The articles of incorporation shall be executed for and on behalf of each incorporating unit by the following officers:

The ballot shall state the amount of the bonds and the purposes for which the authority is incorporated. Registered voters of the city and the unincorporated area of the county shall be entitled to vote on the question. The question may be submitted at a general election or at a special election. 12. The resolution shall set out the limit of the cost of the project, including the cost of acquiring

and preparing the site, determine the period of usefulness and fix the amount of revenue bonds to be issued, the date or dates of maturity, the dates on which interest is payable, the sinking fund provisions, and all other details in connection with the bonds. The board shall determine and fix the rate of interest of any revenue bonds issued, in a resolution adopted by the board prior to the issuance. The board of commissioners may provide for the registration of bonds in the name of the owner as to the principal alone or as to both principal and interest upon terms and conditions the board determines. All bonds issued by an authority shall be sold at a price so that the interest cost to the commission of the proceeds of the bonds shall not exceed that permitted by chapter 74A, payable semiannually, computed to maturity, and shall be sold in the manner and at the time the board of commissioners determines.

15. Bonds issued by an authority, and the interest thereon, shall be payable solely from the revenues derived from the operation, management, or use of the buildings acquired or to be acquired by the authority, which revenues shall include payments received under any leases or other contracts for the use of the buildings. Bonds shall recite that the principal and interest thereon are payable only from the revenues pledged, and shall state on their face that they are not an indebtedness of the authority or a claim against the property of the authority.

16. Bonds shall be executed in the name of the commission by the chairperson of the board of commissioners or by another officer of the commission as the board, by resolution, may direct, and be attested by the secretary, or by another officer of the commission as the board, by resolution, may direct, and shall be sealed with the commission's corporate seal. In its discretion, the authority may issue refunding bonds to refund its bonds prior to their maturity, refund its outstanding matured bonds, refund matured coupons evidencing interest upon its outstanding bonds, refund interest at the coupon rate that has accrued upon its outstanding matured bonds, and refund its bonds which by their terms are subject to call or redemption before maturity. All bonds redeemed or purchased shall be canceled.

18. The board of commissioners, in a resolution, may provide for other accounts as necessary for the sale of the bonds. Moneys in the accounts shall be applied in the manner provided by the resolution, the trust agreement, or other contract with the bondholders.

20. No such bonds shall constitute a debt of the authority or of any public body within the meaning of any statutory or constitutional limitation as to debt.

annual tax sufficient to pay the annual rent payable under the lease as and when it becomes due and payable. The tax shall be levied and collected in like manner with the other taxes of the incorporating unit and shall be in addition to all other taxes authorized to be levied by that incorporating unit. This tax shall not be included within and shall be in addition to any statutory limitation of rate or amount for that incorporating unit. The fund realized from the tax levy shall be set aside for the payment of the annual rent and shall not be disbursed for any other purpose until the annual rental has been paid in full.

23. All leases, contracts, deeds of conveyance, bonds, or other instruments in writing on behalf of the authority, shall be executed in the name of the authority by the chairperson and secretary of the authority, or by other officers as the board of commissioners, by resolution, directs, and the seal of the authority shall be affixed.

25. When all bonds issued by an authority have been retired, the authority may convey the title to the property owned by the authority to the incorporating units in accordance with the provisions contained in the articles of incorporation. If articles of incorporation do not exist, the conveyance may be made in accordance with any agreement adopted by the respective governing bodies of the incorporating units and the authority.

The question of whether a conveyance shall be made shall be submitted to the registered voters of the city and the unincorporated area of the county. An affirmative vote equal to at least a majority of the total votes cast on the question shall be required to authorize the conveyance. If the question does not carry, the authority shall continue to operate, maintain, and manage the building under a lease arrangement with the incorporating units.

26. Any incorporating unit may enter into a lease with an authority that the authority and the incorporating unit determine is necessary and convenient to effectuate their purposes and the purposes of this section. The competitive bid qualification of this subsection does not apply to a contract for professional services not customarily awarded by competitive bid.

## CHAPTER 364

### POWERS AND DUTIES OF CITIES

#### 364.3 Limitation of powers.

The following are limitations upon the powers of a city:

1. A city council shall exercise a power only by the passage of a motion, a resolution, an amendment, or an ordinance.

2. A city shall not provide a penalty in excess of a five hundred dollar fine or in excess of thirty days imprisonment for the violation of an ordinance. An amount equal to ten percent of all fines collected by cities shall be deposited in the account established in section 602.8108. However, one hundred percent of all fines collected by a city pursuant to section 321.236, subsection 1, shall be retained by the city. The criminal penalty surcharge required by section 911.2 shall be added to a city fine and is not a part of the city's penalty.

3. A city may not set standards and requirements which are lower or less stringent than those imposed by state law, but may set standards and requirements which are higher or more stringent than those imposed by state law, unless a state law provides otherwise.

4. A city may not levy a tax unless specifically authorized by a state law.

5. A city shall not adopt or enforce any ordinance imposing any registration or licensing system or registration or license fees for owner-occupied manufactured or mobile homes including the lots or lands upon which they are located. A city shall not adopt or enforce any ordinance imposing any registration or licensing system, or registration or license fees, or safety or sanitary standards for rental manufactured or mobile homes unless a similar registration or licensing system, or registration or license fees, or safety or sanitary standards are required for other rental properties intended for human habitation. This subsection does not preclude the investigation and abatement of a nuisance or the enforcement of a tiedown system, or the enforcement of any regulations of the state or local board of health if those regulations apply to other rental properties or to owner-

occupied housing intended for human habitation.

6. A city shall not provide a civil penalty in excess of seven hundred fifty dollars for the violation of an ordinance which is classified as a municipal infraction or if the infraction is a repeat offense, a civil penalty not to exceed one thousand dollars for each repeat offense. A municipal infraction is not punishable by imprisonment.

7. A city which operates a cable communications system shall manage the right-of-way on a competitively neutral and nondiscriminatory basis. Additionally, a city-operated cable communications system shall be required to pay the same fees and charges and comply with other requirements as may be imposed by the city by ordinance or by the terms of a franchise granted by the city, or as may otherwise be imposed by the city, upon any other cable provider. This subsection does not prohibit a city from making an equitable apportionment of franchise requirements between or among cable television providers, in order to eliminate duplication. This subsection shall not be construed to prohibit a city-operated cable communications system from making transfers of surplus as otherwise allowed or from making in-kind contributions as otherwise allowed.

8. *a.* A city may adopt and enforce an ordinance requiring the construction of a storm shelter at a manufactured home community or mobile home park which is constructed after July 1, 1999. In lieu of requiring construction of a storm shelter, a city may require a community or park owner to provide a plan for the evacuation of community or park residents to a safe place of shelter in times of severe weather including tornadoes and high winds if the city determines that a safe place of shelter is available within a reasonable distance of the manufactured home community or mobile home park for use by community or park residents. Each evacuation plan prepared pursuant to this subsection shall be filed with, and approved by, the local emergency management agency. If construction of a storm shelter is required, an ordi-

nance adopted or enforced pursuant to this subsection shall not include any of the following requirements:

(1) That the size of the storm shelter be larger than the equivalent of seven square feet for each manufactured or mobile home space in the manufactured home community or mobile home park.

(2) That the storm shelter include a restroom if the shelter is used exclusively as a storm shelter.

(3) That the storm shelter exceed the construction specifications approved by a licensed professional engineer and presented by the owner of the manufactured home community or mobile home park.

(4) That the shelter be located any closer than one thousand three hundred twenty feet from any manufactured or mobile home in the community. However, this restriction shall not prohibit the adoption or enforcement of an ordinance that requires a minimum of one shelter to be located in a manufactured home community or mobile home park.

b. For the purposes of this subsection:

(1) “*Manufactured home community*” means the same as land-leased community defined in sections 335.30A and 414.28A.

(2) “*Mobile home park*” means a mobile home park as defined in section 562B.7.

(3) “*Storm shelter*” means a single structure or multiple structures designed to provide persons with temporary protection from a storm.

9. A city shall not adopt or enforce any ordinance imposing any limitation on the amount of rent that can be charged for leasing private residential or commercial property. This subsection does not prevent the right of a city to manage and control residential property in which the city has a property interest.

2003 Acts, ch 178, §23  
Subsection 6 amended

### 364.22 Municipal infractions.

1. A municipal infraction is a civil offense punishable by a civil penalty of not more than seven hundred fifty dollars for each violation or if the infraction is a repeat offense, a civil penalty not to exceed one thousand dollars for each repeat offense. However, notwithstanding section 364.3, a municipal infraction arising from noncompliance with a pretreatment standard or requirement, referred to in 40 C.F.R. § 403.8, by an industrial user may be punishable by a civil penalty of not more than one thousand dollars for each day a violation exists or continues.

A city may classify a municipal infraction, other than a violation arising from noncompliance with a pretreatment standard or requirement, as an environmental violation if the infraction is a violation of chapter 455B or 459, subchapters II and III, or a violation of a standard established by the city in consultation with the department of natural resources, or both. The discharge of airborne resi-

due from grain, created by the handling, drying, or storing of grain by a person, shall not be subject to an ordinance, the violation of which is classified as an environmental violation, unless the person is engaged in industrial production or manufacturing of grain products. The discharge of airborne residue from grain, created by the handling, drying, or storing of grain by a person engaged in industrial production or manufacturing of grain products, shall not be subject to an ordinance, the violation of which is classified as an environmental violation, if the discharge occurs from September 15 to January 15. A municipal infraction which is classified as an environmental violation is punishable by a civil penalty of not more than one thousand dollars for each occurrence. A person committing an environmental violation is not subject to a civil penalty, if all of the following conditions are satisfied:

a. The violation results solely from the person conducting an initial start-up, cleaning, repairing, performing scheduled maintenance, testing, or conducting a shutdown, of either equipment causing the violation or the equipment designed to reduce or eliminate the violation.

b. The person notifies the city of the violation within twenty-four hours from the time that the violation begins.

c. The violation does not continue in existence for more than eight hours.

A city shall not enforce this section against a person committing an environmental violation, until the city offers to participate in informal negotiations with the person. If the person accepts the offer, the city and the person shall participate in good faith negotiations to resolve issues alleged to be the basis for the violation.

2. A city by ordinance may provide that a violation of an ordinance is a municipal infraction.

3. A city shall not provide that a violation of an ordinance is a felony, an aggravated misdemeanor, or a serious misdemeanor under state law or if the violation is a simple misdemeanor under chapters 687 through 747.

4. An officer authorized by a city to enforce a city code or regulation may issue a civil citation to a person who commits a municipal infraction. The citation may be served by personal service as provided in rule of civil procedure 1.305, by certified mail addressed to the defendant at the defendant’s last known mailing address, return receipt requested, or by publication in the manner as provided in rule of civil procedure 1.310 and subject to the conditions of rule of civil procedure 1.311. A copy of the citation shall be retained by the issuing officer, and one copy shall be sent to the clerk of the district court. The citation shall serve as notification that a civil offense has been committed and shall contain the following information:

a. The name and address of the defendant.

b. The name or description of the infraction at-

tested to by the officer issuing the citation.

- c. The location and time of the infraction.
  - d. The amount of civil penalty to be assessed or the alternate relief sought, or both.
  - e. The manner, location, and time in which the penalty may be paid.
  - f. The time and place of court appearance.
  - g. The penalty for failure to appear in court.
5. In municipal infraction proceedings:
- a. The matter shall be tried before a magistrate, a district associate judge, or a district judge in the same manner as a small claim. The matter shall only be tried before a judge in district court if the total amount of civil penalties assessed exceeds the jurisdictional amount for small claims set forth in section 631.1.

b. The city has the burden of proof that the municipal infraction occurred and that the defendant committed the infraction. The proof shall be by clear, satisfactory, and convincing evidence.

c. The court shall ensure that the defendant has received a copy of the charges and that the defendant understands the charges. The defendant may question all witnesses who appear for the city and produce evidence or witnesses on the defendant's behalf.

d. The defendant may be represented by counsel of the defendant's own selection and at the defendant's own expense.

e. The defendant may answer by admitting or denying the infraction.

f. If a municipal infraction is proven the court shall enter a judgment against the defendant. If the infraction is not proven, the court shall dismiss it.

6. All penalties or forfeitures collected by the court for municipal infractions shall be remitted to the city in the same manner as fines and forfeitures are remitted for criminal violations under section 602.8106. If the person named in the citation is served as provided in this section and fails without good cause to appear in response to the civil citation, judgment shall be entered against the person cited.

7. A person against whom judgment is entered, shall pay court costs and fees as in small claims under chapter 631. If the action is dismissed, the city is liable for the court costs and court fees. Where the action is disposed of without payment, or provision for assessment, of court costs, the clerk shall at once enter judgment for costs against the city.

8. Seeking a civil penalty as authorized in this section does not preclude a city from seeking alternative relief from the court in the same action.

9. When judgment has been entered against a defendant, the court may do any of the following:

- a. Impose a civil penalty by entry of a personal judgment against the defendant.
- b. Direct that payment of the civil penalty be suspended or deferred under conditions imposed

by the court.

c. Grant appropriate alternative relief ordering the defendant to abate or cease the violation.

d. Authorize the city to abate or correct the violation.

e. Order that the city's costs for abatement or correction of the violation be entered as a personal judgment against the defendant or assessed against the property where the violation occurred, or both.

If a defendant willfully violates the terms of an order imposed by the court, the failure is contempt.

A magistrate or district associate judge shall have jurisdiction to assess or enter judgment for costs of abatement or correction in an amount not to exceed the jurisdictional amount for a money judgment in a civil action pursuant to section 631.1, subsection 1, for magistrates and section 602.6306, subsection 2, for district associate judges. If the city seeks abatement or correction costs in excess of those amounts, and the matter is not before a judge in district court, the case shall be referred to the district court for hearing and entry of an appropriate order. The procedure for hearing in the district court shall be the same procedure as that for a small claims appeal pursuant to section 631.13.

10. The defendant or the city may file a motion for a new trial or may appeal the decision of a magistrate, district associate judge, or a district judge to the district court. The procedure on appeal shall be the same as for a small claim pursuant to section 631.13. A factual determination made by the trial court, supported by substantial evidence as shown in the record, is binding for purposes of appeal relating to the violation at issue, but shall not be admissible or binding as to any future violation for the same or similar ordinance provision by the same defendant.

11. This section does not preclude a peace officer of a city from issuing a criminal citation for a violation of a city code or regulation if criminal penalties are also provided for the violation. Each day that a violation occurs or is permitted to exist by the defendant, constitutes a separate offense.

12. The issuance of a civil citation for a municipal infraction or the ensuing court proceedings do not provide an action for false arrest, false imprisonment, or malicious prosecution.

13. An action brought pursuant to this section for a municipal infraction which is an environmental violation does not preclude, and is in addition to, any other enforcement action which may be brought pursuant to chapter 455B, 455D, 455E, or 459, subchapters II, III, and VI.

14. A police department may dispose of personal property under section 80.39.

#### 368.4 Annexing moratorium.

A city, following notice and hearing, may by resolution agree with another city or cities to refrain from annexing specifically described territory for a period not to exceed ten years and, following notice and hearing, may by resolution extend the agreement for subsequent periods not to exceed ten years each. Notice of a hearing shall be served by regular mail at least thirty days before the hearing on the city development board and on the board of supervisors of the county in which the territory is located and shall be published in an official county newspaper in each county containing a city conducting a hearing regarding the agreement, in any county within two miles of any such city, and in an official newspaper of each city conducting a hearing regarding the agreement. The notice shall include the time and place of the hearing, describe the territory subject to the proposed agreement, and the general terms of the agreement. After passage of a resolution by the cities approving the agreements, a copy of the agreement and a copy of any resolution extending an agreement shall be filed with the city development board within ten days of enactment. If such an agreement is in force, the board shall dismiss a petition or plan which violates the terms of the agreement.

2003 Acts, ch 148, §2, 9  
Section amended

#### 368.7 Voluntary annexation of territory.

1. *a.* All of the owners of land in a territory adjoining a city may apply in writing to the council of the adjoining city requesting annexation of the territory. Territory comprising railway right-of-way or territory comprising not more than twenty percent of the land area may be included in the application without the consent of the owner to avoid creating an island or to create more uniform boundaries. Public land may be included in the territory to be annexed. However, the area of the territory that is public land included without the written consent of the agency with jurisdiction over the public land may not be used to determine the percentage of territory that is included with the consent of the owner and without the consent of the owner.

*b.* Prior to notification in paragraph *“c”*, the annexing city shall provide written notice to the board of supervisors and township trustees of each county and township that contains all or a portion of the territory to be annexed. The written notice shall include the same information required in paragraph *“c”* and shall set a time for a consulta-

tion on the proposed annexation between the annexing city and each county and township that contains all or a portion of the territory to be annexed. The consultation shall be held at least fourteen business days before the applications in paragraph "c" are mailed. The governing body of each such county and township may designate one of its members to attend the consultation. Each such county and township may make written recommendations for modification to the proposed annexation no later than seven business days following the date of the consultation.

Not later than thirty days after the consultation, the board of supervisors of each county that contains all or a portion of the territory to be annexed shall, by resolution, state whether or not it supports the application or whether it takes no position in support of or against the application. If there is a comprehensive plan for the county, the board shall take the plan into account when considering its resolution. A copy of the resolution shall be immediately filed with the annexing city and shall be considered by the city council when taking action on the application. The city council shall forward a copy of the resolution to the city development board as part of the city proceedings on the annexation. Failure of a board of supervisors to adopt a resolution shall not delay the proceedings on the application nor shall such failure be considered a deficiency either in the application or in the annexing city's proceedings.

c. A copy of the application shall be mailed by certified mail to the nonconsenting owner and each affected public utility, at least fourteen business days prior to any action taken by the city council on the application. The application must contain a legal description and a map of the territory showing its location in relationship to the city.

d. The city shall provide for a public hearing on the application before approving or denying it. The city shall provide written notice at least fourteen business days prior to any action by the city council regarding the application, including a public hearing, by regular mail to the chairperson of the board of supervisors of each county which contains a portion of the territory proposed to be annexed, each public utility which serves the territory proposed to be annexed, each owner of property located within the territory to be annexed who is not a party to the application, and each owner of property that adjoins the territory to be annexed unless the adjoining property is in a city. The city shall publish notice of the application and public hearing on the application in an official county newspaper in each county which contains a portion of the territory proposed to be annexed. Both the written and published notice shall include the time and place of the public hearing and a legal description of the territory to be annexed. The city may not assess the costs of providing notice as required in this section to the applicants.

e. An application for annexation under this

subsection may be withdrawn by an applicant at any time within three business days after the public hearing unless the application was made pursuant to a written agreement for the extension of city services or unless the right to withdraw the application was specifically identified and waived by the applicant in the application. A landowner who has consented to the annexation may, within three business days after the public hearing, withdraw the landowner's consent to the annexation unless the landowner has entered into a written agreement for extension of city services or unless the right to withdraw consent was specifically identified and waived by the landowner.

f. An annexation including territory comprising not more than twenty percent of the land area without consent of the property owners is not complete without approval by four-fifths of the members of the city development board after a hearing for all affected property owners and the county. When considering such an annexation application, the board may request that the annexing city provide information on the amount of land located in the annexing city that is currently vacant or undeveloped and whether municipal services are being provided to current residents of the annexing city.

2. An application for annexation of territory not within an urbanized area of a city other than the city to which the annexation is directed must be approved by resolution of the council which receives the application. In the discretion of a city council, the resolution may include a provision for a transition for the imposition of taxes as provided in section 368.11, subsection 3, paragraph "m". The city council shall mail a copy of the application by certified mail to the board of supervisors of each county which contains a portion of the territory at least fourteen business days prior to any action taken by the city council on the application. The council shall also publish notice of the application in an official county newspaper in each county which contains a portion of the territory at least fourteen days prior to any action taken by the council on the application. Upon receiving approval of the council, the city clerk shall file a copy of the resolution, map, and legal description of the territory involved with the secretary of state, the county board of supervisors of each county which contains a portion of the territory, each affected public utility, and the state department of transportation. The city clerk shall also record a copy of the legal description, map, and resolution with the county recorder of each county which contains a portion of the territory. The secretary of state shall not accept and acknowledge a copy of a legal description, map, and resolution of annexation which would create an island. The annexation is completed upon acknowledgment by the secretary of state that the secretary of state has received the legal description, map, and resolution.

3. An application for annexation of territory

within an urbanized area of a city other than the city to which the annexation is directed must be approved both by resolution of the council which receives the application and by the board. The board shall not approve an application which creates an island. Notice of the application shall be mailed by certified mail, by the city to which the annexation is directed, at least fourteen business days prior to any action by the city council on the application to the council of each city whose boundary adjoins the territory or is within two miles of the territory, to the board of supervisors of each county which contains a portion of the territory, each affected public utility, and to the regional planning authority of the territory. Notice of the application shall be published in an official county newspaper in each county which contains a portion of the territory at least ten business days prior to any action by the city council on the application. In the discretion of a city council, the resolution may include a provision for a transition for the imposition of taxes as provided in section 368.11, subsection 3, paragraph "m". The annexation is completed when the board has filed and recorded copies of applicable portions of the proceedings as required by section 368.20, subsection 2.

4. If one or more applications for a voluntary annexation and one or more petitions for an involuntary annexation or incorporation for a common territory are submitted to the board within thirty days of the date the first application or petition was submitted to the board, the board shall approve the application for voluntary annexation, if the application meets the applicable requirements of this chapter, unless the board determines by a preponderance of the evidence that the application was filed in bad faith, or that the application as filed is contrary to the best interests of the citizens of the urbanized area, or that the applicant cannot within a reasonable period of time meet its obligation to provide services to the territory to be annexed sufficient to meet the needs of the territory. In consideration of the requests, the board may appoint a committee in the manner provided in section 368.14 to seek additional information from the applicant for voluntary annexation as necessary, including the information required of petitioners pursuant to section 368.11. The board, or the committee, if applicable, shall hold a public hearing on the application for voluntary annexation in the manner provided for involuntary petitions in section 368.15. The decision of the board under this subsection shall be made within ninety days of receipt of the application by the board. The failure of the board to approve an application under this paragraph shall be deemed final agency action subject to judicial review.

If an application for voluntary annexation is not approved pursuant to this section, the board shall cause the conversion of the application to a petition pursuant to section 368.13 and shall proceed

under section 368.14A. The conversion of an application to a petition shall not prejudice the status of the applicant. Judicial review of a board decision under this subsection may be requested by an aggrieved party.

The combined petitions may be submitted for consideration by a special local committee pursuant to section 368.14A.

*m.* In the discretion of a city council, a provision for a transition for the imposition of city taxes against property within an annexation area. The provision shall not allow a greater exemption from taxation than the tax exemption formula schedule provided under section 427B.3, subsections 1 through 5, and shall be applied in the levy and collection of taxes. The provision may also allow for the partial provision of city services during the time in which the exemption from taxation is in effect.

*n.* In the case of an annexation, a plan for extending municipal services to be provided by the annexing city to the annexed territory within three years of July 1 of the fiscal year in which city taxes are collected against property in the annexed territory.

4. At least fourteen business days before a petition for involuntary annexation is filed as provided in this section, the petitioner shall make its intention known by sending a letter of intent by certified mail to the council of each city whose urbanized area contains a portion of the territory, the board of supervisors of each county which contains a portion of the territory, the regional planning authority of the territory involved, each affected public utility, and to each property owner listed in the petition. The written notification shall include notice that the petitioners shall hold a public meeting on the petition for involuntary annexation prior to the filing of the petition.

5. Before a petition for involuntary annexation may be filed, the petitioner shall hold a public meeting on the petition. Notice of the meeting shall be published in an official county newspaper in each county which contains a part of the territory at least five days before the date of the public meeting. The mayor of the city proposing to annex the territory, or that person's designee, shall serve as chairperson of the public meeting. The city clerk of the same city or the city clerk's designee shall record the proceedings of the public meeting. Any person attending the meeting may submit written comments and may be heard on the petition. The minutes of the public meeting and all documents submitted at the public meeting shall be forwarded to the county board of supervisors of each county where the territory is located and to the board by the chairperson of the meeting.

6. Within thirty days after receiving notice that a petition for involuntary annexation has been filed with the board, the board of supervisors of each county that contains all or a portion of the territory to be annexed shall, by resolution, state whether or not it supports the petition or whether it takes no position in support of or against the petition. If there is a comprehensive plan for the county, the board shall take the plan into account when considering its resolution. A copy of the resolution shall be immediately filed with the annexing city and with the city development board. Failure of a board of supervisors to adopt a resolution

shall not delay the proceedings on the petition nor shall such failure be considered a deficiency either in the petition or in the annexing city's proceedings.

**368.25 Failure to provide municipal services.**

Prior to expiration of the three-year period established in section 368.11, subsection 14, the annexing city shall submit a report to the board describing the status of the provision of municipal services identified in the plan required in section 368.11, subsection 14. If a city fails to provide municipal services, or fails to show substantial and continuing progress in the provision of municipal services, to territory involuntarily annexed, according to the plan for extending municipal services filed pursuant to section 368.11, subsection 14, within the time period specified in that subsection, the city development board may initiate proceedings to sever the annexed territory from the city. The board shall notify the city of the severance proceedings and shall hold a public hearing on the proposed severance. The board shall give notice of the hearing in the same manner as notice of a public meeting in section 368.11. The board may order severance of all or a portion of the territory and the order to sever is not subject to approval at an election. A city may request that the board allow up to an additional three years to provide municipal services if good cause is shown. As an alternative to severance of the territory, the board may impose a moratorium on additional annexation by the city until the city complies with its plan for extending municipal services. For purposes of this section, "municipal services" means services included in the plan required by section 368.11, subsection 14, for extending municipal services.

**368.26 Annexation of certain property — compliance with less stringent regulations.**

A city ordinance or regulation that regulates a condition or activity occurring on protected farmland or regulates a person who owns and operates protected farmland is unenforceable against the owner of the protected farmland for a period of ten years from the effective date of the annexation, to the extent the city ordinance or regulation is more stringent than county legislation. Section 335.2 shall apply to the protected farmland until the owner of the protected farmland determines that the land will no longer be operated as an agricul-

tural operation. Any enforcement activity conducted in violation of this section is void.

A “*condition or activity occurring on protected farmland*” includes but is not limited to the raising, harvesting, drying, or storage of crops; the marketing of products at roadside stands or farm markets; the creation of noise, odor, dust, or fumes; the production, care, feeding, or housing of animals including but not limited to the construction, operation, or management of an animal feeding operation, an animal feeding operation structure, or aerobic structure, and to the storage, handling, or application of manure or egg washwater; the operation of machinery including but not lim-

ited to planting and harvesting equipment, grain dryers, grain handling equipment, and irrigation pumps; ground and aerial seeding and spraying; the application of chemical fertilizers, conditioners, insecticides, pesticides, and herbicides; and the employment and use of labor.

For the purposes of this section, “*protected farmland*” means land that is part of a century farm as that term is defined in section 403.17, subsection 10. “*County legislation*” means any ordinance, motion, resolution, or amendment adopted by a county pursuant to section 331.302.

## CHAPTER 372

### ORGANIZATION OF CITY GOVERNMENT

#### 372.4 Mayor-council form.

1. A city governed by the mayor-council form has a mayor and five council members elected at large, unless the council representation plan is changed pursuant to section 372.13, subsection 11. The council may, by ordinance, provide for a city manager and prescribe the manager’s powers and duties, and as long as the council contains an odd number of council members, may change the number of wards, abolish wards, or increase the number of council members at large without changing the form.

However, a city governed, on July 1, 1975, by the mayor-council form composed of a mayor and a council consisting of two council members elected at large and one council member from each of four wards, or a special charter city governed, on July 1, 1975, by the mayor-council form composed of a mayor and a council consisting of two council members elected at large and one council member elected from each of eight wards, may continue until the form of government is changed as provided in section 372.2 or section 372.9. While a city is thus operating with an even number of council members, the mayor may vote to break a tie vote on motions not involving ordinances, resolutions or appointments made by the council alone, and in a special charter city operating with ten council members under this section, the mayor may vote to break a tie vote on all measures.

2. The mayor shall appoint a council member as mayor pro tem, and shall appoint and dismiss the marshal or chief of police except where an intergovernmental agreement makes other provisions for police protection or as otherwise provided in section 400.13. However, the appointment and dismissal of the marshal or chief of police are subject to the consent of a majority of the council. Other officers must be selected as directed by the council. The mayor is not a member of the council

and shall not vote as a member of the council.

3. In a city having a population of between five hundred and five thousand, the city council may, or shall upon petition of the electorate meeting the numerical requirements of section 372.2, subsection 1, submit a proposal at the next regular or special city election to reduce the number of council members to three. If a majority of the voters voting on the proposal approves it, the proposal is adopted. If the proposal is adopted, the new council shall be elected at the next regular or special city election. The council shall determine by ordinance whether the three council members are elected at large or by ward.

4. In a city having a population of less than five hundred, the city council may adopt a resolution of intent to reduce the number of council members from five to three and shall call a public hearing on the proposal. Notice of the time and place of the public hearing shall be published as provided in section 362.3, except that at least ten days’ notice must be given. At the public hearing, the council shall receive oral and written comments regarding the proposal from any person. Thereafter, the council, at the same meeting as the public hearing or at a subsequent meeting, may adopt a final resolution to reduce the number of council members from five to three or may adopt a resolution abandoning the proposal. If the council adopts a final resolution to reduce the number of council members from five to three, a petition meeting the same requirements specified in section 362.4 for petitions authorized by city code may be filed with the clerk within thirty days following the effective date of the final resolution, requesting that the question of reducing the number of council members from five to three be submitted to the registered voters of the city. Upon receipt of a petition requesting an election, the council shall direct the county commissioner of elections to put the pro-

posal on the ballot for the next regular city election. If the ballot proposal is adopted, the new council shall be elected at the next following regular city election. If a petition is not filed, the council shall notify the county commissioner of elections by July 1 of the year of the regular city election and the new council shall be elected at that regular city election. If the council notifies the

commissioner of elections after July 1 of the year of the regular city election, the change shall take effect at the next following regular city election. The council shall determine by ordinance whether the three council members are elected at large or by ward.

### CITY FINANCE

#### 384.3 General fund.

All moneys received for city government purposes from taxes and other sources must be credited to the general fund of the city, except that moneys received for the purposes of the debt service fund, the trust and agency funds, the capital improvements reserve fund, the emergency fund and other funds established by state law must be deposited as otherwise required or authorized by state law. All moneys received by a city from the federal government must be reported to the department of management who shall transmit a copy to the legislative services agency.

#### 384.22 Annual report.

Not later than December 1 of each year, a city shall publish an annual report as provided in section 362.3 containing a summary for the preceding fiscal year of all collections and receipts, all accounts due the city, and all expenditures, the current public debt of the city, and the legal debt limit of the city for the current fiscal year. The report shall be prepared on forms and pursuant to instructions prescribed by the auditor of state. A copy of this report must be filed with the auditor of state not later than December 1 of each year.

A city that fails to meet the filing deadline imposed by this section shall have withheld from payments to be made to the county which are allocated to the city pursuant to section 425.1 an amount equal to five cents per capita until the annual report is filed with the auditor of state.

2003 Acts, ch 178, §4  
Unnumbered paragraph 2 amended

#### 384.62 Limit.

1. A special assessment against a lot for a public improvement shall not be in excess of the amount of the assessment, including the conditional deficiency assessment, as shown in the schedule confirmed by the court, or if court confirmation is not utilized, then on the original plat and schedule adopted by the council, and an assessment shall not exceed twenty-five percent of the value of the lot as shown by the plat and sched-

ule approved by the council or as reduced by the court.

2. Special assessments for the construction or repair of underground connections for private property for gas, water, sewers, or electricity may be assessed to each lot for the actual cost of each connection for that lot, and the twenty-five percent limitation does not apply. Such connections shall not be installed to service railway right-of-way without written agreement with the railway company owning or leasing the right-of-way.

3. A special assessment for a public improvement against a tract of land assessed as agricultural property shall not become payable upon the filing of a request by the owner for deferment until that land is not assessed as agricultural property. This section shall not apply to a tract of land of less than one-quarter acre surrounding any dwelling or nonfarm structure on that tract nor shall it apply to a special assessment levied before July 3, 1978. This section shall not apply if the public improvement is a sewer, water, gas, or electrical line to which the owner of the land makes a connection.

4. Payment of installments of special assessments for a public improvement against property assessed as agricultural property shall be deferred as follows:

a. The property owner who seeks deferment of an assessment shall file a written request for deferment with the city clerk at the time of the hearing on the resolution of necessity for the public improvement or within ten days following the date of the hearing and the request shall identify those lots subject to proposed assessments for which the property owner is seeking deferment which are assessed as agricultural property. The request may be withdrawn by the property owner at any time before or after the adoption of the resolution of necessity.

b. The city shall indicate those lots for which a deferment has been requested on the special assessment schedule.

c. After the assessments for the public improvement have been levied and the special assessment schedule has been filed with the county treasurer, the county treasurer shall indicate on

the tax rolls those assessments subject to deferment under this section.

*d.* A deferment shall continue for as long as the county assessor continues to classify the property as agricultural land on January 1 of each assessment year. A deferment shall end six months following any January 1 assessment date on which the county assessor no longer classifies the property as agricultural land and the special assessment shall become payable in the same manner as the special assessment would have become payable had it not been deferred by this subsection.

2003 Acts, ch 24, §5  
Section amended

### **384.63 Insufficiency — certification to county treasurer — deficiency assessment.**

1. If the special assessment which may be levied against a lot is insufficient to pay its proportion of the cost of the improvement, or if no special assessment may be levied against a lot, the deficiency shall be paid from the city fund or funds designated by the council.

2. The council shall, by resolution, provide that the deficiencies for the lots specially benefited by a public improvement shall be certified to the county treasurer, who shall record them in the county system as “special assessment deficiencies”, and to the appropriate city official charged with the responsibility of issuing building permits, who shall notify the council when a private improvement is subsequently constructed on any lot subject to a deficiency. Certification to the county treasurer shall include a legal description of each lot. The period of amortization for a public improvement for which there are deficiencies shall commence with the adoption of the resolution of necessity and extend for the same period for which installments of assessments for the project are made payable. Deficiencies may be assessed only during the period of amortization, which shall also be certified to the county treasurer and the city official charged with the responsibility of issuing building permits. Certification to the county treasurer shall include a legal description of each lot.

3. When a private improvement is constructed on a lot subject to a deficiency, during the period of amortization, the council shall, by resolution, assess a pro rata portion of the deficiency on that lot, in the same proportion to the total deficiency on that lot as the number of future installments of special assessments remaining to be paid is to the total number of installments of assessments for the project, subject to the twenty-five percent limitation of section 384.62. A deficiency assessment becomes a lien on the property and is payable in the same manner, and subject to the same interests as the other special assessments. The council shall direct the clerk to certify a deficiency assessment to the county treasurer, and to send a notice of the deficiency assessment by mail to each own-

er, as provided in section 384.60, but publication of the notice is not required.

4. An owner may appeal from the amount of the assessment within thirty days of the date notice is mailed. County officials shall collect a deficiency assessment, commencing in the year following the assessment, in the manner provided for the collection of other special assessments. Upon collection, the county treasurer shall make the appropriate credit entries in the county system, and shall credit the amounts collected as provided for other special assessments on the same public improvement, or to the city, to the extent that the deficiency has been previously paid from other city funds.

### **384.67 Payment to county treasurer.**

Assessments levied and certified under the provisions of this division, including installments and interest, are payable at the office of the county treasurer of the county where the property assessed is located, except that assessments may be paid in full or in part and without interest within thirty days after the date of certification, at the office of the county treasurer, if the property being assessed is located in an unincorporated area, or the city clerk, if the property being assessed is located in an incorporated area.

### **384.84 Rates and charges — billing and collection — contracts.**

1. The governing body of a city utility, combined utility system, city enterprise, or combined city enterprise may establish, impose, adjust, and provide for the collection of rates and charges to produce gross revenues at least sufficient to pay the expenses of operation and maintenance of the city utility, combined utility system, city enterprise, or combined city enterprise. When revenue bonds or pledge orders are issued and outstanding pursuant to this division, the governing body shall establish, impose, adjust, and provide for the collection of rates to produce gross revenues at least sufficient to pay the expenses of operation and maintenance of the city utility, combined utility system, city enterprise, or combined city enterprise, and to leave a balance of net revenues sufficient to pay the principal of and interest on the revenue bonds and pledge orders as they become due and to maintain a reasonable reserve for the payment of principal and interest, and a sufficient portion of net revenues must be pledged for that purpose. Rates must be established by ordinance of the council or by resolution of the trustees, published in the same manner as an ordinance.

2. *a.* A city utility or enterprise service to a property or premises, including services of sewer systems, storm water drainage systems, sewage treatment, solid waste collection, water, solid

waste disposal, or any of these services, may be discontinued if the account for the service becomes delinquent. Gas or electric service provided by a city utility or enterprise shall be discontinued only as provided by section 476.20, and discontinuance of those services are subject to rules adopted by the utilities board of the department of commerce.

*b.* If more than one city utility or enterprise service is billed to a property or premises as a combined service account, all of the services may be discontinued if the account becomes delinquent.

*c.* A city utility or enterprise service to a property or premises shall not be discontinued unless prior written notice is sent to the account holder by ordinary mail, informing the account holder of the nature of the delinquency and affording the account holder the opportunity for a hearing prior to discontinuance of service. If the account holder is a tenant, and if the owner or landlord of the property has made a written request for notice, the notice shall also be given to the owner or landlord.

*d.* If a delinquent amount is owed by an account holder for a utility service associated with a prior property or premises, a city utility, city enterprise, or combined city enterprise may withhold service from the same account holder at any new property or premises until such time as the account holder pays the delinquent amount owing on the account associated with the prior property or premises.

3. *a.* Except as provided in paragraph “*d*”, all rates or charges for the services of sewer systems, storm water drainage systems, sewage treatment, solid waste collection, water, solid waste disposal, or any of these services, if not paid as provided by ordinance of the council or resolution of the trustees, are a lien upon the property or premises served by any of these services upon certification to the county treasurer that the rates or charges are due.

*b.* This lien may be imposed upon a property or premises even if a city utility or enterprise service to the property or premises has been or may be discontinued as provided in this section.

*c.* A lien for a city utility or enterprise service under paragraph “*a*” shall not be certified to the county treasurer for collection unless prior written notice of intent to certify a lien is given to the account holder of the delinquent account at least thirty days prior to certification. If the account holder is a tenant, and if the owner or landlord of the property has made a written request for notice, the notice shall also be given to the owner or landlord. The notice shall be sent to the appropriate persons by ordinary mail not less than thirty days prior to certification of the lien to the county treasurer.

*d.* Residential rental property where a charge for water service is separately metered and paid directly to the city utility or enterprise by the tenant is exempt from a lien for delinquent rates or charges associated with such water service if the

landlord gives written notice to the city utility or enterprise that the property is residential rental property and that the tenant is liable for the rates or charges. A city utility or enterprise may require a deposit not exceeding the usual cost of ninety days of water service to be paid to the utility or enterprise. Upon receipt, the utility or enterprise shall acknowledge the notice and deposit. A written notice shall contain the name of the tenant responsible for charges, address of the residential rental property that the tenant is to occupy, and the date that the occupancy begins. A change in tenant shall require a new written notice to be given to the city utility or enterprise within ten business days of the change in tenant. When the tenant moves from the rental property, the city utility or enterprise shall return the deposit if the water service charges are paid in full. A change in the ownership of the residential rental property shall require written notice of such change to be given to the city utility or enterprise within ten business days of the completion of the change of ownership. The lien exemption for rental property does not apply to charges for repairs to a water service if the repair charges become delinquent.

4. A lien shall not be imposed pursuant to this section for a delinquent charge of less than five dollars. The governing body of the city utility or enterprise may charge up to five dollars, and the county treasurer may charge up to five dollars, as an administrative expense of certifying and filing this lien, which amounts shall be added to the amount of the lien to be collected at the time of payment of the assessment from the payor. Administrative expenses collected by the county treasurer on behalf of the city utility or enterprise shall be paid to the governing body of the city utility or enterprise, and those collected by the county treasurer on behalf of the county shall be credited to the county general fund. The lien has equal precedence with ordinary taxes, may be certified to the county treasurer and collected in the same manner as taxes, and is not divested by a judicial sale.

5. A governing body may declare all or a certain portion of a city as a storm water drainage system district for the purpose of establishing, imposing, adjusting, and providing for the collection of rates as provided in this section. The ordinance provisions for collection of rates of a storm water drainage system may prescribe a formula for determination of the rates which may include criteria and standards by which benefits have been previously determined for special assessments for storm water public improvement projects under this chapter.

6. *a.* The governing body of a city utility, combined utility system, city enterprise, or combined city enterprise may:

(1) By ordinance of the council or by resolution of the trustees published in the same manner as an ordinance, establish, impose, adjust, and pro-

vide for the collection of charges for connection to a city utility or combined utility system.

(2) Contract for the use of or services provided by a city utility, combined utility system, city enterprise, or combined city enterprise with persons whose type or quantity of use or service is unusual.

(3) Lease for a period not to exceed fifteen years all or part of a city enterprise or combined city enterprise, if the lease will not reduce the net revenues to be produced by the city enterprise or combined city enterprise.

(4) Contract for a period not to exceed forty years with other governmental bodies for the use of or the services provided by the city utility, combined utility system, city enterprise, or combined city enterprise on a wholesale basis.

(5) Contract for a period not to exceed forty years with persons and other governmental bodies for the purchase or sale of water, gas, or electric power and energy on a wholesale basis.

b. Two or more city utilities, combined utility systems, city enterprises, or combined city enterprises, including city utilities established pursuant to chapter 388, may contract pursuant to chapter 28E for joint billing or collection, or both, of combined service accounts for utility or enterprise services, or both. The contracts may provide for the discontinuance of one or more of the city utility or enterprise services if a delinquency occurs in the payment of any charges billed under a

combined service account.

c. One or more city utilities or combined utility systems, including city utilities established pursuant to chapter 388, may contract pursuant to chapter 28E with one or more sanitary districts established pursuant to chapter 358 for joint billing or collection, or both, of combined service accounts from utility services and sanitary district services. The contracts may provide for the discontinuance of one or more of the city water utility services or sanitary district services if a delinquency occurs in the payment of any charges billed under a combined service account.

7. The portion of cost attributable to the agreement or arbitration awarded under section 357A.21 may be apportioned in whole or in part among water customers within an annexed area.

8. For the purposes of this section, “premises” includes a mobile home, modular home, or manufactured home as defined in section 435.1, when the mobile home, modular home, or manufactured home is taxed as real estate.

9. Notwithstanding subsection 3, a lien shall not be filed against the land if the premises are located on leased land. If the premises are located on leased land, a lien may be filed against the premises only.

### JOINT ELECTRICAL UTILITIES

#### **390.8 Equity investment in independent transmission company.**

In addition to the powers conferred upon a city elsewhere in this chapter, any city operating a city electric utility on January 1, 2003, may enter into agreements with and acquire equity interests in independent transmission companies or similar independent transmission entities in which they are participating that are approved by the federal

energy regulatory commission. The purpose of such equity investments shall be to mitigate expenses incurred by the city electric utility due to its procurement of electric transmission service or to otherwise facilitate investment in transmission facilities and shall not be for general city or city utility investment purposes.

## CHAPTER 392

### ADMINISTRATIVE AGENCIES

#### **392.6 Hospital or health care facility trustees.**

If a hospital or health care facility is established by a city, the city shall by ordinance provide for the election, at a general, city, or special election, of three trustees, whose terms of office shall be four years. However, at the first election, three shall be elected and hold their office, one for four years and

two for two years, and they shall by lot determine their respective terms. A candidate for hospital or health care facility trustee must be a resident of the hospital or health care facility service area within the boundaries of the state at the time of the election at which the person’s name appears on the ballot. A board of trustees elected pursuant to this section shall serve as the sole and only board

of trustees for any and all institutions established by a city as provided for in this section.

Cities maintaining an institution as provided for in this section which have a board of trustees consisting of three or five members may by ordinance increase the number of members to five or seven. The ordinance shall provide for the immediate appointment of the additional members necessary to establish a five-member or seven-member board and shall provide that, of the additional members added to the board by appointment, one-half of the additional members added shall serve until the next succeeding general or city election, and the remaining additional members shall serve until the second succeeding general or city election. The ordinance shall also provide that the determination of which election an appointed additional member shall be required to seek election be determined by lot. Thereafter, the terms of office of such additional members shall be four years. However, if a city has adopted an ordinance which increases the number of members of the board of trustees to five or seven members and the terms of office of four of the five members or six of the seven members end in the same year, the date of expiration of the term of one of the four members or two of the six members, to be determined by lot, shall be extended by an additional two years.

Terms of office of trustees elected pursuant to general or city elections shall begin at noon on the first day in January which is not a Sunday or legal holiday. Terms of office of trustees appointed to fill a vacancy or elected pursuant to special elections shall begin at noon on the tenth day after appointment or the special election which is not a Sunday or legal holiday. The trustees shall begin their terms of office by taking the oath of office, and organize as a board by the election of one of their number as chairperson and one as secretary, but no bond shall be required of them. Terms of office of trustees shall extend to noon on the first day in January which is not a Sunday or legal holiday or until their successors are elected and qualified. Vacancies on the board of trustees may, until the next general or regular city election, be filled by appointment by the remaining members of the board of trustees, unless within fourteen days after the appointment is made, there is filed with the city clerk a petition which requests a special election to fill the vacancy. Trustees who are appointed to fill a vacancy or who are elected at special elections shall serve the unexpired terms of office or until their successors are elected and qualified.

The treasurer of the board of trustees shall receive and disburse all funds under the control of the board as ordered by it. The treasurer shall give

bond in a form and amount as determined by the board in its discretion.

No trustee shall receive any compensation for services performed, but a trustee may receive reimbursement for any cash expenses actually made for personal expenses incurred as trustee, but an itemized statement of all expenses and moneys paid out shall be made under oath by each of the trustees and filed with the secretary and allowed only by the affirmative vote of the full board.

The board of trustees shall be vested with authority to provide for the management, control, and government of the city hospital or health care facility established as permitted by this section, and shall provide all needed rules for the economic conduct thereof and shall annually prepare a condensed statement of the total receipts and expenditures for the hospital or health care facility and cause the same to be published in a newspaper of general circulation in the city in which the hospital or health care facility is located. In the management of the hospital or health care facility no discrimination shall be made against practitioners of any school of medicine recognized by the laws of the state.

As a part of the board's authority it may accept property by gift, devise, bequest or otherwise; and, if the board deems it advisable, may, at public sale, sell or exchange any property so accepted upon a concurring vote of a majority of all members of the board of trustees, and apply the proceeds thereof, or property received in exchange therefor, to any legitimate hospital or health care facility purpose.

The trustees may in their discretion establish a fund for depreciation as a separate fund. Said funds may be invested in United States government bonds and when so invested the accumulation of interest on the bonds so purchased shall be used for the purposes of the depreciation fund; an investment when so made shall remain in United States government bonds until such time as in the judgment of the board of trustees it is deemed advisable to use the funds for hospital or health care facility purposes.

Boards of trustees of institutions provided for in this section are granted all of the powers and duties necessary for the management, control and government of the institutions, specifically including but not limited to any applicable powers and duties granted boards of trustees under other provisions of the Code relating to hospitals, nursing homes, and custodial homes irrespective of the chapter of the Code under which such institutions are established, organized, operated or maintained.

## CHAPTER 403

### URBAN RENEWAL

#### 403.6 Powers of municipality.

Every municipality shall have all the powers necessary or convenient to carry out and effectuate the purposes and provisions of this chapter, including the following powers in addition to others herein granted:

1. To undertake and carry out urban renewal projects within its area of operation; and to make and execute contracts and other instruments necessary or convenient to the exercise of its powers under this chapter; and to disseminate slum clearance and urban renewal information.

2. To arrange or contract for the furnishing or repair by any person of services, privileges, works, streets, roads, public utilities or other facilities for or in connection with an urban renewal project; to install, construct, and reconstruct streets, utilities, parks, playgrounds, and other public improvements; and to agree to any conditions, that it may deem reasonable and appropriate, attached to federal financial assistance and imposed pursuant to federal law relating to the determination of prevailing salaries or wages or compliance with labor standards, in the undertaking or carrying out of an urban renewal project; and to include in any contract let in connection with such a project, provisions to fulfill such of said conditions as it may deem reasonable and appropriate.

3. Within its area of operation, to enter into any building or property in any urban renewal area in order to make inspections, surveys, appraisals, soundings or test borings, and to obtain an order for this purpose from a court of competent jurisdiction in the event entry is denied or resisted; to acquire by purchase, lease, option, gift, grant, bequest, devise, eminent domain or otherwise, any real property, or personal property for administrative purposes, together with any improvements thereon; to hold, improve, clear or prepare for redevelopment any such property; to mortgage, pledge, hypothecate or otherwise encumber or dispose of any real property; to insure or provide for the insurance of any real or personal property or operations of the municipality against any risks or hazards, including the power to pay premiums on any such insurance; and to enter into any contracts necessary to effectuate the purposes of this chapter: Provided, however, that no statutory provision with respect to the acquisition, clearance or disposition of property by public bodies shall restrict a municipality or other public body exercising powers hereunder in the exercise of such functions with respect to an urban renewal project, unless the legislature shall specifically so state.

4. To invest any urban renewal project funds held in reserves or sinking funds, or any such funds not required for immediate disbursement, in property or securities in which a state bank may legally invest funds subject to its control; to redeem such bonds as have been issued pursuant to section 403.9 at the redemption price established therein, or to purchase such bonds at less than redemption price, all such bonds so redeemed or purchased to be canceled.

5. To borrow money and to apply for and accept advances, loans, grants, contributions and any other form of financial assistance from the federal government, the state, county, or other public body, or from any sources, public or private, for the purposes of this chapter, and to give such security as may be required, and to enter into and carry out contracts in connection therewith. A municipality may include in any contract, for financial assistance with the federal government for an urban renewal project, such conditions imposed pursuant to federal laws as the municipality may deem reasonable and appropriate and which are not inconsistent with the purposes of the chapter.

6. Within its area of operation, to make or have made all surveys and planning necessary to the carrying out of the purposes of this chapter, and to contract with any person in making and carrying out of such planning, and to adopt or approve, modify and amend such planning. Such planning may include, without limitation:

- a. A general plan for the locality as a whole;
- b. Urban renewal plans;
- c. Preliminary plans outlining urban renewal activities for neighborhoods to embrace two or more urban renewal areas;
- d. Planning for carrying out a program of voluntary or compulsory repair and rehabilitation of buildings and improvements;
- e. Planning for the enforcement of state and local laws, codes and regulations relating to the use of land and the use and occupancy of buildings and improvements and to the compulsory repair, rehabilitation, demolition, or removal of buildings and improvements;
- f. Appraisals, title searches, surveys, studies, and other planning and work necessary to prepare for the undertaking of urban renewal projects. The municipality is authorized to develop, test, and report methods and techniques, and carry out demonstrations and other activities, for the prevention and the elimination of slums and urban blight and to apply for, accept and utilize grants of funds from the federal government for such purposes.

7. To plan for the relocation of persons, including families, business concerns and others, displaced by an urban renewal project, and to make relocation payments to or with respect to such persons for moving expenses and losses of property for which reimbursement or compensation is not otherwise made, including the making of such payments financed by the federal government. Other provisions of the Code notwithstanding, in making such payments on projects not federally funded, the municipality may pay relocation assistance benefits in the amounts authorized by the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, Pub. L. No. 91-646, as amended by the Uniform Relocation Act Amendments of 1987, Title IV, Pub. L. No. 100-17.

8. To appropriate such funds and make such expenditures as may be necessary to carry out the purposes of this chapter, and to levy taxes and assessments for such purposes; to zone or rezone any part of the municipality or make exceptions from building regulations; and to enter into agreements, respecting action to be taken by such municipality pursuant to any of the powers granted by this chapter, with an urban renewal agency vested with urban renewal project powers under section 403.14, which agreements may extend over any period, notwithstanding any provision of rule of law to the contrary.

9. To close, vacate, plan or replan streets, roads, sidewalks, ways or other places; and to plan or replan any part of the municipality.

10. Within its area of operation, to organize, co-ordinate and direct the administration of the provisions of this chapter as they apply to such municipality in order that the objective of remedying slum and blighted areas, and preventing the causes thereof, within such municipality, may be most effectively promoted and achieved; and to establish such new office or offices of the municipality, or to reorganize existing offices, in order to carry out such purpose most effectively.

11. To exercise all or any part of combination of powers herein granted.

12. To approve urban renewal plans.

13. To sell and convey real property in furtherance of an urban renewal project.

14. To supplement the rent required to be paid by any family residing in the municipality forced to relocate by reason of any governmental activity, provided it is necessary to do so in order to house such family in decent, safe and sanitary housing and provided further that such family does not have sufficient means, as determined by the municipality, to pay the required rent for such housing. Any such rent supplement for any such family shall not continue for more than five years.

15. To acquire by purchase, gift or condemnation real property within its area of operation for the relocation of railroad passenger and freight depots, tracks, and yard and other railroad facilities and to sell or exchange and convey such real

property to railroads.

16. To acquire or dispose of by purchase, construction, or lease, or otherwise to deal in air rights, and facilities or easements for lateral or vertical support of land or structures of any kind.

17. Subject to applicable state or federal regulations in effect at the time of the municipal action, accept contributions, grants, and other financial assistance from the state or federal government to be used upon a finding of public purpose for grants, loans, loan guarantees, interest supplements, technical assistance, or other assistance as necessary or appropriate to private persons for an urban renewal project.

18. To provide in an urban renewal plan for the exclusion from taxation of value added to real estate during the process of construction for development or redevelopment. The exclusion may be limited as to the scope of exclusion, territory, or class of property affected. However, the value added during construction shall not be eligible for exclusion from taxation for more than two years and the exclusion shall not be applied to a facility which has been more than eighty percent completed as of the most recent date of assessment. This subsection permits the elimination only of those taxes which are levied against assessments made during the construction of the development or redevelopment.

19. A municipality, upon entering into a development or redevelopment agreement pursuant to section 403.8, subsection 1, or as otherwise permitted in this chapter, may enter into a written assessment agreement with the developer of taxable property in the urban renewal area which establishes a minimum actual value of the land and completed improvements to be made on the land until a specified termination date which shall not be later than the date after which the tax increment will no longer be remitted to the municipality pursuant to section 403.19, subsection 2. The assessment agreement shall be presented to the appropriate assessor. The assessor shall review the plans and specifications for the improvements to be made and if the minimum actual value contained in the assessment agreement appears to be reasonable, the assessor shall execute the following certification upon the agreement:

The undersigned assessor, being legally responsible for the assessment of the above described property upon completion of the improvements to be made on it, certifies that the actual value assigned to that land and improvements upon completion shall not be less than \$ .....

This assessment agreement with the certification of the assessor and a copy of this subsection shall be filed in the office of the county recorder of the county where the property is located. Upon completion of the improvements, the assessor shall value the property as required by law, except

that the actual value shall not be less than the minimum actual value contained in the assessment agreement. This subsection does not prohibit the assessor from assigning a higher actual value to the property or prohibit the owner from seeking administrative or legal remedies to reduce the actual value assigned except that the actual value shall not be reduced below the minimum actual value contained in the assessment agreement. An assessor, county auditor, board of review, director of revenue, or court of this state shall not reduce or order the reduction of the actual value below the minimum actual value in the agreement during the term of the agreement regardless of the actual value which may result from the incomplete construction of improvements, destruction or diminution by any cause, insured or uninsured, except in the case of acquisition or reacquisition of the property by a public entity. Recording of an assessment agreement complying with this subsection constitutes notice of the assessment agreement to a subsequent purchaser or encumbrancer of the land or any part of it, whether voluntary or involuntary, and is binding upon a subsequent purchaser or encumbrancer.

The provisions of this chapter shall be liberally interpreted to achieve the purposes of this chapter.

#### **403.20 Percentage of adjustment considered in value assessment.**

In determining the assessed value of property within an urban renewal area which is subject to a division of tax revenues pursuant to section 403.19, the difference between the actual value of the property as determined by the assessor each year and the percentage of adjustment certified for that year by the director of revenue on or before November 1 pursuant to section 441.21, subsection 9, multiplied by the actual value of the property as determined by the assessor, shall be subtracted from the actual value of the property as determined pursuant to section 403.19, subsection 1. For purposes of this subsection, “*indebtedness*” includes written agreements whereby the municipality agrees to suspend, abate, exempt, rebate, refund, or reimburse property taxes, or provide a grant for property taxes paid, with moneys in the special fund. The amount of loans, advances, indebtedness, or bonds shall be listed in the aggregate for each municipality reporting.

### PROPERTY REHABILITATION TAX CREDIT

#### **404A.4 Project completion and tax credit certification — credit refund.**

1. Upon completion of the rehabilitation project, a certification of completion must be obtained from the state historic preservation office of the

department of cultural affairs. A completion certificate shall identify the person claiming the tax credit under this chapter and the rehabilitation costs incurred up to the two years preceding the completion date.

2. After verifying the eligibility for the tax credit, the state historic preservation office, in consultation with the department of economic development, shall issue a property rehabilitation tax credit certificate to be attached to the person's tax return. The tax credit certificate shall contain the taxpayer's name, address, tax identification number, the date of project completion, the amount of credit, other information required by the department of revenue, and a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred.

3. A person receiving a property rehabilitation tax credit under this chapter which is in excess of the person's tax liability for the tax year is entitled to a refund of the excess at a discounted value. The discounted value of the tax credit refund, as calculated by the department of economic development, in consultation with the department of revenue, shall be determined based on the discounted value of the tax credit five years after the tax year of the project completion at an interest rate equivalent to the prime rate plus two percent. The refunded tax credit shall not exceed seventy-five percent of the allowable tax credit.

4. The total amount of tax credits that may be approved for a fiscal year under this chapter shall not exceed two million four hundred thousand dollars. For the fiscal years beginning July 1, 2005, and July 1, 2006, an additional five hundred thousand dollars of tax credits may be approved each fiscal year for purposes of projects located in cultural and entertainment districts certified pursuant to section 303.3B. Any of the additional tax credits allocated for projects located in certified cultural and entertainment districts that are not approved during a fiscal year may be carried over to the succeeding fiscal year. Tax credit certificates shall be issued on the basis of the earliest awarding of certifications of completion as provided in subsection 1. The departments of economic development and revenue shall each adopt rules to jointly administer this subsection and shall provide by rule for the method to be used to determine for which fiscal year the tax credits are approved.

5. Tax credit certificates issued under this chapter may be transferred to any person or entity. Within ninety days of transfer, the transferee must submit the transferred tax credit certificate to the state historic preservation office along with a statement containing the transferee's name, tax identification number, and address, and the denomination that each replacement tax credit certificate is to carry and any other information required by the department of revenue. Within thirty days of receiving the transferred tax credit

certificate and the transferee's statement, the office shall issue one or more replacement tax credit certificates to the transferee. Each replacement certificate must contain the information required under subsection 2 and must have the same expiration date that appeared in the transferred tax credit certificate. Tax credit certificate amounts of less than the minimum amount established by rule of the office shall not be transferable. A tax credit shall not be claimed by a transferee under this chapter until a replacement tax credit certificate identifying the transferee as the proper holder has been issued.

The transferee may use the amount of the tax credit transferred against the taxes imposed under chapter 422, divisions II, III, and V, and chapter 432 for any tax year the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit shall not be included as income under chapter 422, divisions II, III, and V. Any consideration paid for the transfer of the tax credit shall not be deducted from income under chapter 422, divisions II, III, and V.

#### 404A.5 Economic impact — recommendations.

The department of cultural affairs, in consultation with the department of economic development, shall be responsible for keeping the general assembly and the legislative services agency informed on the overall economic impact to the state of the rehabilitation of eligible properties. An annual report shall be filed which shall include, but is not limited to, data on the number and potential value of rehabilitation projects begun during the latest twelve-month period, the total property rehabilitation tax credits originally granted during that period, the potential reduction in state tax revenues as a result of all tax credits still unused and eligible for refund, and the potential increase in local property tax revenues as a result of the rehabilitated projects. The department, to the extent it is able, shall provide recommendations on whether a limit on tax credits should be established, the need for a broader or more restrictive definition of eligible property, and other adjustments to the tax credits under this chapter.

Any deliberation of the board in reaching a decision on any appeal shall be confidential.

5. Adopt a long-range program for the state system of tax reform based upon special studies, surveys, research, and recommendations submitted by or proposed under the direction of the director of revenue.

#### **421.17 Powers and duties of director.**

In addition to the powers and duties transferred to the director of revenue, the director shall have and assume the following powers and duties:

1. To have and exercise general supervision over the administration of the assessment and tax laws of the state, over boards of supervisors and all other officers or boards in the performance of their official duties in all matters relating to assessments and taxation, to the end that all assessments of property and taxes levied on the property be made relatively just and uniform in substantial compliance with the law.

2. To supervise the activity of all assessors and boards of review in the state of Iowa; to cooperate with them in bringing about a uniform and legal assessment of property as prescribed by law.

The director may order the reassessment of all or part of the property in any assessing jurisdiction in any year. Such reassessment shall be made by the local assessor according to law under the direction of the director and the cost of making the assessment shall be paid in the same manner as the cost of making an original assessment.

The director shall determine the degree of uniformity of valuation as between the various assessing jurisdictions of the state and shall have the authority to employ competent personnel for the purpose of performing this duty.

For the purpose of bringing about uniformity and equalization of assessments throughout the state of Iowa, the director shall prescribe rules relating to the standards of value to be used by assessing authorities in the determination, assessment and equalization of actual value for assessment purposes of all property subject to taxation in the state, and such rules shall be adhered to and followed by all assessing authorities.

3. To prescribe and promulgate all forms of books and forms to be used in the listing and assessment of property, and on or before November 1 of each year shall furnish to the county auditor

of each county such prescribed forms of assessment rolls and other forms to properly list and assess all property subject to taxation in each county. The department of revenue shall also from time to time prepare and furnish in like manner forms for any and all other blanks, memoranda or instructions which the director deems necessary or expedient for the use or guidance of any of the officers over which the director is authorized by law to exercise supervision.

4. To confer with, advise, and direct boards of supervisors, boards of review, and others obligated by law to make levies and assessments, as to their duties under the laws.

5. To direct proceedings, actions, and prosecutions to be instituted for the enforcement of the laws relating to the penalties, liabilities, and punishment of public officers, and officers or agents of corporations, and other persons or corporations, for failure or neglect to comply with the provisions of the statutes governing the return, assessment and taxation of property; to make or cause to be made complaints against members of boards of review, boards of supervisors or other assessing, reviewing, or taxing officers for official misconduct or neglect of duty. Employees of the department of revenue shall not during their regular hours of employment engage in the preparation of tax returns, except in connection with a regular audit of a tax return or in connection with assistance requested by the taxpayer.

6. To require city, township, school districts, county, state, or other public officers to report information as to the assessment of property and collection of taxes and such other information as may be needful or desirable in the work of the department in such form and upon such blanks as the director may prescribe.

The director shall require all city and county assessors to prepare a quarterly report in the manner and form to be prescribed by the director showing for each warranty deed or contract of sale of real estate, divided between rural and urban, during the last completed quarter the amount of real property transfer tax, the sale price or consideration, and the equalized value at which that property was assessed that year. This report with further information required by the director shall be submitted to the department within sixty days after the end of each quarter. The department shall prepare annual summaries of the records of the ratio of assessments to actual sales prices for all counties, and for cities having city assessors, and the information for the preceding year shall be available for public inspection by May 1.

7. To hold public hearings either at the seat of government or elsewhere in the state, and tax the costs thereof; to summon and compel witnesses to appear and give testimony, to administer oaths to said witnesses, and to compel said witnesses to produce for examination records, books, papers, and documents relating to any matter which the

director shall have the authority to investigate or determine. Provided, however, that no bank or trust company or its officers or employees shall be required to divulge knowledge concerning the property of any person when such knowledge was obtained through information imparted as a part of a business transaction with or for such person and in the usual and ordinary course of business of said bank or trust company, and was necessary and proper to the discharge of the duty of said bank or trust company in relation to such business transaction. This proviso shall be additional to other provisions of the law relating to confidential and privileged communications.

8. To cause the depositions of witnesses residing within or without the state, or absent therefrom, to be taken either on written or oral interrogatories, and the clerk of the district court of any county shall upon the order of the director issue a commission for the taking of such depositions. The proceedings therefor shall be the same as the proceedings for the taking of depositions in the district court so far as applicable.

9. To investigate the work and methods of boards of review, boards of supervisors, or other public officers, in the assessment, equalization, and taxation of all kinds of property, and for that purpose the director or employees of the department may visit the counties or localities when deemed necessary so to do.

10. To require any board of review at any time after its adjournment to reconvene and to make such orders as the director shall determine are just and necessary; to direct and order any board of review to raise or lower the valuation of the property, real or personal, in any township, city, or taxing district, to order and direct any board of review to raise or lower the valuation of any class or classes of property in any township, city, or taxing district, and generally to make any order or direction to any board of review as to the valuation of any property, or any class of property, in any township, city, county, or taxing district, which in the judgment of the director may seem just and necessary, to the end that all property shall be valued and assessed in the manner and according to the real intent of the law. For the purpose of this paragraph the words "*taxing district*" include drainage districts and levee districts.

The director may correct obvious errors or obvious injustices in the assessment of any individual property, but the director shall not reduce the valuation of any individual property except upon the recommendation of the local board of review and an order of the director affecting any valuation shall not be retroactive as to any reduction or increase in taxes payable prior to January 1 of the year in which that order is issued, or prior to September 1 of the preceding year in cities under special charter which collect their own municipal levies. The director shall not correct errors or injustices under the authority of this paragraph if that

correction would involve the exercise of judgment. Judicial review of the actions of the director may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A.

The director may order made effective reassessments or revaluations in any taxing district for any taxing year or years and the director may in any year order uniform increases or decreases in valuation of all property or upon any class of property within any taxing district or any area within such taxing district, such orders to be effective in the year specified by the director. For the purpose of this paragraph the words "*taxing district*" include drainage districts and levee districts.

11. To carefully examine into all cases where evasion or violation of the law for assessment and taxation of property is alleged, complained of, or discovered, and to ascertain wherein existing laws are defective or are improperly or negligently administered, and cause to be instituted such proceedings as will remedy improper or negligent administration of the laws relating to the assessment or taxation of property.

12. To make a summary of the tax situation in the state, setting out the amount of moneys raised by both direct and indirect taxation; and also to formulate and recommend legislation for the better administration of the fiscal laws so as to secure just and equal taxation. To recommend such additions to and changes in the present system of taxation that in the director's judgment are for the best interest of the state and will eliminate the necessity of any levy for state purposes.

13. To transmit biennially to the governor and to each member and member-elect of the legislature, thirty days before the meeting of the legislature, the report of the director, covering the subject of assessment and taxation, the result of the investigation of the director, recommendations for improvement in the system of taxation in the state, together with such measures as may be formulated for the consideration of the legislature.

14. To publish in pamphlet form the revenue laws of the state and distribute them to the county auditors, assessors, and boards of review.

The director may adjust the payable amount to reflect the costs of processing the payment as determined by the treasurer of state and the payment by credit card shall include, in addition to all other charges, any discount charged by the credit card issuer.

26. The department's collection facilities shall only be available for use by other state agencies for their discretionary use when resources are available to the director and subject to the director's determination that use of the procedure is feasible. The director shall prescribe the appropriate form and manner in which this information is to be submitted to the office of the department. The obligations or indebtedness must be delinquent and not subject to litigation, claim, appeal, or review pursuant to the appropriate remedies of each state agency.

*b.* The director shall establish, as provided in this section, a centralized computer data bank to compile the information provided and shall establish in the centralized data bank all information provided from all sources within the state concerning addresses, financial records, and other information useful in assisting the department in collection services.

*c.* The director shall establish a formal debt collection policy for use by state agencies which have not established their own policy. Other state agencies may use the collection facilities of the department pursuant to formal agreement with the department. The agreement shall provide that the information provided to the department shall be sufficient to establish the obligation in a court of law and to render it as a legal judgment on behalf of the state. After transferring the file to the department for collection, an individual state agency shall terminate all collection procedures and be available to provide assistance to the department. Upon receipt of the file, the department shall assume all liability for its actions without recourse to the agency, and shall comply with all applicable state and federal laws governing collection of the debt. The department may use a participating agency's statutory collection authority to collect the participating agency's delinquent accounts, charges, fees, loans, taxes, or other indebtedness owed to or being collected by the state. The confidentiality provisions of sections 422.20 and 422.72 do not apply to tax information contained in the centralized computer data bank. State agencies shall endeavor to obtain the applicant's social security or federal tax identification number, or state driver's license number from all applicants.

*f.* At the director's discretion, the department may accept payment of debts, interest, and fees, or any portion by credit card. The director may adjust the payable amount to reflect the costs of processing the payment as determined by the treasurer of state and the payment by credit card shall include, in addition to all other charges, any discount charge by the credit card issuer.

*g.* The director shall adopt administrative rules to implement this section, including, but not limited to, rules necessary to prevent conflict with federal laws and regulations or the loss of federal funds, to establish procedures necessary to guarantee due process of law, and to provide for reimbursement of the department by other state agencies for the department's costs related to debt collection.

*h.* The director shall report quarterly to the legislative fiscal committee, the legislative services agency, and the chairpersons and ranking members of the joint administration appropriations subcommittee concerning the implementation of the centralized debt collection program, the number of departmental collection programs initiated, the amount of debts collected, and an estimate of future costs and benefits which may be associated with the collection program. It is the intent of the general assembly that the centralized debt collection program will result in the collection of at least two dollars of indebtedness for every dollar expended in administering the collection program during a fiscal year. It is also the intent of the general assembly that the centralized debt collection program be administered without the anticipation of future additional commitments of computer equipment and personnel.

*i.* The director may distribute to credit reporting entities and for publication the names, addresses, and amounts of indebtedness owed to or being collected by the state if the indebtedness is subject to the centralized debt collection procedure established in this subsection. The director shall adopt rules to administer this paragraph, and the rules shall provide guidelines by which the director shall determine which names, addresses, and amounts of indebtedness may be distributed for publication. graph, notwithstanding sections 422.20, 422.72, and 423.23, or any other provision of state law to the contrary pertaining to confidentiality of information.

Administrative wage assignment under this section is the equivalent of condemning funds under chapter 642.

The administrative wage assignment is to be considered an additional means of collection by the facility and not an exclusive means of collection. If the use of an administrative wage assignment is not successful in collecting an outstanding debt due the facility, the facility may use the collection provisions set forth in chapters 626 and 642.

b. An obligor is subject to this section if the obligor’s debt is being collected by the facility.

c. Any amount forwarded to the facility by an employer under this section shall not exceed the delinquent or accrued amount of the obligor’s debt being collected by the facility.

If the facility determines that collection of the debt may be in jeopardy, the facility may request that the employer deliver notice of the wage assignment simultaneous with the remainder of or in lieu of the obligor’s compensation due from the employer.

The facility may obtain one or more wage assignments of an obligor who is subject to this section. If an obligor has more than one employer, the facility shall give notice to all employers that the facility seeks to have an assignment of wages.

b. The notice from the facility to the obligor shall contain all of the following:

(1) The name and social security number of the obligor.

(2) A statement that the obligor is believed to have employment with the stated employer.

(8) A telephone number, address, and contact name of the facility initiating the action.

4. *Verification of employment and immunity from liability.*

a. The facility may contact an employer to obtain verification of employment, and any specific information from the employer that the facility needs to initiate, effectuate, or maintain collection of the obligation. Contact with an employer may be by telephone, fax, or by written communication. The employer may require proof of authority from the person from the facility and the telephone number of the authorized person from the facility before releasing an obligor's employment information by telephone.

b. The employer is immune from any civil or criminal liability for information released by the employer to the facility pursuant to this section.

5. *Costs.* The facility is not liable for any costs incurred or imposed for initiating, effectuating, or maintaining an administrative wage assignment under this section. Such costs will be the sole responsibility of the obligor and will be added to the amount to be collected by the facility.

6. *Administrative wage assignment — notice to the employer.*

a. If an obligor is subject to this section, the facility may initiate an administrative wage assignment to have compensation due the obligor to be assigned by the employer to the facility up to the amount of the full debt to be collected by the facility.

b. The facility shall send a notice to the employer within fourteen days of sending notice of the wage assignment to the obligor. The notice shall inform the employer of the amount to be assigned to the facility from each wage, salary, or payment period that is due the obligor. The facility may receive assignment of up to one hundred percent of the obligor's disposable income, salary, or payment for any given period until the full obligation to the facility is paid in full.

c. The notice to the employer shall contain all of the following:

(1) The name and social security number of the obligor.

b. No sooner than ten days, and no later than twenty days from the date the employer receives the notice of wage assignment, unless notified by the facility of a challenge of the wage assignment by the obligor, the employer shall begin forwarding the obligor's compensation, to the extent required in the notice, to the facility with the obligor's name and social security number, the facility's account number for the obligor, and any other information required in the notice.

c. The employer may assess a fee against the obligor, not to exceed twenty-five dollars, for forwarding of moneys to the facility. This fee is in addition to the amount owed to or being collected by the facility from the obligor. If insufficient moneys are available from the obligor's compensation to cover the fee and the amount in the notice, the employer may deduct the fee amount prior to forwarding moneys to the facility and the amount credited to the obligor's account with the facility shall be reduced by the fee amount. However, if the employer can present evidence to the facility that the employer's costs were in excess of twenty-five dollars and that such costs were necessary and reasonable, then the employer may impose a fee in excess of the twenty-five dollar fee limit.

8. *Challenges to action.*

a. Challenges under this section may be initiated only by an obligor. An administrative wage assignment only occurs after the obligor has waived or exhausted administrative remedies. Reviews by the facility of a challenge to an administrative wage assignment are not subject to chapter 17A unless the challenge is regarding the validity of the assignment. Actions under this section are in equity and not actions at law.

b. The obligor challenging the administrative wage assignment shall submit a written challenge to the person identified as the contact for the facility in the notice, within ten days of the date of the notice to the obligor.

c. The facility, upon receipt of a written challenge, shall review the facts of the case with the ob-

ligor within ten days of receipt of the challenge. If the obligor is not available for the review on the scheduled date, the review shall take place without the obligor being present. Information in favor of the obligor shall be considered by the facility in the review. The facility may utilize additional information if such information is available. Only a mistake of fact, including, but not limited to, a mistake in the identity of the obligor or a mistake in the amount owed to or being collected by the facility shall be considered as a reason to dismiss or modify the administrative wage assignment.

*d.* If the facility determines that a mistake of fact has occurred, the facility shall proceed as follows:

(1) If a mistake in identity has occurred or the obligor does not have a delinquent or accrued amount being collected by or owed to the facility, the facility shall notify the employer that the administrative wage assignment has been released. The facility shall provide a copy of the notice to the obligor by regular mail.

(2) If the delinquent or accrued amount being collected by or owed to the facility is less than the amount indicated in the notice, the facility shall provide a notice to the employer of the revised amount, with a copy of the original notice, and issue a notice to the obligor by regular mail. Upon written receipt of the notice from the facility, the employer shall release the funds in excess of the revised amount and forward the revised amount to the facility pursuant to the administrative wage assignment.

(3) Any moneys received by the facility in excess of the amount owed to or to be collected by the facility shall be returned to the obligor.

*e.* If the facility finds no mistake of fact, the facility shall provide a notice to that effect to the obligor by regular mail and notify the employer to forward the moneys pursuant to the administrative wage assignment.

*f.* The obligor shall have the right to file an action for wrongful assignment in district court within thirty days of the date of the notice to the obligor, either in the county where the obligor is located or in Polk county where the facility is located.

9. *Validity and duration of a wage assignment notice.* A notice of wage assignment given to the obligor is effective without the serving of another notice until the earliest of either of the following:

*a.* The debt owed to the facility is paid in full.

*b.* The obligor receives notice that the wage assignment shall cease.

Expiration of the wage assignment does not affect the obligor's duties and liabilities respecting the wages already withheld pursuant to the wage assignment.

#### 421.28 Exceptions to successor liability.

The immediate successor to a licensee's or retailer's business or stock of goods under chapter 422A or 422B, or section 422.52, 423.13, 423.14, or 452A.65 is not personally liable for the amount of delinquent tax, interest, or penalty due and unpaid if the immediate successor shows that the purchase of the business or stock of goods was made in good faith that no delinquent tax, interest, or penalty was due and unpaid. For purposes of this section the immediate successor shows good faith by evidence that the department had provided the immediate successor with a certified statement that no delinquent tax, interest, or penalty is unpaid, or that the immediate successor had taken in good faith a certified statement from the licensee, retailer, or seller that no delinquent tax, interest, or penalty is unpaid. When requested to do so by a person with whom the licensee or retailer is negotiating the sale of the business or stock of goods, the director of revenue shall, upon being satisfied that such a situation exists, inform that person as to the amount of unpaid delinquent tax, interest, or penalty due by the licensee or the retailer. #### 421.30 Reassessment expense fund.

1. There is created in the office of the treasurer of state a "reassessment expense fund" for the purpose of providing loans to a city and county conference board for conducting reassessments of property. There is appropriated to the reassessment expense fund from the general fund of the state from any unappropriated funds in the general fund of the state such funds as are necessary to carry out the provisions of this section, section 421.17, subsection 19, and the last paragraph of section 441.19, subject to the approval of the director of revenue. Repayment of loans shall be credited to the fund.

2. The director of revenue shall maintain and administer the reassessment expense fund created pursuant to subsection 1.

3. Within sixty days of the receipt of an order of the director to reassess all or part of the property in an assessing jurisdiction, the conference board and assessor of the assessing jurisdiction shall submit to the director a detailed proposal for complying with the order. The proposal shall contain specifications for the completion of the reassessment project, the financial condition of the assessing jurisdiction, and any other information deemed necessary by the director.

4. Each proposal submitted pursuant to subsection 3 shall be reviewed by the director to determine if the proposal will result in compliance with the reassessment order. The director shall approve or disapprove each proposal and shall notify the appropriate conference board and assessor of the decision. If the director determines the proposal will not result in compliance with the reassessment order, the notice shall contain the reasons for the director's determination and an explanation as to how the proposal shall be corrected in order to be approved by the director.

5. If the notice to the conference board and the assessor states that the director has determined that the proposal will result in compliance with the reassessment order, the conference board may, if it lacks the financial resources to comply in all respects with the reassessment order, file with the director an application for a loan from the reassessment expense fund. The loan to the conference board may be for all or part of the funds required to comply with the reassessment order. The director shall approve, amend and approve, or reject each application and notify the conference board and assessor of its decision. If the application is amended or rejected, the notice shall contain the director's reasons for the amendment or rejection.

6. Upon the director's approval of the advancement of funds from the reassessment expense fund, the director shall certify to the appropriate conference board and assessor a schedule for dis-

bursing the loan to the assessing jurisdiction's appraiser fund authorized by section 441.50. The schedule shall provide for the disbursement of funds over the period of the reassessment project, except that ten percent of the funds shall not be disbursed until the project is completed. The conference board shall at its next opportunity levy pursuant to section 441.50 sufficient funds for purposes of repaying the loan made from the reassessment expense fund. The amount levied shall be sufficient to repay the loan in semiannual installments during the course of the reappraisal project as specified by a repayment schedule established by the director. The repayment schedule shall provide for repayment of the loan not later than one year following the completion of the reassessment. Semiannual repayments of the proceeds of the loan shall be made on or before December 1 and May 1 of each year.

7. Any reassessment of property ordered by the director, whether or not undertaken with funds provided in this section, shall be conducted by the assessor in accordance with the Iowa real property appraisal manual issued under authority of section 421.17, subsection 17, the assessment laws of this state, and any reassessment order issued by the director under authority of this chapter. The conference board may employ appraisers or other expert help to assist the assessor in completing the reassessment, except that no conference board receiving funds under this section shall enter into a contract for the reassessment of property until the board's proposal for completing the reassessment is approved. The director shall supervise the conduct of all reassessments of property and issue to the assessor or conference board such instructions, directives, or orders as are necessary to ensure compliance with the provisions of this section and the assessment laws of this state.

8. The assessor of each assessing jurisdiction receiving funds under this section shall submit to the director, in the form and manner prescribed by the director, reports showing the progress of the reassessment. If the director determines that a reassessment undertaken with funds provided in this section is not being conducted in accordance with the proposal submitted pursuant to subsection 3, the director shall notify the appropriate conference board and assessor of the director's determination. The notice shall contain an explanation as to how the deficiencies in the reassessment may be corrected. If the deficiencies noted by the director are not corrected within sixty days of the date the assessor and conference board are notified of their existence, the director shall suspend payments from the reassessment expense fund until the deficiencies have been corrected.

9. Funds obtained under this section shall be used only to conduct reassessments of property as

approved and conducted pursuant to this section.

Collection of primary data shall be considered part of the department's normal duties and shall not require an additional budgetary appropriation. The department shall supplement primary data with

information supplied by the United States department of commerce, the United States census bureau, the United States small business administration, any other federal agency collecting electronic commerce data, and if obtainable, affiliated state data centers. The department may use information gathered from private, academic, and nongovernmental entities provided that the source and methodology is clearly stated within the text of the report. The department shall not cite, as authoritative sources, studies conducted by private, academic, and nongovernmental entities that are speculative in nature or based on unscientific methods. In addition, the department shall include an analysis of the financial impact increased sales and use tax collection requirements would have on in-state companies engaged in electronic commerce. The data shall be compiled in the form of an annual report to be delivered to the general assembly no later than February 1 of each year.

Subsection 5 amended

#### 422.5 Tax imposed — exclusions — alternative minimum tax.

1. A tax is imposed upon every resident and nonresident of the state which tax shall be levied, collected, and paid annually upon and with respect to the entire taxable income as defined in this division at rates as follows:

a. On all taxable income from zero through one thousand dollars, thirty-six hundredths of one percent.

b. On all taxable income exceeding one thousand dollars but not exceeding two thousand dollars, seventy-two hundredths of one percent.

c. On all taxable income exceeding two thousand dollars but not exceeding four thousand dollars, two and forty-three hundredths percent.

d. On all taxable income exceeding four thousand dollars but not exceeding nine thousand dollars, four and one-half percent.

e. On all taxable income exceeding nine thousand dollars but not exceeding fifteen thousand dollars, six and twelve hundredths percent.

f. On all taxable income exceeding fifteen thousand dollars but not exceeding twenty thousand dollars, six and forty-eight hundredths percent.

g. On all taxable income exceeding twenty thousand dollars but not exceeding thirty thousand dollars, six and eight-tenths percent.

h. On all taxable income exceeding thirty thousand dollars but not exceeding forty-five thousand dollars, seven and ninety-two hundredths percent.

i. On all taxable income exceeding forty-five thousand dollars, eight and ninety-eight hundredths percent.

j. (1) The tax imposed upon the taxable income of a nonresident shall be computed by reducing the amount determined pursuant to paragraphs “a” through “i” by the amounts of nonrefundable credits under this division and by multiplying this resulting amount by a fraction of which the nonresident’s net income allocated to Iowa, as determined in section 422.8, subsection 2, paragraph “a”, is the numerator and the nonresident’s total net income computed under section 422.7 is the denominator. This provision also applies to individuals who are residents of Iowa for less than the entire tax year.

(2) The tax imposed upon the taxable income of a resident shareholder in an S corporation which has in effect for the tax year an election under subchapter S of the Internal Revenue Code and carries on business within and without the state may be computed by reducing the amount determined pursuant to paragraphs “a” through “i” by the amounts of nonrefundable credits under this division and by multiplying this resulting amount by a fraction of which the resident’s net income allocated to Iowa, as determined in section

422.8, subsection 2, paragraph “b”, is the numerator and the resident’s total net income computed under section 422.7 is the denominator. If a resident shareholder has elected to take advantage of this subparagraph, and for the next tax year elects not to take advantage of this subparagraph, the resident shareholder shall not reelect to take advantage of this subparagraph for the three tax years immediately following the first tax year for which the shareholder elected not to take advantage of this subparagraph, unless the director consents to the reelection. This subparagraph also applies to individuals who are residents of Iowa for less than the entire tax year.

This subparagraph shall not affect the amount of the taxpayer’s checkoff to the Iowa election campaign fund under section 68A.601, the checkoff for the fish and game fund in section 456A.16, the credits from tax provided in sections 422.10, 422.11A, and 422.12 and the allocation of these credits between spouses if the taxpayers filed separate returns or separately on combined returns.

k. There is imposed upon every resident and nonresident of this state, including estates and trusts, the greater of the tax determined in paragraphs “a” through “j” or the state alternative minimum tax equal to seventy-five percent of the maximum state individual income tax rate for the tax year, rounded to the nearest one-tenth of one percent, of the state alternative minimum taxable income of the taxpayer as computed under this paragraph.

The state alternative minimum taxable income of a taxpayer is equal to the taxpayer’s state taxable income, as computed with the deductions in section 422.9, with the following adjustments:

(1) Add items of tax preference included in federal alternative minimum taxable income under section 57, except subsections (a)(1), (a)(2), and (a)(5), of the Internal Revenue Code, make the adjustments included in federal alternative minimum taxable income under section 56, except subsections (a)(4), (b)(1)(C)(iii), and (d), of the Internal Revenue Code, and add losses as required by section 58 of the Internal Revenue Code. To the extent that any preference or adjustment is determined by an individual’s federal adjusted gross income, the individual’s federal adjusted gross income is computed in accordance with section 422.7, subsection 39. In the case of an estate or trust, the items of tax preference, adjustments, and losses shall be apportioned between the estate or trust and the beneficiaries in accordance with rules prescribed by the director.

(2) Subtract the applicable exemption amount as follows:

(a) Seventeen thousand five hundred dollars for a married person who files separately or for an estate or trust.

(b) Twenty-six thousand dollars for a single person or an unmarried head of household.

(c) Thirty-five thousand dollars for a married

couple which files a joint return.

(d) The exemption amount shall be reduced, but not below zero, by an amount equal to twenty-five percent of the amount by which the alternative minimum taxable income of the taxpayer, computed without regard to the exemption amount in this subparagraph, exceeds the following:

(i) Seventy-five thousand dollars in the case of a taxpayer described in subparagraph subdivision (a).

(ii) One hundred twelve thousand five hundred dollars in the case of a taxpayer described in subparagraph subdivision (b).

(iii) One hundred fifty thousand dollars in the case of a taxpayer described in subparagraph subdivision (c).

(3) In the case of a net operating loss computed for a tax year beginning after December 31, 1982, which is carried back or carried forward to the current taxable year, the net operating loss shall be reduced by the amount of the items of tax preference arising in such year which was taken into account in computing the net operating loss in section 422.9, subsection 3. The deduction for a net operating loss for a tax year beginning after December 31, 1986, which is carried back or carried forward to the current taxable year shall not exceed ninety percent of the alternative minimum taxable income determined without regard for the net operating loss deduction.

The state alternative minimum tax of a taxpayer whose net capital gain deduction includes the gain or loss from the forfeiture of an installment real estate contract, the transfer of real or personal property securing a debt to a creditor in cancellation of that debt, or from the sale or exchange of property as a result of actual notice of foreclosure, where the fair market value of the taxpayer’s assets exceeds the taxpayer’s liabilities immediately before such forfeiture, transfer, or sale or exchange, shall not be greater than such excess, including any asset transferred within one hundred twenty days prior to such forfeiture, transfer, or sale or exchange.

In the case of a resident, including a resident estate or trust, the state’s apportioned share of the state alternative minimum tax is one hundred percent of the state alternative minimum tax computed in this subsection. In the case of a resident or part-year resident shareholder in an S corporation which has in effect for the tax year an election under subchapter S of the Internal Revenue Code and carries on business within and without the state, a nonresident, including a nonresident estate or trust, or an individual, estate, or trust that is domiciled in the state for less than the entire tax year, the state’s apportioned share of the state alternative minimum tax is the amount of tax computed under this subsection, reduced by the applicable credits in sections 422.10 through 422.12 and this result multiplied by a fraction with a nu-

erator of the sum of state net income allocated to Iowa as determined in section 422.8, subsection 2, paragraph “a” or “b” as applicable, plus tax preference items, adjustments, and losses under subparagraph (1) attributable to Iowa and with a denominator of the sum of total net income computed under section 422.7 plus all tax preference items, adjustments, and losses under subparagraph (1). In computing this fraction, those items excludable under subparagraph (1) shall not be used in computing the tax preference items. Married taxpayers electing to file separate returns or separately on a combined return must allocate the minimum tax computed in this subsection in the proportion that each spouse’s respective preference items, adjustments, and losses under subparagraph (1) bear to the combined preference items, adjustments, and losses under subparagraph (1) of both spouses.

2. However, the tax shall not be imposed on a resident or nonresident whose net income, as defined in section 422.7, is thirteen thousand five hundred dollars or less in the case of married persons filing jointly or filing separately on a combined return, unmarried heads of household, and surviving spouses or nine thousand dollars or less in the case of all other persons; but in the event that the payment of tax under this division would reduce the net income to less than thirteen thousand five hundred dollars or nine thousand dollars as applicable, then the tax shall be reduced to that amount which would result in allowing the taxpayer to retain a net income of thirteen thousand five hundred dollars or nine thousand dollars as applicable. The preceding sentence does not apply to estates or trusts. For the purpose of this subsection, the entire net income, including any part of the net income not allocated to Iowa, shall be taken into account. For purposes of this subsection, net income includes all amounts of pensions or other retirement income received from any source which is not taxable under this division as a result of the government pension exclusions in section 422.7, or any other state law. If the combined net income of a husband and wife exceeds thirteen thousand five hundred dollars, neither of them shall receive the benefit of this subsection, and it is immaterial whether they file a joint return or separate returns. However, if a husband and wife file separate returns and have a combined net income of thirteen thousand five hundred dollars or less, neither spouse shall receive the benefit of this paragraph, if one spouse has a net operating loss and elects to carry back or carry forward the loss as provided in section 422.9, subsection 3. A person who is claimed as a dependent by another person as defined in section 422.12 shall not receive the benefit of this subsection if the person claiming the dependent has net income exceeding thirteen thousand five hundred dollars or nine thousand dollars as applicable or the person claiming the dependent and the person’s spouse have com-

bined net income exceeding thirteen thousand five hundred dollars or nine thousand dollars as applicable.

In addition, if the married persons’, filing jointly or filing separately on a combined return, unmarried head of household’s, or surviving spouse’s net income exceeds thirteen thousand five hundred dollars, the regular tax imposed under this division shall be the lesser of the maximum state individual income tax rate times the portion of the net income in excess of thirteen thousand five hundred dollars or the regular tax liability computed without regard to this sentence. Taxpayers electing to file separately shall compute the alternate tax described in this paragraph using the total net income of the husband and wife. The alternate tax described in this paragraph does not apply if one spouse elects to carry back or carry forward the loss as provided in section 422.9, subsection 3.

3. The tax herein levied shall be computed and collected as hereinafter provided.

4. The provisions of this division shall apply to all salaries received by federal officials or employees of the United States government as provided for herein.

5. Upon determination of the latest cumulative inflation factor, the director shall multiply each dollar amount set forth in subsection 1, paragraphs “a” through “i” of this section by this cumulative inflation factor, shall round off the resulting product to the nearest one dollar, and shall incorporate the result into the income tax forms and instructions for each tax year.

6. The state income tax of a taxpayer whose net income includes the gain or loss from the forfeiture of an installment real estate contract, the transfer of real or personal property securing a debt to a creditor in cancellation of that debt, or from the sale or exchange of property as a result of actual notice of foreclosure where the fair market value of the taxpayer’s assets exceeds the taxpayer’s liabilities immediately before such forfeiture, transfer, or sale or exchange shall not be greater than such excess, including any asset transferred within one hundred twenty days prior to such forfeiture, transfer, or sale or exchange. For purposes of this subsection, in the case of married taxpayers, except in the case of a husband and wife who live apart at all times during the tax year, the assets and liabilities of both spouses shall be considered in determining if the fair market value of the taxpayer’s assets exceed the taxpayer’s liabilities.

7. In addition to the other taxes imposed by this section, a tax is imposed on the amount of a lump sum distribution for which the taxpayer has elected under section 402(e) of the Internal Revenue Code to be separately taxed for federal income tax purposes for the tax year. The rate of tax is equal to twenty-five percent of the separate federal tax imposed on the amount of the lump sum distribution. A nonresident is liable for this tax only on that portion of the lump sum distribution allo-

cable to Iowa. The total amount of the lump sum distribution subject to separate federal tax shall be included in net income for purposes of determining eligibility under the thirteen thousand five hundred dollar or less or nine thousand dollar or less exclusion, as applicable.

8. In the case of income derived from the sale or exchange of livestock which qualifies under section 451(e) of the Internal Revenue Code because of drought, the taxpayer may elect to include the income in the taxpayer's net income in the tax year following the year of the sale or exchange in accordance with rules prescribed by the director.

9. If an individual's federal income tax was forgiven for a tax year under section 692 of the Internal Revenue Code, because the individual was killed while serving in an area designated by the president of the United States or the United States Congress as a combat zone, the individual was missing in action and presumed dead, or the individual was killed outside the United States in a terroristic or military action while the individual was a military or civilian employee of the United States, the individual's Iowa income tax is also forgiven for the same tax year.

10. If a taxpayer repays in the current tax year certain amounts of income that were subject to tax under this division in a prior year and a tax benefit would be allowed under similar circumstances under section 1341 of the Internal Revenue Code, a tax benefit shall be allowed on the Iowa return. The tax benefit shall be the reduced tax for the current tax year due to the deduction for the repaid income or the reduction in tax for the prior year or years due to exclusion of the repaid income. The reduction in tax shall qualify as a refundable tax credit on the return for the current year pursuant to rules prescribed by the director.

#### **422.7 "Net income" — how computed.**

The term "*net income*" means the adjusted gross income before the net operating loss deduction as properly computed for federal income tax purposes under the Internal Revenue Code, with the following adjustments:

1. Subtract interest and dividends from federal securities.
2. Add interest and dividends from foreign securities and from securities of state and other political subdivisions exempt from federal income tax under the Internal Revenue Code.
3. Where the adjusted gross income includes capital gains or losses, or gains or losses from property other than capital assets, and such gains or losses have been determined by using a basis established prior to January 1, 1934, an adjustment may be made, under rules prescribed by the direc-

tor, to reflect the difference resulting from the use of a basis of cost or January 1, 1934, fair market value, less depreciation allowed or allowable, whichever is higher. Provided that the basis shall be fair market value as of January 1, 1955, less depreciation allowed or allowable, in the case of property acquired prior to that date if use of a prior basis is declared to be invalid.

4. Subtract payments received by a beneficiary under an annuity which was purchased under an employee's pension or retirement plan when the commuted value of the installments has been included as a part of the decedent employee's estate for Iowa inheritance tax purposes.

5. Individual taxpayers and married taxpayers who file a joint federal income tax return and who elect to file a joint return, separate returns, or separate filing on a combined return for Iowa income tax purposes, may avail themselves of the disability income exclusion and shall compute the amount of the disability income exclusion subject to the limitations for joint federal income tax return filers provided by section 105(d) of the Internal Revenue Code. The disability income exclusion provided in section 105(d) of the Internal Revenue Code, as amended up to and including December 31, 1982, continues to apply for state income tax purposes for tax years beginning on or after January 1, 1984.

6. Reserved.

7. Married taxpayers who file a joint federal income tax return and who elect to file separate returns or separate filing on a combined return for Iowa income tax purposes, may avail themselves of the expensing of business assets and capital loss provisions of sections 179(a) and 1211(b) respectively of the Internal Revenue Code and shall compute the amount of expensing of business assets and capital loss subject to the limitations for joint federal income tax return filers provided by sections 179(b) and 1211(b) respectively of the Internal Revenue Code.

8. Subtract the amount of the work opportunity tax credit allowable for the tax year under section 51 of the Internal Revenue Code to the extent that the credit increased federal adjusted gross income.

9. Subtract the amount of the alcohol fuel credit allowable for the tax year under section 40 of the Internal Revenue Code to the extent that the credit increased federal adjusted gross income.

10. Notwithstanding the method for computing the amount of travel expenses that may be deducted under section 162(h) of the Internal Revenue Code, for tax years beginning on or after January 1, 1987, a member of the general assembly whose place of residence within the legislative district is greater than fifty miles from the capitol building of the state may deduct the total amount per day determined under section 162(h)(1)(B) of

the Internal Revenue Code and a member of the general assembly whose place of residence within the legislative district is fifty or fewer miles from the capitol building of the state may deduct fifty dollars per day. This subsection does not apply to a member of the general assembly who elects to itemize for state tax purposes the member's travel expenses.

11. Add the amounts deducted and subtract the amounts included as income as a result of the treatment provided sale-leaseback agreements under section 168(f)(8) of the Internal Revenue Code for property placed in service by the transferee prior to January 1, 1986, to the extent that the amounts deducted and the amounts included in income are not otherwise deductible or included in income under the Internal Revenue Code as amended to and including December 31, 1985. Entitlement to depreciation on any property included in a sale-leaseback agreement which is placed in service by the transferee prior to January 1, 1986, shall be determined under the Internal Revenue Code as amended to and including December 31, 1985, excluding section 168(f)(8) in making the determination.

12. If the adjusted gross income includes income or loss from a small business operated by the taxpayer, an additional deduction shall be allowed in computing the income or loss from the small business if the small business hired for employment in the state during its annual accounting period ending with or during the taxpayer's tax year any of the following:

a. An individual with a disability domiciled in this state at the time of the hiring who meets any of the following conditions:

(1) Has a physical or mental impairment which substantially limits one or more major life activities.

(2) Has a record of that impairment.

(3) Is regarded as having that impairment.

b. An individual domiciled in this state at the time of the hiring who meets any of the following conditions:

(1) Has been convicted of a felony in this or any other state or the District of Columbia.

(2) Is on parole pursuant to chapter 906.

(3) Is on probation pursuant to chapter 907, for an offense other than a simple misdemeanor.

(4) Is in a work release program pursuant to chapter 904, division IX.

c. An individual, whether or not domiciled in this state at the time of the hiring, who is on parole or probation and to whom the interstate probation and parole compact under section 907A.1, Code 2001, applies, or to whom the interstate compact for adult offender supervision under chapter 907B applies.

The amount of the additional deduction is equal to sixty-five percent of the wages paid to individu-

als, but shall not exceed twenty thousand dollars per individual, named in paragraphs "a", "b", and "c" who were hired for the first time by that business during the annual accounting period for work done in the state. This additional deduction is allowed for the wages paid to those individuals successfully completing a probationary period during the twelve months following the date of first employment by the business and shall be deducted at the close of the annual accounting period.

The additional deduction shall not be allowed for wages paid to an individual who was hired to replace an individual whose employment was terminated within the twelve-month period preceding the date of first employment. However, if the individual being replaced left employment voluntarily without good cause attributable to the employer or if the individual was discharged for misconduct in connection with the individual's employment as determined by the department of workforce development, the additional deduction shall be allowed.

A taxpayer who is a partner of a partnership or a shareholder of a subchapter S corporation, may deduct that portion of wages qualified under this subsection paid by the partnership or subchapter S corporation based on the taxpayer's pro rata share of the profits or losses from the partnership or subchapter S corporation.

For purposes of this subsection, "physical or mental impairment" means any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the body systems or any mental or psychological disorder, including mental retardation, organic brain syndrome, emotional or mental illness and specific learning disabilities.

For purposes of this subsection, "small business" means small business as defined in section 16.1, subsection 36, except that it shall also include the operation of a farm.

12A. If the adjusted gross income includes income or loss from a business operated by the taxpayer, and if the business does not qualify for the adjustment under subsection 12, an additional deduction shall be allowed in computing the income or loss from the business if the business hired for employment in the state during its annual accounting period ending with or during the taxpayer's tax year either of the following:

a. An individual domiciled in this state at the time of the hiring who meets any of the following conditions:

(1) Has been convicted of a felony in this or any other state or the District of Columbia.

(2) Is on parole pursuant to chapter 906.

(3) Is on probation pursuant to chapter 907, for an offense other than a simple misdemeanor.

(4) Is in a work release program pursuant to chapter 904, division IX.

b. An individual, whether or not domiciled in this state at the time of the hiring, who is on parole or probation and to whom the interstate probation and parole compact under section 907A.1, Code 2001, applies, or to whom the interstate compact for adult offender supervision under chapter 907B applies.

The amount of the additional deduction is equal to sixty-five percent of the wages paid to individuals, but shall not exceed twenty thousand dollars per individual, named in paragraphs "a" and "b" who were hired for the first time by that business during the annual accounting period for work done in the state. This additional deduction is allowed for the wages paid to those individuals successfully completing a probationary period during the twelve months following the date of first employment by the business and shall be deducted at the close of the annual accounting period.

The additional deduction shall not be allowed for wages paid to an individual who was hired to replace an individual whose employment was terminated within the twelve-month period preceding the date of first employment. However, if the individual being replaced left employment voluntarily without good cause attributable to the employer or if the individual was discharged for misconduct in connection with the individual's employment as determined by the department of workforce development, the additional deduction shall be allowed.

A taxpayer who is a partner of a partnership or a shareholder of a subchapter S corporation, may deduct that portion of wages qualified under this subsection paid by the partnership or subchapter S corporation based on the taxpayer's pro rata share of the profits or losses from the partnership or subchapter S corporation.

The department shall develop and distribute information concerning the deduction available for businesses employing persons named in paragraphs "a" and "b".

13. Subtract, to the extent included, the amount of additional social security benefits taxable under the Internal Revenue Code for tax years beginning on or after January 1, 1994. The amount of social security benefits taxable as provided in section 86 of the Internal Revenue Code, as amended up to and including January 1, 1993, continues to apply for state income tax purposes for tax years beginning on or after January 1, 1994. Married taxpayers, who file a joint federal income tax return and who elect to file separate returns or who elect separate filing on a combined return for state income tax purposes, shall allocate between the spouses the amount of benefits subtracted from net income in the ratio of the social security benefits received by each spouse to the total of these benefits received by both spouses.

14. Add the amount of intangible drilling and development costs optionally deducted in the year

paid or incurred as described in section 57(a)(2) of the Internal Revenue Code. This amount may be recovered through cost depletion or depreciation, as appropriate under rules prescribed by the director.

15. Add the percentage depletion amount determined with respect to an oil, gas, or geothermal well as described in section 57(a)(1) of the Internal Revenue Code.

16. Subtract the income resulting from the forfeiture of an installment real estate contract, the transfer of real or personal property securing a debt to a creditor in cancellation of that debt, or from the sale or exchange of property as a result of actual notice of foreclosure if all of the following conditions are met:

a. The forfeiture, transfer, or sale or exchange was done for the purpose of establishing a positive cash flow.

b. Immediately before the forfeiture, transfer, or sale or exchange, the taxpayer's debt to asset ratio exceeded ninety percent as computed under generally accepted accounting practices.

c. The taxpayer's net worth at the end of the tax year is less than seventy-five thousand dollars. In determining a taxpayer's net worth at the end of the tax year a taxpayer shall include any asset transferred within one hundred twenty days prior to the end of the tax year without adequate and full consideration in money or money's worth. In determining the taxpayer's debt to asset ratio, the taxpayer shall include any asset transferred within one hundred twenty days prior to such forfeiture, transfer, or sale or exchange without adequate and full consideration in money or money's worth. For purposes of this subsection, actual notice of foreclosure includes, but is not limited to, bankruptcy or written notice from a creditor of the creditor's intent to foreclose where there is a reasonable belief that the creditor can force a sale of the asset. For purposes of this subsection, in the case of married taxpayers, except in the case of a husband and wife who live apart at all times during the tax year, the assets and liabilities of both spouses shall be considered for purposes of determining the taxpayer's net worth or the taxpayer's debt to asset ratio.

17. Add interest and dividends from regulated investment companies exempt from federal income tax under the Internal Revenue Code and subtract the loss on the sale or exchange of a share of a regulated investment company held for six months or less to the extent the loss was disallowed under section 852(b)(4)(B) of the Internal Revenue Code.

18. Reserved.

19. Subtract interest earned on bonds and notes issued by the agricultural development authority as provided in section 175.17, subsection 10.

20. Subtract, to the extent included, the proceeds received pursuant to a judgment in or settle-

ment of a lawsuit against the manufacturer or distributor of a Vietnam herbicide for damages resulting from exposure to the herbicide. This subsection applies to proceeds received by a taxpayer who is a disabled veteran or who is a beneficiary of a disabled veteran.

For purposes of this subsection:

*a.* “*Vietnam herbicide*” means a herbicide, defoliant or other causative agent containing dioxin, including, but not limited to, Agent Orange, used in the Vietnam Conflict beginning December 22, 1961, and ending May 7, 1975, inclusive.

*b.* “*Agent Orange*” means the herbicide composed of trichlorophenoxyacetic acid and dichlorophenoxyacetic acid and the contaminant dioxin (TCDD).

21. Subtract the net capital gain from the following:

*a.* (1) Net capital gain from the sale of real property used in a business, in which the taxpayer materially participated for ten years, as defined in section 469(h) of the Internal Revenue Code, and which has been held for a minimum of ten years, or from the sale of a business, as defined in section 422.42, in which the taxpayer was employed or in which the taxpayer materially participated for ten years, as defined in section 469(h) of the Internal Revenue Code, and which has been held for a minimum of ten years. The sale of a business means the sale of all or substantially all of the tangible personal property or service of the business.

However, where the business is sold to individuals who are all lineal descendants of the taxpayer, the taxpayer does not have to have materially participated in the business in order for the net capital gain from the sale to be excluded from taxation.

However, in lieu of the net capital gain deduction in this paragraph and paragraphs “*b*”, “*c*”, and “*d*”, where the business is sold to individuals who are all lineal descendants of the taxpayer, the amount of capital gain from each capital asset may be subtracted in determining net income.

(2) For purposes of this paragraph, “*lineal descendant*” means children of the taxpayer, including legally adopted children and biological children, stepchildren, grandchildren, great-grandchildren, and any other lineal descendants of the taxpayer.

*b.* Net capital gain from the sale of cattle or horses held by the taxpayer for breeding, draft, dairy, or sporting purposes for a period of twenty-four months or more from the date of acquisition; but only if the taxpayer received more than one-half of the taxpayer’s gross income from farming or ranching operations during the tax year.

*c.* Net capital gain from the sale of breeding livestock, other than cattle or horses, if the livestock is held by the taxpayer for a period of twelve months or more from the date of acquisition; but only if the taxpayer received more than one-half of the taxpayer’s gross income from farming or ranching operations during the tax year.

*d.* Net capital gain from the sale of timber as defined in section 631(a) of the Internal Revenue Code.

However, to the extent otherwise allowed, the deduction provided in this subsection is not allowed for purposes of computation of a net operating loss in section 422.9, subsection 3, and in computing the income for the taxable year or years for which a net operating loss is deducted.

22. Subtract, to the extent included, the amounts paid to an eligible individual under section 105 of the Civil Liberties Act of 1988, Pub. L. No. 100-383, Title I, as satisfaction for a claim against the United States arising out of the confinement, holding in custody, relocation, or other deprivation of liberty or property of an individual of Japanese ancestry.

23. Reserved.

24. Subtract to the extent included, active duty pay received by a person in the national guard or armed forces military reserve for services performed on or after August 2, 1990, pursuant to military orders related to the Persian Gulf Conflict.

26. Add depreciation taken for federal income tax purposes on a speculative shell building defined in section 427.1, subsection 27, which is owned by a for-profit entity and the for-profit entity is receiving the proper tax exemption. Subtract depreciation computed as if the speculative shell building were classified as fifteen-year property under the accelerated cost recovery system of the Internal Revenue Code during the period during which it is owned by the for-profit entity and is receiving the property tax exemption. However, this subsection does not apply to a speculative shell building which is used by the for-profit entity, subsidiary of the for-profit entity, or majority owners of the for-profit entity, for other than as a speculative shell building, as defined in section 427.1, subsection 27.

27. Subtract, to the extent included, payments received by an individual providing unskilled in-home health-related care services pursuant to section 249.3, subsection 2, paragraph “*a*”, subparagraph (2), to a member of the individual caregiver’s family. For purposes of this subsection, a member of the individual caregiver’s family includes a spouse, parent, stepparent, child, stepchild, brother, stepbrother, sister, stepsister, lineal ancestor, or lineal descendant, and such persons by marriage or adoption. A health care professional licensed by an examination board designated in section 147.13, subsections 1 through 10, is not eligible for the exemption authorized in this subsection.

28. If the taxpayer is owner of an individual development account certified under chapter 541A at any time during the tax year, deductions of all of the following shall be allowed:

*a.* Contributions made to the account by persons and entities, other than the taxpayer, as authorized in chapter 541A.

*b.* The amount of any savings refund authorized under section 541A.3, subsection 1.

29. Subtract, to the extent not otherwise deducted in computing adjusted gross income, the amounts paid by the taxpayer for the purchase of health benefits coverage or insurance for the taxpayer or taxpayer's spouse or dependent.

30. Subtract the amount of the employer social security credit allowable for the tax year under section 45B of the Internal Revenue Code to the extent that the credit increases federal adjusted gross income.

31. For a person who is disabled, or is fifty-five years of age or older, or is the surviving spouse of an individual or a survivor having an insurable interest in an individual who would have qualified for the exemption under this subsection for the tax year, subtract, to the extent included, the total amount of a governmental or other pension or retirement pay, including, but not limited to, defined benefit or defined contribution plans, annuities, individual retirement accounts, plans maintained or contributed to by an employer, or maintained or contributed to by a self-employed person as an employer, and deferred compensation plans or any earnings attributable to the deferred compensation plans, up to a maximum of six thousand dollars for a person, other than a husband or wife, who files a separate state income tax return and up to a maximum of twelve thousand dollars for a husband and wife who file a joint state income tax return. However, a surviving spouse who is not disabled or fifty-five years of age or older can only exclude the amount of pension or retirement pay received as a result of the death of the other spouse. A husband and wife filing separate state income tax returns or separately on a combined state return are allowed a combined maximum exclusion under this subsection of up to twelve thousand dollars. The twelve thousand dollar exclusion shall be allocated to the husband or wife in the proportion that each spouse's respective pension and retirement pay received bears to total combined pension and retirement pay received.

32. *a.* Subtract the maximum contribution that may be deducted for Iowa income tax purposes as a participant in the Iowa educational savings plan trust pursuant to section 12D.3, subsection 1, paragraph "a".

*b.* Add the amount resulting from the cancellation of a participation agreement refunded to the taxpayer as a participant in the Iowa educational savings plan trust to the extent previously deducted as a contribution to the trust.

33. Subtract, to the extent included, income from interest and earnings received from the Iowa educational savings plan trust created in chapter 12D.

34. Subtract, to the extent not deducted for federal income tax purposes, the amount of any gift, grant, or donation made to the Iowa educational savings plan trust for deposit in the endowment fund of that trust.

35. Subtract, to the extent included, the following:

*a.* Payments made to the taxpayer because of the taxpayer's status as a victim of persecution for racial, ethnic, or religious reasons by Nazi Germany or any other Axis regime or as an heir of such victim.

However, income from assets acquired with such assets or with the proceeds from the sale of such assets shall not be subtracted. This paragraph shall only apply to a taxpayer who was the first recipient of such assets after recovery of the assets and who is a victim of persecution for racial, ethnic, or religious reasons by Nazi Germany or any other Axis regime or is an heir of such victim.

36. Add, to the extent not already included, income from the sale of obligations of the state and its political subdivisions. Income from the sale of these obligations is exempt from the taxes imposed by this division only if the law authorizing these obligations specifically exempts the income from the sale from the state individual income tax.

37. Notwithstanding the method for computing income from an installment sale under section 453 of the Internal Revenue Code, as defined in section 422.3, the method to be used in computing income from an installment sale shall be the method under section 453 of the Internal Revenue Code, as amended up to and including January 1, 2000. A taxpayer affected by this subsection shall make adjustments in the adjusted gross income pursuant to rules adopted by the director.

The adjustment to net income provided in this subsection is repealed for tax years beginning on or after January 1, 2002. However, to the extent that a taxpayer using the accrual method of accounting reported the entire capital gain from the sale or exchange of property on the Iowa return for the tax year beginning in the 2001 calendar year and the capital gain was reported on the installment method on the federal income tax return,

any additional installment from the capital gain reported for federal income tax purposes is not to be included in net income in tax years beginning on or after January 1, 2002.

38. Subtract, to the extent not otherwise excluded, the amount of withdrawals from qualified retirement plan accounts made during the tax year if the taxpayer or taxpayer's spouse is a member of the Iowa national guard or reserve forces of the United States who is ordered to active state service or federal service or duty. In addition, a penalty for such withdrawals shall not be assessed by the state.

39. The additional first-year depreciation allowance authorized in section 168(k) of the Internal Revenue Code, as enacted by Pub. L. No. 107-147, section 101, does not apply in computing net income for state tax purposes. If the taxpayer has taken such deduction in computing federal adjusted gross income, the following adjustments shall be made:

*a.* Add the total amount of depreciation taken on all property for which the election under section 168(k) of the Internal Revenue Code was made for the tax year.

*b.* Subtract an amount equal to depreciation taken on such property for the tax year using the modified accelerated cost recovery system depreciation method applicable under section 168 of the Internal Revenue Code without regard to section 168(k).

*c.* Any other adjustments to gains or losses to reflect the adjustments made in paragraphs "a" and "b" pursuant to rules adopted by the director.

40. Subtract, to the extent included, active duty pay received by a person in the national guard or armed forces military reserve for service performed on or after January 1, 2003, pursuant to military orders related to Operation Iraqi Freedom, Operation Noble Eagle, and Operation Enduring Freedom.

Provided, however, that where married persons, who have filed a joint federal income tax return, file separately, such total shall be divided between them according to the portion thereof paid or accrued, as the case may be, by each.

*c.* Add the amount by which expenses paid or incurred in connection with the adoption of a child by the taxpayer exceed three percent of the net income of the taxpayer, or of the taxpayer and spouse in the case of a joint return. The expenses may include medical and hospital expenses of the biological mother which are incident to the child's birth and are paid by the taxpayer, welfare agency fees, legal fees, and all other fees and costs relating to the adoption of a child if the child is placed by a child-placing agency licensed under chapter 238 or by a person making an independent placement

according to the provisions of chapter 600.

*d.* Add an additional deduction for mileage incurred by the taxpayer in voluntary work for a charitable organization consisting of the excess of the state employee mileage reimbursement over the amount deductible for federal income tax purposes. The deduction shall be proven by the keeping of a contemporaneous diary by the person throughout the period of the voluntary work in the tax year.

*e.* Add the amount, not to exceed five thousand dollars, of expenses not otherwise deductible under this section actually incurred in the home of the taxpayer for the care of a person who is the grandchild, child, parent, or grandparent of the taxpayer or the taxpayer's spouse and who is unable, by reason of physical or mental disability, to live independently and is receiving, or would be eligible to receive if living in a health care facility licensed under chapter 135C, medical assistance benefits under chapter 249A. In the event that the person being cared for is receiving assistance benefits under chapter 239B, the expenses not otherwise deductible shall be the net difference between the expenses actually incurred in caring for the person and the assistance benefits received under chapter 239B.

*f.* Add the amount of the mortgage interest credit allowable for the tax year under section 25 of the Internal Revenue Code to the extent the credit decreased the amount of interest deductible under section 163(g) of the Internal Revenue Code.

*g.* To the extent not otherwise included pursuant to section 164 of the Internal Revenue Code, add the amount of the annual registration fee paid for a motor vehicle pursuant to section 321.113, subsection 4, or section 321.113, subsection 5, paragraph "b", which is based upon the value of the vehicle. For purposes of this paragraph, sixty percent of the amount of the registration fee is based upon the value of the motor vehicle.

*h.* To the extent not otherwise included pursuant to section 164 of the Internal Revenue Code, add the amount of the annual registration fee paid for a multipurpose vehicle pursuant to section 321.124, subsection 3, paragraph "h", which is based upon the value of the vehicle. For purposes of this paragraph, sixty percent of the amount of the registration fee is based upon the value of the multipurpose vehicle.

*i.* If the taxpayer has a deduction for medical care expenses under section 213 of the Internal Revenue Code, the taxpayer shall recompute for the purposes of this subsection the amount of the deduction under section 213 by excluding from medical care, as defined in section 213, the amount subtracted under section 422.7, subsection 29.

*j.* For purposes of calculating the deductions in this subsection that are authorized under the In-

ternal Revenue Code, and to the extent that any of such deductions is determined by an individual's federal adjusted gross income, the individual's federal adjusted gross income is computed in accordance with section 422.7, subsection 39.

*k.* If the taxpayer has a deduction for miscellaneous expenses under section 67 of the Internal Revenue Code, the taxpayer shall recompute for the purposes of this subsection the amount of the deduction under section 67 by excluding from the expenses, the amount subtracted under section 422.7, subsection 41.

3. If, after applying all of the adjustments provided for in section 422.7, the allocation provisions of section 422.8, and the deductions allowable in this section subject to the modifications provided in section 172(d) of the Internal Revenue Code, the taxable income results in a net operating loss, the net operating loss shall be deducted as follows:

*a.* The Iowa net operating loss shall be carried back three taxable years for an individual taxpayer with a casualty or theft property loss or for a net operating loss in a presidentially declared disaster area incurred by a taxpayer engaged in a small business or in the trade or business of farming. For all other Iowa net operating losses, the net operating loss shall be carried back two taxable years or to the taxable year in which the taxpayer first earned income in Iowa whichever year is the later.

*b.* The Iowa net operating loss remaining after being carried back as required in paragraph "a" or "d" or if not required to be carried back shall be carried forward twenty taxable years.

*c.* If the election under section 172(b)(3) of the Internal Revenue Code is made, the Iowa net operating loss shall be carried forward twenty taxable years.

*d.* Notwithstanding paragraph "a", for a taxpayer who is engaged in the trade or business of farming as defined in section 263A(e)(4) of the Internal Revenue Code and has a loss from farming as defined in section 172(b)(1)(F) of the Internal Revenue Code including modifications prescribed by rule by the director, the Iowa loss from the trade or business of farming is a net operating loss which may be carried back five taxable years prior to the taxable year of the loss.

4. Where married persons file separately, both must use the optional standard deduction if either elects to use it.

5. A taxpayer affected by section 422.8 shall, if the optional standard deduction is not used, be permitted to deduct only such portion of the total referred to in subsection 2 above as is fairly and equitably allocable to Iowa under the rules prescribed by the director.

6. In determining the amount of deduction for federal income tax under subsection 1 or subsection 2, paragraph "b", for tax years beginning in the 2001 calendar year, the amount of the deduc-

tion shall not be adjusted by the amount received during the tax year of the advanced refund of the rate reduction tax credit provided pursuant to the federal Economic Growth and Tax Relief Reconciliation Act of 2001, Pub. L. No. 107-16, and the advanced refund of such credit shall not be subject to taxation under this division.

7. In determining the amount of deduction for federal income tax under subsection 1 or subsection 2, paragraph “b”, for tax years beginning in the 2002 calendar year, the amount of the deduction for the tax year shall not be adjusted by the amount of the rate reduction credit received in the tax year to the extent that the credit is attributable to the rate reduction credit provided pursuant to the federal Economic Growth and Tax Relief Reconciliation Act of 2001, Pub. L. No. 107-16, and the amount of such credit shall not be taxable under this division.

**422.10 Research activities credit.**

1. The taxes imposed under this division shall be reduced by a state tax credit for increasing research activities in this state.

a. For individuals, the credit equals the sum of the following:

(1) Six and one-half percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

(2) Six and one-half percent of the basic research payments determined under section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

The state’s apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to total qualified research expenditures.

b. In lieu of the credit amount computed in paragraph “a”, subparagraph (1), a taxpayer may elect to compute the credit amount for qualified research expenses incurred in this state in a manner consistent with the alternative incremental credit described in section 41(c)(4) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used for the taxpayer’s federal income tax. The election made under this

paragraph is for the tax year and the taxpayer may use another or the same method for any subsequent year.

c. For purposes of the alternate credit computation method in paragraph “b”, the credit percentages applicable to qualified research expenses described in clauses (i), (ii), and (iii) of section 41(c)(4)(A) of the Internal Revenue Code are one and sixty-five hundredths percent, two and twenty hundredths percent, and two and seventy-five hundredths percent, respectively.

2. For purposes of this section, an individual may claim a research credit incurred by a partnership, S corporation, limited liability company, estate, or trust electing to have the income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings of a partnership, S corporation, limited liability company, estate, or trust.

3. For purposes of this section, “base amount”, “basic research payment”, and “qualified research expense” mean the same as defined for the federal credit for increasing research activities under section 41 of the Internal Revenue Code, except that for the alternative incremental credit such amounts are for research conducted within this state.

For purposes of this section, “Internal Revenue Code” means the Internal Revenue Code in effect on January 1, 2003.

4. Any credit in excess of the tax liability imposed by section 422.5 less the credits allowed under sections 422.11A, 422.12, and 422.12B for the taxable year shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on the taxpayer’s final, completed return credited to the tax liability for the following taxable year.

 2003 amendment to subsection 3 takes effect May 21, 2003, and applies retroactively to January 1, 2002, for tax years beginning on or after that date; 2003 Acts, ch 139, §11, 12

In order to be eligible, all of the following must apply:

a. The taxpayer is a retail dealer.

b. The taxpayer operates at least one service station at which more than sixty percent of the total gallons of gasoline sold and dispensed through one or more metered pumps by the taxpayer in the tax year is ethanol blended gasoline.

c. The taxpayer complies with requirements of the department required to administer this section.

3. The tax credit shall be calculated separately for each service station site operated by the taxpayer. The amount of the tax credit for each eligible service station is two and one-half cents multiplied by the total number of gallons of ethanol blended gasoline sold and dispensed through all metered pumps located at that service station during the tax year in excess of sixty percent of all gasoline sold and dispensed through metered pumps at that service station during the tax year.

#### **422.11E Assistive device tax credit — small business.**

1. The taxes imposed under this division, less the credits allowed under sections 422.12 and 422.12B, shall be reduced by an assistive device tax credit. A small business purchasing, renting, or modifying an assistive device or making workplace modifications for an individual with a disability who is employed or will be employed by the small business is eligible, subject to availability of

credits, to receive this assistive device tax credit which is equal to fifty percent of the first five thousand dollars paid during the tax year for the purchase, rental, or modification of the assistive device or for making the workplace modifications. Any credit in excess of the tax liability shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on the taxpayer's final, completed return credited to the tax liability for the following tax year. If the small business elects to take the assistive device tax credit, the small business shall not deduct for Iowa tax purposes any amount of the cost of an assistive device or workplace modifications which is deductible for federal tax purposes.

2. To receive the assistive device tax credit, the eligible small business must submit an application to the department of economic development. If the taxpayer meets the criteria for eligibility, the department of economic development shall issue to the taxpayer a certification of entitlement for the assistive device tax credit. However, the combined amount of tax credits that may be approved for a fiscal year under this section and section 422.33, subsection 9, shall not exceed five hundred thousand dollars. Tax credit certificates shall be issued on an earliest filed basis. The certification shall contain the taxpayer's name, address, tax identification number, the amount of the credit, and tax year for which the certificate applies. The taxpayer must file the tax credit certificate with the taxpayer's individual income tax return in order to claim the tax credit. The departments of economic development and revenue shall each adopt rules to jointly administer this section and shall provide by rule for the method to be used to determine for which fiscal year the tax credits are approved.

3. An individual may claim an assistive device tax credit allowed a partnership, limited liability company, S corporation, estate, or trust electing to have the income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, estate, or trust.

4. For purposes of this section:

a. "Assistive device" means any item, piece of equipment, or product system which is used to increase, maintain, or improve the functional capabilities of an individual with a disability in the workplace or on the job. "Assistive device" does not mean any medical device, surgical device, or organ implanted or transplanted into or attached directly to an individual. **422.16 Withholding of income tax at source — penalties — interest — declaration of estimated tax — bond.**

1. Every withholding agent and every employer as defined in this chapter and further defined in the Internal Revenue Code, with respect to income tax collected at source, making payment of wages to a nonresident employee working in Iowa, or to a resident employee, shall deduct and withhold from the wages an amount which will approximate the employee's annual tax liability on a calendar year basis, calculated on the basis of tables to be prepared by the department and schedules or percentage rates, based on the wages, to be prescribed by the department. Every employee or other person shall declare to the employer or withholding agent the number of the employee's or other person's personal exemptions and dependency exemptions or credits to be used in applying the tables and schedules or percentage rates. However, no greater number of personal or dependency exemptions or credits may be declared by the employee or other person than the number to which the employee or other person is entitled except as allowed under section 3402(m)(1) of the Internal Revenue Code and as allowed for the child and dependent care credit provided in section 422.12C. The claiming of exemptions or credits in excess of entitlement is a serious misdemeanor.

Nonresidents engaged in any facet of feature film, television, or educational production using the film or videotape disciplines in the state are not subject to Iowa withholding if the employer has applied to the department for exemption from the withholding requirement and the department has determined that any nonresident receiving wages would be entitled to a credit against Iowa income taxes paid.

For the purposes of this subsection, state income tax shall be withheld from pensions, annuities, other similar periodic payments, and other income payments of those persons whose primary residence is in Iowa in those circumstances in which those persons have federal income tax withheld from pensions, annuities, other similar periodic payments, and other income payments under sections 3402(o), 3402(p), 3402(s), 3405(a), 3405(b), and 3405(c) of the Internal Revenue Code at a rate to be specified by the department.

For the purposes of this subsection, state income tax shall be withheld on winnings in excess of six hundred dollars derived from gambling activities authorized under chapter 99B or 99G.

State income tax shall be withheld on winnings in excess of one thousand dollars from gambling activities authorized under chapter 99D. State income tax shall be withheld on winnings in excess of twelve hundred dollars derived from slot machines authorized under chapter 99F.

For the purposes of this subsection, state income tax at the rate of six percent shall be withheld from supplemental wages of employees in those circumstances in which the employer treats the supplemental wages as wholly separate from regular wages for purposes of withholding and federal income tax is withheld from the supplemental wages under section 3402(g) of the Internal Revenue Code.

2. A withholding agent required to deduct and withhold tax under subsections 1 and 12, except those required to deposit on a semimonthly basis, shall deposit for each calendar quarterly period, on or before the last day of the month following the close of the quarterly period, on a quarterly deposit form as prescribed by the director and shall pay to the department, in the form of remittances made payable to "Treasurer, State of Iowa", the tax required to be withheld, or the tax actually withheld, whichever is greater, under subsections 1 and 12. However, a withholding agent who withholds more than fifty dollars in any one month, except those required to deposit on a semimonthly basis, shall deposit with the department the amount withheld, with a monthly deposit form as prescribed by the director. The monthly deposit form is due on or before the fifteenth day of the month following the month of withholding, except that a deposit is not required for the amount withheld in the third month of the quarter but the total amount of withholding for the quarter shall be computed and the amount by which the deposits for that quarter fail to equal the total quarterly liability is due with the filing of the quarterly deposit form. The quarterly deposit form is due within the month following the end of the quarter. A withholding agent who withholds more than eight thousand dollars in a semimonthly period shall deposit with the department the amount withheld, with a semimonthly deposit form as prescribed by the director. The first semimonthly deposit form for the period from the first of the month through the fifteenth of the month is due on the twenty-fifth day of the month in which the withholding occurs. The second semimonthly deposit form for the period from the sixteenth of the month through the end of the month is due on the tenth day of the month following the month in which the withholding occurs.

Every withholding agent on or before the end of the second month following the close of the calendar year in which the withholding occurs shall make an annual reporting of taxes withheld and other information prescribed by the director and send to the department copies of wage and tax

statements with the return. At the discretion of the director, the withholding agent shall not be required to send wage statements and tax statements with the annual reporting return form if the information is available from the internal revenue service or other state or federal agencies.

If the director has reason to believe that the collection of the tax provided for in subsections 1 and 12 is in jeopardy, the director may require the employer or withholding agent to make the report and pay the tax at any time, in accordance with section 422.30. The director may authorize incorporated banks, trust companies, or other depositories authorized by law which are depositories or financial agents of the United States or of this state, to receive any tax imposed under this chapter, in the manner, at the times, and under the conditions the director prescribes. The director shall also prescribe the manner, times, and conditions under which the receipt of the tax by those depositories is to be treated as payment of the tax to the department.

The director, in cooperation with the department of management, may periodically change the filing and remittance thresholds by administrative rule if in the best interest of the state and the taxpayer.

3. Every withholding agent employing not more than two persons who expects to employ either or both of such persons for the full calendar year may, with respect to such persons, pay with the withholding tax return due for the first calendar quarter of the year the full amount of income taxes required to be withheld from the wages of such persons for the full calendar year. The amount to be paid shall be computed as if the employee were employed for the full calendar year for the same wages and with the same pay periods as prevailed during the first quarter of the year with respect to such employee. No such lump sum payment of withheld income tax shall be made without the written consent of all employees involved. The withholding agent shall be entitled to recover from the employee any part of such lump sum payment that represents an advance to the employee. If a withholding agent pays a lump sum with the first quarterly return the withholding agent shall be excused from filing further quarterly returns for the calendar year involved unless the withholding agent hires other or additional employees.

4. Every withholding agent who fails to withhold or pay to the department any sums required by this chapter to be withheld and paid, shall be personally, individually, and corporately liable therefor to the state of Iowa, and any sum or sums withheld in accordance with the provisions of subsections 1 and 12, shall be deemed to be held in trust for the state of Iowa. Notwithstanding sections 490A.601 and 490A.602, this subsection applies to a member or manager of a limited liability company.

5. In the event a withholding agent fails to

withhold and pay over to the department any amount required to be withheld under subsections 1 and 12 of this section, such amount may be assessed against such employer or withholding agent in the same manner as prescribed for the assessment of income tax under the provisions of divisions II and VI of this chapter.

6. Whenever the director determines that any employer or withholding agent has failed to withhold or pay over to the department sums required to be withheld under subsections 1 and 12 of this section the unpaid amount thereof shall be a lien as defined in section 422.26, shall attach to the property of said employer or withholding agent as therein provided, and in all other respects the procedure with respect to such lien shall apply as set forth in said section 422.26.

7. Every withholding agent required to deduct and withhold a tax under subsections 1 and 12 of this section shall furnish to such employee, nonresident, or other person in respect of the remuneration paid by such employer or withholding agent to such employee, nonresident, or other person during the calendar year, on or before January 31 of the succeeding year, or, in the case of employees, if the employee's employment is terminated before the close of such calendar year, within thirty days from the day on which the last payment of wages is made, if requested by such employee, but not later than January 31 of the following year, a written statement showing the following:

a. The name and address of such employer or withholding agent, and the identification number of such employer or withholding agent.

b. The name of the employee, nonresident, or other person and that person's federal social security account number, together with the last known address of such employee, nonresident, or other person to whom wages have been paid during such period.

c. The gross amount of wages, or other taxable income, paid to the employee, nonresident, or other person.

d. The total amount deducted and withheld as tax under the provisions of subsections 1 and 12 of this section.

e. The total amount of federal income tax withheld.

The statements required to be furnished by this subsection in respect of any wages or other taxable Iowa income shall be in such form or forms as the director may, by regulation, prescribe.

8. An employer or withholding agent shall be liable for the payment of the tax required to be deducted and withheld or the amount actually deducted, whichever is greater, under subsections 1 and 12 of this section; and any amount deducted and withheld as tax under subsections 1 and 12 of this section during any calendar year upon the wages of any employee, nonresident, or other person shall be allowed as a credit to the employee,

nonresident, or other person against the tax imposed by section 422.5, irrespective of whether or not such tax has been, or will be, paid over by the employer or withholding agent to the department as provided by this chapter.

9. The amount of any overpayment of the individual income tax liability of the employee taxpayer, nonresident, or other person which may result from the withholding and payment of withheld tax by the employer or withholding agent to the department under subsections 1 and 12, as compared to the individual income tax liability of the employee taxpayer, nonresident, or other person properly and correctly determined under the provisions of section 422.4, to and including section 422.25, may be credited against any income tax or installment thereof then due the state of Iowa and any balance of one dollar or more shall be refunded to the employee taxpayer, nonresident or other person with interest at the rate in effect under section 421.7 for each month or fraction of a month, the interest to begin to accrue on the first day of the second calendar month following the date the return was due to be filed or was filed, whichever is the later date. Amounts less than one dollar shall be refunded to the taxpayer, nonresident, or other person only upon written application, in accordance with section 422.73, and only if the application is filed within twelve months after the due date of the return. Refunds in the amount of one dollar or more provided for by this subsection shall be paid by the treasurer of state by warrants drawn by the director of revenue, or an authorized employee of the department, and the taxpayer's return of income shall constitute a claim for refund for this purpose, except in respect to amounts of less than one dollar. There is appropriated, out of any funds in the state treasury not otherwise appropriated, a sum sufficient to carry out the provisions of this subsection.

10. *a.* An employer or withholding agent required under this chapter to furnish a statement required by this chapter who willfully furnishes a false or fraudulent statement, or who willfully fails to furnish the statement is, for each failure, subject to a civil penalty of five hundred dollars, the penalty to be in addition to any criminal penalty otherwise provided by the Code.

*b.* In addition to the tax or additional tax, any person or withholding agent shall pay a penalty as provided in section 421.27. The taxpayer shall also pay interest on the tax or additional tax at the rate in effect under section 421.7, for each month counting each fraction of a month as an entire month, computed from the date the semimonthly, monthly, or quarterly deposit form was required to be filed. The penalty and interest become a part of the tax due from the withholding agent.

*c.* If any withholding agent, being a domestic or foreign corporation, required under the provisions of this section to withhold on wages or other taxable Iowa income subject to this chapter, fails

to withhold the amounts required to be withheld, make the required returns or remit to the department the amounts withheld, the director may, having exhausted all other means of enforcement of the provisions of this chapter, certify such fact or facts to the secretary of state, who shall thereupon cancel the articles of incorporation or certificate of authority (as the case may be) of such corporation, and the rights of such corporation to carry on business in the state of Iowa shall thereupon cease. The secretary of state shall immediately notify by registered mail such domestic or foreign corporation of the action taken by the secretary of state. The provisions of section 422.40, subsection 3, shall be applicable.

*d.* The department shall upon request of any fiduciary furnish said fiduciary with a certificate of acquittance showing that no liability as a withholding agent exists with respect to the estate or trust for which said fiduciary acts, provided the department has determined that there is no such liability.

11. *a.* A person or married couple filing a return shall make estimated tax payments if the person's or couple's Iowa income tax attributable to income other than wages subject to withholding can reasonably be expected to amount to two hundred dollars or more for the taxable year, except that, in the cases of farmers and fishermen, the exceptions provided in the Internal Revenue Code with respect to making estimated payments apply. The estimated tax shall be paid in quarterly installments. The first installment shall be paid on or before the last day of the fourth month of the taxpayer's tax year for which the estimated payments apply. The other installments shall be paid on or before the last day of the sixth month of the tax year, the last day of the ninth month of the tax year, and the last day of the first month after the tax year. However, at the election of the person or married couple, an installment of the estimated tax may be paid prior to the date prescribed for its payment. If a person or married couple filing a return has reason to believe that the person's or couple's Iowa income tax may increase or decrease, either for purposes of meeting the requirement to make estimated tax payments or for the purpose of increasing or decreasing estimated tax payments, the person or married couple shall increase or decrease any subsequent estimated tax payments accordingly.

*b.* In the case of persons or married couples filing jointly, the total balance of the tax payable after credits for taxes paid through withholding, as provided in subsection 1 of this section, or through payment of estimated tax, or a combination of withholding and estimated tax payments is due and payable on or before April 30 following the close of the calendar year, or if the return is to be made on the basis of a fiscal year, then on or before the last day of the fourth month following the close of the fiscal year.

c. If a taxpayer is unable to make the taxpayer's estimated tax payments, the payments may be made by a duly authorized agent, or by the guardian or other person charged with the care of the person or property of the taxpayer.

d. Any amount of estimated tax paid is a credit against the amount of tax found payable on a final, completed return, as provided in subsection 9, relating to the credit for the tax withheld against the tax found payable on a return properly and correctly prepared under sections 422.5 through 422.25, and any overpayment of one dollar or more shall be refunded to the taxpayer and the return constitutes a claim for refund for this purpose. Amounts less than one dollar shall not be refunded. The method provided by the Internal Revenue Code for determining what is applicable to the addition to tax for underpayment of the tax payable applies to persons required to make payments of estimated tax under this section except the amount to be added to the tax for underpayment of estimated tax is an amount determined at the rate in effect under section 421.7. This addition to tax specified for underpayment of the tax payable is not subject to waiver provisions relating to reasonable cause, except as provided in the Internal Revenue Code. Underpayment of estimated tax shall be determined in the same manner as provided under the Internal Revenue Code and the exceptions in the Internal Revenue Code also apply.

e. In lieu of claiming a refund, the taxpayer may elect to have the overpayment shown on the taxpayer's final, completed return for the taxable year credited to the taxpayer's tax liability for the following taxable year.

12. In the case of nonresidents having income subject to taxation by Iowa, but not subject to withholding of such tax under subsection 1 hereof, withholding agents shall withhold from such income at the same rate as provided in subsection 1 hereof, and such withholding agents and such nonresidents shall be subject to the provisions of this section, according to the context, except that such withholding agents may be absolved of such requirement to withhold taxes from such nonresident's income upon receipt of a certificate from the department issued in accordance with the provisions of section 422.17, as hereby amended. In the case of nonresidents having income from a trade or business carried on by them in whole or in part within the state of Iowa, such nonresident shall be considered to be subject to the provisions of this subsection unless such trade or business is of such nature that the business entity itself, as a withholding agent, is required to and does withhold Iowa income tax from the distributions made to such nonresident from such trade or business.

Notwithstanding this subsection, withholding agents are not required to withhold state income tax from payments subject to taxation made to

nonresidents for commodity credit certificates, grain, livestock, domestic fowl, or other agricultural commodities or products sold to the withholding agents by the nonresidents or their representatives, if the withholding agents provide on forms prescribed by the department information relating to the sales required by the department to determine the state income tax liabilities of the nonresidents. However, the withholding agents may elect to make estimated tax payments on behalf of the nonresidents on the basis of the net incomes of the nonresidents from the agricultural commodities or products, if the estimated tax payments are made on or before the last day of the first month after the end of the tax years of the nonresidents.

13. The director shall enter into an agreement with the secretary of the treasury of the United States with respect to withholding of income tax as provided by this chapter, pursuant to an Act of Congress, section 1207 of the Tax Reform Act of 1976, Public Law 94-455, amending title 5, section 5517 of the United States Code.

14. The director may, when necessary and advisable in order to secure the collection of the tax required to be deducted and withheld or the amount actually deducted, whichever is greater, require an employer or withholding agent to file with the director a bond, issued by a surety company authorized to conduct business in this state and approved by the insurance commissioner as to solvency and responsibility, in an amount as the director may fix, to secure the payment of the tax and penalty due or which may become due. In lieu of the bond, securities shall be kept in the custody of the department and may be sold by the director at public or private sale, without notice to the depositor, if it becomes necessary to do so in order to recover any tax and penalty due. Upon a sale, any surplus above the amounts due under this section shall be returned to the employer or withholding agent who deposited the securities.

If the withholding agent fails to file the bond as requested by the director to secure collection of the tax, the withholding agent is subject to penalty for failure to file the bond. The penalty is equal to fifteen percent of the tax the withholding agent is required to withhold on an annual basis. However, the penalty shall not exceed five thousand dollars.

#### **422.16A Job training withholding — certification and transfer.**

Upon the completion by a business of its repayment obligation for a training project funded under chapter 260E, including a job training project funded under section 15A.8 or repaid in whole or in part by the supplemental new jobs credit from withholding under section 15A.7 or section 15.331,

the sponsoring community college shall report to the department of economic development the amount of withholding paid by the business to the community college during the final twelve months of withholding payments. The department of economic development shall notify the department of revenue of that amount. The department shall credit to the workforce development fund account established in section 15.342A twenty-five percent of that amount each quarter for a period of ten years. If the amount of withholding from the business or employer is insufficient, the department shall prorate the quarterly amount credited to the workforce development fund account. The maximum amount from all employers which shall be transferred to the workforce development fund account in any year is four million dollars.

#### **422.20 Information confidential — penalty.**

1. It shall be unlawful for any present or former officer or employee of the state to divulge or to make known in any manner whatever not provided by law to any person the amount or source of income, profits, losses, expenditures, or any particular thereof, set forth or disclosed in any income return, or to permit any income return or copy thereof or any book containing any abstract or particulars thereof to be seen or examined by any person except as provided by law; and it shall be unlawful for any person to print or publish in any manner whatever not provided by law any income return, or any part thereof or source of income, profits, losses, or expenditures appearing in any income return; and any person committing an offense against the foregoing provision shall be guilty of a serious misdemeanor. If the offender is an officer or employee of the state, such person shall also be dismissed from office or discharged from employment. Nothing herein shall prohibit turning over to duly authorized officers of the United States or tax officials of other states state information and income returns pursuant to agreement between the director and the secretary of the treasury of the United States or the secretary's delegate or pursuant to a reciprocal agreement with another state.

2. It is unlawful for an officer, employee, or agent, or former officer, employee, or agent of the state to disclose to any person, except as authorized in subsection 1 of this section, any federal tax return or return information as defined in section 6103(b) of the Internal Revenue Code. It is unlawful for a person to whom any federal tax return or return information, as defined in section 6103(b) of the Internal Revenue Code, is disclosed in a manner unauthorized by subsection 1 of this section to thereafter print or publish in any manner

not provided by law any such return or return information. A person violating this provision is guilty of a serious misdemeanor.

3. Unless otherwise expressly permitted by section 8A.504, section 421.17, subsections 22, 23, and 26, sections 252B.9, 421.19, 421.28, 422.72, and 452A.63, and this section, a tax return, return information, or investigative or audit information shall not be divulged to any person or entity, other than the taxpayer, the department, or internal revenue service for use in a matter unrelated to tax administration.

This prohibition precludes persons or entities other than the taxpayer, the department, or the internal revenue service from obtaining such information from the department, and a subpoena, order, or process which requires the department to produce such information to a person or entity, other than the taxpayer, the department, or internal revenue service for use in a nontax proceeding is void.

4. The director may disclose taxpayer identity information to the press and other media for purposes of notifying persons entitled to tax refunds when the director, after reasonable effort and lapse of time, has been unable to locate the persons.

#### **422.21 Form and time of return.**

Returns shall be in the form the director prescribes, and shall be filed with the department on or before the last day of the fourth month after the expiration of the tax year. However, co-operative associations as defined in section 6072(d) of the Internal Revenue Code shall file their returns on or before the fifteenth day of the ninth month following the close of the taxable year and nonprofit corporations subject to the unrelated business income tax imposed by section 422.33, subsection 1A, shall file their returns on or before the fifteenth day of the fifth month following the close of the taxable year. If, under the Internal Revenue Code, a corporation is required to file a return covering a tax period of less than twelve months, the state return shall be for the same period and is due forty-five days after the due date of the federal tax return, excluding any extension of time to file. In case of sickness, absence, or other disability, or if good cause exists, the director may allow further time for filing returns. The director shall cause to be prepared blank forms for the returns and shall cause them to be distributed throughout the state and to be furnished upon application, but failure to receive or secure the form does not relieve the taxpayer from the obligation of making a return that is required. The department may as far as consistent with the Code draft income tax forms to conform to the income tax forms of the internal revenue department of the United States govern-

ment. Each return by a taxpayer upon whom a tax is imposed by section 422.5 shall show the county of the residence of the taxpayer.

An individual in the armed forces of the United States serving in an area designated by the president of the United States or the United States Congress as a combat zone or as a qualified hazardous duty area, or deployed outside the United States away from the individual's permanent duty station while participating in an operation designated by the United States secretary of defense as a contingency operation as defined in 10 U.S.C. § 101(a)(13), or which became such a contingency operation by the operation of law, or an individual serving in support of those forces, is allowed the same additional time period after leaving the combat zone or the qualified hazardous duty area, or ceasing to participate in such contingency operation, or after a period of continuous hospitalization, to file a state income tax return or perform other acts related to the department, as would constitute timely filing of the return or timely performance of other acts described in section 7508(a) of the Internal Revenue Code. For the purposes of this paragraph, "other acts related to the department" includes filing claims for refund for any tax administered by the department, making tax payments other than withholding payments, filing appeals on the tax matters, filing other tax returns, and performing other acts described in the department's rules. The additional time period allowed applies to the spouse of the individual described in this paragraph to the extent the spouse files jointly or separately on the combined return form with the individual or when the spouse is a party with the individual to any matter for which the additional time period is allowed.

The department shall make available to persons required to make personal income tax returns under the provisions of this chapter, and when such income is derived mainly from salaries and wages or from the operation of a business or profession, a form which shall take into consideration the normal deductions and credits allowable to any such taxpayer, and which will permit the computation of the tax payable without requiring the listing of specific deductions and credits. In arriving at schedules for payment of taxation under such forms the department shall as nearly as possible base such schedules upon a total of deductions and credits which will result in substantially the same payment as would have been made by such taxpayer were the taxpayer to specifically list the taxpayer's allowable deductions and credits. In lieu of such return any taxpayer may elect to list permissible deductions and credits as provided by law. It is the intent and purpose of this provision to simplify the procedure of collection of personal income tax, and the director shall have the power in any case when deemed necessary or advisable to require any taxpayer, who has made a return in

accordance with the schedule herein provided for, to make an additional return in which all deductions and credits are specifically listed. The department may revise the schedules adopted in connection with such simplified form whenever such revision is necessitated by changes in federal income tax laws, or to maintain the collection of substantially the same amounts from taxpayers as would be received were the specific listing of deductions and credits required.

The department shall provide space on the prescribed income tax form, wherein the taxpayer shall enter the name of the school district of the taxpayer's residence. Such place shall be indicated by prominent type. A nonresident taxpayer shall so indicate. If such information is not supplied on the tax return it shall be deemed an incomplete return.

The director shall determine for the 1989 and each subsequent calendar year the annual and cumulative inflation factors for each calendar year to be applied to tax years beginning on or after January 1 of that calendar year. The director shall compute the new dollar amounts as specified to be adjusted in section 422.5 by the latest cumulative inflation factor and round off the result to the nearest one dollar. The annual and cumulative inflation factors determined by the director are not rules as defined in section 17A.2, subsection 11. The director shall determine for the 1990 calendar year and each subsequent calendar year the annual and cumulative standard deduction factors to be applied to tax years beginning on or after January 1 of that calendar year. The director shall compute the new dollar amounts of the standard deductions specified in section 422.9, subsection 1, by the latest cumulative standard deduction factor and round off the result to the nearest ten dollars. The annual and cumulative standard deduction factors determined by the director are not rules as defined in section 17A.2, subsection 11.

The department shall provide on income tax forms or in the instruction booklets in a manner that will be noticeable to the taxpayers a statement that, even though the taxpayer may not have any federal or state income tax liability, the taxpayer may be eligible for the federal earned income tax credit or state child and dependent care credit. The statement shall also contain notice of where the taxpayer may check on the taxpayer's eligibility for these credits.

If married taxpayers file a joint return or file separately on a combined return in accordance with rules prescribed by the director, both spouses are jointly and severally liable for the total tax due on the return, except when one spouse is considered to be an innocent spouse under criteria established pursuant to section 6015 of the Internal Revenue Code.

#### 422.27 Final report of fiduciary — conditions.

1. A final account of a personal representative, as defined in section 450.1, shall not be allowed by any court unless the account shows, and the judge of the court finds, that all taxes imposed by this division upon the personal representative, which have become payable, have been paid, and that all taxes which may become due are secured by bond or deposit, or are otherwise secured. The certificate of acquittances of the department of revenue is conclusive as to the payment of the tax to the extent of the acquittance. This subsection does not apply if all property in the estate of a decedent is held in joint tenancy with right of survivorship by husband and wife alone.

2. For the purpose of facilitating the settlement and distribution of estates held by fiduciaries, the director may, on behalf of the state, agree upon the amount of taxes at any time due or to become due from such fiduciaries under the provisions of this division, and payment in accordance with such agreement shall be full satisfaction of the taxes to which the agreement relates.

#### 422.32 Definitions.

For the purpose of this division and unless otherwise required by the context:

1. The term "*affiliated group*" means a group of corporations as defined in section 1504(a) of the Internal Revenue Code.

2. "*Business income*" means income arising from transactions and activity in the regular course of the taxpayer's trade or business; or income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the taxpayer's regular trade or business operations; or gain or loss resulting from the sale, exchange, or other disposition of real property or of tangible or intangible personal property, if the property while owned by the taxpayer was operationally related to the taxpayer's trade or business carried on in Iowa or operationally related to sources within Iowa, or the property was operationally related to sources outside this state and to the taxpayer's trade or business carried on in Iowa; or gain or loss resulting from the sale, exchange, or other disposition of stock in another corporation if the activities of the other corporation were operationally related to the taxpayer's trade or business carried on

in Iowa while the stock was owned by the taxpayer. A taxpayer may have more than one regular trade or business in determining whether income is business income.

It is the intent of the general assembly to treat as apportionable business income all income that may be treated as apportionable business income under the Constitution of the United States.

The filing of an Iowa income tax return on a combined report basis is neither allowed nor required by this subsection.

3. "*Commercial domicile*" means the principal place from which the trade of business of the taxpayer is directed or managed.

4. "*Corporation*" includes joint stock companies, and associations organized for pecuniary profit, and partnerships and limited liability companies taxed as corporations under the Internal Revenue Code.

5. The words "*domestic corporation*" mean any corporation organized under the laws of this state.

8. "*Nonbusiness income*" means all income other than business income.

9. "*State*" means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision thereof.

10. "*Taxable in another state*". For purposes of allocation and apportionment of income under this division, a taxpayer is taxable in another state if:

a. In that state the taxpayer is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax; or

b. That state has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the state does or does not.

11. The term "*unitary business*" means a business carried on partly within and partly without a state where the portion of the business carried on within the state depends on or contributes to the business outside the state.

The words, terms, and phrases defined in division II, section 422.4, subsections 4 to 6, 8, 9, 13, and 15 to 17, when used in this division, shall have the meanings ascribed to them in said section except where the context clearly indicates a different meaning.

**422.33 Corporate tax imposed — credit.**

1. A tax is imposed annually upon each corporation doing business in this state, or deriving income from sources within this state, in an amount computed by applying the following rates of taxation to the net income received by the corporation during the income year:

*a.* On the first twenty-five thousand dollars of taxable income, or any part thereof, the rate of six percent.

*b.* On taxable income between twenty-five thousand dollars and one hundred thousand dollars or any part thereof, the rate of eight percent.

*c.* On taxable income between one hundred thousand dollars and two hundred fifty thousand dollars or any part thereof, the rate of ten percent.

*d.* On taxable income of two hundred fifty thousand dollars or more, the rate of twelve percent.

“Income from sources within this state” means income from real, tangible, or intangible property located or having a situs in this state.

1A. There is imposed upon each corporation exempt from the general business tax on corporations by section 422.34, subsection 2, a tax at the rates in subsection 1 upon the state’s apportioned share computed in accordance with subsections 2 and 3 of the unrelated business income computed in accordance with the Internal Revenue Code and with the adjustments set forth in section 422.35.

2. If the trade or business of the corporation is carried on entirely within the state, the tax shall be imposed on the entire net income, but if the trade or business is carried on partly within and partly without the state or if income is derived from sources partly within and partly without the state, or if income is derived from trade or business and sources, all of which are not entirely in the state, the tax shall be imposed only on the portion of the net income reasonably attributable to the trade or business or sources within the state, with the net income attributable to the state to be determined as follows:

*a.* Nonbusiness interest, dividends, rents and royalties, less related expenses, shall be allocated within and without the state in the following manner:

(1) Nonbusiness interest, dividends, and royalties from patents and copyrights shall be allocable to this state if the taxpayer’s commercial domicile is in this state.

(2) Nonbusiness rents and royalties received from real property located in this state are allocable to this state.

(3) Nonbusiness rents and royalties received from tangible personal property are allocable to this state to the extent that the property is utilized in this state; or in their entirety if the taxpayer’s commercial domicile is in this state and the taxpayer is not taxable in the state in which the property is utilized. The extent of utilization of tangi-

ble personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown, or unascertainable by the taxpayer tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payor obtained possession.

(4) Nonbusiness capital gains and losses from the sale or other disposition of assets shall be allocated as follows:

Gains and losses from the sale or other disposition of real property located in this state are allocable to this state.

Gains and losses from the sale or other disposition of tangible personal property are allocable to this state if the property had a situs in this state at the time of the sale or disposition or if the taxpayer’s commercial domicile is in this state and the taxpayer is not taxable in the state in which the property had a situs.

Gains and losses from the sale or disposition of intangible personal property are allocable to this state if the taxpayer’s commercial domicile is in this state.

*b.* Net nonbusiness income of the above class having been separately allocated and deducted as above provided, the remaining net business income of the taxpayer shall be allocated and apportioned as follows:

(1) Business interest, dividends, rents, and royalties shall be reasonably apportioned within and without the state under rules adopted by the director.

(2) Capital gains and losses from the sale or other disposition of assets shall be apportioned to the state based upon the business activity ratio applicable to the year the gain or loss is determined if the corporation determines Iowa taxable income by a sales, gross receipts or other business activity ratio. If the corporation has only allocable income, capital gains and losses from the sale or other disposition of assets shall be allocated in accordance with paragraph “a”, subparagraph (4).

(3) Where income is derived from business other than the manufacture or sale of tangible personal property, the income shall be specifically allocated or equitably apportioned within and without the state under rules of the director.

(4) Where income is derived from the manufacture or sale of tangible personal property, the part attributable to business within the state shall be in that proportion which the gross sales made within the state bear to the total gross sales.

(5) Where income consists of more than one

class of income as provided in subparagraphs (1) to (4) of this paragraph, it shall be reasonably apportioned by the business activity ratio provided in rules adopted by the director.

(6) The gross sales of the corporation within the state shall be taken to be the gross sales from goods delivered or shipped to a purchaser within the state regardless of the f.o.b. point or other conditions of the sale, excluding deliveries for transportation out of the state.

For the purpose of this section, the word "sale" shall include exchange, and the word "manufacture" shall include the extraction and recovery of natural resources and all processes of fabricating and curing. The words "tangible personal property" shall be taken to mean corporeal personal property, such as machinery, tools, implements, goods, wares, and merchandise, and shall not be taken to mean money deposits in banks, shares of stock, bonds, notes, credits, or evidence of an interest in property and evidences of debt.

3. If any taxpayer believes that the method of allocation and apportionment hereinbefore prescribed, as administered by the director and applied to the taxpayer's business, has operated or will so operate as to subject the taxpayer to taxation on a greater portion of the taxpayer's net income than is reasonably attributable to business or sources within the state, the taxpayer shall be entitled to file with the director a statement of the taxpayer's objections and of such alternative method of allocation and apportionment as the taxpayer believes to be proper under the circumstances with such detail and proof and within such time as the director may reasonably prescribe; and if the director shall conclude that the method of allocation and apportionment theretofore employed is in fact inapplicable and inequitable, the director shall redetermine the taxable income by such other method of allocation and apportionment as seems best calculated to assign to the state for taxation the portion of the income reasonably attributable to business and sources within the state, not exceeding, however, the amount which would be arrived at by application of the statutory rules for apportionment.

4. In addition to all taxes imposed under this division, there is imposed upon each corporation doing business within the state the greater of the tax determined in subsection 1, paragraphs "a" through "d" or the state alternative minimum tax equal to sixty percent of the maximum state corporate income tax rate, rounded to the nearest one-tenth of one percent, of the state alternative minimum taxable income of the taxpayer computed under this subsection.

The state alternative minimum taxable income of a taxpayer is equal to the taxpayer's state taxable income as computed with the adjustments in section 422.35 and with the following adjustments:

a. Add items of tax preference included in fed-

eral alternative minimum taxable income under section 57, except subsections (a)(1) and (a)(5), of the Internal Revenue Code, make the adjustments included in federal alternative minimum taxable income under section 56, except subsections (a)(4) and (d), of the Internal Revenue Code, and add losses as required by section 58 of the Internal Revenue Code. In making the adjustment under section 56(c)(1) of the Internal Revenue Code, interest and dividends from federal securities and interest and dividends from state and other political subdivisions and from regulated investment companies exempt from federal income tax under the Internal Revenue Code, net of amortization of any discount or premium, shall be subtracted.

b. Apply the allocation and apportionment provisions of subsection 2.

c. Subtract an exemption amount of forty thousand dollars. This exemption amount shall be reduced, but not below zero, by an amount equal to twenty-five percent of the amount by which the alternative minimum taxable income of the taxpayer, computed without regard to the exemption amount in this paragraph, exceeds one hundred fifty thousand dollars.

d. In the case of a net operating loss computed for a tax year beginning after December 31, 1986, which is carried back or carried forward to the current taxable year, the net operating loss shall be reduced by the amount of items of tax preference and adjustments arising in the tax year which is taken into account in computing the net operating loss in section 422.35, subsection 11. The deduction for a net operating loss for a tax year beginning after December 31, 1986, which is carried back or carried forward to the current taxable year shall not exceed ninety percent of the alternative minimum taxable income determined without regard for the net operating loss deduction.

5. a. The taxes imposed under this division shall be reduced by a state tax credit for increasing research activities in this state equal to the sum of the following:

(1) Six and one-half percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities.

(2) Six and one-half percent of the basic research payments determined under section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities.

The state's apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to the total qualified research expenditures.

b. In lieu of the credit amount computed in paragraph "a", subparagraph (1), a corporation may elect to compute the credit amount for quali-

fied research expenses incurred in this state in a manner consistent with the alternative incremental credit described in section 41(c)(4) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used for the taxpayer's federal income tax. The election made under this paragraph is for the tax year and the taxpayer may use another or the same method for any subsequent year.

c. For purposes of the alternate credit computation method in paragraph "b", the credit percentages applicable to qualified research expenses described in clauses (i), (ii), and (iii) of section 41(c)(4)(A) of the Internal Revenue Code are one and sixty-five hundredths percent, two and twenty hundredths percent, and two and seventy-five hundredths percent, respectively.

d. For purposes of this subsection, "base amount", "basic research payment", and "qualified research expense" mean the same as defined for the federal credit for increasing research activities under section 41 of the Internal Revenue Code, except that for the alternative incremental credit such amounts are for research conducted within this state.

For purposes of this subsection, "Internal Revenue Code" means the Internal Revenue Code in effect on January 1, 2003.

e. Any credit in excess of the tax liability for the taxable year shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on its final, completed return credited to the tax liability for the following taxable year.

6. The taxes imposed under this division shall be reduced by a new jobs tax credit. An industry which has entered into an agreement under chapter 260E and which has increased its base employment level by at least ten percent within the time set in the agreement or, in the case of an industry without a base employment level, adds new jobs within the time set in the agreement is entitled to this new jobs tax credit for the tax year selected by the industry. In determining if the industry has increased its base employment level by ten percent or added new jobs, only those new jobs directly resulting from the project covered by the agreement and those directly related to those new jobs shall be counted. The amount of this credit is equal to the product of six percent of the taxable wages upon which an employer is required to contribute to the state unemployment compensation fund, as defined in section 96.19, subsection 37, times the number of new jobs existing in the tax year that directly result from the project covered by the agreement or new jobs that directly result from those new jobs. The tax year chosen by the industry shall either begin or end during the period beginning with the date of the agreement and ending with the date by which the project is to be completed under the agreement. Any credit in ex-

cess of the tax liability for the tax year may be credited to the tax liability for the following ten tax years or until depleted in less than the ten years. For purposes of this section, "agreement", "industry", "new job" and "project" mean the same as defined in section 260E.2 and "base employment level" means the number of full-time jobs an industry employs at the plant site which is covered by an agreement under chapter 260E on the date of that agreement.

7. a. There is allowed as a credit against the tax determined in subsection 1 for a tax year an amount equal to the minimum tax credit for that tax year.

The minimum tax credit for a tax year is the excess, if any, of the adjusted net minimum tax imposed for all prior tax years beginning on or after January 1, 1987, over the amount allowable as a credit under this subsection for those prior tax years.

b. The allowable credit under paragraph "a" for a tax year shall not exceed the excess, if any, of the tax determined in subsection 1 over the state alternative minimum tax as determined in subsection 4.

The net minimum tax for a tax year is the excess, if any, of the tax determined in subsection 4 for the tax year over the tax determined in subsection 1 for the tax year.

The adjusted net minimum tax for a tax year is the net minimum tax for the tax year reduced by the amount which would be the net minimum tax if the only item of tax preference taken into account was that described in paragraph (6) of section 57(a) of the Internal Revenue Code.

8. The taxes imposed under this division shall be reduced by a franchise tax credit. A taxpayer who is a shareholder in a financial institution, as defined in section 581 of the Internal Revenue Code, which has in effect for the tax year an election under subchapter S of the Internal Revenue Code shall compute the amount of the tax credit by recomputing the amount of tax under this division by reducing the taxable income of the taxpayer by the taxpayer's pro rata share of the items of income and expense of the financial institution. This recomputed tax shall be subtracted from the tax computed under this division and the resulting amount, which shall not exceed the taxpayer's pro rata share of franchise tax paid by the financial institution, is the amount of the franchise tax credit allowed.

9. a. The taxes imposed under this division shall be reduced by an assistive device tax credit. A small business purchasing, renting, or modifying an assistive device or making workplace modifications for an individual with a disability who is employed or will be employed by the small business is eligible, subject to availability of credits, to receive this assistive device tax credit which is equal to fifty percent of the first five thousand dollars paid during the tax year for the purchase,

rental, or modification of the assistive device or for making the workplace modifications. Any credit in excess of the tax liability shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on the taxpayer's final, completed return credited to the tax liability for the following tax year. If the small business elects to take the assistive device tax credit, the small business shall not deduct for Iowa tax purposes any amount of the cost of an assistive device or workplace modifications which is deductible for federal income tax purposes.

b. To receive the assistive device tax credit, the eligible small business must submit an application to the department of economic development. If the taxpayer meets the criteria for eligibility, the department of economic development shall issue to the taxpayer a certification of entitlement for the assistive device tax credit. However, the combined amount of tax credits that may be approved for a fiscal year under this subsection and section 422.11E shall not exceed five hundred thousand dollars. Tax credit certificates shall be issued on an earliest filed basis. The certification shall contain the taxpayer's name, address, tax identification number, the amount of the credit, and tax year for which the certificate applies. The taxpayer must file the tax credit certificate with the taxpayer's corporate income tax return in order to claim the tax credit. The departments of economic development and revenue shall each adopt rules to jointly administer this subsection and shall provide by rule for the method to be used to determine for which fiscal year the tax credits are approved.

c. For purposes of this subsection:

(1) "*Assistive device*" means any item, piece of equipment, or product system which is used to increase, maintain, or improve the functional capabilities of an individual with a disability in the workplace or on the job. "*Assistive device*" does not mean any medical device, surgical device, or organ implanted or transplanted into or attached directly to an individual. "*Assistive device*" does not include any device for which a certificate of title is issued by the state department of transportation, but does include any item, piece of equipment, or product system otherwise meeting the definition of "*assistive device*" that is incorporated, attached, or included as a modification in or to such a device issued a certificate of title.

(2) "*Disability*" means the same as defined in section 225C.46.

(3) "*Small business*" means a business that either had gross receipts for its preceding tax year of three million dollars or less or employed not more than fourteen full-time employees during its preceding tax year.

(4) "*Workplace modifications*" means physical alterations to the work environment.

10. a. The taxes imposed under this division shall be reduced by a property rehabilitation tax credit equal to the amount as computed under chapter 404A for rehabilitating eligible property. Any credit in excess of the tax liability shall be refunded as provided in section 404A.4, subsection 3.

b. For purposes of this subsection, "*eligible property*" means the same as used in section 404A.1.

11. a. As used in this subsection, unless the context otherwise requires:

(1) "*Ethanol blended gasoline*", "*gasoline*", "*metered pump*", "*retail dealer*", "*sell*", and "*service station*" mean the same as defined in section 422.11C.

(2) "*Tax credit*" means the designated ethanol blended gasoline tax credit as provided in this subsection.

b. The taxes imposed under this division shall be reduced by an ethanol blended gasoline tax credit for each tax year that the taxpayer is eligible to claim the tax credit under this subsection. In order to be eligible, all of the following must apply:

(1) The taxpayer is a retail dealer.

(2) The taxpayer operates at least one service station at which more than sixty percent of the total gallons of gasoline sold and dispensed through one or more metered pumps by the taxpayer is ethanol blended gasoline.

(3) The taxpayer complies with requirements of the department required to administer this subsection.

c. The tax credit shall be calculated separately for each service station site operated by the taxpayer. The amount of the tax credit for each eligible service station is two and one-half cents multiplied by the total number of gallons of ethanol blended gasoline sold and dispensed through all metered pumps located at that service station during the tax year in excess of sixty percent of all gasoline sold and dispensed through metered pumps at that service station during the tax year.

d. Any credit in excess of the taxpayer's tax liability shall be refunded. In lieu of claiming a refund, the taxpayer may elect to have the overpayment shown on the taxpayer's final, completed return credited to the tax liability for the following tax year.

12. The taxes imposed under this division shall be reduced by an investment tax credit authorized pursuant to section 15E.43.

13. The taxes imposed under this division shall be reduced by a venture capital fund investment tax credit authorized pursuant to section 15E.51.

14. The taxes imposed under this division shall be reduced by an endow Iowa tax credit authorized pursuant to section 15E.305.

15. The taxes imposed under this division shall be reduced by a university-based research utilization program tax credit authorized pursuant to section 262B.11.

2. An organization described in section 501 of the Internal Revenue Code unless the exemption is denied under section 501, 502, 503, or 504 of the Internal Revenue Code.

An organization that would have qualified as an organization exempt from federal income tax under section 501(c)(19) of the Internal Revenue Code but for the fact that the requirement that substantially all of the members who are not past or present members of the United States armed forces is not met because such members include ancestors or lineal descendants, shall be considered for purposes of the exemption from taxation under this division as an organization exempt

Subsection 2, NEW unnumbered paragraph 2

**422.35 Net income of corporation — how computed.**

The term “*net income*” means the taxable income before the net operating loss deduction, as properly computed for federal income tax purposes under the Internal Revenue Code, with the following adjustments:

1. Subtract interest and dividends from federal securities.

2. Add interest and dividends from foreign securities, from securities of state and other political subdivisions, and from regulated investment companies exempt from federal income tax under the Internal Revenue Code.

3. Where the net income includes capital gains or losses, or gains or losses from property other than capital assets, and such gains or losses have been determined by using a basis established prior to January 1, 1934, an adjustment may be made, under rules and regulations prescribed by the director, to reflect the difference resulting from the use of a basis of cost or January 1, 1934, fair market value, less depreciation allowed or allowable, whichever is higher. Provided that the basis shall be fair market value as of January 1, 1955, less depreciation allowed or allowable, in the case of property acquired prior to that date if use of a prior basis is declared to be invalid.

4. Subtract fifty percent of the federal income taxes paid or accrued, as the case may be, during the tax year, adjusted by any federal income tax refunds; and add the Iowa income tax deducted in computing said taxable income.

5. Subtract the amount of the work opportunity tax credit allowable for the tax year under section 51 of the Internal Revenue Code to the extent that the credit increased federal taxable income.

6. If the taxpayer is a small business corporation, subtract an amount equal to sixty-five percent of the wages paid to individuals, but not to exceed twenty thousand dollars per individual, named in paragraphs “a”, “b”, and “c” who were hired for the first time by the taxpayer during the tax year for work done in this state:

a. An individual with a disability domiciled in this state at the time of the hiring who meets any of the following conditions:

(1) Has a physical or mental impairment which substantially limits one or more major life activities.

(2) Has a record of that impairment.

(3) Is regarded as having that impairment.

b. An individual domiciled in this state at the time of the hiring who meets any of the following conditions:

- (1) Has been convicted of a felony in this or any other state or the District of Columbia.
- (2) Is on parole pursuant to chapter 906.
- (3) Is on probation pursuant to chapter 907, for an offense other than a simple misdemeanor.
- (4) Is in a work release program pursuant to chapter 904, division IX.

c. An individual, whether or not domiciled in this state at the time of the hiring, who is on parole or probation and to whom the interstate probation and parole compact under section 907A.1, Code 2001, applies, or to whom the interstate compact for adult offender supervision under chapter 907B applies.

This deduction is allowed for the wages paid to the individuals successfully completing a probationary period named in paragraphs "a", "b", and "c" during the twelve months following the date of first employment by the taxpayer and shall be deducted in the tax years when paid.

For purposes of this subsection, "*physical or mental impairment*" means any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the body systems or any mental or psychological disorder, including mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities.

For purposes of this subsection, "*small business*" means small business as defined in section 16.1, subsection 36, except that it shall also include the operation of a farm.

6A. If the taxpayer is a business corporation and does not qualify for the adjustment under subsection 6, subtract an amount equal to sixty-five percent of the wages paid to individuals, but shall not exceed twenty thousand dollars per individual, named in paragraphs "a" and "b" who were hired for the first time by the taxpayer during the tax year for work done in this state:

a. An individual domiciled in this state at the time of the hiring who meets any of the following conditions:

- (1) Has been convicted of a felony in this or any other state or the District of Columbia.
- (2) Is on parole pursuant to chapter 906.
- (3) Is on probation pursuant to chapter 907, for an offense other than a simple misdemeanor.
- (4) Is in a work release program pursuant to chapter 904, division IX.

b. An individual, whether or not domiciled in this state at the time of the hiring, who is on parole or probation and to whom the interstate probation and parole compact under section 907A.1, Code 2001, applies, or to whom the interstate compact for adult offender supervision under chapter 907B applies.

This deduction is allowed for the wages paid to the individuals successfully completing a probationary period named in paragraphs "a" and "b" during the twelve months following the date of first employment by the taxpayer and shall be de-

ducted in the tax years when paid.

The department shall develop and distribute information concerning the deduction available for businesses employing persons named in paragraphs "a" and "b".

7. Subtract the amount of the alcohol fuel credit allowable for the tax year under section 40 of the Internal Revenue Code to the extent that the credit increased federal taxable income.

8. Add the amounts deducted and subtract the amounts included in income as a result of the treatment provided sale-leaseback agreements under section 168(f)(8) of the Internal Revenue Code for property placed in service by the transferee prior to January 1, 1986, to the extent that the amounts deducted and the amounts included in income are not otherwise deductible or included in income under the other provisions of the Internal Revenue Code as amended to and including December 31, 1985. Entitlement to depreciation on any property involved in a sale-leaseback agreement which is placed in service by the transferee prior to January 1, 1986, shall be determined under the Internal Revenue Code as amended to and including December 31, 1985, excluding section 168(f)(8) in making the determination.

9. Reserved.

10. Add the percentage depletion amount determined with respect to an oil, gas, or geothermal well using methods in section 613 of the Internal Revenue Code that is in excess of the cost depletion amount determined under section 611 of the Internal Revenue Code.

11. If after applying all of the adjustments provided for in this section and the allocation and apportionment provisions of section 422.33, the Iowa taxable income results in a net operating loss, such net operating loss shall be deducted as follows:

a. The Iowa net operating loss shall be carried back three taxable years for a net operating loss incurred in a presidentially declared disaster area by a taxpayer engaged in a small business or in the trade or business of farming. For all other Iowa net operating losses, the net operating loss shall be carried back two taxable years or to the taxable year in which the corporation first commenced doing business in this state, whichever is later.

b. The Iowa net operating loss remaining after being carried back as required in paragraph "a" or "f" or if not required to be carried back shall be carried forward twenty taxable years.

c. If the election under section 172(b)(3) of the Internal Revenue Code is made, the Iowa net operating loss shall be carried forward twenty taxable years.

d. No portion of a net operating loss which was sustained from that portion of the trade or business carried on outside the state of Iowa shall be deducted.

e. The limitations on net operating loss carry-back and carryforward under sections

172(b)(1)(E) and 172(h) of the Internal Revenue Code shall apply.

*f.* Notwithstanding paragraph “a”, for a taxpayer who is engaged in the trade or business of farming as defined in section 263A(e)(4) of the Internal Revenue Code and has a loss from farming as defined in section 172(b)(1)(F) of the Internal Revenue Code including modifications prescribed by rule by the director, the Iowa loss from the trade or business of farming is a net operating loss which may be carried back five taxable years prior to the taxable year of the loss.

Provided, however, that a corporation affected by the allocation provisions of section 422.33 shall be permitted to deduct only such portion of the deductions for net operating loss and federal income taxes as is fairly and equitably allocable to Iowa, under rules prescribed by the director.

12. Subtract the loss on the sale or exchange of a share of a regulated investment company held for six months or less to the extent the loss was disallowed under section 852(b)(4)(B) of the Internal Revenue Code.

13. Subtract the interest earned from bonds and notes issued by the agricultural development authority as provided in section 175.17, subsection 10.

14. Subtract, to the extent not deducted for federal income tax purposes, the amount of any gift, grant, or donation made to the Iowa educational savings plan trust, as created in chapter 12D, for deposit in the endowment fund of that trust.

15. To the extent not otherwise included pursuant to section 164 of the Internal Revenue Code, subtract the amount of the annual registration fee paid for a multipurpose vehicle pursuant to section 321.124, subsection 3, paragraph “h”, which is based upon the value of the vehicle. For purposes of this subsection, sixty percent of the amount of the registration fee is based upon the value of the vehicle.

16. Add depreciation taken for federal income tax purposes on a speculative shell building defined in section 427.1, subsection 27, which is owned by a for-profit entity and the for-profit entity is receiving the proper tax exemption. Subtract depreciation computed as if the speculative shell building were classified as fifteen-year property during the period during which it is owned by the taxpayer and is receiving the property tax exemption. However, this subsection does not apply to a speculative shell building which is used by the taxpayer, subsidiary of the taxpayer, or majority owners of the taxpayer, for other than as a speculative shell building, as defined in section 427.1, subsection 27.

17. Subtract the amount of the employer social security credit allowable for the tax year under section 45B of the Internal Revenue Code to the extent that the credit increases federal adjusted

gross income.

18. Add, to the extent not already included, income from the sale of obligations of the state and its political divisions. Income from the sale of these obligations is exempt from the taxes imposed by this division only if the law authorizing these obligations specifically exempts the income from the sale from the state corporate income tax.

19. The additional first-year depreciation allowance authorized in section 168(k) of the Internal Revenue Code, as enacted by Pub. L. No. 107-147, section 101, does not apply in computing net income for state tax purposes. If the taxpayer has taken such deduction in computing taxable income, the following adjustments shall be made:

*a.* Add the total amount of depreciation taken on all property for which the election under section 168(k) of the Internal Revenue Code was made for the tax year.

*b.* Subtract an amount equal to depreciation taken on such property for the tax year using the modified accelerated cost recovery system depreciation method applicable under section 168 of the Internal Revenue Code without regard to section 168(k).

*c.* Any other adjustments to gains or losses to reflect the adjustments made in paragraphs “a” and “b” pursuant to rules adopted by the director.

1. There is imposed a tax of five percent upon the gross receipts from all sales of tangible personal property, consisting of goods, wares, or merchandise, except as otherwise provided in this division, sold at retail in the state to consumers or users; a like rate of tax upon the gross receipts from the sales, furnishing, or service of gas, electricity, water, heat, pay television service, and communication service, including the gross receipts from such sales by any municipal corporation or joint water utility furnishing gas, electric-

2. There is imposed a tax of five percent upon the gross receipts derived from the operation of all forms of amusement devices and games of skill, games of chance, raffles, and bingo games as defined in chapter 99B, operated or conducted within the state, the tax to be collected from the operator in the same manner as for the collection of taxes upon the gross receipts of tickets or admission as provided in this section.

**422.65 Allocation of revenue.** Repealed by 2003 Acts, ch 178, § 11.

**422.72 Information deemed confidential — informational exchange agreement — subpoenas.**

1. It is unlawful for the director, or any person having an administrative duty under this chapter, or any present or former officer or other employee of the state authorized by the director to examine returns, to divulge in any manner whatever, the business affairs, operations, or information obtained by an investigation under this chapter of records and equipment of any person visited or examined in the discharge of official duty, or the amount or source of income, profits, losses, expenditures or any particular thereof, set forth or disclosed in any return, or to permit any return or copy of a return or any book containing any abstract or particulars thereof to be seen or examined by any person except as provided by law. It is unlawful for any person to willfully inspect, except as authorized by the director, any return or return information. However, the director may authorize examination of such state returns and other state information which is confidential under this section, if a reciprocal arrangement exists, by tax officers of another state or the federal government. The director may, by rules adopted pursuant to chapter 17A, authorize examination of state information and returns by other officers or employees of this state to the extent required by their official duties and responsibilities. Disclosure of state information to tax officers of another state is limited to disclosures which have a tax administrative purpose and only to officers of those states which by agreement with this state limit the disclosure of the information as strictly as the laws of this state protecting the confidentiality of

returns and information. The director shall place upon the state tax form a notice to the taxpayer that state tax information may be disclosed to tax officials of another state or of the United States for tax administrative purposes.

The department shall not authorize the examination of tax information by officers and employees of this state, another state, or of the United States if the officers or employees would otherwise be required to obtain a judicial order to examine the information if it were to be obtained from another source, and if the purpose of the examination is other than for tax administration. However, the director may provide sample individual income tax information to be used for statistical purposes to the legislative services agency. The information shall not include the name or mailing address of the taxpayer or the taxpayer's social security number. Any information contained in an individual income tax return which is provided by the director shall only be used as a part of a database which contains similar information from a number of returns. The legislative services agency shall not have access to the income tax returns of individuals. Each request for individual income tax information shall contain a statement by the director of the legislative services agency that the individual income tax information received by the legislative services agency shall be used solely for statistical purposes. This subsection does not prevent the department from authorizing the examination of state returns and state information under the provisions of section 252B.9. This subsection prevails over any general law of this state relating to public records.

The director shall provide state tax returns and return information to the auditor of state, to the extent that the information is necessary to complete the annual audit of the department required by section 11.2. The state tax returns and return information provided by the director shall remain confidential and shall not be included in any public documents issued by the auditor of state.

2. Federal tax returns, copies of returns, and return information as defined in section 6103(b) of the Internal Revenue Code, which are required to be filed with the department for the enforcement of the income tax laws of this state, shall be held as confidential by the department and subject to the disclosure limitations in subsection 1.

3. Unless otherwise expressly permitted by section 8A.504, section 421.17, subsections 22, 23, and 26, sections 252B.9, 421.19, 421.28, 422.20, and 452A.63, and this section, a tax return, return information, or investigative or audit information shall not be divulged to any person or entity, other than the taxpayer, the department, or internal revenue service for use in a matter unrelated to tax administration.

This prohibition precludes persons or entities other than the taxpayer, the department, or the in-

ternal revenue service from obtaining such information from the department, and a subpoena, order, or process which requires the department to produce such information to a person or entity, other than the taxpayer, the department, or internal revenue service for use in a nontax proceeding is void.

4. A person violating subsection 1, 2, 3, or 6 is guilty of a serious misdemeanor.

5. The director may disclose taxpayer identity information to the press and other media for purposes of notifying persons entitled to tax refunds when the director, after reasonable effort and lapse of time, has been unable to locate the persons.

6. The department may enter into a written informational exchange agreement for tax administration purposes with a city or county which is entitled to receive funds due to a local hotel and motel tax or a local sales and services tax. The written informational exchange agreement shall designate no more than two paid city or county employees that have access to actual return information relating to that city's or county's receipts from a local hotel and motel tax or a local sales and services tax.

City or county employees designated to have access to information under this subsection are deemed to be officers and employees of the state for purposes of the restrictions pursuant to subsection 1 pertaining to confidential information. The department may refuse to enter into a written informational exchange agreement if the city or county does not agree to pay the actual cost of providing the information and the department may refuse to abide by a written informational exchange agreement if the city or county does not promptly pay the actual cost of providing the information or take reasonable precautions to protect the information's confidentiality.

7. Notwithstanding subsection 3, the director shall provide state tax returns and return information in response to a subpoena issued by the court pursuant to rule of criminal procedure 2.5 commanding the appearance before the attorney general or an assistant attorney general if the subpoena is accompanied by affidavits from such person and from a sworn peace officer member of the department of public safety affirming that the information is necessary for the investigation of a felony violation of chapter 124 or chapter 706B. The affidavits accompanying the subpoenas and the information provided by the director shall remain a confidential record which may be disseminated only to a prosecutor or peace officer involved in the investigation, or to the taxpayer who filed the information and to the court in connection with the filing of criminal charges or institution of a forfeiture action. A person who knowingly files a false affidavit with the director to secure information or who divulges information received un-

**422.73 Correction of errors — refunds, credits and carrybacks.**

1. If it shall appear that, as a result of mistake, an amount of tax, penalty, or interest has been paid which was not due under the provisions of division IV of this chapter or chapter 423, then such amount shall be credited against any tax due, or to become due, on the books of the department from the person who made the erroneous payment, or such amount shall be refunded to such person by the department. A claim for refund or credit that has not been filed with the department within four years after the tax payment for quarterly periods beginning on or after January 1, 2000, and before January 1, 2001, upon which a refund or credit is claimed became due, and within three years after the tax payment for quarterly periods beginning on or after January 1, 2001, upon which a refund or credit is claimed became due, or one year after such tax payment was made, whichever time is the later, shall not be allowed by the director.

2. If it appears that an amount of tax, penalty, or interest has been paid which was not due under division II, III or V of this chapter, then that amount shall be credited against any tax due on the books of the department by the person who made the excessive payment, or that amount shall be refunded to the person or with the person's approval, credited to tax to become due. A claim for refund or credit that has not been filed with the department within three years after the return upon which a refund or credit claimed became due, or within one year after the payment of the tax upon which a refund or credit is claimed was made, whichever time is the later, shall not be allowed by the director. If, as a result of a carryback of a net operating loss or a net capital loss, the amount of tax in a prior period is reduced and an overpayment results, the claim for refund or credit of the overpayment shall be filed with the department within the three years after the return for the taxable year of the net operating loss or net capital loss became due. Notwithstanding the period of limitation specified, the taxpayer shall have six

months from the day of final disposition of any income tax matter between the taxpayer and the internal revenue service with respect to the particular tax year to claim an income tax refund or credit.

The department shall enter into an agreement with the internal revenue service for the transmission of federal income tax reports on individuals required to file an Iowa income tax return who have been involved in an income tax matter with the internal revenue service. After final disposition of the income tax matter between the taxpayer and the internal revenue service, the department shall determine whether the individual is due a state income tax refund as a result of final disposition of such income tax matter. If the individual is due a state income tax refund, the department shall notify the individual within thirty days and request the individual to file a claim for refund or credit with the department.

3. Notwithstanding subsection 2, a claim for credit or refund of the income tax paid is considered timely if the claim is filed with the department on or before June 30, 1999, if the taxpayer's federal income tax was refunded due to a provision in the federal Taxpayer Relief Act of 1997, Pub. L. No. 105-34, which affected the federal adjusted gross incomes of individuals or estates and trusts, or affected the taxable incomes of corporate taxpayers.

**422.75 Statistics — publication.**

The department shall prepare and publish an annual report which shall include statistics reasonably available, with respect to the operation of this chapter, including amounts collected, classification of taxpayers, and such other facts as are deemed pertinent and valuable. The annual report shall also include the reports and information required pursuant to section 421.1, subsection 5; section 421.17, subsection 13; section 421.17, subsection 27, paragraph "h"; section 421.60, subsection 2, paragraphs "i" and "l"; and 1997 Iowa Acts, chapter 211, section 22, subsection 5, paragraph "a".

**HOTEL AND MOTEL TAX**

Personal liability of officers and partners; see §421.26  
 For future transfer of this chapter to ch 423A, see 2003 Acts, 1st Ex, ch 2, §203, 205

**422A.1 Hotel and motel tax.**

A city or county may impose by ordinance of the

city council or by resolution of the board of supervisors a hotel and motel tax, at a rate not to exceed

seven percent, which shall be imposed in increments of one or more full percentage points upon the gross receipts from the renting of sleeping rooms, apartments, or sleeping quarters in a hotel, motel, inn, public lodging house, rooming house, manufactured or mobile home which is tangible personal property, or tourist court, or in any place where sleeping accommodations are furnished to transient guests for rent, whether with or without meals; except the gross receipts from the renting of sleeping rooms in dormitories and in memorial unions at all universities and colleges located in the state of Iowa and the guests of a religious institution if the property is exempt under section 427.1, subsection 8, and the purpose of renting is to provide a place for a religious retreat or function and not a place for transient guests generally. The tax when imposed by a city shall apply only within the corporate boundaries of that city and when imposed by a county shall apply only outside incorporated areas within that county. "Renting" and "rent" include any kind of direct or indirect charge for such sleeping rooms, apartments, or sleeping quarters, or their use. However, the tax does not apply to the gross receipts from the renting of a sleeping room, apartment, or sleeping quarters while rented by the same person for a period of more than thirty-one consecutive days.

Within ten days of the election at which a majority of those voting on the question favors the imposition, repeal, or change in the rate of the hotel and motel tax, the county auditor shall give written notice by sending a copy of the abstract of votes from the favorable election to the director of revenue.

A local hotel and motel tax shall be imposed on January 1, April 1, July 1, or October 1, following the notification of the director of revenue. Once imposed, the tax shall remain in effect at the rate imposed for a minimum of one year. A local hotel and motel tax shall terminate only on March 31, June 30, September 30, or December 31. At least forty-five days prior to the tax being effective or prior to a revision in the tax rate, or prior to the repeal of the tax, a city or county shall provide notice by mail of such action to the director of revenue.

A city or county shall impose a hotel and motel tax or increase the tax rate only after an election at which a majority of those voting on the question favors imposition or increase. However, a hotel and motel tax shall not be repealed or reduced in rate if obligations are outstanding which are payable as provided in section 422A.2, unless funds sufficient to pay the principal, interest, and premium, if any, on the outstanding obligations at and prior to maturity have been properly set aside and pledged for that purpose. The election shall be held at the time of the regular city election or the county's general election or at the time of a special election.

The director of revenue shall administer a local

hotel and motel tax as nearly as possible in conjunction with the administration of the state sales tax law. The director shall provide appropriate forms, or provide on the regular state tax forms, for reporting local hotel and motel tax liability. All moneys received or refunded one hundred eighty days after the date on which a city or county terminates its local hotel and motel tax shall be deposited in or withdrawn from the state general fund.

The director, in consultation with local officials, shall collect and account for a local hotel and motel tax and shall credit all revenues to a "local transient guest tax fund" established by section 422A.2.

No tax permit other than the state tax permit required under section 422.53 may be required by local authorities.

The tax levied shall be in addition to any state sales tax imposed under section 422.43. Section 422.25, subsection 4, sections 422.30, 422.48 to 422.52, 422.54 to 422.58, 422.67, 422.68, 422.69, subsection 1, and sections 422.70 to 422.75, consistent with the provisions of this chapter, apply with respect to the taxes authorized under this chapter, in the same manner and with the same effect as if the hotel and motel taxes were retail sales taxes within the meaning of those statutes. Notwithstanding this paragraph, the director shall provide for quarterly filing of returns as prescribed in section 422.51 and for other than quarterly filing of returns as prescribed in section 422.51, subsection 2. The director may require all persons, as defined in section 422.42, who are engaged in the business of deriving gross receipts subject to tax under this chapter, to register with the department.

#### **422A.2 Local transient guest tax fund.**

1. There is created in the department of revenue a local transient guest tax fund which shall consist of all moneys credited to such fund under section 422A.1.

2. All moneys in the local transient guest tax fund shall be remitted at least quarterly by the department of revenue, pursuant to rules of the director of revenue, to each city in the amount collected from businesses in that city and to each county in the amount collected from businesses in the unincorporated areas of the county.

3. Moneys received by the city from this fund shall be credited to the general fund of the city, subject to the provisions of subsection 4.

4. The revenue derived from any hotel and motel tax authorized by this chapter shall be used as follows:

a. Each county or city which levies the tax shall spend at least fifty percent of the revenues derived therefrom for the acquisition of sites for, or

constructing, improving, enlarging, equipping, repairing, operating, or maintaining of recreation, convention, cultural, or entertainment facilities including but not limited to memorial buildings, halls and monuments, civic center convention buildings, auditoriums, coliseums, and parking areas or facilities located at those recreation, convention, cultural, or entertainment facilities or the payment of principal and interest, when due, on bonds or other evidence of indebtedness issued by the county or city for those recreation, convention, cultural, or entertainment facilities; or for the promotion and encouragement of tourist and convention business in the city or county and surrounding areas.

b. The remaining revenues may be spent by the city or county which levies the tax for any city or county operations authorized by law as a proper purpose for the expenditure within statutory limitations of city or county revenues derived from ad valorem taxes.

c. Any city or county which levies and collects the hotel and motel tax authorized by this chapter may pledge irrevocably an amount of the revenues derived therefrom for each of the years the bonds remain outstanding to the payment of bonds which the city or county may issue for one or more of the purposes set forth in paragraph "a" of this subsection. Any revenue pledged to the payment of such bonds may be credited to the spending requirement of paragraph "a" of this subsection.

d. The provisions of division III of chapter 384 relating to the issuance of corporate purpose bonds apply to the issuance by a city of bonds payable as provided in this section and the provisions of chapter 331, division IV, part 3, relating to the issuance of county purpose bonds apply to the issuance by a county of bonds payable as provided in this section. The provisions of chapter 76 apply to the bonds payable as provided in this section except that the mandatory levy to be assessed pursuant to section 76.2 shall be at a rate to generate an amount which together with the receipts from the pledged portion of the hotel and motel tax is sufficient to pay the interest and principal on the bonds. All amounts collected as a result of the levy assessed pursuant to section 76.2 and paid out in the first instance for bond principal and interest shall be repaid to the city or county which levied the tax from the first available hotel and motel tax collections received in excess of the requirement for the payment of the principal and interest of the bonds and when repaid shall be applied in reduction of property taxes.

The amount of bonds which may be issued under section 76.3 shall be the amount which could be retired from the actual collections of the hotel and motel tax for the last four calendar quarters, as certified by the director of revenue. The amount of tax revenues pledged jointly by other cities or counties may be considered for the purpose of de-

termining the amount of bonds which may be issued. If the hotel and motel tax has been in effect for less than four calendar quarters, the tax collected within the shorter period may be adjusted to project the collections for the full year for the purpose of determining the amount of the bonds which may be issued.

e. A city or county, jointly with one or more other cities or counties as provided in chapter 28E, may pledge irrevocably any amount derived from the revenues of the hotel and motel tax to the support or payment of bonds issued for a project within the purposes set forth in paragraph "a" of this subsection and located within one or more of the participatory cities or counties or may apply the proceeds of its bonds to the support of any such project. Revenue so pledged or applied shall be credited to the spending requirement of paragraph "a" of this subsection.

f. A city or county acting on behalf of an unincorporated area may, in lieu of calling an election, institute proceedings for the issuance of bonds under this section by causing a notice of the proposal to issue the bonds, including a statement of the amount and purpose of the bonds, together with the maximum rate of interest which the bonds are to bear, and the right to petition for an election, to be published at least once in a newspaper of general circulation within the city or unincorporated area at least ten days prior to the meeting at which it is proposed to take action for the issuance of the bonds.

If at any time before the date fixed for taking action for the issuance of the bonds, a petition signed by eligible electors residing in the city or the unincorporated area equal in number to at least three percent of the registered voters of the city or unincorporated area is filed, asking that the question of issuing the bonds be submitted to the registered voters of the city or unincorporated area, the council or board of supervisors acting on behalf of an unincorporated area shall either by resolution declare the proposal to issue the bonds to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of issuing the bonds.

The proposition of issuing bonds under this section is not approved unless the vote in favor of the proposition is equal to a majority of the vote cast.

If no petition is filed, or if a petition is filed and the proposition of issuing the bonds is approved at an election, the council or board of supervisors acting on behalf of an unincorporated area may proceed with the authorization and issuance of the bonds.

Bonds may be issued for the purpose of refunding outstanding and previously issued bonds under this subsection without otherwise complying with this paragraph.

#### **422B.1 Authorization — election — imposition and repeal.**

1. A county may impose by ordinance of the board of supervisors local option taxes authorized by this chapter, subject to this section and subject to the exception provided in subsection 2.

2. *a.* A city whose corporate boundaries include areas of two counties may impose by ordinance of its city council a local sales and services tax if all of the following apply:

(1) At least eighty-five percent of the residents of the city live in one county.

(2) The county in which at least eighty-five percent of the city residents reside has held an election on the question of the imposition of a local sales and services tax and a majority of those voting on the question in the city favored its imposition.

(3) The city has entered into an agreement on the distribution of the sales and services tax revenues collected from the area where the city tax is imposed with the county where such area is located.

*b.* The city council of a city authorized to impose a local sales and services tax pursuant to paragraph “*a*” shall only do so subject to all of the following restrictions:

(1) The tax shall only be imposed in the area of the city located in the county where not more than fifteen percent of the city’s residents reside.

(2) The tax shall be at the same rate and become effective at the same time as the county tax imposed in the other area of the city.

(3) The tax once imposed shall continue to be imposed until the county-imposed tax is reduced or increased in rate or repealed, and then the city-imposed tax shall also be reduced or increased in rate or repealed in the same amount and be effective on the same date.

(4) The tax shall be imposed on the same basis as provided in section 422B.8 and notification requirements in section 422B.9 apply.

(5) The city shall assist the department of revenue to identify the businesses in the area which are to collect the city-imposed tax. The process shall be ongoing as long as the city tax is imposed.

*c.* The agreement on the distribution of the revenues collected from the city-imposed tax shall provide that fifty percent of such revenues shall be remitted to the county in which the part of the city where the city tax is imposed is located.

*d.* The latest certified federal census preced-

ing the election held by the county on the question of imposition of the local sales and services tax shall be used in determining if the city qualifies under paragraph “*a*”, subparagraph (1), to impose its own tax and in determining the area where the city tax may be imposed under paragraph “*b*”, subparagraph (1).

*e.* A city is not authorized to impose a local sales and services tax under this subsection after July 1, 2000. A city that has imposed a local sales and services tax under this subsection on or before July 1, 2000, may continue to collect the tax until such time as the tax is repealed by the city and the fact that the area acquires more than fifteen percent of the city’s residents after the tax is imposed shall not affect the imposition or collection of the tax.

3. A local option tax shall be imposed only after an election at which a majority of those voting on the question favors imposition and shall then be imposed until repealed as provided in subsection 6, paragraph “*a*”. If the tax is a local vehicle tax imposed by a county, it shall apply to all incorporated and unincorporated areas of the county. If the tax is a local sales and services tax imposed by a county, it shall only apply to those incorporated areas and the unincorporated area of that county in which a majority of those voting in the area on the tax favors its imposition. For purposes of the local sales and services tax, all cities contiguous to each other shall be treated as part of one incorporated area and the tax would be imposed in each of those contiguous cities only if the majority of those voting in the total area covered by the contiguous cities favors its imposition. For purposes of the local sales and services tax, a city is not contiguous to another city if the only road access between the two cities is through another state.

4. *a.* A county board of supervisors shall direct within thirty days the county commissioner of elections to submit the question of imposition of a local vehicle tax or a local sales and services tax to the registered voters of the incorporated and unincorporated areas of the county upon receipt of a petition, requesting imposition of a local vehicle tax or a local sales and services tax, signed by eligible electors of the whole county equal in number to five percent of the persons in the whole county who voted at the last preceding state general election. In the case of a local vehicle tax, the petition requesting imposition shall specify the rate of tax and the classes, if any, that are to be exempt. If

more than one valid petition is received, the earliest received petition shall be used.

b. The question of the imposition of a local sales and services tax shall be submitted to the registered voters of the incorporated and unincorporated areas of the county upon receipt by the county commissioner of elections of the motion or motions, requesting such submission, adopted by the governing body or bodies of the city or cities located within the county or of the county, for the unincorporated areas of the county, representing at least one half of the population of the county. Upon adoption of such motion, the governing body of the city or county, for the unincorporated areas, shall submit the motion to the county commissioner of elections and in the case of the governing body of the city shall notify the board of supervisors of the adoption of the motion. The county commissioner of elections shall keep a file on all the motions received and, upon reaching the population requirements, shall publish notice of the ballot proposition concerning the imposition of the local sales and services tax. A motion ceases to be valid at the time of the holding of the regular election for the election of members of the governing body which adopted the motion. The county commissioner of elections shall eliminate from the file any motion that ceases to be valid. The manner provided under this paragraph for the submission of the question of imposition of a local sales and services tax is an alternative to the manner provided in paragraph "a".

5. The county commissioner of elections shall submit the question of imposition of a local option tax at a state general election or at a special election held at any time other than the time of a city regular election. The election shall not be held sooner than sixty days after publication of notice of the ballot proposition. The ballot proposition shall specify the type and rate of tax and in the case of a vehicle tax the classes that will be exempt and in the case of a local sales and services tax the date it will be imposed which date shall not be earlier than ninety days following the election. The ballot proposition shall also specify the approximate amount of local option tax revenues that will be used for property tax relief and shall contain a statement as to the specific purpose or purposes for which the revenues shall otherwise be expended. If the county board of supervisors decides under subsection 6 to specify a date on which the local option sales and services tax shall automatically be repealed, the date of the repeal shall also be specified on the ballot. The rate of the vehicle tax shall be in increments of one dollar per vehicle as set by the petition seeking to impose the tax. The rate of a local sales and services tax shall not be more than one percent as set by the governing body. The state commissioner of elections shall establish by rule the form for the ballot proposition which form shall be uniform throughout the state.

6. a. If a majority of those voting on the ques-

tion of imposition of a local option tax favors imposition of a local option tax, the governing body of that county shall impose the tax at the rate specified for an unlimited period. However, in the case of a local sales and services tax, the county shall not impose the tax in any incorporated area or the unincorporated area if the majority of those voting on the tax in that area did not favor its imposition. For purposes of the local sales and services tax, all cities contiguous to each other shall be treated as part of one incorporated area and the tax shall be imposed in each of those contiguous cities only if the majority of those voting on the tax in the total area covered by the contiguous cities favored its imposition. The local option tax may be repealed or the rate increased or decreased or the use thereof changed after an election at which a majority of those voting on the question of repeal or rate or use change favored the repeal or rate or use change. The date on which the repeal, rate, or use change is to take effect shall not be earlier than ninety days following the election. The election at which the question of repeal or rate or use change is offered shall be called and held in the same manner and under the same conditions as provided in subsections 4 and 5 for the election on the imposition of the local option tax. However, in the case of a local sales and services tax where the tax has not been imposed countywide, the question of repeal or imposition or rate or use change shall be voted on only by the registered voters of the areas of the county where the tax has been imposed or has not been imposed, as appropriate. However, the governing body of the incorporated area or unincorporated area where the local sales and services tax is imposed may, upon its own motion, request the county commissioner of elections to hold an election in the incorporated or unincorporated area, as appropriate, on the question of the change in use of local sales and services tax revenues. The election may be held at any time but not sooner than sixty days following publication of the ballot proposition. If a majority of those voting in the incorporated or unincorporated area on the change in use favors the change, the governing body of that area shall change the use to which the revenues shall be used. The ballot proposition shall list the present use of the revenues, the proposed use, and the date after which revenues received will be used for the new use.

When submitting the question of the imposition of a local sales and services tax, the county board of supervisors may direct that the question contain a provision for the repeal, without election, of the local sales and services tax on a specific date, which date shall be as provided in section 422B.9, subsection 1.

b. Within ten days of the election at which a majority of those voting on the question favors the imposition, repeal, or change in the rate of a local option tax, the county auditor shall give written notice of the result of the election by sending a copy

of the abstract of the votes from the favorable election to the director of revenue or, in the case of a local vehicle tax, to the director of the department of transportation.

7. More than one of the authorized local option taxes may be submitted at a single election and the different taxes shall be separately implemented as provided in this section.

Costs of local option tax elections shall be apportioned among jurisdictions within the county voting on the question at the same election on a pro rata basis in proportion to the number of registered voters in each taxing jurisdiction and the total number of registered voters in all of the taxing jurisdictions.

8. Local option taxes authorized to be imposed as provided in this chapter are a local sales and services tax and a local vehicle tax. The rate of the tax shall be in increments of one dollar per vehicle for a vehicle tax as set on the petition seeking to impose the vehicle tax. The rate of a local sales and services tax shall not be more than one percent as set by the governing body.

9. In a county that has imposed a local option sales and services tax, the board of supervisors shall, notwithstanding any contrary provision of this chapter, repeal the local option sales and services tax in the unincorporated areas or in an incorporated city area in which the tax has been imposed upon adoption of its own motion for repeal in the unincorporated areas or upon receipt of a motion adopted by the governing body of that incorporated city area requesting repeal. The board of supervisors shall repeal the local option sales and services tax effective on the later of the date of the adoption of the repeal motion or the earliest date specified in section 422B.9, subsection 1. For purposes of this subsection, incorporated city area includes an incorporated city which is contiguous to another incorporated city.

10. Notwithstanding subsection 9 or any other contrary provision of this chapter, a local option sales and services tax shall not be repealed or reduced in rate if obligations are outstanding which are payable as provided in section 422B.12, unless funds sufficient to pay the principal, interest, and premium, if any, on the outstanding obligations at and prior to maturity have been properly set aside and pledged for that purpose.

#### **422B.8 Local sales and services tax.**

A local sales and services tax at the rate of not more than one percent may be imposed by a county on the gross receipts taxed by the state under chapter 422, division IV. A local sales and services tax shall be imposed on the same basis as the state sales and services tax or in the case of the use of natural gas, natural gas service, electricity, or

electric service on the same basis as the state use tax and shall not be imposed on the sale of any property or on any service not taxed by the state, except the tax shall not be imposed on the gross receipts from the sale of motor fuel or special fuel as defined in chapter 452A which is consumed for highway use or in watercraft or aircraft if the fuel tax is paid on the transaction and a refund has not or will not be allowed, on the gross receipts from the rental of rooms, apartments, or sleeping quarters which are taxed under chapter 422A during the period the hotel and motel tax is imposed, on the gross receipts from the sale of equipment by the state department of transportation, on the gross receipts from the sale of self-propelled building equipment, pile drivers, motorized scaffolding, or attachments customarily drawn or attached to self-propelled building equipment, pile drivers, and motorized scaffolding, including auxiliary attachments which improve the performance, safety, operation, or efficiency of the equipment and replacement parts and are directly and primarily used by contractors, subcontractors, and builders for new construction, reconstruction, alterations, expansion, or remodeling of real property or structures, and on the gross receipts from the sale of a lottery ticket or share in a lottery game conducted pursuant to chapter 99G and except the tax shall not be imposed on the gross receipts from the sale or use of natural gas, natural gas service, electricity, or electric service in a city or county where the gross receipts from the sale of natural gas or electric energy are subject to a franchise fee or user fee during the period the franchise or user fee is imposed. A local sales and services tax is applicable to transactions within those incorporated and unincorporated areas of the county where it is imposed and shall be collected by all persons required to collect state gross receipts taxes. However, a person required to collect state retail sales tax under chapter 422, division IV, is not required to collect local sales and services tax on transactions delivered within the area where the local sales and services tax is imposed unless the person has physical presence in that taxing area. All cities contiguous to each other shall be treated as part of one incorporated area and the tax would be imposed in each of those contiguous cities only if the majority of those voting in the total area covered by the contiguous cities favors its imposition.

The amount of the sale, for purposes of determining the amount of the local sales and services tax, does not include the amount of any state gross receipts taxes.

A tax permit other than the state tax permit required under section 422.53 or 423.10 shall not be required by local authorities.

If a local sales and services tax is imposed by a county pursuant to this chapter, a local excise tax at the same rate shall be imposed by the county on the purchase price of natural gas, natural gas service, electricity, or electric service subject to tax

under chapter 423 and not exempted from tax by any provision of chapter 423. The local excise tax is applicable only to the use of natural gas, natural gas service, electricity, or electric service within those incorporated and unincorporated areas of the county where it is imposed and, except as otherwise provided in this chapter, shall be collected and administered in the same manner as the local sales and services tax. For purposes of this chapter, “local sales and services tax” shall also include the local excise tax.

**422B.9 Administration.**

1. a. A local sales and services tax shall be imposed either January 1 or July 1 following the notification of the director of revenue but not sooner than ninety days following the favorable election. However, a jurisdiction which has voted to continue imposition of the tax may impose that tax without repeal of the prior tax.

b. A local sales and services tax shall be repealed only on June 30 or December 31 but not sooner than ninety days following the favorable election if one is held. However, a local sales and services tax shall not be repealed before the tax has been in effect for one year. At least forty days before the imposition or repeal of the tax, a county shall provide notice of the action by certified mail to the director of revenue.

c. If a local sales and services tax has been imposed prior to April 1, 2000, and at the time of the election a date for repeal was specified on the ballot, the local sales and services tax may be repealed on that date, notwithstanding paragraph “b”.

2. a. The director of revenue shall administer a local sales and services tax as nearly as possible in conjunction with the administration of state gross receipts tax laws. The director shall provide appropriate forms or provide on the regular state tax forms for reporting local sales and services tax liability.

b. The ordinance of a county board of supervisors imposing a local sales and services tax shall adopt by reference the applicable provisions of the appropriate sections of chapter 422, division IV, and chapter 423. All powers and requirements of the director to administer the state gross receipts tax law and use tax law are applicable to the administration of a local sales and services tax law and the local excise tax, including but not limited to, the provisions of section 422.25, subsection 4,

**422B.10 Payment to local governments.**

1. The director shall credit the local sales and services tax receipts and interest and penalties from a county-imposed tax to the county’s account in the local sales and services tax fund and from a city-imposed tax under section 422B.1, subsection 2, to the city’s account in the local sales and services tax fund. If the director is unable to determine from which county any of the receipts were collected, those receipts shall be allocated among the possible counties based on allocation rules adopted by the director.

2. a. The director of revenue by August 15 of each fiscal year shall send to each city or county where the local option tax is imposed, an estimate of the amount of tax moneys each city or county will receive for the year and for each month of the year. At the end of each month, the director may revise the estimates for the year and remaining months.

b. The director of revenue shall remit ninety-five percent of the estimated tax receipts for the city or county to the city or county on or before August 31 of the fiscal year and on or before the last day of each following month.

c. The director of revenue shall remit a final payment of the remainder of tax moneys due the

city or county for the fiscal year before November 10 of the next fiscal year. If an overpayment has resulted during the previous fiscal year, the November payment shall be adjusted to reflect any overpayment.

3. Seventy-five percent of each county's account shall be remitted on the basis of the county's population residing in the unincorporated area where the tax was imposed and those incorporated areas where the tax was imposed as follows:

a. To the board of supervisors a pro rata share based upon the percentage of the above population of the county residing in the unincorporated area of the county where the tax was imposed according to the most recent certified federal census.

b. To each city in the county where the tax was imposed a pro rata share based upon the percentage of the city's population residing in the county to the above population of the county according to the most recent certified federal census.

c. If a subsequent certified census exists which modifies that most recent certified federal census for a participating jurisdiction under paragraphs "a" and "b", the computations under paragraphs "a" and "b" shall utilize the subsequent certified census in the distribution formula under rules established by the director of revenue.

4. Twenty-five percent of each county's account shall be remitted based on the sum of property tax dollars levied by the board of supervisors if the tax was imposed in the unincorporated areas and each city in the county where the tax was imposed during the three-year period beginning July 1, 1982, and ending June 30, 1985, as follows:

a. To the board of supervisors a pro rata share based upon the percentage of the total property tax dollars levied by the board of supervisors during the above three-year period.

b. To each city council where the tax was imposed a pro rata share based upon the percentage of property tax dollars levied by the city during the above three-year period of the above total property tax dollars levied by the board of supervisors and each city where the tax was imposed during the above three-year period.

5. From each city's account, the percent of revenues agreed to be distributed to the county in the agreement entered into as provided in section 422B.1, subsection 2, paragraph "a", subparagraph (3), and paragraph "c", shall be deposited into the appropriate county's account to be remitted as provided in subsections 3 and 4. The remaining revenues in the city's account shall be remitted to the city council. If a county does not have an account, its percent of the revenues shall be remitted directly to the county board of supervisors.

6. Local sales and services tax moneys received by a city or county may be expended for any lawful purpose of the city or county.

#### 422B.12 Issuance of bonds.

1. For purposes of this section unless the context otherwise requires:

a. "Bond issuer" or "issuer" means a city, a county, or a secondary recipient.

b. "Designated portion" means the portion of the local option sales and services tax revenues which is authorized to be expended for one or a combination of purposes under an adopted public measure.

c. "Secondary recipient" means a political subdivision of the state which is to receive revenues from a local option sales and services tax over a period of years pursuant to the terms of a chapter 28E agreement with one or more cities or counties.

2. An issuer of public bonds which is a recipient of revenues from a local option sales and services tax imposed pursuant to this chapter may issue bonds in anticipation of the collection of one or more designated portions of the local option sales and services tax and may pledge irrevocably an amount of the revenue derived from the designated portions for each of the years the bonds remain outstanding to the payment of the bonds. Bonds may be issued only for one or more of the purposes set forth on the ballot proposition concerning the imposition of the local option sales and services tax, except bonds shall not be issued which are payable from that portion of tax revenues designated for property tax relief. The bonds may be issued in accordance with the procedures set forth in either subsection 3 or 4.

3. The governing body of an issuer may authorize the issuance of bonds which are payable from the designated portion of the revenues of the local option sales and services tax, and not from property tax, by following the authorization procedures set forth for cities in section 384.83. Bonds may be issued for the purpose of refunding outstanding and previously issued bonds under this subsection without otherwise complying with the provisions of this subsection.

4. To authorize the issuance of bonds payable as provided in this subsection, the governing body of an issuer shall comply with all of the procedures as follows:

a. A bond issuer may institute proceedings for the issuance of bonds by causing a notice of the proposal to issue the bonds, including a statement of the amount and purpose of the bonds, together with the maximum rate of interest which the bonds are to bear, and the right to petition for an election, to be published at least once in a newspaper of general circulation within the political subdivision or unincorporated area at least ten days prior to the meeting at which it is proposed to take action for the issuance of the bonds.

If at any time before the date fixed for taking action for the issuance of the bonds, a petition signed by eligible electors residing within the jurisdiction

seeking to issue the bonds in a number equal to at least three percent of the registered voters of the bond issuer is filed, asking that the question of issuing the bonds be submitted to the registered voters, the governing body shall either by resolution declare the proposal to issue the bonds to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of issuing the bonds. The proposition of issuing bonds under this subsection is not approved unless the vote in favor of the proposition is equal to at least sixty percent of the vote cast. If a petition is not filed, or if a petition is filed and the proposition of issuing the bonds is approved at an election, the governing body acting on behalf of the issuer may proceed with the authorization and issuance of the bonds. Bonds may be issued for the purpose of refunding outstanding and previously issued bonds under this subsection without otherwise complying with the provisions of this subsection.

b. The provisions of chapter 76 apply to the bonds payable as provided in this subsection, except that the mandatory levy to be assessed pursuant to section 76.2 shall be at a rate to generate an amount which together with the receipts from the pledged designated portion of the local option sales and services tax is sufficient to pay the interest and principal on the bonds. All amounts collected as a result of the levy assessed pursuant to section 76.2 and paid out in the first instance for bond principal and interest shall be repaid to the bond issuer which levied the tax from the first available designated portion of local option sales and services tax collections received in excess of the requirement for the payment of the principal and interest of the bonds and when repaid shall be applied in reduction of property taxes. The amount of bonds which may be issued under section 76.3 shall be the amount which could be retired from the actual collections of the designated portions of the local option sales and services tax for the last four calendar quarters, as certified by the director of revenue. The amount of tax revenues pledged jointly by other cities or counties may be considered for the purpose of determining the amount of bonds which may be issued. If the local option sales and services tax has been in effect for less than four calendar quarters, the tax collected within the shorter period may be ad-

justed to project the collections of the designated portion for the full year for the purpose of determining the amount of the bonds which may be issued. The provisions of this section constitute separate authorization for the issuance of bonds and shall prevail in the event of conflict with any other provision of the Code limiting the amount of bonds which may be issued or the source of payment of the bonds. Bonds issued under this section shall not limit or restrict the authority of the bond issuer to issue bonds under other provisions of the Code.

5. A city or county, jointly with one or more other political subdivisions as provided in chapter 28E, may pledge irrevocably any amount derived from the designated portions of the revenues of the local option sales and services tax to the support or payment of bonds of an issuer, issued for one or more purposes set forth on the ballot proposition concerning the imposition of the local option sales and services tax or a political subdivision may apply the proceeds of its bonds to the support of any such purpose.

6. Bonds issued pursuant to this section shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, and shall not be subject to the provisions of any other law or charter relating to the authorization, issuance, or sale of bonds. Bonds issued pursuant to this section are declared to be issued for an essential public and governmental purpose. Bonds issued pursuant to this section shall be authorized by resolution of the governing body and may be issued in one or more series and shall bear the date or dates, be payable on demand or mature at the time or times, bear interest at the rate or rates not exceeding that permitted by chapter 74A, be in the denomination or denominations, be in the form, have the rank or priority, be executed in the manner, be payable in the medium of payment, at the place or places, be subject to the terms of redemption, with or without premium, be secured in the manner, and have the other characteristics, as may be provided by the resolution authorizing their issuance. The bonds may be sold at public or private sale at a price as may be determined by the governing body.

A local sales and services tax approved by a majority vote shall apply to all incorporated and unincorporated areas of that county.

*b.* A local sales and services tax shall be repealed on either June 30 or December 31 but not sooner than ninety days following the favorable election, if one is held.

*b.* Alternatively, the question of imposition of a local sales and services tax for school infrastructure purposes may be proposed by motion or motions, requesting such submission, adopted by the governing body of a school district or school districts located within the county containing a total, or a combined total in the case of more than one school district, of at least one-half of the population of the county, or by the county board of supervisors. Upon adoption of such motion, the governing body of a school district shall notify the board of supervisors of the adoption of the motion. The county board of supervisors shall submit the motion to the county commissioner of elections, who shall publish notice of the ballot proposition concerning the imposition of the local sales and services tax. A motion ceases to be valid at the time of the holding of the regular election for the election of members of the governing body which adopted the motion.

3. The county commissioner of elections shall submit the question of imposition of a local sales and services tax for school infrastructure purposes at a state general election or at a special election held at any time other than the time of a city regular election. The election shall not be held sooner than sixty days after publication of notice of the ballot proposition. The ballot proposition shall specify the rate of tax, the date the tax will be imposed and repealed, and shall contain a statement as to the specific purpose or purposes for which the revenues shall be expended. The content of the ballot proposition shall be substantially similar to the petition of the board of supervisors or motions of a school district or school districts requesting the election as provided in subsection 2, as applicable, including the rate of tax, imposition and repeal date, and the specific purpose or purposes for which the revenues will be expended. The revenues received pursuant to this chapter shall be expended for the purposes indicated in the revenue purpose statement. The revenue purpose statement may include information regarding the school district's use of the revenues to provide for property tax relief or debt reduction. A copy of the revenue purpose statement shall be made available for public inspection in accordance with chapter 22, shall be posted at the appropriate polling places of each school district during the hours that the polls are open, and be published in a newspaper of general circulation in the school district no sooner than twenty days and no later than ten days prior to the election.

*b.* If a revenue purpose statement is not submitted sixty days prior to the election or revenues remain after fulfilling the purpose specified in the revenue purpose statement, the revenues shall be used to reduce the following levies in the following order:

(1) Bond levies under sections 298.18 and 298.18A and all other debt levies, until the moneys received or the levies are reduced to zero.

(2) The regular physical plant and equipment levy under section 298.2, until the moneys received or the levy is reduced to zero.

(3) The voter-approved physical plant and equipment levy and income surtax, if any, under section 298.2, until the moneys received or the levy and income surtax, if any, are reduced to zero.

(4) The public educational and recreational levy under section 300.2, until the moneys received or the levy is reduced to zero.

(5) The schoolhouse tax levy under section 278.1, subsection 7, Code 1989, until the moneys received or the levy is reduced to zero.

Any money remaining after the reduction of the levies specified in this paragraph "b" may be used for any authorized infrastructure purpose of the school district.

*c.* Counties holding an election on the local sales and services tax for school infrastructure purposes on or after April 1, 2003, but before July 1, 2003, which approve the imposition of the tax at the election shall expend the revenues for any authorized infrastructure purpose of the school district.

5. *a.* The tax may be repealed or the rate increased, but not above one percent, or decreased, or the use of the revenues changed after an election at which a majority of those voting on the question of repeal, rate change, or change in use favored the repeal, rate change, or change in use. The election at which the question of repeal, rate change, or change in use is offered shall be called and held in the same manner and under the same conditions as provided in this section for the election on the imposition of the tax. However, an election on the change in use shall only be held in the

school district where the change in use is proposed to occur. The election may be held at any time but not sooner than sixty days following publication of the ballot proposition. However, the tax shall not be repealed before it has been in effect for one year.

b. Within ten days of the election at which a majority of those voting on the question favors the imposition, repeal, or change in the rate of the tax, the county auditor shall give written notice of the result of the election by sending a copy of the abstract of the votes from the favorable election to the director of revenue. Election costs shall be apportioned among school districts within the county on a pro rata basis in proportion to the number of registered voters in each school district who reside within the county and the total number of registered voters within the county.

c. A local option sales and services tax shall not be repealed or reduced in rate if obligations are outstanding which are payable as provided in section 422E.4, unless funds sufficient to pay the principal, interest, and premium, if any, on the outstanding obligations at and prior to maturity have been properly set aside and pledged for that purpose. **422E.3 Collection of tax.**

1. If a majority of those voting on the question of imposition of a local sales and services tax for school infrastructure purposes favors imposition of the tax, the tax shall be imposed by the county board of supervisors within the county pursuant to section 422E.2, at the rate specified for a ten-year duration on the gross receipts taxed by the state under chapter 422, division IV.

2. The tax shall be imposed on the same basis as the state sales and services tax or in the case of the use of natural gas, natural gas service, electricity, or electric service on the same basis as the state use tax and shall not be imposed on the sale of any property or on any service not taxed by the state, except the tax shall not be imposed on the gross receipts from the sale of motor fuel or special fuel as defined in chapter 452A which is consumed for highway use or in watercraft or aircraft if the fuel tax is paid on the transaction and a refund has not or will not be allowed, on the gross receipts from the rental of rooms, apartments, or sleeping quarters which are taxed under chapter 422A during the period the hotel and motel tax is imposed, on the gross receipts from the sale of equipment by the state department of transportation, on the gross receipts from the sale of self-propelled building equipment, pile drivers, motorized scaffolding,

3. The tax is applicable to transactions within the county where it is imposed and shall be collected by all persons required to collect state gross receipts or local excise taxes. However, a person required to collect state retail sales tax under chapter 422, division IV, is not required to collect local sales and services tax on transactions delivered within the area where the local sales and services tax is imposed unless the person has physical presence in that taxing area. The amount of the sale, for purposes of determining the amount of the tax, does not include the amount of any state gross receipts or excise taxes or other local option sales or excise taxes. A tax permit other than the state tax permit required under section 422.53 or 423.10 shall not be required by local authorities.

4. The director of revenue shall credit tax receipts and interest and penalties from the local sales and services tax for school infrastructure purposes to an account within the secure advanced vision for education fund, as provided in section 422E.3A, maintained in the name of the school district or school districts located within the county. If the director is unable to determine from which county any of the receipts were collected, those receipts shall be allocated among the possible counties based on allocation rules adopted by the director.

5. a. The director of revenue by August 15 of each fiscal year shall send to each school district where the tax is imposed an estimate of the amount of tax moneys each school district will receive for the year and for each month of the year. At the end of each month, the director may revise the estimates for the year and remaining months.

b. The director shall remit ninety-five percent of the estimated tax receipts for the school district to the school district on or before August 31 of the fiscal year and on or before the last day of each following month.

c. The director shall remit a final payment of the remainder of tax moneys due for the fiscal year before November 10 of the next fiscal year. If an

overpayment has resulted during the previous fiscal year, the November payment shall be adjusted to reflect any overpayment.

*d.* (1) If more than one school district, or a portion of a school district, is located within the county, tax receipts shall be remitted to each school district or portion of a school district in which the county tax is imposed in a pro rata share based upon the ratio which the actual enrollment for the school district that attends school in the county bears to the total combined actual enrollments for all school districts that attend school in the county.

(2) The combined actual enrollment for a county, for purposes of this section, shall be determined for each county by the department of management based on the actual enrollment figures reported by October 1 to the department of management by the department of education pursuant to section 257.6, subsection 1. The combined actual enrollment count shall be forwarded to the director of revenue by March 1, annually, for purposes of supplying estimated tax payment figures and making estimated tax payments pursuant to this section for the following fiscal year.

*e.* Notwithstanding the amount of tax receipts credited to the account within the secure an advanced vision for education fund maintained in the name of a school district, the amount of tax receipts the school district shall receive from the tax imposed in the county shall be determined as provided in section 422E.3A, subsection 2.

6. The local sales and services tax for school infrastructure purposes shall be administered as provided in section 422B.9.

7. Construction contractors may make application to the department for a refund of the additional local sales and services tax paid under this chapter by reason of taxes paid on goods, wares, or merchandise under the conditions specified in section 422B.11. The refund shall be paid by the department from the appropriate school district's account in the secure an advanced vision for education fund. The penalty provisions contained in section 422B.11, subsection 3, shall apply regarding an erroneous application for refund of local sales and services tax paid under this chapter.

#### **422E.3A Secure an advanced vision for education fund.**

1. A secure an advanced vision for education fund is created as a separate and distinct fund in the state treasury under the control of the depart-

ment of revenue. Moneys in the fund include revenues credited to the fund pursuant to this chapter, appropriations made to the fund, and other moneys deposited into the fund. Any amounts disbursed from the fund shall be utilized for school infrastructure purposes or property tax relief.

2. The moneys credited in a fiscal year to the secure an advanced vision for education fund shall be distributed as follows:

*a.* A school district that is located in whole or in part in a county that voted on and approved prior to April 1, 2003, the local sales and services tax for school infrastructure purposes and that has a sales tax capacity per student above the guaranteed school infrastructure amount shall receive for the remainder of the term of the tax an amount equal to its pro rata share of the local sales and services tax receipts as provided in section 422E.3, subsection 5, paragraph "d", unless the school board passes a resolution by October 1, 2003, agreeing to receive a distribution pursuant to paragraph "b", subparagraph (1).

*b.* (1) A school district that is located in whole or in part in a county that voted on and approved prior to April 1, 2003, the local sales and services tax for school infrastructure purposes and that has a sales tax capacity per student below its guaranteed school infrastructure amount shall receive for the remainder of the term of the tax an amount equal to its pro rata share of the local sales and services tax receipts as provided in section 422E.3, subsection 5, paragraph "d", plus an amount equal to its supplemental school infrastructure amount, unless the school district passes a resolution by October 1, 2003, agreeing to receive only an amount equal to its pro rata share as provided in section 422E.3, subsection 5, paragraph "d", in all subsequent years.

(2) A school district that is located in whole or in part in a county that voted on and approved on or after April 1, 2003, the local sales and services tax for school infrastructure purposes shall receive an amount equal to its pro rata share of the local sales and services tax receipts as provided in section 422E.3, subsection 5, paragraph "d", not to exceed its guaranteed school infrastructure amount. However, if the school district's pro rata share is less than its guaranteed school infrastructure amount, the district shall receive an additional amount equal to its supplemental school infrastructure amount.

(3) A school district that is located in whole or in part in a county that voted on and approved the continuation of the tax on or after April 1, 2003, the local sales and services tax for school infrastructure purposes shall receive an amount equal to its pro rata share of the local sales and services tax receipts as provided in section 422E.3, subsection 5, paragraph "d", not to exceed its guaranteed school infrastructure amount. However, if the school district's pro rata share is less than its guaranteed school infrastructure amount, the district

shall receive an additional amount equal to its supplemental school infrastructure amount.

(4) The amount distributed under this paragraph “b” which a school district receives shall not exceed the guaranteed school infrastructure amount. A school district qualifying for a supplemental school infrastructure amount pursuant to this paragraph “b” shall not receive more than the guaranteed school infrastructure amount in any subsequent year.

c. In the case of a school district located in more than one county, the amount to be distributed to the school district shall be separately computed for each county based upon the school district’s actual enrollment that attends school in the county.

3. a. The director of revenue by June 1 preceding each fiscal year shall compute the guaranteed school infrastructure amount for each school district, each school district’s sales tax capacity per student for each county, and the supplemental school infrastructure amount for the coming fiscal year.

b. For purposes of distributions under subsection 2:

(1) “*Guaranteed school infrastructure amount*” means for a school district the statewide tax revenues per student, multiplied by the quotient of the tax rate percent imposed in the county, divided by one percent and multiplied by the quotient of the number of quarters the tax is imposed during the fiscal year divided by four quarters.

(2) “*Sales tax capacity per student*” means for a school district the estimated amount of revenues that a school district receives or would receive if a local sales and services tax for school infrastructure purposes is imposed at one percent in the county pursuant to section 422E.2, divided by the school district’s actual enrollment as determined in section 422E.3, subsection 5, paragraph “d”.

(3) “*Statewide tax revenues per student*” means five hundred seventy-five dollars per student. The general assembly shall review this amount annually to determine its appropriateness.

(4) “*Supplemental school infrastructure amount*” means the guaranteed school infrastructure amount for the school district less its pro rata share of local sales and services tax for school infrastructure purposes as provided in section 422E.3, subsection 5, paragraph “d”.

4. a. For the purposes of distribution under subsection 2, paragraph “b”, subparagraph (1), a school district with a sales tax capacity per student below its guaranteed school infrastructure amount shall use the amount equal to the guaranteed school infrastructure amount less the pro rata share amount in accordance with section 422E.3, subsection 5, paragraph “d”, for the purpose of paying principal and interest on outstanding bonds previously issued for school infrastructure purposes as defined in section 422E.1, subsec-

tion 3. Any money remaining after the payment of all principal and interest on outstanding bonds previously issued for infrastructure purposes may be used for any authorized infrastructure purpose of the school district. If a majority of the voters in the school district approves the use of revenue pursuant to a revenue purpose statement in an election held after July 1, 2003, in the school district pursuant to section 422E.2, the school district may use the amount for the purposes specified in its revenue purpose statement.

b. Nothing in this section shall prevent a school district from using its sales tax capacity per student or guaranteed school infrastructure amount to pay principal and interest on obligations issued pursuant to section 422E.4.

5. In the case of a deficiency in the fund to pay the supplemental school infrastructure amounts in full, the amount available in the fund less the sales and services tax revenues for school infrastructure purposes attributed to each school district should be allocated first to increase the school district with the lowest sales tax capacity per student to an amount equal to the school district or school districts with the next lowest sales tax capacity per student and then increase the school districts to an amount equal to the school district or school districts with the next lowest sales tax capacity per student and continue on in this manner until money is no longer available or all school districts reach their guaranteed school infrastructure amount.

6. A school district shall not expend the supplemental school infrastructure amount received for new construction or for payments for bonds issued for new construction against the supplemental school infrastructure amount without prior application to the department of education and receipt of a certificate of need pursuant to this subsection. However, a certificate of need is not required for the payment of outstanding bonds issued for new construction pursuant to section 296.1, before April 1, 2003. A certificate of need is also not required for repairing schoolhouses or buildings, equipment, technology, or transportation equipment for transporting students as provided in section 298.3, or for construction necessary for compliance with the federal Americans With Disabilities Act pursuant to 42 U.S.C. § 12101 – 12117. In determining whether a certificate of need shall be issued or denied, the department shall consider all of the following:

a. Enrollment trends in the grades that will be served at the new construction site.

b. The infeasibility of remodeling, reconstructing, or repairing existing buildings.

c. The fire and health safety needs of the school district.

d. The distance, convenience, cost of transportation, and accessibility of the new construction site to the students to be served at the new construction site.

e. Availability of alternative, less costly, or more effective means of serving the needs of the students.

f. The financial condition of the district, including the effect of the decline of the budget guarantee and unspent balance.

g. Broad and long-term ability of the district to support the facility and the quality of the academic program.

h. Cooperation with other educational entities including other school districts, area education agencies, postsecondary institutions, and local communities.

#### 422E.4 Bonding.

The board of directors of a school district shall be authorized to issue negotiable, interest-bearing school bonds, without election, and utilize tax receipts derived from the sales and services tax for school infrastructure purposes and the supplemental school infrastructure amount distributed pursuant to section 422E.3A, subsection 2, paragraph “b”, for principal and interest repayment. Proceeds of the bonds issued pursuant to this section shall be utilized solely for school infrastructure needs as school infrastructure is defined in section 422E.1, subsection 3. Issuance of bonds pursuant to this section shall be permitted only in a district which has imposed a local sales and services tax for school infrastructure purposes pursuant to section 422E.2. The provisions of sections 298.22 through 298.24 shall apply regarding the form, rate of interest, registration, redemption, and recording of bond issues pursuant to this section, with the exception that the maximum period during which principal on the bonds is payable shall not exceed the date of repeal stated on the ballot proposition.

A school district in which a local option sales tax for school infrastructure purposes has been imposed shall be authorized to enter into a chapter 28E agreement with one or more cities or a county

whose boundaries encompass all or a part of the area of the school district. A city or cities entering into a chapter 28E agreement shall be authorized to expend its designated portion of the local option sales and services tax revenues for any valid purpose permitted in this chapter or authorized by the governing body of the city. A county entering into a chapter 28E agreement with a school district in which a local option sales tax for school infrastructure purposes has been imposed shall be authorized to expend its designated portion of the local option sales and services tax revenues to provide property tax relief within the boundaries of the school district located in the county. A school district where a local option sales and services tax is imposed is also authorized to enter into a chapter 28E agreement with another school district, a community college, or an area education agency which is located partially or entirely in or is contiguous to the county where the tax is imposed. The school district or community college shall only expend its designated portion of the local option sales and services tax for infrastructure purposes. The area education agency shall only expend its designated portion of the local option school infrastructure sales tax for infrastructure and maintenance purposes.

The governing body of a city may authorize the issuance of bonds which are payable from its designated portion of the revenues of the local option sales and services tax, and not from property tax, by following the authorization procedures set forth for cities in section 384.83. A city may pledge irrevocably any amount derived from its designated portions of the revenues of the local option sales and services tax to the support or payment of such bonds.

#### 423.4 Exemptions.

The use in this state of the following tangible

personal property is hereby specifically exempted from the tax imposed by this chapter:

1. Tangible personal property and enumerated services, the gross receipts from the sale of which are required to be included in the measure of the tax imposed by division IV of chapter 422, if that tax has been paid to the department or paid to the retailer. This exemption does not include vehicles subject to registration or subject only to the issuance of a certificate of title.

2. All articles of tangible personal property brought into the state of Iowa by a nonresident individual thereof for the individual's use or enjoyment while within the state.

3. Services exempt from taxation by provisions of section 422.45.

4. The gross receipts from the sale or rental of tangible personal property or from the rendering, furnishing, or performing of services which are exempted from the retail sales tax by the terms of section 422.45, except subsection 4 and subsection 6 of section 422.45 as it relates to the sale of vehicles subject to registration or subject only to the issuance of a certificate of title and as it relates to aircraft subject to registration under section 328.20.

5. Advertisement and promotional material and matter, seed catalogs, envelopes for same, and other similar material temporarily stored in this state which are acquired outside of Iowa and which, subsequent to being brought into this state, are sent outside of Iowa, either singly or physically attached to other tangible personal property sent outside of Iowa.

6. Tangible personal property used or to be used as railroad rolling stock for transporting persons or property, or as materials or parts therefor.

7. Vehicles, as defined in section 321.1, subsections 41, 64A, 71, 85, and 88, except such vehicles subject to registration which are designed primarily for carrying persons, when purchased for lease and actually leased to a lessee for use outside the state of Iowa and the subsequent sole use in Iowa is in interstate commerce or interstate transportation. This subsection shall be retroactive to January 1, 1973.

8. Tangible personal property which, by means of fabrication, compounding, or manufacturing, become an integral part of vehicles, as defined in section 321.1, subsections 41, 64A, 71, 85, and 88, manufactured for lease and actually leased to a lessee for use outside the state of Iowa and the subsequent sole use in Iowa is in interstate commerce or interstate transportation. Vehicles subject to registration which are designed primarily for carrying persons are excluded from this subsection. This subsection shall be retroactive to January 1, 1973.

9. Vehicles subject to registration which are transferred from a business or individual conducting a business within this state as a sole proprietorship, partnership, or limited liability company

to a corporation formed by the sole proprietorship, partnership, or limited liability company for the purpose of continuing the business when all of the stock of the corporation so formed is owned by the sole proprietor and the sole proprietor's spouse, by all the partners in the case of a partnership, or by all of the members in the case of a limited liability company. This exemption is equally available where the vehicles subject to registration are transferred from a corporation to a sole proprietorship, partnership, or limited liability company formed by that corporation for the purpose of continuing the business when all of the incidents of ownership are owned by the same person or persons who were stockholders of the corporation.

This exemption also applies where the vehicles subject to registration are transferred from a corporation as part of the liquidation of the corporation to its stockholders if within three months of such transfer the stockholders retransfer those vehicles subject to registration to a sole proprietorship, partnership, or limited liability company for the purpose of continuing the business of the corporation when all of the incidents of ownership are owned by the same person or persons who were stockholders of the corporation.

10. Vehicles subject to registration which are transferred from a corporation that is primarily engaged in the business of leasing vehicles subject to registration to a corporation that is primarily engaged in the business of leasing vehicles subject to registration when the transferor and transferee corporations are part of the same controlled group for federal income tax purposes.

11. Vehicles registered or operated under chapter 326 and used substantially in interstate commerce, section 423.5 notwithstanding. For purposes of this subsection, "*substantially in interstate commerce*" means that a minimum of twenty-five percent of the miles operated by the vehicle accrues in states other than Iowa. This subsection applies only to vehicles which are registered for a gross weight of thirteen tons or more.

For purposes of this subsection, trailers and semitrailers registered or operated under chapter 326 are deemed to be used substantially in interstate commerce and to be registered for a gross weight of thirteen tons or more.

For the purposes of this subsection, if a vehicle meets the requirement that twenty-five percent of the miles operated accrues in states other than Iowa in each year of the first four-year period of operation, the exemption from use tax shall continue until the vehicle is sold or transferred. If the vehicle is found to have not met the exemption requirements or the exemption was revoked, the value of the vehicle upon which the use tax shall be imposed is the book or market value, whichever is less, at the time the exemption requirements were not met or the exemption was revoked.

12. Mobile homes and manufactured homes the use of which has previously been subject to the tax imposed under this chapter and for which that tax has been paid.

13. Mobile homes to the extent of the portion of the purchase price of the mobile home which is not attributable to the cost of the tangible personal property used in the processing of the mobile home and manufactured home to the extent of the purchase price or the installed purchase price of the manufactured home which is not attributable to the cost of the tangible personal property used in the processing of the manufactured home. For purposes of this exemption, the portion of the purchase price which is not attributable to the cost of the tangible personal property used in the processing of the mobile home is forty percent and the portion of the purchase price or installed purchase price which is not attributable to the cost of the tangible personal property used in the processing of the manufactured home is forty percent.

14. Tangible personal property used or to be used as a ship, barge, or waterborne vessel which is used or to be used primarily in or for the transportation of property or cargo for hire on the rivers bordering the state or as materials or parts of such ship, barge, or waterborne vessel.

15. Vehicles subject to registration in any state when purchased for rental or registered and titled by a motor vehicle dealer licensed pursuant to chapter 322 for rental use, and held for rental for a period of one hundred twenty days or more and actually rented for periods of sixty days or less by a person regularly engaged in the business of renting vehicles including, but not limited to, motor vehicle dealers licensed pursuant to chapter 322 who rent automobiles to users, if the rental of the vehicles is subject to taxation under chapter 422C.

16. Motor vehicles subject to registration which were registered and titled between July 1, 1982, and July 1, 1992, to a motor vehicle dealer licensed under chapter 322 and which were rented to a user as defined in section 422C.2 if the following occurred:

- a. The dealer kept the vehicle on the inventory of vehicles for sale at all times.
- b. The vehicle was to be immediately taken from the user of the vehicle when a buyer was found.
- c. The user was aware of this situation.

17. Vehicles subject to registration under chapter 321, with a gross vehicle weight rating of less than sixteen thousand pounds, excluding motorcycles and motorized bicycles, when purchased for lease and titled by the lessor licensed pursuant to chapter 321F and actually leased for a period of twelve months or more if the lease of the vehicle is subject to taxation under section 423.7A.

A lessor may maintain the exemption from use tax under this subsection for a qualifying lease that terminates at the conclusion or prior to the contracted expiration date, if the lessor does not use the vehicle for any purpose other than for lease. Once the vehicle is used by the lessor for a purpose other than for lease, the exemption from use tax under this subsection no longer applies and, unless there is an exemption from the use tax, use tax is due on the fair market value of the vehicle determined at the time the lessor uses the vehicle for a purpose other than for lease, payable to the department. If the lessor holds the vehicle exclusively for sale, use tax is due and payable on the purchase price of the vehicle at the time of purchase pursuant to this chapter.

18. Aircraft for use in a scheduled interstate federal aviation administration certificated air carrier operation.

19. Aircraft; tangible personal property permanently affixed or attached as a component part of the aircraft, including but not limited to repair or replacement materials or parts; and all services used for aircraft repair, remodeling, and maintenance services when such services are performed on aircraft, aircraft engines, or aircraft component materials or parts. For the purposes of this exemption, "aircraft" means aircraft used in a scheduled interstate federal aviation administration certificated air carrier operation.

20. Tangible personal property permanently affixed or attached as a component part of the aircraft, including but not limited to repair or replacement materials or parts; and all services used for aircraft repair, remodeling, and maintenance services when such services are performed on aircraft, aircraft engines, or aircraft component materials or parts. For the purposes of this exemption, "aircraft" means aircraft used in a non-scheduled interstate federal aviation administration certificated air carrier operation operating under 14 C.F.R. ch. 1, pt. 135.

21. Aircraft sold to an aircraft dealer who in turn rents or leases the aircraft if all of the following apply:

- a. The aircraft is kept in the inventory of the dealer for sale at all times.
- b. The dealer reserves the right to immediately take the aircraft from the renter or lessee when a buyer is found.
- c. The renter or lessee is aware that the dealer will immediately take the aircraft when a buyer is found.

If an aircraft exempt under this subsection is used for any purpose other than leasing or renting, or the conditions in paragraphs "a", "b", and "c" are not continuously met, the dealer claiming the exemption under this subsection is liable for the tax that would have been due except for this subsection.

tion. The tax shall be computed upon the original purchase price.

#### 423.7A Motor vehicle lease tax.

1. The tax imposed upon the use of leased vehicles subject to registration under chapter 321, with gross vehicle weight ratings of less than sixteen thousand pounds, excluding motorcycles and motorized bicycles, which are leased by a lessor licensed pursuant to chapter 321F for a period of twelve months or more shall be paid by the owner of the vehicle to the county treasurer or state department of transportation from whom the registration receipt or certificate of title is obtained. A registration receipt for a vehicle subject to registration or issuance of a certificate of title shall not be issued until the tax is paid in the initial instance. Tax on the lease transaction that does not require titling or registration of the vehicle shall be remitted to the department. Tax and the reporting of tax due to the department shall be re-

- h. Refundable deposit.
- i. Finance charges, if any, on items listed in paragraphs "a" through "h".

If any or all of the items in paragraphs "a" through "i" are excluded from the taxable lease price, the owner shall maintain adequate records of the amounts of those items. If the parties to a lease enter into an agreement providing that the tax imposed under this statute is to be paid by the lessee or included in the monthly lease payments to be paid by the lessee, the total cost of the tax shall not be included in the computation of lease price for the purpose of taxation under this section. The county treasurer, the state department of transportation, or the department of revenue shall require every applicant for a registration receipt for a vehicle subject to tax under this section to supply information as the county treasurer or director deems necessary as to the date of the lease transaction, the lease price, and other information relative to the lease of the vehicle.

3. On or before the tenth day of each month the county treasurer or the state department of transportation shall remit to the department the amount of the taxes collected during the preceding month.

7. "*Diminution*" means the petroleum released into the environment prior to its intended beneficial use.

8. "*Director*" means the director of revenue.

9. "*Fund*" means the Iowa comprehensive petroleum underground storage tank fund.

10. "*Owner or operator*" means "*owner or operator*" of an underground storage tank as used in chapter 455G or the "*owner*" or "*operator*" of an aboveground petroleum storage tank as defined in section 101.21, located at a retail motor vehicle fuel outlet if the aboveground storage tank is physically connected directly to pumps which dispense petroleum that is sold at the motor vehicle fuel outlet on a retail basis.

11. "*Petroleum*" means petroleum as defined in section 455G.2.

12. "*Receiver*" means, if the owner and operator are not the same person, the person who, under a contract between the owner and operator, is responsible for payment for petroleum deposited into a tank; and if the owner and operator of a tank are the same person, means the owner.

13. "*Tank*" means an underground storage tank subject to regulation under chapter 455G or an aboveground petroleum storage tank as defined in section 101.21, located at a retail motor vehicle fuel outlet if the aboveground storage tank is physically connected directly to pumps which dispense petroleum that is sold at the motor vehicle fuel outlet on a retail basis.

**424.6 Exemption certificates for receivers of petroleum underground storage tanks not subject to financial responsibility rules.**

1. The department of natural resources shall issue an exemption certificate in the form prescribed by the director of the department of natural resources to an applicant who is an owner or operator of a petroleum underground storage tank which is exempt, deferred, or excluded from regulation under chapter 455G, for that tank. The director of the department of natural resources shall revoke and require the return of an exemption certificate if the petroleum underground storage tank later becomes subject to chapter 455G pursuant to section 455G.1. A tank is subject to chapter 455G when the federal regulation subjecting that tank to financial responsibility becomes effective and not upon the effective compliance date unless the effective compliance date is the effective date of the regulation.

The department shall permit a credit against the charge due from a person operating an eligible underground bulk storage facility equal to the total volume of petroleum transferred or sold from a tank in bulk quantities and delivered to a person for deposit in a tank which is exempt, deferred, or excluded pursuant to this subsection, multiplied by the diminution rate multiplied by the cost factor, subject to rules adopted by the board. *“Bulk quantities”* as used in this paragraph means at least a portion of a standard tanker truck load. *“Eligible underground bulk storage facility”* means an underground bulk storage facility in operation on or before January 1, 1990.

2. Liability for the charge is upon the depositor and the receiver unless the depositor takes in good faith from the receiver a valid exemption certificate and records the exemption certificate number and related transaction information required by the director and submits such information as part of the environmental protection charge return. If petroleum is deposited into a tank, pursuant to a valid exemption certificate which is taken in good faith by the depositor, and the receiver is liable for the charge, the receiver is solely liable for the charge and shall remit the charge directly to the

department and this chapter applies to that receiver as if the receiver were a depositor.

3. A valid exemption certificate is an exemption certificate which is complete and correct according to the requirements of the director of the department of natural resources.

4. A valid exemption certificate is taken in good faith by the depositor when the depositor has exercised that caution and diligence which honest persons of ordinary prudence would exercise in handling their own business affairs, and includes an honesty of intention and freedom from knowledge of circumstances which ought to put one upon inquiry as to the facts. A depositor has constructive notice of the classes of exempt, deferred, or excluded tanks. In order for a depositor to take a valid exemption certificate in good faith, the depositor must exercise reasonable prudence to determine the facts supporting the valid exemption certificate, and if any facts upon such certificate would lead a reasonable person to further inquiry, then such inquiry must be made with an honest intent to discover the facts.

5. If the circumstances change and the tank becomes subject to financial responsibility regulations, the tank owner or operator is liable solely for the charges and shall remit the charges directly to the department of revenue pursuant to this chapter.

6. The board may waive the requirement for an exemption certificate for one or more classes of exempt, deferred, or excluded tanks, if in the board's judgment an exemption certificate is not required for effective and efficient collection of the charge. If an exemption certificate is not required for a class pursuant to this subsection, the depositor shall maintain and file such records and information as may be required by the director regarding deposits into a tank subject to the waiver.

## CHAPTER 425

### HOMESTEAD TAX CREDITS AND REIMBURSEMENT

**425.1 Homestead credit fund — apportionment — payment.**

1. A homestead credit fund is created. There is appropriated annually from the general fund of the state to the department of revenue to be credited to the homestead credit fund, an amount sufficient to implement this chapter.

The director of the department of administra-

tive services shall issue warrants on the homestead credit fund payable to the county treasurers of the several counties of the state under this chapter.

2. The homestead credit fund shall be apportioned each year so as to give a credit against the tax on each eligible homestead in the state in an amount equal to the actual levy on the first four

thousand eight hundred fifty dollars of actual value for each homestead.

3. The amount due each county shall be paid in two payments on November 15 and March 15 of each fiscal year, drawn upon warrants payable to the respective county treasurers. The two payments shall be as nearly equal as possible.

4. Annually the department of revenue shall estimate the credit not to exceed the actual levy on the first four thousand eight hundred fifty dollars of actual value of each eligible homestead, and shall certify to the county auditor of each county the credit and its amount in dollars. Each county auditor shall then enter the credit against the tax levied on each eligible homestead in each county payable during the ensuing year, designating on the tax lists the credit as being from the homestead credit fund, and credit shall then be given to the several taxing districts in which eligible homesteads are located in an amount equal to the credits allowed on the taxes of the homesteads. The amount of credits shall be apportioned by each county treasurer to the several taxing districts as provided by law, in the same manner as though the amount of the credit had been paid by the owners of the homesteads. However, the several taxing districts shall not draw the funds so credited until after the semiannual allocations have been received by the county treasurer, as provided in this chapter. Each county treasurer shall show on each tax receipt the amount of credit received from the homestead credit fund.

5. If the homestead tax credit computed under this section is less than sixty-two dollars and fifty cents, the amount of homestead tax credit on that eligible homestead shall be sixty-two dollars and fifty cents subject to the limitation imposed in this section.

6. The homestead tax credit allowed in this chapter shall not exceed the actual amount of taxes payable on the eligible homestead, exclusive of any special assessments levied against the homestead.

#### **425.4 Certification to treasurer.**

All claims which have been allowed by the board of supervisors shall be certified on or before August 1, in each year, by the county auditor to the county treasurer, which certificates shall list the total amount of dollars, listed by taxing district in the county, due for homestead tax credits claimed and allowed. The county treasurer shall forthwith certify to the department of revenue the total amount of dollars, listed by taxing district in the county, due for homestead tax credits claimed and allowed.

#### **425.7 Appeals permitted — disallowed claims and penalty.**

1. Any person whose claim is denied under the provisions of this chapter may appeal from the action of the board of supervisors to the district court of the county in which said claimed homestead is situated by giving written notice of such appeal to the county auditor of said county within twenty days from the date of mailing of notice of such action by the board of supervisors.

2. In the event any claim under this chapter is allowed, any owner of an eligible homestead may appeal from the action of the board of supervisors to the district court of the county in which said claimed homestead is situated, by giving written notice of such appeal to the county auditor of said county and such notice to the owner of said claimed homestead as a judge of the district court shall direct.

3. If the director of revenue determines that a claim for homestead credit has been allowed by the board of supervisors which is not justifiable under the law and not substantiated by proper facts, the director may, at any time within thirty-six months from July 1 of the year in which the claim is allowed, set aside the allowance. Notice of the disallowance shall be given to the county auditor of the county in which the claim has been improperly granted and a written notice of the disallowance shall also be addressed to the claimant at the claimant's last known address. The claimant or board of supervisors may appeal to the state board of tax review pursuant to section 421.1, subsection 4. The claimant or the board of supervisors may seek judicial review of the action of the state board of tax review in accordance with chapter 17A.

If a claim is disallowed by the director of revenue and not appealed to the state board of tax review or appealed to the state board of tax review and thereafter upheld upon final resolution, including any judicial review, any amounts of credits allowed and paid from the homestead credit fund including the penalty, if any, become a lien upon the property on which credit was originally granted, if still in the hands of the claimant, and not in the hands of a bona fide purchaser, and any amount so erroneously paid including the penalty, if any, shall be collected by the county treasurer in the same manner as other taxes and the collections shall be returned to the department of revenue and credited to the homestead credit fund. The director of revenue may institute legal proceedings against a homestead credit claimant for the collection of payments made on disallowed credits and the penalty, if any. If a person makes a false claim or affidavit with fraudulent intent to obtain the homestead credit, the person is guilty of a fraudulent practice and the claim shall be disallowed in full. If the credit has been paid, the amount of the credit plus a penalty equal to twenty-five percent of the amount of credit plus in-

terest, at the rate in effect under section 421.7, from the time of payment shall be collected by the county treasurer in the same manner as other property taxes, penalty, and interest are collected and when collected shall be paid to the director of revenue. If a homestead credit is disallowed and the claimant failed to give written notice to the assessor as required by section 425.2 when the property ceased to be used as a homestead by the claimant, a civil penalty equal to five percent of the amount of the disallowed credit is assessed against the claimant.

The director of revenue shall prescribe the form for the making of verified statement and designation of homestead, the form for the supporting affidavits required herein, and such other forms as may be necessary for the proper administration of this chapter. Whenever necessary, the department of revenue shall forward to the county auditors of the several counties in the state the prescribed sample forms, and the county auditors shall furnish blank forms prepared in accordance therewith with the assessment rolls, books, and supplies delivered to the assessors. The department of revenue shall prescribe and the county auditors shall provide on the forms for claiming the homestead credit a statement to the effect that the owner realizes that the owner must give written notice to the assessor when the owner changes the use of the property.

The director of revenue may prescribe rules, not inconsistent with the provisions of this chapter, necessary to carry out and effectuate its purposes.

#### 425.9 Credits in excess of tax — appeals — refunds.

If the amount of credit apportioned to any homestead under the provisions of this chapter in any year shall exceed the total tax, exclusive of any special assessments levied against said homestead, then such excess shall be remitted by the county treasurer to the department of revenue to be redeposited in the homestead credit fund and be reallocated the following year by the department as provided hereunder.

If any claim for credit made hereunder has been denied by the board of supervisors, and such action is subsequently reversed on appeal, the credit shall be allowed on the homestead involved in said appeal, and the director of revenue, the county auditor, and the county treasurer shall make such credit and change their books and records accordingly.

In the event the appealing taxpayer has paid

one or both of the installments of the tax payable in the year or years in question on such homestead valuation, remittance shall be made to such taxpayer of the amount of such credit.

The amount of such credit shall be allocated and paid from the surplus redeposited in the homestead credit fund provided for in the first paragraph of this section.

#### 425.10 Reversal of allowed claim.

In the event any claim is allowed, and subsequently reversed on appeal, any credit made thereunder shall be void, and the amount of such credit shall be charged against the property in question, and the director of revenue, the county auditor, and the county treasurer are authorized and directed to correct their books and records accordingly. The amount of such erroneous credit, when collected, shall be returned by the county treasurer to the homestead credit fund to be reallocated the following year as provided herein.

#### 425.17 Definitions.

As used in this division, unless the context otherwise requires:

1. “*Base year*” means the calendar year last ending before the claim is filed.

2. “*Claimant*” means either of the following:

a. A person filing a claim for credit or reimbursement under this division who has attained the age of sixty-five years on or before December 31 of the base year or who is totally disabled and was totally disabled on or before December 31 of the base year and is domiciled in this state at the time the claim is filed or at the time of the person’s death in the case of a claim filed by the executor or administrator of the claimant’s estate.

b. A person filing a claim for credit or reimbursement under this division who has attained the age of twenty-three years on or before December 31 of the base year or was a head of household on December 31 of the base year, as defined in the Internal Revenue Code, but has not attained the age or disability status described in paragraph “a”, and is domiciled in this state at the time the claim is filed or at the time of the person’s death in the case of a claim filed by the executor or administrator of the claimant’s estate, and was not claimed as a dependent on any other person’s tax return for the base year.

“*Claimant*” under paragraph “a” or “b” includes a vendee in possession under a contract for deed and may include one or more joint tenants or tenants in common. In the case of a claim for rent constituting property taxes paid, the claimant shall have rented the property during any part of the base year. In the case of a claim for property taxes due, the claimant shall have occupied the property during any part of the fiscal year begin-

ning July 1 of the base year. If a homestead is occupied by two or more persons, and more than one person is able to qualify as a claimant, the persons may each file a claim based upon each person's income and rent constituting property taxes paid or property taxes due.

3. "*Gross rent*" means rental paid at arm's length for the right of occupancy of a homestead or manufactured or mobile home, including rent for space occupied by a manufactured or mobile home not to exceed one acre. If the director of revenue determines that the landlord and tenant have not dealt with each other at arm's length, and the director of revenue is satisfied that the gross rent charged was excessive, the director shall adjust the gross rent to a reasonable amount as determined by the director.

4. "*Homestead*" means the dwelling owned or rented and actually used as a home by the claimant during the period specified in subsection 2, and so much of the land surrounding it including one or more contiguous lots or tracts of land, as is reasonably necessary for use of the dwelling as a home, and may consist of a part of a multidwelling or multipurpose building and a part of the land upon which it is built. It does not include personal property except that a manufactured or mobile home may be a homestead. Any dwelling or a part of a multidwelling or multipurpose building which is exempt from taxation does not qualify as a homestead under this division. However, solely for purposes of claimants living in a property and receiving reimbursement for rent constituting property taxes paid immediately before the property becomes tax exempt, and continuing to live in it after it becomes tax exempt, the property shall continue to be classified as a homestead. A homestead must be located in this state. When a person is confined in a nursing home, extended-care facility, or hospital, the person shall be considered as occupying or living in the person's homestead if the person is the owner of the homestead and the person maintains the homestead and does not lease, rent, or otherwise receive profits from other persons for the use of the homestead.

5. "*Household*" means a claimant and the claimant's spouse if living with the claimant at any time during the base year. "*Living with*" refers to domicile and does not include a temporary visit.

6. "*Household income*" means all income of the claimant and the claimant's spouse in a household and actual monetary contributions received from any other person living with the claimant during their respective twelve-month income tax accounting periods ending with or during the base year.

7. "*Income*" means the sum of Iowa net income as defined in section 422.7, plus all of the following to the extent not already included in Iowa net income: capital gains, alimony, child support money, cash public assistance and relief, except

property tax relief granted under this division, amount of in-kind assistance for housing expenses, the gross amount of any pension or annuity, including but not limited to railroad retirement benefits, payments received under the federal Social Security Act, except child insurance benefits received by a member of the claimant's household, and all military retirement and veterans' disability pensions, interest received from the state or federal government or any of its instrumentalities, workers' compensation and the gross amount of disability income or "loss of time" insurance. "*Income*" does not include gifts from nongovernmental sources, or surplus foods or other relief in kind supplied by a governmental agency. In determining income, net operating losses and net capital losses shall not be considered.

8. "*Property taxes due*" means property taxes including any special assessments, but exclusive of delinquent interest and charges for services, due on a claimant's homestead in this state, but includes only property taxes for which the claimant is liable and which will actually be paid by the claimant. However, if the claimant is a person whose property taxes have been suspended under sections 427.8 and 427.9, "*property taxes due*" means property taxes including any special assessments, but exclusive of delinquent interest and charges for services, due on a claimant's homestead in this state, but includes only property taxes for which the claimant is liable and which would have to be paid by the claimant if the payment of the taxes has not been suspended pursuant to sections 427.8 and 427.9. "*Property taxes due*" shall be computed with no deduction for any credit under this division or for any homestead credit allowed under section 425.1. Each claim shall be based upon the taxes due during the fiscal year next following the base year. If a homestead is owned by two or more persons as joint tenants or tenants in common, and one or more persons are not members of claimant's household, "*property taxes due*" is that part of property taxes due on the homestead which equals the ownership percentage of the claimant and the claimant's household. The county treasurer shall include with the tax receipt a statement that if the owner of the property is eighteen years of age or over, the person may be eligible for the credit allowed under this division. If a homestead is an integral part of a farm, the claimant may use the total property taxes due for the larger unit. If a homestead is an integral part of a multidwelling or multipurpose building the property taxes due for the purpose of this subsection shall be prorated to reflect the portion which the value of the property that the household occupies as its homestead is to the value of the entire structure. For purposes of this subsection, "*unit*" refers to that parcel of property covered by a single tax statement of which the homestead is a part.

9. "*Rent constituting property taxes paid*" means twenty-three percent of the gross rent actu-

ally paid in cash or its equivalent during the base year by the claimant or the claimant's household solely for the right of occupancy of their homestead in the base year, and which rent constitutes the basis, in the succeeding year, of a claim for reimbursement under this division by the claimant.

10. "Special assessment" means an unpaid special assessment certified pursuant to chapter 384, division IV. The claimant may include as a portion of the taxes due during the fiscal year next following the base year an amount equal to the unpaid special assessment installment due, plus interest, during the fiscal year next following the base year.

11. "Totally disabled" means the inability to engage in any substantial gainful employment by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or is reasonably expected to last for a continuous period of not less than twelve months.

2003 Acts, ch 145, §286

**425.20 Filing dates — affidavit — extension.**

A claim for reimbursement for rent constituting property taxes paid shall not be paid or allowed, unless the claim is filed with and in the possession of the department of revenue on or before June 1 of the year following the base year.

A claim for credit for property taxes due shall not be paid or allowed unless the claim is filed with the county treasurer between January 1 and June 1, both dates inclusive, immediately preceding the fiscal year during which the property taxes are due. However, in case of sickness, absence, or other disability of the claimant, or if in the judgment of the county treasurer good cause exists, the county treasurer may extend the time for filing a claim for credit through September 30 of the same calendar year. The county treasurer shall certify to the director of revenue on or before May 1 of each year the total amount of dollars due for claims allowed.

In case of sickness, absence, or other disability of the claimant or if, in the judgment of the director of revenue, good cause exists and the claimant requests an extension, the director may extend the time for filing a claim for reimbursement or credit. However, any further time granted shall not extend beyond December 31 of the year following the year in which the claim was required to be filed. Claims filed as a result of this paragraph shall be filed with the director who shall provide for the reimbursement of the claim to the claimant.

**425.23 Schedule for claims for credit or reimbursement.**

The amount of any claim for credit or reimbursement filed under this division shall be determined as provided in this section.

1. a. The tentative credit or reimbursement for a claimant described in section 425.17, subsection 2, paragraph "a" and paragraph "b" if no appropriation is made to the fund created in section 425.40 shall be determined in accordance with the following schedule:

	Percent of property taxes due or rent constituting property taxes paid allowed as a credit or reimbursement:
If the household income is:	
\$ 0 — 8,499.99	100%
8,500 — 9,499.99	85
9,500 — 10,499.99	70
10,500 — 12,499.99	50
12,500 — 14,499.99	35
14,500 — 16,499.99	25

b. If moneys have been appropriated to the fund created in section 425.40, the tentative credit or reimbursement for a claimant described in section 425.17, subsection 2, paragraph "b", shall be determined as follows:

(1) If the amount appropriated under section 425.40 plus any supplemental appropriation made for a fiscal year for purposes of this lettered paragraph is at least twenty-seven million dollars, the tentative credit or reimbursement shall be determined in accordance with the following schedule:

	Percent of property taxes due or rent constituting property taxes paid allowed as a credit or reimbursement:
If the household income is:	
\$ 0 — 8,499.99	100%
8,500 — 9,499.99	85
9,500 — 10,499.99	70
10,500 — 12,499.99	50
12,500 — 14,499.99	35
14,500 — 16,499.99	25

(2) If the amount appropriated under section

425.40 plus any supplemental appropriation made for a fiscal year for purposes of this lettered paragraph is less than twenty-seven million dollars the tentative credit or reimbursement shall be determined in accordance with the following schedule:

If the household income is:	Percent of property taxes due or rent constituting property taxes paid allowed as a credit or reimbursement:
\$ 0 — 8,499.99	..... 50%
8,500 — 9,499.99	..... 42
9,500 — 10,499.99	..... 35
10,500 — 12,499.99	..... 25
12,500 — 14,499.99	..... 17
14,500 — 16,499.99	..... 12

2. The actual credit for property taxes due shall be determined by subtracting from the tentative credit the amount of the homestead credit under section 425.1 which is allowed as a credit against property taxes due in the fiscal year next following the base year by the claimant or any person of the claimant's household. If the subtraction produces a negative amount, there shall be no credit but no refund shall be required. The actual reimbursement for rent constituting property taxes paid shall be equal to the tentative reimbursement.

3. *a.* A person who is eligible to file a claim for credit for property taxes due and who has a household income of eight thousand five hundred dollars or less and who has an unpaid special assessment levied against the homestead may file a claim for a special assessment credit with the county treasurer. The department shall provide to the respective treasurers the forms necessary for the administration of this subsection. The claim shall be filed not later than September 30 of each year. Upon the filing of the claim, interest for late payment shall not accrue against the amount of the unpaid special assessment due and payable. The claim filed by the claimant constitutes a claim for credit of an amount equal to the actual amount due upon the unpaid special assessment, plus interest, payable during the fiscal year for which the claim is filed against the homestead of the claimant. However, where the claimant is an individual described in section 425.17, subsection 2, paragraph "b", and the tentative credit is determined according to the schedule in subsection 1, paragraph "b", subparagraph (2), of this section, the claim filed constitutes a claim for credit of an amount equal to one-half of the actual amount due and payable during the fiscal year. The treasurer shall certify to the director of revenue not later than October 15 of each year the total amount of dollars due for claims allowed. The amount of re-

imbursement due each county shall be paid by the director of revenue by November 15 of each year, drawn upon warrants payable to the respective treasurer. There is appropriated annually from the general fund of the state to the department of revenue an amount sufficient to carry out the provisions of this subsection. The treasurer shall credit any moneys received from the department against the amount of the unpaid special assessment due and payable on the homestead of the claimant.

*b.* For purposes of this subsection, in computing household income, a person with a total disability shall deduct all medical and necessary care expenses paid during the twelve-month income tax accounting periods used in computing household income which are attributable to the person's total disability. "Medical and necessary care expenses" are those used in computing the federal income tax deduction under section 213 of the Internal Revenue Code as defined in section 422.3.

4. *a.* For the base year beginning in the 1999 calendar year and for each subsequent base year, the dollar amounts set forth in subsections 1 and 3 shall be multiplied by the cumulative adjustment factor for that base year. "Cumulative adjustment factor" means the product of the annual adjustment factor for the 1998 base year and all annual adjustment factors for subsequent base years. The cumulative adjustment factor applies to the base year beginning in the calendar year for which the latest annual adjustment factor has been determined.

*b.* The annual adjustment factor for the 1998 base year is one hundred percent. For each subsequent base year, the annual adjustment factor equals the annual inflation factor for the calendar year, in which the base year begins, as computed in section 422.4 for purposes of the individual income tax.

If the director of revenue determines that a claim for military service tax exemption has been allowed by a board of supervisors which is not justifiable under the law and not substantiated by proper facts, the director may, at any time within thirty-six months from July 1 of the year in which the claim is allowed, set aside the allowance. Notice of the disallowance shall be given to the county auditor of the county in which the claim has been improperly granted and a written notice of the disallowance shall also be addressed to the claimant at the claimant's last known address. **CHAPTER 426B**

**PROPERTY TAX RELIEF — MENTAL HEALTH, MENTAL RETARDATION, AND DEVELOPMENTAL DISABILITIES SERVICES**

**426B.1 Appropriations — property tax relief fund.**

1. A property tax relief fund is created in the state treasury under the authority of the department of human services. The fund shall be separate from the general fund of the state and shall not be considered part of the general fund of the state except in determining the cash position of the state for payment of state obligations. The moneys in the fund are not subject to the provisions of section 8.33 and shall not be transferred, used, obligated, appropriated, or otherwise encumbered except as provided in this chapter. Moneys in the fund may be used for cash flow purposes, provided that any moneys so allocated are returned to the fund by the end of each fiscal year. However, the fund shall be considered a special account for the purposes of section 8.53, relating to elimination of any GAAP deficit. For the purposes of this chapter, unless the context otherwise requires, “*property tax relief fund*” means the property tax relief fund created in this section.

2. There is appropriated on July 1 of each fiscal year to the property tax relief fund from the general fund of the state, ninety-five million dollars.

3. There is annually appropriated from the property tax relief fund to the department of human services to supplement the medical assistance appropriation for the fiscal year beginning July 1, 1997, and for succeeding fiscal years, six million six hundred thousand dollars to be used for the nonfederal share of the costs of services provided to minors with mental retardation under the medical assistance program to meet the requirements of section 249A.12, subsection 4. The appropriation in this subsection shall be charged to the property tax relief fund prior to the distribution of moneys from the fund under section 426B.2 and the amount of moneys available for distribution shall be reduced accordingly. However, the appropriation in this subsection shall be considered to be a property tax relief payment for purposes of the combined amount of payments required to achieve fifty percent of the counties’ base

year expenditures as provided in section 426B.2, subsection 2.

2003 Acts, ch 108, §72  
Subsection 2 amended

**426B.2 Property tax relief fund distributions.**

1. The moneys in the property tax relief fund available to counties for a fiscal year shall be distributed as provided in this section. A county’s proportion of the moneys shall be equivalent to the sum of the following three factors:

a. One-third based upon the county’s proportion of the state’s general population.

b. One-third based upon the county’s proportion of the state’s total taxable property valuation assessed for taxes payable in the previous fiscal year.

c. One-third based upon the county’s proportion of all counties’ base year expenditures, as defined in section 331.438.

Moneys provided to a county for property tax relief in a fiscal year, excluding replacement taxes in the property tax relief fund, in accordance with this subsection shall not be less than the amount provided for property tax relief in the previous fiscal year.

2. The distributions under subsection 1 shall continue to be made until the combined amount of the distributions made under subsection 1 are equal to fifty percent of the total of all counties’ base year expenditures as defined in section 331.438.

3. The director of human services shall draw warrants on the property tax relief fund, payable to the county treasurer in the amount due to a county in accordance with subsection 1 and mail the warrants to the county auditors in July and January of each year. Any replacement generation tax in the property tax relief fund as of November 1 shall be paid to the county treasurers in July and January of the fiscal year beginning the following July 1.

4. As used in this chapter, and in sections 331.438 and 331.439, “*population*” means the lat-

#### 426B.5 Funding pools.

##### 1. *Per capita expenditure target pool.*

a. A per capita expenditure target pool is created in the property tax relief fund. The pool shall consist of the moneys credited to the pool by law.

b. A statewide per capita expenditure target amount is established. The statewide per capita expenditure target amount shall be equal to the one-hundredth percentile of all county per capita expenditures in the fiscal year beginning July 1, 1997, and ending June 30, 1998.

c. Moneys available in the per capita expenditure pool for a fiscal year shall be distributed to those counties that meet all of the following eligibility requirements:

(1) The county is levying the maximum amount allowed for the county's mental health, mental retardation, and developmental disabilities services fund under section 331.424A.

(2) The county's per capita expenditure in the latest fiscal year for which the actual expenditure information is available is equal to or less than the statewide per capita expenditure target amount.

(3) In the fiscal year that commenced two years prior to the fiscal year of distribution, the county's mental health, mental retardation, and developmental disabilities services fund ending balance under generally accepted accounting principles was equal to or less than twenty-five percent of the county's actual gross expenditures for the fiscal year that commenced two years prior to the fiscal year of distribution.

(4) The county is in compliance with the filing date requirements under section 331.403.

d. The distribution amount a county receives from the moneys available in the pool shall be determined based upon the county's proportion of the general population of the counties eligible to receive moneys from the pool for that fiscal year. However, a county shall not receive moneys in excess of the amount which would cause the county's per capita expenditure to exceed the statewide per capita expenditure target. Moneys credited to the per capita expenditure target pool which remain unobligated or unexpended at the close of a fiscal year shall remain in the pool for distribution in the succeeding fiscal year.

e. The department of human services shall annually calculate the amount of moneys due to eligible counties in accordance with this subsection. The department shall authorize the issuance of warrants payable to the county treasurer for the amounts due and the warrants shall be issued in January.

##### 2. *Risk pool.*

a. For the purposes of this subsection, unless the context otherwise requires:

(1) "*Net expenditure amount*" means a county's gross expenditures from the services fund for a fiscal year as adjusted by subtracting all services fund revenues for that fiscal year that are received from a source other than property taxes, as calculated on a modified accrual basis.

(2) "*Services fund*" means a county's mental health, mental retardation, and developmental disabilities services fund created in section 331.424A.

b. A risk pool is created in the property tax relief fund. The pool shall consist of the moneys credited to the pool by law.

c. A risk pool board is created. The board shall consist of two county supervisors, two county auditors, a member of the mental health and developmental disabilities commission who is not a member of a county board of supervisors, a member of the county finance committee created in chapter 333A who is not an elected official, a representative of a provider of mental health or developmental disabilities services selected from nominees submitted by the Iowa association of community providers, and two single entry point process administrators, all appointed by the governor, and one member appointed by the director of human services. All members appointed by the governor shall be subject to confirmation by the senate. Members shall serve for three-year terms. A vacancy shall be filled in the same manner as the original appointment. Expenses and other costs of the risk pool board members representing counties shall be paid by the county of origin. Expenses and other costs of risk pool board members who do not represent counties shall be paid from a source determined by the governor. Staff assistance to the board shall be provided by the department of human services and counties. Actuarial expenses and other direct administrative costs shall be charged to the pool.

d. (1) A county must apply to the board for assistance from the risk pool on or before January 25 to cover an unanticipated net expenditure amount in excess of the county's current fiscal year budgeted net expenditure amount for the county's services fund. The risk pool board shall make its final decisions on or before February 25 regarding acceptance or rejection of the applications for assistance and the total amount accepted shall be considered obligated. For purposes of applying for risk pool assistance and for repaying unused risk pool assistance, the current fiscal year budgeted net expenditure amount shall be deemed to be the higher of either the budgeted net expenditure amount in the management plan approved under section 331.439 for the fiscal year in which the application is made or the prior fiscal year's net expenditure amount.

(2) Basic eligibility for risk pool assistance

shall require a projected net expenditure amount in excess of the sum of one hundred five percent of the county's current fiscal year budgeted net expenditure amount and any amount of the county's prior fiscal year ending fund balance in excess of twenty-five percent of the county's gross expenditures from the services fund in the prior fiscal year. However, if a county's services fund ending balance in the previous fiscal year was less than ten percent of the amount of the county's gross expenditures from the services fund for that fiscal year and the county has a projected net expenditure amount for the current fiscal year that is in excess of one hundred one percent of the budgeted net expenditure amount for the current fiscal year, the county shall be considered to have met the basic eligibility requirement and is qualified for risk pool assistance.

(3) The board shall review the fiscal year-end financial records for all counties that are granted risk pool assistance. If the board determines a county's actual need for risk pool assistance was less than the amount of risk pool assistance granted to the county, the county shall refund the difference between the amount of assistance granted and the actual need. The county shall submit the refund within thirty days of receiving notice from the board. Refunds shall be credited to the risk pool.

(4) A county receiving risk pool assistance in a fiscal year in which the county did not levy the maximum amount allowed for the county's services fund under section 331.424A shall be required to repay the risk pool assistance during the two succeeding fiscal years. The repayment amount shall be limited to the amount by which the actual amount levied was less than the maximum amount allowed, with at least fifty percent due in the first succeeding fiscal year and the remainder due in the second succeeding fiscal year.

(5) The board shall determine application requirements to ensure prudent use of risk pool assistance. The board may accept or reject an application for assistance in whole or in part. The decision of the board is final.

(6) The total amount of risk pool assistance shall be limited to the amount available in the risk pool for a fiscal year. If the total amount of eligible assistance exceeds the amount available in the risk pool, the amount of assistance paid shall be prorated among the counties eligible for assistance. Moneys remaining unexpended or unobligated in the risk pool following the risk pool board's decisions made pursuant to subparagraph (1) shall be distributed to the counties eligible to receive funding from the allowed growth factor adjustment appropriation for the fiscal year using the distribution methodology applicable to that appropriation.

*e.* A county may apply for preapproval for risk pool assistance based upon an individual who has an unanticipated disability condition with an exceptional cost and the individual is either new to the county's service system or the individual's unanticipated disability condition is new to the individual.

*f.* The department of human services shall annually calculate the amount of moneys due to eligible counties in accordance with the board's decisions. The department shall authorize the issuance of warrants payable to the county treasurer for the amounts due and the warrants shall be issued before the close of the fiscal year.

*g.* On or before March 1 and September 1 of each fiscal year, the department of human services shall provide the risk pool board with a report of the financial condition of each funding source administered by the board. The report shall include but is not limited to an itemization of the funding source's balances, types and amount of revenues credited, and payees and payment amounts for the expenditures made from the funding source during the reporting period.

alize the taxation of such machinery and equipment.

Property of the state operated pursuant to section 904.302, 904.705, or 904.706 that is leased to an entity other than an entity which is exempt from property taxation under this section shall be subject to property taxation for the term of the lease. 6. *Property of cemetery associations.* Burial grounds, mausoleums, buildings and equipment owned and operated by cemetery associations and used exclusively for the maintenance and care of the cemeteries devoted to interment of human bodies and human remains. However, an organization mentioned in this subsection whose primary objective is to preserve land in its natural state may own or lease land not exceeding three hundred twenty acres in each county for its appropriate objects. All deeds or leases by which such property is held shall be filed for record before the property herein described shall be omitted from the assessment. All such property shall be listed upon the tax rolls of the district or districts in which it is located and shall have ascribed to it an actual fair market value and an assessed or taxable value, as contemplated by section 441.21, whether such property be subject to a levy or be exempted as herein provided and such information shall be open to public inspection.

9. *Property of educational institutions.* Real estate owned by any educational institution of this state as a part of its endowment fund, to the extent of one hundred sixty acres in any civil township except any real property acquired after January 1, 1965, by any educational institution as a part of its endowment fund or upon which any income is derived or used, directly or indirectly, for full or partial payment for services rendered, shall be taxed beginning with the levies applied for taxes payable in the year 1967, at the same rate as all other property of the same class in the taxing district in which the real property is located. The property acquired prior to January 1, 1965, and held or owned as part of the endowment fund of an educational institution shall be subject to assessment and levy in the assessment year 1974 for taxes payable in 1975. All the property shall be listed on the assessment rolls in the district in which the property is located and an actual fair market value

and an assessed or taxable value be ascribed to it, as contemplated by section 441.21, irrespective of whether an exemption under this subsection may be or is affirmed, and the information shall be open to public inspection; it being the intent of this section that the property be valued whether or not it be subject to a levy. Every educational institution claiming an exemption under this subsection shall file with the assessor not later than February 1 of the year for which the exemption is requested, a statement upon forms to be prescribed by the director of revenue, describing and locating the property upon which exemption is claimed. Property which is located on the campus grounds and used for student union purposes may serve food and beverages without affecting its exemption received pursuant to subsection 8 or this subsection.

10. *Homes for soldiers.* The buildings and grounds of homes owned and operated by organizations of soldiers, sailors, or marines of any of the wars of the United States when used for a home for disabled soldiers, sailors, or marines and not operated for pecuniary profit.

11. *Agricultural produce.* Growing agricultural and horticultural crops except commercial orchards and vineyards.

12. *Government lands.* Government lands entered and located, or lands purchased from this state, for the year in which the entry, location, or purchase is made.

13. *Public airports.* Any lands, the use of which (without charge by or compensation to the holder of the legal title thereto) has been granted to and accepted by the state or any political subdivision thereof for airport or aircraft landing area purposes.

14. *Statement of objects and uses filed.* A society or organization claiming an exemption under subsection 5, 8, or 33 shall file with the assessor not later than February 1 a statement upon forms to be prescribed by the director of revenue, describing the nature of the property upon which the exemption is claimed and setting out in detail any uses and income from the property derived from the rentals, leases, or other uses of the property not solely for the appropriate objects of the society or organization. Upon the filing and allowance of the claim, the claim shall be allowed on the property for successive years without further filing as long as the property is used for the purposes specified in the original claim for exemption. When the property is sold or transferred, the county recorder shall provide notice of the transfer to the assessor. The notice shall describe the property transferred and the name of the person to whom title to the property is transferred.

The assessor, in arriving at the valuation of any property of the society or organization, shall take into consideration any uses of the property not for the appropriate objects of the organization and shall assess in the same manner as other property, all or any portion of the property involved which is

leased or rented and is used regularly for commercial purposes for a profit to a party or individual. If a portion of the property is used regularly for commercial purposes, an exemption shall not be allowed upon property so used and the exemption granted shall be in the proportion of the value of the property used solely for the appropriate objects of the organization, to the entire value of the property. However, the board of trustees or the board of directors of a hospital, as defined in section 135B.1, may permit use of a portion of the hospital for commercial purposes, and the hospital is entitled to full exemption for that portion used for nonprofit health-related purposes, upon compliance with the filing requirements of this subsection.

An exemption shall not be granted upon property upon or in which persistent violations of the laws of the state are permitted. A claimant of an exemption shall, under oath, declare that no violations of law will be knowingly permitted or have been permitted on or after January 1 of the year in which a tax exemption is requested. Claims for exemption shall be verified under oath by the president or other responsible head of the organization. A society or organization which ceases to use the property for the purposes stated in the claim shall provide written notice to the assessor of the change in use.

15. *Mandatory denial.* No exemption shall be granted upon any property which is the location of federally licensed devices not lawfully permitted to operate under the laws of the state.

16. *Revoking or modifying exemption.* Any taxpayer or any taxing district may make application to the director of revenue for revocation or modification of any exemption, based upon alleged violations of this chapter. The director of revenue may also on the director's own motion set aside or modify any exemption which has been granted upon property for which exemption is claimed under this chapter. The director of revenue shall give notice by mail to the taxpayer or taxing district applicant and to the societies or organizations claiming an exemption upon property, exemption of which is questioned before or by the director of revenue, and shall hold a hearing prior to issuing any order for revocation or modification. An order made by the director of revenue revoking or modifying an exemption shall be applicable to the tax year commencing with the tax year in which the application is made to the director or the tax year commencing with the tax year in which the director's own motion is filed. An order made by the director of revenue revoking or modifying an exemption is subject to judicial review in accordance with chapter 17A, the Iowa administrative procedure Act. Notwithstanding the terms of chapter 17A, petitions for judicial review may be filed in the district court having jurisdiction in the county in which the property is located, and must be filed within thirty days after any order revoking or

modifying an exemption is made by the director of revenue.

17. *Rural water sales.* The real property of a nonprofit corporation engaged in the distribution and sale of water to rural areas when devoted to public use and not held for pecuniary profit.

18. *Assessed value of exempt property.* Each county and city assessor shall determine the assessment value that would be assigned to the property if it were taxable and value all tax exempt property within the assessor's jurisdiction. A summary report of tax exempt property shall be filed with the director of revenue and the local board of review on or before April 16 of each year on forms prescribed by the director of revenue.

19. *Pollution control and recycling.* Pollution-control or recycling property as defined in this subsection shall be exempt from taxation to the extent provided in this subsection, upon compliance with the provisions of this subsection.

This exemption shall apply to new installations of pollution-control or recycling property beginning on January 1 after the construction or installation of the property is completed. This exemption shall apply beginning on January 1, 1975, to existing pollution-control property if its construction or installation was completed after September 23, 1970, and this exemption shall apply beginning January 1, 1994, to recycling property.

This exemption shall be limited to the market value, as defined in section 441.21, of the pollution-control or recycling property. If the pollution-control or recycling property is assessed with other property as a unit, this exemption shall be limited to the net market value added by the pollution-control or recycling property, determined as of the assessment date.

Application for this exemption shall be filed with the assessing authority not later than the first of February of the first year for which the exemption is requested, on forms provided by the department of revenue. The application shall describe and locate the specific pollution-control or recycling property to be exempted.

The application for a specific pollution-control or recycling property shall be accompanied by a certificate of the department of natural resources certifying that the primary use of the pollution-control property is to control or abate pollution of any air or water of this state or to enhance the quality of any air or water of this state or, if the property is recycling property, that the primary use of the property is for recycling.

A taxpayer may seek judicial review of a determination of the department or, on appeal, of the environmental protection commission in accordance with the provisions of chapter 17A.

The environmental protection commission of the department of natural resources shall adopt rules relating to certification under this subsection and information to be submitted for evaluating pollution-control or recycling property for

which a certificate is requested. The department of revenue shall adopt any rules necessary to implement this subsection, including rules on identification and valuation of pollution-control or recycling property. All rules adopted shall be subject to the provisions of chapter 17A.

For the purposes of this subsection, "*pollution-control property*" means personal property or improvements to real property, or any portion thereof, used primarily to control or abate pollution of any air or water of this state or used primarily to enhance the quality of any air or water of this state and "*recycling property*" means personal property or improvements to real property or any portion of the property, used primarily in the manufacturing process and resulting directly in the conversion of waste plastic, wastepaper products, waste paperboard, or waste wood products into new raw materials or products composed primarily of recycled material. In the event such property shall also serve other purposes or uses of productive benefit to the owner of the property, only such portion of the assessed valuation thereof as may reasonably be calculated to be necessary for and devoted to the control or abatement of pollution, to the enhancement of the quality of the air or water of this state, or for recycling shall be exempt from taxation under this subsection.

For the purposes of this subsection, "*pollution*" means air pollution as defined in section 455B.131 or water pollution as defined in section 455B.171. "*Water of the state*" means the water of the state as defined in section 455B.171. "*Enhance the quality*" means to diminish the level of pollutants below the air or water quality standards established by the environmental protection commission of the department of natural resources.

20. *Impoundment structures.* The impoundment structure and any land underlying an impoundment located outside an incorporated city, which are not developed or used directly or indirectly for nonagricultural income-producing purposes and which are maintained in a condition satisfactory to the soil and water conservation district commissioners of the county in which the impoundment structure and the impoundment are located. A person owning land which qualifies for a property tax exemption under this subsection shall apply to the county assessor each year not later than February 1 for the exemption. The application shall be made on forms prescribed by the department of revenue. The first application shall be accompanied by a copy of the water storage permit approved by the director of the department of natural resources or the director's designee, and a copy of the plan for the construction of the impoundment structure and the impoundment. The construction plan shall be used to determine the total acre-feet of the impoundment and the amount of land which is eligible for the property tax exemption. The county assessor shall annually review each application for the property tax ex-

emption under this subsection and submit it, with the recommendation of the soil and water conservation district commissioners, to the board of supervisors for approval or denial. An applicant for a property tax exemption under this subsection may appeal the decision of the board of supervisors to the district court.

As used in this subsection, “*impoundment*” means a reservoir or pond which has a storage capacity of at least eighteen acre-feet of water or sediment at the time of construction; “*storage capacity*” means the total area below the crest elevation of the principal spillway including the volume of any excavation in the area; and “*impoundment structure*” means a dam, earthfill, or other structure used to create an impoundment.

21. *Low-rent housing.* The property owned and operated by a nonprofit organization providing low-rent housing for persons who are elderly and persons with physical and mental disabilities. The exemption granted under the provisions of this subsection shall apply only until the terms of the original low-rent housing development mortgage is paid in full or expires, subject to the provisions of subsection 14.

22. *Natural conservation or wildlife areas.* Recreational lakes, forest covers, rivers and streams, river and stream banks, and open prairies as designated by the board of supervisors of the county in which located. The board of supervisors shall annually designate the real property, not to exceed in the aggregate for the fiscal year beginning July 1, 1983, the greater of one percent of the acres assessed as agricultural land or three thousand acres in each county, for which this exemption shall apply. For subsequent fiscal years, the limitation on the maximum acreage of real property that may be granted exemptions shall be the limitation for the previous fiscal year, unless the amount of acreage granted exemptions for the previous fiscal year equaled the limitation for that year, then the limitation for the subsequent fiscal year is the limitation for the previous fiscal year plus an increase, not to exceed three hundred acres, of ten percent of that limitation. The procedures of this subsection shall be followed for each assessment year to procure an exemption for the fiscal year beginning in the assessment year. The exemption shall be only for the fiscal year for which it is granted. A parcel of property may be granted subsequent exemptions. The exemption shall only be granted for parcels of property of two acres or more.

Application for this exemption shall be filed with the commissioners of the soil and water conservation district in which the property is located, not later than February 1 of the assessment year, on forms provided by the department of revenue. The application shall describe and locate the property to be exempted and have attached to it an aerial photo of that property on which is outlined the boundaries of the property to be exempted. In the

case of an open prairie that has been restored or reestablished, the property shall be inspected and certified as provided by the county board of supervisors as having adequate ground cover consisting of native species and that all primary and secondary noxious weeds present are being controlled to prevent the spread of seeds by either wind or water. In the case of an open prairie which is or includes a gully area susceptible to severe erosion, an approved erosion control plan must accompany the application. Upon receipt of the application, the commissioners shall certify whether the property is eligible to receive the exemption. The commissioners shall not withhold certification of the eligibility of property because of the existence upon the property of an abandoned building or structure which is not used for economic gain. If the commissioners certify that the property is eligible, the application shall be forwarded to the board of supervisors by May 1 of that assessment year with the certification of the eligible acreage. An application must be accompanied by an affidavit signed by the applicant that if an exemption is granted, the property will not be used for economic gain during the assessment year in which the exemption is granted.

In the case of an open prairie that has been restored or reestablished and that does not receive the certification as provided by the county board of supervisors as it relates to the ground cover, the applicant shall be notified of the availability of resource enhancement and protection fund cost-share moneys and soil and conservation technological assistance for reestablishing native vegetation.

Before the board of supervisors may designate real property for the exemption, it shall establish priorities for the types of real property for which an exemption may be granted and the amount of acreage. These priorities may be the same as or different than those for previous years. The board of supervisors shall get the approval of the governing body of the city before an exemption may be granted to real property located within the corporate limits of that city. A public hearing shall be held with notice given as provided in section 73A.2 at which the proposed priority list shall be presented. However, no public hearing is required if the proposed priorities are the same as those for the previous year. After the public hearing, the board of supervisors shall adopt by resolution the proposed priority list or another priority list. Property upon which are located abandoned buildings or structures shall have the lowest priority on the list adopted, except where the board of supervisors determines that a structure has historic significance. The board of supervisors shall also provide for a procedure where the amount of acres for which exemptions are sought exceeds the amount the priority list provides for that type or in the aggregate for all types.

After receipt of an application with its accompa-

nying certification and affidavit and the establishment of the priority list, the board of supervisors may grant a tax exemption under this subsection using the established priority list as a mandate. Real property designated for the tax exemption shall be designated by May 15 of the assessment year in which begins the fiscal year for which the exemption is granted. Notification shall be sent to the county auditor and the applicant.

The board of supervisors does not have to grant tax exemptions under this subsection, grant tax exemptions in the aggregate of the maximum acreage which may be granted exemptions, or grant a tax exemption for the total acreage for which the applicant requested the exemption. Only real property in parcels of two acres or more which is recreational lakes, forest cover, river and stream, river and stream banks, or open prairie and which is utilized for the purposes of providing soil erosion control or wildlife habitat or both, and which is subject to property tax for the fiscal year for which the tax exemption is requested, is eligible for the exemption under this subsection. However, in addition to the above, in order for a gully area which is susceptible to severe erosion to be eligible, there must be an erosion control plan for it approved by the commissioners of the soil and water conservation district in which it is located. In the case of an open prairie that has been restored or reestablished, the property shall be inspected and certified as provided by the county board of supervisors as having adequate ground cover consisting of native species and that all primary and secondary noxious weeds present are being controlled to prevent the spread of seeds by either wind or water. In the case of an exemption for river and stream or river and stream banks, the exemption shall not be granted unless there is included in the exemption land located at least thirty-three feet from the ordinary high water mark of the river and stream or river and stream banks. Property shall not be denied an exemption because of the existence upon the property of an abandoned building or structure which is not used for economic gain. If the real property is located within a city, the approval of the governing body must be obtained before the real property is eligible for an exemption. For purposes of this subsection:

a. *“Open prairies”* includes hillsides and gully areas which have a permanent grass cover but does not include native prairies meeting the criteria of the natural resource commission.

b. *“Forest cover”* means land which is predominantly wooded.

c. *“Recreational lake”* means a body of water, which is not a river or stream, owned solely by a nonprofit organization and primarily used for boating, fishing, swimming and other recreational purposes.

d. *“Used for economic gain”* includes, but is not limited to, using property for the storage of equip-

ment, machinery, or crops.

Notwithstanding other requirements under this subsection, the owner of any property lying between a river or stream and a dike which is required to be set back three hundred feet or less from the river or stream shall automatically be granted an exemption for that property upon submission of an application accompanied by an affidavit signed by the applicant that if the exemption is granted the property will not be used for economic gain during the period of exemption. The exemption shall continue from year to year for as long as the property qualifies and is not used for economic gain, without need for filing additional applications or affidavits. Property exempted pursuant to this paragraph is in addition to the maximum acreage applicable to other exemptions under this subsection.

23. *Native prairie and wetland.* Land designated as native prairie or land designated as a protected wetland by the department of natural resources pursuant to section 456B.12. Application for the exemption shall be made on forms provided by the department of revenue. Land designated as a protected wetland shall be assessed at a value equal to the average value of the land where the wetland is located and which is owned by the person granted the exemption. The application forms shall be filed with the assessing authority not later than the first of February of the year for which the exemption is requested. The application must be accompanied by an affidavit signed by the applicant that if the exemption is granted, the property will not be used for economic gain during the assessment year in which the exemption is granted. If the property is used for economic gain during the assessment year in which the exemption is granted, the property shall lose its tax exemption and shall be taxed at the rate levied by the county for the fiscal year beginning in that assessment year. The first annual application shall be accompanied by a certificate from the department of natural resources stating that the land is native prairie or protected wetland. The department of natural resources shall issue a certificate for the native prairie exemption if the department finds that the land has never been cultivated, is unimproved, is primarily a mixture of warm season grasses interspersed with flowering plants, and meets the other criteria established by the natural resource commission for native prairie. The department of natural resources shall issue a certificate for the wetland exemption if the department finds the land is a protected wetland, as defined under section 456B.1, or if the wetland was previously drained and cropped but has been restored under a nonpermanent restoration agreement with the department or other county, state, or federal agency or private conservation group. A taxpayer may seek judicial review of a decision of the department according to chapter 17A. The natural resource commission shall adopt rules to imple-

ment this subsection.

The assessing authority each year may submit to the department a claim for reimbursement of tax revenue lost from the exemption. Upon receipt of the claim, the department shall reimburse the assessing authority an amount equal to the lost tax revenue based on the value of the protected wetland as assessed by the authority, unless the department reimburses the authority based upon a departmental assessment of the protected wetland. The authority may contest the department's assessment as provided in chapter 17A. The department is not required to honor a claim submitted more than sixty days after the authority has assessed land where the protected wetland is located and which is owned by the person granted the exemption.

24. *Land certified as a wildlife habitat.* The owner of agricultural land may designate not more than two acres of the land for use as a wildlife habitat. After inspection, if the land meets the standards established by the natural resource commission for a wildlife habitat under section 483A.3, and, in the case of a wildlife habitat that has been restored or reestablished, is inspected and certified as provided by the county board of supervisors as having adequate ground cover consisting of native species and that all primary and secondary noxious weeds present are being controlled to prevent the spread of seeds by either wind or water, the department of natural resources shall certify the designated land as a wildlife habitat and shall send a copy of the certification to the appropriate assessor not later than February 1 of the assessment year for which the exemption is requested. The department of natural resources may subsequently withdraw certification of the designated land if it fails to meet the established standards for a wildlife habitat and the ground cover requirement and the assessor shall be given written notice of the decertification.

In the case where the property is a restored or reestablished wildlife habitat and does not receive the certification as provided by the county board of supervisors as it relates to the ground cover, the owner shall be notified of the availability of resource enhancement and protection fund cost-share moneys and soil and conservation technological assistance for reestablishing native vegetation.

25. *Right-of-way.* Railroad right-of-way and improvements on the right-of-way only during that period of time that the Iowa railway finance authority holds an option to purchase the right-of-way under section 327I.24.

26. *Public television station.* All grounds and buildings used or under construction for a public television station and not leased or otherwise used or under construction for pecuniary profit.

27. *Speculative shell buildings of certain organizations.* New construction of shell buildings by community development organizations, not-for-

profit cooperative associations under chapter 499, or for-profit entities for speculative purposes or the portion of the value added to buildings being reconstructed or renovated by community development organizations, not-for-profit cooperative associations under chapter 499, or for-profit entities in order to become speculative shell buildings. The exemption or partial exemption shall be allowed only pursuant to ordinance of a city council or board of supervisors, which ordinance shall specify if the exemption will be available for community development organizations, not-for-profit cooperative associations under chapter 499, or for-profit entities and shall be effective for the assessment year in which the building is first assessed for property taxation or the assessment year in which the reconstruction or renovation first adds value and all subsequent years until the property is leased or sold or for a specific time period stated in the ordinance or until the exemption is terminated by ordinance of the city council or board of supervisors which approved the exemption. Eligibility for an exemption as a speculative shell building shall be determined as of January 1 of the assessment year. However, an exemption shall not be granted a speculative shell building of a not-for-profit cooperative association under chapter 499 or a for-profit entity if the building is used by the cooperative association or for-profit entity, or a subsidiary or majority owners thereof for other than as a speculative shell building. If the shell building or any portion of the shell building is leased or sold, the portion of the shell building which is leased or sold shall not be entitled to an exemption under this subsection for subsequent years. An application shall be filed pursuant to section 427B.4 for each project for which an exemption is claimed. Upon the sale of the shell building, the shell building shall be considered new construction for purposes of section 427B.1 if used for purposes set forth in section 427B.1.

For purposes of this subsection the following definitions apply:

a. (1) "*Community development organization*" means an organization, which meets the membership requirements of subparagraph (2), formed within a city or county or multicommunity group for one or more of the following purposes:

c. "*Speculative shell building*" means a building or structure owned and constructed or reconstructed by a community development organization, a not-for-profit cooperative association under chapter 499, or a for-profit entity without a tenant or buyer for the purpose of attracting an employer or user which will complete the building to the employer's or user's specification for manufacturing, processing, or warehousing the employer's or user's product line.

28. *Joint water utilities.* The property of a joint water utility established under chapter 389, when devoted to public use and not held for pecuniary profit.

29. *Methane gas conversion.* Methane gas conversion property shall be exempt from taxation.

For purposes of this subsection, "*methane gas conversion property*" means personal property, real property, and improvements to real property, and machinery, equipment, and computers assessed as real property pursuant to section 427A.1, subsection 1, paragraphs "e" and "j", used in an operation connected with, or in conjunction with, a publicly owned sanitary landfill to collect methane gas or other gases produced as a by-product of waste decomposition and to convert the gas to energy, or to collect waste that would otherwise be collected by, or deposited with, a publicly owned

sanitary landfill in order to decompose the waste to produce methane gas or other gases and to convert the gas to energy. However, property used to decompose the waste and convert the waste to gas is not eligible for this exemption.

If the property used to convert the gas to energy also burns another fuel, the exemption shall apply to that portion of the value of such property which equals the ratio that its use of methane gas bears to total fuel consumed.

Application for this exemption shall be filed with the assessing authority not later than February 1 of each year for which the exemption is requested on forms provided by the department of revenue. The application shall describe and locate the specific methane gas conversion property to be exempted. If the property consuming methane gas also consumes another fuel, the first year application shall contain a statement to that effect and shall identify the other fuel and estimate the ratio that the methane gas consumed bears to the total fuel consumed. Subsequent year applications shall identify the actual ratio for the previous year which ratio shall be used to calculate the exemption for that assessment year.

30. *Manufactured home community or mobile home park storm shelter.* A structure constructed as a storm shelter at a manufactured home community or mobile home park as defined in section 435.1. An application for this exemption shall be filed with the assessing authority not later than February 1 of the first year for which the exemption is requested, on forms provided by the department of revenue. The application shall describe and locate the storm shelter to be exempted. If the storm shelter structure is used exclusively as a storm shelter, all of the structure's assessed value shall be exempt from taxation. If the storm shelter structure is not used exclusively as a storm shelter, the storm shelter structure shall be assessed for taxation at seventy-five percent of its value as commercial property.

31. *Barn preservation.* The increase in assessed value added to a farm structure constructed prior to 1937 as a result of improvements made to the farm structure for purposes of preserving the integrity of the internal and external features of the structure as a barn is exempt from taxation. To be eligible for the exemption, the structure must have been first placed in service as a barn prior to 1937. The exemption shall apply to the assessment year beginning after the completion of the improvements to preserve the structure as a barn.

For purposes of this subsection, "*barn*" means an agricultural structure, in whatever shape or design, which is used for the storage of farm products or feed or for the housing of farm animals, poultry, or farm equipment.

Application for this exemption shall be filed with the assessing authority not later than February 1 of the first year for which the exemption is

requested, on forms provided by the department of revenue. The application shall describe and locate the specific structure for which the added value is requested to be exempt.

Once the exemption is granted, the exemption shall continue to be granted for subsequent assessment years without further filing of applications as long as the structure continues to be used as a barn. The taxpayer shall notify the assessing authority when the structure ceases to be used as a barn.

32. *One-room schoolhouse preservation.* The increase in assessed value added to a one-room schoolhouse as a result of improvements made to the structure for purposes of preserving the integrity of the internal and external features of the structure as a one-room schoolhouse is exempt from taxation. The exemption shall apply to the assessment year beginning after the completion of the improvements to preserve the structure as a one-room schoolhouse.

1. The board of supervisors shall annually designate real property in the county for a historic property tax exemption.

2. Application for the exemption shall be filed with the assessor, not later than February 1 of the assessment year, on forms provided by the department of revenue. The exemption application shall include an approved application for certified substantial rehabilitation from the state historic preservation officer and documentation of additional property tax relief or financial assistance currently allowed for the real property. Upon receipt of the application, the assessor shall certify whether or not the property is eligible to receive the exemption and shall forward the application to the board.

3. Before the board may designate real property for the exemption, the board shall establish priorities for which an exemption may be granted. The priorities shall be based upon financial assistance or property tax relief the owner is receiving for the property or for which the property is eligible. A public hearing shall be held with notice given as provided in section 73A.2 at which the proposed priority list shall be presented. However, a public hearing is not required if the proposed priorities are the same as those established for the previous year. After the public hearing, the board shall adopt by resolution the proposed priority list or another priority list.

4. After receipt from the assessor of an exemption application with an accompanying approved application from the state historic preservation officer, and the establishment of a priority list, the board shall grant a tax exemption under this section using the adopted priority list. The board shall notify an owner in writing of a denial of the exemption under this section and an explanation of the denial.

5. Real property designated for the tax exemption shall be designated by April 15 of the assess-

ment year in which the fiscal year begins for which the exemption is granted. Notification shall be sent to the county auditor and the applicant.

6. The owner shall apply for an exemption and the exemption may be approved for a period of not more than four years.

7. For purposes of this section “*historic property*” means any of the following:

a. Property in Iowa listed on the national register of historic places.

b. An historical site as defined in section 303.2.

c. Property located in an area of historical significance as defined in section 303.20.

d. Property located in an area designated as an area of historic significance under section 303.34.

e. Property designated an historic building or site as approved by a county or municipal landmark ordinance.

8. For purposes of this section, “*substantial rehabilitation*” means qualified expenditures which exceed the greater of the adjusted basis of the building or five thousand dollars.

9. For purposes of this section, “*adjusted basis*” means the acquisition cost of the property to the taxpayer; less the value of the land; less depreciation taken or one-half the current assessed valuation of the property, whichever is greater; plus the cost of additions or improvements to the property since its acquisition.

10. For purposes of this section, “*qualified expenditures*” means costs incurred to preserve or to maintain a building as a historic property according to the secretary of the interior’s standards for rehabilitation and guidelines for rehabilitating historic buildings.

11. The assessor shall determine the base year valuation of the historic property upon receipt of the approved application and shall make a notation on each statement of assessment that the exemption of the historic property shall be based upon the certification from the state historic preservation officer. An assessor shall make an annual

report to the county auditor of all substantial rehabilitations of historic property made in the county which receive a tax exemption under this section and shall submit a copy or summary of the record to the state historic preservation officer.

12. A tax exemption granted under this section is valid if the property continues to be certified by the state historic preservation officer. If the property is sold or transferred, the buyer or transferee is not required to refile for the tax exemption for the year in which the property is purchased or transferred.

13. The valuation for purposes of computing the assessed valuation of property under this section following the four-year exemption period is as follows:

a. For the first year after the expiration of the four-year exemption period, the valuation is the base year valuation plus twenty-five percent of the adjustment in value.

b. For the second year after the expiration of the four-year exemption period, the valuation is the base year valuation plus fifty percent of the adjustment in value.

c. For the third year after the expiration of the four-year exemption period, the valuation is the base year valuation plus seventy-five percent of the adjustment in value.

d. For the fourth year after the expiration of the four-year exemption period, the valuation is based upon the current fair cash value.

14. An additional application for a tax exemption under this section for substantial rehabilitation shall not affect subsection 11 and under subsection 13 the increase in assessed value of the historic property following a four-year tax exemption period.

15. The department of cultural affairs shall adopt rules pursuant to chapter 17A to administer this section.

f. Property taxed under chapter 499B.

g. Rights to space above the land.

h. Property assessed by the department of revenue pursuant to sections 428.24 to 428.29, or chapters 433, 434, 437, 437A, and 438.

i. Property used but not owned by the persons whose property is defined in paragraph "h" of this subsection, which would be assessed by the department of revenue if the persons owned the property. However, this paragraph does not change the manner of assessment or the authority entitled to make the assessment.

j. (1) Computers. As used in this paragraph, "computer" means stored program processing equipment and all devices fastened to the computer by means of signal cables or communication media that serve the function of signal cables, but does not include point of sales equipment.

(2) Computer output microfilming equipment.

(3) Key entry devices that prepare information for input to a computer.

b. Connected in a manner so that disconnecting requires the removal of one or more fastening devices, other than electric plugs.

c. Connected in a manner so that removal requires substantial modification or alteration of the property removed or the property from which it is removed.

3. Notwithstanding the definition of "attached" in subsection 2, property is not "attached" if it is a kind of property which would ordinarily be removed when the owner of the property moves to

another location. In making this determination the assessing authority shall not take into account the intent of the particular owner.

4. Notwithstanding the definition of "attached" in subsection 2, property is not "attached" if it is a fixture used for cooking, refrigeration, or freezing of value-added agricultural products, used in value-added agricultural processing or used in direct support of value-added agricultural processing. For purposes of this subsection, "direct support" includes storage by public refrigerated warehouses for processors of value-added agricultural products. Such fixtures shall not be considered "attached" whether owned directly by the processor or warehouse operator or by another who leases the fixture to the processor or warehouse operator. This subsection shall not apply to fixtures used primarily for retail sale or display.

5. Notwithstanding the other provisions of this section, property described in this section, if held solely for sale, lease or rent as part of a business regularly engaged in selling, leasing or renting such property, and if the property is not yet sold, leased, rented or used by any person, shall not be assessed and taxed as real property. This subsection does not apply to any land or building.

6. Nothing in this section shall be construed to permit an item of property to be assessed and taxed in this state more than once in any one year.

7. The assessing authority shall annually reassess property which is assessed and taxed as real property, but which would be regarded as personal property except for this section. This section shall not be construed to limit the assessing authority's powers to assess or reassess under other provisions of law.

### SPECIAL TAX PROVISIONS

#### **427B.4 Application for exemption by property owner.**

An application shall be filed for each project resulting in actual value added for which an exemption is claimed. The application for exemption shall be filed by the owner of the property with the local assessor by February 1 of the assessment year in which the value added is first assessed for

taxation. Applications for exemption shall be made on forms prescribed by the director of revenue and shall contain information pertaining to the nature of the improvement, its cost, and other information deemed necessary by the director of revenue.

A person may submit a proposal to the city council of the city or the board of supervisors of a county

to receive prior approval for eligibility for a tax exemption on new construction. The city council or the board of supervisors, by ordinance, may give its prior approval of a tax exemption for new construction if the new construction is in conformance with the zoning plans for the city or county. The prior approval shall also be subject to the hearing requirements of section 427B.1. Prior approval does not entitle the owner to exemption from taxation until the new construction has been completed and found to be qualified real estate. However, if the tax exemption for new construction is not approved, the person may submit an amended proposal to the city council or board of supervisors to approve or reject.

#### **427B.17 Property subject to special valuation.**

1. For property defined in section 427A.1, subsection 1, paragraphs “e” and “j”, the taxpayer’s valuation shall be limited to thirty percent of the net acquisition cost of the property, except as otherwise provided in subsections 2 and 3. For purposes of this section, “*net acquisition cost*” means the acquired cost of the property including all foundations and installation cost less any excess cost adjustment.

2. Property defined in section 427A.1, subsection 1, paragraphs “e” and “j”, which is first assessed for taxation in this state on or after January 1, 1995, shall be exempt from taxation.

3. Property defined in section 427A.1, subsection 1, paragraphs “e” and “j”, and assessed under subsection 1 of this section, shall be valued by the local assessor as follows for the following assessment years:

a. For the assessment year beginning January 1, 1999, at twenty-two percent of the net acquisition cost.

b. For the assessment year beginning January 1, 2000, at fourteen percent of the net acquisition cost.

c. For the assessment year beginning January 1, 2001, at six percent of the net acquisition cost.

d. For the assessment year beginning January 1, 2002, and succeeding assessment years, at zero percent of the net acquisition cost.

4. Property assessed pursuant to this section shall not be eligible to receive a partial exemption under sections 427B.1 to 427B.6.

5. This section shall not apply to property assessed by the department of revenue pursuant to sections 428.24 to 428.29, or chapters 433, 434, 437, 437A, and 438, and such property shall not receive the benefits of this section.

Any electric power generating plant which operated during the preceding assessment year at a net capacity factor of more than twenty percent, shall not receive the benefits of this section or of sections 15.332 and 15.334. For purposes of this

section, “*electric power generating plant*” means any nameplate rated electric power generating plant, in which electric energy is produced from other forms of energy, including all taxable land, buildings, and equipment used in the production of such energy. “*Net capacity factor*” means net actual generation divided by the product of net maximum capacity times the number of hours the unit was in the active state during the assessment year. Upon commissioning, a unit is in the active state until it is decommissioned. “*Net actual generation*” means net electrical megawatt hours produced by the unit during the preceding assessment year. “*Net maximum capacity*” means the capacity the unit can sustain over a specified period when not restricted by ambient conditions or equipment deratings, minus the losses associated with station service or auxiliary loads.

6. For the purpose of dividing taxes under section 260E.4, the employer’s or business’s valuation of property defined in section 427A.1, subsection 1, paragraphs “e” and “j”, and used to fund a new jobs training project which project’s first written agreement providing for a division of taxes as provided in section 403.19 is approved on or before June 30, 1995, shall be limited to thirty percent of the net acquisition cost of the property. The community college shall notify the assessor by February 15 of each assessment year if taxes levied against such property of an employer or business will be used to finance a project in the following fiscal year. In any fiscal year in which the community college does rely on taxes levied against an employer’s or business’s property defined in section 427A.1, subsection 1, paragraph “e” or “j”, to finance a project, such property shall not be valued pursuant to subsection 2 or 3, whichever is applicable, for that fiscal year. An employer’s or business’s taxable property used to fund a new jobs training project shall not be valued pursuant to subsection 2 or 3, whichever is applicable, until the assessment year following the calendar year in which the certificates or other funding obligations have been retired or escrowed. If the certificates issued, or other funding obligations incurred, between January 1, 1982, and June 30, 1995, are refinanced or refunded after June 30, 1995, the valuation of such property shall then be the valuation specified in subsection 2 or 3, whichever is applicable, for the applicable assessment year beginning with the assessment year following the calendar year in which those certificates or other funding obligations are refinanced or refunded after June 30, 1995.

#### **427B.19 Assessor and county auditor duties.**

1. On or before July 1 of each fiscal year, the assessor shall determine the total assessed value of the property assessed under section 427B.17 for

taxes payable in that fiscal year and the total assessed value of such property assessed as of January 1, 1994, and shall report the valuations to the county auditor.

2. On or before July 1 of each fiscal year, the assessor shall determine the valuation of all commercial and industrial property assessed for taxes payable in that fiscal year and the valuation of such property assessed as of January 1, 1994, and shall report the valuations to the county auditor.

3. On or before September 1 of each fiscal year through June 30, 2004, the county auditor shall prepare a statement, based upon the report received pursuant to subsections 1 and 2, listing for each taxing district in the county:

*a.* Beginning with the assessment year beginning January 1, 1995, the difference between the assessed valuation of property assessed pursuant to section 427B.17 for that year and the total assessed value of such property assessed as of January 1, 1994. If the total assessed value of the property assessed as of January 1, 1994, is less, there is no tax replacement for the fiscal year.

*b.* The tax levy rate for each taxing district for that fiscal year.

*c.* The industrial machinery, equipment and computers tax replacement claim for each taxing district. For fiscal years beginning July 1, 1996, and ending June 30, 2001, the replacement claim is equal to the amount determined pursuant to paragraph "a", multiplied by the tax rate specified in paragraph "b". For fiscal years beginning July 1, 2001, and ending June 30, 2004, the replacement claim is equal to the product of the amount determined pursuant to paragraph "a", less any increase in valuations determined in paragraph "d", and the tax rate specified in paragraph "b". If the amount subtracted under paragraph "d" is more than the amount determined in paragraph "a", there is no tax replacement for the fiscal year.

*d.* Beginning with the assessment year beginning January 1, 2000, the auditor shall reduce the amount listed in paragraph "a", by the increase, if any, in assessed valuations of commercial and industrial property in the assessment year beginning January 1, 1994, and the assessment year for which taxes are due and payable in that fiscal year. If the calculation under this paragraph indicates a net decrease in aggregate valuation of such property, the industrial machinery, equipment and computers tax replacement claim for each taxing district is equal to the amount determined pursuant to paragraph "a", multiplied by the tax rate specified in paragraph "b".

4. The county auditor shall certify and forward one copy of the statement to the department of revenue not later than September 1 of each year.

5. For purposes of this section, "assessed value of the property assessed under section 427B.17" does not include the value of property defined in section 427A.1, subsection 1, paragraphs "e" and

"j", which is obligated to secure payment of certificates or other indebtedness incurred pursuant to chapter 260E or 260F.

6. For purposes of computing replacement amounts under this section, that portion of an urban renewal area defined as the sum of the assessed valuations defined in section 403.19, subsections 1 and 2, shall be considered a taxing district.

#### **427B.19A Fund created.**

1. The industrial machinery, equipment and computers property tax replacement fund is created. For the fiscal year beginning July 1, 1996, through the fiscal year ending June 30, 2004, there is appropriated annually from the general fund of the state to the department of revenue to be credited to the industrial machinery, equipment and computers property tax replacement fund, an amount sufficient to implement this division. However, for the fiscal year beginning July 1, 2003, the amount appropriated to the department of revenue to be credited to the industrial machinery, equipment and computers tax replacement fund is eleven million two hundred eighty-one thousand six hundred eighty-five dollars.

2. If an amount appropriated for a fiscal year is insufficient to pay all claims as a result of action by the general assembly limiting the amount appropriated to the fund, the director shall prorate the disbursements from the fund to the county treasurers and shall notify the county auditors of the pro rata percentage on or before September 30.

3. The replacement claims shall be paid to each county treasurer in equal installments in September and March of each year. The county treasurer shall apportion the replacement claim payments among the eligible taxing districts in the county. If the taxing district is an urban renewal area, the amount of the replacement claim shall be apportioned as provided in subsection 4 unless the municipality elects to proceed under subsection 5.

4. *a.* If the total assessed value of property located in an urban renewal area taxing district is equal to or more than that portion of such valuation defined in section 403.19, subsection 1, the total tax replacement amount computed pursuant to section 427B.19 shall be credited to that portion of the assessed value defined in section 403.19, subsection 2.

*b.* If the total assessed value of the property is less than that portion of such valuation defined in section 403.19, subsection 1, the replacement amount shall be credited to those portions of the assessed value defined in section 403.19, subsections 1 and 2, as follows:

(1) To that portion defined in section 403.19, subsection 1, an amount equal to the amount that

would be produced by multiplying the applicable consolidated levy times the difference between the assessed value of the taxable property defined in section 403.19, subsection 1, and the total assessed value in the budget year for which the replacement claim is computed.

(2) To that portion defined in section 403.19, subsection 2, the remaining amount, if any.

c. Notwithstanding the allocation provisions of paragraphs “a” and “b”, the amount of the tax replacement amount that shall be allocated to that portion of the assessed value defined in section 403.19, subsection 2, shall not exceed the amount equal to the amount certified to the county auditor under section 403.19 for the budget year in which the claim is paid, after deduction of the amount of other revenues committed for payment on that amount for the budget year. The amount not allocated to that portion of the assessed value defined in section 403.19, subsection 2, as a result of the operation of this paragraph, shall be allocated to that portion of assessed value defined in section 403.19, subsection 1.

5. A municipality may elect to reduce the amount of assessed value of property defined in section 403.19, subsection 1, by an amount equal to that portion of the amount of such assessed value which was phased out for the fiscal year by operation of section 427B.17, subsection 3. The applicable assessment roll and ordinance providing for the division of taxes under section 403.19 in the urban renewal taxing district shall be deemed to be modified for that fiscal year only to the extent of such adjustment without further action on the part of the city or county implementing the urban renewal taxing district.

**427B.21 Application for credit by underground storage tank owner or operator — approval by county board of supervisors or city council.**

An application shall be filed by an owner of a small business that owns or operates an underground storage tank for each property for which a credit is sought. Applications shall be filed with the respective county board of supervisors or the city council by September 30 of the year following the calendar year in which a cost of remedial action was paid by the owner or operator. Small business owners receiving credits shall file applications for renewal of the credit by September 30 of each year. A credit may be renewed only if title to the credited property remains in the name of the person or entity originally receiving the credit.

In reviewing the applications, the board of supervisors or city council shall consider whether granting the credit would serve a public purpose. Upon approval of the application by the board of supervisors, and after the applicant has paid any property taxes due, the board shall direct the county treasurer to issue a warrant to the small business owner in the amount of the credit granted. Upon approval of the application by the city council, and after the applicant has paid any property taxes due, the council shall direct the city clerk to issue a warrant to the small business owner in the amount of the credit granted.

## CHAPTER 428

### LISTING PROPERTY FOR TAXATION

#### 428.4 Real estate — buildings.

Property shall be assessed for taxation each

year. Real estate shall be listed and assessed in 1981 and every two years thereafter. The assess-

ment of real estate shall be the value of the real estate as of January 1 of the year of the assessment. The year 1981 and each odd-numbered year thereafter shall be a reassessment year. In any year, after the year in which an assessment has been made of all the real estate in an assessing jurisdiction, the assessor shall value and assess or revalue and reassess, as the case may require, any real estate that the assessor finds was incorrectly valued or assessed, or was not listed, valued, and assessed, in the assessment year immediately preceding, also any real estate the assessor finds has changed in value subsequent to January 1 of the preceding real estate assessment year. However, a percentage increase on a class of property shall not be made in a year not subject to an equalization order unless ordered by the department of revenue. The assessor shall determine the actual value and compute the taxable value thereof as of January 1 of the year of the revaluation and reassessment. The assessment shall be completed as specified in section 441.28, but no reduction or increase in actual value shall be made for prior years. If an assessor makes a change in the valuation of the real estate as provided for, sections 441.23, 441.37, 441.38 and 441.39 apply.

The assessor shall notify the director of revenue, in the manner and form to be prescribed by the director, as to the class or classes of real estate reviewed, revalued, and reassessed and shall report such details as to the effects or results of the revaluation and reassessment as may be deemed necessary by the director. This notification shall be contained in a report to be attached to the abstract of assessment for the year in which the new valuations become effective.

Any buildings erected, improvements made, or buildings or improvements removed in a year after the assessment of the class of real estate to which they belong, shall be valued, listed, and assessed and reported by the assessor to the county auditor after approval of the valuations by the local board of review, and the auditor shall thereupon enter the taxable value of such building or taxable improvement on the tax list as a part of real estate to be taxed. If such buildings or improvements are erected or made by any person other than the owner of the land, they shall be listed and assessed to the owner of the buildings or improvements as real estate.

"Grain" as used herein means wheat, corn, barley, oats, rye, flaxseed, field peas, soybeans, grain sorghums, spelts, and such other products as are usually stored in grain elevators. Such term excludes such seeds after being processed, and the products of such processing when packaged or sacked. The term "processing" shall not include hulling, cleaning, drying, grading or polishing.

2. *Tax imposed.* An annual excise tax is hereby levied on such handling of grain in the amount hereinafter provided. All grain so handled shall be exempt from all taxation as property under the laws of this state. The amount of such excise tax shall be a sum equal to one-fourth mill per bushel upon all grain as herein defined so handled.

3. *Statement filing form.* Every person engaged in handling grain shall, on the first day of January of each year and not later than sixty days thereafter, make and file with the assessor a statement of the number of bushels of grain handled by the person in that district during the year immediately preceding, or the part thereof, during which the person was engaged in handling grain; and on demand the assessor shall have the right to inspect all such person's records thereof. ## CHAPTER 428A

### REAL ESTATE TRANSFER TAX

#### 428A.1 Amount of tax on transfers — declaration of value.

There is imposed on each deed, instrument, or writing by which any lands, tenements, or other realty in this state are granted, assigned, transferred, or otherwise conveyed, a tax determined in the following manner: When there is no consideration or when the deed, instrument, or writing is executed and tendered for recording as an instrument corrective of title, and so states, there is

no tax. When there is consideration and the actual market value of the real property transferred is in excess of five hundred dollars, the tax is eighty cents for each five hundred dollars or fractional part of five hundred dollars in excess of five hundred dollars. The term "consideration", as used in this chapter, means the full amount of the actual sale price of the real property involved, paid or to be paid, including the amount of an encumbrance or lien on the property, if assumed by the grantee.

It is presumed that the sale price so stated includes the value of all personal property transferred as part of the sale unless the dollar value of personal property is stated on the instrument of conveyance. When the dollar value of the personal property included in the sale is so stated, it shall be deducted from the consideration shown on the instrument for the purpose of determining the tax.

When each deed, instrument, or writing by which any real property in this state is granted, assigned, transferred, or otherwise conveyed is presented for recording to the county recorder, a declaration of value signed by at least one of the sellers or one of the buyers or their agents shall be submitted to the county recorder. However, if the deed, instrument, or writing contains multiple parcels some of which are located in more than one county, separate declarations of value shall be submitted on the parcels located in each county and submitted to the county recorder of that county when paying the tax as provided in section 428A.5. A declaration of value is not required for those instruments described in section 428A.2, subsections 2 to 5, 7 to 13, and 16 to 21, or described in section 428A.2, subsection 6, except in the case of a federal agency or instrumentality, or if a transfer is the result of acquisition of lands, whether by contract or condemnation, for public purposes through an exercise of the power of eminent domain.

The declaration of value shall state the full consideration paid for the real property transferred. If agricultural land, as defined in section 9H.1, is purchased by a corporation, limited partnership, trust, alien or nonresident alien, the declaration of value shall include the name and address of the buyer, the name and address of the seller, a legal description of the agricultural land, and identify the buyer as a corporation, limited partnership, trust, alien, or nonresident alien. The county recorder shall not record the declaration of value, but shall enter on the declaration of value information the director of revenue requires for the production of the sales/assessment ratio study and transmit all declarations of value to the city or county assessor in whose jurisdiction the property is located. The city or county assessor shall enter on the declaration of value the information the director of revenue requires for the production of the sales/assessment ratio study and transmit one copy of each declaration of value to the director of revenue, at times as directed by the director of revenue. The assessor shall retain one copy of each declaration of value for three years from December 31 of the year in which the transfer of realty for which the declaration was filed took place. The director of revenue shall, upon receipt of the information required to be filed under this chapter by the city or county assessor, send to the office of the secretary of state that part of the declaration of value which identifies a corporation, limited part-

nership, trust, alien, or nonresident alien as a purchaser of agricultural land as defined in section 9H.1.

The county recorder shall deposit the remaining seventeen and one-fourth percent of the receipts in the county general fund.

Any tax or additional tax found to be due shall be collected by the county recorder. If collected by the director of revenue, the director shall pay the county its proportionate share of the tax. 434.7 to 434.11 or to make the reports therein provided, the director of revenue shall proceed to assess the property of such railway company so failing or refusing, according to the best information obtainable, and shall then add to the taxable valuation of such railway company twenty-five percent thereof, which valuation and penalty shall be separately shown, and together shall constitute the assessment for that year.

#### **434.15 Assessment of railways.**

The said property shall be valued at its actual value, and the assessments shall be made upon the taxable value of the entire railway within the state, except as otherwise provided, and the actual value so ascertained shall be assessed as provided by section 441.21, and shall include the right of way, roadbed, bridges, culverts, rolling stock, depots, station grounds, shops, buildings, gravel beds, and all other property, real and personal, exclusively used in the operation of such railway. In assessing said railway and its equipments, the director of revenue shall take into consideration the gross earnings per mile for the year ending January 1, preceding, and any and all other matters necessary to enable the director to make a just and equitable assessment of said railway property. If a part of any railway is without this state, then, in estimating the value of its rolling stock and movable property, the director shall take into consideration the proportion which the business of that part of the railway lying within the state bears to the business of the railway without this state.

Trackless trolleys, buses, cars and vehicles used for the transportation of passengers owned and operated by any urban transit company as a part of an urban transit system shall not be included in the determination of the value of an urban transit system for taxation purposes.

assess for taxation the average number of sleeping and dining cars as provided in section 434.6 so used by such corporation each month and the assessed value of said cars shall bear the same proportion to the entire value thereof that the monthly average number of miles such cars have been run or operated within the state shall bear to the monthly average number of miles such cars have been used or operated within and without the state. Such valuation shall be in the same ratio as that of the property of individuals, and shall be added to the assessed valuation of the corporation, fixed under the preceding sections.

**CHAPTER 435**

**TAX ON HOMES IN MANUFACTURED HOME COMMUNITIES AND MOBILE HOME PARKS**

**435.22 Annual tax — credit.**

The owner of each mobile home or manufactured home located within a manufactured home community or mobile home park shall pay to the county treasurer an annual tax. However, when the owner is any educational institution and the home is used solely for student housing or when the owner is the state of Iowa or a subdivision of the state, the owner shall be exempt from the tax. The annual tax shall be computed as follows:

1. Multiply the number of square feet of floor space each home contains when parked and in use by twenty cents. In computing floor space, the exterior measurements of the home shall be used as shown on the certificate of title, but not including any area occupied by a hitching device.

2. If the owner of the home is an Iowa resident, has attained the age of twenty-three years on or before December 31 of the base year, and has an income when included with that of a spouse which is less than eight thousand five hundred dollars per year, the annual tax shall not be imposed on the home. If the income is eight thousand five hundred dollars or more but less than sixteen thousand five hundred dollars, the annual tax shall be computed as follows:

If the Household Income is:	Annual Tax Per Square Foot:
\$ 8,500 — 9,499.99	3.0 cents
9,500 — 10,499.99	6.0
10,500 — 12,499.99	10.0
12,500 — 14,499.99	13.0
14,500 — 16,499.99	15.0

For purposes of this subsection “*income*” means income as defined in section 425.17, subsection 7, and “*base year*” means the calendar year preceding the year in which the claim for a reduced rate of tax is filed. The home reduced rate of tax shall only be allowed on the home in which the claimant is residing at the time the claim for a reduced rate of tax is filed or was residing at the time of the claimant’s death in the case of a claim filed on behalf of a deceased claimant by the claimant’s legal guardian, spouse, or attorney, or by the executor or administrator of the claimant’s estate.

Beginning with the 1998 base year, the income dollar amounts set forth in this subsection shall be multiplied by the cumulative adjustment factor for that base year as determined in section 425.23, subsection 4.

3. The amount thus computed shall be the

annual tax for all homes, except as follows:

a. For the sixth through ninth years after the year of manufacture the annual tax is ninety percent of the tax computed according to subsection 1 or 2 of this section, whichever is applicable.

b. For all homes ten or more years after the year of manufacture the annual tax is eighty percent of the tax computed according to subsection 1 or 2 of this section, whichever is applicable.

4. The tax shall be figured to the nearest even whole dollar.

5. A claim for credit for manufactured or mobile home tax due shall not be paid or allowed unless the claim is actually filed with the county treasurer between January 1 and June 1, both dates inclusive, immediately preceding the fiscal year during which the home taxes are due. However, in case of sickness, absence, or other disability of the claimant, or if in the judgment of the county treasurer good cause exists, the county treasurer may extend the time for filing a claim for credit through September 30 of the same calendar year. The county treasurer shall certify to the director of revenue on or before November 15 each year the total dollar amount due for claims allowed.

The forms for filing the claim shall be provided by the department of revenue. The forms shall require information as determined by the department.

In case of sickness, absence, or other disability of the claimant or if, in the judgment of the director of revenue, good cause exists and the claimant requests an extension, the director may extend the time for filing a claim for credit or reimbursement. However, any further time granted shall not extend beyond December 31 of the year in which the claim was required to be filed. Claims filed as a result of this paragraph shall be filed with the director who shall provide for the reimbursement of the claim to the claimant.

The director of revenue shall certify the amount due to each county, which amount shall be the dollar amount which will not be collected due to the granting of the reduced tax rate under subsection 2.

The amounts due each county shall be paid by the department of revenue on December 15 of each year, drawn upon warrants payable to the respective county treasurers. The county treasurer in each county shall apportion the payment in accordance with section 435.25.

There is appropriated annually from the general fund of the state to the department of revenue an amount sufficient to carry out this subsection.

**435.26 Conversion to real property.**

1. a. A mobile home or manufactured home which is located outside a manufactured home community or mobile home park shall be converted to real estate by being placed on a perma-

nent foundation and shall be assessed for real estate taxes. A home, after conversion to real estate, is eligible for the homestead tax credit and the military service tax exemption as provided in sections 425.2 and 426A.11.

b. If a security interest is noted on the certificate of title, the home owner shall tender to the secured party a mortgage on the real estate upon which the home is to be located in the unpaid amount of the secured debt, and with the same priority as or a higher priority than the secured party's security interest, or shall obtain the written consent of the secured party to the conversion, in which latter case the lien notation on the certificate of title shall suffice to preserve the lienholder's security in the home separate from any interest in the land.

2. After complying with subsection 1, the owner shall notify the assessor who shall inspect the new premises for compliance. If a security interest is noted on the certificate of title, the assessor shall require an affidavit, as defined in section 622.85, from the home owner, declaring that the owner has complied with subsection 1, paragraph "b", and setting forth the method of compliance.

a. If compliance with subsection 1, paragraph "b", has been accomplished by the secured party accepting the tender of a mortgage, the assessor shall collect the home vehicle title and enter the property upon the tax rolls.

b. If compliance with subsection 1, paragraph "b", has been accomplished by the secured party consenting to the conversion without accepting a mortgage, the secured party shall retain the home vehicle title and the assessor shall note the conversion on the assessor's records and enter the property upon the tax rolls. So long as a security interest is noted on the certificate of title, the title to the home will not be merged with title to the land, and the sale or foreclosure of an interest in the land shall not affect title to the home or any security interest in the home.

3. When the property is entered on the tax rolls, the assessor shall also enter on the tax rolls the title number last assigned to the mobile home or manufactured home and the manufacturer's identification number.

2003 Acts, ch 108, §74  
Subsection 1, paragraph a amended

**435.26A Surrender of title.**

1. A person who owns a manufactured home that is located in a manufactured home community and is installed on a permanent foundation may surrender the manufactured home's certificate of title to the county treasurer for the purpose of assuring eligibility for funds available from mortgage lending programs sponsored by the federal national mortgage association, the federal home loan mortgage corporation, the United States department of agriculture, or any other federal governmental agency or instrumentality that has

similar requirements for mortgage lending programs.

2. Upon receipt of a certificate of title from a manufactured home owner, a county treasurer shall notify the state department of transportation that the certificate of title has been surrendered, remove the registration of title from the county treasurer's records, and destroy the certificate of title.

The manufactured home owner or the owner's representative shall provide to the county recorder the identifying data of the manufactured home, including the owner's name, the name of the manufacturer, the model name, the year of manufacture, and the serial number of the home, along with the legal description of the real estate on which the manufactured home is located. In addition, evidence shall be provided of the surrender of the certificate of title. After the surrender of the certificate of title of a manufactured home under this section, conveyance of an interest in the manufactured home shall not require transfer of title so long as the manufactured home remains on the same real estate site.

3. After the surrender of a manufactured home's certificate of title under this section, the

manufactured home shall continue to be taxed under section 435.22 and is not eligible for the homestead tax credit or the military service tax exemption. A foreclosure action on a manufactured home whose title has been surrendered under this section shall be conducted as a real estate foreclosure. A tax lien and its priority shall remain the same on a manufactured home after its certificate of title has been surrendered.

4. The certificate of title of a manufactured home shall not be surrendered under this section if an unreleased security interest is noted on the certificate of title.

5. An owner of a manufactured home who has surrendered a certificate of title under this section and requires another certificate of title for the manufactured home is required to apply for a certificate of title under chapter 321. If supporting documents for the reissuance of a title are not available or sufficient, the procedure for the reissuance of a title specified in the rules of the state department of transportation shall be used.

## CHAPTER 437A

## TAXES ON ELECTRICITY AND NATURAL GAS PROVIDERS

**437A.3 Definitions.**

As used in this chapter, unless the context otherwise requires:

1. *“Assessed value”* means the base year assessed value, as adjusted by section 437A.19, subsection 2. *“Base year assessed value”*, for a taxpayer other than an electric company, natural gas company, or electric cooperative, means the value attributable to property identified in section 427A.1, subsection 1, paragraph *“h”*, certified by the department of revenue to the county auditors for the assessment date of January 1, 1997, and the value attributable to property identified in section 427A.1 and section 427B.17, subsection 5, as certified by the local assessors to the county auditors for the assessment date of January 1, 1997, provided, that for a taxpayer subject to section 437A.17A, such value shall be the value certified by the department of revenue and local assessors to the county auditors for the assessment date of January 1, 1998. However, *“base year assessed value”*, for purposes of property of a taxpayer that is a municipal utility, if the property is not a major addition, and the property was initially assessed to the taxpayer as of January 1, 1998, and is not located in a county where the taxpayer had property that was assessed for purposes of this chapter as of January 1, 1997, means the value attributable to such property for the assessment date of January 1, 1998.

For taxpayers that are electric companies, natural gas companies, and electric cooperatives, *“base year assessed value”* means the average of the total of these values for each taxpayer for the assessment dates of January 1, 1993, through January 1, 1997, allocated among taxing districts in proportion to the allocation of the taxpayer’s January 1, 1998, assessed value among taxing districts. *“Base year assessed value”* does not include value attributable to steam-operating property.

2. *“Book”*, *“list”*, *“record”*, or *“schedule”* kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.

3. *“Centrally assessed property tax”* means property tax imposed with respect to the value of property determined by the director pursuant to section 427.1, subsection 2, section 428.29, chapter 437, and chapter 438, Code 1997, and allocated to electric service and natural gas service. For purposes of this subsection, *“natural gas service”* means such service provided by natural gas pipelines permitted pursuant to chapter 479.

4. *“Cogeneration facility”* means a facility with a capacity of two hundred megawatts or less that uses the same energy source for the sequential generation of electrical or mechanical power in

combination with steam, heat, or other forms of useful energy and, except for ownership, meets the criteria to be a qualifying cogeneration facility as defined in the federal Public Utility Regulatory Policies Act of 1978, 16 U.S.C. § 2601 et seq., and related federal regulations.

5. *“Consumer”* means an end user of electricity or natural gas used or consumed within this state. *“Consumer”* includes any master-metered facility even though the electricity or natural gas delivered to such facility may ultimately be used by another person. A person to whom electricity or natural gas is delivered by a master-metered facility is not a consumer. A *“master-metered facility”* means any multi-occupancy premises where units are separately rented or owned and where electricity or natural gas is used in centralized heating, cooling, water-heating, or ventilation systems, where individual metering is impractical, where the facility is designated for elderly or handicapped persons and utility costs constitute part of the operating cost and are not apportioned to individual units, or where submetering or resale of service was permitted prior to 1966.

6. *“Delivery”* means the physical transfer of electricity or natural gas to a consumer. Physical transfer to a consumer occurs when transportation of electricity or natural gas ends and such electricity or natural gas becomes available for use or consumption by a consumer.

7. *“Director”* means the director of revenue.

8. *“Electric company”* means a person engaged primarily in the production, delivery, service, or sales of electric energy whether formed or organized under the laws of this state or elsewhere. *“Electric company”* includes a combination natural gas company and electric company. *“Electric company”* does not include an electric cooperative or a municipal utility.

9. *“Electric competitive service area”* means an electric service area assigned by the utilities board under chapter 476 as of January 1, 1999, including utility property and facilities described in section 476.23, subsection 3, which were owned and served by the electric company, electric cooperative, or municipal utility serving such area on January 1, 1999.

10. *“Electric cooperative”* means an electric utility provider formed or organized as an electric cooperative under the laws of this state or elsewhere. An electric cooperative shall also include an incorporated city utility provider. *“Generation and transmission electric cooperative”* means an electric cooperative which owns both transmission lines and property which is used to generate electricity. *“Distribution electric cooperative”* means an electric cooperative other than a generation

and transmission electric cooperative or a municipal electric cooperative association.

11. “*Electric power generating plant*” means a nameplate rated electric power generating plant, which produces electric energy from other forms of energy, including all taxable land, buildings, and equipment used in the production of such electric energy.

“*New electric power generating plant*” means an electric power generating plant that is owned by or leased to an electric company, electric cooperative, or municipal utility, and that initially generates electricity subject to replacement generation tax under section 437A.6 on or after January 1, 2003.

12. “*Incorporated city utility provider*” means a corporation with assets worth one million dollars or more which has one or more platted villages located within the territorial limits of the tract of land which it owns, and which provides electricity to ten thousand or fewer customers.

13. “*Lease*” means a contract between a lessor and lessee pursuant to which the lessee obtains a present possessory interest in tangible property without obtaining legal title in such property. A contract to transmit or deliver electricity or natural gas using operating property within this state is not a lease. “*Capital lease*” means a lease classified as a capital lease under generally accepted accounting principles.

14. “*Local amount*” means the first forty-four million four hundred forty-four thousand four hundred forty-five dollars of the acquisition cost of any major addition which is an electric power generating plant and the total acquisition cost of any other major addition.

“*Local amount*” for the purposes of determining the local taxable value for a new electric power generating plant shall annually be determined to be equal up to the first forty-four million four hundred forty-four thousand four hundred forty-five dollars of the taxable value of the new electric power generating plant. “*Local amount*” for the purposes of determining the local assessed value for a new electric power generating plant shall be annually determined to be the percentage share of the taxable value of the new electric power generating plant allocated as the local amount multiplied by the total assessed value of the new electric power generating plant.

15. “*Local taxing authority*” means a city, county, community college, school district, or other taxing authority located in this state and authorized to certify a levy on property located within such authority for the payment of bonds and interest or other obligations of such authority.

16. “*Local taxing district*” means a geographic area with a common consolidated property tax rate.

17. “*Low capacity factor electric power generating plant*” means, for any tax year, an electric power generating plant, with the exception of an electric power generating plant owned or leased by

an electric company, an electric cooperative, or a municipal utility, which operated during the preceding calendar year at a net capacity factor of twenty percent or less. “*Net capacity factor*” means net actual generation during the preceding calendar year divided by the product of nameplate capacity times the number of hours the plant was in the active state during the preceding calendar year. Upon commissioning, a plant is in the active state until it is decommissioned. “*Net actual generation*” means net electrical megawatt hours produced by a plant during the preceding calendar year.

18. “*Major addition*” means any acquisition on or after January 1, 1998, by a taxpayer, by transfer of ownership, self-construction, or capital lease of any interest in any of the following:

a. A building in this state where the acquisition cost of all interests acquired exceeds ten million dollars.

b. An electric power generating plant where the acquisition cost of all interests acquired exceeds ten million dollars. For purposes of this paragraph, “*electric power generating plant*” means each nameplate rated electric power generating plant owned solely or jointly by any person or electric power facility financed under the provisions of chapter 28F or 476A in which electrical energy is produced from other forms of energy, including all equipment used in the production of such energy through its step-up transformer.

c. Natural gas operating property within a local taxing district where the acquisition cost of all interests acquired exceeds one million dollars.

d. Any property described in section 437A.16 in this state acquired by a person not previously subject to taxation under this chapter.

For purposes of this chapter, the acquisition cost of an asset acquired by capital lease is its capitalized value determined under generally accepted accounting principles.

19. “*Municipal electric cooperative association*” means an electric cooperative, the membership of which is composed entirely of municipal utilities.

20. “*Municipal utility*” means all or part of an electric light and power plant system or a natural gas system, either of which is owned by a city, including all land, easements, rights-of-way, fixtures, equipment, accessories, improvements, appurtenances, and other property necessary or useful for the operation of the municipal utility.

21. “*Natural gas company*” means a person that owns, operates, or is engaged primarily in operating or utilizing pipelines for the purpose of distributing natural gas to consumers located within this state, excluding a gas distributing plant or company located entirely within any city and not a part of a pipeline transportation company. “*Natural gas company*” includes a combination natural gas company and electric company. “*Natural gas company*” does not include a municipal utility.

22. a. "Natural gas competitive service area" means any of the fifty-two natural gas competitive service areas described as follows:

(1) Each of the following municipal natural gas competitive service areas:

(a) Taylor county, except for those areas of Taylor county which are contained within another municipal natural gas competitive service area as described in this subsection.

#### **437A.4 Replacement tax imposed on delivery of electricity.**

1. A replacement delivery tax is imposed on every person who makes a delivery of electricity to a consumer within this state. The replacement delivery tax imposed by this section is equal to the sum of the following:

*a.* The number of kilowatt-hours of electricity delivered to consumers by the taxpayer within each electric competitive service area during the tax year multiplied by the electric replacement delivery tax rate in effect for each such electric competitive service area.

*b.* Where applicable, and in addition to the tax imposed by paragraph “a”, the number of kilowatt-hours of electricity delivered to consumers by the taxpayer within each electric competitive service area during the tax year multiplied by the electric transfer replacement tax rate for each such electric competitive service area.

2. If electricity is consumed in this state, whether such electricity is purchased, transferred, or self-generated, and the delivery, purchase, transference, or self-generation of such electricity is not subject to the tax imposed under subsection 1, a tax is imposed on the consumer at the rates prescribed under subsection 1.

3. Electric replacement delivery tax rates shall be calculated by the director for each electric competitive service area as follows:

*a.* The director shall determine the average centrally assessed property tax liability allocated to electric service of each taxpayer, other than a municipal utility, principally serving an electric competitive service area and of each generation and transmission electric cooperative for the assessment years 1993 through 1997 based on property tax payments made. In the case of a municipal utility, the average centrally assessed property tax liability allocated to electric service is the centrally assessed property tax liability of such municipal utility allocated to electric service for the 1997 assessment year based on property tax payments made.

*b.* The director shall determine, for each taxpayer, the number of kilowatt-hours of electricity generated which would have been subject to taxation under section 437A.6, the number of pole miles which would have been subject to taxation under section 437A.7, and the number of kilowatt-hours of electricity delivered to consumers which

would have been subject to taxation under this section in calendar year 1998, had such sections been in effect for calendar year 1998.

*c.* The director shall determine the electric generation, transmission, and delivery tax components of the average centrally assessed property tax liability determined in paragraph “a” for each electric competitive service area as follows:

(1) The electric generation tax component for an electric competitive service area shall be computed by multiplying the tax rate set forth in section 437A.6 by the number of kilowatt-hours of electricity generated by the taxpayer principally serving such electric competitive service area which would have been subject to taxation under section 437A.6 in calendar year 1998, had that section been in effect for calendar year 1998.

(2) The electric transmission tax component for an electric competitive service area shall be computed by multiplying the tax rates set forth in section 437A.7 by the number of pole miles for each line voltage owned or leased by the taxpayer principally serving such electric competitive service area which would have been subject to taxation under section 437A.7 on December 31, 1998, had that section been in effect for calendar year 1998.

(3) The electric delivery tax component for an electric competitive service area shall be the average centrally assessed property tax liability allocated to electric service of the taxpayer principally serving such electric competitive service area less the electric generation and transmission tax components computed for such electric competitive service area.

(4) The electric delivery tax component for each electric competitive service area shall be adjusted, as necessary, to assign the excess property tax liability of each generation and transmission electric cooperative to the electric competitive service areas principally served on January 1, 1999, by its distribution electric cooperative members and by those municipal utilities which were purchasing members of a municipal electric cooperative association that is a member of the generation and transmission electric cooperative. Such assignment of excess property tax liability of each such generation and transmission electric cooperative shall be made in proportion to the appropriate wholesale rate charges in calendar year 1998 to its distribution electric cooperative members and municipal electric cooperative association members which purchased electricity from the generation and transmission electric cooperative. Any amount assignable to a municipal electric cooperative association shall be reassigned to the electric competitive service areas served by such association’s purchasing municipal utility members and shall be allocated among them in proportion to the appropriate wholesale rate charges in calendar year 1998 by such municipal electric co-

operative association to its purchasing municipal utility members. For purposes of this subsection, “*excess property tax liability*” means the amount by which the average centrally assessed property tax liability for the assessment years 1993 through 1997 of a generation and transmission electric cooperative exceeds the tentative generation and transmission taxes which would have been imposed on such generation and transmission electric cooperative under sections 437A.6 and 437A.7 for calendar year 1998, had such taxes been in effect for calendar year 1998. An electric cooperative described in section 437A.7, subsection 3, paragraph “c”, is deemed not to have any excess property tax liability.

d. The director shall determine an electric delivery tax rate for each electric competitive service area by dividing the electric delivery tax component for the electric competitive service area, as adjusted by paragraph “c”, subparagraph (4), by the number of kilowatt-hours delivered by the taxpayer principally serving the electric competitive service area to consumers in calendar year 1998, which would have been subject to taxation under this section if this section had been in effect for calendar year 1998.

4. Municipal electric transfer replacement tax rates shall be calculated annually by the city council of each city located within an electric competitive service area served by a municipal utility as of January 1, 1999, by dividing the average annual dollar amount of electric-related transfers made pursuant to section 384.89 by the municipal utility serving the electric competitive service area, other than those transfers declared exempt from the transfer replacement tax by the city council, plus the municipal transfer replacement tax received by the municipality, if any, during the five immediately preceding calendar years by the number of kilowatt-hours of electricity delivered to consumers in the electric competitive service area during the immediately preceding calendar year which were subject to taxation under this section or which would have been subject to taxation under this section had it been in effect for such calendar year. The city council on its own motion, or in the case of a municipal utility governed by a board of trustees under chapter 388 upon a resolution of the board of trustees requesting such action, may declare any transfer or part of such transfer to be exempt from the transfer replacement tax under this section. Such rates shall be calculated and reported to the director on or before August 31 of each tax year.

5. A municipal utility taxpayer is entitled to a credit against the municipal electric transfer replacement tax equal to the average amount of electric-related transfers made by such municipal utility taxpayer under section 384.89, other than those transfers declared exempt from transfer replacement tax by the city council, during the preceding five calendar years.

6. The following are not subject to the replacement delivery tax imposed by subsections 1 and 2:

a. Delivery of electricity generated by a low capacity factor electric power generating plant.

b. Delivery of electricity to a city from such city’s municipal utility, provided such electricity is used by the city for the public purposes of the city.

c. Electricity consumed by a state university or university of science and technology, provided such electricity was generated by property described in section 427.1, subsection 1.

d. Electricity generated and consumed by a self-generator.

7. Notwithstanding subsection 1, the electric delivery tax rate applied to kilowatt-hours of electricity delivered by a taxpayer to utility property and facilities which are placed in service on or after January 1, 1999, and are owned by or leased to and initially served by such taxpayer shall be the electric delivery tax rate in effect for the electric competitive service area principally served by such utility property and facilities even though such utility property and facilities may be physically located in another electric competitive service area.

8. If for any tax year after calendar year 1998, the total taxable kilowatt-hours of electricity required to be reported by taxpayers pursuant to section 437A.8, subsection 1, paragraphs “a” and “b”, with respect to any electric competitive service area, increases or decreases by more than the threshold percentage from the average of the base year amounts for that electric competitive service area during the immediately preceding five calendar years, the tax rate imposed under subsection 1, paragraph “a”, and subsection 2, for that tax year shall be recalculated by the director for that electric competitive service area so that the total of the replacement electric delivery taxes required to be reported pursuant to section 437A.8, subsection 1, paragraph “e”, for that electric competitive service area with respect to the tax imposed under subsection 1, paragraph “a”, and subsection 2, shall be as follows:

a. If the number of kilowatt-hours of electricity required to be reported increased by more than the threshold percentage, one hundred two percent of such taxes required to be reported by taxpayers for that electric competitive service area for the immediately preceding tax year.

b. If the number of kilowatt-hours of electricity required to be reported decreased by more than the threshold percentage, ninety-eight percent of such taxes required to be reported by taxpayers for that electric competitive service area for the immediately preceding tax year.

For purposes of paragraphs “a” and “b”, in computing the tax rate under subsection 1, paragraph “a”, and subsection 2, for tax year 1999, the director shall use the electric delivery tax component computed for the electric competitive service area pursuant to subsection 3, paragraph “c”, in lieu of

the taxes required to be reported for that electric competitive service area for the immediately preceding tax year.

The threshold percentage shall be determined annually and shall be eight percent for any electric competitive service area in which the average of the base year amounts for the preceding five calendar years does not exceed three billion kilowatt-hours, and ten percent for all other electric competitive service areas.

Any such recalculation of an electric delivery tax rate, if required, shall be made and the new rate shall be published in the Iowa administrative bulletin by the director by no later than May 31 following the tax year. The director shall adjust the tentative replacement tax imposed by subsection 1, paragraph "a", and subsection 2 required to be shown on any affected taxpayer's return pursuant to section 437A.8, subsection 1, paragraph "e", to reflect the adjusted delivery tax rate for the tax year, and report such adjustment to the affected taxpayer on or before June 30 following the tax year. The new electric delivery tax rate shall apply prospectively, until such time as further adjustment is required.

For purposes of this section, "base year amount" means for calendar years prior to tax year 1999, the sum of the kilowatt-hours of electricity delivered to consumers within an electric competitive service area by the taxpayer principally serving such electric competitive service area which would have been subject to taxation under this section had this section been in effect for those years; and for tax years after calendar year 1998, the taxable kilowatt-hours of electricity required to be reported by taxpayers pursuant to section 437A.8, subsection 1, paragraphs "a" and "b", with respect to any electric competitive service area.

9. a. After calendar year 1998, if a municipal electric cooperative association ceases to purchase electricity from the generation and transmission electric cooperative from which it purchased electricity in 1998, and for a period of one hundred eighty days after such purchases cease, no municipal utility member of such association purchases electricity from such generation and transmission electric cooperative, the excess property tax liability assigned pursuant to subsection 3, paragraph "c", subparagraph (4), to the electric competitive service areas principally served by the municipal utility members on January 1, 1999, shall be removed from the electric delivery tax component of those electric competitive service areas and the electric delivery tax rate for those electric competitive service areas shall be recalculated to reflect that change.

b. After calendar year 1998, if a municipal utility ceases to be a purchasing member of a municipal electric cooperative association which purchased electricity in calendar year 1998 from a generation and transmission electric cooperative,

and for a period of one hundred eighty days after the municipal utility ceases to be a purchasing member of such association such municipal utility does not purchase electricity from such generation and transmission electric cooperative, the excess property tax liability assigned pursuant to subsection 3, paragraph "c", subparagraph (4), to the electric competitive service area principally served by the municipal utility on January 1, 1999, shall be removed from the electric delivery tax component of those electric competitive service areas and the electric delivery tax rate for those electric competitive service areas shall be recalculated to reflect that change.

c. If a recalculation has previously been made by the director pursuant to subsection 8 for an electric competitive service area described in this subsection, the recalculation required by this subsection shall be made by the director by modifying the most recent recalculation under subsection 8 to eliminate the excess property tax liability originally allocated to such electric competitive service area under subsection 3, paragraph "c", subparagraph (4).

d. Any recalculation required by this subsection shall be made and the new rate shall be published in the Iowa administrative bulletin by the director by May 31 of the calendar year during which the events described in paragraphs "a" and "b" are reported as provided in section 437A.8, subsection 1, paragraph "f". The new electric delivery tax rate shall be effective January 1 of the tax year in which it is published and shall apply prospectively, until such time as further adjustment is required.

10. The electric delivery tax rate in effect for each electric competitive service area shall be published by the director in the Iowa administrative bulletin on or before November 30, 1999, and annually after that date, during the last quarter of the tax year.

Section not amended; internal reference change applied

#### **437A.5 Replacement tax imposed on delivery of natural gas.**

1. A replacement delivery tax is imposed on every person who makes a delivery of natural gas to a consumer within this state. The replacement delivery tax imposed by this section shall be equal to the sum of the following:

a. The number of therms of natural gas delivered to consumers by the taxpayer within each natural gas competitive service area during the tax year multiplied by the natural gas delivery tax rate in effect for each such natural gas competitive service area.

b. Where applicable, and in addition to the tax imposed by paragraph "a", the number of therms of natural gas delivered to consumers by the taxpayer within each natural gas competitive service area during the tax year multiplied by the municipi-

pal natural gas transfer replacement tax rate for each such natural gas competitive service area.

c. Notwithstanding paragraphs "a" and "b", a natural gas delivery rate of one and eleven-hundredths of a cent (.0111) per therm of natural gas is imposed on all natural gas delivered to or consumed by a new electric power generating plant for purposes of generating electricity within the state during the tax year. However, if a new electric power generating plant is exempt from a replacement generation tax pursuant to section 437A.6, subsection 1, paragraph "b", the natural gas delivery rate for the municipal service area that the new plant serves shall instead apply for deliveries of natural gas by the municipal gas utility.

The provisions of subsection 8 shall not apply to the therms of natural gas subject to the delivery tax set forth in this paragraph.

If the new electric power generating plant is part of a cogeneration facility, the natural gas delivery rate for that plant shall be the lesser of the natural gas delivery rate established in this paragraph or the rate per therm of natural gas as in effect at the time of the initial natural gas deliveries to the plant for the natural gas competitive service area where the new electric power generating plant is located.

2. If natural gas is consumed in this state, whether such natural gas is purchased or transferred, and the delivery, purchase, or transference of such natural gas is not subject to the tax imposed under subsection 1, a tax is imposed on the consumer at the rates prescribed under subsection 1.

3. Natural gas delivery tax rates shall be calculated by the director for each natural gas competitive service area as follows:

a. The director shall determine the average centrally assessed property tax liability allocated to natural gas service of each taxpayer, other than a municipal utility, principally serving a natural gas competitive service area for the assessment years 1993 through 1997 based on property tax payments made. In the case of a municipal utility, the average centrally assessed property tax liability allocated to natural gas service is the centrally assessed property tax liability of such municipal utility allocated to natural gas service for the 1997 assessment year based on property tax payments made. For purposes of this subsection, taxpayer does not include a pipeline company defined in section 479A.2.

b. The director shall determine for each taxpayer the number of therms of natural gas delivered to consumers which would have been subject to taxation under this section in calendar year 1998 had this section been in effect for calendar year 1998.

c. The director shall determine a natural gas delivery tax rate for each natural gas competitive service area by dividing the average centrally as-

essed property tax liability allocated to natural gas service of the taxpayer principally serving the natural gas competitive service area by the number of therms of natural gas delivered by such taxpayer to consumers in calendar year 1998 which would have been subject to taxation under this section had such section been in effect for calendar year 1998.

4. Municipal natural gas transfer replacement tax rates shall be calculated annually by the city council of each city located within a natural gas competitive service area served by a municipal utility as of January 1, 1999, by dividing the average annual dollar amount of natural gas-related transfers made pursuant to section 384.89 by the municipal utility serving the natural gas competitive service area, other than those transfers declared exempt from the transfer replacement tax by the city council, plus the municipal transfer replacement tax received by the municipality, if any, during the five immediately preceding calendar years, by the number of therms of natural gas delivered to consumers in the natural gas competitive service area during the immediately preceding calendar year which were subject to taxation under this section or which would have been subject to taxation under this section had it been in effect for such calendar year. The city council on its own motion, or in the case of a municipal utility governed by a board of trustees under chapter 388 upon a resolution of the board of trustees requesting such action, may declare any transfer or part of such transfer to be exempt from the transfer replacement tax under this section. Such rates shall be calculated and reported to the director on or before August 31 of each tax year.

5. A municipal utility taxpayer is entitled to a credit against the municipal natural gas transfer replacement tax equal to the average amount of natural gas-related transfers made by such municipal utility taxpayer under section 384.89, other than those transfers declared exempt from transfer replacement tax by the city council, during the preceding five calendar years.

6. Notwithstanding subsection 1, the natural gas delivery tax rate applied to therms of natural gas delivered by a taxpayer to utility property and facilities that are placed in service on or after January 1, 1999, and that are owned by or leased to and initially served by such taxpayer shall be the natural gas delivery tax rate in effect for the natural gas competitive service area principally served by such utility property and facilities even though such utility property and facilities may be physically located in another natural gas competitive service area.

This subsection shall not apply to natural gas delivered to or consumed by new electric power generating plants.

7. Delivery of natural gas to a city from such city's municipal utility is not subject to the replacement delivery tax imposed under subsection

1, paragraph “a”, and subsection 2, provided such natural gas is used by the city for the public purposes of the city.

Subsection 2 does not apply to natural gas consumed by a person, other than an electric company, natural gas company, electric cooperative, or municipal utility, acquired by means of facilities owned by or leased to such person on January 1, 1999, which were physically attached to pipelines that are not permitted pursuant to chapter 479 and used by such person for the purpose of bypassing the local natural gas company or municipal utility.

Subsection 1 does not apply to natural gas which is delivered, by a pipeline that is not permitted pursuant to chapter 479, into a facility owned by or leased to a person, other than an electric company, natural gas company, electric cooperative, or municipal utility, if the person who consumes the gas uses the gas for the purpose of bypassing the local natural gas company or municipal utility, regardless of whether such facility existed on January 1, 1999.

8. If, for any tax year after calendar year 1998, the total taxable therms of natural gas required to be reported by taxpayers pursuant to section 437A.8, subsection 1, paragraphs “a” and “b”, with respect to any natural gas competitive service area increases or decreases by more than the threshold percentage from the average of the base year amounts for that natural gas competitive service area during the immediately preceding five calendar years, the tax rate imposed under subsection 1, paragraph “a”, and subsection 2 for that tax year shall be recalculated by the director for that natural gas competitive service area so that the total of the replacement natural gas delivery taxes required to be reported pursuant to section 437A.8, subsection 1, paragraph “e”, for that natural gas competitive service area with respect to the tax imposed under subsection 1, paragraph “a”, and subsection 2 shall be as follows:

a. If the number of therms of natural gas required to be reported increased by more than the threshold percentage, one hundred two percent of such taxes required to be reported by taxpayers for that natural gas competitive service area for the immediately preceding tax year.

b. If the number of therms of natural gas required to be reported decreased by more than the threshold percentage, ninety-eight percent of such taxes required to be reported by taxpayers for that natural gas competitive service area for the immediately preceding tax year.

c. For purposes of paragraphs “a” and “b”, in computing the tax rate under subsection 1, paragraph “a”, and subsection 2 for calendar year 1999, the director shall use the average centrally assessed property tax liability allocated to natural gas service computed for the natural gas competitive service area pursuant to subsection 3, para-

graph “a”, in lieu of the taxes required to be reported for that natural gas competitive service area for the immediately preceding tax year.

The threshold percentage shall be determined annually and shall be eight percent for any natural gas competitive service area in which the average of the base year amounts for the preceding five calendar years does not exceed two hundred fifty million therms, and ten percent for all other natural gas competitive service areas.

Recalculation of a natural gas delivery tax rate, if required, shall be made and the new rate published in the Iowa administrative bulletin by the director by no later than May 31 following the tax year. The director shall adjust the tentative replacement tax imposed by subsection 1, paragraph “a”, and subsection 2 required to be shown on any affected taxpayer’s return pursuant to section 437A.8, subsection 1, paragraph “e”, to reflect the adjusted delivery tax rate for the tax year, and report such adjustment to the affected taxpayer on or before June 30 following the tax year. The new natural gas delivery tax rate shall apply prospectively, until such time as further adjustment is required.

For purposes of this subsection, “base year amount” means for calendar years prior to tax year 1999, the sum of the therms of natural gas delivered to consumers within a natural gas competitive service area by the taxpayer principally serving such natural gas competitive service area which would have been subject to taxation under this section had this section been in effect for those years; and for tax years after calendar year 1998, the taxable therms of natural gas required to be reported by taxpayers pursuant to section 437A.8, subsection 1, paragraphs “a” and “b”, with respect to any natural gas competitive service area.

9. The natural gas delivery tax rate in effect for each natural gas competitive service area shall be published by the director in the Iowa administrative bulletin on or before November 30, 1999, and annually after that date, during the last quarter of the tax year.

#### **437A.7 Replacement tax imposed on electric transmission.**

1. A replacement transmission tax is imposed on every person owning or leasing transmission lines within this state and shall be equal to the sum of all of the following:

a. Five hundred fifty dollars per pole mile of transmission line owned or leased by the taxpayer not exceeding one hundred kilovolts.

b. Three thousand dollars per pole mile of transmission line owned or leased by the taxpayer

greater than one hundred kilovolts but not exceeding one hundred fifty kilovolts.

c. Seven hundred dollars per pole mile of transmission line owned or leased by the taxpayer greater than one hundred fifty kilovolts but not exceeding three hundred kilovolts.

d. Seven thousand dollars per pole mile of transmission line owned or leased by the taxpayer greater than three hundred kilovolts.

The replacement transmission tax shall be calculated on the basis of pole miles of transmission line owned or leased by the taxpayer on the last day of the tax year.

2. In lieu of the replacement transmission tax imposed in subsection 1, a municipal utility whose replacement transmission tax liability for the tax year 1999 was limited to the tax imposed by this section and whose anticipated tax revenues from a taxpayer, as defined in section 437A.15, subsection 4, for the tax year 1999, exceeded its replacement transmission tax by more than one hundred thousand dollars shall be subject to replacement transmission tax on all transmission lines owned by or leased to the municipal utility as of the last day of the tax year 2000 as follows:

a. Three thousand twenty-five dollars per pole mile of transmission line owned or leased by the taxpayer not exceeding one hundred kilovolts.

b. Seven thousand dollars per pole mile of transmission line owned or leased by the taxpayer greater than one hundred fifty kilovolts but not exceeding three hundred kilovolts.

3. The following shall not be subject to the replacement transmission tax:

a. Transmission lines owned by or leased to a municipal utility when devoted to public use and not for pecuniary profit, except transmission lines of a municipally owned electric utility held under joint ownership and transmission lines of an electric power facility financed under chapter 28F or 476A.

b. Transmission lines owned by or leased to a lessor when the transmission lines are subject to the replacement transmission tax payable by the lessee or sublessee.

c. Any electric cooperative which owns, leases, or owns and leases in total less than seven hundred fifty pole miles of transmission lines in this state. Chapter 437 shall apply to such electric cooperatives.

d. Transmission lines owned by or leased to a state university or university of science and technology, provided such transmission lines are used exclusively for the transmission of electricity consumed by such state university or university of science and technology.

e. Transmission lines owned by or leased to a person, other than a public utility, for which a franchise is not required under chapter 478.

4. For purposes of this section, if a transmission line is jointly owned or leased, the taxpayer shall compute the number of pole miles subject to

the replacement transmission tax by multiplying the taxpayer's percentage interest in the jointly held transmission lines by the number of pole miles of such lines.

#### **437A.8 Return and payment requirements — rate adjustments.**

1. Each taxpayer, on or before March 31 following a tax year, shall file with the director a return including, but not limited to, the following information:

a. The total taxable kilowatt-hours of electricity delivered by the taxpayer to consumers within each electric competitive service area during the tax year, and the total taxable therms of natural gas delivered by the taxpayer to consumers within each natural gas competitive service area during the tax year.

b. The total kilowatt-hours of electricity consumed by the taxpayer within each electric competitive service area during the tax year subject to tax under section 437A.4, subsection 2, and the total therms of natural gas consumed by the taxpayer within each natural gas competitive service area during the tax year subject to tax under section 437A.5, subsection 2.

c. The total taxable kilowatt-hours of electricity generated by the taxpayer in Iowa during the tax year.

d. The total taxable pole miles of electric transmission lines in Iowa, by kilovolt, owned or leased by the taxpayer on the last day of the tax year.

e. The tentative replacement taxes imposed by section 437A.4, subsection 1, paragraph "a", section 437A.4, subsection 2, section 437A.5, subsection 1, paragraph "a", section 437A.5, subsection 2, and sections 437A.6 and 437A.7, due for the tax year.

f. For purposes of a municipal utility which is a member of a municipal electric cooperative association, the occurrence on or before September 1 of the preceding calendar year of an event described in section 437A.4, subsection 9, paragraph "a" or "b", and the date on which the one-hundred-eighty-day requirement under such paragraph was met.

2. Each taxpayer subject to a municipal transfer replacement tax, on or before March 31 following a tax year, shall file with the chief financial officer of each city located within an electric or natural gas competitive service area served by a municipal utility as of January 1, 1999, a return including, but not limited to, the following information:

a. The total taxable kilowatt-hours of electricity delivered by the taxpayer within each electric competitive service area described in section 437A.4, subsection 4, during the tax year and the

total taxable therms of natural gas delivered by the taxpayer within each natural gas competitive service area described in section 437A.5, subsection 4, during the tax year.

b. For a municipal utility taxpayer, the total transfers made by the taxpayer under section 384.89 within each competitive service area during the preceding calendar year, allocated between electric-related transfers and natural gas-related transfers and total credits described in sections 437A.4, subsection 5, and 437A.5, subsection 5.

c. The transfer replacement taxes imposed by sections 437A.4, subsection 1, paragraph "b", and 437A.5, subsection 1, paragraph "b", due for the tax year.

3. A return shall be signed by an officer, or other person duly authorized by the taxpayer, and must be certified as correct and in accordance with forms and rules prescribed by the director in the case of a return filed pursuant to subsection 1, and in accordance with forms and rules prescribed by the chief financial officer of the city in the case of a return filed pursuant to subsection 2.

4. a. At the time of filing the return required by subsection 1 with the director, the taxpayer shall calculate the tentative replacement tax due for the tax year. The director shall compute any adjustments to the replacement tax required by subsection 7 and by section 437A.4, subsection 8, and section 437A.5, subsection 8, and notify the taxpayer of any such adjustments in accordance with the requirements of such provisions. The director and the department of management shall compute the allocation of replacement taxes among local taxing districts and report such allocations to county treasurers pursuant to section 437A.15. Based on such allocations, the treasurer of each county shall notify each taxpayer on or before August 31 following a tax year of its replacement tax obligation to the county treasurer. On or before September 30, 2000, and on or before September 30 of each subsequent year, the taxpayer shall remit to the county treasurer of each county to which such replacement tax is allocated pursuant to section 437A.15, one-half of the replacement tax so allocated, and on or before the succeeding March 31, the taxpayer shall remit to the county treasurers the remaining replacement tax so allocated. If notification of a taxpayer's replacement tax obligation is not mailed by a county treasurer on or before August 31 following a tax year, such taxpayer shall have thirty days from the date the notification is mailed to remit one-half of the replacement tax otherwise required by this subsection to be remitted to such county treasurer on or before September 30. If a taxpayer fails to timely remit replacement taxes as provided in this subsection, the county treasurer of each affected county shall notify the director of such failure.

b. If a distribution electric cooperative member or a municipal utility purchasing member sub-

ject to section 437A.15, subsection 3, paragraph "b", does not make timely payment of the correct amount of replacement tax to the generation and transmission electric cooperative, the generation and transmission electric cooperative shall notify the director in writing within ten days after September 10. The director shall then notify the generation and transmission electric cooperative in writing within five days after delivery of notice to the director of the paid amount to be remitted to the appropriate county treasurer and shall also notify the county treasurer. The generation and transmission electric cooperative shall remit the amount determined by the director to the appropriate county treasurer by September 30. If the generation and transmission electric cooperative timely notifies the director and timely remits to the county treasurer the amounts of replacement tax, as determined by the director, the generation and transmission electric cooperative shall not be liable for that unpaid replacement tax due from the distribution electric cooperative member or municipal utility purchasing member. The generation and transmission electric cooperative shall also not be liable for a special utility property tax levy, if any, and shall not be entitled to a tax credit, if any, attributable to the unpaid replacement tax. The county treasurer and the director shall enforce payment of the replacement tax against the appropriate distribution electric cooperative member or municipal utility purchasing member pursuant to sections 437A.9 through 437A.13. The county treasurer shall enforce payment of the special utility property tax levy, if any, against the appropriate distribution electric cooperative member or municipal utility purchasing member. For purposes of this paragraph:

(1) Written notice to the director must be either delivered to the director by electronic means, United States postal service, or a common carrier, by ordinary, certified, or registered mail directed to the attention of the director, be personally delivered to the director, or be served on the director by personal service during business hours. If the notice is mailed, a notice is considered delivered on the date of the postmark. If a postmark date is not present on the mailed article, the date of receipt of notice shall be considered the date of the mailing. A notice is considered delivered on the date personal service or personal delivery to the office of the director is made.

(2) Written notice to a generation and transmission electric cooperative must be delivered to the cooperative by electronic means, United States postal service, or a common carrier, by ordinary, certified, or registered mail, directed to the attention of the manager of the cooperative, be personally delivered to the manager of the cooperative, or be served on the manager of the cooperative by personal service during business hours. For the purpose of mailing, a notice is considered delivered on the date of the postmark. If a post-

mark date is not present on the mailed article, the date of receipt of notice shall be considered the date of the mailing. A notice is considered delivered on the date personal service or personal delivery to the office of the manager of the cooperative is made.

c. If a generation and transmission electric cooperative, after notice, does not timely pay the correct amount of replacement tax or special utility property tax levy attributable to the excess property tax liability to the appropriate county treasurer, after receiving the required payment from the distribution electric cooperative member or municipal utility purchasing member, such replacement tax shall be enforced solely against the generation and transmission electric cooperative under sections 437A.9 through 437A.13, and shall not be enforced against the paying distribution electric cooperative member or municipal utility purchasing member, and the special utility property tax levy shall be enforced solely against the generation and transmission electric cooperative.

d. Notwithstanding paragraph "a", a taxpayer who owns or leases a new electric power generating plant and who has no other operating property in the state of Iowa except for operating property directly serving the new electric power generating plant as described in section 437A.16 shall pay the replacement generation tax associated with the allocation of the local amount to the county treasurer of the county in which the local amount is located and shall remit the remaining replacement generation tax, if any, to the director according to paragraph "a" for remittance of the tax to county treasurers. The director shall notify each taxpayer on or before August 31 following a tax year of its remaining replacement generation tax to be remitted to the director. All remaining replacement generation tax revenues received by the director shall be deposited in the property tax relief fund created in section 426B.1, and shall be distributed as provided in section 426B.2.

5. At the time of filing the return required by subsection 2, the taxpayer shall calculate the municipal transfer replacement tax due for the tax year. Municipal transfer replacement taxes shall be paid to the chief financial officer of the city to which the taxes are allocated at such time and place as directed by the city council.

6. Notwithstanding subsections 1 through 5, a taxpayer shall not be required to file a return otherwise required by this section or remit any replacement tax for any tax year in which the taxpayer's replacement tax liability before credits is three hundred dollars or less, provided that all electric companies, electric cooperatives, municipal utilities, and natural gas companies shall file a return, regardless of the taxpayer's replacement tax liability.

7. Following the determination of electric and natural gas delivery tax rates by the director pur-

suant to section 437A.4, subsection 3, and section 437A.5, subsection 3, if an adjustment resulting from a taxpayer appeal is made to taxes levied and paid by a taxpayer with respect to any of the assessment years 1993 through 1997 used in determining such rates, the director shall recalculate the delivery tax rate for any affected electric or natural gas competitive service area to reflect the impact of such adjustment as if such adjustment had been reflected in the initial determination of average centrally assessed property tax liability allocated to electric or natural gas service pursuant to section 437A.4, subsection 3, paragraph "a", and section 437A.5, subsection 3, paragraph "a". Rate recalculations shall be made and published in the Iowa administrative bulletin by the director on or before March 31 following the calendar year in which a final determination of the adjustment is made. Taxpayers shall report to the director any increase or decrease in the tentative replacement tax required to be shown to be due pursuant to subsection 1, paragraph "e", for any tax year with the return for the year in which the recalculated tax rates which gave rise to the adjustment are published in the Iowa administrative bulletin. The director and the department of management shall redetermine the allocation of replacement taxes pursuant to section 437A.15 for each affected tax year. If a taxpayer has overpaid replacement taxes, the overpayment shall be reported by the director to such taxpayer and to the appropriate county treasurers and shall be a credit against the replacement taxes owed by such taxpayer for the year in which the recalculated rates which gave rise to the overpayment are published in the Iowa administrative bulletin. If a taxpayer has overpaid centrally assessed property taxes for assessment years prior to tax year 1999, such overpayment shall be a credit against replacement taxes owed by such taxpayer for the year in which the overpayment is determined. Unused credits may be carried forward and used to reduce future replacement tax liabilities until exhausted.

#### **437A.14 Correction of errors — refunds or credits of replacement tax paid — information confidential — penalty.**

1. *a.* If an amount of replacement tax, penalty, or interest has been paid which was not due under this chapter, a city's chief financial officer or county treasurer to whom such erroneous payment was made shall do one of the following:

(1) Credit the amount of the erroneous payment against any replacement tax due, or to become due, from the taxpayer on the books of the city or county.

(2) Refund the amount of the erroneous payment to the taxpayer.

b. Claims for refund or credit of replacement taxes paid shall be filed with the director. A claim for refund or credit that is not filed with the director within three years after the replacement tax payment upon which a refund or credit is claimed became due, or one year after the replacement tax payment was made, whichever time is later, shall not be allowed. A claim for refund or credit of tax alleged to be unconstitutional not filed with the director within ninety days after the replacement tax payment upon which a refund or credit is claimed became due shall not be allowed. As a precondition for claiming a refund or credit of alleged unconstitutional taxes, such taxes must be paid under written protest which specifies the particulars of the alleged unconstitutionality. Claims for refund or credit may only be made by, and refunds or credits may only be made to, the person responsible for paying the replacement tax, or such person's successors. The director shall notify affected county treasurers of the acceptance or denial of any refund claim. Section 421.10 applies to claims denied by the director.

If an amount of overpaid replacement tax is attributable to payment of excess property tax liability as described in section 437A.15, subsection 3, paragraph "b", a claim for refund or credit may only be made by, and a refund or credit shall only be made to, the person who made such excess payment. Such claim shall not be made by the person who collected the tax from another person.

2. It is unlawful for any present or former officer or employee of the state to divulge or to make known in any manner to any person the kilowatt-hours of electricity or therms of natural gas delivered by a taxpayer in a competitive service area disclosed on a tax return, return information, or investigative or audit information. A person who violates this section is guilty of a serious misdemeanor. If the offender is an officer or employee of the state, such person, in addition to any other penalty, shall also be dismissed from office or discharged from employment. This section does not prohibit turning over to duly authorized officers of the United States or tax officials of other states such kilowatt-hours or therms pursuant to agreement between the director and the secretary of the treasury of the United States or the secretary's delegate or pursuant to a reciprocal agreement with another state.

3. Unless otherwise expressly permitted by a section referencing this chapter, the kilowatt-hours of electricity or therms of natural gas delivered by a taxpayer in a competitive service area shall not be divulged to any person or entity, other than the taxpayer, the department, or the internal revenue service for use in a matter unrelated to tax administration.

This prohibition precludes persons or entities other than the taxpayer, the department, or the internal revenue service from obtaining such infor-

mation from the department. A subpoena, order, or process which requires the department to produce such information to a person or entity, other than the taxpayer, the department, or internal revenue service, for use in a nontax proceeding is void.

4. Notwithstanding subsections 2 and 3, the chief financial officer of any local taxing authority and any designee of such officer shall have access to any computations made by the director pursuant to the provisions of this chapter, and any tax return or other information used by the director in making such computations, which affect the replacement tax owed by any such taxpayer.

Notwithstanding this section, providing information relating to the kilowatt-hours of electricity or therms of natural gas delivered by a taxpayer in a competitive service area to the task force established in section 437A.15, subsection 7, or to the study committee established in section 476.6, subsection 20, is not a violation of this section.

5. Local taxing authority employees are deemed to be officers and employees of the state for purposes of subsection 2.

6. Claims for refund or credit of municipal transfer replacement tax shall be filed with the appropriate city's chief financial officer. Subsection 1 applies with respect to the transfer replacement tax and the city's chief financial officer shall have the same authority as is granted to the director under this section with respect to a return filed pursuant to section 437A.8, subsection 2.

7. Claims for refund or credit of special utility property tax levies shall be filed with the appropriate county treasurer. Subsection 1 applies with respect to the special utility property tax levy and the county treasurer shall have the same authority as is granted to the director under this section.

2000 amendment to subsection 1, paragraph b, takes effect April 19, 2000, and applies retroactively to tax years beginning on and after January 1, 1999; 2000 Acts, ch 1114, §17, 18

Section not amended; internal reference change applied

#### **437A.15 Allocation of revenue.**

1. The director and the department of management shall compute the allocation of all replacement tax revenues other than transfer replacement tax revenues among the local taxing districts in accordance with this section and shall report such allocation by local taxing districts to the county treasurers on or before August 15 following a tax year.

2. The director shall determine and report to the department of management the total replacement taxes to be collected from each taxpayer for the tax year on or before July 30 following such tax year.

3. a. All replacement taxes owed by a taxpayer shall be allocated among the local taxing districts in which such taxpayer's property is located in accordance with a general allocation formula determined by the department of management on

the basis of general property tax equivalents. General property tax equivalents shall be determined by applying the levy rates reported by each local taxing district to the department of management on or before June 30 following a tax year to the taxable value of taxpayer property allocated to each such local taxing district as adjusted and reported to the department of management in such tax year by the director pursuant to section 437A.19, subsection 2. The general allocation formula for a tax year shall allocate to each local taxing district that portion of the replacement taxes owed by each taxpayer which bears the same ratio as such taxpayer's general property tax equivalents for each local taxing district bears to such taxpayer's total general property tax equivalents for all local taxing districts in Iowa.

When allocating natural gas delivery taxes on deliveries of natural gas to a new electric power generating plant, ten percent of those natural gas delivery taxes shall be allocated over new gas property built to directly serve the new electric power generating plant and ninety percent of those natural gas delivery taxes shall be allocated to the general property tax equivalents of all gas property within the natural gas competitive service area or areas where the new gas property is located.

b. Notwithstanding other provisions of this section, if excess property tax liability has been assigned pursuant to section 437A.4, subsection 3, paragraph "c", subparagraph (4), and has not been removed, the allocation of electric delivery replacement tax attributable to the excess property tax liability shall be made by the director and the department of management so as to allocate the electric delivery replacement tax attributable to the excess property tax liability among those local taxing districts in which the property associated with the excess property tax liability is located. In order to ensure that the electric delivery replacement tax attributable to the excess property tax liability is paid to the appropriate county treasurer for disposition to the local taxing districts, each distribution electric cooperative member and each municipal utility purchasing member subject to section 437A.4, subsection 3, paragraph "c", subparagraph (4), shall pay to the appropriate generation and transmission electric cooperative the electric delivery replacement tax attributable to the excess property tax liability by September 10. The amount of electric delivery replacement tax attributable to the excess property tax liability shall equal that percentage of total electric delivery replacement tax liability that the excess property tax liability bears to the total property tax liability contained in the electric delivery tax component. The generation and transmission electric cooperative shall pay the electric delivery replacement tax attributable to the excess property tax liability to the appropriate county treasurer.

c. If paragraph "b" is applicable, on or before

August 1, the director shall notify each distribution electric cooperative member, each municipal utility purchasing member, and each generation and transmission electric cooperative of the amount of electric delivery replacement tax to be paid to the generation and transmission electric cooperative. On or before August 1, the director shall notify the generation and transmission electric cooperative of the amount of replacement tax liability attributable to the excess property tax liability that is payable to each county treasurer. The director shall determine the amount of any special utility property tax levy or tax credit attributable to the excess property tax liability which shall be reflected in the amount required to be paid by each distribution electric cooperative member and each municipal utility purchasing member to the generation and transmission electric cooperative.

d. If, during the tax year, a taxpayer transferred operating property or an interest in operating property to another taxpayer, the transferee taxpayer's replacement tax associated with that property shall be allocated, for the tax year in which the transfer occurred, under this section in accordance with the general allocation formula on the basis of the general property tax equivalents of the transferor taxpayer.

e. Notwithstanding the provisions of this section, if during the tax year a person who was not a taxpayer during the prior tax year acquires a new major addition, as defined in section 437A.3, subsection 18, paragraph "d", the replacement tax associated with that major addition shall be allocated, for that tax year, under this section in accordance with the general allocating formula on the basis of the general property tax equivalents established under section 437A.15, except that the levy rates established and reported to the department of management on or before June 30 following the tax year in which the major addition was acquired shall be applied to the prorated assessed value of the major addition and provided that section 437A.19, subsection 2, paragraph "b", subparagraph (2), is in any event applicable. For purposes of this paragraph, "*prorated assessed value of the major addition*" means the assessed value of the major addition as of January 1 of the year following the tax year in which the major addition was acquired multiplied by the percentage derived by dividing the number of months that the major addition existed during the tax year by twelve, counting any portion of a month as a full month.

f. Notwithstanding the provisions of this section, if a taxpayer is a municipal utility or a municipal owner of an electric power facility financed under the provisions of chapter 28F or 476A, the assessed value, other than the local amount, of a new electric power generating plant shall be allocated to each taxing district in which the municipal utility or municipal owner is serving customers and has electric meters in operation in the ra-

tion that the number of operating electric meters of the municipal utility or municipal owner located in the taxing district bears to the total number of operating electric meters of the municipal utility or municipal owner in the state as of January 1 of the tax year. If the municipal utility or municipal owner of an electric power facility financed under the provisions of chapter 28F or 476A has a new electric power generating plant but the municipal utility or municipal owner has no operating electric meters in this state, the municipal utility or municipal owner shall pay the replacement generation tax associated with the new electric power generating plant allocation of the local amount to the county treasurer of the county in which the local amount is located and shall remit the remaining replacement generation tax, if any, to the director at the times contained in section 437A.8, subsection 4, for remittance of the tax to the county treasurers. All remaining replacement generation tax revenues received by the director shall be deposited in the property tax relief fund created in section 426B.1, and shall be distributed as provided in section 426B.2.

4. On or before August 31 following tax years 1999, 2000, and 2001, each county treasurer shall compute a special utility property tax levy or tax credit for each taxpayer for which a replacement tax liability for each such tax year is reported to the county treasurer pursuant to subsection 1, and shall notify the taxpayer of the amount of such tax levy or tax credit. The amount of the special utility property tax levy or credit shall be determined for each taxpayer by the county treasurer by comparing the taxpayer's total replacement tax liability allocated to taxing districts in the county pursuant to this section with the anticipated tax revenues from the taxpayer for all taxing districts in the county. If the taxpayer's total replacement tax liability allocated to taxing districts in the county is less than the anticipated tax revenues from the taxpayer for all taxing districts in the county, the county treasurer shall levy a special utility property tax equal to the shortfall which shall be added to and collected with the replacement tax owed by the taxpayer to the county treasurer for the tax year pursuant to section 437A.8, subsection 4. If the taxpayer's total replacement tax liability allocated to taxing districts in the county exceeds the anticipated tax revenues from the taxpayer for all taxing districts in the county, the county treasurer shall issue a credit to the taxpayer which shall be applied to reduce the taxpayer's replacement tax liability to the county treasurer for the tax year. If the taxpayer's total replacement tax liability allocated to taxing districts in the county equals the anticipated tax revenues from the taxpayer for all taxing districts in the county, no levy or credit is required. Replacement tax liability for purposes of this subsection means replacement tax liability before credits allowed by section 437A.8, subsection 7. A recalculation of a special utility property

tax levy or credit shall not be made as a result of a subsequent recalculation of replacement tax liability under section 437A.8, subsection 7, or adjustment to assessed value under section 437A.19, subsection 2, paragraph "f". "Anticipated tax revenues from a taxpayer" means the product of the total levy rates imposed by the taxing districts and the value of taxpayer property allocated to the taxing districts and reported to the county auditor. Special utility property tax levies and credits shall be treated as replacement taxes for purposes of section 437A.11. If a special utility property tax levy payment becomes delinquent, the delinquent payment shall accrue interest and penalty in the same manner and amount as the replacement tax under section 437A.13.

It is the intent of the general assembly that the general assembly evaluate the impact of the imposition of the replacement tax for purposes of determining whether this subsection shall remain in effect and whether a determination shall be made as to the necessity of a recalculation as provided in this subsection for tax years beginning after tax year 2000.

5. The replacement tax, as adjusted by any special utility property tax levy or credit and remitted to a county treasurer by each taxpayer, shall be treated as a property tax when received and shall be disposed of by the county treasurer as taxes on real estate. Notwithstanding the allocation provisions of this section, nothing in this section shall deny any affected taxing entity, as defined in section 403.17, subsection 1, which has enacted an ordinance or entered into an agreement for the division and allocation of taxes authorized under section 403.19 and under which ordinance or agreement the taxes collected in respect of properties owned by any of the taxpayers remitting replacement taxes pursuant to the provisions of this chapter are being divided and allocated, the right to receive its share of the replacement tax revenues collected for any year which would otherwise be paid to such affected taxing entity under the terms of any such ordinance or agreement had this chapter not been enacted. To the extent that adjustment must be made to the allocation described in this section to give effect to the terms of such ordinances or agreements, the department of management and the county treasurer shall make such adjustments.

6. In lieu of the adjustment provided for in subsection 5, the assessed value of property described in section 403.19, subsection 1, may be reduced by the city or county by the amount of the taxable value of the property described in section 437A.16 included in such area on January 1, 1997, pursuant to amendment of the ordinance adopted by such city or county pursuant to section 403.19.

7. The department of management, in consultation with the department of revenue, shall coordinate the utility replacement tax task force and provide staffing assistance to the task force. It is

the intent of the general assembly that the task force include representatives of the department of management, department of revenue, electric companies, natural gas companies, municipal utilities, electric cooperatives, counties, cities, school boards, and industrial, commercial, and residential consumers, and other appropriate stakeholders.

The task force shall study the effects of the replacement tax on local taxing authorities, local taxing districts, consumers, and taxpayers and the department of management shall report to the general assembly by January 1 of each year through January 1, 2005, the results of the study and the specific recommendations of the task force for modifications to the replacement tax, if any, which will further the purposes of tax neutrality for local taxing authorities, local taxing districts, taxpayers, and consumers, consistent with the stated purposes of this chapter. The department of management shall also report to the legislative council by November 15 of each year through 2004, the status of the task force study and any recommendations.

This exemption shall not extend to taxes imposed under chapters 437, 438, and 468, taxpayers described in section 437A.8, subsection 6, or facilities or property described in section 437A.6, subsection 1, paragraphs “a” through “f”, and section 437A.7, subsection 3.

#### 437A.17A Centrally assessed property tax adjustment.

A municipal utility whose property tax assessment for the 1998 assessment year was adjusted by the department of revenue to include depreciation and whose property tax assessment for the 1997 assessment year did not include depreciation in determining its assessment shall be entitled to file a property tax adjustment form provided by the department. The tax adjustment form shall be filed by July 1, 1999. The tax adjustment form shall include an adjusted centrally assessed property tax computation determined by multiplying the centrally assessed property tax which was payable in the fiscal year beginning July 1, 1998,

based upon valuation determined for the 1997 assessment year allocated to electric service and natural gas service by the percentage of adjustment for depreciation made by the department for the 1998 assessment year. The adjusted centrally assessed property tax allocated to electric service and natural gas service shall be used to determine the replacement delivery tax rates in accordance with sections 437A.4 and 437A.5.

#### 437A.19 Adjustment to assessed value — reporting requirements.

1. *a.* A taxpayer whose property is subject to the statewide property tax shall report to the director by July 1, 1999, and by May 1 of each subsequent tax year, on forms prescribed by the director, the book value, as of the beginning and end of the preceding calendar year, of all of the following:

(1) The local amount of any major addition by local taxing district.

(2) The statewide amount of any major addition without notation of location.

(3) Any building in Iowa at acquisition cost of more than ten million dollars which was originally placed in service by the taxpayer prior to January 1, 1998, and which was transferred or disposed of in the preceding calendar year, without notation of location.

(4) Any electric power generating plant in Iowa at acquisition cost of more than ten million dollars which was originally placed in service by the taxpayer prior to January 1, 1998, and which was transferred or disposed of in the preceding calendar year, without notation of location.

(5) All other taxpayer property without notation of location.

(6) The local amount of any major addition eligible for the urban revitalization exemption provided for in chapter 404, by situs.

*b.* For purposes of this section:

(1) “*Book value*” means acquisition cost less accumulated depreciation determined under generally accepted accounting principles.

(2) “*Taxpayer property*” means property described in section 437A.16.

(3) “*To dispose of*” means to sell, abandon, de-commission, or retire an asset.

(4) “*Transfer*” means a transaction which results in a change of ownership of taxpayer property and includes a capital lease transaction.

*c.* For purposes of this subsection, “*taxpayer*” includes a person who would have been a taxpayer in calendar year 1998 had the provisions of this chapter been in effect for the 1998 assessment year.

*d.* If a taxpayer owns or leases pursuant to a capital lease less than the entire interest in a major addition, the local amount and statewide amount, if any, of such major addition shall be apportioned to the taxpayer on the basis of its per-

centage interest in such major addition.

2. Beginning January 1, 1999, the assessed value of taxpayer property shall be adjusted annually as provided in this section. The director, with respect to each taxpayer, shall do all of the following:

*a.* Adjust the assessed value of taxpayer property in each local taxing district by the change in book value during the preceding calendar year of the local amount of any major addition reported within such local taxing district.

*b.* (1) Adjust the assessed value of taxpayer property in each local taxing district by allocating the change in book value during the preceding calendar year of the statewide amount and all other taxpayer property described in subsection 1, paragraph “*a*”, subparagraph (5), to the assessed value of all taxpayer property in the state pro rata according to its preadjustment value.

(2) If, during the preceding calendar year, a taxpayer transferred an electric power generating plant or an interest in an electric power generating plant to a taxpayer who owned no other taxpayer property in this state as of the end of such preceding calendar year, in lieu of the adjustment provided in subparagraph (1), the director shall allocate the transferee taxpayer’s change in book value of the statewide amount during such preceding calendar year, if any, among local taxing districts in proportion to the allocation of the transferor’s assessed value among local taxing districts as of the end of such preceding calendar year.

*c.* In the case of taxpayer property described in subsection 1, paragraph “*a*”, subparagraphs (3) and (4), decrease the assessed value of taxpayer property in each local taxing district by the taxable value of such property within each such local taxing district on January 1, 1998.

*d.* In the event of a merger or consolidation of two or more taxpayers, to determine the assessed value of the surviving taxpayer, combine the assessed values of such taxpayers immediately prior to the merger or consolidation.

*e.* In the event any taxpayer property is eligible for the urban revitalization tax exemption described in chapter 404, adjust the assessed value of taxpayer property within each affected local taxing district to reflect such exemption.

*f.* In the event the base year assessed value of taxpayer property is adjusted as a result of taxpayer appeals, reduce the assessed value of taxpayer property in each local taxing district to reflect such adjustment. The adjustment shall be allocated in proportion to the allocation of the taxpayer’s assessed value among the local taxing districts determined without regard to this adjustment. An adjustment to the base year assessed value of taxpayer property shall be made as of January 1 of the year following the date on which the adjustment is finally determined.

In no event shall the adjustments set forth in this subsection reduce the assessed value of taxpayer property in any local taxing district below zero.

The director, on or before August 31 of each assessment year, shall report to the department of management and to the auditor of each county the adjusted assessed value of taxpayer property as of January 1 of such assessment year for each local taxing district. For purposes of this subsection, the assessed value of taxpayer property in each local taxing district subject to adjustment under this section by the director means the assessed value of such property as of the preceding January 1 as determined and allocated among the local taxing districts by the director.

Nothing in this chapter shall be interpreted to authorize local taxing authorities to exclude from the calculation of levy rates the taxable value of taxpayer property reported to county auditors pursuant to this subsection.

In addition to reporting the assessed values as described in this subsection, the director, on or before October 31, 2003, in the case of January 1, 2003, values, and on or before August 31 of each subsequent assessment year, shall also report to the department of management and to the auditor of each county the taxable value of taxpayer property as of January 1 of such assessment year for each local taxing district. For purposes of this chapter, “*taxable value*” means the value for all property subject to the replacement tax annually determined by the director, by dividing the estimated annual replacement tax liability for that property by the prior year’s consolidated taxing district rate for the taxing district where that property is located, then multiplying the quotient by one thousand. The prior year’s replacement tax amounts for that property shall be used to estimate the current tax year’s taxable value for that property. If property not subject to any threshold recalculation is generating replacement tax for the first time, or if a taxpayer’s replacement tax will not be changed by any threshold recalculation and the taxpayer believes that the replacement tax will vary more than ten percent from the previous tax year, the taxpayer shall report to the director by July 15 of the current calendar year, on forms prescribed by the director, the estimated replacement tax liability that will be attributable to that property for the current tax year. For the purposes of computing the taxable value of property in a taxing district, the taxing district’s share of the estimated replacement tax liability shall be the taxing district’s percentage share of the “assessed value allocated by property tax equivalent” multiplied by the total estimated replacement tax. “*Assessed value allocated by property tax equivalent*” shall be determined by dividing the taxpayer’s current year assessed valuation in a taxing

district by one thousand, and then multiplying by the prior year's consolidated tax rate.

However, a required credit or refund of overpaid statewide property tax pursuant to section 437A.14, subsection 1, as it applies to this subchapter, shall be made by the director and not by city chief financial officers or county treasurers.

Section 422.26 applies with respect to the statewide property tax and penalties imposed by this chapter, except that, as applied to any tax imposed by this chapter, the lien provided shall be prior to and superior over all subsequent liens upon any personal property within this state or right to such personal property belonging to the taxpayer, without the necessity of recording the lien as provided in section 422.26. The requirement for recording, as applied to the statewide property tax imposed by this chapter, shall apply only to a lien upon real property. In order to preserve such lien against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, on any real property situated in a county, the director shall file with the recorder of the county in which the real property is located a notice of the lien.

The county recorder of each county shall prepare and keep in the recorder's office an index and record to show, under the names of taxpayers arranged alphabetically, all of the following:

1. The name of the taxpayer.
2. The name "State of Iowa" as claimant.
3. Time the notice of lien was received.
4. Date of notice.

5. Amount of lien then due.
6. Date of assessment.
7. Date when the lien is satisfied.

The recorder shall endorse on each notice of lien the day, hour, and minute when received and preserve such notice, and shall promptly record the lien in the manner provided for recording real estate mortgages. The lien is effective from the time of the indexing of the lien.

The director, from moneys appropriated to the department of revenue for this purpose, shall pay a recording fee as provided in section 331.604 for the recording of the lien, or for its satisfaction.

Upon the payment of the replacement tax as to which the director has filed notice with a county recorder, the director shall promptly file with the recorder a satisfaction of the replacement tax. The recorder shall enter the satisfaction on the notice on file in the recorder's office and indicate that fact on the index.

### ASSESSMENT AND VALUATION OF PROPERTY

**441.5 Examination and certification of applicants — incumbents.**

For the purpose of examining and certifying candidates for the positions of assessor and deputy assessor, the director of revenue shall prepare and administer a written examination. The examinations shall be administered twice each year in the city of Des Moines. Notification of the time, place and date of the examinations shall be mailed to each city and county assessor, county auditor and chairperson of each city and county conference board at least thirty days prior to the date of the examination.

These examinations shall be conducted by the director of revenue in the same manner as other similar examinations, including secrecy regarding questions prior to the examination and in accordance with other rules as may be prescribed by the director of revenue. The examination shall cover the following and related subjects:

1. Laws pertaining to the assessment of property for taxation, with emphasis on market value assessment as provided in this chapter.
2. Laws on tax exemption.
3. Assessment of real estate and personal property, including market value assessment in accordance with this chapter and including fundamental principles and practices of property ap-

praisal and valuation which are consistent with market value assessment as provided in this chapter.

4. The rights of taxpayers and property owners related to the assessment of property for taxation.
5. The duties of the assessor.
6. Other items related to the position of assessor.

Only individuals who possess a high school diploma or its equivalent are eligible to take the examination. A person desiring to take the examination shall complete an application prior to the administration of the examination.

The director of revenue shall grade the examination taken. The director shall notify, in writing, each applicant of the score attained by the applicant on the examination. An individual who attains a score of seventy percent or greater on the examination is eligible to be certified by the director of revenue as a candidate for any assessor position. Any person who passes the examination and who possesses at least two years of appraisal related experience as determined by the director of revenue shall be granted regular certification and become eligible for appointment to a six-year term as assessor. Any person who passes the examination but who lacks such experience shall be

granted temporary certification, and shall be eligible for a provisional appointment as assessor.

Any person possessing temporary certification who receives a provisional appointment as assessor shall, during the person's first eighteen months in office, be required to complete a course of study prescribed and administered by the director of revenue. Upon the successful completion of this course of study, the assessor shall be granted regular certification and shall be eligible to remain in office for the balance of the assessor's six-year term. All expenses incurred in obtaining regular certification shall be defrayed by the assessment expense fund.

Following the administration of the examination, the director of revenue shall establish a register containing the names, in alphabetical order, of all individuals who are eligible for appointment as assessor. The test scores of individuals on the register shall be given to a city or county conference board upon request. All eligible individuals shall remain on the register for a period of two years following the date of certification granted by the director.

Incumbent assessors who have served six consecutive years shall be placed on the register of individuals eligible for appointment as assessor. In order to be appointed to the position of assessor, the assessor shall comply with the continuing education requirements. The number of credits required for certification as eligible for appointment as assessor in a jurisdiction other than where the assessor is currently serving shall be prorated according to the percentage of the assessor's term which is covered by the continuing education requirements of section 441.8. The credit necessary for certification for appointment is the product of one hundred fifty multiplied by the quotient of the number of months served of an assessor's term covered by the continuing education requirements of section 441.8 divided by seventy-two. If the number of credits necessary for certification for appointment as determined under this paragraph results in a partial credit hour, the credit hour shall be rounded to the nearest whole number.

#### **441.6 Appointment of assessor.**

When a vacancy occurs in the office of city or county assessor, the examining board shall, within seven days of the occurrence of the vacancy, request the director of revenue to forward a register containing the names of all individuals eligible for appointment as assessor. The examining board may, at its own expense, conduct a further examination, either written or oral, of any person whose name appears on the register, and shall make written report of the examination and submit the report together with the names of those individuals certified by the director of revenue to the conference board within fifteen days after the re-

ceipt of the register from the director of revenue.

Upon receipt of the report of the examining board, the chairperson of the conference board shall by written notice call a meeting of the conference board to appoint an assessor. The meeting shall be held not later than seven days after the receipt of the report of the examining board by the conference board. The physical condition, general reputation of the applicants, and their fitness for the position as determined by the examining board shall be taken into consideration in making the appointment. At the meeting, the conference board shall appoint an assessor from the register of eligible candidates. However, if a special examination has not been conducted previously for the same vacancy, the conference board may request the director of revenue to hold a special examination pursuant to section 441.7. The chairperson of the conference board shall give written notice to the director of revenue of the appointment and its effective date within ten days of the decision of the board.

#### **441.7 Special examination.**

If the conference board fails to appoint an assessor from the list of individuals on the register, the conference board shall request permission from the director of revenue to hold a special examination in the particular city or county in which the vacancy has occurred. Permission may be granted by the director of revenue after consideration of factors such as the availability of candidates in that particular city or county. The director of revenue shall conduct no more than one special examination for each vacancy in an assessing jurisdiction. The examination shall be conducted by the director of revenue as provided in section 441.5, except as otherwise provided in this section. The examining board shall give notice of holding the examination for assessor by posting a written notice in a conspicuous place in the county courthouse in the case of county assessors or in the city hall in the case of city assessors, stating that at a specified date, an examination for the position of assessor will be held at a specified place. Similar notice shall be given at the same time by one publication of the notice in three newspapers of general circulation in the case of a county assessor, or in case there are not three such newspapers in a county, then in newspapers which are available, or in one newspaper of general circulation in the city in the case of city assessor. The conference board of the city or county in which a special examination is held shall reimburse the department of revenue for all expenses incurred in the administration of the examination, to be paid for by the respective city or county assessment expense fund. Following the administration of this special examination, the director of revenue shall certify to the examining board a new list of candidates eligi-

ble to be appointed as assessor and the examining board and conference board shall proceed in accordance with the provisions of section 441.6.

**441.8 Term — continuing education — filling vacancy.**

The term of office of an assessor appointed under this chapter shall be for six years. Appointments for each succeeding term shall be made in the same manner as the original appointment except that not less than ninety days before the expiration of the term of the assessor the conference board shall hold a meeting to determine whether or not it desires to reappoint the incumbent assessor to a new term.

Effective January 1, 1980, the conference board shall have the power to reappoint the incumbent assessor only if the incumbent assessor has satisfactorily completed the continuing education program provided for in this section.

The director of revenue shall develop and administer a program of continuing education which shall emphasize assessment and appraisal procedures, and the assessment laws of this state, and which shall include the subject matter specified in section 441.5.

The director of revenue shall establish, designate, or approve courses, workshops, seminars, or symposiums to be offered as part of the continuing education program, the content of these courses, workshops, seminars, or symposiums and the number of hours of classroom instruction for each. The director of revenue may provide that no more than thirty hours of tested credit may be received for the submission of a narrative appraisal approved by a professional appraisal society designated by the director. At least once each year the director of revenue shall evaluate the continuing education program and make necessary changes in the program.

Upon the successful completion of courses, workshops, seminars, a narrative appraisal or symposiums contained in the program of continuing education, as demonstrated by attendance at sessions of the courses, workshops, seminars or symposiums and, in the case of a course designated by the director of revenue, attaining a grade of at least seventy percent on an examination administered at the conclusion of the course, or the submission of proof that a narrative appraisal has been approved by a professional appraisal society designated by the director of revenue the assessor or deputy assessor shall receive credit equal to the number of hours of classroom instruction contained in those courses, workshops, seminars, or symposiums or the number of hours of credit specified by the director of revenue for a narrative appraisal. An assessor or deputy assessor shall not be allowed to obtain credit for a course, workshop, seminar, or symposium for which the assessor or

deputy assessor has previously received credit during the current term or appointment except for those courses, workshops, seminars, or symposiums designated by the director of revenue. Only one narrative appraisal may be approved for credit during the assessor's or deputy assessor's current term or appointment and credit shall not be allowed for a narrative appraisal approved by a professional appraisal society prior to the beginning of the assessor's or deputy assessor's current term or appointment. The examinations shall be confidential, except that the director of revenue and persons designated by the director may have access to the examinations.

Upon receiving credit equal to one hundred fifty hours of classroom instruction during the assessor's current term of office of which at least ninety of the one hundred fifty hours are from courses requiring an examination upon conclusion of the course, the director of revenue shall certify to the assessor's conference board that the assessor is eligible to be reappointed to the position. For persons appointed to complete an unexpired term, the number of credits required to be certified as eligible for reappointment shall be prorated according to the amount of time remaining in the present term of the assessor. If the person was an assessor in another jurisdiction, the assessor may carry forward any credit hours received in the previous position in excess of the number that would be necessary to be considered current in that position.

Within each six-year period following the appointment of a deputy assessor, the deputy assessor shall comply with this section except that upon the successful completion of ninety hours of classroom instruction of which at least sixty of the ninety hours are from courses requiring an examination upon conclusion of the course, the deputy assessor shall be certified by the director of revenue as being eligible to remain in the position. If a deputy assessor fails to comply with this section, the deputy assessor shall be removed from the position until successful completion of the required hours of credit. If a deputy is appointed to the office of assessor, the hours of credit obtained as deputy pursuant to this section shall be credited to that individual as assessor and for the individual to be reappointed at the expiration of the term as assessor, that individual must obtain the credits which are necessary to total the number of hours for reappointment.

Each conference board shall include in the budget for the operation of the assessor's office funds sufficient to enable the assessor and any deputy assessor to obtain certification as provided in this section. The conference board shall also allow the assessor and any deputy assessor sufficient time off from their regular duties to obtain certification. The director of revenue shall adopt rules pursuant to chapter 17A to implement and administer this section.

If the incumbent assessor is not reappointed as

above provided, then not less than sixty days before the expiration of the term of said assessor, a new assessor shall be selected as provided in section 441.6.

In the event of the removal, resignation, death, or removal from the county of the said assessor, the conference board shall proceed to fill the vacancy by appointing an assessor to serve the unexpired term in the manner provided in section 441.6. Until the vacancy is filled, the chief deputy shall act as assessor, and in the event there be no deputy, in the case of counties the auditor shall act as assessor and in the case of cities having an assessor the city clerk shall act as assessor.

#### **441.10 Examination and appointment of deputies — incumbents.**

Immediately after the appointment of the assessor, and at other times as the conference board directs, one or more deputy assessors may be appointed by the assessor. Each appointment shall be made from either the list of eligible candidates provided by the director of revenue, which shall contain only the names of those persons who achieve a score of seventy percent or greater on the examination administered by the director of revenue, or the list of candidates eligible for appointment as city or county assessor. Examinations for the position of deputy assessor shall be conducted in the same manner as examinations for the position of city or county assessor.

Following the administration of the examination, the director of revenue shall establish a register containing the names, in alphabetical order, of all individuals who are eligible for appointment as a deputy assessor. The test scores of individuals on the register shall be given to a city or county conference board upon request. All eligible individuals shall remain on the register for a period of two years following the date of certification granted by the director.

Incumbent deputy assessors who have served six consecutive years shall be placed on the register of individuals eligible for appointment as deputy assessor. In order to be appointed to the position of deputy assessor, the deputy assessor shall comply with the continuing education requirements. The number of credits required for certification as eligible for appointment as a deputy assessor in a jurisdiction other than where the deputy assessor is currently serving shall be prorated according to the percentage of the deputy assessor's term which is covered by the continuing education requirements of section 441.8. The credit necessary for certification for appointment is the product of ninety multiplied by the quotient of the number of months served of a deputy assessor's term covered by the continuing education requirements of section 441.8 divided by seventy-two. If the number of credits necessary for certification

for appointment as determined under this paragraph results in a partial credit hour, the credit hour shall be rounded to the nearest whole number.

The assessor may peremptorily suspend or discharge any deputy assessor under the assessor's direction upon written charges for neglect of duty, disobedience of orders, misconduct, or failure to properly perform the deputy assessor's duties. Within five days after delivery of written charges to the employee, the deputy assessor may appeal by written notice to the secretary or chairperson of the examining board. The board shall grant the deputy assessor a hearing within fifteen days, and a decision by a majority of the examining board is final. The assessor shall designate one of the deputies as chief deputy, and the assessor shall assign to each deputy the duties, responsibilities, and authority as is proper for the efficient conduct of the assessor's office.

#### **441.11 Incumbent deputy assessors.**

The director of revenue shall grant a restricted certificate to any deputy assessor holding office as of January 1, 1976. A deputy assessor possessing such a certificate shall be considered eligible to remain in the deputy's present position provided continuing education requirements are met. To become eligible for another deputy assessor position, a deputy assessor presently holding office is required to obtain certification as provided for in sections 441.5 and 441.10. The number of credit hours required for certification as eligible for appointment as a deputy in a jurisdiction other than where the deputy is currently serving shall be prorated according to the completed portion of the deputy's six-year continuing education period.

#### **441.17 Duties of assessor.**

The assessor shall:

1. Devote full time to the duties of the assessor's office and shall not engage in any occupation or business interfering or inconsistent with such duties. This subsection does not preclude an assessor from being a candidate for elective office during the term of appointment as assessor. If an assessor is elected to a city or county office, to a statewide elective office, or to the general assembly, the assessor shall resign as assessor before the beginning of the term of the office to which the assessor was elected.

2. Cause to be assessed, in accordance with section 441.21, all the property in the assessor's county or city, except property exempt from taxation, or the assessment of which is otherwise provided for by law.

3. Have access to all public records of the county and, so far as practicable, make or cause to be made a careful examination of all such records

and files in order to obtain all available information which may contribute to the accurate listing at its taxable value, and to the proper persons, of all property subject to assessment by the assessor.

4. Cooperate with the director of revenue as may be necessary or required, and obey and execute all orders, directions, and instructions of the director of revenue, insofar as the same may be required by law.

5. Have power to apply to the district court of the county for an order to examine witnesses and requiring the production of books and records of any person, firm, association or corporation within the county, whenever the assessor has reason to believe that such person, firm, association or corporation has not listed property as provided by law. The proceeding for the examination of witnesses and examination of the books and records of any such taxpayer, to determine the existence of taxable property, shall be instituted and conducted in the manner provided for the discovery of property under the provisions of chapter 630. The court shall make an appropriate finding as to the existence of taxable property not listed. All taxable property discovered thereby shall thereupon be assessed by the assessor in the manner provided by law.

In all cases where the court finds that the taxpayer has not listed the taxpayer's property, as provided by law, and in all hearings where the court decides a matter against the taxpayer, the costs shall be paid by the taxpayer, otherwise they shall be paid out of the assessment expense fund. The fees and mileage to be paid witnesses shall be the same as prescribed by law in proceedings in the district courts of this state in civil cases. Where the costs are taxed to the taxpayer they shall be added to the taxes assessed against said taxpayer and the taxpayer's property and shall be collected in the same manner as are other taxes.

6. Make up all assessor's books and records as prescribed by the director of revenue, turn the completed assessor's books and records required for the preparation of the tax list over to the county auditor each year when the board of review has concluded its hearings and the county auditor shall proceed with the preparation of the current year tax list and the assessor shall cooperate with the auditor in the preparation of the tax lists.

7. Submit on or before May 1 of each year completed assessment rolls to the board of review.

8. Lay before the board of review such information as the assessor may possess which will aid said board in performing its duties in adjusting the assessments to the valuations required by law.

9. Furnish to the director of revenue any information which the assessor may have relative to the ownership of any property that may be assessable within this state, but not assessable or subject to being listed for taxation by the assessor.

10. Measure the exterior length and exterior width of all mobile homes and manufactured

homes except those for which measurements are contained in the manufacturer's and importer's certificate of origin, and report the information to the county treasurer. Check all manufactured or mobile homes for inaccuracy of measurements as necessary or upon written request of the county treasurer and report the findings immediately to the county treasurer. The assessor shall make frequent inspections and checks within the assessor jurisdiction of all manufactured or mobile homes and manufactured home communities or mobile home parks and make all the required and needed reports to carry out the purposes of this section.

11. Cause to be assessed for taxation property which the assessor believes has been erroneously exempted from taxation. Revocation of a property tax exemption shall commence with the assessment for the current assessment year, and shall not be applied to prior assessment years.

#### **441.19 Owner to assist — provisions for assessment.**

The assessor shall list every person in the assessor's county or city as the case may be and assess all the property in the county or city, except property exempted or otherwise assessed. A person who refuses to assist in making out a list of the person's property, or of any property which the person is by law required to assist in listing, is guilty of a simple misdemeanor.

1. Supplemental and optional to the procedure for the assessment of property by the assessor as provided in this chapter, the assessor may require from all persons required to list their property for taxation as provided by sections 428.1 and 428.2, a supplemental return to be prescribed by the director of revenue upon which the person shall list the person's property. The supplemental return shall be in substantially the same form as now prescribed by law for the assessment rolls used in the listing of property by the assessors. Every person required to list property for taxation shall make a complete listing of the property upon supplemental forms and return the listing to the assessor as promptly as possible. The return shall be verified over the signature of the person making the return and section 441.25 applies to any person making such a return. The assessor shall make supplemental return forms available as soon as practicable after the first day of January of each year. The assessor shall make supplemental return forms available to the taxpayer by mail, or at a designated place within the taxing district.

2. Upon receipt of such supplemental return from any person the assessor shall prepare a roll assessing such person as hereinafter provided. In the preparation of such assessment roll the assessor shall be guided not only by the information contained in such supplemental roll, but by any other information the assessor may have or which

may be obtained by the assessor as prescribed by the law relating to the assessment of property. The assessor shall not be bound by any values as listed in such supplemental return, and may include in the assessment roll any property omitted from the supplemental return which in the knowledge and belief of the assessor should be listed as required by law by the person making the supplemental return. Upon completion of such roll the assessor shall deliver to the person submitting such supplemental return a copy of the assessment roll, either personally or by mail.

3. Any taxpayer aggrieved by the action of the assessor in the preparation of an assessment roll upon which a supplemental return has been made shall have the same rights and privileges of appeal as provided by law in connection with the assessment rolls prepared in entirety by the assessor, but no assessment rolls prepared by the assessor after receiving a supplemental return shall be deemed insufficient or invalid because of the fact that such assessment roll does not bear the signature of the person assessed, and the signature of the person listing property upon the supplemental return shall be deemed a signature on the roll as prepared by the assessor.

4. The supplemental returns herein provided for shall be preserved in the same manner as assessment rolls, but shall be confidential to the assessor, board of review, or director of revenue, and shall not be open to public inspection, but any final assessment roll as made out by the assessor shall be a public record, provided that such supplemental return shall be available to counsel of either the person making the return or of the public, in case any appeal is taken to the board of review or to the court.

5. In the event of failure of any person required to list property to make a supplemental return, as required herein, on or before the fifteenth day of February of any year when such listing is required, the assessor shall proceed in the listing and assessment of the person's property as provided by this chapter, and no person subject to taxation shall be relieved of the person's obligation to list the person's property through failure to make a supplemental return as herein provided, and any roll prepared by the assessor after receiving a supplemental return or when prepared in accordance with other provisions of this chapter, shall be a valid assessment.

6. The provisions of this chapter relating to assessment rolls shall be applicable to the preparation of rolls upon which a supplemental return has been received, insofar as they are not in conflict with the provision of this section.

On or before February 15 of each year, each owner of industrial real estate shall submit to the local assessor a report listing by year of acquisition and by acquisition cost the owner's machinery as de-

scribed in section 427A.1, subsection 1, paragraph "e", and specifying any machinery added or removed during the preceding assessment year. A report containing an itemized list of machinery by year of acquisition and by acquisition cost shall be required only when deemed necessary by the assessor. The reports shall be submitted on forms prescribed by the director of revenue or on forms submitted by the taxpayer and approved by the assessor which forms shall contain the same information as is required to be reported on forms prescribed by the director. If a person shall knowingly enter false information on the report, the person shall be guilty of a simple misdemeanor. Also, if a person refuses to file the report provided for in this paragraph, the assessor shall proceed in accordance with the provisions of section 441.24.

#### 441.20 Reserved.

For future text of this section effective July 1, 2005, unless repealed pursuant to 2003 Acts, 1st Ex, ch 1, §43, see 2003 Acts, 1st Ex, ch 1, §2, 42

#### 441.21 Actual, assessed and taxable value.

1. *a.* All property subject to taxation shall be valued at its actual value which shall be entered opposite each item, and, except as otherwise provided in this section, shall be assessed at one hundred percent of its actual value, and the value so assessed shall be taken and considered as the assessed value and taxable value of the property upon which the levy shall be made.

*b.* The actual value of all property subject to assessment and taxation shall be the fair and reasonable market value of such property except as otherwise provided in this section. "Market value" is defined as the fair and reasonable exchange in the year in which the property is listed and valued between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and each being familiar with all the facts relating to the particular property. Sale prices of the property or comparable property in normal transactions reflecting market value, and the probable availability or unavailability of persons interested in purchasing the property, shall be taken into consideration in arriving at its market value. In arriving at market value, sale prices of property in abnormal transactions not reflecting market value shall not be taken into account, or shall be adjusted to eliminate the effect of factors which distort market value, including but not limited to sales to immediate family of the seller, foreclosure or other forced sales, contract sales, discounted purchase transactions or purchase of adjoining land or other land to be operated as a unit.

The actual value of special purpose tooling, which is subject to assessment and taxation as real property under section 427A.1, subsection 1, paragraph “e”, but which can be used only to manufacture property which is protected by one or more United States or foreign patents, shall not exceed the fair and reasonable exchange value between a willing buyer and a willing seller, assuming that the willing buyer is purchasing only the special purpose tooling and not the patent covering the property which the special purpose tooling is designed to manufacture nor the rights to manufacture the patented property. For purposes of this paragraph, special purpose tooling includes dies, jigs, fixtures, molds, patterns, and similar property. The assessor shall not take into consideration the special value or use value to the present owner of the special purpose tooling which is designed and intended solely for the manufacture of property protected by a patent in arriving at the actual value of the special purpose tooling.

c. In assessing and determining the actual value of special purpose industrial property having an actual value of five million dollars or more, the assessor shall equalize the values of such property with the actual values of other comparable special purpose industrial property in other counties of the state. Such special purpose industrial property includes, but is not limited to chemical plants. If a variation of ten percent or more exists between the actual values of comparable industrial property having an actual value of five million dollars or more located in separate counties, the assessors of the counties shall consult with each other and with the department of revenue to determine if adequate reasons exist for the variation. If no adequate reasons exist, the assessors shall make adjustments in the actual values to provide for a variation of ten percent or less. For the purposes of this paragraph, special purpose industrial property includes structures which are designed and erected for operation of a unique and special use, are not rentable in existing condition, and are incapable of conversion to ordinary commercial or industrial use except at a substantial cost.

d. Actual value of property in one assessing jurisdiction shall be equalized as compared with actual value of property in an adjoining assessing jurisdiction. If a variation of five percent or more exists between the actual values of similar, closely adjacent property in adjoining assessing jurisdictions in Iowa, the assessors thereof shall determine whether adequate reasons exist for such variation. If no such reasons exist, the assessors shall make adjustments in such actual values to reduce the variation to five percent or less.

e. The actual value of agricultural property shall be determined on the basis of productivity and net earning capacity of the property determined on the basis of its use for agricultural purposes capitalized at a rate of seven percent and applied uniformly among counties and among

classes of property. Any formula or method employed to determine productivity and net earning capacity of property shall be adopted in full by rule.

f. In counties or townships in which field work on a modern soil survey has been completed since January 1, 1949, the assessor shall place emphasis upon the results of the survey in spreading the valuation among individual parcels of such agricultural property.

g. Notwithstanding any other provision of this section, the actual value of any property shall not exceed its fair and reasonable market value, except agricultural property which shall be valued exclusively as provided in paragraph “e” of this subsection.

2. In the event market value of the property being assessed cannot be readily established in the foregoing manner, then the assessor may determine the value of the property using the other uniform and recognized appraisal methods including its productive and earning capacity, if any, industrial conditions, its cost, physical and functional depreciation and obsolescence and replacement cost, and all other factors which would assist in determining the fair and reasonable market value of the property but the actual value shall not be determined by use of only one such factor. The following shall not be taken into consideration: Special value or use value of the property to its present owner, and the good will or value of a business which uses the property as distinguished from the value of the property as property. However, in assessing property that is rented or leased to low-income individuals and families as authorized by section 42 of the Internal Revenue Code, as amended, and which section limits the amount that the individual or family pays for the rental or lease of units in the property, the assessor shall use the productive and earning capacity from the actual rents received as a method of appraisal and shall take into account the extent to which that use and limitation reduces the market value of the property. The assessor shall not consider any tax credit equity or other subsidized financing as income provided to the property in determining the assessed value. Upon adoption of uniform rules by the revenue department or succeeding authority covering assessments and valuations of such properties, said valuation on such properties shall be determined in accordance therewith for assessment purposes to assure uniformity, but such rules shall not be inconsistent with or change the foregoing means of determining the actual, market, taxable and assessed values.

3. “Actual value”, “taxable value”, or “assessed value” as used in other sections of the Code in relation to assessment of property for taxation shall mean the valuations as determined by this section; however, other provisions of the Code providing special methods or formulas for assessing or

valuing specified property shall remain in effect, but this section shall be applicable to the extent consistent with such provisions. The assessor and department of revenue shall disclose at the written request of the taxpayer all information in any formula or method used to determine the actual value of the taxpayer's property.

The burden of proof shall be upon any complainant attacking such valuation as excessive, inadequate, inequitable or capricious; however, in protest or appeal proceedings when the complainant offers competent evidence by at least two disinterested witnesses that the market value of the property is less than the market value determined by the assessor, the burden of proof thereafter shall be upon the officials or persons seeking to uphold such valuation to be assessed.

4. For valuations established as of January 1, 1979, the percentage of actual value at which agricultural and residential property shall be assessed shall be the quotient of the dividend and divisor as defined in this section. The dividend for each class of property shall be the dividend as determined for each class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, plus six percent of the amount so determined. However, if the difference between the dividend so determined for either class of property and the dividend for that class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, is less than six percent, the 1979 dividend for the other class of property shall be the dividend as determined for that class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, plus a percentage of the amount so determined which is equal to the percentage by which the dividend as determined for the other class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, is increased in arriving at the 1979 dividend for the other class of property.

The divisor for each class of property shall be the total actual value of all such property in the state in the preceding year, as reported by the assessors on the abstracts of assessment submitted for 1978, plus the amount of value added to said total actual value by the revaluation of existing properties in 1979 as equalized by the director of revenue pursuant to section 441.49. The director shall utilize information reported on abstracts of assessment submitted pursuant to section 441.45 in determining such percentage. For valuations established as of January 1, 1980, and each year thereafter, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which agricultural and residential property shall be assessed shall be calculated in accordance with the methods provided herein including the limitation of increases in agricultural and residential assessed values to the percentage increase of the other class of property if the other class increases less than the allowable limit adjusted to include the applicable and current values as equalized by the director of revenue, except that any references to six percent in this subsection shall be four percent.

5. For valuations established as of January 1, 1979, commercial property and industrial property, excluding properties referred to in section 427A.1, subsection 7, shall be assessed as a percentage of the actual value of each class of property. The percentage shall be determined for each class of property by the director of revenue for the state in accordance with the provisions of this section. For valuations established as of January 1, 1979, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend for each class of property shall be the total actual valuation for each class of property established for 1978, plus six percent of the amount so determined. The divisor for each class of property shall be the valuation for each class of property established for 1978, as reported by the assessors on the abstracts of assessment for 1978, plus the amount of value added to the total actual value by the revaluation of existing properties in 1979 as equalized by the director of revenue pursuant to section 441.49. For valuations established as of January 1, 1979, property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be considered as one class of property and shall be assessed as a percentage of its actual value. The percentage shall be determined by the director of revenue in accordance with the provisions of this section. For valuations established as of January 1, 1979, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend shall be the total actual valuation established for 1978 by the department of revenue, plus ten percent of the amount so determined. The divisor for property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be the valua-

tion established for 1978, plus the amount of value added to the total actual value by the revaluation of the property by the department of revenue as of January 1, 1979. For valuations established as of January 1, 1980, commercial property and industrial property, excluding properties referred to in section 427A.1, subsection 7, shall be assessed at a percentage of the actual value of each class of property. The percentage shall be determined for each class of property by the director of revenue for the state in accordance with the provisions of this section. For valuations established as of January 1, 1980, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend for each class of property shall be the dividend as determined for each class of property for valuations established as of January 1, 1979, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1979, plus four percent of the amount so determined. The divisor for each class of property shall be the total actual value of all such property in 1979, as equalized by the director of revenue pursuant to section 441.49, plus the amount of value added to the total actual value by the revaluation of existing properties in 1980. The director shall utilize information reported on the abstracts of assessment submitted pursuant to section 441.45 in determining such percentage. For valuations established as of January 1, 1980, property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be assessed at a percentage of its actual value. The percentage shall be determined by the director of revenue in accordance with the provisions of this section. For valuations established as of January 1, 1980, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend shall be the total actual valuation established for 1979 by the department of revenue, plus eight percent of the amount so determined. The divisor for property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be the valuation established for 1979, plus the amount of value added to the total actual value by the revaluation of the property by the department of revenue as of January 1, 1980. For valuations established as of January 1, 1981, and each year thereafter, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which commercial property and industrial property, excluding properties referred to in section 427A.1, subsection 7, shall be assessed shall be calculated in accordance with the methods provided herein, except that any references to six percent in this subsection shall be four percent. For valuations established as of January 1, 1981, and each year thereafter, the percentage of actual value at which

property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be assessed shall be calculated in accordance with the methods provided herein, except that any references to ten percent in this subsection shall be eight percent. Beginning with valuations established as of January 1, 1979, and each year thereafter, property valued by the department of revenue pursuant to chapter 434 shall also be assessed at a percentage of its actual value which percentage shall be equal to the percentage determined by the director of revenue for commercial property, industrial property, or property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438, whichever is lowest.

6. Beginning with valuations established as of January 1, 1978, the assessors shall report the aggregate taxable values and the number of dwellings located on agricultural land and the aggregate taxable value of all other structures on agricultural land. Beginning with valuations established as of January 1, 1981, the agricultural dwellings located on agricultural land shall be valued at their market value as defined in this section and agricultural dwellings shall be valued as rural residential property and shall be assessed at the same percentage of actual value as is all other residential property.

7. For the purpose of computing the debt limitations for municipalities, political subdivisions and school districts, the term "*actual value*" means the "*actual value*" as determined by subsections 1 to 3 of this section without application of any percentage reduction and entered opposite each item, and as listed on the tax list as provided in section 443.2 as "*actual value*".

Whenever any board of review or other tribunal changes the assessed value of property, all applicable records of assessment shall be adjusted to reflect such change in both assessed value and actual value of such property.

8. *a.* Any normal and necessary repairs to a building, not amounting to structural replacements or modification, shall not increase the taxable value of the building. This paragraph applies only to repairs of two thousand five hundred dollars or less per building per year.

*b.* Notwithstanding paragraph "*a*", any construction or installation of a solar energy system on property classified as agricultural, residential, commercial, or industrial property shall not increase the actual, assessed and taxable values of the property for five full assessment years.

*c.* As used in this subsection, "*solar energy system*" means either of the following:

(1) A system of equipment capable of collecting and converting incident solar radiation or wind energy into thermal, mechanical or electrical energy and transforming these forms of energy by a separate apparatus to storage or to a point of use which is constructed or installed after January 1, 1978.

(2) A system that uses the basic design of the building to maximize solar heat gain during the cold season and to minimize solar heat gain in the hot season and that uses natural means to collect, store and distribute solar energy which is constructed or installed after January 1, 1981.

In assessing and valuing the property for tax purposes, the assessor shall disregard any market value added by a solar energy system to a building. The director of revenue shall adopt rules, after consultation with the department of natural resources, specifying the types of equipment and structural components to be included under the guidelines provided in this subsection.

9. Not later than November 1, 1979, and November 1 of each subsequent year, the director shall certify to the county auditor of each county the percentages of actual value at which residential property, agricultural property, commercial property, industrial property, and property valued by the department of revenue pursuant to chapters 428, 433, 434, 437, and 438 in each assessing jurisdiction in the county shall be assessed for taxation. The county auditor shall proceed to determine the assessed values of agricultural property, residential property, commercial property, industrial property, and property valued by the department of revenue pursuant to chapters 428, 433, 434, 437, and 438 by applying such percentages to the current actual value of such property, as reported to the county auditor by the assessor, and the assessed values so determined shall be the taxable values of such properties upon which the levy shall be made.

10. The percentage of actual value computed by the director for agricultural property, residential property, commercial property, industrial property and property valued by the department of revenue pursuant to chapters 428, 433, 434, 437, and 438 and used to determine assessed values of those classes of property does not constitute a rule as defined in section 17A.2, subsection 11.

11. Beginning with valuations established on or after January 1, 1995, as used in this section, "*residential property*" includes all land and buildings of multiple housing cooperatives organized under chapter 499A and includes land and buildings used primarily for human habitation which land and buildings are owned and operated by organizations that have received tax-exempt status under section 501(c)(3) of the Internal Revenue Code and rental income from the property is not taxed as unrelated business income under section 422.33, subsection 1A.

12. Beginning with valuations established on or after January 1, 2002, as used in this section, "*agricultural property*" includes the real estate of a vineyard and buildings used in connection with the vineyard, including any building used for processing wine if such building is located on the

same parcel as the vineyard.

- The board of review shall have the power:
1. To equalize assessments by raising or lowering the individual assessments of real property, including new buildings, made by the assessor.
  2. To add to the assessment rolls any taxable property which has been omitted by the assessor.
  3. To add to the assessment rolls for taxation property which the board believes has been erro-

neously exempted from taxation. Revocation of a property tax exemption shall commence with the assessment for the current assessment year, and shall not be applied to prior assessment years.

In any year after the year in which an assessment has been made of all of the real estate in any taxing district, it shall be the duty of the board of review to meet as provided in section 441.33, and where it finds the same has changed in value, to revalue and reassess any part or all of the real estate contained in such taxing district, and in such case, it shall determine the actual value as of January 1 of the year of the revaluation and reassessment and compute the taxable value thereof, and any aggrieved taxpayer may petition for a revaluation of the taxpayer's property, but no reduction or increase shall be made for prior years. If the assessment of any such property is raised, or any property is added to the tax list by the board, the clerk shall give notice in the manner provided in section 441.36, provided, however, that if the assessment of all property in any taxing district is raised the board may instruct the clerk to give immediate notice by one publication in one of the official newspapers located in the taxing district, and such published notice shall take the place of the mailed notice provided for in section 441.36, but all other provisions of said section shall apply. The decision of the board as to the foregoing matters shall be subject to appeal to the district court within the same time and in the same manner as provided in section 441.38.

#### **441.36 Change of assessment — notice.**

All changes in assessments authorized by the board of review, and reasons therefor, shall be entered in the minute book kept by said board and on the assessment roll. Said minute book shall be filed with the assessor after the adjournment of the board of review and shall at all times be open to public inspection. In case the value of any specific property or the entire assessment of any person, partnership, or association is increased, or new property is added by the board, the clerk shall give immediate notice thereof by mail to each at the post-office address shown on the assessment rolls, and at the conclusion of the action of the board therein the clerk shall post an alphabetical list of those whose assessments are thus raised and added, in a conspicuous place in the office or place of meeting of the board, and enter upon the records a statement that such posting has been made, which entry shall be conclusive evidence of the giving of the notice required. The board shall hold an adjourned meeting, with at least five days intervening after the posting of said notices, before final action with reference to the raising of assessments or the adding of property to the rolls is taken, and the posted notices shall state the time

and place of holding such adjourned meeting, which time and place shall also be stated in the proceedings of the board.

For future amendment to this section effective July 1, 2005, unless repealed pursuant to 2003 Acts, 1st Ex, ch 1, §43, see 2003 Acts, 1st Ex, ch 1, §11, 42

#### **441.37 Protest of assessment — grounds.**

1. Any property owner or aggrieved taxpayer who is dissatisfied with the owner's or taxpayer's assessment may file a protest against such assessment with the board of review on or after April 16, to and including May 5, of the year of the assessment. In any county which has been declared to be a disaster area by proper federal authorities after March 1 and prior to May 20 of said year of assessment, the board of review shall be authorized to remain in session until June 15 and the time for filing a protest shall be extended to and include the period from May 25 to June 5 of such year. Said protest shall be in writing and signed by the one protesting or by the protester's duly authorized agent. The taxpayer may have an oral hearing thereon if request therefor in writing is made at the time of filing the protest. Said protest must be confined to one or more of the following grounds:

*a.* That said assessment is not equitable as compared with assessments of other like property in the taxing district. When this ground is relied upon as the basis of a protest the legal description and assessments of a representative number of comparable properties, as described by the aggrieved taxpayer shall be listed on the protest, otherwise said protest shall not be considered on this ground.

*b.* That the property is assessed for more than the value authorized by law, stating the specific amount which the protesting party believes the property to be overassessed, and the amount which the party considers to be its actual value and the amount the party considers a fair assessment.

*c.* That the property is not assessable, is exempt from taxes, or is misclassified and stating the reasons for the protest.

*d.* That there is an error in the assessment and state the specific alleged error.

*e.* That there is fraud in the assessment which shall be specifically stated.

In addition to the above, the property owner may protest annually to the board of review under the provisions of section 441.35, but such protest shall be in the same manner and upon the same terms as heretofore prescribed in this section.

2. A property owner or aggrieved taxpayer who finds that a clerical or mathematical error has been made in the assessment of the owner's or taxpayer's property may file a protest against that assessment in the same manner as provided in this section, except that the protest may be filed for previous years. The board may correct clerical or mathematical errors for any assessment year in

which the taxes have not been fully paid or otherwise legally discharged.

Upon the determination of the board that a clerical or mathematical error has been made the board shall take appropriate action to correct the error and notify the county auditor of the change in the assessment as a result of the error and the county auditor shall make the correction in the assessment and the tax list in the same manner as provided in section 443.6.

The board shall not correct an error resulting from a property owner's or taxpayer's inaccuracy in reporting or failure to comply with section 441.19.

3. After the board of review has considered any protest filed by a property owner or aggrieved taxpayer and made final disposition of the protest, the board shall give written notice to the property owner or aggrieved taxpayer who filed the protest of the action taken by the board of review on the protest. The written notice to the property owner or aggrieved taxpayer shall also specify the reasons for the action taken by the board of review on the protest.

For future amendments to subsection 1, paragraphs a and b, effective July 1, 2005, unless repealed pursuant to 2003 Acts, 1st Ex, ch 1, §43, see 2003 Acts, 1st Ex, ch 1, §12, 42

**441.39 Trial on appeal.**

The court shall hear the appeal in equity and determine anew all questions arising before the board which relate to the liability of the property to assessment or the amount thereof. The court shall consider all of the evidence and there shall be no presumption as to the correctness of the valuation of assessment appealed from. Its decision shall be certified by the clerk of the court to the county auditor, and the assessor, who shall correct the assessment books accordingly.

For future amendments to this section effective July 1, 2005, unless repealed pursuant to 2003 Acts, 1st Ex, ch 1, §43, see 2003 Acts, 1st Ex, ch 1, §13, 42

Any officer of a county, city, township, drainage district, levee district, or school district interested or a taxpayer thereof may in like manner make complaint before said board of review in respect to the assessment of any property in the township, drainage district, levee district or city and an appeal from the action of the board of review in fixing the amount of assessment on any property concerning which such complaint is made, may be taken by any of such aforementioned officers.

Such appeal is in addition to the appeal allowed to the person whose property is assessed and shall be taken in the name of the county, city, township, drainage district, levee district, or school district interested, and tried in the same manner, except that the notice of appeal shall also be served upon the owner of the property concerning which the complaint is made and affected thereby or person

required to return said property for assessment.

For future amendments to this section effective July 1, 2005, unless repealed pursuant to 2003 Acts, 1st Ex, ch 1, §43, see 2003 Acts, 1st Ex, ch 1, §14, 42

**441.43 Power of court.**

Upon trial of any appeal from the action of the board of review fixing the amount of assessment upon any property concerning which complaint is made, the court may increase, decrease, or affirm the amount of the assessment appealed from.

For future amendments to this section effective July 1, 2005, unless repealed pursuant to 2003 Acts, 1st Ex, ch 1, §43, see 2003 Acts, 1st Ex, ch 1, §15, 42

1. The number of acres of land and the aggregate taxable values of the land, exclusive of city lots, returned by the assessors, as corrected by the board of review.
2. The aggregate taxable values of real estate by class in each township and city in the county, returned as corrected by the board of review.
3. Other facts required by the director of revenue.

If a board of review continues in session beyond June 1, under sections 441.33 and 441.37, the abstract of the real property shall be made out and transmitted to the department of revenue within fifteen days after the date of final adjournment by the board.

**441.47 Adjusted valuations.**

The director of revenue on or about August 15, 1977, and every two years thereafter shall order the equalization of the levels of assessment of each class of property in the several assessing jurisdictions by adding to or deducting from the valuation of each class of property such percentage in each case as may be necessary to bring the same to its taxable value as fixed in this chapter and chapters 427 to 443. The director shall adjust to actual value the valuation of any class of property as set out in the abstract of assessment when the valuation is at least five percent above or below actual value as determined by the director. For purposes of such value adjustments and before such equalization the director shall adopt, in the manner prescribed by chapter 17A, such rules as may be necessary to determine the level of assessment for each class of property in each county. The rules

shall cover: (1) The proposed use of the assessment-sales ratio study set out in section 421.17, subsection 6; (2) the proposed use of any statewide income capitalization studies; (3) the proposed use of other methods that would assist the director in arriving at the accurate level of assessment of each class of property in each assessing jurisdiction.

2003 Acts, ch 145, §286

For future amendment to this section effective July 1, 2005, unless repealed pursuant to 2003 Acts, 1st Ex, ch 1, §43, see 2003 Acts, 1st Ex, ch 1, §17, 42

#### **441.48 Notice of adjustment.**

Before the director of revenue shall adjust the valuation of any class of property any such percentage, the director shall serve ten days' notice by mail, on the county auditor of the county whose valuation is proposed to be adjusted and the director shall hold an adjourned meeting after such ten days' notice, at which time the county or assessing jurisdiction may appear by its city council or board of supervisors, city or county attorney, and other assessing jurisdiction, city or county officials, and make written or oral protest against such proposed adjustment, which protest shall consist simply of a statement of the error, or errors, complained of with such facts as may lead to their correction, and at such adjourned meeting final action may be taken in reference thereto.

#### **441.49 Adjustment by auditor.**

The director shall keep a record of the review and adjustment proceedings and finish the proceedings on or before October 1 unless for good cause the proceedings cannot be completed by that date. The director shall notify each county auditor by mail of the final action taken at the proceedings and specify any adjustments in the valuations of any class of property to be made effective for the jurisdiction.

However, an assessing jurisdiction may request the director to permit the use of an alternative method of applying the equalization order to the property values in the assessing jurisdiction, provided that the final valuation shall be equivalent to the director's equalization order. The assessing jurisdiction shall notify the county auditor of the request for the use of an alternative method of applying the equalization order and the director's disposition of the request. The request to use an alternative method of applying the equalization order, including procedures for notifying affected property owners and appealing valuation adjustments, shall be made within ten days from the date the county auditor receives the equalization

order and the valuation adjustments, and appeal procedures shall be completed by November 30 of the year of the equalization order. Compliance with the provisions of section 441.21 is sufficient grounds for the director to permit the use of an alternative method of applying the equalization order.

On or before October 15 the county auditor shall cause to be published in official newspapers of general circulation the final equalization order. The publication shall include, in type larger than the remainder of the publication, the following statement: "Assessed values are equalized by the department of revenue every two years. Local taxing authorities determine the final tax levies and may reduce property tax rates to compensate for any increase in valuation due to equalization." Failure to publish the equalization order has no effect upon the validity of the orders.

The county auditor shall add to or deduct from the valuation of each class of property in the county the required percentage, rejecting all fractions of fifty cents or less in the result, and counting all fractions over fifty cents as one dollar. For any special charter city that levies and collects its own tax based on current year assessed values, the equalization percentage shall be applied to the following year's values, and shall be considered the equalized values for that year for purposes of this chapter.

The local board of review shall reconvene in special session from October 15 to November 15 for the purpose of hearing the protests of affected property owners or taxpayers within the jurisdiction of the board whose valuation of property if adjusted pursuant to the equalization order issued by the director of revenue will result in a greater value than permitted under section 441.21. The board of review shall accept protests only during the first ten days following the date the local board of review reconvenes. The board of review shall limit its review to only the timely filed protests. The board of review may adjust all or a part of the percentage increase ordered by the director of revenue by adjusting the actual value of the property under protest to one hundred percent of actual value. Any adjustment so determined by the board of review shall not exceed the percentage increase provided for in the director's equalization order. The determination of the board of review on filed protests is final, subject to review by the director of revenue for the purpose of determining whether the board's actions substantially altered the equalization order. In making the review, the director has all the powers provided in chapter 421, and in exercising the powers the director is not subject to chapter 17A. Not later than fifteen days following the adjournment of the board, the board of review shall submit to the director of revenue, on forms prescribed by the director, a report of all actions taken by the board of review during this session.

Not later than ten days after the date the final equalization order is issued, the city or county officials of the affected county or assessing jurisdiction may appeal the final equalization order to the state board of tax review. The appeal shall not delay the implementation of the equalization orders.

Tentative and final equalization orders issued by the director of revenue are not rules as defined in section 17A.2, subsection 7.

**441.50 Appraisers employed.**

The conference board shall have power to employ appraisers or other technical or expert help to assist in the valuation of property, the cost thereof to be paid in the same manner as other expenses of the assessor’s office. The conference board may certify for levy annually an amount not to exceed forty and one-half cents per thousand dollars of assessed value of taxable property for the purpose of establishing a special appraiser’s fund, to be used only for such purposes. From time to time the conference board may direct the transfer of any unexpended balance in the special appraiser’s fund to the assessment expense fund.

For future amendment to this section effective July 1, 2005, unless repealed pursuant to 2003 Acts, 1st Ex, ch 1, §43, see 2003 Acts, 1st Ex, ch 1, §19, 42

**441.73 Litigation expense fund.**

1. A litigation expense fund is created in the state treasury. The litigation expense fund shall be used for the payment of litigation expenses incurred by the state to defend property valuations established by the director of revenue pursuant to section 428.24 and chapters 430A, 433, 434, 437, 437A, and 438, and for the payment of litigation expenses incurred by the state to defend the imposition of replacement taxes and statewide prop-

erty taxes under chapter 437A.

2. If the director of revenue determines that foreseeable litigation expenses will exceed the amount available from appropriations made to the department of revenue, the director of revenue may apply to the executive council for use of funds on deposit in the litigation expense fund. The initial application for approval shall include an estimate of potential litigation expenses, allocated to each of the next four succeeding calendar quarters and substantiated by a breakdown of all anticipated costs for legal counsel, expert witnesses, and other applicable litigation expenses.

3. The executive council may approve expenditures from the litigation expense fund on a quarterly basis. Prior to each quarter, the director of revenue shall report to the executive council and give a full accounting of actual litigation expenses to date as well as estimated litigation expenses for the remaining calendar quarters of the fiscal year. The executive council may adjust quarterly expenditures from the litigation expense fund based on this information.

4. The executive council shall transfer for the fiscal year beginning July 1, 1992, and each fiscal year thereafter, from funds established in sections 425.1 and 426.1, an amount necessary to pay litigation expenses. The amount of the fund for each fiscal year shall not exceed seven hundred thousand dollars. The executive council shall determine annually the proportionate amounts to be transferred from the two separate funds. At any time when no litigation is pending or in progress the balance in the litigation expense fund shall not exceed one hundred thousand dollars. Any excess moneys shall be transferred in a proportionate amount back to the funds from which they were originally transferred.

even whole dollar.

The county auditor shall list the aggregate actual value and the aggregate taxable value of all taxable property within the county and each political subdivision including property subject to the statewide property tax imposed under section 437A.18 on the tax list in order that the actual value of the taxable property within the county or a political subdivision may be ascertained and shown by the tax list for the purpose of computing the debt-incurring capacity of the county or political subdivision. As used in this section, “*actual value*” is the value determined under section 441.21, subsections 1 to 3, prior to the reduction to a percentage of actual value as otherwise provided in section 441.21. “*Actual value*” of property subject to statewide property tax is the assessed value under section 437A.18.

For future amendment to this section effective July 1, 2005, unless repealed pursuant to 2003 Acts, 1st Ex, ch 1, §43, see 2003 Acts, 1st Ex, ch 1, §26, 42

The amount thus recovered shall be by the treasurer apportioned ratably as the taxes would have been if they had been paid according to law.

For future amendment to this section effective July 1, 2005, unless repealed pursuant to 2003 Acts, 1st Ex, ch 1, §43, see 2003 Acts, 1st Ex, ch 1, §27, 42

**TAX LEVIES**

**444.1 Basis for amount of tax.**

In all taxing districts in the state, including

townships, school districts, cities and counties, when by law then existing the people are autho-

alized to determine by vote, or officers are authorized to estimate or determine, a rate of taxation required for any public purpose, such rate shall in all cases be estimated and based upon the adjusted taxable valuation of such taxing district for the preceding calendar year.

For future amendment to this section effective July 1, 2005, unless repealed pursuant to 2003 Acts, 1st Ex, ch 1, §43, see 2003 Acts, 1st Ex, ch 1, §37, 42

#### **444.2 Amounts certified in dollars.**

When an authorized tax rate within a taxing district, including townships, school districts, cities and counties, has been thus determined as provided by law, the officer or officers charged with the duty of certifying the authorized rate to the county auditor or board of supervisors shall, before certifying the rate, compute upon the adjusted taxable valuation of the taxing district for the preceding fiscal year, the amount of tax the rate will raise, stated in dollars, and shall certify the computed amount in dollars and not by rate, to the county auditor and board of supervisors.

#### **444.3 Computation of rate.**

When the valuations for the several taxing districts shall have been adjusted by the several boards for the current year, the county auditor shall thereupon apply such a rate, not exceeding the rate authorized by law, as will raise the amount required for such taxing district, and no larger amount. For purposes of computing the rate under this section, the adjusted taxable valuation of the property of a taxing district does not

include the valuation of property of a railway corporation or its trustee which corporation has been declared bankrupt or is in bankruptcy proceedings. Nothing in the preceding sentence exempts the property of such railway corporation or its trustee from taxation and the rate computed under this section shall be levied on the taxable property of such railway corporation or its trustee.

1. A notice of the date, time, and place of the annual tax sale shall be served upon the person in whose name the parcel subject to sale is taxed. The county treasurer shall serve the notice by sending it by regular first class mail to the person’s last known address not later than May 1 of each fiscal year. The notice shall contain a description of the parcel to be sold which is clear, concise, and sufficient to distinguish the parcel to be sold from all other parcels. It shall also contain the amount of delinquent taxes for which the parcel is liable each year, the amount of the interest and fees, and the amount of the service fee as provided in section 446.10, subsection 2, all to be incorporated as a single sum. The notice shall contain a statement that, after the sale, if the parcel is not redeemed within the period provided in chapter 447, the right to redeem expires and a deed may be issued.

2. Publication of the date, time, and place of the annual tax sale shall be made once by the trea-

surer in at least one official newspaper in the county as selected by the board of supervisors and designated by the treasurer at least one week, but not more than three weeks, before the day of sale. The publication shall contain a description of the parcel to be sold that is clear, concise, and sufficient to distinguish the parcel to be sold from all other parcels. All items offered for sale pursuant to section 446.18 may be indicated by an “s” or by an asterisk. The publication shall also contain the name of the person in whose name the parcel to be sold is taxed and the amount delinquent for which the parcel is liable each year, the amount of the interest and fees, and the amount of the service fee as provided in section 446.10, subsection 2, all to be incorporated as a single sum. a. Requested on a form prescribed by the treasurer that notice of sale be sent to the person.

b. Filed the request form with the treasurer at least one month prior to the date of sale, together with a fee of twenty-five dollars per parcel.

4. Notice required by subsections 1 and 3 shall be deemed completed when the notice is enclosed in a sealed envelope with the proper postage on the envelope, is addressed to the person entitled to receive it at the person's last known mailing address, and is deposited in a mail receptacle provided by the United States postal service. Failure to receive a mailed notice is not a defense to the payment of the total amount due.

5. If, for good cause, a parcel is not included in the publication specified in subsection 2, notice shall be given by publication or by posting a description of the parcel and the date, time, and place of the tax sale in the treasurer's office for two weeks before the regular or any adjourned tax sale and, at the time of the publication or posting, by mailing the notice required in subsection 1.

#### 450.2 Taxable estates and property.

The following estates and property and any interest in or income from any of the following estates and property, which pass from the decedent owner in any manner described in this chapter, are

subject to tax as provided in this chapter:

1. Real estate and tangible personal property located in this state regardless of whether the decedent was a resident of this state at death.

2. Intangible personal property owned by a decedent domiciled in this state.

#### 450.3 Property included.

The tax hereby imposed shall be collected upon the net market value and shall go into the general fund of the state to be determined as herein provided, of any property passing as follows:

1. By will or under the statutes of inheritance of this or any other state or country.

2. By deed, grant, sale, gift, or transfer made within three years of the death of the grantor or donor, which is not a bona fide sale for an adequate and full consideration in money or money's worth and which is in excess of the annual gift tax exclusion allowable for each donee under section 2503, subsections (b) and (e), of the Internal Revenue Code. If both spouses consent, a gift made by one spouse to a person who is not the other spouse is considered, for the purposes of this subsection, as made one half by each spouse under the same terms and conditions provided for in section 2513 of the Internal Revenue Code. The net market value of a transfer described in this subsection shall be the net market value determined as of the date of the transfer.

3. By deed, grant, sale, gift or transfer made or

intended to take effect in possession or enjoyment after the death of the grantor or donor. A transfer of property in respect of which the transferor reserves to the transferor a life income or interest shall be deemed to have been intended to take effect in possession or enjoyment at death, provided, that if the transferor reserves to the transferor less than the entire income or interest, the transfer shall be deemed taxable thereunder only to the extent of a like proportion of the value of the property transferred.

4. To the extent of any property with respect to which the decedent has at the time of death a general power of appointment, or with respect to which the decedent has within three years of death exercised or released a general power of appointment by a disposition which is of a nature that if it were a transfer of property owned by the decedent, the property would be includable in the decedent's gross estate under this section whether the general power was created before or after the taking effect of this chapter. A transfer involving creation of a general power of appointment shall be treated as a transfer of a fee or equivalent interest in the property subject thereto to the donee of the power. Any transfer involving creation of any other power of appointment shall be treated, except when an election is made under subsection 7, as the transfer of a life estate or term of years in the property subject thereto to the donee of the power and as the transfer of the remainder interests to those who would take if the power is not exercised.

5. Property which is held in joint tenancy by the decedent and any other person or persons or any deposit in banks, or other institution in their joint names and payable to either or to the survivor, except such part as may be proven to have belonged to the survivor; or any interest of a decedent in property owned by a joint stock or other corporate body whereby the survivor or survivors become beneficially entitled to the decedent's interest upon the death of a shareholder. However, if such property is so held by the decedent and the surviving spouse as the only co-owners, one half of such property is not subject to taxation under the provisions of this chapter, but if the surviving spouse proves that the surviving spouse contributed to acquisition of such property an amount, in money or other property, greater than one half of the cost of the property held in joint tenancy, the portion of such property which is not subject to taxation under the provisions of this chapter shall be the proportion which the actual contribution by the surviving spouse is of the total contribution to acquisition of such property. The tax imposed upon the passing of property under the provisions of this subsection shall apply to property held under all such contracts or agreements whether made before or after the taking effect of this chapter.

6. When the decedent shall have disposed of

the decedent's estate in any manner to take effect at the decedent's death with a request secret or otherwise that the beneficiary give, pay to, or share the property or any interest therein received from the decedent, with other person or persons, or to so dispose of beneficial interests conferred by the decedent upon the beneficiaries as that the property so passing would be taxable under the provisions of this chapter if passing directly by will or deed from the decedent owner to those to receive the gift from the beneficiary, compliance with such request shall constitute a transfer taxable under the provisions of this chapter, at the highest rate possible in like cases of transfers by will or deed.

7. Which qualifies as a qualified terminable interest property as defined in section 2056(b)(7)(B) of the Internal Revenue Code, shall, if an election is made, be treated and considered as passing in fee, or its equivalent, to the surviving spouse in the estate of the donor-grantor. Property on which the election is made shall be included in the gross estate of the surviving spouse and shall be deemed to have passed in fee from the surviving spouse to the persons succeeding to the remainder interest, unless the property was sold, distributed, or otherwise disposed of prior to the death of the surviving spouse. A sale, disposition, or disposal of the property prior to the death of the surviving spouse shall void the election, and shall subject the property disposed of, less amounts received or retained by the surviving spouse, to tax in the donor-grantor's estate in the same manner as if the tax had been deferred under sections 450.44 through 450.49.

Unless the will or trust instrument provides otherwise, the estate of the surviving spouse shall have the right to recover from the persons succeeding to the remainder interests, the additional tax imposed, if any, without interest, on the surviving spouse by reason of the election being made. The amount of tax recovered, if any, shall be a credit in the donee's estate against the tax imposed on the qualified terminable interest property.

An election under this subsection can only be made if an election in relation to the qualified terminable interest property is also made for federal estate tax purposes.

The director of revenue shall adopt and promulgate all rules necessary for the enforcement and administration of this subsection including the form and manner of making the election.

#### **450.6 Accrual of tax — maturity — extension of time.**

The tax imposed by this chapter accrues at the death of the decedent owner, and shall be paid to the department of revenue on or before the last

day of the ninth month after the death of the decedent owner except if otherwise provided in this chapter. If in the opinion of the director of revenue additional time should be granted for payment to avoid hardship, the director may extend the period to a date not exceeding ten years from the last day of the month in which the death of the decedent occurred. In the case of an extension the tax bears interest at the rate in effect under section 421.7 from the expiration of the last day of the ninth month after the decedent's death. Interest shall be computed on a monthly basis with a fraction of a month counted as a full month.

Upon the approval of the executive council, the tax liability of a beneficiary, heir, surviving joint tenant or other transferee may be paid, in lieu of money, in whole or in part by the transfer of real property or tangible personal property to the state or a political subdivision of the state to be used for public purposes. Before the tax liability may be paid by transfer of property to a political subdivision, the governing body of the political subdivision shall also approve the transfer. The property transferred in payment of tax shall have been included in the decedent's gross estate for inheritance tax purposes and its value for the payment of the tax shall be the same as its value for inheritance tax purposes. The acceptance or rejection of the property in payment of the tax liability and the value of the property shall be certified by the executive council to the director of revenue. The acceptance of the property transferred acts as payment and satisfaction of the inheritance tax liability to the extent of the value of the transferred property, but notwithstanding any other provision, the taxpayer is not entitled to a refund if the transferred property has a value in excess of the tax liability.

#### 450.7 Lien of tax.

1. Except for the share of the estate passing to the surviving spouse, and parents, grandparents, great-grandparents, and other lineal ascendants, children including legally adopted children and biological children entitled to inherit under the laws of this state, stepchildren, and grandchildren, great-grandchildren, and other lineal descendants, the tax is a charge against and a lien upon the estate subject to tax under this chapter, and all property of the estate or owned by the decedent from the death of the decedent until paid, subject to the following limitation:

Inheritance taxes owing with respect to a passing of property of a deceased person are no longer a lien against the property ten years from the date of death of the decedent owner regardless of whether the decedent owner died prior to or subsequent to July 1, 1995, except to the extent taxes are attributable to remainder or deferred inter-

ests and are deferred in accordance with the provisions of this chapter.

2. Notice of the lien is not required to be recorded. The rights of the state under the lien have priority over all subsequent mortgages, purchases, or judgment creditors; and a conveyance after the decedent's death of the property subject to a lien does not discharge the property except as otherwise provided in this chapter. However, if additional tax is determined to be owing under this chapter or chapter 451 after the lien has been released under paragraph "a" or "b", the lien does not have priority over subsequent mortgages, purchases, or judgment creditors unless notice of the lien is recorded in the office of the recorder of the county where the estate is probated, or where the property is located if the estate has not been administered. The department of revenue may release the lien by filing in the office of the clerk of the court in the county where the property is located, the decedent owner died, or the estate is pending or was administered, one of the following:

a. A receipt in full payment of the tax.

b. A certificate of nonliability for the tax as to all property reported in the estate.

c. A release or waiver of the lien as to all or any part of the property reported in the estate, which shall release the lien as to the property designated in the release or waiver.

3. The sale, exchange, mortgage, or pledge of property by the personal representative pursuant to a testamentary direction or power, pursuant to section 633.387, or under order of court, divests the property from the lien of the tax. The proceeds from that sale, exchange, mortgage, or pledge shall be held by the personal representative subject to the same priorities for the payment of the tax as existed with respect to the property before the transaction, and the personal representative is personally liable for payment of the tax to the extent of the proceeds.

#### 450.12 Liabilities deductible.

1. Subject to the limitations in subsections 2 and 3, there shall be deducted from the gross value of the estate only the liabilities defined as follows:

a. The debts owing by the decedent at the time of death, the local and state taxes accrued before the decedent's death, the federal estate tax and federal taxes owing by the decedent, a reasonable sum for funeral expenses, the allowance for surviving spouse and minor children granted by the probate court or its judge, court costs, and any other administration expenses allowable pursuant to section 2053 of the Internal Revenue Code.

b. A liability shall not be deducted unless the personal representative or other person filing the inheritance tax return as provided in section 450.22 certifies that it has been paid or, if not paid, the director of revenue is satisfied that it will be

paid. If the amount of liabilities deductible under this section exceeds the amount of property subject to the payment of the liabilities, the excess shall be deducted from other property included in the gross estate on a prorated basis that the gross value of each item of other property bears to the total gross value of all the other property. Subject to the previous provision, a liability is deductible whether or not the liability is legally enforceable against the decedent's estate.

2. If the decedent's gross estate includes property with a situs outside of Iowa, the liabilities deductible under subsection 1 shall be prorated on the basis that the gross value of property with a situs in Iowa bears to the total gross estate. Only the Iowa portion of the liabilities shall be deductible in computing the tax imposed by this chapter. However, a liability secured by a lien on property shall be allocated to the state where the property has a situs and shall not be prorated except to the extent the liability exceeds the value of the property.

3. If a liability under subsection 1 is secured by property, or a portion of property, not included in the decedent's gross estate, only that portion of the liability attributable to property or a portion of property included in the decedent's gross estate is deductible in computing the tax imposed by this chapter.

The department of revenue shall keep a separate record of any deferred estate upon which the tax due is not paid on or before the last day of the ninth month after the death of the decedent, showing substantially the same facts as are required in other cases, and also showing:

1. The date and amount of all bonds given to secure the payment of the tax with a list of the sureties thereon.

2. The name of the person beneficially entitled to such estate or interest, with place of residence.

3. A description of the property or a statement of conditions upon which such deferred estate is based or limited.

#### 450.27 Commission to appraisers.

When an appraisal of real estate is requested by the department of revenue, as provided in section 450.37, or is otherwise required by this chapter, the clerk shall issue a commission to the appraisers, who shall fix a time and place for appraisal, except that if the only interest that is subject to tax is a remainder or deferred interest upon which the tax is not payable until the determination of a prior estate or interest for life or term of years, the clerk shall not issue the commission until the determination of the prior estate, except at the request of the department of revenue when the parties in interest seek to remove an inheritance tax lien. When valuing the real estate for purposes of inheritance tax, an appraiser does not have the jurisdiction to determine what property or partial interests may or may not be subject to tax. Whole interests in the property should be appraised and the question of the actual property or partial interest subject to inheritance tax is to be determined by means of the administrative procedures pursuant to section 450.94. All joint property that is to be appraised should be listed at its full market value. Long-term leases are not considered in determining the value of property when being appraised.

#### 450.37 Value for computing the tax.

1. Unless the value has been determined under chapter 450B, the tax shall be computed based

upon one of the following:

*a.* The fair market value of the property in the ordinary course of trade determined under subsection 2.

*b.* The alternate value of the property, if the personal representative so elects, that has been established for federal estate tax purposes under section 2032 of the Internal Revenue Code. The election shall be exercised on the return by the personal representative or other person signing the return, within the time prescribed by law for filing the return or before the expiration of any extension of time granted for filing the return.

2. Fair market value of real estate in the ordinary course of trade shall be established by agreement, including an agreement to accept the values as finally determined for federal estate tax purposes. The agreement shall be between the department of revenue, the personal representative, and the persons who have an interest in the property.

*a.* If an agreement has not been reached on the fair market value of real property in the ordinary course of trade, the director of revenue has thirty days after the return is filed to request an appraisal under section 450.27. If an appraisal request is not made within the thirty-day period, the value listed on the return is the agreed value of the real property.

*b.* If an agreement is not reached on the fair market value of personal property in the ordinary course of trade, the personal representative or any person interested in the personal property may appeal to the director of revenue for a revision of the department of revenue's determination of the value and after the appeal hearing may seek judicial review of the director's decision. The provisions of section 450.94, subsection 3, relating to appeal of a determination of the department and review of the director's decision apply to an appeal and review made under this subsection.

3. In addition to the applicable period of limitation for examination and determination, the department shall make an examination to adjust the value of real property for Iowa inheritance tax purposes to the value accepted by the internal revenue service for federal estate tax purposes. The department shall make an examination and adjustment for the value of the real property at any time within six months from the date of receipt by the department of written notice from the personal representative for the estate that all federal estate tax matters between the estate and the internal revenue service have been concluded. To begin the running of the six-month period, the notice shall be in writing in a form sufficient to inform the department of the final disposition of the federal estate tax obligation with the internal revenue service and a copy of the federal document showing the final disposition and final federal adjustments of all real property values must be attached. The department shall make an adjust-

Notwithstanding the period of limitation specified in section 450.94, subsection 3, the personal representative for the estate shall have six months from the day of final disposition of any real property valuation matter between the personal representative for the estate and the internal revenue service to claim a refund of an overpayment of tax due to the change in the valuation of real property by the internal revenue service.

#### 450.88 Corporations to report transfers.

Every Iowa corporation organized for pecuniary profit shall, on July 1 of each year, by its proper officers under oath, make a full and correct report to the director of revenue of all transfers of its stocks made during the preceding year by any person who appears on the books of the corporation as the

owner of the stock, when the transfer is made to take effect at or after the death of the owner or transferor, and all transfers which are made by a personal representative, referee, or any person other than the owner or person in whose name the stocks appeared of record on the books of the corporation, prior to the transfer. This report shall show the name of the owner of the stocks and the owner's place of residence, the name of the person at whose request the stock was transferred, the person's place of residence and the authority by virtue of which the person acted in making the transfer, the name of the person to whom the transfer was made, and the residence of the person, together with other information the officers reporting have relating to estates of persons deceased who may have been owners of stock in the corporation. If it appears that any stock transferred is subject to tax under this chapter, and the tax has not been paid, the director of revenue shall notify the corporation in writing of its liability for the payment of the tax, and shall bring suit against the corporation as in other cases unless payment of the tax is made within sixty days from the date of notice.

This section does not apply if the lien has been released under section 450.7 or the director has issued a consent to transfer.

#### 450.91 Foreign estates — reciprocity — personal property. Repealed by 2003 Acts, ch 95, § 23, 24.

Repeal applies to estates of decedents dying on or after July 1, 2003; 2003 Acts, ch 95, §24

#### 450.93 Unknown heirs.

Whenever the heirs or persons entitled to any estate or any interest therein are unknown or their place of residence cannot with reasonable certainty be ascertained, a tax of five percent shall be paid to the department of revenue upon all such estates or interests, subject to refund as provided herein in other cases; provided, however, that if it be afterwards determined that any estate or interest passes to aliens, there shall be paid within sixty days after such determination and before delivery of such estate or property, an amount equal to the difference between five percent, the amount paid, and the amount which such person should pay under the provisions of this chapter.

2003 Acts, ch 145, §286

#### 450.94 Return — determination — appeal.

1. "Taxpayer" as used in this section means a person liable for the payment of tax as stated in section 450.5.

2. The taxpayer shall file an inheritance tax return on forms to be prescribed by the director of revenue on or before the last day of the ninth

month after the death of the decedent. When an inheritance tax return is filed, the department shall examine it and determine the correct amount of tax. If the amount paid is less than the correct amount due, the department shall notify the taxpayer of the total amount due together with any penalty and interest which shall be a sum certain if paid on or before the last day of the month in which the notice is dated, or on or before the last day of the following month if the notice is dated after the twentieth day of a month and before the first day of the following month.

3. If the amount paid is greater than the correct tax, penalty, and interest due, the department shall refund the excess with interest. Interest shall be computed at the rate in effect under section 421.7, under the rules prescribed by the director counting each fraction of a month as an entire month and the interest shall begin to accrue on the first day of the second calendar month following the date of payment or on the date the return was due to be filed or was filed, whichever is the latest. However, the director shall not allow a claim for refund or credit that has not been filed with the department within three years after the tax payment upon which a refund or credit is claimed became due, or one year after the tax payment was made, whichever time is later. A determination by the department of the amount of tax, penalty, and interest due, or the amount of refund for excess tax paid, is final unless the person aggrieved by the determination appeals to the director for a revision of the determination within sixty days from the date of the notice of determination of tax, penalty, and interest due or refund owing or unless the taxpayer contests the determination by paying the tax, interest, and penalty and timely filing a claim for refund. The director shall grant a hearing, and upon the hearing the director shall determine the correct tax, penalty, and interest or refund due, and notify the appellant of the decision by mail. The decision of the director is final unless the appellant seeks judicial review of the director's decision under section 450.59 within sixty days after the date of the notice of the director's decision.

4. Payments received must be credited first to the penalty and interest accrued and then to the tax due.

5. The amount of tax imposed under this chapter shall be assessed according to one of the following:

*a.* Within three years after the return is filed

with respect to property reported on the final inheritance tax return.

*b.* At any time after the tax became due with respect to property not reported on the final inheritance tax return, but not later than three years after the omitted property is reported to the department on an amended return or on the final inheritance tax return if one was not previously filed.

In addition to the applicable periods of limitations for examination and determination specified in paragraphs "a" and "b", the department may make an examination and determination at any time within six months from the date of receipt by the department of written notice from the taxpayer of the final disposition of any matter between the taxpayer and the internal revenue service with respect to the federal estate, gift, or generation skipping transfer tax. In order to begin the running of the six months assessment period, the notice shall be in writing in form sufficient to inform the department of the final disposition of any matter with respect to the federal estate, gift, or generation skipping transfer tax, and a copy of the federal document showing the final disposition or final federal adjustments shall be attached to the notice.

#### **450.97 Joint owners of bank accounts — duty to notify department of revenue.**

No person, bank, credit union, or savings and loan association shall permit the withdrawal of funds from a joint account by a surviving joint owner without first notifying the department of revenue of the balance in such account at the date of decedent's death and the name and address of the surviving joint owner. Such notification may be accomplished by mailing the required information to the department of revenue and withdrawal or payment of such funds may be made immediately thereafter as long as such mailing is accomplished by ordinary mail no later than the date of withdrawal or earlier if knowledge of the decedent's death is known by the depository. A person, bank, credit union, or savings and loan association shall only be liable for any inheritance tax due by the surviving joint owner for willful failure to report to the department of revenue as herein provided.

## CHAPTER 450B

### QUALIFIED USE INHERITANCE TAX

#### 450B.2 Alternate election of value for qualified use.

Notwithstanding section 450.37, the value of qualified real property for the purpose of the tax imposed under chapter 450 may, at the election of the taxpayer, be its value for the use under which it qualifies as prescribed by section 2032A of the Internal Revenue Code. A taxpayer may make an election under this section only if all of the following conditions are met:

1. An election for federal estate tax purposes was made with regard to the qualified real property under section 2032A of the Internal Revenue Code.
2. All persons who signed the agreement referred to in section 2032A(d)(2) of the Internal Revenue Code make the election under this section and sign an agreement with the department of revenue consenting to the application of section 450B.3 with respect to the qualified real property.
3. The total decrease in the value of the qualified real property as a result of the election under this section does not exceed the dollar limitation specified in section 2032A(a)(2) of the Internal Revenue Code.

The election under this section shall be made by the taxpayer in the manner as the director of revenue may prescribe by rule. The value for the qualified use under this section shall be the value as determined and accepted for federal estate tax purposes.

The definitions and special rules specified in section 2032A(e) of the Internal Revenue Code shall apply with respect to qualified real property

for which an election was made under this section except that rules shall be prescribed by the director of revenue in lieu of the regulations promulgated by the secretary of treasury.

The director shall prescribe regulations setting forth the application of this chapter in the case of an interest in a partnership, corporation, or trust which, with respect to the decedent, is an interest in a closely held business within the meaning of section 6166(b)(1) of the Internal Revenue Code. Such regulations shall conform as nearly as possible with the regulations promulgated by the United States secretary of treasury in respect to such interests.

2003 Acts, ch 145, §286

#### 450B.3 Additional inheritance tax applicable.

There is imposed upon the qualified heir an additional inheritance tax if, within ten years after the decedent’s death and before the death of the qualified heir, the qualified heir disposes of, other than to a member of the family, any interest in qualified real property for which an election under section 450B.2 was made or ceases to use for the qualified use the qualified real property for which an election under section 450B.2 was made as prescribed in section 2032A(c) of the Internal Revenue Code. The additional inheritance tax shall be the amount computed under section 450B.5 and shall be due six months after the date of the disposition or cessation of qualified use referred to in this section. The amount of the addi-

tional inheritance tax shall accrue interest at the rate of ten percent per year from nine months after the decedent's death to the due date of the tax. The tax shall be paid to the department of revenue and shall be deposited into the general fund of the state. Taxes not paid within the time prescribed in this section shall draw interest at the rate of ten percent per annum until paid. There shall not be an additional inheritance tax if the disposition or cessation occurs ten years or more after the decedent's death.

2003 Acts, ch 145, §286  
Terminology change applied

#### **450B.6 Lien of tax.**

A lien is created in favor of the state for the additional inheritance tax which may be imposed by section 450B.3 on the qualified real property for which an election has been made under section 450B.2. The lien created by this section shall continue until the tax has been paid or ten years after the tax is due, whichever date occurs first. However, the lien shall expire ten years after the decedent's death if the qualified heir has not disposed of or ceased to use for the qualified use the qualified real property which would impose the tax under section 450B.3. The department of revenue may release the lien prior to the payment of the tax due, if any, if adequate security for payment of the

tax is given.

Unless the lien has been perfected by recording in the office of the recorder in the county where the estate is probated, a transfer of the qualified real property to a bona fide purchaser for value shall divest the property of the lien. If the lien is perfected by recording, the rights of the state under the lien have priority over all subsequent mortgagees, purchasers or judgment creditors. The lien may be foreclosed by the director of revenue in the same manner as is now prescribed for the foreclosure of real estate mortgages and upon judgment, execution shall be issued to sell as much of the property necessary to satisfy the tax, interest and costs due.

#### **450B.7 Other inheritance tax laws applicable.**

All the provisions of chapter 450 with respect to the payment, collection and administration of the inheritance tax imposed under that chapter, including the confidentiality of the tax return, are applicable to the provisions of this chapter to the extent consistent. The director of revenue shall adopt and promulgate all rules necessary for the enforcement and administration of this chapter.

The values of all items included in the gross estate, as shown by those returns, or supplemental or amended returns, shall be considered as the values of those items for the purposes of this chapter. In case of revaluation or correction of valuation of any of those items, either by supplemental or amended returns, or by the federal commissioner of internal revenue, or by an appellate tribunal by which the value is finally determined, the corrected values shall be considered as the values of those items for the purposes of this chapter.

## CHAPTER 452A

### MOTOR FUEL AND SPECIAL FUEL TAXES

#### 452A.2 Definitions.

As employed in this division:

1. "*Aviation gasoline*" means any gasoline which is capable of being used for propelling aircraft, which is invoiced as aviation gasoline or is received, sold, stored, or withdrawn from storage by any person for the purpose of propelling aircraft. Motor fuel capable of being used for propelling motor vehicles is not aviation gasoline.

2. "*Biofuel*" means an oxygenated product derived from soybean oil, vegetable oil, or animal fats that can be used in diesel engines or aircraft. Biofuel may be a blend with diesel fuel or it may be one hundred percent soybean oil, vegetable oil, or animal fats. Any biofuel product is a special fuel.

3. "*Blender*" means a person who owns and blends alcohol with gasoline to produce ethanol blended gasoline and blends the product at a non-terminal location. The blender is not restricted to blending alcohol with gasoline. Products blended with gasoline other than grain alcohol are taxed as gasoline. "*Blender*" also means a person blending two or more special fuel products at a nonterminal location where the tax has not been paid on all of the products blended. This blend is taxed as a special fuel.

4. "*Common carrier*" or "*contract carrier*" means a person involved in the movement of motor fuel or special fuel from the terminal or movement of the motor fuel or special fuel imported into this state, who is not an owner of the motor fuel or special fuel.

5. "*Dealer*" means a person, other than a distributor, who engages in the business of selling or distributing motor fuel or special fuel to the end user in this state.

6. "*Denatured ethanol*" means ethanol that is to be blended with gasoline, has been derived from cereal grains, complies with American society for testing and materials designation D-4806-95b, and may be denatured only as specified in Code of Federal Regulations, Titles 20, 21, and 27. Alcohol and denatured ethanol have the same meaning in this chapter.

7. "*Department*" means the department of revenue.

8. "*Director*" means the director of revenue.

9. "*Distributor*" means a person who acquires tax paid motor fuel or special fuel from a supplier, restrictive supplier or importer, or another distributor for subsequent sale at wholesale and distribution by tank cars or tank trucks or both. The department may require that the distributor be registered to have terminal purchase rights.

10. "*Eligible purchaser*" means a distributor of motor fuel or special fuel or an end user of special fuel who has purchased a minimum of two hundred forty thousand gallons of special fuel each year in the preceding two years. Eligible purchasers who elect to make delayed payments to a licensed supplier shall use electronic funds transfer. Additional requirements for qualifying as an eligible purchaser shall be established by rule.

11. "*Ethanol blended gasoline*" means motor fuel containing at least ten percent alcohol dis-

tilled from cereal grains.

12. “*Export*” means delivery across the boundaries of this state by or for the seller or purchaser from a place of origin in this state.

13. “*Exporter*” means a person or other entity who acquires fuel in this state for export to another state.

14. “*Import*” means delivery across the boundaries of this state by or for the seller or purchaser from a place of origin outside this state.

15. “*Importer*” means a person who imports motor fuel or undyed special fuel in bulk or transport load into the state by truck, rail, or barge.

16. “*Licensed compressed natural gas and liquefied petroleum gas dealer*” means a person in the business of handling untaxed compressed natural gas or liquefied petroleum gas who delivers any part of the fuel into a fuel supply tank of any motor vehicle.

17. “*Licensed compressed natural gas and liquefied petroleum gas user*” means a person licensed by the department who dispenses compressed natural gas or liquefied petroleum gas, upon which the special fuel tax has not been previously paid, for highway use from fuel sources owned and controlled by the person into the fuel supply tank of a motor vehicle, or commercial vehicle owned or controlled by the person.

18. “*Licensee*” means a person holding an uncanceled supplier’s, restrictive supplier’s, importer’s, exporter’s, dealer’s, user’s, or blender’s license issued by the department under this division or any prior motor fuel tax law or any other person who possesses fuel for which the tax has not been paid.

19. “*Motor fuel*” means both of the following:

a. All products commonly or commercially known or sold as gasoline, including ethanol blended gasoline, casinghead, and absorption or natural gasoline, regardless of the products’ classifications or uses, and including transmix which serves as a buffer between fuel products in the pipeline distribution process.

b. Any liquid advertised, offered for sale, sold for use as, or commonly or commercially used as a fuel for propelling motor vehicles which, when subjected to distillation of gasoline, naphtha, kerosene and similar petroleum products (American society for testing and materials designation D-86), shows not less than ten per centum distilled (recovered) below three hundred forty-seven degrees Fahrenheit (one hundred seventy-five degrees Centigrade) and not less than ninety-five per centum distilled (recovered) below four hundred sixty-four degrees Fahrenheit (two hundred forty degrees Centigrade).

“*Motor fuel*” does not include special fuel, and does not include liquefied gases which would not exist as liquids at a temperature of sixty degrees Fahrenheit and a pressure of fourteen and seven-tenths pounds per square inch absolute, or naphthas and solvents unless the liquefied gases or

naphthas and solvents are used as a component in the manufacture, compounding, or blending of a liquid within paragraph “b”, in which event the resulting product shall be deemed to be motor fuel.

20. “*Naphthas and solvents*” shall mean and include those liquids which come within the distillation specifications for motor fuel set out under subsection 19, paragraph “b”, but which are designed and sold for exclusive use other than as a fuel for propelling motor vehicles.

21. “*Nonterminal storage facility*” means a facility where motor fuel or special fuel, other than liquefied petroleum gas, is stored that is not supplied by a pipeline or a marine vessel. “*Nonterminal storage facility*” includes a facility that manufactures products such as alcohol, biofuel, blend stocks, or additives which may be used as motor fuel or special fuel, other than liquefied petroleum gas, for operating motor vehicles or aircraft.

22. “*Racing fuel*” means leaded gasoline of one hundred ten octane or more that does not meet American society for testing and materials designation D-4814 for gasoline and is sold in bulk for use in nonregistered motor vehicles.

23. “*Regional transit system*” means regional transit system as defined in section 452A.57, subsection 11.

24. “*Restrictive supplier*” means a person who imports motor fuel or undyed special fuel into this state in tank wagons or in small tanks not otherwise licensed as an importer.

25. “*Special fuel*” means fuel oils and all combustible gases and liquids suitable for the generation of power for propulsion of motor vehicles or turbine-powered aircraft, and includes any substance used for that purpose, except that it does not include motor fuel. Kerosene shall not be considered to be a special fuel, unless blended with other special fuels for use in a motor vehicle with a diesel engine.

26. “*Supplier*” means a person who acquires motor fuel or special fuel by pipeline or marine vessel from a state, territory, or possession of the United States, or from a foreign country for storage at and distribution from a terminal and who is registered under 26 U.S.C. § 4101 for tax-free transactions in gasoline, a person who produces in this state or acquires by truck, railcar, or barge for storage at and distribution from a terminal, alcohol or alcohol derivative substances, or a person who produces, manufactures, or refines motor fuel or special fuel in this state. “*Supplier*” includes a person who does not meet the jurisdictional connection to this state but voluntarily agrees to act as a supplier for purposes of collecting and reporting the motor fuel or special fuel tax. “*Supplier*” does not include a retail dealer or wholesaler who merely blends alcohol with gasoline before the sale or distribution of the product or a terminal operator who merely handles, in a terminal, motor fuel or special fuel consigned to the terminal operator.

27. “*Terminal*” means a motor fuel or special

fuel storage and distribution facility that is supplied by a pipeline or a marine vessel and from which the fuel may be removed at a rack. “Terminal” does not include a facility at which motor fuel or special fuel blend stocks and additives are used in the manufacture of products other than motor fuel or special fuel and from which no motor fuel or special fuel is removed.

28. “Terminal operator” means the person who by ownership or contractual agreement is charged with the responsibility for, or physical control over, and operation of a terminal. If co-venturers own a terminal, “terminal operator” means the person who is appointed to exercise the responsibility for, or physical control over, and operation of the terminal.

29. “Urban transit system” means Iowa urban transit system as defined in section 452A.57, subsection 6.

30. “Use” means the receipt, delivery, or placing of liquefied petroleum gas by a licensed liquefied petroleum gas user into a fuel supply tank of a motor vehicle while the vehicle is in the state, except that with respect to natural gas used as a special fuel, “use” means the receipt, delivery, or placing of the natural gas into equipment for compressing the gas for subsequent delivery into the fuel supply tank of a motor vehicle.

31. “Withdrawn from terminal” means physical movement from a supplier to a distributor or eligible end user and includes an importer going out of state and obtaining fuel from a terminal and bringing the fuel into the state, and a restrictive supplier bringing fuel into the state even though not purchased directly from a terminal.

#### 452A.17 Refunds.

1. A person who uses motor fuel or undyed special fuel for any of the nontaxable purposes listed in this subsection, and who has paid the motor fuel or special fuel tax either directly to the department or by having the tax added to the price of the fuel, and who has a refund permit, upon presentation to and approval by the department of a claim for refund, shall be reimbursed and repaid the amount of the tax which the claimant has paid on the gallonage so used, except that the amount of a refund payable under this division may be applied by the department against any tax liability outstanding on the books of the department against the claimant.

a. The refund is allowable for motor fuel or undyed special fuel sold directly to and used for the following:

(1) The United States or any agency or instrumentality of the United States or where collection of the tax would be prohibited by the Constitution of the United States or the laws of the United

States or by the Constitution of the State of Iowa.

(2) An Iowa urban transit system which is used for a purpose specified in section 452A.57, subsection 6.

(3) A regional transit system, the state, any of its agencies, any political subdivision of the state, or any benefited fire district which is used for a purpose specified in section 452A.57, subsection 11, or for public purposes, including fuel sold for the transportation of pupils of approved public and nonpublic schools by a carrier who contracts with the public school under section 285.5.

(4) Fuel used in unlicensed vehicles, stationary engines, implements used in agricultural production, and machinery and equipment used for nonhighway purposes.

(5) Fuel used for producing denatured alcohol.

(6) Fuel used for idle time, power takeoffs, reefer units, pumping credits, and transport diversions, fuel lost through casualty, exports by distributors, and blending errors for special fuel. The department shall adopt rules setting forth specific requirements relating to refunds for idle time, power takeoffs, reefer units, pumping credits, and transport diversions, fuel lost through casualty, and blending errors for special fuel.

(7) A bona fide commercial fisher, licensed and operating under an owner’s certificate for commercial fishing gear issued pursuant to section 482.4.

(8) For motor fuel or undyed special fuel placed in motor vehicles and used, other than on a public highway, in the extraction and processing of natural deposits, without regard to whether the motor vehicle was registered under section 321.18. An applicant under this subparagraph shall maintain adequate records for a period of three years beyond the date of the claim.

(9) Undyed special fuel used in watercraft.

(10) Racing fuel.

b. A claim for refund is subject to the following conditions:

(1) The claim shall be on a form prescribed by the department and be certified by the claimant under penalty for false certificate.

(2) The claim shall include proof as prescribed by the department showing the purchase of the motor fuel or undyed special fuel on which a refund is claimed.

(3) An invoice shall not be acceptable in support of a claim for refund unless it is a separate serially numbered invoice covering no more than one purchase of motor fuel or undyed special fuel, prepared by the seller on a form approved by the department which will prevent erasure or alteration and unless it is legibly written with no corrections or erasures and shows the date of sale, the name and address of the seller and of the purchaser, the kind of fuel, the gallonage in figures, the per gallon price of the motor fuel or undyed special fuel, the total purchase price including the Iowa motor fuel or undyed special fuel tax and that the total pur-

chase price including tax has been paid. However, with respect to refund invoices made on a billing machine, the department may waive any of the requirements of this subparagraph.

(4) The claim shall state the gallonage of motor fuel that was used or will be used by the claimant other than in aircraft, watercraft, or to propel motor vehicles and the gallonage of undyed special fuel that was or will be used by the claimant other than in aircraft or to propel motor vehicles, the manner in which the motor fuel or undyed special fuel was used or will be used, and the equipment in which it was used or will be used.

(5) The claim shall state whether the claimant used fuel for aircraft, watercraft, or to propel motor vehicles from the same tanks or receptacles in which the claimant kept the motor fuel on which the refund is claimed or whether the claimant used fuel for aircraft or to propel motor vehicles from the same tanks or receptacles in which the claimant kept the undyed special fuel on which the refund is claimed.

(6) If an original invoice is lost or destroyed the department may in its discretion accept a copy identified and certified by the seller as being a true copy of the original.

(7) Claim shall be made by and the amount of the refund shall be paid to the person who purchased the motor fuel or undyed special fuel as shown in the supporting invoice unless that person designates another person as an agent for purposes of filing and receiving the refund for idle time, power takeoff, reefer units, pumping credits, and transport diversions. A governmental agency may be designated as an agent for another governmental agency for purposes of filing and receiving the refund under this section.

(8) In order to verify the validity of a claim for refund the department shall have the right to require the claimant to furnish such additional proof of validity as the department may determine and to examine the books and records of the claimant. Failure of a claimant to furnish the claimant's books and records for examination shall constitute a waiver of all rights to refund related to the transaction in question.

2. In lieu of the refund provided in this section, a person may receive an income tax credit as provided in chapter 422, division IX, but only as to motor fuel not used in motor vehicles, aircraft, or watercraft or as to undyed special fuel not used in motor vehicles or aircraft.

3. *a.* A claim for refund shall not be allowed unless the claimant has accumulated sixty dollars in credits for one calendar year. A claim for refund may be filed anytime the sixty dollar minimum has been met within the calendar year. If the sixty dollar minimum has not been met in the calendar year, the credit shall be claimed on the claimant's income tax return unless the taxpayer is not required to file an income tax return in which case

a refund shall be allowed. Once the sixty dollar minimum has been met, the claim for refund must be filed within three years following the end of the month in which the earliest invoice is dated.

*b.* A refund shall not be paid with respect to any motor fuel taken out of this state in supply tanks of watercraft, aircraft, or motor vehicles or with respect to any undyed special fuel taken out of this state in supply tanks of aircraft or motor vehicles.

Each county board of supervisors within the region is responsible for determining the service and funding within its county. However, the administration and overhead support services for the overall regional transit system shall be consolidated into one exist-

The requirements for recording shall, as applied to the tax imposed by this chapter, apply only to the liens upon real property. When requested to do so by any person from whom a taxpayer is seeking credit, or with whom the taxpayer is negotiating the sale of any personal property, or by any other person having a legitimate interest in such information, the director shall, upon being satisfied that such a situation exists, inform such person as to the amount of unpaid taxes due by such taxpayer under the provisions of this chapter. #### **452A.68 Power of department of revenue or the state department of transportation to cancel licenses.**

If a licensee files a false return of the data or information required by this chapter, or fails, refuses, or neglects to file a return required by this chapter, or to pay the full amount of fuel tax as required by this chapter, or is substantially delinquent in paying a tax due, owing, and administered by the department of revenue, and interest and penalty if appropriate, or if the person is a corporation and if any officer having a substantial legal or equitable interest in the ownership of the

corporation owes any delinquent tax of the licensee corporation, or interest or penalty on the tax, administered by the department, then after ten days' written notice by mail directed to the last known address of the licensee setting a time and place at which the licensee may appear and show cause why the license should not be canceled, and if the licensee fails to appear or if upon the hearing it is shown that the licensee failed to correctly report or pay the tax, the appropriate state agency may cancel the license and shall notify the licensee of the cancellation by mail to the licensee's last known address.

If a licensee abuses the privileges for which the license was issued, fails to produce records reasonably requested or fails to extend reasonable cooperation to the appropriate state agency, the licensee shall be advised in writing of a hearing scheduled to determine if the license shall be canceled. The appropriate state agency upon the presentation of a preponderance of evidence may cancel a license for cause.

The director of the appropriate state agency may reissue a license which has been canceled for cause. As a condition of reissuance of a license, in addition to requirements for issuing a new license, the director may require a waiting period not to exceed ninety days before a license can be reissued or a new license issued. The director shall adopt rules specifying those instances for which a waiting period will be required.

Upon receipt of written request from any licensee the appropriate state agency shall cancel the license of the licensee effective on the date of receipt of the request. If, upon investigation, the appropriate state agency finds that a licensee is no longer engaged in the activities for which a license was issued and has not been so engaged for a period of six months, the state agency shall cancel the license and give thirty days' notice of the cancellation mailed to the last known address of the licensee.

The notice shall give the date of proposed cessation or discontinuance, and, in the event of a proposed sale or transfer of the business, the date and the name and address of the purchaser or transferee. All fuel taxes, penalties and interest under this chapter not yet due and payable shall, together with any and all in-

#### 455B.183 Written permits required.

1. It is unlawful to carry on any of the following activities without first securing a written permit from the director, or from a city or county public works department if the public works department reviews the activity under this section, as required by the department:

a. The construction, installation, or modification of any disposal system or public water supply system or part thereof or any extension or addition thereto except those sewer extensions and water supply distribution system extensions that are subject to review and approval by a city or county public works department pursuant to this section, the use or disposal of sewage sludge, and private sewage disposal systems. Unless federal law or regulation requires the review and approval of plans and specifications, a permit shall be issued for the construction, installation, or modification of a public water supply system or part of a system if a qualified, registered engineer certifies to the department that the plans for the system or part of the system meet the requirements of state and federal law or regulations. The permit shall state that approval is based only upon the engineer’s certification that the system’s design meets the requirements of all applicable state and federal laws and regulations and the review of the department shall be advisory.

b. The construction or use of any new point source for the discharge of any pollutant into any water of the state.

c. The operation of any waste disposal system or public water supply system or any part of or extension or addition to the system. This provision does not apply to a pretreatment system, the effluent of which is to be discharged directly to another disposal system for final treatment and disposal; a semipublic sewage disposal system, the construction of which has been approved by the department and which does not discharge into water of the state; or a private sewage disposal system which does not discharge into a water of the state. Sludge from a semipublic or private sewage disposal system shall be disposed of in accordance with the rules adopted by the department pursuant to chapter 17A. The exemption of this paragraph shall not apply to any industrial waste discharges.

2. Upon adoption of standards by the commission pursuant to section 455B.173, subsections 5 to 8, plans and specifications for sewer extensions and water supply distribution system extensions covered by this section shall be submitted to the city or county public works department for approval if the local public works department employs a qualified, registered engineer who reviews the plans and specifications using the specific state standards known as the Iowa Standards for Sewer Systems and the Iowa Standards for Water

Supply Distribution Systems that have been formulated and adopted by the department pursuant to section 455B.173, subsections 5 to 8. The local agency shall issue a written permit to construct if all of the following apply:

*a.* The submitted plans and specifications are in substantial compliance with departmental rules and the Iowa Standards for Sewer Systems and the Iowa Standards for Water Supply Distribution Systems.

*b.* The extensions primarily serve residential consumers and will not result in an increase greater than five percent of the capacity of the treatment works or serve more than two hundred fifty dwelling units or, in the case of an extension to a water supply distribution system, the extension will have a capacity of less than five percent of the system or will serve fewer than two hundred fifty dwelling units.

*c.* The proposed sewer extension will not exceed the capacity of any treatment works which received a state or federal monetary grant after 1972.

*d.* The proposed water supply distribution system extension will not exceed the production capacity of any public water supply system constructed after 1972.

3. After issuing a permit, the city or county public works department shall notify the director of such issuance by forwarding a copy of the permit to the director. In addition, the local agency shall submit quarterly reports to the director including such information as capacity of local treatment plants and production capacity of public water supply systems as well as other necessary information requested by the director for the purpose of implementing this chapter.

4. Plans and specifications for all other waste disposal systems and public water supply systems, including sewer extensions and water supply distribution system extensions not reviewed by a city or county public works department under this section, shall be submitted to the department before a written permit may be issued. Plans and specifications for public water supply systems and water supply distribution system extensions must be certified by a registered engineer as provided in subsection 1, paragraph "a". The construction of any such waste disposal system or public water supply system shall be in accordance with standards formulated and adopted by the department pursuant to section 455B.173, subsections 5 to 8. If it is necessary or desirable to make material changes in the plans or specifications, revised plans or specifications together with reasons for the proposed changes must be submitted to the department for a supplemental written permit. The revised plans and specifications for a public water supply system must be certified by a registered engineer as provided in subsection 1, paragraph "a".

5. Prior to the adoption of statewide standards, the department may delegate the authority

to review plans and specifications to those governmental subdivisions if in addition to compliance with subsection 1, paragraph "c", the governmental subdivisions agree to comply with all state and federal regulations and submit plans for the review of plans and specifications including a complete set of local standard specifications for such improvements.

6. The director may suspend or revoke delegation of review and permit authority after notice and hearing as set forth in chapter 17A if the director determines that a city or county public works department has approved extensions which do not comply with design criteria, which exceed the capacity of waste treatment plants or the production capacity of public water supply systems or which otherwise violate state or federal requirements.

7. The department shall exempt any public water supply system from any requirement respecting a maximum contaminant level or any treatment technique requirement of an applicable national drinking water regulation if these regulations apply to contaminants which the department determines are harmless or beneficial to the health of consumers and if the owner of a public water supply system determines that funds are not reasonably available to provide for controlling amounts of those contaminants which are harmless or beneficial to the health of consumers.

All expenses incurred by the fund shall be payable solely from the fund and no liability or obligation shall be imposed upon the state. The liability of the fund is limited to the extent of coverage provided by the account or fund under which a claim is submitted, subject to the terms and conditions of that coverage. The liability of the fund is further limited by the moneys made available to the fund, and no remedy shall be ordered which would require the fund to exceed its then current funding limitations to satisfy an award or which would restrict the availability of moneys for higher priority sites. The state is not liable for a claim presented against the fund.

5. For purposes of payment of refunds of the environmental protection charge under section 424.15 by the department of revenue, the treasurer of state shall allocate to the department of administrative services the total amount budgeted by the fund's board for environmental protection charge refunds. 15. *a.* Subject to the terms of any bond documents, moneys in the fund or fund accounts may be expended for administration expenses, civil penalties, moneys paid under an agreement, stipulation, or settlement, for the costs associated with sites within a community remediation project, for costs related to contracts entered into with a state agency or university, costs for activities relating to litigation, or for the costs of any other activities as the board may determine are necessary and convenient to facilitate compliance with and to implement the intent of federal laws and regulations and this chapter. For purposes of this chapter, administration expenses include expenses incurred by the underground storage tank section of the department of natural resources in relation to tanks regulated under this chapter.

*b.* The authority granted under this subsection which allows the board to expend fund moneys on an activity the board determines is necessary and convenient to facilitate compliance with and to implement the intent of federal laws and regulations and this chapter, shall only be used in

accordance with the following:

(1) Prior board approval shall be required before expenditure of moneys pursuant to this authority shall be made.

(2) If the expenditure of fund moneys pursuant to this authority would result in the board establishing a policy which would substantially affect the operation of the program, rules shall be adopted pursuant to chapter 17A prior to the board or the administrator taking any action pursuant to this proposed policy.

16. The board shall cooperate with the department of natural resources in the implementation and administration of this chapter to assure that in combination with existing state statutes and rules governing underground storage tanks, the state will be, and continue to be, recognized by the federal government as having an “*approved state account*” under the federal Resource Conservation and Recovery Act, especially by compliance with the Act’s subtitle I financial responsibility requirements as enacted in the federal Superfund Amendments and Reauthorization Act of 1986 and the financial responsibility regulations adopted by the United States environmental protection agency at 40 C.F.R. pts. 280 and 281. Whenever possible this chapter shall be interpreted to further the purposes of, and to comply, and not to conflict, with such federal requirements.

17. The board may adopt rules pursuant to chapter 17A providing for the transfer of all or a portion of the liabilities of the board under this chapter. Notwithstanding other provisions to the contrary, the board, upon such transfer, shall not maintain any duty to reimburse claimants under this chapter for those liabilities transferred.

Revenue for the fund shall include, but is not limited to, the following, which shall be deposited with the board or its designee as provided by any bond or security documents and credited to the fund:

1. *Bonds issued to capitalize fund.* The proceeds of bonds issued to capitalize and pay the costs of the fund, and investment earnings on the proceeds except as required for the capital reserve funds.

2. *Use tax.* The revenues derived from the use tax imposed under chapter 423. The proceeds of the use tax under section 423.24, subsection 1, paragraph “*a*”, shall be allocated, consistent with this chapter, among the fund’s accounts, for debt service and other fund expenses, according to the fund budget, resolution, trust agreement, or other

instrument prepared or entered into by the board or authority under direction of the board.

3. *Storage tank management fee.* That portion of the storage tank management fee proceeds which are deposited into the fund, pursuant to section 455B.479.

4. *Cost recovery enforcement.* Cost recovery enforcement net proceeds as provided by section 455G.13 shall be allocated to the innocent landowners fund created under section 455G.21, subsection 2, paragraph "a". When federal cleanup funds are recovered, the funds are to be deposited to the remedial account of the fund and used solely for the purpose of future cleanup activities.

5. *Other sources.* Interest attributable to investment of money in the fund or an account of the fund. Moneys in the form of a devise, gift, bequest, donation, federal or other grant, reimbursement, repayment, judgment, transfer, payment, or appropriation from any source intended to be used for the purposes of the fund.

#### **455G.9 Remedial program.**

1. *Limits of remedial account coverage.* Moneys in the remedial account shall only be paid out for the following:

a. (1) Corrective action for an eligible release reported to the department of natural resources on or after July 1, 1987, but prior to May 5, 1989. Third-party liability is specifically excluded from remedial account coverage. For a claim for a release under this subparagraph, the remedial program shall pay in accordance with subsection 4. For a release to be eligible for coverage under this subparagraph the following conditions must be satisfied:

(a) The owner or operator applying for coverage shall not be a person who is maintaining, or has maintained, proof of financial responsibility for federal regulations through self-insurance.

(b) The owner or operator applying for coverage shall not have claimed bankruptcy any time on or after July 1, 1987.

(c) The claim for coverage pursuant to this subparagraph must have been filed with the board prior to January 31, 1990, except that cities and counties must have filed their claim with the board by September 1, 1990.

(d) The owner or operator at the time the release was reported to the department of natural resources must have been in compliance with then current monitoring requirements, if any, or must have been in the process of compliance efforts with anticipated requirements, including installation of monitoring devices, a new tank, tank improvements or retrofit, or any combination.

(2) Corrective action, up to one million dollars total, and subject to prioritization rules as established pursuant to section 455G.12A, for a release

reported to the department of natural resources after May 5, 1989, and on or before October 26, 1990. Third-party liability is specifically excluded from remedial account coverage. Corrective action coverage provided pursuant to this paragraph may be aggregated with other financial assurance mechanisms as permitted by federal law to satisfy required aggregate and per occurrence limits of financial responsibility for both corrective action and third-party liability, if the owner's or operator's effective financial responsibility compliance date is prior to October 26, 1990. School districts who reported a release to the department of natural resources prior to December 1, 1990, shall have until July 1, 1991, to report a claim to the board for remedial coverage under this subparagraph.

(3) Corrective action for an eligible release reported to the department of natural resources on or after January 1, 1984, but prior to July 1, 1987. Third-party liability is specifically excluded from remedial account coverage. For a claim for a release under this subparagraph, the remedial program shall pay in accordance with subsection 4. For a release to be eligible for coverage under this subparagraph the following conditions must be satisfied:

(a) The owner or operator applying for coverage must be currently engaged in the business for which the tank connected with the release was used prior to the report of the release.

(b) The owner or operator applying for coverage shall not be a person who is maintaining, or has maintained, proof of financial responsibility for federal regulations through self-insurance.

(c) The owner or operator applying for coverage shall not have claimed bankruptcy any time on or after January 1, 1985.

(d) The claim for coverage pursuant to this subparagraph must have been filed with the board prior to September 1, 1990.

(e) The owner or operator at the time the release was reported to the department of natural resources must have been in compliance with then current monitoring requirements, if any, or must have been in the process of compliance efforts with anticipated requirements, including installation of monitoring devices, a new tank, tank improvements or retrofit, or any combination.

(4) One hundred percent of the costs of corrective action for a release reported to the department of natural resources on or before July 1, 1991, if the owner or operator is not a governmental entity and is a not-for-profit organization exempt from federal income taxation under section 501(c)(3) of the Internal Revenue Code with a net annual income of twenty-five thousand dollars or less for the year 1990, and if the tank which is the subject of the corrective action is a registered tank and is under one thousand one hundred gallons capacity.

(5) For the purposes of calculating corrective

action costs under this paragraph, corrective action shall include the cost of a tank system upgrade required by section 455B.474, subsection 1, paragraph “f”, subparagraph (9). Payments under this subparagraph shall be limited to a maximum of ten thousand dollars for any one site.

(6) For the purposes of calculating corrective action costs under this paragraph, corrective action shall include the costs associated with monitoring required by the rules adopted under section 455B.474, subsection 1, paragraph “f”, but corrective action shall exclude monitoring used for leak detection required by rules adopted under section 455B.474, subsection 1, paragraph “a”.

b. Corrective action and third-party liability for a release discovered on or after January 24, 1989, for which a responsible owner or operator able to pay cannot be found and for which the federal underground storage tank trust fund or other federal moneys do not provide coverage. For the purposes of this section property shall not be deeded or quitclaimed to the state or board in lieu of cleanup. Additionally, the ability to pay shall be determined after a claim has been filed. The board is not liable for any cost where either the responsible owner or operator, or both, have a net worth greater than fifteen thousand dollars, or where the responsible party can be determined. Third-party liability specifically excludes any claim, cause of action, or suit, for personal injury including, but not limited to, loss of use or of private enjoyment, mental anguish, false imprisonment, wrongful entry or eviction, humiliation, discrimination, or malicious prosecution.

c. Corrective action and third-party liability for a tank owned or operated by a financial institution eligible to participate in the remedial account under section 455G.16 if the prior owner or operator is unable to pay, if so authorized by the board as part of a condition or incentive for financial institution participation in the fund pursuant to section 455G.16. Third-party liability specifically excludes any claim, cause of action, or suit, for personal injury including, but not limited to, loss of use or of private enjoyment, mental anguish, false imprisonment, wrongful entry or eviction, humiliation, discrimination, or malicious prosecution.

d. One hundred percent of the costs of corrective action and third-party liability for a release situated on property acquired by a county for delinquent taxes pursuant to chapters 445 through 448, for which a responsible owner or operator able to pay, other than the county, cannot be found. A county is not a “responsible party” for a release in connection with property which it acquires in connection with delinquent taxes, and does not become a responsible party by sale or transfer of property so acquired. Third-party liability specifically excludes any claim, cause of action, or suit, for personal injury including, but not limited to, loss of use or of private enjoyment, mental anguish, false imprisonment, wrongful entry or evic-

tion, humiliation, discrimination, or malicious prosecution.

e. Corrective action for a release reported to the department of natural resources after May 5, 1989, and on or before October 26, 1990, in connection with a tank owned or operated by a state agency or department which elects to participate in the remedial account pursuant to this paragraph. A state agency or department which does not receive a standing unlimited appropriation which may be used to pay for the costs of a corrective action may opt, with the approval of the board, to participate in the remedial account. As a condition of opting to participate in the remedial account, the agency or department shall pay all registration fees, storage tank management fees, environmental protection charges, and all other charges and fees upon all tanks owned or operated by the agency or department in the same manner as if the agency or department were a person required to maintain financial responsibility. Once an agency has opted to participate in the remedial program, it cannot opt out, and shall continue to pay all charges and fees upon all tanks owned or operated by the agency or department so long as the charges or fees are imposed on similarly situated tanks of a person required to maintain financial responsibility. The board shall by rule adopted pursuant to chapter 17A provide the terms and conditions for a state agency or department to opt to participate in the remedial account. A state agency or department which opts to participate in the remedial account shall be subject to the minimum copayment schedule of subsection 4, as if the state agency or department were a person required to maintain financial responsibility.

f. One hundred percent of the costs up to twenty thousand dollars incurred by the board under section 455G.12A, subsection 2, unnumbered paragraph 2, for site cleanup reports. Costs of a site cleanup report which exceed twenty thousand dollars shall be considered a cost of corrective action and the amount shall be included in the calculations for corrective action cost copayments under subsection 4. The board shall have the discretion to authorize a site cleanup report payment in excess of twenty thousand dollars if the site is participating in community remediation.

g. Corrective action for the costs of a release under all of the following conditions:

(1) The property upon which the tank causing the release was situated was transferred by inheritance, devise, or bequest.

(2) The property upon which the tank causing the release was situated has not been used to store or dispense petroleum since December 31, 1975.

(3) The person who received the property by inheritance, devise, or bequest was not the owner of the property during the period of time when the release which is the subject of the corrective action occurred.

(4) The release was reported to the board by

October 26, 1991.

Corrective action costs and copayment amounts under this paragraph shall be paid in accordance with subsection 4.

A person requesting benefits under this paragraph may establish that the conditions of subparagraphs (1), (2), and (3) are met through the use of supporting documents, including a personal affidavit.

*h.* One hundred percent of the costs of corrective action for a governmental subdivision in connection with a tank which was in place on the date the release was discovered or reported if the governmental subdivision did not own or operate the tank which caused the release and if the governmental subdivision did not obtain the property upon which the tank giving rise to the release is located on or after May 3, 1991. Property acquired pursuant to eminent domain in connection with a United States department of housing and urban development approved urban renewal project is eligible for payment of costs under this paragraph whether or not the property was acquired on or after May 3, 1991.

*i.* Notwithstanding section 455G.1, subsection 2, corrective action, for a release which was tested prior to October 26, 1990, and for which the site was issued a no-further-action letter by the department of natural resources and which was later determined, due to sale of the property or removal of a nonoperating tank, to require remediation which was reported to the administrator by October 26, 1992, in an amount as specified in subsection 4. In order to qualify for benefits under this paragraph, the applicant must not have operated a tank on the property during the period of time for which the applicant owned the property and the applicant must not be a financial institution.

*j.* One hundred percent of the costs of corrective action for a governmental subdivision in connection with a tank if the governmental subdivision did not own or operate the tank from which the release occurred, and the property was acquired pursuant to eminent domain after the release occurred. A governmental subdivision which acquires property pursuant to eminent domain in order to obtain benefits under this paragraph is not a responsible party for a release in connection with property which it acquired, and does not become a responsible party by sale or transfer of property so acquired.

*k.* Corrective action in response to a high risk condition caused by a release from an underground storage tank located on a site for which the department, after January 31, 1997, has issued a no further action certificate under section 455B.474. As a condition of receiving benefits under this paragraph, the department must determine that the condition necessitating the corrective action was not a result of a release that occurred after the issuance of the no further action

certificate, and that the site qualified for remedial benefits under this section prior to the issuance of the no further action certificate. No more than one hundred thousand dollars per site may be used for the costs of a corrective action under this paragraph. This paragraph does not confer a legal right on an owner or operator of petroleum-contaminated property or on any other person to receive benefits under this paragraph.

*2. Remedial account funding.* The remedial account shall be funded by that portion of the proceeds of the use tax imposed under chapter 423 and other moneys and revenues budgeted to the remedial account by the board.

*3. Trust fund to be established.* When the remedial account has accumulated sufficient capital to provide dependable income to cover the expenses of expected future releases or expected future losses for which no responsible owner is available, the excess capital shall be transferred to a trust fund administered by the board and created for that purpose.

*4. Minimum copayment schedule.* An owner or operator shall be required to pay the greater of five thousand dollars or eighteen percent of the first eighty thousand dollars of the total costs of corrective action for that release.

If a site's actual expenses exceed eighty thousand dollars, the remedial account shall pay the remainder, as required by federal regulations, of the total costs of the corrective action for that release, not to exceed one million dollars, except that a county shall not be required to pay a copayment in connection with a release situated on property acquired in connection with delinquent taxes, as provided in subsection 1, paragraph "d", unless subsequent to acquisition the county actively operates a tank on the property for purposes other than risk assessment, risk management, or tank closure.

*5. Recovery of gain on sale of property.* If an owner or operator ceases to own or operate a tank site for which remedial account benefits were received within ten years of the receipt of any account benefit and sells or transfers a property interest in the tank site for an amount which exceeds one hundred twenty percent of the precorrective action value, adjusted for equipment and capital improvements, the owner or operator shall refund to the remedial account an amount equal to ninety percent of the amount in excess of one hundred twenty percent of the precorrective action value up to a maximum of the expenses incurred by the remedial account associated with the tank site plus interest, equal to the interest for the most recent twelve-month period for the most recent bond issue for the fund, on the expenses incurred, compounded annually. An owner or operator under this subsection shall notify the board of the sale or transfer of the property interest in the tank site. Expenses incurred by the fund are a lien upon the property recordable and collectible in the same

manner as the lien provided for in section 424.11 at the time of sale or transfer, subject to the terms of this section.

This subsection shall not apply if the sale or transfer is pursuant to a power of eminent domain, or benefits. When federal cleanup funds are recovered, the funds are to be deposited to the remedial account of the fund and used solely for the purpose of future cleanup activities.

6. *Recurring releases treated as a newly reported release.* A release shall be treated as a release reported on or after May 5, 1989, if prior to May 5, 1989, a release was reported to the department, corrective action was taken pursuant to a site cleanup report approved by the department, and the work performed was accepted by the department. For purposes of this subsection, work performed is accepted by the department if the department did not order further action within ninety days of the date on which the department had notice that the work was completed, unless the department clearly indicated in writing to the owner, operator, contractor, or other agent that additional work would be required beyond that specified in the site cleanup report or in addition to the work actually performed.

7. *Expenses of cleanup not required.* When an owner or operator who is eligible for benefits under this chapter is allowed by the department of natural resources to monitor in place, the expenses incurred for cleanup beyond the level required by the department of natural resources are not covered under any of the accounts established under the fund. The cleanup expenses incurred for work completed beyond what is required is the responsibility of the person contracting for the excess cleanup.

8. *Owner or operator defined.* For purposes of receiving benefits under this section, “owner or operator” means the then current tank owner or operator or the owner of the land for which a covered release was reported or application for benefits was submitted on or before the relevant application deadlines of this section.

9. *Self-insureds.* For a self-insured as determined under 567 IAC 136.6(455B), to qualify for remedial benefits under this section, tanks shall be upgraded by January 1, 1995, as specified by the United States environmental protection agency in 40 C.F.R. § 280.21, as amended through January 1, 1989. A self-insured who qualifies for benefits under this section shall repay any benefits received if the upgrade date is not met.

10. *Expenses incurred by governmental subdivisions.* The board may adopt rules for reimbursement for reasonable expenses incurred by a governmental subdivision for treating, handling, or disposing, as required by the department, of petroleum-contaminated soil and groundwater encountered in a public right-of-way during installation, maintenance, or repair of a public improvement. The board may seek full recovery from a responsible party liable for the release for such expenses and for all other costs and reasonable attorney fees and costs of litigation for which moneys are expended by the fund. Any expense described in this subsection incurred by the fund constitutes a lien upon the property from which the release occurred. A lien shall be recorded and an expense shall be collected in the same manner as provided in section 424.11.

## CHAPTER 455H

### LAND RECYCLING AND REMEDIATION STANDARDS

#### 455H.208 Public participation.

Public participation shall be a required component of the process for participants for all sites enrolled in the land recycling program. The required level of public participation shall vary depending on the conditions existing at a site. At a minimum, the department shall notify all adjacent property owners, occupants of adjacent property, and the city or county in which the property is located of a site's enrollment in the land recycling program and of the scope of work described in the participation agreement, and give the notified parties the opportunity to obtain updates regarding the status of activities relating to the enrolled site in the land recycling program. The notification shall not be required before the participant has had the opportunity to collect basic information characteriz-

ing the nature and extent of the contamination, but the notification shall be required in a timely manner allowing appropriate parties to have input in the formulation of the response action. If contaminants from the enrolled site have migrated off the enrolled site or are likely to migrate off the enrolled site, as determined by the department, the department shall notify by direct mailing all potentially affected parties, including the city or county in which the potentially affected property is located, and officials in charge of any potentially impacted public water supply and the notified parties shall be given opportunity to comment on proposed response actions. The department may require the participant of an enrolled site to publish public notice in a local newspaper if widespread interest in the site exists or is likely

to exist as determined by the department. The department shall consider reasonable comments from potentially affected parties in determining whether to approve or disapprove a proposed re-

sponse action or site closure.

### GEOLOGICAL SURVEY

#### 456.4 Investigations — collection — renting space.

The state geologist shall investigate the characters of the various soils and their capacities for agricultural purposes, the streams, and other scientific and natural resource matters that may be of practical importance and interest. For the purpose of preserving well drilling samples, rock cores, fossils, and other materials as may be necessary to carry on investigations, the state geologist shall have the authority to lease or rent sufficient

space for storage of these materials with the approval of the director of the department of administrative services. A complete cabinet collection may be made to illustrate the natural products of the state, and the state geologist may also furnish suites of materials, rocks, and fossils for colleges and public museums within the state, if it can be done without impairing the general state collection.

### REGULATION AND FUNDING — NATURAL RESOURCES DEPARTMENT

#### 456A.16 Income tax refund checkoff for fish and game fund.

A person who files an individual or a joint income tax return with the department of revenue under section 422.13 may designate any amount to be paid to the state fish and game protection fund. If the refund due on the return or the payment remitted with the return is insufficient to pay the additional amount designated by the taxpayer to the state fish and game protection fund, the amount designated shall be reduced to the remaining amount of refund or the remaining amount remitted with the return.

The revenues received shall be used within the state of Iowa for habitat development and shall be deposited in the state fish and game protection fund. The revenue may be used for the matching of federal funds. The revenues and matched federal funds may be used for acquisition of land, leasing of land or obtaining of easements from willing sellers for use of land as wildlife habitats for game and nongame species. Not less than fifty percent of the funds derived from the checkoff shall be used for the purposes of preserving, protecting, perpetuating and enhancing nongame wildlife in this state. Nongame wildlife includes those animal species which are endangered, threatened or not commonly pursued or killed either for sport or profit. Notwithstanding the exemption in section 427.1, the land acquired with the revenues and matched federal funds is subject to the full consolidated levy of property taxes which shall be paid from those revenues. In addition the revenues

may be used for the development and enhancement of wildlife lands and habitat areas and for research and management necessary to qualify for federal funds.

The director of revenue shall draft the income tax form to allow the designation of contributions to the state fish and game protection fund on the tax return.

The department of revenue on or before January 31 of the year following the preceding calendar year shall certify the total amount designated on the tax return forms due in the preceding calendar year and shall report the amount to the state treasurer. The state treasurer shall credit the amount to the state fish and game protection fund.

The general assembly shall appropriate annually from the state fish and game protection fund the amount credited to the fund from the checkoff to the department for the purposes specified in this section.

The action taken by a person for the checkoff is irrevocable.

The department shall adopt rules to implement this section. However, before a checkoff pursuant to this section shall be permitted, all liabilities on the books of the department of revenue and accounts identified as owing under section 421.17 and the political contribution allowed under section 68A.601 shall be satisfied.

1. A state fish and game protection fund.
2. A state conservation fund.
3. An administration fund.
4. A county conservation board fund.

The state fish and game protection fund, except as otherwise provided, consists of all moneys accruing from license fees and all other sources of revenue arising under the fish and wildlife programs. Notwithstanding section 12C.7, subsection 2, interest or earnings on investments or time deposits of the moneys in the state fish and game protection fund shall be credited to that fund.

The county conservation board fund consists of all moneys credited to it by law or appropriated to it by the general assembly.

The administration fund shall consist of an equitable portion of the gross amount of the state fish and game protection fund and the state conservation fund, to be determined by the commission, sufficient to pay the expense of administration entailed by this chapter.

All receipts and refunds and reimbursements related to activities funded by the administration fund are appropriated to the administration fund. All refunds and reimbursements relating to activities of the state fish and game protection fund shall be credited to the state fish and game protection fund.

Notwithstanding section 8.33, revenues deposited in the state conservation fund, and remaining in the state conservation fund on June 30 of any fiscal year shall not revert to the general fund of the state but shall remain available for expenditure for one year after the close of the fiscal year during which such revenues were deposited. Any such revenues remaining unexpended at the end of the one-year period during which the revenues are available for expenditure shall revert to the general fund of the state.

The department may apply for a loan for the construction of facilities for the collection and treatment of waste water under the state water pollution control works and drinking water facilities financing program as established in sections 455B.291 through 455B.299. In order to provide for the repayment of a loan granted under the financing program, the commission may impose a lien on not more than ten percent of the annual revenues from user fees and related revenue derived from park and recreation areas under chapter 461A which are deposited in the state conservation fund. If a lien is established as provided in this paragraph, repayment of the loan is the first priority on the revenues received and dedi-

cated for the loan repayment each year.

The department shall by October 1 of each year submit to the department of management for transmission to the general assembly a detailed estimate of the amount required by the department during the succeeding year for carrying on fish and wildlife activities. The estimate shall be in the same general form and detail as required by law in estimates submitted by other state departments.

Any unexpended balance at the end of the biennium shall revert to the fish and game protection fund.

All administrative expense shall be paid from the administration fund.

All other expenditures shall be paid from the conservation fund.

All expenditures under this chapter are subject to approval by the director of management and the director of the department of administrative services.

All moneys credited to the county conservation board fund shall be used to provide grants to county conservation boards to provide funding for the purposes of chapter 350. These grants are in addition to moneys appropriated to the conservation boards from the county boards of supervisors. The grants shall be made to the conservation boards based upon the needs of the boards. Applications shall be made by the boards to the commission.

#### 457A.2 Definitions.

1. “*Conservation easement*” means an ease-

ment in, servitude upon, restriction upon the use of, or other interest in land owned by another, created for any of the purposes set forth in section 457A.1. **459.103 General authority — commission and department.**

1. The commission shall establish by rule adopted pursuant to chapter 17A, requirements relating to the construction, including expansion, or operation of animal feeding operations, including related animal feeding operation structures. The requirements shall include but are not limited to minimum manure control, the issuance of permits, and departmental investigations, inspections, and testing.

2. Any provision referring generally to compliance with the requirements of this chapter as applied to animal feeding operations also includes compliance with requirements in rules adopted by the commission pursuant to this section, orders issued by the department as authorized under this chapter, and the terms and conditions applicable to licenses, certifications, permits, or manure management plans required under subchapter III. However, for purposes of approving or disapproving an application for a construction permit as provided in section 459.304, conditions for the approval of an application based on results produced by a master matrix are not requirements of this chapter until the department approves or disapproves an application based on those results.

3. The department and the attorney general shall enforce the provisions of this chapter in the same manner as provided in chapter 455B, division I, unless otherwise provided in this chapter.

2003 Acts, ch 163, §3, 23  
Subsection 2 amended

**459.301 Special terms.**

For purposes of this subchapter, all of the following shall apply:

1. Two or more animal feeding operations under common ownership or management are

deemed to be a single animal feeding operation if they are adjacent or utilize a common area or system for manure disposal. In addition, for purposes of determining whether two or more confinement feeding operations are adjacent, all of the following must apply:

*a.* At least one confinement feeding operation structure must be constructed on or after May 21, 1998.

*b.* A confinement feeding operation structure which is part of one confinement feeding operation is separated by less than a minimum required distance from a confinement feeding operation structure which is part of the other confinement feeding operation. The minimum required distance shall be as follows:

(1) One thousand two hundred fifty feet for confinement feeding operations having a combined animal unit capacity of less than one thousand animal units.

(2) Two thousand five hundred feet for confinement feeding operations having a combined animal unit capacity of one thousand animal units or more.

2. A confinement feeding operation structure is “constructed” in the same manner as provided in section 459.201.

3. In calculating the animal unit capacity of a confinement feeding operation, the animal unit capacity shall include the animal unit capacity of all confinement feeding operation buildings which are part of the confinement feeding operation, unless a confinement feeding operation building has been abandoned as provided in section 459.201.

4. All distances between locations or objects provided in this subchapter shall be measured in feet from their closest points.

5. *a.* The department shall designate by rule each one hundred year floodplain in this state according to the location of the one hundred year floodplain. A person shall not be prohibited from constructing a confinement feeding operation structure on a one hundred year floodplain unless the one hundred year floodplain is designated by rule in accordance with this subsection.

*b.* (1) Until the effective date of rules adopted by the department to designate the location of each one hundred year floodplain in this state, a person shall not construct a confinement feeding operation structure on land that contains a soil type classified as alluvial unless one of the following applies:

(a) If the person does not apply for a construction permit as provided in section 459.303, the person must petition the department for a declaratory order pursuant to section 17A.9 to determine whether the location of the proposed confinement feeding operation structure is located on a one hundred year floodplain. The department shall issue a declaratory order in response to the petition, notwithstanding any other provision provided in section 17A.9 to the contrary, within thirty days

from the date that the petition is filed with the department.

(b) If the person does apply for a construction permit as provided in section 459.303, the person must identify that the land contains a soil type classified as alluvial. The department shall determine whether the land is located on a one hundred year floodplain.

(2) The department shall provide in its declaratory order or its approval or disapproval of a construction permit application a determination regarding whether the confinement feeding operation structure is to be located on a one hundred year floodplain, whether the confinement feeding operation structure may be constructed at the location, and any conditions for the construction.

(3) This paragraph “b” is repealed on the effective date that rules are adopted by the department pursuant to paragraph “a”. The department shall provide a caption on the adopted rule as published in the Iowa administrative bulletin as provided in section 17A.4, stating that this paragraph is repealed as provided in this subparagraph. The director of the department shall deliver a copy of the adopted rule to the Iowa Code editor.

2003 Acts, ch 44, §73  
Subsection 1, paragraph a amended

#### **459.303 Confinement feeding operations — permit requirements.**

1. The department shall approve or disapprove applications for permits for the construction, including the expansion, of confinement feeding operation structures, as provided by rules adopted pursuant to this chapter. The department’s decision to approve or disapprove a permit for the construction of a confinement feeding operation structure shall be based on whether the application is submitted according to procedures required by the department and the application meets standards established by the department. A person shall not begin construction of a confinement feeding operation structure requiring a permit under this section, unless the department first approves the person’s application and issues to the person a construction permit. The department shall provide conditions for requiring when a person must obtain a construction permit.

*a.* Except as provided in paragraph “b”, a person must obtain a permit to construct any of the following:

(1) A confinement feeding operation structure if after construction its confinement feeding operation would have an animal unit capacity of at least one thousand animal units.

(2) The confinement feeding operation structure is an unformed manure storage structure.

*b.* A person is not required to obtain a permit to construct a confinement feeding operation structure if any of the following apply:

(1) The confinement feeding operation structure, if constructed, would be part of a small ani-

mal feeding operation. However, the person must obtain a permit under this section if the confinement feeding operation structure is an unformed manure storage structure.

(2) The confinement feeding operation structure is part of a confinement feeding operation which is owned by a research college conducting research activities as provided in section 459.318.

2. The department shall issue a construction permit upon approval of an application. The department shall approve the application if the application is submitted to the county board of supervisors in the county where the proposed confinement feeding operation structure is to be located as required pursuant to section 459.304, and the application meets the requirements of this chapter. If a county submits an approved recommendation pursuant to a construction evaluation resolution filed with the department, the application must also achieve a satisfactory rating produced by the master matrix used by the board or department under section 459.304. The department shall approve the application regardless of whether the applicant is required to be issued a construction permit.

3. The department shall not approve an application for a construction permit unless the applicant submits all of the following:

*a.* An indemnity fee as provided in section 459.502 that the department shall deposit into the manure storage indemnity fund created in section 459.501.

*b.* A manure management plan as provided in section 459.312 and manure management plan filing fee as provided in section 459.400.

*c.* A construction permit application fee as provided in section 459.400.

4. The applicant may submit a master matrix as completed by the applicant.

5. *a.* A confinement feeding operation meets threshold requirements under this subsection if the confinement feeding operation after construction of a proposed confinement feeding operation structure would have a minimum animal unit capacity of the following:

(1) Three thousand animal units for animals other than swine maintained as part of a swine farrowing and gestating operation or farrow-to-finish operation or cattle maintained as part of a cattle operation.

(2) One thousand two hundred fifty animal units for swine maintained as part of a swine farrowing and gestating operation.

(3) Two thousand seven hundred fifty animal units for swine maintained as part of a farrow-to-finish operation.

(4) Four thousand animal units for cattle maintained as part of a cattle operation.

*b.* The department shall not approve an application for a construction permit unless the following apply:

(1) If the application is for a permit to con-

struct an unformed manure storage structure, the application must include a statement approved by a professional engineer certifying that the construction of the unformed manure storage structure complies with the construction design standards required in this subchapter.

(2) If the application is for a permit to construct three or more confinement feeding operation structures, the application must include a statement providing that the construction of the confinement feeding operation structures will not impede drainage through established drainage tile lines which cross property boundary lines unless measures are taken to reestablish the drainage prior to completion of construction. For a confinement feeding operation that meets threshold requirements, the statement must be approved by a professional engineer. Otherwise, if the application is for a permit to construct a formed manure storage structure, the statement must be part of the construction design statement as provided in section 459.306.

(3) If the application is for a permit to construct a formed manure storage structure, other than for a confinement feeding operation meeting threshold requirements, the applicant must include a construction design statement as provided in section 459.306. An application for a permit to construct a formed manure storage structure as part of a confinement feeding operation that meets threshold requirements must include a statement approved by a professional engineer certifying that the construction of the formed manure storage structure complies with the requirements of this subchapter.

(4) The department may only require that an application for a permit to construct a formed manure storage structure or egg washwater storage structure that is part of a confinement feeding operation meeting threshold requirements include an engineering report, construction plans, or specifications prepared by a licensed professional engineer or the natural resources conservation service of the United States department of agriculture.

6. As a condition to approving an application for a construction permit, the department may require any of the following:

*a.* The installation of a related pollution control device or practice, including but not limited to the installation and operation of a water pollution monitoring system for an unformed manure storage structure.

*b.* The department's approval of the installation of any proposed system to permanently lower the groundwater table at a site as part of the construction of an unformed manure storage structure, as is necessary to ensure that the unformed manure storage structure does not pollute groundwater sources, including providing for standards as provided in section 459.308.

7. *a.* The department shall not issue a permit to a person under this section if an enforcement ac-

tion by the department, relating to a violation of this chapter concerning a confinement feeding operation in which the person has an interest, is pending, as provided in section 459.317.

b. The department shall not issue a permit to a person under this section for five years after the date of the last violation committed by a person or confinement feeding operation in which the person holds a controlling interest during which the person or operation was classified as a habitual violator under section 459.604.

Subsection 5, paragraph a, unnumbered paragraph 1 amended

#### **459.307 Construction design standards — formed manure storage structures.**

The department shall adopt rules establishing construction design standards for formed manure storage structures that are part of confinement feeding operations other than small animal feeding operations. However, the construction design standards shall apply to a formed manure storage structure that is part of a small animal feeding operation as provided in section 459.310.

1. The department may provide for different standards based on criteria developed by the department, which may include any of the following:

a. The animal unit capacity of the manure storage structure's confinement feeding operation or the manure storage structure's manure volume capacity.

b. Whether the manure storage structure stores manure in an exclusively dry form.

c. Whether the manure storage structure is part of a confinement feeding operation building.

d. The use of concrete, including its use for the structure's footings, walls, or floor.

2. The construction design standards shall be based, to every extent possible, on uniform standards such as available standards promulgated by the American society for testing and materials. The department may require that all or any part of a formed manure storage structure be constructed of concrete.

3. The construction design standards for concrete shall provide for all of the following:

a. The concrete's minimum compressive strength calculated on a pounds-per-square-inch basis.

b. The use of reinforcement, including but not limited to the grade, amount, and location of steel rebar or fiberglass, wire mesh or fabric, or similar

materials set in the concrete, or the use of exterior braces to support joints.

c. The depth of footings.

d. The thickness of the footings, the floor, and walls.

4. A person shall only construct a formed manure storage structure on karst terrain or an area which drains into a known sinkhole pursuant to upgraded construction design standards necessary to ensure that the structure does not pollute groundwater sources.

2003 Acts, ch 84, §1, 6

Unnumbered paragraph 1 amended

#### **459.308 Unformed manure storage structures — construction standards — inspections.**

1. The department shall adopt rules requiring construction design standards for unformed manure storage structures required to be constructed pursuant to a construction permit issued pursuant to section 459.303.

2. The construction design standards for unformed manure storage structures established by the department shall account for special design characteristics of confinement feeding operations, including all of the following:

a. The lining of the structure shall be constructed with materials deemed suitable by the department in order to minimize seepage loss through the lining's seal.

b. The structure shall be constructed with materials deemed suitable by the department in order to control erosion on the structure's berm, side slopes, and base.

c. The structure shall be constructed to minimize seepage into near-surface water sources.

d. The top of the floor of the structure's liner must be above the groundwater table as determined by the department. If the groundwater table is less than two feet below the top of the liner's floor, the structure shall be installed with a synthetic liner. If the department allows an unformed manure storage structure to be located at a site by permanently lowering the groundwater table, the department shall confirm that the proposed system meets standards necessary to ensure that the structure does not pollute groundwater sources. If the department allows drain tile installed to lower a groundwater table to remain where located, the department shall require that a device be installed to allow monitoring of the water in the drain tile line. The department shall also require the installation of a device to allow shutoff of the drain tile lines, if the drain tile lines do not have a surface outlet accessible on the property where the structure is located.

3. A person shall not construct an unformed manure storage structure on karst terrain or on an area that drains into a known sinkhole. However, a person may construct an unformed manure storage structure, if there is a twenty-five-foot vertical

separation distance between the bottom of the unformed manure storage structure and underlying limestone, dolomite, or other soluble rock.

4. *a.* The department shall conduct a routine inspection of each unformed manure storage structure at least once each year. A routine inspection conducted pursuant to this subsection shall be limited to a visual inspection of the site where the unformed manure storage structure is located. The department shall inspect the site at a reasonable time after providing at least twenty-four hours' notice to the person owning or managing the confinement feeding operation. The visual inspection shall include, but not be limited to, determining whether any of the following exists:

- (1) An adequate freeboard level.
- (2) The seepage of manure from the unformed manure storage structure.
- (3) Erosion.
- (4) Inadequate vegetation cover.
- (5) The presence of an opening allowing manure to drain from the unformed manure storage structure.

*b.* Nothing in this subsection restricts the department from conducting an inspection of a confinement feeding operation which is not routine.

2003 Acts, ch 84, §2, 6  
Subsection 3 amended

#### **459.309 Settled open feedlot effluent basins — construction design standards.**

If the department requires that a settled open feedlot effluent basin be constructed according to construction design standards, regardless of whether the department requires the owner to be issued a construction permit under section 459.103, any construction design standards for the basin shall be established by rule as provided in chapter 17A that exclusively account for special design characteristics of open feedlots and related basins, including but not limited to the dilute composition of settled open feedlot effluent as collected and stored in the basins.

2003 Acts, ch 44, §75

A confinement feeding operation structure shall not be constructed closer than one thousand feet from a wellhead, cistern of an agricultural drainage well, or known sinkhole. However, the department may adopt rules requiring an increased separation distance under this paragraph in order to protect the integrity of a water of the state. The increased separation distance shall not be more than two thousand feet. If the department exercises its discretion to increase the separation distance requirement, the department shall not approve an application for the construction of a confinement feeding operation structure within that separation distance as provided in section 459.303.

*b.* A confinement feeding operation structure shall not be constructed if the confinement feeding operation structure as constructed is closer than any of the following:

(2) One thousand feet away from a major water source.

(3) Two thousand five hundred feet away from a designated wetland.

*c.* (1) A water source, other than a major water source, shall not be constructed, expanded, or diverted, if the water source as constructed, expanded, or diverted is closer than five hundred feet away from a confinement feeding operation structure.

(2) The replacement formed manure storage structure complies with standards adopted pursuant to section 459.307.

(3) The replacement formed manure storage structure more likely than not provides a higher degree of environmental protection than the confinement feeding operation's existing manure storage and handling facilities.

If the formed manure storage structure will replace any existing manure storage structure, the department shall, as a condition of granting the variance, require that the replaced manure storage structure be properly closed.

5. A person shall not construct or expand an unformed manure storage structure within an agricultural drainage well area as provided in section 460.205.

1. The following persons shall submit a manure management plan, including an original manure management plan and an updated manure management plan, as required in this section to the department:

*a.* The owner of a confinement feeding operation, other than a small animal feeding operation,

if any of the following apply:

(1) The confinement feeding operation was constructed after May 31, 1985, regardless of whether the confinement feeding operation structure was required to be constructed pursuant to a construction permit.

(2) The owner constructs a manure storage structure, regardless of whether the person is required to be issued a permit for the construction pursuant to section 459.303 or whether the person has submitted a prior manure management plan.

*b.* A person who applies manure from a confinement feeding operation, other than a small animal feeding operation, which is located in another state, if the manure is applied on land located in this state.

2. Not more than one confinement feeding operation shall be covered by a single manure management plan.

3. The owner of a confinement feeding operation who is required to submit a manure management plan under this section shall submit an updated manure management plan to the department on an annual basis. The department shall provide for a date that each updated manure management plan is required to be submitted to the department. The department may provide for staggering the dates on which updated manure management plans are due. To satisfy the requirements of an updated manure management plan, an owner of a confinement feeding operation may, in lieu of submitting a complete plan, file a document stating that the manure management plan has not changed, or state all of the changes made since the original manure management plan or a previous updated manure management plan was submitted and approved.

4. The department shall deliver a copy of the manure management plan or require the person submitting the manure management plan to deliver a copy of the manure management plan to all of the following:

*a.* The county board of supervisors in the county where the manure storage structure owned by the person is located.

*b.* The county board of supervisors in the county where the manure storage structure is proposed to be constructed. If the person is required to be issued a permit for the construction of the manure storage structure as provided in section 459.303, the manure management plan shall accompany the application for the construction permit as provided in section 459.303.

*c.* The county board of supervisors in the county where the manure is to be applied.

The manure management plan shall be filed with the county board of supervisors. The county auditor or other county officer may accept the manure management plan on behalf of the board.

5. A person shall not remove manure from a manure storage structure which is part of a confinement feeding operation for which a manure

management plan is required under this section, unless the department approves a manure management plan, including an original manure management plan and an updated manure management plan, as required in this section. The manure management plan shall be submitted by the owner of the confinement feeding operation as provided by the department in accordance with section 459.302. The owner of a confinement feeding operation required to submit a manure management plan for the construction of a manure storage structure may remove manure from another manure storage structure that is constructed, if the department has approved a manure management plan covering that manure storage structure. The department may adopt rules allowing a person to remove manure from a manure storage structure until the manure management plan is approved or disapproved by the department according to terms and conditions required by rules adopted by the department.

6. The department shall not approve an original manure management plan unless the plan is accompanied by a manure management plan filing fee required pursuant to section 459.400. The department shall not approve an updated manure management plan unless the updated manure management plan is accompanied by an annual compliance fee required pursuant to section 459.400.

7. *a.* The department shall not approve an application for a permit to construct a confinement feeding operation structure unless the owner of the confinement feeding operation applying for approval submits an original manure management plan together with the application for the construction permit as provided in section 459.303.

*b.* The department shall not file a construction design statement as provided in section 459.306 unless the owner of the confinement feeding operation structure submits an original manure management plan together with the construction design statement. The construction design statement and manure management plan may be submitted as part of an application for a construction permit as provided in section 459.303.

8. A manure management plan must be authenticated by the person required to submit the manure management plan as required by the department in accordance with section 459.302.

9. The department shall approve or disapprove a manure management plan according to procedures established by the department:

*a.* For an original manure management plan submitted due to the construction of a confinement feeding operation structure, the department shall approve or disapprove the manure management plan as follows:

(1) If the confinement feeding operation structure is constructed pursuant to a construction permit issued pursuant to section 459.303, the ma-

nure management plan shall be approved or disapproved as part of the construction permit application.

(2) If the confinement feeding operation structure is not constructed pursuant to a construction permit issued pursuant to section 459.303, the manure management plan shall be approved or disapproved within sixty days from the date that the department receives the manure management plan.

*b.* For an original manure management plan submitted for a reason other than the construction of a confinement feeding operation structure, the manure management plan shall be approved within sixty days from the date that the department receives the manure management plan.

*c.* For an updated manure management plan, the manure management plan shall be approved within thirty days from the date that the department receives the updated manure management plan.

10. A manure management plan shall include all of the following:

*a.* Restrictions on the application of manure based on all of the following:

(2) (a) A phosphorus index. The department shall establish a phosphorus index by rule in order to determine the manner and timing of the application to a land area of manure originating from a confinement feeding operation. The phosphorus index shall provide for the application of manure on a field basis. The phosphorus index shall be used to determine application rates, based on the number of pounds of phosphorus that may be applied per acre and application practices. The phosphorus index shall be based on the field office technical guide for Iowa as published by the United States department of agriculture, natural resources conservation service, which sets forth nutrient management standards.

(b) The department shall develop a state comprehensive nutrient management strategy. Prior to developing the state comprehensive nutrient management strategy, the department shall complete all of the following:

(i) The development of a comprehensive state nutrient budget for the maximum volume, frequency, and concentration of nutrients for each watershed that addresses all significant sources of nutrients in a water of the state on a watershed basis.

(ii) The assessment of the available nutrient control technologies required to identify and assess their effectiveness.

(iii) The development and adoption of admin-

istrative rules pursuant to chapter 17A required to establish a numeric water quality standard for phosphorus.

(c) Regardless of the development of the state comprehensive nutrient management strategy as provided in subparagraph subdivision (b), the department shall adopt rules required to establish a phosphorus index. The department shall cooperate with the United States department of agriculture natural resource conservation service technical committee for Iowa to refine and calibrate the phosphorus index in adopting the rules. Rules adopted by the department pursuant to this subparagraph shall become effective on July 1, 2003.

(d) The department shall conduct a study that considers the effects on waters of this state from phosphorus originating from municipal and industrial sources and from farm and lawn and garden use. The department shall report the results of its study to the general assembly by January 1, 2004.

(e) A person submitting a manure management plan shall include a phosphorus index as part of the manure management plan as follows:

(i) A person who has submitted an original manure management plan prior to April 1, 2002, shall not be required to submit a manure management plan update which includes a phosphorus index until on and after the four-year anniversary date that the department's rules adopted to implement the phosphorus index become effective.

(ii) A person required to submit an original manure management plan on and after April 1, 2002, but prior to the date that is sixty days after the department's rules adopted to implement the phosphorus index become effective, shall not be required to submit a manure management plan update that includes a phosphorus index until on and after the two-year anniversary date that the department's rules adopted to implement the phosphorus index become effective.

(iii) A person required to submit an original manure management plan on and after the date that is sixty days after the department's rules adopted to implement the phosphorus index become effective shall include the phosphorus index as part of the original manure management plan and updated manure management plans.

Subparagraph subdivisions (b) through (e) and this paragraph are repealed on the date that any person who has submitted an original manure management plan prior to April 1, 2002, is required to submit a manure management plan update which includes a phosphorus index as provided in subparagraph subdivision (e), subparagraph subdivision part (i). The department shall publish a notice in the Iowa administrative bulletin published immediately prior to that date, and the director of the department shall deliver a copy of the notice to the Iowa Code editor.

b. Manure nutrient levels as determined by either manure testing or accepted standard manure

nutrient values.

c. Manure application methods, timing of manure application, and the location of the manure application.

e. An estimate of the annual animal production and manure volume or weight produced by the confinement feeding operation.

f. Methods, structures, or practices to prevent or diminish soil loss and potential surface water pollution.

g. Methods or practices to minimize potential odors caused by the application of manure by the use of spray irrigation equipment.

11. A confinement feeding operation classified as a habitual violator as provided in section 459.604 shall submit a manure management plan to the department on an annual basis, which must be approved by the department for the following year of operation. The manure management plan shall be a replacement original manure management plan rather than a manure management plan update. However, the habitual violator required to submit a replacement original manure management plan must submit an annual compliance fee in the same manner as if the habitual violator were submitting an updated manure management plan.

12. A person required to submit a manure management plan to the department shall maintain a current manure management plan and maintain records sufficient to demonstrate compliance with the manure management plan. Chapter 22 shall not apply to the records which shall be kept confidential by the department and its agents and employees. The contents of the records are not subject to disclosure except as follows:

a. Upon waiver by the person receiving the permit.

b. In an action or administrative proceeding commenced under this chapter. Any hearing related to the action or proceeding shall be closed.

c. When required by subpoena or court order.

13. The department may inspect the confinement feeding operation at any time during normal working hours, and may inspect records required to be maintained as part of the manure management plan. The department shall regularly inspect a confinement feeding operation if the operation or a person holding a controlling interest in the operation is classified as a habitual violator pursuant to section 459.604. The department shall assess and the confinement feeding operation shall pay the actual costs of the inspection.

14. A person required to authenticate a manure management plan submitted to the department who is found in violation of the terms and

conditions of the plan shall not be subject to an enforcement action other than the assessment of a civil penalty pursuant to section 459.603.

3. The department may impose conditions or limitations upon the license. However, the issuance of a license shall not be conditioned upon providing a bond or maintaining a certain financial condition. A commercial manure service shall be issued a single license regardless of the number of sites where the commercial manure service operates offices.

4. A license application must be submitted to the department on a form furnished by the department according to procedures required by the department. The license shall expire on March 1 of each year.

1. The department shall establish, assess, and collect all of the following compliance fees:

a. A construction permit application fee that is required to accompany an application submitted to the department for approval to construct a confinement feeding operation structure as provided in section 459.303. The amount of the construction permit application fee shall not exceed two hundred fifty dollars.

b. A manure management plan filing fee that is required to accompany an original manure management plan submitted to the department for approval as provided in section 459.312. However,

the manure management plan required to be filed as part of an application for a construction permit shall be paid together with the construction permit application fee. The amount of the manure management plan filing fee shall not exceed two hundred fifty dollars.

c. An annual compliance fee that is required to accompany an updated manure management plan submitted to the department for approval as provided in section 459.312. The amount of the annual compliance fee shall not exceed a rate of fifteen cents per animal unit based on the animal unit capacity of the confinement feeding operation covered by the manure management plan. If the person submitting the manure management plan is a contract producer, as provided in chapter 202, the active contractor shall be assessed the annual compliance fee.

d. Educational program fees paid by persons required by the department to be certified as commercial manure service representatives or confinement site manure applicators pursuant to section 459.315. The amount of the educational program fees together with commercial manure service licensing fees shall be adjusted annually by the department based on the costs of administering section 459.315 and paying the expenses of the department relating to certification.

(1) The fee for certification of a commercial manure service representative shall not be more than seventy-five dollars. A commercial manure service licensed pursuant to section 459.314A may pay for the annual certification of its employees. If a commercial manure service makes payment for an employee to be certified as a commercial manure service representative and that employee leaves employment, the commercial manure service may substitute a new employee to be certified for the former employee. The department shall not charge for the certification of the substituted employee. The department may require that the commercial manure service provide the department with documentation that the substitution is valid. The department shall not charge the fee to a person who is a manager of a commercial manure service licensed pursuant to section 459.314A. The department may require that the commercial manure service provide documentation that a person is a manager.

(2) A person who is certified as a confinement site manure applicator as provided in section 459.315 is exempt from paying the certification fee if all of the following apply:

(a) The person is certified within one year from the date that a family member has been certified as a confinement site manure applicator.

(b) The family member has paid the fee for that family member's own certification.

e. Fees paid by persons required by the department to be licensed as a commercial manure service as provided in section 459.314A. The fee for

a commercial manure service license shall not be more than two hundred dollars. The amount of the licensing fees together with educational program fees shall be adjusted annually by the department based on the costs of administering section 459.315 and paying the expenses of the department relating to certification.

2. Compliance fees collected by the department shall be deposited into the animal agriculture compliance fund created in section 459.401.

a. Except as provided in paragraph "b", moneys collected from all fees shall be deposited into the compliance fund's general account.

b. Moneys collected from the annual compliance fee shall be deposited into the compliance fund's assessment account. Moneys collected from commercial manure service license fees and educational program fees shall be deposited into the compliance fund's educational program account.

3. At the end of each fiscal year the department shall determine the balance of unencumbered and unobligated moneys in the assessment account and the educational program account of the animal agriculture compliance fund created pursuant to section 459.401.

a. If on June 30, the balance of unencumbered and unobligated moneys in the assessment account is one million dollars or more, the department shall adjust the rate of the annual compliance fee for the following fiscal year. The adjusted rate for the annual compliance fee shall be based on the department's estimate of the amount required to ensure that at the end of the following fiscal year the balance of unencumbered and unobligated moneys in the assessment account is not one million dollars or more.

b. If on June 30, the balance of unencumbered and unobligated moneys in the educational program account is twenty-five thousand dollars or more, the department shall adjust the rate of the commercial manure service license fee and the educational program fee for the following fiscal year. The adjusted rate for the fees shall be based on the department's estimate of the amount required to ensure that at the end of the following fiscal year the balance of unencumbered and unobligated moneys in the assessment account is not twenty-five thousand dollars or more.

#### **459.501 Manure storage indemnity fund.**

1. A manure storage indemnity fund is created as a separate fund in the state treasury under the control of the department. The general fund of the state is not liable for claims presented against the fund.

2. The fund consists of moneys from indemnity fees remitted by permittees to the department as provided in section 459.502; moneys from indemnity fees remitted by persons required to submit manure management plans to the department pursuant to section 459.503; sums collected on behalf of the fund by the department through legal action or settlement; moneys required to be repaid to the department by a county pursuant to this subchapter; interest, property, and securities acquired through the use of moneys in the fund; or moneys contributed to the fund from other sources.

3. The moneys collected under this section shall be deposited in the fund and shall be appropriated to the department for the exclusive purpose of providing moneys for cleanup of abandoned facilities as provided in section 459.505, and to pay the department for costs related to administering the provisions of this subchapter. For each fiscal year, the department shall not use more than one percent of the total amount which is

available in the fund or ten thousand dollars, whichever is less, to pay for the costs of administration. Moneys in the fund shall not be subject to appropriation or expenditure for any other purpose than provided in this section.

4. The treasurer of state shall act as custodian of the fund and disburse amounts contained in the fund as directed by the department. The treasurer of state is authorized to invest the moneys deposited in the fund. The income from such investment shall be credited to and deposited in the fund. Notwithstanding section 8.33, moneys in the fund are not subject to reversion to the general fund of the state. The fund shall be administered by the department which shall make expenditures from the fund consistent with the purposes set out in this subchapter. The moneys in the fund shall be disbursed upon warrants drawn by the director of the department of administrative services pursuant to the order of the department. The fiscal year of the fund begins July 1. The finances of the fund shall be calculated on an accrual basis in accordance with generally accepted accounting principles. The auditor of state shall regularly perform audits of the fund.

5. The following shall apply to moneys in the fund:

*a.* The executive council may allocate moneys from the general fund of the state as provided in section 7D.10A in an amount necessary to support the fund, including payment of claims as provided in section 459.505. However, an allocation of moneys from the general fund of the state shall be made only if the amount of moneys in the fund, which are not obligated or encumbered, and not counting the department's estimate of the cost to the fund for pending or unsettled claims and any amount required to be credited to the general fund of the state under this subsection, is less than one million dollars.

*b.* The department shall credit an amount to the general fund of the state which is equal to an amount allocated to the fund by the executive council under paragraph "a". The department shall credit the moneys to the general fund of the state if the moneys in the fund which are not obligated or encumbered, and not counting the department's estimate of the cost to the fund for pending or unsettled claims and any amount required to be transferred to the general fund under this paragraph, are in excess of two million five hundred thousand dollars. The department is not required to credit the total amount to the general fund of the state during any one fiscal year.

#### **459.505 Use of moneys by counties for cleanup.**

1. A county that has acquired real estate containing a manure storage structure following non-payment of taxes pursuant to section 446.19, may make a claim against the fund to pay cleanup costs incurred by the county as provided in section 459.506. Each claim shall include a bid by a qualified person, other than a governmental entity, to remove and dispose of the manure for a fixed amount specified in the bid.

2. If a county provides cleanup under section 459.506 after acquiring real estate following non-payment of taxes, the department shall determine if a claim is eligible to be satisfied under this subsection, and do one of the following:

*a.* Pay the amount of the claim required in this section, based on the fixed amount specified in the bid submitted by the county upon completion of the work.

*b.* Obtain a lower fixed amount bid for the work from another qualified person, other than a governmental entity, and pay the amount of the claim required in this section, based on the fixed amount in this bid upon completion of the work. The department is not required to comply with section 8A.311 in implementing this section.

3. If a county provides cleanup of a condition causing a clear, present, and impending danger to the public health or environment, as provided in section 459.506, the county may make a claim against the fund to pay cleanup costs incurred by the county, according to procedures and requirements established by rules adopted by the department. The department shall determine if a claim is eligible to be satisfied under this subsection, and pay the amount of the claim required in this section.

4. Upon a determination that the claim is eligible for payment, the department shall provide for payment of one hundred percent of the claim, as provided in this section. If at any time the depart-

ment determines that there are insufficient moneys to make payment of all claims, the department shall pay claims according to the date that the claims are received by the department. To the extent that a claim cannot be fully satisfied, the department shall order that the unpaid portion of the payment be deferred until the claim can be satisfied. However, the department shall not satisfy claims from moneys dedicated for the administration of the fund.

5. In the event of payment of a claim under this section, the fund is subrogated to the extent of the amount of the payment to all rights, powers, privileges, and remedies of the county regarding the payment amount. The county shall render all necessary assistance to the department in securing the rights granted in this section. A case or proceeding initiated by a county which involves a claim submitted to the department shall not be compromised or settled without the consent of the department. A county shall not be eligible to submit a claim to the department if the county has compromised or settled a case or proceeding, without the consent of the department.

6. If upon disposition of the real estate the county realizes an amount which exceeds the total amount of the delinquent real estate taxes, the county shall forward to the fund any excess amount which is not more than the amount expended by the fund to pay the claim by the county.

#### **459.604 Habitual violators — classification — penalties.**

1. The department may impose a civil penalty upon a habitual violator which shall not exceed twenty-five thousand dollars for each day the violation continues. The increased penalty may be assessed for each violation committed subsequent to the violation which results in classifying the person as a habitual violator. A person shall be classified as a habitual violator if the person has committed three or more violations as described in this subsection. To be considered a violation that is applicable to a habitual violator determination, a violation must have been committed on or after January 1, 1995. In addition, each violation must have been referred to the attorney general for legal action under this chapter, and each violation must be subject to the assessment of a civil penalty or a court conviction, in the five years prior to the date of the latest violation provided in this subsection, counting any violation committed by a confinement feeding operation in which the person holds a controlling interest. A person shall be removed from the classification of habitual violator on the date on which the person and all confinement feeding operations in which the person holds a controlling interest have committed less than

three violations described in this subsection for the prior five years. For purposes of counting violations, a continuing and uninterrupted violation shall be considered as one violation. Different types of violations shall be counted as separate violations regardless of whether the violations were committed during the same period. A violation must relate to one of the following:

a. The construction or operation of a confinement feeding operation structure, or the installation or use of a related pollution control device or practice, for which the person must obtain a permit, in violation of this chapter, or rules adopted by the department, including the terms or conditions of the permit.

b. Intentionally making a false statement or misrepresenting information to the department as part of an application for a construction permit for a confinement feeding operation structure, or the installation of a related pollution control device or practice for which the person must obtain a construction permit.

c. Failing to obtain a permit or approval by the department in violation of this chapter or departmental rule which requires a permit to construct or operate a confinement feeding operation or use a confinement feeding operation structure, anaerobic lagoon, or a pollution control device or practice which is part of a confinement feeding operation.

d. Operating a confinement feeding operation, including a confinement feeding operation structure, or a related pollution control device or practice, which causes pollution to the waters of the state, if the pollution was caused intentionally, or caused by a failure to take measures required to abate the pollution which resulted from an act of God.

e. Failing to submit a manure management plan as required pursuant to section 459.312, or operating a confinement feeding operation without having a manure management plan approved by the department.

This subsection shall not apply unless the department has previously notified the person of the person's classification as a habitual violator. The department shall notify persons classified as habitual violators of their classification, additional restrictions imposed upon the persons pursuant to their classification, and special civil penalties that may be imposed upon the persons. The notice shall be sent to the persons by certified mail.

2. Moneys assessed and collected in civil penalties and interest earned on civil penalties, arising out of a violation involving an animal feeding operation, shall be deposited in the animal agriculture compliance fund as created in section 459.401.

However, this subsection does not apply to a person operating any vessel or manipulating any water skis, surfboard or similar device while under the influence of marijuana, or a narcotic, hypnotic or other drug if the substances were prescribed for the person and have been taken under the prescription and in accordance with the directions of a medical practitioner as defined in chapter 155A, provided there is no evidence of the consumption of alcohol and further provided the medical practitioner has not directed the person to refrain from operating a motor vehicle, any vessel or from manipulating any water skis, surfboard or similar device.

3. No person shall place, cause to be placed, throw or deposit onto or in any of the public waters, ice or land of this state any cans, bottles, garbage, rubbish, and other debris.

7. A person shall not operate watercraft in a manner which unreasonably or unnecessarily interferes with other watercraft or with the free and proper navigation of the waters of the state. Anchoring under bridges, in a heavily traveled channel, in a lock chamber, or near the entrance of a lock constitutes such interference if unreasonable under the prevailing circumstances.

8. A person shall not operate a vessel in violation of restrictions as given by state-approved buoys or signs marking an area.

9. A person shall not operate on the waters of this state under the jurisdiction of the commission a vessel equipped with an engine of greater horsepower rating than is designated for the vessel by the federally required capacity plate or by the manufacturer's plate on those vessels not covered by federal regulations.

If the owner of the vessel is unable to present satisfactory evidence that

the sales or use tax has been paid, the county recorder shall collect the tax. On or before the tenth day of each month, the county recorder shall remit to the department of revenue the amount of the taxes so collected during the preceding month, together with an itemized statement on forms furnished by the department of revenue showing the name of each taxpayer, the make and purchase price of each vessel and motor, the amount of tax paid, and such other information as the department of revenue shall require.

3. The department of agriculture and land stewardship shall maintain a record of all wetlands established pursuant to the conservation reserve enhancement program including any conditions that may apply to the landowner's right to remove the wetland after the provisions of the conservation reserve enhancement program contract or easement are concluded.

4. When establishing a wetland under this section, the department of agriculture and land stewardship shall be governed by the following requirements:

a. Wetland construction or restoration shall not damage the value of property in any public or private drainage system without the property owner's consent.

b. Wetland construction or restoration shall improve water quality and provide aesthetic and habitat benefits.

c. Wetland construction or restoration under this section may be used to mitigate wetland removal by the landowner if it meets the requirements of federal agencies with wetland jurisdictional authorities. Where practicable, priority shall be given to mitigating wetland removal within the same United States geological survey hydrologic unit code 8 watershed, but a watershed confines shall not limit the use of duly authorized wetland mitigation banks.

party. Each member appointed shall serve for six-year staggered terms beginning and ending as provided by section 69.19. Vacancies shall be filled for the unexpired portion of the term in the same manner as full-term appointments are made.

The utilities board shall organize by appointing an executive secretary, who shall take the same oath as the members. The board shall set the salary of the executive secretary within the limits

of the pay plan for exempt positions provided for in section 8A.413, subsection 2, unless otherwise provided by the general assembly. The board may employ additional personnel as it finds necessary. Subject to confirmation by the senate, the governor shall appoint a member as the chairperson of the board. The chairperson shall be the administrator of the utilities division. The appointment as chairperson shall be for a two-year term which begins and ends as provided in section 69.19.

As used in this chapter and chapters 475A, 476, 476A, 478, 479, 479A, and 479B, “*division*” and “*utilities division*” mean the utilities division of the department of commerce.

#### 474.10 General counsel.

The board shall employ a competent attorney to serve as its general counsel, and assistants to the general counsel as it finds necessary for the full and efficient discharge of its duties. The general counsel is the attorney for, and legal advisor of, the

board and is exempt from the merit system provisions of chapter 8A, subchapter IV. Assistants to the general counsel are subject to the merit system provisions of chapter 8A, subchapter IV. The general counsel or an assistant to the general counsel shall provide the necessary legal advice to the board in all matters and represent the board in all actions instituted in a state or federal court challenging the validity of a rule or order of the board. The existence of a fact which disqualifies a person from election or from acting as a utilities board member disqualifies the person from employment as general counsel or assistant general counsel. The general counsel shall devote full time to the duties of the office. During employment the counsel shall not be a member of a political committee, contribute to a political campaign fund other than through the income tax checkoff for contributions to the Iowa election campaign fund and the presidential election campaign fund, participate in a political campaign, or be a candidate for a political office.

## CHAPTER 475A

### CONSUMER ADVOCATE

#### 475A.3 Office — employees — expenses.

1. *Office.* The office of consumer advocate shall be a separate division of the department of justice and located at the same location as the utilities division of the department of commerce. Administrative support services may be provided to the consumer advocate division by the department of commerce.

2. *Employees.* The consumer advocate may employ attorneys, legal assistants, secretaries, clerks, and other employees the consumer advocate finds necessary for the full and efficient discharge of the duties and responsibilities of the office. The consumer advocate may employ consultants as expert witnesses or technical advisors pursuant to contract as the consumer advocate finds necessary for the full and efficient discharge of the duties of the office. Employees of the con-

sumer advocate division, other than the consumer advocate, are subject to merit employment, except as provided in section 8A.412.

3. *Salaries, expenses, and appropriation.* The salary of the consumer advocate shall be fixed by the attorney general within the salary range set by the general assembly. The salaries of employees of the consumer advocate shall be at rates of compensation consistent with current standards in industry. The reimbursement of expenses for the employees and the consumer advocate is as provided by law. The appropriation for the office of consumer advocate shall be a separate line item contained in the appropriation from the general fund of the state.

## CHAPTER 476

### PUBLIC UTILITY REGULATION

#### 476.1C Applicability of authority — certain gas utilities.

1. Gas public utilities having fewer than two thousand customers are not subject to the regulation authority of the utilities board under this chapter unless otherwise specifically provided.

Sections 476.10, 476.20, 476.21, and 476.51 apply to such gas utilities.

Gas public utilities having fewer than two thousand customers shall be subject to the assessment of fees for the support of the Iowa energy center created in section 266.39C and the center for glob-

al and regional environmental research created by the state board of regents and shall file energy efficiency plans and energy efficiency results with the board. The energy efficiency plans as a whole shall be cost-effective. The board may waive all or part of the energy efficiency filing requirements if the gas utility demonstrates superior results with existing energy efficiency efforts.

Gas public utilities having fewer than two thousand customers shall keep books, accounts, papers and records accurately and faithfully in the manner and form prescribed by the board. The board may inspect the accounts of the utility at any time.

A gas public utility having fewer than two thousand customers may make effective a new or changed rate, charge, schedule, or regulation after giving written notice of the proposed new or changed rate, charge, schedule, or regulation to all affected customers served by the public utility. The notice shall inform the customers of their right to petition for a review of the proposal to the utilities board within sixty days after notice is served if the petition contains the signatures of at least one hundred of the gas utility's customers. The notice shall state the address of the utilities board. The new or changed rate, charge, schedule, or regulation takes effect sixty days after such valid notice is served unless a petition for review of the new or changed rate, charge, schedule, or regulation signed by at least one hundred of the gas utility's customers is filed with the board prior to the expiration of the sixty-day period.

If such a valid petition is filed with the board within the sixty-day period, any new or changed rate, charge, schedule, or regulation shall take effect, under bond or corporate undertaking, subject to refund of all amounts collected in excess of those amounts which would have been collected under the rates or charges finally approved by the board. The board shall within five months of the date of filing make a determination of just and reasonable rates based on a review of the proposal, applying established regulatory principles. The board may call upon the gas public utility and its customers to furnish factual evidence in support of or opposition to the new or changed rate, charge, schedule, or regulation. If the gas public utility disputes the finding, the utility may within twenty days file for further review, and the board shall docket the case as a formal proceeding under section 476.6, subsection 4, and set the case for hearing. The gas public utility shall submit factual evidence and written argument in support of the filing.

A gas public utility having fewer than two thousand customers shall not make effective a new or changed rate, charge, schedule, or regulation which relates to services for which a rate change is pending within twelve months following the date the petition to review the prior proposed rate, charge, schedule, or regulation was filed with the board or until the board has made its determina-

tion of just and reasonable rates, whichever date is earlier, unless the utility applies to the board for authority and receives authority to make a subsequent rate change at an earlier date.

Gas public utilities having fewer than two thousand customers shall not make or grant any unreasonable preferences or advantages as to rates or services to any person or subject any person to any unreasonable prejudice or disadvantage. Rates charged by a gas public utility having less than two thousand customers for transportation of customer-owned gas shall not exceed the actual cost of such transportation services including a fair rate of return.

2. If, as a result of a review of a proposed new or changed rate, charge, schedule, or regulation of a gas public utility having fewer than two thousand customers, the consumer advocate alleges in a filing with the board that the utility rates are excessive, the disputed amounts shall be specified by the consumer advocate in the filing. The gas public utility shall, within the time prescribed by the board, file a bond or undertaking approved by the board conditioned upon the refund in a manner prescribed by the board of amounts collected after the date of the filing which are in excess of rates or charges finally determined by the board to be lawful. If after formal proceeding and hearing pursuant to section 476.6 the board finds that the utility rates are unlawful, the board shall order a refund, with interest, of amounts collected after the date of filing of the petition that are determined to be in excess of the amounts which would have been collected under the rates finally approved. However, the board shall not order a refund that is greater than the amount specified in the petition, plus interest. If the board fails to render a decision within ten months following the date of filing of the petition, the board shall not order a refund of any excess amounts that are collected after the expiration of that ten-month period and prior to the date the decision is rendered.

Section not amended; internal reference change applied

#### **476.1D Regulation and deregulation of communications services.**

1. Except as provided in this section, the jurisdiction of the board as to the regulation of communications services is not applicable to a service or facility that is provided or is proposed to be provided by a telephone utility that is or becomes subject to effective competition, as determined by the board. In determining whether a service or facility is or becomes subject to effective competition, the board shall consider, among other factors, whether a comparable service or facility is available from a supplier other than the telephone utility in the geographic market being considered by the board and whether market forces in that market are sufficient to assure just and reasonable rates without regulation.

2. Deregulation of a service or facility for a utility is effective only after all of the following:

a. A finding of effective competition by the board.

b. Election by a utility providing the service or facility to file a deregulation accounting plan.

c. Approval of a utility's deregulation accounting plan by the board.

3. If the board determines a service or facility is subject to effective competition and approves the utility's deregulation accounting plan, the board shall deregulate the service or facility within a reasonable time.

4. Upon deregulation, all investment, revenues, and expenses associated with the service or facility shall be removed from the telephone utility's regulated operations and shall not be considered by the board in setting rates for the telephone utility unless they continue to affect the utility's regulated operations. If the board considers investment, revenues, and expenses associated with unregulated services or facilities in setting rates for the telephone utility, the board shall not use any profits or costs from such unregulated services or facilities to determine the rates for regulated services or facilities. This section does not preclude the board from considering the investment, revenues, and expenses associated with the sale of classified directory advertising by a telephone utility in determining rates for the telephone utility.

5. Notwithstanding the presence of effective competition, if the board determines a service or facility is an essential communications service or facility and the public interest warrants retention of service regulation, the board shall deregulate rates and may continue service regulation.

6. The board may reimpose rate and service regulation on a deregulated service or facility if it determines the service or facility is no longer subject to effective competition.

7. The board may reimpose service regulation only on a deregulated service or facility if the board determines the service or facility is an essential communications service or facility and the public interest warrants service regulation, notwithstanding the presence of effective competition.

8. If the board reimposes regulation pursuant to subsection 6 or 7, the reimposition of regulation shall apply to all providers of the service or facility.

9. The board may investigate and obtain information from providers of deregulated services or facilities to determine whether the services or facilities are subject to effective competition or whether the service or facility is an essential communications service or facility and the public interest warrants service regulation. However, the board shall not, for purposes of this subsection, request or obtain information related to the provider's costs or earnings.

10. The board, at the request of a long distance telephone company, shall classify such company as a competitive long distance telephone company if more than half of the company's revenues from its Iowa intrastate telecommunications services and facilities are received from services and facilities that the board has determined to be subject to effective competition, or if more than half of the company's revenues from its Iowa intrastate telecommunications services and facilities are received from intralata interexchange services and facilities. For purposes of this subsection, "*intralata interexchange services*" means those interexchange services that originate and terminate within the same local access transport area.

The board shall promptly notify the director of revenue that a long distance telephone company has been classified as a competitive long distance telephone company. Upon such notification by the board, the director of revenue shall assess the property of such competitive long distance telephone company, which property is first assessed for taxation in this state on or after January 1, 1996, in the same manner as all other property assessed as commercial property by the local assessor under chapters 427, 427A, 427B, 428, and 441. As used in this section, "*long distance telephone company*" means an entity that provides telephone service and facilities between local exchanges, but does not include a cellular service provider or a local exchange utility holding a certificate issued under section 476.29, subsection 12.

Subsection 1 amended

#### **476.2 Board powers and rules — utility's Iowa office.**

1. The board shall have broad general powers to effect the purposes of this chapter notwithstanding the fact that certain specific powers are hereinafter set forth. The board shall have authority to issue subpoenas and to pay the same fees and mileage as are payable to witnesses in the courts of record of general jurisdiction and shall establish all needful, just and reasonable rules, not inconsistent with law, to govern the exercise of its powers and duties, the practice and procedure before it, and to govern the form, contents and filing of reports, documents and other papers provided for in this chapter or in the board's rules. In the establishment, amendment, alteration or repeal of any of such rules, the board shall be subject to the provisions of chapter 17A.

2. The board shall employ at rates of compensation consistent with current standards in industry such professionally trained engineers, accountants, attorneys, and skilled examiners and inspectors, secretaries, clerks, and other employees as it may find necessary for the full and efficient discharge of its duties and responsibilities as re-

quired by this chapter.

3. The board may intervene in any proceedings before the federal energy regulatory commission or any other federal or state regulatory body when it finds that any decision of that tribunal would adversely affect the costs of any public utility service within the state of Iowa.

4. The board shall have authority to inquire into the management of the business of all public utilities, and shall keep itself informed as to the manner and method in which the same is conducted, and may obtain from any public utility all necessary information to enable the board to perform its duties.

5. Each rate-regulated gas and electric utility operating within the state shall maintain within the state the utility's principal office for Iowa operations. The principal office shall be subject to the jurisdiction of the board and shall house those books, accounts, papers, and records of the utility deemed necessary by the board to be housed within the state. The utility shall maintain within the state administrative, technical, and operating personnel necessary for the delivery of safe and reasonably adequate services and facilities as required pursuant to section 476.8. A public utility which violates this section shall be subject to the penalties provided in section 476.51 and shall be denied authority to recover, for a period determined by the board, the costs of an energy efficiency plan pursuant to section 476.6, subsection 8.

6. The board shall provide the general assembly with a report on the energy efficiency planning efforts undertaken by utilities required to offer energy efficiency plans pursuant to section 476.6, subsection 14. The report shall be completed by January 1, 1998.

Section not amended; internal reference changes applied

**476.6 Changes in rates, charges, schedules and regulations — supply and cost review — water costs for fire protection.**

1. *Filing with board.* A public utility subject to rate regulation shall not make effective a new or changed rate, charge, schedule or regulation until the rate, charge, schedule, or regulation has been approved by the board, except as provided in subsections 8 and 10.

2. *Written notice of increase.* All public utilities, except those exempted from rate regulation by section 476.1, shall give written notice of a proposed increase of any rate or charge to all affected customers served by the public utility no more than sixty-two days prior to and prior to the time the application for the increase is filed with the board. Public utilities exempted from rate regulation by section 476.1 shall give written notice of a proposed increase of any rate or charge to all affected customers served by the public utility at least thirty days prior to the effective date of the increase. If the public utility is subject to rate reg-

ulation, the notice to affected customers shall also state that the customer has a right to file a written objection to the rate increase and that the affected customers may request the board to hold a public hearing to determine if the rate increase should be allowed. The board shall prescribe the manner and method that the written notice to each affected customer of the public utility shall be served.

3. *Facts and arguments submitted.* At the time a public utility subject to rate regulation files with the board an application for any new or changed rates, charges, schedules, or regulations, the public utility also shall submit factual evidence and written argument offered in support of the filing. If the filing is an application for a general rate increase, the utility shall also file affidavits containing testimonial evidence to be offered in support of the filing, although this requirement does not apply if the public utility is a rural electric cooperative.

4. *Hearing set.* After the filing of an application for new or changed rates, charges, schedules, or regulations by a public utility subject to rate regulation, the board, prior to the expiration of thirty days after the filing date, shall docket the case as a formal proceeding and set the case for hearing unless the new or changed rates, charges, schedules, or regulations are approved by the board. However, if an application presents no material issue of fact subject to dispute, and the board determines that the application violates a relevant statute, or is not in substantial compliance with a board rule lawfully adopted pursuant to chapter 17A, the application may be rejected by the board without prejudice and without a hearing, provided that the board issues a written order setting forth all of its reasons for rejecting the application. In the case of a gas public utility having less than two thousand customers, the board shall docket a case as a formal proceeding and set the case for hearing as provided in section 476.1C. In the case of a rural electric cooperative, the board may docket the case as a formal proceeding and set the case for hearing prior to the proposed effective date of the tariff. The board shall give notice of formal proceedings as it deems appropriate. The docketing of a case as a formal proceeding suspends the effective date of the new or changed rates, charges, schedules, or regulations until the rates, charges, schedules, or regulations are approved by the board, except as provided in subsection 10.

5. *Utility hearing expenses reported.* When a case has been docketed as a formal proceeding under subsection 4, the public utility, within a reasonable time thereafter, shall file with the board a report outlining the utility's expected expenses for litigating the case through the time period allowed by the board in rendering a decision. At the conclusion of the utility's presentation of com-

ments, testimony, exhibits, or briefs the utility shall submit to the board a listing of the utility's actual litigation expenses in the proceeding. As part of the findings of the board under subsection 6, the board shall allow recovery of costs of the litigation expenses over a reasonable period of time to the extent the board deems the expenses reasonable and just.

6. *Finding by board.* If, after hearing and decision on all issues presented for determination in the rate proceeding, the board finds the proposed rates, charges, schedules, or regulations of the utility to be unlawful, the board shall by order authorize and direct the utility to file new or changed rates, charges, schedules, or regulations which, when approved by the board and placed in effect, will satisfy the requirements of this chapter. The rates, charges, schedules, or regulations so approved are lawful and effective upon their approval.

7. *Limitation on filings.* A public utility shall not make a subsequent filing of an application for a new or changed rate, charge, schedule, or regulation which relates to services for which a rate filing is pending within twelve months following the date the prior application was filed or until the board has issued a final order on the prior application, whichever date is earlier, unless the public utility applies to the board for authority and receives authority to make a subsequent filing at an earlier date.

8. *Automatic adjustments permitted.* This chapter does not prohibit a public utility from making provision for the automatic adjustment of rates and charges for public utility service provided that a schedule showing the automatic adjustment of rates and charges is first filed with the board.

9. *Rate levels for telephone utilities.* The board may approve a schedule of rate levels for any regulated service provided by a utility providing communication services.

10. *Temporary authority.* Upon the request of a public utility, the board shall, when required by this subsection, grant the public utility temporary authority to place in effect any or all of the suspended rates, charges, schedules or regulations by filing with the board a bond or other undertaking approved by the board conditioned upon the refund in a manner to be prescribed by the board of any amounts collected in excess of the amounts which would have been collected under rates, charges, schedules or regulations finally approved by the board. In determining that portion of the new or changed rates, charges, schedules or regulations to be placed in effect prior to a final decision, the board shall apply previously established regulatory principles and shall, at a minimum, permit rates and charges which will allow the utility the opportunity to earn a return on common stock equity equal to that which the board held reasonable and just in the most recent rate

case involving the same utility or the same type of utility service, provided that if the most recent final decision of the board in an applicable rate case was rendered more than twelve months prior to the date of filing of the request for temporary rates, the board shall in addition consider financial market data that is filed or that is otherwise available to the board and shall adjust the rate of return on common stock equity that was approved in that decision upward or downward as necessary to reflect current conditions. The board shall render a decision on a request for temporary authority within ninety days after the date of filing of the request. The decision shall be effective immediately. If the board has not rendered a final decision with respect to suspended rates, charges, schedules or regulations upon the expiration of ten months after the filing date, plus the length of any delay that necessarily results either from the failure of the public utility to exercise due diligence in connection with the proceedings or from intervening judicial proceedings, plus the length of any extension permitted by section 476.33, subsection 3, then those portions that were approved by the board on a temporary basis shall be deemed finally approved by the board and the utility may place them into effect on a permanent basis, and the utility also may place into effect subject to refund and until the final decision of the board any portion of the suspended rates, charges, schedules or regulations not previously approved on a temporary basis by filing with the board a bond or other undertaking approved by the board.

If the board finds that an extension of the ten-month period is necessary to permit the accumulation of necessary data with respect to the operation of a newly constructed electric generating facility that has a capacity of one hundred megawatts or more of electricity and that is proposed to be included in the rate base for the first time, the board may extend the ten-month period up to a maximum extension of six months, but only with respect to that portion of the suspended rates, charges, schedules or regulations that are necessarily connected with the inclusion of the generating facility in the rate base. If a utility is proposing to include in its rate base for the first time a newly constructed electric generating facility that has a capacity of one hundred megawatts or more of electricity, the filing date of new or changed rates, charges, schedules or regulations shall, for purposes of computing the ninety-day and ten-month limitations stated above, be the date as determined by the board that the new plant went into service, but only with respect to that portion of the suspended rates, charges, schedules or regulations that are necessarily connected with the inclusion of the generating facility in the rate base.

The board shall determine the rate of interest to be paid by a public utility to persons receiving refunds. The interest rate to be applied to refunds of moneys collected subject to refund under this

subsection is two percent per annum plus the average quarterly interest rate at commercial banks for twenty-four-month loans for personal expenditures, as determined by the board, compounded annually. The board shall consider federal reserve statistical release G.19 or its equivalent when determining interest to be paid under this subsection.

11. *Refunds passed on to customers.* If pursuant to federal law or rule a rate-regulated public utility furnishing gas to customers in the state receives a refund or credit for past gas purchases, the savings shall be passed on to the customers in a manner approved by the board. Similarly, if pursuant to federal law or rule a rate-regulated public utility furnishing gas to customers in the state receives a rate for future gas purchases which is lower than the price included in the public utility's approved rate application, the savings shall be passed on to the customers in a manner approved by the board.

12. *Natural gas supply and cost review.* The board shall periodically conduct a proceeding for the purpose of evaluating the reasonableness and prudence of a rate-regulated public utility's natural gas procurement and contracting practices. The natural gas supply and cost review shall be conducted as a contested case pursuant to chapter 17A.

Under procedures established by the board, each rate-regulated public utility furnishing gas shall periodically file a complete natural gas procurement plan describing the expected sources and volumes of its gas supply and changes in the cost of gas anticipated over a future twelve-month period specified by the board. The utilities shall file information as the board deems appropriate.

During the natural gas supply and cost review, the board shall evaluate the reasonableness and prudence of the gas procurement plan. If a utility is not taking all reasonable actions to minimize its purchase gas costs, consistent with assuring an adequate long-term supply of natural gas, the board shall not allow the utility to recover from its customers purchase gas costs in excess of those costs that would be incurred under reasonable and prudent policies and practices.

13. *Electric energy supply and cost review.* The board shall periodically conduct a proceeding for the purpose of evaluating the reasonableness and prudence of a rate-regulated public utility's procurement and contracting practices related to the acquisition of fuel for use in generating electricity. The evaluation may review the reasonableness and prudence of actions taken by a rate-regulated public utility to comply with the federal Clean Air Act Amendments of 1990, Pub. L. No. 101-549. The proceeding shall be conducted as a contested case pursuant to chapter 17A. Under procedures established by the board, the utility shall file information as the board deems appropriate. If a utility is not taking all reasonable

actions to minimize its fuel and allowance transaction costs, the board shall not allow the utility to recover from its customers fuel and allowance transaction costs in excess of those costs that would be or would have been incurred under reasonable and prudent policies and practices.

14. *Energy efficiency plans.* Electric and gas public utilities shall offer energy efficiency programs to their customers through energy efficiency plans. An energy efficiency plan as a whole shall be cost-effective. In determining the cost-effectiveness of an energy efficiency plan, the board shall apply the societal test, utility cost test, rate-payer impact test, and participant test. Energy efficiency programs for qualified low-income persons and for tree planting programs need not be cost-effective and shall not be considered in determining cost-effectiveness of plans as a whole. The energy efficiency programs in the plans may be provided by the utility or by a contractor or agent of the utility.

15. *Water costs for fire protection in certain cities.*

*a. Application.* A city furnished water by a public utility subject to rate regulation may apply to the board for inclusion of all or a part of the costs of fire hydrants or other improvements, maintenance, and operations for the purpose of providing adequate water production, storage, and distribution for public fire protection in the rates or charges assessed to consumers covered by the applicant's fire protection service. The application shall be made in a form and manner approved by or as directed by the board. The applicant shall provide such additional information as the board may require to consider the application.

*b. Review.* The board shall review the application, and may in its discretion consider additional evidence, beyond that supplied in the application or provided by the applicant in response to a request for additional information pursuant to paragraph "a", including, but not limited to, soliciting oral or written testimony from other interested parties.

*c. Notice.* Written notice of a proposed rate increase shall be provided by the public utility pursuant to subsection 2, except that notice shall be provided within ninety days of the date of application. Costs of the notice shall be paid for by the applicant.

*d. Conditions for approval.* As a condition to approving an application to include water-related fire protection costs in the utility's rates or charges, the board shall make an affirmative determination that the following conditions will be met:

(1) That the service area currently charged for fire protection, either directly or indirectly, is substantially the same service area containing those persons who will pay for water-related fire protection through inclusion of such costs within the utility's rates or charges.

(2) That the inclusion of such costs within the utility's rates or charges will not cause substantial inequities among the utility's customers.

(3) That all or a portion of the costs sought to be included in the utility's rates or charges by the applicant are reasonable in the circumstances, and limited to the purposes specified in paragraph "c".

(4) That written notice has been provided pursuant to paragraph "c" and that the costs of the notice have been paid by the applicant.

e. Inclusion within rates or charges. If the board affirmatively determines that the conditions of paragraph "d" are or will be satisfied, the board shall include the reasonable costs in the rates or charges assessed to consumers covered by the applicant's fire protection service.

f. Written order. The board shall issue a written order within six months of the date of application. The written order shall include a recitation of the facts found pursuant to consideration of the application.

16. *Energy efficiency implementation, cost review, and cost recovery.*

a. Gas and electric utilities required to be rate-regulated under this chapter shall file energy efficiency plans with the board. An energy efficiency plan and budget shall include a range of programs, tailored to the needs of all customer classes, including residential, commercial, and industrial customers, for energy efficiency opportunities. The plans shall include programs for qualified low-income persons including a cooperative program with any community action agency within the utility's service area to implement countywide or communitywide energy efficiency programs for qualified low-income persons. Rate-regulated gas and electric utilities shall utilize Iowa agencies and Iowa contractors to the maximum extent cost-effective in their energy efficiency plans filed with the board.

b. A gas and electric utility required to be rate-regulated under this chapter shall assess potential energy and capacity savings available from actual and projected customer usage by applying commercially available technology and improved operating practices to energy-using equipment and buildings. The utility shall submit the assessment to the board. Upon receipt of the assessment, the board shall consult with the department of natural resources to develop specific capacity and energy savings performance standards for each utility. The utility shall submit an energy efficiency plan which shall include economically achievable programs designed to attain these energy and capacity performance standards.

c. The board shall conduct contested case proceedings for review of energy efficiency plans and budgets filed by gas and electric utilities required to be rate-regulated under this chapter. The board may approve, reject, or modify the plans and budgets. Notwithstanding the provisions of section

17A.19, subsection 5, in an application for judicial review of the board's decision concerning a utility's energy efficiency plan or budget, the reviewing court shall not order a stay. Whenever a request to modify an approved plan or budget is filed subsequently by the office of consumer advocate or a gas or electric utility required to be rate-regulated under this chapter, the board shall promptly initiate a formal proceeding if the board determines that any reasonable ground exists for investigating the request. The formal proceeding may be initiated at any time by the board on its own motion. Implementation of board-approved plans or budgets shall be considered continuous in nature and shall be subject to investigation at any time by the board or the office of the consumer advocate.

d. Notice to customers of a contested case proceeding for review of energy efficiency plans and budgets shall be in a manner prescribed by the board.

e. A gas or electric utility required to be rate-regulated under this chapter may recover, through an automatic adjustment mechanism filed pursuant to subsection 8, over a period not to exceed the term of the plan, the costs of an energy efficiency plan approved by the board, including amounts for a plan approved prior to July 1, 1996, in a contested case proceeding conducted pursuant to paragraph "c". The board shall periodically conduct a contested case proceeding to evaluate the reasonableness and prudence of the utility's implementation of an approved energy efficiency plan and budget. If a utility is not taking all reasonable actions to cost-effectively implement an approved energy efficiency plan, the board shall not allow the utility to recover from customers costs in excess of those costs that would be incurred under reasonable and prudent implementation and shall not allow the utility to recover future costs at a level other than what the board determines to be reasonable and prudent. If the result of a contested case proceeding is a judgment against a utility, that utility's future level of cost recovery shall be reduced by the amount by which the programs were found to be imprudently conducted. The utility shall not represent energy efficiency in customer billings as a separate cost or expense unless the board otherwise approves.

f. A rate-regulated utility required to submit an energy efficiency plan under this subsection shall, upon the request of a state agency or political subdivision to which it provides service, provide advice and assistance regarding measures which the state agency or political subdivision might take in achieving improved energy efficiency results. The cooperation shall include assistance in accessing financial assistance for energy efficiency measures.

17. *Filing of forecasts.* The board shall periodically require each rate-regulated gas or electric public utility to file a forecast of future gas requirements or electric generating needs and the board

shall evaluate the forecast. The forecast shall include, but is not limited to, a forecast of the requirements of its customers, its anticipated sources of supply, and its anticipated means of addressing the forecasted gas requirements or electric generating needs.

18. *Energy efficiency program financing.* The board may require each rate-regulated gas or electric public utility to offer qualified customers the opportunity to enter into an agreement for the amount of moneys reasonably necessary to finance cost-effective energy efficiency improvements to the qualified customers' residential dwellings or businesses.

19. *Allocation of replacement tax costs.* The costs of the replacement tax imposed pursuant to chapter 437A shall be reflected in the charges of utilities subject to rate regulation, in lieu of the utilities' costs of property taxes. The imposition of the replacement taxes pursuant to chapter 437A is not intended to initiate any change in the rates and charges for the sale of electricity, the sale of natural gas, or the transportation of natural gas that is subject to regulation by the board and in effect on January 1, 1999.

The cost of the replacement taxes imposed by chapter 437A shall be allocated among and within customer classes in a manner that will replicate the tax cost burden of the current property tax on individual customers to the maximum extent practicable.

Upon the restructuring of the electric industry in this state so that individual consumers are given the right to choose their electric suppliers, replacement tax costs shall be assigned to the service corresponding to the individual generation, transmission, and delivery taxes. In all other respects, the allocation of the replacement tax costs among and within the customer classes shall remain the same to the maximum extent practicable.

Notwithstanding this subsection, the board may determine the amount of replacement tax properly included in retail rates subject to its jurisdiction. The board may determine whether the base rates or some other form of rate is most appropriate for recovery of the costs of the replacement tax, subject to the requirement that utility rates be reasonable and just. The board may also determine the appropriate allocation of the tax. Any significant modification to rate design relating to the replacement tax shall be made in a manner consistent with this subsection unless made in a contested case proceeding where the impact of such modification on competition and consumer costs is considered.

20. *Replacement tax study committee.* On or before July 1, 2000, the utilities board, in consultation with the department of revenue, shall initiate and coordinate the establishment of a replacement tax study committee and provide staffing assistance to the committee. It is the intent of the

general assembly that the committee include representatives of the utilities board, department of revenue, department of management, investor-owned utilities, municipal utilities, cooperative utilities, local governments, major customer classes, and other stakeholders.

The committee shall study the effects of the replacement tax on both restructuring and the development of competition in the gas and electric industries in this state. The board shall report to the general assembly by January 1 of each year through 2003, the results of the study, and the committee's recommendations as to whether the replacement tax, in its then present form, should be continued, whether a different form of taxation of electric and gas utilities should be adopted in order to allow free and fair competition in the electric and gas industries, and fair competitive prices for all classes of consumers, whether a different basis for determination of the generation, transmission, and delivery taxes should be adopted or whether the relative share of the total replacement tax burden imposed on each of the generation, transmission, and delivery functions should be modified in order to allow free and fair competition in the electric and gas industries, and fair competitive prices for all classes of consumers, and whether the replacement tax in its then present form, appropriately accounts for the decline in value of electric power generating plants. The replacement tax study committee shall reconvene by January 1, 2006, to further study these same issues, and the board shall report the results of the study and the committee's recommendations to the general assembly by January 1, 2008.

Upon recommendation of the committee, the board may contract for services necessary to the implementation of this subsection with persons who are not state employees, including, but not limited to, facilitators, consultants, and other experts required to assist the committee. The cost of contracted services shall not be paid from appropriated funds, but shall be assessed to entities paying replacement tax pursuant to chapter 437A, subchapter II, pro rata, based on the amount of tax paid.

21. *Recovery of management costs.* A public utility which is assessed management costs by a local government pursuant to chapter 480A is entitled to recover those costs. If the public utility serves customers within the boundaries of the local government imposing the management costs, such costs shall be recovered exclusively from those customers.

22. *Electric power generating facility emissions.*

a. It is the intent of the general assembly that the state, through a collaborative effort involving state agencies and affected generation owners, provide for compatible statewide environmental and electric energy policies with respect to regulated emissions from rate-regulated electric power

generating facilities in the state that are fueled by coal. Each rate-regulated public utility that is an owner of one or more electric power generating facilities fueled by coal and located in this state on July 1, 2001, shall develop a multiyear plan and budget for managing regulated emissions from its facilities in a cost-effective manner.

(1) The initial multiyear plan and budget shall be filed with the board by April 1, 2002. Updates to the plan and budget shall be filed at least every twenty-four months.

(2) Copies of the initial plan and budget, as well as any subsequent updates, shall be served on the department of natural resources.

(3) The initial multiyear plan and budget and any subsequent updates shall be considered in a contested case proceeding pursuant to chapter 17A. The department of natural resources and the consumer advocate shall participate as parties to the proceeding.

(4) The department of natural resources shall state whether the plan or update meets applicable state environmental requirements for regulated emissions. If the plan does not meet these requirements, the department shall recommend amendments that outline actions necessary to bring the plan or update into compliance with the environmental requirements.

*b.* The board shall not approve a plan or update that does not meet applicable state environmental requirements and federal ambient air quality standards for regulated emissions from electric power generating facilities located in the state.

*c.* The board shall review the plan or update and the associated budget, and shall approve the plan or update and the associated budget if the plan or update and the associated budget are reasonably expected to achieve cost-effective compliance with applicable state environmental requirements and federal ambient air quality standards. In reaching its decision, the board shall consider whether the plan or update and the associated budget reasonably balance costs, environmental requirements, economic development potential, and the reliability of the electric generation and transmission system.

*d.* The board shall issue an order approving or rejecting a plan, update, or budget within one hundred eighty days after the public utility's filing is deemed complete; however, upon good cause shown, the board may extend the time for issuing the order as follows:

(1) The board may grant an extension of thirty days.

(2) The board may grant more than one extension, but each extension must rely upon a separate showing of good cause.

(3) A subsequent extension must not be granted any earlier than five days prior to the expiration of the original one-hundred-eighty-day period, or the current extension.

*e.* The reasonable costs incurred by a rate-regulated public utility in preparing and filing the plan, update, or budget and in participating in the proceedings before the board and the reasonable costs associated with implementing the plan, update, or budget shall be included in its regulated retail rates.

*f.* It is the intent of the general assembly that the board, in an environmental plan, update, or associated budget filed under this section by a rate-regulated public utility, may limit investments or expenditures that are proposed to be undertaken prior to the time that the environmental benefit to be produced by the investment or expenditure would be required by state or federal law.

*g.* The board shall report to the general assembly by January 21, 2003, on the appropriateness and desirability of requiring the municipal utilities and the rural electric cooperatives to file multiyear plans and budgets for managing regulated emissions from their electric power generating facilities fueled by coal and located in this state, similar to the process required for rate-regulated public utilities under this subsection.

#### **476.10A Funding for Iowa energy center and center for global and regional environmental research.**

1. *a.* The board shall direct all gas and electric utilities to remit to the treasurer of state one-tenth of one percent of the total gross operating revenues during the last calendar year derived from their intrastate public utility operations. The board shall by rule provide a schedule for remittances.

*b.* The amounts collected pursuant to this section shall be in addition to the amounts permitted to be assessed pursuant to section 476.10. The board shall allow inclusion of these amounts in the budgets approved by the board pursuant to section 476.6, subsection 16, paragraph “c”.

*c.* (1) Eighty-five percent of the remittances collected pursuant to this section is appropriated to the Iowa energy center created in section 266.39C.

(2) Fifteen percent of the remittances collected pursuant to this section is appropriated to the center for global and regional environmental research established by the state board of regents.

2. Notwithstanding section 8.33, any unexpended moneys remitted to the treasurer of state under this section shall be retained for the purposes designated. Notwithstanding section 12C.7, subsection 2, interest or earnings on investments or time deposits of the moneys remitted under this section shall be retained and used for the purposes designated, pursuant to section 476.46.

3. The Iowa energy center and the center for

global and regional environmental research shall each provide a written annual report to the utilities board that describes each center's activities and the results that each center has accomplished. #### **476.23 Electric service conflicts — certificates of authority.**

1. An electric utility shall not construct or extend facilities or furnish or offer to furnish electric service to the existing point of delivery of any customer already receiving electric service from another electric utility without having first filed with the board the express written agreement of the electric utility presently serving this customer, except as otherwise provided in this section. Any municipal corporation, after being authorized by a vote of the people, or any electric utility may file a petition with the board requesting a certificate of authority to furnish electric service to the existing point of delivery of any customer already receiving electric service from another electric utility. If, after notice by the board to the electric utility currently serving the customer, objection to the petition is not filed and investigation is not deemed necessary, the board shall issue a certificate within thirty days of the filing of the petition. When an objection is filed, if the board, after notice and opportunity for hearing, determines that service to the customer by the petitioner is in the public interest, including consideration of any unnecessary duplication of facilities, it shall grant this certificate in whole or in part, upon such terms, conditions, and restrictions as may be justified. Whether or not an objection is filed, any certificate issued shall require that the petitioner pay to the electric utility presently serving the customer, the reasonable price for facilities serving the customer. This price determination by the board shall include due consideration of the cost of the facilities being acquired; any necessary generating capacity and transmission capacity dedicated to the customer, including, but not limited to, electric power generating facilities and alternate energy production facilities not yet in service but for which the board has issued an order pursuant to section 476.53, and electric power generating facility emissions plan budgets approved by the board pursuant to section 476.6, subsection 22; depreciation; loss of revenue; and the cost of facilities necessary to reintegrate the system of the utility after detaching the portion sold.

2. An electric utility shall not construct or extend facilities or furnish electric service to a prospective customer not presently being served, unless its existing service facilities are nearer the

proposed point of delivery than the service facilities of any other utility. However, an electric utility may extend electric service and transmission lines if the electric utility closest to the delivery point consents to this extension in writing and a copy of the agreement is filed with the board or, if the board, after notice and opportunity for hearing and after giving due consideration to the prevention of unnecessary duplication of facilities, finds that service from an electric utility, other than the closest utility, is in the public interest. This subsection shall not apply if the prospective customers are within an exclusive service area assigned to an electric utility as provided in this division.

3. Notwithstanding subsections 1 and 2 of this section, any electric utility may extend electric service and transmission lines to its own utility property and facilities.

4. If not inconsistent with the provisions of this division:

*a.* All rights of municipal corporations under chapter 364 to grant a person a franchise to erect, maintain, and operate plants and systems for electric light and power within the corporate boundaries, and rights acquired by franchise or agreement shall be preserved in these municipal corporations;

*b.* All rights of city utilities under the city code shall be preserved in these city utilities;

*c.* All rights of city utilities and joint electric utilities under chapter 390 shall be preserved in these city utilities and joint electric utilities; and

*d.* All rights of cities under chapter 6B are preserved. However, prior to the institution of condemnation proceedings, the city shall obtain a certificate of authority from the board in accordance with this division and the board's determination of price under this division shall be conclusive evidence of damages in these condemnation proceedings.

#### **476.33 Rules governing hearings.**

1. The board shall adopt rules pursuant to chapter 17A to provide for the completion of proceedings under section 476.3 within ten months after the date of the filing of a petition under section 476.3, subsection 2, and to provide for the completion of proceedings under section 476.6 within ten months after the date of filing of the new or changed rates, charges, schedules, or regulations under that section. These rules shall include reasonable time limitations for the submission or completion of comments and testimony, and exhibits, briefs, and hearings, and may provide for the granting of additional time upon the request of a party to the proceeding for good cause shown.

2. Additional time granted to a party under subsection 1 shall not extend the amount of time for which a utility is required to file a bond or other undertaking conditioned upon refund under section 476.3, subsection 2.

3. If in a proceeding under section 476.6 additional time is granted to a party under subsection 1, the board may extend the ten-month period during which a utility is prohibited from placing its entire rate increase request into effect under section 476.6, but an extension shall not exceed the aggregate amount of all additional time granted under subsection 1.

4. The board shall adopt rules that require the board, in rate regulatory proceedings under sections 476.3 and 476.6, to consider the use of the most current test period possible in determining reasonable and just rates, subject only to the availability of existing and verifiable data respecting costs and revenues, and in addition to consider verifiable data that exists as of the date of commencement of the proceedings respecting known and measurable changes in costs not associated with a different level of revenue, and known and measurable revenues not associated with a different level of costs, that are to occur at any time within twelve months after the date of commencement of the proceedings. For purposes of this subsection, a proceeding commences under section 476.6 upon the filing date of new or changed rates, charges, schedules or regulations. This subsection does not limit the authority of the board to consider other evidence in proceedings under sections 476.3 and 476.6.

5. *a.* The board shall adopt rules that require the board, in a rate regulatory proceeding under sections 476.3 and 476.6, to consider both of the following for inclusion in rates:

(1) Capital infrastructure investments that will not produce significant additional revenues and will be in service in Iowa within nine months after the conclusion of the test year.

(2) Cost of capital changes that will occur within nine months after the conclusion of the test year that are associated with a new generating plant that has been the subject of a ratemaking principles proceeding pursuant to section 476.53.

*b.* This subsection is repealed effective July 1, 2007. However, any utilities board proceeding that is pending on July 1, 2007, that is being conducted pursuant to section 476.3 or 476.6 shall be completed as if this section had not been repealed. Upon repeal, the board may still consider the adjustments addressed in this subsection, but shall not be required to consider them.

NEW subsection 5

#### **476.43 Rates for alternate energy production facilities.**

1. Subject to section 476.44, the board shall re-

quire electric utilities to do both of the following under terms and conditions that the board finds are just and economically reasonable for the electric utilities' customers, are nondiscriminatory to alternate energy producers and small hydro producers, and will further the policy stated in section 476.41:

*a.* At least one of the following:

(1) Own alternate energy production facilities or small hydro facilities located in this state.

(2) Enter into long-term contracts to purchase or wheel electricity from alternate energy production facilities or small hydro facilities located in the utility's service area.

*b.* Provide for the availability of supplemental or backup power to alternate energy production facilities or small hydro facilities on a nondiscriminatory basis and at just and reasonable rates.

2. Upon application by the owner or operator of an alternate energy production facility or small hydro facility or any interested party, the board shall establish for the affected public utility just and economically reasonable rates for electricity purchased under subsection 1, paragraph "a". The rates shall be established at levels sufficient to stimulate the development of alternate energy production and small hydro facilities in Iowa and to encourage the continuation of existing capacity from those facilities.

3. The board may adopt individual utility or uniform statewide facility rates. The board shall consider the following factors in setting individual or uniform rates:

*a.* The estimated capital cost of the next generating plant, including related transmission facilities, to be placed in service by the electric utility serving the area.

*b.* The term of the contract between the electric utility and the seller.

*c.* A levelized annual carrying charge based upon the term of the contract and determined in a manner consistent with both the methods and the current interest or return requirements associated with the electric utility's new construction program.

*d.* The electric utility's annual energy costs, including current fuel costs, related operation and maintenance costs, and other energy-related costs considered appropriate by the board.

*e.* External factors, including but not limited to, environmental and economic factors.

*f.* Other relevant factors.

*g.* If the board adopts uniform statewide rates, the board shall use representative data in lieu of utility specific information in applying the factors listed in paragraphs "a" through "f".

4. In the case of a utility that purchases all or substantially all of its electricity requirements, the rates established under this section must be based on the electric utility's current purchased power costs.

5. In lieu of the other procedures provided by this section, an electric utility and an owner or operator of an alternate energy production facility or small hydro facility may enter into a long-term contract in accordance with subsection 1 and may agree to rates for purchase and sale transactions. A contract entered into under this subsection must be filed with the board in the manner provided for tariffs under section 476.4.

6. This section does not require an electric utility to construct additional facilities unless those facilities are paid for by the owner or operator of the affected alternate energy production facility or small hydro facility.

2003 Acts, ch 29, §2, 6  
Subsection 1 amended

#### 476.44 Exceptions.

1. The board shall not require an electric utility to purchase or wheel electricity from an alternate energy production facility or small hydro facility unless the facility is owned or operated by an individual, firm, copartnership, corporation, company, association, joint stock association, city, town, or county that meets both of the following:

*a.* Is not primarily engaged in the business of producing or selling electricity, gas, or useful thermal energy other than electricity, gas, or useful thermal energy sold solely from alternate energy production facilities or small hydro facilities.

*b.* Does not sell electricity, gas, or useful thermal energy to residential users other than the tenants or the owner or operator of the facility.

2. An electric utility subject to this division, except a utility that elects rate regulation pursuant to section 476.1A, shall not be required to own or purchase, at any one time, more than its share of one hundred five megawatts of power from alternative energy production facilities or small hydro facilities at the rates established pursuant to section 476.43. The board shall allocate the one hundred five megawatts based upon each utility's percentage of the total Iowa retail peak demand, for the year beginning January 1, 1990, of all utilities subject to this section. If a utility undergoes reorganization as defined in section 476.76, the board shall combine the allocated purchases of power for each utility involved in the reorganization.

Notwithstanding the one hundred five megawatt maximum, the board may increase the amount of power that a utility is required to own or purchase at the rates established pursuant to section 476.43 if the board finds that a utility, including a reorganized utility, exceeds its 1990 Iowa retail peak demand by twenty percent and the additional power the utility is required to purchase will encourage the development of alternate energy production facilities and small hydro facilities. The increase shall not exceed the utility's increase in peak demand multiplied by the ratio of the utility's share of the one hundred five mega-

watt maximum to its 1990 Iowa retail peak demand.

Subsection 2 amended

#### 476.45 Exemption from excess capacity.

Capacity of an alternate energy production facility or small hydro facility, that is owned or purchased by an electric utility, shall not be included in a calculation of an electric utility's excess generating capacity for ratemaking purposes.

#### 476.46 Alternate energy revolving loan program.

1. The Iowa energy center created under section 266.39C shall establish and administer an alternate energy revolving loan program to encourage the development of alternate energy production facilities and small hydro facilities within the state.

2. *a.* An alternate energy revolving loan fund is created in the office of the treasurer of state to be administered by the Iowa energy center.

*b.* The fund shall include moneys remitted to the fund pursuant to subsection 3 and any other moneys appropriated or otherwise directed to the fund.

*c.* Moneys in the fund shall be used to provide loans for the construction of alternate energy production facilities or small hydro facilities as defined in section 476.42.

*d.* (1) A gas or electric utility that is not required to be rate-regulated shall not be eligible for a loan under this section.

(2) A facility shall be eligible for no more than two hundred fifty thousand dollars in loans outstanding at any time under this program.

*e.* (1) Each loan shall be for a period not to exceed twenty years, shall bear no interest, and shall be repayable to the fund created under this section in installments as determined by the Iowa energy center. The interest rate upon delinquent payments shall accelerate immediately to the current legal usury limit.

(2) Any loan made pursuant to this program shall become due for payment upon sale of the facility for which the loan was made.

(3) Interest on the fund shall be deposited in the fund. A portion of the interest on the fund, not to exceed fifty percent of the total interest accrued, shall be used for promotion and administration of the fund.

*f.* Section 8.33 shall not apply to the moneys in the fund.

3. The board shall direct all gas and electric utilities required to be rate-regulated to remit to the treasurer of state by July 1, 1996, eighty-five one-thousandths of one percent of the total gross operating revenues during calendar year 1995 derived from their intrastate public utility opera-

tions, by July 1, 1997, eighty-five one-thousandths of one percent of the total gross operating revenues during calendar year 1996 derived from their intrastate public utility operations and by July 1, 1998, eighty-five one-thousandths of one percent of the total gross operating revenues during calendar year 1997 derived from their intrastate public utility operations. The amounts collected pursuant to this section shall be in addition to the amounts permitted to be assessed pursuant to section 476.10 and the amounts assessed pursuant to section 476.10A. The board shall allow inclusion of these amounts in the budgets approved by the board pursuant to section 476.6, subsection 16, paragraph "c".

Section not amended; internal reference change applied

#### 476.51 Civil penalty.

1. A public utility which, after written notice by the board of a specific violation, violates the same provision of this chapter, the same rule adopted by the board, or the same provision of an order lawfully issued by the board, is subject to a civil penalty, which may be levied by the board, of not less than one hundred dollars nor more than two thousand five hundred dollars per violation.

2. A public utility which willfully, after written notice by the board of a specific violation, violates the same provision of this chapter, the same rule adopted by the board, or the same provision of an order lawfully issued by the board, is subject to a civil penalty, which may be levied by the board, of not less than one thousand dollars nor more than ten thousand dollars per violation. For the purposes of this section, "willful" means knowing and deliberate, with a specific intent to violate.

3. Each violation is a separate offense. In the case of a continuing violation, each day a violation continues, after the time specified for compliance in the written notice by the board, is a separate and distinct offense. Any civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in a compromise, the board may consider the appropriateness of the penalty in relation to the size of the public utility, the gravity of the violation, and the good faith of the public utility in attempting to achieve compliance following notification of a violation, and any other relevant factors.

4. The written notice given by the board to a public utility under this section shall specify an appropriate time for compliance.

5. Civil penalties collected pursuant to this section from utilities providing water, electric, or gas service shall be forwarded by the executive secretary of the board to the treasurer of state to be credited to the general fund of the state and to be used only for the low income home energy assistance program and the weatherization assistance program administered by the division of community action agencies of the department of human rights. Civil penalties collected pursuant to this

section from utilities providing telecommunications service shall be forwarded to the treasurer of state to be credited to the general fund of the state to be used only for consumer education programs administered by the board. Penalties paid by a rate-regulated public utility pursuant to this section shall be excluded from the utility's costs when determining the utility's revenue requirement, and shall not be included either directly or indirectly in the utility's rates or charges to customers.

2003 Acts, ch 126, §4  
Section amended

#### 476.53 Electric generating and transmission facilities.

1. It is the intent of the general assembly to attract the development of electric power generating and transmission facilities within the state in sufficient quantity to ensure reliable electric service to Iowa consumers and provide economic benefits to the state.

2. The general assembly's intent with regard to the development of electric power generating and transmission facilities, as provided in subsection 1, shall be implemented in a manner that is cost-effective and compatible with the environmental policies of the state, as expressed in Title XI.

3. For purposes of this section, unless the context otherwise requires, the terms "cogeneration pilot project facility", "energy sales agreement", "qualified cogeneration pilot project facility", and "utility-owned cogeneration pilot project facility" mean the same as defined in section 15.269.

4. a. The board shall specify in advance, by order issued after a contested case proceeding, the ratemaking principles that will apply when the costs of the electric power generating facility, alternate energy production facility, cogeneration pilot project facility, or energy sales agreement are included in regulated electric rates whenever a rate-regulated public utility does any of the following:

(1) Files an application pursuant to section 476A.3 to construct in Iowa a baseload electric power generating facility with a nameplate generating capacity equal to or greater than three hundred megawatts or a combined-cycle electric power generating facility, or an alternate energy production facility as defined in section 476.42.

(2) Leases or owns in Iowa, in whole or in part, a new baseload electric power generating facility with a nameplate generating capacity equal to or greater than three hundred megawatts or a combined-cycle electric power generating facility, or a new alternate energy production facility as defined in section 476.42.

(3) Enters into an agreement for the purchase of the electric power output of a qualified cogeneration pilot project facility or constructs a utility-owned cogeneration pilot project facility pursuant to section 15.269.

b. In determining the applicable ratemaking principles, the board shall not be limited to traditional ratemaking principles or traditional cost recovery mechanisms. Among the principles and mechanisms the board may consider, the board has the authority to approve ratemaking principles proposed by a rate-regulated public utility that provide for reasonable restrictions upon the ability of the public utility to seek a general increase in electric rates under section 476.6 for at least three years after the generation facility begins providing service to Iowa customers.

c. In determining the applicable ratemaking principles, the board shall make the following findings:

(1) The rate-regulated public utility has in effect a board-approved energy efficiency plan as required under section 476.6, subsection 16.

(2) The rate-regulated public utility has demonstrated to the board that the public utility has considered other sources for long-term electric supply and that the facility, lease, or cogeneration pilot project facility is reasonable when compared to other feasible alternative sources of supply. The rate-regulated public utility may satisfy the requirements of this subparagraph through a competitive bidding process, under rules adopted by the board, that demonstrate the facility, energy sales agreement, or lease is a reasonable alternative to meet its electric supply needs.

d. The applicable ratemaking principles shall be determined in a contested case proceeding, which proceeding may be combined with the proceeding for issuance of a certificate conducted pursuant to chapter 476A.

e. The order setting forth the applicable ratemaking principles shall be issued prior to the commencement of construction or lease of the facility, or execution of an energy sales agreement related to the cogeneration pilot project facility.

f. Following issuance of the order, the rate-regulated public utility shall have the option of proceeding according to either of the following:

(1) Withdrawing its application for a certificate pursuant to chapter 476A.

(2) Proceeding with the construction or lease of the facility or implementation of an energy sales agreement related to a cogeneration pilot project facility.

g. Notwithstanding any provision of this chapter to the contrary, the ratemaking principles established by the order issued pursuant to paragraph "e" shall be binding with regard to the specific electric power generating facility or cogeneration pilot project facility in any subsequent rate proceeding.

5. The utilities board and the consumer advocate may employ additional temporary staff, or may contract for professional services with persons who are not state employees, as the board and the consumer advocate deem necessary to perform required functions as provided in this section, in-

cluding but not limited to review of power purchase contracts, review of emission plans and budgets, and review of ratemaking principles proposed for construction or lease of a new generating facility or a cogeneration pilot project facility. Beginning July 1, 2002, there is appropriated out of any funds in the state treasury not otherwise appropriated, such sums as may be necessary to enable the board and the consumer advocate to hire additional staff and contract for services under this section. The costs of the additional staff and services shall be assessed to the utilities pursuant to the procedure in section 476.10 and section 475A.6.

6. a. A qualified cogeneration pilot project facility may file a petition with the board for a determination of the avoided cost of an electric utility as provided in the federal Public Utility Regulatory Policies Act of 1978 and related federal regulations, if such a determination has not been made within the last twenty-four months or if there is reason to believe the avoided cost has changed.

b. The board shall issue its determination of the electric utility's avoided cost within one hundred twenty days after the petition is filed.

c. The board, for good cause shown, may extend the deadline for issuing the decision for an additional period not to exceed one hundred twenty days.

d. The board shall not issue a decision under this subsection without providing notice and an opportunity for hearing.

e. The utilities board and the consumer advocate may employ additional temporary staff, or may contract for professional services with persons who are not state employees, as the board and the consumer advocate deem necessary to perform required functions as provided in this subsection. There is appropriated out of any funds in the state treasury not otherwise appropriated, such sums as may be necessary to enable the board and the consumer advocate to hire additional staff and contract for services under this section. The costs of the additional staff and services shall be assessed to the electric utility pursuant to the procedure in sections 476.10 and 475A.6.

#### 476.86 Definitions.

As used in this section and section 476.87, unless the context otherwise requires:

1. "Aggregator" means a person who combines retail end users into a group and arranges for the acquisition of competitive natural gas services without taking title to those services.

2. "Competitive natural gas provider" means a person who takes title to natural gas and sells it

for consumption by a retail end user in the state of Iowa. “Competitive natural gas provider” includes an affiliate of an Iowa gas utility.

“Competitive natural gas provider” does not include the following:

*a.* A public utility which is subject to rate regulation under this chapter.

*b.* A municipally owned utility which provides natural gas service within its incorporated area or within the municipal natural gas competitive service area, as defined in section 437A.3, subsection 22, paragraph “a”, subparagraph (1), in which the municipally owned utility is located.

#### **476.97 Price regulation.**

1. Notwithstanding contrary provisions of this chapter relating to rate regulation, the board may approve a plan for price regulation submitted by a rate-regulated local exchange carrier. The plan for price regulation is not effective until the approval by the board of tariffs implementing the unbundling of essential facilities pursuant to section 476.101, subsection 4, except for a local exchange carrier with less than seventy-five thousand access lines whose plan for price regulation will be effective concurrent with the approval of its plan. The board may approve a plan for price regulation prior to the adoption of rules related to the unbundling of essential facilities or concurrent with a rate proceeding under section 476.3, 476.6, or 476.7. During the term of the plan, the board shall regulate the prices of the local exchange carrier’s basic and nonbasic communications services pursuant to the requirements of the price regulation plan approved by the board. The local exchange carrier shall not be subject to rate of return regulation during the term of the plan.

2. The board, after notice and opportunity for hearing, may approve, modify, or reject the plan. The board shall approve, modify, or reject the plan by no later than ninety days after the date the plan is filed. The local exchange carrier shall have ten days to accept or reject any board modifications to its plan. If the local exchange carrier rejects a modification to its plan, the board shall reject the plan without prejudice to the local exchange carrier to submit another plan.

3. A price regulation plan, at a minimum, shall include provisions, consistent with the provisions of this section and any rules adopted by the board, for the following:

*a.* (1) Establishing and changing prices, terms, and conditions for basic communications services. The initial plan for price regulation must include a proposal, which the board shall approve, for reducing the local exchange carrier’s average intrastate access service rates to the local exchange carrier’s average interstate access service rates in effect as of the last day of the calendar year immediately preceding the date of filing of the

plan, as follows:

(a) A local exchange carrier with five hundred thousand or more access lines in this state shall reduce its average intrastate access service rates by at least one hundred percent of the difference between average intrastate access service rates and average interstate access service rates as of the date that the plan becomes effective.

(b) A local exchange carrier with fewer than five hundred thousand but seventy-five thousand or more access lines in this state shall reduce its average intrastate access service rates to its average interstate access service rates in increments of at least twenty-five percent, with the initial reduction to take effect on approval of the plan and equal annual reductions on each anniversary of the approval during the first three years that its plan is in effect.

(c) A local exchange carrier with fewer than seventy-five thousand access lines in this state shall reduce its average intrastate access service rates to its average interstate access service rates with equal annual reductions during a period beginning no more than two years and ending no more than five years from the plan’s inception.

(2) The board, during the term of the plan for a local exchange carrier with five hundred thousand or more access lines in this state, may consider further reductions toward economic costs in the local exchange carrier’s average intrastate access service rates. The board may consider offsetting such reductions by an explicit subsidy replacement to the extent that such offsets are competitively neutral. In determining economic costs of access service the board shall consider all relevant costs of the service including shared and common costs of the local exchange carrier.

(3) This section shall not be construed to do either of the following:

(a) Prohibit an additional decrease in a carrier’s average intrastate access service rate during the term of the plan.

(b) Permit any increase in a carrier’s average intrastate access service rates during the term of the plan.

(4) The plan shall also provide that the initial prices for basic communications services shall be three percent less than the rates approved and in effect at the time the local exchange carrier files its plan. A local exchange carrier which elects to reduce its rates by three percent shall not, at a later time, increase its rates for basic communications services as a result of the carrier’s compliance with the board’s rules relating to unbundling. In lieu of the three percent reduction, and prior to the adoption of rules relating to unbundling pursuant to section 476.101, subsection 4, paragraph “a”, subparagraph (1), the local exchange carrier may request and the board may establish a regulated revenue requirement in a rate proceeding under section 476.3 or 476.6 commenced after July

1, 1995. After the determination of the local exchange carrier's regulated revenue requirement pursuant to the rate proceeding, the local exchange carrier shall not immediately implement rates designed to recover that regulated revenue requirement. Following the adoption of rules relating to unbundling pursuant to section 476.101, subsection 4, paragraph "a", subparagraph (1), the local exchange carrier shall commence a tariff proceeding for the approval of tariffs implementing such unbundling. The board has six months to complete this tariff proceeding and determine the local exchange carrier's final unbundled rates. The local exchange carrier shall carry forward the regulated revenue requirement determined by the board pursuant to the rate proceeding and design rates that comply with the board's rules relating to unbundling that recover the regulated revenue requirement, and that implement the board's approved rate design established in the tariff proceeding.

In lieu of taking the three percent reduction, a local exchange carrier that submits a plan for price regulation after the board adopts rules relating to unbundling may file a rate proceeding under section 476.3 or 476.6 and the board may approve rates designed to comply with those rules which allow the carrier to recover the established regulated revenue requirement and that implement the board's approved rate design established in the tariff proceeding.

(5) The plan shall provide for both increases and decreases in the prices for basic communications services reflecting annual changes in inflation. Initially, the board shall use the gross domestic product price index, as published by the federal government, for an inflation measure. The board by rule may adopt a more current measure of inflation. Any plan in effect as of July 1, 2003, that contains a productivity factor shall strike the productivity factor on a prospective basis.

(6) The plan may provide that price increases for basic communications services which are permitted under this section may be deferred and accumulated for a maximum of three years into a single price increase, provided that a deferred and accumulated price increase under this section shall not at any time exceed six percent. A price decrease for basic communications services shall not be deferred or accumulated, except that price decreases of less than two percent may be deferred by the local exchange carrier for one year. A price decrease required under this section may be offset by a price increase for a basic communications service that would have been permitted under this section in the previous twelve-month period, but which was deferred by the local exchange carrier.

b. Establishing and changing prices, terms, and conditions for nonbasic communications services.

c. Reporting new service offerings to the board.

d. Reflecting in rates any changes in revenues, expenses, and investment due to exogenous factors beyond the control of the local exchange carrier.

e. Providing notice to customers, the board, and the consumer advocate of changes in prices, terms, or conditions for basic and nonbasic communications services.

4. The board shall consider the extent to which a proposed plan complies with the requirements of subsection 3 and achieves the following:

a. Just, nondiscriminatory, and reasonable rates.

b. High quality, universally available communications services.

c. Encouragement of investment in communications infrastructure, efficiency improvements, and technological innovation.

d. The introduction of new communications products and services from a variety of sources.

e. Regulatory efficiency including reduction of regulatory costs and delays. A plan shall not provide for waiver of, release from, or delay in implementing the provisions of this section, section 476.101 or 476.102 or any rules adopted by the board pursuant to those sections.

5. Notwithstanding an approved plan for price regulation, the board shall continue to have regulatory authority over the following:

a. The level, extent, and timing of the unbundling of essential facilities offered by a local exchange carrier.

b. Ensuring against cross-subsidization between nonbasic communications services and basic communications services.

6. Any person, including the consumer advocate, a body politic, or the board on its own motion, may file a written complaint pursuant to section 476.3, subsection 1, regarding a local exchange carrier's implementation, operation under, or satisfaction of the purposes of its price regulation plan.

7. The consumer advocate may represent consumers before the board regarding any rule, order, or proceeding pertaining to price regulation. The consumer advocate may act as attorney for and represent consumers generally before any state or federal court concerning a board rule, order, or proceeding pertaining to price regulation.

8. In implementing price regulation, the board shall consider competitively neutral methods to assist lower-income Iowans to secure and retain telephone services.

9. The board shall determine the duration of any plan. The board shall review a local exchange carrier's operation under its plan, with notice and an opportunity for hearing, within four years of the initiation of the plan and prior to the termination of the plan. The local exchange carrier, consumer advocate, or any person may propose, and the board may approve, any reasonable modifications to a local exchange carrier's plan as a result

of the review, except that such modifications shall not require a reduction in the rates for any basic communications service.

10. The board, in determining whether to file a written complaint pursuant to subsection 6 or prior to reviewing a local exchange carrier's operation pursuant to subsection 9, may request that such carrier provide any information which the board deems necessary to make such determination or conduct such review. The carrier shall provide the requested information upon receipt of the request from the board.

11. *a.* Notwithstanding subsections 1 through 10, a local exchange carrier with fewer than five hundred thousand access lines in this state shall have the option to be regulated pursuant to subsections 1 through 10 or pursuant to this subsection. A local exchange carrier which elects to become price regulated under this subsection shall also be subject to subsections 5 through 8 and subsection 10 in the same manner as a local exchange carrier which operates under an approved plan of price regulation submitted pursuant to subsection 1.

*b.* A local exchange carrier which elects to become price regulated under this subsection shall give written notice to the board of such election not less than thirty days prior to the date such regulation is to commence.

*c.* Upon election of a local exchange carrier to become price-regulated under this subsection, the carrier shall reduce its rates for basic local telephone service an average of three percent. In lieu of the three percent reduction, the local exchange carrier may establish its rates for basic local telephone service in a rate proceeding under section 476.3 or 476.6 commenced after July 1, 1995.

*d.* Initial prices for basic communications services, other than basic local telephone service, shall be set at the rates in effect as of the first of July prior to the date such regulation is to commence.

*e.* (1) A price-regulated local exchange carrier shall not increase its rates for basic communications services for a period of twelve months after electing to become price regulated. To the extent necessary, rates for basic services may be increased to carry out the purpose of any rules that may be adopted by the board relating to the terms and conditions of unbundled services and interconnection. A price-regulated local exchange carrier may increase its rates for basic communications services following the initial twelve-month period to the extent that the change in its aggregate revenue weighted prices does not exceed the most recent annual change in the gross domestic product price index, as published by the federal government. If application of that formula achieves a negative result, prices shall be reduced so that the cumulative price change for basic services, including prior price reductions in these services, achieves the negative result. The board by

rule may adopt different measures of inflation if they are found to be more reflective of the individual price-regulated carriers.

(2) Price increases for basic communications services which are permitted under this subsection may be deferred and accumulated for a maximum of three years into a single price increase, provided that a deferred and accumulated price increase under this subsection shall not at any time exceed six percent. A price decrease for basic communications services shall not be deferred or accumulated, except that price decreases of less than two percent may be deferred by the local exchange carrier for one year. A price decrease required under this section may be offset by a price increase for a basic communications service that would have been permitted under this section in the previous twelve-month period, but which was deferred by the local exchange carrier. A rate change pursuant to this subsection may take effect thirty days after the notification of the board and consumers.

(3) A price-regulated local exchange carrier shall not increase its aggregate revenue weighted prices for nonbasic communications services more than six percent in any twelve-month period.

(4) A price-regulated local exchange carrier may reduce the price for any basic communications service, to an amount not less than the total service long-run incremental cost for such service on one day's notice filed with the board. For purposes of this subsection, "*total service long-run incremental costs*" means the difference between the company's total cost and the total cost of the company less the applicable service, feature, or function.

(5) A price-regulated local exchange carrier may offer new service alternatives for any basic communications services on thirty days prior notice to the board, provided that the preexisting basic communications service rate structure continues to be offered to customers. New telecommunications services shall be considered nonbasic communications services as defined in section 476.96, subsection 6.

(6) A price-regulated local exchange carrier must reduce the average intrastate access service rates to the carrier's average interstate access service rates. Such carrier shall reduce the average intrastate access service rates by at least twenty-five percent of the difference of such rates within ninety days of the election to be price-regulated and twenty-five percent each of the next three years.

*f.* A local exchange carrier shall notify customers of a rate change under this subsection at least thirty days prior to the effective date of the rate change.

*g.* A local exchange carrier which elects to become price regulated under this subsection shall also be subject to the following:

(1) The local exchange carrier shall not be sub-

ject to rate-of-return regulation while operating under price regulation.

(2) All regulated services shall be provided pursuant to board-approved tariffs.

(3) All new regulated service offerings shall be reported to the board.

(4) Rates may be adjusted by the board to reflect any changes in revenues, expenses, and investment due to exogenous factors beyond the control of the local exchange carrier, including, but not limited to, the effects of local competition. The board shall have one hundred eighty days to consider rate changes proposed under this subparagraph, but for good cause may grant one extension of sixty days, not to exceed a total of two hundred forty days.

*h.* The board may review a local exchange carrier's operation under this subsection, with notice and an opportunity for hearing, after four years of the carrier's election to be price-regulated. The local exchange carrier, consumer advocate, or any person may propose, and the board may approve, any reasonable modifications to the price regulation requirements in this subsection as a result of the specific carrier review, with the following limitations:

(1) Such modifications shall not require a reduction in the rates for any basic communications service or a return to rate-base, rate-of-return regulation.

(2) Such proposals for modifications under this paragraph "*h*" are limited to no more than one every three years.

The board shall approve, or approve subject to modification, a proposal for modification within one hundred eighty days of filing, but for good cause may grant one extension of sixty days, not to exceed a total of two hundred forty days. Reasonable modifications may include increases without offsetting decreases in any rate for basic and non-basic communications service of the carrier. In reviewing the carrier's proposal, the board shall consider, but not be limited to, potential rate consolidations, the impact of competition or other external factors since election of price regulation, the impact of the proposal on the carrier's ability to attract capital, and the impact of the proposal on the ability of the carrier to deploy advanced telecommunications services.

*i.* This subsection shall not be construed to prohibit an additional decrease or to permit any increase in a local exchange carrier's average intrastate access service rates during the term of the local exchange carrier's operation under price regulation.

*j.* Upon the request of a local exchange carrier, the board shall, when required by this subsection, grant the carrier temporary authority to place in effect seventy-five percent, or such lesser amount as the carrier may request, of the requested increases in rates, charges, schedules, or regulations by filing with the board a bond conditioned

upon the refund in a manner to be prescribed by the board of any amounts collected from any customer class in excess of the amounts which would have been collected under rates, charges, schedules, or regulations finally approved by the board. The board shall approve a request for temporary authority within thirty days after the date of filing of the request. The decision shall be effective immediately.

The board shall determine the rate of interest to be paid by a public utility to persons receiving refunds. The interest rate to be applied to refunds of moneys collected subject to refund under this subsection is one percent per annum plus the average quarterly interest rate at commercial banks for twenty-four-month loans for personal expenditures, as determined by the board, compounded annually. The board shall consider federal reserve statistical release G.19 or its equivalent when determining interest to be paid under this subsection.

*k.* The board and the consumer advocate may employ additional temporary staff, or may contract for professional services with persons who are not state employees, as the board and consumer advocate deem necessary to review a local exchange carrier's operations, proposal for modifications, rate change proposal, or proposed changes in aggregate revenue weighted prices pursuant to this subsection. Beginning July 1, 2002, there is appropriated out of any funds in the state treasury not otherwise appropriated, such sums as may be necessary to enable the board to hire additional staff and contract for services under this subsection. The costs of the additional staff and services shall be assessed to the local exchange carrier pursuant to the procedures in sections 475A.6 and 476.10.

12. *a.* The Iowa broadband initiative is created to provide access to advanced telecommunications services to all customers in all exchanges served by rate-regulated local exchange carriers where advanced telecommunications services are not already available at affordable rates, to the extent consistent with technological limitations and the public interest as determined by the board. The general assembly specifically finds that regulatory flexibility is appropriate when fostering economic development through the increased availability of advanced telecommunications services.

*b.* For purposes of this section, "*advanced telecommunications services*" is defined as infrastructure capable of delivering a data transmission speed of at least two hundred kilobits per second in each direction.

*c.* Any rate-regulated local exchange carrier may implement a single increase in monthly rates for residential or business dial tone access service lines by an amount not to exceed two dollars per month. The increase shall be included in the customer's bill as an unidentified part of the overall

rate for service. The revenue from this increase shall be used to provide advanced telecommunications services in each of the carrier's local exchange central office wire centers where advanced telecommunications services are not currently available at affordable rates in all or a substantial part of the exchange, subject to the requirements in subparagraphs (1) through (7). In addition, any increase or decrease required by an approved price regulation plan that, as of July 1, 2003, has been deferred pursuant to subsection 3, paragraph "a", subparagraph (6), shall not be implemented and the amount of any deferral shall also be used to provide advanced telecommunications services, subject to the following requirements:

(1) Any carrier electing to participate in the Iowa broadband initiative shall file for the board's review and approval a plan for using the revenue resulting from the rate increase. In reviewing the plan, the board shall consider investments and expenditures by the carrier that will best serve the public interest as described in this subsection, including upgrading the existing telecommunications infrastructure to permit improved data services for customers who cannot be offered advanced telecommunications services because of their geographical location. The board shall adopt rules to implement its review process, including rules that specify the initial plan filing requirements, further define the public interest, and identify some of the factors the board will consider in reviewing plans.

(2) The carrier shall use the revenue resulting from the rate increase to implement its approved plan. Whenever the board is of the opinion that a carrier is not complying with its approved plan, the board may commence an action in the district court for any county in which such violation is alleged to have occurred to have such violation stopped and prevented by injunction, mandamus, or other appropriate remedy. The board may also, after notice and opportunity for hearing, require that the carrier refund any revenue resulting from the rate increase that has not been used to implement its approved plan. The board may also enforce the approved plan with civil penalties, pursuant to section 476.51.

(3) The carrier shall file annual reports with the board detailing its progress toward completion of its approved plan.

(4) The carrier, the board, or any other inter-

ested person may propose modifications to a carrier's plan at any time.

(5) By choosing to participate in the Iowa broadband initiative, the participating carrier agrees to make available to other carriers, on both a wholesale and an unbundled basis, the services and facilities that result from implementation of the participating carrier's plan. The wholesale rates and unbundled rates shall be set by the board, which shall consider, among other factors, the extent to which the service or facility was financed by the revenues generated by the rate increase allowed under this paragraph "c".

(6) Upon completion of its initial Iowa broadband initiative plan, a carrier shall do one or more of the following:

(a) File a plan for board review and approval for continued use of the revenue resulting from the rate increase for further deployment of advanced services.

(b) File a rate of return rate proceeding pursuant to section 476.6 to determine new rates.

(c) File proposed tariffs for board review and approval to reduce the monthly rates that were increased under this subsection by an amount equal to the increase.

(7) A carrier choosing to participate in the Iowa broadband initiative shall also apply a credit, in an amount equal to the amount of the residential service increase, to the monthly local exchange service rate for qualified applicants for low-income lifeline assistance programs. This credit shall continue for as long as the retail rate increase is in effect.

(4) A sustained failure of the director to devote attention to ongoing oversight of the business and affairs of the corporation, or a failure to devote timely attention, by making, or causing to be made, appropriate inquiry, when particular facts and circumstances of significant concern materialize that would alert a reasonably attentive director to the need for such oversight, attention, or inquiry.

#### **490.1323 Perfection of rights — right to withdraw.**

1. A shareholder who receives notice pursuant to section 490.1322 and who wishes to exercise appraisal rights must certify on the form sent by the corporation whether the beneficial owner of such shares acquired beneficial ownership of the shares before the date required to be set forth in the notice pursuant to section 490.1322, subsection 2, paragraph “a”. If a shareholder fails to make this certification, the corporation may elect to treat the shareholder’s shares as after-acquired shares under section 490.1325. In addition, a shareholder who wishes to exercise appraisal rights must execute and return the form and, in a case of certificated shares, deposit the shareholder’s certificates in accordance with the terms of the notice by the date referred to in the notice pursuant to section 490.1322, subsection 2, paragraph “b”, subparagraph (2). Once a shareholder deposits that shareholder’s certificates or, in the case of uncertificated shares, returns the executed forms, that shareholder loses all rights as a shareholder, unless the shareholder withdraws pursuant to subsection 2.

2. A shareholder who has complied with subsection 1 may nevertheless decline to exercise appraisal rights and withdraw from the appraisal process by so notifying the corporation in writing by the date set forth in the appraisal notice pursuant to section 490.1322, subsection 2, paragraph “b”, subparagraph (5). A shareholder who fails to so withdraw from the appraisal process shall not thereafter withdraw without the corporation’s written consent.

2. The payment to each shareholder pursuant to subsection 1 must be accompanied by all of the following:

a. Financial statements of the corporation that issued the shares to be appraised, consisting of a balance sheet as of the end of a fiscal year ending not more than sixteen months before the date of payment, an income statement for that year, a statement of changes in shareholders’ equity for that year, and the latest available interim financial statements, if any.

b. A statement of the corporation’s estimate of the fair value of the shares, which estimate must equal or exceed the corporation’s estimate given pursuant to section 490.1322, subsection 2, paragraph “b”, subparagraph (3).

c. A statement that shareholders described in subsection 1 have the right to demand further payment under section 490.1326 and that if any such shareholder does not do so within the time period specified therein, such shareholder shall be deemed to have accepted the payment to the shareholder pursuant to subsection 1 in full satisfaction of the corporation’s obligations under this chapter.

#### **490.1404 Revocation of dissolution.**

1. A corporation may revoke its dissolution within one hundred twenty days of the effective date of its articles of dissolution.

2. Revocation of dissolution must be authorized in the same manner as the dissolution was authorized unless that authorization permitted revocation by action of the board of directors alone, in which event the board of directors may revoke the dissolution without shareholder action.

3. After the revocation of dissolution is authorized, the corporation may revoke the dissolution by delivering to the secretary of state for filing articles of revocation of dissolution, together with a copy of its articles of dissolution, that set forth all of the following:

a. The name of the corporation.

b. The effective date of the dissolution that was revoked.

b. If the secretary of state determines that the application contains the information required by subsection 1, and that a delinquency or liability reported pursuant to paragraph “a” of this subsection has been satisfied, and that the information is correct, the secretary of state shall cancel the certificate of dissolution and prepare a certificate of reinstatement that recites the secretary of state’s determination and the effective date of reinstatement, file the original of the certificate, and serve a copy on the corporation under section 490.504. If the corporate name in subsection 1, paragraph “c”, is different than the corporate name in subsection 1, paragraph “a”, the certificate of reinstatement shall constitute an amendment to the articles of incorporation insofar as it pertains to the corporate name.

3. When the reinstatement is effective, it relates back to and takes effect as of the effective date of the administrative dissolution as if the administrative dissolution had never occurred.

4. Notwithstanding the reinstatement period established in subsection 1, a corporation administratively dissolved after December 31, 1984, which files an application for reinstatement prior to January 1, 1996, containing the information required under subsection 1, shall be treated as if its application had been timely filed under subsection 1. ## CHAPTER 496C

## PROFESSIONAL CORPORATIONS

**496C.14 Required purchase by professional corporation of its own shares.**

Notwithstanding any other statute or rule of law, a professional corporation shall purchase its own shares as provided in this section; and the shareholders of a professional corporation and their executors, administrators, legal representatives, and successors in interest shall sell and transfer the shares held by them as provided in this section.

The corporation may validly purchase its own shares even though its net assets are less than its stated capital, or even though by so doing its net assets would be reduced below its stated capital.

Upon the death of a shareholder, the professional corporation shall immediately purchase all shares held by the deceased shareholder.

In order to remain a shareholder of a professional corporation, a shareholder shall at all times be licensed to practice in this state a profession which the corporation is authorized to practice. Whenever any shareholder does not have or ceases to have this qualification, the corporation shall immediately purchase all shares held by that shareholder.

Whenever any person other than the shareholder of record becomes entitled to have shares of a corporation transferred into that person's name or to exercise voting rights, except as a proxy, with respect to shares of the corporation, the corporation shall immediately purchase such shares. Without limiting the generality of the foregoing, this section shall be applicable whether the event occurs as a result of the appointment of a guardian or conservator for a shareholder or the shareholder's property, transfer of shares by operation of law, involuntary transfer of shares, judicial proceedings, execution, levy, bankruptcy proceedings, receivership proceedings, foreclosure or enforcement of a pledge or encumbrance, or any other situation or occurrence. However, this section does not apply to any voluntary transfer of shares as defined in this chapter.

Shares purchased by the corporation under the provisions of this section shall be transferred to the corporation as of the close of business on the date of the death or other event which requires purchase. The shareholder and the shareholder's executors, administrators, legal representatives, or successors in interest shall promptly do all things which may be necessary or convenient to cause transfer to be made as of the transfer date. However, the shares shall promptly be transferred on the stock transfer books of the corporation as of the transfer date, notwithstanding any delay in transferring or surrendering the shares or certificates representing the shares, and the transfer shall be valid and effective for all purposes as of

the close of business on the transfer date. The purchase price for such shares shall be paid as provided in this chapter, but the transfer of shares to the corporation as provided in this section shall not be delayed or affected by any delay or default in making payment.

Notwithstanding the foregoing provisions of this section, purchase by the corporation is not required upon the occurrence of any event other than death of a shareholder if the corporation is dissolved or voluntarily elects to adopt the provisions of the Iowa business corporation Act, as provided in section 490.1701, subsection 2, within sixty days after the occurrence of the event. The articles of incorporation or bylaws may provide that purchase is not required upon the death of a shareholder if the corporation is dissolved within sixty days after the death. Notwithstanding the foregoing provisions of this section, purchase by the corporation is not required upon the death of a shareholder if the corporation voluntarily elects to adopt the provisions of the Iowa business corporation Act, as provided in section 490.1701, subsection 2, within sixty days after death.

Unless otherwise provided in the articles of incorporation or bylaws or in an agreement among all shareholders of the professional corporation:

1. The purchase price for shares shall be their book value as of the end of the month immediately preceding the death or other event which requires purchase. Book value shall be determined from the books and records of the professional corporation in accordance with the regular method of accounting used by the corporation, uniformly and consistently applied. Adjustments to book value shall be made, if necessary, to take into account work in process and accounts receivable. Any final determination of book value made in good faith by any independent certified public accountant or firm of certified public accountants employed by the corporation for the purpose shall be conclusive on all persons.

2. The purchase price shall be paid in cash as follows: Upon the death of a shareholder, thirty percent of the purchase price shall be paid within ninety days after death, and the balance shall be paid in three equal annual installments on the first three anniversaries of the death. Upon the happening of any other event referred to in this section, one-tenth of the purchase price shall be paid within ninety days after the date of such event, and the balance shall be paid in three equal annual installments on the first three anniversaries of the date of the event.

3. Interest from the date of death or other event shall be payable annually on principal payment dates, at the rate of six percent per annum

on the unpaid balance of the purchase price.

4. All persons who are shareholders of the professional corporation on the date of death or other event, and their executors, administrators, and legal representatives, shall, to the extent the corporation fails to meet its obligations hereunder, be jointly liable for the payment of the purchase price and interest in proportion to their percentage of ownership of the corporation's shares, disregarding shares of the deceased or withdrawing shareholder.

5. The part of the purchase price remaining unpaid after the initial payment shall be evidenced by a negotiable promissory note, which shall be executed by the corporation and all shareholders liable for payment. Any person liable on the note shall have the right to prepay the note in full or in part at any time.

6. If the person making any payment is not reasonably able to determine which of two or more persons is entitled to receive a payment, or if the payment is payable to a person who is unknown, or who is under disability and there is no person legally competent to receive the payment, or who cannot be found after the exercise of reasonable diligence by the person making the payment, it shall be deposited with the treasurer of state and shall be subject to the provisions of the Iowa business corporation Act, chapter 490, with respect to funds deposited with the treasurer of state upon the voluntary or involuntary dissolution of a corporation.

7. Notwithstanding the provisions of this section, no part of the purchase price shall be required to be paid until the certificates representing such shares have been surrendered to the corporation.

8. Notwithstanding the provisions of this section, payment of any part of the purchase price for shares of a deceased shareholder shall not be required until the executor or administrator of the deceased shareholder provides any indemnity, release, or other document from any taxing authority, which is reasonably necessary to protect the corporation against liability for estate, inheritance, and death taxes.

The articles of incorporation or bylaws or an agreement among all shareholders of a professional corporation may provide for a different purchase price, a different method of determining the purchase price, a different interest rate or no interest, and other terms, conditions, and schedules of payment.

The articles of incorporation or bylaws or an agreement among all shareholders of a professional corporation may provide for the optional or mandatory purchase of its own shares by the cor-

poration in other situations, subject to any applicable law regarding such purchase.

#### **496C.16 Management.**

All directors of a professional corporation and all officers of a professional corporation, except assistant officers, shall at all times be individuals who are licensed to practice in this state a profession which the corporation is authorized to practice. However, upon the occurrence of any event that requires the corporation either to be dissolved or to elect to adopt the provisions of the Iowa business corporation Act, as provided in section 496C.19, provided the corporation ceases to practice the profession that the corporation is authorized to practice, as provided in section 496C.19, then individuals who are not licensed to practice in this state a profession that the corporation is authorized to practice may be appointed as officers and directors for the sole purpose of carrying out the dissolution of the corporation or, if applicable, the voluntary election of the corporation to adopt the provisions of the Iowa business corporation Act, as provided in section 496C.19.

#### **496C.19 Dissolution or liquidation.**

Violation of any provision of this chapter by a professional corporation or any of its shareholders, directors, or officers shall be cause for its involuntary dissolution, or liquidation of its assets and business by the district court, as provided in the Iowa business corporation Act, chapter 490. Upon the death of the last remaining shareholder of a professional corporation, or whenever the last remaining shareholder is not licensed or ceases to be licensed to practice in this state a profession which the corporation is authorized to practice, or whenever any person other than the shareholder of record becomes entitled to have all shares of the last remaining shareholder of the corporation transferred into that person's name or to exercise voting rights, except as a proxy, with respect to such shares, the corporation shall not practice any profession and it shall either be promptly dissolved or shall promptly elect to adopt the provisions of the Iowa business corporation Act, as provided in section 490.1701, subsection 2. However, if prior to such dissolution all outstanding shares of the corporation are acquired by one or more persons licensed to practice in this state a profession which the corporation is authorized to practice, the corporation need not be dissolved and may practice the profession as provided in this chapter.

A person is the beneficial owner of securities beneficially owned by any relative or spouse or relative of the spouse residing in the home of the person, any trust or estate in which the person owns ten percent or more of the total beneficial interest or serves as trustee or executor, any corporation or entity in which the person owns ten percent or more of the equity, and any affiliate or associate of the person.

(2) Does not include the following:

(a) An offer in connection with the acquisition of a security which, together with all other acquisitions by the offeror of securities of the same class of equity securities of the target company, would not result in the offeror having acquired more than two percent of this class of securities during the preceding twelve-month period.

2. 3. Any domestic corporation organized or existing under the provisions of chapter 504, Code 1989, may voluntarily elect to adopt the provisions of this chapter and thereby become subject to its provisions and, during the period of two years from and after the effective date of this chapter, any foreign corporation holding a permit under the provisions of said chapter on said date may voluntarily elect to adopt the provisions of this chapter and thereby become subject to the provisions of this chapter. The procedure for electing to adopt the provisions of this chapter shall be as follows:

a. A resolution reciting that the corporation voluntarily adopts this chapter and designating the address of its initial registered office and the name of its registered agent or agents at that address and, if the name of the corporation does not comply with this chapter, amending the articles of incorporation of the corporation to change the name of the corporation to one complying with the requirements of this chapter, shall be adopted by the procedure prescribed by this chapter for the amendment of articles of incorporation. All fees and charges which are required by law to be paid by insurance companies, associations, and other regulated entities shall be payable to the commissioner of the insurance division of the department of commerce or department of revenue, as provided by law, whose duty it shall be to account for and pay over the same to the treasurer of state at the time and in the manner provided by law for deposit in the general fund of the state.

2. The commissioner shall account for receipts and disbursements according to the separate inspection and examination duties imposed upon the commissioner by the laws of this state and each separate inspection and examination duty shall be fiscally self-sustaining.

3. Forty percent of the nonexamination revenues payable to the division of insurance or the department of revenue in connection with the regulation of insurance companies or other entities

subject to the regulatory jurisdiction of the division shall be subject to annual appropriation to the division for its operations and is also subject to expenditure under subsection 6.

4. Except as otherwise provided in subsection 6, the insurance division may expend additional funds if those additional expenditures are actual expenses which exceed the funds budgeted for statutory duties of the division and directly result from the statutory duties of the division. The amounts necessary to fund the excess division expenses shall be collected from additional fees and other moneys collected by the division. The division shall notify in writing the legislative services agency and the department of management when hiring additional personnel. The written notification shall include documentation that any additional expenditure related to such hiring will be totally reimbursed to the general fund, and shall also include the division's justification for hiring such personnel. The division must obtain the approval of the department of management only if the number of additional personnel to be hired exceeds the number of full-time equivalent positions authorized by the general assembly.

5. The insurance division may transfer moneys between budgeted line items of its appropriation, but such transfers may not reduce moneys budgeted for examinations or professional services, including but not limited to actuarial and legal services.

6. The insurance division may expend additional funds, including funds for additional personnel if those additional expenditures are actual expenses which exceed the funds budgeted for insurance solvency oversight under the following conditions:

a. The division may exceed the line item budgets for examinations and professional services, including but not limited to legal and actuarial services, provided that the division funds the increased expenditures through assessments or increased nonexamination revenues payable to the division under subsection 1 or otherwise. The amounts necessary to fund the excess expenses

may be collected from those regulated entities or classes of entities which either cause or benefit from the expenditure or encumbrance.

b. Before the division expends or encumbers an amount in excess of the funds budgeted for line items other than examinations and professional services, the director of the department of management shall approve the expenditure or encumbrance. Before approval is given, the director of the department of management shall determine that the expenses can be paid from nonexamination revenues payable to the division under subsection 1 or otherwise. Upon the approval of the director of the department of management the division may expend and encumber funds for the excess expenses. The amounts necessary to fund the excess expenses may be collected from those regulated entities or classes of entities which either cause or benefit from the expenditure or encumbrance.

The annual salaries of the deputy commissioner for supervision and the chief examiner appointed pursuant to section 507.5 shall be expenses of examination of insurance companies and shall be charged to insurance companies examined on a proportionate basis as provided by rule adopted by the commissioner. Insurance companies examined shall pay the proportion of the salaries of the deputy commissioner for supervision and the chief examiner charged to them as part of the costs of examination as provided in section 507.8.

7. The insurance division shall, by January 15 of each year, prepare estimates of projected receipts, refunds, and reimbursements to be generated by the examinations function of the division during the calendar year in which the report is due, and such receipts, refunds, and reimbursements shall be treated in the same manner as repayment receipts, as defined in section 8.2, subsection 8, and shall be available to the division to pay the expenses of the division's examination function.

8. The commissioner may assess the costs of an audit or examination to a health insurance purchasing cooperative, in the same manner as provided for insurance companies under sections 507.7 through 507.9, and may establish by rule reasonable filing fees to fund the cost of regulatory oversight.

9. The commissioner may retain funds collected during the fiscal year beginning July 1, 2003, pursuant to any settlement, enforcement action, or other legal action authorized under federal or state law for the purpose of reimbursing costs and expenses of the division.

The actions of the commission as provided in this article shall have the force and effect of law and shall be binding in the compacting states to the extent and in the manner provided in this compact.

5. To exercise its rulemaking authority and designate products and advertisement that may be subject to a self-certification process without the need for prior approval by the commission.

*b.* Each member shall be entitled to one vote and shall have an opportunity to participate in the governance of the commission in accordance with the bylaws. Notwithstanding any provision herein to the contrary, no action of the commission with respect to the promulgation of a uniform standard shall be effective unless two-thirds of the members vote in favor thereof.

*c.* The commission shall, by a majority of the members, prescribe bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes, and exercise the powers, of the compact, including, but not limited to:

The executive director shall serve as secretary to the commission, but shall not be a member of the commission. The executive director shall hire and supervise such other staff as may be authorized by the commission.

*3. Legislative and advisory committees.*

*a.* A legislative committee comprising state legislators or their designees shall be established to monitor the operations of, and make recommendations to, the commission, including the management committee, provided that the manner of selection and term of any legislative committee member shall be as set forth in the bylaws. Prior to the adoption by the commission of any uniform standard, revision to the bylaws, annual budget, or other significant matter as may be provided in the bylaws, the management committee shall consult with and report to the legislative committee.

for damage to, or loss of, property, personal injury, or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of commission employment, duties, or responsibilities, provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of that person.

b. The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that nothing herein shall be construed to prohibit that person from retaining the person's own counsel; and, provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful and wanton misconduct.

c. The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful and wanton misconduct of that person.

#### ARTICLE VI — MEETINGS AND ACTS OF THE COMMISSION

1. The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.

2. Each member of the commission shall have the right and power to cast a vote to which that compacting state is entitled and to participate in the business and affairs of the commission. A member shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for members' participation in meetings by telephone or other means of communication.

3. The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws.

#### ARTICLE VII — RULES AND OPERATING PROCEDURES — RULEMAKING FUNCTIONS OF THE COMMISSION AND OPTING OUT OF UNIFORM STANDARDS

1. *Rulemaking authority.* The commission shall promulgate reasonable rules, including uniform standards and operating procedures, in order to effectively and efficiently achieve the purposes of this compact. Notwithstanding the foregoing, in the event the commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this compact, or the powers granted hereunder, such an action by the commission shall be invalid and have no force and effect.

2. *Rulemaking procedure.* Rules and operating procedures shall be made pursuant to a rulemaking process that conforms to the model state administrative procedure act, as may be appropriate to the operations of the commission. Before the commission adopts a uniform standard, the commission shall give written notice to the relevant state legislative committee or committees in each compacting state responsible for insurance issues of its intention to adopt the uniform standard.

3. *Effective date and opt out of a uniform standard.* A uniform standard shall become effective ninety days after its promulgation by the commission or such later date as the commission may determine, provided, however, that a compacting state may opt out of a uniform standard as provided in this article. "Opt out" means any action by a compacting state to decline to adopt or participate in a promulgated uniform standard. All other rules and operating procedures, and amendments thereto, shall become effective as of the date specified in each rule, operating procedure, or amendment.

4. *Opt-out procedure.* A compacting state may opt out of a uniform standard, either by legislation or regulation duly promulgated by the insurance department under the compacting state's administrative procedure act. If a compacting state elects to opt out of a uniform standard by regulation, it must do all of the following:

a. Give written notice to the commission no later than ten business days after the uniform standard is promulgated, or at the time the state becomes a compacting state.

b. Find that the uniform standard does not provide reasonable protections to the citizens of the state, given the conditions in the state.

The commissioner shall make specific findings of fact and conclusions of law, based on a preponderance of the evidence, detailing the conditions in the state which warrant a departure from the uniform standard and determining that the uniform standard would not reasonably protect the citizens of the state. The commissioner must consider and balance the following factors and find that the conditions in the state and needs of the citizens of

the state outweigh both of the following:

(1) The intent of the legislature to participate in, and the benefits of, an interstate agreement to establish national uniform consumer protections for the products subject to this compact.

(2) The presumption that a uniform standard adopted by the commission provides reasonable protections to consumers of the relevant product.

Notwithstanding the foregoing, a compacting state may, at the time of its enactment of this compact, prospectively opt out of all uniform standards involving long-term care insurance products by expressly providing for such opt out in the enacted compact, and such an opt out shall not be treated as a material variance in the offer or acceptance of any state to participate in this compact. Such an opt out shall be effective at the time of enactment of this compact by the compacting state and shall apply to all existing uniform standards involving long-term care insurance products and those subsequently promulgated.

5. *Effect of opt out.* If a compacting state elects to opt out of a uniform standard, the uniform standard shall remain applicable in the compacting state electing to opt out until such time the opt-out legislation is enacted into law or the regulation opting out becomes effective.

Once the opt out of a uniform standard by a compacting state becomes effective, as provided under the laws of that state, the uniform standard shall have no further force and effect in that state unless and until the legislation or regulation implementing the opt out is repealed or otherwise becomes ineffective under the laws of the state. If a compacting state opts out of a uniform standard after the uniform standard has been made effective in that state, the opt out shall have the same prospective effect as provided under article XIV for withdrawals.

#### ARTICLE VIII — COMMISSION RECORDS AND ENFORCEMENT

1. The commission shall promulgate rules to establish conditions and procedures under which the commission shall make its information and official records available to the public for inspection or copying. The commission may promulgate additional rules under which it may make available to federal and state agencies, including law enforcement agencies, records, and information otherwise exempt from disclosure, and may enter into agreements with such agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.

2. Except as to privileged records, data, and information, the laws of any compacting state pertaining to confidentiality or nondisclosure shall not relieve any compacting state commissioner of the duty to disclose any relevant records, data, or information to the commission, provided that disclosure to the commission shall not be deemed to

waive or otherwise affect any confidentiality requirement, and further provided that, except as otherwise expressly provided in this compact, the commission shall not be subject to the compacting state's laws pertaining to confidentiality and nondisclosure with respect to records, data, and information in its possession. Confidential information of the commission shall remain confidential after such information is provided to any commissioner.

3. The commission shall monitor compacting states for compliance with duly adopted bylaws, rules, including uniform standards, and operating procedures. The commission shall notify any non-complying compacting state in writing of its non-compliance with commission bylaws, rules, or operating procedures. If a noncomplying compacting state fails to remedy its noncompliance within the time specified in the notice of noncompliance, the compacting state shall be deemed to be in default as set forth in article XIV.

4. The commissioner of any state in which an insurer is authorized to do business, or is conducting the business of insurance, shall continue to exercise the commissioner's authority to oversee the market regulation of the activities of the insurer in accordance with the provisions of the state's law. The commissioner's enforcement of compliance with the compact is governed by the following provisions:

a. With respect to the commissioner's market regulation of a product or advertisement that is approved or certified to the commission, no activity of an insurer shall constitute a violation of the provisions, standards, or requirements of this compact except upon a final order of the commission, issued at the request of a commissioner after prior notice to the insurer and an opportunity for hearing before the commission.

b. Before a commissioner may bring an action for violation of any provision, standard, or requirement of this compact relating to the use of an advertisement not approved or certified to the commission, the commission, or an authorized commission officer or employee, must authorize the action. However, authorization pursuant to this paragraph does not require notice to the insurer, opportunity for hearing, or disclosure of requests for authorization or records of the commission's action on such requests.

5. *Stay of uniform standard.* If a compacting state has formally initiated the process of opting out of a uniform standard by regulation, and while the regulatory opt out is pending, the compacting state may petition the commission, at least fifteen days before the effective date of the uniform standard, to stay the effectiveness of the uniform standard in that state. The commission may grant a stay if it determines the regulatory opt out is being pursued in a reasonable manner and there is a likelihood of success. If a stay is granted or extended by the commission, the stay or extension

thereof may postpone the effective date by up to ninety days, unless affirmatively extended by the commission, provided a stay may not be permitted to remain in effect for more than one year unless the compacting state can show extraordinary circumstances which warrant a continuance of the stay, including, but not limited to, the existence of a legal challenge which prevents the compacting state from opting out. A stay may be terminated by the commission upon notice that the rulemaking process has been terminated.

6. Not later than thirty days after a rule or operating procedure is adopted, any person may file a petition for judicial review of the rule or operating procedure, provided that the filing of such a petition shall not stay or otherwise prevent the rule or operating procedure from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the commission consistent with applicable law and shall not find the rule or operating procedure to be unlawful if the rule or operating procedure represents a reasonable exercise of the commission's authority.

#### ARTICLE IX — DISPUTE RESOLUTION

The commission shall attempt, upon the request of a member, to resolve any disputes or other issues which are subject to this compact and which may arise between two or more compacting states, or between compacting states and noncompacting states, and the commission shall promulgate an operating procedure providing for resolution of such disputes.

#### ARTICLE X — PRODUCT FILING AND APPROVAL

1. Insurers and third-party filers seeking to have a product approved by the commission shall file the product with, and pay applicable filing fees to, the commission. Nothing in this compact shall be construed to restrict or otherwise prevent an insurer from filing its product with the insurance department in any state wherein the insurer is licensed to conduct the business of insurance, and such filing shall be subject to the laws of the states where filed.

2. The commission shall establish appropriate filing and review processes and procedures pursuant to commission rules and operating procedures. Notwithstanding any provision herein to the contrary, the commission shall promulgate rules to establish conditions and procedures under which the commission will provide public access to product filing information. In establishing such rules, the commission shall consider the interests of the public in having access to such information, as well as protection of personal medical and financial information and trade secrets, that may be contained in a product filing or supporting information.

3. Any product approved by the commission may be sold or otherwise issued in those compacting states in which the insurer is legally authorized to do business.

#### ARTICLE XI — REVIEW OF COMMISSION DECISIONS REGARDING FILINGS

1. Not later than thirty days after the commission has given notice of a disapproved product or advertisement filed with the commission, the insurer or third-party filer whose filing was disapproved may appeal the determination to a review panel appointed by the commission. The commission shall adopt rules to establish procedures for appointing such review panels and provide for notice and hearing. The decision of the review panel shall be the final action of the commission and not subject to review by any court. Notwithstanding the foregoing, an allegation that the commission, in disapproving a product or advertisement filed with the commission, acted arbitrarily, capriciously, or in a manner that is an abuse of discretion or otherwise not in accordance with the law, is subject to judicial review in accordance with article III, section 5.

2. The commission shall have authority to monitor, review, and reconsider products and advertisement subsequent to their filing or approval upon a finding that the product does not meet the relevant uniform standard. Where appropriate, the commission may withdraw or modify its approval after proper notice and hearing, subject to the appeal process in section 1.

#### ARTICLE XII — FINANCE

1. The commission shall pay or provide for the payment of the reasonable expenses of its establishment and organization. To fund the cost of its initial operations, the commission may accept contributions and other forms of funding from the national association of insurance commissioners, compacting states, and other sources. Contributions and other forms of funding from other sources shall be of such a nature that the independence of the commission concerning the performance of its duties shall not be compromised.

2. The commission shall collect a filing fee from each insurer and third-party filer filing a product with the commission to cover the cost of the operations and activities of the commission and its staff in a total amount sufficient to cover the commission's annual budget.

3. The commission's budget for a fiscal year shall not be approved until it has been subject to notice and comment as set forth in article VII.

4. The commission shall be exempt from all taxation in and by the compacting states.

5. The commission shall not pledge the credit of any compacting state, except by and with the appropriate legal authority of that compacting state.

6. The commission shall keep complete and accurate accounts of all its internal receipts, including grants and donations, and disbursements of all funds under its control. The internal financial accounts of the commission shall be subject to the accounting procedures established under its bylaws. The financial accounts and reports, including the system of internal controls and procedures of the commission, shall be audited annually by an independent certified public accountant. Upon the determination of the commission, but no less frequently than every three years, the review of the independent auditor shall include a management and performance audit of the commission. The commission shall make an annual report to the governor and legislature of the compacting states, which shall include a report of the independent audit. The commission's internal accounts, any work papers related to any internal audit, and any work papers related to the independent audit, shall be confidential, provided that such materials may be shared with the commissioner of any compacting state and shall remain confidential pursuant to article VII.

7. A compacting state shall not have any claim to or ownership of any property held by or vested in the commission or to any commission funds held pursuant to the provisions of this compact.

ARTICLE XIII — COMPACTING STATES,  
EFFECTIVE DATE, AND AMENDMENT

1. Any state is eligible to become a compacting state.

2. This compact shall become effective and binding upon legislative enactment of this compact into law by two compacting states, provided the commission shall become effective for purposes of adopting uniform standards for reviewing, and giving approval or disapproval of, products filed with the commission that satisfy applicable uniform standards only after twenty-six states are compacting states or, alternatively, by states representing greater than forty percent of the premium volume for life insurance, annuity, disability income, and long-term care insurance products, based on records of the national association of insurance commissioners for the prior year. Thereafter, it shall become effective and binding as to any other compacting state upon enactment of this compact into law by that state.

3. Amendments to this compact may be proposed by the commission for enactment by the compacting states. An amendment shall not become effective and binding upon the commission and the compacting states unless and until all compacting states enact the amendment into law.

ARTICLE XIV — WITHDRAWAL, DEFAULT,  
AND TERMINATION

1. *Withdrawal.*

a. Once effective, this compact shall continue in force and remain binding upon each and every compacting state, provided that a compacting state may withdraw from this compact by enacting a statute specifically repealing the statute which enacted the compact into law.

b. The effective date of withdrawal is the effective date of the repealing statute. However, the withdrawal shall not apply to any product filings approved or self-certified, or any advertisement of such products, on the date the repealing statute becomes effective, except by mutual agreement of the commission and the withdrawing state unless the approval is rescinded by the withdrawing state as provided in paragraph "e".

c. The commissioner of the withdrawing state shall immediately notify the management committee in writing upon the introduction of legislation repealing this compact in the withdrawing state.

d. The commission shall notify the other compacting states of the introduction of such legislation within ten days after its receipt of notice.

e. The withdrawing state is responsible for all obligations, duties, and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal, except to the extent those obligations may have been released or relinquished by mutual agreement of the commission and the withdrawing state. The commission's approval of products and advertisement prior to the effective date of withdrawal shall continue to be effective and be given full force and effect in the withdrawing state, unless formally rescinded by the withdrawing state in the same manner as provided by the laws of the withdrawing state for the prospective disapproval of products or advertisement previously approved under state law.

f. Reinstatement following withdrawal of any compacting state shall occur upon the effective date of the withdrawing state reenacting the compact.

2. *Default.*

a. If the commission determines that any compacting state has at any time defaulted in the performance of any of its obligations or responsibilities under this compact, the bylaws or duly promulgated rules or operating procedures, then, after notice and hearing as set forth in the bylaws, all rights, privileges, and benefits conferred by this compact on the defaulting state shall be suspended from the effective date of default as fixed by the commission. The grounds for default include, but are not limited to, failure of a compacting state to perform its obligations or responsibilities, and any other grounds designated in commission rules. The commission shall immediately notify the defaulting state in writing of the defaulting state's suspension, pending a cure of the default. The commission shall stipulate the condi-

tions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the commission, the defaulting state shall be terminated from this compact and all rights, privileges, and benefits conferred by this compact shall be terminated from the effective date of termination.

b. Product approvals by the commission or product self-certifications, or any advertisement in connection with such product, that are in force on the effective date of termination shall remain in force in the defaulting state in the same manner as if the defaulting state had withdrawn voluntarily pursuant to section 1.

c. Reinstatement following termination of any compacting state requires a reenactment of this compact.

### 3. *Dissolution of compact.*

a. This compact dissolves effective upon the date of the withdrawal or default of the compacting state which reduces membership in this compact to one compacting state.

b. Upon the dissolution of this compact, this compact becomes null and void and shall be of no further force or effect, and the business and affairs of the commission shall be wound up and any surplus funds shall be distributed in accordance with the bylaws.

## ARTICLE XV — SEVERABILITY AND CONSTRUCTION

1. The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of this compact shall be enforceable.

2. The provisions of this compact shall be liberally construed to effectuate its purposes.

## ARTICLE XVI — BINDING EFFECT OF COMPACT AND OTHER LAWS

### 1. *Other laws.*

a. Nothing herein prevents the enforcement of any other law of a compacting state, except as provided in paragraph “b”.

b. For any product approved or certified to the commission, the rules, uniform standards, and any other requirements of the commission shall constitute the exclusive provisions applicable to

the content, approval, and certification of such products. For advertisement that is subject to the commission’s authority, any rule, uniform standard, or other requirement of the commission which governs the content of the advertisement shall constitute the exclusive provision that a commissioner may apply to the content of the advertisement. Notwithstanding the foregoing, action taken by the commission shall not abrogate or restrict:

(1) The access of any person, including the attorney general, to state courts.

(2) Remedies available under state law related to breach of contract, tort, general consumer protection laws, or general consumer protection regulations that apply to the sale or advertisement of the product or other laws not specifically directed to the content of the product.

(3) State law relating to the construction of insurance contracts.

c. All insurance products filed with individual states shall be subject to the laws of those states.

### 2. *Binding effect of this compact.*

a. All lawful actions of the commission, including all rules and operating procedures adopted by the commission, are binding upon the compacting states.

b. All agreements between the commission and the compacting states are binding in accordance with their terms.

c. Upon the request of a party to a conflict over the meaning or interpretation of commission actions, and upon a majority vote of the compacting states, the commission may issue advisory opinions regarding the meaning or interpretation in dispute.

d. In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers, or jurisdiction sought to be conferred by that provision upon the commission shall be ineffective as to that compacting state, and those obligations, duties, powers, or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which those obligations, duties, powers, or jurisdiction are delegated by law in effect at the time this compact becomes effective.

#### 508.38 Standard nonforfeitures — deferred annuities.

This section shall be known as the "Standard Nonforfeiture Law for Individual Deferred Annuities."

1. This section does not apply to any reinsurance, group annuity purchased under a retirement plan or plan of deferred compensation established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under section 408 of the United States Internal Revenue Code, as now or hereafter amended, premium deposit fund, variable annuity, investment annuity, immediate annuity, any deferred annuity contract after annuity payments have commenced, or reversionary annuity, nor to any contract which is delivered outside this state through an agent or other representative of the company issuing the contract.

2. In the case of contracts issued on or after the operative date of this section as defined in subsection 11, no contract of annuity, except as stated in subsection 1, shall be delivered or issued for delivery in this state unless it contains in substance the following provisions, or corresponding provisions that in the opinion of the commissioner are at least

as favorable to the contract holder, upon cessation of payment of considerations under the contract:

*a.* That upon cessation of payment of considerations under a contract or upon the written request of the contract owner, the company shall grant a paid-up annuity benefit on a plan stipulated in the contract of such value as is specified in subsections 4, 5, 6, 7, and 9.

*b.* If a contract provides for a lump sum settlement at maturity, or at any other time, that upon surrender of the contract at or prior to the commencement of any annuity payments, the company shall pay in lieu of a paid-up annuity benefit a cash surrender benefit of such amount as is specified in subsections 4, 5, 7, and 9. The company may reserve the right to defer the payment of such cash surrender benefit for a period not to exceed six months after demand therefore with surrender of the contract after making written request and receiving written approval of the commissioner. The request shall address the necessity and equitability to all policyholders of the deferral.

*c.* A statement of the mortality table, if any, and interest rates used in calculating any minimum paid-up annuity, cash surrender or death benefits that are guaranteed under the contract, together with sufficient information to determine the amounts of such benefits.

*d.* A statement that any paid-up annuity, cash surrender or death benefits that may be available under the contract are not less than the minimum benefits required by any statute of the state in which the contract is delivered and an explanation of the manner in which such benefits are altered by the existence of any additional amounts credited by the company to the contract, any indebtedness to the company on the contract or any prior withdrawals from or partial surrenders of the contract.

Notwithstanding the requirements of this subsection 2, any deferred annuity contract may provide that if no considerations have been received under a contract for a period of two full years and the portion of the paid-up annuity benefit at maturity on the plan stipulated in the contract arising from considerations paid prior to such period would be less than twenty dollars monthly, the company may at its option terminate such contract by payment in cash of the then present value of such portion of the paid-up annuity benefit, calculated on the basis of the mortality table, if any, and interest rate specified in the contract for determining the paid-up annuity benefit, and by such payment shall be relieved of any further obligation under such contract.

3. The minimum values as specified in subsections 4, 5, 6, 7, and 9 of any paid-up annuity, cash surrender, or death benefits available under an annuity contract shall be based upon minimum nonforfeiture amounts as defined in this section.

*a.* The minimum nonforfeiture amount at any time at or prior to the commencement of any annu-

ity payments shall be equal to an accumulation up to such time at rates of interest as indicated in paragraph "b" of the net considerations (as herein-after defined) paid prior to such time, decreased by the sum of all of the following:

(1) Any prior withdrawals from or partial surrenders of the contract accumulated at rates of interest as indicated in paragraph "b".

(2) An annual contract charge of fifty dollars, accumulated at rates of interest as indicated in paragraph "b".

(3) The amount of any indebtedness to the company on the contract, including interest due and accrued.

The net considerations for a given contract year used to define the minimum nonforfeiture amount shall be an amount equal to eighty-seven and one-half percent of the gross considerations credited to the contract during the contract year.

*b.* The interest rate used in determining minimum nonforfeiture amounts shall be an annual rate of interest determined as the lesser of three percent per annum and all of the following, which shall be specified in the contract if the interest rate will be reset:

(1) The five-year constant maturity treasury rate reported by the federal reserve as of a date, or average over a period, rounded to the nearest one-twentieth of one percent, specified in the contract no longer than fifteen months prior to the contract issue date or redetermination date under subparagraph (4).

(2) The result of subparagraph (1) shall be reduced by one hundred twenty-five basis points.

(3) The resulting interest guarantee shall not be less than one percent.

(4) The interest rate shall apply for an initial period and may be redetermined for additional periods. The redetermination date, basis, and period, if any, shall be stated in the contract. The basis is the date or average over a specified period that produces the value of the five-year constant maturity treasury rate to be used at each redetermination date.

During the period or term that a contract provides substantive participation in an equity indexed benefit, it may increase the reduction described in subparagraph (2), by up to an additional one hundred basis points to reflect the value of the equity index benefit. The present value at the contract issue date and at each redetermination date thereafter of the additional reduction shall not exceed the market value of the benefit. The commissioner may require a demonstration that the present value of the reduction does not exceed the market value of the benefit. Lacking such a demonstration that is acceptable to the commissioner, the commissioner may disallow or limit the additional reduction.

The commissioner may adopt rules to implement the provisions of subparagraph (4), and to provide for further adjustments to the calculation

of minimum nonforfeiture amounts for contracts that provide substantive participation in an equity index benefit and for other contracts that the commissioner determines adjustments are justified.

4. Any paid-up annuity benefit available under a contract shall be such that its present value on the date annuity payments are to commence is at least equal to the minimum nonforfeiture amount on that date. Such present value shall be computed using the mortality table, if any, and the interest rate specified in the contract for determining the minimum paid-up annuity benefits guaranteed in the contract.

5. For contracts which provide cash surrender benefits, such cash surrender benefits available prior to maturity shall not be less than the present value as of the date of surrender of that portion of the maturity value of the paid-up annuity benefit which would be provided under the contract at maturity arising from considerations paid prior to the time of cash surrender reduced by the amount appropriate to reflect any prior withdrawals from or partial surrenders of the contract, such present value being calculated on the basis of an interest rate not more than one percent higher than the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, decreased by the amount of any indebtedness to the company on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the company to the contract. In no event shall any cash surrender benefit be less than the minimum nonforfeiture amount at that time. The death benefit under such contracts shall be at least equal to the cash surrender benefit.

6. For contracts which do not provide cash surrender benefits, the present value of any paid-up annuity benefit available as a nonforfeiture option at any time prior to maturity shall not be less than the present value of that portion of the maturity value of the paid-up annuity benefit provided under the contract arising from considerations paid prior to the time the contract is surrendered in exchange for or changed to, a deferred paid-up annuity, such present value being calculated for the period prior to the maturity date on the basis of the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, and increased by any existing additional amounts credited by the company to the contract. For contracts which do not provide any death benefits prior to the commencement of any annuity payments, such present values shall be calculated on the basis of such interest rate and the mortality table specified in the contract for determining the maturity value of the paid-up annuity benefit. However, in no event shall the present value of a paid-up annuity benefit be less than the minimum nonforfeiture amount at that time.

7. For the purpose of determining the benefits

calculated under subsections 5 and 6, in the case of annuity contracts under which an election may be made to have annuity payments commence at optional maturity dates, the maturity date shall be deemed to be the latest date for which election shall be permitted by the contract, but shall not be deemed to be later than the anniversary of the contract next following the annuitant's seventieth birthday or the tenth anniversary of the contract, whichever is later.

8. Any contract which does not provide cash surrender benefits or does not provide death benefits at least equal to the minimum nonforfeiture amount prior to the commencement of any annuity payments shall include a statement in a prominent place in the contract that such benefits are not provided.

9. Any paid-up annuity, cash surrender or death benefits available at any time, other than on the contract anniversary under any contract with fixed scheduled considerations, shall be calculated with allowance for the lapse of time and the payment of any scheduled considerations beyond the beginning of the contract year in which cessation of payment of considerations under the contract occurs.

10. For any contract which provides, within the same contract by rider or supplemental contract provision, both annuity benefits and life insurance benefits that are in excess of the greater of cash surrender benefits or a return of the gross considerations with interest, the minimum nonforfeiture benefits shall be equal to the sum of the minimum nonforfeiture benefits for the annuity portion and the minimum nonforfeiture benefits, if any, for the life insurance portion computed as if each portion were a separate contract. Notwithstanding the provisions of subsections 4, 5, 6, 7, and 9, additional benefits payable (a) in the event of total and permanent disability; (b) as reversionary annuity or deferred reversionary annuity benefits, or (c) as other policy benefits additional to life insurance, endowment, and annuity benefits, and considerations for all such additional benefits, shall be disregarded in ascertaining the minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits that may be required by this section. The inclusion of such additional benefits shall not be required in any paid-up benefits, unless such additional benefits separately would require minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits.

11. After July 1, 2003, a company may elect either to apply the provisions of this section as it existed prior to July 1, 2003, or to apply the provisions of this section as enacted\* by 2003 Acts, ch 91, § 8 – 10, to annuity contracts on a contract form-by-form basis before the second anniversary of the effective date of 2003 Acts, ch 91, § 8 – 10. In all other instances, this section shall become operative with respect to annuity contracts issued by

the company two years after July 1, 2003.

#### 510A.4 Minimum standards.

1. *Applicability of section.*

a. This section applies if, in any calendar year, the aggregate amount of gross written premium on business placed with a controlled insurer by a controlling producer is equal to or greater than five percent of the admitted assets of the controlled insurer, as reported in the controlled insurer's quarterly statement filed as of September 30 of the preceding year.

b. Notwithstanding paragraph "a", this section does not apply if both of the following apply:

(1) The controlling producer does all of the following:

(a) Places insurance only with the controlled insurer, or only with the controlled insurer and members of the controlled insurer's holding company system, or the controlled insurer's parent, affiliate, or subsidiary, and receives no compensation based upon the amount of premiums written in connection with such insurance.

(b) Accepts insurance placements only from nonaffiliated subproducers and not directly from insureds.

(2) The controlled insurer, except for insurance business written through a residual market facility, accepts insurance business only from the controlling producer, a producer controlled by the controlled insurer, or an insurance producer that is a subsidiary of the controlled insurer.

2. *Required contract provisions.* A controlled insurer shall not accept business from a controlling producer and a controlling producer shall not place business with a controlled insurer unless there is a written contract between the controlling producer and the controlled insurer specifying the responsibilities of each party which has been approved by the board of directors of the controlled insurer and filed with the commissioner. The con-

tract must contain, at a minimum, the following provisions:

*a.* The controlled insurer may terminate the contract for cause, upon written notice to the controlling producer. The controlled insurer shall suspend the authority of the controlling producer to write business during the pendency of any dispute regarding the cause for the termination.

*b.* The controlling producer shall render accounts to the controlled insurer detailing all material transactions, including information necessary to support all commissions, charges, and other fees received by, or owing to, the controlling producer.

*c.* The controlling producer shall remit all funds due under the terms of the contract to the controlled insurer on at least a monthly basis. The due date shall be fixed so that premiums or installments of premiums collected shall be remitted no later than ninety days after the effective date of any policy placed with the controlled insurer under this contract.

*d.* All funds collected for the controlled insurer's account shall be held by the controlling producer in a fiduciary capacity, in one or more appropriately identified bank accounts in banks that are members of the federal reserve system, in accordance with the provisions of the insurance law as applicable. However, funds of a controlling producer not required to be licensed in this state shall be maintained in compliance with the requirements of the controlling producer's domiciliary jurisdiction.

*e.* The controlling producer shall maintain separately identifiable records of business written for the controlled insurer.

*f.* The contract shall not be assigned in whole or in part by the controlling producer.

*g.* The controlled insurer shall provide the controlling producer with its underwriting standards, rules, and procedures manuals setting forth the rates to be charged, and the conditions for the acceptance or rejection of risks. The controlling producer shall adhere to the standards, rules, procedures, rates, and conditions. The standards, rules, procedures, rates, and conditions shall be the same as those applicable to comparable business placed with the controlled insurer by an insurance producer other than the controlling producer.

*h.* The rates and terms of the controlling producer's commissions, charges, or other fees and the purposes for those charges or fees. The rates of the commissions, charges, and other fees shall be no greater than those applicable to comparable business placed with the controlled insurer by producers other than controlling producers. For purposes of this paragraph and paragraph "g" of this subsection, "comparable business" includes the same lines of insurance, same kinds of insurance, same kinds of risks, similar policy limits, and similar quality of business.

*i.* If the contract provides that the controlling producer, on insurance business placed with the controlled insurer, is to be compensated contingent upon the insurer's profits on that business, then such compensation shall not be determined and paid until at least five years after the premiums on liability insurance are earned and at least one year after the premiums are earned on any other insurance. In no event shall the commissions be paid until the adequacy of the controlled insurer's reserves on remaining claims has been independently verified pursuant to subsection 4, paragraph "a".

*j.* A limit on the controlling producer's writings in relation to the controlled insurer's surplus and total writings. The insurer may establish a different limit for each line or subline of business. The controlled insurer shall notify the controlling producer when the applicable limit is approached and shall not accept business from the controlling producer which would exceed the limit. The controlling producer shall not place business with the controlled insurer if it has been notified by the controlled insurer that the limit has been reached.

*k.* The controlling producer may negotiate but shall not bind reinsurance on behalf of the controlled insurer on business the controlling producer places with the controlled insurer, except that the controlling producer may bind facultative reinsurance contracts pursuant to obligatory facultative agreements if the contract with the controlled insurer contains underwriting guidelines including, for both reinsurance assumed and ceded, a list of reinsurers with which such automatic agreements are in effect, the coverages and amounts or percentages that may be reinsured, and commission schedules.

*3. Audit committee.* A controlled insurer must establish an audit committee of the board of directors composed of independent directors. Prior to approval of the annual financial statement, the audit committee shall meet with management, the insurer's independent certified public accountants, and an independent casualty actuary or other independent loss reserve specialist acceptable to the commissioner, to review the adequacy of the insurer's loss reserves.

*4. Reporting requirements.*

*a.* In addition to any other required loss reserve certification, the controlled insurer shall annually, on April 1 of each year, file with the commissioner an opinion of an independent casualty actuary, or another independent loss reserve specialist acceptable to the commissioner, reporting loss ratios for each line of business written and attesting to the adequacy of loss reserves established for losses incurred and outstanding as of year-end on business placed by the insurance producer, including incurred but not reported losses.

*b.* The controlled insurer shall annually report to the commissioner the amount of commissions paid to the insurance producer, the percentage

such amount represents of the net premiums written, and comparable amounts and percentage paid to noncontrolling producers for placements of the same kinds of insurance.

#### 510A.5 Disclosure.

The insurance producer, prior to the effective date of the policy, shall deliver written notice to

the prospective insured disclosing the relationship between the insurance producer and the controlled insurer; except that, if the business is placed through a subproducer who is not a controlling producer, the controlling producer shall retain in the producer's records a signed commitment from the subproducer that the subproducer is aware of the relationship between the insurer and the insurance producer and that the subproducer has notified or will notify the insured.

A company organized under chapter 508 shall, at all times, have invested in the securities provided in this section, funds equivalent to its legal reserve. Legal reserve is the net present value of all outstanding policies and contracts involving life contingencies. This section does not prohibit a company or association from holding a portion of its legal reserve in cash.

The investment programs developed by companies shall take into account the safety of the company's principal, investment yield and return, stability in the value of the investment, and liquidity necessary to meet the company's expected business needs and investment diversification.

1. *United States government obligations.* Bonds or other evidences of indebtedness issued, assumed, or guaranteed by the United States of America, or by any agency or instrumentality thereof.

2. *State, District of Columbia, territorial and municipal obligations.* Bonds or other evidences of indebtedness issued, assumed, or guaranteed by the District of Columbia, or by any state, insular or territorial possession of the United States of America, or by any county, city, town, school, road, drainage, or other district located within any state, or insular or territorial possession of the United States of America, or by any civil subdivision or governmental authority of any such state, or insular or territorial possession, or by any instrumentality of any such state, or insular or territorial possession, civil subdivision, or governmental authority; provided that the obligations are valid, legally authorized and issued.

However, the combined investment in bonds or evidences of indebtedness permitted by this subsection shall not exceed four percent of its total assets as shown by the last annual report.

5. *Corporate obligations.* Subject to the restrictions contained in subsection 8 hereof, bonds or other evidences of indebtedness issued, assumed, or guaranteed by a corporation incorporated under the laws of the United States of America, or of any state, district, insular or territorial possession thereof; or of the Dominion of Canada, or any province thereof; and which meet the following qualifications:

a. If fixed interest-bearing obligations, the net earnings of the issuing, assuming or guaranteeing corporation available for its fixed charges for a period of five fiscal years next preceding the date of acquisition of the obligations by such insurance company shall have averaged per year not less than one and one-half times such average annual fixed charges of the issuing, assuming or guaranteeing corporation applicable to such period, and, during at least one of the last two years of such period, its net earnings shall have been not less than one and one-half times its fixed charges for such year; or if, at the date of acquisition, the obligations are adequately secured and have investment qualities and characteristics wherein the specula-

However, with respect to fixed interest-bearing obligations which are issued, assumed or guaranteed by a financial company, the net earnings by the financial company available for its fixed charges for the period of five fiscal years preceding the date of acquisition of the obligations by the insurance company shall have averaged per year not less than one and one-fourth times such average annual fixed charges of the issuing, assuming or guaranteeing financial company applicable to such period, and, during at least one of the last two years of the period, its net earnings shall have been not less than one and one-fourth times its fixed charges for such year; or if, at the date of acquisition, the obligations are adequately secured and speculative elements are not predominant in their investment qualities and characteristics. As used in this paragraph, “*financial company*” means a corporation which on the average over its last five fiscal years preceding the date of acquisition of its obligations by the insurer, has had at least fifty percent of its net income, including income derived from subsidiaries, derived from the business of wholesale, retail, installment, mortgage, commercial, industrial or consumer financing, or from banking or factoring, or from similar or related lines of business.

b. If adjustment, income or other contingent interest obligations, the net earnings of the issuing, assuming or guaranteeing corporation available for its fixed charges for a period of five fiscal years next preceding the date of acquisition of the obligations by such insurance company shall have averaged per year not less than one and one-half times such average annual fixed charges of the issuing, assuming or guaranteeing corporation and its average annual maximum contingent interest applicable to such period and, during at least one of the last two years of such period, its net earnings shall have been not less than one and one-half times the sum of its fixed charges and maximum contingent interest for such year, or if, at the date of acquisition, the obligations are adequately secured and have investment qualities and characteristics and speculative elements are not predominant.

The term “*net earnings available for fixed charges*” as used herein shall mean the net income after deducting all operating and maintenance expenses, taxes other than any income taxes, depreciation and depletion, but nonrecurring items of income or expense may be excluded.

The term “*fixed charges*” as used herein shall include interest on unfunded debt and funded debt on a parity with or having a priority to the obligation under consideration.

The term “*corporation*” as used in this chapter includes a joint stock association, a limited liability company, a partnership, or a trust.

The securities, real estate, and mortgages described in this section include participations,

which means instruments evidencing partial or undivided collective interests in such securities, real estate, and mortgages.

6. *Preferred and guaranteed stocks.* Subject to the restrictions contained in subsection 8 hereof, preferred stocks of, or stocks guaranteed by, a corporation incorporated under the laws of the United States of America, or of any state, district, insular or territorial possession thereof; or of the Dominion of Canada, or any province thereof; and which meet the following qualifications:

a. Preferred stocks.

(1) All of the obligations and preferred stocks of the issuing corporation, if any, prior to the preferred stock acquired must be eligible as investments under this section as of the date of acquisition; and

(2) The net earnings available for fixed charges and preferred dividends of the issuing corporation shall have been, for each of the five fiscal years immediately preceding the date of acquisition, not less than one and one-half times the sum of the annual fixed charges and contingent interest, if any, and the annual preferred dividend requirements as of the date of acquisition.

The term “*preferred dividend requirements*” shall mean cumulative or noncumulative dividends whether paid or not.

The term “*fixed charges*” shall be construed in accordance with subsection 5 above. The term “*net earnings available for fixed charges and preferred dividends*” as used herein shall mean the net income after deducting all operating and maintenance expenses, taxes, including any income taxes, depreciation and depletion, but nonrecurring items may be excluded.

However, a stock company may invest such portion of its paid-up capital, in addition to ten percent of the legal reserve, as is not held to constitute a part of its legal reserve, under section

508.36, and the total legal reserve of the company shall be equal to or exceed the amount of its paid-up capital stock.

Legal title to the real property may be acquired subject to a contract of sale. "*Real property*" as used in this subsection includes a leasehold of real estate, an undivided interest in a leasehold of real estate, and an undivided interest in the fee title of real estate. per year not less than one and one-quarter times the fixed charges for the latest year of the period; and

b. Shall have had for the three-year period immediately preceding investment, for which the necessary data for both the railroad company and all class I railroads shall have been published:

(1) A balance of income available for the payment of fixed charges at least as many times greater than the fixed charges for the latest year of the period as the balance of income available for the payment of fixed charges of all class I railroads for the same three-year period is times greater than the amount of all fixed charges for such class I railroads for the latest year of the period; and

The terms "*class I railroads*", "*balance of income available for the payment of fixed charges*", "*fixed charges*" and "*railway operating revenues*" when used in this subsection, are to be given the same meaning as in the accounting reports filed by a railroad company in accordance with the regulations for common carriers by rail of the Interstate Commerce Act; 24 Stat. L. 379; 49 U.S.C. § 1 to 40 inc., 1001 to 1100 inc., provided that the "*balance of income available for the payment of fixed charges*" and "*railway operating revenues remaining*", as the terms are used in this subsection, shall be computed before deduction of federal income or excess profits taxes; and that in computing "*fixed charges*" there shall be excluded interest and amortization charges applicable to debt called for redemption or which will otherwise mature within six months from the time of investment and for the payment of which funds have been or currently are being specifically set aside.

The eligibility of railroad obligations described in the first sentence of this subsection shall be determined exclusively as provided herein, without regard to the provisions for qualification contained in subsections 5 and 8 of this section. Deposits of securities may be made in excess of the amounts required by this section. A stock company organized under the laws of this state shall not be required to make a deposit until the legal reserve, as ascertained by the commissioner, exceeds the amount deposited by it as capital. Real estate may be made a part of the deposit by furnishing evidence of ownership satisfactory to the commissioner and by conveying the real estate to the commissioner or the commissioner's successors in office by warranty deed. The commissioner and the successors in office shall hold the real estate in trust for the benefit of the policyholders of the company or members of the association. Real estate mortgage loans and policy loans may be made a part of the deposit by filing a verified statement of the loans with the commissioner, which statement is subject to check at the discretion of the commissioner.

The securities comprising the deposit of a company or association against which proceedings are pending under section 508.18 shall vest in the state for the benefit of all policyholders of the company or association.

Any company or association receiving payments or partial payments of principal on any securities deposited with the commissioner of insurance shall notify the commissioner of such fact at such times and in such manner as the commissioner may prescribe, giving the amount and date of payment.

The commissioner of insurance may receive on deposit securities or title to real estate of alien companies authorized to do business in the state

of Iowa, for the purpose of securing its policyholders in the state of Iowa and the United States. The provisions hereof not inconsistent with the deposit agreement shall apply to the deposits of such alien companies.

17. *Rules of valuation.*

a. All bonds or other evidences of debt having a fixed term and rate of interest, if amply secured and not in default as to principal or interest, may be valued as follows:

(1) If purchased at par, at the par value.

(2) If purchased above or below par, on the basis of the purchase price adjusted so as to bring the value to par at maturity and so as to yield in the meantime the effective rate of interest at which the purchase was made.

In applying the above rule, the purchase price shall in no case be taken at a higher figure than the actual market value at the time of purchase.

b. Certificates of sale obtained by foreclosure of liens on real estate shall be valued in an amount not greater than the unpaid principal of the defaulted indebtedness plus any amounts actually expended for taxes and acquisition costs.

c. All investments, except those for which a specific rule is provided in this subsection, shall be valued at their market value, or at their appraised value, or at prices determined by the commissioner of insurance as representing their fair market value, or at a value as determined under rules adopted by the national association of insurance commissioners.

b. Common stocks or shares in a subsidiary corporation, the acquisition or purchase of which is authorized by section 508.33 are eligible if the total investment in these stocks or shares does not exceed five percent of the legal reserve. These stocks or shares are eligible even if the stocks or

19. *Other foreign government or corporate obligations.* Bonds or other evidences of indebtedness, not to include currency, issued, assumed, or guaranteed by a foreign government other than Canada, or by a corporation incorporated under the laws of a foreign government other than Canada. b. Securities deposited by a domestic insurance company with a custodian bank, or redeposited by a custodian bank with a clearing corporation, or held in the federal reserve book-entry system may be used to meet the deposit requirements of subsection 16. The commissioner shall adopt rules necessary to implement this section which:

(1) Establish guidelines on which the commissioner determines whether a custodian bank qualifies as a bank in which securities owned by an insurer may be deposited for the purpose of satisfying the requirements of subsection 16.

(2) Designate those clearing corporations in which securities owned by insurers may be deposited.

(3) Set forth provisions that custodian agreements executed between custodian banks and insurers shall contain. These shall include provisions stating that minimum deposit levels shall be maintained and that the parties agree securities in deposits with custodian banks shall vest in the state in accordance with section 508.18 whenever proceedings under that section are instituted.

(4) Establish other safeguards applicable to the use of custodian banks and clearing corporations by insurers which the commissioner believes necessary to protect the policyholders of the insurers.

### 513C.7 Availability of coverage.

1. A carrier or an organized delivery system, as a condition of issuing individual health benefit plans in this state, shall make available a basic or standard health benefit plan to an eligible individual who applies for a plan and agrees to make the required premium payments and to satisfy other reasonable provisions of the basic or standard health benefit plan. A carrier or an organized delivery system is not required to issue a basic or standard health benefit plan to an individual who meets any of the following criteria:

a. The individual is covered or is eligible for coverage under a health benefit plan provided by the individual's employer or is covered as the spouse or dependent of another individual covered or eligible for coverage under a health benefit plan provided by that individual's employer.

b. An eligible individual who does not apply for a basic or standard health benefit plan within sixty-three days of a qualifying event or within sixty-three days upon becoming ineligible for qualifying existing coverage.

c. The individual is covered or is eligible for any continued group coverage under section 4980b of the Internal Revenue Code, sections 601 through 608 of the federal Employee Retirement Income Security Act of 1974, sections 2201 through 2208 of the federal Public Health Service Act, or any state-required continued group coverage. For purposes of this subsection, an individual who would have been eligible for such continuation of coverage, but is not eligible solely because the individual or other responsible party failed to make the required coverage election during the applicable time period, is deemed to be eligible for such group coverage until the date on which the individual's continuing group coverage would have expired had an election been made.

2. A carrier or an organized delivery system shall issue the basic or standard health benefit plan to an individual currently covered by an underwritten benefit plan issued by that carrier or an organized delivery system at the option of the individual. This option must be exercised within sixty-three days of notification of a premium rate increase applicable to the underwritten benefit plan.

3. *a.* A carrier shall file with the commissioner, in a form and manner prescribed by the commissioner, the basic or standard health benefit plan. A basic or standard health benefit plan filed pursuant to this paragraph may be used by a carrier beginning thirty days after it is filed unless the commissioner disapproves of its use.

The commissioner may at any time, after providing notice and an opportunity for a hearing to the carrier, disapprove the continued use by a carrier of a basic or standard health benefit plan on the grounds that the plan does not meet the requirements of this chapter.

*b.* An organized delivery system shall file with the director, in a form and manner prescribed by the director, the basic or standard health benefit plan to be used by the organized delivery system. A basic or standard health benefit plan filed pursuant to this paragraph may be used by the organized delivery system beginning thirty days after it is filed unless the director disapproves of its use.

The director may at any time, after providing notice and an opportunity for a hearing to the organized delivery system, disapprove the continued use by an organized delivery system of a basic or standard health benefit plan on the grounds that the plan does not meet the requirements of this chapter.

4. *a.* The individual basic or standard health benefit plan shall not deny, exclude, or limit benefits for a covered individual for losses incurred more than twelve months following the effective date of the individual's coverage due to a preexisting condition. A preexisting condition shall not be defined more restrictively than any of the following:

(1) A condition that would cause an ordinarily prudent person to seek medical advice, diagnosis, care, or treatment during the twelve months immediately preceding the effective date of coverage.

(2) A condition for which medical advice, diagnosis, care, or treatment was recommended or received during the twelve months immediately preceding the effective date of coverage.

(3) A pregnancy existing on the effective date of coverage.

*b.* A carrier or an organized delivery system shall waive any time period applicable to a preexisting condition exclusion or limitation period with respect to particular services in an individual health benefit plan for the period of time an individual was previously covered by qualifying previous coverage that provided benefits with respect to such services, provided that the qualifying previous coverage was continuous to a date not more than sixty-three days prior to the effective date of the new coverage. For purposes of this section, periods of coverage under medical assistance provided pursuant to chapter 249A or 514I, or Medicare coverage provided pursuant to Title XVIII of the federal Social Security Act shall not be counted

with respect to the sixty-three-day requirement.

5. A carrier or an organized delivery system is not required to offer coverage or accept applications pursuant to subsection 1 from any individual not residing in the carrier's or the organized delivery system's established geographic access area.

6. A carrier or an organized delivery system shall not modify a basic or standard health benefit plan with respect to an individual or dependent through riders, endorsements, or other means to restrict or exclude coverage for certain diseases or medical conditions otherwise covered by the health benefit plan.

2003 Acts, ch 91, §24  
Subsection 4, paragraph b amended

### **513C.10 Iowa individual health benefit reinsurance association.**

1. The Iowa individual health benefit reinsurance association is established as a nonprofit corporation.

*a.* All persons that provide health benefit plans in this state including insurers providing accident and sickness insurance under chapter 509, 514, or 514A, whether on an individual or group basis; fraternal benefit societies providing hospital, medical, or nursing benefits under chapter 512B; and health maintenance organizations, organized delivery systems, and all other entities providing health insurance or health benefits subject to state insurance regulation shall be members of the association.

*b.* The association shall be incorporated under chapter 504A, shall operate under a plan of operation established and approved pursuant to chapter 504A, and shall exercise its powers through the board of directors established under chapter 514E.

2. Rates for basic and standard coverages as provided in this chapter shall be determined by each carrier or organized delivery system as the product of a basic and standard factor and the lowest rate available for issuance by that carrier or organized delivery system adjusted for rating characteristics and benefits. Basic and standard factors shall be established annually by the Iowa comprehensive health insurance association board with the approval of the commissioner. Multiple basic and standard factors for a distinct grouping of basic and standard policies may be established. A basic and standard factor is limited to a minimum value defined as the ratio of the average of the lowest rate available for issuance and the maximum rate allowable by law divided by the lowest rate available for issuance. A basic and standard factor is limited to a maximum value defined as the ratio of the maximum rate allowable by law divided by the lowest rate available for issuance. The maximum rate allowable by law and the lowest rate available for issuance is determined based on the rate restrictions under this

chapter. For policies written after January 1, 2002, rates for the basic and standard coverages as provided in this chapter shall be calculated using the basic and standard factors and shall be no lower than the maximum rate allowable by law. However, to maintain assessable loss assessments at or below one percent of total health insurance premiums or payments as determined in accordance with subsection 6, the Iowa comprehensive health insurance association board with the approval of the commissioner may increase the value for any basic and standard factor greater than the maximum value.

The Iowa individual health benefit reinsurance association may, with the approval of the commissioner, increase cost sharing provisions including, but not limited to, basic and standard plan deductibles, coinsurance, or copayments.

3. Following the close of each calendar year, the association, in conjunction with the commissioner, shall require each carrier or organized delivery system to report the amount of earned premiums and the associated paid losses for all basic and standard plans issued by the carrier or organized delivery system. The reporting of these amounts must be certified by an officer of the carrier or organized delivery system.

4. The board shall develop procedures and make assessments and distributions as required to equalize the individual carrier and organized delivery system gains or losses so that each carrier or organized delivery system receives the same ratio of paid claims to ninety percent of earned premiums as the aggregate of all basic and standard plans insured by all carriers and organized delivery systems in the state.

5. If the statewide aggregate ratio of paid claims to ninety percent of earned premiums is greater than one, the dollar difference between ninety percent of earned premiums and the paid claims shall represent an assessable loss.

6. The assessable loss plus necessary operating expenses for the association, plus any additional expenses as provided by law, shall be assessed by the association to all members in proportion to their respective shares of total health insurance premiums or payments for subscriber contracts received in Iowa during the second preceding calendar year, or with paid losses in the year, coinciding with or ending during the calendar year, or on any other equitable basis as provided in the plan of operation. In sharing losses, the association may abate or defer any part of the assessment of a member, if, in the opinion of the board, payment of the assessment would endanger the ability of the member to fulfill its contractual obligations. The association may also provide for an initial or interim assessment against the members of the association to meet the operating expenses of the association until the next calendar year is completed. For purposes of this subsection,

“total health insurance premiums” and “payments for subscriber contracts” include, without limitation, premiums or other amounts paid to or received by a member for individual and group health plan care coverage provided under any chapter of the Code or Acts, and “paid losses” includes, without limitation, claims paid by a member operating on a self-funded basis for individual and group health plan care coverage provided under any chapter of the Code or Acts. For purposes of calculating and conducting the assessment, the association shall have the express authority to require members to report on an annual basis each member’s total health insurance premiums and payments for subscriber contracts and paid losses. A member is liable for its share of the assessment calculated in accordance with this section regardless of whether it participates in the individual insurance market.

7. The board shall develop procedures for distributing the assessable loss assessments to each carrier and organized delivery system in proportion to the carrier’s and organized delivery system’s respective share of premium for basic and standard plans to the statewide total premium for all basic and standard plans.

8. The board shall ensure that procedures for collecting and distributing assessments are as efficient as possible for carriers and organized delivery systems. The board may establish procedures which combine, or offset, the assessment from, and the distribution due to, a carrier or organized delivery system.

9. A carrier or an organized delivery system may petition the association board to seek remedy from writing a significantly disproportionate share of basic and standard policies in relation to total premiums written in this state for health benefit plans. Upon a finding that a carrier or organized delivery system has written a disproportionate share, the board may agree to compensate the carrier or organized delivery system either by paying to the carrier or organized delivery system an additional fee not to exceed two percent of earned premiums from basic and standard policies for that carrier or organized delivery system or by petitioning the commissioner or director, as appropriate, for remedy.

10. *a.* The commissioner, upon a finding that the acceptance of the offer of basic and standard coverage by individuals pursuant to this chapter would place the carrier in a financially impaired condition, shall not require the carrier to offer coverage or accept applications for any period of time the financial impairment is deemed to exist.

*b.* The director, upon a finding that the acceptance of the offer of basic and standard coverage by individuals pursuant to this chapter would place the organized delivery system in a financially impaired condition, shall not require the organized delivery system to offer coverage or accept applica-

tions for any period of time the financial impairment is deemed to exist.

The association shall assure that health insurance, as limited by sections 514E.4 and 514E.5, is made available to each eligible Iowa resident and each federally eligible individual applying to the association for coverage. The association shall also be responsible for administering the Iowa individual health benefit reinsurance association pursuant to all of the terms and conditions contained in chapter 513C.

*a.* All carriers as defined in section 514E.1, subsection 3, and all organized delivery systems licensed by the director of public health providing health insurance or health care services in Iowa shall be members of the association.

*b.* The association shall operate under a plan of operation established and approved under subsection 3 and shall exercise its powers through a board of directors established under this section.

2. The board of directors of the association shall consist of all of the following:

c. Two members selected by the members of the association, one of whom shall be a representative from a corporation operating pursuant to chapter 514 on July 1, 1989, or any successor in interest, and one of whom shall be a representative of an organized delivery system or an insurer providing coverage pursuant to chapter 509 or 514A.

Members of the board may be reimbursed from the moneys of the association for expenses incurred by them as members, but shall not be otherwise compensated by the association for their services.

3. The association shall submit to the commissioner a plan of operation for the association and any amendments necessary or suitable to assure the fair, reasonable, and equitable administration of the association. The plan of operation becomes effective upon approval in writing by the commissioner prior to the date on which the coverage under this chapter must be made available. After notice and hearing, the commissioner shall approve the plan of operation if the plan is determined to be suitable to assure the fair, reasonable, and equitable administration of the association, and provides for the sharing of association losses, if any, on an equitable and proportionate basis among the member carriers. If the association fails to submit a suitable plan of operation within one hundred eighty days after the appointment of the board of directors, or if at any later time the association fails to submit suitable amendments to the plan, the commissioner shall adopt, pursuant to chapter 17A, rules necessary to implement this section. The rules shall continue in force until modified by the commissioner or superseded by a plan submitted by the association and approved by the commissioner. In addition to other requirements, the plan of operation shall provide for all of the following:

a. The handling and accounting of assets and moneys of the association.

b. The amount and method of reimbursing

members of the board.

c. Regular times and places for meeting of the board of directors.

d. Records to be kept of all financial transactions, and the annual fiscal reporting to the commissioner.

e. Procedures for selecting the board of directors and submitting the selections to the commissioner for approval.

f. The periodic advertising of the general availability of health insurance coverage from the association.

g. Additional provisions necessary or proper for the execution of the powers and duties of the association.

4. The plan of operation may provide that the powers and duties of the association may be delegated to a person who will perform functions similar to those of the association. A delegation under this section takes effect only upon the approval of both the board of directors and the commissioner. The commissioner shall not approve a delegation unless the protections afforded to the insured are substantially equivalent to or greater than those provided under this chapter.

5. The association has the general powers and authority enumerated by this subsection and executed in accordance with the plan of operation approved by the commissioner under subsection 3. g. Issue association policies on an indemnity or provision of service basis providing the coverage required by this chapter.

h. Administer separate pools, separate accounts, or other plans or arrangements considered appropriate for separate members or groups of members.

*k.* Hire independent consultants as necessary.

*l.* Develop a method of advising applicants of the availability of other coverages outside the association, and shall promulgate a list of health conditions the existence of which would make an applicant eligible without demonstrating a rejection of coverage by one carrier.

*m.* Include in its policies a provision providing for subrogation rights by the association in a case in which the association pays expenses on behalf of an individual who is injured or suffers a disease under circumstances creating a liability upon another person to pay damages to the extent of the expenses paid by the association but only to the extent the damages exceed the policy deductible and coinsurance amounts paid by the insured. The association may waive its subrogation rights if it determines that the exercise of the rights would be impractical, uneconomical, or would work a hardship on the insured.

6. Rates for coverages issued by the association shall not be unreasonable in relation to the benefits provided, the risk experience, and the reasonable expenses of providing coverage. Separate scales of rates based on age may apply for individual risks. Rates must take into consideration the extra morbidity and administration expenses, if any, for risks insured in the association. The rates for a given classification shall not be more than one hundred fifty percent of the average premium or payment rate for that classification charged by the five carriers with the largest health insurance premium or payment volume in the state during the preceding calendar year. In determining the average rate of the five largest carriers, the rates or payments charged by the carriers shall be actuarially adjusted to determine the rate or payment that would have been charged for benefits similar to those issued by the association.

7. Following the close of each calendar year, the association shall determine the net premiums and payments, the expenses of administration, and the incurred losses of the association for the year. The association shall certify the amount of any net loss for the preceding calendar year to the commissioner of insurance and director of revenue. Any loss shall be assessed by the association to all members in proportion to their respective shares of total health insurance premiums or payments for subscriber contracts received in Iowa

during the second preceding calendar year, or with paid losses in the year, coinciding with or ending during the calendar year or on any other equitable basis as provided in the plan of operation. In sharing losses, the association may abate or defer in any part the assessment of a member, if, in the opinion of the board, payment of the assessment would endanger the ability of the member to fulfill its contractual obligations. The association may also provide for an initial or interim assessment against members of the association if necessary to assure the financial capability of the association to meet the incurred or estimated claims expenses or operating expenses of the association until the next calendar year is completed. Net gains, if any, must be held at interest to offset future losses or allocated to reduce future premiums.

8. The association shall conduct periodic audits to assure the general accuracy of the financial data submitted to the association, and the association shall have an annual audit of its operations, made by an independent certified public accountant.

9. The association is subject to examination by the commissioner of insurance. Not later than April 30 of each year, the board of directors shall submit to the commissioner a financial report for the preceding calendar year in a form approved by the commissioner.

10. The association is subject to oversight by the legislative fiscal committee of the legislative council. Not later than April 30 of each year, the board of directors shall submit to the legislative fiscal committee a financial report for the preceding year in a form approved by the committee.

11. All policy forms issued by the association must be filed with and approved by the commissioner before their use.

12. The association is exempt from payment of all fees and all taxes levied by this state or any of its political subdivisions.

13. A member who, after July 1, 1986, has paid one or more assessments levied under this chapter may take a credit against the premium taxes, or similar taxes, upon revenues or income of the member that are imposed by the state on health insurance premiums pursuant to chapter 432 or payments subject to taxation under section 514B.31, up to the amount of twenty percent of those taxes due, for each of the five calendar years following the year for which an assessment was paid, or until the aggregate of those assessments has been offset by credits against those taxes if this occurs first. If a member ceases doing business, all uncredited assessments may be credited against its premium tax liability for the year it ceases doing business.

1. The carrier or organized delivery system, within three business days of a receipt of an eligible request for an external review from the commissioner, or within three business days of receipt of the commissioner's denial of the carrier's or organized delivery system's contest of the certification of the request under section 514J.5, subsection 3, whichever is later, shall do all of the following:

*a.* Select an independent review entity from the list certified by the commissioner. The independent review entity shall be an expert in the treatment of the medical condition under review.

2. The independent review entity, within three business days of receipt of the notice, shall select a person to perform the external review and shall provide notice to the enrollee and the carrier containing a brief description of the person including the reasons the person selected is an expert in the treatment of the medical condition under review. The independent review entity does not need to disclose the name of the person. A copy of the notice shall be sent by facsimile to the commissioner. If the independent review entity does not have a person who is an expert in the treatment of the medical condition under review and certified by the commissioner to conduct an independent review, the independent review entity may either decline the review request or may request from the commissioner additional time to have such an expert certified. The commissioner shall provide a notice to the enrollee and carrier or organized delivery system of the independent review entity's decision and of the commissioner's decision as to how to proceed with the external review process within three business days of receipt of the independent review entity's decision.

3. The enrollee, or the enrollee's treating health care provider acting on behalf of the enrollee, may object to the independent review entity selected by the carrier or organized delivery system or to the person selected as the reviewer by the independent review entity by notifying the commissioner and carrier or organized delivery system within ten days of the mailing of the notice by the independent review entity. The commissioner shall have two business days from receipt of the objection to consider the reasons set forth in support of the objection to approve or deny the objection, to select an independent review entity if necessary, and to provide notice of the commissioner's decision to the enrollee, the enrollee's treating health care provider, and the carrier or organized delivery system.

5. The enrollee, or the enrollee's treating health care provider, may provide to the independent review entity any information submitted under any internal appeal mechanisms provided under the carrier's or organized delivery system's evidence of coverage, and other newly discovered relevant information. The enrollee shall have ten business days from the mailing date of the notification of the person selected as the reviewer by the independent review entity to provide this information. The independent review entity may reasonably decide whether to consider any information provided by the enrollee or the enrollee's treating health care provider after the ten-day period.

6. The independent review entity shall notify the enrollee and the enrollee's treating health care provider of any additional medical information required to conduct the review within five business days of receipt of the documentation required under subsection 4. The independent review entity shall notify the commissioner and the carrier or organized delivery system of this request.

7. The independent review entity shall submit its external review decision as soon as possible, but not later than thirty days from the date the independent review entity received the information required under subsection 4 from the carrier or organized delivery system. The independent review entity, for good cause, may request an extension of time from the commissioner. The independent review entity's external review decision shall be mailed to the enrollee or the treating health care provider acting on behalf of the enrollee, the carrier or organized delivery system, and the commissioner.

8. The confidentiality of any medical records submitted shall be maintained pursuant to applicable state and federal laws. Other than the sharing of information required by this chapter and the rules adopted pursuant to this chapter, the commissioner shall keep confidential the information obtained in the external review process pursuant

2. The enrollee or the enrollee's treating health care provider acting on behalf of the enrollee may appeal the review decision by the independent review entity conducting the review by filing a petition for judicial review either in Polk county district court or in the district court in the county in which the enrollee resides. The petition for judicial review must be filed within fifteen business days after the issuance of the review decision. The petition shall name the enrollee or the enrollee's

treating health care provider as the petitioner. The respondent shall be the carrier or the organized delivery system. The petition shall not name the independent review entity as a party. 3. The carrier or organized delivery system shall follow and comply with the review decision of the independent review entity conducting the review, or the decision of the court on appeal. The carrier or organized delivery system and the enrollee's treating health care provider shall not be subject to any penalties, sanctions, or award of damages for following and complying in good faith with the review decision of the independent review entity conducting the review or decision of the court on appeal.

## CHAPTER 515

### INSURANCE OTHER THAN LIFE

#### **515.35 Investments.**

1. *General considerations.* The following considerations apply in the interpretation of this section:

*a.* This section applies to the investments of insurance companies other than life insurance companies.

*b.* The purpose of this section is to protect and further the interests of policyholders, claimants, creditors, and the public by providing standards for the development and administration of programs for the investment of the assets of companies organized under this chapter. These standards, and the investment programs developed by companies, shall take into account the safety of the company's principal, investment yield and growth, stability in the value of the investment, and liquidity necessary to meet the company's expected business needs, and investment diversification.

*c.* Financial terms relating to insurance companies have the meanings assigned to them under statutory accounting methods. Financial terms relating to companies other than insurance companies have the meanings assigned to them under generally accepted accounting principles.

*d.* Investments shall be valued in accordance with the valuation procedures established by the national association of insurance commissioners, unless the commissioner requires or finds another method of valuation reasonable under the circumstances.

*e.* If an investment qualifies under more than one subsection, a company may elect to hold the investment under the subsection of its choice. This section does not prevent a company from electing to hold an investment under a subsection different from the one under which it previously held the investment.

2. *Definitions.* For purposes of this section:

a. “Admitted assets”, for purposes of computing percentage limitations on particular types of investments, means the assets which are authorized to be shown on the national association of insurance commissioner’s annual statement blank as admitted assets as of the December 31 immediately preceding the date the company acquires the investment.

b. “Clearing corporation” means as defined in section 554.8102.

c. “Custodian bank” means a bank or trust company that is supervised and examined by state or federal authority having supervision over banks and is acting as custodian for a clearing corporation.

d. “Issuer” means as defined in section 554.8201.

e. “Member bank” means a national bank, state bank, or trust company which is a member of the United States federal reserve system.

f. “National securities exchange” means an exchange registered under section 6 of the Securities Exchange Act of 1934 or an exchange regulated under the laws of the Dominion of Canada.

g. “Obligations” includes bonds, notes, debentures, transportation equipment certificates, domestic repurchase agreements, and obligations for the payment of money not in default as to payments of principal and interest on the date of investment, which constitute general obligations of the issuer or payable only out of certain revenues or certain funds pledged or otherwise dedicated for payment of principal and interest on the obligations. A lease is an obligation if the lease is assigned to the insurer and is nonterminable by the lessee upon foreclosure of any lien upon the leased property, and if rental payments are sufficient to amortize the investment over the primary lease term.

### 3. Investments in name of company or nominee and prohibitions.

a. A company’s investments shall be held in its own name or the name of its nominee, except as follows:

(1) Investments may be held in the name of a clearing corporation or of a custodian bank or in the name of the nominee of either on the following conditions:

(a) The clearing corporation, custodian bank, or nominee must be legally authorized to hold the particular investment for the account of others.

(b) When the investment is evidenced by a certificate and held in the name of a custodian bank or the nominee of a custodian bank, a written agreement shall provide that certificates so deposited shall at all times be kept separate and apart from other deposits with the depository, so that at all times they may be identified as belonging solely to the company making the deposit.

(c) If a clearing corporation is to act as depository, the investment may be merged or held in bulk in the name of the clearing corporation or its nomi-

nee with other investments deposited with the clearing corporation by any other person, if a written agreement between the clearing corporation and the company provides that adequate evidence of the deposit is to be obtained and retained by the company or a custodian bank.

(2) A company may loan stocks or obligations held by it under this chapter to a broker-dealer registered under the Securities Exchange Act of 1934 or a member bank. The loan must be evidenced by a written agreement which provides all of the following:

(a) That the loan will be fully collateralized by cash, cash equivalents, or obligations issued or guaranteed by the United States or an agency or an instrumentality of the United States, and that the collateral will be adjusted as necessary each business day during the term of the loan to maintain the required collateralization in the event of market value changes in the loaned securities or collateral.

If the loan is fully collateralized by cash, the reinvestment of the cash may be made in either individual securities or a pooled fund comprised of individual securities. If such reinvestment is made in individual securities, such securities must mature in less than ninety days. If such reinvestment is made in a pooled fund, the average maturity of the securities comprising such pooled fund must be less than ninety days. Individual securities and securities comprising the pooled fund shall be investment grade.

(b) That the loan may be terminated by the company at any time, and that the borrower will return the loaned stocks or obligations or equivalent stocks or obligations within five business days after termination.

(c) That the company has the right to retain the collateral or use the collateral to purchase investments equivalent to the loaned securities if the borrower defaults under the terms of the agreement, and that the borrower remains liable for any losses and expenses incurred by the company due to default that are not covered by the collateral.

(3) A company may participate through a member bank in the United States federal reserve book-entry system, and the records of the member bank shall at all times show that the investments are held for the company or for specific accounts of the company.

(4) An investment may consist of an individual interest in a pool of obligations or a fractional interest in a single obligation if the certificate of participation or interest or the confirmation of participation or interest in the investment is issued in the name of the company or the name of the custodian bank or the nominee of either and if the interest as evidenced by the certificate or confirmation is, if held by a custodian bank, kept separate and apart from the investments of others so that at all times the participation may be identified as

belonging solely to the company making the investment.

(5) Transfers of ownership of investments held as described in paragraph "a", subparagraph (1), subparagraph subdivision (c), and subparagraphs (3) and (4) may be evidenced by bookkeeping entry on the books of the issuer of the investment, its transfer or recording agent, or the clearing corporation without physical delivery of certificate, if any, evidencing the company's investment.

b. Except as provided in paragraph "a", subparagraph (5), if an investment is not evidenced by a certificate, adequate evidence of the company's investment shall be obtained from the issuer or its transfer or recording agent and retained by the company, a custodian bank, or clearing corporation. Adequate evidence, for purposes of this paragraph, means a written receipt or other verification issued by the depository or issuer or a custodian bank which shows that the investment is held for the company.

4. *Investments.* Except as otherwise permitted by this section, a company organized under this chapter may invest in the following and no other:

a. *United States government obligations.* Obligations issued or guaranteed by the United States or an agency or instrumentality of the United States.

b. *Certain development bank obligations.* Obligations issued or guaranteed by the international bank for reconstruction and development, the Asian development bank, the inter-American development bank, the export-import bank, the world bank, or any United States government-sponsored organization of which the United States is a member, if the principal and interest is payable in United States dollars. A company shall not invest more than five percent of its total admitted assets in the obligations of any one of these banks or organizations, and shall not invest more than a total of ten percent of its total admitted assets in the obligations authorized by this paragraph.

c. *State obligations.* Obligations issued or guaranteed by a state of the United States, or a political subdivision of a state, or an instrumentality of a state or political subdivision of a state.

d. *Canadian government obligations.* Obligations issued or guaranteed by the Dominion of Canada, or by an agency or province of Canada, or by a political subdivision of a province, or by an instrumentality of any of those provinces or political subdivisions.
