1. *a.* A liquor control license may be issued to any person who is of good moral character as defined by this chapter.

b. As a condition for issuance of a liquor control license or wine or beer permit, the applicant must give consent to members of the fire, police, and health departments and the building inspector of cities; the county sheriff, deputy sheriff, members of the department of public safety, representatives of the division and of the department of inspections and appeals, certified police officers, and any official county health officer to enter upon areas of the premises where alcoholic beverages are stored, served, or sold, without a warrant during business hours of the licensee or permittee to inspect for violations of this chapter or ordinances and regulations that cities and boards of supervi-

sors may adopt. However, a subpoena issued under section 421.17 or a warrant is required for inspection of private records, a private business office, or attached living quarters. Persons who are not certified peace officers shall limit the scope of their inspections of licensed premises to the regulatory authority under which the inspection is conducted. All persons who enter upon a licensed premises to conduct an inspection shall present appropriate identification to the owner of the establishment or the person who appears to be in charge of the establishment prior to commencing an inspection; however, this provision does not apply to undercover criminal investigations conducted by peace officers.

c. As a further condition for the issuance of a class “E” liquor control license, the applicant shall post a bond in a sum of not less than five thousand nor more than fifteen thousand dollars as determined on a sliding scale established by the division; however, a bond shall not be required if all purchases of alcoholic liquor from the division by the licensee are made by cash payment or by means that ensure that the division will receive full payment in advance of delivery of the alcoholic liquor.

d. A class “E” liquor control license may be issued to a city council for premises located within the limits of the city if there are no class “E” liquor control licensees operating within the limits of the city and no other applications for a class “E” license for premises located within the limits of the city at the time the city council’s application is filed. If a class “E” liquor control license is subsequently issued to a private person for premises located within the limits of the city, the city council shall surrender its license to the division within one year of the date that the class “E” liquor control licensee begins operating, liquidate any remaining assets connected with the liquor store, and cease operating the liquor store.

2. No liquor control license shall be issued for premises which do not conform to all applicable laws, ordinances, resolutions, and health and fire regulations. Nor shall any licensee have or maintain any interior access to residential or sleeping quarters unless permission is granted by the administrator in the form of a living quarters permit.

3. Liquor control licenses issued under this chapter shall be of the following classes:

a. Class “A”. A class “A” liquor control license may be issued to a club and shall authorize the holder to purchase alcoholic liquors from class “E” liquor control licensees only, wine from class “A” wine permittees or class “B” wine permittees who also hold class “E” liquor control licenses only, and native wines from native wine manufacturers, and to sell liquors, wine, and beer to bona fide members and their guests by the individual drink for consumption on the premises only.

b. *Class "B"*. A class "B" liquor control license may be issued to a hotel or motel and shall authorize the holder to purchase alcoholic liquors from class "E" liquor control licensees only, wine from class "A" wine permittees or class "B" wine permittees who also hold class "E" liquor control licenses only, and native wines from native wine manufacturers, and to sell liquors, wine, and beer to patrons by the individual drink for consumption on the premises only. However, beer may also be sold for consumption off the premises. Each license shall be effective throughout the premises described in the application.

c. *Class "C"*. A class "C" liquor control license may be issued to a commercial establishment but must be issued in the name of the individuals who actually own the entire business and shall authorize the holder to purchase alcoholic liquors from class "E" liquor control licensees only, wine from class "A" wine permittees or class "B" wine permittees who also hold class "E" liquor control licenses only, and native wines from native wine manufacturers, and to sell liquors, wine, and beer to patrons by the individual drink for consumption on the premises only. However, beer may also be sold for consumption off the premises.

A special class "C" liquor control license may be issued and shall authorize the holder to purchase wine from class "A" wine permittees or class "B" wine permittees who also hold class "E" liquor control licenses only, and to sell wine and beer to patrons by the individual drink for consumption on the premises only. However, beer may also be sold for consumption off the premises. The license issued to holders of a special class "C" license shall clearly state on its face that the license is limited.

d. *Class "D"*.

(1) A class "D" liquor control license may be issued to a railway corporation, to an air common carrier, and to passenger-carrying boats or ships for hire with a capacity of twenty-five persons or more operating in inland or boundary waters, and shall authorize the holder to sell or furnish alcoholic beverages, wine, and beer to passengers for consumption only on trains, watercraft as described in this section, or aircraft, respectively. Each license is valid throughout the state. Only one license is required for all trains, watercraft, or aircraft operated in the state by the licensee. However, if a watercraft is an excursion gambling boat licensed under chapter 99F, the owner shall obtain a separate class "D" liquor control license for each excursion gambling boat operating in the waters of this state.

(2) A class "D" liquor control licensee who operates a train or a watercraft intrastate only, or an excursion gambling boat licensed under chapter 99F, shall purchase alcoholic liquor from a class "E" liquor control licensee only, wine from a class "A" wine permittee or a class "B" wine permittee

who also holds a class "E" liquor control license only, and beer from a class "A" beer permittee only.

e. *Class "E"*. A class "E" liquor control license may be issued and shall authorize the holder to purchase alcoholic liquor from the division only and to sell the alcoholic liquor to patrons for consumption off the licensed premises and to other liquor control licensees. A class "E" license shall not be issued to premises at which gasoline is sold. A holder of a class "E" liquor control license may hold other retail liquor control licenses or retail wine or beer permits, but the premises licensed under a class "E" liquor control license shall be separate from other licensed premises, though the separate premises may have a common entrance. However, the holder of a class "E" liquor control license may also hold a class "B" wine or class "C" beer permit or both for the premises licensed under a class "E" liquor control license.

The division may issue a class "E" liquor control license for premises covered by a liquor control license or wine or beer permit for on-premises consumption, if the premises are in a county having a population under nine thousand five hundred in which no other class "E" liquor control license has been issued by the division, and no other application for a class "E" license has been made within the previous twelve consecutive months.

1. *Filing of application.* An application for a class "A", class "B", class "C", or class "E" liquor control license, for a retail beer permit as provided in sections 123.128 and 123.129, or for a class "B" retail wine permit as provided in section 123.176, accompanied by the necessary fee and bond, if required, shall be filed with the appropriate city council if the premises for which the license or permit is sought are located within the corporate limits of a city, or with the board of supervisors if the premises for which the license or permit is sought are located outside the corporate limits of a city. An application for a class "D" liquor control license and for a class "A" beer or class "A" wine permit, accompanied by the necessary fee and bond, if required, shall be filed with the division, which shall proceed in the same manner as in the case of an application approved by local authorities.

2. *Action by local authorities.* The local authority shall either approve or disapprove the issuance of a liquor control license, retail wine permit, or retail beer permit, shall endorse its approval or disapproval on the application and shall forward the application with the necessary fee and bond, if required, to the division. There is no limit upon the number of liquor control licenses, retail wine permits, or retail beer permits which may be approved for issuance by local authorities.

3. *Licensed premises for local events.* A local authority may define, by motion of the local authority, licensed premises which shall be used by holders of liquor control licenses, beer permits, and wine permits at festivals, fairs, or celebrations which are sponsored or authorized by the local authority. The licensed premises defined by motion of the local authority shall be used by the holders of five-day or fourteen-day liquor control licenses, or five-day or fourteen-day beer permits only.

4. *Security employee training.* A local authority, as a condition of obtaining a license or permit for on-premises consumption, may require a designated security employee as defined in section

The training shall include but is not limited to mediation techniques, civil rights or unfair practices awareness as provided in section 216.7, and providing instruction on the proper physical restraint methods used against a person who has become combative.

5. *Action by administrator.*

a. Upon receipt of an application having been disapproved by the local authority, the administrator shall notify the applicant that the applicant may appeal the disapproval of the application to the administrator. The applicant shall be notified by certified mail, and the application, the fee, and any bond shall be returned to the applicant.

b. Upon receipt of an application having been approved by the local authority, the division shall make an investigation as the administrator deems necessary to determine that the applicant complies with all requirements for holding a license or permit, and may require the applicant to appear to be examined under oath to demonstrate that the applicant complies with all of the requirements to hold a license or permit. If the administrator requires the applicant to appear and to testify under oath, a record shall be made of all testimony or evidence and the record shall become a part of the application. The administrator may appoint a member of the division or may request an administrative law judge of the department of inspections and appeals to receive the testimony under oath and evidence, and to issue a proposed decision to approve or disapprove the application for a license or permit. The administrator may affirm, reverse, or modify the proposed decision to approve or disapprove the application for the license or permit. If the application is approved by the administrator, the license or permit shall be issued. The administrator may appoint a member of the division or may request an administrative law judge from the department of inspections and appeals to conduct the evidentiary hearing and to render a proposed decision to approve or disapprove the issuance of the license or permit. The administrator may affirm, reverse, or modify the proposed decision. If the administrator determines that the applicant complies with all of the requirements for holding a license or permit, the administrator shall order the issuance of the license or permit. If the administrator determines

that the applicant does not comply with the requirements for holding a license or permit, the administrator shall disapprove the issuance of the license or permit.

7. *Judicial review.* The applicant or the local authority may seek judicial review of the action of the administrator in accordance with the terms of the Iowa administrative procedure Act. Notwithstanding the terms of the Iowa administrative procedure Act, petitions for judicial review may be filed in the district court of the county where the premises covered by the application are situated.

8. *Suspension by local authority.* A liquor control licensee or a wine or beer permittee whose license or permit has been suspended or revoked or a civil penalty imposed by a local authority for a violation of this chapter or suspended by a local authority for violation of a local ordinance may appeal the suspension, revocation, or civil penalty to the administrator. The administrator may appoint a member of the division or may request an administrative law judge from the department of inspections and appeals to hear the appeal which shall be conducted in accordance with chapter 17A and to issue a proposed decision. The administrator may review the proposed decision upon the motion of a party to the appeal or upon the administrator's own motion in accordance with chapter 17A. The application, accompanied by the necessary fee and bond, if required, shall be filed in the same manner as is provided for filing the initial application. However, for the renewal of a class "E" license, the simplified application form for renewal, accompanied by the necessary fee and bond if required, shall be filed directly with the administrator without the endorsement of local authorities if all of the following conditions are met: the applicant's license has not been suspended or revoked since the preceding license was issued; a civil penalty has not been imposed against the applicant under this chapter since the preceding license was issued; an administrative proceeding is not pending against the applicant to suspend or revoke the applicant's license or to impose a civil penalty under this chapter; and the applicant has not been convicted of a violation of this chapter since the preceding license was issued.

Whenever a compromise or settlement is made, the administrator shall make a complete record of the case showing the tax assessed, reports and audits, if any, the licensee’s or permittee’s grounds for dispute or contest, together with all evidence of the dispute or contest, and the amounts, conditions, and settlement or compromise of the dispute or contest.

A licensee or permittee who disputes the amount of tax imposed must pay all tax and penalty pertaining to the disputed tax liability prior to appealing the disputed tax liability to the administrator.

The administrator shall adopt rules establishing procedures for payment of disputed taxes imposed under this chapter. If it is determined that the tax is not due in whole or in part, the division shall promptly refund the part of the tax payment which is determined not to be due.

123.38 Nature of permit or license — surrender — transfer.

A special liquor permit, liquor control license, wine permit, or beer permit is a personal privilege and is revocable for cause. It is not property nor is it subject to attachment and execution nor alien-

able nor assignable, and it shall cease upon the death of the permittee or licensee. However, the administrator of the division may in the administrator's discretion allow the executor or administrator of a permittee or licensee to operate the business of the decedent for a reasonable time not to exceed the expiration date of the permit or license. Every permit or license shall be issued in the name of the applicant and no person holding a permit or license shall allow any other person to use it.

Any licensee or permittee, or the licensee's or permittee's executor or administrator, or any person duly appointed by the court to take charge of and administer the property or assets of the licensee or permittee for the benefit of the licensee's or permittee's creditors, may voluntarily surrender a license or permit to the division. When a license or permit is surrendered the division shall notify the local authority, and the division or the local authority shall refund to the person surrendering the license or permit, a proportionate amount of the fee received by the division or the local authority for the license or permit as follows: if a license or permit is surrendered during the first three months of the period for which it was issued, the refund shall be three-fourths of the amount of the fee; if surrendered more than three months but not more than six months after issuance, the refund shall be one-half of the amount of the fee; if surrendered more than six months but not more than nine months after issuance, the refund shall be one-fourth of the amount of the fee. No refund shall be made, however, for any special liquor permit, nor for a liquor control license, wine permit, or beer permit surrendered more than nine months after issuance. For purposes of this paragraph, any portion of license or permit fees used for the purposes authorized in section 331.424, subsection 1, paragraphs "a" and "b", and in section 331.424A, shall not be deemed received either by the division or by a local authority. No refund shall be made to any licensee or permittee, upon the surrender of the license or permit, if there is at the time of surrender, a complaint filed with the division or local authority, charging the licensee or permittee with a violation of this chapter. If upon a hearing on a complaint the license or permit is not revoked or suspended, then the licensee or permittee is eligible, upon surrender of the license or permit, to receive a refund as provided in this section; but if the license or permit is revoked or suspended upon hearing the licensee or permittee is not eligible for the refund of any portion of the license or permit fee.

The local authority may in its discretion authorize a licensee or permittee to transfer the license or permit from one location to another within the same incorporated city, or within a county outside the corporate limits of a city, provided that the premises to which the transfer is to be made would

have been eligible for a license or permit in the first instance and such transfer will not result in the violation of any law. All transfers authorized, and the particulars of same, shall be reported to the administrator by the local authority. The administrator may by rule establish a uniform transfer fee to be assessed by all local authorities upon licensees or permittees to cover the administrative costs of such transfers, such fee to be retained by the local authority involved.

123.39 Suspension or revocation of license or permit — civil penalty.

1. *a.* The administrator or the local authority may suspend a license or permit issued pursuant to the chapter for a period not to exceed one year, revoke the license or permit, or impose a civil penalty not to exceed one thousand dollars per violation. Before suspension, revocation, or imposition of a civil penalty, the license or permit holder shall be given written notice and an opportunity for a hearing. The administrator may appoint a member of the division or may request an administrative law judge from the department of inspections and appeals to conduct the hearing and issue a proposed decision. Upon the motion of a party to the hearing or upon the administrator's own motion, the administrator may review the proposed decision in accordance with chapter 17A. Upon review of the proposed decision, the administrator may affirm, reverse, or modify the proposed decision. A licensee or permittee aggrieved by a decision of the administrator may seek judicial review of the administrator's decision in accordance with chapter 17A.

b. A license or permit issued under this chapter may be suspended or revoked, or a civil penalty may be imposed on the license or permit holder by the local authority or the administrator for any of the following causes:

(1) Misrepresentation of any material fact in the application for the license or permit.

(2) Violation of any of the provisions of this chapter.

(3) Any change in the ownership or interest in the business operated under a class "A", class "B", or class "C" liquor control license, or any wine or beer permit, which change was not previously reported to and approved by the local authority and the division.

(4) An event which would have resulted in disqualification from receiving the license or permit when originally issued.

(5) Any sale, hypothecation, or transfer of the license or permit.

(6) The failure or refusal on the part of any licensee or permittee to render any report or remit

any taxes to the division under this chapter when due.

c. A criminal conviction is not a prerequisite to suspension, revocation, or imposition of a civil penalty pursuant to this section. A local authority which acts pursuant to this section or section 123.32 shall notify the division in writing of the action taken, and shall notify the licensee or permit holder of the right to appeal a suspension, revocation, or imposition of a civil penalty to the division. Civil penalties imposed and collected by the local authority under this section shall be retained by the local authority. Civil penalties imposed and collected by the division under this section shall be retained by the division.

2. Local authorities may suspend any retail wine or beer permit or liquor control license for a violation of any ordinance or regulation adopted by the local authority. Local authorities may adopt ordinances or regulations for the location of the premises of retail wine or beer and liquor control licensed establishments and local authorities may adopt ordinances, not in conflict with this chapter and that do not diminish the hours during which beer, wine, or alcoholic beverages may be sold or consumed at retail, governing any other activities or matters which may affect the retail sale and consumption of beer, wine, and alcoholic liquor and the health, welfare and morals of the community involved.

3. When a liquor license or wine or beer permit is suspended after a hearing as a result of violations of this chapter by the licensee, permittee or the licensee's or permittee's agents or employees, the premises which were licensed by the license or permit shall not be relicensed for a new applicant until the suspension has terminated or time of suspension has elapsed, or ninety days have elapsed since the commencement of the suspension, whichever occurs first. However, this section does not prohibit the premises from being relicensed to a new applicant before the suspension has terminated or before the time of suspension has elapsed or before ninety days have elapsed from the commencement of the suspension, if the premises prior to the time of the suspension had been purchased under contract, and the vendor under that contract had exercised the person's rights under chapter 656 and sold the property to a different person who is not related to the previous licensee or permittee by marriage or within the third degree of consanguinity or affinity and if the previous licensee or permittee does not have a financial interest in the business of the new applicant.

4. If the cause for suspension is a first offense violation of section 123.49, subsection 2, paragraph "h", the administrator or local authority shall impose a civil penalty in the amount of five hundred dollars in lieu of suspension of the license or permit. Local authorities shall retain civil penalties collected under this paragraph if the pro-

ceeding to impose the penalty is conducted by the local authority. The division shall retain civil penalties collected under this paragraph if the proceeding to impose the penalty is conducted by the administrator of the division.

123.42 Broker's permit.

1. Prior to representing or promoting a distiller's alcoholic liquor products in the state, the broker shall make application to the administrator on forms provided by the division for a broker's per-

mit. The administrator may in accordance with this chapter issue a broker's permit which shall be valid for one year from the date of issuance unless it is sooner suspended or revoked for a violation of this chapter. A broker's permit is valid throughout the state, and a broker who represents more than one distiller is required to obtain only one broker's permit.

2. The annual fee for a broker's permit is twenty-five dollars.

3. An employee of a broker is not required to apply for or hold a broker's permit.

4. The holder of a distiller's certificate of compliance is not required to appoint a broker to represent its alcoholic liquor products in the state. An applicant for a manufacturer's license shall post a bond in the penal sum of five thousand dollars with surety approved by the administrator. The bond may be forfeited to the state for a violation of the chapter.

123.45 Limitations on business interests.

Except as provided in section 123.6, a commission member or division employee shall not, directly or indirectly, individually, or as a member of a partnership or shareholder in a corporation, have any interest in dealing in or in the manufacture of alcoholic liquor, wine, or beer, and shall not receive any kind of profit nor have any interest in the purchase or sale of alcoholic liquor, wine, or beer by persons so authorized under this chapter. However, this provision does not prohibit any member or employee from lawfully purchasing and keeping alcoholic liquor, wine, or beer in the member's or employee's possession for personal use.

A person engaged in the business of manufacturing, bottling, or wholesaling alcoholic beverages, wine, or beer, or any jobber, representative, broker, employee, or agent of such a person, shall not directly or indirectly supply, furnish, give, or pay for any furnishings, fixtures, or equipment used in the storage, handling, serving, or dispensing of alcoholic beverages, wine, beer, or food within the place of business of a licensee or permittee authorized under this chapter to sell at retail; nor shall the person directly or indirectly extend any credit for alcoholic beverages or beer or pay for any such license or permit, nor directly or indirectly be interested in the ownership, conduct, or operation of the business of another licensee or permittee authorized under this chapter to sell at retail, nor hold a retail liquor control license or retail wine or beer permit. However, a person engaged in the wholesaling of beer or wine may sell only disposable glassware, which is constructed of paper, paper laminated, or plastic materials and designed primarily for personal consumption on a one-time usage basis, to retailers for use within the premises of licensed establishments, for an amount which is greater than or equal to an amount which represents the greater of either the amount paid for the disposable glassware by the supplier or the amount paid for the disposable glassware by the wholesaler. Also, a person engaged in the business of manufacturing beer may sell beer at retail for consumption on or off the premises of the manufacturing facility and, notwithstanding any other provision of this chapter or the fact that a person is the holder of a class "A" beer permit, may be granted not more than one class "B" beer permit as defined in section 123.124 for that purpose. A licensee or permittee who permits or assents to or is a party in any way to a violation or infringement of this section is guilty of a violation of this section.

A person shall not be intoxicated or simulate intoxication in a public place. A person violating this subsection is guilty of a simple misdemeanor.

3. When a peace officer arrests a person on a charge of public intoxication under this section, the peace officer shall inform the person that the person may have a chemical test administered at the person’s own expense. If a device approved by the commissioner of public safety for testing a sample of a person’s breath to determine the person’s blood alcohol concentration is available, that is the only test that need be offered the person arrested. In a prosecution for public intoxication, evidence of the results of a chemical test performed under this subsection is admissible upon proof of a proper foundation. The percentage of alcohol present in a person’s blood, breath, or urine established by the results of a chemical test performed within two hours after the person’s arrest on a charge of public intoxication is presumed to be the percentage of alcohol present at the time of arrest.

custody, unless the officer has reasonable grounds to believe that notification is not in the best interests of the person or will endanger that person.

A reasonable attempt to notify the person includes, but is not limited to, a telephone call or notice by first-class mail.

5. Upon the expiration of two years following conviction for a violation of this section, a person may petition the court to exonerate the person of the conviction, and if the person has had no other criminal convictions, other than simple misdemeanor violations of chapter 321 during the two-year period, the person shall be deemed exonerated of the offense as a matter of law. The court shall enter an order exonerating the person of the conviction, and ordering that the record of the conviction be expunged by the clerk of the district court.

123.48 Seizure of false or altered driver's license or nonoperator identification card.

1. If a liquor control licensee or wine or beer permittee or an employee of the licensee or permittee has a reasonable belief based on factual evidence that a driver's license as defined in section 321.1, subsection 20A, or nonoperator identification card issued pursuant to section 321.190 offered by a person who wishes to purchase an alcoholic beverage at the licensed premises is altered or falsified or belongs to another person, the licensee, permittee, or employee may retain the driver's license or nonoperator identification card. Within twenty-four hours, the card shall be delivered to the appropriate city or county law enforcement agency of the jurisdiction in which the licensed premises is located. A person other than a person required to hold a license or permit under this chapter who dispenses or gives an alcoholic beverage, wine, or beer in violation of this subsection is not civilly liable to an injured person or the estate of a person for injuries inflicted on that person as a result of intoxication by the consumer of the alcoholic beverage, wine, or beer.

b. The general assembly declares that this subsection shall be interpreted so that the holding of *Clark v. Mincks*, 364 N.W.2d. 226 (Iowa 1985) is abrogated in favor of prior judicial interpretation finding the consumption of alcoholic beverages, wine, or beer rather than the serving of alcoholic beverages, wine, or beer as the proximate cause of injury inflicted upon another by an intoxicated person.

2. A person or club holding a liquor control license or retail wine or beer permit under this chapter, and the person's or club's agents or employees, shall not do any of the following:

a. Knowingly permit any gambling, except in accordance with chapter 99B, 99D, 99E, or 99F, or knowingly permit solicitation for immoral purposes, or immoral or disorderly conduct on the premises covered by the license or permit.

b. Sell or dispense any alcoholic beverage or beer on the premises covered by the license or permit, or permit its consumption thereon between the hours of two a.m. and six a.m. on a weekday, and between the hours of two a.m. on Sunday and six a.m. on the following Monday, however, a holder of a liquor control license or retail beer permit granted the privilege of selling alcoholic liquor or beer on Sunday may sell or dispense alcoholic liq-

uor or beer between the hours of eight a.m. on Sunday and two a.m. on the following Monday.

c. Sell alcoholic beverages, wine, or beer to any person on credit, except with a bona fide credit card. This provision does not apply to sales by a club to its members nor to sales by a hotel or motel to bona fide registered guests.

d. Any person who is injured in person or property or means of support by an intoxicated person or resulting from the intoxication of a person, has a right of action for all damages actually sustained, severally or jointly, against any licensee or permit-

tee, whether or not the license or permit was issued by the division or by the licensing authority of any other state, who sold and served any beer, wine, or intoxicating liquor to the intoxicated person when the licensee or permittee knew or should have known the person was intoxicated, or who sold to and served the person to a point where the licensee or permittee knew or should have known the person would become intoxicated. If the injury was caused by an intoxicated person, a permittee or licensee may establish as an affirmative defense that the intoxication did not contribute to the injurious action of the person. The remedy provided by this section shall apply both prospectively, to actions filed on or after July 1, 1992, and retrospectively, to actions pending in trial or appellate courts prior to July 1, 1992.

Every liquor control licensee and class “B” beer permittee, except a class “E” liquor control licensee, shall furnish proof of financial responsibility by the existence of a liability insurance policy in an amount determined by the division.

Notwithstanding section 123.49, subsection 1, any person who is injured in person or property or means of support by an intoxicated person who is under legal age or resulting from the intoxication of a person who is under legal age, has a right of action for all damages actually sustained, severally or jointly, against a person who is not a licensee or permittee and who dispensed or gave any beer, wine, or intoxicating liquor to the intoxicated underage person when the nonlicensee or nonpermittee who dispensed or gave the beer, wine, or intoxicating liquor to the underage person knew or should have known the underage person was intoxicated, or who dispensed or gave beer, wine, or intoxicating liquor to the underage person to a point where the nonlicensee or nonpermittee knew or should have known that the underage person would become intoxicated. If the injury was caused by an intoxicated person who is under legal age, a person who is not a licensee or permittee and who dispensed or gave beer, wine, or intoxicating liquor to the underage person may establish as an affirmative defense that the intoxication did not contribute to the injurious action of the underage person. For purposes of this paragraph, “dispensed” or “gave” means the act of physically presenting a receptacle containing beer, wine, or intoxicating liquor to the underage person whose actions or intoxication results in the sustaining of damages by another person. However, a person who dispenses or gives beer, wine, or intoxicating liquor to an underage person shall only be liable for any damages if the person knew or should have known that the underage person was under legal age.

95 Acts, ch 101, §1

123A.2 Definitions.

As used in this chapter, unless the context otherwise requires:

1. *"Affected party"* means a wholesaler, brewer, master distributor, successor brewer, or any person that is a party to an agreement.

2. *"Agreement"* means a contract or arrangement whether expressed or implied, oral or written, for a definite or indefinite period between a brewer and a wholesaler pursuant to which a wholesaler has been granted the right to purchase, resell, and distribute one or more brands of beer offered by a brewer, or a contract or arrangement in which a brewer grants to a wholesaler a license to use a trade name, trademark, service mark, or related characteristic and in which there is a community of interest in the marketing of the products of the brewer. An agreement exists when one or more of the following occur:

a. A brewer has shipped beer to a wholesaler or accepted an order for beer from a wholesaler.

b. A brewer purchases the right to manufacture a beer product, the right to use the trade name for the product, or the right to distribute a product from another brewer with whom the wholesaler has an agreement.

3. *"Beer"* means any liquid capable of being used for beverage purposes made by the fermentation of an infusion in potable water of barley, malt, and hops with or without unmalted grains or degerminated grains, or made by the fermentation of, or by distillation of the fermented products of fruit, fruit extracts, or other agricultural products, containing more than one-half of one percent of alcohol by volume but not more than five percent of alcohol by weight, but not including mixed drinks or cocktails mixed on the premises.

4. *"Brand"* means a word, name, group of letters, symbol, or a combination of words, names, letters, or symbols adopted and used by a brewer to identify a specific beer product, and to distinguish that beer product from other beer products brewed or marketed by that brewery or other breweries.

5. *"Brand extension"* means a brand which incorporates all or a substantial part of the unique features of a preexisting brand of the same brewery and which relies to a significant extent on the goodwill associated with the preexisting brand. However, a general corporate logo or symbol or an advertising message, whether appearing on the product packaging or elsewhere, is not a brand, brand extension, or part of a brand or brand extension.

6. *"Brewer"* means a person who is engaged in the manufacture of beer for the purpose of sale, barter, exchange, or transportation, a master distributor, or a fermenter, processor, bottler, packager, or importer of beer, or a successor brewer.

7. *"Designated member"* means a deceased wholesaler's spouse, child, grandchild, parent, brother, or sister, who is entitled to inherit the deceased wholesaler's ownership interest under the terms of the deceased wholesaler's will, other testamentary device, or the laws of intestate succession. With respect to an incapacitated individual having an ownership interest in a wholesaler, *"designated member"* also means a person appointed by the court as the conservator of the individual's property. *"Designated member"* also includes the appointed and qualified personal representative and the testamentary trustee of a deceased wholesaler.

8. *"Good cause"* exists if the wholesaler or affected party has failed to comply with reasonable requirements which are imposed upon the wholesaler or affected party through an agreement, which do not discriminate either by their terms or in the methods of their enforcement as compared with requirements imposed on other similarly situated wholesalers by the brewer, and which are not in violation of any law or administrative rule.

9. *"Good faith"* means honesty in fact and the observance of reasonable commercial standards of fair dealing in the trade and defined and interpreted under section 554.2103.

10. *"Manager"* means an individual named or designated by agreement between the brewer and wholesaler, who is principally responsible for the daily management of the wholesaler.

11. *"Master distributor"* means a wholesaler who acts in the role of or in a similar capacity as a brewer or outside seller of one or more brands of beer to other wholesalers on a regular basis in the normal course of business.

12. *"Reasonable standards and qualifications"* means those criteria applied by the brewer to similarly situated wholesalers during a period of twenty-four months before a proposed change in a successor manager of the wholesaler's business.

13. *"Similarly situated wholesalers"* means wholesalers of a brewer that are of a generally comparable size, and operate in markets with similar demographic characteristics, including population size, density, distribution, and vital statistics, and reasonably similar economic and geographic conditions.

14. *"Successor brewer"* means a person who succeeds to the role of a brewer or master distributor to manufacture or distribute one or more brands of beer whether by merger, purchase of corporate shares, purchase of assets, or any other arrangement.

15. *"Successor manager"* means an individual named or designated by agreement between a

brewer and wholesaler who succeeds to the role of manager who will be principally responsible for the daily management of the wholesaler.

16. “*Territory*” means the geographic area of primary sales responsibility designated by an agreement between a wholesaler and brewer for one or more brands of beer of the brewer.

17. “*Wholesaler*” means a person, other than a vintner, brewer, or bottler of beer, who sells, barter, exchanges, offers for sale, possesses with intent to sell, deals, or traffics in beer.

95 Acts, ch 101, §2

123A.3 Termination and notice of cancellation.

1. Except as provided in subsection 5, a brewer or wholesaler shall not amend, modify, cancel, fail to renew, or otherwise terminate an agreement unless the brewer or wholesaler furnishes prior notification to the other party in accordance with subsection 2.

2. The notification required under subsection 1 shall be in writing and sent to the affected party by certified mail not less than ninety days before the date on which the agreement will be amended, modified, canceled, not renewed, or otherwise terminated. The notification shall contain all of the following:

a. A statement of intention to amend, modify, cancel, fail to renew, or otherwise terminate the agreement.

b. A statement enumerating the facts and reasons for the action, including documentation necessary to fully inform the wholesaler of the reasons for the action.

c. The date on which the action will take effect.

3. For each cancellation, nonrenewal, or termination, the brewer shall have the burden of showing that it has acted in good faith, that the notice requirements under this section have been complied with, and that there was good cause for the cancellation, nonrenewal, or termination.

4. Notwithstanding the terms or conditions of any agreement, good cause exists for the purpose of a cancellation, nonrenewal, or termination if all of the following occur:

a. The wholesaler fails to comply with a provision of the agreement which is both reasonable and of material significance to the business relationship between the wholesaler and the brewer.

b. The brewer first acquired knowledge of the failure described in paragraph “*a*” not more than twenty-four months before the date notification was given pursuant to subsection 2.

c. The wholesaler was given notice by the brewer of failure to comply with the agreement.

d. The wholesaler has been given thirty days in which to submit a plan of corrective action to comply with the agreement and an additional ninety days to cure the noncompliance in accordance with the plan, and has failed to correct the

failure to comply with the provisions of the agreement.

5. A brewer may cancel, fail to renew, or otherwise terminate an agreement without furnishing any prior notification and without good cause as required in subsection 4 for any of the following reasons:

a. The wholesaler’s failure to pay any account when due and upon written demand by the brewer for the payment, in accordance with agreed upon payment terms.

b. The wholesaler’s assignment for the benefit of creditors, or similar disposition, of substantially all of the assets of the party’s business.

c. The insolvency of the wholesaler, or the institution of proceedings in bankruptcy by or against the wholesaler.

d. The dissolution or liquidation of the wholesaler.

e. The wholesaler’s conviction of, or plea of guilty or no contest to, a charge of violating a law or rule in this state which materially and adversely affects the ability of either party to continue to sell beer in this state, or the revocation or suspension of a license or permit to sell beer in this state for a period greater than thirty-one days.

f. Any attempted transfer of business assets of the wholesaler, ten percent or more of the voting stock of the wholesaler or the voting stock of any parent corporation of the wholesaler, or any change in the beneficial ownership or control of any wholesaler without obtaining the prior consent or approval as provided for under section 123A.6.

g. The wholesaler’s fraudulent conduct relating to a material matter on the part of the wholesaler in dealings with the brewer or its product. However, the brewer shall have the burden of proving fraudulent conduct relating to a material matter on the part of the wholesaler in any legal action challenging the termination.

h. The wholesaler distributes, sells, or delivers beer to a retailer whose premises are situated outside the geographic territory agreed upon by the wholesaler and the brewer as the area in which the wholesaler will sell beer purchased from the brewer, without the consent of the brewer and the distributor who has been assigned the territory by the brewer.

95 Acts, ch 101, §3

123A.4 Cancellation.

A brewer or a wholesaler shall not cancel, fail to renew, or otherwise terminate an agreement unless the party intending that action has good cause for the cancellation, failure to renew, or termination, has made good faith efforts to resolve disagreements, and, in any case in which prior notification is required under section 123A.3, the party intending to act has furnished the prior notification and the other party has not eliminated the reasons specified in the notification for cancella-

tion, failure to renew, or termination, within the periods provided in section 123A.3, subsection 4, paragraph "d".

95 Acts, ch 101, §4

123A.5 Prohibited conduct.

1. A brewer shall not commit any of the following actions:

a. Induce or coerce, or attempt to induce or coerce, any wholesaler to engage in any illegal act or course of conduct.

b. Require a wholesaler to assent to any unreasonable requirement, condition, understanding, or term of an agreement prohibiting a wholesaler from selling the product of another brewer.

c. Fix, maintain, or establish the price at which a wholesaler may resell beer, or to change, by any means, the price charged to the wholesaler after beer has been ordered by the wholesaler from the brewer.

d. Require any wholesaler to accept delivery of any beer or any other item or commodity which shall not have been ordered by the wholesaler.

e. Require a wholesaler without the wholesaler's approval to participate in an arrangement for the payment or crediting by an electronic fund transfer transaction for any item or commodity other than beer, or to access a wholesaler's account for any item or commodity other than beer.

f. Require or prohibit any change in the manager or successor manager of any wholesaler who has been approved by the brewer as of or subsequent to July 1, 1995, unless the brewer acts in good faith. If a wholesaler changes an approved manager or successor manager, a brewer shall not require or prohibit the change unless the person selected by the wholesaler fails to meet the nondiscriminatory, material, and reasonable standards and qualifications for managers or successor managers consistently applied to similarly situated wholesalers by the brewer. However, the brewer shall have the burden of proving that the person fails to meet the reasonable standards and qualifications.

g. Discriminate among the brewer's wholesalers in any business dealings including, but not limited to, the price of beer sold to the wholesaler or terms of sale offered to wholesalers, unless the difference among its wholesalers is based on reasonable grounds.

h. Fail to provide each wholesaler of the brewer's brand with a written agreement which contains in total the brewer's agreement with each wholesaler, and designates a specific exclusive sales territory. The terms of written agreements executed, amended, or renewed after July 1, 1995, shall be consistent with this chapter, and this chapter may be incorporated by reference in the agreement.

i. Enter into an additional agreement with any other wholesaler for, or to sell to any other wholesaler, the same brand of beer or brand extension in the same territory or any portion of the territory, or to sell directly to any retailer in this state.

j. Require a wholesaler to purchase one or more brands of beer in order for the wholesaler to purchase another brand of beer for any reason.

k. Require a wholesaler, by any means, directly to participate in or contribute to any local or national advertising fund controlled directly or indirectly by a brewer.

l. Require by a provision of an agreement or other instrument in connection with the agreement that any dispute arising out of or in connection with the agreement be determined through the application of any other state's laws, be determined in federal court sitting in a state other than Iowa, or be determined in a state court of a state other than this state. A provision contained in any agreement or other instrument in connection with the agreement which contravenes this section shall be null and void.

2. A wholesaler who, pursuant to an agreement, is granted a sales territory for which the wholesaler is primarily responsible or in which the wholesaler is required to concentrate the wholesaler's efforts, shall not make any sale or delivery of beer to any retail licensee whose place of business is not within the territory granted to the wholesaler unless agreed upon by all affected parties.

95 Acts, ch 101, §5

123A.6 Transfer of business assets or stock.

1. A brewer shall not unreasonably withhold or delay its approval of any assignment, sale, or transfer of the stock or other indicia of ownership of a wholesaler or all or any portion of a wholesaler's assets, wholesaler's voting stock, the voting stock of any parent corporation, or the beneficial ownership or control of any other entity owning or controlling the wholesaler, including the wholesaler's rights and obligations under the terms of an agreement when the person to be substituted meets reasonable standards. Upon the death of one of the partners of a partnership operating the business of a wholesaler, a brewer shall not deny the surviving partner of the partnership the right to become a successor-in-interest to the agreement between the brewer and the partnership, if the survivor has been active in the management of the partnership and is otherwise capable of carrying on the business of the partnership.

2. Notwithstanding subsection 1, upon the death of a wholesaler, a brewer shall not deny approval for any transfer of ownership or management to a designated member, including the rights under the agreement with the brewer. The trans-

fer or assignment shall not be effective until written notice is given to the brewer, but the brewer's consent to the transfer or assignment shall not be required.

95 Acts, ch 101, §6

123A.7 Reasonable compensation.

1. A brewer who cancels, fails to renew, or terminates any agreement, or unlawfully denies approval of, or unreasonably withholds consent to any assignment, transfer, or sale of a wholesaler's business assets or voting stock or other equity securities, except as provided in this chapter, shall pay the wholesaler with which the brewer has an agreement pursuant to this chapter, reasonable compensation for the fair market value of the wholesaler's business with relation to the affected brand of beer. The fair market value of the wholesaler's business shall include, but not be limited to, its goodwill, if any.

2. If a brewer and a wholesaler are unable to mutually agree on the reasonable compensation to be paid for the value of the wholesaler's business, either party may maintain a civil action as provided in section 123A.9, or the matter may, by mutual agreement of the parties, be submitted to a three-member arbitration panel consisting of one representative selected by the brewer but unassociated with the brewer; one representative selected by the wholesaler but unassociated with the wholesaler; and an impartial arbitrator selected by the other two members from a list provided by the American arbitration association, and the claim settled in accordance with the rules provided by the American arbitration association. Arbitration costs shall be paid one-half by the wholesaler and one-half by the brewer. Arbitration shall be conducted in accordance with the commercial arbitration rules of the American arbitration association and the laws of this state, and judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction. The award of the arbitrator shall be final and binding on the parties.

123A.9 Judicial remedies.

1. If a brewer or a wholesaler who is a party to an agreement pursuant to this chapter fails to comply with this chapter or otherwise engages in conduct prohibited under this chapter, the aggrieved party may maintain a civil action in district court if the cause of action directly relates to

or stems from the relationship of the individual parties under the agreement.

2. A brewer or wholesaler may bring an action for declaratory judgment for determination of any controversy arising under this chapter or out of the brewer and wholesaler agreement.

3. Upon proper petition to the district court, a brewer or wholesaler may obtain injunctive relief against a violation of this chapter.

4. In an action under subsection 1, the district court may grant the relief as the court determines is necessary or appropriate considering the purposes of this chapter. The district court may, if it finds that a brewer has acted in bad faith in invoking the amendment, modification, cancellation, nonrenewal, or termination provision of the agreement between the brewer and wholesaler, or has unreasonably withheld its consent to any assignment, transfer, or sale of the wholesaler's business, award equitable relief, actual damages, court costs, and attorney's fees.

5. The prevailing party in an action under subsection 1 shall be entitled to actual damages, court costs, and attorney's fees at the court's discretion.

6. With respect to a dispute arising under this chapter or out of the agreement between a brewer and wholesaler, the wholesaler and brewer each has the absolute right, before the wholesaler or brewer has agreed to arbitrate a particular dispute, to refuse to arbitrate that particular dispute. A brewer shall not, as a condition of entering into or renewing an agreement, require the wholesaler to agree to arbitration in lieu of judicial remedies.

7. A brewer shall not take retaliatory action against a wholesaler who files or manifests an intention to file a complaint of alleged violation of state or federal law or regulation by the brewer with the appropriate state or federal regulatory authority. Retaliatory action shall include, but shall not be limited to, refusal without good cause to continue the agreement, or a material reduction in the quality of service or quantity of products available to the wholesaler under the agreement, or impede the normal business operations of the wholesaler.

95 Acts, ch 101, §9

123A.10 Waiver — prohibited.

A brewer shall not require a wholesaler to waive compliance with any provision of this chapter. This chapter shall not be construed to limit or prohibit a good faith settlement of a dispute voluntarily entered into between the parties.

95 Acts, ch 101, §10

123A.11 Indemnification.

A brewer shall fully indemnify and hold harmless the brewer's wholesaler against any losses, including, but not limited to, court costs and reasonable attorney's fees or damages arising out of complaints, claims, or lawsuits, including, but not limited to, strict liability, negligence, misrepresenta-

tion, or express or implied warranty where the complaint, claim, or lawsuit relates to the manufacture or packaging of beer or other functions by the brewer which are beyond the control of the wholesaler.

95 Acts, ch 101, §11

123A.12 Application to existing agreements.

1. The provisions of this chapter apply to a valid agreement in effect immediately before July 1,

1995, when the first of the following dates occurs:
a. On the effective date of the next amendment, modification, or renewal of the existing valid agreement.

b. On the next anniversary date of the execution of the original agreement between the wholesaler and the brewer.

DIVISION II

STANDARDS AND SCHEDULES

124.201 Duty to recommend changes in schedules.

1. The board shall administer the regulatory provisions of this chapter. Annually, within thirty days after the convening of each regular session of the general assembly, the board shall recommend to the general assembly any deletions from, or revisions in the schedules of substances, enumerated in section 124.204, 124.206, 124.208, 124.210, or 124.212, which it deems necessary or advisable. In making a recommendation to the general assembly regarding a substance, the board shall consider the following:

- a. The actual or relative potential for abuse;
- b. The scientific evidence of its pharmacological effect, if known;
- c. State of current scientific knowledge regarding the substance;
- d. The history and current pattern of abuse;
- e. The scope, duration, and significance of abuse;
- f. The risk to the public health;

g. The potential of the substance to produce psychic or physiological dependence liability; and

h. Whether the substance is an immediate precursor of a substance already controlled under this division.

2. After considering the above factors, the board shall make a recommendation to the general assembly, specifying the change which should be made in existing schedules, if it finds that the potential for abuse or lack thereof of the substance is not properly reflected by the existing schedules.

3. If the board designates a substance as an immediate precursor, substances which are precursors of the controlled precursor shall not be subject to control solely because they are precursors of the controlled precursor. Such designations shall be made pursuant to the procedures of chapter 17A.

4. If any new substance is designated as a controlled substance under federal law and notice of the designation is given to the board, the board shall similarly designate as controlled the new substance under this chapter after the expiration of thirty days from publication in the Federal Register of a final order designating a new substance as a controlled substance, unless within that thirty-day period the board objects to the new designation. In that case the board shall publish the reasons for objection and afford all interested parties an opportunity to be heard. At the conclusion of the hearing the board shall announce its decision. Upon publication of objection to a new substance being designated as a controlled substance under this chapter by the board, control under this chapter is stayed until the board publishes its decision. If a substance is designated as controlled by the board under this paragraph the control shall be temporary and if within sixty days after the next regular session of the general assembly convenes it has not made the corresponding changes in this chapter, the temporary designation of control of the substance by the board shall be nullified.

C93, §124.201

124.202 Controlled substances — listed regardless of name.

The controlled substances listed in the schedules in sections 124.204, 124.206, 124.208, 124.210 and 124.212 are included by whatever official name, common or usual name, chemical name, or trade name is designated.

C93, §124.202

124.203 Substances listed in schedule I — criteria.

The board shall recommend to the general assembly that it place in schedule I any substance not already included therein if the board finds that the substance:

1. Has high potential for abuse; and
2. Has no accepted medical use in treatment in the United States; or lacks accepted safety for use in treatment under medical supervision.

If the board finds that any substance included in schedule I does not meet these criteria, it shall recommend that the general assembly place the substance in a different schedule or remove it from the list of controlled substances, as appropriate.

DIVISION III

REGULATION OF MANUFACTURE, DISTRIBUTION, AND DISPENSING OF CONTROLLED SUBSTANCES

124.301 Rules.

The board may, subject to chapter 17A, promulgate rules and charge reasonable fees relating to the registration and control of the manufacture, distribution, and dispensing of controlled substances within this state.

[C73, 75, 77, 79, 81, §204.301]

C93, §124.301

124.302 Registration requirements.

1. Every person who manufactures, distributes, or dispenses any controlled substance within this state or who proposes to engage in the manufacture, distribution, or dispensing of any controlled substance within this state, shall obtain and maintain a biennial registration issued by the board in accordance with its rules.

2. Persons registered by the board under this chapter to manufacture, distribute, dispense, or conduct research with controlled substances may possess, manufacture, distribute, dispense, or conduct research with those substances to the extent authorized by their registration and in conformity with the other provisions of this division.

3. The following persons need not register and may lawfully possess controlled substances under this chapter:

a. An agent or employee of any registered manufacturer, distributor, or dispenser of any controlled substance if the agent or employee is acting in the usual course of the agent's or employee's business or employment.

b. A common or contract carrier or warehouse operator, or an employee thereof, whose possession of any controlled substance is in the usual course of business or employment.

c. An ultimate user or a person in possession of any controlled substance pursuant to a lawful order of a practitioner or in possession of a schedule V substance.

4. A separate registration is required for each principal place of business or professional practice where the applicant manufactures, distributes, or dispenses controlled substances.

5. The board may inspect the establishment of a registrant or applicant for registration in accordance with the board's rules.

[C24, 27, 31, 35, §3155; C39, §3169.03, 3169.12; C46, 50, 54, 58, 62, 66, 71, §204.03, 204.12; C73, 75, 77, 79, 81, §204.302]

91 Acts, ch 233, §5

C93, §124.302

124.303 Registration.

1. The board shall register an applicant to manufacture or distribute controlled substances included in sections 124.204, 124.206, 124.208, 124.210 and 124.212 unless it determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the board shall consider all of the following factors:

a. Maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific, or industrial channels.

b. Compliance with applicable state and local law.

c. Any convictions of the applicant under any federal and state laws relating to any controlled substance.

d. Past experience in the manufacture or distribution of controlled substances, and the existence in the applicant's establishment of effective controls against diversion.

e. Furnishing by the applicant of false or fraudulent material in any application filed under this chapter.

f. Suspension or revocation of the applicant's federal registration to manufacture, distribute, or dispense controlled substances as authorized by federal law.

g. Any other factors relevant to and consistent with the public health and safety.

2. Registration under subsection 1 of this section does not entitle a registrant to manufacture and distribute controlled substances in schedule I or II other than those specified in the registration.

3. Practitioners shall be registered to dispense any controlled substances or to conduct research with controlled substances in schedules II through V if they are authorized to dispense or conduct research under the law of this state. The board need not require separate registration under this division for practitioners engaging in research with nonnarcotic controlled substances in schedules II through V where the registrant is already registered under this division in another capacity. Practitioners registered under federal law to conduct research with schedule I substances may conduct research in schedule I substances within this state upon furnishing the board evidence of the federal registration.

4. Compliance by manufacturers and distributors with the provisions of the federal law respecting registration, excluding fees, entitles them to be registered under this chapter.

[C73, 75, 77, 79, 81, §204.303]

C93, §124.303

124.304 Revocation and suspension of registration.

1. A registration under section 124.303 to manufacture, distribute, or dispense a controlled substance may be suspended or revoked by the board upon a finding that the registrant:

a. Has furnished false or fraudulent material information in any application filed under this chapter;

b. Has had the registrant's federal registration suspended or revoked to manufacture, distribute, or dispense controlled substances; or

c. Has been convicted of a public offense under any state or federal law relating to any controlled substance. For the purpose of this section only, a conviction shall include a plea of guilty, a forfeiture of bail or collateral deposited to secure a defendant's appearance in court which forfeiture has not been vacated, or a finding of guilt in a criminal

action even though the entry of the judgment or sentence has been withheld and the individual placed on probation.

d. Has committed such acts as would render the registrant's registration under section 124.303 inconsistent with the public interest as determined under that section.

2. The board may limit revocation or suspension of a registration to the particular controlled substance with respect to which grounds for revocation or suspension exist.

3. If the board suspends or revokes a registration, all controlled substances owned or possessed by the registrant at the time of suspension or the effective date of the revocation order may be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all such controlled substances may be forfeited to the state.

4. The board shall promptly notify the bureau and the department of all orders suspending or revoking registration and all forfeitures of controlled substances.

C93, §124.304

124.305 Order to show cause.

1. Before denying, suspending or revoking a registration, or refusing a renewal of registration, the board shall serve upon the applicant or registrant an order to show cause why registration should not be denied, revoked, or suspended, or why the renewal should not be refused. The order to show cause shall contain a statement of the basis therefor and shall call upon the applicant or registrant to appear before the board at a time and place not less than thirty days after the date of service of the order, but in the case of a denial or renewal of registration the show cause order shall be served not later than thirty days before the expiration of the registration. These proceedings shall be conducted without regard to any criminal prosecution or other proceeding. Proceedings to refuse renewal of registration shall not abate the existing registration which shall remain in effect pending the outcome of the administrative hearing.

2. The board, without an order to show cause, may suspend any registration simultaneously with the institution of proceedings under section 124.304, or where renewal of registration is refused, if it finds that there is an imminent danger to the public health or safety which warrants this action. The suspension shall continue in effect until the conclusion of the proceedings, including ju-

dicial review thereof, under the provisions of the Iowa administrative procedure Act, unless sooner withdrawn by the board or dissolved by the order of the district court or an appellate court.

[C73, 75, 77, 79, 81, §204.305]

A practitioner who engages in dispensing any controlled substance to the practitioner's patients shall keep records of receipt and disbursements of such drugs, including dispensing or other disposition, and information as to controlled substances stolen, lost, or destroyed. In every such case the records of controlled substance received shall show the date of receipt, the name and address of the person from whom received, and the kind and quantity of drugs received. The record of all controlled substances dispensed or otherwise disposed of, shall show the date of dispensing, the name and address of the person to whom or for whose use, or the owner and species of animal for which the drugs were dispensed and the kind and quantity of drugs dispensed.

Every such record shall be kept for a period of two years from the date of the transaction recorded. Records of controlled substances lost, destroyed or stolen, shall contain a detailed list of the kind and quantity of such drugs and the date of the discovery of such loss, destruction, or theft.

No person shall distribute complimentary packages of controlled substances, to a practitioner unless that person prepares and leaves with the practitioner a specific written list of the items so distributed. This list shall be prepared on a form prescribed by rules promulgated by the board, and the person who distributes the items listed shall send a copy of the list to the board as soon as practicable after distribution of the complimentary packages to the practitioner.

2. In emergency situations, as defined by rule of the board, schedule II drugs may be dispensed upon oral prescription of a practitioner, reduced promptly to writing and filed by the pharmacy. Prescriptions shall be retained in conformity with the requirements of section 124.306. No prescription for a schedule II substance may be refilled.

3. Except when dispensed directly by a practitioner, other than a pharmacy, to an ultimate user, a controlled substance included in schedule III or IV, which is a prescription drug as determined under chapter 155A, shall not be dispensed without a written or oral prescription of a practitioner. 124.409 Conditional discharge, commitment for treatment, and probation.

1. Whenever a person who has not previously been convicted of an offense under this chapter or an offense under a state or federal statute relating to narcotic drugs or cocaine, marijuana, or stimulant, depressant, or hallucinogenic drugs, pleads guilty to or is found guilty of possession of a controlled substance under section 124.401, subsection 5, or is sentenced pursuant to section 124.410, the court, without entering a judgment of guilt and with the consent of the accused, may defer further proceedings and place the accused on probation upon terms and conditions as it requires. When a

person is placed on probation under this subsection, the person's appearance bond may be discharged at the discretion of the court. Upon violation of a term or condition, the court may enter an adjudication of guilt and proceed as otherwise provided. Upon fulfillment of the terms and conditions, the court shall discharge the person and dismiss the proceedings against the person. Discharge and dismissal under this section shall be without court adjudication of guilt and is not a conviction for purposes of this section or for purposes of disqualifications or disabilities imposed by law upon conviction of a crime, including the additional penalties imposed for second or subsequent convictions under section 124.411. Discharge and dismissal under this section may occur only once with respect to any person.

2. Whenever the court finds that a person who is charged with a violation of section 124.401 and who consents thereto, or who has entered a plea of guilty to or been found guilty of a violation of that section, is addicted to, dependent upon, or a chronic abuser of any controlled substance and that such person will be aided by proper medical treatment and rehabilitative services, it may order that the person be committed as an in-patient or out-patient to a facility licensed by the Iowa department of public health for medical treatment and rehabilitative services. A person committed under this subsection who is not possessed of sufficient income or estate to enable the person to make payment of the costs of such treatment in whole or in part shall be considered a state patient and the costs of treatment shall be paid as provided in section 125.44. The determination of ability to pay shall be made by the court. The court shall require the patient, or the patient's parent, guardian, or custodian to complete under oath a detailed financial statement. The court may enter appropriate orders requiring the patient or those legally liable for the patient's support to reimburse the state with the costs, or any part thereof. In order to obtain the most effective results from such medical treatment and rehabilitative services, the court may commit the person to the custody of a public or private agency or any other responsible person and impose other conditions upon the commitment as is necessary to insure compliance with the court's order and to insure that the person will not, during the period of treatment and rehabilitation, again violate a provision of this chapter. If it is established thereafter to the satisfaction of the court that the person has again violated a provision of this chapter, the person may be returned to custody or sentenced upon conviction as provided by law. The public or private agency or responsible person to whom the accused person was committed by the court shall immediately report to the court when the person has received maximum benefit from the program or has recovered from addiction, dependency, or tendency to chronically abuse any controlled substance.

The person shall then be returned to the court for disposition of the case. If the person has been charged or indicted, but not convicted, such charge shall proceed to trial or final disposition. If the person has been convicted or is thereafter convicted, the court shall sentence the person as provided by law but may remit all or any part of the sentence and place the person on probation upon terms and conditions as the court may prescribe.

ENFORCEMENT AND ADMINISTRATIVE PROVISIONS

124.501 Responsibility for enforcement.

The department is primarily responsible for the enforcement of this chapter, and all other laws and regulations of this state, relating to controlled or counterfeit substances, or simulated or imitation controlled substances*, except that the board is primarily responsible for making accountability audits of the supply and inventory of controlled substances in the possession of pharmacists, doctors, hospitals, and health care facilities as defined in section 135C.1, subsection 6, as well as in the possession of any and all other individuals or institutions authorized to have possession of any controlled substances, and is also primarily responsible for any other duties in respect to controlled substances as specifically delegated to the board by law. An officer or employee of the board may, when so directed or authorized by the board:

1. Execute and serve search warrants, administrative inspection warrants, subpoenas, and summonses issued under the authority of this state.

124.502 Administrative inspections and warrants.

1. Issuance and execution of administrative inspection warrants shall be as follows:

a. A district judge or district associate judge, within the court’s jurisdiction, and upon proper oath or affirmation showing probable cause, may issue warrants for the purpose of conducting administrative inspections under this chapter or a related rule or under chapter 124A. The warrant may also permit seizures of property appropriate to the inspections. For purposes of the issuance of administrative inspection warrants, probable cause exists upon showing a valid public interest in the effective enforcement of the statute or related rules, sufficient to justify administrative inspection of the area, premises, building or conveyance in the circumstances specified in the application for the warrant.

b. A warrant shall issue only upon sworn testimony of an officer or employee of the board duly designated and having knowledge of the facts alleged, before the judicial officer, establishing the

grounds for issuing the warrant. If the judicial officer is satisfied that grounds for the application exist or that there is probable cause to believe they exist, the officer shall issue a warrant identifying the area, premises, building, or conveyance to be inspected, the purpose of the inspection, and, if appropriate, the type of property to be inspected, if any.

The warrant shall:

(1) State the grounds for its issuance and the name of each person whose testimony has been taken in support thereof.

(2) Be directed to a person authorized by section 124.501 to execute it.

(3) Command the person to whom it is directed to inspect the area, premises, building, or conveyance identified for the purpose specified and, if appropriate, direct the seizure of the property specified.

(4) Identify the item or types of property to be seized, if any.

(5) Direct that it be served during normal business hours, if appropriate, and designate the judge to whom it shall be returned.

c. A warrant issued pursuant to this section must be executed and returned within ten days after its date unless, upon a showing of a need for additional time, the court so instructs otherwise in the warrant. If property is seized pursuant to a warrant, the person executing the warrant shall give to the person from whom the property is seized, or the person in charge of the premises from which the property is seized, a copy of the warrant and a receipt for the property seized or shall leave the copy and receipt at the place from which the property is seized. The return of the warrant shall be made promptly and shall be accompanied by a written inventory of any property seized. The inventory shall be made in the presence of the person executing the warrant and of the person from whose possession or premises the property was seized, if they are present, or in the presence of at least one credible person other than the person executing the warrant. A copy of the inventory shall be delivered to the person from whom or from whose premises the property was seized and to the applicant for the warrant.

d. The judicial officer who has issued a warrant under this section shall require that there be attached to the warrant a copy of the return, and of all papers filed in connection with the return, and shall file them with the clerk of the district court for the county in which the inspection was made.

2. The department may make administrative inspections of controlled premises in accordance with the following provisions:

a. For purposes of this section only, “*controlled premises*” means:

(1) Places where persons registered or exempted from registration requirements under this chapter are required to keep records; and

(2) Places including factories, warehouse establishments, and conveyances where persons registered or exempted from registration requirements under this chapter are permitted to hold, manufacture, compound, process, sell, deliver, or otherwise dispose of any controlled substance.

b. Whenever authorized by an administrative inspection warrant issued pursuant to subsection 1 of this section an officer or employee of the board, upon presenting the warrant and appropriate credentials to the owner, operator, or agent in charge, has the right to enter controlled premises for the purpose of conducting an administrative inspection.

c. Whenever authorized by an administrative inspection warrant, an officer or employee of the board has the right:

(1) To inspect and copy records required by this chapter to be kept;

(2) To inspect, within reasonable limits and in a reasonable manner, controlled premises and all pertinent equipment, finished and unfinished material, containers and labeling found therein, and, except as provided in paragraph “e” of this subsection, all other things therein, including records, files, papers, processes, controls, and facilities bearing on violation of this chapter; and

(3) To inventory any stock of any controlled substance therein and obtain samples of any such substance.

d. This section shall not be construed to prevent the inspection without a warrant of books and records pursuant to a subpoena issued in accordance with section 622.65, nor shall this section be construed to prevent entries and administrative inspections, including seizures of property, without a warrant:

(1) With the consent of the owner, operator, or agent in charge of the controlled premises;

(2) In situations presenting imminent danger to health or safety;

(3) In situations involving inspection of conveyances where there is reasonable cause to believe that the mobility of the conveyance makes it impracticable to obtain a warrant;

(4) In any other exceptional or emergency circumstance where time or opportunity to apply for a warrant is lacking; and

(5) In all other situations where a warrant is not constitutionally required.

e. Except when the owner, operator, or agent in charge of the controlled premises so consents in writing, no inspection authorized by this section shall extend to financial data; sales data, other than shipment data; or pricing data.

To this end, they may jointly:

a. Arrange for the exchange of information between governmental officials concerning the use and abuse of controlled substances.

b. Co-ordinate and co-operate in training programs on controlled substance law enforcement at the local and state levels.

c. Co-operate with the bureau by establishing a centralized unit which will accept, catalogue, file, and collect statistics, including records of drug dependent persons and other controlled substance law offenders within the state, and make such information available for federal, state and local law enforcement purposes; except that they shall not furnish the name or identity of a patient or research subject whose identity could not be obtained under subsection 3.

d. Conduct programs of eradication aimed at destroying wild or illicit growth of plant species from which controlled substances may be extracted.

2. Upon written application by the board, the court by whom the forfeiture of controlled substances has been decreed may order the delivery of any of them, except controlled substances listed in schedule I, to the board for distribution or destruction, as provided by this section.

3. Upon application by any hospital within this state, not operated for private gain, the board may in its discretion deliver any controlled substances that have come into its custody by authority of this section to the applicant for medicinal use. 1. It is not necessary for the state to negate any exemption or exception set forth in this chapter in any complaint, information, indictment or other pleading or in any trial, hearing, or other proceed-

ing under this chapter. The proof of entitlement to any exemption or exception by the person claiming its benefit shall be a valid defense.

2. The absence of proof that a person is the duly authorized holder of an appropriate registration or order form issued under this chapter creates a rebuttable presumption that the person is not the holder of such registration or form.

Section amended

125.14A Personnel of a licensed program admitting juveniles.

1. If a person is being considered for licensure under this chapter, or for employment involving direct responsibility for a child or with access to a child when the child is alone, by a program admitting juveniles subject to licensure under this chapter, or if a person will reside in a facility utilized by such a program, and if the person has been convicted of a crime or has a record of founded child abuse, the department of human services and the program, for an employee of the program, shall perform an evaluation to determine whether the crime or founded child abuse warrants prohibition of licensure, employment, or residence in the facility. The department of human services shall conduct criminal and child abuse record checks in this state and may conduct these checks in other states. The evaluation shall be performed in accordance with procedures adopted for this purpose by the department of human services.

2. If the department of human services determines that a person has committed a crime or has a record of founded child abuse and is licensed, employed by a program licensed under this chapter, or resides in a licensed facility the department shall notify the program that an evaluation will be conducted to determine whether prohibition of the

person's licensure, employment, or residence is warranted.

3. In an evaluation, the department of human services and the program for an employee of the program shall consider the nature and seriousness of the crime or founded child abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child abuse, the circumstances under which the crime or founded child abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child abuse again, and the number of crimes or founded child abuses committed by the person involved. The department of human services may permit a person who is evaluated to be licensed, employed, or to reside, or to continue to be licensed, employed, or to reside in a program, if the person complies with the department's conditions relating to the person's licensure, employment, or residence, which may include completion of additional training. For an employee of a licensee, these conditional requirements shall be developed with the licensee. The department of human services has final authority in determining whether prohibition of the person's licensure, employment, or residence is warranted and in developing any conditional requirements under this subsection.

4. If the department of human services determines that the person has committed a crime or has a record of founded child abuse which warrants prohibition of licensure, employment, or residence, the person shall not be licensed under this chapter to operate a program admitting juveniles and shall not be employed by a program or reside in a facility admitting juveniles licensed under this chapter.

5. In addition to the record checks required under this section, the department of human services may conduct dependent adult abuse record checks in this state and may conduct these checks in other states, on a random basis. The provisions of this section, relative to an evaluation following a determination that a person has been convicted of a crime or has a record of founded child abuse, shall also apply to a random check conducted under this subsection.

6. Beginning July 1, 1994, a program or facility shall inform all new applicants for employment of the possibility of the performance of a record check and shall obtain, from the applicant, a signed acknowledgment of the receipt of the information.

7. On or after July 1, 1994, a program or facility shall include the following inquiry in an application for employment: "Do you have a record of founded child or dependent adult abuse or have you ever been convicted of a crime, in this state or any other state?"

The examination and review may include case record audits and interviews with staff and patients, consistent with the confidentiality safeguards of state and federal law. 125.15A Licensure — emergencies.

1. The department may place an employee or agent to serve as a monitor in a licensed substance abuse treatment program or may petition the court for appointment of a receiver for a program when any of the following conditions exist:

a. The program is operating without a license.

b. The commission has suspended, revoked, or refused to renew the existing license of the program.

c. The program is closing or has informed the department that it intends to close and adequate arrangements for the location of clients have not been made at least thirty days before the closing.

d. The department determines that an emergency exists, whether or not it has initiated revocation or nonrenewal procedures, and because of the unwillingness or inability of the licensee to remedy the emergency, the department determines that a monitor or receiver is necessary. As used in this paragraph, "emergency" means a threat to the health, safety, or welfare of a client that the program is unwilling or unable to correct.

2. The monitor shall observe operation of the program, assist the program with advice regarding compliance with state regulations, and report periodically to the department on the operation of the program.

93 Acts, ch 139, §1

125.16 Transfer of license or change of location prohibited.

A license issued under this chapter may not be transferred, and the location of the physical facilities occupied or utilized by any program licensed under this chapter shall not be changed without the prior written consent of the commission.

[C75, 77, §224B.17; C79, 81, §125.16]

125.17 License suspension or revocation.

Violation of any of the requirements or restrictions of this chapter or of any of the rules properly established pursuant to this chapter is cause for suspension, revocation or refusal to renew a li-

cense. The director shall at the earliest time feasible notify a licensee whose license the commission is considering suspending or revoking and shall inform the licensee what changes must be made in the licensee's operation to avoid such action. The licensee shall be given a reasonable time for compliance, as determined by the director, after receiving such notice or a notice that the commission does not intend to renew the license. When the licensee believes compliance has been achieved, or if the licensee considers the proposed suspension, revocation or refusal to renew unjustified, the licensee may submit pertinent information to the commission who shall expeditiously make a decision in the matter and notify the licensee of the decision.

[C75, 77, §224B.18; C79, 81, §125.17]

125.18 Hearing before commission.

If a licensee under this chapter makes a written request for a hearing within thirty days of suspension, revocation or refusal to renew a license, a hearing before the commission shall be expeditiously arranged by the department of inspections and appeals whose decision is subject to review by the commission. If the role of a commission member is inconsistent with the member's job role or function, or if any commission member feels unable for any reason to disinterestedly weigh the merits of the case before the commission, the member shall not participate in the hearing and shall not be entitled to vote on the case. The commission shall issue a written statement of its findings within thirty days after conclusion of the hearing upholding or reversing the proposed suspension, revocation or refusal to renew a license. Action involving suspension, revocation or refusal to renew a license shall not be taken by the commission unless a quorum is present at the meeting. A copy of the decision shall be promptly transmitted to the affected licensee who may, if aggrieved by the decision, seek judicial review of the actions of the commission in accordance with the terms of chapter 17A.

After suspension, revocation or refusal to renew a license pursuant to this chapter, the affected licensee shall not have the license reissued or reinstated within one year of the effective date of the suspension, revocation or expiration upon refusal to renew, unless by order of the commission. After that time, proof of compliance with the requirements and restrictions of this chapter and the rules established pursuant to this chapter must be presented to the commission prior to reinstatement or reissuance of a license.

[C75, 77, §224B.20; C79, 81, §125.19]

125.20 Rules.

The department shall establish rules pursuant to chapter 17A requiring facilities to use reasonable accounting and reimbursement systems which recognize relevant cost-related factors for substance abuse patients. A facility shall not be licensed nor shall any payment be made under this chapter to a facility which fails to comply with those rules or which does not permit inspection by the department or examination of all records, including financial records, methods of administration, general and special dietary programs, the disbursement of drugs and methods of supply, and any other records the department deems relevant to the establishment of such a system. However, rules issued pursuant to this paragraph shall not apply to any facility referred to in section 125.13, subsection 2 or section 125.43.

The commission shall grant approval and license if the requirements of the rules are met and no state funding is requested. This section requires approval of chemical substitutes and antagonists programs conducted by persons exempt from the licensing requirements of this chapter by section 125.13, subsection 2.

The department may:

1. Provide advice, consultation, and technical assistance to chemical substitutes and antagonists programs.

2. In its discretion, approve local agencies or bodies to assist it in carrying out the provisions of this chapter.

2. The department shall adopt rules governing the approval of line item budgets for the operation of facilities. The rules shall include provisions for

The department shall adopt and may amend and repeal rules for acceptance of persons into the treatment program, subject to chapter 17A, considering available treatment resources and facilities, for the purpose of early and effective treatment of substance abusers, chronic substance abusers, intoxicated persons, and concerned family members. In establishing the rules the department shall be guided by the following standards:

1. If possible a patient shall be treated on a voluntary rather than an involuntary basis.

2. A patient shall be initially assigned or transferred to outpatient treatment, unless the patient is found to require inpatient, residential, or halfway house treatment.

3. A person shall not be denied treatment solely because the person has withdrawn from treatment against medical advice on a prior occasion or because the person has relapsed after earlier treatment.

4. An individualized treatment plan shall be prepared and maintained on a current basis for each patient after the assessment process.

5. Provision shall be made for a continuum of co-ordinated treatment services, so that a person who leaves a facility or a form of treatment will have available and may utilize other appropriate treatment.

125.33 Voluntary treatment of substance abusers.

1. A substance abuser or chronic substance abuser may apply for voluntary treatment or rehabilitation services directly to a facility or to a licensed physician and surgeon or osteopathic physician and surgeon. If the proposed patient is a minor or an incompetent person, a parent, a legal

guardian or other legal representative may make the application. The licensed physician and surgeon or osteopathic physician and surgeon or any employee or person acting under the direction or supervision of the physician and surgeon or osteopathic physician and surgeon, or the facility shall not report or disclose the name of the person or the fact that treatment was requested or has been undertaken to any law enforcement officer or law enforcement agency; nor shall such information be admissible as evidence in any court, grand jury, or administrative proceeding unless authorized by the person seeking treatment. If the person seeking such treatment or rehabilitation is a minor who has personally made application for treatment, the fact that the minor sought treatment or rehabilitation or is receiving treatment or rehabilitation services shall not be reported or disclosed to the parents or legal guardian of such minor without the minor's consent, and the minor may give legal consent to receive such treatment and rehabilitation.

2. Subject to rules adopted by the department, the administrator or the administrator's designee in charge of a facility may determine who shall be admitted for treatment or rehabilitation. If a person is refused admission, the administrator or the administrator's designee, subject to rules adopted by the department, shall refer the person to another facility for treatment if possible and appropriate.

3. A substance abuser or chronic substance abuser seeking treatment or rehabilitation and who is either addicted or dependent on a chemical substance may first be examined and evaluated by a licensed physician and surgeon or osteopathic physician and surgeon who may prescribe a proper course of treatment and medication, if needed. The licensed physician and surgeon or osteopathic physician and surgeon may further prescribe a course of treatment or rehabilitation and authorize another licensed physician and surgeon or osteopathic physician and surgeon or facility to provide the prescribed treatment or rehabilitation services. Treatment or rehabilitation services may be provided to a person individually or in a group. A facility providing or engaging in treatment or rehabilitation shall not report or disclose to a law enforcement officer or law enforcement agency the name of any person receiving or engaged in the treatment or rehabilitation; nor shall a person receiving or participating in treatment or rehabilitation report or disclose the name of any other person engaged in or receiving treatment or rehabilitation or that the program is in existence, to a law enforcement officer or law enforcement agency. Such information shall not be admitted in evidence in any court, grand jury, or administrative proceeding. However, a person engaged in or receiving treatment or rehabilitation may authorize the disclosure of the person's name and individual participation.

4. If a patient receiving inpatient or residential care leaves a facility, the patient shall be encouraged to consent to appropriate outpatient or halfway house treatment. If it appears to the administrator in charge of the facility that the patient is a substance abuser or chronic substance abuser who requires help, the director may arrange for assistance in obtaining supportive services.

5. If a patient leaves a facility, with or against the advice of the administrator in charge of the facility, the director may make reasonable provisions for the patient's transportation to another facility or to the patient's home. If the patient has no home the patient shall be assisted in obtaining shelter. If the patient is a minor or an incompetent person the request for discharge from an inpatient facility shall be made by a parent, legal guardian or other legal representative or by the minor or incompetent if the patient was the original applicant.

6. Any person who reports or discloses the name of a person receiving treatment or rehabilitation services to a law enforcement officer or law enforcement agency or any person receiving treatment or rehabilitation services who discloses the name of any other person receiving treatment or rehabilitation services without the written consent of the person in violation of the provisions of this section shall upon conviction be guilty of a simple misdemeanor.

125.34 Treatment and services for intoxicated persons and persons incapacitated by alcohol.

1. An intoxicated person may come voluntarily to a facility for emergency treatment. A person who appears to be intoxicated or incapacitated by a chemical substance in a public place and in need of help may be taken to a facility by a peace officer under section 125.91. If the person refuses the proffered help, the person may be arrested and charged with intoxication under section 123.46, if applicable.

2. If no facility is readily available the person may be taken to an emergency medical service customarily used for incapacitated persons. The peace officer in detaining the person and in taking the person to a facility shall make every reasonable effort to protect the person's health and safety. In detaining the person the detaining officer may take reasonable steps for self-protection. Detaining a person under section 125.91 is not an arrest and no entry or other record shall be made to indicate that the person who is detained has been arrested or charged with a crime.

3. A person who arrives at a facility and voluntarily submits to examination shall be examined by a licensed physician as soon as possible after the person arrives at the facility. The person may then be admitted as a patient or referred to another health facility. The referring facility shall arrange for transportation.

4. If a person is voluntarily admitted to a facility, the person's family or next of kin shall be notified as promptly as possible. If an adult patient who is not incapacitated requests that there be no notification, the request shall be respected.

5. A peace officer who acts in compliance with this section is acting in the course of the officer's official duty and is not criminally or civilly liable therefor, unless such acts constitute willful malice or abuse.

6. If the physician in charge of the facility determines it is for the patient's benefit, the patient shall be encouraged to agree to further diagnosis and appropriate voluntary treatment.

7. A licensed physician and surgeon or osteopathic physician and surgeon, facility administrator, or an employee or a person acting as or on behalf of the facility administrator, is not criminally or civilly liable for acts in conformity with this chapter, unless the acts constitute willful malice or abuse.

125.43 Funding at mental health institutes.

Chapter 230 governs the determination of the costs and payment for treatment provided to substance abusers or chronic substance abusers in a mental health institute under the department of human services, except that the charges are not a lien on real estate owned by persons legally liable for support of the substance abuser or chronic substance abuser and the daily per diem shall be billed at twenty-five percent. The superintendent of a state hospital shall total only those expenditures which can be attributed to the cost of providing inpatient treatment to substance abusers or chronic substance abusers for purposes of determining the daily per diem. Section 125.44 governs the determination of who is legally liable for the cost of care, maintenance, and treatment of a substance abuser or chronic substance abuser and of the amount for which the person is liable.

125.43A Prescreening — exception.

Except in cases of medical emergency or court ordered admissions, a person shall be admitted to a state mental health institute for substance abuse treatment only after a preliminary intake and assessment by a department-licensed treatment facility or a hospital providing care or treatment for substance abusers licensed under chapter 135B and accredited by the joint commission on the accreditation of health care organizations, the commission on accreditation of rehabilitation facilities, the American osteopathic association, or another recognized organization approved by the commission, or by a designee of a department-licensed treatment facility or a hospital other than a state mental health institute, which confirms that the admission is appropriate to the person's substance abuse service needs. A county board of supervisors may seek an admission of a patient to a state mental health institute who has not been confirmed for appropriate admission and the county shall be responsible for one hundred per-

cent of the cost of treatment and services of the patient.

125.44 Agreements with facilities — liability for costs.

The director may, consistent with the comprehensive substance abuse program, enter into written agreements with a facility as defined in section 125.2 to pay for one hundred percent of the cost of the care, maintenance, and treatment of substance abusers and chronic substance abusers, except when section 125.43A applies. All payments for state patients shall be made in accordance with the limitations of this section. Such contracts shall be for a period of no more than one year.

The contract may be in the form and contain provisions as agreed upon by the parties. The contract shall provide that the facility shall admit and treat substance abusers and chronic substance abusers regardless of where they have residence. If one payment for care, maintenance, and treatment is not made by the patient or those legally liable for the patient, the payment shall be made by the department directly to the facility. Payments shall be made each month and shall be based upon the rate of payment for services negotiated between the department and the contracting facility. If a facility projects a temporary cash flow deficit, the department may make cash advances at the beginning of each fiscal year to the facility. The repayment schedule for advances shall be part of the contract between the department and the facility. This section does not pertain to patients treated at the mental health institutes.

If the appropriation to the department is insufficient to meet the requirements of this section, the department shall request a transfer of funds and section 8.39 shall apply.

The substance abuser or chronic substance abuser is legally liable to the facility for the total amount of the cost of providing care, maintenance, and treatment for the substance abuser or chronic substance abuser while a voluntary or committed patient in a facility. This section does not prohibit any individual from paying any portion of the cost of treatment.

The department is liable for the cost of care, treatment, and maintenance of substance abusers and chronic substance abusers admitted to the facility voluntarily or pursuant to section 125.75, 125.81, or 125.91 or section 321J.3 or 124.409, subsection 2 only to those facilities that have a contract with the department under this section, only for the amount computed according to and within the limits of liability prescribed by this section, and only when the substance abuser or chronic substance abuser is unable to pay the costs and there is no other person, firm, corporation, or insurance company bound to pay the costs.

The department's maximum liability for the costs of care, treatment, and maintenance of substance abusers and chronic substance abusers in a contracting facility is limited to the total amount agreed upon by the parties and specified in the contract under this section.

The audit format shall be as prescribed by the auditor of state. The certified public accountant shall submit a copy of the audit to the director. 125.58 Inspection — penalties.

1. If the department has probable cause to believe that an institution, place, building, or agency not licensed as a substance abuse treatment and rehabilitation facility is in fact a substance abuse treatment and rehabilitation facility as defined by this chapter, and is not exempt from licensing by section 125.13, subsection 2, the commission may order an inspection of the institution, place, building, or agency. If the inspector upon presenting proper identification is denied entry for the purpose of making the inspection, the inspector may, with the assistance of the county attorney of the county in which the premises are located, apply to the district court for an order requiring the owner or occupant to permit entry and inspection of the premises to determine whether there have been violations of this chapter. The investigation may include review of records, reports, and documents maintained by the facility and interviews with staff members consistent with the confidentiality safeguards of state and federal law.

2. A person establishing, conducting, managing, or operating a substance abuse treatment and rehabilitation facility without a license is guilty of a serious misdemeanor. Each day of continued violation after conviction or notice from the department by certified mail of a violation shall be considered a separate offense or chargeable offense. A person establishing, conducting, managing or operating a substance abuse treatment and rehabilitation facility without a license may be temporarily or permanently restrained therefrom by a court of competent jurisdiction in an action brought by the state.

3. Notwithstanding the existence or pursuit of any other remedy, the department may, in the manner provided by law, maintain an action in the name of the state for injunction or other process

against a person or governmental unit to restrain or prevent the establishment, conduct, management or operation of a substance abuse treatment and rehabilitation facility without a license.

125.59 Transfer of certain revenue — county program funding.

The treasurer of state, on each July 1 for that fiscal year, shall transfer the estimated amounts to be received from section 123.36, subsection 8 and section 123.143, subsection 1 to the department.

1. Of these funds, notwithstanding section 125.13, subsection 1, one-half of the transferred amount shall be used for grants to counties operating a substance abuse program involving only education, prevention, referral or posttreatment services, either with the counties' own employees or by contract with a nonprofit corporation. The grants shall not annually exceed ten thousand dollars to any one county, subject to the following conditions:

a. The money shall be paid to the county after expenditure by the county and submission of the requirements in paragraph "b" on the basis of one dollar for each three dollars spent by the county. The county may submit a quarterly claim for reimbursement.

b. The county shall submit an accounting of the expenditures and shall submit an annual financial report, a description of the program, and the results obtained within sixty days after the end of the fiscal year in which the money is granted.

If the transferred amount for this subsection exceeds grant requests funded to the ten thousand dollar maximum, the Iowa department of public health may use the remainder to increase grants pursuant to subsection 2.

2. Of these funds, one-half of the transferred amount shall be used for prevention programs in addition to the amount budgeted for prevention programs by the department in the same fiscal year. The department shall use this additional prevention program money for grants to a county, person, or nonprofit agency operating a prevention program. A grant to a county, person, or nonprofit agency is subject to the following conditions:

a. The money shall be paid to the county, person, or nonprofit agency after submission of the requirements in paragraph "b" on the basis of two dollars for each dollar designated for prevention by the county, person, or nonprofit agency.

b. The county, person, or nonprofit agency shall submit a description of the program.

c. The county, person, or nonprofit agency shall submit an annual financial report and the results obtained before June 10 of the same fiscal year in which the money is granted.

The department may consider in-kind contributions received by a county, person, or nonprofit

The clerk or the clerk’s designee shall assist the applicant in completing the application. The application shall:

1. State the applicant’s belief that the respondent is a chronic substance abuser.
2. State any other pertinent facts.
3. Be accompanied by one or more of the following:
 - a. A written statement of a licensed physician in support of the application.
 - b. One or more supporting affidavits corroborating the application.
 - c. Corroborative information obtained and reduced to writing by the clerk or the clerk’s designee, but only when circumstances make it infeasible to obtain, or when the clerk considers it appropriate to supplement, the information under either paragraph “a” or paragraph “b”.

The clerk shall send copies of the application and supporting documentation, together with the notice informing the respondent of the procedures required by this division, to the sheriff, for immediate service upon the respondent. If the respondent is taken into custody under section 125.81, service of the application, documentation, and notice upon the respondent shall be made at the time the respondent is taken into custody.

125.78 Procedure after application.

As soon as practical after the filing of an application for involuntary commitment or treatment, the court shall:

1. Determine whether the respondent has an attorney who is able and willing to represent the respondent in the commitment proceeding, and if not, whether the respondent is financially able to employ an attorney and capable of meaningfully assisting in selecting an attorney. In accordance with those determinations, the court shall allow the respondent to select an attorney or shall assign an attorney to the respondent. If the respon-

dent is financially unable to pay an attorney, the county shall compensate the attorney at an hourly rate to be established by the county board of supervisors in substantially the same manner as provided in section 815.7.

2. If the application includes a request for a court-appointed attorney for the applicant and the court is satisfied that a court-appointed attorney is necessary to assist the applicant in a meaningful presentation of the evidence, and that the applicant is financially unable to employ an attorney, the court shall appoint an attorney to represent the applicant and the county shall compensate the attorney at an hourly rate to be established by the county board of supervisors in substantially the same manner as provided in section 815.7.

3. Issue a written order:

a. Scheduling a tentative time and place for a hearing, subject to the findings of the report required under section 125.80, subsections 3 and 4, but not less than forty-eight hours after notice to the respondent, unless the respondent waives the forty-eight-hour notice requirement.

b. Requiring an examination of the respondent, prior to the hearing, by one or more licensed physicians who shall submit a written report of the examination to the court as required by section 125.80.

[C75, 77, §125.19(1, 2); C79, 81, §229.51(2, 3), 229.52(6); 82 Acts, ch 1212, §6]

84 Acts, ch 1219, §5; 99 Acts, ch 135, §14

125.79 Respondent's attorney informed.

The court shall direct the clerk to furnish at once to the respondent's attorney, copies of the application for involuntary commitment of the respondent and the supporting documentation, and of the court's order issued pursuant to section 125.78, subsection 3. If the respondent is taken into custody under section 125.81, the attorney shall also be advised of that fact. The respondent's attorney shall represent the respondent at all stages of the proceedings and shall attend the commitment hearing.

[82 Acts, ch 1212, §7]

125.80 Physician's examination — report — scheduling of hearing.

1. An examination of the respondent shall be conducted within a reasonable time and prior to the commitment hearing by one or more licensed physicians as required by the court's order. If the respondent is taken into custody under section 125.81, the examination shall be conducted within twenty-four hours after the respondent is taken into custody. If the respondent desires, the respondent may have a separate examination by a licensed physician of the respondent's own choice. The court shall notify the respondent of the right to choose a physician for a separate examination. The reasonable cost of the examinations shall be

paid from county funds upon order of the court if the respondent lacks sufficient funds to pay the cost.

A licensed physician conducting an examination pursuant to this section may consult with or request the participation in the examination of facility personnel, and may include with or attach to the written report of the examination any findings or observations by facility personnel who have been consulted or have participated in the examination.

If the respondent is not taken into custody under section 125.81, but the court is subsequently informed that the respondent has declined to be examined by a licensed physician pursuant to the court order, the court may order limited detention of the respondent as necessary to facilitate the examination of the respondent by the licensed physician.

2. A written report of the examination by a court-designated physician shall be filed with the clerk prior to the hearing date. A written report of an examination by a physician chosen by the respondent may be similarly filed. The clerk shall immediately:

a. Cause a report to be shown to the judge who issued the order.

b. Cause the respondent's attorney to receive a copy of the report of a court-designated physician.

3. If the report of a court-designated physician is to the effect that the respondent is not a chronic substance abuser, the court, without taking further action, may terminate the proceeding and dismiss the application on its own motion and without notice.

4. If the report of a court-designated physician is to the effect that the respondent is a chronic substance abuser, the court shall schedule a commitment hearing as soon as possible. The hearing shall be held not more than forty-eight hours after the report is filed, excluding Saturdays, Sundays, and holidays, unless an extension for good cause is requested by the respondent, or as soon thereafter as possible if the court considers that sufficient grounds exist for delaying the hearing.

[C75, 77, §125.19(1-4); C79, 81, §229.51, 229.52(1, 2); 82 Acts, ch 1212, §8]

90 Acts, ch 1085, §14

125.81 Immediate custody.

If a person filing an application requests that a respondent be taken into immediate custody, and the court upon reviewing the application and accompanying documentation, finds probable cause to believe that the respondent is a chronic substance abuser who is likely to injure the person or other persons if allowed to remain at liberty, the court may enter a written order directing that the respondent be taken into immediate custody by the sheriff, and be detained until the commitment hearing, which shall be held no more than five

days after the date of the order, except that if the fifth day after the date of the order is a Saturday, Sunday, or a holiday, the hearing may be held on the next business day. The court may order the respondent detained for the period of time until the hearing is held, and no longer except as provided in section 125.88, in accordance with subsection 1 if possible, and if not, then in accordance with subsection 2 or, only if neither of these alternatives is available in accordance with subsection 3. Detention may be:

1. In the custody of a relative, friend, or other suitable person who is willing and able to accept responsibility for supervision of the respondent, with reasonable restrictions as the court may order including but not limited to restrictions on or a prohibition of any expenditure, encumbrance, or disposition of the respondent's funds or property.

2. In a suitable hospital, the chief medical officer of which shall be informed of the reasons why immediate custody has been ordered. The hospital may provide treatment which is necessary to preserve the respondent's life, or to appropriately control the respondent's behavior which is likely to result in physical injury to the person or to others if allowed to continue, and other treatment as deemed appropriate by the chief medical officer.

3. In the nearest facility which is licensed to care for persons with mental illness or substance abuse, provided that detention in a jail or other facility intended for confinement of those accused or convicted of a crime shall not be ordered.

The respondent's attorney may be allowed by the court to present evidence and arguments before the court's determination under this section. If such an opportunity is not provided at that time, respondent's attorney shall be allowed to present evidence and arguments after the issuance of the court's order of confinement and while the respondent is confined.

125.82 Commitment hearing.

1. At a commitment hearing, evidence in support of the contentions made in the application shall be presented by the applicant, or by an attorney for the applicant, or by the county attorney if the county attorney is the applicant. During the hearing the applicant and the respondent shall be afforded an opportunity to testify and to present and cross-examine witnesses, and the court may receive the testimony of other interested persons. If the respondent is present at the hearing, as provided in subsection 3, and has been medicated within twelve hours, or a longer period of time as the court may designate, prior to the beginning of the hearing or a session of the hearing, the court

shall be informed of that fact and of the probable effects of the medication upon convening of the hearing.

2. A person not necessary for the conduct of the hearing shall be excluded, except that the court may admit a person having a legitimate interest in the hearing. Upon motion of the applicant, the court may exclude the respondent from the hearing during the testimony of a witness if the court determines that the witness' testimony is likely to cause the respondent severe emotional trauma.

3. The person who filed the application and a physician or professional who has examined the respondent in connection with the commitment hearing shall be present at the hearing, unless prior to the hearing the court for good cause finds that their presence is not necessary. The respondent shall be present at the hearing unless prior to the hearing the respondent's attorney stipulates in writing that the attorney has conversed with the respondent, and that in the attorney's judgment the respondent cannot make a meaningful contribution to the hearing, or that the respondent has waived the right to be present, and the basis for the attorney's conclusions. A stipulation to the respondent's absence shall be reviewed by the court before the hearing, and may be rejected if it appears that insufficient grounds are stated or that the respondent's interests would not be served by the respondent's absence.

4. The respondent's welfare is paramount, and the hearing shall be tried as a civil matter and conducted in as informal a manner as is consistent with orderly procedure. Discovery as permitted under the Iowa rules of civil procedure is available to the respondent. The court shall receive all relevant and material evidence, but the court is not bound by the rules of evidence. A presumption in favor of the respondent exists, and the burden of evidence and support of the contentions made in the application shall be upon the person who filed the application. If upon completion of the hearing the court finds that the contention that the respondent is a chronic substance abuser has not been sustained by clear and convincing evidence, the court shall deny the application and terminate the proceeding.

5. If the respondent is not taken into custody under section 125.81, but the court finds good cause to believe that the respondent is about to depart from the jurisdiction of the court, the court may order limited detention of the respondent as authorized in section 125.81, as is necessary to ensure that the respondent will not depart from the jurisdiction of the court without the court's approval until the proceeding relative to the respondent has been concluded.

125.83 Placement for evaluation.

If upon completion of the commitment hearing, the court finds that the contention that the respondent is a chronic substance abuser has been sustained by clear and convincing evidence, the court shall order the respondent placed at a facility or under the care of a suitable facility on an outpatient basis as expeditiously as possible for a complete evaluation and appropriate treatment. The court shall furnish to the facility at the time of admission or outpatient placement, a written statement of facts setting forth the evidence on which the finding is based. The administrator of the facility shall report to the court no more than fifteen days after the individual is admitted to or placed under the care of the facility, which shall include the chief medical officer's recommendation concerning substance abuse treatment. An extension of time may be granted for a period not to exceed seven days upon a showing of good cause. A copy of the report shall be sent to the respondent's attorney who may contest the need for an extension of time if one is requested. If the request is contested, the court shall make an inquiry as it deems appropriate and may either order the respondent released from the facility or grant extension of time for further evaluation. If the administrator fails to report to the court within fifteen days after the individual is admitted to the facility, and no extension of time has been requested, the administrator is guilty of contempt and shall be punished under chapter 665. The court shall order a rehearing on the application to determine whether the respondent should continue to be held at the facility.

125.83A Placement in certain federal facilities.

1. If upon completion of the commitment hearing, the court finds that the contention that the respondent is a chronic substance abuser has been sustained by clear and convincing evidence, and the court is furnished evidence that the respondent is eligible for care and treatment in a facility operated by the veterans administration or another agency of the United States government and that the facility is willing to receive the respondent, the court may so order. The respondent, when so placed in a facility operated by the veterans administration or another agency of the United States government within or outside of this state, shall be subject to the rules of the veterans administration or other agency, but shall not lose any procedural rights afforded the respondent by this chapter. The chief officer of the facility shall have, with respect to the respondent so placed, the same powers and duties as the chief medical officer of a hospital in this state would

have in regard to submission of reports to the court, retention of custody, transfer, convalescent leave, or discharge. Jurisdiction is retained in the court to maintain surveillance of the respondent's treatment and care, and at any time to inquire into the respondent's condition and the need for continued care and custody.

2. Upon receipt of a certificate stating that a respondent placed under this chapter is eligible for care and treatment in a facility operated by the veterans administration or another agency of the United States government which is willing to receive the respondent without charge to the state of Iowa or any county in the state, the chief medical officer may transfer the respondent to that facility. Upon so doing, the chief medical officer shall notify the court which ordered the respondent's placement in the same manner as would be required in the case of a transfer under section 125.86, subsection 2, and the respondent transferred shall be entitled to the same rights as the respondent would have under that subsection. No respondent shall be transferred under this section who is confined pursuant to conviction of a public offense or whose placement was ordered upon contention of incompetence to stand trial by reason of mental illness, without prior approval of the court which ordered that respondent's placement.

3. A judgment or order of commitment by a court of competent jurisdiction of another state or the District of Columbia, under which any person is hospitalized or placed in a facility operated by the veterans administration or another agency of the United States government, shall have the same force and effect with respect to that person while the person is in this state as the judgment or order would have if the person were in the jurisdiction of the court which issued it. That court shall be deemed to have retained jurisdiction of the person so placed for the purpose of inquiring into that person's condition and the need for continued care and custody, as do courts in this state under this section. Consent is given to the application of the law of the state or district in which the court is situated which issued the judgment or order as regards authority of the chief officer of any facility, operated in this state by the veterans administration or another agency of the United States government, to retain custody, transfer, place on convalescent leave, or discharge the person so committed.

125.84 Evaluation report.

The facility administrator's report to the court of the chief medical officer's substance abuse evaluation of the respondent shall be made no later than the expiration of the time specified in section 125.83. At least two copies of the report shall be filed with the clerk, who shall distribute the copies in the manner described by section 125.80, subsec-

tion 2. The report shall state one of the four following alternative findings:

1. That the respondent does not, as of the date of the report, require further treatment for substance abuse. If the report so states, the court shall order the respondent's immediate release from involuntary commitment and terminate the proceedings.

2. That the respondent is a chronic substance abuser who is in need of full-time custody, care, and treatment in a facility, and is considered likely to benefit from treatment. If the report so states, the court shall enter an order which may require the respondent's continued placement and commitment to a facility for appropriate treatment.

3. That the respondent is a chronic substance abuser who is in need of treatment, but does not require full-time placement in a facility. If the report so states, the report shall include the chief medical officer's recommendation for treatment of the respondent on an outpatient or other appropriate basis, and the court shall enter an order which may direct the respondent to submit to the recommended treatment. The order shall provide that if the respondent fails or refuses to submit to treatment, as directed by the court's order, the court may order that the respondent be taken into immediate custody as provided by section 125.81 and, following notice and hearing held in accordance with the procedures of sections 125.77 and 125.82, may order the respondent treated as a patient requiring full-time custody, care, and treatment as provided in subsection 2, and may order the respondent involuntarily committed to a facility.

4. That the respondent is a chronic substance abuser who is in need of treatment, but in the opinion of the chief medical officer is not responding to the treatment provided. If the report so states, the report shall include the facility administrator's recommendation for alternative placement, and the court shall enter an order which may direct the respondent's transfer to the recommended placement or to another placement after consultation with respondent's attorney and the facility administrator who made the report under this subsection.

125.85 Custody, discharge, and termination of proceeding.

1. A respondent committed under section 125.84, subsection 2, shall remain in the custody of a facility for treatment for a period of thirty days, unless sooner discharged. The department is not required to pay the cost of any medication or procedure provided to the respondent during that period which is not necessary or appropriate to the specific objectives of detoxification and treatment of substance abuse. At the end of the thirty-day

period, the respondent shall be discharged automatically unless the administrator of the facility, before expiration of the period, obtains a court order for the respondent's recommitment pursuant to an application under section 125.75, for a further period not to exceed ninety days.

2. A respondent recommitted under subsection 1 who has not been discharged by the facility before the end of the ninety-day period shall be discharged at the expiration of that period unless the administrator of the facility, before expiration of the period, obtains a court order for the respondent's recommitment pursuant to an application under section 125.75, for a further period not to exceed ninety days.

3. Upon the filing of an application for recommitment under subsection 1 or 2, the court shall schedule a recommitment hearing for no later than ten days after the date the application is filed. A copy of the application, the notice of hearing, and any reports shall be served or provided in the manner and to the persons as required by sections 125.77 to 125.80, 125.83 and 125.84.

4. Following a respondent's discharge from a facility or from treatment, the administrator of the facility shall immediately report that fact to the court which ordered the respondent's commitment or treatment. The court shall issue an order confirming the respondent's discharge from the facility or from treatment, as the case may be, and shall terminate the proceedings pursuant to which the order was issued. Copies of the order shall be sent by regular mail to the facility and the respondent.

5. A person who is placed for evaluation at a facility under section 125.83 or who is committed to a facility under section 125.84, subsection 2, shall remain at that facility unless discharged or otherwise permitted to leave by the court or administrator of the facility. If a person placed at a facility or committed to a facility leaves the facility without permission or without having been discharged, the administrator may notify the sheriff of the person's absence and the sheriff shall take the person into custody and return the person promptly to the facility.

125.86 Periodic reports required.

1. No more than thirty days after entry of a court order for commitment to a facility under section 125.84, subsection 2, and thereafter at successive intervals not to exceed ninety days for as long as involuntary commitment of the respondent continues, the administrator of the facility shall report to the court which entered the order. The report shall be submitted in the manner required by section 125.84, shall state whether in the opinion of the chief medical officer the respondent's condition has improved, remains unchanged, or has de-

teriorated, and shall indicate the further length of time the respondent will be required to remain at the facility.

2. No more than sixty days after entry of a court order for treatment of a respondent under section 125.84, subsection 3, and thereafter at successive intervals not to exceed ninety days for as long as involuntary treatment continues, the administrator of the facility shall report to the court which entered the order. The report shall be submitted in the manner required by section 125.84, shall state whether in the opinion of the chief medical officer the respondent's condition has improved, remains unchanged, or has deteriorated, and shall indicate the further length of time the respondent will require treatment by the facility. If the respondent fails or refuses to submit to treatment as ordered by the court, the administrator of the facility shall at once notify the court, which shall order the respondent committed for treatment as provided by section 125.84, subsection 3, unless the court finds that the failure or refusal was with good cause, and that the respondent is willing to receive treatment as provided in the court's order, or in a revised order if the court sees fit to enter one. If the administrator of the facility reports to the court that the respondent requires full-time custody, care, and treatment in a facility, and the respondent is willing to be admitted voluntarily to the facility for these purposes, the court may enter an order approving the placement upon consultation with the administrator of the facility in which the respondent is to be placed. If the respondent is unwilling to be admitted voluntarily to the facility, the procedure for determining involuntary commitment, as provided in section 125.84, subsection 3, shall be followed.

[82 Acts, ch 1212, §14]

125.87 Status during appeal.

If a respondent appeals to the supreme court from a lower court's finding that commitment is warranted, the respondent shall remain committed if already in custody, pursuant to an order of immediate custody under section 125.81 or pursuant to an order for evaluation and treatment under section 125.83, before notice of appeal was filed, unless the supreme court orders otherwise.

[82 Acts, ch 1212, §15]

125.88 Status if commitment delayed.

If a court directs a respondent who was previously ordered taken into immediate custody under section 125.81 to be placed at a facility for evaluation and appropriate treatment under section 125.83, and no suitable facility can immediately admit the respondent, the respondent shall remain in custody as previously ordered by the court, notwithstanding the time limits stated in section 125.81, until a suitable facility can admit

the respondent. The court shall take appropriate steps to expedite the admission of the respondent to a suitable facility at the earliest feasible time.

[82 Acts, ch 1212, §16]

125.89 Respondents charged with or convicted of crime.

1. If a court orders a respondent placed at a facility for evaluation and treatment under section 125.83 at a time when the respondent has been convicted of a public offense, or when there is pending against the respondent an unresolved formal charge of a public offense, and the respondent's liberty has therefore been restricted in any manner, the findings of fact required by section 125.83 shall clearly so inform the administrator of the facility where the respondent is placed.

2. The commitment powers of the court under section 124.409, subsection 2 supersede the procedures and requirements of this division.

[82 Acts, ch 1212, §17]

125.90 Judicial hospitalization referee.

Judicial hospitalization referees shall be utilized as provided in section 229.21 for performing the duties of the court prescribed by this division.

[C79, 81, §229.51(3); 82 Acts, ch 1212, §18]

125.91 Emergency detention.

1. The procedure prescribed by this section shall only be used for an intoxicated person who has threatened, attempted, or inflicted physical self-harm or harm on another, and is likely to inflict physical self-harm or harm on another unless immediately detained, or who is incapacitated by a chemical substance, if that person cannot be taken into immediate custody under sections 125.75 and 125.81 because immediate access to the court is not possible.

2. A peace officer who has reasonable grounds to believe that the circumstances described in subsection 1 are applicable, may, without a warrant, take or cause that person to be taken to the nearest available facility referred to in section 125.81, subsection 2 or 3. Such an intoxicated or incapacitated person may also be delivered to a facility by someone other than a peace officer upon a showing of reasonable grounds. Upon delivery of the person to a facility under this section, the chief medical officer may order treatment of the person, but only to the extent necessary to preserve the person's life or to appropriately control the person's behavior if the behavior is likely to result in physical injury to the person or others if allowed to continue. The peace officer or other person who delivered the person to the facility shall describe the circumstances of the matter to the administrator. If the administrator in consultation with the chief medical officer has reasonable grounds to believe that the circumstances in subsection 1 are applicable, the administrator shall at once communicate with the nearest available magistrate as defined

in section 801.4, subsection 10. The magistrate shall immediately proceed to the facility where the person is detained, except that if the administrator's communication with the magistrate occurs between the hours of midnight and seven a.m. and the magistrate deems it appropriate under the circumstances described by the administrator, the magistrate may delay going to the facility, and in that case, shall give the administrator verbal instructions either directing that the person be released forthwith, or authorizing the person's continued detention at the facility. In the latter case, the magistrate shall:

a. Arrive at the facility where the person is being detained as soon as possible and no later than twelve o'clock noon of the same day on which the administrator's communication occurred.

b. By the close of business on the next working day file with the clerk a written report stating the substance of the communication with the administrator on which the person's continued detention was ordered.

3. Upon arrival at the facility, the magistrate shall at once review the validity of the detention. Unless convinced upon initial inquiry that there are no grounds for further detention of the person, the magistrate shall ensure that the person has or is provided legal counsel at the earliest practical time in the manner prescribed by section 125.78, subsection 1, and shall arrange for the counsel to be present, if practical, before proceeding further under this subsection. The magistrate shall immediately notify counsel of the respondent's emergency detention. Counsel shall be afforded an opportunity to visit the respondent and to make appropriate preparations before or after the magistrate's order is issued. If the magistrate finds, upon review of the information presented by the administrator under subsection 2 and of other information or evidence the magistrate deems relevant, that there is probable cause to believe that the circumstances described in subsection 1 are applicable, the magistrate shall enter a written order detaining the person at the facility, or, if the facility where the person is at the time is not an appropriate facility, detaining and transporting the person to an appropriate facility. The magistrate's order shall state the circumstances under which the person was detained or otherwise delivered to a facility, and the grounds supporting the finding of probable cause to believe that person is a chronic substance abuser likely to physically injure the person or others if not detained. The order shall be filed with the clerk in the county where it is anticipated that an application will be filed under section 125.75, and a certified copy of the order shall be delivered to the administrator of the facility where the person is detained, at the earliest practical time.

4. The chief medical officer of the facility shall examine and may detain the person pursuant to the magistrate's order for a period not to exceed

forty-eight hours from the time the order is dated, excluding Saturdays, Sundays, and holidays, unless the order is dismissed by a magistrate. The facility may provide treatment which is necessary to preserve the person's life or to appropriately control the person's behavior if the behavior is likely to result in physical injury to the person or others if allowed to continue or is otherwise deemed medically necessary by the chief medical officer, but shall not otherwise provide treatment to the person without the person's consent. The person shall be discharged from the facility and released from detention no later than the expiration of the forty-eight-hour period, unless an application for involuntary commitment is filed with the clerk pursuant to section 125.75. The detention of a person by the procedure in this section, and not in excess of the period of time prescribed by this section, shall not render the peace officer, physician, or facility detaining the person liable in a criminal or civil action for false arrest or false imprisonment if the peace officer, physician, or facility had reasonable grounds to believe that the circumstances described in subsection 1 were applicable.

5. The cost of detention in a facility under the procedure prescribed in this section shall be paid in the same way as if the person had been committed to the facility pursuant to an application filed under section 125.75.

[C75, 77, §125.17, 125.18; C79, 81, §125.34(4), 125.35; 82 Acts, ch 1212, §19]

125.92 Rights and privileges of committed persons.

A person who is detained, taken into immediate custody, or committed under this division has the right to:

1. Prompt evaluation, emergency services, and care and treatment as indicated by sound clinical practice.

2. Render informed consent, except for treatment provided pursuant to sections 125.81 and 125.91. If the person is incompetent treatment may be consented to by the person's next of kin or guardian notwithstanding the person's refusal. If the person refuses treatment which in the opinion of the chief medical officer is necessary or if the person is incompetent and the next of kin or guardian refuses to consent to the treatment or no next of kin or guardian is available the facility may petition a court of appropriate jurisdiction for approval to treat the person.

3. The protection of the person's constitutional rights.

4. Enjoy all legal, medical, religious, social, political, personal, and working rights and privileges, which the person would enjoy if not detained, taken into immediate custody, or committed, consistent with the effective treatment of the person and of the other persons in the facility. If the person's rights are restricted, the physi-

cian's direction to that effect shall be noted in the person's record. The person or the person's next of kin or guardian shall be advised of the person's rights and be provided a written copy upon the person's admission to or arrival at the facility.

[82 Acts, ch 1212, §20]

125.93 Commitment records — confidentiality.

Records of the identity, diagnosis, prognosis, or treatment of a person which are maintained in connection with the provision of substance abuse treatment services are confidential, consistent with the requirements of section 125.37, and with the federal confidentiality regulations authorized by the Drug Abuse Office and Treatment Act, 21 U.S.C. sec. 1175 (1976) and the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treat-

ment and Rehabilitation Act, 42 U.S.C. sec. 4582 (1976).

[82 Acts, ch 1212, §21]

125.94 Supreme court rules.

The supreme court may prescribe rules of pleading, practice, and procedure and the forms of process, writs, and notices under section 602.4201, for all commitment proceedings in a court of this state under this chapter. The rules shall be drawn for the purpose of simplifying and expediting the proceedings, so far as is consistent with the rights of the parties involved. The rules shall not abridge, enlarge, or modify the substantive rights of a party to a commitment proceeding under this chapter.

126.5 Penalties — guaranty — false advertising liability.

1. A person who violates a provision of this chapter, other than a violation of section 126.3, subsection 23, is guilty of a serious misdemeanor; but if the violation is committed after a conviction of the person under this section has become final, the person is guilty of an aggravated misdemeanor.

2. A person is not subject to the penalties of subsection 1 if the person establishes a guaranty or undertaking signed by, and containing the name and address of another person residing in this state from whom the person received the article in good faith, to the effect that the article is not adulterated or misbranded.

3. A publisher, radio-broadcast licensee, or agency or medium which disseminates false advertising, except the manufacturer, packer, distributor, or seller of the article to which false advertising relates, is not liable under this section for the dissemination of the false advertising, unless the person knew or believed that the advertising was deceptive, false, or misleading or the person has refused upon the request of the board to furnish the board the name and address, if known, of the manufacturer, packer, distributor, seller, or advertising agency which caused the person to disseminate the advertisement.

4. A person who violates section 126.3, subsection 23, commits an aggravated misdemeanor.

126.6 Embargo.

1. If a duly authorized agent of the board finds, or has probable cause to believe, that a drug, device, or cosmetic is adulterated or so misbranded as to be dangerous or fraudulent, within the meaning of this chapter, or is in violation of section 126.12, the agent shall affix to the article a tag or other appropriate marking, giving notice that the article is, or is suspected of being, adulterated or misbranded and has been detained or embargoed, and warning all persons not to remove or dispose of the article by sale or otherwise until permission for removal or disposal is given by an authorized agent or the court. It is unlawful for a person to remove or dispose of the detained or embargoed article by sale or otherwise without such permission.

2. When an article is adulterated or misbranded or is in violation of section 126.12 and has been detained or embargoed, a petition may be filed with the district court in whose jurisdiction the article is located, detained, or embargoed for an order for condemnation of the article. If a duly authorized agent has found that an article which

is embargoed or detained is not adulterated or misbranded, the agent shall remove the tag or other marking.

3. If the court finds that a sampled, detained, or embargoed article is adulterated or misbranded, the article shall be destroyed at the expense of the claimant of the article, under the supervision of the agent, and all court costs and fees, and storage and other proper expenses, shall be taxed against the claimant of the article or the claimant's agent; but if the adulteration or misbranding can be corrected by proper labeling or processing of the article, the court, after entry of the decree and after costs, fees, storage, and other expenses have been paid and a good and sufficient bond, conditioned that the article shall be so labeled or processed, has been executed, may by order direct that the article be delivered to the claimant for such labeling or processing under the supervision of a duly authorized agent of the board. The expense of supervision shall be paid by the claimant. The article shall be returned to the claimant and the bond shall be discharged on the representation to the court by the board that the article is no longer in violation of this chapter, and that the expenses of supervision have been paid.

Before a violation of this chapter is reported to any such attorney for the institution of a criminal proceeding, the person against whom the proceeding is contemplated shall be given appropriate notice and an opportunity to present the person's views before the board or its agent, either orally or in writing, in person or by attorney, with regard to the contemplated proceeding. 126.9 Drugs and devices — adulteration.

A drug or device is adulterated under any of the following circumstances:

1. *a.* If it consists in whole or in part of any filthy, putrid, or decomposed substance.

b. If it has been produced, prepared, packed, or held under insanitary conditions whereby it may have been contaminated with filth, or whereby it may have been rendered injurious to health.

c. If it is a drug and the methods used in, or the facilities or controls used for its manufacture, processing, packing, or holding do not conform to or are not operated or administered in conformity with current good manufacturing practice to assure that the drug meets the requirements of this chapter as to safety and has the identity and strength, and meets the quality and purity characteristics, which it purports or is represented to possess.

d. If its container is composed, in whole or part, of any poisonous or deleterious substance which may render the contents injurious to health.

2. If it purports to be or is represented as a drug, the name of which is recognized in an official compendium, and its strength differs from, or its quality or purity falls below, the standards set forth in the official compendium. A determination as to strength, quality, or purity shall be made in accordance with the tests or methods of assay set forth in the official compendium, or in the absence of or inadequacy of such tests or methods of assay, those prescribed under authority of the federal Act. A drug defined in an official compendium is not adulterated under this subsection because it differs from the standard of strength, quality, or purity set forth in the official compendium, if its difference in strength, quality, or purity from such standards is plainly stated on its label. If a drug is recognized in both the United States Pharmacopoeia National Formulary and the Homeopathic Pharmacopoeia of the United States it is subject to the United States Pharmacopoeia National Formulary unless it is labeled and offered for sale as a homeopathic drug, in which case it is subject to the Homeopathic Pharmacopoeia of the United States and not to the United States Pharmacopoeia National Formulary.

3. If it is not subject to subsection 2 and its strength differs from, or its purity or quality falls below, that which it purports or is represented to possess.

4. If it is a drug and any substance has been mixed or packed with it so as to reduce its quality or strength, or any substance has been substituted for it wholly or in part.

5. If it is, or purports to be or is represented as, a device which is subject to a performance standard established under section 514 of the federal Act, unless the device is in all respects in conformity with such standard.

6. If it is a device banned by the board or by the United States food and drug administration.

7. If it is a device and the methods used in, or the facilities or controls used for its manufacture, packing, storage, or installation are not in conformity with applicable requirements under section 520(f)(1) of the federal Act or an applicable condition as prescribed by an order under section 520(f)(2) of the federal Act.

8. If it is a device for which an exemption has been granted under section 520(g) of the federal Act for investigational use and the person who was granted the exemption or any investigator who uses the device under the exemption fails to comply with a requirement prescribed by or under that section.

126.10 Drugs and devices — misbranding — labeling.

A drug or device is misbranded under any of the following circumstances:

1. If its labeling is false or misleading in any particular.

2. If in a package form unless it bears a label containing both of the following:

a. The name and place of business of the manufacturer, packer, or distributor.

b. An accurate statement of the quantity of the contents in terms of weight, measure, or numerical count.

However, under paragraph “*a*” reasonable variations shall be permitted, and exemptions as to small packages shall be allowed, in accordance with rules adopted by the board.

3. If any word, statement, or other information required by or under the authority of this chapter to appear on the label or labeling is not prominently placed thereon with such conspicuousness, as compared with other words, statements, designs, or devices, in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

4. If it is for use by humans and contains any quantity of the narcotic or hypnotic substance alpha-eucaine, barbituric acid, beta-eucaine, bromal, cannabis, carbromal, chloral, coca, cocaine, codeine, heroin, marijuana, morphine, opium, paraldehyde, peyote, or sulphonmethane; or any chemical derivative of such a substance, which derivative, after investigation, has been designated as habit forming, by rules adopted by the board under this chapter or by regulations adopted by the secretary pursuant to section 502(d) of the federal Act; unless its label bears the name and quantity or proportion of such substance or derivative and in juxtaposition therewith the statement “Warning — May Be Habit Forming.”

5. *a.* If it is a drug, unless both of the following apply:

(1) Its label bears, to the exclusion of any other nonproprietary name except the applicable systematic chemical name or the chemical formula:

(a) The established name of the drug, as specified in paragraph “*c*”, if such exists; and

(b) If the drug is fabricated from two or more ingredients, the established name and quantity of each active ingredient, including the quantity, kind, and proportion of any alcohol, and also including, whether active or not, the established name and quantity or proportion of any bromides, ether, chloroform, acetanilide, acetophenetidin, amidopyrine, antipyrine, atropine, hyoscyne, hyoscyamine, arsenic, digitalis, digitalis glucosides, mercury, ouabain, strophanthin, strychnine, thyroid, or any derivative or preparation of any such substances, contained therein. However, the requirement for stating the quantity of the active ingredients, other than the quantity of those specifically named in this subparagraph subdivision, applies only to prescription drugs.

(2) For a prescription drug, the established name of the prescription drug or of an ingredient is printed, on the label and on any labeling on which a name for the prescription drug or an ingredient is used, prominently and in type at least half as large as that used thereon for any proprietary name or designation for the prescription drug or ingredient. However, to the extent that compliance with subparagraph (1), subparagraph subdivision (b) or this subparagraph is impracticable, exemptions shall be allowed under rules or regulations adopted by the board or the secretary under the federal Act.

b. If it is a device and it has an established name, unless its label bears, to the exclusion of any other nonproprietary name, its established name, as defined in paragraph “*d*”, prominently printed in type at least half as large as that used thereon for any proprietary name or designation for the device, except that to the extent compliance with this paragraph is impracticable, exemptions shall be allowed under rules or regulations adopted by the board or the secretary under the federal Act.

c. As used in paragraph “*a*”, the term “*established name*”, with respect to a drug or ingredient thereof, means one of the following:

(1) The applicable official name designated pursuant to section 508 of the federal Act.

(2) If no such official name exists and the drug or ingredient is an article recognized in an official compendium, then its official title in the compendium.

(3) If neither subparagraph (1) nor (2) applies, then the common or usual name, if any, of the drug or ingredient. However, if subparagraph (2) applies to an article recognized in the United States Pharmacopoeia National Formulary and in the Homeopathic Pharmacopoeia of the United States

under different official titles, the official title used in the United States Pharmacopoeia National Formulary applies unless it is labeled and offered for sale as a homeopathic drug, in which case the official title used in the Homeopathic Pharmacopoeia of the United States applies.

d. As used in paragraph “*b*”, the term “*established name*” with respect to a device means one of the following:

(1) The applicable official name of the device pursuant to section 508 of the federal Act.

(2) If no such official name exists and the device is an article recognized in an official compendium, then its official title in the compendium.

(3) If neither subparagraph (1) nor (2) applies, then any common or usual name of the device.

6. Unless its labeling bears both of the following:

a. Adequate directions for use.

b. Adequate warnings against use in those pathological conditions, or by children, where its use may be dangerous to health, or against unsafe dosage or methods or durations of administration or application, in the manner and form necessary for the protection of users.

However, if a requirement of paragraph “*a*”, as applied to a drug or device, is not necessary for the protection of the public health, the board or the secretary shall adopt rules or regulations exempting the drug or device from that requirement.

7. If it purports to be a drug the name of which is recognized in an official compendium, unless it is packaged and labeled as prescribed in the official compendium. However, the method of packing may be modified with the consent of the board or the secretary. If a drug is recognized in both the United States Pharmacopoeia National Formulary and the Homeopathic Pharmacopoeia of the United States, it is subject to the requirements of the United States Pharmacopoeia National Formulary with respect to packaging and labeling unless it is labeled and offered for sale as a homeopathic drug, in which case it is subject to the Homeopathic Pharmacopoeia of the United States, and not to the United States Pharmacopoeia National Formulary. However, if an inconsistency exists between this subsection and subsection 5 as to the name by which the drug or its ingredients shall be designated, subsection 5 prevails.

8. If it has been found by the board or the secretary to be a drug liable to deterioration, unless it is packaged in the form and manner, and its label bears a statement of the precautions that the board or the secretary by rule or regulation requires as necessary for the protection of public health. Such a rule or regulation shall not be established for a drug recognized in an official compendium until the board or the secretary has informed the appropriate body charged with the revision of the official compendium of the need for such packaging or labeling requirements and that

body has failed within a reasonable time to prescribe such requirements.

9. *a.* If it is a drug and its container is so made, formed, or filled as to be misleading.

b. If it is an imitation of another drug.

c. If it is offered for sale under the name of another drug.

10. If it is dangerous to health when used in the dosage or manner, or with the frequency or duration prescribed, recommended, or suggested in its labeling.

11. If it is, or purports to be, or is represented as a drug composed wholly or partly of insulin, unless both of the following apply:

a. It is from a batch with respect to which a certificate or release has been issued pursuant to section 506 of the federal Act.

b. The certificate or release is in effect with respect to the drug.

12. If it is, or purports to be, or is represented as a drug, composed wholly or partly of any kind of penicillin, streptomycin, chlortetracycline, chloramphenicol, bacitracin, or any other antibiotic drug, or any derivative thereof, unless both of the following apply:

a. It is from a batch with respect to which a certificate or release has been issued pursuant to section 507 of the federal Act.

b. The certificate or release is in effect with respect to the drug.

However, this subsection does not apply to any drug or class of drugs exempted by regulations adopted under section 507(c) or 507(d) of the federal Act.

13. If it is a color additive, the intended use of which is for the purpose of coloring only, unless its packaging and labeling are in conformity with the packaging and labeling requirements applicable to that color additive, as contained in regulations adopted under section 706 of the federal Act.

14. If it is a prescription drug distributed or offered for sale in this state, unless the manufacturer, packer, or distributor includes in all advertising and other descriptive printed matter issued or caused to be issued by the manufacturer, packer, or distributor with respect to the prescription drug a true statement of all of the following:

a. The established name as defined in subsection 5, printed prominently and in type at least half as large as that used for any trade or brand name thereof.

b. The formula showing quantitatively each ingredient of the prescription drug to the extent required for labels under subsection 5.

c. Other information in brief summary relating to side effects, contraindications, and effectiveness as required in regulations adopted pursuant to section 701(e) of the federal Act.

15. If it was manufactured, prepared, propagated, compounded, or processed in an establishment in this state not duly registered under sec-

tion 510 of the federal Act, if it was not included on a list required by section 510(j) of the federal Act, if a notice or other information respecting it was not provided as required by that section or section 510(k) of the federal Act, or if it does not bear the symbols from the uniform system for identification of devices prescribed under section 510(e) of the federal Act that are required by regulation.

16. If it is a drug and its packaging or labeling is in violation of an applicable regulation adopted pursuant to section 3 or 4 of the federal Poison Prevention Packaging Act of 1970, 15 U.S.C. § 1471 et seq.

17. If a trademark, trade name, or other identifying mark, imprint, or device of another trademark, trade name, mark, or imprint or any likeness of the foregoing has been placed thereon or upon its container with intent to defraud.

18. In the case of a restricted device distributed or offered for sale in this state, if either of the following applies:

a. Its advertising is false or misleading in any particular.

b. It is sold, distributed, or used in violation of regulations adopted pursuant to section 520(e) of the federal Act.

19. In the case of a restricted device distributed or offered for sale in this state, unless the manufacturer, packer, or distributor includes in all advertising and other descriptive printed matter issued by the manufacturer, packer, or distributor with respect to the device both of the following:

a. A true statement of the device's established name as defined in subsection 5, printed prominently and in type at least half as large as that used for any trade or brand name thereof.

b. A brief statement of the intended uses of the device and relevant warnings, precautions, side effects, and contraindications; and in the case of a specific device made subject to regulations adopted pursuant to the federal Act, a full description of the components of the device or the formula showing quantitatively each ingredient of the device to the extent required in regulations under the federal Act.

20. If it is a device subject to a performance standard established under section 514 of the federal Act, unless it bears labeling as prescribed in that performance standard.

21. If it is a device and there was a failure or refusal to comply with any requirement prescribed under section 518 of the federal Act respecting the device, or to furnish material required by or under section 519 of the federal Act respecting the device.

If an article is alleged to be misbranded because the labeling or advertising is misleading, then in determining whether the labeling or advertising is misleading, there shall be taken into account, among other things, not only representations made or suggested by statement, word, design, de-

vice, or any combination thereof, but also the extent to which the labeling or advertising fails to reveal facts material in the light of such representations, or material with respect to consequences which may result from the use of the article to which the labeling or advertising relates, under the conditions of use prescribed in the labeling or advertising or under customary or usual conditions of use.

The representation of a drug, in its labeling, as an antiseptic shall be considered to be a representation that it is a germicide, except in the case of a drug purporting to be, or represented as, an antiseptic for inhibitory use as a wet dressing, ointment, dusting powder, or such other use as involves prolonged contact with the body.

126.11 Exemptions in cases of drugs and devices — dispensing by prescription only.

1. The board shall adopt rules exempting from any labeling or packaging requirement of this chapter drugs and devices which are, in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at establishments other than those where originally processed or packaged, on condition that such drugs and devices are not adulterated or misbranded upon removal from the processing, labeling, or repacking establishment.

2. Drug and device labeling or packaging exemptions adopted pursuant to the federal Act shall apply to drugs and devices in this state except insofar as modified or rejected by rules adopted by the board.

3. *a.* This lettered paragraph applies to a drug intended for use by humans which is any of the following:

(1) Is a habit-forming drug to which section 126.10, subsection 4 applies.

(2) Because of its toxicity or other potentiality for harmful effect, or the method of its use, or the collateral measures necessary to its use, is not safe for use except under the supervision of a practitioner licensed by law to administer the drug.

(3) Is limited by an approved application under section 505 of the federal Act to use under the professional supervision of a practitioner licensed by law to administer the drug.

Such a drug shall be dispensed only upon a written prescription of a practitioner licensed by law to administer the drug, or upon an oral prescription of such a practitioner which is reduced promptly to writing and filed by the pharmacist, or by refilling any such written or oral prescription if the refilling is authorized by the prescriber either in the original prescription or by oral order which is reduced promptly to writing and filed by the pharmacist. The act of dispensing a drug contrary

to this paragraph while the drug is held for sale results in the drug being misbranded.

b. A drug dispensed by filling or refilling a written or oral prescription of a practitioner licensed by law to administer the drug is exempt from section 126.10, except subsection 1, subsection 9, paragraphs "b" and "c", and subsections 11 and 12, and the packaging requirements of subsections 7, 8, and 16, if the drug bears a label containing the name and address of the dispenser, the date of the prescription or of its filling, the name of the prescriber, and, if stated in the prescription, the name of the patient, and the directions for use and cautionary statements, if any, contained in the prescription. This exemption does not apply to a drug dispensed in the course of the conduct of the business of dispensing drugs pursuant to diagnosis by mail, or to a drug dispensed in violation of paragraph "a" of this subsection.

c. The board may, by rule, remove a drug subject to section 126.10, subsection 4, and section 505 of the federal Act from the requirements of paragraph "a" of this subsection when such requirements are not necessary for the protection of the public health.

d. A drug which is subject to paragraph "a" of this subsection is misbranded if, at any time prior to dispensing, its label fails to bear the statement: "Caution: Federal Law Prohibits Dispensing Without Prescription", or "Caution: State Law Prohibits Dispensing Without Prescription". A drug to which paragraph "a" of this subsection does not apply is misbranded if, at any time prior to dispensing, its label bears the caution statement quoted in the preceding sentence.

e. Prescription drug samples dispensed by a practitioner licensed by law to administer such drugs are exempt from section 126.10.

1. A person shall not sell, deliver, offer for sale, hold for sale, or give away a new drug unless both of the following apply:

a. An application with respect to the new drug has been approved and the approval has not been withdrawn under section 505 of the federal Act.

b. A copy of the letter of approval or approvability issued by the United States food and drug administration is on file with the secretary of the board, if the product is manufactured in this state.

2. A person shall not use in humans a new drug limited to investigational use unless the person has filed with the United States food and drug administration a completed and signed "Notice of Claimed Investigational Exemption for a New Drug" form in accordance with 21 C.F.R. § 312.1 and the exemption has not been terminated. The

drug shall be plainly labeled in compliance with section 505(i) or 507(d) of the federal Act.

3. This section does not apply to either of the following:

a. A drug which is not a new drug as defined in the federal Act.

b. A drug which is licensed under the federal Public Health Service Act of July 1, 1944, 42 U.S.C. § 201 et seq. or under the Animal Virus, Serum, Toxin, Antitoxin Act of March 4, 1913, 21 U.S.C. § 151 et seq.

126.14 Cosmetics — adulteration.

A cosmetic is adulterated if any of the following apply:

1. It bears or contains a poisonous or deleterious substance which may render it injurious to users under the conditions of use prescribed in its labeling or under customary or usual conditions of use. However, this does not apply to coal-tar hair dye if the label of the dye bears the following legend conspicuously displayed: "Caution — This product contains ingredients which may cause skin irritation on certain individuals and a preliminary test according to accompanying directions should first be made. This product must not be used for dyeing the eyelashes or eyebrows; to do so may cause blindness"; and the label bears adequate directions for the preliminary testing. For the purposes of this subsection and subsection 5, "hair dye" does not include eyelash dyes or eyebrow dyes.

2. It consists in whole or in part of any filthy, putrid, or decomposed substance.

3. It has been produced, prepared, packed, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health.

4. Its container is composed, in whole or in part, of a poisonous or deleterious substance which may render the contents injurious to health.

5. It is not a hair dye and it is, or it bears or contains a color additive which is, unsafe within the meaning of section 706(a) of the federal Act.

1. Its labeling is false or misleading in any particular.

2. In package form unless it bears a label containing both of the following:

a. The name and place of business of the manufacturer, packer, or distributor.

b. An accurate statement of the quantity of the contents in terms of weight, measure, or numerical count, which statement shall be separately and accurately stated in a uniform location upon the principal display panel of the label.

3. A word, statement, or other information required by or under the authority of this chapter to appear on the label or labeling is not prominently placed there with such conspicuousness, as compared with other words, statements, designs, or devices in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

4. Its container is so made, formed, or filled as to be misleading.

5. It is a color additive, unless its packaging and labeling are in conformity with the packaging and labeling requirements applicable to that color additive prescribed under section 706 of the federal Act. This subsection does not apply to packages of color additives which, with respect to their use of cosmetics, are marketed and intended for use only in or on hair dyes, as specified in section 126.14, subsection 1.

6. Its packaging or labeling is in violation of an applicable regulation adopted pursuant to section 3 or 4 of the federal Poison Prevention Packaging Act of 1970, 15 U.S.C. § 1471 et seq.

The board shall adopt rules exempting from any labeling requirement of this chapter, cosmetics which are in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at an establishment other than the establishment where they are originally processed or packed, on condition that such cosmetics are not adulterated or misbranded upon removal from the processing, labeling, or repacking establishment. 126.16 False advertising.

1. The advertising of a drug, device, or cosmetic is false if it is false or misleading in any particular.

2. For the purpose of this chapter, advertising is false if it represents a drug, device, or cosmetic to have any effect in the diagnosis, prevention, or treatment of arthritis, blood disorders, bone or joint diseases, kidney diseases or disorders, cancer, diabetes, gall bladder disease or disorders, heart and vascular disease, high blood pressure, diseases or disorders of the ear, mental disease or mental retardation, degenerative neurological

diseases, paralysis, prostate gland disorders, conditions of the scalp affecting hair loss, baldness, endocrine disorders, sexual impotence, tumors, venereal diseases, varicose ulcers, breast enlargement, purifying blood, metabolic disorders, immune system disorders or conditions affecting the immune system, extension of life expectancy, stress and tension, brain stimulation or performance, the body's natural defense mechanisms, blood flow, and depression. However, advertising not in violation of subsection 1 is not false under this subsection if it is disseminated only to members of the medical, dental, or veterinary professions, or appears only in the scientific periodicals of these professions, or is disseminated only for the purpose of public health education by persons not commercially interested, directly or indirectly, in the sale of such drugs or devices. However, if the board determines that an advance in medical science has made any type of self-medication safe as to any of the diseases named in this subsection, the board shall by rule authorize the advertising of drugs having curative or therapeutic effect for such disease, subject to the conditions and restrictions the board deems necessary in the interests of the public health. However, this subsection does not indicate that self-medication for diseases other than those named in this subsection is safe and efficacious.

135.74 Uniform financial reporting.

1. The department, after study and in consultation with any advisory committees which may be established pursuant to law, shall promulgate by rule pursuant to chapter 17A uniform methods of financial reporting, including such allocation methods as may be prescribed, by which hospitals and health care facilities shall respectively record their revenues, expenses, other income, other outlays, assets and liabilities, and units of service, according to functional activity center. These uniform methods of financial report-

ing shall not preclude a hospital or health care facility from using any accounting methods for its own purposes provided these accounting methods can be reconciled to the uniform methods of financial reporting prescribed by the department and can be audited for validity and completeness. Each hospital and each health care facility shall adopt the appropriate system for its fiscal year, effective upon such date as the department shall direct. In determining the effective date for reporting requirements, the department shall consider both the immediate need for uniform reporting of information to effectuate the purposes of this division and the administrative and economic difficulties which hospitals and health care facilities may encounter in complying with the uniform financial reporting requirement, but the effective date shall not be later than January 1, 1980.

2. In establishing uniform methods of financial reporting, the department shall consider:

a. The existing systems of accounting and reporting currently utilized by hospitals and health care facilities;

b. Differences among hospitals and health care facilities, respectively, according to size, financial structure, methods of payment for services, and scope, type and method of providing services; and

c. Other pertinent distinguishing factors.

3. The department shall, where appropriate, provide for modification, consistent with the purposes of this division, of reporting requirements to correctly reflect the differences among hospitals and among health care facilities referred to in subsection 2, and to avoid otherwise unduly burdensome costs in meeting the requirements of uniform methods of financial reporting.

4. The uniform financial reporting methods, where appropriate, shall be structured so as to establish and differentiate costs incurred for patient-related services rendered by hospitals and health care facilities, as distinguished from those incurred in the course of educational, research and other nonpatient-related activities including but not limited to charitable activities of these hospitals and health care facilities.

[C79, 81, §135.74]

135.75 Annual reports by hospitals, health care facilities.

1. Each hospital and each health care facility shall annually, after the close of its fiscal year, file with the department:

b. A statement of its income and expenses; and

c. Such other reports of the costs incurred in rendering services as the department may prescribe.

2. Where more than one licensed hospital or health care facility is operated by the reporting or-

ganization, the information required by this section shall be reported separately for each licensed hospital or health care facility. The department shall require preparation of specified financial reports by a certified public accountant, and may require attestation of responsible officials of the reporting hospital or health care facility that the reports submitted are to the best of their knowledge and belief prepared in accordance with the prescribed methods of reporting. The department shall have the right to inspect the books, audits and records of any hospital or health care facility as reasonably necessary to verify reports submitted pursuant to this division.

3. In obtaining the reports required by this section, the department and other state agencies shall co-ordinate their reporting requirements.

135.76 Analyses and studies by department.

1. The department shall from time to time undertake analyses and studies relating to hospital and health care facility costs and to the financial status of hospitals or health care facilities, or both, which are subject to the provisions of this division. It shall further require the filing of information concerning the total financial needs of each individual hospital or health care facility and the resources currently or prospectively available to meet these needs, including the effect of proposals made by health systems agencies. The department shall also prepare and file such summaries and compilations or other supplementary reports based on the information filed with it as will, in its judgment, advance the purposes of this division.

2. The analyses and studies required by this section shall be conducted with the objective of providing a basis for determining whether or not regulation of hospital and health care facility rates and charges by the state of Iowa is necessary to protect the health or welfare of the people of the state.

3. In conducting its analyses and studies, the department should determine whether:

a. The rates charged and costs incurred by hospitals and health care facilities are reasonably related to the services offered by those respective groups of institutions.

b. Aggregate rates of hospitals and of health care facilities are reasonably related to the aggregate costs incurred by those respective groups of institutions.

c. Rates are set equitably among all purchasers or classes of purchasers of hospital and of health care facility services.

d. The rates for particular services, supplies or materials established by hospitals and by health

care facilities are reasonable. Determination of reasonableness of rates shall include consideration of a fair rate of return to proprietary hospitals and health care facilities.

4. All data gathered and compiled and all reports prepared under this section, except privileged medical information, shall be open to public inspection.

Such data shall include necessary operating expenses, appropriate expenses incurred for rendering services to patients who cannot or do not pay, all properly incurred interest charges, and reasonable depreciation expenses based on the expected useful life of the property and equipment involved. The department shall also obtain from each hospital and health care facility a current rate schedule as well as any subsequent amendments or modifications of that schedule as it may require. In collection of the data required by sections 135.74 to 135.78, the department and other state agencies shall co-ordinate their reporting requirements.

No third party payer shall be excluded from positive financial incentives based upon volume of gross patient revenues. 135B.6 Denial, suspension, or revocation of license — hearings and review.

The department may deny, suspend, or revoke a license in any case where it finds that there has been a substantial failure to comply with this chapter or the rules or minimum standards adopted pursuant to this chapter.

A denial, suspension, or revocation shall be effected by mailing to the applicant or licensee by certified mail, or by personal service of, a notice setting forth the particular reasons for the action. A denial, suspension, or revocation shall become effective thirty days after the mailing or service of the notice, unless the applicant or licensee, within the thirty-day period gives written notice to the department requesting a hearing, in which case the notice is suspended. If a hearing has been requested, the applicant or licensee shall be given an opportunity for a prompt and fair hearing before the department. At any time at or prior to hearing, the department may rescind the notice of denial, suspension, or revocation upon being satisfied that the reasons for the denial, suspension, or revocation have been or will be removed. 135B.7 Rules and enforcement.

The department, with the advice and approval of the hospital licensing board and approval of the state board of health, shall adopt rules setting out the standards for the different types of hospitals to be licensed under this chapter. The department shall enforce the rules. Rules or standards shall not be adopted or enforced which would have the effect of denying a license to a hospital or other institution required to be licensed, solely by reason of the school or system of practice employed or permitted to be employed by physicians in the hospital, if the school or system of practice is recognized by the laws of this state.

The rules shall state that a hospital shall not deny clinical privileges to physicians and surgeons, podiatric physicians, osteopaths, osteopathic surgeons, dentists, certified health service providers in psychology, physician assistants, or advanced registered nurse practitioners licensed under chapter 148, 148C, 149, 150, 150A, 152, or 153, or section 154B.7, solely by reason of the license held by the practitioner or solely by reason of the school or institution in which the practitioner received medical schooling or postgraduate training if the medical schooling or postgraduate training was accredited by an organization recognized by the council on postsecondary accreditation or an accrediting group recognized by the United States department of education. A hospital may establish procedures for interaction between a patient and a practitioner. The rules shall not prohibit a hospital from limiting, restricting, or revoking clinical privileges of a practitioner for violation of hospital rules, regulations, or procedures established under this paragraph, when applied in good faith and in a nondiscriminatory manner. This paragraph shall not require a hospital to expand the hospital's current scope of service delivery solely to offer the services of a class of providers not currently providing services at the hospital. This section shall not be construed to require a hospital to establish rules which are inconsistent with the scope of practice established for licensure of practitioners to whom this paragraph applies. This section shall not be construed to authorize the denial of clinical privileges to a practitioner or class of practitioners solely because a hospital has as employees of the hospital identically licensed practitioners providing the same or similar services.

The rules shall require that a hospital establish and implement written criteria for the granting of clinical privileges. The written criteria shall in-

clude but are not limited to consideration of the ability of an applicant for privileges to provide patient care services independently and appropriately in the hospital; the license held by the applicant to practice; training, experience, and competence of the applicant; and the relationship between the applicant's request for the granting of privileges and the hospital's current scope of patient care services, as well as the hospital's determination of the necessity to grant privileges to a practitioner authorized to provide comprehensive, appropriate, and cost-effective services.

The department shall adopt rules requiring hospitals to establish and implement protocols for responding to the needs of patients who are victims of domestic abuse, as defined in section 236.2.

The department shall make or cause to be made inspections as it deems necessary in order to determine compliance with applicable rules.

In the state resource centers and state mental health institutes operated by the department of human services, the designated protection and advocacy agency as provided in section 135C.2, subsection 4, shall have the authority to investigate all complaints of abuse and neglect of persons with developmental disabilities or mental illnesses if the complaints are reported to the protection and advocacy agency or if there is probable cause to believe that the abuse has occurred. Such authority shall include the examination of all records pertaining to the care provided to the residents and contact or interview with any resident, employee, or any other person who might have knowledge about the operation of the institution.

135C.2 Purpose — rules — special classifications — protection and advocacy agency.

1. The purpose of this chapter is to promote and encourage adequate and safe care and housing for individuals who are aged or who, regardless of age, are infirm, convalescent, or mentally or physically dependent, by both public and private agencies by providing for the adoption and enforcement of rules and standards:

a. For the housing, care, and treatment of individuals in health care facilities, and

b. For the location, construction, maintenance, renovation, and sanitary operation of such health care facilities which will promote safe and adequate care of individuals in such homes so as to further the health, welfare, and safety of such individuals.

2. Rules and standards prescribed, promulgated, and enforced under this chapter shall not be arbitrary, unreasonable, or confiscatory and the department or agency prescribing, promulgating, or enforcing such rules or standards shall have the burden of proof to establish that such rules or

standards meet such requirements and are consistent with the economic problems and conditions involved in the care and housing of persons in health care facilities.

3. *a.* The department shall establish by administrative rule the following special classifications:

(1) Within the residential care facility category, a special license classification for residential facilities intended to serve persons with mental illness.

(2) Within the nursing facility category, a special license classification for nursing facilities which designate and dedicate the facility or a special unit within the facility to provide care for persons who suffer from chronic confusion or a dementing illness. A nursing facility which designates and dedicates the facility or a special unit within the facility for the care of persons who suffer from chronic confusion or a dementing illness shall be specially licensed. For the purposes of this subsection, “*designate*” means to identify by a distinctive title or label and “*dedicate*” means to set apart for a definite use or purpose and to promote that purpose.

b. The department may also establish by administrative rule special classifications within the residential care facility, intermediate care facility for persons with mental illness, intermediate care facility for persons with mental retardation, or nursing facility categories, for facilities intended to serve individuals who have special health care problems or conditions in common. Rules establishing a special classification shall define the problem or condition to which the special classification is relevant and establish requirements for an approved program of care commensurate with the problem or condition. The rules may grant special variances or considerations to facilities licensed within the special classification.

c. The rules adopted for intermediate care facilities for persons with mental retardation shall be consistent with, but no more restrictive than, the federal standards for intermediate care facilities for persons with mental retardation established pursuant to the federal Social Security Act, § 1905(c)(d), as codified in 42 U.S.C. § 1396d, in effect on January 1, 1989. However, in order to be licensed the state fire marshal must certify to the department an intermediate care facility for persons with mental retardation as meeting the applicable provisions of either the health care occupations chapter or the residential board and care chapter of the life safety code of the national fire protection association, 1985 edition. The department shall adopt additional rules for intermediate care facilities for persons with mental retardation pursuant to section 135C.14, subsection 8.

d. Notwithstanding the limitations set out in this subsection regarding rules for intermediate care facilities for persons with mental retardation, the department shall consider the federal inter-

pretive guidelines issued by the federal health care financing administration when interpreting the department’s rules for intermediate care facilities for persons with mental retardation. This use of the guidelines is not subject to the rulemaking provisions of sections 17A.4 and 17A.5, but the guidelines shall be published in the Iowa administrative bulletin and the Iowa administrative code.

4. The protection and advocacy agency designated in the state, under Pub. L. No. 98-527, the Developmental Disabilities Act of 1984, Pub. L. No. 99-319, the Protection and Advocacy for Mentally Ill Individuals Act of 1986, and Pub. L. No. 100-146, the federal Developmental Disabilities Assistance and Bill of Rights Act Amendments of 1987, is recognized as an agency legally authorized and constituted to ensure the implementation of the purposes of this chapter for populations under its authority and in the manner designated by Pub. L. No. 98-527, Pub. L. No. 99-319, and Pub. L. No. 100-146 and in the assurances of the governor of the state.

5. The department shall establish a special classification within the residential care facility category in order to foster the development of residential care facilities which serve persons with mental retardation, chronic mental illness, a developmental disability, or brain injury, as described under section 225C.26, and which contain five or fewer residents. A facility within the special classification established pursuant to this subsection is exempt from the requirements of section 135.63. The department shall adopt rules which are consistent with rules previously developed for the waiver demonstration project pursuant to 1986 Iowa Acts, chapter 1246, section 206, and which include all of the following provisions:

a. A facility provider under the special classification must comply with rules adopted by the department for the special classification. However, a facility provider which has been accredited by the accreditation council for services to persons with mental retardation and other developmental disabilities shall be deemed to be in compliance with the rules adopted by the department.

b. A facility must be located in an area zoned for single or multiple-family housing or in an unincorporated area and must be constructed in compliance with applicable local requirements and the rules adopted for the special classification by the state fire marshal in accordance with the concept of the least restrictive environment for the facility residents. Local requirements shall not be more restrictive than the rules adopted for the special classification by the state fire marshal and the state building code requirements for single or multiple-family housing.

c. Facility provider plans for the facility’s accessibility to residents must be in place.

d. A written plan must be in place which documents that a facility meets the needs of the facili-

ty's residents pursuant to individual program plans developed according to age appropriate and least restrictive program requirements.

e. A written plan must be in place which documents that a facility's residents have reasonable access to employment or employment-related training, education, generic community resources, and integrated opportunities to promote interaction with the community.

f. The facilities licensed under this subsection shall be eligible for funding utilized by other licensed residential care facilities for persons with mental retardation, or licensed residential care facilities for persons with mental illness, including but not limited to funding under or from the federal social services block grant, the state supplementary assistance program, state mental health and developmental disabilities services funds, and county funding provisions.

6. a. This chapter shall not apply to adult day care services provided in a health care facility. However, adult day care services shall not be provided by a health care facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

b. The level of care certification provisions pursuant to sections 135C.3 and 135C.4, the license application and fee provisions pursuant to section 135C.7, and the involuntary discharge provisions pursuant to section 135C.14, subsection 8, shall not apply to respite care services provided in a health care facility. However, respite care services shall not be provided by a health care facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

c. The department shall adopt rules to implement this subsection.

7. The rules adopted by the department regarding nursing facilities shall provide that a nursing facility may choose to be inspected either by the department or by the joint commission on accreditation of health care organizations. The rules regarding acceptance of inspection by the joint commission on accreditation of health care organizations shall include recognition, in lieu of inspection by the department, of comparable inspections and inspection findings of the joint commission on accreditation of health care organizations, if the department is provided with copies of all requested materials relating to the inspection process.

135C.3 Nature of care.

1. A licensed nursing facility shall provide an organized twenty-four-hour program of services commensurate with the needs of its residents and under the immediate direction of a licensed nurse. Medical and nursing services must be provided under the direction of either a house physician or an individually selected physician. Surgery or obstetrical care shall not be provided within the facility. An admission to the nursing facility must be based on a physician's written order certifying that the individual being admitted requires no greater degree of nursing care than the facility to which the admission is made is licensed to provide and is capable of providing.

2. A licensed intermediate care facility for persons with mental illness shall provide an organized twenty-four-hour program of services commensurate with the needs of its residents and under the immediate direction of a licensed registered nurse, who has had at least two years of recent experience in a chronic or acute psychiatric setting. Medical and nursing service must be provided under the direction of either a house physician or an individually selected physician. Surgery or obstetrical care shall not be provided within the facility. An admission to the intermediate care facility for persons with mental illness must be based on a physician's written order certifying that the individual being admitted requires no greater degree of nursing care than the facility to which the admission is made is licensed to provide and is capable of providing.

135C.4 Residential care facilities.

Each facility licensed as a residential care facility shall provide an organized continuous twenty-four-hour program of care commensurate with the needs of the residents of the home and under the immediate direction of a person approved and certified by the department whose combined training and supervised experience is such as to ensure adequate and competent care. All admissions to residential care facilities shall be based on an order written by a physician certifying that the individual being admitted does not require nursing services.

135C.5 Limitations on use.

Another business or activity shall not be carried on in a health care facility, or in the same physical structure with a health care facility, unless such business or activity is under the control of and is directly related to and incidental to the operation of the health care facility or unless the business or activity is approved by the department and the state fire marshal. A business or activity which is operated within the limitations of this section shall not interfere in any manner with the use of the facility by the residents or the services provided to the residents, and shall not be disturbing to them. The department and the state fire marshal, in accordance with chapter 17A, shall adopt rules which establish criteria for approval of a business or activity to be carried on in a health care facility or in the same physical structure with a health care facility.

135C.6 License required — exemptions.

1. A person or governmental unit acting severally or jointly with any other person or governmental unit shall not establish or operate a health care facility in this state without a license for the facility. A supported community living service, as defined in section 225C.21, is not required to be licensed under this chapter, but is subject to approval under section 225C.21 in order to receive public funding.

2. A health care facility suitable for separation and operation with distinct parts may, where otherwise qualified in all respects, be issued multiple licenses authorizing various parts of such facilities to be operated as health care facilities of different license categories.

3. No change in a health care facility, its operation, program, or services, of a degree or character affecting continuing licensability shall be made without prior approval thereof by the department. The department may by rule specify the types of changes which shall not be made without its prior approval.

4. No department, agency, or officer of this state or of any of its political subdivisions shall pay or approve for payment from public funds any amount or amounts to a health care facility under any program of state aid in connection with services provided or to be provided an actual or prospective resident in a health care facility, unless the facility has a current license issued by the department and meets such other requirements as may be in effect pursuant to law.

5. No health care facility established and operated in compliance with law prior to January 1, 1976, shall be required to change its corporate or business name by reason of the definitions prescribed in section 135C.1, provided that no health

care facility shall at any time represent or hold out to the public or to any individual that it is licensed as, or provides the services of, a health care facility of a type offering a higher grade of care than such health care facility is licensed to provide. Any health care facility which, by virtue of this section, operates under a name not accurately descriptive of the type of license which it holds shall clearly indicate in any printed advertisement, letterhead, or similar material, the type of license or licenses which it has in fact been issued. No health care facility established or renamed after January 1, 1976, shall use any name indicating that it holds a different type of license than it has been issued.

6. A health care facility operated by and for the exclusive use of members of a religious order, which does not admit more than two individuals to the facility from the general public, may be operated without obtaining a license under this chapter and shall not be deemed to be licensed by the state.

7. A freestanding hospice facility which operates a hospice program in accordance with 42 C.F.R. § 418 may be operated without obtaining a license under this chapter and shall not be deemed to be licensed by the state.

8. The following residential programs to which the department of human services applies accreditation, certification, or standards of review shall not be required to be licensed as a health care facility under this chapter:

a. A residential program which provides care to not more than four individuals and receives moneys appropriated to the department of human services under provisions of a federally approved home and community-based services waiver for persons with mental retardation or other medical assistance program under chapter 249A. In approving a residential program under this paragraph, the department of human services shall consider the geographic location of the program so as to avoid an overconcentration of such programs in an area. In order to be approved under this paragraph, a residential program shall not be required to involve the conversion of a licensed residential care facility for persons with mental retardation.

b. A total of forty residential care facilities for persons with mental retardation which are licensed to serve no more than five individuals may be authorized by the department of human services to convert to operation as a residential program under the provisions of a medical assistance home and community-based services waiver for persons with mental retardation. A converted residential program is subject to the conditions stated in paragraph "a" except that the program shall not serve more than five individuals. The department of human services shall allocate conversion authorizations to provide for eight conver-

sions in each of the department's five service regions.

9. Contingent upon the department of human services receiving federal approval, a residential program which serves not more than eight individuals and is licensed as an intermediate care facility for persons with mental retardation may surrender the facility license and continue to operate under a federally approved medical assistance home and community-based services waiver for persons with mental retardation, if the department of human services has approved a plan submitted by the residential program.

10. Notwithstanding section 135C.9, nursing facilities which are accredited by the joint commission on accreditation of health care organizations shall be licensed without inspection by the department, if the nursing facility has chosen to be inspected by the joint commission on accreditation of health care organizations in lieu of inspection by the department.

135C.7 Application — fees.

Licenses shall be obtained from the department. Applications shall be upon such forms and shall include such information as the department may reasonably require, which may include affirmative evidence of compliance with such other statutes and local ordinances as may be applicable. Each application for license shall be accompanied by the annual license fee prescribed by this section, subject to refund to the applicant if the license is denied, which fee shall be paid over into the state treasury and credited to the general fund if the license is issued. There shall be an annual license fee based upon the bed capacity of the health care facility, as follows:

1. Ten beds or less, twenty dollars.
2. More than ten and not more than twenty-five beds, forty dollars.
3. More than twenty-five and not more than seventy-five beds, sixty dollars.
4. More than seventy-five and not more than one hundred fifty beds, eighty dollars.
5. More than one hundred fifty beds, one hundred dollars.

135C.8 Scope of license.

Licenses for health care facilities shall be issued only for the premises and persons or governmental units named in the application and shall not be

transferable or assignable except with the written approval of the department, obtained prior to the purchase of the facility involved. Licenses shall be posted in a conspicuous place on the licensed premises as prescribed by regulation of the department. Such licenses, unless sooner suspended or revoked, shall expire one year after the date of issuance and shall be renewed annually upon an application by the licensee. Applications for such renewal shall be made in writing to the department, accompanied by the required fee, at least thirty days prior to the expiration of such license in accordance with regulations promulgated by the department. Health care facilities which have allowed their licenses to lapse through failure to make timely application for renewal of their licenses shall pay an additional fee of twenty-five percent of the annual license fee prescribed in section 135C.7.

[C50, 54, §135C.5; C58, 62, 66, 71, 73, 75, 77, 79, 81, §135C.8]

135C.9 Inspection before issuance.

1. The department shall not issue a health care facility license to any applicant until:

a. The department has ascertained that the staff and equipment of the facility is adequate to provide the care and services required of a health care facility of the category for which the license is sought. Prior to the review and approval of plans and specifications for any new facility and the initial licensing under a new licensee, a resume of the programs and services to be furnished and of the means available to the applicant for providing the same and for meeting requirements for staffing, equipment, and operation of the health care facility, with particular reference to the professional requirements for services to be rendered, shall be submitted in writing to the department for review and approval. The resume shall be reviewed by the department within ten working days and returned to the applicant. The resume shall, upon the department's request, be revised as appropriate by the facility from time to time after issuance of a license.

b. The facility has been inspected by the state fire marshal or a deputy appointed by the fire marshal for that purpose, who may be a member of a municipal fire department, and the department has received either a certificate of compliance or a provisional certificate of compliance by the facility with the fire hazard and fire safety rules and standards of the department as promulgated by the fire marshal and, where applicable, the fire safety standards required for participation in programs authorized by either Title XVIII or Title XIX of the United States Social Security Act (42 U.S.C. § 1395 to 1395ll and 1396 to 1396g). The certificate or provisional certificate shall be signed by the fire marshal or the fire marshal's deputy who made the inspection.

2. The rules and standards promulgated by the fire marshal pursuant to subsection 1, paragraph “b” of this section shall be substantially in keeping with the latest generally recognized safety criteria for the facilities covered, of which the applicable criteria recommended and published from time to time by the national fire protection association shall be prima facie evidence.

3. The state fire marshal or the fire marshal’s deputy may issue successive provisional certificates of compliance for periods of one year each to a facility which is in substantial compliance with the applicable fire hazard and fire safety rules and standards, upon satisfactory evidence of an intent, in good faith, by the owner or operator of the facility to correct the deficiencies noted upon inspection within a reasonable period of time as determined by the state fire marshal or the fire marshal’s deputy. Renewal of a provisional certificate shall be based on a showing of substantial progress in eliminating deficiencies noted upon the last previous inspection of the facility without the appearance of additional deficiencies other than those arising from changes in the fire hazard and fire safety rules, regulations and standards which have occurred since the last previous inspection, except that substantial progress toward achievement of a good faith intent by the owner or operator to replace the entire facility within a reasonable period of time, as determined by the state fire marshal or the fire marshal’s deputy, may be accepted as a showing of substantial progress in eliminating deficiencies, for the purposes of this section.

4. If a facility subject to licensure under this chapter, a facility exempt from licensure under this chapter pursuant to section 135C.6, or a family home under section 335.25 or 414.22, has been issued a certificate of compliance or a provisional certificate of compliance under subsection 1 or 3, or has otherwise been approved as complying with a rule or standard by the state or a deputy fire marshal or a local building department as defined in section 103A.3, the state or deputy fire marshal or local building department which issued the certificate, provisional certificate, or approval shall not apply additional requirements for compliance with the rule or standard unless the rule or standard is revised in accordance with chapter 17A or with local regulatory procedure following issuance of the certificate, provisional certificate, or approval.

135C.10 Denial, suspension or revocation.

The department shall have the authority to deny, suspend, or revoke a license in any case where the department finds that there has been

repeated failure on the part of the facility to comply with the provisions of this chapter or the rules or minimum standards promulgated hereunder, or for any of the following reasons:

1. Cruelty or indifference to health care facility residents.

2. Appropriation or conversion of the property of a health care facility resident without the resident’s written consent or the written consent of the resident’s legal guardian.

3. Permitting, aiding, or abetting the commission of any illegal act in the health care facility.

4. Inability or failure to operate and conduct the health care facility in accordance with the requirements of this chapter and the minimum standards and rules issued pursuant thereto.

5. Obtaining or attempting to obtain or retain a license by fraudulent means, misrepresentation, or by submitting false information.

6. Habitual intoxication or addiction to the use of drugs by the applicant, manager or supervisor of the health care facility.

7. Securing the devise or bequest of the property of a resident of a health care facility by undue influence.

8. Willful failure or neglect to maintain a continuing in-service education and training program for all personnel employed in the facility.

9. In the case of an application by an existing licensee for a new or newly acquired facility, continuing or repeated failure of the licensee to operate any previously licensed facility or facilities in compliance with the provisions of this chapter or of the rules adopted pursuant to it.

10. In the case of a license applicant or existing licensee which is an entity other than an individual, the department may deny, suspend, or revoke a license if any individual, who is in a position of control or is an officer of the entity, engages in any act or omission proscribed by this section.

135C.11 Notice — hearings.

1. The denial, suspension, or revocation of a license shall be effected by delivering to the applicant or licensee by certified mail or by personal service of a notice setting forth the particular reasons for such action. Such denial, suspension, or revocation shall become effective thirty days after the mailing or service of the notice, unless the applicant or licensee, within such thirty-day period, shall give written notice to the department requesting a hearing, in which case the notice shall be deemed to be suspended. If a hearing has been requested, the applicant or licensee shall be given an opportunity for a prompt and fair hearing before the department. At any time at or prior to the hearing the department may rescind the notice of the denial, suspension, or revocation upon being satisfied that the reasons for the denial, suspen-

sion, or revocation have been or will be removed. On the basis of any such hearing, or upon default of the applicant or licensee, the determination involved in the notice may be affirmed, modified, or set aside by the department. A copy of such decision shall be sent by certified mail, or served personally upon the applicant or licensee. The applicant or licensee may seek judicial review pursuant to section 135C.13.

2. The procedure governing hearings authorized by this section shall be in accordance with the rules promulgated by the department. A full and complete record shall be kept of all proceedings, and all testimony shall be reported but need not be transcribed unless judicial review is sought pursuant to section 135C.13. Copies of the transcript may be obtained by an interested party upon payment of the cost of preparing the copies. Witnesses may be subpoenaed by either party and shall be allowed fees at a rate prescribed by the department's rules. The director may, after advising the resident advocate committee established pursuant to section 135C.25, either proceed in accordance with section 135C.30, or remove all residents and suspend the license or licenses of any health care facility, prior to a hearing, when the director finds that the health or safety of residents of the health care facility requires such action on an emergency basis. The fact that no resident advocate committee has been appointed for a particular facility shall not bar the director from exercising the emergency powers granted by this subsection with respect to that facility.

135C.12 Conditional operation.

If the department has the authority under section 135C.10 to deny, suspend or revoke a license, the department or director may, as an alternative to those actions:

1. Apply to the district court of the county in which the licensee's health care facility is located for appointment by the court of a receiver for the facility pursuant to section 135C.30.

2. Conditionally issue or continue a license dependent upon the performance by the licensee of reasonable conditions within a reasonable period of time as set by the department so as to permit the licensee to commence or continue the operation of the health care facility pending full compliance with this chapter or the regulations or minimum standards promulgated under this chapter. If the licensee does not make diligent efforts to comply with the conditions prescribed, the department may, under the proceedings prescribed by this chapter, suspend or revoke the license. No health care facility shall be operated on a conditional license for more than one year.

3. The department, in evaluating corrections of deficiencies in a facility in receivership or operating on a conditional license, may determine what is satisfactory compliance, provided that in so doing it shall employ established criteria which shall be uniformly applied to all facilities of the same license category.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §135C.12]

For legislative intent regarding imposition of a conditional license if failure of full compliance will result in single class I citation that is not an immediate jeopardy; see 99 Acts, ch 199, §10

135C.13 Judicial review.

Judicial review of any action of the director may be sought in accordance with the terms of the Iowa administrative procedure Act. Notwithstanding the terms of said Act, petitions for judicial review may be filed in the district court of the county where the facility or proposed facility is located, and pending final disposition of the matter the status quo of the applicant or licensee shall be preserved except when the director, with the advice and consent of the resident advocate committee established pursuant to section 135C.25, determines that the health, safety or welfare of the residents of the facility is in immediate danger, in which case the director may order the immediate removal of such residents. The fact that no resident advocate committee has been appointed for a particular facility shall not bar the director from exercising the emergency powers granted by this subsection with respect to that facility.

135C.14 Rules.

The department shall, in accordance with chapter 17A, and with the approval of the state board of health adopt and enforce rules setting minimum standards for health care facilities. In so doing, the department, with the approval of the state board of health, may adopt by reference, with or without amendment, nationally recognized standards and rules, which shall be specified by title and edition, date of publication, or similar information. The rules and standards required by this section shall be formulated in consultation with the director of human services or the director's designee and with affected industry, professional, and consumer groups, and shall be designed to further the accomplishment of the purposes of this chapter and shall relate to:

1. Location and construction of the facility, including plumbing, heating, lighting, ventilation, and other housing conditions, which shall ensure the health, safety and comfort of residents and protection from fire hazards. The rules of the department relating to protection from fire hazards and fire safety shall be promulgated by the state fire marshal, and shall be in keeping with the latest generally recognized safety criteria for the facilities covered of which the applicable criteria rec-

ommended and published from time to time by the national fire protection association are prima facie evidence.

2. Number and qualifications of all personnel, including management and nursing personnel, having responsibility for any part of the care provided to residents.

3. All sanitary conditions within the facility and its surroundings including water supply, sewage disposal, food handling, and general hygiene, which shall ensure the health and comfort of residents.

4. Diet related to the needs of each resident and based on good nutritional practice and on recommendations which may be made by the physician attending the resident.

5. Equipment essential to the health and welfare of the resident.

6. Requirements that a minimum number of registered or licensed practical nurses and nurses' aides, relative to the number of residents admitted, be employed by each licensed facility. Staff-to-resident ratios established under this subsection need not be the same for facilities holding different types of licenses, nor for facilities holding the same type of license if there are significant differences in the needs of residents which the respective facilities are serving or intend to serve.

7. Social services and rehabilitative services provided for the residents.

8. Facility policies and procedures regarding the treatment, care, and rights of residents. The rules shall apply the federal resident's rights contained in the federal Omnibus Budget Reconciliation Act of 1987, Pub. L. No. 100-203, and the regulations adopted pursuant to the Act and contained in 42 C.F.R. § 483.10, 483.12, 483.13, and 483.15, as amended to February 2, 1989, to all health care facilities as defined in this chapter and shall include procedures for implementing and enforcing the federal rules. The department shall also adopt rules relating to the following:

a. The transfer of residents to other rooms within a facility.

b. The involuntary discharge or transfer of residents from a facility including provisions for notice and agency hearings and for the development of a patient discharge or transfer plan and for providing counseling services to a patient being discharged or transferred.

c. The required holding of a bed for a resident under designated circumstances upon payment of a prescribed charge for the bed.

d. The notification of resident advocate committees by the department of all complaints relating to health care facilities and the involvement of the resident advocate committees in resolution of the complaints.

e. For the recoupment of funds or property to residents when the resident's personal funds or property have been used without the resident's

written consent or the written consent of the resident's guardian.

135C.15 Time to comply.

1. Any health care facility which is in operation at the time of adoption or promulgation of any applicable rules or minimum standards under this chapter shall be given reasonable time from the date of such promulgation to comply with such rules and minimum standards as provided for by the department. The director may grant successive thirty-day extensions of the time for compliance where evidence of a good faith attempt to achieve compliance is furnished, if the extensions will not place in undue jeopardy the residents of the facility to which the extensions are granted.

2. Renovation of an existing health care facility, not already in compliance with all applicable standards, shall be permitted only if the fixtures and equipment to be installed and the services to be provided in the renovated portion of the facility will conform substantially to current operational standards. Construction of an addition to an existing health care facility shall be permitted only if the design of the structure, the fixtures and equipment to be installed, and the services to be provided in the addition will conform substantially to current construction and operational standards.

135C.16 Inspections.

1. In addition to the inspections required by sections 135C.9 and 135C.38, the department shall make or cause to be made such further unannounced inspections as it deems necessary to adequately enforce this chapter. At least one general unannounced inspection shall be conducted for each health care facility within a thirty-month period. The inspector shall show identification to the person in charge of the facility and state that an inspection is to be made before beginning the inspection. An employee of the department who gives unauthorized advance notice of an inspection made or planned to be made under this subsection or section 135C.38 shall be disciplined as determined by the director, except that if the employee is employed pursuant to the merit system provisions of chapter 19A the discipline shall not exceed the discipline authorized pursuant to that chapter.

2. The department shall prescribe by rule that any licensee or applicant for license desiring to make specific types of physical or functional alterations or additions to its facility or to construct new facilities shall, before commencing the alteration or additions or new construction, submit plans and specifications to the department for pre-

liminary inspection and approval or recommendations with respect to compliance with the department's rules and standards. When the plans and specifications have been properly approved by the department or other appropriate state agency, the facility or the portion of the facility constructed or altered in accord with the plans and specifications shall not for a period of at least five years from completion of the construction or alteration be considered deficient or ineligible for licensing by reason of failure to meet any rule or standard established subsequent to approval of the plans and specifications. When construction or alteration of a facility or portion of a facility has been completed in accord with plans and specifications submitted as required by this subsection and properly approved by the department or other appropriate state agency, and it is discovered that the facility or portion of a facility is not in compliance with a requirement of this chapter or of the rules or standards adopted pursuant to it and in effect at the time the plans and specifications were submitted, and the deficiency was apparent from the plans and specifications submitted but was not noted or objected to by the department or other appropriate state agency, the department or agency responsible for the oversight shall either waive the requirement or reimburse the licensee or applicant for any costs which are necessary to bring the new or reconstructed facility or portion of a facility into compliance with the requirement and which the licensee or applicant would not have incurred if the facility or portion of the facility had been constructed in compliance with the requirements of this chapter or of the rules or standards adopted pursuant to it and in effect at the time the plans and specifications were submitted. If within two years from the completion of the construction or alteration of the facility or portion thereof, a department or agency of the state orders that the new or reconstructed facility or portion thereof be brought into compliance with the requirements of this chapter or the rules or standards adopted pursuant to it and in effect at the time the plans and specifications were submitted, the state shall have a claim for damages to the extent of any reimbursement paid to the licensee or applicant against any person who designed the facility or portion thereof for negligence in the preparation of the plans and specifications therefor, subject to all defenses based upon the negligence of the state in reviewing and approving those plans and specifications, but not thereafter.

The provisions of this subsection shall not apply where the deficiency presents a clear and present danger to the safety of the residents of the facility.

3. An inspector of the department may enter any licensed health care facility without a warrant, and may examine all records pertaining to the care provided residents of the facility. An inspector of the department may contact or inter-

view any resident, employee, or any other person who might have knowledge about the operation of a health care facility. An inspector of the department of human services shall have the same right with respect to any facility where one or more residents are cared for entirely or partially at public expense, and an investigator of the designated protection and advocacy agency shall have the same right with respect to any facility where one or more residents have developmental disabilities or mental illnesses, and the state fire marshal or a deputy appointed pursuant to section 135C.9, subsection 1, paragraph "b" shall have the same right of entry into any facility and the right to inspect any records pertinent to fire safety practices and conditions within that facility. If any such inspector has probable cause to believe that any institution, building, or agency not licensed as a health care facility is in fact a health care facility as defined by this chapter, and upon producing identification that the individual is an inspector is denied entry thereto for the purpose of making an inspection, the inspector may, with the assistance of the county attorney of the county in which the purported health care facility is located, apply to the district court for an order requiring the owner or occupant to permit entry and inspection of the premises to determine whether there have been any violations of this chapter.

135C.19 Public disclosure of inspection findings — posting of citations.

1. Following an inspection of a health care facility by the department pursuant to this chapter, the department's final findings with respect to compliance by the facility with requirements for licensing shall be made available to the public in a readily available form and place. Other information relating to a health care facility obtained by the department which does not constitute the department's findings from an inspection of the facility shall not be made available to the public except in proceedings involving the citation of a facility for a violation under section 135C.40, or the denial, suspension, or revocation of a license under this chapter. The name of a person who files a complaint with the department shall be confidential.

2. A citation for a class I or class II violation which is issued to a health care facility and which has become final, or a copy of the citation, shall be prominently posted as prescribed in rules, until the violation is corrected to the department's satisfaction. The citation or copy shall be posted in a place in plain view of the residents of the facility cited, persons visiting the residents, and persons inquiring about placement in the facility.

A copy of each citation required to be posted by this subsection shall be sent by the department to the department of human services and to the designated protection and advocacy agency if the facility has one or more residents with developmental disabilities or mental illness.

3. If the facility cited subsequently advises the department of human services that the violation has been corrected to the satisfaction of the department of inspections and appeals, the department of human services shall maintain this advisory in the same file with the copy of the citation. The department of human services shall not disseminate to the public any information regarding citations issued by the department of inspections and appeals, but shall forward or refer inquiries to the department of inspections and appeals.

135C.20 Information distributed.

The department shall prepare, publish and send to licensed health care facilities an annual report of its activities and operations under this chapter and such other bulletins containing fundamental health principles and data as may be deemed essential to assure proper operation of health care facilities, and publish for public distribution copies of the laws, standards and rules pertaining to their operation.

135C.20A Report cards — facility inspections — complaint procedures — availability to public — electronic access.

1. The department shall develop and utilize a report card system for the recording of the findings of any inspection of a health care facility. The report card shall include but is not limited to a summary of the findings of the inspection, any violation found, any enforcement action taken including any citations issued and penalties assessed, any actions taken to correct violations or deficiencies, and the nature and status of any action taken with respect to any uncorrected violation for which a citation was issued.

2. The report card form shall be developed by the department in cooperation with representatives of the department of elder affairs, the state long-term care resident's advocate, representatives of resident advocate committees, representatives of protection and advocacy entities, consumers, and other interested persons.

3. The department shall make any completed report cards electronically accessible to the public, on a monthly basis, and shall compile the report cards on an annual basis and make the compilation electronically accessible to the public. The annual compilation shall also be available at the office of the department at the seat of government and shall be available to the public by mail, upon request and at the department's expense.

4. In addition to the monthly and annual compilations, the department shall provide compilations of the report cards on a cumulative basis. The cumulative compilation shall reflect the report cards of health care facilities during the four-year period prior to the production of the cumulative compilation. The cumulative compilation shall be applicable to a particular health care facility as a four-year report card history of that facility becomes available. The cumulative compilation shall be available to the public in the same manner as the annual compilation.

2. The department shall adopt rules establishing the criteria to determine quality care. In developing the criteria, the department shall consult with the members of Iowa partners for resident care and shall also consider all of the following:

a. The report cards completed pursuant to section 135C.20A.

b. Any unique services provided by a facility to its residents to improve the quality of care in the facility.

c. Any information submitted by care review committee members or residents with regard to the quality of care of the facility.

Any such person establishing, conducting, managing or operating any health care facility without a license may be by any court of competent jurisdiction temporarily or permanently restrained therefrom in any action brought by the state.

2. Any person who prevents or interferes with or attempts to impede in any way any duly authorized representative of the department or of any of the agencies referred to in section 135C.17 in the lawful enforcement of this chapter or of the rules adopted pursuant to it is guilty of a simple misdemeanor. As used in this subsection, lawful enforcement includes but is not limited to:

a. Contacting or interviewing any resident of a health care facility in private at any reasonable hour and without advance notice.

b. Examining any relevant books or records of a health care facility.

c. Preserving evidence of any violation of this chapter or of the rules adopted pursuant to it.

135C.23 Express requirements for admission or residence.

No individual shall be admitted to or permitted to remain in a health care facility as a resident, except in accordance with the requirements of this section.

1. Each resident shall be covered by a contract executed at the time of admission or prior thereto by the resident, or the resident's legal representative, and the health care facility, except as other-

wise provided by subsection 5 with respect to residents admitted at public expense to a county care facility operated under chapter 347B. Each party to the contract shall be entitled to a duplicate original thereof, and the health care facility shall keep on file all contracts which it has with residents and shall not destroy or otherwise dispose of any such contract for at least one year after its expiration. Each such contract shall expressly set forth:

a. The terms of the contract.

b. The services and accommodations to be provided by the health care facility and the rates or charges therefor.

c. Specific descriptions of any duties and obligations of the parties in addition to those required by operation of law.

d. Any other matters deemed appropriate by the parties to the contract. No contract or any provision thereof shall be drawn or construed so as to relieve any health care facility of any requirement or obligation imposed upon it by this chapter or any standards or rules in force pursuant to this chapter, nor contain any disclaimer of responsibility for injury to the resident, or to relatives or other persons visiting the resident, which occurs on the premises of the facility or, with respect to injury to the resident, which occurs while the resident is under the supervision of any employee of the facility whether on or off the premises of the facility.

2. A health care facility shall not knowingly admit or retain a resident:

a. Who is dangerous to the resident or other residents.

b. Who is in an acute stage of alcoholism, drug addiction, or mental illness.

c. Whose condition or conduct is such that the resident would be unduly disturbing to other residents.

d. Who is in need of medical procedures, as determined by a physician, or services which cannot be or are not being carried out in the facility.

This section does not prohibit the admission of a patient with a history of dangerous or disturbing behavior to an intermediate care facility for persons with mental illness, intermediate care facility for persons with mental retardation, nursing facility, or county care facility when the intermediate care facility for persons with mental illness, intermediate care facility for persons with mental retardation, nursing facility, or county care facility has a program which has received prior approval from the department to properly care for and manage the patient. An intermediate care facility for persons with mental illness, intermediate care facility for persons with mental retardation, nursing facility, or county care facility is required to transfer or discharge a resident with dangerous or disturbing behavior when the intermediate care facility for persons with mental illness, intermediate care facility for persons with mental retardation, nursing facility, or county care facility cannot control the resident's dangerous or disturbing be-

havior. The department, in coordination with the state mental health and developmental disabilities commission created in section 225C.5, shall adopt rules pursuant to chapter 17A for programs to be required in intermediate care facilities for persons with mental illness, intermediate care facilities for persons with mental retardation, nursing facilities, and county care facilities that admit patients or have residents with histories of dangerous or disturbing behavior.

The denial of admission of a person to a health care facility shall not be based upon the patient's condition, which is the existence of a specific disease in the patient, but the decision to accept or deny admission of a patient with a specific disease shall be based solely upon the ability of the health care facility to provide the level of care required by the patient.

3. Except in emergencies, a resident who is not essentially capable of managing the resident's own affairs shall not be transferred out of a health care facility or discharged for any reason without prior notification to the next of kin, legal representative, or agency acting on the resident's behalf. When such next of kin, legal representative, or agency cannot be reached or refuses to cooperate, proper arrangements shall be made by the facility for the welfare of the resident before the resident's transfer or discharge.

4. No owner, administrator, employee, or representative of a health care facility shall pay any commission, bonus, or gratuity in any form whatsoever, directly or indirectly, to any person for residents referred to such facility, nor accept any commission, bonus, or gratuity in any form whatsoever, directly or indirectly, for professional or other services or supplies purchased by the facility or by any resident, or by any third party on behalf of any resident, of the facility.

5. Each county which maintains a county care facility under chapter 347B shall develop a statement in lieu of, and setting forth substantially the same items as, the contracts required of other health care facilities by subsection 1. The statement must be approved by the county board of supervisors and by the department. When so approved, the statement shall be considered in force with respect to each resident of the county care facility.

135C.24 Personal property or affairs of patients or residents.

The admission of a resident to a health care facility and the resident's presence therein shall not in and of itself confer on such facility, its owner, administrator, employees, or representatives any authority to manage, use, or dispose of any proper-

ty of the resident, nor any authority or responsibility for the personal affairs of the resident, except as may be necessary for the safety and orderly management of the facility and as required by this section.

1. No health care facility, and no owner, administrator, employee or representative thereof shall act as guardian, trustee or conservator for any resident of such facility, or any of such resident's property, unless such resident is related to the person acting as guardian within the third degree of consanguinity.

2. A health care facility shall provide for the safekeeping of personal effects, funds and other property of its residents, provided that whenever necessary for the protection of valuables or in order to avoid unreasonable responsibility therefor, the facility may require that they be excluded or removed from the premises of the facility and kept at some place not subject to the control of the facility.

3. A health care facility shall keep complete and accurate records of all funds and other effects and property of its residents received by it for safekeeping.

4. Any funds or other property belonging to or due a resident, or expendable for the resident's account, which are received by a health care facility shall be trust funds, shall be kept separate from the funds and property of the facility and of its other residents, or specifically credited to such resident, and shall be used or otherwise expended only for the account of the resident. Upon request the facility shall furnish the resident, the guardian, trustee or conservator, if any, for any resident, or any governmental unit or private charitable agency contributing funds or other property on account of any resident, a complete and certified statement of all funds or other property to which this subsection applies detailing the amounts and items received, together with their sources and disposition.

5. The provisions of this section notwithstanding, upon the verified petition of the county board of supervisors the district court may appoint the administrator of a county care facility as conservator or guardian, or both, of a resident of such county care facility, in accordance with the provisions of chapter 633. Such administrator shall serve as conservator or guardian, or both, without fee. The county attorney shall serve as attorney for the administrator in such conservatorship or guardianship, or both, without fee. The administrator may establish either separate or common bank accounts for cash funds of such resident wards.

135C.25 Resident advocate committee appointments — duties — disclosure — liability.

1. Each health care facility shall have a resident advocate committee whose members shall be

appointed by the director of the department of elder affairs or the director's designee. A person shall not be appointed a member of a resident advocate committee for a health care facility unless the person is a resident of the service area where the facility is located. The resident advocate committee for any facility caring primarily for persons with mental illness, mental retardation, or a developmental disability shall only be appointed after consultation with the administrator of the division of mental health and developmental disabilities of the department of human services on the proposed appointments. Recommendations to the director or the director's designee for membership on resident advocate committees are encouraged from any agency, organization, or individual. The administrator of the facility shall not be appointed to the resident advocate committee and shall not be present at committee meetings except upon request of the committee.

2. Each resident advocate committee shall periodically review the needs of each individual resident of the facility and shall perform the functions pursuant to sections 135C.38 and 231.44.

3. A health care facility shall disclose the names, addresses, and phone numbers of a resident's family members, if requested, to a resident advocate committee member, unless permission for this disclosure is refused in writing by the family member. The facility shall provide a form on which a family member may indicate a refusal to grant this permission.

4. Neither the state nor any resident advocate committee member is liable for an action by a resident advocate committee member in the performance of duty, if the action is undertaken and carried out in good faith.

Any governmental unit is authorized to transfer to the department for such services any federal funds available to such governmental unit,

135C.29 License list to county commissioner of elections.

The list shall include the street address or location, and the mailing address if it is other than the street address or location, of each facility.

[C77, 79, 81, §135C.29]

135C.30 Operation of facility under receivership.

When so authorized by section 135C.11, subsection 2, or section 135C.12, subsection 1, the director may file a verified application in the district court of the county where a health care facility licensed under this chapter is located, requesting that an individual nominated by the director be appointed as receiver for the facility with responsibility to bring the operation and condition of the facility into conformity with this chapter and the rules or minimum standards promulgated under this chapter.

1. The court shall expeditiously hold a hearing on the application, at which the director shall present evidence in support of the application. The licensee against whose facility the petition is filed may also present evidence, and both parties may subpoena witnesses. The court may appoint a receiver for the health care facility in advance of the hearing if the director's verified application states that an emergency exists which presents an imminent danger of resultant death or physical harm to the residents of the facility. If the licensee against whose facility the receivership petition is filed informs the court at or before the time set for the hearing that the licensee does not object to the application, the court shall waive the hearing and at once appoint a receiver for the facility.

2. The court, on the basis of the verified application and evidence presented at the hearing, may order the facility placed under receivership, and if so ordered, the court shall direct either that the receiver assume the duties of administrator of the health care facility or that the receiver supervise the facility's administrator in conducting the day-to-day business of the facility. The receiver shall be empowered to control the facility's financial resources and to apply its revenues as the re-

ceiver deems necessary to the operation of the facility in compliance with this chapter and the rules or minimum standards promulgated under this chapter, but shall be accountable to the court for management of the facility's financial resources.

3. A receivership established under this section may be terminated by the district court which established it, after a hearing upon an application for termination. The application may be filed:

a. Jointly by the receiver and the current licensee of the health care facility which is in receivership, stating that the deficiencies in the operation, maintenance or other circumstances which were the grounds for establishment of the receivership have been corrected and that there are reasonable grounds to believe that the facility will be operated in compliance with this chapter and the rules or minimum standards promulgated under this chapter.

b. By the current licensee of the facility, alleging that termination of the receivership is merited for the reasons set forth in paragraph "a" of this subsection, but that the receiver has declined to join in the petition for termination of the receivership.

c. By the receiver, stating that all residents of the facility have been relocated elsewhere and that there are reasonable grounds to believe it will not be feasible to again operate the facility on a sound financial basis and in compliance with this chapter and the rules or minimum standards promulgated under this chapter, and asking that the court approve surrender of the facility's license to the department and subsequent return of control of the facility's premises to the owners of the premises.

4. Payment of the expenses of a receivership established under this section is the responsibility of the facility for which the receiver is appointed, unless the court directs otherwise. The expenses include, but are not limited to:

a. Salary of the receiver.

b. Expenses incurred by the facility for the continuing care of the residents of the facility.

c. Expenses incurred by the facility for the maintenance of buildings and grounds of the facility.

d. Expenses incurred by the facility in the ordinary course of business, such as employees' salaries and accounts payable.

The receiver is not personally liable for the expenses of the facility during the receivership. The receiver is an employee of the state as defined in section 669.2, subsection 4, only for the purpose of defending a claim filed against the receiver. Chapter 669 applies to all suits filed against the receiver.

5. This section does not:

a. Preclude the sale or lease of a health care facility, and the transfer or assignment of the facility's license in the manner prescribed by section 135C.8, while the facility is in receivership, pro-

vided these actions are not taken without approval of the receiver.

b. Affect the civil or criminal liability of the licensee of the facility placed in receivership, for any acts or omissions of the licensee which occurred before the receiver was appointed.

135C.32 Hospice services covered by medicare.

The requirement that the care of a resident of a health care facility must be provided under the immediate direction of either the facility or the resident's personal physician does not apply if all of the following conditions are met:

1. The resident is terminally ill.

2. The resident has elected to receive hospice services under the federal Medicare program from a medicare certified hospice program.

3. The health care facility and the medicare certified hospice program have entered into a written agreement under which the hospice program takes full responsibility for the professional management of the resident's hospice care and the facility agrees to provide room and board to the resident.

135C.33 Child or dependent adult abuse information and criminal records — evaluations — application to other providers.

1. Beginning July 1, 1997, prior to employment of a person in a facility, the facility shall request that the department of public safety perform criminal and dependent adult abuse record checks of the person in this state. In addition, the facility may request that the department of human services perform a child abuse record check in this state. Beginning July 1, 1997, a facility shall inform all persons prior to employment regarding the performance of the records checks and shall obtain, from the persons, a signed acknowledgment of the receipt of the information. Additionally, a facility shall include the following inquiry in an application for employment: "Do you have a record of founded child or dependent adult abuse or have you ever been convicted of a crime, in this state or any other state?" If the person has been convicted of a crime under a law of any state or has a record of founded child or dependent adult abuse, the department of human services shall perform an evaluation to determine whether the crime or founded child or dependent adult abuse

warrants prohibition of employment in the facility. The evaluation shall be performed in accordance with procedures adopted for this purpose by the department of human services. If a person owns or operates more than one facility, and an employee of one of such facilities is transferred to another such facility without a lapse in employment, the facility is not required to request additional criminal and dependent adult abuse record checks of that employee.

2. If the department of public safety determines that a person has committed a crime or has a record of founded dependent adult abuse and is to be employed in a facility licensed under this chapter, the department of public safety shall notify the licensee that an evaluation will be conducted by the department of human services to determine whether prohibition of the person's employment is warranted. If a department of human services child abuse record check determines the person has a record of founded child abuse, the department of human services shall inform the licensee that an evaluation will be conducted to determine whether prohibition of the person's employment is warranted.

3. In an evaluation, the department of human services shall consider the nature and seriousness of the crime or founded child or dependent adult abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child or dependent adult abuse, the circumstances under which the crime or founded child or dependent adult abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child or dependent adult abuse again, and the number of crimes or founded child or dependent adult abuses committed by the person involved. The department of human services has final authority in determining whether prohibition of the person's employment is warranted.

4. If the department of human services determines that the person has committed a crime or has a record of founded child or dependent adult abuse which warrants prohibition of employment, the person shall not be employed in a facility licensed under this chapter.

5. Beginning July 1, 1998, this section shall apply to prospective employees of all of the following, if the provider is regulated by the state or receives any state or federal funding:

a. An employee of a homemaker, home-health aide, home-care aide, adult day care, or other provider of in-home services if the employee provides direct services to consumers.

b. An employee of a hospice, if the employee provides direct services to consumers.

c. An employee who provides direct services to consumers under a federal home and community-based services waiver.

d. An employee of an elder group home certified under chapter 231B, if the employee provides direct services to consumers.

e. An employee of an assisted living facility certified or voluntarily accredited under chapter 231C, if the employee provides direct services to consumers.

In substantial conformance with the provisions of this section, prior to the employment of such an employee, the provider shall request the performance of the criminal and dependent adult abuse record checks and may request the performance of the child abuse record checks. The provider shall inform the prospective employee and obtain the prospective employee's signed acknowledgment. The department of human services shall perform the evaluation of any criminal record or founded child or dependent adult abuse record and shall make the determination of whether a prospective employee of a provider shall not be employed by the provider.

6. The department of inspections and appeals, in conjunction with other departments and agencies of state government involved with criminal history and abuse registry information, shall establish a single contact repository for facilities and other providers to have electronic access to data to perform background checks for purposes of employment, as required of the facilities and other providers under this section.

VIOLATIONS

135C.36 Violations classified — penalties.

Every violation by a health care facility of any provision of this chapter or of the rules adopted pursuant to it shall be classified by the department in accordance with this section. The department shall adopt and may from time to time

modify, in accordance with chapter 17A rules setting forth so far as feasible the specific violations included in each classification and stating criteria for the classification of any violation not so listed.

1. A Class I violation is one which presents an imminent danger or a substantial probability of resultant death or physical harm to the residents of the facility in which the violation occurs. A physical condition or one or more practices in a facility may constitute a Class I violation. A Class I violation shall be abated or eliminated immediately unless the department determines that a stated period of time, specified in the citation issued under section 135C.40, is required to correct the violation. A licensee is subject to a penalty of not less than two thousand nor more than ten thousand dollars for each Class I violation for which the licensee's facility is cited.

2. A Class II violation is one which has a direct or immediate relationship to the health, safety or security of residents of a health care facility, but which presents no imminent danger nor substantial probability of death or physical harm to them. A physical condition or one or more practices within a facility, including either physical abuse of any resident or failure to treat any resident with consideration, respect and full recognition of the resident's dignity and individuality, in violation of a specific rule adopted by the department, may constitute a Class II violation. A violation of section 135C.14, subsection 8, or section 135C.31 and rules adopted under those sections shall be at least a Class II violation and may be a Class I violation. A Class II violation shall be corrected within a stated period of time determined by the department and specified in the citation issued under section 135C.40. The stated period of time specified in the citation may subsequently be modified by the department for good cause shown. A licensee is subject to a penalty of not less than one hundred nor more than five hundred dollars for each Class II violation for which the licensee's facility is cited, however the director may waive the penalty if the violation is corrected within the time specified in the citation.

3. A Class III violation is any violation of this chapter or of the rules adopted pursuant to it which violation is not classified in the department's rules nor classifiable under the criteria stated in those rules as a Class I or a Class II violation. A licensee shall not be subject to a penalty for a Class III violation, except as provided by section 135C.40, subsection 1 for failure to correct the violation within a reasonable time specified by the department in the notice of the violation.

135C.37 Complaints alleging violations — confidentiality.

A person may request an inspection of a health care facility by filing with the department, resi-

dent advocate committee of the facility, or the long-term care resident's advocate as defined in section 231.4, subsection 16, a complaint of an alleged violation of applicable requirements of this chapter or the rules adopted pursuant to this chapter. A person alleging abuse or neglect of a resident with a developmental disability or with mental illness may also file a complaint with the protection and advocacy agency designated pursuant to section 135B.9 or section 135C.2. A copy of a complaint filed with the resident advocate committee or the long-term care resident's advocate shall be forwarded to the department. The complaint shall state in a reasonably specific manner the basis of the complaint, and a statement of the nature of the complaint shall be delivered to the facility involved at the time of the inspection. The name of the person who files a complaint with the department, resident advocate committee, or the long-term care resident's advocate shall be kept confidential and shall not be subject to discovery, subpoena, or other means of legal compulsion for its release to a person other than department employees involved in the investigation of the complaint.

135C.38 Inspections upon complaints.

1. *a.* Upon receipt of a complaint made in accordance with section 135C.37, the department or resident advocate committee shall make a preliminary review of the complaint. Unless the department or committee concludes that the complaint is intended to harass a facility or a licensee or is without reasonable basis, it shall within twenty working days of receipt of the complaint make or cause to be made an on-site inspection of the health care facility which is the subject of the complaint.

b. The complaint investigation shall include, at a minimum, an interview with the complainant, the alleged perpetrator, and the victim of the alleged violation, if the victim is able to communicate, if the complainant, alleged perpetrator, or victim is identifiable, and if the complainant, alleged perpetrator, or victim is available. Additionally, witnesses who have knowledge of facts related to the complaint shall be interviewed, if identifiable and available. The names of witnesses may be obtained from the complainant or the victim. The files of the facility may be reviewed to ascertain the names of staff persons on duty at the time relevant to the complaint. The department shall apply a preponderance of the evidence standard in determining whether or not a complaint is substantiated. For the purposes of this subsection, "*a preponderance of the evidence standard*" means that the evidence, considered and compared with the evidence opposed to it, pro-

duces the belief in a reasonable mind that the allegations are more likely true than not true. “A *preponderance of the evidence standard*” does not require that the investigator personally witnessed the alleged violation.

c. The department may refer to the resident advocate committee of a facility any complaint received by the department regarding that facility, for initial evaluation and appropriate action by the committee.

2. a. The complainant shall be promptly informed of the result of any action taken by the department or committee in the matter. The complainant shall also be notified of the name, address, and telephone number of the designated protection and advocacy agency if the alleged violation involves a facility with one or more residents with developmental disabilities or mental illness.

b. Upon conclusion of the investigation, the department shall notify the complainant of the results. The notification shall include a statement of the factual findings as determined by the investigator, the statutory or regulatory provisions alleged to have been violated, and a summary of the reasons for which the complaint was or was not substantiated.

c. The department shall mail the notification to the complainant without charge. Upon the request of the complainant, the department shall mail to the complainant, without charge, a copy of the most recent final findings regarding compliance with licensing requirements by the facility against which the complaint was filed.

d. A person who is dissatisfied with any aspect of the department’s handling of the complaint may contact the long-term care resident’s advocate, established pursuant to section 231.42, or may contact the protection and advocacy agency designated pursuant to section 135C.2 if the complaint relates to a resident with a developmental disability or a mental illness.

3. An inspection made pursuant to a complaint filed under section 135C.37 need not be limited to the matter or matters included in the complaint. However, the inspection shall not be a general inspection unless the complaint inspection coincides with a scheduled general inspection or unless in the course of the complaint investigation a violation is evident to the inspector. Upon arrival at the facility to be inspected, the inspector shall show identification to the person in charge of the facility and state that an inspection is to be made, before beginning the inspection. Upon request of either the complainant or the department or committee, the complainant or the complainant’s representative or both may be allowed the privilege of accompanying the inspector during any on-site inspection made pursuant to this section. The inspector may cancel the privilege at any time if the inspector determines that the privacy of any resident of the facility to be inspected would otherwise be vio-

lated. The protection and dignity of the resident shall be given first priority by the inspector and others.

4. If upon an inspection of a facility by its resident advocate committee pursuant to this section, the committee advises the department of any circumstance believed to constitute a violation of this chapter or of any rule adopted pursuant to it, the committee shall similarly advise the facility at the same time. If the facility’s licensee or administrator disagrees with the conclusion of the committee regarding the supposed violation, an informal conference may be requested and if requested shall be arranged by the department as provided in section 135C.42 before a citation is issued. If the department thereafter issues a citation pursuant to the committee’s finding, the facility shall not be entitled to a second informal conference on the same violation and the citation shall be considered affirmed. The facility cited may proceed under section 135C.43 if it so desires.

135C.40 Citations when violations found — penalties — exception.

1. If the director determines, based on the findings of an inspection or investigation of a health care facility, that the facility is in violation of this chapter or rules adopted under this chapter, the director within five working days after making the determination, may issue a written citation to the facility. The citation shall be served upon the facility personally or by certified mail, except that a citation for a Class III violation may be sent by ordinary mail. Each citation shall specifically describe the nature of the violation, identifying the Code section or subsection or the rule or standard violated, and the classification of the violation under section 135C.36. Where appropriate, the citation shall also state the period of time allowed for correction of the violation, which shall in each case be the shortest period of time the department deems feasible. Failure to correct a violation within the time specified, unless the licensee shows

that the failure was due to circumstances beyond the licensee's control, shall subject the facility to a further penalty of fifty dollars for each day that the violation continues after the time specified for correction.

2. When a citation is served upon or mailed to a health care facility under subsection 1 and the licensee of the facility is not actually involved in the daily operation of the facility, a copy of the citation shall be mailed to the licensee. If the licensee is a corporation, a copy of the citation shall be sent to the corporation's office of record. If the citation was issued pursuant to an inspection resulting from a complaint filed under section 135C.37, a copy of the citation shall be sent to the complainant at the earliest time permitted by section 135C.19, subsection 1.

3. No health care facility shall be cited for any violation caused by any practitioner licensed pursuant to chapter 148, 150 or 150A if that practitioner is not the licensee of and is not otherwise financially interested in the facility, and the licensee or the facility presents evidence that reasonable care and diligence have been exercised in notifying the practitioner of the practitioner's duty to the patients in the facility.

135C.41 Licensee's response to citation.

Within twenty business days after service of a citation under section 135C.40, a facility shall either:

1. If it does not desire to contest the citation:
 - a. Remit to the department the amount specified by the department pursuant to section 135C.36 as a penalty for each Class I violation cited, and for each Class II violation unless the citation specifically waives the penalty, which funds shall be paid by the department into the state treasury and credited to the general fund; or
 - b. In the case of a Class II violation for which the penalty has been waived in accordance with the standards prescribed in section 135C.36, subsection 2, or a Class III violation, send to the department a written response acknowledging that the citation has been received and stating that the violation will be corrected within the specific period of time allowed by the citation; or

2. Notify the director that the facility desires to contest the citation and, in the case of citations for Class II or Class III violations, request an informal conference with a representative of the department.

[C77, 79, 81, §135C.41]

135C.42 Informal conference on contested citation.

The director shall assign a representative of the department, other than the inspector upon whose inspection the contested citation is based, to hold

an informal conference with the facility within ten working days after receipt of a request made under section 135C.41, subsection 2. At the conclusion of the conference the representative may affirm or may modify or dismiss the citation. In the latter case, the representative shall state in writing the specific reasons for the modification or dismissal and immediately transmit copies of the statement to the director, and to the facility. If the facility does not desire to further contest an affirmed or modified citation, it shall within five working days after the informal conference, or after receipt of the written explanation of the representative, as the case may be, comply with section 135C.41, subsection 1.

[C77, 79, 81, §135C.42]

135C.43 Formal contest — judicial review.

1. A facility which desires to contest a citation for a Class I violation, or to further contest an affirmed or modified citation for a Class II or Class III violation, may do so in the manner provided by chapter 17A for contested cases. Notice of intent to formally contest a citation shall be given the department in writing within five days after service of a citation for a Class I violation, or within five days after the informal conference or after receipt of the written explanation of the representative delegated to hold the informal conference, whichever is applicable, in the case of an affirmed or modified citation for a Class II or Class III violation. A facility which has exhausted all adequate administrative remedies and is aggrieved by the final action of the department may petition for judicial review in the manner provided by chapter 17A.

2. Hearings on petitions for judicial review brought under this section shall be set for trial at the earliest possible date and shall take precedence on the court calendar over all other cases except matters to which equal or superior precedence is specifically granted by law. The times for pleadings and for hearings in such actions shall be set by the judge of the court with the object of securing a decision in the matter at the earliest possible time.

[C77, 79, 81, §135C.43]

135C.44 Treble fines for repeated violations.

The penalties authorized by section 135C.36 shall be trebled for a second or subsequent Class I or Class II violation occurring within any twelve-month period if a citation was issued for the same Class I or Class II violation occurring within that period and a penalty was assessed therefor.

[C77, 79, 81, §135C.44]

135C.45 Refund of penalty.

If at any time a contest or appeal of any citation issued a health care facility under this chapter re-

sults in an order or determination that a penalty previously paid to or collected by the department must be refunded to the facility, the refund shall be made from any money in the state general fund not otherwise appropriated.

[C77, 79, 81, §135C.45]

135C.45A Notification penalty.

A person who notifies, or causes to be notified, a health care facility, of the time and date on which a survey or on-site inspection of the facility is scheduled, is subject to an administrative penalty of not less than one thousand dollars and not more than two thousand dollars.

90 Acts, ch 1039, §11

135C.46 Retaliation by facility prohibited.

1. A facility shall not discriminate or retaliate in any way against a resident or an employee of the facility who has initiated or participated in any proceeding authorized by this chapter. A facility which violates this section is subject to a penalty of not less than two hundred fifty nor more than five thousand dollars, to be assessed and collected by the director in substantially the manner prescribed by sections 135C.40 to 135C.43 and paid

into the state treasury to be credited to the general fund, or to immediate revocation of the facility's license.

2. Any attempt to expel from a health care facility a resident by whom or upon whose behalf a complaint has been submitted to the department under section 135C.37, within ninety days after the filing of the complaint or the conclusion of any proceeding resulting from the complaint, shall raise a rebuttable presumption that the action was taken by the licensee in retaliation for the filing of the complaint.

87 Acts, ch 200, §2

135G.3 Licensure requirement for birth centers.

1. A person or governmental unit shall not establish, conduct, or maintain a birth center in this state without first obtaining a license under section 135G.4.

2. A person shall not use or advertise to the public, in any way or by any medium whatsoever, any facility as a birth center unless such facility has first secured a license under section 135G.4.

87 Acts, ch 200, §3

135G.4 Licensure — issuance, renewal, denial, suspension, revocation — fees.

1. a. The department shall not issue a birth center license to any applicant until:

(1) The department has ascertained that the staff and equipment of the birth center are adequate to provide the care and services required of a birth center.

(2) The birth center has been inspected by the state fire marshal or a deputy appointed by the fire marshal for that purpose, who may be a member of a municipal fire department, and the department has received either a certificate of compliance or a provisional certificate of compliance by the birth center with the fire hazard and fire safety rules and standards of the department as promulgated by the fire marshal. The state fire marshal shall adopt rules relating to fire hazard and fire safety standards pursuant to chapter 17A which shall not exceed the provision of smoke

alarms, fire extinguishers, sprinkler systems, and fire escape routes and necessary rules which parallel state or local building code rules.

The rules and standards promulgated by the fire marshal shall be substantially in keeping with the latest generally recognized safety criteria for the birth centers covered, of which the applicable criteria recommended and published from time to time by the national fire protection association shall be prima facie evidence.

The state fire marshal or the fire marshal's deputy may issue successive provisional certificates of compliance for periods of one year each to a birth center which is in substantial compliance with the applicable fire-hazard and fire-safety rules and standards, upon satisfactory evidence of an intent, in good faith, by the owner or operator of the birth center to correct the deficiencies noted upon inspection within a reasonable period of time as determined by the state fire marshal or the fire marshal's deputy. Renewal of a provisional certificate shall be based on a showing of substantial progress in eliminating deficiencies noted upon the last previous inspection of the birth center without the appearance of additional deficiencies other than those arising from changes in the fire hazard and fire safety rules, regulations and standards which have occurred since the last previous inspection, except that substantial progress toward achievement of a good faith intent by the owner or operator to replace the entire facility within a reasonable period of time, as determined by the state fire marshal or the fire marshal's deputy, may be accepted as a showing of substantial progress in eliminating deficiencies, for the purposes of this section.

b. A provisional license may be issued to any birth center that is in substantial compliance with this chapter and with the rules adopted by the department. A provisional license may be granted for a period of no more than one year from the effective date of rules adopted by the department, shall expire automatically at the end of its term, and shall not be renewed.

c. A license, unless sooner suspended or revoked, automatically expires one year from its date of issuance and is renewable upon application for renewal and payment of the fee prescribed, provided the applicant and the birth center meet the requirements established under this chapter and by rules adopted by the department. A complete application for renewal of a license shall be made ninety days prior to expiration of the license on forms provided by the department.

2. An application for a license, or renewal thereof, shall be made to the department upon forms provided by the department and shall contain information the department may require.

3. Each application for a birth center license or renewal of a license shall be accompanied by a license fee. The fee amount shall be equivalent to the fee amount established for a hospital in accor-

dance with section 135B.4. The fees shall be deposited in the general fund of the state.

4. Each license is valid only for the person or governmental unit to whom or which the license is issued and is not subject to sale, assignment, or other transfer, voluntary, or involuntary; and is not valid for any premises other than those for which the license was originally issued.

5. Each license shall be posted in a conspicuous place on the licensed premises.

6. The department may deny, suspend, or revoke a license when the department finds that there has been a substantial failure to comply with the requirements established under this chapter or by administrative rule.

87 Acts, ch 200, §4; 91 Acts, ch 267, §140

135G.5 Administration of birth center.

1. Each licensed birth center shall have a governing body which is responsible for the overall operation and maintenance of the birth center.

a. The governing body shall develop a table of organization which shows the structure of the birth center and identifies the governing body, the birth center director, the clinical director, the clinical staff, the medical consultant, and other administrative positions.

b. The governing body shall develop and make available to staff, clinicians, consultants, and licensing authorities, a manual which documents policies, procedures, and protocols, including the roles and responsibilities of all personnel.

2. There shall be an adequate number of licensed personnel as determined by departmental rule to provide clinical services needed by mothers and newborns and a sufficient number of qualified personnel as determined by departmental rule to provide services for families and to maintain the birth center.

3. All clinical staff members and consultants shall hold current and valid licenses from this state to practice their respective disciplines. 2. The proposed psychiatric institution is accredited by the joint commission on the accreditation of health care organizations, the commission on accreditation of rehabilitation facilities, the council on accreditation of services for families and children, or by any other federally recognized accrediting organization with comparable standards.

4. The applicant has been awarded a certificate of need pursuant to chapter 135, unless exempt as provided in this section.

5. The department of human services has submitted written approval of the application based on the department of human services' determination of need. The department of human services shall identify the location and number of children in the state who require the services of a psychiatric medical institution for children. Approval of an application shall be based upon the location of the proposed psychiatric institution relative to the need for services identified by the department of

human services and an analysis of the applicant's ability to provide services and support consistent with requirements under chapter 232, particularly regarding community-based treatment. If the proposed psychiatric institution is not freestanding from a facility licensed under chapter 135B or 135C, approval under this subsection shall not be given unless the department of human services certifies that the proposed psychiatric institution is capable of providing a resident with a living environment similar to the living environment provided by a licensee which is freestanding from a facility licensed under chapter 135B or 135C.

6. The department of human services shall not give approval to an application which would cause the total number of beds licensed under this chapter for services reimbursed by the medical assistance program under chapter 249A to exceed four hundred thirty beds.

7. In addition to the beds authorized under subsection 6, the department of human services may establish not more than thirty beds licensed under this chapter at the state mental health institute at Independence. The beds shall be exempt from the certificate of need requirement under subsection 4.

Conversion of beds under this subsection shall not require a revision of the certificate of need issued for the psychiatric institution making the conversion.

9. The proposed psychiatric institution is under the direction of an agency which has operated a facility licensed under section 237.3, subsection 2, paragraph "a", as a comprehensive residential facility for children for three years or of an agency which has operated a facility for three years providing psychiatric services exclusively to children or adolescents and the facility meets or exceeds requirements for licensure under section 237.3, subsection 2, paragraph "a", as a comprehensive residential facility for children.

10. A psychiatric institution licensed prior to July 1, 1999, may exceed the number of beds authorized under subsection 6 if the excess beds are used to provide services funded from a source other than the medical assistance program under chapter 249A. Notwithstanding subsections 4, 5, and 6, the provision of services using those excess beds does not require a certificate of need or a review by the department of human services.

1. A person shall not be allowed to provide services in a psychiatric institution if the person has a disease which is transmissible to other persons through required contact in the workplace, which presents a significant risk of infecting other persons, which presents a substantial possibility of harming other persons, or for which no reasonable accommodation can eliminate the risk of infecting other persons.

2. *a.* If a person is being considered for licensure under this chapter, or for employment involving direct responsibility for a child or with access to a child when the child is alone, by a licensed psychiatric institution, or if a person will reside in a facility utilized by a licensee, and if the person has been convicted of a crime or has a record of founded child abuse, the department of human services and the licensee, for an employee of the licensee, shall perform an evaluation to determine whether the crime or founded child abuse warrants prohibition of licensure, employment, or residence in the facility. The department of human services shall conduct criminal and child abuse record checks in this state and may conduct these checks in other states. The evaluation shall be performed in accordance with procedures adopted for this purpose by the department of human services.

b. If the department of human services determines that a person has committed a crime or has a record of founded child abuse and is licensed, employed by a psychiatric institution licensed under this chapter, or resides in a licensed facility the department shall notify the program that an evaluation will be conducted to determine whether prohibition of the person's licensure, employment, or residence is warranted.

c. In an evaluation, the department of human services and the licensee for an employee of the licensee shall consider the nature and seriousness of the crime or founded child abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child abuse, the circumstances under which the crime or founded child abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child abuse again, and the number of crimes or founded child abuses committed by the person involved. The department may permit a person who is evaluated to be licensed, employed, or to reside, or to continue to be licensed, employed, or to reside in a licensed facility, if the person complies with the department's conditions relating to the person's licensure, employment, or residence, which may include completion of additional training. For an employee of a licensee, these conditional requirements shall be developed with the licensee. The department of human services has final authority in determining whether prohibition of the person's licensure, employment, or residence is warranted

and in developing any conditional requirements under this paragraph.

3. If the department of human services determines that the person has committed a crime or has a record of founded child abuse which warrants prohibition of licensure, employment, or residence, the person shall not be licensed under this chapter to operate a psychiatric institution and shall not be employed by a psychiatric institution or reside in a facility licensed under this chapter.

4. In addition to the record checks required under subsection 2, the department of human services may conduct dependent adult abuse record checks in this state and may conduct these checks in other states, on a random basis. The provisions of subsections 2 and 3, relative to an evaluation following a determination that a person has been convicted of a crime or has a record of founded child abuse, shall also apply to a random dependent adult abuse record check conducted under this subsection.

5. Beginning July 1, 1994, a licensee shall inform all new applicants for employment of the possibility of the performance of a record check and shall obtain, from the applicant, a signed acknowledgment of the receipt of the information.

6. On or after July 1, 1994, a licensee shall include the following inquiry in an application for employment: "Do you have a record of founded child or dependent adult abuse or have you ever been convicted of a crime, in this state or any other state?"

2. The licensee has permitted, aided, or abetted in the commission of an illegal act in the psychiatric institution.

3. An applicant or licensee acted to obtain or to retain a license by fraudulent means, misrepresentation, or submitting false information.

4. The licensee has willfully failed or neglected to maintain a continuing in-service education and training program for persons employed by the psychiatric institution.

5. The application involves a person who has failed to operate a psychiatric institution in compliance with the provisions of this chapter.

89 Acts, ch 283, §9

135H.8A Provisional license.

The department may issue a provisional license, effective for not more than one year, to a licensee whose psychiatric institution does not meet the requirements of this chapter, if, prior to issuance of the license, written plans to achieve compliance with the applicable requirements are submitted to and approved by the department. The plans shall specify the deadline for achieving compliance.

The department of inspections and appeals, in consultation with the department of human services and affected professional groups, shall adopt and enforce rules setting out the standards for a psychiatric medical institution for children and the rights of the residents admitted to a psychiatric institution. The department of inspections and appeals and the department of human services shall coordinate the adoption of rules and the enforcement of the rules in order to prevent duplication of effort by the departments and of requirements of the licensee.

2. This chapter shall not be construed as prohibiting the use of funds appropriated for foster care to provide payment to a psychiatric medical institution for children for the financial participation required of a child whose foster care placement is in a psychiatric medical institution for children. In accordance with established policies and procedures for foster care, the department of human services shall act to recover any such payment for financial participation, apply to be named payee for the child's unearned income, and recommend parental liability for the costs of a court-ordered foster care placement in a psychiatric medical institution.

The department of inspections and appeals may refer to the department of human services any complaint received by the department if the complaint applies to rules adopted by the department of human services. The complainant shall also be notified of the name, address, and telephone number of the designated protection and advocacy agency if the alleged violation involves a facility with one or more residents with developmental disabilities or mental illness. In any case, the complainant shall be promptly informed of the result of any action taken by the department in the matter.

2. An inspection made pursuant to a complaint filed under section 135H.11 need not be limited to the matter or matters referred to in the complaint; however, the inspection shall not be a general inspection unless the complaint inspection coincides with a scheduled general inspection. Upon arrival at the psychiatric institution to be inspected, the inspector shall show identification to the person in charge of the psychiatric institution and state that an inspection is to be made, before beginning the inspection. Upon request of either the complainant or the department, the complainant or the complainant's representative or both may be allowed the privilege of accompanying the inspector during any on-site inspection made pursuant to this section. The inspector may cancel the privilege at any time if the inspector determines that the privacy of a resident of the psychiatric institution to be inspected would be violated. The dignity of the resident shall be given first priority by the inspector and others.

The court shall immediately provide documentation to the pregnant minor and to the pregnant minor's legal counsel if the pregnant minor is represented by legal counsel, demonstrating that the petition is deemed granted and that waiver of the notification requirements is deemed authorized. Resolution of a petition for authorization of waiver of the notification requirement shall be completed within ten calendar days as calculated from the day after the filing of the

2. In addition to criminal penalties, the department may impose a civil penalty not to exceed one thousand dollars on a person who violates a provision of this chapter or a rule or order issued under this chapter, or a term, condition, or limitation of a license or registration certificate issued under this chapter, or who commits a violation for which a license or registration certificate may be revoked under rules issued pursuant to this chapter. Each day of continuing violation constitutes a separate offense in computing the civil penalty.

3. The department shall notify a person of the intent to impose a civil penalty against the person. The notice shall be by registered or certified mail to the person's last known address and shall state the date, facts, the nature of the act or omission leading to the charge, the specific statute, rule, or license or registration provision involved, and the amount of the penalty the department proposes to impose. 136C.5 Enforcement.

1. Upon determination by the department that this chapter or any rule adopted pursuant to this chapter has been or is being violated, the department may order that the radiation machine or radioactive material not be used until the necessary corrective action has been taken. If the use of the radiation machine or radioactive material continues in violation of the order of the department, the department may request the county attorney or the attorney general to make an application in the name of the state to the district court of the county in which the violations may have occurred for an order to enjoin the violations or practices.

2. The department may impound or order the impounding of radioactive material in the possession of a person who is not equipped to observe or

fails to observe a provision of this chapter or of a rule adopted under this chapter.

3. The department may enter at reasonable times any private or public property to determine whether there is a violation of a provision of this chapter or of a rule issued under this chapter. However, the department must have the consent of the federal government before entering an area under the jurisdiction of the federal government.

4. The department may inspect records required to be kept under section 136C.3, subsection 9. Upon request of the department a person shall submit the records to the department for inspection.

The department shall inspect all radiation machines and radioactive materials located in this state, for the purpose of detecting, abating, or eliminating excessive radiation exposure hazards. The inspection shall include but shall not be limited to an evaluation of the radiation machine or radioactive material as well as the immediate environment to ensure that in using the machines or materials all unnecessary hazards for patients, personnel, and other persons who may be exposed to radiation produced by the machine or materials are avoided. The inspection shall also include an evaluation of electrical hazards as well as the adequacy of mechanical supporting and restraining devices. All defects and deficiencies noted by the inspector shall be fully disclosed and discussed with the responsible persons at the time of inspection. The department shall establish rules prescribing operating procedures for radiation machines and radioactive materials which ensure minimum radiation exposure to patients, personnel, and other persons in the immediate environment.

84 Acts, ch 1286, §3

136C.9 Registration and license requirements.

1. The department shall establish by rule a system for the registration of the possession of radiation machines and for the licensing of radioactive materials in the state. The rules may provide for the issuance of the following licenses:

ment but do permit designated persons to transfer, acquire, own, possess or use quantities of or equipment using radioactive materials.

b. Specific licenses issued upon application to a person named in the license to use, manufacture, produce, transfer, receive, acquire, or possess quantities of or equipment using radioactive material.

2. The department may exempt certain sources of radiation or kinds of uses or users from the licensing or registration requirements when the department finds that the exemption of the source of radiation, use, or users will not pose a significant risk to the health and safety of the public. The rules may provide for recognition of other state or federal licenses as the department may allow, subject to registration requirements as the department may prescribe.

3. A person shall not use, manufacture, produce, distribute, sell, transport, transfer, install, repair, receive, acquire, own, or possess any radioactive material without a license from the department as provided in this chapter.

2. A person who, on the effective date of an agreement made under subsection 1, possesses a license issued by the United States nuclear regu-

latory commission for radioactive material that comes under the agreement is considered to possess the license required under this chapter. The license shall expire either ninety days after receipt from the department of a notice of expiration of the license, or on the date of expiration specified in the license issued by the nuclear regulatory commission, whichever is earlier.

An emergency order shall be effective immediately. A person to whom the order is directed shall comply with the order immediately, but on application to the department shall be afforded a hearing within ten days of the date application is made. 1. A person shall not use a radiation machine to perform mammography unless the radiation machine is registered with the department pursuant to the department's rules and is specifically authorized for use for mammography as provided in this section.

2. The department shall authorize a radiation machine for use for mammography if the radiation machine meets all of the following:

a. The radiation machine meets the criteria for the American college of radiology mammography accreditation program. The department shall make copies of those criteria available to the public and may by rule adopt modified criteria. The department may accept an evaluation report issued by the American college of radiology as evidence that a radiation machine meets those criteria. If at any time the department determines that it will not accept any evaluation reports issued by the American college of radiology as evidence that a radiation machine meets those criteria, the department shall promptly notify each person who has registered a radiation machine under this paragraph.

b. The radiation machine, the film or other image receptor used in the radiation machine, and the facility where the radiation machine is used meet the requirements set forth in department rules for radiation machines.

c. The radiation machine is specifically designed to perform mammography.

d. The radiation machine is used in a facility that does all of the following:

(1) At least annually has a qualified radiation physicist provide on-site consultation to the facility, including, but not limited to, a complete evaluation of the entire mammography system to ensure compliance with this section and the rules adopted pursuant to this section.

(2) Maintains for at least seven years, records of the consultation required in subparagraph (1) and the findings of the consultation.

e. The radiation machine is used according to the department rules on patient radiation exposure and radiation dose levels.

f. The radiation machine is operated only by an individual who can demonstrate to the department that the individual is specifically trained in mammography and meets the standards established in this section, or an individual who is a physician or an osteopathic physician.

3. The department may issue a nonrenewable temporary authorization for a radiation machine for use for mammography if additional time is

needed to allow submission of evidence satisfactory to the department that the radiation machine meets the standards set forth in subsection 2 for approval for mammography. A temporary authorization granted under this subsection shall be effective for no more than twelve months. The department may withdraw a temporary authorization prior to its expiration if the radiation machine does not meet one or more of the standards set forth in subsection 2.

4. To obtain authorization from the department to use a radiation machine for mammography, the person who owns or leases the radiation machine or an authorized agent of the person shall apply to the department for mammography authorization on an application form provided by the department and shall provide all of the information required by the department as specified on the application form. A person who owns or leases more than one radiation machine used for mammography shall obtain authorization for each radiation machine. The department shall process and respond to an application within thirty days after the date of receipt of the application. Upon determining to grant mammography authorization for a radiation machine, the department shall issue a certificate of registration specifying mammography authorization for each authorized radiation machine. A mammography authorization is effective for three years.

5. No later than sixty days after initial mammography authorization of a radiation machine under this section, the department shall inspect the radiation machine. After that initial inspection, the department shall annually inspect the radiation machine and may inspect the radiation machine more frequently. The department shall make reasonable efforts to coordinate the inspections under this section with the department's other inspections of the facility in which the radiation machine is located.

6. After each satisfactory inspection by the department, the department shall issue a certificate of radiation machine inspection or a similar document identifying the facility and radiation ma-

chine inspected and providing a record of the date the radiation machine was inspected. The facility shall post the certificate or other document near the inspected radiation machine.

7. The department may withdraw the mammography authorization for a radiation machine if it does not meet one or more of the standards set forth in subsection 2.

8. The department shall provide an opportunity for a hearing in connection with a denial or withdrawal of mammography authorization.

9. Upon a finding that a deficiency in a radiation machine used for mammography or a violation of this section or the rules adopted pursuant to this section seriously affects the health, safety, and welfare of individuals upon whom the radiation machine is used for mammography, the department may issue an emergency order summarily withdrawing the mammography authorization of the radiation machine. The department shall incorporate its findings in the order and shall provide an opportunity for a hearing within five working days after issuance of the order. The order shall be effective during the proceedings.

10. If the department withdraws the mammography authorization of a radiation machine, the radiation machine shall not be used for mammography. An application for reinstatement of a mammography authorization shall be filed and processed in the same manner as an application for mammography authorization under subsection 4, except that the department shall not issue a reinstated certificate of mammography registration until the department inspects the radiation machine and determines that it meets the standards set forth in subsection 2. The department shall conduct an inspection required under this subsection no later than sixty days after receiving a proper application for reinstatement of a mammography authorization.

11. The department shall establish fees pursuant to section 136C.10 for the application for authorization and the inspection related to a radiation machine used for mammography.

Such sites shall not be subject to periodic flooding, nor located within two hundred feet of swamps, pools, sinkholes, or other quiescent surface collections of water unless the water surfaces can be subjected to mosquito and pest control measures. Sites shall be located so that drainage from and through the camp will not endanger any domestic or public water supply. Sites shall be graded, ditched, and rendered free from depressions in which water may collect and become a nuisance.
 - b. Sites shall be adequate in size to prevent overcrowding of necessary structures and to minimize the hazards of fire. Housing shall not be subject to, or in proximity to, conditions that create or are likely to create offensive odors, flies, noise, traffic, or attract rats or other rodents, or any other similar conditions.

Any wall or ceiling not having a fire-resistant surface, within twenty-four inches of a stove or stovepipe, shall be protected by a metal sheet or other fire-resistant material. Heating appliances, other than electrical, shall be provided with a stovepipe or vent connected to the appliance and discharging to the outside air or chimney. The vent or chimney shall extend above the peak of the roof. Stovepipes shall be insulated with fire-resistant material where they pass through walls, ceilings, or floors.

1. *a.* A hospital licensed under chapter 135B shall have written policies and procedures for notification of an emergency care provider who renders assistance or treatment to an individual when, in the course of admission, care, or treatment of the individual, the individual is diagnosed or is confirmed as having a contagious or infectious disease.

b. If an individual is diagnosed or confirmed as having a contagious or infectious disease, the hospital shall notify the designated officer of an emergency care provider service who shall notify persons involved in attending or transporting the individual. For blood-borne contagious or infectious diseases, notification shall only take place upon filing of an exposure report form with the hospital. The exposure report form may be incorporated into the Iowa prehospital care report, the Iowa prehospital advanced care report, or a similar report used by an ambulance, rescue, or first response service or law enforcement agency.

c. A person who renders direct emergency aid without compensation and is exposed to an individual who has a contagious or infectious disease shall also receive notification from the hospital

upon the filing with the hospital of an exposure report form developed by the department.

d. The notification shall advise the emergency care provider of possible exposure to a particular contagious or infectious disease and recommend that the provider seek medical attention. The notification shall be provided as soon as is reasonably possible following determination that the individual has a contagious or infectious disease.

e. This subsection does not require a hospital to administer a test for the express purpose of determining the presence of a contagious or infectious disease. The notification shall not include the name of the individual with the contagious or infectious disease unless the individual consents.

f. The department shall adopt rules pursuant to chapter 17A to administer this subsection.

2. A health care provider shall provide the notification required of hospitals in this section to emergency care providers if an individual who has a contagious or infectious disease is delivered by an emergency care provider to the office or clinic of a health care provider for treatment. The notification shall not include the name of the individual who has the contagious or infectious disease unless the individual consents.

3. This section does not preclude a hospital from providing notification to an emergency care provider or health care provider under circumstances in which the hospital's policy provides for notification of the hospital's own employees of exposure to a contagious or infectious disease that is not life-threatening if the notice does not reveal a patient's name unless the patient consents.

4. A hospital, health care provider, or other person acting reasonably and in good faith in complying with provisions authorized or required under this section, is immune from any liability, civil or criminal, which may otherwise be incurred or imposed.

5. A hospital's or health care provider's duty of notification under this section is not continuing but is limited to a diagnosis of a contagious or infectious disease made in the course of admission, care, and treatment following the rendering of emergency assistance or treatment to which notification under this section applies.

1. A hospital shall adopt procedures requiring the establishment of protocols applicable on a case-by-case basis to a health care provider determined to be infected with HIV or HBV who ordinarily performs exposure-prone procedures as determined by an expert review panel, within the hospital setting. The protocols established shall be in accordance with the recommendations issued by the centers for disease control and prevention of the United States department of health and human services. The expert review panel may be an established committee of the hospital. The procedures may provide for referral of the health care provider to the expert review panel established by the department pursuant to subsection 3 for establishment of the protocols. The procedures shall require reporting noncompliance with the protocols by a health care provider to the examining board with jurisdiction over the relevant health care providers.

2. A health care facility shall adopt procedures in accordance with recommendations issued by the centers for disease control and prevention of the United States department of health and human services, applicable to a health care provider determined to be infected with HIV or HBV who ordinarily performs or assists with exposure-prone procedures within the health care facility. The procedures shall require referral of the health care provider to the expert review panel established by the department pursuant to subsection 3.

3. The department shall establish an expert review panel to determine on a case-by-case basis under what circumstances, if any, a health care provider determined to be infected with HIV or HBV practicing outside the hospital or referred to the panel by a hospital or health care facility setting may perform exposure-prone procedures. If a health care provider determined to be infected with HIV or HBV does not comply with the determination of the expert review panel, the panel shall report the noncompliance to the examining board with jurisdiction over the health care provider. A determination of an expert review panel pursuant to this section is a final agency action appealable pursuant to section 17A.19.

4. The health care provider determined to be infected with HIV or HBV, who works in a hospital setting, may elect either the expert review panel established by the hospital or the expert review panel established by the department for the purpose of making a determination of the circumstances under which the health care provider may perform exposure-prone procedures.

5. A health care provider determined to be infected with HIV or HBV shall not perform an exposure-prone procedure except as approved by the expert review panel established by the depart-

ment pursuant to subsection 3, or in compliance with the protocol established by the hospital pursuant to subsection 1 or the procedures established by the health care facility pursuant to subsection 2.

6. The board of medical examiners, the board of physician assistant examiners, the board of podiatry examiners, the board of nursing, the board of dental examiners, and the board of optometry examiners shall require that licensees comply with the recommendations issued by the centers for disease control and prevention of the United States department of health and human services for preventing transmission of human immunodeficiency virus and hepatitis B virus to patients during exposure-prone invasive procedures, with the recommendations of the expert review panel established pursuant to subsection 3, with hospital protocols established pursuant to subsection 1, and with health care facility procedures established pursuant to subsection 2, as applicable.

7. Information relating to the HIV status of a health care provider is confidential and subject to the provisions of section 141A.9. A person who intentionally or recklessly makes an unauthorized disclosure of such information is subject to a civil penalty of one thousand dollars. The attorney general or the attorney general's designee may maintain a civil action to enforce this section. Proceedings maintained under this section shall provide for the anonymity of the health care provider and all documentation shall be maintained in a confidential manner. Information relating to the HBV status of a health care provider is confidential and shall not be accessible to the public. Information regulated by this section, however, may be disclosed to members of the expert review panel established by the department or a panel established by hospital protocol under this section. The information may also be disclosed to the appropriate examining board by filing a report as required by this section. The examining board shall consider the report a complaint subject to the confidentiality provisions of section 272C.6. A licensee, upon the filing of a formal charge or notice of hearing by the examining board based on such a complaint, may seek a protective order from the board.

8. The expert review panel established by the department and individual members of the panel shall be immune from any liability, civil or criminal, for reasonable actions taken in the good faith performance of functions authorized or required by this section. A hospital, an expert review panel established by the hospital, and individual members of the panel shall be immune from any liability, civil or criminal, for reasonable actions taken in the good faith performance of functions authorized or required by this section. Complaints, investigations, reports, deliberations, and findings of the hospital and its panel with respect to a named health care provider suspected, alleged, or

The department disease prevention staff shall then conduct partner notification in the same manner as that utilized for sexually transmitted diseases consistent with the provisions of this chapter.

c. Devise a procedure, as a part of the partner notification program, to provide for the notification of an identifiable third party who is a sexual partner of or who shares drug injecting equipment with a person who has tested positive for HIV, by the department or a physician, when all of the following situations exist:

(1) A physician for the infected person is of the good faith opinion that the nature of the continuing contact poses an imminent danger of HIV infection transmission to the third party.

(2) When the physician believes in good faith that the infected person, despite strong encouragement, has not and will not warn the third party and will not participate in the voluntary partner notification program.

Notwithstanding subsection 4, the department or a physician may reveal the identity of a person who has tested positive for the HIV infection pursuant to this subsection only to the extent necessary to protect a third party from the direct threat of transmission. This subsection shall not be interpreted to create a duty to warn third parties of the danger of exposure to HIV through contact with a person who tests positive for the HIV infection.

The department shall adopt rules pursuant to chapter 17A to implement this paragraph "c". The rules shall provide a detailed procedure by which the department or a physician may directly notify an endangered third party.

4. In making contact the department shall not disclose the identity of the person who provided the names of the persons to be contacted and shall protect the confidentiality of persons contacted.

5. The department may delegate its partner notification duties under this section to local health authorities unless the local authority refuses or neglects to conduct the contact tracing program in a manner deemed to be effective by the department.

6. In addition to the provisions for partner notification provided under this section and notwithstanding any provision to the contrary, a county medical examiner or deputy medical examiner performing official duties pursuant to sections 331.801 through 331.805 or the state medical examiner or deputy medical examiner performing official duties pursuant to chapter 691, who determines through an investigation that a deceased person was infected with HIV, may notify directly, or request that the department notify, the immediate family of the deceased or any person known to have had a significant exposure from the deceased of the finding.

2. Within seven days of diagnosing a person as having an AIDS-related condition, the diagnosing physician shall make a report to the department on a form provided by the department.

3. Within seven days of the death of a person resulting from an AIDS-related condition, the attending physician shall make a report to the department on a form provided by the department.

4. Within seven days of the receipt of a test result indicating HIV infection which has been confirmed as positive according to prevailing medical technology, the director of a blood bank shall make a report to the department on a form provided by the department.

5. Within seven days of the receipt of a test result indicating HIV infection which has been confirmed as positive according to prevailing medical technology, the director of a clinical laboratory shall make a report to the department on a form provided by the department.

6. The forms provided by the department shall require inclusion of all of the following information:

- a. The name of the patient.
- b. The address of the patient.
- c. The patient's date of birth.
- d. The gender of the patient.
- e. The race and ethnicity of the patient.

7. An individual who repeatedly fails to file the report required under this section is subject to a report being made to the licensing board governing the professional activities of the individual. The department shall notify the individual each time the department determines that the individual has failed to file a required report. The department shall inform the individual in the notification that the individual may provide information to the department to explain or dispute the failure to report.

8. A public, private, or hospital clinical laboratory that repeatedly fails to make the report required under this section is subject to a civil penalty of not more than one thousand dollars per occurrence. 141A.7 Test results — counseling — application for services.

1. Prior to undergoing an HIV-related test, information shall be available to the subject of the test concerning testing and any means of obtaining additional information regarding HIV infection and risk reduction. At any time that the subject of an HIV-related test is informed of confirmed positive test results, counseling concerning the emotional and physical health effects shall be initiated. Particular attention shall be given to explaining the need for the precautions necessary to avoid transmitting the virus. The subject shall be given information concerning additional counseling.

2. Notwithstanding subsection 1, the provisions of this section do not apply to any of the following:

- a. The performance by a health care provider or health facility of an HIV-related test when the health care provider or health facility procures, processes, distributes, or uses a human body part donated for a purpose specified under the uniform anatomical gift Act, or semen provided prior to

July 1, 1988, for the purpose of artificial insemination, or donations of blood, and such test is necessary to ensure medical acceptability of such gift or semen for the purposes intended.

b. A person engaged in the business of insurance who is subject to section 505.16.

c. The performance by a health care provider or health facility of an HIV-related test when the subject of the test is deceased and a documented significant exposure has occurred.

3. A person may apply for voluntary treatment, contraceptive services, or screening or treatment for HIV infection and other sexually transmitted diseases directly to a licensed physician and surgeon, an osteopathic physician and surgeon, or a family planning clinic. Notwithstanding any other provision of law, however, a minor shall be informed prior to testing that, upon confirmation according to prevailing medical technology of a positive HIV-related test result, the minor's legal guardian is required to be informed by the testing facility. Testing facilities where minors are tested shall have available a program to assist minors and legal guardians with the notification process which emphasizes the need for family support and assists in making available the resources necessary to accomplish that goal. However, a testing facility which is precluded by federal statute, regulation, or centers for disease control and prevention guidelines from informing the legal guardian is exempt from the notification requirement. The minor shall give written consent to these procedures and to receive the services, screening, or treatment. Such consent is not subject to later disaffirmance by reason of minority.

141A.8 Care provider notification.

1. If a care provider in the course of providing care sustains a significant exposure on the premises of a health facility or while engaged in rendering aid or providing transportation to an individual in circumstances which lead to the individual's presence at a health facility, the individual to whom the care provider was exposed is deemed to consent to a test to be administered by the health facility upon the submission of a significant exposure report by the exposed care provider for the express purpose of determining the presence of HIV infection in that individual and notifying the health care provider of the HIV test results of the individual. The sample and test results shall only be identified by a number and no reports otherwise required by this chapter shall be made which identify the individual tested. However, if the test results are positive, the health facility shall notify the individual tested and ensure the performance of counseling and reporting requirements of this chapter in the same manner as for an individual from whom actual consent was obtained.

2. The hospital shall notify the care provider involved in attending or transporting an individual who submitted a significant exposure report. This shall include a person who renders direct emergency aid without compensation, or in the case of an emergency care provider, the designated officer of the emergency care provider service, who in turn shall notify any emergency care providers. The identity of the designated officer shall not be revealed to the individual. The designated officer shall inform the hospital of those parties who received the notification, and following receipt of this information and upon request of the individual, the hospital shall inform the individual of the parties to whom notification was provided.

3. The hospital, upon request of the individual, shall inform the individual of the persons to whom notification was made.

4. The process for notification under this section shall be initiated as soon as is reasonably possible.

5. A health care provider, with consent of the individual, may provide the notification required of hospitals in this section to care providers if an individual who has HIV infection is delivered by a care provider to the office or clinic of the health care provider for treatment. The notification shall take place only upon submission of a significant exposure report form by the care provider to the health care provider and the determination by the health care provider that a significant exposure has occurred.

6. This section does not require or permit, unless otherwise provided, a hospital or health care provider to administer a test for the express purpose of determining the presence of HIV infection, except that testing may be performed if the individual consents, and if the requirements of this section are satisfied.

7. A hospital or health care provider, or other person participating in good faith in making a report under the notification provisions of this section, under procedures similar to this section for notification of its own employees upon filing of a significant exposure report, or in failing to make a report under this section, is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

8. Notifications made pursuant to this section shall not disclose the identity of the individual who is diagnosed or confirmed as having HIV infection unless the individual provides a specific written release. If the care provider determines the identity of the individual, the identity of the individual shall be confidential information and shall not be disclosed by the care provider to any other person unless a specific written release is obtained from the individual.

9. A hospital's duty to notify under this section is not continuing but is limited to the diagnosis of HIV infection made in the course of admission, care, and treatment following the rendering of as-

sistance or treatment of the individual with the infection.

10. Notwithstanding subsection 9, if, following discharge or completion of care or treatment, an individual for whom a significant exposure report was submitted but which report did not result in notification, wishes to provide information regarding the individual's HIV infection status to the care provider who submitted the report, the hospital shall provide a procedure for notifying the care provider.

11. The employer of a care provider who submits a report of significant exposure under this section sustained in the course of employment shall pay the costs of HIV testing for the individual and the costs of HIV testing and counseling for the care provider. However, the department shall pay the costs of HIV testing for the individual and the costs of HIV testing and counseling for a care provider who renders direct aid without compensation.

In assessing compelling need, the court shall weigh the need for disclosure against the privacy interest of the test subject and the public interest which may be deserved by disclosure due to its deterrent effect on future testing or due to its effect in leading to discrimination.

(2) Pleadings pertaining to disclosure of test results shall substitute a pseudonym for the true name of the subject of the test. The disclosure to the parties of the subject's true name shall be communicated confidentially in documents not filed with the court.

(3) Before granting an order, the court shall provide the person whose test results are in question with notice and a reasonable opportunity to participate in the proceedings if the person is not already a party.

ing is necessary to the public interest and the proper administration of justice.

(5) Upon the issuance of an order to disclose test results, the court shall impose appropriate safeguards against unauthorized disclosure, which shall specify the persons who may gain access to the information, the purposes for which the information shall be used, and appropriate prohibitions on future disclosure.

l. To an employer, if the test is authorized to be required under any other provision of law.

m. 142A.1 Tobacco use prevention and control partnership — purpose and intent.

1. The purpose of this chapter is to establish a comprehensive partnership among the general assembly, the executive branch, communities, and

the people of Iowa in addressing the prevalence of tobacco use in the state.

2. It is the intent of the general assembly that the comprehensive tobacco use prevention and control initiative established in this chapter will

specifically address reduction of tobacco use by youth and pregnant women, promotion of compliance by minors and retailers with tobacco sales laws and ordinances, and enhancement of the capacity of youth to make healthy choices. The initiative shall allow extensive involvement of youth in attaining these results.

3. It is also the intent of the general assembly that the comprehensive tobacco use prevention and control initiative will foster a social and legal climate in which tobacco use becomes undesirable and unacceptable, in which role models and those who influence youth promote healthy social norms and demonstrate behavior that counteracts the glamorization of tobacco use, and in which tobacco becomes less accessible to youth. The intent of the general assembly shall be accomplished by engaging all who are affected by the use of tobacco in the state, including smokers and nonsmokers, youth, and adults.

If the prospective donor is a minor fourteen through seventeen years of age, to be valid, a document of gift shall be signed by the minor and the minor's parent or legal guardian. If the donor is unable to sign the document, the document of gift shall be signed by another individual and by two witnesses, all of whom sign at the direction and in the presence of the donor, the other individual, and the two witnesses. The document of gift shall provide certification that the document has been executed in the prescribed manner.

During a terminal illness or injury, the refusal may be by an oral statement or other form of unwritten communication addressed to a health care professional licensed or certified under chapter 148, 148C, 150A, or 152.

b. The department shall enter the information, from any report of termination submitted, within thirty days of receipt of the report, and shall immediately destroy the report following entry of the information. However, entry of the information from a report shall not include any health care provider, hospital, clinic, or other health facility identification information including, but not limited to, the confidential health care provider code, as assigned by the department.

c. To protect confidentiality, the department shall limit release of information to release in an aggregate form which prevents identification of any individual patient, health care provider, hospital, clinic, or other health facility. For the purposes of this paragraph, "*aggregate form*" means a compilation of the information received by the department on termination of pregnancies for each information item listed, with the exceptions of the report tracking number, the health care provider code, and any set of information for which the amount is so small that the confidentiality of any person to whom the information relates may be compromised. The department shall establish a methodology to provide a statistically verifiable basis for any determination of the correct amount at which information may be released so that the confidentiality of any person is not compromised.

3. Except as specified in subsection 2, reports, information, and records submitted and maintained pursuant to this section are strictly confidential and shall not be released or made public upon subpoena, search warrant, discovery proceedings, or by any other means.

4. The department shall assign a code to any health care provider who may be required to report a termination under this section. An application procedure shall not be required for assignment of a code to a health care provider.

5. A health care provider shall assign a report tracking number which enables the health care provider to access the patient's medical information without identifying the patient.

6. To ensure proper performance of the reporting requirements under this section, it is preferred that a health care provider who practices within a hospital, clinic, or other health facility authorize one staff person to fulfill the reporting requirements.

7. For the purposes of this section, "health care provider" means an individual licensed under chapter 148, 148C, 148D, 150, 150A, or 152, or any individual who provides medical services under the authorization of the licensee.

8. For the purposes of this section, "inducing a termination of pregnancy" means the use of any means to terminate the pregnancy of a woman known to be pregnant with the intent other than to produce a live birth or to remove a dead fetus.

9. For the purposes of this section, "spontaneous termination of pregnancy" means the occurrence of an unintended termination of pregnancy at any time during the period from conception to twenty weeks gestation and which is not a spontaneous termination of pregnancy at any time during the period from twenty weeks or greater which is reported to the department as a fetal death under this chapter.

It shall be unlawful for

the state registrar to permit inspection of, or to disclose information contained in vital statistics records, or to copy or permit to be copied all or part of any such record except as authorized by regulation.

However, the following vital statistics records may be inspected and copied as of right under chapter 22 when they are in the custody of a county registrar or when they are in the custody of the state archivist and are at least seventy-five years old:

2. A record of marriage.
3. A record of divorce, dissolution of marriage, or annulment of marriage.
4. A record of death if that death was not a fetal death.

A public record shall not be withheld from the public because it is combined with data processing software. The state registrar shall not implement any electronic data processing system for the storage, manipulation, or retrieval of vital records that would impair a county registrar's ability to permit the examination of a public record and the copying of a public record, as established by rule. If it is necessary to separate a public record from data processing software in order to permit the examination of the public record, the county registrar shall periodically generate a written log available for public inspection which contains the public record.

2. If all of the following conditions are met, the state registrar shall reveal the identity of the biological parent to the adult adopted child or the identity of the adult adopted child to the biological parent, shall notify the parties involved that the requests have been matched, and shall disclose the identifying information to those parties:

c. The state registrar has been provided sufficient information to make the requested match.

3. Notwithstanding the provisions of this section, if the adult adopted person has a sibling who is a minor and who has also been adopted, the state registrar shall not grant the request of either the adult adopted person or the biological parent to reveal the identities of the parties.

4. If all of the following conditions are met, the state registrar shall reveal the identity of the adult adopted child to an adult sibling and shall notify the parties involved that the requests have been matched, and disclose the identifying information to those parties:

a. An adult adopted child has filed a request and provided consent to the revelation of the adult adopted child's identity to an adult sibling.

b. The adult sibling has filed a request and provided consent to the revelation of the identity of the adult sibling to the adult adopted child.

c. The state registrar has been provided with sufficient information to make the requested match.

5. A person who has filed a request or provided consent under this section may withdraw the consent at any time prior to the release of any information by filing a written withdrawal of consent statement with the state registrar. The national division of vital statistics may be furnished copies or data which it requires for national statistics, provided that the state be reimbursed for the cost of furnishing data, and provided further that data shall not be used for other than statistical purposes by the national division of vital statistics unless so authorized by the state registrar.

Federal, state, local, and other public or private agencies may, upon written request, be furnished copies or data for statistical purposes upon terms or conditions prescribed by the department.

- a. Utilizes mechanical or artificial means to sustain, restore, or supplant a spontaneous vital function.

8. “*Terminal condition*” means an incurable or irreversible condition that, without the administration of life-sustaining procedures, will, in the opinion of the attending physician, result in death within a relatively short period of time or a state of permanent unconsciousness from which, to a reasonable degree of medical certainty, there can be no recovery.

85 Acts, ch 3, §3; 92 Acts, ch 1132, §1–3

144A.3 Declaration relating to use of life-sustaining procedures.

1. A competent adult may execute a declaration at any time directing that life-sustaining procedures be withheld or withdrawn. The declaration shall be given operative effect only if the declarant’s condition is determined to be terminal and the declarant is not able to make treatment decisions.

2. The declaration must be signed by the declarant or another person acting on behalf of the declarant at the direction of the declarant, must contain the date of its execution, and must be witnessed or acknowledged by one of the following methods:

a. Is signed by at least two individuals who, in the presence of each other and the declarant, witnessed the signing of the declaration by the declarant or by another person acting on behalf of the declarant at the declarant’s direction. At least one of the witnesses shall be an individual who is not a relative of the declarant by blood, marriage, or adoption within the third degree of consanguinity. The following individuals shall not be witnesses for a declaration:

(1) A health care provider attending the declarant on the date of execution.

(2) An employee of a health care provider attending the declarant on the date of execution.

(3) An individual who is less than eighteen years of age.

b. Is acknowledged before a notarial officer within this state.

3. It is the responsibility of the declarant to provide the declarant’s attending physician or

health care provider with the declaration. An attending physician or health care provider may presume, in the absence of actual notice to the contrary, that the declaration complies with this chapter and is valid.

4. A declaration or similar document executed in another state or jurisdiction in compliance with the law of that state or jurisdiction shall be deemed valid and enforceable in this state, to the extent the declaration or similar document is consistent with the laws of this state. A declaration or similar document executed by a veteran of the armed forces which is in compliance with the federal department of veterans affairs advance directive requirements shall be deemed valid and enforceable.

5. A declaration executed pursuant to this chapter may, but need not, be in the following form:

DECLARATION

If I should have an incurable or irreversible condition that will result either in death within a relatively short period of time or a state of permanent unconsciousness from which, to a reasonable degree of medical certainty, there can be no recovery, it is my desire that my life not be prolonged by the administration of life-sustaining procedures. If I am unable to participate in my health care decisions, I direct my attending physician to withhold or withdraw life-sustaining procedures that merely prolong the dying process and are not necessary to my comfort or freedom from pain.

85 Acts, ch 3, §4; 92 Acts, ch 1132, §4; 98 Acts, ch 1083, §1

144A.4 Revocation of declaration.

1. A declaration may be revoked at any time and in any manner by which the declarant is able to communicate the declarant’s intent to revoke, without regard to mental or physical condition. A revocation is only effective as to the attending physician upon communication to such physician by the declarant or by another to whom the revocation was communicated.

2. The attending physician shall make the revocation a part of the declarant’s medical record.
85 Acts, ch 3, §5

144A.5 Determination of terminal condition.

When an attending physician who has been provided with a declaration determines that the declarant is in a terminal condition, this decision must be confirmed by another physician. The attending physician must record that determination in the declarant’s medical record.

85 Acts, ch 3, §6

144A.6 Treatment of qualified patients.

1. A qualified patient has the right to make decisions regarding use of life-sustaining procedures as long as the qualified patient is able to do so. If a qualified patient is not able to make such decisions, the declaration shall govern decisions regarding use of life-sustaining procedures.

2. The declaration of a qualified patient known to the attending physician to be pregnant shall not be in effect as long as the fetus could develop to the point of live birth with continued application of life-sustaining procedures. However, the provisions of this subsection do not impair any existing rights or responsibilities that any person may have in regard to the withholding or withdrawal of life-sustaining procedures.

85 Acts, ch 3, §7

144A.7 Procedure in absence of declaration.

1. Life-sustaining procedures may be withheld or withdrawn from a patient who is in a terminal condition and who is comatose, incompetent, or otherwise physically or mentally incapable of communication and has not made a declaration in accordance with this chapter if there is consultation and written agreement for the withholding or the withdrawal of life-sustaining procedures between the attending physician and any of the following individuals, who shall be guided by the express or implied intentions of the patient, in the following order of priority if no individual in a prior class is reasonably available, willing, and competent to act:

a. The attorney in fact designated to make treatment decisions for the patient should such person be diagnosed as suffering from a terminal condition, if the designation is in writing and complies with section 633.705.

b. The guardian of the person of the patient if one has been appointed, provided court approval is obtained in accordance with section 633.635, subsection 2, paragraph “c”. This paragraph does not require the appointment of a guardian in order for a treatment decision to be made under this section.

c. The patient’s spouse.

d. An adult child of the patient or, if the patient has more than one adult child, a majority of the adult children who are reasonably available for consultation.

e. A parent of the patient, or parents if both are reasonably available.

f. An adult sibling.

2. When a decision is made pursuant to this section to withhold or withdraw life-sustaining procedures, there shall be a witness present at the time of the consultation when that decision is made.

3. Subsections 1 and 2 shall not be in effect for a patient who is known to the attending physician

to be pregnant with a fetus that could develop to the point of live birth with continued application of life-sustaining procedures. However, the provisions of this subsection do not impair any existing rights or responsibilities that any person may have in regard to the withholding or withdrawal of life-sustaining procedures.

85 Acts, ch 3, §8; 87 Acts, ch 100, §1

144A.8 Transfer of patients.

1. An attending physician who is unwilling to comply with the requirements of section 144A.5 or who is unwilling to comply with the declaration of a qualified patient in accordance with section 144A.6 or who is unwilling to comply with the provisions of section 144A.7 shall take all reasonable steps to effect the transfer of the patient to another physician.

2. If the policies of a health care provider preclude compliance with the declaration of a qualified patient under this chapter or preclude compliance with the provisions of section 144A.7, the provider shall take all reasonable steps to effect the transfer of the patient to a facility in which the provisions of this chapter can be carried out.

85 Acts, ch 3, §9

144A.9 Immunities.

1. In the absence of actual notice of the revocation of a declaration, the following, while acting in accordance with the requirements of this chapter, are not subject to civil or criminal liability or guilty of unprofessional conduct:

a. A physician who causes the withholding or withdrawal of life-sustaining procedures from a qualified patient.

b. The health care provider in which such withholding or withdrawal occurs.

c. A person who participates in the withholding or withdrawal of life-sustaining procedures under the direction of or with the authorization of a physician.

2. A physician is not subject to civil or criminal liability for actions under this chapter which are in accord with reasonable medical standards.

3. Any person, institution or facility against whom criminal or civil liability is asserted because of conduct in compliance with this chapter may interpose this chapter as an absolute defense.

85 Acts, ch 3, §10

144A.10 Penalties.

1. Any person who willfully conceals, withholds, cancels, destroys, alters, defaces, or obliterates the declaration of another without the declarant’s consent or who falsifies or forges a revocation of the declaration of another is guilty of a serious misdemeanor.

2. Any person who falsifies or forges the declaration of another, or willfully conceals or withholds personal knowledge of or delivery of a revo-

cation as provided in section 144A.4, with the intent to cause a withholding or withdrawal of life-sustaining procedures, is guilty of a serious misdemeanor.

85 Acts, ch 3, §11

144A.11 General provisions.

1. Death resulting from the withholding or withdrawal of life-sustaining procedures pursuant to a declaration and in accordance with this chapter does not, for any purpose, constitute a suicide or homicide.

2. The making of a declaration pursuant to section 144A.3 does not affect in any manner the sale, procurement, or issuance of any policy of life insurance, nor shall it be deemed to modify the terms of an existing policy of life insurance. No policy of life insurance is legally impaired or invalidated in any manner by the withholding or withdrawal of life-sustaining procedures pursuant to this chapter, notwithstanding any term of the policy to the contrary.

3. A physician, health care provider, health care service plan, insurer issuing disability insurance, self-insured employee welfare benefit plan, or nonprofit hospital plan shall not require any person to execute a declaration as a condition for being insured for, or receiving, health care services.

4. This chapter creates no presumption concerning the intention of an individual who has not executed a declaration with respect to the use,

withholding, or withdrawal of life-sustaining procedures in the event of a terminal condition.

5. This chapter shall not be interpreted to increase or decrease the right of a patient to make decisions regarding use of life-sustaining procedures as long as the patient is able to do so, nor to impair or supersede any right or responsibility that any person has to effect the withholding or withdrawal of medical care in any lawful manner. In that respect, the provisions of this chapter are cumulative.

6. This chapter shall not be construed to condone, authorize or approve mercy killing or euthanasia, or to permit any affirmative or deliberate act or omission to end life other than to permit the natural process of dying.

85 Acts, ch 3, §12

144A.12 Application to existing declarations.

A declaration executed prior to April 23, 1992, shall remain valid and shall be given effect in accordance with the then-applicable provisions of this chapter. If a declaration executed prior to April 23, 1992, includes a provision which would not have been given effect under this chapter prior to April 23, 1992, but which would be given effect under 1992 Acts, chapter 1132, then the provision shall be given effect in accordance with 1992 Acts, chapter 1132.

92 Acts, ch 1132, §5

6. "Principal" means a person age eighteen or older who has executed a durable power of attorney for health care.

91 Acts, ch 140, §1

144B.2 Durable power of attorney for health care.

A durable power of attorney for health care authorizes the attorney in fact to make health care decisions for the principal if the durable power of attorney for health care substantially complies with the requirements of this chapter. A document executed prior to May 8, 1991, purporting to create a durable power of attorney for health care shall be deemed valid if the document specifically authorizes the attorney in fact to make health care decisions and is signed by the principal.

91 Acts, ch 140, §2

144B.3 Requirements.

1. An attorney in fact shall make health care decisions only if the following requirements are satisfied:

a. The durable power of attorney for health care explicitly authorizes the attorney in fact to make health care decisions.

b. The durable power of attorney for health care contains the date of its execution and is witnessed or acknowledged by one of the following methods:

(1) Is signed by at least two individuals who, in the presence of each other and the principal, witnessed the signing of the instrument by the principal or by another person acting on behalf of the principal at the principal's direction.

(2) Is acknowledged before a notarial officer within this state.

2. The following individuals shall not be witnesses for a durable power of attorney for health care:

b. An employee of a health care provider attending the principal on the date of execution.

c. The individual designated in the durable power of attorney for health care as the attorney in fact.

d. An individual who is less than eighteen years of age.

3. At least one of the witnesses for a durable power of attorney for health care shall be an individual who is not a relative of the principal by

blood, marriage, or adoption within the third degree of consanguinity.

4. A durable power of attorney for health care or similar document executed in another state or jurisdiction in compliance with the law of that state or jurisdiction shall be deemed valid and enforceable in this state, to the extent the document is consistent with the laws of this state. A durable power of attorney or similar document executed by a veteran of the armed forces which is in compliance with the federal department of veterans affairs advance directive requirements shall be deemed valid and enforceable.

91 Acts, ch 140, §3; 98 Acts, ch 1083, §2

144B.4 Individuals ineligible to be attorney in fact.

The following individuals shall not be designated as the attorney in fact to make health care decisions under a durable power of attorney for health care:

1. A health care provider attending the principal on the date of execution.

2. An employee of a health care provider attending the principal on the date of execution unless the individual to be designated is related to the principal by blood, marriage, or adoption within the third degree of consanguinity.

91 Acts, ch 140, §4

144B.5 Durable power of attorney for health care — form.

1. A durable power of attorney for health care executed pursuant to this chapter may, but need not, be in the following form:

I hereby designate as my attorney in fact (my agent) and give to my agent the power to make health care decisions for me. This power exists only when I am unable, in the judgment of my attending physician, to make those health care decisions. The attorney in fact must act consistently with my desires as stated in this document or otherwise made known.

Except as otherwise specified in this document, this document gives my agent the power, where otherwise consistent with the law of this state, to consent to my physician not giving health care or stopping health care which is necessary to keep me alive.

This document gives my agent power to make health care decisions on my behalf, including to consent, to refuse to consent, or to withdraw consent to the provision of any care, treatment, service, or procedure to maintain, diagnose, or treat a physical or mental condition. This power is subject to any statement of my desires and any limitations included in this document.

My agent has the right to examine my medical records and to consent to disclosure of such records.

2. In addition to the foregoing, the principal may provide specific instructions in the document conferring the durable power of attorney for health care, consistent with the provisions of this chapter.

3. The principal may include a statement indicating that the designated attorney in fact has been notified of and consented to the designation.

4. A durable power of attorney for health care may designate one or more alternative attorneys in fact.

91 Acts, ch 140, §5

144B.6 Attorney in fact — priority to make decisions.

1. Unless the district court sitting in equity specifically finds that the attorney in fact is acting in a manner contrary to the wishes of the principal or the durable power of attorney for health care provides otherwise, an attorney in fact who is known to the health care provider to be available and willing to make health care decisions has priority over any other person, including a guardian appointed pursuant to chapter 633, to act for the principal in all matters of health care decisions. The attorney in fact has authority to make a particular health care decision only if the principal is unable, in the judgment of the attending physician, to make the health care decision. If the principal objects to a decision to withhold or withdraw health care, the principal shall be presumed to be able to make a decision.

2. In exercising the authority under the durable power of attorney for health care, the attorney in fact has a duty to act in accordance with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the attorney in fact at any time. A declaration executed by the principal pursuant to the life-sustaining procedures Act, chapter 144A, shall not be interpreted as expressing an intent to prohibit the withdrawal of hydration or nutrition when required to be provided parenterally or through intubation and shall not otherwise restrict the authority of the attorney in fact unless either the declaration or the durable power of attorney for health care expressly provides otherwise. If the principal's desires are unknown, the attorney in fact has a duty to act in the best interests of the principal, taking into account the principal's overall medical condition and prognosis.

91 Acts, ch 140, §6

144B.7 Authority to review medical records.

Except as limited by the durable power of attorney for health care, an attorney in fact has the same right as the principal to receive and review medical records of the principal, and to consent to the disclosure of medical records of the principal

when acting pursuant to the durable power of attorney for health care.

91 Acts, ch 140, §7

144B.8 Revocation of durable power of attorney.

1. A durable power of attorney for health care may be revoked at any time and in any manner by which the principal is able to communicate the intent to revoke, without regard to mental or physical condition. Revocation may be by notifying the attorney in fact orally or in writing. Revocation may also be made by notifying a health care provider orally or in writing while that provider is engaged in providing health care to the principal. A revocation is only effective as to a health care provider upon its communication to the provider by the principal or by another to whom the principal has communicated revocation. The health care provider shall document the revocation in the treatment records of the principal.

2. The principal is presumed to have the capacity to revoke a durable power of attorney for health care.

3. Unless it provides otherwise, a valid durable power of attorney for health care revokes any prior durable power of attorney for health care.

4. If authority granted by a durable power of attorney for health care is revoked under this section, an individual is not subject to criminal prosecution or civil liability for acting in good faith reliance upon the durable power of attorney for health care unless the individual has actual knowledge of the revocation.

5. The fact of execution and subsequent revocation of a durable power of attorney shall have no effect upon subsequent health care decisions made in accordance with accepted principles of law and standards of medical care governing those decisions.

91 Acts, ch 140, §8

144B.9 Immunities and responsibilities.

1. A health care provider is not subject to criminal prosecution, civil liability, or professional disciplinary action if the health care provider relies on a health care decision and both of the following requirements are satisfied:

a. The decision is made by an attorney in fact who the health care provider believes in good faith is authorized to make the decision.

b. The health care provider believes in good faith that the decision is not inconsistent with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the health care provider, and, if the decision is to withhold or withdraw health care necessary to keep the principal alive, the health care provider has provided an opportunity for the principal to object to the decision.

2. Notwithstanding a contrary health care decision of the attorney in fact, the health care pro-

vider is not subject to criminal prosecution, civil liability, or professional disciplinary action for failing to withhold or withdraw health care necessary to keep the principal alive. However, the attorney in fact may make provisions to transfer the responsibility for the care of the principal to another health care provider.

3. An attorney in fact is not subject to criminal prosecution or civil liability for any health care decision made in good faith pursuant to a durable power of attorney for health care.

4. It shall be presumed that an attorney in fact, and a health care provider acting pursuant to the direction of an attorney in fact, are acting in good faith and in the best interests of the principal absent clear and convincing evidence to the contrary.

5. For purposes of this section, acting in “good faith” means acting consistent with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the attorney in fact, or where those desires are unknown, acting in the best interests of the principal, taking into account the principal’s overall medical condition and prognosis.

6. A health care provider or attorney in fact may presume that a durable power of attorney for health care is valid absent actual knowledge to the contrary.

91 Acts, ch 140, §9

144B.10 Emergency treatment.

This chapter does not affect the law governing health care treatment in an emergency.

91 Acts, ch 140, §10

144B.11 Prohibited practices.

1. A health care provider, health care service

plan, insurer, self-insured employee welfare benefit plan, or nonprofit hospital plan shall not condition admission to a facility, or the providing of treatment, or insurance, on the requirement that an individual execute a durable power of attorney for health care.

2. A policy of life insurance shall not be legally impaired or invalidated in any manner by the withholding or withdrawing of health care pursuant to the direction of an attorney in fact appointed pursuant to this chapter.

91 Acts, ch 140, §11

144B.12 General provisions.

1. This chapter does not create a presumption concerning the intention of an individual who has not executed a durable power of attorney for health care and does not impair or supersede any right or responsibility of an individual to consent, refuse to consent, or withdraw consent to health care on behalf of another in the absence of a durable power of attorney for health care.

2. This chapter shall not be construed to condone, authorize, or approve any affirmative or deliberate act or omission which would constitute mercy killing or euthanasia.

3. If after executing a durable power of attorney for health care designating a spouse as attorney in fact, the marriage between the principal and the attorney in fact is dissolved, the power is thereby revoked. In the event of remarriage to each other, the power is reinstated unless otherwise revoked by the principal.

4. It is the responsibility of the principal to provide for notification of a health care provider of the terms of the principal’s durable power of attorney for health care.

However, the maximum tax rates for the various political subdivisions may vary as the officials determine, based upon the need for hospital service of the residents of each political subdivision, the proximity of the residents to the proposed location of the hospital, the property values within the subdivision, and the expected service benefits to the residents of each subdivision by the proposed area hospital.

The order shall be published in one or more newspapers which have general circulation within the merged area once each week for three consecutive weeks, but the newspapers selected need not be published in the merged area. The board shall prorate the amount to be raised for operations by local taxation among the respective political subdivisions forming a part of the merged area in the proportion that the product of the value of taxable property and the maximum tax levy rate in each political subdivision bears to the total product of the value of taxable property and the maximum tax levy rate in the entire merged area, as set out in the published order of merger. The board of hospital trustees shall certify the amount so determined to the respective levying officials of the affected counties, and the officials shall levy a tax sufficient to raise the annual budget. Such a tax shall not exceed one-fourth of the maximum levy of each political subdivision as set out in the published order of merger, but the total tax levy for annual budget, bonds, and special purposes shall not exceed the maximum levy as proposed in the published order of merger.

147.46 Reciprocal agreements.

In negotiating any reciprocal agreement, the department shall be governed by the following regulations:

1. *Protection to licensees of this state.* When the laws of any state or the rules of the authorities of said state place any requirement or disability upon any person licensed in this state to practice any profession regulated by this subtitle, which affects the right of said person to be licensed or to practice the person's profession in said state, then the same requirement or disability shall be placed upon any person licensed in said state when applying for a license to practice in this state.

2. *Special conditions.* When any examining board has established by rule any special condition upon which reciprocal agreements shall be entered into, as provided in section 147.47, such condition shall be incorporated into the reciprocal agreements negotiated with reference to licenses to practice the professions for which such examining board conducts examinations.

The fact of such change shall be determined by the proper examining board and certified to the department for its guidance in enforcing the provisions of this section.

The department may, upon the recommendation of the medical examiners, accept in lieu of the examination prescribed in section 148.3 or section 150A.3 a license to practice medicine and surgery or osteopathic medicine and surgery, issued by the duly constituted authority of another state, territory or foreign country. Endorsement may be accepted by the department in lieu of further written examination without regard to the existence or nonexistence of a reciprocal agreement, but shall not be in lieu of the standards and qualifications prescribed by section 148.3 or section 150A.3.

DRUG AND LENS DISPENSING, SUPPLYING,
AND PRESCRIBING

147.107 Drug dispensing, supplying, and prescribing — limitations.

1. A person, other than a pharmacist, physician, dentist, podiatric physician, or veterinarian who dispenses as an incident to the practice of the practitioner's profession, shall not dispense prescription drugs or controlled substances.

2. A pharmacist, physician, dentist, or podiatric physician who dispenses prescription drugs, including but not limited to controlled substances, for human use, may delegate nonjudgmental dispensing functions to staff assistants only when verification of the accuracy and completeness of the prescription is determined by the pharmacist or practitioner in the pharmacist's or practitioner's physical presence.

A dentist or podiatric physician who dispenses prescription drugs, other than drug samples, pursuant to this subsection, shall annually register the fact that they dispense prescription drugs with the practitioner's respective examining board. A physician doing so shall register biennially.

A physician, dentist, or podiatric physician who dispenses prescription drugs, other than drug samples, pursuant to this subsection, shall offer to provide the patient with a written prescription that may be dispensed from a pharmacy of the patient's choice or offer to transmit the prescription to a pharmacy of the patient's choice.

3. A physician's assistant or registered nurse may supply when pharmacist services are not reasonably available or when it is in the best interests of the patient, on the direct order of the supervising physician, a quantity of properly packaged and labeled prescription drugs, controlled substances, or contraceptive devices necessary to complete a course of therapy. However, a remote clinic, staffed by a physician's assistant or registered nurse, where pharmacy services are not reasonably available, shall secure the regular advice and consultation of a pharmacist regarding the distribution, storage, and appropriate use of such drugs, substances, and devices.

4. Notwithstanding subsection 3, a physician assistant shall not dispense prescription drugs as an incident to the practice of the supervising physician or the physician assistant, but may supply, when pharmacist services are not reasonably available, or when it is in the best interests of the patient, a quantity of properly packaged and la-

beled prescription drugs, controlled substances, or medical devices necessary to complete a course of therapy. However, a remote clinic, staffed by a physician assistant, where pharmacy services are not reasonably available, shall secure the regular advice and consultation of a pharmacist regarding the distribution, storage, and appropriate use of such drugs, substances, and devices. Prescription drugs supplied under the provisions of this subsection shall be supplied for the purpose of accommodating the patient and shall not be sold for more than the cost of the drug and reasonable overhead costs, as they relate to supplying prescription drugs to the patient, and not at a profit to the physician or the physician assistant. If prescription drug supplying authority is delegated by a supervising physician to a physician assistant, a nurse or staff assistant may assist the physician assistant in providing that service. Rules shall be adopted by the board of physician assistant examiners, after consultation with the board of pharmacy examiners, to implement this subsection.

5. Notwithstanding subsection 1 and any other provision of this section to the contrary, a physician may delegate the function of prescribing drugs, controlled substances, and medical devices to a physician assistant licensed pursuant to chapter 148C. When delegated prescribing occurs, the supervising physician's name shall be used, recorded, or otherwise indicated in connection with each individual prescription so that the individual who dispenses or administers the prescription knows under whose delegated authority the physician assistant is prescribing. Rules relating to the authority of physician assistants to prescribe drugs, controlled substances, and medical devices pursuant to this subsection shall be adopted by the board of physician assistant examiners, after consultation with the board of medical examiners and the board of pharmacy examiners, as soon as possible after July 1, 1991. The rules shall be reviewed and approved by the physician assistant rules review group created under subsection 7 and shall be adopted in final form by January 1, 1993. However, the rules shall prohibit the prescribing of schedule II controlled substances which are listed as stimulants or depressants pursuant to chapter 124. If rules are not reviewed and approved by the physician assistant rules review group created under subsection 7 and adopted in final form by January 1, 1993, a physician assistant may prescribe drugs as a delegated act of a supervising physician under rules adopted by the board of physician assistant examiners and subject to the rules review process established in section 148C.7. The board of physician assistant examiners shall be the only board to regulate the practice of physician assistants relating to prescribing and supplying prescription drugs, controlled substances and medical devices, notwithstanding section 148C.6A.

6. Health care providers shall consider the instructions of the physician assistant to be instructions of the supervising physician if the instructions concern duties delegated to the physician assistant by a supervising physician.

7. A physician assistant rules review group is established consisting of two physician assistants selected by the board of physician assistants, two physicians selected by the board of medical examiners, and one physician currently practicing as a supervising physician of physician assistants selected by the four other members of the rules review group no later than August 1, 1991. The rules review group shall select its own chairperson.

The rules review group shall review and approve or disapprove rules proposed for adoption relating to the authority of physician assistants to supply or prescribe drugs, controlled substances, and medical devices pursuant to subsection 5. Approval shall be by a simple majority of the members of the rules review group. MALPRACTICE

147.135 Peer review committees — nonliability — records and reports privileged and confidential.

1. A person shall not be civilly liable as a result of acts, omissions, or decisions made in connection with the person's service on a peer review committee. However, such immunity from civil liability shall not apply if an act, omission, or decision is made with malice.

2. As used in this subsection, "peer review records" means all complaint files, investigation files, reports, and other investigative information relating to licensee discipline or professional competence in the possession of a peer review committee or an employee of a peer review committee. As used in this subsection, "peer review committee" does not include examining boards. Peer review records are privileged and confidential, are not subject to discovery, subpoena, or other means of legal compulsion for release to a person other than an affected licensee or a peer review committee and are not admissible in evidence in a judicial or

administrative proceeding other than a proceeding involving licensee discipline or a proceeding brought by a licensee who is the subject of a peer review record and whose competence is at issue. A person shall not be liable as a result of filing a report or complaint with a peer review committee or providing information to such a committee, or for disclosure of privileged matter to a peer review committee. A person present at a meeting of a peer review committee shall not be permitted to testify as to the findings, recommendations, evaluations, or opinions of the peer review committee in any judicial or administrative proceeding other than a proceeding involving licensee discipline or a proceeding brought by a licensee who is the subject of a peer review committee meeting and whose competence is at issue. Information or documents discoverable from sources other than the peer review committee do not become nondiscoverable from the other sources merely because they are made available to or are in the possession of a peer review committee. However, such information relating to licensee discipline may be disclosed to an appropriate licensing authority in any jurisdiction in which the licensee is licensed or has applied for a license. If such information indicates a crime has been committed, the information shall be reported to the proper law enforcement agency. This subsection shall not preclude the discovery of the identification of witnesses or documents known to a peer review committee. Any final written decision and finding of fact by a licensing board in a disciplinary proceeding is a public record. Upon appeal by a licensee of a decision of a licensing board, the entire case record shall be submitted to the reviewing court. In all cases where privileged and confidential information under this subsection becomes discoverable, admissible, or part of a court record the identity of an individual whose privilege has been involuntarily waived shall be withheld.

3. A full and confidential report concerning any final hospital disciplinary action approved by a hospital board of trustees that results in a limitation, suspension, or revocation of a physician's privilege to practice for reasons relating to the physician's professional competence or concerning any voluntary surrender or limitation of privileges for reasons relating to professional competence shall be made to the board of medical examiners by the hospital administrator or chief of medical staff within ten days of such action. The board of medical examiners shall investigate the report and take appropriate action. These reports shall be privileged and confidential as though included in and subject to the requirements for peer review committee information in subsection 2. Persons making these reports and persons participating in resulting proceedings related to these reports shall be immune from civil liability with respect to the making of the report or participation in result-

ing proceedings. As used in this subsection, "physician" means a person licensed pursuant to chapter 148, chapter 150, or chapter 150A.

Notwithstanding subsection 2, if the board of medical examiners conducts an investigation based on a complaint received or upon its own motion, a hospital pursuant to subpoena shall make available information and documents requested by the board, specifically including reports or descriptions of any complaints or incidents concerning an individual who is the subject of the board's investigation, even though the information and documents are also kept for, are the subject of, or are being used in peer review by the hospital. However, the deliberations, testimony, decisions, conclusions, findings, recommendations, evaluations, work product, or opinions of a peer review committee or its members and those portions of any documents or records containing or revealing information relating thereto shall not be subject to the board's request for information, subpoena, or other legal compulsion. All information and documents received by the board from a hospital under this section shall be confidential pursuant to section 272C.6, subsection 4.

An emergency medical care provider shall not routinely function without the direct supervision of a physician, physician assistant, or registered nurse. However, when the physician, physician assistant, or registered nurse cannot directly assume emergency care of the patient, the emergency medical care provider may perform without direct supervision emergency medical care procedures for which that individual is certified if the life of the patient is in immediate danger and such care is required to preserve the patient's life; or

Such procedures may be performed after the patient is observed by and when the emergency medical care provider is under the supervision of the physician, physician assistant, or registered nurse, including when the registered nurse is not acting in the capacity of a physician designee, and where the procedure may be immediately abandoned without risk to the patient.

147A.22 Legislative findings and intent — purpose.

The general assembly finds the following:

1. Trauma is a serious health problem in the state of Iowa and is the leading cause of death of younger Iowans. The death and disability associated with traumatic injury contributes to the significant medical expenses and lost work, and adversely affects the productivity of Iowans.

2. Optimal trauma care is limited in many parts of the state. With health care delivery in transition, access to quality trauma and emergency medical care continues to challenge our rural communities.

3. The goal of a statewide trauma care system is to coordinate the medical needs of the injured person with an integrated system of optimal and cost-effective trauma care. The result of a well-coordinated statewide trauma care system is to reduce the incidences of inadequate trauma care and preventable deaths, minimize human suffering, and decrease the costs associated with preventable mortality and morbidity.

4. The development of the Iowa trauma care system will achieve these goals while meeting the unique needs of the rural residents of the state.

95 Acts, ch 40, §3

147A.23 Trauma care system development.

1. The department is designated as a lead agency in this state responsible for the development of a statewide trauma care system.

2. The department, in consultation with the trauma system advisory council, shall develop, coordinate, and monitor a statewide trauma care system. This system shall include, but not be limited to, the following:

a. The categorization of all hospitals and emergency care facilities by the department as to their capacity to provide trauma care services. The categorization shall be determined by the department from self-reported information provided to the department by the hospital or emergency care facility. This categorization shall not be construed to imply any guarantee on the part of the department as to the level of trauma care services available at the hospital or emergency care facility.

b. The issuance of a certificate of verification of all categorized hospitals and emergency care facilities from the department at the level preferred by the hospital or emergency care facility. The standards and verification process shall be established by rule and may vary as appropriate by level of trauma care capability. To the extent possible, the standards and verification process shall be coordinated with other applicable accreditation and licensing standards.

c. Upon verification and the issuance of a certificate of verification, a hospital or emergency care facility agrees to maintain a level of commitment and resources sufficient to meet responsibilities and standards as required by the trauma care criteria established by rule under this subchapter. Verifications are valid for a period of three years or as determined by the department and are renewable. As part of the verification and renewal process, the department may conduct periodic on-site reviews of the services and facilities of the hospital or emergency care facility.

d. The department is responsible for the funding of the administrative costs of this subchapter. Any funds received by the department for this purpose shall be deposited in the emergency medical services fund established in section 135.25.

e. This section shall not be construed to limit the number and distribution of level I, II, III, and IV categorized and verified trauma care facilities in a community or region.

148.5 Resident physician license.

A physician, who is a graduate of a medical school and is serving as a resident physician who is not otherwise licensed to practice medicine and surgery in this state, shall be required to obtain from the medical examiners a license to practice as a resident physician. The license shall be designated “Resident Physician License” and shall authorize the licensee to serve as a resident physician only, under the supervision of a licensed practitioner of medicine and surgery or osteopathic medicine and surgery, in an institution approved for such training by the medical examiners. A license shall be valid for a duration as determined by the board. The fee for each license shall be set by the medical examiners to cover the administrative costs of issuing the license. The medical examiners shall determine in each instance those eligible for a license, whether or not examinations shall be given, and the type of examinations. Requirements of the law pertaining to regular permanent licensure shall not be mandatory for a resident physician license except as specifically designated by the medical examiners. The granting of a resident physician license does not in any way indicate that the person licensed is necessarily eligible for regular permanent licensure, nor are the medical examiners in any way obligated to license the individual.

Section amended

148.6 Revocation.

1. The medical examiners, after due notice and hearing in accordance with chapter 17A, may issue an order to discipline a licensee for any of the grounds set forth in section 147.55, chapter 272C, or this subsection. Notwithstanding section 272C.3, licensee discipline may include a civil penalty not to exceed ten thousand dollars.

2. Pursuant to this section, the board of medical examiners may discipline a licensee who is guilty of any of the following acts or offenses:

a. Knowingly making misleading, deceptive, untrue or fraudulent representation in the practice of the physician's profession.

b. Being convicted of a felony in the courts of this state or another state, territory, or country. Conviction as used in this paragraph shall include a conviction of an offense which if committed in this state would be deemed a felony without regard to its designation elsewhere, or a criminal proceeding in which a finding or verdict of guilt is made or returned, but the adjudication of guilt is either withheld or not entered. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state shall be conclusive evidence.

c. Violating a statute or law of this state, another state, or the United States, without regard to its designation as either felony or misdemeanor, which statute or law relates to the practice of medicine.

d. Having the license to practice medicine and surgery, osteopathic medicine and surgery or osteopathy revoked or suspended, or having other disciplinary action taken by a licensing authority of another state, territory, or country. A certified copy of the record or order of suspension, revocation, or disciplinary action is prima facie evidence.

e. Knowingly aiding, assisting, procuring, or advising a person to unlawfully practice medicine and surgery, osteopathic medicine and surgery or osteopathy.

f. Being adjudged mentally incompetent by a court of competent jurisdiction. Such adjudication shall automatically suspend a license for the duration of the license unless the board orders otherwise.

g. Being guilty of a willful or repeated departure from, or the failure to conform to, the minimal standard of acceptable and prevailing practice of medicine and surgery, osteopathic medicine and surgery or osteopathy in which proceeding actual injury to a patient need not be established; or the committing by a physician of an act contrary to honesty, justice, or good morals, whether the same is committed in the course of the physician's practice or otherwise, and whether committed within or without this state.

h. Inability to practice medicine and surgery, osteopathic medicine and surgery or osteopathy with reasonable skill and safety by reason of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or other type of material or as a result of a mental or physical condition. The medical examiners may, upon probable cause, compel a physician to submit to a mental or physical examination by designated physicians or to submit to alcohol or drug screening within a time specified by the medical examiners. Failure of a physician to submit to an examination or to submit to alcohol

or drug screening shall constitute admission to the allegations made against the physician and the finding of fact and decision of the medical examiners may be entered without the taking of testimony or presentation of evidence. At reasonable intervals, a physician shall be afforded an opportunity to demonstrate that the physician can resume the competent practice of medicine with reasonable skill and safety to patients.

A person licensed to practice medicine and surgery, osteopathic medicine and surgery or osteopathy who makes application for the renewal of a license, as required by section 147.10, gives consent to submit to a mental or physical examination as provided by this paragraph when directed in writing by the medical examiners. All objections shall be waived as to the admissibility of the examining physicians' testimony or examination reports on the grounds that they constitute privileged communication. The medical testimony or examination reports shall not be used against a physician in another proceeding and shall be confidential, except for other actions filed against a physician to revoke or suspend a license.

i. Willful or repeated violation of lawful rule or regulation adopted by the board or violating a lawful order of the board, previously entered by the board in a disciplinary or licensure hearing, or violating the terms and provisions of a consent agreement or informal settlement between a licensee and the board.

148.7 Procedure for suspension or revocation.

A proceeding for the revocation or suspension of a license to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy or to discipline a person licensed to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy shall be substantially in accord with the following procedure:

1. The medical examiners may, upon their own motion or upon verified complaint in writing, and shall, if such complaint is filed by the director of public health, issue an order fixing the time and place for hearing. A written notice of the time and place of the hearing together with a statement of the charges shall be served upon the licensee at least ten days before the hearing in the manner required for the service of notice of the commencement of an ordinary action or by restricted certified mail.

2. If the licensee has left the state, the notice and statement of the charges shall be so served at least twenty days before the date of the hearing, wherever the licensee may be found. If the whereabouts of the licensee is unknown, service may be had by publication as provided in the rules of civil procedure upon filing the affidavit required by

said rules. In case the licensee fails to appear, either in person or by counsel at the time and place designated in said notice, the medical examiners shall proceed with the hearing as hereinafter provided.

3. The hearing shall be before a member or members designated by the board or before an administrative law judge appointed by the board according to the requirements of section 17A.11, subsection 1. The presiding board member or administrative law judge may issue subpoenas, administer oaths, and take or cause depositions to be taken in connection with the hearing. The presiding board member or administrative law judge shall issue subpoenas at the request and on behalf of the licensee. The hearing shall be open to the public.

The administrative law judge shall be an attorney vested with full authority of the board to schedule and conduct hearings. The administrative law judge shall prepare and file with the medical examiners the administrative law judge's findings of fact and conclusions of law, together with a complete written transcript of all testimony and evidence introduced at the hearing and all exhibits, pleas, motions, objections, and rulings of the administrative law judge.

4. A stenographic record of the proceedings shall be kept. The licensee shall have the opportunity to appear personally and by an attorney, with the right to produce evidence in the licensee's own behalf, to examine and cross-examine witnesses and to examine documentary evidence produced against the licensee.

5. If a person refuses to obey a subpoena issued by the presiding member or administrative law judge or to answer a proper question during the hearing, the presiding member or administrative law judge may invoke the aid of a court of competent jurisdiction or judge of this court in requiring the attendance and testimony of the person and the production of papers. A failure to obey the order of the court may be punished by the court as a civil contempt may be punished.

6. Unless the hearing is before the entire board, a transcript of the proceeding, together with exhibits presented, shall be considered by the entire board at the earliest practicable time. The licensee and the licensee's attorney shall have the opportunity to appear personally to present the licensee's position and arguments to the board. The board shall determine the charge or charges upon the merits on the basis of the evidence in the record before it.

7. If a majority of the members of the board vote in favor of finding the licensee guilty of an act or offense specified in section 147.55 or 148.6, the board shall prepare written findings of fact and its decision imposing one or more of the following disciplinary measures:

a. Suspend the licensee's license to practice the profession for a period to be determined by the board.

b. Revoke the licensee's license to practice the profession.

c. Suspend imposition of judgment and penalty or impose the judgment and penalty, but suspend enforcement and place the physician on probation. The probation ordered may be vacated upon noncompliance. The medical examiners may restore and reissue a license to practice medicine and surgery, osteopathic medicine and surgery or osteopathy, but may impose a disciplinary or corrective measure which it might originally have imposed. A copy of the medical examiners' order, findings of fact, and decision, shall be served on the licensee in the manner of service of an original notice or by certified mail return receipt requested.

8. Judicial review of the board's action may be sought in accordance with the terms of the Iowa administrative procedure Act.

9. The medical examiners' order revoking or suspending a license to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy or to discipline a licensee shall remain in force and effect until the appeal is finally determined and disposed of upon its merit.

148.10 Temporary certificate.

The medical examiners may, in their discretion, issue a temporary certificate authorizing the licensee to practice medicine and surgery or osteopathic medicine and surgery in a specific location or locations and for a specified period of time if, in the opinion of the medical examiners, a need exists and the person possesses the qualifications prescribed by the medical examiners for the license, which shall be substantially equivalent to those required for licensure under this chapter or chapter 150A, as the case may be. The medical examiners

ers shall determine in each instance those eligible for this license, whether or not examinations shall be given, and the type of examinations. No requirements of the law pertaining to regular permanent licensure are mandatory for this temporary license except as specifically designated by the medical examiners. The granting of a temporary license does not in any way indicate that the person so licensed is necessarily eligible for regular licensure, nor are the medical examiners in any way obligated to so license the person.

The temporary certificate shall be issued for a period not to exceed one year and may be renewed, but a person shall not practice medicine and surgery or osteopathic medicine and surgery in excess of three years while holding a temporary certificate. The fee for this license and the fee for renewal of this license shall be set by the medical examiners. The fees shall be based on the administrative costs of issuing and renewing the licenses. The medical examiners may cancel a temporary certificate at any time, without a hearing, for reasons deemed sufficient to the medical examiners.

When the medical examiners cancel a temporary certificate they shall promptly notify the licensee by registered United States mail, at the licensee's last-named address, as reflected by the files of the medical examiners, and the temporary certificate is terminated and of no further force and effect three days after the giving of the notice to the licensee.

- e. Present letters of recommendation from universities, other educational institutions, or research facilities that indicate the noteworthy professional attainment by the applicant.

f. Present biographical background information concerning the applicant's education and qualifications.

3. The fee for initial issuance of a special license shall be established in an amount sufficient to cover the costs of issuing the special license. If the special license is extended beyond one year, an annual renewal fee shall be established in an amount sufficient to cover the costs of renewing the special license.

4. Notwithstanding the provisions of chapter 17A, the board may cancel a special license at any time without hearing. However, when such license is proposed to be canceled, the board shall promptly notify the licensee by certified mail sent to the last known address of the licensee. Thirty days after the service of such notice, the special license shall be canceled.

5. A special license issued under this section shall automatically expire upon the special licensee discontinuing service on the academic staff of a medical school in this state. An expired special license shall not be renewed. However, a former special licensee may reapply for a special license.

148.12 Voluntary agreements.

The medical examiners, after due notice and hearing, may issue an order to revoke, suspend, or restrict a license to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy, or to issue a restricted license on application if the medical examiners determine that a physician licensed to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy, or an applicant for licensure has entered into a voluntary agreement to restrict the practice of medicine and surgery, osteopathic medicine and surgery, or osteopathy in another state, district, territory, or country. Notwithstanding the provisions of sections 147.44 through 147.54, the following shall apply regarding applicants for nurse licensure possessing a license from another state:

1. A license possessed by an applicant from a state which has not adopted the nurse licensure compact contained in section 152E.1 shall be recognized by the board under conditions specified which indicate that the licensee meets all the qualifications required under section 152.7. If a foreign license is recognized, the board may issue a license by endorsement without an examination being required. Recognition shall be based on whether the foreign licensee is qualified to practice nursing. The board may issue a temporary license to a natural person who has completed the requirements of and applied for licensure by endorsement. The board shall determine the length of time a temporary license shall remain effective.

2. A license possessed by an applicant and issued by a state which has adopted the nurse licensure compact contained in section 152E.1 shall be recognized pursuant to the provisions of that section.

152.10 License revocation or suspension.

1. Notwithstanding sections 147.87 to 147.89 and in addition to the provisions of sections 147.58

to 147.71, the board may restrict, suspend, or revoke a license to practice nursing or place the licensee on probation. The board may also prescribe by rule conditions of license reinstatement. The board shall prescribe rules of procedure by which to restrict, suspend, or revoke a license. These procedures shall conform to the provisions of chapter 17A.

2. In addition to the grounds stated in section 147.55, the following are grounds for suspension or revocation under subsection 1 of this section:

- a. Willful violation of the rules of the board.
- b. Continued practice while knowingly having an infectious or contagious disease which could be harmful to a patient's welfare.

c. Conviction for a felony in the courts of this state or another state, territory, or country if the felony relates to the practice of nursing. Conviction shall include only a conviction for an offense which if committed in this state would be deemed a felony without regard to its designation elsewhere. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another jurisdiction shall be conclusive evidence of conviction.

d. (1) Having a license to practice nursing as a registered nurse or licensed practical nurse revoked or suspended, or having other disciplinary action taken by a licensing authority of another state, territory, or country. A certified copy of the record or order of suspension, revocation, or disciplinary action is prima facie evidence of such fact.

(2) Having a license to practice nursing as a registered nurse or licensed practical nurse revoked or suspended, or having other disciplinary action taken, by a licensing authority in another state which has adopted the nurse licensure compact contained in section 152E.1 and which has communicated information relating to such action pursuant to the coordinated licensure information system established by the compact. If the action taken by the licensing authority occurs in a jurisdiction which does not afford the procedural protections of chapter 17A, the licensee may object to the communicated information and shall be afforded the procedural protections of chapter 17A.

e. Knowingly aiding, assisting, procuring, advising, or allowing a person to unlawfully practice nursing.

f. Being adjudicated mentally incompetent by a court of competent jurisdiction. Such adjudication shall automatically suspend a license for the duration of the license, unless the board orders otherwise.

g. Being guilty of willful or repeated departure from or the failure to conform to the minimum standard of acceptable and prevailing practice of nursing; however, actual injury to a patient need not be established.

h. (1) Inability to practice nursing with reasonable skill and safety by reason of illness, excessive use of alcohol, drugs, narcotics, chemicals, or

other type of material or as a result of a mental or physical condition.

(2) The board may, upon probable cause, request a licensee to submit to an appropriate medical examination by a designated physician. If requested by the licensee, the licensee may also designate a physician for an independent medical examination. The reasonable costs of such examinations and medical reports to the board shall be paid by the board. Refusal or failure of a licensee to complete such examinations shall constitute an admission of any allegations relating to such condition. All objections shall be waived as to the admissibility of the examining physicians' testimony or examination reports on the grounds that they constitute privileged communication. The medical testimony or examination reports shall not be used against a registered nurse or licensed practical nurse in another proceeding and shall be confidential. At reasonable intervals, a registered nurse or licensed practical nurse shall be afforded an opportunity to demonstrate that the registered nurse or licensed practical nurse can resume the competent practice of nursing with reasonable skill and safety to patients.

CHAPTER 152E

NURSE LICENSURE COMPACT

152E.1 Form of compact.

152E.2 Compact administrator.

152E.1 Form of compact.

The nurse licensure compact is entered into and enacted into law with all jurisdictions legally joining therein, in the form substantially as follows:

ARTICLE I — FINDINGS AND PURPOSE

- a.* The party states find all of the following:
1. The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws.
 2. Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public.
 3. The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation.
 4. New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex.
 5. The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant to both nurses and states.
- b.* The general purposes of this compact are to:
1. Facilitate the states' responsibility to protect the public's health and safety.

2. Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation.

3. Facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse actions.

4. Promote compliance with the laws governing the practice of nursing in each jurisdiction.

5. Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses.

ARTICLE II — DEFINITIONS

As used in this compact:

a. "Adverse action" means a home or remote state action.

b. "Alternative program" means a voluntary, nondisciplinary monitoring program approved by a nurse licensing board.

c. "Coordinated licensure information system" means an integrated process for collecting, storing, and sharing information on nurse licensure and enforcement activities related to nurse licensure laws, which is administered by a nonprofit organization composed of and controlled by state nurse licensing boards.

d. "Current significant investigative information" means either of the following:

1. Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction.

2. Investigative information that indicates that the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond.

e. “Home state” means the party state which is the nurse’s primary state of residence.

f. “Home state action” means any administrative, civil, equitable, or criminal action permitted by the home state’s laws which are imposed on a nurse by the home state’s licensing board or other authority, including actions against an individual’s license such as revocation, suspension, probation, or any other action which affects a nurse’s authorization to practice.

g. “Licensing board” means a party state’s regulatory body responsible for issuing nurse licenses.

h. “Multistate licensure privilege” means current, official authority from a remote state permitting the practice of nursing as either a registered nurse or a licensed practical or vocational nurse in such party state. All party states have the authority, in accordance with existing state due process law, to take actions against the nurse’s privilege such as revocation, suspension, probation, or any other action which affects a nurse’s authorization to practice.

i. “Nurse” means a registered nurse or licensed practical or vocational nurse, as those terms are defined by each party state’s practice laws.

j. “Party state” means any state that has adopted this compact.

k. “Remote state” means a party state, other than the home state, where either of the following applies:

1. Where the patient is located at the time nursing care is provided.

2. In the case of the practice of nursing not involving a patient, in such party state where the recipient of nursing care is located.

l. “Remote state action” means either of the following:

1. Any administrative, civil, equitable, or criminal action permitted by a remote state’s laws which is imposed on a nurse by the remote state’s licensing board or other authority, including actions against an individual’s multistate licensure privilege to practice in the remote state.

2. Cease and desist and other injunctive or equitable orders issued by remote states or the licensing boards of remote states.

m. “State” means a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

n. “State practice laws” means those individual party state laws and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. “State practice laws” does not include the initial qualifications for licensure or requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

ARTICLE III — GENERAL PROVISIONS AND JURISDICTION

a. A license to practice registered nursing issued by a home state to a resident in that state shall be recognized by each party state as authorizing a multistate licensure privilege to practice as a registered nurse in such party state. A license to practice licensed practical or vocational nursing issued by a home state to a resident in that state shall be recognized by each party state as authorizing a multistate licensure privilege to practice as a licensed practical or vocational nurse in such party state. In order to obtain or retain a license, an applicant must meet the home state’s qualifications for licensure and license renewal as well as all other applicable state laws.

b. Party states may, in accordance with state due process laws, limit or revoke the multistate licensure privilege of any nurse to practice in their state and may take any other actions under their applicable state laws necessary to protect the health and safety of their citizens. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

c. Every nurse practicing in a party state must comply with the state practice laws of the state in which the patient is located at the time care is rendered. In addition, the practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of a party state. The practice of nursing subjects a nurse to the jurisdiction of the nurse licensing board and the courts, as well as the laws, in that party state.

d. This compact does not affect additional requirements imposed by states for advanced practice registered nursing. However, a multistate licensure privilege to practice registered nursing granted by a party state shall be recognized by other party states as a license to practice registered nursing if one is required by state law as a precondition for qualifying for advanced practice registered nurse authorization.

e. Individuals not residing in a party state shall continue to be able to apply for nurse licensure as provided for under the laws of each party state. However, the license granted to these indi-

viduals shall not be recognized as granting the privilege to practice nursing in any other party state unless explicitly agreed to by that party state.

ARTICLE IV — APPLICATIONS FOR LICENSURE IN A PARTY STATE

a. Upon application for a license, the licensing board in a party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any restrictions on the multistate licensure privilege, and whether any other adverse action by any state has been taken against the license.

b. A nurse in a party state shall hold licensure in only one party state at a time, issued by the home state.

c. A nurse who intends to change the nurse's primary state of residence may apply for licensure in the new home state in advance of such change. However, new licenses shall not be issued by a party state until after a nurse provides evidence of change in the nurse's primary state of residence satisfactory to the new home state's licensing board.

d. 1. If a nurse changes the nurse's primary state of residence by moving between two party states, and obtains a license from the new home state, the license from the former home state is no longer valid.

2. If a nurse changes the nurse's primary state of residence by moving from a nonparty state to a party state, and obtains a license from the new home state, the individual state license issued by the nonparty state is not affected and shall remain in full force if so provided by the laws of the nonparty state.

3. If a nurse changes the nurse's primary state of residence by moving from a party state to a nonparty state, the license issued by the prior home state converts to an individual state license, valid only in the former home state, without the multistate licensure privilege to practice in other party states.

ARTICLE V — ADVERSE ACTIONS

In addition to the general provisions described in article III, the following provisions apply:

a. The licensing board of a remote state shall promptly report to the administrator of the coordinated licensure information system any remote state actions, including the factual and legal basis for such action, if known. The licensing board of a remote state shall also promptly report any significant current investigative information yet to result in a remote state action. The administrator of the coordinated licensure information system shall promptly notify the home state of any such reports.

b. The licensing board of a party state shall have the authority to complete any pending investigations for a nurse who changes primary state of residence during the course of such investigations. It shall also have the authority to take appropriate action and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.

c. A remote state may take adverse action affecting the multistate licensure privilege to practice within that party state. However, only the home state shall have the power to impose adverse action against the license issued by the home state.

d. For purposes of imposing adverse action, the licensing board of the home state shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, it shall apply its own state laws to determine appropriate action.

e. The home state may take adverse action based on the factual findings of the remote state, so long as each state follows its own procedures for imposing such adverse action.

f. Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of licensure action and that such participation shall remain nonpublic if required by the party state's laws. Party states must require nurses who enter any alternative programs to agree not to practice in any other party state during the term of the alternative program without prior authorization from such other party state.

ARTICLE VI — ADDITIONAL AUTHORITIES INVESTED IN PARTY STATE NURSE LICENSING BOARDS

Notwithstanding any other powers, party state nurse licensing boards shall have the authority to do all of the following:

a. If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse.

b. Issue subpoenas for both hearings and investigations which require the attendance and testimony of witnesses, and the production of evidence. Subpoenas issued by a nurse licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceed-

ings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses or evidence is located.

c. Issue cease and desist orders to limit or revoke a nurse's authority to practice in the state.

d. Promulgate uniform rules and regulations as provided for in article VIII, section c.

ARTICLE VII — COORDINATED LICENSURE INFORMATION SYSTEM

a. All party states shall participate in a cooperative effort to create a coordinated database of all licensed registered nurses and licensed practical or vocational nurses. This system shall include information on the licensure and disciplinary history of each nurse, as contributed by party states, to assist in the coordination of nurse licensure and enforcement efforts.

b. Notwithstanding any other provision of law, all party states' licensing boards shall promptly report adverse actions, actions against multistate licensure privileges, any current significant investigative information yet to result in adverse action, denials of applications, and the reasons for such denials, to the coordinated licensure information system.

c. Current significant investigative information shall be transmitted through the coordinated licensure information system only to party state licensing boards.

d. Notwithstanding any other provision of law, all party states' licensing boards contributing information to the coordinated licensure information system may designate information that shall not be shared with nonparty states or disclosed to other entities or individuals without the express permission of the contributing state.

e. Any personally identifiable information obtained by a party state's licensing board from the coordinated licensure information system shall not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

f. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

g. The compact administrators, acting jointly with each other and in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this compact.

ARTICLE VIII — COMPACT ADMINISTRATION AND INTERCHANGE OF INFORMATION

a. The head of the nurse licensing board, or the head's designee, of each party state shall be the administrator of this compact for the head's state.

b. The compact administrator of each party state shall furnish to the compact administrator of each other party state any information and documents including, but not limited to, a uniform data set of investigations, identifying information, licensure data, and disclosable alternative program participation information to facilitate the administration of this compact.

c. Compact administrators shall have the authority to develop uniform rules to facilitate and coordinate implementation of this compact. These uniform rules shall be adopted by party states, under the authority invested under article VI, section d.

ARTICLE IX — IMMUNITY

A party state or the officers or employees or agents of a party state's nurse licensing board who acts in accordance with the provisions of this compact shall not be liable on account of any act or omission in good faith while engaged in the performance of their duties under this compact. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

ARTICLE X — ENTRY INTO FORCE, WITHDRAWAL, AND AMENDMENT

a. This compact shall enter into force and become effective as to any state when it has been enacted into the laws of that state. Any party state may withdraw from this compact by enacting a statute repealing the same, but such withdrawal shall not take effect until six months after the withdrawing state has given notice of the withdrawal to the executive heads of all other party states.

b. Withdrawal shall not affect the validity or applicability by the licensing boards of states remaining party to the compact of any report of adverse action occurring prior to the withdrawal.

c. This compact shall not be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a nonparty state that is made in accordance with the other provisions of this compact.

d. This compact may be amended by the party states. An amendment to this compact shall not become effective and binding upon the party states unless and until it is enacted into the laws of all party states.

ARTICLE XI — CONSTRUCTION AND SEVERABILITY

a. This compact shall be liberally construed so as to effectuate the purposes thereof. The provi-

sions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party state, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

b. 1. In the event party states find a need for settling disputes arising under this compact, the party states may submit the issues in dispute to an arbitration panel which shall be comprised of an individual appointed by the compact administra-

tor in the home state, an individual appointed by the compact administrator in the remote state or states involved, and an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute.

2. The decision of a majority of the arbitrators shall be final and binding.

153.33 Powers of board.

Subject to the provisions of this chapter, any provision of this subtitle to the contrary notwithstanding, the board shall exercise the following powers:

1. To initiate investigations of and conduct hearings on all matters or complaints relating to the practice of dentistry or dental hygiene or pertaining to the enforcement of any provision of this chapter, to provide for mediation of disputes between licensees and their patients when specifically recommended by the board, to revoke or suspend licenses or the renewal thereof issued under this or any prior chapter, to provide for restitution to patients, and to otherwise discipline licensees.

Subsequent to an investigation by the board, the board may appoint a disinterested third party to mediate disputes between licensees and patients. Referral of a matter to mediation shall not preclude the board from taking disciplinary action against the affected licensee.

2. To appoint investigators, who shall not be members of the examining board, to administer and aid in the enforcement of the provisions of law

relating to those persons licensed to practice dentistry and dental hygiene. The amount of compensation for the investigators shall be determined pursuant to chapter 19A. Investigators authorized by the board of dental examiners have the powers and status of peace officers when enforcing this chapter and chapters 147 and 272C.

3. All employees needed to administer this chapter shall be appointed pursuant to the merit system.

4. To initiate in its own name or cause to be initiated in a proper court appropriate civil proceedings against any person to enforce the provisions of this chapter or this subtitle relating to the practice of dentistry, and the board may have the benefit of counsel in connection therewith. Any such judicial proceeding as may be initiated by the board shall be commenced and prosecuted in the same manner as any other civil action and injunctive relief may be granted therein without proof of actual damage sustained by any person but such injunctive relief shall not relieve the person so enjoined from criminal prosecution by the attorney general or county attorney for violation of any provision of this chapter or this subtitle relating to the practice of dentistry.

5. In any investigation made or hearing conducted by the board on its own motion, or upon written complaint filed with the board by any person, pertaining to any alleged violation of this chapter or the accusation against any licensee, the following procedure and rules so far as material to such investigation or hearing shall obtain:

a. The accusation of such person against any licensee shall be reduced to writing, verified by some person familiar with the facts therein stated, and three copies thereof filed with the board.

b. If the board shall deem the charges sufficient, if true, to warrant suspension or revocation of license, it shall make an order fixing the time and place for hearing thereon and requiring the licensee to appear and answer thereto, such order, together with a copy of the charges so made to be served upon the accused at least twenty days before the date fixed for hearing, either personally or by certified or registered mail, sent to the licensee's last known post-office address as shown by the records of the board.

c. At the time and place fixed in said notice for said hearing, or at any time and place to which the said hearing shall be adjourned, the board shall hear the matter and may take evidence, administer oaths, take the deposition of witnesses, including the person accused, in the manner provided by law in civil cases, compel the appearance of witnesses before it in person the same as in civil cases by subpoena issued over the signature of the chairperson of the board and in the name of the state of Iowa, require answers to interrogatories and compel the production of books, papers, accounts, documents and testimony pertaining to the matter under investigation or relating to the hearing.

d. In all such investigations and hearings pertaining to the suspension or revocation of licenses, the board and any person affected thereby may have the benefit of counsel, and upon the request of the licensee or the licensee's counsel the board shall issue subpoenas for the attendance of such witnesses in behalf of the licensee, which subpoenas when issued shall be delivered to the licensee or the licensee's counsel. Such subpoenas for the attendance of witnesses shall be effective if served upon the person named therein anywhere within this state, provided, that at the time of such service the fees now or hereafter provided by law for witnesses in civil cases in district court shall be paid or tendered to such person.

e. In case of disobedience of a subpoena lawfully served hereunder, the board or any party to such hearing aggrieved thereby may invoke the aid of the district court in the county where such hearing is being conducted to require the attendance and testimony of such witnesses. Such district court of the county within which the hearing is being conducted may, in case of contumacy or refusal to obey such subpoena, issue an order requiring such person to appear before said board, and if so ordered give evidence touching the matter involved in the hearing. Any failure to obey such order of the court may be punished by such court as a contempt thereof.

f. If the licensee pleads guilty, or after hearing shall be found guilty by the board of any of the charges made, it may suspend for a limited period or revoke the license and the last renewal thereof, and shall enter the order on its records and notify the accused of the revocation or suspension of the person's license, as the case may be, who shall thereupon forthwith surrender that license to the board. Any such person whose license has been so revoked or suspended shall not thereafter and while such revocation or suspension is in force and effect practice dentistry or dental hygiene within this state.

g. The findings of fact made by the board acting within its power shall, in the absence of fraud, be conclusive, but the district court shall have power to review questions of law involved in any final decision or determination of the board; provided, that application is made by the aggrieved party within thirty days after such determination by certiorari, mandamus or such other method of review or appeal permitted under the laws of this state, and to make such further orders in respect thereto as justice may require.

h. Pending the review and final disposition thereof by the district court, the action of the board suspending or revoking such license shall not be stayed.

6. To adopt rules regarding infection control in dental practice which are consistent with standards of the federal Occupational Safety and Health Act of 1970, 29 U.S.C. § 651-678, and recommendations of the centers for disease control.

7. To promulgate rules as may be necessary to implement the provisions of this chapter.

The dentist member of the committee must have supervised and worked in collaboration with a dental hygienist for a period of at least three years immediately preceding election to the committee. The dentist member shall be elected to the committee annually by a majority vote of board members.

2. The committee shall have the authority to adopt recommendations regarding the practice, discipline, education, examination, and licensure of dental hygienists, subject to subsection 3, and shall carry out duties as assigned by the board. The committee shall have no regulatory or disciplinary authority with regard to dentists, dental assistants, dental lab technicians, or any other auxiliary dental personnel.

3. The board shall ratify recommendations of the committee at the first meeting of the board following adoption of the recommendations by the committee, or at a meeting of the board specifically called for the purpose of board review and ratification of committee recommendations. The board shall decline to ratify committee recommendations only if the board makes a specific finding that a recommendation exceeds the jurisdiction or expands the scope of the committee beyond the authority granted in subsection 2, creates an undue financial impact on the board, or is not supported by the record. The board shall pay the necessary expenses of the committee and of the board in implementing committee recommendations ratified by the board.

4. This section shall not be construed as impacting or changing the scope of practice of the profession of dental hygiene or authorizing the independent practice of dental hygiene.

Notwithstanding section 272C.3, licensee discipline may include a civil penalty not to exceed ten thousand dollars. Pursuant to this section, the board may discipline a licensee for any of the following reasons:

1. For fraud or deceit in procuring the license or the renewal thereof to practice dentistry or dental hygiene.

2. For being guilty of willful and gross malpractice or willful and gross neglect in the practice of dentistry or dental hygiene.

3. For fraud in representation as to skill or ability.

9. For failure to maintain a reasonably satisfactory standard of competency in the practice of dentistry or dental hygiene.

10. For the conviction of a felony in the courts of this state or another state, territory, or country. Conviction as used in this subsection includes a conviction of an offense which if committed in this state would be a felony without regard to its designation elsewhere, and includes a finding or verdict of guilt made or returned in a criminal proceeding even if the adjudication of guilt is withheld or not entered. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state constitutes conclusive evidence of the conviction.

11. For a violation of a law of this state, another state, or the United States, without regard to its designation as either a felony or misdemeanor, which law relates to the practice of dentistry or dental hygiene. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state constitutes conclusive evidence of the conviction.

12. The revocation or suspension of a license to practice dentistry or dental hygiene or other disciplinary action taken by a licensing authority of another state, territory, or country. A certified copy of the record or order of suspension, revocation, or disciplinary action is conclusive or prima facie evidence.

14. For an adjudication of mental incompetence by a court of competent jurisdiction. Such adjudication shall automatically suspend a license for the duration of the license unless the board orders otherwise.

5. No hearing aid shall be sold by any individual licensed under this bill to a person twelve years of age or younger, unless within the preceding six months a recommendation for a hearing aid has been made by a physician specializing in otolaryngology. A replacement of an identical hearing aid within one year shall be an exception to this requirement.

6. A licensed hearing aid dealer shall, upon the consummation of a sale of a hearing aid, keep and maintain records in the dealer's office or place of business at all times and each such record shall be kept and maintained for a seven-year period. These records shall include:

[C75, 77, 79, 81, §154A.22]

154A.23 Complaints.

Any person wishing to make a complaint against a licensee or holder of a temporary permit shall file a written statement with the board within twelve months from the date of the action upon

which the complaint is based. If the board determines that the complaint alleges facts which, if proven, would be cause for the suspension or revocation of the license of the licensee or holder of a temporary permit, it shall make an order fixing a time and place for a hearing and requiring the licensee or holder of a temporary permit complained against to appear and defend. The order shall contain a copy of the complaint, and the order and copy of the complaint shall be served upon the licensee or holder of a temporary permit at least twenty days before the date set for hearing, either personally or as provided in section 154A.21. Continuance or adjournment of a hearing date may be made for good cause. At the hearing the licensee or holder of a temporary permit may be represented by counsel. The licensee or holder of a temporary permit and the board may take depositions in advance of hearing and after service of the complaint, and either may compel the attendance of witnesses by subpoenas issued by the board. Either party taking depositions shall give at least five days written notice to the other party of the time and place of such depositions, and the other party may attend, with counsel, if desired, and cross-examine.

If the board determines from the evidence and proofs submitted that the licensee or holder of a temporary permit is guilty of violating any of the provisions of this chapter, or any of the regulations promulgated by the board pursuant to this chapter, the department shall, within thirty days after the hearing, issue an order refusing to issue or renew, or revoking or suspending, as the case may be, the hearing aid dealer's license or temporary permit. The order shall include the findings of fact and the conclusions of law made by the board and counsel. A copy of the order shall be sent to the licensee or holder of a temporary permit by registered mail. The records of the department shall reflect the action taken by the board on the charges, and the department shall preserve a record of the proceedings in a manner similar to that used by courts of record in this state.

The final order of the board in the proceedings may be appealed to the district court of the county where the licensee or holder of a temporary permit resides, or in which the licensed hearing aid dealer's principal place of business is located.

The department shall send a copy of the complaint and a copy of the board's final order to the attorney general for purposes of information in the event the licensee or holder of a temporary permit pursues a court appeal and for consideration as to whether the violations are flagrant enough to justify prosecution. The attorney general and all county attorneys shall assist the department in the enforcement of the provisions of this chapter.

155.9 Duties of the board.

The board shall have the duty and responsibility to:

1. Develop, impose, and enforce standards which must be met by individuals in order to receive a license as a nursing home administrator, which standards shall be designed to insure that nursing home administrators will be individuals who, by training or experience in the field of institutional administration, are qualified to serve as nursing home administrators.

2. Develop and apply appropriate techniques, including examination and investigations, for determining whether an individual meets such standards. The board may administer as many ex-

aminations per year as are necessary, but shall administer at least one examination per year. Any written examination may be given by representatives of the board. Applicants who fail the examination once shall be allowed to take the examination at the next scheduled time. Thereafter, the applicant shall be allowed to take the examination at the discretion of the board. An applicant who has failed the examination may request in writing information from the board concerning the applicant's examination grade and subject areas or questions which the applicant failed to answer correctly, except that if the board administers a uniform, standardized examination, the board shall only be required to provide the examination grade and such other information concerning the applicant's examination results which are available to the board.

3. Issue licenses to individuals who, after application of such techniques, are found to have met such standards; and for cause and after due notice and hearing, revoke or suspend licenses previously issued by such board in any case where the individual holding such license is found to have failed substantially to conform to the requirements of such standards.

The board may also accept the voluntary surrender of such license without necessity of a hearing. In the event of the inability of the regular administrator of a nursing home to perform the administrator's duties or through death or other cause the nursing home is without a licensed administrator, a provisional administrator may be appointed on a temporary basis by the nursing home owner or owners, to perform such duties for a period not to exceed six months.

4. Establish and carry out procedures designed to insure that individuals licensed as nursing home administrators will, during any period that they serve as such, comply with the requirements of such standards.

5. Receive, investigate, and take appropriate action with respect to any charge or complaint filed with the board to the effect that any individual licensed as a nursing home administrator has failed to comply with the requirements of such standards. Such appropriate action may include revocation of a license, if necessary, or placing the licensee on probation for a period not exceeding six months, and shall be taken only for cause after due notice and a hearing on the charge or complaint.

6. Conduct a continuing study and investigation of nursing homes, and administrators of nursing homes, in this state with a view to the improvement of the standards imposed for the licensing of such administrators and of procedures and methods for the enforcement of such standards with respect to administrators of nursing homes who have been licensed as such.

7. Conduct, or cause to be conducted, one or more courses of instruction and training sufficient to meet the requirements of this chapter, and

make provisions for such courses and their accessibility to residents of this state unless it finds that there are, and approves, a sufficient number of courses, which courses are conducted by others within this state. In lieu thereof the board may approve courses conducted within and without this state as sufficient to meet the education and training requirements of this chapter.

Documentation of the use of these funds shall be provided to the board not less than annually for review and comment.

PREFACE TO 2001 IOWA CODE

The 2001 Iowa Code is published pursuant to Code chapter 2B. Its form is substantially the same as the 1999 Iowa Code, and it covers the permanent enactments of the 1999 and 2000 sessions of the Seventy-eighth General Assembly. The 2001 Code is published in four textual volumes and one Tables and Index volume. A Skeleton and Popular Name Index printed on colored paper appears at the end of each volume.

ARRANGEMENTS OF CODE TITLES, SUBTITLES, AND CHAPTERS. The Table of Contents on page v enumerates the titles and subtitles found in the Code, and each volume contains an Analysis by Titles, Subtitles, and Chapters for that volume.

EDITORIAL DECISIONS. If multiple amendments were enacted to a section or part of a section, all changes that are duplicative or otherwise do not appear to conflict are harmonized as required by Code section 4.11. It is generally assumed that a strike or repeal prevails over an amendment to the same material and does not create an irreconcilable conflict, and that the substitution of the correct title of an officer or department as authorized by law does not create a conflict. Code sections 4.4 through 4.11 provide guidance for codifying conflicting provisions. Code section 2B.13 governs the ongoing revision of gender references, authorizes other editorial changes, and provides for the effective date of the changes. At the end of Volume IV are Code Editor's Notes which explain the major editorial decisions relating to enactments of the 2000 session. The Code Editor's Notes relating to enactments of the 1999 session appear at the end of the 1999 Code Supplement.

HISTORIES. Bracketed material at the end of many Code sections traces the history of the subject matter of those sections up through 1982. Beginning with the 1985 Code, that form of section history was not updated. An amendment to or enactment of a section which occurred during or after the 1983 legislative session is indicated by the addition of an Acts citation at the end of the section. If a section is transferred to a new location, the section history will indicate the Code or Code Supplement in which the transfer took place.

CONSTITUTIONS. A codified version of the 1857 Constitution of the State of Iowa, as well as the original version, is included with the introductory material at the beginning of Volume I.

TABLES. The tables appear at the beginning of the index volume which is entitled "Tables and Index."

The editorial staff of the Iowa Code welcomes your comments and suggestions for improvements.

The department shall develop and implement a program for the prevention of groundwater contamination through sinkholes. The program shall provide for education of landowners and encourage responsible chemical and land management practices in areas of the state prone to the formation of sinkholes.

The program may provide financial incentives for land management practices and the acquisition of conservation easements around sinkholes. The program may also provide financial assistance for the cleanup of wastes dumped into sinkholes.

The program shall be coordinated with the groundwater protection programs of the department of natural resources and other local, state, or federal government agencies which could compensate landowners for resource protection measures. The department shall use moneys appropriated for this purpose from the agriculture management account of the groundwater protection fund.

159.29 Agricultural drainage wells.

1. An owner of an agricultural drainage well shall register the well with the department of natural resources by September 30, 1988. The department of agriculture and land stewardship, in cooperation with the department of natural resources, shall adopt rules, pursuant to chapter 17A, which provide for an appeals process for violations of this subsection.

2. An owner of an agricultural drainage well and a landholder whose land is drained by the well or wells of another person shall develop, in consultation with the department of agriculture and land stewardship and the department of natural resources, a plan which proposes alternatives to the use of agricultural drainage wells by July 1, 1998.

a. Financial incentive moneys may be allocated from the financial incentive portion of the agriculture management account of the groundwater protection fund to implement alternatives to agricultural drainage wells.

b. An owner of an agricultural drainage well and a landholder whose land is drained by the well or wells of another person shall not be eligible for financial incentive moneys pursuant to paragraph "a" if the owner fails to register the well with the department of natural resources by September 30, 1988, or if the owner fails to develop a plan for alternatives in cooperation with the department of agriculture and land stewardship and the department of natural resources.

3. The department shall:

a. On July 1, 1987 initiate a pilot demonstration and research project concerning elimination of groundwater contamination attributed to the use of agricultural chemicals and agricultural drainage wells. The project shall be established in a location in north central Iowa determined by the department to be the most appropriate. A demonstration project shall also be established in northeast Iowa to study techniques for the cleanup of sinkholes.

The agricultural drainage well pilot project shall be designed to identify the environmental, economic, and social problems presented by continued use or closure of agricultural drainage wells and to monitor possible contamination caused by agriculture land management practices and agricultural chemical use relative to agricultural drainage wells.

b. Develop alternative management practices based upon the findings from the demonstration projects to reduce the infiltration of synthetic organic compounds into the groundwater through agricultural drainage wells and sinkholes.

c. Examine alternatives and the costs of implementation of alternatives to the use of agricultural drainage wells, and examine the legal, technical, and hydrological constraints for integrating alter-

native drainage systems into existing drainage districts.

4. Financial incentive moneys expended through the use of the financial incentive portion of the agriculture management account may be provided by the department to landowners in the project areas for employing reduced chemical farming practices and land management techniques.

5. The secretary may appoint interagency committees and groups as needed to coordinate the involvement of agencies participating in department sponsored projects. The interagency committees and groups may accept grants and funds from public and private organizations.

6. The department shall publish a report on the status and findings of the pilot demonstration projects on or before July 1, 1989, and each subsequent year of the projects. The department of agriculture and land stewardship shall develop a priority system for the elimination of chemical contamination from agricultural drainage wells and sinkholes. The priority system shall incorporate available information regarding the significance of contamination, the number of registered wells in the area, and the information derived from the report prepared pursuant to this subsection. The highest priority shall be given to agricultural drainage wells for which the above criteria are best met, and the costs of necessary action are at the minimum level.

7. Beginning July 1, 1993, the department shall initiate an ongoing program to meet the goal of eliminating chemical contamination caused by the use of agricultural drainage wells by January 1, 1995, based upon the findings of the report published pursuant to subsection 6.

8. Notwithstanding the prohibitions of section 455B.267, subsection 4, an owner of an agricultural drainage well may make emergency repairs necessitated by damage to the drainage well to minimize surface runoff into the agricultural drainage well, upon the approval of the county board of supervisors or the board's designee of the county in which the agricultural drainage well is located. The approval shall be based upon the following conditions:

a. The well has been registered in accordance with both state and federal law.

b. The applicant will institute management practices including alternative crops, reduced application of chemicals, or other actions which will reduce the level of chemical contamination of the water which drains into the well.

c. The owner submits a written statement that approved emergency repairs are necessary and do not constitute a basis to avoid the eventual closure of the well if closure is later determined to be required. If a county board of supervisors or the board's designee approves the emergency repair of

an agricultural drainage well, the county board of supervisors or the board's designee shall notify the department of natural resources of the approval within thirty days of the approval.

159A.1 Findings.

The general assembly finds and declares the following:

1. The production and processing of agricultural commodities and products represents the foundation of this state’s economy, and the economic viability of this nation is contingent upon the production of wealth generated primarily from materials, including food and fiber, produced on this nation’s family farms.

2. It is necessary to support industries using agricultural commodities to increase the demand for and production and consumption of sources of energy in order to reduce the state’s dependency upon petroleum products; to reduce atmospheric contamination of this state’s environment from the combustion of fossil fuels; and to produce coproducts, such as corn gluten feed, distillers grain,

and solubles, which can be used to increase livestock production in this state.

3. This state adopts a policy of enhancing agricultural production by encouraging the development and use of fuels and coproducts derived from agricultural commodities, as provided in this chapter, including rules adopted by the office of renewable fuels and coproducts and the renewable fuels and coproducts advisory committee.
