161A.4 Soil conservation division — committee.

1. The soil conservation division is established within the department to perform the functions conferred upon it in chapters 161A through 161C, 161E, 161F, 207, and 208. The division shall be administered in accordance with the policies of the state soil conservation committee, which shall advise the division and which shall approve administrative rules proposed by the division for the administration of chapters 161A through 161C, 161E, 161F, 207, and 208 before the rules are adopted pursuant to section 17A.5. If a difference exists between the committee and secretary regarding the content of a proposed rule, the secretary shall notify the chairperson of the committee of the difference within thirty days from the committee’s action on the rule. The secretary and the committee shall meet to resolve the difference within thirty days after the secretary provides the committee with notice of the difference.

The state soil conservation committee consists of a chairperson and eight other voting members. The following shall serve as ex officio nonvoting members of the committee: the director of the Iowa cooperative extension service in agriculture and home economics, or the director’s designee; and the director of the department of natural resources or the director’s designee. Nine voting members shall be appointed by the governor subject to confirmation by the senate. Six of the appointive members shall be persons engaged in actual farming operations, one of whom shall be a resident of each of six geographic regions in the state, including northwest, southwest, north central, south central, northeast, and southeast Iowa,

and no more than one of whom shall be a resident of any one county. The boundaries of the geographic regions shall be established by rule. The seventh, eighth, and ninth appointive members shall be chosen by the governor from the state at large with one appointed to be a representative of cities, one appointed to be a representative of the mining industry, and one appointee who is a farmer actively engaged in tree farming. The committee may invite the secretary of agriculture of the United States to appoint one person to serve with the other members, and the president of the Iowa county engineers association may designate a member of the association to serve in the same manner, but these persons have no vote and shall serve in an advisory capacity only. The committee may perform acts, hold public hearings, and propose and approve rules pursuant to chapter 17A as necessary for the execution of its functions.

2. The committee shall recommend three persons to the secretary of agriculture who shall appoint from the persons recommended an administrative director to head the division who shall serve at the pleasure of the secretary. After reviewing the names submitted, the secretary may request the soil conservation committee to submit additional names for consideration. The committee shall recommend to the secretary each year a budget for the division. The secretary, at the earliest opportunity and prior to formulating a budget, shall meet with representatives of the committee to discuss the committee's recommendation. The committee or division may call upon the attorney general of the state for necessary legal services. The committee may delegate to its chairperson, to one or more of its members, or to one or more agents or employees, powers and duties as it deems proper. Upon request of the committee, for the purpose of carrying out any of the functions assigned the committee or the department by law, the supervising officer of any state agency, or of any state institution of learning shall, insofar as possible under available appropriations, and having due regard to the needs of the agency to which the request is directed, assign or detail the request to the staff or personnel of the agency or institution of learning, and make the special reports, surveys, or studies as the committee requests.

3. The committee shall designate its chairperson, and may change the designation. The members appointed by the governor shall serve for a period of six years. Members shall be appointed in each odd-numbered year to succeed members whose terms expire as provided by section 69.19. Appointments may be made at other times and for other periods as necessary to fill vacancies on the committee. Members shall not be appointed to serve more than two complete six-year terms. Members designated to represent the director of the department of natural resources and the director of the Iowa cooperative extension service in agriculture and home economics shall serve at the

pleasure of the officer making the designation. A majority of the voting members of the committee constitutes a quorum, and the concurrence of a majority of the voting members of the committee in any matter within their duties is required for its determination. Members are entitled to actual expenses necessarily incurred in the discharge of their duties as members of the committee. The expenses paid to the committee members shall be paid from funds appropriated to the department. Each member of the committee may also be eligible to receive compensation as provided in section 7E.6. The committee shall provide for the execution of surety bonds for all employees and officers who are entrusted with funds or property, shall provide for the keeping of a full and accurate record of all proceedings and of all resolutions and orders issued or adopted, and shall provide for an annual audit of the accounts of receipts and disbursements.

4. In addition to other duties and powers conferred upon the division of soil conservation, the division has the following duties and powers:

a. To offer assistance as appropriate to the commissioners of soil and water conservation districts in carrying out any of their powers and programs.

b. To take notice of each district's long-range resource conservation plan established under section 161A.7, in order to keep the commissioners of each of the several districts informed of the activities and experience of all other districts, and to facilitate an interchange of advice and experience between such districts and cooperation between them.

c. To coordinate the programs of the soil and water conservation districts so far as this may be done by advice and consultation.

d. To secure the cooperation and assistance of the United States and any of its agencies, and of agencies of this state, in the work of such districts.

e. To disseminate information throughout the state concerning the activities and program of the soil and water conservation districts.

f. To render financial aid and assistance to soil and water conservation districts for the purpose of carrying out the policy stated in this chapter.

g. To assist each soil and water conservation district in developing a district soil and water resource conservation plan as provided under section 161A.7. The plan shall be developed according to rules adopted by the division to preserve and protect the public interest in the soil and water resources of this state for future generations and for this purpose to encourage, promote, facilitate, and where such public interest requires, to mandate the conservation and proper control of and use of the soil and water resources of this state, by measures including, but not limited to, the control of floods, the control of erosion by water or by wind, the preservation of the quality of water for its optimum use for agricultural, irrigation, recreational, industrial, and domestic purposes, all of which shall be presumed to be conducive to the public

health, convenience, and welfare, both present and future.

h. To file the district soil and water resource conservation plans as part of a state soil and water resource conservation plan. The state plan shall contain on a statewide basis the information required for a district plan under this section.

i. To establish a position of state drainage coordinator for drainage districts and drainage and levee districts which will keep the management of those districts informed of the activities and experience of all other such districts and facilitate an interchange of advice, experience and cooperation among the districts, coordinate by advice and consultation the programs of the districts, secure the cooperation and assistance of the United States and its agencies and of the agencies of this state and other states in the work of the districts, disseminate information throughout the state concerning the activities and programs of the districts and provide other appropriate assistance to the districts.

DIVISION II

SOIL AND WATER CONSERVATION DISTRICTS

161A.5 Soil and water conservation districts.

1. The one hundred soil and water conservation districts* established in the manner which was prescribed by law prior to July 1, 1975 shall continue in existence with the boundaries and the names* in effect on July 1, 1975. If the existence of a district so established is discontinued pursuant to section 161A.10, a petition for re-establishment of the district or for annexation of the former district's territory to any other abutting district may be submitted to, and shall be acted upon by, the state soil conservation committee in substantially the manner provided by section 467A.5, Code 1975.

2. The governing body of each district shall consist of five commissioners elected on a nonpartisan basis for staggered four-year terms commencing on the first day of January that is not a Sunday or holiday following their election. Any eligible elector residing in the district is eligible to the office of commissioner, except that no more than one commissioner shall at any one time be a resident of any one township. A vacancy is created in the office of any commissioner who changes res-

idence into a township where another commissioner then resides. If a commissioner is absent for sixty or more percent of monthly meetings during any twelve-month period, the other commissioners by their unanimous vote may declare the member's office vacant. A vacancy in the office of commissioner shall be filled by appointment of the state soil conservation committee until the next succeeding general election, at which time the balance of the unexpired term shall be filled as provided by section 69.12.

3. At each general election a successor shall be chosen for each commissioner whose term will expire in the succeeding January. Nomination of candidates for the office of commissioner shall be made by petition in accordance with chapter 45, except that each candidate's nominating petition shall be signed by at least twenty-five eligible electors of the district. The petition form shall be furnished by the county commissioner of elections. Every candidate shall file with the nomination papers an affidavit stating the candidate's name, the candidate's residence, that the person is a candidate and is eligible for the office of commissioner, and that if elected the candidate will qualify for the office. The affidavit shall also state that the candidate is aware that the candidate is disqualified from holding office if the candidate has been convicted of a felony or other infamous crime and the candidate's rights have not been restored by the governor or by the president of the United States.

The signed petitions shall be filed with the county commissioner of elections not later than five p.m. on the sixty-ninth day before the general election. The votes for the office of district commissioner shall be canvassed in the same manner as the votes for county officers, and the returns shall be certified to the commissioners of the district. A plurality is sufficient to elect commissioners, and a primary election for the office shall not be held. If the canvass shows that the two candidates receiving the highest and the second highest number of votes for the office of district commissioner are both residents of the same township, the board shall certify as elected the candidate who received the highest number of votes for the office and the candidate receiving the next highest number of votes for the office who is not a resident of the same township as the candidate receiving the highest number of votes.

161A.6 Commissioners — general provisions.

The commissioners of each soil and water conservation district shall convene on the first day of January that is not a Sunday or holiday in each odd-numbered year. Those commissioners whose term of office begins on that day shall take the oath of office prescribed by section 63.10. The commissioners shall then organize by election of a chairperson and a vice chairperson.

The commissioners of the respective districts shall submit to the department such statements, estimates, budgets, and other information at such times and in such manner as the department may require.

A commissioner shall not receive compensation for the commissioner's services. However, to the extent funds are available, a commissioner is entitled to receive actual expenses necessarily incurred in the discharge of the commissioner's duties, including reimbursement for mileage at the rate provided under section 70A.9 for state business use.

The commissioners may call upon the attorney general of the state for such legal services as they may require. The commissioners may delegate to their chairperson, to one or more commissioners or to one or more agents, or employees, such powers and duties as they may deem proper. The commissioners shall furnish to the division of soil conservation, upon request, copies of such ordinances, rules, regulations, orders, contracts, forms, and other documents as they shall adopt or employ, and such other information concerning their activities as it may require in the performance of its duties under this chapter.

The commissioners shall provide for the execution of surety bonds for all employees and officers who shall be entrusted with funds or property; shall provide for the keeping of a full and accurate record of all proceedings and of all resolutions, regulations, and orders issued or adopted; and shall regularly report to the division a summary of financial information regarding moneys controlled by the commissioners, which are not audited by the state, according to rules adopted by the division.

The commissioners may invite the legislative body of any municipality or county located near the territory comprised within the district to designate a representative to advise and consult with the commissioners of the district on all questions of program and policy which may affect the property, water supply, or other interests of such municipality or county.

161A.7 Powers of districts and commissioners.

A soil and water conservation district organized under this chapter has the following powers, in addition to others granted in other sections of this chapter:

1. To conduct surveys, investigations, and research relating to the character of soil erosion and erosion, floodwater, and sediment damages, and the preventive and control measures needed, to publish the results of such surveys, investigations or research, and to disseminate information concerning such preventive and control measures; provided, however, that in order to avoid duplication of research activities, no district shall initiate any research program except in cooperation with the Iowa agricultural experiment station located at Ames, Iowa, and pursuant to a cooperative agreement entered into between the Iowa agricultural experiment station and such district.

2. To conduct demonstrational projects within the district on lands owned or controlled by this state or any of its agencies, with the consent and cooperation of the agency administering and having jurisdiction thereof, and on any other lands within the district upon obtaining the consent of the owner or occupier of such lands or the necessary rights or interests in such lands, in order to demonstrate by example the means, methods, and measures by which soil and soil resources may be conserved, and soil erosion in the form of soil blowing and soil washing may be prevented and controlled; provided, however, that in order to avoid duplication of agricultural extension activities, no district shall initiate any demonstrational projects, except in cooperation with the Iowa agricultural extension service whose offices are located at Ames, Iowa, and pursuant to a cooperative agreement entered into between the Iowa agricultural extension service and such district.

3. To carry out preventive and control measures within the district, including, but not limited to, crop rotations, engineering operations, methods of cultivation, the growing of vegetation, changes in use of land, and the measures listed in section 161A.2, on lands owned or controlled by this state or any of its agencies, with the consent and cooperation of the agency administering and having jurisdiction thereof, and on any other lands within the district, upon obtaining the consent of the owner or occupier of such lands or the necessary rights or interests in such lands. Any approval or permits from the council required under other provisions of law shall be obtained by the district prior to initiation of any construction activity.

4. To cooperate, or enter into agreements with, and within the limits of appropriations duly made available to it by law, to furnish financial or other aid to any agency, governmental or otherwise, or any owner or occupier of lands within the district,

in the carrying on of erosion-control and watershed protection and flood prevention operations within the district, subject to such conditions as the commissioners may deem necessary to advance the purposes of this chapter.

5. To obtain options upon and to acquire, by purchase, exchange, lease, gift, grant, bequest, devise or otherwise, any property, real or personal, or rights or interests therein; to maintain, administer, and improve any properties acquired, to receive income from such properties and to expend such income in carrying out the purposes and provisions of this chapter; and to sell, lease or otherwise dispose of any of its property or interests therein in furtherance of the purposes and provisions of this chapter.

6. To make available on such terms as it shall prescribe, to landowners or occupiers within the district, agricultural and engineering machinery and equipment, fertilizer, lime, and such other material or equipment as will assist such landowners or occupiers to carry on operations upon their lands for the conservation of soil resources and for the prevention and control of soil erosion and for the prevention of erosion, floodwater, and sediment damages.

7. To construct, improve, and maintain such structures as may be necessary or convenient for the performance of any of the operations authorized in this chapter. Any approval or permits from the council required under other provisions of law shall be obtained by the district prior to initiation of any construction activity.

8. To develop comprehensive plans for the conservation of soil resources and for the control and prevention of soil erosion and for the prevention of erosion, floodwater, and sediment damages within the district, which plans shall specify in such detail as may be possible, the acts, procedures, performances, and avoidances which are necessary or desirable for the effectuation of such plans, including the specification of engineering operations, methods of cultivation, the growing of vegetation, cropping programs, tillage practices, and changes in use of land; and to publish such plans and information and bring them to the attention of owners and occupiers of lands within the district.

9. To sue and be sued in the name of the district; to have a seal, which seal shall be judicially noticed; to have perpetual succession unless terminated as hereinafter provided; to make and execute contracts and other instruments, necessary or convenient to the exercise of its powers; to make, and from time to time amend and repeal, rules not inconsistent with this chapter, to carry into effect its purposes and powers.

10. To accept donations, gifts, and contributions in money, services, materials, or otherwise, from the United States or any of its agencies, or from this state or any of its agencies, and to use or expend such moneys, services, materials, or other contributions in carrying on its operations.

11. As a condition to the extending of any benefits under this chapter to, or the performance of work upon, any lands not owned or controlled by this state or any of its agencies, the commissioners may require contributions in money, services, materials, or otherwise to any operations conferring such benefits, and may require landowners or occupiers to enter into and perform such agreements or covenants as to the permanent use of such lands as will tend to prevent or control erosion thereon.

12. No provisions with respect to the acquisition, operation, or disposition of property by other public bodies shall be applicable to a district organized hereunder unless the legislature shall specifically so state.

13. After the formation of any district under the provisions of this chapter, all participation hereunder shall be purely voluntary, except as specifically stated herein.

14. Subject to the approval of the state soil conservation committee, to change the name of the soil and water conservation district.

15. To provide for the restoration of permanent soil and water conservation practices which are damaged or destroyed because of a disaster emergency as provided in section 161A.75.

16. The commissioners shall, as a condition for the receipt of any state cost-sharing funds for permanent soil conservation practices, require the owner of the land on which the practices are to be established to covenant and file, in the office of the soil and water conservation district of the county in which the land is located, an agreement identifying the particular lands upon which the practices for which state cost-sharing funds are to be received will be established, and providing that the project will not be removed, altered, or modified so as to lessen its effectiveness without the consent of the commissioners, obtained in advance and based on guidelines drawn up by the state soil conservation committee, for a period of twenty years after the date of receiving payment. The commissioners shall assist the division in the enforcement of this subsection. The agreement does not create a lien on the land, but is a charge personally against the owner of the land at the time of removal, alteration, or modification if an administrative order is made under section 161A.61, subsection 3.

17. To encourage local school districts to provide instruction in the importance of and in some of the basic methods of soil conservation, as a part of course work relating to conservation of natural resources and environmental awareness required in rules adopted by the state board of education pursuant to section 256.11, subsections 3 and 4, and to offer technical assistance to schools in developing such instructional programs.

18. To develop a soil and water resource conservation plan for the district.

a. The district plan shall contain a comprehensive long-range assessment of soil and surface wa-

ter resources in the district consistent with rules approved by the committee under section 161A.4. In developing the plan the district may receive technical support from the United States department of agriculture natural resources conservation service and the county board of supervisors in the county where the district is located. The division and the Iowa cooperative extension service in agriculture and home economics may provide technical support to the district. The support may include, but is not limited to, the following: assessing the condition of soil and surface water in the district, including an evaluation of the type, amount, and quality of soil and water, the threat of soil erosion and erosion, floodwater, and sediment damages, and necessary preventative and control measures; developing methods to maintain or improve soil and water condition; and cooperating with other state and federal agencies to carry out this support.

b. The title page of the district plan and a notification stating where the plan may be reviewed shall be recorded with the recorder in the county in which the district is located, and updated as necessary, after the committee approves and the administrator of the division signs the district plan. The commissioners shall provide notice of the recording and may provide a copy of the approved district plan to the county board of supervisors in the county where the district is located. The district plan shall be filed with the division as part of the state soil and water resource conservation plan provided in section 161A.4.

19. To enter into agreements pursuant to chapter 161C with the owner or occupier of land within the district or cooperating districts, or any other private entity or public agency, in carrying out water protection practices, including district and multidistrict projects to protect this state's groundwater and surface water from point and nonpoint sources of contamination, including but not limited to agricultural drainage wells, sinkholes, sedimentation, and chemical pollutants.

The commissioners of any two or more districts organized under the provisions of this chapter may co-operate with one another in the exercise of any or all powers conferred in this chapter.

[C39, §2603.10; C46, §160.8; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §467A.8]

161A.9 State agencies to co-operate.

Agencies of this state which shall have jurisdiction over, or be charged with the administration of, any state-owned lands, and of any county, or other governmental subdivision of the state, which shall have jurisdiction over, or be charged with the administration of, any county-owned or other publicly owned lands, lying within the boundaries of any district organized hereunder, may co-operate to the fullest extent with the commissioners of such districts in the effectuation of programs and operations undertaken by the commissioners under the provisions of this chapter.

[C39, §2603.11; C46, §160.9; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §467A.9]

161A.10 Discontinuance of districts.

At any time after five years after the organization of a district under this chapter, any twenty-five owners of land lying within the boundaries of the district, but in no case less than twenty percent of the owners of land lying within the district, may file a petition with the committee asking that the operations of the district be terminated and the existence of the district discontinued. The committee may conduct public meetings and public hearings upon the petition as necessary to assist in the consideration of the petition. Within sixty days after a petition has been received by the committee, the division shall give due notice of the holding of a referendum, shall supervise the referendum, and shall issue appropriate rules governing the conduct of the referendum. The question is to be submitted by ballots upon which the words "For terminating the existence of the (name of the soil and water conservation district to be here inserted)" and "Against terminating the existence of the (name of the soil and water conservation district to be here inserted)" shall be printed, with a square before each proposition and a direction to insert an X mark in the square before one or the other of the propositions as the voter favors or opposes discontinuance of the district. All owners of lands lying within the boundaries of the district are eligible to vote in the referendum. No informalities in the conduct of the referendum or in any matters relating to the referendum invalidate the referendum or the result of the referendum if notice was given substantially as provided in this section and if the referendum was fairly conducted.

When sixty-five percent of the landowners vote to terminate the existence of the district, the committee shall advise the commissioners to terminate the affairs of the district. The commissioners shall dispose of all property belonging to the dis-

tract at public auction and shall pay over the proceeds of the sale to be deposited into the state treasury. The commissioners shall then file an application, duly verified, with the secretary of state for the discontinuance of the district, and shall transmit with the application the certificate of the committee setting forth the determination of the committee that the continued operation of the district is not administratively practicable and feasible. The application shall recite that the property of the district has been disposed of and the proceeds paid over as provided in this section, and shall set forth a full accounting of the properties and proceeds of the sale. The secretary of state shall issue to the commissioners a certificate of dissolution and shall record the certificate in an appropriate book of record in the secretary of state's office.

Upon issuance of a certificate of dissolution under this section, all ordinances and regulations previously adopted and in force within the districts are of no further force and effect. All contracts previously entered into, to which the district or commissioners are parties, remain in force and effect for the period provided in the contracts. The committee is substituted for the district or commissioners as party to the contracts. The committee is entitled to all benefits and subject to all liabilities under the contracts and has the same right and liability to perform, to require performance, to sue and be sued, and to modify or terminate the contracts by mutual consent or otherwise, as the commissioners of the district would have had.

The committee shall not entertain petitions for the discontinuance of any district nor conduct referenda upon discontinuance petitions nor make determinations pursuant to the petitions in accordance with this chapter, more often than once in five years.

161A.14 Petition to form.

When the landowners in a proposed subdistrict desire that a subdistrict be organized, they shall file a petition with the commissioners of the soil and water conservation district. The area must be contiguous and in the same watershed but it shall not include any area located within the boundaries of an incorporated city. The petition shall set forth an intelligible description by congressional subdivision, or otherwise, of the land suggested for inclusion in the subdistrict and shall state whether the special annual tax or special benefit assessments will be used, or whether the use of both is contemplated. The petition shall contain a brief statement giving the reasons for organization, and requesting that the proposed area be organized as a subdistrict, and must be signed by sixty-five percent of the landowners in the proposed subdistrict. Land already in one subdistrict cannot be included in another. The soil and water conservation dis-

trict commissioners shall review the petition and if it is found adequate shall arrange for a hearing on it.

161A.15 Notice and hearing.

Within thirty days after a petition has been filed with the soil and water district commissioners, they shall fix a date, hour, and place for a hearing and direct the secretary to cause notice to be given to the owners of each tract of land, or lot, within the proposed subdistrict as shown by the transfer books of the auditor's office, and to each lienholder, or encumbrancer, of any such lands as shown by the county records, and to all other persons whom it may concern, and without naming individuals all actual occupants of land in the proposed subdistrict, of the pendency and purpose of the petition and that all objections to establishment of the subdistrict for any reason must be made in writing and filed with the secretary of the soil and water conservation district at, or before, the time set for hearing. The soil and water conservation district commissioners shall consider and determine whether the operation of the subdistrict within the defined boundaries as proposed is desirable, practicable, feasible, and of necessity in the interest of health, safety, and public welfare. All interested parties may attend the hearing and be heard. The soil and water district commissioners may for good cause adjourn the hearing to a day certain which shall be announced at the time of adjournment and made a matter of record. If the soil and water district commissioners determine that the petition meets the requirements set forth in this section and in section 161A.5, they shall declare that the subdistrict is duly organized and shall record such action in their official minutes together with an appropriate official name or designation for the subdistrict.

161A.17 Subdistrict in more than one district.

If the proposed subdistrict lies in more than one soil and water conservation district, the petition may be presented to the commissioners of any one of such districts, and the commissioners of all such districts shall act jointly as a board of commissioners with respect to all matters concerning the subdistrict, including its formation. They shall organize as a single board for such purposes and shall designate its chairperson, vice chairperson, and secretary-treasurer to serve for terms of one year. Such a subdistrict shall be formed in the same manner and has the same powers and duties as a subdistrict formed in one soil and water conservation district.

161A.18 Authentication.

Following the entry in the official minutes of the soil and water district commissioners of the creation of the subdistrict, the commissioners shall certify this fact on a separate form, authentic copies of which shall be recorded with the county recorder of each county in which any portion of the subdistrict lies, and with the division of soil conservation.

161A.19 Governing body.

The governing body of the subdistrict shall appoint three trustees living within the subdistrict to assist with the administration of the subdistrict.

161A.20 Special annual tax.

After obtaining agreements to carry out recommended soil conservation measures and proper farm plans from owners of not less than fifty percent of the lands situated in the subdistrict, a subdistrict shall have the authority to impose a special annual tax, the proceeds of which shall be used for the repayment of actual and necessary expenses incurred to organize the subdistrict, to acquire land or rights or interests therein by purchase or condemnation, repair, alteration, maintenance and operation of the present and future works of improvement within its boundaries.

On or before January 10 of each year its governing body shall make an estimate of the amount it

deems necessary to be raised by such special tax for the ensuing year and transmit said estimate in dollars to the board of supervisors of the county in which the subdistrict lies.

If portions of the subdistrict are in more than one county, then the governing body, as hereinbefore designated in such event, after arriving at the estimate in dollars deemed necessary for the entire subdistrict shall ratably apportion such amount between the counties and transmit and certify the prorated portion to the respective boards of supervisors of each of the counties.

The board or boards of supervisors shall upon receipt of certification from the governing body of the district make the necessary levy on the assessed valuation of all real estate within the boundaries of the subdistrict lying within their respective county to raise said amounts, but in no event to exceed one dollar and eight cents per thousand dollars of assessed value.

The special tax so levied shall be collected in the same manner as other taxes with like penalty for delinquency, with the proceeds therefrom to be kept in a separate account by the appropriate county treasurer or treasurers identified by the official name of the subdistrict and expenditures therefrom shall be made on requisition of the chairperson and secretary of the governing body of the subdistrict.

161A.22 General powers applicable — warrants or bonds.

A subdistrict organized under this chapter has all of the powers of a soil and water conservation district in addition to other powers granted to the subdistrict in other sections of this chapter.

The governing body of the subdistrict, upon determination that benefits from works of improvement as set forth in the watershed work plan to be installed will exceed costs thereof, and that funds needed for purposes of the subdistrict require levy of a special benefit assessment as provided in section 161A.23, in lieu of the special annual tax as provided in section 161A.20, shall record its decision to use its taxing authority and, upon majority vote of the governing body and with the approval of the state soil conservation committee, may issue warrants or bonds payable in not more than forty semiannual installments in connection with the special benefit assessment, and pledge and as-

sign the proceeds of the special benefit assessment and other revenues of the subdistrict as security for the warrants or bonds. The warrants and bonds of indebtedness are general obligations of the subdistrict, exempt from all taxes, state and local, and are not indebtedness of the soil and water conservation district or the state of Iowa.

WATERSHED PROTECTION
AND FLOOD PREVENTION

161A.23 Agreement by fifty percent of landowners.

After obtaining agreements to carry out recommended soil conservation measures and proper farm plans from owners of not less than fifty percent of the lands situated in the subdistrict, the governing body of the subdistrict shall have the authority to establish a special tax for the purpose of organization, construction, repair, alteration, enlargement, extension and operation of present and future works of improvement within the boundaries of said subdistrict. The governing body shall appoint three appraisers to assess benefits and classify the land affected by such improvements. One of such appraisers shall be a competent registered professional engineer and two of them shall be resident landowners of the county or counties in which the subdistrict is located but not living within nor owning or operating any lands included in said subdistrict.

The appraisers shall take and subscribe an oath of their qualifications and to perform the duties of classification of said lands, fix the percentages, benefits and apportion and assess the costs and expenses of construction of the said improvement according to law and their best judgment, skill, and ability. If said appraisers or any of them fail or neglect to act or perform the duties in the time and as required of them by law, the governing body of the subdistrict shall appoint others with like qualifications to take their places and perform said duties.

At the time of appointing said appraisers, the governing body shall fix the time within which said assessment, classification, and apportionment shall be made, which may be extended for good cause shown. Within twenty days after their appointment, they shall begin to inspect and classify all the lands within said district, or any change, extension, enlargement, or relocation

thereof in tracts of forty acres or less according to the legal or recognized subdivisions, in a graduated scale of benefits to be numbered according to the benefit to be received by each of such tracts from such improvement, and pursue said work continuously until completed and, when completed, shall make a full, accurate, and detailed report thereof and file the same with the governing body. The lands receiving the greatest benefit shall be marked on a scale of one hundred, and those benefited in a less degree with such percentage of one hundred as the benefits received bear in proportion thereto.

The amount of benefit appraised to each forty acres of land within the subdistrict shall be determined by the improvements within said subdistrict based upon the work plan as agreed upon by the subdistrict.

The governing body upon receiving the reports from three appointed appraisers and after holding the hearings shall transmit and certify the amounts of assessments to the respective boards of supervisors which upon receipt of certification from the governing body of the district, make the necessary levy of such assessments as fixed by the governing body upon the land within such subdistrict and all assessments shall be levied at that time as a tax and shall bear interest at a rate not exceeding that permitted by chapter 74A from that date payable annually except as hereafter provided as to cash payments therefor within a specified time. The assessment so levied shall be kept in a separate account by the appropriate county treasurer or treasurers, identified by the official name of the subdistrict and expenditures therefrom shall be made on requisition of the chairperson and secretary of the governing body of the subdistrict.

If the owner of any premises against which a levy exceeding one hundred dollars has been made and certified shall, within thirty days from the date of such levy, agree in writing in a separate agreement, that in consideration of having a right to pay the owner's assessment in installments, the owner will not make any objection as to the legality of the assessment for benefit, or the levy of the

taxes against the owner's property, then such owner shall have the following options:

1. To pay one half of the amount of such assessment at the time of filing such agreement and the remaining one half shall become due and payable one year from the date of filing such agreement. All such installments shall be without interest if paid at said times, otherwise said assessments shall bear interest from the date of the levy at a rate fixed by the governing body of the subdistrict, but not exceeding that permitted by chapter 74A, payable annually, and be collected as other taxes on real estate, with like penalty for delinquency.

2. To pay such assessments in not less than ten nor more than forty equal installments, the number to be fixed by the governing body of the subdistrict and interest at the rate fixed by the governing body of the subdistrict, not exceeding that permitted by chapter 74A. The second and each subsequent installment shall become due and payable at the September semiannual tax paying date each year thereafter. All such installments shall be collected with interest accrued on the unpaid balance to the September semiannual tax paying date and as other taxes on real estate, with like penalty for delinquency.

Upon the completion of the reclassification, those affected by such reclassification shall have the right to appeal as hereinabove set forth.

Should the governing body of the subdistrict find it desirable to change from a special annual tax to special benefit assessments it may elect to do so and shall institute proceedings described in sections 161A.23 through 161A.40 and may divert any moneys already collected under section 161A.20, for the purposes authorized in this chapter.

DIVISION V

SOIL AND WATER CONSERVATION PRACTICES

PART 1

DUTIES AND OBLIGATIONS

161A.42 Soil and water conservation practices.

In addition to the definitions established by section 161A.3, as used in this division, unless the context otherwise requires:

1. "*Agricultural land*" has the meaning assigned that term by section 9H.1.

2. "*Conservation agreement*" means a commitment by the owner or operator of a farm unit to implement a farm unit soil conservation plan or, with the approval of the commissioners of the soil and water conservation district within which the farm unit is located, a portion of a farm unit soil conservation plan. The commitment shall be conditioned on the furnishing by the soil and water conservation district of technical or planning assistance in the establishment of, and cost sharing or other financial assistance for establishment and maintenance of the soil and water conservation practices necessary to implement the plan, or a portion of the plan.

3. "*Conservation folder*" means compiled information concerning the topography, soil composition, natural or artificial drainage characteristics, and other pertinent factors concerning a particular farm unit, which is necessary to the preparation of a sound and equitable conservation agreement for that farm unit. The specific items to be contained in a conservation folder shall be prescribed by administrative rules of the department. The department shall provide by rule that an updated farm plan prepared for a particular farm unit within ten years prior to the effective date of this subsection shall be considered an adequate replacement for the conservation folder for that farm unit.

4. "*Cost-share*" or "*cost-sharing*" means a contribution of money made by the state in order to pay a percentage of the costs related to the establishment of voluntary or mandatory practices as provided under this chapter, including but not limited to soil and water conservation practices and erosion control practices.

5. "*Erosion control practices*" means:

a. The construction or installation, and maintenance, of such structures or devices as are necessary to carry to a suitable outlet from the site of any building housing four or more residential units, any commercial or industrial development or any publicly or privately owned recreational or service facility of any kind, not served by a central storm sewer system, any water which:

(1) Would otherwise cause erosion in excess of the applicable soil loss limit; and

(2) Does not carry nor constitute sewage, industrial waste, or other waste as defined by section 455B.171.

b. The employment of temporary devices or structures, temporary seeding, fibre mats, plastic, straw, or other measures adequate to prevent erosion in excess of the applicable soil loss limits from the site of, or land directly affected by, the construction of any public or private street, road or highway, any residential, commercial, or industrial building or development, or any publicly or privately owned recreational or service facility of any kind, at all times prior to completion of such construction.

c. The establishment and maintenance of vegetation upon the right of way of any completed portion of any public street, road, or highway, or the construction or installation thereon of structures or devices, or other measures adequate to prevent erosion from the right of way in excess of the applicable soil loss limits.

6. *"Farm unit"* means a single contiguous tract of agricultural land, or two or more adjacent tracts of agricultural land, located within a single soil and water conservation district, upon which farming operations are being conducted by a person who owns or is purchasing or renting all of the land, or by that person's tenant or tenants. If a landowner has multiple farm tenants, the land on which farming operations are being conducted by each tenant is a separate farm unit. This definition does not prohibit land which is within a single soil and water conservation district and is owned or being purchased by the same person, or is being rented by the same tenant, from being treated as two or more farm units if the commissioners of the soil and water conservation district deem it preferable to do so.

7. *"Farm unit soil conservation plan"* means a plan jointly developed by the owner and, if appropriate, the operator of a farm unit and the commissioners of the soil and water conservation district within which that farm unit is located, based on the conservation folder for that farm unit and identifying those permanent soil and water conservation practices and temporary soil and water conservation practices the use of which may be expected to prevent soil loss by erosion from that farm unit in excess of the applicable soil loss limit or limits. The plan shall if practicable identify alternative practices by which this objective may be attained.

8. *"Forest"* means stands of native or introduced trees containing at least two hundred trees per acre and located on privately owned land. However, a stand of fruit trees is not a forest.

9. *"Professional forester"* means a forestry graduate of an institution of higher learning, who has a minimum of two years of forest management experience.

10. *"Soil and water conservation practices"* means any of the practices designated in or pur-

suant to this subsection which serve to prevent erosion of soil by wind or water, in excess of applicable soil loss limits, from land used for agricultural or horticultural purposes only.

a. *"Permanent soil and water conservation practices"* means planting of perennial grasses, legumes, shrubs, or trees, the establishment of grassed waterways, and the construction of terraces, or other permanent soil and water practices approved by the committee.

b. *"Temporary soil and water conservation practices"* means planting of annual or biennial crops, use of strip-cropping, contour planting, or minimum or mulch tillage, and any other cultural practices approved by the committee.

11. *"Soil loss limit"* means the maximum amount of soil loss due to erosion by water or wind, expressed in terms of tons per acre per year, which the commissioners of the respective soil and water conservation districts determine is acceptable in order to meet the objectives expressed in section 161A.2.

12. *"State forester"* means a person employed by the department of natural resources as required by section 456A.13.

161A.43 Duty of property owners — liability.

To conserve the fertility, general usefulness, and value of the soil and soil resources of this state, and to prevent the injurious effects of soil erosion, it is hereby made the duty of the owners of real property in this state to establish and maintain soil and water conservation practices or erosion control practices, as required by the regulations of the commissioners of the respective soil and water conservation districts. As used in this section, *"owners of real property in this state"* includes each state government agency, each political subdivision of the state and each agency of such a political subdivision which has under its control publicly owned land, including but not limited to agricultural land, forests, parks, the grounds of state educational, penal and human service institutions, public highways, roads and streets, and other public rights of way.

A landowner shall not be liable for a claim based upon or arising out of a claim of negligent design or specification, negligent adoption of design or specification, or negligent installation, construction, or reconstruction of a soil and water conservation practice or an erosion control practice that was installed, constructed, or reconstructed in accordance with generally recognized engineering or safety standards, criteria, or design theory in existence at the time of the installation,

construction, or reconstruction. A soil and water conservation practice or an erosion control practice installed, constructed, or reconstructed in compliance with rules adopted by the division and currently in effect shall be deemed to be installed, constructed, or reconstructed according to generally recognized engineering or safety standards, criteria, or design theory in existence at the time of the installation, construction, or reconstruction. A claim shall not be allowed for failure to upgrade, improve, or alter any aspect of an existing soil and water conservation practice or erosion control practice to a new, changed, or altered design standard. This paragraph does not apply to a claim based on a failure of a landowner to upgrade, improve, or alter a soil and water conservation practice or erosion control practice in violation of law. This paragraph does not apply to claims based upon gross negligence.

161A.44 Rules by commissioners — scope.

The commissioners of each soil and water conservation district shall, with approval of and within time limits set by administrative order of the state soil conservation committee, adopt reasonable regulations as are deemed necessary to establish a soil loss limit or limits for the district and provide for the implementation of the limit or limits, and may subsequently amend or repeal their regulations as they deem necessary. The committee shall review the soil loss limit regulations adopted by the soil and water conservation districts at least once every five years, and shall recommend changes in the regulations of a soil and water conservation district which the committee deems necessary to assure that the district's soil loss limits are reasonable and attainable. The commissioners may:

1. Classify land in the district on the basis of topography, soil characteristics, current use, and other factors affecting propensity to soil erosion.
2. Establish different soil loss limits for different classes of land in the district if in their judgment and that of the state soil conservation committee a lower soil loss limit should be applied to some land than can reasonably be applied to other land in the district, it being the intent of the general assembly that no land in the state be assigned a soil loss limit that cannot reasonably be applied to such land.
3. Require the owners of real property in the district to employ either soil and water conservation practices or erosion control practices, and:
 - a. May not specify the particular practices to be employed so long as such owners voluntarily comply with the applicable soil loss limits established for the district.

b. May specify two or more approved soil and water conservation practices or erosion control practices, one of which shall be employed by the landowner to bring erosion from land under the landowner's control within the applicable soil loss limit of the district when an administrative order is issued to the landowner.

c. In no case may the commissioners require:

(1) The employment of erosion control practices as defined in section 161A.42, subsection 4, on land used in good faith for agricultural or horticultural purposes only.

(2) The employment of soil and water conservation practices or erosion control practices on that portion of any public street, road or highway completed or under construction within the corporate limits of any city, which is or will become the traveled or surfaced portion of such street, road, or highway.

(3) That any owner or operator of agricultural land refrain from fall plowing of land on which the owner or operator intends to raise a crop during the next succeeding growing season, however on those lands which are prone to excessive wind erosion the commissioners may require that reasonable temporary measures be taken to minimize the likelihood of wind erosion so long as such measures do not unduly increase the cost of operation of the farm on which the land is located. However, fall plowing of soil which is commonly known as gumbo shall always be permitted.

d. May require that a person under an order to employ soil and water conservation practices or erosion control practices submit up to three bids to the commissioners for the work and provide an explanation to the commissioners if a bid other than the lowest bid has been selected by that person.

161A.45 Submission of regulations to committee — hearing.

Regulations which the commissioners propose to adopt, amend, or repeal shall be submitted to the committee, in a form prescribed by the committee, for its approval. The committee may approve the regulations as submitted, or with amendments as it deems necessary. The commissioners shall, after approval, publish notice of hearing on the proposed regulations, as approved, in a newspaper of general circulation in the district, setting a date and time not less than ten nor more than thirty days after the publication when a hearing on the proposed regulations will be held at a specified place. The notice shall include the full text of the proposed regulations or shall state that the proposed regulations are on file and available for review at the office of the affected soil and water conservation district.

At the hearing, the commissioners or their designees shall explain, in reasonable detail, the reasons why adoption, amendment, or repeal of the regulations is deemed necessary or advisable. Any landowner, or any occupant of land who would be affected by the regulations, shall be afforded an opportunity to be heard for or against the proposed regulations. At the conclusion of the hearing, the commissioners shall announce and enter of record their decision whether to adopt or modify the proposed regulations. Any modification must be approved by the committee, which may at its discretion order the commissioners to republish the regulations and hold another hearing in the manner prescribed by this chapter.

161A.47 Inspection of land on complaint.

The commissioners shall inspect or cause to be inspected any land within the district to determine if land is being damaged by sediment, from soil erosion occurring on neighboring land in excess of the limits established by the district's soil erosion control regulations. If the land is privately owned, the commissioners shall make or cause to be made the inspection, upon receiving a written complaint signed by an owner or occupant of land claiming that the owner's or occupant's land is being damaged by sediment. If the land is subject to a public interest, the commissioners shall make or cause to be made the inspection upon a majority vote of commissioners at an open meeting held pursuant to chapter 21. Land is subject to a public interest if the land is publicly held, subject to an easement held by the public, or the subject of an improvement made at public expense.

If, after the inspection, the commissioners find that sediment damages are occurring to land which is owned or occupied by the person filing the complaint or subject to a public interest, and that excess soil erosion is occurring on neighboring land, the commissioners shall issue an administrative order to the landowner or landowners of record, and to the occupant of the land if known to the commissioners. The order shall describe the land and state as nearly as possible the extent to which soil erosion on the land exceeds the limits established by the district's regulations. The order shall be delivered either by personal service or by restricted certified mail to each of the persons to whom it is directed, and shall:

1. In the case of erosion occurring on the site of any construction project or similar undertaking involving the removal of all or a major portion of

the vegetation or other cover, exposing bare soil directly to water or wind, state a time not more than five days after service or mailing of the notice of the order when work necessary to establish or maintain erosion control practices must be commenced, and a time not more than thirty days after service or mailing of the notice of the order when the work is to be satisfactorily completed.

2. In all other cases, state a time not more than six months after service or mailing of the notice of the order, by which work needed to establish or maintain the necessary soil and water conservation practices or erosion control measures must be commenced, and a time not more than one year after the service or mailing of the notice of the order when the work is to be satisfactorily completed, unless the requirements of the order are superseded by the provisions of section 161A.48.

161A.48 Mandatory establishment of soil and water conservation practices.

1. An owner or occupant of agricultural land in this state is not required to establish any new permanent or temporary soil and water conservation practice unless cost-share or other public moneys have been specifically approved for that land and made available to the owner or occupant pursuant to section 161A.74.

2. Evidence that an application for cost-share or other public moneys, from a source or sources having authority to pay a portion of the cost of work needed to comply with an administrative order issued pursuant to section 161A.47, has been submitted to the proper officer or agency constitutes commencement of the work within the meaning of sections 161A.43 through 161A.53.

3. Upon receiving evidence of the submission of an application, the commissioners shall forward to the officer or agency to which the application was made a written request to receive notification of the disposition of the application. When notified of the approval of the application, the commissioners shall issue to the same parties who received the original administrative order, or their successors in interest, a supplementary order, to be delivered in the same manner as provided by sections 161A.43 to 161A.53 for delivery of original administrative orders. The supplementary order shall state a time, not more than six months after approval of the application for public cost-sharing funds, by which the work needed to comply with the original administrative order shall actually be commenced, and a time thereafter when the work is to be satisfactorily completed. If feasible, that time shall be within one year after the date of the supplementary order, but the owner of land on which a soil and water conservation practice is being established under this section is not required to incur a cost for the practice in any one

calendar year which exceeds ten dollars per acre for each acre of land belonging to that owner and located in the county containing the land on which the required practice is being established or in counties contiguous to that county.

The commissioners shall petition the district court for a court order requiring immediate compliance with an administrative order previously issued by the commissioners as provided in section 161A.47, if:

1. The work necessary to comply with the administrative order is not commenced on or before the date specified in such order, or in any supplementary order subsequently issued as provided in section 161A.48, unless in the judgment of the commissioners the failure to commence or complete the work as required by the administrative order is due to factors beyond the control of the person or persons to whom such order is directed and the person or persons can be relied upon to commence and complete the necessary work at the earliest possible time.

2. Such work is not being performed with due diligence, or is not satisfactorily completed by the date specified in the administrative order, or when completed does not reduce soil erosion from such land below the limits established by the soil and water conservation district's regulations.

3. The person or persons to whom the administrative order is directed advise the commissioners that they do not intend to commence or complete such work.

161A.50 Burden — court order.

In any action brought under section 161A.49, the burden of proof shall be upon the commissioners to show that soil erosion is in fact occurring in excess of the applicable soil loss limits and that the defendant has not established or maintained soil and water conservation practices or erosion control practices in compliance with the soil and water conservation district's regulations. With respect to construction, repair, or maintenance of any public street, road, or highway, evidence that soil erosion control standards equivalent to or in excess of those currently imposed by the United States government on the project or like projects involving use of federal funds shall create a presumption of compliance with the applicable soil loss limit. Upon receiving satisfactory proof, the

court shall issue an order directing the landowner or landowners to comply with the administrative order previously issued by the commissioners. The court may modify such administrative order if deemed necessary. Notice of the court order shall be given either by personal service or by restricted certified mail to each of the persons to whom the order is directed, who may within thirty days from the date of the court order appeal to the supreme court. Any person who fails to comply with a court order issued pursuant to this section within the time specified in such order, unless the order has been stayed pending an appeal, shall be deemed in contempt of court and may be punished accordingly.

161A.51 Entering on land.

The commissioners and their authorized agents or employees may enter upon any private or public property, except private dwellings, at any reasonable time to classify land by soil sampling or other appropriate methods or to determine whether soil erosion is occurring on the property in violation of the district's regulations.

1. If the owner or occupant of any property refuses admittance, or if prior to such refusal the commissioners demonstrate the need for a warrant, the commissioners may make an application under oath or affirmation to the district court of the county in which the property is located for the issuance of a search warrant.

2. In the application the commissioners shall state that entry on the premises is mandated by the laws of this state or that entry is needed to conduct soil sampling necessary to classify soil in the district as specified in section 161A.44, subsection 1, or to determine whether soil erosion is occurring on the property in violation of the district's regulations. The application shall describe the area or premises, give the date of the last known investigation or sampling, give the date and time of the proposed inspection, declare the need for such inspection, recite that notice of desire to make an inspection has been given to affected persons and that admission was refused if that be the fact, and state that the inspection has no purpose other than to carry out the purpose of the statute, ordinance or regulation pursuant to which the inspection is to be made.

3. The court may issue a search warrant, after examination of the applicant and any witnesses, if the court is satisfied that there is probable cause to believe the existence of the allegations in the application.

4. In soil sampling and making investigations pursuant to a warrant, the commissioners must execute the warrant in a reasonable manner within the time period specified in the warrant.

This section applies to all public land which is used for horticultural or agricultural purposes. State soil conservation cost-sharing funds shall not be used on these public lands. Conservation plans required by this section shall be completed by July 1, 1986, and implementation shall occur consistent with the schedule contained in the conservation plan. Application for exemption from this section may be submitted to the appropriate soil and water conservation district. The exemption shall be granted for land upon which soil management research for the purposes of the study, evaluation, understanding and control of erosion, sedimentation and run-off water is conducted by or in conjunction with institutions governed by the board of regents.

161A.61 Discretionary inspection by commissioners — actions upon certain findings.

1. In addition to the authority granted by section 161A.47, the commissioners of a soil and wa-

ter conservation district may inspect or cause to be inspected any land within the district on which they have reasonable grounds to believe that soil erosion is occurring in excess of the limits established by the district's soil erosion control regulations. If the commissioners find from an inspection conducted under authority of either section 161A.47 or this section that soil erosion is occurring on that land in excess of the applicable soil loss limits established by the district's soil erosion control regulations, they shall send notice of that finding to the landowner or landowners of record, and to the occupant of the land if known to the commissioners. The notice shall describe the land affected and shall state as nearly as possible the extent to which soil erosion from that land exceeds the applicable soil loss limits.

a. If the commissioners find that the excessive erosion described in the notice is not causing sediment damage to property owned or occupied by any person other than the owner or occupant of the land on which the excessive soil erosion is occurring, and that the rate of the excessive erosion is less than twice the applicable soil loss limit, the notice required by this subsection shall include or be accompanied by information regarding financial or other assistance which the commissioners are able to make available to the owner or occupant of the land to aid in achieving compliance with the applicable soil loss limits.

b. If the commissioners find that the excessive soil erosion described in the notice is not causing sediment damage to property owned or occupied by any person other than the owner or occupant of the land on which it is occurring, but that the erosion is occurring at a rate equal to or greater than twice the applicable soil loss limit, the notice shall so state, shall include or be accompanied by the information required by paragraph "a" of this subsection, and shall be delivered by personal service or by restricted certified mail to each of the persons to whom the notice is directed. A notice given under this paragraph shall also include or be accompanied by information explaining the provisions of subsection 2.

2. Beginning January 1, 1985, or five years after the completion of the conservation folder for a particular farm unit pursuant to this section, whichever date is later, the commissioners of the soil and water conservation district in which that farm unit is located may petition the district court for an appropriate order with respect to that farm unit if its owner or occupant has been sent a notice by the commissioners under subsection 1, paragraph "b" for three or more consecutive years. The commissioners' petition shall seek a court order which states a time not more than six months after the date of the order when the owner or occupant must commence, and a time when the owner or occupant must complete the steps necessary to comply with the order. The time allowed to complete

the establishment of a temporary soil and water conservation practice employed to comply or advance toward compliance with the court's order shall be not more than one year after the date of that order, and the time allowed to complete the establishment of a permanent soil and water conservation practice employed to comply with the court's order shall be not more than five years after the date of that order. Section 161A.48 applies to a court order issued under this subsection. The steps required of the farm unit owner or operator by the court order are those which are necessary to do one of the following:

a. Bring the farm unit which is the subject of the order into compliance with its farm unit soil conservation plan, if such a plan had been agreed upon prior to the time the commissioners petitioned for the order.

b. Bring the farm unit which is the subject of the order into compliance with a plan developed for that farm unit by the commissioners, in accordance with guidelines established by the division of soil conservation, and presented to the court as a part of the commissioners' petition, if a farm unit soil conservation plan has not previously been agreed upon for that farm unit. A plan presented to the court by the commissioners under this paragraph shall specify as many alternative approved soil and water conservation practices as feasible, among which the owner or occupant of the farm unit may choose in taking the steps necessary to comply with the court's order.

c. Bring the farm unit which is the subject of the order into compliance with a soil conservation plan developed by the owner or occupant of that farm unit as an alternative to the proposed soil conservation plan developed by the commissioners, if the owner or occupant so petitions the court and the court finds that the owner or occupant's plan will bring the farm unit into conformity with the applicable soil loss limits of the district.

3. The commissioners may also cause an inspection of land within the district on which they have reasonable grounds to believe that a permanent soil and water conservation practice established with public cost-sharing funds is not being properly maintained or is being altered in violation of section 161A.7, subsection 16. If the commissioners find that the practices are not being maintained or have been altered in violation of section 161A.7, subsection 16, the commissioners shall issue an administrative order to the landowner who made the unauthorized removal, alteration or modification to maintain, repair, or reconstruct the permanent soil and water conservation practices. The requirement for maintenance and repair is for the length of life as defined in section 161A.7, subsection 16. Public cost-sharing funds are not available for the work under this order. If the landowner fails to comply with the administrative order, the commissioners may petition the district court for an order compelling compliance

with the order. Upon receiving satisfactory proof, the court shall issue an order directing compliance with the administrative order and may modify the administrative order. The provisions of section 161A.50 relating to notice, appeals and contempt of court shall apply to proceedings under this subsection.

161A.62 Duties of commissioners and of owners and occupants of agricultural land — restrictions on use of cost-sharing funds.

The commissioners of each soil and water conservation district shall seek to implement or to assist in implementing the following requirements:

1. Each farm unit shall be furnished a conservation folder complying with the rules of the department by the soil and water conservation district in which the farm unit is located, not later than January 1, 1985, or as soon thereafter as adequate funding is available to permit completion of a conservation folder for every farm unit in the state. Technical assistance in the development of the conservation folder may be provided by the United States department of agriculture natural resources conservation service through the memorandum of understanding with the district or by the department. The department shall provide by rule that an updated farm plan prepared for a particular farm unit within ten years prior to the effective date of this subsection shall be considered an adequate replacement for the conservation folder for that farm unit. Upon completion of the conservation folder for a particular farm unit, the district shall send the owner of that farm unit, and also the operator of the farm unit if known by the commissioners to be other than the owner, a letter offering that person or those persons a copy of the folder. The district shall keep a record of the date the folder is completed and the letter is sent. The folder shall be updated from time to time by the district as it deems necessary.

2. The commissioners of each soil and water conservation district shall complete preparation of a farm unit soil conservation plan for each farm unit within the district, not later than January 1, 1985, or five years after completion of the conservation folder for that farm unit, whichever date is later, or as soon thereafter as adequate funding is available to permit compliance with this requirement. Technical assistance in the development of the farm unit soil conservation plan may be provided by the United States department of agriculture natural resources conservation service through the memorandum of understanding with the district or by the department. The commissioners shall make every reasonable effort to consult with the owner and, if appropriate, with the operator of that farm unit, and to prepare the

plan in a form which is acceptable to that person or those persons. The plan shall be drawn up and completed without expense to the owner or operator of the farm unit, except that the owner or operator shall not be reimbursed for the value of the owner's or occupant's own time devoted to participation in the preparation of the plan. If the commissioners' plan is unacceptable to the owner or operator of the farm unit, that person or those persons may prepare an alternative farm unit soil conservation plan identifying permanent or temporary soil and water conservation practices which may be expected to achieve compliance with the soil loss limit or limits applicable to that farm unit, and submit that plan to the soil and water conservation district commissioners for their review.

3. Within one year after completion of a farm unit soil conservation plan for a particular farm unit which is acceptable both to the commissioners of the soil and water conservation district within which the farm unit is located and to the owner and, if appropriate, to the operator of that farm unit, the commissioners shall offer to enter into a soil conservation agreement with the owner, and also with the operator if appropriate, based on the mutually acceptable farm unit soil conservation plan.

A prospective purchaser of an interest in agricultural land located in this state is entitled to obtain additional copies of either or both of the documents referred to in this section from the office of the soil and water conservation district in which the land is located, promptly upon request, at a fee not to exceed the cost of reproducing them. All persons who identify themselves to the commissioners or staff of a soil and water conservation district as prospective purchasers of agricultural land in the district shall be given information, prepared in accordance with rules of the department, which clearly explains the provisions of section 161A.76.

1. If a political subdivision has adopted a sediment control ordinance which the commissioners and the political subdivision jointly agree is at least as equally effective as the commissioners' rules in preventing erosion from exceeding the established soil loss limits, the commissioners and the political subdivision shall execute an agreement under chapter 28E allowing an agency authorized by the political subdivision to receive and file an affidavit from a person, prior to initiating a land disturbing activity in that subdivision, stating that the proposed activity will not exceed the established soil loss limits. A copy of the affidavit shall be mailed to the district as a part of the terms of the agreement. The affidavit shall be in a form prescribed by the department and made available by the district.

2. Prior to initiating a land disturbing activity in a political subdivision which has not adopted sediment control ordinances as described in subsection 1, a person engaged in the land disturbing activity shall file a signed affidavit with the soil and water conservation district that the project will not exceed the soil loss limits. The affidavit shall be in a form prescribed by the department and made available by the district.

3. For the purposes of this section, "*land disturbing activity*" means a land change such as the tilling, clearing, grading, excavating, transporting or filling of land which may result in soil erosion from water or wind and the movement of sediment and sediment related pollutants into the waters of the state or onto lands in the state but does not include the following:

a. Tilling, planting or harvesting of agricultural, horticultural or forest crops.

b. Preparation for single-family residences separately built unless in conjunction with multiple construction in subdivision development.

c. Minor activities such as home gardens, landscaping, repairs and maintenance work.

d. Surface or deep mining.

e. Installation of public utility lines and connections, fence posts, sign posts, telephone poles, electric poles and other kinds of posts or poles.

f. Septic tanks and drainage fields unless they are to serve a building whose construction is a land disturbing activity.

g. Construction and repair of the tracks, right of way, bridges, communication facilities and other related structures of a railroad.

h. Emergency work to protect life or property.

i. Disturbed land areas of less than twenty-five thousand square feet unless a political subdivision by ordinance establishes a smaller exception or establishes conditions for this exception.

j. The construction, relocation, alteration or maintenance of public roads by a public body.

4. If the agency authorized under subsection 1 determines that a land disturbing activity is not

being conducted in compliance with the soil loss limits, it shall file a written and signed complaint with the soil and water conservation district commissioners. The complaint shall have the same effect and validity as a complaint filed by an owner or occupant of land being damaged by sediment pursuant to section 161A.47. If the affidavit is filed with the district or the political subdivision, the commissioners may proceed on their own complaint. The soil and water conservation district commissioners may issue an administrative order as provided in that section to the person conducting the land disturbing activity.

161A.71 Conservation practices revolving loan fund.

1. The division may establish a conservation practices revolving loan fund composed of any money appropriated by the general assembly for that purpose, and of any other moneys available to and obtained or accepted by the committee from

the federal government or private sources for placement in that fund. Except as otherwise provided by subsection 3, the assets of the conservation practices revolving loan fund shall be used only to make loans directly to owners of land in this state for the purpose of establishing on that land any new permanent soil and water conservation practice which the commissioners of the soil and water conservation district in which the land is located have found is necessary or advisable to meet the soil loss limits established for that land. A loan shall not be made for establishing a permanent soil and water conservation practice on land that is subject to the restriction on state cost-sharing funds of section 161A.76. Revolving loan funds and public cost-sharing funds shall not be used in combination for funding a particular soil and water conservation practice. Each loan made under this section shall be for a period not to exceed ten years, shall bear no interest, and shall be repayable to the conservation practices revolving loan fund in equal yearly installments due March 1 of each year the loan is in effect. The interest rate upon loans for which payment is delinquent shall accelerate immediately to the current legal usury limit. Applicants are eligible for no more than ten thousand dollars in loans outstanding at any time under this program. *“Permanent soil and water conservation practices”* has the same meaning as defined in section 161A.42 and those established under this program are subject to the requirements of section 161A.7, subsection 16. Loans made under this program shall come due for payment upon sale of the land on which those practices are established.

2. The general assembly finds and declares the following:

a. The erosion of topsoil on agricultural land by wind and water is a serious problem within the state and one which threatens to destroy the natural resource most responsible for Iowa's prosperity.

b. It is necessary to the preservation of the economy and well-being of the state to encourage soil conservation practices by providing loans for permanent soil and water conservation practices on agricultural land within the state.

c. The use of state funds for the conservation practices revolving loan fund established under subsection 1 is in the public interest, and the purposes of this section are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned, or granted.

3. The division may:

a. Contract, sue and be sued, and promulgate administrative rules necessary to carry out the provisions of this section, but the committee shall not in any manner directly or indirectly pledge the credit of the state of Iowa.

b. Authorize payment from the conservation practices revolving loan fund and from fees for costs, commissions, attorney fees and other rea-

sonable expenses related to and necessary for making and protecting direct loans under this section, and for the recovery of moneys loaned or the management of property acquired in connection with such loans.

4. This section does not negate the provisions of section 161A.48 that an owner or occupant of land in this state shall not be required to establish any new soil and water conservation practice unless public cost-sharing funds have been approved and are available for the land affected. However, the owner of land with respect to which an administrative order to establish soil and water conservation practices has been issued under section 161A.47 but not complied with for lack of public cost-sharing funds, may waive the right to await availability of such funds and instead apply for a loan under this section to establish any permanent soil and water conservation practices necessary to comply with the order. If a landowner does so, that loan application shall be given reasonable preference by the state soil conservation committee if there are applications for more loans under this section than can be made from the money available in the conservation practices revolving loan fund. If it is found necessary to deny an application for a soil and water conservation practices loan to a landowner who has waived the right to availability of public cost-sharing funds before complying with an administrative order issued under section 161A.47, the landowner's waiver is void.

161A.72 Administration.

1. Financial incentives provided under this chapter shall be administered by the division. The incentives shall be supported with funds appropriated by the general assembly, and moneys available to or obtained by the division or the committee from public or private sources, including but not limited to the United States, other states, or private organizations. The division shall adopt all rules consistent with chapter 17A necessary to carry out the purpose of this division as provided in section 161A.70.

2. The commissioners of a district shall, to the extent funding is available, contract with a person who is an owner or occupant of land within the district applying to establish soil and water conservation practices as provided in this chapter. Under the agreement, the person shall receive financial incentives to establish permanent soil and water conservation practices and management practices, in consideration for promising to maintain the practices according to rules adopted by the divi-

sion. If the land subject to an agreement is converted to a nonagricultural use that does not require a permanent soil and water conservation practice which has been established with financial incentives, the permanent soil and water conservation practice shall not be removed until the owner pays an amount to the district, which shall be deposited into a fund established by the district for use in providing financial incentives under this chapter. The amount shall be a prorated share of the amount paid in financial incentives to establish the practice, as provided in rules adopted by the division.

92 Acts, ch 1184, §7; 96 Acts, ch 1083, §4

161A.73 Voluntary establishment of soil and water conservation practices.

1. The division shall establish voluntary financial incentive programs which shall provide for the following:

a. The allocation of cost-share moneys as financial incentives provided for the purpose of establishing permanent soil and water conservation practices, including but not limited to terraces, diversions, grade stabilization structures, grassed waterways, and critical area planting. The financial incentives shall not exceed fifty percent of the estimated cost of establishing the practices, or fifty percent of the actual cost, whichever is less.

b. The allocation of moneys as financial incentives provided for the purpose of establishing management practices to control soil erosion on land that is row cropped, including but not limited to no-till planting, ridge-till planting, contouring, and contour strip-cropping. The division shall by rule establish limits on the amount of incentives which shall be authorized for payment to landowners upon establishment of the practice.

c. The allocation of cost-share moneys as financial incentives provided to establish practices to protect watersheds above publicly owned lakes of the state from soil erosion and sediment. The financial incentives shall be awarded to watersheds which are of the highest importance based on soil loss as established by the natural resource commission pursuant to section 456A.33A. The financial incentives shall not exceed seventy-five percent of the estimated cost of establishing the practices as determined by the commissioners or seventy-five percent of the actual cost of establishing the practices, whichever is less.

d. The allocation of cost-share moneys as financial incentives to establish permanent grass and buffer zones, including an erosion control structure or an erosion control practice to mitigate the effects of concentrated runoff on surface water quality. The financial incentives shall not exceed one hundred percent of the estimated cost of establishing a zone, as determined by the commissioners, or one hundred percent of the actual cost of establishing the zone, whichever is less.

e. The allocation of cost-share moneys as financial incentives for the same purposes that are supported from the soil and water enhancement account of the resources enhancement and protection fund as provided in section 455A.19, or by the water protection practices account of the water protection fund established pursuant to section 161C.4. The financial incentives shall not exceed fifty percent of the estimated cost of establishing the practices, or fifty percent of the actual cost, whichever is less.

2. The commissioners of a district may establish voluntary financial incentive programs which shall provide for the following:

a. The allocation of cost-share moneys as financial incentives under a special agreement with owners of land in the district who promise to adopt a watershed conservation plan as provided by rules which shall be adopted by the division. The watershed conservation plan shall be in conjunction with the owners' respective farm unit soil conservation plans. The funding agreement must provide for the funding of a project which includes five or more contiguous farm units which have at least five hundred acres of agricultural land and which constitutes at least seventy-five percent of the agricultural land located within a watershed or subwatershed. The financial incentives shall not exceed sixty percent of the estimated cost of the project as determined by the commissioners or sixty percent of the actual cost, whichever is less.

b. The allocation of cost-share moneys as financial incentives to encourage summer construction of permanent soil and water conservation practices. The practices must be constructed on or after June 1 but not later than September 15. The commissioners may also provide for the payment of moneys on a prorated basis to compensate persons for the production loss on an area disturbed by construction, according to rules which shall be adopted by the division. The commissioners shall not allocate cost-share moneys to support summer construction during a fiscal year in which applications for cost-share moneys required to establish permanent soil and water conservation practices, other than established by summer construction, equal the total amount available to support the nonsummer construction practices. The financial incentives shall not exceed sixty percent of the estimated cost of establishing the practice as determined by the commissioners, or sixty percent of the actual cost of establishing the practice, whichever is less.

3. a. The division may reimburse private landowners for a portion of the cost of fencing materials and installation for permanent fence used to protect forest land from domestic livestock grazing, if the division determines that the grazing has caused excessive soil loss. For purposes of this subsection, forests shall be considered as agricultural land eligible for cost-share moneys. The total expenditure of reimbursement moneys shall

not exceed fifty percent of the total landowner expenditures. Expenditures for boundary and road fence construction and for repair and replacement of existing fences are not eligible for reimbursement unless the complete fence is replaced.

b. A landowner shall sign an agreement with the division as a condition for receiving cost-share moneys. The agreement shall provide that the landowner shall maintain the fence for a minimum of ten years and shall follow written professional forester recommendations relating to land protected by fencing. The recommendations must be approved by the state forester or the forester's designee.

c. A landowner who violates the maintenance agreement shall maintain, repair, or reconstruct the damaged fence, or shall pay the division an amount equal to the amount of cost-share moneys reimbursed.

d. The division shall adopt rules to administer this subsection, including rules relating to procedures required to receive reimbursement, and eligibility requirements such as the minimum forest acreage required, and the maximum reimbursement amount allowed.

92 Acts, ch 1184, §8; 92 Acts, ch 1239, §51, 52; 96 Acts, ch 1083, §5; 98 Acts, ch 1040, §1

161A.74 Mandatory establishment of soil and water conservation practices — allocations.

1. The commissioners shall allocate cost-share moneys to establish mandatory soil and water conservation practices, as provided in sections 161A.43 through 161A.53, according to the following requirements:

a. The financial incentives shall not exceed more than fifty percent of the estimated cost of establishing the practices as determined by the commissioners, or fifty percent of the actual cost of establishing the practices, whichever is less. However, the commissioners may allocate an amount determined by the committee for management of soil and water conservation practices, except as otherwise provided regarding land classified as agricultural land under conservation cover.

b. The commissioners shall establish the estimated cost of the permanent soil and water conservation practices in the district based upon one and two-tenths of the average cost of the practices installed in the district during the previous year. The average costs shall be reviewed and approved by the commissioners each year.

2. The committee shall review requirements of this section once each year. The committee may authorize commissioners in districts to condition the establishment of a mandatory soil and water conservation practice in a specific case on a higher proportion of public cost-sharing than is required by this section. The commissioners shall determine the amount of cost-sharing moneys allocated to establish a specific soil and water conservation

practice in accordance with an administrative order issued pursuant to section 161A.47 by considering the extent to which the practice will contribute benefits to the individual owner or occupant of the land on which the practice is to be established.

92 Acts, ch 1184, §9; 92 Acts, ch 1239, §53, 54

161A.75 Use of moneys for emergency repairs.

1. The commissioners of a district may allocate moneys otherwise available for voluntary financial incentive programs as provided in section 161A.73 to provide for the restoration of permanent soil and water conservation practices which are damaged or destroyed because of a disaster emergency. In providing for the restoration, the commissioners may allocate moneys under this section for construction, reconstruction, installation, or repair projects. For each project the commissioners must determine that the allocation is necessary in order to restore permanent soil and water conservation practices in order to prevent erosion in excess of the applicable soil loss limits caused by the disaster emergency.

2. In order to allocate moneys under this section, the disaster emergency must have occurred in an area subject to a state of disaster emergency pursuant to a proclamation made by the governor as provided in section 29C.6. The commissioners shall use the moneys only to the extent that moneys from other sources, including any moneys provided by the state or federal government in response to the disaster emergency, are not adequate. The commissioners are not required to allocate the moneys on a cost-share basis.

3. Following the disaster emergency, the commissioners shall submit a report to the committee providing information regarding restoration projects and moneys allocated under this section for the projects.

97 Acts, ch 59, §2

161A.76 Cost sharing for certain lands restricted.

1. It is the intent of this chapter that, effective January 1, 1981, each tract of agricultural land which has not been plowed or used for growing row crops at any time within fifteen years prior to that date, shall for purposes of this section be considered classified as agricultural land under conservation cover. If a tract of land so classified is thereafter plowed or used for growing row crops, the commissioners of the soil and water conservation district in which the land is located shall not approve use of state cost-sharing funds for establishing permanent or temporary soil and water conservation practices on that tract of land in an amount greater than one-half the amount of cost-sharing funds which would be available for that land if it were not considered classified as agricultural land under conservation cover. The restric-

tion imposed by this section applies even if an administrative order or court order has been issued requiring establishment of soil and water conservation practices on that land. The commissioners may waive the restriction imposed by this section if they determine in advance that the purpose of plowing or row cropping land classified as land under conservation cover is to revitalize permanent pasture and that the land will revert to permanent pasture within two years after it is plowed.

2. When receiving an application for state cost-sharing funds to pay a part of the cost of establishing a permanent or temporary soil and water conservation practice, the commissioners of the soil and water conservation district to which the application is submitted shall require the applicant to state in writing whether, to the best of the applicant's knowledge, the land on which the proposed practice will be established is land considered to be classified as agricultural land under conservation cover, as defined in subsection 1. An applicant who knowingly makes a false statement of material facts or who falsely denies knowledge of material facts in completing the written statement required by this subsection commits a simple misdemeanor and, in addition to the penalty prescribed therefor by law, shall be required to repay to the department any cost-sharing funds made available to the applicant in reliance on the false statement or false denial.

1. As used in this section, unless the context otherwise requires:

a. For purposes of this section only, "*bluffland*" means a cliff, headland, or hill with a broad, steep face along the channel or floodplain of the Missouri or Mississippi river and their tributaries.

b. "*Conservation organization*" means a non-profit corporation incorporated in Iowa or an entity organized and operated primarily to enhance and protect natural resources in this state.

2. A blufflands protection revolving fund is created in the state treasury. All proceeds shall be divided into two equal accounts. One account shall be used for the purchase of blufflands along the Mississippi river and its tributaries and the other account shall be used for the purchase of blufflands along the Missouri river and its tributaries. The proceeds of the revolving fund are appropriated to make loans to conservation organi-

zations which agree to purchase bluffland properties adjacent to state public lands. The department of agriculture and land stewardship, in conjunction with the department of natural resources, shall adopt rules pursuant to chapter 17A to administer the disbursement of funds. Notwithstanding section 12C.7, interest or earnings on investments made pursuant to this section or as provided in section 12B.10 shall be credited to the bluffslands protection revolving fund. Notwithstanding section 8.33, unobligated or unencumbered funds credited to the bluffslands protection revolving fund shall not revert at the close of a fiscal year. However, the maximum balance in the bluffslands protection revolving fund shall not exceed two million five hundred thousand dollars.

Any funds in excess of two million five hundred thousand dollars shall be credited to the rebuild Iowa infrastructure fund.

a. This section is repealed on July 1, 2005.

b. The principal and interest from any bluffslands protection loan outstanding on July 1, 2005, and payable to the bluffslands protection revolving fund, shall be paid to the administrative director of the division of soil conservation on or after July 1, 2005, pursuant to the terms of the loan agreement and shall be credited to the rebuild Iowa infrastructure fund.

161C.2 Water protection projects and practices.

1. *a.* Each soil and water conservation district, alone and whenever practical in conjunction with other districts, shall carry out district-wide and multiple-district projects to support water protection practices in the district or districts, in-

cluding projects to protect this state's groundwater and surface water from point and nonpoint sources of contamination, including but not limited to contamination by agricultural drainage wells, sinkholes, sedimentation, or chemical pollutants.

b. Any work project with an estimated cost of twenty-five thousand dollars or more shall be undertaken as a public contract as provided in chapters 73A and 573. The local contracting organization shall designate a contracting officer and shall establish procedures to manage the contract, approve bills for payment, and review proposed change orders or amendments to the contract.

2. An owner of or occupant of land within a district may establish a water protection practice under this chapter by entering into an agreement with the district in which the owner or occupant receives financial assistance to establish water protection practices in consideration for promising to maintain the practices according to rules adopted by the division. The financial assistance may be in the form of grants, loans, or cost-sharing arrangements. An agreement shall not be binding until the assistance is specifically approved for that land and made available to the owner or occupant.

3. The division shall approve an award of financial assistance based on an application submitted by the owner or occupant of the land. The division may require a copy of the application with an evaluation of the application by the district. Each application for financial assistance shall be considered under a priority system adopted by the district for disbursement of unallocated funds. The district, under the supervision of a district

161C.4 Water protection fund.

A water protection fund is created within the division. The fund is composed of money appropriated by the general assembly for that purpose, and moneys available to and obtained or accepted by the state soil conservation committee from the United States or private sources for placement in the fund. The fund shall be divided into two accounts, the water quality protection projects account and the water protection practices account. The first account shall be used to carry out water quality protection projects to protect the state's surface and groundwater from point and nonpoint sources of contamination. The second account shall be used to establish water protection practices with individual landowners including but not limited to woodland establishment and protection, establishment of native grasses and forbs, sink-hole management, agricultural drainage well management, streambank stabilization, grass

waterway establishment, stream buffer strip establishment, and erosion control structure construction. Twenty-five percent of funds appropriated to the water protection practices account shall be used for woodland establishment and protection, and establishment of native grasses and forbs. Soil and water conservation district commissioners shall give priority to applications for practices that implement their soil and water resource conservation plan. The fund shall be a revolving fund from which moneys may be used for loans, grants, administrative costs, and cost-sharing.

In administering the fund the division may:

1. Contract, sue and be sued, and adopt rules necessary to carry out the provisions of this section, but the division or committee shall not in any manner directly or indirectly pledge the credit of this state.

2. Authorize payment from the water protection fund and from fees for costs, commissions, and other reasonable expenses.

1. An organic nutrient management fund is created in the state treasury under the control of the division. The fund is composed of moneys appropriated by the general assembly, and moneys available to and obtained or accepted by the division or the state soil conservation committee, from the United States or private sources for placement in the fund.

2. Moneys in the fund are subject to an annual audit by the auditor of state. The fund is subject to warrants by the director of revenue and finance, drawn upon the written requisition of the division.

3. The fund shall be used to support the organic nutrient management program provided in section 161C.6. Moneys shall be used to provide financial incentives under the program and to pay for expenses incurred by the division in administering the program. Not more than two percent of the moneys shall be used to pay for administering the program. Moneys expended for financial incentives shall be allocated on a cost-share basis. The division may adopt rules to administer this section.

4. The division shall not in any manner directly or indirectly pledge the credit of the state.

5. Section 8.33 shall not apply to moneys in the fund. Moneys earned as income, including as interest, from the fund shall remain in the fund until expended as provided in this section.

94 Acts, ch 1198, §33

161C.6 Organic nutrient management program.

1. The division shall establish an organic nutrient management program as provided by rules which shall be adopted by the division. The program shall be supported from moneys deposited in the organic nutrient management fund.

2. *a.* The program shall provide financial incentives to establish livestock manure management systems to facilitate the proper utilization of livestock manure as a nutrient source, and to protect the water resources of the state from livestock manure runoff.

b. A person shall not be eligible to participate in the program, unless the person is an individual family farmer, an individual actively engaged in farming as provided in section 9H.1, subsection 1, paragraphs "a" through "c", or the person is a family farm corporation, family farm limited partnership, a family trust, or a family farm limited liability company, all as defined in section 9H.1.

c. The amount of moneys allocated in cost-share payments to a person qualifying under the organic nutrient management program shall not exceed fifty percent of the estimated cost of establishing the system or fifty percent of the actual cost, whichever is less.

d. The division shall maintain records regarding each award of financial incentives under this section, including the name of the person; the amount of the award; the location of the livestock manure management system established with financial incentive moneys; and whether the person is a family farm corporation, family farm limited partnership, family trust, or a family farm limited liability company.

e. The department shall not allocate moneys to a person who is a party to a legal or administrative action, including a contested case proceeding under chapter 17A, which relates to an alleged violation of chapter 455B involving the disposal of livestock waste, until the action is resolved. The department of natural resources shall cooperate with the division by providing information necessary to administer this paragraph.

f. A person shall not use moneys allocated pursuant to this section for purposes of paying an amount imposed pursuant to a fine or civil penalty, or for remediating or restoring the condition of an area contaminated by livestock waste.

g. A person qualifying under the program shall not receive more than seven thousand five hundred dollars in financial incentives during any fiscal year beginning on July 1 and ending on June 30. A person who has received financial assistance in a prior fiscal year is eligible to receive financial assistance in a subsequent fiscal year, unless the

financial assistance is used to support the establishment of a system previously receiving assistance under this program.

94 Acts, ch 1198, §34

161C.7 Watershed protection.

1. The department of agriculture and land stewardship shall initiate and coordinate the establishment of a watershed protection task force and provide staffing assistance to the task force. It is the intent of the general assembly that the task force include representatives of the department of agriculture and land stewardship, the department of natural resources, the emergency management division of the department of public defense, county conservation boards, soil and water conservation districts, and any other appropriate stakeholders. The task force shall study the condition of watershed protection in the state and provide recommendations to the department of agriculture and land stewardship regarding soil conservation, water quality protection, flood control, and other natural resource conservation issues. The task force shall submit recommendations to the department by January 1 of each year through January 1, 2001.

2. The department of agriculture and land stewardship shall implement and administer a watershed protection program. The department of agriculture and land stewardship, in consultation with the department of natural resources, shall annually establish a prioritized list of watersheds that are of the highest importance to the state's water quality. The watershed protection program shall, to the extent practical, target for assistance those watersheds on the prioritized list. A soil and water conservation district, in cooperation with state agencies, local units of government, and private organizations, may submit an application for assistance to the department which provides a strategy for protecting soil, water quality, and other natural resources, and improving flood control in the watershed. Upon approval of an application, the department may provide a grant to the soil and water conservation district for purposes of carrying out the strategy provided in the application.

3. A watershed protection account is created within the water protection fund created in section 161C.4. Moneys credited to the account shall be distributed under the watershed protection program.

4. Administrative rules used for water quality protection projects under the water protection fund shall be used to administer the watershed protection program.

SUBCHAPTER 1
LOESS HILLS DEVELOPMENT AND
CONSERVATION

161D.1 Loess hills development and conservation authority created — membership and duties.

1. A loess hills development and conservation authority is created. The counties of Lyon, Sioux, Plymouth, Cherokee, Woodbury, Ida, Sac, Monona, Crawford, Carroll, Harrison, Shelby, Audubon, Pottawattamie, Cass, Adair, Mills, Montgomery, Adams, Fremont, Page, and Taylor are entitled to one voting member each on the authority, but membership or participation in projects of the authority is not required. Each member of the authority shall be appointed by the respective board of supervisors for a term to be determined by each board of supervisors, but the term shall not be for less than one year. An appointee shall serve without compensation, but an appointee may be reimbursed for actual expenses incurred while performing the duties of the authority as determined by each board of supervisors. The authority shall meet, organize, and adopt rules of procedures as deemed necessary to carry out its duties. The authority may appoint working committees that include other individuals in addition to voting members.

2. The mission of the authority is to develop and coordinate plans for projects related to the unique natural resource, rural development, and infrastructure problems of counties in the deep loess region of western Iowa. The erosion and degradation of stream channels in the deep loess soils has occurred due to historic channelization of the Missouri river and straightening stream channels of its tributaries. This erosion of land has dam-

aged the rural infrastructure of this area, destroyed public roads and bridges, adversely impacted stream water quality and riparian habitat, and affected other public and private improvements. Stabilization of stream channels is necessary to protect the rural infrastructure in the deep loess soils area of the state. The authority shall cooperate with the division of soil conservation of the department of agriculture and land stewardship, the affected soil and water conservation districts, the department of natural resources, and the state department of transportation in carrying out its mission and duties. The authority shall also cooperate with appropriate federal agencies, including the United States environmental protection agency, the United States department of interior, and the United States department of agriculture natural resources conservation service. The authority shall make use of technical resources available through member counties and cooperating agencies.

3. The authority shall administer the loess hills development and conservation fund created under section 161D.2 and shall deposit and expend moneys in the fund for the planning, development, and implementation of development and conservation activities or measures in the member counties.

4. A hungry canyons alliance is created. The hungry canyons alliance shall be governed by a board of directors appointed as provided in its by-laws and the board shall carry out its responsibilities under the general direction of the loess hills development and conservation authority. The by-laws of the hungry canyons alliance are subject to review and approval of the loess hills development and conservation authority.

5. This subchapter is not intended to affect the authority of the department of natural resources

in its acquisition, development, and management of public lands within the counties represented by the authority.

6. In matters relating to the conservation, preservation, or development of the loess hills, state agencies shall coordinate, cooperate, and consult with the loess hills development and conservation authority and its associated alliances.

161D.2 Loess hills development and conservation fund.

A loess hills development and conservation fund is created in the state treasury. The fund shall include a hungry canyons account and a loess hills alliance account which shall be administered by the loess hills development and conservation authority. The proceeds of the respective accounts shall be used for the purposes specified in section 161D.1 or 161D.6 as applicable. The loess hills development and conservation authority may accept gifts, bequests, other moneys including, but not limited to, state or federal moneys, and in-kind contributions for deposit in the fund. The gifts, grants, bequests from public and private sources, state and federal moneys, and other moneys received by the authority shall be deposited in the respective accounts and any interest earned shall be credited to the respective accounts to be used for the purposes specified in section 161D.1 or 161D.6 as applicable. Notwithstanding section 8.33, any unexpended or unencumbered moneys remaining in the fund at the end of the fiscal year shall not revert to the general fund of the state, but the moneys shall remain available for expenditure by the authority in succeeding fiscal years.

At the expiration of a restrictive easement or upon termination for nonperformance, the holder of the restrictive easement shall record an affidavit with the county recorder of the county in which the servient land is located releasing the servient land from the restrictive easement. The holder of the restrictive easement shall send, by certified mail, a copy of the affidavit verifying the recording of the release of the restrictive easement to the landowner. If a holder of the restrictive easement fails to record the release of a restrictive easement at its expiration or for nonperformance, the owner of the servient land may petition the district court for an order removing the restrictive easement. As used in this subsection, “*nonperformance*” means the failure to make an annual payment of any compensation within ninety days of the annual due date.

SUBCHAPTER 2

SOUTHERN IOWA DEVELOPMENT AND CONSERVATION AUTHORITY

161D.11 Southern Iowa development and conservation authority created — membership and duties.

1. A southern Iowa development and conservation authority is created. The counties of Appanoose, Clarke, Davis, Decatur, Jefferson, Lucas,

Monroe, Van Buren, Wapello, and Wayne are entitled to one voting member each on the authority, but membership or participation in projects of the authority is not required. Each member of the authority shall be appointed by the respective board of supervisors for a term to be determined by each board of supervisors, but the term shall not be for less than one year. An appointee shall serve without compensation, but an appointee may be reimbursed for actual expenses incurred while performing the duties of the authority as determined by each board of supervisors. The authority shall meet, organize, and adopt rules of procedures as deemed necessary to carry out its duties. The authority may appoint working committees that include other individuals in addition to voting members.

2. The mission of the authority is to develop and coordinate plans for projects related to the unique natural resources, rural development, and infrastructure problems of counties in the most fragile areas of the southern Iowa drift plain. The authority’s mission is established in part as a response to the erosion of soils, degradation of water resources, and the destabilization of stream channels in the fragile glacial till soils of southern Iowa that have occurred in a large part due to unchecked conversion of grassland to cropland. This land use conversion was brought about by the economic pressures of past federal agricultural policies that disregarded the fragile nature of the southern Iowa soil resource and the incompatibility of these soils with the subsidized commodities. The resulting erosion of the land has damaged the rural infrastructure of this area, destroyed public roads and bridges, adversely impacted stream water quality and riparian habitat, affected other public and private improvements, and severely threatens the potable water supply of the region. Reducing soil erosion, preventing sedimentation, and stopping nutrients and pesticides from entering water resources are all necessary to protect the rural infrastructure in the southern area of the state. Important protection measures include structural improvements and the reestablishment of grasslands for sustainable economic uses.

3. The authority shall cooperate with the division of soil conservation of the department of agriculture and land stewardship, the affected soil and water conservation districts, the department of natural resources, and the state department of transportation in carrying out its mission and duties. The authority shall also cooperate with appropriate federal agencies, including the United States environmental protection agency, the United States department of interior, and the United States department of agriculture natural resources conservation service. The authority shall make use of technical resources available through member counties and cooperating agencies.

4. The authority shall administer the southern Iowa development and conservation fund created under section 161D.12 and shall deposit and expend moneys in the fund for the planning, development, and implementation of development and conservation activities or measures in the member counties.

5. This section is not intended to affect the authority of the department of natural resources in its acquisition, development, and management of public lands within the counties represented by the authority.

161D.12 Southern Iowa development and conservation fund.

A southern Iowa development and conservation fund is created in the state treasury, to be administered by the southern Iowa development and con-

servation authority. The proceeds of the fund shall be used for the purposes specified in section 161D.11. The southern Iowa development and conservation authority may accept gifts, bequests, other moneys including, but not limited to, state or federal moneys, and in-kind contributions for deposit in the fund. The gifts, grants, bequests from public and private sources, state and federal moneys, and other moneys received by the authority shall be deposited in the fund and any interest earned on moneys in the fund shall be credited to the fund to be used for the purposes specified in section 161D.11. Notwithstanding section 8.33, any unexpended or unencumbered moneys remaining in the fund at the end of the fiscal year shall not revert to the general fund of the state, but the moneys shall remain available for expenditure by the authority in succeeding fiscal years.

The county auditor shall certify to the executive council of the state the amounts allocated to each school district in the previous year, on January 2 of each year. The remaining ten percent of a payment received by the county treasurer from the federal government, or as much thereof as is deemed necessary by the board of supervisors, shall be allocated to the local fire departments of the unincorporated villages, townships, and cities of the county which are principally affected by the federal flood control project involved, to be paid and prorated among them as determined by the board of supervisors. For fourteen days after mailing of the notice the owner shall have the right to reclaim the animal upon payment of all reasonable charges, and after the fourteen days the owner shall be deemed to have waived all rights to the abandoned animal. If despite diligent effort an owner cannot be found for the abandoned animal within another seven days, the veterinarian, boarding kennel, or commercial kennel may humanely destroy the abandoned animal.

Each veterinarian, boarding kennel or commercial kennel shall warn its patrons of the provisions of this section by a conspicuously posted notice or by conspicuous type in a written receipt.

162.20 Sterilization.

1. A pound or animal shelter shall not transfer ownership of a dog or cat by sale or adoption, unless the dog or cat is subject to sterilization. The sterilization shall involve a procedure which permanently destroys the capacity of a dog or cat to reproduce, either by the surgical removal or alteration of its reproductive organs, or by the injection or ingestion of a serum. The pound or animal shelter shall not relinquish custody until it provides for one of the following:

a. Sterilization performed by a veterinarian licensed pursuant to chapter 169.

b. The execution of an agreement with a person intended to be the permanent custodian of the dog or cat. The agreement must provide that the custodian shall have the dog or cat sterilized by a veterinarian licensed pursuant to chapter 169.

2. The pound or animal shelter maintaining custody of the dog or cat may require that a person being transferred ownership of the dog or cat reimburse the pound or animal shelter for the amount in expenses incurred by the pound or animal shelter in sterilizing the dog or cat, if the dog or cat is sterilized prior to the transfer of ownership of the dog or cat to the person.

3. *a.* The sterilization agreement may be on a form which shall be prescribed by the department. The agreement shall contain the signature and address of the person receiving custody of the dog or cat, and the signature of the representative of the pound or animal shelter.

The pound or animal shelter may grant an extension of the period required for the completion of the sterilization if the extension is based on a reasonable determination by a licensed veterinarian.

c. A pound or animal shelter shall transfer ownership of a dog or cat, conditioned upon the confirmation that the sterilization has been completed by a licensed veterinarian who performed the procedure. The confirmation shall be a receipt furnished by the office of the attending veterinarian.

d. A person who fails to satisfy the terms of the sterilization agreement shall return the dog or cat within twenty-four hours following receipt of a demand letter which shall be delivered to the person by the pound or animal shelter personally or by certified mail.

4. *a.* A person who does not comply with the provisions of a sterilization agreement is guilty of a simple misdemeanor.

b. A person who fails to return a dog or cat upon receipt of a demand letter is guilty of a simple misdemeanor.

c. A pound or animal shelter which knowingly fails to provide for the sterilization of a dog or cat is subject to a civil penalty of up to two hundred dollars. The department may enforce and collect civil penalties according to rules which shall be adopted by the department. Each violation shall constitute a separate offense. Moneys collected from civil penalties shall be deposited into the general fund of the state and are appropriated on July 1 of each year in equal amounts to each track licensed to race dogs to support the racing dog adoption program as provided in section 99D.27. Upon the third offense, the department may suspend or revoke a certificate of registration issued to the pound or animal shelter pursuant to this chapter. The department may bring an action in district court to enjoin a pound or animal shelter from transferring animals in violation of this section. In bringing the action, the department shall not be required to allege facts necessary to show, or tending to show, a lack of adequate remedy at law, that

irreparable damage or loss will result if the action is brought at law, or that unique or special circumstances exist.

5. This section shall not apply to the following:

a. The return of a dog or cat to its owner by a pound or animal shelter.

b. The transfer of a dog or cat by a pound or animal shelter which has obtained an enforcement waiver issued by the department. The pound or shelter may apply for an annual waiver each year as provided by rules adopted by the department. The department shall grant a waiver, if it determines that the pound or animal shelter is subject to an ordinance by a city or county which includes stricter requirements than provided in this section. The department shall not charge more than ten dollars as a waiver application fee. The fees collected by the department shall be deposited in the general fund of the state.

c. The transfer of a dog or cat to an institution as defined in section 145B.1, a research facility as defined in section 162.2, or a person licensed by the United States department of agriculture as a class B dealer pursuant to 9 C.F.R. subchapter A, part 2. However, a class B dealer who receives an unsterilized dog or cat from a pound or animal shelter shall either sterilize the dog or cat or transfer the unsterilized dog or cat to an institution or research facility provided in this paragraph. The class B dealer shall not transfer a dog to an institution or research facility, if the dog is a greyhound registered with the national greyhound association and the dog raced at a track associated with pari-mutuel racing, unless the class B dealer receives written approval of the transfer from a person who owned an interest in the dog while the dog was racing.

For the purposes of this division, “garbage” means putrescible animal and vegetable wastes resulting from the handling, preparation, cooking, and consumption of foods, including animal carcasses or parts, and includes all waste material, by-products of a kitchen, restaurant, hotel, or

slaughterhouse, every refuse accumulation of animal, fruit, or vegetable matter, liquids or otherwise, except grain not consumed, that is collected from hog sales pen floors in public stockyards and fed under the control of the department of agriculture and land stewardship. Animals or parts of animals, which are processed by slaughterhouses or rendering establishments, and which as part of the processing are heated to not less than 212 degrees F. for thirty minutes, are not garbage for purposes of this chapter.

It shall be unlawful for any person, firm, partnership, or corporation to feed garbage to animals unless such garbage has been heated to a temperature of 212° F. for thirty minutes, or other acceptable method, as provided by rules promulgated by the department, provided this requirement shall not apply to an individual who feeds to the individual’s own animals only the garbage obtained from the individual’s own household. It shall be unlawful for any person, firm, partnership, or corporation to feed any public or commercial garbage to swine after September 1, 1970.

On receipt of such certificate, the department shall issue a license to said applicant to conduct such business at the place specified until the first day of September following date of issue.

The license fee for each processing plant shall be fifty dollars, except that the first license fee may be prorated on a monthly basis as prescribed by the department. MOVEMENT OF SWINE

163.30 Swine imported or native — pig dealers.

1. This section shall apply to all swine moved interstate and intrastate, except swine moved directly to slaughter or to a livestock market for sale directly to a slaughtering establishment for immediate slaughter.

2. When used in this chapter:

a. *“Dealer”* means any person who is engaged in the business of buying for resale, or selling, or exchanging swine as a principal or agent or who claims to be so engaged, but does not include the owner or operator of a farm who does not claim to be so engaged, and who sells or exchanges only those swine which have been kept by the person solely for feeding or breeding purposes.

b. *“Move”* or *“movement”* means to ship, transport, or deliver swine by land, water, or air, except that *“move”* or *“movement”* does not mean a relocation.

c. *“Relocate”* or *“relocation”* means to ship, transport, or deliver swine by land, water, or air, to different premises, if the ownership of the swine does not change, the prior and new premises are located within the state, and the shipment, transportation, or delivery between the prior and new premises occurs within the state.

d. *“Separate and apart”* means a manner of holding swine so as not to have physical contact with other swine on the premises.

3. No person shall act as a dealer without first securing a dealer’s license from the department. The fee for a dealer’s license shall be five dollars per annum and all licenses shall expire on the first day of July following date of issue. Licenses shall be numbered and the dealer shall retain the number from year to year. To secure a license, the applicant must file with the department a bond in the sum of ten thousand dollars with the secretary named as trustee, for the use and benefit of anyone damaged by a violation of this section, except that the bond shall not be required for dealers who are bonded in the same or a greater amount than required pursuant to the federal Packers and Stockyards Act.

Each employee or agent doing business by buying for resale, selling or exchanging feeder swine in the name of a licensed dealer, shall be required to secure a permit and identification card issued by the department showing the person is employed by or represents a licensed dealer. All such permits and identification cards shall be issued upon application forms furnished by the department at a cost of three dollars per annum, and

shall expire on the first day of July following the date of issue.

A permittee shall not represent more than one dealer. Failure of a licensee or permittee to comply with this chapter or a rule made pursuant to this chapter is cause for revocation by the secretary of the permit or license after notice to the alleged offender and the holding of a hearing by the secretary. Rules shall be made in accordance with chapter 17A. A rule, the violation of which is made the basis for revocation, except temporary emergency rules, shall first have been approved after public hearing as provided in section 17A.4 after giving twenty days’ notice of the hearing as follows:

By mailing notice, by ordinary mail, to every person filing a request for notice accompanied by an addressed envelope with prepaid postage. Any person may file such a request to be listed with any agency for notice for the time and place for all hearings on proposed rules, which request shall be accompanied by a remittance of five dollars. Such fee shall be added to the operating fund of the department. The listing shall expire semiannually on January 1 and July 1.

4. All swine moved shall be individually identified with a distinctive and easily discernible ear tag affixed in either ear of the animal or other identification acceptable to the department, which has been specified by rule promulgated under the department’s rulemaking authority. The department shall make ear tags available at convenient locations within each county and shall sell such tags at a price not exceeding the cost to producers and others to comply with this section.

Every seller, dealer and market operator shall keep a record of the ear tag numbers, or other approved identification, and the farm of origin of swine moved by or through that person, which records shall be made available by that person to any appropriate representative of the department or the United States department of agriculture.

5. All swine moved shall be accompanied by an official health certificate or veterinarian inspection certificate issued by the state of origin and prepared and signed by a veterinarian. The health certificate or veterinarian inspection certificate shall show the point of origin, the point of destination, individual identification, immunization status, and, when required, any movement permit number assigned to the shipment by the department. All such movement of swine shall be completed within seventy-two hours unless an extension of time for movement is granted by the department.

However, swine may be moved intrastate directly to an approved state, federal or auction market without such identification or certification, there to be identified and certificated.

However, registered swine for exhibition or breeding purposes which can be individually identified by an ear notch or tattoo or other method approved by the department are excepted from this

identification requirement. In addition, native Iowa swine moved from farm to farm shall be exempted from the identification requirement if the owner transferring possession of the feeder pigs executes a written agreement with the person taking possession of the feeder pigs. The agreement shall provide that the feeder pigs shall not be commingled with other swine for a period of thirty days. The owner transferring possession shall be responsible for making certain that the agreement is executed and for providing a copy of the agreement to the person taking possession.

The department may combine an official health certificate or a veterinarian inspection certificate with a certificate of inspection required under chapter 166D.

6. The department may require issuance of movement permits on certain categories of swine moved, prior to their movement, pursuant to departmental rule. The rule shall be promulgated when in the judgment of the secretary, such movements would otherwise threaten or imperil the eradication of hog cholera in Iowa.

7. All swine moved shall be quarantined separate and apart from other swine located at the Iowa farm of destination for thirty days beginning with their arrival at such premises, or if such incoming swine are not held separate and apart, all swine on such premises shall be thus quarantined, except animals moving from such premises directly to slaughter.

There can only be one transfer by a dealer, involving not more than two markets, prior to quarantine.

8. The use of anti-hog-cholera serum or antibody concentrate shall be in accordance with rules issued by the department.

9. All swine found by a registered veterinarian to have any infectious, contagious, or communicable swine disease after delivery to any livestock sale barn or auction market for resale other than for slaughter, shall be immediately returned to the consignor's premises to be quarantined separate and apart for fifteen days. Such swine may not be moved from such premises for any purpose unless an official health certificate or veterinarian inspection certificate accompanies the movement or unless they are sent to slaughter. This subsection shall in no way supersede the requirements of sections 163A.2 and 163A.3.

A person who falsifies an official health certificate or veterinarian inspection certificate issued pursuant to section 163.30 shall be subject to a civil

penalty of not more than five thousand dollars for each reference to a swine falsified on the certificate. However, a person who falsifies a certificate of inspection issued pursuant to chapter 166D shall be subject to a civil penalty as provided in section 166D.16. A person shall not be subject to both penalties. A person shall also not be subject to a civil penalty totaling more than twenty-five thousand dollars for falsifying a certificate, regardless of the number of swine falsified on the certificate.

A lot or group of designated animals in which reactors have been disclosed shall be under quarantine along with any designated animal from which the lot or group originated or commingled. The designated animals may be sold for slaughter under permit, or returned to their place of origin. In case of hardship the department may upon investigation of the case alter a quarantine order to the extent that the department determines that it is necessary to alleviate the hardship and protect the industry and prospective purchasers. The department shall adopt rules pursuant to chapter 17A necessary in order to administer this section.

However, if the United States department of agriculture is unable to indemnify the owner, the department may indemnify the owner, if money is available.

In the case of individual payment, all cattle shall be individually appraised and the amount of indemnity shall be equal to the difference between the slaughter value and the appraisal price, less the amount of indemnity paid by the United States department of agriculture. Bison shall be appraised as if the bison are beef cattle. The total amount of indemnity paid by the brucellosis and tuberculosis eradication fund for a grade animal or a purebred animal shall not exceed two hundred dollars. [C24, 27, 31, 35, 39, §2665; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §165.1]

165.2 State as accredited area.

The state of Iowa is hereby declared to be and is hereby established as an accredited area for the eradication of bovine tuberculosis from the dairy and breeding cattle of the state. It shall be the duty of the department of agriculture and land stewardship to eradicate bovine tuberculosis in all of the counties of the state in the manner provided by law as it appears in this chapter. Said department shall proceed with the examination, including the tuberculin test, of all such cattle as rapidly as practicable and as is consistent with efficient work, and as funds are available for paying the indemnities as provided by law.

An owner of dairy or breeding cattle in the state shall conform to and abide by the rules laid down by the department and the federal department of agriculture and follow their instructions designed to suppress the disease, prevent its spread, and avoid reinfection of the herd.

[C24, 27, 31, 35, 39, §2666; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §165.2]

165.3 Appraisal.

Before being tested, such animals shall be appraised at their cash value for breeding, dairy, or beef purposes by the owner and a representative of the department, or a representative of the federal department of agriculture, or by the owner and both of such representatives. If these parties cannot agree as to the amount of the appraisal, there shall be appointed three competent and disinterested persons, one by the department, one by the owner, and the third by the first two appointed, to appraise such animals, which appraisal shall be final. Every appraisal shall be under oath or affirmation and the expense of the same shall be paid by the state, except as provided in this chapter.

165.4 Presence of tuberculosis.

If, after such examination, tubercular animals are found, the department shall have authority to order such disposition of them as it considers most desirable and economical. If the department deems that a due regard for the public health warrants it, it may enter into a written agreement with the owner, subject to such conditions as it

may prescribe, for the separation and quarantine of such diseased animals. Subject to such conditions, the diseased animals may continue to be used for breeding purposes.

[C24, 27, 31, 35, 39, §2669; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §165.4]

Any animal retained, under section 165.4, by the owner for ninety days after it has been adjudged infected with tuberculosis shall not be made the basis of any claim for compensation against the state.

[C24, 27, 31, 35, 39, §2670; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §165.5]

165.6 Amount of indemnity.

When breeding animals are slaughtered following any test, there shall be deducted from their appraised value the proceeds from the sale of salvage. The owner shall be paid by the state one-third of the sum remaining after the above deduction is made, but the state shall in no case pay to such owner a sum in excess of seventy-five dollars for any registered purebred animal or fifty dollars for any grade animal.

[C24, 27, 31, 35, 39, §2671; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §165.6]

When any herd meets such requirements the owner shall be entitled to a certificate from the department showing that the herd is a tuberculosis-free accredited herd. 166B.2 General authority.

The department may destroy or require the destruction of any swine which the state veterinarian knows to be, or suspects is, affected with or exposed to hog cholera, whenever the department finds such destruction to be necessary to prevent or reduce the danger of the spread of hog cholera. Disposal of condemned swine shall be under the supervision of a regulatory employee. Salvage of apparently healthy marketable swine is permissible as a minimum provision and may be discontinued in favor of total herd disposition with indemnification as necessary and without such salvage in any case or at any time when it is determined by the department and the United States department of agriculture that the procedure would constitute an undue threat to the eradication program. Before being condemned and ordered to be destroyed, a positive diagnosis of hog cholera affecting the herd must be confirmed by a state or federal laboratory or personnel approved by the department and the United States department of agriculture.

[C66, 71, 73, 75, 77, 79, 81, §166B.2]

166B.3 Appraisal and indemnification.

The department shall appraise any swine destroyed or ordered destroyed pursuant to this chapter at not to exceed current market value and shall indemnify the owner of such swine in an amount not to exceed two hundred dollars for purebred, inbred or hybrid or breeding swine; and

not to exceed one hundred dollars for all other swine, provided that fifty percent or more of all such indemnities are paid by the United States department of agriculture.

[C66, 71, 73, 75, 77, 79, 81, §166B.3]

166B.4 Institution of indemnification.

It is hereby recognized and declared that indemnification for destruction of swine infected with or exposed to hog cholera is an expression of the public policy of this state but employed only in the final stages of eradication of the disease, or as a means of preventing or minimizing its recurrence. The department of agriculture and land stewardship shall not therefore institute an initial program of indemnification pursuant to the chapter until it is mutually agreed between the state department of agriculture and land stewardship and the United States department of agriculture that such action is necessary in order to carry out the hog-cholera eradication program.

[C66, 71, 73, 75, 77, 79, 81, §166B.4]

166B.5 Co-operation with United States.

The department may co-operate with the United States, or any department, agency or officer thereof, in the control and eradication of hog cholera, including the sharing in payment of indemnities for swine destroyed.

[C66, 71, 73, 75, 77, 79, 81, §166B.5]

166B.6 Rules.

The department of agriculture and land stewardship may make, promulgate, amend, repeal, and enforce necessary rules for implementing this chapter.

[C66, 71, 73, 75, 77, 79, 81, §166B.6]

166B.7 Judicial review.

Judicial review of department action under this chapter may be sought in accordance with the terms of the Iowa administrative procedure Act. Notwithstanding the terms of said Act, petitions for judicial review may be filed in the district court of the county, wherein the hogs are situated.

166D.3 State pseudorabies advisory committee.

A state pseudorabies advisory committee is established. The committee shall consist of not more than seven members who shall be appointed by the Iowa pork producers association. At least four members of the committee must be actively engaged in swine production. The members shall serve staggered terms of two years, except that the initial board members shall serve unequal terms. A person appointed to fill a vacancy for a member shall serve only for the unexpired portion of the term. A member is eligible for reappointment for three successive terms. A majority of the board constitutes a quorum and an affirmative vote of the majority of members is necessary for substantive action taken by the board. The majority shall not include any member who has a conflict of interest and a statement by a member of a conflict of interest shall be conclusive for this purpose. A vacancy in the membership does not impair the right of a quorum to exercise all rights and perform all duties of the board. The advisory committee shall:

1. Inform and educate interested persons in the state, including persons involved in producing, processing, or marketing swine, regarding eradication activities under this chapter.

2. Review eradication activities under this chapter including the pseudorabies eradication programs. The committee shall make recommendations to the department and the inspection service and may consult with state officials regarding any matter relating to pseudorabies control and eradication, including departmental rules, other state or federal regulations, program areas, the use of vaccine, testing procedures, the progress of pseudorabies eradication programs, and state and federal program standards. The committee in cooperation with the department shall report to the governor and general assembly not later than January 15 the progress of pseudorabies eradication, including recommendations.

3. Maintain communication with other states and with the national pork producers council, the livestock conservation institute, and the inspection service.

166D.6 Reporting of test results.

All tests under this chapter must be taken by a test administered by a licensed veterinarian. Test samples are to be collected by or under the direction of the department and a licensed veterinarian. If the test is determined by a laboratory located outside the state of Iowa, the person whose animal has been tested shall be responsible for assuring that the result is reported to the department within fourteen days following completion of the test. Swine sampled shall be identified with a numbered metal ear tag. The department shall make the ear tags available. Ear notches or other numbered identification methods approved by the department may be used at the herd owner's expense.

Test results shall be reported on forms prescribed by the department signed by the veterinarian and transmitted to the department within fourteen days following completion of the tests. Copies shall be made available to the attending veterinarian. Upon receipt, the attending veterinarian shall provide copies to the herd owner.

166D.7 Noninfected herds.

In administering the pseudorabies eradication program, the department shall regulate noninfected herds as follows:

1. A qualified negative herd must be certified, recertified, and maintained as follows:

a. The herd shall be certified when all breeding swine have reacted negatively to a test. The herd must have been free from infection for thirty days prior to testing. At least ninety percent of swine in the herd must have been on the premises as a part of the herd for at least sixty days prior to testing, or swine in the herd must have been moved or relocated directly from another qualified

negative herd. To remain certified, the herd must be retested and recertified as provided by the department. The herd shall be recertified when each month the greater of five head of swine or at least ten percent of the herd's breeding swine react negatively to a test.

b. Before being added to the herd new swine including swine returning to the herd after contact with nonherd swine, shall be isolated until the new swine react negatively to a test conducted thirty days or more after the swine has been placed in isolation. Swine from a herd of unknown status must react negatively to a test not more than thirty days prior to movement from the herd of unknown status and retested in isolation at least thirty days after movement onto the premises where the qualified negative herd is located.

c. Swine from another qualified negative herd may be added without isolation or testing.

d. The owner shall make a request to the department for approval or reapproval of a qualified negative herd when the required tests are completed. Upon satisfactory proof that all requirements have been met, the herd shall be recertified by the department.

2. A monitored herd shall be initially certified, recertified, and maintained as follows:

a. The herd shall be certified when a statistical sampling of the herd is determined to be noninfected.

b. In order to remain certified the herd must be retested and recertified as provided by the department. The herd must be recertified annually. The herd shall be recertified when a statistical sampling of the herd is determined to be noninfected within twelve months from initial certification or the most recent recertification.

A herd shall not be certified or recertified, if the herd is located within a county which is designated by the department as in stage II of the national pseudorabies eradication program, unless the herd is vaccinated with a modified-live differentiable vaccine pursuant to section 166D.11 and as required by the department.

c. A monitored herd may receive new swine into the herd from a noninfected herd.

3. A qualified differentiable negative herd shall be certified, recertified, and maintained as follows:

a. The herd shall be certified when one hundred percent of breeding swine have reacted negatively to a test. The herd must have been free from infection for thirty days prior to testing. At least ninety percent of swine in the herd must have been on the premises as a part of the herd for at least sixty days prior to testing, or swine in the herd must have been directly moved or relocated from a qualified negative herd or qualified differentiable negative herd. A differentiable vaccine must be administered at intervals in accordance with the package insert for that vaccine. To remain certified, the herd must be retested and re-

certified as provided by the department. The herd shall be recertified when each month at least ten percent of the herd's breeding swine react negatively to a test.

b. Before adding to the herd new swine, including swine returning to the herd after contact with nonherd swine, the herd shall be isolated until the new swine react negatively to a test conducted thirty days or more after the swine have been placed in isolation. Swine from a herd of unknown status must react negatively to a test not more than fifteen days prior to movement from the herd of unknown status and retested in isolation at least thirty days after movement onto the premises where the qualified differentiable negative herd is located.

c. Swine from a qualified negative or qualified differentiable negative herd may be added without isolation or testing.

d. The owner shall make a request to the department for certification or recertification of a qualified differentiable negative herd when the required tests are completed. Upon satisfactory proof that all requirements have been met, the herd shall be recertified by the department.

166D.8 Infected herds.

An infected herd which is not quarantined under section 166D.9, shall either adopt a herd cleanup plan or a feeder pig cooperator herd cleanup plan.

1. a. A herd cleanup plan shall apply to a herd if feeder pigs are not moved from the herd. The plan shall provide for one of the following:

(1) The testing of all swine capable of being accurately diagnosed with pseudorabies and the removal of infected swine from the herd.

(2) Depopulation.

b. A herd cleanup plan must be implemented as follows:

(1) If the plan provides for the testing and removal of swine, all breeding swine must be tested with a differentiable test and react negatively to the test within fifteen days after the herd is classified by the department as infected. All breeding swine reacting positively to the test must be removed as provided in this section. At least thirty days after removal of the breeding swine reacting positively, all remaining breeding swine must be tested and react negatively to the test. Subsequent testing and removal must be conducted as provided in this subparagraph until all breeding swine react negatively. When all breeding swine are tested and react negatively to the test, the de-

partment shall classify the herd as a noninfected herd.

(2) The herd cleanup plan may provide for the relocation of feeder pigs or cull swine. If the plan provides for the relocation of feeder pigs, the plan must provide for the segregation of feeder pigs and identify in writing the approved premises where feeder pigs or cull swine may be relocated upon approval by the department.

2. a. A feeder pig cooperator herd cleanup plan shall apply to a herd if feeder pigs are moved from the herd. The plan shall include all the requirements for a herd cleanup plan. In order to be subject to a feeder pig cooperator herd cleanup plan all of the following conditions must be satisfied:

(1) There must have been no clinical signs of pseudorabies during the past thirty days.

(2) The production operation must be capable of segregating offspring at weaning into facilities separate and apart from the remainder of the herd.

b. The feeder pig cooperator herd cleanup plan may provide for the movement or relocation of feeder pigs or cull swine. If the feeder pig cooperator herd cleanup plan provides for the movement or relocation of feeder pigs or cull swine, the plan must identify in writing the approved premises where the feeder pigs or cull swine may be moved or relocated as provided in section 166D.10B.

3. Costs of testing and vaccination may be paid as provided in section 166D.11.

4. An infected herd not subject to a cleanup plan shall be quarantined within fifteen days of becoming a known infected herd. An infected herd which is not subject to a cleanup plan is a quarantined herd.

5. Swine which are part of a herd subject to a cleanup plan shall only be moved or relocated as required pursuant to section 166D.10. If the location where the herd is kept is an approved premises as provided in section 166D.10B, the cleanup plan shall include terms and conditions for being certified as an approved premises.

166D.9 Quarantined herds.

1. Swine which are part of a quarantined herd shall only be moved by restricted movement in accordance with section 166D.10A.

2. A herd shall be released from quarantine when no animal, including livestock, on the premises shows clinical symptoms of pseudorabies. In addition one of the following must occur:

a. The swine have been removed from the premises, and the premises have been cleaned and disinfected under supervision of the department or the inspection service. The disinfectant shall be approved by the department or inspection service. The premises must have been maintained free of

swine for thirty days. However, the epidemiologist for good cause may determine that premises shall be maintained free of swine for a period greater or less than thirty days.

b. Swine reacting positively to a test have been removed from the premises. Remaining swine, except suckling pigs, must be tested and react negatively to the test thirty days or more after removal of the herd's swine reacting positively to the test.

c. The swine reacting positively to a test have been removed from the premises. At least thirty days after removal of the positive swine, breeding swine remaining plus a random sample equaling twenty-eight of grower-finishing swine more than two months of age must react negatively to the test. While the state is in stage III or IV of the national pseudorabies program pursuant to federal regulations, the grower-finisher swine must react negatively to a test at least thirty days after reacting negatively to the last test.

3. While the state is classified in stage I, II, or III of the national pseudorabies program pursuant to federal regulations, the following requirements must be satisfied:

a. All swine present on the date the quarantine was imposed have been removed.

b. There must have been no clinical signs of pseudorabies in the herd for at least six months.

c. The epidemiologist must either conduct two successive statistical samplings at least ninety days apart, or conduct statistical samplings according to rules adopted by the department which are consistent with the national pseudorabies eradication program, which reveal no infection within the new breeding swine.

d. The epidemiologist must either conduct two successive statistical samplings ninety days apart, or conduct statistical samplings according to rules adopted by the department which are consistent with the national pseudorabies eradication program, which reveal no infection in the herd's progeny at least four months of age.

A herd removed from quarantine under this subsection shall be tested by statistical sampling one year later, unless an epidemiologist determines that the herd must be tested earlier.

166D.10 Movement of swine.

1. A person shall not sell, lease, exhibit, loan, move, or relocate swine within the state unless the swine are accompanied by a certificate of inspection in the same manner as provided for an official health certificate or veterinarian certificate as provided in section 163.30. The department may combine the certificate of inspection with an offi-

cial health certificate or a veterinarian inspection certificate. A certificate of inspection is not required if any of the following apply:

a. The swine are moved to slaughter.

b. The swine are relocated, if all of the following apply:

(1) A transportation certificate accompanies the relocated swine.

(2) The swine's owner maintains information regarding the relocation in relocation records. The department may adopt rules excusing a person from maintaining relocation records, if the department determines that the purposes of the chapter as provided in section 166D.1 are not furthered by the requirement.

(3) A certificate of inspection, or an official health certificate or a veterinarian inspection certificate as provided in section 163.30, has been issued for the swine within thirty days prior to the date of relocation. The department may adopt rules excusing a person from complying with this subparagraph if the department determines that the purposes of the chapter as provided in section 166D.1 are not furthered by the requirement.

(4) The swine have a current negative pseudorabies status.

The department shall adopt rules required to administer this paragraph. A transportation certificate accompanying relocated swine shall cite the relevant relocation record and certificate of inspection, or official health certificate or veterinarian inspection certificate. The department may provide for the examination of the relocation records on the owner's premises during normal business hours, or may require that reports containing relevant information contained in relocation records and certificates of inspection, or official health certificates or veterinarian inspection certificates, be periodically submitted to the department. For purposes of this section, swine production information contained in relocation records is a trade secret as provided in section 22.7, unless otherwise provided by rules adopted by the department. The department shall provide for the disclosure of confidential information only to the extent required for enforcement of this chapter, the detection and prosecution of public offenses, or to comply with a subpoena or court order.

c. A person transfers ownership of all or part of a herd, if the herd remains on the same premises. However, the herd must be tested by statistical sampling. If any part of the herd is subsequently moved or relocated, the swine must be moved or relocated in accordance with this section and sections 166D.7, 166D.8, and 166D.9.

2. Swine that are moved shall be individually identified as provided in section 163.30, which may include requirements for affixing ear tags to swine. However, native Iowa feeder pigs moved from farm to farm within the state shall be exempted from the identification requirements of this subsection if the owner transferring posses-

The agreement shall provide that the feeder pigs shall not be commingled with other swine for a period of thirty days. The owner transferring possession shall be responsible for making certain that the agreement is executed and for providing a copy of the agreement to the person taking possession.

As used in this subsection, "*farm to farm within the state*" does not include the movement or relocation of native Iowa feeder pigs to the possession of a dealer licensed pursuant to section 163.30. Native Iowa feeder pigs that are moved shall be accompanied by a certificate of inspection, or an official health certificate or veterinarian certificate as provided in section 163.30, unless swine are otherwise exempted from this requirement by this section.

If the swine is moved or relocated from a herd located within a county which is designated by the department as in stage II of the national pseudorabies eradication program, the swine shall not be moved or relocated unless in compliance with section 166D.11. Regardless of whether the swine is from a herd located in a stage II county, the following shall govern the movement or relocation of swine within this state:

a. For swine from a noninfected herd, a person shall not move swine for breeding purposes, unless one of the following applies:

(1) The swine is moved from a qualified negative herd or qualified differentiable negative herd.

(2) The swine reacts negatively to a differentiable test within thirty days prior to moving the swine.

b. For swine which is exposed or swine from a herd of unknown status, a person shall not move or relocate the swine, unless one of the following applies:

(1) The swine reacts negatively to a differentiable test within thirty days prior to moving or relocating the swine.

(2) The swine moves by restricted movement to either a fixed concentration point or slaughtering establishment.

c. For swine which is from an infected herd, a person shall not move or relocate the swine, unless one of the following applies:

(1) If the swine is part of a cleanup plan, the following shall apply:

(a) For swine, other than feeder pigs or cull swine, which are part of a herd subject to a cleanup plan, a person shall only move swine by restricted movement to either a fixed concentration point or slaughtering establishment. A person shall not relocate the swine.

(b) For a feeder pig or cull swine which is part of a herd subject to a herd cleanup plan, a person shall only move the feeder pig or cull swine by re-

For a feeder pig or cull swine which is part of a feeder pig cooperated herd cleanup plan, a person shall only move the feeder pig or cull swine by restricted movement to either a fixed concentration point or slaughtering establishment or move or relocate the feeder pig or cull swine by restricted movement to an approved premises. However, a person shall not move or relocate a feeder pig or cull swine to an approved premises, unless the approved premises is identified in a cleanup plan as provided in section 166D.8, or the department approves the move or relocation to another approved premises. A person shall not move or relocate a cull swine to an approved premises, unless the cull swine reacts negatively to a test and is vaccinated with a differentiable vaccine. The test and vaccine must be administered within thirty days prior to the movement or relocation to the approved premises. A noninfected feeder pig is not required to be tested or vaccinated prior to movement or relocation to an approved premises, if the feeder pig is vaccinated upon arrival at the approved premises.

(c) For swine from a herd kept on an approved premises, a person shall only move or relocate the swine by restricted movement as provided in the cleanup plan governing the herd and terms and conditions of the certification required for the approved premises as provided in section 166D.10B.

4. Swine from a herd located outside this state must be moved into and maintained in this state in compliance with this section. A person shall not move swine into this state, except as follows:

a. For swine from a herd, other than a noninfected herd, the swine must be moved either to a fixed concentration point or slaughtering establishment.

(i) The swine is moved from a qualified negative herd or qualified differentiable negative herd.

(ii) The swine reacts negatively to a differentiable test, within thirty days prior to moving the swine.

(b) A person shall not move a feeder swine which is moved into this state, unless the feeder swine reacts negatively to a differentiable test within thirty days prior to movement from a herd in this state.

(2) If a person moves the swine into a county which is designated by the department as in stage II of the national pseudorabies eradication program, the following shall apply:

(a) Except as provided in this subparagraph, the owner of swine shall vaccinate the swine with a modified-live differentiable vaccine, prior to moving swine into the stage II county. A statistical sampling of the swine moved into a herd as provided in this subparagraph shall be tested using a differentiable test within thirty days after the swine is moved to a herd in this state. If a swine reacts positively to the test, the herd is an infected herd. A person is not required to vaccinate swine prior to moving swine into the stage II county or test the swine after the swine has been moved to a herd in the stage II county, if one of the following applies:

(i) The swine is part of a herd that cannot be vaccinated under the law of the state or country in which the herd is kept immediately prior to being moved into the stage II county.

(ii) The swine is an isowean feeder pig.

(iii) The swine is moved either to a fixed concentration point or slaughtering establishment.

(b) For swine which are not vaccinated before being moved into a stage II county as provided in this paragraph, the following shall apply:

(i) For swine other than swine moved into a herd within a stage II county as an isowean feeder pig, a statistical sampling of the swine moved into the herd shall be tested using a differentiable test within forty-eight hours after the swine moves to a herd in this state. If a swine reacts positively to the test, the herd is an infected herd. If, according to the statistical sampling, the swine moved into the herd reacts negatively to the test, all moved swine must be immediately vaccinated with a differentiable vaccine, as provided in section 166D.11. The swine shall be considered as part of a herd of unknown status, until tested negative and vaccinated.

(ii) For swine moved into a herd within a stage II county as an isowean feeder pig, a statistical sampling of the swine moved into the herd shall be tested using a differentiable test when a majority of swine moved together into the herd as isowean feeder pigs reach a weight of more than twenty pounds. If a swine reacts positively to the test, the herd is an infected herd. If, according to the statistical sampling, the swine moved into the herd react negatively to the test, all swine moved into the herd must be immediately vaccinated with a differentiable vaccine, as provided in section 166D.11. The department may require that the swine be revaccinated with a differentiable vac-

cine at a later date. The swine shall be considered as part of a herd of unknown status, until tested negative and vaccinated.

6. Known infected swine moved through a fixed concentration point, other than a buying station of a slaughtering establishment, shall only be moved by restricted movement to a slaughtering establishment.

7. Swine moved under this section to a slaughtering establishment shall be for the exclusive purpose of slaughtering the swine. Swine moved under this section to a fixed concentration point shall be for the exclusive purpose of immediately moving the swine to a slaughtering establishment. 169.9 Examinations.

The board shall hold at least one examination during each year and may hold such additional examinations as it deems necessary. The secretary shall give public notice of the time and place for each examination at least ninety days in advance of the date set for the examination. A person desiring to take an examination shall make application at least thirty days before the date of the examination.

The preparation, administration, and grading of examinations shall be governed by rules prescribed by the board. Examinations shall be designed to test the examinee's knowledge of and proficiency in the subjects and techniques commonly taught in veterinary schools. To pass the examination, the examinee must demonstrate scientific and practical knowledge sufficient to establish competency to practice veterinary medicine in the judgment of the board. All examinees shall be tested by a written examination, supplemented by such oral interviews and practical demonstrations as the board may deem necessary. The board may adopt and use the examination prepared by the national board of

veterinary examiners as a part of the examination given to examinees.

After each examination, the board shall notify each examinee of the examination result, and the board shall issue licenses to the individuals successfully completing the examination. The board shall record the new licenses and issue a certificate of registration to the new licensees. Any individual failing an examination shall be admitted to any subsequent examination on payment of the application fee.

In all written examinations the identity of the individual taking the same shall not be disclosed upon the examination papers in such a way as to enable the members of the examining board to know by whom written until after the papers have been passed upon.

b. Has actively practiced for at least two thousand hours during the five years preceding application.

c. Has not previously failed and not subsequently passed a veterinary licensing examination in this state.

d. Holds a current license to practice veterinary medicine in another state or United States territory or province of Canada.

e. Is not subject to license investigation, suspension, or revocation in any state, United States territory, or province of Canada.

a. Holds a current certification as a diplomate of a national specialty board or college recognized by the board by rule.

b. Is not subject to license investigation, suspension, or revocation in any state, United States territory, or province of Canada.

169.11 Temporary permit.

The board may issue without examination a temporary permit to practice veterinary medicine in this state:

1. To a qualified applicant for license pending examination and the temporary permit shall expire the day after the notice of results of the first examination given after the permit is issued. The temporary permit holder should keep the secretary continually advised of the permit holder's current address.

2. To a nonresident veterinarian validly licensed in another state, territory, or district of the United States or a foreign country who pays the fee established and published by the board. Such temporary permit shall be issued for a period of no more than one hundred eighty days and no more than one permit shall be issued to a person during each calendar year.

[C79, 81, §169.11]

169.12 License renewal.

All licenses shall expire in multiyear intervals as determined by the board but may be renewed by registration with the board and payment of the registration renewal fee established and published by the board. Prior to expiration the secretary shall mail a notice to each licensed veterinarian that the license will expire and provide the licensee with a form for registration.

Any person who shall practice veterinary medicine after license expiration is practicing in violation of this chapter. However, a person may renew an expired license within five years of the date of its expiration by making written application for renewal and paying the current renewal fee plus all delinquent renewal fees. After five years have elapsed since the date of expiration, a license may not be renewed, and the holder must make application for a new license and take the license examination.

The board may by rule waive the payment of the registration renewal fee of a licensed veterinarian during the period when the veterinarian is on active duty with any branch of the armed services of the United States.

Any licensee who is desirous of changing residence to another state or territory shall, upon application to the department and payment of the legal fee, receive a certified statement that the licensee is a duly licensed practitioner in this state.

[S13, §2538-j; C24, 27, 31, 35, 39, §2769, 2769.1, 2798; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, §169.6, 169.35; C79, 81, §169.12]

169.13 Discipline of licensees.

The board of veterinary medicine, after due notice and hearing, may revoke or suspend a license to practice veterinary medicine if it determines that a veterinarian licensed to practice veterinary medicine is guilty of any of the following acts or offenses:

1. Knowingly making misleading, deceptive, untrue, or fraudulent representation in the practice of the profession.

2. Being convicted of a felony in the courts of this state or another state, territory, or country. Conviction as used in this paragraph includes a conviction of an offense which if committed in this state would be deemed a felony without regard to its designation elsewhere, or a criminal proceeding in which a finding or verdict of guilt is made or returned, but the adjudication or guilt is either withheld or not entered. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state is conclusive evidence.

3. Violating a statute or law of this state, another state, or the United States, without regard to its designation as either felony or misdemeanor, which statute or law relates to the practice of veterinary medicine.

4. Having the person's license to practice veterinary medicine revoked or suspended, or having other disciplinary action taken by a licensing authority of another state, territory, or country. A certified copy of the record or order of suspension, revocation, or disciplinary action is conclusive or prima facie evidence.

5. Knowingly aiding, assisting, procuring, or advising a person to unlawfully practice veterinary medicine.

6. Being adjudged mentally incompetent by a court of competent jurisdiction. The adjudication shall automatically suspend a license for the duration of the license unless the board orders otherwise.

7. Being guilty of a willful or repeated departure from, or the failure to conform to, the minimal standard of acceptable and prevailing practice of veterinary medicine as defined in rules adopted by the board, in which proceeding actual injury to an animal need not be established; or the committing by a veterinarian of an act contrary to honesty, justice, or good morals, whether the act is committed in the course of the practice or otherwise, and whether committed within or without this state.

8. Inability to practice veterinary medicine with reasonable skill and safety by reason of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or other type of material or as a result of a mental or physical condition. The board, upon probable cause, may compel a veterinarian to submit to a mental or physical examination by designated physicians. Failure of a veterinarian to submit to an examination constitutes an admis-

sion to the allegations made against that veterinarian and the finding of fact and decision of the board may be entered without the taking of testimony or presentation of evidence. At reasonable intervals, a veterinarian shall be afforded an opportunity to demonstrate that the veterinarian can resume the competent practice of veterinary medicine with reasonable skill and safety to animals.

A person licensed to practice veterinary medicine who makes application for the renewal of the person's license as required by section 169.12 gives consent to submit to a mental or physical examination as provided by this paragraph when directed in writing by the board. All objections shall be waived as to the admissibility of the examining physician's testimony or examination reports on the grounds that they constitute privileged communication. The medical testimony or examination reports shall not be used against a veterinarian in another proceeding and are confidential except for other actions filed against a veterinarian to revoke or suspend that person's license.

9. Willful or repeated violation of lawful rules adopted by the board or violation of a lawful order of the board, previously entered by the board in a disciplinary hearing.

[S13, §2538-e; C24, 27, 31, 35, 39, §2799; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, §169.36; C79, 81, §169.13]

83 Acts, ch 115, §8

169.14 Procedure for suspension or revocation.

A proceeding for the revocation or suspension of a license to practice veterinary medicine or to discipline a person licensed to practice veterinary medicine shall be substantially in accord with the following:

1. The board, upon its own motion or upon a verified complaint in writing, may request the department of inspections and appeals to conduct an investigation of the charges contained in the complaint. The department of inspections and appeals shall report its findings to the board, and the board may issue an order fixing the time and place for hearing if a hearing is deemed warranted. A written notice of the time and place of the hearing, together with a statement of the charges, shall be served upon the licensee at least ten days before the hearing in the manner required for the service of notice of the commencement of an ordinary action.

2. If the licensee has left the state, the notice and statement of the charges shall be so served at least twenty days before the date of the hearing, wherever the licensee may be found. If the whereabouts of the licensee is unknown, service may be had by publication as provided in the rules of civil procedure upon filing the affidavit required by those rules. If the licensee fails to appear either in

person or by counsel at the time and place designated in the notice, the board shall proceed with the hearing.

3. The hearing shall be before a member or members designated by the board or before an administrative law judge appointed by the board according to the requirements of section 17A.11, subsection 1. The presiding board member or administrative law judge may issue subpoenas, administer oaths, and take or cause depositions to be taken in connection with the hearing. The member or officer shall issue subpoenas at the request and on behalf of the licensee.

4. A mechanized or stenographic record of the proceedings shall be kept. The licensee shall be given the opportunity to appear personally and by attorney, with the right to produce evidence in one's own behalf, to examine and cross-examine witnesses, and to examine documentary evidence produced against the licensee.

5. If a person refuses to obey a subpoena issued by the presiding member or administrative law judge or to answer a proper question put to that person during the hearing, the presiding member or administrative law judge may invoke the aid of a court of competent jurisdiction in requiring the attendance and testimony of that person and the production of papers. A failure to obey the order of the court may be punished by the court as a civil contempt may be punished.

6. Unless the hearing is before the entire board, a transcript of the proceeding, together with exhibits presented, shall be considered by the entire board at the earliest practicable time. The licensee and attorney shall be given the opportunity to appear personally to present the licensee's position and arguments to the board. The board shall determine the charge upon the merits on the basis of the evidence in the record before it.

7. Upon three members of the board voting in favor of finding the licensee guilty of an act or offense specified in section 169.13, the board shall prepare written findings of fact and its decision imposing one or more of the following disciplinary measures:

a. Suspend the license to practice veterinary medicine for a period to be determined by the board.

b. Revoke the license to practice veterinary medicine.

c. Suspend imposition of judgment and penalty or impose the judgment and penalty, but suspend enforcement and place the veterinarian on probation. The probation ordered may be vacated upon noncompliance. The board may restore and reissue a license to practice veterinary medicine, and may impose a disciplinary or corrective measure which it might originally have imposed.

8. Judicial review of the board's action may be sought in accordance with chapter 17A.

9. The filing of a petition for review does not in itself stay execution or enforcement of board ac-

tion. Upon application, the board or the review court, in appropriate cases, may order a stay pending the outcome of the review proceedings.

169.19 Enforcement — penalties.

1. Any person who practices veterinary medicine without a currently valid license or temporary permit is guilty of a fraudulent practice. Each act of such unlawful practice shall constitute a distinct and separate offense.

2. A person who shall practice veterinary medicine without a currently valid license or temporary permit shall not receive any compensation for services so rendered.

3. The county attorney of the county in which any violation of this chapter occurs shall conduct

the necessary prosecution for such violation. Notwithstanding this provision, the board of veterinary medicine or any citizen of this state may bring an action to enjoin any person from practicing veterinary medicine without a currently valid license or temporary permit. The action brought to restrain a person from engaging in the practice of veterinary medicine without possessing a license shall be brought in the name of the state of Iowa. If the court finds that the individual is violating or threatening to violate this chapter it shall enter an injunction restraining the individual from such unlawful acts.

4. The successful maintenance of an action based on any one of the remedies set forth in this section shall in no way prejudice the prosecution of an action based on any other remedy set forth in this section.

5. The department shall co-operate with the board of veterinary medicine in the enforcement of the provisions of this chapter.

The certificate is not a license and does not expire. The certificate may be suspended or revoked, or any other disciplinary action may be taken as specified in section 272C.3, subsection 2. All disciplinary actions shall be taken pursuant to section 169.14.

97 Acts, ch 57, §2

169C.3 Notice to livestock owner.

1. *a.* If livestock trespasses upon a landowner’s land or the landowner takes custody of the livestock, the landowner shall deliver notice of the trespass or custody to the livestock owner within forty-eight hours following discovery of the trespass or taking custody of livestock which has not trespassed. If a local authority takes custody of the livestock, the local authority shall deliver notice of the custody to the livestock owner within forty-eight hours after taking custody of the livestock. The forty-eight-hour period shall exclude any time that falls on a Sunday or a holiday recognized by the state or the United States. The notice shall be made in writing and delivered by certified mail or personal service to the last known mailing address of the livestock owner.

b. If the aggrieved party does not know the name and address of the livestock owner, the aggrieved party shall make reasonable efforts to determine the identity of the livestock owner. The reasonable efforts shall include obtaining the name and address of the owner of the brand appearing on the livestock from the department of agriculture and land stewardship under chapter 169A. If the name and address of the livestock owner cannot be determined, the aggrieved party shall publish the notice as soon as possible at least once each week for two consecutive weeks in a newspaper having general circulation in the county where the livestock is located.

2. A notice required under this section shall at least provide all of the following:

a. The name and address of the landowner or local authority.

169C.4 Liability.

1. A livestock owner shall be liable to the following persons:

a. To a landowner for damages caused by the livestock owner's livestock which have trespassed on the landowner's land, including but not limited to property damage and costs incurred by the landowner's custody of the livestock including maintenance costs. A livestock owner's liability is not affected by the failure of a landowner to take custody of the livestock. A livestock owner shall not be liable for damages incurred by a landowner if the livestock trespassed through a fence that was not maintained by the landowner as required pursuant to chapter 359A.

b. To a landowner who takes custody of livestock on a public road as provided in section 169C.2 for costs incurred by the landowner in taking custody of the livestock, including maintenance costs.

c. To a local authority which takes custody of livestock for costs incurred by the local authority in taking custody of the livestock, including maintenance costs.

2. An aggrieved party who fails to provide timely notice of a livestock's trespass or custody as required by section 169C.3 shall not be entitled to compensation for damages for the period of time during which the aggrieved party fails to provide timely notice.

3. A landowner is not liable for an injury or death suffered by the livestock in the landowner's custody, unless the landowner caused the injury or death. The landowner is not liable for livestock that strays from the landowner's land. An aggrieved party is not liable for livestock that strays from the control of the aggrieved party.

97 Acts, ch 57, §4; 98 Acts, ch 1100, §21, 22

169C.5 Satisfaction for damages.

1. *a.* After receiving notice by an aggrieved party as required by section 169C.3, the livestock owner shall pay all damages to the aggrieved party for which the livestock owner is liable.

b. The aggrieved party or the livestock owner may bring a civil action in order to determine the livestock owner's liability and the amount of any claim for damages. The aggrieved party or livestock owner must bring the action within thirty days following receipt or publication of the notice as required by section 169C.3. The court may join all other claims arising out of the same facts that are alleged in the claim for damages. The civil action may be heard by a district judge or a district associate judge. The civil action may be heard by

the district court sitting in small claims as provided in chapter 631.

c. If the livestock is in the custody of an aggrieved party or livestock care provider, a rebuttable presumption arises that the livestock has trespassed or strayed from the control of the livestock owner. The rebuttable presumption shall not apply if a criminal charge has been filed involving the removal or transfer of the livestock. The burden of proof regarding all other matters of dispute shall be on the aggrieved party.

d. The failure of an aggrieved party to provide notice as required by section 169C.3 shall not bar the aggrieved party from being awarded a judgment, if the court determines that the livestock owner had actual knowledge that the livestock had trespassed or strayed and the name and address of the aggrieved party.

2. If a civil action is brought by the livestock owner or aggrieved party, the matter shall be heard by a court on an expedited basis. The aggrieved party shall provide for the transfer of the livestock to the livestock owner, if the livestock owner posts a bond or other security with the court in the amount of the aggrieved party's claim. If a bond or security is not posted, the aggrieved party or livestock care provider shall keep custody of and provide maintenance to the livestock. However, the livestock owner shall post the bond or other security if the matter is set for hearing more than thirty days from the date that the petition bringing the civil action is filed. The court shall order the immediate disposition of the livestock as provided in chapter 717, if the livestock is permanently distressed by disease or injury to a degree that would result in severe or prolonged suffering.

3. If a civil action is not timely brought as provided in this section, title to the livestock shall transfer to the aggrieved party thirty days following receipt of the notice by the livestock owner or the first date of the notice's publication as required pursuant to section 169C.3, if the parties fail to agree to the amount, terms, or conditions of payment or if the identity of the livestock owner cannot be determined. Title to the livestock shall transfer subject to any applicable security interests or liens.

4. A landowner is liable to the livestock owner for twice the fair market value of livestock that the landowner transfers to a person other than a local authority in violation of section 169C.2.

5. If the aggrieved party is a local authority, the local authority shall reimburse the landowner for the landowner's damages from proceeds received from the sale of the livestock, after satisfying any superior security interests or liens.

86 Acts, ch 1245, §623

Further definitions; see §159.1

172A.2 License required.

No person shall act as a dealer or broker without first being licensed. No person shall act for any dealer or broker as an agent unless such dealer or broker is licensed, has designated such agent to act in the dealer's or broker's behalf, and has notified the secretary of the designation in the dealer's or broker's application for license or has given official notice in writing of the appointment of the agent and the secretary has issued to the agent an agent's license. A dealer or broker shall be accountable and responsible for contracts made by an agent in the course of the agent's employment. The license of an agent whose employment by the dealer or broker is terminated shall be void on the date written notice of termination is received by the secretary. The license of a dealer, broker, or agent, unless revoked, shall expire on the last day of June following the date of issue. The annual fee for the license of a dealer or broker is fifty dollars. The annual fee for an agent's license is ten dollars.

No person may be issued a license if that person previously has had a license revoked, or previously was issued a license and the secretary suspended that license, unless the order of suspension or revocation is thereafter terminated by the secretary.

[C73, 75, 77, 79, 81, §172A.2]

172A.3 Application for license.

Application for a license as a dealer or broker or as an agent shall be made in writing to the department. The application shall state the nature of the business, the municipal corporation, township and county, the post-office address at which the business is to be conducted, and such additional information as the department may prescribe.

The applicant upon satisfying the department of the applicant's character and good faith in seeking

to engage in such business and upon complying with such other requirements specified in this chapter, shall be issued by the department a license to conduct the business of a dealer, broker, or agent at the place named in the application.

[C73, 75, 77, 79, 81, §172A.3]

172A.4 Proof of financial responsibility required.

No license shall be issued by the secretary to a dealer or broker until the applicant has furnished proof of financial responsibility as provided in this section. The proof may be in the following forms:

1. A bond of a surety company authorized to do business in the state of Iowa in the form prescribed by and to the satisfaction of the secretary, conditioned for the payment of a judgment against the applicant furnishing the bond because of nonpayment of obligations in connection with the purchase of animals.

a. The amount of bond for an established dealer or broker who does not maintain a business location in this state shall be not less than the nearest multiple of five thousand dollars above twice the average daily value of purchases of livestock originating in this state, handled by such applicant during the preceding twelve months or such parts thereof as the applicant was purchasing livestock. The bond of a person who does not maintain a business location in this state shall be conditioned for the payment only of those claims which arise from purchases of livestock originating in this state.

b. The amount of bond for an established dealer or broker who maintains one or more business locations in this state shall be not less than the nearest multiple of five thousand dollars above twice the average daily value of purchases of livestock originating in this state handled by the applicant during the preceding twelve months or such parts thereof as the applicant was purchasing livestock. The bond of a person who maintains one or more business locations in this state shall be conditioned for the payment only of those claims which arise from purchases of livestock originating in this state.

c. If a new dealer or broker not previously covered by this chapter applies for a license, the amount of bond shall be based on twice the estimated average daily value of purchases of livestock originating in this state.

d. For the purpose of computing average daily value, two hundred sixty is deemed the number of business days in a year.

e. Whenever a dealer or broker's weekly purchases exceed one hundred fifty percent of the dealer's or broker's average weekly volume, the department shall require additional bond in an amount determined by the department.

f. The licensee and surety of the bond shall be held and firmly bound unto the secretary as trust-

ee for all persons who may be damaged because of nonpayment of obligations in connection with the purchase of animals originating in this state. Any person damaged because of such nonpayment may maintain suit in the person's own behalf to recover on the bond, even though not named as a party to the bond.

g. For purposes of subsection 1, "*purchases of livestock originating in this state*" shall not include purchases by dealers or brokers from their subsidiaries.

2. A bond equivalent may be filed in lieu of a bond. The bond equivalent shall be in the form of a trust agreement and the fund of the trust shall be in the form of fully negotiable obligations of the United States or certificates of deposit insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation.

The trust agreement shall be in the form prescribed by the secretary and executed to the satisfaction of the secretary. The trustee of the trust agreement shall be an institution located in this state in which the funds are invested or deposited.

The trust agreement shall provide as beneficiary, the secretary for the benefit of those persons damaged because of nonpayment of obligations in connection with the purchase of animals originating in this state. The fund in trust shall be an amount calculated in the exact manner as provided in subsection 1. The fund in trust shall not be subject to attachment for any other claim, or to levy of execution upon a judgment based on any other claim.

3. Any person damaged by nonpayment of obligations or by any misrepresentation or fraud on the part of a broker or dealer may maintain an action against the broker or dealer, and the sureties on the bonds or the trustee of a trust fund. The aggregate liability of the sureties or the trust for all such damage shall not exceed the amount of the bond or trust. In the event that the aggregate claims exceed the total amount of the bond or trust, the amount payable on account of any claim shall be in the same proportion to the amount of the bond or trust as the individual claim bears to the aggregate claims.

Unless the person damaged files claim with the dealer or broker, and with the sureties or trustee, and with the department within ninety days after the date of the transaction on which the claim is based, the claimant shall be barred from maintaining an action on the bond or trust and from receiving any proceeds from the bond or trust.

4. Whenever the secretary determines that the business volume of the applicant or licensee is such as to render the bond or trust inadequate, the amount of the bond or trust shall be, upon notice, adjusted.

5. All bonds and trust agreements shall contain a provision requiring that at least thirty days' prior notice in writing be given to the secretary by

the party terminating the bond or trust agreement as a condition precedent to termination.

Whenever a bond or a trust agreement is to be terminated by a cancellation by the surety or trustee, the secretary shall cause to be published notices of the proposed cancellation not less than ten days prior to the date the cancellation is effective. The notices shall be published as follows:

a. In the Iowa administrative code.

b. In a newspaper of general circulation in the county in which the licensee maintains a business location, or if the licensee maintains no business location in this state, then in the county where the licensee transacts a substantial part of the licensee's business.

c. By general news release to all news media. Failure by the secretary to cause the publication of notice as required by this paragraph shall not be deemed to prevent or delay the cancellation.

The termination of a bond or a trust agreement shall not release the parties from any liability arising out of the facts or transactions occurring prior to the termination date.

Trust funds shall not be withdrawn from trust by a licensee until the expiration of ninety days after the date of termination of the trust, and then only if no claims secured by the agreement have been filed with the secretary. If any claims have been filed with the secretary, the withdrawal of funds by the licensee shall not be permitted until the claims have been satisfied or released and evidence of the satisfaction or release filed with the secretary.

6. A person who is not a resident of this state and who either maintains no business location in this state or maintains one or more business locations in this state, and a person who is a resident of this state and who maintains more than one business location in this state, may submit a consolidated proof of financial responsibility. The consolidated proof of financial responsibility shall consist of a bond or a trust agreement meeting all of the requirements of this section, except that the calculation of the amount of the bond or the amount of the trust fund shall be based on the average daily value of all purchases of livestock originating in this state. A person who submits consolidated proof of financial responsibility shall maintain separate records for each business location, and shall maintain such other records respecting purchases of livestock as the secretary by rule shall prescribe.

[C73, 75, 77, 79, 81, §172A.4]

172A.5 Bonded packers registration.

A dealer or broker who has a bond required by the United States department of agriculture under the Packers and Stockyards Act of 1921 as amended, Title VII, sections 181 through 231, United States Code, shall be exempt from the provisions of this chapter upon registration with the

secretary. Registration shall be effective upon filing with the secretary a certified copy of the bond filed with the United States department of agriculture, and shall continue in effect until that bond is terminated.

[C73, 75, 77, 79, 81, §172A.5]

172A.6 Low volume dealers exempt from license and bond.

The license and financial responsibility provisions of this chapter do not apply to a person who is licensed as provided in chapter 137F who purchases livestock for slaughter valued at less than an average daily value of two thousand five hundred dollars during any period of the preceding twelve months. A person licensed under that chapter is subject to other provisions of this chapter, including the regulatory and penal provisions of this chapter.

The provisions of this chapter shall not apply to any other person who purchases livestock for slaughter valued at less than an average daily value of two thousand five hundred dollars based upon the preceding twelve months or such part thereof as the person was purchasing livestock.

172A.8 Reciprocal agreements.

[C73, 75, 77, 79, 81, §172A.8]

172A.9 Payment for livestock.

1. Each dealer, or broker purchasing livestock, before the close of the next business day following either the purchase of livestock or the determination of the amount of the purchase price, whichever is later, shall transmit or deliver to the seller or the seller's duly authorized agent the full amount of the purchase price. If livestock is bought on a yield or grade and yield basis, a dealer or broker shall upon the express request in writing of the seller, transmit or deliver to the seller or the seller's duly authorized agent before the close of the

next business day following such purchase or delivery, whichever is later, up to eighty percent of the estimated purchase price, and pay the remaining balance on the next business day following the determination of the purchase price.

2. Payment to the seller shall be made by cash, check, or wire transfer of funds. If payment to the seller is by check, the check shall be drawn on a bank located in this state or on a bank located in an adjacent state and in the nearest city to Iowa in which a check processing center of a federal reserve bank district is located. For the purpose of this subsection, "wire transfer" means any telephonic, telegraphic, electronic, or similar communication between the bank of the purchaser and the bank of the seller which results in the transfer of funds or credits of the purchaser to an account of the seller.

3. Provisions of this section may be modified by an agreement signed by both the buyer and the seller or their duly authorized agents at the time of the sale. However, such an agreement shall not be a condition of sale unless expressly requested by the seller.

4. Failure to comply with this section shall be a violation of this chapter.

[C77, 79, 81, §172A.9]

172A.10 Injunctions — criminal penalties.

If any person who is required by this chapter to be licensed fails to obtain the required license, or if any person who is required by this chapter to maintain proof of financial responsibility, or if any licensee fails to discontinue engaging in licensed activities when that person's license has been suspended, such failure shall be deemed a nuisance and the secretary may bring an action on behalf of the state to enjoin such nuisance. Such actions may be heard on not less than five days notice to the person whose activities are sought to be enjoined. The failure to obtain a license when required, or the failure to maintain proof of financial responsibility shall constitute a violation of this chapter.

Any person convicted of violating any provision of this chapter shall be guilty of a serious misdemeanor.

[C73, 75, §172A.9; C77, 79, 81, §172A.10]

172A.11 Suspension of license.

1. The secretary shall have the authority to suspend the license of any dealer or broker or agent if upon hearing it is found that the dealer or broker or agent has committed any of the following acts or omissions:

- a. Failure to submit a larger bond amount or trust fund when ordered by the secretary.
- b. Failure to pay for purchases of livestock in the manner required by section 172A.9.

An order of suspension issued by the secretary shall be effective for an indefinite period, unless and until the person establishes to the satisfaction of the secretary that the person has taken reasonable precautions to prevent a recurrence of the act or omission in the future.

2. The secretary shall have the authority temporarily to suspend without hearing the license of any licensee in any of the following circumstances:

a. The licensee fails to maintain proof of financial responsibility, or the surety on the licensee's bond loses its authorization to issue bonds in this state, or the trustee of a trust fund loses its authorization to engage in the business of a fiduciary.

b. Claims are filed with the secretary against the bond or trust in an aggregate amount equal to ten percent or more of the amount of the bond.

A temporary suspension shall be effective on the date of issuance of the order of suspension, and until a revocation hearing has been held and the secretary either has entered an order of revocation of the license, or has terminated the order of suspension.

[C77, 79, 81, §172A.11]

172A.12 Revocation of license.

1. The secretary shall have the authority to revoke the license of a dealer or broker or agent upon notice and hearing if any of the following conditions exist:

a. Grounds exist for the temporary suspension of the license without hearing, and it is established that the person is or will be unable to meet obligations to producers of livestock when due.

b. The person has refused access to the secretary to the books and records of the person as required by this chapter.

c. Any other conditions exist which in the opinion of the secretary reasonably establish that it would be financially detrimental to livestock producers of this state to permit the person to engage in licensed activities in this state.

2. An order of revocation shall be effective upon the issuance of the order of revocation, and until the order is rescinded by the secretary, or until the decision of the secretary is reversed by a final order of a court of this state.

174.17 Issuance of revenue bonds — standby tax levy.

1. The governing body of a society may issue bonds payable from revenue generated by the operations of the county fair and the use or rental of the real and personal property owned or leased by the society. The governing body of a society shall comply with all of the following procedures in issuing such bonds:

a. A society may institute proceedings for the issuance of bonds by causing a notice of the proposal to issue the bonds to be published at least once in a newspaper of general circulation within the county at least ten days prior to the meeting at which the society proposes to take action for the issuance of the bonds. The notice shall include a statement of the amount and purpose of the bonds, the maximum rate of interest the bonds are to bear, and the right to petition for an election.

b. If at any time before the date fixed for taking action for the issuance of the bonds, a petition signed by three percent of the registered voters of the county is filed with the board of supervisors, asking that the question of issuing the bonds be submitted to the registered voters, the board of supervisors shall either by resolution declare the proposal to issue the bonds to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of issuing the bonds. The proposition of issuing bonds under this subsection is not approved unless the vote in favor of the proposition is equal to at least sixty percent of the vote cast. If a petition is not filed, or if a petition is filed and the proposition of issuing the bonds is approved at an election, the board of supervisors acting on behalf of the society may proceed with the authorization and issuance of the bonds. Bonds may be issued for the purpose of refunding outstanding and previously issued bonds under this subsection without otherwise complying with the provisions of this subsection.

c. All bonds issued under this subsection shall be payable solely from and shall be secured by an irrevocable pledge of a sufficient portion of the net rents, profits, and income derived from the operation of the county fair and the use or rental of the real and personal property owned or leased by the society. Bonds issued pursuant to this section shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, and shall not be subject to the provisions of any other law or charter relating to the authorization, issuance, or sale of bonds. Bonds issued under this subsection shall not limit or restrict the authority of the society as otherwise provided by law.

2. To further secure the payment of the bonds, the board of supervisors may, by resolution, provide for the assessment of an annual levy of a standby tax upon all taxable property within the county. A copy of the resolution shall be sent to the

county auditor. The revenues from the standby tax shall be deposited in a special fund and shall be expended only for the payment of principal of and interest on the bonds issued as provided in this section, when the receipt of revenues pursuant to subsection 1 is insufficient to pay the principal and interest. If payments are necessary and made from the special fund, the amount of the payments shall be promptly repaid into the special fund from the first available revenues received which are not required for the payment of principal of or interest on bonds due. Reserves shall not be built up in the special fund in anticipation of a projected default. The board of supervisors shall adjust the annual standby tax levy for each year to reflect the amount of revenues in the special fund and the amount of principal and interest which is due in that year.

3. For purposes of this section, “*society*” means a society, as defined by section 174.1, that conducts a county or local fair that has a verifiable annual attendance of at least one hundred fifty thousand persons and annual outside gate admission revenues of at least four hundred thousand dollars.

A society shall not receive an appropriation from a county under this chapter, until the society submits a financial statement to the county board of supervisors. The statement shall show all expenditures of moneys appropriated to the society from the county in the previous year. The financial statement submitted to the board of supervisors shall include vouchers related to the expenditures.

The name of any horse for the purpose of entry for competition in any contest of speed shall not be changed after having once contested for a prize, purse, premium, stake, or sweepstake, except as provided by the code of printed rules of the society or association under which the contest is advertised to be conducted, unless the former name is given.

Subsection 12 amended

175.3 Establishment of authority.

1. The agricultural development authority is established within the department of agriculture and land stewardship. The authority is constituted a public instrumentality and agency of the state exercising public and essential governmental functions. The authority is established to undertake programs which assist beginning farmers in purchasing agricultural land and agricultural improvements and depreciable agricultural property for the purpose of farming, and programs which provide financing to farmers for permanent soil and water conservation practices on agricultural land within the state or for the acquisition of conservation farm equipment, and programs to assist farmers within the state in financing operating expenses and cash flow requirements of farming. The authority shall also develop programs to assist qualified agricultural producers within the state with financing other capital requirements or operating expenses. The powers of the authority are vested in and exercised by a board of eleven members with nine members appointed by the governor subject to confirmation by the senate. The treasurer of state or the treasurer's designee and the secretary of agriculture or the secretary's designee are ex officio nonvoting members. No more than five appointed members shall belong to the same political party. As far as possible the governor shall include within the membership persons who represent financial institutions experienced in agricultural lending, the real estate sales industry, farmers, beginning farmers, average taxpayers, local government, soil and water conservation district officials, and other persons specially interested in family farm development.

2. The appointed members of the authority shall be appointed by the governor for terms of six years except that, of the first appointments, three members shall be appointed for terms of two years and three members shall be appointed for a term of four years. A person appointed to fill a vacancy shall serve only for the unexpired portion of the term. A member is eligible for reappointment. An appointed member of the authority may be removed from office by the governor for misfeasance, malfeasance or willful neglect of duty or other just cause, after notice and hearing, unless the notice and hearing is expressly waived in writing. An appointed member of the authority may also serve as a member of the Iowa finance authority.

3. Five voting members of the authority constitute a quorum and the affirmative vote of a majority of the voting members is necessary for any substantive action taken by the authority. The majority shall not include any member who has a conflict of interest and a statement by a member that the member has a conflict of interest is conclusive for this purpose. A vacancy in the membership does not impair the right of a quorum

to exercise all rights and perform all duties of the authority.

4. The appointed members of the authority are entitled to receive a per diem as specified in section 7E.6 for each day spent in performance of duties as members, and shall be reimbursed for all actual and necessary expenses incurred in the performance of duties as members.

5. The appointed members of the authority and the executive director shall give bond as required for public officers in chapter 64.

6. Meetings of the authority shall be held at the call of the chairperson or whenever two members so request.

7. The appointed members shall elect a chairperson and vice chairperson annually, and other officers as they determine, but the executive director shall serve as secretary to the authority. The chairperson and vice chairperson shall serve on the selection and tenure committee as provided in section 175.7.

8. The net earnings of the authority, beyond that necessary for retirement of its notes, bonds or other obligations or to implement the public purposes and programs authorized, shall not inure to the benefit of any person other than the state. Upon termination of the existence of the authority, title to all property owned by the authority including any net earnings shall vest in the state.

175.4 Legislative findings.

The general assembly finds and declares as follows:

1. The establishment of the authority is in all respects for the benefit of the people of the state of Iowa, for the improvement of their health and welfare and for the promotion of the economy, which are public purposes.

2. The authority will be performing an essential governmental function in the exercise of the powers and duties conferred upon it by this chapter.

3. There exists a serious problem in this state regarding the ability of nonestablished farmers to acquire agricultural land and agricultural improvements and depreciable agricultural property in order to enter farming.

4. This barrier to entry into farming is conducive to consolidation of acreage of agricultural land with fewer individuals resulting in a grave threat to the traditional family farm.

5. These conditions result in a loss in population, unemployment and a movement of persons from rural communities to urban areas accompanied by added costs to communities for creation of new public facilities and services.

6. One major cause of this condition has been recurrent shortages of funds in private channels and the high interest cost of borrowing.

7. These shortages and costs have made the sale and purchase of agricultural land to beginning farmers a virtual impossibility in many parts of the state.

8. The ordinary operations of private enterprise have not in the past corrected these conditions.

9. A stable supply of adequate funds for agricultural financing is required to encourage beginning farmers in an orderly and sustained manner and to reduce the problems described in this section.

10. Article IX, section 3, of the Constitution of the State of Iowa requires that, "The General Assembly shall encourage, by all suitable means, the promotion of intellectual, scientific, moral, and agricultural improvement," and agricultural improvement and the public good are served by a policy of facilitating access to capital by beginning farmers unable to obtain capital elsewhere in order to preserve, encourage and protect the family farm which has been the economic, political and social backbone of rural Iowa.

11. It is necessary to create an agricultural development authority to encourage ownership of farms by beginning farmers by providing purchase money loans to beginning farmers who are not able to obtain adequate capital elsewhere to provide such funds and to lower costs through the use of public financing.

12. All of the purposes stated in this section are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned or granted.

13. The erosion of topsoil on agricultural land by wind and water is a serious problem within the state and one which threatens to destroy the natural resource most responsible for Iowa's prosperity.

14. It is necessary to the preservation of the economy and well-being of the state to encourage soil conservation practices by providing loans for permanent soil and water conservation practices on agricultural land within the state and for the acquisition of conservation farm equipment.

15. There exists a serious problem in this state regarding the ability of farmers to obtain affordable operating loans for reasonable and necessary expenses and cash flow requirements of farming.

16. Farming is one of the principal pursuits of the inhabitants of this state. Many other industries and pursuits, in turn, are wholly dependent upon farming.

17. The inability of farmers to obtain affordable operating loans is conducive to a general decline of the economy in this state.

18. It is necessary to establish an agricultural loan assistance program in this state to assist farmers in obtaining adequate financing at afford-

able rates for operating expenses and thereby assist in the stabilization of the economic condition of this state.

19. A serious problem continues to exist in this state regarding the ability of agricultural producers to obtain, retain, restructure, or service loans or other financing on a reasonable and affordable basis for operating expenses, cash flow requirements, and capital asset acquisition or maintenance.

20. Because the Iowa economy is dependent upon the production and marketing of agricultural produce, the inability of agricultural producers to obtain, retain, restructure, or service loans or other financing on a reasonable and an affordable basis for operating expenses, cash flow requirements, or capital asset acquisition or maintenance contributes to a general decline of the state's economy.

21. The decline in the number of beef cattle production operations is a serious problem within the state, resulting in the conversion of land used for pasture to row crop production, which threatens to destroy a significant part of Iowa's agricultural base and damage the economic viability of the state.

22. It is necessary to create a program in this state to assist agricultural producers who have established or intend to establish beef cattle production operations, to obtain adequate financing, and management assistance and training, and to convert land used for row crop production to pasture.

175.5 Guiding principles.

In the performance of its duties, implementation of its powers, selection of specific programs and projects to receive its assistance, the authority shall be guided by the following principles:

1. The authority shall not become an owner of real or depreciable property, except on a temporary basis where necessary in order to implement its programs, to protect its investments by means of foreclosure or other means, or to facilitate transfer of real or depreciable property for the use of beginning farmers.

2. The authority shall exercise diligence and care in selection of projects to receive its assistance and shall apply customary and acceptable business and lending standards in selection and subsequent implementation of the projects. The authority may delegate primary responsibility for determination and implementation of the projects to any federal governmental agency which assumes any obligation to repay the loan, either directly or by insurance or guarantee.

3. The authority shall establish a beginning farmer loan program to aid beginning farmers in the acquisition of agricultural land and improvements and depreciable agricultural property.

4. The authority shall develop programs for providing financial assistance to agricultural producers in this state.

[C81, §175.5]

86 Acts, ch 1026, §4

3. Have and alter a corporate seal.

4. Make and alter bylaws for its management consistent with the provisions of this chapter.

All political subdivisions, other public agencies and state agencies may enter into contracts and otherwise co-operate with the authority.

7. Procure insurance against any loss in connection with its operations and property interests, including pool insurance on any group of mortgage or secured loans.

8. Fix and collect fees and charges for its services.

9. Subject to an agreement with bondholders or noteholders, invest or deposit moneys of the authority in a manner determined by the authority, notwithstanding chapter 12B or 12C.

10. Accept appropriations, gifts, grants, loans, or other aid from public or private entities. A record of all gifts or grants, stating the type, amount and donor, shall be clearly set out in the authority's annual report along with the record of other receipts.

11. Provide to public and private entities technical assistance and counseling related to the authority's purposes.

12. In co-operation with other local, state or federal governmental agencies or instrumentalities, conduct studies of beginning farmer or agricultural producer agricultural needs, and gather and compile data useful to facilitate decision making.

1. The executive director of the authority shall be appointed by a selection and tenure committee, which shall consist of the secretary of agriculture and the chairperson and vice chairperson of the board established pursuant to section 175.3, or their designees. The executive director shall serve at the pleasure of the committee. The votes of three members of the committee are necessary for any substantive action taken by the committee, except that two members may take a substantive action, if the secretary has a conflict of interest. If a member other than the secretary has a conflict of interest, the board shall appoint a substitute member of the committee from the appointed members of the board for the duration of the conflict of interest. The executive director shall be selected primarily for administrative ability and knowledge in the field, without regard to political affiliation.

2. The executive director shall not, directly or indirectly, exert influence to induce any other officers or employees of the state to adopt a political view, or to favor a political candidate for office.

3. The executive director shall advise the authority on matters relating to agricultural land and property and agricultural finance, and carry out all directives from the authority, and shall hire and supervise the authority's staff pursuant to its directions and under the merit system provisions of chapter 19A, except that principal administrative assistants with responsibilities in beginning farm loan programs, accounting, mortgage loan processing, and investment portfolio management are exempt from the merit system.

loan is purchased enters into a contract to service the mortgage loan and account to the authority for it.

*Section 554.9101 et seq.

175.18 Reserve funds and appropriations.

1. The authority may create and establish one or more special funds, each to be known as a "bond reserve fund" and shall pay into each bond reserve fund any moneys appropriated and made available by the state for the purpose of the fund, any proceeds of sale of notes or bonds to the extent provided in the resolutions of the authority authorizing their issuance and any other moneys which are available to the authority for the purpose of the fund from any other sources. Moneys held in a bond reserve fund, except as otherwise provided in this chapter, shall be used as required solely for the payment of the principal of bonds secured in whole or in part by the fund or of the sinking fund payments with respect to the bonds, the purchase or redemption of the bonds, the payment of interest on the bonds or the payments of any redemption premium required to be paid when the bonds are redeemed prior to maturity.

2. Moneys in a bond reserve fund shall not be withdrawn from it in an amount that will reduce the amount of the fund to less than the bond reserve fund requirement established for the fund, as provided in this section, except for the purpose of making payment when due of principal, interest, redemption premiums and the sinking fund payments with respect to the bonds for the payment of which other moneys of the authority are not available. Any income or interest earned by, or incremental to, a bond reserve fund due to the investment of it may be transferred by the authority to other funds or accounts of the authority to the extent the transfer does not reduce the amount of that bond reserve fund below the bond reserve fund requirement for it.

3. The authority shall not at any time issue bonds, secured in whole or in part by a bond reserve fund if, upon the issuance of the bonds, the amount in the bond reserve fund will be less than the bond reserve fund requirement for the fund, unless the authority at the time of issuance of the bonds deposits in the fund from the proceeds of the bonds issued or from other sources an amount which, together with the amount then in the fund will not be less than the bond reserve fund require-

ment for the fund. For the purposes of this section, the term “*bond reserve fund requirement*” means, as of any particular date of computation, an amount of money, as provided in the resolutions of the authority authorizing the bonds with respect to which the fund is established, equal to not more than ten percent of the outstanding principal amount of bonds secured by the fund.

4. To assure the continued operation and solvency of the authority for the carrying out of its corporate purposes, provision is made in subsection 1 for the accumulation in each bond reserve fund of an amount equal to the bond reserve fund requirement for the fund. In order further to assure maintenance of the bond reserve funds, the chairperson of the authority shall, on or before July 1 of each calendar year, make and deliver to the governor a certificate stating the sum, if any, required to restore each bond reserve fund to its bond reserve fund requirement. Within thirty days after the beginning of the session of the general assembly next following the delivery of the certificate, the governor may submit to both houses printed copies of a budget including any sum required to restore each bond reserve fund to its bond reserve fund requirement. Sums appropriated by the general assembly and paid to the authority pursuant to this section shall be deposited by the authority in the applicable bond reserve fund.

5. Amounts paid over to the authority by the state pursuant to the provisions of this section shall constitute and be accounted for as advances by the state to the authority and, subject to the rights of the holders of any bonds or notes of the authority, shall be repaid to the state without interest from all available operating revenues of the authority in excess of amounts required for the payment of bonds, notes or obligations of the authority, the bond reserve fund and operating expenses.

6. The authority shall cause to be delivered to the legislative fiscal committee within ninety days of the close of its fiscal year its annual report certified by an independent certified public accountant, who may be the accountant or a member of the firm of accountants who regularly audits the books and accounts of the authority selected by the authority. In the event that the principal amount of any bonds or notes deposited in a bond reserve fund is withdrawn for payment of principal or interest thereby reducing the amount of that fund to less than the bond reserve fund requirement, the authority shall immediately notify the general assembly of this event and shall take steps to restore the fund to its bond reserve fund requirement from any amounts available, other than principal of a bond issue, which are not pledged to the payment of other bonds or notes.

[C81, §175.18]

175.19 Remedies of bondholders and noteholders.

1. 179.2 Commission created — suspension during national order — reactivation.

1. There is created an Iowa dairy industry commission, referred to in this chapter as the commission. The commission shall be composed of the secretary of agriculture or the secretary’s designee, the dean of agriculture at Iowa state university of science and technology or the dean’s designee, and sixteen members appointed by the secretary of agriculture as provided in this section.

2. Commissioners shall serve until their successors are duly appointed and qualify. Vacancies occurring in the membership of the commission resulting from death, inability or refusal to serve, or failure to meet the definition of a producer, shall be filled within three months of the time the vacancy occurs in the manner provided by the commission. Vacancy appointments shall be only for the remainder of the unexpired term. A commissioner shall not serve more than two consecutive full terms.

3. Appointive members of the commission shall receive a per diem as specified in section 7E.6 for each day spent on official business of the commission, not to exceed six hundred dollars per annum, and their actual necessary expenses, while engaged in commission activity.

4. When a national promotional order is established by the United States department of agriculture pursuant to the Dairy Product Stabilization Act of 1983, collection of the excise tax in section 179.5 shall be suspended for the period in which the national order is in effect. The commission shall continue to operate thereafter for only the period of time necessary to pay refunds and disburse the funds remaining in the dairy industry fund for the purposes enumerated in this chapter. Upon completion of these acts, the existence of the Iowa dairy industry commission shall be suspended. The secretary of agriculture shall certify the suspension of the commission as of a date certain to the Iowa dairy industry commission and the Iowa state dairy association. When the existence of the commission is suspended, the terms of office being served by individual commissioners shall terminate.

5. When the national promotional order expires, the period of suspension of the excise tax in section 179.5 shall terminate and the secretary of

agriculture shall take the steps necessary to collect that excise tax and otherwise fulfill the duties of the commission, except that of expending funds collected under the excise tax, until those duties can be resumed by the reactivated commission. When the national promotional order expires, the period of suspension of the commission shall terminate. The secretary of agriculture shall call the first meeting of the reactivated commission. Upon reactivation, the commission shall reimburse the secretary of agriculture for expenses incurred in carrying out the duties provided in this subsection.

6. When the national dairy promotion program expires and the suspension of the Iowa dairy industry commission terminates pursuant to subsection 5, all first purchasers shall, in a manner designed to reflect their proportionate contributions to the national dairy promotion program in its most recently completed fiscal year, nominate two resident producers for each of the sixteen offices of the commission. The secretary of agriculture shall then appoint one nominee from each set of two nominees as commissioners of the reactivated Iowa dairy industry commission. The secretary of agriculture shall stagger the terms of the reactivated commission resulting in as nearly as possible one third of the commissioners serving for one year, one third of the commissioners serving for two years, and one third of the commissioners serving for three years. After the initial staggering of terms by the secretary, commissioners shall be appointed to three-year terms.

7. After the reactivated commission has been formed, nominations for commissioners shall be made by first purchasers in a manner designed to reflect their proportionate contributions to the Iowa dairy industry commission in its most recently completed fiscal year.

179.5 Excise tax — administration of moneys — appropriation.

1. There is levied and imposed an excise tax on all producers within the state of three-fourths of one percent of the gross value of milk produced in the state.

2. All taxes levied and imposed under this chapter shall be deducted from the price received by the producer and shall be collected by the first purchaser, except as follows:

a. If the producer produces milk from cows and sells the milk directly to the consumer, the taxes shall be remitted by that producer.

b. If the producer sells milk to a first purchaser outside the state, the taxes are due and payable by that producer before the shipment is made, except that the commission may make agreements with extra state purchasers for the keeping of records and the collection of the taxes as necessary to secure the payment of the taxes within the time fixed by this chapter.

3. All taxes levied and imposed under this chapter and other contributions made to the dairy industry commission shall be paid to and collected by the commission within thirty days after the end of the month during which the milk was marketed. The commission shall remit the taxes and other contributions to the treasurer of the state each quarter, and at the same time render to the director of revenue and finance an itemized and verified report showing the source from which the taxes and voluntary contributions were obtained. All taxes and voluntary contributions received, collected, and remitted shall be placed in a special fund by the treasurer of state and the director of revenue and finance, to be known as the “*dairy industry fund*” to be used by the Iowa dairy industry commission for the purposes set out in this chapter and to administer and enforce the laws relative to this chapter. The department of revenue and finance shall transfer moneys from the fund to the commission for deposit into an account established by the commission in a qualified financial institution. The department shall transfer the moneys as provided in a resolution adopted by the commission. However, the department is only required to transfer moneys once during each day and only during hours when the offices of the state are open. Moneys deposited in the fund and transferred to the commission as provided in this section are appropriated and shall be used for the purpose of carrying out the provisions of this chapter.

179.13 Referendum.

At a time designated by the commission within eighteen months after termination of the national promotional order made pursuant to the Dairy Product Stabilization Act of 1983, the commission shall conduct a referendum under administrative procedures prescribed by the department.

Upon signing a statement certifying to the department that the person is a bona fide producer as defined in this chapter, each producer is entitled to one vote in each referendum. When the secretary is required to determine the approval or disapproval of producers under this section, the secretary shall consider the approval or disapproval of a cooperative association of producers, engaged in a bona fide manner in marketing milk, as the approval or disapproval of the producers who are members of or contract with the cooperative association of producers. If a cooperative association elects to vote on behalf of its members, the cooperative association shall provide each producer on whose behalf the cooperative association is expressing approval or disapproval with a description of the question presented in the referendum together with a statement of the manner in which the cooperative association intends to cast its vote on behalf of the membership. The information shall inform the producer of procedures to follow to cast an individual ballot if the producer chooses to do so within the period of time established by the secretary for casting ballots. The notification shall be made at least thirty days prior to the referendum and shall include an official ballot. The ballots shall be tabulated by the secretary and the vote of the cooperative association shall be adjusted to reflect the individual votes.

The department shall count and tabulate the ballots filed during the referendum within thirty days of the close of the referendum. If from the tabulation the department determines that a majority of the total number of producers voting in

the referendum favors the proposal, the excise tax provided for in this chapter shall be continued. The ballots cast pursuant to this section constitute complete and conclusive evidence for use in determinations made by the department under this chapter.

The secretary may conduct a referendum at any time after the Iowa dairy industry commission is reactivated, and shall hold a referendum on request of a representative group comprising ten percent or more of the number of producers eligible to vote, to determine whether the producers favor the termination or suspension of the excise tax. The secretary shall suspend or terminate collection of the excise tax within six months after the secretary determines that suspension or termination of the excise tax is favored by a majority of the producers voting in the referendum, and shall terminate the excise tax in an orderly manner as soon as practicable after the determination.

The ballots thus cast shall constitute complete and conclusive evidence for use in any finding made by the secretary under the provisions of this chapter. The secretary may prescribe such additional procedures as may be necessary to conduct a referendum.

In the event of the failure of any referendum provided for herein to pass, a subsequent referendum may be called by the secretary upon petition therefor by at least one hundred producers within one hundred eighty days after the secretary's determination that the prior referendum has failed. 181.19 Additional referendum — period assessment effective — extension or termination.

The secretary shall, upon the petition of five hundred producers, conduct an initial referendum to determine whether an excise tax shall be collected, at a rate established by the executive committee, of not to exceed fifty cents per head on all beef cattle sold for slaughter and not to exceed thirty-five cents per head on all veal calves sold for slaughter and on all sales of beef cattle for any other purpose.

The secretary shall, upon the petition of five hundred producers, conduct a special referendum to determine whether an excise tax already collected shall be increased to a rate, established by the executive committee, not to exceed one dollar per head on all beef cattle and veal calves sold for any purpose.

The referenda shall be conducted under the provisions of sections 181.9 and 181.10, as nearly as is possible. Upon determination by the secretary that assent to the assessment has been given, there shall be assessed and levied an excise tax on each sale in the amount provided in this section. The tax shall be due at or before the time the animals are sold and shall be paid at a time prescribed by the council, but not later than the last day of the month following the end of the prior reporting period in which the animals are sold.

The tax shall be assessed and levied on any person selling beef cattle or veal calves and shall be deducted by the purchaser from the price paid to the seller. The purchaser, at the time of the sale, shall make and deliver to the seller separate invoices for each sale showing the names and addresses of the seller and the purchaser, the number and kinds of animals sold, whether sold for slaughter or feeding, and the date of sale.

On the date of the effective date of an excise tax which is larger than provided for in this section, any lesser excise tax being assessed shall terminate. However, if a special referendum to increase the excise tax should fail, it shall not affect the existence or length of the assessment in effect on the date that the special referendum is conducted. The provisions of sections 181.12, 181.13, 181.14, 181.15 and 181.16 shall also be applicable to the tax provided for in this section, as nearly as is possible.

An assessment adopted by referendum shall be effective for four years from its effective date and shall be either extended or terminated as provided in this section.

Upon receipt of a petition not less than one hundred fifty nor more than two hundred forty days from a four-year anniversary of the effective

date of the assessment, signed within that same period by a number of producers equal to or greater than two percent of the number of producers reported in the most recent United States census of agriculture, requesting a referendum to determine whether to extend the assessment, the secretary shall call a referendum to be conducted not earlier than thirty days before the four-year anniversary date. If the secretary determines that extension of the assessment is not favored by a majority of the producers voting in the referendum, the secretary and the board shall terminate the assessment in an orderly manner as soon as practicable after the determination.

If no valid petition for extension is received by

the secretary within the time period described above, or if a petition is received but the referendum to extend the assessment passes, the assessment shall continue in effect for four additional years from the anniversary of its effective date described above.

This chapter shall be known as the “*Meat and Poultry Inspection Act*”.

[C66, 71, 73, 75, 77, 79, 81, §189A.1]

189A.2 Definitions.

As used in this chapter except as otherwise specified:

1. “*Adulterated*” shall apply to any livestock product or poultry product under any one or more of the following circumstances:

a. If it bears or contains any poisonous or deleterious substance which may render it injurious to health; but in case the substance is not an added substance such article shall not be considered adulterated under this clause if the quantity of such substance in or on such article does not ordinarily render it injurious to health.

b. (1) If it bears or contains, by reason of administration of any substance to the livestock or poultry or otherwise, any added poisonous or deleterious substance, other than one which is a pesticide chemical in or on a raw agricultural commodity; a food additive; or a color additive, which may, in the judgment of the secretary, make such article unfit for human food.

(2) If it is, in whole or in part, a raw agricultural commodity and such commodity bears or contains a pesticide chemical which is unsafe within the meaning of section 408 of the federal Food, Drug, and Cosmetic Act.

(3) If it bears or contains any food additive which is unsafe within the meaning of section 409 of the federal Food, Drug, and Cosmetic Act.

(4) If it bears or contains any color additive which is unsafe within the meaning of section 706 of the federal Food, Drug, and Cosmetic Act; however, an article which is not otherwise deemed adulterated under subparagraph (2), (3), or (4) of this paragraph shall nevertheless be deemed adulterated if use of the pesticide chemical, food additive, or color additive in or on such article is prohibited by regulations of the secretary in official establishments.

c. If it consists in whole or in part of any filthy, putrid, or decomposed substance or is for any other reason unsound, unhealthful, unwholesome, or otherwise unfit for human food.

d. If it has been prepared, packed, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health.

e. If it is, in whole or in part, the product of an animal, including poultry, which has died otherwise than by slaughter.

f. If its container is composed, in whole or in part, of any poisonous or deleterious substance which may render the contents injurious to health.

g. If it has been intentionally subjected to radiation, unless the use of the radiation was in conformity with a regulation or exemption in effect pursuant to section 409 of the federal Food, Drug, and Cosmetic Act.

h. If any valuable constituent has been in whole or in part omitted or abstracted therefrom; or if any substance has been substituted, wholly or in part therefor; or if damage or inferiority has been concealed in any manner; or if any substance has been added thereto or mixed or packed therewith so as to increase its bulk or weight, or reduce its quality or strength, or make it appear better or of greater value than it is.

i. If it is margarine containing animal fat and any of the raw material used therein consisted in whole or in part of any filthy, putrid, or decomposed substance.

2. “*Animal food manufacturer*” means any person engaged in the business of preparing animal food, including poultry, derived wholly or in part from livestock or poultry carcasses or parts or products of such carcasses.

3. “*Broker*” means any person engaged in the business of buying or selling livestock products or poultry products on commission, or otherwise negotiating purchases or sales of such articles other than for the person’s own account or as an employee of another person.

4. “*Capable of use as human food*” shall apply to any livestock or poultry carcass, or part or product of any such carcass, unless it is denatured or otherwise identified as required by regulations prescribed by the secretary to deter its use as human food, or it is naturally inedible by humans.

5. “*Container*” or “*package*” means any box, can, tin, cloth, plastic or other receptacle, wrapper, or cover.

6. “*Establishment*” means all premises where animals or poultry are slaughtered or otherwise prepared, either for custom, resale, or retail, for food purposes, meat or poultry canneries, sausage factories, smoking or curing operations, restaurants, grocery stores, brokerages, cold storage plants, and similar places.

6A. “*Farm deer*” means an animal belonging to the cervidae family and classified as part of the dama species of the dama genus, commonly referred to as fallow deer; part of the elaphus species of the cervus genus, commonly referred to as red deer or elk; or part of the nippon species of the cervus genus, commonly referred to as sika. However, a farm deer does not include any unmarked free-ranging elk.

7. “*Federal Food, Drug, and Cosmetic Act*” means the Act so entitled, approved June 25, 1938 (52 Stat. 1040), and Acts amendatory thereof or supplementary thereto.

8. “*Federal Meat Inspection Act*” means the Act so entitled approved March 4, 1907 (34 Stat. 1260), as amended by the Wholesome Meat Act (81 Stat. 584); “*Federal Poultry Products Inspection Act*” means the Act so entitled approved August 28, 1957 (71 Stat. 441), as amended by the Wholesome Poultry Products Act (82 Stat. 791); and “*federal Acts*” means these two federal laws.

9. “*Immediate container*” means any consumer package; or any other container in which livestock products or poultry products, not consumer packaged, are packed.

10. “*Inspector*” means an employee or official of the department authorized by the secretary or any employee or official of the government of any county or other governmental subdivision of this state, authorized by the secretary to perform any inspection functions under this chapter under an agreement between the secretary and such governmental subdivision.

11. “*Intrastate commerce*” means commerce within this state.

12. “*Label*” means a display of written, printed, or graphic matter upon any article or the immediate container, not including package liners, of any article.

13. “*Labeling*” means all labels and other written, printed, or graphic matter either upon any article or any of its containers or wrappers, or accompanying such article.

14. “*Livestock*” means a live or dead animal which is limited to cattle, sheep, swine, goats, farm deer, or which is classified as an equine including a horse or mule.

15. “*Livestock product*” means any carcass, part thereof, meat, or meat food product of any livestock.

16. “*Meat food product*” means any product capable of use as human food which is made wholly or in part from any meat or other portion of the carcass of any cattle, sheep, swine, or goats, excepting products which contain meat or other portions of

such carcasses only in a relatively small proportion or historically have not been considered by consumers as products of the meat food industry, and which are exempted from definition as a meat food product by the secretary under such conditions as the secretary may prescribe to assure that the meat or other portions of such carcass contained in such product are not adulterated and that such products are not represented as meat food products. This term as applied to food products of equines or farm deer shall have a meaning comparable to that provided in this paragraph with respect to cattle, sheep, swine, and goats.

17. “*Misbranded*” shall apply to any livestock product or poultry product under any one or more of the following circumstances:

a. If its labeling is false or misleading in any particular.

b. If it is offered for sale under the name of another food.

c. If it is an imitation of another food, unless its label bears, in type of uniform size and prominence, the word “imitation”, and immediately thereafter the name of the food imitated.

d. If its container is so made, formed, or filled as to be misleading.

e. Unless it bears a label showing both:

(1) The name and place of business of the manufacturer, packer, or distributor.

(2) An accurate statement of the quantity of the product in terms of weight, measure, or numerical count; however, under this paragraph, exemptions as to livestock products not in containers may be established by regulations prescribed by the secretary, and under this subparagraph reasonable variations may be permitted, and exemptions as to small packages may be established for livestock products or poultry products by regulations prescribed by the secretary.

f. If any word, statement, or other information required by or under authority of this chapter to appear on the label or other labeling is not prominently placed thereon with such conspicuousness, as compared with other words, statements, designs, or devices in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

g. If it purports to be or is represented as a food for which a definition and standard of identity or composition has been prescribed by the regulations of the secretary under section 189A.7, unless it conforms to such definition and standard and its label bears the name of the food specified in the definition and standard and, insofar as may be required by such regulations, the common names of optional ingredients, other than spices, flavoring, and coloring, present in such food.

h. If it purports to be or is represented as a food for which a standard or standards of fill of container have been prescribed by regulations of the secretary under section 189A.7, and it falls below the

standard of fill of container applicable thereto, unless its label bears, in such manner and form as such regulations specify, a statement that it falls below such standard.

i. If it is not subject to the provisions of paragraph “g” of this subsection, unless its label bears both:

(1) The common or usual name of the food, if any.

(2) In case it is fabricated from two or more ingredients, the common or usual name of each such ingredient; except that spices, flavorings, and colorings may, when authorized by the secretary, be designated as spices, flavorings, and colorings without naming each; however, to the extent that compliance with the requirements of this subparagraph is impracticable, or results in deception or unfair competition, exemptions shall be established by regulations promulgated by the secretary.

j. If it purports to be or is represented for special dietary uses, unless its label bears such information concerning its vitamin, mineral, and other dietary properties as the secretary, after consultation with the secretary of agriculture of the United States, determines to be and by regulations prescribes as necessary in order to fully inform purchasers as to its value for such uses.

k. If it bears or contains any artificial flavoring, artificial coloring, or chemical preservative, unless it bears labeling stating that fact; however, to the extent that compliance with the requirements of this paragraph is impracticable, exemptions shall be established by regulations promulgated by the secretary.

l. If it fails to bear, directly thereon and on its containers, as the secretary may by regulations prescribe, the official inspection legend and establishment number of the establishment where the product was prepared and, unrestricted by any of the foregoing, such other information as the secretary may require in such regulations to assure that it will not have false or misleading labeling and that the public will be informed of the manner of handling required to maintain the article in a wholesome condition.

18. “*Official certificate*” means any certificate prescribed by regulations of the secretary for issuance by an inspector or other person performing official functions under this chapter.

19. “*Official device*” means any device prescribed or authorized by the secretary for use in applying any official mark.

23. “*Person*” includes any individual, partnership, corporation, association, or other business unit, and any officer, agent, or employee thereof.

24. “*Pesticide chemical*”, “*food additive*”, “*color additive*”, and “*raw agricultural commodity*” shall have the same meanings for purposes of this chapter as under the federal Food, Drug, and Cosmetic Act.

25. “*Poultry*” means any domesticated bird, whether live or dead.

26. “*Poultry product*” means any poultry carcass or part thereof, or any product which is made wholly or in part from any poultry carcass or part thereof, excepting products which contain poultry ingredients only in a relatively small proportion or historically have not been considered by consumers as products of the poultry food industry, and which are exempted by the secretary from definition as a poultry product under such conditions as the secretary may prescribe to assure that the poultry ingredients in such products are not adulterated and that such products are not represented as poultry products.

27. “*Prepared*” means slaughtered, canned, salted, stuffed, rendered, boned, cut up, or otherwise manufactured or processed.

28. “*Reinspection*” includes inspection of the preparation of livestock products and poultry products, as well as re-examination of articles previously inspected.

189A.3 License — fee.

No person shall operate an establishment other than a food establishment as defined in section 137F.1 without first obtaining a license from the department. The license fee for each establishment per year or any part of a year shall be:

1. For all meat and poultry slaughtered or otherwise prepared not exceeding twenty thou-

sand pounds per year for sale, resale, or custom, twenty-five dollars.

2. For all meat and poultry slaughtered or otherwise prepared in excess of twenty thousand pounds per year for sale, resale, or custom, fifty dollars.

The funds shall be deposited with the department. The license year shall be from July 1 to June 30. Applications for licenses shall be in writing on forms prescribed by the department.

It is the objective of this chapter to provide for meat and poultry products inspection programs that will impose and enforce requirements with respect to intrastate operations and commerce that are at least equal to those imposed and enforced under the federal Meat Inspection Act and the federal Poultry Products Inspection Act with respect to operations and transactions in interstate commerce; and the secretary is directed to administer this chapter so as to accomplish this purpose. A director of the meat and poultry inspection service shall be designated as the secretary's delegate to be the appropriate state official to co-operate with the secretary of agriculture of the United States in administration of this chapter.

189A.4 Exemptions.

In order to accomplish the objectives of this chapter, the secretary may exempt the following types of operations from inspection:

1. Slaughtering and preparation by any person of livestock and poultry of the person's own raising exclusively for use by the person and members of the person's household, and the person's nonpaying guests and employees.

2. Any other operations which the secretary may determine would best be exempted to further the purposes of this chapter, to the extent such exemptions conform to the federal Meat Inspection Act and the federal Poultry Products Inspection Act and the regulations thereunder.

[C66, 71, 73, 75, 77, 79, 81, §189A.4]

189A.5 Veterinarians and inspectors.

The secretary shall administer this chapter and may appoint a person to act as the secretary's designee in the administration of this chapter. The secretary shall employ veterinarians licensed in the state of Iowa as veterinary inspectors. The secretary is also authorized to employ as meat inspectors other persons who have qualified and are skilled in the inspection of meat and poultry products and any other additional employees the secretary deems necessary to carry out the provisions of this chapter. The meat inspectors shall be under the supervision of the secretary's designee or a veterinary inspector if no designee is appointed. The secretary may also enter into contracts with quali-

fied individuals to perform inspection services as the secretary may designate for a fee per head or per unit volume to be determined by the secretary provided the persons are not employed in an establishment in which the inspection takes place. The secretary may utilize any employee, agent, or equipment of the department in the enforcement of this chapter, and may assign to inspectors other duties related to the acceptance of meat and poultry products.

In order to accomplish the objectives stated in section 189A.3 the secretary shall:

1. By regulations require antemortem and postmortem inspections, quarantine, segregation, and reinspections with respect to the slaughter of livestock and poultry and the preparation of livestock products and poultry products at all establishments in this state, except those exempted by section 189A.4, at which livestock or poultry are slaughtered or livestock or poultry products are prepared for human food solely for distribution in intrastate commerce.

2. By regulations require the identification of livestock and poultry for inspection purposes and the marking and labeling of livestock products or poultry products or their containers, or both, as "Iowa Inspected and Passed" if the products are found upon inspection to be not adulterated, and as "Iowa Inspected and Condemned" if they are found upon inspection to be adulterated; and the destruction for food purposes of all such condemned products under the supervision of an inspector.

3. Prohibit the entry into official establishments of livestock products and poultry products not prepared under federal inspection or inspection pursuant to this chapter and further limit the entry of such articles and other materials into such establishments under such conditions as the secretary deems necessary to effectuate the purposes of this chapter.

4. By regulations require that when livestock products and poultry products leave official establishments they shall bear directly thereon or on their containers, or both, all information required by subsection 17 of section 189A.2; and require approval of all labeling and containers to be used for such products when sold or transported in intrastate commerce to assure that they comply with the requirements of this chapter.

5. Investigate the sanitary conditions of each establishment within subsection 1 of this section and withdraw or otherwise refuse to provide inspection service at any such establishment where the sanitary conditions are such as to render adulterated any livestock products or poultry products prepared or handled thereat.

6. Prescribe regulations relating to sanitation for all establishments required to have inspection under subsection 1 of this section.

7. By regulations require that both of the following classes of persons shall keep such records

and for such periods as are specified in the regulations to fully and correctly disclose all transactions involved in their business, and to afford the secretary and the secretary's representatives, including representatives of other governmental agencies designated by the secretary, access to such places of business, and opportunity at all reasonable times to examine the facilities, inventory, and records thereof, to copy the records, and to take reasonable samples of the inventory upon payment of the fair market value therefor:

a. Any person that engages in or for intrastate commerce in the business of slaughtering any livestock or poultry, or preparing, freezing, packaging or labeling, buying or selling, as a broker, wholesaler, or otherwise, transporting, or storing any livestock products or poultry products for human or animal food.

b. Any person that engages in or for intrastate commerce in business as a renderer or in the business of buying, selling, or transporting any dead, dying, disabled, or diseased livestock or poultry or parts of the carcasses of any such animals, including poultry, that died otherwise than by slaughter.

[C66, §170.20, 189A.5, 189A.7, 189A.8, 189A.10; C71, 73, 75, 77, 79, 81, §189A.5]

87 Acts, ch 144, §1

189A.6 Health examination of employees.

The operator of any establishment shall require all employees of such establishment to have a health examination by a physician and a certified health certificate for each employee shall be kept on file by the operator. The secretary may at any time require an employee of an establishment to submit to a health examination by a physician. No person suffering from any communicable disease, including any communicable skin disease, and no person with infected wounds, and no person who is a "carrier" of a communicable disease shall be employed in any capacity in an establishment. No person shall work or be employed in or about any establishment during the time in which a communicable disease exists in the home in which such person resides unless such person has obtained a certificate from a physician to the effect that no danger of public contagion or infection will result from the employment of such person in such establishment. Every person employed by an establishment and engaged in direct physical contact with meat or poultry products during its preparation, processing, or storage, shall be clean in person, wear clean washable outer garments and a suitable cap or other head covering used exclusively in such work. Only persons specifically designated by the operator of an establishment shall be permitted to touch meat or poultry products with their hands, and the persons so designated shall keep their hands scrupulously clean.

[C66, 71, 73, 75, 77, 79, 81, §189A.6]

189A.7 Powers of secretary of agriculture.

In order to accomplish the objective stated in section 189A.3 the secretary may:

1. Remove inspectors from any establishment that fails to destroy condemned products as required under section 189A.5, subsection 2.

2. Refuse to provide inspection service under this chapter with respect to any establishment for causes specified in section 401 of the federal Meat Inspection Act or section 18 of the federal Poultry Products Inspection Act.

3. Order labeling and containers to be withheld from use if the secretary determines that the labeling is false or misleading or the containers are of a misleading size or form.

4. By regulations prescribe the sizes and style of type to be used for labeling information required under this chapter, and definitions and standards of identity or composition or standards of fill of container, consistent with federal standards, when the secretary deems such action appropriate for the protection of the public and after consultation with the secretary of agriculture of the United States.

5. By regulations prescribe conditions of storage and handling of livestock products and poultry products by persons engaged in the business of buying, selling, freezing, storing, or transporting such articles in or for intrastate commerce to assure that such articles will not be adulterated or misbranded when delivered to the consumer.

6. Require that equines be slaughtered and prepared in establishments separate from establishments where other livestock are slaughtered or their products are prepared.

7. By regulations require that every person engaged in business in or for intrastate commerce as a broker, renderer, animal food manufacturer, or wholesaler or public warehouse of livestock or poultry products, or engaged in the business of buying, selling, or transporting in intrastate commerce any dead, dying, disabled, or diseased livestock or poultry or parts of the carcasses of any such animals, including poultry, that died otherwise than by slaughter shall register with the secretary the person's name and the address of each place of business at which and all trade names under which the person conducts such business.

8. Adopt by reference or otherwise such provisions of the rules and regulations under the federal Acts, with such changes therein as the secretary deems appropriate to make them applicable to operations and transactions subject to this chapter, which shall have the same force and effect as if promulgated under this chapter, and promulgate such other rules and regulations as the secretary deems necessary for the efficient execution of the provisions of this chapter, including rules of practice providing opportunity for hearing in connection with issuance of orders under section 189A.5,

subsection 5, and subsection 1, 2, or 3 of this section and prescribing procedures for proceedings in such cases; however, this shall not preclude a requirement that a label or container be withheld from use, or a refusal of inspection pursuant to the sections cited herein pending issuance of a final order in any such proceeding.

9. Appoint and prescribe the duties of such inspectors and other personnel as the secretary deems necessary for the efficient execution of the provisions of this chapter.

10. Co-operate with the secretary of agriculture of the United States in administration of this chapter to effectuate the purposes stated in section 189A.3; accept federal assistance for that purpose and spend public funds of this state appropriated for administration of this chapter to pay the state's proportionate share of the estimated total cost of the co-operative program.

11. Recommend to the secretary of agriculture of the United States for appointment to the advisory committees provided for in the federal Acts, such officials or employees of the Iowa meat and poultry inspection service as the secretary shall designate.

12. Serve as a representative of the governor for consultation with said secretary under paragraph "c" of section 301 of the federal Meat Inspection Act and paragraph "c" of section 5 of the federal Poultry Products Inspection Act unless the governor selects another representative.

[C71, 73, 75, 77, 79, 81, §189A.7]

189A.8 Prohibited acts.

1. No person shall sell, transport, offer for sale or transportation, or receive for transportation in intrastate commerce, any carcasses of horses, mules, or other equines or parts of such carcasses, or the meat or meat food products thereof, unless they are plainly and conspicuously marked or labeled or otherwise identified as required by regulations prescribed by the secretary to show the kinds of animals from which they were derived.

2. No person shall buy, sell, transport, or offer for sale or transportation, or receive for transportation, in intrastate commerce, any livestock products or poultry products which are not intended for use as human food unless they are denatured or otherwise identified as required by the regulations of the secretary or are naturally inedible by humans.

3. No person engaged in the business of buying, selling, or transporting in intrastate commerce, dead, dying, disabled, or diseased animals, or any parts of the carcasses of any animals that died otherwise than by slaughter, shall buy, sell, transport, offer for sale or transportation, or receive for transportation in such commerce, any dead, dying, disabled, or diseased livestock or poultry or the products of any such animals that

died otherwise than by slaughter, unless such transaction or transportation is made in accordance with such regulations as the secretary may prescribe to assure that such animals, or the unwholesome parts or products thereof, will be prevented from being used for human food purposes.

[C71, 73, 75, 77, 79, 81, §189A.8]

189A.9 Hours of operation.

The secretary may require operations at licensed establishments to be conducted during reasonable hours. The owner or operator of each licensed establishment shall keep the secretary informed in advance of intended hours of operation.

A charge shall be made for overtime inspection in excess of eight hours per day or outside assigned work schedules and also on state legal holidays.

[C66, 71, 73, 75, 77, 79, 81, §189A.9]

189A.10 Fraudulent practices.

1. A person commits a fraudulent practice as defined in section 714.8 if the person does any of the following:

a. Slaughters livestock or poultry or prepares an article produced from livestock or poultry which is capable of use as human food, at any establishment preparing the article solely for intrastate commerce, except in compliance with the requirements of this chapter.

b. Sells, transports, offers for sale or transportation, or receives for transportation in intrastate commerce, any article produced from livestock or poultry which is both of the following:

(1) Capable of use as human food.

(2) Adulterated or misbranded at the time of such sale, transportation, offer for sale or transportation, or receipt for transportation; or required to be inspected under this chapter unless the article has passed inspection.

Members appointed under this section shall be persons knowledgeable regarding the production, handling, processing, and retailing of organic agricultural products. The members of the board shall be appointed as follows:

The governor shall appoint two of the persons, at least one of which shall be a producer of livestock, who may be a dairy or egg producer. The secretary shall appoint three of the persons, at least one of which shall be a producer of an agricultural commodity other than livestock. To qualify for appointment, a person must have derived a substantial portion of the person’s income, wages, or salary from the production of organic agricultural products for three years prior to appointment.

PERMITS — INSPECTIONS

192.107 Milk or milk products permit.

A person who does not possess a permit issued by the department shall not bring, send, or receive

into the state for sale, or sell, offer for sale, or store any milk or milk product as provided in this chapter and in chapters 190 and 191. However, the department may exempt from this requirement grocery stores, restaurants, soda fountains, or similar establishments where milk or a milk product is served or sold at retail, but not processed.

Only a person who complies with the requirements of this chapter and chapters 190 and 191 shall be entitled to receive and retain a permit from the department. Permits shall not be transferable with respect to persons or locations.

The department shall suspend a permit whenever there is reason to believe that a public health hazard exists, whenever the permit holder has violated any of the requirements of this chapter, chapter 190, or chapter 191, or whenever the permit holder has interfered with the department in the performance of its duties. However, where the milk or milk product involved creates, or appears to create, an imminent hazard to the public health, or in any case of a willful refusal to permit authorized inspection, the department shall serve upon the holder a written notice of intent to suspend the permit. The notice shall specify with particularity the violations in question and afford the holder such reasonable opportunity to correct such violations as may be agreed to by the parties, or in the absence of agreement, established by the secretary before making any order of suspension effective. A suspension of permit shall remain in effect until the violation has been corrected to the satisfaction of the department. As used in this section, the terms “*public health hazard*” and “*imminent hazard*” shall be defined by rules adopted by the department. The rules shall include examples of public health hazards and imminent hazards.

Upon written application of any person whose permit has been suspended, or upon application within forty-eight hours of any person who has been served with a notice of intention to suspend, and in the latter case before suspension, the department shall within seventy-two hours proceed to a hearing to ascertain the facts of such violation or interference and upon evidence presented at such hearing shall affirm, modify, or rescind the suspension or intention to suspend.

Upon repeated violation, the department may revoke a permit following reasonable notice to the permit holder and an opportunity for a hearing. This section is not intended to preclude the institution of a court action provided in this chapter, chapter 190, or chapter 191.

1. This section shall apply to any person:
- Who manufactures a commercial feed within the state.
 - Who distributes a commercial feed in or into the state.
 - Whose name appears on the label of a commercial feed as guarantor.

A broker shall not distribute a commercial feed in this state without first obtaining a license from the secretary issued on forms provided by the secretary. The forms must identify the broker’s name and place of business.

- The product name and the brand name, if any, under which the commercial feed is distributed.
- The guaranteed analysis stated in such terms as the secretary by rule determines is required to advise the user of the composition of the feed or to support claims made in the labeling. In all cases the substances or elements must be determinable by laboratory methods such as the methods published by the association of official analytical chemists.

d. An ingredient statement containing the common or usual name of each ingredient used in the manufacture of the commercial feed. However, the secretary by rule may permit the use of a collective term for a group of ingredients which perform a similar function, or the secretary may exempt such commercial feeds, or any group of them, from this requirement if the secretary finds that a statement is not required in the interest of consumers.

e. The name and principal mailing address of the manufacturer or the person responsible for distributing the commercial feed.

f. Adequate directions for use for all commercial feeds containing drugs and for such other feeds as the secretary may require by rule as necessary for their safe and effective use.

198.7 Adulteration.

A commercial feed shall be deemed to be adulterated:

1. a. If it bears or contains any poisonous or deleterious substance which may render it injurious to health; but in case the substance is not an added substance, such commercial feed shall not be considered adulterated under this subsection if the quantity of such substance in such commercial feed does not ordinarily render it injurious to health.

b. If it bears or contains any added poisonous, added deleterious, or added nonnutritive substance which is unsafe within the meaning of section 406 of the federal Food, Drug, and Cosmetic Act, other than one which is a pesticide chemical in or on a raw agricultural commodity or a food additive.

c. If it is, or it bears or contains any food additive which is unsafe within the meaning of section 409 of the federal Food, Drug, and Cosmetic Act.

d. If it is a raw agricultural commodity and it bears or contains a pesticide chemical which is unsafe within the meaning of section 408, subparagraph "a" of the federal Food, Drug, and Cosmetic Act, provided, that where a pesticide chemical has been used in or on a raw agricultural commodity in conformity with an exemption granted or a tolerance prescribed under section 408 of the federal Food, Drug, and Cosmetic Act and such raw agricultural commodity has been subjected to processing such as canning, cooking, freezing, dehydrating or milling, the residue of such pesticide chemical remaining in or on such processed feed shall not be deemed unsafe if such residue in or on the raw agricultural commodity has been removed to the extent possible in good manufacturing practice and the concentration of such residue in the processed feed is not greater than the tolerance prescribed for the raw agriculture commodity unless the feeding of such processed feed will result or is likely to result in a pesticide residue in the edible product of the animal, which is unsafe within the meaning of section 408, subparagraph "a" of the federal Food, Drug, and Cosmetic Act.

e. If it is, or it bears or contains any color additive which is unsafe within the meaning of section 706 of the federal Food, Drug, and Cosmetic Act.

3. If its composition or quality falls below or differs from that which it is purported or is represented to possess by its labeling.

4. If it contains a drug and the methods used in or the facilities or controls used for its manufacture, processing, or packaging do not conform to current good manufacturing practice rules promulgated by the secretary to assure that the drug meets the requirement of this chapter as to safety and has the identity and strength and meets the quality and purity characteristics which it purports or is represented to possess. In promulgating such rules, the secretary shall adopt the current good manufacturing practice regulations for medicated feed premixes and for medicated feeds established under authority of the federal Food, Drug, and Cosmetic Act, unless the secretary determines that they are not appropriate to the conditions which exist in this state.

5. If it contains viable weed seeds in amounts exceeding the limits which the secretary shall establish by rule.

1. Manufacture or distribute any commercial feed that is adulterated or misbranded.
2. Adulterate or misbrand any commercial feed.
3. Distribute agricultural commodities such as whole seed, hay, straw, stover, silage, cobs, husks and hulls, which are adulterated within the meaning of section 198.7, subsection 1.
4. Remove or dispose of a commercial feed in violation of an order under section 198.12.
5. Fail or refuse to obtain a license in accordance with section 198.4.
6. Violate section 198.13, subsection 6.
7. Fail to pay inspection fees and file reports as required by section 198.9.

198.9 Inspection fees and reports.

1. An inspection fee to be fixed annually by the secretary at a rate of not more than sixteen cents per ton, shall be paid on commercial feed distributed in this state by the person who first distributes the commercial feed, subject to the following:

a. The inspection fee is not required on the first distribution, if made to a qualified buyer who, with approval from the secretary, shall become responsible for the fee.

b. A fee shall not be paid on a commercial feed if the payment has been made by a previous distributor.

c. A fee shall not be paid on customer-formula feeds if the inspection fee is paid on the commercial feeds which are used as components of the customer-formula feeds.

d. A minimum semiannual fee shall be twenty dollars.

e. A licensed manufacturer shall pay the inspection fee on commercial feed that is fed to livestock owned by the licensee.

In the case of a pet food or specialty pet food, which is distributed in this state in packages of ten pounds or less, each product shall be registered and an annual registration fee of fifty dollars for each product shall be paid by January 1 of each year in lieu of the per ton rate as provided in this subsection. The inspection fee shall apply to those same products distributed in packages of more than ten pounds.

2. Each person who is liable for the payment of such fee shall:

a. File, not later than the last day of January and July of each year, a semiannual statement, setting forth the number of net tons of commercial feeds distributed in this state during the preceding six months and upon filing the statement shall pay the inspection fee at the rate stated in subsection 1. Inspection fees which are due and owing and have not been remitted to the secretary within fifteen days following the due date shall have a delinquency fee of ten percent of the amount due or fifty dollars, whichever is greater, added to the amount due when payment is finally made. The assessment of this delinquency fee does not prevent the department from taking other actions as provided in this chapter.

b. Keep such records as may be necessary or required by the secretary to indicate accurately the tonnage of commercial feed distributed in this state, and the secretary shall have the right to examine such records to verify statements of tonnage.

Failure to make an accurate statement of tonnage or to pay the inspection fee or comply as provided in this section is sufficient cause for cancellation of the license of the distributor.

3. Fees collected shall be deposited in the general fund of the state and shall be subject to the requirements of section 8.60. Moneys deposited under this section shall be used for the payment of the costs of inspection, sampling, analysis, supportive research, and other expenses necessary for the administration of this chapter.

If there is an unencumbered balance of funds from the fees deposited under this section on June 30 of any fiscal year equal to or exceeding one hundred thousand dollars, the secretary of agriculture shall reduce the per ton fee provided for in subsection 1 for the next fiscal year in such amount as will result in an ending estimated balance of the fees deposited less costs paid for from those fees for June 30 of the next fiscal year of one hundred thousand dollars.

198.10 Rules.

1. The secretary may adopt rules for commercial feeds and pet foods as specifically authorized in this chapter and other reasonable rules necessary in order to carry out the purpose and intent of this chapter or to secure the efficient enforcement of this chapter. In the interest of uniformity the secretary shall adopt any rule based on regulations promulgated under the authority of the federal Food, Drug, and Cosmetic Act, 21 U.S.C. § 301 et seq., provided the secretary has the authority under this chapter to adopt the rule. However, the secretary is not required to adopt such a rule, if the secretary determines that the rule would be inconsistent with this chapter or not appropriate to conditions which exist in this state.

2. Before the issuance, amendment, or repeal of a rule authorized by this chapter, the secretary shall publish the proposed rule, amendment, or notice to repeal an existing rule in a manner reasonably calculated to give interested parties, including all current licensees, adequate notice, and shall afford all interested persons an opportunity to be heard, orally or in writing, within a reasonable period of time. After consideration of all views presented by interested persons, the secretary shall take appropriate action to issue the proposed rule or to amend or repeal an existing rule. However, if the secretary adopts rules based on regulations promulgated under the authority of the federal Food, Drug, and Cosmetic Act, any amendment or modification adopted by the United States secretary of health and human services shall be adopted automatically under this chapter without regard to publication of the notice required by this subsection, unless the secretary by order specifically determines that an amendment or modification shall not be adopted.

198.11 Inspection, sampling and analysis.

1. For the purpose of enforcement of this chapter, and in order to determine whether its provisions have been complied with, including whether or not any operations may be subject to such provisions, officers or employees duly designated by the secretary, upon presenting appropriate credentials, and a written notice to the owner, operator or agent in charge, are authorized:

a. To enter, during normal business hours, any factory, warehouse or establishment within the state in which commercial feeds are manufactured, processed, packed or held for distribution,

or to enter any vehicle being used to transport or hold such feed.

b. To inspect at reasonable times and within reasonable limits and in a reasonable manner, such factory, warehouse, establishment or vehicle and all pertinent equipment, finished and unfinished materials, containers and labeling therein. The inspection may include the verification of only such records, and production and control procedures as may be necessary to determine compliance with the good manufacturing practice regulations established under section 198.7, subsection 4.

2. A separate notice shall be given for each such inspection, but a notice shall not be required for each entry made during the period covered by the inspection. Each such inspection shall be commenced and completed with reasonable promptness. Upon completion of the inspection, the person in charge of the facility or vehicle shall be so notified.

3. If the officer or employee making such inspection of a factory, warehouse or other establishment has obtained a sample in the course of the inspection, upon completion of the inspection and prior to leaving the premises the officer or employee shall give to the owner, operator or agent in charge a receipt describing the samples obtained.

4. If the owner of any factory, warehouse, or establishment described in subsection 1, or the owner's agent, refuses to admit the secretary or the secretary's agent to inspect in accordance with subsections 1 and 2, the secretary may obtain from any state court a warrant directing such owner or the owner's agent to submit the premises described in such warrant to inspection.

5. For the purpose of the enforcement of this chapter, the secretary or the secretary's duly designated agent is authorized to enter upon any public or private premises including any vehicle of transport during regular business hours to have access to, and to obtain samples, and to examine records relating to distribution of commercial feeds.

6. Sampling and analysis shall be conducted in accordance with methods published by the association of official analytical chemists, or in accordance with other generally recognized methods.

7. The results of all analyses of official samples shall be forwarded by the secretary to the person named on the label. When the inspection and analysis of an official sample indicates a commercial feed has been adulterated or misbranded and upon request within thirty days following receipt of the analysis the secretary shall furnish to the licensee a portion of the sample concerned.

8. The secretary, in determining for administrative purposes whether a commercial feed is deficient in any component, shall be guided by the official sample as defined in section 198.3, subsection 14, and obtained and analyzed as provided for in subsections 3, 5 and 6.

198.12 Detained commercial feeds.

1. When the secretary or the secretary's authorized agent has reasonable cause to believe any lot of commercial feed is being distributed in violation of any of the provisions of this chapter or of any of the rules adopted under this chapter, the secretary or agent may issue and enforce a written or printed "withdrawal from distribution" order, warning the distributor not to dispose of the lot of commercial feed in any manner until written permission is given by the secretary or the court. The secretary shall release the lot of commercial feed so withdrawn when the provisions and rules have been complied with. If compliance is not obtained within thirty days, the secretary may begin, or upon request of the distributor shall begin, proceedings for condemnation.

2. Any lot of commercial feed not in compliance with said provisions and rules shall be subject to seizure on complaint of the secretary to a court of competent jurisdiction in the area in which said commercial feed is located. In the event the court finds the said commercial feed to be in violation of this chapter and order the condemnation of said commercial feed, it shall be disposed of in any manner consistent with the quality of the commercial feed and the laws of the state, provided, that in no instance shall the disposition of said commercial feed be ordered by the court without first giving the claimant an opportunity to apply to the court for release of said commercial feed or for permission to process or relabel said commercial feed to bring it into compliance with this chapter.

198.13 Penalties.

1. Any person convicted of violating any of the provisions of this chapter or who shall impede, hinder or otherwise prevent, or attempt to prevent, said secretary or the secretary's authorized agent in performance of that person's duty in connection with the provisions of this chapter, shall be guilty of a simple misdemeanor.

2. Nothing in this chapter shall be construed as requiring the secretary or the secretary's representative to:

- a. Report for prosecution.
- b. Institute seizure proceedings.
- c. Issue a withdrawal from distribution order, as a result of minor violations of the chapter, or when the secretary or representative believes the public interest will best be served by suitable notice of warning in writing.

3. It shall be the duty of each county attorney to whom any violation is reported to cause appropriate proceedings to be instituted and prose-

cuted in a court of competent jurisdiction without delay. Before the secretary reports a violation for such prosecution, an opportunity shall be given the distributor to present the distributor's view to the secretary.

4. The secretary may apply for and the court may grant a temporary or permanent injunction restraining any person from violating or continuing to violate any of the provisions of this chapter or any rule promulgated under the chapter notwithstanding the existence of other remedies at law. If granted, the injunction shall be issued without bond.

5. Any person adversely affected by an act, order, or ruling made pursuant to the provisions of this chapter may within forty-five days thereafter bring action in the district court for judicial review of such actions. The form of the proceeding shall be any which may be provided by statutes of this state to review decisions of administrative agencies, or in the absence or inadequacy thereof, any applicable form of legal action, including actions for declaratory judgments or writs or prohibitory or mandatory injunctions.

6. Any person who uses to the person's own advantage, or reveals to other than the secretary, or officers of the department or to the courts when relevant in any judicial proceeding, any information acquired under the authority of this chapter, concerning any method, records, formulations or processes which as a trade secret is entitled to protection, is guilty of a serious misdemeanor. This prohibition shall not be deemed as prohibiting the secretary, or the secretary's duly authorized agent, from exchanging information of a regulatory nature with appointed officials of the United States government, or of other states, who are similarly prohibited by law from revealing this information.

[C66, 71, 73, 75, 77, 79, 81, §198.13]

198.14 Co-operation with other entities.

The secretary may co-operate with and enter into agreements with governmental agencies of this state, other states, agencies of the federal government, and private associations in order to carry out the purpose and provisions of this chapter.

[C75, 77, 79, 81, §198.14]

198.15 Publication.

The secretary shall publish at least annually, in forms the secretary deems proper, information concerning the sales of commercial feeds, together with data on their production and use as the secretary considers advisable, and a report of the results of the analyses of official samples of commercial feeds sold within the state as compared with the analyses guaranteed on the label. However, the information concerning production and use of commercial feed shall not disclose the operations of any person.

7. "*Hybrid*" means the first generation seed produced by controlled pollination of two inbred lines to produce a single cross; an inbred line and a single cross of two unrelated inbred lines to produce a three-way cross; an inbred line and a single

cross of two related lines to produce a modified single cross; two single crosses to produce a double cross; an inbred line or a single cross with an open-pollinated or synthetic cultivar to produce a modified cultivar cross; or a cross of two open-pollinated or synthetic cultivars to produce a cultivar cross. The second or subsequent generation from such crosses are not hybrids. Hybrid designations shall be treated as cultivar names.

8. "*Inoculant for leguminous plants*" means a bacterial culture, or material containing bacteria, that is represented as causing the formation of nodules and aiding the growth of leguminous plants by the fixation of nitrogen.

9. "*Inoculated seed*" means seed to which has been added a substance containing the cells, spores or mycelia of microorganisms for which a claim is made.

13. "*Multiline cultivar*" means a planned combination of two or more near-isogenic lines of a normally self-fertilizing kind of crop.

14. "*Noxious weed seed*" shall be divided into two classes, "*primary noxious weed seed*" and "*secondary noxious weed seed*" which are defined in paragraphs "*a*" and "*b*" of this subsection. The secretary, upon the recommendation of the dean of agriculture, Iowa State University of science and technology, shall adopt as a rule, after public hearing, pursuant to chapter 17A, the list of seed classified as "*primary noxious weed seed*" and "*secondary noxious weed seed*".

a. "*Primary noxious weed seed*" are the seed of perennial weeds that reproduce by seed and by un-

derground roots or stems and which, when established, are highly destructive and difficult to control in this state by good cultural practices. For the purpose of this chapter and the sale of seed, primary noxious weeds in this state are the seeds of:

- (1) Quack grass — *Agropyron repens* (L.) Beauv.
 - (2) Canada thistle — *Cirsium arvense* (L.) Scop.

- (1) Wild carrot — *Daucus carota* L.

Each container of agricultural or vegetable seed which is sold, offered for sale, exposed for sale, or transported within this state shall be labeled according to the following schedule:

1. Seed for sowing purposes shall be labeled as follows:

a. Agricultural or vegetable seed that is treated, inoculated, or coated shall contain a word or statement indicating that the treatment, inoculation, or coating has been done. A separate label may be used.

b. If treated, the label shall indicate the commonly accepted chemical or abbreviated chemical name of the applied substance or substances or a description of the type and purpose of procedure used. If the substance in the amount present with the seed is harmful to human or vertebrate animals, the label shall bear a caution statement such as "Do not use for food, feed, or oil purposes". In addition, for highly toxic substances, a poison statement or symbol shall be shown on the label.

c. If the seed is inoculated, the label shall indicate the month and year beyond which the inoculant is not claimed to be effective.

d. If the seed is coated, the label shall show the percentage by weight in the container of pure seed, inert matter, coating material, other crop seed, and weed seed. The percentage of germination shall be labeled on the basis of a determination made on at least four hundred pellets or capsules, whether or not they contain seed.

e. All seed in package or wrapped form which are required to be labeled, unless otherwise provided, shall conform to the requirements of sections 189.9 and 189.11.

2. Except for seed mixtures for lawn or turf purposes, agricultural seed shall bear a label indicating:

a. The name of the kind or kind and variety for each agricultural seed present in excess of five percent of the whole and the percentage by weight of each. If the variety of those kinds generally labeled as to variety is not stated, the label shall show the name of the kind and the words, "variety not stated". Hybrids shall be labeled as hybrids. Seed shall not be labeled or advertised under a trademark or brand name in a manner that may create the impression that the trademark or brand name is a variety name.

d. Percentage by weight of all weed seed.

e. The name and rate of occurrence per unit of weight of each kind of secondary noxious weed seed present.

f. Percentage by weight of agricultural seed which may be designated as "other crop seed" other than those required to be named on the label.

A genuine grower’s declaration of variety shall affirm that the grower holds records of proof concerning parent seed such as invoices and labels.

[S13, §5077-a20; C24, 27, 31, 35, 39, §3136; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §199.9; 82 Acts, ch 1191, §8]

1. *Testing methods when seed is for sale.* Seed lots of all kinds of agricultural seed intended for sale in this state shall be tested in accordance with the association of official seed analysts’ rules for testing seed or the regulations under the federal Seed Act. The tests required shall be:

a. Purity analysis.

b. Noxious weed examination.

c. Germination.

a. Integrate seed testing so as to avoid unnecessary duplication of personnel and equipment. The department of agriculture and land steward-

ship seed laboratory shall be primarily concerned with seed testing for seed law enforcement purposes. The Iowa State University seed laboratory shall promote seed education and research and shall conduct service testing for farmers and seed dealers.

b. Exchange information which will be mutually beneficial to both agencies in matters pertaining to agricultural seed.

199.11 Authority of the department.

1. For the purpose of carrying out the provisions of this chapter, the department shall do all of the following:

a. Sample, inspect, analyze, and test agricultural seed, if the agricultural seed is transported, sold, offered, or exposed for sale within this state for sowing. The department shall perform these duties at a time and place and to an extent necessary to determine whether the agricultural seed is in compliance with this chapter. The department shall promptly notify the person who transported, sold, offered, or exposed the seed for sale, of a violation.

b. Adopt rules governing methods of sampling, inspecting, analyzing, testing, and examining agricultural seed. The rules shall include tolerances to be followed in the administration of this chapter, which shall be in general accord with officially prescribed practice in interstate commerce under the federal seed Act and other rules or regulations necessary for the efficient enforcement of this chapter.

2. For the purpose of carrying out the provisions of this chapter, the department may:

a. Enter upon public or private premises during regular business hours in order to have access to commercial seed, subject to this chapter and departmental rules.

b. Issue and enforce a written or printed “stop sale” order to the owner or custodian of any lot of agricultural seed which the department believes is in violation of this chapter or departmental rules. The order shall prohibit further sale of the seed until the department has evidence of compliance. However, the owner or custodian of the seed shall be permitted to remove the seed from a salesroom open to the public. Judicial review of the order may be sought in accordance with chapter 17A. However, notwithstanding chapter 17A, petitions for judicial review may be filed in the district court. This subsection does not limit the right of the department to proceed as authorized by other sections of this chapter.

c. Establish and maintain or make provision for seed testing facilities essential to the enforcement of this chapter. The department may employ qualified persons, and incur expenses necessary to comply with these provisions.

d. Cooperate with the United States department of agriculture in seed law enforcement.

92 Acts, ch 1239, §35; 93 Acts, ch 40, §1, 2

199.12 Seizure of unlawful seed.

Upon the recommendation of the secretary or the secretary’s duly authorized agents, the court of competent jurisdiction in the area in which the seed is located shall cause the seizure and subsequent denaturing, conditioning, or destruction to prevent the use for sowing purposes of any lot of agricultural seed found to be prohibited from sale as set forth in section 199.8, provided that in no instance shall the denaturing, conditioning, or destruction be ordered without first having given the claimant of the seed an opportunity to apply to the court for the release of the seed.

[C35, §3137-g3; C39, §3137.5; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §199.12; 82 Acts, ch 1191, §12]

199.13 Penalty.

A violation of this chapter is a simple misdemeanor. The department may institute criminal or civil proceedings in a court of competent jurisdiction to enforce this chapter. When in the performance of the secretary’s duties in enforcing this chapter the secretary applies to a court for a temporary or permanent injunction restraining a person from violating or continuing to violate any of the provisions of this chapter or rules adopted under this chapter, the injunction is to be issued without bond and the person restrained by the injunction shall pay the costs made necessary by the procedure.

[C35, §3137-e2; C39, §3137.2; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §199.13; 82 Acts, ch 1191, §13]

199.14 Enforcement.

It shall be the duty of the secretary of agriculture, and the secretary’s agents, to enforce this chapter and of the county attorneys and of the attorney general of the state to co-operate with the secretary in the enforcement of this chapter.

[C35, §3137-g4; C39, §3137.6; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §199.14]

199.15 Permit — fee — fraud.

A person shall not sell, distribute, advertise, solicit orders for, offer or expose for sale, agricultural or vegetable seed without first obtaining from the department a permit to engage in the business. A permit is not required of persons selling seeds

which have been packed and distributed by a person holding and having in force a permit. A permit is not required of persons selling or advertising seed of their own production, provided that the seed is stored or delivered to a purchaser only on or from the farm or premises where grown. The fee for a new permit is ten dollars and the fee for a renewed permit is based on the gross annual sales of seeds in Iowa during the previous twelve-month period under the permit holder's label and all permits expire on the first day of July following date of issue. Permits shall be issued subject to the following fee schedule:

Gross sales of seeds		Fee
Not more than	\$ 25,000	\$30
Over \$25,000 but not exceeding	50,000	60
Over \$50,000 but not exceeding	100,000	90
Over \$100,000 but not exceeding	200,000	120

For each additional increment of one hundred thousand dollars of sales in Iowa the fee shall increase by thirty dollars. The fee shall not exceed one thousand five hundred dollars for a permit holder.

After due notice given at least ten days prior to a date of hearing fixed by the secretary, the department may revoke or refuse to renew a permit issued under this section if a violation of this chapter or if intent to defraud is established. The failure to fulfill a contract to repurchase the seed crop produced from any agricultural seed, if the crop meets the requirements set forth in the contract and the standards specified in this chapter, is prima facie evidence of intent to defraud the purchaser at the time of entering into the contract. However, this does not apply when seed stock is furnished by the contractor to the grower at no cost.

[C54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §199.15; 82 Acts, ch 1191, §14]
88 Acts, ch 1272, §20

199.16 Permit holder's bond.

It is unlawful for the permit holder to enter into a contract with a grower who purchases agricultural seed in which the permit holder agrees to repurchase the seed crop produced from the purchased seed at a price in excess of the current market price, unless the permit holder has on file with the department a bond, in a penal sum of twenty-five thousand dollars running to the state of Iowa, with sureties approved by the secretary, for the use and benefit of a person holding a repurchase contract who might have a cause of action of any nature arising from the purchase or contract. However, the aggregate liability of the surety to all purchasers of seed holding repurchase contracts shall not exceed the sum of the bond.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §199.16; 82 Acts, ch 1191, §15]
85 Acts, ch 84, §1

199.17 Records and seed samples.

A person whose name appears on the label as handling agricultural or vegetable seed subject to this chapter shall keep for a period of two years complete records of each lot of agricultural or vegetable seed handled and shall keep for one year a file sample of each lot of seed after final disposition of the lot. The records and samples pertaining to the shipments involved shall be accessible for inspection by the department during the customary business hours.

1. Each brand and grade of commercial fertilizer and each soil conditioner shall be registered before being offered for sale, sold or otherwise distributed in this state; except that a commercial fertilizer formulated according to special specifications furnished by a consumer to fill the consumer’s order shall not be required to be registered, but shall be labeled as provided in subsection 3 of section 200.6. The application for registration shall be submitted to the secretary on forms furnished by the secretary and shall be accompanied by a label setting forth the guaranteed analysis which shall be the same as that appearing on the registered product.

5. The secretary is authorized after public hearing, following due notice, to establish minimum acceptable levels of trace and secondary elements recognized as effective to aid crops produced in Iowa and to require such warning statements as may be deemed necessary to prevent injury to crops.

6. The secretary, whenever the secretary deems it necessary in the administration of this chapter, may require the submission of additional data about any fertilizer or product to support the claims made for it. If it appears to the secretary that the composition of the article is such as to warrant the claims made for it, and if the article, its labeling and other material required to be sub-

mitted, comply with the requirements of this chapter, the secretary shall register the product.

7. If it does not appear to the secretary that the article is such as to warrant the proposed claims for it, or if the article and its labeling and other material required to be submitted does not comply with the provision of this chapter, the secretary shall notify the registrant of the manner in which the article, labeling, or other material required to be submitted fails to comply with this chapter so as to afford the registrant an opportunity to make the necessary corrections before resubmitting the label.

3. A commercial fertilizer formulated according to specifications which are furnished by a consumer prior to mixing shall be labeled to show the net weight, guaranteed analysis, and the name and address of the distributor and may show the net weight and guaranteed analysis of each of the fertilizer materials or soil conditioners used. It is the responsibility of the distributor to mix these materials uniformly and intimately so that when sampled in the prescribed manner the resulting analysis would meet the guarantee.

4. All bulk bins or intermediate storage of bulk commercial fertilizer where being offered for sale or distributed direct to the consumer shall be labeled showing brand, name and grade of product.

*Chapter 206

200.8 Inspection fees.

1. There shall be paid by the licensee to the secretary for all commercial fertilizers and soil conditioners sold, or distributed in this state, an inspection fee to be fixed annually by the secretary of agriculture at not more than twenty cents per ton. Sales for manufacturing purposes only are hereby exempted from fees but must still be reported showing manufacturer who purchased same. Payment of said inspection fee by any licensee shall exempt all other persons, firms or corporations from the payment thereof.

On individual packages of specialty fertilizer containing twenty-five pounds or less, there shall be paid by the manufacturer in lieu of the semi-annual inspection fee as set forth in this chapter, an annual registration and inspection fee of one hundred dollars for each brand and grade sold or distributed in the state. In the event that any manufacturer sells specialty fertilizer in packages of twenty-five pounds or less and also in packages of more than twenty-five pounds, this annual registration and inspection fee shall apply only to that portion sold in packages of twenty-five pounds or less, and that portion sold in packages of more than twenty-five pounds shall be subject to the same inspection fee as fixed by the secretary of agriculture as provided in this chapter.

Any person other than a manufacturer who annually offers for sale, sells, or distributes specialty fertilizer in the amount of four thousand pounds or more or applies specialty fertilizer for compensation shall pay an annual inspection fee of thirty dollars in lieu of the semiannual inspection fee as set forth in this chapter.

2. Every licensee and any person required to pay an annual registration and inspection fee under this chapter in this state shall:

a. File not later than the last day of January and July of each year, on forms furnished by the secretary, a semiannual statement setting forth the number of net tons of commercial fertilizer or soil conditioners distributed in this state by grade for each county during the preceding six months'

period; and upon filing such statement shall pay the inspection fee at the rate stated in subsection 1 of this section. However, in lieu of the semiannual statement by grade for each county, as hereinabove provided for, the registrant, on individual packages of specialty fertilizer containing twenty-five pounds or less, shall file not later than the last day of July of each year, on forms furnished by the secretary, an annual statement setting forth the number of net tons of specialty fertilizer distributed in this state by grade during the preceding twelve-month period.

b. If the tonnage report is not filed or the payment of inspection fees, or both, is not made within ten days after the last day of January and July of each year as required in paragraph "a" of this subsection, a penalty amounting to ten percent of the amount due, if any, shall be assessed against the licensee. In any case, the penalty shall be no less than fifty dollars. The amount of fees due, if any, and penalty shall constitute a debt and become the basis of a judgment against the licensee.

3. If there is an unencumbered balance of funds from the amount of the fees deposited in the general fund pursuant to sections 200.9 and 201A.11 on June 30 of any fiscal year equal to or exceeding three hundred fifty thousand dollars, the secretary of agriculture shall reduce the per ton fee provided for in subsection 1 and the annual license fee established pursuant to section 201A.3 for the next fiscal year in such amount as will result in an ending estimated balance of such funds for June 30 of the next fiscal year of three hundred fifty thousand dollars.

4. In addition to the fees imposed under subsection 1, a groundwater protection fee shall be imposed upon nitrogen-based fertilizer. The fee shall be based upon the percentage of actual nitrogen contained in the product. An eighty-two percent nitrogen solution shall be taxed at a rate of seventy-five cents per ton. Other nitrogen-based product formulations shall be taxed on the percentage of actual nitrogen contained in the formulations with the eighty-two percent nitrogen solution serving as the base. The fee shall be paid by each licensee registering to sell fertilizer to the secretary of agriculture. The fees collected shall be deposited in the agriculture management account of the groundwater protection fund. The secretary of agriculture shall adopt rules for the payment, filing, and collection of groundwater protection fees from licensees in conjunction with the collection of registration and inspection fees. The secretary shall, by rule allow an exemption to the payment of this fee for fertilizers which contain trace amounts of nitrogen.

[C46, 50, 54, §200.15; C58, 62, 66, 71, 73, 75, 77, 79, 81, §200.8]

200.9 Fertilizer fees.

Fees collected for licenses and inspection fees under sections 200.4 and 200.8, with the exception of those fees collected for deposit in the agriculture management account of the groundwater protection fund, shall be deposited in the general fund of the state and shall be subject to the requirements of section 8.60. Moneys deposited under this section to the general fund shall be used only by the department for the purpose of inspection, sampling, analysis, preparation, and publishing of reports and other expenses necessary for administration of this chapter. The secretary may assign moneys to the Iowa agricultural experiment station for research, work projects, and investigations as needed for the specific purpose of improving the regulatory functions for enforcement of this chapter.

1. It shall be the duty of the secretary, who may act through an authorized agent, to sample, inspect, make analysis of, and test commercial fertilizers or soil conditioners distributed within this state at time and place and to such an extent as the secretary may deem necessary, to determine whether such commercial fertilizers and soil conditioners are in compliance with the provisions of this chapter. In the performance of the foregoing duty, the secretary shall counsel with the director of the Iowa agricultural experimental station in respect to the time, place and extent of sampling. The secretary individually or through an agent is authorized to enter upon any public or private premises or conveyances during regular business hours in order to have access to commercial fertilizers or soil conditioners subject to the provisions of this chapter and the rules and regulations pertaining thereto. It shall be the duty of the secretary to maintain a laboratory with the necessary equipment and to employ such employees as may be necessary to aid in the administration and enforcement of this chapter.

2. The methods of sampling and analysis shall be the official methods of the association of official agricultural chemists in all cases where methods have been adopted by the association.

The findings of the state chemist or the state chemist's deputy, as shown by the sworn statement of the results of analysis of official samples of any brand and grade of commercial fertilizer, fertilizer material or soil conditioner, shall constitute prima facie evidence of their correctness in the courts of this state, as to the particular lots sampled and analyzed.

3. The secretary, in determining for administrative purposes whether any commercial fertiliz-

er is deficient in plant food, or soil conditioner deficient in guaranteed active ingredients, shall be guided by the official sample as defined in subsection 15 of section 200.3, and obtained and analyzed as provided for in subsection 2 of this section.

4. The results of official analysis of any commercial fertilizer or soil conditioner which has been found to be in violation of any provision of this chapter, shall be forwarded by the secretary to the registrant. Upon request, the secretary shall furnish to the registrant a portion of any sample.

2. Obtaining a court order upon petition filed in district court for the county where the agricultural liming material is being manufactured, sold, offered for sale, or exposed for sale. The court may be petitioned by the department, or, upon request by the department, the attorney general or the county attorney. The court shall hear from all parties in the case. The court may issue an order for any of the following:

a. The seizure of the agricultural liming material. The court shall issue an order, if the court finds that the petition is supported by facts that agricultural liming material is being manufactured, sold, offered for sale, or exposed for sale in violation of this chapter, and the agricultural liming material must be condemned because it fails to meet standards required in this chapter. If warranted, the court shall order that the agricultural liming material be disposed of in a manner provided by rules adopted by the department, which may include reprocessing or relabeling the agri-

cultural liming material in order to ensure that it complies with this chapter. The court may provide that any party to the case dispose of the agricultural liming material.

b. A temporary or permanent injunction against a person violating the provisions of this chapter. The court shall issue an order, if the court finds that the petition is supported by facts that agricultural liming material is being manufactured, sold, offered for sale, or exposed for sale in violation of this chapter. In order to obtain injunctive relief, the department shall not be required to post a bond or prove the absence of an adequate remedy at law, unless the court for good cause otherwise orders. The court may order any form of prohibitory or mandatory relief that is appropriate under principles of equity.

96 Acts, ch 1096, §11, 15

201A.10 Violations.

1. A person violating this chapter or rules adopted by the department under this chapter is guilty of a simple misdemeanor.

2. The department shall provide for the prosecution of a violation of this chapter by referring the violation to the county attorney in the county where the violation occurs. The department shall compile evidence of the violation for prosecution. The county attorney shall prosecute any case determined by the county attorney to be meritorious without delay. The department shall not refer a violation to the county attorney until the department provides the person subject to the violation with an opportunity to be heard by the department according to procedures adopted by the department. A right to a hearing is not a contested case proceeding as provided in chapter 17A. The department is not required to refer a minor violation to a county attorney, and may instead issue a warning to the person subject to the minor violation.

96 Acts, ch 1096, §12, 15

201A.11 Fees and appropriation.

Fees collected under this chapter shall be deposited in the general fund of the state and shall be subject to the requirements of section 8.60. Monies deposited under this section to the general fund shall be used only by the department for the purpose of administering and enforcing the provisions of this chapter, including inspection, sampling, analysis, and the preparation and publishing of reports.

c. The form of the notice shall be prescribed by the department. The notice shall appear in a printed boldface font in at least ten point type.

99 Acts, ch 106, §4

203.3 License required — financial responsibility.

1. A person shall not engage in the business of a grain dealer in this state without having obtained a license issued by the department.

2. The type of license required shall be determined as follows:

a. A class 1 license is required if the grain dealer purchases any grain by credit-sale contract, or if the value of grain purchased by the grain dealer from producers during the grain dealer's previous fiscal year exceeds five hundred thousand dollars. Any other grain dealer may elect to be licensed as a class 1 grain dealer.

b. A class 2 license is required for any grain dealer not holding a class 1 license. A class 2 licensee whose purchases from producers during a fiscal year exceed a limit of five hundred thousand dollars in value shall file within thirty days of the date the limit is reached a complete application for a class 1 license. If a class 1 license is denied, the person immediately shall cease doing business as a grain dealer.

3. An application for a license to engage in business as a grain dealer shall be filed with the department and shall be in a form prescribed by the department. The application shall include the name of the applicant, its principal officers if the applicant is a corporation or the active members of a partnership if the applicant is a partnership and the location of the principal office or place of business of the applicant. A separate license shall be required for each location at which records are maintained for transactions of the grain dealer. The application shall be accompanied by a com-

plete financial statement of the applicant setting forth the assets, liabilities and the net worth of the applicant. The financial statement must be prepared according to generally accepted accounting principles. Assets shall be shown at original cost less depreciation. Upon a written request filed with the department, the department or a designated employee may allow asset valuations in accordance with a competent appraisal. Unpriced contracts shall be shown as a liability and valued at the applicable current market price of grain as of the date the financial statement is prepared.

4. In order to receive and retain a class 1 license the following conditions must be satisfied:

a. The grain dealer shall have and maintain a net worth of at least seventy-five thousand dollars, or maintain a deficiency bond or an irrevocable letter of credit in the amount of two thousand dollars for each one thousand dollars or fraction thereof of net worth deficiency. However, a person shall not be licensed as a class 1 grain dealer if the person has a net worth of less than thirty-seven thousand five hundred dollars.

b. The grain dealer shall submit, as required by the department, a financial statement that is accompanied by an unqualified opinion based upon an audit performed by a certified public accountant licensed in this state. However, the department may accept a qualification in an opinion that is unavoidable by any audit procedure that is permitted under generally accepted accounting principles. An opinion that is qualified because of a limited audit procedure or because the scope of an audit is limited shall not be accepted by the department. The department shall not require that a grain dealer submit more than one such unqualified opinion per year. The grain dealer, except as provided in section 203.15, may elect to submit a financial statement that is accompanied by the report of a certified public accountant licensed in this state that is based upon a review performed by the certified public accountant in lieu of the audited financial statement specified in this paragraph. However, at any time the department may require a financial statement that is accompanied by the report of a certified public accountant licensed in this state that is based upon a review performed by a certified public accountant if the department has good cause.

A grain dealer shall submit a report to the department according to procedures required by the department, if the grain dealer provides a bond based in part on the number of bushels of unpaid grain purchased by the grain dealer, as provided in rules adopted by the department, in order to satisfy the current assets to current liabilities ratio requirement of this section. The report shall contain information required by the department, including the number of bushels of unpaid grain purchased by the grain dealer. The grain dealer shall submit the report not more than once each month.

However, the department may require that a grain dealer submit a report on a more frequent basis, if the department has good cause.

c. The grain dealer shall have and maintain current assets equal to at least one hundred percent of current liabilities or provide a bond under the following conditions:

(1) A grain dealer with current assets equal to at least fifty percent of current liabilities shall provide a bond of two thousand dollars for each one thousand dollars or fraction of one thousand dollars of current assets that the grain dealer is lacking to meet the minimum requirement. After the amount of the bond equals one million dollars, the grain dealer may elect to base the remainder of the amount of the bond on the number of bushels of unpaid grain being purchased by the grain dealer, as provided for by rules which shall be adopted by the department. The remaining amount shall equal two thousand dollars for each one thousand dollars of the highest amount of bushels of unpaid grain purchased by the grain dealer during each month.

(2) A grain dealer with current assets equal to less than fifty percent of current liabilities shall provide a bond of two thousand dollars for each one thousand dollars or fraction of one thousand dollars of current assets that the grain dealer is lacking to meet the minimum requirement. However, the bond shall not be used for longer than thirty consecutive days in a twelve-month period.

5. In order to receive and retain a class 2 license the following conditions must be satisfied:

a. The grain dealer shall have and maintain a net worth of at least thirty-seven thousand five hundred dollars, or maintain a deficiency bond or an irrevocable letter of credit in the amount of two thousand dollars for each one thousand dollars or fraction thereof of net deficiency. However, a person shall not be licensed as a class 2 grain dealer if the person has a net worth of less than seventeen thousand five hundred dollars.

b. The grain dealer shall submit, as required by the department, a financial statement that is accompanied by an unqualified opinion based upon an audit performed by a certified public accountant licensed in this state. However, the department may accept a qualification in an opinion that is unavoidable by any audit procedure that is permitted under generally accepted accounting principles. An opinion that is qualified because of a limited audit procedure or because the scope of an audit is limited shall not be accepted by the department. The department shall not require that a grain dealer submit more than one such unqualified opinion per year. The grain dealer may elect, however, to submit a financial statement that is accompanied by the report of a certified public accountant licensed in this state that is based upon a review performed by the certified public accountant in lieu of the audited financial statement specified in this paragraph. However, at any time the

department may require a financial statement that is accompanied by the report of a certified public accountant licensed in this state that is based upon a review performed by a certified public accountant if the department has good cause.

A grain dealer shall submit a report to the department according to procedures required by the department, if the grain dealer provides a bond based in part on the number of bushels of unpaid grain purchased by the grain dealer, as provided in rules adopted by the department, in order to satisfy the current assets to current liabilities ratio requirement of this section. The report shall contain information required by the department, including the number of bushels of unpaid grain purchased by the grain dealer. The grain dealer shall submit the report not more than once each month. However, the department may require that a grain dealer submit a report on a more frequent basis, if the department has good cause.

c. The grain dealer shall have and maintain current assets equal to at least one hundred percent of current liabilities or provide a bond under the following conditions:

(1) A grain dealer with current assets equal to at least fifty percent of current liabilities shall provide a bond of two thousand dollars for each one thousand dollars or fraction of one thousand dollars of current assets that the grain dealer is lacking to meet the minimum requirement. After the amount of the bond equals one million dollars, the grain dealer may elect to base the remainder of the amount of the bond on the number of bushels of unpaid grain being purchased by the grain dealer, as provided for by rules which shall be adopted by the department. The remaining amount shall equal two thousand dollars for each one thousand dollars of the highest amount of bushels of unpaid grain purchased by the grain dealer during each month.

(2) A grain dealer with current assets equal to less than fifty percent of current liabilities shall provide a bond of two thousand dollars for each one thousand dollars or fraction of one thousand dollars of current assets that the grain dealer is lacking to meet the minimum requirement. However, the bond shall not be used for longer than thirty consecutive days in a twelve-month period.

6. The department shall adopt rules relating to the form and time of filing of financial statements. The department may require additional information or verification with respect to the financial resources of the applicant and the applicant's ability to pay producers for grain purchased from them.

7. a. When the net worth or current ratio of a licensee in good standing is less than that required by this section, the grain dealer shall correct the deficiency or file a deficiency bond or an irrevocable letter of credit within thirty days of written notice by the department. Unless the deficiency is corrected or the deficiency bond or irrevocable let-

ter of credit is filed within thirty days, the grain dealer license shall be suspended.

b. If the department finds that the welfare of grain producers requires emergency action, and incorporates a finding to that effect in its order, immediate suspension of a license may be ordered notwithstanding the thirty-day period otherwise allowed by paragraph "a".

8. A deficiency bond or irrevocable letter of credit filed with the department pursuant to this section shall not be canceled by the issuer on less than ninety days' notice by certified mail to the secretary of agriculture and the principal.

The license shall terminate at the end of the third calendar month following the close of the grain dealer's fiscal year. A grain dealer's license may be renewed annually by the filing of a renewal fee and a renewal application on a form prescribed by the department. An application for renewal shall be received by the department on or before the end of the third calendar month following the close of the grain dealer's fiscal year. A grain dealer license which has terminated may be reinstated by the department upon receipt of a proper renewal application, the renewal fee, and the reinstatement fee as provided in section 203.6 if filed within thirty days from the date of termination of the grain dealer license. The department may cancel a license upon request of the licensee unless a complaint or information is filed against the licensee alleging a violation of a provision of this chapter. Fees for licenses issued for less than a full year shall be prorated from the date of the application.

If the applicant did not purchase grain in the applicant's previous fiscal year, the applicant shall pay the fee specified in paragraph "a". If during the licensee's fiscal year the number of bushels of grain actually purchased exceeds thirty-five thousand, the licensee shall notify the department and the license and inspection fee shall be adjusted accordingly. Subsequent adjustments shall be made as necessary. An applicant may elect licensing in any category of this subsection. 2. For an amendment to a license, the fee is ten dollars.

3. For a duplicate license, the fee is five dollars.

4. For reinstatement of a license the fee is fifty dollars.

203.8 Payment.

A person required to be licensed as a grain dealer shall pay the purchase price to the owner or the owner's agent for grain upon delivery or demand of the owner or agent, but not later than thirty days after delivery by the owner or agent unless in accordance with the terms of a credit-sale contract that satisfies the requirements of this chapter.

As used in this section, "delivery" means the transfer of title to and possession of grain by the seller to the grain dealer or to another person in accordance with the agreement of the seller and the grain dealer; and "payment" means the actual payment or tender of payment by the grain dealer to the seller of the agreed purchase price, or in the case of disputes as to sales of grain, the undisputed portion of the purchase price without reduction for any separate claim of the grain dealer against the seller.

203.9 Inspection of premises, books and records.

The department may inspect the premises used by any grain dealer in the conduct of the dealer's business at any time, and the books, accounts, records, and papers of every grain dealer which pertain to grain purchases are subject to inspection by the department during ordinary business hours. The department shall cause the business premises and books, accounts, records, and papers of every grain dealer to be inspected at least once each eighteen-month period without justification. The department shall prioritize inspections based on the system provided in section 203.22. The department may use a risk rating produced by a statistical model provided in section 203.22 as justification to conduct an inspection. The transporter of grain in transit shall possess bills of lading or other documents covering the grain, and shall present them to any law enforcement officer or to a person designated as an enforcement officer under section 203.13 on demand. If there is justification to believe that a person is engaged without a license in the business of a grain dealer in this state, the department may inspect the books, papers, and records of the person which pertain to grain purchases.

If the grain dealer does not maintain a place of business in this state, the department is not required to inspect the business premises of the grain dealer, and the grain dealer shall submit all books, records and papers relating to grain transactions occurring within this state to the department for purposes of an inspection required or permitted under this section at any reasonable time and place, including the offices of the department during regular business hours, as ordered by the department or the administrator of the warehouse bureau.

203.10 Suspension or revocation — notice.

The department may after hearing and upon information being filed with the department by the administrator of the warehouse bureau of the department or upon complaint filed by any person, suspend or revoke the license of any person licensed under this chapter for the violation of or failure to comply with the provisions of this chapter or any rule adopted under this chapter. An information or a verified complaint stating the grounds for suspension or revocation shall be filed with the department in triplicate. The department shall notify the licensee of the complaint and furnish the licensee with a copy of the information or the complaint and a copy of the order of the department fixing the time for a hearing, which time shall be at least five days from the date of notifica-

tion. If the department determines that the public good requires immediate action, the department may, upon the filing of the information or the complaint and without hearing, temporarily suspend a license pending the determination by it of the complaint. Judicial review of the actions of the department may be sought in accordance with the terms of the Iowa administrative procedure Act.

The department may revoke a grain dealer's license upon information without hearing if a grain dealer fails to submit to inspection.

203.11 Penalties — injunctions.

1. A person who knowingly submits false information to or knowingly withholds information from the department or any of its employees when required to be submitted or maintained under this chapter, commits a fraudulent practice.

2. A person who engages in business as a grain dealer without obtaining a license, or who refuses to permit inspection of licensed premises, or books, accounts, records, or other documents required by this chapter, or who uses a scale ticket, or credit-sale contract that fails to satisfy requirements established by the department commits a serious misdemeanor, except that a person who commits any of these offenses after having been found guilty of the same offense commits an aggravated misdemeanor.

3. Except as provided in subsections 1 and 2, a person who violates any provision of this chapter commits a simple misdemeanor. With respect to a continuing violation, each day that the violation continues is a separate offense.

4. A person in violation of this chapter, or in violation of chapter 714 or 715A, which violation involves the business of a grain dealer, is subject to prosecution by the county attorney in the county where the business is located. However, if the county attorney fails to initiate prosecution within thirty days and upon request by the department, the attorney general may initiate and carry out the prosecution in cooperation, if possible, with the county attorney. The person in violation may be restrained by an injunction in an action brought by the department or the attorney general upon request by the department.

203.11A Civil penalties.

1. The department shall establish, by rule, civil penalties which may be administratively or judicially assessed against a grain dealer for a violation of this chapter.

2. The amount of a civil penalty shall not exceed one thousand five hundred dollars. Each day

that a violation continues shall constitute a separate violation. The amount of the civil penalty that may be assessed in a case shall not exceed the amount recommended by the grain industry peer review panel established pursuant to section 203.11B. Moneys collected in civil penalties by the department or the attorney general shall be deposited in the general fund of the state.

3. A civil penalty may be administratively assessed only after an opportunity for a contested case hearing under chapter 17A. The department may be represented in an administrative hearing or judicial proceeding by the attorney general. A civil penalty shall be paid within thirty days from the date that an order or judgment for the penalty becomes final. When a person against whom a civil penalty is administratively assessed under this section seeks timely judicial review of an order imposing the penalty as provided under chapter 17A, the order is not final until all judicial review processes are completed. When a person against whom a civil penalty is judicially assessed under this section seeks a timely appeal of judgment, the judgment is not final until the right of appeal is exhausted.

4. A person who fails to timely pay a civil penalty as provided in this section shall pay, in addition to the penalty, interest at the rate of one and one-half percent of the unpaid balance of the assessed penalty for each month or part of a month that the penalty remains unpaid.

99 Acts, ch 106, §5

203.11B Grain industry peer review panel.

1. The department shall establish a grain industry peer review panel to assist the department in assessing civil penalties pursuant to this section and section 203C.36A. The secretary of agriculture shall appoint to the panel the following members:

a. Two natural persons who are grain dealers licensed under this chapter and actively engaged in the grain dealer business.

b. Two natural persons who are warehouse operators licensed pursuant to chapter 203C and actively engaged in the grain warehouse business.

c. One natural person who is a producer actively engaged in grain farming.

2. a. The members appointed pursuant to this section shall serve four-year terms beginning and ending as provided in section 69.19. However, the secretary of agriculture shall appoint initial members to serve for less than four years to ensure that members serve staggered terms. A member is eligible for reappointment. A vacancy on the panel shall be filled for the unexpired portion of the regular term in the same manner as regular appointments are made.

b. The panel shall elect a chairperson who shall serve for a term of one year. The panel shall meet on a regular basis and at the call of the chair-

person or upon the written request to the chairperson of three or more members. Three members constitute a quorum and the affirmative vote of a majority of the members present is necessary for any substantive action to be taken by the panel. The majority shall not include any member who has a conflict of interest and a statement by a member that the member has a conflict of interest is conclusive for this purpose. A vacancy in the membership does not impair the duties of the panel.

c. Notwithstanding section 7E.6, the members shall only receive reimbursement for actual expenses for performance of their official duties, as provided by the department.

d. The panel shall be staffed by employees of the department.

3. The panel may propose a schedule of civil penalties for minor and serious violations of this chapter and chapter 203C. The department may adopt rules based on the recommendations of the panel as approved by the secretary of agriculture.

4. a. The panel shall review cases of grain dealers regulated under this chapter and warehouse operators regulated under chapter 203C who are subject to civil penalties as provided in section 203.11A or 203C.36A. A review shall be performed upon the request of the department or the person subject to the civil penalty.

b. The department shall present reports to the panel in regard to investigations of cases under review which may result in the assessment of a civil penalty against a person. The reports may be reviewed by the panel in closed session pursuant to section 21.5, and are confidential records. In presenting the reports, the department shall make available to the panel records of persons which are otherwise confidential under section 22.7, 203.16, or 203C.24. The panel members shall maintain the confidentiality of records made available to the panel. However, a determination to assess a civil penalty against a person shall be made exclusively by the department.

c. The panel may establish procedures for the review and establish a system of prioritizing cases for review, consistent with rules adopted by the department. The department shall adopt rules establishing a period for the review and response by the panel which must be completed prior to a contested case hearing under chapter 17A. A hearing shall not be delayed after the required period for review and response, except as provided in chapter 17A or the Iowa rules of civil procedure. The rules adopted by the department may exclude review of minor violations. The review may also include the manner of assessing and collecting the civil penalty.

d. The findings and recommendations of the panel shall be included in a response delivered to the department and the person subject to the civil penalty. The response may include a recommen-

dation that a proposed civil penalty be modified or suspended, that an alternative method of collection be instituted, or that conditions be placed upon the license of a grain dealer or warehouse operator.

5. This section does not apply to an action by the department for a license suspension or revocation. This section also does not require a review or response if the case is subject to criminal prosecution or involves a petition seeking injunctive relief.

6. A response by the panel may be used as evidence in an administrative hearing or in a civil or criminal case except to the extent that information contained in the response is considered confidential pursuant to section 22.7, 203.16, or 203C.24.

99 Acts, ch 106, §6

203.12 Claims — notice of revocation.

Upon revocation, termination, or cancellation of a grain dealer license, any claim for the purchase price of grain against the grain dealer shall be made in writing and filed with the grain dealer and with the issuer of a deficiency bond or of an irrevocable letter of credit and with the department within one hundred twenty days after revocation, termination, or cancellation. Failure to make this timely claim relieves the issuer and the grain depositors and sellers indemnity fund provided in chapter 203D of all obligations to the claimant.

Upon revocation of a grain dealer license, the department shall cause notice of the revocation to be published once each week for two consecutive weeks in a newspaper of general circulation within the state of Iowa and in a newspaper of general circulation within the county of the grain dealer's principal place of business when that dealer's principal place of business is located in the state of Iowa. The notice shall state the name and address of the grain dealer and the effective date of revocation. The notice shall also state that any claims against the grain dealer shall be made in writing and sent by ordinary mail or delivered personally within one hundred twenty days after revocation to the grain dealer, to the issuer of a deficiency bond or of an irrevocable letter of credit, and to the department, and the notice shall state that the failure to make a timely claim does not relieve the grain dealer from liability to the claimant.

C93, §203.12

203.12A Lien on grain dealer assets.

1. A statutory lien is imposed on all grain dealer assets in favor of sellers who have surrendered warehouse receipts or other written evidence of ownership as part of a grain sale transaction or who possess written evidence of the sale of grain to a grain dealer, without receiving full payment for the grain.

2. "Grain dealer assets" includes proceeds received or due a grain dealer upon the sale, including exchange, collection, or other disposition, of grain sold by the grain dealer. As used in this section, "proceeds" means noncash and cash proceeds as provided in section 554.9306. "Grain dealer assets" also includes any other funds or property of the grain dealer which can be directly traced as being from the sale of grain by the grain dealer, or which were utilized in the business operation of the grain dealer. A court, upon petition by an affected party, may order that claimed grain dealer assets are not grain dealer assets as defined in this section. The burden of proof shall be upon the petitioner to establish that the assets are not grain dealer assets as defined in this section.

3. The lien shall arise at the time of surrender of warehouse receipts or other written evidence of ownership as part of a grain sale transaction or the time of delivery of the grain for sale, and shall terminate when the liability of the grain dealer to the seller has been discharged. The lien of all sellers is hereby assigned to the Iowa grain indemnity fund board, on behalf of the grain depositors and sellers indemnity fund.

4. To perfect the lien, the Iowa grain indemnity fund board must file a lien statement with the office of the secretary of state. The lien statement is valid only if filed on or after the date of suspension but not later than sixty days after the incurrence date as provided in section 203D.6. The lien statement shall disclose the name of the grain dealer, the address of the dealer's principal place of business, a description of identifiable grain dealer assets, and the amount of the lien. The lien amount shall be the board's estimate of the final cost of reimbursing the grain depositors and sellers indemnity fund for the payment of claims against the fund resulting from the breach of the grain dealer's obligations. The board shall correct the amount not later than one hundred eighty days following the incurrence date. A court, upon petition by an affected person, may correct the amount. The board shall have the burden of proving that the amount is an accurate estimate.

5. The Iowa grain indemnity fund board shall upon written demand of the grain dealer file a termination statement with the secretary of state, if the license of the grain dealer is not revoked, terminated, or canceled after one hundred eighty days from the date that the lien is perfected. Upon filing the termination statement, the lien becomes unperfected. The board shall also deliver a copy of the termination statement to the grain dealer.

6. The secretary of state shall note the filing of a lien statement under this section in a manner provided by chapter 554, the uniform commercial code. The secretary shall note the filing of a termination statement with the lien statement.

7. A lien statement filed under this section shall be a security interest perfected under chap-

ter 554 and subject to the same priority as provided under section 554.9312.

8. If the grain dealer is also licensed under chapter 203C, and in the event the department is appointed as a receiver under section 203C.3, assets under the authority of the receiver are free from this statutory lien. However, if there are receivership assets in excess of those necessary to fully reimburse depositors, the perfected lien will attach to those excess assets.

9. The board may enforce the lien in the manner provided in chapter 554, article 9, part 5, for the enforcement of security interests. If, upon enforcement of the lien, the lien amount is satisfied in full without exhaustion of the grain dealer assets, the remaining assets shall be returned to the grain dealer or, if there are competing claims to those remaining assets by other creditors, shall place those assets in the custody of the district court and implead the known creditors.

For purposes of enforcement of the lien, the board is deemed to be the secured party and the grain dealer is deemed to be the debtor, and each has the respective rights and duties of a secured party and a debtor as provided in chapter 554, article 9, part 5. If a right or duty under chapter 554, article 9, part 5, is contingent upon the existence of express language in a security agreement, or may be waived by express language in a security agreement, the requisite language is deemed not to exist for purposes of enforcement of the lien created by this section.

10. Actions relating to this section shall be brought in the district court in the county in which the grain dealer's primary place of business is located or in Polk county.

For future amendments to this section effective July 1, 2001, see 2000 Acts, ch 1149, §163, 187

203.12B Appointment of department as receiver.

1. As used in this section:

a. "Grain dealer assets" means the same as defined in section 203.12A, including any proceeds from a deficiency bond or irrevocable letter of credit, or any insurance policy relating to those assets.

b. "Interested seller" means a person who delivers or has delivered grain to a grain dealer who has not been paid as provided in section 203.8 or according to the terms of a credit-sale contract breached by the grain dealer.

c. "Issuer" means a person who issues a deficiency bond or an irrevocable letter of credit pursuant to section 203.3, or an issuer of grain assets.

2. a. The department may file a verified petition in district court requesting that the department be appointed as a receiver, and the district court shall appoint the department as receiver, in order to protect interested sellers, if any of the following apply:

(1) The grain dealer's license is revoked or suspended under section 203.10.

(2) There is evidence that the grain dealer has engaged or is engaging in business under this chapter without obtaining a license as required pursuant to section 203.3.

b. Upon being appointed as a receiver, the department shall take custody and provide for the disposition of the grain dealer assets of the grain dealer under the supervision of the court. The petition shall be filed in the county in which the grain dealer maintains its principal place of business in this state. The court may issue ex parte any temporary order as it determines necessary to preserve or protect the grain dealer assets and the rights of interested sellers. The petition shall be accompanied by the department's plan for disposition of grain dealer assets which shall provide terms as may be necessary to preserve or protect the grain dealer assets and the rights of interested sellers, less expenses incurred by the department in connection with the receivership. The plan may provide for the delivery or sale of grain as provided in section 203C.4. The plan may provide for the operation of the business of the grain dealer on a temporary basis and any other course of action or procedure which will serve the interests of interested sellers. The petition shall be filed with the clerk of the district court who shall set a date for a hearing in the same manner as provided in section 203C.3. Copies of the petition, the notice of hearing, and the department's plan of disposition shall be delivered to the following:

(1) The grain dealer and each issuer who shall receive copies delivered in the manner required for service of an original notice.

(2) Interested sellers as determined by the department who shall receive copies delivered by ordinary mail.

The failure of a person to receive the required notification shall not invalidate the proceedings on the petition or any part of the petition for the appointment of the department as the receiver. A person is not a party to the action unless admitted by the court upon application.

3. When appointed as a receiver, the department shall publish notice of the appointment in the same manner provided in section 203C.3.

4. The department may employ or appoint a person to appear on behalf of the department in any proceedings before the court as provided in section 203C.3.

5. An action of the department shall not be subject to the provisions of chapter 17A. A person employed or appointed by the department as receiver shall be deemed to be an employee of the state as defined in section 669.2. Chapter 669 is applicable to any claim as defined in section 669.2 against the person carrying out the duties of the department acting as receiver.

6. When the department is appointed as a receiver, the issuer shall be joined as a party, and

may be ordered by the court to pay indemnification proceeds, and shall be discharged from further liability as provided in section 203C.4. The department shall provide notice to interested sellers within one hundred twenty days after the date of appointment. A failure of a person to file a timely claim as provided by the department shall defeat the claim, except to the extent of any excess grain dealer assets remaining after all timely claims are paid in full.

7. If the court approves the sale of grain, the department shall employ or appoint a merchandiser who shall enjoy the same status, exercise the same powers, and receive compensation to the same extent as a merchandiser employed or appointed pursuant to section 203C.4. A person employed or appointed as a merchandiser must meet the following requirements:

a. Be experienced or knowledgeable in the operation of grain dealers as provided in this chapter.

b. Be experienced or knowledgeable in the marketing of grain.

c. Not have had a license issued pursuant to section 203.3 suspended or revoked.

d. Not have any pecuniary interest in the grain dealer assets of the grain dealer and not have a business relationship with the grain dealer.

8. The sale of the grain shall proceed in the same manner as grain sold pursuant to section 203C.4. The department may, with the approval of the court, continue the operation of all or any part of the business of the grain dealer on a temporary basis and take any other course of action or procedure which will serve the interests of interested sellers. The department is entitled to reimbursement out of grain dealer assets for costs directly attributable to the receivership. The department shall be reimbursed from the grain dealer assets in the same manner as provided in section 203C.4. If the approved plan of disposition requires a distribution of cash proceeds, the department shall submit to the court a proposed plan of distribution of those proceeds. The plan shall be approved and executed and the department shall be discharged and the receivership terminated in the same manner as provided in section 203C.4.

C93, §203.14

203.15 Credit-sale contracts.

1. A grain dealer shall not purchase grain by a credit-sale contract except as provided in this section.

2. A grain dealer shall give written notice to the department prior to engaging in the purchase of grain by credit-sale contracts. Notice shall be on forms provided by the department. The notice shall contain information required by the department.

3. All credit-sale contract forms in the possession of a grain dealer shall have been permanently and consecutively numbered at the time of printing of the forms. A grain dealer shall maintain an accurate record of all credit-sale contract forms and numbers obtained by that dealer. The record shall include the disposition of each numbered form, whether by execution, destruction, or otherwise.

4. A grain dealer who purchases grain by credit-sale contracts shall maintain books, records, and other documents as required by the department to establish compliance with this section.

5. In addition to other information as may be required, a credit-sale contract shall contain or provide for all of the following:

- a. The seller's name and address.
- b. The conditions of delivery.
- c. The amount and kind of grain delivered.
- d. The price per bushel or basis of value.
- e. The date payment is to be made.
- f. The duration of the credit-sale contract,

which shall not exceed twelve months from the date the contract is executed.

6. Title to all grain sold by a credit-sale contract is in the purchasing dealer as of the time the contract is executed, unless the contract provides otherwise. The contract must be signed by both parties and executed in duplicate. One copy shall be retained by the grain dealer and one copy shall be delivered to the seller. Upon revocation, termination, or cancellation of a grain dealer license, the payment date for all credit-sale contracts shall be advanced to a date not later than thirty days after the effective date of the revocation, termination, or cancellation, and the purchase price for all unpriced grain shall be determined as of the effective date of revocation, termination, or cancellation in accordance with all other provisions of the contract. However, if the business of the grain dealer is sold to another licensed grain dealer, credit-sale contracts may be assigned to the purchaser of the business.

7. a. A grain dealer shall not purchase grain on credit-sale contract during any time period in

which the grain dealer fails to maintain fifty cents of net worth for each outstanding bushel of grain purchased under credit. The grain dealer may maintain a deficiency bond or an irrevocable letter of credit in the amount of two thousand dollars for each one thousand dollars or fraction thereof of deficiency in net worth.

b. A grain dealer holding a federal or state warehouse license who does not have a sufficient quantity or quality of grain to satisfy the warehouse operator's obligations based on an examination by the department or the United States department of agriculture shall not purchase grain on credit-sale contract to correct the shortage of grain.

c. A grain dealer must meet at least either of the following conditions:

(1) The grain dealer's last financial statement required to be submitted to the department pursuant to section 203.3 is accompanied by an unqualified opinion based upon an audit performed by a certified public accountant licensed in this state.

(2) The grain dealer files a bond with the department in the amount of one hundred thousand dollars payable to the department. The bond shall be used to indemnify sellers for losses resulting from a breach of a credit-sale contract as provided by rules adopted by the department. The rules shall include, but are not limited to, procedures and criteria for providing notice, filing claims, valuing losses, and paying claims. The bond provided in this paragraph shall be in addition to any other bond required in this chapter.

A bond filed with the department under this paragraph shall not be canceled by the issuer on less than ninety days notice by certified mail to the department and the principal. However, if an adequate replacement bond is filed with the department, the department may authorize the cancellation of the original bond before the end of the ninety-day period. If an adequate replacement bond is not received by the department within sixty days of the issuance of the notice of cancellation, the department shall automatically suspend the grain dealer's license. The department shall cause an inspection of the licensed grain dealer immediately at the end of the sixty-day period. If a replacement bond is not filed within another thirty days following the suspension, the grain dealer license shall be automatically revoked. When a license is revoked, the department shall provide notice of the revocation by ordinary mail to the last known address of each holder of an outstanding credit-sale contract and all known sellers.

8. The department may adopt rules to suspend the right of a grain dealer to purchase grain by credit-sale contract based on any of the following conditions:

a. The grain dealer holding a federal or state warehouse license does not have a sufficient quantity or quality of grain to satisfy the warehouse op-

erator's obligations based on an examination by the department or the United States department of agriculture.

b. The grain dealer holding a state or federal warehouse license issues back to the grain dealer a warehouse receipt for purposes of providing collateral, if the grain which is the subject of the warehouse receipt was purchased on credit and is unpaid for by the grain dealer.

c. The grain dealer fails to maintain requirements relating to net worth or fails to maintain a ratio of current assets to current liabilities, as required in section 203.3.

d. The grain dealer violates this section.

e. The grain dealer's total liabilities are greater than seventy-five percent of the grain dealer's total assets.

f. The grain dealer has made payment by use of a financial instrument which is a check, share draft, draft, or written order on a financial institution, and a financial institution refuses payment on the instrument because of insufficient funds in a grain dealer's account.

g. The department discovers that a grain dealer has delayed payment for grain purchased since the department last inspected the grain dealer pursuant to section 203.9.

9. A licensed grain dealer who purchases grain by credit-sale contract shall obtain from the seller a signed acknowledgment stating that the seller has received notice that grain purchased by credit-sale contract is not protected by the grain depositors and sellers indemnity fund. The form for the acknowledgment shall be prescribed by the department, and the licensed grain dealer and the seller shall each be provided a copy.

203.20 Shrinkage adjustments — disclosures — penalties.

1. A person who, in connection with the receipt of corn or soybeans for storage, processing, or sale, adjusts the scale weight of the grain to compensate for the moisture content of the grain shall compute the amount of the adjustment by multiplying the scale weight of the grain by that factor which results in a rate of adjustment of one and eighteen hundredths percent of weight per one percent of moisture content. The use of any rate of weight adjustment for moisture content other than the one prescribed by this subsection is a fraudulent practice. The person shall post on the business premises in a conspicuous place notice of the rate of adjustment for moisture content that is prescribed by this subsection. Failure to make this disclosure is a simple misdemeanor.

2. A person who, in connection with the receipt of grain for storage, processing or sale, adjusts the quantity of the grain received to compensate for losses to be incurred during the handling, processing, or storage of the grain shall post on the business premises in a conspicuous place notice of the rate of adjustment to be made for this shrinkage. Failure to make the required disclosure is a simple misdemeanor.

3. A person who adjusts the scale weight of corn or soybeans both for moisture content and for handling, processing, or storage losses may combine the two adjustment factors into a single factor

and may use this resulting factor to compute the amount of weight adjustment in connection with storage, processing, or sale transactions, provided that the person shall post on the business premises in a conspicuous place a notice that discloses the moisture shrinkage factor prescribed by subsection 1, the handling shrinkage factor to be imposed, and the single factor that results from combining these factors. Failure to make the required disclosure is a simple misdemeanor.

203.22 Prioritization of inspections of grain dealers.

The department shall develop a system to prioritize the inspections of grain dealers provided in section 203.9. The system of prioritization shall be computed each year based on the risk of loss to the grain depositors and sellers indemnity fund caused by the possible insolvency of the grain dealer. The department shall compute the risk by utilizing an available statistical model to measure the financial condition of grain dealers, and especially grain dealers who execute credit-sale contracts. Procedures for utilizing the statistical model shall be adopted by department rules. The statistical model shall be used to provide risk ratings. A risk rating shall be used as a factor by the department to prioritize its inspection schedule. The department may use a risk rating produced by the statistical model as justification to inspect the grain dealer at any time. A substantial risk of loss to the grain depositors and sellers indemnity fund caused by the possible insolvency of the grain dealer based on the statistical model shall be good cause.

203A.1 “Bargaining agent” defined.

As used in this chapter, “*bargaining agent*” means a person, group, firm, association or corporation who bargains with buyers for the sale of grain for agricultural producers.

As used in this chapter, “*department*” means the department of agriculture and land stewardship.

Bargaining agent shall not mean a person selling grain as a farm manager, or an executor, administrator, trustee, guardian, or conservator of an estate. A bargaining agent shall not take title to the grain but shall act only for or on behalf of the beneficiaries whose product the bargaining agent is offering for sale. Unless the bargaining agent agreement provides that proceeds from grain sales shall be paid directly to the agricultural producer by the buyer, the bargaining agent agreement shall provide that proceeds shall be paid to and held in trust by either the bargaining agent, or a third person identified in the bargaining agent agreement as a trustee, for the benefit of the agricultural producers. As used in this section the term “*grain*” means as provided in section 203.1.

203A.2 Permit required — denial or delay.

A person shall not engage in the business of a bargaining agent in this state without having obtained a permit issued by the department. Each application for a permit to engage in the business of a bargaining agent shall be made with the department, on a form prescribed by the department which form of application shall require only information pertinent and necessary for the issuance of the bargaining agent permit. The applicant shall supply the department with information to establish that proceeds from sales of grain which are executed by the bargaining agent on behalf of agricultural producers will be received and held in trust for the beneficiaries to assure payment of the proceeds of sale. The application shall also be accompanied by proof of bond pursuant to section 203A.4.

The department may deny an application for a permit to a person licensed as a grain dealer under chapter 203 if the grain dealer license is under suspension or has been revoked pursuant to section 203.10. If information or a complaint is filed with the department against the person as a grain dealer in accordance with section 203.10, the department may delay approving the application for a permit until after a hearing is provided under that section.

Upon the filing of the application and compliance with the terms and conditions of sections 203A.1 and 203A.2, the department shall issue a permit to the applicant. The permit shall be good for one year from the date of issuance. The permit may be renewed annually by filing of a renewal application on a form prescribed by the department accompanied by an annual report of the bargaining agent showing any additions to or modification of the trust relationship. The applicant for a bargaining agent permit or a renewal thereof shall pay a permit fee in the amount of twenty-five dollars. The department may cancel a permit upon the request of a permittee.

A bargaining agent's books, accounts, records and papers of grain transactions, and all books, accounts, records and papers relating to trust funds or to funds required by this chapter to be held in trust, shall be subject to inspection by the department during ordinary business hours. Where there is good cause to believe that a person is engaged without a permit in the business of a bargaining agent in this state, the department may inspect the books, papers and records of such person.

[C79, 81, §542A.5]
C93, §203A.5

203A.6 Penalties — misdemeanor.

Any person who engages in business as a bargaining agent without obtaining a permit or any person in violation of any other provision of sections 203A.1 to 203A.5, or any bargaining agent who refuses to permit inspection of books, accounts or records of grain transactions as provided in this chapter, shall be guilty of a simple misdemeanor. Each day that any violation continues shall constitute a separate offense. Any person violating the provisions of this chapter may be restrained by an injunction. The permit of any person who has been found after a hearing, to have willfully violated the provisions of this chapter may be suspended for a reasonable time or revoked by the department.

[C79, 81, §542A.6]
C93, §203A.6

203A.7 Suspension or revocation of permit.

The department may after hearing and upon information being filed with the department by the administrator of the warehouse bureau of the department or upon complaint filed by any person,

suspend or revoke a bargaining agent permit issued under this chapter for the violation of or failure to comply with the provisions of this chapter or any rule adopted thereunder. An information or a verified complaint stating the grounds for suspension or revocation shall be filed with the department in triplicate. The department shall notify the permittee of the complaint and furnish the permittee with a copy of the information or the complaint and a copy of the order of the department fixing the time for a hearing, which time shall be at least five days from the date of notification. If the department determines that the public good requires immediate action, the department may, upon the filing of the information or the complaint and without hearing, temporarily suspend a permit pending the determination by it of the complaint. Judicial review of the actions of the department may be sought in accordance with the terms of the Iowa administrative procedure Act.

The department may revoke a bargaining agent permit upon information without hearing if the permittee fails to have sufficient bond on file with the department, or if the permittee fails to submit to inspection.

The department, after a hearing, may suspend or revoke a bargaining agent's permit if the permittee is licensed as a grain dealer under chapter 203 and the permittee's grain dealer license is under suspension or has been revoked pursuant to section 203.10.

Upon revocation of a permit, any claim of a creditor shall be filed against the former permittee within one hundred twenty days after the date of revocation. The department shall provide for giving notice to all agricultural producers under contract with the person holding the bargaining agent permit of the revocation of the permit.

203C.2 Duties and powers of the department.

The department may exercise general supervision over the storage, warehousing, classifying according to grade or otherwise, weighing, and certification of agricultural products. The department may inspect or cause to be inspected any warehouse. Inspections may be made at times and for

purposes as the department determines. Except as provided in section 203C.6, the department shall cause every licensed warehouse and its contents to be inspected once in every twelve-month period. The department shall prioritize inspections based on the system provided in section 203C.40. The department may require the filing of reports relating to a warehouse or its operation. If upon inspection a deficiency is found to exist as to the quantity or quality of agricultural products stored, as indicated on the warehouse operator's books and records according to official grain standards, the department may require an employee of the department to remain at the licensed warehouse and supervise all operations involving agricultural products stored there under this chapter until the deficiency is corrected. The charge for the cost of maintaining an employee of the department at a warehouse to supervise the correction of a deficiency is one hundred fifty dollars per day.

The department may make available to the United States government, or any of its agencies, including the commodity credit corporation, the results of inspections made and inspection reports submitted to it by employees of the department, upon payment to it of charges as determined by the department, but the charges shall not be less than the actual cost of services rendered, as determined by the department. The department may enter into contracts and agreements for such purpose and shall keep a record of all money thus received. All such money shall be paid over to the treasurer of state as miscellaneous receipts. The department may classify any warehouse in accordance with its suitability for the storage of agricultural products and shall specify in any license issued for the operation of a warehouse the only type or types and the quantity of agricultural products which may be stored in the warehouse. The department may prescribe, within the limitations of this chapter, the duties of licensed warehouse operators with respect to the care of and responsibility for the contents of licensed warehouses. Grain grades shall be determined under the official grain standards. The department may from time to time publish data in connection with the administration of this chapter as may be of public interest. The department shall administer this chapter.

203C.3 Appointment of department as receiver.

1. The department in its discretion may, following summary suspension of a license under section 203C.10, or following a suspension or revo-

cation of a license as otherwise provided in section 203C.10 or 203C.11, file a verified petition in the district court requesting that the department be appointed as a receiver to take custody of commodities stored in the licensee's warehouse and to provide for the disposition of those assets in the manner provided in this chapter and under the supervision of the court. The petition shall be filed in the county in which the warehouse is located. The district court shall appoint the department as receiver. Upon the filing of the petition the court shall issue ex parte such temporary orders as may be necessary to preserve or protect the assets in receivership, or the value thereof, and the rights of depositors, until a plan of disposition is approved.

2. A petition filed by the department under subsection 1 shall be accompanied by the department's plan for disposition of stored commodities. The plan may provide for the pro rata delivery of part or all of the stored commodities to depositors holding warehouse receipts or unpriced scale weight tickets, or may provide for the sale under the supervision of the department of part or all of the stored commodities for the benefit of those depositors, or may provide for any combination thereof, as the department in its discretion determines to be necessary to minimize losses.

3. When a petition is filed by the department under subsection 1 the clerk of court shall set a date for hearing on the department's proposed plan of disposition at a time not less than ten nor more than fifteen days after the date the petition is filed. Copies of the petition, the notice of hearing, and the department's plan of disposition shall be served upon the licensee and upon the issuer of a deficiency bond or of an irrevocable letter of credit pursuant to section 203C.6 in the manner required for service of an original notice. A delay in effecting service upon the licensee or issuer is not cause for denying the appointment of a receiver and is not grounds for invalidating any action or proceeding in connection with the appointment.

4. The department shall cause a copy of each of the documents served upon the licensee under subsection 3 to be mailed by ordinary mail to every person holding a warehouse receipt or unpriced scale weight ticket issued by the licensee, as determined by the records of the licensee or the records of the department. The failure of any person referred to in this subsection to receive the required notification shall not invalidate the proceedings on the petition for the appointment of a receiver or any portion thereof. Persons referred to in this subsection are not parties to the action unless admitted by the court upon application therefor.

5. When appointed as a receiver under this chapter, the department shall cause notification of the appointment to be published once each week for two consecutive weeks in a newspaper of general circulation in each of the counties in which the licensee maintains a business location, and in a newspaper of general circulation in this state.

6. The department may designate an employee of the department to appear on behalf of the department in any proceedings before the court with respect to the receivership, and to exercise the functions of the department as receiver under this section and section 203C.4, except that the department shall determine whether or not to petition for appointment as receiver, shall approve the proposed plan for disposition of stored commodities, shall approve the proposed plan for distribution of any cash proceeds, and shall approve the proposed final report.

7. The actions of the department in connection with petitioning for appointment as a receiver, and all actions pursuant to such appointment shall not be subject to the provisions of the administrative procedure Act.

8. A person employed or appointed by the department and carrying out the duties of the department acting as receiver under this chapter shall be deemed to be an employee of the state as defined in section 669.2. Chapter 669 is applicable to any claim as defined in section 669.2 against the person carrying out the duties of the department acting as receiver.

203C.4 Powers and duties of receiver.

1. When the department is appointed as receiver under this chapter the issuer of a deficiency bond or of an irrevocable letter of credit pursuant to section 203C.6 shall be joined as a party defendant by the department. If required by the court, the issuer shall pay the indemnification proceeds or so much thereof as the court finds necessary into the court, and when so paid the issuer shall be absolutely discharged from any further liability under the bond or irrevocable letter of credit to the extent of the payment.

2. When appointed as receiver under this chapter the department is authorized to give notice in the manner specified by the court to persons holding warehouse receipts or other evidence of deposit issued by the licensee to file their claims within one hundred twenty days after the date of appointment. Failure to timely file a claim shall defeat the claim with respect to the issuer of a deficiency bond or of an irrevocable letter of credit, grain depositors and sellers indemnity fund created in chapter 203D, and any commodities or proceeds from the sale of commodities, except to the extent of any excess commodities or proceeds of sale remaining after all timely claims are paid in full.

3. When the court approves the sale of commodities, the department shall employ a merchandiser to effect the sale of those commodities. A person employed or appointed as a merchandiser is deemed to be an employee of the state as defined

in section 669.2 and chapter 669 is applicable to any claim as defined in section 669.2 against the person acting as a merchandiser. A person employed as a merchandiser must meet the following requirements:

a. The person shall be experienced or knowledgeable in the operation of warehouses licensed under this chapter; and if the person has ever held a license issued under this chapter, the person shall never have had that license suspended or revoked.

b. The person shall be experienced or knowledgeable in the marketing of agricultural products.

c. The person shall not be the holder of a warehouse receipt or scale weight ticket issued by the licensee, and shall not have a claim against the licensee whether as a secured or unsecured creditor, and otherwise shall not have any pecuniary interest in the licensee or the licensee's business. The merchandiser shall be entitled to reasonable compensation as determined by the department, payable out of funds appropriated for operating expenses of the department. A sale of commodities shall be made in a commercially reasonable manner and under the supervision of the warehouse bureau of the department. The department shall provide for the payment out of appropriations to the department of all expenses incurred in handling and disposing of commodities. The department shall have authority to sell the commodities, any provision of chapter 554 to the contrary notwithstanding, and any commodities so sold shall be free of all liens and other encumbrances.

4. The plan of disposition, as approved by the court, shall provide for the distribution of the stored commodities, or the proceeds from the sale of commodities, or the proceeds from any insurance policy, deficiency bond, or irrevocable letter of credit, less expenses incurred by the department in connection with the receivership, to depositors as their interests are determined. Distribution shall be without regard to any setoff, counterclaim, or storage lien or charge.

5. The department may, with the approval of the court, continue the operation of all or any part of the business of the licensee on a temporary basis and take any other course of action or procedure which will serve the interests of the depositors.

6. The department is entitled to reimbursement out of commodities or proceeds held in receivership for all expenses incurred as court costs or in handling and disposing of stored commodities, and for all other costs directly attributable to the receivership. The right of reimbursement of the department is prior to any claims against the commodities or proceeds of sales of commodities, and constitutes a claim against a deficiency bond or irrevocable letter of credit.

7. If the approved plan of disposition requires a distribution of cash proceeds, the department shall submit to the court a proposed plan of dis-

tribution of those proceeds. Upon notice and hearing as required by the court, the court shall accept or modify the proposed plan. When the plan is approved by the court and executed by the department, the department shall be discharged and the receivership terminated.

8. At the termination of the receivership the department shall file a final report containing the details of its actions, together with such additional information as the court may require.

203C.5 Rules.

The department shall adopt rules as it deems necessary for the efficient administration of this chapter, and may designate an employee or officer of the department to act for the department in any details connected with administration, including the issuance of licenses and approval of deficiency bonds or irrevocable letters of credit in the name of the department, but not including matters requiring a public hearing or suspension or revocation of licenses.

The department may adopt rules specifying the form, content and use of scale tickets, warehouse receipts, settlement sheets, daily position records, shipping ledgers, and other documents used by licensed warehouses. All scale ticket forms and warehouse receipt forms in the possession of a warehouse operator shall have been permanently and consecutively numbered at the time of printing. A warehouse operator shall maintain an accurate record of the numbers of these documents. The record shall include the disposition of each form, whether issued, destroyed, or otherwise disposed of. The department may by rule require this use of prenumbered forms and recording for documents other than scale tickets and warehouse receipts.

203C.6 Issuance of license and financial responsibility.

1. The department, upon application to it, may issue to a warehouse operator or to a person about to become a warehouse operator a license for the operation of a warehouse in accordance with this chapter and the rules adopted by the department under section 203C.5. A single license to operate two or more warehouses located anywhere within the state may be issued.

2. The type of license required shall be determined as follows:

a. A class 1 license is required if the storage capacity of a warehouse is more than one hundred thousand bushels.

b. A class 2 license is required for a warehouse that is not required to have a class 1 license.

3. An application for a warehouse license shall be accompanied by a complete financial statement of the applicant setting forth the assets, liabilities and net worth of the applicant. The financial statement must be prepared according to generally accepted accounting principles. Assets shall be shown at original cost less depreciation. Upon written request, the department may allow asset valuations in accordance with a competent appraisal. Unpriced contracts shall be shown as a liability and valued at the applicable current market price of grain as of the date the financial statement is prepared.

4. In order to receive and retain a class 1 license, the following conditions must be satisfied:

a. The warehouse operator shall have and maintain a net worth of at least twenty-five cents per bushel of warehouse capacity, or maintain a deficiency bond or an irrevocable letter of credit in the amount of two thousand dollars for each one thousand dollars or fraction thereof of net worth deficiency. However, a person shall not be licensed as a class 1 warehouse operator if the person has a net worth of less than twenty-five thousand dollars.

b. The warehouse operator shall submit, as required by the department, a financial statement that is accompanied by an unqualified opinion based upon an audit performed by a certified public accountant licensed in this state. However, the department may accept a qualification in an opinion that is unavoidable by any audit procedure that is permitted under generally accepted accounting principles. An opinion that is qualified because of a limited audit procedure or because the scope of an audit is limited shall not be accepted by the department. The department shall not require that a warehouse operator submit more than one such unqualified opinion per year. The warehouse operator may elect, however, to submit a financial statement that is accompanied by the report of a certified public accountant licensed in this state that is based upon a review performed by the certified public accountant in lieu of the audited financial statement specified in this paragraph. However, at any time the department may require a financial statement that is accompanied by the report of a certified public accountant licensed in this state that is based upon a review performed by a certified public accountant if the department has good cause.

5. In order to receive and maintain a class 2 license, the following conditions must be satisfied:

a. The warehouse operator shall have and maintain a net worth of at least twenty-five cents per bushel of warehouse capacity, or maintain a deficiency bond or an irrevocable letter of credit in

the amount of two thousand dollars for each one thousand dollars or fraction thereof of net worth deficiency. However, a person shall not be licensed as a class 2 warehouse operator if the person has a net worth of less than ten thousand dollars.

b. The warehouse operator shall submit, as required by the department, a financial statement that is accompanied by an unqualified opinion based upon an audit performed by a certified public accountant licensed in this state. However, the department may accept a qualification in an opinion that is unavoidable by any audit procedure that is permitted under generally accepted accounting principles. An opinion that is qualified because of a limited audit procedure or because the scope of an audit is limited shall not be accepted by the department. The department shall not require that a warehouse operator submit more than one such unqualified opinion per year. The warehouse operator may elect, however, to submit a financial statement that is accompanied by the report of a certified public accountant licensed in this state that is based upon a review performed by the certified public accountant in lieu of the audited financial statement specified in this paragraph. However, at any time the department may require a financial statement that is accompanied by the report of a certified public accountant licensed in this state that is based upon a review performed by a certified public accountant if the department has good cause.

6. The department may adopt rules governing the timing and form of financial statements to be submitted to it. The department may require additional information or verification with respect to the financial resources of the applicant or licensee and the applicant's or licensee's ability to maintain the quantity and quality of stored grain.

7. If an applicant has had a license under chapter 203, 203A or 203C revoked for cause within the past three years, or has been convicted of a felony involving violations of chapter 203, 203A or 203C, or is owned or controlled by a person who has had a license so revoked or who has been so convicted, the department may deny a license to the applicant.

8. The department may deny a license to an applicant if any of the following apply:

a. The applicant has caused liability to the Iowa grain depositors and sellers indemnity fund through operations under a license issued under this chapter or chapter 203, and the liability has not been discharged, settled, or satisfied.

b. The applicant is owned or controlled by a person who has caused liability to the fund through operations under a license issued under this chapter or chapter 203, and the liability has not been discharged, settled, or satisfied.

9. A deficiency bond or irrevocable letter of credit filed with the department pursuant to this section shall not be canceled by the issuer on less

than one hundred twenty days' notice by certified mail to the department and the principal.

Each application for a license or licenses shall be in writing subscribed and sworn to by the applicant or a duly authorized representative of the applicant. In addition to any other information required by rule of the department the application shall include the following:

1. The name of the individual, partnership, or corporation making the application, the names of all partners if applicant is a partnership, and the names and titles of the principal officers if applicant is a corporation.

2. The principal office or place of business of the applicant.

3. A general description of each warehouse as to storage capacity, type of construction, mechanical equipment, if any, and condition.

4. The approximate location of each warehouse.

5. The type and quantity of agricultural product, or products intended to be stored in each warehouse.

6. A complete financial statement for use of the department in the administration of this chapter, as required by section 203C.6.

203C.8 License to specify type and quantity of products which may be stored.

The department shall determine with respect to each application for a license whether the warehouse or warehouses described in the application is or are suitable for the proper and safe storage of the particular agricultural product or products intended to be stored therein in the quantities specified in the application, provided that no warehouse shall be found to be suitable and safe for the storage of bulk grain unless such warehouse is equipped with a fixed or portable mechanical device of a type in common use as an adjunct to the movement of bulk grain. Each license issued for the operation of a single warehouse shall specify the type or types and quantities of agricultural products which may be stored in such warehouse.

Each license issued to a warehouse operator for the operation of two or more warehouses shall specify with respect to each warehouse the type or types and quantities of agricultural product which may be stored in such warehouse. It shall be unlawful for any licensed warehouse operator to accept for storage or to store in any licensed warehouse any agricultural product or products other than the type or types and quantities specified in the license for the operation of such warehouse.

203C.9 Amendment of license.

The department is authorized, upon its own motion, or upon receipt of written application, to amend any license previously issued by it, to change or modify the provisions as to the type and quantity of agricultural products which may be stored in the warehouse or warehouses in respect to which the license was originally issued. Application for amendments to licenses shall include the same information, except as to the financial condition of the applicant, as required by section 203C.7 to be included in an original application. Applications for amendments of licenses shall be considered by the department on the same basis as applications for original licenses, and except as otherwise provided in this chapter, a license when amended shall have the same status, as of the date of the amendment, as though originally issued as amended.

203C.10 Suspension or revocation of license.

The department is empowered after hearing before it and upon information being filed with the department by the duly authorized head of the warehouse bureau of the department or upon complaint filed by any person to suspend or revoke the license of anyone licensed under this chapter for the violation of or failure to comply with the provisions of this chapter or any rule made in pursuance of the authority therefor granted under this chapter. An information or a verified complaint stating the grounds for suspension or revocation shall be filed with the department in triplicate, and thereupon the department shall serve the licensee complained against with a copy of the information or the complaint and a copy of the order of the department fixing the time for hearing thereon, which time shall be at least ten days from the date of service.

If upon the filing of the information or complaint the department finds that the licensee has failed to meet the warehouse operator's obligation or

otherwise has violated or failed to comply with the provisions of this chapter or any rule promulgated under this chapter, and if the department finds that the public health, safety or welfare imperatively requires emergency action, then the department without hearing may order a summary suspension of the license in the manner provided in section 17A.18A. When so ordered, a copy of the order of suspension shall be served upon the licensee at the time the information or complaint is served as provided in this section.

Judicial review of the actions of the department may be sought in accordance with the terms of the Iowa administrative procedure Act.

203C.11 Suspension or revocation for insufficient evidence of financial responsibility — notice.

1. When the department determines that insurance is not fully provided as required under section 203C.15, it may require the licensed warehouse operator to provide additional evidence of insurance coverage so that the insurance conforms with the requirements of this chapter. If additional insurance is not provided within thirty days after receipt by the licensee of notice by certified mail, the license of the warehouse operator concerned shall be automatically suspended. If additional insurance is not filed within another ten days, the warehouse license shall be automatically revoked. When a license is revoked, the department shall notify each holder of an outstanding warehouse receipt and all known persons who have grain retained in open storage of the revocation. The department shall further notify each receipt holder and all known persons who have grain retained in open storage that the grain must be removed from the warehouse not later than the thirtieth day following the revocation. The notice shall be sent by ordinary mail to the last known address of each person having grain in storage as provided in this subsection.

2. If the department determines that the net worth of a licensed warehouse operator is not in compliance with the requirements of section 203C.6, the department shall issue a notice to the warehouse operator and shall suspend the warehouse operator's license if the warehouse operator does not provide evidence of compliance within thirty days of the issuance of the notice. The department shall inspect the warehouse at the end of the thirty-day period. If evidence of compliance is not provided within sixty days of the issuance of the notice, the department shall revoke the warehouse operator's license, and shall again inspect the warehouse. If a license is revoked, the depart-

ment shall give notice of the revocation to each holder of an outstanding warehouse receipt and to all known persons who have grain retained in open storage. The revocation notice shall state that the grain must be removed from the warehouse not later than the thirtieth day after the issuance of the revocation notice. The revocation notice shall be sent by ordinary mail to the last known address of each person having grain in storage as provided in this subsection. The department shall conduct a final inspection of the warehouse at the end of the thirty-day period following the issuance of the revocation notice.

3. When the department receives notice that a deficiency bond or irrevocable letter of credit is being canceled by the issuer, and determines that upon the cancellation the warehouse operation will not be in compliance with section 203C.6, the department shall suspend the warehouse operator's license if a new deficiency bond or irrevocable letter of credit is not received by the department within sixty days of receipt by the department of the notice of cancellation. If a new deficiency bond or irrevocable letter of credit is not received by the department within thirty days following suspension, the warehouse operator's license shall be revoked. When a license is revoked, the department shall notify each holder of an outstanding warehouse receipt and all known persons who have grain retained in open storage of the revocation, and shall further notify each receipt holder and all known persons who have grain retained in open storage that the grain must be removed from the warehouse not later than the thirtieth day following revocation. The notice shall be sent by ordinary mail to the last known address of each person having grain in storage as provided in this subsection.

203C.12A Lien on warehouse operator assets.

1. A statutory lien is imposed on all warehouse operator assets in favor of depositors possessing warehouse receipts covering grain stored by the

warehouse operator and depositors with written evidence of ownership other than warehouse receipts disclosing a storage obligation of a warehouse operator.

2. "Warehouse operator assets" includes proceeds received or due a warehouse operator upon the sale, including exchange, collection, or other disposition, of grain sold by the warehouse operator. As used in this section, "proceeds" means non-cash and cash proceeds as provided in section 554.9306. "Warehouse operator assets" also includes storage payments received or due to a warehouse operator, grain owned by the warehouse operator, and any other funds or property of the warehouse operator which can be directly traced as being from the sale of grain by the warehouse operator, or which were utilized in the business operation of the warehouse operator. A court, upon petition by an affected party, may order that claimed warehouse operator assets are not warehouse operator assets as defined in this section. The burden of proof shall be upon the petitioner to establish that the assets are not warehouse operator assets as defined in this section.

3. The lien shall arise at the commencement of the storage obligation, and shall terminate when the liability of the warehouse operator to the depositor has been discharged. The lien of all depositors is hereby assigned to the Iowa grain indemnity fund board, on behalf of the grain depositors and sellers indemnity fund.

4. To perfect the lien, the Iowa grain indemnity fund board must file a lien statement with the office of the secretary of state. The lien statement is valid only if filed on or after the date of suspension but not later than sixty days after the incurrence date as provided in section 203D.6. The lien statement shall disclose the name of the warehouse operator, the address of the warehouse operator's principal place of business, a description of identifiable warehouse operator assets, and the amount of the lien. The lien amount shall be the board's estimate of the final cost of reimbursing the grain depositors and sellers indemnity fund for the payment of claims made against the fund resulting from the breach of the warehouse operator's obligations. The board shall correct the amount not later than one hundred eighty days following the incurrence date. A court, upon petition by an affected person, may correct the amount. The board shall have the burden of proving that the amount is an accurate estimate.

5. The Iowa grain indemnity fund board shall upon written demand of the warehouse operator file a termination statement with the secretary of state, if the license of the warehouse operator is not revoked, terminated, or canceled after one hundred eighty days from the date that the lien is perfected. Upon filing the termination statement, the lien becomes unperfected. The board shall also deliver a copy of the termination statement to the warehouse operator.

6. The secretary of state shall note the filing of a lien statement under this section in a manner provided by chapter 554, the uniform commercial code. The secretary shall note the filing of a termination statement with the lien statement.

7. A lien statement filed under this section shall be a security interest perfected under chapter 554 and subject to the same priority as provided under section 554.9312.

8. In the event the department is appointed as a receiver under section 203C.3, assets under the authority of the receiver are free from this statutory lien. However, if there are receivership assets in excess of those necessary to fully reimburse depositors, the perfected lien will attach to those excess assets.

9. The Iowa grain indemnity fund board may enforce the lien in the manner provided in chapter 554, article 9, part 5, for the enforcement of security interests. If, upon enforcement of the lien, the lien amount is satisfied in full without exhaustion of the warehouse operator assets, the remaining assets shall be returned to the warehouse operator or, if there are competing claims to those remaining assets by other creditors, those assets shall be placed in the custody of the district court and the known creditors impleaded.

For purposes of enforcement of the lien, the board is deemed to be the secured party and the warehouse operator is deemed to be the debtor, and each has the respective rights and duties of a secured party and a debtor as provided in chapter 554, article 9, part 5. If a right or duty under chapter 554, article 9, part 5, is contingent upon the existence of express language in a security agreement, or may be waived by express language in a security agreement, the requisite language is deemed not to exist for purposes of enforcement of the lien created by this section.

10. Actions relating to this section shall be brought in the district court in the county in which the warehouse operator's primary place of business is located or in Polk county.

203C.13 Form and amount of evidence of financial responsibility.

1. A warehouse operator who stores only agricultural products other than bulk grain shall have and maintain a net worth of at least ten percent of the value of the warehouse capacity, or maintain a deficiency bond or an irrevocable letter of credit in the amount of two thousand dollars for each one thousand dollars or fraction thereof of net worth deficiency. However, a person shall not be eligible for a license to store only agricultural products other than bulk grain if the person has a net worth of less than ten thousand dollars.

2. If the agricultural product or products intended to be stored by the warehouse operator, as

specified in the application for a license or amended license, are other than bulk grain, the quantity of such product intended to be stored shall be valued at the fair market price on the date of filing the application, and the minimum amount of bond shall be determined with reference to such value as follows:

a. For intended storage of such products of a value less than twenty thousand dollars the minimum amount of the bond shall be three thousand dollars, plus one thousand dollars for each two thousand dollars, or fraction thereof, of value in excess of six thousand dollars up to twenty thousand dollars.

b. For intended storage of such products of a value not less than twenty thousand dollars and not more than fifty thousand dollars the minimum amount of the bond shall be ten thousand dollars plus one thousand dollars for each three thousand dollars, or fraction thereof, of value in excess of twenty thousand dollars up to fifty thousand dollars.

c. For intended storage of such products of a value not less than fifty thousand dollars the minimum amount of the bond shall be twenty thousand dollars plus one thousand dollars for each five thousand dollars, or fraction thereof, of value in excess of fifty thousand dollars.

3. A bond, deficiency bond, or irrevocable letter of credit on agricultural products other than bulk grain shall not be canceled by the issuer on less than one hundred twenty days' notice by certified mail to the department and the principal. When the department receives notice from an issuer that it has canceled the bond, deficiency bond, or irrevocable letter of credit on agricultural products other than bulk grain of a warehouse operator, the department shall automatically suspend the warehouse operator's authorization to store or accept for storage agricultural products other than bulk grain if a new bond, deficiency bond, or irrevocable letter of credit is not received by the department within sixty days of the issuance of the notice of cancellation. The department shall conduct an inspection of the licensee's warehouse immediately at the end of the sixty-day period. If a new bond, deficiency bond, or irrevocable letter of credit is not provided within ninety days of the issuance of the notice of cancellation, the department shall revoke the warehouse operator's authorization to store or accept for storage agricultural products other than bulk grain. The department shall conduct a further inspection of the licensee's warehouse after the ninety-day period. When an authorization to store or accept for storage agricultural products other than bulk grain is revoked, the department shall give notice of the revocation to all known persons who have agricultural products other than bulk grain in storage, and shall notify them that the agricultural products other than bulk grain must be removed from the warehouse not later than one hundred twenty

days after the issuance of the notice of cancellation. The revocation notice shall be sent by ordinary mail to the last known address of each person having agricultural products other than bulk grain in storage. The department shall cause a final inspection of the licensee's warehouse after the end of the one hundred twenty-day period.

203C.14 Suit — claims — notice of revocation.

A person injured by the breach of an obligation of a warehouse operator, for the performance of which a bond on agricultural products other than bulk grain, a deficiency bond, or an irrevocable letter of credit has been given under any of the provisions of this chapter, may sue on the bond on agricultural products other than bulk grain, deficiency bond, or irrevocable letter of credit in the person's own name in a court of competent jurisdiction to recover any damages the person has sustained by reason of the breach.

Upon revocation, termination, or cancellation of a warehouse license, a claim against the warehouse operator arising under this chapter shall be made in writing with the warehouse operator, with the issuer of a bond on agricultural products other than bulk grain, a deficiency bond, or an irrevocable letter of credit, and, if the claim relates to bulk grain, with the department within one hundred twenty days after revocation, termination, or cancellation. Failure to make a timely claim relieves the issuer and, if the claim relates to bulk grain, the grain depositors and sellers indemnity fund provided in chapter 203D of all obligations to the claimant. Upon revocation of a warehouse license, the department shall cause notice of the revocation to be published once each week for two consecutive weeks in a newspaper of general circulation in each of the counties in which the licensee maintains a business location and in a newspaper of general circulation within the state. The notice shall state the name and address of the warehouse operator and the effective date of revocation. The notice shall also state that any claims against the warehouse operator shall be made in writing and sent by ordinary mail to the warehouse operator, to the issuer of a bond on agricultural products other than bulk grain, deficiency bond, or an irrevocable letter of credit, and to the department within one hundred twenty days after revocation, and the notice shall state that the failure to make a timely claim does not relieve the warehouse operator from liability to the claimant. This paragraph does not apply if a receiver is appointed as provided in this chapter pursuant to a petition which is filed by the department prior to

the expiration of one hundred twenty days after revocation, termination, or cancellation of the license.

203C.15 Insurance required — exception.

All agricultural products in storage in a licensed warehouse and all agricultural products which have been deposited temporarily in a licensed warehouse pending storage or for purposes other than storage, shall be kept fully insured by the warehouse operator for the current value of the agricultural products against loss by fire, inherent explosion, or windstorm.

The insurance shall be carried in an insurance company or companies authorized to do business in this state, and evidence of the insurance coverage in a form approved by the department shall be filed with the department. An insurance policy shall not be canceled by the insurance company on less than ninety days' notice by certified mail to the department and the principal unless the policy is being replaced with another policy and evidence of the new policy is filed with the department at the time of cancellation of the policy on file. The insurance shall be provided by, and carried in the name of, the warehouse operator. However, whenever the department shall receive notice from an insurance company that it has canceled the insurance of a licensed warehouse, the department shall automatically suspend the warehouse license if replacement insurance is not received by the department within seventy-five days of receipt of the notice of cancellation. The department shall cause an inspection of the licensed warehouse immediately at the end of the seventy-five day period. If replacement insurance is not filed within another ten days following suspension, the warehouse license shall be automatically revoked. When a license is revoked, the department shall notify each holder of an outstanding warehouse receipt and all known persons who have grain retained in open storage of the revocation. The department shall further notify each receipt holder and all known persons who have grain retained in open storage that the grain must be removed from the warehouse not later than the thirtieth day following the revocation. The notice shall be sent by ordinary mail to the last known address of each person having grain in storage as provided in this subsection. Claimants against the insurance have precedence in the following order:

1. Holders of warehouse receipts other than the warehouse operator and owners of bulk grain other than the warehouse operator.
2. Owners of all other agricultural products as their interests appear.

3. Warehouse operators who have warehouse receipts.

4. Warehouse operators owners of bulk grain.

However, notwithstanding the insurance requirements set forth in this section, a licensed warehouse may exclude from the insurance coverage stored grain to which title is fully vested in the United States government or any of its subdivisions or agencies, provided that the licensed warehouse has on file with the United States government or any of its subdivisions or agencies a current and accepted uninsured storage rate under the provisions of their uniform grain storage agreement. The licensed warehouse shall file a copy of the current uninsured tariff rate with the department immediately upon acceptance of the uninsured rate by the United States government or any of its subdivisions or agencies.

A person other than a licensed warehouse operator shall not place in storage or accept for storage any bulk grain. A person shall not place bulk grain in storage in a warehouse other than a licensed warehouse. This section shall not apply to any of the following:

1. The acceptance and storage of bulk grain by a person bonded and licensed under the provisions of a federal law, to the extent that the person is authorized under federal law to accept and store bulk grain. However, the person shall comply with all other provisions of this chapter which do not conflict with such federal law.

2. The storage of bulk grain by a person who owns all the stored bulk grain.

3. The storage of bulk grain by more than one person, if all of the following apply:

a. The bulk grain was jointly produced by all persons storing the grain. As used in this subsection, “*jointly produced*” includes but is not limited to grain owned by a landlord who receives a share of agricultural products as rent.

b. The bulk grain is stored on the property owned or leased by one of the persons jointly producing the grain.

c. No person other than persons jointly producing the grain owns the stored bulk grain.

203C.17 Receiving bulk grain at licensed and unlicensed warehouses.

1. Any grain which has been received at any licensed warehouse for which the actual sale price is not fixed and proper documentation made or payment made shall be construed to be grain held for storage within the meaning of this chapter. Grain may be held in open storage or placed on warehouse receipt. A warehouse receipt shall be issued for all grain held in open storage within one year from the date of delivery to the warehouse, unless the depositor has signed a statement that the depositor does not desire a warehouse receipt. The warehouse operator’s tariff shall apply for any grain that is retained in open storage or under warehouse receipt.

2. Bulk grain deposited with a licensed warehouse operator for processing, cleaning, drying, shipping for the account of the depositor or any other purpose shall be removed within thirty days or such grain shall be determined as stored grain and the warehouse operator’s tariff charges shall apply.

3. Grain received on a scale ticket which fails to have the price fixed and properly documented on the records of the warehouse operator shall be construed to be in open storage.

4. All bulk grain whether open storage or having been placed on warehouse receipt is covered by the grain depositors and sellers indemnity fund created in chapter 203D.

5. Any grain which has been received at any unlicensed warehouse and for which the actual sale price has not been fixed and payment made within thirty days from receipt of the grain, unless covered by a credit-sale contract, shall be construed to be unlawful storage within the meaning of this chapter. Bulk grain received at any unlicensed warehouse for any other purpose must either be returned to the depositor or disposed of by order of the depositor within thirty days from date of actual deposit of the bulk grain.

6. If the depositor of bulk grain in an unlicensed warehouse fails to sell the grain or orders other disposition of the grain, the warehouse operator may purchase the grain, if otherwise allowed by law, on the thirtieth day after deposit at not less than the local market price at the close of business on the thirtieth day or return the grain to the depositor by the thirtieth day.

7. A licensed warehouse operator who does not have a sufficient quantity or quality of grain to satisfy the warehouse operator’s obligations based on an examination by the department shall not purchase grain on credit-sale contract to correct the shortage of grain. A licensed warehouse operator shall not issue a warehouse receipt for purposes of providing collateral, if the grain which is the subject of the warehouse receipt was purchased by credit-sale contract and is unpaid for by the warehouse operator.

8. Every licensed warehouse operator shall, on or before July 1 of each year, send a statement for each holder of a warehouse receipt covering grain held for more than one year at that warehouse to the holder's last known address. The statement shall show the amount of all grain held pursuant to warehouse receipt for such warehouse receipt holder and the amount of any storage charges held by the licensed warehouse operator against that grain. However, a licensed warehouse operator need not prepare this annual statement for a holder of a warehouse receipt, if the licensed warehouse operator prepares such statements monthly, quarterly or for any other period more frequent than annually. The failure to prepare a statement required by this subsection is a simple misdemeanor.

Violation of this section shall not constitute grounds for suspension, revocation, or modification of the license of anyone licensed under this chapter.

Such warehouse receipts shall be in the form required or permitted by Uniform Commercial Code, sections 554.7202 and 554.7204, provided, however, that each receipt issued for agricultural products, in addition to the matters specified in Uniform Commercial Code, section 554.7202 shall embody in its written or printed terms:

1. The receiving and loadout charges which will be made by the warehouse operator.

2. The grade or other class of the agricultural products received and the standard or description in accordance with which such classification has been made; provided that such grade or other class shall be stated according to the official standard of the United States applicable to such agricultural products as the same may be fixed and promulgated; provided, further, that until such official standards of the United States for any agricultural product or products have been fixed and promulgated, the grade or other class thereof may be stated in accordance with any recognized standard or in accordance with such rules and regulations not inconsistent herewith as may be prescribed by the secretary of agriculture of the United States.

3. A statement that the receipt is issued subject to the Iowa warehouse Act and the rules and regulations prescribed pursuant to the Act.

4. Such other terms and conditions as may be required by rules of the department.

Warehouses that are not licensed pursuant to this chapter or by the United States government shall not issue warehouse receipts for agricultural products.

1. A person who, in connection with the receipt of corn or soybeans for storage, processing, or sale, adjusts the scale weight of the grain to compensate for the moisture content of the grain shall compute the amount of the adjustment by multiplying the scale weight of the grain by that factor which results in a rate of adjustment of one and eighteen hundredths percent of weight per one percent of moisture content. The use of any rate of weight adjustment for moisture content other than the one prescribed by this subsection is a fraudulent practice. The person shall post on the

business premises in a conspicuous place notice of the rate of adjustment for moisture content that is prescribed by this subsection. Failure to make this disclosure is a simple misdemeanor.

2. A person who, in connection with the receipt of grain for storage, processing or sale, adjusts the quantity of the grain received to compensate for losses to be incurred during the handling, processing, or storage of the grain shall post on the business premises in a conspicuous place notice of the rate of adjustment to be made for this shrinkage. Failure to make the required disclosure is a simple misdemeanor.

3. A person who adjusts the scale weight of corn or soybeans both for moisture content and for handling, processing, or storage losses may combine the two adjustment factors into a single factor and may use this resulting factor to compute the amount of weight adjustment in connection with storage, processing, or sale transactions, provided that the person shall post on the business premises in a conspicuous place a notice that discloses the moisture shrinkage factor prescribed by subsection 1, the handling shrinkage factor to be imposed, and the single factor that results from combining these factors. Failure to make the required disclosure is a simple misdemeanor.

203C.28 Tariff rates.

A warehouse operator shall, at the time of application for a license, file a tariff with the department which shall contain rates to be charged for receiving, storage, and load-out of grain. The tariff shall be posted in a conspicuous place at the place of business of the licensee in a form prescribed by the department and shall become effective at the time the license becomes effective.

Storage charges shall commence on the date of delivery to the warehouse. Storage, receiving, or load-out charges other than those specified in the

tariff may be made if the charge is required by the terms of a written contract with the United States government or any of its subdivisions or agencies.

Grain deposited with the warehouse for the sole purpose of processing and redelivery to the depositor is subject only to the charges listed under the grain bank section of the tariff. Drying and cleaning of grain shall not be construed as processing.

A tariff may be amended at any time and is effective immediately, except that grain in store on the effective date of a storage charge increase does not assume the increased rate until the subsequent anniversary date of deposit. Any decrease in storage rates shall be effective immediately and shall be applicable to all grain in store on the effective date of the decrease.

A warehouse operator may file with the department and publish the supplemental tariff applicable only to grain meeting special descriptive standards or characteristics as set forth in the supplemental tariff. A supplemental tariff shall be in a form prescribed by the department and be posted adjacent to the warehouse tariff.

All tariff charges shall be nondiscriminatory within classes.

When a person against whom a civil penalty is administratively assessed under this section seeks timely judicial review of an order imposing the penalty as provided under chapter 17A, the order is not final until all judicial review processes are completed. When a person against whom a civil penalty is judicially assessed under this section seeks a timely appeal of judgment, the judgment is not final until the right of appeal is exhausted.

203C.40 Prioritization of inspections of warehouse operators.

The department shall develop a system to prioritize the inspections of warehouse operators provided in section 203C.2. The system of prioritization shall be computed each year based on the risk of loss to the grain depositors and sellers indemnity fund caused by the possible insolvency of the warehouse operator. The department shall compute the risk by utilizing an available statistical model to measure the financial condition of warehouse operators. Procedures for utilizing the statistical model shall be adopted by department rules. The statistical model shall be used to provide risk ratings. A risk rating shall be used as a factor by the department to prioritize its inspection schedule. The department may inspect a warehouse operator at any time based on a risk of loss to the fund according to the risk rating. A substantial risk of loss to the grain depositors and sellers indemnity fund caused by the possible insolvency of the warehouse operator based on the statistical model shall be good cause.

a. Grain purchased from the United States government or any of its subdivisions or agencies.

b. Grain purchased from a person licensed as a grain dealer in any jurisdiction.

c. Grain purchased under a credit sale contract entered into on or before the date of delivery.

The grain dealer shall forward the per-bushel fee to the department on a quarterly basis in the manner and using the forms prescribed by the department. A licensee is delinquent if the licensee fails to submit the full fee or quarterly forms when due, or if upon examination, an underpayment of the fee is found by the department. The grain dealer is subject to a penalty of ten dollars for each day the grain dealer is delinquent or an amount equal to the amount of the deficiency, whichever is less. However, a licensee who fails to submit the full fee or quarterly forms when due, is subject to a minimum payment of ten dollars. The department may establish and apply a margin of error in determining whether a grain dealer is delinquent. If the per-bushel fee and any penalty due have not been received by the department within thirty days after notice by the department, the grain dealer’s license shall be suspended. The per-bushel fee shall be collected only once on each bushel of grain.

3. a. All licensed grain dealers and licensed warehouse operators shall annually remit a fee to be deposited into the fund which is determined as follows:

(1) For class 1 grain dealers, five hundred dollars.

(2) For class 2 grain dealers, two hundred fifty dollars.

(3) For warehouse operators or participating federally licensed grain warehouses:

(a) For intended storage of bulk grain in any quantity less than twenty thousand bushels, forty-two dollars plus seven dollars for each two thousand bushels or fraction thereof in excess of twelve thousand bushels.

(b) For intended storage of bulk grain in any quantity not less than twenty thousand bushels and not more than fifty thousand bushels, seventy dollars plus four and a half dollars for each three thousand bushels or fraction thereof in excess of twenty thousand bushels.

(c) For intended storage of bulk grain in any quantity not less than fifty thousand bushels and not more than seventy thousand bushels, one hundred fifteen dollars plus four and a half dollars for each four thousand bushels or fraction thereof in excess of fifty thousand bushels.

(d) For intended storage of bulk grain in any quantity not less than seventy thousand bushels, one hundred thirty-seven and a half dollars plus two and three-quarters dollars for each five thou-

sand bushels or fraction thereof in excess of seventy thousand bushels.

b. Payment of the required amount shall be made before the grain dealer's or warehouse operator's license is renewed.

4. Payment of the full annual fee shall be made before a grain dealer's or warehouse operator's license is issued or renewed. If a licensee amends its license during the fiscal year for which an annual fee was paid, and the licensing entity remains the same, the licensee is required to pay a further fee only if the amendment changes the licensee's class from class 2 to class 1.

5. All disbursements from the fund shall be paid by the treasurer of state pursuant to vouchers authorized by the department.

6. The administrative costs of this chapter shall be paid from the fund after approval of the costs by the board.

7. A grain dealer may choose to pass on the cost of a per-bushel fee to the sellers by an itemized discount noted on the settlement sheet. However, if the per-bushel fee is not in effect, no grain dealer shall make such a discount on the purchase of grain. A discount made nominally for the per-bushel fee while the fee is not in effect is grounds for license suspension and revocation under chapter 203.

203D.4 Indemnity fund board.

1. The Iowa grain indemnity fund board is established to advise the department on matters relating to the fund and to perform the duties provided it in this chapter. The board is composed of the secretary of agriculture or a designee who shall serve as president; the commissioner of insurance or a designee who shall serve as secretary; the state treasurer or a designee who shall serve as treasurer; and four representatives of the grain industry appointed by the governor, subject to confirmation by the senate, two of whom shall be representatives of producers and who shall be actively participating producers, and two of whom shall be representatives of grain dealers and warehouse operators and who shall be actively participating grain dealers and warehouse operators, each of whom shall be selected from a list of three nominations made by the secretary of agriculture. The term of membership of the grain industry representatives is three years, and the representatives are eligible for reappointment. However, only actively participating producers, and grain dealers and warehouse operators are eligible for reappointment. The grain industry representatives are entitled to a per diem as specified in section 7E.6 for each day spent in the performance of the

duties of the board, plus actual expenses incurred in the performance of those duties. Four members of the board constitute a quorum, and the affirmative vote of four members is necessary for any action taken by the board, except that a lesser number may adjourn a meeting. A vacancy in the membership of the board does not impair the rights of a quorum to exercise all the rights and perform all the duties of the board.

2. The duties of the board include the review and determination of claims, and the review and approval of administrative costs of the fund. To carry out these duties, the board has the power to adopt rules regarding its organization and procedures for determining claims. Further, the board shall approve rules proposed by the department for the administration of the per-bushel fee prior to their adoption by the department. The board may provide comment and advice to the department in regard to the department's administration of chapters 203 and 203C where the department's policies and rules may affect the exposure of the fund to liability. However, the board shall not become actively involved in a determination by the department as to whether disciplinary action is to be taken against a particular licensee. The board is not a forum for review or appeal in regard to any particular action taken by the department against a licensee.

3. The department through the grain warehouse bureau shall perform the administrative functions necessary for the operation of the board and the fund. Administrative costs approved by the board shall be paid from the fund. The rules of the department shall contain the rules of the board adopted for its organization and its procedures. The department shall adopt rules for the administration of the per-bushel fee upon the board's approval of the rules proposed by the department. The secretary of agriculture, as president of the board as well as head of the department of agriculture and land stewardship, shall administer the department so as to minimize the risk of loss to the fund while protecting interests of depositors and sellers of grain. Policies and rules for the administration of chapters 203 and 203C which, as determined by the secretary of agriculture, may affect the exposure of the fund, shall be presented to the board for comment prior to their adoption by the department. The department shall make reports to the board in regard to licensee investigations which may result in disciplinary action against a licensee and exposure of the fund. The reports may be discussed by the board in closed session pursuant to section 21.5, and are confidential. In making the report, the department shall make available to the board records of licensees which are otherwise confidential under section 22.7, 203.16, or 203C.24. However, a determination to take disciplinary action against a particular licensee shall be made exclusively by the department. A report to the board is not a prerequi-

site to disciplinary action against a licensee. Review of any action against a licensee, whether or not relating to the fund, shall be made exclusively through the department.

203D.5 Adjustments to fee.

1. The board shall review annually the debits of and credits to the grain depositors and sellers indemnity fund created in section 203D.3 and shall make any adjustments in the per-bushel fee required under section 203D.3, subsection 2, and the dealer-warehouse fee required under section 203D.3, subsection 3, that are necessary to maintain the fund within the limits established under this section. Not later than the first day of May of each year, the board shall determine the proposed amount of the per-bushel fee based on the expected volume of grain on which the fee is to be collected and that is likely to be handled under this chapter, and shall also determine any adjustment to the dealer-warehouse fee. The board shall make any changes in the previous year's fees in accordance with chapter 17A. Changes in the fees shall become effective on the following first day of July. The per-bushel fee shall not exceed one-quarter cent per bushel on all purchased grain as defined in section 203D.3. Until the per-bushel fee is adjusted or waived as provided in this section, the per-bushel fee is one-quarter cent on all purchased grain.

2. If, at the end of any three-month period, the assets of the fund exceed six million dollars, less any encumbered balances or pending or unsettled claims, the per-bushel fee required under section 203D.3, subsection 2, and the dealer-warehouse fee required under section 203D.3, subsection 3, shall be waived and the fees are not assessable or owing. The board shall reinstate the fees if the assets of the fund, less any unencumbered balances or pending or unsettled claims, are three million dollars or less.

203D.6 Claims against fund.

1. *Persons who may file claims — time of filing.* A depositor or seller may file a claim with the department for indemnification of a loss from the grain depositors and sellers indemnity fund. A claim shall be filed in the manner prescribed by the board. A claim shall not be filed prior to the incurrence date, which is the earlier of the following:

a. The revocation, termination, or cancellation of the license of the grain dealer or warehouse operator.

b. The filing of a petition in bankruptcy by a grain dealer or warehouse operator.

To be timely, a claim shall be filed within one hundred twenty days of the incurrence date.

2. *Notice.* The department shall cause notice of the opening of the claim period to be published once each week for two consecutive weeks in a newspaper of general circulation in each of the counties in which the licensee maintains a business location and in a newspaper of general circulation within the state. The notice shall state the name and address of the licensee and the claim incurrence date. The notice shall also state that any claims against the fund on account of the licensee shall be sent by ordinary mail to the department within one hundred twenty days after the incurrence date, and that the failure to make a timely claim relieves the fund from liability to the claimant. This notice may be incorporated by the department with a notice required by section 203.12 or 203C.14.

3. *Determination of eligible claims.* The board shall determine a claim to be eligible for payment from the fund if the board finds all of the following:

a. That the claim was timely filed.

b. That the incurrence date was on or after May 15, 1986.

c. That the claimant qualifies as a depositor or seller.

d. That the claim derives from a covered transaction. For purposes of this paragraph, a claim derives from a covered transaction if the claimant is a seller who transferred title to the grain to the grain dealer other than by credit sale contract within six months of the incurrence date, or if the claimant is a depositor who delivered the grain to the warehouse operator.

e. That there is adequate documentation to establish the existence of a claim and to determine the amount of the loss.

4. *Value of loss — warehouse claims.* The board shall determine the dollar value of a claim incurred by a depositor holding a warehouse receipt or a scale weight ticket for grain that the depositor delivered for storage to the licensed warehouse operator. If the department has been appointed by the court as receiver of the grain assets of the warehouse operator, the value shall be presumed to be as stated in the plan of disposition approved by the court. If the warehouse operator has

filed a petition in bankruptcy, the value shall be presumed to be based upon the fair market price, free-on-board from the site of the warehouse operator, being paid to producers for grain by the grain terminal operator nearest the warehouse operator on the date the petition was filed. If there is neither a department receivership nor a bankruptcy filing, the value shall be presumed to be based upon the fair market price, free-on-board from the site of the warehouse operator, being paid to producers for grain by the grain terminal operator nearest the warehouse operator on the date of license revocation or cancellation. If more than one date applies to a claim, the board may choose between the two. However, the board may accept an alternative valuation of a claim upon a showing of just cause by the depositor or department. All depositors filing claims under this section shall be bound by the value determined by the board. The value of the loss is the outstanding balance on the validated claim at time of payment from the fund.

5. *Value of loss — grain dealer claims.* The dollar value of a claim incurred by a seller who has sold grain or delivered grain for sale or exchange and who is a creditor of the licensed grain dealer for all or part of the value of the grain shall be based on the amount stated on the obligation on the date of the sale. If the sold grain was unpriced, the value of a claim shall be presumed to be based upon the fair market price, free-on-board from the site of the grain dealer, being paid to producers for grain by the grain terminal operator nearest the grain dealer on the date of the license revocation or cancellation or the filing of a petition in bankruptcy. If more than one date applies to a claim, the board may choose between the two. However, the board may accept an alternative valuation of a claim upon a showing of just cause by the seller or department. All sellers filing claims under this section shall be bound by the value determined by the board. The value of the loss is the outstanding balance on the validated claim at the time of payment from the fund.

6. *Procedure — appeal.* The board, through the department, shall provide for notice to each depositor and seller upon its determination of eligibility and value of loss. Within twenty days of the notice, the depositor or seller may request a hear-

ing for the review of either determination. The request shall be made in the manner provided by the board. The hearing and any further appeal shall be conducted as a contested case subject to chapter 17A. A depositor or seller whose claim has been refused by the board may appeal the refusal to either the district court of Polk county or the district court of the county in which the depositor or seller resides.

7. *Payment of claims.* Upon a determination that the claim is eligible for payment, the board shall provide for payment of ninety percent of the loss, as determined under subsection 4, but not more than one hundred fifty thousand dollars per claimant. If at any time the board determines that there are insufficient funds to make payment of all claims, the board may order that payment be deferred on specified claims. The department, upon the board's instruction, shall hold those claims for payment until the board determines that the fund again contains sufficient assets.

8. *Subrogation of fund.* In the event of payment of a loss under this section, the fund is subrogated to the extent of the amount of any payments to all rights, powers, privileges, and remedies of the depositor or seller against any person regarding the loss. The depositor or seller shall render all necessary assistance to aid the department and the board in securing the rights granted in this section. No action or claim initiated by a depositor or seller and pending at the time of payment from the fund shall be compromised or settled without the consent of the board.

However, no person shall be required to pay an additional license fee if such person desires to be licensed in one or all of the license classifications provided for by the secretary under the authority of this section.

2. The secretary in promulgating rules under this chapter shall prescribe standards for the certification of applicators of pesticides. In determining these standards the secretary shall take into consideration standards of the United States environmental protection agency and is authorized to adopt by rule these standards.

[C75, 77, 79, 81, §206.4]

206.5 Certification requirements — rules.

1. A commercial or public applicator shall not apply any pesticide and a person shall not apply any restricted use pesticide without first complying with the certification requirements of this chapter and such other restrictions as determined by the secretary.

2. The secretary shall adopt, by rule, requirements for the examination, reexamination, and certification of applicants.

3. *a.* A commercial applicator shall choose between a one-year certification for which the applicator shall pay a thirty dollar fee or a three-year certification for which the applicator shall pay a seventy-five dollar fee. After initial certification the commercial, public, or private applicator must renew the certification by completing the educational program which shall consist of either an examination or continuing instructional courses. The commercial, public, or private applicator must pass the examination each third year following initial certification or may elect to attend two hours of continuing instructional courses each year.

The department shall adopt rules providing for the program requirements which shall at least include the safe handling, application, and storage of pesticides, the correct calibration of equipment used for the application of pesticides, and the effects of pesticides upon the groundwater. The department shall adopt by rule criteria for allowing a person required to be certified to complete either a written or oral examination. The department shall administer the instructional courses, by either teaching the courses or selecting persons to

teach the courses, according to criteria as provided by rules adopted by the department. The department shall, to the extent possible, select persons to teach the courses in each county. The department is not required to compensate persons selected to teach the courses. In selecting persons, the department shall rely upon organizations interested in the application of pesticides, including associations representing pesticide applicators and associations representing agricultural producers. The Iowa cooperative extension service in agriculture and home economics of Iowa state university of science and technology shall cooperate with the department in administering the instructional courses. The Iowa cooperative extension service may teach courses, train persons selected to teach courses, or distribute informational materials to persons teaching the courses.

5. A person employed by a farmer not solely as a pesticide applicator who applies restricted use pesticides as an incidental part of the person’s general duties or a person who applies restricted use pesticides as an incidental part of a custom farming operation is required to meet the certification requirements of a private applicator.

6. An employee of a food processing and distribution establishment is exempt from the certification requirements of this section provided that at least one person holding a supervisory position is certified and provided that the employer provides a program, approved by the department, for training, testing, and certification of personnel who apply, as an incidental part of their duties, any pesticide on property owned or rented by the employer. The secretary shall adopt rules to administer the provisions of this paragraph.

7. The secretary may adopt rules to provide for license and certification adjustments, including fees, which may be necessary to provide for an equitable transition for licenses and certifications issued prior to January 1, 1989. The rules shall also include a provision for renewal of certification and for a thirty-day renewal grace period. The secre-

tary shall also adopt rules which allow for an exemption from certification for a person who uses certain services and is not solely a pesticide applicator, but who uses the services as an incidental part of the person's duties.

1. *Commercial applicator.* No person shall engage in the business of applying pesticides to the lands or property of another at any time without being licensed by the secretary. The secretary shall require an annual license fee of not more than twenty-five dollars for each license. Application for a license shall be made in writing to the department on a designated form obtained from the department. Each application for a license shall contain information regarding the applicant's qualifications and proposed operations, license classification or classifications for which the applicant is applying.

A person who applies pesticides by use of an aircraft and who is licensed as an aerial commercial applicator in another state shall apply pesticides in Iowa only under the direct supervision of a person holding a valid Iowa aerial commercial applicator's license. The supervising aerial commercial applicator is jointly liable with the person who is licensed as an aerial commercial applicator in another state for damages. The supervising applicator shall immediately notify the secretary of the commencement and of the termination of service provided by the supervised applicator. However, a person licensed in another state as an aerial commercial applicator may operate independently if the person acquires an aerial commercial applicator license from the secretary, posts bond in an amount to be determined by the secretary, and registers with the department of transportation. The person is liable for damages.

2. *Nonresident applicator.* Any nonresident applying for a license under this chapter to operate in the state shall file a written power of attorney designating the secretary of state as the agent of such nonresident upon whom service of process may be had in the event of any suit against said nonresident person, and such power of attorney shall be so prepared and in such form as to render effective the jurisdiction of the courts of this state over such nonresident applicants. A nonresident who has a duly appointed resident agent upon whom process may be served as provided by law shall not be required to designate the secretary of state as such agent. The secretary of state shall be allowed such fees as provided by law for designating resident agents. The secretary shall be furnished with a copy of such designation of the secre-

tary of state or of a resident agent, such copy to be certified by the secretary of state.

3. *Examination for commercial applicator license.* The secretary of agriculture shall not issue a commercial applicator license until the individual engaged in or managing the pesticide application business and employed by the business to apply pesticides is certified by passing an examination to demonstrate to the secretary the individual's knowledge of how to apply pesticides under the classifications the individual has applied for, and the individual's knowledge of the nature and effect of pesticides the individual may apply under such classifications. The applicant successfully completing the certification requirement shall be a licensed commercial applicator.

4. *Renewal of applicant's license.* The secretary of agriculture shall renew any applicant's license under the classifications for which such applicant is licensed, provided that all of the applicant's personnel who apply pesticides are certified commercial applicators.

5. *Issue commercial applicator license.* If the secretary finds the applicant qualified to apply pesticides in the classifications for which the applicant has applied and if the applicant files the bonds or insurance required under section 206.13, and if the applicant applying for a license to engage in aerial application of pesticides has met all of the requirements of the federal aviation administration, the department of transportation, and any other applicable federal or state laws or regulations to operate the equipment described in the application, the secretary shall issue a commercial applicator license limited to the classifications for which the applicant is qualified, which shall expire at the end of the calendar year of issue unless it has been revoked or suspended prior thereto by the secretary for cause. The secretary may limit the license of the applicant to the use of certain pesticides, or to certain areas, or to certain types of equipment if the applicant is only so qualified. If a license is not issued as applied for, the secretary shall inform the applicant in writing of the reasons.

6. *Public applicator.*

a. All state agencies, counties, municipal corporations, and any other governmental agency shall be subject to the provisions of this chapter and rules adopted thereunder concerning the application of pesticides.

b. Public applicators for agencies listed in this subsection shall be subject to certification requirements as provided for in this section. The public applicator license shall be valid only when such applicator is acting as an applicator applying pesticides used by such entities. Government research personnel shall be exempt from this licensing requirement when applying pesticides only to experimental plots. Public agencies or municipal corporations licensed pursuant to this section shall be licensed public applicators.

c. Such agencies and municipal corporations shall be subject to legal recourse by any person damaged by such application of any pesticide, and such action may be brought in the county where the damage or some part thereof occurred.

2. *Certification standards.* Certification standards shall be adopted by the secretary to determine the individual's competence with respect to the application and handling of the restricted use pesticides. In determining these standards, the secretary shall take into consideration the standards of the United States environmental protection agency.

3. *Reasons for not qualifying.* If the secretary does not qualify the applicator under this section the secretary shall inform the applicant in writing of the reasons therefor.

A delinquent fee does not apply if the applicant furnishes an affidavit certifying that the applicant has not applied pesticides after the expiration of the applicant's license. 206.12 Registration.

1. Every pesticide which is distributed, sold, or offered for sale for use within this state or delivered for transportation or transported in intrastate commerce between points within the state through any point outside this state shall be registered with the department of agriculture and land stewardship. All registration of products shall expire on the thirty-first day of December following date of issuance, unless such registration shall be renewed annually, in which event expiration date shall be extended for each year of renewal registration, or until otherwise terminated; provided that:

a. For the purpose of this chapter, fertilizers in mixed fertilizer-pesticide formulations shall be considered as inert ingredients.

b. Within the discretion of the secretary, or the secretary's authorized representative, a change in the labeling or formulae of a pesticide may be made within the current period of registration, without requiring a reregistration of the product, provided the name of the item is not changed.

2. The registrant shall file with the department a statement containing:

a. The name and address of the registrant and the name and address of the person whose name will appear on the label, if other than the registrant.

b. The name of the pesticide.

c. An ingredient statement in which the accepted common name and percentage by weight of each active ingredient is listed as well as the percentage of inert ingredients in the pesticides. A separate inert ingredient statement containing the common name of each inert ingredient listed in rank order according to weight of each inert ingredient in the pesticide shall also be submitted to the secretary. Except as required by subsection 4, the registrant is not required to state the percentage composition or specific weight of any inert ingredient within a pesticide. The information required by this paragraph shall be submitted in a manner and according to procedures specified by the secretary.

Upon written request by the director of the department of natural resources, the secretary shall provide a copy of the ingredient statement and inert ingredient statement to the department. Upon written request by the director of the center for health effects of environmental contamination, the secretary shall provide a copy of the ingredient statement and inert ingredient statement to the center.

From on and after July 1, 1990, to December 31, 1991, the identity of an inert ingredient in a specific pesticide shall be treated as a confidential trade secret which is not subject to release under chapter 22.

On and after January 1, 1992, the identity of an inert ingredient in a specific pesticide shall be treated as a confidential trade secret if the following two conditions are met: the registrant states, at the time of registration, that the inert ingredient is a confidential trade secret; and the registrant certifies one of the following:

(1) The registrant has provided to any data base system used by a poison control center operating in this state the information required by an attending physician to treat a patient for exposure or adverse reaction to the registrant's product, including the identification of all ingredients which are toxic to humans.

(2) The registrant operates an emergency information system as provided in section 139A.21 that is available to poison control centers twenty-four hours a day every day of the year. The emergency information system must provide information to medical professionals required for the sole purpose of treating a specific patient for exposure or adverse reaction to the registrant's product, including the identification of all ingredients which are toxic to humans, and toxicological and medical management information.

Poison control centers may share the information provided by the registrant with an attending physician for the purpose of treating a specific patient exposed to the registrant's product. The secretary, the director of the department of natural resources, and the director of the center for health effects of environmental contamination shall treat the presence of any inert ingredient in a particular

pesticide that meets the two conditions as a confidential trade secret which is not subject to release under chapter 22. This section does not prohibit research or monitoring of any aspect of any inert ingredient. This section does not prohibit the public disclosure of research, monitoring, published or summary data relative to any inert ingredient so long as such disclosure does not link an inert ingredient to a particular brand of pesticide registered in this state.

This section shall not be construed to prohibit the release of information independently obtained from a source other than registrations filed under this chapter which links an inert ingredient to a pesticide registered in this state.

d. A complete copy of the labeling accompanying the pesticide and a statement of all claims made and to be made for it including directions for use.

e. A full description of the tests made and results thereof upon which the claims are based, if requested by the secretary. In the case of renewal or reregistration, a statement may be required only with respect to information which is different from that furnished when the pesticide was registered or last reregistered.

3. The registrant, before selling or offering for sale any pesticide for use in this state, shall register each brand and grade of such pesticide with the secretary upon forms furnished by the secretary, and the secretary shall set the registration fee annually at one-fifth of one percent of gross sales within this state with a minimum fee of two hundred fifty dollars and a maximum fee of three thousand dollars for each and every brand and grade to be offered for sale in this state except as otherwise provided. The annual registration fee for products with gross annual sales in this state of less than one million five hundred thousand dollars shall be the greater of two hundred fifty dollars or one-fifth of one percent of the gross annual sales as established by affidavit of the registrant. The secretary shall adopt by rule exemptions to the minimum fee. Fifty dollars of each fee collected shall be deposited in the general fund of the state, shall be subject to the requirements of section 8.60, and shall be used only for the purpose of enforcing the provisions of this chapter and the remainder of each fee collected shall be placed in the agriculture management account of the ground-water protection fund.

4. The secretary, whenever the secretary deems it necessary in the administration of this chapter, may require the submission of the complete formula of any pesticide. If it appears to the secretary that the composition of the article is such as to warrant the proposed claims for it and if the article and its labeling and other material required to be submitted comply with the requirements of this chapter, the secretary shall register the article.

5. If it does not appear to the secretary that the article is such as to warrant the proposed claims for it or if the article and its labeling and other material required to be submitted do not comply with the provisions of this chapter, the secretary shall notify the registrant of the manner in which the article, labeling, or other material required to be submitted fail to comply with this chapter so as to afford the registrant an opportunity to make the necessary corrections.

6. Notwithstanding any other provisions of this chapter, registration is not required in the case of a pesticide shipped from one plant within this state to another plant within this state operated by the same person.

7. *a.* Each licensee under section 206.8 shall file an annual report at the time of application for licensure with the secretary of agriculture in a form specified by the secretary of agriculture and which includes the following information:

(1) The gross retail sales of all pesticides sold at retail for use in this state by a licensee with one hundred thousand dollars or more in gross retail sales of the pesticides sold for use in this state.

(2) The individual label name and dollar amount of each pesticide sold at retail for which gross retail sales of the individual pesticide are three thousand dollars or more.

b. A person who is subject to the household hazardous materials permit requirements, and whose gross annual retail sales of pesticides are less than ten thousand dollars for each business location owned or operated by the person, shall report annually, the individual label name of an individual pesticide for which annual gross retail sales are three thousand dollars or more. The information shall be submitted on a form provided to household hazardous materials permittees by the department of natural resources, and the department of natural resources shall remit the forms to the department of agriculture and land stewardship.

c. Notwithstanding the reporting requirements of this section, the secretary of agriculture may, upon recommendation of the advisory committee created pursuant to section 206.23, and if the committee declares a pesticide to be a pesticide of special concern, require the reporting of annual gross retail sales of a pesticide.

d. A person who sells feed which contains a pesticide as an integral part of the feed mixture, shall not be subject to the reporting requirements of this section. However, a person who manufactures feed which contains a pesticide as an integral part of the feed mixture shall be subject to the licensing requirements of section 206.8.

e. The information collected and included in the report required under this section shall remain confidential. Public reporting concerning the information collected shall be performed in a

manner which does not identify a specific brand name in the report.

Subsection 2, paragraph c, subparagraph (2) amended

206.13 Surety bond or insurance required of commercial applicator.

The secretary shall not issue a commercial applicator's license as required in section 206.6 until the applicant has furnished evidence of financial responsibility with the secretary consisting either of a surety bond or a liability insurance policy or certification thereof. Such surety bond or liability insurance policy shall provide coverage to pay on behalf of the insured all sums which the insured shall become legally obligated to pay as damages as a result of the pesticide operations of the applicant. However, the surety bond or liability insurance policy will not apply to damages or injury which are either expected or intended from the standpoint of the insured. Any such liability insurance policy shall be subject to the insurer's policy provisions filed with and approved by the commissioner of insurance. The surety bond or liability insurance policy submitted as evidence of financial responsibility need not apply to damages or injury to agricultural crops, plants, or land being worked upon by the applicant.

The amount of the surety bond or liability insurance as provided for in this section shall be not less than fifty thousand dollars for property damage and public liability insurance, each separately. Such surety bond or liability insurance shall be maintained at not less than that sum at all times during the licensed period. The secretary shall be notified ten days prior to any reduction at the request of the applicant or cancellation of such surety bond or liability insurance by the surety or insurer. The total and aggregate of the surety and insurer for all claims shall be limited to the face of the bond or liability insurance policy.

[C75, 77, 79, 81, §206.13]

206.14 Reports of pesticide accidents, incidents or loss.

1. The secretary may by rule require the reporting of significant pesticide accidents or incidents to a designated state agency.

2. Any person claiming damages from a pesticide application shall have filed with the secretary on a form prescribed by the secretary a written statement claiming that the person has been damaged.

a. This report shall have been filed within sixty days after the alleged date that damages oc-

curred. If a growing crop is alleged to have been damaged, the report must be filed prior to the time that twenty-five percent of the crop has been harvested. Such statement shall contain, but shall not be limited to the name of the person allegedly responsible for the application of said pesticide, the name of the owner or lessee of the land on which the crop is grown and for which damage is alleged to have occurred, and the date on which the alleged damage occurred.

b. The secretary shall prepare a form to be furnished to persons to be used in such cases and such form shall contain such other requirements as the secretary may deem proper. The secretary shall, upon receipt of such statement, notify the licensee and the owner or lessee of the land or other person who may be charged with the responsibility of the damages claimed, and furnish copies of such statements as may be requested. The secretary shall inspect damages whenever possible and when the secretary determines that the complaint has sufficient merit the secretary shall make such information available to the person claiming damage and to the person who is alleged to have caused the damage.

3. The filing of such a report or failure to give notice shall not preclude recovery in an action for damages and shall not affect the limitations of actions set forth in chapter 614. Nothing herein shall prohibit an action for damages for bodily injury or death to any person.

a. The filing of such report or the failure to file such a report shall not be a violation of this chapter. However, if the person failing to file such report is the only one injured from such use or application of a pesticide by others, the secretary may, when in the public interest, refuse to hold a hearing for the denial, suspension or revocation of a license or permit issued under this chapter until such report is filed.

b. Where damage is alleged to have occurred, the claimant shall permit the secretary, the licensee and the licensee's representatives, such as surety or insurer, to observe within reasonable hours the lands or nontarget organism alleged to have been damaged in order that such damage may be examined. Failure of the claimant to permit such observation and examination of the damaged lands shall automatically bar the claim against the licensee.

4. The secretary shall require, by rule, that veterinarians licensed and practicing veterinary medicine in the state promptly report to the department a case of domestic livestock poisoning or suspected poisoning by agricultural chemicals.

206.15 Licensee to keep records.

The secretary shall require commercial applicators and certified commercial applicators to main-

tain records with respect to application of pesticides. Such relevant information as the secretary may deem necessary may be specified by regulation. Such records shall be kept for a period of three years from the date of the application of the pesticide to which such records refer, and the secretary shall, upon request in writing, be furnished with a copy of such records forthwith.

[C75, 77, 79, 81, §206.15]

206.16 Confiscation.

1. Any pesticide or device that is distributed, sold, or offered for sale within this state or delivered for transportation or transported in intrastate commerce or between points within this state through any point outside this state shall be liable to be proceeded against in any district court in any county of the state where it may be found and seized for confiscation by condemnation.

a. In the case of a pesticide:

- (1) If it is adulterated or misbranded.
- (2) If it has not been registered under the provisions of section 206.12.
- (3) If it fails to bear on its label the information required by this chapter.
- (4) If it is a white powder pesticide and is not colored as required under this chapter.

b. In the case of a device, if it is misbranded.

2. If the article is condemned, it shall, after entry of decree, be disposed of by destruction or sale as the court may direct and the proceeds if such article is sold, less legal costs, shall be paid to the state treasurer; provided, that the article shall not be sold contrary to the provisions of this chapter; and, provided further, that upon payment of costs and execution and delivery of a good and sufficient bond conditioned that the article shall not be disposed of unlawfully, the court may direct that said article be delivered to the owner thereof for relabeling or reprocessing as the case may be.

3. When a decree of condemnation is entered against the article, court costs and fees and storage and other proper expenses shall be awarded against the person, if any, intervening as claimant of the article.

4. When the secretary has reasonable cause to believe a pesticide or device is being distributed, stored, transported, or used in violation of any of the provisions of this chapter, or of any of the prescribed rules under this chapter, the secretary may issue and serve a written "stop sale, use, or removal" order upon the owner or custodian of any such pesticide or device. If the owner or custodian is not available for service of the order, the secretary may attach the order to the pesticide or device and notify the registrant. The pesticide or device shall not be sold, used, or removed until the provisions of this chapter have been complied with and the pesticide or device has been released in writing under conditions specified by the secretary or the violation has been otherwise disposed of as pro-

vided in this chapter by a court of competent jurisdiction.

206.18 Exception to penalties.

1. The penalties provided for violations of section 206.11, subsection 1, shall not apply to:

a. Any carrier while lawfully engaged in transporting a pesticide within this state, if such carrier shall, upon request, permit the secretary or the secretary's designated agent to copy all records showing the transactions in and movement of the articles.

b. Public officials of this state and the federal government engaged in the performance of their official duties.

c. The manufacturer or shipper of a pesticide for experimental use only:

(1) By or under the supervision of an agency of this state or of the federal government authorized by law to conduct research in the field of pesticides.

(2) By others if the pesticide is not sold and if the container thereof is plainly and conspicuously marked "for experimental use only — not to be sold", together with the manufacturer's name and address; provided, however, that if a written permit has been obtained from the secretary, pesticides may be sold for experimental purposes subject to such restrictions and conditions as may be set forth in the permit.

2. No article shall be deemed in violation of this chapter when intended solely for export to a foreign country, and when prepared or packed according to the specifications or directions of the purchaser. If not so exported, all the provisions of this chapter shall apply.

3. The provisions of section 206.6 relating to licenses and requirements for their issuance shall not apply to any farmer applying pesticides for the farmer or with ground equipment or manually for the farmer's neighbors; provided, that:

a. The farmer operates farm property and operates and maintains pesticide application equipment primarily for the farmer's own use;

b. The farmer is not regularly engaged in the business of applying pesticides for hire amounting to a principal or regular occupation and that the farmer shall not publicly claim to be a pesticide applicator;

c. The farmer operates the pesticide application equipment only in the vicinity of the farmer's

own property and for the accommodation of the farmer's neighbors.

4. The licensing requirements of section 206.6 shall not apply to persons using hand-powered or self-propelled equipment not exceeding seven and one-half horsepower as determined by rules promulgated by the department to apply pesticides to lawns, or to ornamental shrubs and trees not in excess of twelve feet high, as an incidental part of taking care of household lawns and yards provided, that such persons shall not publicly hold themselves out as being in the business of applying pesticides, and that such persons do not apply restricted use pesticides or state restricted use pesticides, restricted to use only by certified applicators.

5. The provisions of section 206.6 relating to licenses and requirements for their issuance shall not apply to a doctor of veterinary medicine applying pesticides to animals during the normal course of veterinary practice; provided that the veterinarian is not regularly engaged in the business of applying pesticides for hire amounting to a principal or regular occupation or does not publicly claim to be a pesticide applicator; and that the veterinarian does not apply restricted use pesticides, or state restricted use pesticides, restricted to use by certified applicators only.

1. Declare as a pest any form of plant or animal life or virus which is unduly injurious to plants, humans, domestic animals, articles, or substances.

2. Determine the proper use of pesticides including but not limited to their formulations, times and methods of application, and other conditions of use.

3. Determine in cooperation with municipalities, the proper notice to be given by a commercial or public applicator to occupants of adjoining properties in urban areas prior to or after the exterior application of pesticides, and establish a schedule to determine the periods of application least harmful to living beings. The rules shall provide that a commercial or public applicator must provide notice only if an occupant requests that the commercial or public applicator provide the occupant notice in a timely manner prior to the application. The request shall include the name and address of the occupant, a telephone number of a location where the occupant may be contacted during normal business hours and evening hours, and the address of each property that adjoins the occupant's property. The notification shall expire on December 31 of each year, or the date when the occupant no longer occupies the property, whichever is earlier. Municipalities shall cooperate with the depart-

- c. The actual or potential cost of the injury or damage caused by the violation to the public health or safety, or to the environment.
- d. The actual or potential cost incurred by the department in enforcing this chapter and rules adopted pursuant to this chapter against the violator.
- e. The remedial action required of the violator.
- f. The violator's previous history of complying with orders or decisions of the department.

The amount of the civil penalty shall not exceed five hundred dollars for each offense.

206.23A Commercial pesticide applicator peer review panel.

1. The department shall establish a commercial pesticide applicator peer review panel to assist the department in assessing or collecting a civil penalty pursuant to section 206.19. The secretary shall appoint the following members:

a. A person actively engaged in the business of applying pesticides by use of an aircraft and who is licensed as an aerial commercial applicator in this state pursuant to section 206.6.

b. A person actively engaged in the business of applying pesticides in urban areas on lawns and gardens, and who is licensed as a commercial applicator pursuant to section 206.6.

c. A person actively engaged in the business of applying pesticides within structures used for residential or commercial purposes, and who is licensed as a commercial applicator pursuant to section 206.6.

d. A person actively engaged in the business of applying pesticides on agricultural land used for farming and who is licensed as a commercial applicator pursuant to section 206.6.

e. A person certified as a public applicator pursuant to section 206.5.

2. *a.* The members appointed pursuant to this section shall serve four-year terms beginning and ending as provided in section 69.19. However, the secretary shall appoint initial members to serve for less than four years to ensure that members serve staggered terms. A member is eligible for reappointment. A vacancy on the panel shall be filled for the unexpired portion of the regular term in the same manner as regular appointments are made.

b. The panel shall elect a chairperson who shall serve for a term of one year. The panel shall meet on a regular basis and at the call of the chairperson or upon the written request to the chairperson of two or more members. Three voting members constitute a quorum and the affirmative vote of a majority of the members present is necessary

for any substantive action to be taken by the panel. The majority shall not include any member who has a conflict of interest and a statement by a member that the member has a conflict of interest is conclusive for this purpose. A vacancy in the membership does not impair the duties of the panel.

c. Notwithstanding section 7E.6, the members shall only receive reimbursement for actual expenses for performance of their official duties, as provided by the department.

d. The panel shall be staffed by the department.

3. The panel shall make recommendations to the department regarding the establishment of civil penalties and procedures to assess and collect penalties, as provided in section 206.19. The panel may propose a schedule of penalties for minor and serious violations. The department may adopt rules based on the recommendations of the panel as approved by the secretary.

4. The panel shall review cases of persons required to be licensed as commercial applicators who are subject to civil penalties as provided in section 206.19 according to rules adopted by the department. A review shall be performed upon request by the secretary or the person subject to the civil penalty. The panel may establish procedures for the review and establish a system of prioritizing cases for review, consistent with rules adopted by the department. The rules may exclude review of minor violations. The review may also include the manner of assessing and collecting the civil penalty. The findings and recommendations of the panel shall be included in a response delivered to the department and the person subject to the penalty. The response may include a recommendation that a proposed civil penalty be modified or suspended, that an alternative method of collection be instituted, or that conditions be placed upon the license of a commercial applicator.

5. The department shall adopt rules establishing a period for the review and response by the panel which must be completed prior to a contested case hearing under chapter 17A. A hearing shall not be delayed after the required period for review and response, except as provided in chapter 17A.

6. This section does not apply to a license revocation proceeding. This section does not require the department to delay the prosecution of a case if immediate action is necessary to reduce the risk of harm to the environment or public health or safety. This section also does not require a review or response if the department refers a violation of this chapter for criminal prosecution, or for an action involving a stop order issued pursuant to section 206.16. The department shall consider any available response by the panel, but is not required to change findings of an investigation, a penalty sought to be assessed, or a manner of collection.

7. An available response by the panel may be used as evidence in an administrative hearing, or a civil or criminal case, except to the extent that information is considered confidential pursuant to section 22.7.

206.24 Agricultural initiative.

A program of education and demonstration in the area of the agricultural use of fertilizers and pesticides shall be initiated by the secretary of agriculture on July 1, 1987. The secretary shall coordinate the activities of the state regarding this program.

Education and demonstration programs shall promote the widespread adoption of management practices which protect groundwater. The programs may include but are not limited to programs targeted toward the individual farm owner or operator, high school and college students, and groundwater users, in the areas of best management practices, current research findings, and health impacts. Emphasis shall be given to programs which enable these persons to demonstrate best management practices to their peers.

206.25 Pesticide containers disposal.

The department of agriculture and land stewardship, in cooperation with the environmental protection division of the department of natural resources, shall develop a program for handling used pesticide containers which reflects the state solid waste management policy hierarchy, and shall present the program developed to the general assembly by February 1, 1988.

87 Acts, ch 225, §227

206.26 through 206.30 Reserved.

206.31 Application of pesticides for structural pest control.

1. *Definitions.* Notwithstanding section 206.2, as used in this chapter with regard to the application of pesticides used for structural pest control:

a. “*Commercial applicator*” means a person, or employee of a person, who enters into a contract or an agreement for the sake of monetary payment and agrees to perform a service by applying a pesticide or servicing a device but shall not include a farmer trading work with another.

b. “*Public applicator*” means an individual who applies pesticides as an employee of a state agency, county, municipal corporation, or other governmental agency.

c. “*Structural pest control*” means controlling any pests in, on, or around food handling establishments; human dwellings; institutions such as schools and hospitals; industrial establishments,

including warehouses and grain elevators; and any other structures in adjacent areas.

The secretary shall require applicants for certification as commercial or public applicators of pesticides applied for structural pest control to take and pass a written test.

3. *Examination for commercial applicator license.* The secretary of agriculture shall not issue a commercial applicator license for applying pesticides for structural pest control until the individual engaged in or managing the pesticide application business or employed by the business is certified by passing an examination to demonstrate to the secretary the individual’s knowledge of how to apply pesticides under the classifications the individual has applied for, and the individual’s knowledge of the nature and effect of pesticides the individual may apply under such classifications.

4. *Renewal of applicant’s license.* The secretary of agriculture shall renew an applicant’s license for applying pesticides for structural pest control under the classifications for which the applicant is licensed, provided that all of the applicant’s personnel who apply pesticides for structural pest control have also been certified.

5. *Rules and fee.* The secretary shall adopt by rule, pursuant to chapter 17A, requirements for the examination and certification of the applicants and set a fee of not more than five dollars for certification.

206.34 Local legislation — prohibition.

1. As used in this section:

a. "Local governmental entity" means any political subdivision, or any state authority which is not the general assembly or under the direction of a principal central department as enumerated in section 7E.5, including a city as defined in section 362.2, a county as provided in chapter 331, or any special purpose district.

b. "Local legislation" means any ordinance, motion, resolution, amendment, regulation, or rule adopted by a local governmental entity.

2. The provisions of this chapter and rules adopted by the department pursuant to this chapter shall preempt local legislation adopted by a local governmental entity relating to the use, sale,

distribution, storage, transportation, disposal, formulation, labeling, registration, or manufacture of a pesticide. A local governmental entity shall not adopt or continue in effect local legislation relating to the use, sale, distribution, storage, transportation, disposal, formulation, labeling, registration, or manufacture of a pesticide, regardless of whether a statute or rule adopted by the department applies to preempt the local legislation. Local legislation in violation of this section is void and unenforceable.

3. This section does not apply to local legislation of general applicability to commercial activity.

207.1 Policy.

1. It is the policy of this state to provide for the rehabilitation and conservation of land affected by coal mining and preserve natural resources, protect and perpetuate the taxable value of property, and protect and promote the health, safety and general welfare of the people of this state.

2. The general assembly finds and declares that because the federal Surface Mining Control

and Reclamation Act of 1977, Pub. L. 95-87, provides for a permit system to regulate the mining of coal and reclamation of the mining sites and provides that permits may be issued by states which are authorized to implement the provisions of that Act, it is in the interest of the people of Iowa to enact the provisions of this chapter in order to authorize the state to implement the provisions of the federal Surface Mining Control and Reclamation

Act of 1977 and federal regulations and guidelines issued pursuant to that Act.

207.2 Definitions.

As used in this chapter, unless context otherwise requires:

1. “*Administrator*” means the division administrator of the division of soil conservation or a designee.
2. “*Committee*” means the state soil conservation committee.
3. “*Division*” means the division of soil conservation within the department of agriculture and land stewardship.
4. “*Fund*” means the abandoned mine reclamation fund established pursuant to this chapter.
5. “*Imminent danger to the health and safety of the public*” means the existence of a condition or practice, or a violation of a permit or other requirement of this chapter in a coal mining and reclamation operation, which could reasonably be expected to cause substantial physical harm to persons outside the permit area before it can be abated. A reasonable expectation of death or serious injury before abatement exists if a rational person, subjected to the same conditions or practices giving rise to the peril, would not expose the person’s self to the danger during the time necessary for abatement.
6. “*Mine*” means an underground mine operation or surface mine operation developed and operated for the purpose of extracting coal.
7. “*Operator*” means a person engaged in coal mining who removes or intends to remove more than fifty tons of coal from the earth by coal mining within twelve consecutive calendar months in one location.
8. “*Permit*” means a permit to conduct surface coal mining and reclamation operations issued by the division.
9. “*Permit area*” means the area of land indicated on the approved map submitted with the operator’s application.
10. “*Prime farmland*” has the same meaning as prescribed by the United States secretary of agriculture and published in the federal register on January 31, 1978.
11. “*Secretary*” means the United States secretary of the interior or a designee.
12. “*State program*” means the procedures for regulating coal mining and reclamation operations established by this chapter.
13. “*Surface coal mining and reclamation operations*” means surface coal mining operations and all activities necessary and incident to the reclamation of such operations after the effective date of this chapter.
14. “*Surface coal mining operations*” means both:

a. Activities conducted on the surface of lands in connection with a surface coal mine or surface operations and surface impacts incident to an underground coal mine subject to the requirements of this chapter. However, these activities do not include the extraction of coal incidental to the extraction of other minerals if coal does not exceed sixteen and two-thirds percent of the tonnage of minerals removed for purposes of commercial use or sale or include coal explorations subject to this chapter.

b. The areas upon which such activities occur or where such activities disturb the natural land surface.

15. “*Unwarranted failure to comply*” means the failure of an operator to prevent the occurrence of or abate a violation of a permit or a requirement of this chapter due to indifference, lack of diligence, or lack of reasonable care.

207.3 Mining license.

1. A person shall not engage in a surface coal mining operation without first obtaining a license from the division. Licenses shall be issued upon application submitted on a form provided by the division and accompanied by a fee of fifty dollars. An applicant shall furnish on the form information necessary to identify the applicant. Licenses expire on December 31 following the date of issuance and shall be renewed by the division upon application submitted within thirty days prior to the expiration date and accompanied by a fee of ten dollars.

2. The division may, after notification to the committee, commence proceedings to suspend, revoke, or refuse to renew a license of a licensee for repeated or willful violation of any of the provisions of this chapter or of the federal Coal Mine Health and Safety Act of 1969.

3. The hearing shall be held pursuant to chapter 17A not less than fifteen nor more than thirty days after the mailing or service of the notice. If the licensee is found to have willfully or repeatedly violated any of the provisions of this chapter or of the federal Coal Mine Health and Safety Act of 1969, the committee may affirm or modify the proposed suspension, revocation, or refusal to renew the license.

4. Suspension or revocation of a license shall become effective thirty days after the mailing or service of the decision to the licensee. If the committee finds the license should not be renewed, the renewal fee shall be refunded and the license shall expire on the expiration date or thirty days after mailing or service of the decision to the licensee, whichever is later.

207.4 Mine site permit.

1. Prior to beginning mining or removal of overburden at mining site, an operator shall obtain a permit from the division for the site. Application for a permit shall be made upon a form provided by the division. The permit fee shall be established by the division in an amount not to exceed the cost of administering the permit provisions of this chapter.

The application shall include, but not be limited to:

a. A legal description of the land where the site is located and the estimated number of acres affected.

b. A statement explaining the authority of the applicant's legal right to operate a mine on the land.

c. A reclamation plan meeting the requirements of this chapter.

d. A determination by an appropriate state or federal agency of the probable hydrologic consequences of the mining and reclamation operations, both on and off the mine site, with respect to the hydrologic regime, quantity, and quality of water in surface and ground water systems including the dissolved and suspended solids under seasonal flow conditions and the collection of sufficient data for the mine site and surrounding areas so that an assessment can be made by the division of the probable cumulative impacts of all anticipated mining in the area upon the hydrology of the area and particularly upon water availability. If the division finds that the probable total annual production at all locations of a coal mining operator will not exceed one hundred thousand tons, the determination of probable hydrologic consequences and a statement of the result of test borings on core samplings which the division may require shall upon the written request of the operator be performed by a qualified public or private laboratory designated by the division and the cost of the preparation of the determination and statement shall be assumed by the division.

2. All permits issued pursuant to the requirements of this chapter shall be issued for a term not to exceed five years. If the applicant demonstrates that a specified longer term is reasonably needed to allow the applicant to obtain necessary financing for equipment and the opening of the operation and if the application is full and complete for the longer term, the division may grant a permit for the longer term. A successor in interest to a permittee who applies for a new permit within thirty days of succeeding to the interest and is able to continue the bond coverage may continue coal mining and reclamation operations according to the approved mining and reclamation plan of the original permittee until the successor's application is granted or denied.

3. A permit terminates if the permittee has not commenced the coal mining operations covered by

the permit within three years of its issuance. However, the division may grant reasonable extensions of time upon a showing that the extensions are necessary because of litigation precluding the commencement or threatening substantial economic loss to the permittee or because of conditions beyond the control and without the fault or negligence of the permittee. If a coal lease is issued under the federal Mineral Leasing Act, as amended, extensions of time may not extend beyond the period allowed for diligent development in accordance with section 7 of that Act. If coal is to be mined for use in a synthetic fuel facility or specific major electric generating facility, the permittee is deemed to have commenced mining operations when the construction of the synthetic fuel or generating facility is initiated.

4. A valid permit carries the right of successive renewal upon expiration within the boundaries of the existing permit. On application for renewal the burden shall be on the opponents of approval. Upon application the renewal shall be issued unless the division establishes any of the following:

a. The terms and conditions of the existing permit are not being satisfactorily met.

b. The present coal mining and reclamation operation is not in compliance with the environmental protection standards of this chapter.

c. The renewal requested substantially jeopardizes the operator's continuing responsibility on existing permit areas.

d. The operator has not shown that the performance bond for the operation and any additional bond the division may require will continue in full force and effect for the renewal requested.

e. Additional revised or updated information required by the division has not been provided.

5. A permit renewal shall be for a term not to exceed the period of the original permit.

Application for renewal shall be made at least one hundred twenty days prior to the expiration of the permit. Prior to the approval of a renewal of permit the division shall provide notice to the appropriate public authorities.

207.5 Public notice and hearing.

1. An applicant for a coal mining and reclamation permit or its renewal shall file a copy of the application for public inspection with the county recorder of each county where the mining is proposed to occur.

2. An applicant for a coal mining and reclamation permit or its renewal shall submit to the division a copy of the applicant's advertisement of the ownership, precise location, and boundaries of the land to be affected. At the time of submission the advertisement shall be placed by the applicant in

a local newspaper of general circulation in the locality of the proposed mine weekly for four consecutive weeks. The division shall notify various local governmental bodies, planning agencies, sewage and water treatment authorities, and water companies where the proposed mining will take place, informing them of the operator's intention to mine a particularly described tract of land, indicating the application number and where a copy of the proposed mining and reclamation plan may be inspected. They may submit written comments within a reasonable period established by the division on the effect of the proposed operation on the environment within their area of responsibility. The comments shall immediately be transmitted to the applicant and shall be made available to the public at the same locations as the mining permit application.

3. A person having an interest which is or may be adversely affected or a federal, state, or local governmental agency may file written objections to the proposed initial or revised application for a permit for coal mining and reclamation operation with the division within sixty days after the last publication of the advertisement. The objections shall immediately be transmitted to the applicant and shall be made available to the public. If objections are filed and an informal conference requested within a reasonable time, the division shall hold an informal conference in the locality of the proposed mining operations and shall publish the date, time and location in a newspaper of general circulation in the locality at least two weeks prior to the scheduled conference date. Upon request by an interested party, the division may arrange with the applicant access to the proposed mining area for the purpose of gathering information relevant to the proceeding. An electronic or stenographic record shall be made of the conference proceeding, unless waived by all parties. The record shall be maintained and shall be accessible to the parties until final release of the applicant's performance bond. If all parties requesting the informal conference stipulate agreement prior to the conference and withdraw their request, the conference need not be held.

4. An application for a permit shall show a certificate issued by an insurance company authorized to do business in this state certifying that the applicant has a public liability insurance policy in force for that mining and reclamation operation or evidence satisfactory to the division that the applicant has an adequate self-insurance plan. The policy or self-insurance plan shall provide for personal injury and property damage protection adequate to compensate persons entitled to compensation because of damage as a result of coal mining and reclamation operations including use of explosives. The policy or self-insurance plan shall be maintained in full force and effect during the terms of the permit, any renewal and all reclamation operations.

[C81, §83.5]
C93, §207.5

207.6 Blasting plan required.

1. An application for a permit shall contain a blasting plan which outlines the procedures and standards by which the operator will meet the requirements of the division.

2. The division may promulgate rules requiring the training, examination, and certification of persons engaging in or directly responsible for blasting or use of explosives in coal mining operations.

[C81, §83.6]
C93, §207.6

207.7 Environmental protection performance standards.

The division shall adopt rules for environmental protection performance standards that are consistent with federal regulations authorized under the federal Surface Mining Control and Reclamation Act and amendments to that Act.

207.8 Determining if land is unsuitable for mining.

1. The division by rule shall designate a site unsuitable for coal mining if the division determines on the basis of an application or petition that reclamation as required by this chapter is not technologically and economically feasible and may designate a site unsuitable for coal mining if such operations will:

a. Be incompatible with existing state or local land use plans or programs.

b. Affect fragile or historic lands in which the operations could result in significant damage to important historic, cultural, scientific, or esthetic values or natural systems.

c. Affect renewable resource lands in which such operations could result in a substantial loss or reduction of long range productivity of water supply or of food or fiber products, and such lands to include aquifers and aquifer recharge areas.

d. Affect natural hazards lands in which such operations could substantially endanger life and property, such lands to include areas subject to frequent flooding and areas of unstable geology.

2. The requirements of this section do not apply to lands on which coal mining operations are being conducted as of August 3, 1977, or under a permit issued pursuant to this chapter or pursuant to section 83A.12* of the 1979 Code or where substantial legal and financial commitments in an operation were in existence prior to January 4, 1977.

3. Prior to designating a land area as unsuitable for coal mining operations, the division shall prepare a detailed statement on the potential coal

resources of the area, the demand for coal resources, and the impact of the designation on the environment, the economy, and the supply of coal.

4. A person having an interest which is or may be adversely affected may petition the division to have an area designated or to have the designation terminated. The petition shall contain allegations of facts with supporting evidence tending to establish the allegations. Within ten months after receipt of the petition the division shall hold a public hearing in the locality of the affected area, after appropriate notice and publication of the date, time, and location of the hearing. After a person has filed a petition and before the hearing, any person may intervene by filing allegations. Within sixty days after the hearing, the division shall issue and furnish to the petitioner and any other party to the hearing a written decision regarding the petition and the reasons. If all the petitioners stipulate agreement prior to the hearing and withdraw their request, the hearing need not be held.

5. Subject to valid existing rights, coal mining operations, except those which exist on the effective date of this chapter, shall not be permitted on any of the following:

a. Lands within the boundaries of units of the national park systems, the national system of trails, the national wilderness preservation system, the national wildlife refuge systems, the wild and scenic rivers system, including study rivers designated under section 5(a) of the Wild and Scenic Rivers Act and national recreation areas designated by Act of Congress.

b. Lands which will adversely affect any publicly owned park or places included in the national register of historic sites unless approved jointly by the division and the federal, state, or local agency with jurisdiction over the park or the historic site.

c. Within one hundred feet of the outside right of way line of a public road, except where mine access roads or haulage roads join the right of way line and except that the division may permit such roads to be relocated or the area affected to lie within one hundred feet of such road, if after public notice and opportunity for public hearing in the locality a written finding is made that the interests of the public and the landowners affected thereby will be protected.

d. Within three hundred feet of an occupied dwelling or a privately owned building, unless waived by the owner, or within three hundred feet of a public building, school, church, community, or institutional building, public park, or within one hundred feet of a cemetery.

207.9 Permit approval or denial.

1. Upon the basis of a complete mining application and reclamation plan or a revision or renewal, the division shall grant, require modifica-

tion of, or deny the application for a permit in a reasonable time set by the division and notify the applicant in writing. The applicant shall have the burden of establishing that the application is in compliance with all the requirements of this chapter. Within ten days after granting of a permit, the division shall notify the political subdivision in which the area of land to be affected is located that a permit has been issued and shall describe the location of the land.

2. A permit or revision application shall not be approved unless the application affirmatively demonstrates and the division finds in writing on the basis of the application or other information documented in the approval, and made available to the applicant, the following:

a. The permit application is accurate, complete and in compliance with all the requirements of this chapter.

b. The applicant has demonstrated that reclamation as required by this chapter and the state program can be accomplished under the reclamation plan contained in the permit application.

c. The division has assessed the probable cumulative impact of all anticipated mining in the area on the hydrologic balance and the proposed operation has been designed to prevent material damage to hydrologic balance outside permit area.

d. The area proposed to be mined is not included within an area designated unsuitable for coal mining or is not within an area proposed for such designation.

e. If the private mineral estate has been severed from the private surface estate, the applicant has submitted any of the following:

(1) The written consent of the surface owner to the extraction of coal.

(2) A conveyance that expressly grants or reserves the right to extract the coal by surface mining.

(3) If the conveyance does not expressly grant the right to extract coal by surface mining methods, the surface-subsurface legal relationship as determined in accordance with state law. This chapter does not authorize the division to adjudicate property rights disputes.

3. The applicant shall file with the permit application a schedule listing any and all notices of violations of this chapter and any law or rule of the federal or a state government pertaining to air or water environmental protection incurred by the applicant in connection with a coal mining operation during the three previous years. The schedule shall also indicate the final resolution of the notice of violation. If any information available to the division indicates that a coal mining operation owned or controlled by the applicant is currently in violation of this chapter or the other laws referred to in this subsection, the permit shall not be issued until the applicant submits proof that such violation has been corrected or is in the process of being corrected to the satisfaction of the regulator.

ry authority which has jurisdiction over the violation and the permit shall not be issued to an applicant after a finding by the division after an opportunity for a hearing that the applicant, or the operator specified in the application, controls or has controlled mining operations with a demonstrated pattern of willful violations of this chapter.

4. If the area proposed to be mined contains prime farmland, the division shall, after consultation with the United States secretary of agriculture, and pursuant to regulations issued by the secretary with the concurrence of the secretary of agriculture, grant a permit to mine on prime farmland if the division finds in writing that the operator has the technological capability to restore such mined area, within a reasonable time, to equivalent or higher levels of yield as nonmined prime farmland in the surrounding area under equivalent levels of management and can meet the soil reconstruction standards established by section 207.7. Any operator who mines coal on agricultural land shall restore such mined area, within a reasonable time, to equivalent or higher levels of yield as nonmined agricultural land of similar quality in the surrounding area under equivalent levels of management.

5. Within sixty days a person having an interest which is or may be adversely affected may appeal to the committee the decision of the division granting or denying a permit as a contested case under chapter 17A.

[C81, §83.9]
C93, §207.9

207.10 Performance bond requirement.

1. After a permit application has been approved but before issuance, the applicant shall file with the division, on a form furnished by the division, a bond for performance payable to the state and conditioned upon faithful performance by the operator of all requirements of this chapter and all rules adopted by the division pursuant to this chapter.

2. The bond shall be signed by the operator as principal and by a corporate surety licensed to do business in Iowa as surety. In lieu of a bond, the operator may deposit cash, or government securities, or certificates of deposit or letters of credit with the division on the same conditions as for filing of bonds.

3. The amount of the bond or other security required to be filed with the division shall be equal to the estimated cost of reclamation of the site if performed by the division. The estimated cost of reclamation of each individual site shall be determined by the division on the basis of relevant factors. The division may require each applicant to furnish information necessary to estimate the cost of reclamation. The amount of the bond or other security may be increased or reduced as the permitted operation changes, or when the cost of fu-

ture reclamation changes. However, the bond amount shall not be less than ten thousand dollars.

4. Liability under the bond shall be for the duration of the coal mining and reclamation operation and for a period coincident with operator's responsibility for revegetation requirements in the rules promulgated under section 207.7.

5. If the license to do business in Iowa of a surety of a bond filed with the division is suspended or revoked, the operator, within thirty days after receiving notice from the division, shall substitute another surety. If the operator fails to make substitution, the division may suspend the operator's authorization to conduct mining on the site covered by the bond until substitution has been made. The commissioner of insurance shall notify the division whenever the license of any surety providing bond for an operator is suspended or revoked.

6. Notwithstanding sections 12C.7, subsection 2, and 666.3, the interest or earnings on investments or time deposits of the proceeds of a performance bond forfeited to the division, cash deposited under subsection 2, any funds provided for the abandoned mine reclamation program under section 207.21 and any civil penalties collected pursuant to sections 207.14 and 207.15 shall be credited to the payment of costs and administrative expenses associated with the reclamation, restoration or abatement activities of the division. The division may expend funds credited to it under this subsection to conduct reclamation activities on any areas disturbed by coal mining not subject to a presently valid permit to conduct surface mining.

207.11 Political subdivision engaged in mining.

An agency or political subdivision of the state or a publicly owned utility or corporation of a political subdivision which engages or intends to engage in coal mining shall meet all requirements of this chapter.

[C81, §83.11]
C93, §207.11

207.12 Revision of permits.

1. An operator may apply for a revision or cancellation of a permit. The application shall be submitted by the operator on a form provided by the division, and shall contain information as required by the division.

The division shall establish rules for determining the scale or extent of a revision request to which all permit application information requirements and procedures including notice and hearings, shall apply. Revisions which propose signifi-

cant alterations in the reclamation plan shall be subject to notice and hearing requirements.

2. An application for a revision of a permit shall not be approved unless the division finds that reclamation as required by this chapter can be accomplished under the revised reclamation plan.

3. Extensions to the area covered by the permit except incidental boundary revisions must be made subject to the requirements for an application for new permit.

4. If the application is to cancel the permit as it pertains to any or all of the unmined part of a site, the division shall, after ascertaining that overburden has not been disturbed or deposited on the land, order release of the bond or the security posted on that portion of the land being removed from the permit and cancel or amend the operator's permit to conduct mining on the site. Land where overburden has been disturbed or deposited shall not be removed from a permit or released from bond or security under this section.

5. A transfer, assignment, or sale of the rights granted under a permit shall not be made without the written approval of the division.

6. Fees for revision or cancellation shall be determined by the division but shall not exceed the cost of administering revisions or cancellations of permits as authorized under this section.

7. The division shall review outstanding permits within a time limit prescribed by rule and may require reasonable revision or modification of the permit provisions during the term of the permit. However, the revision or modification shall be based upon a written finding and subject to notice and hearing requirements established by the division.

[C81, §83.12]

C93, §207.12

207.13 Inspections and monitoring.

1. The division shall make inspections of any mining and reclamation operations as are necessary to evaluate the administration of this chapter and authorized representatives of the division shall have a right to entry at any mining and reclamation operation. If the operator refuses to consent to the inspection, the division shall request the attorney general to immediately obtain a warrant for the inspection.

The division shall determine what records and other information shall be maintained and furnished to the division by the operators for the effective administration of this chapter.

2. The inspections by the division shall:

a. One complete inspection per calendar quarter and at least one partial inspection on an irregular basis in those months where a complete inspection is not performed.

b. Occur without prior notice to the permittee, agents or employees except for necessary on-site meetings with the permittee.

c. Include the filing of inspection reports adequate to enforce the requirements of and to carry out the terms and purposes of this chapter.

3. If the division has reason to believe that an operator is in violation of a requirement of this chapter or a permit condition, the division shall immediately order an inspection of the coal mining operation within ten days of receiving notice of the alleged violation.

4. An operator shall conspicuously maintain a clearly visible sign at the entrances to the mining and reclamation operation which sets forth the name, business address, permit number and phone number of the operator.

5. Each inspector shall immediately inform the operator in writing of each violation, and shall report in writing any violation to the division.

6. Copies of any record, reports, inspection materials, or information obtained under this section by the division shall be made immediately available to the public at central and sufficient locations in the area of mining so that they are conveniently available to residents in the areas of mining.

7. An employee of the division performing any function or duty under this chapter shall not have a direct or indirect financial interest in any mining operation.

[C81, §83.13]

C93, §207.13

207.14 Enforcement.

1. When on the basis of an inspection, the administrator determines that a condition or practice exists which creates an imminent danger to the health or safety of the public or can reasonably be expected to cause significant, imminent environmental harm to land, air, or water resources, the administrator shall immediately order a cessation of coal mining and reclamation operations to the extent necessary until the administrator determines that the condition, practice, or violation has been abated, or until the order is modified, vacated, or terminated by the division pursuant to procedures set out in this section.

If the administrator finds that the ordered cessation will not completely abate the imminent danger to health or safety of the public or the significant imminent environmental harm, the administrator shall require the operator to take whatever steps the administrator deems necessary to abate the imminent danger or the significant environmental harm.

2. When on the basis of an inspection, the administrator determines that any operator is in violation of any requirement of this chapter or permit condition, but the violation does not create an imminent danger to the health or safety of the public or cannot be reasonably expected to cause significant, imminent environmental harm, the administrator shall issue a notice to the operator

fixing a reasonable time but not more than ninety days for the abatement of the violation and providing opportunity for public hearing.

If upon expiration of the time as fixed the administrator finds in writing that the violation has not been abated, the administrator, notwithstanding sections 17A.18 and 17A.18A, shall immediately order a cessation of coal mining and reclamation operations relating to the violation until the order is modified, vacated, or terminated by the administrator pursuant to procedures outlined in this section. In the order of cessation issued by the administrator under this subsection, the administrator shall include the steps necessary to abate the violation in the most expeditious manner possible.

3. When on the basis of an inspection the administrator determines that a pattern of violations of the requirements of this chapter or any permit conditions exists or has existed, and if the administrator also finds that the violations are willful or caused by the unwarranted failure of the operator to comply with any requirements of this chapter or any permit conditions, the administrator shall immediately issue an order to the operator to show cause as to why the permit should not be suspended or revoked and the bond or security forfeited, and shall provide opportunity for a hearing as a contested case pursuant to chapter 17A. Upon the operator's failure to show cause, the administrator shall immediately suspend or revoke the permit.

4. A permittee may request in writing an appeal to the committee of a decision made in a hearing under subsection 3 within thirty days of the decision. The committee shall review the record made in the contested case hearing, and may hear additional evidence upon a showing of good cause for failure to present the evidence in the hearing, or if evidence concerning events occurring after the hearing is deemed relevant to the proceeding. However, the committee shall not review a decision in a proceeding if the division seeks to collect a civil penalty pursuant to section 207.15, and those decisions are final agency actions subject to direct judicial review as provided in chapter 17A.

The contested case hearing shall be scheduled within thirty days of receipt of the request by the division. If the decision in the contested case is to revoke the permit, the permittee shall be given a specific period to complete reclamation, or the attorney general shall be requested to institute bond forfeiture proceedings.

5. In any administrative proceeding under this chapter or judicial review, the amount of all reasonable costs and expenses, including reasonable attorney fees incurred by a person in connection with the person's participation in the proceedings or judicial review, may be assessed against either party as the court in judicial review or the committee in administrative proceedings deems proper.

6. Notices and orders issued pursuant to this section shall set forth with reasonable specificity the nature of the violation and the remedial action required, the period of time established for abatement, and a reasonable description of the portion of the coal mining and reclamation operation to which the notice or order applies. Each notice or order issued under this section shall be given promptly to the operator or an agent and all notices and orders shall be in writing and signed. A notice or order issued pursuant to this section may be modified, vacated, or terminated by the administrator. Any notice or order issued pursuant to this section which requires cessation of mining by the operator expires within thirty days of actual notice to the operator unless a public hearing is held at or near the site so that any viewings of the site can be conducted during the course of the hearing.

7. A permittee issued a notice or order under this section or any person having an interest which is or may be adversely affected by the notice or order or by its modification, vacation or termination may apply to the committee for review within thirty days of receipt of the notice or order or within thirty days of its modification, vacation or termination. The review shall be treated as a contested case under chapter 17A. Pending completion of any investigation or hearings required by this section, the applicant may file with the division a written request that the administrator grant temporary relief from any notice or order issued under this section together with a detailed statement giving reasons for granting such relief. The administrator shall issue an order or decision granting or denying the request for relief within five days of its receipt. The administrator may grant such relief under such conditions as the administrator may prescribe if all of the following occur:

a. A hearing has been held in the locality of the permit area in which all parties were given an opportunity to be heard. The hearing need not be held as a contested case under chapter 17A.

b. The applicant shows that there is substantial likelihood that the findings of the committee will be favorable to the applicant.

c. Such relief will not adversely affect the health or safety of the public or cause significant, imminent environmental harm to land, air or water resources.

8. At the request of the division, the attorney general shall institute any legal proceedings, including an action for an injunction or a temporary injunction necessary to enforce the penalty provisions of this chapter or to obtain compliance with this chapter. Injunctive relief may be requested to enforce a cessation order issued by the administrator pending a hearing pursuant to subsection 4.

9. When on the basis of an inspection, or other information available to the division, the administrator has reasonable cause to believe that the op-

erator is unable to complete reclamation of all or a portion of the permit area as required by law, the administrator shall issue an order to the operator to show cause as to why all or a portion of the performance bond required by section 207.10 should not be revoked.

207.15 Penalties.

1. A person who violates a permit condition, a provision of this chapter, or a rule or order issued under this chapter is subject to a civil penalty not to exceed five thousand dollars per day for each day of violation. If a violation results in the issuance of a cessation order, a civil penalty shall be imposed. The penalty shall not exceed five thousand dollars for each day of violation.

In determining the amount of the penalty, consideration shall be given to the operator's history of previous violations at the particular mining operation, the seriousness of the violation, including any irreparable harm to the environment and any hazard to the health or safety of the public, whether the operator was negligent, and the demonstrated good faith of the operator charged in attempting to achieve rapid compliance after notification of the violation.

An operator who fails to correct a violation for which a notice or order has been issued within the period permitted for its correction shall be required to pay a civil penalty of not less than seven hundred fifty dollars for each day during which the failure or violations continue.

2. If a notice or order has been issued, the division may assess a recommended penalty in accordance with a schedule established by rule. The person to whom the notice or order was issued may submit written information within fifteen days of the notice or order to be considered by the division. The division shall serve the assessment by certified mail, return receipt requested, within thirty days of issuance of the notice or order. The division may reassess any penalty if necessary to consider facts not reasonably available on the date of issuance of the assessment. A person may consent to a penalty assessment by paying the penalty without resort to judicial proceedings.

If a violation results in the issuance of a cessation order pursuant to section 207.14 the division shall assess a penalty.

3. A contested case hearing may be requested pursuant to section 207.14, subsection 4, to review a notice, order, or penalty assessment. A person to whom a penalty assessment has been issued may request a contested case hearing solely for review of the amount of the penalty. A penalty assessment is final if a request for review is not made in a timely manner.

4. Judicial review of any action of the division shall be in accordance with chapter 17A. Judicial review of a penalty assessment shall not be permitted unless the petitioner has posted a bond equal to the amount of the assessed penalty in the district court or has placed the proposed amount in an interest bearing escrow fund approved by the division.

5. If a violation results in a cessation order pursuant to section 207.14, the attorney general, at the request of the division, shall institute a civil action in district court for injunctive relief.

Notwithstanding section 17A.20, an appeal bond shall be required for an appeal of a judgment assessing a civil penalty.

6. A person who willfully and knowingly violates a condition of a permit or any other provision of this chapter, or makes a false statement, representation, or certification, or knowingly fails to make a statement, representation, or certification in an application, record, report, plan, or other document filed or required to be maintained pursuant to this chapter or any order or decision of this chapter, shall be guilty of a serious misdemeanor and notwithstanding section 903.1 the maximum fine shall be ten thousand dollars.

7. Whenever a corporate operator violates a condition of a permit or any other provision of this chapter or fails or refuses to comply with any provision of this chapter, a director, officer, or agent of that corporation who willfully and knowingly authorized, ordered, or carried out such violation, failure, or refusal shall be subject to the same civil penalties or criminal fines and imprisonment that may be imposed upon a person under this section.

8. An employee of the division performing any function or duty under this chapter who knowingly and willfully has a direct or indirect financial interest in any coal mining operation shall be guilty of a serious misdemeanor and notwithstanding section 903.1 the maximum fine shall be two thousand five hundred dollars.

207.16 Release of performance bonds or deposits.

1. Each operator upon completion of any reclamation work required by this chapter shall apply to the division in writing for approval of the work. The division shall promulgate rules consistent with Pub. L. 95-87, section 519, regarding procedures and requirements to release performance bonds or deposits.

2. The division may release in whole or part the bonds or deposits if the division is satisfied the reclamation covered by the bonds or deposits or portions thereof has been accomplished as required by this chapter according to stages determined by the division by rule. When the operator has completed successfully all surface coal mining

and reclamation activities, the remaining portion of the bond shall be released upon the expiration of the period specified for operator responsibility in the rules promulgated pursuant to section 207.7. A bond shall not be fully released until all reclamation requirements of this chapter are fully met.

3. A person with a valid legal interest which might be adversely affected by release of the bond or a federal, state, or local governmental agency which has jurisdiction by law or special expertise with respect to any environmental, social, or economic impact involved in the operation, or which is authorized to develop and enforce environmental standards with respect to such operations may file written objections to the proposed release from bond to the division within sixty days after the last publication as required by rule of a notice of a request for bond release by the operator. If written objections are filed and a hearing is requested, the division shall inform all the interested parties of the time and place of the hearing, and hold a public hearing as a contested case in the locality of the coal mining operation or at the state capital, at the request of the objectors, within thirty days of the request. The date, time, and location shall be advertised by the division in a newspaper of general circulation in the locality for two consecutive weeks.

207.17 Citizen suits.

1. A person having an interest which is or may be adversely affected may commence a civil action on the person's own behalf to compel compliance with this chapter as follows:

a. Against the division or any other governmental agency or subdivision which is alleged to be in violation of the provisions of this chapter or of any rule, order or permit issued or against any other person who is alleged to be in violation of any rule, order or permit issued pursuant to this chapter.

b. Against the division where there is alleged a failure of the division to perform any act or duty required under this chapter. The suit shall be filed in the county where the mining operation is or, if against the division, in the district court for Polk county or the county of the petitioner's residence.

2. An action shall not be commenced:

a. Under subsection 1, paragraph "a" of this section until sixty days after the plaintiff has given notice in writing of the violation to the division and to any alleged violator, or if the state has commenced and is diligently prosecuting a civil action against that operator for compliance with the provisions of this chapter; however, the person may intervene in the action as a matter of right.

b. Under subsection 1, paragraph "b" of this section until sixty days after the plaintiff has given

notice in writing to the division in the manner provided by rule; however, if the violation or order complained of constitutes an imminent threat to the health or safety of the plaintiff or would immediately affect a legal interest of the plaintiff, the action may be brought immediately after giving notice.

3. The division may intervene in any action under this section.

4. The court, in issuing a final order in an action brought pursuant to subsection 1 of this section, may award costs of litigation including attorney and expert witness fees to any party.

5. This section does not restrict a right which any person or class may have under a statute or common law to seek enforcement of any of the provisions of this chapter or to seek any other relief. The availability of judicial review of the actions of the division shall not restrict any rights established by this section.

6. A person whose person or property is injured through the violation by any operator of a rule, order, or permit issued pursuant to this chapter may bring an action for damages including reasonable attorney and expert witness fees only in the county in which the coal mining operation complained of is located. This subsection shall not affect the rights or limits under workers' compensation as provided in chapter 85.

207.18 Coal exploration permits.

1. A coal exploration operation in this state which substantially disturbs the natural land surface shall be conducted in accordance with exploration rules issued by the division. The rules shall include at a minimum the following:

a. The requirement that prior to conducting an exploration the person must file with the division a notice of intention to explore describing the exploration area and the period of exploration.

b. Provisions for reclamation of the lands disturbed by the exploration in accordance with the environmental performance standards mandated by section 207.7.

2. Information submitted to the division pursuant to this section and determined by the division, following consultation with the person submitting the information, to be confidential concerning trade secrets or privileged commercial or financial information which relates to the competitive rights of the person intending to explore the described area shall not be available for public examination.

3. A person who conducts coal exploration activities which substantially disturb the natural land surface in violation of this section shall be subject to the provisions of section 207.15.

4. An operator shall not remove more than fifty tons of coal pursuant to an exploration permit

without the specific written approval of the division.

C93, §207.18

207.19 Surface effects of underground coal mining operations.

The provisions of this chapter shall be applicable to surface operations and surface impacts incident to an underground coal mine with such modifications to the permit application requirements, permit approval or denial procedures, and bond requirements as are necessary to accommodate the distinct difference between surface and underground coal mining. The division shall promulgate such modifications in its rules to allow for such distinct differences and still fulfill the purposes of this chapter and be consistent with the requirements in section 516 of Pub. L. 95-87 and the permanent regulations issued pursuant to that Act.

In order to protect the stability of the land, the division shall suspend underground coal mining under urbanized areas, cities, and communities and adjacent to industrial or commercial buildings, major impoundments, or permanent streams if the administrator finds imminent danger to inhabitants of the urbanized areas, cities, and communities.

[C81, §83.19]
C93, §207.19

207.20 Authority to enter into co-operative agreements.

The division may enter into a co-operative agreement with the secretary to provide for the division to regulate mining and reclamation operations on federal lands within the state. If the division enters into a co-operative agreement with the secretary under this section, such agreement shall be conducted according to the provisions of chapter 28E.

[C81, §83.20]
C93, §207.20

207.21 Abandoned mine reclamation program.

1. The division shall participate in the abandoned mine reclamation program under Title IV, Pub. L. No. 95-87. There is established an abandoned mine reclamation fund under the control of the division.

2. *a.* Lands and water eligible for reclamation or drainage abatement expenditures under this section include the following:

(1) Lands which were mined for coal or affected by such mining, waste banks, coal processing, or other coal mining processes, and abandoned or left in an inadequate reclamation status prior to August 3, 1977, and for which there is no

continuing reclamation responsibility under state or federal laws.

(2) Coal lands and water damaged by coal mining processes and abandoned after August 3, 1977, if they were mined for coal or affected by coal mining processes and if either of the following occurred:

(a) The mining occurred and the site was left in either an unreclaimed or inadequately reclaimed condition between August 4, 1977, and April 10, 1981, and any moneys for reclamation or abatement that are available pursuant to a bond or other form of financial guarantee or from any other source are not sufficient to provide for adequate reclamation or abatement at the site.

(b) The mining occurred and the site was left in either an unreclaimed or inadequately reclaimed condition between August 4, 1977, and November 5, 1990, and the surety of the mining operator became insolvent during that period and, as of November 5, 1990, moneys immediately available from proceedings relating to the insolvency or from any financial guarantee or other source are not sufficient to provide for adequate reclamation or abatement at the site.

b. If requested by the governor, the division may fill voids and seal tunnels, shafts, and entryways resulting from any previous noncoal mining operation, and may reclaim surface impacts of any such noncoal underground or surface mines that were mined prior to August 3, 1977, and which constitute an extreme danger to the public health, safety, general welfare, or property. Sites and areas designated for remedial action pursuant to the federal Uranium Mill Tailings Radiation Control Act of 1978, 42 U.S.C. § 7901 et seq., or which have been listed for remedial action pursuant to the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. § 9601 et seq., are not eligible for expenditures under this section.

3. Expenditure of moneys from the abandoned mine reclamation fund on eligible lands and water for the purpose of this program shall reflect the following priorities in the order stated:

a. The protection of public health, safety, general welfare, and property from extreme danger of adverse effects of coal mining practices.

b. The protection of public health, safety, and general welfare from adverse effects of coal mining practices.

c. The restoration of land and water resources and the environment previously degraded by adverse effects of coal mining practices including measures for the conservation and development of soil, water, excluding channelization, woodland, fish and wildlife, recreation resources, and agricultural productivity.

d. The protection, repair, replacement, construction, or enhancement of public facilities such as utilities, roads, recreation, and conserva-

tion facilities adversely affected by coal mining practices.

e. The development of publicly owned land adversely affected by coal mining practices including land acquired as provided in this section for recreation and historic purposes, conservation, and reclamation purposes and open space benefits.

4. The division shall submit to the secretary a state reclamation plan and annual projects to carry out the purposes of this program. The plan shall generally identify the areas to be reclaimed, the purposes for which the reclamation is proposed, the relationship of the lands to be reclaimed and the proposed reclamation to surrounding areas, the specific criteria for ranking and identifying projects to be funded, and the legal authority and programmatic capability to perform such work in conformance with the provisions of Title IV of Pub. L. No. 95-87.

The division may annually submit to the secretary an application with such information as determined by the secretary for the support of the state program and implementation of specific reclamation projects.

The costs for each proposed project under this program shall include actual construction costs, actual operation and maintenance costs of permanent facilities, planning and engineering costs, construction and inspection costs, and other necessary administrative expenses.

The division shall prepare and submit annual and other reports as required by the secretary.

5. The division in participating in the abandoned mine reclamation program under Title IV of Pub. L. No. 95-87 shall have the following additional powers:

a. To engage in any work and to do all things necessary or expedient, including promulgation of rules, to implement and administer the provisions of this program.

b. To engage in co-operative projects with any other governmental unit provided that such co-operative projects shall be under a co-operative agreement conducted according to the provisions of chapter 28E.

c. To request the attorney general to seek injunctive relief to restrain any interference with the exercise of the right to enter or to conduct work under this program.

d. To construct and operate a plant or plants for the control and treatment of water pollution resulting from mine drainage. The extent of this control and treatment may be dependent upon the ultimate use of the water. The construction of a plant or plants may include major interceptors and other facilities appurtenant to the plant.

207.22 Acquisition and reclamation of land.

1. *a.* The division, pursuant to a state program approved by the secretary, may take action as provided in paragraph "b" of this subsection if it finds all of the following:

(1) Land or water resources have been adversely affected by past coal mining practices.

(2) The adverse effects are at a stage where in the public interest action to restore, reclaim, abate, control, or prevent should be taken.

(3) The owners of the land or water resources where entry must be made to restore, reclaim, abate, control, or prevent the adverse effects of past coal mining practices are not known or readily available, or will not give permission for the United States, this state, political subdivisions, their agents, employees, or contractors to enter upon such property to restore, reclaim, abate, control, or prevent the adverse effects of past coal mining practices.

b. Upon giving notice by mail to the owners if known or by posting notice upon the premises and advertising once in a local newspaper of general circulation if not known, the division may enter upon the property adversely affected by past coal mining practices and any other property to have access to the property to do all things necessary or expedient to restore, reclaim, abate, control, or prevent the adverse effects. The entry shall be construed as an exercise of the police power for the protection of public health, safety, and general welfare and not as an act of condemnation of property or trespass. The moneys expended for the work and the benefits accruing to the property shall be chargeable against such property and shall mitigate or offset any claim on or any action brought by an owner of any interest in the property for any alleged damages because of the entry. This provision does not create new rights of action or eliminate existing immunities.

2. The division may enter upon a property for the purpose of conducting studies or exploratory work to determine the existence of adverse effects of past coal mining practices and to determine the feasibility of restoration, reclamation, abatement, control, or prevention of such adverse effects. The entry shall be construed as an exercise of the police power for the protection of public health, safety, and general welfare and not as an act of condemnation of property or trespass.

3. The division pursuant to an approved state program may acquire any land, by purchase, donation, or condemnation, which is adversely affected by past coal mining practices if the secretary determines that acquisition of the land is necessary to successful reclamation and that:

a. The acquired land, after restoration, reclamation, abatement, control, or prevention of the

adverse effects of past coal mining practices, will serve recreation and historic purposes, conservation and reclamation purposes or provide open spaces benefits and that permanent facilities such as a treatment plant or a relocated stream channel will be constructed on the land for the restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices; or

b. Acquisition of coal refuse disposal sites and all coal refuse thereon will serve the purposes of title IV or that public ownership is desirable to meet emergency situations and prevent recurrences of the adverse effect of past coal mining practices.

4. Title to all lands acquired pursuant to this section shall be in the name of this state. The price paid for land acquired under this section shall reflect the market value of the land as adversely affected by past coal mining practices.

5. If land acquired pursuant to this section is deemed to be suitable for industrial, commercial, agricultural, residential, or recreational development, the division with authorization from the secretary may sell the land by public sale under a system of competitive bidding, at not less than fair market value and under rules promulgated to insure that the lands are put to proper use consistent with local land use plans.

6. The division if requested after appropriate public notice shall hold a public hearing with the appropriate notice, in the county of the lands acquired pursuant to this section. The hearings shall be held at a time that affords local citizens and governments the maximum opportunity to participate in the decision concerning the use or disposition of the lands.

7. The division may co-operate with the secretary in acquiring land by purchase, donation, or condemnation to assist the housing of people disabled as the result of employment in the mines or incidental work, persons displaced by acquisition of land pursuant to this section, or persons displaced as the result of adverse effects of coal mining practices which constitute an emergency as determined by the secretary. The fund provided under this section shall not be used to pay the actual construction costs of housing.

C93, §207.22

207.23 Liens.

1. Within six months after the completion of a project to restore, reclaim, abate, control, or prevent adverse effects of past coal mining practices on privately owned land, the division shall itemize the money expended on the project and may file a lien statement in the manner provided in section 572.8 in the office of the district court clerk of each county in which a portion of the property affected by the project is located, together with a notarized ap-

praisal by an independent appraiser of the value of the land before the restoration, reclamation, abatement, control, or prevention of adverse effects of past mining practices if the money so expended results in a significant increase in property value. A copy of the lien statement and the appraisal, if required, shall be served upon affected property owners in the manner provided for service of an original notice. The lien shall not exceed the amount determined by the appraiser to be the increase in the market value of the land as a result of the restoration, reclamation, abatement, control, or prevention of adverse effects of past coal mining practices. A lien shall not be filed in accordance with this subsection against the property of a person who owned the surface prior to May 2, 1977, and who neither consented to, participated in, nor exercised control over the mining operation which necessitated the reclamation performed.

2. The owner of property to which the lien attaches may petition the court within sixty days after receipt of service of the lien statement, to determine the increase in the market value of the land as a result of the restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices. The amount found to be the increase in value of the property shall constitute the amount of the lien and shall be recorded in the office of the district court in each county in which the owner's property is located. A party aggrieved by the decision may appeal as provided by law.

3. The lien provided in this section has priority over all other liens or security interests which have attached to the property, whenever those liens may have arisen, except liens of real estate taxes imposed upon the property.

ness and economic feasibility of the experimental practices, and the experimental practices do not reduce the protection afforded public health and safety below that provided by promulgated standards.

2. 2. The division shall, by certified mail or personal service, serve on the operator notice in writing of the charges and grounds upon which the license is to be suspended, revoked, or will not be issued. The notice shall include the time and the place at which a hearing shall be held before the committee, a subcommittee appointed by the committee, or the committee's designee, to determine whether to suspend, revoke, or refuse to issue the license. The hearing shall be not less than fifteen nor more than thirty days after the mailing or service of the notice.

At least seven days before beginning mining or removal of overburden at a mine site not previously registered, an operator engaging, or preparing to engage, in mining in this state shall register the mine site with the division. Application for registration shall be made upon a form provided by the division and shall be accompanied by a bond or security as provided by section 208.14. A registration renewal shall be filed annually. Application for renewal of registration shall be on a form provided by the division. The registration and registration cancellation fees shall be established by the division in an amount not to exceed the cost of administering the provisions of this chapter. If the application is for an increase in the area of a registered site, the application shall be processed in the same manner as an application for original registration. If the application is to cancel registration of any or all of the unmined part of a site, the division shall after ascertaining that no overburden has been disturbed or deposited on the land order release of the bond or the security posted on the land being removed from registration and cancel or amend the operator's written authorization to conduct mining on the site. Where the original topography of the affected land was steeper than one foot of vertical rise for each four feet of horizontal distance, the affected lands may be graded to blend with the surrounding terrain. However, water impoundments, pit or quarry floors, and highwalls are not subject to the requirements of this paragraph.

b. Stabilize and revegetate affected lands, except for water impoundments and pit or quarry floors as approved by the division before the release of the bond as provided in section 208.19.

c. Properly dispose of all mine-related debris, junk, waste materials, old equipment, and other materials of similar or like nature, within the registration boundaries of the site.

2. Notwithstanding subsection 1, overburden piles where deposition has not occurred for a period of twelve months shall be stabilized and revegetated.

3. Topsoil that is a part of overburden shall not be destroyed or buried in the process of mining.

4. The division may grant a variance from the requirements of subsections 1 and 2.

5. A bond or security posted under this chapter to assure reclamation of affected lands shall not be released until all of the reclamation work required by this section has been performed in accordance with this chapter and division rules, except when a replacement bond or security is posted by a new operator or responsibility is transferred under section 208.16.

b. The extent to which removal of mineral products from all or any part of the affected lands has been completed.

2. The report shall be filed not later than twelve months after original registration of the site and prior to the expiration of each subsequent twelve-month period. A report shall also be filed within thirty days after completion of all mining operations at the site regardless of the date of the last preceding report. For certain postmining land uses, such as a sanitary landfill, the division may allow an extended reclamation period.

An operator, upon completion of any reclamation work required by section 208.17, shall apply to the division in writing for approval of the work. The division shall within a reasonable time determined by divisional rule inspect the completed reclamation work. The bond shall be signed by the operator as principal and by a corporate surety licensed to do business in Iowa as surety. In lieu of a bond, the operator may deposit cash or certificates of deposit with the division on the same conditions as prescribed by this section for filing of bonds. 2. The estimated cost of reclamation of each individual site shall be determined by the division on the basis of the requirements of this chapter and other relevant factors including, but not limited to, topography of the site, mining methods being employed, depth and composition of overburden, depth of the mineral deposit being mined, and cost of administration. The division may require an operator to furnish information necessary to estimate the cost of reclaiming the site. The amount of the bond may be increased or reduced from time to time as determined necessary and appropriate by the division or in accordance with section 208.15.

A single bond so posted shall be in an amount equal to the estimated cost of reclaiming all sites the operator has registered, determined as provided in section 208.23. The penalty of a single bond on two or more mine sites may be increased or decreased from time to time in accordance with sections 208.14, 208.15, and 208.19. When an operator elects to post a single bond in lieu of separate bonds previously posted on individual sites, the separate bonds shall not be released until the new bond has been accepted by the division.

If the license to do business in Iowa of any surety of a bond filed with the division is suspended or revoked, the operator, within thirty days after receiving notice thereof from the division, shall substitute for the surety a corporate surety licensed to do business in Iowa. Upon failure of the operator to make substitution of surety as herein provided, the division shall have the right to suspend the operator's authorization to conduct mining on the site covered by the bond until substitution has been made. 1. The attorney general, upon request of the division, shall institute proceedings for forfeiture of the bond posted by an operator to guarantee reclamation of a site where the operator is in violation of any of the provisions of this chapter or any rule adopted by the division pursuant to this chapter. The division shall have the power to reclaim as required by section 208.17 any mined land with respect to which a bond has been forfeited, using the proceeds of the forfeiture to pay for the necessary reclamation work and associated administrative costs.

The division may complete, or authorize completion of, the necessary reclamation and may authorize the

attorney general to bring a civil action to recover from the operator all actual or estimated costs of reclamation in excess of the amount forfeited or require the operator to complete reclamation.

208A.2 What deemed adulterated.

An antifreeze shall be deemed to be adulterated: (1) If it consists in whole or in part of any substance which will render it injurious to the cooling system of an internal combustion engine or will make the operation of the engine dangerous to the user; or (2) if its strength, quality, or purity falls below the standard of strength, quality, or purity under which it is sold.

[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §208A.2]

Before any antifreeze shall be sold, exposed for sale, or held with intent to sell within this state, a sample thereof must be inspected by the department of agriculture and land stewardship. Upon application of the manufacturer, packer, seller or distributor and the payment of a fee of twenty dollars for each brand of antifreeze submitted, the de-

partment shall inspect the antifreeze submitted. If the antifreeze is not adulterated or misbranded, if it meets the standards of the department, and is not in violation of this chapter, the department shall give the applicant a written permit authorizing the sale of such antifreeze in this state until the formula or labeling of the antifreeze is changed in any manner.

If the department shall at a later date find that the product to be sold, exposed for sale or held with intent to sell has been materially altered or adulterated, a change has been made in the name, brand or trademark under which the antifreeze is sold, or it violates the provisions of this chapter, the department shall notify the applicant and the permit shall be canceled forthwith.

[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §208A.4]

216.6 Unfair employment practices.

1. It shall be an unfair or discriminatory practice for any:

a. Person to refuse to hire, accept, register, classify, or refer for employment, to discharge any employee, or to otherwise discriminate in employment against any applicant for employment or any employee because of the age, race, creed, color, sex, national origin, religion, or disability of such applicant or employee, unless based upon the nature of the occupation. If a person with a disability is qualified to perform a particular occupation, by reason of training or experience, the nature of that occupation shall not be the basis for exception to the unfair or discriminating practices prohibited by this subsection.

b. Labor organization or the employees, agents, or members thereof to refuse to admit to membership any applicant, to expel any member, or to otherwise discriminate against any applicant

for membership or any member in the privileges, rights, or benefits of such membership because of the age, race, creed, color, sex, national origin, religion, or disability of such applicant or member.

c. Employer, employment agency, labor organization, or the employees, agents, or members thereof to directly or indirectly advertise or in any other manner indicate or publicize that individuals of any particular age, race, creed, color, sex, national origin, religion, or disability are unwelcome, objectionable, not acceptable, or not solicited for employment or membership unless based on the nature of the occupation. If a person with a disability is qualified to perform a particular occupation by reason of training or experience, the nature of that occupation shall not be the basis for exception to the unfair or discriminating practices prohibited by this subsection.

An employer, employment agency, or their employees, servants, or agents may offer employment or advertise for employment to only persons with disabilities, when other applicants have available to them other employment compatible with their ability which would not be available to persons with disabilities because of their disabilities. Any such employment or offer of employment shall not discriminate among persons with disabilities on the basis of race, color, creed, sex, or national origin.

d. Person to solicit or require as a condition of employment of any employee or prospective employee a test for the presence of the antibody to the human immunodeficiency virus or to affect the terms, conditions, or privileges of employment or terminate the employment of any employee solely as a result of the employee obtaining a test for the presence of the antibody to the human immunodeficiency virus. An agreement between an employer, employment agency, labor organization, or their employees, agents, or members and an employee or prospective employee concerning employment, pay, or benefits to an employee or prospective employee in return for taking a test for the presence of the antibody to the human immunodeficiency virus, is prohibited. The prohibitions of this paragraph do not apply if the state epidemiologist determines and the director of public health declares through the utilization of guidelines established by the center for disease control of the United States department of health and human services, that a person with a condition related to acquired immune deficiency syndrome poses a significant risk of transmission of the human immunodeficiency virus to other persons in a specific occupation.

2. Employment policies relating to pregnancy and childbirth shall be governed by the following:

a. A written or unwritten employment policy or practice which excludes from employment applicants or employees because of the employee's pregnancy is a prima facie violation of this chapter.

b. Disabilities caused or contributed to by the employee's pregnancy, miscarriage, childbirth, and recovery therefrom are, for all job-related purposes, temporary disabilities and shall be treated as such under any health or temporary disability insurance or sick leave plan available in connection with employment. Written and unwritten employment policies and practices involving matters such as the commencement and duration of leave, the availability of extensions, the accrual of seniority, and other benefits and privileges, reinstatement, and payment under any health or temporary disability insurance or sick leave plan, formal or informal, shall be applied to a disability due to the employee's pregnancy or giving birth, on the same terms and conditions as they are applied to other temporary disabilities.

c. Disabilities caused or contributed to by legal abortion and recovery therefrom are, for all job-related purposes, temporary disabilities and shall be treated as such under any temporary disability or sick leave plan available in connection with employment. Written and unwritten employment policies and practices involving matters such as the commencement and duration of leave, the availability of extensions, the accrual of seniority, and other benefits and privileges, reinstatement, and payment under any temporary disability insurance or sick leave plan, formal or informal, shall be applied to a disability due to legal abortion on the same terms and conditions as they are applied to other temporary disabilities. The employer may elect to exclude health insurance coverage for abortion from a plan provided by the employer, except where the life of the mother would be endangered if the fetus were carried to term or where medical complications have arisen from an abortion.

d. An employer shall not terminate the employment of a person disabled by pregnancy because of the employee's pregnancy.

e. Where a leave is not available or a sufficient leave is not available under any health or temporary disability insurance or sick leave plan available in connection with employment, the employer of the pregnant employee shall not refuse to grant to the employee who is disabled by the pregnancy a leave of absence if the leave of absence is for the period that the employee is disabled because of the employee's pregnancy, childbirth, or related medical conditions, or for eight weeks, whichever is less. However, the employee must provide timely notice of the period of leave requested and the employer must approve any change in the period requested before the change is effective. Before granting the leave of absence, the employer may require that the employee's disability resulting from pregnancy be verified by medical certification stating that the employee is not able to reasonably perform the duties of employment.

3. This section shall not prohibit discrimination on the basis of age if the person subject to the

discrimination is under the age of eighteen years, unless that person is considered by law to be an adult.

4. Notwithstanding the provisions of this section, a state or federal program designed to benefit a specific age classification which serves a bona fide public purpose shall be permissible.

5. This section shall not apply to age discrimination in bona fide apprenticeship employment programs if the employee is over forty-five years of age.

6. This section shall not apply to:

a. Any employer who regularly employs less than four individuals. For purposes of this subsection, individuals who are members of the employer's family shall not be counted as employees.

b. The employment of individuals for work within the home of the employer if the employer or members of the employer's family reside therein during such employment.

c. The employment of individuals to render personal service to the person of the employer or members of the employer's family.

d. Any bona fide religious institution or its educational facility, association, corporation, or society with respect to any qualifications for employment based on religion when such qualifications are related to a bona fide religious purpose. A religious qualification for instructional personnel or an administrative officer, serving in a supervisory capacity of a bona fide religious educational facility or religious institution, shall be presumed to be a bona fide occupational qualification.

4. To discriminate against the lessee or purchaser of any real property or housing accommodation or part, portion or interest of the real property or housing accommodation, or against

3. Discrimination among persons in employment and the conditions of employment;

4. On the basis of sex, the application of any rule concerning the actual or potential parental, family or marital status of a person, or the exclusion of any person from any program or activity or employment because of pregnancy or related conditions dependent upon the physician's diagnosis and certification.

For the purpose of this section "educational institution" includes any preschool, elementary, secondary, or community college, area education agency, or postsecondary college or university and their governing boards. This section does not prohibit an educational institution from maintaining separate toilet facilities, locker rooms or living facilities for the different sexes so long as comparable facilities are provided. Nothing in this section shall be construed as prohibiting any bona fide religious institution from imposing qualifications based on religion when such qualifications are related to a bona fide religious purpose or any institution from admitting students of only one sex.

It shall be an unfair or discriminatory practice for any:

1. Creditor to refuse to enter into a consumer credit transaction or impose finance charges or other terms or conditions more onerous than those regularly extended by that creditor to consumers of similar economic backgrounds because of age, color, creed, national origin, race, religion, marital status, sex, physical disability, or familial status.

3. Creditor to refuse to offer credit life or health and accident insurance because of color, creed, national origin, race, religion, marital status, age, physical disability, sex, or familial status. Refusal by a creditor to offer credit life or health and accident insurance based upon the age or physical disability of the consumer shall not be an unfair or discriminatory practice if such denial is based solely upon bona fide underwriting considerations not prohibited by title XIII, subtitle 1.

The provisions of this section shall not be construed by negative implication or otherwise to narrow or restrict any other provisions of this chapter.

a. For eighty percent occupancy by at least one person fifty-five years of age or older per unit, and providing significant facilities and services specifically designed to meet the physical or social needs of the persons and the housing facility must publish and adhere to policies and procedures which demonstrate an intent by the owner or manager to provide housing for persons fifty-five years of age or older.

216.13 Exceptions for retirement plans, abortion coverage, life, disability and health benefits.

The provisions of this chapter relating to discrimination because of age do not apply to a retirement plan or benefit system of an employer unless the plan or system is a mere subterfuge adopted for the purpose of evading this chapter.

1. However, a retirement plan or benefit system shall not require the involuntary retirement of a person under the age of seventy because of that person's age. This paragraph does not prohibit the following:

a. The involuntary retirement of a person who has attained the age of sixty-five and has for the two prior years been employed in a bona fide executive or high policy-making position and who is entitled to an immediate, nonforfeitable annual retirement benefit from a pension, profit-sharing, savings or deferred compensation plan of the employer which equals twenty-seven thousand dollars. This retirement benefit test may be adjusted according to the regulations prescribed by the United States secretary of labor pursuant to Public Law 95-256, section 3.

b. The involuntary retirement of a person covered by a collective bargaining agreement which was entered into by a labor organization and was in effect on September 1, 1977. This exemption does not apply after the termination of that agreement or January 1, 1980, whichever first occurs.

2. A health insurance program provided by an employer may exclude coverage of abortion, except where the life of the mother would be endangered if the fetus were carried to term or where medical complications have arisen from an abortion.

3. An employee welfare plan may provide life, disability or health insurance benefits which vary

by age based on actuarial differences if the employer contributes equally for all the participating employees or may provide for employer contributions differing by age if the benefits for all the participating employees do not vary by age.

216.15 Complaint — hearing.

1. Any person claiming to be aggrieved by a discriminatory or unfair practice may, in person or by an attorney, make, sign, and file with the commission a verified, written complaint which shall state the name and address of the person, employer, employment agency, or labor organization alleged to have committed the discriminatory or unfair practice of which complained, shall set forth the particulars thereof, and shall contain such other information as may be required by the commission. The commission, a commissioner, or the attorney general may in like manner make, sign, and file such complaint.

2. Any place of public accommodation, employer, labor organization, or other person who has any employees or members who refuse or threaten to refuse to comply with the provisions of this chapter may file with the commission a verified written complaint in triplicate asking the commission for assistance to obtain their compliance by conciliation or other remedial action.

3. *a.* After the filing of a verified complaint, a true copy shall be served within twenty days by certified mail on the person against whom the complaint is filed. An authorized member of the commission staff shall make a prompt investigation and shall issue a recommendation to an administrative law judge employed either by the commission or by the division of administrative hearings created by section 10A.801, who shall then issue a determination of probable cause or no probable cause.

b. For purposes of this chapter, an administrative law judge issuing a determination of probable

cause or no probable cause under this section is exempt from section 17A.17.

c. If the administrative law judge concurs with the investigating official that probable cause exists regarding the allegations of the complaint, the staff of the commission shall promptly endeavor to eliminate the discriminatory or unfair practice by conference, conciliation, and persuasion. If the administrative law judge finds that no probable cause exists, the administrative law judge shall issue a final order dismissing the complaint and shall promptly mail a copy to the complainant and to the respondent by certified mail. A finding of probable cause shall not be introduced into evidence in an action brought under section 216.16.

d. The commission staff must endeavor to eliminate the discriminatory or unfair practice by conference, conciliation, and persuasion for a period of thirty days following the initial conciliation meeting between the respondent and the commission staff after a finding of probable cause. After the expiration of thirty days, the director may order the conciliation conference and persuasion procedure provided in this section to be bypassed when the director determines the procedure is unworkable by reason of past patterns and practices of the respondent, or a statement by the respondent that the respondent is unwilling to continue with the conciliation. The director must have the approval of a commissioner before bypassing the conciliation, conference and persuasion procedure. Upon the bypassing of conciliation, the director shall state in writing the reasons for bypassing.

4. The members of the commission and its staff shall not disclose the filing of a complaint, the information gathered during the investigation, or the endeavors to eliminate such discriminatory or unfair practice by mediation, conference, conciliation, and persuasion, unless such disclosure is made in connection with the conduct of such investigation.

5. When the director is satisfied that further endeavor to settle a complaint by conference, conciliation, and persuasion is unworkable and should be bypassed, and the thirty-day period provided for in subsection 3 has expired without agreement, the director with the approval of a commissioner, shall issue and cause to be served a written notice specifying the charges in the complaint as they may have been amended and the reasons for bypassing conciliation, if the conciliation is bypassed, and requiring the respondent to answer the charges of the complaint at a hearing before the commission, a commissioner, or a person designated by the commission to conduct the hearing, hereafter referred to as the administrative law judge, and at a time and place to be specified in the notice.

6. The case in support of such complaint shall be presented at the hearing by one of the commission's attorneys or agents. The investigating offi-

cial shall not participate in the hearing except as a witness nor participate in the deliberations of the commission in such case.

7. The hearing shall be conducted in accordance with the provisions of chapter 17A for contested cases. The burden of proof in such a hearing shall be on the commission.

8. If upon taking into consideration all of the evidence at a hearing, the commission determines that the respondent has engaged in a discriminatory or unfair practice, the commission shall state its findings of fact and conclusions of law and shall issue an order requiring the respondent to cease and desist from the discriminatory or unfair practice and to take the necessary remedial action as in the judgment of the commission will carry out the purposes of this chapter. A copy of the order shall be delivered to the respondent, the complainant, and to any other public officers and persons as the commission deems proper.

a. For the purposes of this subsection and pursuant to the provisions of this chapter "remedial action" includes but is not limited to the following:

(1) Hiring, reinstatement or upgrading of employees with or without pay. Interim earned income and unemployment compensation shall operate to reduce the pay otherwise allowable.

(2) Admission or restoration of individuals to a labor organization, admission to or participation in a guidance program, apprenticeship training program, on-the-job training program or other occupational training or retraining program, with the utilization of objective criteria in the admission of individuals to such programs.

(3) Admission of individuals to a public accommodation or an educational institution.

(4) Sale, exchange, lease, rental, assignment or sublease of real property to an individual.

(5) Extension to all individuals of the full and equal enjoyment of the advantages, facilities, privileges, and services of the respondent denied to the complainant because of the discriminatory or unfair practice.

(6) Reporting as to the manner of compliance.

(7) Posting notices in conspicuous places in the respondent's place of business in form prescribed by the commission and inclusion of notices in advertising material.

(8) Payment to the complainant of damages for an injury caused by the discriminatory or unfair practice which damages shall include but are not limited to actual damages, court costs and reasonable attorney fees.

b. In addition to the remedies provided in the preceding provisions of this subsection, the commission may issue an order requiring the respondent to cease and desist from the discriminatory or unfair practice and to take such affirmative action as in the judgment of the commission will carry out the purposes of this chapter as follows:

(1) In the case of a respondent operating by virtue of a license issued by the state or a political

subdivision or agency, if the commission, upon notice to the respondent with an opportunity to be heard, determines that the respondent has engaged in a discriminatory or unfair practice and that the practice was authorized, requested, commanded, performed or knowingly or recklessly tolerated by the board of directors of the respondent or by an officer or executive agent acting within the scope of the officer's or agent's employment, the commission shall so certify to the licensing agency. Unless the commission finding of a discriminatory or unfair practice is reversed in the course of judicial review, the finding of discrimination is binding on the licensing agency. If a certification is made pursuant to this subsection, the licensing agency may initiate licensee disciplinary procedures.

(2) In the case of a respondent who is found by the commission to have engaged in a discriminatory or unfair practice in the course of performing under a contract or subcontract with the state or political subdivision or agency, if the practice was authorized, requested, commanded, performed, or knowingly or recklessly tolerated by the board of directors of the respondent or by an officer or executive agent acting within the scope of the officer's or agent's employment, the commission shall so certify to the contracting agency. Unless the commission's finding of a discriminatory or unfair practice is reversed in the course of judicial review, the finding of discrimination is binding on the contracting agency.

(3) Upon receiving a certification made under this subsection, a contracting agency may take appropriate action to terminate a contract or portion thereof previously entered into with the respondent, either absolutely or on condition that the respondent carry out a program of compliance with the provisions of this chapter; and assist the state and all political subdivisions and agencies thereof to refrain from entering into further contracts.

c. The election of an affirmative order under paragraph "b" of this subsection shall not bar the election of affirmative remedies provided in paragraph "a" of this subsection.

9. The terms of a conciliation or mediation agreement reached with the respondent may require the respondent to refrain in the future from committing discriminatory or unfair practices of the type stated in the agreement, to take remedial action as in the judgment of the commission will carry out the purposes of this chapter, and to consent to the entry in an appropriate district court of a consent decree embodying the terms of the conciliation or mediation agreement. Violation of such a consent decree may be punished as contempt by the court in which it is filed, upon a showing by the commission of the violation at any time within six months of its occurrence. At any time in its discretion, the commission may investigate whether the terms of the agreement are being complied with by the respondent.

Upon a finding that the terms of the conciliation or mediation agreement are not being complied with by the respondent, the commission shall take appropriate action to assure compliance.

10. If, upon taking into consideration all of the evidence at a hearing, the commission finds that a respondent has not engaged in any such discriminatory or unfair practice, the commission shall issue an order denying relief and stating the findings of fact and conclusions of the commission, and shall cause a copy of the order dismissing the complaint to be served by certified mail on the complainant and the respondent.

11. The commission shall establish rules to govern, expedite, and effectuate the procedures established by this chapter and its own actions thereunder.

12. A claim under this chapter shall not be maintained unless a complaint is filed with the commission within one hundred eighty days after the alleged discriminatory or unfair practice occurred.

13. The commission or a party to a complaint may request mediation of the complaint at any time during the commission's processing of the complaint. If the complainant and respondent participate in mediation, any mediation agreement may be enforced pursuant to this section. Mediation may be discontinued at the request of any party or the commission.

216.15A Additional proceedings — housing discrimination.

1. *a.* The commission may join a person not named in the complaint as an additional or substitute respondent if in the course of the investigation, the commission determines that the person should be alleged to have committed a discriminatory housing or real estate practice.

b. In addition to the information required in the notice, the commission shall include in a notice to a respondent joined under this subsection an explanation of the basis for the determination under this subsection that the person is properly joined as a respondent.

2. *a.* The commission shall, during the period beginning with the filing of a complaint and ending with the filing of a charge or a dismissal by the commission, to the extent feasible, engage in mediation with respect to the complaint.

b. A mediation agreement is an agreement between a respondent and the complainant and is subject to commission approval.

c. A mediation agreement may provide for binding arbitration or other method of dispute resolution. Dispute resolution that results from a

mediation agreement may authorize appropriate relief, including monetary relief.

d. A mediation agreement shall be made public unless the complainant and respondent agree otherwise, and the commission determines that disclosure is not necessary to further the purposes of this chapter relating to unfair or discriminatory practices in housing or real estate.

e. The proceedings or results of mediation shall not be made public or used as evidence in a subsequent proceeding under this chapter without the written consent of the persons who are party to the mediation.

f. After the completion of the commission's investigation, the commission shall make available to the aggrieved person and the respondent information derived from the investigation and the final investigation report relating to that investigation.

g. When the commission has reasonable cause to believe that a respondent has breached a mediation agreement, the commission shall refer this matter to an assistant attorney general with a recommendation that a civil action be filed for the enforcement of the agreement. The assistant attorney general may commence a civil action in the appropriate district court not later than the expiration of ninety days after referral of the breach.

3. *a.* If the commission concludes, following the filing of a complaint, that prompt judicial action is necessary to carry out the purposes of this chapter relating to unfair or discriminatory housing or real estate practices, the commission may authorize a civil action for appropriate temporary or preliminary relief pending final disposition of the complaint.

b. On receipt of the commission's authorization, the attorney general shall promptly file the action.

c. A temporary restraining order or other order granting preliminary or temporary relief under this section is governed by the applicable Iowa rules of civil procedure.

d. The filing of a civil action under this section does not affect the initiation or continuation of administrative proceedings in regard to an administrative hearing.

4. *a.* The commission shall prepare a final investigative report.

b. A final report under this section may be amended by the commission if additional evidence is discovered.

5. *a.* The commission shall determine based on the facts whether probable cause exists to believe that a discriminatory housing or real estate practice has occurred or is about to occur.

b. The commission shall make its determination under paragraph "a" not later than one hundred days after a complaint is filed unless any of the following applies:

(1) It is impracticable to make the determination within that time period.

(2) The commission has approved a mediation agreement relating to the complaint.

c. If it is impracticable to make the determination within the time period provided by paragraph "b", the commission shall notify the complainant and respondent in writing of the reasons for the delay.

d. If the commission determines that probable cause exists to believe that a discriminatory housing or real estate practice has occurred or is about to occur, the commission shall immediately issue a determination unless the commission determines that the legality of a zoning or land use law or ordinance is involved as provided in subsection 7.

6. a. A determination issued under subsection 5 must include all of the following:

(1) Must consist of a short and plain statement of the facts on which the commission has found probable cause to believe that a discriminatory housing or real estate practice has occurred or is about to occur.

(2) Must be based on the final investigative report.

(3) Need not be limited to the facts or grounds alleged in the complaint.

b. Not later than twenty days after the commission issues a determination, the commission shall send a copy of the determination with information concerning the election under section 216.16A to all of the following persons:

(1) Each respondent, together with a notice of the opportunity for a hearing as provided under subsection 10.

(2) Each aggrieved person on whose behalf the complaint was filed.

7. If the commission determines that the matter involves the legality of a state or local zoning or other land use ordinance, the commission shall not issue a determination and shall immediately refer the matter to the attorney general for appropriate action.

8. a. If the commission determines that no probable cause exists to believe that a discriminatory housing or real estate practice has occurred or is about to occur, the commission shall promptly dismiss the complaint.

b. The commission shall make public disclosure of each dismissal under this section.

9. The commission shall not issue a determination under this section regarding an alleged discriminatory housing or real estate practice after the beginning of the trial of a civil action commenced by the aggrieved party under federal or state law seeking relief with respect to that discriminatory housing or real estate practice.

10. a. If a timely election is not made under section 216.16A, the commission shall provide for a hearing on the charges in the complaint.

b. Except as provided by paragraph "c", the hearing shall be conducted in accordance with chapter 17A for contested cases.

c. A hearing under this section shall not be continued regarding an alleged discriminatory housing or real estate practice after the beginning of the trial of a civil action commenced by the aggrieved person under federal or state law seeking relief with respect to that discriminatory housing or real estate practice.

11. a. If the commission determines at a hearing under subsection 10 that a respondent has engaged or is about to engage in a discriminatory housing or real estate practice, the commission may order the appropriate relief, including actual damages, reasonable attorney's fees, court costs, and other injunctive or equitable relief.

b. To vindicate the public interest, the commission may assess a civil penalty against the respondent in an amount that does not exceed the following applicable amount:

(1) Ten thousand dollars if the respondent has not been adjudged by the order of the commission or a court to have committed a prior discriminatory housing or real estate practice.

(2) Except as provided by paragraph "c", twenty-five thousand dollars if the respondent has been adjudged by order of the commission or a court to have committed one other discriminatory housing or real estate practice during the five-year period ending on the date of the filing of the complaint.

(3) Except as provided by paragraph "c", fifty thousand dollars if the respondent has been adjudged by order of the commission or a court to have committed two or more discriminatory housing or real estate practices during the seven-year period ending on the date of the filing of the complaint.

c. If the acts constituting the discriminatory housing or real estate practice that is the object of the complaint are committed by the same natural person who has been previously adjudged to have committed acts constituting a discriminatory housing or real estate practice, the civil penalties in paragraph "b", subparagraphs (2) and (3) may be imposed without regard to the period of time within which any other discriminatory housing or real estate practice occurred.

d. At the request of the commission, the attorney general shall initiate legal proceedings to recover a civil penalty due under this section. Funds collected under this section shall be paid to the treasurer of state for deposit in the state treasury to the credit of the general fund.

12. This section applies only to the following:

a. Complaints which allege a violation of the prohibitions contained in section 216.8 or 216.8A.

b. Complaints which allege a violation of section 216.11 or 216.11A arising out of alleged violations of the prohibitions contained in section 216.8 or 216.8A.

13. If a provision of section 216.15A applies under the terms of section 216.15A, subsection 12, and the provision of section 216.15A conflicts with

a provision of section 216.15, then the provision contained within section 216.15A shall prevail. Similarly, if a provision of section 216.16A or 216.17A conflicts with a provision of section 216.16 or 216.17, then the provision contained in section 216.16A or 216.17A shall prevail.

216.16 Sixty-day administrative release.

1. A person claiming to be aggrieved by an unfair or discriminatory practice must initially seek an administrative relief by filing a complaint with the commission in accordance with section 216.15. This provision also applies to persons claiming to be aggrieved by an unfair or discriminatory practice committed by the state or an agency or political subdivision of the state, notwithstanding the terms of the Iowa administrative procedure Act. A complainant after the proper filing of a complaint with the commission, may subsequently commence an action for relief in the district court if all of the following conditions have been satisfied:

a. The complainant has timely filed the complaint with the commission as provided in section 216.15, subsection 12; and

b. The complaint has been on file with the commission for at least sixty days and the commission has issued a release to the complainant pursuant to subsection 2 of this section.

2. Upon a request by the complainant, and after the expiration of sixty days from the timely filing of a complaint with the commission, the commission shall issue to the complainant a release stating that the complainant has a right to commence an action in the district court. Notwithstanding section 216.15, subsection 4, a party may obtain a copy of all documents contained in a case file where the commission has issued a release to the complainant pursuant to this subsection.

3. An action authorized under this section is barred unless commenced within ninety days after issuance by the commission of a release under subsection 2 of this section. If a complainant obtains a release from the commission under subsection 2 of this section, the commission is barred from further action on that complaint.

4. Venue for an action under this section shall be in the county in which the respondent resides or has its principal place of business, or in the county in which the alleged unfair or discriminatory practice occurred.

5. The district court may grant any relief in an action under this section which is authorized by section 216.15, subsection 8 to be issued by the commission. The district court may also award the respondent reasonable attorney's fees and court costs when the court finds that the complainant's action was frivolous.

6. It is the legislative intent of this chapter that every complaint be at least preliminarily screened during the first one hundred twenty days.

This section does not authorize administrative closures if an investigation is warranted.

2. *a.* An aggrieved person may file a civil action in district court not later than two years after the occurrence of the termination of an alleged discriminatory housing or real estate practice, or the breach of a mediation agreement entered into under this chapter, whichever occurs last, to obtain appropriate relief with respect to the discriminatory housing or real estate practice or breach.

b. The two-year period does not include any time during which an administrative hearing under this chapter is pending with respect to a complaint or charge based on the discriminatory housing or real estate practice. This subsection does not apply to actions arising from a breach of a mediation agreement.

c. An aggrieved person may file an action under this subsection whether or not a discriminatory housing or real estate complaint has been filed under section 216.15, and without regard to the status of any discriminatory housing or real estate complaint filed under that section.

1. Judicial review of the actions of the commission may be sought in accordance with the terms of the Iowa administrative procedure Act. Notwithstanding the terms of said Act, petition for judicial review may be filed in the district court in which an enforcement proceeding under subsection 2 may be brought.

For purposes of the time limit for filing a petition for judicial review under the Iowa administrative procedure Act, specified by section 17A.19, the issuance of a final decision of the commission un-

der this chapter occurs on the date notice of the decision is mailed by certified mail, to the parties.

Notwithstanding the time limit provided in section 17A.19, subsection 3, a petition for judicial review of no-probable-cause decisions and other final agency actions which are not of general applicability must be filed within thirty days of the issuance of the final agency action.

2. The commission may obtain an order of court for the enforcement of commission orders in a proceeding as provided in this section. Such an enforcement proceeding shall be brought in the district court of the district in the county in which the alleged discriminatory or unfair practice which is the subject of the commission's order was committed, or in which any respondent required in the order to cease or desist from a discriminatory or unfair practice or to take other affirmative action, resides, or transacts business.

3. Such an enforcement proceeding shall be initiated by the filing of a petition in such court and the service of a copy thereof upon the respondent. Thereupon the commission shall file with the court a transcript of the record of the hearing before it. The court shall have power to grant such temporary relief or restraining order as it deems just and proper, and to make and enter upon the pleadings, testimony, and proceedings set forth in such transcript an order enforcing, modifying, and enforcing as so modified, or setting aside the order of the commission, in whole or in part.

4. An objection that has not been urged before the commission shall not be considered by the court in an enforcement proceeding, unless the failure or neglect to urge such objection shall be excused because of extraordinary circumstances.

5. Any party to the enforcement proceeding may move the court to remit the case to the commission in the interests of justice for the purpose of adducing additional specified and material evidence and seeking findings thereof, providing such party shall show reasonable grounds for the failure to adduce such evidence before the commission.

6. In the enforcement proceeding the court shall determine its order on the same basis as it would in a proceeding reviewing commission action under section 17A.19.

7. The commission's copy of the testimony shall be available to all parties for examination at all reasonable times, without cost, and for the purpose of judicial review of the commission's orders.

8. The commission may appear in court by its own attorney.

9. Petitions filed under this section shall be heard expeditiously and determined upon the transcript filed without requirement for printing.

10. If no proceeding to obtain judicial review is instituted within thirty days from the issuance of an order of the commission under section 216.15 or 216.15A, the commission may obtain an order of the court for the enforcement of the order upon

showing that respondent is subject to the jurisdiction of the commission and resides or transacts business within the county in which the petition for enforcement is brought.

2. 8. *a.* On the request of the commission, the attorney general may intervene in an action under section 216.16A, subsection 2, if the commission certifies that the case is of general public importance.

b. The attorney general may obtain the same relief available to the attorney general under subsection 9.

9. *a.* On the request of the commission, the attorney general may file a civil action in district court for appropriate relief if the commission has reasonable cause to believe that any of the following applies:

216.19 Local laws implementing this chapter.

Nothing in this chapter shall be construed as indicating an intent on the part of the general assembly to occupy the field in which this chapter operates to the exclusion of local laws not inconsistent with this chapter that deal with the same subject matter.

Nothing in this chapter shall be construed as indicating an intent to prohibit an agency or commission of local government having as its purpose the investigation and resolution of violations of this chapter from developing procedures and remedies necessary to insure the protection of rights secured by this chapter. All cities shall, to the extent possible, protect the rights of the citizens of this state secured by the Iowa civil rights Act. Nothing in this chapter shall be construed as limiting a city or local government from enacting any ordinance or other law which prohibits broader or different categories of unfair or discriminatory practices.

An agency or commission of local government and the Iowa civil rights commission shall cooperate in the sharing of data and research, and

co-ordinating investigations and conciliations in order to expedite claims of unlawful discrimination and eliminate needless duplication. A city with a population of twenty-nine thousand, or greater, shall maintain an independent local civil rights agency or commission consistent with commission rules adopted pursuant to chapter 17A. An agency or commission for which a staff is provided shall have control over such staff. A city required to maintain a local civil rights agency or commission shall structure and adequately fund the agency or commission in order to effect cooperative undertakings with the Iowa civil rights commission and to aid in effectuating the purposes of this chapter. The Iowa civil rights commission may enter into cooperative agreements with any local agency or commission to effectuate the purposes of this chapter. Such agreements may include technical and clerical assistance and reimbursement of expenses incurred by the local agency or commission in the performance of the agency's or commission's duties if funds for this purpose are appropriated by the general assembly.

The Iowa civil rights commission may designate an unfunded local agency or commission as a referral agency. A local agency or commission shall not be designated a referral agency unless the ordinance creating it provides the same rights and remedies as are provided in this chapter. The Iowa civil rights commission shall establish by rules the procedures for designating a referral agency and the qualifications to be met by a referral agency.

A complainant who files a complaint with a referral agency having jurisdiction shall be prohibited from filing a complaint with the Iowa civil rights commission alleging violations based upon the same acts or practices cited in the original complaint; and a complainant who files a complaint with the commission shall be prohibited from filing a complaint with the referral agency alleging violations based upon the same acts or practices cited in the original complaint. However, the Iowa civil rights commission in its discretion may refer a complaint filed with the commission to a referral agency having jurisdiction over the parties for investigation and resolution; and a referral agency in its discretion may refer a complaint filed with that agency to the commission for investigation and resolution. The commission may adopt rules establishing the procedures for referral of complaints. A referral agency may refuse to accept a case referred to it by the Iowa civil rights commission if the referral agency is unable to effect proper administration of the complaint. It shall be the burden of the referral agency to demonstrate that it is unable to properly administer that complaint.

A final decision by a referral agency shall be subject to judicial review as provided in section 216.17 in the same manner and to the same extent as a final decision of the Iowa civil rights commission.

The referral of a complaint by the Iowa civil rights commission to a referral agency or by a referral agency to the Iowa civil rights commission shall not affect the right of a complainant to commence an action in the district court under section 216.16.

b. By July 1, 1995, a minimum of ten percent of the purchases of garbage can liners made by the commission shall be plastic garbage can liners with recycled content. The percentage purchased shall increase by ten percent annually until fifty percent of the purchases of garbage can liners are plastic garbage can liners with recycled content.

c. By July 1, 1993, one hundred percent of the purchases of inks, other than inks which are used for newsprint printing services, and which are used internally or contracted for by the commission, shall be soybean-based to the extent formulations for such inks are available.

d. The commission shall report to the general assembly on February 1 of each year, the following:

(1) A listing of plastic products which are regularly purchased by the commission for which recycled content product alternatives are available, including the cost of the plastic products purchased and the cost of the recycled content product alternatives.

(2) Information relating to soybean-based inks and plastic garbage can liners with recycled content regularly purchased by the commission, including the cost of purchasing soybean-based inks and plastic garbage can liners with recycled content and the percentages of soybean-based inks and plastic garbage can liners with recycled content that have been purchased.

e. The department of natural resources shall review the procurement specifications currently used by the commission to eliminate, wherever possible, discrimination against the procurement

of products manufactured with recycled content and soybean-based inks.

f. The department of natural resources shall assist the commission in locating suppliers of products with recycled content and soybean-based inks, and collecting data on recycled content and soybean-based ink purchases.

g. The commission, in conjunction with the department of natural resources, shall adopt rules to carry out the provisions of this section.

h. The department of natural resources shall cooperate with the commission in all phases of implementing this section.

13. The commission shall, whenever technically feasible, purchase and use degradable loose foam packing material manufactured from grain starches or other renewable resources, unless the cost of the packing material is more than ten percent greater than the cost of packing material made from nonrenewable resources. For the purposes of this subsection, "packing material" means material, other than an exterior packing shell, that is used to stabilize, protect, cushion, or brace the contents of a package.

14. Purchase and use recycled printing and writing paper in accordance with the schedule established in section 18.18; establish a wastepaper recycling program, by January 1, 1990, in accordance with the recommendations made by the department of natural resources and requirements of section 18.20; and, in accordance with section 18.6, require product content statements and compliance with requirements regarding contract bidding.

The department may apply for federal funds to support the service. The program shall be limited in scope by the availability of funds.

16. *a.* A motor vehicle purchased by the commission shall not operate on gasoline other than gasoline blended with at least ten percent ethanol. A state issued credit card used to purchase gasoline shall not be valid to purchase gasoline other than gasoline blended with at least ten percent ethanol. The motor vehicle shall also be affixed with a brightly visible sticker which notifies the traveling public that the motor vehicle is being operated on gasoline blended with ethanol. However, the sticker is not required to be affixed to an unmarked vehicle used for purposes of providing law enforcement or security.

b. Of all new passenger vehicles and light pickup trucks purchased by the commission, a minimum of ten percent of all such vehicles and trucks purchased shall be equipped with engines which utilize alternative methods of propulsion, including but not limited to any of the following:

(1) A flexible fuel which is either of the following:

- (2) Compressed or liquefied natural gas.
- (3) Propane gas.
- (4) Solar energy.

216E.1 Definitions.

As used in this chapter, unless the context otherwise provides:

1. “*Assistive device*” means any item, piece of equipment, or product system which is purchased, or whose transfer is accepted in this state, and which is used to increase, maintain, or improve the functional capabilities of individuals with disabilities concerning a major life activity as defined in section 225C.46. “*Assistive device*” does not mean any medical device, surgical device, or organ implanted or transplanted into or attached directly to an individual. “*Assistive device*” does not mean any device for which a certificate of title is issued by the state department of transportation but does mean any item, piece of equipment, or product system otherwise meeting the definition of “*assistive device*” that is incorporated, attached, or included as a modification in or to such a certificated device.

2. “*Assistive device dealer*” means a person who is in the business of selling assistive devices.

3. “*Assistive device lessor*” means a person who leases assistive devices to consumers, or who holds the lessor’s rights, under a written lease.

4. “*Collateral costs*” means expenses incurred by a consumer in connection with the repair of a nonconformity, including the cost of shipping, sales tax, and of obtaining an alternative assistive device.

5. “*Consumer*” means any one of the following:

a. The purchaser of an assistive device, if the assistive device was purchased from an assistive device dealer or manufacturer for purposes other than resale.

b. A person to whom the assistive device is transferred for purposes other than resale, if the transfer occurs before the expiration of an express warranty applicable to the assistive device.

c. A person who may enforce the warranty.

d. A person who leases an assistive device from an assistive device lessor under a written lease.

6. “*Demonstrator*” means an assistive device used primarily for the purpose of demonstration to the public.

7. “*Early termination costs*” means any expense or obligation that an assistive device lessor incurs as a result of both the termination of a written lease before the termination date set forth in the lease and the return of an assistive device to the manufacturer. “*Early termination costs*” includes a penalty for prepayment under a finance arrangement.

8. “*Early termination savings*” means any expense or obligation that an assistive device lessor avoids as a result of both the termination of a written lease before the termination date set forth in the lease and the return of an assistive device to a manufacturer which shall include an interest charge that the assistive device lessor would have

paid to finance the assistive device or, if the assistive device lessor does not finance the assistive device, the difference between the total payments remaining for the period of the lease term remaining after the early termination and the present value of those remaining payments at the date of the early termination.

9. “*Loaner*” means an assistive device, provided free of charge to the consumer, for use by the consumer, that need not be new or be identical to, or have functional capabilities equal to or greater than, those of the original assistive device, but that meets all of the following conditions:

a. The loaner is in good working order.

b. The loaner performs, at a minimum, the most essential functions of the original assistive device, in light of the disabilities of the consumer.

c. Any differences between the loaner and the original assistive device do not create a threat to the consumer’s health or safety.

10. “*Manufacturer*” means a person who manufactures or assembles assistive devices and agents of that person, including an importer, a distributor, a factory branch, distributor branch, and any warrantors of the assistive device, but does not include an assistive device dealer or assistive device lessor.

11. “*Nonconformity*” means any defect, malfunction, or condition which substantially impairs the use, value, or safety of an assistive device or any of its component parts, but does not include a condition, defect, or malfunction that is the result of abuse, neglect, or unauthorized modification or alteration of the assistive device by the consumer.

12. “*Reasonable attempt to repair*” means any of the following occurring within the terms of an express warranty applicable to a new assistive device or within one year after first delivery of the assistive device to a consumer, whichever is sooner:

a. The manufacturer, assistive device lessor, or any of the manufacturer’s authorized assistive device dealers accepts return of the new assistive device for repair at least two times.

b. The manufacturer, assistive device lessor, or any of the manufacturer’s authorized assistive device dealers places the assistive device out of service for an aggregate of at least thirty cumulative days because of warranty nonconformities.

98 Acts, ch 1042, §1

216E.2 Express warranties.

1. A manufacturer or assistive device lessor who sells or leases an assistive device to a consumer, either directly or through an assistive device dealer, shall furnish the consumer with an express warranty for the assistive device, warranting the assistive device to be free of any nonconformity. The duration of the express warranty shall be not less than one year after first delivery of the assistive device to the consumer. If a manufacturer fails to furnish an express warranty as required by

this section, the assistive device shall be covered by an express warranty as if the manufacturer had furnished an express warranty to the consumer as required by this section.

2. An express warranty does not take effect until the consumer takes possession of the new assistive device.

98 Acts, ch 1042, §2

216E.3 Assistive device replacement or refund.

1. If an assistive device does not conform to an applicable express warranty and the consumer reports the nonconformity to the manufacturer, the assistive device lessor, or any of the manufacturer's authorized assistive device dealers, and makes the assistive device available for repair before one year after first delivery of the device to the consumer or within the period of the express warranty if the warranty is longer than one year, a reasonable attempt to repair the nonconformity shall be made.

2. If, after a reasonable attempt to repair, the nonconformity is not repaired, the manufacturer shall carry out the requirements of either paragraph "a" or "b" upon the request of a consumer.

a. The manufacturer shall provide for a refund by doing one of the following:

(1) If the assistive device was purchased by the consumer, accept return of the assistive device and refund to the consumer and to any holder of perfected security interest in the consumer's assistive device, as the holder's interest may appear, the full purchase price plus any finance charge paid by the consumer at the point of sale and collateral costs, less a reasonable allowance for use.

(2) If the assistive device was leased by the consumer, accept return of the assistive device, refund to the assistive device lessor and to any holder of a perfected security interest in the assistive device, as the holder's interest may appear, the current value of the written lease and refund to the consumer the amount that the consumer paid under the written lease plus any collateral costs, less a reasonable allowance for use. The manufacturer shall have a cause of action against the dealer or lessor for reimbursement of any amount that the manufacturer pays to a consumer which exceeds the net price received by the manufacturer for the assistive device.

b. The manufacturer shall provide a comparable new assistive device or offer a refund to the consumer if the consumer does any one of the following:

(1) Offers to transfer possession of the assistive device to the manufacturer. No later than thirty days after that offer, the manufacturer shall provide the consumer with the comparable new assistive device or a refund. When the manufacturer provides the new assistive device or refund,

the consumer shall return the assistive device having the nonconformity to the manufacturer, along with any endorsements necessary to transfer legal possession to the manufacturer.

(2) Offers to return the assistive device to the manufacturer. No later than thirty days after the offer, the manufacturer shall provide a refund to the consumer. When the manufacturer provides a refund, the consumer shall return the assistive device having the nonconformity to the manufacturer.

(3) Offers to transfer possession of a leased assistive device to the manufacturer. No later than thirty days after the offer, the manufacturer shall provide a refund to the assistive device lessor. When the manufacturer provides the refund, the assistive device lessor shall provide to the manufacturer any endorsements necessary to transfer legal possession to the manufacturer.

3. Under the provisions of this section, the current value of the written lease equals the total amount for which that lease obligates the consumer during the period of the lease remaining after its early termination, plus the assistive device lessor's early termination costs and the value of the assistive device at the lease expiration date if the lease sets forth that value, less the assistive device lessor's early termination savings.

4. Under the provisions of this section, a reasonable allowance for use shall not exceed the amount obtained by multiplying the total amount for which the written lease obligates the consumer by a fraction, the denominator of which is one thousand eight hundred twenty-five and the numerator of which is the number of days that the consumer used the assistive device before first reporting the nonconformity to the manufacturer, assistive device lessor, or assistive device dealer.

5. A person shall not enforce a lease against a consumer after the consumer receives a refund.

98 Acts, ch 1042, §3

216E.4 Manufacturer's duty to provide reimbursement or a loaner for temporary replacement of assistive devices — penalties.

1. Whenever an assistive device covered by a manufacturer's express warranty is tendered by a consumer to the dealer from whom the assistive device was purchased or exchanged for the repair of any defect, malfunction, or nonconformity to which the warranty is applicable, the manufacturer shall provide the consumer, at the consumer's choice, for the duration of the repair period, either a rental assistive device reimbursement of up to twenty dollars per day, or a loaner, without cost to the consumer, if a loaner is reasonably available or obtainable by the manufacturer, assistive device lessor, or assistive device dealer, if any of the following applies:

a. The repair period exceeds ten working days, including the day on which the device is tendered to the manufacturer or an assistive device dealer

designated by the manufacturer for repairs. If the assistive device dealer does not tender the assistive device to the manufacturer in a timely enough manner for the manufacturer to make the repairs within ten days, the manufacturer shall have a cause of action against the assistive device dealer for reimbursement of any penalties that the manufacturer must pay.

218.58 Construction, repair, and improvement projects — emergencies — rules.

The department shall work with the department of general services to accomplish the following responsibilities:

1. The department shall prepare and submit to the director of the department of management, as provided in section 8.23, a multiyear construction program including estimates of the expenditure requirements for the construction, repair, or improvement of buildings, grounds, or equipment at the institutions listed in section 218.1.

2. The director shall have plans and specifications prepared by the department of general services for authorized construction, repair, or improvement projects costing over twenty-five thousand dollars. An appropriation for a project shall not be expended until the department of general services has adopted plans and specifications and has completed a detailed estimate of the cost of the project, prepared under the supervision of a registered architect or registered professional engineer. Plans and specifications shall not be adopted and a project shall not proceed if the project would require an expenditure of money in excess of the appropriation.

3. The department of general services shall let all contracts under chapter 18 for authorized

construction, repair, or improvement of departmental buildings, grounds, or equipment.

4. If the director of the department of human services and the director of the department of general services determine that emergency repairs or improvements estimated to cost more than twenty-five thousand dollars are necessary to assure the continued operation of a departmental institution, the requirements of subsections 2 and 3 for preparation of plans and specifications and competitive procurement procedures are waived. A determination of necessity for waiver by the director of the department of human services and the director of the department of general services shall be in writing and shall be entered in the project record for emergency repairs or improvements. Emergency repairs or improvements shall be accomplished using plans and specifications and competitive procurement procedures to the greatest extent possible, considering the necessity for rapid completion of the project. A waiver of the requirements of subsections 2 and 3 does not authorize an expenditure in excess of an amount otherwise authorized for the repair or improvement.

5. A claim for payment relating to a project shall be itemized on a voucher pursuant to section 421.40, certified by the claimant and the architect or engineer in charge, and audited and approved by the department of general services. Upon approval by the department of general services, the voucher shall be forwarded to the director of revenue and finance, who shall draw a warrant to be paid by the treasurer of state from funds appropriated for the project. A partial payment made before completion of the project does not constitute final acceptance of the work or a waiver of any defect in the work.

6. Subject to the prior approval of the administrator in control of a departmental institution, minor projects costing five thousand dollars or less may be authorized and completed by the executive head of the institution through the use of day labor. A contract is not required if a minor project is to be completed with the use of resident labor.

CHAPTER 221

INTERSTATE MENTAL HEALTH COMPACT

221.1 Mental health compact enacted.

221.2 Administrator.

221.3 Supplementary agreements.

221.4 Payments.

221.5 Consultation.

221.6 Distribution of compact.

221.1 Mental health compact enacted.

The interstate compact on mental health is hereby enacted into law and entered into by this state with all other states legally joining therein in the form substantially as follows:

The contracting states solemnly agree that:

ARTICLE I

The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by co-operative action, to the benefit of the patients, their families, and

society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to estab-

lish the responsibilities of the party states in terms of such welfare.

ARTICLE II

As used in this compact:

a. "Sending state" shall mean a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent.

b. "Receiving state" shall mean a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent.

c. "Institution" shall mean any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency.

d. "Patient" shall mean any person subject to or eligible as determined by the laws of the sending state, for institutionalization or other care, treatment, or supervision pursuant to the provisions of this compact.

e. "After-care" shall mean care, treatment and services provided a patient, as defined herein, on convalescent status or conditional release.

f. "Mental illness" shall mean mental disease to such extent that a person so afflicted requires care and treatment for the person's own welfare, or the welfare of others, or of the community.

g. "Mental deficiency" shall mean mental deficiency as defined by appropriate clinical authorities to such extent that a person so afflicted is incapable of managing the person and the person's affairs, but shall not include mental illness as defined herein.

h. "State" shall mean any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

ARTICLE III

a. Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, the person shall be eligible for care and treatment in an institution in that state irrespective of the person's residence, settlement or citizenship qualifications.

b. The provisions of paragraph "a" of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this paragraph shall include the patient's full record with due regard for the location of the patient's family, character of the illness and

probable duration thereof, and such other factors as shall be considered appropriate.

c. No state shall be obliged to receive any patient pursuant to the provisions of paragraph "b" of this article unless the sending state has given advance notice of its intention to send the patient; furnished all available medical and other pertinent records concerning the patient; given the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish; and unless the receiving state shall agree to accept the patient.

d. In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that the interstate patient would be taken if the interstate patient were a local patient.

e. Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

ARTICLE IV

a. Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive after-care or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that after-care in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such after-care in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient's intended place of residence and the identity of the person in whose charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

b. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby, and if the public safety would not be jeopardized thereby, the patient may receive after-care or supervision in the receiving state.

c. In supervising, treating, or caring for a patient on after-care pursuant to the terms of this ar-

ticle, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local patients.

ARTICLE V

Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escape in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, the patient shall be detained in the state where found pending disposition in accordance with law.

ARTICLE VI

The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this compact through any and all states party to this compact, without interference.

ARTICLE VII

a. No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

b. The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two or more party states may, by making a specific agreement for that purpose, arrange for a different allocation of costs as among themselves.

c. No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

d. Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

e. Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a nonparty state relating to institutionalization, care or treatment of the mentally ill or mentally deficient, or any statutory authority pursuant to which such agreements may be made.

ARTICLE VIII

a. Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any patient's guardian on the guardian's own behalf or in respect of any patient for whom the guardian may serve, except that where the transfer of any patient to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of power and responsibility to whatever extent shall be appropriate in the circumstances; provided, however, that in the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue the guardian's power and responsibility, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

b. The term "guardian" as used in paragraph "a" of this article shall include any guardian, trustee, legal committee, conservator, or other person or agency however denominated who is charged by law with power to act for or responsibility for the person or property of a patient.

ARTICLE IX

a. No provision of this compact except article V shall apply to any person institutionalized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to incarceration in a penal or correctional institution.

b. To every extent possible, it shall be the policy of states party to this compact that no patient shall be placed or detained in any prison, jail or lockup, but such patient shall, with all expedition, be taken to a suitable institutional facility for mental illness or mental deficiency.

ARTICLE X

a. Each party state shall appoint a "compact administrator" who, on behalf of the compact administrator's state, shall act as general co-ordinator of activities under the compact in the administrator's state and who shall receive copies of all re-

ports, correspondence, and other documents relating to any patient processed under the compact by the administrator's state either in the capacity of sending or receiving state. The compact administrator or the administrator's duly designated representative shall be the official with whom other party states shall deal in any matter relating to the compact or any patient processed thereunder.

b. The compact administrators of the respective party states shall have power to promulgate reasonable rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE XI

The duly constituted administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or co-operative basis whenever the states concerned shall find that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

ARTICLE XII

This compact shall enter into full force and effect as to any state when enacted by it into law and such state shall thereafter be a party thereto with any and all states legally joining therein.

ARTICLE XIII

a. A state party to this compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal shall take effect one year after notice thereof has been communicated officially and in writing to the governors and compact administrators of all other party states. However, the withdrawal of any state shall not change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of the compact.

b. Withdrawal from any agreement permitted by article VII "b" as to costs or from any supplementary agreement made pursuant to article XI shall be in accordance with the terms of such agreement.

ARTICLE XIV

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the Constitution

of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the Constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.
