GENERAL ASSEMBLY OF IOWA

PREFACE TO 2001 IOWA CODE

The 2001 Iowa Code is published pursuant to Code chapter 2B. Its form is substantially the same as the 1999 Iowa Code, and it covers the permanent enactments of the 1999 and 2000 sessions of the Seventy-eighth General Assembly. The 2001 Code is published in four textual volumes and one Tables and Index volume. A Skeleton and Popular Name Index printed on colored paper appears at the end of each volume.

ARRANGEMENTS OF CODE TITLES, SUBTITLES, AND CHAPTERS. The Table of Contents on page v enumerates the titles and subtitles found in the Code, and each volume contains an Analysis by Titles, Subtitles, and Chapters for that volume.

EDITORIAL DECISIONS. If multiple amendments were enacted to a section or part of a section, all changes that are duplicative or otherwise do not appear to conflict are harmonized as required by Code section 4.11. It is generally assumed that a strike or repeal prevails over an amendment to the same material and does not create an irreconcilable conflict, and that the substitution of the correct title of an officer or department as authorized by law does not create a conflict. Code sections 4.4 through 4.11 provide guidance for codifying conflicting provisions. Code section 2B.13 governs the ongoing revision of gender references, authorizes other editorial changes, and provides for the effective date of the changes. At the end of Volume IV are Code Editor's Notes which explain the major editorial decisions relating to enactments of the 2000 session. The Code Editor's Notes relating to enactments of the 1999 session appear at the end of the 1999 Code Supplement.

HISTORIES. Bracketed material at the end of many Code sections traces the history of the subject matter of those sections up through 1982. Beginning with the 1985 Code, that form of section history was not updated. An amendment to or enactment of a section which occurred during or after the 1983 legislative session is indicated by the addition of an Acts citation at the end of the section. If a section is transferred to a new location, the section history will indicate the Code or Code Supplement in which the transfer took place.

CONSTITUTIONS. A codified version of the 1857 Constitution of the State of Iowa, as well as the original version, is included with the introductory material at the beginning of Volume I.

TABLES. The tables appear at the beginning of the index volume which is entitled "Tables and Index."

The editorial staff of the Iowa Code welcomes your comments and suggestions for improvements.

1. Appointment of members.

a. Not later than May 15 of each year ending in one, a temporary county redistricting commission shall be established as provided by this section for counties which have either plan "two" or plan "three" supervisor representation plans. If a county has either plan "two" or plan "three" supervisor representation plans and the number of members of the board is increased or decreased under section 331.203 or 331.204, the temporary county redistricting commission shall be established by May 15 of the year preceding the year of the next general election.

b. The board shall determine the size of the membership of the temporary county redistricting commission which may be three, five, or seven in number. The minimum number of members constituting a majority of the membership shall be appointed by the majority party members of the board. The remaining number of members of the temporary county redistricting commission shall be appointed by the minority party members of the board. If the members of the board are all members of one political party or if the minority members of the board are not all members of only one

political party, the minority representation of the temporary county redistricting commission shall be appointed by the chair of the county central committee for the party, other than the party of the majority members of the board, which received the most votes in that county cast for its candidate for president of the United States or for governor at the last preceding general election, as the case may be. If that party's county central committee has no chair, the appointments shall be made by the chair of that party's state central committee.

c. A member of the county board of supervisors may be appointed as a member of the temporary county redistricting commission. No person shall be appointed to the temporary county redistricting commission who is not an eligible elector of the county at the time of appointment.

d. A vacancy on the temporary county redistricting commission shall be filled by the initial selecting authority within fifteen days after the vacancy occurs.

e. Members of the temporary county redistricting commission shall receive a per diem as specified by the board, travel expenses at the rate provided by section 70A.9, and reimbursement for other necessary expenses incurred in performing their duties.

f. Each of the appointing authorities shall certify to the county commissioner of elections the authority's appointment of a person to serve on the temporary county redistricting commission.

2. Adoption of plans.

a. The temporary county redistricting commission, upon appointment, shall acquire official census population data from the latest federal decennial census including the corresponding census maps and shall use that information in drawing and adopting the county's supervisor districting plan. The commission shall draw the plan, to the extent applicable, in accordance with section 42.4. If the county has a plan "three" supervisor representation plan, the temporary county redistricting commission shall also draw and adopt the county's corresponding precinct plan in accordance with sections 49.3, 49.4, and 49.6.

b. After the temporary county redistricting commission has finished its preliminary proposed county supervisor districting plan and corresponding precinct plan, if applicable, the commission shall at the earliest feasible time make available to the public all of the following information:

- (1) Copies of the legal description of the plans.
- (2) Maps illustrating the plans.
- (3) A summary of the standards prescribed by law for development of the plans.
- (4) A statement of the population of each district included in the plan, and the relative deviation of each district population from the ideal district population.
- (5) A statement of the population of each precinct, if applicable.

c. Upon the completion of the county's preliminary proposed plans, the temporary county redistricting commission shall do all of the following:

(1) As expeditiously as possible, schedule and conduct at least one public hearing on the proposed plans.

(2) Allow members of the public to present alternative plans at the public hearing.

(3) Following the hearings, promptly prepare and make available to the public a report summarizing information and testimony received by the temporary county redistricting commission in the course of the hearings. The report shall include any comments and conclusions which its members deem appropriate regarding the information and testimony received at the hearings, or otherwise presented to the temporary county redistricting commission.

d. After the requirements of paragraphs "a" through "c" have been met, the temporary county redistricting commission shall adopt a supervisor district plan and corresponding precinct plan, if applicable, and shall submit the plan to the board of supervisors for their approval. Prior to adoption of a plan by the commission, any member of the temporary county redistricting commission may submit precinct or district plans to the commission for a vote, either independently or as an amendment to a plan presented by other members of the commission.

The board of supervisors shall review the plan submitted by the temporary county redistricting commission and shall approve or reject the plan. If the plan is rejected, the board shall give written reasons for the rejection of the plan and shall direct the commission to prepare a second plan. The board of supervisors may amend the second plan submitted for approval by the commission. Any amendment must be accompanied by a written statement declaring that the amendment is necessary to bring the submitted plan closer in conformity to the standards in section 42.4.

e. The plan approved by the board of supervisors shall be submitted to the state commissioner of elections for approval. If the plan does not meet the standards of section 42.4, the state commissioner shall reject the plan, and the board of supervisors shall direct the commission to prepare and adopt an acceptable plan.

If, after the initial proposed supervisor district plan or precinct plan has been submitted to the state commissioner for approval, it is necessary for the temporary county redistricting commission to make subsequent attempts at adopting an acceptable plan, the subsequent plans do not require public hearings.

3. *Open meetings and public records.* Chapters 21 and 22 shall apply to the temporary county redistricting commission.

4. *Termination.* The terms of the members of the temporary county redistricting commission shall expire twenty days following the date the

If a city-county consolidation charter is proposed, within ninety days following the final report of the commission, a resident or property owner of the commission area proposed to be consolidated may bring an action in district court for declaratory judgment to determine the legality of the proposed charter and to otherwise declare the effect of the charter. The referendum on the proposed charter shall be stayed during pendency of the action and for such additional time during which the proposed charter or its enabling legislation does not conform to the Constitution or laws of the State of Iowa. protect and preserve the rights, privileges, and property of the county or of its residents, and to preserve and improve the peace, safety, health, welfare, comfort, and convenience of its residents. This grant of home rule powers does not include the power to enact private or civil law governing civil relationships, except as incident to an exercise of an independent county power.

3. The enumeration of a specific power of a county, the repeal of a grant of power, or the failure to state a specific power does not limit or restrict the general grant of home rule power conferred by the Constitution and this section. A county may exercise its general powers subject only to limitations expressly imposed by a state law.

4. An exercise of a county power is not inconsistent with a state law unless it is irreconcilable with the state law.

5. A county shall substantially comply with a procedure established by a state law for exercising a county power unless a state law provides otherwise. If a procedure is not established by state law, a county may determine its own procedure for exercising the power.

6. A county shall not set standards and requirements which are lower or less stringent than those imposed by state law, but may set standards and requirements which are higher or more stringent than those imposed by state law, unless a state law provides otherwise.

c. A provision of a lease or lease-purchase contract which stipulates that a portion of the rent payments be applied as interest is subject to chapter 74A. Other laws relating to interest rates do not apply. Chapter 75 is not applicable. A county

enterprise is a separate entity under this subsection, whether it is governed by the board or another governing body.

d. The board must follow substantially the same authorization procedure required for the issuance of general obligation bonds issued for the same purpose to authorize a lease or a lease-purchase contract made payable from the debt service fund.

e. The board may authorize a lease or lease-purchase contract which is payable from the general fund and which would not cause the total of lease and lease-purchase payments of the county due from the general fund of the county in any future year for lease or lease-purchase contracts in force on the date of the authorization, excluding payments to exercise purchase options or to pay the expenses of operation or ownership of the property, to exceed ten percent of the last certified general fund budget amount in accordance with the following procedures:

(1) The board must follow substantially the authorization procedures of section 331.443 to authorize a lease or lease-purchase contract for personal property which is payable from the general fund. (a) The board must institute proceedings for entering into a lease or lease-purchase contract payable from the general fund by causing a notice of the meeting to discuss entering into the lease or lease-purchase contract, including a statement of the principal amount and purpose of the lease or lease-purchase and the right to petition for an election, to be published as provided in section 331.305 at least ten days prior to the discussion meeting. No sooner than thirty days following the

discussion meeting shall the board hold a meeting at which it is proposed to take action to enter into the lease or lease-purchase contract.

(b) If at any time before the end of the thirty-day period after which a meeting may be held to take action to enter into the lease or lease-purchase contract, a petition is filed with the auditor in the manner provided by section 331.306, asking that the question of entering into the lease or lease-purchase contract be submitted to the registered voters of the county, the board shall either by resolution declare the proposal to enter into the lease or lease-purchase contract to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of entering into the lease or lease-purchase contract. f. The governing body may authorize a lease or lease-purchase contract payable from the net revenues of a county enterprise or combined county enterprise by following the authorization procedures of section 331.464.

g. A lease or lease-purchase contract to which a county is a party or in which a county has a participatory interest is an obligation of a political subdivision of this state for the purposes of chapters 502 and 636, and is a lawful investment for banks, trust companies, building and loan associations, savings and loan associations, investment companies, insurance companies, insurance associations, executors, guardians, trustees, and any other fiduciaries responsible for the investment of funds.

h. Property that is lease-purchased by a county is exempt under section 427.1, subsection 2.

i. A contract for construction by a private party of property to be leased or lease-purchased by a county is not a contract for a public improvement under section 331.341, subsection 1. However, if a lease-purchase contract is funded in advance by means of the lessor depositing moneys to be administered by a county, with the county's obligation to make rent payments commencing with its receipt of moneys, a contract for construction of the property in question awarded by the county is

a public improvement and is subject to section 331.341, subsection 1.

11. A county may enter into insurance agreements obligating the county to make payments beyond its current budget year to procure or provide for a policy of insurance, a self-insurance program, or a local government risk pool to protect the county against tort liability, loss of property, or any other risk associated with the operation of the county. However, those self-insurance plans regulated pursuant to section 509A.14 shall remain subject to the requirements of section 509A.14 and rules adopted pursuant to that section.

13. The board of supervisors may waive a tax penalty, interest, or costs related to the collection of a tax if the board finds that a clerical error resulted in the penalty, interest, or cost. This subsection does not apply to bonded special assessments without the approval of the affected taxing jurisdiction.

14. The county may establish a department of public works. The department shall be administered by the county engineer or other person appointed by the board of supervisors. In addition to other duties assigned by the board, the department shall provide technical assistance to political subdivisions in the county including special districts relating to their physical infrastructure and may provide managerial and administrative services for special districts and combined special districts.

15. a. A county may adopt and enforce an ordinance requiring the construction of a storm shelter at a mobile home park which is constructed after July 1, 1999. In lieu of requiring construction of a storm shelter, a county may require a park owner to provide a plan for the evacuation of park residents to a safe place of shelter in times of severe weather including tornadoes and high winds if the county determines that a safe place of shelter is available within a reasonable distance of the mobile home park for use by park residents. 1. The board shall exercise a power or perform a duty only by the passage of a motion, a resolution, an amendment, or an ordinance.

2. A county shall not provide a penalty in excess of a five hundred dollar fine or in excess of thirty days imprisonment for the violation of an ordinance. The criminal penalty surcharge required by section 911.2 shall be added to a county fine and is not a part of the county’s penalty.

3. The subject matter of an ordinance or amendment shall be generally described in its title.

4. An amendment to an ordinance or to a code of ordinances shall specifically repeal the ordinance or code, or the section, subsection, paragraph, or subpart to be amended, and shall set forth the ordinance, code, section, subsection, paragraph, or subpart as amended.

4A. a. A county may by ordinance adopt by reference any portion of the Code of Iowa in effect at the time of the adoption in the manner provided in section 380.8 for adoption of a proposed code of ordinances containing a proposed new ordinance or amendment, subject to the following limitations:

(1) The ordinance shall describe the subject matter and identify the portion of the Code of Iowa adopted by chapter, section, and subsection or other subpart, as applicable.

(2) A portion of the Code of Iowa may be adopted by reference only if the criminal penalty provided by the law adopted does not exceed thirty days imprisonment and a five hundred dollar fine.

(3) Amendments or other changes to those portions of the Code of Iowa which have been

adopted by reference shall serve as an automatic modification of the applicable ordinance.

b. An ordinance which adopts by reference any portion of the Code of Iowa may provide that violations of the ordinance are county infractions and subject to the limitations of section 331.307.

5. A proposed ordinance or amendment shall be considered and voted on for passage at two meetings of the board prior to the meeting at which it is to be finally passed, unless this requirement is suspended by a recorded vote of not less than a majority of the supervisors.

However, if a summary of the proposed ordinance or amendment is published as provided in section 331.305 prior to its first consideration and copies are available at the time of publication at the office of the auditor, the ordinance or amendment shall be considered and voted on for passage at one meeting prior to the meeting at which it is to be finally passed, unless this requirement is suspended by a recorded vote of not less than a majority of the supervisors.

6. Passage of an ordinance, amendment, or resolution requires an affirmative vote of not less than a majority of the supervisors. Each supervisor’s vote on an ordinance, amendment, or resolution shall be recorded.

7. A resolution becomes effective upon passage and an ordinance or amendment becomes a law when a summary of the ordinance or the complete text of the ordinance is published, unless a subsequent effective date is provided within the measure. As used in this subsection, “*summary*” shall mean a narrative description of the terms and conditions of an ordinance setting forth the main points of the ordinance in a manner calculated to inform the public in a clear and understandable manner the meaning of the ordinance and which shall provide the public with sufficient notice to conform to the desired conduct required by the ordinance. The description shall include the title of the ordinance, an accurate and intelligible abstract or synopsis of the essential elements of the ordinance, a statement that the description is a summary, the location and the normal business hours of the office where the ordinance may be inspected, when the ordinance becomes effective, and the full text of any provisions imposing fines, penalties, forfeitures, fees, or taxes. Legal descriptions of property set forth in ordinances shall be described in full, provided that maps or charts may be substituted for legal descriptions when they contain sufficient detail to clearly define the area with which the ordinance is concerned. The narrative description shall be written in a clear and coherent manner and shall, to the extent possible, avoid the use of technical or legal terms not generally familiar to the public. When necessary to use technical or legal terms not generally familiar to the public, the narrative description shall include definitions of those terms.

8. The auditor shall promptly record each measure, publish a summary of all ordinances or a complete text of the ordinances and amendments as provided in section 331.305, authenticate all measures except motions with signature and certification as to time and manner of publication, if any, and maintain for public use copies of all effective ordinances and codes. A copy of the complete text of an ordinance or amendment shall also be available for distribution to the public at the office of the county auditor. The auditor's certification is presumptive evidence of the facts stated therein.

9. At least once every five years, the board shall compile a code of ordinances containing all of the county ordinances in effect.

If a proposed code of ordinances contains only existing ordinances edited and compiled without change in substance, the board may adopt the code by ordinance.

If a proposed code of ordinances contains a proposed new ordinance or amendment, the board shall hold a public hearing on the proposed code before adoption. The auditor shall publish notice of the hearing as provided in section 331.305. Copies of the proposed code of ordinances shall be available at the auditor's office and the notice shall so state. Within thirty days after the hearing, the board may adopt the proposed code of ordinances which becomes law upon publication of the ordinance adopting it. If the board substantially amends the proposed code of ordinances after a hearing, notice and hearing shall be repeated.

Ordinances and amendments which become effective after adoption of a code of ordinances may be compiled as a supplement to the code, and upon adoption of the supplement by resolution, become part of the code of ordinances.

An adopted code of ordinances is presumptive evidence of the passage, publication, and content of the ordinances therein as of the date of the auditor's certification of the ordinance adopting the code or supplement.

10. The compensation paid to a newspaper for a publication required by this section shall not exceed the fee provided in section 618.11. The compensation paid to a newspaper for publication of the complete text of an ordinance shall not exceed three-fourths of the fee provided in section 618.11.

11. The board may adopt the provisions of a statewide or nationally recognized standard code or portions of any such code by an ordinance which identifies the code by subject matter, source, and date, and incorporates the provisions either by reference or by setting them forth in full. The code or portion shall be adopted only after notice and hearing in the manner provided in subsection 9.

12. Immediately after the effective date of a measure establishing a zoning district, building lines, or fire limits, the auditor shall certify the measure and a plat showing the district, lines, or limits, to the recorder. The recorder shall record

the measure and plat in the miscellaneous record or other book provided for special records, and shall index the record.

13. A measure voted upon is not invalid because a supervisor has a conflict of interest, unless the vote of the supervisor was decisive to passage of the measure. If a majority or unanimous vote of the board is required by statute, the majority or vote shall be computed on the basis of the number of supervisors not disqualified by reason of conflict of interest. However, a majority of all supervisors is required for a quorum. For the purposes of this subsection, the statement of a supervisor that the supervisor declines to vote by reason of conflict of interest is conclusive and shall be entered of record.

14. A valid measure adopted by a county prior to July 1, 1981, remains valid unless the measure is irreconcilable with a state law.

15. A county shall not provide a civil penalty in excess of five hundred dollars for the violation of an ordinance which is classified as a county infraction or if the infraction is a repeat offense, a civil penalty not to exceed seven hundred fifty dollars for each repeat offense. A county infraction is not punishable by imprisonment.

331.307 County infractions.

1. A county infraction is a civil offense punishable by a civil penalty of not more than five hundred dollars for each violation or if the infrac-

tion is a repeat offense a civil penalty not to exceed seven hundred fifty dollars for each repeat offense.

2. A county by ordinance may provide that a violation of an ordinance is a county infraction.

3. A county shall not provide that a violation of an ordinance is a county infraction if the violation is a felony, an aggravated misdemeanor, or a serious misdemeanor under state law or if the violation is a simple misdemeanor under chapters 687 through 747.

4. An officer authorized by a county to enforce a county code or regulation may issue a civil citation to a person who commits a county infraction. The citation may be served by personal service as provided in rule of civil procedure 56.1, by certified mail addressed to the defendant at the defendant's last known mailing address, return receipt requested, or by publication in the manner as provided in rule of civil procedure 60 and subject to the conditions of rule of civil procedure 60.1. A copy of the citation shall be retained by the issuing officer, and one copy shall be sent to the clerk of the district court. The citation shall serve as notification that a civil offense has been committed and shall contain the following information:

- a. The name and address of the defendant.
- b. The name or description of the infraction attested to by the officer issuing the citation.
- c. The location and time of the infraction.
- d. The amount of civil penalty to be assessed or the alternate relief sought, or both.
- e. The manner, location, and time in which the penalty may be paid.
- f. The time and place of court appearance.
- g. The penalty for failure to appear in court.

5. In proceedings before the court for a county infraction:

a. The matter shall be tried before a magistrate or district associate judge in the same manner as a small claim.

b. The county has the burden of proof that the county infraction occurred and that the defendant committed the infraction. The proof shall be by clear, satisfactory, and convincing evidence.

c. The court shall ensure that the defendant has received a copy of the charges and that the defendant understands the charges. The defendant may question all witnesses who appear for the county and produce evidence or witnesses on the defendant's behalf.

d. The defendant may be represented by counsel of the defendant's own selection and at the defendant's own expense.

e. The defendant may answer by admitting or denying the infraction.

f. If a county infraction is proven, the court shall enter judgment against the defendant. If the infraction is not proven, the court shall dismiss it.

6. Notwithstanding section 602.8106, subsection 3, penalties or forfeitures collected by the court for county infractions shall be remitted to the county in the same manner as fines and forfei-

tures are remitted to cities for criminal violations under section 602.8106. If the person named in the citation is served as provided in this section and fails without good cause to appear in response to the civil citation, judgment shall be entered against the person cited.

7. A person against whom judgment is entered, shall pay court costs and fees as in small claims under chapter 631. If the action is dismissed, the county is liable for the court costs and court fees. Where the action is disposed of without payment, or provision for assessment, of court costs, the clerk shall at once enter judgment for costs against the county.

8. Seeking a civil penalty as authorized in this section does not preclude a county from seeking alternative relief from the court in the same action.

9. When judgment has been entered against a defendant, the court may do any of the following:

a. Impose a civil penalty by entry of a personal judgment against the defendant.

b. Direct that payment of the civil penalty be suspended or deferred under conditions imposed by the court.

c. Grant appropriate alternative relief ordering the defendant to abate or cease the violation.

d. Authorize the county to abate or correct the violation.

e. Order that the county's costs for abatement or correction of the violation be entered as a personal judgment against the defendant or assessed against the property where the violation occurred, or both.

If a defendant willfully violates the terms of an order imposed by the court, the failure is contempt.

The magistrate or district associate judge shall have jurisdiction to assess or enter judgment for costs of abatement or correction in an amount not to exceed the jurisdictional amount for a money judgment in a civil action pursuant to section 631.1, subsection 1, for magistrates and section 602.6306, subsection 2, for district associate judges. If the county seeks abatement or correction costs in excess of those amounts, the case shall be referred to the district court for hearing and entry of an appropriate order. The procedure for hearing in the district court shall be the same procedure as that for a small claims appeal pursuant to section 631.13.

10. A defendant or the county may file a motion for a new trial or may appeal the decision of the magistrate or district associate judge to the district court. The procedure on appeal shall be the same as for a small claim pursuant to section 631.13. A factual determination made by the trial court, supported by substantial evidence as shown in the record, is binding for purposes of appeal relating to the violation at issue, but shall not be admissible or binding as to any future violation for the same or similar ordinance provision by the same defendant.

11. This section does not preclude a peace officer of a county from issuing a criminal citation for a violation of a county code or regulation if criminal penalties are also provided for the violation. Each day that a violation occurs or is permitted by the defendant to exist, constitutes a separate offense.

12. The issuance of a civil citation for a county infraction or the ensuing court proceedings do not provide an action for false arrest, false imprisonment, or malicious prosecution.

The budget shall show the amount required for each class of proposed expenditures, a comparison of the amounts proposed to be expended with the amounts expended for like purposes for the two preceding years, the revenues from sources other than property taxation, and the amount to be raised by property taxation, in the detail and form prescribed by the director of the department of management.

2. Not less than twenty days before the date that a budget must be certified under section 24.17 and not less than ten days before the date set for the hearing under subsection 3 of this section, the board shall file the budget with the auditor. The auditor shall make available a sufficient number

of copies of the budget to meet the requests of taxpayers and organizations and have them available for distribution at the courthouse or other places designated by the board.

3. The board shall set a time and place for a public hearing on the budget before the final certification date and shall publish notice of the hearing not less than ten nor more than twenty days prior to the hearing in the county newspapers selected under chapter 349. A summary of the proposed budget, in the form prescribed by the director of the department of management, shall be included in the notice. Proof of publication shall be filed with and preserved by the auditor. A levy is not valid unless and until the notice is published and filed. The department of management shall prescribe the form for the public hearing notice for use by counties.

4. At the hearing, a resident or taxpayer of the county may present to the board objections to or arguments in favor of any part of the budget.

5. After the hearing, the board shall adopt by resolution a budget and certificate of taxes for the next fiscal year and shall direct the auditor to properly certify and file the budget and certificate of taxes as adopted. The board shall not adopt a tax in excess of the estimate published, except a tax which is approved by a vote of the people, and a greater tax than that adopted shall not be levied or collected. A county budget and certificate of taxes adopted for the following fiscal year becomes effective on the first day of that year.

6. The board shall appropriate, by resolution, the amounts deemed necessary for each of the different county officers and departments during the ensuing fiscal year. Increases or decreases in these appropriations do not require a budget amendment, but may be provided by resolution at a regular meeting of the board, as long as each class of proposed expenditures contained in the budget summary published under subsection 3 of this section is not increased. However, decreases in appropriations for a county officer or department of more than ten percent or five thousand dollars, whichever is greater, shall not be effective unless the board sets a time and place for a public hearing on the proposed decrease and publishes notice of the hearing not less than ten nor more than twenty days prior to the hearing in the county newspapers selected under chapter 349.

7. Taxes levied by a county whose budget is certified after March 15 shall be limited to the prior year's budget amount. However, this penalty may be waived by the director of the department of management if the county demonstrates that the March 15 deadline was missed because of circumstances beyond the control of the county.

The board shall prepare and adopt a budget amendment in the same manner as the original budget, as provided in section 331.434, and the amendment is subject to protest as provided in section 331.436, except that the director of the department of management may by rule provide that amendments of certain types or up to certain amounts may be made without public hearing and without being subject to protest. A county budget for the ensuing fiscal year shall be amended by May 31 to allow time for a protest hearing to be held and a decision rendered before June 30. 1. For the purposes of section 331.424A, this section, section 331.439, and chapter 426B, unless the context otherwise requires:

a. "Base year expenditures" means the amount selected by a county and reported to the county finance committee pursuant to this paragraph. The amount selected shall be equal to the amount of net expenditures made by the county for qualified mental health, mental retardation, and developmental disabilities services provided in one of the following:

(1) The actual amount reported to the state on October 15, 1994, for the fiscal year beginning July 1, 1993.

(2) The net expenditure amount contained in the county's final budget certified in accordance with chapter 24 for the fiscal year beginning July 1, 1995, and reported to the county finance committee.

If the county finance committee approved the county's petition, filed in accordance with 2000 Iowa Acts, chapter 1090, for an adjustment in base year expenditures, to transfer accrual of appropriations and revenues attributable to acquisition of capital assets from the county's services fund to the county's general fund, the amount in subparagraph (1) or (2) that was selected by the county shall be adjusted accordingly.

b. "Per capita expenditure" means the amount derived from the sum of a county's expenditures for mental health, mental retardation, and developmental disabilities services for a fiscal year as reported to the department of human services pursuant to section 331.439, plus the state payment to the county and any payments made under section 426B.5 for that fiscal year, divided by the county's general population for that fiscal year.

b. A county's portion of the allowed growth factor adjustment appropriation for a fiscal year shall be determined based upon the county's proportion of the state's general population.

c. The department of human services shall provide for payment of the amount due a county for the county's allowed growth factor adjustment determined in accordance with this subsection. The director of human services shall authorize warrants payable to the county treasurer for the amounts due and the warrants shall be mailed in January of each year. The county treasurer shall credit the amount of the warrant to the county's services fund created under section 331.424A.

3. The state payment shall not include any expenditures for services that were provided but not reported in the county's base year expenditures or

for any expenditures which were not included in the county management plan submitted by the county in accordance with section 331.439. A county's eligibility for state payment is subject to the provisions of section 331.439.

A legislative member serves in an ex officio, nonvoting capacity and is eligible for per diem and expenses as provided in section 2.10.

(4) A member who is not a legislator shall have expenses and other costs paid by the state or the county entity that the member represents. The committee shall elect officers, adopt operating procedures, and meet as deemed necessary by the committee. Terms of office for the appointed voting members of the committee are three years and shall be staggered. A vacancy on the committee shall be filled in the same manner as the original appointment.

The recommendations developed for the state and county regarding managed care shall include but are not limited to standards for limiting excess costs and profits, and for restricting cost shifting under a managed care system.

(11) Provide input, when appropriate, to the director of human services in any decision involving administrative rules which were initially recommended by the management committee.

(12) Identify the fiscal impact of existing or proposed legislation and administrative rules on state and county expenditures.

331.439 Eligibility for state payment.

1. The state payment to eligible counties under this section shall be made as provided in sections 331.438 and 426B.2. A county is eligible for the state payment, as defined in section 331.438, for the fiscal year beginning July 1, 1996, and for subsequent fiscal years if the director of human services, in consultation with the state-county management committee, determines for a specific fiscal year that all of the following conditions are met:

a. The county accurately reported by December 1 the county's expenditures for mental health, mental retardation, and developmental disabilities services for the previous fiscal year on forms prescribed by the department of human services.

b. The county developed and implemented a county management plan for the county's mental health, mental retardation, and developmental disabilities services in accordance with the provisions of this paragraph "b". The plan shall comply with the administrative rules adopted for this purpose by the council on human services and is subject to the approval of the director of human services in consultation with the state-county management committee created in section 331.438. The plan shall include a description of the county's service management provision for mental health, mental retardation, and developmental disabili-

ties services. For mental retardation and developmental disabilities service management, the plan shall describe the county's development and implementation of a managed system of cost-effective individualized services and shall comply with the provisions of paragraph "d". The goal of this part of the plan shall be to assist the individuals served to be as independent, productive, and integrated into the community as possible. The service management provisions for mental health shall comply with the provisions of paragraph "c". A county is subject to all of the following provisions in regard to the county's management plan and planning process:

(1) The county shall have in effect an approved policies and procedures manual for the county's services fund. The county management plan shall be defined in the manual. The manual submitted by the county as part of the county's management plan for the fiscal year beginning July 1, 2000, as approved by the director of human services, shall remain in effect, subject to amendment. An amendment to the manual shall be submitted to the department of human services at least forty-five days prior to the date of implementation. Prior to implementation of any amendment to the manual, the amendment must be approved by the director of human services in consultation with the state-county management committee.

(2) For informational purposes, the county shall submit a management plan review to the department of human services by April 1 of each year. The annual review shall incorporate an analysis of the data associated with the services managed during the preceding fiscal year by the county or by a managed care entity on behalf of the county.

(3) For informational purposes, every three years the county shall submit to the department of human services a three-year strategic plan. The strategic plan shall describe how the county will proceed to attain the goals and objectives contained in the strategic plan for the duration of the plan. The three-year strategic plan shall be submitted by April 1, 2000, and by April 1 of every third year thereafter.

c. (1) For mental health service management, the county may either directly implement a system of service management and contract with service providers, or contract with a private entity to manage the system, provided all requirements of this lettered paragraph are met by the private entity. The mental health service management shall incorporate a single entry point and clinical assessment process developed in accordance with the provisions of section 331.440.

(2) The basis for determining whether a managed care system for mental health proposed by a county is comparable to a mental health managed care contractor approved by the department of human services shall include but is not limited to all of the following elements which shall be specified

in administrative rules adopted by the council on human services in consultation with the state-county management committee:

- (a) The enrollment and eligibility process.
- (b) The scope of services included.
- (c) The method of plan administration.
- (d) The process for managing utilization and access to services and other assistance.
- (e) The quality assurance process.
- (f) The risk management provisions and fiscal viability of the provisions, if the county contracts with a private managed care entity.

d. For mental retardation and developmental disabilities services management, the county must either develop and implement a managed system of care which addresses a full array of appropriate services and cost-effective delivery of services or contract with a state-approved managed care contractor or contractors. Any system or contract implemented under this paragraph shall incorporate a single entry point and clinical assessment process developed in accordance with the provisions of section 331.440. The elements of the managed system of care and the state-approved managed care contract or contracts shall be specified in rules developed by the department of human services in consultation with the state-county management committee and adopted by the council on human services.

2. The county management plan shall address the county's criteria for serving persons with chronic mental illness, including any rationale used for decision making regarding this population.

3. *a.* For the fiscal year beginning July 1, 1996, and succeeding fiscal years, the county's mental health, mental retardation, and developmental disabilities service expenditures for a fiscal year are limited to a fixed budget amount. The fixed budget amount shall be the amount identified in the county's management plan and budget for the fiscal year. The county shall be authorized an allowed growth factor adjustment as established by statute for services paid from the county's services fund under section 331.424A which is in accordance with the county's management plan and budget, implemented pursuant to this section. The statute establishing the allowed growth factor adjustment shall establish the adjustment for the fiscal year which commences two years from the beginning date of the fiscal year in progress at the time the statute is enacted.

b. Based upon information contained in county management plans and budgets, the state-county management committee shall recommend an allowed growth factor adjustment to the governor by November 15 for the fiscal year which commences two years from the beginning date of the fiscal year in progress at the time the recommendation is made. The allowed growth factor adjust-

ment shall address costs associated with new consumers of service, service cost inflation, and investments for economy and efficiency. In developing the service cost inflation recommendation, the committee shall consider the cost trends indicated by the gross expenditure amount reported in the expenditure reports submitted by counties pursuant to subsection 1, paragraph "a". The governor shall consider the committee's recommendation in developing the governor's recommendation for an allowed growth factor adjustment for such fiscal year. The governor's recommendation shall be submitted at the time the governor's proposed budget for the succeeding fiscal year is submitted in accordance with chapter 8.

c. The amount of the appropriation required to fund the allowed growth factor adjustment for a fiscal year shall be calculated by applying the adjustment established by statute for that fiscal year to the sum of the following:

(1) The total amount of base year expenditures for all counties.

(2) The total amount of the appropriations for allowed growth factor adjustments made to all counties in all of the fiscal years prior to that fiscal year.

4. A county may provide assistance to service populations with disabilities to which the county has historically provided assistance but who are not included in the service management provisions required under subsection 1, subject to the availability of funding.

5. A county shall implement the county's management plan in a manner so as to provide adequate funding for the entire fiscal year by budgeting for ninety-nine percent of the funding anticipated to be available for the plan. A county may expend all of the funding anticipated to be available for the plan.

6. The director's approval of a county's mental health, mental retardation, and developmental disabilities services management plan shall not be construed to constitute certification of the county's budget.

7. A county shall annually report data concerning the services managed by the county. At a minimum, the data reported shall indicate the number of different individuals who utilized services in a fiscal year and the various types of services. Data reported under this subsection shall be submitted with the county's expenditure report required under subsection 1, paragraph "a".

8. A county's management plans submitted under this section shall provide for services to children from community mental health centers and other mental health service providers accredited under chapter 225C.

331.440 Mental health, mental retardation, and developmental disabilities services — single entry point process.

1. *a.* For the purposes of this section, unless the context otherwise requires, “*single entry point process*” means a single entry point process established by a county or consortium of counties for the delivery of mental health, mental retardation, and developmental disabilities services which are paid for in whole or in part by county funds. The single entry point process may include but is not limited to reviewing a person’s eligibility for services, determining the appropriateness of the type, level, and duration of services, and performing periodic review of the person’s continuing eligibility and need for services. Any recommendations developed concerning a person’s plan of services shall be consistent with the person’s unique strengths, circumstances, priorities, concerns, abilities, and capabilities. For those services funded under the medical assistance program, the single entry point process shall be used to assure that the person is aware of the appropriate service options available to the person.

b. The single entry point process may include a clinical assessment process to identify a person’s service needs and to make recommendations regarding the person’s plan for services. The clinical assessment process shall utilize qualified mental health professionals and qualified mental retardation professionals.

c. The single entry point and clinical assessment process shall include provision for the county’s participation in a management information system developed in accordance with rules adopted pursuant to subsection 3.

2. The department of human services shall seek federal approval as necessary for the single entry point and clinical assessment processes to be eligible for federal financial participation under medical assistance. A county may implement the single entry point process as part of a consortium of counties and may implement the process beginning with the fiscal year ending June 30, 1995.

3. An application for services may be made through the single entry point process of a person’s county of residence. However, if a person who is subject to a single entry point process has legal settlement in another county or the costs of services or other support provided to the person are

the financial responsibility of the state, an authorization through the single entry point process shall be coordinated with the person’s county of legal settlement or with the state, as applicable. The county of residence and county of legal settlement of a person subject to a single entry point process may mutually agree that the single entry point process functions shall be performed by the single entry point process of the person’s county of legal settlement.

4. The council on human services shall consider the recommendations of the state-county management committee established in section 331.438 in adopting rules outlining standards and requirements for implementation of the single entry point and clinical assessment processes on the date required by subsection 2. The rules shall permit counties options in implementing the process based upon a county’s consumer population and available service delivery system.

331.440A Adult mental health, mental retardation, and developmental disabilities services funding decategorization pilot project.

1. *Definitions.* For the purposes of this section, unless the context requires otherwise:

a. “*Department*” means the department of human services.

b. “*Pilot project areas*” means the pilot project created under this section involving the county or multicounty single entry point process administrative areas designated in accordance with this section.

c. “*Target population*” means any person who is a legal resident of a pilot project county and meets both of the following conditions:

(1) The person is eighteen years of age or older. However, a person who is more than sixty-four years of age who requires full-time nursing facility care shall not be included in the target population.

(2) The person is eligible for assistance under the pilot project county management plan approved under section 331.439.

2. *Purpose.* The purpose of the pilot project is to improve outcomes for service consumers by allowing pilot project counties to administer overall projected funding from state and federal sources together with other available funding, and by reducing or eliminating unnecessary barriers associated with funding sources, and thereby to creatively meet the divergent, individual needs of service consumers in the community.

3. *Project established.* The department of human services shall establish a pilot project for decategorizing the public funding for adult mental health, mental retardation, and developmental disabilities services in accordance with this section. The pilot project shall include the three-

county single entry point process administrative areas designated for decategorization planning under 1997 Iowa Acts, chapter 169, section 13, Washington county, and Webster county. Under the pilot project, a projected funding amount for a fiscal year shall be developed for each of the pilot project areas, from the funding sources designated in this section. The projected funding amount for a fiscal year, manner of payment, and other provisions of the pilot project shall be delineated in contracts between the department and the counties involved in the pilot project.

4. *County management plan.* The counties participating in the pilot project shall amend their county management plans approved under section 331.439 to be applicable to the period of the pilot project. Unless a change in federal or state funding provisions reduces the availability of funding, a pilot project county's management plan eligibility provisions shall not be more restrictive than the provisions in effect as of June 30, 1999. The amended county management plans shall address the service needs of the populations served under the funding sources included in the pilot project beginning with the applicable phase.

For purposes of determining the financial responsibility of a pilot project county, a legal resident includes anyone living in the county at the time services or other support are provided who is a member of the target population. A legal resident includes but is not limited to a person who is homeless or living in a homeless shelter. However, if an individual resides in a pilot project county as a result of placement or referral for services or other support by another county or another state, financial responsibility remains with the other county or other state.

5. *County responsibilities.*

a. A county participating in the pilot project is responsible to provide or pay for services and other support to appropriately address the needs of the target population attributable to that county. This responsibility includes accountability for clinical, administrative, and fiscal functions.

b. A pilot project area may choose among alternative approaches in administering services under the pilot project. The alternative approaches include but are not limited to any of the following:

(1) A case rate approach to purchase of services.

(2) A fee-for-service purchasing approach with an emphasis on flexible, creative services.

(3) A mixed model involving both case rate and fee-for-service approaches.

c. A pilot project area shall provide data and other reports as provided in the contract with the department.

d. Moneys received by a county under the pilot project shall be deposited in the county's services fund. Moneys received that remain unencumbered or unobligated at the close of the fiscal year

shall remain available to be used to benefit the county's target population in the succeeding fiscal year.

e. Receipt and expenditures of moneys under the pilot project shall be subject to examination during the regular audit of the pilot project area counties performed in accordance with chapter 11.

6. *Funding—phases.* The department shall negotiate with the pilot project areas to identify the projected funding amount to be provided to the areas for a fiscal year. The projected funding amount shall be determined in accordance with a pilot project area's relative share of the statewide expenditures for services and other support paid by the funding sources included in the pilot project plus the related administrative expenses. Unless the commencement dates are delayed due to a determination by the oversight committee, the pilot project funding shall be implemented in two phases with the first phase to commence July 1, 2000, and the second phase to commence July 1, 2001, as provided in paragraph "d". Both phases of the pilot project shall end December 31, 2003. The phases of the pilot project shall be implemented as follows:

a. In the first phase, the department and the pilot project areas shall negotiate the specific projected funding amounts to be provided to each area. The department and the pilot project areas shall provide any data or other information necessary to accurately develop the projected amounts. The funding amount for the first phase shall be determined by December 30, 1999.

b. In the first phase, the mental health services funding sources for the pilot project areas shall include but are not limited to all of the following:

(1) The state share of the costs of care in the state mental health institutes.

(2) The mental health portion of any federal grant funding administered through the United States department of health and human services.

(3) Federal social services block grant funding.

(4) State case funding.

(5) State funding for the purchase of local services for persons with mental illness where the client has no established county of legal settlement.

(6) State supplementary assistance funding.

(7) To the extent allowed by the federal government, the mental health portion of federal funding provided for vocational rehabilitation of individuals with disabilities.

c. In the first phase, the mental retardation and other developmental disabilities services funding sources for the pilot project areas shall include but are not limited to all of the following:

(1) State and federal medical assistance funding for home and community-based waiver services to persons with mental retardation.

(2) The state share of the costs of care in the state resource centers.

(3) State and federal medical assistance payments for intermediate care facilities for persons with mental retardation services.

(4) Federal social services block grant funding.

(5) State funding for the purchase of local services for persons with mental retardation and other developmental disabilities where the client has no established county of legal settlement.

(6) State supplementary assistance funding.

Implementation of the second phase shall be subject to enactment by the general assembly of an implementation authorization.

7. *Oversight committee.*

a. An oversight committee shall be established to provide general oversight of the pilot project and the risk pool and to perform the duties outlined in this subsection. The oversight committee shall consist of the following members:

(1) At least one service consumer, one service provider, and one county supervisor from each of the pilot project areas, designated by the governor.

(2) An individual designated by the governor.

(3) One individual designated by the division of medical services of the department of human services and one individual designated by the division of mental health and developmental disabilities of the department of human services.

(4) An individual designated by the legislative council. If the individual designated by the legislative council is a member of the general assembly, that member shall be a nonvoting member.

b. The oversight committee shall have the following duties and responsibilities:

(1) The oversight committee may make a determination that implementation by the department of human services of a significant funding provision such as the rehabilitation option for persons with chronic mental illness or a waiver under the medical assistance program or another good cause reason justifies delay of the implementation of the pilot project phases as provided in subsection 6. If such a determination is made, the department of human services and pilot project counties shall delay implementation of the pilot project phases until a date identified by the oversight committee.

(2) The oversight committee shall arrange for an independent evaluation of the pilot project in accordance with subsection 9.

(3) The oversight committee shall provide assistance to the pilot project counties, the department of human services, and other interested

persons concerning implementation of the pilot project.

(4) The oversight committee shall perform functions for the risk pool in accordance with subsection 8.

8. *Risk pool.* In order to augment assistance from the risk pool of the property tax relief fund for which the pilot project counties may be eligible under section 426B.5, the pilot project administrative areas shall create and commit funding to a pilot project risk pool. The pilot project risk pool shall be used to cover unexpected costs resulting from an unanticipated event such as a legal settlement requirement or need for an exceptionally costly set of services or other support. Funding shall be committed on the basis of a percentage of the pilot project counties' overall budget for services under the counties' management plan with an annual maximum percentage for each area and an overall combined percentage maximum, as determined by the pilot project counties in consultation with the oversight committee. Expenditure of this risk pool funding shall be subject to authorization by the oversight committee.

9. *Outcomes and evaluation.*

a. In consultation with the oversight committee, the pilot project participants and the department shall agree on a set of outcomes and indicators to measure the effect of the pilot project upon the system of care in those counties. The department and pilot project areas shall annually report to the governor and general assembly by December 15 on the implementation status of the pilot project and the performance on the indicators. The report shall include any findings identified by the oversight committee.

b. The oversight committee shall arrange for an independent evaluation of the pilot project. The evaluation shall assess the quality of services as well as the cost-effectiveness of the pilot project. The evaluation shall include a focus on special populations such as persons who are homeless or who have multiple disabilities or service needs.

c. A final report concerning the pilot project shall be submitted by the department and the pilot project areas to the governor and general assembly. It is the intent of the general assembly to use that report to determine whether to continue the pilot project, revise it, terminate it, or implement the pilot project provisions or a similar approach statewide.

10. *Law — rules — implementation.*

a. If a provision of state law or administrative rule is in conflict with a provision of this section, the provision of this section shall prevail. State law and administrative rules governing the funding sources specified in this section are not applicable to use of the funding by the pilot project counties.

b. The department shall amend the medical assistance state plan and apply for federal waivers

as necessary to implement the provisions of this section.

c. The department shall amend its contract for managed behavioral health care under medical assistance as necessary to implement the second phase of the pilot project and for the medical assistance-eligible persons covered under that contract to instead be covered by the pilot project counties.

d. The pooling of funding sources and the provision of services under this pilot project and implementation of a risk pool as authorized in this section is not insurance and is not subject to regulation under chapters 505 through 523C.

e. The department of human services shall amend the state medical assistance plan, implement federal waivers, or take other actions as necessary for the pilot project areas to be able to draw federal funding for the start-up and other costs to implement the pilot project.

f. The department shall give consideration to implementing a rehabilitation option under the medical assistance program for persons with chronic mental illness.

g. The requirements of this section may be adapted as necessary to comply with federal law, regulation, or other requirements in order to assure federal financial participation in the pilot project.

Notice of the election and its conduct shall be in the manner provided in subsections 2, 3 and 4.

c. If no petition is filed, or if a petition is filed and the proposition of issuing the bonds is approved at an election, the board may proceed with the authorization and issuance of the bonds.

A general obligation bond is valid and binding if it bears the signatures of the officers in office on the date of the execution of the bonds, notwithstanding that any or all persons whose signatures appear have ceased to be such officers prior to the delivery of the bonds.

3. General obligation bonds issued pursuant to this part are negotiable instruments.

331.447 Taxes to pay bonds.

1. Taxes for the payment of general obligation bonds shall be levied in accordance with chapter 76, and the bonds are payable from the levy of unlimited ad valorem taxes on all the taxable property within the county through its debt service fund required by section 331.430 except that:

a. The amount estimated and certified to apply on principal and interest for any one year shall not exceed the maximum rate of tax, if any, provided by this division for the purpose for which the bonds were issued. If general obligation bonds are issued for different categories, as provided in section 331.445, the maximum rate of levies, if any, for each purpose shall apply separately to that portion of the bond issue for that category and the resolution authorizing the bond issue shall clearly set forth the annual debt service requirements with respect to each purpose in sufficient detail to indicate compliance with the rate of tax levy, if any.

b. The amount estimated and certified to apply on principal and interest for any one year may only exceed the statutory rate of levy limit, if any, by the amount that the registered voters of the county have approved at a special election, which may be held at the same time as the general election and may be included in the proposition authorizing the issuance of bonds, if an election on the proposition is necessary, or may be submitted as a separate proposition at the same election or at a different election. Notice of the election shall be given as specified in section 331.305. If the proposition includes issuing bonds and increasing the levy limit, it shall be in substantially the following form:

Shall the county of, state of Iowa, be authorized to (here state purpose of project) at a total cost not exceeding \$ and issue its general obligation bonds in an amount not exceeding \$ for that purpose, and be authorized to levy annually a tax not exceeding dollars and cents per thousand dollars of the assessed value of the taxable property within the county to pay the principal of and interest on the bonds?

If the proposition includes only increasing the levy limit it shall be in substantially the following form:

Shall the county of, state of Iowa, be authorized to levy annually a tax not exceeding dollars and cents per thousand dollars of the assessed value of the taxable property within the county to pay principal and interest on the bonded indebtedness of the county for the purpose of ?

2. A statutory or voted tax levy limitation does not limit the source of payment of bonds and interest, but only restricts the amount of bonds which may be issued.

3. For the sole purpose of computing the amount of bonds which may be issued as the result of the application of a statutory or voted tax levy limitation, all interest on the bonds in excess of that accruing in the first twelve months may be excluded from the first annual levy of taxes, so that

the need for including more than one year's interest on the first annual levy of taxes to pay the bonds and interest does not operate to further restrict the amount of bonds which may be issued, and in certifying the annual levies, the first annual levy of taxes shall be sufficient to pay all principal of and interest on the bonds becoming due prior to the next succeeding annual levy and the full amount of the annual levy shall be entered for collection as provided in chapter 76.

An action shall not be brought which questions the legality of general obligation bonds or the power of the county to issue the bonds or the effectiveness of any proceedings relating to the authorization and issuance of the bonds from and after sixty days from the time the bonds are ordered issued by the county.

2. The enumeration in this part of specified powers and functions is not a limitation of the powers of counties, but this part and the procedures prescribed for exercising the powers and functions enumerated in this part control in the event of a conflict with any other law.

331.449 Prior projects preserved.

Projects and proceedings for the issuance of general obligation bonds commenced before July 1, 1981, may be consummated and completed as required or permitted by any statute amended or repealed by this Act* as though the repeal or amendment had not occurred, and the rights, duties, and interests following from such projects and proceedings remain valid and enforceable. 331.462 County enterprises — combined county enterprises.

1. A county which proposes to establish, own, acquire by purchase, condemnation, or otherwise, lease, sell, construct, reconstruct, extend, remodel, improve, repair, equip, maintain and operate within or without its corporate limits a county enterprise or combined county enterprise financed by revenue bonds shall do so in accordance with this part.

2. If a combined county enterprise is dissolved, each county enterprise which was a part of the combined county enterprise shall continue in existence as a separate county enterprise until it is abandoned by the board.

3. A combined county enterprise may be established, but if there are obligations outstanding which by their terms are payable from the revenues of any county enterprise involved, the obligations shall be assumed by the board subject to all terms established at the time of the original issue, or refunded through the issuance of revenue bonds of the combined county enterprise as a part of the procedure for the establishment of the combined county enterprise, or funds sufficient to pay the principal of and all interest and premium, if any, on the outstanding obligations at and prior to maturity shall be set aside and pledged for that purpose. Revenues earmarked for payment of the obligations shall be handled by the board in the same manner as they were handled for the county enterprise involved. A county enterprise shall not be abandoned and a combined county enterprise shall not be dissolved so long as there are obligations outstanding which by their terms are payable from the revenues of the county enterprise or combined county enterprise unless funds sufficient to pay the principal of and all interest and premium, if any, on the outstanding obligations at and prior to maturity have been set aside and pledged for that purpose.

[S81, §331.462; 81 Acts, ch 117, §461]

331.463 Procedure for financing.

1. The board may carry out projects, borrow money, and issue revenue bonds and pledge orders to pay all or part of the cost of projects, the revenue bonds and pledge orders to be payable solely out of the net revenues of the county enterprise or combined county enterprise involved in the project. The cost of a project includes the construction contracts, interest upon the revenue bonds and pledge orders during the period or estimated period of construction and for twelve months thereafter, or for twelve months after the acquisition date, reserve funds as the board deems advisable in connection with the project and the issuance of revenue bonds and pledge orders, and the costs of engineering, architectural, technical and legal services, preliminary reports, surveys, property valuations, estimates, plans, specifications, notices,

acquisition of real and personal property, consequential damages or costs, easements, rights of way, supervision, inspection, testing, publications, printing and sale of bonds and provisions for contingencies. The board may sell revenue bonds or pledge orders at public or private sale in the manner prescribed by chapter 75 and may deliver revenue bonds and pledge orders to the contractors, sellers, and other persons furnishing materials and services constituting a part of the cost of the project in payment therefor.

The board may deliver its revenue bonds to the federal government or any agency thereof which has loaned the county money for sanitary or solid waste projects, water projects, or other projects, for which the government has a loan program.

2. The board may issue revenue bonds to refund revenue bonds, pledge orders, and other obligations which are by their terms payable from the net revenues of the same county enterprise or combined county enterprise, or from a county enterprise comprising a part of the combined county enterprise, at lower, the same, or higher rates of interest. A county may sell refunding revenue bonds at public or private sale in the manner prescribed by chapter 75 and apply the proceeds to the payment of the obligations being refunded, and may exchange refunding revenue bonds in payment and discharge of the obligations being refunded. The principal amount of refunding revenue bonds may exceed the principal amount of the obligations being refunded to the extent necessary to pay any premium due on the call of the obligations being refunded and to fund interest accrued and to accrue on the obligations being refunded.

3. The board may contract to pay not to exceed ninety-five percent of the engineer's estimated value of the acceptable work completed during the month to the contractor at the end of each month for work, material, or services. Payment may be made in warrants drawn on any fund from which payment for the work may be made. If such funds are depleted, anticipatory warrants may be issued bearing a rate of interest not exceeding that permitted by chapter 74A even if a collection of taxes or special assessments or income from the sale of bonds which have been authorized and are applicable to the public improvement takes place after the fiscal year in which the warrants are issued. If the board arranges for the private sale of anticipatory warrants, they may be sold and the proceeds used to pay the contractor. The warrants may also be used to pay other persons furnishing services constituting a part of the cost of the public improvement.

[S81, §331.463; 81 Acts, ch 117, §462; 82 Acts, ch 1104, §50]

331.464 Revenue bonds.

1. The board may issue revenue bonds pursuant to a resolution adopted at a regular or spe-

cial meeting by a majority of the total number of members of the board.

2. Before the board institutes proceedings for the issuance of revenue bonds, it shall fix a time and place of meeting at which it proposes to take action, and give notice by publication in the manner directed in section 331.305. The notice must include a statement of the time and place of the meeting, the maximum amount of the proposed revenue bonds, the purpose for which the revenue bonds will be issued, and the county enterprise or combined county enterprise whose net revenues will be used to pay the revenue bonds and interest thereon. At the meeting the board shall receive oral or written objections from any resident or property owner of the county. After all objections have been received and considered, the board, at the meeting or a date to which it is adjourned, may take additional action for the issuance of the bonds or abandon the proposal to issue bonds. Any resident or property owner of the county may appeal a decision of the board to take additional action to the district court of the county within fifteen days after the additional action is taken, but the additional action of the board is final and conclusive unless the court finds that the board exceeded its authority. The provisions of this subsection with respect to notice, hearing, and appeal are in lieu of those contained in any other law.

3. Revenue bonds may bear dates, bear interest at rates not exceeding those permitted by chapter 74A, mature in one or more installments, be in either coupon or registered form, carry registration and conversion privileges, be payable as to principal and interest at times and places, be subject to terms of redemption prior to maturity with or without premium, and be in one or more denominations, all as provided by the resolution of the board authorizing their issuance. The resolution may also prescribe additional provisions, terms, conditions, and covenants which the board deems advisable, consistent with this part, including provisions for creating and maintaining reserve funds, the issuance of additional revenue bonds ranking on a parity with such revenue bonds and additional revenue bonds junior and subordinate to such revenue bonds, and that such revenue bonds shall rank on a parity with or be junior and subordinate to any revenue bonds which may be then outstanding. Revenue bonds are a contract between the county and holders and the resolution is a part of the contract.

4. Revenue bonds shall be executed by the chairperson of the board and the auditor. If coupons are attached to the revenue bonds, they shall be executed with the original or facsimile signature of the auditor. A revenue bond is valid and binding for all purposes if it bears the signatures of the officers in office on the date of the execution of the bonds notwithstanding that any or all persons whose signatures appear have ceased to be such officers prior to the delivery of the bonds. The

issuance of revenue bonds shall be recorded in the office of the treasurer, and a certificate of the recording by the treasurer shall be printed on the back of each revenue bond.

5. Revenue bonds, pledge orders and warrants issued under this part are negotiable instruments.

6. The board may issue pledge orders pursuant to a resolution adopted by a majority of the total number of supervisors, at a regular or special meeting, ordering their issuance and delivery in payment for all or part of the cost of a project. Pledge orders may bear interest at rates not exceeding those permitted by chapter 74A.

7. The physical properties of a county enterprise or combined county enterprise shall not be pledged or mortgaged to secure the payment of revenue bonds or pledge orders or the interest thereon.

[S81, §331.464; 81 Acts, ch 117, §463]

331.465 Rates for proprietary functions.

1. The board may establish, impose, adjust, and provide for the collection of rates to produce gross revenues at least sufficient to pay the expenses of operation and maintenance of the county enterprise or combined county enterprise and, if revenue bonds or pledge orders are issued and outstanding under this part, shall establish, impose, adjust, and provide for the collection of rates to produce gross revenues at least sufficient to pay the expenses of operation and maintenance of the county enterprise or combined county enterprise, and to leave a balance of net revenues sufficient at all times to pay the principal of and interest on the revenue bonds and pledge orders as they become due and to maintain a reasonable reserve for the payment of the principal and interest, and a sufficient portion of net revenues shall be pledged for that purpose. Rates shall be established by ordinance. Rates or charges for the services of a county enterprise defined in section 331.461, subsection 2, paragraph "b", if not paid as provided by ordinance, constitute a lien upon the premises served and may be certified to the county treasurer and collected in the same manner as taxes. The treasurer may charge five dollars for each lien certified as an administrative expense, which amount shall be added to the amount of the lien to be collected at the time of payment of the assessment from the payor and credited to the county general fund.

2. The board may:

a. By ordinance establish, impose, adjust and provide for the collection of charges for connection to a county enterprise or combined county enterprise.

b. Contract for the use of or services provided by a county enterprise or combined county enterprise with persons whose type or quantity of use or service is unusual.

c. Lease for a period not to exceed fifteen years all or part of a county enterprise or combined

county enterprise, if the lease will not reduce the net revenues to be produced by the county enterprise or combined county enterprise.

d. Contract for a period not to exceed forty years with other governmental bodies for the use of or the services provided by the county enterprise or combined county enterprise on a wholesale basis.

e. Contract for a period not to exceed forty years with persons including but not limited to other governmental bodies for the purchase or sale of water.

331.466 Records — accounts — funds.

1. The governing body of each county enterprise or combined county enterprise operated on a revenue producing basis shall maintain a proper system of books, records and accounts.

2. The gross revenues of each county enterprise or combined county enterprise shall be deposited with the treasurer and kept by the treasurer in a separate account apart from the other funds of the county and from each other. The treasurer shall apply the gross revenues of each county enterprise or combined county enterprise only as ordered by the board and in strict compliance with the orders, including the provisions, terms, conditions and covenants of any and all resolutions of the board pursuant to which revenue bonds or pledge orders are issued and outstanding.

[S81, §331.466; 81 Acts, ch 117, §465]

331.467 Pledge — payment — remedy.

1. The pledge of any net revenues of a county enterprise or combined county enterprise is valid and effective as to all persons including but not limited to other governmental bodies when it becomes valid and effective between the county and the holders of the revenue bonds or pledge orders.

2. Revenue bonds and pledge orders are payable both as to principal and interest solely out of the portion of the net revenues of the county enterprise or combined county enterprise pledged to their payment and are not a debt of or charge against the county within the meaning of any constitutional or statutory debt limitation provision.

3. The sole remedy for a breach or default of a term of a revenue bond or pledge order is a proceeding in law or in equity by suit, action, or mandamus to enforce and compel performance of the duties required by this part and of the terms of the resolution authorizing the issuance of the revenue bonds or pledge orders, or to obtain the appointment of a receiver to take possession of and operate the county enterprise or combined county enterprise, and to perform the duties required by this part and the terms of the resolution authorizing the issuance of the revenue bonds or pledge orders.

[S81, §331.467; 81 Acts, ch 117, §466]

331.468 Funds — payments.

1. If a county enterprise or combined county enterprise has on hand surplus funds, after making all deposits into all funds required by the terms, covenants, conditions, and provisions of outstanding revenue bonds, pledge orders, and other obligations which are payable from the revenues of the county enterprise or combined county enterprise and after complying with all of the requirements, terms, covenants, conditions and provisions of the proceedings and resolutions pursuant to which revenue bonds, pledge orders, and other obligations are issued, the board may transfer the surplus funds to any other fund of the county in accordance with applicable law, provided that a transfer shall not be made if it conflicts with any of the requirements, terms, covenants, conditions, or provisions of any resolution authorizing the issuance of revenue bonds, pledge orders, or other obligations which are payable from the revenues of the county enterprise or combined county enterprise which are then outstanding.

2. This part does not prohibit or prevent the board from using funds derived from the issuance of general obligation bonds, the levy of special assessments and the issuance of special assessment bonds, and any other source which may be properly used for such purpose, to pay a part of the cost of a project.

3. The county shall pay for the use of or the services provided by the county enterprise or combined county enterprise as any other customer, except that the county may pay for use or service at a reduced rate or receive free use or service so long as the county complies with the provisions, terms, conditions and covenants of all resolutions pursuant to which revenue bonds or pledge orders are issued and outstanding.

[S81, §331.468; 81 Acts, ch 117, §467]

331.469 Statute of limitation — powers — conflicts.

1. An action shall not be brought which questions the legality of revenue bonds, the power of the board to issue revenue bonds, or the effectiveness of any proceedings relating to the authorization and issuance of revenue bonds, from and after sixty days from the time the bonds are ordered issued by the board.

2. The enumeration in this part of specified powers and functions is not a limitation of the powers of counties, but this part and the procedures prescribed for exercising the powers and functions enumerated in this part control in the event of a conflict with any other law.

[S81, §331.469; 81 Acts, ch 117, §468]

331.470 Prior projects preserved.

Projects and proceedings for the issuance of revenue bonds, pledge orders, and other temporary

obligations, commenced before July 1, 1981 may be completed as required or permitted by any statute amended or repealed by this Act*, as though the amendment or repeal had not occurred, and the rights, duties, and interests resulting from the projects and proceedings remain valid and enforceable. Projects commenced prior to July 1, 1981 may be financed by the issuance of revenue bonds, pledge orders, and other temporary obligations under any such amended or repealed law or by the issuance of revenue bonds and pledge orders under this part. For purposes of this section, commencement of a project includes but is not limited to action taken by the board or an authorized officer to fix a date for either a hearing or an election in connection with any part of the project, and commencement of proceedings for the issuance of revenue bonds, pledge orders, and other temporary obligations includes, but is not limited to, action taken by the board to fix a date for either a hearing or a sale in connection with any part of such revenue bonds, pledge orders, or other temporary obligations or to order any part thereof to be issued.

*See 81 Acts, ch 117

331.471 County enterprise commissions.

1. As used in this section, “*commission*” means a commission established under this section to manage a county enterprise or combined county enterprise. Upon receipt of a valid petition as defined in section 331.306 requesting that a proposal for establishment or discontinuance of a commission be submitted to the voters, or upon its own motion, the board shall submit the proposal at the next general election or at an election which includes a proposal to establish, acquire, lease, or dispose of the county enterprise or combined county enterprise.

2. A proposal for the establishment of a county enterprise commission shall specify a commission of either three or five members. If a majority of those voting approves the proposal, the board shall proceed as proposed. If a majority of those voting does not approve the proposal, the same or a similar proposal shall not be submitted to the voters of the county and the board shall not establish a commission for the same purpose for at least four years from the date of the election at which the proposal was defeated.

3. If a proposal to discontinue a commission receives a favorable majority vote, the commission is dissolved at the time provided in the proposal and shall turn over to the board the management of the county enterprise or combined county enterprise and all property relating to it.

4. If a proposal to establish a commission receives a favorable majority vote, the commission is established at the time provided in the proposal. The board shall appoint the commission members, as provided in the proposal and this section. The

board shall provide by resolution for staggered six-year terms for and shall set the compensation of commission members.

5. A commission member appointed to fill a vacancy occurring by reason other than the expiration of a term is appointed for the balance of the unexpired term.

6. The title of a commission shall be appropriate to the county enterprise or combined county enterprise administered by the commission. A commission may be a party to legal action. A commission may exercise all powers of the board in relation to the county enterprise or combined county enterprise it administers, with the following exceptions:

a. A commission shall not certify taxes to be levied, pass ordinances or amendments, or issue general obligation bonds.

b. The title to all property of a county enterprise or combined county enterprise shall be held in the name of the county, but the commission has all the powers and authorities of the board with respect to the acquisition by purchase, condemnation or otherwise, lease, sale or other disposition of the property, and the management, control and operation of the property, subject to the requirements, terms, covenants, conditions and provisions of any resolutions authorizing the issuance of revenue bonds, pledge orders, or other obligations which are payable from the revenues of the county enterprise or combined county enterprise, and which are then outstanding.

The statement shall include a list of all claims allowed, showing the name of the person or firm making the claim, the reason for the claim, and the amount of the claim. Salary claims must show the gross amount of the claim except that salaries paid to persons regularly employed by the commission, for services regularly performed by the persons shall be published once annually showing the gross amount of the salary. In counties having more than one hundred fifty thousand population the commission shall each month prepare in pamphlet form the statement required in this paragraph for the preceding month, and furnish copies to the public library, the daily and official newspapers of the county, the auditor, and to persons who apply at the office of the secretary, and the pamphlet shall constitute publication as required. Failure by the secretary to make publication is a simple misdemeanor.

7. A commission shall control tax revenues allocated to the county enterprise or combined

county enterprise it administers and all moneys derived from the operation of the county enterprise or combined county enterprise, the sale of its property, interest on investments, or from any other source related to the county enterprise or combined county enterprise.

When a death occurs in the manner specified in section 331.802, subsection 3, the body shall not be disturbed or removed from the position in which it is found without authorization from the county medical examiner or the state medical examiner except for the purpose of preserving the body from loss or destruction or permitting the passage of traffic on a highway, railroad or airport, or unless the failure to immediately remove the body might endanger life, safety, or health. However, the body of a deceased person may be sent out of state for the purpose of an autopsy or postmortem examination if the county medical examiner certifies in writing that the out-of-state autopsy or postmortem examination is necessary or, in the case of a death which is not of public interest as specified in section 331.802, subsection 3, if the attending physician certifies to the county medical examiner that the performance of the autopsy out of state is proper.

ber, shape, and area as may be deemed best suited to carry out the purposes of this chapter; and within such districts it may regulate and restrict the erection, construction, reconstruction, alteration, repair, or use of buildings, structures or land. All such regulations and restrictions shall be uniform for each class or kind of buildings throughout each district, but the regulations in one district may differ from those in other districts.

The regulations shall be made in accordance with a comprehensive plan and designed to preserve the availability of agricultural land; to consider the protection of soil from wind and water erosion; to encourage efficient urban development patterns; to lessen congestion in the street or highway; to secure safety from fire, flood, panic, and other dangers; to protect health and the general welfare; to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population; to promote the conservation of energy resources; to promote reasonable access to solar energy; and to facilitate the adequate provision of transportation, water, sewerage, schools, parks and other public requirements. However, provisions of this section relating to the objectives of energy conservation and access to solar energy shall not be construed as voiding any zoning regulation existing on July 1, 1981, or to require zoning in a county that did not have zoning prior to July 1, 1981.

Such regulations shall be made with reasonable consideration, among other things, as to the character of the area of the district and the peculiar suitability of such area for particular uses, and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout such county.

The conditions must be reasonable and imposed to satisfy public needs which are directly caused by the requested change. In case, however, of a protest against the change signed by the owners of twenty percent or more either of the area included in the proposed change, or of the area immediately adjacent to the proposed change and within five hundred feet of the boundaries of the proposed change, the amendment shall not become effective except by the favorable vote of at least sixty percent of all of the members of the board of supervisors. 335.25 Zoning for family homes.

1. It is the intent of this section to assist in improving the quality of life of persons with a developmental disability or brain injury by integrating them into the mainstream of society by making available to them community residential opportunities in the residential areas of this state. In order to implement this intent, this section shall be liberally construed.

2. *a. "Brain injury"* means brain injury as defined in section 135.22.

b. "Developmental disability" means a disability of a person which has continued or can be expected to continue indefinitely and which is one of the following:

(1) Attributable to mental retardation, cerebral palsy, epilepsy, or autism.

(2) Attributable to any other condition found to be closely related to mental retardation because the condition results in impairment of general intellectual functioning or adaptive behavior similar to that of persons with mental retardation or requires treatment and services similar to those required for the persons.

(3) Attributable to dyslexia resulting from a disability described in either subparagraph (1) or (2).

(4) Attributable to a mental or nervous disorder.

c. "Family home" means a community-based residential home which is licensed as a residential care facility under chapter 135C or as a child foster care facility under chapter 237 to provide room and board, personal care, habilitation services, and supervision in a family environment exclusively for not more than eight persons with a developmental disability or brain injury and any necessary support personnel. However, family home does not mean an individual foster family home licensed under chapter 237.

d. "Permitted use" means a use by right which is authorized in all residential zoning districts.

e. "Residential" means regularly used by its occupants as a permanent place of abode, which is made one's home as opposed to one's place of business and which has housekeeping and cooking facilities for its occupants only.

3. Notwithstanding the optional provision in section 335.1 and any other provision of this chapter to the contrary, a county, county board of supervisors, or a county zoning commission shall consider a family home a residential use of property for the purposes of zoning and shall treat a family home as a permitted use in all residential zones or districts, including all single-family residential

zones or districts, of the county. A county, county board of supervisors, or a county zoning commission shall not require that a family home, its owner, or operator obtain a conditional use permit, special use permit, special exception, or variance. However, new family homes owned or operated by public or private agencies shall be dispersed through the residential zones and districts and shall not be located within contiguous areas equivalent in size to city block areas. Section 135C.23, subsection 2, shall apply to all residents of a family home.

4. A restriction, reservation, condition, exception, or covenant in a subdivision plan, deed, or other instrument of or pertaining to the transfer, sale, lease, or use of property in a county which permits residential use of property but prohibits the use of property as a family home for persons with a developmental disability or brain injury, to the extent of the prohibition, is void as against the public policy of this state and shall not be given legal or equitable effect.

If a county adopts an agricultural land preservation ordinance under this chapter which subjects farmland to the same use restrictions provided in section 352.6 for agricultural areas, section 6B.3, subsection 1, paragraph f, and sections 352.10 to 352.12 shall apply to farms and farm operations which are subject to the agricultural land preservation ordinance.

335.28 and 335.29 Reserved.

335.30 Manufactured and modular homes.

A county shall not adopt or enforce zoning regulations or other ordinances which disallow the plans and specifications of a proposed residential structure solely because the proposed structure is a manufactured home. However, a zoning ordinance or regulation shall require that a manufactured home be located and installed according to the same standards, including but not limited to, a permanent foundation system, set-back, and minimum square footage which would apply to a site-built, single family dwelling on the same lot, and shall require that the home is assessed and taxed as a site-built dwelling. A zoning ordinance or other regulation shall not require a perimeter

foundation system for a manufactured home which is incompatible with the structural design of the manufactured home structure. A county shall not require more than one permanent foundation system for a manufactured home. For purposes of this section, a permanent foundation may be a pier footing foundation system designed and constructed to be compatible with the structure and the conditions of the site. When units are located outside a mobile home park, requirements may be imposed which ensure visual compatibility of the permanent foundation system with surrounding residential structures. As used in this section, “*manufactured home*” means a factory-built structure, which is manufactured or constructed under the authority of 42 U.S.C. § 5403 and is to be used as a place for human habitation, but which is not constructed or equipped with a permanent hitch or other device allowing it to be moved other than for the purpose of moving to a permanent site, and which does not have permanently attached to its body or frame any wheels or axles. This section shall not be construed as abrogating a recorded restrictive covenant.

A county shall not adopt or enforce construction, building, or design ordinances, regulations, requirements, or restrictions which would mandate width standards greater than twenty-four feet, roof pitch, or other design standards for manufactured housing if the housing otherwise complies with 42 U.S.C. § 5403. A county shall not adopt or enforce zoning or subdivision regulations or other ordinances which mandate width standards for a single modular or manufactured home which is sited upon land otherwise zoned as agricultural land. However, this paragraph shall not prohibit a county from adopting and enforcing zoning regulations related to transportation, water, sewerage, or other land development.

A county shall not adopt or enforce zoning or subdivision regulations or other ordinances which disallow or make infeasible the plans and specifications of land-leased communities because the

housing within the land-leased community will be manufactured housing.

“*Land-leased community*” means any site, lot, field, or tract of land under common ownership upon which ten or more occupied manufactured homes are harbored, either free of charge or for revenue purposes, and shall include any building, structure, or enclosure used or intended for use as part of the equipment of the land-leased community. The term “*land-leased community*” shall not be construed to include homes, buildings, or other structures temporarily maintained by any individual, educational institution, or company on their own premises and used exclusively to house their own labor or students. A manufactured home located in a land-leased community shall be taxed under section 435.22 as if the manufactured home were located in a mobile home park.

336.2 Library districts formed.

A county library district may be established composed of one county or two or more adjacent counties and may include or exclude the entirety of a city partly within one of the counties.

Eligible electors residing within the proposed district in a number not less than five percent of those voting for president of the United States or governor, as the case may be, within said district at the last general election may petition the board of supervisors of the county or counties for the establishment of such county library district. Said petition shall clearly designate the area to be included in the district.

The board of supervisors of each county containing area within the proposed district shall submit the proposition to the registered voters within their respective counties at any general or primary election provided said election occurs not less than forty days after the filing of the petition.

A county library district shall be established, if a majority of the electors voting on the proposition and residing outside of cities maintaining a free public library favor it.

The result of the election within cities maintaining a free public library shall be considered separately, and no city shall be included within the county library district unless a majority of its electors, voting on the proposition, favor its inclusion. In such cases the boundaries of an established district may vary from those of the proposed district.

After the establishment of a county library district other areas may be included by mutual agreement of the board of trustees of the county library district and the governing body of the area sought to be included.

2. *a.* Contracts shall provide for the amount to be contributed. They may, by mutual consent of the contracting parties, be terminated at any time. They may also be terminated by a majority of the voters represented by either of the contracting parties, voting on a proposition to terminate which shall be submitted by the governing body upon a written petition of qualified voters in a number not less than five percent of those who voted in the area for president of the United States or governor at the last general election.

341A.6 Powers and duties.

The commission shall have the following powers and duties:

1. To adopt, and amend as necessary, rules pursuant to the provisions of this chapter, which shall specify the manner in which examinations are to be held and appointments, promotions, transfers, reinstatements, demotions, suspensions, and discharges are to be made. The rules may make such other provisions regarding personnel administration and practices as are necessary or desirable in carrying out the purposes of this chapter. The commission rules, and their amendments, shall be printed and made available without cost to the public.

2. To administer practical tests designed to determine the ability of persons examined to perform the duties of the position for which they are seeking appointment. Such tests shall be designed and prepared by the director of the Iowa law enforcement academy, shall be administered by each commission in a uniform manner prescribed by the director, and shall be consistent with standards established pursuant to chapter 80B governing standards for employment of Iowa law enforcement officers. Notice of such tests shall be posted in the office of the sheriff and the office of the board of supervisors not less than thirty days prior to giving such tests.

3. To conduct and prepare annual investigations and reports concerning the effectiveness of, and compliance with, the provisions of this chapter and the rules adopted by the commission, and pursuant thereto, to inspect all departments, offices, and positions of employment affected by this chapter. In making such investigations a commissioner or the personnel director may administer oaths, issue subpoenas and require the attendance of witnesses and the production of books, documents, and accounts pertaining to such investigation, and may also cause the deposition of witnesses to be taken as in civil actions in the district court.

4. To conduct informal hearings concerning matters contemplated by this chapter. The validity of any such hearing shall not be affected by the manner in which it is conducted, however, a majority of the commissioners shall affirm all orders, rules, and decisions made pursuant to such hearings.

5. To hear and determine appeals or complaints respecting the allocation of positions of employment, rejection of those persons certified to the sheriff for appointment, and such other matters as may be referred to the commission.

6. To arrange, compile, and administer competitive tests to determine the relative qualifications of persons seeking employment in any class of position and as a result thereof establish eligible lists for the various classes of positions, and provide that persons discharged because of curtail-

ment of expenditures, reduction in force, and for like causes, head the list in the order of their seniority, to the end that they shall be the first to be re-employed. Notice of competitive tests to be given shall be published at least two weeks prior to holding the tests in a newspaper of general circulation in the county or counties in which a vacancy exists.

7. To certify to the county sheriff when a vacant position is to be filled, on written request, a list of the names of the persons passing the examination.

8. To keep such records as may be necessary for the proper administration of this chapter.

9. To classify deputy sheriffs and subdivide them into groups according to rank and grade which shall be based upon the duties and responsibilities of the deputy sheriffs.

10. To purchase all necessary supplies, enter into contracts, and do all things necessary to carry out the provisions of this chapter.

11. To keep records of the service of each employee in the classified service. These records shall contain facts and statements on all matters relating to the character and quality of the work done and the attitude of the individual to the work. All such service records and employee records shall be subject only to the inspection of the commission.

341A.7 Classifications.

The classified civil service positions covered by this chapter include persons actually serving as deputy sheriffs who are salaried pursuant to section 331.904, subsection 2, but do not include a chief deputy sheriff, two second deputy sheriffs in counties with a population of more than one hundred thousand, and four second deputy sheriffs in counties with a population of more than two hundred thousand. However, a chief deputy sheriff or second deputy sheriff who becomes a candidate for a partisan elective office for remuneration is subject to section 341A.18. A deputy sheriff serving with permanent rank under this chapter may be designated chief deputy sheriff or second deputy sheriff and retain that rank during the period of service as chief deputy sheriff or second deputy sheriff and shall, upon termination of the duties as chief deputy sheriff or second deputy sheriff, revert to the permanent rank.

If the positions of two second deputy sheriffs of a county were exempt from classified civil service coverage under this chapter based on the 1980 decennial census, the two second deputy positions shall remain exempt from classified civil service coverage under this chapter.

Whenever possible, vacancies shall be filled by promotion. Promotion shall be made from among deputy sheriffs qualified by competitive examination, training and experience to fill the vacancies and whose length of service entitles them to consideration. The commission shall for the purpose of certifying to the sheriff the list of deputy sheriffs eligible for promotion, rate the qualified deputy sheriffs on the basis of their service record, experience in the work, seniority, and military service ratings. Seniority shall be controlling only when other factors are equal. The names of not more than the ten highest on the list of ratings shall be certified. The certified eligible list for promotion shall hold preference for promotion until the beginning of a new examination, but in no case shall such preference continue longer than two years following the date of certification, after which said list shall be canceled and no promotion to such grade shall be made until a new list has been certified eligible for promotion. The appellant shall be entitled to appeal personally, produce evidence, and to have counsel. The finding and decision of the commission shall be certified to the sheriff, and shall be enforced and followed by the sheriff, but under no condition shall the employee who has appealed to the commission be permanently removed, suspended, or reduced in rank until such finding and decision of the commission is certified to the sheriff pursuant to the rules of civil procedure.

Such appeal shall be taken by serving upon the commission within thirty days after the entry of its order, a written notice of appeal, stating the grounds thereof, and demanding that a certified transcript of the record and of all papers on file in the office of the commission affecting or relating to its order, be filed by the commission with the court. The commission shall, within ten days after the filing of the notice make, certify, and file such transcript with the court. The court shall proceed to hear and determine the appeal in a summary manner. Such hearing shall be confined to the determination of whether the order of removal, suspension, or demotion made by the commission was made in good faith and for cause, and no appeal shall be taken except upon such grounds. The decision of the district court may be appealed to the supreme court.

[C75, 77, 79, 81, §341A.12]

The provisions of this section do not preclude any employee from holding any office for which no pay is received or any office for which only token pay is received.

A person shall not seek or attempt to use any political endorsement in connection with any appointment to a position subject to civil service.

A person shall not use or promise to use, directly or indirectly, any official authority or influence, whether possessed or anticipated, to secure or attempt to secure for any person an appointment or advantage in the appointment to a position subject to civil service, or an increase in pay or other advantage in employment in any such position, for the purpose of influencing the vote or political action of any person or for any consideration.

346.27 “Authority” for control of joint property.

1. Any joint building acquired, owned, erected, constructed, controlled, or occupied in accordance with the authorization contained in this section is declared to be acquired, owned, erected, constructed, controlled, or occupied for a public purpose and as a matter of public need.

2. Any county may join with its county seat to incorporate an “*Authority*” for the purpose of acquiring, constructing, demolishing, improving, enlarging, equipping, furnishing, repairing, maintaining, and operating a public building, and to acquire and prepare the necessary site, including demolition of any structures, for the joint use of the county and city or any school district which is within or is a part of the county or city.

3. The incorporation of an authority shall be accomplished by the adoption of articles of incorporation by the governing body of each incorporating unit. For adoption, the affirmative vote of a majority of the members of each governing body is required. The articles of incorporation shall be executed for and on behalf of each incorporating unit by the following officers:

a. For the county, by the chairperson of the board of supervisors.

b. For the city, by its mayor and city clerk.

4. The articles of incorporation shall set forth the name of the authority, the name of the incorporating units, the purpose for which the authority is created, the number, terms, and manner of selection of its officers including its governing body which shall be known as the “*commission*”, the powers and duties of the authority and of its officers, the date upon which the authority becomes effective, the name of the newspaper in which the articles of incorporation shall be published, and any other matters.

5. The authority shall be directed and governed by a board of commissioners of three members, one to be elected by the board of supervisors of the county from the area outside of the county seat, one to be elected by the council of the city from the area inside the city, and one to be elected by the joint action of the board of supervisors of the county and the council of the city, and if the governing bodies are unable to agree upon a choice for the third member within sixty days of the election of the first member, then the third member shall be appointed by the governor. The commissioners shall serve for six-year terms. Of the first appointees, the member appointed by the board of supervisors shall be for a term of two years, the member appointed by the city council shall be for a term of

four years, and the member appointed by the joint action of the board and council shall be for a term of six years. The board of commissioners shall designate one of their number as chairperson, one as secretary, and one as treasurer, and shall adopt bylaws and rules of procedure and provide therein for regular meetings and for the proper safekeeping of its records. No commissioner shall receive any compensation in connection with services as commissioner. Each commissioner, however, shall be entitled to reimbursement for any necessary expenditures in connection with the performance of the commissioner’s duties.

6. The articles of incorporation shall be recorded in the office of the county recorder and filed with the secretary of state, and shall be published once in a newspaper designated in the articles of incorporation and having a general circulation within the county, and upon such recording and publication, the authority shall be deemed to come into existence.

7. Amendments may be made to the articles of incorporation if adopted by the governing body of each incorporating unit; provided that no amendment shall impair the obligation of any bond or other contract. Each amendment shall be adopted, executed, recorded and published in the same manner as specified for the original articles of incorporation.

8. Any incorporating unit may make donations of property, real or personal, including gratuitous lease, to the authority as deemed proper and appropriate in aiding the authority to effectuate its purposes.

9. The authority shall be a body corporate with power to sue and be sued in any court of this state, have a seal and alter the same at its pleasure, and make and execute contracts, leases, deeds, and other instruments necessary or convenient to the exercise of its powers. In addition, it shall have and exercise the following public and essential governmental powers and functions and all other powers incidental or necessary to carry out and effectuate its express powers:

a. To select, locate, and designate an area lying wholly within the territorial limits of the county seat of the county in which the authority is incorporated as the site to be acquired for the construction, alteration, enlargement, or improvement of a building. The site selected is subject to approval by a majority of the members of each governing body of the incorporating units.

b. To acquire in the corporate name of the authority the fee simple title to the real property located within the area by purchase, gift, devise, or by the exercise of the power of eminent domain, or to take possession of real estate by lease.

c. To demolish, repair, alter, or improve any building within the designated area, to construct a new building within the area and to furnish, equip, maintain, and operate the building.

d. To construct, repair, and install streets, sidewalks, sewers, water pipes, and other similar facilities and otherwise improve the site.

e. To make provisions for off-street parking facilities.

f. To operate, maintain, manage, and enter into contracts for the operation, maintenance, and management of buildings, and to provide rules for the operation, maintenance and management.

g. To employ and fix the compensation of technical, professional, and clerical assistance as necessary and expedient to accomplish the objects and purposes of the authority.

h. To lease all or any part of a building to the incorporating units for a period of time not to exceed fifty years, upon rental terms agreed upon between the authority and the incorporating units. The rentals specified shall be subject to increase by agreement of the incorporating units and the authority if necessary in order to provide funds to meet obligations.

i. To procure insurance of any and all kinds in connection with the building. The bidding procedures provided in section 73A.18 shall be utilized in the procurement of insurance.

j. To accept donations, contributions, capital grants, or gifts from individuals, associations, municipal and private corporations, and the United States, or any agency or instrumentality thereof, and to enter into agreements in connection therewith.

k. To borrow money and to issue and sell revenue bonds in an amount and with maturity dates not in excess of fifty years from date of issue, to provide funds for the purpose of acquiring, constructing, demolishing, improving, enlarging, equipping, furnishing, repairing, maintaining, and operating buildings, and to acquire and prepare sites, convenient therefor, and to pay all incidental costs and expenses, including, but not limited to architectural, engineering, legal, and financing expense and to refund and refinance revenue bonds as often as deemed advantageous by the board of commissioners.

l. The provisions of chapter 73A applicable to other municipalities are applicable to an authority.

10. After the incorporation of an authority, and before the sale of any issue of revenue bonds, except refunding bonds, the authority shall submit in a single countywide election to the registered voters of the city and county, at a general, primary, or special election called for that purpose, the question of whether an authority shall issue and sell revenue bonds, stating the amount, for any of the purposes for which it is incorporated. An affirmative vote of a majority of the votes cast on the proposition is required to authorize the issuance and sale of revenue bonds. A notice of the election shall be published once each week for at least two weeks in some newspaper published in the county. The notice shall name the time when

the question shall be submitted, and a copy of the question to be submitted shall be posted at each polling place during the day of election. The authority shall call this election with the concurrence of both incorporating units, and it shall establish the voting precincts and polling places, and appoint the election judges, and in so doing such election procedures shall be in accordance with the provisions of chapters 49 and 50.

11. When the board of commissioners decides to issue bonds subject to the election requirement, it shall adopt a resolution describing the area to be acquired, the nature of the existing improvements, the disposition to be made of the improvements, and a general description of any new buildings to be constructed.

12. The resolution shall set out the limit of the cost of the project, including the cost of acquiring and preparing the site, determine the period of usefulness and fix the amount of revenue bonds to be issued, the date or dates of maturity, the dates on which interest is payable, the sinking fund provisions, and all other details in connection with the bonds. The board shall determine and fix the rate of interest of any revenue bonds issued, in a resolution adopted by the board prior to the issuance. The resolution, trust agreement, or other contract entered into with the bondholders may contain covenants and restrictions concerning the issuance of additional revenue bonds as necessary or advisable for the assurance of the payment of the bonds authorized.

13. Bonds shall be issued in the name of the authority and are declared to have all the qualities and incidents of negotiable instruments under the laws of this state.

14. Bonds issued under this section may be issued as serial or term bonds, shall be of such denomination or denominations and form, including interest coupons to be attached, shall be payable at such place or places and bear such date as the board of commissioners fix by the resolution authorizing the bonds, shall mature within a period not to exceed fifty years, and may be redeemable prior to maturity with or without premium, at the option of the board of commissioners, upon terms and conditions the board shall fix by the resolution authorizing the issuance of bonds. The board of commissioners may provide for the registration of bonds in the name of the owner as to the principal alone or as to both principal and interest upon terms and conditions the board determines. All bonds issued by an authority shall be sold at a price so that the interest cost to the commission of the proceeds of the bonds shall not exceed that permitted by chapter 74A, payable semiannually, computed to maturity, and shall be sold in the manner and at the time the board of commissioners determines.

15. Bonds issued by an authority, and the interest thereon, shall be payable solely from the revenues derived from the operation, manage-

ment, or use of the buildings acquired or to be acquired by the authority, which revenues shall include payments received under any leases or other contracts for the use of the buildings. Bonds shall recite that the principal and interest thereon are payable only from the revenues pledged, and shall state on their face that they are not an indebtedness of the authority or a claim against the property of the authority.

16. Bonds shall be executed in the name of the commission by the chairperson of the board of commissioners or by another officer of the commission as the board, by resolution, may direct, and be attested by the secretary, or by another officer of the commission as the board, by resolution, may direct, and shall be sealed with the commission's corporate seal. In case any officer whose signature appears on the bonds or coupons shall cease to be such officer before delivery of the bonds, the officer's signature shall be valid and sufficient for all purposes, the same as if the officer had remained in office until delivery.

17. In its discretion, the authority may issue refunding bonds to refund its bonds prior to their maturity, refund its outstanding matured bonds, refund matured coupons evidencing interest upon its outstanding bonds, refund interest at the coupon rate that has accrued upon its outstanding matured bonds, and refund its bonds which by their terms are subject to call or redemption before maturity. All bonds redeemed or purchased shall be canceled.

18. 19. The resolution shall provide for the creation of a sinking fund account into which shall be payable from the revenues of the project, from month to month as such revenues are collected, the sums in excess of the cost of maintenance and operation of the project and the cost of administration of the authority, sufficient to comply with the covenants of the bond resolution and sufficient to pay the accruing interest and retire the bonds at maturity. This tax shall not be included within and shall be in addition to any statutory limitation of rate or amount for that incorporating unit. The proposition of whether a conveyance shall be made shall be submitted to the legal voters of the city and county, utilizing the election procedures provided for bond issues, and an affirmative vote equal to at least a majority of the total votes cast on the proposition shall be required to authorize the conveyance. 347.7 Tax levies.

If a county hospital is established, the board of supervisors, at the time of levying ordinary taxes, shall levy a tax at the rate voted not to exceed fifty-four cents per thousand dollars of assessed value in any one year for the erection and equipment of the hospital, and also a tax not to exceed twenty-seven cents per thousand dollars of value for the improvement, maintenance, and replacements of the hospital, as certified by the board of hospital trustees. However, in counties having a population of two hundred twenty-five thousand or over, the levy for taxes payable in the fiscal year beginning July 1, 1996, and for subsequent fiscal years, for improvements and maintenance of the hospital shall not exceed one dollar and seventy-five cents per thousand dollars of assessed value in any one year. The proceeds of the taxes constitute the county public hospital fund and the fund is subject to review by the board of supervisors in counties over two hundred twenty-five thousand. However, the board of trustees of a county hospital, where funds are available in the county public hospital fund of the county which are unappropriated, may use the unappropriated funds for erecting and equipping hospital buildings and additions thereto without authority from the voters of the county.

No levy shall be made for the improvement, maintenance, or replacements of the hospital until the hospital has been constructed, staffed, and receiving patients. If revenue bonds are issued and outstanding under section 331.461, subsection 2, paragraph "d", the board may levy a tax to pay operating and maintenance expenses in lieu of the authority otherwise contained in this section not to exceed twenty-seven cents per thousand dollars of assessed value or not to exceed one dollar and twenty-one and one-half cents per thousand dollars of assessed value for improvements and maintenance of the hospital in counties having a population of two hundred twenty-five thousand or over.

In addition to levies otherwise authorized by this section, the board of supervisors may levy a tax at the rate, not to exceed twenty-seven cents per thousand dollars of assessed value, necessary to raise the amount budgeted by the board of hospital trustees for support of ambulance service as authorized in section 347.14, subsection 14.

The tax levy authorized by this section for operation and maintenance of the hospital may be available in whole or in part to any county with or without a county hospital organized under this chapter, to be used to enhance rural health services in the county. However, the tax levied may be expended for enhancement of rural health care services only following a local planning process. The Iowa department of public health shall establish guidelines to be followed by counties in implementing the local planning process which shall require legal notice, public hearings, and a referendum in accordance with this section and section 347.30 prior to the authorization of any new levy or a change in the use of a levy. Enhancement of rural health services for which the tax levy pursuant to this section may be used includes but is not limited to emergency medical services, health care services shared with other hospitals, rural health clinics, and support for rural health care practitioners and public health services. When alternative use of funds from the tax levy authorized by this section is proposed in a county with a county hospital organized under this chapter, use of the funds shall be agreed upon by the elected board of trustees of the county hospital. When alternative use of funds from the tax levy authorized by this section is proposed in a county without a county hospital organized under this chapter, use of the funds shall be agreed upon by the board of supervisors and any publicly elected hospital board of trustees within the county prior to submission of the question to the voters. Moneys raised from a tax levied in accordance with this paragraph shall be designated and administered by the board of supervisors in a manner consistent with the purposes of the levy.

The trustees shall hold office until the following general election, at which time their successors shall be elected, two for a term of two years, two for four years, and three for six years, and they shall determine by lot their respective terms, and thereafter their successors shall be elected for regular terms of six years each. A person or spouse of a person with medical or special staff privileges in the county public hospital or who receives direct or indirect compensation in an amount greater than one thousand five hundred dollars in a calendar year from the county public hospital or direct or indirect compensation in an amount greater than one thousand five hundred dollars in a calendar year from a person contracting for services with the hospital shall not be eligible to serve as a trustee for that county public hospital.

347A.1 Revenue bonds — trustees — administration.

A county having a population less than one hundred fifty thousand may issue revenue bonds for a county hospital as provided in section 331.461, subsection 2, paragraph “e”. The administration and management of the hospital shall be vested in a board of hospital trustees consisting of five or seven members. Appointments for a five-

member board shall be made by the board of supervisors from among the resident citizens of the county with reference to their fitness for office, and not more than two of the trustees shall be residents of the same township. Expansion from a five-member to a seven-member board of trustees shall occur only on approval of a majority of the five-member board of trustees. The five-member board of trustees shall appoint members to the

additional vacancies; one appointee shall serve until the succeeding general election and the other appointee shall serve until the second succeeding general election at which times successors shall be elected.

The trustees shall hold office until the next succeeding election, at which time their successors shall be elected, two for a term of two years, two for a term of four years and one for a term of six years, and thereafter their successors shall be elected for regular terms of six years each. Vacancies in the board of trustees may be filled in the same manner as original appointments, to hold office until the vacancies are filled pursuant to section 69.12. The trustees shall qualify by taking the usual oath of office as provided in chapter 63, but no bond shall be required of them. The trustees shall receive no compensation but shall be reimbursed for all expenses incurred by them with the approval of the board of trustees in the performance of their duties. The board first appointed shall organize promptly following its appointment, and shall serve until successors are elected and qualified; thereafter no later than December 1 of each year the board shall reorganize by the appointment of a chairperson, secretary, and treasurer. The secretary and treasurer shall each file with the chairperson of the board a surety bond in the amount the board of trustees requires, with sureties to be approved by the board of trustees, for the use and benefit of the county hospital. The reasonable cost of the bonds shall be paid from the operating funds of the hospital. The secretary shall report to the county auditor and the county treasurer the names of the chairperson, secretary, and treasurer of the board as soon as practicable after the appointment of each.

The treasurer of the county hospital shall receive and disburse all funds. Warrants shall be drawn by the secretary and countersigned by the chairperson of the board after the claim has been certified by the board. However, the board may adopt purchasing regulations to govern the purchase of specified goods and services without the prior certification of the board. The purchasing regulations shall conform to generally accepted practices followed by purchasing officers. The treasurer of the county hospital shall keep an accurate account of all receipts and disbursements and shall register all orders drawn and reported by the secretary, showing the number, date, to whom drawn, the fund upon which drawn, the purpose, and amount. The secretary of the board of trustees shall file with the board on or before the tenth day of each month, a complete statement of all receipts and disbursements from all funds during the preceding month, and also the balance remaining on hand in all funds at the close of the period covered by the statement. Before the fifteenth day of each month, the county treasurer shall give notice to the chairperson of the board of trustees of the amount of revenue collected for

each fund of the hospital to the first day of that month and the county treasurer shall pay the taxes to the treasurer of the hospital as provided in section 331.552, subsection 29.

The board of hospital trustees may employ, fix the compensation of, and remove at pleasure professional, technical, and other employees as it deems necessary for the operation and maintenance of the hospital, and disbursement of funds for operation and maintenance shall be made upon order and approval of the board of hospital trustees. A county hospital may include a nurses home and nurses training school. The board of trustees shall make all rules and regulations governing its meetings and the operation of the county hospital and shall fix charges for the services furnished so that the revenues will be at all times sufficient in the aggregate to provide for the payment of the interest on and principal of all revenue bonds issued and outstanding for the hospital, and for the payment of all operating and maintenance expenses of the hospital.

The board of hospital trustees may establish a fund for depreciation as a separate fund. Depreciation fund moneys may be invested in United States government bonds and the accumulation of interest on the bonds shall be used for the purposes of the depreciation fund. The moneys shall remain invested in the bonds until the board of hospital trustees determines the moneys shall be used for hospital purposes.

347A.3 Tax for maintenance and operation.

If in any year, after payment of the accruing interest on and principal due of revenue bonds issued under chapter 331, division IV, part 4, and payable from the revenues derived from the operation of the county hospital, there is a balance of such revenues insufficient to pay the expenses of operation, maintenance, and funded depreciation of the hospital, the board of hospital trustees shall certify that fact as soon as ascertained to the board of supervisors of the county, and the board of supervisors shall make the amount of the deficiency for paying the expenses of operation, maintenance, and funded depreciation of the hospital available from other county funds or shall levy a tax not to exceed one dollar and eight cents per thousand dollars of assessed value in any one year on all the taxable property in the county in an amount sufficient for that purpose. However, general county funds or the proceeds of taxes shall not be used or applied to the payment of the interest on or principal of revenue bonds issued under

chapter 331, division IV, part 4, but general county funds or proceeds of taxes may only be used and applied to pay expenses of operation, maintenance, and funded depreciation of the hospital which cannot be paid from available revenue derived from its operation.

A tax levied under this section for paying the expenses of operation, maintenance, and funded depreciation of a merged area hospital pursuant to the authority granted a merged area under section 145A.20, shall only be levied on the assessed value of property in that portion of a county which is part of the merged area, in accordance with the plan or merger established, approved, and implemented under sections 145A.3, 145A.4, 145A.5, and 145A.14.

It shall be the duty of the hospital trustees either by themselves or through the superintendent or similar person to make collections of all accounts for hospital services. 349.1 Time of selection.

The board of supervisors shall, at the January session each year, select the newspapers in which the official proceedings shall be published for the ensuing year.

[R60, §314; C73, §307; C97, §441; SS15, §441; C24, 27, 31, 35, 39, §5397; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.1]

349.2 Source of selection.

Such selection shall be from newspapers published, and having the largest number of bona fide yearly subscribers, within the county. When counties are divided into two divisions for district court purposes, each division shall be regarded as a county.

[C73, §307; C97, §441; SS15, §441; C24, 27, 31, 35, 39, §5398; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.2]

349.3 Number.

The number of such newspapers to be selected shall be as follows:

1. In counties having a population of less than fifteen thousand, two such newspapers, or one, if there be but one published therein.
2. In counties having a population of more than fifty thousand, divided into two divisions for court purposes, three such newspapers in each such division, not more than two of which shall be published in the same city.
3. In counties having a population of less than fifty thousand, divided into two divisions for court purposes, two such newspapers in each such division.
4. In all other counties, three such newspapers, not more than two of which shall be published in the same city.

[C73, §307; C97, §441; SS15, §441; C24, 27, 31, 35, 39, §5399; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.3]

349.4 Application — contest.

Any publisher who desires that the publisher's newspaper be so selected may make written application therefor to the board of supervisors at any time prior to the making of the selection. If more applications are filed than there are newspapers to be selected, a contest shall exist.

[C24, 27, 31, 35, 39, §5400; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.4]

349.5 Contest — verified statements.

In case of a contest, each applicant shall deposit with the county auditor, in a sealed envelope, a statement, verified by the applicant, showing the names of the applicant's bona fide yearly subscribers living within the county and the place at which each such subscriber receives such newspaper, and the manner of its delivery.

[C97, §441; SS15, §441; C24, 27, 31, 35, 39, §5401; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.5]

349.6 Determination of contest — evidence.

The county auditor shall, on the direction of the board while it is in session, open said envelopes. The board may receive other evidence of circulation. In counties in which two newspapers are to be selected, the two newspapers showing the largest number of bona fide yearly subscribers living within the county shall be selected as such official newspapers. In counties in which three newspapers are to be selected, the three showing the largest number of such subscribers shall be selected except when such three newspapers are all published in the same city, in which case the two newspapers in such city having the largest lists of such subscribers and the newspaper having the next largest list of such subscribers and published outside such city, shall be selected as such official newspapers.

For purposes of this section, in counties where there are more newspapers than the number required for official county newspapers, newspapers under common ownership published in the same city, and having approximately the same subscriber list or offered for sale in or delivered to the same geographic area, shall be treated as one newspaper. Each such newspaper under common ownership should be considered eligible for publishing public notices, but such newspapers shall be treated as one newspaper for payment purposes to allow for flexibility in notice publication schedules.

2. Those subscribers who have been subscribers at least six consecutive months before the date of application, whose papers are regularly delivered by carrier upon an order or subscription, or whose papers are purchased from the publisher for resale and delivery by independent carriers who have filed with the publisher a list of their subscribers.

No newspaper shall be selected as an official newspaper when it is made to appear that the verified list deposited by the applicant contains the names of persons who are not bona fide subscribers within the county and that such names were knowingly and willfully entered on such list by the applicant, or at the applicant's instance, with intent to deceive the board.

If all certified statements are rejected under the provisions of section 349.9, the board shall fix a new date for the selection of official newspapers and nothing herein shall be construed to prevent the applicants so rejected from filing new certified statements.

[SS15, §441; C24, 27, 31, 35, 39, §5405; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.10]

Any applicant may, within twenty days after the selection of official newspapers, appeal to the district court from the decision of the board of supervisors as to the selection of any or all newspapers so selected by filing in the office of the county auditor a bond for costs, in a sum and with sureties to be approved by said auditor, and by serving upon each applicant, whose selection the appellant desires to contest, and the county auditor, a notice of appeal.

350.2 Petition — board membership.

Upon a petition to the board of supervisors which meets the requirements of section 331.306, the board shall submit to the voters at the next general election the question of whether a county conservation board shall be created as provided

for in this chapter. If at the election the majority of votes favors the creation of a county conservation board, the board of supervisors within sixty days after the election shall create a county conservation board to consist of five bona fide residents of the county. The members first appointed shall hold office for the term of one, two, three, four, and five years respectively, as indicated and fixed by the board of supervisors. Thereafter, succeeding members shall be appointed for a term of five years, except that vacancies occurring otherwise than by expiration of term shall be filled by appointment for the unexpired term. When a member of the board, during the term of office, ceases to be a bona fide resident of the county, the member is disqualified as a member and the office becomes vacant. Members of the board shall be selected and appointed on the basis of their demonstrated interest in conservation matters, and shall serve without compensation, but may be paid their actual and necessary expenses incurred in the performance of their official duties. Members of the county conservation board may be removed for cause by the board of supervisors as provided in section 331.321, subsection 3, if the cause is malfeasance, nonfeasance, disability, or failure to participate in board activities as set forth by the rules of the conservation board.

Three members of the board shall constitute a quorum for the transaction of business. The board shall hold regular monthly meetings. Special meetings may be called by the president, and shall be called on the request of a majority of members, as the necessity may require. The county conservation board shall have power to adopt bylaws, to adopt and use a common seal, and to enter into contracts. The county board of supervisors shall provide suitable offices for the meetings of the county conservation board and for the safekeeping of its records. Such records shall be subject to public inspection at all reasonable hours and under such regulations as the county conservation board may prescribe. The board shall annually make a full and complete report to the county board of supervisors of its transactions and operations for the preceding year. Such report shall contain a full statement of its receipts, disbursements, and the program of work for the peri-

350.4 Powers and duties.

The county conservation board shall have the custody, control and management of all real and personal property heretofore or hereafter acquired by the county for public museums, parks, preserves, parkways, playgrounds, recreation centers, county forests, county wildlife areas, and other county conservation and recreation purposes and is authorized and empowered:

1. To study and ascertain the county's museum, park, preserve, parkway, and recreation and other conservation facilities, the need for such facilities, and the extent to which such needs are being currently met, and to prepare and adopt a co-ordinated plan of areas and facilities to meet such needs.

2. To acquire in the name of the county by gift, purchase, lease, agreement, exchange, or otherwise, in fee or with conditions, suitable real estate within or without the territorial limits of the county for public museums, parks, preserves, parkways, playgrounds, recreation centers, forests, wildlife, and other conservation purposes and for participation in watershed, drainage, and flood control programs for the purpose of increasing the recreational resources of the county. The natural resource commission, the county board of supervisors, or the governing body of any city, upon request of the county conservation board, may transfer to the county conservation board for use as museums, parks, preserves, parkways, playgrounds, recreation centers, play fields, tennis courts, skating rinks, swimming pools, gymnasiums, rooms for arts and crafts, camps and meeting places, community forests, wildlife areas, and other recreational purposes, any land and buildings owned or controlled by the department of natural resources or the county or city and not devoted or dedicated to any other inconsistent public use. In acquiring or accepting land, due consideration shall be given to its scenic, historic, archaeological, recreational, or other special features, and land shall not be acquired or accepted unless, in the opinion of the board, it is suitable or, in the case of exchange, is suitable and of substantially the same value as the property exchanged from the standpoint of its proposed use. An exchange of property approved by the county conservation board and the board of supervisors is not subject to section 331.361, subsection 2.

3. The county conservation board shall file with the natural resource commission all acquisitions or exchanges of land within one year.

4. To plan, develop, preserve, administer and maintain all such areas, places and facilities, and construct, reconstruct, alter and renew buildings

and other structures, and equip and maintain the same.

5. To accept in the name of the county gifts, bequests, contributions and appropriations of money and other personal property for conservation purposes.

6. To employ and fix the compensation of a director who shall be responsible to the county conservation board for the carrying out of its policies. The director, subject to the approval of the board, may employ and fix the compensation of assistants and employees as necessary for carrying out this chapter.

7. To charge and collect reasonable fees for the use of the parks, facilities, privileges and conveniences as may be provided and for admission to amateur athletic contests, demonstrations and exhibits, and other noncommercial events. The board shall not allow the exclusive use of a park by one or more organizations.

8. To operate concessions or to lease concessions and to let out and rent privileges in or upon any property under its control upon such terms and conditions as are deemed by it to be in the public interest.

9. To participate in watershed projects of soil and water conservation districts and the federal government and in projects of drainage districts organized under the provisions of chapter 161F and chapter 468, subchapter I, parts 1 through 5, and subchapter II, parts 1, 5, and 6, for the purpose of increasing the recreational resources of the county.

Any agreement for such participation by or with a board of supervisors or trustees concerning drainage districts shall be in writing, shall be duly adopted by a resolution of the board of supervisors or trustees and shall be spread in its entirety upon the permanent records of the drainage district or districts affected.

10. To furnish suitable uniforms for the director and those employees as the director may designate to wear uniforms, when on official duty. The cost of the uniforms shall not exceed three hundred dollars per person in any year. The uniforms shall at all times remain the property of the county.

tent with, the laws of this state. The regulations shall not take effect until ten days after their adoption by the board and after their publication as provided in section 331.305 and after a copy of the regulations has been posted near each gate or principal entrance to the public ground to which they apply. After the publication and posting, a person violating a provision of the regulations which are then in effect is guilty of a simple misdemeanor. The board may designate the director and those employees as the director may designate as police officers who shall have all the powers conferred by law on police officers, peace officers, or sheriffs in the enforcement of the laws of this state and the apprehension of violators upon all property under its control within and without the county. The board may grant the director and those employees of the board designated as police officers the authority to enforce the provisions of chapters 321G, 461A, 462A, 481A, and 483A on land not under the control of the board within the county.

The interest earned on moneys received from bequests and donations in the reserve account which are invested pursuant to section 12C.1 shall be credited to the reserve account.

Annually, the total amount of money credited to the reserve, plus moneys appropriated for conservation purposes from sources other than the reserve, shall not be less than the amount of gifts, contributions, and bequests of money, rent, licenses, fees, charges, and other revenues received by the county conservation board. However, moneys given, bequeathed, or contributed upon specified trusts shall be held, appropriated, and expended in accordance with the trust specified.

Grants provided by the natural resource commission from its county conservation board fund shall be expended solely for the purposes of carrying out the provisions of this chapter.

The county auditor shall keep a complete record of the appropriations and shall issue warrants on them only on requisition of the county conservation board. The county conservation board is subject to the contract letting procedures in section

Any city, village, or school district may aid and cooperate with any county conservation board or any combination of boards in equipping, operating, and maintaining museums, parks, preserves, parkways, playgrounds, recreation centers, and conservation areas, and for providing, conducting, and supervising programs of activities, and may appropriate money for such purposes. The natural resource commission, county engineer, county agricultural agent, and other county officials shall render assistance which does not interfere with their regular employment. The board of supervisors may be reimbursed to the credit of the proper fund from county conservation funds for actual expense of operation of county-owned equipment, use of county equipment operators, supplies, and materials of the county, or for the reasonable value for the use of county real estate made available for the use of the county conservation board.

352.1 Purpose.

It is the intent of the general assembly and the policy of this state to provide for the orderly use and development of land and related natural resources in Iowa for residential, commercial, industrial, and recreational purposes, preserve private property rights, protect natural and historic resources and fragile ecosystems of this state including forests, wetlands, rivers, streams, lakes and their shorelines, aquifers, prairies, and recreational areas to promote the efficient use and conservation of energy resources, to promote the creation and maintenance of wildlife habitat, to consider the protection of soil from wind and water erosion and preserve the availability and use of agricultural land for agricultural production, through processes that emphasize the participation of citizens and local governments.

The general assembly recognizes the importance of preserving the state's finite supply of agricultural land. Conversion of farmland to urban development, and other nonfarm uses, reduces future food production capabilities and may ultimately undermine agriculture as a major economic activity in Iowa.

It is the intent of the general assembly to provide local citizens and local governments the means by which agricultural land may be protected from nonagricultural development pressures. This may be accomplished by the creation of county land preservation and use plans and policies, adoption of an agricultural land preservation ordinance, or establishment of agricultural areas in which substantial agricultural activities are encouraged, so that land inside these areas or subject to those ordinances is conserved for the

production of food, fiber, and livestock, thus assuring the preservation of agriculture as a major factor in the economy of this state.

a. A farm or farm operation located in an agricultural area shall not be found to be a nuisance regardless of the established date of operation or expansion of the agricultural activities of the farm or farm operation. This paragraph shall apply to a farm operation conducted within an agricultural area for six years following the exclusion of land within an agricultural area other than by withdrawal as provided in section 352.9.

b. Paragraph “a” does not apply to a nuisance which is the result of a farm operation determined to be in violation of a federal statute or regulation or state statute or rule. Paragraph “a” does not apply if the nuisance results from the negligent operation of the farm or farm operation. Paragraph “a” does not apply to actions or proceedings arising from injury or damage to a person or property caused by the farm or a farm operation before the creation of the agricultural area. Paragraph “a” does not affect or defeat the right of a person to recover damages for an injury or damage sustained by the person because of the pollution or change in condition of the waters of a stream, the overflowing of the person’s land, or excessive soil erosion onto another person’s land, unless the injury or damage is caused by an act of God.

c. A person shall not bring an action or proceeding based on a claim of nuisance arising from a farm operation unless the person proceeds with mediation as provided in chapter 654B.

d. If a defendant is a prevailing party in an action or proceeding based on a claim of nuisance and arising from a farm operation conducted on farmland within an agricultural area, the plaintiff shall pay court costs and reasonable attorney fees incurred by the defendant, if the court determines

that the claim is frivolous.

2. *Water priority.* In the application for a permit to divert, store, or withdraw water and in the allocation of available water resources under a water permit system, the department of natural resources shall give priority to the use of water resources by a farm or farm operation, exclusive of irrigation, located in an agricultural area over all other uses except the competing uses of water for ordinary household purposes.

In order to accomplish the purposes set forth in section 352.1, a rule adopted by a state agency after July 1, 1982 which would restrict or regulate farms or farm operations may contain standards which are less restrictive for farms or farm operations inside an agricultural area than for farms or farm operations outside such an area. A rule containing such a discrimination shall not for the fact of such discrimination alone be found or held to be unreasonable, arbitrary, capricious, beyond the authority delegated to the agency, or characterized by an abuse of discretion or clearly unwarranted exercise of discretion.

354.1 Statement of purpose.

It is the purpose of this chapter to provide for a balance between the review and regulation authority of governmental agencies concerning the division and subdivision of land and the rights of landowners. It is therefore determined to be in the public interest:

1. To provide for accurate, clear, and concise legal descriptions of real estate in order to prevent, wherever possible, land boundary disputes or real estate title problems.

2. To provide for a balance between the land use rights of individual landowners and the economic, social, and environmental concerns of the public when a city or county is developing or enforcing land use regulations.

3. To provide for statewide, uniform procedures and standards for the platting of land while allowing the widest possible latitude for cities and counties to establish and enforce ordinances regulating the division and use of land, within the scope of, but not limited to, chapters 331, 335, 364, 414, and this chapter.

4. To encourage orderly community development and provide for the regulation and control of the extension of public improvements, public services, and utilities, the improvement of land, and the design of subdivisions, consistent with an approved comprehensive plan or other specific community plans, if any.

354.3 Covenant of warranty.

The duty to file for record a plat as provided in sections 354.4 and 354.6 attaches as a covenant of warranty in all conveyances by a grantor who divides land against all assessments, costs, and damages paid, lost, or incurred by a grantee or person claiming under a grantee, in consequence of the omission on the part of the grantor to file the plat. A conveyance of land is deemed to be a warranty that the description contained in the conveyance is sufficiently certain and accurate for the purposes of assessment, taxation, and entry on the transfer books and plat books required to be kept by the auditor. The description contained in a conveyance shall be sufficiently certain and accurate for assessment and taxation purposes if it provides sufficient information to allow all the boundaries to be accurately determined and does not overlap with or create a gap between adjoining land descriptions.

A recorded conveyance in violation of this chapter may be entered on the transfer books of the auditor's office. The auditor shall notify the grantor and the grantee that the conveyance is in violation of this chapter and demand compliance as provided for in section 354.13.

354.4 Divisions requiring a plat of survey or acquisition plat.

1. The grantor of land which has been divided using a metes and bounds description shall have a plat of survey made of the division, except as provided for in subsection 3. The grantor or the surveyor shall contact the county auditor who, for the purpose of assessment and taxation, shall review the division to determine whether the survey shall include only the parcel being conveyed or both the parcel being conveyed and the remaining parcel. The plat of survey shall be prepared in compliance with chapter 355 and shall be recorded. The plat shall be clearly marked by the surveyor as a plat of survey and shall include the following information for each parcel included in the survey:

a. A parcel letter or number designation approved by the auditor.

b. The names of the proprietors.

c. An accurate description of each parcel.

d. The total acreage of each parcel.

e. The acreage of any portion lying within a public right-of-way.

2. The auditor may note a permanent real estate index number upon each parcel shown on a

plat of survey according to section 441.29 for real estate tax administration purposes. The surveyor shall not assign parcel letters or prepare a metes and bounds description for any parcel shown on a plat of survey unless the parcel was surveyed by the surveyor in compliance with chapter 355. Parcels within a plat of survey prepared pursuant to this section are subject to the regulations and ordinances of the governing body.

3. When land or rights in land are divided for right-of-way purposes by an agency of the government or other persons having the power of eminent domain and the description of the land or rights acquired is a metes and bounds description then an acquisition plat shall be made and attached to the description when the acquisition instrument is recorded. Acquisition plats shall be clearly marked as an acquisition plat and shall conform to the following:

a. Acquisition plats shall not be required to conform to the provisions of chapter 355.

b. The information shown on the plat shall be developed from instruments of record together with information developed by field measurements. The unadjusted error of field measurements shall not be greater than one in five thousand.

c. The plat shall be signed and dated by a surveyor, bear the surveyor's Iowa registration number and legible seal, and shall show a north arrow and bar scale.

d. The original drawing shall remain the property of the surveyor or the surveyor's agency and shall not be less than eight and one-half by eleven inches in size.

e. If the right-of-way on an acquisition plat is a portion of lots within an official plat, reference shall be made to both the lots and plat name. If the right-of-way acquisition plat is not within an official plat, reference shall be made to the government lot or quarter-quarter section and to the section, township, range, and county.

f. The plat shall indicate whether the monuments shown are existing monuments or monuments to be established. Monuments shall be established as necessary to construct or maintain the right-of-way project.

g. The acquisition plat shall identify the project for which the right-of-way was acquired and a parcel designation shall be assigned to each right-of-way parcel.

4. The acreage shown for each parcel included in a plat of survey or acquisition plat shall be to the nearest one-hundredth acre. If a parcel described as part of the United States public land survey system and not entirely within an official plat, lies within more than one forty-acre aliquot part of a section, the acreage shall be shown only for assessment and taxation purposes for each portion of the parcel that lies within each forty-acre aliquot part. The surveyor shall not be required to establish the location of the forty-acre aliquot line by survey but

is required to use reasonable assumptions in determining its approximate location for assessment and taxation purposes.

5. Governmental agencies shall not be required to survey a remaining parcel when land is divided for right-of-way purposes and shall not be required to contact the auditor for approval of parcel designations shown on an acquisition plat.

354.5 Descriptions and conveyance according to plat of survey or acquisition plat.

1. A conveyance of a parcel shown on a recorded plat of survey shall describe the parcel by using the description provided on the plat of survey or by reference to the plat of survey, which reference shall include all of the following:

a. The parcel letter or number designation.

b. The book and page number of the recorded plat of survey.

c. The lot number or letter and name of the official plat, if the parcel lies within an official plat.

d. The section, township, and range number and reference to the aliquot part of the section, if the parcel lies outside of an official plat.

2. A conveyance of a parcel shown on a recorded acquisition plat shall describe the parcel by using the description provided on the acquisition instrument or by reference to the acquisition plat, which reference shall include all of the following:

a. The parcel designation and reference to the project for which the right-of-way was acquired.

b. The book and page number of the recorded acquisition plat.

c. The lot number or letter and name of the official plat, if the parcel lies within an official plat.

d. The section, township, and range number and reference to the aliquot part of the section, if the parcel lies outside of an official plat.

3. A description by reference to the recorded plat of survey, in compliance with subsection 1, is valid.

4. A description by reference to the recorded acquisition plat, in compliance with subsection 2, is valid.

5. A description by reference to a permanent real estate index number is valid for the purpose of assessment and taxation when a county has established a permanent real estate index number system pursuant to section 441.29.

354.6 Subdivision plats.

1. A subdivision plat shall be made when a tract of land is subdivided by repeated divisions or simultaneous division into three or more parcels, any of which are described by metes and bounds description for which no plat of survey is recorded. A subdivision plat is not required when land is divided by conveyance to a governmental agency for public improvements.

2. A subdivision plat shall have a succinct name or title that is unique, as approved by the auditor, for the county in which the plat lies. The plat shall include an accurate description of the land included in the subdivision and shall give reference to two section corners within the United States public land survey system in which the plat lies or, if the plat is a subdivision of any portion of an official plat, two established monuments within the official plat. Each lot within the plat shall be assigned a progressive number. Streets, alleys, parks, open areas, school property, other areas of public use, or areas within the plat that are set aside for future development shall be assigned a progressive letter and shall have the proposed use clearly designated. A strip of land shall not be reserved by the subdivider unless the land is of sufficient size and shape to be of practical use or service as determined by the governing body. Progressive block numbers or letters may be assigned to groups of lots separated from other lots by streets or other physical features of the land. The surveyor shall not assign lot numbers or letters to a lot shown within a subdivision plat unless the lot has been surveyed by the surveyor in compliance with chapter 355. The auditor may note a permanent real estate index number upon each lot within a subdivision plat. Sufficient information, including dimensions and angles or bearings, shall be shown on the plat to accurately establish the boundaries of each lot, street, and easement. Easements necessary for the orderly development of the land within the plat shall be shown and the purpose of the easement shall be clearly stated.

3. If a subdivision plat, described as part of the United States public land survey system and not entirely within an official plat, lies within more than one forty-acre aliquot part of a section, the acreage shall be shown only for assessment and taxation purposes for the portion of the subdivision that lies within each forty-acre aliquot part of the section. The area of the irregular lots within the plat shall be shown and may be expressed in either acres, to the nearest one-hundredth acre, or square feet, to the nearest ten square feet. The surveyor shall not be required to establish the location of a forty-acre aliquot line by survey but is required to use reasonable assumptions in determining its approximate location for assessment and taxation purposes.

354.8 Review and approval by governing bodies.

A proposed subdivision plat lying within the jurisdiction of a governing body shall be submitted to that governing body for review and approval prior to recording. A city may establish jurisdiction to review subdivisions outside its boundaries pursuant to the provisions of section 354.9. Governing bodies shall apply reasonable standards and conditions in accordance with applicable statutes and ordinances for the review and approval of subdivisions. The governing body, within sixty days of application for final approval of the subdivision plat, shall determine whether the subdivision conforms to its comprehensive plan and shall give consideration to the possible burden on public improvements and to a balance of interests between the proprietor, future purchasers, and the public interest in the subdivision when reviewing the proposed subdivision and when requiring the installation of public improvements in conjunction with approval of a subdivision. The governing body shall not issue final approval of a subdivision plat unless the subdivision plat conforms to sections 354.6, 354.11, and 355.8.

If the subdivision plat and all matters related to final approval of the subdivision plat conform to the standards and conditions established by the governing body, and conform to this chapter and chapter 355, the governing body, by resolution, shall approve the plat and certify the resolution which shall be recorded with the plat. The recorder shall refuse to accept a subdivision plat presented for recording without a resolution from each applicable governing body approving the subdivision plat or waiving the right to review.

354.9 Review of subdivision plats within two miles of a city.

1. If a city, which has adopted ordinances regulating the division of land, desires to review subdivisions outside the city's boundaries, then the city shall establish by ordinance specifically referring to the authority of this section, the area subject to

the city's review and approval. The area of review may be identified by individual tracts, by describing the boundaries of the area, or by including all land within a certain distance of the city's boundaries, which shall not extend more than two miles distance from the city's boundaries. The ordinance establishing the area of review or modifying the area of review by a city, shall be recorded in the office of the recorder and filed with the county auditor.

2. If a subdivision lies in a county, which has adopted ordinances regulating the division of land, and also lies within the area of review established by a city pursuant to this section, then the subdivision shall be submitted to both the city and county for approval. The standards and conditions applied by a city for review and approval of the subdivision shall be the same standards and conditions used for review and approval of subdivisions within the city limits or shall be the standards and conditions for review and approval established by agreement of the city and county pursuant to chapter 28E. Either the city or county may, by resolution, waive its right to review the subdivision or waive the requirements of any of its standards or conditions for approval of subdivisions, and certify the resolution which shall be recorded with the plat.

3. If cities establish overlapping areas of review outside their boundaries, then the cities shall establish by agreement pursuant to chapter 28E reasonable standards and conditions for review of subdivisions within the overlapping area. If no agreement is recorded pursuant to chapter 28E then the city which is closest to the boundary of the subdivision shall have authority to review of the subdivision.

354.10 Appeal of review or disapproval.

When application is made to a governing body for approval of a subdivision plat, the applicant or a second governing body, which also has jurisdiction for review, may be aggrieved by any of the following:

1. The requirements imposed by a governing body as a condition of approval.
2. The governing body exceeding the time for review established by ordinance.
3. The denial of the application.
4. Failure of the governing body to approve or reject a subdivision plat within sixty days from the date of application for final approval.

If the plat is disapproved by the governing body, such disapproval shall state how the proposed plat is objectionable. The applicant has the right to appeal, within twenty days, the failure of the governing body to issue final approval of the plat as provided in this section.

The applicant or the aggrieved governing body has the right to appeal to the district court within twenty days after the date of the denial of the application or the date of the receipt by the applicant of the requirements for approval of the subdivision. Notice of appeal shall be served on the governing body in the manner provided for the service of original notice pursuant to the rules of civil procedure. The appeal shall be tried de novo as an equitable proceeding and accorded a preference in assignment so as to assure its prompt disposition.

354.11 Attachments to subdivision plats.

A subdivision plat, other than an auditor's plat, that is presented to the recorder for recording shall conform to section 354.6 and shall not be accepted for recording unless accompanied by the following documents:

1. A statement by the proprietors and their spouses, if any, that the plat is prepared with their free consent and in accordance with their desire, signed and acknowledged before an officer authorized to take the acknowledgment of deeds. The statement by the proprietors may also include a dedication to the public of all lands within the plat that are designated for streets, alleys, parks, open areas, school property, or other public use, if the dedication is approved by the governing body.

2. A statement from the mortgage holders or lienholders, if any, that the plat is prepared with their free consent and in accordance with their desire, signed and acknowledged before an officer authorized to take the acknowledgment of deeds. An affidavit and bond as provided for in section 354.12, may be recorded in lieu of the consent of the mortgage or lienholder. When a mortgage or lienholder consents to the subdivision, a release of mortgage or lien shall be recorded for any areas conveyed to the governing body or dedicated to the public.

3. An opinion by an attorney-at-law who has examined the abstract of title of the land being platted. The opinion shall state the names of the proprietors and holders of mortgages, liens, or other encumbrances on the land being platted and shall note the encumbrances, along with any bonds securing the encumbrances. Utility easements shall not be construed to be encumbrances for the purpose of this section.

4. A certified resolution by each governing body as required by section 354.8 either approving the subdivision or waiving the right to review.

5. A certificate of the treasurer that the land is free from certified taxes and certified special assessments or that the land is free from certified taxes and that the certified special assessments

are secured by bond in compliance with section 354.12.

A subdivision plat which includes no land set apart for streets, alleys, parks, open areas, school property, or public use other than utility easements, shall be accompanied by the documents listed in subsections 1, 2, 3, and 4 and a certificate of the treasurer that the land is free from certified taxes other than certified special assessments.

1. The lienholder cannot be found, in which case an affidavit by the proprietor stating that the lienholder could not be found shall be recorded with the bond.

2. The lienholder will not accept payment or cannot, because of the nature of the lien, accept payment in full of the lien, in which case an affidavit by the lienholder stating that payment of the lien was offered but refused shall be recorded with the bond.

The bond shall run to the county and be for the benefit of purchasers of lots within the plat and shall be conditioned for the payment and cancellation of the debt as soon as practicable and to hold harmless purchasers or their assigns and the governing body from the lien.

354.13 Auditor's plats and plats of survey.

If a tract is divided or subdivided in violation of section 354.4 or 354.6 or the descriptions of one or more parcels within a tract are not sufficiently certain and accurate for the purpose of assessment and taxation under the guidelines of section 354.3, the auditor shall notify the proprietors of the parcels within the tract for which no plat has been recorded as required by this chapter, and demand that a plat of survey or a subdivision plat be recorded as required by this chapter. Notice shall be served by mail and a certified copy of the notice shall be recorded. The auditor shall mail a copy of the notice to the applicable governing bodies. If the proprietors fail, within thirty days of the notice, to comply with the notice or file with the auditor a statement of intent to comply, the auditor shall contract with a surveyor to have a survey made of the property and have a plat of survey or an auditor's plat recorded as necessary to comply with this chapter. Upon receipt of a statement of

intent to comply, the auditor may extend the time period for compliance.

354.15 Review of auditor's plats.

A proposed auditor's plat shall be filed with the applicable governing body which shall review the plat within the time specified by ordinance, and if it conforms to chapter 355, the governing body shall by resolution approve the plat and certify the resolution to be recorded with the plat. The governing body may state in the resolution whether the lots within the auditor's plat meet the standards and conditions established by ordinance for subdivision lots. The lots within a recorded auditor's plat and parcels within a recorded plat of survey prepared under section 354.13 are individually subject to local regulations and ordinances. Approval of an auditor's plat shall not impose any liability on a governing body to install or maintain public improvements or utilities within the plat. Approval of an auditor's plat by a governing body shall not constitute a waiver of ordinances requiring a subdivision plat.

2. An auditor's plat shall conform to section 354.6, but is exempt from section 354.11. An auditor's plat presented to the recorder for recording shall be accompanied by the following documents:

a. A certificate of the auditor that the auditor's plat was prepared at the direction of the auditor because the proprietors failed to file a plat, that the plat was prepared for assessment and taxation purposes, and that the recording of the plat does not constitute a dedication or impose any liability upon the state or governmental agency.

b. A certified resolution by the governing body, approving the plat or waiving the right to review.

c. A list for each lot within the plat of the proprietor's names, the area, expressed in acreage or square feet, the book and page number of the recorded conveyance to the proprietors and the permanent real estate index number, where established.

d. A certificate of the auditor that no search was made at the time of the recording of the plat to determine the existence of any liens, mortgages, delinquent taxes, or special assessments, that no search was made, other than the records of the auditor's office, to establish title to the property within the plat, and that the lots within the plat are subject individually to the regulations and ordinances of the applicable governing body.

354.17 Costs and collection of costs.

The surveyor shall present to the auditor a statement of the total cost of the surveying, platting, and recording of a plat prepared pursuant to section 354.13. The surveyor shall also present a statement of the part of the total cost to be assessed to each parcel included in the plat based on the time involved in establishing the boundaries of each parcel. The auditor shall certify to the treasurer an assessment for the platting costs against the lots within the plat which shall be collected in the same manner as general taxes, except that the board of supervisors, by resolution, may establish not more than ten equal annual installments and provide for interest on unpaid installments at a rate not to exceed that permitted by chapter 74A.

354.18 Recording of plats.

A plat of survey prepared pursuant to this chapter and a subdivision plat, with attachments, shall be recorded in the office of the county recorder, and an exact copy of the plat shall be filed in the offices of the county auditor and assessor. A replat of any part of an official plat pursuant to section 354.25, or a recorded subdivision plat of any part of an existing official plat shall supersede that part of the original official plat, including unused public utility easements.

The recorder shall examine each plat of survey and subdivision plat to determine whether the plat is clearly legible and whether the approval by the applicable governing body and the other attachments required by this chapter are presented with the plat. The recorder shall also keep a reproducible copy of the plat from which legible copies can be made. The recorder may specify the material and the size of the plat, not less than eight and one-half inches by eleven inches, that will be accepted for recording in order to comply with this

section. The recorder shall not record a subdivision plat that violates this chapter.

354.19 Dedication of land.

An official plat which conforms to this chapter and has attached to the plat a dedication by the proprietors to the public and approval of the dedication by the governing body is equivalent to a deed in fee simple from the proprietors to the public of any land within the plat that is dedicated for street, alley, walkway, park, open area, school property, or other public use. An approved dedication of land for street purposes by the proprietors establishes an easement for public access, whether or not a deed has been recorded or the improvement of the street is complete, except when the resolution approving the plat specifically sets aside portions of the dedicated land as not being open for public access at the time of recording for public safety reasons. The recording of a subdivision plat shall dedicate to the public any utility, sewer, drainage, access, walkway, or other public easement shown on the plat.

The recording of an auditor's plat shall not serve to dedicate streets, alleys, parks, open areas, school property, public improvements, or utilities. The failure to show the existence of an easement or any public interest on the auditor's plat shall not remove or otherwise affect the interest.

354.20 Action to annul plats.

If a plat is filed and recorded in violation of this chapter, a governing body or a proprietor aggrieved by the violation, after filing written notice with the proprietors who joined in the acknowledgment of the plat or their successors in interest, may institute a suit in equity in the district court. The court may order the plat annulled except as provided in section 354.21.

An action shall not be maintained, at law or in equity, in any court, against a proprietor, based upon an omission of data shown on an official plat or upon an omission, error, or inconsistency in any of the documents required by this chapter unless the action is commenced within ten years after the date of recording of the official plat. Limitation of actions based on claims other than those provided

for in this section shall be consistent with chapter 614.

354.22 Vacation of official plats.

The proprietors of lots within an official plat who wish to vacate any portion of the official plat shall file a petition for vacation with the governing body which would have jurisdiction to approve the plat at the time the petition is filed. After the petition has been filed, the governing body shall fix the time and place for public hearing on the petition. Written notice of the proposed vacation shall be served in the manner of original notices as provided in Iowa rules of civil procedure and be served upon proprietors and mortgagees within the official plat that are within three hundred feet of the area to be vacated. If a portion of the official plat adjoins a river or state-owned lake, the Iowa department of natural resources shall be served written notice of the proposed vacation. Notice of the proposed vacation shall be published twice, with fourteen days between publications, stating the date, time, and place of the hearing.

The official plat or portion of the official plat shall be vacated upon recording of all of the following documents:

1. An instrument signed, executed, and acknowledged by all the proprietors and mortgagees within the area of the official plat to be vacated, declaring the plat to be vacated. The instrument shall state the existing lot description for each proprietor along with an accurate description to be used to describe the land after the lots are vacated.
2. A resolution by the governing body approving the vacation and providing for the conveyance of those areas included in the vacation which were previously set aside or dedicated for public use.
3. A certificate of the auditor that the vacated part of the plat can be adequately described for assessment and taxation purposes without reference to the vacated lots.

No part of this section authorizes the closing or obstructing of public highways.

The vacation of a portion of an official plat shall not remove or otherwise affect a recorded restrictive covenant, protective covenant, building restriction, or use restriction. Recorded restrictions on the use of property within an official plat shall be modified or revoked by recording a consent to the modification or removal, signed and acknowledged by the proprietors and mortgagees within the official plat.

354.23 Vacation of streets or other public lands.

A city or a county may vacate part of an official plat that had been conveyed to the city or county or dedicated to the public which is deemed by the governing body to be of no benefit to the public.

The city or county shall vacate by resolution following a public hearing or by ordinance and the vacating instrument shall be recorded. The city or county may convey the vacated property by deed or may convey the property to adjoining proprietors through the vacation instrument. If the vacating instrument is used to convey property then the instrument shall include a list of adjoining proprietors to whom the vacated property is being conveyed along with the corresponding description of each parcel being conveyed. A recorded vacation instrument which conforms to this section is equivalent to a deed of conveyance and the instrument shall be filed and indexed as a conveyance by the recorder and auditor.

A vacation instrument recorded pursuant to this section shall not operate to annul any part of an official plat except as provided for in section 354.22.

354.24 Errors on recorded plats.

If an error or omission in the data shown on a recorded plat is detected by subsequent examinations or revealed by retracing the lines shown on the plat, the original surveyor or two surveyors confirming the error through independent surveys shall record an affidavit confirming that the error or omission was made. The affidavit shall describe the nature and extent of the error or omission and also describe the corrections or additions to be made to the plat and note the book and page number of the recorded plat. The recorder shall write across that part of the plat so corrected the word "corrected", and note the book and page number of the recorded affidavit. A copy of the recorded affidavit shall be filed with the auditor and assessor. The affidavit shall raise a presumption from the date of recording that the purported facts stated in the affidavit are true, and after the lapse of three years from the date of recording the presumption shall be conclusive.

354.25 Survey and replat of official plats.

A survey of an official plat shall conform as nearly as possible to the original lot lines shown on the official plat. The surveyor may summon witnesses, administer oaths, and prepare affidavits and boundary line agreements as necessary in or-

der to establish the location of property lines or lot lines. If a substantial error is discovered in an official plat or if it is found to be materially defective, a proprietor may petition the governing body which would have jurisdiction to approve the plat at the time the petition is filed for a replat of any part of the official plat. Notice of the proposed replat shall be served, in the manner of original notice as provided in Iowa rules of civil procedure, to the proprietors of record and holders of easements specifically recorded within the area to be replatted. The governing body has jurisdiction of the matter upon proof of publication of notice of the petition once each week for two weeks in a newspaper of general circulation within the area of the replat.

A replat of an official plat ordered by the governing body:

1. Shall be prepared by a surveyor pursuant to chapter 355 and recorded; and
2. Shall be exempt from the provisions of section 354.11; and
3. Shall have attached to the plat a statement by the surveyor that the replat is prepared at the direction of the governing body. The costs of the replat shall be presented to the auditor and assessed against the property included in the replat as provided for in section 354.17.

If a governing body changes the addresses or street names shown on an official plat, notice of the change shall note the name or other designation of each official plat affected and shall be filed with the recorder, auditor, and assessor. The recorder shall note the vacation, correction, or replatting on the margin of the official plat or upon an attachment to the official plat for that purpose. The auditor shall make the proper changes on the plats required to be kept by the auditor.

355.4 Boundary location.

The surveyor shall acquire data necessary to retrace record title boundaries, center lines, and other boundary line locations in accordance with the legal descriptions including applicable provisions of chapter 650. The surveyor shall analyze the data and make a careful determination of the position of the boundaries of the parcel or tract of land being surveyed. The surveyor shall make a field survey, locating and connecting monuments necessary for location of the parcel or tract and coordinate the facts of the survey with the analysis and legal description. The surveyor shall place monuments marking the corners of the parcel or tract unless monuments already exist at the corners.

1. Measurements shall be made with instruments and methods capable of attaining the required accuracy for the particular problem involved.

2. Measurements as placed on plats shall be in conformance with the capabilities of the instruments used.

3. In a closed traverse the sum of the measured angles shall agree with the theoretical sum by a difference not greater than thirty seconds times the square root of the number of angles.

4. Distances shall be shown in decimal feet in accordance with the definition of the international foot. Distance measurements shall refer to the horizontal plane.

355.6 Monumentation.

1. The surveyor shall confirm the prior establishment of control monuments at each controlling corner on the boundaries of the parcel or tract of land being surveyed. If no control monuments exist, the surveyor shall place the monuments. Control monuments shall be constructed of reasonably permanent material solidly embedded in the ground and capable of being detected by commonly used magnetic or electronic equipment. The surveyor shall affix a cap of reasonably inert material bearing an embossed or stencil cut marking of the Iowa registration number of the surveyor to the top of each monument which the surveyor places.

2. Control monuments shall be placed at the following locations:

a. Each corner and angle point of each lot, block, or parcel of land surveyed.

b. Each point of intersection of the outer boundary of the survey with an existing or created right-of-way line of a street, railroad, or other way.

c. Each point of curve, tangency, reversed curve, or compounded curve on each right-of-way line established.

3. If the placement of a monument required by this chapter at the prescribed location is impractical, a reference monument shall be established near the prescribed location. If a point requiring monumentation has been previously monumented, the existence of the monument shall be confirmed by the surveyor.

4. At least a minimum number of two survey control monuments are required to be placed before the recording of a subdivision provided the surveyor includes in the surveyor's statement a declaration that additional monuments shall be placed before a date specified in the statement or within one year from the date the subdivision is recorded, whichever is earlier.

355.7 Plats of survey.

A plat of survey shall be made, showing information developed by the survey, for each land survey performed for the purpose of correcting boundaries, correcting descriptions of surveyed land, or for the division of land. Each plat of survey shall conform to the following provisions:

1. The original plat drawing shall remain the property of the surveyor.

2. The size of each plat sheet shall not be less than eight and one-half inches by eleven inches.

3. The scale of the plat drawing shall be clearly stated and graphically illustrated by a bar scale on every plat sheet.

4. An arrow indicating the northern direction shall be shown on each plat sheet.

5. The plat shall show that the survey is tied to a physically monumented land line which is identified by two United States public land survey system corners, or by two physically monumented corners of a recorded subdivision.

6. The plat shall show the lengths and bearings of the boundaries of the parcels surveyed. The course of each boundary line shown on the plat may be indicated by a direct bearing reference or by an angle between the boundary line and an intersecting line having a shown bearing, except when the boundary line has an irregular or constantly changing course, as along a body of water, or when a description of the boundary line is better achieved by measurements shown at points or intervals along a meander line or an offset line having a shown course. The bearings shall be referenced to a United States public land survey system land line, or recorded subdivision line. If the boundary lines show bearings, lengths, or locations which vary from those recorded in deeds, abutting plats, or other instruments of record, the following note shall be placed along the lines:

“recorded as (show recorded bearing, length, or location)”. Bearings and angles shown shall be given to at least the nearest minute of arc.

7. The plat shall show and identify all monuments necessary for the location of the parcel and shall indicate whether the monuments were found or placed.

8. If United States public land survey system corners control the land description, the corners shall be clearly identified on the plat including a description of the monumentation and shall indicate whether the monuments were found or placed.

9. Control monuments shall be adequately described and clearly identified on the plat and noted as found or placed. If additional monuments are to be placed subsequent to the recording of a subdivision as provided in section 355.6, the location of the additional monuments shall be shown on the plat.

10. Distance shall be shown in decimal feet in accordance with the definition of the international foot. Distance measurements shall refer to the horizontal plane.

11. Curve data shall be stated in terms of radius, central angle, and length of curve, and as otherwise specified by local ordinance. In all cases, the curve data must be shown for the line affected.

12. The unadjusted error of closure shall not be greater than one in five thousand for an individual parcel.

13. If any part of the surveyed land is bounded by an irregular line, that part shall be enclosed by a meander line or an offset line showing complete data with distances along all lines extending beyond the enclosure to the irregular boundary, and shown with as much certainty as can be determined or as “more or less”, if variable. In all cases, the true boundary shall be clearly indicated on the plat.

14. The plat shall be captioned to show the date of the survey, and shall be accompanied by a description of the parcel.

15. The plat shall contain a statement by a surveyor that the work was done and the plat was prepared by the surveyor or under the surveyor’s direct personal supervision, shall be signed and dated by the surveyor, and shall bear the surveyor’s Iowa registration number and legible seal.

355.8 Plats for subdivisions.

Subdivision plats shall conform to the following provisions where applicable:

1. The original plat drawing shall remain the property of the surveyor.

2. The size of each plat sheet shall not be less than eight and one-half inches by eleven inches.

3. If more than one sheet is used, each sheet shall display both the number of the sheet and the total number of sheets included in the plat, and clearly labeled match lines indicating where the other sheets adjoin. An index shall be provided to show the relationship between the sheets.

4. The scale of the plat drawing shall be clearly stated and graphically illustrated by a bar scale on every plat sheet.

5. Each subdivision plat shall be designated, by name or as otherwise prescribed, in bold letters inside the margin at the top of each plat sheet.

6. An arrow indicating the northern direction shall be shown on each plat sheet.

7. The plat shall show that the subdivision is tied to a physically monumented land line which is identified by two United States public land survey system corners, or by two physically monumented corners of a recorded subdivision.

8. The plat shall show the lengths and bearings of the boundaries of the tracts surveyed. The course of each boundary line shown on the plat may be indicated by a direct bearing reference or by an angle between the boundary line and an intersecting line having a shown bearing, except when the boundary line has an irregular or constantly changing course, as along a body of water, or when a description of the boundary line is better achieved by measurements shown at points or intervals along a meander line or an offset line having a shown course. The bearing shall be referenced to a United States public land survey system land line, or recorded subdivision line. If the boundary lines show bearings, lengths, or locations which vary from those recorded in deeds, abutting plats, or other instruments of record, the following note shall be placed along the lines: “recorded as (show recorded bearing, length, or location)”. Bearings and angles shown shall be given to at least the nearest minute of arc.

9. The plat shall show and identify all monuments necessary for the location of the tracts and shall indicate whether the monuments were found or placed.

10. If United States public land survey system corners control the land description, the corners shall be clearly identified on the plat including a description of the monumentation and shall indicate whether the monuments were found or placed.

11. Control monuments shall be adequately described and clearly identified on the plat and noted as found or placed. If additional monuments are to be placed subsequent to the recording of a subdivision as provided in section 355.6, the location of the additional monuments shall be shown on the plat.

12. Survey data shall be shown to positively describe the bounds of every lot, block, street,

easement, or other areas shown on the plat, and the boundaries of the surveyed lands.

13. Distances shall be shown in feet to at least the nearest one-tenth of a foot in accordance with the definition of the international foot. Distance measurements shall refer to the horizontal plane.

14. Curve data shall be stated in terms of radius, central angle, and length of curve. Unless otherwise specified by local ordinance, curve data for streets of uniform width need only be shown with reference to the center line and lots fronting on such curves need only show the chord bearing and distance of the part of the curve included in the lot boundary. Otherwise, the curve data shall be shown for the line affected.

15. The unadjusted error of closure shall not be greater than one in ten thousand for subdivision boundaries and shall not be greater than one in five thousand for an individual lot.

16. If part of the surveyed land is bounded by an irregular line, that part shall be enclosed by a meander line or an offset line showing complete data with distances along all lines extending beyond the enclosure to the irregular boundary, and shown with as much certainty as can be determined or as "more or less", if variable. In all cases, the true boundary shall be clearly indicated on the plat.

17. Interior excepted parcels shall be clearly indicated and labeled, "not a part of this survey (or subdivision)".

18. Adjoining properties shall be identified, and if the adjoining properties are a part of a recorded subdivision, the name of that subdivision shall be shown. If the survey is a subdivision of a portion of a previously recorded subdivision plat, sufficient ties shall be shown to controlling lines appearing on such plat to permit a comparison to be made.

19. The purpose of any easement shown on the plat shall be clearly stated.

20. The purpose of areas dedicated to the public shall be clearly indicated on the plat.

21. The plat shall be accompanied by a description of the land included in the subdivision and shall contain a statement by the surveyor that the work was done and the plat was prepared by the surveyor or under the surveyor's direct personal supervision and shall be signed and dated by the surveyor and bear the surveyor's Iowa registration number and legible seal.

355.9 Descriptions.

A description defining land boundaries written for conveyance or other purposes shall be complete, providing definite and unequivocal identification of the property lines or boundaries. The description shall be sufficient to enable the descrip-

tion to be platted and retraced. The description shall commence at or relate to a physically monumented corner or boundary line of record.

IOWA PLANE COORDINATE SYSTEM

355.16 Iowa plane coordinate system defined.

As used in this section, and sections 355.17 through 355.19, unless the context otherwise requires, "Iowa plane coordinate system" or "coordinate system" means the system of plane coordinates established by the United States national ocean survey, or the United States national geodetic survey, or a successor agency, for defining and stating the geographic positions or locations of points on the surface of the earth within the state of Iowa.

93 Acts, ch 50, §1

355.17 Designation of coordinate zones.

The Iowa plane coordinate system is divided into two zones designated as follows:

1. a. The area now included in the following counties constitutes the north zone: Allamakee,

Benton, Black Hawk, Boone, Bremer, Buchanan, Buena Vista, Butler, Calhoun, Carroll, Cerro Gordo, Cherokee, Chickasaw, Clay, Clayton, Crawford, Delaware, Dickinson, Dubuque, Emmet, Fayette, Floyd, Franklin, Greene, Grundy, Hamilton, Hancock, Hardin, Howard, Humboldt, Ida, Jackson, Jones, Kossuth, Linn, Lyon, Marshall, Mitchell, Monona, O'Brien, Osceola, Palo Alto, Plymouth, Pocahontas, Sac, Sioux, Story, Tama, Webster, Winnebago, Winneshiek, Woodbury, Worth, and Wright.

b. The coordinate system north zone is a Lambert conformal conic projection of the North American datum of 1983, having standard parallels at north latitudes forty-two degrees, four minutes, and forty-three degrees, sixteen minutes, along which parallels the scale shall be exact. The origin of coordinates is at the intersection of the meridian ninety-three degrees, thirty minutes west of Greenwich, and the parallel forty-one degrees, thirty minutes north latitude. This origin is given the coordinates: *x* equals one million five hundred thousand meters exact and *y* equals one million meters exact.

2. *a.* The area now included in the following counties constitutes the south zone: Adair, Adams, Appanoose, Audubon, Cass, Cedar, Clarke, Clinton, Dallas, Davis, Decatur, Des Moines, Fremont, Guthrie, Harrison, Henry, Iowa, Jasper, Jefferson, Johnson, Keokuk, Lee, Louisa, Lucas, Madison, Mahaska, Marion, Mills, Monroe, Montgomery, Muscatine, Page, Polk, Pottawattamie, Poweshiek, Ringgold, Scott, Shelby, Taylor, Union, Van Buren, Wapello, Warren, Washington, and Wayne.

b. The coordinate system south zone is a Lambert conformal conic projection of the North American datum of 1983, having standard parallels at north latitudes forty degrees, thirty-seven minutes, and forty-one degrees, forty-seven minutes,

along which parallels the scale shall be exact. The origin of coordinates is at the intersection of the meridian ninety-three degrees, thirty minutes west of Greenwich, and the parallel forty degrees, zero minutes north latitude. This origin is given the coordinates: *x* equals five hundred thousand meters exact and *y* equals zero meters exact.

93 Acts, ch 50, §2; 93 Acts, ch 180, §78

355.18 Identification of geographic locations.

The plane coordinate values for a point on the earth's surface used to express the geographic position or location of the point in the appropriate zone of the coordinate system shall consist of two distances expressed in meters and decimals of a meter. One of these distances, to be known as the "x-coordinate", shall give the position in an east-and-west direction; the other, to be known as the "y-coordinate", shall give the position in a north-and-south direction. These coordinates shall be made to depend upon and conform to plane rectangular coordinate values for the monumented points of the North American horizontal geodetic control network as published by the United States national ocean survey, or the United States national geodetic survey, or a successor agency. Any monumented point may be used for establishing a survey connection to the coordinate system.

93 Acts, ch 50, §3

355.19 Application of terms.

The use of the term "Iowa plane coordinate system north zone" or "Iowa plane coordinate system south zone" on a map, report of survey, or other document shall be limited to coordinates based on the Iowa plane coordinate system as defined in this chapter.

356.7 Charge for room and board — enforcement procedures.

1. The county sheriff may charge a prisoner who is eighteen years of age or older and who has been convicted of a criminal offense or sentenced for contempt of court for violation of a domestic abuse order for the room and board provided to the prisoner while in the custody of the county sheriff. Moneys collected by the sheriff under this section shall be credited to the county general fund and distributed as provided in this section. If a prisoner who has been convicted of a criminal offense or sentenced for contempt of court for violation of a domestic abuse order fails to pay for the room and board, the sheriff may file a room and board reimbursement claim with the district court as provided in subsection 2. The county attorney may file the room and board reimbursement claim on behalf of the sheriff and the county. This section does not apply to prisoners who are paying for their room and board by court order pursuant to sections 356.26 through 356.35.

cluded within the order for payment of restitution by the person.

3. Upon receipt of a claim for room and board reimbursement, the court shall approve the claim in favor of the sheriff or the county for the amount owed by the prisoner as identified in the claim and any fees or charges associated with the filing or processing of the claim with the court. The sheriff may choose to enforce the claim in the manner provided in chapter 626. Once approved by the court, the claim for the amount owed by the person shall have the force and effect of a judgment for purposes of enforcement by the sheriff. However, irrespective of whether the judgment lien for the amount of the claim has been perfected, the claim shall not have priority over competing claims for child support obligations owed by the person.

4. This section does not limit the right of the sheriff to obtain any other remedy authorized by law.

5. Of the moneys collected and credited to the county general fund as provided in this section, sixty percent of the moneys collected shall be used for the following purposes:

The Iowa department of corrections may order the governing body of a political subdivision to either correct violations found in the inspection of a jail or municipal holding facility within a designated period, or may prohibit the confinement of prisoners in the jail or municipal holding facility. If the governing body fails to comply with the order within the period designated, the Iowa department of corrections may schedule a hearing on the alleged violation. The department may subpoena witnesses, documents, and other information deemed necessary to determine the validity of the alleged violation. The department shall upon written request from the governing body of the political subdivision grant representatives of the political subdivision the right to appear before the

department at the hearing. The representatives have the right to counsel and may produce witnesses and present statements, documents, and other information with respect to the alleged violation for consideration at the hearing.

The department after the hearing shall affirm, revoke, or modify the original order. If the order is upheld, the department may include a schedule for correction of the violations and designate the date by which each violation shall be corrected.

The bodily specimen to be taken shall be determined by the attending physician of that jail or the county medical examiner. The specimen taken shall be sent to the state hygienic laboratory at the state university at Iowa City or some other laboratory approved by the Iowa department of public health. If a person to be tested pursuant to this section refuses to submit to the withdrawal of a bodily specimen, application may be made by the sheriff or person in charge of the jail to the district court for an order compelling the person to submit to the withdrawal and, if infected, to available treatment. 357.1 Definitions.

As used in this chapter, unless the context otherwise requires, “*book*”, “*list*”, “*record*”, or “*schedule*” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.

NEW section

357.1A Petition — limitation.

The board of supervisors of any county shall, on the petition of twenty-five percent or more of the eligible electors residing in any proposed benefited water district, grant a hearing relative to the establishment of the proposed water district. The petition shall set out the following and any other pertinent facts:

1. The need of a public water supply.
2. The approximate district to be served.
3. The approximate number of families in the district.
4. The proposed source of supply.
5. The type of service desired, whether domestic only or for fire protection and other uses.

The board of supervisors may, at its option, require a bond of the petitioners as provided in section 468.9.

A benefited water district located wholly within the corporate limits of a city is not subject to the provisions of this chapter.

Water services, other than water services provided as of April 1, 1987, shall not be provided within two miles of the limits of a city except as provided in this section.

A benefited water district established under this chapter may give notice of intent to provide water service to a new area within two miles of a city by submitting a water plan to the city. The plan is only required to indicate the area within two miles of the city which the benefited water district intends to serve. If the city fails to respond to the benefited water district’s plan within ninety days of receipt of the plan, the benefited water district may provide service in the area designated in the plan. The city may inform the benefited water district within ninety days of receipt of the plan that the city requires additional time or information to study the question of providing water service outside the limits of the city. If additional time or information is required, the city shall respond to the benefited water district’s plan within one

hundred eighty days of receipt of the plan. In responding to the plan, the city may waive its right to provide water service within the areas designated for service by the benefited water district, or the city may reserve the right to provide water service in some or all of the areas which the benefited water district intends to serve. If the city reserves the right to provide water service within some or all of the areas which the benefited water district intends to serve, the city shall provide service within four years of receipt of the plan. This section does not preclude a city from providing water service in an area which is annexed by the city.

357.1B Combined water and sanitary district.

1. Upon receipt of a petition having the required signatories as provided in section 357.1A or 358.2, the board of supervisors shall grant a hearing relative to the establishment of a proposed combined water and sanitary district. The petition shall include the information required in sections 357.1A and 358.2 for proposed water districts and sanitary districts. The board of supervisors of the county in which the proposed combined district or largest part of the proposed combined district is located, shall have jurisdiction of the proceedings on the petition and the decision of a majority of the members of that board of supervisors is necessary for adoption. The orders of the board of supervisors made pursuant to this chapter and chapter 358 relating to the proposed combined district shall be kept as official records, but the records need not be published under section 349.16. An existing district may petition the board of supervisors to establish a combined water and sanitary district after the approval of a majority of the district electorate.

2. The board of supervisors having jurisdiction to establish the proposed combined water and sanitary district may proceed with its establishment under this chapter or chapter 358 in the same manner as a benefited water district or a sanitary district is separately established under those chapters. The differences between this chapter and chapter 358 including, but not limited to, the membership of the board of trustees, per diem, and maximum annual per diem, or a power or duty relating to rents, fees, taxation, or bonded indebtedness shall be resolved as a part of the petition submitted to the board of supervisors. Before becoming effective, a change in the membership, per diem, maximum annual per diem, or a power or duty relating to rents, fees, the levy of a tax, or

the issuance of bonds, or other differences specified on the petition shall be submitted for the approval of the district electorate. However, the number of members, per diem, maximum annual per diem, or differences in powers and duties included in a combined district shall not be inconsistent with this chapter or chapter 358.

3. For the purpose of establishing, operating, or dissolving a combined water and sanitary district under this chapter and chapter 358, the term “benefited water district” includes combined water and sanitary district where applicable.

4. Water services and a water service plan prepared by the combined district are subject to approval by an affected city as provided in section 357.1A.

357.7 Water source without district.

When in any proposed benefited water district, it is anticipated that the source of supply will be without the district, and not under its control, the board of supervisors shall instruct the engineer who is appointed to make the preliminary design and dummy assessment, to also obtain from the corporation or municipality which controls the proposed source of supply, a statement in writing, outlining the terms upon which water will be furnished to the district, or to the individuals within the district and on what terms in either case.

This preliminary proposal from the governing body of the source of supply shall be binding, and shall be in the nature of an option to purchase water by the district, or the individual within the same, if and when the proposed benefited water district shall have completed its construction, and is ready to use water. This proposal shall accompany and be a part of the engineer's preliminary report to the board of supervisors.

357.10 Filing of report and plat.

The engineer's report, together with the dummy plat showing the tentative design and assessment, shall be filed with the county auditor within thirty days of such engineer's appointment, unless for adequate reasons it is impossible for the engineer to do so, in which case the board of supervisors may extend the time therefor.

On receipt of the engineer's report, the board of supervisors shall give notice in the same manner as before, of a hearing on the engineer's tentative design and dummy plat. On the day set, or within ten days thereafter, the board of supervisors shall approve or disapprove the engineer's plan and proposed assessment. If it shall appear advisable, the board of supervisors may make changes in the design and assessment, as they appear on the dummy plat.

When the preliminary design and assessment have been approved by the board of supervisors, a date not more than thirty days after the approval shall be set for an election within the district to determine whether or not the proposed improvement shall be constructed and to choose candidates for the offices of trustee within the district. The proposal to approve or disapprove the improvement and the selection of candidates for trustees shall be presented at the same election. Notice of the election, including the time and place of holding the election, shall be given in the same manner as for the public hearing provided for in section 357.4. The vote shall be by ballot which shall state clearly the proposition to be voted upon, and any registered voter residing within the district at the time of the election may vote. The county commissioner of elections shall conduct elections held pursuant to this chapter, and the elections shall be conducted in accordance with chapter 49 where those procedures are not in conflict with this chapter. Precinct election officials shall be appointed to serve without pay, by the commissioner of elections, from among the registered voters of the district. by the voter on blank ballots without formal nomination and the board of supervisors shall appoint three from among the five receiving the highest number of votes as trustees for the district, one to serve for one year, one for two years, and one for three years. The trustees and their successors shall give bond in the amount the board of supervisors may require, the premium of which shall be paid by the district which the trustees represent. Vacancies during a term may be filled by election, or by appointment by the board of supervisors, at the option of the remaining trustees. The trustees must be residents of the district. The term of succeeding trustees shall be for three years.

2. After the initial board of trustees is selected, a candidate for trustee shall be nominated by a personal affidavit of the candidate or by petition of at least ten eligible electors of the district and the candidate's affidavit, which shall be filed with the county commissioner of elections at least twenty-five days before the date of the election. The form of the candidate's affidavit shall be substantially the same as provided in section 45.3.

357.14 Bids for construction.

If the result of said election be in favor of said improvement, the board of supervisors shall instruct the engineer to complete the plans and specifications, ready for receiving bids for construction of the project, which the engineer shall do within thirty days of receiving notice to do so, unless for adequate reason the board shall extend the time.

When the completed plans and specifications are on file with the county auditor, the board of supervisors shall advertise for bids and shall publish a notice once each week for two consecutive weeks in some newspaper published in the county in which the improvement is to be constructed, setting forth the location and nature of the improvement and the date and place where bids will be received by the board. The last published notice to bidders shall be at least seven days before the time set for receiving bids. Bidders shall be required to submit certified checks or credit union certified share drafts for five percent of the amount of the bid.

[C24, 27, 31, 35, §5524; C39, §5526.14; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.14]

84 Acts, ch 1055, §6

357.15 Inadequate assessment.

When bids have been received, if it is apparent that the final assessment will need to be increased more than ten percent over the preliminary assessment, the board of supervisors shall, at its option, reject bids and readvertise for bids as provided herein, or reject bids and revise the dummy

assessment. If the dummy assessment is revised, another election shall be held within the district in the same manner and with the same notices as the first, except that the candidates for trustees shall not be voted for.

[C39, §5526.15; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.15]

357.16 Second election.

If the majority of the votes cast at said second election be in favor of said improvement, the board of supervisors shall again advertise for bids in the same manner as before. If the bids at the second letting will not necessitate raising the second preliminary assessment more than ten percent, the board may let the contract to the lowest responsible bidder.

[C24, 27, 31, 35, §5524; C39, §5526.16; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.16]

357.17 Bond of contractor.

The successful bidder, when awarded a contract, shall be required to give an approved surety bond for one hundred percent of the contract price, guaranteeing completion of the work in accordance with the plans and specifications, and for maintenance, including backfilling, for one year after the final acceptance of the work.

If the contractor shall fail to complete the work as provided in the contract, or shall abandon the same, or fail to proceed in a reasonable manner toward its final completion, the board may proceed against the contractor and surety as provided in sections 468.104 and 468.105.

357.18 Acceptance of work.

When in the opinion of the engineer in charge, the construction in any benefited water district has been completed in accordance with the plans, specifications, and contract, the engineer shall certify this fact to the board of supervisors, and recommend the acceptance of the work by the said board. The board of supervisors shall proceed in accordance with sections 468.101 and 468.102.

357.19 Completing assessment.

After the final acceptance of the work by the board of supervisors, the engineer shall complete the final assessment, which shall be made on all the property within the district, whether abutting or not, for an amount approximately ten percent greater than the total cost of the project. The assessment shall not exceed benefits conferred and shall take into consideration the location and value of the property assessed. Where a pipe in excess of six inches in diameter is used, the assessment against the abutting property shall be limit-

ed to the cost of a six-inch pipe, and the difference between the cost of the pipe used and a six-inch pipe shall be paid by a uniform assessment against all benefited property within the water district. The final assessment on any lot or parcel of land shall not exceed the final preliminary assessment by more than ten percent, and shall in no case exceed twenty-five percent of the actual value of the property. The board of supervisors may alter an assessment to increase or decrease it within the limits outlined above, and must approve by resolution the final assessment as made.

[C24, 27, 31, 35, §5522; C39, §5526.19; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.19]

357.20 Due date — bonds.

Assessments of less than one hundred dollars will come due at the first taxpaying date after the approval of the final assessment, and assessments of one hundred dollars or more may be paid in ten annual installments with interest on the unpaid balance at a rate not exceeding that permitted by chapter 74A. The board of supervisors shall issue bonds against the completed assessment in an amount equal to the total cost of the project, so that the amount of the assessment will be approximately ten percent greater than the amount of the bonds.

[C24, 27, 31, 35, §5522; C39, §5526.20; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.20]
99 Acts, ch 83, §5

357.21 Substance of bonds.

Each of such bonds shall be numbered, and have printed upon its face that it is a benefited water district bond, stating the county and the number of the district for which it is issued, and the date of maturity; that it is in pursuance of a resolution of the board of supervisors, and that it is to be paid for only from special assessment theretofore levied and taxes levied as hereinafter provided for that purpose within the said district for which the bond is issued. The provisions of sections 468.76 and 468.78 shall govern the issuance of these bonds except that the contractor will not be paid anything on the work until its completion and final acceptance.

[C39, §5526.21; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.21]

357.22 Lien of assessments — tax.

When the assessment has been completed and the bonds sold and the schedule of assessment shall be turned over to the county auditor, the installments due thereon shall be collected in the same manner as ordinary taxes and shall constitute a lien on the property against which they are made. If the treasurer does not receive sufficient funds to enable the treasurer to pay the interest and retire the bonds as they become due, the auditor shall levy an annual tax of eighty-one cents per

thousand dollars of assessed value of all taxable property within the district to pay such deficiency, and the county treasurer shall apply the proceeds of such levy to the payment of the bonds and the interest on the same so long as the bonds are in arrears on either interest or principal.

[C24, 27, 31, 35, §5525; C39, §5526.22; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.22]

357.23 Surplus.

The board of supervisors shall be required to levy the annual tax of eighty-one cents per thousand dollars of assessed value of taxable property so long as the bonds are in arrears.

[C39, §5526.23; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.23]

357.24 Fee of engineer.

The fee for engineering services shall be fixed by the board of supervisors and the engineer may be paid either a percentage or a per diem, from proceeds of the bond sale or by cash from the contractor, if the contractor takes bonds in settlement for the contractor's work under the contract.

[C39, §5526.24; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.24]

357.25 Management by trustees.

After the final acceptance of the work by the board of supervisors, the management of the utility shall automatically go to the three trustees previously appointed by the board of supervisors. The trustees of a benefited water district located in a county with a population of two hundred fifty thousand or less shall have power to levy an annual tax not to exceed thirteen and one-half cents per thousand dollars of assessed value of all taxable property in the district, for the maintenance of the system. However, the trustees of a benefited water district located in a county with a population of more than two hundred fifty thousand may levy an annual tax on the taxable value of all taxable property in the district in an amount as may be necessary for the maintenance of the system, with the approval of the board of supervisors. This levy shall be optional with the trustees. The trustees may purchase material and employ labor to properly maintain and operate the utility. The trustees shall be allowed necessary expenses in the discharge of their duties, but shall not receive any salary.

[C24, 27, 31, 35, §5526; C39, §5526.25; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, S81, §357.25; 81 Acts, ch 123, §1]

357.26 Duties of trustees.

It is anticipated that this law will usually be utilized to finance a distribution system where the source of supply is without the district, and not under its control, and that individuals within the district will pay water rent to a municipality or corpo-

ration without the district. It is intended that the trustees may so operate the utility as will best serve the users, and they are expressly authorized to buy and sell water, to fix the rates to consumers and make all contracts reasonable or necessary to accomplish the purpose of this chapter and to carry on all the operations incident to maintaining and operating said utility and to the procuring and furnishing of water to the consumers therein. If the development of a source of supply is within the means of the district, the trustees may install wells, tanks, meters and any other equipment properly pertaining to operate it.

[C39, §5526.26; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.26]

357.27 Public property in district.

Whenever property of the state of Iowa, or any political subdivision thereof, shall be included either wholly or in part within such water district and shall own facilities which may be used as a part of such water system, the executive council, board of supervisors or city council, as the case may be, may permit such use of said facilities for such consideration and on such terms as may be agreed upon with the board of trustees.

[C39, §5526.27; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.27]

357.28 Private mains — additional assessments.

Any person or persons within any water district, who may, after the initial installation of the improvement in any such district, desire to construct additional mains, and who have been assessed on the original assessment, may with the consent of the trustees, connect such lateral mains as they desire with the original system to serve property within the district which has been assessed, provided that the entire cost thereof shall be borne by the parties so interested.

The trustees shall have power to make additional assessments on unimproved lots or parcels of land within the district when said unimproved lots or parcels are improved and ready to receive the full benefits of the district. This additional assessment shall be determined and fixed by the trustees and shall not exceed the average assessment for improved property in said districts less the original assessment on said unimproved lots or parcels. Said assessments shall be paid to the county treasurer before service pipes are laid into said improvement. The assessment shall be put in the benefited water district fund of the district of which said lots or parcels are a part and shall be used by the county treasurer for the retirement of bonds and interest. When the bonds are all retired, the trustees shall be authorized to use said fund for maintenance purposes, changing size of mains, eliminating dead ends, or extending mains for the benefit of the district.

[C39, §5526.28; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.28]

357.29 Subdistricts.

If the cost of the desired extensions will be as much as five thousand dollars, the interested parties may petition the board of supervisors to organize a subdistrict, and in such case the board shall proceed in the same manner as for a new district, and may take in territory not originally assessed.

The board of supervisors shall have power at any time to alter the boundaries of any district prior to the time of posting or publishing notice of the election within the district.

[C24, 27, 31, 35, §5522; C39, §5526.29; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.29]

357.30 Additional territory.

When the district is under the control of trustees, they are empowered to deal with parties without the district who desire to be taken into the district or to obtain water from the district and determine the amount to be assessed against said district to be taken in or connected with. The trustees shall have power in such cases to make agreements for the district, and may, with the consent of the board of supervisors, alter the district boundaries to take in additional territory. No lot or parcel of land shall be put out of a district without the consent of the owner, after it has paid any assessment to the district.

[C24, 27, 31, 35, §5522; C39, §5526.30; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.30]

357.31 Right of way.

The board of supervisors shall have power to condemn, in the same manner as provided for the condemnation of land, right of way through private property, sufficient for the construction and maintenance of water mains. The cost of such right of way shall constitute a part of the expense of the improvement and shall be covered by the special assessment.

[C39, §5526.31; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.31]

357.32 Record book.

The board of supervisors shall provide a record book which shall be in the custody of the auditor, in which shall be kept a full and complete record of the proceedings relative to water districts, so arranged and indexed, as to enable any proceedings relative to any district to be readily examined.

[C24, 27, 31, 35, §5524; C39, §5526.32; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.32]

357.33 Appeal procedure.

Any person aggrieved, may appeal from any final action of the board of supervisors in relation to any matter involving the person's rights, to the district court of the county in which the district is

located. The procedure in such appeals shall be governed by the provisions of sections 468.84 to 468.99 provided that whenever in the above sections the words “drainage district” occur, the words “benefited water district” shall be substituted.

[C39, §5526.33; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.33]

357.34 Conveyance of district to city.

Where a city is situated wholly or partly within a benefited water district or the source of supply for such benefited water district is a municipal water system, the board of supervisors having jurisdiction of said benefited water district, at the request of the trustees of said benefited water district, may, by proper resolution, convey unto said city any and all rights which said board of supervisors may have in and to said benefited water district. Said conveyance, however, shall not become effective until all existing obligations against said district have been completely and fully discharged and such conveyance accepted and confirmed by a resolution of the council of said city or of the board of waterworks trustees of said city if there be one, specially passed for such purpose.

Upon acceptance, the district, including the plant and distribution system, as well as all funds and credits shall become the property of said city and be operated and used by it to the same extent as if acquired under such provisions of law under which said city is then operating its waterworks. Also, the offices of the trustees as provided in this chapter shall be abolished upon acceptance by the city and their duties as such shall immediately cease.

[C54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.34]

357.35 Merging existing districts.

When the source of supply for a benefited district is obtained wholly or partly through another

benefited district or if districts are supplied with their water from a common source, the board of supervisors having jurisdiction of those benefited districts, shall, upon ten days’ written notice to the trustees, hold a hearing relative to the establishment of a single benefited water district with a boundary encompassing all the area within the subject districts. If the board finds the residents and property owners in the proposed district would be benefited, it may establish the single district by resolution. In the case of districts with outstanding warrants in excess of the anticipated revenues and cash balance within the district fund, an assessment shall be drawn up by the auditor for an amount approximately fifty-five percent of the total indebtedness of the district and the board of supervisors must approve by resolution the final assessment as made and cause bonds to be issued at approximately ten percent greater than the total indebtedness of the district in accordance with sections 357.20 and 357.21 except that the bonds shall be paid, approximately equally, from user charges and the assessment. In the case of districts with bonded indebtedness, a subarea of the new single district with a boundary identical to each indebted district shall be designated and taxed in accordance with sections 357.22 and 357.23. When all bonds have been retired, the subarea shall cease to exist. In the case of districts with a surplus cash balance, all funds and credits shall become the property of the single district and used by it to the same extent as if acquired under the provisions of section 357.26. Upon establishment of the single district by the board of supervisors, a resolution shall be passed either appointing three trustees or designating the board of supervisors as the trustees for the single district. The operation of the single district constitutes a county enterprise under section 331.461, subsection 2.

357A.2 Petition — deposit — limitation.

A petition may at any time be filed with the auditor requesting the supervisors to incorporate and organize a district encompassing an area, not then included in any other district, in a county or in two or more adjacent counties for the purpose of providing an adequate supply of water for residents of the area who are not served by the water mains of any city water system.

There shall be filed with the petition a bond with sureties approved by the auditor, or a certified check, credit union certified share draft or cash in an amount sufficient for the payment of all costs and expenses incurred in the proceedings if the district is not finally established.

The petition shall be signed by the owners of at least thirty percent of all real property lying within the outside perimeter of the area designated for inclusion in the proposed district, and shall state:

1. The location of the area, describing such area to be served or specifying the area by an attached map.
2. The reasons a district is needed.
3. A new water service plan describing the cost feasibility and estimated construction schedules.

Water services, other than water services provided as of April 1, 1987, shall not be provided within two miles of the limits of a city by a rural

water district incorporated under this chapter or chapter 504A except as provided in this section.

A rural water district incorporated under this chapter or chapter 504A may give notice of intent to provide water service to a new area within two miles of a city by submitting a water plan to the city. The plan is only required to indicate the area within two miles of the city which the rural water district intends to serve. If the city fails to respond to the rural water district's plan within ninety days of receipt of the plan, the rural water district may provide service in the area designated in the plan. The city may inform the rural water district within ninety days of receipt of the plan that the city requires additional time or information to study the question of providing water service outside the limits of the city. If additional time or information is required, the city shall respond to the rural water district's plan within one hundred eighty days of receipt of the plan. In responding to the plan, the city may waive its right to provide water service within the areas designated for service by the rural water district, or the city may reserve the right to provide water service in some or all of the areas which the rural water district intends to serve. If the city reserves the right to provide water service within some or all of the areas which the rural water district intends to serve, the city shall provide service within four years of receipt of the plan. This section does not preclude a city from providing water service in an area which is annexed by the city.

4. Prior to each annual meeting of participating members:

a. Prepare an estimated budget for the coming year, and adjust water rates if necessary in order to produce the revenue required to fund the estimated budget, and make a report thereon at the annual meeting.

b. Have an audit made of the district's records and accounts, and make copies of the audit report available to all participating members attending the annual meeting and to any other participating member who so requests.

5. Have authority to acquire by gift, lease, purchase, or grant any property, real or personal, in fee or a lesser interest needed to achieve the purposes for which the district was incorporated, to acquire easements for water lines and reservoirs by condemnation proceedings, and to sell and convey property owned, but no longer needed, by the district. Condemnation proceedings shall not apply to existing wells, ponds or reservoirs.

A district may purchase its water supply from any source.

7. Have power to borrow from, co-operate with and enter into agreements as deemed necessary with any agency of the federal government, this state, or a county of this state, and to accept financial or other aid from any agency of the federal gov-

9. Finance all or part of the cost of the construction or purchase of a project necessary to carry out the purposes for which the district is incorporated or to refinance all or part of the original cost of that project, including, but not limited to, obligations originated by the district as a non-profit corporation under chapter 504A and assumed by the district reorganized under this chapter. Financing or refinancing carried out under this subsection shall be in accordance with the terms and procedures set forth in the applicable provisions of sections 384.24A, 384.83 through 384.88, 384.92, and 384.93. All investments of funds shall be subject to sections 12B.10 and 12B.10A and other applicable law.

This chapter and chapter 384, as it applies to rural water districts, shall not be construed to mean that the real property of any rural water subscriber shall be used as security for any debts of a rural water district. However, the failure to pay water rates or charges by a subscriber may result in a lien being attached against the premises served upon certification to the county treasurer that the rate or charges are due.

357E.2 Incorporation.

1. If an area of contiguous territory is situated so that the acquisition, construction, reconstruction, enlargement, improvement, equipping, maintenance, and operation of recreation facilities for the residents of the territory will be conducive to the public health, comfort, convenience, water quality, or welfare, the area may be incorporated as a benefited recreational lake district as set forth in this chapter. The land to be included in a district must be contiguous to the recreational lake or to other residential, agricultural, or commercial property which is contiguous to the recreational lake.

2. If an area of contiguous territory is situated so that the performance of water quality activities, including the acquisition, construction, reconstruction, enlargement, improvement, equipping, maintenance, and operation of water quality facilities for the residents of the district will be conducive to the public health, comfort, convenience, water quality, or welfare, the area may be incorporated as a water quality district as provided in this chapter. The land to be included in a district must be contiguous to a stream, river, or lake, or to other property which, except for a public road or other public land, is contiguous to a stream, river, or lake. However, a water quality district shall not be established on open ditches or streams maintained by drainage districts or on streams or rivers where levees are maintained by levee or drainage districts. If a reach of a stream or river in a water quality district later becomes a drainage district facility or becomes levied by a drainage or levee district, the stream or river reach shall be removed from the jurisdiction of the water quality district and the adjacent parcels shall be removed from the water quality district.

3. If an area of contiguous territory is situated so that the specifications of subsections 1 and 2 are met, the area may be incorporated as a combined recreational facility and water quality district as provided in this chapter. If the trustees of a benefited recreational lake district wish to form a combined district or the trustees of a water quality district wish to form a combined district, the trustees may join with the petition required by section 357E.3 to the board of supervisors to proceed with the establishment of a combined district after following the same procedures as provided in this chapter for establishing a separate district.

The supervisors may adjust the boundaries of a proposed district as needed to exclude land that has no reasonable likelihood of benefit from inclusion in the proposed district. However, the boundaries of a proposed district shall not be changed to incorporate property which is not included in the original petition.

An indebtedness shall not be incurred under this chapter until authorized by an election. The election shall be held and notice given in the same manner as provided in section 357G.8, and the same sixty percent vote shall be necessary to authorize indebtedness. Both propositions may be submitted to the voters at the same election.

94 Acts, ch 1075, §11

357G.12 Dissolution of district.

Upon petition of thirty-five percent of the resident eligible electors, the council may dissolve a district and dispose of any remaining property, the proceeds of which shall first be applied against outstanding obligations and any balance shall be applied to tax credit of property owners of the district. The council shall continue to levy a tax after dissolution of a district, of not to exceed twenty-seven cents per thousand dollars of assessed value on all the taxable property of the district, until all outstanding obligations of the district are paid.

1. The owner of any property joining an established district shall pay to the trustees of the district an initial fee to be computed as follows:

a. The trustees shall first determine fair market value of all property and improvements owned by the district, less any indebtedness.

c. The council shall determine the assessed value of the property of each landowner joining the

established district which is not assessed as agricultural land.

d. The result obtained in paragraph “b” shall be multiplied by the result obtained in paragraph “c”. The result shall be the initial fee to be charged

each landowner.

2. The initial fees paid to the trustees shall be used to help defray the cost and maintenance of the district’s emergency medical services.

357H.2 Petition for public hearing.

1. The board shall, on the petition of twenty-five percent of the residents of a proposed rural improvement zone, if the assessed valuation of the property owned by the petitioners represents at least twenty-five percent of the total assessed value of the proposed zone, hold a public hearing concerning the establishment of a proposed zone. The petition shall include a statement containing the following information:

- a. The need for the proposed zone.
- b. A description of the boundaries of the proposed zone.
- c. The approximate number of families in the proposed zone.

2. The board may require the petitioners to post a bond conditioned upon the payment of all costs and expenses incurred in the proceedings if the zone is not established.

97 Acts, ch 152, §2

357H.3 Time of public hearing.

The public hearing required in section 357H.2 shall be held within thirty days of the presentation of the petition. Notice of hearing shall be given by publication as provided in section 331.305.

97 Acts, ch 152, §3

357H.4 Hearing on petition — action by board.

At the public hearing required in section 357H.3, the board may consider the boundaries of a proposed rural improvement zone, whether the boundaries shall be as described in the petition or otherwise, and for that purpose may amend the petition and change the boundaries of the proposed zone as stated in the petition. The board may adjust the boundaries of a proposed zone as needed to exclude land that has no reasonable likelihood of benefit from inclusion in a rural improvement zone. However, the boundaries of a proposed zone shall not be changed to incorporate property which is not included in the original petition.

Within ten days after the hearing, the board shall establish the rural improvement zone by resolution or disallow the petition. However, the zone shall not include any area which is part of an urban renewal area under chapter 403.

97 Acts, ch 152, §4

357H.5 Election of candidates for trustees.

When a preliminary plat has been approved by the board, an election shall be held within the rural improvement zone within sixty days to choose candidates for the offices of trustees of the zone. Notice of the election shall be given as provided in section 357H.3.

97 Acts, ch 152, §5

357H.6 Trustees — terms and qualifications.

The election of trustees of a rural improvement zone shall take place at a special election on ballots which shall not reflect a nominee's political affiliation. Nomination shall be made by petition in accordance with chapter 45. The petition form shall be furnished by the county commissioner of elections, signed by eligible electors of the rural improvement zone equal in number to one percent of the vote cast within the zone for governor in the last previous general election, and shall be filed with the county commissioner of elections. A plurality shall be sufficient to elect the five trustees of the rural improvement zone, and no primary election for that office shall be held. At the original election, two trustees shall be elected for one year, two for two years, and one for three years. The terms of the succeeding trustees are for three years. The terms of the trustees shall begin immediately after their election and certification. The trustees must be residents of the zone. Vacancies on the board shall be filled by appointment by the remaining trustees.

97 Acts, ch 152, §6; 98 Acts, ch 1168, §2

357H.7 Board of trustees — power.

The trustees of a rural improvement zone elected pursuant to section 357H.6 shall constitute the board of trustees of the zone and shall manage and control the affairs, property, and facilities of the zone. The board of trustees shall elect a president, a clerk, and a treasurer from its membership. The trustees may authorize construction, reconstruction, or repair of improvements within the zone following procedures set out in section 331.341. For these purposes, the trustees may purchase material, employ personnel, acquire real estate and interests in real estate, and perform all other acts necessary to properly maintain and operate the zone. The trustees are allowed necessary expenses in the discharge of their duties, but they shall not receive salaries.

97 Acts, ch 152, §7

357H.8 Certificates, contracts, and other obligations — standby tax.

To provide funds for the payment of the costs of improvement projects and for the payment of other activities authorized pursuant to section 357H.7, the board of trustees may borrow money

and issue and sell certificates or may enter into contracts or other obligations payable from a sufficient portion of the future receipts of tax revenue authorized pursuant to section 357H.9 and the standby tax in subsection 4 of this section. The receipts shall be pledged to the payment of principal of and interest on the certificates, contracts, or other obligations.

1. Certificates may be sold at public sale or at private sale at par, premium, or discount at the discretion of the board of trustees. Chapter 75 does not apply to the issuance of these certificates.

2. Certificates may be issued with respect to a single improvement project or multiple projects and may contain terms or conditions as the board of trustees may provide by resolution authorizing the issuance of the certificates. However, certificates shall not be issued after January 1, 2007, except to refund other certificates as provided in subsection 3.

3. Certificates issued to refund other certificates may be sold at public sale or at private sale as provided in this section with the proceeds from the sale to be used for the payment of the certificates being refunded. The refunding certificates may be exchanged in payment and discharge of the certificates being refunded, in installments at different times, or an entire issue or series at one time. Refunding certificates may be sold or exchanged at any time on, before, or after the maturity of the outstanding certificates to be refunded, may be issued for the purpose of refunding a like, greater, or lesser principal amount of certificates, and may bear a rate of interest higher or lower than, or equivalent to, the rate of interest on certificates being renewed or refunded.

4. To further secure the payment of the certificates, the board of trustees shall, by resolution, provide for the assessment of an annual levy of a standby tax upon all taxable property within the rural improvement zone. The rate of the standby tax shall be not less than fifty cents per thousand dollars of the assessed value of the taxable property and not more than two dollars and fifty cents per thousand dollars of the assessed value of the taxable property. A copy of the resolution shall be sent to the county auditor. The revenues from the standby tax shall be deposited in a special fund and shall be expended only for the payment of principal of and interest on the certificates issued as provided in this section, when the receipt of tax revenues pursuant to section 357H.9 is insufficient. If payments are necessary and made from the special fund, the amount of the payments shall be promptly repaid into the special fund from the first available payments received which are not required for the payment of principal of or interest on certificates due. No reserves may be built up in the special fund in anticipation of a projected default. The board of trustees shall adjust the annual standby tax levy for each year to reflect the

amount of revenues in the special fund and the amount of principal and interest which is due in that year.

5. Before certificates, contracts, or other obligations are issued or entered into, the board of trustees shall publish a notice of its intention, stating the amount, the purpose, and the improvement project or projects for which the certificates, contracts, or other obligations are to be issued or entered into. A person may, within fifteen days after the publication of the notice, appeal the decision of the board of trustees in proposing to issue the certificates or to enter into the contracts or other obligations to the district court in the county in which the rural improvement zone exists. The action of the board of trustees in determining to issue the certificates or to enter into the contracts or other obligations is final and conclusive unless the district court finds that the board of trustees has exceeded its legal authority. An action shall not be brought which questions the legality of the certificates, contracts, or other obligations, the power of the board of trustees to issue the certificates or to enter into the contracts or other obligations, the effectiveness of any proceedings relating to the authorization of the project, or the authorization and issuance of the certificates or entrance into the contracts or other obligations after fifteen days from the publication of the notice of intention to issue certificates or enter into contracts or other obligations.

6. The board of trustees shall determine if revenues are sufficient to secure the faithful performance of obligations.

Subsection 4 amended

357H.9 Incremental property taxes.

The board of trustees shall provide by resolution that taxes levied on the taxable property in a rural improvement zone each year by or for the benefit of the state, city, county, school district, or other taxing district after the effective date of the resolution shall be divided as provided in section 403.19, subsections 1 and 2, in the same manner as if the taxable property in the rural improvement zone was taxable property in an urban renewal area and the resolution was an ordinance within the meaning of those subsections. The taxes received by the board of trustees shall be allocated to, and when collected be paid into, a special fund and may be irrevocably pledged by the trustees to pay the principal of and interest on the certificates, contracts, or other obligations approved by the board of trustees to finance or refinance, in whole or in part, an improvement project. As used in this section, "taxes" includes, but is not limited to, all levies on an ad valorem basis upon land or real property located in the rural improvement zone.

97 Acts, ch 152, §9; 98 Acts, ch 1168, §4

357H.10 Dissolution of zone.

The rural improvement zone shall be dissolved upon the adoption of a resolution of the board of trustees which specifies that all improvements have been made in the zone and all indebtedness has been paid. Upon dissolution of the zone, all assets shall be deeded to a nonprofit corporation whose members are property owners of the improvement zone.

358.2 Petition — deposit.

Any twenty-five or more eligible electors resident within the limits of any proposed sanitary

district may file a petition in the office of the county auditor of the county in which the proposed sanitary district, or the major portion thereof, is located, requesting that there be submitted to the registered voters of such proposed district the question whether the territory within the boundaries of such proposed district shall be organized as a sanitary district under this chapter. Such petition shall be addressed to the board of supervisors of the county wherein it is filed and shall set forth:

3. That the public health, comfort, convenience or welfare will be promoted by the establishment of such sanitary district.

No territory shall be included within more than one sanitary district organized under this chapter, and if any proposed sanitary district shall fail to receive a majority of votes cast at any election thereon as hereinafter provided, no petition shall be filed for establishment of such a sanitary district within one year from the date of such previous election.

There shall be filed with the petition a bond with sureties approved by the auditor, or a certified check, credit union certified share draft or cash in an amount sufficient for the payment of all costs and expenses incurred in the proceedings if the district is not finally established.

No preliminary expense shall be incurred before the establishment of the proposed sanitary district by the board in excess of the amount of bond filed by the petitioners. In case it is necessary to incur any expense in addition to the amount of the bond, the board of supervisors shall require the filing of an additional security until the additional bond is filed in sufficient amount to cover the expense.

358.4 Date and notice of hearing.

1. The board of supervisors to which the petition is addressed, at its next meeting, shall set the time and place for a hearing on the petition. The board shall direct the county auditor in whose office the petition is filed to cause notice to be given to all persons whom it may concern, without naming them, of the pendency and content of the petition, by publication of a notice as provided in section 331.305. Proof of giving the notice shall be made by affidavit of the publisher and the proof shall be on file with the county auditor at the time the hearing begins. The notice of hearing shall be directed to all persons it may concern, and shall state:

a. That a petition has been filed with the county auditor of the county, naming it, for establishment of a proposed sanitary district, and the name of the proposed district.

b. An intelligible description of the boundaries of the territory to be embraced in the district.

c. The date, hour, and the place where the petition will come on for hearing before the board of supervisors of the named county.

d. That the board of supervisors will fix and determine the boundaries of the proposed district as described in the petition or otherwise, and for that purpose may alter and amend the petition. At the hearing all interested persons shall have an opportunity to be heard on the location and boundaries of the proposed district and to make suggestions regarding the location and boundaries.

2. For a district which does not include land within a city, copy of the notice shall also be sent by mail to each owner, without naming them, of each tract of land or lot within the proposed district as shown by the transfer books of the auditor's office. The mailings shall be to the last known mailing address unless there is on file an affidavit of the auditor or of a person designated by the board to make the necessary investigation, stating that a mailing address is not known and that diligent inquiry has been made to ascertain it. The copy of notice shall be mailed no less than twenty days before the day set for hearing and proof of service shall be by affidavit of the auditor. The proofs of service required by this subsection shall be on file at the time the hearing begins.

3. In lieu of the mailing to the last known address a person owning land affected by a proposed district may file with the county auditor an instru-

ment in writing designating the address for the mailing. This designation when filed is effective for five years and applies to all proceedings under this chapter. The person making the designation may change the address in the same manner as the original designation is made.

4. In lieu of publication, personal service of the notice may be made upon an owner of land in the proposed district in the manner and for the time required for service of original notices in the district court. Proof of the service shall be on file with the auditor on the date of the hearing.

358.5 Hearing of petition and order.

The board of supervisors to whom the petition is addressed shall preside at the hearing provided for in section 358.4 and shall continue the hearing in session, with adjournments from day to day, if necessary, until completed, without being required to give any further notice of the hearing. Proof of the residences and qualifications of the petitioners as eligible electors shall be made by affidavit or otherwise as the board may direct. The board may consider the boundaries of a proposed sanitary district, whether they shall be as described in the petition or otherwise, and for that purpose may alter and amend the petition and limit or change the boundaries of the proposed district as stated in the petition. The board shall adjust the boundaries of a proposed district as needed to exclude land that has no reasonable likelihood of benefit from inclusion in the proposed district. The boundaries of a proposed district shall not be changed to incorporate property not included in the original petition and published notice until the owner of the property is given notice of inclusion as on the original hearing. All persons in the proposed district shall have an opportunity to be heard regarding the location and boundaries of the proposed district and to make suggestions regarding the location and boundaries. The board of supervisors, after hearing the statements, evidence and suggestions made and offered at the hearing, shall enter an order fixing and determining the limits and boundaries of the proposed district and directing that an election be held for the purpose of submitting to the registered voters residing within the boundaries of the proposed district the question of organization and establishment of the proposed sanitary district as determined by the board of supervisors. The order shall fix a date for the election not more than sixty days after the date of the order.

However, a majority of the landowners, owning in the aggregate more than seventy percent of the total land in the proposed district, may file a written remonstrance against the proposed district at or before the time fixed for the hearing on the proposed district with the county auditor. If the re-

monstrance is filed, the board of supervisors shall discontinue all further proceedings on the proposed district and charge the costs incurred to date relating to the establishment of the proposed district.

The board of supervisors shall cause a statement of the result of such election to be spread upon the records of the county auditor. 358.9 Selection of trustees — term of office.

At the election provided for in section 358.7, the names of candidates for trustee of the district shall be written by the voters on blank ballots without formal nomination, and the board of supervisors which had jurisdiction of the proceedings for establishment of the sanitary district, together with the board of supervisors of any other county in which any part of the district is located, shall appoint three trustees from among the five persons receiving the greatest number of votes as trustees of the district. One of the trustees shall be designated to serve a term expiring on the first day of January which is not a Sunday or legal holiday following the next general election, one to serve a term expiring on the first day of January which is not a Sunday or legal holiday two years later, and one to serve a term expiring on the first day of January which is not a Sunday or legal holiday four years later. Thereafter, each term shall be for a term of years established by the board of supervisors, not less than three years or more than six years. Successors to trustees shall be elected by special election or at a special meeting of the board of trustees called for that purpose. For each special election called after the initial election, a candidate for office of trustee shall be nominated by a personal affidavit of the candidate or by petition of at least ten eligible electors of the district and the candidate's personal affidavit, which shall be filed with the county commissioner of elections at least twenty-five days before the date of the election. The form of the candidate's affidavit shall be substantially the same as provided in section 45.3.

Vacancies in the office of trustee of a sanitary district shall be filled by the remaining members of the board for the period until a successor is chosen in the manner prescribed by this section or by section 69.12, whichever is applicable.

In lieu of a special election, successors to trustees shall be elected at a special meeting of the board of trustees called for that purpose. Upon its own motion, the board of trustees may, or upon petition of landowners owning more than fifty percent of the total land in the district, shall, call a special meeting of the residents of the district to elect successors to trustees of the board. Notice of the meeting shall be given at least ten days before the date of the meeting by publication of the notice in a newspaper of general circulation in the district. The notice shall state the date, times, and location of the meeting and that the meeting is

called for the purpose of electing one or more trustees to the board.

If the petition to establish a sanitary district requests a board of trustees of five members, the board of supervisors shall select five trustees from among the seven persons receiving the highest number of votes at the initial election. Two trustees shall be designated to serve a term expiring on the first day of January which is not a Sunday or legal holiday following the next general election, two trustees to serve a term expiring on the first day of January which is not a Sunday or legal holiday two years later, and one to serve a term expiring on the first day of January which is not a Sunday or holiday four years later. Thereafter, each term shall be for a term of years established by the board of supervisors, not less than three years or more than six years. Successors to a five-member board selected under this paragraph shall be chosen by election and after the initial election, a candidate for office of trustee shall be nominated by a personal affidavit of the candidate or by petition of at least ten eligible electors of the district and the candidate's personal affidavit, which shall be filed with the commissioner of county elections at least sixty-nine days before the date of the general election. The form of the candidate's affidavit shall be substantially as provided in section 45.3.

Upon request of a three-member board of trustees or petition of the number of eligible electors of the district equal to at least five percent of the residents of the district filed at least ninety days before the next general election, the board of supervisors shall provide for the election of a five-member board of trustees with staggered terms of office of not more than six years. The five-member board of trustees shall become effective on the first day of January which is not a Sunday or legal holiday after that general election. 358.12 Board of trustees — powers.

The trustees elected as provided in section 358.9 constitute a board of trustees for the district by which they are elected. The board of trustees is the corporate authority of the sanitary district and shall manage and control the affairs and property of the district. A majority of the board of trustees shall constitute a quorum, but a smaller number may adjourn from day to day. The board of trustees shall elect a president, a clerk, and a treasurer from its membership and may employ employees as necessary, who shall hold their employment during the pleasure of the board. The board shall prescribe the duties and fix the compensation of all employees of the sanitary district and the amount of bond to be filed by the treasurer of the district and by any employee for whom the board may require bond. The members of the board of trustees shall receive a per diem of forty dollars for attendance at a meeting of the board or while otherwise engaged in official duties, but the total per diem for each member shall not exceed two thousand four hundred dollars for a fiscal year. However, the board of trustees, by resolution, may establish for its members a lower rate of pay than is fixed by this section. The members of the board shall also be reimbursed for their travel and other necessary expenses incurred in performing their official duties. Travel expenses are reimbursable at the rate specified in section 70A.9.

The board of trustees may adopt the necessary ordinances, resolutions, rules and regulations for the proper management and conduct of the business of the board of trustees and the corporation and for carrying out the purposes for which the sanitary district is formed.

All ordinances, resolutions, orders, rules, and regulations adopted by the board take effect from and after their adoption and publication. All ordinances, resolutions, orders, rules and regulations, and the date when same became effective, may be proven by the certificate of the clerk, under the seal of the corporation, if one has been adopted, and when printed in book or pamphlet form and purporting to be published by the board of trustees such book or pamphlet shall be received as evidence of the passage and legal publication or posting thereof as of the dates mentioned therein, in all courts and places, without further proof.

No trustee of such district shall be directly or indirectly interested in any contract, work, or business of the district, or in the sale of any article the expense, price, or consideration of which is paid by such district; nor in the purchase of any real estate or other property belonging to the district, or which shall be sold for taxes or assessments, or by virtue of legal process at the suit of said district; provided, that nothing herein shall be construed as prohibiting the selection of any person as trustee because of the person's ownership of real estate in the district or because the person is a taxpayer in the district.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §358.15]

358.16 Power to provide for sewage disposal.

The board of trustees of any sanitary district organized under this chapter shall have power to provide for the disposal of the sewage thereof, including the sewage and drainage of any city or village within the boundaries of such district; to acquire, lay out, locate, establish, construct, maintain, and operate one or more drains, conduits, treatment plants, disposal plants, pumping plants, works, ditches, channels, and outlets of such capacity and character as may be required for the treatment, carrying off, and disposal of the sewage and industrial wastes and other drainage incidental thereto of such district; to lay out, establish, construct, maintain, and operate all such

adjuncts, additions, auxiliary improvements, and works as may be necessary or proper for accomplishment of the purposes intended, and to procure supplies of water for operating, diluting, and flushing purposes; to maintain, repair, change, enlarge, and add to such facilities, improvements, and works as may be necessary or proper to meet the future requirements for the purposes aforesaid; and, when necessary for such purposes, any such facilities, improvements, and works and the maintenance and operation thereof may extend beyond the limits of such district, and the rights and powers of said board of trustees in respect thereto shall be the same as if located within said district, provided, no taxes shall be levied upon any property outside of such district; and provided further, that the district shall be liable for all damages sustained beyond its limits in consequence of any work or improvement authorized hereunder.

The board of trustees, however, may upon such petition of property owners representing at least twenty-five percent of the valuation of property not included within the district as constituted which seeks benefit from the operation of such sanitary district, include such property and the area involved within the limits of such sanitary district, and such added areas shall be subject to the same taxation as other portions of the district.

Nothing contained herein shall be construed to authorize or empower such board of trustees to operate a system of waterworks for the purpose of furnishing water to the inhabitants of the district, or to construct, maintain, or operate local municipal sewerage facilities, or to deprive municipalities within the district of their powers to construct and operate sewers for local purposes within their limits.

The board of trustees of such sanitary district may, however, upon petition of the council or governing body of any incorporated city within the sanitary district, contract with such city to undertake the operation of local municipal sewage facilities as part of the functioning of the sanitary district and make an agreement with such municipality for the levying of additional sewer or sewage disposal taxes, which taxes shall be levied by the municipality as now provided by law.

The board of trustees may require connection to the sanitary sewer system established, maintained, or operated by the district from any adjacent property within the district, and require the installation of sanitary toilets or other sanitary sewage facilities and removal of other toilet and other sewage facilities on the property.

If the property owner does not perform an action required under the preceding paragraph within a reasonable time after notice and hearing, the board of trustees may perform the required action and assess the costs of the action against the property for collection in the same manner as a property tax. The notice shall state the nature of the action and the time within which the action is re-

quired to be performed by the property owner, state the date, time, and place where the property owner will be heard by the board of trustees for the purpose of stating why the intended action should not be required, and shall be given by certified mail to the property owner as shown on the records of the county auditor not less than four nor more than twenty days before the date of the hearing.

However, in the event of an emergency when the delay of notice and hearing might cause serious loss or injury to persons or property within the district, the board of trustees may perform any action which may be required under this section without prior notice and hearing, and assess the cost as provided in this section, following notice to the property owner and hearing in the time and manner provided in the preceding paragraph. In that event the board of trustees shall, by resolution, make a finding of the necessity to institute emergency proceedings under this section, and shall procure a certificate from a competent registered professional engineer or architect certifying that emergency action is necessary.

If any amount assessed against property pursuant to this section will exceed one hundred dollars, the board of trustees may permit the assessment to be paid in up to ten annual installments, in the manner and with the same interest rates as provided for assessments against benefited property under chapter 384, division IV.

An assessment levied pursuant to this section, including all interest and penalties, is a lien against the property with respect to which action was taken from the date of filing the schedule of assessments until the assessment is paid. Assessments have equal precedence with ordinary taxes and are not divested by judicial sale.

The procedures for making and levying an assessment pursuant to this section and for an appeal of the assessment are the same procedures as provided in sections 384.59 through 384.67 and sections 384.72 through 384.75, except that any notice required in those sections to be published in a newspaper may be sent by certified mail to the owner of the property to be assessed as shown on the records of the county auditor in lieu of the publication. The references in those sections to the city council are applicable to the board of trustees.

358.17 Power to acquire and dispose of property.

Any sanitary district organized under this chapter may acquire by purchase, condemnation, or otherwise, any and all real and personal property, rights of way and privileges, either within or without its corporate limits, required for its corporate purposes. Condemnation proceedings shall be

conducted in the same manner, as near as may be, as provided for condemnation by counties under the laws of Iowa. Said sanitary districts shall have power to sell, convey, or otherwise dispose of any of the properties belonging to them when no longer required for their purposes.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §358.17]

358.18 Taxes — power to levy — tax sales.

The board of trustees of any sanitary district organized under this chapter shall have the power by ordinance to levy annually for the purpose of paying the administrative costs of such district, or for the payment of deficiencies in special assessments, or for both, a tax upon property within the territorial limits of such sanitary district not exceeding fifty-four cents per thousand dollars of the adjusted taxable valuation of the property within such district for the preceding fiscal year.

All taxes thus levied by the board shall be certified by the clerk on or before March 1 to the county auditor of each county wherein any of the property included within the territorial limits of the sanitary district is located, and shall be placed upon the tax list for the current fiscal year by the auditor or auditors. The county treasurer, or treasurers, of more than one county, shall collect all taxes so levied in the same manner as other taxes, and when delinquent the taxes shall draw the same interest. All taxes levied and collected shall be paid over by the officer collecting the taxes to the treasurer of the sanitary district.

Sales for delinquent taxes owing to such sanitary district shall be made at the same time and in the same manner as such sales are made for other taxes, and all provisions of the law of this state relating to the sale of property for delinquent taxes shall be applicable, so far as may be, to such sales.

358.19 Records and disbursements.

The clerk of each sanitary district shall keep a record of all the proceedings and actions of the trustees. The treasurer shall receive, collect, and disburse all moneys belonging to the district, and no claim shall be paid or disbursement made until it has been duly audited by the board of trustees.

358.20 Rentals and charges.

Any sanitary district may by ordinance establish just and equitable rates, charges, or rentals for the utilities and services furnished by the district to be paid to the district by every person, firm, or corporation whose premises are served by a connection to the utilities and services directly or indirectly. The rates, charges, or rentals, as near as

may be in the judgment of the board of trustees of the district, shall be equitable and in proportion to the services rendered and the cost of the services, and taking into consideration in the case of the premises the quantity of sewage produced thereby and its concentration, strength, and pollution qualities. The board of trustees may change the rates, charges, or rentals from time to time as it may deem advisable, and by ordinance may provide for collection. The board may contract with any municipality within the district, whereby the municipality may collect or assist in collecting any of the rates, charges, or rentals, whether in conjunction with water rentals or otherwise, and the municipality may undertake the collection and render the service. The board of trustees may also contract pursuant to chapter 28E with one or more city utilities or combined utility systems, including city utilities established pursuant to chapter 388, for joint billing or collection, or both, of combined service accounts for sanitary district services and utility services, and the contracts may provide for the discontinuance of one or more of the sanitary district services or water utility services if a delinquency occurs in the payment of any charges billed under a combined service account. The rates, charges, or rentals, if not paid when due, shall constitute a lien upon the real property served by a connection. The lien shall have equal precedence with ordinary taxes, may be certified to the county treasurer and collected in the same manner as taxes, and is not divested by a judicial sale.

Sewer rentals, charges, or rates may supplant or replace, in whole or in part, any monetary levy of taxes which may be, or have been, authorized by the board of trustees for any of the following purposes:

1. To meet interest and principal payments on bonds legally authorized for the financing of sanitary utilities in any manner.
2. To pay costs of the construction, maintenance, or repair of such sanitary facilities or utilities, including payments to be made under any contract between municipalities for either the joint use of sewerage or sewage facilities, or for the use by one municipality of all or a part of the sewerage or sewer system of another municipality.

When a sewer rental ordinance has been passed and put into effect, prior ordinances or resolutions providing for monetary levy of taxes against real and personal property for such purposes, or the portion thereof replaced, may be repealed.

358.21 Debt limit — borrowing — bonds — purposes.

Any sanitary district organized hereunder may borrow money for its corporate purposes, but shall not become indebted in any manner or for any purpose to an amount in the aggregate exceeding five percent on the value of the taxable property within such district, to be ascertained by the last state and county tax lists previous to the incurring of such indebtedness. Indebtedness within this constitutional limit shall not include the indebtedness of any other municipal corporation located wholly or partly within the boundaries of such sanitary district.

Subject only to this debt limitation, any such sanitary district organized hereunder shall have and it is hereby vested with all of the same powers to issue bonds, including both general obligation and revenue bonds, which cities now or may hereafter have under the laws of this state. In the application of such laws to this chapter, the words used in any such laws referring to municipal corporations or to cities shall be held to include sanitary districts organized under this chapter, the words “council” or “city council” shall be held to include the board of trustees of a sanitary district; the words “mayor” and “clerk” shall be held to include the president and clerk of any such board of trustees or sanitary district; and like construction shall be given to any other words in such laws where required to permit the exercise of such powers by sanitary districts.

Any and all bonds issued hereunder shall be signed by the president of the board of trustees and attested by the clerk, with the seal of the district, if any, affixed, and interest coupons attached thereto shall be attested by the signature of the clerk.

The proceeds of any bond issue made under the provisions of this section shall be used only for the purpose of acquiring, locating, laying out, establishing and construction of drainage facilities, conduits, treatment plants, pumping plants, works, ditches, channels and outlets of such capacity and character as may be required for the treatment, carrying off and disposal of the sewage and industrial wastes and other drainage incidental thereto of such district, or to repair, change, enlarge and add to such facilities as may be necessary or proper to meet the requirements present and future for the purposes aforesaid. Proceeds from such bond issue may also be used for the payment of special assessment deficiencies. Said bonds shall be payable in not more than forty annual installments and with interest at a rate not exceeding that permitted by chapter 74A, and shall be made payable at such place and be of such form as the board of trustees shall by resolution designate. Any sani-

tary district issuing bonds as authorized in this section is hereby granted authority to pledge the future avails of a tax levy to the payment of the principal and interest of such bonds after the same come due, and the power to impose and certify said levy is hereby granted to the trustees of sanitary districts organized under the provisions of this chapter.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §358.21]

358.22 Special assessments and connection fees.

The board of trustees of a sanitary district may provide for payment of all or any portion of the costs of acquiring, locating, laying out, constructing, reconstructing, repairing, changing, enlarging, or extending conduits, ditches, channels, outlets, drains, sewers, laterals, treatment plants, pumping plants, and other necessary adjuncts thereto, by assessing all, or any portion of the costs, on adjacent property according to the benefits derived. For the purposes of this chapter, the board of trustees may define “*adjacent property*” as all that included within a designated benefited district or districts to be fixed by the board, which may be all of the property located within the sanitary district or any lesser portion of that property. It is not a valid objection to a special assessment that the improvement for which the assessment is levied is outside the limits of the sanitary district, but a special assessment shall not be made upon property situated outside of the sanitary district. Special assessments pursuant to this section shall be in proportion to the special benefits conferred upon the property, and not in excess of the benefits, and an assessment shall not exceed twenty-five percent of the value of the property at the time of levy. The value of a property is the present fair market value of the property with the proposed public improvements completed. Payment of installments of a special assessment against property used and assessed as agricultural property shall be deferred upon the filing of a request by the owner in the same manner and under the same procedures as provided in chapter 384 for special assessments by cities.

The assessments may be made to extend over a period not to exceed fifteen years, payable in as nearly equal annual installments as practicable. A majority vote of the board of trustees is requisite and sufficient for any action required by the board of trustees under this section.

Subject to the limitations otherwise stated in this section, a sanitary district organized under this chapter has all of the powers to specially assess the costs of improvements described in this section, including the power to issue special assessment bonds, warrants, project notes, or other forms of interim financing obligations, which cities have under the laws of this state.

Subject to the limitations otherwise stated in this section, the board of trustees may establish one or more benefited districts and schedules of fees for the connection of property to the sanitary sewer facilities of a sanitary district. Each person whose property will be connected to the sanitary sewer facilities of a sanitary district shall pay a connection fee to the sanitary district, which may include the equitable cost of extending sanitary sewer service to the benefited district and reasonable interest from the date of construction to the date of payment. In establishing the benefited districts and establishing and implementing the schedules of fees, the board of trustees shall act in accordance with the powers granted to a city in section 384.38, subsection 3, and the procedures in that subsection. However, all fees collected under this paragraph shall be paid to the sanitary district and the moneys collected as fees shall be used only by the sanitary district to finance improvements or extensions to its sanitary sewer facilities, to reimburse the sanitary district for funds disbursed by its board of trustees to finance improvements or extensions to its sanitary sewer facilities, or to pay debt service on obligations issued to finance improvements or extensions to its sanitary sewer facilities. This paragraph does not apply when a sanitary district annexation plan or petition includes annexation of an area adjoining the district or a petition has not been presented for a sewer connection. Until the annexation becomes effective or the annexation plan or petition is abandoned, the state mandate contained in section 455B.172, subsections 3, 4, and 5, shall not apply unless the property owner requests to be connected to the sanitary district's sewer facilities and voluntarily pays the connection fee.

Such appeals shall be governed in all respects as is provided by pertinent sections under chapter 468, subchapter I, parts 1 to 5.

358.24 Contracts outside of district.

A sanitary district may enter into contracts with persons or firms outside its limits for the processing of sewage but the rate for processing shall not be less than that charged the inhabitants of the district.

A district entering into a contract may lay sewer lines in highways outside the district upon first obtaining the permission of the state department of transportation in the case of primary roads and the board of supervisors in case of secondary roads, on written application designating the particular highway and part thereof, the use of which is desired.

A sanitary district adjoining a border of the state and owning and operating a sewage disposal plant, may contract with the governing body of any legal entity in an adjacent area in another state, to process the sewage from the area. The contract shall be subject to approval of the Iowa department of public health.

358C.1 Legislative findings — purpose — definitions.

1. The general assembly finds and declares as follows:

a. The economic health and development of Iowa communities is tied to opportunities for jobs in and near those communities and the availability of jobs is in part tied to the availability of affordable, decent housing in those communities.

b. A need exists for a program to assist developers and communities in increasing the availability of housing in Iowa communities.

c. A shortage of opportunities and means for developing local housing exists. It is in the best interest of the state and its citizens for infrastructure development which will lower the costs of developing housing.

d. The expansion of local housing is dependent upon the cost of providing the basic infrastructure necessary for a housing development. Providing this infrastructure is a public purpose for which the state may encourage the formation of real estate improvement districts for the purpose of pro-

viding water, sewer, roads, and other infrastructure.

d. “*Cost*” of a public improvement includes the cost of engineering, preliminary reports, property valuations, estimates, plans, specifications, notices, legal services, acquisition of land, consequential damages, easements, rights-of-way, construction, repair, supervision, inspection, testing, notices and publication, interest during construction and for not more than twelve months thereafter, and printing and sale of bonds.

e. “District” means a real estate improvement district as created in this chapter.

3. The board of trustees may adopt the necessary ordinances, resolutions, and regulations for the proper management and conduct of the business of the board of trustees and the corporation and for carrying out the purposes for which the district is formed, including for the negotiation of short-term loans and the issuance of warrants.

4. The board of trustees shall provide public notice prior to each meeting of the board. The notice shall contain the agenda of the meeting which shall describe the proposed actions to be taken by the board at the meeting.

5. If the board of trustees wishes to expand its authority to carry out public improvements in addition to the public improvements listed in the board's original petition as provided in section 358C.4, the board shall submit a petition to the board of supervisors specifying the additional public improvements to be included within the authority of the district and requesting that the board of supervisors order an election as provided in section 358C.7 to approve or disapprove the amendment. If the petition includes public improvements as specified in section 358C.4, the board of supervisors shall order the election to be conducted as otherwise provided in this chapter. If the amendment is approved, the original petition is amended to include the additional public improvements.

6. The board of trustees of a district shall not purchase and resell electric service or establish and operate a gasworks or electric light and power plant and system.

7. The board of trustees shall not require or grant a franchise to any person pursuant to section 364.2, subsection 4.

8. The board of trustees shall not prohibit or restrict the construction of manufactured homes in a real estate improvement district. As used in this subsection, “*manufactured home*” has the same meaning as under section 435.1, subsection 3.

9. The board of trustees shall not enter into a contract for public improvements or other services with a board member or with any person owning more than twenty-five percent of the land of a real estate improvement district except as a result of competitive bidding.

358C.14 Taxes — power to levy — tax sales.

1. The board of trustees of a real estate improvement district shall have the power by ordinance to levy annually for the purpose of paying the administrative costs of the district, or for the payment of deficiencies in special assessments, or for both, a tax upon property within the territorial limits of the district not exceeding fifty-four cents per thousand dollars of the adjusted taxable valuation of the property within the district for the preceding fiscal year.

2. All taxes thus levied by the board shall be certified by the clerk on or before March 1 to the county auditor of each county in which any of the property included within the territorial limits of the district is located, and shall be placed upon the tax list for the current fiscal year by the auditor. The county treasurer of more than one county shall collect all taxes so levied in the same manner as other taxes, and when delinquent the taxes shall draw the same interest. All taxes levied and collected shall be paid over by the officer collecting the taxes to the treasurer of the district.

3. Sales for delinquent taxes owing to the district shall be made at the same time and in the same manner as the sales are made for other taxes, and all provisions of the law of this state relating to the sale of property for delinquent taxes shall be applicable, so far as may be, to the sales.

95 Acts, ch 200, §14

358C.15 Rentals and charges.

1. A board of trustees may by ordinance establish equitable rates, charges, or rentals for the utilities and services furnished by the district to be paid to the district by every person, firm, or corporation whose premises are served by a connection to the utilities and services directly or indirectly. The rates, charges, or rentals, as near as may be in the judgment of the board of trustees, shall be equitable and in proportion to the services rendered and the cost of the services, and taking into consideration in the case of the premises the quantity of sewage or water produced or used and the concentration, strength, and pollution qualities of

the sewage. The board of trustees may change the rates, charges, or rentals as it may deem advisable, and by ordinance may provide for collection. The board may contract with any municipality within the district, whereby the municipality may collect or assist in collecting any of the rates, charges, or rentals, whether in conjunction with water rentals or otherwise, and the municipality may undertake the collection and render the service. The rates, charges, or rentals, if not paid when due, shall constitute a lien upon the real property served by a connection. The lien shall have equal precedence with ordinary taxes, may be certified to the county treasurer and collected in the same manner as taxes, and is not divested by a judicial sale.

2. Sewer rentals, charges, or rates may supplant or replace, in whole or in part, any monetary levy of taxes which may be, or have been, authorized by the board of trustees for any of the following purposes:

a. To meet interest and principal payments on bonds legally authorized for the financing of sanitary utilities in any manner.

b. To pay costs of the construction, maintenance, or repair of the facilities or utilities, including payments to be made under any contract between municipalities for either the joint use of water or sewage facilities, or for the use by one municipality of all or a part of the water or sewer system of another municipality.

95 Acts, ch 200, §15

358C.16 Debt limit — borrowing — bonds — purposes.

1. A district may borrow money for its corporate purposes, but shall not become indebted in any manner or for any purpose to an amount in the aggregate exceeding its constitutional debt limit of five percent on the value of the taxable property within the district, to be ascertained by the last state and county tax lists previous to the incurring of the indebtedness. Indebtedness within this constitutional limit shall not include the indebtedness of any other municipal corporation located wholly or partly within the boundaries of the district, special assessment bonds or obligations authorized under section 358C.17.

2. Subject only to this debt limitation, a district shall have the same powers to issue bonds, including both general obligation and revenue bonds, including the power to enter into short-term loans and issue warrants, which cities have under the laws of this state. In the application of the laws to this chapter, the words used in the laws referring to municipal corporations or to cities shall be held to include real estate improvement districts organized under this chapter; the words “council” or “city council” shall be held to include the board of trustees of a district; the words “mayor” and “clerk” shall be held to include the president and clerk of a board of trustees; and like

construction shall be given to any other words in the laws where required to permit the exercise of the powers by real estate improvement districts.

3. All bonds issued shall be signed by the president of the board of trustees and attested by the clerk, with the seal of the district, if any, affixed, and interest coupons attached to the bonds shall be attested by the signature of the clerk.

4. The proceeds of any bond issue made under this section shall be used only for the cost of public improvements as specified in sections 358C.1 and 358C.4. Proceeds from the bond issue may also be used for the payment of special assessment deficiencies. The bonds shall be payable in not more than forty annual installments and with interest at a rate not exceeding that permitted by chapter 74A, and shall be made payable at the place and be of the form as the board of trustees shall by resolution designate. A district issuing bonds as authorized in this section is granted authority to pledge the future avails of a tax levy to the payment of the principal and interest of the bonds after the same come due, and the power to impose and certify the levy is granted to the trustees of real estate improvement districts organized under this chapter.

95 Acts, ch 200, §16; 96 Acts, ch 1204, §6

358C.17 Special assessments.

1. The board of trustees of a real estate improvement district may provide for payment of all or any portion of the costs of a public improvement as specified in sections 358C.1 and 358C.4, by assessing all, or any portion of, the costs on adjacent property according to the benefits derived. For the purposes of this chapter, the board of trustees may define "*adjacent property*" as all that included within a designated benefited district to be fixed by the board, which may be all of the property located within the real estate improvement district or any lesser portion of that property. It is not a valid objection to a special assessment that the improvement for which the assessment is levied is outside the limits of the district, but a special assessment shall not be made upon property situated outside of the district. Special assessments pursuant to this section shall be in proportion to the special benefits conferred upon the property, and not in excess of the benefits. The value of a property is the present fair market value of the property with the proposed public improvements completed. Payment of installments of a special assessment against property shall be made in the same manner and under the same procedures as provided in chapter 384 for special assessments by cities. Notwithstanding the provisions of section 384.62, the combined assessments against any lot for public improvements included in the petition creating the real estate improvement district or as authorized in section 358C.4 shall not exceed the valuation of that lot as established by section 384.46.

2. The assessments may be made to extend over a period not to exceed fifteen years, payable in as nearly equal annual installments as practicable. A majority vote of the board of trustees is requisite and sufficient for any action required by the board of trustees under this section.

3. Subject to the limitations otherwise stated in this section, a district organized under this chapter has all of the powers to specially assess the costs of improvements described in this section, including the power to issue special assessment bonds, warrants, project notes, or other forms of interim financing obligations, which cities have under the laws of this state.

4. A special assessment under this section shall be recorded in the county in which the district is located for each lot in the district.

5. Notwithstanding section 384.65, subsection 5, a district shall have a lien on the benefited property only in the amount of special assessment installments that have come due but have not been paid. The district shall not have a lien for the total amount of the special assessment originally levied against the benefited property. A lien, including, but not limited to, a lien for a mortgage for the construction or the purchase of housing on property benefited by improvements and against which a special assessment is levied under this chapter, shall have precedence over a special assessment which has been levied by the district but is not due. A district's lien shall only be in the amount of installments whose due dates have passed without payment, along with all interest and penalties on the delinquent installments. The district's lien for delinquent installments, interest, and penalties shall have equal precedence with ordinary taxes and shall not be divested by judicial sale. Any remaining special assessment installments that have not become due shall not be divested by judicial sale and shall become a lien when the special assessment installments become due.

358C.18 Additional territory.

1. The district may be enlarged and additional territory annexed to the district by either of the following methods:

a. By petitions signed by the owners of all the property to be annexed to the district. If a petition requesting annexation is presented to the trustees and approved by the trustees the change in the boundaries to include the additional area shall be certified by the clerk of the district to the county auditor in which the greater portion of the district is located and thereafter the district shall include the area thus annexed.

b. By a petition filed with the clerk of the district, signed by persons owning not less than fifty percent of the area to be annexed, but not signed by persons owning all the area requested to be annexed. On the filing of the petition, the trustees of

the district shall fix a time and place for a hearing on the petition and give notice of the hearing, as provided in section 331.305, and by certified mail to the record owners of all persons owning land within the territory sought to be annexed, not less than ten days prior to the date of the hearing, if the address of the owners is known or can be ascertained by reasonable diligence by the trustees. At the hearing, any person owning property within the area proposed to be annexed or any person owning property or residing within the district may appear and be heard. If, after the hearing, the board of trustees determines that annexation of the additional area will be conducive to the public health, convenience, and welfare and will not be an undue burden on the district, the board of trustees may, by resolution, annex the additional area and fix the boundary which shall not include more than the area requested in the petition. A copy of the resolution shall be filed with the county auditor of the county in which the largest portion of the district is located and thereafter the area included by the resolution shall be a part of the district.

2. All property, from and after it is annexed to the district, shall be subject to all taxes and other burdens levied by the district, regardless of when the obligation for which the taxes or assessments are levied was incurred.

95 Acts, ch 200, §18

358C.19 Annexation by a city.

When a city or real estate improvement district proposes that the district be annexed by the city, either wholly or partially, an owner of property in the district shall not object to the annexation if a city annexes all the territory within the boundaries of a real estate improvement district, the district shall merge with the city and the city shall succeed to all the property and property rights of every kind, contracts, and obligations, held by or belonging to the district, and the city shall be liable for and recognize, assume, and carry out all valid contracts and obligations of the district. The city may assume and provide for the payment of the obligations of any bonds of the district by issuing general obligation, special assessment, or revenue refunding bonds which may be sold at public or private sale or exchanged for outstanding bonds. General obligation bonds of the city may be issued to refund special assessment and revenue obligations if the governing body of the city determines that it is in the best interest of the city. The refunding of these obligations shall constitute an essential corporate purpose under section 384.24. All taxes, assessments, claims, and demands of every kind due or owing to the district shall be paid to and collected by the city. Any special assessments which the district was authorized to levy, assess, relevel, or reassess, but which were not levied, assessed, relevelled, or reassessed, at the time of the merger, for improvements made by the dis-

trict or in the process of construction or contracted for may be levied, assessed, relevelled, or reassessed by the annexing city to the same extent as the district may have levied or assessed but for the merger. However, this section does not authorize the annexing city to revoke any resolution, order, or finding made by the district in regard to special benefits or increase any assessments made by the district, but the city shall be bound by all findings or orders and assessments to the same extent as the district would be bound. Also, a district shall not levy any special assessments after the effective date of the annexation.

95 Acts, ch 200, §19

358C.20 Effective date of merger.

The merger shall be effective thirty days after the effective date of the ordinance annexing the territory within the district. However, if the validity of the ordinance annexing the territory is challenged by a court proceeding, the effective date of the merger shall be thirty days after the final determination of the validity of the ordinance. The trustees of a district shall continue in possession and conduct the affairs of the district until the effective date of the merger, but shall not during the period levy any special assessments after the effective date of annexation.

95 Acts, ch 200, §20

358C.21 Dissolution of district.

When a majority of the board of trustees of a district desire that the district be wholly dissolved, the trustees shall first propose a resolution declaring the advisability of the dissolution and setting out the terms and conditions of the dissolution, and also setting out the time and place when the board of trustees shall meet to consider the adoption of the resolution. Notice of the time and place when the resolution shall be set for consideration shall be published as provided in section 331.305, which publication shall contain the entire wording of the proposed resolution. If any part of the district lies within the area of the jurisdiction of a city, then the trustees shall mail a copy of the proposed resolution to the city on the date of first publication of the resolution. At the hearing the owners of property within the district, or a city if any part of the district lies within the city, may appear and make objections to the proposed resolution. If the owners representing a majority of the area of real estate within the district fail to sign and present to the board, on or prior to the hearing date, a written petition opposing the resolution, a majority of the board of trustees may pass the resolution and adopt the proposed dissolution. However, the resolution shall not be adopted if the district is obligated on any outstanding bonds, warrants, or other debts or obligations unless the holders of the bonds, warrants, or other debts or obligations all sign written consents to the dissolution prior to the adoption of the resolution of dissolution. If the

petition opposing the resolution is signed by property owners representing a majority of the area of real estate within the district and presented to the board of trustees on or prior to the hearing date, the board of trustees shall not adopt the resolution. After the board of trustees has adopted the resolution of dissolution, the clerk of the district shall prepare and file a certified copy of the resolution of dissolution in the office of the county auditor where the original petition was filed. A district shall dissolve within ninety days following the merger of a district with a city.

95 Acts, ch 200, §21

358C.22 Detachment of land.

1. When a majority of the board of trustees of a district desires that any property within the district be detached from the district, the trustees shall first propose a resolution declaring the advisability of the detachment and setting out the terms and conditions of the detachment and also setting out the time and place when the board of trustees will meet to consider the adoption of the resolution. Notice of the time and place when the resolution is set for consideration shall be published as provided in section 331.305, which publication shall contain the entire wording of the proposed resolution. If any part of the district lies within a city, then the trustees shall mail a copy of the proposed resolution to the city on the date of first publication of the resolution. At the hearing the owners of property within the district, or any city, may appear and make objections to the proposed resolution. If the owners representing a majority of the area of real estate within the district fail to sign and present to the board of trustees, on or prior to the hearing date, a written petition opposing the resolution, a majority of the board of trustees may pass the resolution and adopt the proposed detachment, except that the resolution shall not be adopted if the district is indebted on any outstanding bonds or warrants of the district unless the holders of the bonds and warrants all sign written consents to the detachment prior to the adoption of the resolution of detachment. If the petition opposing the resolution is signed by property owners representing a majority of the area of real estate within the district and presented to the board of trustees on or prior to the hearing date, the board of trustees shall not adopt the resolution. After the board of trustees has adopted the resolution of detachment, the clerk of the district shall prepare and file a certified copy of the resolution of detachment in the office of the county auditor where the original petition was filed, and the area detached shall become excluded and detached from the boundaries of the district.

2. The owner of a discrete tract of land which is part of a district but which is not connected to

the main area of the district may petition the board of trustees of the district to have the property detached from the district. Following receipt of the petition, the board of trustees shall propose a resolution declaring the advisability of the detachment and setting out the terms and conditions of the detachment and setting out the time and place when the board of trustees will meet to consider the adoption of the resolution. Notice of the time and place for the consideration shall be published as provided in subsection 1. If any part of the district lies in whole or in part within a city, the board of trustees shall mail a copy of the proposed resolution to the municipality within five days after the date of first publication of the resolution. At the hearing for consideration of the resolution, the board of trustees shall determine if the tract of land proposed for detachment has all of the following characteristics:

a. Has an area of twenty-five acres or more.
b. Is undeveloped and predominantly devoted to agricultural uses.

c. Has no improvements or obligations placed upon it by the district and receives no current services from the district.

3. If the board of trustees by majority vote determines that the tract in question meets all of the conditions provided in subsection 2, paragraphs "a" through "c", the resolution shall be adopted, except that the resolution shall not be adopted if the district is indebted on any outstanding bonds or warrants of the district unless the holders of the bonds and warrants all sign written consents to the detachment. After the board of trustees has adopted the resolution of detachment, the clerk of the district shall prepare and file a certified copy of the resolution of detachment in the office of the county auditor where the original petition was filed and the area detached shall become excluded and detached from the boundaries of the district.

95 Acts, ch 200, §22

358C.23 Chapter liberally construed.

The provisions of this chapter shall be liberally construed to facilitate the development of land for housing.

95 Acts, ch 200, §23

358C.24 Disclosure of special assessment.

A person interested in transferring real property located in a district, or a broker or salesperson acting on behalf of the person, shall disclose, in accordance with chapter 558A, that the property is located in a real estate improvement district and the amount of any special assessment under this chapter against the property.

360.9 Reversion of real estate — payment.

Any real estate, including improvements thereon, situated wholly outside of a city, owned by a township and heretofore used for township purposes and which is no longer necessary for township purposes, shall revert to the present owner of the tract from which the same was taken, provided that said owner of the tract last aforesaid shall, within the time hereinafter prescribed, pay the value thereof to the township clerk. In the event the township trustees and said owner of the tract from which such real property was taken do not agree as to the value of such property and improvements thereon, the township clerk shall, on written application of either party, appoint three disinterested residents of the township to appraise such property and improvements thereon.

The township clerk shall give notice to said trustees and said owner of the time and place of making such appraisal, which notice shall be served in the same manner and for the same time as for the commencement of action in the district court. Such appraisers shall inspect the real estate and improvements and, at the time and place designated in the notice, appraise the same in writing, which appraisal, after being duly verified, shall be filed with the township clerk.

If the present owner of the tract from which said site was taken fails to pay the amount of such appraisal to such township within twenty days after the filing of same with the township clerk, the township trustees may sell said site, including any improvements thereon, to any person at the appraised value, or may sell the same at public auction for the best bid.

Any real estate, including improvements thereon, situated within a city, owned by a township and heretofore used for township purposes and which is no longer necessary for township purposes, may be sold by the township trustees at public auction for the best bid.

The township trustees in the case of joint ownership, in conjunction with any city authorities, shall not sell such real estate including improvements thereon unless the city authorities concur in such sale. The proceeds of such sale of jointly owned real estate including improvements located thereon shall be prorated between the township and the city on the basis of their respective contribution to the acquisition and maintenance of such property.

Sales at public auction contemplated herein shall be made only after the township trustees ad-

vertise for bids for such property. Such advertisement shall definitely describe said property and be published by at least one insertion each week for two consecutive weeks in some newspaper having general circulation in the township.

The township trustee shall not, prior to two weeks after the said second publication, nor later than six months after said second publication, accept any bid. The township trustees may accept only the best bid received prior to acceptance. The township trustees may decline to sell if all the bids received are deemed inadequate.

Subject to the right of reversion to the present owner as above provided, the township trustees may sell, lease, exchange, give or grant and accept any interest in real property to, with or from any county, municipal corporation or school district if the real property is within the jurisdiction of both the grantor and grantee and the advertising and public auction requirements of this section shall not apply to any such transaction between the aforesaid local units of government.

A contract entered into in violation of this section is void. The provisions of this section do not apply to:

If a specific majority or unanimous vote of a municipal body is required by statute, the majority or vote must be computed on the basis of the number of officers not disqualified by reason of conflict of interest. However, a majority of all members is required for a quorum. For the purposes of this section, the statement of an officer that the officer declines to vote by reason of con-

flict of interest is conclusive and must be entered of record.

This grant of home rule powers does not include the

power to enact private or civil law governing civil relationships, except as incident to an exercise of an independent city power.

1. A power of a city is vested in the city council except as otherwise provided by a state law.

2. The enumeration of a specific power of a city does not limit or restrict the general grant of home rule power conferred by the Constitution. A city may exercise its general powers subject only to limitations expressly imposed by a state or city law.

3. An exercise of a city power is not inconsistent with a state law unless it is irreconcilable with the state law.

4. *a.* A city may grant to any person a franchise to erect, maintain, and operate plants and systems for electric light and power, heating, telegraph, cable television, district telegraph and alarm, motor bus, trolley bus, street railway or other public transit, waterworks, or gasworks, within the city for a term of not more than twenty-five years. When considering whether to grant, amend, extend, or renew a franchise, a city shall hold a public hearing on the question. Notice of the time and place of the hearing shall be published as provided in section 362.3. The franchise may be granted, amended, extended, or renewed only by an ordinance, but no exclusive franchise shall be granted, amended, extended, or renewed.

b. No such ordinance shall become effective unless approved at an election. The proposal may be submitted by the council on its own motion to the voters at any city election. Upon receipt of a valid petition as defined in section 362.4 requesting that a proposal be submitted to the voters, the council shall submit the proposal at the next regular city election or at a special election called for that purpose before the next regular city election. If a majority of those voting approves the proposal the city may proceed as proposed. The complete text of the ordinance shall be included on the ballot, if paper ballots are used. If an electronic voting system or voting machine is used, the proposal shall be stated on the ballot and the full text of the ordinance posted for the voters pursuant to section 52.25. All absentee voters shall receive the full text of the ordinance.

c. Notice of the election shall be given by publication as prescribed in section 49.53 in a newspaper of general circulation in the city.

d. The person asking for the granting, amending, extension, or renewal of a franchise shall pay the costs incurred in holding the election, including the costs of the notice. A franchise shall not be finally effective until an acceptance in writing has been filed with the council and payment of the costs has been made.

e. The franchise ordinance may regulate the conditions required and the manner of use of the streets and public grounds of the city, and it may, for the purpose of providing electrical, gas, heating, or water service, confer the power to appropriate and condemn private property upon the person franchised.

f. If a city franchise fee is assessed to customers of a franchise, the fee shall not be assessed to the city as a customer.

364.3 Limitation of powers.

The following are limitations upon the powers of a city:

1. A city council shall exercise a power only by the passage of a motion, a resolution, an amendment, or an ordinance.

2. A city shall not provide a penalty in excess of a five hundred dollar fine or in excess of thirty days imprisonment for the violation of an ordinance. An amount equal to ten percent of all fines collected by cities shall be deposited in the account established in section 602.8108. However, one hundred percent of all fines collected by a city pursuant to section 321.236, subsection 1, shall be retained by the city. The criminal penalty surcharge required by section 911.2 shall be added to a city fine and is not a part of the city's penalty.

3. A city may not set standards and requirements which are lower or less stringent than those imposed by state law, but may set standards and requirements which are higher or more stringent than those imposed by state law, unless a state law provides otherwise.

4. A city may not levy a tax unless specifically authorized by a state law.

5. A city shall not adopt or enforce any ordinance imposing any registration or licensing system or registration or license fees for owner-occupied mobile homes including the lots or lands upon which they are located. A city shall not adopt or enforce any ordinance imposing any registration or licensing system, or registration or license fees, or safety or sanitary standards for rental mobile homes unless similar registration or licensing system, or registration or license fees, or safety or sanitary standards are required for other rental properties intended for human habitation. This subsection does not preclude the investigation and abatement of a nuisance or the enforcement of a tiedown system, or the enforcement of any regulations of the state or local board of health if those regulations apply to other rental properties or to owner-occupied housing intended for human habitation.

6. A city shall not provide a civil penalty in excess of five hundred dollars for the violation of an ordinance which is classified as a municipal infraction or if the infraction is a repeat offense, a civil penalty not to exceed seven hundred fifty dollars for each repeat offense. A municipal infraction is not punishable by imprisonment.

7. A city which operates a cable communications system shall manage the right-of-way on a competitively neutral and nondiscriminatory basis. Additionally, a city-operated cable communications system shall be required to pay the same fees and charges and comply with other requirements as may be imposed by the city by ordinance or by the terms of a franchise granted by the city, or as may otherwise be imposed by the city, upon any other cable provider. This subsection does not prohibit a city from making an equitable apportionment of franchise requirements between or among cable television providers, in order to eliminate duplication. This subsection shall not be construed to prohibit a city-operated cable communications system from making transfers of surplus as otherwise allowed or from making in-kind contributions as otherwise allowed.

8. *a.* A city may adopt and enforce an ordinance requiring the construction of a storm shelter at a mobile home park which is constructed after July 1, 1999. In lieu of requiring construction of a storm shelter, a city may require a park owner to provide a plan for the evacuation of park residents to a safe place of shelter in times of severe weather including tornadoes and high winds if the city determines that a safe place of shelter is available within a reasonable distance of the mobile home park for use by park residents. Each evacuation plan prepared pursuant to this subsection shall be filed with, and approved by, the local emergency management agency. If construction of a storm shelter is required, an ordinance adopted or enforced pursuant to this subsection shall not include any of the following requirements:

(1) That the size of the storm shelter be larger than the equivalent of seven square feet for each mobile home space in the mobile home park.

(2) That the storm shelter include a restroom if the shelter is used exclusively as a storm shelter.

(3) That the storm shelter exceed the construction specifications approved by a licensed professional engineer and presented by the owner of the mobile home park.

b. For the purposes of this subsection:

(1) “*Mobile home park*” means a mobile home park as defined in section 562B.7.

(2) “*Storm shelter*” means a single structure or multiple structures designed to provide persons with temporary protection from a storm.

c. A provision of a lease or lease-purchase contract which stipulates that a portion of the rent payments be applied as interest is subject to chapter 74A. A city utility or city enterprise is a separate entity under this subsection whether it is governed by the governing body of the city or another governing body.

d. The governing body must follow substantially the same authorization procedure required for the issuance of general obligation bonds issued for the same purpose to authorize a lease or a lease-purchase contract made payable from the debt service fund.

e. The governing body may authorize a lease or lease-purchase contract which is payable from the general fund and which would not cause the total of annual lease or lease-purchase payments of the city due from the general fund of the city in any future year for lease or lease-purchase contracts in force on the date of the authorization, excluding

payments to exercise purchase options or to pay the expenses of operation or ownership of the property, to exceed ten percent of the last certified general fund budget amount in accordance with the following procedures:

(1) The governing body must follow substantially the authorization procedures of section 384.25 to authorize a lease or lease-purchase contract for personal property which is payable from the general fund. No sooner than thirty days following the discussion meeting shall the governing body hold a meeting at which it is proposed to take action to enter into the lease or lease-purchase contract.

(b) If at any time before the end of the thirty-day period after which a meeting may be held to take action to enter into the lease or lease-purchase contract, a petition is filed with the clerk of the city in the manner provided by section 362.4, asking that the question of entering into the lease or lease-purchase contract be submitted to the registered voters of the city, the governing body shall either by resolution declare the proposal to enter into the lease or lease-purchase contract to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of entering into the lease or lease-purchase contract. g. A lease or lease-purchase contract to which a city is a party or in which a city has a participatory interest is an obligation of a political subdivision of this state for the purposes of chapters 502 and 636, and is a lawful investment for banks, trust companies, building and loan associations, savings and loan associations, investment companies, insurance companies, insurance associations, executors, guardians, trustees, and any other fiduciaries responsible for the investment of funds.

h. Property that is lease-purchased by a city is exempt under section 427.1, subsection 2.

i. A contract for construction by a private party of property to be leased or lease-purchased by a city is not a contract for a public improvement under section 384.95, subsection 1, except for purposes of section 384.102. However, if a lease-purchase contract is funded in advance by means of the lessor depositing moneys to be administered by a city, with the city's obligations to make rent payments commencing with its receipt of moneys, a contract for construction of the property in question awarded by the city is subject to division VI of chapter 384.

364.8 Overpasses or underpasses.

A city may by ordinance require a railway company operating railway tracks on or across a city street to construct or reconstruct, and maintain, an overpass or underpass to permit the street to pass over or under the tracks, and may establish specifications for the construction or reconstruction of such an overpass or underpass, subject to the following:

1. The requirement may not be enforced until the Iowa state department of transportation approves the specifications for a construction or reconstruction, after examination and a determination that the overpass or underpass is necessary for public safety and convenience.

2. The council shall hold a hearing on the matter and shall give not less than twenty days' notice of the hearing to the railway companies involved, served in the same manner as an original notice.

3. A city may not require overpasses or underpasses of the same railway company to be constructed closer than on every fourth parallel street, nor require a company to construct or contribute to the construction of more than one overpass or underpass each year, nor require the construction of approaches longer than a total of eight hundred feet for a single overpass or underpass.

4. A city which requires construction or reconstruction of an overpass or underpass shall provide for appraisal and assessment of resulting damage to private property, and shall pay the damages assessed, all as provided in chapter 6B.

5. A city shall pay one half of all required maintenance costs, and may allocate costs between railway companies whose tracks are to be crossed by an overpass or underpass.

6. A city may enforce a requirement made as provided in this section by an action in mandamus, to be conducted and enforced as provided in section 327C.16 for actions brought by the state department of transportation. If the city prevails in the mandamus action, in addition to other remedies it may cause the required construction, reconstruction, or maintenance work to be done, and have judgment for the cost of the work against the companies.

A city may require a railway company to provide necessary structures, temporary and permanent, to carry its tracks during and after construction of a diverted channel for flood control purposes, subject to the following:

1. The city shall give notice to the railway company, served in the same manner as an original notice, stating:

- a. The nature of the flood control project.
- b. The place where the diverted channel will cross the company's right of way.
- c. The specifications for construction of the diverted channel across the company's right of way.

Details of the city's requirement for the company to provide the necessary structures where the diverted channel crosses the right of way, including a designated period of time for construction, and a requirement that the construction be in a manner which does not interfere with the construction of the diverted channel or the free flow of water.

2. If the company does not comply with the requirement, the city may provide the necessary structures, and the railway is liable for the cost of the construction, in addition to its liability for assessment for special benefits as other property is assessed. The cost of the construction may be collected by the city from the company by court action.

364.11 Street construction by railways.

All railway companies shall construct and repair all street improvements between the rails of their tracks, and one foot outside, at their own expense, unless by ordinance the railway is required to improve other portions of the street, and in that case the railway shall construct and repair the improvement of that part of the street specified by the ordinance, and the improvement or repair must be of the material and character ordered by the city, and must be done at the time the remainder of the improvement is constructed or repaired.

When an improvement is made, the company shall lay rail as required by the council, and shall then keep up to grade that part of the improvement they are required to construct or maintain.

If a railway fails or refuses to comply with the order of the council to construct or repair an improvement, the work may be done by the city and the expense shall then be assessed upon the property of the railway company, for collection in the same manner as a property tax. A tax assessed under this section shall also be a debt due from the railway, and may be collected in an action at law in the same manner as other debts.

364.12 Responsibility for public places.

1. As used in this section, "property owner" means the contract purchaser if there is one of record, otherwise the record holder of legal title.

2. A city shall keep all public grounds, streets, sidewalks, alleys, bridges, culverts, overpasses, underpasses, grade crossing separations and approaches, public ways, squares, and commons open, in repair, and free from nuisance, with the following exceptions:

a. Public ways and grounds may be temporarily closed by resolution. Following notice as provided in section 362.3, public ways and grounds may be vacated by ordinance.

b. The abutting property owner is responsible for the removal of the natural accumulations of snow and ice from the sidewalks within a reasonable amount of time and may be liable for damages caused by the failure of the abutting property owner to use reasonable care in the removal of the snow or ice. If damages are to be awarded under this section against the abutting property owner, the claimant has the burden of proving the amount of the damages. To authorize recovery of more than a nominal amount, facts must exist and be shown by the evidence which afford a reasonable basis for measuring the amount of the claimant's actual damages, and the amount of actual damages shall not be determined by speculation, conjecture, or surmise. All legal or equitable defenses are available to the abutting property owner in an action brought pursuant to this paragraph. The city's general duty under this subsection does not include a duty to remove natural accumulations of snow or ice from the sidewalks. However, when the city is the abutting property owner it has the specific duty of the abutting property owner set forth in this paragraph.

c. The abutting property owner may be required by ordinance to maintain all property outside the lot and property lines and inside the curb lines upon the public streets, except that the property owner shall not be required to remove diseased trees or dead wood on the publicly owned property or right-of-way.

d. A city may serve notice on the abutting property owner, by certified mail to the property owner as shown by the records of the county auditor, requiring the abutting property owner to repair, replace, or reconstruct sidewalks.

e. If the abutting property owner does not perform an action required under this subsection within a reasonable time, a city may perform the required action and assess the costs against the abutting property for collection in the same manner as a property tax. This power does not relieve the abutting property owner of liability imposed under paragraph "b".

f. A city has no duty under this subsection with respect to property that is required by law to be maintained by a railway company.

3. A city may:
 - a. Require the abatement of a nuisance, public or private, in any reasonable manner.
 - b. Require the removal of diseased trees or dead wood, except as stated in subsection 2, paragraph “c” of this section.
 - c. Require the removal, repair, or dismantling of a dangerous building or structure.
 - d. Require the numbering of buildings.
 - e. Require connection to public drainage systems from abutting property when necessary for public health or safety.
 - f. Require connection to public sewer systems from abutting property, and require installation of sanitary toilet facilities and removal of other toilet facilities on such property.
 - g. Require the cutting or destruction of weeds or other growth which constitutes a health, safety, or fire hazard.
 - h. If the property owner does not perform an action required under this subsection within a reasonable time after notice, a city may perform the required action and assess the costs against the property for collection in the same manner as a property tax. Notice may be in the form of an ordinance or by certified mail to the property owner as shown by the records of the county auditor, and shall state the time within which action is required. However, in an emergency a city may perform any action which may be required under this section without prior notice, and assess the costs as provided in this subsection, after notice to the property owner and hearing.
4. In addition to any other remedy provided by law, a city may also seek reimbursement for costs incurred in performing any act authorized by this section by a civil action for damages against a property owner. However, a city shall not seek reimbursement for costs incurred in performing an act if the same act has not been performed by the city on adjoining city-owned property. For the purposes of this subsection, a county acquiring property for delinquent taxes shall not be considered a property owner.
5. A city may cause, without prior determination and notice, the repair or replacement of public improvements including, but not limited to, sidewalks, water stop boxes, and driveway approaches if the property owner does all of the following:
 - a. Requests the repair and replacement of the public improvements specified in this subsection abutting the property owner’s property located outside the lot and property lines and inside the curb lines.
 - b. Waives the requirement of a prior finding by the city council that the condition of the public improvements constitutes a nuisance and the requirement of prior notice.

c. Consents to the repair of the public improvements and the assessment of the cost of the repair to the abutting property.

6. If, in repairing and replacing improvements in the area between the lot or property lines and the curb lines pursuant to subsection 5, it becomes necessary for the city to repair or replace adjacent improvements in the area, the cost of repairing or replacing the adjacent public improvements may be assessed, with consent of the property owner, against the property which the public improvements abut.

7. A city may accumulate individual assessments for the repair and replacement of sidewalks, driveway approaches, water stop boxes, or similar improvements or for the abatement of nuisances, and may periodically certify the assessments to the county treasurer under one or more assessment schedules.

For the purposes of section 6A.4, subsection 6, a city may condemn a residential building found to be a public nuisance and take title to the property for the public purpose of disposing of the property under section 364.7 by conveying the property to a private individual for rehabilitation or for demolition and construction of housing.

96 Acts, ch 1204, §26

364.13 Installments.

If any amount assessed against property under section 364.12 will exceed one hundred dollars, a city may permit the assessment to be paid in up to ten annual installments, in the same manner and with the same interest rates provided for assessments against benefited property under chapter 384, division IV.

364.13A Special assessments — lien and precedence.

A special assessment levied pursuant to section 364.11 or 364.12, including all interest, is a lien against the benefited property from the date of filing the schedule of assessments until the assessment is paid. Special assessments have equal precedence with ordinary taxes and are not divested by judicial sale.

83 Acts, ch 90, §20

364.14 Personal injuries.

When action is brought against a city for personal injuries alleged to have been caused by its negligence, the city may notify in writing any person by whose negligence it claims the injury was caused. The notice shall state the pendency of the action, the name of the plaintiff, the name and location of the court where the action is pending, a brief statement of the alleged facts from which the cause arose, that the city believes that the person notified is liable to it for any judgment rendered against the city, and asking the person to appear and defend. A judgment obtained in the suit is conclusive in any action by the city against any person so notified, as to the existence of the defect or other cause of the injury or damage, as to the liability of the city to the plaintiff in the first named action, and as to the amount of the damage or injury. A city may maintain an action against the person notified to recover the amount of the judgment together with all the expenses incurred by the city in the suit.

If a city has established the grade of a street or alley, and any person has made improvements on lots abutting the street or alley according to the established grade, and afterward the grade is altered in a manner to damage, injure, or diminish the value of the improved property, the city shall pay to the owner of the property the amount of such damage or injury.

If a city has opened a street or alley, and any person has made improvements on lots abutting the street or alley or uses such street or alley for ingress or egress, and afterward the street or alley is vacated causing damage or injury or loss of access, or diminishing the value of the improved property, the city shall pay to the owner of the property the amount of such damage or injury.

Each city shall provide for the protection of life and property against fire and may establish, house, equip, staff, uniform, and maintain a fire department. A city may establish fire limits and may, consistent with code standards promulgated by nationally recognized fire prevention agencies, regulate the storage, handling, use, and transportation of all flammables, combustibles, and explosives within the corporate limits and inspect for and abate fire hazards. A city may provide conditions upon which the fire department will answer calls outside the corporate limits or the territorial jurisdiction and boundary limits of this state. A city has the same governmental immunity outside its corporate limits when providing fire protection as when operating within the corporate limits. Fire fighters operating equipment on calls outside the corporate limits are entitled to the benefits of chapter 410 or 411 when otherwise qualified.

364.17 City housing codes.

1. A city with a population of fifteen thousand or more may adopt by ordinance the latest version of one of the following housing codes before January 1, 1981:

- a. The uniform housing code promulgated by the international conference of building officials.
- b. The housing code promulgated by the American public health association.
- c. The basic housing code promulgated by the building officials conference of America.
- d. The standard housing code promulgated by the southern building code congress international.
- e. Housing quality standards promulgated by the United States department of housing and urban development for use in assisted housing programs.

3. A city which adopts or is subject to a housing code under this section shall adopt enforcement procedures, which shall include a program for regular rental inspections, rental inspections upon receipt of complaints, and certification of inspected rental housing, and may include but are not limited to the following:

a. A schedule of civil penalties or criminal fines for violations.

b. Authority for the issuance of orders requiring violations to be corrected within a reasonable time.

c. Authority for the issuance of citations pursuant to sections 805.1 to 805.5 upon a failure to satisfactorily remedy a violation.

d. Authority, if other methods have failed, for an officer to contract to have work done as necessary to remedy a violation, the cost of which shall be assessed to the violator and constitute a lien on the property until paid.

e. An escrow system for the deposit of rent which will be applied to the costs of correcting violations.

f. Mediation of disputes based upon alleged violations.

g. Injunctive procedures.

The enforcement procedures shall be designed to improve housing conditions rather than to displace persons from their homes.

h. Authority by ordinance to provide that no rent shall be recoverable by the owner or lessee of any dwelling which does not comply with the housing code adopted by the city until such time as the dwelling does comply with the housing code adopted by the city.

4. A city which is subject to the uniform housing code or which adopts another housing code under this section may provide reasonable variances for existing structures which cannot practicably meet the standards in the code but are not unsafe for habitation.

5. Cities may establish reasonable fees for inspection and enforcement procedures.

6. Cities with populations of less than fifteen thousand may comply with this section.

7. A city may adopt housing code provisions which are more stringent than those in the model housing code it adopts or to which it is subject under this section.

A motor vehicle purchased or used by a city to provide city services shall not, on or after January 1, 1993, operate on gasoline other than gasoline blended with at least ten percent ethanol. The motor vehicle shall also be affixed with a brightly visible sticker which notifies the traveling public that the motor vehicle is being operated on gasoline blended with ethanol. However, the sticker is not required to be affixed to an unmarked vehicle used for purposes of providing law enforcement or security.

The public school corporation shall notify the city at least thirty days before the termination of the lease.

97 Acts, ch 184, §6

364.22 Municipal infractions.

1. A municipal infraction is a civil offense punishable by a civil penalty of not more than five hundred dollars for each violation or if the infraction is a repeat offense, a civil penalty not to exceed seven hundred fifty dollars for each repeat offense. However, notwithstanding section 364.3, a municipal infraction arising from noncompliance with a pretreatment standard or requirement, referred to in 40 C.F.R. § 403.8, by an industrial user may be punishable by a civil penalty of not more than one thousand dollars for each day a violation exists or continues.

A city may classify a municipal infraction, other than a violation arising from noncompliance with a pretreatment standard or requirement, as an environmental violation if the infraction is a violation of chapter 455B or a violation of a standard established by the city in consultation with the department of natural resources, or both. The discharge of airborne residue from grain, created by the handling, drying, or storing of grain by a person, shall not be subject to an ordinance, the violation of which is classified as an environmental violation, unless the person is engaged in industrial production or manufacturing of grain products. The discharge of airborne residue from grain, created by the handling, drying, or storing of grain by a person engaged in industrial production or manufacturing of grain products, shall not be subject to an ordinance, the violation of which is classified as an environmental violation, if the discharge occurs from September 15 to January 15. A municipal infraction which is classified an environmental violation is punishable by a civil penalty of not more than one thousand dollars for each occurrence. A person committing an environmental violation is not subject to a civil penalty, if all of the following conditions are satisfied:

- a. The violation results solely from the person conducting an initial start-up, cleaning, repairing, performing scheduled maintenance, testing, or conducting a shutdown, of either equipment causing the violation or the equipment designed to reduce or eliminate the violation.
- b. The person notifies the city of the violation within twenty-four hours from the time that the violation begins.
- c. The violation does not continue in existence for more than eight hours.

A city shall not enforce this section against a person committing an environmental violation, until the city offers to participate in informal negotiations with the person. If the person accepts the offer, the city and the person shall participate in good faith negotiations to resolve issues alleged to be the basis for the violation.

2. A city by ordinance may provide that a violation of an ordinance is a municipal infraction.

3. A city shall not provide that a violation of an ordinance is a municipal infraction if the violation

is a felony, an aggravated misdemeanor, or a serious misdemeanor under state law or if the violation is a simple misdemeanor under chapters 687 through 747.

4. An officer authorized by a city to enforce a city code or regulation may issue a civil citation to a person who commits a municipal infraction. The citation may be served by personal service as provided in rule of civil procedure 56.1, by certified mail addressed to the defendant at the defendant's last known mailing address, return receipt requested, or by publication in the manner as provided in rule of civil procedure 60 and subject to the conditions of rule of civil procedure 60.1. A copy of the citation shall be retained by the issuing officer, and one copy shall be sent to the clerk of the district court. The citation shall serve as notification that a civil offense has been committed and shall contain the following information:

- a. The name and address of the defendant.
 - b. The name or description of the infraction attested to by the officer issuing the citation.
 - c. The location and time of the infraction.
 - d. The amount of civil penalty to be assessed or the alternate relief sought, or both.
 - e. The manner, location, and time in which the penalty may be paid.
 - f. The time and place of court appearance.
 - g. The penalty for failure to appear in court.
5. In municipal infraction proceedings:
- a. The matter shall be tried before a magistrate, a district associate judge, or a district judge in the same manner as a small claim. The matter shall only be tried before a judge in district court if the total amount of civil penalties assessed exceeds the jurisdictional amount for small claims set forth in section 631.1.

b. The city has the burden of proof that the municipal infraction occurred and that the defendant committed the infraction. The proof shall be by clear, satisfactory, and convincing evidence.

c. The court shall ensure that the defendant has received a copy of the charges and that the defendant understands the charges. The defendant may question all witnesses who appear for the city and produce evidence or witnesses on the defendant's behalf.

d. The defendant may be represented by counsel of the defendant's own selection and at the defendant's own expense.

e. The defendant may answer by admitting or denying the infraction.

f. If a municipal infraction is proven the court shall enter a judgment against the defendant. If the infraction is not proven, the court shall dismiss it.

6. All penalties or forfeitures collected by the court for municipal infractions shall be remitted to the city in the same manner as fines and forfeitures are remitted for criminal violations under section 602.8106. If the person named in the cita-

tion is served as provided in this section and fails without good cause to appear in response to the civil citation, judgment shall be entered against the person cited.

7. A person against whom judgment is entered, shall pay court costs and fees as in small claims under chapter 631. If the action is dismissed, the city is liable for the court costs and court fees. Where the action is disposed of without payment, or provision for assessment, of court costs, the clerk shall at once enter judgment for costs against the city.

8. Seeking a civil penalty as authorized in this section does not preclude a city from seeking alternative relief from the court in the same action.

9. When judgment has been entered against a defendant, the court may do any of the following:

a. Impose a civil penalty by entry of a personal judgment against the defendant.

b. Direct that payment of the civil penalty be suspended or deferred under conditions imposed by the court.

c. Grant appropriate alternative relief ordering the defendant to abate or cease the violation.

d. Authorize the city to abate or correct the violation.

e. Order that the city's costs for abatement or correction of the violation be entered as a personal judgment against the defendant or assessed against the property where the violation occurred, or both.

If a defendant willfully violates the terms of an order imposed by the court, the failure is contempt.

A magistrate or district associate judge shall have jurisdiction to assess or enter judgment for costs of abatement or correction in an amount not to exceed the jurisdictional amount for a money judgment in a civil action pursuant to section 631.1, subsection 1, for magistrates and section 602.6306, subsection 2, for district associate judges. If the city seeks abatement or correction costs in excess of those amounts, and the matter is not before a judge in district court, the case shall be referred to the district court for hearing and entry of an appropriate order. The procedure for hearing in the district court shall be the same procedure as that for a small claims appeal pursuant to section 631.13.

10. The defendant or the city may file a motion for a new trial or may appeal the decision of a magistrate, district associate judge, or a district judge to the district court. The procedure on appeal shall be the same as for a small claim pursuant to section 631.13. A factual determination made by the trial court, supported by substantial evidence as shown in the record, is binding for purposes of appeal relating to the violation at issue, but shall not be admissible or binding as to any future violation for the same or similar ordinance provision by the same defendant.

11. This section does not preclude a peace officer of a city from issuing a criminal citation for a violation of a city code or regulation if criminal penalties are also provided for the violation. Each day that a violation occurs or is permitted to exist by the defendant, constitutes a separate offense.

12. The issuance of a civil citation for a municipal infraction or the ensuing court proceedings do not provide an action for false arrest, false imprisonment, or malicious prosecution.

13. An action brought pursuant to this section for a municipal infraction which is an environmental violation does not preclude, and is in addition to, any other enforcement action which may be brought pursuant to chapter 455B, 455D, or 455E.

14. A police department may dispose of personal property under section 80.39.

In lieu of the requirements established for replacement lighting under this section, stadium or ball park lighting shall be replaced, when worn-out, with the most energy-efficient lighting available at the time of replacement which may include metal halide, high-pressure sodium, or other light sources which may be developed.

ful life, in order to comply with the requirements of this section. However, all lighting shall be replaced, whether or not it has completed its useful life, by July 1, 2001.

If coverage is provided, the cost of the health or medical insurance coverage may be paid from moneys held in a trust and agency fund established pursuant to section 384.6, or out of an appropriation from the city general fund for this purpose.

368.3 Discontinuance — cemetery fund transfer.

A city is discontinued if, for a period of six years or more, it has held no city election and has caused no taxes to be levied. If the board receives knowledge of facts which cause an automatic discontinuance under this section, it shall make a determination that the city is discontinued, shall take control of the property of the discontinued city, and shall carry out all necessary procedures as if the city were discontinued under a petition or plan.

A city may also be discontinued in accordance with the following procedures. The council shall adopt a resolution of intent to discontinue and

shall call a public hearing on the proposal to discontinue. Notice of the time and place of the public hearing and the proposed action shall be published as provided in section 362.3, except that at least ten days' notice must be given. At the public hearing, the council shall receive oral and written comments regarding the proposal from any person. Thereafter, the council, at the same meeting or at a subsequent meeting, may pass a resolution of discontinuance or pass a resolution abandoning the proposal. If the council passes a resolution of discontinuance, a petition may be filed with the clerk in the manner provided in section 362.4, within thirty days following the effective date of the resolution, requesting that the question of discontinuance be submitted to the registered voters of the city. Upon receipt of a petition requesting an election, the council shall direct the county commissioner of elections to call a special election on the question of discontinuance or shall adopt a resolution abandoning the discontinuance. Notice of the election shall be given by publication as required in section 49.53. If a majority of those voting approve the discontinuance or if no petition for an election is filed, the clerk shall send a copy of the resolution of discontinuance and, if an election is held, the results of the election to the board. The board shall take control of the property of the discontinued city and shall supervise procedures necessary to carry out the discontinuance in accordance with section 368.21.

When a city is discontinued under this section or under sections 368.11 through 368.22, and that city owns a cemetery, the board shall determine if any perpetual care funds exist and provide for their transfer to a trustee named by a district court or to the county or other suitable governmental entity.

368.4 Annexing moratorium.

A city, following notice and hearing, may by resolution agree with another city or cities to refrain from annexing specifically described territory for a period not to exceed ten years and, following notice and hearing, may by resolution extend the agreement for subsequent periods not to exceed ten years each. Notice of a hearing shall be served on the board, and a copy of the agreement and a copy of any resolution extending an agreement shall be filed with the board within thirty days of enactment. If such an agreement is in force, the board shall dismiss a petition or plan which violates the terms of the agreement.

368.6 Intent.

It is the intent of the general assembly to provide an annexation approval procedure which gives due consideration to the wishes of the residents of territory to be annexed, and to the interests of the residents of all territories affected by an annexation. The general assembly presumes that a voluntary annexation of territory more closely reflects the wishes of the residents of territory to be annexed, and, therefore, intends that the annexation approval procedure include a presumption of validity for voluntary annexation approval.

91 Acts, ch 250, §2

368.7 Voluntary annexation of territory.

1. All of the owners of land in a territory adjoining a city may apply in writing to the council of the adjoining city requesting annexation of the territory. Territory comprising railway right-of-way or territory comprising not more than twenty percent of the land area may be included in the application without the consent of the owner to avoid creating an island or to create more uniform boundaries if a copy of the application is mailed by certified mail to the owner and each affected public utility, at least ten days prior to any action taken by the city council on the application. The application must contain a legal description and a map of the territory showing its location in relationship to the city. An annexation including territory comprising not more than twenty percent of the land area without consent of the property owners is not complete without approval by four-fifths of the members of the board after a hearing for all affected property owners and the county.

2. An application for annexation of territory not within an urbanized area of a city other than the city to which the annexation is directed must be approved by resolution of the council which receives the application. In the discretion of a city council, the resolution may include a provision for a transition for the imposition of taxes as provided in section 368.11, subsection 13. Upon receiving approval of the council, the city clerk shall file a copy of the resolution, map, and legal description of the territory involved with the secretary of

state, county board of supervisors, each affected public utility, and the state department of transportation. The city clerk shall also record a copy of the legal description, map, and resolution with the county recorder. The secretary of state shall not accept and acknowledge a copy of a legal description, map, and resolution of annexation which would create an island. The annexation is completed upon acknowledgment by the secretary of state that the secretary of state has received the legal description, map, and resolution.

3. An application for annexation of territory within an urbanized area of a city other than the city to which the annexation is directed must be approved both by resolution of the council which receives the application and by the board. The board shall not approve an application which creates an island. Notice of the application shall be mailed by certified mail, by the city to which the annexation is directed, at least ten days prior to any action by the city council on the application to the council of each city whose boundary adjoins the territory or is within two miles of the territory, to the board of supervisors of each county which contains a portion of the territory, each affected public utility, and to the regional planning authority of the territory. Notice of the application shall be published in an official county newspaper in each county which contains a portion of the territory at least ten days prior to any action by the city council on the application. In the discretion of a city council, the resolution may include a provision for a transition for the imposition of taxes as provided in section 368.11, subsection 13. The annexation is completed when the board has filed and recorded copies of applicable portions of the proceedings as required by section 368.20, subsection 2.

4. If one or more applications for a voluntary annexation and one or more petitions for an involuntary annexation or incorporation for a common territory are submitted to the board within thirty days of the date the first application or petition was submitted to the board, the board shall approve the application for voluntary annexation, if the application meets the applicable requirements of this chapter, unless the board determines by a preponderance of the evidence that the application was filed in bad faith, or that the application as filed is contrary to the best interests of the citizens of the urbanized area, or that the applicant cannot within a reasonable period of time meet its obligation to provide services to the territory to be annexed sufficient to meet the needs of the territory. In consideration of the requests, the board may appoint a committee in the manner provided in section 368.14 to seek additional information from the applicant for voluntary annexation as necessary, including the information required of petitioners pursuant to section 368.11. The board, or the committee, if applicable, shall hold a public hearing on the application for voluntary annexation in the manner provided for involuntary peti-

tions in section 368.15. The decision of the board under this subsection shall be made within ninety days of receipt of the application by the board. The failure of the board to approve an application under this paragraph shall be deemed final agency action subject to judicial review.

If an application for voluntary annexation is not approved pursuant to this section, the board shall cause the conversion of the application to a petition pursuant to section 368.13 and shall proceed under section 368.14A. The conversion of an application to a petition shall not prejudice the status of the applicant. Judicial review of a board decision under this subsection may be requested by an aggrieved party.

368.7A Secondary road annexation.

1. The board of supervisors of each affected county shall notify the city development board of the existence of that portion of any secondary road which extends to the center line but has not become part of the city by annexation and has a common boundary with a city. The notification shall include a legal description and a map identifying the location of the secondary road. The city development board shall provide notice and an opportunity to be heard to each city in or next to which the secondary road is located. The city development board shall certify that the notification is correct and declare the road, or portion of the road extending to the center line, annexed to the city as of the date of certification. This section is not intended to interfere with or modify existing chapter 28E agreements on jurisdictional transfer of roads, or continuing negotiations between jurisdictions.

2. The remaining title and interest of a county in any secondary road or portion of the road which has been annexed by a city is transferred to the annexing city on July 1, 1993. The title and interest of a county in any secondary road which is annexed by a city after July 1, 1993, is transferred to the city upon the effective date of the annexation.

368.8 Voluntary severing of territory.

Any territory may be severed upon the unanimous consent of all owners of the territory and approval by resolution of the council of the city in which the territory is located. The council shall provide in the resolution for the equitable distribution of assets and equitable distribution and assumption of liabilities of the territory as between the city and the severed territory. The city clerk shall file a copy of the resolution, map, and a legal description of the territory involved with the county board of supervisors, secretary of state,

and state department of transportation. The city clerk shall also record a copy of the map and resolution with the county recorder. The secretary of state shall not accept and acknowledge a copy of a map and resolution of severance which would create an island. The severance is completed upon acknowledgment by the secretary of state that the secretary of state has received the map and resolution.

3. A discontinuance or severance unless it finds that the county or another city will be able to provide necessary municipal services to the residents.

4. An annexation unless the territory is adjoining the city to which it will be annexed, and the committee finds that the city will be able to provide to the territory substantial municipal services and benefits not previously enjoyed by such territory, and that the motive for annexation is not solely to increase revenues to the city.

5. A consolidation unless the cities are contiguous.

Upon proper filing and expiration of time for appeal, the incorporation, discontinuance, or boundary adjustment is complete. However, if an appeal to any of the proceedings is pending, completion does not occur until the appeal is decided, unless a subsequent date is provided in the proposal. FORMS OF GOVERNMENT**372.1 Forms of cities.**

The forms of city government are:

1. Mayor-council, or mayor-council with appointed manager.
2. Commission.
3. Council-manager-at-large.
4. Council-manager-ward.
5. Home rule charter.
6. Special charter.

A city when first incorporated has the mayor-council form. A city retains its form of government until it adopts a different form as provided in this division.

Within thirty days of the date that this section becomes effective, a city shall adopt by ordinance a charter embodying its existing form of government, which must be one of the forms provided in this division, and shall file a copy of its charter with the secretary of state, and maintain copies available for public inspection.

[C54, 58, 62, 66, 71, 73, §363.1, 363.30; C75, 77, 79, 81, §372.1]

372.2 Six-year limitation.

A city may adopt a different form of government not more often than once in a six-year period. A different form, other than a home rule charter or special charter, must be adopted as follows:

1. Eligible electors of the city may petition the council to submit to the electors the question of adopting a different form of city government. The minimum number of signatures required on the petition shall be equal in number to twenty-five percent of those who voted in the last regular city election. The petition shall specify which form of

city government in section 372.1 the petitioners propose for adoption.

2. Within fifteen days after receiving a valid petition, the council shall publish notice of the date that a special city election will be held to determine whether the city shall change to a different form of government. The election date shall be not more than sixty days after the publication. The notice shall include a statement that the filing of a petition for appointment of a home rule charter commission will delay the election until after the home rule charter commission has filed a proposed charter. Petition requirements and filing deadlines shall also be included in the notice.

The council shall notify the county commissioner of elections to publish notice of the election and conduct the election pursuant to chapters 39 to 53. The county commissioner of elections shall certify the results of the election to the council.

3. If a majority of the persons voting at the special election approves the proposed form, it is adopted.

4. If a majority of the persons voting at the special election does not approve the proposed form, that form may not be resubmitted to the voters within the next four years.

5. If the proposed form is adopted:

a. The elective officers provided for in the adopted form are to be elected at the next regular city election held more than eighty-four days after the special election at which the form was adopted. The adopted form becomes effective at the beginning of the new term following the regular city election.

b. The change of form does not alter any right or liability of the city in effect when the new form takes effect.

c. All departments and agencies shall continue to operate until replaced.

d. All measures in effect remain effective until amended or repealed, unless they are irreconcilable with the adopted form.

e. Upon the effective date of the adopted form, the city shall adopt by ordinance a new charter embodying the adopted form, and shall file a copy of its charter with the secretary of state, and maintain copies available for public inspection.

372.3 Home rule charter.

If a petition for appointment of a home rule charter commission is filed with the city clerk not more than ten days after the council has published notice announcing the date of the special election on adoption of another form of government, the special election shall not be held until the charter proposed by the home rule charter commission is filed. Both forms must be published as provided in section 372.9 and submitted to the voters at the special election.

372.4 Mayor-council form.

A city governed by the mayor-council form has a mayor and five council members elected at large, unless the council representation plan is changed pursuant to section 372.13, subsection 11. The council may, by ordinance, provide for a city manager and prescribe the manager's powers and duties, and as long as the council contains an odd number of council members, may change the number of wards, abolish wards, or increase the number of council members at large without changing the form.

However, a city governed, on July 1, 1975, by the mayor-council form composed of a mayor and a council consisting of two council members elected at large, and one council member from each of four wards, or a special charter city governed, on July 1, 1975, by the mayor-council form composed of a mayor and a council consisting of two council members elected at large and one council member elected from each of eight wards, may continue until the form of government is changed as provided in section 372.2 or section 372.9. While a city is thus operating with an even number of council

members, the mayor may vote to break a tie vote on motions not involving ordinances, resolutions or appointments made by the council alone, and in a special charter city operating with ten council members under this section, the mayor may vote to break a tie vote on all measures.

The mayor shall appoint a council member as mayor pro tem, and shall appoint the marshal or chief of police except where an intergovernmental agreement makes other provisions for police protection or as otherwise provided in section 400.13. Other officers must be selected as directed by the council. The mayor is not a member of the council and may not vote as a member of the council.

In a city having a population of five thousand or less, the city council may, or shall upon petition of the electorate meeting the numerical requirements of section 372.2, subsection 1, submit a proposal at the next regular or special city election to reduce the number of council members to three. If a majority of the voters voting on the proposal approves it, the proposal is adopted. If the proposal is adopted, the new council shall be elected at the next regular or special city election. The council shall determine by ordinance whether the three council members are elected at large or by ward.

2. Department of accounts and finances.
3. Department of public safety.
4. Department of streets and public improvements.
5. Department of parks and public property.

A city governed by the commission form has a council composed of a mayor and four council members elected at large, unless the council representation plan is changed pursuant to section 372.13, subsection 11. The mayor administers the department of public affairs and each other council member is elected to administer one of the other four departments.

However, a city governed, on July 1, 1975, by the commission form and having a council composed of a mayor and two council members elected at large may continue with a council of three until the form of government is changed as provided in section 372.2 or section 372.9 or without changing the form, may submit to the voters the question of

increasing the council to five members assigned to the five departments as set out in this section.

The mayor shall supervise the administration of all departments and report to the council all matters requiring its attention. The mayor is a member of the council and may vote on all matters before the council.

The council member elected to administer the department of accounts and finances is mayor pro tem.

The council may appoint a city treasurer or may, by ordinance, provide for election of that officer.

372.6 Council-manager-at-large form.

A city governed by the council-manager-at-large form has five council members elected at large for staggered four-year terms. At the first meeting of the new term following each city election, the council shall elect one of the council members to serve as mayor, and one to serve as mayor pro tem. The mayor is a member of the council and may vote on all matters before the council. As soon as possible after the beginning of the new term following each city election, the council shall appoint a manager.

The council may by ordinance provide that the city will be governed by council-manager-ward form. The ordinance must provide for the election of the mayor and council members required under council-manager-ward form at the next regular city election.

372.7 Council-manager-ward form.

A city governed by council-manager-ward form has a council composed of a mayor and six council members. Of the six council members, two may be elected at large and one elected from each of four wards, or one may be elected from each of six wards. The mayor and other council members serve four-year staggered terms. The mayor is a member of the council and may vote on all matters before the council.

The council, by ordinance, may change from one ward option authorized under this section to the other ward option. The ordinance must provide for the election of the mayor and council members

as provided in the selected ward option at the next regular city election.

As soon as possible after the beginning of the new term following each city election, the council shall appoint a city manager, and a council member to serve as mayor pro tem.

a. By appointment by the remaining members of the council, except that if the remaining members do not constitute a quorum of the full membership, paragraph "b" shall be followed. The appointment shall be for the period until the next pending election as defined in section 69.12, and shall be made within forty days after the vacancy occurs. If the council chooses to proceed under this paragraph, it shall publish notice in the manner prescribed by section 362.3, stating that the council intends to fill the vacancy by appointment but that the electors of the city or ward, as the case may be, have the right to file a petition requiring that the vacancy be filled by a special election. The council may publish notice in advance if an elected official submits a resignation to take effect at a future date. The council may make an appointment to fill the vacancy after the notice is published or after the vacancy occurs, whichever is later. However, if within fourteen days after publication of the notice or within fourteen days after the appointment is made, there is filed with the city clerk a petition which requests a special election to fill the vacancy, an appointment to fill the vacancy is temporary and the council shall call a special election to fill the vacancy permanently, under paragraph "b". The number of signatures of eligible electors of a city for a valid petition shall be determined as follows:

(1) For a city with a population of ten thousand or less, at least two hundred signatures or at least the number of signatures equal to fifteen percent of the voters who voted for candidates for the office at the preceding regular election at which the office was on the ballot, whichever number is fewer.

(2) For a city with a population of more than ten thousand but not more than fifty thousand, at least one thousand signatures or at least the number of signatures equal to fifteen percent of the voters who voted for candidates for the office at the preceding regular election at which the office was on the ballot, whichever number is fewer.

(3) For a city with a population of more than fifty thousand, at least two thousand signatures or at least the number of signatures equal to ten percent of the voters who voted for candidates for the

office at the preceding regular election at which the office was on the ballot, whichever number is fewer.

(4) The minimum number of signatures for a valid petition pursuant to subparagraphs (1) through (3) shall not be fewer than ten. In determining the minimum number of signatures required, if at the last preceding election more than one position was to be filled for the office in which the vacancy exists, the number of voters who voted for candidates for the office shall be determined by dividing the total number of votes cast for the office by the number of seats to be filled.

b. By a special election held to fill the office for the remaining balance of the unexpired term. If the council opts for a special election or a valid petition is filed under paragraph "a", the special election may be held concurrently with any pending election as provided by section 69.12 if by so doing the vacancy will be filled not more than ninety days after it occurs. Otherwise, a special election to fill the office shall be called at the earliest practicable date. If there are concurrent vacancies on the council and the remaining council members do not constitute a quorum of the full membership, a special election shall be called at the earliest practicable date. The council shall give the county commissioner at least sixty days' written notice of the date chosen for the special election. A special election held under this subsection is subject to sections 376.4 through 376.11, but the dates for actions in relation to the special election shall be calculated with regard to the date for which the special election is called.

3. The council shall appoint a city clerk to maintain city records and perform other duties prescribed by state or city law.

4. Except as otherwise provided by state or city law, the council may appoint city officers and employees, and prescribe their powers, duties, compensation, and terms. The appointment of a city manager must be made on the basis of that individual's qualifications and not on the basis of political affiliation.

5. The council shall determine its own rules and maintain records of its proceedings. City records and documents, or accurate reproductions, shall be kept for at least five years except that:

a. Ordinances, resolutions, council proceedings, records and documents, or accurate reproductions, relating to the issuance of public bonds or obligations shall be kept for at least eleven years following the final maturity of the bonds or obligations. Thereafter, such records, documents, and reproductions may be destroyed, preserving confidentiality as necessary. Records and documents pertaining to the transfer of ownership of bonds shall be kept as provided in section 76.10.

b. Ordinances, resolutions, council proceedings, records and documents, or accurate reproductions, relating to real property transactions shall be maintained permanently.

6. Within fifteen days following a regular or special meeting of the council, the clerk shall cause the minutes of the proceedings of the council, including the total expenditure from each city fund, to be published in a newspaper of general circulation in the city. The publication shall include a list of all claims allowed and a summary of all receipts and shall show the gross amount of the claim. Matters discussed in closed session pursuant to section 21.3 shall not be published until entered on the public minutes. However, in cities having more than one hundred fifty thousand population the council shall each month print in pamphlet form a detailed itemized statement of all receipts and disbursements of the city, and a summary of its proceedings during the preceding month, and furnish copies to the city library, the daily newspapers of the city, and to persons who apply at the office of the city clerk, and the pamphlet shall constitute publication as required. Failure by the clerk to make publication is a simple misdemeanor. The provisions of this subsection are applicable in cities in which a newspaper is published, or in cities of two hundred population or over, but in all other cities, posting the statement in three public places in the city which have been permanently designated by ordinance is sufficient compliance with this subsection.

7. By ordinance, the council may divide the city into wards which shall be drawn according to the following standards:

a. All ward boundaries shall follow precinct boundaries.

b. Wards shall be as nearly equal as practicable to the ideal population determined by dividing the number of wards to be established into the population of the city.

c. Wards shall be composed of contiguous territory as compact as practicable.

d. Consideration shall not be given to the addresses of incumbent officeholders, political affiliations of registered voters, previous election results, or demographic information other than population head counts, except as required by the Constitution and the laws of the United States.

8. By ordinance, the council shall prescribe the compensation of the mayor, council members, and other elected city officers, but a change in the compensation of the mayor does not become effective during the term in which the change is adopted, and the council shall not adopt an ordinance changing the compensation of the mayor, council members, or other elected officers during the months of November and December in the year of a regular city election. A change in the compensation of council members becomes effective for all council members at the beginning of the term of the council members elected at the election next following the change in compensation. Except as provided in section 362.5, an elected city officer is not entitled to receive any other compensation for any other city office or city employment during

that officer's tenure in office, but may be reimbursed for actual expenses incurred. However, if the mayor pro tem performs the duties of the mayor during the mayor's absence or disability for a continuous period of fifteen days or more, the mayor pro tem may be paid for that period the compensation determined by the council, based upon the mayor pro tem's performance of the mayor's duties and upon the compensation of the mayor.

9. A council member, during the term for which that member is elected, is not eligible for appointment to any city office if the office has been created or the compensation of the office has been increased during the term for which that member is elected. A person who resigns from an elective office is not eligible for appointment to the same office during the time for which that person was elected if during that time, the compensation of the office has been increased.

10. A council member, during the term for which that member is elected, is not precluded from holding the office of chief of the volunteer fire department if the fire department serves an area with a population of not more than two thousand, and if no other candidate who is not a city council member is available to hold the office of chief of the volunteer fire department.

11. Council members shall be elected according to the council representation plans under sections 372.4 and 372.5. However, the council representation plan may be changed, by petition and election, to one of those described in this subsection. Upon receipt of a valid petition, as defined in section 362.4, requesting a change to a council representation plan, the council shall submit the question at a special city election to be held within sixty days. If a majority of the persons voting at the special election approves the changed plan, it becomes effective at the beginning of the term following the next regular city election. If a majority does not approve the changed plan, the council shall not submit another proposal to change a plan to the voters within the next two years.

Eligible electors of a city may petition for one of the following council representation plans:

- a. Election at large without ward residence requirements for the members.
- b. Election at large but with equal-population ward residence requirements for the members.
- c. Election from single-member, equal-population wards, in which the electors of each ward shall elect one member who must reside in that ward.
- d. Election of a specified number of members at large and a specified number of members from single-member, equal-population wards.

1. The mayor is the chief executive officer of the city and presiding officer of the council. Except for the supervisory duties which have been delegated by law to a city manager, the mayor shall supervise all city officers and departments.

2. The mayor may take command of the police and govern the city by proclamation, upon making a determination that a time of emergency or public danger exists. Within the city limits, the mayor has all the powers conferred upon the sheriff to suppress disorders.

3. The mayor pro tem is vice president of the council. When the mayor is absent or unable to act, the mayor pro tem shall perform the mayor's duties, except that the mayor pro tem may not appoint, employ, or discharge officers or employees without the approval of the council. Official actions of the mayor pro tem when the mayor is absent or unable to act are legal and binding to the same extent as if done by the mayor. CHAPTER 373

CONSOLIDATED METROPOLITAN CORPORATIONS

373.1	Creation of commission.	373.7	Form of ballot.
373.2	Appointment of commission members.	373.8	Effect of consolidation.
373.3	Organization and expenses.	373.9	Metropolitan council.
373.4	Commission procedures and reports.	373.10	Taxing authority.
373.5	Consolidation charter.	373.11	Service delivery.
373.6	Referendum — effective date.		

373.1 Creation of commission.

1. Cities within a county may unite to form a single unit of local government in accordance with this chapter. Any city located in two or more counties shall be allowed to participate in a metropolitan consolidation in the county where at least fifty percent of its population resides. An alternative form of metropolitan government shall be submitted to the electorate by a commission in the form of a charter or charter amendment proposed in accordance with this chapter.

2. Participation in a charter commission under this chapter may be proposed by:

a. The city council adopting a resolution calling for participation.

b. By petition of the number of eligible electors of the city equal to at least twenty-five percent of the votes cast in the city at the last regular city election petitioning the council to adopt a resolution calling for participation. The council shall within thirty days of the filing of a valid petition adopt such a resolution.

91 Acts, ch 256, §40

373.2 Appointment of commission members.

1. Within forty-five days after the establishment of a commission, the members of the commission shall be appointed as follows:

a. One member shall be appointed by the city council of each city participating in the charter process.

b. An additional member shall be appointed by each city council for every twenty-five thousand residents in the participating city.

c. One member shall be appointed by each state legislator whose legislative district is located in the commission area if a majority of the constituents of that legislative district resides in the commission area. However, if a commission area does not have a state legislative district which has a majority of its constituents residing in the commission area, the legislative district having the largest plurality of constituents residing in the commission area shall appoint one member.

2. Only eligible electors of the county not holding a city, county, or state office shall be members

of the commission. In counties having multiple state legislative districts, the districts shall be represented as equally as possible. The membership shall be bipartisan and gender balanced and each appointing authority under subsection 1 shall provide for representation of various age groups, racial minorities, economic groups, and representatives of identifiable geographically defined populations, all in reasonable relationship to the proportions in which these groups are present in the population of the commission area. A vacancy on the commission shall be filled by appointment in the same manner as the original appointment. The county auditor shall notify the appropriate appointing authority of a vacancy.

The legislative appointing authorities shall be considered one appointing authority for the purpose of complying with this subsection. The senior legislative appointing authority in terms of length of legislative service shall convene the legislative appointing authorities to consult for the purpose of complying with this subsection.

91 Acts, ch 256, §41

373.3 Organization and expenses.

1. Within thirty days after the appointment of the members of the commission, the city clerk of the participating city with the largest population shall give written notice of the date, time, and location of the first meeting of the commission. At the first meeting the commission shall organize by electing a chairperson, vice chairperson, and other officers as necessary. The commission shall adopt rules governing the conduct of its meetings, subject to chapter 21.

2. The members of the commission shall serve without compensation, but they are entitled to travel and other necessary expenses relating to their duties of office.

3. The participating cities shall make available to the commission in-kind services such as office space, printing, supplies, and equipment and shall pay the other necessary expenses of the commission, including compensation for secretarial, clerical, professional, and consultant services. The total annual expenses, not including the value of in-kind expenses, to be paid from public funds shall not exceed one hundred thousand dollars or an amount equal to thirty cents times the population of the commission area, according to the most recent certified federal census. The commission may employ staff as necessary.

4. The expenses of the commission may be paid from the general fund of the participating cities or from any combination of public or private funds available for that purpose. The commission's annual expenses may exceed the amount in subsection 3 only if the excess is paid from private funds. If a proposed charter is submitted to the electorate, private funds donated to the commis-

sion may be used to promote passage of the proposed charter.

91 Acts, ch 256, §42

373.4 Commission procedures and reports.

1. Within sixty days after its organization, the commission shall hold at least one public hearing for the purpose of receiving information and material which will assist in the drafting of a charter. Notice of the date, time, and place of the hearing shall be published in the official county newspapers of each county in which the participating cities are located.

2. Within nine months after the organization of the commission, the commission shall submit a preliminary report to the councils of the participating cities, which report may include the text of the proposed charter. If a proposed charter is included in the preliminary report, the report shall also include an analysis of the fiscal impact of the proposed charter. Sufficient copies of the report shall be made available for distribution to residents of the participating cities who request a copy. The commission shall hold at least one public hearing after submission of the preliminary report to obtain public comment.

3. Within twenty months after organization, the commission shall submit the final report to the councils of the participating cities. If the commission recommends a charter of consolidation, the final report shall include the full text and an explanation of the proposed charter, an analysis of the fiscal impact of the proposed charter, any comments deemed desirable by the commission, and any minority reports. The final report may recommend no change to the existing form of government and that no charter be submitted to the electorate, or it may recommend consolidation of the participating cities with the county. If the board of supervisors by resolution agrees to participate in consolidation, then the participating cities and county shall proceed under sections 331.231 through 331.252.

4. The final report of the commission shall be made available to the residents of the participating cities upon request. A summary of the final report shall be published in the official newspapers of the county. If a charter is not recommended, the commission is dissolved upon submission of its final report to the councils of the participating cities.

91 Acts, ch 256, §43

373.5 Consolidation charter.

A proposed charter written by a charter commission shall specify the consolidated metropolitan form of government. The proposed consolidation charter shall do all of the following:

1. Provide the official name of the consolidated unit of local government and establish its geographic boundaries.

2. Establish an elective legislative body pursuant to section 373.9, including provisions on terms of office, initial compensation, meetings, and rules of procedure.

3. Provide for the at-large election of an officer to preside over the metropolitan council and perform other duties as specified, and provide for the election of other necessary officers.

4. Provide for the nonpartisan election of officers of the consolidated metropolitan corporation government.

5. Specify the powers and duties of the metropolitan council, its administrative officers, and elected officials.

6. Provide for delivery of certain services to the member cities, pursuant to section 373.11, and may provide for the abolition or consolidation of a department, agency, board, or commission and the assumptions of its powers and duties by the metropolitan council or another officer.

7. Provide for a system of revenue collection pursuant to section 373.10.

8. Provide for the orderly transition to the charter form of metropolitan consolidation.

9. Include other provisions which the consolidation charter commission elects to include and which are not inconsistent with state law.

10. Specify a charter amendment process pursuant to section 372.11.

11. Provide for the appointment of a manager by the metropolitan council pursuant to section 372.8.

91 Acts, ch 256, §44

373.6 Referendum — effective date.

1. If a proposed charter for consolidation is received not later than sixty days before the next general election, the council of the participating city with the largest population shall direct the county commissioner of elections to submit to the registered voters of the participating cities at the next general election the question of whether the proposed charter shall be adopted. A summary of the proposed charter shall be published in a newspaper of general circulation in each city participating in the charter commission process at least ten but not more than twenty days before the date of the election. The proposed charter shall be effective in regard to a city only if a majority of the electors of the city voting approves the proposed charter.

2. If a proposed charter for consolidation is adopted:

a. The adopted charter shall take effect July 1 following the election at which it is approved unless the charter provides a later effective date. A special election shall be called to elect the new elective officers.

b. The adoption of the consolidated metropolitan corporation form of government does not alter

any right or liability of any participating city in effect at the time of the election at which the charter was adopted.

c. All departments and agencies shall continue to operate until replaced.

d. All ordinances or resolutions in effect remain effective until amended or repealed, unless they are irreconcilable with the adopted charter.

e. Upon the effective date of the adopted charter, the participating cities shall adopt the consolidation form by ordinance, and shall file a copy with the secretary of state, and maintain available copies for public inspection.

3. If a charter is submitted to the electorate but is not adopted, another charter shall not be submitted to the electorate for two years. If a charter is adopted, it may be amended at any time. If a charter is adopted, a proposed charter for another alternative form of city government shall not be submitted to the electorate for six years.

4. Section 372.2 shall not apply to a charter commission established under this chapter.

91 Acts, ch 256, §45; 95 Acts, ch 67, §53

373.7 Form of ballot.

The question of metropolitan consolidation shall be submitted to the electors in substantially the following form:

Should the cities of and unite to form one joint metropolitan corporation government?

The ballot must contain a brief description and summary of the proposed charter or amendment.

91 Acts, ch 256, §46

373.8 Effect of consolidation.

Cities consolidating pursuant to this chapter shall retain all the rights, powers, and duties conferred upon them by the Constitution of the State of Iowa and shall retain all the rights, powers, and duties conferred upon them by the laws of the state of Iowa, except to the extent those statutory rights, powers, and duties are limited by the charter government in fulfilling its duty to provide efficient administration and delivery of services to its citizens.

The consolidation charter may provide for the replacement of the city government of the member city with the largest population, according to the most recent certified federal census. That city shall be known as the home city of the consolidated metropolitan corporation. If its government is replaced, the consolidation charter shall provide that the home city be governed either directly by the metropolitan council or by those members of the metropolitan council who reside within the corporate boundaries of the home city. The home city shall retain its geographic boundaries for the purposes of taxation.

Cities participating in consolidation shall be referred to as member cities of the consolidated metropolitan corporation.

A city may join an existing consolidated metropolitan corporation government by resolution of the city council or upon petition of eligible electors of the city equal in number to at least twenty-five percent of the persons who voted at the last general election for the office of governor or president of the United States, whichever is fewer. Within fifteen days after receiving a valid petition, the city council of the petitioning city shall adopt a resolution in favor of participation and shall immediately forward the resolution to the metropolitan council. If a majority of the metropolitan council approves the resolution, the question of joining the consolidated metropolitan corporation shall be submitted to the electorate of the petitioning city within sixty days after approval of the resolution. 91 Acts, ch 256, §47

373.9 Metropolitan council.

1. A consolidated metropolitan corporation shall be governed by a metropolitan council. The council shall consist of an odd number of members, not less than eleven and not more than seventeen. If a vacancy on the metropolitan council occurs more than sixty days before the next general election, the council shall direct the county commissioner of elections to conduct a special election to fill the vacancy until the next general election.

2. Unless otherwise specified in the consolidation charter, the council shall act by a majority vote of the members on the council. 91 Acts, ch 256, §48

373.10 Taxing authority.

The metropolitan council shall have the authority to levy city taxes to the extent the city tax levy authority is transferred by the charter to the metropolitan council. A member city shall transfer a portion of the city's tax levy authorized under section 384.1 or 384.12, whichever is applicable, to the metropolitan council. The maximum rates of

taxes authorized to be levied under sections 384.1 and 384.12 by a member city shall be reduced by an amount equal to the rates of the same or similar taxes levied in the city by the metropolitan council. 91 Acts, ch 256, §49

373.11 Service delivery.

1. The charter of consolidation shall provide for the transfer into the metropolitan consolidated corporation of areawide services which had been provided by other boards, commissions, and local governments. The metropolitan council shall have the authority to determine the boundaries of the service areas, except that formation of a consolidated metropolitan corporation shall not affect the assignment of electric utility service territories pursuant to chapter 476, and shall not affect the rights of a city to grant a franchise under chapter 364.

For each service provided by the consolidated metropolitan corporation, the consolidated metropolitan corporation shall assume the same statutory rights, powers, and duties, except taxing authority, relating to the provision of such service as if the member city were itself providing the service to its citizens. However, the consolidated metropolitan corporation shall not assume any of the governmental functions of its member cities except as the functions relate to the delivery of services and except as provided in section 373.8.

If a service is being provided by the consolidated metropolitan corporation to any member city that member city shall not invoke any statutory right, power, or duty relating to the delivery of the service to its citizens.

2. A member city may apply to the metropolitan council for the purchase of any service which is being provided by the consolidated metropolitan corporation to any other member city, including the home city of the consolidated metropolitan corporation. Such an agreement to provide services shall be executed pursuant to chapter 28E and must contain provisions necessary for the lawful execution of the agreement. 91 Acts, ch 256, §50

376.1 City election held.

A city shall hold a regular city election on the first Tuesday after the first Monday in November of each odd-numbered year. A city shall hold regular, special, primary, or runoff city elections as provided by state law.

The mayor or council shall give notice of any special election to the county commissioner of elections. The county commissioner of elections shall publish notice of any city election and conduct the election pursuant to the provisions of chapters 39 to 53, except as otherwise specifically provided in chapters 362 to 392. The results of any election shall be canvassed by the county board of supervisors and certified by the county commissioner of elections to the mayor and the council of the city for which the election is held.

[R60, §1130; C73, §501; C97, §642, 936; S13, §646, 1056-a20, -a21; SS15, §1056-b5, -b6; C24, 27, 31, 35, 39, §5627, 6488, 6494, 6507, 6514, 6643, 6644, 6737; C46, 50, §363.5, 416.12, 416.18, 416.31, 416.38, 419.29, 419.30; C54, 58, 62, 66, 71, 73, §363.8, 363.20, 363.24, 363.26; C75, 77, 79, 81, § 376.1]

376.2 Terms.

Terms of city officers begin and end at noon on the first day in January which is not a Sunday or legal holiday, following a regular city election.

Except as otherwise provided by state law or the city charter, terms for elective offices are two years. However, the term of an elective office may be changed to two or four years by petition and election. Upon receipt of a valid petition as defined in section 362.4, requesting that the term of an elective office be changed, the council shall submit the question at a special city election to be held

within sixty days. If a majority of the persons voting at the special election approves the changed term, it becomes effective at the beginning of the term following the next regular city election. If a majority does not approve the changed term, the council shall not submit the same proposal to the voters within the next four years.

At the first regular city election after the terms of council members are changed to four years, terms shall be staggered as follows:

1. If an even number of council members are elected at large, the half of the elected council members who receive the highest number of votes are elected for four-year terms. The remainder are elected for two-year terms.

2. If an odd number of council members are elected at large, the majority of the elected council members who receive the highest number of votes are elected for four-year terms. The remainder are elected for two-year terms.

3. In case of a tie the mayor and clerk shall determine by lot which council members are elected for four-year terms.

4. If the council members are elected from wards, the council members elected from the odd-numbered wards are elected for four-year terms and the council members elected from even-numbered wards are elected for two-year terms.

After July 1, 1986, a petition submitted under this section to change the term of council members from two to four years shall specify if the terms are to be staggered or run concurrently. If the petition provides for concurrent terms and the changed term is approved by the voters, unnumbered paragraph 3 of this section shall not apply and the terms shall be concurrent. If valid petitions for staggered and concurrent terms are submitted, the first filed shall govern.

376.3 Nominations.

Candidates for elective city offices must be nominated as provided in sections 376.4 to 376.9 unless by ordinance a city chooses the provisions of chapters 44 or 45. However, a city acting under a special charter in 1973 and having a population of over fifty thousand shall continue to hold partisan elections as provided in sections 43.112 to 43.118 and 420.126 to 420.137 unless the city by election as provided in section 43.112 chooses to conduct city elections under this chapter or chapter 44 or 45. The choice of one of these options by such a special charter city does not otherwise affect the validity of the city's charter. However, special charter cities which choose to exercise the option to conduct nonpartisan city elections may choose in the same manner the original decision was made, to resume holding city elections on a partisan basis.

376.4 Candidacy.

An eligible elector of a city may become a candidate for an elective city office by filing with the city clerk a valid petition requesting that the elector's name be placed on the ballot for that office. The petition must be filed not more than seventy-one days and not less than forty-seven days before the date of the election, and must be signed by eligible electors equal in number to at least two percent of those who voted to fill the same office at the last regular city election, but not less than ten persons. However, for those cities which may be required to hold a primary election, the petition must be filed not more than eighty-five days and not less than sixty-eight days before the date of the regular city election. A person may sign nomination petitions for more than one candidate for the same office, and the signature is not invalid solely because the person signed nomination petitions for one or more other candidates for the office. Nomination petitions shall be filed not later than five o'clock p.m. on the last day for filing.

The petitioners for an individual seeking election from a ward must be residents of the ward at the time of signing the petition. An individual is not eligible for election from a ward unless the in-

dividual is a resident of the ward at the time the individual files the petition and at the time of election.

The petition must include the signature of the petitioners, a statement of their place of residence, and the date on which they signed the petition.

The petition must include the affidavit of the individual for whom it is filed, stating the individual's name, the individual's residence, that the individual is a candidate and eligible for the office, and that if elected the individual will qualify for the office. The affidavit shall also state that the candidate is aware that the candidate is disqualified from holding office if the candidate has been convicted of a felony or other infamous crime and the candidate's rights have not been restored by the governor or by the president of the United States.

If the city clerk is not readily available during normal office hours, the city clerk shall designate other employees or officials of the city who are ordinarily available to accept nomination papers under this section. On the final date for filing nomination papers the office of the city clerk shall remain open until five p.m.

The city clerk shall accept the petition for filing if on its face it appears to have the requisite number of signatures and if it is timely filed. The city clerk shall note upon each petition and affidavit accepted for filing the date and time that they were filed.

The city clerk shall deliver all nomination petitions together with the text of any public measure being submitted by the city council to the electorate to the county commissioner of elections not later than five o'clock p.m. on the day following the last day on which nomination petitions can be filed.

Any person on whose behalf nomination petitions have been filed under this section may withdraw as a candidate by filing a signed statement to that effect as prescribed in section 44.9. Objections to the legal sufficiency of petitions shall be filed in accordance with the provisions of sections 44.4, 44.5, and 44.8.

376.5 Publication of ballot.

Notice containing a copy of the ballot for each regular, special, primary, or runoff city election must be published by the county commissioner of elections as provided in section 362.3, except that notice of a regular, primary, or runoff election may be published not less than four days before the

date of the election. The published ballot must contain the names of all candidates, and may not contain any party designations. The published ballot must contain any question to be submitted to the voters.

376.6 Primary or other method of nomination — certification.

An individual for whom a valid petition is filed becomes a candidate in the regular city election for the office for which the individual has filed, except that a primary election must be held for offices for which the number of individuals for whom valid petitions are filed is more than twice the number of positions to be filled. However:

1. The council may by ordinance choose to have a runoff election, as provided in section 376.9, in lieu of a primary election.

2. If the council has by ordinance chosen to have nominations made in the manner provided by chapter 44 or 45, neither a primary election nor a runoff election is required.

Each city clerk shall certify to the commissioner of elections responsible under section 47.2 for conducting elections for that city the type of nomination process to be used for the city no later than seventy-seven days before the date of the regular city election. If the city has by ordinance chosen a runoff election or has chosen to have nominations made in the manner provided by chapter 44 or 45, or has repealed nomination provisions under those sections in preference for the primary election method, a copy of the city ordinance shall be attached. No changes in the method of nomination to be used in a city shall be made after the clerk has filed the certification with the commissioner, unless the change will not take effect until after the next regular city election.

376.7 Date of primary.

If a primary election is necessary, it shall be held on the Tuesday four weeks before the date of the regular city election. The county board of supervisors shall publicly canvass the tally lists of the vote cast in the primary election, following the procedures prescribed in section 50.24, at a meeting to be held beginning at one o'clock in the afternoon on the second day following the primary election.

The names of those candidates who receive the highest number of votes for each office on the primary election ballot, to the extent of twice the

number of unfilled positions, must be placed on the ballot for the regular city election as candidates for that office.

376.8 Persons elected in city elections.

1. In a regular city election following a city primary, the candidates receiving the greatest number of votes cast for each office on the ballot are elected, to the extent necessary to fill the positions open.

2. In a regular city election held for a city where the council has chosen a runoff election in lieu of a primary, candidates are elected as provided by subsection 1, except that no candidate is elected who fails to receive a majority of the votes cast for the office in question. In the case of at-large elections to a multimember body, a majority is one vote more than half the quotient found by dividing the total number of votes cast for all candidates for that body by the number of positions to be filled.

In calculating the number of votes necessary to constitute a majority, fractions shall be rounded up to the next higher whole number.

3. In a regular city election held for a city where the council has chosen to have nominations made in the manner provided by chapter 44 or 45, the candidates who receive the greatest number of votes for each office on the ballot are elected, to the extent necessary to fill the positions open.

376.9 Runoff election.

A runoff election may be held only for positions unfilled because of failure of a sufficient number of candidates to receive a majority vote in the regular city election. When a council has chosen a runoff election in lieu of a primary, the county board of supervisors shall publicly canvass the tally lists of the vote cast in the regular city election, following the procedures prescribed in section 50.24, at a meeting to be held beginning at one o'clock in the afternoon on the second day following the regular city election. Candidates who do not receive a majority of the votes cast for an office, but who receive the highest number of votes cast for that office in the regular city election, to the extent of twice the number of unfilled positions, are candidates in the runoff election.

Runoff elections shall be held four weeks after the date of the regular city election and shall be conducted in the same manner as regular city elections.

Candidates in the runoff election who receive the highest number of votes cast for each office on the ballot are elected to the extent necessary to fill the positions open.

376.10 Contest.

A nomination or election to a city office may be contested in the manner provided in chapter 62 for contesting elections to county offices, except that a statement of intent to contest must be filed with the city clerk within ten days after the nomination or election.

[C97, §678, 679; C24, 27, 31, 35, 39, §5629; C46, 50, §363.7; C54, 58, 62, 66, 71, 73, §363.22; C75, 77, 79, 81, §376.10]

376.11 Write-in votes.

Write-in votes are permitted to be cast in all elections for city offices. A person who receives a sufficient number of write-in votes to be elected to a city office shall be declared the winner of the election. If a person who was elected by write-in votes chooses not to serve in that office the person shall submit a resignation in writing to the city clerk not later than five o'clock p.m. on the day following the canvass of the election. If a person who was elected by write-in votes resigns at a later time, the office shall be considered vacant at the end of the term and the council shall fill the vacancy pursuant to the provisions of section 372.13, subsection 2.

Except in cities where the council has chosen a runoff election in lieu of a primary, following the resignation of a person who was elected by write-in votes, the city clerk shall notify the person who received the next highest number of votes cast for the office that the person may assume the office. If the person accepts the position, the person shall be considered the duly elected officer unless a petition requesting a special election is filed by eligible electors of the city equal in number to twenty-five percent of the number of persons who voted for the office at the election. If the person declines, the person shall do so in writing to the city clerk within ten days and the office shall be considered vacant at the end of the term. The vacancy shall be filled pursuant to the provisions of section 372.13, subsection 2. If the council chooses to appoint, the appointment may be made before the end of the current term.

In city primary elections any person who receives write-in votes shall execute an affidavit in substantially the form required by section 45.3, and file it with the county commissioner of elections or the city clerk not later than five o'clock

p.m. on the day after the canvass of the primary election. If any person who received write-in votes fails to file the affidavit at the time required, the county commissioner shall disregard the write-in votes cast for that person. A notation shall be made on the abstract of votes showing which persons who received write-in votes filed affidavits. The total number of votes cast for each office on the ballot shall be amended by subtracting the write-in votes of those candidates who failed to file the affidavit. It is not necessary for a candidate whose name was printed upon the ballot to file an affidavit. Of the remaining candidates, those who receive the highest number of votes to the extent of twice the number of unfilled positions shall be placed on the ballot for the regular city election as candidates for that office.

In cities in which the city council has chosen a runoff election in lieu of a primary, if a person who was elected by write-in votes chooses not to accept the office by filing a resignation notice with the city clerk or commissioner of elections not later than five o'clock p.m. on the day following the canvass, all remaining persons who received write-in votes and who wish to be considered candidates for the runoff election shall execute an affidavit in substantially the form required by section 45.3 and file it with the county commissioner or the city clerk not later than five o'clock p.m. of the fourth day following the canvass. If a person receiving write-in votes fails to file the affidavit at the time required, the county commissioner of elections shall disregard the write-in votes cast for that person. The abstract of votes shall be amended to show that the person who was declared elected declined the office and a notation shall be made next to the names of those persons who did not file the affidavit. A runoff election shall be held with the remaining candidates who have the highest number of votes to the extent of twice the number of unfilled positions.

In a city in which the council has chosen a runoff election, if no person was declared elected for an office all persons who received write-in votes shall execute an affidavit in substantially the form required by section 45.3 and file it with the county commissioner of elections or the city clerk not later than five o'clock p.m. on the day following the canvass of votes. If any person who received write-in votes fails to file the affidavit the county commissioner of elections shall disregard the write-in votes cast for that person. The abstract of votes shall be amended to note which of the write-in candidates failed to file the affidavit. A runoff election shall be held with the remaining candidates who have the highest number of votes to the extent of twice the number of unfilled positions.

380.1 Definitions.

As used in this chapter, unless the context otherwise requires, “book”, “list”, “record”, or “schedule” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.

380.1A Title of ordinance.

The subject matter of an ordinance or amendment must be generally described in the title of the ordinance or amendment.

380.2 Amendment.

An amendment to an ordinance or to a code of ordinances must specifically identify the ordinance or code, or the section, subsection, or paragraph to be amended, and must set forth the ordinance, code, section, subsection, or paragraph as amended, which action is deemed to be a repeal of the previous ordinance, code, section, subsection, or paragraph amended.

[R60, §1122; C73, §489; C97, §681; C24, 27, 31, 35, 39, §5715; C46, 50, 54, 58, 62, 66, 71, 73, §366.2; C75, 77, 79, 81, §380.2]

91 Acts, ch 145, §3; 97 Acts, ch 168, §2

380.3 Two considerations before final passage — how waived.

A proposed ordinance or amendment must be considered and voted on for passage at two council meetings prior to the meeting at which it is to be finally passed, unless this requirement is suspended by a recorded vote of not less than three-fourths of all of the members of the council. If a proposed ordinance, amendment, or resolution fails to receive sufficient votes for passage at any consideration and vote thereon, the proposed ordinance, amendment, or resolution shall be considered defeated.

[R60, §1122; C73, §489; C97, §682; C24, 27, 31, 35, 39, §5716; C46, 50, 54, 58, 62, 66, 71, 73, §366.3; C75, 77, 79, 81, §380.3]

88 Acts, ch 1246, §5; 97 Acts, ch 168, §3, 4

380.4 Majority requirement — tie vote — conflicts of interest.

Passage of an ordinance, amendment, or resolution requires a majority vote of all of the members of the council, except when the mayor may vote to break a tie vote in a city with an even number of

council members, as provided in section 372.4. Passage of a motion requires a majority vote of a quorum of the council. A resolution must be passed to spend public funds in excess of twenty-five thousand dollars on any one project, or to accept public improvements and facilities upon their completion. Each council member’s vote on a measure must be recorded. A measure which fails to receive sufficient votes for passage shall be considered defeated.

As used in this chapter, “all of the members of the council” refers to all of the seats of the council including a vacant seat and a seat where the member is absent, but does not include a seat where the council member declines to vote by reason of a conflict of interest.

A measure voted upon is not invalid by reason of a conflict of interest in a member of the council, unless the vote of the member of the council was decisive to passage of the measure. The vote must be computed on the basis of the number of members not disqualified by reason of conflict of interest. However, a majority of all members is required for a quorum. For the purpose of this section, the statement of a council member that the council member declines to vote by reason of conflict of interest is conclusive and must be entered of record.

380.6 Effective date.

Measures passed by the council become effective in one of the following ways:

1. *a.* An ordinance or amendment signed by the mayor becomes effective when the ordinance or a summary of the ordinance is published, as provided in section 380.7, subsection 3, unless a subsequent effective date is provided within the ordinance or amendment.

b. A resolution signed by the mayor becomes effective immediately upon signing.

c. A motion becomes effective immediately upon passage of the motion by the council.

2. The mayor may veto an ordinance, amendment, or resolution within fourteen days after pas-

sage. The mayor shall explain the reasons for the veto in a written message to the council at the time of the veto. Within thirty days after the mayor's veto, the council may pass the measure again by a vote of not less than two-thirds of all of the members of the council. If the mayor vetoes an ordinance, amendment, or resolution and the council repasses the measure after the mayor's veto, a resolution becomes effective immediately upon repassage, and an ordinance or amendment becomes a law when the ordinance or a summary of the ordinance is published, unless a subsequent effective date is provided within the ordinance or amendment.

3. If the mayor takes no action on an ordinance, amendment, or resolution, a resolution becomes effective fourteen days after the date of passage and an ordinance or amendment becomes a law when the ordinance or a summary of the ordinance is published, but not sooner than fourteen days after the date of passage, unless a subsequent effective date is provided within the ordinance or amendment.

380.7 City clerk.

The city clerk shall:

1. Promptly record each measure.
2. Record a statement with the measure, where applicable, indicating whether the mayor signed, vetoed, or took no action on the measure, and whether the measure was repassed after the mayor's veto.

3. Publish a summary of all ordinances or the complete text of ordinances and amendments in the manner provided in section 362.3. As used in this subsection, "summary" shall mean a narrative description of the terms and conditions of an ordinance setting forth the main points of the ordinance in a manner calculated to inform the public in a clear and understandable manner the meaning of the ordinance and which shall provide the public with sufficient notice to conform to the desired conduct required by the ordinance. The description shall include the title of the ordinance, an accurate and intelligible abstract or synopsis of the essential elements of the ordinance, a statement that the description is a summary, the location and the normal business hours of the office where the ordinance may be inspected, when the ordinance becomes effective, and the full text of any provisions imposing fines, penalties, forfeitures, fees, or taxes. Legal descriptions of property set forth in ordinances shall be described in full, provided that maps or charts may be substituted for legal descriptions when they contain sufficient

detail to clearly define the area with which the ordinance is concerned. The narrative description shall be written in a clear and coherent manner and shall, to the extent possible, avoid the use of technical or legal terms not generally familiar to the public. When necessary to use technical or legal terms not generally familiar to the public, the narrative description shall include definitions of those terms.

4. Authenticate all measures except motions with the clerk's signature and certification as to time and manner of publication, if any. The clerk's certification is presumptive evidence of the facts stated therein.

5. Maintain for public use copies of all effective ordinances and codes.

- b.* A city may maintain a code of ordinances either by compiling at least annually a supplement to the code of ordinances consisting of all new ordinances and amendments to ordinances which became effective during the previous year and adopting the supplement by resolution or by adding at least annually new ordinances and amendments to ordinances to the code of ordinances itself.

- c.* A city which does not maintain the city code of ordinances as provided in paragraph "b" shall compile a code of ordinances at least once every five years.

2. *a.* If a proposed code of ordinances contains only existing ordinances without change in substance, the council may adopt the code by ordinance.

The clerk shall publish notice of the hearing as provided in section 362.3. Copies of the proposed code of ordinances must be available at the city clerk's office and the notice must so state. Within thirty days after the hearing, the council may adopt the proposed code of ordinances. A new ordinance or an amendment to an existing ordinance becomes effective upon publication of the ordinance adopting the code of ordinances unless a subsequent effective date is provided within an ordinance. If the council substantially amends the proposed code of ordinances

after the hearing, notice and hearing must be repeated before the code may be adopted.

3. A code of ordinances compiled and maintained at least annually, or compiled at least once every five years, is presumptive evidence of the passage, publication, and content of the ordinances codified therein as of the date of the clerk's certification of the ordinance adopting the code or supplement.

A city may adopt the provisions of any statewide or nationally recognized standard code or portions of any such code by an ordinance which identifies the code by subject matter, source and date, and which incorporates the provisions of the code or portions of the code by reference without setting them forth in full. Copies of the proposed code or portions of such code shall be available at the office of the city clerk.

A city may by ordinance adopt by reference any portion of the Code of Iowa in effect at the time of the adoption in the manner provided in this section, subject to the following limitations:

1. The ordinance shall describe the subject matter and identify the portion of the Code of Iowa adopted by chapter, section, and subsection or other subpart, as applicable.

3. Amendments or other changes to those portions of the Code of Iowa which have been adopted by reference shall serve as an automatic modification of the applicable ordinance.

An ordinance which adopts by reference any portion of the Code of Iowa may provide that violations of the ordinance are municipal infractions and subject to the limitations of section 364.22.

Copies of any portions of the Code of Iowa to be adopted by reference shall be available at the city clerk's office. The council shall hold a public hearing on any proposed standard code or on the portions of any standard code to be adopted by reference. DIVISION I
TAXES AND FUNDS

384.1 Taxes certified.

A city may certify taxes to be levied by the county on all taxable property within the city limits, for all city government purposes. However, the tax levied by a city on tracts of land and improvements thereon used and assessed for agricultural or horticultural purposes, shall not exceed three dollars and three-eighths cents per thousand dollars of assessed value in any year. Improvements located on such tracts of land and not used for agricultural or horticultural purposes and all residential dwellings are subject to the same rate of tax levied by the city on all other taxable property within the city. A city's tax levy for the general fund shall not exceed eight dollars and ten cents per thousand dollars of taxable value in any tax year, except for the levies authorized in section 384.12.

384.2 Fiscal year and tax year.

Except as otherwise provided for special charter cities, a city's fiscal year shall be as provided in section 24.2, subsection 3. All city property taxes must be certified by a city to the county auditor on or before the fifteenth day of March of each year, unless otherwise provided by state law. However, municipal utilities, if not supported by taxation or the proceeds of outstanding indebtedness payable from taxes may, with the council's consent, choose to operate on a fiscal year which is the calendar year. The receipt by the utility of payments from other governmental funds for public fire protection, street lighting, or other public use of the utility's services shall not be deemed support by taxation. After notice and hearing in the same manner as required for the city's regular budget under section 384.16, the utility budget must be approved by resolution of the council not later than twenty days prior to the beginning of the calendar year for which the budget applies.

The county auditor shall place city taxes and assessments upon the tax list for the current year, and the county treasurer shall collect city taxes and assessments in the same manner as other taxes. Delinquent city taxes and assessments draw the same interest as other taxes. Sales for delinquent city taxes and assessments must be

made in the manner provided in chapter 446. The county treasurer shall combine in one tax sale all taxes and assessments due from the same person and collectible by the county.

Interest as it becomes due and the amount necessary to pay, or to create a sinking fund to pay, the principal at maturity of all general obligation bonds issued by the city or to pay, or to create a sinking fund to pay, amounts as due on loans received through the Iowa community development loan program.*

3. Payments required to be made from the debt service fund under a lease or lease-purchase agreement.

4. Payments required to be made from the debt service fund under a loan agreement.

Moneys pledged or available to service general obligation bonds, and received from sources other than property taxes, must be deposited in the debt service fund.

If a final judgment is entered against a city with a population of five hundred or less for an amount in excess of eighty-eight thousand dollars over and above what is covered by liability insurance, such city may spread the budgeting and payment of that portion not covered by insurance over a period of time not to exceed ten years. fund for the purpose of accumulating moneys for the financing of specified capital improvements, or carrying out a specific capital improvement plan.

The question of the establishment of a capital improvements reserve fund, the time period during which a levy will be made for the fund, and the tax rate to be levied for the fund is subject to approval by the voters, and may be submitted at any city election upon the council's motion, or shall be submitted at the next regular city election upon receipt of a valid petition as provided in section 362.4.

If a continuing capital improvements levy is established by election, it may be terminated in the same manner, upon the council's motion or upon petition. Balances in a capital improvements reserve fund are not unencumbered or unappropriated funds for the purpose of reducing tax levies. DIVISION II

BUDGETING AND ACCOUNTING

384.13 City finance committee.

As used in this division, unless the context otherwise requires, "committee" means the city finance committee and "director" means the director of the department of management. A nine-member city finance committee is created. Members of the committee are:

1. The auditor of state or the auditor's designee.
2. A designee of the governor.
3. Five city officials who are regularly involved in budget preparation. One official must be from a city with a population of not over two thousand five hundred, one from a city with a population of over two thousand five hundred but not over fifteen thousand, one from a city with a population

of over fifteen thousand but not over fifty thousand, one from a city with a population of over fifty thousand, and one from any size city. The governor shall select and appoint the city officials.

4. One certified public accountant experienced in city accounting, to be selected and appointed by the governor.

5. One operations research analyst experienced in cost effectiveness analysis of city services to be selected by, and serve at the pleasure of, the legislative council of the general assembly.

City official members and the certified public accountant are appointed for four-year terms beginning and ending as provided in section 69.19 and the terms of the city officials are staggered. When a city official member no longer holds the office which qualified the official for appointment, the official may no longer be a member of the committee. Any person appointed to fill a vacancy during a term is appointed to serve for the unexpired portion of the term. Any member is eligible for reappointment, but no member shall be appointed to serve more than two complete terms.

384.14 Office, expenses, compensation.

The committee is located for administrative purposes within the department of management. The director of the department of management shall provide office space and staff assistance, and shall budget funds to cover expenses of the committee.

Each member is entitled to receive actual and necessary expenses incurred in the performance of committee duties. Each member other than the state official members is also entitled to receive a per diem as specified in section 7E.6 for each day spent in performance of committee duties.

384.15 Duties — rules — law enforcement officer training reimbursement.

The committee shall:

1. Promulgate rules relating to budget amendments and the procedures for transferring moneys between funds, and other rules necessary or desirable in order to exercise its powers and perform its duties, including rules necessary to implement section 384.6, subsection 1. The committee's rules are subject to chapter 17A as applicable.

2. Select its officers and meet at the call of the director of the department of management or at the request of a majority of the committee.

3. Establish guidelines for program budgeting and accounting and the preparation of five-year capital improvement plans. A city shall hold a public hearing on its capital improvement plan before adoption of the plan. The committee may require performance budgeting. It shall, where

practicable, use recommendations of the national council on governmental accounting.

4. Review and comment on city budgets to city officials and provide assistance to enable cities to improve upon and use sound financial procedures.

5. Conduct studies of municipal revenues and expenditures.

6. Advise and make recommendations annually to the governor and the general assembly concerning city budgets and finance.

7. Adopt rules for the administration of a law enforcement officer training reimbursement program by the director of the department of management. A decision of the director may be appealed by a city or county to the committee. The program shall provide reimbursement to a city or county for necessary and actual expenses incurred in training a law enforcement officer who resigns from law enforcement service with the city or county within four years after completion of the law enforcement training. The reimbursable training expenses include mileage, food, lodging, tuition, replacement of an officer while the officer is in training if the replacement officer is a temporary employee hired for that purpose only or is on overtime status, and salary costs of the officer while in training. The law enforcement training eligible for reimbursement is the minimum law enforcement officer training required under chapter 80B and, if funding is available, approved advanced law enforcement training and reserve officer training required under chapter 80D. The committee shall adopt rules prescribing application forms, expense documentation, and procedures necessary to administer the reimbursement program.

a. The amount of reimbursement shall be determined as follows:

(1) If a law enforcement officer resigns less than one year following completion of approved training, one hundred percent.

(2) If a law enforcement officer resigns one year or more but less than two years after completion of approved training, seventy-five percent.

(3) If a law enforcement officer resigns two years or more but less than three years after completion of the approved training, fifty percent.

(4) If a law enforcement officer resigns three years or more but not more than four years after completion of the approved training, twenty-five percent.

b. An appropriated law enforcement training reimbursement account is established in the department of management. The proceeds shall be used by the director of the department of management to reimburse cities or counties for eligible law enforcement training expenses incurred as provided in this section.

A budget must show comparisons between the estimated expenditures in each program in the following year and the actual expenditures in each program during the two preceding years. Wherever practicable, as provided in rules of the committee, a budget must show comparisons between the levels of service provided by each program as estimated for the following year, and actual levels of service provided by each program during the two preceding years.

2. Not less than twenty days before the date that a budget must be certified to the county auditor and not less than ten days before the date set for the hearing, the clerk shall make available a sufficient number of copies of the detailed budget to meet the requests of taxpayers and organizations, and have them available for distribution at the offices of the mayor and clerk and at the city library, if any, or have a copy posted at one of the three places designated by ordinance for posting notices if there is no library.

3. The council shall set a time and place for public hearing on the budget before the final certification date and shall publish notice of the hearing not less than ten nor more than twenty days before the hearing in a newspaper published at least once weekly and having general circulation in the city. However, if the city has a population of two hundred or less, publication may be made by posting in three public places in the city. A summary of the proposed budget shall be included in the notice. Proof of publication must be filed with the county auditor. The department of management shall prescribe the form for the public hearing notice for use by cities.

4. At the hearing, any resident or taxpayer of the city may present to the council objections to any part of the budget for the following fiscal year or arguments in favor of any part of the budget.

5. After the hearing, the council shall adopt by resolution a budget for at least the next fiscal year, and the clerk shall certify the necessary tax levy for the next fiscal year to the county auditor and the county board of supervisors. The tax levy certified may be less than but not more than the amount estimated in the proposed budget submitted at the final hearing, unless an additional

tax levy is approved at a city election. Two copies each of the detailed budget as adopted and of the tax certificate must be transmitted to the county auditor, who shall complete the certificates and transmit a copy of each to the department of management.

6. Taxes levied by a city whose budget is certified after March 15 shall be limited to the prior year's budget amount. However, this penalty may be waived by the director of the department of management if the city demonstrates that the March 15 deadline was missed because of circumstances beyond the control of the city.

A city budget as finally adopted for the following fiscal year becomes effective July 1 and constitutes the city appropriation for each program and purpose specified therein until amended as provided in this section. A city budget for the current fiscal year may be amended for any of the following purposes:

1. To permit the appropriation and expenditure of unexpended, unencumbered cash balances on hand at the end of the preceding fiscal year which had not been anticipated in the budget.

2. To permit the appropriation and expenditure of amounts anticipated to be available from sources other than property taxation, and which had not been anticipated in the budget.

3. To permit transfers from the debt service fund, the capital improvements reserve fund, the emergency fund, or other funds established by state law, to any other city fund, unless specifically prohibited by state law.

4. To permit transfers between programs within the general fund.

A budget amendment must be prepared and adopted in the same manner as the original budget, as provided in section 384.16, and is subject to

protest as provided in section 384.19, except that the committee may by rule provide that amendments of certain types or up to certain amounts may be made without public hearing and without being subject to protest. A city budget shall be amended by May 31 of the current fiscal year to allow time for a protest hearing to be held and a decision rendered before June 30. The amendment of a budget after May 31, which is properly appealed but without adequate time for hearing and decision before June 30 is void.

384.19 Written protest.

Within a period of ten days after the final date that a budget or amended budget may be certified to the county auditor, persons affected by the budget may file a written protest with the county auditor, specifying their objections to the budget or any part of it. A protest must be signed by qualified electors equal in number to one-fourth of one percent of the votes cast for governor in the last preceding general election in the city, but the number shall not be less than ten persons and the number need not be more than one hundred persons.

Upon the filing of any such protest, the county auditor shall immediately prepare a true and complete copy of the written protest, together with the budget to which the objections are made, and shall transmit the same forthwith to the state appeal board, and shall also send a copy of the protest to the council.

The state appeal board shall proceed to consider the protest in accordance with the same provisions that protests to budgets of municipalities are considered under chapter 24. The state appeal board shall certify its decision with respect to the protest to the county auditor and to the parties to the appeal as provided by rule, and the decision shall be final.

The county auditor shall make up the records in accordance with the decision and the levying board shall make its levy in accordance with the decision. Upon receipt of the decision the council shall correct its records accordingly, if necessary.

No sooner than thirty days following the discussion meeting shall the governing body hold a meeting at which it is proposed to take action to enter into the loan agreement.

(2) If at any time before the end of the thirty-day period after which a meeting may be held to

take action to enter into the loan agreement, a petition is filed with the clerk of the city in the manner provided by section 362.4, asking that the question of entering into the loan agreement be submitted to the registered voters of the city, the governing body shall either by resolution declare the proposal to enter into the loan agreement to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of entering into the loan agreement. Each paragraph of section 384.24, subsections 3 and 4 describes a separate category. Separate categories of essential corporate purposes and of general corporate purposes may be incorporated in a single notice of intention to institute proceedings for the issuance of bonds, or separate categories may be incorporated in separate notices, and after an opportunity has been provided for filing objections, or after a favorable election has been held, if required, the council may include in a single resolution and sell as a single issue of bonds, any number or combination of essential corporate purposes or general corporate purposes. A city may include underground gas, water, heating, sewer, or electrical connections to the street or property line for private property as a part of the public improvement, or a city may order the property owner to make, repair, or relocate such connections by publication of a notice once each week for two consecutive weeks in the manner provided by section 362.3, and if the order is not complied with at the end of thirty days after the date of the first publication, the city may cause

384.41 Petition by property owners.

1. Property owners may initiate a plan for a public improvement to be paid for in whole or in part by special assessments, by written contract to be approved by the city and signed by all of the owners of record of all property affected by the proposed assessment. If all owners of record of all the property to be affected by the public improvement petition the council, said owners may, in their petition, waive notice to property owners by publication and mailing, as provided in section 384.50, and the council may proceed to adopt a preliminary resolution, a plat, schedule and estimate, and resolution of necessity, and order preparation of detailed plans and specifications. Special assessments initiated without notice under this section are liens upon the property to be affected by the assessment, to the same extent as provided in section 384.65, subsection 5, except that they shall be subordinate to any perfected lien unless the holder of such perfected lien consents in writing to the initiation of the public improvement.

2. A petition may be filed subsequent to the initiation by the council of a plan for a public improvement, and if the petition is received prior to advertising for bids, the public improvement petitioned for may be added by amendment to the resolution of necessity. If the petition is received subsequent to advertising for bids and prior to the completion of the work under contract, the council may, in its discretion, approve the petition and contract with the contractor at a cost not to exceed the unit prices bid at public letting for the construction of the public improvements petitioned for by property owners.

3. This section does not limit the power of a city to initiate a public improvement project on its own motion.

4. Owners of commercial or industrial property may initiate a plan, under subsection 1 or 2, for the purchase of a traffic-control device, fixture, connection, or facility to be paid for in whole or in part by special assessments provided that the proposed assessments shall be made only against the commercial or industrial property owned by the petitioners.

Upon completion of the plat, the council shall determine the valuation of each lot within the proposed assessment district and shall report the valuations to the engineer, who shall show such valuations on the schedule before it is filed with the clerk. A valuation must be the present fair market value of the property with the proposed public improvement completed. As an aid in determining valuations, the council may appoint a committee of three persons skilled in the knowledge of real estate values within the city to appraise the present fair market value of each lot within a district and to file a written report of its appraisals with the council.

1. The resolution of necessity must include all of the following:

a. A brief description of the proposed public improvement.

b. A statement that there is on file in the office of the clerk an estimated total cost of the work, and a preliminary plat and schedule showing the amount proposed to be assessed to each lot for the improvement.

c. The date, time, and place the council will hear property owners subject to the assessment and interested parties for or against the improvement, its cost, the assessment, or the boundaries of the district.

2. A resolution of necessity may include:

a. Any number of streets or sewer lines for improvement.

b. All improvements which are included in the preliminary resolution.

c. A provision that unless a property owner files objections with the clerk at the time of hearing on the resolution of necessity, the property owner is deemed to have waived all objections pertaining to the regularity of the proceeding and the legality of using the special assessment procedure.

3. a. To replace curbing and gutters in cities with a population of less than ten thousand, the council may adopt a preliminary resolution as provided in subsection 1. The description of the curbing and gutters to be replaced shall be prepared under the council's supervision. The council may, by resolution, provide for the computation of the assessments on the basis of the original assessment or of the lineal footage of the curbing and gutters to be replaced. Public improvements initiated under this subsection shall in all other respects comply with this division.

b. For purposes of this subsection, "replace" means to substitute new curb and gutter at the same location where old curb and gutter is located

and being reconstructed due to deterioration or destruction. "Replace" does not include the reconstruction of curb and gutter to change the grade or reconstruction required because of a street widening project.

384.51 Adoption of resolution.

The council shall meet as specified in the published notice, and after hearing all objections and endorsements from property owners and other persons having an interest in the matter, and after considering all filed, written objections, may adopt or amend and adopt the proposed resolution of necessity, or may defer action until a subsequent meeting. A resolution of necessity requires for passage the vote of three-fourths of all the members of the council, or, in cities having but three members of the council, the vote of two members, and where a remonstrance has been filed with the clerk, signed by the owners subject to seventy-five percent of the amount of the proposed assessments for the entire public improvement included in the resolution of necessity, a resolution of necessity requires a unanimous vote of the council.

An amendment which extends the boundaries of a district, increases the amount to be assessed against a lot, or adds additional public improvements, is not effective until an amended plat, schedule, and estimate have been prepared and adopted, a notice published and mailed to all affected property owners, and hearing held in the same manner as the original proceedings, or until all affected property owners agree in writing to the change. The adoption of a resolution of necessity is a legislative determination that the improvement is expedient and proper and that property assessed will be specially benefited by the improvement and this determination of the council is conclusive. Ownership of property to be assessed by an improvement does not, except for fraud or bad faith, disqualify a council member from voting on any measure.

After adopting the resolution of necessity, the clerk shall certify to the county treasurer of each county in which the assessed property is located, a copy of the resolution of necessity, the plat, and the schedule of assessments. In counties in which taxes are collected in two or more places, the reso-

lution of necessity, the plat, and the schedule of assessments shall be certified to the office of county treasurer where the special assessments are collected. The county treasurer shall preserve the resolution, plat, and schedule as a part of the records of the office until the city certifies the final assessment schedule as provided in section 384.60 or certifies that the public improvement has been abandoned.

384.52 Detailed plans and specifications.

After adopting a resolution of necessity, the council may, by resolution, order the engineer to prepare and file with the clerk detailed plans and specifications, and order the engineer and city attorney, or any attorney designated by the council, to prepare and file with the clerk a notice to bidders and form of contract.

384.53 Procedures to let contract.

Contract letting procedures shall be as provided in division VI of this chapter. The council may award any number of contracts for construction of any public improvement.

384.54 Confirmation by decree.

At any time after final adoption of the resolution of necessity, but before awarding the contract, the council may proceed as follows:

1. To direct the city attorney to file, in the district court of the county in which the property proposed to be assessed is located, a petition praying that the acts done by the council relative to the proposed public improvement be confirmed by decree.

2. The following must be filed with the petition in the office of the clerk of the court:

- a. A copy of the resolution of necessity as adopted by the council.

- b. A copy of the proposed schedule of assessments as adopted by the council under sections 384.48 and 384.51, which schedule shows the max-

imum amount that the council proposes to assess against any lot.

c. Preliminary plans and specifications, or, if available, detailed plans and specifications as prepared by the engineer.

d. A copy of the proposed contract if prepared.

3. Notice of the filing of the petition must be given in the same manner as is provided for service of original notice by publication by the rules of civil procedure, except as follows:

a. No affidavit of inability to obtain personal service within the state of Iowa is required.

b. The original notice must name as defendants those property owners who, on the date of filing the petition, have an interest in the real property to be assessed as a part of the public improvement, and the original notice must state that a plat and schedule is on file in the office of the clerk of the district court where the action is pending. No property owner is an indispensable party to the action. Publication of plat and schedule as part of the original notice is not required, nor shall reference in the original notice to specific descriptions of affected real property or the amounts of proposed assessments be necessary.

4. The petition must be given precedence over any other business of the court, except criminal cases. The court shall set the petition for hearing within thirty days from the date of final publication of notice. As a part of its order, the court may provide for a pretrial conference to be held not earlier than twenty days from the date of final publication of notice and require the appearance at the pretrial conference of all interested parties. Failure to appear at the pretrial conference may be grounds for dismissing any objection.

5. If no person having an interest in property proposed to be assessed has entered an appearance or filed an answer within the time set for hearing on the petition, the court shall confirm the assessment, and order the clerk of court to certify its decree to the city clerk.

6. If any person having an interest in property proposed to be assessed has entered an appearance or filed an answer to the petition, the court shall hear the cause as an action triable in equity.

7. Upon the hearing the court may correct any irregularities or inequalities in valuations or in the schedule of assessments, and shall consider any objections because of alleged illegal procedure or fraud.

8. The court shall render a decision upon the hearing as soon as practical after the final submission of the cause.

9. The clerk of the court shall certify to the city clerk the final action of the court, within three days from the date of the final decree upon the petition, showing assessments as confirmed in the schedule of assessments.

10. An appeal from the decree of the district court must be taken as in other equity cases.

11. A contract may or may not be let, in the discretion of the council, until appeals are finally determined, but the appeals need not delay the letting and execution of a contract for the work, if the council concludes the appeals were not taken in good faith.

12. An appeal does not, in the discretion of the council, delay the certification of an assessment or progress of an improvement, but upon decision of the appeal the assessment appealed from must be corrected and collected in the same manner as provided in section 384.74.

13. Corrections of assessments or valuations made by order of the district court are conclusive and not subject to review on appeal, or otherwise, except as provided in subsections 10 to 12 of this section. When court confirmation is obtained there is no right of appeal under the provisions of section 384.66.

14. If no contract is entered into within ninety days from the date of confirmation by the district court or within a further time allowed by the court on subsequent application, and if no appeal is pending, the court shall cancel the assessment, upon application of the city attorney.

15. The cost of all court proceedings are a legitimate item of expense in connection with a public improvement, and may be included within the final assessment against any property specially benefited in the assessment district.

Whenever on a hearing by the court, the amount of any assessment is reduced or canceled so that there is a deficiency in the total amount remaining assessed in the proceeding, the court may assess the deficiency to the city or distribute the deficiency upon the other property abutting upon or adjacent to the improvement or in the district assessed, in a manner the court finds to be just and equitable, not exceeding, however, the amount the property would be specially benefited by the improvement, and not exceeding twenty-five percent of the value of the lot as shown by the plat and schedule of assessments or as reduced by the court.

The board shall report to the council the number of connections from water mains in streets to the curb

lines of the proposed improvement necessary to serve private property dependent upon those particular mains for water supply, and the numbers of the lots to be served by the connections, and the names of the owners. Notice must be given to property owners, at the same time and in the same manner as the notice provided in section 384.50, to install the necessary connections within thirty days after hearing. For the purposes of the hearing, property owners who are notified to install water connections, but whose property is not within the proposed assessment district, may appear as interested parties. If upon hearing, the council determines to proceed with the improvement, and any property owner fails to make connections as required, the board of waterworks trustees shall cause them to be made and certify the cost to the council to be assessed against the property and collected in the same manner as provided in section 384.40 for other underground connections.

384.56 State lands.

1. Cities may assess the cost of a public improvement which extends through, abuts upon, or is adjacent to lands owned by the state, and the executive council shall pay the assessable portion of the cost of the improvement through or along the lands as provided. The executive council shall pay assessments as provided in section 307.45.

2. When a state park or institutional road abutting on or adjacent to state lands on one side of the road is improved by paving, the state shall pay one-half the total assessed cost of the portion of the improvement abutting, or adjacent to state lands, lots, or portions thereof, but for any other type of improvement so constructed and located, the state shall pay, as provided in section 307.45, the portion of the cost which would be assessable against state lands if they were privately owned.

3. When any portion of the cost of a public improvement is to be paid by the state under this section, the clerk shall, at the time of publication of the notice required by section 384.50, mail a copy of the notice to the secretary of the executive council.

4. Cities in which state buildings are located shall permit sewers for such buildings to be constructed through or under the streets of the city, and connections to be made to the sewer system of the city under the same regulations as for sewer connections to private property.

5. Subsections 1 and 3 of this section do not apply to lands under the jurisdiction and control of the department of transportation.

384.57 Monthly payments.

The city may contract to pay not to exceed ninety-five percent of the engineer's estimated value of the acceptable work completed during the month to the contractor at the end of each month. Payment may be made in warrants drawn on any funds from which payment for the work may be made. If such funds are depleted, anticipatory warrants may be issued bearing a rate of interest not exceeding that permitted by chapter 74A, which do not constitute a violation of section 384.10, even if the collection of taxes or special assessments or income from the sale of bonds applicable to the public improvement is after the end of the fiscal year in which the warrants are issued. If the city arranges for the private sale of anticipatory warrants, they may be sold and the proceeds used to pay the contractor. Anticipatory warrants may also be used to pay other persons furnishing services constituting a part of the cost of the public improvement. The provisions of this section and section 384.58 shall not apply if the city has entered into a contract with the federal government or accepted a federal grant which is governed by federal laws or rules that are contrary to this section and section 384.58.

384.58 Inspection of work.

1. The engineer for the city shall inspect all work done under this division, and within fifteen days of final completion of the public improvement, the engineer shall file a certificate with the clerk stating:

a. That the engineer has inspected the completed work.

b. That the work has or has not been performed in compliance with the terms of the contract, and the particulars, if any, in which the work varies from the terms.

c. The total cost of the completed work.

2. Within fifteen days after the filing of the engineer's certificate, the council shall by resolution accept or reject the work.

3. Upon accepting the work, or within ten days thereafter, the council shall ascertain the total cost and by resolution determine the proportion or amount of the cost to be assessed against private property within the assessment district. If the council has elected to award more than one contract for the work, the council may elect to proceed separately with the acceptance and levy of assessments for the work done under each contract.

4. Upon accepting the work, the council shall order payment of any amount due the contractor, to be made by warrants issued in the manner pro-

vided by section 384.57 or by other means. The city shall order payment of any amount due the contractor to be made in accordance with the terms of the contract. Failure to make payment within seventy days after the work under the contract has been completed and if the work has been accepted and all required materials, certifications, and other documentations required to be submitted by the contractor and specified by the contract have been furnished the awarding city by the contractor, shall cause interest to accrue on the amount unpaid to the benefit of the unpaid party. Interest shall not accrue on funds retained by a city to satisfy the provisions of section 573.14 regarding claims on file. Interest shall accrue during the period commencing the thirty-first day following the completion of work and satisfaction of the other requirements of this subsection and ending on the date of payment. The rate of interest shall be determined, by the period of time during which interest accrues, and shall be the same as the rate of interest that is in effect under section 12C.6, as of the day interest begins to accrue, for a deposit of public funds for a comparable period of time. Nothing contained in this subsection shall abridge any of the rights set forth in section 573.16.

384.59 Assessment schedule.

Within thirty days after the council adopts a resolution fixing the amount to be assessed against private property, the engineer shall file with the clerk an assessment schedule showing:

1. A description and parcel number of each lot to be assessed.
2. The valuation of each lot as fixed by the council.
3. The amount to be assessed against each lot, which shall include the assessment for the default fund, if any, and the amount of deficiency, if any, which may be subsequently assessed against each lot under section 384.63.

384.60 Adoption of schedule.

1. Within ten days after filing of the assessment schedule, the council shall meet, consider, and adopt or amend and adopt, by resolution, the final assessment schedule. The resolution must:

- a. Confirm and levy assessments, including a conditional levy of the amount of deficiencies which may be subsequently assessed against each lot under section 384.63.
- b. State the number of annual installments, not exceeding fifteen, into which assessments of one hundred dollars or more are divided.
- c. Provide for interest on all unpaid installments at a rate not exceeding that permitted by chapter 74A.
- d. State the time when assessments are payable.

e. Direct the clerk to certify the final schedule to the treasurer of the county or counties in which the assessed property is located, and to publish notice of the schedule once each week for two consecutive weeks in the manner provided in section 362.3, the first publication of which shall be not more than fifteen days from the date of filing of the final schedule.

2. On or before the second publication of the notice, the clerk shall send by mail to each property owner whose property is subject to assessment for the improvement, as shown by the records in the office of the county auditor, a copy of the notice. The notice shall also include a statement in substance that assessments may be paid in full or in part without interest within thirty days after the date of the first notice of the final assessment schedule, and thereafter all unpaid special assessments bear interest at the rate specified by the council, but not exceeding that permitted by chapter 74A, computed to the December 1 next following the due dates of the respective installments as provided in section 384.65, subsection 3, and each installment will be delinquent from October 1 following its due date, including those instances when the last day of September is a Saturday or Sunday, and will draw additionally the same delinquent interest as ordinary taxes. The notice shall also state substantially that property owners may elect to pay any installment semiannually in advance. If a property is shown by the records to be in the name of more than one owner at the same mailing address, a single notice may be mailed to all owners at that address. Failure to receive a mailed notice is not a defense to the special assessment or interest due on the special assessment.

3. The county treasurer shall enter on the county system the amounts to be assessed against each lot within the assessment district, as certified.

384.61 Assessment of benefits.

The total cost of a public improvement, except for paving that portion of a street lying between railroad tracks and one foot outside of the tracks, or which is to be otherwise paid, must be assessed against all lots within the assessment district in accordance with the special benefits conferred upon the property, and not in excess of such benefits.

If an owner of property subject to special assessment divides the property into two or more lots, and if the plan of division is approved by the council, the owner may discharge the lien upon any of the lots by payment of the amount unpaid, calculated as determined by the council.

384.62 Limit.

A special assessment against a lot for a public improvement may not be in excess of the amount of the assessment, including the conditional deficiency assessment, as shown in the schedule confirmed by the court, or if court confirmation is not utilized, then on the original plat and schedule adopted by the council, and an assessment may not exceed twenty-five percent of the value of the lot as shown by the plat and schedule approved by the council or as reduced by the court.

Special assessments for the construction or repair of underground connections for private property for gas, water, sewers, or electricity may be assessed to each lot for the actual cost of each connection for that lot, and the twenty-five percent limitation does not apply. Such connections shall not be installed to service railway right of way without written agreement with the railway company owning or leasing the right of way.

A special assessment for a public improvement against a tract of land used and assessed as agri-

cultural property shall not become payable upon the filing of a request by the owner for deferment until that land is not used and assessed as agricultural property. At the time of the change in the use of the property, the special assessment shall become payable in the same manner as the special assessment would have become payable had it not been deferred by this section. This section shall not apply to a tract of land of less than one-quarter acre surrounding any dwelling or nonfarm structure on that tract nor shall it apply to a special assessment levied before July 3, 1978. This section shall not apply if the public improvement is a sewer, water, gas or electrical line to which the owner of the land makes a connection.

Payment of installments of special assessments for a public improvement against property used and assessed as agricultural property shall be deferred as follows:

1. The property owner who seeks deferment of an assessment shall file a written request for deferment with the city clerk at the time of the hearing on the resolution of necessity for the public improvement or within ten days following the date of the hearing and the request shall identify those lots subject to proposed assessments for which the property owner is seeking deferment which are used and assessed as agricultural property. The request may be withdrawn by the property owner at any time before or after the adoption of the resolution of necessity.

2. The city shall indicate those lots for which a deferment has been requested on the special assessment schedule.

3. After the assessments for the public improvement have been levied and the special assessment schedule has been filed with the county treasurer, the county treasurer shall indicate on the tax rolls those assessments subject to deferment under this section.

4. An owner of property subject to an assessment that may be deferred may file a statement at any time up to six months before the assessment installment is due stating that a written request for deferment of such assessments is filed with the city clerk and that the entire lot subject to such assessment has continued to be and is still used and assessed as agricultural property. The collection of that installment and any other unpaid portion of the assessment shall be deferred until the next July 1 and subsequent installments may thereafter be deferred in the same manner for successive years in which a statement is filed.

384.63 Insufficiency — certification to county treasurer — deficiency assessment.

1. If the special assessment which may be levied against a lot is insufficient to pay its proportion of the cost of the improvement, or if no special assessment may be levied against a lot, the deficiency shall be paid from the city fund or funds designated by the council.

2. The council shall, by resolution, provide that the deficiencies for the lots specially benefited by a public improvement shall be certified to the county treasurer, who shall record them in the county system as “special assessment deficiencies”, and to the appropriate city official charged with the responsibility of issuing building permits, who shall notify the council when a private improvement is subsequently constructed on any lot subject to a deficiency. Certification to the county treasurer shall include a legal description of each lot. The period of amortization for a public improvement for which there are deficiencies shall commence with the adoption of the resolution of necessity and extend for the same period for which installments of assessments for the project are made payable. Deficiencies may be assessed only during the period of amortization, which shall also be certified to the county treasurer and the city official charged with the responsibility of issuing building permits. Certification to the county treasurer shall include a legal description of each lot.

3. When a private improvement is constructed on a lot subject to a deficiency, during the period of amortization, the council shall, by resolution, assess a pro rata portion of the deficiency on that lot, in the same proportion to the total deficiency on that lot as the number of future installments of special assessments remaining to be paid is to the total number of installments of assessments for the project, subject to the twenty-five percent limitation of section 384.62. A deficiency assessment becomes a lien on the property and is payable in the same manner, and subject to the same interests as the other special assessments. The council shall direct the clerk to certify a deficiency assessment to the county treasurer, and to send a notice of the deficiency assessment by mail to each owner, as provided in section 384.60, subsection 5, but publication of the notice is not required.

4. An owner may appeal from the amount of the assessment within thirty days of the date notice is mailed. County officials shall collect a deficiency assessment, commencing in the year following the assessment, in the manner provided for the collection of other special assessments. Upon collection, the county treasurer shall make the appropriate credit entries in the county system, and shall credit the amounts collected as provided for other special assessments on the same public improvement, or to the city, to the extent that the deficiency has been previously paid from other city funds.

384.64 Assessment to railway company.

The right of way of a railway company is subject to special assessments for public improvements, and such assessments constitute a debt due the city which is a paramount lien upon the track of the railway company owning or leasing the right of way within the limits of the city. The property of a railway to which a lien for unpaid special assessment has attached may not be released from the lien until the whole assessment is paid.

384.65 Installments due.

1. The first installment of each assessment, or the total amount if less than one hundred dollars, is due and payable on July 1 next succeeding the date of the levy, unless the assessment is filed with the county treasurer after May 31 in any year. The first installment shall bear interest on the whole unpaid assessment from the date of acceptance of the work by the council to the first day of December following the due date.

2. The succeeding annual installments, with interest on the whole unpaid amount, to the first day of December following the due date, are respectively due on July 1 annually, and must be paid at the same time and in the same manner as the September semiannual payment of ordinary taxes.

3. All future installments of an assessment may be paid on any date by payment of the then outstanding balance, plus interest to the next December 1, or additional annual installments may be paid after the current installment has been paid before December 1 without interest. A payment must be for the full amount of the next installment. If installments remain to be paid, the next annual installment with interest added to December 1 will be due as provided in subsection 2.

4. Each installment of an assessment with interest on the unpaid balance is delinquent from October 1 after its due date, including those instances when the last day of September is a Saturday or Sunday, and bears the same delinquent interest as ordinary taxes. When collected, the interest must be credited to the same fund as the special assessment.

5. From the date of filing of a certified copy of the resolution of necessity, the plat, and the sched-

ule of assessments as provided in section 384.51, all special assessments with all interest become and remain a lien on the benefited properties until paid, and have equal precedence with ordinary taxes, and are not divested by any judicial sale.

6. After December 1, if a special assessment is not delinquent, a property owner may pay one-half or all of the next annual installment of principal and interest of a special assessment prior to the delinquency date of the installment. When the next installment has been paid in full, successive principal installments may be prepaid. The county treasurer shall accept the payments of the special assessment, and shall credit the next annual installment or future installments of the special assessment to the extent of the payment or payments, and shall remit the payments to the city. If a property owner elects to pay one or more principal installments in advance, the pay schedule shall be advanced by the number of principal installments prepaid.

7. Each installment of an assessment shall be equal to the amount of the unpaid assessment as computed on the thirty-first day after the certification of the assessment divided by the number of annual installments into which the assessment may be divided as adopted by the council pursuant to section 384.60.

8. Each installment of a special assessment shall be calculated to the nearest whole dollar. Interest on unpaid installments and interest added for delinquencies shall also be calculated to the nearest whole dollar. The minimum interest amount is one dollar.

384.66 Test of regularity.

1. A person having an interest in property subject to special assessment may, within twenty days after the adoption of a resolution of necessity, test the regularity of the proceedings or legality of the assessment procedure by a petition in equity filed in the district court of the county where the property is located. A petition does not stay further proceedings on the improvement by the council, unless there is also filed a bond in an amount and with security approved by the court.

2. A person having an interest in any property specially assessed may appeal from the amount of

the assessment, at any stage of the special assessment procedure up to twenty days after the final publication of notice of filing of the final assessment schedule, by petition to the district court of the county where the property is located but such appeal is only to the amount of that assessment and does not stay further proceedings by the council on the improvement. No action shall be brought appealing the amount of any special assessment from and after twenty days after said final publication.

3. A person having an interest in property subject to special assessment has a right of appeal to the district court on the ground of fraud.

4. No action may be brought questioning the regularity of the proceedings pertaining to special assessments or the validity of any special assessment levied for any public improvement under this part, from and after sixty days after the final publication of notice of filing the final assessment schedule.

384.67 Payment to county treasurer.

Assessments levied and certified under the provisions of this division, including installments and interest, are payable at the office of the county treasurer of the county where the property assessed is located, except that assessments may be paid in full or in part and without interest within thirty days after the date of certification, at the office of the county treasurer, if the property being assessed is located in an unincorporated area, or the city clerk, if the property being assessed is located in an incorporated area except when the city council specifically provides payment to be made in the office of the county treasurer.

384.68 Bonds issued.

1. After certification of the final assessment schedule, the city may, by resolution, authorize and issue bonds in anticipation of the collection of unpaid special assessments. However, the total principal amount of bonds issued for a public improvement may not exceed the total amount of unpaid special assessments less the proportionate unpaid amount assessed for the default fund.

2. All special assessment bonds are negotiable, must state on their face that they are issued under the provisions of this division, and are payable as to both principal and interest from the proceeds of the special assessments levied for the public improvement. Such bonds may bear interest at

a rate not exceeding that permitted by chapter 74A payable annually or semiannually, must mature serially on December 1 of the years in which any of the principal is scheduled to become due, and may contain a provision that the city reserves the right and option of calling and redeeming any or all of the bonds prior to maturity on any interest payment date or within forty-five days thereafter upon the terms specified therein. Such bonds must be called "improvement bonds", must designate the general type of improvement or improvements for which issued, and may be issued in any denomination, not exceeding ten thousand dollars. Bonds issued for a public improvement authorized in section 384.38, subsection 2, must be named in a way to distinguish them from other improvement bonds of the city, and to designate the property specially assessed for the improvement. Improvement bonds issued for any one levy must bear the same date and be divided into as many series as there are years in which installments of the special assessment mature, and each series must be as nearly equal in amount as practicable.

3. The proceeds of the special assessments and interest collected thereon must be used and applied by the city to the payment of the interest on the bonds and to the retirement of the principal as rapidly as proceeds are collected. Such bonds and coupons do not make the city liable in any way, except for the proper application of special assessments. If interest becomes due on any of the bonds when there is no fund or funds from which to pay it, the council may make a temporary loan for payment of the interest, which loan must be repaid from the special assessments and interest pledged to secure the bonds, but in case of purchase by the city at tax sale of the property on which a special assessment is levied, the loan must be repaid from the funds of the city from which deficiencies on the improvement were paid, or if there were no deficiencies, from the general fund.

4. Special assessment bonds must be sold at public or private sale in the manner provided by chapter 75, and may not be sold for less than par value with accrued interest from date to the time of delivery, or if no bids are received at public sale, bonds bearing the same rate of interest as the special assessment may be delivered to the contractor in payment of the cost of the public improvement. The proceeds of the sale must be applied to the payment of the cost of the public improvement.

5. Any excess of proceeds from special assessments remaining after all of the bonds for a particular improvement have been paid with interest may be credited to the fund from which deficiencies for the improvement could have been paid. However, any excess in a default fund established for a public improvement authorized in section 384.38, subsection 2, shall be held by the city in a special fund to guarantee other improvement bonds which may be issued by the city for public improvements authorized under that section.

6. Cities may issue refunding bonds to pay off and take up special assessment bonds issued in payment for public improvements, or to refund any part thereof, as follows:

a. Refunding bonds must substantially conform to the provisions of this division, and the face value is limited to the amount of the unpaid special assessments with the interest thereon of the particular issue of bonds to be refunded.

b. Refunding bonds or their proceeds may be used only to pay improvement bonds taken up.

c. The expense of refunding bonds must be paid out of the funds of the city from which the cost of similar improvements might lawfully be paid.

d. When refunding bonds are issued to pay improvement bonds, all special assessments and sinking funds applicable to the payment of the improvement bonds previously issued must be applied in the same manner and to the same extent to the payment of the refunding bonds, and all the powers and duties to levy and to carry special assessments and taxes, to create liens upon property, and to establish sinking funds in respect to the bonds previously issued continue until refunding bonds are paid.

e. The city shall collect the special assessment out of which the refunding bonds are payable and hold the proceeds in trust for the payment of the refunding bonds, but it is not liable except for the proper application of the assessments.

7. No action shall be brought questioning the legality of the bonds authorized by this section from and after sixty days from the date the bonds are ordered issued by the city.

384.69 Property sold at tax sale.

Property against which a special assessment has been levied for public improvements may be sold for any sum of principal or interest due and delinquent, at any regular or adjourned tax sale in the same manner with the same forfeitures, interest, right of redemption, certificates, and deeds, as for the nonpayment of ordinary taxes. The purchaser at a tax sale, other than the county, takes the property charged with the lien of the remain-

ing unpaid installments and interest. When bonds have been issued in anticipation of special assessments and interest for which property is to be sold, the city may be a purchaser and is entitled to all rights of purchasers at tax sales. The proceeds subsequently realized from sales of property so purchased by the city must be credited to the funds of the city from which deficiencies on the improvement were paid, or if there were no deficiencies, to the general fund.

384.72 Reassessment and relevy.

When by reason of nonconformity to any law or resolution, or by reason of any omission, informality, or irregularity, any special tax or assessment levied is determined by the council to be invalid or is adjudged illegal, the council may correct the levy by resolution, and may reassess and relevy with the same force and effect as if done at the proper time and in the manner provided by law or by the resolution.

384.74 Correction of errors.

When, in making a special assessment, any property is assessed too little or too much, the assessment may be corrected and a reassessment and relevy made in conformity with the correction, and a tax collected in excess of the proper amount must be refunded to the person paying it. Corrected assessments are a lien on the lots the same as the original assessments, must be certified by the clerk to the county treasurer in the same manner, and must so far as practicable, be collected in the same installments, draw interest at the same rate, and be enforced in the same manner as the original assessment.

However, if the city does not certify the assessments within six months of final publication as required by division IV of this chapter, all such assessments shall be null, void, and of no effect. Any bonds issued with such void assessments as security shall be paid by the city as they become due out of its debt service as provided in section 384.4.

384.75 Special provisions.

Any provision of law, resolution, or ordinance specifying a time when or the order in which acts must be done in a proceeding which may result in a special assessment, is subject to the qualifications of sections 384.72 to 384.74.

A city may combine any one or more of the procedural acts required by this division and call for bids for construction of a public improvement and comply with legal requirements respecting public contracts so as to permit the council to receive and consider proposals at the time of hearing on the resolution of necessity.

384.76 Application to joint undertakings.

The provisions of this division apply to any public improvement undertaken jointly by the city and another city or by the city and the state or any other political subdivision of the state, and a city may enter into an agreement for such purpose under the provisions of chapter 28E and may assess and pay its portion of the cost of a public improvement as provided in this division, but any requirement of this part in respect to approval of detailed plans and specifications, calling for construction bids, awarding construction contracts and acceptance of the completed improvement may be carried out by each city with other cities, the state or any other political subdivision of the state, as provided in an agreement entered into as permitted by chapter 28E. However, an agreement between the city and the state department of transportation is also governed by the provisions of sections 313.21 to 313.23.

384.77 Assessments along railways.

In the making of assessments for paving streets, avenues or public places along or upon which a track of a railway or street railway company is located, the engineer shall make an estimate of the cost of building the improvement, and an estimate of the cost of the improvement if tracks were not there. The railway or street railway company may be charged with the difference between the two estimates of cost, and shall make payment in the same manner as other special assessments are paid. This section applies only to track within the limits of the improvement proper and shall not be construed as exempting a railway or street railway company from a special assessment on other property, adjacent or abutting, within the assessment district and owned by the company, nor does this section relieve a company from any of its duties and liabilities set forth in any other law con-

cerning repair or construction of the strip of paving between the rails and one foot outside.

384.78 Prior proceedings.

Projects and proceedings for the levy of special assessments and the issuance of special assessment bonds commenced before the effective date of the city code may be hereafter consummated and completed and special assessments levied and special assessment bonds issued as required or permitted by any statute or other law amended or repealed by 64GA, chapter 1088, as though such repeal or amendment had not occurred, and the rights, duties, and interests flowing from such projects and proceedings remain valid and enforceable. Without limiting the foregoing, projects commenced prior to said effective date may be financed by the issuance of special assessment bonds and other bonds under any such amended or repealed law or by the issuance of special assessment bonds, or other bonds under the city code. For the purposes of this section, commencement of a project includes but is not limited to action taken by the council or authorized officer to fix a date for a hearing in connection with any part of a public improvement, and commencement of proceedings for the levy of special assessments and the issuance of special assessment bonds includes but is not limited to action taken by the council to fix a date for a hearing in connection with any public improvement proposed to be financed in whole or in part through special assessments.

384.79 Conflicting provisions.

The enumeration in this division of special powers and functions is not a limitation of the powers of cities, but the provisions of this division and the procedures prescribed for exercising the powers and functions enumerated in this division control and govern in the event of any conflict with the provisions of any other section, division or chapter of the city code or with the provisions of any other law.

94 Acts, ch 1056, §1

384.81 Provisions of city code exclusive — combined utility or enterprise.

1. A city which proposes to establish, own, acquire by purchase, condemnation, or otherwise, lease, sell, construct, reconstruct, extend, remodel, improve, repair, equip, maintain and operate within or without its corporate limits a city utility, combined utility system, city enterprise, or combined city enterprise must do so in accordance with the provisions of the city code.

2. If all of the utilities involved in the establishment of a combined utility system are, at the time of establishment, controlled and managed by the same utility board, such utility board shall continue as the governing body of the combined utility system; otherwise the city council is the governing body of a combined utility system, but a utility board for a combined utility system may be established as provided in chapter 388. If a combined utility system or combined city enterprise is dissolved, each city utility or city enterprise shall continue in existence as a separate city utility or city enterprise unless the voters additionally authorize the abandonment thereof. The governing body of a combined utility system which is dissolved shall continue as the governing body of each city utility which was a part of the combined utility system unless changed as provided in chapter 388. The adding of an additional city utility to an existing combined utility system is the establishment of a new combined utility system and must be approved by the voters of the city as provided in chapter 388, but the governing body of the existing combined utility system shall continue as the governing body of the new combined utility system.

3. A combined utility system or combined city enterprise may be established, but if there are obligations outstanding which by their terms are payable from the revenues of any city utility or city enterprise involved, all such outstanding obligations must be assumed by the governing body of the combined utility system or combined city enterprise subject to all terms established at the time of the original issue, or refunded through the issuance of revenue bonds of the combined utility system or combined city enterprise as a part of the procedure for the establishment of the combined utility system or combined city enterprise, or funds sufficient to pay the principal of and all interest and premium, if any, on such outstanding obligations at and prior to maturity must have been properly set aside and pledged for that purpose. Any revenues earmarked for payment of the obligations must be handled by the governing body of the combined utility or combined city enterprise in the same manner as they were handled by the governing body of the city utility or city enterprise involved. A city utility or city enterprise may not be abandoned and a combined utility sys-

tem or combined city enterprise may not be dissolved so long as there are obligations outstanding which by their terms are payable from the revenues of the city utility, combined utility system, city enterprise, or combined city enterprise unless funds sufficient to pay the principal of and all interest and premium, if any, on such outstanding obligations at and prior to maturity have been properly set aside and pledged for such purpose.

384.82 Authority — revenue bonds — pledge orders.

1. A city may carry out projects, borrow money, and issue revenue bonds and pledge orders to pay all or part of the cost of projects, such revenue bonds and pledge orders to be payable solely and only out of the net revenues of the city utility, combined utility system, city enterprise, or combined city enterprise involved in the project. The cost of a project includes the construction contracts, interest upon the revenue bonds and pledge orders during the period or estimated period of construction and for twelve months thereafter, or for twelve months after the acquisition date, such reserve funds as the governing body may deem advisable in connection with the project and the issuance of revenue bonds and pledge orders, and the costs of engineering, architectural, technical and legal services, preliminary reports, surveys, property valuations, estimates, plans, specifications, notices, acquisition of real and personal property, consequential damages or costs, easements, rights of way, supervision, inspection, testing, publications, printing and sale of bonds and provisions for contingencies. A city may sell revenue bonds or pledge orders at public or private sale in the manner prescribed by chapter 75 and may deliver revenue bonds and pledge orders to the contractors, sellers, and other persons furnishing materials and services constituting a part of the cost of the project in payment therefor.

A city may deliver its revenue bonds to the federal government or any agency thereof which has loaned the city money for sanitary or solid waste projects, water projects or other projects for which the government has a loan program.

2. A city may issue revenue bonds or pledge orders to refund revenue bonds, pledge orders, and other obligations which are by their terms payable from the net revenues of the same city utility, combined utility system, city enterprise, or combined city enterprise, or from a city utility comprising a part of the combined utility system or a city enterprise comprising a part of the combined city enterprise, at lower, the same, or higher rates of interest. Upon a finding of necessity by the governing body, a city may issue revenue bonds or pledge or-

ders to refund general obligation bonds to the extent the general obligation bonds were issued or the proceeds of them were expended for a city utility, city enterprise, or a portion of a combined city utility or city enterprise. These revenue bonds or pledge orders may be issued at lower, the same, or at higher rates of interest than the rates of the general obligation bonds being refunded. A city may sell refunding revenue bonds or pledge orders at public or private sale in the manner prescribed by chapter 75 and apply the proceeds to the payment of the obligations being refunded, and may exchange refunding revenue bonds or pledge orders in payment and discharge of the obligations being refunded. The principal amount of refunding revenue bonds or pledge orders may exceed the principal amount of the obligations being refunded to the extent necessary to pay a premium due on the call of the obligations being refunded, to fund interest accrued and to accrue on the obligations being refunded, to pay the costs of issuance of the refunding revenue bonds or pledge orders, and to fund such reserve funds as the governing body may deem advisable in connection with the issuance of the refunding revenue bonds or pledge orders.

384.83 Procedures for revenue bonds and pledge orders.

1. A city may issue revenue bonds pursuant to a resolution of the governing body of the city utility, combined utility system, city enterprise, or combined city enterprise, adopted at a regular or special meeting by a majority of the total number of members to which the governing body is entitled.

2. *a.* Before the governing body institutes proceedings for the issuance of revenue bonds, it shall fix a time and place of meeting at which it proposes to take action and give notice by publication in the manner directed in section 362.3. The notice must include a statement of the time and place of the meeting, the maximum amount of the proposed revenue bonds, the purpose or purposes for which the revenue bonds will be issued, and the city utility, combined utility system, city enterprise, or combined city enterprise whose net revenues will be used to pay the revenue bonds and interest on them. The governing body shall at the meeting receive oral or written objections from any resident or property owner of the city. After all objections have been received and considered, the governing body may, at the meeting or any adjournment of

the meeting, take additional action for the issuance of the bonds or abandon the proposal to issue bonds. Any resident or property owner of the city may appeal a decision of the governing body to take additional action to the district court of the county in which any part of the city is located within fifteen days after the additional action is taken, but the additional action of the governing body is final and conclusive unless the court finds that the governing body exceeded its authority. The provisions of this subsection with respect to notice, hearing, and appeal in connection with the issuance of revenue bonds are in lieu of those contained in chapter 73A or any other law.

b. Separate purposes may be incorporated in a single notice of intention to institute proceedings or separate purposes may be incorporated in separate notices and, after an opportunity for filing objections, the governing body may include in a single issue of revenue bonds any number or combination of purposes.

3. Revenue bonds may bear dates, bear interest at rates not exceeding that permitted by chapter 74A, mature in one or more installments, be in either coupon or registered form, carry registration and conversion privileges, be payable as to principal and interest at times and places, be subject to terms of redemption prior to maturity with or without premium, and be in one or more denominations, all as provided by the resolution of the governing body authorizing their issuance. The resolution may also prescribe additional provisions, terms, conditions, and covenants which the governing body deems advisable, consistent with the provisions of the city code, including provisions for creating and maintaining reserve funds, the issuance of additional revenue bonds ranking on a parity with such revenue bonds and additional revenue bonds junior and subordinate to such revenue bonds, and that such revenue bonds shall rank on a parity with or be junior and subordinate to any revenue bonds which may be then outstanding. Revenue bonds are a contract between the city and holders and the resolution is a part of the contract.

4. If the governing body is a city council, the revenue bonds must be executed by the mayor and clerk of the city. If the governing body is a utility board, the revenue bonds must be executed by the chairperson and secretary of the board. If coupons are attached to the revenue bonds, they must be executed with the original or facsimile signature of the clerk or secretary. A revenue bond is valid and binding for all purposes if it bears the signatures of the officers in office on the date of the execution of the bonds notwithstanding that any or all persons whose signatures appear thereon have ceased to be such officers prior to the delivery thereof. The issuance of revenue bonds must be recorded in the office of the city treasurer or other financial officer designated by the council, and a certificate of the recording by the treasurer or oth-

er officer must be printed on the back of each revenue bond.

5. Revenue bonds and pledge orders issued pursuant to this division are negotiable instruments.

6. A city may issue pledge orders pursuant to a resolution of the governing body of the city utility, combined utility system, city enterprise, or combined city enterprise, adopted by a majority of the total number of members to which the governing body is entitled, at a regular or special meeting, ordering their issuance and delivery in payment for all or part of the cost of a project. Pledge orders may bear interest at rates not exceeding that permitted by chapter 74A.

7. The physical properties of a city utility, combined utility system, city enterprise, or combined city enterprise may not be pledged or mortgaged to secure the payment of revenue bonds or pledge orders or the interest thereon.

384.84 Rates and charges — billing and collection — contracts.

1. The governing body of a city utility, combined utility system, city enterprise, or combined city enterprise may establish, impose, adjust, and provide for the collection of rates and charges to produce gross revenues at least sufficient to pay the expenses of operation and maintenance of the city utility, combined utility system, city enterprise, or combined city enterprise. When revenue bonds or pledge orders are issued and outstanding pursuant to this division, the governing body shall establish, impose, adjust, and provide for the collection of rates to produce gross revenues at least sufficient to pay the expenses of operation and maintenance of the city utility, combined utility system, city enterprise, or combined city enterprise, and to leave a balance of net revenues sufficient to pay the principal of and interest on the revenue bonds and pledge orders as they become due and to maintain a reasonable reserve for the payment of principal and interest, and a sufficient portion of net revenues must be pledged for that purpose. Rates must be established by ordinance of the council or by resolution of the trustees, published in the same manner as an ordinance.

2. a. A city utility or enterprise service to a property or premises, including services of sewer systems, storm water drainage systems, sewage treatment, solid waste collection, water, solid waste disposal, or any of these services, may be discontinued if the account for the service becomes delinquent. Gas or electric service provided by a city utility or enterprise shall be discontinued only as provided by section 476.20, and discontinuance

of those services are subject to rules adopted by the utilities board of the department of commerce.

b. If more than one city utility or enterprise service is billed to a property or premises as a combined service account, all of the services may be discontinued if the account becomes delinquent.

c. A city utility or enterprise service to a property or premises shall not be discontinued unless prior written notice is sent to the account holder by ordinary mail, informing the account holder of the nature of the delinquency and affording the account holder the opportunity for a hearing prior to discontinuance of service. If the account holder is a tenant, and if the owner or landlord of the property has made a written request for notice, the notice shall also be given to the owner or landlord.

d. If a delinquent amount is owed by an account holder for a utility service associated with a prior property or premises, a city utility, city enterprise, or combined city enterprise may withhold service from the same account holder at any new property or premises until such time as the account holder pays the delinquent amount owing on the account associated with the prior property or premises.

3. *a.* Except as provided in paragraph “*d*”, all rates or charges for the services of sewer systems, storm water drainage systems, sewage treatment, solid waste collection, water, solid waste disposal, or any of these services, if not paid as provided by ordinance of the council or resolution of the trustees, are a lien upon the property or premises served by any of these services upon certification to the county treasurer that the rates or charges are due.

b. This lien may be imposed upon a property or premises even if a city utility or enterprise service to the property or premises has been or may be discontinued as provided in this section.

c. A lien for a city utility or enterprise service under paragraph “*a*” shall not be certified to the county treasurer for collection unless prior written notice of intent to certify a lien is given to the account holder of the delinquent account at least thirty days prior to certification. If the account holder is a tenant, and if the owner or landlord of the property has made a written request for notice, the notice shall also be given to the owner or landlord. The notice shall be sent to the appropriate persons by ordinary mail not less than thirty days prior to certification of the lien to the county treasurer.

d. Residential rental property where a charge for water service is separately metered and paid directly to the city utility or enterprise by the tenant is exempt from a lien for delinquent rates or charges associated with such water service if the landlord gives written notice to the city utility or enterprise that the property is residential rental property and that the tenant is liable for the rates or charges. A city utility or enterprise may require a deposit not exceeding the usual cost of ninety

days of water service to be paid to the utility or enterprise. Upon receipt, the utility or enterprise shall acknowledge the notice and deposit. A written notice shall contain the name of the tenant responsible for charges, address of the residential rental property that the tenant is to occupy, and the date that the occupancy begins. A change in tenant shall require a new written notice to be given to the city utility or enterprise within ten business days of the change in tenant. When the tenant moves from the rental property, the city utility or enterprise shall return the deposit if the water service charges are paid in full. A change in the ownership of the residential rental property shall require written notice of such change to be given to the city utility or enterprise within ten business days of the completion of the change of ownership. The lien exemption for rental property does not apply to charges for repairs to a water service if the repair charges become delinquent.

4. A lien shall not be imposed pursuant to this section for a delinquent charge of less than five dollars. The governing body of the city utility or enterprise may charge up to five dollars, and the county treasurer may charge up to five dollars, as an administrative expense of certifying and filing this lien, which amounts shall be added to the amount of the lien to be collected at the time of payment of the assessment from the payor. Administrative expenses collected by the county treasurer on behalf of the city utility or enterprise shall be paid to the governing body of the city utility or enterprise, and those collected by the county treasurer on behalf of the county shall be credited to the county general fund. The lien has equal precedence with ordinary taxes, may be certified to the county treasurer and collected in the same manner as taxes, and is not divested by a judicial sale.

5. A governing body may declare all or a certain portion of a city as a storm water drainage system district for the purpose of establishing, imposing, adjusting, and providing for the collection of rates as provided in this section. The ordinance provisions for collection of rates of a storm water drainage system may prescribe a formula for determination of the rates which may include criteria and standards by which benefits have been previously determined for special assessments for storm water public improvement projects under this chapter.

6. *a.* The governing body of a city utility, combined utility system, city enterprise, or combined city enterprise may:

(1) By ordinance of the council or by resolution of the trustees published in the same manner as an ordinance, establish, impose, adjust, and provide for the collection of charges for connection to a city utility or combined utility system.

(2) Contract for the use of or services provided by a city utility, combined utility system, city en-

terprise, or combined city enterprise with persons whose type or quantity of use or service is unusual.

(3) Lease for a period not to exceed fifteen years all or part of a city enterprise or combined city enterprise, if the lease will not reduce the net revenues to be produced by the city enterprise or combined city enterprise.

(4) Contract for a period not to exceed forty years with other governmental bodies for the use of or the services provided by the city utility, combined utility system, city enterprise, or combined city enterprise on a wholesale basis.

(5) Contract for a period not to exceed forty years with persons and other governmental bodies for the purchase or sale of water, gas, or electric power and energy on a wholesale basis.

b. Two or more city utilities, combined utility systems, city enterprises, or combined city enterprises, including city utilities established pursuant to chapter 388, may contract pursuant to chapter 28E for joint billing or collection, or both, of combined service accounts for utility or enterprise services, or both. The contracts may provide for the discontinuance of one or more of the city utility or enterprise services if a delinquency occurs in the payment of any charges billed under a combined service account.

c. One or more city utilities or combined utility systems, including city utilities established pursuant to chapter 388, may contract pursuant to chapter 28E with one or more sanitary districts established pursuant to chapter 358 for joint billing or collection, or both, of combined service accounts from utility services and sanitary district services. The contracts may provide for the discontinuance of one or more of the city water utility services or sanitary district services if a delinquency occurs in the payment of any charges billed under a combined service account.

7. The portion of cost attributable to the agreement or arbitration awarded under section 357A.21 may be apportioned in whole or in part among water customers within an annexed area.

8. For the purposes of this section, "premises" includes a mobile home, modular home, or manufactured home as defined in section 435.1, when the mobile home, modular home, or manufactured home is taxed as real estate.

1. The governing body of a city may institute proceedings to issue revenue bonds for storm water drainage construction projects under section 384.84, subsection 5, by causing notice of the proposed project, with a description of the proposed project and a description of the formula for the determination of the rate or rates applied to users for payment of the bonds, and a description of the bonds and maximum rate of interest and the right to petition for an election if the project meets the requirement of subsection 2, to be published at least once in a newspaper of general circulation within the city at least thirty days before the meeting at which the governing body proposes to take action to institute proceedings for issuance of revenue bonds for the storm water drainage construction project.

2. If, before the date fixed for taking action to authorize the issuance of revenue bonds for the storm water drainage construction project, a petition signed by three percent of the registered voters of the city, asking that the question of issuing revenue bonds for the storm water drainage construction project be submitted to the registered voters of the city, the council, by resolution, shall declare the project abandoned or shall direct the county commissioner of elections to call a special election upon the question of issuing the bonds for the storm water drainage construction project if the cost of the project and population of the city meet one of the following criteria:

a. The project cost is seven hundred fifty thousand dollars or more in a city having a population of five thousand or less.

b. The project cost is one million five hundred thousand dollars or more in a city having a population of more than five thousand but not more than seventy-five thousand.

[C75, 77, 79, 81, §384.90]

[C75, 77, 79, 81, §384.91]

384.92 Statute of limitation.

[C97, §913; C24, 27, 31, 35, 39, §6264; C46, 50, 54, 58, 62, 66, 71, 73, §408.15; C75, 77, 79, 81, §384.92]

384.93 Conflicting provisions.

The enumeration in this division of specified powers and functions is not a limitation of the powers of cities, but the provisions of this division and the procedures prescribed for exercising the powers and functions enumerated in this division control and govern in the event of any conflict with the provisions of any other section, division or chapter of the city code or with the provisions of any other law.

[C75, 77, 79, 81, §384.93]

The notice to bidders may provide that bids will be received for the furnishing of all labor and materials and furnishing or installing equipment under one contract, or for parts thereof in separate sections.

On public improvements to be financed wholly or partially by special assessments against benefited property, the governing body, in the notice to bidders, may request aggregate bids for all projects included in any resolution of necessity, notwithstanding variations in the sizes of the improvements and notwithstanding that some parts of the improvements are assessable and some non-assessable, and may award the contract to the lowest responsible bidder submitting the lowest aggregate bid.

The contract for the public improvement must be awarded to the lowest responsible bidder, provided, however, that contracts relating to public utilities or extensions or improvements thereof, as described in division V of this chapter, may be awarded by the governing body as it deems to be in the best interests of the city. This section shall not be construed to prohibit a city in the award of a contract for a public improvement or a governing body of a city utility from providing, in the award of a contract for a public improvement, an enhancement of payments upon early completion of the public improvement if the availability of the enhancement payments is included in the notice to bidders, the enhancement payments are competitively neutral to potential bidders, the enhancement payments are considered as a separate item in the public hearing on the award of contract, and the total value of the enhancement payments does not exceed ten percent of the value of the contract.

The governing body shall open, announce the amount of the bids, and file all proposals received, at the time and place specified in the notice to bidders. The governing body may, by resolution, award the contract for the public improvement to the bidder submitting the best bid, determined as provided in section 384.99, or it may reject all bids received, fix a new date for receiving bids, and order publication of a new notice to bidders. The bid security furnished by the successful bidder must be retained by the governing body until the approved contract form has been executed, and a bond filed by the bidder guaranteeing the performance of the contract, and the contract and bond, have been approved by the governing body. The provisions of chapter 573, where applicable, apply to contracts awarded under this division.

The checks or bidder's bonds of the unsuccessful bidder must be promptly returned to the bidders by the governing body as soon as the successful bidder is determined or within thirty days whichever is sooner.

384.101 Delegation of authority.

When the estimated total cost of a public improvement exceeds the sum of twenty-five thousand dollars, the governing body shall not enter into a contract for the improvement until it has held a public hearing on the proposed plans, specifications, and form of contract, and estimated cost for the improvement. Notice of the hearing must be published as provided in section 362.3. At the hearing any interested person may appear and file objections to the proposed plans, specifications, contract, or estimated cost of the improvement. 1. A governing body may authorize, sell, issue, and deliver its bonds whether or not notice and hearing on the plans, specifications, form of contract, and estimated cost for the public improvement to be paid for in whole or in part from the proceeds of said bonds has been given, and whether or not a contract has been awarded for the construction of the improvement. This subsection does not apply to bonds which are payable solely from special assessment levies against benefited property.

2. When emergency repair of a public improvement is necessary and the delay of advertising and

a public letting might cause serious loss or injury to the city, the governing body shall, by resolution, make a finding of the necessity to institute emergency proceedings under this section, and shall procure a certificate from a competent registered professional engineer or architect, not in the regular employ of the city, certifying that emergency repairs are necessary.

In that event the governing body may contract for emergency repairs without holding a public hearing and advertising for bids, and the provisions of sections 384.96 to 384.102, do not apply.

386.2 Authorization.

A city which proposes to create a district, to provide for its existence and operation, to provide for improvements or self-liquidating improvements for the district, to authorize and issue bonds for the purposes of the district, and to levy the taxes authorized by this chapter must do so in accordance with the provisions of this chapter.

[C77, 79, 81, §386.2]

386.3 Establishment of district.

1. Districts may be created by action of the council in accordance with the provisions of this chapter. A district shall:

a. Be comprised of contiguous property wholly within the boundaries of the city. A self-supported municipal improvement district shall be comprised only of property in districts which are zoned for commercial or industrial uses and properties within a duly designated historic district.

b. Be given a descriptive name containing the words “*self-supported municipal improvement district*”.

c. Be comprised of property related in some manner, including but not limited to present or po-

tential use, physical location, condition, relationship to an area, or relationship to present or potential commercial or other activity in an area, so as to be benefited in any manner, including but not limited to a benefit from present or potential use or enjoyment of the property, by the condition, development or maintenance of the district or of any improvement or self-liquidating improvement of the district, or be comprised of property the owners of which have a present or potential benefit from the condition, development or maintenance of the district or of any improvement or self-liquidating improvement of the district.

2. The council shall initiate proceedings for establishing a district upon the filing with its clerk of a petition containing:

a. The signatures of at least twenty-five percent of all owners of property within the proposed district. These signatures must together represent ownership of property with an assessed value of twenty-five percent or more of the assessed value of all of the property in the proposed district.

b. A description of the boundaries of the proposed district or a consolidated description of the property within the proposed district.

c. The name of the proposed district.

d. A statement of the maximum rate of tax that may be imposed upon property within the district. The maximum rate of tax may be stated in terms of separate maximum rates for the debt service tax, the capital improvement fund tax, and the operation tax, or in terms of a maximum combined rate for all three.

e. The purpose of the establishment of the district, which may be stated generally, or in terms of the relationship of the property within the district or the interests of the owners of property within the district, or in terms of the improvements or self-liquidating improvements proposed to be developed for the purposes of the district, either specific improvements, self-liquidating improvements, or general categories of improvements, or any combination of the foregoing.

f. A statement that taxes levied for the self-supported improvement district operation fund shall be used for the purpose of paying maintenance expenses of improvements or self-liquidating improvements for a specified length of time, along with any options to renew, if the taxes are to be used for this maintenance purpose.

3. The council shall notify the city planning commission upon the receipt of a petition. It shall be the duty of the city planning commission to make recommendations to the council in regard to the proposed district. The city planning commission shall, with due diligence, prepare an evaluative report for the council on the merit and feasibility of the project. The council shall not hold its public hearings or take further action on the establishment of the district until it has received the report of the city planning commission. In addition to its report, the commission may, from time to time,

recommend to the council amendments and changes relating to the project.

If no city planning commission exists, the council shall notify the metropolitan or regional planning commission upon receipt of a petition, and such commission shall have the same duties as the city planning commission set forth in this subsection. If no planning commission exists, the council shall notify the zoning commission upon receipt of a petition, and such commission shall have the same duties as the city planning commission set forth in this subsection. If no planning or zoning commission exists, the council shall call a hearing on the establishment of a district upon receipt of a petition.

4. Upon the receipt of the commission's final report the council shall set a time and place for a meeting at which the council proposes to take action for the establishment of the district, and shall publish notice of the meeting as provided in section 362.3, and the clerk shall send a copy of the notice by certified mail not less than fifteen days before the meeting to each owner of property within the proposed district at the owner's address as shown by the records of the county auditor. If a property is shown to be in the name of more than one owner at the same mailing address, a single notice may be mailed addressed to all owners at that address. Failure to receive a mailed notice is not grounds for objection to the council's taking any action authorized in this chapter.

5. In addition to the time and place of the meeting for hearing on the petition, the notice must state:

a. That a petition has been filed with the council asking that a district be established.

b. The name of the district.

c. The purpose of the district.

d. The property proposed to be included in the district.

e. The maximum rate of tax which may be imposed upon the property in the district.

6. At the time and place set in the notice the council shall hear all owners of property in the proposed district or residents of the city desiring to express their views. The council must wait at least thirty days after the public hearing has been held before it may adopt an ordinance establishing a district which must be comprised of all the property which the council finds has the relationship or whose owners have the interest described in subsection 1, paragraph "c". Property included in the proposed district need not be included in the established district. However, no property may be included in the district that was not included in the proposed district until the council has held another hearing after it has published and mailed the same notice as required in subsections 4 and 5 of this section on the original petition to the owners of the additional property, or has caused a notice of the inclusion of the property to be personally served upon each owner of the additional prop-

erty, or has received a written waiver of notice from each owner of the additional property.

7. Adoption of the ordinance establishing a district requires the affirmative vote of three-fourths of all of the members of the council, or in cities having but three members of the council, the affirmative vote of two members. However if a remonstrance has been filed with the clerk signed by at least twenty-five percent of all owners of property within the proposed district representing ownership of property with an assessed value of twenty-five percent or more of the assessed value of all of the property in the proposed district, the adoption of the ordinance requires a unanimous vote of the council.

8. The clerk shall cause a copy of the ordinance to be filed in the office of the county recorder of each county in which any property within the district is located.

9. At any time prior to adoption of an ordinance establishing a district, the entire matter of establishing such district shall be withdrawn from council consideration if a petition objecting to establishing such district is filed with its clerk containing the signatures of at least forty percent of all owners of property within the proposed district or signatures which together represent ownership of property with an assessed value of forty percent or more of the assessed value of all property within the proposed district.

10. The adoption of an ordinance establishing a district is a legislative determination that the property within the district has the relationship or its owners have the interest required under subsection 1, paragraph "c" and includes all of the property within the area which has that relationship or the owners of which have that interest in the district.

11. Any resident or property owner of the city may appeal the action and the decisions of the council, including the creation of the district and the levying of the proposed taxes for the district, to the district court of the county in which any part of the district is located, within thirty days after the date upon which the ordinance creating the district becomes effective, but the action and decision of the council are final and conclusive unless the court finds that the council exceeded its authority. No action may be brought questioning the regularity of the proceedings pertaining to the establishment of a district or the validity of the district, or the propriety of the inclusion or exclusion of any property within or from the district, or the ability of the city to levy taxes in accordance with the ordinance establishing the district, after thirty days from the date on which the ordinance creating the district becomes effective.

12. The procedural steps for the petitioning and creation of the district may be combined with the procedural steps for the authorization of any improvement or self-liquidating improvement, or

the procedural steps for the authorization of any tax, or any combination thereof.

13. The rate of debt service tax referred to in the petition and the ordinance creating the district shall only restrict the amount of bonds which may be issued, and shall not limit the ability of the city to levy as necessary in subsequent years to pay interest and amortize the principal of that amount of bonds.

14. The ordinance creating the district may provide for the division of all of the property within the district into two or more zones based upon a reasonable difference in the relationship of the property or the interest of its owners, whether the difference is qualitative or quantitative. The ordinance creating the district and establishing the different zones may establish a different maximum rate of tax for each zone, or may provide that the rate of tax for a zone shall be a certain set percentage of the tax levied in the zone which is subject to the highest rate of tax.

[C77, 79, 81, §386.3]

85 Acts, ch 113, §1; 88 Acts, ch 1246, §7

386.4 Amendments to district.

1. The ordinance creating the district may be amended and property may be added to the district and the maximum rate of taxes referred to in the ordinance may be increased at any time in the same manner and by the same procedure as for the establishment of a district. All property added to a district shall be subject to all taxes currently and thereafter levied including debt service levies for bonds previously or thereafter issued.

2. Action by the council amending the ordinance creating the district, including adding any eligible property or deleting any property within the district or changing any maximum rate of taxes, shall be by ordinance adopted by an affirmative vote of three-fourths of all of the members of the council, or in cities having but three members of the council, the affirmative vote of two members. However, if a remonstrance has been filed with the clerk signed by at least twenty-five percent of all owners of property within the district and all property proposed to be included representing ownership of property with an assessed value of twenty-five percent or more of the assessed value of all the property in the district and all property proposed to be included, the amending ordinance must be adopted by unanimous vote of the council.

3. The clerk shall cause a copy of the amending ordinance to be filed in the office of the county recorder of each county in which any property within the district as amended is located.

4. At any time prior to council amendment of the ordinance creating the district, the entire matter of amending such ordinance shall be withdrawn from council consideration if a petition objecting to amending such ordinance is filed with its

clerk containing either the signatures of at least forty percent of all owners of property within the district and all property proposed to be included or signatures which together represent ownership of property with an assessed value of forty percent or more of the assessed value of all property within the district and all property proposed to be included.

5. Any resident or property owner of the city may appeal the action or decisions of the council amending the ordinance creating the district, to the district court of the county in which any part of the district, as amended, is located, within fifteen days after the date upon which the ordinance amending the ordinance creating the district becomes effective, but the action and decision of the council are final and conclusive unless the court finds that the council exceeded its authority. No action may be brought questioning the regularity of the proceedings pertaining to the amended ordinance or the validity of the district as amended, or the propriety of the inclusion or exclusion of any property within or from the amended district, or the ability of the city to levy taxes in accordance with the ordinance establishing the district, as amended, after thirty days from the date upon which the amending ordinance becomes effective.

6. All other provisions in section 386.3 shall apply to an amended district and to the ordinance amending the ordinance creating the district with the same effect as they apply to the original district and the ordinance creating the original district.

[C77, 79, 81, §386.4]

386.5 Dissolution.

A district may be dissolved and terminated by action of the council rescinding the ordinance creating the district, and any subsequent ordinances amending the district, by an affirmative vote of three-fourths of all members of the council, or in cities having but three members of the council, the affirmative vote of two members. However, if a remonstrance has been filed with the clerk signed by at least twenty-five percent of all owners of property within the district representing ownership of property with an assessed value of twenty-five percent or more of the assessed value of all the property in the district, the rescission of the ordinance creating the district, and any subsequent ordinances amending the district, requires a unanimous vote of the council.

At any time prior to action of the council rescinding the ordinance creating the district, and any subsequent ordinances amending the district, the entire matter of dissolving a district shall be withdrawn from council consideration if a petition is filed with its clerk containing the signatures of at least forty percent of all owners of property within the district or signatures which together represent ownership of property with an assessed value

of forty percent or more of the assessed value of all property within the district.

[C77, 79, 81, §386.5]

386.6 Improvements.

When a city proposes to construct an improvement the cost of which is to be paid or financed under the provisions of this chapter, it must do so in accordance with the provisions of this section, as follows:

1. The council shall initiate proceedings for a proposed improvement upon receipt of a petition signed by at least twenty-five percent of all owners of property within the district representing ownership of property with an assessed value of twenty-five percent or more of the assessed value of all the property in the district.

2. Upon the receipt of such a petition the council shall notify the city planning commission, if one exists, the metropolitan or regional planning commission, if one exists, or the zoning commission, if one exists, in the order set forth in section 386.3, subsection 3. Upon notification by the council, the commission shall prepare an evaluative report for the council on the merit and feasibility of the improvement and carry out all other duties as set forth in section 386.3, subsection 3. If no planning or zoning commission exists, the council shall call a hearing on a proposed improvement upon receipt of a petition.

3. Upon the receipt of the commission's report the council shall set a time and place of meeting at which the council proposes to take action on the proposed improvement and shall publish and mail notice as provided in section 386.3, subsections 4 and 5.

4. The notice must include a statement that an improvement has been proposed, the nature of the improvement, the source of payment of the cost of the improvement, and the time and place of hearing.

5. At the time and place set in the notice the council shall hear all owners of property in the district or residents of the city desiring to express their views. The council must wait at least thirty days after the public hearing has been held before it may take action to order construction of the improvement. The provisions of section 386.3, subsections 7 and 9 relating to the adoption of the ordinance establishing a district, the requisite vote therefor, the remonstrance thereto and the withdrawal of the entire matter from council consideration apply to the adoption of the resolution ordering the construction of the improvement.

6. If the council orders the construction of the improvement, it shall proceed to let contracts therefor in accordance with chapter 384, division VI.

7. The adoption of a resolution ordering the construction of an improvement is a legislative determination that the proposed improvement is in furtherance of the purposes of the district and that

all property in the district will be affected by the construction of the improvement, or that all owners of property in the district have an interest in the construction of the improvement.

8. Any resident or property owner of the city may appeal the action or decisions of the council ordering the construction of the improvement to the district court of the county in which any part of the district is located within thirty days after the adoption of the resolution ordering construction of the improvement, but the action and decisions of the council are final and conclusive unless the court finds that the council exceeded its authority. No action may be brought questioning the regularity of the proceedings pertaining to the ordering of the construction of an improvement, or the right of the city to apply moneys in the capital improvement fund referred to in this chapter to the payment of the costs of the improvement, or the right of the city to issue bonds referred to in this chapter for the payment of the costs of the improvement, or the right of the city to levy taxes which with any other taxes authorized by this chapter do not exceed the maximum rate of tax that may be imposed upon property within the district for the payment of principal of and interest on bonds issued to pay the costs of the improvement, after thirty days from the date of adoption of the resolution ordering construction of the improvement.

9. The procedural steps contained in this section may be combined with the procedural steps for the petitioning and creation of the district or the procedural steps for the authorization of any tax or any combination thereof.

[C77, 79, 81, §386.6]

386.7 Self-liquidating improvements.

When a city proposes to construct a self-liquidating improvement, the cost of which is to be paid or financed under the provisions of this chapter, it must do so in accordance with the provisions of this section as follows:

1. Section 386.6, subsections 1 to 5 are applicable to a self-liquidating improvement to the same extent as they are applicable to an improvement and the proceedings initiating a self-liquidating improvement shall be governed thereby.

2. Before the council may order the construction of a self-liquidating improvement, and after hearing thereon, it must find that the self-liquidating improvement and the leasing of a part or the whole of it to any person or governmental body will further the corporate purposes of the city and will:

- a. Aid in the commercial development of the district.
- b. Further the interests of the district; or
- c. Not substantially reduce the city's property tax base.

3. If the council orders the construction of the self-liquidating improvement, contracts for it shall be let in accordance with division VI of chapter 384.

4. The adoption of a resolution ordering the construction of a self-liquidating improvement is a legislative determination that the proposed self-liquidating improvement and the leasing of a part or the whole of it to any person or governmental body will further the corporate purposes of the city and will:

- a. Aid in the commercial development of the district.
- b. Further the interests of the district; or
- c. Not substantially reduce the city's property tax base.

5. A city may lease any or all of a self-liquidating improvement to any person or governmental body.

6. A city may issue revenue bonds payable from the income and receipts derived from the self-liquidated improvement. Chapter 384, division V applies to revenue bonds for self-liquidating improvements and the term "city enterprise" as used in that division shall be deemed to include self-liquidating improvements authorized by this chapter.

7. Any resident or property owner of the city may appeal a decision of the council to order the construction of a self-liquidating improvement or to lease any or all of a self-liquidating improvement to the district court of the county in which any part of the district is located, within thirty days after the adoption of the resolution ordering the self-liquidating improvement, but the action of the council is final and conclusive unless the court finds that the council exceeded its authority.

8. No action may be brought questioning the regularity of the proceedings pertaining to the ordering of the construction of a self-liquidating improvement after thirty days from the date of adoption of the resolution ordering construction of the self-liquidating improvement. No action may be brought questioning the regularity of the proceedings pertaining to the leasing of any or all of a self-liquidating improvement after thirty days from the date of the adoption of a resolution approving the proposed lease. In addition to the limitation contained in section 384.92, no action may be brought which questions the legality of revenue bonds or the power of the city to issue revenue bonds or the effectiveness of any proceedings relating to the authorization and issuance of revenue bonds relating to a self-liquidating improvement after thirty days from the time the bonds are ordered issued by the city.

9. The procedural steps contained in this section may be combined with the procedural steps for the petitioning and creation of the district.

386.8 Operation tax.

A city may establish a self-supported improvement district operation fund, and may certify taxes not to exceed the rate limitation as established in the ordinance creating the district, or any amendment thereto, each year to be levied for the fund against all of the property in the district, for the purpose of paying the administrative expenses of the district, which may include but are not limited to administrative personnel salaries, a separate administrative office, planning costs including consultation fees, engineering fees, architectural fees, and legal fees and all other expenses reasonably associated with the administration of the district and the fulfilling of the purposes of the district. The taxes levied for this fund may also be used for the purpose of paying maintenance expenses of improvements or self-liquidating improvements for a specified length of time with one or more options to renew if such is clearly stated in the petition which requests the council to authorize construction of the improvement or self-liquidating improvement, whether or not such petition is combined with the petition requesting creation of a district. Parcels of property which are assessed as residential property for property tax purposes are exempt from the tax levied under this section except residential properties within a duly designated historic district. A tax levied under this section is not subject to the levy limitation in section 384.1.

85 Acts, ch 113, §2

386.9 Capital improvement tax.

A city may establish a capital improvement fund for a district and may certify taxes, not to exceed the rate established by the ordinance creating the district, or any subsequent amendment thereto, each year to be levied for the fund against all of the property in the district, for the purpose of accumulating moneys for the financing or payment of a part or all of the costs of any improvement or self-liquidating improvement. However, parcels of property which are assessed as residential property for property tax purposes are exempt from the tax levied under this section except residential properties within a duly designated historic district. A tax levied under this section is not subject to the levy limitations in section 384.1 or 384.7.

85 Acts, ch 113, §3

386.10 Debt service tax.

A city shall establish a self-supported municipal improvement district debt service fund whenever any self-supported municipal improvement district bonds are issued and outstanding, other than revenue bonds, and shall certify taxes to be levied against all of the property in the district for the

debt service fund in the amount necessary to pay interest as it becomes due and the amount necessary to pay, or to create a sinking fund to pay, the principal at maturity of all self-supported municipal improvement district bonds as authorized in section 386.11, issued by the city. However, parcels of property which are assessed as residential property for property tax purposes at the time of the issuance of the bonds are exempt from the tax levied under this section until the parcels are no longer assessed as residential property or until the residential properties are designated as a part of an historic district.

[C77, 79, 81, §386.10]
85 Acts, ch 113, §4

386.11 Self-supported municipal improvement district bonds.

1. A city may issue and sell self-supported municipal improvement district bonds at public or private sale payable from taxes which must be levied in accordance with chapter 76. The bonds are payable from the levy of unlimited ad valorem taxes on all the taxable property within the district through the district debt service fund authorized by section 386.10. When self-supported municipal improvement district bonds are issued and taxes are levied in accordance with chapter 76, the taxes shall continue to be levied, until the bonds and interest thereon are paid in full, against all of the taxable property that was included in the district at the time of the issuance of the bonds, regardless of any subsequent removal of any property from the district or the dissolution of the district.

2. The proceeds of the sale of the bonds may be used to pay any or all of the costs of any improvement, or be used to pay any legal indebtedness incurred for the cost of any improvement including bonds or warrants previously issued to pay the costs of an improvement, or bonds may be exchanged for the evidences of such legal indebtedness.

3. Before the council may institute proceedings for the issuance of bonds, it shall proceed in the same manner as is required for the institution of proceedings for the issuance of bonds for an essential corporate purpose as provided in section 384.25, subsection 2 and all of the provisions of that subsection apply to bonds issued pursuant to this section.

4. A city may issue bonds authorized by this section pursuant to a resolution adopted at a regular or special meeting by an affirmative vote of a majority of the total members to which the council is entitled. The proceeds of a single bond issue may be used for various improvements.

5. The provisions of sections 384.29, 384.30, and 384.31 apply to bonds issued pursuant to this section, except that the bonds shall be designated "municipal improvement district bonds".

6. No action may be brought which questions the legality of bonds issued pursuant to this section or the power of a city to issue the bonds or the effectiveness of any proceedings relating to the authorization and issuance of the bonds after thirty days from the time the bonds are ordered issued by the city.

[C77, 79, 81, §386.11]

386.12 Payment for improvements.

The costs of improvements may be paid from any of the following sources or a combination thereof:

1. The capital improvement fund referred to in section 386.9.

2. The proceeds of bonds referred to in section 386.11.

3. Any other funds of the city which are legally available to pay all or a portion of the cost of an improvement. The fact that an improvement is initiated under the provisions of this chapter, or any of the costs of an improvement or any part of an improvement are being paid under the provisions of this chapter, shall not preclude the city from paying any costs of an improvement from any fund from which it might otherwise have been able to pay such costs. In addition, and not in limitation of the foregoing, any improvement which constitutes an essential corporate purpose or a general corporate purpose as defined in section 384.24, subsections 3 and 4, may be financed in whole or in part with the proceeds of the issuance of general obligation bonds of the city pursuant to the provisions of chapter 384, division III.

4. Payment for the costs of an improvement may also be made in warrants drawn on any fund from which payment for the improvement may be made. If such funds are depleted, anticipatory warrants may be issued bearing a rate of interest not exceeding that permitted by chapter 74A,

which do not constitute a violation of section 384.10, even if the collection of taxes or income from the sale of bonds applicable to the improvement is after the end of the fiscal year in which the warrants are issued. If the city arranges for the private sale of anticipatory warrants, they may be sold and the proceeds used to pay the costs of the improvement. Such warrants may be used to pay other persons furnishing services constituting a part of the cost of the improvement.

[C77, 79, 81, §386.12]

386.13 Parking fee abatements.

A city may apply moneys in the operation fund of the district to prepay parking fees at any city parking facility located in or used in conjunction with the district but only after notice and hearing as required by section 386.6. The authority to prepay such fees shall exist only for the period of time set out in the notice to owners and in the resolution of the council authorizing the application of funds for that purpose. Upon the application of sufficient amounts of prepaid fees, the city need not charge individual users of the parking facility. Before adopting a resolution authorizing the application of funds for such purpose, the council must find that the application will further the purposes of the district, including but not limited to increasing the commercial activity in the district.

[C77, 79, 81, §386.13]

386.14 Independent provisions.

The provisions of this chapter with respect to notice, hearing and appeal for the construction of improvements and self-liquidating improvements and the issuance and sale of bonds are in lieu of the provisions contained in chapters 73A and 75, or any other law, unless specifically referred to and made applicable by this chapter.

As used in this chapter:

1. *“Combined utility system”* means the same as defined in section 384.80.
2. *“Utility board”* or *“board”* means a board of trustees established to operate a city utility, city utilities, or a combined utility system. A single utility board may operate more than one city utility even though such city utilities are not a combined utility system.

[C75, 77, 79, 81, §388.1]

388.2 Submission to voters.

The proposal of a city to establish, acquire, lease, or dispose of a city utility, except a sanitary sewage or storm water drainage system, in order to undertake or to discontinue the operation of the city utility, or the proposal to establish or dissolve a combined utility system, or the proposal to establish or discontinue a utility board, is subject to the approval of the voters of the city, except that a board may be discontinued by resolution of the council when the city utility, city utilities, or combined utility system it administers is disposed of or leased for a period of over five years.

The proposal may be submitted to the voters at any city election by the council on its own motion. Upon receipt of a valid petition as defined in section 362.4, requesting that a proposal be submitted to the voters, the council shall submit the proposal at the next regular city election.

A proposal for the establishment of a utility board must specify a board of either three or five members.

If a majority of those voting for and against the proposal approves the proposal, the city may proceed as proposed.

If a majority of those voting for and against the proposal does not approve the proposal, the same or a similar proposal may not be submitted to the voters of the city for at least four years from the date of the election at which the proposal was defeated.

The council shall by resolution provide for staggered six-year terms for, and shall set the compensation of, board members.

A board member appointed to fill a vacancy occurring by reason other than the expiration of a term is appointed for the balance of the unexpired term.

388.4 Utility board.

The title of a utility board must be appropriate to the city utility, city utilities, or combined utility system administered by the board. A utility board may be a party to legal action. A utility board may exercise all powers of a city in relation to the city utility, city utilities, or combined utility system it administers, with the following exceptions:

1. A board may not certify taxes to be levied, pass ordinances or amendments, or issue general obligation or special assessment bonds.

2. The title to all property of a city utility or combined utility system must be held in the name of the city, but the utility board has all the powers and authorities of the city with respect to the acquisition by purchase, condemnation, or otherwise, lease, sale, or other disposition of such property, and the management, control, and operation of the same, subject to the requirements, terms, covenants, conditions, and provisions of any resolutions authorizing the issuance of revenue bonds, pledge orders, or other obligations which are payable from the revenues of the city utility or combined utility system, and which are then outstanding.

3. A board shall make to the council a detailed annual report, including a complete financial statement.

4. Immediately following a regular or special meeting of a utility board, the secretary shall prepare a condensed statement of the proceedings of the board and cause the statement to be published in a newspaper of general circulation in the city. The statement must include a list of all claims allowed, showing the name of the person or firm making the claim, the reason for the claim, and the amount of the claim. Salary claims must show the gross amount of the claim except that salaries paid to persons regularly employed by the utility, for services regularly performed by them, must be published once annually showing the gross amount of the salary. In cities having more than one hundred fifty thousand population the utility board shall each month prepare in pamphlet form the statement herein required for the preceding month, and furnish copies to the city library, the daily newspapers of the city, the city clerk, and to persons who apply at the office of the secretary, and the pamphlet shall constitute publication as required. Failure by the secretary to make publication is a simple misdemeanor.

388.5 Control of tax revenues.

A utility board shall control tax revenues allocated to the city utility, city utilities, or combined utility system it administers and all moneys derived from the operation of the city utility, city utilities, or combined utility system, the sale of utility property, interest on investments, or from any other source related to the city utility, city utilities, or combined utility system.

All city utility moneys received must be held in a separate utility fund, with a separate account or accounts for each city utility or combined utility system. If a board administers a municipal utility or combined utility system, moneys may be paid out of that utility account only at the direction of the board.

388.6 Discrimination in rates.

A city utility or a combined utility system may not provide use or service at a discriminatory rate, except to the city or its agencies, as provided in section 384.91.

[C75, 77, 79, 81, §388.6]

388.7 Prior utility board.

A utility board functioning on the effective date of the city code shall continue to function until discontinued as provided in this chapter, and has all the powers granted in this chapter.

Nothing in the city code shall be construed to allow the abrogation of any franchise.

388.8 Easement continuance.

If a city exercised a right to an easement on property before January 1, 1950, for the establishment of water, sewer, or gas or power lines, the city has acquired the right to exercise a continuing easement on that property to the extent necessary for repair and maintenance of those lines.

388.9 Competitive information.

1. Notwithstanding section 21.5, subsection 1, the governing body of a city utility or combined utility system, or a city enterprise or combined city enterprise as defined in section 384.80, by a vote of two-thirds of the members of the body or all of the members present at the meeting, may hold a closed session to discuss marketing and pricing strategies or proprietary information if its competitive position would be harmed by public disclosure not required of potential or actual competitors, and if no public purpose would be served by

such disclosure. The minutes and a tape recording of a session closed under this subsection shall be available for public examination at that point in time when the public disclosure would no longer harm the utility's competitive position.

2. Notwithstanding section 22.2, subsection 1, public records of a city utility or combined utility system, or a city enterprise or combined city enterprise as defined in section 384.80, which shall not be examined or copied as of right, include proprietary information, records of customer names and accounts, records associated with marketing or pricing strategies, preliminary working papers, spreadsheet scenarios, and cost data, if the competitive position of the city utility, combined utility system, city enterprise, or combined city enterprise would be harmed by public disclosure not required of a potential or actual competitor, and if no public purpose would be served by such disclosure. A public record not subject to examination or copying under this subsection shall be available for public examination and copying at that point in time when public disclosure would no longer harm the competitive position of the city utility, combined utility system, city enterprise, or combined city enterprise.

1. *a.* A city that owns or operates a municipal utility providing local exchange services pursuant to chapter 476 or the municipal utility shall not do, directly or indirectly, any of the following:

(1) Use general fund moneys for the ongoing support or subsidy of a telecommunications system.

(2) Provide any city facilities, equipment, or services to provide telecommunications systems or services at a cost for such facilities, equipment, or services which is less than the reasonable cost of providing such city facilities, equipment, or services.

(3) Provide any other city service, other than a communications service, to a telecommunications customer at a cost which is less than would be paid by the same person receiving such other

city service if the person was not a telecommunications customer.

(4) Use funds or revenue generated from electric, gas, water, sewage, or garbage services provided by the city for the ongoing support of that portion of a system or service used to provide local exchange services.

b. For purposes of this section, "telecommunications system" means only that portion of a system or facilities which is used to provide local exchange services.

2. A city that owns or operates a municipal utility providing local exchange services pursuant to chapter 476 or the municipal utility shall do the following:

a. Prepare and maintain records which record the full cost accounting of providing local exchange service. The records shall show the amount and source of capital for initial construction or acquisition of the local exchange system or facilities. This section shall not prohibit a municipal utility from utilizing capital from any lawful source, provided that the reasonable cost of such capital is accounted for as a cost of providing the service.

b. Adopt rates for the provision of local exchange services that reflect the actual cost of providing the local exchange service. However, this paragraph shall not prohibit the municipal utility from establishing market-based prices for competitive local exchange services.

c. Be subject to all requirements of the city which would apply to any other provider of local exchange services in the same manner as such requirements would apply to such other provider.

3. This section shall not prohibit the marketing or bundling of other products or services, in addition to local exchange services. However, a city shall include on a billing statement sent to a person receiving services from the city, a separate charge for each service provided to the person. This subsection does not prohibit the city from also including on the billing statement a total amount to be paid by the person.

As used in this chapter, unless the context otherwise requires:

1. *“Joint water utility”* means a water utility established by two or more cities which owns or operates or proposes to finance the purchase or construction of all or part of a water supply system or the capacity or use of a water supply system pursuant to this chapter. A water supply system includes all land, easements, rights-of-way, fixtures, equipment, accessories, improvements, appurtenances, and other property necessary or useful for the operation of the system.

2. *“Joint water utility board”* means the board of trustees established to operate a joint water utility.

3. *“Project”* means any works or facilities useful or necessary for the operation of a joint water utility.

91 Acts, ch 168, §2

389.2 Submission to voters.

A joint water utility may be established by two or more cities. A proposal to establish a joint water utility or to join an existing joint water utility may be submitted to the voters of a city by the city council upon its own motion, or upon receipt of a valid petition pursuant to section 362.4. If the proposal is to establish a joint water utility, the proposal shall be submitted to the voters of each city proposing to establish the joint water utility. If a majority of the electorate in each of at least two cities approves the proposal, the cities approving the proposal may establish a joint water utility.

If the proposal is to join an existing joint water utility, the proposal must first be submitted to the joint water utility board for its approval. If the proposal is approved by the board, the proposal shall be submitted to the electorate of the city wishing to join. The proposal must receive a majority affirmative vote for passage.

91 Acts, ch 168, §3

389.3 Powers and duties.

Upon adoption of a proposal to establish a joint water utility, the member cities shall establish a joint water utility board, consisting of at least five members. The mayors of the participating cities shall appoint the members, subject to the approval of the city councils, and at least one member shall be appointed from each participating city. The board shall be responsible for the planning and operation of a joint water utility, subject to the provisions of this chapter.

A joint water utility is a political subdivision and an instrumentality of municipal government. A contract may include provisions for the payment for capacity or output of a facility whether the facility is completed or operating, and for establishing the rights and obligations of the parties to the contract in the event of a default by any of the parties.

Payments made by a joint water utility pursuant to a contract shall constitute operating expenses of the joint water utility and shall be payable from the revenues derived from the operation of the joint water utility.

91 Acts, ch 168, §4

389.4 Financing.

A joint water utility may finance projects pursuant to chapter 28F. A city may finance its share of the cost of a project by the use of any method of financing available for city utilities, including but not limited to sections 384.23 through 384.36 and sections 384.80 through 384.94.

If a project is financed by a joint water utility, revenues derived from the project shall be deemed to be revenues of the joint water utility for all purposes including the issuance and payment of bonds secured by or payable from the revenues of the joint water utility. If a project is financed by member cities of a joint water utility, the revenues derived from the project shall be deemed to be revenues of the city or city utility for all purposes including the issuance and payment of bonds secured by or payable from the revenues of the city or city utility.

390.2 Additional power.

In addition to other powers conferred by the Constitution and laws of this state, any city having established a utility which operates an existing electric generating facility or distribution system may enter into and carry out joint agreements with other participants for the acquisition of ownership of an undivided interest in a joint facility and for the planning, financing, operation and maintenance of the joint facility.

[C75, 77, 79, 81, §390.2]

390.3 Hearing — exception to general statutes.

Before a city may enter into or amend a joint agreement, the governing body shall adopt a proposed form of agreement and give notice and conduct a public hearing on the agreement in the manner provided by sections 73A.1 to 73A.11, which action shall be subject to appeal as provided in chapter 73A.

However, in the performance of a joint agreement, the governing body is not subject to statutes generally applicable to public contracts, including hearings on plans, specifications, form of contracts, costs, notice and competitive bidding required under sections 384.95 through 384.103, unless all parties to the joint agreement are cities located within the state of Iowa.

84 Acts, ch 1067, §36

390.4 Undivided joint interest.

In substance, a joint agreement shall:

1. Provide that each participant shall own an undivided interest in the joint facility, the interest being equal to the percentage of the money furnished, value of property furnished, or services rendered by each participant toward the total cost of the joint facility, and that each participant shall

own and control a like percentage of the output of the joint facility.

2. Provide that each participant shall undertake to finance its portion of the cost of planning, acquisition, operation, and maintenance of the joint facility.

3. Provide that each participant in the ownership of the joint facility shall bear all taxes, if any, chargeable to its ownership of the joint facility under statutes now or hereafter in effect.

4. Provide for the planning, financing, acquisition, operation and maintenance of the joint facility, or for any one or more of said purposes, including the cost to be contributed by each participant.

5. Provide for a uniform method of determining and allocating operation and maintenance expenses of the joint facility.

6. Provide that a participant may be liable only for its own acts with regard to the joint facility, or as principal for the acts of the manager in proportion to its percentage of ownership, and shall not be jointly or severally liable for the acts, omissions or obligations of other participants.

7. Provide that the undivided interest of a participant in the joint facility may not be charged directly or indirectly with a debt or obligation of another participant or be subject to any lien as a result thereof.

8. Provide for the management and operation of the affairs of the joint facility, and the indemnification of the manager, which may include a provision that the joint facility shall be managed and operated by one or more of the participants.

9. Provide that no participant may withdraw from the joint agreement during its duration so long as obligations payable in whole or in part from revenues derived from the operation of the joint facility, and issued by a city, are outstanding, unless prior consent is first granted by each of the other participants either in the joint agreement or otherwise.

10. Provide for the method to be employed in accomplishing the partial or complete termination of the agreement and for disposing of property and assets upon partial or complete termination. The provisions of the joint agreement for disposition of the joint facilities shall not be subject to the statutes limiting or prescribing procedure for the sale of city-owned properties.

11. Provide for the duration of the agreement. An agreement authorized by this chapter shall not be limited as to period of existence, except as may be limited by the terms of the agreement itself.

12. Include other provisions as the parties may deem necessary or appropriate with respect to the conduct of the participants, the operation or ownership of the joint facility, or the settlement of disputes.

[C75, 77, 79, 81, §390.4]

390.5 Financing.

A city may finance its share of the cost of a joint facility by the use of any method of financing available for city utilities under the statutes of this state, for the financing of electric generation or transmission facilities to be owned by a city in their entirety, including but not limited to the provisions of chapters 397 and 407, Code 1973, and sections 384.23 to 384.36 and sections 384.80 to 384.94 as applicable. Revenues derived by a city utility from its share of ownership or operation of a joint facility shall be deemed to be revenues of the city utility for all purposes including the issuance and payment of bonds secured by or payable from the revenues of a city utility. A joint agreement shall be deemed payable from revenues or revenue bonds of a city utility in the absence of provision to the contrary or a referendum approving the issuance of general obligation bonds.

[C75, 77, 79, 81, §390.5]

390.6 Construction.

This chapter being necessary for the public health, public safety and general welfare, shall be liberally construed to effectuate its purposes. This chapter shall be construed as providing a separate and independent method for accomplishing its purposes, and except as provided or necessarily implied shall not be construed as subject to or an amendment of any other law. In particular, without limiting the generality of the foregoing, no restrictions or requirements contained in this chapter shall be construed as applying to bonds issued pursuant to the provisions of chapter 419. Nothing contained in this chapter shall be construed to limit the powers and authority of privately owned utility companies or electric co-operatives under any other law.

[C75, 77, 79, 81, §390.6]

390.7 Construction of amendments.

The provisions of 1975 Iowa Acts, chapter 199, are retroactive in application to all joint agreements entered into and executed prior to July 1, 1975, under this chapter, on behalf of cities which, on the date of executing the agreements, operated existing electric generating or distribution facilities. However, all such joint agreements which complied with the provisions of this chapter prior to amendment by 1975 Iowa Acts, chapter 199, are also in full force and effect according to their terms, and are not rendered invalid in any respect by any provision of 1975 Iowa Acts, chapter 199.

392.1	Establishment by ordinance.	392.5	Library board.

392.3	Contracts reviewable by council.	392.7	Prior agencies.

392.1 Establishment by ordinance.

If the council wishes to establish an administrative agency, it shall do so by an ordinance which indicates the title, powers, and duties of the agency, the method of appointment or election, qualifications, compensation, and term of members, and other appropriate matters relating to the agency. The title of an administrative agency must be appropriate to its function. The council may not delegate to an administrative agency any of the powers, authorities, and duties prescribed in division V of chapter 384 or in chapter 388, except that the council may delegate to an administrative agency established for the purpose of operating an airport any of its powers and duties prescribed in division V of chapter 384, and the council may delegate to an administrative agency power to establish and collect charges, and disburse the moneys received for the use of a city facility, including a city enterprise, as defined in section 384.24, if the delegation to an administrative agency is strictly subject to the limitations imposed by the revenue bonds or pledge orders outstanding which are payable from the revenues of the city enterprise. Except as otherwise provided in this chapter, the council may delegate rulemaking authority to the agency for matters within the scope of the agency's powers and duties, and may prescribe penalties for viola-

tion of agency rules which have been adopted by ordinance. Rules governing the use by the public of any city facility must be made readily available to the public.

An administrative agency may not pledge the credit or taxing power of the city.

[C75, 77, 79, 81, §392.2]

392.3 Contracts reviewable by council.

Unless otherwise stated in the ordinance establishing the agency, contracts and agreements entered into by administrative agencies are subject to review and approval by the council, but when so approved and to the extent such contracts and agreements are otherwise valid by law, are valid and not voidable by subsequent actions of the city even if the administrative agency is dissolved, but no such contract or agreement may conflict with the provisions of division V of chapter 384 or chapter 388, or any action taken pursuant to the provisions of the same.

[C75, 77, 79, 81, §392.3]

392.4 Joint action.

Subject to approval by the council, an administrative agency may take action jointly with other public or private agencies as provided in chapter 28E.

[C75, 77, 79, 81, §392.4]

392.5 Library board.

A city library board of trustees functioning on the effective date of the city code shall continue to function in the same manner until altered or discontinued as provided in this section.

In order for the board to function in the same manner, the council shall retain all applicable ordinances, and shall adopt as ordinances all applicable state statutes repealed by 64GA, chapter 1088.

A library board may accept and control the expenditure of all gifts, devises, and bequests to the library.

A proposal to alter the composition, manner of selection, or charge of a library board, or to replace it with an alternate form of administrative agency, is subject to the approval of the voters of the city.

The proposal may be submitted to the voters at any city election by the council on its own motion. Upon receipt of a valid petition as defined in section 362.4, requesting that a proposal be submitted to the voters, the council shall submit the proposal at the next regular city election. A proposal submitted to the voters must describe with reasonable detail the action proposed.

If a majority of those voting approves the proposal, the city may proceed as proposed.

If a majority of those voting does not approve the proposal, the same or a similar proposal may not be submitted to the voters of the city for at least four years from the date of the election at which the proposal was defeated.

392.6 Hospital trustees.

If a hospital or health care facility is established by a city, the city shall by ordinance provide for the election, at a general, city, or special election, of three trustees, whose terms of office shall be four years. However, at the first election, three shall be elected and hold their office, one for four years and two for two years, and they shall by lot determine their respective terms. A board of trustees elected pursuant to this section shall serve as the sole and only board of trustees for any and all institutions established by a city as provided for in this section.

Cities maintaining an institution as provided for in this section which have a board of trustees consisting of three or five members may by ordinance increase the number of members to five or seven. The ordinance shall provide for the immediate appointment of the additional members nec-

essary to establish a five-member or seven-member board and shall provide that, of the additional members added to the board by appointment, one-half of the additional members added shall serve until the next succeeding general or city election, and the remaining additional members shall serve until the second succeeding general or city election. The ordinance shall also provide that the determination of which election an appointed additional member shall be required to seek election be determined by lot. Thereafter, the terms of office of such additional members shall be four years. However, if a city has adopted an ordinance which increases the number of members of the board of trustees to five or seven members and the terms of office of four of the five members or six of the seven members end in the same year, the date of expiration of the term of one of the four members or two of the six members, to be determined by lot, shall be extended by an additional two years.

Terms of office of trustees elected pursuant to general or city elections shall begin at noon on the first day in January which is not a Sunday or legal holiday. Terms of office of trustees elected pursuant to special elections shall begin at noon on the tenth day after the special election which is not a Sunday or legal holiday. The trustees shall begin their terms of office by taking the oath of office, and organize as a board by the election of one of their number as chairperson and one as secretary, but no bond shall be required of them. Terms of office of trustees shall extend to noon on the first day in January which is not a Sunday or legal holiday or until their successors are elected and qualified. Trustees who are elected at special elections shall serve the unexpired terms of office or until their successors are elected and qualified.

The treasurer of the board of trustees shall receive and disburse all funds under the control of the board as ordered by it. The treasurer shall give bond in a form and amount as determined by the board in its discretion.

No trustee shall receive any compensation for services performed, but a trustee may receive reimbursement for any cash expenses actually made for personal expenses incurred as trustee, but an itemized statement of all expenses and moneys paid out shall be made under oath by each of the trustees and filed with the secretary and allowed only by the affirmative vote of the full board.

The board of trustees shall be vested with authority to provide for the management, control, and government of the city hospital or health care facility established as permitted by this section, and shall provide all needed rules for the economic conduct thereof and shall annually prepare a condensed statement of the total receipts and expenditures for the hospital or health care facility and cause the same to be published in a newspaper of general circulation in the city in which the hospital or health care facility is located. In the man-

agement of the hospital or health care facility no discrimination shall be made against practitioners of any school of medicine recognized by the laws of the state.

As a part of the board's authority it may accept property by gift, devise, bequest or otherwise; and, if the board deems it advisable, may, at public sale, sell or exchange any property so accepted upon a concurring vote of a majority of all members of the board of trustees, and apply the proceeds thereof, or property received in exchange therefor, to any legitimate hospital or health care facility purpose.

The trustees may in their discretion establish a fund for depreciation as a separate fund. Said funds may be invested in United States government bonds and when so invested the accumulation of interest on the bonds so purchased shall be used for the purposes of the depreciation fund; an investment when so made shall remain in United States government bonds until such time as in the judgment of the board of trustees it is deemed advisable to use the funds for hospital or health care facility purposes.

Boards of trustees of institutions provided for in this section are granted all of the powers and duties necessary for the management, control and government of the institutions, specifically including but not limited to any applicable powers and duties granted boards of trustees under other provisions of the Code relating to hospitals, nursing homes, and custodial homes irrespective of the chapter of the Code under which such institutions are established, organized, operated or maintained.

The council may discontinue an administrative agency by adopting a resolution proposing the action, and publishing notice as provided in section 362.3, of the resolution and of a date, time and place of a public hearing on the proposal, and may discontinue the agency by ordinance or amendment not sooner than thirty days following the hearing.

Such contracts shall provide for the rate of tax to be levied during the term thereof, not exceeding twenty-seven cents per thousand dollars of assessed valuation. Said contracts may be submitted to the voters of either city and shall not be subject to termination if approved by the voters of both parties.

If not so approved, such contracts may be modified by mutual consent or may be terminated by the voters of either party thereto.

Any such tax shall be subject to cumulative levy limitations applicable generally to the contracting parties unless the contract shall have been approved by the voters.

In cities having a population of more than one hundred thousand, the city council may establish, by ordinance, the number of civil service commissioners at not less than three.

For the purpose of determining the population of a city under this chapter, the federal census conducted in 1980 shall be used.

[SS15, §1056-a32; C24, 27, 31, 35, 39, §5689; C46, 50, 54, 58, 62, 66, 71, 73, §365.1; C75, 77, 79, 81, §400.1]

400.2 Qualifications — conflict of interest.

The commissioners must be citizens of Iowa, eligible electors as defined in chapter 39, and residents of the city preceding their appointment, and shall serve without compensation. A person, while on the commission, shall not hold or be a candidate for any office of public trust. However, when a human rights commission has been established by a city, the director of the commission shall ex officio be a member, without vote, of the civil service commission.

Civil service commissioners shall not sell to, or in any manner become parties, directly, to any contract to furnish supplies, material, or labor to the city in which they are commissioners except as provided in section 362.5. A violation of this conflict of interest provision is a simple misdemeanor.

400.3 Optional appointment of commission — abolishing commission.

In cities having a population of less than eight thousand, the city council may, by ordinance, adopt the provisions of this chapter in which case it shall either appoint such commission or provide, by ordinance, for the exercise of the powers and performance of the duties of the commission by the council. Where the city council exercises the powers of the commission the term “*commission*” as used in this chapter shall mean the city council.

Whenever the city council appoints a commission, it may, by ordinance, abolish it, and the com-

mission shall stand abolished sixty days from the date of the ordinance and the powers and duties of the commission shall revert to the city council except whenever a city having a population of less than eight thousand provides for the appointment of a civil service commission, it may by ordinance abolish such office, but said ordinance shall not take effect until it has been submitted to the voters at a regular municipal election and approved by a majority of the voters at such election. The ordinance shall be published once each week for two consecutive weeks preceding the date of said election in a newspaper published in and having a general circulation in said city. In the event there is no newspaper published in such city, publication may be made in any newspaper having general circulation in the county.

400.4 Chairperson — clerk — records.

The commission shall elect a chairperson from among its members. In cities having a population of more than seventy-five thousand, the commission shall appoint a clerk of the commission. In all other cities the city clerk or a designee of the city clerk shall be clerk of the commission. If an employee is appointed clerk of the commission who is employed in a civil service status at the time of appointment as clerk of the commission, the appointee shall retain the civil service rights held before the appointment. 400.9 Promotional examinations and procedures.

1. The commission shall, at such times as shall be found necessary, under such rules as shall be prescribed and published in advance by the commission, and posted in the city hall, hold competitive promotional examinations for the purpose of determining the qualifications of applicants for promotion to a higher grade under civil service, which examinations shall be practical in character, and shall relate to such matters as will fairly test the ability of the applicant to discharge the duties of the position to which the applicant seeks promotion.

2. The commission shall establish guidelines for conducting the examinations under subsection 1. It may prepare and administer the examinations or may hire persons with expertise to do so if the commission approves the examinations and if the examinations apply to the position in the city for which the applicant is taking the examination. It may also hire persons with expertise to consult in the preparation of such examinations if the persons so hired are employed to aid personnel of the commission in assuring that a fair examination is conducted. A fair examination shall explore the competence of the applicant in the particular field of examination.

3. Vacancies in civil service promotional grades shall be filled by lateral transfer, voluntary demotion, or promotion of employees of the city to the extent that the city employees qualify for the positions. When laterally transferred, voluntarily demoted, or promoted, an employee shall hold full civil service rights in the position. If an employee

of the city does not pass the promotional examination and otherwise qualify for a vacated position, or if an employee of the city does not apply for a vacated position, an entrance examination may be used to fill the vacancy.

4. If there is a certified list of qualified candidates for a promotional appointment, the following procedures shall be followed:

a. A publication stating that interviews are being scheduled to make a new certified list to fill a vacancy in a civil service promotional grade classification shall be posted for at least five working days before the closing date for the interviews in the same locations where examination notices are posted.

b. An employee who wishes to voluntarily demote or to laterally transfer into a vacancy and has previously been or is currently in the classification where the vacancy exists, shall notify the civil service commission of the employee's interest in the vacant position. The employee shall be added to the list of candidates to be interviewed and considered for the vacancy.

5. If there is no certified list of qualified candidates for a promotional appointment, the following procedures shall be followed:

a. When an examination announcement is posted to make a certified list of qualified candidates, the announcement shall also state that an employee who has been or is currently employed in the classification where the vacancy exists, may notify the civil service commission of the employee's interest in the vacant position. Upon notification, the employee shall be added to the list of candidates for an interview and consideration for the vacant position.

b. All civil service employees of a city who meet the minimum qualifications for a classification, shall have the right to compete in the civil service examination process to establish a certified list of qualified candidates.

400.11 Names certified — temporary appointment.

The commission, within one hundred eighty days after the beginning of each competitive examination for original appointment, shall certify to the city council a list of the names of forty persons, or a lesser number as determined by the commission, who qualify with the highest standing as a result of each examination for the position they seek to fill, or the number which have qualified if less than forty, in the order of their standing, and all newly created offices or other vacancies in positions under civil service which occur before the beginning of the next examination for the positions shall be filled from the lists, or from the preferred list existing as provided for in case of diminution of employees, within thirty days. If a tie occurs in the examination scores which would qualify persons for the last position on the list, the list of the names of the persons who qualify with the highest standing as a result of each examination shall include all persons who qualify for the last position. Preference for temporary service in civil service positions shall be given those on the lists. However, the commission may certify a list of names eligible for appointment subject to successfully completing a medical examination. The medical examination shall be provided pursuant to commission rules adopted under section 400.8.

The commission may hold in reserve, for original appointments, additional lists of forty persons, each next highest in standing, in order of their grade, or such number as may qualify if less than forty. If the list of up to forty persons provided in the first paragraph is exhausted within one year, the commission may certify such additional lists of up to forty persons each, in order of their standing, to the council as eligible for appointment to fill such vacancies as may exist.

The commission, within ninety days after the beginning of each competitive examination for promotion, shall certify to the city council a list of names of the ten persons who qualify with the highest standing as a result of each examination for the position the persons seek to fill, or the number which have qualified if less than ten, in the order of their standing and all newly created offices or other vacancies in positions under civil service which occur before the beginning of the next examination for the positions shall be filled from the lists, or from the preferred list existing as provided

for in the case of diminution of employees, within thirty days. If a tie occurs in the examination scores which would qualify persons for the tenth position on the list, the list of names of the persons who qualify with the highest standing as a result of each examination shall include all persons who qualify for the tenth position.

Except where the preferred list exists, persons on the certified eligible list for promotion shall hold preference for promotion for two years following the date of certification, except for certified eligible lists of fire fighters as defined in section 411.1, subsection 9, which lists shall hold preference for three years upon approval of the commission, after which the lists shall be canceled and promotion to the grade shall not be made until a new list has been certified eligible for promotion.

When there is no such preferred list or certified eligible list, or when the eligible list shall be exhausted, the person or body having the appointing power may temporarily fill a newly created office or other vacancy only until an examination can be held and the names of qualified persons be certified by the commission, and such temporary appointments are hereby limited to ninety days for any one person in the same vacancy, but such limitation shall not apply to persons temporarily acting in positions regularly held by another. Any person temporarily filling a vacancy in a position of higher grade for twenty days or more, shall receive the salary paid in such higher grade.

In the event that an employee has been promoted from one classification or grade to another, the employee's civil service seniority rights shall be continuous in any department grade or classification that the employee formerly held.

A list of all civil service employees shall be prepared and posted in the city hall by the civil service commission on or before July 1 of each year, indi-

Such person shall also transfer the number of years served as seniority toward other benefits provided by the city which hires the person. If a chief of a police or fire department is relieved of that position, the person shall be entitled to remain in the department for which the person was chief at a position commensurate with the person's civil service status, even if this means that the city must create a position for the person to fill until a regular position becomes vacant.

In cities under the commission plan of government the superintendent of public safety, with the approval of the city council, shall appoint the chief of the fire department and the chief of the police department. In cities under a council-manager form of government the city manager shall make the appointments with the approval of the city council, and in all other cities the appointments shall be made as provided by city ordinance or city charter.

The city attorney or solicitor shall be the attorney for the commission or when requested by the commission shall present matters concerning civil service employees to the commission, except the commission may hire a counselor or an attorney on a per diem basis to represent it when in the opinion of the commission there is a conflict of interest

400.28 Employees — number diminished.

When the public interest requires a diminution of employees in a classification or grade under civil service, the city council, acting in good faith, may either:

1. Abolish the office and remove the employee from the employee's classification or grade thereunder, or
2. Reduce the number of employees in any classification or grade by suspending the necessary number.

In case it thus becomes necessary to so remove or suspend any such employees, the persons so removed or suspended shall be those having seniority of the shortest duration in the classifications or grades affected, and such seniority shall be computed as provided in section 400.12 for all persons holding seniority in the classification or grade affected, regardless of their seniority in any other classification or grade, but any such employee so removed from any classification or grade shall revert to the employee's seniority in the next lower grade or classification; if such seniority is equal, then the one less efficient and competent as determined by the person or body having the appointing power shall be the one affected.

In case of removal or suspension, the civil service commission shall issue to each person affected one certificate showing the person's com-

parative seniority or length of service in each of the classifications or grades from which the person is so removed and the fact that the person has been honorably removed. The certificate shall also list each classification or grade in which the person was previously employed. The person's name shall be carried for a period of not less than three years after the suspension or removal on a preferred list and appointments or promotions made during that period to the person's former duties in the classification or grade shall be made in the order of greater seniority from the preferred lists.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §403.1]

403.2 Declaration of policy.

1. It is hereby found and declared that there exist in municipalities of the state slum and blighted areas, as herein defined, which constitute a serious and growing menace, injurious to the public health, safety, morals and welfare of the residents of the state; that the existence of such

areas contributes substantially and increasingly to the spread of disease and crime, constitutes an economic and social liability imposing onerous municipal burdens which decrease the tax base and reduce tax revenues, substantially impairs or arrests the sound growth of municipalities, retards the provision of housing accommodations, aggravates traffic problems and substantially impairs or arrests the elimination of traffic hazards and the improvement of traffic facilities; and that the prevention and elimination of slums and blighted areas is a matter of state policy and state concern in order that the state and its municipali-

ties shall not continue to be endangered by areas which are focal centers of disease, promote juvenile delinquency and consume an excessive proportion of state revenues because of the extra services required for police, fire, accident, hospitalization and other forms of public protection, services and facilities.

2. It is further found and declared that certain slum or blighted areas, or portions thereof, may require acquisition, clearance, and disposition subject to use restrictions, as provided in this chapter, since the prevailing condition of decay may make impracticable the reclamation of the area by conservation or rehabilitation; that other areas or portions thereof may, through the means provided in this chapter, be susceptible of conservation or rehabilitation in such a manner that the conditions and evils hereinbefore enumerated may be eliminated, remedied or prevented; and that fringe areas can be conserved and rehabilitated through appropriate public action as herein authorized, and through the co-operation and voluntary action of the owners and tenants of property in such areas.

3. It is further found and declared that there exists in this state the continuing need for programs to alleviate and prevent conditions of unemployment and a shortage of housing; and that it is accordingly necessary to assist and retain local industries and commercial enterprises to strengthen and revitalize the economy of this state and its municipalities; that accordingly it is necessary to provide means and methods for the encouragement and assistance of industrial and commercial enterprises in locating, purchasing, constructing, reconstructing, modernizing, improving, maintaining, repairing, furnishing, equipping, and expanding in this state and its municipalities, for the provision of public improvements related to housing and residential development, and for the construction of housing for low and moderate income families; that accordingly it is necessary to authorize local governing bodies to designate areas of a municipality as economic development areas for commercial and industrial enterprises, public improvements related to housing and residential development, or construction of housing for low and moderate income families; and that it is also necessary to encourage the location and expansion of commercial enterprises to more conveniently provide needed services and facilities of the commercial enterprises to municipalities and the residents of the municipalities. Therefore, the powers granted in this chapter constitute the performance of essential public purposes for this state and its municipalities.

4. It is further found and declared that the powers conferred by this chapter are for public uses and purposes for which public money may be expended and for which the power of eminent domain and police power exercised; and that the necessity in the public interest for the provisions

herein enacted is hereby declared as a matter of legislative determination.

403.3 Municipal program.

The local governing body of a municipality may formulate for the municipality a workable program for utilizing appropriate private and public resources to eliminate slums and prevent the development or spread of slums and urban blight and to encourage needed urban rehabilitation. Such workable program may include, without limitation, provisions for:

1. The prevention of the spread of blight into areas of the municipality which are free from blight, through diligent enforcement of housing, zoning and occupancy controls and standards.

2. The rehabilitation or conservation of slum or blighted areas or portions thereof by replanning, by removing congestion, by providing parks, playgrounds and other public improvements, by encouraging voluntary rehabilitation and by compelling the repair and rehabilitation of deteriorated or deteriorating structures.

3. The clearance of slum and blighted areas or portions thereof.

4. The redevelopment of slum and blighted areas by approval of urban renewal plans.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §403.3]

403.4 Resolution of necessity.

No municipality shall exercise the authority herein conferred upon municipalities by this chapter until after its local governing body shall have adopted a resolution finding that:

1. One or more slum, blighted or economic development areas exist in the municipality.

2. The rehabilitation, conservation, redevelopment, development, or a combination thereof, of the area is necessary in the interest of the public health, safety, or welfare of the residents of the municipality.

403.5 Urban renewal plan.

1. A municipality shall not approve an urban renewal project for an urban renewal area unless the governing body has, by resolution, determined the area to be a slum area, blighted area, economic development area or a combination of those areas, and designated the area as appropriate for an urban renewal project. The local governing body shall not approve an urban renewal plan until a general plan for the municipality has been prepared. For this purpose and other municipal purposes, authority is vested in every municipality to prepare, to adopt and to revise from time to time, a general plan for the physical development of the municipality as a whole, giving due regard to the

environs and metropolitan surroundings. A municipality shall not acquire real property for an urban renewal project unless the local governing body has approved the urban renewal project in accordance with subsection 4.

2. The municipality may itself prepare or cause to be prepared an urban renewal plan; or any person or agency, public or private, may submit such a plan to a municipality. Prior to its approval of an urban renewal plan, the local governing body shall submit such plan to the planning commission of the municipality, if any, for review and recommendations as to its conformity with the general plan for the development of the municipality as a whole. The planning commission shall submit its written recommendations with respect to the proposed urban renewal plan to the local governing body within thirty days after receipt of the plan for review. Upon receipt of the recommendations of the planning commission or, if no recommendations are received within the thirty days, then, without such recommendations, the local governing body may proceed with the hearing on the proposed urban renewal plan prescribed by subsection 3.

Prior to its approval of an urban renewal plan which provides for a division of revenue pursuant to section 403.19, the municipality shall mail the proposed plan by regular mail to the affected taxing entities. The municipality shall include with the proposed plan notification of a consultation to be held between the municipality and affected taxing entities prior to the public hearing on the urban renewal plan. Each affected taxing entity may appoint a representative to attend the consultation. The consultation may include a discussion of the estimated growth in valuation of taxable property included in the proposed urban renewal area, the fiscal impact of the division of revenue on the affected taxing entities, the estimated impact on the provision of services by each of the affected taxing entities in the proposed urban renewal area, and the duration of any bond issuance included in the plan. The designated representative of the affected taxing entity may make written recommendations for modification to the proposed division of revenue no later than seven days following the date of the consultation. The representative of the municipality shall, no later than seven days prior to the public hearing on the urban renewal plan, submit a written response to the affected taxing entity addressing the recommendations for modification to the proposed division of revenue.

3. The local governing body shall hold a public hearing on an urban renewal plan after public notice thereof by publication in a newspaper having a general circulation in the area of operation of the municipality. The notice shall describe the time, date, place and purpose of the hearing, shall generally identify the urban renewal area covered by the plan, and shall outline the general scope of the

urban renewal activities under consideration. A copy of the notice shall be sent by ordinary mail to each affected taxing entity.

4. Following such hearing, the local governing body may approve an urban renewal plan if it finds that:

a. A feasible method exists for the location of families who will be displaced from the urban renewal area into decent, safe and sanitary dwelling accommodations within their means and without undue hardship to such families.

b. The urban renewal plan conforms to the general plan of the municipality as a whole; provided, that if the urban renewal area consists of an area of open land to be acquired by the municipality, such area shall not be so acquired except:

(1) If it is to be developed for residential uses, the local governing body shall determine that a shortage of housing of sound standards and design with decency, safety and sanitation exists in the municipality; that the acquisition of the area for residential uses is an integral part of and essential to the program of the municipality; and that one or more of the following conditions exist:

(*a.*) That the need for housing accommodations has been or will be increased as a result of the clearance of slums in other areas, including other portions of the urban renewal area.

(*b.*) That conditions of blight in the municipality and the shortage of decent, safe and sanitary housing cause or contribute to an increase in and spread of disease and crime, so as to constitute a menace to the public health, safety, morals, or welfare.

(*c.*) That the provision of public improvements related to housing and residential development will encourage housing and residential development which is necessary to encourage the retention or relocation of industrial and commercial enterprises in this state and its municipalities.

(*d.*) The acquisition of the area is necessary to provide for the construction of housing for low and moderate income families.

(2) If it is to be developed for nonresidential uses, the local governing body shall determine that such nonresidential uses are necessary and appropriate to facilitate the proper growth and development of the community in accordance with sound planning standards and local community objectives. The acquisition may require the exercise of governmental action, as provided in this chapter, because of defective or unusual conditions of title, diversity of ownership, tax delinquency, improper subdivisions, outmoded street patterns, deterioration of site, economic disuse, unsuitable topography or faulty lot layouts, or because of the need for the correlation of the area with other areas of a municipality by streets and modern traffic requirements, or any combination of such factors or other conditions which retard development of the area.

A municipality shall not condemn agricultural land included within an economic development

area unless the owner of the agricultural land consents to condemnation or unless the agricultural land is to be acquired for industry as that term is defined in section 260E.2. This paragraph shall not apply to land necessary or useful for the operation of a city utility as defined in section 362.2, for the operation of a city franchise conferred the authority to condemn private property under section 364.2, or a combined utility system as defined in section 384.80.

5. An urban renewal plan may be modified at any time: Provided, that if modified after the lease or sale by the municipality of real property in the urban renewal project area, such modification may be conditioned upon such approval of the owner, lessee or successor in interest as the municipality may deem advisable, and in any event such modification shall be subject to such rights at law or in equity as a lessee or purchaser, or a lessee's or purchaser's successor or successors in interest, may be entitled to assert. The municipality shall comply with the notification and consultation process provided in this section prior to the approval of any amendment or modification to an adopted urban renewal plan if such amendment or modification provides for refunding bonds or refinancing resulting in an increase in debt service or provides for the issuance of bonds or other indebtedness, to be funded primarily in the manner provided in section 403.19.

6. Upon the approval by a municipality of an urban renewal plan or of any modification thereof, such plan or modification shall be deemed to be in full force and effect for the respective urban renewal area, and the municipality may then cause such plan or modification to be carried out in accordance with its terms.

7. Notwithstanding any other provisions of this chapter, where the local governing body certifies that an area is in need of redevelopment or rehabilitation as a result of a flood, fire, hurricane, earthquake, storm, or other catastrophe respecting which the governor of the state has certified the need for disaster assistance under Pub. L. No. 875, Eighty-first Congress, 64 Stat. L. 1109; 42 U.S.C. § 1855-1855g or other federal law, the local governing body may approve an urban renewal plan and an urban renewal project with respect to such area without regard to the provisions of subsection 4 and without regard to provisions of this section requiring notification and consultation, a general plan for the municipality, and a public hearing on the urban renewal plan or project.

403.6 Powers of municipality.

Every municipality shall have all the powers necessary or convenient to carry out and effectuate the purposes and provisions of this chapter, including the following powers in addition to others herein granted:

1. To undertake and carry out urban renewal projects within its area of operation; and to make and execute contracts and other instruments necessary or convenient to the exercise of its powers under this chapter; and to disseminate slum clearance and urban renewal information.

2. To arrange or contract for the furnishing or repair by any person of services, privileges, works, streets, roads, public utilities or other facilities for or in connection with an urban renewal project; to install, construct, and reconstruct streets, utilities, parks, playgrounds, and other public improvements; and to agree to any conditions, that it may deem reasonable and appropriate, attached to federal financial assistance and imposed pursuant to federal law relating to the determination of prevailing salaries or wages or compliance with labor standards, in the undertaking or carrying out of an urban renewal project; and to include in any contract let in connection with such a project, provisions to fulfill such of said conditions as it may deem reasonable and appropriate.

3. Within its area of operation, to enter into any building or property in any urban renewal area in order to make inspections, surveys, appraisals, soundings or test borings, and to obtain an order for this purpose from a court of competent jurisdiction in the event entry is denied or resisted; to acquire by purchase, lease, option, gift, grant, bequest, devise, eminent domain or otherwise, any real property, or personal property for administrative purposes, together with any improvements thereon; to hold, improve, clear or prepare for redevelopment any such property; to mortgage, pledge, hypothecate or otherwise encumber or dispose of any real property; to insure or provide for the insurance of any real or personal property or operations of the municipality against any risks or hazards, including the power to pay premiums on any such insurance; and to enter into any contracts necessary to effectuate the purposes of this chapter: Provided, however, that no statutory provision with respect to the acquisition, clearance or disposition of property by public bodies shall restrict a municipality or other public body exercising powers hereunder in the exercise of such functions with respect to an urban renewal project, unless the legislature shall specifically so state.

4. To invest any urban renewal project funds held in reserves or sinking funds, or any such funds not required for immediate disbursement, in property or securities in which a state bank may legally invest funds subject to its control; to redeem such bonds as have been issued pursuant to

section 403.9 at the redemption price established therein, or to purchase such bonds at less than redemption price, all such bonds so redeemed or purchased to be canceled.

5. To borrow money and to apply for and accept advances, loans, grants, contributions and any other form of financial assistance from the federal government, the state, county, or other public body, or from any sources, public or private, for the purposes of this chapter, and to give such security as may be required, and to enter into and carry out contracts in connection therewith. A municipality may include in any contract, for financial assistance with the federal government for an urban renewal project, such conditions imposed pursuant to federal laws as the municipality may deem reasonable and appropriate and which are not inconsistent with the purposes of the chapter.

6. Within its area of operation, to make or have made all surveys and planning necessary to the carrying out of the purposes of this chapter, and to contract with any person in making and carrying out of such planning, and to adopt or approve, modify and amend such planning. Such planning may include, without limitation:

- a. A general plan for the locality as a whole;
- b. Urban renewal plans;
- c. Preliminary plans outlining urban renewal activities for neighborhoods to embrace two or more urban renewal areas;
- d. Planning for carrying out a program of voluntary or compulsory repair and rehabilitation of buildings and improvements;
- e. Planning for the enforcement of state and local laws, codes and regulations relating to the use of land and the use and occupancy of buildings and improvements and to the compulsory repair, rehabilitation, demolition, or removal of buildings and improvements;
- f. Appraisals, title searches, surveys, studies, and other planning and work necessary to prepare for the undertaking of urban renewal projects. The municipality is authorized to develop, test, and report methods and techniques, and carry out demonstrations and other activities, for the prevention and the elimination of slums and urban blight and to apply for, accept and utilize grants of funds from the federal government for such purposes.

7. To plan for the relocation of persons, including families, business concerns and others, displaced by an urban renewal project, and to make relocation payments to or with respect to such persons for moving expenses and losses of property for which reimbursement or compensation is not otherwise made, including the making of such payments financed by the federal government. Other provisions of the Code notwithstanding, in making such payments on projects not federally funded, the municipality may pay relocation assistance benefits in the amounts authorized by the Uniform Relocation Assistance and Real Property

Acquisition Policies Act of 1970, Pub. L. No. 91-646, as amended by the Uniform Relocation Act Amendments of 1987, Title IV, Pub. L. No. 100-17.

8. To appropriate such funds and make such expenditures as may be necessary to carry out the purposes of this chapter, and to levy taxes and assessments for such purposes; to zone or rezone any part of the municipality or make exceptions from building regulations; and to enter into agreements, respecting action to be taken by such municipality pursuant to any of the powers granted by this chapter, with an urban renewal agency vested with urban renewal project powers under section 403.14, which agreements may extend over any period, notwithstanding any provision of rule of law to the contrary.

9. To close, vacate, plan or replan streets, roads, sidewalks, ways or other places; and to plan or replan any part of the municipality.

10. Within its area of operation, to organize, co-ordinate and direct the administration of the provisions of this chapter as they apply to such municipality in order that the objective of remedying slum and blighted areas, and preventing the causes thereof, within such municipality, may be most effectively promoted and achieved; and to establish such new office or offices of the municipality, or to reorganize existing offices, in order to carry out such purpose most effectively.

11. To exercise all or any part of combination of powers herein granted.

12. To approve urban renewal plans.

13. To sell and convey real property in furtherance of an urban renewal project.

14. To supplement the rent required to be paid by any family residing in the municipality forced to relocate by reason of any governmental activity, provided it is necessary to do so in order to house such family in decent, safe and sanitary housing and provided further that such family does not have sufficient means, as determined by the municipality, to pay the required rent for such housing. Any such rent supplement for any such family shall not continue for more than five years.

15. To acquire by purchase, gift or condemnation real property within its area of operation for the relocation of railroad passenger and freight depots, tracks, and yard and other railroad facilities and to sell or exchange and convey such real property to railroads.

16. To acquire or dispose of by purchase, construction, or lease, or otherwise to deal in air rights, and facilities or easements for lateral or vertical support of land or structures of any kind.

17. Subject to applicable state or federal regulations in effect at the time of the city action, accept contributions, grants, and other financial assistance from the state or federal government to be used upon a finding of public purpose for grants, loans, loan guarantees, interest supplements, technical assistance, or other assistance as neces-

sary or appropriate to private persons for an urban renewal project.

18. To provide in an urban renewal plan for the exclusion from taxation of value added to real estate during the process of construction for development or redevelopment. The exclusion may be limited as to the scope of exclusion, territory, or class of property affected. However, the value added during construction shall not be eligible for exclusion from taxation for more than two years and the exclusion shall not be applied to a facility which has been more than eighty percent completed as of the most recent date of assessment. This subsection permits the elimination only of those taxes which are levied against assessments made during the construction of the development or redevelopment.

19. A municipality, upon entering into a development or redevelopment agreement pursuant to section 403.8, subsection 1, or as otherwise permitted in this chapter, may enter into a written assessment agreement with the developer of taxable property in the urban renewal area which establishes a minimum actual value of the land and completed improvements to be made on the land until a specified termination date which shall not be later than the date after which the tax increment will no longer be remitted to the municipality pursuant to section 403.19, subsection 2. The assessment agreement shall be presented to the appropriate assessor. The assessor shall review the plans and specifications for the improvements to be made and if the minimum actual value contained in the assessment agreement appears to be reasonable, the assessor shall execute the following certification upon the agreement:

The undersigned assessor, being legally responsible for the assessment of the above described property upon completion of the improvements to be made on it, certifies that the actual value assigned to that land and improvements upon completion shall not be less than \$

This assessment agreement with the certification of the assessor and a copy of this subsection shall be filed in the office of the county recorder of the county where the property is located. Upon completion of the improvements, the assessor shall value the property as required by law, except that the actual value shall not be less than the minimum actual value contained in the assessment agreement. This subsection does not prohibit the assessor from assigning a higher actual value to the property or prohibit the owner from seeking administrative or legal remedies to reduce the actual value assigned except that the actual value shall not be reduced below the minimum actual value contained in the assessment agreement. An

assessor, county auditor, board of review, director of revenue and finance or court of this state shall not reduce or order the reduction of the actual value below the minimum actual value in the agreement during the term of the agreement regardless of the actual value which may result from the incomplete construction of improvements, destruction or diminution by any cause, insured or uninsured, except in the case of acquisition or reacquisition of the property by a public entity. Recording of an assessment agreement complying with this subsection constitutes notice of the assessment agreement to a subsequent purchaser or encumbrancer of the land or any part of it, whether voluntary or involuntary, and is binding upon a subsequent purchaser or encumbrancer.

The provisions of this chapter shall be liberally interpreted to achieve the purposes of this chapter.

403.7 Condemnation of property.

A municipality shall have the right to acquire by condemnation any interest in real property, including a fee simple title thereto, which it may deem necessary for or in connection with an urban renewal project under this chapter. However, a municipality shall not condemn agricultural land included within an economic development area unless the owner of the agricultural land consents to condemnation or unless the agricultural land is to be acquired for industry as that term is defined in section 260E.2. A municipality may exercise the power of eminent domain in the manner provided in chapter 6B, and Acts amendatory to that chapter or supplementary to that chapter, or it may exercise the power of eminent domain in the manner now or which may be hereafter provided by any other statutory provisions for the exercise of the power of eminent domain. Property already devoted to a public use may be acquired in like manner. However, real property belonging to the state, or any political subdivision of this state, shall not be acquired without its consent, and real property or any right or interest in the property owned by any public utility company, pipeline company, railway or transportation company vested with the right of eminent domain under the laws of this state, shall not be acquired without the consent of the company, or without first securing, after due notice to the company and after hearing, a certificate authorizing condemnation of the property from the board, commission or body having the authority to grant a certificate authorizing condemnation. In a condemnation proceeding, if a municipality proposes to take a part of a lot or parcel of real property, the municipality shall also

take the remaining part of the lot or parcel if requested by the owner.

403.8 Sale or lease of property.

1. A municipality may sell, lease or otherwise transfer real property or any interest in real property acquired by it, and may enter into contracts for such purposes, in an urban renewal area for residential, recreational, commercial, industrial or other uses, or for public use, subject to covenants, conditions and restrictions, including covenants running with the land, it deems to be necessary or desirable to assist in preventing the development or spread of future slums or blighted areas, or to otherwise carry out the purposes of this chapter. However, the sale, lease, other transfer, or retention, and any agreement relating to it, may be made only after the approval of the urban renewal plan by the local governing body. The purchasers or lessees and their successors and assigns shall devote the real property only to the uses specified in the urban renewal plan, and they may be obligated to comply with other requirements the municipality determines to be in the public interest, including the requirement to begin within a reasonable time any improvements on the real property required by the urban renewal plan. The real property or interest shall be sold, leased, otherwise transferred, or retained at not less than its fair value for uses in accordance with the urban renewal plan except as provided in subsection 3. In determining the fair value of real property for uses in accordance with the urban renewal plan, a municipality shall take into account and give consideration to the uses provided in the plan; the restrictions upon, and the covenants, conditions and obligations assumed by the purchaser or lessee or by the municipality retaining the property; and the objectives of the plan for the prevention of the recurrence of slum or blighted areas. The municipality in an instrument of conveyance to a private purchaser or lessee may provide that the purchaser or lessee shall not sell, lease or otherwise transfer the real property, without the prior written consent of the municipality, until the purchaser or lessee has completed the construction of any or all improvements which the purchaser or lessee has become obligated to construct. Real property acquired by a municipality which, in accordance with the urban renewal plan, is to be transferred, shall be transferred as rapidly as feasible in the public interest, consistent with the carrying out of the urban renewal plan. A contract for a transfer under the urban re-

newal plan, or a part or parts of the contract or plan as the municipality determines, may be recorded in the land records of the county in a manner to afford actual or constructive notice of the contract or plan.

2. A municipality may dispose of real property in an urban renewal area to private persons only under reasonable competitive bidding procedures it shall prescribe, or as provided in this subsection. A municipality, by public notice by publication in a newspaper having a general circulation in the community, thirty days prior to the execution of a contract to sell, lease or otherwise transfer real property, and prior to the delivery of an instrument of conveyance with respect to the real property under this section, may invite proposals from and make available all pertinent information to any persons interested in undertaking to redevelop or rehabilitate an urban renewal area, or a part of the area. The notice shall identify the area, or portion of the area, and shall state that proposals shall be made by those interested within thirty days after the date of publication of the notice, and that further information available may be obtained at the office designated in the notice. The municipality shall consider all redevelopment or rehabilitation proposals, and the financial and legal ability of the persons making the proposals to carry them out, and the municipality may negotiate with any persons for proposals concerning the purchase, lease or other transfer of real property acquired by the municipality in the urban renewal area. The municipality may accept the proposal it deems to be in the public interest and in furtherance of the purposes of this chapter. However, a notification of intention to accept the proposal shall be filed with the governing body not less than thirty days prior to the acceptance. Thereafter, the municipality may execute a contract in accordance with subsection 1 and may deliver deeds, leases and other instruments and may take all steps necessary to effectuate the contract.

However, this subsection does not apply to real property disposed of for the purpose of development or redevelopment as an industrial building or facility, facilities for use as a center for export for international trade, a home office or regional office facility for a multistate business or which meets the criteria set forth in subsection 3.

3. The requirement that real property or an interest in real property transferred or retained for the purpose of a development or redevelopment be sold, leased, otherwise transferred, or retained at not less than its fair market value does not apply if the developer enters into a written assessment agreement with the municipality pursuant to section 403.6, subsections 18 and 19 and the minimum actual value contained in the assessment agreement would indicate that there will be sufficient taxable valuations to permit the collection of incremental taxes as provided in subsection 2 of section 403.19 to cause the indebtedness and other

costs incurred by the municipality with respect to the property or interest transferred or retained to be repayable as to principal within four tax years following the commencement of full operation of the development.

4. A municipality may temporarily operate and maintain real property acquired in an urban renewal area pending the disposition of the property as authorized in this chapter, without regard to the provisions of subsection 1 above, for such uses and purposes as may be deemed desirable, even though not in conformity with the urban renewal plan.

403.9 Issuance of bonds.

1. A municipality shall have power to periodically issue bonds in its discretion to pay the costs of carrying out the purposes and provisions of this chapter, including, but not limited to, the payment of principal and interest upon any advances for surveys and planning, and the payment of interest on bonds, herein authorized, not to exceed three years from the date the bonds are issued. The municipality shall have power to issue refunding bonds for the payment or retirement of such bonds previously issued by it. Said bonds shall be payable solely from the income and proceeds of the fund and portion of taxes referred to in subsection 2 of section 403.19, and revenues and other funds of the municipality derived from or held in connection with the undertaking and carrying out of urban renewal projects under this chapter. The municipality may pledge to the payment of the bonds the fund and portion of taxes referred to in subsection 2 of section 403.19, and may further secure the bonds by a pledge of any loan, grant or contribution from the federal government or other source in aid of any urban renewal projects of the municipality under this chapter, or by a mortgage of any such urban renewal projects, or any part thereof, title which is vested in the municipality.

2. Bonds issued under this section shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, and shall not be subject to the provisions of any other law or charter relating to the authorization, issuance or sale of bonds. Bonds issued under the provisions of this chapter are declared to be issued for an essential public and governmental purpose and, together with interest thereon and income therefrom, shall be exempted from all taxes.

3. Bonds issued under this section shall be authorized by resolution or ordinance of the local governing body and may be issued in one or more series and shall bear such date or dates, be payable upon demand or mature at such time or times, bear interest at such rate or rates not exceeding

that permitted by chapter 74A be in such denomination or denominations, be in such form either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption, with or without premium, be secured in such manner, and have such other characteristics, as may be provided by such resolution or trust indenture or mortgage issued pursuant thereto.

Before the local governing body may institute proceedings for the issuance of bonds under this section, a notice of the proposed action, including a statement of the amount and purposes of the bonds and the time and place of the meeting at which the local governing body proposes to take action for the issuance of the bonds, must be published as provided in section 362.3. At the meeting, the local governing body shall receive oral or written objections from any resident or property owner of the municipality. After all objections have been received and considered, the local governing body, at that meeting or any subsequent meeting, may take additional action for the issuance of the bonds or abandon the proposal to issue the bonds. Any resident or property owner of the municipality may appeal the decision of the local governing body to take additional action to the district court of the county in which any part of the municipality is located, within fifteen days after the additional action is taken. The additional action of the local governing body is final and conclusive unless the court finds that the municipality exceeded its authority.

4. Such bonds may be sold at not less than ninety-eight percent of par at public or private sale, or may be exchanged for other bonds at not less than ninety-eight percent of par.

5. In case any of the public officials of the municipality whose signatures appear on any bonds or coupons issued under this chapter shall cease to be such officials before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such officials had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to this chapter shall be fully negotiable.

6. In any suit, action or proceeding involving the validity or enforceability of any bond issued under this chapter or the security therefor, any such bond reciting in substance that it has been issued by the municipality in connection with an urban renewal project, as herein defined, shall be conclusively deemed to have been issued for such purpose and such project shall be conclusively deemed to have been planned, located and carried out in accordance with the provisions of this chapter.

1. A municipality may itself exercise its urban renewal project powers, as herein defined, or may, if the local governing body by resolution determines such action to be in the public interest, elect to have such powers exercised by the urban renewal agency, if one exists or is subsequently established in the community. 1. There is hereby created in each municipality a public body corporate and politic to be known as the "urban renewal agency" of the municipality: Provided, that such agency shall not transact any business or exercise its powers hereunder until or unless the local governing body has made the finding prescribed in section 403.4, and has elected to have the urban renewal project powers exercised by an urban renewal agency as provided in section 403.14.

2. Such an employee may participate in an urban renewal project so long as any benefits of such participation accrue to the public generally, such participation affects all or a substantial portion of the properties included or planned to be included in such a project, or such participation promotes the public purposes of such project, and shall limit only that participation by an employee which directly or specifically affects property in which an employer of an employee has an interest.

6. The word “*action*” shall not be deemed to include resolutions advisory to the local governing body or agency by any citizens group, board, body, or commission designated to serve a purely advisory approving or recommending function under this chapter.

7. The limitations of this section shall be construed to permit action by a public official, commissioner, or employee where any benefits of such action accrue to the public generally, such action affects all or a substantial portion of the properties included or planned to be included in such a proj-

ect, or such action promotes the public purposes of such project, and shall be construed to limit only that action by a public official, commissioner, or employee which directly or specifically affects property in which such official, commissioner, or employee has an interest or in which an employer of such official, commissioner, or employee has an interest. Any disclosure required to be made by this section to the local governing body shall concurrently be made to an urban renewal agency which has been vested with urban renewal project powers by the municipality pursuant to the provisions of section 403.14. No commissioner or other officer of any urban renewal agency, board or commission exercising powers pursuant to this chapter shall hold any other public office under the municipality, other than the commissionership or office with respect to such urban renewal agency, board or commission. Any violation of the provisions of this section shall constitute misconduct in office, but no ordinance or resolution of a municipality or agency shall be invalid by reason of a vote or votes cast in violation of the standards of this section unless such vote or votes were decisive in the passage of such ordinance or resolution.

TAX INCREMENT FINANCING

403.19 Division of revenue from taxation — tax increment financing.

A municipality may provide by ordinance that taxes levied on taxable property in an urban renewal area each year by or for the benefit of the state, city, county, school district, or other taxing district, shall be divided as follows:

1. a. Unless otherwise provided in this section, that portion of the taxes which would be produced by the rate at which the tax is levied each year by or for each of the taxing districts upon the total sum of the assessed value of the taxable property in the urban renewal area, as shown on the assessment roll as of January 1 of the calendar year preceding the first calendar year in which the municipality certifies to the county auditor the amount of loans, advances, indebtedness, or bonds payable from the division of property tax revenue, or on the assessment roll last equalized prior to the date of initial adoption of the urban renewal plan if the plan was adopted prior to July 1, 1972, shall be allocated to and when collected be paid into the fund for the respective taxing district as taxes by or for the taxing district into which all other property taxes are paid. However, the municipality may choose to divide that portion of the taxes which would be produced by levying the municipality's portion of the total tax rate levied by or for the municipality upon the total sum of the assessed value of the taxable property in the urban renewal area, as shown on the assessment roll as of January 1 of the calendar year preceding the effective date of the ordinance and if the municipality so chooses, an affected taxing entity may allow a municipality to divide that portion of the taxes which would be produced by levying the affected taxing district's portion of the total tax rate levied by or for the affected taxing entity upon the total

sum of the assessed value of the taxable property in the urban renewal area, as shown on the assessment roll as of January 1 of the calendar year preceding the effective date of the ordinance. This choice to divide a portion of the taxes shall not be construed to change the effective date of the division of property tax revenue with respect to an urban renewal plan in existence on July 1, 1994.

b. For the purpose of allocating taxes levied by or for any taxing district which did not include the territory in an urban renewal area on the effective date of the ordinance or initial adoption of the plan, but to which the territory has been annexed or otherwise included after the effective date, the assessment roll applicable to property in the annexed territory as of January 1 of the calendar year preceding the effective date of the ordinance, which amends the plan to include the annexed area, shall be used in determining the assessed valuation of the taxable property in the annexed area.

c. For the purposes of dividing taxes under section 260E.4, the applicable assessment roll for purposes of paragraph "a" shall be the assessment roll as of January 1 of the calendar year preceding the first written agreement providing that all or a portion of program costs are to be paid for by incremental property taxes. The community college shall file a copy of the agreement with the appropriate assessor. The assessor may, within fourteen days of such filing, physically inspect the applicable taxable business property. If upon such inspection the assessor determines that there has been a change in the value of the property from the value as shown on the assessment roll as of January 1 of the calendar year preceding the filing of the agreement and such change in value is due to new construction, additions or improvements to existing structures, or remodeling of existing structures for which a building permit was required, the assessor shall promptly determine the value of the property as of the inspection in the manner provided in chapter 441 and that value shall be included for purposes of the jobs training project in the assessed value of the employer's taxable business property as shown on the assessment roll as of January 1 of the calendar year preceding the filing of the agreement. The assessor, within thirty days of such filing, shall notify the community college and the employer or business of that valuation which shall be included in the assessed valuation for purposes of this subsection and section 260E.4. The value determined by the assessor shall reflect the change in value due solely to new construction, additions or improvements to existing structures, or remodeling of existing structures for which a building permit was required.

2. That portion of the taxes each year in excess of such amount shall be allocated to and when collected be paid into a special fund of the municipality to pay the principal of and interest on loans,

moneys advanced to, or indebtedness, whether funded, refunded, assumed, or otherwise, including bonds issued under the authority of section 403.9, subsection 1, incurred by the municipality to finance or refinance, in whole or in part, an urban renewal project within the area, and to provide assistance for low and moderate income family housing as provided in section 403.22, except that taxes for the regular and voter-approved physical plant and equipment levy of a school district imposed pursuant to section 298.2 and taxes for the payment of bonds and interest of each taxing district must be collected against all taxable property within the taxing district without limitation by the provisions of this subsection. However, all or a portion of the taxes for the physical plant and equipment levy shall be paid by the school district to the municipality if the municipality certifies to the school district by July 1 the amount of such levy that is necessary to pay the principal and interest on indebtedness incurred by the municipality to finance an urban renewal project, which indebtedness was incurred before July 1, 2000. Such school district shall pay over the amount certified by November 1 following certification to the school district. Unless and until the total assessed valuation of the taxable property in an urban renewal area exceeds the total assessed value of the taxable property in such area as shown by the last equalized assessment roll referred to in subsection 1, all of the taxes levied and collected upon the taxable property in the urban renewal area shall be paid into the funds for the respective taxing districts as taxes by or for the taxing districts in the same manner as all other property taxes. When such loans, advances, indebtedness, and bonds, if any, and interest thereon, have been paid, all moneys thereafter received from taxes upon the taxable property in such urban renewal area shall be paid into the funds for the respective taxing districts in the same manner as taxes on all other property.

3. The portion of taxes mentioned in subsection 2 and the special fund into which they shall be paid, may be irrevocably pledged by a municipality for the payment of the principal and interest on loans, advances, bonds issued under the authority of section 403.9, subsection 1, or indebtedness incurred by a municipality to finance or refinance, in whole or in part, the urban renewal project within the area.

4. As used in this section the word "taxes" includes, but is not limited to, all levies on an ad valorem basis upon land or real property.

5. A municipality shall certify to the county auditor on or before December 1 the amount of loans, advances, indebtedness, or bonds which qualify for payment from the special fund referred to in subsection 2, and the filing of the certificate shall make it a duty of the auditor to provide for the division of taxes in each subsequent year until the amount of the loans, advances, indebtedness,

or bonds is paid to the special fund. In any year, the county auditor shall, upon receipt of a certified request from a municipality filed on or before December 1, increase the amount to be allocated under subsection 1 in order to reduce the amount to be allocated in the following fiscal year to the special fund, to the extent that the municipality does not request allocation to the special fund of the full portion of taxes which could be collected. Upon receipt of a certificate from a municipality, the auditor shall mail a copy of the certificate to each affected taxing district.

6. Tax collections within each taxing district may be allocated to the entire taxing district including the taxes on the valuations determined under subsection 1 and to the special fund created under subsection 2 in the proportion of their taxable valuations determined as provided in this section.

403.20 Percentage of adjustment considered in value assessment.

In determining the assessed value of property within an urban renewal area which is subject to a division of tax revenues pursuant to section 403.19, the difference between the actual value of the property as determined by the assessor each year and the percentage of adjustment certified for that year by the director of revenue and finance on or before November 1 pursuant to section 441.21, subsection 9, multiplied by the actual value of the property as determined by the assessor, shall be subtracted from the actual value of the property as determined pursuant to section 403.19, subsection 1. If the assessed value of the property as determined pursuant to section 403.19, subsection 1, is reduced to zero, the additional valuation reduction shall be subtracted from the actual value of the property as determined by the assessor.

403.21 Communication and cooperation regarding new jobs training projects.

1. In order to promote communication and cooperation among cities, counties, and community colleges with respect to the allocation and division of taxes, no jobs training projects as defined in chapter 260E or 260F shall be undertaken within the area of operation of a municipality after July 1, 1995, unless the municipality and the community college have entered into an agreement or have jointly adopted a plan relating to a community col-

lege's new jobs training program which shall provide for a procedure for advance notification to each affected municipality, for exchange of information, for mutual consultation, and for procedural guidelines for all such new jobs training projects, including related project financing to be undertaken within the area of operation of the municipality. The joint agreement or the plan shall state its precise duration and shall be binding on the community college and the municipality with respect to all new jobs training projects, including related project financing undertaken during its existence. The joint agreement or plan shall be effective upon adoption and shall be placed on file in the office of the secretary of the board of directors of the community college and such other location as may be stated in the joint agreement or plan. The joint agreement or plan shall also be sent to each school district which levied or certified for levy a property tax on any portion of the taxable property located in the area of operation of the municipality in the fiscal year beginning prior to the calendar year in which the plan is adopted or the agreement is reached. If no such agreement is reached or plan adopted, the community college shall not use incremental property tax revenues to fund jobs training projects within the area of operation of the municipality. Agreements entered into between a community college and a city or county pursuant to chapter 28E shall not apply.

2. The community college shall send a copy of the final agreement prepared pursuant to section 260E.3 to the department of economic development. For each year in which incremental property taxes are used to pay job training certificates issued for a project creating new jobs, the community college shall provide to the department of economic development a report of the incremental property taxes and new jobs credits from withholding generated for that year, a specific description of the training conducted, the number of employees provided program services under the project, the median wage of employees in the new jobs in the project, and the administrative costs directly attributable to the project.

3. The community college shall send a copy of the final agreement prepared pursuant to section 260F.3 to the department of economic development. For each year in which incremental property taxes are used to retire debt service on a jobs training advance issued for a project creating new jobs, the community college shall provide to the department of economic development a report of the incremental property taxes and new jobs credits from withholding generated for that year, a specific description of the training conducted, the number of employees provided program services under the project, and the median wage of employees in the new jobs in the project, and the administrative costs directly attributable to the project.

403.22 Public improvements related to housing and residential development — low income assistance requirements.

1. With respect to any urban renewal area established upon the determination that the area is an economic development area, a division of revenue as provided in section 403.19 shall not be allowed for the purpose of providing or aiding in the provision of public improvements related to housing and residential development, unless the municipality assures that the project will include assistance for low and moderate income family housing. For a municipality with a population over fifteen thousand, the amount to be provided for low and moderate income family housing for such projects shall be either equal to or greater than the percentage of the original project cost that is equal to the percentage of low and moderate income residents for the county in which the urban renewal area is located as determined by the United States department of housing and urban development using section 8 guidelines or by providing such other amount as set out in a plan adopted by the municipality and approved by the Iowa department of economic development if the municipality can show that it cannot undertake the project if it has to meet the low and moderate income assistance requirements. However, the amount provided for low and moderate income family housing for such projects shall not be less than an amount equal to ten percent of the original project cost.

For a municipality with a population of fifteen thousand or less, the amount to be provided for low and moderate income family housing shall be the same as for a municipality of over fifteen thousand in population, except that a municipality of fifteen thousand or less in population is not subject to the requirement to provide not less than an amount equal to ten percent of the original project cost for low and moderate income family housing.

For a municipality with a population of five thousand or less, the municipality need not provide any low and moderate income family housing assistance if the municipality has completed a housing needs assessment meeting the standards set out by the department of economic development, which shows no low and moderate income housing need, and the department of economic development agrees that no low and moderate income family housing assistance is needed.

2. The assistance to low and moderate income housing may be in, but is not limited to, any of the following forms:

a. Lots for low and moderate income housing within or outside the urban renewal area.

b. Construction of low and moderate income housing within or outside the urban renewal area.

c. Grants, credits or other direct assistance to low and moderate income families living within or outside the urban renewal area, but within the area of operation of the municipality.

3. Sources for low and moderate income family housing assistance may include the following:

a. Proceeds from loans, advances, bonds or indebtedness incurred.

b. Annual distributions from the division of revenues pursuant to section 403.19 related to the urban renewal area.

c. Lump sum or periodic direct payments from developers or other private parties under an agreement for development or redevelopment between the municipality and a developer.

d. Any other sources which are legally available for this purpose.

4. The assistance to low and moderate income family housing may be expended outside the boundaries of the urban renewal area.

5. Except for a municipality with a population under fifteen thousand, the division of the revenue under section 403.19 for each project under this section shall be limited to tax collections for ten fiscal years beginning with the second fiscal year after the year in which the municipality first certifies to the county auditor the amount of any loans, advances, indebtedness, or bonds which qualify for payment from the division of the revenue in connection with the project. A municipality with a population under fifteen thousand may, with the approval of the governing bodies of all other affected taxing districts, extend the division of revenue under section 403.19 for up to five years if necessary to adequately fund the project. The portion of the urban renewal area which is involved in a project under this section shall not be subject to any subsequent division of revenue under section 403.19.

6. A municipality shall not prohibit or restrict the construction of manufactured homes in any project for which public improvements were finalized under this section. As used in this subsection, "manufactured home" means the same as under section 435.1, subsection 3.

403.23 Annual reporting.

1. On or before December 1 of each year, the municipality shall submit an annual financial report containing the information required in section 403.15, subsection 5, to the department of management and to the county auditor of the county in which the municipality is located. - h. The number of businesses that have located in each urban renewal area.
- i. The number of urban renewal projects that have been completed in each urban renewal area.
- j. The type and term length of financing for urban renewal projects.
- k. The amount of loans, advances, indebtedness, or bonds which qualified for payment from the special fund for each urban renewal project in

the preceding fiscal year.

l. The total of the amount specified in paragraph "k" for each urban renewal area located in the municipality.

2. At the request of the legislative fiscal bureau, the department of management shall provide the reports and additional information to the legislative fiscal bureau. The department of management, in consultation with the legislative fiscal bureau, shall determine reporting criteria for reports filed with the department pursuant to this section.

3. If a municipality does not file the annual report with the department of management and the county auditor by December 1, the county treasurer shall withhold disbursement of incremental taxes to the municipality until the annual report is filed beginning immediately with the next following disbursement of taxes. 403A.4 Aid from federal government.

In addition to the powers conferred upon a municipality by other provisions of this chapter, a municipality is empowered to borrow money or accept contributions, grants or other financial assistance from the federal government for or in aid of any housing project within its area of operation, to take over, lease or manage any project or undertaking constructed or owned by the federal government, and to these ends, to comply with such conditions and enter into such contracts, covenants, mortgages, trust indentures, leases or agreements as may be necessary, convenient or desirable. It is the purpose and intent of this chapter to authorize every municipality to do any and all things necessary or desirable to secure the financial aid or co-operation of the federal government in the undertaking, construction, maintenance or operation of any housing project by such municipality. To accomplish this purpose a municipality, notwithstanding the provisions of any other law, may include in any contract for financial assistance with the federal government any provisions, which the federal government may require as conditions to its financial aid of a housing project, not inconsistent with the purposes of this chapter.

[C62, 66, 71, 73, 75, 77, 79, 81, §403A.4]

403A.5 Exercise of municipal housing powers — municipal housing agency.

Any municipality may create, in such municipality, a public body corporate and politic to be known as the "Municipal Housing Agency" of such municipality except that such agency shall not transact any business or exercise its powers hereunder until or unless the local governing body has elected to exercise its municipal housing powers through such an agency as prescribed in this section.

If the municipal housing agency is authorized to transact business and exercise powers hereunder, the mayor, by and with the advice and consent of the local governing body, shall appoint a board of commissioners of the municipal housing agency which board shall consist of five commissioners. The term of office for three of the commissioners originally appointed shall be two years and the term of office for two of the commissioners originally appointed shall be one year. Thereafter the term of office for each commissioner shall be two years. In cities having a population of more than one hundred thousand, the city council may establish, by ordinance, the number of commissioners at not less than five.

A commissioner shall receive no compensation for services, but shall be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of a duty. Each commissioner shall hold office until a successor has been appointed and has qualified. A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk of the municipality, and the certificate shall be conclusive evidence of the due and proper appointment of the commissioner.

The powers of a municipal housing agency shall be exercised by the commissioners. A majority of the commissioners shall constitute a quorum for the purpose of conducting business and exercising the powers of the agency, and for all other purposes. Action may be taken by the agency upon a vote of a majority of the commissioners present, unless in any case the bylaws shall require a larger number. Any persons may be appointed as commissioners if they reside within the area of operation of the agency, which area shall be coterminous with the area of operation of the municipality, and if they are otherwise eligible for appointments under this chapter.

The mayor shall designate a chairperson and vice chairperson from among the commissioners. An agency may employ an executive director, technical experts and such other agents and employees, permanent and temporary, as it may require, and the agency may determine their qualifications, duties and compensation. For such legal service as it may require, an agency may employ or retain its own counsel and legal staff. An agency authorized to transact business and exercise powers under this chapter shall file, with the local governing body, on or before September 30 of each year, a report of its activities for the preceding fiscal year, which report shall include a complete financial statement setting forth its assets, liabilities, income and operating expense as of the end of such fiscal year. At the time of filing the report, the agency shall publish in a newspaper of general circulation in the community a notice to the effect that such report has been filed with the municipality, and that the report is available for

inspection during business hours in the office of the city clerk and in the office of the agency.

For inefficiency, or neglect of duty, or misconduct in office, a commissioner may be removed by a majority vote of the governing body of the municipality only after a hearing before the body, and after the commissioner shall have been given a copy of the charges at least ten days prior to such hearing, and after the commissioner shall have had an opportunity to be heard in person or by counsel.

A municipality may itself exercise the powers in connection with municipal housing as defined in this chapter, or may, if the local governing body by resolution determines such action to be in the public interest, elect to have such powers exercised by the municipal housing agency, if one exists or is subsequently established in the community. In the event the local governing body makes such determination, the municipal housing agency shall be vested with all of the municipal housing project powers in the same manner as though all such powers were conferred on such agency instead of the municipality. If the local governing body does not elect to make such determination, the municipality in its discretion may exercise its municipal housing project powers through a board or commissioner, or through such officers of the municipality as the local governing body may by resolution determine.

A municipality or a "Municipal Housing Agency" may not proceed with a housing project until a study or a report and recommendation on housing available within the community is made public by the municipality or agency and is included in its recommendations for a housing project. Recommendations must receive majority approval from the local governing body before proceeding on the housing project.

403A.6 Operation of housing not for profit.

It is hereby declared to be the policy of this state that each municipality shall manage and operate its housing projects in an efficient manner so as to enable it to fix the rentals or payments for dwelling accommodations at low rates consistent with its providing decent, safe and sanitary dwelling accommodations for persons of low income, and that no municipality shall construct or operate any housing project for profit, or as a source of revenue to the municipality. To this end the municipality shall fix the rentals or payments for dwellings in its projects at no higher rates than it shall find to be necessary in order to produce revenues which (together with all other available moneys, revenues, income and receipts in connection with or for such projects from whatever sources derived, including federal financial assistance) will

be sufficient (1) to pay, as the same become due, the principal and interest on the bonds issued pursuant to this chapter; (2) to create and maintain such reserves as may be required to assure the payment of principal and interest as it becomes due on such bonds; (3) to meet the cost of, and to provide for, maintaining and operating the projects (including necessary reserves therefor and the cost of any insurance, and of administrative expenses); and (4) to make such payments in lieu of taxes and, after payment in full of all obligations for which federal annual contributions are pledged, to make such repayments of federal and local contributions as it determines are consistent with the maintenance of the low-rent character of projects. Rentals or payments for dwellings shall be established and the projects administered, insofar as possible, so as to assure that any federal financial assistance required shall be strictly limited to amounts and periods necessary to maintain the low-rent character of the projects.

2. Rent or lease to a tenant such dwelling accommodations consisting of the number of rooms which it deems necessary to provide safe and sanitary accommodations to the proposed occupants without overcrowding.

3. Fix income limits for occupancy and rents after taking into consideration the following:

a. The family size, composition, age, physical disabilities, and other factors which might affect the rent-paying ability of the person or family.

b. The economic factors which affect the financial stability and solvency of the project.

However, such determination of eligibility shall be within the limits of the income limits hereinbefore set out.

Nothing contained in this or the preceding section shall be construed as limiting the power of a municipality with respect to a housing project, to vest in an obligee the right, in the event of a default by the municipality, to take possession or cause the appointment of a receiver for the housing project, free from all the restrictions imposed by this or the preceding section.

403A.8 Dwellings for disaster victims and defense workers.

Notwithstanding the provisions of this or any other chapter relating to rentals of, preferences or eligibility for admission to, or occupancy of dwellings in housing projects, during the period when a

municipality determines that there is an acute need in its area of operation for housing to assure the availability of dwellings for persons engaged in national defense activities or for victims of a major disaster, a municipality may undertake the development and administration of housing projects for the federal government, and dwellings in any housing project under the jurisdiction of the municipality may be made available to persons engaged in national defense activities or to victims of a major disaster, as the case may be. A municipality is authorized to contract with the federal government or the state or a state public body for advance payment or reimbursement for the furnishing of housing to victims of a major disaster, including the furnishing of the housing free of charge to needy disaster victims during any period covered by a determination of acute need by the municipality as herein provided.

403A.10 Tax exemption and payments in lieu of taxes.

The property acquired or held pursuant to this chapter is declared to be public property used exclusively for essential city, or municipal public and governmental purposes and such property is hereby declared to be exempt from all taxes and special assessments of the state or of any state public body. In lieu of taxes on such property a municipality may agree to make payments to the state or a state public body (including itself) as it finds consistent with the maintenance of the low-rent character of housing projects and the achievement of the purposes of this chapter.

403A.11 Planning, zoning and building laws — insulation requirements.

All housing projects of a municipality shall be subject to the planning, zoning, sanitary and building laws, ordinances and regulations applicable to the locality in which the project is situated.

All dwellings which are part of housing projects and which are proposed to be rented to low-income families or the elderly through the programs of the United States department of housing and urban development shall have ceiling insulation having an R value of 38 in the attic, floor insulation having an R value of 20, or perimeter wall insulation having an R value of 10 beneath all habitable

heated areas or over unheated spaces. In addition, basement walls shall have insulation with an R value of 6 to their full height, with insulation in the box sill having an R value of 20. As used in this section, "*R value*" means resistance to heat flow.

The insulation requirements of this section are effective for all dwellings, the construction of which begins on or after July 1, 1991. For dwellings existing or under construction prior to July 1, 1991, the dwelling must comply with the insulation requirements of this section by June 30, 1996.

403A.12 Bonds.

A municipality shall have power to issue bonds from time to time in its discretion, for any of the purposes of this chapter. A municipality shall also have power to issue refunding bonds for the purpose of paying or retiring bonds previously issued by it. A municipality may issue such types of bonds as it may determine, including (without limiting the generality of the foregoing) bonds on which the principal and interest are payable (1) exclusively from the income and revenues of the project financed with the proceeds of such bonds, or (2) exclusively from the income and revenues of certain designated housing projects whether or not they are financed in whole or in part with the proceeds of such bonds. Any such bonds may be additionally secured by a pledge of any loan, grant or contribution or parts thereof from the federal government or other source, or a pledge of any income or revenues connected with a housing project or a mortgage of any housing project or projects.

Neither the governing body of a municipality nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof hereunder. The bonds and other obligations issued under the provisions of this chapter (and such bonds and obligations shall so state on their face) shall be payable solely from the sources provided in this section and shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction. Bonds issued pursuant to this chapter are declared to be issued for an essential public and governmental purpose and to be public instrumentalities and, together with interest thereon and income therefrom, shall be exempt from taxes. The tax exemption provisions of this chapter shall be considered part of the security for the repayment of bonds and shall constitute, by virtue of this chapter and without the necessity of the same being restated in said bonds, a contract between the bondholders and each and every one thereof, including all transferees of said bonds from time to time on the one hand and the respective municipalities issuing said bonds and the state on the other.

403A.13 Form and sale of bonds.

Bonds of a municipality shall be authorized by its resolution and may be issued in one or more series and shall bear such date or dates, mature at such time or times, bear interest at such rate or rates, not exceeding that permitted by chapter 74A, be in such denomination or denominations, be in such form either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption (with or without premium) as such resolution, its trust indenture or mortgage may provide.

The bonds may be sold at public or private sale at not less than par.

If the officers of the municipality whose signatures appear on any bonds or coupons shall cease to be such officers before the delivery of the bonds, their signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if the officers had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to this chapter shall be fully negotiable.

In any suit, action or proceedings involving the validity or enforcement of any bond issued pursuant to this chapter or the security therefor, any such bond reciting in substance that it has been issued by the municipality pursuant to this chapter shall be conclusively deemed to have been issued for such purpose and the housing project in respect to which such bond was issued shall be conclusively deemed to have been planned, located and carried out in accordance with the purposes and provisions of this chapter.

any covenant or rights securing or relating to the bonds.

Exercise all or any part or combination of the powers herein granted; make such covenants (other than and in addition to the covenants herein expressly authorized) and do any and all such acts and things as may be necessary or convenient or desirable in order to secure its bonds, or, in the absolute discretion of said municipality, as will tend to make the bonds more marketable notwithstanding that such covenants, acts or things may not be enumerated herein.

This chapter without reference to other statutes of the state, shall constitute full authority for the authorization and issuance of bonds hereunder. If at any time title to, or possession of, any project is held by any public body or governmental agency authorized by law to engage in the development or administration of municipal housing or slum clearance projects, including any agency or instrumentality of the United States of America, the provisions of such agreements shall inure to the benefit of and may be enforced by such public body or governmental agency.

[C62, 66, 71, 73, 75, 77, 79, 81, §403A.21]

403A.22 Personal interest prohibited.

No public official or employee of a municipality or board or commission thereof and no commissioner or employee of a municipal housing agency which has been vested with municipal housing project powers under section 403A.5, shall voluntarily acquire any personal interest, as hereinafter defined, whether direct or indirect, in any municipal housing project, or in any property included or planned to be included in any municipal housing project of such municipality, or in any contract or proposed contract in connection with such municipal housing project. Where such acquisition is not voluntary, the interest acquired shall be immediately disclosed in writing to the local governing body, and such disclosure shall be entered upon the minutes of the governing body. If any such official, commissioner or employee presently owns or controls, or has owned or controlled within the preceding two years, any interest, as hereinafter defined, whether direct or indirect, in any property which it is known is included or planned to be included in a municipal housing project, the

commissioner shall immediately disclose this fact in writing to the local governing body, and such disclosure shall be entered upon the minutes of the governing body; and any such official, commissioner or employee shall not participate in any action by the municipality, or board or commission thereof affecting such property, as the terms of such proscription are hereinafter defined. For the purposes of this section the following definitions and standards of construction shall apply:

1. "Action affecting such property" shall include only that action directly and specifically affecting such property as a separate property but shall not include any action of which any benefits accrue to the public generally, or which affects all or a substantial portion of the properties included or planned to be included in such a project.

2. Employment by a state public body, its agencies, and institutions or by any other person as defined in subsection 18 of section 403.17, having such an interest shall not be deemed an interest by such employee or of any ownership or control by such employee of interests of the employee's employer. Such an employee may participate in a municipal housing project so long as any benefits of such participation accrue to the public generally, such participation affects all or a substantial portion of the properties included or planned to be included in such a project, or such participation promotes the public purposes of such project, and shall limit only that participation by an employee which directly or specifically affects property in which an employer of an employee has an interest.

3. The word "participation" shall be deemed not to include discussion or debate preliminary to a vote by a local governing body or agency upon proposed ordinances or resolutions relating to such a project or any abstention from such a vote.

4. The designation of a bank or trust company as a depository, paying agent, or agent for investment of funds shall not be deemed a matter of interest or personal interest.

5. Stock ownership in a corporation having such an interest shall not be deemed an interest of, or ownership or control by, the person owning such stocks when less than five percent of the outstanding stock of the corporation is owned or controlled directly or indirectly by such person.

6. The word "action" shall not be deemed to include resolutions advisory to the local governing body or agency by any citizens group, board, body, or commission designated to serve a purely advisory function of approving or recommending under this chapter.

7. The limitations of this section shall be construed to permit action by a public official, commissioner, or employee where any benefits of such action accrue to the public generally, such action affects all or a substantial portion of the properties included or planned to be included in such a project, or such action promotes the public purposes of such project, and shall be construed to limit only

that action by a public official, commissioner, or employee which directly or specifically affects property in which such official, commissioner, or employee has an interest or in which an employer of such official, commissioner, or employee has an interest. Any violation of the provisions of this section shall constitute misconduct in office, but no ordinance or resolution of a municipality or agency shall be invalid by reason of a vote or votes cast in violation of the standards of this section unless such vote or votes were decisive in the passage of such ordinance or resolution.

Chapter 404 applies to all cities including special charter cities; 79 Acts, ch 84, §12
Contracts with city or county for services; see §364.19

404.1	Area established by city or county.	404.5	Physical review of property by assessor.
404.2	Conditions mandatory.	404.6	Relocation expense of tenant.
404.3	Basis of tax exemption.	404.7	Repeal of ordinance.
404.3A	Residential development area exemption.	404.8	Productivity — additional tax not applicable. Repealed by 83 Acts, ch 101, §129.

404.1 Area established by city or county.

The governing body of a city may, by ordinance, designate an area of the city or the governing body of a county may, by ordinance, designate an area of the county outside the boundaries of a city, as a revitalization area, if that area is any of the following:

1. An area in which there is a predominance of buildings or improvements, whether residential or nonresidential, which by reason of dilapidation, deterioration, obsolescence, inadequate provision for ventilation, light, air, sanitation, or open spaces, high density of population and overcrowding, the existence of conditions which endanger life or property by fire and other causes or a combination of such factors, is conducive to ill health, transmission of disease, infant mortality, juvenile delinquency or crime, and which is detrimental to the public health, safety, or welfare.

2. An area which by reason of the presence of a substantial number of deteriorated or deteriorating structures, predominance of defective or inadequate street layout, incompatible land use relationships, faulty lot layout in relation to size, adequacy, accessibility or usefulness, unsanitary or unsafe conditions, deterioration of site or other improvements, diversity of ownership, tax or special assessment delinquency exceeding the actual value of the land, defective or unusual conditions of title, or the existence of conditions which endanger life or property by fire and other causes, or a combination of such factors, substantially impairs or arrests the sound growth of a municipality, retards the provision of housing accommodations or constitutes an economic or social liability and is a menace to the public health, safety, or welfare in its present condition and use.

3. An area in which there is a predominance of buildings or improvements which by reason of age,

history, architecture or significance should be preserved or restored to productive use.

4. An area which is appropriate as an economic development area as defined in section 403.17.

5. An area designated as appropriate for public improvements related to housing and residential development, or construction of housing and residential development, including single or multifamily housing.

[C81, §404.1]

91 Acts, ch 214, §6, 7; 97 Acts, ch 214, §10

404.2 Conditions mandatory.

A city or county may only exercise the authority conferred upon it in this chapter after the following conditions have been met:

1. The governing body has adopted a resolution finding that the rehabilitation, conservation, redevelopment, economic development, or a combination thereof of the area is necessary in the interest of the public health, safety, or welfare of the residents of the city, or county as applicable, and the area substantially meets the criteria of section 404.1.

2. The city or county has prepared a proposed plan for the designated revitalization area. The proposed plan shall include all of the following:

a. A legal description of the real estate forming the boundaries of the proposed area along with a map depicting the existing parcels of real estate.

b. The existing assessed valuation of the real estate in the proposed area, listing the land and building values separately.

c. A list of names and addresses of the owners of record of real estate within the area.

d. The existing zoning classifications and district boundaries and the existing and proposed land uses within the area.

e. Any proposals for improving or expanding city or county services within the area including but not limited to transportation facilities, sewage, garbage collection, street maintenance, park facilities and police and fire protection.

f. A statement specifying whether the revitalization is applicable to none, some, or all of the property assessed as residential, agricultural, commercial or industrial property within the designated area or a combination thereof and whether the revitalization is for rehabilitation and additions to existing buildings or new construction or both. If revitalization is made applicable only to some property within an assessment classification, the definition of that subset of eligible property must be by uniform criteria which further some planning objective identified in the plan. The city shall state how long it is estimated that the area shall remain a designated revitalization area which time shall be longer than one year from the date of designation and shall state any plan by the city to issue revenue bonds for revitalization projects within the area. For a county, a revitalization area shall include only property which will be used as industrial property, commercial property, commercial property consisting of three or more separate living quarters with at least seventy-five percent of the space used for residential purposes, or residential property. However, a county shall not provide a tax exemption under this chapter to commercial property, commercial property consisting of three or more separate living quarters with at least seventy-five percent of the space used for residential purposes, or residential property which is located within the limits of a city.

g. The provisions that have been made for the relocation of persons, including families, business concerns and others, whom the city or county anticipates will be displaced as a result of improvements to be made in the designated area.

h. Any tax exemption schedule that shall be used in lieu of the schedule set out in section 404.3, subsection 1, 2, 3 or 4. This schedule shall not allow a greater exemption, but may allow a smaller exemption, than allowed in the schedule specified in the corresponding subsection of section 404.3.

In the case of a county, the tax schedules used shall only be applicable to property of the type for which the revitalization area is zoned at the time the county designates the area a revitalization area.

i. The percent increase in actual value requirements that shall be used in lieu of the fifteen and ten percent requirements specified in section 404.3, subsection 7 and in section 404.5. This percent increase in actual value requirements shall not be greater than that provided in this chapter and shall be the same requirements applicable to all existing revitalization areas.

j. A description of any federal, state or private grant or loan program likely to be a source of funding for that area for residential improvements and

a description of any grant or loan program which the city or county has or will have as a source of funding for that area for residential improvements.

3. The city or county has scheduled a public hearing and notified all owners of record of real property located within the proposed area and the tenants living within the proposed area in accordance with section 362.3 or 331.305, as applicable. In addition to notice by publication, notification shall also be given by ordinary mail to the last known address of the owners of record. The city or county shall also send notice by ordinary mail addressed to the "occupants" of addresses located within the proposed area, unless the city council or board of supervisors, by reason of lack of a reasonably current and complete address list, or for other good cause, shall have waived the notice. Notwithstanding section 362.3 or 331.305, as applicable, the notice shall be given by the thirtieth day prior to the public hearing.

4. The public hearing has been held.

5. A second public hearing has been held if:

a. The city or county has received within thirty days after the holding of the first public hearing a valid petition requesting a second public hearing containing the signatures and current addresses of property owners that represent at least ten percent of the privately owned property within the designated revitalization area or;

b. The city or county has received within thirty days after the holding of the first public hearing a valid petition requesting a second public hearing containing the signatures and current addresses of tenants that represent at least ten percent of the residential units within the designated revitalization area.

At any such second public hearing the city or county may specifically request those in attendance to indicate the precise nature of desired changes in the proposed plan.

6. The city or county has adopted the proposed or amended plan for the revitalization area after the requisite number of hearings. The city or county may subsequently amend this plan after a hearing. Notice of the hearing shall be published as provided in section 362.3 or 331.305, except that at least seven days' notice must be given and the public hearing shall not be held earlier than the next regularly scheduled city council or board of supervisors meeting following the published notice. A city which has adopted a plan for a revitalization area which covers all property within the city limits may amend that plan at any time, pursuant to this section, to include property which has been or will be annexed to the city. The provisions of the original plan shall be applicable to the property which is annexed and the property shall be considered to have been part of the revitalization area as of the effective date of its annexation to the city.

404.3 Basis of tax exemption.

1. All qualified real estate assessed as residential property is eligible to receive an exemption from taxation based on the actual value added by the improvements. The exemption is for a period of ten years. The amount of the exemption is equal to a percent of the actual value added by the improvements, determined as follows: One hundred fifteen percent of the value added by the improvements. However, the amount of the actual value added by the improvements which shall be used to compute the exemption shall not exceed twenty thousand dollars and the granting of the exemption shall not result in the actual value of the qualified real estate being reduced below the actual value on which the homestead credit is computed under section 425.1.

2. All qualified real estate is eligible to receive a partial exemption from taxation on the actual value added by the improvements. The exemption is for a period of ten years. The amount of the partial exemption is equal to a percent of the actual value added by the improvements, determined as follows:

- a. For the first year, eighty percent.
- b. For the second year, seventy percent.
- c. For the third year, sixty percent.
- d. For the fourth year, fifty percent.
- e. For the fifth year, forty percent.
- f. For the sixth year, forty percent.
- g. For the seventh year, thirty percent.
- h. For the eighth year, thirty percent.
- i. For the ninth year, twenty percent.
- j. For the tenth year, twenty percent.

3. All qualified real estate is eligible to receive a one hundred percent exemption from taxation on the actual value added by the improvements. The exemption is for a period of three years.

4. All qualified real estate assessed as residential property or assessed as commercial property, if the commercial property consists of three or more separate living quarters with at least seventy-five percent of the space used for residential purposes, is eligible to receive a one hundred percent exemption from taxation on the actual value added by the improvements. The exemption is for a period of ten years.

5. The owners of qualified real estate eligible for the exemption provided in this section shall elect to take the applicable exemption provided in subsection 1, 2, 3 or 4 or provided in the different schedule adopted in the city or county plan if a different schedule has been adopted. Once the election has been made and the exemption granted, the owner is not permitted to change the method of exemption.

6. The tax exemption schedule specified in subsection 1, 2, 3 or 4 shall apply to every revitalization area within a city or county unless a different schedule is adopted in the city or county plan as provided in section 404.2. However, a city or county shall not adopt a different schedule unless every revitalization area within the city or county has the same schedule applied to it, except in areas of the city or county which have been designated as both urban renewal and urban revitalization areas. In an area designated for both urban renewal and urban revitalization, a city or county may adopt a different schedule than has been adopted for revitalization areas which have not been designated as urban renewal areas. The different schedule adopted shall not provide for a larger tax exemption in a particular year than is provided for that year in the schedule specified in the corresponding subsection of this section.

7. “*Qualified real estate*” as used in this chapter and section 419.17 means real property, other than land, which is located in a designated revitalization area and to which improvements have been added, during the time the area was so designated, which have increased the actual value by at least the percent specified in the plan adopted by the city or county pursuant to section 404.2 or if no percent is specified then by at least fifteen percent, or at least ten percent in the case of real property assessed as residential property or which have, in the case of land upon which is located more than one building and not assessed as residential property, increased the actual value of the buildings to which the improvements have been made by at least fifteen percent. “*Qualified real estate*” also means land upon which no structure existed at the start of the new construction, which is located in a designated revitalization area and upon which new construction has been added during the time the area was so designated. “*Improvements*” as used in this chapter and section 419.17 includes rehabilitation and additions to existing structures as well as new construction on vacant land or on land with existing structures. However, new construction on land assessed as agricultural property shall not qualify as “*improvements*” for purposes of this chapter and section 419.17 unless the governing body of the city or county has presented justification at a public hearing held pursuant to section 404.2 for the revitalization of land assessed as agricultural property by means of new construction. Such justification shall demonstrate, in addition to the other requirements of this chapter and section 419.17, that the improvements on land assessed as agricultural land will utilize the minimum amount of agricultural land necessary to accomplish the revitalization of the other classes of property within the urban revitalization area. However, if such construction, rehabilitation or additions were begun prior to January 29, 1979, or one year prior to the adoption by the city or county of a plan of urban revitalization

pursuant to section 404.2, whichever occurs later, the value added by such construction, rehabilitation or additions shall not constitute an increase in value for purposes of qualifying for the exemptions listed in this section. “Actual value added by the improvements” as used in this chapter and section 419.17 means the actual value added as of the first year for which the exemption was received.

8. The fifteen and ten percent increase in actual value requirements specified in subsection 7 shall apply to every revitalization area within a city or county unless different percent increases in actual value requirements are adopted in the city or county plan as provided in section 404.2. However, a city or county shall not adopt different requirements unless every revitalization area within the city or county has the same requirements and the requirements do not provide for a greater percent increase than specified in subsection 7.

404.3A Residential development area exemption.

Notwithstanding the schedules provided for in section 404.3, all qualified real estate assessed as residential property in an area designated under section 404.1, subsection 5, is eligible to receive an exemption from taxation on the first seventy-five thousand dollars of actual value added by the improvements. The exemption is for a period of five years.

97 Acts, ch 214, §11

404.4 Prior approval of eligibility.

A person may submit a proposal for an improvement project to the governing body of the city or county to receive prior approval for eligibility for a tax exemption on the project. The governing body shall, by resolution, give its prior approval for an improvement project if the project is in conformance with the plan for revitalization developed by the city or county. Such prior approval shall not entitle the owner to exemption from taxation until the improvements have been completed and found to be qualified real estate; however, if the proposal is not approved, the person may submit an amended proposal for the governing body to approve or reject.

An application shall be filed for each new exemption claimed. The first application for an exemption shall be filed by the owner of the property with the governing body of the city or county in which the property is located by February 1 of the assessment year for which the exemption is first claimed, but not later than the year in which all improvements included in the project are first assessed for taxation, unless, upon the request of the owner at any time, the governing body of the city or county provides by resolution that the owner

may file an application by February 1 of any other assessment year selected by the governing body. The application shall contain, but not be limited to, the following information: The nature of the improvement, its cost, the estimated or actual date of completion, the tenants that occupied the owner’s building on the date the city or county adopted the resolution referred to in section 404.2, subsection 1, and which exemption in section 404.3 or in the different schedule, if one has been adopted, will be elected.

The governing body of the city or county shall approve the application, subject to review by the local assessor pursuant to section 404.5, if the project is in conformance with the plan for revitalization developed by the city or county, is located within a designated revitalization area, and if the improvements were made during the time the area was so designated. The governing body of the city or county shall forward for review all approved applications to the appropriate local assessor by March 1 of each year with a statement indicating whether section 404.3, subsection 1, 2, 3 or 4 applies or if a different schedule has been adopted, which exemption from that schedule applies. Applications for exemption for succeeding years on approved projects shall not be required.

87 Acts, ch 156, §1; 91 Acts, ch 214, §11; 92 Acts, ch 1191, §2, 4

404.5 Physical review of property by assessor.

The local assessor shall review each first-year application by making a physical review of the property, to determine if the improvements made increased the actual value of the qualified real estate by at least fifteen percent or at least ten percent in the case of real property assessed as residential property or the applicable percent increase requirement adopted by the city or county under section 404.2. If the assessor determines that the actual value of that real estate has increased by at least the requisite percent, the assessor shall proceed to determine the actual value of the property and certify the valuation determined pursuant to section 404.3 to the county auditor at the time of transmitting the assessment rolls. However, if a new structure is erected on land upon which no structure existed at the start of the new construction, the assessor shall proceed to determine the actual value of the property and certify the valuation determined pursuant to section 404.3 to the county auditor at the time of transmitting the assessment rolls. The assessor shall notify the applicant of the determination, and the assessor’s decision may be appealed to the local board of review at the times specified in section 441.37. If an application for exemption is denied as a result of failure to sufficiently increase the value of the real estate as provided in section 404.3, the owner may file a first annual application in a subsequent year

when additional improvements are made to satisfy requirements of section 404.3, and the provisions of section 404.4 shall apply. After the tax exemption is granted, the local assessor shall continue to grant the tax exemption, with periodic physical review by the assessor, for the time period specified in section 404.3, subsection 1, 2, 3 or 4, or specified in the different schedule if one has been adopted, under which the exemption was granted. The tax exemptions for the succeeding years shall be granted without the taxpayer having to file an application for the succeeding years.

For the purposes of this section, the actual value of the property upon which the value of improvements in the form of rehabilitation or additions to existing structures shall be determined shall be the lower of either the amount listed on the assessment rolls in the assessment year in which such improvements are first begun or the price paid by the owner if the improvements in the form of rehabilitation or additions to existing structures were begun within one year of the date the property was purchased and the sale was a fair and reasonable exchange between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and each being familiar with all the facts relating to the particular property.

404.6 Relocation expense of tenant.

Upon application to it and after verification by it, the city or county shall require compensation of

at least one month's rent and may require compensation of actual relocation expenses be paid to a qualified tenant whose displacement is due to action on the part of a property owner to qualify for the benefits under this chapter. However, the city or county may require the persons causing the qualified tenant to be displaced to pay all or a part of the relocation payments as a condition for receiving a tax exemption under section 404.3. "Qualified tenant" as used in this chapter shall mean the legal occupant of a residential dwelling unit which is located within a designated revitalization area and who has occupied the same dwelling unit continuously since one year prior to the city's or county's adoption of the plan pursuant to section 404.2.

404.7 Repeal of ordinance.

When in the opinion of the governing body of a city or county the desired level of revitalization has been attained or economic conditions are such that the continuation of the exemption granted by this chapter would cease to be of benefit to the city or county, the governing body may repeal the ordinance establishing a revitalization area. In that event, all existing exemptions shall continue until their expiration.

Any city having an organized fire department may, and all cities having an organized police department or a paid fire department shall, levy annually on taxable property a tax not to exceed three and three-eighths cents per thousand dol-

lars of assessed value for each such department, for the purpose of creating fire fighters' and police officers' pension funds.

Provided that cities having a population of more than six thousand five hundred may annually levy on taxable property a tax of not more than thirteen

and one-half cents per thousand dollars of assessed value for each such department for such purpose. Provided, further, that cities, in which a police or fire retirement system based upon actuarial tables shall be established by law, shall levy for the police or fire pension funds a tax sufficient in amount to meet all necessary obligations and expenditures; and said obligations and expenditures shall be direct liabilities of said cities.

Whenever there is a sufficient balance in both of said funds to meet any proper or legitimate charges that may be made against the same, such city shall not be required to levy a tax for this purpose.

All moneys derived from each tax so levied, and all moneys received as membership fees and dues, and all moneys received from grants, donations, and devises for the benefit of each fund shall constitute separate funds, to be known and designated as a police officers' pension fund and a fire fighters' pension fund.

The provisions of this chapter shall not apply to police officers and fire fighters who entered employment after March 2, 1934, except that any police officer or fire fighter who had been making payments of membership fees and assessments as provided in section 410.5 prior to July 1, 1971, shall on July 1, 1973, be fully restored and entitled to all pension rights and benefits, vested or not vested, under this chapter if the city has not returned to such police officer or fire fighter the membership fees and assessments paid by the police officer or fire fighter prior to July 1, 1971, and if such police officer or fire fighter pays to the city within six months after July 1, 1973, the amount of the fees and assessments that the police officer or fire fighter would have paid to the police officers' or fire fighters' pension fund from July 1, 1971, to July 1, 1973, if Acts of the 1971 Session, Sixty-fourth General Assembly, chapter 108, had not been adopted. If the membership fees and assessments paid by such police officer or fire fighter prior to July 1, 1971, have been returned to the police officer or fire fighter, all pension rights and benefits, vested or not vested, under this chapter shall be fully restored to the police officer or fire fighter on July 1, 1973, if, within six months after July 1, 1973, such police officer or fire fighter repays the fees and assessments so returned and pays the amount of the fees and assessments to the city that the police officer or fire fighter would have paid to the appropriate pension fund from July 1, 1971, to July 1, 1973, if Acts of the Sixty-fourth General Assembly, 1971 Session, chapter 108 had not been adopted.

All rewards in moneys, fees, gifts, or emoluments of every kind or nature that may be paid or given to any police or fire department or to any member thereof, except when allowed to be retained or given to endow a medal or other permanent or competitive reward on account of extraordinary services rendered by said departments or any member thereof, and all fines and penalties imposed upon members, shall be paid into the said pension fund and become a part thereof.

Any member of said departments who shall have served twenty-two years or more in such department, and shall have reached the age of fifty years; or who shall while a member of such department become mentally or physically permanently disabled from discharging the member's duties, shall be entitled to be retired, and upon retirement shall be paid out of the pension fund of such department a monthly pension equal to one-half the amount of salary received by the member monthly at the date the member actually retires from said department. If any member shall have served twenty-two years in said department, but shall not have reached the age of fifty years, the member shall be entitled to retirement, but no pension shall be paid while the member lives until the member reaches the age of fifty years.

Upon the adoption of any increase in pension benefits effective subsequent to the date of a member's retirement, the amount payable to each member as regular pension shall be increased by an amount equal to sixty percent of any increase in the pension benefits for the rank at which the member retired.

The applicable formulas authorized in this chapter which were used to compute the retired member's or beneficiary's pension at the time of retirement or death shall be used in the recomputation except the earnable compensation payable on each July 1 or January 1 to an active member having the same or equivalent rank or position as was held by such retired or deceased member at the time of retirement or death, shall be used in lieu of the final compensation which the retired or deceased member was receiving at the time of retirement or death. At no time shall the monthly pension or payment to the beneficiary be less than the amount which was paid at the time of such member's retirement or death.

again be recomputed and all monthly pensions adjusted in accordance with the computations.

3. The adjustment of pensions required by this section shall recognize the retired or deceased member's position on the salary scale within the member's rank at the time of retirement or death. In the event that the rank or position held by the retired or deceased member at the time of retirement or death is subsequently abolished, adjustments in the pensions of the member or of the member's spouse or children shall be computed by the board of trustees as though such rank or position had not been abolished and salary increases had been granted to such rank or position on the same basis as that granted to other ranks and positions in the department.

eration of the fund. A person shall not have any interest in, or right to, any part of the corpus or income of the fund except as otherwise expressly provided.

c. Notwithstanding any provision of this chapter to the contrary, in the event of a complete discontinuance of contributions, for reasons other than achieving fully funded status upon an actuarially determined basis, or upon termination of the fund established in section 411.8, a member shall be vested, to the extent then funded, in the benefits which the member has accrued at the date of the discontinuance or termination.

d. Benefits payable from the fund established in section 411.8 to members and members' beneficiaries shall not be increased due to forfeitures from other members. Forfeitures shall be used as soon as possible to reduce future contributions by the cities to the fund, except that the rate shall not be less than the minimum rate established in section 411.8.

e. Notwithstanding any provision of this chapter to the contrary, a member's service retirement allowance shall commence on or before the later of the following:

(1) April 1 of the calendar year following the calendar year in which the member attains the age of seventy and one-half years.

(2) April 1 of the calendar year following the calendar year in which the member retires.

f. The maximum annual benefit payable to a member by the system shall be subject to the limitations set forth in section 415 of the federal Internal Revenue Code, and any regulations promulgated pursuant to that section.

g. The annual compensation of a member taken in account for any purpose under this chapter shall not exceed the applicable amount set forth in section 401(a)(17) of the federal Internal Revenue Code, and any regulations promulgated pursuant to that section.

13. *Voluntary benefit programs.* The board of trustees shall be responsible for the administration of the voluntary benefit programs established under section 411.40. The board may take any necessary action, including the adoption of rules, for purposes of administering the programs.

Subsection 6, NEW paragraph c

411.6 Benefits.

1. *Service retirement benefit.* Retirement of a member on a service retirement allowance shall be made by the system as follows:

a. Any member in service may retire upon written application to the system, setting forth at what time, not less than thirty nor more than ninety days subsequent to the execution and filing of the application, the member desires to be retired. However, the member at the time specified for retirement shall have attained the age of fifty-five and shall have served twenty-two years or more, and notwithstanding that, during the period of notification, the member may have separated from the service.

b. Any member in service who has been a member of the retirement system four or more years and whose employment is terminated prior to the member's retirement, other than by death or disability, shall upon attaining retirement age, receive a service retirement allowance of four twenty-seconds of the retirement allowance the member would receive at retirement if the member's employment had not been terminated, and an additional one twenty-second of such retirement allowance for each additional year of service not exceeding twenty-two years of service. The amount of the retirement allowance shall be calculated in the manner provided in this paragraph using the average final compensation at the time of termination of employment.

c. Once a person commences receiving a service retirement allowance pursuant to this section, if the person is reemployed, as defined in section 411.3, the service retirement allowance shall not be recalculated based upon the person's reemployment.

2. Allowance on service retirement.

a. The service retirement allowance for a member who terminates service, other than by death or disability, prior to July 1, 1990, shall consist of a pension which equals fifty percent of the member's average final compensation.

b. The service retirement allowance for a member who terminates service, other than by death or disability, on or after July 1, 1990, but before July 1, 1992, shall consist of a pension which equals fifty-four percent of the member's average final compensation.

c. Commencing July 1, 1992, for members who terminate service, other than by death or disability, on or after that date, but before July 1, 2000, the system shall increase the percentage multiplier of the member's average final compensation by an additional two percent each July 1 until reaching sixty percent of the member's average final compensation. The applicable percentage multiplier shall be the rate in effect on the date of the member's termination from service.

d. Upon retirement from service on or after July 1, 2000, a member shall receive a service retirement allowance which shall consist of a pension which equals sixty-six percent of the member's average final compensation.

e. Commencing July 1, 1990, if the member has completed more than twenty-two years of

creditable service, the service retirement allowance shall consist of a pension which equals the amount provided in paragraph "b", "c", or "d", plus an additional percentage as set forth below:

(1) For a member who terminates service, other than by death or disability, on or after July 1, 1990, but before July 1, 1991, and who does not withdraw the member's contributions pursuant to section 411.23, upon the member's retirement there shall be added three-tenths percent of the member's average final compensation for each year of service over twenty-two years, excluding years of service after the member's fifty-fifth birthday. However, this subparagraph does not apply to more than eight additional years of service.

(2) For a member who terminates service, other than by death or disability, on or after July 1, 1991, but before October 16, 1992, and who does not withdraw the member's contributions pursuant to section 411.23, upon the member's retirement there shall be added six-tenths percent of the member's average final compensation for each year of service over twenty-two years, excluding years of service after the member's fifty-fifth birthday. However, this subparagraph does not apply to more than eight additional years of service.

(3) For a member who terminates service, other than by death or disability, on or after October 16, 1992, but before July 1, 1998, and who does not withdraw the member's contributions pursuant to section 411.23, upon the member's retirement there shall be added six-tenths percent of the member's average final compensation for each year of service over twenty-two years. However, this subparagraph does not apply to more than eight additional years of service.

(4) For a member who terminates service, other than by death or disability, on or after July 1, 1998, but before July 1, 2000, and who does not withdraw the member's contributions pursuant to section 411.23, upon the member's retirement there shall be added one and one-half percent of the member's average final compensation for each year of service over twenty-two years. However, this subparagraph does not apply to more than eight additional years of service.

(5) For a member who terminates service, other than by death or disability, on or after July 1, 2000, and who does not withdraw the member's contributions pursuant to section 411.23, upon the member's retirement there shall be added two percent of the member's average final compensation for each year of service over twenty-two years. However, this subparagraph does not apply to more than eight additional years of service.

3. *Ordinary disability retirement benefit.* Upon application to the system, of a member in service or of the chief of the police or fire departments, respectively, any member shall be retired by the system, not less than thirty and not more than ninety days next following the date of filing the application, on an ordinary disability retire-

ment allowance, if the medical board after a medical examination of the member certifies that the member is mentally or physically incapacitated for further performance of duty, that the incapacity is likely to be permanent, and that the member should be retired. However, if a person's membership in the system first commenced on or after July 1, 1992, the member shall not be eligible for benefits with respect to a disability which would not exist, but for a medical condition that was known to exist on the date that membership commenced. A member who is denied a benefit under this subsection, by reason of a finding by the medical board that the member is not mentally or physically incapacitated for the further performance of duty, shall be entitled to be restored to active service in the same position held immediately prior to the application for disability benefits.

4. *Allowance on ordinary disability retirement.*

a. Upon retirement for ordinary disability prior to July 1, 1998, a member shall receive an ordinary disability retirement allowance which shall consist of a pension which shall equal fifty percent of the member's average final compensation unless either of the following conditions exist:

(1) If the member has not had five or more years of membership service the member shall receive a pension equal to one-fourth of the member's average final compensation.

(2) If the member has had twenty-two or more years of membership service, the member shall receive a disability retirement allowance that is equal to the greater of the benefit that the member would receive under subsection 2 if the member were fifty-five years of age or the disability pension otherwise calculated under this subsection.

b. Upon retirement for ordinary disability on or after July 1, 1998, a member who has five or more years of membership service shall receive a disability retirement allowance in an amount equal to the greater of fifty percent of the member's average final compensation or the retirement allowance that the member would receive under subsection 2 if the member had attained fifty-five years of age. A member who has less than five years of membership service shall receive a pension equal to one-fourth of the member's average final compensation.

5. *Accidental disability benefit.*

a. Upon application to the system, of a member in service or of the chief of the police or fire departments, respectively, any member who has become totally and permanently incapacitated for duty as the natural and proximate result of an injury or disease incurred in or aggravated by the actual performance of duty at some definite time and place, or while acting pursuant to order, outside of the city by which the member is regularly employed, shall be retired by the system, if the medical board certifies that the member is mentally or physically incapacitated for further perfor-

mance of duty, that the incapacity is likely to be permanent, and that the member should be retired. However, if a person's membership in the system first commenced on or after July 1, 1992, the member shall not be eligible for benefits with respect to a disability which would not exist, but for a medical condition that was known to exist on the date that membership commenced. A member who is denied a benefit under this subsection, by reason of a finding by the medical board that the member is not mentally or physically incapacitated for the further performance of duty, shall be entitled to be restored to active service in the same position held immediately prior to the application for disability benefits.

b. If a member in service or the chief of the police or fire departments becomes incapacitated for duty as a natural or proximate result of an injury or disease incurred in or aggravated by the actual performance of duty at some definite time or place or while acting, pursuant to order, outside the city by which the member is regularly employed, the member, upon being found to be temporarily incapacitated following a medical examination as directed by the city, is entitled to receive the member's full pay and allowances from the city's general fund until re-examined as directed by the city and found to be fully recovered or until the city determines that the member is likely to be permanently disabled. If the temporary incapacity of a member continues more than sixty days, or if the city expects the incapacity to continue more than sixty days, the city shall notify the system of the temporary incapacity. Upon notification by a city, the system may refer the matter to the medical board for review and consultation with the member's treating physician during the temporary incapacity. Except as provided by this paragraph, the board of trustees of the statewide system has no jurisdiction over these matters until the city determines that the disability is likely to be permanent.

c. Disease under this section shall mean heart disease or any disease of the lungs or respiratory tract and shall be presumed to have been contracted while on active duty as a result of strain or the inhalation of noxious fumes, poison or gases. However, if a person's membership in the system first commenced on or after July 1, 1992, and the heart disease or disease of the lungs or respiratory tract would not exist, but for a medical condition that was known to exist on the date that membership commenced, the presumption established in this paragraph shall not apply.

6. *Retirement after accident.*

a. Upon retirement for accidental disability prior to July 1, 1990, a member shall receive an accidental disability retirement allowance which shall consist of a pension equal to sixty-six and two-thirds percent of the member's average final compensation.

b. Upon retirement for accidental disability on or after July 1, 1990, but before July 1, 1998, a member shall receive an accidental disability retirement allowance which shall consist of a pension equal to sixty percent of the member's average final compensation. However, if the member has had twenty-two or more years of membership service, the member shall receive a disability retirement allowance that is equal to the greater of the retirement allowance that the member would receive under subsection 2 if the member was fifty-five years of age or the disability retirement allowance calculated under this paragraph.

c. Upon retirement for accidental disability on or after July 1, 1998, a member shall receive an accidental disability retirement allowance which shall consist of a pension in an amount equal to the greater of sixty percent of the member's average final compensation or the retirement allowance that the member would receive under subsection 2 if the member had attained fifty-five years of age.

7. *Re-examination of beneficiaries retired on account of disability.* Once each year during the first five years following the retirement of a member on a disability retirement allowance, and once in every three-year period thereafter, the system may, and upon the member's application shall, require any disability beneficiary who has not yet attained age fifty-five to undergo a medical examination at a place designated by the medical board. The examination shall be made by the medical board or in special cases, by an additional physician or physicians designated by such board. If any disability beneficiary who has not attained the age of fifty-five refuses to submit to the medical examination, the member's allowance may be discontinued until withdrawal of such refusal, and if the refusal continues for one year all rights in and to the member's pension may be revoked by the system. For a disability beneficiary who has not attained the age of fifty-five and whose entitlement to a disability retirement commenced on or after July 1, 2000, the medical board may, as part of the examination required by this subsection, suggest appropriate medical treatment or rehabilitation if, in the opinion of the medical board, the recommended treatment or rehabilitation would likely restore the disability beneficiary to duty.

a. Should any beneficiary for either ordinary or accidental disability, except a beneficiary who is fifty-five years of age or over, be engaged in a gainful occupation paying more than the difference between the member's net retirement allowance and one and one-half times the earnable compensation of an active member at the same position on the salary scale within the member's rank as the member held at retirement, then the amount of the member's retirement allowance shall be reduced to an amount such that the member's net retirement allowance plus the amount earned by the

member shall equal one and one-half times the amount of the current earnable compensation of an active member at the same position on the salary scale within the member's rank as the member held at retirement. Should the member's earnings be later changed, the amount of the member's retirement allowance may be further modified, provided that the new retirement allowance shall not exceed the amount of the retirement allowance adjusted by annual readjustments of pensions pursuant to subsection 12 of this section nor an amount which would cause the member's net retirement allowance, when added to the amount earned by the beneficiary, to equal one and one-half times the amount of the earnable compensation of an active member at the same position on the salary scale within the member's rank as the member held at retirement. A beneficiary restored to active service at a salary less than the average final compensation upon the basis of which the member was retired at age fifty-five or greater, shall not again become a member of the retirement system and shall have the member's retirement allowance suspended while in active service. If the rank or position held by the retired member is subsequently abolished, adjustments to the allowable limit on the amount of income which can be earned in a gainful occupation shall be computed by the board of trustees as though such rank or position had not been abolished and salary increases had been granted to such rank or position on the same basis as increases granted to other ranks and positions in the department. For purposes of this paragraph, "net retirement allowance" means the amount determined by subtracting the amount paid during the previous calendar year by the beneficiary for health insurance or similar health care coverage for the beneficiary and the beneficiary's dependents from the amount of the member's retirement allowance paid for that year pursuant to this chapter. The beneficiary shall submit sufficient documentation to the system to permit the system to determine the member's net retirement allowance for the applicable year.

A beneficiary retired under this paragraph, in order to be eligible for continued receipt of retirement benefits, shall no later than May 15 of each year submit to the system a copy of the beneficiary's federal individual income tax return for the preceding year.

Retroactive to July 1, 1976, the limitations on pay of a member engaged in a gainful occupation who is retired under accidental disability prescribed in this paragraph shall not apply to a member who retired before July 1, 1976.

b. Should a disability beneficiary under age fifty-five be restored to active service at a compensation not less than the disability beneficiary's average final compensation, the disability beneficiary's retirement allowance shall cease, the disability beneficiary shall again become a member

and shall contribute thereafter at the same rate paid prior to disability, and former service on the basis of which the disability beneficiary's service was computed at the time of retirement shall be restored to full force and effect and upon subsequent retirement the disability beneficiary shall be credited with all service as a member and also with the period of disability retirement.

c. Should a disability beneficiary under age fifty-five be employed in a public safety occupation, the disability beneficiary's retirement allowance shall cease. Notwithstanding any provision of this chapter to the contrary, if a disability beneficiary is employed in a public safety occupation that would otherwise constitute membership service, the disability beneficiary shall not become a member of the system. For purposes of this paragraph, "public safety occupation" means a peace officer, as defined in section 97A.1; a protection occupation, as defined in section 97B.49B; a sheriff, deputy sheriff, or airport fire fighter, as defined in section 97B.49C; and a police officer or fire fighter as defined in section 411.1, who was not restored to active service as provided by this subsection.

8. *Ordinary death benefit.*

a. Upon the receipt of proof of the death of a member in service, or a member not in service who has completed four or more years of service as provided in subsection 1, paragraph "b", there shall be paid to the person designated by the member to the system as the member's beneficiary, if the member has had one or more years of membership service and no pension is payable under subsection 9, the greater of the following:

(1) An amount equal to fifty percent of the compensation earnable by the member during the year immediately preceding the member's death if the member is in service, or an amount equal to fifty percent of the compensation earned by the member during the member's last year of service if the member is not in service.

(2) An amount the member would have been entitled to withdraw pursuant to section 411.23 if the member had terminated service on the date of the member's death.

b. In lieu of the payment specified in paragraph "a", a beneficiary meeting the qualifications of paragraph "c" may elect to receive a monthly pension equal to one-twelfth of forty percent of the average final compensation of the member, but not less than twenty percent of the monthly earnable compensation paid to an active member holding the highest grade in the rank of fire fighter, for a beneficiary of a deceased member of a fire department, or the highest grade in the rank of police patrol officer, for a beneficiary of a deceased member of a police department, if the member was in service at the time of death. For a member not in service at the time of death, the pension shall be reduced as provided in subsection 1, paragraph "b".

For a member not in service at the time of death, the pension shall be paid commencing when the

member would have attained the age of fifty-five except that if there is a child of the member, the pension shall be paid commencing with the member's death until the child of the member no longer meets the definition of child as provided in section 411.1. The pension shall resume when the member would have attained the age of fifty-five.

For a member in service at the time of death, the pension shall be paid commencing with the member's death. In addition to the pension, there shall also be paid for each child of a member, a monthly pension equal to six percent of the monthly earnable compensation paid to an active member holding the highest grade in the rank of fire fighter, for a child of a deceased member of a fire department, or the highest grade in the rank of police patrol officer, for a child of a deceased member of a police department.

Notwithstanding section 411.6, subsection 8, Code 1985, effective July 1, 1990, for a member's surviving spouse who, prior to July 1, 1986, elected to receive pension benefits under this paragraph, the monthly pension benefit shall be equal to the higher of one-twelfth of forty percent of the average final compensation of the member, or the amount the surviving spouse was receiving on July 1, 1990.

c. The pension under paragraph "b" may be selected only by the following beneficiaries:

- (1) The spouse.
- (2) If there is no spouse, or if the spouse dies and there is a child of a member, then the member's child or children, in equal shares. The pension to each child shall terminate when the child no longer meets the definition of child in section 411.1.
- (3) If there is no surviving spouse or child, then the member's dependent father or mother, or both, as the system determines, to continue until remarriage or death.

d. If the member failed to designate a beneficiary, or if the beneficiary designated by the member predeceases the member, the benefits provided in paragraph "a" of this subsection shall be paid as follows in the following order of priority:

- (1) To the member's surviving spouse.
- (2) To the member's surviving children, including any adult children, in equal shares.
- (3) To the member's surviving parents, in equal shares.
- (4) To the member's estate.
- (5) To the member's heirs if the estate is not probated.

9. *Accidental death benefit.*

a. If, upon the receipt of evidence and proof from the chief of the police or fire department that the death of a member in service was the natural and proximate result of an injury or disease incurred in or aggravated by the actual performance of duty at some definite time and place, or while acting pursuant to order, outside of the city by which the member is regularly employed, the sys-

tem decides that death was so caused in the performance of duty, there shall be paid, in lieu of the ordinary death benefit provided in subsection 8, an accidental death benefit as set forth in this subsection. Disease under this subsection shall mean heart disease or any disease of the lungs or respiratory tract and shall be presumed to have been contracted while on active duty as a result of strain or the inhalation of noxious fumes, poison, or gases.

b. An accidental death benefit pension equal to one-half of the average final compensation of the member shall be paid as follows:

- (1) To the member's spouse.
- (2) If there is no spouse, or if the spouse dies and there is a child of the member, then to the member's child or children in equal shares. The pension to each child shall terminate when the child no longer meets the definition of child in section 411.1.
- (3) If there is no surviving spouse or child, then to the member's dependent father or mother, or both, as the system determines, to continue until remarriage or death.

c. In addition to the accidental death benefit pension provided in paragraph "b", there shall also be paid for each child of a member a monthly pension equal to six percent of the monthly earnable compensation paid to an active member holding the highest grade in the rank of fire fighter, for a child of a deceased member of a fire department, or holding the highest grade in the rank of police patrol officer, for a child of a deceased member of a police department.

d. A person eligible to receive the pension payable under paragraph "b" of this subsection may elect to receive the benefit payable under subsection 8, paragraph "a", in lieu of the pension provided in paragraph "b" of this subsection.

e. If there is no person entitled to the pension payable under paragraph "b" of this subsection, the death shall be treated as an ordinary death case and the benefit payable under subsection 8, paragraph "a", in lieu of the pension provided in paragraph "a" of this subsection, shall be paid as provided by that subsection.

10. *Pensions offset by compensation benefits.* Any amounts which may be paid or payable by the said cities under the provisions of any workers' compensation or similar law to a member or to the dependents of a member on account of any disability or death, shall be offset against and payable in lieu of any benefits payable under the provisions of this chapter on account of the same disability or death. In addition, any amounts payable to a member as unemployment compensation under the provisions of chapter 96 based on unemployment from membership service for a member receiving an ordinary disability benefit or an accidental disability benefit pursuant to this chapter shall be offset against and payable in lieu of any benefits payable under the provisions of this chap-

ter for an ordinary disability or an accidental disability.

11. *Pension to spouse and children of deceased pensioned member.* In the event of the death of any member receiving a retirement allowance under the provisions of subsection 2, 4, or 6 of this section there shall be paid a pension:

a. To the spouse, equal to one-half the amount received by the deceased beneficiary, but in no instance less than twenty percent of the monthly earnable compensation paid to an active member holding the highest grade in the rank of fire fighter, for a beneficiary of a deceased member of the fire department, or the highest grade in the rank of police patrol officer, for a beneficiary of a deceased member of a police department, and in addition a monthly pension equal to the monthly pension payable under subsection 9 of this section for each child; or

b. If the spouse dies either prior or subsequent to the death of the member, to the guardian of each surviving child, a monthly pension equal to the monthly pension payable under subsection 9 of this section for the support of the child.

12. *Annual readjustment of pensions.* Pensions payable under this section shall be adjusted as follows:

a. On each July 1, the monthly pensions authorized in this section payable to retired members and to beneficiaries shall be adjusted as provided in this subsection. An amount equal to the sum of one and one-half percent of the monthly pension of each retired member and beneficiary and the applicable incremental amount shall be added to the monthly pension of each retired member and beneficiary. The board of trustees shall report to the general assembly every six years, by September 15 of that year, beginning with September 15, 2001, on whether the provisions of this subsection continue to provide an equitable method for the annual readjustment of pensions payable under this chapter.

b. For purposes of this subsection, “*applicable incremental amount*” means the following amount for members receiving a pension under subsection 2, 4, or 6 and for beneficiaries receiving a pension under subsection 11:

(1) Fifteen dollars where the member’s retirement date was less than five years prior to the effective date of the increase.

(2) Twenty dollars where the member’s retirement date was at least five years, but less than ten years, prior to the effective date of the increase.

(3) Twenty-five dollars where the member’s retirement date was at least ten years, but less than fifteen years, prior to the effective date of the increase.

(4) Thirty dollars where the member’s retirement date was at least fifteen years, but less than twenty years, prior to the effective date of the increase.

(5) Thirty-five dollars where the member’s retirement date was at least twenty years prior to the effective date of the increase.
