it has been prepared, packed, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health.

e. If it is, in whole or in part, the product of an animal, including poultry, which has died otherwise than by slaughter.

f. If its container is composed, in whole or in part, of any poisonous or deleterious substance which may render the contents injurious to health.

g. If it has been intentionally subjected to radiation, unless the use of the radiation was in conformity with a regulation or exemption in effect pursuant to section 409 of the federal Food, Drug, and Cosmetic Act.

h. If any valuable constituent has been in whole or in part omitted or abstracted therefrom; or if any substance has been substituted, wholly or in part therefor; or if damage or inferiority has been concealed in any manner; or if any substance has been added thereto or mixed or packed therewith so as to increase its bulk or weight, or reduce its quality or strength, or make it appear better or of greater value than it is.

i. If it is margarine containing animal fat and any of the raw material used therein consisted in whole or in part of any filthy, putrid, or decomposed substance.

16. *"Misbranded"* shall apply to any livestock product or poultry product under any one or more of the following circumstances:

a. If its labeling is false or misleading in any particular.

b. If it is offered for sale under the name of another food.

c. If it is an imitation of another food, unless its label bears, in type of uniform size and prominence, the word "imitation", and immediately thereafter the name of the food imitated.

d. If its container is so made, formed, or filled as to be misleading.

e. Unless it bears a label showing both:

(1) The name and place of business of the manufacturer, packer, or distributor.

(2) An accurate statement of the quantity of the product in terms of weight, measure, or numerical count; however, under this paragraph, exemptions as to livestock products not in containers may be established by regulations prescribed by the secretary, and under this subparagraph reasonable variations may be permitted, and exemptions as to small packages may be established for livestock products or poultry products by regulations prescribed by the secretary.

f. If any word, statement, or other information required by or under authority of this chapter to appear on the label or other labeling is not prominently placed thereon with such conspicuousness, as compared with other words, statements, designs, or devices in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

g. If it purports to be or is represented as a food for which a definition and standard of identity or composition has been prescribed by the regulations of the secretary under section 189A.7, unless it conforms to such definition and standard and its label bears the name of the food specified in the definition and standard and, insofar as may be required by such regulations, the common names of optional ingredients, other than spices, flavoring, and coloring, present in such food.

h. If it purports to be or is represented as a food for which a standard or standards of fill of container have been prescribed by regulations of the secretary under section 189A.7, and it falls below the standard of fill of container applicable thereto, unless its label bears, in such manner and form as such regulations specify, a statement that it falls below such standard.

i. If it is not subject to the provisions of paragraph *"g"* of this subsection, unless its label bears both:

(1) The common or usual name of the food, if any.

(2) In case it is fabricated from two or more ingredients, the common or usual name of each such ingredient; except that spices, flavorings, and colorings may, when authorized by the secretary, be designated as spices, flavorings, and colorings without naming each; however, to the extent that compliance with the requirements of this subparagraph is impracticable, or results in deception or unfair competition, exemptions shall be established by regulations promulgated by the secretary.

j. If it purports to be or is represented for special dietary uses, unless its label bears such information concerning its vitamin, mineral, and other dietary properties as the secretary, after consultation with the secretary of agriculture of the United States, determines to be and by regulations prescribes as necessary in order to fully inform purchasers as to its value for such uses.

k. If it bears or contains any artificial flavoring, artificial coloring, or chemical preservative, unless it bears labeling stating that fact; however, to the extent that compliance with the requirements of this paragraph is impracticable, exemptions shall be established by regulations promulgated by the secretary.

l. If it fails to bear, directly thereon and on its containers, as the secretary may by regulations prescribe, the official inspection legend and establishment number of the establishment where the product was prepared and, unrestricted by any of the foregoing, such other information as the secretary may require in such regulations to assure that it will not have false or misleading labeling and that the public will be informed of the manner of handling required to maintain the article in a wholesome condition.

17. *"Label"* means a display of written, printed, or graphic matter upon any article or the immediate container, not including package liners, of any article.

18. *"Labeling"* means all labels and other written, printed, or graphic matter either upon any article or any of its containers or wrappers, or accompanying such article.

23. *"Federal Food, Drug, and Cosmetic Act"* means the Act so entitled, approved June 25, 1938 (52 Stat. 1040), and Acts amendatory thereof or supplementary thereto.

24. *"Pesticide chemical", "food additive", "color additive",* and *"raw agricultural commodity"* shall have the same meanings for purposes of this chapter as under the federal Food, Drug, and Cosmetic Act.

25. *"Official mark"* means the official inspection legend or any other symbol prescribed by regulations of the secretary to identify the status of any article or livestock or poultry under this chapter.

26. *"Official inspection legend"* means any symbol prescribed by regulations of the secretary showing that an article was inspected and passed in accordance with this chapter.

1. For all meat and poultry slaughtered or otherwise prepared not exceeding twenty thousand pounds per year for sale, resale, or custom, twenty-five dollars.

2. For all meat and poultry slaughtered or otherwise prepared in excess of twenty thousand pounds per year for sale, resale, or custom, fifty dollars.

The funds shall be deposited with the department. The license year shall be from July 1 to June 30. Applications for licenses shall be in writing on forms prescribed by the department.

It is the objective of this chapter to provide for meat and poultry products inspection programs that will impose and enforce requirements with respect to intrastate operations and commerce that are at least equal to those imposed and enforced under the federal Meat Inspection Act and the federal Poultry Products Inspection Act with respect to operations and transactions in interstate commerce; and the secretary is directed to administer this chapter so as to accomplish this purpose. A director of the meat and poultry inspection service shall be designated as the secretary's delegate to be the appropriate state official to co-operate with the secretary of agriculture of the United States in administration of this chapter.

[C66, 71, 73, 75, 77, 79, 81, §189A.3]

189A.4 Exemptions.

In order to accomplish the objectives of this chapter, the secretary may exempt the following types of operations from inspection:

1. Slaughtering and preparation by any person of livestock and poultry of the person's own raising exclusively for use by the person and members of the person's household, and the person's nonpaying guests and employees.

2. Any other operations which the secretary may determine would best be exempted to further the purposes of this chapter, to the extent such exemptions conform to the federal Meat Inspection Act and the federal Poultry Products Inspection Act and the regulations thereunder.

[C66, 71, 73, 75, 77, 79, 81, §189A.4]

189A.5 Veterinarians and inspectors.

The secretary shall administer this chapter and may appoint a person to act as the secretary's designee in the administration of this chapter. The secretary shall employ veterinarians licensed in the state of Iowa as veterinary inspectors. The secretary is also authorized to employ as meat inspectors other persons who have qualified and are skilled in the inspection of meat and poultry products and any other additional employees the secretary deems necessary to carry out the provisions of this chapter. The meat inspectors shall be under the supervision of the secretary's designee or a veterinary inspector if no designee is appointed. The secretary may also enter into contracts with qualified individuals to perform inspection services as the secretary may designate for a fee per head or per unit volume to be determined by the secretary provided the persons are not employed in an establishment in which the inspection takes place. The secretary may utilize any employee, agent, or equipment of the department in the enforcement of this chapter, and may assign to inspectors other duties related to the acceptance of meat and poultry products.

In order to accomplish the objectives stated in section 189A.3 the secretary shall:

1. By regulations require antemortem and postmortem inspections, quarantine, segregation, and reinspections with respect to the slaughter of livestock and poultry and the preparation of livestock products and poultry products at all establishments in this state, except those exempted by section 189A.4, at which livestock or poultry are slaughtered or livestock or poultry products are prepared for human food solely for distribution in intrastate commerce.

2. By regulations require the identification of livestock and poultry for inspection purposes and the marking and labeling of livestock products or poultry products or their containers, or both, as "Iowa Inspected and Passed" if the products are found upon inspection to be not adulterated, and as "Iowa Inspected and Condemned" if they are found upon inspection to be adulterated; and the destruction for food purposes of all such condemned products under the supervision of an inspector.

3. Prohibit the entry into official establishments of livestock products and poultry products not prepared under federal inspection or inspection pursuant to this chapter and further limit the entry of such articles and other materials into such establishments under such conditions as the secretary deems necessary to effectuate the purposes of this chapter.

4. By regulations require that when livestock products and poultry products leave official establishments they shall bear directly thereon or on their containers, or both, all information required by subsection 16 of section 189A.2; and require approval of all labeling and containers to be used for such products when sold or transported in intrastate commerce to assure that they comply with the requirements of this chapter.

5. Investigate the sanitary conditions of each establishment within subsection 1 of this section and withdraw or otherwise refuse to provide inspection service at any such establishment where the sanitary conditions are such as to render adulterated any livestock products or poultry products prepared or handled thereat.

6. Prescribe regulations relating to sanitation for all establishments required to have inspection under subsection 1 of this section.

7. By regulations require that both of the following classes of persons shall keep such records and for such periods as are specified in the regulations to fully and correctly disclose all transactions involved in their business, and to afford the secretary and the secretary's representatives, including representatives of other governmental agencies designated by the secretary, access to such places of business, and

opportunity at all reasonable times to examine the facilities, inventory, and records thereof, to copy the records, and to take reasonable samples of the inventory upon payment of the fair market value therefor:

a. Any person that engages in or for intrastate commerce in the business of slaughtering any livestock or poultry, or preparing, freezing, packaging or labeling, buying or selling, as a broker, wholesaler, or otherwise, transporting, or storing any livestock products or poultry products for human or animal food.

b. Any person that engages in or for intrastate commerce in business as a renderer or in the business of buying, selling, or transporting any dead, dying, disabled, or diseased livestock or poultry or parts of the carcasses of any such animals, including poultry, that died otherwise than by slaughter.

[C66, §170.20, 189A.5, 189A.7, 189A.8, 189A.10; C71, 73, 75, 77, 79, 81, §189A.5]

87 Acts, ch 144, §1

189A.6 Health examination of employees.

The operator of any establishment shall require all employees of such establishment to have a health examination by a physician and a certified health certificate for each employee shall be kept on file by the operator. The secretary may at any time require an employee of an establishment to submit to a health examination by a physician. No person suffering from any communicable disease, including any communicable skin disease, and no person with infected wounds, and no person who is a "carrier" of a communicable disease shall be employed in any capacity in an establishment. No person shall work or be employed in or about any establishment during the time in which a communicable disease exists in the home in which such person resides unless such person has obtained a certificate from a physician to the effect that no danger of public contagion or infection will result from the employment of such person in such establishment. Every person employed by an establishment and engaged in direct physical contact with meat or poultry products during its preparation, processing, or storage, shall be clean in person, wear clean washable outer garments and a suitable cap or other head covering used exclusively in such work. Only persons specifically designated by the operator of an establishment shall be permitted to touch meat or poultry products with their hands, and the persons so designated shall keep their hands scrupulously clean.

[C66, 71, 73, 75, 77, 79, 81, §189A.6]

189A.7 Powers of secretary of agriculture.

In order to accomplish the objective stated in section 189A.3 the secretary may:

1. Remove inspectors from any establishment that fails to destroy condemned products as required under section 189A.5, subsection 2.

2. Refuse to provide inspection service under this chapter with respect to any establishment for causes specified in section 401 of the federal Meat Inspection Act or section 18 of the federal Poultry Products Inspection Act.

3. Order labeling and containers to be withheld from use if the secretary determines that the labeling is false or misleading or the containers are of a misleading size or form.

4. By regulations prescribe the sizes and style of type to be used for labeling information required under this chapter, and definitions and standards of identity or composition or standards of fill of container, consistent with federal standards, when the secretary deems such action appropriate for the protection of the public and after consultation with the secretary of agriculture of the United States.

5. By regulations prescribe conditions of storage and handling of livestock products and poultry products by persons engaged in the business of buying, selling, freezing, storing, or transporting such articles in or for intrastate commerce to assure that such articles will not be adulterated or misbranded when delivered to the consumer.

6. Require that equines be slaughtered and prepared in establishments separate from establishments where other livestock are slaughtered or their products are prepared.

7. By regulations require that every person engaged in business in or for intrastate commerce as a broker, renderer, animal food manufacturer, or wholesaler or public warehouser of livestock or poultry products, or engaged in the business of buying, selling, or transporting in intrastate commerce any dead, dying, disabled, or diseased livestock or poultry or parts of the carcasses of any such animals, including poultry, that died otherwise than by slaughter shall register with the secretary the person's name and the address of each place of business at which and all trade names under which the person conducts such business.

8. Adopt by reference or otherwise such provisions of the rules and regulations under the federal Acts, with such changes therein as the secretary deems appropriate to make them applicable to operations and transactions subject to this chapter, which shall have the same force and effect as if promulgated under this chapter, and promulgate such other rules and regulations as the secretary deems necessary for the efficient execution of the provisions of this chapter, including rules of practice providing opportunity for hearing in connection with issuance of orders under section 189A.5, subsection 5, and subsection 1, 2, or 3 of this section and prescribing procedures for proceedings in such cases; however, this shall not preclude a requirement that a label or container be withheld from use, or a refusal of inspection pursuant to the sections cited herein pending issuance of a final order in any such proceeding.

9. Appoint and prescribe the duties of such inspectors and other personnel as the secretary deems necessary for the efficient execution of the provisions of this chapter.

10. Co-operate with the secretary of agriculture

of the United States in administration of this chapter to effectuate the purposes stated in section 189A.3; accept federal assistance for that purpose and spend public funds of this state appropriated for administration of this chapter to pay the state's proportionate share of the estimated total cost of the cooperative program.

11. Recommend to the secretary of agriculture of the United States for appointment to the advisory committees provided for in the federal Acts, such officials or employees of the Iowa meat and poultry inspection service as the secretary shall designate.

192.5 Milk or milk products permit.

It shall be unlawful for any person who does not possess a permit from the secretary or authorized municipal corporation to bring into, send into, or receive into the state for sale, or to sell, or offer for sale therein, or to have in storage any milk or milk products defined in this chapter and chapters 190 and 191; provided that, grocery stores, restaurants, soda fountains, and similar establishments where milk or milk products or both are served or sold at retail, but not processed, may be exempt from the requirements of this section.

Only a person who complies with the requirements of this chapter and chapters 190 and 191 shall be entitled to receive and retain such a permit from the department or authorized municipal corporation. Permits shall not be transferable with respect to persons or locations.

The secretary or authorized municipal corporation shall suspend such permit whenever there is reason to believe that a public health hazard exists, or whenever the permit holder has violated any of the requirements of said chapters or whenever the permit holder has interfered with the secretary or authorized municipal corporation in the performance of their duties: Except, where the milk or milk product involved creates, or appears to create, an imminent hazard to the public health; or in any case of a willful refusal to permit authorized inspection, the secretary or authorized municipal corporation shall serve upon the holder a written notice of intent to suspend the permit. The notice shall specify with particularity the violations in question and afford the holder such reasonable opportunity to correct such violations as may be agreed to by the parties, or in the absence of agreement, fixed by the secretary or authorized municipal corporation before making any order of suspension effective. A suspension of permit shall remain in effect until the violation has been corrected to the satisfaction of the secretary or authorized municipal corporation.

Upon written application of any person whose permit has been suspended, or upon application within forty-eight hours of any person who has been served with a notice of intention to suspend, and in the latter case before suspension, the secretary or authorized municipal corporation shall within seventy-two hours proceed to a hearing to ascertain the facts of such violation or interference and upon evidence presented at such hearing shall affirm, modify, or rescind the suspension or intention to suspend.

Upon repeated violation, the secretary or authorized municipal corporation may revoke such permit following reasonable notice to the permit holder and an opportunity for a hearing. This section is not intended to preclude the institution of court action as provided in sections 192.11 and 192.16.

The provisions of this section are intended for the regulation of the production, processing, labeling, and distribution of grade "A" milk and grade "A" milk products under sanitary requirements which are uniform throughout the state.

Only grade "A" pasteurized milk and milk products shall be sold to the final consumer, or to restaurants, soda fountains, grocery stores, or similar establishments; except in an emergency, the sale of pasteurized milk and milk products which have not been graded, or the grade of which is unknown, may be authorized by the secretary, in which case, such products shall be labeled "ungraded".

No person shall within the state produce, provide, sell, offer, or expose for sale, or have in possession with intent to sell, any milk or milk product which is adulterated or misbranded; except, in an emergency, the sale of pasteurized milk and milk products

which have not been graded, or the grade of which is unknown, may be authorized by the secretary, in which case such products shall be labeled "ungraded".

Any adulterated or misbranded milk or milk product may be impounded by the secretary or authorized municipal corporation and disposed of in accordance with applicable laws or regulations.

Each dairy farm, milk plant, receiving station, and transfer station whose milk or milk products are intended for consumption as grade "A" pasteurized milk and milk products shall be inspected by the secretary prior to the issuance of the permit provided for in section 192.5. However, a person, including a municipal corporation, may conduct such inspections, if authorized by an agreement under section 192.48. Inspection by the secretary or a person acting under an agreement pursuant to section 192.48, including a municipal corporation, or a person acting under a subagreement with a municipal corporation shall be acceptable for issuance of such permit by the secretary or municipal corporation making or entering into an agreement or subagreement for the inspection.

In the event the secretary finds that a municipal corporation is acting in a manner which is inconsistent with the provisions of the agreement or said chapters, the secretary may revoke the agreement with the municipal corporation after notice and hearing, in the manner described for permit revocation in section 192.5 and perform such acts as are necessary to regulate grade "A" milk and milk products in such jurisdiction in conformity herewith.

Following the issuance of such permit, each dairy farm and transfer station shall be inspected at least once every six months and each milk plant and receiving station shall be inspected at least once every three months. Should the violation of any requirement set forth in sections 192.19 through 192.25 be found to exist, a second inspection shall be required after the time deemed necessary to remedy the violation, but not before three days from the previous inspection. The reinspection shall be used to determine compliance with the requirements of said sections. Any violation of the same requirement of said sections on such reinspection shall call for permit suspension in accordance with section 192.5 or court action or both.

One copy of the inspection report shall be handed to the operator, or other responsible person, or be posted in a conspicuous place on an inside wall of the establishment. The inspection report shall not be defaced and shall be made available to the secretary upon request. In addition, during any consecutive six months, at least four samples of pasteurized milk and at least four samples of each milk product defined in this chapter and chapters 190 and 191 shall be taken from every such milk plant. Such samples of milk and milk products shall be taken while in possession of the producer or distributor at any time prior to final delivery. Samples of milk and milk products from dairy retail stores, restaurants and food establishments as defined in chapter 137A, grocery stores, vending machines, and other places where milk and milk products are sold shall be examined periodically as determined by the secretary or authorized municipal corporation and the results of such examination shall be used to determine compliance with sections 190.5, 191.2, subsections 5 to 9, inclusive, 192.11, 192.23, 192.24 and 192.25. The notice shall be in effect so long as two of the last four consecutive samples exceed the limit of the standard. An additional sample shall be taken within fourteen days of the sending of such notice, but not before the lapse of three days from the previous sampling. Immediate suspension of permit in accordance with section 192.5 or court action or both shall be instituted whenever the standard is violated by three of the last five bacteria counts, coliform determinations, or cooling temperatures.

[C71, 73, 75, 77, 79, 81, §192.16]

The secretary of agriculture is hereby entrusted with the administration and enforcement of this chapter. There is hereby created in the department of agriculture and land stewardship a division to be known as the "Division of Dairy Trade Practices". The head of the division shall be the "Chief of the Division of Dairy Trade Practices". All powers of the secretary under this chapter may be exercised by and through the chief of the division of dairy trade practices. The secretary shall employ such professional and other personnel as, in the secretary's judgment, shall be necessary to the proper performance of the secretary's duties hereunder.

[C66, 71, 73, 75, 77, 79, 81, §192A.2]

192A.3 Unlawful discrimination.

It shall be unlawful for any person engaged in business within the state of Iowa, either directly or indirectly, to discriminate in price between different purchasers of dairy products of like grade and quality where the effect of such discrimination may be substantially to lessen competition or tend to create a monopoly, or to injure, destroy, or prevent competition with any person who either grants or knowingly receives the benefit of such discrimination or with customers of either the grantor or receiver. Nothing herein shall prevent:

1. Differentials which make only due allowance for differences in the cost of manufacture, sale, or delivery resulting from the differing methods or quantities in which dairy products are sold or delivered to purchasers or differentials otherwise permitted in this chapter.

2. Persons engaged in selling dairy products from selecting their own customers in bona fide transactions are not in restraint of trade.

3. Price changes from time to time in response to changing conditions affecting the market for or the marketability of dairy products such as, but not limited to, actual or imminent deterioration of perishable goods, obsolescence of seasonal goods, distress sales under court process, or sales in good faith in discontinuance of business in dairy products.

4. Price differentials made in good faith to meet an equally low price of a competitor, whether the price of the competitor is in compliance with or in violation of this chapter.

[C66, 71, 73, 75, 77, 79, 81, §192A.3]

192A.4 Unlawful price differentials.

It shall be unlawful for any person to discriminate in price by selling or offering to sell any dairy product to any purchaser in the state of Iowa at prices lower than those exacted by such persons elsewhere in the state for the purpose or with the effect of injuring competition or tending to create a monopoly; provided however, that nothing herein contained shall prevent price differentials which make only due allowance for differences in the cost of sale or transportation resulting from differing methods or quantities in which such dairy products are sold or transported to such purchasers; and provided further, that nothing herein contained shall prevent sales made in good faith to meet an equally low price of a competitor, whether the price of the competitor is in compliance with or in violation of this chapter.

[C66, 71, 73, 75, 77, 79, 81, §192A.4]

Distributors who offer dairy products for sale to consumers on home delivery routes shall include on such price lists filed with the department, the different prices established for dairy products offered for sale to such consumers. The condition of the raw milk shall be wholesome and characteristic of normal milk. The flavor and odor of the raw milk shall be fresh and sweet; however, slight feed flavors may be present.

Any raw milk that shows an abnormal condition including, but not limited to, curdled, ropy, clotted and bloody, or that contains extraneous matter or which shows significant bacterial deterioration, or which contains matter evidencing production from a mastitic cow; or which contains chemicals, medicines, or radioactive agents deleterious to health is unlawful milk and shall be rejected to the producer, seller, or shipper and shall not be used in the processing or manufacturing of dairy products for human consumption.

At least four times in every six-month period a test shall be made of each producer's milk to determine the existence of evidence of production from mastitic cows. The secretary shall determine and promulgate the standards and methods of testing the milk for this purpose being guided by recommendations or regulations established by federal agencies regulating in this field.

[C62, 66, 71, 73, 75, 77, 79, 81, §194.4]

The secretary shall determine and promulgate the standards and methods of testing the milk for extraneous matter. For the purpose of quality improvement and payment, the following classifications of milk for bacterial estimate are applicable:

Bacterial Estimate Classification	Standard Plate Count or Equivalent
Class 1	Not over 300,000 per Milliliter
Class 2	Not over 1,000,000 per Milliliter

After a week another quality test must be run on this producer's milk, and if the milk has not improved to class 2 or better, similar tests must be made at least one day per week for three successive weeks. If after the fourth weekly test the milk from the producer has not improved to class 2 or better, no plant shall accept milk from this producer for the manufacture of dairy products for human consumption until the secretary has authorized the producer's reinstatement. Any further acceptance of milk from this producer shall be on the basis of testing the first shipment for extraneous matter and bacterial estimate to determine if the milk is class 2 or better.

A commercial feed shall be deemed to be adulterated:

1. *a.* If it bears or contains any poisonous or deleterious substance which may render it injurious to health; but in case the substance is not an added substance, such commercial feed shall not be considered adulterated under this subsection if the quantity of such substance in such commercial feed does not ordinarily render it injurious to health.

e. If it is, or it bears or contains any color additive which is unsafe within the meaning of section 706 of the federal Food, Drug, and Cosmetic Act.

4. If it contains a drug and the methods used in or the facilities or controls used for its manufacture, processing, or packaging do not conform to current good manufacturing practice rules promulgated by the secretary to assure that the drug meets the requirement of this chapter as to safety and has the identity and strength and meets the quality and purity characteristics which it purports or is represented to possess. In promulgating such rules, the secretary shall adopt the current good manufacturing practice regulations for medicated feed premixes and for medicated feeds established under authority of the federal Food, Drug, and Cosmetic Act, unless the secretary determines that they are not appropriate to the conditions which exist in this state.

5. If it contains viable weed seeds in amounts exceeding the limits which the secretary shall establish by rule.

198.9 Inspection fees and reports.

1. An inspection fee to be fixed annually by the secretary at a rate of not more than sixteen cents per ton, shall be paid on commercial feed distributed in this state by the person who first distributes the commercial feed, subject to the following:

a. The inspection fee is not required on the first distribution, if made to a qualified buyer who, with approval from the secretary, shall become responsible for the fee.

b. A fee shall not be paid on a commercial feed if the payment has been made by a previous distributor.

c. A fee shall not be paid on customer-formula feeds if the inspection fee is paid on the commercial feeds which are used as components of the customer-formula feeds.

d. A minimum semiannual fee shall be twenty dollars.

e. A licensed manufacturer shall pay the inspection fee on commercial feed that is fed to livestock owned by the licensee.

In the case of a pet food or specialty pet food, which is distributed in this state in packages of ten pounds or less, each product shall be registered and an annual registration fee of fifty dollars for each product shall be paid by January 1 of each year in lieu of the per ton rate as provided in this subsection. The inspection fee shall apply to those same products distributed in packages of more than ten pounds.

2. Each person who is liable for the payment of such fee shall:

a. File, not later than the last day of January and July of each year, a semiannual statement, setting forth the number of net tons of commercial feeds distributed in this state during the preceding six months and upon filing the statement shall pay the inspection fee at the rate stated in subsection 1. Inspection fees which are due and owing and have not been remitted to the secretary within fifteen days following the due date shall have a delinquency fee of ten percent of the amount due or fifty dollars, whichever is greater, added to the amount due when payment is finally made. The assessment of this delinquency fee does not prevent the department from taking other actions as provided in this chapter.

b. Keep such records as may be necessary or required by the secretary to indicate accurately the tonnage of commercial feed distributed in this state, and the secretary shall have the right to examine such records to verify statements of tonnage.

Failure to make an accurate statement of tonnage or to pay the inspection fee or comply as provided herein shall constitute sufficient cause for the cancellation of all registrations on file for the distributor.

3. Fees collected shall constitute a fund for the payment of the costs of inspection, sampling, analysis, supportive research and other expenses necessary for the administration of this chapter.

If there is an unencumbered balance of funds in the commercial feed fund on June 30 of any fiscal year equal to or exceeding one hundred thousand dollars, the secretary of agriculture shall reduce the per ton fee provided for in subsection 1 for the next fiscal year in such amount as will result in an ending estimated balance for June 30 of the next fiscal year of one hundred thousand dollars.

The secretary shall publish a report not later than September 1 of each year. The report shall provide a detailed accounting of all sources of revenue and all dispositions of funds utilized by the commercial feed trust fund. The report shall detail full-time equivalent positions used in fulfilling the requirements of this chapter. The report shall also indicate to what extent any full-time equivalent positions are shared with other programs. Copies of the report issued by the secretary pursuant to this subsection shall be delivered each year to the members of the house of representatives and senate standing committees on agriculture.

198.10 Rules.

1. The secretary may adopt rules for commercial feeds and pet foods as specifically authorized in this chapter and other reasonable rules necessary in order to carry out the purpose and intent of this chapter or to secure the efficient enforcement of this chapter. In the interest of uniformity the secretary shall by rule adopt, unless the secretary determines that they are inconsistent with this chapter or are not appropriate to conditions which exist in this state, the following:

a. The official definitions of feed ingredients and official feed terms adopted by the Association of American Feed Control Officials and published in the official publication of that organization, and

b. Any rule adopted pursuant to the authority of the Federal Food, Drug, and Cosmetic Act, 21 U.S.C. § 301 et seq., provided the secretary has the authority under this chapter to adopt such rules.

2. Before the issuance, amendment or repeal of any rule authorized by this chapter, the secretary shall publish the proposed rule, amendment, or notice to repeal an existing rule in a manner reasonably calculated to give interested parties, including all current registrants, adequate notice and shall afford all interested persons an opportunity to be heard, orally or in writing, within a reasonable period of time. After consideration of all views presented by interested persons, the secretary shall take appropriate action to issue the proposed rule or to amend or repeal an existing rule. The provisions of this subsection notwithstanding, if the secretary, pursuant to the authority of this chapter, adopts the official definitions of feed ingredients or official feed terms as adopted by the Association of American Feed Control Officials, or rules promulgated pursuant to the authority of the federal Food, Drug, and Cosmetic Act, any amendment or modification adopted by said association or by the secretary of health, education and welfare in the case of regulations promulgated pursuant to the federal Food, Drug and Cosmetic Act, shall be adopted automatically under this chapter without regard to publication of the notice required by this subsection, unless the secretary, by order specifically determines that said amendment or modification shall not be adopted.

198.11 Inspection, sampling and analysis.

1. For the purpose of enforcement of this chapter, and in order to determine whether its provisions have been complied with, including whether or not any operations may be subject to such provisions, officers or employees duly designated by the secretary, upon presenting appropriate credentials, and a written notice to the owner, operator or agent in charge, are authorized:

a. To enter, during normal business hours, any factory, warehouse or establishment within the state in which commercial feeds are manufactured, processed, packed or held for distribution, or to enter any vehicle being used to transport or hold such feed.

b. To inspect at reasonable times and within reasonable limits and in a reasonable manner, such factory, warehouse, establishment or vehicle and all pertinent equipment, finished and unfinished materials, containers and labeling therein. The inspection may include the verification of only such records, and production and control procedures as may be necessary to determine compliance with the good manufacturing practice regulations established under section 198.7, subsection 4.

2. A separate notice shall be given for each such inspection, but a notice shall not be required for each entry made during the period covered by the inspection. Each such inspection shall be commenced and completed with reasonable promptness. Upon completion of the inspection, the person in charge of the facility or vehicle shall be so notified.

3. If the officer or employee making such inspection of a factory, warehouse or other establishment has obtained a sample in the course of the inspection, upon completion of the inspection and prior to leaving the premises the officer or employee shall give to the owner, operator or agent in charge a receipt describing the samples obtained.

4. If the owner of any factory, warehouse, or establishment described in subsection 1, or the owner's agent, refuses to admit the secretary or the secretary's agent to inspect in accordance with subsections 1 and 2, the secretary may obtain from any state court a warrant directing such owner or the owner's agent to submit the premises described in such warrant to inspection.

5. For the purpose of the enforcement of this chapter, the secretary or the secretary's duly designated agent is authorized to enter upon any public or private premises including any vehicle of transport during regular business hours to have access to, and to obtain samples, and to examine records relating to distribution of commercial feeds.

6. Sampling and analysis shall be conducted in accordance with methods published by the association of official analytical chemists, or in accordance with other generally recognized methods.

7. The results of all analyses of official samples shall be forwarded by the secretary to the person named on the label. When the inspection and analysis of an official sample indicates a commercial feed has been adulterated or misbranded and upon request within thirty days following receipt of the analysis the secretary shall furnish to the licensee a portion of the sample concerned.

8. The secretary, in determining for administrative purposes whether a commercial feed is deficient in any component, shall be guided by the official sample as defined in section 198.3, subsection 14, and obtained and analyzed as provided for in subsections 3, 5 and 6.

198.12 Detained commercial feeds.

1. When the secretary or the secretary's authorized agent has reasonable cause to believe any lot of commercial feed is being distributed in violation of any of the provisions of this chapter or of any of the prescribed rules under this chapter, the secretary or agent may issue and enforce a written or printed "withdrawal from distribution" order, warning the distributor not to dispose of the lot of commercial feed in any manner until written permission is given by the secretary or the court. The secretary shall release the lot of commercial feed so withdrawn when said provisions and rules have been complied with. If compliance is not obtained within thirty days, the secretary may begin, or upon request of the distributor or registrant shall begin, proceedings for condemnation.

2. Any lot of commercial feed not in compliance with said provisions and rules shall be subject to seizure on complaint of the secretary to a court of competent jurisdiction in the area in which said commercial feed is located. In the event the court finds the said commercial feed to be in violation of this chapter and order the condemnation of said commercial feed, it shall be disposed of in any manner consistent with the quality of the commercial feed and the laws of the state, provided, that in no instance shall the disposition of said commercial feed be ordered by the court without first giving the claimant an opportunity to apply to the court for release of said commercial feed or for permission to process or relabel said commercial feed to bring it into compliance with this chapter.

[C66, 71, 73, 75, 77, 79, 81, §198.12]

198.13 Penalties.

1. Any person convicted of violating any of the provisions of this chapter or who shall impede, hinder or otherwise prevent, or attempt to prevent, said secretary or the secretary's authorized agent in performance of that person's duty in connection with the provisions of this chapter, shall be guilty of a simple misdemeanor.

2. Nothing in this chapter shall be construed as requiring the secretary or the secretary's representative to:

a. Report for prosecution.

b. Institute seizure proceedings.

c. Issue a withdrawal from distribution order, as

a result of minor violations of the chapter, or when the secretary or representative believes the public interest will best be served by suitable notice of warning in writing.

3. It shall be the duty of each county attorney to whom any violation is reported to cause appropriate proceedings to be instituted and prosecuted in a court of competent jurisdiction without delay. Before the secretary reports a violation for such prosecution, an opportunity shall be given the distributor to present the distributor's view to the secretary.

4. The secretary may apply for and the court may grant a temporary or permanent injunction restraining any person from violating or continuing to violate any of the provisions of this chapter or any rule promulgated under the chapter notwithstanding the existence of other remedies at law. If granted, the injunction shall be issued without bond.

5. Any person adversely affected by an act, order, or ruling made pursuant to the provisions of this chapter may within forty-five days thereafter bring action in the district court for judicial review of such actions. The form of the proceeding shall be any which may be provided by statutes of this state to review decisions of administrative agencies, or in the absence or inadequacy thereof, any applicable form of legal action, including actions for declaratory judgments or writs or prohibitory or mandatory injunctions.

6. Any person who uses to the person's own advantage, or reveals to other than the secretary, or officers of the department or to the courts when relevant in any judicial proceeding, any information acquired under the authority of this chapter, concerning any method, records, formulations or processes which as a trade secret is entitled to protection, is guilty of a serious misdemeanor. This prohibition shall not be deemed as prohibiting the secretary, or the secretary's duly authorized agent, from exchanging information of a regulatory nature with appointed officials of the United States government, or of other states, who are similarly prohibited by law from revealing this information.

4. *"Weed seed"* means the seed of all plants listed as weeds in this chapter or listed as weeds in the rules of the department or commonly recognized as weeds in this state.

5. Noxious weed seed shall be divided into two classes, "primary noxious weed seed" and "secondary noxious weed seed" which are defined in paragraphs *"a"* and *"b"* of this subsection. The secretary, upon the recommendation of the dean of agriculture, Iowa State University of science and technology, shall adopt as a rule, after public hearing, pursuant to chapter 17A, the list of seed classified as "primary noxious weed seed" and "secondary noxious weed seed".

a. "Primary noxious weed seed" are the seed of perennial weeds that reproduce by seed and by underground roots or stems and which, when established, are highly destructive and difficult to control in this state by good cultural practices.
