Any county may, in any year, by resolution of its board of supervisors, make available for improvement or construction of farm-to-market roads within the county any portion of its allotment of road use tax funds. Upon certification of such a

resolution, the state treasurer shall place in the county's allotment of the farm-to-market road fund the amount authorized by such resolution.

310.21 Repealed by 49 Acts, ch 125, § 6. See § 314.5.

310.22 Right of way — how acquired.

Right of way for farm-to-market road projects under this chapter shall be acquired by the county in accordance with chapter 306 and chapter 316.

[C39, §4686.22; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §310.22; 82 Acts, ch 1110, §10]

310.25 Repealed by 49 Acts, ch 125, § 7. See § 314.6.

310.26 Repealed by 49 Acts, ch 127, § 5. See § 312.7.

310.27 Period of allocation — reversion — temporary transfers.

The farm-to-market road fund allotted to any county as provided in this chapter shall remain available for expenditure in said county for three years after the close of the fiscal year during which said sums respectively were allocated. Any sum remaining unexpended at the end of the period during which it is available for expenditure, shall be reapportioned among all the counties as provided in section 312.5 for original allocations.

For the purposes of this section, any sums of the farm-to-market road fund allotted to any county shall be presumed to have been "expended" when a contract has been awarded obligating the sums. When projects and their estimated costs, which are proposed to be funded from the farm-to-market road fund, are submitted to the department for approval, the department shall estimate the total funding necessary and the period during which claims for the projects will be filed. After anticipating the funding necessary for approved projects, the department may temporarily allocate additional moneys from the farm-to-market road fund for use in any other farm-to-market projects. However, a county shall not be temporarily allocated funds for projects in excess of the county's anticipated farm-to-market road fund allocation for the current fiscal year plus the four succeeding fiscal years.

If in the judgment of the department the anticipated claims against the primary road fund for any month are in excess of moneys available, a temporary transfer for highway construction costs may be made from the farm-to-market road fund

to the primary road fund providing there will remain in the transferring fund a sufficient balance to meet the anticipated obligations. All transfers shall be repaid from the primary road fund to the farm-to-market road fund within sixty days from the date of the transfer. A transfer shall be made only with the approval of the director of management and shall comply with the director of management's rules relating to the transfer of funds. Similar transfers may be made by the department from the primary road fund to the farm-to-market road fund and these transfers shall be subject to the same terms and conditions that transfers from the farm-to-market road fund to the primary road fund are subject.

[C39, §4686.27; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §310.27]

310.28 Engineering and other expense.

Engineering, inspection and administration expense in connection with any farm-to-market road project may be paid from said county's allotment of the farm-to-market road fund. Any such expense incurred by the department may in the first instance be advanced out of the primary road fund, said amounts later being reimbursed to said funds out of the farm-to-market road fund.

Provided, that no part of the salary or expense of the county engineer, any member of the county board of supervisors, any member of the department, the chief engineer, or any department head or district engineer of the department shall be paid out of the farm-to-market road fund.

[C39, §4686.28; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §310.28]

310.29 Maintenance by county.

Any farm-to-market road constructed under this chapter shall be maintained by the county. If any county fails to satisfactorily maintain any road that is part of the federal aid secondary system, the department shall give the board of supervisors notice of that fact. If within sixty days after receipt of notice the highway has not been placed in proper condition of maintenance the department may withhold authorization for letting of any project using farm-to-market funds until a

proper condition of maintenance has been restored.

[C39, §4686.29; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §310.29; 82 Acts, ch 1110, §11]

310.34 Secondary road research fund.

Notwithstanding any law to the contrary, the department is hereby authorized to set aside each year not to exceed one and one-half percent of the receipts in the farm-to-market road fund in a fund to be known as the secondary road research fund.

[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §310.34]

310.35 Use of fund.

The secondary road research fund shall be used by the department solely for the purpose of financing engineering studies and research projects which have as their objective the more efficient use of funds and materials that are available for the construction and maintenance of secondary roads, including bridges and culverts located thereon.

[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §310.35]

The research projects and engineering studies authorized shall be conducted in co-operation with the county engineers. On or before January 31 each year the department shall file a report with the governor, state transportation commission, county engineers, chief clerk of the house of representatives, and secretary of the senate showing the work accomplished and projects undertaken under section 310.35.

311.2 Width of district.

Any such secondary road assessment district shall be not more than one-half mile wide on each side of the road or roads to be improved by said district.

[C24, 27, 31, 35, 39, §4746; C46, §311.3; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §311.2]

311.3 Amount of assessment.

Special assessments in the aggregate amount of not less than fifty percent of the total estimated cost of improvement of a road included in a secondary road assessment district project shall be apportioned and levied on the lands included in the secondary road assessment district.

[C24, 27, 31, 35, 39, §4753; C46, §311.10; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §311.3]

311.4 County line road.

When it is desired to improve a secondary road on a county line, as a secondary road assessment district project, the board of supervisors of any county may establish an assessment district in its county, and levy and collect special assessments for the payment of that portion of the estimated cost of the project assessable against lands in that county. Each county shall pay its share of the cost of the project as provided in this chapter, in the same manner as though the project were located wholly within that county.

[C24, 27, 31, 35, 39, §4746; C46, §311.3; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §311.4]

311.5 Project in city.

A road or street which is a continuation of a secondary road within a city and which the county board desires to improve, may by resolution of the county board and concurrence by the council of the city be improved as a secondary road assessment district project or part of a project as provided in this chapter. The lands within the city abutting on or adjacent to the street or road may be included within the secondary road assessment district and assessed for the improvement upon the same basis and in the same manner as though the lands were located outside of a city.

[C24, §4754; C27, 31, 35, §4745-a1; C39, §4745.1; C46, §311.2; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §311.5]

85 Acts, ch 143, §4

311.6 Petition — information required.

The petition for a secondary road assessment district proposing to establish the district shall intelligibly describe the road or roads proposed to be improved, the nature of the proposed improvement, the percentage of the estimated cost of improving the road proposed to be assessed against the property in the district and the lands proposed to be included in the district.

The petition shall be signed by fifty percent of the owners of the lands within the proposed district, or by fifty percent of the owners of the land within the proposed district who reside within the county.

[C24, 27, 31, 35, 39, §4746; C46, §311.3; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §311.6]
85 Acts, ch 143, §5

311.7 Improvement by private funds.

The owner or a group of owners of not less than seventy-five percent of the lands adjacent to, or abutting upon any secondary road may, on or before October 1 of any year, petition the board of supervisors of their county for the improvement of the road, and for the assessment of not less than fifty percent, or a greater portion as provided in the petition, of the cost of the improvement, to the lands adjacent to, or abutting upon the road. When the petition has been filed, the board of supervisors shall review the project proposed by the petition and may accept or reject the proposed project. If the board of supervisors accepts the petition, the board shall include the project in the secondary road construction program of the county and establish a priority for the completion of the project.

The board of supervisors shall proceed with the construction and completion of the project in accordance with its assigned priority and under the same procedure as is prescribed generally for the improvement of secondary roads by assessment, and shall establish a special secondary road assessment district and assess against the lands included in the district not less than fifty percent, or a greater portion as provided in the petition, of the engineer's estimated cost of the improvements of the road included in the project against all the lands adjacent to or abutting upon the road.

However, if the owners of all the lands included in any special secondary road assessment district under this section, subscribe and deposit with the county treasurer an amount not less than fifty percent, or a greater portion as provided in the petition, of the engineer's estimated cost of the improvement of the road included in the project, the board of supervisors shall not establish the special assessment district, but shall accept the donations in lieu of an assessment, and shall otherwise proceed to the improvement of the road.

The total expenditure of secondary road funds of the county in any year for or on account of special secondary road assessment district projects on local secondary roads under this section shall not exceed the total secondary road funds legally expendable for construction on local secondary roads in the county in the year.

Upon the completion of the road, and the satisfaction of all claims in relation to the road, any balance then remaining of the funds provided by the

sponsors shall be returned to them according to their respective interests, providing all guarantees made by the sponsors have been fulfilled.

311.8 County engineer's report.

Upon the filing of the petition with the county engineer proposing the establishment of a secondary road assessment district, the county engineer shall prepare a report on the proposed district, which report shall include:

1. An estimate of the cost of the improvement proposed on the road included in the proposed district.

2. A plat of said proposed district which plat shall show the road or roads proposed to be improved, the various tracts and parcels of real estate included in said proposed district, and the ownership of such lands.

3. An approximately equitable apportionment of not less than fifty percent of the estimated cost of the improvement among the tracts and parcels of real estate included in the proposed district.

4. A statement whether all of the secondary roads to be improved in the proposed secondary road assessment district project have been built to permanent grade and properly drained.

5. Any information the county engineer may deem pertinent.

311.10 Estimate and apportionment — presumption.

Said estimated cost shall carry the presumption, in the absence of a contrary showing, that the same correctly represents the probable cost of said project as nearly as can be determined in advance of the actual doing and completion of the work. Said apportionment shall carry the presumption, in the absence of a contrary showing, that the same is fair, just, equitable, and in proportion to the benefits and not in excess thereof.

[C24, §4707; C27, 31, 35, §4753-a1; C39, §4753.01; C46, §311.11; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §311.10]

311.11 Hearing — notice.

The board of supervisors shall fix a time for hearing on the proposal for the establishment of the secondary road assessment district and on the apportionment of not less than fifty percent of the estimated cost of the proposed improvement, and shall cause the county engineer to publish notice of the hearing. The notice shall state:

2. The road or roads proposed to be improved,
3. The type of surfacing proposed,
4. The estimated cost of the proposed improvement,
5. A description of the lands lying within said proposed district,
6. The ownership of said lands as shown by the transfer books in the auditor's office,
7. A statement of the amount apportioned to each tract or parcel of real estate as shown by the engineer's report,
8. That at said hearing the amount apportioned to any tract or parcel of land may be increased or decreased without further notice,
9. That all objections to the establishment of the district, to the apportionment report, or to the proceedings relating to the district or report must be specifically made in writing and filed with the county engineer on or before noon of the day set for the hearing, and
10. That a failure to make and file such objections will be deemed a conclusive waiver of all such objections.

311.13 Errors in notice or apportionment report.

Any omission or error in said apportionment report or notice with respect to any tract or parcel of real estate or the description thereof, or the name of the owner, or the amount of the assessment apportioned thereto, shall work no loss of jurisdiction on the part of the board over such proceeding.

Such omission or error shall only affect the particular tract of real estate or person in question. If, before or after the board has entered its final order in the establishment of the said district or in the apportionment proceedings such omission or error is discovered, the board shall fix a time for a hearing as to such party or real estate and shall cause service of notice to be made upon them, either by publication as in this chapter provided, or by personal service in the time and manner required for service of original notices in the district court. After such hearing the board shall proceed as to such person or land as though such omission or error had not occurred.

The appearance of any interested party, either in writing or personally, or by authorized agent, before the board of supervisors at any stage of the pending proceedings for a secondary road assessment district shall be deemed a full appearance. Only interested parties shall have the right to appear in such proceedings. All persons so appearing shall state for whom they appear. The clerk of the board shall make definite entry accordingly in the minutes of the board.

Hearings on the proposed establishment of said district may be adjourned from time to time without loss of jurisdiction by the board. On final hearing the board shall proceed to a determination of said matters. It may reject, approve, or modify and approve said proposal. The board may exclude lands from the district or may add lands thereto or otherwise modify the proposal.

Should the proposal be approved in whole or in part, the board shall establish such district. The order of the board establishing such district shall state the road or roads to be improved, the type of improvement, and the lands included in said district. Said order shall be final. No lands shall thereafter be added to or excluded from said district.

On final hearing the board shall hear and determine all objections filed. The board may increase, diminish, annul, or affirm the apportionment made in said report, or any part thereof, as may appear to the board to be just and equitable.

On the final determination the board shall levy the assessments and all installments thereof upon the real estate within the district as finally established. The entire amount of the assessment shall be then due and payable, and bear interest at a rate not exceeding that permitted by chapter 74A commencing twenty days from the date of the levy, and shall be collected at the succeeding September semiannual payment of ordinary taxes.

1. If an owner other than the state or a county or city, of any tracts of land on which the assessment is more than one hundred dollars, shall, within twenty days from the date of the assessment, agree in writing filed in the office of the county auditor, that in consideration of the owner having the right to pay the assessment in installments, the owner will not make any objection of illegality or irregularity as to the assessment upon the real estate, and will pay the assessment plus interest, the assessment shall be payable in ten equal installments. The first installment shall be payable on the date of the agreement. The other installments shall be paid annually at the same time and in the same manner as the September semiannual payment of ordinary taxes with interest accruing as provided in section 384.65, subsection 3. The rate of interest shall be as established by the board, but not exceeding that permitted by chapter 74A.

311.24 Appeal from assessment.

Any owner of land in a secondary road assessment district may appeal to the district court from the order of the board of supervisors in levying the assessment against the owner's real estate, by filing with the county engineer within fifteen days of the date of the levy, a bond conditioned to pay all costs in case the appeal is not sustained, and a written notice of appeal where the owner shall, with particularity, point out the specific objection which the owner desires to lodge against the levy. The appeal has precedence over all other business pending before the court except criminal matters. The appeal shall be heard as in equity. The court may raise or lower the assessment in question and make an equitable assessment in the judgment of the court. The clerk of the district court shall, upon the entry of the final order of the court, certify the final order to the county engineer. The board of supervisors shall adjust the assessments to comply with the final order of the court.

The appellant shall, within twenty days after perfection of the appeal, docket the appeal and file a petition setting forth the order or decision of the board of supervisors appealed from, and the appellant's specific objections. A failure to comply with either of these requirements is a conclusive waiver of the appeal and the court shall dismiss the petition. Appellee need not file answer, but may do so.

Each special assessment and all installments of the special assessments are a lien upon the real estate upon which levied from the date of the certificate by the county engineer to the same extent and in the same manner as taxes levied for state and county purposes. Changes in the amount of a special assessment by reason of a ruling of the district court on appeals shall be likewise certified and the county treasurer shall make the proper correction on the books.

The treasurer may apply the certificates in payment of warrants duly authorized and issued for improving the roads within the district, or the treasurer may sell the certificates for the best attainable price and for not less than par, plus accrued interest. The good faith of the state is hereby pledged to cause to be made available each year, sufficient funds to equal the total of any sums now or hereafter apportioned to the state for road purposes by the United States government for such year, and to maintain the roads constructed with said funds.

[C24, §4688; C27, 31, 35, §4755-b1; C39, §4755.01; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §313.1]

313.2 “Road systems” defined — roadside parks.

The roads and streets of the state are, for the purpose of this chapter, those roads and streets established under chapter 306.

Whenever the board of supervisors of a county and the department mutually determine that a portion of a highway under the jurisdiction of either party should be transferred to the jurisdiction of the other party, the board and department may enter into an agreement to effect such transfer. Such agreement may provide that each party may undertake or share responsibility for improving said road with the costs of such improvement to be borne entirely by either the county or the department or equitably divided between the two jurisdictions. All such improvements shall be completed and all actual costs thereof paid or reimbursed prior to the time transfer of the road is made. In carrying out such agreement, the board of supervisors may expend secondary road funds

of the county and the department may expend primary road funds.

However, prior to entering into the agreement, a notice of intent to execute such agreement shall be published in a newspaper of general circulation within the county and the cost of such notice shall be jointly borne by the department and the board of supervisors. If one hundred or more residents of the county request by petition or in writing that a hearing be held in regard to such agreement within ten days after the publication of the notice, the board of supervisors and the department shall hold such a hearing not more than seven days after receiving the petition or written instrument, and based upon evidence presented at such hearing shall re-examine the merits of executing such agreement and make a decision in regard to it.

The department may, for the purpose of affording access to cities or state parks, or for the purpose of shortening the direct line of travel on important routes, or to effect connections with interstate roads at the state line, add such road or roads to the primary system.

The department, either alone or in co-operation with any county, shall have the authority to utilize any land acquired incidental to the acquisition of land for highway right of way and to also accept by gift, lands not exceeding two acres in area for roadside parks and parking areas. The department may furnish necessary maintenance. The department shall also have authority to accept by gift, equipment or other installations incidental to the use of said parks and parking areas. Said parks and parking areas shall be a part of the primary road system and the department may at its discretion sell or otherwise dispose of said lands.

Reasonable maintenance and surveillance of rest area sites and buildings located thereon shall be provided by employees of the department within the limits of appropriations provided for such purpose.

313.2A Commercial and industrial highways.

1. *Purpose.* It is the purpose of this section to enhance opportunities for the development and diversification of the state's economy through the identification and improvement of a network of commercial and industrial highways. The network shall consist of interconnected routes which provide long distance route continuity. The purpose of this highway network shall be to improve the flow of commerce; to make travel more convenient, safe, and efficient; and to better connect Iowa with regional, national, and international markets. The commission shall concentrate a major portion of its annual construction budget on this network of commercial and industrial highways. In order to ensure the greatest possible availability of funds for the improvement of the network, primary highway funds shall not be spent beyond continuing maintenance for improvements to route segments that will be bypassed by the relocation of portions of the commercial and industrial highway network.

2. *Network selection.* The commission shall identify, within the primary road system, a network of commercial and industrial highways. The commission shall consider all of the following factors in the identification of this network:

a. The connection by the most direct routes feasible of major urban areas and regions of the state to each other and to the national system of interstate and defense highways and priority routes in adjacent states.

b. The existence of high volumes of total traffic and commercial traffic.

c. Long distance traffic movements.

d. Area coverage and balance of spacing with service to major growth centers within the state.

e. Metropolitan area bypasses consistent with metropolitan or regional area plans established through cooperation by the department and local officials.

The network of commercial and industrial highways shall not exceed two thousand five hundred miles including municipal extensions of these highways.

3. *Standards.* The department shall establish standards pertaining to the specific location, design, and access control for each segment of the commercial and industrial highways.

4. *Network development.* In establishing priorities for improvement projects, the department shall take into consideration the following additional criteria: urban area bypasses that improve urban or regional accessibility or improve corridor travel; projects consistent with regional

or metropolitan transportation plans established through cooperation by the department and local officials; and the willingness of local officials to provide financial or other assistance for the development of projects.

The department may expend moneys from the fund for dust control on a secondary road or municipal street within a municipal street system when there is a notable increase in traffic on the secondary road or municipal street due to closure of a road by the department for purposes of establishing, constructing, or maintaining a primary road.

2. Such fund is also appropriated and shall be used for the construction, reconstruction, improvement and maintenance of state institutional roads and state park roads and bridges on such roads and roads and bridges on community college property as provided in subsection 11 of section 307A.2, for restoration of secondary roads used as primary road detours and for compensation of counties for such use, for restoration of municipal streets so used and for compensation of cities for

The appropriation herein provided shall be in effect from the effective date of the revised pay plan to the end of the fiscal biennium in which it becomes effective.

Funds received under the provisions of this subsection shall be used solely for the operation and maintenance of a freeway lighting system.

5. During the fiscal year beginning July 1, 1990, and ending June 30, 1991, and each subsequent fiscal year, the department shall spend from the primary road fund an amount of not less than thirty million dollars for the network of commercial and industrial highways.

When the department, for the purpose of establishing, constructing or maintaining any primary road, determines that any secondary road or portion thereof is necessary for a detour or haul road, the department, after consultation with the county board of supervisors having jurisdiction of the route, shall by order temporarily designate the secondary road or portion thereof as a temporary primary road detour or as a temporary primary road haul road, and the department shall maintain the same as a primary road until it shall revoke the temporary designation order. Prior to use of a secondary road as a primary haul road or detour, the department shall designate a representative to inspect the secondary road with the county engineer to determine and note the condition of the road.

Prior to revoking the designation, the department shall:

1. Restore the secondary road or portion thereof to as good condition as it was prior to its designation as a temporary primary road, or
2. Determine such amount as will adequately compensate the county exercising exclusive or concurrent jurisdiction over the secondary road or portion thereof for excessive traffic upon the secondary road or portion thereof during the period of its designation as a temporary primary road. The

department shall certify the amount determined to the director of revenue and finance. The director of revenue and finance shall credit the amount to the county.

3. *“Department”* shall mean the state department of transportation.

4. *“Federal bridge commission”* shall mean any bridge commission organized and operating pursuant to an Act of the Congress of the United States, even though such Act of Congress may declare the bridge commission not to be an agency of the federal government.

[C71, 73, 75, 77, 79, 81, §313A.1]

313A.2 Bridge to be controlled by department.

The department shall have full charge of the construction and acquisition of all toll bridges constructed or acquired under the provisions of this chapter, the operation and maintenance thereof and the imposition and collection of tolls

and charges for the use thereof. The department shall have full charge of the design of all toll bridges constructed under the provisions of this chapter. The department shall proceed with the construction of such toll bridges and other facilities and the approaches thereto by contract immediately upon there being made available funds for such work and shall prosecute such work to completion as rapidly as practicable. The department shall advertise for bids for the construction, reconstruction, improvement, repair or remodeling of any toll bridge by publication of a notice once each week for at least two consecutive weeks in a newspaper published and having a general circulation throughout the state of Iowa, the first publication to appear at least fifteen days prior to the date set for receiving bids. The department shall have the power to accept such offer or offers, propositions or bids, and enter into such contract or contracts as it shall deem to be to the best interest of the state.

[C71, 73, 75, 77, 79, 81, §313A.2]

313A.3 Toll bridges constructed over boundary rivers.

The department is hereby authorized to establish and construct toll bridges upon any public highway, together with approaches thereto, whenever it is considered necessary or advantageous and practical for crossing any navigable river between this state and an adjoining state. The necessity or advantage and practicality of any toll bridge shall be determined by the department. To obtain information for the consideration of the department upon the construction of any toll bridge or any other matter pertaining thereto, any officer or employee of the state, upon the request of the department, shall make reasonable examination, investigation, survey, or reconnaissance to determine material facts pertaining thereto and shall

report such findings to the department. The cost thereof shall be borne by the department or office conducting it from funds provided for its functions.

[C71, 73, 75, 77, 79, 81, §313A.3]

313A.4 Investigation of feasibility.

The department is hereby authorized to enter into agreements with any federal bridge commission or any county or city of this state, and with an adjoining state or county, city, or town thereof, for the purpose of implementing an investigation of the feasibility of any toll bridge project for the bridging of a navigable river forming a portion of the boundary of this state and such adjoining state. The department may use any funds available for the purposes of this section. Such agreements may provide that in the event any such project is determined to be feasible and adopted, any advancement of funds by any state, county or city may be reimbursed out of any proceeds derived from the sale of bonds or out of tolls and revenues to be derived from such project.

[C71, 73, 75, 77, 79, 81, §313A.4]

313A.5 Acquiring existing bridge — bonds.

Whenever the department deems it necessary or advantageous and practical, it may acquire by gift, purchase, or condemnation any interstate bridge which connects with or may be connected with the public highways and the approaches thereto, except that the department may not condemn an existing interstate bridge used for interstate highway traffic and combined highway and railway traffic and presently owned by a municipality, or a person, firm, or corporation engaged in interstate commerce. The department may also acquire by gift or purchase two or more existing interstate bridges and any partially constructed interstate bridge, all located within ten miles of each other, complete the partially constructed bridge and dismantle the bridge which it is designed to replace. In connection with the acquisition of any such bridge, bridges, or partially constructed bridge, the department and any federal bridge commission or any city, county, or other political subdivision of the state are authorized to do all acts and things as in this chapter are provided for the establishing and constructing of toll bridges and operating, financing, and maintaining such bridges insofar as such powers and requirements are applicable to the acquisition of any toll bridge and its operation, financing, and maintenance. In so doing, they shall act in the same manner and under the same procedures as provided for establishing, constructing, operating, financing, and maintaining toll bridges insofar as such manner and procedures are applicable. Without limiting the generality of the above provisions, the department is hereby authorized to cause surveys to be made to determine the propriety of acquiring any

such bridge and the rights of way necessary therefor, and other facilities necessary to carry out the provisions hereof; to issue, sell, redeem bonds or issue and exchange bonds with present holders of outstanding bonds of bridges being acquired under the provisions of this chapter and deposit and pay out of the proceeds of the bonds for the financing thereof, to impose, collect, deposit, and expend tolls therefrom; to secure and remit financial and other assistance in connection with the purchase thereof; and to carry insurance thereon.

[C71, 73, 75, 77, 79, 81, §313A.5]

313A.6 Rules adopted — financial statements.

The department, its officials, and all state officials are hereby authorized to perform such acts and make such agreements consistent with the law which are necessary and desirable in connection with the duties and powers conferred upon them regarding the construction, maintenance, and operation and insurance of toll bridges or the safeguarding of the funds and revenues required for such construction and the payment of the indebtedness incurred therefor. The department shall adopt such rules and regulations in accordance with the provisions of chapter 17A as it may deem necessary for the administration and exercise of its powers and duties granted by this chapter, and shall prepare annual financial statements regarding the operation of such toll bridges which shall be made available for inspection by the public and by the holders of revenue bonds issued by the department under the provisions of this chapter at all reasonable times.

[C71, 73, 75, 77, 79, 81, §313A.6]

313A.7 Resolution of public interest and necessity — revenue bonds.

Whenever the department deems it to be in the best interest of the primary highway system that any new toll bridge be constructed upon any public highway and across any navigable river between this state and an adjoining state, the department shall adopt a resolution declaring that the public interest and necessity require the construction of such toll bridge and authorizing the issuance of revenue bonds in an amount sufficient for the purpose of obtaining funds for such construction. The issuance of bonds as provided in this chapter for the construction, purchase, or acquisition of more than one toll bridge may, at the discretion of the department, be included in the same authority and issue or issues of bonds, and the department is hereby authorized to pledge the gross revenues derived from the operation of any such toll bridge under its control and jurisdiction to pay the principal of and interest on bonds issued to pay the cost of purchasing, acquiring, or constructing any such toll bridge financed under the provisions of this chapter. The department is hereby granted wide discretion, in connection with the financing of the

cost of any toll bridge, to pledge the gross revenues of a single toll bridge for the payment of bonds and interest thereon issued to pay the cost of such bridge and to pledge the gross revenues of two or more toll bridges to pay bonds issued to pay the cost of one or more toll bridges and interest thereon as long as the several bridges included herein are not more than ten miles apart.

In addition, if the department in its discretion determines that the construction of a toll bridge cannot be financed entirely through revenue bonds and that the construction of such toll bridge is necessary, the department may advance funds from the primary highway fund to pay for that part of the construction cost, including the cost of approaches and all incidental costs, which is not paid out of the proceeds of revenue bonds. However, said funds advanced from the primary highway fund shall be used only to pay the construction cost, including the cost of approaches and all incidental costs, with respect to that part of the bridge which is or will be located within the state of Iowa. After all revenue bonds and interest thereon issued and sold pursuant to this chapter and payable from the tolls and revenues of said bridge have been fully paid and redeemed or funds sufficient to pay said bonds and interest, including premium, if any, have been set aside and pledged for that purpose, then such amount advanced from the primary road fund shall be repaid to the primary road fund from the tolls and revenues of said bridge before said bridge is made a toll free bridge under the provisions of this chapter.

[C71, 73, 75, 77, 79, 81, §313A.7]

313A.8 Right of way secured.

Whenever the department shall authorize the construction of any toll bridge, the department is empowered to secure rights of way therefor and for approaches thereto by gift or purchase or by condemnation in the manner provided by law for the taking of private property for public purposes.

[C71, 73, 75, 77, 79, 81, §313A.8]

313A.9 Consent to cross state property.

The right of way is hereby given, dedicated, and set apart upon which to locate, construct, and maintain toll bridges or approaches thereto or other highway crossings, and transportation facilities thereof or thereto, through, over or across any of the lands which are now or may be the property of this state, including highways; and through, over, or across the streets, alleys, lanes, and roads within any city, county, or other political subdivision of the state. If any property belonging to any city, county or other political subdivision of the state is required to be taken for the construction of any such bridge or approach thereto or should any such property be injured or damaged by such construction, such compensation therefor as may be proper or necessary and as shall be agreed upon

may be paid by the department to the particular county, city or other political subdivision of the state owning such property, or condemnation proceedings may be brought for the determination of such compensation.

[C71, 73, 75, 77, 79, 81, §313A.9]

313A.10 Resolution precedent to action.

Before the department shall proceed with any action to secure right of way or with the construction of any toll bridge under the provisions of this chapter, it shall first pass a resolution finding that public interest and necessity require the acquisition of right of way for and the construction of such toll bridge. Such resolution shall be conclusive evidence of the public necessity of such construction and that such property is necessary therefor. To aid the department in determining the public interest, a public hearing shall be held in the county or counties of this state in which any portion of a bridge is proposed to be located. Notice of such hearing shall be published at least once in a newspaper published and having a general circulation in the county or counties where such bridge is proposed to be located, not less than twenty days prior to the date of the hearing. When it becomes necessary for the department to condemn any real estate to be used in connection with any such bridge, or to condemn any existing bridge, such condemnation shall be carried out in a manner consistent with the provisions of chapters 6A and 6B. In eminent domain proceedings to acquire property for any of the purposes of this chapter, any bridge, real property, personal property, franchises, rights, easements, or other property or privileges appurtenant thereto appropriated or dedicated to a public use or purpose by any person, firm, private, public or municipal corporation, county, city, district or any political subdivision of the state, may be condemned and taken, and the acquisition and use thereof as herein provided for the same public use or purpose to which such property has been so appropriated or dedicated, or for any other public use or purpose, shall be deemed a superior and permanent right and necessity, and a more necessary use and purpose than the public use or purpose to which such property has already been appropriated or dedicated, and any condemnation award may be paid from the proceeds of revenue bonds issued under the provisions of this chapter.

[C71, 73, 75, 77, 79, 81, §313A.10]

313A.11 Payment from available funds.

If the department determines that any toll bridge should be constructed or acquired under its authority, all costs thereof, including land, right of way, surveying, engineering, construction, legal and administrative expenses, and fees of any fiscal adviser, shall be paid out of any funds available for payment of the cost of the bridge.

[C71, 73, 75, 77, 79, 81, §313A.11]

313A.12 Revenue bonds.

The department is hereby authorized and empowered to issue revenue bonds for the acquisition, purchase or construction of any interstate bridge. Any and all bonds issued by the department for the acquisition, purchase, or construction of any interstate bridge under the authority of this chapter shall be issued in the name of the department and shall constitute obligations only of the department, shall be identified by some appropriate name, and shall contain a recital on the face thereof that the payment or redemption of said bonds and the payment of the interest thereon are secured by a direct charge and lien upon the tolls and other revenues of any nature whatever received from the operation of the particular bridge for the acquisition, purchase, or construction of which the bonds are issued and of such other bridge or bridges as may have been pledged therefor, and that neither the payment of the principal or any part thereof nor of the interest thereon or any part thereof constitutes a debt, liability, or obligation of the state of Iowa. When it is determined by the department to be in the best public interest, any bonds issued under the provisions of this chapter may be refunded and refinanced at a lower rate, the same rate or a higher rate or rates of interest and from time to time as often as the department shall find it to be advisable and necessary so to do. Bonds issued to refund other bonds theretofore issued by the department under the provisions of this chapter may either be sold in the manner hereinafter provided and the proceeds thereof applied to the payment of the bonds being refunded, or the refunding bonds may be exchanged for and in payment and discharge of the bonds being refunded. The refunding bonds may be sold or exchanged in installments at different times or an entire issue or series may be sold or exchanged at one time. Any issue or series of refunding bonds may be exchanged in part or sold in part in installments at different times or at one time. The refunding bonds may be sold at any time on, before, or after the maturity of any of the outstanding bonds to be refinanced thereby and may be issued for the purpose of refunding a like or greater principal amount of bonds, except that the principal amount of the refunding bonds may exceed the principal amount of the bonds to be refunded to the extent necessary to pay any premium due on the call of the bonds to be refunded or to fund interest in arrears or about to become due. The gross revenues of any toll bridge pledged to the payment of the bonds being refunded, together with the unpledged gross revenues of any other toll bridges located within ten miles of said bridge, may be pledged by the department to pay the principal of and interest on the refunding bonds and to create and maintain reserves therefor.

The department is empowered to receive and accept funds from the state of Iowa or the federal

government or any other state upon a co-operative or other basis for the acquisition, purchase, or construction of any interstate bridge authorized under the provisions of this chapter and is empowered to enter into such agreements with the state of Iowa or any other state or the federal government as may be required for the securing of such funds.

The department is authorized and empowered to spend from annual primary road fund receipts sufficient moneys to pay the cost of operation, maintenance, insurance, collection of tolls and accounting therefor and all other charges incidental to the operation and maintenance of any toll bridge administered under the provisions of this chapter. However, said annual primary road fund receipts shall be used only to pay such costs and charges with respect to that part of the bridge which is located within the state of Iowa.

The department may also issue its revenue bonds to pay all or any part of the cost of acquiring two or more existing interstate bridges and any partially constructed interstate bridge, all located within ten miles of each other, of completing the partially constructed bridge and of dismantling the bridge which it is designed to replace, and to impose and collect tolls on all of such bridges and to pledge the revenues derived therefrom to the payment of the bonds issued to finance such project. The department may also issue its revenue bonds to pay all or any part of the cost of reconstructing, completing, improving, repairing, or remodeling any interstate bridge or partially constructed bridge, impose and collect tolls, and pledge the bridge revenues to the payment of said bonds.

[C71, 73, 75, 77, 79, 81, §313A.12]

313A.13 Sale and exchange or retirement of bonds.

The revenue bonds may be issued and sold or exchanged by the department from time to time and in such amounts as it deems necessary to provide sufficient funds for the acquisition, purchase, or construction of any such bridge and to pay interest on bonds issued for the construction of any toll bridge during the period of actual construction and for six months after completion thereof. The department is hereby authorized to adopt all necessary resolutions prescribing the form, conditions, and denominations of the bonds, the maturity dates therefor, and the interest rate or rates which the bonds shall bear. All bonds of the same issue need not bear the same interest rate. Principal and interest of the bonds shall be payable at such place or places within or without the state of Iowa as determined by the department, and the bonds may contain provisions for registration as to principal or interest, or both. Interest shall be payable at such times as determined by the department and the bonds shall mature at such

times and in such amounts as the department prescribes. The department may provide for the retirement of the bonds at any time prior to maturity, and in such manner and upon payment of such premiums as it may determine in the resolution providing for the issuance of the bonds. All such bonds and any coupons attached thereto shall be signed by such officials of the department as the department may direct. Successive issues of such bonds within the limits of the original authorization shall have equal preference with respect to the payment of the principal thereof and the payment of interest thereon. The department may fix different maturity dates, serially or otherwise, for successive issues under any one original authorization. All bonds issued under the provisions of this chapter shall have all the qualities of negotiable instruments under the laws of the state of Iowa. All bonds issued and sold hereunder shall be sold to the highest and best bidder on the basis of sealed proposals received pursuant to a notice specifying the time and place of sale and the amount of bonds to be sold which shall be published at least once not less than seven days prior to the sale in a newspaper published in the state of Iowa and having a general circulation in said state. None of the provisions of chapter 75 shall apply to bonds issued under the provisions of this chapter but such bonds shall be sold upon terms of not less than par plus accrued interest. The department may reject any or all bids received at the public sale and may thereafter sell the bonds at private sale on such terms and conditions as it deems most advantageous to its own interests, but not at a price below that of the best bid received at the advertised sale. The department may enter into contracts and borrow money through the sale of bonds of the same character as those herein authorized, from the United States or any agency thereof, upon such conditions and terms as may be agreed to and the bonds shall be subject to all the provisions of this chapter, except that any bonds issued hereunder to the United States or any agency thereof need not first be offered at public sale. The department may also provide for the private sale of bonds issued under the provisions of this chapter to the state treasurer of Iowa upon such terms and conditions as may be agreed upon, and in such event said bonds need not first be offered at public sale. Temporary or interim bonds, certificates, or receipts, of any denomination, and with or without coupons attached, signed by such official as the department may direct, may be issued and delivered until the definitive bonds are executed and available for delivery.

[C71, 73, 75, 77, 79, 81, §313A.13]

313A.14 Proceeds in trust fund.

The proceeds from the sale of all bonds authorized and issued under the provisions of this chapter shall be deposited by the department in a fund

designated as the construction fund of the particular interstate bridge or bridges for which such bonds were issued and sold, which fund shall not be a state fund and shall at all times be kept segregated and set apart from all other funds and in trust for the purposes herein set out. Such proceeds shall be paid out or disbursed solely for the acquisition, purchase, or construction of such interstate bridge or bridges and expenses incident thereto, the acquisition of the necessary lands and easements therefor and the payment of interest on such bonds during the period of actual construction and for a period of six months thereafter, only as the need therefor shall arise and the department may agree with the purchaser of said bonds upon any conditions or limitations restricting the disbursement of such funds that may be deemed advisable, for the purpose of assuring the proper application of such funds. All moneys in such fund and not required to meet current construction costs of the interstate bridge or bridges for which such bonds were issued and sold, and all funds constituting surplus revenues which are not immediately needed for the particular object or purpose to which they must be applied or are pledged may be invested in obligations issued or guaranteed by the United States or by any person controlled by or supervised by and acting as an instrumentality of the United States pursuant to authority granted by the Congress of the United States; provided, however, that the department may provide in the proceedings authorizing the issuance of said bonds that the investment of such moneys shall be made only in particular bonds and obligations within the classifications eligible for such investment and such provisions shall thereupon be binding upon the department and all officials having anything to do with such investment. Any surplus which may exist in said construction fund shall be applied to the retirement of bonds issued for the acquisition, purchase, or construction of any such interstate bridge by purchase or call and, in the event such bonds cannot be purchased at a price satisfactory to the department and are not by their terms callable prior to maturity, such surplus shall be paid into the fund applicable to the payment of principal and interest of said bonds and shall be used for that purpose. The proceedings authorizing the issuance of bonds may provide limitations and conditions upon the time and manner of applying such surplus to the purchase and call of outstanding bonds and the terms upon which they shall be purchased or called and such limitations and conditions shall be followed and observed in the application and use of such surplus. All bonds so retired by purchase or call shall be immediately canceled.

[C71, 73, 75, 77, 79, 81, §313A.14]

313A.15 Toll revenue fund.

All tolls or other revenues received from the operation of any toll bridge acquired, purchased, or

constructed with the proceeds of bonds issued and sold hereunder shall be deposited by the department to the credit of a special trust fund to be designated as the toll revenue fund of the particular toll bridge or toll bridges producing such tolls or revenue, which fund shall be a trust fund and shall at all times be kept segregated and set apart from all other funds.

[C71, 73, 75, 77, 79, 81, §313A.15]

313A.16 Funds transferred to place of payment.

From the money so deposited in each separate construction fund as hereinabove provided, at the direction of the department there shall be transferred to the place or places of payment named in said bonds such sums as may be required to pay the interest as it becomes due on all bonds issued and outstanding for the construction of such particular toll bridge or toll bridges during the period of actual construction and during the period of six months immediately thereafter. The department shall thereafter transfer from each separate toll revenue fund to the place or places of payment named in the bonds for which said revenues have been pledged such sums as may be required to pay the interest on said bonds and redeem the principal thereof as such interest and principal become due. All funds so transferred for the payment of principal or of interest on bonds issued for any particular toll bridge or toll bridges shall be segregated and applied solely for the payment of said principal or interest. The proceedings authorizing the issuance of the bonds may provide for the setting up of a reserve fund or funds out of the tolls and other revenues not needed for the payment of principal and interest, as the same currently matures and for the preservation and continuance of such fund in a manner to be provided therein, and such proceedings may also require the immediate application of all surplus moneys in such toll revenue fund to the retirement of such bonds prior to maturity, by call or purchase, in such manner and upon such terms and the payment of such premiums as may be deemed advisable in the judgment of the department. The moneys remaining in each separate toll revenue fund after providing the amount required for the payment of principal of and interest on bonds as hereinabove provided, shall be held and applied as provided in the proceedings authorizing the issuance of said bonds. In the event the proceedings authorizing the issuance of said bonds do not require surplus revenues to be held or applied in any particular manner, they shall be allocated and used for such other purposes incidental to the construction, operation, and maintenance of any toll bridge as the department may determine and as permitted under sections 313A.7 and 313A.12.

[C71, 73, 75, 77, 79, 81, §313A.16]

313A.17 Warrants for payment.

Warrants for payments to be made on account of such bonds shall be drawn by the department on duly approved vouchers. Moneys required to meet the costs of purchase or construction and all expenses and costs incidental to the acquisition, purchase, or construction of any particular interstate bridge or to meet the costs of operating, maintaining, and repairing the same, shall be paid by the department from the proper fund therefor upon duly approved vouchers. All interest received or earned on money deposited in each and every fund herein provided for shall be credited to and become a part of the particular fund upon which said interest accrues.

[C71, 73, 75, 77, 79, 81, §313A.17]

313A.18 Depositories or paying agents.

The department may provide in the proceedings authorizing the issuance of bonds or may otherwise agree with the purchasers of bonds regarding the deposit of all moneys constituting the construction fund and the toll revenue fund and provide for the deposit of such money at such times and with such depositories or paying agents and upon the furnishing of such security as may meet with the approval of the purchasers of such bonds.

[C71, 73, 75, 77, 79, 81, §313A.18]

313A.19 Expenses of department.

Notwithstanding any provision contained in this chapter, the proceeds received from the sale of bonds and the tolls or other revenues received from the operation of any toll bridge may be used to defray any expenses incurred by the department in connection with and incidental to the issuance and sale of bonds for the acquisition, purchase, or construction of any such toll bridge including expenses for the preparation of surveys and estimates, legal, fiscal and administrative expenses, and the making of such inspections and examinations as may be required by the purchasers of such bonds; provided, that the proceedings authorizing the issuance of such bonds may contain appropriate provisions governing the use and application of said bond proceeds and toll or other revenues for the purposes herein specified.

[C71, 73, 75, 77, 79, 81, §313A.19]

313A.20 No diminution of duties while bonds outstanding.

While any bonds issued by the department remain outstanding, the powers, duties or existence of the department or of any other official or agency of the state shall not be diminished or impaired in any manner that will affect adversely the interests and rights of the holders of such bonds. The holder of any bond may by mandamus or other appropriate proceeding require and compel the performance of any of the duties imposed upon any state department, official, or employee or imposed upon the department or its officers, agents, and

employees in connection with the acquisition, purchase, construction, maintenance, operation, and insurance of any bridge and in connection with the collection, deposit, investment, application, and disbursement of all tolls and other revenues derived from the operation and use of any bridge and in connection with the deposit, investment, and disbursement of the proceeds received from the issuance of bonds; provided, that the enumeration of such rights and remedies herein shall not be deemed to exclude the exercise or prosecution of any other rights or remedies by the holders of such bonds.

[C71, 73, 75, 77, 79, 81, §313A.20]

313A.21 Insurance or indemnity bond.

When any toll bridge authorized hereunder is being built by the department it may carry or cause to be carried such an amount of insurance or indemnity bond or bonds as protection against loss or damage as it may deem proper. The department is hereby further empowered to carry such an amount of insurance to cover any accident or destruction in part or in whole to any toll bridge. All moneys collected on any indemnity bond or insurance policy as the result of any damage or injury to any such toll bridge shall be used for the purpose of repairing or rebuilding of any such toll bridge as long as there are revenue bonds against any such structure outstanding and unredeemed. The department is also empowered to carry insurance or indemnity bonds insuring against the loss of tolls or other revenues to be derived from any such toll bridge by reason of any interruption in the use of such toll bridge from any cause whatever, and the proceeds of such insurance or indemnity bonds shall be paid into the fund into which the tolls and other revenues of the bridge thus insured are required to be paid and shall be applied to the same purposes and in the same manner as other moneys in the said fund. Such insurance or indemnity bonds may be in an amount equal to the probable tolls and other revenues to be received from the operation of such toll bridge during any period of time that may be determined upon by the department and fixed in its discretion, and be paid for out of the toll revenue fund as may be specified in said proceedings. The department may provide in the proceedings authorizing the issuance of bonds for the carrying of insurance as authorized by this chapter and the purchase and carrying of insurance as authorized by this chapter shall thereupon be obligatory upon the department and be paid for out of the toll revenue fund as may be specified in said proceedings.

[C71, 73, 75, 77, 79, 81, §313A.21]

313A.22 Toll charges fixed by department.

The department is hereby empowered to fix the rates of toll and other charges for all interstate

bridges acquired, purchased, or constructed under the terms of this chapter. Toll charges so fixed may be changed from time to time as conditions may warrant. The department in establishing toll charges shall give due consideration to the amount required annually to pay the principal of and interest on bonds payable from the revenues thereof. The tolls and charges shall be at all times fixed at rates sufficient to pay the bonds and interest as they mature, together with the creation and maintenance of bond reserve funds and other funds as established in the proceedings authorizing the issuance of the bonds, for any particular toll bridge. The amounts required to pay the principal of and interest on bonds shall constitute a charge and lien on all such tolls and other revenues and interest thereon and sinking funds created therefrom received from the use and operation of said toll bridge, and the department is hereby authorized to pledge a sufficient amount of said tolls and revenues for the payment of bonds issued under the provisions of this chapter and interest thereon and to create and maintain a reserve therefor. Such tolls and revenues, together with the interest earned thereon, shall constitute a trust fund for the security and payment of such bonds and shall not be used or pledged for any other purpose as long as such bonds or any of them are outstanding and unpaid.

[C71, 73, 75, 77, 79, 81, §313A.22]

313A.23 Political subdivision may aid.

Whenever a proposed interstate bridge is to be acquired, purchased or constructed, any city, county, or other political subdivision located in relation to such facility so as to benefit directly or indirectly thereby, may, either jointly or separately, at the request of the department advance or contribute money, rights of way, labor, materials, and other property toward the expense of acquiring, purchasing or constructing the bridge, and for preliminary surveys and the preparation of plans and estimates of cost therefor and other preliminary expenses. Any such city, county, or other political subdivision may, either jointly or separately, at the request of the department advance or contribute money for the purpose of guaranteeing the payment of interest or principal on the bonds issued by the department to finance the bridge. Appropriations for such purposes may be made from any funds available, including county road funds received from or credited by the state, or funds obtained by excess tax levies made pursuant to law or the issuance of general obligation bonds for this purpose. Money or property so advanced or contributed may be immediately transferred or delivered to the department to be used for the purpose for which contribution was made. The department may enter into an agreement with a city, county, or other political subdivision to repay any money or the value of a right of way, labor, materials or other property so advanced or contributed.

The department may make such repayment to a city, county, or other political subdivision and reimburse the state for any expenditures made by it in connection with the bridge out of tolls and other revenues for the use of the bridge.

[C71, 73, 75, 77, 79, 81, §313A.23]

313A.24 Sale of excess land to political subdivisions.

If the department deems that any land, including improvements thereon, is no longer required for toll bridge purposes and that it is in the public interest, it may negotiate for the sale of such land to the state or to any city, county, or other political subdivision or municipal corporation of the state. The department shall certify the agreement for the sale to the state executive council, with a description of the land and the terms of the sale and the state executive council may execute the deed and deliver it to the grantee.

[C71, 73, 75, 77, 79, 81, §313A.24]

313A.25 Sale to public.

If the department is of the opinion that any land, including improvements thereon, is no longer required for toll bridge purposes, it may be offered for sale upon publication of a notice once each week for two consecutive weeks in a newspaper published and having a general circulation throughout the state of Iowa, specifying the time and place fixed for the receipt of bids.

[C71, 73, 75, 77, 79, 81, §313A.25]

313A.26 Acceptance or rejection of bids.

The department may reject all such bids if the highest bid does not equal the reasonable fair market value of the real property, plus the value of the improvements thereon, computed on the basis of the reproduction value less depreciation. The department may accept the highest and best bid, and certify the agreement for the sale to the state executive council, with a description of the land and the terms of the sale and the state executive council shall execute the deed and deliver it to the grantee.

[C71, 73, 75, 77, 79, 81, §313A.26]

313A.27 Franchises for use of bridge.

If the department deems it consistent with the use and operation of any toll bridge, the department may grant franchises to persons, firms, associations, private or municipal corporations, the United States government or any agency thereof, to use any portion of the property of any toll bridge, including approaches thereto, for the construction and maintenance of water pipes, flumes, gas pipes, telephone, telegraph and electric light and power lines and conduits, trams or railways, and any other such facilities in the manner of granting franchises on state highways.

[C71, 73, 75, 77, 79, 81, §313A.27]

313A.28 Deposit of proceeds.

Any moneys received pursuant to the provisions of sections 313A.24 through 313A.27 shall be deposited by the department into the separate and proper trust fund established for the bridge.

[C71, 73, 75, 77, 79, 81, §313A.28]

313A.29 Tolls imposed for improving other bridges.

The department shall have the right to impose and reimpose tolls for pedestrian or vehicular traffic over any interstate bridges under its control and jurisdiction for the purpose of paying the cost of reconstructing and improving existing bridges and their approaches, purchasing existing bridges, and constructing new bridges and approaches, provided that any such existing bridge or new bridge is located within ten miles of the bridge on which tolls are so imposed or reimposed, to pay interest on and create a sinking fund for the retirement of revenue bonds issued for the account of such projects and to pay any and all costs and expenses incurred by the department in connection with and incidental to the issuance and sale of bonds and for the preparation of surveys and estimates and to establish the required interest reserves for and during the estimated construction period and for six months thereafter.

[C71, 73, 75, 77, 79, 81, §313A.29]

313A.30 Bridges as part of primary roads.

The bridges herein provided for may be incorporated into the primary road system as toll free bridges whenever the costs of the construction of the bridges and the approaches thereto and the reconstruction and improvement of existing bridges and approaches thereto, including all incidental costs, have been paid and when all revenue bonds and interest thereon issued and sold pursuant to this chapter and payable from the tolls and revenues thereof shall have been fully paid and redeemed or funds sufficient to pay said bonds and interest, including premium, if any, have been set aside and pledged for that purpose. However, tolls may again be imposed as provided in section 313A.29.

[C71, 73, 75, 77, 79, 81, §313A.30]

313A.31 Revenue bonds.

The department shall have the power and is hereby authorized by resolution to issue, sell, or pledge its revenue bonds in an amount sufficient to provide funds to pay all or any part of the costs of construction of a new bridge and approaches thereto and the reconstruction, improvement, and maintaining of an existing bridge and approaches thereto, including all costs of survey, acquisition of right of way, engineering, legal, fiscal and incidental expenses, to pay the interest due thereon during the period beginning with the date of issue of the bonds and ending at the expiration of six

months after the first imposition and collection of tolls from the users of said bridges, and all costs incidental to the issuance and sale of the bonds.

Except as may be otherwise specifically provided by statute, all of the other provisions of this chapter shall govern the issuance and sale of revenue bonds issued under this section, the execution thereof, the disbursement of the proceeds of issuance thereof, the interest rate or rates thereon, their form, terms, conditions, covenants, negotiability, denominations, maturity date or dates, the creation of special funds or accounts safeguarding and providing for the payment of the principal thereof and interest thereon, and their manner of redemption and retirement.

Such bonds shall include a covenant that the payment of the principal thereof and the interest thereon are secured by a first and direct charge and lien on all of the tolls and other gross revenues received from the operation of said toll bridges and from any interest which may be earned from the deposit or investment of any such revenues.

The tolls and charges shall be at all times fixed at rates sufficient to pay the bonds and interest as they mature, together with the creation and maintenance of bond reserve funds and other funds as established in the proceedings authorizing the issuance of the bonds.

[C71, 73, 75, 77, 79, 81, §313A.31]

313A.32 Operation and control of bridge.

The department is hereby authorized to operate and to assume the full control of said toll bridges and each portion thereof whether within or without the borders of the state of Iowa, with full power to impose and collect tolls from the users of such bridges for the purpose of providing revenues at least sufficient to pay the cost and incidental expenses of construction and acquisition of said bridges and approaches in both states in which located and for the payment of the principal of and interest on its revenue bonds as authorized by this chapter.

[C71, 73, 75, 77, 79, 81, §313A.32]

313A.33 No obligation of state.

Under no circumstances shall any bonds issued under the terms of this chapter be or become or be construed to constitute a debt of or charge against the state of Iowa within the purview of any constitutional or statutory limitation or provision. No taxes, appropriations or other funds of the state of Iowa may be pledged for or used to pay such bonds or the interest thereon, but any such bonds shall be payable solely and only as to both principal and interest from the tolls and revenues derived from the operation of any toll bridge or toll bridges acquired, purchased, or constructed under this chapter, and the sole remedy for any breach or default of the terms of any such bonds or proceedings for their issuance shall be a proceeding either in

law or in equity by suit, action or mandamus to enforce and compel performance of the duties required by this chapter and the terms of the resolution under which such bonds are issued.

[C71, 73, 75, 77, 79, 81, §313A.33]

313A.34 Agreements with other states.

The director of transportation may, subject to the approval of the state transportation commission, enter into such agreement or agreements with other state highway commissions and the governmental agencies or subdivisions of the state of Iowa or other states and with federal bridge commissions as they shall find necessary or convenient to carry out the purposes of this chapter, and is authorized to do any and all acts contained in such agreement or agreements that are necessary or convenient to carry out the purposes of this chapter. Such agreements may include, but shall not be restricted to, the following provisions:

1. A provision that the department shall assume and have complete responsibility for the operation of such bridges and approaches thereto, and with full power to impose and collect all toll charges from the users of such bridges and to disburse the revenue derived therefrom for the payment of principal and interest on any revenue bonds herein provided for and to carry out the purposes of this chapter.

2. A provision that the department shall provide for the issuance, sale, exchange or pledge, and payment of revenue bonds payable solely from the revenues derived from the imposition and collection of tolls upon such toll bridges.

3. A provision that the department, after consultation with the other governmental agencies or subdivisions who are parties to such agreements, shall fix and revise the classifications and amounts of tolls to be charged and collected from the users of the toll bridges, with the further provision that such toll charges shall be removed after all costs of planning, designing, and construction of such toll bridges and approaches thereto and all incidental costs shall have been paid, and all of said revenue bonds, and interest thereon, issued pursuant to this chapter shall have been fully paid and redeemed or funds sufficient therefor have been set aside and pledged for that purpose.

314.1 Bidders' statements of qualifications — basis for awarding contracts.

The agency having charge of the receipt of bids and the award of contracts for the construction, reconstruction, improvement, repair or maintenance of any highway, may require, for any highway contract letting, that each bidder shall file with said agency a statement showing the bidder's financial standing, equipment, and experience in the execution of like or similar work. Said statements shall be on standard forms prepared by the department and shall be filed with said agency previous to the letting at which such bidder expects to bid. The agency may, in advance of the letting, notify the bidder as to the amount and the nature of the work for which the bidder is deemed qualified to bid.

In the award of contracts for the construction, reconstruction, improvement, repair or maintenance of any highway, the agency having charge of awarding such contracts shall give due consideration not only to the prices bid but also to the mechanical or other equipment and the financial responsibility and experience in the performance of like or similar contracts. The agency may reject any or all bids, or may let by private contract or build by day labor, at a cost not in excess of the lowest bid received. Upon the completion of any contract or project on either the farm-to-market or secondary road system, the county engineer shall file with the county auditor a statement showing the total cost thereof with certificate that said work has been done in accordance with the plans and specifications. All contracts shall be in writing and shall be secured by a bond for the faithful performance thereof as provided by law.

314.2 Interest in contract prohibited.

No state or county official or employee, elective or appointive shall be directly or indirectly interested in any contract for the construction, reconstruction, improvement or maintenance of any highway, bridge or culvert, or the furnishing of materials therefor. The letting of a contract in violation of the foregoing provisions shall invalidate the contract and such violation shall be a complete defense to any action to recover any consideration due or earned under the contract at the time of its termination.

[S13, §1527-s15; C24, §4685, 4700; C27, 31, 35, §4685, 4755-b10; C39, **4685, 4686.14, 4755.10**; C46, §309.92, 310.14, 313.10; C50, §308A.11; C54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §314.2]

314.3 Claims — approval and payment.

All claims for construction, reconstruction, improvement, repair, or maintenance on any highway shall be itemized on voucher forms prepared for that purpose, certified to by the claimants and by the engineer in charge, and then forwarded to the agency in control of that highway for final audit and approval. Claims payable from the farm-to-market road fund shall be approved by both the board of supervisors and the department. Upon approval by the department of vouchers which are payable from the farm-to-market road fund, or from the primary road fund, as the case may be, such vouchers shall be forwarded to the director of revenue and finance, who shall draw warrants therefor and said warrants shall be paid by the treasurer of the state from the farm-to-market road fund or from the primary road fund, as the case may be.

If the engineer makes such certificate or a member of the agency approves such claim when said work has not been done in accordance with the plans and specifications, and said work be not promptly made good without additional cost, the engineer or member shall be liable on the person's bond for the amount of such claim.

[SS15, §1527-s10; C24, §4653, 4702; C27, 31, 35, §4653, 4755-b15; C39, **4653, 4686.17, 4755.15**; C46, §309.59, 310.17, 313.15; C50, §308A.12; C54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §314.3]

314.4 Partial payments.

Partial payments may be made on highway contract work during the progress thereof, but no such partial payment shall be deemed final acceptance of the work nor a waiver of any defect therein. The approval of any claim by the agency in control of the work, or highway on which the work is located, may be evidenced by the signature of the chairperson of said agency, or of a majority of the members of said agency, on the individual claims or on the abstract of a number of claims with the individual claims attached to said abstract.

[SS15, §1527-s10; C24, §4654, 4702; C27, 31, 35, §4654, 4755-b16; C39, **4654, 4755.16**; C46, §309.60, 313.16; C50, §308A.13; C54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §314.4]

314.5 Extensions in certain cities.

The agency in control of a secondary road, subject to approval of the council, may eliminate danger at railroad crossings and construct, reconstruct, improve, repair, and maintain any road or street which is an extension of the secondary road within a city. However, this authority does not apply to the extensions of secondary roads located in cities over twenty-five hundred population, where the houses or business houses average less than two hundred feet apart.

The phrase “*subject to the approval of the council*” as it appears in this section, shall be construed as authorizing the council to consider said proposed improvement only in its relationship to municipal improvements such as sewers, water lines, establishing grades, change of established street grades, sidewalks and other public improvements. The locations of such road extensions shall be determined by the agency in control of such road or road system.

Officers, employees, and contractors in charge of improvement or maintenance work on any highway shall not cut down or injure any tree growing by the wayside which does not materially obstruct the highway, or tile drains, or interfere with the improvement or maintenance of the road, and which stands in front of any city lot, farmyard or orchard or feed lot, or any ground reserved for any public use. Nor shall they destroy or injure reasonable ingress or egress to any property, or turn the natural drainage of the surface water to the injury of adjoining owners. It shall be their duty to use strict diligence in draining the surface water from the public road in its natural channel. To this end they may enter upon the adjoining lands for the purpose of removing from such natural channel obstructions that impede the flow of such water.

[C24, 27, §4791; C31, 35, §4644-c46; C39, §4644.44; C46, §309.44; C50, §308A.16; C54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §314.7]

tion the witness corner is from the corner disturbed or covered up. When said construction work is completed the engineer shall permanently re-establish said corner or monument. A failure to perform said duties shall subject the engineer to a fine of not less than ten dollars nor more than fifty dollars to be collected on the engineer’s bond.

The agency in control of a highway may after thirty days’ written notice by restricted certified mail addressed to the owner and also to the occupant, enter upon private property for the purpose of making surveys, soundings, drillings, appraisals, and examinations as the agency deems appropriate or necessary to determine the advisability or practicability of locating and constructing a highway on the property or for the purpose of determining whether gravel or other material exists on the property of suitable quality and in sufficient quantity to warrant the purchase or condemnation of the property. The entry shall not be deemed a trespass, and the agency may be aided by injunction to insure peaceful entry. The agency shall pay actual damages caused by the entry, surveys, soundings, drillings, appraisals, or examinations.

Any damage caused by the entry, surveys, soundings, drillings, appraisals, or examinations shall be determined by agreement or in the manner provided for the award of damages in condemnation of the property for highway purposes. Soundings or drillings shall not be done within one hundred fifty feet of the dwelling house or within fifty feet of other buildings without written consent of the owner.

Telephone, telegraph, electric transmission and pipe lines may be permitted to use any highway bridge on or across a state line on such terms and

conditions as the agency or officials jointly constructing, maintaining or operating such bridge may jointly determine. No discrimination shall be made in the use of such bridge as between such utilities. Joint use of telephone, telegraph, electric transmission or pipe lines may not be required. No grant to any public utility to use such bridge shall in any way interfere with the use of such bridge by the public for highway purposes.

When the borrow pit is acquired by easement, the restoration method shall be determined by agreement with the landowner.

(1) Is at least fifty-one percent owned by one or more socially and economically disadvantaged individuals.

(2) Whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

However, the department may also determine, on a case-by-case basis, that an individual who is not a member of one of the enumerated groups is socially and economically disadvantaged. A rebuttable presumption exists that individuals in the following groups are socially and economically disadvantaged:

(1) “Black Americans” which includes persons having origins in any of the black racial groups of Africa.

(2) “Hispanic Americans” which includes persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

The annual dollar amount set aside for bidding by prequalified disadvantaged business enterprises shall not exceed ten percent of the total dollar amount of federal aid highway construction contracts let by the department and federal aid transit dollars administered by the department. The director may estimate the set-aside amount at the beginning of each fiscal year and a suit shall not be brought by any party

as a result of this estimate. Set-aside contracts will be awarded to the lowest responsible prequalified disadvantaged business enterprise. This section shall not be construed as limiting the department's right to refuse any or all disadvantaged business enterprise bids.

3. To promote native species of vegetation or other long-lived and adaptable vegetation.
4. For establishing control of damaging insect populations, noxious weeds, and invader plant species.
5. For visibility and safety reasons.

98 Acts, ch 1212, §7

314.18 Reserved.

314.19 Reseeding open ditches.

The department shall have the topsoil of each open ditch along the side of a highway reseeded with prairie grass seed and the seed of other adapted grass and legumes including native grass species after the construction, reconstruction, improvement, repair, or maintenance of a highway whenever feasible.

84 Acts, ch 1114, §1

314.20 Utility easements on highway right-of-way.

The department shall develop an accommodation plan for the longitudinal utility use of freeway right-of-way, in consultation with the utilities board. The plan shall be consistent with the rules of the federal highway administration of the United States department of transportation and shall be submitted to the federal highway administration for its approval by January 1, 1989. In developing the plan, the department shall provide for extended payment and lease agreements to provide continuous funding for the living roadway trust fund. The plan shall provide for charges for the use of the right-of-way and all moneys collected shall be credited to the living roadway trust fund established under section 314.21.

88 Acts, ch 1019, §9; 89 Acts, ch 246, §4

Use of moneys in fund for other projects; §314.21

314.21 Living roadway trust fund.

1. The living roadway trust fund is created in the office of the treasurer of state. The moneys in this fund shall be used exclusively for the development and implementation of integrated roadside vegetation plans. Except as provided in subsections 2 and 3, the moneys shall only be expended for areas on or adjacent to road, street, and highway right-of-ways. The state department of transportation in consultation with the department of natural resources shall establish standards relating to the type of projects available for assistance. For the fiscal period beginning July 1, 1988, and ending March 31, 1990, the moneys in the fund shall be expended as follows: fifty-six percent on state department of transportation projects; thirty percent on county projects; and fourteen percent on city projects.

A city or county which has a project which qualifies for the use of these funds shall submit a request for the funds to the state department of transportation. A city or county may, at its option, apply moneys allocated for use on city or county projects under this subsection toward qualifying projects on the primary system. The state department of transportation in consultation with the department of natural resources shall determine which projects qualify for the funds and which projects shall be funded if the requests for the funds exceed the availability of the funds. In ranking applications for funds, the department shall consider the proportion of political subdivision matching funds to be provided, if any, and the proportion of private contributions to be provided, if any. In considering the proportion of political subdivision matching funds provided, the department shall consider only those moneys which are in addition to those which the political subdivision has historically provided toward such projects. Funds allocated to the cities, the counties, and the department which are not programmed by the end of each fiscal year shall be available for redistribu-

tion to any eligible applicant regardless of the original allocation of funds. Such funds shall be awarded for eligible projects based upon their merit in meeting the program objectives established by the department under section 314.22. The department shall submit a report of all projects funded in the previous fiscal year to the governor and to the general assembly on January 15 of each year.

Beginning April 1, 1990, the moneys in the living roadway trust fund shall be allocated between the state, counties, and cities in the same proportion that the road use tax funds are allocated under section 312.2, subsections 1, 2, 3, and 4. However, after April 1, 1990, a city or county shall not be eligible to receive moneys from the living roadway trust fund unless the city or county has an integrated roadside vegetation management plan in place consistent with the objectives in section 314.22.

2. *a.* The department may authorize projects which provide grants or loans to local governments and organizations which are developing community entryway enhancement and other planting demonstration projects. Planning, public education, installation, and initial maintenance planning and development may be determined by the department to be eligible activities for funding under this paragraph. Projects approved under this paragraph require a local match or contribution toward the overall project cost.

b. The department may authorize projects which provide grants or loans to local governments for the purchase of specialized equipment and special staff training for the establishment of alternative forms of roadside vegetation. Projects approved under this paragraph require a local match or contribution toward the overall project cost.

c. The department, in order to create greater visual effect, shall investigate alternatives for concentrating plantings at strategic locations to gain a greater visual impact and appeal as well as stronger scenic value. Equal attention shall be given to providing safe and effective habitats for wildlife which can coexist with highways.

d. The department may authorize projects which provide grants or loans to local jurisdictions for increased protection through the use of easements, fee title acquisition, covenants, zoning ordinances, or other provisions for protection of vegetation and desirable environment adjacent to the right-of-way. Off-right-of-way projects shall emphasize vegetation protection or enhancement, scenic and wildlife values, erosion control and enhancement of vegetation management projects within the right-of-ways.

3. *a.* Moneys allocated to the state under subsection 1 shall be expended as follows:

(1) Fifty thousand dollars annually to the department for the services of the integrated road-

side vegetation management coordinator and support.

(2) One hundred thousand dollars annually for education programs, research and demonstration projects, and vegetation inventories and strategies, under section 314.22, subsections 5, 6, and 8.

(3) All remaining moneys for the gateways program under section 314.22, subsection 7.

b. Moneys allocated to the counties under subsection 1 shall be expended as follows:

(1) For the fiscal year beginning July 1, 1995, and ending June 30, 1996, and each subsequent fiscal year, seventy-five thousand dollars to the university of northern Iowa to maintain the position of the state roadside specialist and to continue its integrated roadside vegetation management program providing research, education, training, and technical assistance.

(2) All remaining money for grants or loans under subsection 2, paragraph "a".

c. Moneys allocated to the cities shall be expended for grants or loans under subsection 2, paragraph "a".

314.22 Integrated roadside vegetation management.

1. *Objectives.* It is declared to be in the general public welfare of Iowa and a highway purpose for the vegetation of Iowa's roadsides to be preserved, planted, and maintained to be safe, visually interesting, ecologically integrated, and useful for many purposes. The state department of transportation shall provide an integrated roadside vegetation management plan and program which shall be designed to accomplish all of the following:

a. Maintain a safe travel environment.

In addition to other effects and factors to be considered under section 315.5, for applications submitted after July 1, 1988, the following factors and requirements shall be considered or applied:

3. The quality of jobs to be provided. Jobs that have a higher wage scale, have a lower turnover rate, are full-time, or are career-type positions are considered higher in quality. Businesses that have wage scales substantially below that of existing Iowa businesses in that area should be rated as providing the lowest quality of jobs and should therefore be given the lowest ranking for providing such assistance.

4. If the business has a record of violations of the law over a period of time that tends to show a consistent pattern, the business shall be given the lowest ranking for providing assistance. The department shall make a good faith effort to compile this information.

5. If a business has, within three years of application for assistance, acquired or merged with an Iowa corporation or company, the business shall make a good faith effort to hire the workers of the merged or acquired company.

6. To be eligible for assistance a business shall provide for a preference for hiring residents of the state or the economic development area, except for out-of-state employees offered a transfer to Iowa or the economic development area.

7. All known required environmental permits must be granted and regulations met before monies are released.

3. A payment made or to be made under the authority granted in this chapter shall be for compensating or reimbursing the displaced person or owner of real property in accordance with the requirements of the federal Uniform Relocation Act and this chapter and the payments shall not for any purpose be deemed or considered compensation for real property acquired or compensation for damages to remaining property.

Payments authorized to be made by the federal Uniform Relocation Act and this chapter shall be made as relocation payments, and in order to prevent unjust enrichment or a duplication of payments to any condemnee in any condemnation proceeding or appeal from any condemnation proceeding, an allowance shall not be made in determining just compensation in a condemnation proceeding for any damages, for any item of damage, or any cost, which is authorized to be paid as a relocation payment.

Moving cost payments and allowances for personal property which is damaged or destroyed or reduced in value by an acquisition of property authorized under section 6B.14 or any other provision of the Code under the powers of eminent domain on projects where relocation assistance payments are paid under this chapter shall be those payments and allowances authorized by this chapter and shall not be made or included as part of an award of damages in any condemnation proceeding or appeal from any condemnation proceeding.

316.3 Declaration of policy — authorization — divisibility of application.

1. The purpose of this chapter is to establish a uniform policy for the fair and equitable treatment of persons displaced as a result of federally assisted programs or projects in order that the persons shall not suffer disproportionate injuries as a result of programs or projects designed for the benefit of the public as a whole and to minimize the hardship of displacement on the persons. The general assembly declares that relocation assistance for persons displaced by programs and projects is a necessary and essential part of the programs and projects. This chapter shall be known and may be cited as the "*Relocation Assistance Law*."

2. If a displacing agency subject to the provisions of the federal Uniform Relocation Act, or if another entity required or electing to provide any of the programs or payments authorized by this chapter, undertakes a project which results in the acquisition of real property or in a person being

displaced from the person's home, business, or farm, the displacing agency or other entity may provide relocation assistance, and make relocation payments to the displaced person and do the other acts and follow the procedures and practices as may be necessary to comply with the provisions of the federal Uniform Relocation Act and this chapter. Displacing agencies may provide all or a part of the program and payments authorized under this chapter to persons displaced by any program or project regardless of the funding source. However, to the extent a program or a payment is provided, the program or payment shall be provided on a uniform basis to all displaced persons.

3. If a provision, clause, or phrase of this chapter, or application of this chapter to a person or circumstance is adjudged invalid by any court of competent jurisdiction, the judgment shall not invalidate the remainder of the chapter, and the application of the chapter to other persons or circumstances shall not be affected by the adjudication.

316.4 Moving and related expenses.

1. If a program or project undertaken by a displacing agency will result in the displacement of a person, the displacing agency shall make a payment to the displaced person, upon proper application as approved by the displacing agency, for actual reasonable and necessary expenses incurred in moving the person, the person's family, business, farm operation, or other personal property subject to rules and limits established by the department. The payment may also provide for actual direct losses of tangible personal property, purchase of substitute personal property, business reestablishment expenses, storage expenses, and expenses incurred in searching for a replacement business or farm.

2. A displaced person eligible for payments under subsection 1, who is displaced from a dwelling and who elects to accept the payments authorized by this subsection in lieu of the payments authorized by subsection 1, may receive a moving expense and dislocation allowance determined according to a schedule established by the department.

3. A displaced person, as defined in section 316.1, subsection 2, paragraph "a", eligible for payments under subsection 1, who is displaced from the person's place of business or farm operation and who is eligible, may elect to accept the payment authorized by this subsection in lieu of the payment authorized by subsection 1. The payment shall consist of a fixed payment in an amount to be determined according to criteria established by the department. A person whose sole business at the displaced dwelling is the rental of the real property does not qualify for a payment under this subsection.

316.5 Replacement housing for homeowner.

1. In addition to payments otherwise authorized by this chapter, the displacing agency shall make an additional payment to a displaced person who is displaced from a dwelling actually owned and occupied by the displaced person for not less than one hundred eighty days immediately prior to the initiation of negotiations for the acquisition of the property. All determinations to carry out this section shall be made in accordance with administrative rules adopted by the department. The additional payment shall include the following elements:

a. The amount, if any, which when added to the acquisition cost of the dwelling acquired by the displacing agency, equals the reasonable cost of a comparable replacement dwelling.

b. The amount, if any, which will compensate the displaced person for any increased interest costs and other debt service costs which the displaced person is required to pay for financing the acquisition of a comparable replacement dwelling. The amount shall be paid only if the dwelling acquired by the displacing agency was encumbered by a bona fide mortgage which was a valid lien on the dwelling for not less than one hundred and eighty days immediately prior to the initiation of negotiations for the acquisition of the dwelling.

c. Actual, reasonable, and necessary expenses incurred by the displaced person for evidence of title, recording fees, and other closing costs incident to the purchase of a replacement dwelling, but not including prepaid expenses.

2. The additional payment authorized by this section shall be made only to a displaced person who purchases and occupies a decent, safe, and sanitary replacement dwelling within one year after the date on which the person receives final payment from the displacing agency of all costs of the acquired dwelling, or on the date on which the obligation of the displacing agency under section 316.8 is met, whichever is the later, except that the displacing agency may extend the eligibility period for good cause. If the period is extended, the payment under this section shall be based on the costs of relocating the person to a comparable replacement dwelling within one year of the applicable date.

316.6 Replacement housing for tenants and certain others.

In addition to amounts otherwise authorized by this chapter, the displacing agency shall make a payment to or for a displaced person, displaced from a dwelling, not eligible to receive a payment

under section 316.5, which dwelling was actually and lawfully occupied by the displaced person for not less than ninety days immediately prior to the initiation of negotiations for acquisition of the dwelling, or as a result of the written order of the displacing agency to vacate the real property. All determinations to carry out this section shall be made in accordance with administrative rules adopted by the department. The displaced person may elect either of the following:

1. The amount necessary to enable the displaced person to lease or rent a comparable replacement dwelling. At the discretion of the displacing agency, a payment under this subsection may be made in periodic installments. Computations of a payment under this subsection to a low-income displaced person for a comparable replacement dwelling shall take into account the person's income.

2. The amount necessary to enable the person to make a down payment, including incidental expenses described in section 316.5, subsection 1, paragraph "c", on the purchase of a decent, safe, and sanitary dwelling. The person may, at the discretion of the displacing agency, be eligible under this subsection for the maximum payment allowed under subsection 1, except that, in the case of a displaced homeowner who has owned and occupied the displaced dwelling for at least ninety days but not more than one hundred and eighty days immediately prior to the initiation of negotiations for the acquisition of the dwelling, the payment shall not exceed the payment the person would otherwise have received under section 316.5, subsection 1, had the person owned and occupied the displaced dwelling for one hundred and eighty days immediately prior to the initiation of the negotiations.

316.7 Relocation assistance advisory services.

1. A displacing agency shall ensure that relocation assistance advisory services are made available to all persons displaced by the displacing agency. If the displacing agency determines that a person occupying property adjacent to the real property where the displacing activity occurs, is caused substantial economic injury as a result of the displacing activity, the displacing agency may offer the person relocation assistance advisory services.

2. The displacing agency shall co-operate to the maximum extent feasible with federal, state, or local agencies to ensure that the displaced persons receive the maximum assistance available to them.

3. Each relocation assistance advisory program required by subsection 1 shall include such

measures, facilities, or services as may be necessary or appropriate in order to comply with the provisions of the federal Uniform Relocation Act and this chapter.

4. The displacing agency shall provide other advisory services to displaced persons in order to minimize hardships to the displaced persons in adjusting to relocation.

5. The displacing agency shall co-ordinate relocation activities with project work, and other planned or proposed governmental actions or displacing activities in the community or nearby areas which may affect the carrying out of relocation assistance programs.

1. If a project cannot proceed on a timely basis because comparable replacement dwellings are not available, and the displacing agency determines that such dwellings cannot otherwise be made available, the displacing agency may take such action as is necessary or appropriate to provide the dwellings by use of funds authorized for the program or project. The displacing agency may let contracts for the construction of the dwellings, approve plans and specifications for the building of the dwellings, and supervise, inspect, and approve the dwellings once constructed in order that the dwellings so constructed comply with the terms and conditions of this chapter. The displacing agency may under this section exceed the maximum amounts which may be paid under sections 316.5 and 316.6 on a case-by-case basis for good cause as determined in accordance with administrative rules adopted by the department.

2. A person shall not be required to move from the person's dwelling on or after July 1, 1971, on account of any program or project, unless the displacing agency is satisfied that a comparable replacement dwelling is available to the person.

316.9 Rules.

The department shall make administrative rules necessary to effect the provisions of this chapter and to assure:

1. Compliance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, Pub. L. No. 91-646, as amended by the Uniform Relocation Act Amendments of 1987, Title IV, Pub. L. No. 100-17.

2. The payments authorized by this chapter are fair and reasonable and as uniform as practicable.

3. A displaced person who makes proper application for a payment authorized by this chapter is paid promptly after a move or, in hardship cases, is paid in advance.

4. A person aggrieved by a determination as to eligibility for assistance or a payment authorized by this chapter, or the amount of a payment, upon application may have the matter reviewed. Rules governing reviews shall provide for a prompt one-step uncomplicated fact-finding process. Such a review is an appeal of an agency action as defined in section 17A.2, subsection 2, and is not a contested case. The decision rendered shall be the displacing agency's final agency action.

All rules shall be subject to the provisions of chapter 17A.

1. Annually, after the weed commissioner has completed the program of destruction of weeds by reason of noncompliance by persons responsible for the destruction, the board of supervisors shall determine as to each tract of real estate the actual cost of labor and materials used by the commissioner in cutting, burning, or otherwise destroying the weeds, the cost of serving notice, and of special meetings or proceedings, if any. To the total of all sums expended, the board shall add an amount equal to twenty-five percent of that total to compensate for the cost of supervision and administration and assess the resulting sum against the tract of real estate by a special tax, which shall be certified to the county auditor and county treasurer by the clerk of the board of supervisors, and shall be placed upon the tax books, and collected, with interest after delinquent, in the same manner as other unpaid taxes. The tax shall be due on March 1 after assessment, and shall be delinquent from April 1 after due, including those instances when the last day of March is a Saturday or Sunday. When collected, the moneys shall be paid into the fund from which the costs were originally paid.

2. Before making any such assessment, the board of supervisors shall prepare a plat or sched-

3. Such board shall thereupon fix a time for the hearing on such proposed assessments, which time shall not be later than December 15 of the year, and at least twenty days prior to the time thus fixed for such hearing shall give notice thereof to all concerned that such plat or schedule is on file, and that the amounts as shown therein will be assessed against the several lots, tracts of land or parcels of ground described in said plat or schedule at the time fixed for such hearing, unless objection is made thereto. Notice of such hearing shall be given by one publication in official county newspapers in the county in which the property to be assessed is situated; or by posting a copy of such notice on the premises affected and by mailing a copy by certified mail to the last known address of the person owning or controlling said premises. At such time and place the owner of said premises or anyone liable to pay such assessment, may appear with the same rights given by law before boards of review, in reference to assessments for general taxation.

The in-transit card is valid for use only within forty-eight hours after the purchase date as indicated on the bill of sale which shall be carried by the driver.

1. Notwithstanding other provisions of this chapter, the owner of a commercial vehicle subject to the proportional registration provisions of chapter 326 may make application to the department for a certificate of title. The application for certificate of title shall be made within thirty days of purchase or transfer and accompanied by a ten dollar title fee and appropriate use tax.

3. This section shall apply to owners with fleets of more than fifty commercial vehicles based in Iowa under the proportional registration provisions of chapter 326. Subsection 1 amended

321.20B Proof of security against liability — driving without liability coverage.

1. Notwithstanding chapter 321A, which requires certain persons to maintain proof of financial responsibility, a person shall not drive a motor vehicle on the highways of this state unless financial liability coverage, as defined in section 321.1, subsection 24B, is in effect for the motor vehicle and unless the driver has in the motor vehicle the proof of financial liability coverage card issued for the motor vehicle, or if the vehicle is registered in another state, other evidence that financial liability coverage is in effect for the motor vehicle.

It shall be conclusively presumed that a motor vehicle driven upon a parking lot which is available to the public without charge or which is avail-

able to customers or invitees of a business or facility without charge was driven on the highways of this state in order to enter the parking lot, and this section shall be applicable to such a motor vehicle. As used in this section, "parking lot" includes access roads, drives, lanes, aisles, entrances, and exits to and from a parking lot described in this paragraph.

This subsection does not apply to the operator of a motor vehicle owned by or leased to the United States, this state or another state, or any political subdivision of this state or of another state, or to a motor vehicle which is subject to section 325A.6 or 327B.6.

2. *a.* An insurance company transacting business in this state shall issue to its insured owners of motor vehicles registered in this state a financial liability coverage card for each motor vehicle insured. Each financial liability coverage card shall identify the registration number or vehicle identification number of the motor vehicle insured and shall indicate the expiration date of the applicable insurance coverage. The financial liability coverage card shall also contain the name and address of the insurer or the name of the insurer and the name and address of the insurance agency, the name of the insured, and an emergency telephone number of the insurer or emergency telephone number of the insurance agency.

b. The insurance division and the department, as appropriate, shall adopt rules regarding the contents of a financial liability coverage card to be issued pursuant to this section. Notwithstanding the provisions of this section, a fleet owner is not required to maintain in each vehicle a financial liability coverage card with the individual registration number or the vehicle identification number of the vehicle included on the card. Such fleet owner shall be required to maintain a financial liability coverage card in each vehicle in the fleet including information deemed appropriate by the commissioner of insurance or the director, as applicable.

3. If the financial liability coverage for a motor vehicle which is registered in this state is canceled or terminated effective prior to the expiration date indicated on the financial liability coverage card issued for the vehicle, the person to whom the financial liability coverage card was issued shall destroy the card.

4. *a.* If a peace officer stops a motor vehicle registered in this state and the driver is unable to provide proof of financial liability coverage, the peace officer shall do one of the following:

(1) Issue a warning memorandum to the driver.

(2) Issue a citation to the driver. If a citation is issued, the citation shall be issued under this subparagraph unless the driver has been previously charged and cited for a violation of subsection 1. A citation which is issued and subsequently dismissed shall be disregarded for purposes of de-

termining if the driver has been previously charged and cited.

(3) Issue a citation and remove the motor vehicle's license plates and registration receipt. Upon removing the license plates and registration receipt, the peace officer shall deliver the plates for destruction, as appropriate, and forward the registration receipt and evidence of the violation, as determined by the department, to the county treasurer of the county in which the motor vehicle is registered. The motor vehicle may be driven for a time period of up to forty-eight hours after receiving the citation solely for the purpose of removing the motor vehicle from the highways of this state, unless the driver's operating privileges are otherwise suspended.

After receiving the citation, the driver shall keep the citation in the motor vehicle at all times while driving the motor vehicle as provided in this subparagraph, as proof of the driver's privilege to drive the motor vehicle for such limited time and purpose.

(4) *(a)* Issue a citation, remove the motor vehicle's license plates and registration receipt, and impound the motor vehicle. The peace officer shall deliver the plates for destruction, as appropriate, and forward the registration receipt and evidence of the violation, as determined by the department, to the county treasurer of the county in which the motor vehicle is registered.

(b) A motor vehicle which is impounded may be claimed by a person if the owner provides proof of financial liability coverage and proof of payment of any applicable fine and the costs of towing and storage for the motor vehicle. If the motor vehicle is not claimed within thirty days after impoundment, the motor vehicle may be treated as an abandoned vehicle pursuant to section 321.89.

(c) The holder of a security interest in a motor vehicle which is impounded pursuant to this subparagraph shall be notified of the impoundment within seventy-two hours of the impoundment of the motor vehicle and shall have the right to claim the motor vehicle upon the payment of all fees. However, if the value of the vehicle is less than the security interest, all fees shall be divided equally between the lienholder and the political subdivision impounding the vehicle.

b. An owner or driver of a motor vehicle who is charged with a violation of subsection 1 and issued a citation under paragraph "a", subparagraph (3) or (4), is subject to the following:

(1) An owner or driver who produces to the clerk of court, within thirty days of the issuance of the citation under paragraph "a", or prior to the date of the individual's court appearance as indicated on the citation, whichever is earlier, proof that financial liability coverage was in effect for the motor vehicle at the time the person was stopped and cited, or, if the driver is not the owner of the motor vehicle, proof that liability coverage was in effect for the driver with respect to the mo-

tor vehicle being driven at the time the driver was stopped and cited, in the same manner as if the motor vehicle were owned by the driver, shall be given a receipt indicating that such proof was provided and be subject to one of the following:

(a) If the person was cited pursuant to paragraph "a", subparagraph (3), the owner or driver shall provide a copy of the receipt to the county treasurer of the county in which the motor vehicle is registered and the owner shall be assessed a fifteen dollar administrative fee by the county treasurer who shall issue new license plates and registration to the person after payment of the fee.

(b) If the person was cited pursuant to paragraph "a", subparagraph (4), the owner or driver, after the owner provides proof of financial liability coverage to the clerk of court, may claim the motor vehicle after such person pays any applicable fine and the costs of towing and storage for the motor vehicle, and the owner or driver provides a copy of the receipt and the owner pays to the county treasurer of the county in which the motor vehicle is registered a fifteen dollar administrative fee, and the county treasurer shall issue new license plates and registration to the person.

(2) An owner or driver who is charged with a violation of subsection 1 and is unable to show that financial liability coverage was in effect for the motor vehicle at the time the person was stopped and cited may do either of the following:

(a) Sign an admission of violation on the citation and remit to the clerk of court a scheduled fine as provided in section 805.8, subsection 2, for a violation of subsection 1. Upon payment of the fine to the clerk of court of the county where the citation was issued, payment of a fifteen dollar administrative fee to the county treasurer of the county in which the motor vehicle is registered, and providing proof of payment of any applicable fine and proof of financial liability coverages to the county treasurer of the county in which the motor vehicle is registered, the treasurer shall issue new license plates and registration to the owner.

(b) Request an appearance before the court on the matter. If the matter goes before the court, and the owner or driver is found guilty of a violation of subsection 1, the court may impose a fine as provided in section 805.8, subsection 2, for a violation of subsection 1, or the court may order the person to perform unpaid community service instead of the fine. Upon the payment of the fine or the entry of the order for unpaid community service, the person shall provide proof of payment or entry of such order and the county treasurer of the county in which the motor vehicle is registered shall issue new license plates and registration to the owner upon the owner providing proof of financial liability coverage and paying a fifteen dollar administrative fee to the county treasurer.

c. An owner or driver cited for a violation of subsection 1, who produces to the clerk of court

within thirty days of the issuance of the citation proof that financial liability coverage was in effect for the motor vehicle at the time the person was stopped and cited, shall not be convicted of such violation and the citation issued shall be dismissed.

5. If the motor vehicle is not registered in this state and the driver is a nonresident, the peace officer shall do one of the following:

a. Issue a warning memorandum to the driver.

b. Issue a citation. An owner or driver who produces to the clerk of court within thirty days of the issuance of the citation, or prior to the date of the individual's court appearance as indicated on the citation, whichever is earlier, proof that the financial liability coverage was in effect for the motor vehicle at the time the person was stopped and cited, or if the driver is not the owner of the motor vehicle, proof that liability coverage was in effect for the driver with respect to the motor vehicle being driven at the time the driver was stopped and cited in the same manner as if the motor vehicle were owned by the driver, shall be given a receipt indicating that proof was provided, and the citation issued shall be dismissed.

6. This section does not apply to a motor vehicle identified in section 321.18, subsections 1 through 6, and subsection 8.

7. This section does not apply to a lienholder who has a security interest in a motor vehicle subject to the registration requirements of this chapter, so long as such lienholder maintains financial liability coverage for any motor vehicle driven or moved by the lienholder in which the lienholder has an interest.

8. This section does not apply to a motor vehicle owned by a motor vehicle dealer or wholesaler licensed pursuant to chapter 322.

9. The director of transportation and the commissioner of insurance shall adopt rules pursuant to chapter 17A to administer this section.

1. An urban transit company or system having a franchise to operate in any city and any regional transit system may make application to the department, upon forms furnished by the department, for a certificate containing a distinguishing number and for one or more pairs of transit bus plates to be attached to the front and rear of buses owned or operated by the transit company or system.

2. The department shall issue to the applicant a certificate, or certificates, containing, but not limited to, the applicant's name and address, the distinguishing number assigned to the applicant, and such other information deemed necessary by the department for proper identification of the buses.

3. The department shall issue transit bus registration plates as applied for, which shall be imprinted with the words "Transit Bus" and the distinguishing number assigned to the applicant. The department shall issue the certificates and plates without fee.

321.23 Titles to specially constructed and foreign vehicles.

1. If the vehicle to be registered is a specially constructed, reconstructed, remanufactured, or foreign vehicle, such fact shall be stated in the application. A fee of ten dollars shall be paid by the person making the application upon issuance of a certificate of title by the county treasurer. With reference to every specially constructed or reconstructed motor vehicle subject to registration the application shall be accompanied by a statement from the department authorizing the motor vehicle to be titled and registered in this state. The department shall cause a physical inspection to be made of all specially constructed or reconstructed motor vehicles, upon application for a certificate of title by the owner, to determine whether the motor vehicle complies with the definition of specially constructed motor vehicle or reconstructed motor vehicle in this chapter and to determine that the integral component parts are properly identified and that the rightful ownership is established before issuing the owner the authority to have the motor vehicle registered and titled. The purpose of the physical inspection under this section is not to determine whether the motor vehicle is in a condition safe to operate. With reference to every foreign vehicle which has been registered outside of this state, the owner shall surrender to the treasurer all registration plates, registration cards, and certificates of title, or, if the vehicle to be registered is from a nontitle state, the evidence of foreign registration and ownership as may be prescribed by the department except as provided in subsection 2.

2. Where in the course of operation of a vehicle registered in another state it is desirable to retain registration of said vehicle in such other state, such applicant need not surrender but shall submit for inspection said evidence of such foreign registration and the treasurer upon a proper showing shall register said vehicle in this state but shall not issue a certificate of title for such vehicle.

3. In the event an applicant for registration of a foreign vehicle for which a certificate of title has been issued is able to furnish evidence of being the registered owner of the vehicle to the county treasurer of the owner's residence, although unable to surrender such certificate of title, the county treasurer may issue a registration receipt and plates upon receipt of the required registration fee but shall not issue a certificate of title thereto. Upon surrender of the certificate of title from the foreign state, the county treasurer shall issue a certificate of title to the owner, or person entitled thereto, of such vehicle as provided in this chapter. The owner of a vehicle registered under this subsection shall not be required to obtain a certificate of title in this state and may transfer ownership of the vehicle to a motor vehicle dealer licensed under chapter 322 if, at the time of the transfer, the certificate of title is held by a secured party and the dealer has forwarded to the secured party the sum necessary to discharge the security interest pursuant to section 321.48, subsection 1.

4. A vehicle which does not meet the equipment requirements of this chapter due to the particular use for which it is designed or intended, may be registered by the department upon payment of appropriate fees and after inspection and certification by the department that the vehicle is not in an unsafe condition. A person is not required to have a certificate of title to register a vehicle under this subsection. If the owner elects to have a certificate of title issued for the vehicle, a fee of ten dollars shall be paid by the person making the application upon issuance of a certificate of title. If the department's inspection reveals that the vehicle may be safely operated only under certain conditions or on certain types of roadways, the department may restrict the registration to limit operation of the vehicle to the appropriate conditions or roadways. This subsection does not apply to snowmobiles as defined in section 321G.1. Section 321.382 does not apply to a vehicle registered under this subsection which is operated exclusively by a person with a disability who has obtained a persons with disabilities parking permit as provided in section 321L.2, if the persons with disabilities parking permit is carried in or on the vehicle and shown to a peace officer on request.

321.24 Issuance of registration and certificate of title.

1. Upon receipt of the application for title and payment of the required fees for a motor vehicle, trailer, or semitrailer, the county treasurer or the

department shall, when satisfied as to the application's genuineness and regularity, and, in the case of a mobile home or manufactured housing, that taxes are not owing under chapter 435, issue a certificate of title and, except for a mobile home or manufactured housing, a registration receipt, and shall file the application, the manufacturer's or importer's certificate, the certificate of title, or other evidence of ownership, as prescribed by the department. The registration receipt shall be delivered to the owner and shall contain upon its face the date issued, the name and address of the owner, the registration number assigned to the vehicle, the title number assigned to the owner of the vehicle, the amount of the fee paid, the amount of tax paid pursuant to section 423.7, the type of fuel used, and a description of the vehicle as determined by the department, and upon the reverse side a form for notice of transfer of the vehicle.

2. The county treasurer shall maintain in the county record system information contained on the registration receipt. The information shall be accessible by registration number and shall be open for public inspection during reasonable business hours. Copies the department requires shall be sent to the department in the manner and at the time the department directs.

3. The certificate of title shall contain upon its face the identical information required upon the face of the registration receipt. In addition, the certificate of title shall contain a statement of the owner's title, the amount of tax paid pursuant to section 423.7, the name and address of the previous owner, and a statement of all security interests and encumbrances as shown in the application, upon the vehicle described, including the nature of the security interest, date of notation, and name and address of the secured party.

4. If the prior certificate of title is from another state and indicates that the vehicle was rebuilt, the new certificate of title shall contain the designation of "REBUILT" stamped or printed on its face together with the name of the state issuing the prior title. The designation of "REBUILT" and the name of the other state shall be retained on all subsequent Iowa certificates of title for the vehicle. If the prior certificate of title is from another state and indicates that the vehicle was rebuilt, the registration receipt shall contain the designation of "REBUILT" stamped and printed on its face. The stamped designation of "REBUILT" shall be located on the center of the right side of the registration receipt in black letters no bigger than sixteen point type. The designation shall be retained on the face of all subsequent registration receipts for the vehicle.

5. If the prior certificate of title is from another state and indicates that the vehicle was junked, an Iowa junking certificate shall be issued according to section 321.52, subsections 2 and 3. If the prior certificate of title from another state indicates that the vehicle is salvaged and not rebuilt or is a

salvage certificate of title, an Iowa salvage certificate of title shall be issued and a "SALVAGE" designation shall be retained on all subsequent Iowa certificates of title and registration receipts for the vehicle, except as provided under section 321.52, subsection 4, paragraph "b". The department may require that subsequent Iowa certificates of title retain other states' designations which indicate that a vehicle had incurred prior damage. The department shall determine the manner in which other states' rebuilt, salvage, or other designations are to be indicated on Iowa titles.

6. If the prior certificate of title is from another state and indicates that the vehicle was returned to the manufacturer pursuant to a law of another state similar to chapter 322G, the new registration receipt and certificate of title, and all subsequent registration receipts and certificates of title issued for the vehicle, shall contain a designation indicating the vehicle was returned to the manufacturer. The department shall determine the manner in which other states' designations are to be indicated on Iowa registration receipts and certificates of title. The department may determine that a "REBUILT" or "SALVAGE" designation supersedes the designation required by this subsection and include the "REBUILT" or "SALVAGE" designation on the registration receipt and certificate of title in lieu of the designation required by this subsection.

7. The certificate shall bear the seal of the county treasurer or of the department, and the signature of the county treasurer, the deputy county treasurer, or the department director or deputy designee. The certificate shall provide space for the signature of the owner. The owner shall sign the certificate of title in the space provided with pen and ink upon its receipt. The certificate of title shall contain upon the reverse side a form for assignment of title or interest and warranty by the owner, for reassignments by a dealer licensed in this state or in another state if the state in which the dealer is licensed permits Iowa licensed dealers to similarly reassign certificates of title. Attached to the certificate of title shall be an application for a new certificate of title by the transferee as provided in this chapter. However, titles for mobile homes or manufactured housing shall not be reassigned by licensed dealers. All certificates of title shall be typewritten or printed by other mechanical means. Notwithstanding section 321.1, subsection 17, as used in this subsection, "dealer" means every person engaged in the business of buying, selling, or exchanging vehicles of a type required to be registered under this chapter.

8. The original certificate of title shall be delivered to the owner if no security interest or encumbrance appears on the certificate. Otherwise the certificate of title shall be delivered by the county treasurer or the department to the person holding the first security interest or encumbrance as shown in the certificate.

9. The county treasurer or the department shall maintain in the county or department records system information contained on the certificate of title. The information shall be accessible by title certificate number for a period of three years from the date of notification of cancellation of title or that a new title has been issued as provided in this chapter. Copies the department requires shall be sent to the department in the manner and at the time the department directs. The department shall designate a uniform system of title numbers to indicate the county of issuance.

10. A vehicle shall be registered for the registration year. A vehicle registered for the first time in this state shall be registered for the remaining unexpired months of the registration year and pay a registration fee prorated for the remaining unexpired months of the registration year.

11. If the county treasurer or department is not satisfied as to the ownership of the vehicle or that there are no undisclosed security interests in it, or a junking certificate has been issued for the vehicle but a certificate of title will not be reissued under section 321.52, subsection 3, and the vehicle qualifies as an antique vehicle under section 321.115, subsection 1, the county treasurer or department may register the vehicle but shall as a condition of issuing a certificate of title and registration receipt, require the applicant to file with the department a bond in the form prescribed by the department and executed by the applicant, and either accompanied by the deposit of cash with the department or also executed by a person authorized to conduct a surety business in this state. The bond shall be in an amount equal to one and one-half times the current value of the vehicle as determined by the department and conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the vehicle or person acquiring any security interest in it, and their respective successors in interest, against any expense, loss, or damage, including reasonable attorney's fees, by reason of the issuance of the certificate of title of the vehicle or on account of any defect in or undisclosed security interest upon the right, title and interest of the applicant in and to the vehicle. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond, and any deposit accompanying it, shall be returned at the end of three years or prior thereto if the vehicle is no longer registered in this state and the currently valid certificate of title is surrendered to the department, unless the department has been notified of the pendency of an action to recover on the bond.

321.25 Application for registration and title — cards attached.

A vehicle may be operated upon the highways of this state without registration plates for a period of forty-five days after the date of delivery of the vehicle to the purchaser from a dealer if a card bearing the words "registration applied for" is attached on the rear of the vehicle. The card shall have plainly stamped or stenciled the registration number of the dealer from whom the vehicle was purchased and the date of delivery of the vehicle. In addition, a dealer licensed to sell new motor vehicles may attach the card to a new motor vehicle delivered by the dealer to the purchaser even if the vehicle was purchased from an out-of-state dealer and the card shall bear the registration number of the dealer that delivered the vehicle. A dealer shall not issue a card to a person known to the dealer to be in possession of registration plates which may be attached to the vehicle. A dealer shall not issue a card unless an application for registration and certificate of title has been made by the purchaser and a receipt issued to the purchaser of the vehicle showing the fee paid by the person making the application. Dealers' records shall indicate the agency to which the fee is sent and the date the fee is sent. The dealer shall forward the application by the purchaser to the county treasurer or state office within thirty calendar days from the date of delivery of the vehicle. However, if the vehicle is subject to a security interest and has been offered for sale pursuant to section 321.48, subsection 1, the dealer shall forward the application by the purchaser to the county treasurer or state office within thirty calendar days from the date of the delivery of the vehicle to the purchaser.

The department shall, upon request by any dealer, furnish "registration applied for" cards free of charge. Only cards furnished by the department shall be used. Only one card shall be issued in accordance with this subsection for each vehicle purchased.

321.26 Multiple registration periods and adjustments.

1. There are established twelve registration periods for the registration of vehicles by the county treasurer. Each registration period shall commence on the first day of each calendar month following the month of the birth of the owner of the vehicle and end on the last day of the twelfth month.

2. The county treasurer may adjust the renewal or expiration date of vehicles when deemed necessary to equalize the number of vehicles registered in each twelve-month period or for the administrative efficiency of the county treasurer's office. The adjustment shall be accomplished by delivery of a written notice to the vehicle owner of the adjustment and allowance of a credit for the remaining months of the unused portion of the registration fee, rounded to the nearest whole dollar, which amount shall be deducted from the annual registration fee due at the time of registration. Upon receipt of the notification the owner shall, within thirty days, surrender the registration card and registration plates to the county treasurer of the county where the vehicle is registered, except that the registration plates shall not be surrendered if validation stickers or other emblems are used to designate the month and year of expiration of registration. Upon payment of the annual registration fee, less the credit allowed for the remaining months of the unused portion of the registration fee, the county treasurer shall issue a new registration card and registration plates, validation stickers, or emblems which indicate the month and year of expiration of registration.

3. Vehicles subject to registration which are owned by a person other than a natural person shall be registered for a registration year as determined by the county treasurer.

The credit shall be computed on the basis of the number of months remaining in the registration year, rounded to the nearest whole dollar. The credit shall be subject to the following limitations:

a. The credit shall be claimed within thirty days from the date the vehicle for which credit is granted was sold, transferred, or junked. After thirty days, all credits shall be disallowed.

b. Any credit granted to the owner of a vehicle which has been sold, traded, or junked may only be claimed by that person toward the registration fee for another vehicle purchased and the credit may not be sold, transferred, or assigned to any other person.

c. When the amount of the credit is computed to be an amount of less than ten dollars, a credit shall be disallowed.

d. To claim a credit for the unexpired registration fee on a junked vehicle, the county treasurer shall disallow any claim for credit unless the owner presents a junking certificate or other evidence as required by the department to the county treasurer.

e. A credit shall not be allowed to any person who has made claim to receive a refund under section 321.126.

f. The credit shall only be allowed if the owner provides the copy of the registration receipt to the county treasurer.

g. If the credit allowed exceeds the amount of the registration fee for the vehicle acquired, the owner may claim a refund under section 321.126, subsection 6, for the balance of the credit.

h. The credit shall be computed on the unexpired number of months computed from the date of purchase of the vehicle acquired.

4. If the registration fee upon application is delinquent, the applicant shall be required to pay the

delinquent fee from the first day the registration fee was due prorated to the month of application for new title.

5. The seller or transferor may file an affidavit on forms prescribed and provided by the department with the county treasurer of the county where the vehicle is registered certifying the sale or transfer of ownership of the vehicle and the assignment and delivery of the certificate of title for the vehicle. Upon receipt of the affidavit the county treasurer shall file the affidavit with the copy of the registration receipt for the vehicle on file in the treasurer's office and on that day the treasurer shall forward copies of the affidavit to the department and to the county treasurer of the county of residence of the purchaser or transferee. Upon filing the affidavit it shall be presumed that the seller or transferor has assigned and delivered the certificate of title for the vehicle.

6. An applicant for a new registration for a vehicle transferred to the applicant by a spouse, parent or child of the applicant, or by operation of law upon inheritance, devise or bequest, from the applicant's spouse, parent or child, or by a former spouse pursuant to a decree of dissolution of marriage, is entitled to a credit to be applied to the registration fee for the transferred vehicle. A credit shall not be allowed unless the vehicle to which the credit applies is registered within the time specified under subsection 1. The credit shall be computed on the basis of the number of unexpired months remaining in the registration year of the former owner computed from the date the vehicle was transferred, computed to the nearest whole dollar. The credit may exceed the amount of the registration fee for the transferred vehicle. When the amount of the credit is computed to be an amount of less than ten dollars, the credit shall be disallowed. The credit shall not be sold, transferred, or assigned to any other person.

7. If a motor vehicle is leased and the lessee purchases the vehicle upon termination of the lease, the lessor shall, upon claim by the lessee with the lessor within fifteen days of the purchase, assign the registration fee credit and registration plates for the leased motor vehicle to the lessee. Credit shall be applied as provided in subsection 3.

321.47 Transfers by operation of law.

If ownership of a vehicle is transferred by operation of law upon inheritance, devise or bequest, dissolution decree, order in bankruptcy, insolvency, replevin, foreclosure or execution sale, abandoned vehicle sale, or when the engine of a motor vehicle is replaced by another engine, or a vehicle is sold or transferred to satisfy an artisan's lien as provided in chapter 577, a landlord's lien as provided in chapter 570, a storage lien as provided in chapter 579, a judgment in an action for abandonment of a mobile home as provided in chapter 555B, or repossession is had upon default in performance of the terms of a security agreement, the county treasurer in the transferee's county of residence, upon the surrender of the prior certificate of title or the manufacturer's or importer's certificate, or when that is not possible, upon presentation of satisfactory proof to the county treasurer of ownership and right of possession to the vehicle and upon payment of a fee of ten dollars and the presentation of an application for registration and certificate of title, may issue to the applicant a registration card for the vehicle and a certificate of title to the vehicle. A person entitled to ownership of a vehicle under a decree of dissolution shall surrender a reproduction of a certified copy of the dissolution and upon fulfilling the other requirements of this chapter is entitled to a certificate of title and registration receipt issued in the person's name.

The persons entitled under the laws of descent and distribution of an intestate's property to the possession and ownership of a vehicle owned in whole or in part by a decedent, upon filing an affidavit stating the name and date of death of the decedent, the right to possession and ownership of the persons filing the affidavit, and that there has been no administration of the decedent's estate, which instrument shall also contain an agreement to indemnify creditors of the decedent who would be entitled to levy execution upon the motor vehicle to the extent of the value of the motor vehicle, are entitled upon fulfilling the other requirements of this chapter, to the issuance of a registration

card for the interest of the decedent in the vehicle and a certificate of title to it. If a decedent dies testate, and either the will is not probated or is admitted to probate without administration, the persons entitled to the possession and ownership of a vehicle owned in whole or in part by the decedent may file an affidavit, and upon fulfilling the other requirements of this chapter, are entitled to the issuance of a registration card for the interest of the decedent in the vehicle and a certificate of title to the vehicle. The affidavit shall contain the same information and indemnity agreement as is required in cases of intestacy pursuant to this section. No requirement of chapter 450 or 451 shall be considered satisfied by the filing of the affidavit provided for in this section. If, from the records in the office of the county treasurer, there appear to be any liens on the vehicle, the certificate of title shall contain a statement of the liens unless the application is accompanied by proper evidence of their satisfaction or extinction. Evidence of extinction may consist of, but is not limited to, an affidavit of the applicant stating that a security interest was foreclosed as provided in chapter 554, article 9, part 5.

Whenever ownership of a vehicle is transferred under the provisions of this section the registration plates shall be removed and forwarded to the county treasurer of the county where the vehicle is registered or to the department if the vehicle is owned by a nonresident. Upon transfer the vehicle shall not be operated upon the highways of this state until the person entitled to possession of the vehicle applies for and obtains registration for the vehicle.

NEW unnumbered paragraph 4

321.48 Vehicles acquired for resale.

1. When the transferee of a vehicle is a dealer who holds the vehicle for resale and operates the vehicle only for purposes incident to a resale and displays a dealer plate on the vehicle or does not drive such vehicle or permit it to be driven upon the highways, such transferee shall not be required to obtain a new registration or a new certificate of title but upon transferring title or interest to another person shall execute and acknowledge an assignment and warranty of title upon the certificate of title assigned to the person and deliver

the same to the person to whom such transfer is made.

A dealer licensed pursuant to chapter 322 or chapter 322C who has acquired a vehicle for resale which is subject to a security interest as provided in section 321.50 and who has forwarded to the secured party the sum necessary to discharge the security interest may offer the vehicle for sale prior to the receipt from the county treasurer of the certificate of title for the vehicle with the lien discharged for a period of not more than thirty days from the date the vehicle was acquired and the provisions of section 321.104, subsection 2, shall not apply.

2. A foreign registered vehicle purchased or otherwise acquired by a dealer for the purpose of resale shall be issued a certificate of title for the vehicle by the county treasurer of the dealer's residence upon proper application as provided in this chapter and upon payment of a fee of five dollars and the dealer is exempt from the payment of any and all registration fees for the vehicle. The application for certificate of title shall be made within fifteen days after the vehicle comes within the border of the state. However, a dealer acquiring a vehicle registered in another state which permits Iowa dealers to reassign that state's certificates of title shall not be required to obtain a new registration or a new certificate of title and upon transferring title or interest to another person shall execute an assignment upon the certificate of title for the vehicle to the person to whom the transfer is made and deliver the assigned certificate of title to the person.

3. In a transaction in which a vehicle is traded to a dealer as defined in chapter 322 or chapter 322C toward the purchase price of another vehicle and each vehicle is owned in whole or in part by the same person, the person acquiring the vehicle from the dealer shall be entitled to a credit under section 321.46.

4. Nothing in this section shall be construed to prohibit a dealer from obtaining a new certificate of title or new registration in the same manner as other purchasers.

Except as provided in section 321.52, if an application for transfer of registration and certificate of title is not submitted to the county treasurer of the residence of the transferee within thirty days of the date of assignment or transfer of title, or within thirty days of the date of delivery to the purchaser if the vehicle is subject to a security interest and was offered for sale pursuant to section

321.48, subsection 1, a penalty of ten dollars shall accrue against the applicant, and no registration card or certificate of title shall be issued to the applicant for the vehicle until the penalty is paid.

3. A mobile home dealer who acquires a used mobile home or manufactured housing, titled in Iowa, and who does not apply for and obtain a certificate of title from the county treasurer of the dealer's county of residence within thirty days of the date of acquisition, as required under section 321.45, subsection 4, is subject to a penalty of ten dollars. Subsection 3 amended

321.50 Security interest provisions.

1. A security interest in a vehicle subject to registration under the laws of this state or a mobile home or manufactured housing, except trailers whose empty weight is two thousand pounds or less, and except new or used vehicles held by a dealer or manufacturer as inventory for sale, is perfected by the delivery to the county treasurer of the county where the certificate of title was issued or, in the case of a new certificate, to the county treasurer where the certificate will be issued, of an application for certificate of title which lists the security interest, or an application for notation of security interest signed by the owner, or by one owner of a vehicle owned jointly by more than one person, or a certificate of title from another jurisdiction which shows the security interest, and a fee of five dollars for each security interest shown. If the owner or secured party is in possession of the certificate of title, it must also be delivered at this time in order to perfect the security interest. If a vehicle is subject to a security interest when brought into this state, the validity of the security interest and the date of perfection is determined by section 554.9103. Delivery as provided in this subsection is an indication of a security interest on a certificate of title for purposes of chapter 554.

2. Upon receipt of the application and the required fee, the county treasurer shall notify the holder of the certificate of title to deliver to the county treasurer, within five days from the receipt of notice, the certificate of title to permit notation of the security interest. If the holder of the certifi-

cate of title shall fail to deliver it within the said five days, the holder shall be liable to anyone harmed by the holder's failure.

3. Upon receipt of the application, the certificate of title, if any, and the required fee, the county treasurer shall note such security interest, and the date thereof, on the certificate over the signature of such officer or deputy and the seal of office. The county treasurer shall also note such security interest and the date thereof in the county records system. The county treasurer shall then mail the certificate of title to the first secured party as shown thereon.

4. When a security interest is discharged, the holder shall note a cancellation of same on the face of the certificate of title over the holder's signature, and deliver the certificate of title to the county treasurer where title was issued. The county treasurer shall immediately note the cancellation of the security interest on the face of the certificate of title and in the county records system. The county treasurer shall on the same day deliver the certificate of title to the then first secured party or, if there is no such person, to the person as directed by the owner, in writing, on a form prescribed by the department or, if there is no person designated, then to the owner. The cancellation of the security interest shall be noted on the certificate of title by the county treasurer without charge. The holder of a security interest discharged by payment who fails to release the security interest within fifteen days after being requested in writing to do so shall forfeit to the person making the payment the sum of twenty-five dollars.

If a lien has been released by the lienholder but has not been sent to the county of record for clearance of the lien, any county may note the release on the face of the title and shall notify the county of record that the lien has been released as of the specified date, and shall make entry upon the computer system. Notification to the county of record shall be made by an automated statewide system, or by sending a photocopy of the released title to the county of record.

When a security interest is discharged, the lienholder shall note the cancellation of the security interest on the face of the title and may note the cancellation of the security interest on a form prescribed by the department and deliver a copy of the form in lieu of the title to the department or to the treasurer of the county in which the title was issued. The department or county treasurer shall note the release of the security interest upon the statewide computer system and the county's records. A copy of the form, if used, shall be attached to the title by the lienholder and shall be evidence of the release of the security interest. The lienholder shall deliver the title to the first lienholder, or if there is no such person, to the person as desig-

nated by the owner, or if there is no such person designated, to the owner.

5. The Uniform Commercial Code, chapter 554, Article 9, shall apply to all transactions intended to create a security interest in vehicles except as provided in this chapter.

6. Any person obtaining possession of a certificate of title for a vehicle not already subject to a perfected security interest, except new or used vehicles held by a dealer or manufacturer as inventory for sale, who purports to have a security interest in such vehicle shall, within thirty days from the receipt of the certificate of title, deliver such certificate of title to the county treasurer of the county where it was issued to note such security interest and, if such person fails to do so, the person's purported security interest in the vehicle shall be void and unenforceable and such person shall forthwith deliver the certificate of title to the county treasurer of the county where it was issued. If no security interest has been filed for notation on the certificate of title, the certificate shall be mailed by the treasurer to the owner of the vehicle. For purposes of determining the commencement date of the thirty-day period provided by this subsection, it shall be presumed that the purported security interest holder received the certificate of title on the date of the creation of the holder's purported security interest in the vehicle or the date of the issuance of the certificate of title, whichever is the latter. Any person collecting a fee from the owner of the vehicle for the purpose of perfecting a security interest in such vehicle who does not cause such security interest to be noted on the certificate of title by the county treasurer shall remit such fee to the department of revenue and finance of this state.

7. Upon request of any person, the county treasurer shall issue a certificate showing whether there are, on the date and hour stated therein, any security interests noted on a particular vehicle's certificate of title, and the name and address of each secured party whose security interest is noted thereon. The uniform fee for a written certificate shall be two dollars if the request for the certificate is on a form conforming to standards prescribed by the secretary of state; otherwise, three dollars. Upon request and payment of the appropriate fee, the county treasurer shall furnish a certified copy of any security interest notations for a uniform fee of one dollar per page.

Subsection 4, unnumbered paragraph 2 amended

321.51 Terminal rental adjustment clause — vehicle leases that are not sales or security interests.

An agreement involving the leasing of a motor vehicle or trailer does not create a sale or security interest solely because the agreement provides for an increase or decrease adjustment in the rental price of the motor vehicle or trailer based upon the amount realized upon sale or other disposition of the motor vehicle or trailer following the termination of the lease.

94 Acts, ch 1052, §1

321.52 Out-of-state sales — junked, dismantled, wrecked, or salvage vehicles.

1. When a vehicle is sold outside the state for purposes other than for junk the owner, dealer or otherwise, shall detach the registration plates and registration card and shall indicate on the reverse side of such registration card the name and address of the foreign purchaser or transferee over the person's signature. The owner shall surrender the registration plates and registration card to the county treasurer, unless the registration plates are properly attached to another vehicle, who shall cancel the records and shall destroy the registration plates and forward the registration card to the department. The department shall make a notation on the records of the out-of-state sale, and, after a reasonable period, may destroy the files to that particular vehicle. The department is not authorized to make a refund of license fees on a vehicle sold out of state unless it receives the registration card completed as provided in this section.

2. The purchaser or transferee of a motor vehicle for which a certificate of title is issued which is sold for scrap or junk shall surrender the certificate of title, properly endorsed and signed by the previous owner, to the county treasurer of the county of residence of the transferee, and shall apply for a junking certificate from the county treasurer, within thirty days after assignment of the certificate of title. The county treasurer shall issue to such person without fee a junking certificate. A junking certificate shall authorize the holder to possess, transport, or transfer by endorsement the ownership of the junked vehicle. A certificate of title shall not again be issued for the vehicle subsequent to the issuance of a junking certificate except as provided in subsection 3. The county treasurer shall cancel the record of the vehicle. The junking certificate shall be printed on the registration receipt form and shall be imprinted with the words "junking certificate", as prescribed by the department. A space for transfer by endorsement shall be on the reverse side of the junking certificate. A separate form for the notation of the transfer of component parts shall be attached to the junking certificate when the certificate is issued.

3. When a vehicle for which a certificate of title is issued is junked or dismantled by the owner, the owner shall detach the registration plates and surrender the plates to the county treasurer, unless the plates are properly assigned to another vehicle. The owner shall also surrender the certificate of title to the county treasurer. Upon surrendering the certificate of title and application for junking certificate, the county treasurer shall issue to the person, without fee, a junking certificate, which shall authorize the holder to possess, transport or transfer ownership of the junked vehicle by endorsement of the junking certificate. The county treasurer shall hold the surrendered certificate of title, registration receipt, application for junking certificate, and, if applicable, the registration plates for a period of fourteen days following the issuance of a junking certificate under this subsection. Within the fourteen-day period the person who was issued the junking certificate and to whom the vehicle was titled or assigned may surrender to the county treasurer the junking certificate, and upon the person's payment of appropriate fees and taxes and payment of any credit for registration fees received by the person for the vehicle under section 321.46, subsection 3, the county treasurer shall issue to the person a certificate of title for the vehicle. After the expiration of the fourteen-day period, a county treasurer shall not issue a certificate of title for a junked vehicle for which a junking certificate is issued. The county treasurer shall cancel the record of the vehicle and forward the certificate of title to the department.

However, upon application the department upon a showing of good cause may issue a certificate of title after the fourteen-day period for a junked vehicle for which a junking certificate has been issued. For purposes of this subsection, "good cause" means that the junking certificate was obtained by mistake or inadvertence. If a person's application to the department is denied, the person may make application for a certificate of title under the bonding procedure as provided in section 321.24, if the vehicle qualifies as an antique vehicle under section 321.115, subsection 1, or the person may seek judicial review as provided under sections 17A.19 and 17A.20.

4. a. A vehicle rebuilder or a person engaged in the business of buying, selling, or exchanging vehicles of a type required to be registered in this state, upon acquisition of a wrecked or salvage vehicle, shall surrender the certificate of title or manufacturer's or importer's statement of origin properly assigned, together with an application for a salvage certificate of title, to the county treasurer of the county of residence of the purchaser or transferee within thirty days after the date of assignment of the certificate of title for the wrecked or salvage motor vehicle. This subsection applies only to vehicles with a fair market value of five hundred dollars or more, based on the value before

the vehicle became wrecked or salvage. Upon payment of a fee of two dollars, the county treasurer shall issue a salvage certificate of title which shall bear the word "SALVAGE" stamped or printed on the face of the title in a manner prescribed by the department. A salvage certificate of title may be assigned to an educational institution, a new motor vehicle dealer licensed under chapter 322, a person engaged in the business of purchasing bodies, parts of bodies, frames or component parts of vehicles for sale as scrap metal, a salvage pool, or an authorized vehicle recycler licensed under chapter 321H. An authorized vehicle recycler licensed under chapter 321H or a new motor vehicle dealer licensed under chapter 322 may assign a salvage certificate of title to any person. A vehicle on which ownership has transferred to an insurer of the vehicle as a result of a settlement with the owner of the vehicle arising out of damage to, or unrecovered theft of, the vehicle shall be deemed to be a wrecked or salvage vehicle and the insurer shall comply with this subsection to obtain a salvage certificate of title within thirty days after the date of assignment of the certificate of title of the vehicle.

b. When a wrecked or salvage vehicle has been repaired, the owner may apply for a regular certificate of title by paying the appropriate fees and surrendering the salvage certificate of title and a properly executed salvage theft examination certificate. The county treasurer shall issue a regular certificate of title which shall bear a designation stamped or printed on the face of the title and stamped and printed on the registration receipt indicating that the vehicle was previously titled on a salvage certificate of title in a form approved by the department. This designation shall be included on every Iowa certificate of title and registration receipt issued thereafter for the vehicle. The stamped designation shall be in black and shall be in letters no bigger than sixteen point type and located on the center of the right side of the registration receipt. However, if ownership of a stolen vehicle has been transferred to an insurer organized under the laws of this state or admitted to do business in this state, or if the transfer was the result of a settlement with the owner of the vehicle arising from damage to or the unrecovered theft of the vehicle, and if the insurer certifies to the county treasurer on a form approved by the department that the insurance company has received one or more written estimates which state that the retail cost of repairs including labor, parts, and other materials of all damage to the vehicle is less than three thousand dollars, the county treasurer shall issue to the insurance company the regular certificate of title and registration receipt without this designation.

c. A salvage theft examination shall be made by a peace officer who has been specially certified and recertified when required by the Iowa law enforcement academy to do salvage theft examina-

tions. The Iowa law enforcement academy shall determine standards for training and certification, conduct training, and may approve alternative training programs which satisfy the academy's standards for training and certification. The owner of the salvage vehicle shall make the vehicle available for examination at a time and location designated by the peace officer doing the examination. The owner may obtain a permit to drive the vehicle to and from the examination location by submitting a repair affidavit to the agency performing the examination stating that the vehicle is reasonably safe for operation and listing the repairs which have been made to the vehicle. The owner must be present for the examination and have available for inspection the salvage title, bills of sale for all essential parts changed, and the repair affidavit. The examination shall be for the purposes of determining whether the vehicle or repair components have been stolen. The examination is not a safety inspection and a signed salvage theft examination certificate shall not be construed by any court of law to be a certification that the vehicle is safe to be operated. There shall be no cause of action against the peace officer or the agency conducting the examination or the county treasurer for failure to discover or note safety defects. If the vehicle passes the theft examination, the peace officer shall indicate that the vehicle passed examination on the salvage theft examination certificate. The permit and salvage theft examination certificate shall be on controlled forms prescribed and furnished by the department. The owner shall pay a fee of thirty dollars upon completion of the examination. The agency performing the examinations shall retain twenty dollars of the fee and shall pay five dollars of the fee to the department and five dollars of the fee to the treasurer of state for deposit in the general fund of the state. Moneys deposited to the general fund under this paragraph are subject to the requirements of section 8.60 and shall be used by the Iowa law enforcement academy to provide for the special training, certification, and recertification of officers as required by this subsection.

The state department of transportation shall adopt rules in accordance with chapter 17A to carry out this section.

d. For purposes of this subsection a "wrecked or salvage vehicle" means a damaged motor vehicle subject to registration and having a gross vehicle weight rating of less than thirty thousand pounds, for which the cost of repair exceeds fifty percent of the fair market value of the vehicle, as determined in accordance with rules adopted by the department, before it became damaged.

321.69 Damage disclosure statement.

1. A certificate of title shall not be issued for a motor vehicle unless a damage disclosure statement has been made by the transferor of the vehicle and is furnished with the application for certificate of title. A damage disclosure statement must be provided by the transferor to the transferee in a transfer of ownership of a motor vehicle. The new certificate of title and registration receipt shall state on the face of the title the total cumulative dollar amount of damage reported by owners prior to the owner listed on the front of the title.

2. The damage disclosure statement required by this section shall, at a minimum, state the total retail dollar amount of all damage to the vehicle during the period of the transferor's ownership of the vehicle and whether the transferor knows if the vehicle was titled as a salvage or flood vehicle in this or any other state prior to the transferor's ownership of the vehicle. For the purposes of this section, "damage" refers to damage to the vehicle caused by fire, vandalism, collision, weather, falling objects, submersion in water, or flood, where the cost of repair is five thousand dollars or more per incident, but does not include normal wear and tear, glass damage, mechanical repairs or electrical repairs that have not been caused by fire, vandalism, collision, weather, falling objects, submersion in water, or flood. "Damage" does not include the cost of repairing, replacing, or reinstalling tires, lights, batteries, windshields, windows, a sound system, or an inflatable restraint system. A determination of the amount of damage to a vehicle shall be based on estimates of the retail cost of repairing the vehicle, including labor, parts, and other materials, if the vehicle has not been repaired or on the actual retail cost of repair, including labor, parts, and other materials, if the vehicle has been repaired. Only individual incidents in which the retail cost of repairs is five thousand dollars or more are required to be disclosed by this section. If the vehicle has incurred damage of five thousand dollars or more per incident in more than one incident, the damage amounts must be combined and disclosed as the total of all separate incidents.

3. The damage disclosure statement shall be provided by the transferor to the transferee at or

before the time of sale. However, if the transferor has a salvage certificate of title for the vehicle, the transferor is not required to disclose under this section the total retail cost of repairs to the vehicle during the period of the transferor's ownership of the vehicle. If the transferor is not a resident of this state the transferee shall not be required to submit a damage disclosure statement from the transferor with the transferee's application for title unless the state of the transferor's residence requires a damage disclosure statement. However, the transferee shall submit a damage disclosure statement with the transferee's application for title indicating whether a salvage or rebuilt title had ever existed for the vehicle, whether the vehicle had incurred prior damage of five thousand dollars or more per incident, and the year, make, and vehicle identification number of the motor vehicle. The transferee shall not be required to indicate whether the vehicle had incurred prior damage of five thousand dollars or more per incident under this subsection if the transferor's certificate of title is from another state and if it indicates that the vehicle is salvaged and not rebuilt or is another state's salvage certificate of title.

4. A lessee who has executed a lease as defined in section 321F.1 shall provide a damage disclosure statement to the lessor at the termination of the lease. The damage disclosure statement shall be made on a separate disclosure document and shall state the total dollar amount of all damage to the vehicle which occurred during the term of the lease. The lessee's damage disclosure statement shall not be submitted with the application for title, but the lessor shall retain the lessee's damage disclosure statement for five years following the date of the statement.

5. The department shall retain each damage disclosure statement received and copies shall be available to the public and the attorney general upon request.

6. Authorized vehicle recyclers licensed under chapter 321H and motor vehicle dealers licensed under chapter 322 shall maintain copies of all damage disclosure statements where the recycler or dealer is either the transferor or the transferee for five years following the date of the statement. The copies shall be made available to the department or the attorney general upon request.

7. The damage disclosure statements shall be made on the back of the certificate of title if the title is available to the transferor at the time of sale. If the title is not available at the time of sale or if the face of the transferor's Iowa title contains no indication that the vehicle was previously salvaged or titled as salvaged or rebuilt and the transferor knows or reasonably should know that the vehicle was previously salvaged or titled as salvaged or rebuilt in another state, the transferor

shall make the disclosure on a separate disclosure document. The damage disclosure statement forms shall be as approved by the department. The treasurer shall not accept a damage disclosure statement and issue a title unless the back of the title or separate disclosure document has been fully completed and signed and dated by the transferee and the transferor, if applicable.

8. A person, authorized vehicle recycler licensed under chapter 321H, or motor vehicle dealer licensed under chapter 322 shall not be liable to a subsequent owner of a vehicle because a prior owner or lessee gave a false or inaccurate damage disclosure statement or failed to disclose that the vehicle had previously been damaged and repaired or had been titled on a salvage or rebuilt certificate of title unless the person, recycler, or dealer knew or reasonably should have known that the prior owner or lessee gave a false or inaccurate damage disclosure statement or failed to disclose that the vehicle had been damaged and repaired or had been titled on a salvage or rebuilt certificate of title.

9. This section does not apply to new motor vehicles with a true mileage, as defined in section 321.71, of one thousand miles or less, motor trucks and truck tractors with a gross vehicle weight rating of sixteen thousand pounds or more, vehicles more than nine model years old, motorcycles, motorized bicycles, and special mobile equipment. The section does apply to motor homes.

10. A person who knowingly makes a false damage disclosure statement commits a fraudulent practice. Failure of a person, authorized vehicle recycler licensed under chapter 321H, or motor vehicle dealer licensed under chapter 322, to comply with any duty imposed by this section constitutes a violation of section 714.16, subsection 2, paragraph "a".

11. The department shall adopt rules as necessary to implement this section.

321.70 Dealer vehicles.

A dealer registered under this chapter shall not be required to register any vehicle owned by the dealer which is being held for sale or trade, provided the registration fee was not delinquent at the time the vehicle was acquired by the dealer. When a dealer ceases to hold any vehicle for sale or trade or the vehicle otherwise becomes subject to registration under this chapter the registration fee and delinquent registration fee, if any, shall be due for the registration year.

321.71 Odometer requirements.

1. For the purposes of this section the following words and phrases shall have the meanings respectively ascribed to them:

a. *“Intent and purpose of this section”* is and shall mean to achieve the end that odometers of motor vehicles shall at all times correctly show the true mileage that the motor vehicle has been driven.

b. *“True mileage”* is the actual mileage the motor vehicle has been driven.

2. No person shall knowingly tamper with, adjust, alter, change, set back, disconnect or fail to connect the odometer of any motor vehicle, or cause any of the foregoing to occur to an odometer of a motor vehicle, so as to reflect a lower mileage than the true mileage driven by the motor vehicle.

3. No person shall conspire with any other person to evade the intent and purpose of this section.

4. No person shall with the intent to defraud operate a motor vehicle on any street or highway knowing that the odometer of the motor vehicle is disconnected or nonfunctional.

5. No person shall advertise for sale, sell, use or install on any part of a motor vehicle or on any odometer in a motor vehicle any device which causes the odometer to register any mileage other than the true mileage.

6. In the event any odometer is repaired or replaced, the reading of the repaired or replaced odometer shall be set at the reading of the odometer repaired or replaced immediately prior to repair or replacement, but where the odometer is incapable of registering the same mileage the odometer shall be adjusted to read zero and any adjustment made in accordance with the provisions of this subsection shall not be deemed a violation of any provision of this section.

7. A certificate of title shall not be issued for a motor vehicle less than ten model years old which is equipped with an odometer by the manufacturer, unless an odometer statement which is in compliance with federal law and regulations has been made by the transferor of the vehicle and is furnished with the application for certificate of title. The new certificate of title shall record on its face the odometer reading and the word “actual” if the true mileage is known. If the odometer reading is not the true mileage or the true mileage is unknown, the words “not actual” shall be recorded. If the odometer reading is greater than the odometer can mechanically count, the words “exceeds the mechanical limits” shall be recorded. However, a certificate of title may be issued for a motor vehicle to a person who moves into this state if the person acquired ownership of the motor vehicle prior to moving to this state. This subsection does not apply to motor vehicles having a gross vehicle weight rating of more than sixteen thousand pounds.

8. Any person who knowingly makes or delivers a false odometer statement as required by sub-

section 7 shall be guilty of a violation of this section.

9. An Iowa licensed motor vehicle dealer shall not have in possession as inventory for sale a used motor vehicle acquired by the dealer after the tenth model year prior to the current registration year, for which the dealer does not possess an odometer statement by the transferor which is in compliance with federal law and regulations unless a certificate of title has been issued for the vehicle in the name of the dealer. Transfer of a new motor vehicle with an ownership document which is a manufacturer’s statement of origin requires an odometer statement only when transferred at retail.

10. A transferee of a motor vehicle reassigning the certificate of title to such motor vehicle pursuant to the provisions of section 321.48, subsection 1, shall not be guilty of a violation of this section if such transferee has in the transferee’s possession an odometer statement by the transferor which is in compliance with federal law and regulations and if the transferee has no knowledge that the statement is false and that the transferee has no knowledge that the odometer does not reflect the true mileage of such motor vehicle.

11. The department may adopt rules which shall be in compliance with the federal Truth in Mileage Act of 1986, Pub. L. No. 99-579.

12. Any person who violates this section commits a fraudulent practice.

321.89 Abandoned vehicles.

1. *Definitions.* As used in this section and sections 321.90 and 321.91 unless the context otherwise requires:

a. *"Abandoned vehicle"* means any of the following:

(1) A vehicle that has been left unattended on public property for more than twenty-four hours and lacks current registration plates or two or more wheels or other parts which renders the vehicle totally inoperable.

(2) A vehicle that has remained illegally on public property for more than twenty-four hours.

(3) A vehicle that has been unlawfully parked on private property or has been placed on private property without the consent of the owner or person in control of the property for more than twenty-four hours.

(4) A vehicle that has been legally impounded by order of a police authority and has not been reclaimed for a period of ten days. However, a police authority may declare the vehicle abandoned within the ten-day period by commencing the notification process in subsection 3.

(5) Any vehicle parked on the highway determined by a police authority to create a hazard to other vehicle traffic.

(6) A vehicle that has been impounded pursuant to section 321J.4B by order of the court and whose owner has not paid the impoundment fees after notification by the person or agency responsible for carrying out the impoundment order.

b. *"Demolisher"* means any city or public agency organized for the disposal of solid waste, or any person whose business it is to convert a vehicle to junk, processed scrap, or scrap metal, or otherwise to wreck or dismantle vehicles.

c. *"Police authority"* means the Iowa state patrol, any law enforcement agency of a county or city, or any special security officer employed by the state board of regents under section 262.13.

2. *Authority to take possession of abandoned vehicles.* A police authority, upon the authority's own initiative or upon the request of any other authority having the duties of control of highways or

traffic, shall take into custody an abandoned vehicle on public property and may take into custody an abandoned vehicle on private property. A police authority taking into custody an abandoned vehicle which has been determined to create a traffic hazard shall report the reasons constituting the hazard in writing to the appropriate authority having duties of control of the highway. The police authority may employ its own personnel, equipment, and facilities, or hire a private entity, equipment, and facilities for the purpose of removing, preserving, storing, or disposing of abandoned vehicles. If a police authority employs a private entity to dispose of abandoned vehicles, the police authority shall provide the private entity with the names and addresses of the registered owners, all lienholders of record, and any other known claimant to the vehicle or the personal property found in the vehicle. The owners, lienholders, or other claimants of the abandoned vehicle shall not have a cause of action against a private entity for action taken under this section, if the private entity provides notice as required by subsection 3, paragraph "a", to those persons whose names were provided by the police authority.

3. *Notification of owner, lienholders, and other claimants.*

a. A police authority or private entity which takes into custody an abandoned vehicle shall notify, within twenty days, by certified mail, the last known registered owner of the vehicle, all lienholders of record, and any other known claimant to the vehicle or to personal property found in the vehicle, addressed to their last known addresses of record, that the abandoned vehicle has been taken into custody. Notice shall be deemed given when mailed. The notice shall describe the year, make, model, and serial number of the vehicle, describe the personal property found in the vehicle, set forth the location of the facility where the vehicle is being held, and inform the persons receiving the notice of their right to reclaim the vehicle and personal property within ten days after the effective date of the notice upon payment of all towing, preservation, and storage charges resulting from placing the vehicle in custody and upon payment of the costs of notice required pursuant to this subsection. The notice shall also state that the failure of the owner, lienholders, or claimants to exercise their right to reclaim the vehicle or personal property within the time provided shall be deemed a waiver by the owner, lienholders, and claimants of all right, title, claim, and interest in the vehicle or personal property and that failure to reclaim the vehicle or personal property is deemed consent to the sale of the vehicle at a public auction or disposal of the vehicle to a demolisher and to disposal of the personal property by sale or destruction. The notice shall state that any person claiming rightful possession of the vehicle or personal property who disputes the planned disposition of the vehicle or property by the police author-

ity or private entity or of the assessment of fees and charges provided by this section may ask for an evidentiary hearing before the police authority to contest those matters. If the persons receiving the notice do not ask for a hearing or exercise their right to reclaim the vehicle or personal property within the ten-day reclaiming period, the owner, lienholders, or claimants shall no longer have any right, title, claim, or interest in or to the vehicle or the personal property. A court in any case in law or equity shall not recognize any right, title, claim, or interest of the owner, lienholders, or claimants, after the expiration of the ten-day reclaiming period.

b. If the identity of the last registered owner cannot be determined, or if the registration contains no address for the owner, or if it is impossible to determine with reasonable certainty the identity and addresses of all lienholders, notice by one publication in one newspaper of general circulation in the area where the vehicle was abandoned shall be sufficient to meet all requirements of notice under this section. The published notice may contain multiple listings of abandoned vehicles and personal property but shall be published within the same time requirements and contain the same information as prescribed for mailed notice in paragraph "a".

c. The owner, lienholders, or claimants may, by written request delivered to the police authority or private entity prior to the expiration of the ten-day reclaiming period, obtain an additional five days within which the vehicle or personal property may be reclaimed.

4. *Auction of abandoned vehicles.* If an abandoned vehicle has not been reclaimed as provided for in subsection 3, the police authority or private entity shall make a determination as to whether or not the vehicle shall be sold for use upon the highways. If the vehicle is not sold for use upon the highways, it shall be sold for junk, or demolished and sold as scrap. The police authority or private entity shall sell the vehicle at public auction. Notwithstanding any other provision of this section, a police authority or private entity, which has taken into possession any abandoned vehicle which lacks an engine, two or more wheels, another part which renders the vehicle totally inoperable, or which has a fair market value of less than five hundred dollars as determined by the police authority or private entity, may dispose of the vehicle to a demolisher for junk without public auction after complying with the notification procedures in subsection 3. The purchaser of the vehicle takes title free and clear of all liens and claims of ownership, shall receive a sales receipt from the police authority or private entity, and is entitled to register the vehicle and receive a certificate of title if sold for use upon the highways. If the vehicle is sold or disposed of to a demolisher for junk, the demolisher shall make application for a junking cer-

tificate to the county treasurer within thirty days of purchase and shall surrender the sales receipt in lieu of the certificate of title.

From the proceeds of the sale of an abandoned vehicle the police authority, if the police authority did not hire a private entity, shall reimburse itself for the expenses of the auction, the costs of towing, preserving, and storing which resulted from placing the abandoned vehicle in custody, all notice and publication costs incurred pursuant to subsection 3, the cost of inspection, and any other costs incurred except costs of bookkeeping and other administrative costs. Any remainder from the proceeds of a sale shall be held for the owner of the vehicle or entitled lienholder for ninety days, and shall then be deposited in the road use tax fund. The costs to police authorities of auction, towing, preserving, storage, and all notice and publication costs, and all other costs which result from placing abandoned vehicles in custody, whenever the proceeds from a sale of the abandoned vehicles are insufficient to meet these expenses and costs, shall be paid from the road use tax fund and are the obligation of the last owner or owners, jointly and severally.

The director of transportation shall establish by rule a claims procedure to be followed by police authorities in obtaining expenses and costs from the fund. If a private entity has been hired, the police authority may file a claim with the department for reimbursement of towing fees which shall be paid from the road use tax fund.

Subsection 4, unnumbered paragraph 1 amended

321.90 Disposal of abandoned motor vehicles.

1. *Garagekeepers and abandoned motor vehicles.* Any motor vehicle left in a garage operated for commercial purposes after the period for which the vehicle was to remain on the premises shall, after notice by certified mail to the last known registered owner of the vehicle addressed to the owner's last known address of record to reclaim the vehicle within ten days of the date of the notice, be deemed an abandoned motor vehicle unless reclaimed by the owner within such ten-day period or the owner notifies the garagekeeper in writing within such period of time that such vehicle is not an abandoned motor vehicle and shall be reported by the garagekeeper to the police authority. If the identity or address of the last registered owner of the motor vehicle cannot be determined, the vehicle shall be deemed an abandoned motor vehicle on the eleventh day after the period for which the vehicle was to remain on the prem-

ises unless reclaimed by the owner within the ten-day period or the owner notifies the garagekeeper in writing within such period of time that such vehicle is not an abandoned motor vehicle and shall be reported by the garagekeeper to the police authority. All abandoned motor vehicles left in garages may be taken into custody by a police authority upon the request of the garagekeeper and sold in accordance with the procedures set forth in section 321.89, subsection 4, unless the motor vehicle is reclaimed. The proceeds of the sale shall be first applied to the garagekeeper's charges for towing and storage, and any surplus proceeds shall be distributed in accordance with section 321.89, subsection 4. Nothing in this section shall be construed to impair any lien of a garagekeeper under the laws of this state, or the right of a garagekeeper to foreclose the garagekeeper's lien, provided that a garagekeeper shall be deemed to have abandoned the garagekeeper's artisan lien when such vehicle is taken into custody by the police authority. For the purposes of this section "garagekeeper" means any operator of a parking place or establishment, motor vehicle storage facility, or establishment for the servicing, repair, or maintenance of motor vehicles.

2. *Disposal to demolisher.*

a. Any person, firm, corporation, or unit of government upon whose property or in whose possession is found any abandoned motor vehicle, or any person being the owner of a motor vehicle whose title certificate is faulty, lost, or destroyed and is thereby unable to transfer title to the motor vehicle, may apply to the police authority of the jurisdiction in which the motor vehicle is situated for authority to sell, give away, or otherwise dispose of the motor vehicle to a demolisher.

b. The application shall set out the name and address of the applicant, and the year, make, model, and serial number of the motor vehicle, if ascertainable, together with any other identifying features, and shall contain a concise statement of the facts surrounding the abandonment, or a statement that the title of the motor vehicle is lost or destroyed, or the reasons for the defect of title in the owner. The applicant shall execute an affidavit stating that the facts alleged are true and that no material fact has been withheld. An order for disposal obtained pursuant to section 555B.8, subsection 3, satisfies the application requirements of this paragraph.

c. If the police authority finds that the application is executed in proper form, and shows that the motor vehicle has been abandoned upon the property of the applicant, or if it shows that the motor vehicle is not abandoned but that the applicant appears to be the rightful owner, the police authority shall follow appropriate notification procedures as set forth in section 321.89, subsection 3, except that in the case of an order for disposal obtained pursuant to section 555B.8, subsection 3, no notification is required.

d. If the abandoned motor vehicle is not reclaimed in accordance with section 321.89, subsection 3, or no lienholder objects to the disposal in the case of an owner-applicant, the police authority shall give the applicant a certificate of authority allowing the applicant to obtain a junking certificate for the motor vehicle. The applicant shall make application for a junking certificate to the county treasurer within fifteen days of purchase and surrender the certificate of authority in lieu of the certificate of title. The demolisher shall accept the junking certificate in lieu of the certificate of title to the motor vehicle.

e. Notwithstanding any other provisions of this section and sections 321.89 and 321.91, any person, firm, corporation, or unit of government upon whose property or in whose possession is found any abandoned motor vehicle, or any person being the owner of a motor vehicle whose title certificate is faulty, lost, or destroyed, may dispose of such motor vehicle to a demolisher for junk without a title and without the notification procedures of section 321.89, subsection 3, if the motor vehicle lacks an engine or two or more wheels or other structural part which renders the vehicle totally inoperable. The police authority shall give the applicant a certificate of authority. The owner shall apply to the county treasurer for a junking certificate within fifteen days of purchase and shall surrender the certificate of authority in lieu of the certificate of title.

f. The owner of an abandoned motor vehicle and all lienholders shall no longer have any right, title, claim, or interest in or to the motor vehicle; and no court in any case in law or equity shall recognize any right, title, claim, or interest of any owner or lienholders after the disposal of the motor vehicle to a demolisher.

g. Any proceeds from the sale of an abandoned motor vehicle to a demolisher under this section, by one other than the owner of the vehicle, except the sale of a vehicle pursuant to an order for disposal obtained pursuant to section 555B.8, subsection 3, shall first be applied to that person's expenses in effecting the sale, including storage, towing, and disposal charges, and any surplus shall be distributed in accordance with section 321.89, subsection 4. The proceeds from the sale of a vehicle disposed of pursuant to section 555B.8, subsection 3, shall be distributed in accordance with section 555B.9.

3. *Duties of demolishers.*

a. Any demolisher who purchases or otherwise acquires an abandoned motor vehicle for junk under the provisions of this section shall junk, scrap, wreck, dismantle, or demolish such motor vehicle. A demolisher shall not junk, scrap, wreck, dismantle, or demolish a vehicle until the demolisher has obtained the junking certificate issued for the vehicle.

b. A demolisher shall keep an accurate and complete record of all motor vehicles purchased or

received by the demolisher in the course of the demolisher's business. These records shall contain the name and address of the person from whom each motor vehicle was purchased or received and the date when the purchases or receipts occurred. The records shall be open for inspection by any police authority at any time during normal business hours. Any record required by this section shall be kept by the demolisher for at least one year after the transaction to which it applies.

REGISTRATION FEES

Local vehicle tax; see chapter 422B

321.105 Annual fee required.

If a vehicle, which has been registered for the current registration year, is transferred during the registration year, the transferee shall reregister the vehicle as provided in section 321.46.

The registration fee shall be paid to the county treasurer at the same time the application is made for the registration or reregistration of the motor

The owner's request shall be accompanied by a mailing fee as determined annually by the director in consultation with the Iowa county treasurers association.

Upon application by a financial institution, as defined in section 422.61, and approval of the application by the county treasurer, the county treasurer in any county may authorize the financial institution to receive applications for renewal of vehicle registrations and payment of the registration fees. The registration fees shall be delivered to the county treasurer at the time the county treasurer has processed the vehicle registration application. Registration fees received with vehicle registration applications shall be designated as public funds only upon receipt of such funds by the county treasurer from the financial institution.

In addition to the payment of an annual registration fee for each trailer and semitrailer to be issued an annual registration plate, an additional registration fee may be paid for a period of two or four subsequent registration years.

The weight of a motor vehicle, fixed by the department for registration purposes, shall include the weight of a battery, heater, bumpers, spare tire, and wheel. Provided, however, that for any new vehicle purchased in this state by a nonresident for removal to the nonresident's state of residence the purchaser may make application to the county treasurer in the county of purchase for a transit plate for which a fee of ten dollars shall be paid. And provided, however, that for any used vehicle held by a registered dealer and not currently registered in this state, or for any vehicle held by an individual and currently registered in this state, when purchased in this state by a nonresident for removal to the nonresident's state of residence, the purchaser may make application to the county treasurer in the county of purchase for a transit plate for which a fee of

three dollars shall be paid. The county treasurer shall issue a nontransferable certificate of registration for which no refund shall be allowed; and the transit plates shall be void thirty days after issuance. Such purchaser may apply for a certificate of title by surrendering the manufacturer's or importer's certificate or certificate of title, duly assigned as provided in this chapter. In this event, the treasurer in the county of purchase shall, when satisfied with the genuineness and regularity of the application, and upon payment of a fee of ten dollars, issue a certificate of title in the name and address of the nonresident purchaser delivering the same to the person entitled to the title as provided in this chapter. The provisions of this subsection relating to multipurpose vehicles are effective January 1, 1993, for all 1993 and subsequent model years. The annual registration fee for multipurpose vehicles that are 1992 model years and older shall be in accordance with section 321.124.

The annual registration fee for a multipurpose vehicle with permanently installed equipment manufactured for and necessary to assist a person with a disability who is either the owner or a member of the owner's household in entry and exit of the vehicle or for a multipurpose vehicle if the vehicle's owner or a member of the vehicle owner's household uses a wheelchair as the only means of mobility shall be sixty dollars. For purposes of this unnumbered paragraph, "uses a wheelchair" does not include use of a wheelchair due to a temporary injury or medical condition.

2. Dealers may, in addition to other provisions of this section, purchase from the department in-transit stickers, for which a fee of two dollars per sticker shall be paid at time of purchase. One such sticker shall be displayed on each vehicle purchased from a dealer by a nonresident for removal to the state of the nonresident's residence, and one such sticker shall also be displayed on each vehicle not currently registered in Iowa and purchased by an Iowa dealer for removal to the dealer's place of business in this state. The stickers shall be void fifteen days after issuance by the selling dealer. Each sticker shall contain the following information:

- b. The dealer's license number.
- c. The date issued.
- d. The purchaser's name and address.
- e. The word "**Iowa**" in bold type.
- f. The words "good for fifteen days after the date of issuance".
- g. Other information the director requires.

This information shall be on the gummed side of the sticker and the sticker shall be made of a type of material which is self-destructive when the sticker is removed. The sales invoice verifying the sale shall be in the possession of the driver of the vehicle in transit and shall be signed by the owner

or an authorized individual of the issuing dealership.

Motor vehicles brought into the state on a transit sticker for the purpose of installation of special equipment may also be subject to the provisions of this subsection.

3. The owner of an unregistered motor vehicle or motor vehicle for which the registration is delinquent may make application to the county treasurer of the county of residence or, if the unregistered or delinquent motor vehicle is purchased by a nonresident of the state, to the county treasurer in the county of purchase, for a temporary thirty-day permit for a fee of twenty-five dollars. The permit shall authorize the motor vehicle to be driven or towed upon the highway, but shall not authorize a motor truck or truck tractor to haul or tow a load. The permit fee shall not be considered a registration fee or exempt the owner from payment of all other fees, registration fees, and penalties due. If the registration fee for the motor vehicle is delinquent, the registration fee and penalty shall continue to accrue until paid. The permit fee shall not be prorated, refunded, or used as credit as provided under section 321.46. 321.126 Refunds of fees.

Refunds of unexpired vehicle registration fees shall be allowed in accordance with this section, except that no refund shall be allowed and paid if the unused portion of the fee is less than ten dollars. Subsections 1 and 2 do not apply to motor vehicles registered by the county treasurer. The refunds shall be made as follows:

1. If the motor vehicle is destroyed by fire or accident, or junked and its identity as a motor vehicle entirely eliminated, the owner in whose name the motor vehicle was registered at the time of destruction or dismantling shall return the plates to the department and within thirty days thereafter make a statement of such destruction or dismantling and make claim for refund. With reference to the destruction or dismantling of a vehicle, no refund shall be allowed unless a junking certificate has been issued, as provided in section 321.52.

2. If the motor vehicle is stolen, the owner shall give notice of the theft to the department within five days. If the motor vehicle is not recovered by the owner thirty days prior to the end of the current registration year, the owner shall make a statement of the theft and make claim for refund.

3. If the motor vehicle is placed in storage by the owner upon the owner's entry into the military service of the United States, the owner shall return the plates to the county treasurer or the department and make a statement regarding the storage and military service and make claim for refund. Whenever the owner of a motor vehicle so placed in storage desires to again register the vehicle, the county treasurer or department shall compute and collect the fees for registration for the registration year commencing in the month the vehicle is removed from storage.

4. If the motor vehicle is registered by the county treasurer during the current registration year and the owner or lessee registers the vehicle for proportional registration under chapter 326, the owner of the registered vehicle shall surrender the registration plates to the county treasurer and may file a claim for refund. In lieu of a refund, a credit for the registration fees paid to the county treasurer may be applied by the department to the owner or lessee's proportional registration fees upon the surrender of the county plates and registration.

5. A refund for trailers and semitrailers issued a multiyear registration plate shall be paid by the department upon application.

6. If a vehicle is sold or junked, the owner in whose name the vehicle was registered may make claim to the county treasurer or department for a refund of the sold or junked vehicle's registration fee. Also if the owner of a vehicle receives a vehicle registration fee credit under section 321.46, subsection 3, and the credit allowed exceeds the amount of the registration fee for the vehicle acquired, the owner may claim a refund for the balance of the credit. The refund is subject to the following limitations:

a. If a vehicle registration fee credit has not been received by the owner of the vehicle under section 321.46, subsection 3, the refund shall be computed on the basis of the number of unexpired months remaining in the registration year at the time the vehicle was sold or junked. The refund shall be rounded to the nearest whole dollar. Section 321.127, subsection 1, does not apply.

b. The refund shall only be allowed if the owner provides a copy of the registration receipt for the vehicle sold or junked.

c. The refund shall only be allowed if the owner makes claim for the refund within six months after the date of the vehicle's sale, trade, or junking.

d. This subsection does not apply to vehicles registered under chapter 326.

7. Notwithstanding any provision of this section to the contrary, there shall be no refund of proportional registration fees unless the state which issued the base plate for the vehicle allows such refund. If an owner subject to proportional registration leases the vehicle for which the refund is sought, the claim shall be filed in the names of both the lessee and the lessor and the refund payment made payable to both the lessor and the lessee. The term "owner" for purposes of this section shall include a person in whom is vested right of possession or control of a vehicle which is subject to a lease, contract, or other legal arrangement vesting right of possession or control in addition to the term as defined in section 321.1, subsection 49.

2. The department, unless reasonable grounds exist for delay, shall make refund on or before the last day of the month following the month in which the claim is filed with the department.

Classroom instruction shall include all of the following:

An approved course offered during the summer months, on Saturdays, after regular school hours during the regular terms or partly in one term or summer vacation period and partly in the succeeding term or summer vacation period, as the case may be, shall satisfy the requirements of this section to the same extent as an approved course offered during the regular school hours of the school term. A student who successfully completes and obtains certification in an approved course in driver education or an approved course in motorcycle education may, upon proof of such fact, be excused from any field test which the student would otherwise be required to take in demonstrating the student's ability to operate a motor vehicle. A student shall not be excused from any field test if a parent, guardian, or instructor requests that a test be administered. Street or highway driving instruction may be provided by a person qualified as a classroom driver education instructor or a person certified by the department of transportation and authorized by the board of educational examiners. A person shall not be required to hold a current Iowa teacher or administrator license at the elementary or secondary level or to have satisfied the educational requirements for an Iowa teacher license at the elementary or secondary level in order to be certified by the department of transportation or authorized by the board of educational examiners to provide street or highway driving instruction. The department of transportation shall adopt rules pursuant to chapter 17A to provide for certification of persons qualified to provide street or highway driving instruction. The board of educational examiners shall adopt rules pursuant to chapter 17A to provide for authorization of persons certified by the department of transportation to provide street or highway driving instruction.

"*Student*", for purposes of this section, means a person between the ages of fourteen years and twenty-one years who resides in the public school

district and who satisfies the preliminary licensing requirements of the department of transportation.

Any person who successfully completes an approved driver education course at a private or commercial driver education school licensed by the department of transportation, shall likewise be eligible for a driver's license as provided in section 321.180B or 321.194.

2. *Restricted license.*

A person between sixteen and eighteen years of age who is not in attendance at school or who is in attendance in a public or private school where an approved driver's education course is not offered or available, may be issued a restricted license only for travel to and from work or to transport dependents to and from temporary care facilities, if necessary for the person to maintain the person's present employment, without having completed an approved driver's education course. The restricted license shall be issued by the department only upon confirmation of the person's employment and need for a restricted license to travel to and from work or to transport dependents to and from temporary care facilities if necessary to maintain the person's employment and upon receipt of a written statement from the public or private school that an approved course in driver's education was not offered or available to the person, if applicable. The employer shall notify the department if the employment of the person is terminated before the person attains the age of eighteen. The person shall not have a restricted license revoked or suspended upon reentering school prior to age eighteen if the student enrolls in and completes the classroom portion of an approved driver's education course as soon as a course is available.

b. The department may suspend a restricted license issued under this section upon receiving a record of the person's conviction for one violation and shall revoke the license upon receiving a record of conviction for two or more violations of a law of this state or a city ordinance regulating the operation of motor vehicles on highways, other than parking violations as defined in section 321.210. After revoking a license under this section the department shall not grant an application for a new license or permit until the expiration of one year or until the person attains the age of eighteen whichever is the longer period.

3. *Driver's license reciprocity.*

a. The department may issue a class C or M driver's license to a person who is sixteen or seventeen years of age and who is a current resident of the state, but who has been driving as a resident of another state for at least one year prior to residency within the state.

b. The following criteria must be met prior to issuance of a driver's license pursuant to this subsection:

(1) The minor must reside with a parent or guardian.

(2) The minor must have driven under a valid driver's license for at least one year in the prior state of residence. Six months of the one year computation may include driving with an instruction permit.

321.180 Instruction permits.

1. a. A person who is at least eighteen years of age and who, except for the person's lack of instruction in operating a motor vehicle, would be qualified to obtain a driver's license, shall, upon meeting the requirements of section 321.186 other than a driving demonstration, and upon paying the required fee, be issued an instruction permit by the department. Subject to the limitations in this subsection, an instruction permit entitles the permittee, while having the permit in the permittee's immediate possession, to operate a motor vehicle, other than a commercial motor vehicle or as a chauffeur or a motor vehicle with a gross vehicle weight rating of sixteen thousand one or more pounds, upon the highways for a period not to exceed two years from the licensee's birthday anniversary in the year of issuance. If the applicant for an instruction permit holds a driver's license issued in this state valid for the operation of a motorized bicycle or a motorcycle, the instruction permit shall be valid for such operation without the need of an accompanying person.

A permittee shall not be penalized for failing to have the instruction permit in immediate possession if the permittee produces in court, within a reasonable time, an instruction permit issued to the permittee and valid at the time of the permittee's arrest or at the time the permittee was charged with failure to have the permit in the permittee's immediate possession.

b. Except as otherwise provided, a permittee who is eighteen years of age or older must be accompanied by a person issued a driver's license valid for the vehicle operated who is a member of the permittee's immediate family if the family member is at least twenty-one years of age, an approved driver education instructor, a prospective driver education instructor who is enrolled in a practitioner preparation program with a safety education program approved by the state board of education, or a person at least twenty-five years of age, and who is actually occupying a seat beside the driver.

However, if the permittee is operating a motorcycle in accordance with this section or section 321.180B, the accompanying person must be within audible and visual communications distance from the permittee and be accompanying the permittee on or in a different motor vehicle. Only one permittee shall be under the immediate supervision of an accompanying qualified person.

2. A person who holds a class A, B, C, or D driver's license, upon meeting each of the following requirements, shall be eligible to apply for a commercial driver's instruction permit valid for the operation of a commercial motor vehicle when the permittee is accompanied by a person properly licensed to operate a commercial motor vehicle and actually occupying a seat beside the permittee. An applicant must be at least eighteen years of age and qualified to obtain a valid commercial driver's license including the requirements of section 321.188 other than the knowledge examination and driving skills tests. The commercial driver's instruction permit shall be valid for a period not to exceed six months. A commercial driver's instruction permit may be renewed only once in any two-year period. If the applicant for a commercial driver's instruction permit holds a driver's license issued in this state valid for the operation of a commercial or noncommercial vehicle, the commercial driver's instruction permit shall be valid for such operation without the need of an accompanying person.

3. A person, upon meeting each of the following requirements, shall be eligible to apply for a chauffeur's instruction permit valid for the operation of a motor vehicle, other than a commercial motor vehicle, as a chauffeur when the permittee is accompanied by a person, possessing a valid class D driver's license or commercial driver's license valid for the operation of the motor vehicle and the accompanying person is actually occupying a seat beside the permittee. An applicant must be at least eighteen years of age, otherwise qualified to obtain a class D driver's license, and must meet the requirements of section 321.186 other than a driving demonstration. The chauffeur's instruction permit shall be valid for a period not to exceed two years from the licensee's birthday anniversary in the year of issuance and shall be returned to the department upon issuance of a class

D driver's license or commercial driver's license. If the applicant for a chauffeur's instruction permit holds a driver's license issued under this chapter, the chauffeur's instruction permit shall be valid in the same manner as the driver's license would be for the operation of motor vehicles without the need of an accompanying person.

4. The instruction permit, chauffeur's instruction permit, and commercial driver's instruction permit are subject to suspension or revocation for the same reasons and in the same manner as suspension or revocation of a driver's license.

5. A motorcycle instruction permit issued under this section is not renewable.

321.180A Special instruction permit.

1. Notwithstanding other provisions of this chapter, a person with a physical disability, who is not suffering from a convulsive disorder and who can provide a favorable medical report, whose license renewal has been denied under section 321.177, subsection 6 or 7, or whose driver's license has been suspended under section 321.210, subsection 1, paragraph "c", upon meeting the requirements of section 321.186, other than a driving demonstration or the person's limitations which caused the denial under section 321.177, subsection 6 or 7, or suspension under section 321.210, subsection 1, paragraph "c", and upon paying the fee required in section 321.191, shall be issued a special instruction permit by the department. Upon issuance of the permit the denial or suspension shall be stayed and the stay shall remain in effect as long as the permit is valid.

2. a. A special instruction permit entitles the permittee, while having the permit in the permittee's immediate possession, to operate a noncommercial motor vehicle upon the highways for a period of six months from the date of issuance. However, the permittee must be accompanied by a person who is at least twenty-one years of age, who has been issued a driver's license valid for the vehicle being operated, and who is actually occupying a seat beside the permittee.

b. A permittee shall not be penalized for failing to have the permit in immediate possession if the permittee produces in court, within a reasonable time, the special instruction permit issued to the permittee which was valid at the time of the permittee's arrest.

3. The permittee may apply for a driver's license if thirty days have elapsed since issuance of the special instruction permit. The department shall issue a driver's license if the permittee is qualified, passes all required tests, including a driving test, and pays the required fees. If the per-

son has not obtained a driver's license before expiration of the person's special instruction permit, the person's former denial or suspension under section 321.177, subsection 6 or 7, or section 321.210, subsection 1, paragraph "c", upon service of notice by the department, shall be reinstated. A permit shall be reissued for one additional six-month period if a permittee continues to meet the qualifications of subsection 1 and has incurred no motor vehicle violations.

321.180B Graduated driver's licenses for persons aged fourteen through seventeen.

Persons under age eighteen shall not be issued a license or permit to operate a motor vehicle except under the provisions of this section. However, the department may issue restricted and special driver's licenses to certain minors as provided in sections 321.178 and 321.194, and driver's licenses restricted to motorized bicycles as provided in section 321.189. A license or permit shall not be issued under this section or section 321.178 or 321.194 without the consent of a parent or guardian. An additional consent is required each time a license or permit is issued under this section or section 321.178 or 321.194. The consent must be signed by at least one parent or guardian on an affidavit form provided by the department.

1. *Instruction permit.* The department may issue an instruction permit to an applicant between the ages of fourteen and eighteen years if the applicant meets the requirements of sections 321.184 and 321.186, other than a driving demonstration, and pays the required fee. An instruction permit issued under this section shall be valid for a period not to exceed two years from the licensee's birthday anniversary in the year of issuance. A motorcycle instruction permit issued under this section is not renewable.

Subject to the limitations in this subsection, an instruction permit entitles the permittee, while having the permit in the permittee's immediate possession, to operate a motor vehicle other than a commercial motor vehicle or as a chauffeur or a motor vehicle with a gross vehicle weight rating of sixteen thousand one or more pounds upon the highways.

Except as otherwise provided, a permittee who is less than eighteen years of age and who is operating a motor vehicle must be accompanied by a person issued a driver's license valid for the vehicle operated who is the parent or guardian of the permittee, member of the permittee's immediate family if the family member is at least twenty-one years of age, an approved driver education instructor, a prospective driver education instructor who is enrolled in a practitioner preparation program with a safety education program ap-

proved by the state board of education, or a person at least twenty-five years of age if written permission is granted by the parent or guardian, and who is actually occupying a seat beside the driver. A permittee shall not operate a motor vehicle if the number of passengers in the motor vehicle exceeds the number of passenger safety belts in the motor vehicle. If the applicant for an instruction permit holds a driver's license issued in this state valid for the operation of a motorized bicycle or a motorcycle, the instruction permit shall be valid for such operation without the requirement of an accompanying person.

However, if the permittee is operating a motorcycle in accordance with this section, the accompanying person must be within audible and visual communications distance from the permittee and be accompanying the permittee on or in a different motor vehicle. Only one permittee shall be under the immediate supervision of an accompanying qualified person.

A permittee shall not be penalized for failing to have the instruction permit in the permittee's immediate possession if the permittee produces in court, within a reasonable time, an instruction permit issued to the permittee and valid at the time of the permittee's arrest or at the time the permittee was charged with failure to have the permit in the permittee's immediate possession.

2. *Intermediate license.* The department may issue an intermediate driver's license to a person sixteen or seventeen years of age who possesses an instruction permit issued under subsection 1 or a comparable instruction permit issued by another state for a minimum of six months immediately preceding application, and who presents an affidavit signed by a parent or guardian on a form to be provided by the department that the permittee has accumulated a total of twenty hours of street or highway driving of which two hours were conducted after sunset and before sunrise and the street or highway driving was with the permittee's parent, guardian, instructor, a person certified by the department, or a person at least twenty-five years of age who had written permission from a parent or guardian to accompany the permittee, and whose driving privileges have not been suspended, revoked, or barred under this chapter or chapter 321J during, and who has been accident and conviction free continuously for, the six-month period immediately preceding the application for an intermediate license. An applicant for an intermediate license must meet the requirements of section 321.186, including satisfactory completion of driver education as required in section 321.178, and payment of the required license fee before an intermediate license will be issued. A person issued an intermediate license must limit the number of passengers in the motor vehicle when the intermediate licensee is operat-

ing the motor vehicle to the number of passenger safety belts.

Except as otherwise provided, a person issued an intermediate license under this subsection who is operating a motor vehicle between the hours of twelve-thirty a.m. and five a.m. must be accompanied by a person issued a driver's license valid for the vehicle operated who is the parent or guardian of the permittee, a member of the permittee's immediate family if the family member is at least twenty-one years of age, an approved driver education instructor, a prospective driver education instructor who is enrolled in a practitioner preparation program with a safety education program approved by the state board of education, or a person at least twenty-five years of age if written permission is granted by the parent or guardian, and who is actually occupying a seat beside the driver. However, a licensee may operate a vehicle to and from school-related extracurricular activities and work without an accompanying driver between the hours of twelve-thirty a.m. and five a.m. if such licensee possesses a waiver on a form to be provided by the department. An accompanying driver is not required between the hours of five a.m. and twelve-thirty a.m.

3. *Remedial driver improvement action or suspension of permit or intermediate license.* A person who has been issued an instruction permit or an intermediate license under this section, upon conviction of a moving traffic violation or involvement in a motor vehicle accident which occurred during the term of the instruction permit or intermediate license, shall be subject to remedial driver improvement action or suspension of the permit or license. A person possessing an instruction permit who has been convicted of a moving traffic violation or has been involved in an accident shall not be issued an intermediate license until the person has completed the remedial driver improvement action and has been accident and conviction free continuously for the six-month period immediately preceding the application for the intermediate license. A person possessing an intermediate license who has been convicted of a moving traffic violation or has been involved in an accident shall not be issued a full driver's license until the person has completed the remedial driver improvement action and has been accident and conviction free continuously for the twelve-month period immediately preceding the application for a full driver's license.

4. *Full driver's license.* A full driver's license may be issued to a person seventeen years of age who possesses an intermediate license issued under subsection 2 or a comparable intermediate license issued by another state for a minimum of twelve months immediately preceding application, and who presents an affidavit signed by a parent or guardian on a form to be provided by the department that the intermediate licensee has ac-

cumulated a total of ten hours of street or highway driving of which two hours were conducted after sunset and before sunrise and the street or highway driving was with the licensee's parent, guardian, instructor, a person certified by the department, or a person at least twenty-five years of age who had written permission from a parent or guardian to accompany the licensee, whose driving privileges have not been suspended, revoked, or barred under this chapter or chapter 321J during, and who has been accident and conviction free continuously for, the twelve-month period immediately preceding the application for a full driver's license, and who has paid the required fee.

5. *Class M license education requirements.* A person under the age of eighteen applying for an intermediate or full driver's license valid for the operation of a motorcycle shall be required to successfully complete a motorcycle education course either approved and established by the department of transportation or from a private or commercial driver education school licensed by the department of transportation before the class M license will be issued. A public school district shall charge a student a fee which shall not exceed the actual cost of instruction minus moneys received by the school district under subsection 6.

6. *Motorcycle rider education fund.* The motorcycle rider education fund is established in the office of the treasurer of state. The moneys credited to the fund are appropriated to the state department of transportation to be used to establish new motorcycle rider education courses and reimburse sponsors of motorcycle rider education courses for the costs of providing motorcycle rider education courses approved and established by the department. The department shall adopt rules under chapter 17A providing for the distribution of moneys to sponsors of motorcycle rider education courses based upon the cost of providing the education courses.

7. *Rules.* The department may adopt rules pursuant to chapter 17A to administer this section.

321.186 Examination of new or incompetent operators.

The department may examine every new applicant for a driver's license or any person holding a valid driver's license when the department has reason to believe that the person may be physically or mentally incompetent to operate a motor vehicle, or whose driving record appears to the department to justify the examination. The examinations shall be held in every county within periods not to exceed fifteen days except that the driving skills test for a commercial driver's license shall be given only at locations where required driving skills may be adequately tested, including pretrip and off-road examinations. The department shall make every effort to accommodate a functionally illiterate applicant when the applicant is taking a knowledge test. The department shall make every effort to have an examiner conduct the commercial driver's license driving skills tests at other locations in this state where skills may be adequately tested when requested by a person representing ten or more drivers requiring driving skills testing.

The department shall make every effort to accommodate a commercial driver's license applicant's need to arrange an appointment for a driving skills test at an established test site other than where the applicant passed the required knowledge test. The department shall report to the governor and the general assembly on any problems, extraordinary costs and recommendations regarding the appointment scheduling process.

The examination shall include a screening of the applicant's eyesight, a test of the applicant's ability to read and understand highway signs regulating, warning, and directing traffic, a test of the applicant's knowledge of the traffic laws of this state, an actual demonstration of ability to exercise ordinary and reasonable control in the operation of a motor vehicle and other physical and mental examinations as the department finds necessary to determine the applicant's fitness to operate a motor vehicle safely upon the highways. However, an

applicant for a new driver's license other than a commercial driver's license need not pass a vision test administered by the department if the applicant files with the department a vision report in accordance with section 321.186A which shows that the applicant's visual acuity level meets or exceeds those required by the department.

A physician licensed under chapter 148, 150, or 150A, or an optometrist licensed under chapter 154, may report to the department the identity of a person who has been diagnosed as having a physical or mental condition which would render the person physically or mentally incompetent to operate a motor vehicle in a safe manner. The physician or optometrist shall make reasonable efforts to notify the person who is the subject of the report, in writing. The written notification shall state the nature of the disclosure and the reason for the disclosure. A physician or optometrist making a report under this section shall be immune from any liability, civil or criminal, which might otherwise be incurred or imposed as a result of the report. A physician or optometrist has no duty to make a report or to warn third parties with regard to any knowledge concerning a person's mental or physical competency to operate a motor vehicle in a safe manner. Any report received by the department from a physician or optometrist under this section shall be kept confidential. Information regulated by chapter 141A shall be subject to the confidentiality provisions and remedies of that chapter.

321.186A Vision report in lieu of vision test.

1. An applicant for a new or renewed driver's license other than a commercial driver's license need not take a vision test administered by the department if the applicant files with the department a vision report signed by a licensed vision specialist in accordance with this section.

2. An applicant for such a new or renewed driver's license who fails a vision test administered by the department may subsequently be issued the driver's license without need of passing a department administered vision test, if the applicant files with the department a vision report from a licensed vision specialist in accordance with this section.

3. The vision report shall state the visual acuity level of the applicant as measured by the vision specialist and shall be in the form and include other information as required by rule of the department. A vision report is valid only if the visual acuity level of the applicant has been measured by the licensed vision specialist within thirty days before

the application for the new or renewed driver's license.

4. As used in this section, a "licensed vision specialist" means a physician licensed under chapter 148, 150, or 150A, or an optometrist licensed under chapter 154.

1. The department shall examine applicants for driver's licenses. Examiners of the department shall wear an identifying badge and uniform provided by the department.

1. Before the department issues, renews, or upgrades a commercial driver's license and in addition to the requirements of section 321.182, the license applicant shall do all of the following:

a. Certify whether the applicant is subject to and meets applicable driver qualifications of 49 C.F.R. part 391 as adopted by rule by the department.

b. Certify the applicant is not subject to any commercial driver's license disqualification and has committed no offense and has not acted in a manner which either alone or with previous actions or offenses could result in commercial driver's license disqualification.

c. Successfully pass knowledge tests and driving skills tests which the department shall require by rule. The rules adopted shall substantially comply with the federal minimum testing and licensing requirements in 49 C.F.R. part 383, subparts E, G, and H as adopted by rule by the department. Except as required under 49 C.F.R. part 383, subpart E, G, or H, a commercial driver's license is renewable without a driving skills test within one year after its expiration date.

d. Certify the vehicle to be operated in the driving skills tests represents the largest class of vehicle the applicant will operate on the highway.

e. Certify that the applicant is a resident of Iowa or a resident of a foreign jurisdiction.

2. An applicant for a commercial driver's license may substitute for a driving skills test the applicant's operating record and previous passage

of a driving skills test or the applicant's operating record and previous driving experience if all of the following conditions exist:

a. The applicant is currently licensed to operate a commercial motor vehicle.

b. The applicant certifies that during the two years immediately preceding application all of the following apply:

(1) The applicant has not held driver's licenses valid for the operation of commercial motor vehicles from more than one state simultaneously.

(2) Has operated during the two-year period immediately preceding the application a motor vehicle representative of the class of motor vehicle the applicant will operate.

3. An applicant for a hazardous material endorsement must pass a knowledge test as required under 49 C.F.R. § 383.121 as adopted by rule by the department to obtain or retain the endorsement. However, an applicant for license issuance who was previously issued a commercial driver's license from another state may retain the hazardous material endorsement from the previously issued license if the applicant successfully passed the endorsement test within the preceding twenty-four months.

4. The department shall check the applicant's driving record as maintained by the applicant's current licensing state, the national commercial driver's license information system, and the national driver register to determine whether the applicant qualifies to be issued a commercial driver's license. The department shall notify the national commercial driver's license information system of the issuance, renewal, or upgrade of a commercial driver's license.

5. A resident of this state holding a commercial driver's license issued by a former state of residence in conformity with the federal commercial driver testing and licensing standards shall not be

e. Class M—Valid for the operation of a motorcycle.

A driver's license may be issued for more than one class. Class A and B driver's licenses shall only be issued as commercial driver's licenses. Class C and M driver's licenses may be issued as commercial driver's licenses. A driver's license is not valid for the operation of a vehicle requiring an endorsement unless the driver's license is endorsed for the vehicle. A class D driver's license is also valid as a noncommercial class C driver's license. The holder of a commercial driver's license is not required to obtain a class D driver's license to operate a motor vehicle as a chauffeur. When necessary, the department shall by rule create additional classes or modify existing classes of driver's licenses, however, the rule shall be temporary and if within sixty days after the next regular session of the general assembly convenes the general assembly has not made corresponding changes in this chapter, the temporary classification or modification shall be nullified.

2. *Content of license.*

a. Appearing on the driver's license shall be a distinguishing number assigned to the licensee; the licensee's full name, date of birth, sex, and residence address; a colored photograph; a physical description of the licensee; the name of the state; the dates of issuance and expiration; and the usual signature of the licensee. The license shall identify the class of vehicle the licensee may operate and the applicable endorsements and restrictions which the department shall require by rule.

b. A commercial driver's license shall include the licensee's address as required under federal regulations, and the words "commercial driver's license" or "CDL" shall appear prominently on the face of the license. If the applicant is a nonresident, the license must conspicuously display the word "nonresident".

c. The department shall advise an applicant that the applicant for a driver's license may request a number other than a social security number as the driver's license number.

d. The license may contain other information as required under the department's rules.

3. *Replacement.* If prior to the renewal date, a person desires to obtain a driver's license in the form authorized by this section, a license may be issued as a voluntary replacement upon payment of the required fee as set by the department by rule. A person shall return a driver's license and be issued a new license when the first license contains inaccurate information upon payment of the required fee as set by the department by rule.

4. *Symbols.* Upon the request of a licensee, or a person renewing the person's license by mail, the department shall indicate on the license, or the validation document issued to a person renewing by mail, the presence of a medical condition, that the licensee is a donor under the uniform anatomical gift law, or that the licensee has in effect

a medical advance directive. For purposes of this subsection, a medical advance directive includes, but is not limited to, a valid durable power of attorney for health care as defined in section 144B.1. The license may contain such other information as the department may require by rule.

5. *Tamperproofing.* The department shall issue a driver's license by a method or process which prevents as nearly as possible the alteration, reproduction, or superimposition of a photograph on the license without ready detection.

6. *Licenses issued to persons under age twenty-one.* A driver's license issued to a person under eighteen years of age shall be identical in form to any other driver's license except that the words "under eighteen" shall appear prominently on the face of the license. A driver's license issued to a person eighteen years of age or older but less than twenty-one years of age shall be identical in form to any other driver's license except that the words "under twenty-one" shall appear prominently on the face of the license. Upon attaining the age of eighteen or upon attaining the age of twenty-one, and upon payment of a one dollar fee, the person shall be entitled to a new driver's license or nonoperator's identification card for the unexpired months of the driver's license or card. An instruction permit or intermediate license issued under section 321.180B, subsection 1 or 2, shall include a distinctive color bar. An intermediate license issued under section 321.180B, subsection 2, shall include the words "intermediate license" printed prominently on the face of the license.

7. *Motorized bicycle.*

a. The department may issue a driver's license valid only for operation of a motorized bicycle to a person fourteen years of age or older who has passed a vision test or who files a vision report as provided in section 321.186A which shows that the applicant's visual acuity level meets or exceeds those required by the department and who passes a written examination on the rules of the road. A person under the age of sixteen applying for a driver's license valid only for operation of a motorized bicycle shall also be required to successfully complete a motorized bicycle education course approved and established by the department or successfully complete an approved motorized bicycle education course at a private or commercial driver education school licensed by the department. A public school district shall charge a student a fee which shall not exceed the actual cost of instruction. A driver's license valid only for operation of a motorized bicycle entitles the licensee to operate a motorized bicycle upon the highway while having the license in the licensee's immediate possession. The license is valid for a period not to exceed two years from the licensee's birthday anniversary in the year of issuance, subject to termination or cancellation as provided in this section.

b. A driver's license valid only for operation of a motorized bicycle shall be canceled upon a con-

viction for a moving traffic violation and reapplication may be made thirty days after the date of cancellation. The cancellation of the license upon conviction for a moving traffic violation shall not result in requiring the applicant to maintain proof of financial responsibility under section 321A.17, unless the conviction would otherwise result in a suspension or revocation of a person's driver's license.

c. As used in this section, "*moving traffic violation*" does not include a parking violation as defined in section 321.210 or a violation of a section of the Code or municipal ordinance pertaining to standards to be maintained for motor vehicle equipment except sections 321.430 and 321.431, or except a municipal ordinance pertaining to motor vehicle brake requirements as applicable to motorized bicycles.

d. The holder of any class of driver's license may operate a motorized bicycle.

The card shall be issued to the applicant at the time of application pursuant to procedures established by rule.

b. The department shall not issue a card to a person holding a driver's license. However, a card may be issued to a person holding a temporary permit under section 321.181. The card shall be identical in form to a driver's license issued under section 321.189 except the word "nonoperator" shall appear prominently on the face of the card. A nonoperator's identification card issued to a person under eighteen years of age shall be identical in form to any other nonoperator's identification card except that the words "under eighteen" shall appear prominently on the face of the card. A nonoperator's identification card issued to a person

eighteen years of age or older but under twenty-one years of age shall be identical in form to any other nonoperator's identification card except that the words "under twenty-one" shall appear prominently on the face of the card.

c. The department shall use a process or processes for issuance of a nonoperator's identification card, that prevent, as nearly as possible, the opportunity for alteration or reproduction of, and the superimposition of a photograph on the nonoperator's identification card without ready detection.

d. The fee for a nonoperator's identification card shall be five dollars and the card shall be valid for a period of four years from the date of issuance. No issuance fee shall be charged for a person whose driver's license or driving privilege has been suspended under section 321.210, subsection 1, paragraph "c".

The nonoperator's identification card fees shall be transmitted by the department to the treasurer of state who shall credit the fees to the road use tax fund.

The fee for a special instruction permit is ten dollars. The fee for a chauffeur's instruction permit or commercial driver's instruction permit is twelve dollars.

2. *Noncommercial driver's licenses.* The fee for a noncommercial driver's license, other than a class D driver's license or any type of instruction permit, valid for two years is eight dollars.

3. *Licenses for chauffeurs.* The fee for a noncommercial class D driver's license valid for two years is sixteen dollars.

4. *Commercial driver's licenses.* An additional fee of eight dollars is required to issue a driver's license, other than an instruction permit, valid for two years for the operation of a commercial motor vehicle.

5. *Licenses valid for motorcycles.* An additional fee of one dollar per year of license validity is required to issue a license valid to operate a motorcycle.

6. *Special minors' licenses.* Notwithstanding subsection 2, the fee for a driver's license issued to a minor under section 321.194 or a restricted license issued to a minor under section 321.178, subsection 2, is eight dollars.

8. *Endorsements and removal of air brake restrictions.* The fee for a double/triple trailer endorsement, tank vehicle endorsement, and hazardous materials endorsement is five dollars for each endorsement. The fee for a passenger endorsement is ten dollars. The fee for removal of an air brake restriction on a commercial driver's license is ten dollars. Fees imposed under this subsection for endorsements or removal of restrictions are valid for the length of the time period of the license regardless of whether the license is issued for two or four years. Upon renewal of a commercial driver's license there is no fee for retaining endorsements or the removal of the air brake restriction for those endorsements or restrictions which do not require the taking of either a knowledge or a driving skills test for renewal.

9. *Driver's license reinstatements.* The fee for reinstatement of a driver's license shall be twenty dollars for a license which is, after notice and opportunity for hearing, canceled, suspended, revoked, or barred. The fee for reinstatement of the privilege to operate a commercial motor vehicle after a period of disqualification shall be twenty dollars.

10. *Upgrading a license class privilege — fee adjustment.* If an applicant wishes to upgrade a license class privilege, the fee charged shall be prorated on full-year fee increments of the new license in accordance with rules adopted by the department. The fee for a commercial driver's license endorsement, the removal of an air brake restriction, or a commercial driver's license instruction permit shall not be prorated.

As used in this subsection "to upgrade a license class privilege" means to add any privilege to a valid driver's license. The addition of a privilege includes converting from a noncommercial to a commercial license, converting from a noncommercial class C to a class D license, converting an instruction permit to a class license, adding any privilege to a section 321.189, subsection 7, license, adding an instruction permit privilege, adding a section 321.189, subsection 7, license to an instruction permit, and adding any privilege relating to a driver's license issued to a minor under section 321.194 or section 321.178, subsection 2.

The department may set forth restrictions upon the driver's license.

The department may suspend or revoke the driver's license upon receiving satisfactory evidence of any violation of the license's restrictions.

It is a misdemeanor for a person to operate a motor vehicle in any manner in violation of the restrictions imposed on a restricted license issued to that person under this section.

321.194 Special minors' licenses.

1. *Driver's license issued for travel to and from school.* Upon certification of a special need by the school board, superintendent of the applicant's school, or principal, if authorized by the superintendent, the department may issue a class C or M driver's license to a person between the ages of fourteen and eighteen years whose driving privileges have not been suspended, revoked, or barred under this chapter or chapter 321J during, and who has not been convicted of a moving traffic violation or involved in a motor vehicle accident for, the six-month period immediately preceding the application for the special minor's license and who has successfully completed an approved driver education course. However, the completion of a course is not required if the applicant demonstrates to the satisfaction of the department that completion of the course would impose a hardship upon the applicant. The department shall adopt rules defining the term "*hardship*" and establish procedures for the demonstration and determination of when completion of the course would impose a hardship upon an applicant.

a. The driver's license entitles the holder, while having the license in immediate possession, to operate a motor vehicle other than a commercial motor vehicle or as a chauffeur:

(1) During the hours of 6 a.m. to 10 p.m. over the most direct and accessible route between the licensee's residence and schools of enrollment and between schools of enrollment for the purpose of attending duly scheduled courses of instruction and extracurricular activities within the school district.

(2) At any time when the licensee is accompanied in accordance with section 321.180B, subsection 1.

b. Each application shall be accompanied by a statement from the school board, superintendent, or principal, if authorized by the superintendent, of the applicant's school. The statement shall be upon a form provided by the department. The school board, superintendent, or principal, if authorized by the superintendent, shall certify that a need exists for the license and that the board, superintendent, and a principal authorized by the superintendent are not responsible for actions of the applicant which pertain to the use of the driver's license. The department of education shall adopt rules establishing criteria for issuing a statement of necessity. Upon receipt of a statement of necessity, the department shall issue the driver's license. The fact that the applicant resides at a distance less than one mile from the applicant's schools of enrollment is prima facie evidence of the nonexistence of necessity for the issuance of a license. The driver's license shall not be issued for purposes of attending a public school in a school district other than either of the following:

(1) The district of residence of the parent or guardian of the student.

(2) A district which is contiguous to the district of residence of the parent or guardian of the student, if the student is enrolled in the public school which is not the school district of residence because of open enrollment under section 282.18 or as a result of an election by the student's district of residence to enter into one or more sharing agreements pursuant to the procedures in chapter 282.

2. *Suspension and revocation.* A driver's license issued under this section is subject to suspension or revocation for the same reasons and in the same manner as suspension or revocation of any other driver's license. The department may also suspend a driver's license issued under this section upon receiving satisfactory evidence that the licensee has violated the restrictions of the license or has been involved in one or more accidents chargeable to the licensee. The department may suspend a driver's license issued under this section upon receiving a record of the licensee's conviction for one violation. The department shall revoke the license upon receiving a record of conviction for two or more violations of a law of this state or a city ordinance regulating the operation of motor vehicles on highways other than parking

violations as defined in section 321.210. After a person licensed under this section receives two or more convictions which require revocation of the person's license under this section, the department shall not grant an application for a new driver's license until the expiration of one year.

321.195 Duplicate driver's licenses and nonoperator's identification cards.

If a driver's license or nonoperator's identification card issued under this chapter is lost or destroyed, the person to whom the license or card was issued may, upon payment of a fee of three dollars for a driver's license or nonoperator's identification card, obtain a duplicate, or substitute, upon furnishing proof satisfactory to the department that the driver's license or nonoperator's identification card has been lost or destroyed. A fee of one dollar shall be charged for the voluntary replacement of a driver's license or nonoperator's identification card.

321.196 Expiration of license — renewal.

Except as otherwise provided, a driver's license, other than an instruction permit, chauffeur's instruction permit, or commercial driver's instruction permit issued under section 321.180, expires, at the option of the applicant, two or four years from the licensee's birthday anniversary occurring in the year of issuance if the licensee is between the ages of seventeen years eleven months and seventy years on the date of issuance of the license. If the licensee is under the age of seventeen years eleven months or age seventy or over, the license is effective for a period of two years from the licensee's birthday anniversary occurring in the year of issuance. Except as required in section 321.188, and except for a motorcycle instruction permit issued in accordance with section 321.180 or 321.180B, a driver's license is renewable without written examination or penalty within a period of sixty days after its expiration date and without a driving test within a period of one year after its expiration date. A person shall not be considered to be driving with an invalid license during a period of sixty days following the license expiration date. However, for a license renewed within the sixty-day period, the date of issuance shall be considered to be the previous birthday anniversary on which it expired. Applicants whose licenses

are restricted due to vision or other physical deficiencies may be required to renew their licenses every two years. For the purposes of this section, the birthday anniversary of a person born on February 29 shall be deemed to occur on March 1. The department in its discretion may authorize the renewal of a valid driver's license other than a commercial driver's license upon application without an examination provided that the applicant satisfactorily passes a vision test as prescribed by the department, files a vision report in accordance with section 321.186A which shows that the applicant's visual acuity level meets or exceeds those required by the department, or is eligible for renewal by mail pursuant to rules adopted by the department. The department may assess an applicant a fee of no more than two dollars for administration and mailing expenses for providing for renewal of the applicant's driver's license by mail.

Any resident of Iowa holding a valid driver's license who is temporarily absent from the state, or incapacitated, may, at the time for renewal for such license, apply to the department for a temporary extension of the license. The department upon receipt of the application shall, upon a showing of good cause, issue a temporary extension of the driver's license for a period not to exceed six months.

321.198 Military service exception.

The effective date of a valid driver's license to the extent that it permits the operation of a motor vehicle other than a commercial motor vehicle and other than as a chauffeur, issued under the laws of this state, held by any person at the time of entering the military service of the United States or of the state of Iowa notwithstanding the expiration of the license according to its terms, is hereby extended without fee until six months following the initial separation from active duty of the person from the military service, provided the person is not suffering from physical disabilities which impair the person's competency as an operator and provided further that the licensee shall upon demand of any peace officer furnish satisfactory evidence of the person's military service. However, a person entitled to the benefits of this section, charged with operating a motor vehicle without an

operator's license, shall not be convicted if the person produces in court, within a reasonable time, a valid driver's license previously issued to that person along with evidence of the person's military service as above mentioned.

The department is authorized to renew any driver's license falling within the provisions and limitations of the preceding paragraph, without examination, upon application and payment of fee made within six months following separation from the military service.

The provisions of this section shall also apply to the spouse and children or ward of such military personnel when such spouse, children or ward are living with the above described military personnel outside of the state of Iowa and provided that such extension of license does not exceed five years.

A person whose period of validity of the person's driver's license is extended under this section may file an application in accordance with rules adopted by the department to have the person's record of issuance of a driver's license retained in the department's record system during the period for which the driver's license remains valid. If a person has had the record of issuance of the person's driver's license removed from the department's records, the person shall have the person's record of driver's license issuance reentered by the department upon request if the request is accompanied by a letter from the applicable person's commanding officer verifying the military service.

321.201 Cancellation and return of license — prohibition from issuance of commercial driver's license for false information.

1. The department may cancel a driver's license upon determination of any of the following:

- a. That the licensee was not entitled to the issuance of the license.

321.251 Rights of owners of real property — mobile home parks.

1. This chapter shall not be construed to prevent the owner of real property used by the public for purposes of vehicular travel by permission of the owner and not as matter of right from prohibiting such use, or from requiring other or different or additional conditions than those specified in this chapter, or otherwise regulating such use as may seem best to such owner.

2. *a.* The owner of real property upon which a mobile home park is located may elect to have the vehicular traffic provisions of this chapter, or the ordinances, rules, or regulations of the local authority where the real property is located, apply to the real property and any persons located on the real property by granting authority to any peace officer to enforce the vehicular traffic provisions of this chapter, or the ordinances, rules, or regulations of the local authority as well as any regulations or conditions imposed on the real property pursuant to subsection 1. An election made pursuant to this subsection shall not create a higher priority for the enforcement of traffic laws on real property upon which a mobile home is located than exists for the enforcement of traffic laws on public property.

b. A written notice of election shall be filed with the designated officials of the local authority whose ordinances, rules, or regulations will govern the vehicular traffic. The appropriate officials shall be the city clerk and chief of police of the city in which the real property is located and the county sheriff and the county recorder of the county in which the real property is located. The notice shall include the legal description of the real property, the street address, if any, and the date and time when the owner wishes the election to become effective. The notice shall be signed by every titleholder of the real property and acknowledged by a notary public.

c. An election shall terminate fourteen days following the filing of a written notice of withdraw-

3. The titleholder of real property under subsection 2 may elect to waive the right to have the vehicular traffic provisions of this chapter, or the ordinances, rules, or regulations of the local authority where the real property is located, apply to the real property and any persons located on the real property, by recording a waiver with the county recorder of each county in which the property is located. The waiver shall include the legal description of the real property and shall bind the titleholder of the real property and any successors in interest. The waiver may only be rescinded if each law enforcement jurisdiction, in which the titleholder of real property wishes to obtain the benefit of this section, consents to the rescission of the waiver through adoption of a resolution.

TRAFFIC SIGNS, SIGNALS, AND MARKINGS

321.252 Department to adopt sign manual.

The department shall adopt a manual and specifications for a uniform system of traffic-control devices consistent with the provisions of this chapter for use upon highways within this state. Such uniform system shall correlate with and so far as possible conform to the system then current as approved by the American association of state highway and transportation officials.

The department shall include in its manual of traffic-control devices, specifications for a uniform system of highway signs for the purpose of guiding traffic to organized off-highway permanent camps, and camp areas, operated by recognized and established civic, religious, and nonprofit charitable organizations and to for-profit campgrounds and ski areas. The department shall purchase, install, and maintain the signs upon the prepayment of the costs by the organization or owner.

The department shall also establish criteria for guiding traffic on all fully controlled-access, divided, multilaned highways including interstate highways to each tourist attraction which is located within thirty miles of the highway and receives fifteen thousand or more visitors annually. Nothing in this unnumbered paragraph shall be construed to prohibit the department from erecting signs to guide traffic on these highways to

tourist attractions which are located more than thirty miles from the highway or which receive fewer than fifteen thousand visitors annually.

The department shall establish, by rule, in cooperation with a tourist signing committee, the standards for tourist-oriented directional signs and shall annually review the list of attractions for which signing is in place. The rules shall conform to national standards for tourist-oriented directional signs adopted under 23 U.S.C. § 131(q) and to the manual of uniform traffic control devices. The tourist signing committee shall be made up of the directors or their designees of the departments of economic development, agriculture and land stewardship, natural resources, cultural affairs, and transportation, the chairperson or the chairperson's designee of the Iowa travel council, and a member of the outdoor advertising association of Iowa. The director or the director's designee of the department of economic development shall be the chairperson of the committee. The department of transportation shall be responsible for calling and setting the date of the meetings of the committee which meetings shall be based upon the amount of activity relating to signs. However, the committee shall meet at least once a month. However, a tourist attraction is not subject to a minimum number of visitors annually to qualify for tourist-oriented directional signing. The rules shall not be applicable to directional signs relating to historic sites on land owned or managed by state agencies, as provided in section 321.253A. The rules shall include but are not limited to the following:

1. Criteria for eligibility for signing.
2. Criteria for limiting or excluding businesses, activities, services, and sites that maintain signs that do not conform to the requirements of chapter 306B, chapter 306C, division II, or other statutes or administrative rules regulating outdoor advertising.
3. Provisions for a fee schedule to cover the direct and indirect costs of sign manufacture, erection, and maintenance, and related administrative costs.
4. Provisions specifying maximum distances to eligible businesses, activities, services, and sites. Tourist-oriented directional signs may be placed on highways within the maximum travel distance that have the greatest traffic count per day, if sufficient space is available. If an adjacent landowner complains to the department about the placement of a tourist-oriented directional sign, the department shall attempt to reach an agreement with the landowner for relocating the sign. If possible, the sign shall be relocated from the place of objection. If the sign must be located on an objectionable place, it shall be located on the least objectionable place possible.
5. Provisions for trailblazing to facilities that are not on the crossroad. Appropriate trailblazing

shall be installed over the most desirable routes on lesser traveled primary highways, secondary roads, and city streets leading to the tourist attraction.

6. Criteria for determining when to permit advance signing.

7. Provisions specifying conditions under which the time of operation of a business, activity, service, or site is shown.

8. Provisions for masking or removing signs during off seasons for businesses, activities, services, and sites operated on a seasonal basis. Faded signs shall be replaced and the commercial vendor charged for the cost of replacement based upon the fee schedule adopted.

9. Provisions specifying the maximum number of signs permitted per intersection.

10. Provisions for determining what businesses, activities, services, or sites are signed when there are more applicants than the maximum number of signs permitted.

11. Provisions for removing signs when businesses, activities, services, or sites cease to meet minimum requirements for participation and related costs.

Local authorities shall adhere to the specifications for such signs as established by the department, and shall purchase, install, and maintain such signs in their respective jurisdictions upon prepayment by the organization of the cost of such purchase, installation, and maintenance. The department shall include in its manual of traffic-control devices specifications for a uniform system of traffic-control devices in legally established school zones.

Whenever practical, said devices or signs shall be purchased from the director of the Iowa department of corrections.

The signs shall conform to the manual of uniform traffic devices. However, the directional signs are not subject to requirements applicable to tourist-oriented directional signs.

2. Upon request by a city or county in which a historic site is located on land owned or managed by an agency, the department shall distribute a directional sign as provided in this section to the city or county for erection upon roads or streets within their jurisdictions.

3. The location of the historic site shall be memorialized on transportation maps of the state published under the direction of the department and generally made available to the public. However, if it is not reasonable and feasible to display specific historic sites on the state transportation map, the department shall consult with the agency managing the historic site.

4. The department shall not erect, maintain, or distribute a directional sign or include on a transportation map information about a historic site located on land owned or managed by an agency if the department receives an objection by the agency.

1. For the purposes of this section "*stop at the official traffic control signal*" means stopping at the first opportunity at either the clearly marked stop line or before entering the crosswalk or before entering the intersection.

2. Official traffic control signals consisting of colored lights or colored lighted arrows shall regulate vehicle and pedestrian traffic in the following manner:

a. A "*steady circular red*" light means vehicular traffic shall stop. Vehicular traffic shall remain standing until a signal to proceed is shown or vehicular traffic, unless prohibited by a sign, may cautiously enter the intersection to make a right turn from the right lane of traffic or a left turn from a one-way street to a one-way street from the left lane of traffic on a one-way street onto the leftmost lane of traffic on a one-way street. Turns made under this paragraph shall be made in a manner that does not interfere with other vehicular or pedestrian traffic lawfully using the intersection. Pedestrian traffic facing a steady circular red light shall not enter the roadway unless the pedestrian can safely cross the roadway without interfering with any vehicular traffic.

b. A "*steady circular yellow*" or "*steady yellow arrow*" light means vehicular traffic is warned that the related green movement is being terminated and vehicular traffic shall no longer proceed into the intersection and shall stop. If the stop cannot be made in safety, a vehicle may be driven cautiously through the intersection. Pedestrian traffic is warned that there is insufficient time to cross the intersection and any pedestrian starting to cross the roadway shall yield the right of way to all vehicles.

c. A "*steady circular green*" light means vehicular traffic may proceed straight, turn right or turn left through the intersection unless otherwise specifically prohibited. Vehicular traffic shall yield the right of way to other vehicular and pedestrian traffic lawfully within the intersection.

d. A "*steady green arrow*" light shown alone or with another official traffic control signal means vehicular traffic may cautiously enter the intersection and proceed in the direction indicated by

the arrow. Vehicular traffic shall yield the right of way to other vehicles and pedestrians lawfully within the intersection.

e. A “*flashing circular red*” light means vehicular traffic shall stop and after stopping may proceed cautiously through the intersection yielding to all vehicles not required to stop or yield which are within the intersection or approaching so closely as to constitute a hazard, but then may proceed.

f. A “*flashing yellow*” light means vehicular traffic shall proceed through the intersection or past such signal with caution.

g. A “*don’t walk*” light is a pedestrian signal which means that pedestrian traffic facing the illuminated pedestrian signal shall not start to cross the roadway in the direction of the pedestrian signal, and pedestrian traffic in the crossing shall proceed to a safety zone.

h. A “*walk*” light is a pedestrian signal which means that pedestrian traffic facing the illuminated pedestrian signal may proceed to cross the roadway in the direction of the pedestrian signal and shall be given the right of way by drivers of all vehicles.

been authorized by the department and local authorities with reference to streets and highways under their jurisdiction and no person shall place or maintain nor shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising. This shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information of a type that cannot be mistaken for official signs.

SPEED RESTRICTIONS

321.285 Speed restrictions.

Any person driving a motor vehicle on a highway shall drive the same at a careful and prudent speed not greater than nor less than is reasonable and proper, having due regard to the traffic, surface, and width of the highway and of any other conditions then existing, and no person shall drive any vehicle upon a highway at a speed greater than will permit the person to bring it to a stop within the assured clear distance ahead, such driver having the right to assume, however, that all persons using said highway will observe the law.

The following shall be the lawful speed except as provided by this section, or except as posted pursuant to sections 262.68, 321.236, subsection 5, section 321.288, subsection 6, sections 321.289, 321.290, 321.293, 321.295, and 461A.36, and any speed in excess thereof shall be unlawful:

1. Twenty miles per hour in any business district.

2. Twenty-five miles per hour in any residence or school district.

3. Forty-five miles per hour in any suburban district. Each school district as defined in subsection 70 of section 321.1 shall be marked by distinctive signs as provided by the current manual of uniform traffic control devices adopted by the department and placed on the highway at the limits of such school district.

4. Notwithstanding any other speed restrictions, the speed limit for all vehicular traffic shall be fifty-five miles per hour.

5. Reasonable and proper, but not greater than fifty-five miles per hour at any time between sunrise and sunset, and not greater than fifty miles per hour at any time between sunset and sunrise, on secondary roads unless such roads are surfaced with concrete or asphalt or a combination of both, in which case the speed limits shall be the same as provided in subsection 4 of this section. When the board of supervisors of any county shall determine upon the basis of an engineering and traffic investigation that the speed limit on any secondary road is greater than is reasonable and proper under the conditions found to exist at any intersection or other place or upon any part of a secondary road, the board shall determine and declare a reasonable and proper speed limit at the intersection or other part of the secondary road. The speed limits as determined by the board of supervisors shall be effective when appropriate signs giving notice of the speed limits are erected by the board of supervisors at the intersection or other place or part of the highway.

6. Notwithstanding any other speed restrictions, the speed limit for all vehicular traffic on fully controlled-access, divided, multilaned highways including the national system of interstate highways is sixty-five miles per hour. The department may establish a speed limit of sixty-five miles per hour on certain divided, multilaned highways. However, the department or cities with the approval of the department may establish a lower speed limit upon such highways located within the corporate limits of a city. For the purposes of this subsection, a fully controlled-access highway is a highway that gives preference to through traffic by providing access connections with selected public roads only and by prohibiting crossings at grade or direct private driveway connections. A minimum speed may be established by the department on the highways referred to in this subsection if warranted by engineering and traffic investigations.

It is further provided that any kind of vehicle, implement, or conveyance incapable of attaining and maintaining a speed of forty miles per hour shall be prohibited from using the interstate system.

If local authorities fail to authorize by ordinance higher speeds than those stated in section 321.285 upon through highways or upon highways or portions thereof where stop signs have been erected at the entrances thereto, the department may recommend, upon the basis of an engineering and traffic investigation, to the local authorities that the speed limit be increased. No person shall drive a vehicle on any public bridge or elevated structure at a speed which is greater than the maximum speed permitted under this chapter on the street or highway at a point where said street or highway joins said bridge or elevated structure, provided that if the maximum speed permitted on said street or highway differs from the maximum speed on any other street or highway joining said bridge or elevated structure, then the lowest of said speeds shall be the maximum speed limit on said bridge or elevated structure, subject to the following:

The department upon request from any local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it shall thereupon find that such structure cannot with safety to itself withstand vehicles traveling at the speed otherwise permissible under this chapter, the department shall determine and declare the maximum speed of vehicles which such structure can withstand, and shall cause or permit suitable signs stating such maximum speed to be erected and maintained at a distance of two hundred feet before each end of such structure.

No person shall drive a vehicle over any bridge or other elevated structure constituting a part of a highway at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, when such structure is signposted as provided in this section.

Upon the trial of any person charged with driving a vehicle at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, proof of such determination of the maximum speed by said department and the existence of said signs shall constitute conclusive evidence of the maximum speed

which can be maintained with safety to such bridge or structure.

c. Upon a roadway divided into three marked lanes for traffic under the rules applicable thereon.

d. Upon a roadway restricted to one-way traffic.

2. Any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic upon all roadways, or as close as practicable to the right-hand curb or edge of the roadway, except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection, an alley, private road or driveway.

3. A vehicle shall not be driven upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, to the left of the center line of the roadway, except when authorized by official traffic-control devices designating certain lanes to the left side of the center of the roadway for use by traffic not otherwise permitted to use such lanes, or except as permitted under subsection 1, paragraph "b." 321.303 Limitations on overtaking on the left.

A vehicle shall not be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless the left side is clearly visible and is free of

oncoming traffic for a sufficient distance ahead to permit the overtaking and passing to be completely made without interfering with the safe operation of a vehicle approaching from the opposite direction or a vehicle overtaken. The overtaking vehicle shall return to the right-hand side of the roadway before coming within three hundred feet of a vehicle approaching from the opposite direction when traveling on a roadway having a legal speed limit in excess of thirty miles per hour, and the overtaking vehicle shall return to the right-hand side of the roadway before coming within one hundred feet of a vehicle approaching from the opposite direction when traveling on a roadway having a legal speed limit of thirty miles per hour or less.

321.304 Prohibited passing.

No vehicle shall, in overtaking and passing another vehicle or at any other time, be driven to the left side of the roadway under the following conditions:

1. When approaching the crest of a grade or upon a curve in the highway where the driver's view along the highway is obstructed for a distance of approximately seven hundred feet.

2. When approaching within one hundred feet of any narrow bridge, viaduct, or tunnel, when so signposted, or when approaching within one hundred feet of or traversing any intersection or railroad grade crossing.

3. Where official signs are in place directing that traffic keep to the right or a distinctive center line or off-center line is marked, which distinctive line also so directs traffic as declared in the sign manual adopted by the department of transportation.

321.306 Roadways laned for traffic.

Whenever any roadway has been divided into three or more clearly marked lanes for traffic the following rules in addition to all others consistent herewith shall apply:

A vehicle shall be driven as nearly as practical entirely within a single lane and shall not be moved from such lane until the driver has first as-

certained that such movement can be made with safety.

Upon a roadway which is divided into three lanes a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the roadway is clearly visible and such center lane is clear of traffic within a safe distance, or in preparation for a left turn or where such center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is signposted to give notice of such allocation.

Official signs may be erected directing slow-moving traffic to use a designated lane or allocating specified lanes to traffic moving in the same direction and drivers of vehicles shall obey the directions of every such sign.

Vehicles moving in a lane designated for slow-moving traffic shall yield the right of way to vehicles moving in the same direction in a lane not so designated when such lanes merge to form a single lane.

A portion of a highway provided with a lane for slow-moving vehicles does not become a roadway marked for three lanes of traffic.

321.309 Towing — convoys.

A person shall not pull or tow by motor vehicle, for hire, another motor vehicle over any highway outside the limits of any incorporated city, except in case of temporary movement of a disabled motor vehicle to the place where repairs will be made, unless the person has complied with the provisions of sections 321.57 and 321.58. Provided, however, if the person is a nonresident of the state

of Iowa and has complied with the laws of the state of that person's residence governing licensing and registration as a transporter of motor vehicles, the person shall not be required to pay the fee provided in section 321.58 but only to submit proof of the person's status as a bona fide manufacturer or transporter as may reasonably be required by the department.

Except for motorcycles or motorized bicycles, 1966 model year or newer motor vehicles subject to registration in Iowa shall be equipped with safety belts and safety harnesses which conform with federal motor vehicle safety standard numbers 209 and 210 as published in 49 C.F.R. § 571.209–571.210 and with prior federal motor vehicle safety standards for seat belt assemblies and seat belt assembly anchorages applicable for the motor vehicle's model year.

2. The driver and front seat occupants of a type of motor vehicle which is subject to registration in Iowa, except a motorcycle or a motorized bicycle, shall each wear a properly adjusted and fastened safety belt or safety harness any time the vehicle is in forward motion on a street or highway in this state except that a child under six years of age shall be secured as required under section 321.446.

This subsection does not apply to:

a. The driver or front seat occupants of a motor vehicle which is not required to be equipped with safety belts or safety harnesses.

b. The driver and front seat occupants of a motor vehicle who are actively engaged in work which requires them to alight from and reenter the vehicle at frequent intervals, providing the vehicle does not exceed twenty-five miles per hour between stops.

The certification shall specify the time period for which the exemption applies. The time period shall not exceed twelve months, at which time a new certification may be issued unless the certifying health care provider is from a United States military facility, in which case the certificate may specify a longer period of time or a permanent exemption.

f. Front seat occupants of an authorized emergency vehicle while they are being transported in an emergency. However, this exemption does not apply to the driver of the authorized emergency vehicle.

During the six-month period from July 1, 1986 through December 31, 1986, peace officers shall issue only warning citations for violations of this subsection, except this does not apply to drivers subject to the federal motor carrier safety regulation 49 C.F.R. § 392.16.

3. The driver and front seat passengers may be each charged separately for improperly used or nonused equipment under subsection 2. The owner of the motor vehicle may be charged for equipment violations under subsection 1.

4. a. The nonuse of a safety belt or safety harness by a person is not admissible or material as evidence in a civil action brought for damages in a cause of action arising prior to July 1, 1986.

b. In a cause of action arising on or after July 1, 1986, brought to recover damages arising out of the ownership or operation of a motor vehicle, the failure to wear a safety belt or safety harness in violation of this section shall not be considered evidence of comparative fault under section 668.3, subsection 1. However, except as provided in section 321.446, subsection 6, the failure to wear a safety belt or safety harness in violation of this section may be admitted to mitigate damages, but only under the following circumstances:

(1) Parties seeking to introduce evidence of the failure to wear a safety belt or safety harness in violation of this section must first introduce substantial evidence that the failure to wear a safety belt or safety harness contributed to the injury or injuries claimed by the plaintiff.

(2) If the evidence supports such a finding, the trier of fact may find that the plaintiff's failure to wear a safety belt or safety harness in violation of this section contributed to the plaintiff's claimed

injury or injuries, and may reduce the amount of plaintiff's recovery by an amount not to exceed five percent of the damages awarded after any reductions for comparative fault.

5. The department shall adopt rules pursuant to chapter 17A providing exceptions from application of subsections 1 and 2 for front seats and front seat passengers of motor vehicles owned, leased, rented, or primarily used by persons with physical disabilities who use collapsible wheelchairs.

2. A child at least three years of age but under six years of age who is being transported in a motor vehicle subject to registration, except a school bus or motorcycle, shall be secured during transit by either a child restraint system that meets federal motor vehicle safety standards and is used in accordance with the manufacturer's instructions, or by a safety belt or safety harness of a type approved under section 321.445.

3. This section does not apply to peace officers acting on official duty. This section also does not apply to the transportation of children in 1965 model year or older vehicles, authorized emergency vehicles, or motor homes, except when a child is transported in a motor home's passenger seat situated directly to the driver's right. This section does not apply to the transportation of a child who has been certified by a physician licensed under chapter 148, 150, or 150A as having a medical, physical, or mental condition which prevents or makes inadvisable securing the child in a child restraint system, safety belt, or safety harness.

4. The operator who violates subsection 1 or 2 is guilty of a misdemeanor and subject only to the penalty provisions of section 805.8, subsection 2, paragraph "x".

5. A person who is first charged for a violation of subsection 1 and who has not purchased or otherwise acquired a child restraint system shall not be convicted if the person produces in court, within a reasonable time, proof that the person has purchased or otherwise acquired a child restraint system which meets federal motor vehicle safety standards.

6. Failure to use a child restraint system, safety belts, or safety harnesses as required by this section does not constitute negligence nor is the failure admissible as evidence in a civil action.

The rules shall not apply to vehicles offered to the public for hire that are used principally in intracity operation and that are regulated by local authorities pursuant to section 321.236.

2. Rules adopted under this section concerning driver qualifications, hours of service, and recordkeeping requirements do not apply to the operators of public utility trucks, trucks hauling gravel, construction trucks and equipment, trucks moving implements of husbandry, and special trucks, other than a truck tractor, operating intrastate. Except as otherwise provided in this section, trucks for hire on construction projects are not exempt from this section.

3. Rules adopted under this section concerning driver age qualifications do not apply to drivers for private and for-hire motor carriers which operate solely intrastate except when the vehicle being driven is transporting a hazardous material in a quantity which requires placarding. The minimum age for the exempted intrastate operations is eighteen years of age.

4. Notwithstanding other provisions of this section, rules adopted under this section for drivers of commercial vehicles shall not apply to a driver of a commercial vehicle who is engaged exclusively in intrastate commerce, when the commercial vehicle's gross vehicle weight rating is twenty-six thousand pounds or less, unless the vehicle is used to transport hazardous materials requiring a placard or if the vehicle is designed to transport more than fifteen passengers, including the driver. For the purpose of complying with the hours of service recordkeeping requirements under 49 C.F.R. § 395.1(e)(5), a driver's report of daily beginning and ending on-duty time submitted to the

motor carrier at the end of each work week shall be considered acceptable motor carrier time records. In addition, rules adopted under this section shall not apply to a driver for a farm operation as defined in section 352.2, or for an agricultural interest when the commercial vehicle is operated between the farm as defined in section 352.2 and another farm, between the farm and a market for farm products, or between the farm and an agribusiness location. A driver or a driver-salesperson for a private carrier, who is not for hire and who is engaged exclusively in intrastate commerce, may drive twelve hours, be on duty sixteen hours in a twenty-four hour period and be on duty seventy hours in seven consecutive days or eighty hours in eight consecutive days. For-hire drivers who are engaged exclusively in intrastate commerce and who operate trucks and truck-tractors exclusively for the movement of construction materials and equipment to and from construction projects may also drive twelve hours, be on duty sixteen hours in a twenty-four-hour period, and be on duty seventy hours in seven consecutive days or eighty hours in eight consecutive days. A driver-salesperson means as defined in 49 C.F.R. § 395.2, as adopted by the department by rule.

5. *a.* Notwithstanding other provisions of this section, rules adopted under this section concerning physical and medical qualifications for drivers of commercial vehicles engaged in intrastate commerce shall not be construed as disqualifying any individual who was employed as a driver of commercial vehicles engaged in intrastate commerce whose physical or medical condition existed prior to July 29, 1996.

b. Notwithstanding other provisions of this section, rules adopted under this section concerning physical and medical qualifications for a driver shall not apply to a farmer or a farmer's hired help when operating a vehicle owned by the farmer while it is being used in connection with the intrastate transportation of fertilizers and chemicals used in the farmer's crop production.

c. Notwithstanding other provisions of this section, rules adopted under this section concerning physical and medical qualifications for a driver shall not apply to a farmer or a farmer's hired help when operating a vehicle owned by the farmer while it is being used in connection with the intrastate transportation of agricultural commodities or feed.

6. Notwithstanding other provisions of this section, rules adopted under this section shall not impose any requirements which impose any restrictions upon a person operating an implement of husbandry or pickup to transport fertilizers and pesticides in that person's agricultural operations.

7. Rules adopted under this section concerning periodic inspections shall not apply to special trucks as defined in section 321.1, subsection 76, and registered under section 321.121.

8. Rules adopted under this section shall not apply to vehicles used in combination provided the gross vehicle weight rating of the towing unit is ten thousand pounds or less and the gross combination weight rating is twenty-six thousand pounds or less.

Notwithstanding other provisions of this section, rules adopted under this section concerning physical and medical qualifications for drivers of commercial vehicles engaged in intrastate commerce shall not be construed as disqualifying any individual who was employed as a driver of commercial vehicles engaged in intrastate commerce, and whose physical or medical condition existed, prior to July 29, 1996.

Notwithstanding other provisions of this section, or the age requirements under section 321.449, the age requirements under section 321.449 and the rules adopted under this section pertaining to compliance with regulations adopted under United States Code, Title 49, and found in 49 C.F.R. § 177.804, shall not apply to retail dealers of fertilizers, petroleum products, and pesticides and their employees while delivering fertilizers, petroleum products, and pesticides to farm customers within a one-hundred-mile radius of their retail place of business.

Notwithstanding other provisions of this section, rules adopted under this section shall not apply to a farmer or employees of a farmer when transporting an agricultural hazardous material between the sites in the farmer's agricultural operations unless the material is being transported on the interstate highway system. 321.456 Height of vehicles — permits — exemption.

A vehicle unladen or with load shall not exceed a height of thirteen feet, six inches, except by permit as provided in this section. However, a vehicle or combination of vehicles coupled together and used exclusively for the transportation of passenger vehicles, light delivery trucks, panel delivery trucks, pickup trucks, or recreational vehicle chassis may operate without a permit provided that the height of the vehicle or vehicles coupled together does not exceed fourteen feet. This section shall not be construed to require any railroad or public authorities to provide sufficient vertical clearance to permit the operation of such vehicle upon the highways of this state. Any damage to highways, highway or railroad structures or underpasses caused by the height of any vehicle provided for by this section shall be borne by the operator or owner of the vehicle. Vehicles unladen or with load exceeding a height of thirteen feet, six inches but not exceeding fourteen feet may be operated with a permit issued by the department or jurisdictional local authorities. The permits shall be issued annually for a fee of twenty-five dollars and subject to rules adopted by the department. The state or a political subdivision shall not be liable for damage to any vehicle or its cargo if changes in vertical clearance of a structure are made subsequent to the issuance of a permit during the term of the permit.

321.457 Maximum length.

1. A combination of four vehicles is not allowed on the highways of this state, except for power units saddle mounted on other power units which shall be restricted to a maximum overall length of seventy-five feet.

2. The maximum length of any motor vehicle or combination of vehicles operated on the highways of this state is as follows:

a. A single truck, unladen or with load, shall not have an overall length, inclusive of front and rear bumpers, in excess of forty feet.

When determining the overall length of a single truck, the following shall be excluded:

(1) Cargo extending not more than three feet beyond the front bumper and not more than four feet beyond the rear bumper when transporting motor vehicles, boats, and chassis.

(2) An unladen cargo carrying device extending no greater than twenty-four inches from the rear of the bed of the truck.

(3) A cargo carrying device with load.

b. A single bus shall not have an overall length, inclusive of front and rear bumpers, in excess of forty-five feet, except that buses constructed so as to contain a flexible part allowing articulation shall not exceed sixty-one feet.

c. A mobile home not in excess of forty-eight feet in length may be drawn by any motor vehicle, except a motor truck, provided that the mobile home and its towing unit are not in excess of an overall length of sixty feet. For the purposes of this subsection, a light delivery truck, panel delivery truck, or "pickup" is not a motor truck. A portable livestock loading chute not in excess of a length of thirteen feet including its hitch or tongue may be drawn by any vehicle or combination of vehicles, provided that the vehicle or combination of vehicles drawing the loading chute is not in excess of the legal length provided for such vehicles or combinations.

d. A combination of three vehicles coupled together one of which is a motor vehicle, unladen or with load, other than a truck tractor, shall not have an overall length, inclusive of front and rear bumpers, in excess of sixty feet.

e. A motor vehicle or combination of vehicles may be operated upon the highways of this state, irrespective of the length and weight limitations imposed by the laws of this state, if the motor vehicle or combination of vehicles is operated within the corporate limits of a city abutting a border of this state and such operations have been approved by ordinance of the city council and if the length and weight of the motor vehicle or combination of vehicles is in conformity with the laws relating to length and weight of the abutting state. If a city council has authorized such operation upon highways within the corporate limits, then the limit of travel for such motor vehicles or combination of vehicles within the state is extended to the commercial zones as described by federal regulations concerning interstate commerce, 49 C.F.R. § 1048.101, and to the interstate system as provided in 23 U.S.C. § 127 and 49 U.S.C. § 31112(c), as amended by Pub. L. No. 104-59.

f. A trailer or semitrailer, laden or unladen, shall not have an overall length in excess of fifty-three feet when operating in a truck tractor-semi-trailer combination exclusive of retractable extensions used to support the load. However, when a trailer or semitrailer is used exclusively for the transportation of passenger vehicles, light delivery trucks, panel delivery trucks, pickup trucks,

recreational vehicle chassis, or boats, the load carried on the trailer or semitrailer may extend up to three feet beyond the front bumper and up to four feet beyond the rear bumper of the trailer or semitrailer. A lowboy semitrailer, laden or unladen, which is designed and exclusively used for the transportation of construction equipment shall not have an overall length in excess of fifty-seven feet when used in a truck tractor-semi-trailer combination.

g. A trailer or semitrailer, laden or unladen, shall not have an overall length in excess of twenty-eight feet six inches when operating in a truck tractor-semi-trailer-trailer combination or truck tractor-semi-trailer-semi-trailer combination. When the semi-trailers in a truck tractor-semi-trailer-semi-trailer combination are connected by a rigid frame extension including a fifth-wheel connection point attached to the rear frame of the first semi-trailer, the length of the frame extension shall not be included when determining the overall length of the first semi-trailer.

h. Power units designed to carry cargo, when used in combination with a trailer or semitrailer shall not exceed sixty-five feet in overall length for the combination exclusive of retractable extensions used to support the load. However, if a combination of vehicles is used exclusively for the transportation of passenger vehicles, light delivery trucks, panel delivery trucks, pickup trucks, recreational vehicle chassis, or boats, the load may extend up to three feet beyond the front bumper of the power unit and up to four feet beyond the rear bumper of the trailer or semitrailer.

i. A stinger-steered automobile transporter shall not have an overall length exceeding seventy-five feet, exclusive of retractable extensions used to support the load and all other devices or appurtenances related to the safe and efficient operation of the vehicle, except that the load may extend up to three feet beyond the front bumper and up to four feet beyond the rear bumper.

3. Fire fighting apparatus and vehicles operated during daylight hours when transporting poles, pipe, machinery, or other objects of a structural nature which cannot be readily disassembled when required for emergency repair of public service facilities or properties are not subject to the limitations on overall length of vehicles and combinations of vehicles imposed under this section. However, for operation during nighttime hours, these vehicles and the load being transported shall be equipped with a sufficient number of clearance lamps on both sides and marker lamps at the extreme ends of the projecting load to clearly mark the dimensions of the load. A member of the Iowa state patrol shall also be notified prior to the operation of the vehicle.

321.458 Loading beyond front.

The load upon any vehicle operated alone, or the load upon the front vehicle of a combination of vehicles, shall not extend more than three feet beyond the front wheels of such vehicle or the front bumper of such vehicle if it is equipped with such a bumper.

[C39, §5035.07; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.458]

321.459 Dual axle requirement.

Axles of a motor vehicle, trailer, or semitrailer which are less than forty inches apart center to center shall be considered as a single axle for the purpose of determining permissible gross weight under section 321.463.

[C31, 35, §5067-d3; C39, §5035.08; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.459]

321.460 Spilling loads on highways.

A vehicle shall not be driven or moved on any highway by any person unless such vehicle is so constructed or loaded or the load securely covered as to prevent any of its load from dropping, sifting, leaking, or otherwise escaping or its load covering from dropping from the vehicle, except that sand may be dropped for the purpose of securing traction, or water or other substance may be sprinkled on a roadway in cleaning or maintaining such roadway. The provisions of this section shall not apply to vehicles loaded with hay or stover or the products listed in section 321.466, subsections 5 and 6.

[C39, §5035.09; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.460]

321.461 Trailers and towed vehicles.

When one vehicle is towing another the drawbar or other connection shall not exceed fifteen feet from one vehicle to the other except the connection between any two vehicles transporting poles, pipe, machinery, or other objects of structural nature which cannot readily be dismembered.

If the towing vehicle is a motor truck and the towed vehicle is a single trailer with a single point of articulation at the hitch connection, the drawbar or other connection shall not exceed twenty-one feet. The length of the drawbar or other connection shall be measured from the centerline of the hitch assembly on the towing vehicle to the front of the body of the towed vehicle. A vehicle

which has a drawbar or other connection which measures between fifteen and twenty-one feet in length shall have at least one yellow reflector visible on each vertical face of the drawbar or other connection, located near the midpoint between the towing and the towed vehicle. A vehicle which has a drawbar or other connection which measures between fifteen and twenty-one feet in length shall have affixed to the rear of the towed vehicle a sign indicating that the vehicle is a towed vehicle.

[C39, §5035.10; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.461]
91 Acts, ch 31, §3

321.462 Drawbars and safety chains.

When one vehicle is towing or pulling another vehicle the drawbar or other connection shall be of sufficient strength to pull all weight towed thereby and shall be fastened to the frame of the towing vehicle in such manner as to prevent sidesway, and in addition to such principal connection there shall be a safety chain which shall be so fastened as to be capable of holding the towed vehicle should the principal connection for any reason fail.

[C39, §5035.11; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.462]

321.463 Maximum gross weight — exceptions — penalties.

1. An axle may be divided into two or more parts, except that all parts in the same vertical transverse plane shall be considered as one axle.

2. The gross weight on any one axle of a vehicle, or of a combination of vehicles, operated on the highways of this state, shall not exceed twenty thousand pounds on an axle equipped with pneumatic tires, and shall not exceed fourteen thousand pounds on an axle equipped with solid rubber tires. The gross weight on any tandem axle of a vehicle, or any combination of vehicles, shall not exceed thirty-four thousand pounds on an axle equipped with pneumatic tires. This subsection does not apply to implements of husbandry.

3. Notwithstanding other provisions of this chapter to the contrary, indivisible loads operating under the permit requirements of sections 321E.7, 321E.8, 321E.9, and 321E.29A shall be allowed a maximum of twenty thousand pounds per axle.

4. *a.* Self-propelled implements of husbandry used exclusively for the application of organic or inorganic plant food materials, agricultural limestone, or agricultural chemicals shall be operated in compliance with this section.

b. (1) Notwithstanding any provision of this section to the contrary, the weight on any one axle of a fence-line feeder, grain cart, or tank wagon operated on the highways of this state shall not exceed twenty-four thousand pounds from February 1 through May 31 or twenty-eight thousand

pounds from June 1 through January 31, provided, however, that the maximum gross vehicle weight of the fence-line feeder, grain cart, or tank wagon shall not exceed ninety-six thousand pounds.

A fence-line feeder, grain cart, or tank wagon shall comply with the other provisions of this section and chapter when operated over a bridge in this state. A local authority may issue a special permit, based on a statewide standard developed by the department, allowing the operation over a bridge within its jurisdiction of a fence-line feeder, grain cart, or tank wagon with a weight in excess of the weights allowed under this chapter.

(2) For purposes of this paragraph "b", "highway" does not include a bridge.

For purposes of this paragraph "b", "fence-line feeder, grain cart, or tank wagon" means all of the following:

(a) A fence-line feeder, grain cart, or tank wagon manufactured on or after July 1, 2001.

(b) After July 1, 2005, any fence-line feeder, grain cart, or tank wagon.

The year of manufacture of a fence-line feeder, grain cart, or tank wagon manufactured on or after July 1, 2001, shall be permanently made a part of the identification plate on the vehicle. Fraudulently altering or defacing or attempting to fraudulently alter or deface the year of manufacture or other product identification number on a fence-line feeder, grain cart, or tank wagon is a violation of section 321.92.

d. For the purposes of the maximum gross weight tables in paragraphs "a", "b", and "c", distance in feet is the measured distance in feet between the centers of the extreme axles of any group of axles, rounded to the nearest whole foot.

6. The weight on any one axle, including a tandem axle, of a vehicle which is transporting livestock on highways not part of the interstate system may exceed the legal maximum weight given in this chapter providing that the gross weight on any particular group of axles on such vehicle does

not exceed the gross weight allowable under this chapter for such groups of axles.

7. The weight on any one axle, including a tandem axle, of a vehicle which is transporting raw materials from a designated borrow site to a construction project or transporting raw materials from a construction project, and which is operating on a highway that is not part of the interstate system and along a route of travel approved by the department or the appropriate local authority, may exceed the legal maximum weight otherwise allowed under this chapter by ten percent if the gross weight on any particular group of axles on the vehicle does not exceed the gross weight allowed under this chapter for that group of axles. If the vehicle exceeds the ten percent tolerance allowed under this subsection, the fine shall be computed on the difference between the actual weight and the ten percent tolerance weight allowed for the axle or tandem axle.

8. A vehicle or combination of vehicles transporting materials to or from a construction project or commercial plant site may operate under the maximum gross weight table for interstate highways in subsection 5, paragraph "a", if the route is approved by the department or appropriate local authority. Route approval is not required if the vehicle or combination of vehicles transporting materials to or from a construction project or commercial plant site complies with the maximum gross weight table for noninterstate highways in subsection 5, paragraph "c".

9. A vehicle designed to tow wrecked or disabled vehicles shall be exempt from the weight limitations in this section while the vehicle is towing a wrecked or disabled vehicle.

10. a. A person who operates a vehicle in violation of this section, and an owner, or any other person, employing or otherwise directing the operator of a vehicle, who requires or knowingly permits the operation of a vehicle in violation of this section shall be fined according to the following schedule:

Pounds Overloaded	Amount of Fine
Up to and including 1,000 pounds	\$12
Over 1,000 pounds up to and including 2,000 pounds	\$22
Over 2,000 pounds up to and including 3,000 pounds	\$155
Over 3,000 pounds up to and including 4,000 pounds	\$240

321.464 Investigation as to safety.

The director upon registering any vehicle under the laws of this state which vehicle is designed and used primarily for the transportation of property or for the transportation of ten or more persons, may require such information and may make such investigation or test as necessary to enable the director to determine whether such vehicle may safely be operated upon the highways in compliance with all the provisions of this chapter. The director shall register every such vehicle for a permissible gross weight not exceeding the limitations set forth in this chapter. Every such vehicle shall meet the following requirements:

1. It shall be equipped with brakes as required in sections 321.430 and 321.431.

2. Every motor vehicle to be operated outside of business and residence districts shall have motive power adequate to propel at a reasonable speed such vehicle and any load thereon or to be drawn thereby.

[C39, §5035.13; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.464]

321.465 Weighing vehicles and removal of excess.

Any peace officer having reason to believe that the weight of a vehicle and load is unlawful is authorized to require the driver to stop and submit to a weighing of the same either by means of portable or stationary scales and may require that such vehicle be driven to the nearest public scales.

If an officer upon weighing a vehicle and load determines that the weight is unlawful, the officer may require the driver to stop the vehicle in a suit-

able place until such portion of the load is removed as may be necessary to reduce the gross weight of the vehicle to the limit as permitted under this chapter. All material so unloaded shall be cared for by the owner or operator of the vehicle at the risk of the owner or operator. The owner or operator of an overweight vehicle, designed to transport solid waste and domiciled within the state, which is transporting solid waste, shall not be required to unload any portion of the load, if the load is indivisible, in a place other than a facility which is permitted to handle solid waste disposal, processing, or recycling. For purposes of this section “*solid waste*” means waste which is acceptable at a local sanitary landfill and the solid waste shall be considered to be an indivisible load.

A driver of a vehicle who fails or refuses to stop and submit the vehicle and load to a weighing, or who fails or refuses when directed by an officer upon a weighing of the vehicle to stop the vehicle and otherwise comply with this section, is guilty of a simple misdemeanor.

Upon weighing a vehicle and load, as above provided, if such load is a sealed load, the weight officer shall issue a certificate setting forth the weights as determined by the weight officer and the seal number or numbers, if requested by the operator.

321.466 Increased loading capacity — re-registration.

1. An increased gross weight registration may be obtained for any vehicle by payment of the difference between the annual fee for the higher gross weight and the amount of the fee for the gross weight at which it is registered.

2. During or after the seventh month of a current registration year, the owner of a motor truck, truck tractor, road tractor, semitrailer or trailer may, if the owner’s operation has not resulted in a conviction or action pending under this section, increase the gross weight of the vehicle to a higher gross weight classification by payment of one-twelfth of the difference between the annual fee for the higher gross weight and the amount of the fee for the gross weight at which it is registered, multiplied by the number of unexpired months of the registration year.

3. Upon conversion of a truck to a truck tractor or a truck tractor to a truck, an increased gross weight registration of the proper type may be obtained for the vehicle by payment, except as provided in section 321.106, of one-twelfth of the difference between the annual fee for the higher gross weight and the amount of the annual fee for the gross weight at which the vehicle is registered, multiplied by the number of unexpired months of

the registration year from the date of the conversion.

4. The registered gross weight of a vehicle or combination of vehicles may also be increased by installing and using an auxiliary axle or axles, and the combined registered gross weight of the vehicle and auxiliary axle or axles shall determine the total registered gross weight. An auxiliary axle shall not be used to convert a single axle to a tandem axle unless equipped with a device to equalize the load carried by the single axle and the auxiliary axle when in tandem and when in motion or when standing, and the load transmitted to the highway by either the single axle or the auxiliary axle shall not exceed that permitted for a single axle, nor shall the load transmitted to the highway when in tandem and when in motion or when standing, exceed that permitted for a tandem axle.

5. It shall be unlawful for any person to operate a motor truck, trailer, truck tractor, road tractor, semitrailer or combination thereof, or any such vehicle equipped with a transferable auxiliary axle or axles, on the public highways with a gross weight exceeding that for which it is registered by more than five percent of the gross weight for which it is registered, provided, however, that any vehicle or vehicle combination referred to herein, while carrying a load of raw farm products, soil fertilizers, including ground limestone, raw dairy products or livestock, live poultry, eggs, may be operated with a gross weight of twenty-five percent in excess of the gross weight for which it is registered.

6. For the purposes of this section cracked or ground soy beans, sargo, corn, wheat, rye, oats or other grain shall be deemed to be raw farm products, provided that such products are being directly delivered to a farm, from the place where the whole grain had been delivered from a farm for the purpose of cracking or grinding and immediate delivery to the farm to which such cracked or ground products are being delivered.

7. The truck operator shall have in the truck operator’s possession a receipt showing place of processing on the return trip.

321.471 Local authorities may restrict.

1. Local authorities with respect to a highway under their jurisdiction may by ordinance or resolution prohibit the operation of vehicles upon the highway or impose restrictions as to the weight of vehicles to be operated upon the highway for a total period of not to exceed ninety days in any one calendar year, whenever the highway by reason of deterioration, rain, snow, or other climatic conditions will be seriously damaged or destroyed unless the use of vehicles on the highway is prohibited or the permissible weights reduced. The ordinance or resolution shall not apply to implements of husbandry as defined in section 321.1, implements of husbandry loaded on hauling units for transporting to locations for repair, or fire apparatus and road maintenance equipment owned by, under lease to, or used in the performance of a contract with a state or local authority.

A person who violates the provisions of the ordinance or resolution shall, upon conviction or a plea of guilty, be subject to a fine determined by dividing the difference between the actual weight and the maximum weight established by the ordinance or resolution by one hundred, and multiplying the quotient by two dollars. Local authorities may issue special permits during periods the restrictions are in effect to permit limited operation of vehicles upon specified routes with loads in excess of any restrictions imposed under this subsection, but not in excess of load restrictions imposed by any other provision of this chapter, and the authorities shall issue the permits upon a showing that there is a need to move to market farm produce of the type subject to rapid spoilage or loss of value or to move to any farm feeds or fuel for home heating purposes.

2. *a.* Upon a finding that a bridge or culvert does not meet established standards set forth by state and federal authorities, local authorities may by ordinance or resolution impose limitations for an indefinite period of time on the weight of vehicles upon bridges or culverts located on highways under their sole jurisdiction. The limitations shall be effective when signs giving notice of the limitations are erected. The ordinance or resolution shall not apply to implements of husbandry loaded on hauling units for transporting the implements to locations for purposes of repair or to fire apparatus or road maintenance equipment owned by, under lease to, or used in the performance of a contract with a state or local authority.

b. A person who violates the ordinance or resolution shall, upon conviction or a guilty plea, be subject to a fine determined by dividing the difference between the actual weight of the vehicle and the maximum weight allowed by the ordinance or resolution by one hundred and multiplying the quotient by two dollars. Local authorities may issue or approve special permits allowing the operation over a bridge or culvert of vehicles with weights in excess of restrictions imposed under the ordinance or resolution, but not in excess of load restrictions imposed by any other provision of this chapter. The local authority shall issue such a permit for not to exceed eight weeks upon a showing of agricultural hardship. The operator of a vehicle which is the subject of a permit issued under this paragraph shall carry the permit while operating the vehicle and shall show the permit to any peace officer upon request.

[C31, 35, §4686-c1; C39, §5035.21; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.472]

321.473 Limiting trucks — rubbish vehicles.

Local authorities with respect to highways under their jurisdiction may also, by ordinance or resolution, prohibit the operation of trucks or other commercial vehicles, or may impose limitations as to the weight thereof, on designated highways, which prohibitions and limitations shall be designated by appropriate signs placed on such highways.

The department may issue annual special permits for the operation of compacted rubbish vehicles and vehicles which transport compacted rubbish from a rubbish collection point to a landfill area, exceeding the weight limitation of section 321.463, but not exceeding a rear axle gross weight for two-axle vehicles of twenty-two thousand pounds for the period commencing July 1, 1978 and ending June 30, 1986 and twenty thousand pounds commencing July 1, 1986 and thereafter, and for tandem axle vehicles or transferable auxiliary axle vehicles not exceeding a gross weight on the rear axles of thirty-six thousand

pounds. Annual special permits for the operation on secondary roads shall be approved by the county engineer. Annual special permits for a particular vehicle shall not be issued by the department unless prior approval is given by the county engineer of the county in which the vehicle will be operated. Annual special permits for operation on primary roads shall be approved by the state department of transportation. Compacted rubbish vehicles and vehicles which transport compacted rubbish from a rubbish collection point to a landfill area operated pursuant to an annual special permit shall be operated only over routes designated by the local authority. Annual special permits for a particular vehicle shall not be issued by the department unless approved by the local authority responsible for the roads over which the vehicle will be operated. Annual special permits approved by the issuing authority shall be issued upon payment of an annual fee, in addition to other registration fees imposed, of one hundred dollars to be paid to the department for all nongovernmental vehicles.

Any person who violates the provisions of the ordinance or resolution shall, upon conviction or a plea of guilty, be subject to a fine determined by dividing the difference between the actual weight and the maximum weight established by the ordinance or resolution by one hundred, and multiplying the quotient by two dollars. The fine for violation of a special permit issued pursuant to this section shall be based upon the difference between the actual weight of the vehicle and load and the maximum weight allowed by the permit in accordance with section 321.463.

Local authorities may issue special permits, during periods such restrictions are in effect, to permit limited operation of vehicles upon specified routes with loads in excess of any restrictions imposed under this section, but not in excess of load restrictions imposed by any other provision of this chapter, and such authorities shall issue such permits upon a showing that there is a need to move to market farm produce or to move to any farm, feeds or fuel for home heating purposes.

321.474 Department may restrict.

The department shall have authority, as granted to local authorities, to determine by resolution and to impose restrictions as to the weight of vehicles, except implements of husbandry as defined in section 321.1, implements of husbandry loaded on hauling units for transporting the implements to locations for repair, and fire apparatus and road maintenance equipment owned by, under lease to, or used in the performance of a contract with a state or local authority, operated upon

any highway under the jurisdiction of the department for a definite period of time not to exceed twelve months. The restrictions shall be effective when signs giving notice of the restrictions and the expiration date of the restrictions are erected upon the affected highway or portion of highway.

Upon a finding that a bridge or culvert does not meet established standards set forth by state and federal authorities, the department may impose, by resolution, restrictions for an indefinite period of time on the weight of vehicles operated upon bridges or culverts located on highways under its jurisdiction. The restrictions shall be effective when signs giving notice of the restrictions are erected. The restrictions shall not apply to implements of husbandry loaded on hauling units for transporting the implements to locations for purposes of repair or to fire apparatus or road maintenance equipment owned by, under lease to, or used in the performance of a contract with a state or local authority.

For the purposes of restrictions imposed under this section, a triple axle is any group of three or more consecutive axles where the centers of any consecutive axles are more than forty inches apart and where the centers of the extreme axles are more than eighty-four inches apart but not more than one hundred sixty-eight inches apart. Where triple axle restrictions are imposed, the signs erected by the department shall give notice of the restrictions.

Any person who violates a restriction imposed by resolution pursuant to this section, upon conviction or a plea of guilty, is subject to a fine determined by dividing the difference between the actual weight of the vehicle and the maximum weight allowed by the restriction by one hundred and multiplying the quotient by two dollars. The department may issue special permits, during periods the restrictions are in effect, to permit limited operation of vehicles upon specified routes with loads in excess of any restrictions imposed under this section, but not in excess of load restrictions imposed by this chapter. The department shall issue a special permit for not to exceed eight weeks upon a showing of agricultural hardship. The department shall issue special permits to trucks moving farm produce, which decays or loses its value if not speedily put to its intended use, to market upon a showing to the department that there is a requirement for trucking the produce, or to trucks moving any farm feeds or fuel necessary for home heating purposes. The operator of a vehicle which is the subject of a permit issued under this paragraph shall carry the permit while operating the vehicle and shall show the permit to any peace officer upon request.

Whenever such driver is not the owner of such vehicle, object, or contrivance, but is so operating, driving, or moving the same with the express or implied permission of said owner, then said owner and driver shall be jointly and severally liable for any such damage. Such damage may be recovered in a civil action brought by the authorities in control of such highway or highway structure.

It is unlawful for the owner, or any other person, employing or otherwise directing the driver of any vehicle to require or knowingly to permit the operation of such vehicle upon a highway in any manner contrary to law.

The owner of a vehicle shall not be held responsible for a violation of a provision regulating the stopping, standing, or parking of a vehicle, whether the provision is contained in this chapter, or chapter 321L, or an ordinance or other regulation or rule, if the owner establishes that at the time of the violation the vehicle was in the custody of an identified person other than the owner pursuant to a lease as defined in chapter 321F or pursuant to a rental agreement as defined in section 516D.3. Service of notice on any nonresident of this state may be made in the same manner as provided in sections 321.498 through 321.506. A peace officer stopping a person for whom a notice has been issued under this section may personally serve the notice upon forms approved by the department to satisfy the notice requirements of this section. A peace officer may confiscate the driver's license of a person if the license has been revoked or has been suspended subsequent to a hearing and the person has not forwarded the driver's license to the department as required.

2. The hearing shall be conducted as provided in section 17A.12 before the department in the county where the alleged events occurred, unless the director and the person agree that the hearing may be held in some other county, or the hearing may be held by telephone conference at the discretion of the agency conducting the hearing. The hearing shall be recorded and its scope shall be limited to the issue of whether the person notified is a habitual offender.

3. An abstract certified by the director of transportation may be admitted as evidence as provided in section 622.43, at the hearing, and shall be prima facie evidence that the person named in the abstract was duly convicted by the court in which the conviction or holding was made of each offense shown by the abstract. If the person named in the abstract denies conviction of any of the relevant convictions contained in the abstract, the person shall have the burden of proving that the conviction is untrue. For purposes of this subsection, a conviction is relevant if it is for one of the offenses listed in section 321.555.

4. If the department finds that the person is not the same person named in the abstract, or otherwise concludes that the person is not a habitual offender as provided in section 321.555, the department shall issue a decision dismissing the proceedings. If the department's findings and con-

clusions are that the person is a habitual offender, the department shall issue an order prohibiting the person from operating a motor vehicle on the highways of this state for the period specified in section 321.560. If a person is found to be a habitual offender, the person shall surrender all licenses or permits to operate a motor vehicle in this state to the department. A person who is found to be a habitual offender may be assessed a fee by the department to cover the costs of the habitual offender proceedings. Fees assessed shall be paid before the person may be issued a license or permit to operate a motor vehicle in this state.

The abstract shall also fully designate the motor vehicles, if any, registered in the name of the person. If there is no record of a conviction of the person having violated any law relating to the operation of a motor vehicle or of any injury or damage caused by the person, the department shall so certify. A fee of five dollars and fifty cents shall be paid for each abstract except for state, county, or city officials, court officials, public transit officials, or other officials of a political subdivision of the state. The department shall transfer the moneys collected under this section to the treasurer of state who shall credit to the general fund all moneys collected.

The sheriff shall charge a fee of five dollars and fifty cents for each abstract which the sheriff shall transfer to the department quarterly. SECURITY FOLLOWING ACCIDENT

321A.4 Effect of failure to report accidents.

The department shall suspend the license or any nonresident's operating privilege of any person who willfully fails, refuses, or neglects to make reports of a traffic accident as required by the laws of this state.

[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321A.4]

92 Acts, ch 1175, §43

321A.5 Security required following accident — exceptions.

1. The department shall, immediately or within sixty days after the receipt of a report of a motor vehicle accident within this state which has resulted in bodily injury or death or damage to the property of any one person in excess of one thousand dollars, suspend the license of each operator and all registrations of each owner of a motor vehicle in any manner involved in the accident, and if the operator is a nonresident the privilege of operating a motor vehicle within this state, and if the owner is a nonresident the privilege of the use within this state of any motor vehicle owned by the owner, unless the operator or owner or both shall deposit security in a sum which shall be sufficient in the judgment of the department to satisfy any judgment or judgments for damages resulting from the accident as may be recovered against the operator or owner; provided notice of the suspension shall be sent by the department to the operator and owner not less than ten days prior to the effective date of the suspension and shall state the amount required as security.

2. This section shall not apply under the conditions stated in section 321A.6 or to any of the following:

a. To such operator or owner if such owner had in effect at the time of such accident an automobile liability policy with respect to the motor vehicle involved in such accident;

b. To such operator, if not the owner of such motor vehicle, if there was in effect at the time of such accident an automobile liability policy or bond with respect to the operator's operation of motor vehicles not owned by the operator;

c. To such operator or owner if the liability of such operator or owner for damages resulting from such accident is, in the judgment of the department, covered by any other form of liability insurance policy or bonds; or

d. To such owner if such owner is at the time of such accident qualified as a self-insurer under

section 321A.34, or to any such operator operating such motor vehicle for such self-insurer.

3. A policy or bond is not effective under this section unless issued by an insurance company or surety company authorized to do business in this state, except that if the motor vehicle was not registered in this state, or was a motor vehicle which was registered elsewhere than in this state at the effective date of the policy or bond, or the most recent renewal thereof, the policy or bond is not effective under this section unless the insurance company or surety company if not authorized to do business in this state executes a power of attorney authorizing the department to accept service on its behalf of notice or process in any action upon the policy or bond arising out of the accident. However, with respect to accidents occurring on or after January 1, 1981, and before January 1, 1983, every such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than fifteen thousand dollars because of bodily injury to or death of one person in any one accident and, subject to the limit for one person, to a limit of not less than thirty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, to a limit of not less than ten thousand dollars because of injury to or destruction of property of others in any one accident; and with respect to accidents occurring on or after January 1, 1983, every such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than twenty thousand dollars because of bodily injury to or death of one person in any one accident and, subject to the limit for one person, to a limit of not less than forty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, to a limit of not less than fifteen thousand dollars because of injury to or destruction of property of others in any one accident.

Upon receipt of a report of a motor vehicle accident and information that an automobile liability policy or surety bond meeting the requirements of this chapter was in effect at the time of this accident covering liability for damages resulting from such accident, the department shall forward by regular mail to the insurance carrier or surety carrier which issued such policy or bond a copy of such information concerning insurance or bond coverage, and it shall be presumed that such policy or bond was in effect and provided coverage to both the operator and the owner of the motor vehicle involved in such accident unless the insurance carrier or surety carrier shall notify the department otherwise within fifteen days from the mailing of such information to such carrier; provided, however, that in the event the department shall later as-

certain that erroneous information had been given the department in respect to the insurance or bond coverage of the operator or owner of a motor vehicle involved in such accident, the department shall take such action as the department is otherwise authorized to do under this chapter within sixty days after the receipt by the department of correct information with respect to such coverage.

321A.6 Exceptions to requirement of security.

The requirements as to security and suspension in section 321A.5 shall not apply:

1. To the operator or the owner of a motor vehicle involved in any accident wherein no injury or damage was caused to the person or property of anyone other than such operator or owner.

2. To the operator or the owner of a motor vehicle if at the time of the accident the vehicle was stopped, standing, or parked, whether attended or unattended, except that the requirements of this chapter shall apply in the event the department determines that any such stopping, standing, or parking of the vehicle was illegal or that the vehicle was not equipped with lighted lamps or illuminating devices or flags when and as required by the laws of this state and that any such violation contributed to the accident.

3. To the owner of a motor vehicle if at the time of the accident the vehicle was being operated without the owner's permission, express or implied, or was parked by a person who had been operating such motor vehicle without such permission.

4. If, prior to the date that the department would otherwise suspend license and registration or nonresident's operating privilege under section 321A.5, there shall be filed with the department evidence satisfactory to the department that the person who would otherwise have to file security has been released from liability or been finally adjudicated not to be liable or has executed a warrant for confession of judgment, payable when and in such installments as the parties have agreed to, or has executed a duly acknowledged written agreement providing for the payment of an agreed amount in installments, with respect to all claims for injuries or damages resulting from the accident; provided, however, in the event there shall be any default in the payment of any installment under any confession of judgment, then, upon notice of such default, the department shall forthwith suspend the license and registration or nonresident's operating privilege of such person defaulting which shall not be restored unless and until the entire amount provided for in said confession of judgment has been paid; and provided, further, that in the event there shall be any default in

the payment of any installment under any duly acknowledged written agreement, then, upon notice of such default, the department shall forthwith suspend the license and registration or nonresident's operating privilege of such person defaulting which shall not be restored unless and until:

321A.7 Duration of suspension.

The license and registration and nonresident's operating privilege suspended as provided in section 321A.5 shall remain so suspended and shall not be renewed nor shall any such license or registration be issued to such person until:

1. Such person shall deposit or there shall be deposited on the person's behalf the security required under section 321A.5; or

2. Twelve months after such accident, provided the department has not been notified by any party to the action or an attorney for any party that an action for damages arising out of such accident has been instituted within one year from the date of the accident; or

3. Evidence satisfactory to the department has been filed with the department of a release from liability, or a final adjudication of nonliability, or a warrant for confession of judgment, or a duly acknowledged written agreement, in accordance with section 321A.6, subsection 4; provided, however, in the event there shall be any default in the payment of any installment under any confession of judgment, then, upon notice of such default, the department shall forthwith suspend the license and registration or nonresident's operating privilege of such person defaulting which shall not be restored unless and until the entire amount provided for in said confession of judgment has been paid; and provided, further, that in the event there shall be any default in the payment of any installment under any duly acknowledged written agreement, then, upon notice of such default, the department shall forthwith suspend the license and registration or nonresident's operating privilege of such person defaulting which shall not be restored unless and until

2. Such owner’s policy of liability insurance:

3. Such operator’s policy of liability insurance shall insure the person named as insured therein against loss from the liability imposed upon the person by law for damages arising out of the use by the person of any motor vehicle not owned by the person, within the same territorial limits and subject to the same limits of liability as are set forth above with respect to an owner’s policy of liability insurance.

4. Such motor vehicle liability policy shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period, and the limits of liability, and shall contain an agreement or be endorsed that insurance is provided thereunder in accordance with the coverage defined in this chapter as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this chapter.

5. Such motor vehicle liability policy need not insure any liability under any workers' compensation law nor any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment, other than domestic, of the insured, or while engaged in the operation, maintenance, or repair of any such motor vehicle nor any liability for damage to property owned by, rented to, in charge of, or transported by the insured.

6. Every motor vehicle liability policy shall be subject to the following provisions which need not be contained therein:

a. The liability of the insurance carrier with respect to the insurance required by this chapter shall become absolute whenever injury or damage covered by said motor vehicle liability policy occurs; said policy may not be canceled or annulled as to such liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage; no statement made by the insured or on the insured's behalf and no violation of said policy shall defeat or void said policy.

b. The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to make payment on account of such injury or damage.

c. The insurance carrier shall have the right to settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability specified in paragraph "b" of subsection 2 of this section.

d. The policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of the chapter shall constitute the entire contract between the parties.

7. would not have been obligated to make under the terms of the policy except for the provisions of this chapter.

9. Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.

10. The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carriers which policies together meet such requirements.

11. Any binder issued pending the issuance of a motor vehicle liability policy shall be deemed to fulfill the requirements for such a policy.

321A.23 Chapter not to affect other policies.

1. This chapter shall not be held to apply to or affect policies of automobile insurance against liability which may now or hereafter be required by any other law of this state, and such policies, if they contain an agreement or are endorsed to conform with the requirements of this chapter, may be certified as proof of financial responsibility under this chapter.

2. This chapter shall not be held to apply to or affect policies insuring solely the insured named in the policy against liability resulting from the maintenance or use by persons in the insured's employ or on the insured's behalf of motor vehicles not owned by the insured.

321A.24 Bond as proof.

1. *a.* Proof of financial responsibility may be evidenced by the bond of a surety company duly authorized to transact business within this state, or a bond with at least two individual sureties each owning real estate within this state, and together having equities equal in value to at least twice the amount of the bond, which real estate shall be scheduled in the bond approved by a judge or clerk of the district court, and which bond shall be condi-

tioned for payment of the amounts specified in section 321A.1, subsection 11.

b. The bond shall be filed with the department and is not cancelable except after ten days' written notice to the department. The director shall issue to the person filing the bond a bond insurance card for each motor vehicle registered by the person in the state. The bond insurance card shall state the name and address of the person and the motor vehicle registration number of the vehicle for which the card is issued.

c. The bond constitutes a lien in favor of the state upon the real estate so scheduled of any surety, which lien exists in favor of any holder of a final judgment against the person who has filed the bond, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damage because of injury to or destruction of property, including the loss of use of the property, resulting from the ownership, maintenance, use, or operation of a motor vehicle after the bond was filed, upon the filing of notice to that effect by the department in the office of the proper clerk of the district court of the county where the real estate is located. An individual surety scheduling real estate security shall furnish satisfactory evidence of title to the property and the nature and extent of all encumbrances on the property and the value of the surety's interest in the property, in the manner the judge or clerk of the district court approving the bond requires. The notice filed by the department shall contain, in addition to any other matters deemed by the department to be pertinent, a legal description of the real estate scheduled, the name of the holder of the record title, the amount for which it stands as security, and the name of the person in whose behalf proof is so being made. Upon the filing of the notice the clerk of the district court shall retain the notice as part of the records of the court and enter upon the encumbrance book the date and hour of filing, the name of the surety, the name of the record titleholder, the description of the real estate, and the further notation that a lien is charged on the real estate pursuant to the filed notice. From and after the entry of the notice upon the encumbrance book all persons are charged with notice of it.

d. If the bond is canceled, the person who filed the bond shall surrender to the director all bond insurance cards issued to the person.

2. If such a judgment, rendered against the principal on such bond shall not be satisfied within sixty days after it has become final, the judgment creditor may, for the judgment creditor's own use and benefit and at the judgment creditor's sole expense, bring an action or actions in the name of the state against the company or persons executing such bond, including an action or proceeding to foreclose any lien that may exist upon the real estate of a person who has executed such bond. An

action to foreclose any lien upon real estate scheduled by any surety under the provisions of this chapter shall be by equitable proceeding in the same manner as is provided for the foreclosure of real estate mortgages.

The certificate of deposit shall be obtained from an Iowa financial institution in the amount of fifty-five thousand dollars plus any early withdrawal penalty fee. The treasurer of state shall promptly notify the director of transportation of the name and address of the person to whom the statement has been issued. Upon receipt of the notification, the director of transportation shall issue to the person a security insurance card for each motor vehicle registered in this state by the person. The security insurance card shall state the name and address of the person and the registration number of the motor vehicle for which the card is issued. The treasurer of state shall not accept a certificate of deposit and issue a statement for it and the department shall not accept the statement unless accompanied by evidence that there are no unsatisfied judgments of any character against the person in the county where the person resides.

2. Such certificate of deposit shall be held by the treasurer of state to satisfy, in accordance with this chapter, any execution on a judgment issued against the person filing the certificate of deposit, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use of property, resulting from the ownership, maintenance, use, or operation of a motor vehicle after the certificate of deposit was filed. A certificate of deposit so filed shall not be subject to attachment or execution unless the attachment or execution arises out of a suit for damages as previously provided in this subsection.

The department shall upon request consent to the immediate cancellation of a bond or certificate of insurance, or the department shall direct and the treasurer of state shall return to the person entitled thereto a certificate of deposit filed pursuant to this chapter as proof of financial responsibility, or the department shall waive the requirement of filing proof, in any of the following events:

a. At any time after two years from the date such proof was required when, during the two-year period preceding the request, the department has not received record of a conviction or a forfeiture of bail which would require or permit the suspension or revocation of the license, registration, or nonresident's operating privilege of the person by or for whom such proof was furnished.

b. In the event of the death of the person on whose behalf such proof was filed or the permanent incapacity of such person to operate a motor vehicle.

c. In the event the person who has given proof surrenders the person's license and registration to the department.

2. The department shall not consent to the cancellation of a bond or the return of a certificate of deposit in the event an action for damages upon a liability covered by such proof is then pending or a judgment upon any such liability is unsatisfied, or in the event the person who has filed such bond or such certificate of deposit has within one year immediately preceding such request been involved as an operator or owner in any motor vehicle accident resulting in injury or damage to the person or property of others. An affidavit of the applicant as to the nonexistence of such facts, or that the applicant has been released from all of the applicant's liability, or has been finally adjudicated not to be liable, for such injury or damage, shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the department.

3. If a person whose proof has been canceled or returned under subsection 1, paragraph "c", applies for a license or registration within a period of two years from the date proof was originally required, such application shall be refused unless the applicant reestablishes proof for the remainder of the two-year period.

INTERSTATE DRIVERS LICENSE COMPACTS

321C.1 Power to enter into compact — terms.

321C.2 Enforcement.

321C.1 Power to enter into compact — terms.

The director of transportation may enter into drivers license compacts with other jurisdictions in substantially the following form.

The contracting states agree:

ARTICLE I — FINDINGS AND DECLARATION OF POLICY

a. The party states find that:

1. The safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles.

2. Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.

3. The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.

b. It is the policy of each of the party states to:

1. Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.

2. Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the overall compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

ARTICLE II — DEFINITIONS

As used in this compact:

a. “*State*” means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

b. “*Home state*” means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.

c. “*Conviction*” means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

ARTICLE III — REPORTS OF CONVICTION

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered, or the conviction was a result of the forfeiture of bail, bond or other security; and shall include any special findings made in connection therewith.

ARTICLE IV — EFFECT OF CONVICTION

a. The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this compact, as it would if such conduct had occurred in the home state, in the case of convictions for:

1. Manslaughter or negligent homicide resulting from the operation of a motor vehicle;

2. Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle;

3. Any felony in the commission of which a motor vehicle is used;

4. Failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

b. As to other convictions, reported pursuant to Article III, the licensing authority in the home state shall give such effect to the conduct as is provided by the laws of the home state.

c. If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision “*a*” of this article, such party state shall construe the denominations and descriptions appearing in subdivision “*a*” hereof as being applicable to and identifying those offenses or violations of a substantially similar nature, and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this article.

ARTICLE V — APPLICATIONS FOR NEW LICENSES

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

1. The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated.

2. The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of one year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

3. The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

ARTICLE VI — APPLICABILITY OF OTHER LAWS

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other co-operative arrangement between a party state and a nonparty state.

ARTICLE VII — COMPACT ADMINISTRATOR AND INTERCHANGE OF INFORMATION

a. The head of the licensing authority of each party state shall be the administrator of this compact for that state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.

b. The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

ARTICLE VIII — ENTRY INTO FORCE AND WITHDRAWAL

a. This compact shall enter into force and become effective as to any state when it has enacted the same into law.

b. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

ARTICLE IX — CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable.

The agencies and officers of this state and its subdivisions and municipalities shall enforce this compact and do all things appropriate to effect its purpose and intent which may be within their respective jurisdictions.

CHAPTER 321D

VEHICLE EQUIPMENT COMPACTS

321D.1 Power to enter into compact — terms.

321D.2 Enforcement.

321D.1 Power to enter into compact — terms.

The director of transportation may enter into vehicle equipment safety compacts with other jurisdictions in substantially the following form.

The contracting states agree:

ARTICLE I — FINDINGS AND PURPOSES

a. The party states find that:

1. Accidents and deaths on their streets and highways present a very serious human and economic problem with a major deleterious effect on the public welfare.

2. There is a vital need for the development of greater interjurisdictional co-operation to achieve

the necessary uniformity in the laws, rules, regulations and codes relating to vehicle equipment, and to accomplish this by such means as will minimize the time between the development of demonstrably and scientifically sound safety features and their incorporation into vehicles.

b. The purposes of this compact are to:

1. Promote uniformity in regulation of and standards for equipment.

2. Secure uniformity of law and administrative practice in vehicular regulation and related safety standards to permit incorporation of desirable equipment changes in vehicles in the interest of greater traffic safety.

3. To provide means for the encouragement and utilization of research which will facilitate the

achievement of the foregoing purposes, with due regard for the findings set forth in subdivision "a" of this article.

c. It is the intent of this compact to emphasize performance requirements and not to determine the specific detail of engineering in the manufacture of vehicles or equipment except to the extent necessary for the meeting of such performance requirements.

ARTICLE II — DEFINITIONS

As used in this compact:

a. "Vehicle" means every device in, upon or by which any person or property is or may be transported or drawn upon a highway, excepting devices moved by human power or used exclusively upon stationary rails or tracks.

b. "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

c. "Equipment" means any part of a vehicle or any accessory for use thereon which affects the safety of operation of such vehicle or the safety of the occupants.

ARTICLE III — THE COMMISSION

a. There is hereby created an agency of the party states to be known as the "Vehicle Equipment Safety Commission" hereinafter called the commission. The commission shall be composed of one commissioner from each party state who shall be appointed, serve and be subject to removal in accordance with the laws of the state which the commissioner represents. If authorized by the laws of the commissioner's party state, a commissioner may provide for the discharge of the commissioner's duties and the performance of the commissioner's functions on the commission, either for the duration of the commissioner's membership or for any lesser period of time, by an alternate. No such alternate shall be entitled to serve unless notification of the alternate's identity and appointment shall have been given to the commission in such form as the commission may require. Each commissioner, and each alternate, when serving in the place and stead of a commissioner, shall be entitled to be reimbursed by the commission for expenses actually incurred in attending commission meetings or while engaged in the business of the commission.

b. The commissioners shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners, or their alternates, are present.

c. The commission shall have a seal.

d. The commission shall elect annually, from among its members, a chairperson, a vice chairperson and a treasurer. The commission may appoint an executive director and fix the executive director's duties and compensation. Such executive director shall serve at the pleasure of the commission, and together with the treasurer shall be bonded in such amount as the commission shall determine. The executive director also shall serve as secretary. If there be no executive director, the commission shall elect a secretary in addition to the other officers provided by this subdivision.

e. Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director with the approval of the commission, or the commission if there be no executive director, shall appoint, remove or discharge such personnel as may be necessary for the performance of the commission's functions, and shall fix the duties and compensation of such personnel.

f. The commission may establish and maintain independently or in conjunction with any one or more of the party states, a suitable retirement system for its full-time employees. Employees of the commission shall be eligible for social security coverage in respect of old-age and survivor's insurance provided that the commission takes such steps as may be necessary pursuant to the laws of the United States, to participate in such program of insurance as a governmental agency or unit. The commission may establish and maintain or participate in such additional programs of employee benefits as may be appropriate.

g. The commission may borrow, accept or contract for the services of personnel from any party state, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party states or their subdivisions.

h. The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency and may receive, utilize and dispose of the same.

i. The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

j. The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states. The bylaws shall provide for appropriate notice to the commissioners of all commission meetings and hearings and the business to be transacted at such meetings or

hearings. Such notice shall also be given to such agencies or officers of each party state as the laws of such party state may provide.

k. The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the preceding year, and embodying such recommendations as may have been issued by the commission. The commission may make such additional reports as it may deem desirable.

ARTICLE IV — RESEARCH AND TESTING

The commission shall have power to:

a. Collect, correlate, analyze and evaluate information resulting or derivable from research and testing activities in equipment and related fields.

b. Recommend and encourage the undertaking of research and testing in any aspect of equipment or related matters when, in its judgment, appropriate or sufficient research or testing has not been undertaken.

c. Contract for such equipment research and testing as one or more governmental agencies may agree to have contracted for by the commission, provided that such governmental agency or agencies shall make available the funds necessary for such research and testing.

d. Recommend to the party states changes in law or policy with emphasis on uniformity of laws and administrative rules, regulations or codes which would promote effective governmental action or co-ordination in the prevention of equipment-related highway accidents or the mitigation of equipment-related highway safety problems.

ARTICLE V — VEHICULAR EQUIPMENT

a. In the interest of vehicular and public safety, the commission may study the need for or desirability of the establishment of or changes in performance requirements or restrictions for any item of equipment. As a result of such study, the commission may publish a report relating to any item or items of equipment, and the issuance of such a report shall be a condition precedent to any proceedings or other action provided or authorized by this article. No less than sixty days after the publication of a report containing the results of such study, the commission upon due notice shall hold a hearing or hearings at such place or places as it may determine.

b. Following the hearing or hearings provided for in subdivision “*a*” of this article, and with due regard for standards recommended by appropriate professional and technical associations and agencies, the commission may issue rules, regulations or codes embodying performance requirements or restrictions for any item or items of equipment covered in the report, which in the

opinion of the commission will be fair and equitable and effectuate the purposes of this compact.

c. Each party state obligates itself to give due consideration to any and all rules, regulations and codes issued by the commission and hereby declares its policy and intent to be the promotion of uniformity in the laws of the several party states relating to equipment.

d. The commission shall send prompt notice of its action in issuing any rule, regulation or code pursuant to this article to the appropriate motor vehicle agency of each party state and such notice shall contain the complete text of the rule, regulation or code.

e. If the constitution of a party state requires, or if its statutes provide, the approval of the legislature by appropriate resolution or act may be made a condition precedent to the taking effect in such party state of any rule, regulation or code. In such event, the commissioner of such party state shall submit any commission rule, regulation or code to the legislature as promptly as may be in lieu of administrative acceptance or rejection thereof by the party state.

f. Except as otherwise specifically provided in or pursuant to subdivisions “*e*” and “*g*” of this article, the appropriate motor vehicle agency of a party state shall in accordance with its constitution or procedural laws adopt the rule, regulation or code within six months of the sending of the notice, and, upon such adoption, the rule, regulation or code shall have the force and effect of law therein.

g. The appropriate motor vehicle agency of a party state may decline to adopt a rule, regulation or code issued by the commission pursuant to this article if such agency specifically finds, after public hearing on due notice, that a variation from the commission’s rule, regulation or code is necessary to the public safety, and incorporates in such finding the reasons upon which it is based. Any such finding shall be subject to review by such procedure for review of administrative determinations as may be applicable pursuant to the laws of the party state. Upon request, the commission shall be furnished with a copy of the transcript of any hearings held pursuant to this subdivision.

ARTICLE VI — FINANCE

a. The commission shall submit to the executive head or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that party state for presentation to the legislature thereof.

b. Each of the commission’s budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The total amount of appropriations under any such budget shall be apportioned among the party states as fol-

lows: One-third in equal shares; and the remainder in proportion to the number of motor vehicles registered in each party state. In determining the number of such registrations, the commission may employ such source or sources of information as in its judgment present the most equitable and accurate comparisons among the party states. Each of the commission's budgets of estimated expenditures and requests for appropriations shall indicate the source or sources used in obtaining information concerning vehicular registrations.

c. The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds available to it under Article III "h" of this compact, provided that the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it under Article III "h" hereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

d. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its rules. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant and the report of the audit shall be included in and become part of the annual reports of the commission.

e. The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

f. Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

ARTICLE VII — CONFLICT OF INTEREST

a. The commission shall adopt rules and regulations with respect to conflict of interest for the commissioners of the party states, and their alternates, if any, and for the staff of the commission and contractors with the commission to the end that no member or employee or contractor shall have a pecuniary or other incompatible interest in the manufacture, sale or distribution of motor vehicles or vehicular equipment or in any facility or enterprise employed by the commission or on its behalf for testing, conduct of investigations or research. In addition to any penalty for violation of such rules and regulations as may be applicable

under the laws of the violator's jurisdiction of residence, employment or business, any violation of a commission rule or regulation adopted pursuant to this article shall require the immediate discharge of any violating employee and the immediate vacating of membership, or relinquishing of status as a member on the commission by any commissioner or alternate. In the case of a contractor, any violation of any such rule or regulation shall make any contract of the violator with the commission subject to cancellation by the commission.

b. Nothing contained in this article shall be deemed to prevent a contractor for the commission from using any facilities subject to the contractor's control in the performance of the contract even though such facilities are not devoted solely to work of or done on behalf of the commission; nor to prevent such a contractor from receiving remuneration or profit from the use of such facilities.

ARTICLE VIII — ADVISORY AND TECHNICAL COMMITTEES

The commission may establish such advisory and technical committees as it may deem necessary, membership on which may include private citizens and public officials, and may co-operate with and use the services of any such committees and the organizations which the members represent in furthering any of its activities.

ARTICLE IX — ENTRY INTO FORCE AND WITHDRAWAL

a. This compact shall enter into force when enacted into law by any six or more states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof.

b. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the executive head of the withdrawing state has given notice in writing of the withdrawal to the executive heads of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

321E.1 Permits by department and local authorities.

The department and local authorities may in their discretion and upon application and with good cause being shown issue permits for the movement of construction machinery or asphalt repavers being temporarily moved on streets, roads or highways and for vehicles with indivisible loads which exceed the maximum dimensions and weights specified in sections 321.452 to 321.466, but not to exceed the limitations imposed in sections 321E.1 to 321E.15 except as provided in section 321E.29. Vehicles permitted to transport indivisible loads may exceed the width and length limitations specified in sections 321.454 and 321.457 for the purpose of picking up an indivisible load or returning from delivery of the indivisible load. Permits issued may be single-trip, multi-trip, or annual permits. Permits shall be in writing and shall be carried in the cab of the vehicle for which the permit has been issued and shall be available for inspection at all times. The vehicle and load for which the permit has been issued shall be open to inspection by a peace officer or an authorized agent of a permit granting authority. When in the judgment of the issuing authority in cities and counties the movement of a vehicle with an indivisible load or construction machinery which exceeds the maximum dimensions and weights will be unduly hazardous to public safety or will cause undue damage to streets, avenues, boulevards, thoroughfares, highways, curbs, sidewalks, trees, or other public or private

property, the permit shall be denied and the reasons for denial endorsed on the application. Permits shall designate the days when and routes upon which loads and construction machinery may be moved within a county on other than primary roads.

Local authorities may allow persons requesting permits under this chapter to do so by means of a telephone or facsimile machine, authorizing payment for the permits to be made upon receipt of an invoice sent to the persons by the local authorities.

321E.2 Permit-issuing authorities.

Annual, multi-trip, and single-trip permits shall be issued by the authority responsible for the maintenance of the system of highways or streets. However, the department may issue permits on primary road extensions in cities in conjunction with movements on the rural primary road system. The department may issue an all-system permit under section 321E.8 which is valid for movements on all highways or streets under the jurisdiction of either the state or those local authorities which have indicated in writing to the department those streets or highways for which an all-system permit is not valid.

At the request of a local authority, the department shall issue annual, multi-trip, and single-trip permits that are under the jurisdiction of the local authority.

321E.7 Load limits per axle.

1. The gross weight on any axle of any vehicle or combination of vehicles traveling under a permit issued in accordance with the provisions of this chapter shall not exceed the maximum axle load prescribed in section 321.463; except that cranes being temporarily moved on streets, roads, or highways may have a gross weight of twenty-four thousand pounds on any single axle; and construction machinery being temporarily moved on streets, roads, or highways may have a gross weight of thirty-six thousand pounds on any single axle equipped with a minimum size twenty-six point five-inch by twenty-five-inch flotation pneumatic tires and a maximum gross weight of twenty thousand pounds on any single axle equipped with minimum size eighteen-inch by twenty-five-inch flotation pneumatic tires, with the department authorized to adopt rules to permit the use of tire sizes and weights within the minimum and maximum specifications provided in this section, provided that the total gross weight of the vehicle or a combination of vehicles does not exceed a maximum of one hundred twenty-six thousand pounds; and except that a manufacturer of machinery or equipment manufactured or assembled in Iowa may be granted a permit for the movement of such machinery or equipment mounted on pneumatic tires with axle loads exceeding the maximum axle load prescribed in section 321.463 for distances not to exceed twenty-five miles at a speed not greater than twenty miles per hour. The movement of such machinery or equipment shall be over a specified route between the place of assembly or manufacture and a storage area, shipping point, proving ground, experimental area, weighing station, or another manufacturing plant.

2. Special mobile equipment, as defined in section 321.1, subsection 75, is not subject to the requirements for distance in feet between the extremes of any group of axles or the extreme axles of the vehicle or combination of vehicles as required by this chapter when being moved upon the highways if the operator has a permit issued under this chapter.

321E.8 Annual permits.

Subject to the discretion and judgment provided for in section 321E.1, annual permits shall be issued in accordance with the following provisions:

1. Vehicles with indivisible loads having an overall width not to exceed twelve feet five inches or mobile homes including appurtenances not to exceed twelve feet five inches and an overall length not to exceed seventy-five feet zero inches may be moved for unlimited distances. The vehicle and load shall not exceed the height of thirteen feet ten inches and the total gross weight as prescribed in section 321.463.

2. Vehicles with indivisible loads having an overall width not to exceed twelve feet five inches or mobile homes, including appurtenances, having an overall width not to exceed twelve feet five inches and an overall length not to exceed one hundred twenty feet zero inches may be moved on highways specified by the permitting authority for unlimited distances if the height of the vehicle and load does not exceed fifteen feet five inches and the total gross weight of the vehicle does not exceed one hundred thirty-six thousand pounds. The vehicle owner or operator shall verify with the permitting authority prior to movement of the load that highway conditions have not changed so as to prohibit movement of the vehicle. Any cost to repair damage to highways or highway structures shall be borne by the owner or operator of the vehicle causing the damage. Permitted vehicles under this subsection shall not be allowed to travel on any portion of the interstate highway system.

3. Vehicles with indivisible loads, including mobile homes and factory-built structures, having an overall width not to exceed sixteen feet zero inches and an overall length not to exceed one hundred twenty feet zero inches may be moved under an annual or all-systems permit and must have a route specified by the issuing authority prior to the movement. However, vehicles with indivisible loads, including mobile homes and factory-built structures, with an overall width not exceeding fourteen feet six inches may exceed fifty miles under an annual and all-systems permit when prior approval for trip routing is obtained from the issuing authority. A vehicle and load being moved according to this paragraph shall not exceed fifteen feet five inches in height and shall not exceed the total gross weight as prescribed in section 321.463.

4. Vehicles with indivisible loads having an overall length not to exceed one hundred feet zero inches shall be restricted to trip distances not to exceed fifty highway and street miles in total ag-

1. Vehicles with indivisible loads having an overall width not to exceed forty feet, zero inches, an overall length not to exceed one hundred twenty feet, zero inches, or a total gross weight not to exceed one hundred thousand pounds may be moved, provided the gross weight on any one axle shall not exceed the maximum prescribed in section 321.463, pursuant to rules adopted pursuant to chapter 17A. The height of the vehicles and loads shall be limited only to height limitations of underpasses, bridges, power lines and other established height restrictions on the specified route.

2. Vehicles with indivisible loads exceeding the width, length, and total gross weight provided in subsection 1, may be moved in special or emergency situations, provided the permitting authority has reviewed the route and has approved the movement of the vehicle and load. The issuing authority may impose any special restrictions as deemed necessary on movements or exempt movements from the restrictions of section 321E.11 by permit under this subsection.

3. Cranes, exceeding the maximum gross weight on any axle as prescribed in section 321.463, but not exceeding twenty-four thousand pounds, may be moved in accordance with rules adopted pursuant to chapter 17A.

feet, an overall width not to exceed sixteen feet, and of any height may be moved on highways specified by the permitting authority, provided the gross weight on any one axle shall not exceed the maximum prescribed in section 321.463 and the total gross weight is not greater than one hundred fifty-six thousand pounds.

2. Vehicles or combinations of vehicles consisting of construction machinery not exceeding the height, length, and width limitations of this section being temporarily moved on highways with a maximum total gross weight limitation and a single axle weight limitation in accordance with section 321E.7 may be moved.

3. The department shall adopt rules pursuant to chapter 17A governing the issuance of permits under this section.

The department or local authorities may upon application issue annual trip permits for the movement of truck trailers manufactured or assembled in this state that exceed the maximum length specified in section 321.457 and the maximum width specified in section 321.454. Movement of the truck trailers shall be solely for the purpose of delivery or transfer from the point of manufacture or assembly to another point of manufacture or assembly within the state or to a point outside the state, shall be only on roadways of twenty-four feet or more in width or on four-lane highways, shall be on the most direct route necessary for such movement, and shall display the special plates designated in section 321.57. 321E.11 Daylight movement only — exceptions — holidays.

Movements by permit in accordance with this chapter shall be permitted only during the hours from thirty minutes prior to sunrise to thirty minutes following sunset unless the issuing authority determines that the movement can be better accomplished at another period of time because of traffic volume conditions or the vehicle subject to the permit has an overall length not to exceed one hundred feet, an overall width not to exceed eleven feet, and an overall height not to exceed fourteen feet, four inches, and the permit requires the vehicle to operate only on those highways designated by the department. Additional safety lighting and escorts may be required for movement at night.

Except as provided in section 321.457, no movement by permit shall be permitted on holidays, after twelve o'clock noon on days preceding holidays and holiday weekends, or special events when abnormally high traffic volumes can be expected. A vehicle traveling under permit shall be properly registered for the gross weight of the vehicle and load. A person owning special mobile equipment may use a transport vehicle registered for the gross weight of the transport without a load. Vehicles, while being used for the transportation of buildings, except mobile homes and factory-built structures, may be registered for the combined gross weight of the vehicle and load on a single-trip basis. 321E.13 Financial responsibility.

Prior to the issuance of any permit, the applicant for a permit shall be required to file proof of financial responsibility or to post a bond with the issuing authority. The amount of the bond shall be determined by the issuing authority and shall be used as security for repair or replacement of official signs, signals, and roadway foundations, surfaces, or structures which may be damaged or destroyed during the movement of a vehicle and load operating under the permit. The duration of the

bond shall be determined by the issuing authority for a period not to exceed one year.

[C71, 73, 75, 77, 79, 81, §321E.13]

321E.14 Fees for permits.

Fees for the movement of buildings, parts of buildings, or unusual vehicles or loads may be increased to cover the costs of inspections by the issuing authority. A fee not to exceed two hundred fifty dollars per day or a prorated fraction of that fee per person and car for escort service may be charged when requested or when required under this chapter. Proration of escort fees between state and local authorities when more than one governmental authority provides or is required to provide escort for a movement during the period of a day shall be determined by rule under section 321E.15. The department and local authorities may charge a permit applicant for the cost of trimming trees and removal and replacement of natural obstructions or official signs and signals or other public or private property required to be removed during the movement of a vehicle and load. In addition to the fees provided in this section, the annual fee for a permit for special mobile equipment, as defined in section 321.1, subsection 75, operated pursuant to section 321E.7, subsection 2, with a combined gross weight up to and including eighty thousand pounds shall be twenty-five dollars and for a combined gross weight exceeding eighty thousand pounds, fifty dollars.

The fine for violation of the weight allowed by a permit shall be based upon the difference between the actual weight of the vehicle and load and the maximum allowable by permit in accordance with section 321.463. If a vehicle with an indivisible load traveling under permit is found to be in violation of weight limitations, the vehicle operator shall be allowed a reasonable amount of time to remove any ice, mud, snow, and other weight attributable to climatic conditions accumulated along the route prior to application of the penalties prescribed in section 321.463.

If the issuing authority finds in a subsequent proceeding within twelve months from the date of the initial suspension, modification, or revocation that a permit holder has again willfully operated in violation of this chapter, the issuing authority shall order suspension, modification, or revocation of permit privileges in whole or in part for a period not to exceed two years.

When a final order is entered against any permit holder who did not receive notice of service and a copy of the process by registered mail, the permit holder shall within six months after the entry of the order appear before the issuing authority and file a verified statement showing that the permit holder did not receive such notice of service and the copy of the process. The permit holder shall further show that the permit holder has a good and substantial defense to the action and may appear and answer the allegations made against the permit holder. Thereupon, the proceedings may be had as if the permit holder had appeared in due time and no order had been entered. If it appears at the hearing that the order ought not to have been entered, the order may be set aside, altered, or amended as shall appear just; otherwise it shall be ordered to stand affirmed against such permit holder.

The department and local authorities may, upon application and with good cause shown, issue single-trip, multi-trip, or annual permits for the movement of mobile homes or factory-built structures of widths including appurtenances exceeding twelve feet five inches subject to the following conditions:

1. Permits shall be issued only when the movement can be safely accomplished without causing unnecessary traffic congestion.

2. Permits issued under this section shall specify the route over which the mobile home or factory-built structure shall be moved, and wherever possible, the department and local authorities shall specify highways having a roadway at least twenty-four feet in width.

3. Single-trip permits may be issued by the department or local authorities contingent upon favorable road and weather conditions.

4. A permit may be issued to allow the movement of a mobile home or factory-built structure on a fully controlled-access, divided, multilaned highway.

However, the court, in ordering service of the sentence and in its discretion, may accommodate the defendant’s work schedule.

- (2) Assessment of a fine of one thousand dollars. However, in the discretion of the court, if no personal or property injury has resulted from the defendant’s actions, the court may waive up to five hundred dollars of the fine when the defendant presents to the court at the end of the minimum period of ineligibility, a temporary restricted license issued pursuant to 321J.20. 3. *a.* Notwithstanding the provisions of sections 901.5 and 907.3, the court shall not defer judgment or sentencing, or suspend execution of any mandatory minimum sentence of incarceration applicable to the defendant under subsection 2, and shall not suspend execution of any other part of a sentence not involving incarceration imposed pursuant to subsection 2, if any of the following apply:

(1) If the defendant's alcohol concentration established by the results of an analysis of a specimen of the defendant's blood, breath, or urine withdrawn in accordance with this chapter exceeds .15, regardless of whether or not the alcohol concentration indicated by the chemical test minus the established margin of error inherent in the device or method used to conduct the test equals an alcohol concentration of .15 or more.

4. In determining if a violation charged is a second or subsequent offense for purposes of criminal sentencing or license revocation under this chapter:

a. Any conviction or revocation deleted from motor vehicle operating records pursuant to section 321.12 shall not be considered as a previous offense.

8. In any prosecution under this section, evidence of the results of analysis of a specimen of the defendant’s blood, breath, or urine is admissible upon proof of a proper foundation.

a. The alcohol concentration established by the results of an analysis of a specimen of the defendant’s blood, breath, or urine withdrawn within two hours after the defendant was driving or in physical control of a motor vehicle is presumed to be the alcohol concentration at the time of driving or being in physical control of the motor vehicle.

b. The presence of a controlled substance or other drug established by the results of analysis of a specimen of the defendant’s blood or urine withdrawn within two hours after the defendant was driving or in physical control of a motor vehicle is presumed to show the presence of such controlled substance or other drug in the defendant at the time of driving or being in physical control of the motor vehicle.

c. The department of public safety shall adopt nationally accepted standards for determining detectable levels of controlled substances in the division of criminal investigation’s initial laboratory screening test for controlled substances.

An amount paid pursuant to this restitution order shall be credited toward any adverse judgment in a subsequent civil proceeding arising from the same occurrence. However, other than establishing a credit, a restitution proceeding pursuant to this section shall not be given evidentiary or preclusive effect in a subsequent civil proceeding arising from the same occurrence.

hundred dollars per public agency for each such response. For the purposes of this paragraph, “*emergency response*” means any incident requiring response by fire fighting, law enforcement, ambulance, medical, or other emergency services. A revocation under this section shall not preclude a prosecution or conviction under any applicable criminal provisions of this chapter. However, if the person is convicted of a criminal offense under section 321J.2, the revocation imposed under this section shall be superseded by any revocation imposed as a result of the conviction.

In any proceeding regarding a revocation under this section, evidence of the results of analysis of a specimen of the defendant’s blood, breath, or urine is admissible upon proof of a proper foundation. g. In addition to any other condition of probation, the person shall attend a program providing substance abuse prevention services or posttreatment services related to substance abuse as ordered by the court. The person shall report to the person's probation officer as ordered concerning proof of attendance at the treatment program or posttreatment program ordered by the court. Failure to attend or complete the program shall be considered a violation of probation and is punishable as contempt of court.

2. *a.* Upon a second or subsequent offense in violation of section 321J.2, the court upon hearing may commit the defendant for inpatient treatment of alcoholism or drug addiction or dependency to any hospital, institution, or community correctional facility in Iowa providing such treatment. The time for which the defendant is committed for treatment shall be credited against the defendant's sentence.

b. The court may prescribe the length of time for the evaluation and treatment or it may request that the hospital to which the person is committed immediately report to the court when the person has received maximum benefit from the program of the hospital or institution or has recovered from the person's addiction, dependency, or tendency to chronically abuse alcohol or drugs.

c. A person committed under this section who does not possess sufficient income or estate to make payment of the costs of the treatment in whole or in part shall be considered a state patient

and the costs of treatment shall be paid as provided in section 125.44.

3. The state department of transportation, in cooperation with the judicial branch, shall adopt rules, pursuant to the procedure in section 125.33, regarding the assignment of persons ordered under section 321J.17 to submit to substance abuse evaluation and treatment. The rules shall be applicable only to persons other than those committed to the custody of the director of the department of corrections under section 321J.2. The rules shall be consistent with the practices and procedures of the judicial branch in sentencing persons to substance abuse evaluation and treatment under section 321J.2. The rules shall include the requirement that the treatment programs utilized by a person pursuant to an order of the department meet the licensure standards of the division of substance abuse for the department of public health. The rules shall also include provisions for payment of costs by the offenders, including insurance reimbursement on behalf of offenders, or other forms of funding, and shall also address reporting requirements of the facility, consistent with the provisions of sections 125.84 and 125.86. The department shall be entitled to treatment information contained in reports to the department, notwithstanding any provision of chapter 125 that would restrict department access to treatment information and records.

321J.4 Revocation of license — ignition interlock devices — conditional temporary restricted license.

1. If a defendant is convicted of a violation of section 321J.2 and the defendant's driver's license or nonresident operating privilege has not been revoked under section 321J.9 or 321J.12 for the occurrence from which the arrest arose, the department shall revoke the defendant's driver's license or nonresident operating privilege for one hundred eighty days if the defendant has had no previous conviction or revocation under this chapter. The defendant shall not be eligible for any temporary restricted license for at least thirty days after the effective date of the revocation if a test was obtained, and for at least ninety days if a test was refused. If the defendant is under the age of twenty-one, the defendant shall not be eligible for a temporary restricted license for at least sixty days after the effective date of revocation.

2. If a defendant is convicted of a violation of section 321J.2, and the defendant's driver's license or nonresident operating privilege has not already been revoked under section 321J.9 or 321J.12 for the occurrence from which the arrest arose, the department shall revoke the defendant's driver's license or nonresident operating

privilege for two years if the defendant has had a previous conviction or revocation under this chapter. The defendant shall not be eligible for any temporary restricted license for one year after the effective date of revocation. The defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned by the defendant if the defendant seeks a temporary restricted license at the end of the minimum period of ineligibility. A temporary restricted license shall not be granted by the department until the defendant installs the ignition interlock device.

3. If the court defers judgment pursuant to section 907.3 for a violation of section 321J.2, and if the defendant's driver's license or nonresident operating privilege has not been revoked under section 321J.9 or 321J.12, or has not otherwise been revoked for the occurrence from which the arrest arose, the department shall revoke the defendant's driver's license or nonresident operating privilege for a period of not less than thirty days nor more than ninety days. The defendant shall not be eligible for any temporary restricted license for at least thirty days after the effective date of the revocation if a test was obtained and for at least ninety days if a test was refused. If the defendant is under the age of twenty-one, the defendant shall not be eligible for a temporary restricted license for at least sixty days after the effective date of the revocation.

4. Upon a plea or verdict of guilty of a third or subsequent violation of section 321J.2, the court shall order the department to revoke the defendant's driver's license or nonresident operating privilege for a period of six years. The defendant shall not be eligible for a temporary restricted license for at least one year after the effective date of the revocation. The court shall require the defendant to surrender to it all Iowa licenses or permits held by the defendant, which the court shall forward to the department with a copy of the order for revocation. The defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned by the defendant if the defendant seeks a temporary restricted license at the end of the minimum period of ineligibility. A temporary restricted license shall not be granted by the department until the defendant installs the ignition interlock device.

5. Upon a plea or verdict of guilty of a violation of section 321J.2 which involved a personal injury, the court shall determine in open court, from consideration of the information in the file and any other evidence the parties may submit, whether a serious injury was sustained by any person other than the defendant and, if so, whether the defendant's conduct in violation of section 321J.2 caused the serious injury. If the court so determines, the court shall order the department to revoke the defendant's driver's license or nonresi-

dent operating privilege for a period of one year in addition to any other period of suspension or revocation. The defendant shall not be eligible for any temporary restricted license until the minimum period of ineligibility has expired under this section or section 321J.9, 321J.12, or 321J.20. The defendant shall surrender to the court any Iowa license or permit and the court shall forward it to the department with a copy of the order for revocation.

6. Upon a plea or verdict of guilty of a violation of section 321J.2 which involved a death, the court shall determine in open court, from consideration of the information in the file and any other evidence the parties may submit, whether a death occurred and, if so, whether the defendant's conduct in violation of section 321J.2 caused the death. If the court so determines, the court shall order the department to revoke the defendant's driver's license or nonresident operating privilege for a period of six years. The defendant shall not be eligible for any temporary restricted license for at least two years after the revocation. The defendant shall surrender to the court any Iowa license or permit and the court shall forward it to the department with a copy of the order for revocation.

7. If a license or permit to operate a motor vehicle is revoked or denied under this section or section 321J.9 or 321J.12, the period of revocation or denial shall be the period provided for such a revocation or until the defendant reaches the age of eighteen whichever period is longer.

8. *a.* On a conviction for or as a condition of a deferred judgment for a violation of section 321J.2, the court may order the defendant to install ignition interlock devices of a type approved by the commissioner of public safety on all motor vehicles owned or operated by the defendant which, without tampering or the intervention of another person, would prevent the defendant from operating the motor vehicle with an alcohol concentration greater than a level set by rule of the commissioner of public safety.

b. The commissioner of public safety shall adopt rules to approve certain ignition interlock devices and the means of installation of the devices, and shall establish the level of alcohol concentration beyond which an ignition interlock device will not allow operation of the motor vehicle in which it is installed.

c. The order to install ignition interlock devices shall remain in effect for a period of time as determined by the court which shall not exceed the maximum term of imprisonment which the court could have imposed according to the nature of the violation. While the order is in effect, the defendant shall not operate a motor vehicle which does not have an approved ignition interlock device installed.

d. If the defendant's driver's license or nonresident operating privilege has been revoked, the department shall not issue a temporary permit or a

driver's license to the person without certification that approved ignition interlock devices have been installed in all motor vehicles owned or operated by the defendant while the order is in effect.

e. A defendant who fails within a reasonable time to comply with an order to install an approved ignition interlock device may be declared in contempt of court and punished accordingly.

f. A person who tampers with or circumvents an ignition interlock device installed under a court order while an order is in effect commits a serious misdemeanor.

9. *a.* A person whose noncommercial driver's license has either been revoked under this chapter, or revoked or suspended under chapter 321 solely for violations of this chapter, or who has been determined to be a habitual offender under chapter 321 based solely on violations of this chapter or on violations listed in section 321.560, subsection 1, paragraph "b", and who is not eligible for a temporary restricted license under this chapter may petition the court upon the expiration of the minimum period of ineligibility for a temporary restricted license provided for under this section, section 321J.9, 321J.12, 321J.20, or 321.560, for an order to the department to require the department to issue a temporary restricted license to the person notwithstanding section 321.560.

b. The petition shall include a current certified copy of the petitioner's official driving record issued by the department.

c. Upon the filing of a petition for a temporary restricted license under this section, the clerk of the district court in the county where the violation that resulted in the revocation occurred shall send notice of the petition to the department and the prosecuting attorney. The department and the prosecuting attorney shall each be given an opportunity to respond to and request a hearing on the petition.

d. The court shall determine if the temporary restricted license is necessary for the person to maintain the person's present employment. However, a temporary restricted license shall not be ordered or issued for a violation of section 321J.2A or to a person under the age of twenty-one whose license is revoked under this section or section 321J.9 or 321J.12. If the court determines that the temporary restricted license is necessary for the person to maintain the person's present employment, and that the minimum period of ineligibility for receipt of a temporary license has expired, the court shall order the department to issue to the person a temporary restricted license conditioned upon the person's certification to the court of the installation of approved ignition interlock devices in all motor vehicles that it is necessary for the person to operate to maintain the person's present employment.

e. Section 321.561 does not apply to a person operating a motor vehicle in the manner permitted under this subsection.

f. If the person operates a motor vehicle which does not have an approved ignition interlock device or if the person tampers with or circumvents an ignition interlock device, in addition to other penalties provided, the person's temporary restricted license shall be revoked.

g. A person holding a temporary restricted license issued under this subsection shall not operate a commercial motor vehicle, as defined in section 321.1, on a highway if a commercial driver's license is required for the person to operate the commercial motor vehicle.

h. Notwithstanding any provision of this chapter to the contrary, the court may order the department to issue a temporary restricted license to a person otherwise eligible for a temporary restricted license under this subsection, whose period of revocation under this chapter has expired, but who has not met all requirements for reinstatement of the person's noncommercial driver's license or nonresident operating privileges.

321J.4A Surrender of registration and plates. Repealed by 95 Acts, ch 48, § 24.

321J.4B Motor vehicle impoundment or immobilization — penalty — liability of vehicle owner.

1. For purposes of this section:

a. *"Immobilized"* means the installation of a device in a motor vehicle that completely prevents a motor vehicle from being operated, or the installation of an ignition interlock device of a type approved by the commissioner of public safety.

b. *"Impoundment"* means the process of seizure and confinement within an enclosed area of a motor vehicle, for the purpose of restricting access to the vehicle.

c. *"Owner"* means the registered titleholder of a motor vehicle; except in the case where a rental or leasing agency is the registered titleholder, in which case the lessee of the vehicle shall be treated as the owner of the vehicle for purposes of this section.

2. A motor vehicle is subject to impoundment in the following circumstances:

a. If a person operates a vehicle in violation of section 321J.2, and if convicted for that conduct, the conviction would be a second or subsequent offense under section 321J.2.

b. If a person operates a vehicle while that person's driver's license or operating privilege has been suspended, denied, revoked, or barred due to a violation of section 321J.2.

The clerk of court shall send notice of a conviction of an offense for which the vehicle was impounded to the impounding authority upon conviction of the defendant for such offense.

Impoundment of the vehicle under this section may occur in addition to any criminal penalty imposed under chapter 321 or this chapter for the underlying criminal offense.

3. The motor vehicle operated by the person in the commission of any offense included in subsection 2 may be immediately impounded or immobilized in accordance with this section.

a. A person or agency taking possession of an impounded or immobilized motor vehicle shall do the following:

(1) Make an inventory of any property contained in the vehicle, according to the agency's inventory procedure. The agency responsible for the motor vehicle shall also deliver a copy of the inventory to the county attorney.

(2) Contact all rental or leasing agencies registered as owners of the vehicle, as well as any parties registered as holders of a secured interest in the vehicle, in accordance with subsection 12.

b. The county attorney shall file a copy of the inventory with the district court as part of each file related to criminal charges filed under this section.

4. An owner of a motor vehicle impounded or immobilized under this section, who knows of, should have known of, or gives consent to the operation of, the motor vehicle in violation of subsection 2, paragraph "b", shall be:

a. Guilty of a simple misdemeanor, and

b. Jointly and severally liable for any damages caused by the person who operated the motor vehicle, subject to the provisions of chapter 668.

5. a. The following persons shall be entitled to immediate return of the motor vehicle without payment of costs associated with the impoundment or immobilization of the vehicle:

(1) The owner of the motor vehicle, if the person who operated the motor vehicle is not a co-owner of the motor vehicle.

(2) A motor vehicle rental or leasing agency that owns the vehicle.

(3) A person who owns the motor vehicle and who is charged but is not convicted of the violation of section 321.218, 321.561, 321A.32, 321J.2, or 321J.21, which resulted in the impoundment or immobilization of the motor vehicle under this section.

b. Upon conviction of the defendant for a violation of subsection 2, paragraph "a", the court may order continued impoundment, or the immobilization, of the motor vehicle used in the commission of the offense, if the convicted person is the owner

of the motor vehicle, and shall specify all of the following in the order:

(1) The motor vehicle that is subject to the order.

(2) The period of impoundment or immobilization.

(3) The person or agency responsible for carrying out the order requiring continued impoundment, or the immobilization, of the motor vehicle.

c. If the vehicle subject to the order is in the custody of a law enforcement agency, the court shall designate that agency as the responsible agency. If the vehicle is not in the custody of a law enforcement agency, the person or agency responsible for carrying out the order shall be any person deemed appropriate by the court, including but not limited to a law enforcement agency with jurisdiction over the area in which the residence of the vehicle owner is located. The person or agency responsible for carrying out the order shall determine whether the motor vehicle shall be impounded or immobilized.

d. The period of impoundment or immobilization of a motor vehicle under this section shall be the period of license revocation imposed upon the person convicted of the offense or one hundred eighty days, whichever period is longer. The impoundment or immobilization period shall commence on the day that the vehicle is first impounded or immobilized.

e. The clerk of the district court shall send a copy of the order to the department, the person convicted of the offense, the person or agency responsible for executing the order for impoundment or immobilization, and any holders of any security interests in the vehicle.

f. If the vehicle subject to the court order is not in the custody of a law enforcement agency, the person or agency designated in the order as the person or agency responsible for executing the order shall, upon receipt of the order, promptly locate the vehicle specified in the order, seize the motor vehicle and the license plates, and send or deliver the vehicle's license plates to the department.

If the vehicle is located at a place other than the place at which the court order is to be carried out, the person or agency responsible for executing the order shall arrange for the vehicle to be moved to the place of impoundment or immobilization. When the vehicle is found, is impounded or immobilized, and is at the place of impoundment or immobilization, the person or agency responsible for executing the order shall notify the clerk of the date on which the order was executed. The clerk shall notify the department of the date on which the order was executed.

g. Upon receipt of a court order for continued impoundment or immobilization of the motor vehicle, the agency shall review the value of the vehicle in relation to the costs associated with the period of impoundment of the motor vehicle specified

in the order. If the agency determines that the costs of impoundment of the motor vehicle exceed the actual wholesale value of the motor vehicle, the agency may treat the vehicle as an abandoned vehicle pursuant to section 321.89. If the agency elects to treat the motor vehicle as abandoned, the agency shall notify the registered owner of the motor vehicle that the vehicle shall be deemed abandoned and shall be sold in the manner provided in section 321.89 if payment of the total cost of impoundment is not received within twenty-one days of the mailing of the notice. The agency shall provide documentation regarding the valuation of the vehicle and the costs of impoundment. This paragraph shall not apply to vehicles that are immobilized pursuant to this section or if subsection 12, paragraph "a" or "b", applies.

6. Upon conviction of the defendant for a second or subsequent violation of subsection 2, paragraph "b", the court shall order, if the convicted person is the owner of the motor vehicle used in the commission of the offense, that that motor vehicle be seized and forfeited to the state pursuant to chapters 809 and 809A.

7. a. Upon receipt of a notice of conviction of the defendant for a violation of subsection 2, the impounding authority shall seize the motor vehicle's license plates and registration, and shall send or deliver them to the department.

b. The department shall destroy license plates received under this section and shall not authorize the release of the vehicle or the issuance of new license plates for the vehicle until the period of impoundment or immobilization has expired, and the fee and costs assessed under subsection 10 have been paid. The fee for issuance of new license plates and certificates of registration shall be the same as for the replacement of lost, mutilated, or destroyed license plates and certificates of registration.

8. a. Upon conviction for a violation of subsection 2, the court shall assess the defendant, in addition to any other penalty, a fee of one hundred dollars plus the cost of any expenses for towing, storage, and any other costs of impounding or immobilizing the motor vehicle, to be paid to the clerk of the district court.

b. The person or agency responsible for impoundment or immobilization under this section shall inform the court of the costs of towing, storage, and any other costs of impounding or immobilizing the motor vehicle. Upon payment of the fee and costs, the clerk shall forward a copy of the receipt to the department.

c. If a law enforcement agency impounds or immobilizes a motor vehicle, the amount of the fee and expenses deposited with the clerk shall be paid by the clerk to the law enforcement agency responsible for executing the order to reimburse the agency for costs incurred for impoundment or immobilization equipment and, if required, in sending officers to search for and locate the vehicle spe-

cified in the impoundment or immobilization order.

9. Operating a motor vehicle on a street or highway in this state in violation of an order of impoundment or immobilization is a serious misdemeanor. A motor vehicle which is subject to an order of impoundment or immobilization that is operated on a street or highway in this state in violation of the order shall be seized and forfeited to the state under chapters 809 and 809A.

10. Once the period of impoundment or immobilization has expired, the owner of the motor vehicle shall have thirty days to claim the motor vehicle and pay all fees and charges imposed under this section. If the owner or the owner's designee has not claimed the vehicle and paid all fees and charges imposed under this section within seven days from the date of expiration of the period, the clerk shall send written notification to the motor vehicle owner, at the owner's last known address, notifying the owner of the date of expiration of the period of impoundment or immobilization and of the period in which the motor vehicle must be claimed. If the motor vehicle owner fails to claim the motor vehicle and pay all fees and charges imposed within the thirty-day period, the motor vehicle shall be forfeited to the state under chapters 809 and 809A.

11. *a.* (1) During the period of impoundment or immobilization the owner of an impounded or immobilized vehicle shall not sell or transfer the title of the motor vehicle which is subject to the order of impoundment or immobilization.

(2) A person convicted of an offense under subsection 2, shall not purchase or register any motor vehicle during the period of impoundment, immobilization, or license revocation.

Violation of paragraph "a" is a serious misdemeanor.

b. If, during the period of impoundment or immobilization, the title to the motor vehicle which is the subject of the order is transferred by the foreclosure of a chattel mortgage, a sale upon execution, the cancellation of a conditional sales contract, or an order of a court, the court which enters the order that permits transfer of the title shall notify the department of the transfer of the title. The department shall enter notice of the transfer of the title to the motor vehicle in the previous owner's vehicle registration record.

12. Notwithstanding other requirements of this section:

a. Upon learning the address or phone number of a rental or leasing company which owns a motor vehicle impounded or immobilized under this section, the peace officer, county attorney, or attorney general shall immediately contact the company to inform the company that the vehicle is available for return to the company.

b. The holder of a security interest in a vehicle which is impounded or immobilized pursuant to this section or forfeited in the manner provided in

chapters 809 and 809A shall be notified of the impoundment, immobilization, or forfeiture within seventy-two hours of the seizure of the vehicle and shall have the right to claim the motor vehicle without payment of any fees or surcharges unless the value of the vehicle exceeds the value of the security interest held by the creditor.

c. Any of the following persons may make application to the court for permission to operate a motor vehicle, which is impounded or immobilized pursuant to this section, during the period of impoundment or immobilization, if the applicant's driver's license or operating privilege has not been suspended, denied, revoked, or barred, and an ignition interlock device of a type approved by the commissioner of public safety is installed in the motor vehicle prior to operation:

(1) A person, other than the person who committed the offense which resulted in the impoundment or immobilization, who is not a member of the immediate family of the person who committed the offense but is a joint owner of the motor vehicle.

(2) A member of the immediate family of the person who committed the offense which resulted in the impoundment or immobilization, if the member demonstrates that the motor vehicle that is subject to the order for impoundment or immobilization is the only motor vehicle possessed by the family.

For purposes of this section, "a member of the immediate family" means a spouse, child, or parent of the person who committed the offense.

13. The impoundment, immobilization, or forfeiture of a motor vehicle under this chapter does not constitute loss of use of a motor vehicle for purposes of any contract of insurance.

321J.5 Preliminary screening test.

1. When a peace officer has reasonable grounds to believe that either of the following have occurred, the peace officer may request that the operator provide a sample of the operator's breath for a preliminary screening test using a device approved by the commissioner of public safety for that purpose:

a. A motor vehicle operator may be violating or has violated section 321J.2 or 321J.2A.

b. The operator has been involved in a motor vehicle collision resulting in injury or death.

2. The results of this preliminary screening test may be used for the purpose of deciding whether an arrest should be made or whether to request a chemical test authorized in this chapter, but shall not be used in any court action except to prove that a chemical test was properly requested of a person pursuant to this chapter.

86 Acts, ch 1220, §5; 95 Acts, ch 48, §12

321J.6 Implied consent to test.

1. A person who operates a motor vehicle in this state under circumstances which give reasonable grounds to believe that the person has been operating a motor vehicle in violation of section 321J.2 or 321J.2A is deemed to have given consent to the withdrawal of specimens of the person's blood, breath, or urine and to a chemical test or tests of the specimens for the purpose of determining the alcohol concentration or presence of a controlled substance or other drugs, subject to this section. The withdrawal of the body substances and the test or tests shall be administered at the written request of a peace officer having reasonable grounds to believe that the person was operating a motor vehicle in violation of section 321J.2 or 321J.2A, and if any of the following conditions exist:

a. A peace officer has lawfully placed the person under arrest for violation of section 321J.2.

b. The person has been involved in a motor vehicle accident or collision resulting in personal injury or death.

c. The person has refused to take a preliminary breath screening test provided by this chapter.

d. The preliminary breath screening test was administered and it indicated an alcohol concentration equal to or in excess of the level prohibited by section 321J.2.

e. The preliminary breath screening test was administered to a person operating a commercial motor vehicle as defined in section 321.1 and it indicated an alcohol concentration of 0.04 or more.

f. The preliminary breath screening test was administered and it indicated an alcohol concentration less than the level prohibited by section 321J.2, and the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug.

g. The preliminary breath screening test was administered and it indicated an alcohol concentration of .02 or more but less than .10 and the person is under the age of twenty-one.

2. The peace officer shall determine which of the three substances, breath, blood, or urine, shall be tested. Refusal to submit to a chemical test of urine or breath is deemed a refusal to submit, and section 321J.9 applies. A refusal to submit to a chemical test of blood is not deemed a refusal to submit, but in that case, the peace officer shall then determine which one of the other two substances shall be tested and shall offer the test. If the peace officer fails to offer a test within two hours after the preliminary screening test is administered or refused or the arrest is made, whichever occurs first, a test is not required, and there shall be no revocation under section 321J.9.

3. Notwithstanding subsection 2, if the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug, a blood or urine test shall be required even after another type of test has been administered. Section 321J.9 applies to a refusal to submit to a chemical test of urine or blood requested under this subsection.

If the certification is oral, a written certification shall be completed by the physician within a reasonable time of the test.

1. If the person refuses to submit to the test, the person's driver's license or nonresident operating privilege will be revoked by the department as required by and for the applicable period specified under section 321J.9.

2. If the person submits to the test and the results indicate the presence of a controlled substance or other drug, or an alcohol concentration equal to or in excess of the level prohibited by section 321J.2 or 321J.2A, the person's driver's license or nonresident operating privilege will be revoked by the department as required by and for the applicable period specified under section 321J.12.

3. If the person is operating a commercial motor vehicle as defined in section 321.1 and either refuses to submit to the test or submits to the test and the results indicate an alcohol concentration of 0.04 or more, the person is disqualified from operating a commercial motor vehicle for the applicable period under section 321.208 in addition to any revocation of the person's driver's license or nonresident operating privilege which may be applicable under this chapter.

321J.9 Refusal to submit — revocation.

1. If a person refuses to submit to the chemical testing, a test shall not be given, but the department, upon the receipt of the peace officer's certification, subject to penalty for perjury, that the officer had reasonable grounds to believe the person to have been operating a motor vehicle in violation of section 321J.2 or 321J.2A, that specified conditions existed for chemical testing pursuant to section 321J.6, and that the person refused to submit to the chemical testing, shall revoke the person's driver's license and any nonresident operating privilege for the following periods of time:

a. One year if the person has no previous revocation under this chapter; and

b. Two years if the person has had a previous revocation under this chapter.

2. *a.* A person whose driver's license or nonresident operating privileges are revoked under subsection 1, paragraph "a", shall not be eligible for a temporary restricted license for at least ninety days after the effective date of the revocation. A person whose driver's license or nonresident operating privileges are revoked under subsection 1, paragraph "b", shall not be eligible for a temporary restricted license for at least one year after the effective date of the revocation.

b. The defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license at the end of the minimum period of ineligibility. A temporary restricted license shall not be granted by the department until the defendant installs the ignition interlock device.

3. If the person is a resident without a license or permit to operate a motor vehicle in this state, the department shall deny to the person the issuance of a license or permit for the same period a license or permit would be revoked, and deny issuance of a temporary restricted license for the same period of ineligibility for receipt of a temporary restricted license, subject to review as provided in this chapter.

4. The effective date of revocation shall be ten days after the department has mailed notice of revocation to the person by certified mail or, on behalf of the department, a peace officer offering or directing the administration of a chemical test may serve immediate notice of intention to revoke and of revocation on a person who refuses to permit chemical testing. If the peace officer serves that immediate notice, the peace officer shall take the Iowa license or permit of the driver, if any, and issue a temporary license effective for only ten days. The peace officer shall immediately send the person's license to the department along with the officer's certificate indicating the person's refusal to submit to chemical testing.

321J.10 Tests pursuant to warrants.

1. Refusal to consent to a test under section 321J.6 does not prohibit the withdrawal of a specimen for chemical testing pursuant to a search warrant issued in the investigation of a suspected violation of section 707.5 or 707.6A if all of the following grounds exist:

a. A traffic accident has resulted in a death or personal injury reasonably likely to cause death.

b. There are reasonable grounds to believe that one or more of the persons whose driving may have been the proximate cause of the accident was violating section 321J.2 at the time of the accident.

2. Search warrants may be issued under this section in full compliance with chapter 808 or they may be issued under subsection 3.

3. Notwithstanding section 808.3, the issuance of a search warrant under this section may be based upon sworn oral testimony communicated by telephone if the magistrate who is asked to issue the warrant is satisfied that the circumstances make it reasonable to dispense with a written affidavit. The following shall then apply:

a. When a caller applies for the issuance of a warrant under this section and the magistrate becomes aware of the purpose of the call, the magistrate shall place under oath the person applying for the warrant.

b. The person applying for the warrant shall prepare a duplicate warrant and read the duplicate warrant, verbatim, to the magistrate who shall enter, verbatim, what is read to the magistrate on a form that will be considered the original warrant. The magistrate may direct that the warrant be modified.

c. The oral application testimony shall set forth facts and information tending to establish the existence of the grounds for the warrant and shall describe with a reasonable degree of specificity the person or persons whose driving is believed to have been the proximate cause of the accident and from whom a specimen is to be withdrawn and the location where the withdrawal of the specimen or specimens is to take place.

d. If a voice recording device is available, the magistrate may record by means of that device all of the call after the magistrate becomes aware of the purpose of the call. Otherwise, the magistrate shall cause a stenographic or longhand memorandum to be made of the oral testimony of the person applying for the warrant.

e. If the magistrate is satisfied from the oral testimony that the grounds for the warrant exist or that there is probable cause to believe that they exist, the magistrate shall order the issuance of the warrant by directing the person applying for the warrant to sign the magistrate's name on the

duplicate warrant. The magistrate shall immediately sign the original warrant and enter on its face the exact time when the issuance was ordered.

f. The person who executes the warrant shall enter the time of execution on the face of the duplicate warrant.

g. The magistrate shall cause any record of the call made by means of a voice recording device to be transcribed, shall certify the accuracy of the transcript, and shall file the transcript and the original record with the clerk. If a stenographic or longhand memorandum was made of the oral testimony of the person who applied for the warrant, the magistrate shall file a signed copy with the clerk.

h. The clerk of court shall maintain the original and duplicate warrants along with the record of the telephone call and any transcript or memorandum made of the call in a confidential file until a charge, if any, is filed.

4. *a.* Search warrants issued under this section shall authorize and direct peace officers to secure the withdrawal of blood specimens by medical personnel under section 321J.11. Reasonable care shall be exercised to ensure the health and safety of the persons from whom specimens are withdrawn in execution of the warrants.

b. If a person from whom a specimen is to be withdrawn objects to the withdrawal of blood, the warrant may be executed as follows:

(1) If the person is capable of giving a specimen of breath, and a direct breath testing instrument is readily available, the warrant may be executed by the withdrawal of a specimen of breath for chemical testing, unless the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug.

(2) If the testimony in support of the warrant sets forth facts and information that the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug, a urine sample shall be collected in lieu of a blood sample, if the person is capable of giving a urine sample and the sample can be collected without the need to physically compel the execution of the warrant.

5. The act of any person knowingly resisting or obstructing the withdrawal of a specimen pursuant to a search warrant issued under this section constitutes a contempt punishable by a fine not exceeding one thousand dollars or imprisonment in a county jail not exceeding one year or by both such fine and imprisonment. Also, if the withdrawal of a specimen is so resisted or obstructed, sections 321J.9 and 321J.16 apply.

6. Nonsubstantive variances between the contents of the original and duplicate warrants shall

not cause a warrant issued under subsection 3 of this section to be considered invalid.

7. Specimens obtained pursuant to warrants issued under this section are not subject to disposition under section 808.9 or chapter 809 or 809A.

8. Subsections 1 to 7 of this section do not apply where a test may be administered under section 321J.7.

9. Medical personnel who use reasonable care and accepted medical practices in withdrawing blood specimens are immune from liability for their actions in complying with requests made of them pursuant to search warrants or pursuant to section 321J.11.

321J.11 Taking sample for test.

Only a licensed physician, licensed physician assistant as defined in section 148C.1, medical technologist, or registered nurse, acting at the request of a peace officer, may withdraw a specimen of blood for the purpose of determining the alcohol concentration or the presence of a controlled substance or other drugs. However, any peace officer, using devices and methods approved by the commissioner of public safety, may take a specimen of a person's breath or urine for the purpose of determining the alcohol concentration, or may take a specimen of a person's urine for the purpose of determining the presence of a controlled substance or other drugs. Only new equipment kept under strictly sanitary and sterile conditions shall be used for drawing blood.

The person may have an independent chemical test or tests administered at the person's own expense in addition to any administered at the direction of a peace officer. The failure or inability of the person to obtain an independent chemical test or tests does not preclude the admission of evidence of the results of the test or tests administered at the direction of the peace officer. Upon the request of the person who is tested, the results of the test or tests administered at the direction of the peace officer shall be made available to the person.

321J.12 Test result revocation.

1. Upon certification, subject to penalty for perjury, by the peace officer that there existed reasonable grounds to believe that the person had been operating a motor vehicle in violation of section 321J.2, that there existed one or more of the necessary conditions for chemical testing described in section 321J.6, subsection 1, and that the person submitted to chemical testing and the test results indicated the presence of a controlled substance or other drug, or an alcohol concentration equal to or in excess of the level prohibited by

section 321J.2, or a combination of alcohol and another drug in violation of section 321J.2, the department shall revoke the person's driver's license or nonresident operating privilege for the following periods of time:

a. One hundred eighty days if the person has had no revocation under this chapter.

b. One year if the person has had a previous revocation under this chapter.

2. A person whose driver's license or nonresident operating privileges have been revoked under subsection 1, paragraph "a", shall not be eligible for any temporary restricted license for at least thirty days after the effective date of the revocation. If the person is under the age of twenty-one, the person shall not be eligible for a temporary restricted license for at least sixty days after the effective date of the revocation. A person whose license or privileges have been revoked under subsection 1, paragraph "b", for one year shall not be eligible for any temporary restricted license for one year after the effective date of the revocation.

3. The effective date of the revocation shall be ten days after the department has mailed notice of revocation to the person by certified mail. The peace officer who requested or directed the administration of the chemical test may, on behalf of the department, serve immediate notice of revocation on a person whose test results indicated the presence of a controlled substance or other drug, or an alcohol concentration equal to or in excess of the level prohibited by section 321J.2, or a combination of alcohol and another controlled substance or drug in violation of section 321J.2.

4. If the peace officer serves that immediate notice, the peace officer shall take the person's Iowa license or permit, if any, and issue a temporary license valid only for ten days. The peace officer shall immediately send the person's driver's license to the department along with the officer's certificate indicating that the test results indicated the presence of a controlled substance or other drug, or an alcohol concentration equal to or in excess of the level prohibited by section 321J.2.

5. Upon certification, subject to penalty of perjury, by the peace officer that there existed reasonable grounds to believe that the person had been operating a motor vehicle in violation of section 321J.2A, that there existed one or more of the necessary conditions for chemical testing described in section 321J.6, subsection 1, and that the person submitted to chemical testing and the test results indicated an alcohol concentration as defined in section 321J.1 of .02 or more but less than .10, the department shall revoke the person's driver's license or operating privilege for a period of sixty days if the person has had no previous revocation under this chapter, and for a period of ninety days if the person has had a previous revocation under this chapter.

6. The results of a chemical test may not be used as the basis for a revocation of a person's driv-

er's license or nonresident operating privilege if the alcohol or drug concentration indicated by the chemical test minus the established margin of error inherent in the device or method used to conduct the chemical test is not equal to or in excess of the level prohibited by section 321J.2 or 321J.2A.

321J.13 Hearing on revocation — appeal.

1. Notice of revocation of a person's noncommercial driver's license or operating privilege served pursuant to section 321J.9 or 321J.12 shall include a form accompanied by a preaddressed envelope on which the person served may indicate by a checkmark if the person only wishes to request a temporary restricted license after the mandatory ineligibility period for issuance of a temporary restricted license has ended, or if the person wishes a hearing to contest the revocation. The form shall clearly state on its face that the form must be completed and returned within ten days of receipt or the person's right to a hearing to contest the revocation is foreclosed. The form shall also be accompanied by a statement of the operation of and the person's rights under this chapter.

2. The department shall grant the person an opportunity to be heard within forty-five days of receipt of a request for a hearing if the request is made not later than ten days after receipt of notice of revocation served pursuant to section 321J.9 or 321J.12. The hearing shall be before the department in the county where the alleged events occurred, unless the director and the person agree that the hearing may be held in some other county, or the hearing may be held by telephone conference at the discretion of the agency conducting the hearing. The hearing may be recorded and its scope shall be limited to the issues of whether a peace officer had reasonable grounds to believe that the person was operating a motor vehicle in violation of section 321J.2 or 321J.2A and one or more of the following:

a. Whether the person refused to submit to the test or tests.

b. Whether a test was administered and the test results indicated an alcohol concentration equal to or in excess of the level prohibited under section 321J.2 or 321J.2A.

c. Whether a test was administered and the test results indicated the presence of alcohol, a controlled substance or other drug, or a combination of alcohol and another drug, in violation of section 321J.2.

3. After the hearing the department shall order that the revocation be either rescinded or sustained. Upon receipt of the decision of the department to sustain a revocation, the person contest-

ing the revocation has ten days to file a request for review of the decision by the director. The director or the director's designee shall review the decision within thirty days and shall either rescind or sustain the revocation or order a new hearing. If the director orders a new hearing, the department shall grant the person a new hearing within twenty days of the director's order.

4. The department shall stay the revocation of a person's driver's license or operating privilege for the period that the person is contesting the revocation under this section or section 321J.14 if it is shown to the satisfaction of the department that the new evidence is material and that there were valid reasons for failure to present it in the contested case proceeding before the department. However, a stay shall not be granted for violations of section 321J.2A.

5. If the department fails to comply with the time limitations of this section regarding granting a hearing, review by the director or the director's designee, or granting a new hearing, and if the request for a hearing or review by the director was properly made under this section, the revocation of the driver's license or operating privilege of the person who made the request for a hearing or review shall be rescinded. This subsection shall not apply in those cases in which a continuance to the hearing has been granted at the request of either the person who requested the hearing or the peace officer who requested or administered the chemical test.

6. *a.* The department shall grant a request for a hearing to rescind the revocation if the person whose motor vehicle license or operating privilege has been or is being revoked under section 321J.9 or 321J.12 submits a petition containing information relating to the discovery of new evidence that provides grounds for rescission of the revocation.

b. The person shall prevail at the hearing if, in the criminal action on the charge of violation of section 321J.2 or 321J.2A resulting from the same circumstances that resulted in the administrative revocation being challenged, the court held one of the following:

(1) That the peace officer did not have reasonable grounds to believe that a violation of section 321J.2 or 321J.2A had occurred to support a request for or to administer a chemical test.

(2) That the chemical test was otherwise inadmissible or invalid.

c. Such a holding by the court in the criminal action is binding on the department, and the department shall rescind the revocation.

321J.15 Evidence in any action.

Upon the trial of a civil or criminal action or proceeding arising out of acts alleged to have been committed by a person while operating a motor vehicle in violation of section 321J.2 or 321J.2A, evidence of the alcohol concentration or the presence of a controlled substance or other drugs in the person's body substances at the time of the act alleged as shown by a chemical analysis of the person's blood, breath, or urine is admissible. If it is established at trial that an analysis of a breath specimen was performed by a certified operator using a device intended to determine alcohol concentration and methods approved by the commissioner of public safety, no further foundation is necessary for introduction of the evidence.

321J.17 Civil penalty — disposition — conditions for license reinstatement.

1. If the department revokes a person's driver's license or nonresident operating privilege under this chapter, the department shall assess the person a civil penalty of two hundred dollars. The money collected by the department under this section shall be transmitted to the treasurer of state who shall deposit one-half of the money in the separate fund established in section 915.94 and one-half of the money in the general fund of the state. A temporary restricted license shall not be issued unless an ignition interlock device has been installed pursuant to section 321J.4 and the civil penalty has been paid. A driver's license or nonresident operating privilege shall not be reinstated unless proof of deinstallation of an ignition interlock device installed pursuant to section 321J.4 has been submitted to the department and the civil penalty has been paid.

2. If the department or a court orders the revocation of a person's driver's license or nonresident operating privilege under this chapter, the department or court shall also order the person, at the person's own expense, to do the following:

a. Enroll, attend, and satisfactorily complete a course for drinking drivers, as provided in section 321J.22.

b. Submit to evaluation and treatment or rehabilitation services.

The court or department may request that the community college conducting the course for drinking drivers which the person is ordered to attend immediately report to the court or department that the person has successfully completed the course for drinking drivers. The court or department may request that the treatment program which the person attends periodically report on the defendant's attendance and participation in the program, as well as the status of treatment or rehabilitation.

A driver's license or nonresident operating privilege shall not be reinstated until proof of completion of the requirements of this subsection is presented to the department.

3. The department shall also require certification of installation of an ignition interlock device of a type approved by the commissioner of public safety on all motor vehicles owned or operated by any person seeking reinstatement following a second or subsequent conviction for a violation of section 321J.2, unless such a person has previously received a temporary restricted license as authorized by this chapter. 321J.20 Temporary restricted license.

1. The department may, on application, issue a temporary restricted license to a person whose noncommercial driver's license is revoked under this chapter allowing the person to drive to and from the person's home and specified places at specified times which can be verified by the department and which are required by the person's full-time or part-time employment, continuing health care or the continuing health care of another who is dependent upon the person, continuing education while enrolled in an educational institution on a part-time or full-time basis and while pursuing a course of study leading to a diploma, degree, or other certification of successful educational completion, substance abuse treatment, and court-ordered community service responsibilities if the person's driver's license has not been revoked previously under section 321J.4, 321J.9, or 321J.12 and if any of the following apply:

a. The person's noncommercial driver's license is revoked under section 321J.4 and the minimum period of ineligibility for issuance of a temporary restricted license has expired. This subsection shall not apply to a revocation ordered under section 321J.4 resulting from a plea or verdict of guilty of a violation of section 321J.2 that involved a death.

b. The person's noncommercial driver's license is revoked under section 321J.9 and the person has entered a plea of guilty on a charge of a violation of section 321J.2 which arose from the same set of circumstances which resulted in the person's driver's license revocation under section 321J.9 and the guilty plea is not withdrawn at the time of or after application for the temporary restricted license, and the minimum period of ineligibility for issuance of a temporary restricted license has expired.

c. The person's noncommercial driver's license is revoked under section 321J.12, and the minimum period of ineligibility for issuance of a temporary restricted license has expired.

However, a temporary restricted license may be issued if the person's noncommercial driver's license is revoked under section 321J.9, and the revocation is a second revocation under this chapter, and the first three hundred sixty-five days of the revocation have expired.

2. This section does not apply to a person whose license was revoked under section 321J.2A or section 321J.4, subsection 4 or 6, or to a person whose license is suspended or revoked for another reason.

3. A person holding a temporary restricted license issued by the department under this section shall not operate a motor vehicle for pleasure.

4. A person holding a temporary restricted license issued by the department under this section shall not operate a commercial motor vehicle on a highway if a commercial driver's license is required for the person's operation of the commercial motor vehicle.

5. A person holding a temporary license issued by the department under this chapter shall be prohibited from operating a school bus.

6. Following certain minimum periods of ineligibility, a temporary restricted license under this section shall not be issued until such time as the applicant installs an ignition interlock device of a type approved by the commissioner of public safety on all motor vehicles owned or operated by the applicant, in accordance with section 321J.4. Installation of an ignition interlock device under this section shall be required for the period of time for which the temporary restricted license is issued.

7. Notwithstanding any provision of this chapter to the contrary, the department may issue a temporary restricted license to a person otherwise eligible for a temporary restricted license under this section, whose period of revocation under this chapter has expired, but who has not met all requirements for reinstatement of the person's driver's license or nonresident operating privileges.

b. "*Satisfactory completion of a course*" means receiving at the completion of a course a grade from the course instructor of "C" or "2.0," or better.

2. a. The course provided according to this section shall be offered on a regular basis at each community college as defined in section 260C.2, or by substance abuse treatment programs licensed under chapter 125. However, a community college shall not be required to offer the course if a substance abuse treatment program licensed under chapter 125 offers the course within the merged area served by the community college.

b. Enrollment in the courses is not limited to persons ordered to enroll, attend, and successfully complete the course required under sections 321J.2 and 321J.17, subsection 2. 321J.23 Legislative findings.

The general assembly finds and declares as follows:

1. Drivers often do not realize the consequences of drinking alcohol or using other drugs, and driving a motor vehicle.

2. Prompt intervention is needed to protect society, including drivers, from death or serious long-term injury.

3. The conviction of a driver for operating while intoxicated identifies that person as a risk to the health and safety of others, as well as to the intoxicated driver.

Notwithstanding provisions of chapter 321 or 321L that grant sole authority to the department for the issuance of driver's licenses, nonoperator identification cards, and persons with disabilities identification devices, certain counties shall be authorized to issue driver's licenses, nonoperator identification cards, and persons with disabilities

identification devices, according to the requirements of this chapter.

98 Acts, ch 1073, §12; 98 Acts, ch 1143, §2, 26

321M.3 Authorization to issue licenses — initial opt-in.

1. Adams, Cass, Fremont, Mills, Montgomery, and Page counties shall be authorized to issue driver's licenses, nonoperator identification cards, and persons with disabilities identification devices on a permanent basis, provided that such counties continue to meet the department's standards for issuance.

a. Any county desiring to opt out of county issuance effective with the beginning of the next digitized photolicensing equipment contract period may do so if the cluster, minus the county opting out, is approved by the department, or if one of the alternatives for continued service by the remaining counties in the cluster is arranged pursuant to section 321M.4.

b. A county shall submit in writing to the department its election either to continue participation in county issuance, or to opt out, during the opt-out period established by the department prior to the beginning of the next digitized photolicensing equipment contract period.

2. No more than forty-two additional counties shall be authorized to issue driver's licenses, nonoperator identification cards, and persons with disabilities identification devices, effective with the beginning of the next digitized photolicensing equipment contract period.

a. A county that is served by a permanent department facility is not eligible to opt in to county issuance.

b. An initial opt-in period shall be designated by the department for an eligible county to indicate its desire to participate in county issuance at the time when the next contract for digitized photolicensing equipment is implemented. The department may designate an opt-in period at a time sufficiently in advance of the time for submission of request for proposals related to the next digitized photolicensing equipment contract period, so that the department may accurately estimate the number of sets of equipment that will be needed under the new contract.

c. Initial participation by a county in county issuance requires prior approval in writing by the county treasurer and the board of supervisors.

d. If more than forty-two counties indicate an interest in participating in county issuance, the department shall give preference to the first forty-two counties that are approved as proposed clusters according to section 321M.4, provided that such counties have also filed the written authorizations required under paragraph "c".

3. A county may opt in to county issuance only during the initial opt-in period, unless a county is requested to participate in an existing cluster pur-

suant to section 321M.4. A county that is so approved by the department to join an existing cluster shall satisfy all requirements under this chapter for a county in an initial opt-in period.

98 Acts, ch 1073, §12; 98 Acts, ch 1143, §3, 26

321M.4 Clustering.

1. The system of county issuance shall be implemented through the use of clusters.

2. A proposed cluster shall replace one department itinerant team. However, the proposed cluster need not be composed of precisely the same counties served by an existing department itinerant team.

3. The department shall have authority to approve proposed clusters, in accordance with the following principles:

a. Proposed clusters should avoid reducing service availability to any neighboring county not part of the cluster, below service levels offered to such county by the department. This principle applies, but is not limited to, situations where service to the neighboring county by a department itinerant team would become exceedingly difficult, or would result in reduced annual hours of service availability due to the need for changes in itinerant team assignments.

b. A cluster may elect to offer service to a neighboring county outside of the proposed cluster, if approval of a cluster by the department is opposed because of difficulties in servicing one or more counties that surround the cluster, or because the cluster would require a reduction in annual hours of service availability by the department to such counties.

c. The department shall exercise its approval authority under this section in good faith, and shall consult with the Iowa county treasurers association in making its decision regarding approval of individual clusters.

4. Prior to issuing any licenses, an approved cluster shall execute an agreement among participating counties pursuant to chapter 28E, addressing the relative rights and liabilities associated with cluster activity. A copy of this agreement, as well as any subsequent alterations or addendum, shall be filed with the department within thirty days of execution.

5. If a county within a cluster opts out of county issuance during a designated opt-out period under section 321M.3 or 321M.8, or is otherwise subject to termination of all or part of its county issuance authorization, the remaining counties in the cluster may pursue one or more of the following alternatives:

a. The counties may request that one or more counties contiguous to the counties remaining in the cluster join the cluster, in accordance with this section and other provisions of this chapter.

b. The counties may elect to provide service to the terminated county, in accordance with this section and other provisions of this chapter.

6. If a cluster subject to the provisions of subsection 5 is not approved by the department for continued service as a cluster, the individual counties in the cluster shall revert to service by the department.

98 Acts, ch 1143, §4

321M.5 Contract between the department and issuing counties.

1. The department and each county participating in county issuance shall execute an agreement pursuant to chapter 28E, detailing the relative responsibilities and liabilities of each party to the agreement.

2. The agreement required by subsection 1 shall specifically address the following issues, in addition to other issues that may be required by chapter 28E or that may otherwise be deemed necessary for inclusion in the agreement by the parties to the agreement:

a. Responsibility for collection of, and accounting for, any fees associated with the licensing process.

b. Oversight guidelines.

c. Performance standards.

d. Progressive discipline standards and measures, including appeals.

e. Rights and responsibilities during any extensions of a digitized photolicensing contract.

f. A specified opt-out period prior to each future request for proposals for digitized photolicensing equipment contracts, and procedures related to a decision to opt out by a county within a particular cluster.

3. An addendum to such an agreement may be executed by the parties, in accordance with chapter 28E.

98 Acts, ch 1143, §5

321M.6 Certification of commercial driver's license issuance.

1. A county shall be authorized to issue commercial driver's licenses if certified to do so by the department.

2. The department shall certify the commercial driver's license issuance in a county authorized to issue licenses pursuant to section 321M.3 if all of the following conditions are met:

a. The driving skills test is the same as that which would otherwise be administered by the state.

b. The county examiner contractually agrees to comply with the requirements of 49 C.F.R. § 383.75, as adopted by rule by the department.

c. The department provides supervision over the issuance of commercial driver's licenses, including the administration of written and driving skills tests by the county treasurer. However, the failure of the department to provide appropriate supervision shall not alone be used as a reason to deny certification.

d. The county otherwise complies with the procedures for issuance of commercial driver's licenses as provided in chapter 321.

3. If a county fails to meet the standards for certification under this section, and fails to correct deficiencies according to the department's operating standards, the county's right to issue commercial driver's licenses shall be terminated, and the county shall cease issuing commercial driver's licenses. Procedures and conditions for recertification shall be addressed in the operating standards for the department.

4. The issuance of commercial driver's licenses for residents of a county whose issuance rights have been terminated under subsection 3 may be provided by other counties in the relevant cluster, according to the provisions of section 321M.5. The department is not obligated to provide service in a county for issuance of commercial driver's licenses if the county fails to meet certification standards under this section. However, the department shall facilitate appropriate arrangements for availability of such services as it deems necessary.

98 Acts, ch 1143, §6; 99 Acts, ch 96, §37

5. New county personnel, including new county treasurers, who will participate in county issuance, shall complete the initial training session prior to engaging in any licensing activities. A county treasurer shall use best efforts to complete initial training as soon as possible. A county treasurer who does not make reasonable attempts to begin initial training within three months of taking office may be subject to having the county issuance program in that county placed on probation.

321M.8 New or subsequent contracts — opt-out period.

1. If entering into a new digitized photolicensing equipment contract is anticipated by the department, the department shall provide an opt-out period sufficiently prior to the issuance of a re-

quest for proposals related to such contract by the department.

2. According to the time frame established by the agreement executed pursuant to section 321M.5, during an opt-out period described in subsection 1, each issuing county shall indicate in writing to the department one of the following:

a. That the county elects to continue to participate in county issuance for the duration of the next digitized photolicensing contract period, subject to the other provisions of this chapter.

b. That the county elects to opt out of county issuance, effective at the end of the present digitized photolicensing contract period.

The county treasurer shall remit the balance of fees to the department.

A county shall indicate at the time of opting in how many sets of equipment are needed by the county.

3. *Other equipment.* The department shall pay for all other equipment needed by a county to participate in county issuance, comparable to the equipment provided for issuance activities by a de-

A manufacturer, distributor, or importer of motor vehicles or agent or representative of such manufacturer, distributor, or importer shall not reduce the amount of compensation for, or disallow a claim for, warranty parts, repairs, or service supplied by a motor vehicle dealer if twelve months or more have passed since the warranty claim was submitted to the manufacturer, distributor, or importer of motor vehicles or agent or representative thereof. The twelve-month limitation shall not apply if a court of competent jurisdiction in this state finds the warranty claim was fraudulent.

14. A manufacturer, distributor, wholesaler, or importer shall not directly or indirectly be licensed as, own an interest in, operate, or control a motor vehicle dealer. This subsection shall not prohibit any of the following:

a. A manufacturer or importer from being licensed as a motor vehicle dealer or owning an interest in, operating, or controlling a motor vehicle dealership for a period not to exceed one year to facilitate transfer of the motor vehicle dealership to a new owner if both of the following apply:

(1) The prior owner transferred the motor vehicle dealership to the manufacturer or importer.

(2) The motor vehicle dealership is continuously offered for sale by the manufacturer or importer upon reasonable terms and conditions.

b. A manufacturer or importer from temporarily owning an interest in a motor vehicle dealership for the purpose of enhancing opportunities for persons who lack the financial resources to purchase the motor vehicle dealership without such assistance. A manufacturer or importer may temporarily own an interest in a motor vehicle dealership pursuant to this paragraph only if the manufacturer or importer enters into a contract with a person pursuant to which all of the following apply:

(1) The person operates the motor vehicle dealership.

(2) The person has made a significant financial investment in the motor vehicle dealership and is subject to loss on such investment.

(3) The person has an ownership interest in the motor vehicle dealership.

(4) The person will acquire full ownership of the motor vehicle dealership within a reasonable time under reasonable conditions.

c. A manufacturer or importer from owning an interest in, operating, or controlling a person whose primary business is renting motor vehicles and who is licensed as a used motor vehicle dealer.

d. A manufacturer of motor homes, as defined in section 321.1, or a manufacturer of school buses, as defined in section 321.1, from owning an interest in, operating, or controlling a motor vehicle dealer of the motor homes or school buses manufactured by that manufacturer or from being licensed as a motor vehicle dealer only of the motor homes or school buses manufactured by that manufacturer.

e. A manufacturer from owning a minority interest in an entity that owns and operates motor vehicle dealers, licensed under this chapter or the laws of the jurisdiction in which they are located, of the line-make manufactured by the manufacturer if all of the motor vehicle dealers owned and operated by the entity in this state are motor vehicle dealers of only the line-make manufactured by the manufacturer and if, on January 1, 2000, there were not less than one and not more than three motor vehicle dealers of that line-make licensed under this chapter.

322.4 Application for license.

Each person before engaging in this state in the business of selling at retail motor vehicles or representing or advertising that the person is engaged or intends to engage in such business in this state shall file in the office of the department an application for license as a motor vehicle dealer in the state in such form as the department may prescribe, duly verified by oath, which application shall include the following:

1. The name of the applicant and the applicant's principal place of business wherever situated.

a. If the applicant is an individual — the name or style under which the individual intends to engage in such business.

b. If the applicant is a copartnership — the name or style under which such copartnership intends to engage in such business and the name and post-office address of each partner.

c. If the applicant is a corporation — the state of incorporation and the name and post-office address of each officer and director thereof.

2. The make or makes of new motor vehicles, if any, which the applicant will offer for sale to retail in this state.

3. The location of each place of business within this state to be used by the applicant for the conduct of the applicant's business.

4. If the applicant is a party to any contract or agreement or understanding with any manufacturer or distributor of motor vehicles or is about to become a party to such a contract, agreement, or understanding, the applicant shall state the name of each such manufacturer and distributor and the make or makes of new motor vehicles, if any, which are the subject matter of each such contract.

5. A statement of the previous history, record, and association of the applicant and if the applicant is a copartnership, of each partner thereof and if the applicant is a corporation, of each officer and director thereof, which statement shall be sufficient to establish to the department the reputation in business of the applicant.

6. A description of the general plan and method of doing business in this state, which the applicant will follow if the license applied for in such application is granted.

7. Before the issuance of a motor vehicle dealer's license to a dealer engaged in the sale of vehicles for which a certificate of title is required under chapter 321, the applicant shall furnish a surety bond executed by the applicant as principal and executed by a corporate surety company, licensed and qualified to do business within this state, which bond shall run to the state of Iowa, be in the amount of fifty thousand dollars and be conditioned upon the faithful compliance by the applicant as a dealer with all of the statutes of this state regulating or applicable to the business of a dealer in motor vehicles, and indemnifying any person who buys a motor vehicle from the dealer from any loss or damage occasioned by the failure of the dealer to comply with any of the provisions of chapter 321 and this chapter, including, but not limited to, the furnishing of a proper and valid certificate of title to the motor vehicle involved in a transaction. The bond shall also indemnify any motor vehicle purchaser from any loss or damage caused by the failure of the dealer to comply with the odometer requirements in section 321.71, regardless of whether the motor vehicle was purchased directly from the dealer. The bond shall be filed with the department prior to the issuance of a license. The aggregate liability of the surety, however, shall not exceed the amount of the bond.

8. Proof that the applicant has financial liability coverage as defined in section 321.1, except that such coverage shall be in limits of not less than one hundred thousand dollars because of bodily injury to or death of one person in any one accident and, subject to the limit for one person, three hundred thousand dollars because of bodily injury to or death of two or more persons in any one

accident, and fifty thousand dollars because of injury to or destruction of property of others in any one accident.

9. Such other information touching the business of the applicant as the department may require.

For the purpose of investigating the matters contained in such application the department may withhold the granting of a license for a period not exceeding thirty days.

322.5 License fees — temporary permits.

1. The license fee for a motor vehicle dealer is the sum of seventy dollars for a two-year license, one hundred forty dollars for a four-year license, or two hundred ten dollars for a six-year license for the licensee's principal place of business in each city or township and an additional twenty dollars for two years, forty dollars for four years, or sixty dollars for six years for each car lot which is in the city or township in which the principal place of business is located and which is not adjacent to that place, to be paid to the department at the time a license is applied for. In case the application is denied, the department shall refund the amount of the fee to the applicant. For the purposes of this section "adjacent" means that the principal place of business and each additional lot are adjoining parcels of property.

For the purposes of this subsection, parcels of property shall be deemed to be adjacent if the parcels are only separated by an alley, street, or highway that is not a controlled-access facility.

2. A motor vehicle dealer may display new motor vehicles at fairs, vehicle shows and vehicle exhibitions. Motor vehicle dealers, in addition to selling vehicles at their principal place of business and car lots, may, upon receipt of a temporary permit approved by the department, display and offer new motor vehicles for sale and negotiate sales of new motor vehicles only at county fairs, as defined in chapter 174, vehicle shows and vehicle exhibitions which fairs, shows and exhibitions are approved by the department and are held in the county of the motor vehicle dealer's principal place of business. Application for temporary permits shall be made upon forms provided by the department and shall be accompanied by a ten dollar permit fee. Permits shall be issued for periods of not to exceed fourteen days. No sale of a motor vehicle by a motor vehicle dealer shall be completed nor any sales agreement signed at any such fair, show or exhibition. All such sales shall be consummated at the motor vehicle dealer's principal place of business.

3. A motor vehicle dealer may also, upon receipt of a temporary permit approved by the de-

partment, display and sell classic cars only at county fairs, as defined in chapter 174, vehicle shows, and vehicle exhibitions which have been approved by the department for purposes of classic car display and sale and the provisions of section 322.3, subsection 9, shall not be applicable. Application for a temporary permit shall be made on forms provided by the department and shall be accompanied by a ten dollar permit fee. A permit shall be issued for a single period of not to exceed five days. Not more than three permits may be issued to a motor vehicle dealer in any one calendar year. For purposes of this subsection, "classic car" means a motor vehicle fifteen years old or older but less than twenty years old which is primarily of value as a collector's item and not as transportation.

4. A nonresident motor vehicle dealer, who is authorized by a written contract with a manufacturer or distributor of new motor trucks to sell at retail such new motor trucks, may display motor trucks within this state at qualified events approved by the department. The dealer must obtain a temporary permit from the department. An application for a temporary permit shall be made upon a form provided by the department and shall be accompanied by a ten dollar permit fee. Permits shall be issued for a period not to exceed fourteen days. The department shall issue a temporary permit under this subsection only if the qualified event for which the permit is issued meets all of the following conditions:

a. The sale of motor vehicles is not allowed during the qualified event.

b. The qualified event is conducted in a controlled area and is not open to the public generally.

c. The qualified event generally promotes the motor truck industry.

d. The qualified event is conducted within the area of responsibility that is specified in the motor vehicle dealer's contract with the manufacturer or distributor.

A temporary permit shall not be issued under this subsection unless the state in which the nonresident motor vehicle dealer is licensed extends by reciprocity similar privileges to a motor vehicle dealer licensed by this state.

5. A manufacturer, distributor, or dealer may, upon receipt of a temporary permit approved by the department, display new ambulances, new fire vehicles, and new rescue vehicles for educational purposes only at vehicle shows and vehicle exhibitions conducted for the express purpose of educating fire and rescue personnel in new technology and techniques for fire fighting and rescue efforts. Application for temporary permits shall be made upon forms provided by the department and shall be accompanied by a ten-dollar permit fee. Permits shall be issued for a single show or exhibition, not to exceed five consecutive days.

322.6 Denial of license.

The department may deny the application of any person for a license as a motor vehicle dealer and refuse to issue a license to the person as such, if, after reasonable notice and a hearing, the department determines that such applicant:

1. Has made a material false statement in the application for the license; or
2. Has not complied with the provisions of this chapter or any rules or regulations promulgated by the department thereunder except as otherwise provided; or
3. Is of bad business repute; or
4. Has been guilty of a fraudulent act in connection with selling, bartering, or otherwise dealing in motor vehicles; or
5. Is about to engage in any practice in connection with the sale, barter, or otherwise dealing in motor vehicles, which is fraudulent or in violation of the law; or
6. Has entered into contract or agreement or is about to enter into a contract or agreement with any manufacturer or distributor of motor vehicles which is contrary to any provision of this chapter; or
7. Has a contract or agreement with any manufacturer or distributor of motor vehicles or is about to enter into a contract or agreement with any manufacturer or distributor of motor vehicles, who without just, reasonable, and lawful cause therefor, has terminated within ninety days from the date of application a contract or agreement with a motor vehicle dealer in any county of the state in which the applicant proposes to engage in business;
8. Does not have a place of business within the meaning of this chapter unless applicant is a person referred to in subsection 7 of section 322.3;
9. Has violated any of the provisions of sections 321.78, 321.81, 321.92, 321.97, 321.98, 321.99, 321.100, 539.4, 714.1 and 714.16; or
10. If it has been judicially determined that the licensee has intentionally violated any of the provisions of the Iowa consumer credit code, and the licensee continues to make consumer credit sales, consumer loans or consumer leases in violation of the Iowa consumer credit code.

It shall be sufficient cause for refusal or revocation of a license as a motor vehicle dealer in the case of a partnership or corporation if any member of the partnership or any officer or director of the corporation has committed any act or omission which would be cause for refusing or revoking a license to such person as an individual.

In considering whether or not a contract or agreement between a motor vehicle dealer and a

manufacturer or distributor of motor vehicles has been terminated by such manufacturer or distributor without just and reasonable cause therefor, the department shall take into consideration the circumstances existing at the time of such termination, including the amount of business transacted by the motor vehicle dealer pursuant to the contract or agreement and prior to such termination; the investment necessarily made and the obligation necessarily incurred by the motor vehicle dealer in the performance of the dealer's part of such contract; the permanency of such investment; the reasons for such termination by such manufacturer or distributor and the fact that it is injurious to the public welfare for the business of a motor vehicle dealer to be disrupted by termination of such contract without just and reasonable cause.

Whenever the department determines to deny the application of any person for a license as a motor vehicle dealer and refuses to issue a license to the person as such, the department shall enter a final order thereof with its findings relating thereto within thirty days from the date of the hearing thereon.

1. If the department grants the application of any person for a license as a motor vehicle dealer, it shall evidence the granting thereof by a final order and shall issue to the person a license in such form as may be prescribed by the department, which license shall include the following:

- a. The name of the person licensed.
- b. If the applicant is an individual or a copartnership — the name or style under which the licensee will engage in such business and if a copartnership, the name and address of each partner.
- c. The principal place of business of the licensee and location therein of each place wherein the licensee is licensed to carry on such business.
- d. The make or makes of new motor vehicles which the licensee is licensed to sell.

2. The instrument evidencing the license or a certified copy thereof provided by the department shall be kept posted conspicuously in the principal office of the licensee and in each place of business maintained and operated by the applicant pursuant to the license in this state.

3. The license of a motor vehicle dealer is valid for a two-year, four-year, or six-year time period and expires unless revoked or suspended on the last day of the last month of the two-year, four-year, or six-year period, as applicable.

4. The motor vehicle dealer license provided for in this chapter shall be renewed upon application in the form and content prescribed by the department and upon payment of the required fee. A licensee shall have the month of expiration and

the month after the month of expiration to renew the license. A person who fails to renew a license by the end of this time period and desires to hold a license shall file a new license application and pay the required fee.

322.8 Supplemental statements.

Each motor vehicle dealer licensee shall promptly file with the department from time to time during the period of the license, statements supplemental to the statements contained in the application for license whenever any change shall occur in the licensee's personnel or in the licensee's plan or method of doing business or in the location of the place or places of business, so that the statements made in the application do, after such change, properly disclose the licensee's status and method and plan of doing business. The supplemental statement shall be in the form prescribed by the department and shall disclose such information as would have been required by this chapter if such changes had occurred prior to the licensee making application for a license.

A supplemental statement shall include any change in the licensee's financial liability coverage.

If the department finds that the changes set forth in the supplemental statement do not violate the provisions of this chapter and it grants to the licensee the privilege of doing business in the manner set forth therein, it shall upon surrender to it of the license of the motor vehicle dealer, issue to the dealer a new license appropriate to the dealer's original application as modified by such supplemental statement.

The department may revoke or suspend the license of a retail motor vehicle dealer if, after notice and hearing by the department of inspections and appeals, it finds that the licensee has been convicted or has forfeited bail on three charges of:

1. Failing upon the sale or transfer of a vehicle to deliver to the purchaser or transferee of the ve-

322A.2 Discontinuing franchise.

Notwithstanding the terms, provisions or conditions of any agreement or franchise, no franchiser shall terminate or refuse to continue any franchise unless the franchiser has first established, in a hearing held under the provisions of this chapter, that:

1. The franchiser has good cause for termination or noncontinuance, and

2. Upon termination or noncontinuance, another franchise in the same line-make will become effective in the same community, without diminution of the motor vehicle service formerly provided, or that the community cannot be reasonably expected to support such a dealership; provided, however, a franchiser may terminate a franchise for a particular line-make if the franchiser discontinues that line-make and a franchiser may terminate a franchise if the franchisee’s license as a motor vehicle dealer is revoked pursuant to the provisions of chapter 322.

[C71, 73, 75, 77, 79, 81, §322A.2]

322A.3 New franchise.

In the event that a franchiser is permitted to terminate or not continue a franchise, and is further permitted not to enter into a franchise for the line-make in the community, no franchise shall thereafter be entered into for the sale of motor vehicles of that line-make in the community, unless the franchiser has first established, in a hearing held under the provisions of this chapter, that there has been a change of circumstances so that the community at that time can be reasonably expected to support the dealership.

[C71, 73, 75, 77, 79, 81, §322A.3]

322A.4 Additional franchise.

No franchiser shall enter into any franchise for the purpose of establishing an additional motor vehicle dealership in any community in which the same line-make is then represented, unless the franchiser has first established in a hearing held under the provisions of this chapter that there is good cause for such additional motor vehicle dealership under such franchise, and that it is in the public interest.

[C71, 73, 75, 77, 79, 81, §322A.4]

322A.5 Warranties.

If it is determined by the district court that either the franchiser or franchisee, or both, have violated an express or implied warranty, the court shall add to any award or relief granted an additional award for reasonable attorney fees and other necessary expenses for maintaining the litigation.

[C71, 73, 75, 77, 79, 81, §322A.5]

If the application requests permission to establish an additional motor vehicle dealership, a copy of the order shall be sent to all franchisees in the community who are then engaged in the business of offering to sell or selling the same line-make. Copies of orders shall be addressed to the franchisee at the place where the business is conducted. The department of inspections and appeals may also give notice of the franchiser’s application to any other parties deemed interested persons, the notice to be in the form and substance and given in the manner the department of inspections and appeals deems appropriate.

Any person who can show an interest in the application may become a party to the hearing, whether or not that person receives notice. However, a party not receiving notice shall be limited to participation at the hearing on the question of

322A.9 Burden of proof.

Nothing contained in this chapter shall be construed to require or authorize any investigation by the department of any matter before the department under this chapter. Upon hearing, the department of inspections and appeals shall hear the evidence introduced by the parties and shall make its decision solely upon the record so made.

Evidence which would be admissible under the issues in a state or federal court action is admissible in a hearing held by the department of inspections and appeals. The department of inspections and appeals shall apportion all costs between the parties.

322A.11 Condition barring change in franchise.

Notwithstanding the terms, provisions or conditions of any agreement or franchise, the following shall not constitute good cause for the termination or noncontinuation of a franchise, or for entering into a franchise for the establishment of an additional dealership in a community for the same line-make:

1. The sole fact that franchiser desires further penetration of the market.

2. The change of ownership of the franchisee's dealership or the change of executive management of the franchisee's dealership, unless the franchiser, having the burden of proof, proves that such change of ownership or executive management will be substantially detrimental to the distribution of franchiser's motor vehicles in the community.

3. The fact that the franchisee refused to purchase or accept delivery of any motor vehicle or vehicles, parts, accessories or any other commodity or service not ordered by the franchisee.

4. The fact that the dealership moved to another facility and location within the dealership's community which are equal to or superior to the dealership's former location and facility or the fact that the dealership added an additional line-make to the dealership if the dealership's facility is adequate to accommodate the additional line-make.

5. The fact that the dealership does not meet an index or standard established by the franchiser, unless the franchiser proves that the failure of the dealership to meet the index or standard will be substantially detrimental to the distribution of the franchiser's motor vehicles in the community.

322C.3 Prohibited acts.

1. A person shall not engage in this state in the business of selling at retail new travel trailers of any make, or represent or advertise that the person is engaged or intends to engage in such business in this state, unless the person is authorized by a contract in writing between that person and the manufacturer or distributor of that make of new travel trailers to sell the trailers in this state, and unless the department has issued to the person a license as a travel trailer dealer for the same make of travel trailer.

2. A person, other than a licensed travel trailer dealer in new travel trailers, shall not engage in the business of selling at retail used travel trailers or represent or advertise that the person is engaged or intends to engage in such business in this state unless the department has issued to the person a license as a used travel trailer dealer.

3. A person is not required to obtain a license as a travel trailer dealer if the person is disposing of a travel trailer acquired or repossessed, so long as the person is exercising a power or right granted by a lien, title-retention instrument, or security agreement given as security for a loan or a purchase money obligation.

4. A travel trailer dealer shall not enter into a contract, agreement, or understanding, expressed or implied, with a manufacturer or distributor that the dealer will sell, assign, or transfer an agreement or contract arising from the retail installment sale of a travel trailer only to a designated person or class of persons. Any such condition, agreement or understanding between a manufacturer or distributor and a travel trailer dealer is against the public policy of this state and is unlawful and void.

5. 6. A travel trailer dealer shall not make and enter into a security agreement or other contract unless the agreement or contract meets the following requirements:

8. Except under subsection 9 of this section, a person licensed under section 322C.4 shall not, either directly or through an agent, salesperson or employee, engage or represent or advertise that the person is engaged or intends to engage in this state, in the business of buying or selling new or used travel trailers on Sunday.

For purposes of this subsection, “adjacent” means that the principal place of business and each additional lot are adjoining parcels of property. A licensee shall have the month of expiration and the month after the month of expiration to renew the license. A person who fails to renew a license by the end of this time period and desires to hold a license shall file a new license application and pay the required fee. A separate license shall be obtained for each county in which an applicant does business as a travel trailer dealer.

3. A licensee shall file with the department a supplemental statement when there is a change in an item of information required under paragraphs "a" to "e" of subsection 1, within fifteen days after the change. Upon filing a supplemental statement, the licensee shall surrender its license to the department together with a thirty-five-dollar fee. The department shall issue a new license modified to reflect the changes on the supplemental statement.

4. Before the issuance of a travel trailer dealer's license, the applicant shall furnish a surety bond executed by the applicant as principal and executed by a corporate surety company, licensed and qualified to do business within this state,

which bond shall run to the state of Iowa, be in the amount of twenty-five thousand dollars and be conditioned upon the faithful compliance by the applicant as a dealer with all statutes of this state regulating or applicable to a travel trailer dealer, and shall indemnify any person dealing or transacting business with the dealer from loss or damage caused by the failure of the dealer to comply with the provisions of chapter 321 and this chapter, including the furnishing of a proper and valid certificate of title to a travel trailer, and that the bond shall be filed with the department prior to the issuance of the license. 5. “*Net cost*” means the price the dealer paid to the supplier for the equipment, less applicable discounts.

6. “*Net price*” means the current price listed in the supplier’s effective price list or catalog, less any applicable trade or cash discount.

7. “*Supplier*” means the manufacturer, wholesaler, or distributor of equipment sold by a dealer. 90 Acts, ch 1077, §2

322F.2 Notice of termination.

1. A supplier shall terminate a dealership agreement by cancellation, nonrenewal, or a substantial change in competitive circumstances only upon good cause and upon at least ninety days’ prior written notice delivered to the dealer by certified or registered mail. The notice must specify each deficiency constituting good cause for the action. The notice must also state that the dealer has sixty days to cure a specified deficiency. If the deficiency is cured within sixty days from the date that the notice is delivered, the notice is void. However, if the deficiency is based on a dealer’s inadequate representation of a manufacturer’s product relating to sales, as provided in section 322F.1, the notice must state that the dealer has eighteen months to cure the deficiency. If the deficiency based on inadequate representation of a manufacturer’s product relating to sales is cured within eighteen months from the date that notice is delivered, the notice is void.

2. The supplier shall have the right to terminate immediately without notice in the event the action is for good cause as defined in section 322F.1, subsection 4, paragraphs “*b*” through “*m*”. 90 Acts, ch 1077, §3

322F.3 Termination of agreement — repurchase of equipment.

1. If a dealership agreement is terminated by cancellation or nonrenewal, the supplier must repurchase equipment and parts in the dealer’s inventory. The repurchase is subject to the following conditions:

a. The supplier must pay to the dealer or credit the dealer’s account with one hundred percent of the net cost of all unused complete equipment including attachments. The equipment must be in new condition and purchased by the dealership from the supplier within twenty-four months preceding notification by either party of an intent to terminate the contract.

b. The supplier must pay to the dealer or credit the dealer’s account with ninety percent of the net price for repair parts, including superseded parts listed in the price lists or catalogs in use by the supplier on the date of termination. The supplier shall also pay the dealer or credit the dealer’s account with five percent of the net price on the date of termination on all parts returned for the dealer’s handling, packing, and loading of the parts to be returned to the supplier. However, the supplier is not required to pay or credit the five percent if the supplier elects to perform the handling, packing, and loading.

2. Upon payment or allowance of a credit to the dealer’s account as required in this section, the title to the repurchased equipment is transferred to the supplier making the repurchase, and the supplier may take immediate possession of the repurchased equipment.

3. The supplier must make payment or allowance of a credit as required under this section not later than ninety days from the date that the supplier takes possession of the repurchased equipment.

4. This section does not require repurchase from the dealer of repair parts which have a limited storage life or are otherwise subject to deterioration, including but not limited to rubber items, gaskets, and batteries. This section also does not require repurchase from the dealer of parts in broken or damaged packages, single repair parts priced as a set of two or more items, or repair parts which because of their condition are not resalable as new parts without new packaging or reconditioning.

90 Acts, ch 1077, §4

322F.4 Security interests not affected.

This chapter shall not be construed to affect the existence or enforcement of a security interest which any person, including a supplier or financial institution, may have in the inventory of the dealer.

90 Acts, ch 1077, §5; 94 Acts, ch 1121, §2

322F.5 Death or incapacity of dealer.

If a dealer or a majority shareholder of a corporation operating a dealership dies or is incapacitated, the rights under this chapter may be exercised as an option by the heirs at law if the dealer or shareholder died intestate, or by the executor under the terms of the dealer’s or shareholder’s will. If the heirs or the executor do not exercise this option within twelve months from the date of death of the dealer or shareholder, the supplier must repurchase the equipment as if the supplier had terminated the dealership agreement pursuant to section 322F.3. However, this section does not entitle an heir, executor, administrator, legatee, or devisee of a deceased dealer or majority shareholder to continue to operate the dealership without the consent of the supplier.

90 Acts, ch 1077, §6

322F.6 Assignees and successors in interest.

The obligations under this chapter apply to the supplier’s assignee or successor in interest. A successor in interest includes, but is not limited to, a purchaser of assets or stock, a surviving corporation resulting from a merger or liquidation, a receiver, or a trustee of the supplier.

90 Acts, ch 1077, §7

322F.7 Violations.

A supplier violates this chapter if the supplier does any of the following:

1. Requires a dealer to accept delivery of equipment that the dealer has not ordered.
2. Requires a dealer to order or accept delivery of equipment with special features or accessories not included in the base price list of equipment as publicly advertised by the supplier.
3. Requires a dealer to enter into any agreement, whether written or oral, which amends or supplements an existing dealership agreement with the supplier, unless the supplementary or amendatory agreement is imposed on other similarly situated dealers.
4. Requires as a condition of renewal or extension of a dealership agreement that the dealer complete substantial renovation of the dealer's place of business, or acquire new or additional space to serve as the dealer's place of business, unless the supplier provides at least one year's written notice of the condition which states all grounds supporting the condition. The supplier must provide a reasonable time for the dealer to complete the renovation or acquisition.
5. Requires a dealer to refuse to purchase equipment distributed by another supplier.
6. Discriminates in the prices charged for equipment of like grade and quality sold by the supplier to similarly situated dealers. This subsection does not prevent the use of differentials which make only due allowance for costs related to the manufacture, sale, or delivery of equipment, or to methods or quantities of equipment sold or delivered.
7. Takes action terminating, canceling, failing to renew, or substantially changing the competitive circumstances intended by the dealership agreement due to the results of conditions beyond the dealer's control, including drought, flood, labor disputes, or economic recession. This subsection shall not apply if the dealer is in default of a security agreement in effect with the supplier.

90 Acts, ch 1077, §8

322F.8 Supplier liability.

1. A dealer may bring a legal action against a supplier for damages sustained by the dealer as a consequence of the supplier's violation of this chapter. A supplier violating this chapter shall compensate the dealer for damages sustained by the dealer as a consequence of the supplier's violation, together with the actual costs of the action,

including reasonable attorneys' fees. The dealer may be granted injunctive relief against unlawful termination, cancellation, nonrenewal, or a substantial change of competitive circumstances. The remedies in this section are in addition to any other remedies permitted by law.

2. *a.* If the payment or allowance of equipment repurchased pursuant to section 322F.3 is not made as required, the amount due bears interest at the rate of one and one-half percent per month calculated from the date that the dealership agreement was terminated.

b. If upon termination of a dealership agreement by nonrenewal or cancellation, by a dealer or supplier, the supplier fails to make payment or credit the account of the dealer as provided in this chapter, the supplier is liable in a civil action brought by the dealer for one hundred percent of the net costs of the equipment, plus interest as calculated pursuant to paragraph "a", and ninety percent of the net price of repair parts, plus interest as calculated pursuant to paragraph "a".

3. The requirements of this chapter supplement any agreement between a dealer and a supplier. The dealer may elect either to pursue contractual remedies under the dealership agreement or remedies provided under this chapter. An election by the dealer to pursue a remedy provided under this chapter does not bar the dealer from pursuing any other remedy under law or equity, including contractual remedies. This chapter does not affect rights of the supplier to charge back to the dealer's accounts amounts previously paid or credited as a discount to the dealer's purchase of goods, including equipment.

90 Acts, ch 1077, §9

322F.9 Applicability.

A term of a dealership agreement which is inconsistent with the terms of this chapter is void and unenforceable and does not waive any rights which are provided to a person provided by this chapter.

This chapter applies to all dealership agreements in effect which have no expiration date and all other agreements entered into or renewed on or after July 1, 1990. Any agreement in effect on June 30, 1990, which by its own terms will terminate on a subsequent date, shall be governed by the law as it existed prior to July 1, 1990.

322G.3	Duties of manufacturer.	322G.10	Unfair or deceptive trade practice.

322G.1 Legislative intent.

The general assembly recognizes that a motor vehicle is a major consumer acquisition and that a defective motor vehicle undoubtedly creates a hardship for the consumer. The general assembly further recognizes that a duly franchised motor vehicle dealer is an authorized service agent of the manufacturer. It is the intent of the general assembly that a good faith motor vehicle warranty complaint by a consumer be resolved by the manufacturer within a specified period of time. It is further the intent of the general assembly to provide the statutory procedures whereby a consumer may receive a replacement motor vehicle, or a full refund, for a motor vehicle which cannot be brought into conformity with the warranty provided for in this chapter. However, this chapter does not limit the rights or remedies which are otherwise available to a consumer under any other law.

91 Acts, ch 153, §1

322G.2 Definitions.

As used in this chapter, unless the context otherwise requires:

1. “*Collateral charges*” means those additional charges to a consumer wholly incurred as a result of the acquisition of the motor vehicle. f. An amount equal to five percent of the lessor’s actual purchase cost.

8. “*Lemon law rights period*” means the term of the manufacturer’s written warranty, the period ending two years after the date of the original delivery of a motor vehicle to a consumer, or the first twenty-four thousand miles of operation attributable to a consumer, whichever expires first.

9. “*Lessee*” means any consumer who leases a motor vehicle for one year or more pursuant to a written lease agreement which provides that the lessee is responsible for repairs to the motor vehicle.

10. “*Lessee cost*” means the aggregate of the deposit and rental payments previously paid to the lessor for the leased vehicle.

11. “*Lessor*” means a person who holds the title to a motor vehicle leased to a lessee under a written lease agreement or who holds the lessor’s rights under the agreement.

12. “*Manufacturer*” means a person engaged in the business of constructing or assembling new motor vehicles or installing on previously as-

sembled vehicle chassis special bodies or equipment which, when installed, form an integral part of the new motor vehicle, or a person engaged in the business of importing new motor vehicles into the United States for the purpose of selling or distributing the new motor vehicles to new motor vehicle dealers.

13. “*Motor vehicle*” means a self-propelled vehicle purchased or leased in this state, except as provided in section 322G.15, and primarily designed for the transportation of persons or property over public streets and highways, but does not include mopeds, motorcycles, motor homes, or vehicles over ten thousand pounds gross vehicle weight rating.

14. “*Nonconformity*” means a defect, malfunction, or condition in a motor vehicle such that the vehicle fails to conform to the warranty, but does not include a defect, malfunction, or condition that results from an accident, abuse, neglect, modification, or alteration of the motor vehicle by persons other than the manufacturer or its authorized service agent.

15. “*Person*” means person as defined in section 714.16.

16. “*Program*” means an informal dispute settlement procedure established by a manufacturer which mediates and arbitrates motor vehicle warranty disputes arising in this state.

17. “*Purchase price*” means the cash price paid for the motor vehicle appearing in the sales agreement or contract, including any net allowance given for a trade-in vehicle.

18. “*Reasonable offset for use*” means the number of miles attributable to a consumer up to the date of the third attempt to repair the same nonconformity which is the subject of the claim, or the first attempt to repair a nonconformity that is likely to cause death or serious bodily injury, or the twentieth cumulative day when the vehicle is out of service by reason of repair of one or more nonconformities, whichever occurs first, multiplied by the purchase price of the vehicle, or in the event of a leased vehicle, the lessor’s actual lease price plus an amount equal to two percent of the purchase price, and divided by one hundred twenty thousand.

21. “*Warranty*” means any written warranty issued by the manufacturer; or any affirmation of fact or promise made by the manufacturer, excluding statements made by the dealer, in connection with the sale or lease of a motor vehicle to a con-

sumer, which relates to the nature of the material or workmanship and affirms or promises that the material or workmanship is free of defects or will meet a specified level of performance.

91 Acts, ch 153, §2; 95 Acts, ch 45, §6

322G.3 Duties of manufacturer.

1. At the time of the consumer’s purchase or lease of the vehicle, the manufacturer shall provide to the consumer a written statement that explains the consumer’s rights and obligations under this chapter. The written statement shall be prepared by the attorney general and shall contain a telephone number that the consumer can use to obtain information from the attorney general regarding the rights and obligations provided under this chapter.

2. At the time of the consumer’s purchase or lease of the vehicle, the manufacturer shall provide to the consumer the address and phone number for the zone, district, or regional office of the manufacturer for this state where a claim may be filed by the consumer. This information shall be provided to the consumer in a clear and conspicuous manner. Within thirty days of the introduction of a new model year for each make and model of motor vehicle sold in this state, the manufacturer shall notify the attorney general of such introduction. The manufacturer shall also inform the attorney general that a copy of the owner’s manual and applicable written warranties shall be provided upon request and provide information as to where the request should be made. The manufacturer shall inform the attorney general where such a request should be directed and shall provide the copy of the owner’s manual and applicable written warranties within five business days of a request by the attorney general.

3. A manufacturer or the authorized service agent of the manufacturer shall make repairs as necessary to conform the vehicle to the warranty if a motor vehicle does not conform to the warranty and the consumer reports the nonconformity to the manufacturer or authorized service agent during the lemon law rights period. Such repairs shall be made irrespective of whether they can be made prior to the expiration of the lemon law rights period.

4. A manufacturer or the authorized service agent of the manufacturer, shall provide to the consumer, each time the motor vehicle is returned after being examined or repaired under the warranty, a fully itemized, legible statement or repair order indicating any diagnosis made, and all work performed on the motor vehicle including, but not limited to, a general description of the problem reported by the consumer or an identification of the defect or condition, parts and labor, the date and the odometer reading when the motor vehicle was submitted for examination or repair, and the date when the repair or examination was completed.

5. Upon request from the consumer, the manufacturer, or the authorized service agent of the manufacturer, shall provide a copy of either or both of the following:

a. Any report or printout of any diagnostic computer operation compiled by the manufacturer or authorized service agent regarding an inspection or diagnosis of the motor vehicle.

b. A copy of any technical service bulletin issued by the manufacturer regarding the year and model of the motor vehicle as it pertains to any material, feature, component, or the performance of the motor vehicle.

91 Acts, ch 153, §3

322G.4 Nonconformity of motor vehicles.

1. After three attempts have been made to repair the same nonconformity that substantially impairs the motor vehicle, or after one attempt to repair a nonconformity that is likely to cause death or serious bodily injury, the consumer may give written notification, which shall be by certified or registered mail or by overnight service, to the manufacturer of the need to repair the nonconformity in order to allow the manufacturer a final attempt to cure the nonconformity. The manufacturer shall, within ten days after receipt of such notification, notify and provide the consumer with the opportunity to have the vehicle repaired at a reasonably accessible repair facility and after delivery of the vehicle to the designated repair facility by the consumer, the manufacturer shall, within ten days, conform the motor vehicle to the warranty. If the manufacturer fails to notify and provide the consumer with the opportunity to have the vehicle repaired at a reasonably accessible repair facility or perform the repairs within the time periods prescribed in this subsection, the requirement that the manufacturer be given a final attempt to cure the nonconformity does not apply.

After twenty or more cumulative days when the motor vehicle has been out of service by reason of repair of one or more nonconformities, the consumer may give written notification to the manufacturer which shall be by certified or registered mail or by overnight service. Commencing upon the date such notification is received, the manufacturer has ten cumulative days when the vehicle has been out of service by reason of repair of one or more nonconformities to conform the motor vehicle to the warranty.

2. If the manufacturer, or its authorized service agent, has not conformed the motor vehicle to the warranty by repairing or correcting one or more nonconformities that substantially impair the motor vehicle after a reasonable number of attempts, the manufacturer shall, within forty days of receipt of payment by the manufacturer of a reasonable offset for use by the consumer, replace the motor vehicle with a replacement motor vehicle

acceptable to the consumer, or repurchase the motor vehicle from the consumer or lessor and refund to the consumer or lessor the full purchase or lease price, less a reasonable offset for use. The replacement or refund shall include payment of all collateral and reasonably incurred incidental charges. The consumer has an unconditional right to choose a refund rather than a replacement. If the consumer elects to receive a refund, and the refund exceeds the amount of the payment for a reasonable offset for use, the requirement that the consumer pay the reasonable offset for use in advance does not apply, and the manufacturer shall deduct that amount from the refund due to the consumer. If the consumer elects a replacement motor vehicle, the manufacturer shall provide the consumer a substitute motor vehicle to use until such time as the replacement vehicle is delivered to the consumer. At the time of the refund or replacement, the consumer, lienholder, or lessor shall furnish to the manufacturer clear title to and possession of the original motor vehicle.

Refunds shall be made to the consumer and lienholder of record, if any, as their interests appear. If applicable, refunds shall be made to the lessor and lessee as follows: the lessee shall receive the lessee's cost less a reasonable offset for use, and the lessor shall receive the lease price less the aggregate deposit and rental payments previously paid to the lessor for the leased vehicle. If it is determined that the lessee is entitled to a refund pursuant to this chapter, the consumer's lease agreement with the lessor is terminated upon payment of the refund and no penalty for early termination shall be assessed. The department of revenue and finance shall refund to the manufacturer any use tax which the manufacturer refunded to the consumer, lessee, or lessor under this section, if the manufacturer provides to the department of revenue and finance a written request for a refund and evidence that the use tax was paid when the vehicle was purchased and that the manufacturer refunded the use tax to the consumer, lessee, or lessor.

3. It is presumed that a reasonable number of attempts have been undertaken to conform a motor vehicle to the warranty if, during the lemon law rights period, any of the following occur:

a. The same nonconformity that substantially impairs the motor vehicle has been subject to examination or repair at least three times by the manufacturer or its authorized service agent, plus a final attempt by the manufacturer to repair the motor vehicle if undertaken as provided for in subsection 1, and such nonconformity continues to exist.

b. A nonconformity that is likely to cause death or serious bodily injury has been subject to examination or repair at least one time by the manufacturer or its authorized service agent, plus a final attempt by the manufacturer to repair the

motor vehicle if undertaken as provided for in subsection 1, and such nonconformity continues to exist.

c. The motor vehicle has been out of service by reason of repair by the manufacturer, or its authorized service agent, of one or more nonconformities that substantially impair the motor vehicle for a cumulative total of thirty or more days, exclusive of down time for routine maintenance prescribed by the owner's manual. The thirty-day period may be extended by any period of time during which repair services are not available to the consumer because of war, invasion, strike, fire, flood, or natural disaster.

The terms of this subsection shall be extended for a period of up to two years after the date of the original delivery of a motor vehicle to a consumer, or the first twenty-four thousand miles of operation attributable to a consumer, whichever occurs first, if a nonconformity has been reported but has not been cured by the manufacturer, or its authorized service agent, before the expiration of the lemon law rights period.

4. A manufacturer, or its authorized service agent, shall not refuse to examine or repair any nonconformity for the purpose of avoiding liability under this chapter.

91 Acts, ch 153, §4

322G.5 Affirmative defenses.

Any of the following is an affirmative defense to a claim under this chapter:

1. The alleged nonconformity or nonconformities do not substantially impair the motor vehicle.

2. A nonconformity is the result of an accident, abuse, neglect, or unauthorized modification or alteration of the motor vehicle by a person other than the manufacturer or its authorized service agent.

3. The claim by the consumer was not filed in good faith.

4. Any other defense allowed by law which may be raised against the claim.

91 Acts, ch 153, §5

322G.6 Informal dispute settlement procedures — operations and certification.

1. At the time of the consumer's purchase or lease of the vehicle, a manufacturer who has established a program certified pursuant to this section shall, at a minimum, clearly and conspicuously disclose to the consumer in written materials accompanying the vehicle how and where to file a claim with the program.

2. A certified program shall be funded and competently staffed at a level sufficient to ensure fair and expeditious resolution of all disputes, and shall not charge consumers any fee for use of the program. The manufacturer shall take all steps necessary to ensure that a certified program and its staff and decision makers are sufficiently insu-

lated from the manufacturer so that the performance of the staff and the decisions of the decision makers are not influenced by the manufacturer. Such steps, at a minimum, shall ensure that the manufacturer does not make decisions on whether a consumer's dispute proceeds to the decision maker. Staff and decision makers of a certified program shall be trained in the provisions of this chapter and rules adopted under this chapter.

3. A certified program shall allow an oral presentation by a party, or by a party's employee, agent, or representative.

Within five days following the consumer's notification to the certified program of the dispute, the program shall inform each party of their right to make an oral presentation.

Meetings of a certified program to hear and decide disputes shall be open to observers, including either party to the dispute, on reasonable and non-discriminatory terms.

4. A certified program shall render a decision no later than sixty days from the day of the consumer's notification of the dispute, provided that a significant number of decisions are rendered within forty days. For the purposes of this section, notification is deemed to have occurred when a certified program has received the consumer's name and address; the current date and the date of the original delivery of the motor vehicle to a consumer; the year, make, model, and identification number of the motor vehicle; and a description of the nonconformity. If the consumer has not previously notified the manufacturer of the nonconformity, the sixty-day period is extended for an additional seven days.

5. A certified program shall, in rendering decisions, take into account the provisions of this chapter and all legal and equitable factors germane to a fair and just decision. The decision shall disclose to the consumer and the manufacturer the reasons for the decision, and the manufacturer's required actions, if applicable. If the decision is in favor of the consumer, the consumer shall have up to twenty-five days from the date of receipt of the certified program's decision to indicate acceptance of the decision. The decision shall prescribe a reasonable period of time, not to exceed thirty days from the date the consumer notifies the manufacturer of acceptance of the decision, within which the manufacturer must fulfill the terms of the decision. If the manufacturer has had a reasonable number of attempts to conform a motor vehicle to the warranty as set forth in section 322G.4, subsection 3, including a final attempt by the manufacturer to repair the motor vehicle, if undertaken as provided for in section 322G.4, subsection 1, and the consumer is entitled to a replacement vehicle or a refund under section 322G.4, subsection 2, the decision shall be limited to relief as allowed under section 322G.4, subsection 2. In an action brought by a consumer under

this chapter, the decision of a certified program is admissible in evidence.

6. A certified program shall establish written procedures which explain operation of the certified program. Copies of the written procedures shall be made available to any person upon request and shall be sent to the consumer upon notification of the dispute.

7. A certified program shall retain all records for each dispute for at least four years after the final disposition of the dispute. A certified program shall have an independent audit conducted annually to determine whether the manufacturer and its performance and the program and its implementation are in compliance with this chapter. All records for each dispute shall be available for the audit. Such audit, upon completion, shall be forwarded to the attorney general.

8. Any manufacturer licensed to sell motor vehicles in this state may apply to the attorney general for certification of its program. A manufacturer seeking certification of its program in this state shall submit to the attorney general an application for certification on a form prescribed by the attorney general.

9. A program certified in this state or a program established by a manufacturer applying for certification in this state shall submit to the attorney general a copy of each settlement approved by the program or decision made by the decision maker within thirty days after the settlement is reached or the decision is rendered. The decision or settlement shall contain information prescribed by the attorney general.

10. The attorney general shall review the operations of any certified program at least once annually. The attorney general shall prepare annual and periodic reports evaluating the operation of certified programs serving consumers in this state or programs established by motor vehicle manufacturers applying for certification in this state. The reports shall indicate whether certification should be granted, renewed, denied, or revoked.

11. If a manufacturer has established a program which the attorney general has certified as substantially complying with the provisions of and the rules adopted under this chapter, and has informed the consumer how and where to file a claim with the program pursuant to subsection 1, the provisions of section 322G.4, subsection 2, do not apply to any consumer who has not first resorted to the program.

91 Acts, ch 153, §6

322G.7 Informal dispute settlement procedure — certification uniformity.

To facilitate uniform application, interpretation, and enforcement of this section and section 322G.6, and in implementing rules adopted pursuant to section 322G.14, the attorney general

may cooperate with agencies that perform similar functions in any other states that enact these or similar sections. The cooperation authorized by this subsection may include any of the following:

1. Establishing a central depository for copies of all applications and accompanying materials submitted by manufacturers for certification, and all reports prepared, notices issued, and determinations made by the attorney general under section 322G.6.

2. Sharing and exchanging information, documents, and records pertaining to program operations.

3. Sharing personnel to perform joint reviews, surveys, and investigations of program operations.

4. Preparing joint reports evaluating program operations.

5. Granting joint certifications and certification renewals.

6. Issuing joint denials or revocations of certification.

7. Holding a joint administrative hearing.

8. Formulating, in accordance with chapter 17A, the administrative procedure Act, rules or proposed rules on matters such as guidelines, forms, statements of policy, interpretative opinions, and any other information necessary to implement section 322G.6.

91 Acts, ch 153, §7

322G.8 Consumer remedies.

1. If a consumer resorts to a manufacturer's certified program and a decision is not rendered within the time periods allowed in this chapter, or a manufacturer has no certified program and the consumer has notified the manufacturer pursuant to section 322G.4, subsection 1, the consumer may file an action in district court under this chapter within one year from the expiration of the lemon law rights period or an extension of the period pursuant to section 322G.4, subsection 3.

2. If a consumer resorts to a manufacturer's certified program and is not satisfied with the performance of the manufacturer as ordered in the decision, or the manufacturer does not perform as directed by the decision within the time period specified in the decision, the consumer may file an action in district court under this chapter within six months after the date prescribed in the decision by which the manufacturer must fulfill the terms of the decision. If the consumer declines to accept the decision of the manufacturer's certified program, the consumer may appeal the decision pursuant to subsection 4. For purposes of this subsection, "*not satisfied with the performance of the decision*" means, following the consumer's acceptance of the decision, the consumer indicates that the manufacturer failed to comply with the terms of the decision within the time specified in the decision or failed to cure the nonconformity within

the time specified in the decision if further repairs were ordered.

3. In an action under either subsection 1 or 2, the court shall award a consumer who prevails the amount of any pecuniary loss, including relief the consumer is entitled to under section 322G.4, subsection 2, reasonable attorney's fees, and costs. In addition, if the court affirms the decision of the certified program, the court may award any additional amounts allowed under subsection 7.

4. A certified program's decision is final unless appealed by either party. A petition to the district court to appeal a decision must be made within fifty days after receipt of the decision or within twenty-five days from the date the consumer indicates acceptance of the decision to the manufacturer, whichever occurs first. Within seven days after the petition has been filed, the appealing party must send, by certified, registered, or express mail, a copy of the petition to the attorney general. If the attorney general receives no notice of the petition within sixty days after the manufacturer's receipt of a decision in favor of the consumer, and the consumer has indicated acceptance of the decision within the twenty-five days of receipt of the decision, but the manufacturer has neither complied with, nor petitioned to appeal the decision, the attorney general may apply to the court to impose a fine up to one thousand dollars per day against the manufacturer until the amount stands at twice the purchase price of the motor vehicle, unless the manufacturer provides clear and convincing evidence that the delay or failure was beyond its control or was acceptable to the consumer as evidenced by a written statement signed by the consumer. If the manufacturer fails to provide such evidence or fails to pay the fine, the attorney general shall initiate proceedings against the manufacturer for failure to pay the fine. The proceeds from the fine imposed shall be placed in the attorney general's motor vehicle fraud and odometer law enforcement fund for implementation and enforcement of this chapter.

5. If the manufacturer fails to comply with a decision which has been timely accepted by the consumer or fails to file a timely petition for appeal, the court shall affirm the board's decision upon application by the consumer.

6. An appeal of a decision by a certified program to the court by a consumer or a manufacturer shall be tried de novo, and may be based upon stipulated facts. In a written petition to appeal a decision by the board, the appealing party must state the action requested and the grounds relied upon for appeal.

7. If a decision of the certified program in favor of the consumer is affirmed or upheld by the court, recovery by the consumer shall include the pecuniary value of the award, including relief the consumer is entitled to under section 322G.4, subsection 2, attorney's fees incurred in obtaining confirmation of the award, and all costs and continu-

ing damages in an amount of twenty-five dollars per day for all days beyond the twenty-five-day period following the manufacturer's receipt of the consumer's acceptance of the certified program's decision. If a court determines that a manufacturer filed a petition for appeal to be tried de novo in bad faith or brought such an appeal solely for the purpose of harassment, the court shall double, and may triple, the amount of the total award, after consideration of all circumstances.

8. Appellate review of a court decision in favor of the consumer may be conditioned upon payment by the manufacturer of the consumer's attorney's fees and giving security for costs and expenses resulting from the review period.

9. This chapter does not prohibit a consumer from pursuing other rights or remedies under any other law.

91 Acts, ch 153, §8

322G.9 Compliance and disciplinary action.

The attorney general may enforce and ensure compliance with the provisions of this chapter and rules adopted pursuant to section 322G.14, may issue subpoenas requiring the attendance of witnesses and the production of evidence, and may petition any court having jurisdiction to compel compliance with the subpoenas. The attorney general may levy and collect an administrative fine in an amount not to exceed one thousand dollars for each violation against any manufacturer found to be in violation of this chapter or rules adopted pursuant to section 322G.14. A manufacturer may request a hearing pursuant to chapter 17A, the administrative procedure Act, if the manufacturer contests the fine levied against it. The proceeds from any fine levied and collected pursuant to this section shall be placed in the attorney general's motor vehicle fraud and odometer law enforcement fund for implementation and enforcement of this chapter.

322G.10 Unfair or deceptive trade practice.

A violation by a manufacturer of this chapter is an unfair or deceptive trade practice in violation of section 714.16, subsection 2, paragraph "a".

91 Acts, ch 153, §10

322G.11 Dealer liability.

This chapter, except for the requirements of section 322G.12, does not impose any liability on a franchised motor vehicle dealer or create a cause of action by a consumer against a dealer. A dealer shall not be made a party defendant in any action involving or relating to this chapter, except as provided in this section. The manufacturer shall not charge back or require reimbursement by the dealer for any costs, including but not limited to any refunds or vehicle replacements, incurred by

the manufacturer pursuant to this chapter, in the absence of a finding by a court that the related repairs had been carried out by the dealer in a manner substantially inconsistent with the manufacturer's published instructions. A manufacturer who is found by a court to have improperly charged back a dealer because of a violation of this section is liable to the injured dealer for full reimbursement plus reasonable costs and any attorney's fees.

91 Acts, ch 153, §11; 95 Acts, ch 45, §7

322G.12 Resale of returned vehicles.

A manufacturer who accepts the return of a motor vehicle pursuant to a settlement, determination, or decision under this chapter shall notify the state department of transportation, report the vehicle identification number of that motor vehicle within ten days after the acceptance, and obtain a new certificate of title for the vehicle in the manufacturer's name pursuant to section 321.46. In obtaining a new certificate of title, the manufacturer shall title the vehicle in the county of the transferor's residence and shall be exempt from the registration fee requirements of section 321.46. For purposes of chapter 423, a manufacturer's acceptance of the return of a motor vehicle, as described in this section, shall not be considered "use", as defined in section 423.1. The new certificate of title, and all subsequent registration receipts and certificates of title issued for the motor vehicle, shall contain a designation indicating that the motor vehicle was returned to the manufacturer pursuant to this chapter or a similar law of another state. The state department of transportation shall determine the manner in which the designation is to be indicated on registration receipts and certificates of title and may determine that a "REBUILT" or "SALVAGE" designation supersedes the designation required by this paragraph and include the "REBUILT" or "SALVAGE" designation on the registration receipt and certificate of title in lieu of the designation required by this paragraph.

A person shall not knowingly lease, sell, either at wholesale or retail, or transfer a title to a motor vehicle returned by reason of a settlement, determination, or decision pursuant to this chapter or a similar law of another state unless the nature of the nonconformity is clearly and conspicuously disclosed to the prospective transferee, lessee, or buyer. The attorney general shall prescribe by rule

the form, content, and procedure pertaining to such a disclosure statement, recognizing the need of manufacturers to implement a uniform disclosure form. The manufacturer shall make a reasonable effort to ensure that such disclosure is made to the first subsequent retail buyer or lessee. For purposes of this section, "settlement" includes an agreement entered into between the manufacturer and the consumer that occurs after the thirtieth day following the manufacturer's receipt of the consumer's written notification pursuant to section 322G.4.

323.2 Discontinuing distributor franchise.

Notwithstanding the terms, provisions or conditions of any distributor franchise, a franchiser shall not terminate or refuse to renew a distributor franchise except as provided in this chapter. A franchiser shall not terminate or refuse to renew a distributor franchise unless the franchiser gives to the distributor thirty days' written notice of franchiser's intent to terminate or not renew. Notice shall be given by restricted certified mail, as defined in section 618.15. If a distributor, within thirty days after the date of delivery of the notice

from the franchiser, applies to the department for a hearing under this chapter, the distributor franchise shall remain in effect pending a final order by the department. The application filed by the distributor shall state, under oath, that the distributor has not filed a petition in bankruptcy or been declared bankrupt within six months preceding the filing of the application, that the franchiser has not withdrawn entirely from the sale for resale of motor fuel and special fuel in this state, that there are no past due sums owing by the distributor to the franchiser, and that the distributor has not consented in writing to the termination or nonrenewal of the distributor franchise.

[C75, 77, 79, 81, §323.2]
95 Acts, ch 155, §2

323.3 Discontinuing dealer franchise.

Notwithstanding the terms, provisions, or conditions of any dealer franchise, a distributor or franchiser shall not terminate or refuse to renew a dealer franchise except as provided in this chapter. A distributor or franchiser shall not terminate or refuse to renew a dealer franchise unless the distributor or franchiser gives to the dealer thirty days' written notice of distributor's or franchiser's intent to terminate or not renew. Notice shall be given by restricted certified mail, as defined in section 618.15. If a dealer, within thirty days after the date of delivery of the notice from the distributor or franchiser, applies to the department for a hearing under this chapter, the dealer franchise shall remain in effect pending a final order by the department. The application filed by the dealer shall state, under oath, that the dealer's license, issued pursuant to chapter 214, for pumps and meters located on the retail premises occupied by the dealer has not been canceled, that the dealer has not filed a petition in bankruptcy or been declared bankrupt within six months preceding the filing of the application, that the franchiser or distributor has not withdrawn entirely from the sale for resale of motor fuel and special fuel in this state, that there are no past due sums owing by the dealer to the franchiser or distributor, and that the dealer has not consented in writing to the termination or nonrenewal of the dealer franchise.

[C75, 77, 79, 81, §323.3]

323.4 Continuance.

The department may continue the date of hearing for a period of thirty days, and may upon application, but not ex parte, continue the date of hearing for an additional period of thirty days.

[C75, 77, 79, 81, §323.4]

323.5 Burden of proof.

Upon hearing, if the department finds the statements contained in the application are true, then the franchiser or distributor that intends to terminate or not renew the distributor franchise or deal-

er franchise shall have the burden of proof to establish that the franchiser or distributor, as the case may be, has good cause for terminating or not renewing the franchise.

If the department finds the statements contained in the application are not true, the application shall be denied. Nothing contained in this chapter shall be construed to require or authorize any investigation by the department of any matter before the department under this chapter. Upon hearing the department shall hear the evidence introduced by the parties and shall make its decision solely upon the record made. If the department denies the termination or nonrenewal of the franchise, it may make such further order as may be necessary to require compliance with the terms of the franchise and to prevent retaliatory action.

[C75, 77, 79, 81, §323.5]

323.6 Conditions barring change in distributor franchise.

Notwithstanding the terms, provisions or conditions of a distributor franchise, the following shall not constitute good cause for the termination or refusal to renew a distributor franchise:

1. The sole fact that the franchiser desires further penetration of the market.
2. The change of executive management of the distributor, unless the franchiser, having the burden of proof, proves that the change of executive management will be substantially detrimental to the distribution of the franchiser's motor fuels or special fuels in the area served by the distributor.
3. The sale or change of ownership of the distributor's business.

[C75, 77, 79, 81, §323.6]
95 Acts, ch 155, §3

323.7 Department's guidelines.

In determining whether good cause has been established for terminating or not renewing a distributor franchise or dealer franchise, the department shall take into consideration the existing circumstances, including, but not limited to:

1. Amount of business transacted by the distributor or dealer.
2. Investments made and obligations incurred by the distributor or dealer in performance of the franchise.
3. Permanency of the investment.
4. Whether it is injurious to the public welfare for the business of the distributor or dealer to be disrupted.
5. Ability of the distributor or dealer to timely pay financial obligations.
6. Whether the distributor or dealer has adequate equipment and qualified personnel to reasonably provide for the distribution and marketing of the motor fuel or special fuel sold to the distributor or dealer.
7. Except as provided in section 323.6, failure of the distributor to substantially comply with

those requirements of the distributor franchise that are determined by the department to be reasonable and material.

8. Failure of the dealer to substantially comply with those requirements of the dealer franchise that are determined by the department to be reasonable and material.

[C75, 77, 79, 81, §323.7]

323.8 Compulsory attendance at hearings.

The department may issue subpoenas, administer oaths, compel the attendance of witnesses and production of books, papers, documents and other evidence. The department may apply to the district court of the county in which the hearing is to be held for a court order to enforce actions taken under this section.

[C75, 77, 79, 81, §323.8]

323.9 Violations.

Any person violating the provisions of this chapter is guilty of a simple misdemeanor.

[C75, 77, 79, 81, §323.9]

323.10 Intent.

The provisions of this chapter are enacted in the exercise of the police powers of this state for the purpose of protecting the health, safety and general welfare of the people of this state and because methods and practices in the marketing and distribution of motor fuel and special fuel have impaired the availability to the public of the fuel and the services supplied by distributors and dealers who have entered into a franchise agreement with their respective suppliers.

[C75, 77, 79, 81, §323.10]

323.11 Hearing.

Upon receiving an application, the department shall order a hearing. The hearing shall be held within thirty days of receipt of the application and in accordance with the Iowa administrative procedure Act. The department shall notify the franchiser or distributor of the time and place of the hearing. The department may also give notice of the application to any other party the department deems an interested person. The notice shall be in the form and substance and given in the manner determined by the department.

Any person who can show an interest in the application may become a party to the hearing, whether or not the person receives notice; but a party not receiving notice shall be limited to participation at the hearing on the question of the public interest in the termination or continuation of the franchise.

[C75, 77, 79, 81, §323.11]

323.12 Appeal.

Appeal may be taken from the final order of the department by either the distributor, franchiser or dealer, to the district court of the county where the distributor or dealer either resides or maintains the principal place of business, within thirty days from the time the decision is filed with the department, by giving at least ten days' notice to the department to be served on its chairperson or secretary in the same manner as original notices are now served, and by filing with the clerk of court a bond for costs in the sum of not less than five hundred dollars. Appeal shall be taken in accordance with the provisions of the Iowa administrative procedure Act.

[C75, 77, 79, 81, §323.12]

323.13 Waiver.

Any provision of a dealer franchise or distributor franchise which is an attempted waiver of the benefits of this chapter shall be void and unenforceable.

[C75, 77, 79, 81, §323.13]

323.14 Death of franchisee — successor — penalty.

1. It is unlawful to include in any distributor franchise or dealer franchise agreement a term which provides for the termination of the franchise by the franchiser upon the death of the franchisee if the franchisee, prior to the franchisee's death, designates a successor-in-interest in a form prescribed by and delivered to the franchiser. For the purposes of this section, "successor-in-interest" is restricted to either a surviving spouse or adult child of the franchisee who, at the time of the franchisee's death, is able to meet reasonable qualifications then being required of distributors or dealers by the franchiser.

2. The successor-in-interest designated as provided in subsection 1 shall have twenty-one days after the death of the franchisee to give written notice of an election to assume and operate the franchise. The notification shall contain such information regarding business experience and credit worthiness as is reasonably required by the franchiser. The successor-in-interest must offer to assume and commence operation of the franchise within ten days after the franchiser approves the assumption.

3. The franchise available to the successor-in-interest pursuant to this section shall be the same as that which existed in the name of the deceased franchisee at the time of the franchisee's death.

4. A franchisee may designate a primary and one alternate successor-in-interest. The alternate, if one is designated, has no rights under this section in the event of an exercise of rights by the primary successor-in-interest. If an alternate desires to assume and operate the franchise in the event the primary successor-in-interest fails to do

so, the alternate must give notice of such election and otherwise comply with subsection 2.

5. Unless otherwise specifically provided in this section, actions to be performed by the franchiser or by the successor-in-interest under this section shall be performed within a reasonable time.

6. Following the death of a franchisee, and prior to the operation of the franchise by the successor-in-interest as provided in this section, the executor or administrator of the estate of the deceased franchisee may operate the franchise.

7. If the successor-in-interest assumes the franchise, the successor-in-interest shall account to the heirs or estate of the deceased franchisee for

the value of personal property of the franchisee located at or related to the franchise.

8. If the successor-in-interest does not assume the franchise, the franchiser shall account to the heirs or the estate of the deceased franchisee for the value of branded products purchased directly from the franchiser.

9. A franchisee or successor-in-interest may commence a civil action to compel compliance by a franchiser with this section, or to obtain damages caused by a failure to comply with this section, or both, within two years after the date the franchiser fails to comply with the requirements of this section.

323A.1 Definitions.

For purposes of this chapter, unless the context otherwise requires:

1. *“Franchise”* means a contract between a refiner and a distributor, a refiner and a retailer, a distributor and another distributor, or a distributor and a retailer under which a refiner or distributor authorizes a retailer or distributor to use, in connection with the sale, consignment, or distribution of motor fuel, a trademark which is owned or controlled by the refiner or by a refiner which supplies motor fuel to the distributor which authorizes the use. *“Franchise”* includes any contract under which a retailer or distributor is permitted to occupy leased premises, which premises are to be used in connection with the sale, consignment, or distribution of motor fuel under a trademark which is owned or controlled by a refiner or a refiner which supplies motor fuel to the distributor and permits the occupancy of the leased premises.

2. *“Franchisor”* means a refiner or distributor who authorizes or permits, under a franchise, a retailer or distributor to use a trademark in connection with the sale, consignment, or distribution of motor fuel.

3. *“Franchisee”* means a retailer or distributor who is authorized or permitted, under a franchise, to use a trademark in connection with the sale, consignment, or distribution of motor fuel.

4. *“Motor fuel”* means gasoline or diesel fuel of a type distributed for use as a fuel in self-propelled

vehicles designed primarily for use on public streets, roads, and highways.

[C81, §323A.1]

323A.2 Purchase from other source.

1. The orderly flow of an adequate supply of motor fuel is declared to be essential to the economy and to the welfare of the people of this state. Therefore, in the public interest and notwithstanding the terms, provisions, or conditions of any franchise, a franchisee unable to obtain motor fuel from the franchisor may purchase the fuel from another available source, subject to subsections 2 to 5 and provided the franchisee has done all of the following:

a. At least forty-eight hours prior to entering into an agreement to purchase motor fuel from another source, the franchisee has requested delivery of motor fuel from the franchisor and the requested motor fuel has not been delivered and the franchisor has given the franchisee notice that the franchisor is unable to provide the requested motor fuel, or prior to entering into an agreement the franchisor has stated to the franchisee that the requested motor fuel will not be delivered. The request to the franchisor for delivery shall be for a type of fuel normally provided by the franchisor to the franchisee and for a quantity of fuel not exceeding the average amount sold by the franchisee in one week, based upon average weekly sales in the three months preceding the request, except

that this provision shall not restrict a franchisee from purchasing ethanol blended gasoline from a source other than the franchisor or limit the quantity to be purchased when the franchisor does not normally supply the franchisee with ethanol blended gasoline.

b. The franchisee has requested and has been denied delivery of motor fuel sold or distributed under the trademark named in the franchise from a person other than franchisor.

c. The director of the department of natural resources determines that the franchisee has demonstrated that a special hardship exists in the community served by the franchisee relating to the public health, safety and welfare, as specified under the rules of the department of natural resources.

2. The quantity of motor fuel requested or purchased from another source including the source listed in subsection 1, paragraph "b", shall not exceed the quantity requested from the franchisor.

3. At the time a franchisee enters into an agreement to purchase motor fuel from a source other than the franchisor, the franchisee shall inform the franchisor by the quickest available means.

4. If the franchisee sells motor fuel supplied from a source other than the franchisor, the franchisee shall prominently post a sign disclosing this fact to the public on each motor fuel pump used for dispensing the motor fuel. The size of the sign shall not be less than eight inches by ten inches and the letters on the sign shall be at least three inches in height.

5. A franchisee who sells motor fuel supplied from a source other than the franchisor shall also fully indemnify the franchisor against any claims asserted by a user on which the claimant prevails and in which the court determines that motor fuel not acquired from the franchisor was the proximate cause of the injury.

Purchases of motor fuel in accordance with this section are not good cause for termination of a franchise.

89 Acts, ch 83, §47; 91 Acts, ch 87, §2

324A.2 Technical assistance.

The department shall, at the request of a state agency, political subdivision, or public transit system or organization affected by this chapter, provide to them the following technical transportation assistance:

Public, private, and private nonprofit organizations applying for or receiving federal, state or local aid for providing transit services shall provide a copy of their fiscal year operating budget annually prior to June 1 depicting funds used for public transit programs and such other information as the department may require prior to receiving any federal or state funds or any aid from a political subdivision of the state. The operating budget shall list all of the funding sources of the organization along with the listing of funds expended by that organization during the preceding fiscal year. The department, in co-operation with the regional planning agencies as the responsible agency for annual updating the regional transit development programs, shall compile this information annually. Any state agency or organization administering funds for transit services is required to submit all funding requests through the regional and state clearinghouse and the state department of transportation. Any organization, state agency, political subdivision, and public transit system, except public school transportation, receiving federal, state or local aid to provide or contract for public transit services or transportation to the general public and specific client groups, must coordinate and consolidate funding and resulting service, to the maximum extent possible, with the urban or regional transit system.

2. Upon request, the department shall provide assistance to political subdivisions, state agencies, and organizations affected by this chapter for federal aid applications for urban and rural transit system program aid. The department, in co-operation with the regional planning agencies, shall maintain current information reflecting the amount of federal, state and local aid received by the public and private nonprofit organizations providing public transit services and the purpose for which the aid is received. The department shall annually prepare a report to be submitted to the general assembly, the department of management, and to the governor, prior to February 1 of each year, stating the receipts and disbursements made during the preceding fiscal year and the ade-

- f. Coordination of planning for transportation services at the urban and regional level by all agencies or organizations receiving public funds that are purchasing or providing transportation services.
- g. Management of equipment and facilities purchased with public funds so that efficient and routine maintenance and replacement is accomplished.
- h. Training of transit management, drivers and maintenance personnel to provide safe, efficient, and economical transportation services.

Eligibility to receive or expend federal, state or local funds for transportation services by all agencies or organizations purchasing or providing these services shall be contingent upon compliance with these criteria as determined by the department, except that services provided by or purchased by the department of human services, which include transportation, shall be subject to section 324A.5, subsection 3, paragraph "c".

3. The department shall receive and distribute federal aid to public transit systems unless precluded by federal statute; however, the department shall not retain or redirect any portion of funds received by the department for a particular public transit system except that the department may redirect unused funds after a project is completed in order to prevent the lapse of funds. The notice shall also provide for a period of thirty days during which compliance with section 324A.4 can be accomplished without penalty or sanction.

3. If noncompliant activities continue after the period of thirty days, the department shall, in cooperation with the attorney general and the director of revenue and finance, initiate the following actions:

a. If the activities that are not in compliance with section 324A.4 are funded with state or federal funds which are administered by the state and can be used by agencies or organizations that are in compliance with section 324A.4, then upon notice by the department, the director of revenue and finance shall not permit the expenditure of ten percent of the funds during the fiscal year immediately following the notice, an additional twenty percent of funds during the following year, an additional thirty percent during the third year, and the remaining funds in the fourth year that the activities remain in noncompliance. Any funds retained by the director of revenue and finance shall be returned to the originating state agency for redistribution to agencies and organizations eligible to receive the funds for transportation purposes.

b. If the activities that are not in compliance with section 324A.4 are funded with state, federal or local funds which are not administered by the state or cannot be used by agencies and organizations that are in compliance with section 324A.4, then upon notice by the department, the attorney general shall file an action to enjoin agencies or organizations from expending funds for transportation purposes until and unless compliance with section 324A.4 is achieved. If federal funds are involved in such cases, then the attorney general shall notify the responsible federal agency of the actions and request its cooperation.

c. The department of human services shall not purchase services from any provider which has been denied a certificate of compliance with this chapter from the department.

d. The department of inspections and appeals shall establish an appeal process pursuant to chapters 10A and 17A which allows those agencies or organizations determined to not be in compliance with this chapter an opportunity for a timely hearing before the department of inspections and appeals. A decision by the department of inspections and appeals is subject to review by the state department of transportation. The state department of transportation's decision is the final agency action. Judicial review of the action of the department may be sought in accordance with chapter 17A.

e. The department shall, in accordance with chapter 17A, adopt and enforce rules setting minimum standards for determination of compliance and certification. The rules and standards required by this section shall be formulated in consultation with all affected state agencies, local government units with professional and consumer groups affected, and shall be designed to further the accomplishment of the purposes of this chapter.

A person who owned a certificate or permit, or both, that was a valid certificate or permit, or both, on December 31, 1997, is deemed to have a valid certificate or permit, unless the person's certificate or permit has been suspended, revoked, or transferred to another person as provided by law. A person deemed to have a valid certificate or permit under this subsection is not required to file an application pursuant to section 325A.3 to continue providing intrastate transportation, but rather, upon such person's compliance with the requirements of section 325A.3, subsection 2, the person is deemed to have a valid certificate or permit in force as required pursuant to section 325A.3, subsection 1, authorizing the person to transport property except household goods in intrastate commerce on the public highways, unless the person's certificate or permit is suspended, revoked, or transferred to another person as provided by law. Within a reasonable time after January 1, 1998, the department shall issue certificates or permits to all persons who are deemed to be qualified under this subsection.

REGISTRATION IDENTIFICATION

326.1 Policy.

It is the policy of this state to promote and encourage the fullest possible use of its highway system by authorizing the negotiation and execution of motor vehicle reciprocal or proportional registration agreements, arrangements and declarations with other jurisdictions with respect to vehicles registered in this and such other jurisdictions, thus contributing to the economic and social development and growth of this state.

[C71, 73, 75, 77, 79, 81, §326.1]

326.2 Definitions.

As used in this chapter, unless the context otherwise requires:

1. “*Base state*” with respect to commercial vehicles subject to proportional registration means the state from which the vehicle is most frequently dispatched, garaged, serviced, maintained, operated, or otherwise controlled, or also in the case of a fleet vehicle the state to which allocated for registration under statutory requirements.

2. “*Broker*” for purposes of section 326.23 means any person who, as principal or agent, sells or offers for sale any transportation, or negotiates for, or claims for solicitation, advertisement, or otherwise to be one who sells, provides, furnishes, contracts, or arranges for such transportation. The term “*broker*” shall not include motor carriers and employees or agents thereof.

3. “*Commercial vehicle*” means any vehicle which is operated in interstate commerce or combined intrastate and interstate commerce and used for the transportation of persons for hire,

compensation or profit, or designed or used primarily for the transportation of property.

4. “*Compact miles*” means the total miles a fleet operates in this state and in all states with whom Iowa has an apportionment registration agreement and with whom the fleet owner has or will register vehicles on an apportioned registration basis.

5. “*Department*” means the department of transportation.

6. “*Director*” means the director of transportation or the director’s designee.

7. “*Fleet*” means one or more commercial vehicles.

8. “*In-state miles*” means the mileage generated within this state by commercial vehicles in the fleet subject to proportional registration; except that, with respect to fleet vehicles based in Iowa, “*in-state miles*” shall also include all mileage traveled by such vehicles in states with whom Iowa has a proportional registration agreement but with whom the owner elects not to apportion registration fees and mileage traveled by such vehicles under reciprocity obtained by virtue of Iowa registration.

9. “*Jurisdiction*” means any county, state, territory, federal district, foreign country, or political subdivision thereof.

10. “*Preceding year*” means a period of twelve consecutive months fixed by the department, which period shall be within the sixteen months immediately preceding the commencement of the registration year for which proportional registration is sought.

11. “*Proportional registration*” or “*proration*” means division and distribution of registration

fees imposed on commercial vehicles between two or more jurisdictions in accordance with a formula based on miles traveled by such vehicles.

12. “*Total fleet miles*” means the mileage generated by any truck or truck tractor which was part of a prorated fleet during the fiscal year period of September 1 through August 31 preceding the year for which proportional registration is sought. Total fleet mileage to be reported for any truck or truck tractor which was deleted from or added to the prorated fleet during the fiscal year reporting period shall be only those miles generated by such truck or truck tractor while the vehicle was part of the prorated fleet during such fiscal year reporting period. “*Total fleet miles*” in relation to trailers or semitrailers which are part of a prorated fleet means the mileage generated by the power units of the fleet; provided, however, that if such trailers or semitrailers were towed during the fiscal year reporting period by the power units which collectively were proportionally registered by the same fleet owner during the fiscal year reporting period as part of two or more fleets, “*total fleet miles*” in relation to such trailers or semitrailers means the total mileage generated by the several power fleets during the fiscal year reporting period even though some of the power units did not actually travel a portion of their total miles in contracting states where the proportional registration of such trailers or semitrailers is sought.

13. “*Trip*” for purposes of section 326.23 means:

a. A one-way movement from one point originating outside this state and destined to another point outside this state.

b. A round trip movement between two points within this state.

c. A round trip movement originating in this state or destined for a point within this state.

14. The words “*vehicle*,” “*motor vehicle*,” “*motor truck*,” “*truck tractor*,” “*road tractor*,” “*trailer*,” “*semitrailer*,” “*trailer coach*,” “*combination*” or “*combination of vehicles*,” “*gross weight*,” “*person*,” “*owner*,” “*nonresident*,” “*street*” or “*highway*,” and “*auxiliary axle*” shall have the meanings ascribed in section 321.1.

[C71, 73, 75, 77, 79, 81, §326.2]

326.3 and 326.4 Repealed by 74 Acts, ch 1180, § 197.

326.5 Reciprocity agreements.

The director may enter into reciprocity agreements with the authorized representatives of any jurisdiction, exempting nonresidents of this state using the highways of this state from the registration requirements of chapter 321 and payment of fees to this state, with conditions, restrictions, and privileges the director deems advisable.

[S13, §1571-m16; C24, 27, 31, 35, §4866; C39, §5003.04; C46, 50, 54, 58, §321.56; C62, 66, §326.2; C71, 73, 75, 77, 79, 81, §326.5]

326.6 Proportional registration of fleets.

The department may, pursuant to section 326.5, provide for proportional registration between this state and other jurisdictions of fleets of commercial vehicles owned by residents or nonresidents engaged in interstate commerce or simultaneously engaged in interstate and intrastate commerce.

1. The owners of fleets of commercial vehicles subject to proportional registration under apportionment agreements negotiated by the department shall file a sworn statement with the department which shall contain the following information and such other information as the department may require:

a. Total fleet miles for the preceding year.

b. In-state miles for the preceding year.

c. A description and identification of each vehicle which is part of the fleet for which proportional registration is sought.

2. The dollar amount of registration fees due this state for each fleet subject to proportional registration shall be computed as follows:

a. Divide total fleet miles during the preceding year into in-state miles during the preceding year to determine the percentage of total fleet mileage allocable to this state.

b. Determine the sum total amount necessary to register each and every vehicle in the fleet based on the annual registration fees prescribed in chapter 321.

c. Multiply the percentage obtained under paragraph “*a*” of this subsection by the sum total obtained under paragraph “*b*” of this subsection.

d. The product so obtained under paragraph “*c*” of this subsection shall be the amount payable by the owner for proportional registration of the fleet for the registration year. Payment of registration fees shall be made in accordance with section 321.134, subsection 2, or a fleet owner on a renewal registration may pay a fee equal to one-half of the applicable fee and post a surety bond, certificate of deposit, or letter of credit, equal to one-half of the applicable fee at the time of the first installment. Payment of the first installment entitles an owner to the issuance of full-year credentials. The second installment shall be paid by July 15. If the second installment is not paid by July 15, the department shall file claim against the security for payment of fees and penalties due and the owner shall not be entitled to elect the installment payment option for the following year. Excess surety moneys received shall be refunded minus a fifty dollar administration fee.

3. The department may negotiate apportionment agreements on either a vehicle or a dollar basis. In apportionment on a vehicle basis, a sufficient number of vehicles shall be registered to pro-

duce total fee payments not less than an amount obtained by applying the proportion of in-state fleet miles to total fleet miles to the fees which would otherwise be required for total fleet registration in this state.

326.7 Agreements on basis of compact miles.

Notwithstanding any other law to the contrary, and as an alternative to the procedure set out in section 326.6, the department may enter into agreements providing for proportional registration between this state and other jurisdictions of fleets of commercial vehicles owned by residents or nonresidents engaged in interstate commerce or simultaneously engaged in interstate and intrastate commerce on the basis of compact miles.

The Iowa prorate percent will be computed by dividing the Iowa miles by the compact miles as defined in section 326.2. If the composite percentage paid by the Iowa resident to each of the states a party to an apportioned registration agreement with Iowa for apportioned registrations is less than one hundred percent, the department will redetermine the registration fees due the state of Iowa to bring the composite percent to one hundred percent. If the composite percent paid by the nonresident fleet operator to each of the states a party to an apportioned registration agreement with Iowa for apportioned registration fees on vehicles base plated in Iowa is less than one hundred percent, the department will redetermine the registration fees due the state of Iowa to bring the composite percent to one hundred percent on such Iowa base plated vehicles.

[S13, §1571-m16; C24, 27, 31, 35, §4866; C39, §5003.04; C46, 50, 54, 58, §321.56; C62, 66, §326.2; C71, 73, 75, 77, 79, 81, §326.7]

326.8 Estimating mileage.

When in-state and total fleet or compact mileage cannot be computed for a particular fleet on the basis of actual operation during the preceding year, estimated mileage shall be accepted for the fleet's first prorate application. Estimated mileage shall be based on the proposed operation of the fleet during the entire year for which proportional registration is sought. The applicant shall substantiate the estimate by submitting details of the applicant's proposed operation including, but not limited to, type of operation, its location, routes, and frequency of operation.

[C71, 73, 75, 77, 79, 81, §326.8]

326.9 Individual vehicles not to be proportionally registered.

The registrations of individual vehicles shall not be subject to proportional registration with

this state. The same fleet, consisting of the same vehicles in each state, shall be proportionally registered in each state with which the fleet is prorated; and every one of the vehicles shall be included in the fleet in each state. Failure to comply with these requirements shall constitute grounds for cancellation of proration privileges.

[C71, 73, 75, 77, 79, 81, §326.9]

326.10 Minimum fee.

The minimum fee for each vehicle registered with this state under an apportionment agreement shall not be less than ten dollars for each truck or truck tractor and two dollars for each trailer. If the department enters into an apportionment agreement where minimum fees are not permitted, the provisions of this section shall not apply. In addition to proportional registration fees, the department shall collect the amounts of fees due as hereinafter provided for the issuance of plates, stickers or other identification of all vehicles subject to proportional registration.

[S13, §1571-m16; C24, 27, 31, 35, §4866; C39, §5003.04; C46, 50, 54, 58, §321.56; C62, 66, §326.2; C71, 73, 75, 77, 79, 81, §326.10]

326.10A Payment by check.

The department shall accept payment of fees under this chapter by personal or corporate check. The fee shall be deemed to have been paid upon receipt of the check. However, the department shall not issue plates, stickers or other identification of vehicles subject to proportional registration until sufficient time has elapsed to ensure that payment of the check has cleared the bank upon which it is drawn.

85 Acts, ch 61, §1

326.11 Subsequently acquired vehicles.

Vehicles acquired by a fleet owner after the commencement of the registration year and subsequently added to the fleet shall be prorated by applying the mileage percentage used in the original application for such fleet for such registration period to registration fees due under chapter 321 but in no case less than that required by section 326.10. A supplemental report shall be filed with the department not later than ten days after such addition to the fleet.

The director may issue temporary written authorization to carriers for vehicles acquired by a fleet owner and added to the fleet owner's prorate fleet after the beginning of the registration year. The temporary authority shall permit the operation of a commercial vehicle until permanent identification is issued, except that the temporary authority shall expire after ninety days.

326.12 Vehicles deleted — registration transferred.

Fleet owners who delete commercial vehicles displaying Iowa base plates from the fleet after the commencement of the registration year shall be allowed to transfer registration credit to a replacement vehicle in accordance with the provisions of this section. Iowa shall allow credit for non-Iowa based deleted vehicles only if the state designated by the fleet owner as the base state of the deleted vehicle permits transfer of registration credit to the replacement vehicle. The fleet owner shall notify the department not later than ten days after such deletion and replacement. Allowance of credit for deleted vehicles shall be subject to the following conditions:

1. No additional registration fee shall be assessed on a replacement vehicle upon which the registration fee would have been the same as that for the deleted vehicle. The fee for reissuance or registration credentials or for transfer of credentials shall be seven dollars.

2. No deletion shall be made nor credit allowed toward registration of a replacement vehicle unless the vehicle to be removed from service has been sold, junked, repossessed, foreclosed by mechanic's lien, title transferred by operation of law, or cancellation or expiration of a lease arrangement. The deleted vehicle shall have been disposed of on or before the date the replacement vehicle was acquired or in the possession of the applicant.

3. If a leased vehicle is to be deleted from the fleet and unexpired registration fees applied to the replacement vehicle, the lessee shall certify to the department that any unexpired registration fees paid by the lessor to the lessee have been refunded to the lessor prior to the date of the supplemental application requesting credit for registration fees paid on the deleted vehicle.

[C71, 73, 75, 77, 79, 81, §326.12]

326.13 Information under oath.

The department shall require fleet owners to submit under oath any information deemed necessary to carry out the provisions of this chapter. Information furnished under this chapter shall be forwarded to the director of the department by each fleet owner no later than January 1 of the current registration year.

[S13, §1517-m16; C24, 27, 31, 35, §4866; C39, §5003.04; C46, 50, 54, 58, §321.56; C62, 66, §326.3; C71, 73, 75, 77, 79, 81, §326.13]

326.14 Plates and receipts.

The department shall issue registration plates and receipts pursuant to apportionment agreements or arrangements authorized under this chapter.

[C71, 73, 75, 77, 79, 81, §326.14]

326.15 Refunds of registration fees.

The refund of registration fees paid for motor vehicles under this chapter is allowed, except that no refund shall be allowed and paid if the unused portion of the fee is less than ten dollars per vehicle. Refunds shall be made as follows:

1. If the motor vehicle is destroyed by fire or accident, or junked and its identity as a motor vehicle is entirely eliminated, the owner in whose name the motor vehicle was registered at the time of destruction or dismantling shall return the plates to the department and make a claim for refund. A refund is not allowed unless a junking certificate has been issued, as provided in section 321.52.

2. If the motor vehicle is removed from the apportioned fleet, the owner in whose name the motor vehicle was registered shall return the plates to the department and make a claim for refund. A refund shall not be allowed without documentation of the subsequent registration of the motor vehicle.

3. If the motor vehicle is stolen, the owner shall give notice of the theft to the department within five days. If the motor vehicle is not recovered by the owner before December 1 of the year for which the registration fee was paid, the owner shall make a statement of theft and make a claim for refund.

4. If the composite percentage apportioned by an owner on a fleet of vehicles based in Iowa to each of the jurisdictions with which Iowa has an apportionment agreement is more than one hundred percent, the fleet owner may file a claim with the department for a refund of registration fees paid in excess of one hundred percent, except when percentages are computed over one hundred percent as specified in section 326.8. The claim for refund shall be filed on or after December 1 of the year for which refund is requested, and the fleet owner shall furnish satisfactory evidence of the alleged overpayment. The department shall prescribe and provide suitable forms requisite or deemed necessary to process claims and ensure that claims are paid to fleet owners who have complied with proportional registration requirements. A fleet owner may elect to apply a refund to proportional registration fees payable the next registration year in lieu of receiving a refund payable under this section. The state of Iowa is not liable for claims unless filed within four full years following the calendar year for which the application is made.

5. If as a result of an audit the motor vehicle registration fees are found to have been paid in error, a claim for refund shall be filed with satisfactory evidence of the error.

A refund for trailers and semitrailers issued multiyear registration plates shall be paid by the department under the previously stated conditions.

Refunds of proportional registration fees are allowed only if the state which issued the base plate for the vehicle allows a similar refund to Iowa carriers. If the motor vehicle for which refund is sought is leased by the owner to an apportioned registrant, the claim shall be filed in the names of both the lessee and the lessor and the refund payment made payable to both the lessee and the lessor.

Refunds of proportional registration fees shall be paid on the basis of unexpired complete calendar months remaining from the date the claim is filed with the department. Refunds for trailers and semitrailers issued a multiyear registration plate shall be paid on the basis of unexpired complete registration years remaining from the date the claim is filed.

326.16 Delinquent fees.

If the fees for such proportional registration are not paid to each contracting jurisdiction entitled thereto on the basis of the proportional registration application and supporting documents filed with the department by the fleet owner within a reasonable amount of time as determined by the department, the department shall redetermine fees due this state. If any additional fees due this state are not paid by the fleet owner within twenty days after the mailing to the owner of a notice by certified mail of the additional fees due, such owner's registration in this state shall be canceled. In addition, the fees due for registration in this state shall be a debt due to the state of Iowa.

326.17 Iowa base plates.

Resident fleet owners shall be required to list Iowa as the base state for all commercial vehicles which qualify under the term "base state" as defined in this chapter, and Iowa base plates shall be displayed on all such commercial vehicles. Nonresident fleet owners subject to proportional registration shall display Iowa base plates if the commercial vehicle qualifies as an Iowa based vehicle as defined in this chapter.

[C71, 73, 75, 77, 79, 81, §326.17]

326.18 Nonresident fleet owner privileges.

When a nonresident fleet owner has registered vehicles on a prorated basis, the vehicles are fully registered insofar as interstate commerce is concerned. The privileges granted to a nonresident pursuant to this chapter permit the operation of a vehicle which is simultaneously engaged in interstate movements and intrastate commerce, provided that the owner has intrastate authority or

rights granted by the department. The director may also enter into reciprocity agreements pursuant to section 326.5 to permit interstate and intrastate movement of vehicles registered on a prorated basis by a nonresident fleet owner, provided the owner has intrastate authority granted by the department and the jurisdiction in which the nonresident is base plated grants the same privilege to an Iowa base plated vehicle. Each vehicle upon which an Iowa base plate is required to be displayed under this chapter is fully registered for both interstate commerce and intrastate commerce.

326.19 Records preserved.

Any owner complying with and granted proportional registration privileges shall preserve the records upon which applications are made for a period of four full years following the year for which the application was made. Upon request of the department, all fleet owners shall make all such records available to the department at the office of the director for audit as to accuracy of computation and payment. If the owner does not produce such records when so requested, the owner shall pay the costs of an audit by a duly appointed representative of the department at the home office of the owner. The department may enter into agreements with authorized agencies or other contracting states for joint audits of any such owner.

326.19A Failure to maintain records — penalty.

The department may assess a penalty in an amount equal to twenty percent of the amount calculated under section 326.6, subsection 2, paragraph "b", if the audit of the apportioned fleet owner under section 326.19 confirms that the fleet owner has failed to maintain records on all of the following:

1. Verification of miles for the preceding year.
2. Jurisdictional percentages claimed pursuant to section 326.6, subsection 1.
3. Reciprocity agreements to which the department may be a party.

The department shall adopt rules specifying the records and other information required for an audit under section 326.19.

326.21 Laws of other states — Iowa interests.

In the absence of an agreement with another jurisdiction, the department may examine the laws and requirements of such jurisdiction and declare the extent and nature of exemptions, benefits, and privileges to be extended to vehicles or owners of vehicles properly registered or licensed in such other jurisdiction. The department shall consider the interests of the state of Iowa and the citizens thereof, the interests of the other jurisdictions and the citizens thereof, and the benefits which will accrue to the economy of the state of Iowa from the uninterrupted flow of commerce in declarations made under this section. Each declaration shall specify that the extent of exemptions, benefits, and privileges is subject to revision without notice upon adoption by the general assembly of legislation in conflict with the terms of any such declaration.

[C71, 73, 75, 77, 79, 81, §326.21]

326.22 Operational laws of Iowa applicable.

A nonresident registered vehicle is subject to all laws and rules governing the operation of such vehicle on the highways of this state. The registration number plates, stickers, or other identification assigned and furnished to any vehicle for the current registration year by the state in which the vehicle is registered shall be displayed on the vehicle substantially as provided in chapter 321 for vehicles registered pursuant to the provisions of this chapter. In addition, a fee set by the department to cover actual cost shall be charged for each plate, sticker, or other identification furnished for each vehicle registered in accordance with the provisions of this section or extended reciprocity in accordance with the provisions of this section. A charge shall not be made for the initial registration receipt or cab card issued for each vehicle registered pursuant to an apportionment registration agreement. A fee set by the department to cover actual costs shall be charged for issuance of duplicate plates, stickers or other identification required, duplicate registration receipts, and duplicate cab cards.

326.23 Trip permits.

1. The owner of a commercial vehicle which is properly registered and licensed in some other ju-

risdiction and is to be operated occasionally on highways in this state, may in lieu of payment of the annual registration fee for such vehicle obtain a trip permit authorizing operation of the vehicle on the highways of this state in interstate commerce for a period of not to exceed seventy-two hours. The fee for the trip permit shall be ten dollars.

2. The department may enter into agreements with owners and operators of truck stops to permit the owners and operators of truck stops to issue trip permits subject to any conditions imposed by the department. In addition to the trip permit fee, the owner or operator of a truck stop may charge an issuance fee of not more than one dollar. For the purposes of this section, "truck stop" means any place of business which sells fuel normally used by trucks and which is open twenty-four hours per day.

326.25 Applications — investigations.

The department shall examine and determine the genuineness, regularity, and legality of every application lawfully made pursuant to this chapter, and may in all cases make investigations as may be deemed necessary or require additional information. The department shall reject any such application if not satisfied of the genuineness, regularity, or legality thereof of the truth of any statement contained therein, or for any other reason, when authorized by law. The department is hereby authorized to take possession of any indicia of proportional registration or reciprocity upon expiration, revocation, cancellation, or suspension thereof, or which is fictitious, or which has been unlawfully or erroneously issued.

The department may suspend or revoke the registration indicia of a vehicle registered on a prorated basis in any one of the following events:

1. When the department is satisfied that such registration indicia was issued upon fraudulent application. Bona fide errors shall be corrected within fifteen days after notification by the department.

2. When the department determines that the required fee has not been paid and same is not paid upon reasonable notice and demand.

327G.2 Crossings — signs.

Every corporation constructing or operating a railway shall make and construct at all points where such railway crosses any public road good, sufficient, and safe crossings and erect at such points, at a sufficient elevation from such road as to admit a free passage of vehicles of every kind, a sign with large and distinct letters placed thereon, to give notice of the proximity of the railway, and warn persons of the necessity of looking out for trains. Any railway company neglecting or refusing to comply with the provisions of this section shall be liable for all damages sustained by reason of such refusal or neglect, and it shall only be necessary, in order to recover, for the injured party to prove such neglect or refusal.

[R60, §1331; C73, §1288; C97, §2054; C24, 27, 31, 35, 39, §8000; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.1; C77, 79, 81, §327G.2]

327G.3 Railway fences required.

All railway corporations owning or operating a line of railway within the state, shall construct, maintain, and keep in repair a fence on each side of the right of way, to prevent livestock getting upon the tracks.

[C97, §2057; S13, §2057; C24, 27, 31, 35, 39, §8001; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.2; C77, 79, 81, §327G.3]

All fences shall be not less than fifty-four inches high and may be of any of the following types:

1. Not less than five barbed wires, properly spaced.
2. Not less than three barbed wires above and not less than twenty-four inches of woven wire below.

3. Entirely of woven wire.

4. Five boards properly spaced.

When any person owning land abutting on the right of way is maintaining a hog-tight fence on all sides thereof or any division of such land except along such right of way, the railway company owning such right of way shall, on written request of the landowner, make such right of way fence along such enclosed land hog-tight by the addition of barbed or woven wire or other equally efficient means.

[S13, §2057; C24, 27, 31, 35, 39, §8004; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.5; C77, 79, 81, §327G.5]

327G.6 Failure to fence.

Any corporation operating a railway and failing to fence its right of way shall be liable to the owner of any stock killed or injured by reason of the want of such fence for the full amount of the damages sustained by the owner, unless it was occasioned by the willful act of such owner or the owner's agent; and to recover the same it shall only be nec-

essary for the owner to prove the loss of or injury to the owner's property.

[C73, §1289; C97, §2055; C24, 27, 31, 35, 39, §8005; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.6; C77, 79, 81, §327G.6]

327G.10 Killing of stock — interpretative clause.

Nothing herein contained shall be construed to relieve the corporation from liability arising from the killing or maiming of livestock on said track or right of way by its negligence or that of its employees, nor shall anything in this chapter interfere with the right of open or private crossings, or with the right of persons to such crossings, nor in any way limit or qualify the liability of any corporation or person owning or operating a railway that fails to fence the same against livestock running at large for any stock injured or killed by reason of the want of such fence.

[C97, §2058; C24, 27, 31, 35, 39, §8010; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.11; C77, 79, 81, §327G.10]

327G.23 Grade crossings.

The department shall have jurisdiction over all crossings at grade of railways within the state. Upon the application of any railway or upon its own motion, the said department may require the trains of any railway to stop at any crossing of such railway tracks at grade or said department may make such rules in relation to speed or other methods of operation at such grade crossings as in its judgment are necessary to protect the public safety.

327G.24 Removal of tracks from crossings.

Upon consummation of an abandonment of a railway line authorized under 49 U.S.C. § 10903 adopted as of a specific date by rule by the department, or upon interim use of railroad rights-of-way to establish appropriate trails pursuant to 16 U.S.C. § 1247(d) adopted as of a specific date by rule by the department, if the railway tracks adjacent to a crossing have been removed, but the railway tracks in the crossing have not been removed, the city, county, or other jurisdiction having authority over the highway, street, or alley containing the crossing may remove the tracks from the crossing. However, this section shall not be construed as reducing the obligation or liability of a railway corporation to remove the railway tracks from the crossing.

327G.25 Closing of crossing for repair or upgrade.

A railway corporation shall not close a railway crossing to the traveling public for more than thirty days for the purpose of repairing or upgrading the crossing. A railway corporation violating this section shall, upon conviction, be subject to a schedule "one" penalty.

327G.28 Compulsory establishment.

Whenever in the judgment of the department it is necessary for the public safety, said department may require the establishment of an interlocking system or other safety device at any railroad crossing, junction or drawbridge.

[C24, 27, 31, 35, 39, §8035; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.36; C77, 79, 81, §327G.28]

327G.29 Grade crossing surface repair fund.

There is established a highway railroad grade crossing surface repair fund in the office of the treasurer of state. The department may credit to this fund:

1. Moneys appropriated to the department from the general fund of the state.
2. Moneys appropriated to the department from the road use tax fund or the primary road fund.
3. Available federal funds.
4. Moneys acquired by the department from any gift, grant, or contributions from any source.

Notwithstanding the provisions of section 8.33 unencumbered funds remaining in the highway railroad grade crossing surface repair fund at the close of each fiscal year ending on June 30 shall revert to the road use tax fund.

[C77, 79, 81, §327G.29]

327G.30 Adjustment of expense.

If a grade crossing surface of a railroad track and a highway, street, or alley shall require repairs or maintenance, the costs for the maintenance may be paid as provided in section 312.2, subsection 5.

If the railroad corporation and the jurisdiction having authority agree on the method of crossing maintenance and establish an agreement to each contribute costs as provided in section 312.2, subsection 5, a copy of the agreement shall be filed with the department which shall allocate an amount of the cost for the work if funds are available in the highway railroad grade crossing surface repair fund. The department shall make appropriate notification if the fund is exhausted in which case agreements shall not be made under

this section until additional funds are available. The fund shall be administered by the department.

Upon completion of the agreed repair work, a statement of costs shall be filed with the department by the railroad corporation in a form and manner prescribed by the department. The department, upon approval of the statement, shall pay to the railroad corporation an amount of the cost of the work from the highway railroad grade crossing surface repair fund as provided in section 312.2, subsection 5. The owner of the track and the jurisdiction entering into the agreement shall each pay the cost as provided in section 312.2, subsection 5.

327G.31 Disagreement resolved.

If a railroad corporation and the jurisdiction having authority cannot reach agreement on grade crossing surface repair and maintenance, either party may appeal to the department of inspections and appeals if prior to disagreement both parties have filed a statement with the state department of transportation to the effect that they have entered into negotiations on grade crossing surface repair and maintenance of a particular crossing. The department of inspections and appeals shall resolve the dispute in the manner provided in section 327G.16 and section 327G.17, except for the allocation of costs.

[C77, 79, 81, §327G.31; 81 Acts, ch 22, §22]

327G.32 Blocking highway crossing.

A railroad corporation or its employees shall not operate a train in such a manner as to prevent vehicular use of a highway, street, or alley for a period of time in excess of ten minutes except in any of the following circumstances:

1. When necessary to comply with signals affecting the safety of the movement of trains.
2. When necessary to avoid striking an object or person on the track.
3. When the train is disabled.
4. When necessary to comply with governmental safety regulations including, but not limited to speed ordinances and speed regulations.

An officer or employee of a railroad corporation violating a provision of this section is, upon conviction, subject to the penalty provided in section 327G.14. An employee is not guilty of a violation if the employee's action was necessary to comply with the direct order or instructions of a railroad corporation or its supervisors. Guilt is then with the railroad corporation.

Other portions of this section notwithstanding, a political subdivision may pass an ordinance regulating the length of time a specific crossing may be blocked if the political subdivision demonstrates that an ordinance is necessary for public

safety or convenience. If an ordinance is passed, the political subdivision shall, within thirty days of the effective date of the ordinance, notify the department and the railroad corporation using the crossing affected by the ordinance. The ordinance does not become effective unless the department and the railroad corporation are notified within thirty days. The ordinance becomes effective thirty days after notification unless a person files an objection to the ordinance with the department. If an objection is filed the department shall notify the department of inspections and appeals which shall hold a hearing. After a hearing by the department of inspections and appeals, the state department of transportation may disapprove the ordinance if public safety or convenience does not require the ordinance. The decision of the state department of transportation is final agency action. The ordinance approved by the political subdivision is prima facie evidence that the ordinance is adopted to preserve public safety or convenience.

The department of inspections and appeals when considering rebuttal evidence shall weigh the benefits accruing to the political subdivision as they affect the general public use compared to the burden placed on the railroad operation. Public safety or convenience may include, but is not limited to, high traffic density at a specific crossing of a main artery or interference with the flow of authorized emergency vehicles.

A resolution regulating the length of time a specific crossing may be blocked, which was adopted before July 1, 1989, is an ordinance for the purposes of this section.

Except as provided in section 327G.66, the total cost as ascertained by the department shall be deposited with the railroad corporation before it is required to incur expense. DIVISION III

REVERSION TO OWNERS
UPON ABANDONMENT**327G.76 Time of reversion.**

Railroad property rights which are extinguished upon cessation of service by the railroad divest when the railway finance authority or the railroad, having obtained authority to abandon the rail line, removes the track materials to the right-of-way. If the railway finance authority does not acquire the line and the railway company does not remove the track materials, the property rights which are extinguished upon cessation of service by the railroad divest one year after the railway obtains the final authorization necessary from the proper authority to remove the track materials.

327G.77 Reversion of railroad right-of-way.

1. If a railroad easement is extinguished under section 327G.76, the property shall pass to the owners of the adjacent property at the time of abandonment. If there are different owners on either side, each owner will take to the center of the right-of-way. Section 614.24 which requires the filing of a verified claim does not apply to rights granted under this subsection.

2. An adjoining property owner may perfect title under subsection 1 by filing an affidavit of ownership with the county recorder. The affidavit shall include the name of the adjoining property owner, a description of the property, the present name of the railroad, the jurisdiction, docket number, and date of order authorizing the railroad to terminate service, and the approximate date the track materials on the right-of-way were removed. A copy of the affidavit must be mailed by the landowner by certified mail to the railroad. The landowner shall pay taxes on the right-of-way from the date the affidavit is filed.

3. Utility facilities located on abandoned railroad right-of-way shall remain on the right-of-way subject to payment by the utility of the fair market value of an easement for the facilities. The utility shall, within sixty days from the time the property is transferred from the railroad, extend a written offer to the landowner to purchase the easement at fair market value. The landowner shall accept or reject the utility's offer within sixty days from the time of receipt. If a disagreement arises between the parties concerning the price or other terms of the transaction, either party may make written application to a compensation commission as established pursuant to chapter 6B to resolve the disagreement. This application shall be made within sixty days from the time the landowner's

response is served upon the utility. The compensation commission shall hear the controversy and make a final determination of the fair market value of the easement and the other terms of the transaction which were in dispute within ninety days after the application is filed. All correspondence shall be by certified mail.

327G.78 Sale of railroad property.

Subject to sections 327G.77 and 6A.16, when a railroad corporation, its trustee, or its successor in interest has interests in real property adjacent to a railroad right-of-way that are abandoned by order of the interstate commerce commission, reorganization court, bankruptcy court, or the department, or when a railroad corporation, its trustee, or its successor in interest seeks to sell its interests in that property under any other circumstance, the railroad corporation, its trustee, or its successor in interest shall extend a written offer to sell at a fair market value price to the persons holding leases, licenses, or permits upon those properties, allowing sixty days from the time of receipt for a written response. If a disagreement arises between the parties concerning the price or other terms of the sale transaction, either or both parties may make written application to the department to resolve the disagreement. The application shall be made within sixty days from the time an initial written response is served upon the railroad corporation, trustee, or successor in interest by the person wishing to purchase the property. The department shall notify the department of inspections and appeals which shall hear the controversy and make a final determination of the fair market value of the property and the other terms of the transaction which were in dispute, within ninety days after the application is filed. The determination is subject to review by the department and the department's decision is the final agency action. All correspondence shall be by certified mail.

The decision of the department is binding on the parties, except that a person who seeks to purchase the real property may withdraw the offer to purchase within thirty days of the decision of the department. If a withdrawal is made, the railroad corporation, trustee, or successor in interest may sell or dispose of the real property without further order of the department.

This section does not apply when a rail line is being sold for continued railroad use.

327G.79 Valuing property in controversy.

The department of inspections and appeals' determination and order shall be just and equitable and in the case of the determination of the fair market value of the property, shall be based in part upon at least three independent appraisals prepared by certified appraisers. Each party shall select one appraiser and each appraisal shall be paid for by the party for whom the appraisal is prepared. The two appraisers shall select a third appraiser and the costs of this appraisal shall be divided equally between the parties. If the appraisers selected by the parties cannot agree on selection of a third appraiser, the state department of transportation shall appoint a third appraiser and the costs of this appraisal shall be divided equally between the parties.

The department of inspections and appeals' determination and order is final for the purpose of administrative review to the district court as provided in chapter 17A. The district court's scope of review shall be confined to whether there is substantial evidence to support the department of inspections and appeals' determination and order.

For purposes of this division, unless the context otherwise requires, "department" means the state department of transportation.

ACQUISITION OF RIGHT-OF-WAY

327G.81 Maintenance of improvements along rights of way.

A person, including a state agency or political subdivision of the state, who acquires a railroad right of way after July 1, 1979 for a purpose other than farming has all of the following responsibilities concerning that right of way:

1. Construction, maintenance and repair of the fence on each side of the property, however, this requirement may be waived by a written agreement with the adjoining landowner.

2. Private crossings as provided for in section 327G.11.

3. Drainage as delineated in chapter 468, subchapter V.

4. Overhead, underground or multiple crossings in accord with section 327G.12.

5. Weed control in accord with chapter 317.

This section does not absolve the property owners of other duties and responsibilities that they may be assigned as property owners by law. Subsection 1 does not apply to rights of way located on land within the corporate limits of a city except where the acquired right of way is contiguous to land assessed as agricultural land.

An agreement which does not require the repayment of railroad assistance funds used for rehabilitation projects shall require the railroad corporation to establish and maintain a separate corporation account to which an amount equal to all or part of the costs paid from funds provided by the department shall be credited from revenue derived from all railroad cars and traffic using the main line, branch line, switching yard, or siding defined in the agreement. Credits to the corporation account by the railroad corporation may be used for the restoration, conservation, improvement, and construction of the railroad corporation's main line, branch lines, switching yards, and sidings within the state. 327I.2 Declaration of necessity and purpose.

The purpose of this chapter is to benefit the citizens of Iowa by improving their general health, welfare and prosperity and insuring the economic and commercial development of the state and by promoting agricultural and industrial improvement. Access to adequate railway transportation facilities is essential to the economic welfare of the state. One purpose of this chapter is to preserve or provide for the citizens of Iowa those railway services now in existence or needed in the state which have a viable future but which for a variety of economic and legal reasons may not exist if the state does not provide the financing or other mechanisms referred to in this chapter. It is the intent of the chapter that any public ownership and control of railway facilities provided for in this chapter be transferred to private ownership as promptly as economically practicable subject to financing requirements. It is further intended that the authority created in this chapter be vested with all powers to enable it to accomplish the purposes of this chapter except the power to operate rolling stock.

It is the further intent of this chapter and of the general assembly that, in order to preserve rail competition and to provide for railway service in this state, the authority work primarily with railroad carriers already providing service in this state based upon their willingness and ability to meet these objectives.

[C81, §307B.2; 81 Acts 2nd Ex, ch 3, §2]

C93, §327I.2

327I.3 Legislative findings.

The general assembly finds and declares as follows:

1. The establishment of the authority is in all respects for the benefit of the people of the state of Iowa, for the improvement of their health and welfare, for the preservation and creation of employment, and for the promotion of the economy and of agricultural and industrial improvement, which are public purposes.

2. The authority will be performing an essential governmental function in the exercise of the powers and duties conferred upon it by this chapter.

3. There will exist a serious shortage of viable rail lines and railway facilities serving the urban, rural, agricultural and industrial communities of the state.

4. There exists a serious problem in this state regarding the ability of agricultural producers to transport economically farm products to traditional markets because of the abandonment and possible abandonment of railway facilities within the state.

5. These conditions are making it more and more difficult for farmers and farm related businesses to survive in the present state of the economy thus threatening the very heart blood of Iowa.

6. One major cause of this condition has been recurrent shortages of funds in private channels and the high interest cost of borrowing.

7. These shortages have contributed to reductions in construction of new railway facilities, and have made the sale, purchase and repair of existing railway facilities a virtual impossibility in many parts of the state.

8. A stable supply of adequate funds for financing of railway facilities is required to encourage construction of railway facilities, the rehabilitation of existing facilities and to prevent the abandonment of others in an orderly and sustained manner and to reduce the problems described in this section.

9. It is necessary to create a railway finance authority to encourage the investment of private capital and stimulate the construction, rehabilitation and repair of railway facilities and to prevent the abandonment of others through the use of public financing, publicly assisted financing and other forms of public assistance.

10. All of the purposes stated in this section are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned or granted.

2. The members of the governing board shall be appointed by the governor for staggered terms of six years beginning and ending as provided in section 69.19. A person appointed to fill a vacancy shall serve only for the unexpired portion of the term. A member is eligible for reappointment. A member of the board may be removed from office by the governor for misfeasance, malfeasance or willful neglect of duty or other just cause, after notice and hearing, unless the notice and hearing is expressly waived in writing. A member of the board shall not also serve concurrently as a member of the state transportation commission or as an official or employee of the department.

3. Three members of the board constitute a quorum and the affirmative vote of at least three members is necessary for any recommendation made by the board. 327L.7 Powers of the authority.

The authority shall have all powers necessary for the performance of its purposes and duties, including but not limited to, the power to:

1. Have perpetual succession as a public authority.

2. Adopt rules under chapter 17A for the regulation of its affairs and to carry out its duties and responsibilities. The authority is an agency as that term is defined in chapter 17A and is subject to the provisions of chapter 17A.

3. Sue and be sued in its own name.

4. Exercise the power of eminent domain.

5. Acquire railway facilities, whether located within Iowa or a contiguous state, directly or through an agent, by purchase, lease, lease-purchase, gift, devise or otherwise. The authority shall not submit a bid to acquire a railway facility if any railroad company or person is negotiating for the facility's purchase and if the railroad company's or person's offer exceeds the net salvage value set by the trustee by at least fifteen percent and the offer is for a segment which originates and terminates at the intersection of another railroad mainline or is for a segment which connects to a mainline if the facility is a branchline. However, even if a railroad company or person is negotiating for a facility's purchase, the authority may submit a bid for the acquisition of the railway facility upon

approval of a resolution by the state transportation commission stating that the best interests of the state and the transportation needs thereof might not be served by the railroad company's or person's offer or negotiation. However, the commission shall not adopt such a resolution if the competing railroad corporation or person files with the state department of transportation an enforceable undertaking to operate the facility for a period of five years after its purchase.

6. Determine the location of and select any railway facility to be provided financial assistance under this chapter and acquire, construct, reconstruct, renovate, rehabilitate, improve, extend, replace, maintain, repair and lease the facility, and to enter into contracts for any of these purposes.

7. Enter into contracts, including partnership agreements, with any person for the ownership, operation, management or use of a railway facility. Provisions shall be made in any contract or partnership agreement entered into by the authority that any additional jobs which may result from the ownership, operation, management, or use of a railway facility shall be offered, when practicable, to qualified former employees of the Milwaukee Road or Rock Island railroad companies.

8. Designate an agent to perform its powers under subsections 6 and 7.

9. The authority may sell or convey any of the railway facilities upon terms and considerations acceptable to the governing board.

10. Issue obligations for any of its purposes and refund the obligations, all as provided for in this chapter. However, the total principal amount of obligations outstanding at any one time shall not exceed two hundred million dollars.

11. Invest or deposit moneys of the authority, subject to an agreement with bondholders or note-holders, in a manner determined by the authority, notwithstanding chapter 12B or 12C.

12. Fix, revise, charge and collect rates, rents, fees and charges for the use of any railway facility or any portion of a facility that is owned or financially assisted by the authority alone or in any other association with any other person and contract with any person in respect to a facility.

13. Mortgage all or any portion of its railway facilities, whether then owned or thereafter acquired, in connection with the financing of the particular railway facility or any portion of the facility.

14. Extend financial assistance for the purpose of providing for project costs. Make interest-free loans for rehabilitation of railway tracks, roadbeds, or trestles to persons which have repaid in part the original loan from the authority which was made for the purpose of the acquisition or rehabilitation of railway tracks, roadbeds, or trestles. However, an interest-free loan to a person shall not exceed the amount repaid of the original loan made to that person and one-half of the amount of the interest-free loan repaid to the au-

thority shall be credited to the general fund of the state.

15. Extend financial assistance to refund, retire, or refinance obligations, including obligations running to the federal government, mortgages or advances issued, made or given for the project cost of a railway facility which costs were incurred for railway facilities undertaken and completed prior to or after May 20, 1980, when the governing board finds that this financial assistance is in the public interest.

16. Have and alter a corporate seal.

17. Receive and accept from any person or governmental agency loans, guarantees or grants for or in aid of project costs and receive and accept grants, gifts and other contributions from any source.

18. Own a railway facility under this chapter alone, in partnership, or in any other association with any person if necessary or beneficial to preserve part of a railway system, upon the determination, after consultation with the department, that the railway facility is necessary or beneficial to the railway system, to be relinquished to nonauthority ownership or operation as soon as economically practicable.

19. Temporarily operate a railway facility under this chapter if sufficient need exists or there is an emergency situation as determined by a majority of the board.

20. Serve as a general or limited partner in a partnership formed to purchase, renovate, and operate a railway facility.

21. Enter into agreements with persons to develop, equip, furnish, or otherwise develop and operate railway facilities, and make provision in the agreements for railway facilities and governmental actions, as authorized by this chapter and other laws.

22. Enter into appropriate arrangements and agreements with a governmental agency for the taking or the providing by that governmental agency of a governmental action.

C93, §3271.8

3271.9 Obligations.

Except as provided in this chapter, all obligations are payable solely out of the pledged receipts as designated in the bond proceedings. Tax funds which the authority receives from a political subdivision of the state shall not be pledged for payment of the obligations. Except for those tax funds deposited in the general fund of the state as provided in section 3271.23, subsection 2, or other tax funds available pursuant to section 3271.26, the state shall not appropriate tax funds, directly or indirectly, to the authority for the purpose of payment of obligations of the authority. Obligations shall be authorized by resolution of the board and bond proceedings shall provide for the purpose of the obligations, the principal amount, the principal maturity or maturities, not exceeding twenty-five years from the date of issuance, the interest rate or rates or the maximum interest rate, the date of the obligations and the dates of payment of interest on them, their denomination, and the establishment within or without the state of a place or places of payment of bond service charges. As much as is practicable within the legal and fiscal limitations inherent in bond issuance, a portion of the bonds shall be issued in denominations of five thousand dollars and smaller, in order to allow smaller investors in the state to purchase the bonds.

The purpose of the obligations may be stated in the bond proceedings in terms describing the general purpose or purposes to be served.

The bond proceedings shall also provide, subject to other applicable bond proceedings, for the pledge of all or such part, as the authority may determine, of the pledged receipts to the payment of bond service charges, which pledges may be made either prior or subordinate to other expenses, claims or payments, and may be made to secure the obligations on a parity with obligations issued at other times, if and to the extent provided in the bond proceedings. The pledged receipts so pledged

and received by the authority are immediately subject to the lien of the pledge without physical delivery or further act, and the pledge of the pledged receipts is effective and these moneys may be applied to the purposes for which pledged without necessity for an Act of appropriation. Every pledge and every covenant and agreement with respect to a pledge made in the bond proceedings may be extended to the benefit of the owners and holders of obligations authorized by this chapter, and to any trustee for owners and holders, for the further security of the payment of the bond service charges.

The authority shall issue a prospectus or official statement in connection with the offering of obligations. Obligations may be issued in coupon or in registered form, or both. Provision may be made for the registration of obligations with coupons attached as to principal alone or as to both principal and interest, their exchange for obligations so registered, and for the conversion or reconversion into obligations with coupons attached of any obligations registered as to both principal and interest, and for reasonable charges for registration, exchange, conversion and reconversion. Obligations may be sold at public or private sale at the price, in the manner, and at the time determined by the governing board. Chapter 75 and sections 73A.12 to 73A.16 do not apply to obligations issued under this chapter. All obligations are negotiable instruments.

The bond proceedings may contain additional provisions as to:

1. The redemption of obligations prior to maturity at the option of the authority at the price and under the terms and conditions provided in the bond proceedings.
2. Other terms of the obligation.
3. Limitations on the issuance of additional obligations.
4. The terms of any trust agreement or indenture securing the obligations or under which the obligations may be issued.
5. The deposit, investment and application of special funds and the safeguarding of moneys on hand or on deposit, without regard to chapter 12C, subject to this chapter, with respect to particular funds or moneys; provided that any bank or trust company which acts as depository of any moneys in the special funds may furnish indemnifying bonds or may pledge the securities as required by the authority.
6. The provisions of the bond proceedings which are binding upon the officer, board, commission, authority, agency, department or other person or body which has the authority under law to take actions as necessary to perform all or any part of the duty required by a provision.
7. Any provision which may be made in a trust agreement or indenture.
8. Additional agreements with the holders of the obligations, or the trustee for the holders, re-

lating to the obligations or the security for the obligations.

Before the authority can incur an obligation for the acquisition or purchase of railway facilities under this chapter, the proceeds of which are to be contributed, loaned, or otherwise provided to a partnership of which the authority is a partner, the other partners of the partnership must pledge to the partnership in the aggregate an amount equal to at least twenty percent of the amount of the obligations to be incurred for the acquisition or purchase.

327I.10 Refunding of obligations.

The board may authorize and issue obligations for the refunding, including funding and retirement, and advance refunding with or without payment or redemption prior to maturity, of any obligations previously issued by the authority. These obligations may be issued in amounts sufficient for payment of the principal amount of the prior obligations, any redemption premiums on the prior obligations, principal maturities of any obligations maturing prior to the redemption of the remaining obligations on a parity with them, interest accrued or to accrue to the maturity date or dates of redemption of the obligations, and any project costs including expenses incurred or to be incurred in connection with this issuance, refunding, funding, and retirement. Subject to the bond proceedings, the portion of proceeds of the sale of obligations issued under this section to be applied to bond service charges on the prior obligations shall be credited to the appropriate account for those prior obligations. Obligations authorized under this section shall be deemed to be issued for those purposes for which the prior obligations were issued and are subject to the provisions of this chapter pertaining to other obligations. Obligations refunded shall not be considered to be outstanding for purposes of section 327I.7, subsection 10.

Refunding may be made without regard to whether or not the obligations to be refunded were issued in connection with the same railway facilities, separate railway facilities or for other purposes, and without regard to whether or not the obligations proposed to be refunded shall be payable on the same date or different dates or due serially or otherwise.

327I.11 Security for obligations.

Obligations may be additionally secured by a trust agreement or indenture between the authority and a corporate trustee which may be any trust

company or bank having its principal place of business within the state. Any such agreement, indenture, mortgage, or deed of trust, or any combination thereof, may contain the resolution authorizing the issuance of the obligations, any provisions that may be contained in any bond proceedings, and other provisions which are customary or appropriate in an agreement or indenture of such type, including, but not limited to:

1. Maintenance of each pledge, trust agreement, indenture, or other instrument comprising part of the bond proceedings until the authority has fully paid the bond service charges on the obligations secured by the instrument, or provision for payment has been made.

2. In the event of default in any payments required to be made by the bond proceedings or any other agreement of the authority made as a part of the contract under which the obligations were issued, enforcement of the payments or agreement by mandamus, appointment of a receiver, suit in equity, action at law, or any combination of these.

3. The rights and remedies of the holders of obligations and of the trustee and provisions for protecting and enforcing them, including limitations on rights of individual holders of obligations.

4. The replacement of any obligations which become mutilated or are destroyed, lost, or stolen.

The principal of and interest on obligations shall be secured as provided in the bond proceedings by the pledge of pledged receipts and by assignment of leases or other contract rights of the authority, or any person acquiring, leasing, or operating railway facilities assisted under this chapter to third parties, which assignment may cover all or any part of the railway facilities from which the receipts may be derived, including, but not limited to, any enlargements of or additions to any of these railway facilities.

Each pledge shall continue in effect until the principal of and interest on the obligations has been fully paid or provision for the payment has been duly made pursuant to the bond proceedings.

327I.12 Payment of obligations — nonliability of state.

Obligations issued under this chapter, and judgments based on contract or tort arising from the activities of the authority or persons acting on its behalf, are not a debt or liability of the state or of any political subdivision within the meaning of any constitutional or statutory debt limitation and are not a pledge of the state's credit or taxing power within the meaning of any constitutional or statutory limitation or provision and no appropriation shall be made, directly or indirectly, by the state or any political subdivision of the state for the payment of the obligations or judgments or to fund any deficiency in any special funds, or for the

indemnification of a person subject to a judgment arising from that person's actions on the authority's behalf. These obligations and judgments are special obligations of the authority payable solely and only from the sources and special funds provided in this chapter. Funds from the general fund of the state shall not be used to pay interest or principal on obligations of the authority in the event that receipts from the taxes available as provided in section 327I.23, subsection 2, and section 327I.26 are insufficient.

327I.13 Remedies of holders of obligations.

1. The bond proceedings may provide that a holder of obligations or a trustee under the bond proceedings, except to the extent that the holder's rights are restricted by the bond proceedings, may by legal proceedings, protect and enforce any rights under the laws of this state or granted by the bond proceedings. These rights include the right to compel the performance of all duties of the authority required by this chapter or the bond proceedings; to enjoin unlawful activities; and in the event of default with respect to the payment of any bond service charges on any obligations or in the performance of any covenant or agreement on the part of the authority in the bond proceedings, to apply to a court to appoint a receiver to receive and administer the pledged receipts which are pledged to the payment of the bond service charges on these obligations or which are the subject of the covenant or agreement, with full power to pay and to provide for payment of bond service charges on these obligations and with powers accorded receivers in general equity cases, excluding any power to pledge additional revenues or receipts or other income or moneys of the authority or the state or governmental agencies of the state to the payment of the bond service charges; and if provided in the bond proceedings, the power to take possession of, mortgage, or cause the sale or otherwise dispose of any railway facilities.

2. If the bond proceedings do not contain provisions authorized in subsection 1, if the authority defaults in the payment of principal or interest on obligations as they become due, whether at matu-

rity or upon call for redemption, and the default continues for a period of thirty days, or if the authority fails or refuses to comply with this chapter or defaults in any covenant or agreement in the bond proceedings made for the benefit of the holders of obligations, the holders of twenty-five percent in aggregate principal amount of obligations of the issue then outstanding by instrument filed in the office of the clerk of the county in which the principal office of the authority is located and proved or acknowledged in the same manner as a deed to be recorded may appoint a trustee to represent the holders of the obligations for the purposes provided in this section.

The trustee selected may, and upon written request of the holders of twenty-five percent in aggregate principal amount of the issue of obligations then outstanding, shall:

a. Enforce all rights of the holders of the obligations including the right to require the authority to carry out its agreements with the holders and to perform its duties under this chapter.

b. Bring suit upon the obligations.

c. By action require the authority to account as if it were the trustee of an express trust for the holders.

d. By action enjoin any acts or things which are unlawful or in violation of the rights of the holders.

e. Declare all the obligations due and payable and, if all defaults are made good then with the consent of the holders of twenty-five percent of the aggregate principal amount of the issue of obligations then outstanding, annul the declaration and its consequences. Before declaring the principal of obligations due and payable, the trustee shall first give thirty days notice in writing to the governor, to the authority, and to the attorney general of the state.

The trustee selected shall also have all powers necessary or appropriate for the exercise of functions specifically set forth or incident to the general representation of holders in the enforcement and protection of their rights.

3. The district court has jurisdiction of any action by the trustee on behalf of holders. The venue of the action shall be in the county in which the principal office of the authority is located.

327I.14 Authority as public instrumentality.

The authority is performing a public function on behalf of the state and is a public instrumentality of the state. Income of the authority and all properties owned by or leased to the authority are exempt from all taxation in the state of Iowa. This chapter does not exempt from taxation properties comprising railway facilities financially assisted under this chapter which are owned by persons other than the authority except those leased to the

authority. However, properties owned by the authority which are leased or rented to a private person shall include as part of the rates, rents, fees or charges payable by that person a sum equal to the amount of tax, determined by applying the tax rate of the taxing district to the assessed value of the property, which the state, county, city, school district or other political subdivision would receive if the property were owned by a private person, any other statute to the contrary notwithstanding. This sum shall be distributed to each taxing district based upon its tax equivalent. For purposes of arriving at that tax equivalent, the property shall be valued and assessed by the assessor in whose jurisdiction the property is located, in accordance with chapter 441, but the authority, the lessee or renter on behalf of the authority, and other persons as are authorized by chapter 441 shall be entitled to protest any assessment and take appeals in the same manner as any taxpayer. The valuations shall be included in any summation of valuations in the taxing district for all purposes known to the law. Income from this source shall be considered under the provisions of section 384.16, subsection 1, paragraph "b".

327I.15 Powers not restricted — law complete in itself.

This chapter is not a restriction or limitation upon any powers which the authority or another governmental agency has under any laws of this state, but is cumulative to any such powers. No proceedings, referendum, notice or approval is required for the creation of the authority or the issuance of any obligations or any instrument as security except as provided in this chapter. However, nothing in this chapter deprives the state and its political subdivisions of their police powers over properties of the authority or impairs any power over the authority of any official or agency of the state and its political subdivisions which is otherwise provided by law.

For such purpose, the authority may issue bonds or renewal notes in a principal amount and upon terms as are authorized by this chapter and are necessary to provide funds to pay when required the principal of and interest on the outstanding notes, notwithstanding any limitations prescribed by this chapter, other than the limitation contained in section 327I.7, subsection 10. 328.19 Registration.

1. The department shall promulgate rules pursuant to the provisions of chapter 17A governing the issuance by the department of certificates of registration to all airports in this state which are open for use by the public and governing the annual renewal of those certificates. These rules shall require that an airport applying for a certificate of registration or for a renewal shall comply with minimum standards of safety as promulgated by the department, adopt safe air traffic patterns, and demonstrate that such air traffic patterns are safely co-ordinated with those of all existing airports and approved airport sites in its vicinity before the certificates of registration or certificate of renewal may be issued. Certificates of registration or renewal may be issued subject to any conditions the department deems necessary to carry out the purposes of this section. The department may, after notice and opportunity for hearing as provided in chapter 17A, revoke any certificate of registration or renewal, or may refuse to issue a renewal, when it determines:

a. That there has been an abandonment of the airport as such;

b. That there has been a failure to comply with the conditions of the registration or renewal thereof; or

c. That because of change of physical or legal conditions or circumstances the airport has become either unsafe or unusable for the aeronautical purposes for which the registration or renewal was issued.

2. The department shall promulgate rules pursuant to the provisions of chapter 17A governing the issuance by the department of certificates of airport site approval. These rules shall provide that any person or governmental subdivision desiring or planning to construct or establish an airport shall obtain a certificate of site approval prior to acquisition of the site or prior to the construction or establishment of the airport. The depart-

ment shall charge a reasonable fee, based on the cost of a safety inspection of the site approval application, for the issuance of a certificate of site approval, and shall issue such a certificate if it finds:

a. That the site is adequate for the proposed airport;

b. That such proposed airport, if constructed or established, will conform to minimum standards of safety as promulgated by the department; and

c. That safe air traffic patterns are established for the proposed airport which are safely coordinated with the traffic patterns of all existing airports and approved airport sites in its vicinity.

3. A certificate of site approval shall remain in effect until a certificate of registration has been issued to an airport located on the approved site as provided in subsection 1, unless the department, after notice and opportunity for hearing, revokes the certificate of site approval upon a finding that:

a. There has been an abandonment of the site as an airport site;

b. There has been a failure within two years to develop the site as an airport, or to comply with the conditions of the approval; or

c. Because of change of physical or legal conditions or circumstances the site is no longer usable for the aeronautical purposes for which the approval was granted.

4. No certificate of site approval shall be required for the site of any existing airport.

5. In considering an application for approval of a proposed airport site or the issuance of an airport registration certificate under subsections 1 and 2, the department may, on its own motion or upon the request of an affected or interested person, hold a hearing as provided in chapter 17A.

A civil aircraft owned either wholly or in part by persons residing in this state, or operated, or otherwise controlled within the boundaries of the state for a period of more than thirty days, unless specifically excepted under this chapter, shall be registered annually with the department, by the owner thereof.

The registration year begins on the first day of the calendar month in which the civil aircraft is registered for the first time in the state and ends on the last day of the twelfth month of the registration year.

For aircraft registered in this state before July 1, 1988, the registration year begins on the first day of the calendar month assigned by the department and ends on the last day of the twelfth month of the registration year.

328.21 Aircraft registration fees.

An annual registration fee for each aircraft shall be paid to the department at the time of registration, to be computed as follows:

1. Unless otherwise provided in this section, for the first registration, a sum equal to one percent of the manufacturer's list price of the aircraft, not to exceed five thousand dollars.

2. The second year's registration fee is seventy-five hundredths of one percent of the manufacturer's list price of the aircraft; the third year's fee is fifty hundredths of one percent; and the fourth and subsequent year's fee is twenty-five hundredths of one percent. When an aircraft other than a new aircraft is registered in Iowa, the registration fee shall be based upon the number of years the aircraft was previously registered. However, an aircraft shall not be registered for a fee of less than thirty-five dollars or more than five thousand dollars.

3. The registration fee for an aircraft operated in scheduled interstate airline operation, owned by an Iowa person and operated part-time within this state shall be a fee of one hundred dollars. The application for registration shall be supported by such records as the department shall prescribe.

4. Should the department find and determine that no established manufacturer's list price exists for any such aircraft the department is hereby authorized and empowered to determine and fix the fair value of such aircraft which fair value shall be used in lieu of a manufacturers' list price in computing the registration fee for each such aircraft as otherwise provided by this section.

When the fee as so computed results in a fractional part of a dollar, it shall be computed to the nearest dollar.

5. An aircraft thirty years old or older, which is used exclusively for noncommercial purposes, shall be registered as an antique aircraft for a fee of thirty-five dollars.

6. An aircraft, unless exempt under section 328.35, which is damaged, is not airworthy, and is not in flying condition is not subject to registration fees if the owner of the aircraft submits information required by the department. Upon receipt of that information, the department shall issue a certificate which states that the registration fee has not been paid and that the aircraft shall not use the airports or the air space overlying the state until the fee has been paid.

7. The registration fee for a helicopter used exclusively as an air ambulance is one thousand dollars.

8. An aircraft owned and operated by an aviation business located at a publicly owned, public use airport and providing, under agreement with the governing body of the airport, a specified minimum level of aviation services to the general public, shall be registered for a fee of one hundred dollars.

The refund shall be paid from the general fund of the state.

The registration fee for the unexpired portion of the year shall be refunded pro rata to the nearest full calendar month, except that a refund shall not be allowed if the unused portion of the fee is less than thirty-five dollars per aircraft.

329.1 Definitions.

The following words, terms, and phrases, when used in this chapter, shall, for the purposes of this chapter, have the meaning herein given, unless otherwise specifically defined, or unless another intention clearly appears, or the context otherwise requires:

1. “*Airport*” means any area of land or water designed and set aside for the landing and take-off of aircraft and utilized, or to be utilized, in the interest of the public for such purposes.

2. “*Airport hazard*” means any structure or tree or use of land which would exceed the federal obstruction standards as contained in 14 C.F.R. sections 77.21, 77.23 and 77.25 as revised March 4, 1972, and which obstruct the air space required for the flight of aircraft and landing or take-off at

an airport or is otherwise hazardous to such landing or taking off of aircraft.

3. “*Airport hazard area*” means any area of land or water upon which an airport hazard might be established if not prevented as provided by this chapter.

4. “*Department*” means the state department of transportation.

5. “*Municipality*” means any county or city of this state.

6. “*Obstruction*” means any tangible, inanimate physical object, natural or artificial, protruding above the surface of the ground.

7. “*Person*” means any individual, firm, co-partnership, corporation, company, association, joint stock association, or body politic, and in-

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §329.1]

329.2 Airport hazards contrary to public interest.

It is hereby found that an airport hazard endangers the lives and property of users of the airport and of occupants of land and other persons in its vicinity, and also, if of the obstruction type, in effect reduces the size of the area available for the landing, taking off and maneuvering of aircraft, thus tending to destroy or impair the utility of the airport and the public investment therein. Accordingly, it is hereby declared:

1. That the creation or establishment of an airport hazard is a public nuisance and an injury to the community served by the airport in question.

2. That it is necessary in the interest of the public health, safety, and general welfare that the creation or establishment of airport hazards be prevented.

3. That this should be accomplished, to the extent legally possible, by proper exercise of the police power.

4. That the prevention of the creation or establishment of airport hazards, and the elimination, removal, alteration, mitigation, or marking and lighting of existing airport hazards are public purposes for which municipalities may raise and expend public funds, as an incident to the operation of airports, to acquire land or property interests therein.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §329.2]

See §657.2(8)

329.3 Zoning regulations — powers granted.

Every municipality having an airport hazard area within its territorial limits may adopt, administer, and enforce in the manner and upon the conditions prescribed by this chapter, zoning regulations for such airport hazard area, which regulations may divide such area into zones and, within such zones, specify the land uses permitted, and regulate and restrict, for the purpose of preventing airport hazards, the height to which structures and trees may be erected or permitted to grow.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §329.3]

329.4 Extra-territorial airport hazard areas.

When any airport hazard area appertaining to an airport owned or controlled by a municipality is located outside the territorial limits of said municipality:

1. *Ordinances.* The municipality owning or controlling the airport, and the municipality within which the airport hazard area is located, may by duly adopted ordinance adopt, administer, and enforce airport zoning regulations applicable to the airport hazard area.

2. *Petition to district court.* If the municipality within which is located such airport hazard area has failed or refused, within sixty days after demand has been made upon it by any municipality owning or controlling the airport, to adopt reasonably adequate airport zoning regulations under section 329.3, or to join in adopting joint airport zoning regulations as authorized in subsection 1 of this section, the municipality owning or controlling the airport may, upon a resolution of necessity therefor duly adopted by its governing body, petition the district court of the county in which such airport hazard area or any part thereof is located, in the name of the municipality owning or controlling the affected airport, praying that zoning regulations be established for the airport hazard area in question.

3. *Petition — contents.* Such petition shall allege all essential facts showing the necessity for bringing such action, the relief sought including proposed zoning regulations, and the necessity therefor.

4. *Parties.* The parties defendant in such action shall be the municipality in which such airport hazard area is located, and all persons having an apparent or contingent interest in the property located within such area, who may be joined in said action generally as a class.

5. *Procedure.* The action shall be triable in equity and in accordance with general rules of civil procedure, except that such action shall have precedence over any other business of the court except criminal cases, and the court shall set said petition for hearing not less than sixty days nor more than one hundred twenty days from the date it is filed with the clerk of said court.

6. *Notice.* The original notice in such action shall be served upon the municipality in which such airport hazard area is located, and in the same manner as original notice of any other action but not less than thirty days prior to the date set for trial; and upon all other defendants by the publication of said notice in some newspaper or newspapers of general circulation within the area described in the petition, or as near thereto as possible, which publication shall be in the same manner as provided for the publication of other original notices, provided, however, that the last publi-

cation thereof shall be not less than thirty days prior to the date set for trial.

7. *Decree and modification.* Upon trial the court may enter decree establishing such zoning regulations as it shall find reasonable and necessary. The court having once taken jurisdiction of such matter shall retain continuing jurisdiction thereof for such subsequent modification as it may deem advisable, upon proper application of interested parties, and due showing made thereunder after such notice to possible adverse parties as the court shall prescribe.

8. *Appeal.* Any person or municipality adversely affected or aggrieved by any findings of the court may appeal therefrom as in other civil actions.

9. *Enforcement.* Following the entry of any final decree by the district court, and unless appeal has been taken therefrom, the zoning regulations established by such decree may be enforced, and violations thereof punished, as provided by section 329.14.

329.5 Prevention of airport hazards.

Any municipality owning or controlling an airport may maintain actions in equity to restrain and abate as nuisances the creation or establishment of airport hazards appertaining to said airport, in violation of any zoning regulations adopted or established pursuant to the provisions of this chapter for any area whether within or without the territorial limits of said municipality.

See §657.2(8)

329.6 Zoning powers.

If any municipality owning or controlling an airport adjacent to which there is an airport hazard area shall fail or refuse, within sixty days after demand made upon it by the department, to adopt reasonably adequate airport zoning regulations under section 329.3, or to proceed as provided in section 329.4, the department may petition the district court of the county in which such airport hazard area, or any part thereof, is located, in the name of the state, praying that zoning regulations be established for the airport hazard area in question, and the provisions of section 329.4, subsections 3 to 9, shall apply to such actions provided, however, that such municipality shall be joined as a party defendant in any such action.

The department may maintain actions in equity to restrain and abate as nuisances the creation or establishment of airport hazards appertaining to any airport within the state, in violation of any zoning regulations adopted or established pursuant to the provisions of this chapter.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §329.6]

329.7 Relation to comprehensive zoning regulations.

Any municipality which adopts zoning ordinances under chapter 414 or chapter 335 may incorporate therein airport hazard area zoning regulations and administer and enforce them as provided in this chapter.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, S81, §329.7; 81 Acts, ch 117, §1051]

329.8 Conflicting regulations.

In the event of any conflict between any airport zoning regulations adopted or established under this chapter and any other regulations applicable to the same area, whether the conflict be with respect to the height of structures or trees, the use of land, or any other matter, the more stringent limitation or requirement shall govern and prevail.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §329.8]

329.9 Procedure for adopting zoning regulations — zoning commission.

In adopting, amending, and repealing airport zoning regulations under this chapter the governing body of a city shall follow the procedure in sections 414.4 and 414.6 and the board of supervisors of a county shall follow the procedure in sections 335.6 and 335.8. The commission so appointed shall be known as the airport zoning commission. The airport zoning commission shall consist of two members from each municipality selected by the governing body and one additional member to act as chairperson and to be selected by a majority vote of the members selected by the municipality. The terms of the members of the airport zoning commission shall be for six years excepting that when the board is first created, one of the members appointed by each municipality shall be appointed for a term of two years and one for a term of four years. Members may be removed for cause by the appointing authority upon written charges after public hearing. Vacancies shall be filled for the unexpired term of any member whose office becomes vacant in the same manner in which the member was selected.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, S81, §329.9; 81 Acts, ch 117, §1052]

329.10 Airport zoning requirements.

1. All airport zoning regulations adopted under this chapter shall be reasonable and none shall impose any requirement or restriction which is not necessary to effectuate the purposes of this chapter.

2. *a.* Airport zoning regulations adopted under this chapter may require, at the municipality's

expense, the removal, lowering, or other change or alteration of any structure or tree, or a change in use, not conforming to the regulations when adopted or amended.

b. Airport zoning regulations adopted under this chapter may require a property owner to permit the municipality at its own expense to install, operate, and maintain on the property markers and lights as necessary to indicate to operators of aircraft the presence of the airport hazard.

3. All such regulations may provide that a pre-existing nonconforming structure, tree, or use, shall not be replaced, rebuilt, altered, allowed to grow higher, or replanted, so as to constitute a greater airport hazard than it was when the airport zoning regulations or amendments to the regulations were adopted.

329.11 Variances.

Any person desiring to erect or increase the height of any structure, or to permit the growth of any tree, or otherwise use the person's property in violation of airport zoning regulations adopted under this chapter, may apply to the board of adjustment for a variance from the zoning regulations. Such variances shall be allowed where a literal application or enforcement of the regulations would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest, but would do substantial justice and be in accordance with the spirit of the regulations and this chapter; provided, however, that any such variance may be allowed subject to any reasonable conditions that the board of adjustment may deem necessary to effectuate the purposes of this chapter, including the reservation of the right of the municipality, at its own expense, to install, operate, and maintain thereon such markers and lights as may be necessary to indicate to operators of aircraft the presence of the airport hazard.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §329.11]

329.12 Board of adjustment — creation — powers — duties.

The governing body of any municipality seeking to exercise powers under this chapter shall by ordinance provide for the appointment of a board of adjustment, as provided in section 414.7 for a city, or as provided in section 335.10 for a county. The board of adjustment has the same powers and duties, and its procedure and appeals are subject to the same provisions as established in sections 414.9 to 414.19 for a city, or sections 335.12 to 335.21 for a county.

The concurring vote of a majority of the board shall be necessary to reverse any order, requirement, decision or determination of any administrative official or to decide in favor of the applicant on any matter upon which it is required to pass under any regulations adopted pursuant to this chapter or to effect any variance therefrom.

The board of adjustment shall consist of two members from each municipality, selected by the governing body thereof, and one additional member to act as chairperson and to be selected by a majority vote of the members selected by the municipality. Members shall be removable for cause by the appointing authority upon written charges and after public hearing. Vacancies shall be filled for the unexpired term of any member whose office becomes vacant in the same manner in which said member was selected. The terms of the members of the board of adjustment shall be for five years, excepting that when the board shall first be created, one of the members appointed by each municipality shall be appointed for a term of two years and one for a term of four years.

329.13 Administration of airport zoning regulations.

All airport zoning regulations adopted under this chapter shall provide for the administration and enforcement of such regulations by an administrative agency (which may be an agency created by such regulations), or by any official, board, or other existing agency of the municipality adopting the regulations, or of one or both of the municipalities which participated therein, but in no case shall such administrative agency be or include any member of the board of adjustment. The duties of any administrative agency designated pursuant to this chapter shall not include any of the powers herein delegated to the board of adjustment.

If a majority of the voters favors placing the management and control of the airport in an

airport commission, the commission shall be established as provided in this chapter.

The management and control of an airport by an airport commission may be ended in the same manner. If a majority of the voters does not favor continuing the management and control of the airport in an airport commission, the commission shall stand abolished sixty days from and after the date of the election, and the power to maintain and operate the airport shall revert to the city or county.

The governing body shall by ordinance set the commencement dates of office and the length of the terms of office which shall be no more than six and no less than three years. The terms of the first appointees of a newly created commission shall be staggered by length of term and all subsequent appointments shall be for full terms. 1. The bonds issued by an authority pursuant to this chapter shall be authorized by resolution of the board and shall be either term or serial bonds, shall bear such date or dates, mature at such time or times, not exceeding forty years from their respective dates, bear interest at such rate or rates, not exceeding that permitted by chapter 74A payable semiannually, be in such denominations, be in such form, either coupon or fully registered, shall carry such registration, exchangeability and interchangeability privileges, be payable in such medium of payment and at such place or places, within or without the state, be subject to such terms of redemption and be entitled to such priorities on the revenues, rates, fees, rentals, or other charges or receipts of the authority as the resolution or any subsequent resolution may provide. The bonds shall be executed either by manual or facsimile signature by the officers as an authority shall determine, provided that the bonds shall bear at least one signature which is manually executed thereon, and the coupons attached to the bonds shall bear the facsimile signature or signa-

tures of the officer or officers as shall be designated by an authority and the bonds shall have the seal of the authority, affixed, imprinted, reproduced, or lithographed thereon, all as may be prescribed in the resolution or resolutions. 2. An authority shall have the power, at any time and from time to time after the issuance of bonds shall have been authorized, to borrow money for the purposes for which the bonds are to be issued in anticipation of the receipt of the proceeds of the sale of the bonds and within the authorized maximum amount of the bond issue. Any loan shall be paid within three years after the date of the initial loan. However, before the retirement of the notes by any means other than the issuance of bonds it shall amend or repeal the resolution authorizing the issuance of the bonds, in anticipation of the proceeds of the sale of which the notes were issued, so as to reduce the authorized amount of the bond issue by the amount of the notes retired. The amendatory or repealing resolution takes effect upon its passage.

3. Any such resolution or resolutions authorizing any bonds hereunder may contain provisions which shall be part of the contract with the holders of such bonds, as to:

b. The construction, improvement, operation, extensions, enlargement, maintenance, repair, or

f. Limitations on the issuance of additional bonds.

g. The terms and provisions of any deed of trust, mortgage, or indenture securing the bonds or under which the same may be issued.

h. Any other or additional agreements with the holders of the bonds as are customary and proper and which in the judgment of an authority will make said bonds more marketable.

4. An authority may enter into any deeds of trust, mortgages, indentures, or other agreements, with any bank or trust company or any other lender within or without the state as security for such bonds, and may assign and pledge all or any of the revenues, rates, fees, rentals, or other charges or receipts of an authority thereunder. Such deeds of trust, mortgages, indentures, or other agreements, may contain such provisions as may be customary in such instruments, or, as an authority may authorize, including, but without limitation, provisions as to:

a. The construction, improvement, operation, leasing, maintenance, and repair of the aviation facilities and duties of an authority with reference thereto.
